1.5-Cent Gas Tax Hike Goes Into Effect in State

Ford Reported Set to Bargain on Annual Wage

Company Bid Rumored as Midnight Deadline Draws Near

DETROIT (AP) — The CIO United Auto Workers Union today extended its contract with the Ford Motor Co. from midnight tonight to next Monday morning to provide more time for further negotiations.

DETROIT (AP)—The Ford Motor Co. was reported today to have indicated willingness to bargain on a union-demanded guaranteed annual wage in an 11th-hour bid to avert a possible strike at midnight tonight.

John S. Bugas, Ford's vice president for industrial relations, refused comment on the rumors as he entered crucial negotiations with a walkout of Ford's 140,000 employes hanging in the balance.

The session was delayed an hour when the CIO United Auto Workers asked for more time to consider reported new concessions offered by Ford.

"I'd rather not comment," Bugas replied when asked about the reports that Ford had broken the heretofore solid auto industry stand against UAW president Walter P. Reuther's year-round pay plan.

Ford and the UAW kept mum officially on what was going on inside the negotiations under a 24-hour "moratorium" against any statements. Bugas said this agreement might or might not be extended.

Bugas added that he felt negotiations would extend through most of the day. The guaranteed wage issue was the main stumbling block.

In a statement issued in Washington last night, the CIO International Union of Electrical Workers said its 30,000 members at General Motors are prepared to strike with the auto workers.

In Chicago, a walkout began today at a Ford assembly plant.

GOP Solons Booming Cobo for Governor

LANSING (AP)—A group of Republican senators, saying they represented a majority of the Republican Senate bloc, today started a boom to draft Mayor Albert E. Cobo of Detroit for the governorship on their ticket.

The group invited legislators to a luncheon in honor of Cobo at the Fort Shelby hotel in Detroit June 9 at 12:30 p.m. The invitation was made at a closed meeting of all Republicans in the Senate.

Oakland County to Get Another Circuit Judge

Oakland County will have a fourth circuit judge appointed by Gov. G. Mennen Williams to begin serving Jan. 1, 1956.

The bill, introduced by Sen. William S. Broomfield (R-Royal Oak), passed the State Senate yesterday by a 26 to 1 vote, with only Sen. Lewis Christman (R-Ann Arbor) opposed.

The move broke a week-long deadlock during which several senators insisted the new judge should wait to be elected in November 1956. The House previously had passed the bill calling for an appointment.

Pontiac attorneys Clark J. Adams and William John Beer are considered leading candidates for the appointment. Adams is a former State Supreme Court justice. Beer led the non-incumbents in total votes at the last circuit-judge election here when incumbents were re-elected.

Senate Republicans had fought against permitting Williams, a Democrat, to appoint a judge until one could be elected to the post in November 1956. Objectors said they expected Williams would name a Democrat and pointed out that an incumbent usually has an edge in the balloting.

DROPPED OBJECTIONS

Sen. Carlton R. Morris (R-Kalamazoo), one of the Senate conferees who negotiated differences with House members, said the Senate dropped its objections "because of the pressing problem in Oakland County.

"But we want it understood that we still prefer elections to appointments whenever possible," he stated.

Broomfield maintained throughout that the "terrific" case load required an appointment "to get the new judge on the bench as soon as possible."

The Oakland County Bar Assn. revealed a study last January which showed during 1953 each present judge tried or disposed of an average 623 cases and petitions plus miscellaneous matters averaging 1,960.

Despite the "best efforts" of the judges, the group declared, there were then about 1,000 cases on the docket awaiting trial. The county's third judge was authorized in 1927. Since then county population has increased 180 per cent, the bar association pointed out.

Supervisor Bill Nears Passage

Awaits Only Approval of Senate Amendment to Take Effect

A bill which will reduce the number of city members on the Oakland County Board of Supervisors awaits only approval of a Senate amendment before taking immediate effect.

"Both the Senate and House have approved the measure as it applies to Oakland County and the final amendment concerning Wayne County will be agreed to soon," said Sen. William S. Broomfield (R-Royal Oak) who sponsored the bill.

A joint committee of Oakland city and township supervisors devised the plan to prevent a more drastic cut in city membership threatened under the old set up.

The old system would have reduced city representation by 60 per cent when their number on the board reached 75. The new set up will leave township supervisors at their present 25 strength and cut city members by about a third.

REACHED AGREEMENT

Before advancing the plan, the Oakland supervisors reached general agreement that their group was becoming too large for maximum efficiency.

She Said Swing, He Threw Left, She Failed Judo

EL CENTRO, Calif. (AP) — Mrs. Ruby Solomon, feeling pretty confident after a session of judo instruction with the sheriff's womens reserve, went home yesterday and told her husband Ben:

"Swing at me."

Mrs. Solomon raised her left hand to ward off the blow, just as the judo teacher had indicated. Ben caught her with a haymaker and she realized she had forgotten one thing—Ben is a southpaw.

Use Plane to Find Drowning Victim

An airplane has been brought into use today in an effort to recover the body of Verle Young, 42, who reportedly drowned in Lake Orion Saturday.

Dragging operations, conducted by Oakland County sheriff's deputies, have proved unsuccessful after four days. The body was believed down in more than 60 feet of water.

Young's companion, Lloyd Melton, 45, of Lake Orion, said the victim, also of Lake Orion, jumped from their boat near Bellview Island.

British Strikes Threaten Many With Job Loss

Government Hopes to Marshal Motor Fleet for Vital Services

LONDON (AP) — Widespread unemployment within 48 hours threatened Britain today as the nationwide railroad strike went into its fourth day.

Armed with "state of emergency" powers proclaimed last night, Prime Minister Eden's newly re-elected Conservative government hoped to marshal a great fleet of trucks, buses and private cars to move goods and workers for essential services.

But this promised little or no help to the nation's huge industrial plant, confronted by dwindling supplies of raw materials for lack of trains to replenish them and mounting piles of finished products that could not be hauled away. Some plants already were sending workers home.

The nation's vital export drive, already hit by a stubborn 10-day-old dock strike, faced a crippling slowdown whose effects might last for months.

The 70,000 members of the striking Associated Society of Locomotive Engineers and Firemen stood pat on their demand for a $1.12 raise in their present base weekly pay of $27.30.

MANAGERS FIRM

Fearful of setting off a new spiral of wage and cost rises, the managers of the state-owned railways refused to go above 70 cents a week for crews on main line trains and 35 cents for the others.

An almost solid front of public and trade union hostility lined up against the striking railmen.

The emergency regulations permit use of troops as train crews to break the strike, but this appeared unlikely because few soldiers are qualified as locomotive crewmen.

Because Parliament must approve the emergency regulations "as soon as possible," Eden moved up the convening of the new House of Commons for business to June 9, five days earlier than scheduled.

Bob Bislinghoff Upsets Britisher

Walker Cupper Bruce Cudd Also Gains 4th Round of Tourney

ST. ANNES, England (AP) — Bob Bislinghoff, a big youngster from Orlando, Fla., upset Ian Caldwell, English Walker Cup star, 5 and 3, in a 3rd round match in the British Amateur golf championship today.

The 20-year-old Bislinghoff, playing in his 1st British Amateur, was the 4th American to enter the fourth round of the tournament.

Earlier Dale Morey of Indianapolis, member of the American Walker Cup team, and 39-year-old Jimmy McHale, former Walker cupper from Wynnewood, Pa., had won their 3rd round matches.

Another member of the U. S. Walker Cup team made the fourth round when Bruce Cudd, 21-year-old college student from Portland, Ore., defeated Harley J. Roberts of England, 3 and 2.

Cudd took the lead by sinking a 12-foot putt for a par four on the second hole and he never lost it although both players scrambled around the tight course.

Bislinghoff, played his iron shots beautifully over a one-over par on the front nine and turned five up. Par for the 6,657-yard Royal Lytham and St. Annes course is 35-36—71 and Bislinghoff was three over for the 15 holes of the match.

The Floridan three-putted the first green but still managed a half. He didn't lose a hole until the 12th. Caldwell also won the 13th, but at the 15th he put his third shot into a bunker and conceded the hole and the match.

United Fund Officials Plan Meeting

SESSION SET TONIGHT — More than 40 local persons will meet tonight at the Hotel Waldron to organize for a series of meetings this month which will largely determine next fall's Pontiac Area United Fund goal. Shown planning the meeting are (left to right) William B. Hartman, UF president; Robert M. Glenn, Budget Steering Committee chairman and Robert M. Critchfield, who will head the coming campaign. The group will prepare tonight to study budget requests from the various community-service agencies included in the drive.

None Needs Pay New Apple Tax Passed by House

LANSING (AP) — The House last night passed a tax that nobody has to pay.

In a unique move, the lower chamber passed a bill increasing the state apple tax from one to two cents a bushel. But under a House amendment, apple growers who don't like the tax won't have to pay it.

"This feature has worked with the cherry tax," said Rep. Edson V. Root (R-Bangor.) "Only about 10 per cent of the cherry growers refuse to pay the tax."

The apple levy is used to advertise Michigan apples throughout the nation. Root said the revised tax would increase the amount available for this purpose from $50,000 to $125,000 annually.

The bill now goes back to the Senate for action on House amendments.

Weather Outlook Is Pleasant Here

Weather outlook for the Pontiac area is pleasant today and Thursday, according to the U.S. Weather Bureau.

A high of about 75-78 is expected today, with the mercury dropping to about 56 tonight. Tomorrow, temperatures will reach 80 degrees, the forecast says.

Yesterday, a high of 72 was reached in downtown Pontiac. This morning's low, before 8 o'clock, was 50 degrees, with the mercury mounting to 76 by 2 p.m.

U. S. Civilians in Bonn Are Now on Their Own

FRANKFURT, Germany (AP)—The U.S. Army today took away the cheap housing, cigarettes, gasoline and other logistic support it had been furnishing hundreds of American civilians in West Germany.

The action was the result of the return of sovereignty last month to West Germany. Americans employed by the Army and those living in Berlin—still under three-power Allied occupation—were not affected.

Americans living in Germany also are subject now to German laws and income taxes.

Freed Fliers Near Hawaii; to Meet Families Thursday

HONOLULU (AP)—Four U. S. fighter pilots newly freed from Chinese Red captivity were winging today toward a rendezvous in Hawaii with exhuberant relatives. They were due to land this afternoon. The airmen, released yesterday near Hong Kong after more than two years in Communist China, were shot down in the Korean War. They are Capt. Harold Fischer Jr., 28, Swea City, Iowa; Lt. Lyle Cameron, Lincoln, Neb.; Lt. Col. Edwin Heller, 36, Wynnewood, Pa.; and Lt. Roland W. Parks, 24, Omaha.

The Air Force was flying nine relatives to Hawaii but they were not scheduled to arrive until tomorrow.

The fliers hailed their freedom yesterday at Hong Kong with a shouted "It's wonderful," and climbed aboard Gen. Douglas MacArthur's former personal plane, Bataan.

They switched to Western-style meals — after more than two years of Chinese food — with zest. The Bataan is equipped with cooking facilities. Thick steaks were aboard.

The Bataan set down on Guam before dawn. The airmen rested two hours at Andersen Air Force Base, then pitched into a meal of fresh fruits, scrambled eggs, toast with marmalade, milk and coffee.

More fresh food was put aboard at Guam and the plane left for Wake.

The spokesman said there would be no formal interviews on arrival at Hickam but a news conference would be held tonight with "no strings attached."

The Air Force plane which is bringing the relatives to Hawaii will take the airmen and relatives to the mainland.

The four were captured between September 1952 and January 1953.

See Senate OK for Postal Pay

New Bill Would Meet Ike's Outline; Includes 8 Per Cent Boost

WASHINGTON (AP) — A new postal pay bill headed toward almost certain Senate passage today.

It is designed to meet President Eisenhower's objections to an earlier bill which he vetoed and which died when a Democratic move to override the veto was defeated in the Senate.

The new bill, sponsored by Chairman Olin D. Johnston (D-SC) of the Senate Post Office and Civil Service Committee, calls for pay boosts averaging about 8 per cent for the 500,000 postal employes.

It carries a raise of at least 6 per cent for all of the workers, plus reclassification features which mean considerably higher increases for those in upper brackets.

Sen. Carlson (R-Kan), senior Republican on the committee, said he thinks the measure meets Eisenhower's objections to the previous bill which carried increases averaging 8.6 per cent, with a 7 per cent floor and with fringe benefits boosting the over-all increase to 8.8 per cent.

Eisenhower said the increase was too great, and that proposed reclassification provisions did not remove inequities in pay scales.

The vetoed bill would have cost about 179 million dollars a year, as compared with 164 million in the new measure. Present pay scales were fixed in 1951.

Governor OKs Bill to Finance Arterial Roads

New Levy to Provide $35 Million Per Year for Highways

LANSING (AP) — A 1-and-½-cent-a-gallon gasoline tax increase went into effect in Michigan today to finance a 35 million dollar annual highway expansion program.

Gov. Williams signed the bill at 11:59 p.m. yesterday after the House had backed down from its previous refusal to give immediate effect to the program.

Williams rushed signing the bill, after printers worked late to give him the official document, in order that the Department of State could include the entire month of June in the new tax.

This was considered administratively important because gasoline wholesalers audit their inventories on the first of each month.

A petroleum industry spokesman said he assumed that retail dealers would begin charging the new price at once.

In Pontiac, most dealers began charging the 1½ cent gasoline tax this morning. Standard Oil Co., however, said it would not add the tax until so instructed by company headquarters.

The tax rise follows on the heels of a recent statewide increase in gas prices imposed by oil companies.

WILLIAMS PLEASED

Gov. Williams said, "At last Michigan is on its way to a modern highway program. At last the people who pay the highway taxes are going to get the roads they pay for.

"The money will not be scattered around in bits and snatches, but will be put into the major traffic arteries which carry Michigan's economic bloodstream."

Before the House pushed through immediate effect yesterday by an 87-13 vote, the bill would not have taken effect until mid-October. The Senate had already voted immediate effect.

Besides the 1½-cent-per-gallon gas tax increase, the bill calls for a 10 per cent hike in truck license fees.

Three quarters of the additional money would go to the state for construction of an arterial high-

Life Sentences Given 4 Men

Kidnaping and Rape Convictions Result in Prison Terms

Four men found guilty May 20 of kidnaping and raping a 21-year-old Pontiac mother of three received sentences on both counts yesterday from Oakland County Circuit Judge H. Russel Holland.

The rape conviction brought a life sentence in Jackson state prison and the abduction count 20 to 40 years. The quartet will serve time on both sentences at once.

The four are Oscar Chavers, 26, of Gary, Ind., his brother Richard, 23, of 38 Lake St., Joe Williams Jr., 23, of 38 Lake and Winston Johnson, 25, of 312 Hughes Ave.

Their attorney, William Brustar, of Detroit, told Judge Holland a motion for a new trial would be filed, but did not explain on what grounds.

The men were found guilty by an all-women jury following a nine-day trial.

They were accused of dragging the woman from an auto stuck in mud off South Blvd. last March 6 while her escort was absent summoning aid and criminally assaulting her during an hour-long ride in the area just south of Pontiac. They were arrested at S. Saginaw and Wilson Sts. with the woman still in their car.

The convicted quartet claimed the housewife submitted willingly. Richard Chavers and Winston Johnson left today for Jackson. The other two are scheduled to leave tomorrow.

Water System Eyed by Sylvan

Council to Open Bids for Bonds to Finance Muncipal Project

Whether the city of Sylvan Lake will have a municipal water system in operation by Sept. 1 will be determined tonight when the city council opens bids for purchase of bonds to finance the system.

If the interest rate is considered low enough, the city will sell $225,000 worth of bonds and award contracts for construction of the system, according to City Manager Ernest L. Ethier.

Last week, the council opened seven bids for construction. They ranged from $187,836 to $247,333 and are now being studied by Ethier and other city officials.

Ethier said the system will be in operation by the first of September, providing the contract is let the first part of this month.

Sylvan Lake residents, who now get their water from individual wells, last June voted approval of a municipal system and sale of $225,000 in general obligation and special assessment bonds to finance it.

The city has developed two large-capacity wells to supply the system. One is in Sylvanite Haven Park. The other, just brought in, is located 350 feet from the first.

It must still be approved by the State Health Dept., but Ethier is confident that, like the first, it meets all requirements.

Kidnap Slayers Meek in Livingston Jail

HOWELL (AP)—Two brothers who confessed the shot-in-the-back kidnap-slaying of a Brighton gas station attendant have been "model" prisoners at the Livingston County Jail, an undersheriff reported today.

William Joles, 23, and his brother, Daniel, 18, have been in the Howell jail since they admitted the shooting on May 19 of Lawrence Jackson Jr. of Brighton.

Warrants charging them with first degree murder are being sought by Livingston County Prosecutor W. H. Erwin. Sheriff's officers said the brothers probably would be arranged in justice court Thursday.

"They've been just like two little babies," said Undersheriff Frank Zielgar. "They are pretty broken up, and when they aren't reading they're crying. We've put an extra security check on them, but they haven't given us any trouble at all."

Bicycle Spill Fatal to St. Charles Girl

Wanda Cooper, 10-year-old St. Charles girl, died of a fractured skull suffered when she fell from a bicycle Monday, according to a coroner's report released by Pontiac General Hospital authorities.

The body was taken to the Kendall Funeral Home in St. Charles for services. She died Tuesday morning.

Visiting here with her parents over the holiday weekend, the girl was brought to the hospital by her father, Norris, who said she fell from the bicycle while riding on Winding drive near Elizabeth Lake.

ROK-POW Talks Agreed to by India

NEW DELHI, India (AP)—India will allow South Korean officials to talk with former Korean War prisoners now in India if both the United Nations and Communist commands agree, a government spokesman said today.

He confirmed receipt of a South Korean request to send investigators here to see the former prisoners. The request followed a disclosure that 43 Korean ex-prisoners had written the U.N., asking to be sent to neutral South American countries or to South Korea.

The former prisoners were among 86 who declined to go to either side at the time of the Korean armistice.

Pontiac Deaths

Tommie C. Denton

Tommie Curtis Denton, 58, died in Pontiac General Hospital, Tuesday morning, after five years of illness. He had been hospitalized one day.

Born June 12, 1896, in Scott County, Ind., he was the son of William and Lillie Dickie Denton. He attended schools there, coming to Pontiac in 1928 from Chicago.

Mr. Denton was an employe of the General Motors Truck and Coach Division and belonged to the Loyal Order of Moose.

He is survived by two daughters, Mrs. Margaret McGee of Lake Orion and Mrs. Florence Wallace of Pontiac.

Service will be Thursday at 2 p.m. from Huntoon's Funeral Home, with burial in Perry Mt. Park Cemetery.

Mrs. William Schroeder

Mrs. William (Martha Augusta) Schroeder, 71, of 312 S. Edith St. died yesterday afternoon at Ford Hospital, Detroit. She had been ill six years.

Born Sept. 29, 1883 in Cullman, Ala., she was the daughter of Bernard and Lena Neubauer Helbig and was married there June 16, 1901.

Mrs. Schroeder came to Pontiac in 1924 and was a member of St. Trinity Lutheran Church and the Ladies Aid of her church.

Besides her husband, she is survived by a son, Max of Pontiac; two daughters, Mrs. Edna Maier, Mrs. Alma Allison and six grandchildren, all of Pontiac.

Two sisters, Mrs. Alma Clark of Birmingham, Ala., and Mrs. Emma Wagner of Cullman, also survive.

The funeral will be held Friday at 2 p.m. in the St. Trinity Lutheran Church with the Rev. Ralph Claus, her pastor, officiating. Burial will be in Roseland Park Cemetery. Friends may call at the Huntoon Funeral Home after 7 o'clock tonight.

Schuyler F. VanDeCar

Schuyler F. VanDeCar, 87, of Clawson, died late Tuesday in a Pontiac Hospital, after four days of illness.

Born March 3, 1868 in Watertown, N. Y., the son of Mr. and Mrs. Bennett VanDeCar, he had been a resident of Oakland County for the past 40 years. Mr. VanDeCar was a retired Ford Motor Co. employe.

He is survived by a daughter, Mrs. Theodore McCullough of Pontiac; a sister, Miss Mary VanDeCar of Syracuse, N. Y., and one brother, Nathan, also of Syracuse.

Service will be Saturday, at 1:30 p.m., from the Voorhees-Siple Funeral Home, Pontiac, with the Rev. John W. Mulder of Central Methodist Church officiating. Burial will be in Perry Mt. Park Cemetery.

B47 Crashes, Burns Just After Takeoff

SHREVEPORT, La. (UP) — A B47 Stratojet medium bomber, capable of carrying atomic warfare to any part of the world, crashed in flames on takeoff here today, killing its crew of four.

Barksdale Air Force Base officials said the big bomber climbed to about 500 feet, leveled off and suddenly banked steeply to the right, ploughing into a taxi strip near the runway.

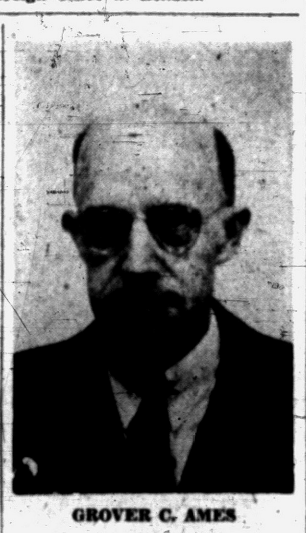
The bodies of the crew, three officers and an airman, were removed from the smoking wreckage about 45 minutes after the crash.

Their names were withheld pending notification of next of kin.

Train Kills Two Women

HUMBOLDT, Kan. (AP)—Two elderly women were killed last night in the collision of their automobile with a Santa Fe streamliner at the north edge of town. The victims, Mrs. Olive Sheldon and Mrs. Norman Dewey, both in their 60s, were returning home after visiting a cemetery.

The North Dakota state highway patrol will be increased from 40 to 49 men on July 1.



GROVER C. AMES

Top Communist Seems Tireless

Khrushchev Describes Self as 'Strong Man' and Says 'Live It Up'

By EDDY GILMORE

LJUBLJANA, Yugoslavia (AP) — Nikita S. Khrushchev, first secretary of the Soviet Communist party, today described himself as a "strong man" — physically, that is.

He had just finished a fast tour of the Litostroj factory here.

* * *

"Mr. Khrushchev," asked this correspondent in Russian as Khrushchev was preparing to get into his automobile, "aren't you getting tired?"

"Tired?" said Khrushchev in an amazed voice. "Of course not. I'm a strong man."

* * *

Then he smiled.

"Are you tired?" he asked.

"Yes."

"Why?" asked the Russian leader.

"From following you around. You run here and then run there. We've been tracking you all over Yugoslavia."

* * *

"Let me tell you something," replied Khrushchev, "Life is short. Live it up. See all you can. Hear all you can and go all you can."

Then he smiled again, shook hands and got into his car and drove off to Zagreb.

Khrushchev is truly in charge of the Russian delegation which has come to Yugoslavia in an effort to better relations with President Tito's government.

* * *

Inside the factory, he led the conversation, asked nearly all the questions and gave practically all of the answers.

When the workers' committee asked the Russians to sign the guest book, Khrushchev autimatically grabbed the book and scrawled his name across the top of a blank page.

Another interesting feature of the Russian visit to the factory was the attitude of the Yugoslav workers.

Not a one cheered. There were no smiles on their faces as the Russians moved among them. The Soviet leader didn't talk to any of the factory workers.

UAW Official Scores Lifting Gas Control

WASHINGTON (AP) — The CIO and the Americans for Democratic Action have told a Senate Interstate Commerce Committee that exemption of natural gas producers from federal government control would increase the annual costs of gas to consumers.

Spokesmen for both organizations said the lack of Federal Power Commission regulation could bring about increases to consumers of as much as 800 million dollars a year.

In a statement prepared for presentation before the committee, Donald Montgomery, director of the Washington office of the United Automobile Workers, CIO, opposed a bill by Sen. Fulbright (D-Ark) to amend the natural gas act and exempt producers from government control.

He outlined these reasons for CIO's opposition:

That the bill would increase annual cost to consumers by as much as 800 million dollars.

It would clear the way for corresponding increases in cost of fuel oil.

It would increase the cost of electricity to consumers in many areas.

CLOSE FRIENDS — "Love me, love my dog" is the motto of three-year-old Carol Vines, of Woking in Surrey, England, who shows her affection for her pooch by giving him a big hug. The dog, called "Carolas Sheba," was brought to town for the London Collie Club's championship show.

City Passes Ordinances on Trains, Rubbish Fires

Thanks to two new ordinances passed last night, Pontiac policemen will have an easier time ticketing street-obstructing trains and fire department officials will have authority to slap violation tickets on residents who burn rubbish in an illegal manner.

Heretofore, when police caught a train blocking a street for more than five minutes they had to catch the engineer personally to issue a violation ticket. After last night's City Commission action the train master or local agent of the railroad may receive the ticket.

Under the second new ordinance, the city fire marshal or other fire officials can ticket residents outside the number 1 fire limit for burning rubbish in other than an "approved" receptacle within a "safe and reasonable distance" from the nearest lot line or combustible building.

The number 1 fire limit is generally the downtown section of the city, and is already covered by a previous ordinance. The new regulation encompasses the rest of the city.

NEW ORDINANCE READ

First reading was made of a new ordinance calling for control of "poisonous or injurious weeds."

Its provisions state that it shall be unlawful for any owner, occupant, agent or person having control of any land in the city to allow weeds higher than one foot.

Under it, the city would destroy such weeds on public or private property, with the cost to be footed by the city.

The only time this would not be done would be where "fences, crops or other valuable property interfere or prevent the assigned employes" from destroying the weeds. Then, the owner would have to get rid of the weeds himself.

Looking to the future, City Attorney William A. Ewart recommended revisions of the used auto parts ordinance and the peddling ordinance.

The Commission authorized Ewart to proceed to draw up two separate ordinances to replace the single used auto parts regulation now in effect. One would cover companies which sell used auto parts, the second those which dismantle cars for the parts.

Ewart recommended "putting terrific teeth" in the peddling ordinance to control rather than ban the sale of ice cream on the streets. He was ordered to draft such a revised law.

LEE SIRLIN

Amvets Install New Commander at Post No. 12

Installed this week as Commander of Jimmy-Dey Post No. 12 of Amvets was Lee Sirlin, 2596 Elsinore.

Other officers installed by State Department Commander J. Carroll Kay, follows: Norman Windiate, senior vice commander; James Irwin, junior vice commander; Roy Williams, adjutant, and Ben Mirkin, finance officer. All are Pontiac residents.

Assisting Kay in the installation ceremony were Department of Michigan Senior Vice Commander Edward A. Numbers of Detroit, and Gerald G. White, of Pontiac, commander of the third region of Amvets.

Delegates chosen to attend the State Department of Amvets Convention this week end in Traverse City were: Jacolyn Smith, Richard L. Moore, and Daniel T. Murphy Jr.

Miss Smith has been named co-chairman of the State Convention Committee on Veteran's Affairs.

City Cracks Down on 'Dust Nuisance'

A crackdown on a ready-mix concrete company's operations was promised by the City Commission last night unless the firm complies with city health and nuisance regulations within two weeks.

City Manager Walter K. Willman was instructed to notify the Catsman Co., 339 S. Paddock St., that unless it takes steps to alleviate dust-producing conditions at its plant, the city would take the matter to court.

A report by City Attorney William A. Ewart declared a City Health Dept. inspection "found conditions to be unsatisfactory insofar as the correction of the dust nuisance is concerned."

The attorney's report also noted "there is a problem of excessive noise in the early hours of the morning."

Main office of the Catsman Co. is in Flint. The firm also operates in Bay City.

Sentenced in Theft

A Detroit woman, who admitted May 10 taking $1,000 worth of Dresden china from a home where she worked at 587 Linden, Birmingham, was sentenced to one year in Oakland County Jail yesterday by Circuit Judge H. Russel Holland.

A previous one-to-four-year sentence to the Detroit House of Correction against Erma Senters, 34, was set aside by Judge Holland.

The Day in Birmingham

Commissioners Favoring Off-Street Parking Move

BIRMINGHAM — The city commission last night acted "favorably" on a Planning Board recommendation that the north half of the block between Bates and Henrietta on Merrill, be used for off-street parking.

The area would have a 52 car capacity. A 40 foot buffer strip would separate the property of residents on the south side of the block, from the parking area.

The commission instructed City Manager Donald C. Egbert to check with owners of the property, and find out the price of the land. City officials, however, said a parking lot probably wouldn't be constructed until some time next spring.

They added the entire procedure of acquiring the property, giving residents ample time to relocate, would take about four months. That would place the move in October, too late for this year's building season.

