Ada Wyatt Gets 3½-4-Year Term for Child Cruelty

Judge George Hartrick Calls Crime 'Heinous' in Passing Sentence

Mrs. Ada Wyatt, 33, Keego Harbor mother of 12, was sentenced today to a 3½-4 year term in Detroit House of Correction for burning the hand of her seven-year-old daughter, Sherry Wilkinson.

Mrs. Wyatt listened impassively as Oakland County Circuit Judge George B. Hartrick called her crime "the most heinous I have witnessed in my 20 years of experience."

"I was found guilty by a jury, but I am innocent," Mrs. Wyatt said.

Judge Hartrick said the law provides "an inadequate penalty" in fixing the maximum sentence for child cruelty at four years.

"Possibly you should have been charged with a more serious crime," he said. "The finger of guilt very definitely and positively pointed to you."

Pointing out he was required by law to set a minimum term, Judge Hartrick sentenced her to 3½-4 years.

Probate Judge Arthur E. Moore said today he will try to set a Juvenile Court hearing on custody of the 12 children for tomorrow. They have been in Oakland County Children's Home since they were found by officers alone in their house Aug. 23.

WYATT REMAINS OUTSIDE

Wyatt, who accompanied his wife to Pontiac for the sentence, did not enter the courtroom with her.

Judge Hartrick did not grant a request for stay of execution by defense attorney Milton R. Henry, who said he has already started procedure to appeal the conviction.

Henry also requested the court to examine an additional witness, who said he had heard Sherry admit she was lying in her testimony

Tighter Controls Placed on Rebels

VIENNA (AP)—Police and troops imposed rigid new controls on rebellious Hungary today to enforce martial law proclaimed by Premier Janos Kadar's desperate government.

It seemed apparent the regime had embarked on a campaign to wipe out the last vestiges of resistance.

The unhappy nation, torn by revolt, strikes and Communist repression for nearly seven weeks, has been cut off from contact with the Western world for more than 24 hours, except for broadcasts by Budapest radio.

The Red regime ordered military trial for a variety of offenses punishable by death and dissolved the major workers' councils that had tried to negotiate for Hungarian freedom.

The Vienna telephone exchange would not accept calls for Budapest, saying there was no contact. Telephone service between Budapest and Moscow resumed on a limited basis.

But AP correspondent Harold Milks reported attempts to telephone the hotel where Western newsmen stay in Budapest or the home numbers of Hungarian resident correspondents met with the reply: "Those numbers are out of order."

* * *

One Western diplomatic mission in Vienna said its only word from Buapest since the communications blackout was imposed was a message at 6 p.m. last night that "all was quiet" in the capital.

Word seeped through that police were controlling traffic strictly in the Budapest area in an apparent effort to halt movement of any anti-government groups or arms for them.

Radio Budapest said production in the pork slaughter house near the vast Csepel industrial region south of the city was "disturbed when police held up cars transporting workers living outside the town to the slaughterhouse."

The broadcast also reported that the worker's council of the slaughterhouse "generally agrees with the imposition of martial law" and considers it proper that weapons should be taken from persons not authorized to have them. The councils in individual plants were exempted from the dissolution order.

In New York, the United States and 15 other nations asked the U. N. General Assembly today to condemn the Soviet government for violating the U. N. Charter by depriving Hungary of independence and the Hungarians of their rights.

Collegians Get Priest's Order on Steady Dating

LORETTO, Pa. (INS)—Students at St. Francis College, a Roman Catholic Coeducational institution, were under a "no steady dating" order today with assurances that violators would be expelled.

Dean of Students Vincent R. Negherbon explained that "steady company keeping is a practice which should lead to marriage in the very near future. Therefore going steady is morally wrong for college students."

Father Negherbon described "Going Steady" as: 1) Dating of each other to the exclusion of everyone else; 2) Frequency of association excluding all others; 3) Continuous informal dating as the walking to and from classes, meals together, events, meetings and so forth.

St. Francis has a total enrollment of 800 with about 650 male students.

Try to Recover 5 Bodies From Plane

Attempts were continuing today to recover the bodies of five Michigan residents, including a 34-year-old Royal Oak man, from a plane that crashed Saturday night in Lake Erie near Port Maitland, Ont.

Killed in the crash were Wesley W. Hopp, 320 W. Sunnybrook Dr., Royal Oak, the pilot, and Mr. and Mrs. Richard Kurtz, and Mr. and Mrs. Michael McFadden, all of Grosse Pointe.

A diver reported yesterday sighting the five bodies, still strapped in their seats, in the twin-engine plane sunk in about 12 feet of water. The plane was owned by the Peninsular Steel Corp. of Detroit, for which Kurtz was a vice president.

Actress Jayne Mansfield Bruised in Car Crash

PALM SPRINGS, Calif. (AP) — Actress Jayne Mansfield suffered bruises and skinned knees in a car mishap.

She and her daughter Jayne Marie, 6, were in a car driven by Mickey Hargitay, husky "Mr. Universe." He said the steering mechanism apparently failed. The car swerved across the highway and hit a telephone pole.

Believe Airliner Down in Storm Over Mountains

Vancouver-to-Montreal Flight Late at 11 P.M.; Massive Search On

VANCOUVER, B. C. (AP)—A Trans-Canada Air Lines plane carrying 62 persons vanished during a violent windstorm over mountainous south central British Columbia last night and was believed to have crashed.

Potentially it was the worst commercial aviation disaster in Canadian history.

Although Trans-Canada still listed the four-engined North Star as only "overdue," the airline's public relations director here, Al Carlson, said there was "absolutely no hope" the plane was still in the air.

According to the Royal Canadian Air Force, which sent "every available plane" into a massive search for the missing aircraft at dawn, the North Star would have exhausted its fuel supply at 1 a. m., PST.

In addition to the aerial search, a ground party was set to start out from Chilliwack, 65 miles east of Vancouver.

Four RCAF planes criss-crossed the North Star's route during the night without sighting a trace of the missing plane.

The airline listed the plane as "overdue" at 11:15 p.m.

HAD 59 PASSENGERS

It carried 59 passengers and 3 crew.

* * *

The worst commercial air disaster in Canada occurred on April 8, 1954, when an RCAF training plane crashed into a TCA airliner in flight over Moose Jaw, Sask., killing 37 persons.

Among the passengers who boarded TCA's flight 810 at Vancouver last night were four members of the Saskatchewan team of the Western Interprovincial Football Union who were

Auto Show Draws Record Crowd

50,000 to 60,000 Persons See Cars on Second Day

NEW YORK (AP)—An estimated 50,000 to 60,000 persons viewed the three-floor exhibit of the National Automobile Show at the Coliseum yesterday, the second day of a nine-day run.

No turnstile count is kept but police said it was the largest crowd to visit the Coliseum in a single day since the 35-million-dollar exhibition hall opened last April 28.

A drenching rain caused Coliseum officials to open doors to a crowd of some 3,000 persons an hour and a quarter before the scheduled start of the exhibition hours.

Police attributed the record crowd in part to the bad weather which they said discouraged thousands of motorists from touring the countryside.

George W. Romney, president of the Automobile Manufacturers Assn., the show's sponsor, said the thousands attending the exhibit were a tribute to the worth of motor vehicles.

"I believe the significance of the show is greater than car sales, important as they are," said Romney, also president of American Motors. He added:

"The show now focuses all channels of communication on the automotive industry, not only its products, but its policies, programs, contributions, importants, companies and leaders."

Dulles Meeting British, French

Talks With Diplomats in Attempt to Close Rift Among Big 3

PARIS (INS)—Secretary of State Foster Dulles sought to get the Big Three alliance back on the track today in private talks with British and French foreign ministers.

* * *

Dulles, hoping to "bury past discords" resulting from the Anglo-French invasion of Egypt, conferred for 85 minutes this morning with British Foreign Secretary Selwyn Lloyd.

He planned to meet with French Foreign Minister Christian Pineau this afternoon.

Lloyd called on Dulles at Ambassador C. Douglas Dillon's official residence, where the U.S. Secretary is staying, and later attended the session of the Council of the Western European Union.

* * *

Dulles's meeting with the British and French foreign diplomats were a prelude to tomorrow's opening session of the North Atlantic Treaty Organization (NATO) Council.

It also appeared likely that Dulles would confer with French Premier Guy Mollet before the NATO Council meetings ended sometime Friday or possibly Saturday.

