U.S. Asking Arms Blockade Against Guatemala

Mendes-France Promises Indo Peace

Governor's Guest Entertains Children

AP Wirephoto

ADLAI SIGNS AUTOGRAPHS—An overnight guest of Gov. Williams at the executive mansion in Lansing, Adlai E. Stevenson signs autographs for the governor's children. With him, from left to right, are Nancy, 11; Gerry, 14, and Wendy, 8.

Sets Deadline of Month to End Indochina War

Candidate for Premier Would Quit if Goal Not Reached by July 20

PARIS (AP) — Pierre Mendes-France told the French National Assembly today that if he is voted in as France's new premier, he will offer his resignation if he has not achieved peace in Indochina before July 20.

Mendes-France spoke before a packed chamber. He was turned down by 13 votes in a similar bid a year ago but he said he believed many who had voted against him then or abstained might support him now because of "coming together of views."

After Mendes-France finished his speech, a number of deputies were expected to ask specific questions on his proposed policies. This may take until late tonight.

Mendes-France has announced that after all these questions have been asked, he will ask for a recess until tomorrow when he will give his answer. The vote is not expected before late tomorrow night.

If confirmed, he would become France's 14th premier in the 10 years since liberation, head of the nation's 20th Cabinet.

He said he was offering the deputies a contract. He asserted he would offer his resignation if he failed in any one of the three stages that he had suggested but that Parliament would have to agree to leave him free to work on his projects.

"If the conflict in Indochina is not settled — and settled very quickly—it is the risk of war, of an international war and perhaps an atomic war — that must be envisaged," he said.

"France does not have to accept and will not accept conditions for settlement which would be in conflict with its most vital interests. France will remain in the Far East. Neither our Allies, nor our enemies must harbor the least doubt on the meaning of our determination."

He told the Assembly he had studied the files on Indochina at length and had talked with diplomatic and military experts.

"My conviction has been confirmed that a peaceful settlement is possible."

Mendes-France did not, however, outline any precise plan for achieving peace or explain how he would change the policies of the government of Premier Joseph Laniel and Foreign Minister Georges Bidault.

May Be Governor's Bride

AP Wirephoto

REPORT FROM CALIFORNIA — Newspapers in Los Angeles today reported that Mrs. Virginia Carlson (above), 35, a Los Angeles war widow, will marry Gov. William Knight, probably in July. Both the California governor, whose wife died in 1952, and Mrs. Carlson, declined to deny or confirm the report.

Nation Seeking Right to Seize Munitions Ships

Plan Aimed at Isolating Central American Reds From European Aid

WASHINGTON (AP)—Informed officials said today the United States is asking Western European shipping nations to help stop any further arms shipments to Red-tinged Guatemala.

Officials also want permission to allow American warships to stop vessels on the high seas and seize any Guatemalan arms cargo.

Seizures on the high seas would be used only as a last resort in the event that a shipment slipped through a greatly strengthened port embargo system.

Britain, however, has balked at this, preferring to police her own vessels at sea.

The American request to Western Europeans is designed to dovetail with plans being drawn up for discussion at an expected conference of American foreign ministers on steps to quarantine Guatemala. The conference is slated to be held at Montevideo.

The United States is preparing to call for the conference where the 21 American nations are reported ready to do two main things to check Guatemalan communism:

1. Agree to the right of search and seizure of ships on the high seas to stop any more shipments of arms to Guatemala. This would apply mainly to ships plying the Caribean where the U.S. Navy is already carrying out a surveillance operation.

2. Set up a five-nation watchdog commission to enforce this right and check on Communist activities in Guatemala.

In response to inquiries, a State Department spokesman said the United States is consulting with a number of free world nations to prevent any further arms shipments to Guatemala.

Informed officials said the United States is seeking agreement from the Western European shipping nations on these three main points:

1. Blocking shipments of arms to Guatemala from their countries on ships of their own nationalities.

2. Blocking shipments from their ports on vessels of any country.

2. In the event a clandestine shipment is made on a Western European flag vessel, ordering the ship to put into the nearest American-controlled port where the cargo can be taken off. Should the ship's owner refuse to send such an order, U. S. warships would then have the power to intercept the vessel on the high seas, bring her into port and take off the arms cargo.

Rebels Reported Set for Assault

Guatemala Ambassador Calls Upon Honduras to Halt Exiles

TEGUCIGALPA, Honduras (AP)—Guatemala called on Honduras last night to stop reported massing on the border for an assault against President Jacobo Arbenz Guzman's Communist - influenced regime.

The appeal was made by Guatemalan Ambassador Amadeo Chinchilla to Honduran Foreign Minister J. Edgardo Valenzuela.

Reports here and in other Central American nations indicated a showdown might be imminent between the Arbenz government and its anti-Communist opposition at home and abroad.

"We have reports that well-equipped soldiers carrying guns are being flown and driven by car to points near our border," Chinchilla told newsmen. "They are being flown in chartered planes."

The Guatemalan envoy said Valenzuela had given him assurances that Honduras "will prevent any incidents at the border and has given orders for seizure of any arms there."

Reports here and abroad indicated the anti-Arbenz forces were pushing their preparations for a try at unseating the Guatemalan regime. Among these were:

1. Dispatches from Belize, British Honduras, quoted Guatemalan exile sources there as saying anti-Communist parachute troops already have been dropped into Guatemala. The sources gave no details.

2. Usually reliable sources here said Guatemalan exiles are being airlifted to points near the border. The sources also said a well-armed boat left the Honduran port of La Ceiba yesterday, apparently for a strike at Puerto Barrios in Guatemala.

3. A close aide to Carlos Castillo Armas, head of the Guatemalan exile movement here, claimed 5,000

Adlai Sees Good Chances for Democratic Win in '54

LANSING (AP) — Adlai Stevenson said today his trips around the country have convinced him the outlook for Democratic control of Congress in the 1954 election is "very good."

At a press conference in Gov. G. Mennen Williams' office, Stevenson said this outlook was especially bright in the South and East but that he had not visited the Western states recently enough to make predictions there.

"I imagine we will win the House and I think we have very good prospects of winning the Senate," he said.

The 1952 Democratic presidential candidate said he found many regional political issues exciting the people but everywhere "the more basic feeling of apprehension about the international situation."

The Tennessee Valley Authority's future in the Middle South, agriculture prices, the condition of the economy and employment and "the feeling of an inadequate and indecisive leadership, especially in foreign affairs," are other issues interesting the people, he said.

Asked about his prospects for 1956, Stevenson cracked:

"I hope good health and continued prosperity."

He rejected a direct question as to whether he would be a candidate again for the presidency.

He largely declined to discuss specific domestic and international questions.

The former Illinois governor will speak at a box luncheon this after-

Is Oppenheimer a Security Risk?

New facts are coming out about Dr. Oppenheimer and his fitness to play a leading role in the country's defense program. Read David Lawrence's interesting and revealing comment on today's editorial page.

Jury Uncertain of Lebron Fate

To Restudy Verdict for Puerto Rican Woman; 3 Others Guilty

WASHINGTON (AP) —Mrs. Lolita Lebron waited alone as the sole subject of jury deliberations today on the fanatical shooting in the House of Representatives March 1.

A federal jury of seven men and five women, behind closed doors for 9 hours, emerged late last night with verdicts of guilty on all 10 counts of assault lodged against her three male associates:

Rafael Cancel Miranda, 25, Andres Figueroa Cordero, 29, and Irving Flores Rodriguez, 28.

The 34-year-old Mrs. Lebron, already convicted along with the three men on five counts of assault with a dangerous weapon, whispered when she heard the verdict:

"I don't see why they don't convict me too."

With five charges of assault with intent to kill still outstanding against the woman defendant, U.S. Dist. Judge Alexander Holtzoff sent the jury home for the night and told them to return today to pass final judgment.

Mrs. Lebron's fellow Puerto Ricans gave no show of emotion upon hearing the verdict, which carries a maximum penalty of 75 years in prison. But soon afterwards Cancel and Cordero chatted and smiled, and Flores, although not smiling, joined briefly in the conversation.

All four admit to opening up with wild pistol fire from the House gallery. Five congressmen were wounded. But the Puerto Rican Nationalists say they meant to kill or harm no one, their only aim being to dramatize their demand for Puerto Rican independence.

Under the law, each defendant could possibly receive a sentence of up to 10 years apiece on each of the weapons counts and 15 years apiece on each of the intent-to-kill counts, or a maximum of 125 years.

Takes Extension Post

EAST LANSING (UP)—Richard W. Bell, Michigan State College extension expert, today was named as acting leader of the agricultural programs of the Michigan Cooperative Extension Service.

Mengert Leads in National Open

Young New York Pro Finishes First Round 1 Stroke Above Par

SPRINGFIELD, N. J. (INS) — Twenty-four-year-old Al Mengert, a transplanted Californian now registered from Mamaroneck, N. Y., led early first-round finishers in the National Open Golf Tournament today with a 33-38—71.

A double-bogey seven on the 17th hole forced the young professional's score one stroke above par as the early birds discovered the sunbathed Baltusrol course to be a stiff challenge.

Leland Gibson of Kansas City took a 36-36—72—par before the United States Golf Association chipped two strokes off the front nine for championship purposes.

Shelley Mayfield, 29-year-old Seguin, Tex. pro, had a first-nine 32. Bob Toski, one of the strong tournament dark horses, had a par 34, while Bobby Locuk of South Africa turned in a 35 as did Masters champion Sam Snead.

Johnny Weitzel of Hershey, Pa., furnished an early gallery thrill with a hole-in-one on the 190-yard, par-three 12th. He remained two over par through 13, however.

A field of 162 teed off in the start of a three-day battle against man, nature and the pressure of the open, golf's biggest prestige event.

Start of Open

REX BAXTER JR.

Youngest to compete in the 54th National Open Golf championship, Rex B. Baxter Jr., 18, of Amarillo, Tex., tees off in first threesome in today's opening round at Springfield, N. J. Baxter is a business student at the University of Houston.

Golfer Injures Wife in Lesson Accident

DETROIT (INS) — A 27-year-old novice golfer critically injured his wife last night when he accidentally struck her with a golf club he was showing her how to use.

Frank Kurowski of Inkster, a plant guard at the Cadillac Motor Division, had a day off yesterday and he bought an expensive set of matched golf clubs.

At home, Kurowski and his wife, Delores, 24, took the clubs to their back yard and Delores asked to be shown how to play. Kurowski swung one of the clubs, but his wife had stepped too close. The club hit her in the forehead and fractured her skull.

Mrs. Kurowski is in critical condition at Wayne County General Hospital, but doctors said she would recover.

Scattered Thundershowers to Cool Air by Friday Night

A late afternoon thunderstorm came to the rescue of residents panting yesterday under the ninth day of at least 88-degree weather, and more cooling downpours are expected to give some relief from the heat wave by Saturday.

The Pontiac area received only .16 inch of rain, but the storm hit the Romeo area harder. Power lines were down for five hours in some spots there, and telephone service was knocked out for 30 minutes.

The U. S. Weather Bureau forecasts another warm, humid day today and Friday, with scattered thundershowers Friday. The low tonight will be 68 to 72 degrees, with a high Friday of 86 to 90.

Cooler temperatures are forecast for Saturday, with a high of about 84 degrees.

Yesterday did not reach the expected high of 90, but a sticky 88 was recorded. The low was 68 degrees. This continues the heat which began June 8. Since then four days have seen the mercury hit the 90-degree mark, and one record has been set.

The record was established Tuesday when the mercury rose to 92 degrees, an all - time high for June 15.

Southerly winds of 10 to 15 miles per hour are scheduled to breeze in Friday. The low temperature preceding 8 a.m. today was 69. The mercury rose to 71 by 8 a.m. and to 81 by 2 p.m. in downtown Pontiac.

Bidault Trying to Save Parley

Foreign Minister Talks With Other Diplomats to Salvage Meeting

GENEVA (AP)—French Foreign Minister Georges Bidault plunged into a series of high level diplomatic talks today in an effort to save the Indochina peace talks from collapse.

Both British Foreign Secretary Anthony Eden and U.S. Under Secretary of State Walter Bedell Smith were reported considering leaving Geneva this weekend. French sources said, however, they had agreed the Indochina talks should not be suspended or broken off completely.

The British and American leaders had dinner with Bidault last night and discussed this question at length. They met again today to try to firm up plans which would satisfy Bidault and still permit the top diplomats to get away from Geneva.

Informed quarters said they probably would agree on some sort of standby group to remain here indefinitely while talks continue between military representatives of the high commands of the rival forces.

Bidault met this morning with representatives of the three Associated States of Indochina — Viet Nam, Laos and Cambodia—and with Soviet Foreign Minister Vyacheslav M. Molotov and Red China's Chou En-lai.

Bidault's talk with Chou was the first publicly announced meeting between the two.

France, like the United States, has not recognized the Peiping regime. Usually reliable sources said yesterday they believed Chou's new proposals for a cease-fire in Laos were a step forward, but indicated clarification was needed.

Reds Send Ambassador

LONDON (AP) — Moscow radio said today A. N. Abramov, Soviet minister to Israel, will become his nation's first ambassador to that Middle East republic.

Feel Quake in Aleutians

WESTON, Mass. (AP)—The Boston College seismograph station reported today it recorded a "strong" earthquake last night at 9:51:38 (EDT). The Rev. Francis Donahue, S.J., said the disturbance took place about 3,900 miles northwest of Boston, probably in the Aleutian Islands.

Dondero States Seaway to Bring New Era Here

Construction of the St. Lawrence Seaway will open "a new era of economic development and expansion" in the Great Lakes Region, Congressman George A. Dondero told 300 persons last night in Elks Temple.

He said the seaway will permit manufacturers in the region to ship products more cheaply and compete more fully in world markets.

The Royal Oak Republican also denounced worldwide communism in an address given in observance of Flag Day, celebrated nationally Monday.

"World wide communism constitutes the greatest threat in modern times to our country," said Dondero. "For nearly a generation now, vigilance . . . has been more necessary than ever before . . . and this country has borne a heavy burden."

He pointed out that the sea route linking the Great Lakes Region with the Atlantic Ocean would play a vital role in the defense of the United States and Canada.

With high grade iron ore reserves running low, the seaway will be necessary to transport the ore from rich deposits in the wilds of Labrador and Quebec.

"That ore can be brought to our steel industry, using the same facilities now used in bringing ore down the lakes through the locks at the Soo," Dondero explained.

He said the seaway will directly benefit the entire Midwest, espe-

Political Wrangling Stalls McCarthy-Army Hearing

WASHINGTON (AP) — The McCarthy-Army hearings fell into political wrangling today with Sen. McClellan accusing the Republican administration of "lack of capacity" to govern, and Sen. McCarthy predicting the Democrats will "suffer and bleed" for "promoting" the charges against him.

With other senators joining in, so much time was consumed that there were only brief interludes of questioning of McCarthy in the forenoon session of what was billed as the final day of hearings.

Nevertheless, Army Counsel Joseph N. Welch said at the luncheon recess he was "determined" the hearings will end "this day."

Welch, in his one main round of questioning McCarthy, went first into what relations the senator had with Mr. and Mrs. J. Myer Schine, wealthy parents of Pvt G. David Schine.

McCarthy said he had visited their homes in New York City and at a lake at Gloversville, N. Y. McCarthy said, however, he had "very little close relationships" with Schine's family.

He recalled that at one occasion he spent the weekend at the Schine place at Gloversville. Roy M. Cohn, chief counsel to the McCarthy subcommittee, also was present, McCarthy said.

Welch asked what they did during that weekend.

McCarthy said they had worked on committee business and that he had taken the opportunity to get some rest.

Welch suggested it was shortly after this that Schine began his efforts, which were unsuccessful, to get a commission as an Army officer.

McCarthy did not connect the two in relation to time. He insisted

Favorable Bids Submitted for Proposed Fire Station; Acceptance Due Monday

From Our Birmingham Bureau

BIRMINGHAM — "A favorable price" and "good bidders" were some of the comments by city officials who received bids on the $95,000 west-side fire station yesterday afternoon.

Assistant City Manager Jack Walker said the contract will probably be let at Monday's City Commission meeting.

A low bid of $69,317.50 was made by E. J. Swink, which was followed by Chissus Construction Co.'s bid of $75,600. The third lowest bidder was Kepler Puite, who submitted a figure of $79,275.

The stamp of approval placed on a $225,000 bond issue last April for two new stations ended a two-year struggle to obtain more adequate fire-fighting facilities for fast-growing Birmingham.

In 1952, voters turned down a $350,000 bond proposal for one station.

To be located at Maple Ave. and Chesterfield Rd., the west-side station will be started within a month after contracts are let, Walker said, with construction to be completed within four months.

Final plans for the city's main fire hall, a $130,000 building, to be built at Adams Rd. and Bowers St., are near completion by the architect, Walker said.

Leaving its mark almost a month earlier than last year, the tree-killing Dutch elm disease has attacked its first tree here this year, City Forester William Lebold said Wednesday.

He said some 20 other suspect trees have been sampled. Results from tests at the State Department of Agriculture have not yet been returned.

The latest case was discovered at 450 Tooting Lane, a new area hit by the bark-boring beetle which infects sap streams with the disease. The infection may spread easily to other trees within a quarter-mile radius.

"I strongly urge residents to have the July DDT spray, particularly if they did not have a spring spray or if they live east of Adams road, where the majority of our cases in the past have been found," Lebold said.

The Department of Agriculture believes spring and July sprayings are adequate protection against the disease.

Last year, 26 elm trees were destroyed by the disease. The year before, when the disease first struck here, only one tree died.

Mark Orlich, Highland Park's deputy director of civil defense and a Highland Park policeman, spoke before 21 men in the city's new civil defense auxiliary police department this week.

Orlich will continue his instruction in traffic directions at the June 29 meeting, Police Chief Ralph W. Moxley said. The training program will continue until the men "have some notion of what is expected of them," Moxley said.

This is one of the first departments to organize within the city's re-activated civil defense program.

* * *

In a progress report presented this week to the Birmingham - Bloomfield - Franklin Council on Community Services, tentative recommendations regarding recreational facilities and needs for curbing youthful rowdyism, were accepted in general.

The nine-member committee set up to study the problem was asked to make further revisions and perhaps refine its recommendations, Charles B. Kass, temporary chairman, said today. He said the final report should be approved at the next meeting, as yet unscheduled.

In addition, a slate of officers was proposed for presentation to the council next September. These include: Charles B. Kass, president; Mrs. Martin L. Butzel, vice president; Mrs. Harvey B. Greene, secretary; Paul D. Carter, treasurer. Names of 23 board members will also be presented in September.

The appointment of Shan Rosso as organist and choir director of the Congregational Church has been announced. He will assume his duties in July. Rosso has held similar positions for the past 31 years, and for the past 4 years had been at Kirk in the Hills Presbyterian Church.

* * *

New fluorescent lights have been installed in Baldwin Library's easy room and reference room, as well as over the stack area, Librarian Jeanne Lloyd has announced.

"This completes the third step in re-lighting the library and gives a much brighter, newer look," Miss Lloyd said. The job is now completed except for the main reading room on the first floor, she added.

* * *

Birmingham Business Women's Club will travel to the Rotunda Inn tonight for a dinner at 7. Serving on the June committee are Audrey Kemp and Dorothy Pettit.

* * *

Registrations will still be taken from 3:30 to 5 p. m. tomorrow for the Vacation Church School at the First Methodist Church. Youngsters between the ages of 4 and 11 are welcome to attend the school, Monday through July 1.

Classes will be from 9:30 a. m. to noon each weekday, with this year's theme, "The Church."

* * *

With games in the local YMCA Softball League getting under way last week, Michigan Bell split its two games, beating Electronics Service 7-3 and losing to Goebels by a score of 8-4. Electronics won a second game, this one a 10-4 win over Reeves Service Station. The latter came back to defeat Detroit Edison 11-6.

* * *

Activities for the coming year will be planned at a meeting called by the Prudential Committee of the Congregational Church for 8 tonight at the church. All boards, committees, fellowships and interest groups are urged to attend.

* * *

City Manager Donald C. Egbert was instructed by the City Commission this week to make further negotiations with John Rosso over the sale of a portion of Rosso's property lying west of the Rouge River, a part of assessor's plat No. 12.

He will also confer with property owners in the area, who had previously expressed a desire to purchase the land.

Rosso has stated he will sell the property for $15,000. The city's appraisal price was far below that sum, Egbert said.

Rosso was enjoined last year from using a right-of-way through the park that lies between Hawthorne road and his property, upon the complaint of residents.

Stevenson Visiting Birmingham Today

(Continued From Page One)

noon at the farm of Le Roy Lang near Davison. The "farm problem" was expected to be the theme of this gathering.

The ex-presidential candidate then will dash by auto to Birmingham where he is to be the guest of honor at a reception at the home of Ben Goldstein. A member of the 1952 "Volunteers for Stevenson" which is sponsoring the gathering. Then he will go into Detroit for an 8 p.m. reception and talk at the Masonic Temple.

Stevenson's visit to Michigan was marred by a rhubarb over the Birmingham visit. Oakland County Democrats, notably Willis M. Brewer, county Democratic chairman, were mad because they felt they were snubbed by Neil Staebler, Democratic state chairman, in arranging the affair outside normal party channels.

Brewer said he had declined an invitation to attend because "the rank and file of Oakland County Democrats are not invited." He said only about 50 persons had been invited to the Goldstein reception.

A spokesman for the governor's office said Brewer's blast was the result of a misunderstanding.

The affair at Birmingham is sponsored by the 'Volunteers for Stevenson', which is largely a group of Detroit business and professional men," the spokesman said. "It just happened that the only one willing or able to make his home available for the reception was Mr. Goldstein and he happened to live in Oakland County. It is a Detroit affair, really, and not Oakland County's. Mr. Brewer simply misunderstood the basis of the affair."

Man Pulls Rescue Act, Gets Tagged by Police

MINNEAPOLIS (AP)—Carleton J. West Jr., 24, University of Minnesota law student, stopped his car on a Mississippi River bridge here Wednesday night and went to the rescue of a woman who had just leaped from the span.

West ran down the bank, pulled the woman from the water and applied artificial respiration until firemen and an ambulance arrived.

When the dripping rescuer returned to his car, he found it tagged for illegal parking on the bridge.

Accident Kills First Manager

Irving Brower Served Pontiac for Four Years From 1920

An auto accident has claimed the life of the first man to serve as Pontiac city manager under the city charter adopted in 1920.

Former city manager Irving Clinton Brower, 75, and his wife Mavis, 45, were killed and four others injured outside Cocoa, Fla. Monday.

Brower served from 1920 to 1924, coming to Pontiac when discharged from the Army following World War I. An active man, he often led the police and fire department personnel in early morning exercises during his tenure here.

The former president of the International City Manager's Assn. also served as manager of Lima, Ohio, Greensoboro, N. C.; and New Rochelle, N. Y.

During his career he was general manager of the Code Authority for the bituminous coal producers of eastern Ohio and Western Virginia, under part of the National Recovery Act in 1933.

He left New Rochelle about 10 years ago to retire in Orlando, Fla. According to accident witnesses, the Brower car skidded off the highway on wet pavement and struck another car when returning to the road.

Wrangling Stalls McCarthy Hearings

(Continued From Page One)

he took no part in efforts to get a commission for Schine and called Welch's questioning "a silly harangue."

Meanwhile, the senators discussed in sharp language the famed "chicken luncheon" of Feb. 24 in which Stevens made an agreement with GOP members of McCarthy's investigating subcommittee which was widely interpreted as a "surrender" by the secretary.

Symington disclosed that Stevens had been in consultation with Clifford, at the Missourian's suggestion, three days before the "chicken luncheon" and had had no contact with him afterward.

Mundt said he was "intrigued" at this disclosure because he made a trip to Valley Forge, Pa., with the secretary Feb. 22, and Stevens said nothing about having consulted Clifford.

It is McCarthy's contention that Clifford "pulled the strings" on the Army charges that the senator and his chief counsel, Roy M. Cohn, exerted improper pressure on Pentagon officials to force favored treatment for Pvt. G. David Schine.

During the Clifford hassle, Symington pointed out that the Democrats wanted the ex-Truman aide to testify under oath, but the Republicans refused to call him. Mundt defended the GOP action by asserting that to call Clifford would prolong the hearings.

Mundt suggested that Stevens' angry reaction after the "chicken luncheon" resulted in part from newspaper reports that McCarthy had boasted that Stevens had surrendered as abjectly as if he had "come crawling on his belly."

The South Dakotan pointed out that McCarthy had denied under oath that he made any such boast. He said he was glad McCarthy had done so, because any such brag would have been "unjust, unfair, unkind, uncouth, and untrue."

The "chicken luncheon" produced a "memo of understanding" in which Stevens agreed to rescind his order barring Army witnesses from testifying in McCarthy's probe of the case of the alleged "Fifth Amendment Communist," Maj. Irving Peress.

Pontiac Deaths

William A. Donovan

Funeral for William A. Donovan, 70, of 499 Omar St. will be Saturday at 2 p.m. from the Voorhees-Siple Chapel. The Rev. John Mulder, associate pastor at Central Methodist Church, will officiate and burial will be in Perry Mount Park Cemetery.

Mr. Donovan died early Wednesday morning.

Mrs. Laura Marshall

Funeral service for Mrs. Laura Marshall, 37, of 58 Chapman St., will be held Saturday at 2 p.m. from the Trinity Baptist Church of which she was a member. The Rev. Richard H. Dixon Jr., her pastor, will officiate. Burial will be in Oak Hill Cemetery.

The body will be taken to her home at 7 p.m. Friday.

Surviving are her mother, Mrs. Artie Rinkins; four sons and a daughter, Joel in the Air Force at Great Falls, Mont., Charles, Kenneth, Rose Lee and Alfred, all at home.

Also surviving are a brother and two sisters, A. C. Rinkins and Mrs. Johnnie Reynolds, both of Detroit, and Mrs. Theresa Marshall, of Pontiac.

Loretta Mays

Funeral for Loretta Mays, 17-months-old daughter of Clide and Luella Hyman Mays of 240 Harrison Ave. was held today at Frank Carruthers Funeral Home. The Rev. Charles Peoples, assistant pastor at New Bethel Baptist Church officiated, and burial was in Oak Hill Cemetery.

The baby was born in Pontiac Jan. 10, 1953 and died Tuesday in St. Joseph Mercy Hospital. She had been ill three months.

Besides her parents, brothers and sisters surviving are Maurice, Delores, Marie and Marlee all at home.

Mrs. Thomas Middleton

After an illness of one year, Mrs. Thomas (Carrie M.) Middleton, 78, of 207 Oliver St., died in Pontiac General Hospital at 6:30 Wednesday evening.

Born in Pierceton, Ind., June 28, 1875, she was the daughter of James H. and Elizabeth Green and the widow of Mr. Middleton.

Mrs. Middleton came to Pontiac from Indiana 58 years ago and was a member of the Central Methodist Church.

Surviving are seven daughters and a son, Mrs. Alberta Salisbury of Fort Wayne, Ind., Mrs. Lily Dicke of Churubusco, Ind., Mrs. Mary Rea of Detroit, Mrs. Alice Elsholz, Mrs. Gladys Conklin and Mrs. Frances Davis, all of Pontiac, Mrs. Thelma Wetterlund of Lake Bronson, Wis., and Thomas Middleton of Wolcottville, Ind.

Also surviving are nine grandchildren and nine great - grandchildren.

Funeral service will be held Saturday at 1 p.m. from the Donelson-Johns Funeral Home. Burial will follow in White Chapel Memorial Cemetery.

Paul S. Vangeloff

Graveside service was held today in Oak Hill Cemetery for Paul Stanley Vangeloff of 459 Orchard Lake Ave. Son of August and Mary E. Smith Vangeloff, the baby died at 11:15 a.m. Wednesday shortly after birth in St. Joseph Mercy Hospital.

Besides his parents he is survived by his grandparents, Mr. and Mrs. Clifford Smith of Pontiac; a sister and two brothers, Kathleen, Nicholas and Robert. Arrangements were by the Dudley H. Moore Funeral Home in Auburn Heights.

Kass Named to Board

BIRMINGHAM — Charles B. Kass was one of three men appointed to a board of inquiry Wednesday to investigate possible fire department negligence in a fire Monday in which three persons were killed. His name was incorrectly spelled in yesterday's Press.

Boy Treated for Bruises After Running Into Car

David Moreno, 8, of 24 Whitfield St., was treated for bruises at Pontiac General Hospital Wednesday after he ran into the side of a car on Chamberlain street, Pontiac Police said.

The driver, George McGill, 65, of 137 E. Iroquois Rd., said the boy ran from behind a parked truck.

Rebels Seen Near Guatemala Border

(Continued From Page One)

anti-Arbenz men stand ready along the frontiers of El Salvador and Honduras and "at least 50,000 supporters inside Guatemala will rise up to fight with us when the moment comes."

4. Castillo Armas, in a message to his Guatemalan "compatriots," said he would be with them "very shortly." The exile leader called on the Guatemalan people to prevent Arbenz and his aides from fleeing.

Chinchilla told newsmen it was rumored the Castillo Armas forces would "start fighting Friday."

A dispatch from Associated Press Correspondent Jack Rutledge in Guatemala, delayed five hours by the new strict censorship, reported last night that the capital city was quiet and international airlines had resumed normal service after a temporary government - ordered halt.

The eastern end of Long Island, near Montauk Point, once was important cattle country. As early as 1660 "cow - keepers" tended herds of grazing animals. From two to six thousand head ranged there until the end of the 1800's.

New Era Forecast With Seaway Project

(Continued From Page One)

cially highly industrialized cities such as Detroit and Pontiac.

"The Great Lakes region now produces 65 per cent of the nation's wealth," Dondero continued. "To maintain the industrial pre-eminence of the region and keep it pegged in the area, raw materials must continue to be made available at low cost. The seaway's actual construction will give industry this assurance."

He pointed out that small transports now use the St. Lawrence, but the enlarged route will bring bigger, 10,000 to 20,000-ton ships into the Great Lakes.

Citing the decrease in shipping costs with the use of larger ships, the congressman said the estimated savings on a carload of refrigerators shipped from the Detroit area to Europe would amount to $114. The savings on shipping an automobile to any Baltic port would be $22.

Dondero said the seaway might reduce living costs for persons in this region by cutting transportation costs of imported goods.

In denouncing communism, Dondero cited the many advantages of the American system of free enterprise.

He said the United States flag is a symbol of a free people.

The flag is 177 years old, he said, and the custom of honoring the flag's birthday is 65 years old.

Speaking directly to some 80 new citizens in the audience, Dondero said the constant stream of immigrants enriches the country and replenishes its strength.

The Flag Day program was sponsored by Pontiac Elks Lodge 810 and arrangements were handled by the lodge's Americanism committee headed by Lynn D. Allen.

Appoint Superintendent

BOYNE CITY (AP) — Theron H. Bray, 46, principal for the past two years, has been appointed superintendent of Boyne City Rural Agricultural School District by the board of trustees.

He succeeds Lawrence E. White who left to become superintendent in Allegan.

Recover Body of Man Who Drowned Oct. 18

FLINT (AP) — The body of Francis E. Thomas, 48, of 1103 Wyandotte, Royal Oak, who drowned last Oct. 18, was recovered from Lake Fenton today.

Identification was made by a billfold. Thomas drowned when he fell out of a boat.

New York GOP Wants Dewey

Won't Accept Rumors That Governor Will Quit State Politics

ALBANY, N.Y. (AP) — Republican leaders in the state today were reluctant to accept as final the increasing reports that Gov. Thomas E. Dewey had decided not to seek re-election next fall.

Although several high - ranking members of the party were fearful that the reports were true, it was understood that they felt Dewey could be persuaded to yield to party pressure to head the ticket once more.

* * *

One informed source said, however, that if Dewey announced his retirement from the office, it was unlikely that any amount of pressure would cause him to change his decision.

* * *

Three newspapers in the state yesterday published differing accounts of Dewey's political future. But all, attributing their information to high sources, agreed on one point—the 52-year-old governor would not seek a fourth term.

Dewey himself declined comment.

Assembly Speaker Oswald D. Heck said today: "While I may be wrong, I think that when the chips are down the governor is going to run."

* * *

Heck, who would be willing to accept the nomination for the lieutenant governorship only if Dewey headed the GOP ticket, would like the gubernatorial nomination if Dewey stepped aside.

* * *

Republican leaders, meanwhile, were forced to consider the added problem of whom they could run in Dewey's stead if U.S. Sen. Irving M. Ives, the man most often mentioned as a likely successor, should refuse.

Ives, who has voiced his reluctance many times, reiterated his stand yesterday when queried about the newspaper reports.

"I am not a candidate and I do not wish to be," he declared. "I feel very strongly that Gov. Dewey must be drafted to serve again."

200 Scientists to Meet to Discuss Astronomy

ANN ARBOR (AP)—Some 200 scientists will gather Sunday on the University of Michigan campus for the 91st meeting of the American Astronomical Society.

Most of the 3-day meeting will be taken up by a discussion of technical papers covering the latest astronomy discoveries.

In Canada, moose often attack locomotives and in some cases, trains have been derailed by them, although such attacks usually mean death for the moose.

Coffin Believed to Contain Body of Pharaoh

SAQQARA, Egypt (AP)—A group of newspapermen and photographers crawled down 60 yards under a newly discovered step pyramid today to view a reddish alabaster sarcophagus believed to contain the remains of a pharaoh of the Third Dynasty.

Dr. Sakkara Goneim, chief inspector of the Egyptian Antiquities Department who discovered the tomb last month, led the group. The sarcophagus is believed to contain the remains of Sankhet, who ruled Egypt about 2,750 B.C.

Goneim said identity of the remains can't be ascertained for sure until the sarcophagus is opened, but "of two things we are sure: This is a royal grave and definitely dates back to the Third Dynasty (about 4,700 years ago)."

He said William Hayes, curator of Egyptian art at New York's Metropolitan Museum, probably will witness the opening. No date has been set. Hayes arrived in Cairo today.

More than 100,000 automobiles a year are ferried across the English Channel.

Harriman Asked to Visit Flint

Priest Extends Offer to Show Where Relief Funds Went

FLINT (AP) — A Catholic priest, originator of "Operation Tornado," today invited E. Roland Harriman, national Red Cross chairman, to visit Flint and learn first hand how the city distributed a $900,000 disaster fund raised after the devastating June 8, 1953 tornado.

The invitation extended by the Rev. Fr. Henry Berkemeier, pastor of St. Francis of Assissi Church, was the latest development in a dispute touched off by Harriman in a speech at Los Angeles Tuesday.

In his talk to the Red Cross National Convention, Harriman criticized Flint; Waco, Tex., and Worcester, Mass., for the way they handled relief work and rehabilitation after tornadoes struck the cities.

Harriman, enlarging on his talk Wednesday, described the supplemental aid given to tornado victims — after the Red Cross had done its work — as "frosting on the cake."

Harriman told reporters:

"Locally in Flint they raised approximately $900,000, none of which was used in the Red Cross phase of assistance. It was used over and above what the Red Cross had done for Flint.

Asked "Whas procedure Flint should have followed," the Red Cross chief replied:

"How much of the $900,000 it should have turned over to the Red Cross I'm not going to say. But if the rest of the country spent $600,000 on the job, Flint should be willing to contribute to that (Rer Cross) part of it."

He added that Flint should have contributed "substantially."

Man Killed by Subway

NEW YORK (AP)—A man identified through papers in his clothing as Gilbert Yates, 58, a vice president of the Chemical Bank and Trust Co., jumped or fell to his death today beneath a subway train.

Elevators Raising Level of U.S. Physical Inaction

WASHINTON — New electronic, operatorless elevators are making the American today more than ever the world's greatest up-and-down traveler.

Never priding himself as a stair climber, he quickly looked on the elevator as one of the most beneficent inventions. As a result, the United States operates 250,000 elevators, three times as many as the outside world.

This country's craving for effortless elevation is expressed another way: 24,000,000,000 rides a year total nearly 600,000,000 miles or more than six times the distance to the sun.

Now the elevator has come of age, electronically speaking. Like many modern machines, it too has developed a "brain."

This is bringing a noticeable change in the lives of downtown workers: more and more are running their own office building lifts.

They step into a quite, well-lit elevator. There is no attendant but rows of accessible buttons. The passengers each press one for their floor. When the elevator fills comfortably, doors shut automatically.

The riders' weight on the floor triggers the driving motors. Skyward motion is hardly perceptible. In seconds the doors silently part. The passengers step out.

The electronic brain analzes the traffic. During rush hours it speeds the trip and reverses direction of empty cars to save time. One big manufacturer reports 80 per cent of its current office building orders are for this elevator.

Hoisting mechanisms are nothing new. Vitruvius, a Roman architect, told of some in use in 236 B. C. During the 17th century Velayer, a French builder, invented a "flying chair."

In 1852 Elisha Graves Otis devised an automatic safety catch that prevented a car from falling if the lifting rope broke. Sixteen years later a 130-foot New York City building introduced a passenger elevator, making the first successful electric elevator.

Now 70 cars service the Empire State building at speeds up to 1,200 feet a minute. One of its freight elevators climbs 986 feet, the highest rise in any building.

Twenty million sight-seers have ridden to the top of the Washington Monument since 1888. The orignal steam elevator took 10 minutes. Today's trip last 70 seconds.

Almost all English sparrows in the U. S. are descended from eight pair which were imported from England in 1850.

Individual's Debt Now Listed at $1,992

LOS ANGELES (INS) — A University of Southern California economist says the share of every American man, woman and child in state and federal government debts totals $1,992.

Dr. Clyde W. Phelps, head of the USC economics department, bases his figures on a gross public debt of more than $300 billion for 1952 and estimates the per capita and indebtedness "must exceed" $2,000 by 1954.

He says that although the apparent net worth of the population seems to be between four and five thousand dollars per capita, the public debt, which is a paramount mortgage on the people, makes their true net worth less than popularly imagined.

"On the average," Dr. Phelps observes, "John Q. Public owes a per capita state debt of $46, plus a local government debt of about $144, and to top it off, a per capita federal debt of $1,802. All this government indebtedness constitutes a first lien against the property and incomes of our citizens."

Cager Loses Glasses

STORRS, Conn. (UP)—The referee called an unusual time-out during a Yale University of Connecticut basketball game. One of the players lost his contact lens. Play was resumed when the eyepiece was found.

Dulles Spikes Red Talk

Secretary DULLES has done an excellent job of shedding light on U.S. relations with Communist dominated Guatemala.

In his address before Seattle Rotarians, Mr. DULLES took advantage of the opportunity to refute some Red propaganda. He made it clear that our Government's interest had nothing to do with the safety of Americans' investments in the Central American country.

★ ★ ★

The truth is, he said, that if the problems of American investment in Guatemala were settled tomorrow to the satisfaction of all concerned, the U.S. attitude would be unchanged. Our Government still would be gravely concerned by signs of Communist penetration in Guatemala and Central America.

Further evidence that there is real cause for State Department concern has come from Hamburg, West Germany. There a six ton shipment of Swiss 20 mm antiaircraft shells consigned to Guatemala has been held up at the request of the United States.

In fact, because a Communist base in Guatemala would be a dangerous threat to the Panama Canal, our agents have been ordered to intercept such arms shipments wherever possible.

★ ★ ★

Recent declaration of a national emergency by Guatemala's President ARBENZ came as a surprise to many Americans who hadn't realized the extent of Communist influence. Any doubt about the political trend in that country vanished with all that was left of Guatemalan constitutional guarantees. These were suspended indefinitely by the president.

That's just what happens in Soviet satellite countries. It's a shock to have one so close to our southern border.

War on "Wetbacks"

Attorney General BROWNELL is stepping up efforts to reduce the inflow of "wetback" farm laborers from Mexico.

The border patrol has been tripled. Without revealing the source of the transfers, 491 patrolmen have been added to the 256 already guarding the Arizona-California border of Mexico.

★ ★ ★

The head of the Justice Department also is asking Congress for sharper legal weapons to control this growing illicit traffic. Warning that the movement easily could hide the entry and exit of subversives, he wants:

1. Authority to enjoin an employer from continuing to hire workers he knows entered the country illegally.

2. Statutory authority to seize any vehicle or vessel used to transport aliens in violation of immigration laws.

★ ★ ★

That such legislation is urgently needed is emphasized by figures on the volume of the "wetback" movement. According to the Attorney General, in the 12 months ending June 30, 1953, it was necessary to deport 389,000. Another 100,000 escaped capture.

Congress should give Mr. BROWNELL what he asks. There seems to be no other way to cope with exploitation of these aliens by southwest farmers and ranchers.

Help Fight Delinquency

For everyone interested in combatting juvenile delinquency, there is some sound advice in the FBI's monthly bulletin.

It comes from J. EDGAR HOOVER, long time head of the famous law enforcement organization. He points out that in 90 per cent of the stolen car cases, owners have left keys in the ignition or the switch unlocked.

★ ★ ★

During 1953, HOOVER said, 226,530 automobiles were stolen. In 1,174 cities where complete records were kept, over half of the arrests for auto theft were made among juveniles 17 years of age or less.

On the basis of these figures, the bulletin continues, "imagine what a tremendous decrease could be effected in auto theft and arrests of juveniles for that crime, if every driver would simply lock his car when it is left unguarded."

★ ★ ★

In other words Mr. HOOVER is asking motorists of the country to remove this strong temptation to juvenile crime. Far more important, he is asking their help in the prevention of other more serious crimes which grow out of auto thefts.

Lesson in a Fatal Fire

There is a lesson for all householders in the Birmingham fire which cost THOMAS COUPER the lives of his wife and two sons.

It is believed the blaze originated in an upholstered davenport in the first floor den. Authorities believe the davenport had smouldered for hours before bursting into flames and suffocating the victims.

The loss of these three lives is grim warning that no one, especially smokers, can be too careful in guarding against the carelessness which breeds death dealing fires.

EMPLOYES ought to be paid for the prior week when they report for work Monday morning. This would save them a lot of money, and save the employer a lot of worry over Monday absenteeism.