In other action last night, the commission agreed to meet Saturday to go over the proposed budget for fiscal 1955-56. The budget must be adopted by June 14. Public hearings on the budget will be held next Monday, and also June 13.

The city attorney was instructed to contact the state Public Service Commission, concerning a petition by some residents of the Graefield Terraces, that adequate fencing be constructed between the Grand Trunk Western Railroad right-of-way, and the terraces.

Expansion programs are under way at two business places in Birmingham. The Wabeek Bank building is getting a two-story 25 x 60-foot addition and Kay Cooley Inc., has started construction of a 40 x 60-foot addition to its building.

The Wabeek addition is scheduled for completion the latter part of the year. The lower section will provide space for a vault while the second story will be used for office space.

A coat and suit department will be put into the Kay Cooley addition, scheduled to be completed Aug. 1.

A private funeral service was held at 3 p.m. today at the Manley Bailey Funeral Home, for the infant son of Mr. and Mrs. James Allen, 1108 W. Maple. Burial was in Greenwood Cemetery. He died Sunday.

Surviving are the parents, two sisters, Martha and Marion, two brothers, William and James, and grandparents, Mr. and Mrs. Harry Allen and Mr. and Mrs. Fred Aldrich.

Pontiac Couple Dies in Crash

Funeral Service Slated Saturday for Formaz', Killed in California

Funeral services for a Pontiac man and wife, killed last Thursday in an auto crash near Elcajon, Calif., have been scheduled for Saturday at 10 a.m. at Huntoon Funeral Home here.

The couple, John and Pearl Formaz, of 30 James St., will be buried in Oak Hill Cemetery. They were 55 and 36 years old respectively.

Surviving children include a daughter, Mona, of Van Dyke and two sons, Maurice, of Pontiac, and Dick, of Wyandotte.

Mrs. Formaz, a lifelong county resident, is survived by her mother, Mrs. George Long; five brothers, David, of Millington, Dale, of Rochester, Paul, of Royal Oak, Ernest of Franklin, and Frank, also of Franklin; and two sisters, Mrs. Goldie Nash, of Pontiac, and Mrs. Edith Van Meter, of California.

Surviving the husband are three sisters, Mrs. Marie Baum, of Detroit, and Mrs. Helen Yearwood and Mrs. Dolly Ford, both of Detroit.

GRADUATED BONDING

In addition, the bill provides for a graduated bonding plan which will allow units to pledge increasing amounts of highway funds toward revenue bonds for road construction.

The measure stipulates that 40 per cent of the state's share of the additional funds must be used to build superhighways through or around cities or villages.

Highways slated for development include several trunkline highways and all roads designated as interstate highways.

Doctor to Appeal Fraud Conviction

DETROIT (INS) — In Washington Dr. Louis Gariepy has appealed his conviction for income tax fraud to the U. S. Supreme Court, claiming that he was found guilty by a stacked jury.

Gariepy, a prominent staff surgeon at four Detroit hospitals when he was convicted of understating his income for 1945 and 1946, claims that the jury was illegally chosen and that seven of the jurors had either read or heard about the charges before the trial.

He also claims that publicity given the earlier conviction of his brother, Dr. Bernard Gariepy, for income tax invasion, created a hostile attitude toward him.

A federal appeals court refused to order a rehearing of the charges last April.

Chrysler Aide Dies

WASHINGTON (AP) — George W. Malcomson, 57, Washington representative for Chrysler Corp., died yesterday after a heart seizure. Born in Detroit, Malcomson was a son of Alexander Y. Malcomson, one of the co-founders of Ford Motor Co.

Mother Sentenced on Cruelty Count

A Milford woman who admitted May 24 to cruelty to her month-old son was placed on two-year probation yesterday by Circuit Judge H. Russel Holland.

Mrs. Evelyn Blanche Johnson, 20, will spend the first 60 days in Oakland County Jail.

She was charged after authorities reported the infant was admitted to Pontiac General Hospital with a broken right leg and numerous bruises. The woman's 14-month-old daughter was also admitted with face bruises.

Mrs. Johnson said she lost patience with the infant when it would not take its bottle or go to sleep.

George Reads It 'Go Slow but Go'

Opinion Varies Widely on What Action to Take Ending Segregation in Schools

WASHINGTON (AP)—Sharply conflicting views arose today over what local public school officials are likely to do about working out plans for ending racial segregation.

Some deep South political leaders declared flatly they will do nothing. They predicted yesterday's Supreme Court decision giving local officials primary responsibility means an indefinite extension of segregation, at least for many years.

But officials of the National Assn. for the Advancement of Colored People foresaw action "without delay" to wipe out almost all racially separated schools by the start of the school year in September 1956.

Both sides pledged to fight on in the courts.

Sen. George (D-Ga) summed up much middle-ground comment. He said the decision, stressing local action to meet widely varying problems, was "very cautious" and seemed to mean this:

"Go slow but go."

DECISION GIVEN

The court's historic, long-awaited decision dealt with how best to end school segregation under its edict of a year ago that separate schools for white and Negro children are unconstitutional.

Unanimously, the nine justices declined to fix a definite deadline or order any hard and fast national procedures for erasing the traditional color line in 21 states practicing segregation in some or all of their schools.

They called instead for a "prompt and reasonable start." And they said "primary responsibility" rests with state and local school officials to solve the delicate problem. Federal District Courts were directed to enforce, if necessary, "good faith compliance at the earliest practicable date."

Two results appeared likely:

1. **The pattern of action will continue to vary sharply. Some border areas such as Oklahoma, Kansas, Kentucky, Maryland and Delaware may proceed relatively rapidly toward complete integration, despite some obstacles.**

Resistance will be much greater in deep South areas such as Georgia, Mississippi and South Carolina. There may also be many variations among separate counties and school districts within a single state.

2. A multitude of court tests may follow on the issue of whether local officials are following the broad outlines laid down by the court.

The decision, like the one a year ago, applied directly to school districts in Kansas, Virginia, South Carolina, Delaware and the District of Columbia. Its principles are applicable to all areas.

OUR FIRST TOURISTS—2
The Lewis and Clark Expedition

In 1803 the United States obtained vast western territory with the Louisiana Purchase. The big job of exploring this great area fell to Capt. Merriwether Lewis and William Clark. In May of 1804 they left St. Louis, Mo., with 30 men on an 8,000-mile, two year expedition.

The Lewis and Clark expedition probably could not have been made without the aid of Indian guides. Most important among them was a Shoshone Indian woman named Sacajawea, or the "Bird Woman." Sacajawea knew the territory well, and could speak many different Indian languages.

The explorers traveled 1,600 miles up the Missouri River before making their first winter camp. This camp was among the Mandan Indians, near the present site of Bismarck, N. D. The next spring they passed through the great Rocky Mountains, along the south fork of the Missouri on the Shoshone Trail. In November, 1805, they reached the Pacific Ocean and spent another winter. Their return trip was faster. Following them, settlers soon started westward to make homes in the new territory.

Color today's drawing of Sacajawea and her child and add it to your collection of America's first tourists.

Tomorrow: Coronado finds the Grand Canyon.

Judge Decides Haymes Stays

Refuses Federal Bid to Deport Vocalist for Hawaiian Trip

WASHINGTON (AP) — A federal judge has ruled that singer Dick Haymes can't be deported because of a trip he made to Hawaii two years ago.

Dist. Judge Burnita S. Matthews yesterday rejected an immigration service contention that Haymes—a native Argentinian ineligible for American citizenship — subjected himself to deportation in the spring of 1953 when he returned to the mainland. He had gone to Hawaii to fill a singing date and to be with actress Rita Hayworth, whom he later married.

* * *

A deportation order was issued against Haymes last November on grounds his re-entry into the United States constituted return from "a foreign port or place or from an outlying possession."

But Judge Matthews—who acted on Haymes' appeal from that order—said Hawaii "is a geographical part of the United States." Thus, she held that the singer never left the country and is not deportable. The judge said the phrase "outlying possession" as used in the law means only American Samoa and Swains Islands, one of the American Samoa group in the southwest Pacific.

* * *

The government can appeal Judge Matthews' decision.

Haymes told reporters in Beverly Hills, Calif., he was "so relieved and so happy" and "very grateful to the court." Miss Hayworth said she was "so excited" she could hardly speak.

The government says Haymes became ineligible for citizenship during World War II when he claimed a neutral's status and did not serve in the U.S. armed forces. It was the singer's contention that he later was classified for military service, but then rejected because of a heart condition.

Keep a nice smile on your face and you'll always find pleasant reflections in the mirrror.

Claims Abuses in Wheat Vote

Counsel for 4 Farmers Charges Dirty Work in Acreage Balloting

BALTIMORE (AP) — An attempt will be made in federal court today to prove there was dirty work in the last referendum by which the country's wheat farmers voted in favor of acreage allotments.

Wilson K. Barnes, counsel for four farmers who chased government inspectors off their property, said he has several witnesses to prove there were irregularities in Carroll County.

* * *

He said he would also have some Ohio farmers in court today to testify to the same effect.

Barnes made the charge yesterday at a hearing before Judge Roszel C. Thomsen. He is fighting the government's attempt to get an injunction against Lewis Shafer and his three sons, who farm near Westminster.

The Shafers chased three government acreage inspectors off their place April 27, saying they had no right to trespass. The inspectors were indicted in Carroll County on trespassing charges when they tried to visit another farm. A hearing on the charges is set for next Tuesday.

Barnes described the alleged irregularities this way:

County allotment committees set up to assign the acreage quotas knew which farmers were hostile and which favored quotas.

* * *

To vote on the quota question, a farmer had to be eligible to grow at least 1 acres of wheat.

The local committees would allot only 14 acres or less when they assigned wheat quotas to growers hostile to the system, "and they were consequently disenfranchised," Barnes said.

Farmers with smaller places but favorable to wheat quotas might get an acreage allotment twice as great.

Barnes cited figures to show 163,000 fewer farmers voted in the 1955 crop-year referendum than in the previous one.

Play About Trial Becomes Subject of Court Fight

DALLAS (AP)—A play about a famous trial was itself the center of a court wrangle yesterday but went off on schedule last night.

Herman Shumlin, New York producer-director of the current Broadway play "Inherit the Wind," failed to bar Dallas' Theater '55 from giving four performances of the drama here this week.

Dist. Judge Dallas Bankenship denied Shumlin an injunction.

The play is about the Scopes trial of the 1920s, in which a Tennessee high school teacher was brought into court for teaching Darwin's theory of evolution.

Shumlin testified he has exclusive rights to the play. Margo Jones, managing director of Theater '55 and Shumlin's business associate in the New York production, said a contract lets her produce the play until June 4. She first produced the play here last January.

Blankenship said he couldn't see how the Dallas production could hurt the one in New York. His decision came 5½ hours before curtain time.

Supreme Court Will Rule on Red Ban

WASHINGTON (AP)—The Supreme Court yesterday granted the Communist party its constitutionality of the law undtr which the party was ordered to register as an organization subject to orders by the Kremlin.

The party, in petitioning for the ruling, urged the high tribunal to overturn a 2-1 decision by the U.S. Court of Appeals here. The appeals court upheld constitutionality of the 1950 subversive activities control act and a registration order by the Subversive Activities Control Board.

GROW A LAWN LIKE THIS IN 7 DAYS!

Make This 7 Day Test on Your Lawn! See for yourself how fast-acting RX-15 can turn your sick-looking grass into a rich carpet of lawn. Dissolve 1 tablespoon of RX-15 in a gallon of water and write the letters of your name right on your lawn. It takes only 60 seconds . . . yet in 7 days from today you'll see that RX-15 treated lawn growing so much thicker, greener, faster than your untreated section, you'll actually be able to read your name in the grass. And if you don't get these amazing results, simply send back the unused portion of RX-15 and get back every penny you paid for it.

SCIENTISTS' FORMULA SHOOTS FANTASTIC GROWING POWER INTO LAWNS, PLANTS AND VEGETABLES INSTANTLY!

Now Grow Flowers, Shrubs, Trees In Virtually Any Soil—Even Sand.
Watch "Dying" Lawns Grow Richer, Thicker, Greener In 7 Days!
YOUR CHANCE TO TRY RX-15 WITHOUT RISKING A PENNY!

This season how would you like to make your flowers bloom by the thousands weeks ahead of your neighbors—double the growing power of undernourished shrubs, trees, hedges, vegetables? Grow a richer, thicker, greener lawn in just 7 days with just 1 sprinkle from a watering pail? Then read this article!

It tells how now, YOU who may know next-to-nothing about gardening can turn your garden into the show-place of the community with thousands of colorful, flaming blossoms—not five years from now—not next year—but this season even if right now you don't have a seed in the ground—even if your soil is undernourished.

How with normal garden care YOU can pick basketsful of meat-packed garden fresh tomatoes, luscious heads of lettuce—sweet, tender cucumbers, corn and peas from a vegetable patch right in your own backyard. How YOU can amaze the so-called experts in your neighborhood with a rich, thick carpet of lawn—and you won't even have to dirty your hands digging messy, evil-smelling manures into the soil.

"Why Won't Flowers Grow In My Backyard?"

If flowers won't grow for you—no matter how hard you try—in case after case it's been proven that your soil is to blame. Science tells us that almost 90% of all garden soils are deficient in at least one of the 10 vital minerals a plant needs to bloom and flourish. And if you starve a plant of even one of these life-giving soil minerals you won't get many flowers no matter how much sun and water you give it—no matter how many hours you slave in your garden.

Sprinkle With RX-15 Save Hours of Extra Digging!

Finally in 1951 scientists at one of America's leading plant experiment stations tested new types of concentrated plant foods that could be dissolved in ordinary tap water, and when sprinkled on lawns or plants *could go to work in minutes.* No more extra drudgery, no more manure digging. This water soluble plant food was proven so fast-acting that it is absorbed by roots and reaches into every leaf, stem and tissue in 60 minutes.

Thousands of Flowers For Only a Few Minutes Extra Work!

And now do you realize what RX-15 means to you? It means that today you can go out with a sprinkling can and in a few minutes start to shoot new life into your garden. Revitalize your whole undernourished lawn . . . give it results you never dreamed possible *in 7 days.*

It means that, whether you're an expert gardener or the greenest beginner now with normal garden care you can grow masses of beautiful roses, dahlias, phlox, gladiolus and chrysanthemums in your garden *this season* with a sprinkling of RX-15 once or twice a month. It means that no matter how starved your soil may be now, with a few sprinkles of RX-15 you can grow a thick, green lawn the very first time you try—*and it will only cost you pennies to apply it!* It means that you can grow hundreds of flowers in your window boxes—grow thousands of flowers *this season* from plants you already have in your garden, from seeds you can still put in the ground.

And because RX-15 instantly feeds plants all the life-giving soil minerals they need for healthy bloom, it means that merely sprinkling with RX-15 can make starved, undernourished lawns, trees, shrubs, houseplants start to spring back to new life instantly!

It means that very possibly you may still pick basket after basket of plump fruits from trees, that stopped producing years ago.

You'll be amazed at the way scraggly plants, seedlings, shrubs, bulbs and trees start shooting out new buds, stems, branches—the way they produce thicker, greener, bigger leaves and flowers even in the most mineral-starved soil, when you sprinkle them with a spoonful of RX-15 dissolved in water . . . *and it goes to work instantly!*

Make This No-Risk Test On Your Lawn And Garden!

Since 1951, when RX-15 was first introduced to the public, it has become the fastest-selling water soluble plant food in the world. In less than two years, over 500,000 gardeners, farmers and nurserymen have used RX-15.

Thousands can tell you about the amazing results. From every corner of the United States and Canada letters are pouring in from home gardeners who have used RX-15 where everything else they had tried failed—in starved, undernourished soil, in sand—even in cinders. And on the basis of the astonishing results reported by these gardeners, the Garden Research Laboratories feel safe in making this daring money back guarantee!

We want you to try RX-15 on your own lawn for 7 days at our risk. Test it on flowering plants, bulbs, seedlings. Test it on fruit trees, shrubs, hedges, vegetables . . . on anything that grows—on anything that's hard to grow. And if your lawn isn't richer, greener, thicker in 7 days—if those hard-to-grow plants don't start to take on new life—if the foliage isn't greener, more luxuriant—if this season you don't see more buds, sprouts, flowers shooting out on your RX-15 treated plants than you've ever had before—then send back the unused portion and get back every penny you paid for it.

FALSE TEETH That Loosen Need Not Embarrass

Many wearers of false teeth have suffered real embarrassment because their plate dropped, slipped or wobbled at just the wrong time. Do not live in fear of this happening to you. Just sprinkle a little FASTEETH, the alkaline (non-acid) powder, on your plates. Hold false teeth more firmly, so they feel more comfortable. Does not sour. Checks "plate odor" (denture breath). Get FASTEETH at any drug counter.

Religious Fanatic Dies After Killing 3, Critically Wounding 3 in Dayton Banks

DAYTON, Ohio (AP)—"The Lord told me that banks and their presidents were the adversaries of God."

That statement, babbled by dying Richard Meyers, was one of the few clues police had today as they sought to determine why the 47-year-old man shot and killed three persons and critically wounded three others in two centrally located Dayton banks.

* * *

Meyers, whom police called a "religious fanatic," walked into the Third National Bank about 10 a.m. yesterday and began spraying bullets around with a 9 m.m. foreign-made pistol.

He then sprinted next door to the Winters Bank, where he wounded a guard and a bank executive before three policemen cut him down in a hail of bullets.

* * *

Eight slugs were found in his body. He died almost three hours later as he babbled incoherent, religious-sounding phrases.

The toll of dead and wounded, left as an aftermath of Meyers' midmorning shooting spree, looked like this.

* * *

Dead were:

George Sawaya, 60, operator of a local grocery chain; Mrs. Freda Cramer, 31, a bank secretary, and Joseph Gavin, 45, publicity director for WHIO radio and television stations here and a former University of Dayton football coach.

Wilfred M. Sherman, 54, a vice president at Third National, shot in the chest; R. H. Kastner, 59, assistant vice president at the Winters Bank, shot in the chest and Mrs. Helen Burks, 48, a bank customer, shot in the stomach.

* * *

Two others, wounded but not seriously, were William L. Clark, 76, shot in the arm, and John Thein, 72, a Winters' bank guard, grazed on the face by a bullet.

Detectives questioning Meyers at the hospital quoted him as saying, "I received a message from God on Dec. 23."

* * *

As a sample of Meyers' incoherent babbling, they quoted him as saying:

"I require that which is in You, the very best application of the things I have in you, to annihilate the forces of iniquity. I ask you to do battle for me."

Bulk of French Troops Withdraw From Saigon

SAIGON, South Viet Nam (AP)—The bulk of the French expeditionary corps pulled out of Saigon today, leaving control of Indochina's largest city to Vietnamese forces for the first time in nearly a century.

The French withdrawal had been demanded by Premier Ngo Dinh Diem.

A health article says that pain strikes the body at its weakest place. No wonder we hear so much about headaches.

French North African Terrorists Kill Five

PARIS (AP) — Rebel terrorists killed five persons and wounded 10 in Algeria and Morocco last night. Three persons were kidnaped, including a Frenchman in Algeria.

French troops clashed with a band of rebel outlaws in the wild Aures Mountain region of southeast Algeria, killing two guerrillas and taking three prisoners.

Much of the violence occurred in the big Moroccan port of Casablanca, where three persons were killed and eight wounded in a series of bomb and revolver attacks. Three unoccupied foreign automobiles also were set afire there, two of them owned by unidentified American officers.

Eisenhower Recognizes Outstanding American

When President Dwight D. Eisenhower pinned a medal on J. Edgar Hoover last week, he was granting public recognition to one of the most popular individuals in America. The head of the celebrated FBI is one of the nation's most distinguished figures and a man who has claimed popular fancy and popular imagination in the widest sense of the term.

There is something glorious and soul-satisfying in the apprehension of evil-doers.

We all admire justice.

We all support the law.

★ ★ ★

Thus, in a way, Mr. Hoover becomes the personification of certain ideals that are common to all mankind. He stands for swift and certain retribution. He epitomizes the supremacy of Right over Wrong and we all love to identify ourselves with these constructive forces.

★ ★ ★

Mr. Hoover's marvelous organization moves in the grand manner. It can't concern itself with small, petty wrongs. It must necessarily confine itself to projects on the national and international level. Furthermore, the FBI is wrapped in a certain amount of drama. Usually it is picturesque and awe-inspiring, and all of us bow in deference and respect.

The routine, the grind and the drudgery never show. The public comes in "at the kill" and sees the spectacular conclusion.

★ ★ ★

Of course, this tremendous reputation came the hard way. The Federal Bureau of Investigation had to win its spurs by achievement and accomplishment. Nothing arrived on a silver platter and the hard hitting outfit never glorified in a golden spoon. It started from scratch and fought its way to the top.

It had to conquer.

★ ★ ★

Today there is no law enforcing agency in the world that casts the same terror into the hearts of criminals.

The G-Men never quit.

No clue is too trivial. No evidence is too circumstantial. Hard work backed by the maximum intelligence and the most skillful procedures constitute the basis of their investigations and success.

★ ★ ★

No local, State or Federal group commands any greater respect from the average citizen. No one claims greater confidence of the people. The FBI is unique and J. Edgar Hoover, truly a great national figure, is the Head Man. President Eisenhower never pinned a medal on a more popular or deserving citizen.

Automobile Sales Here Far Above U.S. Average

No one who lives here needs to be told that automobiles are important to Oakland County.

But it is doubtful that many realize just how important to the local economy are retail sales of automotive equipment and supplies. Last year, according to Consumer Market's annual survey, the total of these sales reached $183,446,000. Of this sum filling stations got $55,140,000.

★ ★ ★

Total automotive purchases last year amounted to $383 per capita. These sales included passenger cars, tires, batteries, motorcycles and boats. Together they accounted for 33 per cent of all 1954 retail sales in the County, or $195,096,440 of a grand total of $557,868,000.

Well worth noting is the fact that Oakland's per capita expenditure of $383 for automobiles and related products is far above the national per capita rate of $262. It also exceeds the $292 rate for the East North Central States.

★ ★ ★

Consumer Markets attributes these high sales figures to the fact that the Nation as a whole has strong reserves of savings not earmarked for necessities. It also points out that there is strong public confidence based on the country's enormous production and on the halt in inflation.

★ ★ ★

Happily these factors have contributed mightily to our present prosperity. For that every man, woman and child in the County can be thankful.

Federal employes are being instructed to write informal, "chatty" letters.—Press report. Don't be surprised to recevie a letter from the internal revenue service beginning, "Good morning! how's every little old thing? By the way, you really didn't think you'd get away with those large deductions you listed, did you?"

Old-timers remember when the smalltown gossips went into simulated shock and genuine ecstasies when a daring girl broke a precedent by riding horseback spraddle-legged.

The Man About Town

Boosts Our County

Attention of Tourists Called to Oakland's Attractions

Golf lie: A pardonable thing, either on the ground or from the mouth.

Printed matter now being sent throughout the nation by the Southeastern Michigan Tourist Association places much stress on Oakland County as a vacation spot. It calls attention to our 400 lakes and their bathing beaches, our many state parks and other recreational areas, our highway system, great industrial plants and other features.

A clipping from the Spokane, Wash., Chronicle brings word that.

Rose, Kathleen and Michael McGuire,

formerly of Pontiac, have filed uranium claims along Two Bit Creek in Idaho. They are near the first such claims there, and are known as the Triple X Mines.

Greatly missed on the Oakland County Board of Supervisors will be

William Roeser

who died Sunday. He was an ardent plugger for his Southfield Township, as was shown by an interview with him in this column a few days ago.

In the middle of the three-day holiday, Sunday was rather quiet on the main highways in the Pontiac area. At one time there wasn't a car in sight on a two-mile stretch on the Dixie Highway. The big rush was on the going and returning days.

Most of us will agree with

Mrs. Cynthia Harmond

of Drayton Plains, who writes that the tulips, pansies, lilacs, snow balls, spirea, peonies, iris and other flowers are doing their best to make this the best area in the world in which to live.

First home grown strawberries of the season are reported by

Angus Dickerman

of Auburn Heights, who irrigates his garden, with good results.

There are birds that are worse than crows, writes

Napoleon Medford

of Commerce Township. He says the pheasants are doing more damage in pulling his young corn out of the ground than the crows ever did.

An important thing to do before leaving on your vacation, according to

Postmaster Leslie H. Dean

is to give your mailman your forwarding address. P. S.: Your Pontiac Press also can follow you. Contact our circulation department.

Those good people who have remarked about the scarcity of mosquitoes this spring have changed their tune during the last few days.

A letter from its secretary,

Mrs. Percy Jones,

tells me to urge many former Kalkaska County residents now living in the Pontiac area to attend their 34th annual picnic June 12 in Middle Rouge Park.

Former pastor at a number of Oakland County Methodist churches, the

Rev. Fred Mathews

died recently at his home in Flint, aged 72.

Don't Let One Hand Know

U. S. Should State Beliefs as Preface to Big 4 Talks

By MERRYLE S. RUKEYSER
INS Economic Commentator

The American capability in "competitive coexistence" with militant Sovietism will be tested at the forthcoming meeting of the Big Four, tentatively scheduled for July.

* * *

It will behoove American leadership not to create an impression of approval of the concept of police state dictatorship through appearing to cavort and carouse with Kremlin personalities.

Otherwise, in the struggle for men's hearts and minds, our officials may unwittingly create an illusion that there is no difference between the free and the slave setups.

It will take subtle and constructive statesmanship not to have ordinary courtesy and diplomatic politeness misunderstood.

Thus, if the President is photographed in a relaxed and smiling mood with Bulganin, this might be twisted through the technique of propaganda behind the Iron Curtain to signify that the American chief executive and the Russian Premier are two of a kind.

EXPLOIT INSECURITY

To be pushed into such a position would be to lose the initiative for our side, and to fail to exploit the inherent elements of insecurity in a dictatorship.

* * *

Perhaps as a preface to an official meeting, an American spokesman should make a statement along the subjoined lines:

"The United States does not arrogate to itself the right to select official spokesmen for other sovereign nations. This country believes strongly in the right of self-determination of the people in all nations.

"Accordingly, we are most at ease in dealing with statesmen selected by their people through a democratic and constitutional process.

"But the realities are that a substantial fraction of the assets of the globe are at present under the control of political agencies appointed through other techniques. In the interest of achieving genuine peace, we have no choice but to discuss problems with those who purported to speak for great nations.

"We cherish this basic right for our own people, and, in the spirit of international goodwill, we look forward to the day when all other people will be similarly blessed.

APPEAL TO PEOPLE

"Since the founding of the republic, our people have been friendly to the Russian people. We recognize no irreconcilable divergence of interests between two nations—certainly not in the economic field. Any purported disagreements are artificial in character, and grow out of the nature of militant Communism.

"Our wish is for continued harmony with the Russian people for the remainder of time, and our hope is that the Russian people in their own way will make available to themselves the promise for better living which contemporary technology makes possible.

"In the interim, while police state dictatorships constitute a threat to permanent peace, the United States and its free allies have no choice except to maintain a posture of military strength. But such preparedness is defensive only.

"Aggression is foreign to our nature and to our historic record, and a preventive war will never be initiated by us. When foreign peoples elect to join the family of free nations, great and substantial reductions in the heavy cost of armaments can be made.

FREE, OPEN MART

"Being practictioners in the United States of the competitive, or free-choice system, we believe in a free and open market in political, social and economic ideas.

"We are willing to let ordinary men and women make an ultimate judgement as to whether they prefer high living standards and free-choice, on the one hand, or regimentation and meager levels, on the other.

"With clear conscience and a genuine goodwill to all of our fellow men, including those temporarily in bondage, we face the future with courage and hope.

"Once political barriers to progress have been surmounted, we shall be on the threshold throughout the world of the greatest upsurge in the standard of material well-being ever dreamed of."

Honorary Member of Citizens League Praises Editorial About Janice Antona

Letters will be condensed when necessary because of lack of space. Full name, address and telephone number of the writer must accompany letters but these will not be published if the writer so requests unless the letter is critical in its nature.

I want to commend the Pontiac Press for the excellent editorial on May 27 about our trip to Washington with Miss Aftona.

I was born in Cleveland, Ohio, but I have worked with Miss Antona the past 16 years and have been an honorary member of the New Citizens League for that time. So it was a privilege to accompany the group to Washington to enjoy the many sights and make the tours with them.

Mr. Dondero was our host and he told many anecdotes of life in Washington and explained the workings of Congress. Through his courtesy arrangements were made for us to dine with him in the private dining room of the Speaker of the House, Sam Rayburn of Texas. The tour of the White House and seeing the embassies and legations of the foreign countries impressed our group, for this was the government they had been studying about in classes.

Sunday morning some of us attended service in the National Presbyterian Church, the church of the President. We were privileged to hear Dr. Norman Vincent Peale whose writings are so familiar to all of us.

