Icardi on Trial for Perjury in War Slaying of Superior

WASHINGTON (AP)—Ex-army Lt. Aldo L. Icardi was called to trial today on charges of falsely denying he plotted the World War II slaying of his superior, Maj. William V. Holohan, behind enemy lines in Italy.

While the indictment charges Icardi with perjury, the effect it is to accuse him of directing the slaying of Holohan during a daring cloak-and-dagger mission.

Icardi, a Pittsburgh real estate broker, appeared before a House Armed Services subcommittee March 26, 1953, and made a general denial of knowledge concerning the disappearance of Holohan in December 1944. The indictment resulted from this testimony:

Holohan, 40, a lawyer in civilian life, headed what was known as the "Mangostine mission." The Italian-speaking Icardi, then 23 and known for his daring, was second in command. Former Sgt. Carl Lo Dolce of Rochester, N.Y., and an Italian partisan, Tullio Lussi, who operated under the resistance name of Capt. Landi, also were along.

The mission parachuted 100 miles north of battle lines near Lake Orto Sept. 26, 1944. Holohan was last seen alive Dec. 6.

Investigation into Holohan's disappearance, begun after the war, was stepped up after recovery of his body from icy Lake Orto in November 1950. An autopsy disclosed he had been poisoned and shot.

A Defense Department memorandum issued in 1951 accused Icardi and Lo Dolce of complicity in the slaying.

Two Italian partisans were acquitted by the Italian court and are expected to testify against Icardi.

12 French Jets Highlight Show of Israeli Might

Parade Marks Nation's 8th Year of Freedom; Frontier Areas Uneasy

TEL AVIV, Israel (AP) — Twelve French-type Ouragan jet planes spearheaded an air parade of Israel's military strength at Independence Day celebrations in Haifa today.

Highly placed Israeli military sources reported yesterday that a newer jet plane, the French Mystere, would make its appearance but no Mysteres were on display and there was no official confirmation of the report that 12 of these planes actually had been delivered to Israel.

The Mysteres, the military sources indicated yesterday, would somewhat balance Egypt's acquisition of Soviet MIG15 jets from Czechoslovakia.

The Ouragans, never displayed publicly in Israel before, along with British-made Meteor jets, took part in the aviation section of a two-hour military parade reviewed by President Izhak Ben-Zvi, Premier David Ben-Gurion, Maj. Gen. Moshe Dayan, army chief of staff, and thousands of spectators.

The show marked Israel's eighth anniversary as an independent Jewish state at a moment when many fear some shot across the troubled frontiers might set off a second round of war with the Arab states.

It comes on the eve of Dag Hammarskjold's arrival on a U.N. mission to stamp out the new flames of conflict between Arab and Israeli.

The border area was comparatively quiet but uneasy in the wake of the U. N. secretary general's first week of on-the-scene persuasion.

An Egyptian spokesman charged that Israel had violated Hammarskjold's newly invoked cease-fire eight times in the past 48 hours. The spokesman said Israelis fired into the Egyptian-held Gaza Strip five times yesterday and two Israeli planes had flown over the strip for five minutes Saturday.

"We kept our word to U.N. Secretary General Dag Hammarskjold and refused to return one single shot," he said.

The military source who disclosed the arrival of the Mystere jets estimated that the Arab states could field 280,000 troops against Israel's army of 200,000.

Ex-President Hoover to Skip Campaign Trail

NEW YORK (AP) — Former President Herbert Hoover says he's too busy to take an active part in the coming presidential election campaign.

"I have a lot of other things to do," he told reporters before leaving here by plane yesterday to address the Inter-American Bar Assn. meeting at Dallas tonight.

Truman-Daniel Wedding Press Corps Arrives

INDEPENDENCE, MO. (INS)—The first contingent of press correspondents is moving in on the hometown of Margaret Truman who will be married Saturday to New York Newspaperman Clifton Daniel Jr.

Although both the 32-year-old bride-to-be and her prospective husband from Zebulon, N.C., have maintained their marriage at Independence will be a quiet "family affair," excitement over the coming nuptials is mounting.

Tiny Trinity Episcopal Church, where former President and Mrs. Harry S. Truman were married 37 years ago, has been redecorated for their daughter's wedding, and even the service station nearby received a thorough cleaning.

Miss Truman, looking radiantly happy, arrived home by train Saturday night and was greeted by a throng of 200 persons.

After exchanging a few words with friends in the crowd, she was driven home by her parents for what Margaret described as a "week of eating and sleeping."

Bulgarian Stalin Asks Out Today

Red Premier Submits Resignation After Party Denounces Him

BELGRADE, Yugoslavia (AP) — Communist Bulgaria's Premier Vulko Chervenkov, a Moscow-trained strong man denounced by his party last week as a Little Stalin, submitted his resignation in Sofia today.

A change in the premiership should help improve relations between Yugoslavia and Bulgaria.

Chervenkov was a spark plug of the Soviet bloc's campaign against President Tito's government after the Stalin-Tito break of 1948, and had dragged his feet in the moves for reconciliation instituted by Soviet leaders Nikolai Bulganin and Nikita Khrushchev last spring.

Telephoned advices from Sofia and broadcasts of Radio Belgrade, the voice of Tito's government, told of Chervenkov's resignation at a special session of the Bulgarian Parliament. The session was attended by a Yugoslav delegation led by Moshe Pijade, president of the Yugoslav National Assembly who is one of Tito's closest advisers.

The tough-talking veteran of almost 40 years in Communist party ranks asked to be released of his duties. Parliament adopted an agenda for examination of that request and election of a new premier, probably tomorrow.

Recovering Tornado Injured

REMOVING TWISTER VICTIMS — Rescue workers here are removing one of more than 200 persons injured when a rural Birmingham, Ala. area was hit by a twister yesterday. Some 400 residents have been reported homeless by the disaster, which swept through a sector in which coal miners and other industrial workers lived. Another twister hit Huntsville, 100 miles north, with no loss of life.

Twister in Alabama Kills 21, Hurts 200

BIRMINGHAM, Ala. (AP) — A grim search for additional bodies continued today in the wreckage of homes in which 21 dead tornado victims already have been found.

The terrific winds blew 100 homes to bits, mostly in the barren hills west of the heavy industrial areas of Ensley and Pratt City.

Injured numbered more than 200. And another 200 or so homes were damaged.

Six whites and 15 Negroes were known dead. Many other persons were missing, but families became separated during the Sunday afternoon storm and there was no definite indication as to how many might be still in the wreckage.

Most of the dead and injured were at McDonald's Chapel, a suburb of 3,000 population just outside the northwestern city limits. Winds also flailed Sandusky, New Georgia and Sayreton, other suburban areas.

Fire engines joined the confusion at McDonald's Chapel when fire broke out in some of the ruined houses.

Approximately 150 persons were admitted to Birmingham hospitals. Some were treated and released but most were confined for treatment.

Whatley said an emergency ward had been set up in a union hall in Ensley, an industrial suburb, where 30 of the less seriously injured were admitted.

The awesome roar of the approaching storm gave sufficient warning for many to take shelter before their houses were blown to splinters.

Another twister struck Huntsville in North Alabama, causing heavy damage but no known injuries.

Tuscaloosa, Anniston, Centreville, Montgomery, Dothan and Mobile also felt high winds.

A severe thunderstorm with hail and wind gusts up to 60 miles per hour pelted the devastated area last night while relief operations were in progress.

Most of the dead were found in wreckage left in the wake of the storm. Mrs. Betty Duncan, 30, lay with her 3-year-old son Rodney in her arms and Melvin Duncan, 8 sprawled nearby. All three were dead.

Broadway Producer, Wife Feared Missing in Plane

ERIE, Pa. (AP)—A far-flung search was ordered today for a plane reported missing over Lake Erie about two miles from shore.

Two persons were believed aboard the craft which lost radio contact after its pilot said he was "having difficulty" at 700 feet altitude.

The Civil Aeronautics Authority said the pilot identified himself as "G. Pollock."

The CAA and airport authorities at Detroit said the name and address given on the flight plan before the craft left for New York City checked with the New York address of Gordon W. Pollock, a Broadway producer.

His show, "Wake Up, Darling," had been trying out in New Haven, Conn., prior to a Broadway opening scheduled May 2.

In New York, Bill Doll, press agent for Pollock's show, said he had determined that the producer flew to Detroit from New Haven Saturday on business, and was accompanied by his wife, Norma, who was expecting a child.

CAA authorities in Erie said Pollock had contacted them while on his flight to Detroit and said he was having "radio difficulty." But they declared their last contact with him on the return flight yesterday ended without an explanation of what sort of difficulty he was experiencing.

President Sends Three-Part Plan for House Action

Move Gives Democrats Campaign Ammunition Against Administration

WASHINGTON (AP) — President Eisenhower today vetoed the farm bill.

He will go on the air at 10 p.m., EST, to explain his rejection of the measure, which becomes through his veto, a sure major issue in the election campaign.

In his veto message, Eisenhower told the lawmakers the high price support bill "would do harm to every agricultural region of the country and also to the interests of consumers."

The bill would return farm price supports to 90 per cent of parity for one year, junking the administration's flexible support system.

Congressional backers of the measure conceded there was no chance for enactment of the bill over the veto.

This would require a two-thirds vote to override the President.

TAKES FOUR ACTIONS

Eisenhower's message, sent to the House since the farm bill originated there, announced the administration is taking three actions under existing law "to improve farm income now."

They are:

1. Price supports on five basic crops—wheat, corn, cotton, rice and peanuts—will be set at a level of at least 82½ per cent of parity.

2. For this year, the support price of manufacturing milk will be increased to $3.25 per 100 pounds. The support price of butterfat will be increased to 58.6 cents a pound.

* * *

3. More than 400 million dollars of Agriculture Department funds "where assistance will be constructive," will be used to strengthen the prices of perishable farm commodities for the year beginning July 1.

Additionally, Eisenhower urged the lawmakers to enact his soil bank plan "as promptly as possible . . . before next fall's seeding for next year's crops."

The President said the four

Fluoridation Favored by New York Group

NEW YORK (AP)—The New York Academy of Medicine's committee on public health says it favors fluoridation of the city's water supply as a method of fighting tooth decay.

The committee said it had considered all available evidence and found that "it has been conclusively shown that a fluoride added to drinking water at a concentration that will effectively prevent dental care is harmless."

The committee rejected contentions that fluoridation would be wasteful because only 5 per cent of the city's water goes for drinking purposes. The group said the savings in dollars through prevention of tooth decay would be tremendous.

Grace and Rainier Rehearse

MONTE CARLO (INS) — A relaxed Grace Kelly and Prince Rainier III rehearsed their religious wedding ceremonies in St. Charles Cathedral today amid popping flashbulbs, hammering, and organ music.

The Princess-to-be and her Prince appeared calm as some 50 photographers worked with their flashing cameras at the cathedral where they will be wed Thursday following Wednesday's civil ceremony.

There was none of the tension that had brought boos aimed at the Prince, and perhaps at Grace, early this morning by rain-soaked, frustrated and police - pummeled photographers outside the International Sporting Club.

The couple at the cathedral seemed undisturbed by photographers, TV men hammering on a scaffolding for cameras and dragging flood lights across the church and by the organist simultaneously practicing Bach's Prelude and Fugue.

Rainier chatted seriously with his press chief, Jean Mercury, while Grace talked with her sister, Mrs. Peggy Davis, and her two children.

Expected to Also Vote on Water Measure

Supervisors to View Budget Hikes

Oakland County's Board of Supervisors will review three items of major importance at tomorrow's meeting in the County Office Building.

A vote will be taken on the proposed articles of incorporation with Macomb County as the Southeastern Michigan Water Authority. Royal Oak Mayor Howard K. Kelley, who presented the issue at last week's meeting, said the authority would seek a solution to water problems in both counties.

The county's tentative $9,035,485 budget for 1957 will be reviewed, and supervisors will view preliminary plans and drawings for the proposed new court house and service center.

The proposed budget represents an increase of 15.2 per cent over last year. Most county departments are scheduled for annual raises, ranging from $4,000 to $27,000.

Special funds are slated for the largest raises. An increase of $126,000 is contemplated for the hospitalization fund, with jumps of $100,000 each for direct relief and county roads. Supervisors may elect to spend $90,000 more for child care.

Funds for the County Health unit may be raised by $125,000.

In appropriations, the budget schedules increases of $52,000 for the Huron-Clinton Metropolitan Authority and $25,000 for state institutions.

Departments which may be given more money next year include circuit court ($27,000), the county clerk ($12,000); drain commissioner $15,000), dog warden ($2,000); equalization division ($20,000); friend of the court ($26,000); probate-juvenile division ($29,000), probate court ($4,000), prosecuting attorney ($8,000), planning commission ($16,000), register of deeds ($5,000), relief administration ($15,000), treasurer ($12,000), and veterans' council ($6,000).

Robert Y. Moore, chairman of the county Board of Auditors, said today he hopes increased assessment values in the county, mainly due to population growth, will cover the budget increases.

"But at most, the individual taxpayer's load won't be raised more than 10 or 12 cents per thousand dollars of assessed valuation," Moore said.

Eisenhower Vetoes Farm Legislation

(Continued From Page One)

main provisions made the bill unacceptable to him: (1) the return to rigid 90 per cent of parity supports for basic commodities; (2) dual parity for wheat, corn, cotton and peanuts; (3) mandatory price supports for feed grains; and (4) multiple-price plans for wheat and rice.

The veto unquestionably will have far-reaching significance in this year's political campaign.

For one thing, it gives Democrats, who have been reluctant to attack Eisenhower personally, an issue on which they can hammer at the President.

* * *

Although the bill was pushed by the Democratic majority in Congress it won support from many farm state Republicans. Some said a veto in the light of falling agricultural prices would hurt Eisenhower and other GOP candidates in the November election.

BACKED BENSON

Only this morning the Republican governors of Kansas, Iowa and South Dakota urged the President to sign the measure even though it contained features which Secretary of Agriculture Benson had called "unacceptable."

* * *

Eisenhower backed Benson in turning down the bill although he said he took the veto action "with intense disappointment and regret."

Eisenhower said that far from reducing surpluses, the bill would encourage more surpluses and also increase government control over farming.

CHIDES CONGRESS

He went on to say the nation's farm families are suffering reduced incomes and have a right to expect of Congress "workable and beneficial legislation to help solve their problems."

Eisenhower chided Congress for "long delays" in acting on the farm proposals he submitted last Jan. 9. These included the soil bank proposal which was a part of the vetoed bill.

* * *

In today's message Eisenhower said he was ready to sign a "sound soil bank" bill as soon as he received it. He said such a bill can be passed "in a very few days if the leadership in Congress will undertake the task."

Midnight Deadline for '55 Tax Returns

A final "day of grace" will end at midnight today for millions of taxpayers who have yet to file 1955 income tax returns, according to the Dept. of Internal Revenue.

Mailed returns must be postmarked April 16 if senders are to escape penalties involved in late filing, district officials point out. Aid in completing forms will be available at the Pontiac office until 4:30 p.m. today.

Activity at the local office was reported "steady," although last-minute filers are expected to swell lines this afternoon. The deadline was set back a day because the usual filing date, April 15, fell on Sunday.

Today is also the final deadline for turning in first quarter reports on estimated earnings.

Widow Will Receive Award

Dental Society to Honor Memory of Late Senator

The widow of the late Senator James Couzens will receive an award Wednesday from the Michigan State Dental Assn. in memory of a fund established by him in 1929 to promote the welfare of children in Michigan.

Receiving the award along with Mrs. Couzens, will be Mrs. William R. Yaw, of Bloomfield Township, a daughter, and William J. Norton, director of the fund.

The presentation will be in appreciation of the $12 million dollar fund created by Couzens to "promote the health, welfare, happiness, and development of children, primarily in Michigan, and elsewhere in the world."

The fund, known as the Children's Fund of Michigan, was expended in May of 1954.

In attendance at the five-day convention at the Statler are some 150 members of the Oakland County Dental Society.

Chairman of the gathering is Dr. O. J. Fusilier of Clarkston who expects a total attendance of 5,000 from almost every dental society in the nation as well as from other countries.

The association's convention will climax its centennial year as the nation's first state dental society to complete 100 years of continuous existence.

future princess at the rehearsal, commenting, "She looks so thin."

The "loyal subjects" paid little attention to Rainier, whom they called "our little Prince," but pushed through photographers to get a close look at Grace.

Early this morning, photographers had expressed their displeasure when the Prince refused to pose or let Grace pose as they left the Sporting Club. He similarly had refused when the pair entered the swank club several hours earlier.

The arrival spectacle had been as unprecedented as the later boos. Rainier's plainclothes police had torn the soggy raincoats of photographers trying to get closer shots of the famed couple. Fists had flown.

* * *

The battle took place as the Prince and the film star stepped out of their car to attend the swish "gala" in their honor.

Many lensmen and uninvited reporters had stood in a solid downpour for hours noting arriving guests, including the bulky Aga Khan and multi-millionaire Aristotle Onassis, who picked up the more-than $57,000 tab for the affair.

Rainier and Grace were one hour late for the champagne dinner for the social three hundred. A palace spokesman blamed the tardiness on "one or both of the Prince's parents."

But Prince Pierre, his father, and Pierre's divorced wife, Princess Charlotte, his mother, both arrived at the sporting club not only separately but well in advance of the Prince and Grace.

The engaged couple was expected at nine o'clock but arrived at ten to find a roomful of famished and thirsty guests.

* * *

Entertainment at the "gala" included a special tribute to the pair paid in blank verse by the French poet playwright Jean Cocteau.

Expatriate American singer Eddie Constantine and his daughter presented Grace with a gold record of their famous number, "Bluebird," after singing it to her from the stage.

The Day in Birmingham

Students Will Take Turn at Governing City Tonight

BIRMINGHAM — Students will take their turn at city government tonight at 7, before the city commissioners turn to discussions of Ferndale-Park paving, the Hamilton crossover, and a bus ordinance.

Hearings for the extension and paving of Ferndale and Park streets in preparation for Parking Lot A, to be bounded by those streets and Hamilton, are coming up tonight, having been put aside at the March 19 meeting.

A letter from Newell Allen requests paving of Park street from Euclid to Hamilton, adding the block to the north to the block required for the parking lot's border.

Special assessment districts will be voted on tonight for the Ferndale - Park projects, Hamilton crossover, the 14 Mile water main from Mansfield to Eton, and the widening of pavement on 14 Mile from Greenfield to the eastern city limit.

High school students will assume offices of city government in a practice session at 7 p.m. with the regular meeting set as usual at 8 p.m. The youth leaders met this morning with assistant city manager Dana Whitman for briefing.

Police believe the same person or persons are responsible for four filling station breakins within the past week.

Uptown Service, 264 North Woodward, had only a bottle of liquor taken Thursday night, police say, and about $40 in change was missed the same night from Marathon Service at Hunter and Maple.

Friday night, the Petrol by Murphy station was entered, with candy the only item taken. A week ago, Tom Kaiser's station at 14 Mile Rd. and Woodward had about $50 in change stolen.

Arrested because her employers charge their silverware was stolen, Dorothy Coe, 43, of 70½ Auburn, Pontiac, is being held in Oakland County Jail. She is charged with larceny from the Alfred Slatkin home, 2434 Radnor, Birmingham.

Mrs. Genevieve Maxwell's talk at the Ruth Shain Class on International Affairs will not be on the controversial conflicts of the Near East, according to Mrs. Charles Shain.

Mrs. Maxwell, who was a class member for 15 years, will tell of her observations of the Lebanese and other cultures. She will not dwell extensively, Mrs. Shain says, on Arab-Zionistic conflicts, although she is employed on a Pro-Arab newspaper in Beirut, Lebanon.

Last details for the April 24 program will be completed at tomorrow morning's regular class at the Community House, Mrs. Eleanor Gafill will sidelight the meeting with a talk on Mediterranean travel.

Tickets are on sale for the Devon Gables, April 24, brunch meeting, winding up the year with a small event compared to other year's breakfasts attended by over 300. They are available from Mrs. George Greene, Mrs. R. S. Plexico, Mrs. Harner Selvidge and Mrs. Shain, until the previous day.

MTA's Final Effort for Agreement Starts

ANN ARBOR (INS)—The Michigan Turnpike Authority today launched "one last effoft" to reach agreement with communities protesting the route of its proposed Rockwood-Saginaw toll road.

* * *

Authority chairman George N. Higgins said turnpike representatives would confer again with Dearborn, Allen Park and other cities objecting to the route through their boundaries.

Higgins conceded, however, that there was little likelihood of financing the road as long as State Highway Commissioner Ziegler remains in office.