The Man About Town

Flag in Top Place

Patriotic Inspiration Caused by Colors at Highest Point

Daffynition

Honeymoon: What's over when your dog still treats you OK, but your wife starts barking and growling at you.

Flying from Pontiac's highest point, the flag pole atop the Pontiac State Bank Building, the American flag makes an impressive sight whenever it is displayed there. It was on the job on Flag Day, and brought remarks of admiration as viewed for many miles in every direction. Building Manager

Charles W. Hayner

sees that it is unfurled to the breeze. Far above everything else in our city, it makes us mindful of a concrete lesson in patriotism. The American flag being flown over the Pontiac Boys' Club building is replaced regularly by

Mrs. Lucile J. Cries

in honor of her son who gave his life to his country in World War II.

The architect of this column has made a life long study of those orchids of the wild flower family, the lady slippers. They once grew in abundance in many Oakland County marshes. Now we know of but two places where they exist and only in small numbers. They are just coming into bloom.

The good people out at the Oakland County Infirmary, according to its manager,

Howard R. Estes,

feel very grateful for the many gifts received from local organizations and otherwise.

Despite the fact that he is nearly blind,

Joseph McConnachie

has a hobby of raising beautiful flowers in his garden at 6581 Sashabaw Road. He now has delphinium plants over six feet tall, just starting to bloom, and still growing.

A majestic elm tree on the farm of

George Campbell

at 31025 Haggerty Highway measures 18 feet and seven inches in circumference.

Latest town to pull that beard raising stunt among its men, in celebration of its centennial, is Somerset, Pa. That's why

Frank Kimmel

of Crescent Lake Road, Pontiac, hardly recognized his brother-in-law when he recently came from Somerset to visit him.

Out at Drayton Plains in the garden of

Arthur Kercheval

there is corn nearly three weeks ahead of that old time schedule, "Knee high by the Fourth of July."

In the flowers that are blooming in great profusion, the morning glory is keeping pace with the others. Climbing the porch of

Mrs. Mortimer Becker

of Waterford are some vines that have beautiful trumpet blossoms over five inches across.

Verbal Orchids to—

Mrs. Elizabeth Speck

of 715 Joslyn Ave.; eighty-first birthday.

Quite a Challenge

Voice of the People

Urges Parents to Express Appreciation to Those Who Make Education Possible

(Letters will be condensed when necessary because of lack of space. Full name, address and telephone number of the writer must accompany letters but these will not be published if the writer so requests, unless the letter is critical in its nature.)

This week ends another session of school. The youngsters are all having school picnics and then saying, "So long," for summer vacation.

Let's get together and express our appreciation to all the teachers who have made it possible for our youngsters to get an education.

Let's give recognition to the bus drivers for getting them to and from school safely each day, regardless of weather or road conditions.

Last, but not least, let's praise God we are in a country that makes all these things possible for every child, regardless of race, color or creed.

Again, I commend you teachers, bus drivers and all others who took care of our children all year for a job well done. Have a good vacation. You've earned it.

ANOTHER INSTALLMENT on the war debt owed to the United States becomes due but only Finland pays remittance.

DAUGHTER OF Jan Masaryk, Alice G. Masaryk arrives in United States to seek aid for her conquered country.

20 Years Ago

S. MILES BOUTON, exiled journalist, describes Nazi Germany as "slave colony ruled by fanatics and brutal men with world conquest hopes."

All Liquor Establishments Should Close 9:00 P.M.

If more people loved God, all places where liquor is sold would be closed by 9:00 o'clock each night and closed on Sunday. No woman would be allowed in a place where liquor is sold after 6:00 p.m. and should not drink liquor where liquor is sold unless her husband or the owner of the place says she can.

If alcoholics would place their faith in God, He would help them to quit drinking and become useful citizens.

Case Records of a Psychologist

Treat Mental Patients With Affection, Daily Compliments, Encouraging Praise

Shock treatment is much like aspirin. It masks deeper problems. Frank has been a mental patient. Such a person is like a turtle, which withdraws into its shell when in a hostile environment. So be lavish with praise and make his surroundings happy, friendly and inviting. Slowly he can then be taught to stand alone, emotionally, and finally resume normal adult duties.

By DR. GEORGE W. CRANE

Case L-334: Frank P., aged 31, is a veteran who suffered a mental breakdown during the Korean war, but has now returned home from the hospital.

"Dr. Crane, we have two children in grammar school," his wife told me, "and I wonder what we can do to be sure their Daddy fully recovers.

"What advice can you give me, as his wife, so that I can help prevent a relapse? I don't want him ever to need going back for further shock treatment."

Shock treatment helps "fog" a patient's memory so that he is able to forget his disturbing complex, at least for a time.

It then permits the doctors or his family to talk to him and receive coherent answers.

But shock treatment is generally a palliative thing. It's comparable to masking a headache with aspirin.

The cause of the painful headache may still be present but as long as the aspirin is in the system, the pain may be covered up.

The correct treatment of recurring headaches would thus be the removal of the cause, which might be astigmatism. In that event, properly fitted eyeglasses would be the way to get at the root of the headaches.

And so it is with shock treatment. They serve much as psychiatric "aspirin," to cover up the trouble.

And this is very helpful for a time, since many mental patients are entirely disorganized and unable to carry on logical conversation.

Shock treatment then renders them amenable to questions. And during the lucid interval, the original cause of their complex may be found and remedied.

You members of the family of mental patients should remember the psychological adage that "human beings run away from pain, but approach pleasure."

So inflate the ego of the mental patient, as by liberal doses of daily compliments.

The Menningers at the state hospital in Kansas have had phenomenal success in restoring mental patients to normal home life by surrounding them with affection and praise.

Formerly, only one patient out of eight ever was released to his family. Now Doctors Karl and Will Menninger send home 6 out of 8. That's great!

When people fail repeatedly and get bawled out and criticized, they may finally want to shrivel up and withdraw into a hole so they can escape further censure.

Since they can't pull their physical body into that hole, they do try to pull their conscious attention into their skull and apparently remain indifferent and aloof to external reality.

Such a patient is much like a turtle which is being stoned by small boys. It then withdraws inside its shell and acts dead.

But when the outside environment becomes gentle and friendly and tempting, the turtle will stick out its head and legs and approach food or other pleasures.

So treat your mental patients with double doses of praise and pleasure. Give them admired objects for possessions. Encourage them tactfully to do hand work or minor household chores and always be lavish with compliments.

Send for my bulletin "How to Prevent Nervous Breakdowns," enclosing a stamped return envelope, plus a dime.

(Copyright, Hopkins Syndicate Inc.)

Aunt Het

I believe in prayer, but Helen's idea is to do as she pleases and then pray to escape payin' the penalty.

David Lawrence Says:

Furor Over Oppenheimer From Facts, Not Rumor

WASHINGTON — A determined effort seems to have been made by "left wingers" hereabouts to discredit the Atomic Energy Commission and particularly its chairman, Lewis S. Strauss, whose heroic defense of the security of the United States deserves instead the highest plaudits of his countrymen.

His chief sin in the eyes of the "left wingers" is that he has lined up against Dr. J. Robert Oppenheimer.

The official release of the entire transcript in the proceedings which led to the judgment that Dr. Oppenheimer is a security risk and should not be employed by governmental agencies hereafter is a sensational revelation.

But this document and the report of the special board headed by Gordon Gray do not tell the whole story.

For the fact is that Dr. Oppenheimer strayed outside the field of science and, for example, urged that in the event of war the strategic air command of the U. S. Air Force should not be used if the other side would agree also to refrain from using theirs, which was relatively small.

This was first disclosed in an article appearing in Fortune magazine in May 1953 which was written by Charles J. V. Murphy, who had just finished a tour of reserve duty as the colonel in the Air Force and as aide to the late Gen. Hoyt S. Vandenberg.

Why should a scientist — and an influential one who could bring to bear the united influence of many of his colleagues —try insistently to give advice during top-level secret conferences on what the American military position should be?

The Gray board's report had in it this guarded language:

"In evaluating advice from a specialist which departs from the area of his specialty, government officials charged with the military posture of our country must also be certain that underlying any advice is a genuine conviction that this country cannot in the interest of security have less than the strongest possible offensive capabilities in a time of national danger. . . .

"We must make it clear that we do not question Dr. Oppenheimer's right to the opinions he held with respect to the development of this weapon (the H-bomb).

"They were shared by other competent and devoted individuals, both in and out of government. We are willing to assume that they were motivated by deep moral conviction.

"We are concerned, however, that he may have departed his role as scientific adviser to exercise highly persuasive influence in matters in which his convictions were not necessarily a reflection of technical judgment, and also not necessarily related to the protection of the strongest offensive military interests of the country.

"In the course of the proceedings, there developed other facts which raised questions of such serious import as to give us concern about whether the retention of Dr. Oppenheimer's services would be clearly consistent with the security interests of the United States."

Most significant also is a letter from William L. Borden just now made public in the official procedings of the hearings of the Gray board.

Borden was executive director of the staff of the Joint Congressional Committee on Atomic Energy from January 1949 until June 1953. He served under the late Sen. McMahon, Democrat, who was chairman of the committee.

Before entering on these duties, he had been a pilot in the Army Air Force for three years and served overseas. He is a graduate of Yale Law School.

On Nov. 7, 1953, after he left the committee, he wrote to J. Edgar Hoover, director of the FBI, outlining his suspicions about Oppenheimer based on a careful study of all classified data to which he had access, and this included almost everything related to atomic-energy matters in the government.

Borden wrote in part:

"The purpose of this letter is to state my own exhaustively considered opinion, based upon years of study, of the available classified evidence, that more probably than not J. Robert Oppenheimer is an agent of the Soviet Union.

* * *

"This opinion considers the following factors among others: He was contributing substantial monthly sums to the Communist party; his ties with communism had survived the Nazi-Soviet pact and the Soviet attack upon Finland; his wife and younger brother were Communists; he had no close friends except Communists; he had at least one Communist mistress; he belonged only to Communist organizations, apart from professional affiliations; the people whom he recruited into the early wartime Berkeley Atomic Project were exclusively Communists; he had been instrumental in securing recruits for the Communist party; and he was in frequent contact with Soviet agents."

* * *

In addition, Borden charged that Dr. Oppenheimer was a vigorous supporter of the H-bomb program until World War II ended and that he then urged each senior individual in his field to desist and was "remarkably instrumental in influencing the military authorities and the Atomic Energy Commission essentially to suspend H-bomb development from mid - 1946 through Jan. 31, 1950."

What is particularly damaging, however, are several of Oppenheimer's own admissions which are revealed in the official testimony, such as his confession that he lied to a security officer of the United States Army about a contact with him attempted by a Soviet agent and that he did not reveal the true facts until some months later.

Obviously the furor about the Oppenheimer case isn't just a matter of views or opinions but concerns specific acts that resulted in the decision to refuse to give him security clearance for the future.

Baering Down

By ARTHUR "BUGS" BAER
International News Service

The London - Moscow axis of massive conciliation is proof Churchill is a practical man who knows which side is the inside.

This stack of applied memoranda and distilled agenda knows that Washington is as perplexed as a porcupine with ingrown quills. While we're bailing out the boat Winnie is making waves.

Back in 1927 we said, "England is pungently practical about mixing war with business. It will fight you in the Red Sea if you pay your tolls through the Suez Canal."

We don't figure that Moscow will get the best of the deal with London. Winnie has been eating meat and potatoes for many years. And knows that a fair trade is a waste of everybody's time.

We admired Winniker for his efforts in behalf of England at a time when things were darker than a mule's bedroom.

But, Winsome, we have come to the fork of the aisles. You can go, keed. And take your knife along too.

We have turned your picture toward the wall. On the damp side of the house.

THOUGHTS FOR TODAY

For God, who commanded the light to shine out of darkness, hath shined in our hearts, to give the light of the knowledge of the glory of God in the face of Jesus Christ.—II Cor. 4:6.

* * *

He did not come to conquer by force of armies and physical weapons but by love planted in the hearts of individuals.—W. W. Melton.

Fast Muscle Work Before Warming Up Can Rupture Cells, Cause 'Charleyhorse'

By WILLIAM BRADY, M.D.

New England apothecary (a rare bird these days) who says he has had 65 years' experience, writes in pleasant vein — to ask for the pamphlet Adult Tetany (available on written request if you provide stamped, self-addressed envelope).

It appears my druggist friend—who'dathunkit? — suffers considerable distress from "charleyhorse" two or three nights in the week.

There are few things I don't know — a few things, I mean—about human complaints. Several things, to be perfectly honest.

But I'm going to stick my neck out and say I'm confident my druggist friend does not have charleyhorse.

Vigorous muscle action before one has "warmed up" may rupture or "break" cells or fibers of muscle or tendon and cause exudation of blood and lymph at the point of injury, soreness and swelling.

The lump may be felt and sometimes seen. It persists for weeks or until the tear or rupture or "break" of muscle or other soft part heals.

Scar is left after such injury and the scar may impair full elasticity for months or forever. Such injuries are known as "charleyhorse."

The cause of muscle soreness following some physical exertion to which one is unaccustomed is accumulation of waste matter, by-products of combustion, in and around the muscles involved.

This is least likely to occur if one is in good condition from physical training. Elimination or removal of the waste products (through the circulation) is hastened by (1) message and by (2) keeping the muscle artificially warm and (3) by resumption of gentle or moderate exercise for short periods after two or three hours of rest.

The "glass arm" of baseball pitchers, tennis or golf players is usually subdeltoid bursitis. This generally requires needling or other surgery.

Coaches, writers, trainers, promoters and managers in professional and amateur fields avowedly or unconsciously regard all this soreness and stiffness of muscles as "taking cold."

This accounts for the pains taken to "warm up" pitchers before sending them in to pitch, and the total disregard of this precaution when sending substitutes (a dime a dozen) into the football game right off the bench.

Signed letters, not more than one page or 100 words long, pertaining to personal health and hygiene, not to disease, diagnosis or treatment, will be answered by Dr. Brady if a stamped, self-addressed envelope is enclosed, etc.

(Copyright, 1954)

Dighton Rock Might Join Plymouth as Memorial

DIGHTON, Mass (UP)—Historic Dighton Rock may be placed in a shrine similar to that preserving Plymouth Rock.

The Massachusetts Legislation is considering a bill that would put this into effect.

Dighton Rock bears an inscription attributed to Miguel Corte Real, Portuguese explorer, dating from 1511. The markings originally were attributed to Norsemen.

CARBONDALE, Ill. (UP) — The physical education course at Southern Illinois University has come a long way from its founding in 1874. The first university catalog listed the purpose of the course as "to give grace and symmetry to the frame, and volume and culture to the voice."

U. S. Cities Plan Big Improvements

CHICAGO (UP) — A survey of 141 U. S. cities shows that they will spend nearly $5,000,000,000 for public improvements in the next five years.

The study, made by the Municipal Finance Officers Association for President Eisenhower's Council of Economic Advisers, shows that about one-fourth of the total will be spent this year.

General obligation bonds will finance more than half of the total. The association said this form of financing is more popular among cities over 100,000 in population. Cities under 100,000 favor revenue bonds.

Other conclusions reached in the study:

Cities have enough borrowing margin for their planned improvements.

A growing number of cities favor a full or partial pay-as-you-go policy on financing improvements.

Most cities already own or control land needed for planned programs.

Eighty per cent of America's known supply of phosphate rock is in southeastern Idaho.

Radar Mystery Puzzles Milwaukee Traffic Men

MILWAUKEE (UP)—Milwaukee air traffic controllers have a puzzle on their hands since installation of a new radar system.

A mystery target appears on the radar screen at a position about two miles out in Lake Michigan.

The controllers say there is nothing but water at that point and that they should not get any indication there.

"It's hard to guess what it is," said David G. Buckman, Mitchell Field chief air traffic controller. I just hope is goes away.

"It could be a seasonal phenomenon caused by some temperature conditions."

Argentina's government palace is known as the "Pink House."

Coach Confused

EL RENO, Okla. (UP)—Jenks Simmons, high school basketball coach, is famous here for remembering sports statistics, but he has trouble remembering dates. Simmons took his team 65 miles to Enid for a tournament, then started back immediately. The tourney wasn't to start until the next night.

Warns of Curb on Court News

Counsel for Publishers Cites Use of Contempt Citations

ANN ARBOR (AP)—Elisha Hansen, general counsel for the American Newspaper Publishers Assn., warned last night against new attempts by judges to control court news through employment of contempt citations.

Hansen addressed a Communications Media Institute, sponsored by the University of Michigan.

He defined the struggle between some judges and newspapers as "the conflict between the ideology of freedom and totalitarianism."

The attorney deplored the "hue and cry in some areas for a return to the discredited system of judicial control of court news."

Hansen also said there can be no such thing as "trial by newspapers" in criminal cases if the judge, lawyers and police do their jobs right.

He noted recent U.S. Supreme Court decisions which have reaffirmed the guarantees of freedom of speech and a free press. Hansen specifically cited the case of Pennekamp vs Florida in which the high court reversed a contempt conviction against the Miami Herald and its editors.

The newspaper had been found guilty of contempt by a judge it had criticized editorially.

Earlier, Dr. Harold L. Cross, author and associate dean of journalism at Columbia University, cited statistics to show how, what he called secrecy is practiced in Congress.

Dr. Cross, author of "The People's Right to Know," explained that most legislation is worked out in committee session.

Yet a survey shows, he said, that both press and public were barred from 44 per cent of all committee and subcommittee meetings during the first session of the 83rd Congress.

He said politicitans' fears of what will happen when people are given access to information often are not borne out.

Dr. Cross noted that 20 states have relaxed their restrictions on formerly secret relief roles. And there is no known instance where the public has abused the privilege of seeing them, he said.

The attorney general was not a member of the President's cabinet until 1814.

United Press Photo

LOOKING AHEAD—Mrs. Anthony Barnett of New York demonstrates the simple test which a Paris doctor devised to tell the sex of an unborn child. The expectant mother places a special wafer on her tongue to moisten with saliva and the inventor places an ingredient on the wafer. He then is able to tell from the color it turns whether the blessed event will be a boy or girl. Inventor claims a record of 98 per cent accuracy in tests on French women.

Junior High Librarian Will Attend Convention

Librarian of Eastern Junior High School, Miss Lorna MacKellar, of 7 Prall St., leaves Friday to attend the National Convention of the American Library Assn., in Minneapolis.

She will be accompanied by her sister, Miss Lois MacKellar, librarian of the Mansfield (Ohio) Public Library.

Usual Ballot Mixup Starts Reform Move

DETROIT (INS) — The Detroit Citizens League Wednesday asked the State Legislature's Interim Committee on Election Reform to study practises of "loading" ballots with "phony" names.

League Director Chester J. Morse asked the committee to attend hearings on requests by candidates to gain such designations as "Present State Representative" beside their names on Detroit and Wayne County ballots.

Morse declared:

"About 50 of the legislative aspirants are phony candidates. They filed to enable some other person with a similar name to set up a claim for an identifying designation on the ballot."

Mob Gangs Up on Alleged Red

Employes at Chevrolet Beat Fellow Worker, Put Him on Bus

FLINT (INS) — An angry mob of 200 Chevrolet employes attacked a fellow worker Wednesday and forced him from the grounds because of his alleged Red activities.

The incident occurred in front of Chevrolet Plants 4 and 5 when the mob surrounded 27 - year - old James Zarichny, who was expelled from Michigan State College in 1948 for alleged Communist activities.

Zarichny was pushed, shoved and beaten while attempting to move through the crowd. Finally, the mob threw him on a bus and shouted at him:

"Go to Moscow!"

Zarichny was expelled from Michigan State several months after he had been convicted of contempt of the State Senate for refusing to tell a Senate Investigating Committee whether he was a member of the Communist party.

The demonstration Wednesday marked the first outbreak of violence in a series of wildcat strikes which have intermittently tied up the two Chevrolet plants since Monday.

The term "tabby" refers to the markings on a cat.

200 Donors Needed in Bloodmobile Visit

Two hundred men and women are needed to give blood at Monday's American Red Cross "Bloodmobile" visit here.

Mrs. N. E. Durocher, Pontiac area blood donor recruitment chairman for Oakland County's Red Cross chapter, urged anyone who can to give blood Monday.

"We usually experience a drop in donations during summer months," she said. "But there never seems to be a drop in demand — local hospitals and our sick and injured people go on needing blood just as badly."

The Red Cross "bloodmobile" will take donations from 2 until 8 p.m. Monday at Pontiac Elks' Temple, 114 Orchard Lake Ave. Donors may call Red Cross offices, FEderal 4-3575, this week for appointments or just "walk in" during "mobile" unit hours.

Appoint Rankin Dean of Men at Ferris Institute

BIG RAPIDS (AP) — Donald F. Rankin, Mayor of Big Rapids and Dean of Men at Ferris Institute, has been appointed Dean of Students by the Ferris Board of Control.

Rankin, who came to Ferris in 1945, will be responsible under the new title for administration of student personnel services, student activities, housing, veterans advisement and college student welfare services.

Kennedy Fights Slash in Army

Dem Senator Boosting Defense Spending by $350 Million

WASHINGTON (INS)—Sen. John F. Kennedy (D-Mass) led a Senate drive today to boost defense spending by 350 million dollars in an effort to forestall a projected two-division cut in Army strength.

Kennedy said his amendment to the 29 billion dollar military appropriation bill has a "pretty good" chance of approval but declined to predict outcome of his fight to overturn GOP economy measures in the defense program.

The New England lawmaker launched his effort to maintain Army strength at 19 instead of 17 divisions as Democrats sharply attacked President Eisenhower's new look military budget and implied the U. S. is losing the cold war with Russia.

This came after Defense Secretary Charles E. Wilson informed the Senate the Pentagon has reorganized its submarine construction program and has now decided to build two new atomic undersea craft.

The Navy has already started work on two nuclear-powered submaries and had planned to build a third in the next 12 months along with two conventional type subs.

Wilson said the Navy will now construct two atomic-powered and one conventional submarine in fiscal 1955 in an effort to spread technical know-how on the new craft.

Meanwhile, Sen. Michael J. Mansfield (D-Mont), charged that the "new look is not a good look as far as the defense of the country is concerned" and Sen. Albert Gore (D-Tenn) accused the administration of "taking a desperate gamble with national defense" by cutting defense spending.

Bobo Off for Nevada to Divorce Husband

NEW YORK (INS)—Bobo Rockefeller left by train last night for Reno, Nevada, to divorce her estranged oil millionaire husband, Winthrop Rockefeller.

The terms of the agreement between the Cinderella bride and her one-time prince charming specify a settlement of $5,500,000 with Bobo receiving $2,000,000 in cash.

The remainder will be in two trust funds for their son, Winnie, trust funds for their son, Winnie, 5.

United Press Photo

GIVING OUT WITH THE GOSPEL—Debarking from an American Airlines flagship in New York, Rhonda Flaming, Connie Haines, Beryl Davis and Jane Russell go right to work on their music for TV appearances. The quartet started singing hymns and gospel music in California churches and are now in popular demand.

West Berlin Citizens Maul Interfering Reds

BERLIN (INS)—An angry group of West Berlin residents mauled a small group of Communists who tried to interrupt the mass memorial service marking the first anniversary of the June uprising against Communist tyranny in East Berlin.

Police riot squads rescued the Reds from the irate crowd after a 40-minute struggle.

The Communists were covered with blood from head to foot.

Hundreds of thousands of persons gathered for the service which has held in front of the town hall this morning.

Elsewhere, the strets were quiet as the free sector of the city observed the holiday decreed in memory of the 1953 uprising in which seven of their fellow citizens in the Soviet sector were killed.

Bridge Building Equipment Going North to Alpena

DETROIT (UP) — Sixteen giant cutting edges are en route to Alpena by barge where they will be assembled and put into operation on the construction of the five-mile-long Straits of Mackinac bridge.

Each cutting edge is built in 32 separate sections. It is then welded together to form a monstrous 640-ton circular knife, which is used to slash down through to bedrock, forming nests to hold concrete and steel caissons.

The caissons are support structures for the two main towers of the straits-spanning bridge.

The barges are hauling the giant knives from Gary, Ind., where they were made by the American bridge division of the U. S. Steel Corp. The division holds a $44,500,000 contract for the superstructure of the bridge.

Car in Police Chase Kills Detroit Driver

DETROIT (UP)—Jerome W. Cusimane, 24, was killed early today when a speeding car being chased by police collided with his auto at an East Side intersection.

Injured were George Peovich, 22, driver of the pursued car, and three of his passengers. Peovich, an unemployed factor worker, was held at Receiving Hospital for investigation of manslaughter.

A police cruiser spotted Peovich's speeding auto about 1 a.m. and started to chase it. Officers said the car ran a stop sign before colliding with Cusimane's car.

Use of fertilizer in the United States reached an all-time high of 23,143,000 tons in 1953.

Most of the world's supply of jute is grown in the hot Ganges-Brahmaputra River delta of India. It is woven into burlap and sacking cloth in the nearby mills of Calcutta.

Some blossoms depend on bees, butterflies, and other day-flying insects to carry their pollen, while other plants close their petals during the day and open them only at night, when moths are flying.

Don't Request Hamburgers on Visit to Hamburg

HAMBURG, Germany (UP) — Don't ever ask for a hamburger in Hamburg. Just ask for "klops" or "hacksteak."

There is no explanation why the delicious patties of ground meat in buns are called "hamburgers." A Hamburger is a resident of this city and is known as such for the same reason that Pittsburghers are called Pittsburghers.

Some say overseas visitors who landed in Bremen or Hamburg saw the German - chopped meat for the first time in these cities. But that does not explain why they aren't called "Bremenburgers," too.

Hamburgers — the people of Hamburg, that is — long ago took revenge on Americans for confusing the issue. Just walk into a Hamburg bakery and ask for an "Amerikaner."

The baker will ask no questions and give you as many "Amerikaners" as you demand. They are light, white-yellow round cookies coated with chocolate or vanilla icing and sell for about four cents each.

Nobody knows why they are called "Amerikaners," but even Hitler couldn't change the name.

Frankfurters are popular here under the same name as abroad, but doughnuts, which have no holes in Germany, are called "Berliners."

Annual milk supply of the United States contains 1,450,000,000 pounds of nutrients, such as protein, minerals, lactose and fat.

Red China Sees Return of Horse

TOKYO (AP)—The horse is making a comeback in Red China. A recent Peiping broadcast said communist cooperatives in seven provinces "will supply the peasants with more than 130,000 draft animals this year."

"The growing demand for more draft animals," Peiping explained, "is a result of the wide use of new horse-drawn farm implements and the large scale farming methods adopted by the agricultural co-operatives."

The broadcast reported that 10,000 horses will be imported from Mongolia to improve local breeds.

Austerity on Formosa Tightened by Chinese

TAIPEH, Formosa (AP) — Austerity on Chinese Nationalist Formosa is becoming more austere.

The provincial government has clamped new restrictions on the opening of new cafes and bars, bans Chinese from serving foreign wines and cigarettes except when foreign guests are present, and has placed a tighter curb on the import of luxury goods.

The first Chinese student ever to graduate from an American college or university received his B.A. from Yale just 100 years ago. The student was Yung Wing who served as China's Commissioner of Education and Associate Minister of China in Washington after graduation from Yale in the Class of 1854.

Hal Boyle Says:

Adenauer May Be Called Europe's Abraham Lincoln

BONN, Germany (AP)—Here where Beethoven was born and wrote some of the world's mightiest music a 78-year-old German statesman is trying to bring true a mighty dream—the dream of European unity.

And time is running out for the old man.

As of the first of this year Chancellor Konrad Adenauer was the strongest and most influential political figure between London and Moscow.

By the end of this year Adenauer will probably either go down in history as a kind of European Abraham Lincoln—or merely another old titan with a faded dream, cultivating his rose garden in quiet bitterness as his countrymen forget him.

The issue is simple. His coalition German Federal Government so far has gone along with him in his program for European defensive cooperation. But the coalition is wavering. How long can he hold it together in the face of France's refusal to vote for a six-nation European army in which French and German troops would serve together?

• • •

Just last week the sturdy elderly Chancellor told a group of visiting American former war correspondents about his dream of European freedom. Lean and erect, he has the dark impressive facial immobility of an Indian chieftain.

But altough he has lived eight years behond man's Biblical age, his voice was firm and strong, his eyes bright and intense, as he talked for more than an hour on the present plight of Europe.

Many German leaders now like to play down the question of Germany's guilt in the last war. But Dr. Adenauer makes no concessions to his people's desire to forget the past. He despised Adolf Hitler's aggression in the latter's lifetime and has no wish to minimize now the disaster that Nazi policies brought to the world.

• • •

Then turning to communism, he remarked:

"But a terrible dictatorship has gained control of half of Europe. This dictatorship is even worse and stronger and more cruel than that of Hitler."

The Chancellor remarked he thought it a delusion for leaders in his own or other individual countries to believe they could deal separately with Soviet Russia. He said nothing impressed Russia's Communist ruler but power equal to their own, and the only power they now feared was the United States.

Then he went on to add that if the six-nation European army did become a reality the Russians would find that within four years it would no longer even serve their purposes to continue the cold war real peace might be won.

"We can no longer think in national terms only," he said. "The development of Germany since 1945 holds no danger to the free world. In a unified Europe no country could be a threat to another country. We must overcome the selfish egotism of European nationalities."

The strong old man sat there a moment, his firm face framed against the white-walled reception room in the Palace Schaumburg, then he rose and quickly walked out.

Seeing him leave, some of us couldn't help wondering who, if Dr. Adenauer falls, would have his strength of will or purpose to weld a free and united Europe. He seems the tallest tower in a dubious landscape still darkened by ancient fears and old distrust.

Oregon's Crater Lake is 2000 feet deep.

Tombstone Not Doomed to Be Ghost City Marker

TOMBSTONE, Ariz. (AP) — This historic mining camp always has boasted it was "the town too tough to die." Now it really has a new lease on life. Newmont Development Co., a subsidiary of Newmont Mining Co., is pumping water from the once-rich mines to explore the silver and lead veins.

A group of Illinois business men is planning a 100-house subdivision and a 26-unit motel. The reactivation of nearby Ft. Huachuca as an electronics proving grounds is expected to be a boon to Tombstone business. The fort is expected to have 8,500 military and civilian personnel.

X-ray machines are sometimes used by the U. S. post office to check for goods mailed in violation of the law.

Company Sends Steak to Help Solve Problem

NEW LONDON, Conn. (UP) — Salvatore J. Piscitello complained that ever since the Connecticut Power Company converted from manufactured gas to natural gas five months ago his steaks aren't cooked properly.

"Every time I shut the oven door," said Piscitello, "the flame goes out.

The company offered a suggestion which Piscitello accepted without hesitation. The company said it would send a representative and a steak to his home to show Piscitello how to cook the steak.

Driver's Bluff Called

RED BLUFF, Calif. (UP)—Richard N. Stanley, 24, Oroville, Calif., probably won't pretend any more to fumble in his pockets for a nonexistent driver's license. He went through the motions of searching his pockets for the card recently when challenged by a highway patrolman. Out flopped a traffic ticket he had gotten last September — for driving without a license.

Oldest fossil horse is the Eohippus, or dawn horse. It had three toes on the hind feet and four on the front.

Finds Winged Birds Pay More Than Jail Variety

RICHMOND, Va. (UP) — Henry Sikkelee found the compensation low in chasing the folks suspected of foul play. The policeman started raising chickens on the side to augment his income.

In 10 years the chicken business was doing so well he gave up his policeman's job. Two years ago he decided turkeys would be even more profitable and today his 8,000 turkeys on the hoof constitute one of the largest flocks in Henrico county.

Victim Doubts Adage

TIBURON, Calif. (UP) — Lightning struck the home of Ted Steiger, a real estate appraiser, and caused $2,500 damage. He began shopping for a lighting rod, saying "I don't believe that old stuff about it not striking the same place twice."

SOFT CORNS Between Toes

To quickly relieve and remove soft corns between toes, use the special Soft Corn Size Dr. Scholl's Zino-pads.

Stillness of Air Raid Drill Expresses War's Futility

By LAURA Z. HOBSON
International News Service

On Flag Day, though our colors flew high across the land, millions of decent upstanding Americans in major U. S. cities had to "duck and cover" in the first nationwide air raid drill in all history.

Reading the reports from city after city made the heart sink about man's terrible failure to achieve peace on earth.

During the ten-minute drill, every street and road in many of those great cities was cleared, every car and truck and baby-carriage was halted, and men, women and children vanished from sight to seek shelter.

In the age in which we live, with its wonders and possible horrors, none could question the need and wisdom of that practice drill, but there was also an awful sadness in those ten-minute "simulated attacks."

"Lemon juice," "apple jack" and "snow man" sound like such friendly terms, but they were the official nicknames given to the three signals that produced that empty silence in some of the most active nerve-centers of our country.

I just wish the ten - minute periods could have been simultaneous, and that no village, no farm or ranch, had been exempt from the drill.

That might have driven home even more vividly the ten - minute swath of time binding this great nation to stillness. Then we'd have known that the beasts and birds in fields and woods, the cattle on farm, range and prairie, had briefly inherited the earth.

And I wish there had been some way to stretch that same swath of time right around the whole planet. I wish Communist Russia, China, and the Slavish satellites could have simultaneously gone through "lemon juice" and "apple jack," perhaps making their own peoples see more truly what madness and murder threatens the world.

If that same induced motionlessness could have cloaked Moscow and Peiping and Warsaw, could have swept across the steppes of Russia, the rice fields of China, the forests of Indochina, across the cities and farms of Poland and Czechoslovakia and every other area where the myth is embedded that Communism alone can give mankind a better life—

Then perhaps the secret doubts of those enslaved millions would have erupted all at once, demanding that their leaders seek not world conquest but world peace.

In 4,000 years of recorded history, say the authorities, mankind has known only 364 years of total peace — only 364 years in 4,000 when there was not some great or small war in some land, near or far.

In heaven's name, are we never to find the ways to stop this killing? We who can devise miracles of flight, of communication, of creation itself — are we forever to fail at the problem of our own survival?

In the Atomic Age, it comes to that and nothing less. Already we know the newest hydrogen bomb has made the "duck and cover" theory old-fashioned.

Already we know that mass evacuations of millions from our great cities is the only hope for effective escape. And know, too, that today's H-bombs themselves will soon enough be old-fashioned.

Isn't it time for people everywhere to cry "enough of killing and slaughter?" Isn't it time to revise and strengthen the United Nations, to substitute world law for world war — and distill the deadly poison out of "lemon juice" and "apple jack" forever?

Notice of Intention to Construct Curb, Gutter and Drainage on W. Hopkins Street from Baldwin Avenue to Stanley Avenue.

You are hereby notified that at a regular meeting of the Commission of the City of Pontiac, Michigan, held on the 15th day of June, 1954, by resolution it was declared to be the intention of the City Commission to construct curb, gutter and drainage on W. Hopkins street from Baldwin avenue to Stanley avenue at an estimated cost of $20,166.85 and that the plan, profile and estimate of said improvement is on file for public examination.

It is further intended to construct said improvement in accordance with the plan, profile and estimate, and that the cost thereof shall be defrayed by special assessment according to frontage and that all of the lots and parcels of land fronting upon either side of W. Hopkins street from Baldwin avenue to Stanley avenue shall constitute the special assessment district to defray $14,965.38 of the estimated cost and expenses thereof and that $5,201.47 of the estimated cost and expenses thereof shall be paid from the Capital Improvement Fund.

NOTICE IS HEREBY GIVEN

That the Commission of the City of Pontiac, Michigan will meet in the Municipal Court on the 22nd day of June, 1954 at 8 o'clock p.m. to hear suggestions and objections that may be made by parties interested.

A SON FOR BORGE—Victor Borge, pianist comedian, offers cigar to his wife in Wtaerbury, Conn., hospital where she gave birth to a son. Borge was appearing in his one-man show in a New York theater when he received news of the addition.

Naturalist Tells Birds' Qualities

Says Songsters Have Shown Such Emotions as Love, Jealousy

WASHINGTON—Do birds have personalities? Definitely, reports naturalist Hance Roy Ivor, who has struck up an intimate acquaintance with many at his Erindale, Ontario, bird observatory.

"Birds have the capacity for more than a glimmer of intelligence," he writes in the current issue of the National Geographic Magazine. Emotions resembling fear, love and jealousy are evident. Birds have memory, and something akin to a language.

For 22 years Mr. Ivor has worked with bluebirds, doves, thrushes, robins and other native birds. Scores of songsters have come to accept him as their foster parent. As a student of wildlife, he was granted a special permit by Canadian authorities to confine birds.

Many of Ivor's songbirds fly free during the day; some are allowed as much as eight months of daytime liberty each year. In the evening, all birds are shut in the observatory. To get them inside, Mr. Ivor merely calls their names.

But birds, like small children, don't always respond. Pet, a willful blue jay, came to roost only when it suited her. Mr. Ivor solved the problem by having Dick, another jay, call pet. She answered and flew in. From that time, whenever she refused to go in, Mr. Ivor had the male bird page her. It worked every time.

Another pair of jays, Uno and Lady, enacted a real-life drama in his observatory, Mr. Ivor recalls.

After a lengthy courtship by Uno, Lady reluctantly began to build a nest. One day, before the nest was half completed, Lady was let out to fly among the trees. At that moment a wild jay appeared. Lady promptly disappeared. Uno was distaught.

Five days later, Lady turned up again, accompanied by her new mate. She swooped down onto Mr. Ivor's shoulder.

"Uno's distress at Lady's leaving had been so great, and my desire to have lady with us so strong, that I allowed my human judgment to decide the course of events," Mr. Ivor relates. "I took her back into the observatory.

"Not again, however, would I take upon myself such a decision. After these many years I can still remember Lady's frantic calls to her wild mate."

Railroad Bell Retires to Quiet, Church Life

TUPPER LAKE, N. Y. (UP)—A 220-pound bell that raced through New England for years atop a steam locomotive will spend its retirement calling worshippers to service.

St. Thomas Episcopal Church has received the bell from the New York, New Haven & Hartford Railroad. The church had been without a bell since its erection in 1899.

Agencies Begin Wetback Exodus

Carry Out Brownell's Order to Send Home Mexican Nationals.

EL CENTRO, Calif. (AP) — Law enforcement agencies moved in mass against the wetbacks today, carrying out Atty. Gen. Brownell's order to send home Mexican nationals who are in this country illegally.

Three of the drive's leaders said advance publicity had rendered Operation Wetback a premature success. They said most of the wetbacks apparently had taken the hint and scurried across the line.

* * *

They based this view on the fact that officers were having some difficulty rounding up the aliens, and at the same time they expressed some concern over the voluntary exodus.

One of the three leaders, Herman R. Landon, district immigration director at Los Angeles, said he feared those who departed ahead of the drive may be hiding out across the border, waiting for an opportunity to hop back into the United States.

He said he felt easier about those who are officially escorted out, since they are sent into the interior of Mexico.

* * *

Landon; Marcus T. Neelly, district immigration director at El Paso, Tex.; and Harlon B. Carter, chief of the U.S. border patrol, told a news conference yesterday of the government's plans for the drive.

Carter said the border patrol force, in California and Arizona, would total about 750, or 500 more than the normal total. He said a mobile striking force has been set up in addition to the patrols along the border in the two states.

* * *

This task force, said Carter, emphasizes speed and mobility, making use of jeep-aircraft teams, roadblocks on roads leading north and other techniques.

The three officials said that predrive efforts in the last five days have rounded up 9,380 wetbacks, mostly transients, in California and Arizona. Of these, 5,222 were sent by bus to Nogales from El Centro.

In Case a Fire Starts Don't Bother to Call

CHARDON, Ohio (AP) — Mayor Donald C. Muchmore declared a water emergency last night and warned Chardon residents:

"If we have a fire tonight, there's no use calling out the fire department; we have no water.

United Press Photo

"GO ASK YOUR PAPA"—Standing straight and tall like the "little man" he is, this wide-eyed cub pleads with mama bear for a bit of pin money. It seems he wants to go bowling. Of course, mama refuses and shoos him off to daddy, who is asleep someplace inside the cave.

Buyer Assures Horses Needn't Live With Mules

JUNCTION CITY, Kan. (AP) — Millwood, the favorite horse of the late Gen. Jonathan Wainwright, hero of Bataan, isn't going to spend his remaining days among mules after all.

The Army recently ordered the transfer of 16 retired horses at nearby Ft. Riley, including Millwood, to Camp Carson, Colo., where the Army maintains a mule pack train.

Old-time cavalrymen and some local citizens protested the order. Ft. Riley is a former cavalry center.

Dr. F. A. O'Donnell, Junction City, lifelong friend of Gen. Wainwright, has bought Millwood and Dakota, jumping star of the U.S. Army's equestrian team in the 1936 Olympic Games, with the understanding they will not be ridden or driven the rest of their lives.

They'll continue to live on Kansas soil. A similar arrangement reportedly is pending for the 14 other horses.

Jordan Watershed Plan Is Developing

CAIRO, Egypt (AP)—President Eisenhower's special envoy in the Middle East, Eric Johnston, says "substantial progress" has been made toward working out a plan for joint Israeli-Arab development of the Jordan river.

Johnston announced yesterday after four days of conferences here with representatives of Egypt, Jordan, Lebanon and Syria that "an acceptable plan may be formulated" in the near future.

He said Israel's Arab neighbors had rejected an American plan for the Jordan watershed. Alternate Arab and Israeli programs also have been proposed.

Johnston leaves Friday for Tel Aviv to hold talks with Israeli officials.

The modern world uses two kinds of time: sidereal time, which is absolutely correct, and solar time, which is not entirely accurate except on or about March 21 of each year. This latter time scale is the one in common usage.

To accommodate 1954 summer traffic on British railways, 126 trains are being speeded up from 10 to 60 minutes and 27 start-to-stop trains are being added as against three such trains in 1953.

Pontiac Future Nurses Choose New Officers

The Pontiac High School Future Nurses Club elected its fall slate of officers recently, Mrs. Ann Morrow, faculty adviser, announced today.

The president is Nancy Austin. Leonard Berry is vice president; Helen Davis, secretary; and Pat Sederlund, treasurer.