I believe I speak for the whole group when I say we are very grateful to Janice Antona for all the planning and detail in making this trip possible. All 37 of us will always remember our trip to Washington with her. I believe we will be better citizens, for we realize what a wonderful country we live in with all its opportunities for all of us.

We can, should and will eventually arrive at a happy medium economically.

This includes prices, wages, politics and honesty, good will, integrity and in full values for all moneys received.

Smiles

Come hot weather and the barefoot boy with cheeks of tan will make us wish we weren't a man.

James Marlow Says:

It Will Take Years to End Segregation in America

WASHINGTON (AP) — It will be years before racial segregation in public schools is wiped out everywhere in this country—in spite of the Supreme Court's order to end it—and then probably only after a lot of court fights.

The rate at which segregation disappears depends upon the cooperation or defiance of individual states with the high court's decision.

* * *

Officials in five places—the District of Columbia, Virginia, Delaware, South Carolina and Kansas—were told by the court they would have to begin promptly to work out a plan for abolishing segregated schools.

But authorities in all other segregated states can try any dodge they can think of to get around the court's ruling.

* * *

On May 17, 1954, the court ruled on an appeal by Negroes who protested against segregation in the District and the four states mentioned above. The court said public school segregation is unconstitutional and had to stop. But it did not say how and when.

The court then asked all the states with segregation to chew over the problem and appear later with suggestions for wiping out their double school systems.

* * *

In April the nine justices listened to attorneys for the Negroes, attorneys for the segregated states, and U.S. Solicitor General Simon E. Sobeloff, who represented the Justice Department.

The Negroes asked for an end to all segregation no later than September 1956. Generally, the states asked the court not to fix a deadline. Rather, they said, the court should let federal district judges work out the problem with officials in their states and local communities.

* * *

Sobeloff also suggested federal district judges be allowed to handle desegregation with the authorities within their jurisdiction. The idea behind this was that different communities have different problems.

Yesterday the Supreme Court gave its decision. It did not say precisely how or when segregation shall be ended.

* * *

The court, addressing itself to the Supreme Court of Delaware and the district judges whose jurisdiction covered the other four original defendants, told them to require the authorities in their area to make a "prompt and reasonable" start toward ending segregation. It said a reasonable time could be allowed for carrying out the desegregation plans.

The federal judges outside those five areas were not told by the Supreme Court to require any action by the authorities in their territory. One of the best informed lawyers in the government said this could happen:

* * *

The judges don't have to do anything unless Negroes appeal to them to carry out the Supreme Court's order against segregation. Once that starts, if the local authorities protest, a court fight begins.

How many such fights are possible? No one can say. In the end the states will lose because the court yesterday said that any state or local laws which conflict with its ruling are unconstitutional.

* * *

But still the court fights are not only possible but may be forced on the Negroes by states which do nothing to end segregation. The National Assn. for the Advancement of Colored People said last night it is prepared to fight whole batches of these cases if necessary. Georgia indicated that's how the NAACP may have to fight.

Helene Regains Husband's Affection by Shedding Her Fat, Maternal Figure

Helene's husband had become a platonic mate. He was kind and generous but not romantic. She vainly tried various methods to restimulate his courtship ardor. Then, as a final resort, she followed the method outlined below. If you wives have been married more than 10 years, pay heed. Follow Helene's example.

By DR. GEORGE W. CRANE

Case O-345: Helene S., aged 36, is a vivacious housewife.

"Dr. Crane, I am glad you mentioned the value of dieting to regain one's romantic allure," she began with a smile.

* * *

"Oh, I knew that fatness is hard on the heart and predisposes to diabetes and even cancer, too.

"But these medical fears still didn't make me go on a diet. But I had noticed that our marriage was becoming platonic.

"My husband didn't seem enthusiastic when he kissed me. It was about as perfunctory as when he kissed our children goodbye when he'd leave on a business trip.

"So I began to worry that youth with its thrills had already passed me by, though I wasn't yet 36.

READ AN ARTICLE

"Then I read one of your articles in our New York Herald Tribune where you bluntly said a woman couldn't expect to feel like a sports roadster with the chassis of a truck.

"That was brutal, for when I critically viewed my figure in the mirror, I had to admit I was no longer the slender girl I had been on my wedding day.

* * *

"Actually, I weighed 158, though my bridal weight was only 122. So I wondered if this maternal figure was what made my husband treat me like that 'good old motherly soul' you had mentioned in your newspaper article.

"Anyway, I decided I had tried everything else without success, so I might as well give your diet plan a chance. That's when I sent for your diet booklet.

"And I religiously followed it. The first day I did feel quite thirsty with only one glass of total liquids. But I'll admit I didn't seem unduly hungry on my 800 calories.

"At the end of the 10 days, I had lost 11¼ pounds. Then I shifted to your second diet plan where a person loses about 2 pounds per week and I stayed on it for three months.

125 POUNDS NOW

"My weight had now dropped to 125 pounds. But I noticed a marked change in my husband's ardor when I got under the 130-pound mark.

"He used to drop into an easy chair with a copy of the paper as soon as he would reach home.

* * *

"Oh, he'd call out 'Hello, Honey,' but the easy chair and newspaper

outbid my charms, for he seldom walked out to the kitchen to kiss me.

"But when I approached the 130-mark, he began to come to the kitchen and give me a real movie type of kiss, even before he picked up the newspaper.

"And then he began to hang around the kitchen while I was preparing dinner. He might read his paper there, but at least he stayed close to me.

"And of his own accord he now began to suggest that we take in a movie at our neighborhood theater.

CHILDREN NOTICED

"Even our children noticed the change, not just in my waistline but in their Daddy. They have commented that we are like sweethearts.

"So I am sure my former fat, maternal figure must have been at fault. By regaining my youthful figure, I apparently must be restimulating those youthful memories of my husband, wouldn't you say?

* * *

"And I also feel so much better physically, for a shopping trip used to almost kill me, but now I still have a lot of pep after reaching home."

Helene is quite right about the romantic effect of a slender figure, so send for that booklet "How to Lose 10 Pounds in 10 Days."

Many husbands past 35 or 40 can also benefit by shedding their surplus poundage, so go on a mutual dieting experiment.

Always write to Dr. George W. Crane in care of The Pontiac Press, Pontiac, Michigan, enclosing a long 3c stamped, self-addressed envelope and a dime to cover typing and printing costs when you send for one of his psychological charts.

Dr. Brady Says:

'Arthritis' Is One Ailment Clever Medic Can Exploit

Before physicians knew anything about vitamins some of them considered cod liver oil the best remedy for chronic rheumatism.

* * *

Joint disability lasting a year or more was just plain rheumatiz in the nineteenth century, generally ascribed to "exposure to cold and damp."

In the twentieth century the profession was debauched by the mushroom growth of the twin evils, trick specialism and phony "clinics."

The operators engaged in these rackets found plain old rheumatism awkward and unprofitable, so they quietly tossed it into the ash can and gave all their gullible customers a diagnosis of "arthritis."

PATIENTS PAY

Now there's a malady a resourceful practitioner can exploit endlessly. And it seems as though the customers never tire of paying for the very latest experiment that gives "promise" of curing arthritis.

* * *

I do not mean to imply that arthritis (joint inflammation) doesn't occur. Streptococcic, pneumoccoccic, tuberculous, syphilitic, and gonorrheal infection of the joint is properly called arthritis.

In most instances of real arthritis, if the trouble lasts more than a year, there is a history of acute inflammation in the beginning — heat, pain, redness, and swelling of the joint, usually associated with some elevation of body temperature (fever).

In chronic rheumatis there's no such history, as a rule. The trouble develops gradually — in any weather or climate, in any walk of life — month by month or year by year advances from bad to worse unless . . .

The treatment of real arthritis is not within my province. This is a health column. If you want medical advice, diagnosis, or the significance of any symptoms you may have worked up, consult a physician.

NUTRITIONAL LACK

Chronic rheumatiz, in my opinion, is physical degeneration of the joint or joints, due principally to nutritional deficiency through the years from early childhood to breakfast this morning.

In the past five years I have accumulated a bulging file of letters from folks who declare that since they began following the advice I give in two pamphlets (to be mentioned below) their rheumatiz has been greatly relieved or cured.

The pamphlets are—

(1) Calcium and Rheumatiz and

(2) Young Folks and Old Folks.

For either pamphlet send stamped, self-addressed envelope. If you want both, enclose ten cents in addition. Ask for the pamphlets in writing and sign your request if you expect a reply. I have no time for triflers.

If my teachings about joint trouble strike you as pretentious or unreasonable, forget what I say.

* * *

However, I assure you that in any case it can do no harm to follow my suggestions for a few months. At the same time I warn you that it will do no good to follow my suggestions for only a week or two.

Medicine might have some obvious effect in a week or two, but it takes at least two or three months to get positive benefit through better nutrition.

Signed letters, not more than one page or 100 words long, pertaining to personal health and hygiene, not to disease, diagnosis or treatment, will be answered by Dr. William Brady if a stamped, self-addressed envelope is sent to the Pontiac Press, Pontiac, Mich.

Let not your heart be troubled: ye believe in God, believe also in me.

I have learned, in whatsoever state I am, therewith to be content.

Announce New Way to Relieve Pain of Arthritis and Rheumatism Without Pills!

Greaseless, odorless cream penetrates deep—speeds up flow of fresh, rich blood into sore areas—actually helps drive away pain-causing congestion and pressure.

New York, N. Y. (Special)—Science has now developed an odorless, greaseless cream that acts in a new way to bring a new kind of relief from pains of arthritis, rheumatism, and muscular aches and pains. This new cream relieves these pains without the need of taking pills and other internal medicines that may only upset the system.

Gently rubbed into painful areas, this cream penetrates so deep and completely that it actually vanishes. Quickly a comforting feeling of warmth develops and the whole painful area takes on a pleasing glow. This is striking evidence of the power of this cream to penetrate quickly and stimulate the circulation of the blood. This glow illustrates how it speeds up the flow of fresh, rich blood into the sore areas and actually helps drive away the pain-causing congestion and pressure.

146 British and French doctors are so satisfied with this new help for patients suffering from arthritis and rheumatism that they have prepared written reports of success based on hundreds of cases. Further, one of the leading arthritis and rheumatism clinicians in the United States has now confirmed the findings of these doctors.

Now for the first time this remarkable cream can be obtained without a prescription at drug stores throughout America—under the name InfraRUB®. The price of InfraRUB is only 98¢ for a large tube. InfraRUB is backed by the amazing guarantee that sufferers from the pains of arthritis, rheumatism, lumbago, neuritis, neuralgia or muscle injuries or sprains will get hours and hours of comforting relief or their money will be refunded in full.

Pentagon Plans Evacuation Test

Mass Flight Slated for 29,000 Workers in June 15 Alert

WASHINGTON (AP)—The Pentagon is going to test the time it would take to empty the giant building of its 29,000 workers if enemy H-bombers headed this way.

The experiment, untried before, will be a part of the June 15 Operation Alert which also includes elaborate plans for 15,000 selected employes from 30 federal agencies to deploy to secret sites scattered around neighboring states.

Unlike these 15,000 employes headed by President Eisenhower and his Cabinet, the Pentagon workers won't take to the hills. They'll go no farther, in this test, than the two giant parking lots which flank the building.

* * *

There, on an average day, are parked between 8,500 and 9,000 cars. The idea is that in case of threatened attack, the drivers would fill their autos with passengers, including those who normally travel by bus, and start getting out of the capital area.

That part of the idea is going to remain untested. The military district of Washington, which supervises the Pentagon's part in evacuation plans, says it has a "traffic control plan" to move the 9,000 cars out of the 70 acres of parking lot into an intricate road net leading to highways—without traffic jams.

* * *

In Operation Alert the proposal is for Eisenhower, Secretary of Defense Wilson, the Joint Chiefs of Staff and a number of top civilian officials to leave Washington for a two or three-day stay at secret alternate posts well away from the capital.

Eisenhower will leave the White House around noon June 15, proceed to his relocation center and remain there through the next two days. A dozen newsmen will accompany him.

The civil defense test will also include mock hydrogen bomb attacks on 50 major U.S. cities.

$90,000 Contributed for Twister Relief

UDALL, Kan. (AP)—Private sources and organizations have contributed some $90,000 to aid survivors of Udall, the Kansas village wrecked last Wednesday by a tornado which caused heavy loss of life.

Joshua Logan, director of the movie "Picnic" being filmed at Hutchinson, Kan., gave $1,000.

Motorists who visited the stricken town over the weekend chipped in $6,600. The Red Cross has earmarked about one million dollars in disaster relief money for the tornado area including Udall and Blackwell, Okla.

The One That Got Away Bites on Wrong Fishline

OMAHA (AP)—George Barlow was unhappy today.

For two seasons he had been fighting a battle with a big bass in a nearby lake. Several times he "had him hooked." But every time the bass battled free.

This week, Barlow went after that bass again. He had just got settled when along came Frank Freihage, out for his first try of the season.

Freihage made a quick cast. He got a bite and, after a fight he hauled in a scarred 3½-pound bass. Barlow looked at the fish. "That's him," he sadly said.

Will Send Delegates

TOKYO (AP)—The Left Socialist party said today it plans to send good will missions to both the United States and the Soviet Union late this month. The party, largest in Japan, advocates a neutral course.

Take a Tip From Johnny Ray

It Does You Good to Break Down and Cry

By PHYLLIS BATTELLE

NEW YORK (INS)—June, which is a-comin' in right this minute, has proved to be a weepy sort of month. This is mainly because of (1) Its pollens, and (2) Its weddings.

* * *

This may sound grim, as there are few people besides Johnny Ray who get a genuine bang out of crying. It is an embarrassing, nose-shining, sissfied, schmaltzy kind of activity in the minds of most men and women.

As for kids, they don't enjoy it because they feel there are better things to be done with their time, and also Davy Crockett didn't indulge.

Word has just reached this desk, however, that we are all crazy and Johnny Ray is right after all. According to a recent survey among psychologists, crying is not only relaxing and hygienic, it is mandatory according to the laws of nature—and the more frequently one weeps, the better.

BRAVE—BUT BLIND

In fact, if you don't cry—if your tear ducts should dry up—you'd be a very brave blind man.

* * *

This bit of news comes from an exotic magazine called "Trend," which is put out on Mahatma Gandhi road in Bombay as "The Magazine for Indian Women." It shows results of a survey among 184 psychology students on the subject of the why-fors and wha' hoppens of crying, and the summation is that tears are dandy because they contain chemical agents which kill the germs in your eye.

They also, as everyone knows, release tensions. And in rare instances (getting rarer all the time) help one person lure another person into doing something or not doing something that the party of the second part would not otherwise do, or not do.

This is sometimes referred to as "the old cornea confidence game."

According to the survey, women are three times as prone to tears as men, and the chief cause for tears is money—its inaccessibility, that is.

EVERY 20 DAYS

Weeping occurs, among both sexes combined, only once in every 20.8 days. Which is really not enough to do a thorough job on all those germs.

And the psychologists say that there are 47 distinctly different groups of occasions for crying. Grief, pain, anger and joy lead the pack, with nervous tension racing close behind.

Personally, I am a woman who cries chiefly over dogs, stories about dogs, movies about dogs, conversations about dogs and, of course, advertisements featuring portraits of dogs.

It was particularly interesting for me to see, therefore, that movie ushers agree that tragic canine films dissolve the stoicism of men faster than any other. No other kind of tragedy, including starving orphans and widows, can make this statement.

WOMEN CRY LESS

It once was considered a sign of gentility for women to cry, but this trend is no longer fashionable. This, the psychologists believe, is because women have traditionally cried from frustration and now, as they approach equality with men, there is less occasion for turning on the water works.

The day may come, in fact, when men cry more than women. The psychologists and physiologists all agree that, at birth, males are every bit as prone to optic outflows as females. In fact, boy babies may cry louder than girl babies, although this may never be proven—mothers being such out-and-out spoofers about the quiet, calm manners of their infants.

* * *

The important thing is, friends . . . whether you're manly or womanly, cry whenever possible. Your little dusty old eyes will thank you. And if anybody tries to shut you up, give them a sock in the kisser.

For after all, they could use a good cry too.

2 Spend $850,000 in Mayoralty Race

CHICAGO (AP)—The two main candidates for the Chicago mayoralty in April have estimated their campaign expenses and the total was more than $850,000.

Democratic Mayor Richard J. Daley said yesterday his campaign expenses were between $450,000 and $500,000 for the primary and mayoralty elections. He said a statement that more than a million dollars was spent on his campaign was not correct.

The statement was made by Robert E. Merriam, defeated Republican candidate, who said $409,710 was spent by his campaign group.

Actor's Widow Marries

LAS VEGAS, Nev. (AP) — Mrs. Hazel Elizabeth Stone, 54, widow of actor Lewis Stone, was married by a justice of the peace yesterday to J. Gilbert Van Klatt, 51-year-old advertising executive. Stone died in 1953.

Huge Steer Nearing 3,000 Pound Mark

OMAHA, Neb. (UP) — Walter Brunken, Omaha cattle feeder, is close to realizing a dream of producing one and a half tons of beef in a single animal.

Brunken owns an animal that presently comes within 400 pounds of that goal. The steer is a cross-breed, mostly Brahman, that "eats like a horse," and then some.

Brunken said he has considerable time left to get the animal, called Pinnacle Jack, to the 3,000-pound goal. It was a pet of the Miles Snyder family of Arthur, Neb., from whom Brunken bought it. The Snyder children made Brunken promise not to slaughter the steer for two years.

Wheat stem sawfly losses in North Dakota and Montana are estimated at 8,000,000 bushels annually.

Clothes Pins Stolen, Too

TWIN FALLS, Idaho (AP)—It was bad enough that a thief sneaked into his back yard and stole five swimming suits hanging on the clothes line, Dale Gahn told police yesterday. But the thief also stole the clothes pins.

Standing on your dignity never makes you look any bigger.

Taylor Gets Jap Medal

TOKYO (AP)—Gen. Maxwell D. Taylor, leaving Sunday to become U.S. Army chief of staff, was decorated today with Japan's Order of the Rising Sun. Foreign Minister Mamoru Shigemitsu presided at the brief ceremony.

Bob Considine Says:

Weekend Guests, Hosts Licking Wounds

ALLENHURST, N.J., (INS)—The first long weekend battle of the season is over for those inexhaustible antagonists, the hosts with a place out of town and the guests who keep it from being a bucolic bore.

* * *

A quick check shows that casualties were about equally divided. Neither traditional adversary made a gain which might serve it well during the gruelling months that remain of this annual war of attrition.

During the current period of wound-licking, leading up to big and small weekend skirmishes scheduled between now and the time the leaves fly, both sides are taking stock of the ammunition and approach used in the opening encounter.

Strategy is being discussed. Armor, in the form of new jokes and more and more dazzling summer clothes, is being laid in.

ONE UP ON GUESTS

If the guests suffered even a temporary set-back during the recent weekend, it occured in the field of decoration, and therefore came as no surprise. Guests always lose that one.

* * *

Their hosts have rented or bought, say, a furnished place and have accepted with the resident bric-a-brac a 23-foot statue of Venus de Milo with the usual clock in her stomach ingeniously replaced by a 7-inch television screen.

This object of art happens to be the prime reason why the host and hostess acquired the place, and the guest, from long experience, will recognize this glumly as fact.

But that is no reason why he should not do his best to do something about the shocking decor. Any guest worth his salt knows that a 23-foot Venus deserves at least a 21-inch screen in her belly. But the stubborn owner insist, generally, on keeping things exactly as they were when they were stricken with the dementia that led to their taking the place.

BREATHING SPELL

On the part of the host, the short armistice following the departure of the guests into the all devouring traffic jam of Memorial Day affords him or her or both a chance to devise new ways to deprive next week's guests of that which is perpetually promised: A chance to relax.

* * *

As any host knows, nothing is more unnerving to look upon than a relaxed guest. The relaxed guest is a treacherous monster who must be combated night and day. He sleeps all morning, instead of getting up for Lulu Belle's pop-overs.

When he does come downstairs, yawning deliciously, he doesn't like the boiled shad roe and stewed ferns being served for brunch, as the hostess doggedly calls it, and has the nerve to ask if he can have a couple of aspirin, some tomato juice, cereal, toast and coffee.

Then he wants to read the morning papers in the hammock instead of the brisk game of water polo which the host has scheduled at an indoor pool only 17 miles from the house, portal to portal. This torpor often proves to be epidemic.

RUGGED SCHEDULE

Other guests who seemed only too happy to take the scheduled five miles of roadwork at dawn, the five sets of singles after breakfast, 18 holes of golf before lunch, cold showers, a rubber of chess, and a parsnip and celery tonic before brunch, try to join this saboteur in a reading nap. This throws the whole carefully arranged schedule out of kilter.

It isn't long before there's a strained silence between the perennial combatants, followed by the host giving the hostess a knowing wink and leading her off to the rumpus room for a whispered heart to heart talk about the ingratitude of people invited for a weekend of relaxation.

Eisenhower, coming up to the Big Four conference, has given hardly more thought to the coexistence problems confronting him than legions of prospective U. S. hosts and guests are at this moment giving to the same perplexing situation.

The question of children, for instance. Should the guests bring along the kids even though the host obviously detests children? Should the host, who gets some of his best exercise beating his children, do so in front of guests—or stick to Russian roulette?

Lot of imponderables in this conflict. From time to time we'll issue a communique from our field headquarters on the Cadillac and canasta coast of Jersey. Don't miss it if you can.

TOLD 'DON'T BE CRUSADER — Mrs. Mella Hort, of Westfield, N. J., tells the Senate Investigations subcommittee that she was told by her Army Quartermaster Corps bosses "not to be a crusader" when she tried to recover for the government thousands of dollars overpaid to a contractor. Mrs. Hort said she was employed by the Quartermaster Corps in New York in 1952 and 1953. Seated beside her is her attorney William Hort.

Drills Wrong Tooth

GALESBURG, Ill. (UP) — Mrs. Violet Glover Kelly sued a dentist for $50,000 because of a broken tooth. She charged the dentist drilled a tooth with her consent and broke the molar, causing a mouth deformity and medical and hospital expenses of $2,000.

Istanbul Hilton Opens June 10 With Big Show

ISTANBUL, Turkey (AP)—A new, even-million-dollar, 11-story Hilton luxury hotel opens formally June 10 on a high promontory overlooking the banks of the Bosporous.

American tourists are expected to fill half the hotel's 300 rooms during the summer season. They will be able to sit on upholstered barstools on the Marmara Roof Bar and see parts of two continents—Europe and Asia.

The Istanbul Hilton is the third link in a fast-growing international chain. The grand opening, complete with Hollywood celebrities, is expected to rival the big shows put on when Hilton Hotels International opened the Caribe Hilton in San Juan, P.R., and the Castellana Hilton in Madrid.

A 400-room Hilton hotel has just been started in Cairo to replace the world - famed Shepheards, which was destroyed in the anti-British fire riots of 1952.

Hilton officials also plan hotels in Mexico City, Acapulco, Havana, Montreal, Rome, London, Amsterdam and Berlin.

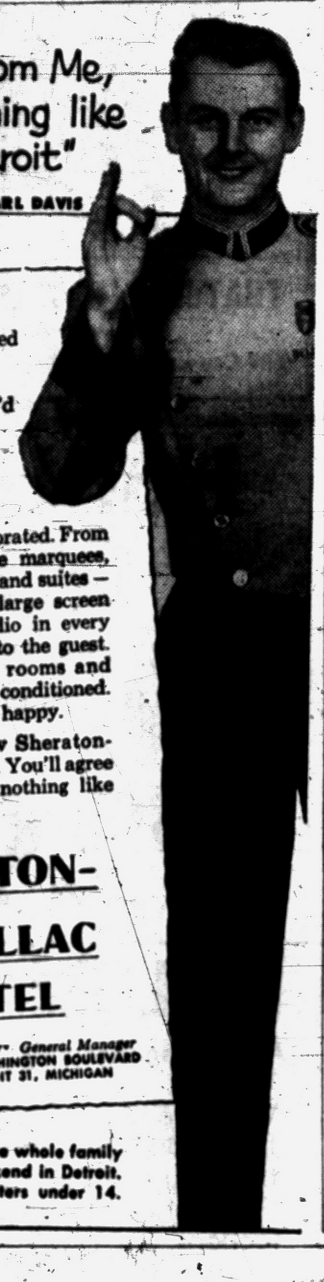
The hotel organization headed by Conrad N. Hilton does not own the Istanbul hotel, which has been "shaking down" with early guests since May 20. The hotel was financed by the Turkish government's Pension Department. Hilton has a 20-year operating lease and splits the profits. He gets one third.

They Were Scrambled

ALBEMARLE, N.C. (AP)—Robert Wall had scrambled eggs the other morning. He told police he tried to prevent a sack of eggs from sliding off the car seat, took his eyes off the road for a moment and smashed into a telephone pole.

"Take It From Me, there's nothing like it in Detroit"

SAYS BELLHOP CARL DAVIS



"If you haven't stopped at The Sheraton-Cadillac in the past couple of years, you'd never recognize the hotel today. Everything—And I mean everything—has been redesigned and redecorated. From top to bottom—the marquees, the lobby, the rooms and suites—all new. There's a large screen television and a radio in every room, at no charge to the guest. Over five hundred rooms and suites have been air conditioned. Our guests are very happy.

"Come see the new Sheraton-Cadillac for yourself. You'll agree with me . . . there's nothing like it in Detroit."

STOP RHEUMATISM, ARTHRITIS BEFORE IT CRIPPLES YOU

Those small aches and pains are often danger signals, warning you that rheumatism or arthritis may strike. Stop them with O-JIB-WA BITTERS before they have a chance to cripple you.

Mrs. Edward Wibarn, 9601 S. 26th Street, Scotts, Michigan, recently had this to say about O-JIB-WA BITTERS. "I started using O-JIB-WA about four years ago. My left knee had swollen to about twice its normal size, and ached terribly from arthritis. It was so painful and stiff that getting up and down strairs to do my housework was real hard. I tried many different kinds of medicines to relieve the pain, but none of them seemed to help me. I had read many times about the good results that many people had received from O-JIB-WA BITTERS, so I decided to try it too. After just two bottles, my knee started to loosen up, and the pain and swelling started to leave. After the third bottle, all the pain and swelling left, and my knee was all better. My kidneys used to bother me at night, and I had high blood pressure also, but they too have improved since taking your medicine. My husband, who is 74 years old takes it for a tonic, and doesn't have an ache or pain in his body now. He sleeps better and has lots of pep and ambition for a man of his age. I have told many people around here how O-JIB-WA BITTERS helped me, and I'm sure glad to have the opportunity of telling others about O-JIB-WA. We always have it in the house, and wouldn't be without it. If you suffer, why don't you try it?"

Hal Boyle Says:

Her Job: Get 'em--Guests for TV

NEW YORK (AP)—In the antic, frantic world of television there are many odd jobs.

Pretty Mary A. Kelly, who is regularly kissed by a chimpanzee and recently rubbed noses with a $750,000 horse, has one of the oddest. She is a "guest finder."

* * *

Miss Kelly, a rugged, bountifully built young lady with Irish red hair and hazel-green eyes, is a feature editor and writer on Dave Garroway's "Today," an NBC network morning program. But one of her chief chores is to route famous guests from their beds in time to appear on the show.

It's strictly a by-the-dawn's-early-light job, full of strange adventures and mishaps.

* * *

"Four out of five days I have to be up by 5 o'clock," said Mary. Usually she knows the night before the guest she is supposed to meet.

But sometimes the studio phones her at 4 a.m. to tell her she is to pick up Mrs. Franklin D. Roosevelt at her hotel, go down the bay to get comedian Jerry Lewis off an incoming liner and steer him through customs, or race out to the airfield to meet a missionary just released from Communist China.

* * *

"It's the uncertainty that makes it interesting," said Mary, who enjoys the excitement of tracking down her guests.

It is a task that on occasion takes the agility of a greyhound, the tenacity of a bulldog, and the diplomacy of an ambassador. Mary, who usually sets out on her morning patrol in a rented limousine, has all these qualities in abundance. Her native cheerfulness is also a big help in calming ruffled guests who have an idea it is bad for the nerves to look at the sun before noon.

* * *

"Most famous people are surprisingly good-natured and well-behaved early in the morning," she said, "particularly after they get a cup of hot coffee.

"But a hotel lobby can be a pretty dismal place at dawn."

On one quest, finding the hotel elevator unattended, Mary stepped in and operated it herself, managing to hit the right floor after a few misses. On another, a hotel detective, seeing her sitting in the lobby, asked her mission, and Mary replied:

"Trying to pick up a guest."