* * *

Consultants have said the $190 million bond issue necessary for the pike would be unsalable because of Ziegler's announced intention of building certain sections of free road parallel to key points of the turnpike route.

Woman, 64, Struck by Passing Truck

A 64-year-old woman was hospitalized late Saturday morning for injuries suffered when hit by a truck as she ran across Baldwin avenue to catch an approaching bus.

Mrs. Ethel Medcalf, of 94 E. Sheffield Ave. is reported in fair condition in St. Joseph Mercy Hospital. She told police she was watching the southbound bus and didn't see the northbound truck driven by Donald C. Richmond, 24, of Milford.

The woman apparently was clipped by the sideview mirror on Richmond's truck, police said.

Ferndale Man Dies in Automobile Crash

A 51-year-old Ferndale resident was killed this morning when his car went off the road and into a field on the Willow Run Expressway in Allen Park.

The victim, Ammon Hutchines, reportedly lost control of his car about 1 a.m. while driving at a high rate of speed, according to Allen Park police.

Minor injuries were suffered by three passengers: Thomas Clarke and Colonel Fuquary of Highland Park and Jay Blackburn of Detroit.

Graham Jury Selection Begins

Prosecution Will Seek Gas Chamber Penalty for Alleged Bomber

DENVER (AP)—State and defense attorneys begin today picking jurors to try John Gilbert Graham, 24, on murder charges for the dynamite bombing of an airliner that hurled 44 persons to death last Nov. 1.

* * *

The convicted forger and former drive-in restaurant operator is charged specifically with killing his mother Mrs. Daisie E. King, 55.

Federal officials said he signed a statement admitting he planted a 25-stick dynamite bomb in her luggage with the intent of collecting $37,500 flight insurance. He has repudiated the statement in news interviews.

DEATH PENALTY ASKED

Dist. Atty. Bert Keating said the prosecution will ask death in Colorado's gas chamber. Court-appointed defense lawyers said they are going to trial "seeking justice." They said Graham has never admitted the crime to them.

Pictured as feeling "good" and "unafraid," Graham played a word game — scrabble — with his county jail guards over the weekend.

* * *

His wife Gloria, 22, mother of their two children, described him as "anxious to get it over with—and not afraid."

State and defense lawyers have estimated the trial may run from five to eight weeks.

100 Members Join Chamber in 3-Day Drive

A three-day campaign for new members in the Pontiac Chamber of Commerce brought in 100 this week, it was announced today by Chamber Manager John W. Hirlinger. The membership now totals 1200, he said.

A reception will be held for the new members April 19 at 5 p.m. at the Hotel Waldron with all members and prospective members invited to attend.

William Treaner served as chairman of the membership drive. Homer Jackson brought in the most newcomers, with 14.

USO Helps Area Nike Men Relax

The Greater Pontiac United Service Organization is making plans to entertain servicemen at the new guided missile base near Commerce Township as a part of its program during National USO month, chairman Irving Steinman announced today.

The local group wil hold its first program for the Commerce camp tonight with either a stage show or dance to be held. Similar affairs have been held each month at the missile base in Auburn Heights and now will be divided between the camps.

The USO conducts these affairs at the bases while providing refreshments and hostesses for the men away from home. "They are well appreciated," said Steinman.

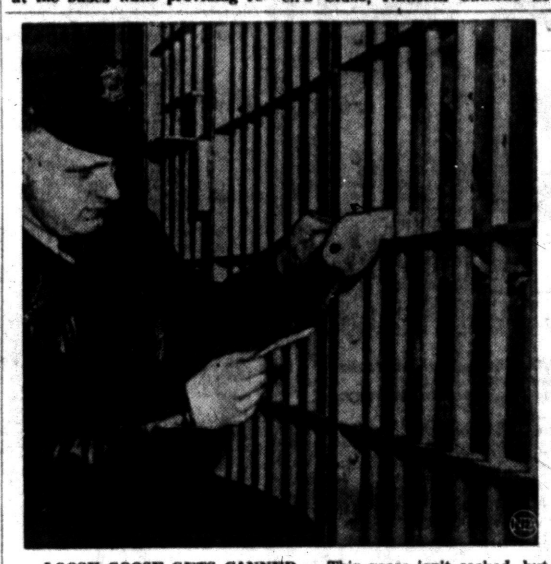
Entertainment of this type is one of several features conducted by the Pontiac unit to aid servicemen. Local boys also benefit from the organization. Anyone entering any branch of service is given a small kit containing an automatic pen, candy bars, and other needs. They are also served a meal before departing by USO hostesses.

The Pontiac unit, which has headquarters at the YWCA, is made up of the Federation of Women's Clubs, National Catholic Society, Jewish Welfare Board, Salvation Army, YWCA, and YMCA.

Steinman is aided by a committee consisting of James Campbell, vice chairman; Mrs. Herman Dickstein, publicity; Mrs. Reba Netzler, hostess instructor; Mrs. F. L. Householder, secretary; Mrs. Clark Kimball, refreshments; George Balch, program chairman.

Others are Floyd Weinscott, assistant program chairman, and Mrs. William B. Dean, treasurer.

Steinman credits the Detroit USO unit for its valuable aid in helping get the area camp entertainment started and said Nancy Mather of Northville has volunteered to provide refreshments for programs at the Commerce base.



LOOSE GOOSE GETS CANNED — This goose isn't cooked, but he's mighty uncomfortable. Minneapolis policeman Arnold Kunde found the bird wandering about the city streets during the night. The Municipal Park Board disclaimed ownership of the bird, saying "No Minneapolis goose would be out that late."

Fifty-sixth annual dinner meeting of the Pontiac YMCA Board of Directors will be held at 6:30 p.m. April 26 with a guest lecturer from General Motors Corporation as speaker.

Dr. Charles E. Irvin, also assistant professor of speech and communication skills at Michigan State University, will speak on the subject, "But I Am One."

Vocal music will be provided by the Pontiac High School music department.

Hal Boyle Says:

Ex-Fighter Guards Against Living in Past

By HAL BOYLE

NEW YORK (AP)—"I don't live in the past — I guard against it," said Thomas Loughran. "I know too many guys who got to living in the past, and ruined their lives by doing it. I never kept a scrapbook."

Loughran, a handsome, middle-aged Wall Street sugar broker, does have quite a past to recall, however, and he prefers the sweet memories.

* * *

At the age of 17, Tommy, one of seven children of a Philadelphia motorman, laced on a pair of boxing gloves in earnest.

In the next 18 years he fought—his own estimate—227 bouts and earned "well—more than a million dollars." He fought in three classes, middleweight to heavyweight, won and resigned undefeated the light heavyweight title. He fought 23 men who were, became or had been world champions. The ring records show he was shaded 23 times, but knocked out only twice.

He was for years the incomhow a racketeering gambler built a mild 7 - foot South American giant into a heavyweight champion contender in a series of fixed parable "Philadelphia Adonis," one of the true boxers of history, famous for his left jab.

* * *

Tommy began as a pretty good right-handed slugger and had an early string of knockouts.

Then something happened to his right hand.

"They say I broke it, but I really didn't," he recalled. "The covering of the knuckles just got so inflamed that when I hit someone I could hardly keep from screaming.

"I went to work building up the muscles in my left. Took a year. I worked until I could hold a 10-ounce dumbbell in my left at arm's length for half an hour—yes, only 10 ounces, but try it sometime—then go on and jab the bag a thousand times."

* * *

Tommy, who at 53 keeps his weight to a trim 193 pounds by working out five times a week and eating only two meals a day, looked down at the two shirred eggs on his luncheon plate and said:

"Any fighter could do what I did. But they don't train as they did in the old days. Life has become too comfortable. What has ruined more fighters than anything? It's the primrose path—taking the easy way."

* * *

Currently, sugar broker Loughran is earning some pleasant extra sugar by helping publicize a Columbia picture, "The Harder They Fall."

Some scribes have expressed fear that the film, which shows fights, might kill boxing.

Loughran, who was outpawed himself by an amiable Alp named Primo Carnera when the Alp held the big title, said:

"That is nonsense. There is no more dishonesty in boxing than there is in any other profession. Boxing is no worse now than it was in the old days. There's an element of badness in everything. If that would kill boxing, it would have killed it long ago.

"I was approached dozens of times to throw a match, but my manager (the late Joe Smith), would never consider a thing like that—and that's all there was to it."

* * *

Tommy does feel the boxing industry suffers now from poor promotion—too much dependence on TV—and monopoly moves by fight managers. He recognizes that young fighters are pushed ahead and outmatched to make a manager or a promoter a quick buck, but says that happened often in his time, too.

"It takes at least two years of actual fighting—35 or 40 fights—for a man to move into the championship contending class," he said. "By then he'll be boxing about as well as he's able to."

Loughran, who says he always got more personal pleasure out of "frustrating an opponent" than belting him, divides the field into fighters, boxers and fighter-boxers.

* * *

He rates Jack Dempsey as the greatest fighter in his lifetime (he never fought him); Mike Gibbons as the greatest boxer; and Harry Greb and Mickey Walker as the finest combination box - and - sock artists.

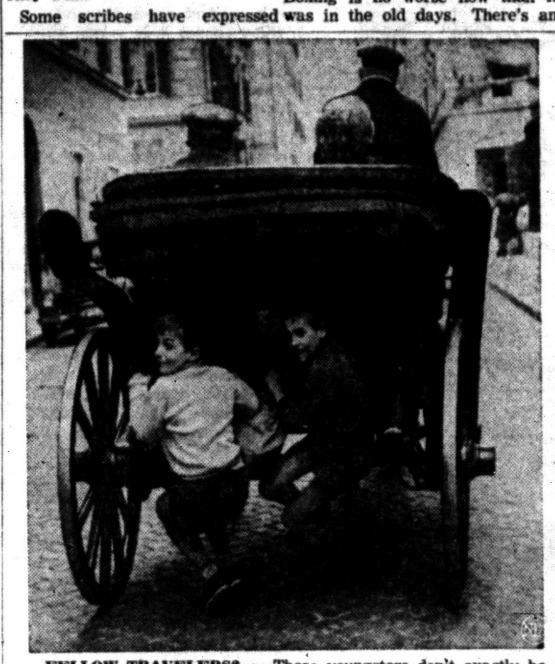
* * *

"But Rocky Marciano is the only fighter I ever saw who could take you out with one punch from either hand," he added. "Dempsey or Joe Louis — both great punchers—needed several blows to finish a fellow off."

* * *

Tommy himself remains a hard man to tag with a glove or a phrase. He is pleasantly cautious, quietly religious.

"I always lived a conservative life," he said. "I never drank or smoked, or got married. I always, even as a young fellow, feared the possessiveness of women. But I think marriage is a beautiful thing—for the other guy."



FELLOW TRAVELERS? — These youngsters don't exactly belong to the carriage set, but they know a good thing when they see one. They're taking a free ride on the rear axles of a horse-drawn carriage in Rome. The paying passengers are visiting French Communist leader Maurice Thorez and his wife, though the axle riders neither know nor care.

Veteran Officer Now 'Rookie'

Retired Colonel Enters College as Freshman for Bible Degree

ABILENE, Texas (INS) — A retired U. S. Army lieutenant colonel with 32 years of serviceunder his belt is now a "rookie" at Abilene Christian College in Abilene.

Lt. Col. Joy William Braack, 52, has registered as a Spring freshman at Abilene Christian and is carrying a full load of 17 semester hours toward his bachelor's degree as a Bible major.

Asked why he decided to trade the life of a retired soldier for the rigors of collegiate study, Braack says:

"I just felt that I could get a degree and better quality myself for church work, organization of educational groups in the church or even preach if the opportunity comes along."

Braack and his wife, the former Myra Smith of Dallas, now live a few blocks from the Abilene campus in this quiet West Texas College town.

Seventeen years old when he enlisted in the Army, the retired officer rolled up 20 years of service in Texas as a non-commissioned officer. He earned the rank of captain in the reserve during that time and in 1940 was promoted to that grade on active duty.

City Manager Reports Pontiac Free of Debt

In one of the most remarkable financial statements in the community's history, City Manager Willman has reported to the Rotary Club that Pontiac is entirely free of debt.

His review of the past year at the City Hall came on the fifth anniversary of his arrival from Port Huron to assume the duties of our top municipal office. In fact, these reports to Rotarians have become a tradition and none has been more cheering.

★ ★ ★

So excellent is Pontiac's financial position that on a basis of permissible bonding, up to eight per cent of assessed valuation, the City could incur total obligations of $19,000,000. Of course, there is no such intention.

At present the only major expenditures contemplated are the $3,000,000 addition to Pontiac General Hospital and the $600,000 parking lot expansion program. The hospital project will be financed by general obligation bonds while lots will be paid for with parking meter revenues.

★ ★ ★

Besides this, money is available on a pay-as-we-build basis for the City's new public safety building and the new West Huron Street fire station. At the same time provisions have been made for several other lesser capital improvements this year.

Taxpayers indeed should get satisfaction from this excellent report. This is municipal management at its best. It not only reflects Mr. Willman's experience and foresight, but bespeaks the fine co-operation he has had from our City Commissioners.

Good Luck, Tigers!

For millions of Americans, tomorrow, the opening of the baseball season, will be one of the most important days on the 1956 calendar.

Long before noon the first fans will start filling eight of the 16 Major League stadiums. Early in the afternoon the umpires will shout the welcome cry of "Play Ball," and the 154 game struggle to decide who will play in the world series will be on.

★ ★ ★

Tuesday's opener at Briggs Stadium between Detroit and Kansas City was preceded today by a public welcome home for the Tigers. In addition to a downtown parade, the players were guests at a civic luncheon in their honor. The fact that experts consider the team's preseason showing only mediocre did nothing to dampen the warmth and enthusiasm of the ceremony.

★ ★ ★

Real fans aren't worried by such opinions. They can remember that back in 1940 after a similarly unsuccessful spring training season, the Tigers pulled themselves together and won the pennant.

Then there is the prediction made by a new electronic machine, the Datatron, which has been used to analyze the 1955 play of the 16 clubs. Its verdict is that the Tigers will win the American League flag and the Dodgers will repeat in the National.

We aren't making any predictions. But for the dyed-in-the-wool fans of this area we wish Spike Briggs, Bucky Harris and the Tigers the best of luck.

Commission Unanimous in Re-electing Mayor

As was to be expected, the City Commission was unanimous in re-electing Mayor Donaldson and Mayor Pro Tem Dugan to their second successive two-year terms.

Besides taking their oaths of office again, the six re-elected Commissioners and their new colleague, Commissioner Gilbert W. Long, completed other essential reorganization business. This included reappointment for one year of R. C. Cummings, Mrs. Lee Hill, Robert R. Boyer and Willis Brewer as Pontiac's representatives on the Oakland County Board of Supervisors.

★ ★ ★

The re-election of Mr. Donaldson and of Mr. Dugan were well earned recognition of their loyal and efficient service to the City throughout the past two years. During that time they have worked tirelessly to cooperate not only with City Manager Willman, but with their fellow commissioners in the management of Pontiac's municipal affairs.

In Position to Throw His Weight Around

David Lawrence Asks:

Just What Is U. S. Receiving in Return for Tax Dollars Spent on the 'Neutralists'?

WASHINGTON — This week—when income tax payments by the billions are flowing into the United States Treasury—is a good time to note one of the strangest phenomena of our times, namely the seeming indifference of the electorate as a whole to what is done with the money.

But underneath there is a ferment of revolt, and the spenders who have just begun a huge propaganda designed to influence Congress to send more billions abroad haven't the faintest idea of what they are going to be up against on Capitol Hill.

Lately the line has taken a new turn—there's no Communist menace, there's no use "emphasizing military alliances" and the thing to do is to create new agencies of economic cooperation to think up ways and means of pouring dollars into the pocketbooks of vested interests abroad who control various governments.

GIVE AND FORGET

The most arrogant of all the demands is that America give money away and get nothing in return. It is argued that since the Communists are out to win the "neutralist" and "uncommitted" countries, America had better get busy and send over some more billions in this supposedly new form of competition with Soviet Russia.

If there's no Communist menace, however, and these countries themselves aren't afraid of being gobbled up, there's no reason for America to send taxpayers' money to disillusion them against their will.

Walter Reuther, head of the auto workers union, has just been making a tour of India criticizing his own government on that point and winding up with the suggestion that many more billions of dollars be given to India with no conditions whatsoever. He seems to have forgotten the many members of labor unions in the United States who are paying heavy income taxes.

It is odd to see an American abroad undermining confidence in his own government. Reuther told a big audience in New Delhi a few days ago that the American people were not behind Secretary Dulles on the issue of Goa and that they overwhelmingly supported the point of view of India. He hinted that because Portugal—which claims Goa as its province—is a party to the European defense alliance it was necessary perhaps for Dulles to sympathize with Portugal. But what Reuther ignored is that Portugal owns the Azores which are important militarily to the United States as a base in the Atlantic Ocean for airplanes and naval ships and that an agreement to renew the lease on those bases comes up soon.

GOA INCIDENT REVIVED

Dulles, of course, is thinking of how to save the lives of American boys to be drafted into the military service if war comes. Nobody raised the Goa issue until recently although the colony on the Indian Ocean has been an integral part of Portugal's governmental system for 400 years. Now, of course, the Communists have stimulated and exploited the controversy and many well-meaning, loyal Americans have been taken in by the propaganda.

Another line spread by those who report on Asian opinion is that the United States mustn't put any conditions on its grants of aid or expect any help in return. Evidently America must give her billions away with no questions asked. It is argued that to ask for something in return—even friendliness to our cause and an end to connivance with the Kremlin—injures the "pride" of the Asians.

Much of the propaganda contains a subtle attack on Secretary of State Dulles. He is bad medicine for certain Europeans and Asians. That's because he is too good an American. He does happen to think more about how America can get something for her money than do others in this country and abroad who want him to give it away and ask no questions.

* * *

If the "uncommitted" nations like to tie themselves into Communist intrigue, if they want to be "neutral" as between freedom and slavery, all the billions in America will not dissuade them and they are entitled to the privilege of self-deception, if not self-destruction.

Meanwhile, America can continue aid to Allies who know the score and will remain faithful to the defense of the West.

There Is No Secret Cure for Chronic Alcoholism

By WILLIAM BRADY, M. D.

Avowedly I am what some people call a rabid teetotaler—especially those who see no harm in a social etc., etc. I confess it has always been hard, and never so hard as it is now for me to discuss the use of alcoholic beverages or liquors without emotional agitation.

As a boy on Chapel Street in Canandaigua and as I grew up I saw what happened to young men who started drinking in their 'teens, usually in a half-baked spirit of bravado, and I saw some of the shame and sorrow these dimwits brought upon their parents, brothers and sisters.

Perhaps I didn't fully realize then just how lucky I was, but now I thank God every day of my life for the Women's Christian Temperance Union, for it was that group of good women that inspired my mother to pledge her four sons not to use alcohol or tobacco before we were 21. I remember how the dimwit boys ridiculed the idea of temperance — their favorite argument being identical with, though expressed more verbally than that the hard liquor consumer of limited intelligence feels or manifests concerning the person present who does not choose to drink.

Now I hope the reader will have a fair conception of my attitude. So, bring on today's problem, if you please:

Dear Dr. Brady:

My father drinks to extremes and makes my mother and all the rest of our family so unhappy.

He will not go to the A. A. or even permit our pastor to talk with him.

He is 44 years old and has made us all so unhappy.

Is there any medicine that could help him?

(Signed) Doris R. ————

This letter stirs up so much sympathy, sorrow, impatience and anger that I hardly know where to begin.

As for medicine, there is nothing that can be given secretly and, to the best of my knowledge, it is imperative that the patient be voluntarily or by court order under absolute control of the physician, to get any benefit from medical treatment for alcoholism, by such a drug as antabuse, for instance.

In view of my attitude you may take or leave this opinion: I believe that any addict whose use of alcohol or other narcotic becomes such a problem should be committed to an institution for a term sufficient for a course of medical treatment, with or without all the help religious or spiritual advisers, Alcoholics Anonymous, family and friends can give.

If the drinking continued after such treatment, the addict might deserve a second chance. But not a third. Upon the third conviction, the addict should be automatically sentenced to institutional control for not less than say five or ten years, at whatever work he can do, his earnings to go to his family and to pay for his institutional care. The intent here is not to punish the addict but to prevent such tragedies as I have seen in many families. Far from being harsh in dealing with the alcohol problem, we Americans are generally to complacent.

Signed letters, not more than one page or 100 words long pertaining to personal health and hygiene, not to disease, diagnosis, or treatment, will be answered by Dr. William Brady, if a stamped self-addressed envelope is sent to The Pontiac Press, Pontiac, Michigan.