Many projects were completed last semester including a potluck dinner, installation of new members and a tour of Michigan State College. The organization also attended a convention at Michigan State Normal College and a tea given by the Delta Kappa Gamma sorority.

Finns Hear Billy Graham

HELSINKI, Finland (AP) — More than 10,000 Finns massed at a Helsinki arena last night for the opening of a three-day revival crusade by U.S. evangelist Billy Graham.

Thief Gets Report Cards, Elementary Pupils Glad

SAN FRANCISCO (AP)—At least some of the eighth-grade pupils at Lagunitas Elementary School probably were pleased today.

A thief decamped with the report cards, achievement records, and progress reports of the class, which is due to graduate this afternoon.

"It was probably the work of some troublemaker who wasn't going to get any grades," theorized School Principal Mrs. Isabel C. Lankenau.

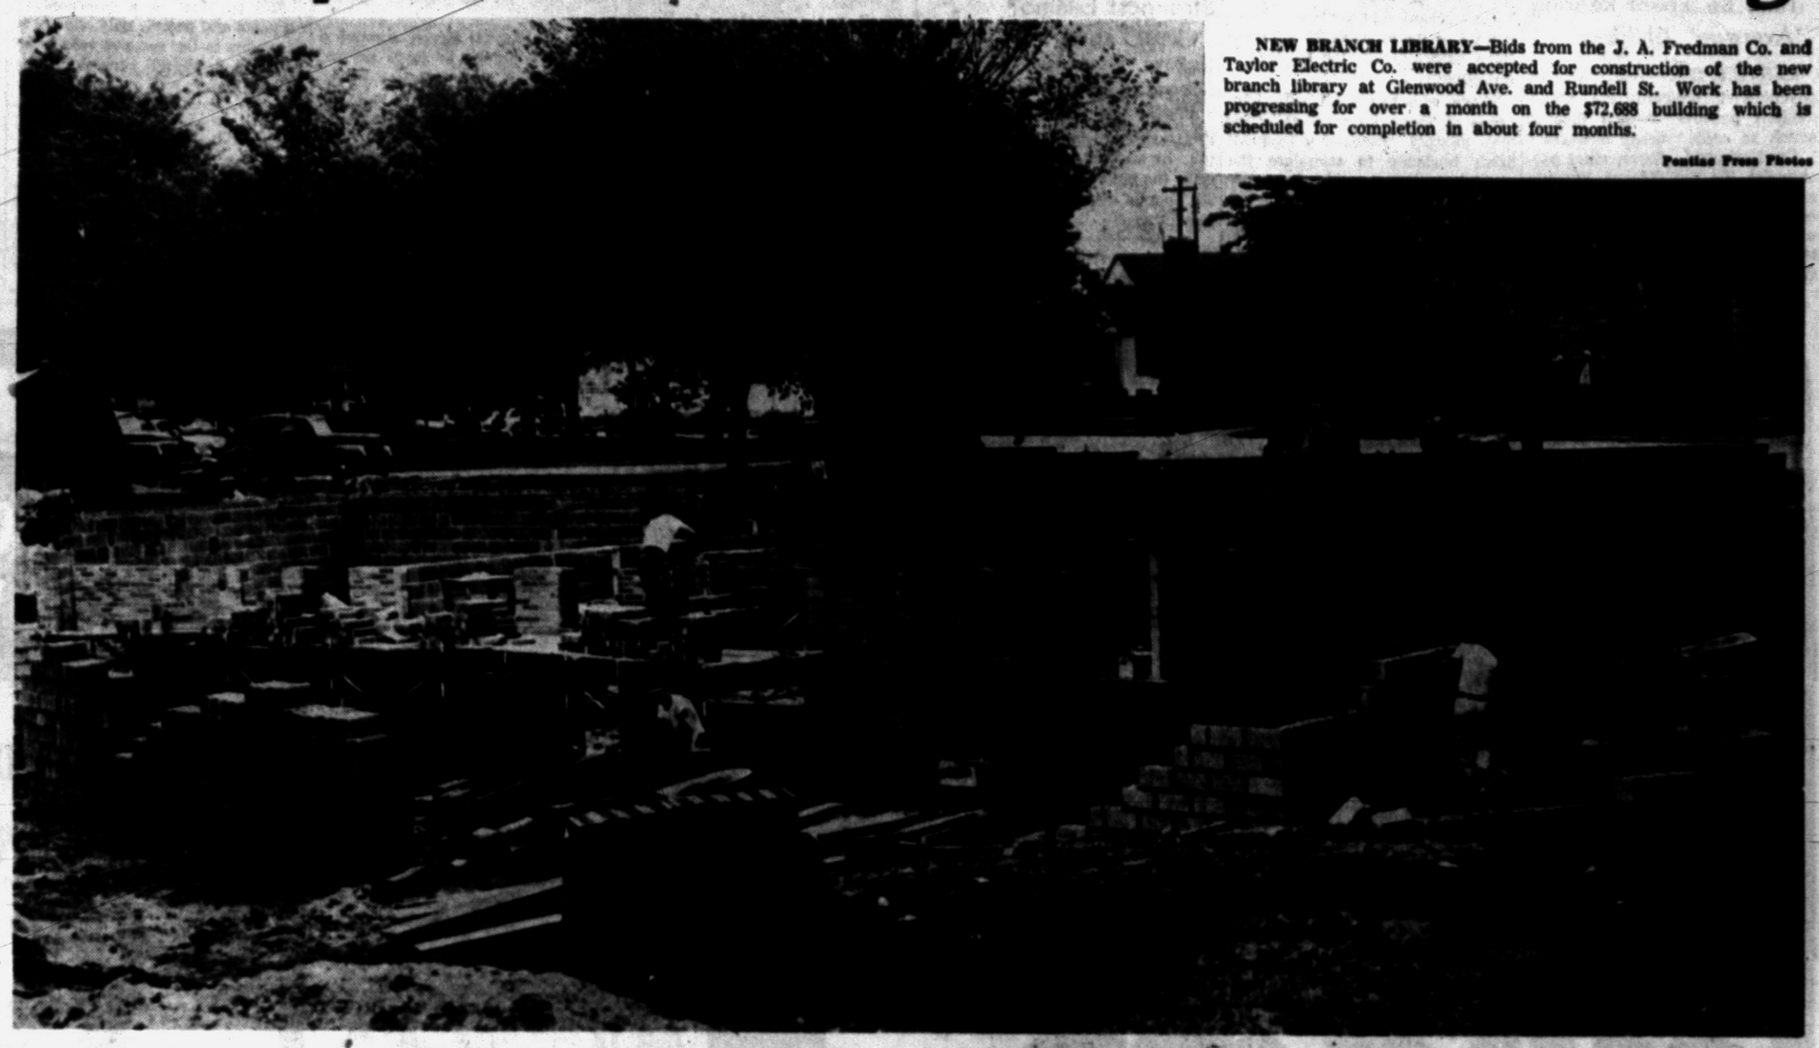
Building, Street Improvement Work in Full Swing

CURB PROJECT—A portion of California avenue was included in the curb projects slated for this year. In the top photo a city crew is shown constructing the curb forms. Below, cement is being poured into the form.



NEW BRANCH LIBRARY—Bids from the J. A. Fredman Co. and Taylor Electric Co. were accepted for construction of the new branch library at Glenwood Ave. and Rundell St. Work has been progressing for over a month on the $72,688 building which is scheduled for completion in about four months.

Pontiac Press Photos

NEW MUNICIPAL PARKING LOT—The new 250-meter city parking lot is shown looking northeast across E. Pike St. from the city hall. Parke street runs across the picture's top. A city crew is making the forms for construction of cement islands in which meters will be set. The lot will be blacktopped and lighted.

WALTON WIDENING—The A & A Asphalt Co. of Birmingham was awarded a contract by the city to include recapping Walton boulevard and widening curves. Here a crew is shown widening a curve between Baldwin Ave. and W. Telegraph Rd.

Don't Complain! Summer Doesn't Arrive Until Monday

WASHINGTON — The season of suntan lotion, mosquito repellent, outdoor barbecue and open - top convertibles has been around for several weeks, but summer doesn't officially arrive in the United States until June 21 — at exactly 55 minutes past 6 p.m. eastern daylight time.

That's the day the sun works longer hours than on any other day of the year: 15 hours and 37 minutes at Eastport, Me., Minneapolis, and Portland, Ore.; 14 hours and 31 minutes at Chattanooga, Albuquerque and Los Angeles; and some five minutes over 14 hours at Jacksonville, New Orleans and San Antonio.

This annual phenomenon, known as the summer solstice, occurs when the sun is directly overhead at the Tropic of Cancer, an imaginary line encircling the earth 23½ degrees north of the Equator.

For several days the sun appears to stand still, hence the word solstice, a derivation from the Latin phrase "when the sun stands still."

However, on June 22 the sun actually begins its journey "south for the winter."

Six months later, Old Sol will be directly above the Tropic of Capricorn, and summer will begin in the Southern Hemisphere at a time when the northern half of the earth is wrapped in winter garb.

Highest temperatures in the United States usually are not registered until late July and August, after increased heat from the sun's rays has had time to soak in.

Once the air blanket gets warm enough, less sunshine is required to sustain high readings.

Hottest spot in the United States is Furnace Creek in California's Death Valley. An all-time high temperature of 134 degrees was recorded there in 1913.

America, however, is cool even at summer's peak, compared to some other sections of the globe. When seasonal warmth bakes the Imperial Valley, drives Chicagoans to lakeside beaches, and sizzles the sidewalks of New York and Detroit, Americans can take comfort in the fact that it's probably a lot hotter somewhere else.

In Azizia, for instance, a little village in northwestern Libya, the mercury has soared to 136.4 degrees "in the shade."

In Iran, along the Persian Gulf unshaded thermometers have recorded 189 degrees, says the National Geographic Society.

Scientists say the weather is warmer than it used to be. They cite melting ice fields, changes in the migrating habits of birds and animals, and the northward march of plant life as evidence.

Machines: Are They Trustworthy?

By BEN RAY REDMAN

Ben Ray Redman's work has covered a wide range, from comment on the classics to motion picture production.

Recently we have been hearing of machines that can give the correct answer to simple logical problems, and of others that can translate from one language into another.

As yet the machines are novices in logic and possessed of only small vocabularies for the purpose of translation. But we can expect them to show rapid improvement.

We may see the day when the best of our logicians will come out second-best in competition with the mechanical thinkers, when the art of translation will be turned over to collection of electric cells, vacuum tubes, and other gadgets.

Then, of course, there are those scrambling and unscrambling machines, so dear to our State Department, that are supposed to contribute so much to our national security.

A top-secret message in code is fed into a scrambling machine in Washington, where it is thoroughly mixed up with a mess of alien matter. Then it is relayed to Geneva, let us say, where the unscrambling machine separates the message from the irrelevant material, and permits a code clerk to carry on from there.

These machines are all very wonderful and a little terrifying. But, to be frank, I am not completely sold on them. They raise a few questions in my mind.

How can we be sure that these mechanical brains are always coming up with the right answers? Particularly in the case of calculations that would require years to verify by human methods.

Are we going to spend years at verification, or are we just going to look the grunting, clicking, winking, flashing monsters the eye and take there word for whatever solutions they choose to give us?

As for logic, we can well leave that to the machines, for there are very few human beings who have any use for logic. But translation is another matter.

Knowing the prices that are paid even the best translators, I doubt that a machine can be built cheaply enough to compete with flesh-and-blood operators in the field. The machines will go down to defeat for strictly economic reasons.

And as for our national security being made more secure by our famous scrambling and unscrambling gadgets, it occurs to me that all the machines in the world can't protect us against human treachery, if it happens to exist at either end of the scrambling-unscrambling line.

But my real objection is more fundamental. I don't think we should go on with these gadgets until we have invented three more machines for which mankind yearns.

What are these machines that would be a boon to the human race? Listen, my friends and you shall hear. They are:

1. A machine that will remove paper doilies from under chocolate eclairs.

2. A machine that will undo packages wrapped in cellophane or fastened with Scotch tape.

3. A machine that will make a bed.

Car Bootlegging Curb Rejected

Auto Dealers Learn of 2nd Decision by Justice Department

DETROIT (AP) — A proposal to curb new car bootlegging has been turned down by the Justice Department for the second time, Frederick J. Bell, National Automobile Dealers Assn. vice president, said last night.

Bell made the announcement at a meeting of the association's board of directors and auto industry representatives.

Bell said the department had once more rejected a proposal that an anti-bootlegging clause be authorized for placement in contracts between the car manufacturers and their new car dealers.

Bootlegging results in a dealer selling his surplus stock of new cars to a used car dealer in another territory. When these cars are placed on sale, the sales compete with those of the franchised new car dealer in the area.

Bell said bootlegging is a problem for many smaller dealers throughout the nation.

He said also that there is still "considerable mortality" among car dealers because of the highly competitive condition of the market.

Set Trial for Kidnap Case

ALLEGAN (AP) — A plea of innocent was entered Wednesday in Circuit Court for Kenneth Stratton, 22, of Middleville, accused of kidnping an 8-year-old Allegan County girl. Judge Raymond L. Smith scheduled trial for July 12.

Says American Reds Want a U.S.S.R. Here

The Communist Party in America is part of an international conspiracy to establish a U.S.S.R. in the United States, R. D. Thompson, un-American activities committee chairman of the American Legion Cook-Nelson Post, told Pontiac Lions Club members Wednesday.

Thompson, who spoke at the group's weekly luncheon meeting in the Hotel Waldron, has made a 12-year study of Communist-front organizations in this country. He also is a member of the state committee on un-American activities.

Quoting Communist literature, he said the conspiracy is plainly pointed out in a pledge recorded in a book titled "Red Masquerade," by Angela Calamiris who served as an undercover agent for the FBI from 1942-49.

The pledge states:

"I pledge to remain at all times a vigilant and firm defender of the . . . party, the only line that insures the triumph of Soviet powers in the United States."

Referring to the front groups' work as a criminal plot, he said a high-powered propaganda machine is the Communist's biggest weapon in the United States.

He said records show that Reds spend more money annually for propaganda than is spent during presidential campaigns.

Thompson added that a House Committee on Un-American Activities 1951 report shows that four Communist-front organizations in California collected about $1 million from persons employed in the Hollywood motion picture industry.

"Many persons have unknowingly contributed to the Communist groups, the records show," he explained.

"There are definite signs that local organizations should be established in communities to inform people about Communist activities and propaganda," he noted.

Although Communist Party members deny they are officially taking orders from Moscow, he

R. D. THOMPSON

said there is no doubt of the affiliation. Much of the Communist propaganda distributed in this country, originates with Communist Information Bureau, known as the Cominform.

Thompson also showed the group various booklets and newspapers issued by the party. One newspaper, circulated by the Cominform throughout the world, is written in 40 different languages.

Parents' Money Passion Decried

Doctor Suggests More Time Be Spent Rearing 'Average' Children

DENVER (INS) — A Denver psychiatrist believes too many modern parents have a disease which he calls "money sickness."

Dr. Norbert L. Shere, chief psychiatrist for the Denver juvenile and domestic relations court, blasted parental habits of money loving and social climbing as devices for training inferiority complexes into children.

The Colorado University medical school instructor suggested most parents should content themselves with bringing up "average constantly making their youngster trive for perfection.

Shere said, "There are few parents that I see who have not expected more of their children — even demanded more of them — than they could give."

He stressed that youngsters who can't live up to parental expectations naturally develop feelings of inadequacy.

Shere who has dealt with hundreds of "behavior problem" children sharply criticized a frequent adult tendency to stimulate the child into "noisy motion," simply to keep him from "doing nothing."

He said children, like adults, need "time to assimilate, 'to savour, to digest."

So far as so-called juvenile delinquency is concerned, the psychiatrist believes some children misbehave because they just can't help themselves.

Furthermore, he says the only difference between the delinquent and the non-delinquents is the degree of social maladaptation . . . or in getting caught.

Strongest Eskimo?

WALES, Alaska (UP) — Alfred Mazonna, manager of the native cooperative store here, tips the scales at 246 pounds, wears size 50 jacket and is six feet one inch tall. In support of the claim that he is the strongest Eskimo, he lifts 280 pounds over his head with one hand.

Longest barrier reef in the world is said to parallel eastern Australia for a distance of about 1,200 miles.

Children Prefer Simpler Miracles

SCHENECTADY, N. Y. (AP)—TV, Jets, AC, DC? Shucks, there's no stunt like an old stunt to delight a child.

General Electric Co. "magicians" in a presentation to Brooklyn students made music ride a beam of light, lit an electric lamp with a match, made a toy electric train obey the commands of a man's voice and lifted the youngsters out of their seats with the noise of a real jet engine.

But when a vote was taken, the favorite bit of "magic" proved to be a mixture of chemicals that sputtered, fizzed and foamed 150 times before freezing into the shape of a "strawberry ice cream soda."

Mental Therapy Value Is Seen for Poetry

DENVER (INS) — A University of Denver study indicates poetry may ultimately be used as a valuable tool for diagnosing mental ills.

Dr. Zelma B. Green showed a series of poems to forty normal persons and forty persons suffering from schizophrenia, a relatively frequent form of psychosis.

All persons were asked to separate the poems into groups of "liked," "indifferent" and "disliked." Then each individual was encouraged to tell why he felt as he did about each poem.

Dr. Green found that the normals and the schizophrenics tended to give sharply different sorts of responses on eleven of the 20 poems which she used as a test.

Also, she felt that poetry, because it is a language whose symbols originate in the unconscious, could tend to help release the tensions of the reader and thus have a definite use in psychotherapy.

And perhaps as a commentary on poets and poetry, only one of the 20 poems in the set was said to be understood by all persons in the groups tested.

Banana Seller Tells How to Make Fortune

BOSTON (UP)—John Philopoulos, 60, who arrived here from Greece in 1909 as a penniless immigrant and built a fortune by starting with a banana pushcart, was asked the secret of his success.

"You can make money," Philopoulos explained, "if you have a better product than the next chap. I always bought the best bananas, sold them cheaper than the others, and sold more of them. It's funny, but if you don't try to make money too fast, you make it faster."

Reporter Unravels Mystery of Onassis

Sleeps 3 Hours Per Night, Makes 1st Million at Age 25

By JOACHIM JOESTEN

New York Herald Tribune News Service
second in series

The biggest mystery in the life story of Aristotle Socrates Onassis has always been how he made the bottom layer of his now towering fortune.

It is axiomatic that it is not just the first million, but the first hundred thousand, that is hardest to earn in any man's life.

It is no great feat for a millionaire to double, triple or even hundredfold increase his holdings. But it is a tremendous achievement for any man to make a million dollars in a few years, starting from scratch.

In the case of Onassis, there is no great mystery, because the premise doesn't hold good. His has been a rags-to-riches story only in a very relative sense. He never did start on a shoestring, as some of the most enthusiastic addicts to America's favorite myth have made it appear.

He came from a prominent and wealthy family that fell on evil days. But not all of his father's properties were engulfed by the 1922 disaster in Turkey.

In his own words, "My father still had a few small bank accounts left, in Switzerland, in England, and some other places."

More important still, his father had far-flung and excellent connections in the international tobacco business.

Even so, young "Ari's" start in life was decidedly not easy. When they sent him off to Argentina, early in 1923, his impoverished family could give the boy only $100 as a starting capital, along with a ship's ticket from Athens to Buenos Aires.

By the time he stepped off the boat, he had $60 left to stake him while he looked for a job.

Here we come to another of the Onassis "mysteries" — his age. According to his official papers, in particular his Argentine passport, he was born in 1900, which would make him 54 now.

Actually, he claims to have been born in 1906, and that explains when he disembarked in Buenos Aires, he was too young to apply for work and manage his own affairs. So he added a few years to his tender 16 and they have been hard to shake off since.

Onassis's nationality is as difficult a subject as his age. He was born a Turkish citizen, but after the sack of Smyrna its Greek residents were stripped of that nationality without automatically becoming Greek citizens. Thus, for two years Onassis was a stateless person. Once in Argentina, he applied for Argentine citizenship, which was granted him after only two years' residence.

Oddly enough, a few months after he had become an Argentine national, Onassis learned that, like hundreds of thousands of fellow-refugees from Asia Minor, he had been granted Greek citizenship under a settlement reached at the Treaty of Lausanne.

Thus, after having had no nationality at all for two years, he now had two — and he kept them both! I strongly pressed this point, in my questions, and he answered unhesitatingly: "Yes, I am both an Argentine and a Greek citizen."

Incidentally, his wife, who is the daughter of Stavros G. Livanos, another member of the Greek shipping circle, is an American citizen, as are the couple's two young children, Alexander and Tina.

Explaining his exceptionally quick rise to great wealth, Onassis relates that he first landed a job with the United River Plate Telephone Co., an affiliate of ITT, as a night switchboard operator.

He kept at this for six months, allowing himself only an average of three hours' sleep a day.

His free hours during the day he used to set himself up in business, dealing in Oriental tobaccos.

At the time, Turkish, Greek and Bulgarian blends were virtually unknown in Argentina. About 90 per cent of the cigarettes consumed in the country were made with Cuban or other American tobaccos; only 10 per cent came from the Near East.

Onassis made up his mind to change the ratio. Operating out of his modest boarding - house room, he set himself up as an importer.

In this endeavor, the know-how acquired from his father and even more the latter's world - wide connections proved a big help.

Young Onassis skilfully brought it all into play his father's friendship with one of the most prominent local manufacturers of cigarettes, his sources of supply in Turkey, Greece and Bulgaria, the paternal credit, etc.

In the space of two years, he jacked up the ratio of Oriental tobaccos used by Argentine consumers from 10 to 35 per cent.

At the end of that period—he had already given up his telephone job by then—he had sold $2,000,000 worth of Old World leaf tobacco to his New World business acquaintances, making 5 per cent commission on each sale. In other words, he cleared $100,000 in two years.

He paid no taxes on the money he raked in, (there was no income tax in Argentina at the time) and his operating expenses were practically nil.

In his third year, he started making cigarettes on his own.

In his third year, he started making cigarettes on his own.

The up-and-coming young Greek, who now was well on his way towards the first million, did not fail to attract the attention of the Athens Government.

In 1928, he was appointed special envoy in charge of negotiations for a new trade treaty between the two countries. He acquitted himself well of this task and, in reward, was appointed Greek Consul - General in Buenos Aires.

From then on, the road was smooth and easy. He added new staples — grains, wool, hides, whale oil — to his fast-expanding commercial interests. By the time he was 25, the young Greek-Argentine was worth an estimated $1,000,000.

But, while his luck was unusually good, the young go - getter also had worries. His father had passed away, and now he was in charge of the whole flock of surviving relatives.

"At 20, I was not only sending them money, but solving all their problems," he told me.

"Why, I had to decide what school the children were to go to —in Athens, mind you — and who was going to marry whom. I was the only one to make money—so, naturally, I was considered head of the family."

(To Be Continued)

Youth Carries Day in California Church

SANTA ANA, Calif. (AP) — The minister wears an open collared sport shirt and speaks in a youthful urgency. He is 23 years old. The assistant pastor, 21, takes charge of the 75-year-old pipe organ and plays in the church orchestra.

The orchestra itself is composed of 15 to 25 youths ranging in age from 10 to 16. The older boys teach the younger ones how to play. The members receive no pay.

The church, built in 1898, is a simple white walled building with a belfry. It is called the Country Church of Talbert. The town is unincorporated and has just 750 citizens. The entire services and all its policies are carred out by young people.

Sometimes a single silk thread as long as 1000 feet is wound onto the reel from a single cocoon.

IN PLACE OF MOTHER—Mamma abandoned this donkey colt somewhere in Berlin. But a motherly dog of undetermined pedigree decided to adopt the colt. She stays close to the baby, taking care of it, as if to make sure it will not grow up without affection.

Diseases Show Drop in County

Weekly Reports Show Measles Cases Are Up in Pontiac, However

Fewer cases of chicken pox, measles and mumps marked Oakland County's health record last week, reports from the county health department showed today.

Weekly listings released by Dr. John D. Monroe, county health director, listed 49 cases of chicken pox, compared with 55 the week before. Mumps cases totaled 111, down from the previous week's 127, and measles struck 69 people as against 83 the week before.

The county health report, covering the whole county except Pontiac, follows in full:

	Past Week	Week Ending June 5, '54	June 13, '53
Chicken pox	49	55	72
Measles	69	83	191
Pneumonia (all forms)	1	0	0
Poliomyelitis	1	0	0
Scarlet fever	4	2	17
Tuberculosis (all forms)	0	0	2
Whooping cough	7	2	0
Mumps	111	127	35
Rubella	3	7	43
Hepatitis	6	4	4
Diarrhea	2	0	1

Pontiac had more measles but less mumps last week, Pontiac City Health Department tally showed.

The city report, also released by Dr. Monroe, listed 11 measles cases as against six the week before. Nine cases of mumps were found, less than half the previous week's 19; and eight cases of chicken pox were listed, three more than the week before.

The city report reads as follows:

	Past Week	Week Ending June 5, '54	June 13, '53
Chicken pox	8	6	3
Diphtheria	0	0	0
Gonorrhea	5	4	7
Measles	11	4	20
Mumps	9	19	0
Pneumonia	0	0	2
Rubella	0	0	8
Scarlet fever	1	1	0
Syphilis	1	2	4
Tuberculosis	1	0	1

Utica Man Candidate for Governor of State

Theos A. Grove of Utica is expected to be the Socialist Labor Party's candidate for governor in Michigan's fall general election.

Other pre-convention choices, announced by the party's state central committee, including Albert Mills of Utica and Frank Troha of Ferndale for U. S. congressman for the 7th and 18th Districts, respectively. Kenneth Hamilton of Pontiac is expected to run for state senator in the 12th District. The party's convention is scheduled for Aug. 21 in Detroit.

Bob Considine Says:

Sam Snead's Unfinished Business Is to Win Open

NEW YORK (INS) — Old golfers never die, nor do they fade away. Instead, they keep playing in the National Open. Eventually, they get around to winning it. That is, everybody except Sam Snead.

Sam's the perennial bridesmaid of this greatest of our golf events, whose 1954 renewal unveils today at Baltusrol in New Jersey. He's been second more often than Tom Dewey.

More times than Sam likes to recall, one bad hole has cost him the title, the only big title that has resisted his massive attacks on the citadels of par throughout the golfing world since he burst into prominence in 1937.

Sixteen Opens ago he was tragically close. He came up to the final hole of the 72-hole event at Philadelphia far enough in front of the pack to be able to win with a bogie six and tie with a horrendous seven. But either tally was unthinkable. Sam had birdied that not too difficult par-5 final hole in all three previous rounds.

What happened is still spoken about in awed whispers by the thousands who witnessed it. I would count it among the ten most memorable events of my own sports-writing life.

Sam's drive hooked into the trampled rough, perhaps 230 yards out. He liked his lie better than most of those who followed him. He chose a wood and took one of his classic swings at the ball. But instantly the mob realized that he had not got the meat of the ball. There was no life in the pill.

It started off with the proper trajectory, but it was an imposter. When it should have shown another burst of life it quietly died, and came to rest in a sand trap perhaps 150 yards from home.

An eerie quiet settled over the following crowd, and over the great human scimitar reaching around three sides of the final green. A man was demolishing himself in full view. A waiting headline was being killed and rewritten. A man known for his deep respect for a buck was wantonly burning 50,000 of them.

Now Sam had to gamble as never before, or since. He calculated the steep rise of the face of the trap and weighed it against the slant of the face of the club he knew he needed to get home with. If he hit the ball exactly right . . .

The ball streaked out of the sand, hit the Ubangi lip of the trap with a sickening thud, popped a few feet up in the air and fell back in the deep grass that ornamented the top of the bunker.

It was then Snead blew his stack. He grabbed bitterly into his bag and pulled out the first iron his hand touched. He lashed at the hidden ball, and the people gasped and sighed as the ball went crazily into the fleeing crowd to the left of the green. Snead had now taken four shots.

With an outstanding approach and a little luck with a putt Snead could still have made it. But his approach was a stricken push that left him with a 20-foot putt. He missed the next putt, too. He was down in eight. And out.

The people didn't even gasp now. They made a tumbrel-wide opening that led to the clubhouse. Snead walked down it in terrible silence, his face a curious green. "Tough, Sam," a man finally ventured. But he didn't hear.

He walked into the locker room, sat down on a bench, and buried his head in his hands. There wasn't anything to say. There was no eruption of anger inside him until a bossy old New York sportswriter who had a knack for outrageous questions demanded:

"Well, now! Tell us why you did it?"

For a short period of time Snead must have thought of braining him with a sandwedge, confident any jury would acquit him. But his anger subsided. He survived and thereafter found much happiness, success, good jobs and money.

There will never have to be a benefit run for Samuel Jackson Snead. In almost any other major league sport he'd be through now — in his 40's and bald as an eagle. But Sam has this one great piece of unfinished business to attend to: Victory in the Open.

It has been written that this is his last chance to win. Nonsense. As we were saying at the beginning, old golfers never die. If they did, Sam Snead would have died that terrible afternoon in Philadelphia in the forgotten year of 1938, when knighthood was in flower and Hogan was but the name of a friendly saloon.

B26 Crashes in Japan, 1 Killed, 3 Parachute

TOKYO (AP) — An Air Force B26 crashed and burned 65 miles northwest of Hiroshima today, killing one of four crewmen.

The Air Force said the other three men parachuted and escaped.

No names were announced.

Business Men Learn to Read

Course Given to Hike Their Reading Speed, Comprehension

KALAMAZOO, Mich. (UP) — Thirty executives from 30 to 60 years old, have returned to school to learn to read.

Homer L. J. Carter, director of the psycho-educational clinic at Western Michigan College, said the men attended a weekly class to speed up their reading. The increasing amount of paper work that daily crosses executives' desks and should be read by them is what made these men ask for such a course, he said.

Speed in reading isn't the most important thing, Carter emphasized. It's reading and understanding what has been read that counts. With an understanding of what is read, speed readily follows.

He said the reading speed of one group of business men was raised an average of 35 per cent. A good speed-reader can handle about 1,200 words a minute and understand about 90 per cent of what he reads.

Carter stresses these points: decide what is wanted from the material, whether it's for pleasure, grammar, facts or figures; don't worship speed but do some rapid reading each day; learn to read by phrases, not single words; read a variety to increase versatility, and increase vocabulary to eliminate stumbling.

Carter has been conducting special classes for several years for Western students. The business men's course is of 10 weeks duration, with classes meeting for two hours each week.

United Press Photo

GOWN FOR GRANDMA—World famous Grandma Moses in Troy, N. Y. uses the mirror to get the effect of cap and gown garb as she prepares for June festivities in which the Russell Sage Foundation Alumnae class of '49 honor her. The scholastic garb seems to suit the noted painter almost as well as brush and palette.

Ortonville MOMS Hostess to State Board, Others

ORTONVILLE—MOMS of America, Unit 14, Tuesday entertained the state MOMS board and the Oxford, Webber-Block, Gingellville and Plainwell units at the Seymour Lake Community House.

Heading the list of state officers was Mrs. Rose Mack of Allen Park, Michigan president.

Following a brief business meeting, conducted by Mrs. Earl Lewis, unit president, a program was held. Refreshments were served by Mrs. Winifred Porrett and Mrs. Stanley Solley.

Democrat Gains GOP Converts With New Road

MANCHESTER, Ky. (UP) — Wetherby Trail, the road that Democratic Gov. Lawrence Wetherby built for his Republican friends around Ashers Fork, will be dedicated June 26.

And the governor himself will be there to help do the honors, bringing with him some of his top Democratic sidekicks.

Here's the background:

Until three years ago, Upper Red Bird Precinct in Ashers Fork was a hotbed of Republicans. Had been for 100 years.

But Ashers Fork, 18 miles up in the mountains from Manchester, had needed a road for all of those 100 years and couldn't get one spade of earth turned on it. Not even during the rare occasions when the Republicans were in office.

Without stating their wishes, the Upper Red Bird Precinct people up and voted a landslide ballot for Wetherby. Then they sent a delegation to Frankfort to suggest some show of appreciation might be in order.

Wetherby agreed. He built the five-mile road that will take Ashers Fork out of the wilderness. The Ashers Fork people decided to name the road Wetherby Trail.

3 Drunk Drivers Pay Fines at Birmingham

BIRMINGHAM—Three men appearing before Associate Justice John C. Emery Jr. yesterday on charges of driving under the influence of liquor, pleaded guilty and paid fines.

Raymond Beeman, 25, of 959 E. Maple paid $75; Raymond Davis, 31, of Wayne, was fined $60; and a $65 fine was paid by J. W. Leverette, 25, of Flint.

Think Wires Cause of Apartment Blaze

Shorted electrical wires were blamed for a $1,500 fire Wednesday afternoon in an apartment building at 271 Branch St.

Firemen, who fought the blaze for about an hour, said the fire apparently broke out in the walls and ceiling. Three second-floor apartments were damaged.

Loss was estimated at $1,500 to building and $300 to contents. No one was injured.

Buy Water Plant Site

HOLLAND (UP) — The City Council Wednesday authorized purchase for $22,050 of a site north of Tunnel Park on Lake Michigan for a new municipal water plant. The water expansion program is expected to cost $3,000,000 and be financed by revenue bonds.

Plan Study Tours for U. S. Teachers

CHICAGO (UP) — American universities and colleges are offering a record number of overseas study-tours to teachers this year, the AFL American Federation of Teachers announced.

The AFT's International Relations committee said 50 schools will set up 89 study-tours this summer compared with 82 tours offered last year, and 37 the year before.

Sixty-six study-tours are in Europe. The subjects include: Geography, education, social science, music, art, drama, religion, English and foreign languages. Other programs take in tours of the Middle East, Latin America, Canada and Alaska.

J. Brett, Waukegan, Ill., chairman of the committee, said "thousands of teachers have been saving for months to join the record crowds for travel and study." He said now tour organizations have announced low-cost transportation for teachers.

Neva Goheen, Ronald Robinson Exchange Vows

AUBURN HEIGHTS—Before an altar decorated with spring flowers and palms, Neva Goheen and Ronald Robinson exchanged marriage vows in Yale Methodist Church Saturday evening.

The bride is the daughter of Mr. and Mrs. Arthur Goheen of Melvin and her husband is the son of Mr. and Mrs. Clarence robinson of Auburn Heights.

Donna Goheen, sister of the bride, was maid of honor, while Forest Robinson of Pontiac served as best man for his brother.

Bridesmaids were Judy Smith of Melvin and Josephine Schumaker of Yale. Attendents were Lewis Fourner of Pontiac and Harley Cook of Yale. Robert Beem and Sonny McClure served as ushers.

For the ceremony the bride selected a gown of white Chantilly lace and nylon tulle over satin. The fitted bodice was accented by a mandarin collar and buttons. The bouffant skirt ended in a chapel-length train.

Neva's fingertip veil was trimmed with lace and she carried a colonial bouquet of white and red roses.

Following a reception in the Brockway Sportsmen's Club, the couple left on a trip through northern Michigan.

Upon their return, they will make their home at 3039 Henry St.

More than $30,000,000 will be spent in modernizing Irish railroads, extending the services, introducing diesel engines, reducing the fuel bills one half and adding 340 passenger cars and 3,300 freight cars.

AEC Member Fears Threat of Atom War

DETROIT (UP) — Thomas E. Murray, a member of the U. S. Atomic Energy Commission, told University of Detroit degree winners Wednesday night the most "fearful and threatening problem" of the nuclear age is the possibility of nations letting loose on each other with mass destructive weapons.

Murray, who received an honorary Doctor of Science degree at the school's commencement, said the United States is being forced to divert much of its atomic program to stockpiling weapons because Russia will not agree on a plan to outlaw nuclear warfare.

"Unhappily," he said, "the Soviet Union does not understand this kind of approach. Instead, they like to interpret American offers as a sign of weakness."

Murray added, however, that the United States will continue to seek ways of harnessing the atom for peacetime uses.

Approve County's Plea to Ban Liquor, Wine Sale

TRAVERSE CITY (UP) — Grand Traverse Prosecutor Harry Running said the State Liquor Control Commission had approved the county's annual request to ban temporarily sale of liquor by the pint and wines of high alcoholic content.

The ban will be in effect from July 6 to Aug. 21 as a law enforcement control measure while migratory harvest workers are in the area.

Scientist Studied to Avert Probe

Congressmen Led Move to Place Oppenheimer Before Special Board

WASHINGTON (AP)—Congressional sources said today one reason the administration decided to conduct a security review of atomic scientist J. Robert Oppenheimer was to head off a possible congressional probe.

William L. Borden wrote the FBI Nov. 7, 1953, after resigning as executive director of the Senate-House Atomic Energy Committee, that his study convinced him Oppenheimer "more probably than not . . . is an agent of the Soviet Union." The letter was made public Tuesday night in the transcript of the Oppenheimer hearings before a special three-man review board. Many scientists who testified called Oppenheimer, a principal developer of the atomic bomb, both loyal and an excellent security risk.

• • •

Informed congressional sources who declined to be quoted by name said copies of Borden's letter came into possession of investigating committees headed by Senators McCarthy (R-Wis) and Jenner (R-Ind). McCarthy has spoken of looking into Oppenheimer's past record and, before the security review was announced, mentioned an 18-month "delay" in development of the hydrogen bomb.

The informants said some congressmen feared any Capitol Hill probe might throw the case into public "partisan politics" and that they led a backstage move to place it before a special board.

The Atomic Energy Commission set up a three-man panel headed by Gordon Gray, president of the University of North Carolina, which held extensive hearings. It voted 2-1 not to lift Oppenheimer's present denial of access to secret material, while holding unanimously that he is loyal and discreet.

• • •

The board's findings are subject to a final review by the five-man AEC, which has promised to rule sometime this month.

The apparently unprecedented publication of the full security panel hearings, meanwhile, showed that atomic scientist I. I. Rabi of Columbia University voiced fear that controversy over the Oppenheimer case may result in free tips to the Russians on how to perfect the H-bomb.

Dr. Rabi, chairman of the AEC's General Advisory Committee—a post Oppenheimer held in the post-war years—made it plain he does not think the Russians have perfected an H-bomb.

• • •

AEC Chairman Lewis L. Strauss has said the Russians have exploded "a weapon or device" involving fision, the hydrogen bomb process. His use of the word "device" suggested it might be only a laboratory-type model.

Mushrooms of the Amanita group cause more deaths than all other poisonous mushrooms combined. No antidote is known for their poison, the chemical action of which is not understood.

"AND WHOO-OO'S LAUGHING?" — Even the funniest joke can't change the expression of this owl called Rudy, adopted by laughing brothers Gary and Robert Woodlin of Salina, Kansas. The lads found the four-month-old baby owl while on a fishing trip. Their mamma said yes when they asked to keep him as a pet.

United Press Photo

U. S. Gives Love, Says Refugee From Yugoslavia

CHICAGO (AP)—A former Yugoslav judge and cabinet minister says he is proud to be a laborer in an American laundry.

"My new country," said Stankos Masic, 67-year-old refugee, "has given me not only a roof and bread but its love."

• • •

Masic addressed 1,200 persons who were awarded certificates for completion of various phases of adult education classes provided by the board of education. Most of them were foreign born.

• • •

Masic had been chosen to speak as the representative of the candidates for certificates. As a captain in the Yugoslav army, Masic had been captured by Italian soldiers in 1941. Homeless, he was allowed to come to the United States in 1951. His wife and two children still are refugees in Austria.

Flint Editor Lashes Back at Charges by Red Cross

FLINT (UP) — Michael A. Gorman, editor of the Flint Journal, said Wednesday "The charge by E. Roland Harriman, Red Cross national chairman, that Flint was unwilling to help itself in the 1953 tornado disaster is amazing."

"Flint resents this cruel and unwarranted attack," Gorman said in an editorial.

"It is belied by the wide and competent acclaim accorded Flint for the job it did to restore as far as possible the material loss suffered by victims of the tornado," the editor said.

"Without the countless individual and unaffiliated group instances of help, this restoration amounted to more than 70 per cent," he said. "Besides a trust fund of $110,000 was set up for the education of children who lost parents in the catastrophe.

"The total loss to victims was estimated, through scrutinizing appraisal, at $5,124,870, of which there was a $2,349,035 recovery through insurance. Of the remainder, the rules of Red Cross permitted $580,531 aid. A fine virtue of this was its expert service applied immediately. But there still remained more than $3,000,000 in loss to families whose most grievous suffering was 116 deaths besides hundreds of injuries.

"Humanely, Flint, largely through its Red Feather Disaster Fund, sought to supplement assistance as equitably as good minds could devise. High management, top labor, civic and business leaders, backed by the rank and file in every category, worked out a formula and application which have been described in social service as a great accomplishment. Not one cent was spent for overhead.

"People gave as they chose. The Red Feather Fund did not put on a drive. Red Cross received $62,476 in this voluntary response. Early the next morning after the tornado, General Motors gave $100,000 to the Red Feather Disaster Fund. The International UAW - CIO followed with $50,000, Flint locals gave $50,000 and $50,000 came from other Michigan locals. GM and the unions agreed to an exception to permit deduction for voluntary contributions from workers. About $200,000 resulted from this. All was given through the Red Feather Disaster Fund. 'Operation Tornado' got world - wide note when 7,800 volunters gave two days of labor estimated at $211,000 toward rebuilding 193 of the homes.

"Then the audited accounting given the contributors and the general public was unprecedented. The Flint Journal published gratis a 16-page tabloid section devoted exclusively to this report which listed every case anonymously by number. Included were the casualties suffered, total loss in property, total recovery and the amount of Red Cross, Red Feather and 'Operation Tornado' aid.

". . . Mr. Harriman has used this disaster and has smeared Flint's good name in a desperate effort to retard the national development of federated giving . . .

"Flint is one of the nation's strongest arguments for the federated giving which he seeks to obstruct . . ."

Red Envoys to Pakistan Get Travel Restrictions

KARACHI, Pakistan (AP)—Prime Minister Mohammed Ali told Parliament today his government will restrict movements of Russian Embassy officials in Karachi.

He told a questioner the matter would be one of "strict reciprocity."

This was taken to mean that Pakistan will restrict Soviet diplomats to the same extent the Pakistanis are restricted in Moscow.