Car Rolls Over, Woman Killed

Resident of Lake Orion Suffers Fatal Injuries, Five Riders Hurt

A Lake Orion woman suffered injuries which proved fatal and an East Detroit man was critically hurt in weekend accidents in Oakland County.

Mrs. Florence Hampton, 49, of 584 Carkins Rd., died at Pontiac General Hospital after the car she was riding in went off the road and rolled over in Pontiac Township.

On the critical list at the same hospital is Jack Waltch Jr., 28, who crashed into a tree in West Bloomfield Township. Both accidents occurred Sunday.

Five other persons, including her son-in-law, and three grandchildren received minor cuts and bruises in the accident which took Mrs. Hampton's life. All were released after treatment at the hospital.

* * *

They were: Donald Hampton, 16, Lawrence G. Tear, 32, of 893 Miles St., the driver, and his three daughters, Lorna G., 12, Linda V., 11, and Iva K., 9.

Tear told Oakland County Sheriff's deputies his car went out of control after skidding on some ice just north of Pontiac on Perry street.

* * *

Waltch is under treatment for a concussion, fractures of an arm and leg, and cuts of the face.

Investigators have been unable to determine why he went off the road and hit the tree six feet off the side at Pontiac Trail and Halsted roads.

Grumbling Males Enjoy Getting Gifts

By JANET ODELL

Men may grumble about footing the bill for Christmas, but most of them enjoy playing Santa Claus—and getting gifts themselves.

In this shopping article we're not going to tell you about a tie, a shirt or any other clothing. We've seen lots of other gifts for the sterner sex.

Two items in the toiletry line caught our eye. One was a set of after-shave lotion, cream hair dressing and cologne. There's an atomizer for each bottle. Another kit contains plastic travel bottles of shaving lotion and men's cologne.

If the man on your list is a boat enthusiast, he'll like nautical jewelry. You can get him a money clip, cuff links or key chain in black with silver sailboats on each piece.

Those stag parties will be more fun if he has some new chips to use. They can be purchased in bright colored plastic cases that look like stacks of chips themselves.

It may be some months before your family will use the barbecue fireplace outside. But you can anticipate the picnic season with a set holding a man-sized apron, salt and pepper shakers and a hamburger press. Or buy him some elegant tools to use for outdoor cooking.

Even barometers can take on a sportsmanlike look. We saw one that, in addition to the usual figures and weather predictions, gave fishing predictions. It's called the Fisherman's Forecaster.

Keep your sportsman warm with a robe. If the weather is good, he can use the packaged blanket as a cushion. If it's cold, he'll cover up with it. A hand warmer will slip in his jacket pocket.

Last Saturday in that snowstorm we saw a man playing golf on the Pontiac Golf Course. Few men are so determined. Make it easy for your favorite golfer to keep his skill by giving him a golf practice putter to use indoors. It's adjustable and has an automatic ball return.

Shots Fired at British Patrol

One Soldier Injured in Ambush at Port Said; U.N. Gets Protest

PORT SAID, Egypt (AP)—Egyptian guerrillas attacked a British patrol from a rooftop in Port Said's Arab quarter with a burst of machine-gun fire and a hail of hand grenades.

* * *

One soldier of the eight-man Royal Scots regiment patrol was wounded slightly. The British-French command sent off an urgent protest to headquarters of the U.N. emergency police force, accusing Egypt of violating the cease-fire.

The patrol called reinforcements and cordoned off the area. Seven Egyptians were arrested.

The ambush was the first such attack in Port Said by the Egyptian underground since the cease-fire became effective Nov. 8. Previously there have been scattered shots fired occasionally.

The aim apparently was to harass the diminishing British-French force as it rushed its withdrawal order by the U.N. General Assembly. The bulk of British and French troops are expected to be gone from Egypt within three days.

* * *

Fearful of possible reprisals, most foreigners in Port Said were also packing. More than 400 British civilians sail today on the troopship Asturias. The French will take 50 of their nationals and an undecided number of other nationalities.

here for Saturday's East-West Shrine game.

The missing aircraft, a Canadian version of the DC4, left Vancouver at 6 p.m. PST last night on a flight to eastern Canada but turned back at Hope, 125 miles east of here, when one engine failed.

At approximately 7 p.m. the pilot, Capt. Allan Clarke, 35, of Montreal, asked the Air Traffic Control Center here for permission to descend from 8,000 feet to a lower altitude.

LAST CONTACT

That was the last radio contact with the plane, a flight to Montreal with scheduled stops at Calgary, Regina, Winnipeg and Toronto.

* * *

The Saskatchewan players on the plane were Mel Becket, Gordy Sturtridge, Mario DeMarco and Ray Syrnyk. Sturtridge was accompanied by his wife, Mildred.

Becket came to Saskatchewan from Indiana University. DeMarco played pro football with the Detroit Lions of the National Football League before moving to Canada.

* * *

The names of the other passengers aboard the plane were not released immediately by the airline.

Besides Clarke, the plane's crew consisted of stewardess Dorothy Bjornsson, 24, of Swan River, Man.; and First Officer John Boon, 26, of North Vancouver, B. C.

Jailbreak Made by Two Youths

Police Seek Criminals, 1 Wanted for Murder, in Flint Vicinity

FLINT (INS) — Two young, daring Flint area men—one wanted for murder—remained at large today after their Hollywood-style break yesterday from the Genesee County Jail.

Sheriff's deputies and state and county police blanketed the entire county in an unsuccessful attempt to recapture the escapees.

* * *

Wanted for murder was 22-year-old Parke Van Camp who was awaiting trial. His cellmate, William Long, 20, was awaiting trial for car theft, parole violation and attempted jail break.

They sawed through the bars of their sixth-floor cell Sunday morning and overpowered Ralph Denton, a 52-year-old turnkey.

Police said that when Denton passed their cell, Long broke through three cut-away bars and held a crudely fashioned dagger at the man's throat.

After locking Denton in a cell, they made their way through two security doors and down an elevator.

Van Camp was described as "very dangerous." Friends had quoted him as saying, "If I ever get out again they will never take me alive."

* * *

Both escaped into the freezing cold with only T-shirts and work trousers.

Four inmates escaped from the County Jail last year using a similar method. One was captured in less than an hour and the others were rounded up in several days.

against her mother. He did not name the witness.

Judge Hartrick refused the request.

* * *

Mrs. Wyatt was convicted Nov. 23 by a 10-woman, 2-man jury which also acquitted her husband, William, 29, on the same charge. The trial lasted five days.

During the trial Sherry testified her mother held both her hands over a gas burner "because she didn't want me coming downstairs."

Her mother also threw a butcher knife at her, splitting her lip and permanently disfiguring her face; knocked out two teeth with her fist; and sat her on an oil stove, burning her buttocks, Sherry said.

Doctors testified Sherry's right hand might be restored to partial use after "several years" of surgical treatment.

* * *

Sherry's brother and sisters said she was often tied to her upstairs bed, and a sister, Diane, 8, said she had witnessed the knife-throwing and oil stove incidents.

The case came to light Aug. 23 when Keego Harbor police and Sheriff's deputies found the children alone in their house. Mrs. Wyatt was hospitalized and Wyatt was in Indiana buying produce for the roadside stand where he worked. All the children were in the care of Aaron, 13.

Mrs. Wyatt's children are Aaron, 13, Arthur, 11, Darwin, 10, Darlene, 9, Diane, 8, and Sherry 7, all children of her first marriage to Robert Wilkinson; and twins Bobbie and Billie, 5, James, 4, Mona, 3, Thomas, 9, and Gary, 9 months, all children of Wyatt.

The Day in Birmingham

Amendment First Tonight on 16-Item City Agenda

BIRMINGHAM—Foremost on the 16-item agenda coming before the city commission tonight is the amendment to the purchase agreement of the sewage treatment plant by the North Evergreen Sewage Disposal Authority.

Birmingham residents approved the sale of the plant by popular vote at the regular November election.

Among the several reports of City Manager Harold K. Schone will be the expected final draft of the agreement for the sale of water from the Walker Well to the City of Troy.