Voice of the People

Says Psychiatry Is Just Invention of Modern Age

Letters will be condensed when necessary because of lack of space. Full name, address and telephone number of the writer must accompany letters but these will not be published if the writer so requests unless the letter is critical in its nature.

In every age mankind has sought peace of mind, and every age has offered a sort of plan to follow to obtain it.

In ancient times the philosophers offered their points. Then along came astrology, with its horoscope to guide daily living. Then in our present time came psychiatry.

Psychiatry, as I would define it, is the practice of a man who is paid to attempt to give his patient peace of mind in any form possible. He attempts to show his patient the source of his trouble. He tells him not to keep his feelings pent up and to do what the urge tells him to do, so long as it is legal or he can get away with it.

The virtue of humility, one of the greatest virtues, has become self-consciousness or an inferiority complex. Strong will is thrown to the birds as built-up emotion, which causes, so they say, perversion.

To conclude this phase, I say that, like all "modes", it is heading for the grave of corruption.

If a person feeling severly wrong desires good advisement, he can get it free of charge at any church parsonage, where he will obtain century-old truths, proved through the years and given to us long ago by the same God who created us, thereby knowing our needs.

If we fulfill our duties of life and do what we think is right, if we strive for the day when we will be forever with Him, then we will have no need for psychiatrists or anything likewise.

'Millions Drinking Water With Fluoride Still OK'

I see Mr. Keeling is hauling fluoridation out of the moth balls and throwing some new spit balls at it. I suppose he has just seen a lot of additional Communists hiding in the bushes ready to jump out and poison all the Pontiac people if we make use of this fine, new process. During the campaign on fluoridation, I recall he was very agitated over this threat to Pontiac life. Why don't these rascals poison the other 23,000,000 people that drink fluoridated water every day? That's a big and tempting target. I hope Mr. Keeling warns all of them in time.

K. K. Kiddo

Supports Ralph Keeling as Honest, Sincere Man

I read in the paper that a New York health official said the main opposition to fluoridation came from small minds, people with limited education and nuts. I wish he'd think up a better category for Waterford's Ralph Keeling, as I think he's a sincere and honest man.

Ceylon's New Chief Aims at Swiss-Style Neutrality

By JOHN H. MARTIN
INS Foreign Director

The man slated to be the next Prime Minister of Ceylon is Solomon W. R. D. Bandaranaike, an Oxford graduate who was born and bred a Christian and turned Buddist in 1931.

He is quiet and deliberate in speech and resembles in appearance and manner an ascetic though affable professor rather than the ardent revolutionary he sometimes is depicted to be.

Bandaranaike is a Socialist who scored a landslide victory over the old ruling pro-Western United National Party led by Sir John Kotelawala.

"Our objective," he said, "is to transform Ceylon into an Asian Switzerland. That's why we are opposed to alignment with power blocs and are in sympathy with a form of dynamic neutralism in foreign politics."

Bandaranaike, who is 57, says that British air and naval bases must go. He also is committed to creating a republic but has added this qualifying phrase:

"Our first steps will include establishment of a republic. The original intention was that it should be outside the Commonwealth, but we are willing to reconsider the point."

BETWEEN POWERS

The pipe-smoking politician, who intends to nationalize vast British-owned tea plantations and banking and other businesses, says he will be a neutral between "extreme American and Russian views."

* * *

"I am not hostile toward the United States," he says, "though some of the policies they have recently been adopting have created fears and suspicions in the minds of Asians."

Bandaranaike, who has three children and lives in a bungalow in a Colombo suburb, was at Oxford at the same time as Eden in the early 1920s.

Bandaranaike's fiery speeches at Oxford earned him the nickname of "The Sword."

* * *

He was the only son of Sir Solomon Dias Bandaranaike. The latter led the life of a typical English country squire and entertained lavishly.

The father rated King Edward VII and King George V as friends, and the son was reared in the British ruling tradition, but broke with the Kotelawala group in July 1951 to head the opposition in Parliament.

Bandaranaike had Marxist allies in his election triumph, but does not fear their influence.

* * *

He told a reporter that "the lotus-eating atmosphere of this fortunate island" of Ceylon is not propitious to revolutionary fervor.

Psychological Health Insurance Can Prevent Many Tragedies in a Lifetime

Nora's case is just one of many thousands which show the "proof of the pudding." For the modern newspaper offers the most unique type of insurance in America. It insures homes against divorce, delinquency and dejection of morale. Nora is now a happy wife instead of a neurotic divorcee.

BY DR. GEORGE W. CRANE

Case R-331: Nora G., aged 29, has been married for five years.

"Dr. Crane, a year ago I was so desperate I wrote you a letter she informed me after a lecture I had made in her city.

* * *

"You may not even remember about it since you receive so much mail. But I was right on the verge of a divorce.

"I felt that all of our trouble was due to my husband, for he was far more demanding of physical affection than I.

"But you sent me your booklet on 'Sex Problems in Marriage' which opened my eyes for the first time.

"Oh, we had purchased several books on marriage problems but we still were within inches of entering the divorce court.

"After I had finished your booklet, I realized that our troubles were about 95 per cent to my own stupidity.

"Your booklet definitely saved our marriage. In the past six months we been happier than in all our previous years of marriage."

For the big field called "human relations" cannot be fully treated on the printed page.

Innumerable personal questions come in via letter which it is not prudent to discuss in the column.

But the answers to those inquiries can often spell the difference between divorce and happy marriage.

They may cause a teen-ager to remain in school instead of dropping out.

They may prevent an unwise marriage. They can furnish logical facts to bolster a girl's good parental training so she doesn't become embroiled in an illicit affair or unwed motherhood.

The daily newspaper is thus the greatest agency for effective education in the land and I say that advisedly for I see the evidence in the 1,000 letters per day that you send to me.

HEALTH INSURANCE

This newspaper thus offers you a unique kind of health insurance not covered by the Blue Cross or White Cross or any other similar helpful firm.

For herein we give you tangible advice and booklets by which you can insure your sanity and your marital happiness and the devotion of your children.

* * *

Nora's rescue from threatened divorce is just a sample of this typical psychological and psychiatric insurance which the newspaper offers.

In what other printed medium can you obtain such help? Oh, you have some able columnists who offer sterling advice on infant feeding and child rearing problems.

And some admirable features giving advice to lovers. But when critical problems develop, such columnists say: "We urge you to consult a local psychiatrist at once."

Well, millions of you have no access to any local psychiatrist: Such a specialist is usually found only in large cities.

What you want, anyway, is usually not a sanity test, but frank advice about menopausal worries, impotence, sexual maladjustments and the like.

* * *

And this column gives you the most specific printed advice on such subjects anywhere outside of our medical journals:

So send for that booklet "Sex Problems in Marriage," enclosing a stamped return envelope, plus 20 cents.

See for yourself the unique insurance against divorce which your newspaper makes available.

Always write to Dr. George W. Crane in care of The Pontiac Press, Pontiac Michigan, enclosing a long 3c stamped, self-addressed envelope and 20c to cover typing and printing costs when you send for his psychological charts and pamphlets.

Kefauver Sees Victory in Jersey

Garden State Dems to Control 36 Convention Votes in August

NEWARK, N.J. (AP)—Presidential hopeful Estes Kefauver, in an encore visit to New Jersey before tomorrow's primary, said he has gained strength during the past week and "will win all over the state."

The Tennessee senator yesterday capped his campaign for New Jersey's 36 Democratic convention votes with a one-day tour dampened somewhat by rain and fog.

In the big contest of the primary, Democrats will choose between a slate of 72 districts and at-large delegates pledged to Kefauver and an unpledged list proposed by the regular Democratic organization.

ORGANIZATION MUM

Each delegate will have half a vote at the Democratic National Convention in Chicago next August.

Gov. Robert B. Meyner, who heads the organization slate, has taken no sides in the nationwide contest between Kefauver and Adlai Stevenson. He said he favors the idea of an unpledged delegation which can decide for itself which man to back.

Kefauver, who had a friendly meeting with Meyner last week, has indicated he feels the will of the voters was thwarted in 1952 because he got 154,694 votes when he ran unopposed in the preferential primary poll but the unpledged New Jersey delegation went for Stevenson. Kefauver had only three new Jersey votes on the first ballot.

The preferential poll is separate from the balloting for delegates and amounts to a popularity contest. Results are not binding.

Kefauver's name is the only one to appear on the ballot on the Democratic side while President Eisenhower is unopposed in the Republican poll.

Stevenson is not entered in tomorrow's primary and his supporters say they are not pushing a write-in campaign for him.

Detroit Girl Burned in Formaldehyde Pit

DETROIT (INS)—A seven-year-old Detroit girl was in satisfactory condition today in Children's Hospital after falling into a drum of formaldehyde yesterday near her home.

Little Carleene Dooley was playing in a vacant lot next to the Commonwealth Industries when the lid of one of the drums of chemicals tipped and she fell in.

She suffered first degree burns over 20 per cent of her body.

New Staff Plan Increases Efficiency of Bloodmobiles

Modifications in the operation of bloodmobiles will be discussed when members of the blood advisory committee of Oakland County Chapter, American Red Cross, meets Thursday, April 19 at 11 a.m. at the chapter house, 118 Franklin Blvd.

Mrs. John Blanchard of Bloomfield Hills, committee chairman; Mrs. Mildred E. Bennett, executive secretary of the chapter an Mrs. Wilbur O. Mitchell of Royal Oak, newly-appointed chairman of volunteers for the chapter will report on a recent conference with the Detroit Regional Blood Center.

Mrs. Blanchard will ask for more volunteer registered nurses, practical nurses and nurses' aides as a result of the discussions held at the regional meeting.

Because of the purchase of automatic thermometer shakers by the Detroit Regional Blood Center, bloodmobile operation will run more smoothly and will make possible a greater service to blood donors, Mrs. Blanchard said.

In the future, nurses' aides will take over the tasks of temperature taking and pulse counting, releasing registered nurses for obtaining a more lengthy and efficient medical history from donors.

Mrs. Blanchard reports that more time will now be available to check completely into their medical background making it possible to explain the process of blood collection more thoroughly to donors and to insure a collection of blood that can be used.

At the regional meeting, the center also explained the use of blood fractions . . . or the use made of blood after it can no longer be used as whole blood. The center says that the life of a pint of blood is 21 days. After that time it must be broken down into derivatives.

Rivera Retouches Painting; Christians Now Satisfied

MEXICO CITY (AP) — Diego Rivera has retouched his "God Does Not Exist" mural.

The mural caused riots when it was unveiled a decade ago. Nothing at all happened yesterday when it was unvoided again to public view.

The mural is painted on the wall of the main dining room of the luxurious Hotel del Prado, headquarters of American tourists.

It depicts the history of Mexico in massive strokes. This was fine, except down in the mural there was the small inscription "God Does Not Exist."

* * *

Young Catholic students demonstrated. They invaded the dining room and scratched out the offending phrase. They also did a workmanlike job on a small self portrait which Rivera had inserted.

The alarmed management screened off the mural and kept it screened.

Rivera recently returned from Moscow where, he said, he was cured of skin cancer. Yesterday he ambled into the hotel and went to work with the brush.

He painted in a scroll where the phrase had been. On the scroll he painted the words: "Lecture at the St. John of Lateran Academy, 1826."

* * *

This stumped even the Mexican historians in his audience. Rivera explained. A young liberal named Ignacio Ramirez delivered a thesis on that date at a seminar approved by the Roman Catholic Church.

Ramirez, said in-and-out Communist Rivera, opened his thesis with the phrase "God Does Not Exist."

* * *

Well, why was he changing his mural now, ten years after?

Said Rivera: "I wanted to show the tolerance which the Catholic Church had at those times."

Consider the Student

ANN ARBOR (AP)—A University of Michigan professor, Warren A. Ketcham, says that today's educators don't hold that children should repeat a grade because they have difficulty meeting standards. Instead, he says, total growth of the student should be considered, not simply one area like reading or arithmetic.

Give Service Awards

MIDLAND (AP) — The Dow Chemical Co. presented service awards Friday to 2,600 of its 26,000 employes across the country. Seventeen were honored for 40 years service. Thirteen of the latter are located in Midland.

Farmington Township Appoints Ward Eagle

WARD EAGLE

FARMINGTON — Ward Eagle was appointed township supervisor at a special meeting of the township board here Saturday.

He will fill the post left vacant by the death last week of Ernest V. Blanchard.

Eagle, lifelong resident of Farmington Township, has served on the board almost continuously since he was first elected in 1936.

He was born 64 years ago at 29655 14 Mile road, where he still resides. He attended local schools and graduated from Pontiac High School. He later taught at Farmington rural schools and served as director and treasurer in the local rural school district. From 1934 to 1955, he was Oakland County representative to the Michigan Milk Producers Assn.

He is a member of the Lions Club and Lodge 151, F&AM.

Of his appointment, Eagle said "It is a hard spot to fill. The rapid growth of the township is bringing up problems which didn't exist a few years ago. I hope people won't expect too much of me at first.

"Although I am familiar with the policies and operation of the board, I still must learn the mechanics of the office of supervisor."

Floyd A. Cairns, township clerk, explained that Eagle was appointed in special session because of the demand that Farmington Township have a voting representative at the meeting of the county board of Supervisors next Tuesday. It is expected that the supervisors will vote on a new census for the county.

* * *

According to Cairns, a new census could mean as much as $50,000 to the township, since the rebate on sales tax is based upon population. This would also be of importance to schools and to the county road commission, as well as local government. The sales tax returned to Farmington is based upon the 1950 census as adjusted.

Annexation Election Set June 5 at Troy

TROY—Troy will hold a special election June 5 to vote on annexation of five square miles of Troy Township to the city of Troy.

Voters also will be asked to approve the annexation of two small sections of land, entirely surrounded by Birmingham, to Birmingham.

Residents also may be asked to vote on a plan to combine Troy's three sewage districts into one.

The City Commission believes that financing would be easier if the three districts—The Troy drain in the northeast, Evergreen drain in the west and Twelve-Town in the southeast—were considered as one unit.

Incurable Illness Takes 2nd Tot in Family in Year

By REBA HEINTZELMAN
Milford Correspondent

MILFORD—Tragedy has struck the Merle Gidley family twice in less than a year.

Two of their five boys have died of an incurable disease (Fibrocystic) and doctors have given up hope of curing a third boy.

Tommy, the 6-year-old baby of the family died at Children's hospital Friday night after eleven days in the hospital.

He was a first grader at Baker School and attended school regularly until the first of March, when the rare respiratory malady finally made it necessary for him to go to bed.

NO CURE

Doctors explain that there is no cure for the disease that floods the lungs with liquid and finally overcomes the heart. Every effort in present day science was exerted to save Tommy and although the new antibiotics helped retard the disease, it did not stop the damage, according to Gidley.

* * *

Eight-year-old David died last June and weighed only 40 pounds at the time of his death. At that time the Gidley family had little means of existing and the strain of going to the Children's hospital in Detroit every day proved almost too much for the distraught parents. Many churches, organizations and individuals made contributions to help the family out of their difficulty.

Kenneth, the 12-year-old boy is desperately ill now with the same disease. He has not attended school in weeks, and has to be carried from his bed to the living room where he spends hours watching television. Doctors say they can do nothing at the present time, although research is going on to stop the disease.

Gidley is presently employed at the Pontiac Motor company and as he says "we are better off financially than we were last year—still life seems a little hopeless right now."

Funeral service for Tommy will be held Tuesday at 1:30 at the Richardson-Bird Chapel in Milford.

* * *

WALLED LAKE—Newest developments arising from the latest meeting of the Library Planning Board held here at the Junior High School, included a change in the name of the board. Hereafter, it will be known as the Community Library Board.

Two significant business items were settled by the board. One, a decision was made to establish two book depots within the city. Two, ways and means of raising money to offset future costs were arranged.

The book depots will be located at Staman Drug, 123 East Walled Lake Dr., and at Walled Lake Pharmacy, 238 East Walled Lake Dr. Book donations from anyone will be appreciated.

Ways and means of obtaining money were discussed thoroughly. Sources chosen were a bake sale, a tag day and a silver tea.

Each entrant will grow one or more acres of corn for the contest. It may be a part of a larger field. The rules of the contest state that each entrant will have a soil test made before planting time. They may use any fertilizer, brand of seed, or practices they wish.

Entry blanks are available at the Extension Service office or from local grain elevators. Mail entries in to the Extension Service as soon as possible. Samples of the yield will be taken by members of the Crop Committee.

Careful planning in advance is one of the prime necessities in rendering a good funeral service.

The results of such planning, thoroughness and efficiency are quite evident in the superior type of service offered by the Brace-Smith Funeral Home. And, may we add, the cost of this service is decidedly reasonable.

Paradise to Feel Civilization's Gilded Hand

BY PHYLLIS BATTELE

ISLE OF PINES, CUBA (INS)—Attention, you victims of the splintered nerves and nasty temper aching back—there is new life for you here.

* * *

"Here is the Isle of Pines, where the sparkling waters run deep and bear miracle minerals. Here is where they claim a doctor is never needed, except when an unpioneering American woman gives birth to a child. Here is where the Lord looks upon the natives kindly, and the natives unfailingly smile back.

"Here, it is Treasure Island," said the manager of the Santa Fe Hotel, where a room can be had for $3 and the milk of human kindness and of the coconut run together.

He menat it literally, too for this is the pirate paradise that Robert Louis Stevenson immortalized in "Treasure Island," and there are still doubloons and pieces of eight under the emerald grass and talcum sand.

* * *

"No one looks for it anymore," the manager added in his Spanish-speaking English. "You must turn it in to the government, the treasure you find." He shrugged blissfully. "But nice to know you walk on gold—si?"

FOUND BY CHRIS

This sun-groggy island, discovered by Chris Columbus on his second voyage and rediscovered by a ghost paradise in the Caribbean since the market crash of '29.

Less than 200 miles from the tip of Florida—as accesible as the vacation-happy and much-more-costly Bahama Island—the Isle of Pines has been left virtually untouched for decades.

A relatively few Americans who heard that it was the loneliest, quietest spot in the West Indies came down, and whispered about it to their friends. They became healthy in the sun, and discovered that it was a fisherman's Shangri-la.

It discovered one day that a man need only walk across the street from his hotel and shoot down 80 quail in one languoreus clip.

* * *

It was observed, also, that the fruits and vegetables that grew on the island were loaded with suphur and iron and magnesium that, in fact, "even the dust in the air is good for you."

UNTOUCHED HAVEN

So closely guarded have these secrets been that Stevenson's Treasure Island is still the most untouched haven for "get away from it all" addicts that I have ever seen. The largest town has a general store, bar, filling station and hotel with chickens dozing under the palms.

The day are warm, the nights are cool, and there is believed to be uranium under the doubloons under the red dirt under the silken grass, but nobody has done anything about it yet.

As seemingly it happens to all paradises, however, civization is about to sink its gold-plated teeth into the situation, and give this island jewel a store-bought setting.

In January, Arthur Vining Davis, 88-year-old chairman of the board of the Aluminum Corp. of America, bought up 200,000 acres—nearly half of its primitive expanse.

* * *

Already plans are being drawn up for luxurious beaches, smart hotels, swank shops and other paraphernalia of prosperous resort lands. After all, how long can you expect to take your mineral springs without a $20 an hour masseues?

Farmer's Will Sets Odd Rules for Heirs

MARINETTE, Wis. (AP)—The will of Emil Schnabel, filed for probate in county court, ordered possession of his homestead to revert in five-year periods to each of five sons with this proviso:

* * *

To maintain possession the homestead must contain "at all times 12 milk cows, eight head of young cattle and three horses."

After the fifth son has had possession, the homestead will go to the oldest grandson "and so on down through the ages."

* * *

The estate is valued at not more than $3,000 in personal property and about $3,500 in realty.

India's first health center has been opened in Alipore, Calcutta.

TODAY'S ASSIGNMENT FOR:

JUNIOR EDITORS

JUNIOR CIRCUS—1

Marcellino the Clown

All winter long the circuses were busy in their southern headquarters, making new costumes and training new animals. Now, as spring arrives, they take to the road.

Marcellino the little clown, has one of his own called the Junior Circus. It is small, but has some very good acts as you will see this week. Each day we will bring you a member of Carcellino's troupe.

Here is Marcellino himself, with his pet duck named Quacky, and a dog called Barker. They wear caps and collars just like their master, and both can do clever tricks.

To start a collection of circus cutouts, color this picture brightly and paste it down on cardboard. Cut out the parts carefully. Cut the slit on the back of Marcellino's upraised hand, and in the top of the little stand. Now, by putting the tab on Quacky into either slit he will sit up.