* * *

This seemed to confirm the detective's worst suspicions.

"It took a phone call to the network to straighten that out," said Mary, laughing.

Miss Kelly, who started as a typist for a Hartford, Conn., insurance firm, came here at 19 and landed a job as a newspaper copy girl. Later she worked for a feature syndicate before going into television.

* * *

She has been adopted as a foster mother by J. Fred Muggs, TV's pioneer chimpanzee star. She chaperoned J. Fred Muggs on a world tour last summer.

"If I come into the room and don't go over and let him kiss me, he throws a fit," said Mary. On a recent trip to Dublin to get film material for the show she also was bussed on the nose by Tulyar, the $750,000 Irish National stallion. On still another assignment she donned a steelworker's helmet and climbed the rigging of a midtown building under construction.

Only once has Mary let a guest get away. One morning she went to pick up Ava Gardner and found the film star had moved out the night before without leaving word of her new address.

Her toughest assignment was to find Alexander Kerensky, head of the Russian provicional government in 1917, the morning Premier Stalin died.

"All we knew was the street he lived on," she recalled. "So I started pushing strange doorbells. He didn't have his name on his doorbell, but I finally found him.

"Some of the people I woke up were pretty mad, but they cheered up when I told them Stalin was dead."

Mary someday would like to produce a show of her own, but says she has no time now for romance.

"My job keeps me coming and going," she said. "So far I haven't met a man strong enough to make me say to heck with my work. But I will.

"Then I'll settle down on a farm and raise cattle—or something."

Reds' Visit to Tito Won't Settle Issues

BLED, Yugoslavia (AP)—The current visit of top Russian leaders to Yugoslavia will not settle all outstanding issues between the two Communist countries, an informed source says. Most specific questions will be left to further negotiations.

The source said last night that the chief result of the talks between Yugoslav President Tito and the Soviet delegation headed by Rsusian Communist party chief Nikita S. Khrushchev would be a declaration of principles on world affairs.

* * *

A Russian source said the conference had "ended successfully." But a Yugoslav said that Tito is still "trying to get a declaration that will make the Russians prove their professions of friendship."

Yugoslav officials have declined to spell out specific issues still remaining between the two countries, which split in 1948 when Tito quit the Russian-dominated Cominform.

The government-controlled press has suggested they include damage claims which may total a half billion dollars, resulting from the Soviet bloc's cancellation of contracts with Yogoslavia after the break.

4 Speedway Visitors Killed in Air Crash

UNIONTOWN, Pa. (AP)—Four persons, heading home from the Indianapolis Memorial Day auto race, were killed in the crash of a single-engine Cessna airplane on a mountain near this southwestern Pennsylvania community.

The craft ripped into Laurel Ridge, about 16 miles north of here, during a thunderstorm Monday night. The wreckage was not found until yesterday.

The victims were Glen C. Bream, president of the Gettysburg Motor Co., Gettysburg, Pa.; Mr. and Mrs. Floyd E. Gieman, Hanover, Pa.; and Roy E. Lambert, Taneytown, Md. Police said they all appeared to be in their mid-40's.

Bream was the owner of the plane. They said he apparently went off course during the storm and struck the mountain.

Kefauver Not Fully Out of '56 Presidential Race

NEW YORK (AP)—Sen. Kefauver (D-Tenn) says he has not taken himself entirely out of the 1956 presidential picture.

Last Saturday he said at Poland Springs, Md., he is not a candidate for the Democratic nomination and has no intention of entering the race later.

Yesterday, in an intedview, he modified this stand. "While I am not presently a candidate," he said "the situation may change later. It is too early to make final plans."

Minnesota has 2,029,000 acres of fishing lakes.

Tells of A-Bomb Ban

TOKYO (AP) — Foreign Minister Mamoru Shigemitsu said today he had been assured U.S. planes based in Japan would not use atom bombs in the Formosa Strait. "I heard it from a responsible U.S. official," he told the lower house Budget Committee of the Japanese Diet.

Pigs should be weaned in the morning so the sows and pigs will have all day to get over the separation.

'Bonanzagram'

Have Fun! Win $100!

"Bonanzagram" is an exciting new puzzle in which the Pontiac Press offers both fun and a $100 cash prize. BUT before you try your hand at "Bonanzagram" **be sure and read the rules** at the bottom of this page. Solution will appear in the Press June 10.

CLAIM CHECK

Below is a duplicate of the "Bonanzagram" entry you send in to contest headquarters. It is ESSENTIAL that you fill it in and save it until the correct solution to "Bonanzagram" No. 13 is published Friday, June 10. Unless you do so, you will be unable to collect the prize if you should send in a winning solution. Check the rules below for further details.

Bonanzagram No. 13

Deputy Inspector Black had assigned one of his men to hide in the dressing room of the new stadium, folowing an anonymous tip to headquarters that it was being used as a base of supplies by dope peddlers. Skeptical about such casual tips, the Inspector and his aide arrived late on the scene, and even lingered to see the end of a close game. They then hastened to the rendezvous, but the man assigned to the job did not show up. Finally the Inspector decided to look into the matter himself. The dressing room was empty and in disorder. A torn piece of paper on the floor caught his eye. It had been trampled by the spikes of the players, so that many of the letters were missing, but it was certainly a hasty message from the missing detective. Inspector Black studied it carefully, was able to fill in the gaps, and realized his man was on to something big. Can you, too, decipher the message?

How To Play 'Bonanzagram'

Solve the "Bonanzagram" by filling in all the missing letters, as indicated by the underscores, in the message. Insert only one letter above each underscore. Many clues to the missing letters are hidden in the story, or anecdote, accompanying the message itself, and, in a few cases, the contestant's general knowledge should provide the correct letter. The contestant will note that the message is unpunctuated. Punctuation will help solve the message but is not necessary to win.

All missing letters must be correctly inserted to win a Bonanzagram prize. Punctuation will not be considered in judging a correct answer.

When properly filled in, the "Bonanzagram" will spell out a clear message that will conform in every way with the clues. In many cases it will seem that more than one word would be the correct one. That's part of the fun! You should weigh the clues and select the BEST possible word in each case.

How to Submit Entries

1. After solution is completed, "Bonanzagram" should be clipped and pasted to a two-cent postcard with your name and address.

2. Entries will be received at the Pontiac Press office, 48 W. Huron St., until 5 p. m. Tuesday, June 7. Mail entries must be postmarked before midnight Tuesday, June 7 for Bonanzagram No. 13. Address "Bonanzagram, % Pontiac Press, Pontiac, Mich.

3. Entries may be mailed in envelope but contestant's full name and number of puzzle must be printed in upper left corner of address side of envelope.

4. Copies of the Press need not be purchased to enter. Facsimiles made by hand and corresponding as closely as possible to the original "Bonanzagram" printed in the Press will be accepted but are limited one to a family. Mimeograph, duplicator or other unofficial mechanical reproduction is forbidden.

How to Collect the Prize

The entrant must work out and keep duplicate solution as a claim check. When the solution is published in the Press, he should compare his "claim check" with the published solution, and, if his claim check is identical, he should call in person with his claim check at the Press office, 48 W. Huron St., before 5 p. m. on the Monday following publication of the solution.

If a winner cannot call at the Press office in person, he should mail his solution to "Bonanzagram Editor." Postmark on this letter must be not later than 5 p. m. the Monday after publication of the answer. Correct answers are void unless the contestant reports his claim by the deadlines listed here.

About Eligibility, Information, Etc.

1. Anyone is eligible for the "Bonanzagram" contest except employes of the Press and members of their immediate families. (Immediate family means all those living in an employe's household.)

2. No question as to winners will be answered by phone.

3. The Press will award a prize of $100 to the winner of each weekly Bonanzagram. If more than one winning answer is received, the prize will be divided equally among the winners. If no correct solution is received, the $100 will be added to the next week's prize. If the winner is a subscriber of record to the Press, a $25 bonus will be added to the $100.

4. Only one winning entry from a family will be eligible for the prize, but there is no limit on number of entries.

5. The Press retains the right to correct typographical errors.

6. Judges' decision will be final and contestant's submission of entries indicates acceptance of these rules.

7. No liability is accepted for entries that fail to reach us.

8. The Press reserves the right to alter rules and/or discontinue the contest at its discretion.

MONEY BY THE SACK — On a recent trip to a Minneapolis, Minn. police station, Amen Balkin insisted on taking a sack with him. At the station he emptied the sack of its contents—$5,754, mostly in one-dollar bills. Balkin, 63, explained that he didn't trust banks, because he lost $400 in one during the depression. Police persuaded him to deposit his savings in the nearest bank, where it took eight men two hours to count the money.

Adlai Names Lodge

FRANKFORT, Ky. (UP)—Adlai E. Stevenson is the author of the name "Lure Lodge" selected in a contest for a new hotel at one of Kentucky's state parks. He won a week's vacation for two. Stevenson, a businessman at Madisonville, Ky., is a distant cousin of the former governor of Illinois of the same name who was the Democratic presidential nominee in 1952.

Adequate ventilators placed in bins of ear corn help dry high-moisture corn and prevent spoilage.

Lawyer Won't Testify, Judge Dismisses Case

PORTSMOUTH, N.H. (UP)—Atty. Robert Shaines did double duty in municipal court.

Appearing as defense attorney in a disturbing the peace case, Shaines was called by City Solicitor Thomas E. Flynn to testify as a prosecution witness against his client.

The case was dismissed after Shaines argued successfully that the charge had not been proved.

Thief Steals Stolen Tools

MEMPHIS, Tenn. (UP) — Detective M. A. Hinds quoted the prisoner as saying: "Yes, I stole $1,500 worth of tools, but some dirty thief stole $500 worth of them from me before I could dispose of them."

MILK
IS YOUR BEST DRINK

You Can't Serve a Better Drink Than Pure, Wholesome Milk, Fresh from the Farm...

Here's Why:

Milk, the finest drink known to man, is the one basic food you need more than any other to feel your top level best each day. No other single beverage can give you the qualities provided by nature in this cool, refreshing liquid.

Milk gives you energy and pep, reduces fatigue, eases nervous tension. It is your only practical source of calcium needed every day.

The daily supply of pure, fresh milk for the city millions is the proud and somewhat complex responsibility of the dairy farmer. Never in history has the product he supplies in such abundance been so good, as high in quality and as inexpensive in relation to other commodities. Serve it often this summer!

• JUST TRY THIS IN JUNE —

Drink at least 3 glasses of Milk every day during the next 30 days. Feel the difference and see what the economical Health Habit of drinking Milk regularly will do for you!

Epsilon Sigma Alpha Completes Plans for Dance

Pontiac Press Photos

Foil-covered fish will glow amid fishnet decorations at Westacres Community House when Alpha Alpha Chapter of Epsilon Sigma Alpha sorority entertains June 4 at a summer ball. Putting last minute touches on the fish are (left to right) Mrs. Anthony Grand of Clarkston and Maxine Miller and Mrs. Carl Rose, both of South East boulevard.

Mrs. Glenn Wilson of West Pike street (left) and Mrs. Marshall Rose of Williams Lake road have made sure that posters telling about Epsilon Sigma Alpha sorority's summer ball are displayed for all to see. The dance to be held at Westacres Community House is open to the public. Tickets may be purchased from members.

Banking Unit Has Election of Officers

On the Job Jitters Will Soon Die

By ANNE HEYWOOD

At this time of year, many of our young graduates will start on their first jobs—and that is frequently a very harrowing experience for most of them.

The first week in a new job has a kind of nightmarish quality.

You don't understand anything that's going on while everybody else seems to know exactly what they're doing. There you are, the real ninny.

AN ORDEAL

If the boss takes you around to introduce you to people, it's an ordeal.

You can't think of a single thing to say and your face seems frozen in a perpetual asinine smile.

If he doesn't introduce you to the staff, you feel like a wallflower.

* * *

If he plunges you right into the work, you're so nervous your typing—or your selling, filing, or whatever—is miserable.

If he doesn't, you sit there with nothing to do and have to pretend to look busy, which is tiring beyond belief.

GETTING ACCLIMATED

If you offer to lend a hand to the girl at the adjoining desk, she's apt to think you're trying to move into her territory and snare her job.

If you don't and just sit there while she pounds away, she's apt to treat you like a parasite of the first order.

If you spend the time browsing through old files, trying to get acclimated, people will think you're snooping.

* * *

If you don't look over the material, people will think you're not interested enough to learn anything.

At lunchtime, if you ask some of the girls if you can join them, they'll think you're pushy.

But if you eat lunch alone every day, they'll consider you aloof and snooty.

TRY YOUR BEST

What to do? The answer is simple. Everybody knows what it feels like to live through the first week of work.

* * *

Nobody thinks ill of you, nor do they expect you to know all the answers.

You feel that whatever you do is wrong but, actually, all you have to do is try your best to live through that first week.

When you come in the following Monday, everything will be different.

* * *

You'll feel as though a magic wand has been waved over you; you'll settle down and work like an old hand!

CAROLYN ANN YODER

Carolyn Ann Yoder is among those who will be graduated from the Henry Ford School of Nursing in Detroit on Sunday. She is the niece of Mr. and Mrs. Keith Leak of Clarkston.

Southern Belle Goes Parisienne

PARIS (INS) — Paris designer Carven wants girls this summer to look as pretty and romantic as a Southern belle, but with a Paris touch.

She suggests a white or pastel colored dress with a full fluffy skirt and youthful, round neckline to be worn with a wheel hat and light colored accessories and shoes.

* * *

One of her dresses is made of pink cotton and has a wide boat neckline. The skirt, worn over an organdy petticoat, frills out from a hip-yoke to fullness. At the back of the skirt a large bow of the pink cotton is fixed below the waistline to look like a bustle.

DAR Units Plan Picnic on Thursday

Members of Gen. Richardson Chapter, Daughters of the American Revolution, will meet with Piety Hill Chapter of Birmingham for the annual Oakland County DAR picnic, to take place Thursday afternoon at the Birmingham residence of Mrs. Dale Miller.

The Royal Oak, Southfield and Oxford-Orion chapters will also be in attendance at the cooperative luncheon.

At a Memorial Day service at the Oak Hill Cemetery grave of Col. Stephen Mack, Mrs. Eldon Gardner, chaplain, conducted. She was assisted by Mrs. Allan Monroe, regent; Mrs. E. H. Whitfield, Mrs. Harry Going, Mrs. L. L. Dunlap, Blanche Avery and Mrs. E. V. Howlett.

Also decorated were the graves of Gen. Richardson, Joshua Chamberlain, Maj. Joseph Todd, Ithamer Smith and William Nathan Terry, Revolutionary War soldiers.

A new playtime shirt neatly fares all the rollicking fun of a little girl's summer. Made of sturdy broadcloth, this shirt comes in combinations of gay multi-color carousel stripes with fastidiously tailored details.

This summer for wear in the country you'll want a cool, classic shirt in the new summer fabric—a mixture of pima cotton and dacron. The fabric is light as air and needs no ironing. Comes in white and summer pastels.

Here is a dream-like misty floral print for members and guests at a wedding, and for other festive summer occasions. In pure silk shantung in a shaded lilac print on a cloudy beige background, the long stemmed silhouette has a beautifully framed fichu neckline.

Blouses, Shirts Provide Good Mixers for Summer

They Lend Variety to Your Wardrobe for Casual or Festive Occasions

Off for a summer vacation or just "weekending," the wardrobe plan of either includes all kinds of separates which must be good mixers.

Simply enough, the classic shirt in summery pastels, white and bright plaids tops playtime shorts, and provided it's given the right skirt and decorative accessories, it also steps out in the evening.

To span a busy casual and festive summer schedule, the impeccably tailored blouses are priced so you can have endless changes come this season in new "no iron" fabrics that take little time to launder.

Just wash, hang straight on a hanger, and when dry they're ready to wear. A silky textured fabric of dacron and pima cotton that's light as air is available in a neat sleeveless style and a short-sleeved version with pretty pearl button-banded cuffs.

FULL SWING ACTION

Their generous cut allows for full swing action on the tennis court, and at a festive patio party its simple elegance lends itself to your prettiest skirt.

And this season there's a new ultra idea — swishy floor-length skirts in gay cotton prints are deemed to be as popular as short ones for the prettiest casual look.

Summertime's favorites, seersucker (a natural "no iron" fabric) and broadcloth are sheerer and cooler than ever. In brilliant plaids or misty watercolor combinations, they're made with extra long shirttails which can be worn smartly and comfortably outside over slim shorts and pants.

For all the rumbling, tumbling fun of a little girl's summer all these styles come too in sizes 7-14 and have the same important details . . . action-back pleats, convertible kerchief-back collars, and dyed-to-match pearl shoe buttons.

New Lake Landers Plan Sunday Picnic

A new club, the Lake Landers, formed to promote Pontiac's social recreation, has announced that young adults between the ages of 21 and 40 have been invited to attend its meetings, held Sunday at 2:30 p.m.

An invitation has been extended to those interested to join the group Sunday for a picnic at the Boy Scout camp area at Bald Mountain.

Club Tennis Coach to Begin 14th Year

Jean Hoxie, one of the country's top tennis coaches, returns to Orchard Lake Country Club for her 14th year as coach there.

The season will get under way officially on Sunday, when the annual tennis breakfast and exhibition is held for club members.

Zontions to Meets

Mrs. James Rosenthal will speak at the noon luncheon meeting of the Zonta Club of Pontiac, on Thursday at Hotel Waldron.

Recent Bride Feted at Tea, Crystal Shower

Mrs. Thomas L. Houle Jr. of Lansing was honored Saturday at a tea and crystal shower given by her aunt, Mrs. Osborn A. Campbell of Birmingham.

Mrs. Houle is the former Susanne Scott, daughter of Mr. and Mrs. Collis A. Scott of Franklin boulevard. Mr. Houle is the son of the Thomas L. Houles of Franklin.

The couple was married April 29 in Lansing. They are residing there while the bridegroom is attending Michigan State College.

Mrs. Jack Haupt of Clarkston, formerly of Pontiac, also entertained recently at a tea and miscellaneous shower honoring Mrs. Houle.

Find Humility in Child Control

By MURIEL LAWRENCE

"An unconquerable ego is the alcoholic's problem.

"To reduce it, he may need to 'hit bottom' — undergo an experience of defeat so truly felt that he can think, 'I am licked.'

"In this acknowledgment lies the humbleness he must have to recover from his grandiose ideas of himself."

Psychiatrist Dr. Harry M. Tiebout spoke these words at the Annual Meeting of the American Psychiatric Association.

* * *

An "unconquerable" ego is also the problem of the parent who can't control his child.

As alcoholic egotism makes it impossible to respect humble self-disciplines, so our egotistical ambitions to control Tommy by love alone can make it impossible to exert humbler forms of control.

Let's see how such ambitions work.

It's evening. My in-laws are visiting us. Tommy's bedtime comes. I mention it—and am ignored. I mention it again, more seductively coaxing.

5-YEAR-OLD DEFIANT

Tommy, his five-year-old eyes bright with familiar defiance, runs from me into the parlor and scrambles behind the sofa.

I follow him, pretending that I've not been challenged. For 20 minutes in humiliation before my critical guests, I bribe, cajole and plead with Tommy to help me maintain the farce that he respects what I say.

Why don't I pull him from behind the sofa—and carry him up to bed?

I can't. My unconquerable ego won't permit it. It has told me that I am superior to the use of physical force. It has told me that I am a woman of such enchanting charm that my coos should be enough to lure Tommy from behind the sofa.

It's told me that I'm rare—and must not belittle myself by stooping to the low, menial control of his body by mine.

I am not rare. I'm quite ordinary. I'm a woman raging with resentment.

But since my egotism keeps me from knowing myself as ordinary, I have to pretend that I enjoy what's happening. I have to pretend I like being humiliated.

And poor Tommy has to pretend along with me. He has to pretend he enjoys standing behind the sofa—and arousing the raging resentment of the most important person in the world.

LEARN HUMILITY

Like the alcoholic, I too may have to experience such discouragement that I find humbleness. And out of it build an ego that is less soulful, but more comfortable.

Then I can belittle myself—and by physical force, release Tommy and me from the destructive tension between us.

Newlyweds Fly to Home in Mississippi After Rite

Airman Third Class Ronald D. Connole and his bride, the former Barbara Jeanne Lee, flew to the home awaiting them in Biloxi, Miss., following their marriage at 7:30 Saturday evening.

The bridegroom is stationed at Kessler Air Force Base there.

Parents of the newlyweds are Mr. and Mrs. Earl E. Lee of Woodlow road and Mr. and Mrs. George A. Connole of Merry road.

Palms, baskets of white flowers and candelabra decorated the altar of Central Methodist Church, with the Rev. Milton H. Bank officiating at the ceremony.

Soloist George Putnam was accompanied at the organ by Mrs. W. Henry Sink as he sang the bridal recital.

WALTZ-LENGTH GOWN

For her marriage, the bride selected a waltz-length gown of Chantilly lace and tulle over satin. A sweetheart neckline accentuated the bodice, as did the stand-up collar. The sleeves ended in points at her wrists.

As her sister's matron of honor, Mrs. William Jones of Boone, N. C., was dressed in a pale blue full-skirted dress of crystalline and carried deep red roses and pink stephanotis.

An identical gown was worn by the bride's cousin, Mary Louise Lee, who served as bridesmaid. Her bouquet was of pink roses and stephanotis.

Best man for the bridegroom was William Quine. Serving as ushers were Ronald Krantz, Charles Richardson and Dr. William Jones.

MRS. RONALD D. CONNOLE

DRESSED IN BLUE

The bride's mother greeted guests at a reception which followed in the church parlors. She wore a French blue taffeta dress with white accessories.

A blue lace dress with navy accessories was the choice of the bridegroom's mother. Both wore pink orchids.

The bride was wearing an aqua suit with beige and brown accessories when she left for Mississippi with her husband. She pinned the orchids from her bridal bouquet at her shoulder.

Why Waste So Much Energy Over an Enemy

By ELIZABETH WOODWARD

"Dear Miss Woodward: Susie and I have known each other all our lives and we've never been able to get along.

"Since we were little kids she's done mean, nasty things to me, and I've done my best to get back at her. Now that we're both interested in boys it's even worse.

"She's doing her best to blacken my reputation, but I've just succeeded in taking her boy friend away from her, so that's that.

"I don't like him too much—it was the principle of the thing. But I've got to hang on to him, despite all the tricks she's likely to play.

"Have you any ideas?"

Answer: On an enemy you waste so much steam! So much time and energy thinking unpleasant thoughts and doing unpleasant things. So much imagination devoted to spiteful tricks and ways to get even. It's acid in the blood stream, a very bad taste in the mouth.

It takes so much time being nice to people you like, people who like you. Their friendship doesn't thrive on neglect and indifference. But you can be indifferent to people who annoy you, people who don't like you.

Dignified indifference is what you should spread on thick. And not just pretend, either. Real, sincere lack of interest in what she says, does or thinks. Avoid her, leave her strictly alone, forget she exists.

* * *

Why should you fret, for instance, if this boy friend doesn't stay yours for long? You're not crazy about him. You just snatched him from under her nose to be mean to her. He might turn out to be excess baggage. And besides, there are other exciting boys around the corner.

If she gets him back, let her have him. Keep on being friendly with him in any case. And watch what you say. Say nothing to him about her. Say nothing to anybody about any of it. Most of all say nothing to her. Why go out of your way to be poisonous to her? Avoiding her is less toxic.

"Dear Miss Woodward: Please tell me how a girl can forget someone she loves. You see, we were to be married in June, but all we do is argue, so we decided marriage would be a flop and called it quits!"

Answer: Your head tells you it's useless to continue a relationship with a boy with whom you can't get along. So it's silly to let your heart hanker for something your head tells you isn't good for you.

Getting mighty busy is the best way to forget. Go away for a visit, maybe. Take a job, enlist for some courses of study, volunteer your services at the local hospital or child care clinic. Look up some old friends whom you haven't seen lately. Start running around with a different crowd.

There are a thousand things to get started at—new activities that will keep you from thinking of a dream that didn't come true because it was a false dream.

French Find Chair-Cane Motif Chic

PARIS (INS) — Fabrics with chair-caning prints, hats made of real chair-caning and bags covered with the same are setting the style pace in Paris.

Summer cotton fabrics for blouses, skirts and shorts now come printed with a yellow chair-caning pattern on white or white on red to bedeck women like furniture. Blouses of such fabrics look best in shirt styles and skirts should be full and swinging.

Cotton and silk scarves with chair-caning patterns are displayed with sports sweaters and even with town clothes. A navy-blue jersey dress with a pleated skirt looks smart worn with a white scarf in a golden yellow chair-caning pattern.

Beach bags too are made of a coarse fabric with a chair-caning print. One in a smart Paris shop has a black chair-caning pattern on white. It is edged on top by black boxcalf leather and has black leather handles. It is smart enough for town wear in summer.

Some plastic hand-bags are embossed and colored to imitate chair-caning. Other elegant summer hand-bags are made of brown leather covered with real straw-colored chair-caning.

Dressing Is Easily Made in Quart Jar

Mrs. V. C. Warfield Uses Tomato Soup as Salad Mix Base

By JANET ODELL
Pontiac Press Food Editor

Year-round living at the lake makes for relaxed living. Things to do out-of-doors always seem more important than inside chores.

Mrs. V. C. Warfield of Middle Straits Lake feels that way and likes recipes that do not demand too many hours spent in the kitchen. Such a recipe is one she acquired from her godmother. This salad dressing is a fond food memory of Mrs. Warfield's girlhood.

The entire Warfield family enjoys swimming and skating and outdoor eating. Mrs. Warfield shares with the elder of her two daughters a love of sewing. Bridge is also a favorite recreation.

EASY TOMATO DRESSING
By Mrs. V. C. Warfield

1 can condensed tomato soup
1 cup salad oil
½ cup vinegar
½ cup sugar
2 teaspoons salt
1 teaspoon dry mustard
1½ teaspoons paprika
1 teaspoon Worcestershire sauce
1 green pepper*
1 small onion*
1 strip pimiento*

*optional (if used, grind these three ingredients together)

Mix all ingredients together in a quart jar and shake well. This dressing will keep indefinitely in the refrigerator. Shake well each time before using.

All Who Meet Garbo Become Worshipful Admirers

By JOHN BAINBRIDGE

Garbo's career was more seriously affected by the outbreak of war in Europe than that of probably any other Hollywood actress because her pictures had always earned more money abroad than in the United States.

* * *

The knowledge that her lushly romantic, tragic roles had made her the idol of European audiences had always been an important factor in the selection of her vehicles.

Now, in the middle of 1940, with the Continent embroiled in war, France in defeat and the rampaging German armies still on the march, the lucrative foreign market was all but gone.

In these circumstances M-G-M was faced with the necessity of producing a Garbo film which, to make a profit, would have to appeal almost exclusively to American audiences.

ACTRESS IS TRANSFORMED

After many high-level conferences, Metro executives came to the conclusion that the actress who had won her fame primarily by portraying lovely, world-weary women caught in the silken toils of ill-fated love had to be transformed into a vital, blooming American glamour girl.

To this ill-advised enterprise Garbo gave her half-hearted consent. The vehicle selected for her debut as a sporting, fun-loving American type was called Two-Faced Woman.

It was destined to be Greta Garbo's last moving picture.

Based on a dusty Hungarian play, Two-Faced Woman told the story of a plain wife who won back her indifferent husband by impersonating her own glamorous twin sister.

The cast included Melvyn Douglas, who had proved a perfect foil for Garbo in Ninotchka, Constance Bennett and Ruth Gordon; and the direction was entrusted to George Cukor, who had had such estimable success with Garbo in Camille.

GARBO IS MOODY

Garbo was very moody and depressed while Two-Faced Woman was being filmed. There were clashes of temperament on the set, arguments and misunderstandings as well as frequent differences of opinion between the producer and the director.

The tense, uncongenial atmosphere on the set, together with her own grave doubt about her role, gave Garbo a deep sense of impending doom.

She became so despondent that she confided to close friends her belief that there was actually a plot afoot at MGM to ruin her career.

* * *

"They're trying to kill me," she often said darkly.

Two-Faced Woman was released in November 1941 and immediately ran into serious trouble. The National Legion of Decency promptly condemned the film as immoral.

It was the first time in several years that leaders of the Catholic Church had put a blanket condemnation on a major Hollywood production.

GRETA GARBO

In a release to the press the Legion said the picture was offensive because of its "immoral and un-Christian attitude toward marriage and its obligations; impudently suggestive scenes, dialogue and situations; suggestive costumes."

Hollywood entrepeneurs, as everybody knows, have a deserved reputation for pliancy when a dollar is at stake, so MGM naturally did the commercially sensible thing.

Soon after the Legion voiced its objection, Metro quietly announced that Two-Faced Woman was being withdrawn for revision.