Schone said the draft has been revised to clarify certain points. Changes include permitting Troy to pay the full amount of water main costs on or before four years

Taking over the Birmingham column, as well as Bloomfield Township, Bloomfield Hills and Troy news, today is Alice Morgan. An experienced journalist and well-known in the Birmingham area, she may be reached at her home, 1835 Holland, or by calling MIdwest 6-3537.

rather than mandatory annual installments; the responsibility of Troy to make certain connections at their cost to make the well usage more feasible; the right to cancel is reserved to the City of Troy after a two-year period by six months' notice; a new paragraph releases Birmingham from claim through inability to supply water.

Schone also will report on such items as the West Maple and Merrill cutoff right-of-way; Merrill cutoff paving; municipal two-way radio and lease of dwellings, parking lot 4.

Commissioners will receive a request for a building permit from the First Church of Christ, Scientist.

Birmingham will name R. S. Kenning, assistant city manager, as the official recipient of federal surplus property should such be available.

Water mains, street widening, sidewalk construction and additional fencing at Springdale Park, along with the city attorney's report on Michigan Bell's rate increase request, will complete the agenda.

* * *

Slippery, slushy streets brought caution to the foreground here Saturday, while accident rates shot upward in many sections of South Oakland County, Birmingham police took in only one mishap report, reportedly a hit-run smash of little importance.

Students Return to Clinton School

Integration in Effect; 16 Adults Arraigned in U.S. Court

CLINTON, Tenn. (AP)—Integrated Clinton High School reopened without a hitch today, with eight Negro students—four boys and four girls—walking together back to classes. One student planned to move away with her family.

Three police cars cruised the area briefly and then returned to their normal duties in this little eastern Tennessee city of 4,000. There was no indication of racial disturbances which caused authorities to close the school last Tuesday.

* * *

Students of both races appeared in jovial mood.

Authorities said about the normal number of white students also reported for the reopening, with approximately 800 students enrolled.

A few minutes after classes were resumed, 16 white men and women were scheduled for arraignment in U.S. District Court at Knoxville, 20 miles from here, on charges of criminal contempt. Judge Robert L. Taylor planned to set early trials for the 16, accused of contempt in violating an injunction last week against interfering with orderly integration.

Sterling Silver Stolen From City Residence

A walnut chest containing $350 worth of sterling silver was discovered missing Sunday by Mrs. Frances Murphy, 207 Mohawk St., Pontiac police said.

She believed the theft occurred sometime in the past week, police said.

Sentence Postponed for Blocking Sidewalk

The sentencing of Stephen L. Secora, 319 Orchard Lake Ave., who pleaded guilty last month of obstructing a city sidewalk, has been postponed until tomorrow.

Municipal Judge Cecil B. McCallum granted the deferment so that Secora might meet with city officials to establish the grade of the sidewalk where the offense was committed.

Examination by a Pontiac police officer showed 42 inches of foundry sand and other debris had flowed onto the sidewalk at Orchard Lake and Chapman.

Traffic Problems?

SACRAMENTO, Calif. (AP) — Do you live in a typical town?

Hal Boyle Says:

Orange Juice Beats Beer in Calories

NEW YORK (AP)—Some things a columnist might never know if he didn't read his mail—or old magazines in his dentist's office:

* * *

That it is illegal to catch whales in Ohio on Sundays. . . but in easygoing Tennessee there is no law against shooting them from moving automobiles.

That 96.5 per cent of the farms in Japan have electricity, as compared to only 91 per cent in America.

* * *

That politics has an extra hazard in Sumatra, where, in 1954, three election officials and 55 voters were eaten by tigers.

* * *

That Queen Isabella of Spain—who backed Christopher Columbus on his wrong-way voyage to India—is said to have boasted she took only two baths in her life—when she was born and when she was married.

* * *

That about 10 million volunteer workers raise some five billion dollars in the United States every year for charitable and philanthropic causes.

That 55 per cent of the prisoners released by state and federal prisons are back behind the bars within five years.

* * *

That Thomas Jefferson was one of eight U.S. presidents who never vetoed an act of Congress. Franklin D. Roosevelt used the veto most—631 times.

* * *

That Europeans who sneer at the United States as musically illiterate probably don't realize this country has 938 symphony orchestras. . . and that its radio stations carry an average of 6.9 hours a week of classical music.

* * *

That one-half of American men today wear knit shorts. . . or so an underwear company claims. . . but did you ever hear of a wife who knitted her husband shorts?

That the late bandleader Tommy Dorsey, whose recordings sold in the millions, earned 68 cents for his first public appearance with a band called "the Shenandoah Wild Canaries."

* * *

That beer has fewer calories than orange juice but, on the other hand, tapwater has fewer than either.

That the word "Lord" appears 8,000 times in the Bible.

That the Hotel New Yorker here has an interfaith meditation chapel, open 24 hours a day.

That Lucy Monroe says she has sung "The Star Spangled Ban-Banner" more than 3,000 times. Has anybody else even hummed it that often?

* * *

That deaf children spell better than children with unimpaired hearing.

That 26 jet planes, warming up, make as much sound as a full symphony orchestra multiplied 1,000 times.

That Wally Rose, veteran movie "daredevil," says film stunts have cost only four lives in 50 years.

* * *

That the prize keepsake of Gen. Mark Clark president of the Citadel, is a .45 caliber revolver he was carrying when wounded in France during the World War I.

* * *

That if you are planning to be among the first air passengers to the moon, you'd better start hoarding your pennies now . . . at six cents a mile, the round trip will cost $28,680, first class.

That Americans buy 60 million decks of cards a year and spend at least 1,200,000,000 hours a year playing card games.

* * *

That Mari Sandoz, who wrote "The Buffalo Hunters," holds among many distinctions this one—she is probably the only one-eyed lady author in history who was struck by lightning, and survived.

That it was H. L. Mencken who observed, "Men have a much better time of it than women; for one thing they marry later; for another thing, they die earlier."

Insurance Executive Succumbs in Detroit

DETROIT (AP)—Joseph E. Murphy, Detroit insurance executive and godfather of Gov. G. Mennen Williams, died Sunday. He was 82.

Murphy at one time was sales manager for the Williams Bros. Co., pickle growers and processors. The firm was owned by Gov. Williams' grandfather, William, and a grand uncle, Harry.

When the Williams Bros. Co. was sold, Murphy organized the Yellow Bonnet Taxicab Co. and in 1916 the Yellow Cab Co. He had been in insurance for more than 20 years.

Hawaii produces about 90 per cent of the world supply of canned pineapple.

5 New Cases of Diphtheria

Detroit's Total 156—More Victims Than Polio in 1956

DETROIT (AP)—Five new cases of diphtheria were reported in Detroit over the weekend, bringing the year's total to 156.

Diphtheria now has stricken more Detroiters than polio in 1956. A total of 148 cases of polio have been reported.

The five new diphtheria cases were reported in Detroit's lower West side, where an outbreak of the disease developed a month ago. Of the 156 stricken five have died.

In 1955 only 18 diphtheria cases were found in Detroit and there was only one diphtheria death.

Four additional inoculation teams were scheduled to join today the 16 that administered vaccine to 22,000 children last week in a drive to halt spread of the disease.

Authorities said at least 23,000 more youngsters would receive protective shots before the start of Christmas vacations in the schools Dec. 21.

Since outbreak of the disease thousands of children have received immunizing booster shots from private physicians.

Cuban Staff States Troops Kill Rebels

HAVANA (AP) — The Cuban general staff claimed troops and Marines killed 23 rebels yesterday in the mountains of southeast Cuba and took 32 prisoners near the U. S. naval base at Guantanamo.

Government losses were put at three dead and numerous wounded.

The army said a band of rebels led by former student leader Fidel Castro Ruz was still at large in the mountains but that a determined drive was under way to encircle it.

The latest small-scale revolt against President Batista's regime began with civilian attacks Nov. 30 in Santiago de Cuba, the nation's second largest city.

Those rebels were quickly overwhelmed but Batista's forces have been trying to round up a group of about 80 revolutionaries who were landed from the sea a week ago, reportedly under Fidel Castro's leadership. He has been in exile in Mexico.

Fatally Hit at Crossing

DETROIT (AP)—An 84-year-old Detroit man, Roman Molasky, died in a hospital today five hours after he was struck by a car while attempting to cross a street near his home.

Less than one-seventh of America's people live on farms today. In 1850 almost two-thirds the population was found on farmlands.

The beginning of the American school system was in Boston where in 1635 a schoolmaster was employed to give instruction to children who lived in the pioneer settlement.