Fold the two ends of the big picture forward on the dotted lines, and the group will stand up.

(This idea was first suggested by John Gwinn, Dayton, Ohio. If you have an idea for Junior Editors send it care of this newspaper, and it may win you $10. Violet Moore Higgins; AP Newsfeatures.)

Plan New Sight at Niagara Falls

Launch New Twin to 'Maid of the Mist' at Honeymoon Spot

WASHINGTON — Sightseers and honeymooners can look forward to increased service at Niagara Falls this summer. Another "Maid of the Mist" is being launched.

* * *

The new Maid of the Mist will be a twin. Two tiny steamers with the same name usually spell each other in carrying visitors through the geysers and swirling currents of the most famous waterfall in the world.

The boat's name comes from a colorful myth, says the National Geographic Society. Two Indian warriors are reported to have battled for the hand of a beautiful maiden. When the brave of her choice was killed, the girl leaped into a canoe and was carried over the cataract.

According to the legend the ghostly maid may still be seen under the falls. She has been described as a misty figure forever reaching upward for her lost lover.

REMARKABLE STAMINA

The various Maids of the Mist have shown remarkable stamina. Repaired each year, and periodically replaced, they have an unblemished safety record. But last spring as the twins were being refurbished for the coming season both burned in drydock at a loss of $50,000.

A former ship, one of the early Maids of the Mist, made history in a different way. She was heavily mortgaged to an American firm and in order to save her the owner took a chance with death. He sailed her through the lower rapids of Niagara where the current picks up a speed of more than 27 miles an hour.

During the voyage the wheel was wrenched from his hands but the little vessel weathered the torrents and arrived safely in Queenston, Ontario. Of course, the first to board was the Canadian port collector demanding his entry fee from the strapped skipper.

* * *

Later the captain managed to overcome his financial difficulties and the sturdy Maid carried on in the tradition of her sisters.

Allen Park Runaway to Get Sanity Tests

DETROIT (INS) — A group of specialists today were to examine Grant Letts, the 12-year-old Allen Park boy who was the object of a city-wide search for 24 hours after he was reported missing last Friday afternoon.

* * *

Grant, who later wandered unharmed into a Detroit fire station, was described as a chronic runaway. He reportedly has undergone three brain operations and will be given the tests to determine whether he is mentally capable.

* * *

The widespread search was launched when a playmate, Donald Bramlett, 11, also of Allen Park, told police he had last seen Grant walking down some railroad tracks with a strange man.

Super Winged Boat to Be Unveiled by Reds

MOSCOW (AP) — Russia says it has a propeller-driven "winged boat" so speedy that it zips along on pontoons with the hull 10 feet above the water.

* * *

The Soviet Fleet River Ministry said 70-passenger craft would go into service next year on the 250-mile Volga River stretch between Gorky and Kazan. The schedule is 10 hours compared with 30 hours by standard boat and 19 hours by train.

* * *

A five-passenger model has been tested. The craft looks like a seaplane without wings. The hull rides on four pontoons.

Six county flying enthusiasts volunteered their private planes and time to take the kids up for an aerial sight-seeing trip over Pontiac. Shown above preparing five children for their turn is W. C. Marine Vets Score Dearborn's Mayor

PORT HURON (INS) — A blast against the U.S. Marine Corps by Mayor Orville Hubbard of Dearborn was answered today by a group of Corps veterans.

Hubbard had threatened to "kick the Marines out of Dearborn" and tear down their recruiting posters if any attempt was made to "whitewash" the drowning of six recruits at the Marines' Parris Island boot camp.

Robert V. Davis, national service officer of the Marine Corps League and six other former Leathernecks, sent Hubbard a letter from Port Huron, which said in part:

"Your statements are a disgrace to yourself, your community and to the uniform you once wore with pride."

First successful aircraft carrier was the U.S.S. Langley, commissioned in 1922.

Revoked License Charge Brings 60 Days in Jail

A 60-day sentence is now being served in the Oakland County Jail by Eli Collins, 21, of 2140 W. Walton Blvd. on a charge of driving while his license was revoked.

Collins was jailed after pleading guilty to the charge before Justice Helmar G. Stanaback of Orion Township. Failure to pay fine and costs of $35 resulted in the sentence.

Officers Rescue Lad From Drainage Ditch

TAYLOR CENTER (INS) — Two sheriff's officers yesterday saved a four-year-old boy from drowning after the youngster was hurled into a Taylor Township drainage ditch by the impact of an auto-truck crash.

However, the boy, Jeffrey Walborn of Bellville, was critically injured in the crash. Five other persons also were hurt in the collision.

Officers Daniel Lane and Sidney Eastin said a panel truck driven by Richard F. Paulson, 17, of Dearborn Township, ran through a stop sign and rammed into a car driven by Jeffrey's father, Lawrence, 34.

Rainier Has Escort —Bigger Than Ike's

MONTE CARLO (INS) — Prince Rainier III—who admires Napoleon often surrounds himself with a bigger escort than did Eisenhower, Bulganin, Eden or Faure at the Geneva "Summit Meeting."

The government chiefs of the U.S., the U.S.S.R., Great Britain and France got eight Swiss motorcycle cops each. But Rainier — who weds Grace Kelly Wednesday and Thursday—arrived at the International Sporting Club last night escorted by 11 motorcyclists.

They are mercenaries — French citizens employed as special police by Rainier, who is unable to find enough men among his 2,800 citizens who want to be cops.

No Operator's License Brings 30-Day Sentence

A. C. Bates, 24, of Detroit, was given a 30-day jail sentence for driving without an operator's license in a hearing held by Orion Township Justice Helmar G. Stanaback Saturday.

Bates pleaded guilty and was fined $25 with costs of $10 and 10 days in jail. He did not pay the fine and costs which brought the additional 20 days in his sentence.

Admits Reckless Driving

Reckless driving resulted in a $35 fine and costs of $15 for Billie Maloney, 23, of 1192 Atkins St. Saturday. Maloney was fined after pleading guilty before Justice Helmar G. Stanaback of Orion Township.

Cadillac

Giving In...To His Practical Side!

We will tell you, in all honesty, that this gentleman was a little dubious when he first walked into the showroom.

There was no question, to be sure, about his wanting a Cadillac.

But, quite frankly, he wondered whether or not he was in a position to purchase a motor car as fine . . . and as luxurious . . . and as wonderful as the 1956 Cadillac.

But now he is learning some facts about this distinguished motor car that are removing the doubt from his mind.

First of all, he is learning that a Cadillac is relatively modest in its initial cost.

He is finding out about Cadillac's extraordinary dependability and freedom from repairs.

He is discovering the remarkable facts about Cadillac's resale value . . . and how Cadillac traditionally retains a greater share of its original value over the years than any other automobile in the land.

And, lastly, he is being told that, at this particular time of the year, his dealer is able to make Cadillac ownership even *more* practical and attractive than usual.

That's why we suspect that—having given in long ago to his heart—he is now giving in to his *practical* side. And that's a combination *no* man can resist!

If you have considered Cadillac the car in your future—but have postponed making the move for reasons of economy—we urge you to stop in soon.

As an experienced Cadillac dealer, we have established a wonderful relationship with fine-car motorists throughout the community. Our reputation for integrity is positive assurance of your satisfaction as a customer.

We will be happy to see you at any time.

Don Murray Marries

BEVERLY HILLS, Calif. (AP) — The leading man for Marilyn Monroe, Don Murray, 26, and Hope Lange, 21, say they plan a church wedding after they finish the picture "Bus Stop." The couple was married Saturday in a civil ceremoney.

Americans ate a record average of 81 pounds of beef each in 1955.

Algerians Balk at French Truce

Bitter Fighting Persists as 82 Guerrillas, Two Soldiers Reported Killed

ALGIERS, Algeria (AP) — French attempts to get local cease-fires after nearly 18 months of guerrilla war with Algerian rebels appeared today to be making little progress.

Bitter fighting continued. One major rebel group insisted Algerian independence must be recognized before it can stop.

* * *

French planes, helicopters and ground forces took part in a clash yesterday in which the French said 82 guerrillas and two of their own men were killed.

* * *

French authorities, who a few months ago spoke of only 2,000 or 3,000 men in the field against them, now openly refer to 15,000 guerrillas or more.

200,000 SOLDIERS STATIONED

The French have more than 200,000 soldiers in Algeria and are prepared to double the strength if they have to.

French Premier Guy Mollet said last week he had authorized local contacts with the rebels to try for cease-fire agreements, but no success has been reported yet.

* * *

What may have been a reply to his statement appeared in a manifesto put out by the "general staff" of the insurgent group known as the Front of National Liberation.

The rebel statement, which appeared in the Tunisian weekly L'Action, denied any link with Egypt such as the French believe exists. It said there could be no valid cease-fire until the free Algerian government can talk with the French government on an equal footing.

* * *

The statement called for a federation of Algeria with the former French protectorates of Morocco and Tunisia, which have been granted a degree of self-rule.

Bonn Drafting Plans to Extend Super Road

BONN, Germany (AP)—West Germany has drafted an ambitious plan to extend its world-famed Autobahn (superhighway) net within the next 10 years.

At a cost of 5½ billion marks ($1,300,000,000) about 900 miles of new roads will be added to the smooth superhighway net (now 1,500 miles) started by Hitler in 1934. Most Germans today regard it as the only worthwhile remnant from 12 years of Nazism.

In a few years, tourists will be able to travel from Denmark to Switzerland and from Holland to Austria without once leaving the Autobahn.

Don't Play With Gun When Phoning Wife

PALM SPRINGS, Calif. (AP) — Mrs. Betty Toth, a nurse at Desert Hospital, was talking on the phone to her husband Richard, a Marine staff sergeant on leave, when the phone went dead.

* * *

She went back to her duties. Minutes later a man was brought into emergency—too late.

It was her husband. Police said he had accidentally shot and killed himself while talking to her on the phone.

Toth, 27, was twirling a gun, a .25 caliber belonging to his father, in his right hand while holding the receiver in his left when the accident happened. Officers were told Toth had planned to clean the gun.

Forty inches of snow fell at Calumet, Mich. in January, 1955.

Acquiring a sense of security is an important part of growing up

When someone's counting on you...

you can count on life insurance

There's no easy way to measure a parent's responsibilities. You can't see them . . . except perhaps for the faith that shows in your youngster's eyes. You can't feel them . . . except for the trusting squeeze of tiny hands. But you know they're there . . . today, tomorrow and for years to come.

That's why you own life insurance. You know you can rely on the written guarantees in your policies to help protect your family's future. Every policy is, in fact, a contract that sets forth in detail the benefits the life insurance company promises to deliver.

This is one of the reasons why *you* can count on life insurance . . . and why it is America's most widely used form of thrift.

It's wise to review your life insurance policies regularly—to make sure that the provisions you selected earlier still apply to your family's present needs. Your own life insurance agent will be glad to help you do this. It is part of the service he offers you.

You will also find helpful suggestions in the new booklet, *Your Life Insurance—and How to Use It.* Your free copy will be mailed promptly; simply send your name and address on a postcard to Dept. J.

'Ham' Operator Links South Pole and North Pole

WARREN, R. I. (INS)—North Pole and South Pole were linked today by radio, aided by a "ham" operator.

* * *

C. Newton Kraus said he was "fishing in the frequencies" at 5 a.m. when he heard South Pole calling North Pole.

Turning his transmitter to the frequency of South Pole, Kraus gave the signal a stepup relaying it to the North Pole.

The stations are on the tip of Ellsmere Island and at Little America, a distance of 12,000 miles. They are several miles from the poles.

The North Pole operator, John Murray Jr., 39, of Cranston, R. I., member of the U. S. Weather Bureau polar group reported the day was dawning. At Little America, the day was nearing an end, said "Red" Higby of Centralia, Wash., who is with Operation Deep-freeze.

* * *

He told Murray of a blizzard at South Pole from which a party of workers struggled back in the nick of time from an airstrip. Then they talked about the weather.

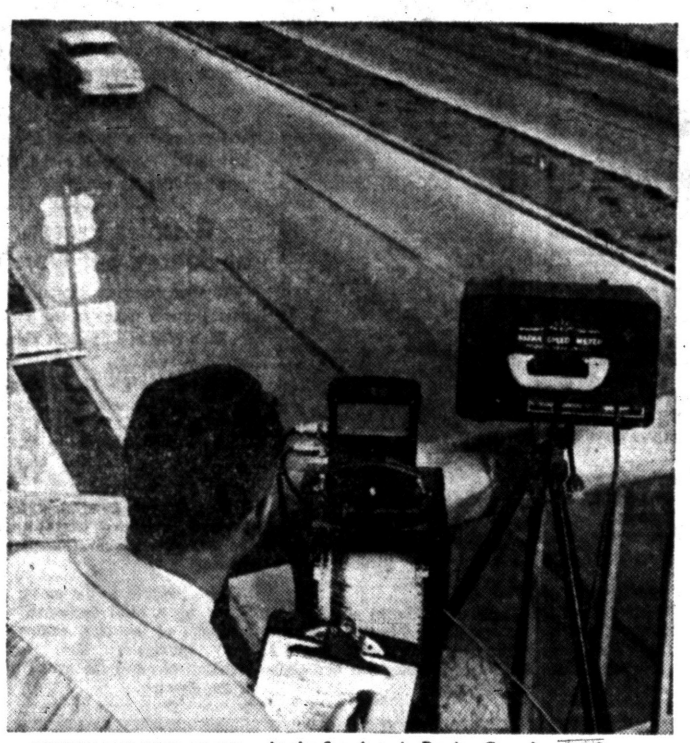
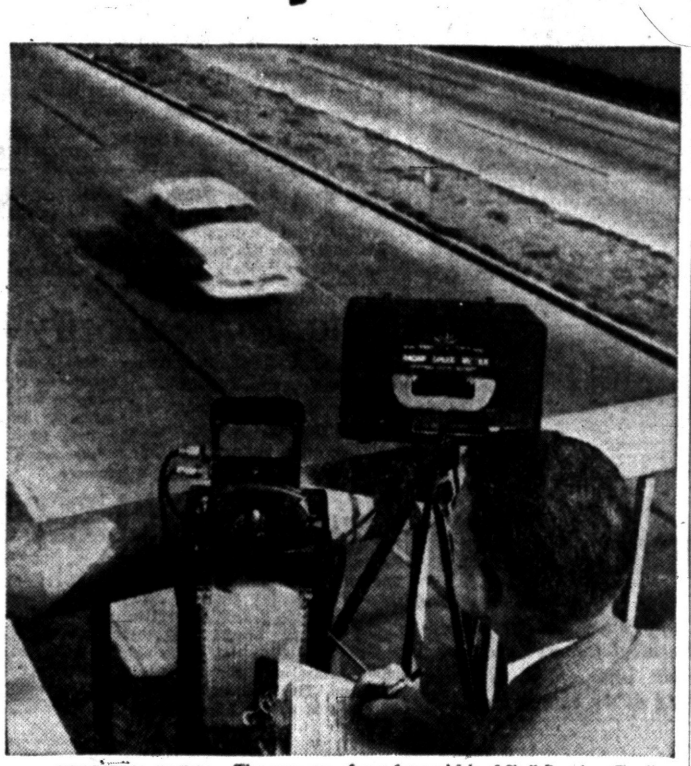
You're watching Radar prove it!



WITHOUT TCP At the San Antonio Proving Grounds, several cars were fueled with competitive premium-grade gasolines. The 200-plus H.P. car you see was driven about 3,000 miles, under normal driving conditions. Then the rate of acceleration was checked by radar. Performance was below par, due to deposits which caused the spark plugs to misfire.



WITH TCP The same car, after a few tankfuls of Shell Premium Gasoline with TCP*, showed 18% faster acceleration when checked by radar. Results on the other cars, when switched to Shell Premium with TCP, varied. Most cars showed a 6 to 18% increase in pickup. In each case, TCP additive had neutralized power wasting deposits, stopped spark plug "miss."

Shell Premium with *TCP* outclasses competitive premium gasolines in full-throttle acceleration test!

Modern cars are beautiful performers. Yet, within less than 3500 miles of driving, even a new car can fall victim to engine deposits.

These deposits cause pre-firing of the gasoline or spark plug "miss"—denying you the power you paid for, the acceleration you occasionally need no matter how careful a driver you are.

Shell Premium Gasoline with TCP, the greatest gasoline development in 31 years, neutralizes engine deposits. TCP additive restores power to your car that pre-firing and spark plug "miss" take away.

Switch to Shell Premium Gasoline with TCP and get back lost power as you drive.

Joyce Setter will open her home on Francis street April 25 for the next meeting, which will be a bridal shower for bride-elect Barbara Daniels.

Members of St. Michael Altar Society are busy making last-minute plans for their bone china cup and saucer card party to be held in St. Michael Hall Tuesday evening. Pictured (left to right) are Mrs. Harry Cook of North Perry street, chairman of refreshments; Mrs. Kenton Plourde of Oliver street, general chairman, and Mrs. Omer Deconinck of Lowell street, ticket chairman.

Sheets should be closely woven with even, well-stitched hems. A good quality sheet will not yield sizing, a white, dust-like material, when one corner is crushed in the hand.

Older Women Often Neglect Vital Exercise

By JOSEPHINE LOWMAN

A woman is more likely to become overweight from middle age on. During the busy years of rearing her family she may have dropped the habit of sports. For this reason after her children are grown she may not think of an afternoon of golf or walking or swimming, or of an evening of dancing. She simply has lost the habit.

* * *

It seems easier to perch oneself at a bridge table afternoon after afternoon than to start out learning to play golf. There is nothing more pleasant than a bridge game with friends, and timidity about beginning some new sport or physical exercise may cause the woman to lead a very sedentary life from middle age on, just when she needs the exercise most.

The woman in question may not only find that she is gaining weight but that it is distributed less attractively than in the past. Middle-aged women need some exercise. If they do not have time or money to indulge in golf or dancing lessons or horseback riding, the brisk afternoon walk costs nothing but a little effort.

Exercises at home also can replace the regular indulgence in sports although both are desirable. Stretching exercises are splendid. So are many other exercises. These do not have to be strenuous but should match the condition and capability of the individual and will add to energy, improve health and make the figure lovelier.

* * *

The diet should consist of less food calorie-wise but even more of the foods essential for health. Simple foods, prepared with a minimum of vitamin and mineral loss, plus exercise, will give both your glandular system (which slows up as we grow older) and your figure a lift.

REGULAR CHECKUPS

The women who centers her whole attention on health is not wise yet extreme stoicism at middle age is foolish. At this time physical weaknesses show up and at this time, especially, she should have regular physical examinations. She should also go to her doctor the minute she has any unusual symptoms.

* * *

Try this exercise: Lie on the floor on your back and place your heels on the seat of a chair. Arms rest on the floor at your sides. Keep your legs stiff as you lift your hips from the floor until your body makes a straight line from your shoulders to your heels. Hold for a few moments. Lower hips to the floor and continue.

This exercise is an aid to health. Hold this position for a few moments then lower hips to floor. Continue.

A certain amount of depression in our moods is natural and is in harmony with the lights and shadows of nature. We cannot always be on the mountain peak or on the heights of joy or inspiration.

Everyone, at least everyone I have ever known or heard about, has "blue days." I am naturally a very gay, happy person and perhaps for that reason drop further, even though much less often than some, when I hit bottom.

I used to fight those days just as though I were going after a mad wasp which was after me. I would pep talk myself and count my blessings and lift the corners of my mouth and so forth. That is not really the intelligent way to do it, except maybe for counting blessings. That gives you something to hold onto while the day looks dim and nothing seems right.

I think the best thing to do is to accept such days (if they do not come often) as a natural part of existence. Just think and know that even though you are sunk in a bog at present, tomorrow will be different and so just settle down to stand the dullness.

DISCOVER SOURCE

Or you might try a different approach—discovering the reason for your low state of mind and heart.

* * *

Perhaps it comes from some emotional frustration or some disappointment. If so, realizing the source of your unhappiness will make it easier to accept philosophically—for the time being anyway. But actually fighting blue days is as harmful as fighting insomnia. Worry about not sleeping is one of the reasons for not sleeping.

More often than not you will be able to correlate low days with some physical condition. Fatigue, poor health and even poor nutrition can lead to this condition. Many women experience emotional instability for a few days before their menstrual periods.

If depression becomes a habit, see your physician for a physical checkup. I am convinced that many women who live in a chronic state of depression are ill, many nervously exhausted. These need special help.

* * *

Otherwise investigate your habits in daily living. Are you chronically shortchanged on sleep, on exercise, on outdoor life, on rexlation? Do you eat incorrectly?

