Hungarians Strike Against Kadar Government

Refugees Smile but Some Weep as Airlift Starts

200 Quit Russian Rule Today as U.S. Begins Dramatic Rescue

MUNICH, Germany (AP)—Two hundred fugitives from Communist oppression in Hungary took off today for new lives in the United States at the start of one of history's most spectacular airlifts.

The group was the first of 10,000 refugees to be flown before Christmas to the United States in giant C118 Air Force transports.

There were some tears but many more smiles as the fugitives, many of whom had never before left their homeland, departed across the ocean for a mysterious new land with little idea of what was in store for them.

Four planes took off today, carrying 50 women, 41 children and 109 men. They ranged in age from 6-month-old Johanna Toth to 57-year-old Etel Szabo.

The flight was to take 26 hours to MaGuire Air Force Base in New Jersey. Flying weather was reported good.

From MaGuire the refugees were taken to specially prepared Army barracks at nearby Camp Kilmer. Some hoped relatives, whom they had not seen or heard from in years, would help them find jobs. Others could trust only in a warm-hearted American response.

By the weekend, the schedule calls for 500 refugees to depart daily from the U.S. air base in Munich.

The military transports are operating from West Germany rather than Austria to avoid any Soviet complaint that Austrian neutrality is being violated. Some 125,000 refugees have crossed from Hungary into tiny Austria in little more than six weeks.

All told, 10,000 refugees are to fly to the United States in Operation Safe Haven by Dec. 22.

The United States has offered homes to 21,500 refugees. Only about 3,000 have been flown across the Atlantic

DELVE FOR BODIES — Workmen dig in a cave-in at Dexter, Mich., where two men died yesterday while laying sewer pipe. Killed in the mishap were Lou Hanselmann, 53, and Robert Meyers, 54. Another worker left the site minutes before to get more tile. The ditch is located seven miles west of Ann Arbor.

Search Planes Race Weather to Hunt Airliner

New Snow May Hide Canadian Craft Lost With 62 Aboard

VANCOUVER, B. C. (AP)—Search planes racing against time took up the hunt again this morning for a missing airliner with 62 persons.

Weather conditions which yesterday hampered the hunt for a four-engine Trans-Canada Airlines North Star remained far from good.

While the air over the southern British Columbia mountains, where the plane is believed to have gone down, was not expected to be as rough, the weather office here said the clouds should be thicker, obscuring the snow-covered mountain tops.

A forecaster said there "probably" was a new fall of snow overnight which could cover signs of wreckage. Rain was forecast for this afternoon and tonight.

The plane disappeared Sunday night after developing engine trouble near Hope, B. C., about 100 miles east of Vancouver.

Hopes that any of the 59 passengers and three crew members are still alive fade with each passing hour.

* * *

If by some chance any lived after the plane came down, their survival may depend on how soon help reaches them.

MAY BE HIDDEN

And if new snow fell then the wreckage might be hidden from sight and not found for weeks or months.

Treacherous winds gave search planes a rough time yesterday. Thick clouds and haze made it difficult for the searchers to scan the icy mountain slopes and valleys.

A TCA spokesman, asked whether there was any hope any of the 62 would be found alive, replied dejectedly that the poor flying conditions did not help their chances.

Search leaders said their "most promising lead" was a report of a "big blast" in the vicinity of 8,550-foot Mt. Silvertip.

The report came from nine persons who were at a ski lodge on the Hope-Princeton highway north of the mountain.

People at the lodge said they heard the blast Sunday night soon after the four-engine North Star, Canadian version of the American DC4, radioed it was returning to Vancouver with an inboard motor disabled.

Air search in the Hope, B. C., area yesterday was fruitless.

The plane had taken off from

SMITH FALCONER

Six Promotions Made by Bank

Pontiac State Names Falconer as Executive Vice President

Promotion of several members of Pontiac State Bank staff was announced this morning by Milo J. Cross, president. The changes were approved by the directors of the bank last night.

Smith Falconer, who has been a vice president, becomes executive vice president.

Two assistant cashiers, Sam S. Hale and Everett K. Garrison, were promoted to the rank of assistant vice presidents.

Named as assistant cashiers were Alice M. Kerns and Agnes W. Moore.

Harold H. Keith has been named branch manager of the Baldwin Avenue branch of the bank, scheduled for opening next month.

Falconer entered the banking business in Scotland in 1916. Later he served with banks in Canada, in Detroit and with the Michigan State Banking Commission. Following three years of military service he joined the Pontiac bank upon its organization in June of 1945.

Frigid Winds, Snow Flurries Blow Into Town

A frigid low of 11-15 degrees is predicted for tonight, as a cold wave with snow flurries is scheduled to sweep into the Pontiac area. Tomorrow's high will be 18-22.

The U.S. Weather Bureau in Detroit reports that southwesterly winds at 18-24 miles an hour today will shift to northwest tonight bringing cold air and high winds.

COLDER

In the snow-covered Midwest, cold wave conditions also have been indicated for Wisconsin, Iowa, Minnesota, Nebraska, the Dakotas, Montana and Wyoming.

A mixture of freezing rain and snow has been reported in the storm belt from South Dakota through Upper Michigan.

The lowest temperature recorded in Pontiac preceding 8 a.m. was 33.

At 2 p.m. the mercury registered 43.

Postpone Attempts to Recover Bodies

High winds have forced postponement of attempts to recover the bodies of a 34-year-old Royal Oak man and four others from a private plane that plunged into Lake Erie Saturday during a snow squall.

Salvage workers at Mohawk Bay called off the diving operations near Port Maitland, Ont. when a 20-mile-an-hour wind made the water too rough.

Killed in the crash were Wesley H. Hopp, 320 W. Sunnybrook Dr., Royal Oak, the pilot, Mr. and Mrs. Richard Kurtz, and Mr. and Mrs. Michael McFadden, all of Grosse Pointe.

Icy conditions are believed to have caused the engine trouble which Hopp reported shortly before it dropped into the waves enroute from Buffalo to Detroit.

Transportation Badly Crippled in Capital City

Thousands of Workers Leave Jobs to Protest Soviet Puppet Regime

BUDAPEST (AP)—Tens of thousands of Hungarian workers today launched a widespread protest strike in defiance of the Russian-imposed government of Premier Janos Kadar.

Transportation in Budapest was badly crippled, but the work stoppage did not appear to be 100 per cent effective.

Some business activity apparently was continuing under the pressure of guns of the Hungarian police and Soviet troops.

But many workers did not report to their factories or sat idle when they reached their posts.

The call to strike was 48 hours beginning last midnight was issued by the Budapest Central

Workers, Council to protest the "antipeoples, antiworkers activities" of the government.

It was not immediately known how effective the strike appeal had proved in the provinces, although there were reports that stoppages had started yesterday in some outlying towns.

The government again clamped down with a partial blackout on long distance telephone service outside the country.

The Kadar government replied to the general strike call with new repressive measure, including a decree of martial law, the arrests of some worker leaders and a decree dissolving the Central Workers' Council and its regional bodies.

Refugees crossing into Austria from Hungary said the strike appeared to be spreading over the country despite Kadar's martial law decree and possible Soviet reprisals.

Hungarians who left Budapest by train Monday said workers all long the route reported they had been alerted to the strike appeal.

Austrian railway workers returning from the Hungarian border station of Hegyeshalom reported that work in that town was at a complete standstill. The stationmaster

Gets Over Billion Credit

Britain Rides Out Storm

WASHINGTON (AP)—Great Britain has been extended credits of $1,300,000,000 by the International Monetary Fund to help her ride out a financial storm brought on primarily by the Middle East crisis.

The action was announced last night by the 60-nation fund created in 1947 to help nations caught in such situations to maintain stable currencies.

Of the credit advanced, $561,740,000 is designed to add to Britain's monetary reserves, which have sunk below the two-billion-dollar figure regarded by the London government as a minimum for safe financial dealings.

The additional $738,530,000 was made available upon request of the British government at any time within the next 12 months.

Britain will be charged from 2 to 3½ per cent interest on the credits, depending on when she repays the money advanced.

In anticipation of the action, the U.S. Treasury announced last Friday it would borrow a billion dollars on short-term bills next month.

Some of the U. S. subscription to the monetary fund is in the form of gold, and some is in the form of Treasury notes which bear no interest.

The granting of credit to Britain means that the fund will call on this country to provide dollars to match some of the notes. These dollars will then be placed at "the immediate disposal" of London to meet current bills.

Britain has been hard pressed in the wake of her joint invasion with France of the Suez Canal area in Egypt. In addition to the direct expense of that military venture, she faces for some time greatly increased outlays for oil as a result of the blocking of the canal and a diminished flow of petroleum from Midwestern fields.

London has asked the United States to waive nearly 82 million dollars in interest payments due Dec. 31. The Eisenhower administration has indicated it will pass this decision on to Congress.

The monetary fund advanced is not intended to be used to meet that obligation.

Oxford Man, 73, Killed in Crash

William Johnson Dies of Injuries in Headon Collision Yesterday

William M. Johnson, 73, of 9 Park St., Oxford, died late last night at Pontiac General Hospital after suffering head and chest injuries in an early evening headon collision at an Oxford intersection.

Donald O. Fletcher, 25, of 2740 Clarkston Rd., Lake Orion, driver of the other car, is under hospital treatment for a fractured right knee.

The collision occurred at the corner of South Washington and Mechanic Streets, when Johnson started to make a left turn in front of the oncoming car, according to Oxford police.

Witnesses told investigators both cars were driving at a moderate rate of speed when they crashed on the clear road. Police are planning no charges against Fletcher.

All Property of Refugees to Be Seized

VIENNA (AP)— The Hungarian government announced over Budapest radio today that property of all persons who have left Hungary since the start of the rebellion Oct. 23 will be seized by the state.

The action was announced as the government proceeded with all means, including the transporting of workers to their jobs in Russian army trucks, to smash a 48-hour general strike called by the Budapest Central Workers' Council.

More than 130,000 refugees, who have registered in Austria, presumably will be affected by the new government measure unless they return before March 31, 1957. This is the amnesty date previously set by the government for persons who have fled from Hungary.

Janitors in Hungary were ordered to report within three days the names of all persons who have left their homes. Authorities then will make an inventory of all property left there.

2 New Diphtheria Cases

DETROIT (INS) — Two new cases of diphtheria were reported in Detroit yesterday while 20 city health teams inoculated 5,841 children against the dread disease. In addition to the new cases, both children living in the critical infection area, six more carriers were discovered.

Deficit Budget OK'd by French Assembly

PARIS (AP) — Premier Guy Mollet's deficit budget for 1957 has been approved by six separate ballots in the French National Assembly.

In its final ballot last night, the Assembly approved 215-184 the record 4½-trillion-franc ($12,857,166,000) budget for metropolitan France. An additional 310 billion francs ($885,715,880) probably will be approved for Algeria and military operations against the nationalist rebellion in that North African area.

It is estimated that the total will mean a deficit of nearly 683 billion francs ($2,828,567,000).

The Socialist Premier made all six ballots votes of confidence in his government.

Is Elvis Slipping?

PHILADELPHIA (AP)—It can cost more to hate Elvis Presley than to love him here. A downtown stand sells "I hate Elvis" buttons for 15 cents. "I love Elvis" emblems cost only a dime. The vendor says he had to cut the price of the "love" buttons because they weren't selling.

Suspect, 65, a Veteran Swindler

'Friend' Fleeces Woman of $4,800 in Northville

FROM THE ASSOCIATED PRESS

A Northville drug store clerk is short $4,800 today, and a warrant has been issued for a 65-year-old woman who police say fleeced her.

Sought for questioning is Miss Yvonne Chauvin, charged with obtaining money under false pretenses from Mrs. Hazel Jennings, who befriended her after Miss Chauvin's arrival in Northville last spring.

State police detective Jack Wooley said Miss Chauvin was last seen in the Detroit area Nov. 28, when she bought two airplane tickets to Cleveland.

Police said Miss Chauvin had been convicted six times since 1934 on bad check or swindling charges. She was released from the Detroit House of Correction last April 23, after serving part of a 6-to-20-year term for writing bad checks.

Wooley said Miss Chauvin won the confidence of Mrs. Jennings by borrowing small sums of money, and repaying them promptly.

2 City Students Help Boost Girl to National Title

Two Pontiac students at Central Michigan College participated in naming an injured little Grand Rapids girl as "sweetheart" of their fraternity for 1956.

Jerry Gaultney, son of the Charles C. Gaultneys, 1130 Boston St. and Chuck Kreher, son of the Charles Krehers, 4727, Dixie Highway, Drayton Plains, members of Gamma Chapter of Sigma Phi Epsilon fraternity helped nominate 3½-year-old Peggy Cowan for the national title.

Peggy is scheduled to leave Blodgett Memorial Hospital tomorrow after recovering from severe burns suffered Oct. 13 when a paper lei she was wearing caught fire.

She is the daughter of Mr. and Mrs. Hugh R. Cowan, whose older daughter, Kay, is a Central Michigan sophomore.

The 65-man chapter heard of Peggy's accident through her sister and "adopted" the little girl. They donated five pints of blood for transfusions and two operations she required after suffering the burns.

Her grateful parents sent the chapter Peggy's photograph signed "Your Littlest Sweetheart." The chapter was affiliated last year with the national group and Peggy is the first "sweetheart" they have nominated.

Issue Plea for Safe Yule

The Pontiac Chamber of Commerce Safety Committee today issued its annual plea for highway safety during the Christmas season.

The two killers, Throttle and Bottle.