Connecticut statisticians say the federal gavernment owns less land in that state than in any other—half of one per cent of 3,600,000 acres.

Nkrumah Party Gains Gold Coast Majority

ACCRA, Gold Coast (AP) — Partial returns today from the Gold Coast's general election gave Prime Minister Kwame Nkrumah's independence - seeking Convention People's party a clear majority in this British colony's new Assembly.

Nkrumah probably will be invited to form a new government later today when he calls on the colony's British governor, Sir Charles Arden-Clarke.

* * *

With 89 of the 104 Assembly seats decided, Nkrumah's faction had garnered a total of 58 to the combined opposition's 31. The balloting for the seats in this first all-native assembly in colonial Africa was held Tuesday.

The Convention People's party has been the dominant faction in the Gold Coast since 1951. It stands for complete independence of this 90,000-square-mile colony, south of the Sahara Desert in west Africa.

TRYING — Radical Socialist leader Pierre Mendes-France accepted President Rene Coty's bid to form France's 20th postwar cabinet. He immediately began the search for the 314 assembly votes necessary to make him premier.

Young Wrestler Whips Brother, Breaks Bone

KNOXVILLE, Tenn. (AP)—Fourteen-year-old Mack Garrett has decided two things: wrestling isn't what it's cracked up to be and women aren't the weaker sex.

Mack and his 11-year-old sister Anna decided to imitate a pair of wrestlers they'd been watching on television. Anna applied an armlock and Mack went flying over her shoulders.

Last night hospital X-rays revealed Mack has a broken left arm.

Notice of Intention to Construct Sanitary Sewer on N.W. Side of Perry Street from Arlene Street to Madison Avenue.

You are hereby notified that at a regular meeting of the Commission of the City of Pontiac, Michigan, held on the 15th day of June, 1954, by resolution it was declared to be the intention of the City Commission to construct sanitary sewer on the N.W. side of Perry street from Arlene street to Madison avenue at an estimated cost of $6,173.20 and that the plan, profile and estimate of said improvement is on file for public examination.

It is further intended to construct said improvement in accordance with the plan, profile and estimate, and that the cost thereof shall be defrayed by special assessment according to frontage and that all of the lots and parcels of land fronting upon the N.W. side of Perry street from Arlene street to Madison avenue shall constitute the special assessment district to defray $1,747.68 of the estimated cost and expenses thereof and that $4,425.52 of the estimated cost and expenses thereof shall be paid from the Sewage Treatment Fund.

NOTICE IS HEREBY GIVEN

That the Commission of the City of Pontiac, Michigan will meet in the Municipal Court on the 22nd day of June, 1954 at 8 o'clock p.m. to hear suggestions and objections that may be made by parties interested.

W.O. 6703

Dated: June 16, 1954.

ADA R. EVANS, City Clerk.

June 17, 1954

Notice of Intention to Construct Curb, Gutter and Drainage on Linden Road from James K Boulevard to Smith Drive.

You are hereby notified that at a regular meeting of the Commission of the City of Pontiac, Michigan, held on the 15th day of June, 1954, by resolution it was declared to be the intention of the City Commission to construct curb, gutter and drainage on Linden road from James K boulevard to Smith drive at an estimated cost of $4,341.37 and that the plan, profile and estimate of said improvement is on file for public examination.

It is further intended to construct said improvement in accordance with the plan, profile and estimate, and that the cost thereof shall be defrayed by special assessment according to frontage and that all of the lots and parcels of land fronting upon either side of Linden road from James K boulevard to Smith drive shall constitute the special assessment district to defray $3,232.64 of the estimated cost and expenses thereof and that $1,108.73 of the estimated cost and expenses thereof shall be paid from the Capital Improvement Fund.

NOTICE IS HEREBY GIVEN

French Theater Installs U.N.-Type Translation Devi

PARIS (AP) — A Paris theater is experimenting with a U.N.-type translation apparatus as a lure to English-speaking visitors who don't know French.

The gadget is a tiny earphone similar to the simultaneous translation system used by delegates and visitors at U.N. meetings. Unlike the U.N. sets, however, the receiver is held to the ear (no headset to muss madame's coiffure), and only one language — English — is offered.

The translation comes from a recording whose speed is regulated as the play progresses. Experimentally, 20 of the sets have been installed in the 600-seat Comedie des Champs Elysees, now playing a revival of Marcel Ayme's popular comedy "Clerambard."

Bilingual theatergoers say the translation is good, and funny, but the volume can't be regulated and the record doesn't always keep pace with the action.

Selznick to Make Movie Out of 'War and Peace'

HOLLYWOOD (AP)—David O. Selznick says he will return to film production with a movie version of Tolstoy's "War and Peace."

The producer made "Gone With The Wind," greatest money grosser of all time.

Selznick said yesterday he considers "War And Peace" similar in scope to "Gone With The Wind" and that he intends to produce it as such.

His last production was "Duel In The Sun" in 1946 which starred his wife, Jennifer Jones.

Soldier Learns Truth About Army Promises

KANSAS CITY (AP)—Sgt. Henry C. Butcher, 34, a soldier 11 years, says the Army promised to send him to Germany when he re-enlisted.

So he and his German-born wife planned happily for the move. During his last two years of duty at Ft. Riley, Kan., Mrs. Butcher worked in an Abilene, Kan., bank and saved money for the trip to see her parents again.

It didn't quite work out that way, though. Today the sergeant shoves off for Japan.

His wife and their 2-year-old daughter are going to Germany for a visit anyhow.

Sixty-five per cent of Canada's area is agriculturally worthless.

Deal Sounded Cool, but Really Burned Him Up

CHICAGO (AP) — Paul Greenfield told police he's burning up over a deal with three men for an air conditioner.

Greenfield told Detective Matthew Parypinski that he gave three men $680 for an air conditioner they told him they could get at a wholesale price. He had met them in a tavern. Sweltering in the 90-degree heat yesterday, Greenfield told Parypinski it sounded like a cool deal.

He went as directed by the three men to a Northwest Side garage to pick up the machine. But he quickly discovered their sales talk was just a lot of hot air. There was no machine there.

The corn belt of the U. S. includes Iowa and Illinois and parts of Indiana, Kansas, Kentucky, Michigan, Minnesota, Missouri, Nebraska, Ohio, South Dakota and Wisconsin.

Punch-Happy Citizens Confined by City Law

SPARKS, Nev. (AP)—Ah, the once-wild West . . .

The Sparks city council has adopted an ordinance against assault and battery.

Henceforth, Sparks citizens who punch one another will be liable to fines up to $500 and jail sentences of up to 250 days, or both.

The councilmen furthermore decided that two people who fight in public and thereby terrorize their fellow citizens shall be guilty of an affray. Such rowdies will be subject to a maximum penalty of 150 days in jail, a $300 fine, or both.

City Boost in Tax Rate

NORTHFIELD, N. J. (AP) — "Do it yourself" was the way the city of Northfield decided it could pass a higher budget with the same tax rate.

The city hall needed painting, but the cost—$1,500—would boost not only the budget but also the tax rate. So Mayor George Infield and the city councilmen painted the hall themselves, and the tax rate stayed the same.

Oklahomans Don Tuxes for Ethiopian Emperor

STILLWATER, Okla. (AP)—Formal events scheduled for Ethiopian Emperor Haile Selassie at Oklahoma A&M tomorrow have caused a run on the city's two tuxedo-renting establishments.

Oklahomans, most of whom never get into a tuxedo in their lifetime, are putting on the dog for the first reigning monarch ever to visit the state. Many are going 70 miles to Oklahoma City to rent formal attire.

Casual Remark Pays Off as Youngsters Get Pills

KANSAS CITY, Kas. (AP) — A month ago Patrolman Jack Eskridge, in a casual conversation with a Baltimore drug firm's salesman, mentioned that some children here might need some vitamin pills.

Yesterday Eskridge received three 5-gallon drums containing 50,000 vitamin B-complex pills from the firm.

"It's enough pills to feed an army," Eskridge said. He plans to offer them to children's homes.

Keloa Klub Anticipates 'Starlight Serenade' Saturday

Pontiac Press Photos

Preparations for Keloa Klub's "Starlight Serenade" keep club members busy ahead of time. The dance is scheduled for Saturday from 9 until midnight at the Boys Club, and Gayle Joyner (far left photo) had to step out early to mail invitations to patrons for the dance. Decorations for the dance are made (upper photo, left to right) by Nancy Good of Colgate avenue, Barbara Snover of West Huron street and Barbara Hess of Draper avenue, with time out for snacks, while a sample batch of punch is whipped up by Sharron Savedge of Normadele avenue and Barbara Schwalm of Silver Lake road (lower photo, left and right).

British Are Preferred as Hubbies

But English Visitor Likes to Dine With American Men

NEW YORK — "It's more fun to go to dinner with an American, but I'd rather be married to a Britisher," says Jill Craigie, British script writer who recently completed her first screen play for an American film company.

Interviewed during her first visit to this country, Miss Craigie, wife of a member of Parliament and mother of a 17-year-old daughter, conceded that American men are more attractive, have more dash and are gayer than Englishmen, explaining:

"If Americans think a woman looks nice, they say so. They take for granted she is intelligent."

An Englishman, says Miss Craigie, seldom sends flowers and if he thinks his wife looks pretty might remark to someone else:

"She's looking a bit of all right tonight."

The hazel-eyed scenarist - journalist claims she would rather marry a Britisher because he's steadier, pointing out that a look at American divorce statistics will prove that. She adds that Britons are much better at compromise in marriage.

"We don't expect a man to be the sun and moon and stars. We put up with faulty refrigerators; we put up with a husband. Marriage has to be jolly well serious."

Miss Craigie had an opportunity to observe American male charm in the person of Gregory Peck, star of her film play, "Man With a Million," during its filming in England.

In expanding an 18-page Mark Twain story to film length, she left it to Peck to insert Americanisms into the dialogue.

Mirrors Graded According to Quality

Like meats, mirrors are graded for quality. The most nearly perfect are termed AA. A quality mirror may contain a few scattered minor imperfections. Next, in a descending order, are: No. 1 mirrors which contain a limited number of defects.

No. 2 mirrors contain minor imperfections that are readily seen and No. 3 mirrors have many defects, should be examined carefully before purchasing.

Cooling Dessert

Ambrosia is a wonderful warm weather dessert. It's easy to make, refreshing to eat. Just arrange layers of thinly sliced oranges and shredded cocoanut, sweeten slightly and chill to blend flavors.

Graduation Soloist

Judy Jones was a featured soloist at the Longfellow School graduation ceremonies held Tuesday at the school.

Elementary Schools Conduct Graduations

Sixth Graders Turn Eyes Toward Junior High

Former sixth graders in Pontiac schools looked forward to next fall's enrollment in junior high schools as they attended grade school graduation ceremonies this week.

WEBSTER

Certificates of promotion were presented by Monroe M. Osmun at the Webster School ceremonies on Wednesday. Using "E. R. Webster Dictionary" as the theme, students paid tribute to their school, teachers and parents.

The program was directed by Mrs. Vera Robertson, Ella Spears, Mrs. Marian Hinckley, David Weatherell, Mrs. Ruth DeCou and Mrs. Ruth Laudenslager.

A toast to the class was given by Mrs. DeCou. Ralph Dawe, P. T. A. president, acknowledged the tribute to the parents. Dr. Edith Roach Snyder, principal, accepted a gift from the graduates to the school.

The class was introduced to Norman Kuijala, principal of Washington Junior High School. James Baker played a trumpet solo for the class processional, then the students were heard in a musical program.

A cornet quartet including John Braid, John Roush, Glenn Nichols and Ronald Repka played selections and demonstrated the work of the school band. Piano accompaniments for the program were played by Sharon Gray and Vickie Annas. Tassie Reigle, Carolyn Harrington and Connie Crozier conducted the songs.

McCONNELL

Tommy Watkins was the announcer for the graduation ceremonies held by McConnell School sixth graders. After a chorus number by the entire class, Frank Bloe, Susan Sommerville and Pauline Harry were heard in special piano numbers. Clinton Yerker played a violin solo.

Other selections were given by a sextet and the school band. Music during the social hour was provided by Karen Oliver, Susan Sommerville, Jewell Abare and Linda Pearsall.

CROFOOT

Presentation of awards and a varied program were planned by Crofoot School PTA when members gathered Tuesday for the farewell tea for the sixth grade.

Farrell Allen gave the welcome. A chorale was presented by William Rotsel, William Kurz, Janice Pletsch. The class was then heard in a program of music in tribute to the United States.

Lindamae LaLonde introduced Principal Theodore Wiersema who presented the awards for Safety Patrol work, basketball, band, milk delivery, orchestra, Service Squad and Junior Olympics. James Patterson received a special award.

The class presented awards to Mr. Wiersema, Maude Spears and Mrs. Ruth Laudenslager. Serving on the refreshment committee were Mrs. Alfred Watson, Mrs. Ronald Doig, Mrs. Harry Peckhieser, Mrs. Fred Wheeler and Mrs. Leon Smith.

Soprano to Give Recital

ESTHER HOWARTH

A former Royal Oak resident, Esther Howarth, coloratura soprano now of St. Petersburg, Fla., will be presented in a recital in Fellowship Hall of Birmingham First Methodist Church.

Sponsored jointly by the Keystone and combined youth groups of the church, the recital will be given June 29 at 8 p.m. Proceeds will benefit the church missionary effort.

Miss Howarth was graduated from Michigan State College. She studied voice and opera in Paris and in 1950 received the Premier Prix in international competition. In 1951 she was awarded the Prix d'Excellence from the Ecole des Hautes Etudes Musicales et Theatrales.

In the United States Miss Howarth has appeared with symphony orchestras and as soloist on radio and for private organizations.

The program will include:

Come, Make My Heart Thy Home (Ein Feste Burg)	Bach
Rejoice Greatly (Messiah)	Handel
Under the Greenwood Tree	Arne
The Forsaken Maid	Smart
Oh Divine Redeemer	Gounod
Mio Ben Ricordati	Schubert
La Pastorella	Schubert
Mad Scene from Lucia Di Lammermoor	Donizetti
Ce	Poulenc
Air Champetre	Poulenc
Chere Nuit	Bachelet
Cantares	Turina
A Spirit Flower	Campbell-Tipton
Little Shepherd's Song	Watts
Polish Folk Song	Liebling
Tell Me, Oh Blue, Blue Sky	Giannini

Donna Haertter Showered With Gifts Wednesday

Mrs. Daryl Donaldson was hostess at a kitchen shower honoring Donna Haertter Wednesday evening in the Donaldson home on Williams Lake road.

Mrs. Donaldson will be matron of honor when Donna speaks her vows on June 25 with James Perquette in Bethel Evangelical and Reformed Church. She is the daughter of the Raymond Haertters of North Marshall street, and the Floyd Perquettes of Elm street are his parents.

Guests at the shower included Mrs. Haertter, Mrs. Perquette, Mrs. D. O. Wallis, Mrs. Bradley Scott, Mrs. Dallas Nelson, Mrs. Wayne White, Mrs. Jack Tee, Julie Jensen and Myra Flemming.

Assembly Reported to Oakland WSCS

WSCS of Oakland Park Methodist Church met recently at the church to hear Mrs. Clayton Rule report on the fourth National Assembly of WSCS held in Milwaukee in May.

Deborah Circle served refreshments and Mrs. Earl Foster gave devotions. A family picnic was planned for members and guests at the Bert Weddle home on Oxley drive, with Esther Circle as hostess.

Attend Convention of Practical Nurses

Mrs. Beth McAuley, president of the Oakland County Practical Nurses Association, and Beatrice Keller recently returned from the 10th annual convention of the Michigan Practical Nurses Association held at Muskegon. They served on the reception committee at the convention.

Guest speakers at the banquet were Dr. D. R. Boyd, president of the Muskegon Medical Association; Hugh W. Brenneman, Michigan State Medical Society; Dr. L. Fernald Foster, secretary of Michigan State Medical Society, and Mrs. G. Mennen Williams.

Donna Westerlund of Avondale avenue (second from right), a counselor for Wolverine Girls State at the University of Michigan, got acquainted with the Pontiac representatives as they checked in Tuesday in Ann Arbor. Left to right, they are Greta Phipps of Oneida road, Karen Hoff of South East boulevard and Caroline Dimaya of Elm street. Sponsored by the American Legion Auxiliary, the purpose of Girls State is to help girls become better acquainted with the workings of government. The session began Tuesday and will continue through June 23.

Recital Scheduled by Piano Students

A piano recital will be presented Friday at 8 p.m. in the Rose Kneale Room of Stevens Hall.

On the program will be Linda Flemington, Billy Pinkerman, Mary Jane Doerr, Barbara Field, Jimmy Coy, Norene Salvadore, Carol Coy, Jeannie Carson, Gary Mellon, Karen Bronoel and Nancy Nouse.

Other playing selections will be Donna Westphal, Jim Luzod, Kay Cline, Janine Rich, Jeannie Hoenstine, Stephen Crocker, Rita O'Camb, Barbara Little, Teddy Johnson, Jean Gordon, Marilyn Bell, Dick Doerr and Margaret Ambler.

Also on the program will be Carol Hoyt, Lynn Carson, Suzanne Field, Kay Johnson, Betty Gaukler and Bobby Harris.

Flowers Are Topic of Extension Group

The Imi - Ta - Wa - Si Tribe, home extension group, met Tuesday evening at the Keego Harbor home of Mrs. Lee Cummings to learn how to make floral arrangements.

Mrs. Harry Hammond and Mrs. Donald Hammond were guests at the meeting, which was the last of the season.

Play Sherlock and Look for Clues Concerning Dad's Gift Preferences

Manners MAKE FRIENDS

Even though you have lived next door to the groom since he was knee high to a grasshopper, and have never even met the girl he is going to marry, the gift is sent to the bride-to-be.

All you give the groom is congratulations.

New Electrical Device Speeds Plane Takeoffs

SCHENECTADY, N. Y. (UP) — An automatic electrical system to reduce the time required to get an airplane off the ground has been developed by General Electric Co.

E. G. Haven, manager of GE aviation sales, said he new system eliminates at least 10 pilot functions and requires no manual switching. He said the system was designed for high-performance aircraft and could withstand 176-degree temperatures.

Men Don't Want Carbon Copies

Wife May Lose Husband by 'Giving Up Everything'

By ANNE HEYWOOD

The other day a tragic letter came in from a woman whom I shall call Mrs. B.

"My husband has just deserted me," she writes, "after 24 years of marriage. He simply told me he had fallen in love with someone else and wanted a divorce and was leaving anyway.

"We have two daughters in their late teens, and I don't know which way to turn.

"I have always been a good wife and mother, and have done everything I could to help my husband's career. In fact, I have devoted myself to him and the children, and this is what I get for it.

"Worst of all, the woman he has run off with is my own age and not very attractive either. I could understand it better if she were a young blonde, or something."

There is no easy answer for a problem like this, but this much I will say:

The woman who "gives up everything," as the saying goes, for her husband too often loses the husband. Remember, he married a person, not a carbon copy.

You had interests of your own and a life of your own, and that's why he wanted to marry you.

If, after that, you let all your own interests go by the board, and concentrate on him and his career, you lose your attraction for him.

More and more I see this happening — and the man turning to a woman, perhaps not beautiful, but interesting and vital.

My suggestion is that you knuckle down and make a life for yourself, instead of going in for self-pity and depression.

Find something that interests you, and get going at it. This is far more effective than weeping and wailing and pleading with him to return.

If you can get a job that takes all your energy you will find yourself becoming more and more absorbed, more and more attractive. And then your daughters will have a real mother whom they will need.

In many cases where women have done this, they have found that within a few years the husband returns.

I do not mean to imply that I think this is easy — I know the torture and torment you are going through.

Copyright, 1954

Give Dad a gift for Fathers Day he wouldn't ordinarily buy for himself. For wear in the sun (left) a white polo shirt and washable rayon check walking shorts are ideal. A color-slide viewer (upper center) folds to fit into his pocket. The vacation kit (center) contains shaving lotion and deodorant, packs easily for trips. Thick lightweight crepe soles will protect his feet from hot rocks or wet earth when he wears these denim sandals (lower center), and the jacket (right) is lightweight and warm, made of 20 per cent wool and 80 per cent orlon. Shoulder ribbing permits freedom of movement.

And How About Taking Him Out to Double-Header?

Please Pop by Picking Present That Fits His Tastes

NEW YORK (NEA) — Picking out a present for Pop, to be handed him at breakfast on Fathers Day, isn't really a difficult job if you do some planning before you shop.

A knowledge of his special likes and dislikes is helpful.

Remember, just because he liked Rudy Vallee, mah jong and the color blue when he married you doesn't mean that his tastes are unchanged. He probably doesn't even wear golfing knickers anymore.

Try becoming a Sherlock on your own. By observation and by listening to him, you may discover that you're armed with a whole new list of likes from which to choose when you go out to shop.

If not, strive hard to find a gift (or gifts) both unusual and practical. Buy him a shirt, yes, but one with a difference.

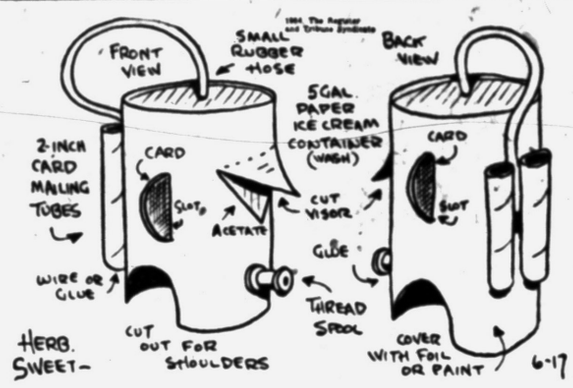
Or, if it's a jacket he wants, get one that's lightweight but warm. If he wants vacation footwear, pick sandals that are completely washable.

You might give him some sort of special recognition on Fathers Day, something that sets the day apart.

Most men loathe breakfast in bed so, if you've been a baseball widow in the past, why not suggest (of your own accord) acting a double-header together?

And really try to understand the game. He'll be pleased even though he doesn't find the words to say so.

Aside from the special treat, see that he has his favorite dishes, that a few old friends are asked in for dinner, and that he feels, at the end of the day, that this was really his day.



Try It

Be Ready for Space Trip

Are you interested in space ships and the planets? Not long ago I saw an article called "Will Your Child Visit the Moon?" Some people think that magazine articles like this and all of the talk about visits to the moon are silly, but are they?

If you are interested in all this talk about visiting planets and seeing space men, perhaps you would like to make one of these space helmets. You will need a 5-gallon paper ice cream container. Ask your druggist to save one for you.

Now, wash it and let it dry. The fun begins. Cut a visor in the front and cover it with acetate material so that you can see through it. Paste this to the inside.

Glue a thread spool to the front, cut ears from cardboard and fit them into slots, and wire or blue two paper rolls to the back. Run a length of small hose from the tubes to the top. Cut shoulder slots and it's ready!

You can paint the helmet if you wish and even make the parts in different colors. This would be a good project for you and your friends.

Modern soap industries began in France, Germany and Italy in the 13th century.

White Important in This Season's Fabric Picture

White is all-important in the color portfolio this summer. Prints are on white grounds. Stripes have a preponderance of whites. Ginghams feature white blocks.

Next to white, beige is the most important trend. This color is unusual in cottons and looks especially fresh and interesting this season. In brighter shades, the oranges are a popular group. Blues tend to the sapphire shades, greens too follow clear jewel tones.

Seersucker is also an interesting fabric this season. Gingham seersuckers are news and they are all over the market. Remember though, most of them have a touch of white in them.

Exciting new development is a seersucker denim. It is a heavier fabric that will give unending wear. It carries the Sanforized label, too, which means it will wash without shrinking as long as it wears.

Dobbies—small woven-in design motifs—are still another texture interest that is growing by leaps and bounds. Those jacquard squares and diamonds woven into Dad's shirts are dobby effects. In women's dress fabrics, the pattern takes a more elaborate turn, sometimes reaching the size of a small polka dot.

Late Son's Wife Plans to Remarry

Mother Can't Bear to Attend Wedding of Daughter-in-Law

By EMILY POST

A mother writes me: "My daughter-in-law is remarrying soon. My son (her husband) was killed in the war. I have been invited to the wedding and reception and also to a shower which is being given for her.

"Although I think a great deal of my daughter-in-law and wish her every happiness, I just can't bring myself to go to the shower or the wedding.

"My main problem is: Would I offend my daughter - in - law by staying away or am I obliged to put aside my own feelings and go to the wedding in order to spare her feelings and not have people believe I stayed away because I disapprove of the marriage?"

Answer: I do not think that you are called upon to go through the unhappiness that you could not help but feel by going to the wedding.

I am sure that if you tell your daughter - in - law you love her enough to wish her happiness, she surely will understand why you are not able to be present.

Dear Mrs. Post: What should be said to the maid of honor and bridesmaids who stand in the receiving line? Guests congratulate the parents and the bridegroom and wish the bride happiness. But I'm at a loss to know what to say to the others."

Answer: As you shake hands, you say whatever is pleasant and true, such as how beautiful the bride is, or what a perfect wedding, or how lovely the bridesmaids look, how becoming her dress is to her, and pass on.

Dear Mrs. Post: My employer and his wife will soon celebrate their 25th wedding anniversary and I would like to send them some flowers on this occasion.

In signing the card to enclose with them, should my wife's name be included or should they be sent from me alone? My wife has never met them.

Answer: If you know them well yourself and frequently have talked about your wife to them, her name may very properly be included. But if she is a complete stranger to them, the flowers would best be sent from you alone.

Special for busy moms! You'll love that side-buttoning detail—this playdress opens flat so you can iron it in a jiffy. So does the sunbonnet. And they're easy to sew, too. Add contrast flower embroidery on dress and hat.

Pattern 4626: Children's sizes 2, 4, 6, 8, 10. Size 6 dress 2¼ yards 35-inch; bonnet ⅞ yard; panties ⅞ yard. Embroidery transfer.

This pattern easy to use, simple to sew, is tested for fit. Has complete illustrated instructions.

Send 35 cents in coins for this pattern—add 5 cents for each pattern for first-class mailing. Send to Anne Adams, care of 137 Pontiac Press Pattern Dept., 243 West 17th St., New York 11, N.Y. Print plainly name, address with zone, size and style number.

Safety Belts Now Used in Police and Fire Cars

TORONTO (AP)—Aircraft-type safety belts are being tried in police and fire department automobiles.

Study of accidents showed the most vulnerable seat is that at the right-hand of the driver from which the passenger is thrown by collision against the dashboard or through the windshield. It has been called the "suicide seat."

CASH CARRY

Bride-Elect Is Enjoying Party Whirl

Martha Werden to Repeat Her Vows on June 26

Martha Werden, who will speak her wedding vows June 26 with Richard Wesley Labadie of Decatur, has been caught up in a whirl of pre-nuptial parties and luncheon showers.

Saturday Mrs. H. B. Stillman of Birmingham and Mrs. Verne Hampton entertained in her honor at Oakland Hills Country Club, and Monday she was guest of honor at the Lower Straits Lake home of Mrs. Russell Streeter for a luncheon shower.

Mrs. Stephen Cloonan Jr. and Mrs. William Dean Jr. have planned a luncheon shower at Devon Gables for Tuesday, and on Wednesday friends and relatives will gather at Rotunda Inn where Mrs. Ashton Emery and Marion Emery, both of Waterford, will entertain for Martha.

The rehearsal dinner will be served next Thursday at Rotunda Inn. Parents of the bride-elect are the Mel W. Werdens of Edgewood drive.

Banish Fish Odor on Dishes, Pans With Baking Soda

Fried flounder and broiled trout taste wonderful on the table, but unfortunately, the odor of our finned friends is apt to linger on—cling to cooking utensils, especially the frying pan, and can be quite unpleasant.

A soap and water bath sometimes is not enough to remove the odor of fish from cooking utensils, china and silver. But here's a trick which will not only remove fish odors but make china, silver, pots and pans sparkle and shine to a glorious luster.

Try soaking pots and pans in a baking soda solution — about three tablespoons soda to one quart water, then wash as usual.

This treatment is recommended for all types of pots and pans except aluminum. With these, sprinkle a little dry baking soda over the spots and rub with a damp cloth or sponge. Spots will vanish, odors will be quickly routed.

For china, about three tablespoons baking soda in your dishpan when you're adding your favorite soap or detergent will rid your plates of unpleasant smells.

For silver, sprinkle some dry baking soda on a damp cloth and rub over the silver. Not only will fish odors disappear, but soda is non-abrasive so it can't scratch or mar the finish of your best china and silver.

ARLEEN JANE SOFKO

A recent graduate of the Mercy School of Nursing in Detroit is Arleen Jane Sofko, daughter of Mr. and Mrs. Charles S. Sofko of Westacres.

MARY LYNNE BOWER

A bachelor of science degree from the Missionary Training Institute at Nyack, N. Y., was received by Mary Lynne Bower, daughter of Mr. and Mrs. William C. Bower of Summit avenue.

WILLIAM DONNELLY

A doctor of medicine degree from Wayne University will be conferred upon William Donnelly of Delaware drive at the commencement exercises Thursday.

MARILYN RUTH KATZEN

Announcing the engagement of their daughter, Marilyn Ruth Katzen, to Joseph Partney are Mr. and Mrs. Joseph Katzen of Hartford, Conn. Joseph is the son of Mr. and Mrs. Nathan Partney of Dick avenue. A fall wedding is planned.

Movies Are Shown to Mission Belles

The Rev. Carl Nelson showed movies of church gatherings Tuesday evening when Mission Belles of St. John Lutheran Church met in the church parlors.

Hostesses were Mrs. Freemont Thoe and Mrs. William Parks. The Rev. Mr. Nelson gave devotions and the group rolled bandages and made hospital gowns for the African Missionary Hospital. Sewing materials were donated to the Lutheran Old People's Home in Illinois. Mrs. Samuel McMurry is chairman of the picnic planned for July.

Royal Curves Rate High

PRINCESS MARGARET ROSE

NEW YORK — Princess Margaret is more petite and more curvaceous than the average American girl of the same age, reports a popular magazine in its current issue. Nature, says this magazine has endowed her with the hourglass figure which the average American girl can acquire only by "mechanical constriction."

The princess, who is 5 feet 1 inch, weighs 100 pounds, while Miss Average America at 23 is 5 feet 6 inches (in heels) and weighs 123 pounds. The Princess' waist measures 21½ inches as compared with the latter's 26.4 inches, and her hips, which measure 33 inches, are 4.4 inches smaller.

Their bust measurements are more nearly alike — that of the Princess being 33½ inches while the average American girl's is 33.9 inches. But the average American girl has much larger feet: She takes a 7½ A shoe while Margaret wears a 4½ AAA.

The Princess is careful about the clothes she puts on this curvaceous figure of hers. She never accepts a sketch without suggesting ideas and eliminating frills or bows, which she abhors.

Most of her clothes for daytime wear are designed by Stiebel, although her clothes for home wear are often made by Miss Ford, one of the royal dressmakers.

Norman Hartnell generally designs her evening dresses, particularly those for state occasions. The Princess also has evening gowns from Dior and Desses.

She never wears black in the daytime, since members of the royal family are expected to be readily seen. But, other than that, there are no restrictions on what she may wear.

By comparison with the princesses of fiction, Princess Margaret does not own much jewelry. Most of the family jewels are heirlooms and, as such, belong to her sister, the Queen. Pearl necklaces, of which she has three, are her favorite jewelry. She never wears rings and seldom wears earrings.

Her makeup is adapted to her clear complexion and pale skin and she uses moderately dark shades of lipstick. She uses mascara, with a little eyeshadow, only at night. She uses colorless nail polish but does use pale pink on occasion.

Her hairdo, of necessity and from choice, is a simple one. She knows that an elaborate hairdo, or a boyish haircut, would not be becoming with hatws, which for her are a must.

Coming Events

Ladies Auxiliary of Eagles Aerie 1230 will hold an officers' meeting this evening at 7:30, followed by a regular meeting in the hall at 289 W. Montcalm St.

TBI Women's Club will meet with Mrs. Lehr Miller, 3416 Clayton St., Drayton Plains, at 4 p.m. Saturday. Cooperative supper will follow at 5 o'clock.

Malta Temple Board will meet Saturday at 8 p.m. in the Malta Temple, 82 Perkins St.

Two Will Leave Saturday for Tour Through Europe

Joseph Wagley and Duane Bigsby Sail From Montreal for 3-Month Holiday

Joseph L. Wagley of Hammond street, who will graduate today from Wayne University, and Duane Bigsby of Lakeview avenue will sail Saturday from Montreal for a three-month tour of Europe.

• • •

Mr. and Mrs. Thomas C. Moreau have returned to their home in Lansing after spending a few days visiting his family, Mr. and Mrs. Frank J. Moreau, John and Margaret Rosalie, at their home on East Iroquois road.

• • •

Mr. and Mrs. J. M. Darling of Cincinnati, Ohio, were weekend visitors at the Dean Fiddler home on Devon road.

On Sunday the Ray Slaughters entertained at dinner in their honor. Other guests included the Ivan Sheltons and the Wayne Donies of Detroit.

• • •

The Otto Beckers of Bloomfield Hills will leave Saturday for their farm in Virginia. On the way they will stop over in Greenbriar.

They will return home around the first of July, and then, after a week at home, they will return to Virginia for the rest of the summer.

• • •

Mr. and Mrs. Gustav Kendall of Binghamton, N. Y., were recent guests in the West Walton boulevard home of Mrs. Harley Bowers.

• • •

Margaret Soderberg, daughter of Mrs. Annie Soderberg of Shore View drive, left Saturday for Washington, D. C., where she will be assistant to the editor of the Catholic Periodicals Index, Catholic University. While there she will study library science at the university.

• • •

Mrs. Myron Buck will be hostess in her West Iroquois road home when Fireside Club meets Friday.

• • •

Mr. and Mrs. Kline Dudley Jr. of James K boulevard are announcing the birth of a daughter, Michele Lee, June 15 at St. Joseph Mercy Hospital. Grandparents are Mrs. M. T. Hofmann of Algonac, Kline Dudley of Menominee, Wis., and the J. A. McKinneys of South Johnson avenue.

• • •

Mr. and Mrs. Robert Pritchett (nee Bernice Nesbitt) of Starr avenue are announcing that their daughter, Lorine June, was born June 12 in Pontiac General Hospital. The William T. Nesbitts of Bondale avenue are the baby's grandparents.

• • •

Receiving degrees at Hillsdale College commencement exercises recently were three area residents.

Jacqueline Breen of Berwick boulevard was awarded an A.B. degree, Maria Lee Jackson of Illinois avenue received an A.B. degree and Albie LaBarge, now living in Hillsdale, received a B.S. degree. Maria received a secondary teaching certificate and Albie, an elementary teaching certificate.

• • •

Mortar Board, society for outstanding women leaders on college and university campuses, announces a new member, Shirley Ann Senters, senior at Michigan State College. Shirley is the daughter of Mr. and Mrs. Ivan Senters of South Johnson avenue.

A Stitch in Time

The smallest repairs are the ones likely to be neglected. To remember your stitch in time, keep a little box holding needle, thread and scissors near your ironing board. Then you can mend dangling buttons and open seams as they appear.

ELAINE LORENZ

Mr. and Mrs. Peter Lorenz of Clarkston announce the engagement of their daughter, Elaine, to Martin G. Berney, son of Mr. and Mrs. Joseph Mihalek of West Columbia avenue. No wedding date has been set.

Paris Shoes Are Boon to Shorties

PARIS (INS) — Paris summer shoe styles have introduced new materials and new trick heels to boost morale and put a short gal's head in the clouds.

Dior once more leads the parade. The best news for "petites" is the new shoe with a double heel.

Resembling ancient Japanese footwear, these sandals have a spike-shaped high heel plus an additonal low but large platform under the sole. They are designed for small girls for big occasions and come in fabric - covered sandal styles.

Other shoes matching tailored clothes have 2-inch high heels shaped like bobbins and slightly pointed toes.

Two-color combinations are stylish this year, and a pump shape combining black boxcalf and navy blue suede is practical since it matches gray, black and blue outfits.

For tall girls and those who like the comfortable ballet-slipper styles, Desses shows a charming ballerina pump in white, embroidered with multi-colored raffia strings. A sporty slingbag with the same trimming is the matching accessory.

Jacques Fath thinks that low-heeled, laced crocodile shoes are the right footwear for his new polka-dotted or leopard-checked stocking fashions.

For evening wear, Fath underwrites pointed black satin pumps with a studding of sparkling rhinestones all around the shoe rim.

Maggy Rouff matches polka-dotted footwear to polka - dotted dresses. The shoes can be worn with plain dresses to match polka-dotted accessories.

White pique shoes printed with a rosebud pattern are the most romantic Paris shoe styles, but the smartest, simplest and most elegant shoe this year is of white snakeskin.

Used by several Paris shoe designers, this Makassar snake is as soft as the finest glove-leather and has a very fine, lizard-like grain.

Dior shows a glove-fit white snake pump. Shoe designer Codre comes up with a white Makassar snake model with a Persian twist —the shining black sole turns up at the toes to form a slight triangle in front.

Furnishings Usable in New Home

Do you want to know how to buy furnishings that will work equally well in your next apartment or rented house? It can be done, although many renters don't know it.

The current issue of a decorating magazine says you can spend your money so well and so effectively, that nearly every cent of it will be usable in the next home, whether apartment or house.

There are six principles in choosing furnishings that will regroup satisfactorily later on. Here they are, as mentioned in the article:

1. Choose chests or commodes that don't say "dresser" or "buffet" or "credenza." They hold possessions equally well, perform in any room of the house.

2. Avoid room-size rugs. Buy smaller sizes and use two or three to a room, so they can be rotated and changed about to equalize wear. Then they will look better when you move.

3. Select chairs that will be useful in more than one type of room.

4. Use sectional seats for your main lounging and seating. Have generous groups of them along the long interior walls which are so hard to furnish in apartments. Then you will have enough to be useful in later homes to be grouped in L or U shapes, or in numerous other ways.

5. Pick desks that would look equally well as a table behind a free-standing sofa, or that can serve as a lamp table for a reading chair.

6. Use fabrics and rugs that are not too sharply or daringly colored, so they can be reworked into other color schemes in other rooms.

Vacation is the time when people go and lie on the beach about how important they are at home.

Give Dad pleasure Sunday with a quality satin-striped cotton sports shirt that may be worn with tails in or out.

The coach box brings a new profile to hat box design. Originally designed to hold a gentleman's beaver hat, back in the days when gentlemen wore beaver hats, hat boxes similar to these used to be carried on the roofs of stage coaches. It is available in red patent leather with black trim, all black patent leather or a plaid rayon with patent leather trim.

IF newest travel coat—

Crush-resistant slim coat, no bulk, no cumbersome yardage for packing, is ready for round-the-clock wear upon arrival.

Miss T. C. —Lightweight cottons and linens, washable Orlons, all-purpose tweeds and cashmeres, these are some of the coat fabrics adaptable to travel. Easy straight cuts, convenient shorter lengths, and the casual trench coat are the newest silhouettes.

Houseflies are useful in cross-pollinating celery plants.

Sport Shirts Very Varied

What father doesn't want new sport shirts? This year you have your pick of the pack, in cotton, rayon and the science fibers—dacron, nylon and orlon.

All these, plus new blends of synthetic fibers, are engineered for cool, cool comfort on these hot, hot days.

New in cotton are the light open air weaves in smart short-sleeve styles with convertible one-piece collars that make them right and smooth fitting for town and country wear, with or without a tie.

In cotton too are new clip pattern and open latticework designs. These are shown in short-sleeve models, featuring the new spread continental collar with the soft rounded points.

In rayon you'll find cool solids and dramatic patterns. Both are bold but neat—to achieve that new fashion look.

In modern fibers you have a new fabric sheerness that weighs mere ounces. And the new pattern look that gives an entirely different and dynamic appearance to sport shirts.

Top news in cotton is the new madras look in combed cotton. This cotton is so fine it feels like silk.

Here there are authentic white warp and black warp weaves in a myriad of colors and patterns that are completely coordinated with belts, watch bands and slacks.

Caps have made a big comeback in recent years . . . and you find them on more and more men at sporting and informal affairs.

Gift Dad with a jaunty cap on Fathers Day.

Collision Proves Dear

OTTAWA, Ill. (UP)—Kenneth Johnson's car ran into a mule deer. If the deer, a type seldom seen in Illinois, had stayed in the Western states where he came from, Johnson figures expenses of repairs to his car wouldn't have been so dear. Damage was estimated at $75.

Some Roofs Leak Only in Summer

Shingles Become Warm and Pliable, Are Lifted by Wind

By HUBBARD COBB

Houses are a good deal like people in that they all seem to have their favorite season. Some seem to do better in summer and some find winter the more agreeable time of year.

Our fine example for today is a house where the roof leaks in summer but is tight as a ship's bottom in the winter.

This house has a roofing of thin asphalt shingles and the roof is not too steep. What happens is that in summer the shingles become warm and pliable.

When a sudden storm comes up with a hard-driving wind, the wind lifts up some of the shingles and blows rain under them. This produces a leak.

In winter the shingles are not soft and don't seem to be bothered by the wind.

The cure for this one is to lift up the shingle tabs and put a spot of roofing cement on the shingle in the lower course. Press the top shingle back down and the cement will hold it from blowing up next time there is a hard rain.

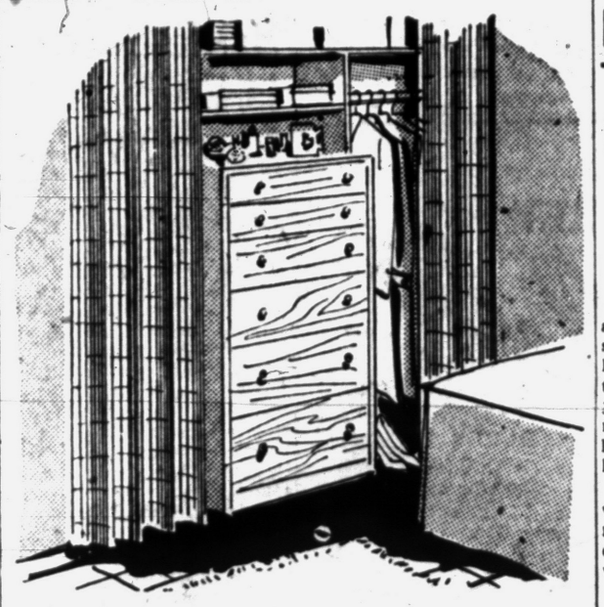
It's not always necessary to do this to all the shingles on the roof. Usually it's sufficient if you do the ones on the side where the storms usually come from. The shingles on the protected side won't be bothered very much.