The major change was the insertion of a scene in which the husband learns through a telephone call of his wife's intended deception.

The heart of the plot was thus neatly cut out, with the result, as one of the reviewers later remarked, that "the romps of Melvyn Douglas and the wispily clad Miss Garbo across all sorts of upholstered furniture become a bewildering and pointless charade."

For its pains MGM received the thanks of the Legion, which changed its classification of the film from "C" to "B."

In other words, the picture was still, in the Legion's view, "objectionable in part." As it turned out, nobody won.

NEW VERSION SHOWN

The purified version of Two-Faced Woman had its New York premiere on December 31, 1941. That being less than a month after Pearl Harbor, the timing was hardly fortunate.

The critical reception was not auspicious. The magazine Time described the picture as "an absurd vehicle for Greta Garbo," and added: "Its embarrassing effect is not unlike seeing Sarah Bernhardt swatted with a bladder.

"It is almost as shocking as seeing your mother drunk."

The cruel Hollywood maxim—"You're only as good as your last picture"—applies less to Greta Garbo than to any other film actress in history.

* * *

But, in however slight degree, it applies. She had been given mediocre scripts before, but always had been able to illumine them with the sorcery of her acting.

"Two-Faced Woman" defied even Garbo's genius. MGM was disappointed by its distinct failure to make Garbo over into an oomph girl, and though the studio was willing to experiment further, Garbo wasn't.

Thirty-six and at the height of her dramatic power, she made up her mind to withdraw from pictures until, she thought then, after the war. It was not the only irony of her life that she never returned.

Naturally and rightly, Garbo's abdication as the first lady of the screen has been widely lamented.

Every major studio in Hollywood has tried repeatedly to entice her into making another picture. Offers by the dozen have come from film companies in Britain, Germany, Italy, France and India.

Scores of independent producers have attempted to make the coup of their lives by luring Garbo back to the screen.

She has not turned a deaf ear to all these proposals because she had no intention, in the beginning, to make her retirement permanent.

But out of all the scripts she has read Garbo has seriously considered only a half dozen or less.

One of these was a film based on the life of George Sand, whose depiction on the screen has long been one of Garbo's cherished ambitions.

She was genuinely disappointed when this venture collapsed, primarily because of money troubles.

A year later, she actually signed a contract with independent producer Walter Wanger and accepted an advance payment of fifty thousand dollars to star in a picture based on Balzac's La Duchesse de Langeais, a florid tale of tragic love in which Garbo was to play the beautiful, worldly duchess who, after many a bittersweet romance, finally takes a nun's vows and dies at twenty-nine.

However, one postponement followed another, caused by the producer's financial difficulties, and at length, through no fault of Garbo's, the project was reluctantly abandoned.

STILL EXERTS MAGIC

So it seems that Garbo the symbol, though hidden from public view, still exerts her peculiar magic. As one of her phrasemaking friends has said, "The Ghost of Greta Garbo is everywhere."

The legendary Garbo, the one whose peerless image graced the screen, is the creation of imaginative people who, one of them said in a moment of disillusion, "turned a healthy pleasant girl into an exotic spy."

Not content to gaze upon the most fabulous face of the century, they invested its owner with mythical qualities that fascinated them and burdened her.

It may all have been, in the end, a great disservice, for the real Garbo was never able to live up to the myth.

* * *

She has always been what she is today—a woman with a child's charming, tragic innocence.

She is shrewd, selfish, willful, instinctive, completely self-absorbed. From her intimates she demands total attention and devotion; otherwise she sulks.

She is secretive ("Greta would make a secret out of whether she had an egg for breakfast," a friend has said). And she has a childlike indifference to all desires but her own.

An anomaly of Garbo's private life and her profession is that she was able to express emotions with such liberated clarity on the screen and yet away from it self-expression has always seemed an agonizing process.

Her conversational manner is inclined to be tentative; she often prefaces a comment with something to the effect that "I suppose this sounds silly, coming from me," or "You probably won't believe this, but . . ."

Like a child who has moved into a new neighborhood, she is apt to attempt conversation with people she has just met (if she elects to pay them attention) by asking direct questions—"What do you do? Are you married? Do you have children?" and so on.

When Garbo made her first visit to the studio of a fashionable New York milliner, she dismayed the proprietor by asking, among other things, "Do you have a lover?"

It has always been Garbo's awful burden that because of her Sphinx-like air of omniscience people expect that she is constantly at the point of saying something of vast import.

The few Garbo utterances that have made a lasting impression on her friends are notable less for profundity than mysteriousness.

A traveling companion once found Garbo sititng on the floor of her hotel room swathed from head to foot in blankets.

Asked what she was doing, Garbo solemnly replied, "I am an unborn child." Another time she surprised a friend by saying, "I had an awful row with God this morning," a remark the more arcane because Garbo is not known to have strong religious inclinations.

NO ONE RESISTS HER SPELL

Today, at forty-nine, Garbo's power as an enchantress is intact. Old friends and new acquaintances, women as well as men—none, it seems can resist her spell.

Perhaps the most affecting example of Garbo's occult influence was submitted recently by Truman Capote, the young writer and Garbo worshipper.

"It happened," Capote related, "that once I stopped by the apartment of a friend who previously that afternoon had entertained Garbo at tea.

"As I entered the room and started to sit down in an especially comfortable-looking chair piled with pillows, my friend, a very sane fellow, suddenly asked would I mind not using that particular chair.

" 'You see,' he said solemnly, 'she sat there: the dent in the little red pillow, that's where her hand rested—I should like to keep it a while longer.'

"I understood him perfectly."

GLASSES

The hairdo should be carefully chosen for those who wear glasses . . . not tailored to severity nor of an intricate design. Softly feminine, moderately off the face lines are best. If the hair is too forward the face has a cluttered look . . . if combed back too severely the glasses stand out conspicuously.

Brush your hair until it shines is a good rule for all but especially applies to those who wear glasses.

Make your hair truly a crowning glory and attract attention to it rather than to your glasses.

Keep your eyebrows neatly shaped so that no untidy hairs will detract from the smart line of your glasses.

Hats with an uneven or curving brim are the most becoming with glasses. Don't wear dangling earrings . . . ever!

Tells Police to Keep Billy Club in Hand

MILWAUKEE (UP) — Police Chief John W. Polcyn told precinct captains recently to remind beat patrolmen to carry their "billy clubs" in their hands and not in their pockets.

The sight of the club in the hand has a deterring effect on would-be violators, he said, and a policeman can use the club immediately to defend himself.

Polcyn's order followed an accidental shooting in which a patrolman wounded a man who struck him while the officer was investigating a car blocking an alley.

Polcyn said the shooting might not have occurred if the officer had had his club in his hand.

Stockholders Increase

CHICAGO (UP) — Nearly 25,000 more people are part owners of Standard Oil Company (Indiana) and its subsidiaries today than were stockholders 10 years ago, according to the company's 1954 annual report. The report showed there were 122,100 stockholders at the end of 1954 as compared with 97,170 at the end of 1945.

City Students to Get Poster Contest Awards

Ten young Pontiac art students who painted their way to awards in the American Automobile Association's 11th annual national safety poster contest will be honored at an 8:45 a.m. assembly at Loncoln Junior High School Thursday.

Patricia Canfield, 835 Kenilworth Ave., 14-year old ninth-grader, was the top Pontiac winner, taking a second prize for her illustration of the slogan, "Help Your Safety Patrol." She will receive a $25 check from Robert Lewis, Automobile Club of Michigan safety educational consultant.

Lewis will present honorable mention certificates to Juanita Turnage, 14, 85 E. Tennyson Ave.; Madelyn Magerman, 15, 659 N. Perry St.; Sandra Zahn, 15, 2525 Mt. Clemens Rd.; Jeanne Andrews, 14, 599 Lenox Ave.; Marilyn Gregg, 14, 27 Cadillac Ave.; Robert Caswell, 14, 366 Nelson St. and Richard Hwang Jr., 12, 750 Lounsbury Ave.

Certificates of commendation will go to Brenda Voynar, 777 Third Ave. and David Cunningham, 398 N. Saginaw St.

The award winners are all students of Mrs. Margaret Burrette, who will receive a special teacher's commendation award. The winning entries were selected from among 7,500 submitted from all over the United States.

Red Container Is 'Must' When Buying Gasoline

Oakland County Prosecutor Frederick C. Ziem reminded residents today that in buying gasoline for outboard motors and similar purposes a vermilion red container must be used.

"When wholesalers or retailers dispense gasoline, benzene and naphtha state law requires the buyer to have a red container labeled as to contents," Ziem explained.

When the three products are sold in quantities not over one quart a bottle can be used, but be labeled in red ink in letters at least one-quarter inch high, the prosecutor explained.

All-City School Music Festival Set Thursday

Pontiac Press Photos

DECEMBER IN JUNE — Students at Webster school will present the month of December in "Calendar Capers of 1955," an all-city elementary school music festival to be staged in Wisner Stadium Thursday night at 7:30. Left to right in the above photo are: Patty Hamilton, a ballerina; Susan Pill, also a ballerina; Joan Grahek, a stuffed cat and Leo Amman, the bugler. This year's festival is directed by Dr. Edith departments of all of the elementary schools are co-sponsoring the event which is open to the public. Schools participating in the program are Bagley, Baldwin, Central, Crofoot, Emerson, Hawthorne, LaBaron, Longfellow, Malkin, McCarroll, McConnell, Owen, Webster, Whitfield, Willis, Wilson and Wisner. Working with the program arrangements have been the Pontiac High School radio workshop, Ushers' Club of the high school and the Pontiac High School instrumental department. Lois Fraser, a teacher at Webster, designed the cover of this year's program.

Event Scheduled at Stadium Here

Elementary Pupils Plan Calendar Capers of '55 Presentation

By HAZEL A. TRUMBLE

An all-city elementary school music festival—"Calendar Capers of 1955"—will be staged Thursday night at 7:30 in Wisner Memorial Stadium.

Fifth-and 6th-graders of all public schools will participate in this around-the-seasons review directed by Dr. Edith Roach Snyder and Ruth DeCou. Tom Montgomery will serve as organist and the script was prepared by Vera Mae Adams.

Narrators for the event are Robert Crandall, Carolyn Hawn and Burton Belant.

Co-sponsored by the vocal and music departments of the elementary schools, the physical education departments also participate in the staging of this event.

MUSIC TEACHERS ASSIST

Music teachers assisting were: Beatrice Boersma, Wilma Exline, Hazel Gessinger, Rosamond Haeberle, Jean Henning, Jean James, Ruth Laudenslager, Rosemary Northon, Hildegarde Odhner, Margaret Snyder, Evelyn Weiss, George Woodworth and Stella Lou Zell.

Physical education instructors were: Michael Fiorillo, John Huffman, Mildred Hutchinson, Elden Johnson, Jack Kearns, Arlene Oates and Ralph Waterman.

Bagley schiol will present January in song and dance and other schools selected for monthly portrayal are: Wisner school, February; Whitfield schoo: March; Longfellow school, April with Willis and Emerson doing the pageantry.

LeBaron, Malkim and Owen schools will stage the Maypole dance with the crowning of the king and queen from Hawthorne school; Central school will do June; Whittier, July; Crofoot school, August; Wilson school, September; McCarroll and McConnell schools will depict October and Baldwin school is scheduled to perform November.

Webster school will present December.

FESTIVAL PLAYERS— All dressed up to portray February in costume and song are girls from the Wisner school. Standing, left to right, Janet Leonard and Jeanette North. The two girls on the lower step are Mary Jess and Caroline Dudley. Every festival must have a king and a queen and Hawthorne school will present two of its 6th-graders in this role. In the photo at the left, young Patsy Vandecar has just been crowned. Reigning with her for the event is Robert Perrazo, the king. Each elementary school in the Pontiac school district has been selected to present a different monthly scene and song for the festival. This year's program has been designed for the 5th and 6th-grade levels of each school.

Menon Getting Buildup by Reds

Chinese Communists Deliberately Boosting Indian Diplomat

WASHINGTON (AP)—Red China apparently is giving a deliberate buildup to India's V. K. Krishna Menon, a frequent bitter critic of the United States, as the man to negotiate settlements between Washington and Peiping.

Menon often follows the Communist line in international affairs. He is regarded by officials here as quite friendly to Red China.

He will be coming to the United States in a few days for United Nations meetings in New York and San Francisco. His public reputation has been so much increased by Red China's handling of the release of four U.S. airmen that officials are reluctant to give him the cold shoulder.

They dare not give the impression that the United States would pass up any reasonable opportunity to ease tensions. Furthermore, there is always a chance that because of his cordial contacts with people like Red Chinese Premier Chou En-lai the Indian diplomat may really be able to contribute to some settlement.

The tipoff on Red China's attitude toward Menon came with its manipulation of the news of its decision to release four American pilots.

Menon made the announcement at a news conference in New Delhi Monday. Not until he had spoken out did the Peiping radio broadcast the official version. The radio itself could have broken the news. Peiping could have given the release to U.N. Secretary General Dag Hammarskjold or to some other diplomat.

Hammarskjold journeyed to Peiping early this year and negotiated for the release of the airmen for the past six months.

Secretary of State Dulles sent messages of thanks to both Hammarskjold and to Menon's chief, Indian Prime Minister Jawaharlal Nehru. He thus sought to put Hammarskjold's efforts on a par with those of Menon's.

Menon, 58, is relatively new in diplomacy.

Three years ago, he was assigned to the United Nations.

Today the thin-faced, thick-skinned diplomat who once patched together a meager existence as a teacher and writer of cheap novels in London is India's ambassador to the United Nations and Nehru's chief foreign policy adviser.

At the U.N., Menon has raked the United States over the coals many times. Most officials seem to regard him as being primarily concerned with India's own interest in neutralism and peaceful settlements — willing, perhaps, to make peace at almost any price.

Plan Pipeline to Carry Coal 108 Miles From Mine to Power Plant in Cleveland

PITTSBURGH (AP)—Now they're going to ship coal by pipeline.

Impossible? It's all been worked out, and plans are virtually complete to build a 108-mile pipeline are virtually complete to build a 108-mile pipeline from a mine in Ohio to a utility in Cleveland.

The coal will be cleaned and pressed into small pieces. Then, mixed with water, it will be poured into the pipeline. Pumping stations along the way will keep it moving. Aat the receiving end the mixture will be "dewatered" and the coal stored for use.

• • •

Pittsburgh Consolidation Coal Co. and the Cleveland Electric Illuminating Co. announced yesterday they have entered into a contract for the delivery of about 18 million tons of coal over a 15-year period.

The pipeline will extend from the coal company's Georgetown properties to the Eastlake plant of the utility.

George H. Love, president of Pittsburgh Consolidation, said construction will begin shortly. He estimated the cost between 8 and 10 million dollars.

• • •

The Pennsylvania Railroad, the New York Central and the New York, Chicago and St. Louis Railroad are cooperating in the project. They serve the mine and the utility.

Most of the coal produced at Georgetown, one of the largest commercial coal operations in the world, will continue to be shipped by rail, Love said.

6 Teenagers Admit Beverage Possession

Charged with illegal possession of alcoholic beverages, six teenagers Tuesday paid $10 fines and $10 costs each after pleading guilty before Holly Township Justice Aubrey Butler.

They are Daniel and Margie Thompson, both 18, of Wheeler; John Thompson, 19, also of Wheeler; Edna McCarthy, 18, of Fenton; Vernon and Dennis Dean, both 18, of Fenton.

All four were arrested at 2:40 a.m. May 31 by Holly Police.

Chain Store Tax Repeal May Be Vetoed

LANSING (AP) —Gov. Williams today received a bill to repeal Michigan's 22-year-old chain store tax, but there were some who wondered whether he would veto it.

• • •

The House passed the Senate-approved bill by a 60-44 vote last night over objections that the legislature should not be cutting taxes when it is faced with a $27 million deficit.

The tax reportedly yielded some $475,000 in 1954

Supporters argued that the levy is a "punitive tax" that discriminates against a certain group of retail merchants.

• • •

"There is no reason why a storekeeper should pay additional taxes because he owns more than one store," saiee Rep. Rollo G. Conlin (R-Tipton), chairman of the House Taxation Committee.

Fearful that they couldn't swing passage, supporters forst fried to tack on amendments to extend the life of the tax for one or two years. Both amendments were defeated.

Of the 29 states which originally passed chain store taxes, only 13, including Michigan, still have them.

Proud Lake Recreation Area Outdoor Camp Dedicated

By REBA HEINTZELMAN
Press Milford Correspondent

One of the most fabulous outdoor camps in the country is being formally dedicated today at Proud Lake Recreation area, near Milford.

Fifty 11th-grade students from Royal Oak are in charge of the all-day affair. This evening, the group will gather around an outside campfire, with conservation officials from Lansing taking charge of the meeting.

This is the first organized group to occupy the new buildings.

Top-ranking educators from all over the country have inspected this non-profit camp, and labeled it "an architect's dream." It is the very first group camp of its type in the United States, according to Alfred Masini, park manager.

LOCATED NEAR RIVER

Built entirely by local State Conservation personnel, the two large buildings are situated a mile and a half from the main highway in a landscaped area close to the Huron River.

Here, in an isolated area of approximately 400 acres, are all the natural resources necessary to study Michigan outdoor wildlife.

Lowest original building costs submitted by professional contractors, were $60,000 for each buiding, according to Masini.

The budget did not permit that much money for the camp. So State Conservation experts completed the entire project, under the supervision of Masini, for a total cost of $48,000 for both buildings and all equipment.

There are accomodations for 66 people, with the latest air-conditioning in the main hall which is 20 by 60 feet.

Under the terrazo tile floor there is perimeter-type indirect heating for cold weather. Large formica top dining tables fold up, so that the hall may be cleared for recreational use.

NEW EQUIPMENT

In the kitchen, new equipment includes an automatic dishwasher, a one-ten cubic refrigerator, silver, dishes, and stainless steel pans. There is also a 10-foot square walk-in refrigerator. Living quarters for two cooks adjoin the kitchen.

A short distance from the main hall is a fully equipped dormitory with 30 double bunk beds and plastic-covered mattresses.

There is an intersecting lounge with a large open fireplace in the center of the structure. A spacious snack kitchen is back of the lounge.

The dormitories extend in opposite directions. Private accomodations for two group counselors are in each wing. The entire lighting system is controlled from the counselor's quarters.

• • •

Special rustic furniture, being made in the Porcupine Mountains in northern Michigan, will match the natural setting surrounding the buildings.

BRIDGE BUILT

A new bridge has been built across the Huron River in front of the dormitory building, providing access to a large wooded area.

Any non-profit group interested in outdoor life may use this camp. Groups must furnish their own food and cooks and must tidy up the buildings before they leave.

A new type walk is being installed. Called Earth Crete, it is cement mixed with earth and will blend with the wooded landscape.

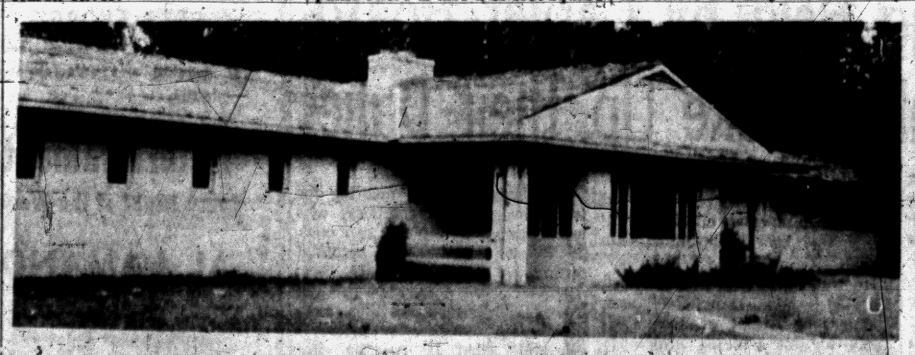
Four more buildings planned for the future will include an Administration building, an arts and crafts building, and two more dormitories.

In cooperation with the Michigan State Library, a complete new library is to be installed in the dormitory lounge within the next few weeks, Masini said.

EXPERTS AVAILABLE

Nature experts from conservation personnel at Lansing will work with any group, if requested.

"This is strictly an educational project," Masini said, "not a joy-ride for school children. If people conduct themselves as they should, this will be an example of one of the finest projects in the United States."



WINGED DORMITORY—Contractors figured $120,000 for the two new buildings erected at the Proud Lake Recreation area, but Michigan State Conservation Department experts did the job for $48,000, including equipment, according to park manager Alfred Masini. The dormitory shown here is split into two wings, for use by mixed groups. A large lounge in the center divides the two sleeping areas, and provides a place for recreation during rainy weather.

EQUIPMENT CHECK — Proud Lake Area park manager Alfred Masini is shown checking over the kitchen equipment before the formal dedication today of the new camp buildings at the area. The new additions are near the main highway, located in the 400 acre recreation area. All the latest equipment is included in the kitchen, along with living quarters for two cooks.

BED TESTERS — Stuck with the softest job of the dedication of the Proud Lake camp is this trio of campers from Royal Oak — Gordon Motion, standing; George Babbitt in the upper bunk, and John Engell in the lower. Accomodations for 66 are included in the new buildings at the camp, and the main hall is air conditioned to insure a cool hideaway for hot summer afternoons.

FEATURED IN "BUNNY BALLET" — Some of the dancers to appear in a Spring Ballet Festival to be held at 8 p. m. Thursday in the Waterford High School auditorium, are (l-r) cowbunny Georgeanna Kuchko, fashion parader Dina Greenway, performer Pam Morgan and, keeping a firm grasp on her carrot, Beth Ann Gillett. The dance recital will feature some 200 young students of the Waterford Township Recreation Department ballet classes held in the CAI Building. Carole Wolfe, dance instructor, will direct the recital.

200 Waterford Youngsters Scheduled for Spring Ballet Festival Thursday

WATERFORD TOWNSHIP — Some 200 Waterford youngsters will make their stage debut Thursday in a colorful Spring Ballet Festival, to be presented in the auditorium of Waterford High School starting at 8 p.m.

Carole Wolfe, dance instructor, will direct the children in the recital, which is the third such annual event to be sponsored by the Waterford Township Recreation Department.

The Festival will climax another season of poise and rhythm teaching to hundreds of youngsters which Mrs. Wolfe has directed.

The twice-a-week Recreation Department classes have been held during the fall and winter at the Communities Activities Center on Williams Lake road.

* * *

The recital will feature three sections, with between-the-acts entertainment by groups of tumblers from Dr. H. D. Davis' school of acrobatics in Pontiac. A spring theme will prevail throughout the event.

The first section, the "Bunny Ballet," will be for girls 3-9 years of age. The dancers will be costumed, with Pat Wolfe Jr. playing the "funny bunny" and Debbie Peterson, daughter of Mr. and Mrs. Tom Peterson, as the "good fairy."

In the next set, boys and girls 7-12 years old will present the "Scarecrow Scene."

The ballet number for advanced students, 8-9 years old and teenagers, will have 40 performers, Mrs. Wolfe announced.

Parents and friends of all the children as well as the general public have been invited to the recital. Tickets will be on sale at the door.

Seaway Costs Cut $15 Million

Elimination of Duplicate Locks Will Save Large Sum of Money

WASHINGTON (AP) — Administrator Lewis G. Castle of the St. Lawrence Seaway Development Corp. said yesterday the United States' share of the cost of the 27-foot deep international waterway will be about 15 million dollars less then estimated.

* * *

Castle, testifying before a Senate Appropriations subcommittee, said decision by this country not to build a duplicating lock and canal at Point Rockway permitted the savings.

The lock and canal will be built by the Canadian government at Iroquois, Ont.

Castle in supporting a corporation request for $280,000 in administrative funds for the year beginning July 1, said relations with Canada in negotiations thus far have been "very happy."

* * *

The requested funds, Castle said, are needed to make possible an increase in the corporation's staff here and in Buffalo, N.Y.

He said if the additional money is appropriated "three to four persons" will be added to the staff. It now has 21 administrative employes.

Castle, in explaining that the completion date for the seaway is the fall of 1958, said a total of 11 million dollars in contracts have been let by the corporation to date. They provide for the dredging of about 22 million cubic feet of earth.

* * *

He said he expected that ships will commence navigating the 27-foot waterway in the spring of 1959.

Civil Defense Topic Slated by Stringham

WATERFORD TOWNSHIP — Stringham School PTA will sponsor its first meeting on Civil Defense, to be held at 8 p.m. Thursday in the school.

Kenneth Goodell, fire chief with the General Motors Corp. Truck and Coach Division, will bring fire-fighting equipment for a demonstration on methods of combating house fires.

Arthur Johnson, director of civil defense for Waterford Township School District, will discuss the seven points of civil defense.

Farm, Garden Group Meeting Tomorrow

WATERFORD TOWNSHIP—The Waterford Branch of the National Farm and Garden Assn. will meet at 1 p.m. tomorrow at the home of Mrs. D. E. Edstrom, 3325 Whitfield.

Mrs. Gil Every will present a program of book and magazine reviews. Mrs. Charles Harrison and Mrs. Robert Materna are cohostesses.

No Shaving in Pentwater

PENTWATER (AP) — Male residents of this Oceana County resort town are growing beards to mark the county's 100th anniversary. The move repeats a theme started earlier in Ludington and Big Rapids. Pentwater, oldest town in the county, plans to incorporate the centennial theme in its annual water festival and homecoming celebration early in August.

Scientists to Trace Cancer Growth in Mice

By RENNIE TAYLOR
Associated Press Science Reporter

BERKELEY, Calif. — A series of experiments in which scientists expect to witness the steps by which a virus produces a cancer is under way at the University of California.

* * *

With play-by-play operations the researchers hope to learn important facts about the genesis of malignancy—some things which might give new drive toward a solution of the most baffling problem in medical science.

The project starts with a tiny lump on the breast of a mouse. It is a lump of abnormal tissue but is not yet a cancer. It appeared a few weeks after the mouse was weaned. The milk of the mother contained a virus which does just one thing—causes breast cancer in mice. This much is known.

How then does the abnormal lump turn into cancer? What role does the virus play from here on? What changes does the little lump undergo before it turns malignant? What happens in the mouse system that allows the cancer to run wild later and destroy the animal?

TEAM LISTED

Answers to these questions will be sought by the research team, which includes Dr. Kenneth B. Deome, Dr. M. Alfert, Dr. R. J. Backus, Dr. W. A. Berg, Dr. H. A. Bern and several graduate students.

* * *

In one move, the little lump will be transplanted from its site of origin to the back of another mouse, where cancer normally does not occur. This may tell whether cancer will develop if the lump is moved from its normal environment.

Other transplants exactly like this will give the investigators opportunities to see if they can speed up or slow down the development of the lump with chemicals and other agents. Still others will allow observation of what part the lump plays and what part is played by the rest of the mouse in the transition to cancer.

Lumps from old mice will be transplanted to young mice. This will indicate whether age influences the conversion to malignancy. The transfer of a lump from an old to a young animal potentially doubles the life span of the lump because it provides a longer stay in young cell tissues. If it exists a longer than normal time as a mere abnormality will it fail to produce cancer? The tests should show.

TO TEST GLANDS

Usually mice develop the cancer after their hormone - producing glands got to work. Some tests animals will be deprived of these glands. Then they will be treated with various combinations of hormones. This may disclose whether one or more of them promote the cancer or deter it.

Tests on how the mouse systems utilize phosphorus, an element needed by all cells in the conversion of food into energy, will show the researchers whether there is any difference in vitality among normal mouse tissue, the abnormal lump and the eventual cancer.

From these and other findings they may be able to add some significant new detail to the picture of the structure and development of malignancy.

Planning Group Asks for Study of Recreation

DETROIT (AP) — In the light of changing "leisure time patterns" of metropolitan area residents, how much land should be set aside for their recreational activities?

Officials of the Detroit Metro-Commission (RPC) say they will ask the Ford Foundation to make a study of that question to help them in their planning for a growing metropolis.

T. Ledyard Blakeman, RPC executive director, told the group's executive committee yesterday that foundation officials "are receptive to the idea."

The study could be of national importance, Blakeman said.

The Huron-Clinton Metrpolitan Authority has retained Prof. John W. Hyde of the University of Michigan to develop a plan for the study. The RPC staff will work with him.

City Man Honored by Masons' Lodge

Pontiac Masons of Lodge 21 F&AM recently honored Thomas F. Lake for his faithful service as tiler during the past 25 years.

Also paying tribute to Lake during ceremonies in the Masonic Temple at 18 E. Lawrence St., were 22 past masters, 19 of whom Lake had served under during the quarter century.

Past Master Wayne Scott presented Lake with a diamond-studded lapel pin, emblematic of his 25 years as tiler. Showing further appreciation, the lodge also presented Lake with a television set.