Our Pontiac Police Department records show that in December last year, there were 301 drivers involved in 161 city accidents. Two of our neighbors died; 66 were injured.

Drinking figured in 22 of the serious accidents, speeding in eight.

Again, Throttle and Bottle.

We have now passed the "Holiday Barrier." How many of your friends and relatives are going to be crippled or killed by a speeding, intoxicated, semi-conscious driver? Will you be the next victim? Or, will you be the next killer?

Municipal Judges Cecil McCallum and Maurice E. Finnegan again have endorsed the policy of cleaning the streets of drunk drivers this Christmas.

Judge McCallum made this suggestion for holiday parties, whether at the office or at home:

Enjoy yourself, but if you've had a drink too many, take a cab home. Or ride home with someone sober.

The Safety Committee recommends this rule.

Follow it, and keep the most sacred gift of all — Life.

Meeting to Study Fund Campaigns

City Group to Huddle Tomorrow on Methods to Coordinate Drives

The Pontiac Study Group is scheduled to meet tomorrow noon at the Waldron Hotel to launch an evaluation program of numerous drive campaigns amounting to $13 million in Pontiac.

The Pontiac Area Chamber of Commerce appointed the nine-member committee last week to make recommendations on how the programs could be carried out without destroying the effectiveness of any.

"Principally, we will meet to determine the objective of the organization and see what can be accomplished for the capital improvement of Pontiac," John W. Hirlinger, manager of the Chamber, explained this morning.

Campaigns to be studied include: Pontiac General Hospital ($1 million); St. Joseph Mercy Hospital ($6½ million); Civic Auditorium ($4½ million); and YMCA, YWCA and Boys' Club ($1 million).

Members of the committee are: Hirlinger, Frank S. Lyndall, Semon E. Knudsen, Fred V. Haggard, Alfred C. Girard, Philip J. Monaghan, Dr. William H. Marbach, Mrs. Forrest Brown, and Harold A. Fitzgerald.

USO 'Military Ball' Set for Wednesday

The men and officers stationed at the Nike antiaircraft bases at Auburn Heights, Commerce Township, and Utica will be the honored guests tomorrow night at the "Military Ball," being sponsored by the Pontiac USO Committee.

The dance will be held at the West Acres Country Club from 8:30 until 12:30.

Part of the dance will include a farewell salute to Major Harold E. Strong, who will soon leave his post as commander of Delta Battery, 516th AAA Missile Battalion, at Auburn Heights.

Girls attending the dance will be from the USO Hostess Corps, which cooperates to provide monthly dances at the Army bases.

Area Youth Injured as Wall Caves In

A White Lake Township youth was seriously injured yesterday afternoon when the wall of basement of a burned out store he and a friend were cleaning collapsed on him.

Willard E. Sasser, 17, of 6516 Cooley Lake Rd., was rushed to Pontiac General Hospital following the incident at the former Lakeside Grocery in Oxbow Lake.

He was reported in "fair" condition today with a concussion, multiple cuts, a fractured pelvis, and internal injuries.

Investigating Oakland County Sheriff's deputies said the boy was covered with cement blocks when the wall gave way. His companion quickly got him free and contacted police.

Leggett School Sets First Yule Program

On Thursday, students of the Liza Leggett elementary school in Waterford Township will present their first Christmas program beginning at 7:30 p.m.

The kindergarden will open the program with two familiar songs, then the first, second and third grades will present a pageant, "The Night Before Christmas."

During the second part of the program, the fourth, fifth and sixth grades will present "The Nativity Scene."

The two narrators for the Christmas plays, will be Carol and Brennan Petar.

Value of meat by-products is from 5 to 6 per cent of the wholesale value of the fresh meat.

COLOMBIERE COLLEGE FOR JESUITS — Construction will be started soon on Colombiere College, a novitiate for Jesuit seminarians, of the Detroit province. It will rise on a 330 acre site on Big Lake road and extend through to Foster road, west of U. S.-10 near Clarkston. The principal structure will be four stories high, but because of the uneven terrain, five levels are included in the architectural plans. The third floor will serve as the main level, affording entrance to the chapel, refectory and central lobby. The architects are Diehl & Diehl and their associates, V. H. Sidnam and E. N. Hewitt.

Yule Concerts Starting Today in Bloomfield

BLOOMFIELD HILLS — Vocal and instrumental groups of the Bloomfield High School will present a Christmas Concert entitled "Notes of Holiday Cheer" for the PTO at 8:30 p.m. at the school gym Thursday.

* * *

Joining for the hour and a quarter of Yuletide music will be the band, mixed choir and "Jills."

On Dec. 18, the high school choir will present a children's program at Maybury Sanitarium.

Other school programs in the Hills school district include today's program at Vaughan School with fifth grades and sixth presenting a 1:30 p.m. program, "This Is Christmas."

Tomorrow at 1:30 p.m., Vaughan's third and fourth grades will present "Christmas Around the World," and on Thursday at the same hour, first and second graders will give, "The Colors of Christmas."

Wing Lake School has set a Carol Sing for Monday, with the whole school taking part.

Eastover School's parents are invited to see an original Christmas story enacted with stage setting, music, drama and rhythm, next Tuesday at 1 p.m.

Deadline for Strike Near at Fisher Body

Management and union officials of the Fisher Body Division plant were working today to beat a 5 p.m. strike deadline as the result of alleged grievances Fisher Local 596 has lodged against the plant.

* * *

A spokesman for Fisher Body Division in Detroit said representatives of both were in session again today. The bargaining talks began Friday.

Workers voted Nov. 14 to strike the plant because of reported faster production schedules and "unsuitable working conditions."

* * *

Harold A. Grant, president of the Local 596 UAW, said last week if the grievances aren't settled by deadline, workers will strike the plant.

Students to Stage Play

Pupils and teachers of the Waterford Center School will present a story-play, "Why The Chimes Rang," at 8 p.m. Thursday, at the Waterford Township High School.

Waterford Seeks Land for Play Center

The Waterford Township Board is negotiating for a strip of land between Pontiac Lake road and Elizabeth Lake road known as the old CCC Camp, it was revealed at a township board meeting last night.

* * *

The land will be developed into a recreation center for small children of the neighborhood as soon as the conservation department receives a certified resolution from the board.

Board members voted that any person seeking refunds on building permits in the future will be charged $1.50 for work entailed in bookkeeping administration.

* * *

Police Chief Frank Van Atta's recommendation to install street lights at various spots in Waterford Township were unanimously accepted by the board.

New installations will be on Crescent Lake road at the following intersections: Hatchery road, Pontiac Lake road, and three lights at Elizabeth Lake road.

More lights will be installed on Clintonville road at Lake Angelus; Hatchery at Frembes, and Watkins Lake road at Covert.

* * *

Waterford Township offices will be closed Dec. 24 and Jan. 31 due to holidays. However, the regular meetings of the board will be held Wednesday, Dec. 26 and Jan. 2 at 1 p.m.

Poles Flare Up Against Russia

Stettin Demonstrations Seen as Planned Protest at Events in Hungary

WARSAW (AP)—A wild anti-Russian demonstration was reported today from the big Polish port city of Stettin. Demonstrators marched on the Soviet consulate, smashed windows and tried to break in.

Communist authorities finally called in troops and "workers' militia"—club - wielding strong-arm men—to disperse the crowd.

Official reports blamed the outburst on "drunken hooligans." But reliable sources in Stettin said it was the outcome of a planned demonstration by students and young factory workers against events in Hungary.

* * *

The demonstration started early last night and continued until midnight. Government papers reported several policemen were beaten up and an undisclosed number of demonstrators arrested.

* * *

Stettin, on the Oder River estuary 80 miles northeast of Berlin, was the major port of German Pomerania until Poland seized it after World War II. It reportedly was the scene of shooting—still unconfirmed—between Polish and Soviet troops during Poland's "October revolution" which culminated in Moscow's grant of considerable independence to the government of nationalist Communist Wladyslaw Gomulka.

* * *

The demonstration appeared certain to heighten the readiness of Polish authorities to deal with any action which might be thought likely to arouse Soviet suspicions.

MRS. RUTH PARSHALL

Polio Foundation Director Resigns

Mrs. Ruth Parshall, who has served as executive secretary of the Oakland County chapter of the National Foundation for Infantile Paralysis, has announced her resignation effective as soon as her replacement can be trained.

More time for her family and personal affairs were the reasons given by Mrs. Parshall for her resignation. She will leave soon to spend the winter with relatives in California.

To replace Mrs. Parshall will be Rosalind Wildgen, who has been secretary and office assistant to Dr. Joseph W. Christie for several years.

The Rev. G. Burton Hodgson, chapter chairman, speaking of Mrs. Parshall's resignation, says: "She has done an excellent job of patient care and has built up a fine countywide organization for fund raising through the March of Dimes.

HOSPITALS IN DANGER

A government broadcast said Budapest hospitals have only a four-day supply of coal on hand and numerous hospitals in the country have only what they "can scrounge." It said 10,000 hospital patients were endangered.

Refugees reported that the reorganized security police under the Kadar government were carrying out mass arrests of workers' council members, despite protests and spontaneous strikes by workers in factories where the raids were made.

Washington reports a U. S. protest to Hungary against a new cutoff of communications with the American legation at Budapest has brought a reply that things should be back to normal today.

India and her three closest Asian allies pressed a new proposal today in the United Nations to get Russian troops out of Hungary by sending U.N. Secretary General Dag Hammarskjold to negotiate with the Kremlin.

Meeting to Discuss State Park Needs

Pontiac's community leaders will meet at the Elks Lodge tomorrow night to discuss the needs of Michigan state parks. Sponsored by the Automobile Club of Michigan, the meeting is one of a series being conducted throughout the state.

The Auto Club has charged that the state parks are run down and inadequate, and it is conducting a public-service campaign to improve and expand them. The needs of Dodge State Park No. 4 will be specifically discussed at the meeting.

John Weiler, Dodge State Park manager, will contribute remarks on the particular conditions and needs of his area.

Auto Club Pontiac division manager, Arthur Bogue, and Michigan Department of Conservation officials will deliver talks on the subject. A movie entitled "The State of Our Parks" will be shown. Filmed this summer, the movie points up present park conditions.

State Pedestrian Killed

SNYDERVILLE (AP) — John Armstrong, 67, of Richmond was fatally injured last night when struck by a car while walking on U.S. 25 southwest of Port Huron. The driver of the car, John Hardiewich, 62, of Roseville, was not held.

To Increase Hospital Board

The Pontiac City Commission will take steps toward increasing the membership of the Pontiac General Hospital Board of Trustees and the Police Trial Board when they convene tonight to act on a 19-point agenda.

The latter, which will add two members, is the result of action taken by Pontiac voters Nov. 6 when they approved a City Charter amendment bringing the board's membership to seven.

* * *

The hospital body will see the addition of four new members which was a recommendation from the present seven members prompted by a survey made on the management of the city hospital.

Two new city ordinances will be up for possible adoption at tonight's session. One will regulate and license the storage and use of bottled petroleum gases in the city, while the second defines certain public nuisances and methods of abatement.

A communication from the U. S. Army Corps of Engineers regarding the leasing of five acres on Orchard Lake avenue for construction of a new reserve training center, will be aired at the meeting.

Commissioners will vote on a governing rule change which will allow any commissioner voting on the majority side of a question to move for its reconsideration.

The Pontiac Township Business Mens' Assn. has submitted a letter asking for consideration of attachment to the city's sanitary sewer system.

An extension to a present agreement between Pontiac and Waterford Township for sewer service will receive the attention of the city's governing body.

CITY HALL HOURS

A resolution authorizing the closing of the City Hall at noon on Dec. 24 and 31 is scheduled for approval.

A public hearing will be held on the City Planning Commission's recommendation of rezoning to Commercial 2 Lots 100 and 101 in Homestead Park Subdivision.

Adoption of an ordinance legalizing it is expected to follow.

The plan group has recommended the rezoning to Commercial 1 of three lots in the Ball Park Subdivision. Commissioners are slated to ask for the drafting of an ordinance to allow the change.

Elks Lodge No. 810 has requested permission from the city fathers to permit bowling on Sunday before noon during the Michigan Elks Bowling Tournament, Jan. 18 through March 30.

The planned construction of new homes on Richton street by Victor Adler will be studied at the weekly session expected to be called to order at 8.

Service for Mrs. Paul Cassidy, 56, of 37 Close St. will be at 1:30 p.m. Thursday from the Huntoon Funeral Home with burial in White Chapel Memorial Cemetery. Mrs. Erma Havens of the Clintonville Church of the Nazarene will officiate.

Mrs. Cassidy died yesterday morning in Pontiac General Hospital after a brief illness.

Mrs. DeMotte Gilbo

Mrs. DeMotte (Charlotte M.) Gilbo, 80, died suddenly this morning at her home, 943 Fremont Ave.

She was born near Goodison on Feb. 3, 1876 to Enos S. and Amy M. Summers Whitcomb. Mrs. Gilbo attended school in Goodison and Pontiac. In 1927 she came here from Detroit.

Both Mrs. Gilbo and her late husband played the piano and organ for programs in Pontiac and Oakland County.

She is survived by two children, Miss Marian M. Gilbo of Pontiac and DeMotte W. Gilbo of Birmingham; one grandson; three sisters, Mrs. George Hogle of Pontiac, Mrs. Charles E. Bird of Crescent Lake and Mrs. Frank Swartz of Detroit.

Arrangements will be announced later by Farmer-Snover Funeral Home.