Robbers Make Over in Kalamazoo

Two Escape With Furs, Jewels and Cash From Executive's Home

KALAMAZOO (AP) — Two robbers who terrorized a Kalamazoo couple and their houseguest with knives before escaping with an estimated $5,000 in cash, jewelry and furs were sought today.

The bandits, both masked broke into the home of Mr. and Mrs. Robert Rutledge Saturday night. They and their guest, Mrs. Mary Harley of Kansas City, were preparing for bed at the time.

Mrs. Harley, sister of Mrs. Rutledge, said she heard tinkling of broken glass and walked into a hallway. There, she said, she was confronted by two men masked by handkerchiefs.

They shoved her into a bedroom and then pushed Rutledge and his wife inside after binding them with [illegible]

Rutledge, 64, is president of the Rutledge Coperation Inc., a Kalamazoo wholesale firm. Police said Rutledge told them that the loot included a mink coat valued at $800, a mink scarf, three diamond rings, a sapphire ring, a platinum watch and $45 in cash.

The robbers took Rutledge's car, but it was found abandoned a block away.

Rutledge said he quickly freed himself and called police when the robbers left.

U. of M. Increases Journalism Enrollment

ANN ARBOR (AP)—The University of Michigan's Journalism enrollment increase percentagewise is tops in the nation, the Michigan Press Assn's Journalism Education Committee learned over the weekend.

Holiday Time Set for City Employes

Christmas and New Year holidays will begin at noon Dec. 24 and 31 for most city employes, Pontiac City Manager Walter K. Willman announced today.

In a letter submitted to the City Commission Friday, the Employe's Council requested the entire day of Dec. 24 as a holiday.

* * *

"This was denied because it would mean the city offices would be closed from Friday evening until Wednesday morning," Willman explained.

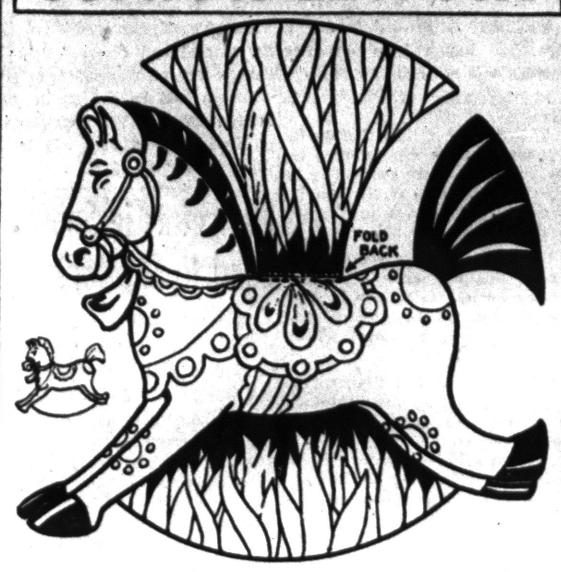
For those workers having to work the full day before Christmas and New Year's, compensatory time will be granted, he said.

The Oakland County Board of Supervisors last week granted county workers holidays for Dec. 24 and 31.

The U. S. Department of Agriculture was established as a separate federal government agency in 1862.

TODAY'S ASSIGNMENT FOR:

JUNIOR EDITORS



TOYS - 1

A Red Horse

All over the world in many lands and through many ages, children have played with toys made by themselves or their elders.

Those playthings were whittled from wood, modeled in mud and sun-baked, woven from straw or corn husks, fashioned from bits of rags.

Children today still like to make their own toys or play with something. home-made.

This week we are bringing you a set of toys you can make for yourself or as gifts for friends. If you use care and skill, you can produce some very attractive playthings.

Here is the Little Red Horse of Sweden. He is a legendary animal in Sweden. Color the picture and paste it on cardboard. Make the horse a bright red. Color his saddle and bridle in many bright colors. The background over which he rides is bright green grass.

Cut out the figure and fold the top section along the dotted line at the top of the saddle. Then it can stand up, as shown in the small sketch and the horse will rock.

(Phyllis Benben, Amherst, Mass., wins $10 for sending in this idea first. Perhaps you have an idea for Junior Editors. If so send it in care of this newspaper. Violet Moore Higgins; AP Newsfeatures).

LOS ANGELES (AP) — Auctioneer Leo Proctor was going so strong that he almost sold his own coat.

Proctor, conducting the annual sale of burglary loot for the Police Department, had the bid on the coat up to $3.50 before he recognized his fountain pen in a pocket. A wage among the policemen had handed the coat to the auctioneer.

Frantic Fear of Old Age Causes Mature Husband to 'Stray'

(This is the sixth of seven articles presenting case histories of "Marriage on the Rocks"—from the files of the Family Service Association of America—together with advice and opinion of experts on what can be done to prevent a marriage from breaking up. All names used in these real case histories are fictitious.)

By EDWIN DIAMOND
INS Science Writer

Scientific advances have lengthened the life span of all of us, and brought potential added strains to the marriage ties.

Among the most serious of these strains, according to marriage experts, are the "empty nest" home and declining sexual drives, as illustrated in the case of Mr. and Mrs. Bellson.

Bellson was a successful salesman in his late fifties. He had sent three children through college and had seen them all happily married.

When his wife came in for counseling she was accompanied by her husband's oldest friend. Bellson was drinking so heavily they both feared he would lose his job or get killed in an automobile mishap.

TOOK EFFORT

It took the combined efforts of wife, friend and case worker to get Bellson to come in for an interview.

And it took several interviews before the case worker could get to the root of Bellson's drinking. Here is how the case worker reconstructed the story:

* * *

The Bellsons were in that latter period of middle-age which is marked by a perceptible diminution of sexual activities in both the man and the woman.

There is always a great and understandable fear in the face of this fact. It is accompanied by a realization that we are all growing older and "less attractive" in some important respect.

Bellson felt his wife was fading faster than he, that she was losing her looks but he was still attractive to women.

* * *

Mrs. Bellson felt her husband was less interested in her. Added to that was her intense loneliness; her children, who had occupied her time in the first 25 years of marriage, were gone.

Bellson, without knowing really what he was trying to prove, took to drinking heavily and chasing after other women, particularly the secretaries in his company's home office.

To the experienced psychiatrist, Bellson's behavior followed the familiar pattern of an aging man trying to prove his virility by what is believed to be "manly" characteristics.

There was a double twist to the rebellion behavior: It is a well-established scientific fact that alcohol lessens rather than heightens sexual activity.

Drinking thus postponed Bellson's "moment of recognition" and mature acceptance of his true sexual status.

In January the case worker had helped the Bellsons get started on working out their mutual problems.

By May the couple had made real progress as they came to recognize the facts of later life. The husband had cut down considerably on his drinking. The wife, aware of his sexual fears, did her part to ease them and make him feel attractive.

* * *

He began responding to her with compliments and the attention she needed in her own post-menopause period of difficulties.

Together they began to rebuild their marriage for the retirement years ahead, choosing a realistic foundation appropriate to the changed circumstances of the later years.

Mother, Don't Be Cross When You Must Say 'No'

Home Will Be Happy, Free of Tension if Mom Stays Calm and Speaks Softly

By RUTH MILLETT

"Don't look so cross when you say 'No,' Mommy," the small boy told his mother whose face was distorted with scowling annoyance. She told her young son he couldn't have the cookies he wanted to add to her supermarket grocery cart.

* * *

"Don't look cross when you say 'No'" is a pretty good rule for any mother to follow.

Mothers, in the course of any day, have to say a lot of "no's." They have to do a lot of correcting, refereeing, and give a lot of orders.

But with it all, the atmosphere of a home will stay happy and children will be sunny if the mother keeps her voice calm, her face unmarred by tight, hard impatience and her eyes soft and gentle.

* * *

It is not just small children who hate to be talked to in a cross, impatient voice. Teenagers hate it, too, and perhaps the reason why some of them are so rude to their mothers is simply because they are reflecting the tone of voice their mother has used for years when talking to them.

CALM OR UPSET

More than any one thing, a mother's voice can calm or upset a whole household.

* * *

If her voice is warm and kind, if she is quick to laugh, if she refuses to let hurry make her impatient and cross, family life runs smoothly. Even minor crises are met without ruining anyone's day.