Don't Tell Fibs to Placate Children

By MURIEL LAWRENCE

Outside the supermarket, Walter's mother stopped to chat with a neighbor.

* * *

While they talked, the neighbor's little girl opened her red purse to show Walter a new toy—a clown's head equipped with a nose that lit up.

Walter was charmed. He ran to show the toy to his mother, screaming, "Look! Look what I got!" He made this urgent demand to get notice for the toy before it disappeared forever.

But his mother who was discussing a new make of home permanent did not want to be interrupted. Restraining Walter's excited banging on her thigh, she said, "Yes, it's pretty. Give it back to Dotty now and I'll get you one of your own. That's a good boy. It's the neutralizer that I don't like . . ."

* * *

She had no intention, of course of getting Walter a clown's head.

So a few days later he treated her almost exactly as she had treated him.

LATHERS WALLS

At naptime, he left his bed to play in the bathroom. There, he spent 20 minutes squirting little icebergs of his father's shaving lather over the walls a game which absorbed him much as the discussion of the new permanent had his mother.

* * *

Like her, he didn't want it interrupted. And like her, he detoured interruption by falsehood. When his mother called up the stairs, "Walter, what are you doing in that bathroom?" he opened the door to shout back cheerfully, "Drinking a glass of water, Mommy!"

"Don't you know how bad it is to tell lies?" shouted his mother when she discovered the mess on the bathroom walls.

To let a child badger us into making him pledges we won't keep is weakness.

The correction of the weakness is not just quietly breaking the pledge, hoping our default has not been noticed. It's correction is "Walter, I am not going to keep the promise I made to you today."

Only by such self-correction do we ourselves stop dealing in empty works—and release the child from the olligation to feel gratitude for them.

Dr. Lawson Lowrey, nationally noted child psychiatrist, calls "telling children ANYTHING to make them do what we want" one of the causes of dishonesty.

Betty Lou McSkulin Becomes Bride

Before an altar banked with white snapdragons, gladioli, pompons and carnations Betty Lou McSkulin became the bride of Thomas R. Schuster. The 11:30 o'clock ceremony Saturday at St. Benedict church was performed in the presence of 200 guests. The Rev. John J. Hoar celebrated the Nuptial Mass.

* * *

Mr. and Mrs. Michael McSkulin of Gateway drive are parents of the bride. Thomas is the son of Mr. and Mrs. L. E. Schuster of Motorway drive.

Betty Lou chose Schiffli embroidered nylon sheer for her bridal gown. The gown featured a scalloped neckline, shirred short sleeves, and fitted bodice. Her bouffant skirt with chapel train had panels of accordion pleated nylon set between bands of embroidery.

Her fingertip scalloped nylon tulle veil fell from a headpiece of Rose Pointe lace and tulle trimmed with seed pearls. She carried a semi-cascade arrangement of white roses and carnations on a prayer book.

Jean Widdis, maid of honor, was gowned in a ballerina-length dress of aqua crystallette. Barbara Lee and Shirley Ann McSkulin were gowned similarly in shades of pink and yellow respectively. They carried bouquets of tinted carnations with white roses.

Patricia Ann McSkulin, niece of the bride, wore a mint green frock of tulle and net for her duties as flower girl. Davy Lee McSkulin served as ring bearer.

BEST MAN

James A. Schuster was best man. Seating the guests were Robert L. Schuster, John A. Schuster, Varton Karagensian and Gordon Panky.

For the evening reception held at Knights of Columbus Hall, Mrs. McSkulin greeted her guests wearing a pink dress of chiffon nylon and Wedgewood blue accessories. Mrs. Schuster wore a wheat and beige coat dress with pink accessories.

A matching pink ensemble with white accessories was worn by the bride for the wedding trip to Washington, D. C. On their return the couple will make their home in Pontiac.

MRS. THOMAS R. SCHUSTER

Mr. and Mrs. Thomas R. Schuster were married Saturday at St. Benedict Church. The bride, the former Betty Lou McSkulin, is the daughter of Mr. and Mrs. Michael McSkulin of Gateway drive. He is the son of Mr. and Mrs. L. E. Schuster of Motorway drive.

Milford Woman Composes for Fun

By ANNE HEYWOOD

Too many of us want all or nothing from life. We must have a tremendous success, be rich, famous and on top or we won't so much as lift a finger.

And so we are left, all too often, with lives of quiet desperation. That seems particularly true of people who are interested in writing songs.

They spend their days making up tunes, lyrics or both and keep hoping that their compositions will make the Hit Parade.

They forget that the odds are enormously against them, but that they could be having fun at it anyway, whether they hit the jackpot or not.

* * *

Sometimes they succumb to the blandishments of unethical advertisements which offer to publish their songs and make them famous.

As a rule, nothing comes of it but disappointment. Then they give up completely and no longer get the fun they could be getting from song-writing as a hobby.

NOT IN THIS CASE

But not so Mrs. W. C. Munger of Milford, Mich.

* * *

Mrs. Munger has a lot of fun writing her songs and, as she says, "I'm now satisfied to write for my own amusement. I can sing my songs to myself and my grandchildren."

Because she wants to be helpful to other women with the same interest, Mrs. Munger sent me several copies of a most interesting magazine devoted to song-writing.

"It costs $2 a year," she writes, "and really gives the lowdown on the music writing business. Through this little review, you can ask questions and sometimes enter contests, all of which helps you to know where you stand—and for such a small amount.

* * *

"As far as I know, its one of the best ways of finding out what one wants to know about song-writing."

FOR INFORMATION

If you are interested in writing songs, and willing to do it for its own sake, I'll be glad to tell you where you may subscribe to the Song-Writer's Review, and to give you the names of several good books in the field.

Just send me a stamped, self-addressed envelope in care of The Pontiac Press.

He Shipped Building Through the Mails

HAYDEN, Utah (AP)—The man who mailed a bank building, brick by brick, from Salt Lake City to Vernal, Utah, has died after an illness at his home here.

* * *

He was William Horace Coltharp, 72, president of the Bank of Vernal.

Back in 1919, Coltharp decided to mail the bricks from his two-story bank via parcel post when he found he could save $1.45 a hundred pounds over rail freight rates that way.

* * *

The post office later changed its regulations to prevent similar mailings, but Coltharp got all his bricks to Vernal. The bank they built is still standing.

2 'Teetotaler' Monkeys Cavort in Liquor Store

DALLAS (AP)—Two pet monkeys opened the door of their cage in a locked liquor store, triggered a burglar alarm and entertained passers-by.

They upset a bottle of gin but did no harm, owner J. A. Pierce said.

"They are both teetotalers," he explained.

Street Cave-In Swallows Auto, Family Escapes

ALBUQUERQUE (AP) — L. C. Sprague, Odessa, Tex., his wife and their 8-year-old son Ronny stopped their car for a red light at a busy intersection in downtown Albuquerque.

"You've run into a chuck hole," Mrs. Sprague said.

"Wasn't a chuck hole when I stopped," argued Sprague.

"There's one now," Mrs. Sprague insisted, "and the car is sinking."

As the three leaped from the car, a section of pavement slowly collapsed, dropping the car eight feet to the bottom. No one was injured.

A city street department official said the collapse may have been due to a leaky sewer which slowly carried the dirt away from under the pavement.

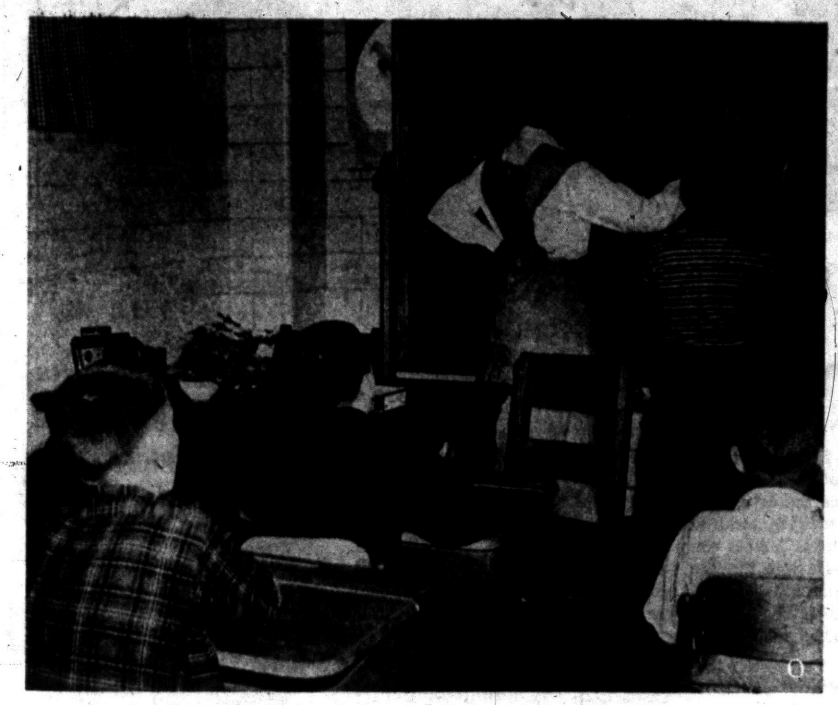
Public to View Facilities for Care of Mentally Ill



NEW STUDENT CLASSROOMS — The Children's Program for the emotionally-handicapped child has been in a progressive developmental stage at Pontiac State Hospital since March, 1954. Everything is done to provide a program for the 40 youngsters to bring about emotional health in order that they may be returned to the community as productive individuals. A volunteer program working under the Occupational Therapy Dept., operates a school program three days each week. Helping youngsters with arithmetic problems is June May, supervisor of men's occupational therapy.

By JUDITH L. CLEMENCE

Pontiac State Hospital welcomes all members of the community to tour its buildings during Mental Health Week, April 29 through May 2.

This is the time when hospital employes can demonstrate the modern facilities and up-to-date techniques which make them proud of their institution.

Dr. Ivan A. LaCore, medical superintendent of the hospital, who is a diplomat of American Board of Psychiatry and Neurology and a fellow of the American Psychiatric Assn. related current projects in treatment of patients at the hospital.

LACORE

There are increased ward activities with television in every ward and more and more group activities. At this point Dr. LaCore explained the volunteer program. He told of the number of volunteers who come to the hospital each day and how the patients look forward to their visits.

The community is very important to Pontiac State Hospital as it decides much about the patient after he is released. Dr. LaCore explained, "We who work in mental hospitals realize how important it is to have a community which understands and is in sympathy with mentally ill patients.

"Too often the patient leaves the hospital only to be regarded with suspicion by a community which does not understand mental illness."

Dr. LaCore further pointed out that often the patient returns to the hospital because of this attitude on the part of the public.

Mental Health Week is designed to help bring about a better understanding of the problems of mental illness, Dr. LaCore explains, and he extends a welcome to visit the hospital during this week of April 29 through May 2.

Dr. LaCore and hospital employes hope to prove that there should be no more stigma to mental illness than to any other type of illness.

They hope that you will see the hospital as a modern treatment center and that you will realize the mentally ill do get well.

They can tell you something, too, about the importance of good training for individuals who care for the mentally ill. And they will stop you cold if you refer to these patients as "insane"—a for this term went out with the Dark Ages in treatment of the mentally ill.

They invite you to their workshop on April 30 where you will meet with men and women from various organizations, clubs and institutions who want to know more about mental illness, how it develops and what can be done about it.

However, Dr. LaCore points out that all the understanding that a patient is given at the hospital will not help him if he comes into a cold, non-accepting community.

This is where the individual in the community can play an important role. He can learn about mental illness and in turn help the patient.

The citizen can benefit by a tour of the social service department where the patient is first admitted to the hospital. The trained worker begins by establishing a relationship between himself and the patient in order that he may "help the patient help himself."

Psychiatric social workers are aware of the importance of the individual helping himself. As he gains insight into, and understands his feelings and behavior, the patient is helped to a better adjustment.

Dr. LaCore points out that the social worker interviews his patients on the ward as soon as possible after admission so that they may feel less anxiety and fear about their new surroundings.

Where the patient's condition warrants, the facts of commitment and hospital procedures are interpreted. Very often, explains Dr. LaCore, a relationship is begun which may be the patient's first contact with a warm, accepting, non-judgmental person—a very important step on the patient's way towards positive mental health.

Next a visit to the occupational therapy department would show how much help the patient receives by being allowed to work out his anxieties. Group work is encouraged here as it is in the recreational therapy department.

Games of all kinds are available and supervised group activities are a part of the therapy.

You won't want to miss the program for children at Pontiac State Hospital. Children cared for here are emotionally handicapped children. It is important to know that these youngsters are not mentally defective or mentally handicapped.

Their IQ ranges are about normal. Frequently they are confused with either mentally handicapped or the juvenile delinquent.

However, these young people have problems of emotional adjustment and need hospitalization in order that they may become productive citizens in later life.

This program embraces every department in the hospital. They have special classes in the Occupational Therapy department, make special field trips under the direction of the Recreational Therapy Dept., and they have a 4-H club and a Camp Fire Girls' program.

Those of you who have followed the study of mental illness will be reminded of the days when treatment was largely custodial.

As you tour these departments you will be proud of this modern mental hospital which employs over 800 to care for and help restore the patient to mental health.

Eighteen of these employes are doctors, 19 psychiatric social workers, 21 psychiatric nurses, four clinical psychologists, and 500 attendants.

There are 11 recreational therapy workers and 10 occupational therapy workers.

Visitors will see all of these departments in addition to the regular tour of halls when open house is held during Mental Health Week. Staff members, employes and patients ask that you be there.

WELL-EQUIPPED BEAUTY PARLOR—Recognizing the importance of good grooming as a therapeutic measure, the staff of the Pontiac State Hospital encourages patients to visit the well-equipped beauty parlor. Cosmetic therapist Mrs. Virginia Jones, 642 E. Mansfield St., styles the hair after the patient has chosen one she particularly likes. Showing latest hair fashions to the patient is Mrs. Mary Lee Young, R. N., 88 S. Francis St. Visitors who tour the hospital will view the beauty parlor and many other therapy departments which show the hospital's up-to-date treatment of the mentally ill.

PREPARE FOR MENTAL HEALTH WEEK — Patients at Pontiac State Hospital want residents in this community and all communities to know more about the hospital and its modern methods of treatment. Many of the patients are now working in the mailing room where invitations are being sent to organizations, clubs and institutions and to the public to visit the hospital during Mental Health Week April 29 through May 2.

DANCE SCENE — Visitors to Pontiac State Hospital during Mental Health Week, April 29-May 5 will see patients in costume for their dances and plays under the supervision of the Recreational Therapy Dept. Hospital authorities point out the importance of this type of therapy to bring withdrawn patients into social activity — a step toward their return to society.

EDUCATIONAL WORKSHOPS SLATED — Pontiac State Hospital has planned several workshops to be held April 30 during Mental Health Week. These workshops, designed to give better understanding of mental illness, are headed by staff members and resource people from the community who are specialists in their fields. Three members of the staff of Pontiac State Hospital to serve as group leaders are Dr. Harold S. Housman, director of the psychology department; Douglas C. Burleigh, personnel director, and Richard Arthaud, psychiatric case work supervisor, (left to right). Another group leader not pictured is Ted Panaretos, psychiatric case work supervisor. The workshops will begin at 7 p. m.

PATIENTS PREPARE NEWS BULLETINS — "The PSH Echo" a familiar hospital paper to all employes, patients and many area residents is printed in the Occupational Therapy Department at the hospital. Patients do much of the writing about happenings on their wards, and all of the printing is done by them. Mrs. Eleanore McCurry, director of the department, assists a patient in getting Mental Health Week material ready for publication.

Canada Faces Dilemma in Israel Arms Request

OTTAWA (AP)—The Canadian government, which ran into sharp opposition when it approved the shipment of 15 training planes to Egypt, now is reported faced with a request for jets for Israel.

A Foreign Ministry official declined to give details of current Israeli arms discussions with Canadian officials. But an informed source said Israel is trying to buy F86 Sabre Jets, as well as other arms, in Canada.

We're Non-Aligned, Nehru Tells India

NEW DELHI, India (AP)—Prime Minister Nehru says it is wrong to describe India as a "neutral." To do so, he says, is to denote "a state of mind which can only think in terms of war."

* * *

The Prime Minister, in a foreign affairs speech to Parliament, said India could not be called "neutral" for refusing to take sides in the cold war. Instead, he indicated India should be described as nonaligned or, preferably, independent.

* * *

"Sometimes," he said, "people rather with somme disdain refer to our neutralism. I do not think we are neutral. I hope we are not neutral about any vital matter."

Lessons in the technique of lovemaking for older children are suggested in Denmark by Dr. C. W. Herlitz, head of the Schools' Medical Board in Copenhagen. "We must tell our children everything," he declares.

Helen Irene Miller Wears Lace; Crown of Flowers

DRYDEN — Helen Irene Miller and William Henry Brown III spoke their nuptial vows recently in a double-ring candlelight ceremony. Some 175 relatives and friends were present to see the couple married before an altar decorated with white gladioli, palms and candelabra.

Irene, who lived in Dryden, is the daughter of Mr. and Mrs. Frederic Miller of Sault Ste. Marie. William, of Lake Orion, is the son of Mrs. Louise Brown of Tomah, Wis.

The bride was dressed in a ballerina-length gown of white lace and tulle over satin, with a shoulder-length veil held with a floral crown. Her bouquet was a colonial arrangement of orchids and lilies of the valley.

Mrs. Clifford Tyner of Sault Ste. Marie, the bride's sister, was matron of honor. Another sister, Barbara Miller, was bridesmaid, along with Mrs. Carole Sowle of Tomah, sister of the bridegroom.

Best man was Ronald Scott of Tomah, and the bridegroom's attendants were Carl Suding of Chicago and Buster Sowle of Tomah, a brother-in-law.

Three of the bride's brothers also had part in the ceremony—Bobby Dean Miller who was ringbearer; and Fred Jr. and William Miller, ushers.

A reception was held at the Old Mill in Waterford following the ceremony.

The newlyweds will make their home in East Lansing where William is studying at Michigan State University. After his graduation this summer, they will live in Tomah, Wis.

Driver for 40 Years: 'Red Means 'Caution''

ST. JOSEPH, Mo. (AP)—Brought before Magistrate Margaret Young on a traffic violation, a motorist from a small northwest Missouri town startled the court by insisting that a red traffic light doesn't mean "stop"—only "caution."

What's more, in all his 40 years of driving he'd never thought otherwise, he said. The man paid a $15 fine and received a lengthy blackboard lecture from highway patrolmen.

Plans for Area Chamber Topic

Community Inventory of Industrial Growth to Take Months

A discussion of plans to make Pontiac a metropolitan area separate from Detroit and announced intentions to take a community inventory on industrial expansion in this city were featured in the business conducted at a regular Chamber of Commerce meeting held recently, according to Manager John W. Hirlinger.

A special planning committee, which has been studying means of establishing Pontiac as a metropolitan area apart from the Detroit metropolitan sector, reported to the Board of Directors.

Hirlinger said a special committee is expected to be set up for establishing the city as a metropolis.

The community inventory will be a survey of all assets and liabilities in many different categories. Some of these will be population, business, skilled and unskilled labor etc. "It is a big job and will take several months," commented Hirlinger.

He gave the object of this inventory as a means of finding out the need to improve conditions and also to use the information in attracting new businesses and industry to Pontiac.

EXHAUSTIVE CLINICAL TESTS PROVE DR. EDWARDS' OLIVE TABLETS 58% MORE EFFECTIVE THAN OTHER LAXATIVES!

261 constipation cases tested prove OLIVE TABLETS give you Nature's ideal regularity!

Medical evidence finally promises you thorough, safe, natural relief from that miserable, sickening feeling of irregularity! Leading doctors in a prominent medical center have just finished testing 7 popular, well-known laxatives. These are the facts based on clinical records of 261 patients, from 11 to 87 years old, suffering from acute and chronic constipation:

DR. EDWARDS' OLIVE TABLETS, made from pure-vegetable drugs and plant herbs, gave thorough, gentle, effective results in 9 out of 10 cases! OLIVE TABLETS were *58% more effective*—with less unpleasant effects—than all the other laxatives tested!

The doctors found, too, that OLIVE TABLETS function naturally, work only on digested food in the lower bowel, without causing undue weakness or removing nourishment that your body needs. They're unsurpassed as a laxative for temporary constipation. Sold by all druggists.

Just Say 'Please' to Lion, He'll Behave—I Hope

ST. LOUIS (AP) — A new lion trainer has brought progressive education to the St. Louis Zoo.