Mrs. Bert Hollaway

Word has been received of the death of Mrs. Bert (Lydia) Hollaway of Orlando, Fla. A former resident of Pontiac, she died yesterday in Florida.

Besides her husband, she leaves three sons, Stuart M. Parkhill, Harry Parkhill and William Parkhill, all of Detroit.

Service will be at 2 p.m. Friday from the Wilkie Funeral Home, 11583 W. Outer Dr., Detroit. Burial will follow in Parkview Memorial Cemetery.

Mrs. James Stubbs

Mrs. James (Lena) Stubbs, 65, of 366 Wesson St. died Sunday after a prolonged illness.

She was born on Feb. 22, 1891 in Elizabethton, Tenn. to Green and Agnes Duffield Susong. The Stubbs were married in Tennessee in 1917.

Mrs. Stubbs came here six years ago from Brookland, N.Y. where she was a member of the Concord Baptist Church.

Service will be at 3 p.m. Wednesday from New Bethel Baptist Church with the Rev. William H. Bell officiating. Burial will be in Oak Hill Cemetery. Friends may call at the William F. Davis Funeral Home after 3:30 this afternoon.

Planes Race Snow in Hunt for Airliner

(Continued From Page One)

Vancouver for Calgary and points east about an hour before the pilot, Capt. Allan Clark, 35, Montreal, reported the inboard motor on the left side had failed near Hope and he was turning back to Vancouver, some 100 miles away.

RCAF Squadron Leader G. L. Sheahan, in charge of the search, said it will be necessary to get into the area where the reported "blast" occurred before it snows again and added: "If we don't, we're beat."

Helpless as Mate Dies

IRON RIVER (AP)—Unable to summon help, Mrs. Marie Olson, 78, an invalid, lay helpless for 12 hours after watching her husband, seized by a heart attack, die in his chair at their farm home 10 miles west of Iron River. Mrs. Olson said her husband, Nels, also 78, was discovered by a son, Monday, from a neighboring farm.

The Day in Birmingham

Walker Well Purchase Waits Border Discussion

BIRMINGHAM — City Commissioners tabled action on the purchase agreement of the Walker well last night.

Mayor James Allen was asked to arrange a meeting with the city of Troy to enable the two municipalities to discuss mutual borderline problems and final well purchase agreements.

Robert S. Kenning, assistant city manager, has been named permanent representative for the city of Birmingham on the South Oakland transportation committee.

He replaces Clarence Vliet who has served since 1949.

Commissioners approved a resolution asking that the three radio frequencies for the city's two way radio system be placed on one band.

They have approved requests for the leasing of residences on City Parking Lot Site No. 4.

Occupants may continue until Feb. 1, 1957 or until such time as the city needs to begin demolishing for lot construction.

The request of the First Church of Christ Scientist to enlarge their building has been approved.

A slight drop in building permits was noticed in the month of November, when 36 were issued for a total evaluation of $167,744.

This includes two new business buildings, at an estimated $22,280 and alterations to two business buildings at $16,200; four new single family residences at an evaluation of $80,600; 13 single family alterations to total $34,864.

"Hansel and Gretel," the operetta by Humperdinck, will be presented by the Junior Choir of the Church of the Ascension, Lutheran, at 7:30 p.m. Friday in the church social hall.

Direction is by Mrs. Norman Krupp, with scenery constructed by Paul Shay featuring the gingerbread house and trees. Lighting is by Charles Hilgendorf and costumes by children's mothers guided by Mrs. Clara Shay, the choir mother.

A party for the children and their guests will follow the presentation. Hansel and Gretel's parts are being taken by Eric Pedersen and Christine Marcks.

Raymond T. Perring, Bloomfield Hills resident and president of the Detroit Bank and Trust Company, was speaker last night at the High Twelve meeting at the Community house.

Oakland Boosts Diphtheria Shots

Push County Program to Immunize Most School Children

Approximately 7,400 diphtheria immunization shots were given last week by the Oakland County Health Department in an effort to up immunity levels in county areas.

An outbreak of diphtheria in Detroit has prompted the protective measures of the county health agency even though only one case of the disease has been reported in Oakland County this year.

The units of the health department throughout the county have added extra clinics to immunize those who have been unable to make arrangements through their family doctors, said Dr. John D. Monroe, health director.

Evelyn Kidneigh, director of nurses for the county health department, said that immunity levels are high in the schools in the north portion of the county, as the department immunized students in the schools in 1954.

Low immunity levels in some of the south Oakland County schools will be checked after the first of the year, Miss Kidneigh said. The department gave diphtheria and small pox shots to 1,700 children in Carver School in Royal Oak last week.

Letters to parents of kindergartners through fifth graders in the county have been sent by the health department urging them to check their children's immunity status.

Clinics where immunization shots are available will be held from 9 to 11 a. m. Tuesdays and 1:30 to 3:30 p.m. Thursdays at the North Oakland office, 1070 N. Telegraph Rd. A clinic from 1 to 3 p. m. Wednesday will be open at the City Hall on Parke street in Pontiac. The South Oakland Health Center, 2401 W. Fourth St., Royal Oak, will have clinics from 1 to 3 p. m. Tuesdays and Thursdays.

Wyatt Children Custody Postponed Until Dec. 18

A Juvenile Court hearing on the custody of the 12 William Wyatt children of Keego Harbor has been postponed until Dec. 18, according to Probate Judge Arthur E. Moore.

Mrs. Ada Wyatt, 33, yesterday was sentenced to 3½ to 4 years in the Detroit House of Correction for burning the hand of one of the children, seven - year - old Sherry Wilkinson.

Police Lose Trail of Flint Jailbreakers

FLINT (AP) — The search for two fugitives from the Flint jail continued today, but police admitted their last good lead died last night with the arrest of two juveniles for car theft.

The two youths were arrested last night driving a car taken the night before from Yale, 50 miles east of Flint. This was directly across the street from where a car, stolen in Flint had been abandoned.

Police had believed at first that the car had been used by Parke Van Camp and William Long after they fled the Genesee County Jail Sunday night.

Van Camp, facing trial on first degree murder charges, and Long, awaiting trial for auto theft, parole violation and attempted jail breaking are still at large.

Diminished Relief Rolls Cut Cost of Public Aid

LANSIN (AP) — Vocational rehabilitation of persons on relief saved the state more than half a million dollars in one year's time, the office of vocational re habilitation said today.

In the fiscal year ending June 30, the office said, 528 persons on relief rolls were rehabilitated and returned to work.

The annual cost of public aid for these people had been $625,000. After rehabilitation only 56 still needed some assistance.

The office computed the savings in tax dollars at $565,000. It said the rehabilitated workers are now bringing home pay checks totaling $1,199,000 annually.

An average adult man eats 1,625 pounds of food a year.

Education Leader Dies

DETROIT (AP) — Frank Woodman, 56, of Detroit, died of a heart attack Monday night as he was being driven home from a banquet marking his retirement Education.

Also Reduces Maximum for Workers in Atom Industry

Group Sets National Limit for Exposure to Radiation

By FRANK CAREY

WASHINGTON (AP) — Recommendations for what would be the first radiation exposure limits ever set up for the population as a whole have been drafted by a quasiofficial watchdog committee.

The same group, the National Committee on Radiation Protection, has also drafted recommendations for what would amount to new and sharply reduced limits on radiation exposure for the nation's half million workers in atomic and similar plants.

This was reported by Dr. Lauriston S. Taylor, chairman of the committee and a National Bureau of Standards scientist, in a report prepared for delivery later this week to a meeting of the American Nuclear Society. He amplified in an interview.

Taylor said the intent of both actions is to assure that exposure to radiation from all sources — products of atomic energy plants, and medical and dental uses of X-rays — does not go beyond a point of "acceptable risk" from the genetic or hereditary standpoint.

* * *

The committee he heads is sponsored by the Bureau of Standards. It is made up of representatives of the Atomic Energy Commission, the Public Health Service, American Medical Assn. and other professional and industry groups. It has no regulatory power but its recommendations in the past have been widely followed.

The unit by which radiation is measured is the roengen. Taylor said the new recommendations are:

1. For the population as a whole —a limitation of 10 million roengens of man-made radiation — delivered to the reproductive organs—for every one million persons in the population from conception up to age 30.

That would mean an average limit of 10 per person. But Taylor stressed that individuals who might receive an amount in excess of that would not necessarily be exposed to any "significant" genetic hazard moreover, he said, not all radiation received by the body necessarily goes to the reproductive system — for example, in an X-ray examination of the teeth, less than one thousandth of the radiation used reaches the reproductive organs.

He added that the dose delivered to the reproductive organs may range from none at all for a few types of radiation exposure to virtually 100 per cent for some other types.

2. For workers in atomic and other radiation-producing plants —a formula under which at no age would the total accumulated radiation dose to the reproductive organs be allowed to exceed the person's age, minus 18 multiplied by 5. Age 18 is the minimum for starting work in such plants. Under the formula, for example, a worker would be allowed no more than 60 roentgens up to age 30.

The present exposure limit for radiation workers is three-tenths of a roentgen per week, which comes to 15 per year.

The new formula works at an average of 5 roentgens per year for an individual. However, 15 roentgens would be permissible in one particular year if the worker had built up a reserve by not using all his allowance in previous years.

Taylor said that while in general the risk to radiation workers is slightly higher than the risk to the public at large, it is an occupational hazard comparable to that in many nonradiation industries.

Taylor told a reporter, "There is reason to believe that the new recommendations will be incorporated into safety regulations of the AEC, individual states and industries, and that any changes or limitations of operations deemed necessary to keep exposure of the population as a whole within the limits recommended will be made."

Taylor said his committee believes that "reasonable testing of atomic weapons—that is, at the present rate of testing—could continue indefinitely" without exceeding the radiation limit recommended for the population as a whole.

Driver Improvement Offices Are Moved

LANSING (AP)—Secretary of State James M. Hare's office says the Detroit office of the Driver Improvement Section has been transferred to the old county building.

The transfer puts the office in the same building with the traffic court, Hare says the move was made to achieve closer cooperation between the court and license examiners.

To Seal Jackson With Steel Fence

JACKSON (AP) — Inmates of the world's largest walled prison will soon be further sealed off from the outside by a mile and one-eighth of steel fencing.

The 10-foot fence is scheduled to be completed early next year at Southern Michigan State Prison under new security orders. It is designed to keep non-prisoners up to 500 feet away from buildings which house 5,913 convicts.

"This is the only prison in the United States where just anyone can walk up to the walls," said Warden William H. Bannan. "You never know when they might cause trouble."

Bannan said the fence should also discourage walkaways at night from the trusty cell blocks. Fifty-six convicts have escaped this year. Thirty-eight have been recaptured.

The exciting Ford Fairlane 500 Club Victoria (above)—over 17 feet long—is one of *two* new, bigger Ford sizes this year.

If you think it looks new... wait till you drive it!

... For there's where Ford's newness really pays off
... in melting mountains... in smoothing the bumps
... in straightening the curves

You can *see* that Ford's longer, lower Sculptured Look makes other cars look downright old-fashioned. But the part you can't see—the new "Inner Ford"—is what shows its stuff when you *drive* a Ford. It's completely revolutionary from the wheels up! And it *feels* it.

Ford's remarkable new, wider frame lets you sit sweet and low. It lets Ford hug the roads because of its lower center of gravity. And Ford's new front suspension, rear springs and new easy handling are part of the scheme to make you think every road is cloud-smooth.

The magic touch of the new Ford power plants makes mountains disappear. What *looks* like uphill *feels* like downhill. You get this surging power in a wide choice of new Silver Anniversary V-8 engines. Or you can choose Ford's new, more economical Mileage Maker Six, the most powerful Six ever offered in the low-price field.

There's magic in Ford's price tag, too! You won't believe this big new Ford is still priced Ford-low. But it is. Come in and test the magic of the new kind of Ford. It's a real "Wizard of Ah-h-h-h's!"

Praise in Order for U.S. Athletes

Close of the Olympic Games in Melbourne Saturday found Russian athletes holding the unofficial team championship with 722 points as against 593 won by the United States. Russian men and women took home 37 gold medals while we won 32.

★ ★ ★

While athletes of other nations turned in some stellar performances, helping to establish their share of some 40 new world and Olympic records, the team championship rested between the two leaders. The host country, Australia, finished third with 278 points.

★ ★ ★

Our failure to lead the Russians is not so disappointing as it might at first appear when the results are studied.

In track and field events, which America looks upon as the backbone of such competition, we showed marked superiority. In these events we took 16 gold medals, bettering our record of the 1952 games.

For the games as a whole, Russia showed better balance than did the United States. Her athletes excelled in such things as gymnastics, wrestling and other sports which America has always looked upon as secondary activities here.

★ ★ ★

Russia won 20 gold medals in gymnastics, wrestling, shooting and the modern pentathlon alone, events in which we were shut out.

It is hoped the United States may be stronger in sports in which we had little weight this year when the next Olympiad is held at Rome in 1960.

But there need be no apology for the showing of our athletes at Melbourne. They were worthy representatives of our Nation in this greatest of worldwide sports events.

Herter's Appointment

President Eisenhower has made a splendid choice in Gov. Christian A. Herter for Undersecretary of State to replace Herbert Hoover Jr. who wishes to return to his private career as a mining and oil engineer.

★ ★ ★

Governor Herter, a 1915 cum laude graduate of Harvard University, has had wide experience in the service of his country. He was in the State Department from 1917 to 1919 and was assistant commissioner and secretary of a diplomatic mission to draw up a prisoner-of-war agreement with Germany. In 1920 he was executive secretary of the European Relief Council and later was a personal assistant to Secretary of Commerce Hoover.