Of course, if the existing shingles are pretty old it's hardly worth the trouble to cement the tabs down.

You'd be much better off in applying a fresh layer of shingles right over the old.

Lending Is Expensive

CONCORD, N. H. (UP) — Harlan Pickard of Salisbury lent his shotgun to Calvin Smart, Jr., of Concord. The state confiscated the weapon when Smart was brought into court for illegal night hunting. Pickard paid $10 to get his gun back.



For Modern Convenience

Facelift Your Old Closets

By ELIZABETH HILLYER

Not every closet can be changed to the efficiency of those in the best-designed new homes, but it's seldom that they can't be improved.

To see how any closet can be made more useful and convenient, give it a quick checkup on these four points:

1. Is space used to full depth? New closets are shallow so everything is easy to reach, but older, deeper ones often can store more when the hanging pole is moved farther back and shoe cabinets or other small drawer or shelf units are installed on sidewalls.

2. Is space used to the ceiling? Add the several well - spaced shelves of new closets to the usual single one. Make them as deep as possible.

3. Does the closet keep complete costumes together? New closets often include drawer units like the one sketched, so lingerie, hosery, belts, gloves and bags are at hand with dresses and hats.

Such a unit may not fit other closets, but see if there isn't room for another type of built-in.

4. Does the closet door swing open and steal floor space in the room? A better furniture arrangement may be possible if the door is replaced by a new wood slat folding door like this.

Mrs. E. E. "Will you please tell me what kind of bedspreads to make for Hollywood beds for a room shared by two boys, one 6 and one 16?

"The beds have natural leather-covered head-boards. The walls are avocado green and the woodwork is white."

Simple tailored spreads are best, in washable fabrics and colors that do not show soil quickly. Denims are especially suitable and they now come in a wide variety of colors and in a 48-inch width, which simplified the making of bedspreads.

Medium green or toast color in the kind of denim that comes flecked in black might be chosen, or a print in the scheme colors.

Welting or a wide bias edging gives tailored spreads a nice finish, and they might have trim kick pleats at the corners.

Mrs. Q. R. "I'd like to redo my living room in modern style but must do it gradually. What furniture can be changed first and look well with the old Early American?"

The lightness and small scale of Early American make it easy to combine with contemporary furniture of the same lightness and scale.

The change - over should be pleasant enough if you avoid bulk in the modern, but it may be the best idea to change the upholstered furniture first.

It has been estimated that 400,000 persons heard an address by President Grover Cleveland when he opened the World's Fair at Chicago in 1893.

Answer to Previous Puzzle

Proximity Turns Pair Into Mutes.

Yet They Can Find Lots to Chat About Via Mail, Phone

By ELIZABETH WOODWARD

How come you can't think of a thing to say to him: when he's sitting right there beside you? Does the very nearness of him tie your tongue into knots? Does just looking at him blank out your memory—make you forget all the little speeches you'd carefully rehearsed?

This sometimes happens to girls who normally chatter away like magpies. And to girls who aren't one bit daunted by telephones and writing paper.

Here's one who finds she can't think of a thing to say when she wants to most. She writes:

"Dear Miss Woodward: Danny's away at school and doesn't get home very often. There's always so much to tell him that I write to him practically every day.

"When he comes home, he calls me every night that we don't see each other and we talk for hours. But when we go out together, we never find anything to say!

"He'll be home very soon for his summer vacation, so please suggest something for me to do to break these awful silences.

Having Danny right here beside you is plenty exciting. The way he looks facinates you. The sound of his voice intrigues and thrills you. You are probably so busy reacting to his physical presence that you just sit and admire him in silence.

And a certain amount of silence between two people who like each other is perfectly normal and understandable. It's wonderful just being together—and both of you know it.

But it's funny that nothing seems important enough to talk about when you're face to face. Over the phone you can think of scads of stuff to say. On paper you can put down enough for daily letters.

What do you tell him about when he's far away that you can't continue talking about when he's with you? Tell him what you've done during the day; comment on the movies you've seen while he was away, on the parties you've been to; relate family activities that involved you. There's your school and his to talk about, your ideas and his, your hopes and plans.

All of this conversation for your dates together—plus comments on what you're doing together, what's going on around you. His replies and questions will keep the thing going.

But first get the conversation started—about practically any old thing. And if seeing him right there twitters you so much that you can't say a word, close your eyes and pretend you're talking to him on the phone or writing him a letter.

When you hear your voice and his going at a fast clip you can open your eyes again!

by Laura Wheeler

Son to Claim Bride Saturday

Mrs. Sweeney Traveling to Evansville, Ind., for Rite

By RUTH SAUNDERS

BLOOMFIELD HILLS — Mrs. Joseph A. Sweeney of Hickory Grove road left today for Evansville, Ind., to attend the wedding there Saturday morning of Jeanne Marie Weber to her son, Donnelly Joseph Sweeney.

Mrs. Saunders

Mary Patricia Sweeney, who left Saturday to spend the week in Evansville, will be a bridesmaid.

The bride-elect is the daughter of Mr. and Mrs. Leroy H. Weber of Evansville. The wedding will take place in the Sacred Heart Cathedral. Mrs. Sweeney will be hostess at the rehearsal dinner tomorrow evening.

• • •

One of the largest benefit parties to be given the week of June 21 for the Starr Commonwealth will be that of Mrs. William A. Alfs of West Long Lake road.

Mrs. Alfs' assistants will include Mrs. Arthur Dodge, Mrs. Graham Overgaard, Mrs. Campbell Harvey, Mrs. Harold L. Weckler Jr., Mrs. Ferd J. Prucher, Mrs. William A. Alfs Jr., Mrs. Frank McDonald and Mrs. Donald C. Somers.

Assisting Mrs. Thomas E. Wilson at her benefit party will be Mrs. E. Curtis Matthews, Mrs. Louis J. Colombo Jr., Mrs. Vaughn Greene, Mrs. John W. Richardson, Mrs. C. E. Wilson and Mrs. John B. Poole.

• • •

In honor of Mrs. Graham J. Graham, who leaves late this month for a summer in Europe, Mrs. Manly Davis entertained at dinner Saturday evening.

Guests had been requested to bring "white elephant" going-away presents with appropriate poems—and the results afforded the evening's entertainment. Among some of the most ludicrous were the hostess' gift of two goldfish named "Cohn and Schine," a mud turtle, a large outmoded radio, and a watermelon.

• • •

Mr. and Mrs. Dean A. Draper and their two sons will spend this weekend at Hidden Valley. The Drapers plan to motor through the West late in the summer.

Sally Ann Heubner leaves tomorrow for a visit in Louisville, Ky., with her school roommate Carol Cutchins.

Mr. and Mrs. David Walker Lee entertained at luncheon today for Mr. and Mrs. Jesse Cameron Moore of Indianapolis, Ind., and Mr. and Mrs. Paul Hoffman of LaGrange, Ill. They are the grandparents of Peter Stroh Hoffman who is being married in Detroit Thursday evening to Dorothy Hayes.

Pete's parents, Mr. and Mrs. Paul B. Hoffman of Aspen, Colo., who formerly lived in Birmingham, will give the rehearsal dinner this evening at Kingsley Inn.

Gwin and Teddy Yntema, daughters of Mr. and Mrs. Theodore Yntema of Franklin road, are getting ready for a summer at Hill Top Camp, Walloon Lake.

• • •

Mrs. John B. Poole will be hostess at a tea and shower Tuesday for bride-elect Sally Selover. Sally, daughter of Mr. and Mrs. Robert W. Budd of Vaughan road, will be married June 26 to Lt. William B. Saunders.

Mary Grindley, who will be a member of the wedding party, will give a luncheon for the bridesmaids June 25 at Orchard Lake Country Club, and Mr. and Mrs. Robert N. Woodruff will give the rehearsal dinner that evening.

• • •

Mr. and Mrs. A. Thomas Flynn of Grand Rapids and their small son, Chuckie, are spending 10 days with Mrs. Flynn's parents, Mr. and Mrs. Charles H. Welch Jr. of Lone Pine road.

Mr. Welch's uncle, Dr. William Clelland of Los Angeles, was their guest over the weekend. He came to attend the 70th reunion of his graduating class at the University of Michigan.

Mrs. Welch's mother, Mrs. S. F. Harrington, will come in July from her home in Prescott, Ariz., for a visit.

• • •

Jean McGregor has returned from a 10-day stay in New York.

Mrs. Leigh Lynch leaves Friday for several visits in the East. She will spend 10 days with Mrs. Don R. Almy in Redding, Conn., and also will stay with Mr. and Mrs. Emmett Morrissey and her grandson, William Lynch, in Providence, R.I.

Mrs. Vance H. Day has returned from a visit in Lawrence, Kan.

MRS. E. VERNE McCALL

Name Delegates at Pi Omicron

Pi Omicron National Sorority director, Mrs. E. Verne McCall of Lorraine court is ways and means chairman for the sorority's 11th annual Biennial Convention to be held July 7-10 at Bedford, Pa.

Mary Dillon also will attend the convention from this area. Pi Omicron sorority was established in 1928 for business women with similar interests, to afford them an opportunity for self improvement through study, lectures and film.

Vicara, Nylon Give Sweaters All-Season Life

Borrowing a fashion note from her Italian sister, the American woman embraces the sweater as a versatile wardrobe prop for fun or work.

But, in America, the knitted pace-setter develops an all-season life because many top-drawer manufacturers give the luxurious, lightweight fiber vicara top billing in a new sweater blend with nylon. Its soft-as-down touch, carefree comfort and minimum care give this fabric distinction and keep sweaters from seasonal retirement.

The unusual absorbency of the manmade fiber vicara has sweater circles busy crossbreeding it with tough nylon for its built-in comfort. Designers emphasize this trait by creating sweaters fortified with vicara that take to a woman's active life with gusto.

A copy-cat version of dad's perennial sleeveless cardigan can give a coordinated separates look to the incoming shirtwaist dress. Whether a woman wears it for a round of golf at the club or a quick trip to market, she remains unwrinkled and unruffled as the traditional pin. The innumerable tiny air pockets in vicara give proper insulation to the knitted fabric.

And lightweight vicara inspires designers to give their sweaters bulky textural effects. One knit, called "the popcorn" stitch, gifts a brief cardigan with an illusion of bulk. Actually, the sweater fabric is as light as a feather and as gentle as a caress.

At Rebekah Banquet

Mothers, Daughters Feted

Mrs. Orley Bruff was toastmistress Tuesday evening when Welcome Rebekah Lodge 246 met for a mother and daughter banquet at Masta Temple.

Mrs. Wilfred Fleming gave the invocation and Mrs. Richard Young introduced Mrs. Bruff. Mrs. Gene Elkins gave the toast to the mothers and Mrs. Olive Burgess responded with a toast to daughters. Mrs. William Paetow entertained with a solo, accompanied by Mrs. Neil Cairns.

Committees were under the general chairmanship of Mrs. Ferman Huston, with Mrs. Alfred Marczan in charge of dinner; Mrs. Ted Sutton, dining room; Mrs. Lester Bell, decorations, and Mrs. Robert Cartier, tickets.

Gifts were presented to Mrs. Carrie Heath as the oldest mother, Mrs. Gene Elkins and Mrs. Robert Cartier as the mothers with the most daughters present, Mrs. Horace Hudspeth as the mother with the youngest daughter present and to Mrs. Ann Reuter of Pomeroy, Ohio, as the mother coming from the greatest distance.

Women of Moose to Assist Flint Unit

Women of the Moose Chapter 360 has been invited to install officers of the Flint Chapter on June 30. Pontiac chapter will hold a memorial service with the Loyal Order of Moose on Sunday at 3 p.m.

The Pontiac chapter has announced that its officers will be installed June 27 at 4 p.m. The installation will be followed by a buffet supper.

Given Scholarship

Patricia Crowley, daughter of Mr. and Mrs. Cornelius T. Crowley of Hatfield road, Drayton Plains, has received a four - year Sister Celestine Scholarship from St. Michael School. Patricia will attend Nazareth College near Kalamazoo.

Why do you suppose a box of *all* is packed in new automatic washers?

A box of *all* in your new machine is the washer makers' way of starting you right. They prescribe *all* because they know its controlled suds will let their machines give you the cleanest wash in the world!

all IS A NEW AND WONDERFULLY DIFFERENT KIND OF DETERGENT. It doesn't foam into thick, wasteful suds that float *on top* of the water. Every ounce of ***all*** goes to work *down in the water* where your clothes are sloshing around.

That's why ***all***-washed clothes come out cleaner looking, sweeter smelling and softer feeling. That's why so many automatic washer manufacturers *approve* and *prescribe* ***all*** for cleanest possible washing and rinsing.

all is so different, it's patented

The men who first made automatic washers asked for this new kind of detergent. Tests proved that old-fashioned washing powders choked up the machines with thick, heavy suds and slowed down washing action.

all was created to wash with controlled suds. The exclusive secret that makes ***all*** so effective in your automatic has been patented (U. S. Patent No. 2550691 and No. 2594453).

The time may come when ***all*** will be imitated, but the U. S. Patent Office guarantees you it will never be equaled.

Why *all* works better

When you wash with ***all***'s controlled suds, your clothes slosh around with the greatest of ease. Your machine isn't stuffed up with a smothering blanket of suds that interferes with washing action.

It's the free sloshing and tumbling of clothes that coaxes out every particle of grease and grime. And once dirt is loosened, a special ingredient in ***all*** holds on to it until it is carried down the drain. Dirt is never deposited back on your clothes or left in your washer.

Rinses far cleaner, too

You know how hard it is to get rid of thick, heavy suds when you're doing dishes in your sink. Suds are even more difficult in your automatic washer. They glue themselves stubbornly to clothes and are so hard to rinse away.

all's controlled suds rinse out *instantly* and *completely*. There is no dried-up suds scum on nappy fabrics like diapers that can irritate baby's tender skin . . . no graying film on tightly-woven materials like broadcloth to dull their brightness and make them hard to iron.

all saves money and bother

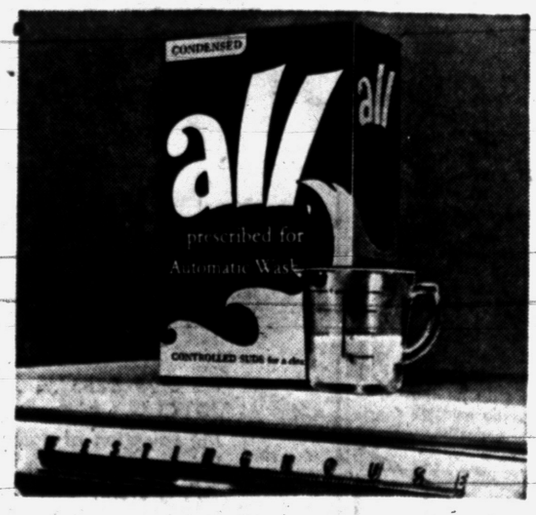
Every box of ***all*** contains everything you need for perfect washing. You don't have to bother buying a bleach, bluing or water softener.

These extras are all included in ***all***. Just the right amount of water softener and whitener is blended in to guarantee the kind of clean smelling, bright looking wash your dealer promised you when he sold you your machine.

Money-back guarantee

Try ***all*** next time you wash. It's wonderful for the grimiest work and play clothes, for dainty lingerie, for baby's things. It's unconditionally recommended for the new miracle fabrics like Acrilan, Orlon, Dynel and nylon.

If ***all*** isn't the finest detergent you've ever used, your dealer has been instructed to refund your money. Monsanto Chemical Company, St. Louis, Missouri.



all is made by MONSANTO where creative chemistry works wonders for you

Let Dad's Meal Be Fit for a King

Pile His Plate With Chicken

Add Cranberry Salad, Fresh Asparagus, Plenty of Chocolate Cake

Sunday, June 20th is the day to treat Dad to his favorite food. If you really want to please him, keep the dinner simple. Have plenty of food for second helpings, but leave off the frills.

Here's a menu we think Dad would like. It's easy on the cook too.

Father's Day Dinner

Fried Chicken Sweet Potato Casserole
Buttered Fresh Asparagus
Hot Biscuits
Dad's Favorite Cranberry Salad
Chocolate Cake Tea or Coffee

Make the salad the day before from this easy recipe.

Dad's Favorite Cranberry Salad

1 envelope unflavored gelatine
¼ cup cold water
1 pound can jellied cranberry sauce
¼ teaspoon salt
1 cup finely shredded cabbage
½ cup chopped celery
½ cup shredded carrots

Place gelatine in a custard cup. Add cold water. Let stand 2 minutes. Place custard cup in pan of boiling water and heat until gelatine is dissolved. Crush jellied cranberry sauce with a fork. Add dissolved gelatine and blend thoroughly. Mix in salt, cabbage, celery and carrots. Place in molds and chill until firm. Serve on crisp lettuce. Serves 6.

Variation: Add 1 tablespoon horseradish.

DAD'S FAVORITE—Dad likes good food and lots of it. His favorite Sunday dinner plate will have fried chicken on it. There will be a crispy salad made with colorful cranberry sauce in gelatin with cabbage, celery and carrots. Food fit for the King of your family.

Hard to Beat Breakfast

Fresh strawberries combine with "bite - size" shredded wheat or "bite-size" shredded rice biscuits for a good breakfast that's hard to beat.

Cereal, Milk Fine Team Budgetwise, Healthwise

Cereal and milk teamed together make a complementary dish providing nine important nutrients—protein, carbohydrate, thiamine, riboflavin, niacin, iron phosphorus, calcium, and vitamin A. A bowl of cereal and milk is such an easy, efficient way of bringing more milk into the diet, so as to build and maintain your body in good condition.

From the budget angle, cereal and milk make a worthy team considering that in an average serving the breakfast cereal costs about a cent and a half and the milk around three cents.

To keep the grain from becoming pasty when cooking creals, stir flaky ones with a fork and granular and cracked cereals with a spoon.

Rub paraffin or liquid wax on the slides of drawers and on the ropes of windows which stick.

Frosty Ice Cream Balls Good Dessert Year-Round

With modern refrigeration what it is, ice cream can be kept on hand for quick and easy use.

Try combining it with corn flakes, or other ready-to-eat cereals, for some unusually tasty and temptingly different desserts. You'll like the way the crisp cereal complements the smooth texture of ice cream.

Ice cream served in crunchy corn flakes Date Shells makes a delightfully light dessert for spring and summer evenings. Serve it also in a crisp rice cereal crust for an elegant finale for any dinner party. Or try these Frosty Ice Cream Balls.

You can fall back on this recipe for special occasions all through the year. Simply roll ice cream balls in crusted sugar coated corn flakes and return to the freezer to harden slightly. Serve with your oetred tttrtif greoshcrcifu,u buo favorite fruit, fudge or butterscotch sauce.

Date Cereal Tart Shells

1 cup pitted dates
¼ cup water
½ cup butter or margarine
4 cups corn flakes
2 tablespoons sugar
½ cup chopped nutmeats

Cook dates and water over low heat until a soft paste is formed (about 5 minutes). Add butter and stir until blended. Crush corn flakes into fine crumbs; mix with sugar and nutmeats. Add to date paste and mix well. Press evenly and firmly around sides and bottom of tart pans. Chill. Fill with cooked custard, chiffon pie filling, or ice cream. Yields 8 to 10 tart shells.

Cereal Ice Cream Pie

1 teaspoon butter
½ cup marshmallow creme
2 cups oven-popped rice cereal
Ice cream

Melt butter in sauce pan. Add marshmallow creme and stir until well blended. Remove from heat. Add rice krispies and stir until coated with syrup. Press into pie pan to form shell. Chill. When ready to serve, fill with ice cream and top with fruit, if desired.

Yields 1 9-inch pie.

Frosty Ice Cream Balls

Shape ice cream into balls. Roll quickly in slightly crushed sugar-coated corn flakes. Place in freezer to harden but do not store longer than 2 hours. Serve with any suitable sauce—hot fudge, butterscotch or sweetened fruit.

About one-third ounce of dry rubber is obtained from each tapping of a rubber tree.

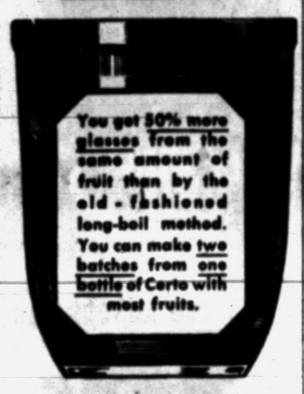
IT'S JAM-AND JELLY-MAKING TIME!

Amazing

How Simple it is to Make Perfect Homemade Jams and Jellies WITH Certo pectin*

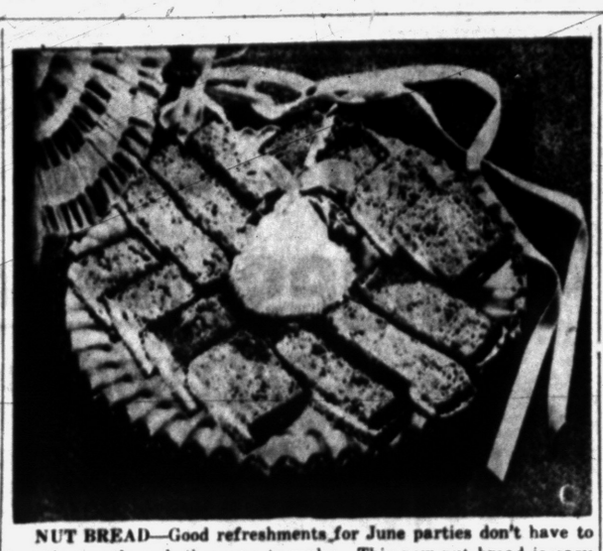


*WHAT IS PECTIN? It's the natural jellying substance found in all fruits in varying amounts. You need the right balance of pectin, acid and sugar for jams and jellies to "set." Certo is a concentrated *natural* fruit pectin. Follow recipes exactly and you will *be sure* to have the *right amount* of pectin for perfect "set."

A Product of General Foods

If you prefer a powdered pectin product, get SURE-JELL natural fruit pectin.

Homemade Jams and Jellies Taste Best —Cost Less!



NUT BREAD—Good refreshments for June parties don't have to be either costly or bothersome to make. This new nut bread is easy and economical, for it contains only half a cup of nuts. Coarsely crumbled shredded wheat biscuits add additional flavor.

Bake a Thrifty Nut Bread for June Party, Shower

June parties, especially showers, call for simple refreshments like nut bread sandwiches. Making your own nut bread need not be a chore, nor need it be expensive.

This recipe for Nut Bread is a budget planner's delight because the recipe calls for only half a cup of nuts. The thrift-secret lies in using "bite-size" shredded wheat biscuits. Coarsely crumbled in the mixture, you'll find they add to the good nut-like flavor and texture. The bread keeps well too.

Nut Bread

2 tablespoons shortening
1½ cups sifted all-purpose flour
1¼ teaspoon salt
2 teaspoons baking powder
¼ cup sugar
2 cups bite-size shredded wheat biscuits
½ cup finely chopped nuts
1 egg
1½ cups milk

Heat oven to 375. Grease 6-cup loaf pan. Melt shortening and set aside to cool slightly. Sift together into 10-cup bowl the flour, salt, baking powder, and sugar. Roll cereal into coarse crumbs.

Stir crumbs and nuts into flour mixture. Add egg, milk, and cooled melted shortening to cereal mixture. Stir only until dry ingredients are wet and there are no specks of unmixed egg. Pour into greased pan.

Place on center rack of oven. Cover with another loaf pan of the same size. Bake 20 minutes. Remove top pan. Bake 40 minutes longer, or until bread pulls from sides of pan and is brown on top.

Let stand in pan 5 minutes. Turn out. When cool, wrap in waxed paper and store in bread box or refrigerator. Store overnight before slicing. Makes 1 medium loaf.

Delicious, Easy Is Maple Fluff

If unexpected friends drop in on you just before dinner, you can whip up a luscious dessert in five minutes time if you keep a can of sweetened condensed milk handy in the pantry.

This creamy smooth blend of pure whole milk and sugar can be transformed with magic speed and ease into a luscious maple pudding.

The tartness of the orange and lemon juice complements the sweetened condensed milk. And the maple flavoring gives this fluffy dessert a delicious tang that makes a perfect ending to a hearty meal.

It's mighty pretty to look at, too, and no one will ever know it took but a minute to prepare.

Magic Maple Fluff

1½ cups (15-oz. can) sweetened condensed milk
½ cup lemon juice
½ cup orange juice
½ teaspoon maple flavoring
2 egg whites stiffly beaten
½ cup pecan nut meats, chopped

Combine sweetened condensed milk, lemon juice, orange juice and maple flavoring and blend well. Beat egg whites until stiff and fold into milk mixture. Fold in nut meats. Pile into sherbet glasses lightly.

Top with custard sauce made with the egg yolks. Serves 8.

Beef Hash Is Served With Tempting Sauce

Like really good roast beef hash? Try this recipe.

Roast Beef Hash With Chili-Relish Sauce

3 cups coarsely ground roast beef
4 cups cubed boiled potatoes
1 cup beef gravy
Salt and pepper
2 tablespoons butter or margarine
2 tablespoons pickle relish
6 tablespoons chili sauce

Mix beef, potatoes and gravy; add salt and pepper to taste. Melt butter in large iron skillet or other heavy skillet with heat-resistant handle.

Turn into skillet and spread evenly. Cook over moderate heat about 20 minutes. Place under broiler to brown top—5 to 10 minutes.

Stir relish into chili sauce; serve with hash. Makes 4 to 6 servings.

Mushrooms Flavor Spaghetti Casserole

Does your family like casseroles? This one will please all members of the family.

American Spaghetti Casserole

2 tablespoons fat
½ cup finely diced onion
½ pound chopped beef
1 teaspoon salt
⅛ teaspoon pepper
⅛ teaspoon thyme
1 teaspoon minced parsley
1 11-ounce can condensed tomato soup
1 3-ounce can chopped broiled mushrooms
½ pound spaghetti (cooked)
1 cup grated process American cheese

Melt fat in saucepan over moderate heat. Add onion and let cook about 3 minutes, stirring often.

Add beef, pulled into small portions. Continue cooking, stirring often, until lightly browned. Add salt, pepper, thyme, parsley, tomato soup and broiled mushrooms (including liquid in mushroom can). Bring to boil.

Drain cooked spaghetti. Combine with meat sauce. Place in shallow lightly oiled 1-quart baking dish. Sprinkle cheese over the top. Place under moderate heat in preheated broiling compartment until cheese is lightly browned. Serve at once. Makes 4 generous servings.

RIVAL DOG FOOD — NATURAL COLOR of cooked meat — never an artificial red

Quarter Century Sees Rise of Frozen Food Industry

By JANET ODELL
Pontiac Press Food Editor

Mrs. Career Housewife arrives home about 5:30 in the afternoon. She immediately ties on her apron and starts dinner for the family. By 6:00 or 6:15 they all sit down to an excellent meal of fried chicken, whipped potatoes, green peas, tossed salad, hot biscuits and strawberry sundaes.

This is 1954 and it is possible to get such a dinner on the table in that length of time.

It is possible because one man had vision and American industry had the courage in the time of despression to develop an entirely new industry.

The frozen food industry celebrates its 25th birthday this month. The man with vision is Clarence Birdseye.

The history of this quarter of a century is fascinating. As early as 1912 Mr. Birdseye, at that time a young field naturalist of the United States Biological Survey working in Labrador with Grenfell, observed and experimented with methods of preserving food by freezing in that frigid land.

In 1920 he discovered that fresh-caught fish instantly frozen in the arctic air tasted ocean-fresh when thawed and cooked. He returned to this country determined to find ways of quick freezing food commercially.

We have to compress the history of the next decade in the interests of brevity. By June of 1929 General Foods Corporation had bought out the rights to the Birdseye methods and properties and begun to develop the new industry.

The things that have happened since then are almost incredible. Whereas, in the beginning the public had to be educated in the use of this new type of food, now it is taken for granted by America's housewives.

Other industries were affected. Some expanded. Others changed. A few even were created, such as the commercial and home freezer industry. It is estimated that some 150,000 entirely new jobs have been created by the frozen foods industry.

Frozen food has revolutionized food distribution and dietary habits. There is no such thing as foods in season anymore. Local or regional foods are available nationally, and specialties of all kinds can appear on the American dinner table anywhere.

Frozen food has lightened kitchen chores, has abolished much of the drudgery of food preparation. For women holding both a job outside the home and continuing to play the role of homemaker at home, this is a blessing.

In some ways frozen foods have shown us what really fresh fruits and vegetables, picked at the peak of their goodness and frozen immediately, taste like. We know that frozen ones, properly cooked, contain more vitamins than the so-called "fresh" vegetables which sit in the grocery store for several days.

In 1930 there was but one packer of quick-frozen foods. Today there are more than 1400. Today three - quarters of all American families buy and eat quick-frozen foods of some kind.

Over six million home freezers have been purchased since the end of World War II; another six million individual food lockers are rented.

Quick freezing has brought the American public the only major innovation in the preservation and distribution of perishable foods in this century. Aren't you glad we're homemakers now?

Bake Succotash in Oven

When you are roasting a chicken in a 350 oven you can ovenbake succotash at the same time.

Put a package of frozen succotash in a casserole with a tablespoon of butter or margarine, a half teaspoon of salt and three-quarters cup of water. Cover the casserole and put in the oven about 40 minutes before the chicken will be ready.

LEMON TORTE—This delicate springlike dessert is a one-layer white cake spread with lemon filling, then covered with meringue and baked. Serve it to favored guests as a final course or for in-between-time refreshment.

Springlike Lemon Torte

Flavorsome desserts are still favorites for party fare. Even dieters will be tempted by this picture-pretty cake.

The recipe given below will make two layers, enough for two tortes which should serve 12 to 16 people easily.

Lemon Torte

½ cup shortening
2½ cups sifted cake flour
4 teaspoons double-acting baking powder
1 teaspoon salt
1½ cups sugar
¾ cup milk
1 teaspoon vanilla
4 egg whites
½ cup milk

Have all ingredients at room temperature. Place shortening in bowl. Sift in dry ingredients and add 2/3 cup milk and vanilla. Beat 2 minutes on medium speed of mixer or about 300 strokes by hand. Keep batter scraped from sides and bottom of bowl.

Add unbeaten egg whites and 1/3 cup milk. Beat 2 additional minutes or 300 more strokes. Scrape bowl and beaters. Pour into 2 layer cake pans that have been lined with 2 layers of waxed paper or one layer of wrapping paper. Bake in a 375 degree oven about 25 minutes. Cool.

Lemon Filling

2 cups sugar
6 tablespoons cornstarch
2 cups boiling water
4 egg yolks, beaten well
1 tablespoon butter or margarine
½ cup lemon juice (about 2 lemons)
1 tablespoon grated lemon rind

Mix sugar and cornstarch thoroughly in a saucepan. Gradually stir in boiling water. Place pan over low heat. Stir constantly while mixture thickens.

Set pan off heat and gradually pour a little hot mixture into beaten egg yolks. Stir vigorously then slowly add this to the rest of the hot mixture. Stir well.

Place pan over low heat and stir and cook about ½ minute. Add butter, lemon juice and rind. Stir and cook slowly less than ½ minute. Cool. Spread over layers of cool cake.

Make a meringue with 4 egg whites and ½ cup sugar, ½ teaspoon salt and ½ teaspoon vanilla. Spread over lemon filling in swirls. Cover filling completely to edge.

Bake in a 350 degree oven 12 to 15 minutes or until meringue is delicate brown.

Special Cooker Is Your Friend

In many kitchens, a pressure cooker performs a daily job, quick-cooking potatoes, perhaps, or a pot roast with rich, pungent gravy. But we've heard too many women say, "My pressure cooker sets on the shelf."

A pressure cooker can help you in making quick meals. But don't expect magic. You do have to abide by the rules when it comes to handling your cooker and timing and controlling the heat.

And your care and skill in seasoning and browning meats and in making gravy are just as important as in any other kind of cooking. Your care and skill in seasoning and browning can make your skill evident. Here are some special tips.

Season foods as exactly as you can before cooking.

Brown meats and poultry for braising slowly and thoroughly.

Add only enough water to make the desired quantity of sauce or gravy. Very little water evaporates.

Underestimate time needed to cook. You can easily cook longer if necessary.

Sauce Is Different for Barbecue Beans

Give canned baked beans a dividend by fixing them up this flavorsome way.

Barbecue Beans

¼ cup old-fashioned dark molasses
2 tablespoons vinegar
2 tablespoons prepared mustard
4 cans (about 1 pound each) baked beans
1 medium onion, sliced

Mix well together molasses, vinegar and mustard. Empty beans into skillet or casserole; stir in molasses mixture. Arrange onion slices on top of beans or layer with beans. Simmer in skillet on top of range or outdoor grill 15 to 2 minutes, or bake in casserole in hot 425 oven 30 minutes. Makes 8 to 10 servings.

Milk Is Bargain Priced in Ratio to Food Value

It is said that 15 cents of the food dollar is spent for dairy products and in return about 25 per cent of our food is obtained.

Any failure to recognize milk as a bargain food stems from a lack of understanding of its remarkable food value. For milk is not only a refreshing drink served as a snack and a mealtime beverage, but it is rightfully referred to as the ideal, most nearly perfect food.

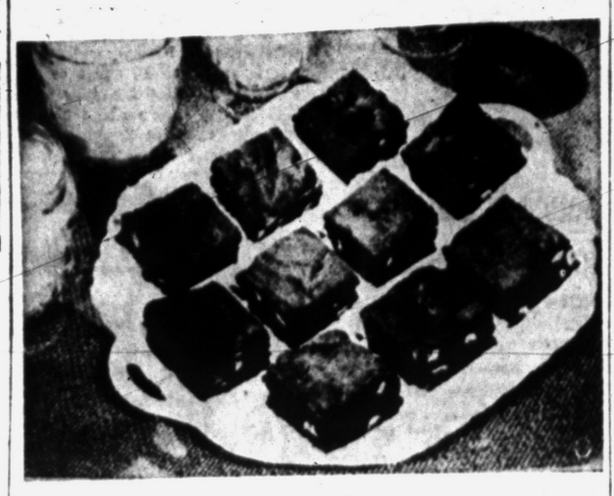
REGULAR DRIP EXTRA FINE



MADE WITH MILK BROWNIES — Between meal snacks for young and old can be cookies and milk. Especially nutritious are these Brownies made with nonfat dry milk, a departure from the ordinary Brownie recipe. The children will benefit while they're enjoying the cookies.

Brownies Good With Dry Milk

There's just no cookie as popular as rich chocolate brownies—and, unlike many cookies, they're easy to make. One disadvantage, though, especially if you're making them for the children, is that they don't include milk.

But that's not true when you use this new recipe for Chocolate Brownies made with nonfat dry milk!

They have the same rich texture as other Brownies—the good like-candy, like-cake texture that makes them such a favorite—and, in addition, they contain the equivalent of one and one-third cups of nourishing non-fat milk!

You'll find that it's easy to use nonfat milk in dry form to make brownies . . . all you do is sift it with the other dry ingredients. And what a pleasant way it is to "tuck-in" that extra amount of nonfat milk nourishment!

Brownies

½ cup sifted all-purpose flour
1¼ cups sugar
½ teaspoon baking powder
¼ teaspoon salt
½ cup cocoa
⅓ cup nonfat dry milk
½ cup soft shortening
2 unbeaten eggs
2 tablespoons water
1 teaspoon vanilla
½ cup broken, unsalted nuts

Sift together into a 2-quart bowl the flour, sugar, baking powder, salt, cocoa and dry milk. Add all at once the shortening, eggs, water and vanilla. Mix until well blended, then beat hard 1 minute. Stir in the nuts. Spread batter in a well-greased 8x12 inch pan. Bake on center rack of 350 oven 25 minutes, or until cake pulls from sides of pan. Cool in pan about 30 minutes. Cut into 24 squares.

Beets a la Harvard Count Low Calories

To vary your vegetable menu, try Harvard Beets: Low in calories, but delicately flavored with tangy lemon, these beets provide important nutrients in your diet.

Harvard Beets (Low Calorie)

1 No. 2 can diced beets (approximately 1½ cup fresh lemon juice
Pepper
1 tablespoon cornstarch
¼ cup water
1 teaspoon liquid no calorie sweetener (2 cups)

Combine all ingredients except the beets; cook over low heat until thickened and clear, stirring constantly. Add beats; heat thoroughly. Makes 4 servings. 1 serving—45 calories.

Two Sandwiches That Rate High in Man-Appeal

For hearty, filling sandwiches with man-appeal, try these appetite satisfiers. Take along a skillet because you finish them off over a picnic fire.

Chicken Supper Sandwich

6 slices day old bread
½ cup milk
3 eggs, beaten
¼ cup margarine
1 5-ounce can chicken spread
¼ cup chopped peanuts
1 cup whole cranberry sauce

Make French toast by dipping bread into batter of milk and eggs. Fry in hot fat. Make three sandwiches using a mixture of chicken spread and peanuts as the filling.

Heat cranberry sauce until bubbling hot and spoon over sandwiches before serving. Makes 3.

Chicken Sandwich Bohemia

8 slices Russian rye bread
Mayonnaise
Prepared mustard
1 5-ounce can boned chicken
Sauerkraut
8 slices Swiss cheese
Melted butter

Spread bread with mayonnaise and mustard. Dice boned chicken and divide among sandwiches. Cover each with a thin layer of sauerkraut and a slice of Swiss cheese. Top with a bread slice.

Brush both sides of each sandwich with melted fat. Grill sandwiches in hot frying pan until cheese melts. Serve hot. Makes 4 sandwiches.

Hormones for Cattle Up Meat Production

PHILADELPHIA (INS) — Sex harmones may provide the answer to how to cut food budgets and still serve beef steaks and lamb chops. Steers and lambs treated with hormones grow faster and eat less than animals on normal rations according to Farm Journal magazine.

The publication reports that recent tests in Iowa and Michigan disclosed that steers that got hormones mixed with their feed gained 3.06 pounds a day over a 112-day period compared with a daily gain of 2.23 pounds for cattle eating the same ration without the additive.

Lambs having hormone pellets placed beneath their neck skin gained weight 42.5 per cent faster during a 42-day test period while consuming 24.6 per cent less feed per pound gained than a normally fed group.

One of the greatest sources of Florida's wealth are deposits of phosphate rock, widely used as a fertilizer.

Equipment to Start Bride on Road to Good Baking

By JANET ODELL
Pontiac Press Food Eidtor

Last week we promised to discuss the equipment a new homemaker needs for baking. Nowadays the jokes about the bride's biscuits are out of style. No bride need make heavy biscuits, not with all the helps she has from mixes, tested recipes and even the ready-to-bake items themselves.

Young women today take pride in their culinary achievements and that is as it should be. I assume that most of you will be doing some of your own baking and are interested in knowing what pans are needed.

Let's consider the kinds of things you will bake. Cakes, pies, cookies, biscuits and muffins, maybe bread — these are the foods that come under the classification of "baked goods."

Dark or dull pans are better for many kinds of baking, since they absorb heat. So do not be too concerned if your cookie sheets and cake pans darken with age and use.

You will find cooks who use nothing but aluminum cookie sheets; others who swear by tin ware. It is individual preference. But do consider some other factors.

Look for pans that will be easy to keep clean. Rounded corners are easier than square ones; smooth metal cleans easier than fluted or scored; rolled-edges attract less dirt.

Sometimes, though, you may decide that ease of cleaning is not the chief consideration. That is the case with a cast aluminum set of fluted muffin pans I own. They bake such wonderfully brown muffins that it is worth the extra time it takes to dig the crumbs out of all the creases when I wash the pan.

You will need a pie tin, either glass or metal; a glass one can double as a casserole in a pinch. You should have two small or one large muffin or cup cake pans — enough to hold a dozen cakes.

Two layer cake pans (with removable bottoms), a bread pan for loaf cakes and bread, a cookie sheet with an open end, an 8x8 square pan and a tube cake pan will take care of most of the things you will want to bake.

You may want to add a third layer cake pan, a spring form, another cookie sheet and different size muffin tins later on.

Get a pastry cloth and rolling pin cover, two racks for cooling cakes and cookies and a few cookie cutters. Or you can substitute a clean white baby's sock over a milk bottle used on a floured board; one of the racks from your oven for cooling; and an empty frozen juice can for a round cookie cutter.

As one book said, it is amazing how little you can get along with and yet how much you can accumulate to use.

A set of measuring cups, another of spoons and a flour sifter will complete your list of baking requirements. We mentioned an egg beater in last week's article, also a spatula and a wooden spoon.

If your oven does not have a heat control, you should invest in an oven thermometer, a relatively inexpensive item for all the trouble it will save you.

Go slowly with your purchases until you know what extra items you really need. Most of us have far more in our cupboards than we either need or regularly use. But remember that there is no economy in skimping on the essentials. Happy baking to you.

Cow Eats Chemical Milk Stays Sweet

PHILADELPHIA (INS) — Milk souring on the doorstep soon may no longer be a problem for homemakers.

Scientists at the University of Florida are experimenting with a chemical which, when fed to the cow, controls the milk-souring bacteria in the bottle.

Farm Journal magazine reports that milk from cows getting the chemical stayed sweet for 18 to 24 hours at 98.6 degrees—human body temperature. Milk from cows that did not get the chemical soured in half that time.

The results in the refrigerator are even better. At 50 degrees, milk from treated cows stayed fresh for 20 days—four times as long as from untreated cows.