But if a mother's voice is frequently impatient, if her face wears a deep frown more often than a warm smile, if she can't say "no" without getting angry, tensions rise and home isn't a very happy place for anyone—including Mama.

Staying calm and pleasant is a big order, of course. But not too big for any woman who realizes how much happiness she can create just by speaking softly and looking pleasant.

Medical scientists estimate the human lungs take in about 25 ounces of oxygen in every 24 hours.

schooler, suggest child development specialists. They will not break as easily and they can be held and managed more easily by small children.

Don't Lie About Child's Tardiness

By MURIEL LAWRENCE

A child's face will suddenly seem thin to us, a little overtired.

* * *

One night Bill Downing's face seemed that way to his mother. As he came to kiss her goodnight, she thought, "It's because they start growing so fast at 9 years old." And she went to the kitchen to make Bill a glass of hot milk.

The next morning, instead of waking him for school, she let him sleep on. He awoke at 11 o'clock, and rested, hungry, but anxious, came clattering down the stairs yelling, "What did you let me sleep for? I'll have to have a tardiness note for school . . ."

"You'll be in plenty of time for the afternoon session," his mother said, buttering his toast.

Bill stopped swallowing orange juice abruptly. "What are you going to say in the note?" he asked.

EXTRA SLEEP

"That Daddy and I thought you needed some extra sleep this morning," his mother said.

* * *

"Miss Lyons will be awful sore," Bill told her gloomily. "She'll ask me what I think I am—a baby?"

Then, plaintively he asked, "Do you hafta tell her I slept late? Couldn't you say I had a little sore throat? Or my stummick was upset?" Brightening suddenly, he said eagerly, "I know. You could say you had to take me to the dentist. . ."

His mother passed him his plate of scrambled eggs. "No," she said, "no lies by mothers and fathers in this house. If I lied to save you from Miss Lyons' being mad at you, how could I expect you to tell me the truth when you've done something that's made me mad at you? I could not.

"So don't ask me to lie to Miss Lyons. Compared with our telling the truth to each other, her dislike of your sleeping late isn't important at all."

REASSURING TO HIM

This refusal to shield Bill from his teacher's displeasure by lying to her was deeply reassuring to him. He still didn't relish the prospect of Miss Lyons' criticism—but he felt much less anxious about it.

His mother's trust in the goodness of truthfulness had allayed his fear of its bad consequences.

Parents who falsify reasons for children's school tardiness and absence make serious problems for themselves. They imagine they are being "kind" when they agree to a youngster's demand—and lie for him.

The fact is, the child's demand is really a test of their trust of truth. When they fail it by lying for him, he is deeply disappointed.

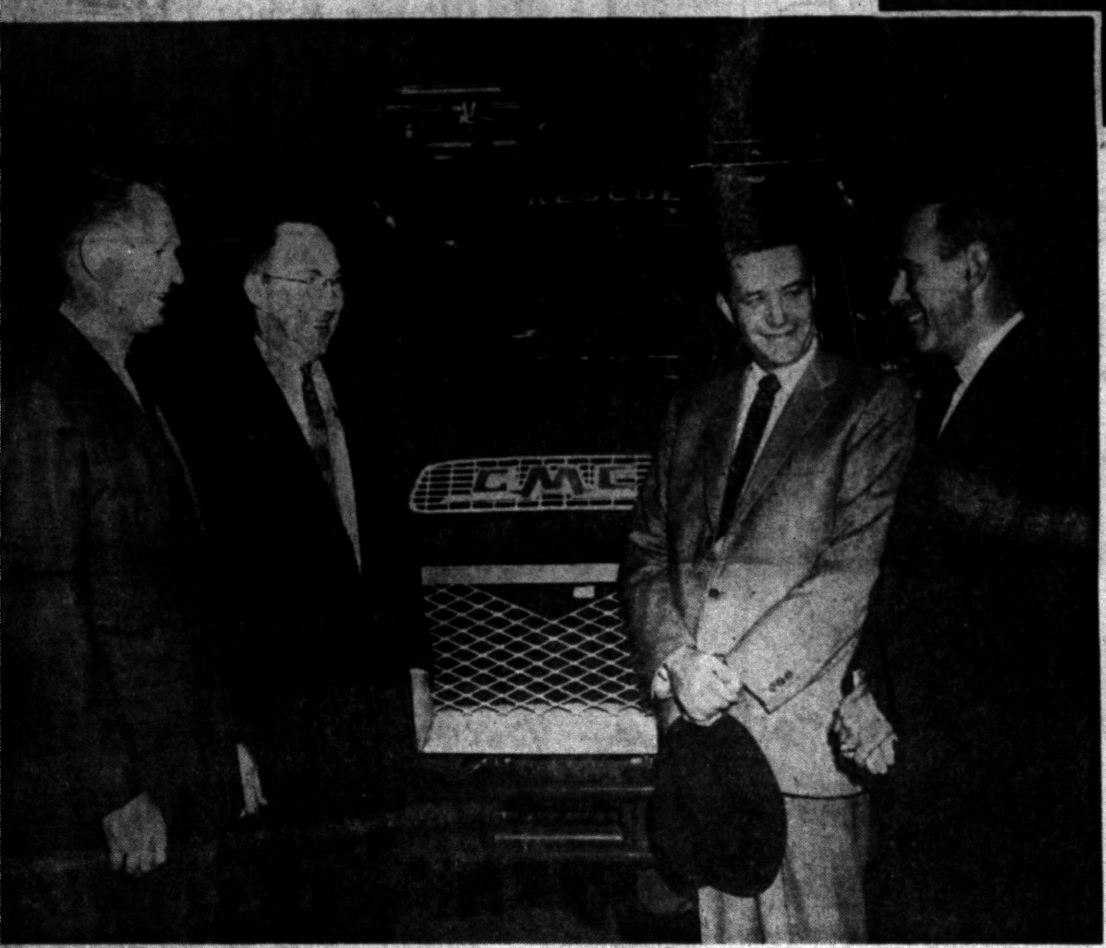
Coliseum Glitters With Sleek Auto Show Displays

VIEW HUGE SHOW — Harlow H. Curtice, president of the General Motors Corp., looks at one of the National Auto Show displays pointed out by Kim Smith, motion picture actress.

CAR OF TOMORROW — Planning for the future even while they produce the 1957 General Motors models on display at the National Automobile show are these seven GM vice presidents, all general managers of the corporation's passenger car, truck and body producing divisions. Seated, left to right: Philip J. Monoghan, GMC Truck & Coach; Jack F. Wolfram, Oldsmobile; and James E. Goodman, Fisher Body. Standing, left to right: Don E. Ahrens, Cadillac; Semon E. Knudsen, Pontiac; Edward N. Cole, Chevrolet; and Edward T. Ragsdale, Buick. The 13-year-old boy in the foreground studies a model of one of GM's experimental thrusts into transportation tomorrow — the Firebird II gas turbine passenger car.



GMC OFFICIALS AT EXHIBIT — Executives of the GMC Truck & Coach Division pause in front of the rescue truck that appeared in the eight-truck exhibit at the National Auto Show this week. From left to right: E. A. Maxwell, personnel director; J. P. McManus, director of purchasing; V. P. Blair, divisional comptroller; and T. E. Wilson, general manufacturing manager.

JOB WELL DONE — The Pontiac exhibit at the show is the center of attention as Semon E. Knudsen (left), GM vice president and Pontiac general manager, discusses what's new in 1957 with Mr. and Mrs. C. R. Osborn. Osborn is vice president in charge of the General Motors Engineering Group.

ATTEND SHOW'S OPENING — Among those who crowded into New York City's giant Coliseum opening day were four Birmingham residents, left to right: R. W. Moore, Mrs. Moore, Mrs. J. L. Wernig and Mr. Wernig. Moore is field director in the GM public relations organization, and Wernig is chief engineer of the Fisher Body Division.

SPECIAL ATTRACTION — A diamond tiara, given to Empress Josephine by Napoleon in 1805, is displayed along with the Pontiac La Parisienne show car at the New York show. The glittering array of gems, property of Van Cleef & Arpels, contains about 880 diamonds weighing approximately 260 carats and still in their original mounting.

I pity all the Hollywood glamour dolls like Grace, Rita and Marilyn. . . . There's one thing to be said for a small town: It's small.—Earl Wilson.