★ ★ ★

For 12 years Governor Herter was a member of the Massachusetts State House of Representatives, serving as speaker the last four. In 1943 he was elected to the 78th Congress and served until 1953. As a member of the Foreign Affairs Committee on Foreign Aid which reported on economic conditions in Europe, he helped to lay the groundwork for the Marshall Plan.

Massachusetts Republican leaders drafted him in 1952 for governor and he won. Again in 1954 he was elected by an even wider margin. On February 9 of this year, he announced he would not seek another term.

★ ★ ★

The Governor's main interest has been in the field of foreign policy and most of his recent speeches emphasize the importance of economic aid. As one of the original supporters of Mr. Eisenhower's campaign for the Presidency and as a staunch supporter of Administration policies, Governor Herter will be a distinguished addition to our State Department.

Virgin Islands Park 29th in Our System

Our 29th national park has just been dedicated "for the benefit and enjoyment of all the people for all times" by Secretary of the Interior Seaton.

★ ★ ★

It's on the Island of St. John, Virgin Islands, and at present consists of 9,500 acres. Over 5,000 of these acres have been donated through the generosity of Laurance Rockefeller and the Jackson Hole Preserve, a Rockefeller-sponsored conservation organization.

Several other of our national parks exist today because like minded men have been interested in preserving beautiful areas. The new park covers most of the subtropical island and has plant life and scenery totally different from anything in continental United States.

★ ★ ★

This addition to our magnificent park system seems far away. But with the rapid growth of air transportation, it won't be long before many Americans will be studying and enjoying this unique recreation area.

The Man About Town

A Good Formula

Founded on the Bible, It Works Well in Cases Here

Lopse Brake: What doesn't go good with a tight driver.

From my old friend at 581 Arcadia Ave.

Edward D. Stephens

comes an interesting explanation as to why

Harry O. Whitfield

of 53 Seminole St., and himself have lived to their present ages. Mr. Whitfield today is celebrating his 87th birthday, and Mr. Stephens is in his 82nd year.

The letter says: "We both prove a formula for longevity which is Biblical in origin and covers every condition of life. It advises moderation in all things. This includes worry, man's number one enemy, which is responsible for most murders, suicides and divorces. It also has helped pack the mental and penal institutions. It must be that Harry has followed most of these rules. I have tried to follow them, and have benefited all my life."

Don't forget that birthday or Christmas card you are to send to Oakland County's oldest resident,

Mrs. Eliza Beaumont Taylor,

who will be 107 years of age next Sunday. Her post office address is Highland, Michigan.

The national publication covering that line of sport,

The Football News,

conducts a contest on games, running along the elimination process, which its management tells me was borrowed from The Pontiac Press.

Regarding the exact date when Oakland County was visited by

Carrie Nation,

the hatchet swinging anti-saloon crusader, we have had many answers. They include that of

Mrs. Kirby Milleur

of Drayton Plains, who saw her and

James C. Covert

of 2209 Scott Lake Road, whose father was conducting a barber shop at Holly when she visited there on Aug. 29, 1908, and Jim has a picture of her taken there at that time, when

Governor Fred M. Warner

also was an attraction.

After causing the family considerable worry by his absence of several days the family dog of

Mr. and Mrs. Eber Waltham

of Waterford returned home with a live muskrat it had adopted.

David Lawrence Says:

Injunctions Menace Labor Unions

WASHINGTON — American labor unions may not realize it yet, but they have just been confronted with a new menace to their tactics in strikes. Any federal judge now apparently may issue an injunction and then order the arrest of anybody interfering with the right of a citizen to enter or leave a factory. Even so-called "peaceful picketing" may be banned hereafter by the action of a single federal judge in a community, acting under a broad injunction.

This means that in such a contingency anyone overturning an automobile or engaging in physical combat with a worker at the factory gates in the future could be hauled before a federal judge, deprived of a jury trial, and sentenced to jail.

No law of Congress has authorized this, of course, and labor union leaders have argued that the Norris-La Guardia Act was passed in 1932 to prevent just such use of the injunctive power. But now, after the definition given by a federal judge in Tennessee as to what constitutes "interference" with a court order, the Norris-La Guardia Act can be held not to apply in cases of violence or threatened violence. Judge-made law, instead of Congress-made law, has reached a climax unprecedented in recent history.

This strange turn of events, which deprives a citizen of a jury trial for what has always been a state offense, sounds more like modern "federalism" than "modern Republicanism." It has come about through the order of a federal judge in Tennessee, aided and abetted by the Department of Justice in Washington.

OUTSIDE DISORDERS

When the other day the school board in Clinton, Tenn., complained that, while it was conforming to the federal court order forbidding segregation, there were disorders in the community outside the school building, the Department of Justice instructed its U.S. attorney in Knoxville, Tenn., to present evidence to the court, alleging that the court's injunction was being interfered with.

Sixteen citizens were ordered brought to court for a hearing on whether or not they were wilfully interferring with the federal court's injunction. One of the counts charged was that some of the 16 persons attended a citizens' council meeting which expressed itself against "integration" in the schools.

One citizen who distributed inflammatory literature inside the courtroom when the hearing was held was, of course, within the jurisdiction of the court and subject to punishment.

But the action of most of the citizens arrested had not interfered with the school board's recent compliance with the court order. The school board, in fact, had announced that the schools were open to students of all races. The disorders that did occur later were between citizens who wanted to send their children to mixed schools and citizens who tried to prevent them from doing so.

Anyone accused of this would normally be charged with a state offense. The Supreme Court in the 1954 decision did not give the federal government the power to enforce school attendance, or to punish individuals engaged in disorders in and around the school buildings or anywhere else in the community. It did give the school boards themselves the protection of the court with respect to their own acts of compliance.

The department of justice, on the other hand, has taken the position that it must go along with the judge's broad injunction power and arrest anyone who "interferes" in any way with the integration process.

As for labor unions, they now are at the mercy of the federal judiciary, notwithstanding their long-held faith that the Congress has forbidden the use of injunctions in labor disputes. It could be argued now, however, that the Norris-La Guardia Act does not cover disputes between workers and non-workers.

This could mean that, to assure the "right to work," all that is necessary now is to get a federal judge to issue an injunction forbidding anyone to "interfere" with the ingress or egress of a worker at a factory gate or to threaten such a worker with any form of punishment. No trial by jury is necessary. The judge could put anyone in jail if the injunction is disobeyed.

LI'L ONES

"Gee whiz, Pop — wish you'd wake mom to ride you to the station."

Dr. William Brady Says:

Basal Temperature Exam Good as Machine Test

"Here's my stamped, self-addressed envelope," writes a Portland, Ore., woman. "Please send me the pamphlet "The Iodin Ration."

Nothing newsworthy in that. In parts of Oregon the soil, drinking water, and home-grown food is as poor in iodin as in parts of the Great Lakes basin, so that every man, woman and child living there needs a suitable daily ration of iodin to maintain, let us say, "pep" and prevent manifestations of nutritional deficiency disease.

The writer goes on:

"About five years ago I had a basal metabolism test and came out minus 17. I thought that was just marvelous, to be hooked up to a machine and come out a number.

"When I first read your nasty little column about the "trick specialists and 'clinic' racketeers" who use such machines, I was fighting mad. Perhaps you didn't spell it out, but you certainly implied that these machine medics use the metabolism gadget in lieu of or to cover up their lack of diagnostic skill.

'SAW THE LIGHT'

"Then a year or two later I began to see the light. So now I'm brain-washed completely—it does seem silly to try to diagnose by machine. You have convinced me.

"Incidentally I don't get "colds" from being in a draft or getting my feet wet or going out with insufficient clothing.

"So you see, these fighting words you write in your column do sink in, after all.

"We now live in Milwaukee where we are happy to find you have not "turned up your toes" or even retired from the health column 'racket'."

Even if you had remained in Oregon, Ma'am, better metabolism produced by increased iodine intake might well have made you more alert, so that you would have been less easily deceived about my "retirement" or "demise."

RAPS MACHINE

Yes, indeed, I say, for the steenteenth time, without competent contradiction, that the basal metabolism machine, which enables the trick specialist to take at least $25 extra from the credulous customer, should be put back in the physiology laboratory whence it came.

There is undeniable evidence, which I have cited here in earlier harangues, that the basal temperature test, which costs virtually nothing (though it is not so impressive to the naive) gives at least as much information as the basal metabolism test does.

If there is any inaccuracy in what I say about this particular flimflammery for which you poor souls squander good money, why doesn't some physician of standing at least contradict my statements?

Openly or publicly, I mean—not just in the doctors' lounge at the hospital or in the safe privacy of the consulting-room.

Signed letters, not more than one page or 100 words long pertaining to personal health and hygiene, not to disease, diagnosis, or treatment, will be answered by Dr. William Brady, if a stamped self-addressed envelope is sent to The Pontiac Press, Pontiac, Michigan.

Urges Health Department to Remain Open Longer

Letters will be condensed when necessary because of lack of space. Full name, address and telephone number of the writer must accompany letters but these will not be published if the writer so requests unless the letter is critical in its nature.

Why doesn't the health department stay open later in the afternoon and also Saturday morning so school children could get their shots that they need? If they charged even a dollar, people would be glad to pay it and that would take care of any extra hours of nurses' pay.

If that can't be arranged, why can't the school visiting nurse give shots at the schools? It costs a fortune to keep up with everything at the doctor's.

A Paying Mother

Asks Court House Be Left in Town

Why a new Court House site? What guarantee is there of bus transportation? There is absolutely none. Everyone does not drive, particularly older people who have probate business. How about restaurant facilities? These things should be considered before the Court House is moved from its present location.

What about the county jail? Is that to be moved from its present efficient location, or will expenses be increased by constant shuttle service back and forth?

These things demand serious consideration by all Oakland County residents. Look at the beautiful Court House of neighboring Macomb County and its location. Look before you leap and build the new Court House on the present site at Saginaw and Huron, centrally located and with ample parking.

Offers Suggestions About Christmas

I have been reading about putting Christ back into Christmas. I was wondering why we can't copy the Dutch people. Let's set aside a Saint Nick's or Santa Claus Day and at that time give all the presents and have all the parties, all the parades, and have all the stores hold late hours leading up to this date.

After this, all decorations, lights, store hours go back to regular activities. Then comes Christ's birthday and the lowly way in which he came so long ago.

The Christian people are free, then, to use whatever method they wish to really glorify God and to praise Him for the gift of His Son.

Just Wondering

Santa Can Buy Diamonds Without Straining Purse

By HAL BOYLE

NEW YORK (AP)—The husbands of America may hate me for disclosing this, but—

Diamonds are a better buy this year than Santa Claus will probably find them for many a Christmas to come.

Most of women's other necessities for a rich full life—coffee, brassieres, motor cars, and toenail polish—are higher than they were 10 years ago. Diamonds are cheaper.

BIG PRICE DROP

A ¼ carat diamond that sold for $110 to $225 in 1946, during the postwar marriage surge, sells for $90 to $220 today. A one-carat diamond that ranged from $665 to $1,275 in 1946 can be had now for $545 to $1,175.

* * *

But not for long, an industry spokesman warns.

"This will be the last year for a long time in which diamond prices will be lower than they were in the top price year of 1946," said Albert Haase, president of the Jewelry Industry Council.

The average price for a diamond engagement ring is $211, the average size is 30 points—a carat has 100 points.

A survey in 1949 showed that over 80 per cent of married women under 30 had engagement rings—and 99 per cent of these were wearing them, even while doing housework.

Only 10 per cent of American diamonds are owned by men. Detectives, for some reason, often like to wear diamond rings.

About 4 per cent of diamonds are bought for hoarding.

The largest sized diamond rings are in demand in Texas (now who'd have guessed that?), Oklahoma, California, Chicago and New York.

Office girls often are more insistent than heiresses in demanding a large diamond engagement ring, because it is a prestige symbol.

Rings exceeding 10 carats are rare, but film actress Elizabeth Taylor is reliably reported to have a 30-carat engagement ring. (She was recently hospitalized for treatment of a strained back.)

Case Records of a Psychologist:

'Hot Rodders' Are of Two Types

Harry is a "hot rod" fan. But there are two distinct types of hot rodder. One is driven on by scientific interest. But the other is goaded by an inferiority complex, so he uses his car to vent his inner feelings. Take the "Auto Test" outlined below. People who punish their cars often would also have been cruel to horses in a previous generation.

By DR. GEORGE W. CRANE

Case T-344: Harry Z., aged 18, raises a challenging point.

"Dr. Crane, you seem to belittle 'hot rod' drivers," he began, "but a lot of us don't exceed the speed limits, even though we tinker around with old engines.

* * *

"We gain a great deal of mechanical knowledge tearing an old motor apart and streamlining a beat-up jalopy.

"Don't you think there are different kinds of hot rodders?"

"HOT ROD" ADDICTS

Yes, there are two general types of "hot rod" addicts. One is made up of alert fellows like Harry who enjoy tinkering with old automobiles for the sheer joy of rebuilding them.

This type is really a first cousin to the physician, who likewise gets pleasure out of repairing the broken bones and diseased bodies of his patients.

Such a hot rodder is motivated by scientific curiosity and a creative urge. Many Eagle Scouts and other smart young scientists belong in this class of hot rodders.

But the second and usually much larger group of hot rodders is driven on by an emotional urge rather than scientific interest.

He indulges in "drag races" chiefly as a sop to his delated ego. For he may have been an overly protected child, tied to mama's apron strings.