Fruited Sponge Ring Is Simple, Attractive

Besides being pretty to serve, an Almond Fruited Sponge Ring is no strain to make. Drain the syrup from a No. 2½ can of fruits for salad, thicken with a tablespoon cornstarch, and add ½ teaspoon almond extract. Add the fruits and chill.

To serve, put wedges of sponge or chiffon cake around the edge of a plate, with the fruits in the center. (Use a pretty compote or bowl.) Let each help himself to cake, and spoon the fruit sauce over.

Spruce Up Pork Chops

Here's a way to add savory flavor to pork chops during cooking: Use a small amount of water as the liquid, and add rings of large sweet onion and uncooked prunes. You'll find unusual goodness in the resulting dish.

Broil Fish on One Side

It is not necessary to turn fish fillets when you are broiling them. If the skin is still on the fillets, place the fish skin-side-down on the broiling pan.

DOUBLE STRENGTH

NEW AND BETTER

● Helps greatly when washing clothes, less soaking, less rubbing.

Use Cauliflower in Tossed Salad

Here's welcome news—something different in a tossed salad. And the "something different" in this salad is frozen cauliflower.

The frozen cauliflower is cooked just one minute—keeping it crisp and full of fresh flavor. Then it's cooled and tossed together with radishes, onions, cucumbers, lettuce, and a favorite French dressing.

There's new zest and lots of appeal in this distinctive salad combination.

Cauliflower Salad

1 package frozen cauliflower
4 or 5 medium radishes
1 or 2 small spring onions, chopped
½ cup cucumber slices
2 cups shredded lettuce
Salt
Pepper
French dressing

Cook cauliflower for 1 minute; drain and cool. Add vegetables, seasoning, and just enough French dressing to moisten; toss together lightly. Amount: 4 to 6 servings.

Paris was the largest city in the world for over 1,000 years.

CORNBREAD LIVER PATTIES—Even the children will go for liver when it is made into patties. Nicely seasoned with sage or marjoram and grated onion, these patties come out of the oven fragrant with goodness. Try this new way of serving liver when next it appears on your menu.

Roll Fish in Corn Meal

Want to make fish taste especially good? Roll serving-size pieces in corn meal before frying to give a delicate brown crust. Serve with lemon wedges for good flavor.

First practical lawn mower was invented in 1868.

Children Love Liver Patties

Every mother knows that liver is particularly good meat for growing children, but getting them to eat it is sometimes a problem.

Baked Liver Patties that include corn bread crumbs to provide a flavor that is delightfully different help solve that problem. And of course, the corn bread is good for growing youngsters since it is a basic energy food.

Corn Bread Liver Patties are quick to prepare, for they need be baked only 20 to 25 minutes. Try them soon for a delicious dinner.

Corn Bread Liver Patties

1½ pounds liver
2 cups corn bread crumbs
¼ cup grated onion
4 tablespoons bacon drippings
¼ teaspoon pepper
1 teaspoon salt
Bacon slices
¼ teaspoon powdered sage or ½ teaspoon marjoram

Prepare liver by wiping with a damp cloth; cover with boiling water and allow it to stand for five minutes. Remove the liver and run it through food grinder using fine blade.

Combine with corn bread crumbs, grated onion, bacon drippings, sage or marjoram, salt and pepper, adding meat broth or hot water to moisten if needed. Shape into thick patties.

Wrap with bacon slices and fasten ends with a toothpick. Bake at 400 degrees 20 to 25 minutes or until bacon is crisp.

Sliced Eggs Garnish Asparagus, Shrimp

Try this delicious combination of foods for lunch or supper.

Shrimp and Eggs With Asparagus

3½ tablespoons butter or margarine
3½ tablespoons flour
2 cups milk
Salt, pepper
Worcestershire sauce
1 pound shrimp (cooked and cleaned)
4 servings hot cooked asparagus
4 hard-cooked eggs, paprika

Make a white sauce of the butter, flour and milk; add salt, pepper and worcestershire sauce to taste. If shrimp are small leave whole; if medium or large, split in two lengthwise with a sharp knife. Add shrimp to white sauce and reheat.

Serve shrimp and sauce over well-drained asparagus. Garnish with sliced eggs; sprinkle with paprika. Makes 4 servings.

Beverage Is Different

Ever try prune juice and milk? Or orange juice and ginger ale? These combinations make delightful beverages for midmorning or midafternoon pickups. They taste good and are nutritious, too.

Cinnamon, Nuts Make Scones Most Delicious

Here's a quick bread that you can make, bake and be serving in less than a half-hour's time. It's just the right tempter to serve when you have extra guests.

For Butterscotch Scone Balls, sift together 2 cups sifted enriched flour, 3 teaspoons baking powder, 1 teaspoon salt and ¼ cup sugar. Cut or rub in 1-3 cup shortening until mixture is crumbly.

Combine 1 beaten egg and ½ to ¾ cup milk and add to flour mixture, stirring only until flour is moistened.

Combine ½ cup brown sugar, 1 teaspoon cinnamon and ¼ cup finely chopped nuts and spread on waxed paper.

Roll spoonfuls of scone mixture in cinnamon mixture and place on lightly greased baking sheet. Bake in hot oven (425 degrees F.) 12 to 15 minutes. Makes about 2 dozen small balls.

Chill Cantaloupes; Serve With Lemon

Western cantaloupes are the perfect breakfast fruit — refreshing and so easy to prepare. Simply cut chilled cantaloupes in halves, remove the seeds and serve with wedges of fresh lemon or lime.

To chill cantaloupes, wrap well in several layers of waxed paper, aluminum foil or in paper sacks. (This keeps their fragrance in the melons where it belongs and out of neighboring foods.)

Store in the refrigerator for several hours. Never dilute the flavor of melons by filling the cavities with ice!

Steel Contract Still Uncertain

Optimistic That Group Will Reach Settlement by June 30

PITTSBURGH (AP)—A little group of men plugged away today trying to agree on 1954 contract terms between U.S. Steel Corp. and the CIO United Steelworkers, terms which may eventually affect some 1,200,000 workers in the far-flung steel industry.

Both sides are cheerful about the prospects of a settlement before the June 30 expiration of the present contract. But neither big steel nor the union will comment on progress or the lack of it.

The negotiations continue with the two top bargainers—David J. McDonald of the steelworkers and John A. Stephens of the company—still not planning to attend the sessions for the third day. A reliable source said they'll be on hand tomorrow, however.

The negotiators are trying to hammer out a formula which they can present to the union's 170-member Wage Policy Committee here next Tuesday. The committee is usually called into session to approve or reject the negotiators' results or to pass on a major change in the union's demands.

If the negotiators—fewer than 30 of them, most of the time—can agree on new terms, they will set a pattern for the 600,000 workers in the basic steel industry and for 600,000 to 700,000 more in the steel fabricating business.

The union went into the talks May 18 with demands for a guaranteed annual wage, an unspecified pay hike, improved insurance and pension plans and other contract changes.

VANISHES — Joanne Connelly Patino, New York debutante and bride of Bolivian tin heir Jaime Ortiz Patino, is reported missing in Rome, Italy. Her husband says she "just got in a cab and disappeared."

Old Folks Home Won't Provide for Newlyweds

ROME (AP)—Newlyweds Teresa and Francesco Atzeni are looking for a new home.

They can't live in their former lodging, where they were wed yesterday, because there's a rule against couples sharing a room.

Teresa and Francesco, both 80, were married in an old folks home, where they met 10 years ago.

Friends offered the bride and groom lodgings for 2,000 lire ($3.20) a month. The groom said they could afford to pay only 1,000 lire, and turned the offer down.

Meantime, they're continuing to live at the old folks home—in separate rooms.

House Passes Bill on Farm Surplus

WASHINGTON (AP)—The House approved by voice vote yesterday a bill to authorize a three-year program of surplus farm products disposal. A billion dollars worth could be sold and 300 millions worth given to friendly nations.

The Senate has approved a one-year program contemplating disposal of 500 million dollars worth of surpluses, under somewhat different conditions. The differences between the two versions probably will be worked out by a Senate-House conference committee.

The administration plans to mesh he program into foreign aid operations and at the same time get rid of some of the huge surplus stocks acquired under the farm price support program.

Dice Rear Their Heads During Fierce Cold Spell

MILES CITY, Mont. (AP) — When the mercury sank to 39 below zero, paint peeled off a Miles City motor firm's display sign.

Beneath the paint the sign showed a pair of dice, symbolic of the name of the owners—August and Leta Dice.

Court Sticks Surgeon for Not Removing Knife

PARIS (AP) — A Paris court found a surgeon guilty yesterday of leaving a piece of his knife in a patient during an operation. It ordered him to pay 800,000 francs ($2,285) in damages.

The surgeon, Dr. Jean Lortat Jacob, performed a series of operations on Georges Maurer in 1950. A year later Maurer had to undergo another operation in New York. The American doctors, the court was told, found the steel.

132 Rochester Seniors Leave

Joan Rewold, Roger Forbush Will Lead Graduates

ROCHESTER—With Dr. Charles Ervin of Michigan State College as commencement speaker, 132 Rochester Community School seniors will receive their diplomas tonight in the high school gymnasium.

Heading the graduates will be Joan Rewold and Roger Forbush, Honor Girl and Honor Boy of the Year, respectively.

The surprise awards were made to the pair at the Honor's Convocation Tuesday night by Principal Harlan Johnson.

Miss Rewold, the daughter of Mr. and Mrs. Clarence Rewold of 762 Ludlow Ave., was president of the Junior-Senior Girls Club and also the Future Nurses Club.

Governor of Boys State, local Student Council president and a member of a statewide youth committee, Forbush is the son of Mr. and Mrs. Edwin H. Forbush of 312 Highland Ave.

Awarding of the honors was based on activities as well as scholarship.

Methodist Church Plans Reception Friday Night

IMLAY CITY — A reception for new members and parents of children baptized during the past year will be held at the Methodist Church here at 8 p.m. Friday.

The program will be followed by a social hour and refreshments. Mrs. LaVerne Crandall, Mrs. Y. W. PeLong, Mrs. Glenn Spencer and Mrs. Kenneth Samson are on the committee in charge of the affair.

MR. AND MRS. WILLIAM HOEHN

Rochester Couple Travels North

Ardith Scribner Speaks Vows in St. Paul Church

ROCHESTER—Before an altar embanked with white mums and white majestic daisies in St. Paul Methodist Church Saturday, Ardith Marilyn Scribner became the bride of William Garrison Hoehn in a double-ring candlelight ceremony.

Ardith is the daughter of Mr. and Mrs. Wilmer O. Scribner of 500 Second St. William's parents are Mr. and Mrs. Walter H. Hoehn of 152 Albertson St.

Attending the evening ceremony were 200 guests.

The bridal gown had a lace top over white satin, a nylon tulle skirt over white satin in front, lace over white satin in back, and a train. Scallops of lace adorned the sides and skirt edge of the train.

Her veil was a nylon tulle band in fingertip length. She carried a white orchid with lily-of-the-valley streamers on a white prayerbook.

Serving as maid of honor for her sister was Sandra Jean Scribner. Bridesmaid was Mrs. Robert Watson, also a sister of the bride.

Both wore identical gowns with lace bodices, matching boleros and net-over-satin skirts. The maid of honor chose a blue gown and the bridesmaid, pink.

Walter Hoehn Jr., twin brother of the bridegroom, served as his best man. He is from Wisconsin. Ushers were Paul Hoehn, also a brother; Rod Arnold of Rochester and Steve Bruce of Detroit.

A reception was held in the American Legion Hall of Rochester before the newlyweds left for a honeymoon in northern Michigan. They will live in Rochester when they return.

For her going-away costume the bride selected a mauve linen suit with white accessories and wore the orchid from her bridal bouquet.

Mrs. Scribner wore blue lace over taffeta, white and navy accessories and a pink rose corsage for her daughter's wedding. Mrs. Hoehn chose sheer beige print with white accessories and a yellow rose corsage.

County Deaths

Mrs. Warren Smith

OXFORD—Service for Mrs. Warren (Zelma B.) Smith, 47, of 46 W. Burdick St. will be held at 2 p.m. Saturday at Mabley Chapel, with burial in Eastlawn Cemetery, Lake Orion. The body will lie in state at the home until 10 a.m. Saturday. She died early today after an extended illness.

Surviving besides her husband are her father, Arthur Hanchett; three children, Harold of Lake Orion, and Arthur and Helen at home; a brother, Harold Hanchett of Corunna; and two grandchildren.

Claude B. Farnsworth

ROYAL OAK — Funeral service for Claude B. Farnsworth, 68, of 122 Maxwell Ave., will be held at 1 p. m. Saturday at the Sullivan and Son Funeral Home, with burial in Maple Grove Cemetery, North Branch, where service will be conducted by Lodge 312 F & A M. He died Wednesday in Grace Hospital, Detroit.

Mr. Farnsworth was a druggist for 52 years before his retirement three weeks ago. He opened a store in Royal Oak in 1927. Also a former resident of North Branch, he served from 1902-1911 as village clerk there.

Surviving besides his widow, Katherine, are four sisters, Mrs. K. M. Barbour of North Branch, Mrs. Homer Elliott of Durand, Mrs. A. G. Dersch of Saginaw, and Mrs. A. H. Blackburn of Tampa, Fla., and two brothers, Frank H. of Flint, and Arthur of Washington.

Myron B. Copley

ROYAL OAK — Funeral service for Myron B. Copley, 76, of 200 N. Edgeworth Ave., will be held at 2 p.m. Friday at the Kinsey Funeral Home, with burial in Oakview Cemetery. He died Tuesday at home.

A past noble grand of Dowagiac Lodge IOOF and past chief patriarch of Cass County encampment, he is survived by his widow, Florence; a daughter, Mrs. Evaline Carman of Royal Oak; a son, Lawrence B. of Royal Oak; a sister, Mrs. Eva Crawford of Dowagiac, and three grandchildren.

Marilyn Halsema Repeats Vows in Windsor Rite

KEEGO HARBOR—At a ceremony in United Church of Windsor, (Ont.), Saturday Marilyn Halsema, daughter of Mr. and Mrs. Frank Halsema of Keego Harbor, became the bride of ABQR Myles Cascadden, of the Royal Canadian Navy.

The bridegroom is the son of Mr. and Mrs. Melvin Brophy of Windsor.

Attendants at the ceremony, which was attended by the immediate families, were the bride's sister, Janet Halsema of Keego Harbor, and the bridegroom's brother, Fred Cascadden of Windsor.

The newlyweds are honeymooning at Colchester, Ont. on Lake Erie.

Women's Relief Corps Meeting in Grand Rapids

ROCHESTER — Attending the State Department Woman's Relief Corps convention in Grand Rapids today and tomorrow are eight delegates from the William P. Everitt Corps.

The representatives are Mrs. Florence Hosking, Mrs. Gale Clark, Mrs. Emma Price, Mrs. Susie James, Mrs. Ben Jones, Mrs. Sarah Lindsey, Mrs. Ada Tousaint and Mrs. Frank Rewold.

Also to Decide Disposal of Sites

4 Candidates Seeking Board of Education Positions

ROCHESTER — School electors will choose two board of education trustees from four candidates and decide the disposal of former primary schools and properties now within the district when they go to the polls in July.

At the regular meeting of the Rochester Community Board of Education Wednesday night, the petitions of Dr. Eve Schlecte, incumbent; William L. I. McClelland and Roy F. Plauman were officially checked and approved.

Resolutions were also adopted requesting permission of the voters to dispose of the following properties;

1 — One acre of land, the site of the old Mount Vernon School.

2 — Buildings on the sites of Christian Hill, Hubble and Brewster Schools with property to be returned to original owners if title is proved.

3 — Buildings on Brush, Kline Snell and Bigler sites to be disposed of with rightful owners of property to be determined and if the school district has the title, sell the site and building.

Following several months of study and review, Henry Purdy, president of the Rochester Citizens' Committee, presented to the board the final recommendations on the new high school program.

"These recommendations," said Purdy, "are predicated upon what we believe is essential in a sound, basic educational program for the children of our community."

The board adopted a resolution commending the committee for their work and said they would study the reports hoping to incorporate the citizens' ideas in the drafting of plans for the new high school.

New appointments in staff personnel were approved with Miss Alvena Good named to the principalship of the Brooklands School. She has served in the Rochester schools for several years and prior to this was principal of schools in Kalamazoo, Ionia and Monroe.

Mrs. Lois Thompson was named principal of Woodward, Stoney Creek and the Lutheran Annex Building. She will also serve as an instructional consultant to work with new teachers in the elementary school program.

Robert McKenney will assume the duties of combination principal-teacher at Goodison. He has held this post at Avon school this year. Tim Baxter, a seventh grade teacher at Brooklands, becomes the new principal-teacher at Avon. Mrs. Minnie Thorpe is the principal-teacher at Hamlin School.

Imlay City Schools Fill Two Vacancies

IMLAY CITY — Two vacancies on the staff of the Imlay City Schools were filled recently by the Board of Education.

Florence Baur of Elkton, will teach kindergarten and Judith Klann of Capac, will teach a first grade section.

Miss Baur has eight years' teaching experience in Huron County schools and earned her degree at Central Michigan College. Miss Klann also holds a degree from Central Michigan.

56 Donors Contribute During Bloodmobile Visit

NORTH BRANCH — Fifty-six donors contributed blood during the visit of the Lapeer County Bloodmobile Unit here Tuesday.

Drs. J. O. Thomas and Cornell Graevu of North Branch were the physicians in charge. Blue Star Mothers served at the canteen, which was sponsored by the North Branch Chapter, Lapeer County Hospital Auxiliary.

Vacation Bound? A-1

You would like to take a vacation this year but you're afraid your present car isn't up to it, and the cost of having it put in tip-top shape would cost too much.

AN EXCELLENT USED CAR!

Be assured of a wonderful vacation with no car worries. See our complete selection of almost new cars. We believe we have the "cream of the crop." Your car will probably more than make the down payment.

RALPH E. PIASKOWSKI

Boy Scout Leader Wins Promotion

ROYAL OAK — Promotion of Ralph E. Piaskowski of 4501 Elmhurst, to the post of district executive for District One, Detroit Area Boy Scout Council, was announced today.

In the new position, he assumes administrative responsibility for all scouting in Oakland County from Bloomfield Hills to Baseline—an organization of 9,313 boys and leaders.

Piaskowsiki moved to this area from Alton, Ill., where he spent more than three years in scout executive work. An Air Force veteran, he holds an A.B. degree from George Williams College, Chicago.

He and his wife, Phyllis, are the parents of two children, Sharon and Mark Edward.

The seemingly heavy, unwieldy bill of the hornbill bird is actually quite light. The outer walls are thin but strong and the insides are a network of delicate, bony fibers.

Form New PTA Group in County

Organization Contains 2,500 Members From Eastern Oakland

Formation of a new council composed of 27 parent-teacher organizations in eastern Oakland County was announced this week.

To be known as the East Oakland Area Council of Parent-Teacher Assn., the body will embrace schools in the area bounded on the north and east by the Oakland County line, on the west by Woodward and Baldwin road and on the south by the southern Clawson limits.

Most of the groups formerly belonged to the Oakland County PTA Council, "but feel that by setting up our own council closer to home, we can more successfully accomplish our aims and purposes," said publicity chairman Marie Rouunsville.

Approximately 2,500 members are reported in the new group.

Mrs. Walter Huff of Troy Township, a former president of the Oakland County PTA Council, is president, and Mrs. Robert Sanford of Lake Orion, is vice president.

Other officers are Mrs. G. A. Goforth of Avon Township, treasurer; Mrs. William Chapman of Clawson, recording secretary; Rosco V. Crowell, Avondale High School principal, corresponding secretary; and Mrs. Helen Allen of Rochester, historian.

The first regular meeting will be an all-day workshop in September.

The Capuchin order of friars received its name from the pointed hood, or capuche, which is part of their brown or gray habit.

Hazel Park Motorist Killed Near Cadillac

CADILLAC (AP) — George F. Cerutti of Hazel Park, was killed Wednesday night and four teenagers suffered minor injuries in a headon auto collision on M115, four miles southeast of Cadillac.

The teenagers, all from Marion, 20 miles southeast of Cadillac, were treated at Mercy Hospital. They are Albert Johnston, 18; his sister, Ruth, 14; Wanda Mosher, 16, and Duane Boonstra, 15.

Police said Johnston ran headon into Cerutti's car while attempting to pass another auto.

Botanists generally agree the tomato is a fruit, but in 1839 the U. S. supreme court ruled it is a vegetable.

Rochester Buys Bulldozer to Cut Dump Leveling Cost

ROCHESTER—Two new items of equipment needed by the Village of Rochester were purchased this week—a diesel bulldozer at a cost of $6,997 and a water leak indicator for $232.50.

Village Manager Robert Slone and representatives of the water, sewer and highway departments of the village tested the huge bulldozer at the village dump.

Slone said that the cost of keeping the dump in order would soon be minimized by purchase of the machine. Heretofore, bulldozing of the dump had been done by private firms.

The water leak indicator will be used by the water department to re-locate water mains and will also ascertain where old lines are located as well as sewer lines.

Village councilmen this week put the new electrical licensing schedule on the third and final reading. The schedule is an amendment to the electrical Ordinance.

Placed on the first reading was a proposed disorderly ordinance. Points covered in the ordinance are drinking on village streets, loitering in groups, throwing beer bottles out of cars, and loitering in any alley, in houses, halls or other places to which the public has access.

Persons found guilty of violation of the ordinance would be subject to a maximum fine of $100 or a 90-day jail sentence or both.

A zoning ordinance was also put on first reading, with the second scheduled for June 28, and a public hearing to be held July 12.

An offstreet parking ordinance was discussed by the council, but was tabled for further study and will be presented at the next meeting.

Also this week the council:

Voted to purchase 50 new water meters at $21.84 each.

Accepted the auditor's report and took out life and accident insurance for all village employes up to the age of 65.

Appointed Lee F. Wilcox of 522 Second St., as village electrical inspector, with his duties to start July 1. Wilcox was also recently appointed as electrical inspector for Avon Township.

Rebuilt Towns Recreate History of America's Past

WASHINGTON (UP) — The history of the United States lives again in some 10 rebuilt American colonial and frontier towns scattered throughout the country.

These towns, ranging from Williamsburg, Va., to Virginia City, Nev., have been re-created by assembling old buildings brought from other localities as well as reproductions and restorations of original structures, reports the National Geographic Society.

Williamsburg — the political, cultural and social center of colonial Virginia for almost a century—has been restored as the result of 27 years of work and nearly $50,000,000. An additional $15,000,000 recently was pledged to carry on the project.

In all, 82 old buildings have been restored and more than 340 others reconstructed to make colonial Williamsburg live again for present-day tourists.

In the western mountains of Nevada lies what was once a "ghost town," but now is a popular tourist attraction — Virginia City, the home of the famous Comstock lode.

This gold town, once filled with thousands of miners from all parts of the world, has dwindled to a small town with a population of less than a hundred. But the old-time saloons with sawdust floors, and the ramshackle board walks remain as a reminder of the town's former glory.

The restoration trend not only includes complete towns, but portions of towns and private homes. Refurbishing of old homes in Georgetown, D. C.; and in near-by Alexandria, Va., has brought back an eighteenth century atmosphere.

In some cases old buildings have been brought from around the country to form "typical" early American settlements that never actually existed. This has been done in Old Sturbridge and Storrowton, Mass., Shelburne, Vt., Cooperstown, N. Y., and Henry Ford's Greenfield Village at Dearborn Mich.

A nineteenth century New England seaport now can be seen at Mystic, Conn. Besides stores and workshops typical of the time and trade, the Charles W. Morgan, last of the old whaling ships, and the square-rigger Joseph Conrad are moored there.

Projects for restoration also have been launched at St. Augustine, Fla., the oldest town in the United States.

Notice of Intention to Construct Curb, Gutter and Drainage on Smith Drive from Josephine Avenue to James K Blvd.

You are hereby notified that at a regular meeting of the Commission of the City of Pontiac, Michigan, held on the 15th day of June, 1954, by resolution it was declared to be the intention of the City Commission to construct curb, gutter and drainage on Smith drive from Josephine avenue to James K boulevard at an estimated cost of $4,248.62 and that the plan, profile and estimate of said improvement is on file for public examination.

It is further intended to construct said improvement in accordance with the plan, profile and estimate, and that the cost thereof shall be defrayed by special assessment according to frontage and that all of the lots and parcels of land fronting upon either side of Smith drive from Josephine avenue to James K boulevard shall constitute the special assessment district to defray $2,592.00 of the estimated cost and expenses thereof and that $1,656.62 of the estimated cost and expenses thereof shall be paid from the Capital Improvement Fund.

NOTICE IS HEREBY GIVEN

That the Commission of the City of Pontiac, Michigan will meet in the Municipal Court on the 22nd day of June, 1954 at 8 o'clock p.m. to hear suggestions and objections that may be made by parties interested.

Armed Ball Player Steals Home to His Regret

ANADARKO, Okla. (UP) — A feller just shouldn't carry his gun into a baseball game.

Young Billy Law discovered that when he rounded third and slid into home in a game here. The slide set off seven rounds of cap gun ammunition in his back pocket, burned a hole in his jeans and scorched some skin.

It was not recorder whether he was safe at home. The game blew up.

United Press Photo

COLLARED — This little pup wears a cardboard collar instead of a ribbon bow, for protection's sake. "Schnautzi" was the loser in a fight with a bigger dog, suffering a bite on the shoulder. To aid the healing process, his Berlin master contrived the protective shield.

James K. Polk was the only speaker of the U. S. House of Representatives ever to become President.

French Report 39 Rebels Dead

30 Also Captured After Flareup Across Red River Delta

HANOI, Indochina (AP) — The French high command today reported at least 39 Vietminh rebels killed and 20 captured in a flareup of small clashes across the Red River delta.

The high command said the actions yesterday occurred mostly to the northeast and south of Hanoi.

• • •

One action, however, was reported from Viet Nam's far northeastern coast, only a few miles from the Red China border. In a hit-and-run attack on rebel bases northeast of Tien Yen, French Union commandos killed 16 Vietminh and took 10 prisoners.

French warplanes continued bombing and strafing of guerrilla bases, some only 10 to 15 miles northeast of this French Union war capital.

Fighters and B26 bombers plastered upwards of 50 tons of high explosives and napalm fire bombs on Vietminh concentrations and bases in the Hai Duong area, the halfway point on the vital highway and rail route for American supplies from the port of Haiphong to Hanoi.

Other warplanes bombed and strafed rebel ammunition and supply convoys moving over routes leading from fallen Dien Bien Phu toward the delta.

The Vietminh are bringing up supplies for expected assault jumpoffs.

New engine power! New operating economy!

New Chevrolet Trucks...

do more work per day . . . more work per dollar!

You save hours on the road. Thanks to new high-compression engine power, you can maintain faster schedules without driving at higher maximum road speeds. Increased acceleration and hill-climbing ability let you save time where it counts. And you do it with greater safety!

You save extra trips. That's because of the extra load space you get in the new Advance-Design bodies. New pickup bodies are deeper . . . new stake and platform bodies are wider and longer. Also, they're set lower to the ground to make loading and unloading faster and easier.

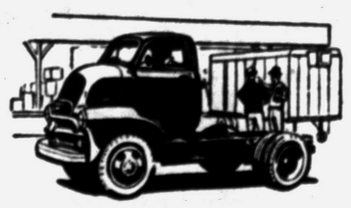
You save time on deliveries. With new truck Hydra-Matic transmission, you save valuable time at every delivery stop. And you can forget about clutching and shifting—for good! This proved, economical automatic transmission, is optional at extra cost on ½-, ¾- and 1-ton models.

You save on operating costs. High-compression power in every model saves you money every mile! The "Thriftmaster 235" engine, the "Loadmaster 235," and the "Jobmaster 261" (optional on 2-ton models at extra cost), deliver greater horsepower *plus* increased operating economy.

You save with lower upkeep, too. New Chevrolet trucks are built stronger to last longer and save you money on maintenance. For example, there are heavier axle shafts in two-ton models . . . bigger clutches in light- and heavy-duty models . . . stronger frames in all models.

And your savings start the day you buy. In fact, they start with the low price you pay—and they never stop as long as you own a Chevrolet truck. Chevrolet, you know, is America's lowest-priced line of trucks. And it's also the truck that has a traditionally higher trade-in value.

Come in and see all the wonderful new things you get in America's number one truck. We'll be glad to give you all the money-saving facts.



FIRST IN SALES year after year! CHEVROLET

MOST TRUSTWORTHY TRUCKS ON ANY JOB!

Congress May Hear Churchill

British Prime Minister May Appeal for Closer U. S.-England Relations

WASHINGTON (AP)—British Prime Minister Churchill may appeal to the American pubilc for closer U. S.-British teamwork, possibly in an address before Congress, during his visit in Washington for talks with President Eisenhower.

U.S. officials raised the possibility of a congressional address today, and also the alternative that Churchill might choose to make a major speech before an unofficial body such as a press group.

* * *

Diplomatic sources noted Churchill has spoken before Congress several times in the past in the course of eight visits to the United States since the beginning of World War II. However, they said no invitation for a congressional appearance has yet been issued for the visit, which begins a week from tomorrow.

The other possibility was suggested by Eisenhower himself at his news conference yesterday. He said a British friend had reminded him that on visits to Washington Churchill was always a luncheon guest at the National Press Club. Distinguished visitors often speak there.

Plans for the visit, announced Tuesday, are still in process of development. Churchill, British Foreign Secretary Eden and staff aides are due to fly from London next Thursday afternoon and arrive in Washington sometime Friday.

The talks between the chiefs of state will begin Friday afternoon or at latest Friday evening, informants said, and will go on at least through June 26 and 27. Churchill and Eden are expected to remain as White House guests through Sunday. If there is then reason for their remaining in Washington one or two days more they may move to the British Embassy.

Diplomatic informants continued to insist that there will be no fixed program of subjects for discussion. They said Churchill's interest in coming here primarily is to have a series of private conversations with Eisenhower. If there is any formal conferring on world problems to be done, one informant suggested that it probably will be handled by Eden and Secretary of State Dulles and their top advisers.

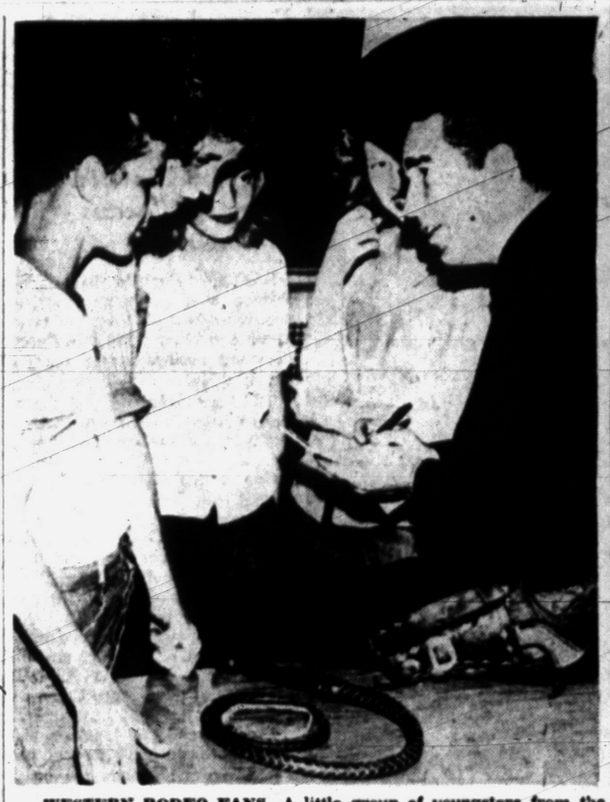
9 Miles in 45 Minutes Run by Speeding Collie

KENMORE, N.Y. (AP)—Whitey, a 9-year-old collie, started running when a thunderstorm began yesterday. A woman caught him 45 minutes later — nine miles away in downtown Buffalo.

Whitey's address was on his collar. The SPCA returned him to owner Daniel Gruber.

Detroit Teen Drowns Crossing Edison Lake

DETROIT (AP) — Jerome Sobiechowski, 16, of Detroit drowned in Edison Lake in suburban Van Buren Township Wednesday. Witnesses said the youth became exhausted while attempting to swim across the lake and return. He sank on the return trip.



WESTERN RODEO FANS—A little group of youngsters from the Oakland County Children's Home gathered around western rodeo ace, Al (Lash) LaRue for some autographing, the other day. "Lash" is here with the big two-day Elks rodeo starting Friday at Wisner stadium.

Some regions of the Olympic Peninsula, northwestern Washington, have forests so thick that the sun never reaches the ground.

Steel Industry Rates High as Potential Trouble Spot

(Editor's Note: An uneasy quiet prevails on the labor scene today. But major contract negotiations in the offing give promise of fireworks ahead. As big unions and management prepare to get together, Norman Walker, a veteran of labor coverage for The Associated Press, examines the whole labor picture and tells what to expect in this third of four articles.)

By NORMAN WALKER

WASHINGTON (AP) — Whatever happens in the current steel industry negotiations is likely to shape labor relations for many months to come.

Steel is a traditional pattern-maker. Its labor contract terms considerably influence other industries. So do its prices.

* * *

The steel wage settlement in 1946, for instance, and subsequent steel price increases, touched off an era of postwar inflation. The same thing happened to a lesser extent as an aftermath of the big 1952 steel strike.

So, in assessing potential 1954 labor trouble spots, steel must go to the top of the list. This is not to say there will be another two-month strike like that in 1952, or that steel will start now stable prices off on a new spiral.

In fact, there is every prospect for a peaceful settlement. The big steel firms get along better with the present CIO United Steelworkers president, David J. McDonald, than they did with his predecessor, Philip Murray. McDonald recently made a good-will tour of U.S. Steel plants with Board Chairman Benjamin Fairless.

* * *

But McDonald's union has just pitched a fat set of new contract demands at Fairless and other steel employers, including requests for a "substantial" pay boost, higher pensions and a guaranteed annual wage.

The steel industry is operating at about 70 per cent of capacity and appears reluctant to boost wage rates now averaging well above $2 an hour. A strike could happen after present agreements expire June 30.

Other possible labor trouble spots are in the electrical manufacturing, maritime, rubber and telephone industries.

* * *

Nothing is permanently settled, either, in the New York waterfront labor controversy. A renewal of pier strife between rival unions there would surprise no one.

In coal, John L. Lewis has let more than six months go by without exercising an option to ask mine owners for more pay and welfare benefits for miners. The mine operators are more in a mood to seek a wage cut, something Lewis has pledged he will never allow.

It is possible, though doubtful, that McDonald and Lewis, who have had their heads together frequently of late, could team up in a combined coal-steel wage boost drive.

* * *

It's more likely that Lewis will wait in hopes that coal business will improve next fall and that McDonald may, before then, reach a peaceful settlement in steel.

In the textile industry strikes have developed in New England mills when employers, because of falling clothing prices, tried to institute wage cuts.

The South is another potential area for labor strife. More workers are unorganized by unions in Southern states than in any other region. A renewed union effort, such as that recently announced by the AFL Teamsters Union, could be expected to meet determined employer opposition.

The "no raiding" agreements being negotiated between the AFL and CIO and within the AFL itself could tounh off new union organizing efforts.

If these pacts can be made to stick—and there is some doubt of this—it would release union organizers and funds now being used for "raiding" other union memberships for drives on unorganized workers. The South is the most obvious target.

Of the nearly 60 million workers in the nation, only about a fourth have been organized into unions.

* * *

The present economic situation is not without its effect on unions. Unemployment among union members means reduced revenues from dues. As far as can be ascertained, this has not yet had much effect, but a worsening employment situation could begin to hamper union activities.

Far from showing any financial pinch, most unions—the larger ones anyway—appear fairly affluent. Some are erecting elaborate new headquarters buildings on choice sites here in Washington, tangible evidence they intend to stay in business for a long time.

Notice of Intention to Construct Sanitary Sewer on Arlene, Madison, Mansfield, Tennyson, Beverly and First Avenue.

You are hereby notified that at a regular meeting of the Commission of the City of Pontiac, Michigan, held on the 18th day of June, 1954, by resolution it was declared to be the intention of the City Commission to construct sanitary sewer on Arlene street from Perry street to First street, Madison avenue from Arlene street to Fuller street, Mansfield avenue from Arlene street to Fuller street, Tennyson avenue from Arlene street to Fuller street, Beverly avenue from Arlene street to Fuller street, First avenue from Arlene street to Fuller street at an estimated cost of $50,107.20 and that the plan, profile and estimate of said improvement is on file for public examination.

It is further intended to construct said improvement in accordance with the plan, profile and estimate, and that the cost thereof shall be defrayed by special assessment according to frontage and that all of the lots and parcels of land fronting upon either side of above-named streets shall constitute the special assessment district to defray $22,706.43 of the estimated cost and expenses thereof and that $27,400.77 of the estimated cost and expenses thereof shall be paid from the Sewage Treatment Fund.

NOTICE IS HEREBY GIVEN

That the Commission of the City of Pontiac, Michigan will meet in the Municipal Court on the 22nd day of June, 1954 at 8 o'clock p.m. to hear suggestions and objections that may be made by parties interested.

OUT FOR A STROLL — This pajama-clad tot, unidentified, was found wandering about Chicago streets by policeman Louis Kaufman. The two-year-old boy was helped with his crayons, (above) and taken to the juvenile home to await someone to claim him.

Nevada Lake Proves Mystery

Little-Known Body Lies in Desert-Land in Rocky, Rust-Tinted Mountains

WASHINGTON — Pyramid Lake, Nevada, more than justifies the comment once made that it "cannot possibly be real, unless on the moon!"

Pyramid is one of America's strangest bodies of fresh water, the National Geographic Society says. Little known, though it is a sizable lake 30 miles long by about ten miles wide, it lies cupped in bone-dry desertland north of Reno amid rocky rust-colored mountains.

Indians live by its shores. They fish in clear blue water that is almost too bitter to drink. Hot chemical-laden springs spout into the lake, crusting islands and shoreline with mineral deposits in weird shapes. A river runs into Pyramid, but the only outlet is straight up—by evaporation.

And on an island that sometimes seems covered with snow, nest 10,000 great white pelicans, the real lords of the lake.

Anaho Island National Wildlife Refuge on Pyramid Lake is the largest pelican rookery in the West. Among sun-baked rocks and low desert shrubs waddle the newly-hatched pelican chicks, seeming about the ugliest of nature's creatures. But they mature into one of the most beautiful water birds on earth, their black-edged wings, eight to ten feet across, set against snow-white bodies.

Pyramid and Walker Lakes, lying 70-odd miles apart in western Nevada, are the last remnants of an ancient body of water that geologists and archeologists call Lake Lahontan. Once it covered 8,500 square miles in Nevada and California. Lake Bonneville in Utah, of which Great Salt Lake is the remainder, was a sister sea.

Radford Speaks to Red Cross

Warns U. S. Communist Threat Getting More Intense

LOS ANGELES (AP) —The United States, says Adm. Arthur Radford, is confronted with "the diabolical enmity of international communism," and the threat is growing.

The chairman of the Joint Chiefs of Staff recalled last night President Eisenhower's warning that American freedom is threatened so long as "the world Communist conspiracy exists in its present scope, power and hostility."

"Today, the threat seems even more intense," Radford said in addressing the national convention of the American Red Cross.

• • •

The admiral spoke at the concluding session of the three-day meeting. Earlier, the organization's national chairman had some more to say about cities which accept Red Cross money when disaster strikes but fail to make reimbursements to the relief agency from supplemental funds raised locally.

This was a subject which touched off a cross-country controversy Monday night.

• • •

Radford, in discussing the Communist menace, termed Red China "obviously empire-bound, seeking not so much an 'Asia for Asiatics' as they claim but seeking instead what might be called a 'Red Asia for Asiatic Reds'. They want all of Asia incorporated into a Red Asia, one that is a basic part of the long-term Communist dream of one 'big Red world'."

The military situation of free Asian and southwest Pacific nations could be improved materially, he said, "by an effective Southeast Asia collective security arrangement."

"Positive collective actions by countries which have vital interests in that area would help prevent further Communist empire building in that part of the world," he said. "Such actions would help pave the way for building that peaceful world which is the aim of free societies everywhere."

Teller Refuses to Be Buffaloed by Bank Bandit

TULSA, Okla. (AP)—A man approached Mrs. Dorothy Raiford's teller window in the Peoples State Bank yesterday and shoved her a note.

It said her husband — a city detective—and her son were outside in an automobile and instructed her to hand over a sack of bills or they would be harmed.

"Don't be foolish," it added.

To the bandit's astonishment, Mrs. Raiford darted outside her cage. The man fled, minus any loot with Mrs. Raiford in pursuit and shouting to other employes to follow.

Within 10 minutes police found the fugitive hiding in a garage less then a block from the bank. Detective Sgt. Felix Raiford was home with their son at the time of the attempted robbery.

Later in the day federal charges of bank robbery were filed against Ralph J. Addington, 35, of Tulsa.

Anna Magnani to Co-Star With Lancaster in Movie

HOLLYWOOD (AP)—Italian actress Anna Magnani, in her first American movie, will co-star with Burt Lancaster in "Rose Tattoo."

Producer Hal Wallis, announcing yesterday that he had signed Miss Magnani, said she will arrive in September. The movie will be a film version of Tennessee Williams' Broadway hit.

Cugat's Former Wife Marries Businessman

HOLLYWOOD (AP)—Lorraine Allen Cugat, former wife of band leader Xavier Cugat, and Stanley Stalford, 35, Beverly Hills, Calif., businessman were married in Santa Ana Calif., June 4, it was disclosed yesterday.

Rabbi Philip Rosenberg performed the ceremony at Temple Beth Sholam.

Notice of Intention to Place Road Mix Oil Treatment on Emerson Avenue from Baltimore Avenue to Pennsylvania Avenue.

You are hereby notified that at a regular meeting of the Commission of the City of Pontiac, Michigan, held on the 15th day of June, 1954, by resolution it was declared to be the intention of the Commission to apply road mix oil treatment on Emerson Avenue from Baltimore Avenue to Pennsylvania Avenue at an estimated cost of fifty ($0.50) cents per front foot.