George Fraser, formerly of Kansas City, uses food and honeyed words instead of the whip and fear.

Fraser demonstrated recently with Cubby, a 2-year-old lioness. Cubby refused to sit up and beg.

* * *

"The way to do it is to say 'Please'," said Kraser. "Please, Cubby." Cubby pleased and got a bit of meat as a reward.

"This type of training takes longer, but after you get them going, it's better," Fraser said.

* * *

Fraser started his animal training 14 years ago when he was only 13. He and young animals are replacing the old lion and tiger veterans and the whip-cracking acts of previous years at the zoo.

Burglar Alarm Siren Sings Song for Police

ST. LOUIS, Mo. (AP) — St. Louis police are used to sirens, but not in their garage. When a burglar alarm siren on a truck began sounding early in the morning, the officers couldn't figure out how to silence it so they woke up the prisoner-owner who did the job.

Neither police or the truck owner could explain what started the siren, designed to prevent thefts from the truck.

Marine Disaster Probe Continues

Parris Island Officer Reveals Courts Martial Record of Instructors

PARRIS ISLAND, S.C. (AP)—The public information office says that nine drill sergeants have been before general courts-martial in the last 16 months at this Marine Corps training base.

* * *

Meantime, a court of inquiry today continues taking testimony about a forced night march in which six recruits drowned April 8.

NORMAL FOR PERIO

The information office, giving its figure in reply to a newsman's question, said the number of courts-martial is normal for the period covered. Six resulted in convictions on charges of striking recruits.

* * *

The PIO said one sergeant was found guilty of hitting a recruit 19 times in the stomach on the recruit's birthday.

CAPTAIN TESTIFIES

Maj. Gen. Joseph Burger, depot commander, said the inquiry should end this week. Results will go through his hands, the Marine command and the naval advocate general's office at Washington before released.

* * *

The six men drowned on a forced march in swampy water ordered by S.Sgt. Matthew C. McKeon, 31, of Worcester, Mass.

Called before the court have been the survivors of the march and McKeon's Captain, Richard P. Grey. Grey was heard yesterday.

Bob Considine Says:

Snubbed Kelly Guests Angry at 'Protocol'

MONTE CARLO (INS)—One of these days somebody's going to put all these things into a stage play or a movie and nobody will believe it could really happy.

* * *

The saga of the incursion of the Kelly family, accompanied by seventy friends and relatives mainly from Philadelphia, would provide grist enough for any playwright's mill. The mass invasion of main liners in this atom-sized kingdom started out as enthusiastically as the pealing of another famed Philadelphia institution, the Liberty Bell, but it has developed a somewhat similar crack.

The first fly in the ointment for the voyaging wedding party was the discovery that they had to squeeze four into a cabin in some cases because of the limited space aboard the S.S. Constitution. Then, some had trouble getting hotel rooms here and at least three have been robbed, one until it hurt.

Honest John and Margaret Kelly, who came up from bricklaying to industrial nobility, assumed it would be just one jolly party and everybody would be happy as clams. They forgot to take into consideration the fact there there is nothing much more helpless than an American tourist in a country where the natives are so dumb they cannot speak his language. Lots of the Kelly guests look instinctively to the father and mother of the bride to fend for them in matters as basic as sending out the laundry and reading a menu.

NEVER HEARD OF 'EM

But reaching Margaret and John is not as simple as it sounds, though they are as democratic as corned beef and cabbage. The Kellys must live at Prince Rainier's palace—protocol, you know— and the voice on the palace end of the already uncertain Monacan telephone wire never speaks English and has never heard of such a non-Monagasque name as K-E-L-L-Y.

"I swear to goodness, Margaret, I could get the Queen of England on the phone easier than I can get you," an old friend of Mrs. Kelly complained to her today. Many others haven't been able to get close enough to her to complain, they complain.

Only half of the big Kelly party is invited to tonight's "gala" International Sporting Club where Rainier and Grace will preside in splendid array. As a result, there is grumbling in the ranks, talk of favoritism, and beefing which generally begins with "I wouldn't have paid my good money to come all this distance if, etc., etc., etc."

RAINIER TALKS TO DAD!

But the entire party made it to Mr. and Mrs. Kelly's party for the couple and the Prince's relatives at the Cabaret Monte Carlo casino last night and harmony broke out on all sides—at least for the guests. A Dixieland band, which the Kellys had brought over from the states to play, played so loud that Mrs. Kelly ordered them to pipe down, and when they didn't pipe down she ordered them off the bandstand. They left in what one guest called "tears of rage."

Everything was so civil and decorum was so rife at the party, that Rainier's divorced mother and father, Prince Pierre and Princess Charlotte spoke together for one of the few times in recent years. Rainier and his father also conversed briefly—a rare occasion in itself.

Only Monasgasques present paid homage to the ruler. The average Philadelphian when introduced to him, stuck out his paw and pumped his hand. One dowager saw Prince Pierre standing alone, approached him and introduced herself. The father of the groom snapped to military erectness, frightened her by clicking his heels and bowed.

"Are you from the eastern part of your country?" he inquired.

"Yes, I was born in Philadelphia," she answered.

NO HUMMING BIRDS

"Then I would like to ask you some questions," he continued. "Do you have humming birds? I am a fancier of humming birds. I traveled all the way to Los Angeles not too long ago searching for humming birds. I never found one! But I found Los Angeles and Hollywood shockingly dull."

* * *

The dazed dowager whimpered she had no humming birds.

"Sorry," Prince Pierre said and dismissed her with another heel click and bow.

Auto With 'No Driver' Rolls Merrily Along

DENVER (AP)—Patrolman George Zellner jumped into his police cruiser after seeing a "driverless auto," with the headlights out, roll through a red light at a downtown intersection.

But when he overhauled the car—there was a driver in it after all.

"Where were you two minutes ago?" asked the cop.

"Under the dashboard trying to fix the headlights," said the unidentified driver.

Boston Officer Fielding 1.000 Pct. in Baby League

BOSTON (AP)—Patrolman Mansell Nugent assisted yesterday in the delivery of premature tins. They gave him a record of 12 delivery assists in 12 years.

* * *

Answering an emergency call at the home of Mr. an dMrs. Leon Savage, Nugent and Luciano Spina had the boy and girl twins ready to take to a hospital when the family physician arrived.

The babies weighed 3 pounds 10½ ounces each. They were placed in incubators at St. Margaret's Hospital.

Major Leagues Primed for Openers

NEW YORK (AP)—The defending champion Brooklyn Dodgers and New York Yankees, on the eve of the opening of the major league season, were solid picks today to win again but that doesn't mean the other clubs should save time and energy by sitting it out.

The Yankees and Dodgers definitely appear to have the over-all strength to repeat but injuries to their key men coud scramble the entire pennant picture. Boston, Cleveland and Chicago in the American League, and Milwaukee, St. Louis, New York and Cincinnati in the National are rated as strong, if not stronger than they were a year ago.

* * *

The Yankees, in fact, will have three "cripples" in the lineup tomorrow as they help the Washington Senators inaugurate the home season in Washington. Mantle still has a swelling of the hamstring muscle he pulled several weeks ago. Elston Howard has a pulled groin muscle and Yogi Berra a swollen finger.

A sellout crowd of 28,578, including President Eisenhower, who will throw out the first ball, is expected to see a pair of right-handers, Don Larsen (9-2) of New York and Camilo Pascual (2-12) of Washington square off on the mound.

* * *

Approximately 250,000 spectators probably will witness the eight openers tomorrow. The largest crowd is expected at Detroit where some 45,000 will watch the Tigers inaugurate the season against Kansas City.

Right-hander Frank Lary (14-15) will oppose Alex Kellner (11-8), the Athetics' veteran southpaw.

A crowd of 35,000 in Chicago will have their eyes glued on shortstops Chico Carrasquel and Luis Aparicio and center fielders Larry Doby and Jim Busby as the White Sox and Indians come to grips for the first time. Three of these four figured in a trade last winter with Cleveland sending Doby to Chicago for Carrasquel and Busby. Aparicio, a flashy fielding young Venezuelan, will be trying to fill Carrasquel's shoes. Both teams, rated top contenders behind the Yankees, will lead with their best on the mound. Right-hander Bob Lemon (18-10) will be the Indians' choice against southpaw Billy Pierce (15-10).

* * *

Only 20,000 are expected to see the Red Sox lift the curtain against Baltimore in Boston. The Red Sox are a vastly improved team with the addition of Bob Porterfield and Mickey Vernon and Ted Williams starting from scratch.

Southpaw Bill Wright (6-8) will pitch for Baltimore against right-hander Frank Sullivan (18-13).

As expected, the biggest National League crowd will be in Milwaukee where the Braves will try to snap Chicago's six-game opening day winning streak. Some 43,000 will see a battle of right-handers between Milwaukee's Lew Burdette (13-8) and Chicago's Bob Rush (13-11). The Braves, with the same lineup that finished second last year, are considered the Dodgers' main threat.

* * *

The Dodgers, only team with two home openers (they will open against Philadelphia in Jersey City next Thursday), will be host to the Phillies at Ebbets Field tomorrow. About 25,000 are expected to watch the Phils' Robin Roberts (23-14) oppose Don Newcombe (20-5).

Another 25,000 is expected at the Polo Grounds to see the New York Giants take on the Pittsburgh Pirates. Southpaw Johnny Antonelli (14-16), will oppose right hander Bob Friend (14-9).

* * *

The St. Louis Cardinals and Cincinnati Redlegs, both rated as "dark horses" in the pennant scramble, will oppose each other in Cincinnati before a capacity crowd of some 32,000.

Wilmer (Vinegar Bend) Mizell, back after a two-year term in the Army, gets the nod for the Redbirds. He will be opposed by Joe Nuxhall (17-12).

THROW TOO LATE—Roberto Clemente slides past Tiger catcher J. W. Porter to score the Pittsburgh Pirates' first run in the first inning of Sunday's exhibition game in the Steel City. The umpire is John Stevens. Pittsburgh swept the two game series with a 11-9 victory yesterday.

UM Opens Spring Drills With Hopes on Sophs

ANN ARBOR (AP)—"We're hoping to develop a passing attack . . . we're hoping for a better injury break this year . . . we're hoping . . ."

With these words, Michigan coach Bennie Oosterbaan summed up the opening of Wolverine spring football practice today.

* * *

As Oosterbaan indicates, his team is shot on strength and, obviously, long on hope.

But Michigan may find some surprises that can turn hope into a strong title and Rose Bowl prospect. The place to find those surprises is spring practice. Here are some of the hopefuls:

Bob Ptacek, 6'1", 200 pounds, Cleveland, Ohio — this boy can throw, and out of the quarterback slot he looked as smooth as butter last year as a freshman. With so many excellent receivers, he may be the difference.

John Herrnstein, 6'2", 210 pounds, Chillicothe, Ohio—a traditional Michigan man who is fast in spite of his size. At fullback on the freshman squad, he was a man, playing with the boys. His grandfather played on the Michigan Rose Bowl squad of 1902.

Gerry Marciniak, 6'1", 225 pounds, Chicago — a freshman tackle with size who can move. Michigan's standards for line speed are high. Coach Jack Blott often gives the call to a smaller man with speed over a slower man with size. Marciniak should fill both requirements.

Bob Boshoven, 6', 205 pounds, Grand Rapids — as a freshman tackle, he rates behind Marciniak but still good.

What can these men do for the Michigan squad?

Oosterbaan insists that the major weakness last year was passing. "It even hurt our running attack," he says — "you have to consider them together."

With Ptacek a strong possibility to press last season's regulars Jim Maddock and Jim Van Pelt for the Michigan quarterback post, passing should improve.

END OVER END — W. G. Guempel of Brunswick, Ga., lost control of his car in the stock car races at Jacksonville, Fla., yesterday and it went end over end several times. The hood is seen flying off at the right and part of the windshield is at upper left. Although Guempel's safety seat came loose he was uninjured.

Tigers Home After 11-9 Loss to Bucs

DETROIT (AP) — "The Tigers don't need any good breaks to finish in the first division — all we need to do is avoid the real bad ones."

That was Stanley W. (Bucky) Harris doing the talking, and it was clear the one time "boy manager" of the Washington Nationals meant every word of it. Harris is beginning his second year at the Detroit Tiger helm and he's enthusiastic about the club's chances for 1956.

"This club could do anything and go anywhere from first to 5th places," Harris said. "It has a lot of potential. Of course, we could use good breaks. But who couldn't? But you never expect 'em and you seldom get 'em."

Harris said the club "has helped itself." But on paper, it looks much like the same club that won 79 games and lost 75 last season in finishing 5th in the American League for the second straight year.

* * *

Not since 1950 has Detroit finished higher than that. But Harris says he is optimistic as the Tigers embark on their 56th year in the Junior Circuit. Fifth place seems almost like home to the Tiger club. Eleven times the Tigers have wound up there. They have finished first seven times, second nine times, 3rd six times, 4th and 6th on eight occasions, 7th five times and last only once. That was in 1952 when they won only 50 games.

The club came back to Detroit today with 31 players and most of them had made the trip before. Harris said he is "certain" this club will win more games than last year. He added:

"The league may be stronger. I know a lot of clubs believe they have helped themselves. I think Bertoia will come through for us. He's looked good and there's nothing to keep him from doing the job. Of course, Torgeson is a very important fellow — he's shown a lot this spring, too. We're a good club and I'm very hopeful."

* * *

The Tigers took an 11-9 pasting from the Pittsburgh Pirates at Pittsburgh yesterday and closed out their exhibition season with a lack-luster 11-19 record.

Detroit, as far as exhibition contests went, finished in the American League cellar. Baltimore, in 7th place, was 11-18.

The Pirates lambasted four Detroit pitchers for a total of 18 hits. Ned Garver, the loser, was whammed for six runs and seven hits in the 3rd inning. Incidentally, six of the hits were in succession and one was a towering homer by Frank Thomas with two aboard.

* * *

Bob Miller was touched up for three runs and seven hits. Bonus baby Jim Brady was nicked for a pair of hits and a run in the eighth. Bud Black pitched the 7th inning and escaped without permitting a hit or run.

10 New NCAA Champs Qualify for Olympics

Michigan State Boxer Chosen Most Likely to Win Title

MADISON (AP) — Ten newly crowned national college boxing champions took their places today as contenders for berths on the U.S. Olympic ring squad.

The ten victors in the NCAA tournament Saturday night are qualified to compete with National AAU champions and the Armed Forces titlists for places on the U.S. team.

Frank Gilmer of Chicago, one of the tournament judges and a boxing coach, judge and referee for more than 30 years, picked Choken Maekawa, the 119-pound champion from Michigan State, as the Collegian likeliest to win an Olympic title.

"He fights an Olympic type fight," said Gilmer. "He's a skillful boxer, who doesn't get hit much. Some of these other boys who haven't got his polish may be disqualified under Olympic rules as too rough."

* * *

Maekawa, only title winner for defending champion Michigan State, won a unanimous decision over Nevada's Sammy Macias, who won nine bouts in a row.

The team title went to the University of Wisconsin, which took half of the 10 championships and scored an unprecedented 47 tournament points. The best previous total was 45 by Wisconsin in 1948.

Idaho State, the pre-meet favorite, wound up second with 20 points and one champion, Roger Rouse at 165.

The total attendance for the three-day meet was 38,034, third highest in the 19 year history of the meet.

INDIVIDUAL CHAMPIONS

112-pound class—Dean Plemmons, Wisconsin.
119 pounds—Choken (Mike) Maekawa, Michigan State.
125 pounds—Bobby Solleau, Louisiana State.
132 pounds—Richard Hall, Washington State.
139 pounds—Dick Bartman, Wisconsin.
147 pounds—Cpl McLane, LSU.
156 pounds—Vince Ferguson, Wisconsin.
165 pounds—Roger Rouse, Idaho State.
178 pounds—Orville Pitts, Wisconsin.
Heavyweight — Truman Sturdevant, Wisconsin.

Secrets of Better Golf

By Patty Berg

I, personally, feel a good drive is one of the most important shots to your game. It is a morale booster; it builds confidence to see your ball sail off the tee long and straight.

I do not feel that the tee shot is as difficult as the average player claims. It is the one shot in the game in which you can take a full cut at the ball. You have the option of placing your shot from the tee; you are allowed to tee the ball as much or as little as you like. This shot really gives you a choice.

I, like nine out of 10 golfers, use the overlapping grip for all my wood and iron shots. This grip is formed by placing the club diagonally across the left hand in a combination finger and palm grip. The left hand is closed over the shaft with the left arm extended so as to form a straight line with the shaft of the club.

You should be able to see two or three knuckles on your left hand, and the "V" formed by your thumb and index finger should point toward your right shoulder.

* * *

The right hand is placed slightly under the shaft and the little finger of the right hand overlaps the index finger of the left. The hands should be close together to work for power and control.

In playing my tee shots, I use a slightly closed stance with the toes pointed slightly outward for balance. The width of my stance is approximately the width of my shoulders. This is a general rule used by most players. Your stance should be comfortable in order to give you the necessary balance. Weight should be equally distributed from the heel to the ball of your foot.

Play the ball off the inside of your left heel. The club should be placed so the sole rests evenly on the turf. If the toe sticks up, you are too far away and if the heel sticks up you are too close to the ball.

Line up your shot as you address the ball with proper grip and stance.

TEE SHOT NOT SO TOUGH AS MANY PLAYERS CLAIM

Use a slightly closed stance for tee shots, playing the ball off the inside of the left heel. As I assume my stance, I generally look down the fairway for a mental picture of the shot.

Sam Snead Wins in Playoff

GREENSBORO, N.C. (AP) — By his own admission, Sam Snead won a golf tournament he had "no business" winning when he took down first money of $2,200 in the Greensboro Open yesterday.

The 43-year-old White Sulphur Springs, W.Va., veteran and darling of Greensboro Open crowds since he won the first tournament here in 1938, made it two straight here and six all told. But he had to travel two holes of a sudden-death playoff to win from Fred Wampler in the rain.

* * *

Snead, after watching Wampler come from nine shots behind with a third-round 64 to move into a one-shot lead over Sam after 54 holes, finished a half-hour ahead of the 27-year-old Indianapolis pro with a one-under-par 70 for 279, five under par.

* * *

Then he sat in his car back of the 18th green to wait for Wampler to finish. Word came up from the course that all Wampler had to do was to birdie either the 17th or 18th to win by one shot.

"Shucks, the way I putted here, I have no business winning the tournament," opined Snead.

Wampler got his par on the 17th and came to the 465-yard finishing hole, which he had birdied three times previously, in position to win his first tournament in more than two years.

Fred's second shot stopped a couple of feet from the putting surface. Using his putter he left the ball 6 feet short and then failed to send it home, forcing sudden death.

* * *

Both players parred the first hole of the Starmount Forest course, a 71-par, 6,723-yarder. On the second, each was on the green in two, Fred about 25 feet away and Sam, nearby, about 20. Fred's putt skidded over the hole, just missing a birdie. Sam, who apparently had foreseen a longer struggle, donned his rain pants and then sent his putt rolling right for the hole.

* * *

Wampler picked up $1,500 before heading for Hot Springs, Ark., scene of the next tournament on the PGA tour.

Doug Ford of Mahopac, N.Y., finished third with 281 for $1,170. Back of him were Jim Turnesa, Spring Valley, N.Y., 283 for $980, and Mike Fetchick, Mahopac; Frank Stranahan, Toledo, and Billy Maxwell, Odessa, Tex., 284, for $740 each.

* * *

Fetchick, flashing a hot putter that sent home two 30-footers, finished with 64 to match the course record equalled by Wampler Saturday.

Tied for eighth at 285 for $520 each were Al Besselink, Grossinger's, N.Y., and John Knight, Los Angeles.

Completing the top 10 at 286 for $440 was Bill Kerr, Montreal, Canada.

Larry Dempsey of Greensboro was low amateur with 290, followed by Rod Funseth of Spokane, Wash., 293.

Jones to Start Against Acorns

Pontiac High School baseball Chiefs today shoot for their 2nd victory of the young 1956 season, providing the weatherman permits.

A light, early morning rain didn't promise too much hopes, but Coach Ed Heikkinen said the Chiefs would meet Royal Oak Acorns at Wisner Field, if conditions improve. Game is set for 4 p.m. and Jim Jones was tagged with the starting mound duties.

Chiefs lost their opener to Cranbrook, then roared back to swamp Waterford's Skippers, 9-3, last of the week.

Pontiac has another game this week, taking on a strong Port Huron Club in a double-header at Port Huron, on Saturday. Big Reds boast a fine right-hand pitcher, plus a reputedly strong club otherwise.