U.N. Needs Police, Says Labor Leader

LOS ANGELES (AP) — The United Nations should have a standing international police force to help it meet world crises, says labor leader Walter Reuther.

The president of the United Auto Workers and vice president of the AFL-CIO urges U. N. charter revision to create such a force.

"If a U. N. police force of 25,000 men could have been parachuted into Budapest in the first 48 hours of the Nagy government," he told a reporter, "the outlook for the Hungarian people would not be so bleak today."

May Ask Issue at Royal Oak

Recreation Is Studied; Architects Working on Master Plans for Area

ROYAL OAK — Approval of a bond issue for recreational purposes may be asked of residents here next spring.

Money for the sale of Memorial Park, turned down by voters last August was to have been earmarked for recreational purposes.

An overall program of Royal Oak's recreational needs has been under way for some time, said Arthur P. Boynton, chairman of the recreation board.

Birmingham architects O'Dell, Hewlett and Luckenbach have been hired by the board to draw up a master plan showing estimated cost, area needs, and the best use of recreational lands of city and school-owned properties.

Two Villages Seeking Plants

Almont Slating Vote While Marlette Eyes Federal Aid

Almont and Marlette village officials are looking to ways for providing for new sewage treatment plants.

The Almont voters will decide on bonding for $100,000 on Jan. 14, to partly finance a $155,000 plant. Balance would come from special assessments on water bills during the past few years, officials say.

The bonding issue will require a majority vote of 60 per cent for approval.

Marlette Village President Emerson Kiteley, village attorney Wart Atkins, and farmer George Heussner, visited Lansing last week concerning obtaining federal moneys for such causes.

Marlette, said to be either first or second on the state's list, might come under a bill authroizing up to 30 per cent of a sewage disposal plant cost being born by federal funds.

The town's citizens will vote in January on a $165,000 general obligation bond issue. The law firm on Atkins and Drillock has indicated that most of the plant and operation cost will be borne by the bonds.

The bonds will be extended over a 30-year period.

On arrival, authorities found two skin divers swimming around chunks of ice "having a good time in the sub freezing temperatures."

An officer asked, "Don't you know you are creating a lot of trouble being out there?"

Divers Arthur W. Romska and Clifford L. Villemen, both of Washington, (Mich.), were suprised at the commotion. They told "rescuers" they were diving for equipment lost when their ice fishing shanty fell through.

A reporter asked one of the troopers if he knew the ages of the men and he replied:

"No, but I'd say they were old enough to know better."

Hollywood Headlines

Rex Harrison Reluctant to Leave Broadway Hit

By LOUELLA O. PARSONS

HOLLYWOOD (INS) — Here's some real news. Rex Harrison steps out of "My Fair Lady" for twelve weeks starting in February to star in John Van Druten's "Bell, Book and Candle" for Columbia. Harrison signed this deal before he went into "My Fair Lady" and before he knew it would be such a smash hit.

However, I can't see Mr. H. being upset about coming to Hollywood this time as his girl friend, Kay Kendall, will be here at the same time making "Les Girls" at MGM.

Four top actresses are being considered for the co-star role in "Bell, Book and Candle." In the original version produced by Irene Selznick on Broadway, Lili Palmer played opposite Harrison.

Those luncheons Cary Grant has been having on the Paramount lot were to discuss "Houseboat," the Jack Rose-Mel Shavelson picture which will be made next spring with Cary as the star.

CARY GOT ALONG WELL

In the course of conversation, Cary mentioned how well he and Sophia Loren got along during the grueling, long location in Spain for "Pride and the Passion." So Jack and Mel are now negotiating with Sophia to play opposite Cary, and are very hopeful of getting her before she goes into "Desire Under the Elm" for Don Hatman.

Bless the wonderful courageous heart of old-timer Margaret Padula whose left leg was removed to the knee during an operation Friday morning. Coming out of the anesthesia, she looked up at her doctor, Sam Hoffman, and said, "Well, Sam, I'm still here—how lucky can I be?"

And then Margaret started singing "Hallelujah!" her hit song from "Hit the Deck." There wasn't a dry eye among the nurses and doctors as the gallant old girl was wheeled out to her room.

* * *

Life begins at 70 for my old friend Francis X. Bushman. Since he won $30,000 on TV, offers are coming in right and left for other TV shows and pictures. After telling me he didn't think he would accept the part of "Moses" in "The Story of Mankind" for Irwin Allen, Frank has now changed his mind and will play the scene of Moses talking to God on Mt. Sinai.

He also has the interesting assignment of playing a movie star named—of all things—Francis X. Bushman on a four star TV show with Ida Lupino.

If all this weren't enough to keep him busy, Bushman is writing his biography, and all I have to say is—I better figure in that!

Snapshots of Hollywood collected at Random: pretty Australian actress Victoria Shaw and her bridegroom Roger Smith have dated the stork for July. She whispered this just before she took off for Mexico for the Hilton Hotel opening.

* * *

Mrs. Clark Gable has been in bed for several days. Nothing serious, just too much social activity.

The Bill Tomberlins (she's the former Dixie Bowers) welcomed a baby girl in Denver, and papa immediately named his oil well the Tracy Tomberlin after the newcomer.

Taina Elg told me at the MGM party that she is singing for the first time, and Johnny Green added, "and doing a mighty good job."

I met Richard Travers for the first time. What a good looking hunk of man he is! With him was his best girl, Virginia MacKenzie, a cute little blonde.

* * *

Marisa Pavan, with Jean Pierre Aumont, said that Pier Angeli, who lost her baby, is feeling fine now.

Just as I walked in, Joe Vogel, the new president of MGM, whom I've known for 20 years, introduced me to a group of New York executives who are out here for the meetings. Nice to see Howard Dietz.

The reports I get from Mexico City are that Conrad Hilton could be elected to any office. Just as he did in Turkey, he ingratiated himself not only with the Mexican diplomats but with all the people.

Announce New Way To Shrink Painful Piles

Science Finds Healing Substance That Does Both—Relieves Pain—Shrinks Hemorrhoids

New York, N. Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids and to relieve pain—without surgery.

In one hemorrhoid case after another, "very striking improvement" was reported and verified by doctors' observations.

Pain was relieved promptly. And, while gently relieving pain, actual reduction or retraction (shrinking) took place.

And most amazing of all—this improvement was maintained in cases where doctors' observations were continued over a period of many months!

In fact, results were so thorough that sufferers were able to make such astonishing statements as "Piles have ceased to be a problem!" And among these sufferers were a very wide variety of hemorrhoid conditions, some of 10 to 20 years' standing.

All this, without the use of narcotics, anesthetics or astringents of any kind. The secret is a new healing substance (Bio-Dyne*)—the discovery of a world-famous research institution. Already, Bio-Dyne is in wide use for healing injured tissue on all parts of the body.

This new healing substance is offered in *suppository* or *ointment form* called *Preparation H.** Ask for individually sealed convenient Preparation H suppositories or Preparation H ointment with special applicator. Preparation H is sold at all drugstores. Satisfaction guaranteed or money refunded.

*Reg. U. S. Pat. Off.

P.S. DOCTORS PRESCRIBE SPECIAL LAXATIVE TO EASE PAINFUL ELIMINATION WHILE SHRINKING PILES

The makers of Preparation H also make Petro-Syllium®, a special type laxative prescribed by doctors for hemorrhoid sufferers. Softens hard dry stool and assures easy elimination *without pain.* Ask for Petro-Syllium.

Senator Byrd Supports Plan

Will Back Emergency British Postponement of Interest Payments

WASHINGTON (AP) — Sen. Byrd (D-Va) said today he will support emergency postponement — but not outright cancellation — of interest payments Great Britain owes to the United States.

Byrd, who heads the Senate Finance Committee, said he is willing to help the British in the financial crisis brought about by the Suez Canal military venture.

* * *

"But I am opposed to cancellation of interest payments or any waiving of principal payments on money the British owe us," he said in an interview.

"We have poured billions of dollars in gifts into Europe. We have given billions to Britain. They ought to stand by their agreement on loans. A contract is a contract and it should be fulfilled."

Byrd said he would be willing to agree to a postponement of the nearly 82-million-dollar interest payment due Dec. 31 on Britain's postwar loan of 3½ billion dollars from this country and on the 600 million dollars agreed upon in settlement of her lend-lease account.

* * *

The Eisenhower administration has indicated it will put the matter up to Congress.