It is intended that the cost and expenses thereof shall be defrayed by special assessment according to frontage and that all of the lots and parcels of land fronting upon either side of Emerson Avenue from Baltimore Avenue to Pennsylvania Avenue shall constitute the special assessment district to defray the estimated cost and expenses thereof.

NOTICE IS HEREBY GIVEN

That the Commission of the City of Pontiac, Michigan will meet in the Municipal Court on June 22nd, 1954, at 8:00 p.m. to hear suggestions and objections that may be made by parties interested.

Red Chess Team Takes Big Lead Over Americans

NEW YORK (AP)—A team of Russian chess masters, the odds in its favor, romped to a 5-1 lead early today in the first round of a match with America's top players.

The Russians, playing on U.S. soil for the first time, won four of their games and drew two in an encounter that lasted well past midnight.

Two matches, being played by Americans Donald and Robert Byrne, were not finished when the time limit of five hours ran out. They will be completed today.

• • •

The top American player, Samuel Reshevsky, played to a draw with the No. 1 Russian, Vassily Smyslo, and another young American, Arthur Bisguier, duplicated that feat against Tigran Petrosyan. The teams scored half a point for each draw.

One American chess official said in a speech of welcome that the Russian team represents the "greatest aggregation of chess masters ever seen in the history of the world."

A crowd of more than 1,000 jammed the grand ballroom of the Hotel Roosevelt for the match. Russian and American flags hung side by side against the green backdrop. Both sides traded speeches, with the emphasis on possible future cooperation between the two nations.

• • •

Each player will play the same opponent four times. The second round will be played Saturday night.

In the 20 years after 1929 when Turkey replaced the Arabic script with the Latin alphabet, it published 40,000 books, compared with 30,900 published in two centuries before 1929.

Irate Husband Air Conditions Wife's Coat With Knife

DALLAS (AP) — "My husband said he was going to air-condition it for me," the complaining wife told Justice of the Peace Bill Richburg.

She showed the judge a fur coat, one arm cut off and several long slashes in the back. Her husband used a long, sharp knife, she said.

"Where were you when he was slashing up the coat?" asked the judge.

"I was afraid you were going to ask me that," came the answer. "My husband asked the same thing . . ."

Anyway, Richburg put the angry husband under a peace bond.

Abeokuta, a town of about 70,000 persons in southwestern Nigeria, is surrounded by a wall of hardened mud nearly 20 miles in circumference.

Daisy Picking Brings Profit

Bloom Yields Deadly Insecticide From Fluid or Powder Extract

WASHINGTON — In Africa, Japan and Ecuador farm workers are paid to pick daisies.

However idyllic it sounds, picking daisies is purely a business proposition. The white-petaled, yellow-centered flower is known as pyrethrum, says the National Geographic Society, and it yields an extremely potent insecticide.

Last year the United States imported almost 8,000,000 pounds of the dried blooms.

Pyrethrum's fluid or powder extract serves a score of uses. Householders spray it to kill mosquitoes, flies and ants. Cattlemen douse it on their herds. Sugar beet farmers spread it on their crops. In flour mills and food plants its liberal use assures sanitary operations.

Chrysanthemum cinerariaefolium as it is botically known, was discovered centuries ago in Persia where the flowers grow wild. When use of the powder spread to Europe, Yugoslavia because a chief source.

For a time, Japan gained a virtual monopoly on the product. In the last 20 years, however, British East Africa and the Belgian Congo have emerged as the leading growers.

Ecuador's initial exports in 1953 capped a 10-year reserach program to develop pyrethrum as a major crop. India, Russia and a half-dozen Latin American nations have grown small quantities.

Pyrethrum was introduced into the United States about 1860. Attempts tp grow the crop commercially in California, southern Colorado and eastern Pennsylvania failed because of excessive harvesting costs.

The plants bloom spasmodically and the flowers must be picked by hand. They can be sun dried, but in most large-scale operations, drying is done artificially.

Pyrethum thrives in a warm, dry climate. Its average yield is 700-800 pounds of dried blossoms per acre. Oddly enough, although the flower is a deadly insecticide, it is not immune from insect attack in the field.

In 1949 the U. S. Department of Agriculture developed a chemical compound named allethrin which closely resembles pyrethrum. The new product, now being made by two American chemical companies, can be substituted for pyrethrum for some uses but is not expected to displace it entirely.

Pyrethrum growers in Ecuador and in Africa have extensive research programs aimed at increasing the plant's yield and strength. The plan to build extraction facilities to eliminate costly shipments of bulk flowers.

Louis Is Mighty

HARTFORD, Conn. (AP) — With one punch, Louis R. Frati broke Edward Dusa's jaw. Superior Court Judge Abraham S. Borden, ordering Frati to pay Dusa $7,000 damages, said: "The defendant only weighs 135 pounds, but he must have a powerful fist."

Survey Shows Colleges Have Health Facilities

ITHACA, N. Y. (UP) — A survey of American colleges shows that 80 per cent of the institutions with health programs have clinics for students.

Students visit the infirmaries an average of three times each during the school year. Of the 1,157 colleges studied, 200 had no health programs at all.

The survey was supervised by Dr. Norman S. Moore and Dr. John Summerskill of Cornell University for the American College Health Association.

Huge Pie Crop

CONCORD, N. H. (UP) — New Hampshire's 1953 apple crop could produce 17,430,000 pies. Allowing one hour to prepare and bake each, mother would have to bake for 726,280 days, or neraly 2,000 years. Some 1,162,000 bushels of apples were in the fall harvest.

U.S. Dentists Average One for 1,677 Persons

CHICAGO (UP) — The American Dental Association reports that the United States has 93,726 dentists, or one for every 1,677 persons.

The association's newly published American Dental Directory lists 85,970 civilian dentists and 7,756 serving in the armed forces. There are an additional 599 dentists in U. S. territories and possessions.

In general, the ADA said, the east and west coasts are served by more dentists in proportion to the population than any other sectir of the country.

The most favorable ratio is found in the region including Delaware, the District of Columbia, Maryland, New Jersey, New York, Pennsylvania and West Virginia. In this area there is one dentist for each 1,413 persons.

As much as 80 gallons of water is stored in the trunk of the Australian bottle tree.

Summer Session at UM Starts 21st

ANN ARBOR—Since 1894, the University of Michigan regularly has conducted a summer session for the benefit of students here and elsewhere who wish to shorten the time required to secure their degrees and for persons whose work will not permit them to attend university classes at other seasons of the year.

This year, classes will begin in most units of the summer session on June 21 with the university staff as usual, augmented with distinguished visitors who will provide instruction and lectures in areas supplementary to the customary university program.

U. S. mint standards provide that for silver coins deviation from standard weight cannot be more than two-hundredths of one ounce to each $1.000 of the finished product.

Spending Family Income Causes Most Trouble

BOWLING GREEN, O. (UP) — A marriage counselor at Bowling Green State University says more problems in the home center around spending the family income than around any other activity.

Dr. Donald S. Longworth said that studies over a number of years show that trouble with in-laws ranks second, especially among persons who are well educated.

SEA SCOUTS SEE THE SEA—A catamaran, loaded with a group of Sea Scouts, heads out to sea from Biscayne Bay, Miami, Fla. Since their home town, Mercedes, Tex., is a long way from water, they had to come to Florida for a real cruise. The boys saved their money for a year and made the trip. Upon their arrival, Miami Sea Scouts presented them with this chance for a sea adventure.

'Soo Canal' Book Written, Timed for Centennial

By ROBERT A. POPA

In the fall of 1852 Charles T. Harvey, a salesman for the Fairbanks Scale Co. in Vermont, was sent by his company to Sault Ste. Marie for a rest cure.

Two and one-half years later in May 1855, the Soo Canal opened and Harvey—then only 26 years old—was responsible.

In his newly published historical novel "Soo Canal," author William Ratigan tells the story of Harvey and the Mighty Mile. Unlike most historical novels Ratigan uses the novel technique to pull his accurate history of the canal together, rather than using the history of the period to hold a fictional tale together.

For anyone interested in good reading or in the history of Michigan, "Soo Canal" definitely should be included on his required reading list.

Ratigan has done a good job of research and has timed the publication of his book for the coming centennial celebration of the canal. There are a few dull passages (mostly fictional) to mar this 186-page book, but the action never lags for long.

Ratigan was a natural to write the story of the canal—a canal which handles more tonnage in seven months than the Panama and Suez Canals combined handle all year.

He attended the University of Detroit before transferring to the University of Chattanooga where he captained the football team and was selected as an all-Dixie quarterback. From college he moved on to become a regular contributor to the Saturday Evening Post and later an official of NBC.

"Soo Canal" is published by the Wm. B. Eerdmans Publishing Co. of Grand Rapids, and sells for $3.

National Guardsmen to Receive Briefing

LANSING (UP) — Administrative instructions for the National Guard's summer encampment will be given to some 150 officers and enlisted men of the 46th Infantry Division and attached units at Camp Grayling Saturday and Sunday, it was announced today.

Division Commander Maj. Gen. Gordon A. Mac Donald, of Detroit, said particular attention will be given to the extensive Army field force testing programs which all units of the division will undergo during their two-week encampment Aug. 7-21.

Geneva's 'Shadow Man' Leaves Talks Disillusioned

By CHARLES M. MCCANN
United Press Staff Correspondent

The shadow man of the Geneva Conference has left for the United States, sadder but wiser.

V. K. Krishna Menon, sometimes called "the patient peacemaker," went to Geneva as Indian Prime Minister Jawaharlal Nehrus personal representative.

He hoped to bridge the gulf between the Communists and the free world in the negotiations on Indochina. He did not succeed—but he learned a lot about the way Communists do business.

Krishna Menon warned the Russians privately at Geneva that they would lose support among East Asian neutrals if they did not agree to a group consisting entirely of Asian delegates to supervise an armistic in Indochina.

The Communists did not agree. They want any supervisory group to contain at least 50 per cent Reds so that it can do nothing to prevent cheating, and so that the Reds will have a built-in veto power.

Kirshna Menon left Geneva, after three fruitless weeks, somewhat bitter against the Soviet Russian and Chinese Communist delegations.

Advices from the conference say he thinks the Reds deceived him by pretending they would compromise on means to control an armistic. He also believes the Reds asked too much in their attempt to take over parts of the Indochina associated states of Laos and Cambodia, where the rebels have only scattered guerrilla forces.

But Krishna Menon distributes his blame. He criticises the United States for not recognizing Red China and criticises France for not giving Indochina complete independence.

United States officials hope that Nehru and Krishna Menon will now be less inclined to believe in the possibility of Communist good faith.

Krishna Menon has become internationally known as a foreign policy adviser to Nehru. He won a notable success as the author of the plan which broke the West-East deadlock on the disposition of Korean war prisoners who did not want to be sent home.

Krishna Menon is 57. He is small in stature with the features of an intellectual. He has a remarkably bushy, unruly head of whitish-gray hair that makes him stand out in a crowd. He thinks so fast that he sometimes stammers in his speeches. His brain gets ahead of his tongue.

A follower of the late Mohandas K. Gandhi, he neither smokes nor drinks. His strict vegetarianism makes him a problem at banquets.

Krishna Menon went to college in England, and has lived in London most of the time since 1924. He practices law there. He ran unsuccessfully for the House of Commons several times as a Labor Party candidate. He was made Indian High Commissioner in London in 1947.

As Nehru's adviser, he is India's No. 1 diplomat.

He is now going to United Nations headquarters in New York. When he is there, he serves as the real head of the Indian delegation.

Former Nazi General Picked Up in Austria

VIENNA, Austria (AP)—Former German S.S. Gen. Otto Hauser was reported today to have been arrested in a British Zone town of Austria, posing as a Hungarian refugee.

His arrest by Austrian police was announced by the press service of the Peoples party, which said he was wanted to face war crimes charges.

The announcement said he was picked up at Spittal, on the Drau River, where he had lived for years under the name of Dr. Otto Edler von Dietrich.

Saudi Arabia to Help Pay Jordan's Guard

AMMAN, Jordan (AP) — Saudi Arabia announced today she is going to help pay for Jordan's National Guard, one of the Arab world's strongest fighting forces on its borders with Israel.

The announcement was made in a communique issued following a meeting here of Saudi Arabia's King Saud and Jordan's King Hussein.

The communique did not give the size of the Saudi Arabian contribution but it indicated similar support might be forthcoming from other Arab nations.

The communique said economic problems also were discussed and the two rulers agreed "to get the Hejaz railway operating as soon as possible."

The railway was completed by the Turks from Damascus to Medina in 1908 but has not operated since World War I.

There is no recoil, as in a gun, when a rocket is fired.

FOLLOWS 'ROBE'—"Demetrius and the Gladiators," new CinemaScope film released by Twentieth Century-Fox, is a follow up on "The Robe." Victor Mature, above, is Demetrius in the new picture, with lovely Susan Hayward playing the feminine lead. "Demetrius" opens Friday at the Oakland.

Fluoridation Program Approved in Chicago

CHICAGO (AP) — Fluoridation of Chicago's public water supplies was approved by the City Council Wednesday.

The program probably won't start until next year because there is no money for it in the current year's appropriations.

The annual bill for the first five years of the program is estimated at $616,000.

The Chicago Health department supported fluoridation as a measure to combat tooth decay.

Up and Down Goes the Luck of Alan Young

By BOB THOMAS

HOLLYWOOD (AP)—This Saturday night, Alan Young launches yet another chapter in his amazing up-and-down career in show business.

The bright, youthful Canadian comic will be the guest star on NBC-TV's Saturday Night Review, and he'll appear eight times on the show this summer. He'll be doing what he does best—sprightly sketches of a well-meaning man caught in the web of circumstance.

This fall he may be back with a regular show, for which NBC has high hopes. It's tentatively called "That's Life," and Young plays a bumbling Mr. Fixit. He also has plans for his own show, in which he and a stock company would play comedy sketches.

• • •

And so his star is again in the ascendancy. He has been in Hollywood exactly 10 years this month and now can view his hectic career with some candor.

"I've never been out of work since 1938," he reflected, "but my career has certainly had its highs and lows."

Born in England, he started out in show business as a monologuist in Canada when he was 13. He became a top radio comedian on the Canadian network, then was lured by offers from the United States.

He caught on with radio audiences in this country and came to Hollywood. He landed a contract with 20th Century-Fox and scored a success in "Margie." But after a couple of so-so films he was dropped by the studio. He also went off the air.

"So I worked up an act to play theaters," he said. "That was fine, except that I played four and that's all there were. I was very discouraged when I was playing Detroit, and I went up to Canada to scout the possibilities of going back there. I had decided to return when I got a call from my agent that CBS was interested in having me for a TV show. He talked me out of going back to Canada."

The CBS deal jelled, but Young had one more date to play in New York. The picture on the bill was poor, Young got second billing to a child pianist and audiences were surly. A comedian had stolen Young's gags in Detroit and used them in the same New York house on the previous bill. "Change your act!" the manager demanded.

"But these things didn't bother me," said Young. "I had high hopes for the CBS deal."

His hopes were justified. The TV show was a smash from the start. Again the movie offers poured in. He was signed by both RKO and Paramount. He was riding the crest.

• • •

Oops, it happened again! His TV show, a variety format, ran dry of material—"You just can't sustain a vaudeville show every week." He made two films, one a mediocre epic ("Androcles and the Lion"), the other a colossal flop ("Aaron Slick From Punkin Crick"). "The actor is the one who gets blamed," he sighed.

Cancer Victim Drops Law Suit

No Explanations Given; Cigarette Makers Deny Settling Out of Court

ST. LOUIS (AP)—Ira C. Lowe of Festus, Mo., who blamed his lung cancer on heavy cigarette smoking, has withdrawn his $250,000 damage suit against four tobacco firms and a food store chain.

Lowe filed his suit in federal court last March. The withdrawal yesterday was not explained and Lowe's attorney, Donald Siegel, said he couldn't discuss it. The action was without prejudice, thus the suit can be filed again.

Lowe said when filing the suit he smoked more than two packs of cigarettes daily from 1930 to 1952 at which time his right lung was removed after cancer was found.

* * *

Richmond C. Coburn, attorney for the R. J. Reynolds Tobacco Co., one of the defendants, said the firms had made no effort to settle the case out of court because in their opinion the best medical evidence indicates that cigarette smoking does not cause lung cancer.

Others named in the suit were American Tobacco Co., P. Lorillard Co., Brown and Williams Tobacco Corp., and the Great Atlantic and Pacific Tea Co., operator of the store where Lowe said he bought the cigarettes.

New First Lady May Join Knight in Sacramento

SACRAMENTO, Calif. (AP)—There were reports today that California might soon have a new first lady but Gov. Goodwin J. Knight wasn't talking.

"No comment," said the governor to questions about a Sacramento Bee story that he would wed Mrs. Virginia Carlson, a Los Angeles widow, in a few weeks.

Mrs. Carlson, an attractive 35-year-old brunette, said:

"I wouldn't speculate on a thing like that."

* * *

They have been linked socially for some time. Knight's wife died in 1952. He has two grown daughters and is a grandfather at 57. Mrs. Carlson's husband, Lyle, an Air Force bombardier, was killed in Europe in World War II.

The governor has lived alone in the huge executive mansion since he succeeded Chief Justice Earl Warren.

Mrs. Carlson, a writer connected with television, lives in Los Angeles with her parents, Mr. and Mrs. E. B. Herschberger.

Light Proves Dangerous

NEWTON, Conn. (UP) — Crawling from his overturned automobile, Richard E. Trembley explained it all happened in a flash. He said he lost control of the vehicle because he was temporarily blinded by a camera flash bulb which went off accidentally on the seat beside him.

Helicopter Service Starts in London

LONDON (AP) — Helicopters hovered over the heart of London today and landed on the south bank of the Thames, starting something new in British aviation.

The new airfreight shuttle is a prelude to a helicopter passenger service which British European Airways plans to institute next March between downtown Waterloo Station and the London Airport, 15½ miles away.

Regulations which had sharply restricted flights in the city area were relaxed yesterday. The first helicopter landed today on the river bank, just a few hundred yards from the busy Strand. Other machines arrived at intervals.

Helicopter service is expected to reduce greatly the travel time to airports at the edges of the city. Service to some provincial cities also is planned.

Swollen Iowa Recedes After Flooding Town

MARSHALLTOWN, Iowa (AP) —The rain-swollen Iowa River was receding here today after flooding a part of the town.

The river crested late last night at 16.03 feet, about 2½ feet above flood stage. City officials reported water surrounded about a dozen houses and forced removal of seven trailer homes from a trailer camp.

Walter Hagen Tabs Hogan Open's 'Man to Beat'

By HUGH FULLERTON JR

SPRINGFIELD, N.J. (AP)—Thirty years after he won his only National Open golf championship, Walter Hagen today tabbed Ben Hogan as the man to beat in the 54th National Open, starting today at Baltusrol.

Hagen, more interested in cutting up touches with some of his old cronies than in picking winners merely strung along with the majority in picking Hogan to win his fifth Open title. But a note of admiration crept into Sir Walter's voice as he talked about the trim little Texan.

"You've got to string along with the little man, he's got the head—like you, Walter," suggested Bobby Cruickshank.

Hagen nodded agreement and added: "He's got the game, too. Those other fellows are out there playing practice rounds; Ben already has played the course the way it will be for the tournament.

• • •

"I think he's smart not to practice in this cold wind. If you're not on the stick the day before a tournament, you're not going to be on it."

The lengthy Baltusrol lower course, where 162 of the nation's top golfers began competition today and where one will be crowned champion isn't the same as the courses Hagen played in the 1915 and 1936 Opens. The original Baltusrol course was torn up in 1920 and what is now the upper course was used in 1936.

This one is a 7,027-yard terror, especially if the weather remains damp and windy, as it was for yesterday's final practice rounds. The chilly east wind, blowing against the players on the two long finishing holes, made it difficult to approach the tournament par of 34-36—70.

• • •

So far only Hogan has dared to predict that his Open record of 276 for the 72 holes will be threatened here. Most of the others say 284 should be good enough to win and some predictions have run much higher.

• • •

The weather could have an important bearing—not only on the scoring conditions but on the physical condition of some of the leading contestants.

• • •

Hogan, recently recovered from a virus illness, still is nursing his health. Snead, suffering from a painful "crick" in his neck, undoubtedly would be more comfortable in hot weather.

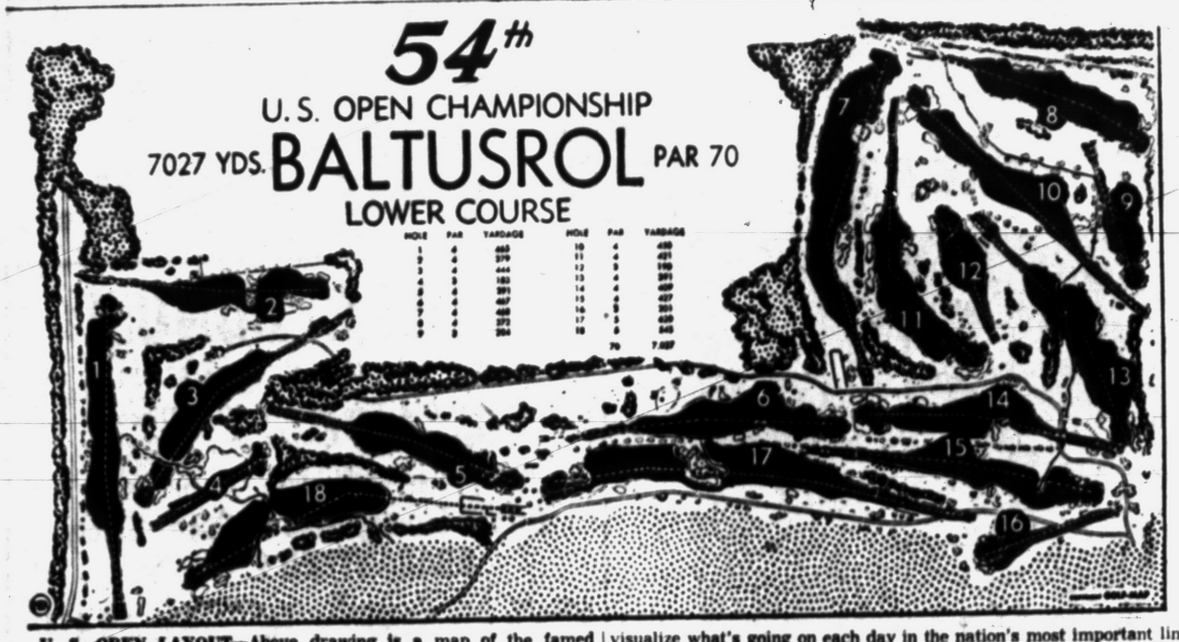
Some of the others—and there are a lot who could beat out both Snead and Hogan in any given tournament—also are on the casualty list. Lew Worsham, the 1947 champion, has been limping around on a strained knee and Skee Riegel is suffering from bursitis in his right shoulder.

• • •

Bracketed with them as possible contenders were such perfectly healthy individuals as past-champions Lloyd Mangrum, Julius Boros and Cary Middlecoff; Bobby Locke, the smooth-putting South African; Bob Toski, the big winner of the tournament circuit; Ted Kroll, Jackie Burke, George Fazio and Jimmy Demaret.

• • •

The pairings for the opening round made Snead the pace-setter and Hogan the pursuer. Sammy was scheduled to start at 10:32 a.m. (EDT) with Fazio and the crack San Francisco amateur, Harvie Ward, at 2:08 p.m.—about the time Snead was due to finish—Hogan was listed to start with Skip Alexander and Bill Campbell, runner-up in the recent British Amateur championship.



U. S. OPEN LAYOUT—Above drawing is a map of the famed Baltusrol Golf course, where the country's best shotmakers will match strokes, starting today, for the United States Open Golf championship. The map is offered to permit fans opportunity to clearly visualize what's going on each day in the nation's most important links contest. Ben Hogan is the defending titlist and favorite. Par is 70 (34-36), and yardage is 7,027.

Home Run Beats Rollins for NCA Baseball Crown

OMAHA, Neb. (AP) — A well hit home run over the left field fence burst the hopes of little Rollins college and made Missouri a champion, after one miss, in the NCAA college baseball world series.

The home run in last night's championship game was hit by Buddy Cox, smooth fielding 2nd baseman who had been pivot man in several important double plays during the tourney for the Big Seven champion Missouri club.

It was hit in the second inning and was the blow that counted what turned to be the the winning run for Missouri in a 4-1 victory over the Florida team, representing the smallest college ever to compete in the big double elimination meet.

Missouri was leading, 1-0, when right-handed Cox, extremly popular with the crowd, stepped up and nicked southpaw Bill Cary for the long ball.

Finals of the tourney attracted a crowd of 7,810 to see the two sentimental favorites play — Rollins because the Tars represented the "little fellow" and Missouri because the Tigers represented the home conference and because the school had missed in the 1952 finals.

On the way to the finals Missouri beat Massachusetts, Lafayette, and Michigan State. Rollins showed wins over Oklahoma A. and M.; Missouri and Michigan State en route to the big game.

Other teams were Oregon and Arizona.

Most valuable player award went to catcher Tom Yewcic of Michigan State, considered a prospect by several major league scouts.

Veteran Mihay Hurls 'Perfect' Tilt for Moose

Pete Retires 21 KC's in Row, Fans 14 in 7-0 Victory

Veteran City Softball League pitcher Pete Mihay last night turned in the 1st perfect game of the season as his Moose team shut out Knights of Columbus, 7-0. Mihay, the circuit's most valuable player last year, retired 21 men in a row and not a ball was hit beyond the infield. He struck out 14 batters.

MIHAY

His mates backed him up with eight hits and flawless fielding.

Stadium Inn collected on three hits off two CIO pitchers, but took advantage of five Union errors to take a 9-4 victory. Drive-In Cleaners won their 1st game of the season, outlasting Forster Tool 14-7 in a 21-hit slugfest.

Hazel Sorles tossed a 2-hitter as Shaw's Jewelry beat Gingellville, 8-1, in a girls' game.

TONIGHT'S GAMES—Beaudette: Gingellville vs GMC (Girls', 7 p.m.); Giles Realty vs Shaw's (Girls', 8:30 p.m.). Northside: Shaw's vs Birmingham Riteway (Men's Exh., 7 p.m.); Shaw's vs Moose (Men's Exh., 8:30 p.m.)

Qualifying Test Is Under Way

Pine Lake Country Club's fifth annual Invitational best-ball golf tournament was under way today. More than 100 teams were due to test the tight layout in the 18-hole qualifying run that was not expected to end until dusk falls. Playoffs were certain for the available places on all brackets, because of the record size of the field.

More than a dozen have qualified already, some prior to that start of formal play today.

These included the following in the championship flight:

Bill Nettle and Bill Pettibone 74; Ellstrom and McHarg 73; Haim and Billig 71 (lowest so far); Dick Whiting and Tony Skover 73; Conlen and Chrisholm 73; Ernie Cole and Nonamaker 74; Thorner and Nederlander 75; Winokur and Elson 76; LaLonde and Hutteman 76; Cross and Jovak 77 and the Birmingham Kraus twins, Jerry and Jim, 82

Match play starts Friday.

STRIKEOUTS — Haddix, St. Louis, 79; Spahn, Milwaukee, 67; Roberts, Philadelphia, 66; Erskine Brooklyn and Antonelli, New York, 57.

Harvey Kuenn, in a desperate slump, switched uniform numbers in an effort to boost his luck. He chose No. 7, of course.

Plenty of Noise

Tigers' House Best Hitting Backstop in AL, but Efforts Wasted Wednesday

By JOE FALLS

DETROIT (AP)—For a fellow who couldn't hit a loud foul in spring training, catcher Frank House of the Detroit Tigers certainly is making plenty of noise around the American League these days.

The 24-year-old backstop, who looked like a hopeless hitting case down South, is batting a solid .338, with five home runs and 22 RBI's.

His batting average not only is tops for the team but it is the best figure of any catcher in the major leagues. And that includes Yogi Berra and Roy Campanella.

House hammered a home run and single yesterday but the Tigers made only two other hits and went down to a 3-2 defeat to the Boston Red Sox.

It evened the three-game series. The two teams will meet again today, with Boston's Tom Brewer (2-3) opposing the pride of Holland, Mich., big George Zuverink (2-2).

The Tigers committed four errors and the Red Sox used three of them to score the tying and winning runs to snap an eight-game losing streak. Willard Nixon, first Boston pitcher to go the distance since June 7, permitted only three singles and House's homer to even his record at 5-5.

Ned Garver suffered his 3rd loss against four victories and again the curve-balling righthander was a victim of circumstances.

After House's homer gave Detroit a 2-1 lead in the 2nd inning, Red Sox tied the score in the 5th when Jackie Jensen scored from 3rd on Ray Boone's boot. Jensen had reached 1st with a bunt and moved around to 3rd on Garver's wild throw and an out.

Then, in the 7th, the Red Sox won it on another Tiger error. Fred Hatfield, who replaced Boone in the 6th, tried to catch Harry Agganis at the plate on a ground ball but hit him in the back with his throw.

Loss was Detroit's 5th in six games and dropped the Tigers four games under the vital .500 mark.

Berg and Suggs Near Showdown

Appear to Be Heading for Clash in Finals of Western Open

WAUKEGAN, Ill. (AP)—The friendly feud between Patty Berg and Louise Suggs for pro golfing honors appeared to be heading for another showdown today as the Women's Western Open swung into the quarterfinals.

• • •

The two veteran campaigners, in opposite match-play brackets, were backed by tourney experts to meet again when the finals roll around Saturday.

• • •

Each has won the Western Open four times.

Miss Suggs is the current money-winning leader with $6,934, but Patty has $6,425 and could go ahead with the $1,000 first prize of the Western Open.

Patty today was an overwhelming favorite to defeat Mrs. Paul Dye Jr., of Indianapolis, only amateur left in the quarterfinals. Louise figured to have a much more difficult time with Beverly Hanson.

German Shepherd Match on Sunday

A puppy match for dogs from two months to one year of age will be held Sunday at the Woodland Shores Kennels of Rudy Buchmann, 1921 Delrose road, west shore of Square Lake, with judging starting at 1 p. m. The match is for German Shepherd puppies and is under the auspices of the Detroit German Shepherd Dog club.

There will also be an all-age obedience test for Shepherds.

Judges for the event will be Sophia Washburn of Toledo for the puppy division, and Marguerite Perkins of Southfield Township, for the obedience group.

Today's Schedule and Probable Pitchers

Milwaukee at Brooklyn, 12:30 p.m.—Wilson (2-0) vs Podres (7-2).
Cincinnati at New York, 12:30 p.m.—Fowler (4-2) vs. Antonelli (8-2).
Chicago at Pittsburgh, 12:30 p.m.—Minner (4-3) vs. Littlefield (2-1).
St. Louis at Philadelphia, 1 p.m.—Stanley (3-6 vs. Roberts (7-7).

WEDNESDAY'S RESULTS

New York 4, Cincinnati 0
Brooklyn 8, Milwaukee 4
St. Louis at Philadelphia, ppd., rain.
Chicago at Pittsburgh, ppd., rain.

FRIDAY'S GAMES

Chicago at Brooklyn, 7 p.m.
St. Louis at New York, 7:15 p.m.
Cincinnati at Philadelphia, 7 p.m.
Milwaukee at Pittsburgh, 7:30 p.m.

TIGER LEADERS
By The Associated Press

BATTING—House, .338.
RUNS—Boone, 33.
HITS—Kuenn, 65.
DOUBLES—Kuenn, 11.
TRIPLES—Tuttle, 7.
HOME RUNS—Boone, 12.
RUNS BATTED IN—Boone, 34.
PITCHING—Branca, 3-2, .600.
STRIKEOUTS—Hoeft, 61.

Yesterday's Stars

PITCHING — Whitey Ford, New York Yankees, pitched his second straight shutout, a three-hitter, in beating Baltimore 2-0.

BATTING — Ferris Fain, Chicago White Sox, drove in four runs with an inside the park grand slam home run as Chicago defeated Philadelphia 11-6.

Thomson's Ankle Mending Slowly

Milwaukee Outfielder Is Disappointed by Inability to Play

BROOKLYN (AP)—It was just 13 weeks and five days ago during an exhibition game at St. Petersburg, Fla., that Bobby Thomson broke his right ankle. The doctor who performed the operation examined the triple fracture and predicted solemnly that the slugging Milwaukee outfielder would be out of the lineup for three months.

• • •

"Don't believe it," Thomson told visitors as he lay in a hospital bed the following day. "I'll lick this thing quick. I'll be back in six weeks."

It was a different Thomson who lay on the rubbing table in the Braves' clubhouse last night while Trainer Dr. Charles Lacks was massaging his still swollen ankle. Bobby couldn't hide his disappointment as he talked about his slow recovery.

"I took batting practice today and I'm aches and pains all over. I don't know what it is. Some days the ankle feels fine, other days it's as sore as the dickens."

There's no doubt Thomson's big bat is sorely missed. Henry Aaron, the 20-year-old rookie, is doing an acceptable job filling in for the slugging outfielder but he doesn't possess Thomson's power and cannot class with Bobby as a fielder and thrower.

Whitey Ford Just Like 'Old Self' Once More

BALTIMORE (AP) — Whitey Ford is only 25 years old, but he has baseball fans today saying he's pitching like the "old Whitey" which is good news for his New York Yankees and bad for the rest of the American League.

• • •

The native New York southpaw shut out the Baltimore Orioles on three hits last night for his second straight blanking of the opposition.

He hasn't been scored upon in the last 20 innings. That's the fourth longest string in baseball this year. Allie Reynolds, a teammate, had 21 which has been ended. In the National League, Harvey Haddix of the St. Louis Cardinals has 23 and Curt Simmons of Philadelphia 24.

'AA' Trot Features Northville Opening

Northville Downs harness race track opens a 39-night meeting tonight at 8:30 p.m. John J. Carlo, executive manager of the track, stated that the current meeting, 11th at the Northville track, would run through July 31.

Opening program will feature a Class Double A trot with some of the best horses in the midwest expected to start in the one mile test, 7th race on the program.

Carlo predicts an opening night crowd of 7,000. Record 1st night attendance was in 1950, 9,261.

City Junior Baseball Loops Begin Monday

By JACK SAYLOR

Another sandlot season for Pontiac and vicinity junior baseball players is just around the corner.

Play begins Monday in four leagues, involving over 30 teams and from 400 to 500 boys. Entries in the oldest bracket (Class D) and the youngest (Midgets) are up, while Class E and F entries are somewhat lighter than usual.

Program is under the supervision of John Streit, assistant director of the Pontiac Parks and recreation department, and George Gary, baseball director for the department.

Co-operating in the promotion of the midget division, to be known this year as the Knotholers League, is the Pontiac Old Timers Baseball Association, which is supplying uniforms for eight members of the 14-team league.

Teams will play through a regular schedule of games, with championship playoffs climaxing the season about mid-August.

A completely new slate of champions is assured since Jack Habel's Cats at 9 a.m., with Lunsford Market and Avondale meeting at 11. The lone Class E game Monday sends Pontiac Police against Rosebud Market at 5:30 p.m. on the Washington diamond.

Two games are listed in Class D with Griff's Grill going against Lytell-Colegrove on the Columbia-Joslyn south diamond and Don's Skating Rink meeting Pontiac Police on the north, both at 5:30.

4 Sport Pages in Today's Pontiac Press

in Class D, Gingellville in "E" and Mets in Class F are not entered this year, and the 1953 Midget champions, Lunsford Market, are competing in Class F.

Knotholers open their schedule at Oakland Park and Class F will play on the Washington Junior High School diamond, all games in the morning. Evening games (5:30 p.m.) in Classes E and D are played at Washington and on the two diamonds at Columbia-Joslyn Roads.

Opening Knothole loop contents Monday match Boys Club and Team number 2 (as yet unnamed) at 9 a.m. and Lytell-Colegrove and Team number 4 at 11 o'clock, both at Oakland Park.

In Class F at Washington, Boys Club number 1 plays the Keego

Pontiac Press Photo

'LITTLE LEAGUERS'—Two members of the Pontiac Old Timers' Knothole League teams "model" the uniforms supplied for eight teams in the Pontiac parks and recreation department league, which begins play Monday. Mickey George (left) acting secretary, and Paul Parks, president of the Old Timers Association, are shown with Bob Volimar, 11, (left, 138 Washington street, and John Glynn Jr., 11, 212 North Johnson.

Spaniel Club Sets Puppy Test Sunday

English Springer Spaniel Club of Michigan will hold its spring puppy match Sunday at the Multi-Lakes Conservation Association grounds, on Reed Lake near Walled Lake.

Program will include classes for all Springer Spaniel puppies between the ages of two months and one year and children's handling classes for both boys and girls. There also will be a novice obedience class.

Stanley Aston will judge all breed and children's handling classes. Don Dasher will judge the obedience class.

Entries will be accepted until the time of judging at 1 p.m.

Trabert, Hoad Top-Rated for Wimbledon Net Test

LONDON, June 17 (AP) — Tony Trabert of Cincinnati, top-seeded player in the men's singles of the Wimbledon tennis championships beginning Monday, and second-seeded Lewis Hoad of Australia wound up in opposite brackets in the drawing Wednesday.

• • •

The two-week tournament could find them meeting in the finals, but it will be a rough road ahead, as Trabert's side of the draw is filled with most of the Aussie stars while a majority of the best American players are in Hoad's bracket.

• • •

It looks like easy sailing, at least on paper, for the seeded players in the first round. The toughest job faces Mervyn Rose of Australia, who drew Tony Mottram, Britain's unpredictable No. 1 player. Trabert and Vic Seixas of Philadelphia, the 1953 winner, don't even know their opponents yet. To fill up the program, Wimbledon authorities run a minor qualifying tournament throughout England.

Three other American seeds, Gardnar Mulloy of Miami, Art Larsen of San Leandro, Calif., and Budge Patty of Los Angeles and Paris, are paired against Britons in what appear to be easy matches.

• • •

Trabert's half of the draw includes such Australian players as third-seeded Ken Rosewall, Rose, seeded fifth, Rex Hartwig and Neil Fraser.

Hoad's bracket includes fourth-seeded Seixas, sixth-seeded Larsen, seventh-seeded Patty, Mulloy and Stewart.

Maureen Connolly of San Diego, seeking her third straight Wimbledon women's title, drew a first round bye and meets Miss J. Scott of Britain in the second round.

Doris Hart of Coral Gables, Fla. seeded No. 2, also has a bye.

Ivory Rangers Face Stiff Test at Milwaukee

Ivory Rangers will hit the road this week for showdown tests in Milwaukee against two of the most powerful combinations in high-goal polo. Unbeaten Detroit aggregation will take on the Milwaukee Polo Club Sunday and the CCC team from San Antonio on June 27.

Fast and exciting polo will be offered as usual this Sunday at the Ivory Polo Club, Lahser and 8-Mile Road, when an outstanding array of Detroit mallet wielders will face the Cleveland Polo Club at 3 p.m. No game will be booked here for Sunday, June 27.

Rangers will have their hands full in Milwaukee. Milwaukee is past winner of the Monty Waterbury trophy, the 20-goal and the national open tournaments.

Silver Lake Winners

Mrs. Elbert Looney of Pontiac and Mrs. John McCallem of Drayton Plains won low gross honors in weekly Women's Silver Lake Golf League play Tuesday at Silver Lake Golf Club.

Mrs. Looney was the Class A winner, while Mrs. McCallem won in Class B. Low net awards went to Mrs. Lorne Aris of Drayton in "A" and Mrs. Reginald Edwards in "B."

The club's Guest Day is June 29.

Hogan, Marciano Defend Crowns Against Tough Foes, Rocky Against Charles, Ben Against 162

By GRANTLAND RICE

NEW YORK—Two noisy salvos will be fired in New York and vicinity today and tonight. They will be headed by Ben Hogan, the Texas Tornado, and Rocky Marciano, the Brockton Buster, involving the matter of golf and boxing.

These are two important championships in the run of sport, and the two champions defending their outposts are among the best either games has known.

• • •

Both belong at the top where they have stood for some time. There are 162 challengers after Hogan's coronet, many of them must be accorded at least some sort of a chance, while there is only one in the road held by Rocky. Ezzard Charles may not be the toughest challenger ever known in ring annals but he is better than average.

• • •

Charles is a first-class fighter. He is better than a first-class boxer and a pretty fair puncher. His main weakness in the past has been either a certain form of timidity or an overproduction of carefulness.

With about 20 per cent more boldness, or willingness to gamble, added to what he has in stock he could be a much more dangerous man.

He is much more experienced than Marciano with some 15 years of active boxing behind him. For example, he had 15 ring contests as far back as 1940, which wasn't yesterday. In the three years prior to this date, he won every amateur tournament he ever entered.

• • •

It happens that Rocky Marciano carries just three important ingredients in his system, which should win for him along the route. These are a devastating punch, defensive toughness and far more native aggressiveness.

• • •

These are sure to be highly important factors that can only be overcome by the vastly superior skill of a boxer. We figure that Rocky has the more important set of winning factors, especially in aggressiveness, plus the punch.

• • •

Out at Baltusrol, one can only say that Ben Hogan and Sammy Snead figure in front, but Snead has never won this prize. Here are the two greats, but they are over 40 and they have a pack of hungry, younger tournament golfers on their trail, hoping only for a keen putting touch and the breaks of the game.

This Open should be one of the best since it finds many young golfers ready for the test and a large supply of veterans playing as well as ever.

Flanagan Spoils Big-Time Hopes of Detroiter Gronik

By JOE FALLS

DETROIT (AP)—Promoter Nick Londes flew to New York today to start negotiations for a Kid Gavilan-Del Flanagan title fight in Detroit this fall.

• • •

The Motor City—a hot sports town—hasn't had a title fight since March, 1951, when Ezzard Charles defended his title against Jersey Joe Walcott. Londes feels a go between Flanagan, second ranking welterweight contender, and Gavilan, the champion, would fill Detroit's Olympia Stadium.

Flanagan, a fancy dan with seven years experience, took a firmer hold on his No. 2 ranking last night with a unanimous 10-round breeze over Detroit's Allie Gronik, a willing but pathetically crude boxer.