Lake, a 32nd degree Mason, lives with his wife at 146 S. Johnson St.

His topic is "The Sources of Gladness."

The invocation will be given by the Rev. Paul Wittrig, and senior class president Vernon Lerette will present the gavel to Jim Kirkbride, president of the 1956 class.

Potter Favors Loans, Not Gifts

Michigan Senator Says Grants Have Unhealthy Psychological Effect

WASHINGTON (AP)—Sen. Potter (R-Mich) said today that "for psychological reasons" the United States should channel its economic aid to foreign nations in the form of loans, not outright grants.

He said he will fight in the Senate later this week for an amendment to require the administration to put most of its requested 165 million dollars in direct economic aid on a loan basis.

The Senate agreed yesterday to limit debate on the 3½-billion-dollar aid program effective tomorrow. That may bring passage late tomorrow or Friday.

* * *

Sen. George (D-Ga), chairman of the Foreign Relations Committee, which approved the full authorization asked by President Eisenhower, said he still is confident the Senate will approve the bill pretty much as it came from his committee.

"There might be some small cuts, or small additions for that matter," he said, "but I do not want the measure interfered with in great detail."

Potter said in a separate interview: "I cannot for the life of me understand why economic aid should not be on a loan basis." He said India had been compelled to turn to the Soviet Union for a loan to construct a steel mill. This nation, he said, could have concluded the same arrangement with India if a loan of that kind had been available.

* * *

"The psychological effect, particularly on a new nation like India, is much better if they get their aid in the form of loans rather than handouts," Potter said.

As debate opened yesterday, George told the Senate that "hasty and perhaps ill-advised" reduction of "even a few dollars" in the foreign aid program would psychologically weaken the President's hand at his forthcoming conference with the Premiers of Russia, Britain and France.

Chiang Press Raps U. S. in Freeing of 4

TAIPEI, Formosa (AP)—Nationalist Chinese newspapers displayed bitterness against the United States today in discussing Red China's release of four American airmen.

"Sugar-coated poison," sneered the Hsin Sheng Pao, which speaks for the Formosa provincial government. This was the general tone of the press which argued, as did the official Central Daily News, that the release would not reduce international tension but would only stir conflict among the Western Powers.

* * *

Central Daily News reiterated Nationalist China's determination not to sit at the same table with the Reds or recognize any decisions affecting its interests made without Taipei's consent.

The strongest editorial came from the Kung Lun Pao, published by Formosan interests, which renewed its attack on what it called America's indecisive policy.

It said America is guided by self-preservation and avoidance at any cost of a third world war.

Seek Drowning Victims

GRAND HAVEN (AP) — Daily searches from the air and along the shore continue for the bodies of William Schuitema Jr., 19, and Daniel Gould, 20, believed drowned in Lake Michigan May 7. The two last were seen by friends and reported planning a trip to Muskegon in Schuitema's boat. The boat washed ashore later in a heavy northwest sea without a trace of its occupants.

Yap Islanders of the western Pacific still wear loincloths and grass skirts as did their ancestors.

Pontiac City Affairs:

City and Detroit Edison to Trade Land Parcels

The City Commission last night approved and sent to the City Plan Commission a deal to swap parcels of land with the Detroit Edison Co.

City Manager Walter K. Willman said the trade would give the city 4.7 acres of wooded land adjacent to Murphy Park for 4.5 acres of bare land now within the park boundries. Obtaining the Edison-owned land would also permit another roadway to be built into the park, he said.

James J. McCarthy was reappointed to the Police and Fire Trial Board for a five-year term.

The Commission gave provisional approval for a food license for Frank Monnett at 910 Oakland Ave. Monnett's license was revoked last September.

RE-OPEN REQUEST

After re-opening a rezoning request which lost for lack of a three-quarters majority vote last week, the Commission tabled it for further study. The request was for a shift to manufacturing for residentially-zoned land on Lake street.

In other action, the Commission approved granting used auto parts licenses to Herman Hollerback, 340 Baldwin Ave., and Fred Gaukler Jr., 121 E. Montcalm Ave.

Transfer of a package whisky (SDD) license, to Louis Finefold at 493 S. sanford St. was approved along with transfer of a tavern license and food license to Talbert T. Griggs and John W. Willis at 377 South Blvd.

A request for transfer of a tavern license to a Class C liquor license at 30 S. Saginaw St. was rejected on the grounds "there are enough such licenses in that area already."

Received and filed was a communication from the Michigan Liquor Control Commission regarding transfer of tavern licenses to Class C licenses.

A chancery summons from Circuit Court was referred to the city attorney. It concerns a suit against the city for sewer connections to lots 467 and 468, Perry Park Subdivision.

ORDINANCE READ

Given first reading was an ordinance calling for rezoning lots 591, 592 and 593, Ferry Farm Addition.

The Commission concurred with a resolution adopted by the city of Lincoln Park asking an investigation of gasoline prices. Lincoln Park has requested every village, city and township in the state to take the action.

Public necessity was declared for a sidewalk in front of lots 323 and 324, Washington Park Subdivision.

A public hearing was held on intention to construct curb, gutter and drainage on Carlisle avenue from Walton to New York and the city assessor authorized to prepare a special assessment roll.

Public hearings were set for special assessment rolls for curb, gutter and drainage work on Fourth avenue from Joslyn to Fuller and on Ypsilanti avenue from Carlisle to Stanley.

Detroit Man Sentenced

In Oakland County Circuit Court yesterday, Fate Sanders, 43, of 20122 Manor, Detroit, was placed on one-year probation and assessed $100 court costs by Judge H. Russel Holland.

He admitted May 20 selling a pint of liquor last Jan. 15 in Royal Oak Township without a license.

Royal Oak Man Jailed

Frank Phair, 57, of 328 W. Dallas, Royal OaOk Township, yesterday was sentenced to 30 days in Oakland County Jail an dfined $100 by Circuit Judge H. Russel Holland. He was accused of drunk driving last Feb. 19.

Malik, Japs to Talk Peace

Envoy Flies to London to Open Negotiations for Treaty

LONDON (AP) — Soviet Ambassador Jacob Malik flew in from Moscow today to open talks with a Japanese delegation on a World War II peace treaty between the two nations.

Malik, who left his London post a week ago to consult with Soviet Foreign Minister V. M. Molotov, asked Japan's chief delegate Shunichi Matsumoto to visit the Soviet Embassy this afternoon for the initial talk.

* * *

A Japanese spokesman said the two envoys would discuss procedure for conducting the negotiations, which may last up to six months. Japan is pressing for an over-all settlement of differences over territorial issues, fishing rights, trade, diplomatic ties and repatriation of Japanese prisoners of war still held by the Russians.

The United States and Britain have no direct part in the Russo-Japanese talks.

Western diplomats expect Russia to try to weaken Japan's close ties with the United States and to woo her toward a more neutral role in the East-West struggle.

Exiled Arab Hero Returns to Tunis

TUNIS, Tunisia (AP) — Nationalist hero Habib Bourguiba returned home today from three years of French-imposed exile. A wildly cheering throng welcomed him.

The tall, 52-year-old president of the moderate Neo-Destour (New Independence) party smiled broadly as he walked down the gangplank frim the ship Ville d-Alger, which brought him from Marseille.

* * *

A flotilla of fishing boats from all Tunisia's ports escorted the ship into the harbor. Thousands massed on the dock chanted over and over "Bourguiba! Bourguiba! Bourguiba!"

The nationalist idol until recently has been under lenient enforced residence in France. The French government finally recognized his leadership formally by consulting him during the French-Tunisian negotiations which ended early last Sunday with initialing of an agreement giving the North African protectorate a large measure of home rule.

Quiet Meeting Held by Carver Board; 2 New Members Take Up Their Duties

ROYAL OAK TOWNSHIP — A quiet and dignified board meeting was held in the George Washington Carver school last night, with 150 parents and teachers attending.

The new board unanimously agreed to delete the minutes of the April 11 board meeting from the record, on the grounds that the meeting was illegal.

The April 11 meeting, at which armed guards kept the public from attending, was held in the home of Mrs. Loretta Baker, ousted secretary of the board.

Following last night's board meeting, a special citation ceremony was held in honor of Otis Eaton.

He was presented with a check for $786 by Mrs. David Buchanan, teacher, on behalf of area residents for his untiring efforts to bring about a reform in the school board.

He is the organizer and leader of the Citizens Improvement Committee. The $786 was collected in the community, and is not part of school funds.

This was the first meeting for two new board members who were named to replace two ousted by a recent recall election. Sitting on the board were Mrs. Anabelle Ethridge and Willie Young. They replaced Mrs. Loretta Baker and Chester Carter.

In the April 11 meeting, the board had voted to award Superintendent of Schools Walter Buffington a three-year contract, at $8,980 per year, beginning in July. By the action last night, this measure was voided.

Chilean Steelworkers Strike for More Pay

SANTIAGO, Chile (AP)—The strike-harassed Chilean government had a new walkout on its hands today. about 4,500 steelworkers at Huachipato, in southern Chile, were off their jobs to enforce pay raise demands.

The new strike began yesterday, shortly after the government agreed to give pay raises to 25,000 cemetery and hospital workers who walked out five days ago. The nation's university students also are on strike to enforce demand for the ouster of Interior Undersecretary Carlos Ferrer.

Code Boss Shurlock Puts Damper on Film Violence

By BOB THOMAS

HOLLYWOOD (AP)—The man who is trying to put a restraining hand on movie violence is square-built, English-born Geoffrey Shurlock.

Last year, the 60-year-old Shurlock succeeded Joseph Breen as Hollywood's production code administrator. He and his staff survey most scripts and all finished pictures and advise studios on censorship matters.

* * *

If films conform to the production code, they get a seal certifying them to be shown in American theaters. Rarely do producers try to sell movies without a seal. "The Moon Is Blue" was one of the few exceptions.

As Hollywood top censor, Shurlock tries to avoid the limelight. But because movie violence has become such a big issue, he granted an interview on the subject.

* * *

"We saw this coming last November," he said. "There was a notable increase in the amount of violence in scripts being presented. Those are the pictures that are in release now.

"We cautioned the producers that too much violence would bring a reaction from the public. I think we are making some headway in convincing them that violence should be toned down. But the results will not be evident in the theaters for another six months.

* * *

"One of the reasons I foresaw this trend toward violence was the Academy Awards. The top winners two years in a row were two extremely violent films — 'From Here to Eternity' and 'On the Waterfront.' It was inevitable that others would follow."

How does the code authority gauge the public's reaction to film content?

* * *

"The audience is our partner in this business," said Shurlock, veteran of 23 years with the code. "We watch the reaction carefully, through the Legion of Decency, the 13 women's groups that review pictures, the Protestant Film Council, plus the important trade and newspaper reviewers."

How does the code govern violence?

"We have no hard and fast rules. Rules would kill this industry. We can only do what Breen suggested: 'Let's make pictures that are reasonably acceptable morally to reasonable people.'"

One thing the code does prohibit: youngsters with guns.

Shurlock said he will not admit the claims of some critics that crime pictures contribute to delinquency.

"Perhaps two or three kids are induced to try crime out of the 800 million children in the world that see movies," he said.

* * *

Shurlock said he and his staff are looking more closely at scenes of violence in current scripts. One of the suggestions he has made to producers is to have actual beatings "off frame." In other words, lead up to the violence and show the result, but leave the blows to the audience's imagination.

"Another thing we have noticed: there are not enough 'nice people' in films," he remarked. "Audiences do not complain as much about violence if decent people are also pictured in films."

Train Hits Oil Truck

LIVERMORE, Ky. (AP)—A fast freight train hit an oil transport truck at a crossing yesterday and set off an explosion. The truck driver, Reginald H. Lamb, 25, of Henderson, ran from the scene saturated with flaming oil. He died shortly afterward. N. E. Wyatt, 67, Louisville and Nashville Railroad engineer, was burned critically. Fireman L. E. Sears was burned less seriously.

Hit by Car at Home

DETROIT (AP)—Mrs. Bessie Johnson, 29, was seriously injured by an automobile as she swept her living room floor. An out-of-control car driven by Mrs. Minnie Thompson, 68, crashed through the side of the house, pinning her against a wall. She suffered a skull fracture and internal injuries. Mrs. Thompson escaped with minor injuries.

An unusual snowfall of 50 to 60 feet is not uncommon in Oregon's Crater Lake National Park.

Durocher Hopeful Giant Hitting Will Improve

By THE ASSOCIATED PRESS

One of the facts of life in the major leagues is that a team can't win many ball games on four hits.

No one knows it better than Manager Leo Durocher of the New York Giants and he's far from happy at the prospect of facing the western clubs in 12 games starting tonight with the Cincinnati Redlegs.

The Giants eked out a 2-1 decision over the Philadelphia Phillie last night, collecting four paltry hits in the process. Three of the blows figured in the Giant scoring. Davey Williams broke it up in the ninth with a single against the right field wall, scoring Don Mueller who had walked and moved to second on a sacrifice.

"The pitching hasn't been too bad, everything considered," said Durocher, trying bravely to show some optimism. "There were plenty of situations in some of our losing games when a hit in the right place would have made the difference.

"But we just aren't hitting—at least we aren't hitting in the right places."

* * *

Even the Giants' first run against the Phils was tainted. Herman Wehmeier, a journeyman righthander who couldn't do any better than a 4.40 earned run average last year, had only himself to blame. He tried to pick Sal Maglie off first base and threw wildly.

That sent Maglie to second and Whitey Lockman promptly followed with a double, equaling the run the Phillies scored in the first.

* * *

It was fortunate for the Giants that the ancient Maglie had one of his better nights. He gave up only five hits in winning his sixth straight.

* * *

The Brooklyn Dodgers dropped a 6-3 decision to the Pittsburgh Pirates. In the only other game on the schedule, the Cleveland Indians pulled to within 2½ games of the New York Yankees by edging Baltimore 2-1 in 13 innings.

The Dodgers now lead the National League by five and a half games over the Chicago Cubs hardly a precarious position.

* * *

Losing to the Pirates was particularly irksome to the Brooks because Bob Friend was on the mound for the Buccos. He went all the way and became the first pitcher of the season to whip Walt Alston's operatives twice.

* * *

He gave up nine hits and was in trouble only in the fourth when Roy Campanella and Sandy Amoros hit home runs. This flurry gave the Brooks a short-lived 3-1 lead which Clem Labine and Ed Roebuck couldn't protect.

* * *

Jim Wilson, a tough bird, went all the way for Baltimore and had the Indians shut out until Dave Philley hit a home run in the ninth to tie it. The only assistance he received in the batting department was Gene Woodling's homer in the third.

Philley set up the winning run in the 13th when he walked. Sam Dente broke it up with a double, giving reliefer Don Mossi his first triumph of the year. Mossi came on in the eighth after Bob Feller went out for a pinch hitter.

Olson Heads Fistic Circus Headed for European Jaunt

SAN FRANCISCO (AP) — A fistic circus featuring world middleweight champion Bobo Olson and ringmastered by Sid Flaherty will head for Europe in August for a series of one-night stands.

"We'll wind up in London, probably in September, with Olson meeting Don Cockell," Flaherty said today as he and his ace performer prepared to emplane for New York and their June 22 date with Archie Moore for the light-heavyweight championship.

Flaherty figures — and Olson agrees—that a London fight with Cockell would be a good way—and a lucrative one—to wind up the tour.

"Isn't Cockell a little too big?" Olson was asked.

"Big?" replied the self-assured ace of the Flaherty menagerie. "Sure, he's big, but he's just fat. Makes no difference to me how big he is."

Flaherty said arrangements for the bout were being made now through an agent he sent to England and that they didn't hinge necessarily on whether Olson defeated Moore in the Polo Grounds three weeks from tonight.

Flaherty and Olson will arrive in New York Thursday morning and spend the next two days in the city. Then they will go to Asbury Park, N.J., to open training quarters for the Moore fight. Olson will do his roadwork on the Atlantic Ocean beach and work out in a ring set up in Convention Hall.

* * *

During the stay in the East, Flaherty said, he plans to confer about the possibility of a middleweight title defense for Olson in mid-August.

"It's about lined up now," he said, "but I don't want to talk about it until a few more arrangements are made. We'll announce it from the city where it'll be held."

Won't Olson have to give up his middleweight title if he beats Moore?

"Who says so?" replied Flaherty. "He can hold both titles legally, except in a few states which won't recognize him."

The European trip will follow the mid-August bout, Flaherty said. Seven fighters will be in the party, one at each weight except flyweight. One of the group will box the main event on each card scheduled, with Olson appearing in an exhibition at every show.

Tigers Hopeful Return of Boone Will End Slump

Bengals Take 4-Game Loss String Into Tilt With Senators

DETROIT (AP)— Detroit Tigers, falling steadily off the pace of the American League leaders, resume play today hopeful that the return of Ray Boone to the lineup will furnish the spark to end their four-game losing streak.

The big 3rd baseman is the 1st of three regulars to return to the playing field following a rash of injuries that sapped badly needed strength from the Tiger team.

Steve Gromek, who injured his sacroiliac, is expected to be ready for play tomorow after missing three of his last four scheduled starts.

Billy Hoeft will do the pitching for the Tigers today when they take on the Washington Senators in the 1st of a two-game series.

Harvey Kuenn, 3rd of the crippled starters, also is almost ready for the regular shortstop job.

The Tigers can use some infield help, and the sooner the better. During their string of four defeats, longest of the season, they committed 14 errors, more than three a game.

Ineffective hitting and a discouraging failure to come up with hitting when it is needed most have added to Detroit woes. A lone single at the right time would have salvaged at least two of the four defeats. Last two were to 7th place Kansas City, dropping the Tigers 7½ games behind the 1st place New York Yankees.

Kuenn, still the front-running batter in the AL despite his absence in the last seven games, has shown steady recovery from a pulled leg muscle hurt in the last series with the Athletics.

Senators, currently holding down the No. 6 spot, will start Dean Stone in today's contest. Stone chalked up four victories in as many games against the Tigers last season, but has had tougher luck this year.

Following Washington into Briggs Stadium will be Baltimore, New York and Boston. Yankees are the only serious threat, but all thre could cause plenty of headaches if Detroit plays like it did against the Kansas City A's.

Texans Just Miss in ABC

San Antonio Quintet Takes 14th Place in Pin Tourney

FORT WAYNE, Ind., June 1 (AP)— A San Antonio, Texas, quintet almost caused the first shakeup in the team standings of the American Bowling Congress tournament in 30 days last night.

The Atomic Stores team recorded a 2,997 series to just miss the top ten by 15 pins. Paced by lead-off man Roscoe McCraw's 665 series, the Texans rolled into 14th place in the standings.

The team had never bowled together before last night's action. The Atomic Stores team had games of 994, 947, and a big 1056 in the finale. Another San Antonio team, the Phillips Drillers, also rolled into the money last night with a 2,825 count.

These were the top scores of the day, however, as the 72-day tournament draws to a close, winding up Sunday night.

Bald Mountain Aces

Two holes-in-one were recorded over the Memorial Day weekend at the Bald Mountain Golf Club.

Ralph Murphy, 101 Auburn, Pontiac, scored the 2nd hole-in-one of his golfing career. Using a four wood, Murphy aced the 185-yard 8th hole. He fired a healthy 73 for the round.

Ray Solosky, of Detroit, was the other fortunate linksman. He holed out on the 170-yard 17th with a five iron. Solosky shot an 80.

Lions Knock Gidley From Top on Keith's 1-Hitter

The shoe was on the other foot Tuesday night as Gidley Electric fell from its share of the Waterford Township Recreation Softball League.

In a game that was almost a carbon copy of a game last week won by the Gidley nine, Waterford Lions claimed a 1-0 victory in 8 innings. Gidley had victimized Richardson Dairy and Bruce Dryer last Friday 1-0, also in extra innings, on just 1 hit.

Harlan (Fat) Keith stopped the co-leaders with one hit, a 7th inning single by Jim Lesar, and struck out 12, while walking 1. The Lions got only 3 hits off loser Ken Spears, and the winning run in the 8th came without benefit of a hit on a walk, 2-base throwing error and a passed ball.

Gidley's loss left Dick & Wes in sole possession of first place. In Tuesday's second game, Drayton Drug routed Richardson's, 17-9, as the Dairy nine committed 9 errors.

Jack Hagan had 4 singles for the losers, while Drug's Cecil Hanes had 3 safeties.

Long Time, No Loss

Rangers Open '55 High Goal Season on June 5, Haven't Been Beaten Since 1953

The Ivory Rangers will put one of the longest winning streaks in high-goal polo on the line when they open their outdoor season against a top-flight opponent at 3 p. m. on Sunday afternoon, June 5, at the Ivory Polo Club, Lahser and Eight Mile Roads.

Rangers haven't been beaten on the turf since they bowed to the Columbus Polo Club in a notable upset, 15-5, on Aug. 9, 1953. Since that time they have won 31 and tied one in outdoor play in one of the finest victory strings owned by any U. S. aggregation.

Rangers will be well fortified in their efforts to protect this lengthening skein of triumphs. Nucleus of the club will be Capt. Jack Ivory, who is enjoying one of the finest seasons of his brilliant career, and Lew Smith East Aurora (N.Y.) pro who has signed with the Rangers for the 4th straight year.

Ivory has just returned from more than fourth months of high-goal competition at Aiken (S.C.), the traditional stronghold of Winter polo in the U. S.; the national senior indoor polo tournament in New York; and the Hawaiian Islands.

Smith is one of the highest rated players in U. S. polo. He carries nine goals and only three others in the country carry more. They are 10-goalers Cecil Smith, Bob Skene and Stewart Iglehart. The only other nine goaler is Alan Corey.

A wide-open scramble is in prospect for the other two jobs in the Rangers starting lineup. Leading candidates include Mac and Jack Stefani, Larry and Dave Williams, Mike Wacker, Rich Gibson and Bob Peterson.

Polo will be played on the turf field at the Ivory Club every Sunday afternoon at 3 p. m. Doubleheaders will be offered on the indoor ring every Wednesday night, at 8 p. m. Six teams from the club are now engaged in Michigan's first postwar championship tournament on the indoor ring. A tournament twin bill for Friday brings together Pontiac Chiefs vs Rochester Polo Club at 8 p. m. and Franklin Hills vs Toledo Polo Club at 9 p. m. Tournament will continue Wednesday, June 8, with Detroit Majors vs Rochester at 7 p. m., Birmingham Ramblers vs Franklin Hills at 8 p. m. and Toledo vs the Chiefs at 9.

Stagg Returns to Scene of His Biggest Triumphs

CHICAGO (AP) — Amos Alonzo Stagg, "The grand Old Man of Football," returns to the scene of his greatest triumphs today for a reunion with some of his old University of Chicago Maroons.

Along with Stagg will be his wife and "assistant" coach Stella. On hand to greet the 92-year-old "youngster" will be eight members of the famous 1905 football team which went undefeated to capture the Western Conference title.

That was the year of one of Fielding Yosts greatest "point-a-minute" Michigan teams. In winning 12 games, Michigan rolled up 495 points and held the opposition scoreless.

But one Saturday afternoon, Michigan and Chicago staged a brilliant defensive duel. For three solid quarters and most of the final period, neither team was able to score.

Then Chicago's Walter Eckersall sent a booming 60-yard punt into the end zone. Michigan's Danny Clark took the kick but before he could run it out, he was tackled in the end zone by Art Badenock and Marc Catlin.

The final score was Chicago 2, Michigan 0.

Catlin, Badenock, Merrill Meigs, Jessie C. Harper, Bill Boone, Ed Perry, Les Larson and Fred Walker—all members of the 1905 team—will join Stagg today.

Also present will be some members of the 1905 track, baseball and basketball teams, all of which were coached by Stagg.

Stagg, a great athlete at Yale from 1884-1890, began coaching at the University of Chicago in 1892, the year the school opened.

He coached through 1932 when he was automatically retired at the age of 70. Unwilling to sit back and watch, Stagg later coached at the College of the Pacific where his 1943 team upset enough national powers to gain Stagg the "Coach of the year" acclaim.

TUESDAY'S STARS

PITCHING — Sal Maglie, Giants, registered his sixth straight victory as he limited Philadelphia to five hits and struck out seven as the Giants nipped the Phillies 2-1.

BATTING — Sam Dente, Indians, doubled home the winning run in the 13th inning as Cleveland defeated the Baltimore Orioles 2-1.

'Pilot' Program in Track

Utica, Clarkston Athletes Are Leading Experimental Octathalon Competition

Standout high school athletes from Utica, Clarkston and St. Mary of Orchard Lake are proving to be among the most versatile in Oakland County, at least in track and field.

During this spring season, seven Class B schools in this area have been conducting an experimental eight-event track and field program.

Approved by the Michigan High School Athletic Association, the program was the idea of Ben Snyder, Cranbrook track coach, who was at the 1953 Olympic games in Helsinki, Finland, and made note of the lack of outstanding decathlon performers among the Americans.

He has introduced the octathalon program to the area schools, run on an intramural basis, as a "pilot" program, which if successful, might lead to development of an all-around competition among high schools, similar in nature to the decathlon.

Taking part in the plan, in addition to Cranbrook, are OL St. Mary, Clarkston, Utica, Roseville, Romeo, and Troy. The 8 events include the high jump, broad jump, pole vault, shot put, 100-yard dash, high hurdles, 440-yard run and the mile run.

* * *

Performance standards based on existing national high school records are used and points thus awarded. Competitors are regulated by MHSAA rules and don't meet during the program.

Scores are recorded at various times during the season, either during the course of a meet or in practice.

* * *

Final standings will not be known until the final report is in, but after the initial report in May, Ernie Malzahn, Utica's state champion high hurdler, was leading with 2,927 points, scored in 7 of the 8 events.

Bob Yahnke of Clarkston, also a standout for the Wolves in football, basketball and baseball, is in 2nd place with 2,804. Gerry Leszczynski of OL St. Mary is 3rd with 2,765.

Rounding out the top 10 are Gordon Cascadden of Clarkston (2,422), Floyd Bailey of Troy (2,418), Gordon Campbell of Clarkston (2,399), Stan Majewski of Orchard Lake (2,374), Bill Schmidt of Romeo (2,346), Herb Stanton of Cranbrook (2,236) and Vern Carmean of Clarkston (2,235).

* * *

Malzahn's top events were the high hurdles, his specialty (15.4 seconds), the 100 (10.6), and the broad jump (20 feet, 2 inches). Yahnke's top-scoring events are the pole vault (10 feet) and high jump (5 feet, 6 inches).

* * *

Final report from the participating coaches is due about the middle of June and some changes may be expected in the final standings. It is hoped that the program may be expanded next season.

Risks Amateur Status

Coast Paper Reports Santee Paid Too Much

SAN FRANCISCO (AP) — The Chronicle said today Wes Santee, U. S. Olympic team aspirant, is risking his amateur standing by accepting "far more than legitimate expense money in his current California appearances."

The Chronicle said Santee would receive about $3,000 "in expenses" for five races in California within a month, "a sum far in excess" of the maximum allowed by National Amateur Athletic Union rules.

* * *

Amateurs are allowed $15 daily expenses plus first-class round trip plane fare to and from the scene of the meet.

"In Santee's case that would total between $300 and $350 for each of the five races—if he returned to his Kansas home between races," said the paper.

* * *

The Chronicle said meet officials reported Santee received $350 for the Fresno Relays May 14, $1,000 from the Los Angeles Coliseum relays May 20 and $400 from the Modesto Relays May 21. He will get $750 from Friday's Compton Relays and about $450 from the Pacific AAU meet in Stockton June 10, the paper said.

* * *

The Chronicle said its informants refused to be named.

The paper said Santee collected $350 for plane fares for his wife for the Los Angeles and Modesto meets but did not refund them when she did not accompany him.

She gave birth to a daughter April 28 in Kansas.

Chief 9 Still Battling for Valley Crown

Combines Good Mound Job With Hitting to Smother Indians

Still battling away near the top of the Saginaw Valley Conference baseball race, Pontiac High School's Chiefs Tuesday afternoon dumped Flint Central 8-1 to stay in 2nd place.

Coach Ed Heikkinen's club has one more game to play. Concluding test brings the Indians to Pontiac and a victory would clinch a share of 2nd, at least. Yesterday's tilt was played at Flint.

A fine pitching job by Ted Wharry, plus effective and timely stick work produced the victory Tuesday. Ted went all the way, gave up three blows, one a homer by catcher Paul Ananich and two scratch singles. He walked 4, struck out 7, never was in trouble. Pontiac got 7 hits off 3 Indian hurlers.

A 6-run blast in the 2nd salted away the victory. Two walks, 4 hits and a fielder's choice produced the tallies. Bob Murphy, Dick Slade, Bob Smith, Jerry Vallad, Don Daniels and Walt Poe counted. Slade scored in the 4th and Smith in the top of the 7th for other PHS runs.