Or he may have had a go-getter, domineering father who oppressed him.

* * *

It is likely, too, that this type of hot rodder hasn't attained much prestige in school. Perhaps he never was on an athletic team or in the glee club.

Yet he craves some admiring "Ah's" and "Oh's" from his classmates. He suffers from an inferiority complex and a yen for attention.

Meanwhile, he may feel frustrated and resentful because of the 16 years of compulsory military training that still coerces his behavior and makes him resentful of arbitrary authority.

So he tries to strike back at society, as by punishing his car

and making its tires scream as he tries to beat a pal away from a dead stop in his drag race.

PERSONALITY TEST

"If my car surpasses others, then that suggests that I am superior, too," he vaguely reasons.

Many people offer an interesting evidence of their own personalities by the way in which they treat their automobiles.

And don't criticize teenagers unduly on this score, either, for many older men also punish their cars and drive like mad to intimate that they, too, are superior.

Sometimes platonic middle-aged husbands who feel that they have lost their erotic zip, then try to compensate by being speed demons on the auto highways. (See tomorrow's Case Record).

Try following automobile test of personality on yourself and friends:

Do you personally check on your oil, water and tire pressure before taking a long trip?

Do you look far ahead to the second stop light and throttle down so you can cruise along leisurely and catch both lights?

Or do you rush up to a light; then jamb on the brakes? And when the light turns green, do you accelerate as if in a drag race, and then rush up to the next light where you must jamb on the brakes unduly?

Do you relish turning a corner fast so your tires screech? Do you feel big when your women companions protest because you are far exceeding the state speed laws?

Do you gun the motor and spin the rear tires as you take out resentment on others by punishing your car?

If you had treated your horse as you now do your car, would the Humane Society have remonstrated? People cruel to animals, are often unfeeling regarding motor cars.

Always write to Dr. George W. Crane in care of The Pontiac Press, Pontiac, Michigan, enclosing a long 3c stamped, self-addressed envelope and 20c to cover typing and printing costs when you send for his psychological charts and pamphlets.

Defends Slow Reading

EAST LANSING, Mich. (AP) — A Michigan State University English professor has a word in defense of the slow reader. Dr. E. V. Fight to Save 'Enterprise'

Editor's Note: "Such an exodus is hard to imagine until you are a part of it," says NEA's Kenneth Gilmore of the Hungarian flight to freedom. Now back in Washington, Gilmore was a part of the exodus when he flew to Austria with an Air Force shipment of Red Cross plasma and covered the first stages of the Hungarian Freedom Fighters' rebellion.

By KENNETH GILMORE

WASHINGTON (NEA) — This I remember:

Baby food dribbled over the chin of a two-year-old boy who just hours before had come across the border from Hungary.

Now he was full and his crying had stopped. He relaxed against his black-shawled mother and burst out with a million-dollar smile.

Actually, it cost only 12 cents. That's what the Red Cross had to lay on the line for one jar of baby food.

This is one of the costs of caring for the victims of Soviet tyranny in Hungary. I saw many more.

A 13-year-old girl with rumpled hair biting her lip while a doctor gave her a tetanus antitoxin shot. Cost? $1.32.

A young husband and wife, escapees from Hungary, munching on canned meat. Cost? For one pound, 72 cents.

A cable from a Hungarian refugee sent by the Red Cross from Vienna to relatives in Akron, Ohio. It said:

"We are free. We would like to come to you. Please take steps."

Cost for the cable? Over $4.

Total the above items, multiply by a thousand and you'll come up with just a fraction of the cost of operation mercy here and abroad, from Kilmer to Traiskirchen.

As one who has recently returned from seeing suffering humanity from Hungary, I can guarantee that this is a small price to pay.

Yet someone has to pick up the tab. Now every American has a chance to throw in his share. The Red Cross has just launched a national drive to raise five million dollars for Hungarian relief.

Watching men, women and children trudge into Austria from Hungary is a sobering sight. They bring virtually nothing but the clothes on their backs.

"We left a home that we had built ourselves five years ago," a proud woman told me. "We left good furniture, clothes and hundreds of personal things.

"To try to decide on one or two items you want to take with you is almost impossible. It's like trying to choose between your children. So you bring nothing."

Others do not have much to leave behind, so it isn't as hard. But all arrive absolutely dependent on the generosity of the free world they enter.

Already more than 96,000 refugees have fled from Hungary. And more will follow despite blownup bridges and deadly mines.

* * *

Such an exodus is hard to imagine until you are a part of it. For one, I shall never forget a late Sunday afternoon when I walked out of Sopron, Hungary, with thousands who left before the Russian terror.

Some were lucky enough to crowd into buses and trucks. A few rode on horse drawn carts, others on tractors. Most came out by foot.

None of them carried more than a small bundle of possessions or a baby carriage loaded with a few spare clothes.

As we came to the Austrian frontier, women were there with bread and cheese. Then the refugees were ushered to a temporary shelter.

Their trust was miraculous. Never did I talk to or see a refugee who did not have a calm assurance that his or her needs would be met. There were never hysterical, demanding tears, only sad ones.

It was the same at the tiny border town of Nickelsdorf. Alone, by twos and threes and in large groups they came out of the darkness that hid them from the Russians.

Making sure they had no arms, the Austrian border guards would wave them by. And in the rain they went on down the muddy road to a temporary refuge. Inside was a roaring fire, hot soup, beds, a doctor and nurses.

Outside hung a soggy sign — a red cross. It marked the end of their journey.

Yet today lack of funds for relief operations in Austria threatens to fall below amounts needed to give refugees the barest necessities of life.

Red Cross officials here stress that the words "Hungarian relief" should be written on all checks so the money will go directly for that assistance.

Be Careful With Those Potent Mushrooms

By PHYLLIS BATTELLE

NEW YORK (INS)—I am not a person to look beyond my nose (it being constructed to carry me quite far enough) very often, so when the 1957 "Farmer's Almanac" was delivered to the office I gave it only the briefest of glances.

* * *

New Year's Day, '57, was going to be stormy. Inauguration Day, Jan. 20, would be "cold." Lincoln's Birthday would bring "rain" and Good Friday and Memorial Day would be likewise sloppy.

This was plenty to read. Bah. The almanac was tucked away safely for future use between those two invaluable reference books, "Low Calorie Cooking" by Levinson and "Your Insurance, How to Profit by It," Levy.

Then today a curious thing happened. Two women were sitting over luncheon in a wee tearoom and one said to the other, "All right, if psychiatry is too expensive, why don't you try mushrooms?"

* * *

"You," said the other woman tensely, "are full of prunes."

"I swear to you, Sarah," spoke the oracle in the mouton jacket, "it's right in the 'Farmer's Almanac'—mushrooms are the cure-all."

DIVINE POWERS

There was considerably more talk along this line, with the almanac lady telling how mushrooms contain divine powers to cure mental illnesses and the other lady responding that she was full of mush, in addition to the prunes:

* * *

At the end, nothing was resolved except me. I had to return to the shelf where the almanac was slumping unnoticed, with perhaps the greatest money-saving revelation of the neurotic era betwixt its flabby yellow covers.

After searching diligently through the tides, moonrise and plantings indexes, there it was:

If your trouble is mental—"consult a mushroom."

It seems that one among the 3,000 species of mushrooms on earth today is a bulbous, earth-nurtured psychiatric agent which contains lysergic acid. This chemical has been used only recently in exploring the nature of mental disease.

* * *

Volunteers who consume it, reports FA, are plunged into a state resembling that of schizophrenia. When they return to normal they can recall their sensations and give valuable descriptions of "the state of mind and of body" they have experienced.

HARD TO DETECT

Unfortunately, the "divine" species is impossible to depict from the non-edible species or from the hoity-toiter varieties found around, say, chicken livers en brochette.

There are also several brands of mushroom right in this country which induce hilarity—they're as effective as laughing gas, really.

Obviously there is some danger that if you get hold of one these plant panaceas, thinking it's a "divine" job, your mental therapy will suffer a frightful setback. As any struggling psychiatrist will tell you, fun is no substitute for "finding" yourself.

The "Farmer's Almanac" points out further that mushrooms have been around for millions of years, lots more than man and his neuroses, and that someday they will inherit the earth: Meek and cunning little devils.

* * *

That's because some of the hardiest of them contain 700 billion seeds in their innards, ready to reproduce at a go-ahead from family-lovin' old Mother Nature.

This being the case, it's tough to find a "divine" mushroom in the neighborhood supermarket. Sort of like searching for pearls in the oyster stew. It's good to know, however, that help is near at hand for this crazy, mixed-up world.

And in case your husband goes into a trance next time you fix beef stroganoff, don't simply take it as flattery . . . mark well what he says when the mushrooms have been digested and the truth comes out.

Ask Voluntary End to Bus Segregation

WASHINGTON (AP) — Atty. Gen. Brownell has signaled for "voluntary compliance" as a first step toward ending racial segregation in local transportation.

* * *

The attorney general in effect called on transportation companies generally to go along with a Supreme Court decision saying forced separation of white and Negro passengers on intrastate buses and trains violates rights guaranteed by the Constitutuion.

The 33 U. S. district attorneys from 14 Southern and border states maintaining segregation laws for transportaion were called here yesterday to confer with Brownell on ways to secure observance of the Supreme Court's Nov. 13 mandate.

Brownell declined to say what other steps the federal government may take if the call for voluntary compliance does not bring about desegregation.

British Ship Boom

LONDON — Britain's shipyards are working at full capacity, with more than two years' work on order. At the start of last October there were 346 ships of more than 2,000,000 gross tons under construction—about one third of the world's shipbuilding.

Well, What'll We Do?

BALTIMORE (AP) — In a drug store on east Baltimore Street here, customers face contrary orders. A literature stand is posted, "Come in and Browse." But there is also a sign in the store that reads, "If You Have Nothing To Do, Don't Do It here."

IMPORTANT NEWS FOR MICHIGAN MOTORISTS

PURE-PREMIUM gasoline hits a new high in anti-knock power!

No change in price!

Once again we've upped the octane of Pure-Premium, the gasoline that already has set 181 different records for performance

As of this date, this improved Pure-Premium—improved for a new high in performance—is in our pumps. But, we're happy to say there's no increase in price!

We at Pure Oil carry on a vigorous and progressive program, in our modern laboratory, refineries, and on the highway constantly to step up automotive performance.

With the new 1957 cars now out, we are proud to announce to motorists another significant improvement in the anti-knock power of Pure-Premium gasoline.

This is an even more powerful Pure-Premium—higher in octane than ever before. This high-quality, clean-burning gasoline has just the right balanced blend to deliver peak performance in your car with the absolute minimum of harmful engine deposits. And it's delivered fresh to your Pure Oil dealer, changed and tailored several times a year to weather changes!

During the last five years, Pure-Premium has broken 181 different performance records in a wide variety of competitive events which proved superior acceleration and power, plus dependable performance. Now, with greater anti-knock power than ever before, it's bound to set a new record for performance in your car, too!

And get this special "octane bonus"!

You get a special octane bonus in knock-free power when you use High HP Purelube motor oil with Pure-Premium gasoline. It's the equivalent of up to 4 octane numbers (above and beyond the already boosted anti-knock power of Pure-Premium). Pure-Premium gasoline and High HP Purelube motor oil are made to work together for better performance of your car.

Try them both in your car today. More reason than ever why you can BE SURE WITH PURE at the PURE dealer who has a Royal Welcome for you.

There's always something new and better at your Pure Oil dealer's

Be sure with Pure PURE

Bob Considine Says:

Olympic Games Leave Plenty of Memories

MELBOURNE (INS)—These are the things we'll remember:

The fiery chunks of naptholene spewing out of the Olympic torch and burning torchbearer Ron Clarke as he ran. And the way the flame took hold with a "phoom" when Clarke, plainly happy to get rid of the torch, touched it to fumes of the flame bowl.

* * *

The carefree respect the United States team showed the Duke of Edinburgh as it marched past his box. The goose-bumpy absorption with which you look at an American in a strange land.

The look on the face of Ireland's and Villanova's Ron Delaney as he won the Olympic mile from the greatest field of milers ever brought together in one race. We thought of faces we've seen in stained glass windows. It was tortured triumph sort of thing.

And the way he dropped to his knees in thanksgiving with John Landy standing respectfully to one side waiting for him to finish so he could help him to his feet.

* * *

Curtain bows taken by Vladimir Kuts, Russian naval officer who won the 5,000 and 10,000-meter runs, and by Norm Read, gawky New Zealand gardener who was winner of a preposterous event called the 50,000-meter walk—in which contestants look like a delegation of sandsnipers moving by land to the next beach.

Kuts made a complete extra circuit of the track, waving, shaking hands, posing and being kissed. Read—who had to pay his way here from New Zealand because Olympic fathers there thought he was a bum—had to be restrained from making two extra circuits. By comparison, our winners went about their business as if nothing had happened.

The tears that streaked the face of Balint Galantay, broken-nosed, cauliflower-eared Hungarian wrestler, as he kissed his teammates goodbye at the airport. He would stay.

The way Australia's great girl sprinter Betty Cuthbert, who won the 100 and 200-meter dashes and dominated the relays, runs with her mouth as open as the intake of a jet engine. We wondered what would happen if she scooped in a bug in full flight.

The look of weary resignation on the handsome face of Jack Davis, former Southern Cal star who finished second to Lee Calhoun of North Carolina College in the 110-meter hurdles, just as he finished second to Harrison Dillard in the 1952 games at Helsinki—but so infernally close each time that he shared records his conquerors set.