Acorns are an unknown quantity as far as Heikkinen is informed. "I haven't hard much about them this spring," Ed said today.

"But this is the 1st time in at least four years we have played Royal Oak, and they usually have a good club, I understand."

Jayvee coach Arnie Wilson's charges were also scheduled to play today, opening their season against Ortonville on the Columbia-Joslyn Diamond, if conditions are okay. Arnie plans to start Joe Tinson, a right hander, or Charley Honchell, with Tom Conley back of the plate.

Jack McLean, Acorn coach, said he would start Jerry Patenaude, a southpaw. Jerry is one of 10 lettermen back this year, seven of whom are seniors. Royal Oak lost its only start, 3-2 defeat by Berkley, last Friday night.

Cranbrook Gains 5-4 Win

Pontiac's George Gary, captain and catcher of the Cranbrook baseball team, singled Dave Cooper home with the winning run in the 9th inning to lead the Cranes to a 5-4 victory over Assumption of Windsor on the home diamond Saturday.

Assumption led until the bottom of the 6th when Jim Grube was hit with a pitch, Chuck Grube got on by an error and Dan Crowley advanced both with a sacrifice. Dave Campbell laid down a squeeze bunt scoring both runners to tie the score.

Cranbrook won despite eight errors which led to all of Assumption's runs.

Tomorrow the Cranes meet Berkley High School at home.

Shines at Quarterback

Wilson Calls MSU Signals

EAST LANSING (AP)—Pat Wilson of Lapeer fit the position like a glove as he quarterbacked the Michigan State first team in an all-out football scrimmage Saturday.

* * *

Coach Duffy Daugherty worked 110 candidates as he sent his Spartan hopefuls through 2½ hours of bruising contact work.

PAT WILSON

Wilson, stepping into the quarterback job vacated by All-American Earl Morrall, moved the first team well and coaches were optimistic about his showing.

Wilson mostly used power plays, but mixed in a few passes and picked up sizeable hunks of yardage personally carrying on the option.

Clarence Peaks and Walt Kowalczyk ran from the halfback spots and Don Gilbert from fullback.

The line included Pat Burke, tackle; Dan Currie, guard, and Dave Kaiser, end, all veterans of Rose Bowl play, and end Bob Jewett, tackle Les Rutledge, guard Cliff Larose and center John Matsko.

Jim Ninowski and Mike Panitch quarterbacked alternate second string outifts in which halfbacks Blanche Martin of River Rouge and Art Johnson of Flint stood out.

Meet the Pro

ELMER PREISKORN, Pine Lake

By BRUNO L. KEARNS
Sports Editor, Pontiac Press

One thing Pine Lake Country Club and its pro Elmer Preiskorn take pride in, is the active participation of its women's membership.

Elmer became Pine Lake's pro last year after serving as assistant at Plum Hollow for nine years.

His caddying days started out at a country club in Wayne, Michigan, his hometown.

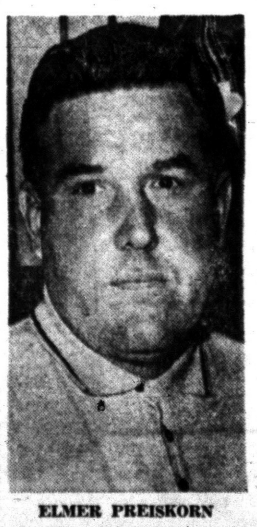
Before turning pro in 1946 at Plum Hollow, Elmer received his big thrill in winning the state amateur championship of Tennessee in 1943-44 while employed in the Vol state.

* * *

Two new assistants, Art Berry and Paul Van Loozen have been added to the Pine Lake staff this year and Elmer and his aides are looking forward to the numerous activities slated for the club.

The Pine Lake Invitational is scheduled for June 14-17.

One of Elmer's fine amateur woman members at the club is 18-year-old Sally Sharp of Birmingham, who last year finished second only to Wiffi Smith in the District and State Women's Amateur.



ELMER PREISKORN

"More women should play golf," said Elmer, who encourages both men and women to get into the game.

(Tomorrow we present Bob Gajda, pro at Forest Lake Country Club.)

23 Qualifiers in Olympic Mat Meet

YPSILANTI (AP) — Twenty-three wrestlers, most of them representing Michigan institutions, qualified over the weekend in regional Olympic tryouts here to compete in the U.S. finals at Los Angeles April 28-May 5.

Indications were, however, that fewer than a dozen would make the long trip to California for the finals.

Survivors in the regional competition:

FREESTYLE

114½ lbs.: Lews Drew and Philip Burney, both of Berkley High School.
125½—Willard Root, University of Michigan; Tom Pinnerman; Columbus YMCA.

Heavyweight: Abel; Plenois Marion, Ford Wrestling Club.

Chisox Cut Catcher

CHICAGO (AP) — Catcher Carl Sawatski was released outright by the Chicago White Sox today to Toronto of the International League.

Charley Irish, sports follower with strong local tendencies, is concerned over the size of Pontiac's high school track squad going to the big Mansfield prep relays next weekend.

"I've heard" says Charley, "they're going to send 16 boys.

"After what that squad of young athletes has done the past two years, I'd like to see the whole squad make the trip. And I'd be willing to make a contribution to help do it."

Wally Schloerke's crew could make a big impression in the event, at that, and a good showing would certainly place it in the national limelight.

With Hayes Jones already hitting close (14.2) to the national schoolboy 120-yard high hurdle mark of 14 flat for the distance, he could achieve the peak at Mansfield.

Eli Leggett of Detroit won a unanimous eight round decision Saturday night over Doug Medley of Louisville in the lightweight feature bout at the Motor City arena.

Adrian College President John H. Dawson has announced the appointment of Bob J. Gillis as head football coach. Gillis at present is a member of the Adrian High School coaching staff. He also coached at Clinton High School, Clinton, Mich. and Bellows Falls, Vermont. Gillis is a 1949 graduate of Adrian.

Five Michigan pitchers limited the University of Detroit to two hits Saturday as the Wolverines defeated the Titans 8-1. In addition to fine pitching the Wolverines got 10 hits.

The Pontiac Elks No. 810 softball team, member of the city leagues, will hold practice sessions Tuesday at Oakland Park and Wednesday at North Side Park beginning at 5:30 p.m.

John Dresser, Toledo Devilbiss' halfback, said Saturday night he has enrolled for the fall term at the University of Michigan.

Dresser was one of Ohio's most sought-after schoolboy athletes since Ohio State's Vic Janowicz caught the nation's eye at Elyria, O., High.

The 18-year-old Toledoan led the state's scholastic scorers with 162 points in 10 games.

Badger Duo 3rd in ABC

ROCHESTER, N.Y. (AP)—A team of Milwaukee bowlers captured third place in the doubles division last night at the 53rd annual tournament of the American Bowling Congress.

Russ Gersonde and Bert Barkow logged a 1,284 total. They trail division leaders Bill Lillard and Stan Gifford of Chicago by 47 points.

* * *

Lou Frantz of Louisville, Ky., won singles honors for the day with a 676 total on games of 224, 208 and 244. He moved into 10th place.

Eli Panttila of DeKalb, Ill., remains first with 722.

Scoring in the all-events was led by John Wisniewski of Richmond Hill, N.Y., who had 1,872. Bill Lilard's 2,018 still set the high mark for the division.

Station WKWK of Wheeling, W.Va., bowled games of 898, 970, and 948 for their 2,816 total which led yesterday's scoring by open division squads.

The division is topped by the Falstaff Beer five of Chicago, who have 3,092.

The Laurel track in Maryland was opened in October 1911.

Medical and Scientific Director of the American Cancer Society

Listed below, as taken from Dr. Cameron's book, "The Truth About Cancer," are some of the symptoms and warning signs of different kinds of cancer. In reading this, remember that the best things are your doctor and the experts he may call upon and that the material printed here is intended primarily to make readers aware that neglect of certain obvious signs is dangerous.

THE SKIN
Rule to Remember

Any sore, blemish, patch, pimple, or other newly developed blemish in the skin, which does not show signs of healing in a reasonable time—say three weeks—calls for a look-see by your doctor.

Avoid repeated and long-continued exposure to strong sun or hot dry winds. This is especially important for those with fair skins, which sunburn rather than tan.

Exposed parts — face, neck, forearms and the backs of the hands—are favorite sites for skin cancer.

Prolonged exposure also is associated with a pre-cancerous condition, hyperkeratosis, which appears as a thickening and hardening of the skin, forming a scaly patch or small scab. While not in itself cancerous, it becomes so in many cases.

Destruction of benign and potentially malignant skin growths is so simple (it is almost always done in the doctor's office) there is no excuse for running a serious risk of skin cancer. Be watchful of moles. Most are harmless, but Melanoma, pigmented or black cancer, often begins in moles and there is evidence that injury or repeated irritation may, convert them to cancer.

LIPS AND MOUTH
Rules to Remember

(For the lips)—Avoid overexposing lips to strong sunlight, or protect lips, particularly the lower, with cream or ointment; smoke in moderation and avoid compressing the lips between teeth and pipe stem or letting cigarettes stick to lips; have rough teeth or those that press upon or irritate the lips, corrected by a dentist.

(For the mouth)) — Watch the tongue, gums, floor and roof of the mouth and the inner surface of the cheek for any ulcer or sore, for a raised irregular warty area or any lump or thickening, easier to feel than to see.

Mouth cancers are easy to detect when they are small and when the chances of cure are excellent. Any sore or lump showing no tendency to heal within two weeks should be seen by a physician or dentist immediately.

Suspected causes of mouth cancers are excessive use of tobacco; poor mouth hygiene; sharp teeth or improperly fitting dentures; dietary deficiency and habitual use of very hot food and liquid.

THE LARYNX
Rule to Remember

Any hoarseness — no matter what the apparent cause — which lasts for two weeks should lead to careful medical examination.

There are no generally accepted causes of this form of cancer although some authorities claim it occurs somewhat more frequently among heavy smokers. Moderation in smoking appears to be the only available prophylaxis.

THE THROAT
Rule to Remember

The most common first symptom is slight pain in swallowing, which may become more difficult. Coughing may be provoked by bits of food entering the larynx and the cough may become incessant. Less frequently, throat cancer may show none of these symptoms until after a lump has appeared in the neck, which means that although it is too small to cause symptoms it has already spread to near-by lymph nodes.

Deitary deficiency due to inadequate supply of Vitamin B seems to be the one clearly established cause of throat cancer.

THE STOMACH
Rule to Remember

Give the doctor a chance twice a year to check up on the state of your digestive system.

Symptoms of simple indigestion are no different from early symptoms of cancer of the stomach.

These include: A vague sense of unease somehow related to the stomach; a feeling of dullness or bloating, mild nausea, heartburn, loss of normal healthy appetite, eructation of food, excessive belching and finally, pain.

When cancer of the stomach is treated while the tumor is not larger than a silver dollar and before it has spread to the lymph nodes, five-year cures in more than 50 per cent of cases can be expected. Delay is dangerous!

INTESTINE AND RECTUM
Rule to Remember

Important early signs are bleeding, seen in the stool or causing anemia, or both; a persistent change in bowel habits—diarrhea or constipation, or both, and increased intestinal gas causing varying degrees of abdominal discomfort.

A warning here involves hemorrhoids, there is no connection between the two but it is quite possible for both to occur in the same patient. If you have hemorrhoids, do not disregard the early sign of bleeding.

BLADDER AND KIDNEY
Rule to Remember

Take quick action at the first signs of blood in the urine.

In the case of the bladder, often quite a long time elapses between the first evidence of bleeding and the next indication. This leads to a hopefulness that is dangerous.

With the kidney, pains in the back may be the first symptom.

TESTICLE
Rule to Remember

Watch for any swelling or enlargement of one testicle, or for a small hardened area in the gland, or for an increase in weight of a testicle. In a few instances, the first sign of cancer in the testicle is enlargement of the breasts, caused by a tumor secreting a breast-stimulating hormone.

There is but one curative treatment for cancer of the prostate—the total surgical removal of the gland. In cases operated on while the disease is confined within the capsule of the prostate, permanent cure can be expected.

"Cancer of the Lung" will be dicussed next.

Senator Seeks to Clear Name

Young Asks for Hearing to Counter Charges He Sold Out to Gas 'Boys'

WASHINGTON (AP) —A request from Sen. Young (R-ND) for an investigation of what he called charges that he "sold out" to natural gas interests comes before the special Senate Lobby Committee for consideration today.

* * *

Young, who is seeking re-election this year, laid the charges to political opponents and said, "All I want to do is clear my name."

Chairman McClellan (D-Ark) said he would present the matter at a closed meeting of the committee. "I think the committee will want to look into it," McClellan said.

LIBEL SUIT REPORTED

But the political newspaper against which he complained contended Young has threatened to file a libel suit against it. An official of the publishing company wired McClellan that Senate rules "provide that a matter involved in litigation will not be investigated."

The newspaper is the Leader, organ of the North Dakota Nonpartisan League, which switched this year from Republican to Democratic affiliation.

Young voted for the controversial bill to free natural gas producers from direct federal price controls. The Senate passed it 53-38 early in February but President Eisenhower vetoed it. Young said in a letter requesting the investigation:

"I have not, of course, sold out to, nor have I received bribes from anyone."

BIPARTISAN GROUP

The special committee, equally divided between Republicans and Democrats, was set up to investigate any improper or illegal attempts to influence senators or others through lobbying, campaign contributions or other activities.

* * *

Its creation was a sequel to charges of lobbying on the gas bill and, more particularly, to the limited inquiry into a $2,500 campaign contribution which Sen. Francis Case (R-SD) refused to accept from an oil company lobbyist.

ELOQUENT WINNERS — Essays on "The Blessings of Freedom" recently won the two Pontiac Boys' Club members above prizes of $5 each from the Wright-Fournier Amvet Auxiliary post, which sponsored the contest. Allen Tetaskei Retaskie, 11 (left), and Thomas Lufkin, 15, accept prizes from Mrs. Carl Bartlett, an auxiliary officer. Thomas' essay has been entered in a state contest to encourage boys to express appreciation of their country.

British Ponder Red Chiefs' Visit

Wonder if Russians Will Propose to End Disarmament Impasse

LONDON (AP)—Speculation centered today on the imminent visit of the Soviet chiefs of state. Britons wondered whether they might make a dramatic proposal to end the disarmament deadlock or even offer a loan of billions in gold.

* * *

Premier Bulganin and Communist party chief Khrushchev, known as the "Kremlin Twins—B and K" in every British household, are en route to England in the Soviet cruiser Ordjonikidze. They sailed yesterday from the Baltic port of Kaliningrad. Thousands of Soviet citizens shouted "Happy voyage," a Moscow dispatch said, and Khrushchev waved his black fedora in acknowledgment.

* * *

The Soviet cruiser is due at the English Channel harbor of Portsmouth Wednesday morning.

A cryptic Moscow radio broadcast touched off the speculation about a disarmament proposal.

"We feel sure that the Soviet leaders' visit to Britain will . . . help break the deadlock in the matter of disarmament," a commentator said in an English-language broadcast. He did not elaborate.

Some British politicians have speculated, although lightly, that the Soviet chiefs in a grand gesture might offer a loan of two or three billion dollars in gold to bolster Britain's economy.

Vandals early today daubed white paint on the statue of Communist hero Karl Marx at his grave in a London suburb. "This is one of the first of demonstrations we are going to make against the visit of those two Russians," an anonymous caller telephoned police.

Scout Hobbles 20 Miles to Earn Last Merit Badge

SPRINGFIELD, Ill. (AP) — A 13-year-old Chicago Boy Scout, his legs withered by polio, hobbled 20 miles on crutches to earn a final merit badge that'll make him an Eagle Scout.

Joel Shaeffer admitted yesterday "he was a little tired" when the 13½ hour ordeal was over. It earned him his hiking merit badge, the only one he lacked.

A scout official made the hike with Shaeffer to make sure the boy didn't jeopardize his health. Shaeffer is expected to receive his Eagle Scout award in May.

Hollywood Headlines:

Eddie Cantor Well Again; to Make Another Movie

By LOUELLA O. PARSONS

HOLLYWOOD (INS)—Heartening news that Eddie Cantor is well enough to make a motion picture for Gregory Ratoff in New York this summer. Happy as a lark, Eddie tells me he's just signed a contract with Ratoff, who will produce and direct "The Fifth Season," which ran on Broadway for two years.

It's about the garment business, and has a great role for Eddie.

"I played 12 holes of golf Friday," said Eddie, "and my doctor says I've never been in better shape. The only thing he warned me about was to say out of trouble with George Jessel," Eddie laughed.

An amusing thing happened when Doris Day, who plays an airline hostess in "Julie," was told to whistle.

"Just whistle anything," said director Andrew Stone, while they were filming the picture at the Oakland Airport, "to show your tenseness."

HIGH AND MIGHTY

Doris started whistling and no one noticed until after the scene was taken that she whistled "The High and Mighty," the song from John Wayne's picture!

I've often wondered why Sonja Henie works so hard and knocks herself out when she could take it easier.

But I am a fine one to talk about hard work. I work sometimes as if I were wound up—and I love it. But, I did ask Sonja why she was taking a troupe of 150 people to Caracas and doing so much strenuous skating when she has such success.

"What would I do if I didn't skate?" she said. "All my life I have been devoted to my career."

I asked her about James McKinley Bryant, who was her escort when we were in Turkey.

CAREER FIRST

"No man in my life," she said, "at this point." Sonja always put career above romance.

Snapshots of Hollywood collected at random: I doubt if it's any surprise to Kim Novak that Mack Krim will join her in Europe.

The sight of the week was Portland Mason and her eight-year-old escort Michael Hardwicke at "The Man in the Gray Flannel Suit" premiere. After the first reel, Mike dozed off into a sound snooze, but not Porty, who had seen the picture three times but remained wide awake to the end!

That commuter Margaret Ettinger is back in town long enough for the selection of Miss Rheingold of 1947. Among the judges are Irene Dunné, Ida Lupino, Joan Fontaine and Bob Cummings.

If Zsa Zsa Gabor and Hal Hayes have no intentions of marrying, they're putting on a good job of pretending. They were at the Mocambo again, looking very romantic.

Takes Off With Cuffs

DALLAS (AP)—Patrolman A. H. Bush is looking for a woman who disappeared with his handcuffs. She was unruly when Bush and a fellow patrolman arrested her. They fastened her hands behind her back. Then they were called to quell another disturbance. That's when she fled.

Car Production Lags Behind 1955 Pace

DETROIT (INS) — Ward's Automotive Reports said yesterday U. S. Automobile production is running more than a half million units behind last year's record totals.

At the end of the current week, according to the statistical agency 2,010,178 automobiles will have been built in the U. S. in 1956. The total is 20 per cent behind the 2,518,353 cars turned out during the same period last year.

This week's production was estimated at 133,928 cars and 24,219 trucks, slightly higher than last week's output.

Plans to Run Again

FLINT (MI) — Rep. George A. Gillespie (R-Gaines) announced he will be a candidate for renomination at the Aug. 7 primary. Gillespie was first elected in 1938 and re-elected every time since 1942 except in 1948. He is chairman of the House Agriculture Committee.

Grains Rally After Losses

CHICAGO (AP)—Grains rallied a bit after selling off for substantial losses in early dealings on the Board of Trade today.

* * *

The market again was hit by liquidation at the opening as indications President Eisenhower would veto the new farm bill became more pronounced. As trading progressed a little short covering developed in some cereals.

May wheat maintained a firm tone at all times. Some other wheat deliveries got back above the previous close on the rally, as did some rye deliveries. Elsewhere, the market remained quite weak.

* * *

Wheat near the end of the first hour was ¼ lower to ⅝ higher, May $2.35⅝; corn ¼ to ¾ lower, May $1.42⅞; oats 1 cent lower, May 63; rye unchanged to 1 cent higher, May $1.29; soybeans 1¼ to 2½ lower, May $2.85¼; lard 2 to 15 cents a hundred pounds lower, May $13.20.

Lincoln Band Wins State Final Honors

The Lincoln Junior High School band received a first division rating at the state musical festival in Muskegon Saturday.

The band qualified to play in the final all-state festival by receiving a first division rating in the district festival held at Wayne University in February.

Each participating band selected a warm up march and a concert number. In addition, the band played a required concert number for that particular classification and then played two new numbers for the sight reading classification.

The Lincoln band was the only Pontiac Junior High band to attend the festival this year, reports Eldon C. Rosegart, director.

Couple Hurt in Crash; 4 Children Unharmed

Four children and their parents escaped serious injury when their northbound car rammed another Sunday afternoon on Telegraph road at Elizabeth Lake road, Pontiac police said.