Indians' lone counter came in the 1st frame, Ananich blasting one over the left field fence.

Titans Upset Spartan Nine

DETROIT (AP)—University of Detroit, which fielded only a so-so baseball team this season, closed out its schedule yesterday with a surprise 9-8 victory over a strong Michigan State outfit.

The 10-inning triumph squared Detroit's 16-6 loss to the Spartans earlier this season.

Tom Hackstadt, pitching the last game of his college career, salvaged the victory after the Spartans appeared headed for a rout. The big righthander entered the game after the 1st four batters each collected a single off starter Dick Jungwirth, scoring three runs.

MSC's Barry Fullerton promptly belted a home run off Hackstadt, cleaning the bases. From then on, Hackstadt clamped down, giving up nine scattered hits in the next nine innings.

John Knittel tallied the winning run for Titans on Sullivan's sacrifice fly to left field in the 10th inning.

Detroit wound up the season with a 7-9 record.

English Soccer Teams to Meet in Motor City

Few Americans get the chance to see outstanding soccer, but Oakland County area sports fans will have this rare opportunity on Sunday, June 5, in Detroit.

England, one of the world's soccer strongholds, will have two of its famous teams collide in an exhibition match Sunday at McCabe Field in Detroit. The event is sponsored by the St. Andrew society.

Sunderland Football Club, known as the "million dollar all-stars" because of its huge financial expenditures for talent, is the chief attraction. Its opponent will be the Huddersfield Soccer Club, comprised of six internationals.

McCabe Field is located on Boston Boulevard at the corner of Petoskey and Linwood. Kickoff time is 2:30 p.m.

USC Freshman Bests Richards in Decathlon

Rev. Bob Can't Catch Youngster Despite 14-6 Effort in Vault

LOS ANGELES (AP)—Participating in his first decathlon, 20-year-old Bob Lawson, University of Southern California freshman, yesterday outpointed The Rev. Bob Richards, defending National AAU champion.

Lawson won the regional AAU title by scoring 7,060 points, eighth highest in international decathlon history. Richards had 6,970. Lawson led Monday but Richards was supposed to catch him yesterday when his speciality, the pole vault, was held.

Richards, representing Los Angeles Athletic Club, vaulted 14 feet, 8 inches for 1,000 points, but Lawson grabbed 516 points with his 11-6 effort and went on to win convincingly in other events.

Wolves Miss Clear Title

Maples Down Cranes, Skippers Nip Falcons in 11 Innings

Clarkston muffed an opportunity to claim the outright championship of the Wayne-Oakland Baseball League Tuesday as the Wolves fell apart in an 11-7 loss to Brighton. Clarenceville now can tie for the W-O title with a win over Holly today.

Clarkston out-hit Brighton, 12-6 with Dick Johnston and Gary Nelson getting 3 each, but 7 errors were made which, combined with pitcher Bob Yahnke's wildness, were too much to overcome.

Yahnke notched 12 strikeouts, but he walked 8 and hit 3 others. Among Brighton's 6 hits were 2 triples and a double.

Birmingham closed its season with its 13th win in 15 games by beating neighboring Cranbrook, 5-3. With the score tied 3-3 in the final inning, a hit batsman, a walk and Jim Traa's triple turned the tide for the Maples.

Waterford had to go 11 innings to do it, but nosed out Rochester, 8-7, to end the season with an 8-8 record. McDaniel's homer tied the score for Rochester in the 7th.

In the Skippers' 11th, Jerry Kruskie singled and was forced by Ron Kind, who moved to 3rd on Jack Swindeman's double. Ran Beedle then singled home the winning run, Steve Kebler went the distance, gave only 3 hits and fanned 19, but 11 walks and 7 Skipper errors kept Rochester in the game.

Loren Bray had 4 hits and Kruskie and Beedle, 3 each, for the winners.

Jets Trip Elks in Class A Play

Score 8-5 Win in Tiff at Wisner; Rains Does Five-Hit Mound Job

Anderson Jets made the most of eight hits to score as many runs in Tuesday night's 8-5 victory over Elk's 723 club at Wisner Field in men's Class A city league baseball.

Losers held brief leads in the contest, scoring twice in the 1st and twice again in the 3rd. But in each instance Jets struck back to either tie or go ahead. Jets finally iced the game in the 6th inning with three runs on one hit.

Vernon Rains was on the mound for the winners, giving up five hits. He struck out nine batsman and walked only one. John Keels went the distance for the Elks.

Kennedy Trims Ohioan in Motor City Bout

DETROIT (AP)—Bay City welterweight Alan Kennedy punched out a unanimous six-round decision over Al Berry of Columbus, Ohio, last night in a co-feature bout at Motor City Arena. Kennedy weighed 147, Berry 146¾.

Kennedy had Berry on the verge of a knockout in the 2nd round, but the Ohioan managed to stay on his feet till the bell.

It was Kennedy's 22nd professional victory against four defeats.

In other bouts:

Gordon Wallace, 160½, Branford, Ont., outpointed Henry Hank, 158¼, Detroit, 6.
Leffie Walker, 161¼, Saginaw, outpointed Larry Boas, 159½, Detroit, 6.

'500' Winner Takes Down $76,138

INDIANAPOLIS (AP) — Bob Sweikert's victor's share of the Memorial Day auto race prize money was $76,138.63—$13,358 less than the record total won in 1953 by Bill Vukovich of Fresno, Calif.

"I would gladly give up my first place if Billy were here," Sweikert told the annual awards banquet last night as he accepted the check.

Vukovich, killed Monday when his car crashed and burned after he had led 50 of the first 56 laps, picked up $29,250 of his 1953 total in lap awards. Sweikert's lap prize money was $12,900 this year.

The overall 1955 prize divided was $270,050, a record. This compared to the previous high of $269,375 last year.

* * *

Sweikert received $46,000 from the Speedway; $16,275 from a number of auto accessory firms, and $863.62 as an entry fee prize, as well as miscellaneous smaller cash awards. He also was given the Chevrolet convertible pace car and a number of trophies.

Picked as "Rookie of the Year" by a committee of sportswriters attending the awards diner was Al Herman, Allentown, Pa. who drove an elderly dirt track car to 7th place in the final standings.

Official timing tape results released yesterday confirmed what spectators already knew: that Vukovich and Jack McGrath of Inglewood, Calif., had been locked in a bitter duel for the first quarter of the race. The two had identical times—136.091—miles an hour—for the first 54 laps before McGrath was stopped by ignition trouble.

Vukovich kept an identical pace for two additional laps before his car was involved in the smashup which took his life. Driver Ed Elsion, who stopped to run to Vukovich's aid when he saw the smashup, was given the Mobilgas Sportsmanship Award last night.

The wreck and a later accident in which Cal Niday, Pacoima, Calif. was severely injured, kept the yellow caution light on 30 minutes and 25 seconds and pulled down Sweikert's winning speed to 128.209 miles an hour.

Niday, who suffered a concussion, severe burns and fractured ribs in the crash, remained on a hospital critical list this morning but was reported improved.

Check of the official tape moved Duane Carter, Speedway City, Ind., from 13th to 11th place, dropping Chuck Weyant, Springfield, Ill., to 12th and Eddie Johnson, Cuyahoga Falls, Ohio, to 13th.

Fourth in the race, following Davies, was Johnny Thompson, Springfield, Mass., who won $12,888.63.

Following Thompson were Walt Faulker, Long Beach, Calif., $10,763.63; Andy Linden, Manhattan Beach, Calif., $10,763.63; Al Herman, Allentown, Pa., $7,063.62; Pat O'Connor, North Vernon, Ind., $6,413.63; Jimmy Daywalt, Indianapolis, $6,413.63 and Pat Flaherty, Chicago, $6,113.63.

Vukovich, who placed 25th, won $10,833.64.

Nelson Flirts With Return to Golfings' Wars

One-Time King of Pros Enters U. S. and British Opens at Age 43

NEW YORK (AP)—Byron Nelson, the Roanoke, Tex., rancher who once was undisputed king of the touring pros, is flirting with a golf comeback at the age of 43.

The U.S. Golf Assn. announced today that Nelson, in virtual retirement since 1949, had filed entry in both the United States and British Open championships.

The U.S. Open is scheduled June 16-18 at the Olympic Club in San Francisco. The British event is set for July 4-8 at historic St. Andrews, Scotland.

It will be the first British invasion for the graying so-called "mechanical man" who won the National Open in 1939 and who in 1945 amassed the most remarkable winning record in PGA tournament history.

That year he won a total of 19 tournaments, 12 in a row, and played 120 rounds of golf with an average of 68.33.

Stadium Nine Wins Close One Over Ashland Club

A lead-off single and a costly error enabled Stadium Inn to edge Ashland Flying Octane, 6-5, in an extra-inning tilt at Northside Park Tuesday night for the top attraction in men's city league softball.

First baseman Clark Balch started the bottom of the 8th with a single, then scored on a three-base error by 3rd sacker Marshall MacIntosh off te bat of Don Wilson to bring things to an end. Winning tally climaxed a see-saw contest which saw the lead change hands four times.

Ashland held a 5-3 advantage entering the last of the 7th, but Stadium Inn chased two acros to knot the count. That set the stage for the fatal 8th inning. Pitcher Jon Gieger was the victim for Ashland. His mates outhit the winners, 9-7, but Stadium Inn was the opportunist.

K. C. club downed Riteway Softwater, 3-1, in a tightly-played contest at Beaudette. Mihay hurled a six-hitter for D. C.

Cal Atwood twirled for Riteway and allowed only three hits, but a brace of errors, a stolen base, a walk and a wild pitch contributed to the scoring.

Shaw's Jewelers mauled Elk's 810 squad, 10-0, also at Beaudette. Clell Morse pitched a three-hit shutout wile his mates were banging out 15 hits off Don Hill.

In the girls game last night at Northside, GMC displayed a solid 15-hit attack in drubbing the Gingleville crew, 16-5.

Lowe Returns to NHL in Rangers' Uniform

MONTREAL (AP) — Ross Lowe, most valuable player in the American Hockey League last season, is coming back to the National League next fall in the uniform of the New York Rangers.

The rangy 26-year-old Lowe, who has been converted from defense to center, was one of two players drafted by the Rangers. He was picked up for $15,000 from Springfield in the annual minor league draft.

Lowe previously played with the Boston Bruins and Montreal Canadiens.

Willie Pep and Cam Meet in 10-Rounder

BOSTON (AP) — Willie Pep, two-time former featherweight champion, is fighting Joey Cam of East Boston tonight at the Arena strictly for the money.

The scheduled 10-rounder will be televised nationally (ABC) at 10 p.m. (EDT) with New Engand blacked out.

Sam Snead's Golf Clinic

Look at today's player swing. Ain't it something! Without seeing the flight of the ball and observing the player when his hands are only hip-high in the follow through, as pictured, you can tell exactly what happened to his ball. Now, look at him again. His left side is virtually a straight line. His weight is forward. His forward hip and shoulder pivots are virtually completed, and note this—although his hands are hip-high in the follow-through, he is still—get that—still looking at the spot where the ball was. "X" marks the spot. This player's shot with wood—I say wood, because of the width of his open stance—has traveled 240 yards straight down the fairway. If I had seen this shot, I would expect to see his ball hook faintly just at the far end of the flight, then roll, due to its overspin, for nice additional yardage. Good golf form does it.

Solomons Says No to Olson-Cockell Tiff

LONDON (AP) — Jack Solomons, Britain's leading boxing promoter, today discounted reports world middleweight champion Bobo Olson would fight Britain's Don Cockell in London this fall.

* * *

Solomons, who has been influential in Cockell's career, said "there's nothing in it," and added:

* * *

"If Olson is looking for a fight over the middleweight limit I'm prepared to offer him a nice purse to meet Randy Turpin here in September."

Olson won his 160-pound crown by defeating Turpin.

Patton in 3rd Round of British Amateur

Billy Joe Will Play Venturi at St. Annes

Two Sensational Putts Keep North Carolinian in Links Tourney

ST. ANNES, England (AP) — Billy Joe Patton, long-hitting American "Walker Cup golfer from Morganton, N. C., sank a pair of sensatjonal putts on the 17th and 18th greens today and defeated England's Edward Bromley-Davenport, 1-up, in a 2nd round match in the British amateur golf championship.

The victory sent Patton against a former Walker Cup player, young Ken Venturi of San Francisco and the U. S. Army, in the 3rd round this afternoon. Venturi beat veteran William Tweddell of Scotland, 6 and 5, in the 2nd round.

Patton sank a curling 15-foot putt at the 17th to square the match and then rolled one in from 60 feet for a birdie three on the 18th to win.

* * *

Venturi, young American army corporal from San Francisco was a member of the 1953 Walker Cup team.

Today he shot a steady 37 over the front nine of 6,657-yard, par 35-36—71 Royal Lytham and St. Annes course for an easy victory.

The 58-year-old Tweddell, who won the British Amateur in 1927, didn't win a hole. He was five down at the turn and dropped the 11th. The rest were halved.

* * *

Venturi, who said he had not been on a practice putting green during the past year, putted almost perfectly today. He had seven ranging from six to ten feet and sank every one.

Another American serviceman, Bert Weaver of Beaumont, Tex., advanced with Venturi. Weaver, stationed in England, defeated S. J. Fox of England, 3 and 2. Although he lost the 1st hole to Fox's birdie two, Weaver never was in trouble as he kept his shots straight and played a steady round.

For the 1st time since the tournament began Monday, a breeze sprang up today and there was a possibility of a blowy afternoon. Warm, bright sunshine again greeted the open of play.

Second round matches in the lower half of the draw were scheduled this morning, followed by the entire third round this afternoon. On the basis of yesterday's upper-half matches, 20-year-old Don Bisplinghoff of Orlando, Fla., took on an important role.

Brook Farmhand Piedmont Hottest Strikeout Artist

LYNCHBURG, Va. (AP)—Stan Williams, a big rawboned Westerner, is the hottest strike-out artist the Class B Piedmont League has seen in years.

Williams, in fact, may be the best since a guy named Johnny Vander Meer toiled for Durham, N. C., in the Piedmont a couple of decades ago. The fireballing right-hander tied Vander Meer's league record last night by fanning 20 in pitching Newport News to a 5-2 triumph over Lynchburg.

Vander Meer, former ace of the Cincinnati Redleg pitching staff who hurled two successive no-hitters during his career, established the Piedmont strikeout record in 1936.

Williams, a native of Denver, Colo., who hopes that someday he'll be pitching for the parent Brooklyn Dodgers, has most of the characteristics for success as a major league hurler. He's a 220-pounder, stands 6-4 and is just a youngster of 18.

Last night's 20 strikeouts brought Williams' total for 61 innings pitched this season to 85. Williams struck out three Lynchburg batters in four innings. His big weakness is lack of control. He's walked 57 and as a result of his wildness has been yanked in five of the eight games he's started. Williams has allowed 34 hits, has two one-hitters, including one last night, and a 4-2 record.

Hammond Is Back

LOS ANGELES—Spec Hammond has recovered from an operation and will resume his scoreboard duties with the touring golf professionals.

hickory AND horsehide

by DIZZY TROUT

Standing quietly at home plate, players and fans clustered around him, the late Harry Heilmann presented a stirring sight as he modestly accepted the gifts of an appreciative citizenry for his many years as a Detroit baseball star and, later, Tigers' radio announcer.

If memory serves correctly, it was 1949 and Harry was given a shiny, new Chrysler and a $300 camel hair overcoat. The latter was a gift of the players, who chipped in when they learned that all his life Harry had wanted such a coat.

What brings this to mind is the planned Cristante Night June 3, when Tiger relief hurler Leo Cristante will be honored at pre-game ceremonies by the Oakwood Blue Jackets, Southwest Detroit athletic club with whom Cristante got his start.

Big Leo, who won 24 and lost 7 with Atlanta of the Southern Association last season, coming to the Tigers in the winter in the Ferris Fain deal, will receive a number of gifts and a lot of cheers from 500 of the Blue Jackets' 1,500 members sitting together in the stands.

Ball players are deeply appreciative of tributes by the fans. Al Kaline was overwhelmed a few weeks ago by the presentation from the Holy Name Society in his native Baltimore.

He was given a movie projector, gold watch, traveling case and a silver set for his wife, but these are comparatively insignificant to what the fans will someday shower upon him if he keeps up his phenomenal performances.

Certainly the most impressive present to a player is an automobile. I remember how I felt when I was honored with a new Pontiac in August, 1950, together with an outboard motor and $400 in silver dollars.

People from all over the state had mailed in dimes and quarters for the presents.

I was all at once proud and humble and deeply appreciative. To this day I treasure the many letters I received and the pictures taken of the occasion.

Birmingham Officials to Help Open Sandlot Loop

Charles Renfrew, Mayor of Birmingham, will throw out the 1st ball when the Babe Ruth League opens its 4th baseball season next Monday night, June 6, at Birmingham High School's field.

Season's opening game will send the Birmingham Barons against the Wilson Pontiac-Cadillac Chiefs. Pete Hurley is the probable starting pitcher for the Barons, but Tony Stiel, Chiefs' manager, won't name his starter until 30 minutes before game time.

In pre-game ceremonies at 5:30 p.m., Birmingham recreation director Frank Whitney will present the league trophy to Fred Petrucci, manager of the Barons, last year's city champions. Michigan's director of the Babe Ruth leagues, Al Bates, will speak briefly. Bates will then act as Mayor Renfrew's battery mate to get the game under way.

Five games dot the 1st week's card.

132 Horses Eligible for Coast Futurity

DEL MAR, Calif. (AP)—The Del Mar Turf Club today announced that a record breaking total of 132 2-year-olds has been kept eligible for the eighth running of the $30,000 added Del Mar Futurity.

The futurity will be presented on Del Mar's closing day, Sept. 10, and is expected to gross about $55,000. The 132 juveniles on the eligible list remain from the original 410 nominated when the stake closed last Sept. 4.

Deadline Saturday for Beach Queen Contest

Saturday, June 4, is the deadline for mailing entries for the Miss Metropolitan Beach contest being staged in conjunction with the official summer opening of the beach on Lake St. Clair.

The contest is open to girls 18 and over who reside in the metropolitan Detroit area and have never been married. From photographs mailed to Metropolitan Beach, Box 294, Mt. Clemens, and postmarked not later than June 4, 20 contestants will be chosen to compete for the title on June 18, at the summer opening festival. The queen will also reign at other special events during the summer.

Adrian Trotter Is Hazel Park Victor

DETROIT (AP)—Chuck's Guy, owned by K. A. Wassink and Harold Raymond of Adrian, won the feature BB trot in 2:04 1/5 at Hazel Park Harness Raceway last night.

That was the fastest the 4-year-old trotter had ever trotted a mile.

Driven by Leon Boring, Chuck's Guy chopped 3/5 second off his old mark. He paid $5.60.

A crowd of 4,324 bet $237,711.

Multi-Lakes to Honor Glaspie Memory

Club Erects Fine Memorial to Sportsman

Governor and State Officials Invited for Dedication June 12

By H. GUY MOATS
Pontiac Press Sports Editor

Long overdue recognition of the great services he rendered to the conservation program of Michigan and to the commonwealth's huge army of outdoors lovers, and particularly to the sportsmen, will be given Andrew Bird Glaspie?

"Bird" Glaspie, former state senator and for many years outdoor writer and editorial columnist for the Pontiac Press, died some years ago after one of the most active of lives in pursuit of conservation.

An avid fisherman and nimrod, "Bird" wrote authoritatively of all phases of outdoors affairs. He was deeply concerned with the problems of deer herd control, and the expansion and preservation of the state's game fish and panfish.

Now, many years after he has gone on, memory of the man who for so many years worked across the desk from this observer, will be honored.

Multi-Lakes Conservation Association, one of the area's solid sportsman's organizations, has erected a typical outdoors memorial on its grounds at Reed Lake. It depicts a buck and doe deer on a stone pedestal. A bronze plate bears a memorial inscription.

Dedication has been set for Sunday, June 12 at 2 p.m. Governor G. Mennen Williams and most all state officials, particularly those of the conservation commission and conservation department have been invited.

An invitation is also extended through these columns to all former associates, and friends of the late writer-conservationist to witness the dedication. It is expected the gathering will be one of the biggest of its kind ever held in Michigan.

With many of "Bird's" one-time close friends, hunting and fishing companions will be Glaspie's widow. She has resided since Bird's death in the family home at Oxford. She is deeply appreciative of the plan to honor Bird's memory.

Full details of the dedication program will be completed soon, Multi-Lakes officials said today.

Four Anglers Draw Blanks

By JACK PATTERSON

Title of this little story is "The Fishermen," or "How to Goof It Up Good." It concerns recent activities of four young gentlemen whom we'll call Howard Fitzgerald, Noyce Strait, Fred Millis and Morgan Townsend because that happens to be their names.

PATTERSON

Equipped with enough tonnage of equipment for an extended expedition to the North Pole, or the South one, for that matter, the quartet hove itself north into Canada to a lake so special, so secret, that we have been unable to learn its name to this day.

It is so secret, in fact, that we understand that only three hundred fishermen fished it the weekend before our pioneers arrived.

Hardships and privation were the order of the day in this virgin wilderness.. Careening from tossing boats into the icy lake waters was commonplace. Punching a hole in an aluminum canoe didn't rate a raised eyebrow. Black flies and mosquitoes were legion. Bizarre weather conditions obtained daily.

A spokesman for the party reports that one day it snowed in the morning and was 85 degrees by midafternoon.

* * *

It is to be expected that a party spending a week in such an idyllic piscatorial paradise would return with stories of an astounding catch. This group did not disappoint us. The catch was not only astounding—it was almost unbelievable. It consisted of one smallish trout which the fishermen devoured, presumably with relish, right on the spot.

* * *

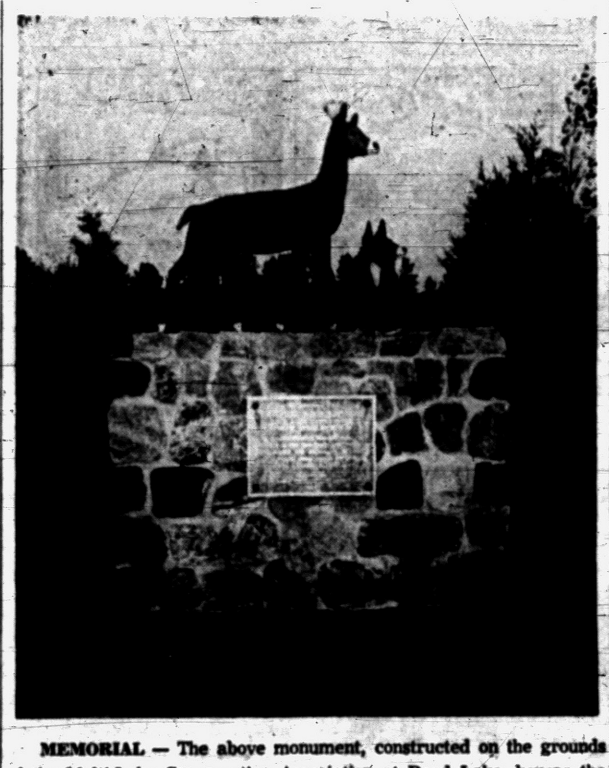
John Millis, Fred's father, observed—rather uncharitably we thought—that he could do better than that in Hadsell's Pond and it wouldn't take a week, either.

The foregoing weeper merely serves to illustrate truism No. 1 of fishing. It is not now and probably never has been a sure thing on any given water every moment of the year. Which of course is the principal reason people continue to fish.

It also serves as a possible out in case of necessity. Because at the moment we are fishing in Canada and barring plane crashes and other irritations, are probably hauling in great trout at a feverish clip. But of one thing, dear readers, you may be sure. Both of you. If we catch only one fish you'll never hear a word of it. Outdoor writers, on paper at least, always take an easy limit.

* * *

After last week's experience with that sneaky cold front that wheezed in and upset our predictions for good fly fishing, we're through with long range weather forcasting. So long as our good intentions last we'll confine our remarks to how the fishing was yesterday and let YOU guess how it's going to be tomorrow. Except to say that as soon as it warms up again fishing will be splendid.



MEMORIAL — The above monument, constructed on the grounds of the Multi-Lake Conservation Association at Reed Lake, honors the memory of former Pontiac Press outdoors writer Andrew (Bird) Glaspie. It will be dedicated June 12 in recognition of Glaspie's contribution to the state's conservation program in past years.

Dogs' Names Drawn From 'Ink Alley'

With printer's ink "covering" the entire family, it's easy to understand why William G. Cardinell, 995 Voorheis road, names his field dogs from terms found in the profession's jargon.

For instance he has one now named Wrong Font because of his different colors. Another of these beagles is Printer's Ink, a black coated dog. He has a litter of six from Printers' Broken Liner, a good derby dog, who'll be readied for fall field trials.

Others of Cardinell's dogs were named Printers' Jim Dash, Printers' Dot Leader and Printers' Agate Line.

Cardinell is a Pontiac Press linotype operator.

Western Michigan Eyes NCAA Title

KALAMAZOO (AP)—Western Michigan's triumphant Broncos set their sights on the national collegiate baseball title today, armed with one of the finest records in the Midwest this season.

The Mid-American Conference champions whipped Ohio State, 7-5, yesterday to capture the NCAA District 4 title and earn a berth in the collegiate finals at Omaha, Neb., starting June 10. It was the deciding game of their 3-game series with the Big Ten champion Buckeyes.

Western Michigan piled up the winning margin in the 1st inning, collecting six runs before Ohio State could organize its defenses.

Harness' Triple Crown

YONKERS, N. Y. — A triple crown awaits harness racing drivers for winning the three richest races—the Hambletonian and the Yonkers Twin Futurities for three-year-olds. Seven are eligible.

Successful Horses

OCEANPORT, N. J.—Few races have produced so many successful horses as Monmouth Park's Sapling Stakes for juveniles. The 10 winners since 1946 have earned nearly $2 million.

Pressure Prevails

Future of Deer Herd in Legislature's Hands

By MORT NEFF

No matter what happens to the Michigan deer herd for the next few years, (and serious complications are a possibility,) the onus of blame cannot fall upon the blistered back of our Conservation Department. A state legislature bewitched by the pressures of voting constituents and bewildered by a host of pseudo experts have unburdened the Department game division of responsibilities in managing the deer herd. They have simultaneously taken upon themselves a job for which they are ill-fitted and unprepared. Most of them know it.

NEFF

It is very doubtful that the killing of any antlerless deer will be legalized in Michigan this fall. Some of you will rejoice, and in certain areas of the state where the antlerless kill was severe and too drastic your rejoicing is justifiable.

Short-sighted, uninformed observers elsewhere may have little to cheer about. Deer are multiplying far too rapidly for the amount of food available in many northeastern sections of Michigan where hunting pressure per square mile, due to the abundance of private lands, is extremely low.

Deer are steadily encroaching on farm lands south of the Bay City line where a natural fear of man is more than offset by abundant food supply in the form of farm crops. Heavy damage is sure to result — a good deal of it this year.

The deer management problem is now a sizzling firecracker with a short fuse which can be tossed from one legislative committee to another for only a short time before somebody gets burned.

CHICAGO—The night golf show at Tam O'Shanter will be resumed June 7 running through Aug. 30.

Space Station Seen Predicting World's Weather

PHILADELPHIA (UP) — The Fels Planetarium director, I. M. Levitt, predicts that weather forecasters in the not too distant future will receive their reports from an unmanned space station.

Speaking in a planetarium show, Dr. Levitt said such a satellite, equipped with a television camera, could broadcast pictures of cloud formations to weather stations on earth.

The space station would be put into an orbit some 4,000 miles above the earth — circling the globe once every four hours.

According to Dr. Levitt, the televised cloud patterns would be interpreted by a giant electronic brain. On the basis of its findings, predictions could be made, he said.

Commenting on this new method, Dr. Levitt said that "the weather picture will be seen from the outside looking in . . . and will be easier to read and interpret from this new vantage point."

Norway's per capital consumption of cement rose by 58 per cent during the last five years.

Gun-Toting Citizen Just Dutiful Father

MILWAUKEE (UP) — A policeman thought he spotted a crook recently. He noticed that a man in a precinct station had a gun butt sticking out of his pocket. The man paid a parking fine.

The patrolman took a squad car and proceeded to follow and curb the truck the man had entered on leaving the station.

The gun was on the seat beside the driver. It was a pearl-handled revolver — but it was only a toy. The driver told the policeman he had purchased it for one of his children.

Grains Inching Upward Slowly

CHICAGO (AP) — Most grains inched their way upward in quiet dealings on the Board of Trade today. Gains were limited to small fractions.