Alain Mimoun, a fierce study in black mustache, brown skin, white teeth and blue running suit, coming down the homestretch of the marathon pointing an indignant finger at an official who was waiting with a blanket and photographers lined up to photograph him. The French Algerian wanted no part of either.

* * *

A suggestion that Charley Dumas, who jumps 7 feet, and Mildred McDaniel, who does almost 6, wed and beget a child who can win the pole vault without a pole.

Jesse Owens, President Eisenhower's representative, winning friends and influencing Australians in America's behalf.

SEARCHING SKIES

The Rev. Bob Richards, the star pole vaulter, searching gray skies for providential assistance before his final jump, a record of 14 feet, 11¼ inches. The crossbar bounced up and down crazily from the impact of his falling body but stayed on.

* * *

Milt Campbell and other decathloners dragging themselves around the track in the final travail of their two-day ordeal—the 1,500-meter run. Your kid could have beaten them.

Iron Curtain muscle molls in discus and shotput. The late Billy Watson would have swooned with delight.

The American basketball team—like a collection of Gaylord Ravenals at a church bingo party.

The Irish welterweight who tried praying in a corner while the crowd raged and hte verdict went to a Romanian named Linca.

Yale's comeback in eight-oared shells. Barracking at cycling.

"Spray him with scent," an Australian cried when a Frenchman balked at starting.

The incrediable youth of swimming girls. Shiners and busted teeth of the water polo scrape. And the ominous call on the final night of swimming to the coach of the Hungarians. "Budapest is calling," the announcer said.

Fire to Destroy Lake Steamers

Pride of D&C Fleet to Burn in St. Clair After Fireworks

DETROIT (AP) — With flags flying at half-mast from their rotted halyards, the last two D&C passenger steamers will meet a sad but spectacular fate today.

The Greater Detroit and the Eastern States, once the pride of the Great Lakes passenger fleet, will be put to the torch as a bugler sounds "taps."

The burning had been scheduled at 6 p.m. Monday. But a forecast of 35-mile winds on Lake St. Clair forced postponement for 24 hours.

Today the aging lake queens will be towed by tugs up the Detroit River for the last time. They will be anchored three miles out in Lake St. Clair opposite Grosse Pointe Farms.

* * *

Then, after a fireworks display and the flags are hauled down, taps will sound as a keg of black powder is exploded to ignite barrels of gasoline aboard the vessels.

The metal hulls and engines will be scrapped after the wooden superstructures are destroyed in what will probably be the biggest fire ever seen on Lake St. Clair.

* * *

Hundreds of spectators are expected to watch the twin holocaust from Lake Shore Drive near the Grosse Pointe Yacht Club.

One of the last aboard the Greater Detroit will be Capt. Lewis C. Mantel, her last skipper. He will come back briefly from retirement to see his ship destroyed.

Motorists Ignore Injured Driver in Auto Mishap

WAYNE, N. J. (AP)—A 27-year-old motorist claims he lay unconscious for 10 minutes in his overturned car on a busy highway yesterday and no one stopped to help him.

Joseph Quinn, Bloomingdale, told police his car hit a patch of ice on Route 46, one of the heaviest traveled east-west roads in the state.

He said the vehicle turned over and skidded 20 feet on its top. He lay stunned in the back seat for about 10 minutes. When he came to, he said, he forced his way out of the damaged car himself.

Police said he suffered no serious injuries.

The first South American country to build a railroad was Chile which opened a line for service in 1852.

The '57 Pontiac is America's Number (1) Road Car!

Months ago, Pontiac set its '57 sights on producing an engineering classic—the greatest road car in automotive history! How well did they succeed? One answer is pictured here, the all-new '57 Pontiac itself, a car so advanced in concept that other new cars merely emphasize its outstanding design, its brilliant array of first-time features! The other answer is the public's response to this road-ruling beauty. From every quarter of the nation has come wave after wave of confirming praise! Praise for Pontiac's styling—its crisp, colorful lines and flowing contours that accent beauty built in, not hung on! Praise for new Level-Line Ride—the advanced suspension system that cradles you in cloud-soft comfort. Praise for Pontiac's ease of handling! Praise for the brisk and eager response of its all-new Strato-Streak V-8 engine! And underlying this tremendous voice of approval is the confidence felt in a car which has undergone the greatest road test in history . . . Pontiac's grueling 100,000-Mile Marathon Run! Yes, this year it's Pontiac all the way! Come in and see it!

Copper Displayed at Christmas Tea and Meeting

Mrs. Bruce Annett was hostess to members of the Pontiac Branch of Women's National Farm and Garden Association Monday afternoon in her home on Sylvan Shores drive for the annual Christmas meeting and tea. Mrs. C. R. Gatley presided.

* * *

Mrs. William Maybury, state marketing chairman, presented a display of copper bowls, plates and numerous other items made in L'Anse from native copper.

Started as a combined project of the Michigan Conservation Department and Michigan State University, the distribution and sale of these decorative copper objects is now a project of Women's National Farm and Garden Association.

Howard Trau showed how to arrange bows, ribbon wreaths and bells, for wrapping Christmas packages.

* * *

The tea table was laid with a lace cloth over red and centered with a gold Christmas tree decorated with red bows. Red tapers in brass holders completed the appointments.

Mrs. Robert Isgrigg and Mrs. William Hartman were cochairmen of the social committee assisted by Mrs. Edmund Rogers, Mrs. Robert Castell, Mrs. Robert Glenn, Mrs. Arnold Jeromie and Mrs. Oscar Lundbeck.

At the gathering, members donated new and used children's books to be sent to the Oakland County Children's Home.

Junior Club Has Annual Yule Party

Honor Choir From Baldwin Presents Christmas Carols

The annual Christmas party sponsored by Junior Pontiac Women's Club was held Monday at Pontiac Federal Savings and Loan Building.

* * *

Students from Baldwin School Honor Choir sang Christmas carols, including "O Little Town of Bethlehem," "Silent Night" and "I Remember Christmas."

Program Chairman Mrs. A. J. Cadieux introduced Betty Roberts who told the group a Christmas story entitled "A Serbian Folk Tale."

The Christmas motif was carried out throughout the room and on the tea table, and Mrs. Claire Hinckley and Mrs. Russell Auten poured for the 70 members and guests.

* * *

Members of the social committee were Elsie Benson, Mrs. Clifford Maison, Mrs. Bert Griffin, Mrs. Ericson Lewis, Mrs. Clark Adams, Mrs. Eugene Wellman, Mrs. Everett Garrison and Mrs. John Sheehan.

During the evening members prepared a Christmas basket of food to be given to a needy family.

Gifts were distributed to members at the Christmas party Monday. Mrs. Mac T. Whitfield (left) received one from Mrs. Jack Patterson during the affair held at the Bruce Annett home.

* * *

Mr. and Mrs. John McCully of St. Thomas, Ont. were weekend guests at the home of his brother and sister-in-law, Mr. and Mrs. Turris McCully of St. Joseph avenue.

* * *

Jack Reynolds is spending the Christmas holidays from Michigan State University at the home of his father, Chester Reynolds, on Elizabeth Lake road.

Meeting Held by Pontiac OES

Life memberships in Pontiac Chapter 228, OES, were presented to Mrs. Margaret Newman and Mrs. Florence Poffenberger at the Monday evening meeting of the group held in the Masonic Temple.

A report and explanation of the planned projects for the coming year from the Grand Chapter of Michigan was given by Mrs. Lloyd Sibley, grand publicity committee member.

Guest at the meeting along with Mrs. Sibley was Mrs. Clare Hopkins of Clarkston; Mrs. Edith Rockwell, Mrs. Myrtle Kath, Mrs. Eldon Sweazey and Mrs. Phoebe Van Deusen served refreshments at the close of the meeting.

Sorority Plans Holiday Dinner at Rotunda Inn

Mrs. Harry Nicholson of Avondale avenue was hostess to members of Zeta Zeta Omega sorority. Plans were completed for the Sunday Christmas dinner being held at Rotunda Inn. Husbands will be guests for the evening. Mrs. Gordon Booker is chairman.

Plans were made at the recent meeting to hold a Christmas bake sale with Mrs. Gary Hetherington and Mrs. Nicholson as cochairmen.

The group will donate new and used toys to the Oakland County Children's Home under the direction of Mrs. Robert Luccier.

A Christmas party was held with an exchange of gifts. The group will meet Jan. 7 at the Rossier street home of Mrs. Robert Studt.

Records Theme Progress

Teachers Invent New School Aid

A new aid to high school theme writers now classifies several Pontiac High School English teachers as inventors.

The teachers, in sessions together, have come up with a rather unique device called a diagnostic theme air chart. So unique is the chart that the group has applied for a copywrite and the National Council of Teachers of English has expressed interest in the chart for possible standardization among schools.

The basic purpose of the invention will be for uniformity of marking of a student's writings through his high school years. Everything he writes from 10B through 12A will be recorded in the chart. Each teacher the student has will use the same grading methods proposed by the chart.

This invention, says Robert Beauchamp, one of the members of the designing committee, will help the student spot the special areas in which he needs help and it will encourage him to learn to concentrate on these weaknesses.

"The teacher will be aided by the chart when the student comes in for a conference. The teacher will be able to give the student the kind of help he needs by checking the chart for his specific errors and giving aid along those lines," Beauchamp said.

"Another outcome of the chart's use is that all classes in the building will be exposed to the same writing experiences. It will help the whole department of English of 20 teachers to begin to get some kind of standardization in grading of themes," he added. "They can see the whole history of a student's writing problems."

General printing of the diagnostic theme air chart will begin the first of January with general use to begin soon after.

On the back of the chart as an additional guide will be a cumulative reading record for students. "This will help succeeding teachers to select high interest books for the students and the students will have to read more because they can't use the same book reports from semester to semestr," Beauchamp said.

The teachers who designed the writing chart include Peter Evarts, Lewis Hayner, Elizabeth McDonald and Beauchamp.

Xi Chapter of Society Marks Yule

Marietta Spring was hostess to Xi Chapter of Delta Kappa Gamma Society Monday evening at her home on Lancaster road.

* * *

For the annual Christmas party, Mrs. Ralph Forman told the story, "The Miracle at Derrick, Texas," by Luise Putcamp. Ruth Laudenslager led the group in singing Christmas carols.

In place of a gift exchange, members filled a Christmas stocking with dollar bills to be presented to the college student who won the society's scholarship. This is to help with school expenses.

The social committee consisted of Mrs. Howard Wooley, Mrs. Donald B. Hogue, Mrs. Everett Peterson, Joyce Sweet and Miss Spring. Mrs. Cora Scott was a guest.

Yule Party Planned

Birmingham Country Club will hold it's children's Christmas party and buffet dinner Dec. 23, beginning at 3 p.m. Reservations are being taken for the 4 o'clock buffet dinner. A show will be presented for the children and Christmas music and group singing will be featured.

Mr. and Mrs. Mahlon Brockman of Matthews street will celebrate their 50th wedding anniversary on Dec. 19. The Brockmans were married in Lapeer in 1906 and moved in January 1911 to Pontiac where they have since made their home. They have three daughters, Mrs. Berniece Madlom, Mrs. Kenneth W. Eaton and Mrs. Harold W. Pearson, all residents of the city. Two grandsons and two great-grandsons also will celebrate the occasion with the Brockmans.

YVONNE THERESA FARNER

Mr. and Mrs. William Farner of Elm street announce the engagement of their daughter, Yvonne Theresa, to LaRue Wagner. He is the son of Mrs. Rose Wagner of Myra avenue. No date has been set for the wedding.

OES Group Three Enjoys Yule Party

Forty-five members and guests attended the Christmas party held Wednesday evening at Pontiac Federal Savings and Loan Building by members of Group Three, OES.

* * *

Mrs. Maude Wagner and Mrs. James Gilloe were chairmen of the dinner served by the women of Galloway Lake Methodist Church. Following dinner, members joined in singing Christmas carols with Mrs. Meta McIlroy directing. Games were conducted by Mrs. Jack Barton and gifts were exchanged.

* * *

Mrs. Paul Hagle, past grand matron, was a guest at the dinner party.

Nurses Association Party Set Tonight

Members of Oakland County District Michigan State Nurses Association have completed plans for their cooperative dinner and Christmas party to be held this evening at 6 p. m. at the Oakland County Health Department on North Telegraph road.

During the evening a local talent show will be presented and a gift exchange will be held. Members also will prepare a basket of staple food items for a needy family for Christmas.

Lucky 13 Gathers

Mrs. Marion Chandler of Westbrook avenue entertained members of the Lucky 13 Club at her home Monday evening. The birthday of Mrs. Nettie Buss was celebrated and the group exchanged Christmas gifts following dinner. The next meeting will be held at the home of Mrs. Earl Brobst on Third avenue.

Married Saturday were Norma Lee Kellogg and Leonard F. Dryden. Her parents are Mr. and Mrs. LeRoy F. Kellogg of Dover road and his parents are Mr. and Mrs. Francis J. Dryden of East Tennyson avenue.

MRS. LEONARD F. DRYDEN

Norma L. Kellogg Marries

In a seven o'clock ceremony Saturday at All Saints Episcopal Church, Norma Lee Kellogg became the bride of Leonard F. Dryden, The Rev. C. George Widdifield officiated at the service in the presence of 200 guests.

Mr. and Mrs. LeRoy F. Kellogg of Dover road are parents of the bride and Mr. and Mrs. Francis J. Dryden of East Tennyson avenue are Leonard's parents.