• • •

A Gavilan-Flanagan match makes some sense. Flanagan ranks behind only Carmen Basilio for Gavvy's crown and the Cuban has beaten Basilio, although by a questionable margin.

At any rate, Flanagan quickly spoiled any hopes Gronik had of becoming big time. He stabbed, jabbed and danced to an easy victory in their nationally televised fight at Olympia Stadium.

Referee Tom Briscoe gave Flanagan a 93-88 margin. Judge Johnny Weber had it 99-88 while the other judge, Jack Aspery, saw it 97-85.

• • •

Flanagan's victory was his ninth in a row, making his record 66-7-2. Gronik's record is 52-12-6 and he'll probably go back to fighting in Michigan rings, where he's state welterweight champion. A slim crowd of 1,574 paid a gross of $2,226.20.

Charles Battles Marciano, Tradition Tonight

By MURRAY ROSE

NEW YORK (AP)—Ezzard Charles bucks the explosive power of heavyweight king Rocky Marciano and a 54-year-old tradition of the ring tonight in a final try to become the first ex-champion to regain boxing's most prized crown. The odds are 5 to 18 that he fails.

* * *

"It's now or never for Ezzard," said co-Manager Tom Tannas. "He knows it's his last chance and he's never been so determined before. He's right on edge. I hope we don't get any rain to spoil it."

The forecast is for fair and warmer although an earlier prediction by the weatherman called for a threat of late evening thundershowers. But possible postponement which could force a week's setback of the 15-round title fight in Yankee Stadium was uppermost in the minds of the principals and promoters as they anxiously peered at the sky. A canopy was placed above the ring to keep the canvas dry.

* * *

After months of hard training, the gladiators were ready for boxing's biggest and most dramatic show. A rainstorm and a delay until next Thursday meant losing that razor edge they've drilled so long for. It could put a dent in the receipts, too. Postponements bring cancellations.

The promoting International boxing Club said it will go up to the ball park this evening with $400,000 in the till. Promoter Jim Norris is looking for a 40,000 crowd and $500,000 at the gate with a break from the weatherman.

In addition to the gate receipts the fighters will share (Marciano 40 per cent, Charles 20) in close to $200,000 from the coast-to-coast theater-television, $35,000 from the network (ABC) radio broadcast, and a possible bonanza from the movies if the fight is sensational.

* * *

There will be no home television of the undefeated Marciano's third title defense. The bout will start at 9:30 p. m., (EST).

While the 32-year-old Charles will be seeking to accomplish what eight former champions, including himself, have failed to do, the 29-year-old Marciano will be facing a less potent heavyweight jinx. Only five of 17 heavyweight rulers have been able to get by a third defense. This is No. 3 for the Brockton Bruiser.

* * *

Will Charles elect to box, hoping to hold off Rocky's bulling drives? Or will he try and match bombs with the bomber?

* * *

Naturally Charles won't tell. He did say "I've had the idea for a long time how I'll fight him."

In talking of Rocky's power, Ezzard said "I know he can hit. I can hit, too."

"If he tries to punch with Rocky, it will be suicide," said Joe Louis who lost to both. "If he fights Rocky like he fought me, using his left and moving, he has a chance. I like Marciano in 10."

"I like Marciano in 10," said Jack Dempsey, "but I've got to give Charles a chance because of Rocky's inactivity.

Rocky has fought a total of 12 rounds since he won the title by flattening Walcott in 13 rounds in Philadelphia, Sept. 23, 1952. He racked up Walcott in 1 round in Chicago, May 15, 1953, and then needed 11 to stop Roland La Starza in New York, Sept. 24, 1953.

In the same period of time, Charles fought 104 rounds in 13 scraps. Two of them were 10 round losses to Nino Valdes and Harold Johnson. He followed the defeats with a 10-round knockout of Coley Wallace and a two-round blasting of Bob Satterfield.

If Charles wins he must give Rocky a return bout within 90 days. If Marciano wins, he may meet England's Don Cockell, Valdes or Hurricane Tommy Jackson in September.

Oliver Extends Class A Lead to Two Games

Auto Team Wins 5th Straight Victory, 7 - 5 Over Elks

Undefeated Oliver Buick yesterday pulled two full games ahead of the pack as the Automen won their 5th straight City Class A Baseball League victory, 7-5, over Elks Lodge No. 723.

Buick came from behind in the 6th inning, with five runs on a combination of four hits, three walks, an error and a fielder's choice.

CIO No. 594 climbed into a 3-way tie for 2nd place by blanking Auburn Merchants, 6-0. Winning pitcher Clark Rouse scattered four hits, struck out four and walked one. Outfielder John Moffat paced the Unionmen at the plate with a home run and a single in four trips.

TODAY'S GAME—General Motors vs. Oliver Buick (Wisner, 5:30).

Elks	000 310 1	5	2
Oliver	002 005 x	7	1

King, Douglas and Nelson; Capogna, Goldsworthy and White.

CIO	211 000 3	6	3
Auburn	000 000 0	0	2

Rouse and Osika; Barrell and McGlashen.

Switzer Joins All-Stars

CHICAGO (AP) — Veryl Switzer, Kansas State halfback, has accepted an invitation to join the College All-Stars against the Detroit Lions of the National Football League for the All-Star game in Soldier Field Aug. 13.

Switzer, of Bogue, Kan., is the 2nd player to join the 1954 All-Stars. Zeke Bratkowski of Georgia has already signed with the collegians.

Area Athletes Honored

Among Michigan State College baseball players receiving freshman numerals recently were Paul Bando of Berkley and Gordon Mutch of Birmingham.

11 Pontiac Kegling Teams Win Elk Tourney Prizes

Eleven of 65 teams representing Pontiac Elks Lodge No. 810 shared in major prizes at the recent National Elks Bowling tournament at Toledo, O.

In 2-man events, 22 of Pontiac's entries received prizes,

'CAP' HOLLIDAY

while 34 individuals placed on the prize lists.

West Huron Recreation paced Pontiac teams with a 3,006 total. The top doubles combination from Pontiac was Charles McLaughlin and Fred Wyzgoski with 1294. Gene Russell rolled a series of 699 to top individuals.

Elks National Bowling Association paid tribute to J. E. "Cap" Holiday by electing him to an honorary life membership in the group. Donald J. Wilson, also of Pontiac, was named a director of the association.

Over the years Pontiac's Elks bowlers have always been among the largest delegations at state and national tourneys. In all of those years "Cap" Holiday has been one of the leading spirits. He was president of the BPOE league here during 1946-49 and was also its secretary in the 1945-47 years. He headed the state association in 1950, has been a delegate to, and an executive committeeman of the National association since 1947.

He hasn't quit yet!

Facts, Figures on Title Fight

NEW YORK (AP)—Facts and figures on tonight's Rocky Marciano-Ezzard Charles heavyweight title fight:

SITE—Yankee Stadium.
TIME—9:30 p.m. Eastern Standard Time).
AT STAKE—Marciano's title.
DISTANCE OF FIGHT—15 rounds or less.
POSTPONEMENT DATE — Thursday, June 24.
PROBABLE CROWD—35,000 to 40,000.
PROBABLE GATE—$500,000.
ODDS—Marciano favored, 18 to 5.
RADIO—Coast to coast broadcast by ABC network.
BOXERS' RECORDS—Marciano, 45 fights, won 45, knockouts 40. Charles, 97 fights, won 86, lost 10, draws 1, knockouts 53, knocked out by 2 (Lloyd Marshall, 8, March 31, 1943, and Jersey Joe Walcott, 7, July 18, 1951.)
BOXERS' SHARE—Marciano 45 per cent of everything: Charles 20 per cent.
SCORING—By a referee and two judges to be named at fight time: Scoring is by rounds with a supplementary point system employed to break draws. The winner of each round gets from 1 to 4 points, the loser none.

Sets Irish Mile Mark

BELFAST (AP)—Victor Milligan, who will enter Purdue University in September, today held the Irish mile record with a time of 4:06.7.

Milligan, 24-year-old Belfast civil engineer, broke the 4:08.6 mark of John Joe Barry, a fellow Irishman, who attended Villanova.

Future Looks Bright for Front-Running Indians

By BEN PHLEGAR
Associated Press Sports Writer

Rarely has the future looked so rosy for the Cleveland Indians.

The cripples are coming back with a bang. The club has a three game hold on first place. And the next eight games are against second division teams.

The Indians ran their current winning streak to seven last night with a 5-1 victory over Washington that marked the return to partial action of Bobby Avila, the league's leading hitter.

* * *

Avila, on the bench with a chipped thumb, came in as a runner and stayed around to bat once. He delivered a two-run single.

* * *

Adding joy to the Indian camp is the immediate schedule. It calls for 11 more games in the present home stand, the first 8 of them against second division teams.

Cleveland has the best home record in either league, 18 victories and 6 defeats. And the last four teams haven't had as much chance against the warring Indians as a band of unarmed settlers. Cleveland is 8-2 against Washington, 7-1 against Philadelphia, 6-2 against Baltimore and 8-0 against Boston.

The other two teams in the three-team American League race also won yesterday. Second place Chicago beat Philadelphia 11-6 and the New York Yankees edged Baltimore 2-0. Last place Boston broke an eight-game losing streak with a 3-2 victory at Detroit.

The New York Giants stayed atop the National League with a 4-0 verdict over Cincinnati. Brooklyn remained a game behind by whipping Milwaukee 8-2. St.Louis at Philadelphia and Chicago at Pittsburgh were rained out.

Home Runs by Lou Limmer and Bill Renna helped the Athletics build a 6-4 lead in Chicago but the White Sox wiped it out with a seven-run seventh as Ferris Fain hit an inside the park home run with the bases loaded. The loss was the first for Philadelphia in six games.

Hits were scarce in Baltimore with each side getting only three. But the Yankees bunched theirs in the fifth inning for the only runs. Whitey Ford ran his string of scoreless innings to 20 in winning his fifth game.

Yogi Berra's single, a double by Gene Woodling, a single by Irv Noren and a force out produced the runs off Duane Pillette.

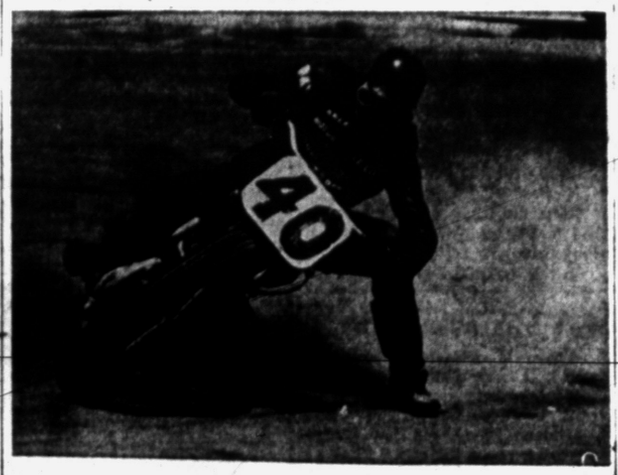
* * *

The winning spirit of the Giants seems to be infectuous. Jim Hearn, who hadn't pitched a complete game since last August, stopped the Redlegs on four hits—all singles.

* * *

The Dodgers beat the Braves into submission with home runs. They hit five, equalling the club's all time high for one game. Duke Snider started the parade in the first inning and Gil Hodges, Don Hoak, Pee Wee Reese and Roy Campanella joined in the fun.

Campanella's homer was his first hit in 21 times at bat. His average has dropped to a mere .168.



WALKIN' A TURN—Ray Goff, Saginaw motorcycle star, holder of many records in the thrilling sport, takes a fast turn (above). Ray is shown "walkin' the turn," a stunt most motorbike riders employ to keep from a spill. He will be among a field of fast riders at Pontiac M-59 Speedway on Friday at 8:30 p. m. Qualifying time is 7:30 p. m. Many of the area's best riders have been signed, track management reports.

Birmingham 9, Berkley Gain Third Straight

Legion Teams Ready for an Early-Season Showdown Sunday

Birmingham's Reds and Berkley set the stage for their Sunday meeting by winning their 3rd straight 18th District American Legion Baseball League games Wednesday.

Birmingham scored its 2nd straight shutout in routing Clawson, 11-0, and Berkley nipped the Birmingham Blues, 3-2. Waterford and Huron Valley postponed their game until tonight because of conflict with graduation exercises.

Southpaw Don Cornila tossed a 3-hitter for the Reds' triumph, which followed Larry Milford's similar stint last Sunday. It was Cornila's 2nd victory of the season. He struck out 7 and walked 4.

Tom Beck drove in 3 runs in the 1st inning with a double and the Reds tallied 6 times as 11 men batted in the 6th inning.

At Berkley, three unearned runs in the 1st frame beat the Blues. The Birmingham club got one back in the 4th and another in the 5th, but Bob Blackwell came on in relief to strike out 7 men in a row, walked one, then struck out his 8th batter to end the game.

The loop's 2 undefeated teams clash Sunday at Berkley's Community Park.

Clawson	000 000 0	0	3	3
Birmingham Reds	311 006 x	11	10	0

Raines, Dunkel and Nolan; Cornila and Mitchell.

Birmingham Blues	000 110 0	2	4	4
Berkley	300 000 x	3	5	2

Ostemeyer, Covera and Podulka, Rakick; Becker, Blackwell and Raines.

Washtenaw Team Low at Knollwood

Tom Talkington and Fred Edwards, professional and amateur, respectively, of Washtenaw Country Club, won Monday's weekly pro-am golf tournament at Knollwood Country Club with a best ball of 63.

Talkington had a three - under-par 69 himself, and his partner, an airlines pilot, helped with his handicap strokes on six holes. Edwards non-handicap total was 87.

Talkington had three birdies plus an eagles three on the 432-yard 16th hole. His nines were 36-33.

The Talkington - Edwards team won by thre strokes over Henry Ransom of Pine Lake and Ed Haley and Al and Joe Kocsis. Ransom and Kocsis (Al) tied for low pro honors at 68.

Washington State End Joins Lions

DETROIT (UP) — Howard McCants, giant end from River Roug signed a 1954 contract with the Detroit Lions today.

McCants, who weighs 245-pounds, played college football with Washington State. He also was an ace basketball and track performer at Washington State.

McCants was the No. 4 Detroit draft choice. He is the 5th rookie to sign for the 1954 season and brings the number of players the Lions have under contract for the season to 37.

Rain Stops Racing Card at Speedway

Hard-top racing program at the Pontiac M-59 Speedway was called off Wednesday night because of rain and a sloppy track.

Two big shows are scheduled this weekend, with motorcycles holding the spotlight Friday night and the 50-lap Michigan modified stock car championship race Sunday night.

Time trials for Friday's "bike" races are at 7 p. m., with the 1st race at 8:30, while Sunday's trials are at 5:30 and the 1st race at 7 o'clock.

First Ace in Years

A 14-year-old Pontiac boy scored the 1st hole in one in 4 years at Davisburg Golf Club this week.

Richard Freeland, son of Brady Freeland, 3212 Avalon street, Pontiac, used a driver on the 200-yard hole and amazed a large gallery awaiting their turn on the tee by sinking the shot.

The ace helped him to a 42 for the nine holes. Richard was accompanied by his father and Carl Freeland.

U. S. Open Poses Questions

By GAYLE TALBOT

NEW YORK (AP)— Although we might not have been paying strict attention, having been busy getting a couple of prizefighters ready for a meeting tonight, it still seems here that several questions remain to be answered in connection with the National Open Golf tournament starting today at Baltusrol over in Springfield, N.J.

The first: Are Ben Hogan and Sammy Snead the only entrants? The answer to that one, we learn, is no. The course will be alive with other players, many of them good.

• • •

Second, there must be many fans who are as honestly confused as this writer is concerning the physical infirmities of the two principal antagonists.

This much is certain—Hogan got sick first. When he landed here more than a week ago the Bantam said he felt so terrible he might not be able to play at all.

To this, Snead responded within a few days that he was suffering with aches and pains through his back and across his shoulders that made it an agony to swing a golf club at all.

At the last report we saw, that was substantially the way things stood as the two 40-plus and creaking warriors prepared to tee off today. Some observers thought that Hogan weakened his clinical report by getting out of bed and shooting a 64 in a practice round last Saturday.

This latter feat, incidentally, did much toward muddying up the third major question which has caused tempers to flare in advance of today's opening round. Is Baltusrol a regular torture chamber of a golf course, diabolically lenthened and toughened to the point that it is unfair, or is it actually an old ladies' layout waiting to be taken apart?

The earliest arrivals, including Snead, played a round or two a fortnight ago and yelled in anguish at the narrow fairways and the high rough.

Then Hogan dropped in on his shaky pins, surveyed the premises and said that if he ever saw a pitch-and-putt course, this was it.

Chisox Ace Minoso Still Paces Poll

CHICAGO (AP)—Al Dark of the New York Giants moved into the lead today for the National League's starting shortstop assignment in the 21st All Star baseball game in Cleveland July 13.

Dark was named on 5,437 ballots. He passed Harold (Pee Wee) Reese of the Brooklyn Dodgers, who was runnerup with 4,718 votes. Milwaukee's Johnny Logan held third place with 4,223.

The poll's highest individual vote-getter still was Orestes (Minnie) Minoso of the Chicago White Sox. He has 7,114 votes, a lead of 102 over Stan Musial of the St.Louis Cardinals. In the poll's sixth tabulation Musial had 7,012 votes.

The voting opened Friday and will close July 3.

Kensington Park Will Hold Contest

Huron - Clinton Metropolitan Authority is offering 21 trophies for heaviest bass, pike and panfish caught in Kent Lake in a contest starting at 6 a.m. Saturday and closing at 10 p.m. Sunday, Sept. 12.

Trophies will be given for both adult and junior catches. Fishermen 16 years and under will be considered as juniors.

Headquarters is the boat rental dock on Kent Lake where catches will be weighed on a certified scale, measured and registered, from 6 a.m. to 10 p.m. daily. Contest is open to all fishermen within Kensington Park except employes of the Huron - Clinton Metropolitan Authority and their families and is subject to all Michigan Fish Laws and Kensington Metropolitan Park regulations.

Coonfield Set to Defend His Traffic Crown

Annual golf tournament and outing of the Pontiac Traffic Club will be held Saturday at Brooklands Country Club. Club president Ed Coonfield will defend his golf championship against 150 members and guests.

Guests from the transportation field are expected from Detroit, Flint, Mt. Clemens, and Dearborn, as well as Pontiac and Oakland County.

In addition to the regular club tournament, there will be a kickers handicap, and chipping and putting contests for all non-golfers.

General chairman is Emil Still. Following the tournament, a buffet dinner will be served.

New managers in the American Assn. this season are Kerby Farrell at Indianapolis and Bill Rigney at Minneapolis.

How Long Can Man Live? Experts Believe 115 Years

WASHINGTON — The United States today has 4,500 citizens 100 years old and over, bolstering the belief that man is the longest-lived mammal on earth.

Perhaps some of them, provided they can authenticate their birth dates, will help solve the problem that so far has defied an exact answer:

What is the maximum life span of homo sapiens?

The Bible mentions that Methuselah lived 969 years, an age open to varying interpretations. In the last few years age claims have run all the way to 148 (a Javanese), 160 (the Turk Zaro Agha), 176 (Baba Harainsingh of India), and 180 for an unidentified Russian woman.

Recently some Americans have counted their years well above 120. A Dane, Christen Jacobsen Drakenberg, was said to have married at 111 and lived to 145. Thomas Parr (Old Parr), a Shropshire lad, died in the reign of Charles I at a reputed 152.

To demographers, however, most claims are highly suspect because verifiable records are lacking. Memories frequently fail as years accumulate. Also, communities often confer patriarchal prestige on claimants to great age, thereby inviting exaggeration.

The 1940 U.S. census reported 410 persons 109 years old and over, 150 men and 260 women. Officials, however, caution that these figures should be taken with a large grain of salt.

Eight states—all northern but one—listed no one in that category; Wyoming, Maine, Montana, South Dakota, Rhode Island, Vermont, New Hampshire and Nevada. All the southern states claimed inordinately large numbers, ranging to 40 in Mississippi, 41 in Alabama and 51 in Texas.

Ten years later the census reported 4,475 centenarians in the country. Experts also regard this number with a skeptical eye.

Better established seem to be the findings of an English actuary early in the century. He found 30 authentic British centenarians in 800,000 lives.

Authorities thus estimate that this year, with the population up considerably over 1950, the U. S. has approximately 4,500 centenarians.

Careful investigators suppose man's maximum longevity to be 112 or 113 years, maybe 115. An exact figure is elusive.

Most scientists agree man's life span—the extreme duration of his life—has changed little, if at all, since the start of recorded time. This, however, contrasts with the great extension modern science has won in the average length of man's life.

Few noteworthy characters in history even have approached an age of 112 years. Titian, the Venetian painter, and Fontenelle, the French author, reached 99. George Bernard Shaw and John D. Rockefeller lived well into their 90's.

In fact, few forms of any kind of life exceed the century mark. Trees top 100 years, particularly oaks and the giant sequoias that stand multiple centuries. Some turtles outlive man. They are probably all.

Handless Veteran Becomes an Artist

YOUNGSTOWN, Ohio (UP) — George L. Sharpnack lost both hands while clearing a mine field in Germany. He is now an artist.

He holds brushes in the hooks he has to use for hands and paints on horizontal canvases. He has sold some of his work and given part of it away.

"For the most part I paint because I want to paint," he said.

It took some ingenuity to overcome his disability.

"Sometimes, in order to make the distance I have to reach as short as possible, I turn the picture upside down," he said. "I can't hold a palette, so I use a sheet of glass."

Sharpnack's wife was a Red Cross volunteer worker when they first met in an Atlantic City hospital where he was a patient. They now live in Sebring, a village near here.

Escaping From Prison Pays Few Dividends

BOSTON (UP) — What chance does a prison escapee stand of staying free?

Not much, according to Massachusetts records.

Only two of the 34 convicts who escaped from Massachusetts State Prison during the past 35 years remained at large.

And every one of the more than 300 who have escaped from Concord Reformatory since 1878 have been recaptured.

First ironworks in North America was built in Massachusetts.

Grains Steady Except Wheat

CHICAGO (AP)—More light selling pressure sent wheat down on the board of trade today while the rest of the grain market either held steady or scored small gains.

September, December and March wheat sank into new seasonal low ground. They recovered a part of their loss later but could not get back to the previous close. July wheat remained several cents above the seasonal low.

Wheat near the end of the first hour was ⅛ to ½ lower, July 1.90¼, corn ⅛ to ¼ higher July $157, oats ⅝ to ⅝ higher, July 73, rye unchanged to ⅝ lower, July 99, soybeans ¾ to 3¼ higher, July $3.90½ and lard unchanged to 28 cents a hundred pounds higher, July $15.85.

DETROIT EGGS

DETROIT (AP)—Eggs, f.o.b. Detroit, cases included, federal-state grades:

Whites — Grade A, jumbo 46-48. Weighted average 46½; large 43-44, wtd. av. 43½; medium 36-37, wtd. av. 36½; small 29, grade B, large 37-38, wtd. av. 38.

Browns—Grade A, jumbo 45, large 41-42, wtd. av. 41; medium 36, small 29, grade B, large 36, grade C, large 27. Checks 26.

Comment: Market steady. Distributed demand improved. Receipts and offerings not large but adequate. There still is resistance to paying the prices at the top of the range for the desired better quality receipts.

Livestock

DETROIT LIVESTOCK

DETROIT (AP)—Hogs salable 50. Fifteen head 183 lb barrows and gilts sold 75 cents lower at 23.75, but not enough hogs to make a market, undertone unevenly lower. Compared last week's close, barrows and gilts around 3.00-4.00 lower.

Cattle salable 100. Market nominally unchanged today. Compared last Thursday: Market slow, demand rather narrow, but good clearance, slaughter steers and heifers 50-75 cents lower; cows fully 50 cents lower; bulls mostly 1.00 lower; stockers and feeders active, firm; bulk mostly choice fed steers 22.00-24.00; several lots high choice and prime 24.25-24.50; bulk commercial and good steers 17.50-21.00; limited supply good and choice fed heifers 18.00-22.00; bulk utility and low commercial grassy and short fed steers and heifers 14.00-16.00; some cutter kinds down to 10.00 or below; bulk utility and commercial cows 11.00-13.50; canners and cutters mostly 9.50-11.50; mixed cutter and utility cows 11.00-12.00; few lightweight grassy canners 9.00 down; late bulk utility and commercial bulls 14.00-15.50, lighter weight cutter bulls down to 10.00; bulk good and choice stock calves and yearlings 20.00-22.00; several lots medium to low good kinds 16.00-18.50; part load good and choice 332 lb heifer calves 15.00.

Calves salable 75. Today's market weak to lower; early sales 23.00 down. Compared last Thursday: Demand moderate, trading slow and spotty, vealers and calves fully 1.00-2.00 lower; bulk mostly choice vealers 20.00-23.00; week's top 25.00, not much above 24.00 late; commercial and good heifers 14.00-20.00; cull and utility 9.00-13.00.

Sheep salable 25. Today's market nominally unchanged. Compared last Thursday: Trading spotty, demand narrow for slaughter lambs, 1.00-2.00 lower; sheep 50 cents to 1.00 lower; bulk high good to prime native spring lambs 22.00-24.00, small lot 25.00; utility and low good springers 18.00-21.00; bulk good and choice shorn lambs No 1 skins 16.00-19.00; week's early top 20.00; cull to choice ewes late 4.00-8.00.

CHICAGO POTATOES

CHICAGO (AP)—Potatoes: Arrivals 122 on track 347; total U.S. shipments 906; supplies moderate; demand good; market steady; firm undertone for best; California long whites 4.60-65; Pontiacs 4.35; Alabama Pontiacs 3.60-65; Dakotas 3.65; Arizona round reds 3.75-4.00.

Motor Vehicle Makers Continue at Slow Pace

DETROIT (AP)—Motor vehicle production is continuing on a reduced level, Automotive News reported today.

The trade paper said U. S. factories this week will produce 114,867 cars and 20,179 trucks. Last week 113,568 cars and 20,105 trucks were built.

DETROIT POULTRY

DETROIT (AP)—Prices paid per pound f.o.b. Detroit for No. 1 quality live poultry up to 10 a.m.

Heavy hens 19-22; light type 16-17; heavy broilers or fryers (3-4 lbs), whites 25-27; gray crosses 28-29; Barred Rocks 29-30. Light broilers or fryers 20; old roosters 14-15; breeder turkeys, young heavy type hens 29; toms 28.

Comment: Market weak on hens. Supplies and demand light. Fryers appear steady at the inside of the price range with good quality offerings moving fair, but receipts at the top of the price range barely steady.

CHICAGO POULTRY

CHICAGO (AP)—Live poultry weak on hens, barely steady on young stock; receipts 425 coops, f.o.b. paying prices unchanged to 1 lower; heavy hens 17-20; light hens 15-16; fryers or broilers 24-28; old roosters 14 5-15; caponettes 27-28.

CHICAGO BUTTER AND EGGS

CHICAGO (AP)—Butter steady; receipts 1,477,189; wholesale buying prices unchanged; 93 score AA 56.5; 92 A 56.5; 90 B 54; 8 9C 49; cars: 90 B 54.5; 89 C 50.

Eggs top firm; balance steady; receipts 12,463; wholesale selling prices unchanged to 1½ higher; U.S. large, 60-69 9 per cent A's, 36.5; mixed 36.5; U.S. mediums 31.5; U.S. standards 30.5; current receipts 28.5; dirties 27.5, checks 26.

Frederick the Great had his coffee made with champagne instead of water.

Market Narrow by Afternoon

NEW YORK (AP) — The stock market faltered and turned mixed in the early afternoon today after a higher start.

Yesterday the market hit a new high since 1929, and it continued to march ahead at the opening today.

After the opening rush of buying orders was absorbed, the pace slackened and prices started to move away from their tops. By early afternoon the market was mixed.

Prices spread out over a range of between 1 and 2 points in either direction.

Business Notes:

Food Prices Hit 3-Month Low

Dun & Bradstreet Report Shows Week's Decline of 1.8 Per Cent

NEW YORK (AP)—Wholesale food prices as measured by Dun & Bradstreet declined 1.8 per cent this week to their lowest level in more than three months.

At $7.23, the Dun & Bradstreet wholesale food price index compared with $7.36 a week ago. Down for the third week in a row, it was at its lowest point since the $7.21 recorded March 2. It was 11 per cent higher than the year-ago index of $6.51.

The index represents the total cost at wholesale of 31 foods in common use.

Higher this week were corn, oats, cheese and eggs. Lower were flour, wheat, rye, hams, bellies, lard, butter, sugar, coffee, tea, cocoa, steers, hogs and lambs.

The stock exchange firm of Arthur Wiesenberger & Co. of New York predicted today that more than 10 billion dollars of assets and at least four million investor accounts will be serviced by investment companies and mutual funds in the U.S. by 1960. This amount is double the present asset figures and 1,000 per cent more than in 1940, when investment companies began their present period of growth. According to the firm, investment company assets totaled one billion dollars in 1940, rose to two billion dollars in 1945, exceeded three billion dollars in 1950, and five billion dollars in 1953.

To Confer on Defense

LANSING (UP) — Col. Ted E. Enter, U. S. defense mobilization official, will confer with state and local officials Friday on civil defense measures that can be taken to combat possible atomic attack.

New Speed Records Set; Gas Turbine Is Unveiled

By ROBERT B. TARR
Pontiac Press Managing Editor

New official speed records, an impressive display of all the corporation's products, and first public showing of its gas turbine driven passenger car marked the dedication of Chrysler's 4,000 - acre proving ground at Chelsea Wednesday.

The turbine, which can burn a kerosene - type fuel instead of the more expensive refined gasoline, was mounted in a 1954 Plymouth Belvedere sedan for its first public appearance.

Chrysler engineers said the turbine has averaged 14.9 miles per gallon of fuel at a speed of 40 miles an hour in recent road tests.

"It still is too early to tell what fuel economy levels are likely to be attained," said George J. Huebner, Chrysler executive engineer.

Some 700 news writers and radio and television representatives saw Jack McGrath of Glendale, Calif., send his Indianapolis Speedway racer around the 4.7 mile oval track at 179.386 miles an hour. Behind him were Troy Ruttman of Salem, Ind., Bill Vukovich, of Fresno, Calif., and Jimmy Bryan of Phoenix, Ariz., all participants in the Indianapolis classic.

Ruttman wa sclocked at 174.762 miles an hour; Vukovich at 170.234 and Bryan at 166.342.

All of them bettered the former closed course record of 148.17 miles an hour made in 1927 by Leon Duray. All raced individually against the clock.

Another record to fall was the 24 hour speed and endurance mark for stock cars. A team of drivers, headed by Tony Bettenhausen, of Tinly Park, Ill., drove a 1954 Chrysler stock model at an average speed of 118.184 miles an hour to pile up a total of 2,836.42 miles for the 24 hour grind. The previous stock car 24 hour record was an average of 89.89 with a total of 2,157 miles piled up at Indianapolis last year.

Another high speed performance was presented by Betty Skelton, 27 year old airplane and racing car pilot. She set a women's speed mark for a closed course at 143.44 miles an hour driving a Dodge sports car. It stands as a women's record, being the first such time trial supervised by the contest board of the American Automobile Association.

Chrysler, has two gas turbines under test, and both were driven at yesterday's ceremonies and placed on display for the visitors.

The new power plant employs a regenerating unit that recaptures exhaust heat and converts it into power. In this respect the Chrysler turbine differs from all others so far announced in the industry.

Under construction for more than 2½ years, the Chrysler Proving Grounds is in operation today on a round-the-clock basis. More than 2½ million miles of driving will be logged in tests this year, according to James C. Zeder, vice president of Chrysler and director of research engineering.

"We are able to duplicate almost any road conditions found throughout the world, excepting for off-season conditions, rugged mountains and excessive sale problems," he said.

Operation of the proving grounds around the clock requires a staff of 235 persons.

1,000 Catholic Laymen to Attend International

GRAND RAPIDS (UP)—Samuel Cardinal Stritch of Chicago will be principal speaker at the closing banquet of the national convention of the Serra International here July 8-10, it was announced today.

More than 1,000 Catholic laymen from all parts of the U.S. are expected to attend the convention. Maj. Gen. Patrick Ryan, chief of Army chaplains, will be toastmaster at the banquet.

Judge to Sentence Man for Negligent Homicide

COLDWATER (AP)—Circuit Judge Mark Andrews set June 29 as the date for sentencing Paul Baker, 36, of Bronson, who was found guilty Wednesday of negligent homicide in the April 5 traffic death of Frank Yesh, 70, also of Bronson.

Named to Commission

LANSING (UP)—James H. McLaughlin, Grand Rapids, today was appointed as a member of the Workmen's Compensation Commission by Gov. G. Mennen Williams.

HAPPY FATHER'S DAY TO YOU—The joys of fatherhood are somewhat dimmed in the wee hours of the morning when junior wants some attention, as TV actor Mark Roberts recently discovered. The star of the video series Three Steps to Heaven, has one consolation, in a few years his young son Ward can repay pop by handing him a well deserved gift on Father's Day (June 20).

The word volcano comes from the Latin form of "vulcanus," the name given by the ancient Romans to their god of fire, Vulcan.

John L. Sullivan defended his title only once under Marquis of Queensbury rules, losing the title to James J. Corbett in 1892.

'Stage Show' on TV July 3

Will Replace Gleason Program With Leading Actors and Acts

NEW YORK—The fabulous Dorsey Brothers—Tommy and Jimmy—whose colorful careers in popular music have spanned three decades, are joining forces again with a big new orchestra which will be the focal point of Stage Show, the hour-long variety production which replaces The Jackie Gleason Show, for the summer months, starting July 3.

Tommy and Jimmy will alternate the emcee duties on the program, introducing top comedians, leading recording stars and other big-time variety acts each Saturday night.

The first Dorsey Brothers orchestra was formed in 1922, a small group called the Dorseys' Novelty Band which played local dates in and around their home town of Shenandoah, Pa.

Then, for nearly 10 years they performed as top instrumental soloist for the leading orchestras of the period.

In 1933, they organized their own orchestra and began making musical history. Bob Crosby was their vocalist, Ray McKinley played the drums, and the late Glenn Miller was second trombone of this great musical aggregation, which in two years established a musical tradition for an entire generation.

Finally, when Tommy and Jimmy decided to go their individual ways, two notable orchestras emerged. Together and apart, the Dorsey Brothers have sold a combined total of 110 million records.

The Dorsey Brothers split up in 1935, each with the idea of building an orchestra around his own conception of music. Tommy's orchestra was the first large dance band to play theaters as the featured attraction, and during the late 1930s he established box-office records in many houses which stand to this day.

Tommy has been responsible for the first success of many top vocalists, including Frank Sinatra, Dick Haymes, Jo Stafford and Connie Haines.

Jimmy on the other hand introduced his "contrast in rhythm" which brought such recorings as Amapola, Green Eyes, and Besame Mucho into the class of standards, and has been responsible for such singing stars as Helen O'Connell and Bob Eberle.

For nearly 17 years, the Dorsey Brothers carried on a friendly fued, which was patched up this past spring at the Hollywood Palladium, where they both were playing engagements.

Today, they jointly own a New York music publishing firm, have many other holdings together, and a new future.

Forest Fire Losses Dip to New Low in Michigan

LANSING (AP) — Michigan's forest fire loss so far this year is running behind 1951 when a record low was set, the Conservation Department reported today.

Last week's 20 fires added 42 damaged acres to bring the year's toll to date to 2,997 acres. This compared to 4,932 acres last year at the same time and 3,449 acres at the same time in 1951.

Colorado Vacation for Ike Is Rumored

DENVER (AP)—Aides of President Eisenhower scheduled a return to Washington today after nearly 24 hours at Lowry Air Force Base in what one described as preparation "for a possible presidential visit."

Eisenhower used the air base here for his White House last year from Aug. 8 to Sept. 17.

There has been no official announcement he will vacation in Colorado this summer but several reports have been received that he and Mrs. Eisenhower will arrive in August, after Congress adjourns.

Lt. Col. William Draper, Air Force aide to the President, said, "We want to be prepared—just in case."

Glass-Workers Resume Negotiations for Pay Hike

DETROIT (AP)—Negotiations were scheduled to resume today after a 10-day lapse in an attempt to settle a strike of Detroit area glass workers now in its 4th week. The walkout began May 21 when a demand by the AFL Glass Workers Union for a 30 cent hourly pay increase was rejected.

Forceps Left Inside May Cost $100,000

BALTIMORE (AP) — Mrs. Annie Mae Allgood Jones pressed her $100,000 suit against Johns Hopkins Hospital today over a pair of forceps sewed up inside her abdomen without the surgeon as a co-defendant.

Counsel for Mrs. Jones, now a resident of New Castle, Del., announced at the conclusion of testimony yesterday the case against Dr. Amos R. Koontz was being dropped.

Yesterday, Dr. Charles Reid Edwards of the University of Maryland faculty testified the "regrettable incident" stemmed from a "break in teamwork" of operating room personnel.

Mrs. Jones came from her former home in Athens, Ga., to Hopkins for the long and difficult hernia operation in April 1952.

It was testified at the jury trial the operation involved creation of an artificial abdominal wall through insertion of 144 square inches of titanium mesh.

A second operation was necessary later to remove the instrument left inside the patient.

PRIDE OF JAPAN—Wearinig a short hairdo and a white gown, Mieko Kondo, newly chosen Miss Japan of 1954, poses in Tokyo. Mieko is looking forward to her trip to Long Beach, Calif., where she'll compete for the "Miss Universe" title.

Dieticians Are Needed

BOSTON (AP) — Keeping an eye on the calories may help you reduce your figure and expand your chances of getting a job. The Massachusetts Division of Employment Security reports that the need for dieticians in the greater Boston area is extreme and growing more so.

British Births Rising

LONDON (AP)— The British ministry of health says 682,007 babies were born last year, several thousand more than in any of the previous five years but still 198,992 below the post-war peak in 1947.

REGISTRATION NOTICE
for
GENERAL PRIMARY ELECTION
TUESDAY, AUGUST 3, 1954
To the Qualified Electors of
CITY OF PONTIAC, COUNTY OF OAKLAND, STATE OF MICHIGAN

Notice is hereby given that, in conformity with the "Michigan Election Law," I, the undersigned Clerk, will, upon any day, except Sunday and a legal holiday, the day of any regular or special election or primary election, receive for registration the name of any legal voter in said Township, City or Village not already registered who may apply to me personally for such registration. Provided, however, that I can receive no names for registration during the time intervening between the Thirtieth day before any regular, special or official primary election and the day of such election.

Notice is Hereby Given That I Will Be at My Office
TUESDAY, July 6, 1954—LAST DAY
The Thirtieth Day Preceding Said Election

As provided by Section 10, Chapter 1, Part 3 (a), Act No. 306, Public Acts of 1929, as amended by Act No. 291, Public Acts of 1945 and Act No. 108, Public Acts of 1951.

From 8 o'clock a.m. until 8 o'clock p.m. on said day for the purpose of reviewing the registration and registering such of the qualified electors in said Township, City or Village as shall properly apply therefor.

The name of no person but an actual resident of the precinct at the time of registration, and entitled under the constitution, if remaining such resident, to vote at the next election, shall be entered in the registration book.

ELECTOR UNABLE TO MAKE PERSONAL APPLICATION PROCEDURE

Sec. 16. Any elector who is unable to make personal application for registration because of physical disability or absence from the Township, City or Village in which his legal residence is located, may be registered prior to the close of registration before any election or primary election by securing from the Clerk of the Township, City or Village in which is located his legal residence, duplicate registration cards and executing in duplicate the registration affidavit before a notary public or other officer legally authorized to administer oaths and returning such registration cards to the Clerk of the Township, City or Village before the close of office hours on the last day of registration prior to any election or primary election. The notary public or other officer administering the oath shall sign his name on the line for the signature of the registration officer and designate his title.

UNREGISTERED PERSON NOT ENTITLED TO VOTE

Sec. 1. The inspectors of election at any election or primary election in this State, or in any District, County, Township, City or Village thereof, shall not receive the vote of any person whose name is not registered in the registration book of the precinct in which he offers to vote. (As provided under Act 108, P.A. 1951.)

TRANSFER OF REGISTRATION; APPLICATION, TIME

Sec. 19. Any registered elector may upon change of residence within the Township, City or Village cause his registration to be transferred to his new address by sending to the Clerk a signed request, stating his present address, the date he moved thereto and the address from which he was last registered, or by applying in person for a transfer. The Clerk shall strike through the last address, ward and precinct number and record the new address, ward and precinct number on the original and duplicate registration cards, and shall place the original registration card in proper precinct file. Such transfers shall not be made within the 30 days next preceding any election or primary election (unless such 30th day shall fall on a Saturday, Sunday or legal holiday, in which event registration shall be accepted during the next full working day), provided that no such transfer shall permit any person to vote in any Township, City or Village in which he had not resided (30) days next preceding any election or primary election.

TRANSFER OF REGISTRATION ON ELECTION DAY

Sec. 20. Any registered elector who has removed from one election precinct of a Township, City or Village to another election precinct of the same Township, City or Village shall have the right to make application to have his registration transferred on any election or primary election day by executing a request over his or her signature for such transfer and presenting the same to the election board in the precinct in which he is registered. Upon receiving such request the inspector of election in charge of the registration records shall compare the signature thereon with the signature upon the applicant's registration record and if the signatures correspond then the inspector shall certify such fact upon said request and the applicant for transfer shall then be permitted to vote in such precinct for that election only. The application for transfer shall be filed with the Township, City or Village Clerk, who shall transfer such voter's registration in accordance with the application. When the name of any street in a Township, City, or Village has been changed, it shall be the duty of the Township, City or Village Clerk to make the change to show the proper name of street in the registration records, and it shall not be necessary for the elector to change his registration with respect thereto in order to be eligible to vote. When the resident house numbers of any section of a Township, City or Village have been changed, such a change shall not affect the right of such voter to cast his vote. Corresponding change in the registration records may be made by the Clerk or upon election day upon proper showing.

ADA R. EVANS,
City Clerk.