Byrd said he was glad to see that Secretary of the Treasury Humphrey had publicly discounted reports there might be in the making a new program of economic aid for Europe patterned after the Marshall Plan.

"I am opposed to any further continuation of foreign economic aid," Byrd said. "I will support a reasonable amount of military aid to our allies but I think the time has passed when economic assistance is necessary."

Gina's Vital Statistics Given in Centimeters

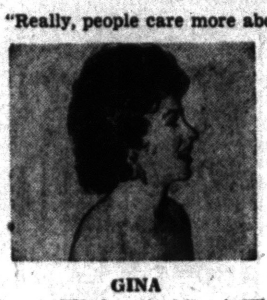
By EARL WILSON

NEW YORK—It was nice of Gina Lollobrigida to give me a small cocktail party—but why did she invite those 20 or 30 other press people?

Flinging myself on the divan beside her in the Waldorf Presidential Suite, where she slept in the bed once slept in by Mamie Eisenhower, I asked Europe's greatest movie attraction about having a baby.

★ ★ ★

"Really, people care more about my baby than me!"



GINA

"No," I apologized, "but I read that you hoped . . ."

"No, not now!" She almost winced. "I should have a whole college of babies for the times they have said I was having one."

Gina's here for the opening of "Beautiful But Dangerous," in Boston—then appears with Groucho Marx on Perry Como's TV show in Miami. When somebody brings a girl in to Groucho and says, "This is Gina Lollobrigida," Groucho's supposed to say, "That's a likely story."

Anyway, Gina now looks better than ever and when I asked her measurements she said:

"Ninety-two bust, 50 waist, 90 hips—centimeters."

And nobody could break it down into inches. That'll teach me to leave my tape measure home.

THE MIDNIGHT EARL . . .

My B. W. demands I praise guys, too—so how about the Handsome Hackie, Joe Goodman, of Brooklyn, known to friends as "Cyranose?" He answers jibes about his big schnozz: "Yeah, but everybody else has to breathe every minute, I only have to breathe once a week." Jimmy Durante or Phil Silvers should give Joe an audition!

JOE GOODMAN

Dana Wynter and Greg Bautzer take a house in Acapulco in January for a delayed honeymoon . . . George Gobel will likely work the Waldorf after Lena Horne . . . Lilo was feasting at the Colony before heading for Havana to sing it up at the Nacional.

Elvis Presley named his new music firm "Gladys Records"; now everybody's asking, "Who's Gladys?" . . . A previewer who saw Jayne Mansfield's new film, "The Girl Can't Help It," said "They invented the wide screen just in time" . . . Count Basie's band will tour England; Ted Heath's British crew will come here in exchange.

Earl's Pearls . . .

If it wasn't for running up bills, some women wouldn't get any exercise at all.—Quote.

WISH I'D SAID THAT: The average guy who looks under a car's hood doesn't know any more about it than the average guy who used to look in a horse's mouth.

TODAY'S BEST LAUGH: Charlotte Rae complains that her home's so full of time-saving devices it takes her an hour to find the one she's looking for.

Taffy Tuttle says she'll never go to the ballet again. When she gets home she has trouble falling back to sleep again. That's earl, brother.

Ask GOP Council to Sponsor TAR

SAN MATEO, Calif. (AP) — California Republicans want the Republican National Committee to add TARs to the GOP's symbols.

This fall, Teen-Age Republicans, were organized in the 10th California Dist. to campaign for President Eisenhower and the party ticket. Party elders credit the TAR's with helping re-elect Rep. Charles S. Gubser and others.

So yesterday the California Republican Assembly voted to ask the national committee to sponsor TARs nationwide.

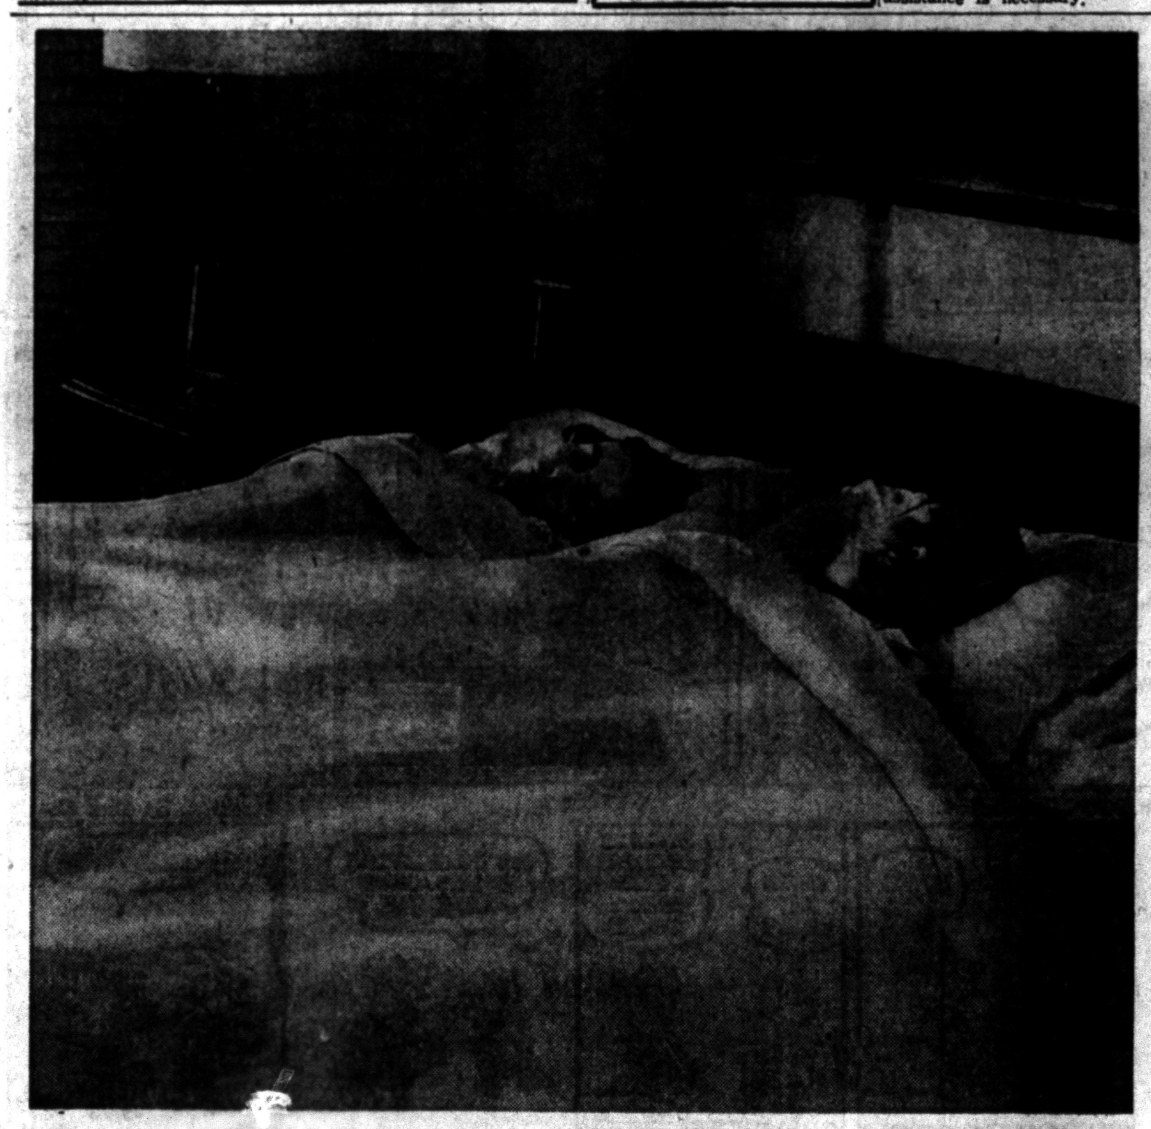
FIGHTING TROUBLE



Is a good night's sleep worth 2¢?

That's all it costs—2¢—to give you cozy warmth all night long.

With an automatic blanket you can have all-over warmth—as much or as little as you like. You select it . . . a thermostat does the rest to keep you comfortable.

Automatic blankets really save you money because you need only *one* blanket for each bed. No need to have that extra blanket handy. Just one blanket to launder, one blanket to store.

Saves on heating, too. Set the house thermostat lower during the night. Under your automatic blanket you're always cozy warm, no matter how cool the room.