The bride wore a gown of lace and tulle. The lace bodice was fashioned with a mandarin collar and long sleeves tapered at the wrists. The full skirt of tulle over slipper satin, appliqued with lace medallions, extended into a chapel sweep.

The bride carried a white lace-covered Bible with a white orchid and white baby chrysanthemums.

Patricia Ann Edwards of Saginaw was maid of honor, wearing a gold ballerina-length gown of crystalette. The gown featured a Sabrina neckline and a full skirt, worn over a hoop. French tucks accented the waistline. Patricia carried a bouquet of rust colored chrysanthemums.

TWO BRIDESMAIDS

Mrs. Walter Grucella of Dearborn and Mrs. Thomas Murphy, sisters of the bridegroom were also bridal attendants. Their gowns were styled like the maid of honor's in a burnt orange color.

Howard Kellogg, brother of the bride, was best man. Ushers were Walter Grucella of Dearborn and Thomas Murphy.

For the reception, held at the American Legion Home, Mrs. Kellogg greeted her guests wearing a Dior blue silk dress with pink accessories and an orchid corsage. Mrs. Dryden wore a taupe silk dress and an orchid corsage.

* * *

The newlyweds will honeymoon in California where they will make their home.

Soroptimists Plan December 17 Party

Soroptimist International of Pontiac met at Hotel Waldron Monday evening and completed plans for a Christmas party to be held at the home of Mrs. Karl Schultz on Opdyke road Dec. 17.

Following dinner and the business meeting, members visited the Child Guidance Clinic where Madeleine Half, director, and members of her staff presented a film on the problem child.

Jaycee Groups Schedule Dance Saturday Night

Plans are completed for the Junior Chamber of Commerce and the Junior Chamber of Commerce Auxiliary's annual Christmas dance. Rotunda Inn will be the setting for the Saturday evening affair.

Members and guests will dance to the music furnished by a popular out-of-town orchestra. Dancing will begin at 9 o'clock and a buffet supper will be served at midnight.

The general chairman for the dance, Dr. Lynn D. Allen Jr., is being assisted by Joseph Carry, cochairman.

Holiday Plans Made by Legion Auxiliary

A Christmas tree decorating party for the children to be held Dec. 21, was planned at the Saturday evening meeting of American Legion Auxiliary Chief Pontiac Post.

Santa Claus will be present to distribute gifts at the Dec. 22 Christmas party for children of members.

Plans are also being formulated for the anual New Year's party to be held by members in the Legion Home at Lake Oakland.

WILLASUE DICKERSON

Mr. and Mrs. Leslie Dorwin Dickerson of Walnut road announce the engagement and approaching marriage of their daughter, Willasue, to John Ellis Foote. He is the son of Mr. and Mrs. Clarence Henry Foote of Cleveland, Ohio. A Jan. 19 wedding is planned.

Don't Delay--Begin Project Now!

By ANNE HEYWOOD

Happy people, it seems to me, fall into one of two groups:

First, there's the ambitious type that wants to accomplish something and works hard to do it; second, there's the easygoing type that doesn't give a hang about doing great things.

People like this are content to live their lives as they go along.

The unhappy ones are those who want to accomplish things, think about it, mean to do it, but just never get around to it.

They don't enjoy day-to-day living, because Ambition is always nudging them in the ribs and they build up awful guilt feelings about what they ought to be doing.

* * *

Moreover, they become embittered when they see others really accomplishing something.

NO PEACE OF MIND

In short, they have no peace of mind and no serenity.

* * *

The answer for this type—which, it seems to me, outnumbers the other—is to stop thinking, stewing and planning and get going on some project right away.

Frequently people like this think they haven't time now, they'll begin next month. But the time they put into stewing, remorse and envy is more than enough to get their own project off the ground.

Mrs. K. was like that but, I'm happy to say, at long last seems to be getting out of the woods.

* * *

Mrs. K. first wrote me over three years ago, asking for my Housewives' Career Guide. She wanted to do something with her life, but didn't know what and needed help in discovering her major interest.

The guide helped her and she wrote saying that arts and crafts seemed to be her line. She asked for a list of good books on the subject and I sent it to her.

ANOTHER LETTER

A little later, I received another long letter from her. She said she didn't have time to do anything now about it, what with her household duties, but would I please send a list of books on leathercraft.

She had definitely decided this is what interested her most and some day when she had time...

I sent her the list of books on leathercraft.

A year and a half ago, I received a long, gloomy letter giving all the good reasons why she couldn't escape from her prison just yet and asking me to send her a list of books on philosophy. She thought they might help to cheer her up.

* * *

This time I didn't send the list. Instead, I wrote her a rather frank, harsh leter.

FAMILIAR PATTERN

I told her that I recognized her pattern all too well. I warned that if she wasn't careful, 50 years from today she'd be sitting in the rocking chair, nursing arthritis and boring her grandchildren about the wonders she would have accomplished if she'd only had a chance.

I said she'd better knuckle down and do something with her leathercraft right now—if only for an hour a day—or else!

Recently, I received a charming purse from Mrs. K. With it was a note saying that she had made purses for all her friends for Christmas and that a local shop was interested in stocking them.

Furthermore, she loves making them and finds she has three hours a day to spend on them!

* * *

The moral is, don't think about doing things, just do them!

Semon E. Knudsen (left), general manager of Pontiac Motor Division of General Motors, chatted with Mr. and Mrs. Thomas E. Wilson of Bloomfield Hills at the National Auto Show being held in New York.

JANE ELLEN McGUIRE

Mrs. James H. McGuire of Golf drive announces the engagement of her daughter, Jane Ellen, to Gerald Riordan Manning. Gerald is the son of Vice Admiral John J. Manning USN (Ret.), and Mrs. Manning of Washington, D.C. A spring wedding is planned.

Marita Mack Becomes Bride of Jack L. Hruska

Baskets of white gladioli and palms decorated the altar of Bethany Baptist Church Saturday for the marriage of Marita Marie Mack and Jack LeRoy Hruska.

* * *

Mr. and Mrs. Keith H. Mack of Oakshire drive are parents of the bride, and Mr. and Mrs. Tom V. Hruska of North Cass Lake road are Jack's parents.

For the service, the bride wore a floor-length gown of lace and net over slipper satin with long sleeves tapered to points at the wrists.

Her fingertip veil was held by a tiara trimmed with seed pearls, and she carried a bouquet of white rosebuds and carnations.

* * *

Mrs. Donald Plumb, sister of the bride, was her matron of honor. Mrs. Robert Young and Arlene Scheiderick of Detroit also attended the bride.

GOWNED IN BLUE

They were gowned alike in blue crystalette with fitted bodices and bouffant skirts accented by bustle bows.

Terry Lynn Rose was flower girl wearing a frock of white net over blue taffeta.

James Van Hruska, brother of the bridegroom, was his best man and Robert Young, Marshall Rose and Boyd Thomason seated the guests.

Norman Jakeway of Lansing sang the bridal recital.

* * *

The reception was held in the church parlors immediately after the ceremony. Mrs. Mack chose slate blue taffeta with pink accessories for her daughter's wedding. Mrs. Hruska wore a two-piece pink knit dress with navy blue accessories.

* * *

For traveling the bride changed to a gray dress with black accessories. The newlyweds will make their home at Williams Lake.

Meetings Conducted by Church Groups

The women's groups of Oakland Avenue United Presbyterian Church met during the week in the church parlors and in members' homes.

Ann McGeoch and Eleanor Creswell

Mrs. Walter Nepersky spoke on "How Our Missionaries Work," stressing the importance of their work in Africa especially during these times, at the joint meeting of Ann McGeoch and Eleanor Creswell Groups.

Mrs. William Bray gave devotions telling the Christmas story as found in Luke and Matthew, explaining "The Challenge Accepted by the Shepherds and the Wise Men." Mrs. Jack Martin led the group in singing Christmas carols.

Refreshments were served at the close of the meeting by Mrs. Betty Henry and Mrs. John Swanson.

Margery Peters

Margery Peters Group met in the Dorcas Room of the church with Mrs. Eldon Powley conducting the meeting. Devotions were given by Mrs. Vern Dillahunt, and Mrs. Ralph Osborn completed the book review on "The American Indian."

Officers elected for the coming year are Mrs. Gerald Shafer, chairman; Mrs. Vern Dillahunt, vice chairman; Mrs. Guy Caswell, recording secretary, and Mrs. Osborn, treasurer.

A Christmas box and gift of money were sent to the mission station at Hartshorne, Okla.

Eleanor Van Lierop

Mrs. Gerhart Barnhart opened her home on Savoy drive for the December meeting of the Eleanor Van Lierop Group. Mrs. Robert Mahan and Mrs. Park Wagg assisted the hostess.

Mrs. Ernal Lloyd and Mrs. William Bradley told the Christmas story and the group joined in singing Christmas carols. Gifts were gathered for the patients at Pontiac State Hospital.

The present slate of officers was re-elected for the coming year during the business meeting, and plans were made to provide baskets for needy families at Christmastime.

Lucille McBane

Mrs. Milton Blood was elected chairman of the Lucille McBane Group at the recent meeting. Serving with her are Mrs. Walter Messer, cochairman, and Mrs. Earl Shepherd, secretary.

The devotional topic, "The Challenge Accepted by the Shepherds and the Wise Men," was given by Mrs. Theodore Allebach.

Mrs. James Talmadge gave a book report on "Dr. Henry of Assiut." Hostess for the meeting was Mrs. Claude Seal.

Allemanders Plan Gifts for Children

A highlight of the Saturday evening party held by members of Allemanders Square Dance Club was the ingathering of gifts to be given to the boys and girls at Oakland County Children's Home.

Sam Joan called the lively quadrilles to the music furnished by a local orchestra. Guests attending the Saturday evening party were Mr. and Mrs. Roy Lazenby, Mr. and Mrs. William Brandt, Mr. and Mrs. Norman Heywood and Mr. and Mrs. Barney Barnes.

PTA Activities

Sarah McCarroll PTA will meet Wednesday at 1:45 p.m. School children will present a Christmas program.

Grace McLaughlin Feted

Mrs. Leo McDonald of Mark avenue was hostess at a tea and linen shower Sunday afternoon in her home honoroing bride-elect Grace McLaughlin.

Grace, daughter of Mr. and Mrs. Edward L. McLaughlin of Monmouth, Ill., will become the bride of Dr. Robert C. Jones in a ceremony to be performed in St. Benedict Church Jan. 26. He is the son of Mrs. Patricia Jones of Royal Oak.

Guests at the shower were Mrs. Jones, Mrs. Emmett Crane of St. Clair Shores, Mrs. Edward Buckley, Mrs. Ray Best, Mrs. George Morrow, Lillian Jacobs, Mary Parrish, Mrs. Ralph Forman, Mrs. Beatrix Vogel, Olga Distad and Margaret Snyder.

Completing the guest list were Elma Waterman, Mary Gibbs, Jean Kimtle, Mrs. Charles Smith, Mrs. Robert Voltmann, Mrs. Enar West, Mary Rupert, Ada McDonnall, Vera Mae Adams, Marian Lehner, Gertrude Overton and Elizabeth Rodgers.

They Just Go Together: 'Chicken and'

Mrs. Grey Prefers to Use Buttermilk in Biscuit Recipe

By JANET ODELL
Pontiac Press Home Editor

A favorite dinner for the Arthur Grey family of Oxford is chicken and biscuits. Mrs. Grey dips her chicken in milk, then in bread crumbs. Before baking she pours melted butter over the crumbed pieces. One and a half hours in a 325-degree oven is just about right.

In Mrs. Grey's opinion the best biscuits are those made with buttermilk. This is her recipe:

BUTTERMILK BISCUITS
By Mrs. Arthur Grey

2 cups sifted flour
1½ teaspoons baking powder
1 teaspoon salt
½ teaspoon soda
½ cup shortening
⅝ cup buttermilk

Sift dry ingredients together. Cut in shortening. Add buttermilk. Knead on a lightly floured board once or twice. Cut into biscuits. Bake about 12 minutes at 450 degrees.

Mrs. Grey moved to her suburban Oxford home only last summer. She and her daughter take piano lessons together. Mrs. Grey also enjoys sewing.

Phi Kappa Tau Unit Plans Yule Basket

Mrs. Delmar Fields of Winding drive entertained members of Phi Kappa Tau, the new chapter of Pi Omicron National Sorority. Plans were made to donate a Christmas basket to a needy family.

It was announced at the recent meeting that the chapter had won a prize from the state board for having the most new members in the area.

Auxiliary Holds Yuletide Party

Members of the Auxiliary to Branch 396, National Association of Letter Carriers, met Wednesday evening for their annual Christmas dinner at Devon Gables.

* * *

Following dinner, Mrs. Edward Cornell opened her home on Henderson street for the exchange of gifts and election of officers.

* * *

Elected president of the group was Mrs. Wesley Graham. Assisting her will be Mrs. Yeager, vice president; Mrs. Harold Wright, recording secretary; Mrs. Charles Bryson, financial secretary; Mrs. Randall Spurgeon, treasurer, and Mrs. Cornell, chaplin.

* * *

Mrs. John Martin is colorbearer and Mrs. Kenneth Gottschall will serve as mistress-at-arms.

Don't Blame Your Hubby for All Marriage Faults

Wife Should Admit Her Own Failings and Work Hard to Improve Self

By RUTH MILLETT

Do you blame your husband for everything wrong with your marriage?

If you do, chances are you are lazy, unimaginative or downright smug.

Some wives find it much easier to blame a husband for a dull or unhappy marriage than to roll up their sleeves and go to work to turn a poor marriage into a better one.