Soybeans lagged. One reason was early easiness in soybeans oil and meal futures. Another was the excellent growing weather in the main producing territory.

Rye continued to show strength although it appeared to be running into some profit-taking after its advance of the past several weeks.

Wheat near the end of the first hour was ¼ to ½ higher, July $1.99⅞; corn ⅛ to ¼ higher, July $1.43¼; oats unchanged to ⅛ higher, July 68⅜; rye ⅜ to 1¼ higher, July $1.09¼; soybeans unchanged to ¾ lower, July $2.44¾; and lard 2 cents lower to 5 cents a hundred pounds higher, July $12.55.

Placed on Probation

Robert Roehm, 29, of 2701 Frankson, Rochester, yesterday was placed on one-year probation and assessed $50 court costs by Oakland County Circuit Judge H Russel Holland. Roehm admitted May 23 to cashing a $20 bad check last April 18.

Gets 3-Year Probation

After pleading guilty May 23 to breaking and entering, Gerald Sandusky, 18, of 3537 Samuel, Rochester, was placed on three-year probation and assessed $200 court costs yesterday by Oakland County Circuit Judge H. Russel Holland. Sandusky admitted entering a gas station at 1010 Auburn Ave., Rochester last May 17.

Prices Mixed, Market Firm

NEW YORK (AP) — The stock market had a higher look about it today in early dealings.

Prices were mixed, but firmness persisted in enough sections to tip the scales higher.

Gains were in the major fractions for the most part while losses at the extreme amounted to between 1 and 2 points.

Aircrafts were depressed as they were yesterday, while railroads and airlines were higher.

Steels and motors were mostly higher as were rubbers. Some radio-televisions and distillers did better. The chemicals and tobaccos were largely lower.

Alleghany Corp., yesterday's most active issue up ⅛, opened today on a block of 12,000 shares unchanged at 9½, and it continued active at that price.

Several good blocks were on the tape early including Pennsylvania Railroad 2,000 shares up ¼ at 27⅞, RCA 4,200 up ⅝ at 52¾, Douglas Aircraft 500 off 1 at 68½, American Airlines 3,500 up ⅛ at 28, and Boeing 2,000 off 1½ at 64½.

Among higher stocks were New York Central, the Frisco Railroad, Texas Co., Pan American Airways, International Paper, U.S. Steel, Chrysler, Sperry, Remington-Rand, Schenley Industries and American Can.

Lower were Lockheed, Republic Steel, Dow Chemical, General Electric, Standard Oil (NJ), Studebaker-Packard, and Libby, McNeill & Libby.

For the past two sessions, the stock market has been going through a series of indecisive movements. Yesterday the Associated Press average of 60 stocks held unchanged at $164.90 while there were a few more stocks backing down than advancing.

CARL D. ROGERS

GMTC Management Changes Announced

Appointment of Carl D. Rogers to the new position of general superintendent of assembly plants, was announced today by T.E. Wilson, general manufacturing manager of GMC Truck and Coach Division.

T. C. Fellows also was named superintendent of truck assembly, and N. P. Kilgore was appointed coach assembly superintendent.

Rogers, 41, of Birmingham, has been a GMC employe since 1935, serving in supervisory positions in sheet metal and coach manufacturing departments. Since August, 1952, he has been coach plant superintendent.

In his new capacity, Rogers will head both truck and coach assembly operations.

Fellows, 49, of Pontiac, joined GMC in 1934 and has served as a coach shift superintendent since February, 1951. Kilgore, 48, of Pontiac, came to GMC in 1929 and has been a coach shift superintendent since November, 1951.

Maternity Bids All Turned Down at U. N. Building

UNITED NATIONS, N.Y. (AP) — The United Nations has turned down several requests from sentimental mothers to let them give birth to their babies on U.N. territory here.

It has also put a firm foot down on what one U.N. official called "screwball requests" by persons wanting to be buried in the U.N. rose gardens on New York's East River.

Several persons, including at least one delegate, have died in the U.N. buildings but there hasn't been a baby born on the international premises yet.

What would be the nationality of an infant born in this U.N. area?

Answer from U.N. legal experts: The baby would be an American, just like any other infant born outside the fence that separates the U.N.'s 18 acres from the rest of New York City and the United States.

That would be so whether the parents were Americans or foreigners. Under U.S. law, anyone born in the United States is an American. And the U.N. follows an axiom that all U.S. laws apply here except those specifically legislated against. This is insured in the U.N. headquarters agreement with the United States, approved by a joint resolution of Congress.

Ford Reports Output for First 5 Months

DETROIT (AP) — Ford Motor Co. reported today its assembly plants built 1,122,555 cars and trucks in this year's January-May period.

The total compares with 911,843 units produced in the comparable 1954 period.

Included in the current year's output to date were 745,842 Ford cars; 192,991 Mercury cars; 19,528 Lincolns and 164,194 Ford trucks.

In the first five months of 1954 production was made up of 623,508 Ford cars; 130,304 Mercury cars; 19,216 Lincolns and 138,815 Ford trucks.

This year's May output totaled 230,176 vehicles, of which 153,294 were Ford passenger cars. This compares with a May total last year of 176,706 vehicles, including 125,698 Ford cars.

Pontiac YMCA to Hold Annual Program Friday

Pontiac YMCA will hold its annual open house and induction program 7 p.m. Friday in the gymnasium. Highlighting the program will be a swimming demonstration and presentation of awards to members and staff directors.

About 300 persons are expected to attend the ceremonies featuring induction of 115 new members into the YMCA. An explanation of the history and function of the organization will be given, according to George Balch, boys and girls director.

"The swimming program will give the parents a chance to see what their youngsters have accomplished here at the Y, along with the awards presentation," Balch said.

The young swimmers will be under the direction of Donald Porritt, swimming instructor.

Medals will be given to three boys in recognition of outstanding swimming ability. The awards, first of their kind given in the three divisions, will go to: Michael Harrington, prep division; Vernon Joseph, junior division; and Richard Willard, intermediate division.

Harvy Griswold will honor the outstanding girl and boy as a result of their work in the craft shop, and awards will be given to staff members, to conclude the program. No admission will be charged, Balch said.

Hold Ceremony at New Building

Insurance Firm Lays Cornerstone Today for 4-Story Building

Scott E. Lamb, president of Michigan Life Ins. Co., was scheduled to officiate at cornerstone-laying ceremonies this afternoon for the new $1,250,000 office building at 13 Mile Road and Woodward Ave., Royal Oak.

The 4-story limestone structure will be one of the largest buildings in that area and will be ready for occupancy by November. Michigan Life is the first insurance company to have home offices in Oakland County.

Invocation and benediction was given by Rev. Robert M. Frehse, executive director of the Detroit Roundtable of Catholics, Jews and Protestants.

Mayor Howard Kelly of Royal Oak welcomed Detroit Common Council President Louis C. Miniani and Norman Wade, director of the Life Insurance division of the Michigan Department of Insurance.

Taking part in the ceremonies were three Pontiac district agents, Robert E. Erickson, Harry E. Curtis and Peter Gormley.

In the cornerstone was a copper box containing mementos of the occasion, including pictures of the company officers and directors, current annual reports of Detroit's major industries, and the Memorial Day edition of the Pontiac Press, intended for viewing 100 years hence.

Michigan Life will occupy most of the building including the basement offices with the exception of some ground floor space rented to a sales firm.

Expect Steel Output Ahead of Last Week

NEW YORK (AP) — Steel production this week will be slightly higher than the preceding week and far ahead of the total in the 1954 week, the American Iron & Steel Institute estimated today.

Mills are scheduled to operate at 96.7 per cent of capacity and turn out 2,334,000 tons of steel this week. Last week's actual operating rate was 96.4 and production totaled 2,326,000 tons. A month ago mills worked at 96.6 per cent and produced 2,331,000 tons. A year ago the figures were 70.2 and 1,674,000, respectively.

General Foods Reports Earnings of $5.29

NEW YORK (INS) — General Foods Corp. reported today net income for the fiscal year ended March 31 of $31,700,000, equal to $5.29 a common share. This was a new record and compared with net income of $27,913,482, or $4.66 a common share, in the preceding year. Sales increased to $824,800,000 from $783,007,626 the year previous, with unit sales at a new peak.

Expect to Top Previous Periods

Leveling-Off Is Seen in Factory Output for Many Reasons

By DAVID J. WILKIE
Associated Press
Automotive Editor

DETROIT (AP) — The auto industry's retailers expect to sell a lot of cars in the next two months—perhaps 1,400,000 units.

June and July traditionally are big retail months. With added effort inspired by the heaviest inventory in their history dealers are expected to top any previous like period in their retail delivery program.

* * *

Meanwhile there will be a leveling off in factory output, with or without a prolonged work stoppage. There are other factors to cut into production volume. Besides the heavy dealer inventories these include midsummer absenteeism and heat strikes. The latter usually are of brief duration, but they upset assembly line operations.

In July several makers will be arranging production schedules for a close out of current model assemblies. This might require up to four or five weeks, but the schedules have to be set so suppliers can plan delivery of required parts and sub-assemblies.

Most retailers soon will know how many more 1955 model cars they may expect from the factories. At present some of them have more cars than they want; others say they could use more.

That's a condition that could lead to a lot of "bootlegging" in new cars. In this practice dealers with what they consider surplus stocks sell at cut prices to used car dealers in another area for resale at prices below the prevailing level.

LOWER VOLUME

However, some unofficial estimates put production for the year's third quarter at around 1,780,000 passenger cars. That would compare with an indicated second quarter total of 2,219,000 but still represent a substantial volume.

Ward's Automotive Reports, commenting on industry plans for the third quarter, says seven car makers will be down for model changeovers in July and August, with three more changing in September.

This bears out earlier assertions that many of the 1956 model cars will be introduced several weeks earlier than were the 1955 cars.

Aside from the over-all estimates that total 1955 output might top the 1950 record of 6,675,000 cars, there has been no guess as to what the fourth quarter production may amount to. It should be noted that the figure given is an estimate, not a scheduled total.

Present planning indicates most of the highly competitive makes will be in 1956 model production during the final quarter of the year. Sales appeal will be built into all the 1956 models. It could be that demand for these models will require greater factory output than the over-all 1955 production estimates indicate.

Certainly Ford and Chevrolet will continue their blistering battle for first place in sales. Equally certain is a continuation of the Buick-Plymouth competition for third place.

Most recent registration figures gave Ford a lead of nearly 20,000 retail deliveries over Chevrolet and Buick a 16,500 lead over Plymouth. The figures covered all states for the first three months of 1955 plus partial reports for April.

Drowns in Puddle

MONTEREY, N. Y. (AP) — Jack S. O'Neill, 18, was drowned yesterday in eight inches of water. State police said he apparently was knocked unconscious when he fell 14 feet from a bridge into a creek.

News in Brief

Robert Britton, 40, of Allen Park, paid a $100 fine and $25 costs Tuesday after pleading guilty to reckless driving before West Bloomfield Township Justice Elmer C. Dieterle.

After pleading guilty to driving under the influence of liquor, Verdy Cherry, 46, of Plymouth, Monday paid a $100 fine and $10 costs. He appeared before Orion Township Justice Helmar G. Stanaback.

Panhandle Refused by Supreme Court

WASHINGTON (AP) — The Supreme Court has refused to review objections by Panhandle Eastern Pipe Line Co. to construction of a new natural gas pipe line to serve parts of Michigan, Wisconsin, Iowa and Missouri.

The Federal Power Commission authorized construction of the line by American Louisiana Pipe Line Co. and Texas Gas Transmission Co. American Louisiana's plans include delivery of 200,000,000 cubic feet daily to Michigan Consolidated Gas Co. in Detroit.

Panhandle asked the U.S. Circuit Court in Philadelphia to review the commission authorization, explaining the new line would compete with it in the sale of gas. The circuit court dismissed Panhandle's request with a finding the company was not aggrieved by the commission action. Panhandle then appealed to the high tribunal.

Unearth Tomb of 1st Governor

Detroit Workmen Find Stevens Mason Vault in Capitol Park

DETROIT (AP)—The tomb of Michigan's first governor, Stevens T. Mason, was unearthed in Capitol Park in Detroit yesterday.

After digging all day, workmen struck a vault 5 feet below the statue of the "boy" governor.

* * *

The statue, and the tomb beneath it, are being moved to the south end of the trangular park to make room for a new bus loading station at the north end.

A tarpaulin was thrown over the grave for the night. Removal of the casket was to be continued today.

Locating of the vault was guesswork as there was no map showing exactly where the body had been buried.

Mason's body was brought here in 1905 from New York where he had died Jan. 4, 1843, at the age of 32. It was moved after a group of citizens campaigned for proper honors to be paid to the state's first and youngest governor.

UNVEILED IN 1908

The statue over the grave was unveiled three years later, on May 30, 1908.

Mason was named secretary of the Michigan Territory in 1832 and was named governor by President Jackson in 1834.

He was removed 14 months later when he disagreed with Jackson over a claim by Ohio to land at the southern edge of the territory.

But Mason enjoyed great popularity and he was elected Michigan's first governor at the age of 21 when the state was admitted to the union.

* * *

The casket will be stored in the Wayne County morgue pending reburial, the Department of Parks and Recreation reported.

Driver Put on Probation After Hitting Pedestrian

Everett M. Clayton, 47, of 67 Tregent St., yesterday was placed on five-year probation and assessed $250 court costs by Oakland County Circuit Judge H. Russel Holland.

Clayton admitted May 16 driving an auto which hit a Detroit Edison worker last February causing the victim to lose a leg. Royce J. King, 29, of 624 Burgess, Milford, was struck while standing at the rear of an Edison equipment truck.

Compensation Changes Passed, Sent to Senate

LANSING (AP) — Passed by the House and sent back to the Senate yesterday was a bill liberalizing the workmen's compensation laws.

The measure would require the state to pay the medical care of injured workmen indefinitely, removing the present two-year limit. It also provides life-long benefits for permanently disabled workers.

In addition, it would extend from 400 to 450 weeks payments to the dependents of workers killed in accidents on the job.

Sentenced in Theft

Archie Feldman, 27, of 71 Lafayette St., Oxford, yesterday received from 1½ to 4 years in Jackson state prison when he appeared before Oakland County Circuit Judge H. Russel Holland.

Feldman admitted May 23 stealing clothing from a home at 2592 Lapeer Rd. last April 26.

INVITATION TO BID

The Purchasing Department of the Oakland County Board of Auditors is desirous of obtaining bids on the following commodities:

MAJ.-GEN. R. A. GRUSSENDORF

USAF Officer City Rotarians' Guest Speaker

The commander of the Tenth Air Force, Maj. - Gen. Richard A. Grussendorf, will be guest speaker at tomorrow's luncheon meeting of the Pontiac Rotary Club at the Hotel Waldron.

Gurssendorf, 48, has a military career dating back more than 25 years. When World War II broke out he was captured by the Japanese at Hong Kong and was a prisoner for eight months. He convinced his captors he was a civilian and was released.

He came to Selfridge Air Force Base July 1, 1953 after serving for three years as executive aide to the late Gen. Hoyt S. Vandenberg, then Air Force chief of staff.

He is responsible for administering the AF's reserve program in a 13-state area reaching to Wyoming, operation of the Tenth's 159 Regular and reserve units and supervision of training for the Air National Guard in the area.

Pontiac Man Imprisoned

After admitting to breaking and entering May 23, Eugene Burns, 18, of Pontiac, was sentenced to 1½ to 15 years in Jackson state prison yesterday by Oakland County Ciricuit Judge H. Russel Holland. Burns was charged with entering a building at 203 Lake St. last May 4.

NOTICE OF SALE
$350,000.00
SCHOOL DISTRICT OF THE CITY OF PONTIAC, OAKLAND COUNTY, MICHIGAN
NOTES

Sealed bids for the purchase of tax anticipation notes of the School District of the City of Pontiac, Oakland County, Michigan, of the par value of $350,000.00 will be received by the undersigned at 40 Patterson Street, Pontiac, Michigan, until 8:00 o'clock p.m., Eastern Standard Time, on the 8th day of June, 1955, at which time and place they will be publicly opened and read.

The notes will be dated June 15, 1955, will mature September 1, 1955, and will bear interest at a rate or rates not exceeding 3% per annum. Both principal and interest will be payable at such place as may be agreed upon by purchaser. Denominations and form of notes to be at the option of the purchaser. Accrued interest to date of delivery of such notes must be paid by the purchaser at the time of delivery.

For the purpose of awarding the notes the interest cost of each bid will be computed, by determining, at the rate or rates specified therein, the total dollar value of all interest on the notes from July 1, 1955 to their maturity and deducting therefrom any premium. The notes will be awarded to the bidder whose bid on the above computation produces the lowest interest cost to the School District of the City of Pontiac. No proposal for the purchase of less than all of the notes or at a price less than their par value will be considered.

The loan is in anticipation of the 1955 tax.

Envelopes containing the bids should be plainly marked "Proposal for Notes."

A certified or cashier's check in the amount of 2% of the par value of the notes, drawn upon an incorporated bank or trust company and payable to the order of the Treasurer of the School District of the City of Pontiac must accompany each bid as a guarantee of good faith on the part of the bidder. Checks of unsuccessful bidders will be promptly returned.

Bids shall be conditioned upon the unqualified opinion of the purchaser's attorney approving the legality of the notes, to be secured at the purchaser's expense. The purchaser shall furnish notes ready for execution at his expense. Notes will be delivered at Pontiac, Michigan.

The right is reserved to reject any and all bids.

LOLA B. KING,
Secretary.

NOTICE OF FORFEITURE OF LAND CONTRACT

To Patrick J. Hagle and Charlotte A. Hagle, his wife, of Route 5, Milford, Michigan.

You are hereby notified that a certain land contract, bearing date the 26th day of July, 1951, by and between William H. Tubbs and Hazel E. Tubbs, his wife, of Lapeer, Michigan of the first part, and Patrick J. Hagle and Charlotte A. Hagle, his wife, of Route 5, Milford, Michigan of the second part, is in default by reason of the non-payment of the installments of principal, interest due thereunder, and you are hereby further notified that the said William H. Tubbs and Hazel E. Tubbs, his wife elect to declare and do hereby declare said land contract forfeited, and you are hereby further notified to yield, surrender and deliver up possession of the premises in said land contract mentioned and of which you are now in possession under and by virtue of the terms thereof.

Said premises are described in said land contract as follows, viz:

Lot number 279, Marjorie Vesta Park, a subdivision of the east half (E ½) of the northeast quarter (NE ¼) of Section 35, Township of White Lake, Oakland County, Michigan. And the right-of-way over and across Lot 9, Hambley and Bowles Subdivision to Mandon Lake, as other lot owners of said subdivision.

Dated: May 23, 1955.

WILLIAM H. TUBBS.

State of Michigan,
County of Tuscola, ss:

William H. Tubbs being duly sworn, says that on the 23rd day of May, 1955 he served a notice, of which the above is a true copy, on Patrick J. Hagle and Charlotte A. Hagle, in separate envelopes by registered mail.

Subscribed and sworn to before me this 23rd day of May, 1955.

FRANK B. TINGLAW,
Notary Public, Tuscola County, Michigan.
My Commission Expires October 23rd, 1956.

Anti-Red Unions Win Italian Plant Voting

BRESCIA, Italy (AP)—Anti-Communist unions have won another victory in a large northern Italian plant. They upset Red control of the shop stewards of the O. M. truck factory yesterday.

Anti-Red unions won a total of 1,310 votes compared with 602 last year. The Communists got a total of 1,112 compared with 1,768 last year.

Keefe Owes Everything to "Eddie Cantor Story"

By EARL WILSON

NEW YORK — Has anybody in the joint been heard to remark lately, "Hey, I must be getting old"?

★ ★ ★ ★

I'm always growling about my advancing years — over such little things, too. Such as me mentioning Ruth Etting.

"Who's Ruth Eddy?" says somebody who's never heard of the great songbird.

I could mention other little things . . . like Eddie Foy 3rd and Joe Di Maggio Jr. being almost as big as their dads. . . . Gary Crosby being offered $50,000 to play Las Vegas . . . and Rory (Toots Jr.) Shor playing with the Giants next season. It's too much.

So then I interviewed a nice young fellow, Keefe Brasselle, who must be about half my age — and he reminisced!

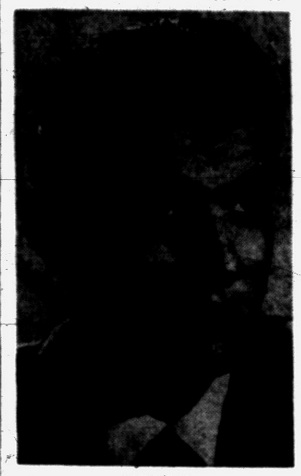
"Looking back," he said — and all the years he could look back seemed only a few minutes to Methusaleh here—" 'The Eddie Cantor Story' was the greatest thing that ever happened to me.

"Five years from now" — the handsome young black-haired fellow out of Elyria, O. was turning prophet now—" 'The Eddie Cantor Story' will be bigger than it is now.

★ ★ ★ ★

"Can't miss!" He pounded the table. "I've run across old women" —probably old hags 40 years old or so — "who told me with tears in their eyes that they've seen it 5 times."

★ ★ ★ ★



KEEFE

"It was the 13th money-maker last year and Eddie's bigger all the time. With TV and radio. Driving along Hollywood Blvd., the other day, I saw Eddie. He stood up in his car and sang out 'Keeeffffe, My Boyeeeeeeeeee.' I thought he was going to do 'If You Knew Susie' right there!"

Keefe got a 2 per cent slice of the Flamingo in Las Vegas, and when that was sold he was given a 3-year deal to appear 6 weeks a year at the spot for $20,000 a week. Lots of pictures are in the offing and Keefe has Sidney Skolsky, his producer, to thank.

"All off the Eddie Cantor story," he said. "Yes, it sure seems a long time ago since I sold shoes in Cleveland . . ."

★ ★ ★ ★

That's what gets you. When kids start talking old. Then there's the fact that the newspapers are making their type smaller all the time, too. Maybe the only thing to do is talk to Bernard Baruch and Herbert Bayard Swope only and, when they mention somebody from yesterday, say "Who?" Maybe that'll make us feel younger.

THE MIDNIGHT EARL . . .

Marilyn Monroe stunned luncheon customers in Child's by being just like everybody else. She'll see the "sneak" of "Itch" June 1. . .

Jack Paar's troubles with the CBS Morning Show now seem to justify Walter Cronkite somewhat; he did news, not comedy, now they want news again.

Diana Barrymore's autobiography, due in the fall, will be called "Much Too Soon" . . . Dagmar and Danny Dayton celebrated their fourth ann'y. at The Spindletop.

Pretty Joan Colins' next movie is "Sir Walter Raleigh and the Virgin Queen." . . . Jose Ferrer wrote background music for "The Shrike."

★ ★ ★ ★

Vaughn Monroe's Sheraton-Astor Roof opening busted the house record . . . Remember actor Tom Neal? He's applied for an FBI job . . . Producer Gant Gaither awaited the "Seventh Heaven" reviews at Grace Kelly's apartment.

Fiddler Florian ZaBach claims he often answers the doorbell in his overcoat; if it's an unwelcome guest, he says he's on the way out . . . The West Side's latest floating crap game is in a moving hearse . . . Monte Proser's added French singer Lucie Dolene to his La Vie show.

JOAN COLLINS

WISH I'D SAID THAT: Isn't it wonderful how noble we feel when we slow the car down, courteously, and let a pedestrian live?" — Norman Hendricksen, Sacramento. That's earl, brother.

Submerged Land Bill Goes Back to Senate

LANSING (AP) — Passed by the House and sent back to the Senate yesterday for action on amendments was a bill allowing owners of submerged lands to buy the property from the state under certain conditions.

As the bill left the Senate, the sale price would have to be 10 per cent of assessed valuation. The House upped the minimum to 30 per cent.

The measure, supporters said, was aimed at relieving property owners who bought land along the shores of the Great Lakes, then found it belongs to the state.

Under an 1887 statute, all Great Lakes shore land is held in public trust as hunting and fishing lands.

Some real estate operators and private owners have been filling in the land for homesites. The state has cracked down on these owners with a chain of lawsuits.

Under the bill, sales would have to be approved by the State Conservation Department, the State Administrative Board and the State Waterways Commission.

Pope Pius Receives Premier of Thailand

VATICAN CITY (AP)—Pope Pius XII received Thailand's Premier P. Pibunsonggram in private audience today.

Their conversation lasted for more than 10 minutes. Then the Thai Premier introduced his wife and members of his party to the 79-year-old head of the Roman Catholic Church.

Pibunsonggram is making a world tour.

Third Russian General Dies in Past Week

MOSCOW (AP)—The Soviet armed forces newspaper Red Star announced today the sudden death of Maj. Gen. Vsevolod V. Zhukov, a communications expert. He was the third Soviet army general whose death was announced this week.

Zhukov joined the Red army in 1919 and the Communist party in 1932.

Giving Viewers Chance to Talk

Network Paying Cost of Nationwide Survey to Satisfy Public

NEW YORK (AP)—CBS is approaching the problem from the right end with its projected $100,000 nationwide study of what the public wants and expects of television.

Frank Stanton, CBS president, emphasizes that while the network will underwrite the cost, once the study committee has been set up CBS' connection with it will cease.

The approach is a positive one. Until now, the public could register approval or disapproval of a program by tuning it in or not tuning it in, with consequent effects on the ratings. But the viewer gets no chance to tell what he'd like that isn't on TV at all.

* * *

The study projected by CBS would go further, however, than merely determing mass taste. The committee, says Stanton, also will concern itself with ways in which the public interest will best be served.

It may be months before results of the study are known. Meanwhile, an inkling of what it may include possibly is provided by a survey by the American Council for Better Broadcasts. This group, in which are represented many major civic organizations, made a survey in which 5,661 persons from 18 states participated.

Here are some excerpts from the report:

"More good music is the most insistent wish unfulfilled on radio-TV. By 'good' is meant classical. Popular music is plentiful."

* * *

"If only we could get some good children's program, as educational, nature and animal movies, cartoons and hobby-type programs, the children would be challenged to learn at the same time. They would not get overexcited before supper and would do constructive things."

On what they didn't like, the survey report included this:

"They continue to resent vociferously the low caliber of daytime serials and westerns and other crime shows for children. They especially resent the number of them, which leaves them and their children little choice on weekdays."

Legislature OKs Standardized Traffic Lights

LANSING (AP) — Michigan's Legislature has voted to standardize traffic control lights throughout the state and ban conflicting advertising signs.

The bill, sponsored by Sen. Elmer R. Porter (R-Blissfield), was sent to the governor today.

The measure requires vehicular traffic control lights to be suspended over the roadway, and pedestrian control lights to be placed at the curbline.

The bill affects all new installations made after the bill becomes law and requires existing lights be changed by Jan. 1, 1958.

It also forbids banners and decorations to be hung over streets and highways within 10 feet on either side of a traffic light or signal. This is designed to provide a clear channel of observation down the center of a roadway so that the traffic lights can be seen easily.

Creosote is still the most widely used wood preservative, but treatment with pentachlorophenol is increasing.

Dancer Evicted, Kicking, From Home in Chicago

CHICAGO (AP) — A barefooted former ballet dancer, fighting and kicking, finally was evicted from her home yesterday.

The Chicago Sanitary District had been trying to get Miss Lenena Davis to move from her home for nearly a year. She had tangled with district workers and police on previous occasions and twice last summer, they said, she fired shots at some workers.

She didn't surrender without a fight yesterday. She kicked and swung at humane officers who removed her three Afghan hounds from the one-story frame house. State policemen restrained the shapely, red-haired waitress. She kicked at them too.

* * *

District officials, accompanied by about a dozen policemen, went to the home along the Des Plaines River in suburban Summit to serve the eviction notice. Miss Davis, 32, was termed a squatter by district officials and was evicted on orders of a justice of the peace.

The district wanted the house removed to make way for a railway to haul sludge from its sewage treatment works in nearby Stickney.

After Miss Davis' furnishings had been removed, workmen poured fuel oil in the house and burned it.

Miss Davis, who had lived in the cottage for six years as a tenant of the Sanitary District, said she would move to a motor court near a restaurant where she is employed as a waitress.

Her dogs were taken to the animal welfare league but officials said she could get them.

State GOP Picking Governor Nominee

LANSING (AP) — Michigan Republicans hope to discover their most popular candidate for governor in 1956 without the ravages of a bitter primary fight.

Party sources disclosed today that the supporters of at least four potential candidates are conducting polls to determine the strength of their candidates.

The four are Rep. Gerald R. Ford Jr. of Grand Rapids, Rep. Alvin M. Bentley of Owosso, former Aud. Gen. John B. Martin of Grand Rapids and Mayor Albert E. Cobo of Detroit.