Group Submits Petition to Incorporate Acreage in Farmington

A petition for annexation of a 170-acre section of Farmington Township to the City of Farmington goes to the Boundaries Committee of the Board of Supervisors Thursday, after a 30-day routine wait in the clerk of the board's office.

The petition bore signatures of 100 per cent of the eligible residents of the area when submitted in November, according to City Manager Earl Scheriffius of Farmington. It was carefully checked by the attorney who made up the petition before submitting, Scheriffius says.

* * *

The Time Land Company's interest in subdividing and building in the area spurred the effort, which residents supported, since water and sewer facilities are expected to be made available by the city. Such service was unavailable in the area under township status, the group had learned.

Boundaries of the proposed new city section are West Farmington Road from Eight to Nine Mile road, Eight Mile road from Farmington road to Whitlock street, Whitlock from Eight Mile to Colfax street, and Colfax from Eight Mile to the Little Farms Subdivision, the subdivision boundary, and Nine Mile from that subdivision to Farmington road.

* * *

The petition, besides bearing 21 township residents' names, bore 121 Farmington residents' names.

Youths Beat Actor to Death

Malcolm Beggs Killed During Robbery Attempt in Chicago

CHICAGO (INS)—Veteran actor Malcolm Lee Beggs was beaten to death by two youths early today during an attempted robbery in his apartment on Chicago's near North Side.

The body of the 45-year-old actor, clad in shorts and a robe, was found on the floor of his 16th floor apartment in the LaSalle Towers by policemen investigating a report of a disturbance.

Beggs' head had been battered, apparently by whisky and beer bottles lying nearby.

The actor's ankles were tied with a necktie. The rest of his clothing was in a heap near the bathroom door.

Police seized Robert Mitchell and Haskell Kellems, both 19 and currently living at the Perry Hotel.

The youths told officers they met Beggs a block from his apartment building and he invited them in for drinks.

Police quoted them as saying that after a few drinks they decided to rob him and then beat him with the bottles when he resisted them.

* * *

Mitchell came to Chicago eight days ago from St Louis and Kellems arrived in the city from Evansville, Ind., only a few days ago.

Beggs had been playing the role of the general in the hit comedy, "No Time for Sergeants," now running at the Erlanger Theater in Chicago.

Books of press clippings in the actor's apartment traced his career in the theater, motion pictures and television.

He recently played in the hit musical, "Mr. Wonderful," on Broadway, but left the cast to direct "Can-Can" in Louisville, Ky.

16-Year-Old Shot; in 'Good' Condition

A shotgun wound, accidently inflicted on a 16-year-old Ferndale boy Saturday, Pontiac police said, was described as "not serious" by authorities at Pontiac General Hospital.

Lawrence Griffin, of 10558 Halcott St. was listed in good condition at the hospital today.

Lawrence was injured, police said, when his friend, John Sparks, 14, of 587 Nebraska, stumbled while holding his father's 12 gauge shotgun in his home Saturday afternoon.

The gun went off, striking Lawrence in the right hip.

The shooting was called accidental after the younger boy was questioned by Det. Robert Emery.

Cuts Red Tape by Eliminating Records Tape

DETROIT (INS)—A Detroit woman, who was "sure there was an easier way to do things," has helped eliminate an estimated 46-million inches of government red tape.

Mrs. Ruby Finch, a supply distribution officer with the Field Service Division of the Ordnance Tank-Automotive Command, maintains worldwide inventory records on automotive spare parts for the U. S. Armed Forces.

She receives information for these records from 12 ordnance depots on thousands of 150-inch tapes.

The 42-year-old federal employe said:

"One day when I was overwhelmed with paper work, it occurred to me there must be an easier way to do things."

Mrs. Finch submitted a suggestion to consolidate the information put on tapes. The suggestion, which Army officials said will eliminate an estimated 46-million inches of tape a year at a savings of nearly $9,000, earned her $220 under the command's employe suggestion program.

Police Hold Two for Truck Holdup

Two Royal Oak Township youths are being held for investigation of armed robbery concerning the Saturday holdup of a cleaners' truck at a township intersection.

The arrests were made after the truck driver told police of being held up and robbed of $300 by two young men with guns at the intersection of Scotia and Halcott roads. No guns were found in the youth's possession, police said.

MSU Athletes to Be Arraigned

2 Grid Players Admit 6 Holdups, According to Jackson Police

JACKSON (AP) — Two Michigan State University athletes, arrested Saturday after two rapid-fire holdups, were scheduled to be arraigned today on armed robbery charges.

They are Thomas F. Husband, 19, of Bay City and Richard A. McDonald, 19, of Springfield, Ohio. Both will be taken before Municipal Judge Grove M. Hatch.

Police Cpl. Paul Rand said the youths admitted at least six stickups and a breakin over the last month to pay off debts and meet room and board costs, among other things.

Their arrest followed holdups of two Jackson filling stations, one on the West Side and another on the East Side, early Saturday. Their car was spotted shortly after the second and they surrendered after a bullet had been fired into it.

Husband is the father of a 5-month-old child. Rand said Husband told him he had a girl "in trouble."

Both were reserve centers on the Michigan State football squad, but neither ever has played with the varsity. They said they were on athletic scholarships which covered only tuition.

Police Capt. Earl Miller said the pair told him they had asked the MSU Athletic Department for money but had been refused it.

"That," he quoted them as saying, 'made us bitter, because the stars were getting financial help; So we decided to pull a few jobs to get the money we had to have."

Rand said the two admitted strongarmings in Springfield and Maumee, Ohio, a filling station holdup and a country club breakin at Grand Rapids and the two holdups in Jackson.

Williams Lake Level Subject of Meeting

Seventy residents and property owners gathered at the CAI Building yesterday to hear a report from the Williams Lake Water Level Control Committee.

The group has been working on controlling the water level for the last two years and according to Lee Kaines, chairman, will soon be able to have the problem under control.

Dan Barry, drain commissioner elect, and Don Ringler, representing the drain commissioner's office, were present to see a motion picture field trip on the proposed water control route.

Petitions were presented by the drain commissioner's office and due to controversial statements in the petitions, they were tabled pending advice from legal sources.

The Williams Lake residents advocate regulation of the water level for health purposes in the petitions.

Another meeting after the first of the year has been called by the group and petitions will be represented for voting, Kaines said.

Details about this new addition to the Coca Cola "family" will be the subject of an upcoming series of Pontiac Press advertisements.

Taxicab Rams Auto; No Injuries Result

A taxicab passenwer was released from St. Joseph Mercy Hospital Sunday afternoon, authorities said, after X-rays showed she suffered no injuries when the cab struck another car.

Mrs. Mary E. Auten, 57, of 8620 Epworth Ave., Detroit, was in the cab of Ottie V. Anderson, 56, of 90 Oakland Ave. which rammed the rear of another car, Pontiac police said, on N. Perry street south of Hammond street.

Anderson explained his foot slipped and hit the accelerator instead of the brake pedal, police said.

Predict 1957 Business Year to Be Better

WASHINGTON (AP) — Cautious predictions of a "moderately" better 1957 business year — and further price increases — emerged from a weekend meeting of National Trade Assn. executives here.

But a summarizing statement said, "Serious inflation is wholly improbable — unless the international situation deteriorates materially."

* * *

The appraisals were made at a business outlook forum held by the U. S. Chamber of Commerce. The Chamber's chief economist, Dr. Emerson Schmidt, said the combined viewpoint is one of "mild, cautious optimism."

* * *

Almost all the speakers predicted further price increases and some foresaw softness in their own economic picture.

Schmidt said it is possible that "certain stresses and strains may begin to develop" in 1957 and "a look ahead must be more guarded than usually."

* * *

He said the American business boom which began in 1954 is "getting older but not necessarily tired."

$11,000 Mink Coat Stolen From Home

DETROIT (AP) — A Detroit couple today reported the theft of three mink coats and a mink stole valued at $11,000.

Allen A. Saltz said a window was forced at his home early yesterday evening and the furs were taken from a special closet. He and his wife were at Ann Arbor visiting their daughter, Marsha, a University of Michigan student.

The wraps were described as one full length black diamond mink coat valued at $6,000, a silver blue mink jacket, a cerulean mink stole and a cerulean mink jacket. Saltz said they were insured.