Clifford D. Woods, 31, and his wife, Josephine, 25, of Utica were treated for bruises and leg injuries and released, authorities at Pontiac General Hospital said.

Woods told Pontiac police his car struck the side of a vehicle driven by Charles E. Freeman, 75, of Holly, who was making a left turn to go east on Orchard Lake road, police said.

Burglars Invade Homes, Steal $40, Wrist Watch

Reports of home burglaries in the southeast side during the weekend are being investigated by Pontiac police.

A sneakthief entered two homes through unlocked rear doors Saturday night, gaining about $40 from a man's billfold at 184 Raeburn St., and a $60 wristwatch from 190 Elm St.

Det. Olin Hoffman said the crimes apparently were committed by the same burglar who entered five homes in the area last Friday night.

Stocks Advance in Moderation

NEW YORK (AP)—The stock market advanced moderately today with railroads and steels at the head of the rise.

* * *

In the early afternoon, prices were up around 2 points at the best while losses extended down to around a point.

The rise didn't excite any particular demand, and the pace was under Friday's moderate volume of 2,450,000 shares. Prices moved up a little on Friday.

The steels and railroads were almost all alone among major divisions on the higher side, but they had some support from chemicals, aircrafts and the rubbers. Radio-televisions were slightly lower without activity. Other divisions were mixed including the oils, motors and non-ferrous metals.

The market displayed no immediate reaction to the President's veto of the farm bill. Wall Street had been expecting that the President would turn thumbs down on the legislation.

At noon the Associated Press average of 60 stocks was up 80 cents at $189.70. On Friday the average added 60 cents on the day, but the rise was somewhat dimmed by the fact that gainers and losers exactly balanced each other.

Family Escapes Injury as Smoke Fills House

A 10-months-old baby and two teen-age daughters, as well as their parents, Mr. and Mrs. J. B. Schultze, all escaped injury during a 45-minute blaze Saturday evening in the basement of their home at 23 E. Chicago Ave.

The only victim was a pet parakeet, found suffocated in his living room cage.

Besides smoke damage to the upstairs, firemen estimated some $700 damage was caused by flames in the basement. The blaze started when fumes were ignited by a gas furnace, they said.

Three-Year-Old Struck by Hit-Run Driver

A three-year-old boy escaped with minor injuries Saturday afternoon when struck down by a hit and run driver at Branch and Gillespie streets, Pontiac police said.

John H. Kendrick, son of Plummer Kendrick, 314 Howard McNeil St., was treated for facial bruises authorities in Pontiac General Hospital said.

The boy stepped off the curb into Branch street and was hit by a north-bound car which stopped momentarily and then sped away, according to Mrs. Mary Winfield, 545 Montana St., who told police she saw the accident. Kendrick was walking with his son at the time, police said.

Mining Industry Takes Big Toll

410 Killed, 19,710 Hurt in Year Bringing Coal to Earth's Surface

PITTSBURGH (INS)—Some 410 deaths and 19,710 injuries were recorded in U.S. coal mines last year.

Of those injured, according to the U.S. Bureau of Mines, more than 400 suffered probably permanent disability.

The grim picture of death and injury in coal mines was the cost in men's lives to mine 490-million tons of coal.

In other words, it cost one human life—not to mention the injuries—for each one-million tons of coal dug in this country last year.

Both injuries and fatalities were up from last year's figures of 395 coal diggers killed, and 19,005 injured.

THE CHIEF KILLER

The increase toll came despite the fact that last year was only the third year in the history of coal mining industry during which a major disaster was not recorded. A major disaster is one in which more than five miners lose their lives.

The industry's chief killer remained. That is falls, either at the mine face, off the roof or ribs.

However, some progress was reported last year in reducing haulage accidents—the second-ranking killer in mine accidents.

Charles Ferguson, United Mine Workers Safety Director, declared that a cooperative campaign launched last year to reduce the roof-fall toll was a failure. He added that a hard-hitting campaign would be launched in 1956 on a different basis.

Official Indicates Negroes May Desert Dems

NASHVILLE, Tenn. (AP)—Gloster B. Current, director of branches for the National Assn. for the Advancement of Colored People, yesterday said there are indications that Negroes will desert the Democratic party this year in large numbers.

* * *

He made the prediction in a speech to about 300 members of the Nashville NAACP opening their 1956 membership campaign.

"May those who want civil rights legislation adopted expect Sen. James O. Eastland (D-Miss), chairman of the Senate Judiciary Committee, to cooperate to push legislation through his committee?" Current asked.

Dublin Students Steal Painting

London Gallery Raided in Bold Attempt to Give Piece to Eire

LONDON (AP) — Dublin students who stole a $28,000 painting from London's Tate Gallery threatened today to give it to the Irish people whether their government likes it or not.

* * *

The National Students Council of Dublin has openly accepted blame for the theft of the painting, Titled "Summer Day," it is by the French impressionist Bernie Morisot.

An official of the student council told newsmen, "The men who took the painting last Thursday are clear and away from the British police cordon. We are quite certain it will reach Ireland."

* * *

"It is intended to present this masterpiece to its rightful owners, the Irish people," he declared.

TO REFUSE ACCEPTANCE

Both the national government and Dublin officials have declared the painting will be sent back to Tate if it shows up in Ireland.

The painting is one of 39 left to the gallery by Sir Hugh Lane, Irish art fancier who perished in the German torpedoing of the Lusitania in 1915.

* * *

In a codicil to his will, Sir Hugh directed that the paintings should eventually go to Dublin. But he failed to have the codicil witnessed and Tate got the entire collection.

* * *

"We feel," the student council official said, "that the final decision on this painting should be taken by the Irish people. We call upon them to express their views and to bring the pressure of public opinion to bear upon the government."

Brothers, Sisters Have Something to Cheer About

PASADENA, Calif. (AP)—The four Wopschall brothers and the four Thee sisters, who met in Mason City, Iowa, courted and married, were all together for a golden wedding anniversary yesterday.

* * *

The anniversary was that of Carl Wopschall, a former mayor of Pasadena, and Clara Thee Wopschall. She told about the four-way romance during an anniversary reception at St. James Methodist Church, where they were greeted by the minister who married them, the Rev. F. G. H. Stevens.

* * *

"We met in a church in Mason City," she said. "And we all began courting. Emiel and Anna were married there and then they went to California.

"My sister Martha and I came out here a few weeks later. The brothers were already here and every time I went to see Anna, I kept meeting Carl. Things just worked out."

* * *

Then Martha became engaged to Otto and Emanuel and Hulda were married next.

Emiel and Anna will observe their 55th anniversary in November. Otto and Martha will have their 50th anniversary June 2, a day before Emanuel and Hulda celebrate their 48th. They all live in this area.

Dingell Pushes Bill to Admit Refugees

WASHINGTON (AP)—Rep. Dingell (D-Mich) says he is introducing a bill to extend through 1960 the program to admit refugees into the United States.

* * *

Under present law, authorization for such special admissions ends Dec. 31, 1956. Dingell said "it appears necessary to lengthen the life of the program and to facilitate its administration."

* * *

State Department officers acknowledged admissions will fall short of the 209,000 contemplated in the present three-year authorization. Dingell said his bill would salvage 40,000 visa authorizations that otherwise would go unused and would authorize 15,000 more.

* * *

He said it also would modify the present ban on tuberculosis sufferers by allowing those who are members of an eligible family group and do not present a public health menace to be admitted.

In Memoriam 2

IN LOVING MEMORY OF OUR husband and father, James Paramo, who passed away a year ago today, April 16, 1955.
His smiling way and pleasant face
are a pleasure to recall
He had a kindly word for each,
and died beloved by all.
Some day we hope to meet him,
Some day, we know not when,
To clasp his hand in his better land, never to part again.
Sadly missed by wife, Lupe, and children.

Breakup Means Change in Show

Thomas May Become Widower or Else Find New Spouse

By BOB THOMAS

HOLLYWOOD (AP) — Two comedians are losing their TV wives this season. Nanette Fabray is shedding Sid Caesar, and now Jean Hagen has announced her split with Danny Thomas.

* * *

Of the two "divorces" the Thomas-Hagen one seems more serious. While Fabray is a great asset to "Caesar's Hour," her skits are played strictly for laughs and there is little continuity from one show to the next. Besides, she was preceded by Imogene Coca as Caesar's "wife."

MORE REALISTIC

It's different with "Make Room for Daddy." The family relationship is more realistic, and Jean has been Danny's only spouse.

But the actress has determined to abandon her TV husband and kids, despite the handsome pay she draws.

* * *

"The loot is wonderful," she admitted. "And I have loved doing the show. But three years is long enough. I want a chance to do different things.

* * *

"In a few of the shows I've been able to do some departures. But I've still been playing the same character. The only real thrill I get out of acting is doing a variety of roles. Otherwise I'd just as soon be working in a shoe factory."

NO FRICTION

Jean said she had come to her decision several months ago, but had been asked by ABC to withhold it until plans for next season were settled. Gossips predicted there might be friction between her and Danny because of her desire to leave. She indicated such is not the case.

* * *

"Danny understands my reasons," she remarked. "When we finished our last show, we had a little celebration which he called 'Jean's quitting party.'"

* * *

Having done the last of 90 films for the show, she is turning to other matters. Her first assignment is playing Mrs. Lou Gehrig opposite Wendell Corey on "Climax" next Thursday. She plans a return to films. The only one she was able to do in the past three years was "The Big Knife," in which she played a philandering wife.

How will they explain her absence on "Make Room for Daddy?" The show has been renewed for next year.

Jean doesn't know. There have been plans to kill her off and portray Danny as a widower rearing two children. Or Danny might be supplied with a new wife. It's quite a problem.

The rising cost of living seems to be leveling off in Mexico, observers say.

Murder Hearing Opens in West

'Most Baffling Case' Sees Asphalt Salesman Cited as Defendant

SULPHUR, Okla. (AP) — The murder trial of David Fred Hagler Jr., former $23,000-a-year asphalt salesman, was due to open today, bringing to a climax one of the most baffling cases ever encountered by Oklahoma authorities.

* * *

On Oct. 10, 1954, the charred corpse of a still unidentified man was found in the burning station wagon of Hagler's former wife on a lonely road near the mountain town of Davis, Okla.

"BLACKED OUT"

For a time it was believed the body was that of Hagler. However, the 39-year-old self-admitted playboy turned up a few days later at Waco, Tex. He claimed he had been on a drinking spree and had "blacked out." He denied any knowledge of the crime.

* * *

State prosecutors decided not to ask for the death penalty. They conceded their case against Hagler was purely circumstantial.

INSURANCE PLOT

But, Murray County Atty. Dixie Colbert and Owen J. Watts, assistant state attorney general, believe they can prove an insurance plot and circumstances leading up to the murder — all involving Hagler. They said they will try for a life term conviction.

The only clues to the mysterious case were a general description of the victim's size and a dental bridge, believed to have been constructed in Germany.

FRIEND SPEAKS

A business associate of Hagler, Frank St. Claire of Dallas, told Oklahoma authorities a month afte rthe body was found that the slaying was the aftermath of a conspiracy to collect $200,000 in an insurance swindle. St. Claire said he and Hagler hoped to pass the body off as Hagler's and collect the insurance, while the Fort Worth man lived under an assumed identity.

* * *

Less than a month after that, Dec. 9, 1954, St. Claire killed himself in the garage of his home.

Teacher Faces Trial in Murder of Wife

CHEYENNE, Wyo. (AP) — James Alexander, 48-year-old former Casper, Wyo., schoolteacher accused of slaying his second wife, comes to trial in District Court today.

* * *

Alexander has pleaded innocent to a first-degree murder charge in the death of 24-year-old Barbara Alexander.

Barbara's body was unearthed from the cellar of a Casper home last Dec. 6. She disappeared in July 1953.

Alexander's first and present wife, 40-year-old Rose, also has been charged with first-degree murder. Her trial is scheduled to start May 7.

Alexander was married to Rose 15 years before he divorced her and married Barbara a week later. Rose and he were married again early this year after they had been accused. Both were free on bond.

Fire Ravages Resort at Harbor Springs

PETOSKEY (AP) — The roaring Brook Inn, a popular summer resort at nearby Harbor Springs, burned to the ground early today.

There were no injuries, but Earl Juillete, chief of the local volunteer fire department, estimated the damages at up to $250,000.

The hotel, a three-story frame structure built nearly 70 years ago, had been unoccupied since the close of the tourist season last fall. It had been completely renovated only a few years ago.

Local Teachers Hear Speakers at Music Fair

The 50th anniversary national conference and music fair of the Music Educators National Conference in St. Louis, Mo., opened with "great fanfare," Friday comes word from George A. Putnam, director of secondary music in the Pontiac schools.

Putnam, along with Mrs. Doreen Voltmann, Pontiac High School instructor and William Coffing, Madison Junior High instructor, made the trip to the convention.

"One of the first on a list of distinguished speakers, Howard Hansen, presented a moving speech on 'The Next 50 Years' at the morning conference breakfast," Putnam reports.

Phyllis Smith, Pontiac High School senior is scheduled to sing with 16 other Michigan students in a National Golden Anniversary Chorus today in St. Louis.

Musical features included in the six day program are a demonstration and performance by jazz musician Dave Brubeck, a barber shop quartette and a concert by the Wichita Symphony in a premier performance of Hindemith's "Canticle to Hope," Putnam said.

Benton Harbor Hit on Segregation Rules

DETROIT (AP)—Thurgood Marshall of New York, special counsel for the NAACP, in a speech here last night criticised what he termed racial restrictions in Detroit and Benton Harbor.

* * *

Marshall spoke at a $100 a plate "Fight for Freedom" dinner given by the Detroit Branch of the NAACP.

"Here in Detroit," he said, "you may have mixed schools, but you also have some of the darndest residential segregation of any city in the country. Your workers, thanks to the labor unions, work side by side, white and black, eight hours a day but the other 16 hours they live in segregated districts."

* * *

"Don't worry about the south," Marshall said, "worry about Benton Harbor, where even at this late date they draw little school district lines to get segregated schools. This is not just a Southern problem, it's a national problem."

Pastimes for Princess: Her Knitting, Petitpoint

By EARL WILSON

MONTE CARLO — One hour after I landed here for The Greatest Wedding Ever, I came upon a big—in fact, a whopping—exclusive story.

Grace Kelly just adores to knit.

And also embroider. Petitpoint, you know.

So I say without fear of contradiction—since Grace'll be too busy to contradict anybody for a while—that Her Serene Highness will soon be presenting Prince Rainier with some socks she's lovingly knitted for His Serene Highness.

GRACE KELLY

"You don't expect to see Grace Kelly knitting, but she's always got her knitting with her," swore a New York news source of mine whom I chanced to meet at the second roulette table to the right just inside the Casino.

"And," added this news source of mine, an attractive blonde friend of Grace's, "she's always embroidering little glasses-cases for herself and friends."

Speaking of glasses — the kind you wear—Prince Rainier may have a Napoleon uniform, but he's going to be just another Seeing-Eye Dog for a near-sighted wife.

The Princess'll settle down with anywhere from three to six pairs of glasses. She only recently spurned contact lenses — again.

"I'm always waving at somebody who isn't waving at me and not waving at somebody who is waving at me," Grace told me not long ago.

★ ★ ★ ★

"I decided people'd prefer me wearing glasses to squinting."

But there'll be times when she won't, and the Prince'll go through life saying things like "You just snubbed the Duke of Kent," or "Wave to the Duchess of Marlborough."

Folks here are worried about how much Grace the homebody'll be able to do about fixing up the Prine's palatial shack.

When she moved into the New York 5th Avenue apartment which she's keeping (leading to the belief she'll be back in the movies), she glided worriedly through it.

"I need a drainer for the dishes, some potholders, some cookie jars," she murmured domestically.

And now she's going to be mistress of 220 rooms.

★ ★ ★ ★

Grace's best friends are gathering, and they don't like the kidding this wedding's getting as a kind of a "matrimonial spectacular." Grace never posed for cheesecake pictures . . . never trampled on other people's necks . . . just 'tended to her knitting and Got There.

THE MIDNIGHT EARL . . .

Ex-boxer Mickey Walker threatens to sue the circus 'cause an elephant busted a window in his cafe nearby . . . Fess Parker used some of his "Davy Crockett" loot to buy a ranch in Texas . . . Pat ("Mr. Wonderful") Marshall, who has three kids of her own, adopted two more—one Navajo, one Finnish (via the Foster Parent Plan).

Ed Wynn, the comic, is talking about a new TV'er . . . Shirley Jones is flying to Europe (for four days) for the "Carousel" premiere.

Earl's Pearls . . . A prosperous nation's major worries are how to diet and where to park.—Chris Schenkel.

Confident Adlai 'Intends to Win'

Sees Nomination on 1st Ballot at Convention in Chicago

SOUTHERN PINES, N.C. (AP) — Adlai Stevenson says he intends to win the Democratic presidential nomination on the first ballot. He is visiting at his sister's home here resting and working on speeches. He will remain though Wednesday.

An interviewer asked him yesterday whether it would be safe to say that he going to win on the fist ballot at the Chicago convention. He replied:

"That's just what we intend to do."

He also predicted he will win the Democratic preference primary in Florida May 29. He and his opponent, Sen. Estes Kefauver of Tennessee ended a swing through Florida Saturday.

* * *

Stevenson plans a private gathering with North Carolina political leaders today.

On arrival yesterday in his private plane, he was met by about 25 persons, many of them members of the Moore County Stevenson for President Club.

* * *

"I'm awfully glad to be here, and I'm looking forward to a good rest," the former Illinois governor said. He was prepared to spend most of his time relaxing and working on campaign speeches.

Voodoo Defies Medicine

Aussie Boy Curse Victim

DARWIN, Australia (AP)—Charlie Lya Wulumu, 19-year-old aborigine victim of a tribal "death singing" rite, perked up a bit today. He called for food and water for the first time since he was placed in an iron lung at Darwin Hospital five days ago.

* * *

But Charlie almost choked when he tried to drink. Doctors think the youth's belief that nothing can save his life subconsciously prevented him from swallowing.

SANG DEATH SONG

A tribal elder and a group of aborigine women were believed to have sung Charlie's death song at Yirrkalla Methodist mission in northeast Arnhem Land nearly two weeks ago. They were said to have acted on instructions from Wulumu's mother-in-law. Her motives were not clear.

The women hid Charlie's spear and woomera (throwing stick) in a hollow log just before the singing ceremony. When Charlie found the missing weapons in the log he began to feel ill. He was flown to Darwin Hospital Tuesday and the following day had to be placed in an iron lung.

Hospital authorities said Charlie was a little better today, but he is still on the critical list.

He is able to breathe without the iron lung for periods up to 15 minutes.

* * *

Although the youth has some polio symptoms, spinal tests showed nothing.

Announce New Way To Shrink Painful Piles

Science Finds Healing Substance That Does Both—Relieves Pain—Shrinks Hemorrhoids

New York, N. Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids and to relieve pain—without surgery.

In one hemorrhoid case after another, "very striking improvement" was reported and verified by doctors' observations.

Pain was relieved promptly. And, while gently relieving pain, actual reduction or retraction (shrinking) took place.

And most amazing of all—this improvement was maintained in cases where doctors' observations were continued over a period of many months!

In fact, results were so thorough that sufferers were able to make such astonishing statements as "Piles have ceased to be a problem!" And among these sufferers were a very wide variety of hemorrhoid conditions, some of 10 to 20 years' standing.

All this, without the use of narcotics, anesthetics or astringents of any kind. The secret is a new healing substance (Bio-Dyne*)—the discovery of a world-famous research institution. Already, Bio-Dyne is in wide use for healing injured tissue on all parts of the body.

This new healing substance is offered in *suppository or ointment form* called *Preparation H.** Ask for individually sealed convenient Preparation H suppositories or Preparation H ointment with special applicator. Preparation H is sold at all drugstores. Satisfaction guaranteed or money refunded.

DAR Office Aspirants Begin 'Battling It Out'

WASHINGTON (AP) —The campaigns of three aspirants for president general gave the air of a political convention today to the annual meeting of the Daughters of the American Revolution.

* * *

At least 5,000 delegates are expected for the 65th Continental Congress, which opens tonight.

Heading the tickets for president general are Mrs. Charles Carroll Haig, Washington; Mrs. Frederic A. Groves, Cape Girardeau, Mo.; and Mrs. Thomas Henry Lee, Philadelphia.

Each of the women has a full slate of 11 associate candidates.

* * *

DAR rules prohibit campaigning around Constitution Hall, the site of the congress, so all three have set up headquarters in suites at the same hotel. They have been holding open house daily for several days.