It doesn't take much effort to decide a situation is hopeless. It takes a lot to pitch in and change a "hopeless" situation because you are determined not to let life defeat you.

* * *

Some wives just don't have enough imagination to see that a quarrelsome or indifferent husband is an unhappy man who probably needs his wife's understanding, admiration and devotion as much as she needs that kind of support from him.

SHE NAGS HIM

So she nags him for not giving her what she expected from marriage, instead of trying doubly hard to fulfill his expectations of what marriage would be like.

* * *

Some wives are just too smug to admit even to themselves that they could be wrong about anything. They mark a husband down as wrong every time he dares to disagree with their ideas.

They are the women who keep telling themselves what "good wives" they have always been—even though their husbands wouldn't endorse that smug self-evaluation.

When a marriage goes sour rarely is it true that all the fault lies with one partner.

Any wife who isn't lazy or unimaginative or downright smug would admit to herself that some of the fault for her unhappy marriage must be hers.

* * *

And she would get busy trying to improve herself, instead of hopelessly wishing she could change her husband.

DeMolay Mothers Plan Potluck Dinner

Pontiac DeMolay Mothers Club met recently in the Masonic Temple and completed plans for a cooperative dinner to be held in January. DeMolay members, advisors and husbands of members will be guests.

Refreshments were served at the close of the meeting at which DeMolay members were guests.

Don't Be Frightened of Middle Age

By JOSEPHINE LOWMAN

Today the average age for menopause seems to be between the late 40s and the early 50s. However, there are exceptions in both extremes.

* * *

While the large majority of women pass through this period with little or no discomfort, some do experience nervous tension and emotional instability. Tenseness may create irritability and you may find yourself, for no reason, depressed and weepy at times.

Some women experience hot flashes, although this applies to only 20 per cent. As a matter of fact, only 2 out of every 10 women have symptoms severe enough to require medical help.

The others have very mild symptoms or none at all. However, if you are uncomfortable or unhappy, go to your doctor and he will be able to relieve you of any distressing symptoms.

* * *

The endocrine glands seem to work together. When one becomes less efficient the others take over and make up for it. At menopause the ovaries slow down in their output of estrogen. Usually this is a gradual process and the glands make a gradual adjustment so that you experience no distress.

However, to quote from a public affairs pamphlet, "Understanding Your Menopause:" "Since the endocrine glands are believed to have a reciprocal relationship, the diminishing supply of ovarian estrogen will affect the action of other glands. Their normal equilibrium may be disturbed for a time, requiring some adjustment in the whole body."

HEED YOUR DOCTOR

So remember that the chances, percentage-wise, are that you will have no trouble at menopause, and that if you do it is a temporary matter and one for which there is medication today. Follow your physician's advice in this matter.

* * *

The only danger at menopause is the possibility that a woman may attribute unusual symptoms to this time of life and therefore neglect them. You should see your doctor twice a year for a checkup, anyway, from 40 on. This is good preventative medicine. And report any unusual occurrence to him immediately.

Your body is under a slight strain while it adjusts to new conditions. Give yourself a break of an even better health routine than before: Plenty of sleep, a bit more rest, fine nutrition, a happy mental attitude and regular exercise, unless your physician advises otherwise.

The Public Affiars Committee is a non-profit educational organization. Its pamphlet "Understanding Your Menopause," gives you comprehensive information concerning this period in your life.

If you would like to have it, send 25 cents to Public Affairs Committee at 22 E. 38th St., New York City.

But He Came Up the Hard Way

Hope's in the Money Now

(This is the second of four articles on the veteran comic who's conquered vaudeville, the movies, radio and television).

By JAMES L. KILGALLEN
(INS Staff Writer)

Comedian Bob Hope's earning capacity is currently around $1,000,000 a year — before taxes. Seven years ago he grossed $100,000 a week for a period of 12 weeks (or at the rate of $5,200,000 a year.)

But 25 years ago, when he was breaking in as a vaudeville comic and song and dance man in and around Cleveland, he considered himself lucky if he and his partner could wangle a booking at $10 or $20 a night.

Today, however, the name Bob Hope is a household word. He has millions of admirers the world over. In his profession he's an acknowledged master of the ad lib. Even Milton Berle can't top him. His gift of timing a gag is legendary.

Nonchalant and relaxed, the versatile Hope is equally at home on the stage, in the movies, on radio, or before the TV cameras.

* * *

Hope, now 53 and at the peak of his fame, says in looking back on his career that he's had "action." He jokingly remarked that one day one of his writers, Larry Klein, looked at him and said:

"If you had your life to live all over again you wouldn't have time to do it."

Bob retorted: "It might not have been so much fun."

PLENTY OF TRAVEL

Few performers have traveled as much as Hope, or played before such a wide variety of audiences.

* * *

"I've flown so much in the last 15 years that my wife thought I was a pilot for American Airlines," Hope cracked, when I interviewed him the other day.

Bob came up the hard way. He was born in Eltham, England, May 29, 1903, the fifth of Mr. and Mrs. William Hope's seven sons. When he was 4, the family moved to Cleveland, Ohio. Bob has since adopted Cleveland as his hometown.

As a boy, Bob had it a bit rough. His father was a stone mason and his mother, Avis Hope, ran a rooming house to add to the family income.

After graduating from high school, Bob worked as a clerk in a motor company, tried amateur boxing and took a whirl at being a newspaper reporter.

DREAMED OF STAGE

But his ambition was to go on the stage. He was a great admirer of Frank Fay, the vaudeville star. Bob himself had done some singing at local concerts and he used to practice dancing.

His mother took him to see Fay perform one night and said: "Why, he's not half as good as you are, Bob!"

"Good old Mom," Hope sighed. "Why I couldn't carry Fay's suitcase. He was the only actor I know who stayed 16 weeks at the Palace. He was so good with the spoken word. He was superb as a monologist, and he sure could sing and dance."

When Hope was 19, he took dancing lessons from an old vaudeville hoofer named Johnny Root. Bob became adept in soft shoe, clog, buck and wing and other forms of dancing. He and a tall willowy blonde named Mildred Rosequist worked up a dance act.

Bob and Mildred played a few dates in Cleveland theaters and drew down the munificent sum of seven or eight bucks a performance. That was heady stuff for young Hope who believed he was destined to become "Mr. Marvelous of Vaudeville." He discovered he could be paid for dancing!

ANOTHER PARTNER

But Bob lost Mildred as a partner and picked up another one—Lloyd Durbin, one of his boyhood pals. They wangled a booking at the Bandbox Theater in Cleveland.

* * *

There Hope met one-time silent screen star Fatty Arbuckle, who was trying a comeback in a small revue. He spotted Bob and his partner doing a soft-shoe and a comedy Egyptian dance that was all pantomime.

"He introduced us to Fred Hurley and asked him to do something for us," said Hope. "Hurley produced tab shows for the road, and put us in one."

From then on, Hope had regular work. The experience he got traveling the circuit in Fred Hurley's road shows laid the groundwork for his later success on the stage, in the movies, on radio and in TV.

Hope said one of the greatest "kicks" he got out of show business was the night his mother caught his act at Keith's 105th Street in Cleveland. He was then a brash 20, with a lot of confidence.

THAT'S MY SON!

"They almost threw my mother out of the theater when she stood up and shouted: 'That's my son!'" Hope laughed.

* * *

Mrs. Hope died in 1933 when Hope was starring in a Broadway show, "Roberta." His father died in 1936.

Hope told me the other day that he and Bing Crosby were talking about incomes in show business. Both had made plenty.

"I told Bing that seven or eight years ago I had a good streak," said Hope. "For a period of 12 weeks I was making over $100,000 a week.

"On my radio show I was making $27,500 a week, and from a picture I had done, 'Road to Rio,' I was drawing $125,000 a week. Of course, this was all before taxes."

3 CORPORATIONS

At present Hope is grossing more than $1,000,000 a year. That includes TV, radio and personal appearances.

* * *

He is head of three coroporations —the Hope Corporation, for books (he has written several); Hope Records, Inc., for records, and Hope Enterprises for pictures, radio and TV.

He has a "small interest" in the Cleveland American League baseball club and owns 11 per cent of the Los Angeles Rams football team.

In other words, Hope is doing all right.

Middle East Drug Traffic Slackens

By RUTH MONTGOMERY

WASHINGTON (INS)—Narcotics Commissioner Harry J. Anslinger has disclosed that the boiling Middle East crisis has had one good effect: it has slowed down the traffic in illicit drugs.

He said that secret reports reaching his desk indicate that the flow has subsided considerably from Syria and Egypt, and that the price of opium has dropped in Lebanon.

Anslinger told this correspondent that much of the credit for the slackened traffic must go to Egyptian Premier Gamal Abdel Nasser, who has imposed 15-year-to-life-sentences for addiction and traffic in narcotics. He said these penalties are actually being enforced and have made a considerable dent in the smuggling of dope across Egypt's borders.

The narcotics commissioner said the American picture is much brighter since the passage in the last congress of a law imposing a minimum five-year sentence for smuggling and selling dope, and the death penalty for extreme cases. He said two men arrested last week in New York are the first offenders liable for the death sentence, since both were caught selling narcotics to minors.

* * *

"Despite the slackening of the Middle East traffic," Anslinger declared, "dope is still reaching this country through the Mediterranean, Italy and France, and across the Pacific from Red China through Hong Kong, Bangkok and Dairen."

He revealed, however, that the local narcotics situation is better now than in many decades.

He said the number of addicts has dropped 80 per cent in Ohio within the past six months, thanks to the new federal and state laws, and that he has consequently cut his Ohio staff in half.

* * *

The commissioner said he is also "positively jubilant" about the improved situations in Baltimore, Seattle and Hawaii.

"It would have been difficult to have found any blacker pictures than these three spots six months ago," Anslinger asserted. "They were as black as black.

"Now, thanks to the stringent new federal law, these areas are so nearly cleaned up that I am drastically reducing my staff in all three places."

* * *

He said he is transferring the surplus narcotics agents to New York, Chicago and California, where the heaviest traffic in opium and other drugs is now being recorded.

Looking like a man who had just glimpsed the millennium, Anslinger smiled and added: "If this situation continues to improve at the current rate, we'll all be looking for other jobs pretty soon."

Ease Rulings at Soo Locks for Next Season

SAULT STE. MARIE (AP)—A new easing of security restrictions at the Soo Locks will permit pleasure boats to travel the Canal and Locks next tourist season.

Rep. Victor A. Knox (R-Mich) said he was informed by Secretary of the Army Wilber Brucker that passenger and sightseeing vessels can use the St. Marys Falls Canal and the Locks during daylight hours.

The Locks had been closed to pleasure boats since the outbreak of the Korean War in 1950. Since then the sightseeing cruises had been confined to the Canal on the Canadian side of the Locks.

Easing of the restriction was the second major change in security at the locks in the past year. On April 17 the Upper Park adjacent to the MacArthur Lock was reopened so visitors could watch the locking process during daylight hours.

The lower park at the foot of the MacArthur Lock was opened in daylight hours starting Oct. 2, 1953, and fishing restrictions in the lower river were eased to allow anglers to cross the Ferry Lane in November, 1953. The same month, photographs of the canal area were permitted through the park fence.

Hazel Park to Vote on Bonding

School Funds Sought Twice

Second Balloting Set With Assessment Down by $3,000,000

HAZEL PARK—A special school election will be held here tomorrow when voters will cast ballots on whether to borrow $5,500,000 for school building.

With two proposals on the ballot, voters are being asked to approve both proposals.

First is to allow the school district to tax property owners another three dollars for each $1,000 of assessed valuation to hire new teachers and cover other operating expenses.

The second proposal is to allow the school district to borrow $5,500,000 to pay for a new high school building and build additions to the district's eight elementary schools

The land for the new high school, proposed for the northeast corner of Hughes and Felker Streets, and the elementary school addition, is owned by the school district.

Asst. School Supt. Wilfred D. Webb estimated that if both proposals are approved, the average taxpayer will pay a maximum of about $15 per year more for the next ten years.

All 1,467 high school students are on part-time, staggered sessions. All 746 first graders and all 937 seventh and eighth graders are on half-day schedule.

This is the second time this year residents of Hazel Park school district will be asked to let their schools borrow money.

A school building bond issue of $8,500,000 was turned down by voters in the June election.

Challenges State Fruit Growers

'Best Peaches but Poor Job to Processor,' Says Official

GRAND RAPIDS (AP) — A processed food firm which used 20,000,000 pounds of fruit in its operations last year, and expects to double the amount in 1957, has challenged Michigan growers to supply enough quality fruit to meet the demand.

The challenge was issued by Ben F. Batcheler, fruit procurement official of Pet-Ritz Foods at Frankfort—a division of Pet Milk Co.—which produces frozen pies.

Batcheler said the nine-year-old firm has doubled the annual output of its frozen pies each year for the past five years.

Speaking at the recent State Horticultural Society meeting, he criticized Michigan growers for failure to carry through on the good job they do in growing quality fruit.

"Michigan growers grow the best peaches in the world, but they do the poorest job in the world of getting them to the processor," Batcheler said.

He noted one Michigan pack which meets his firm's quality standards for frozen peach pies. Batcheler said the packer worked closely with growers to insure they "spot pick" their trees for ripeness, which guarantees a pack for uniformity of color, texture and firmness of fruit.

Batcheler claimed "spot pick" methods are prevalent in California, from where he procures most of the firm's peaches.

Batcheler said his firm would like to use all Michigan peaches, but cannot.

"Perhaps with proper grower and processor relationships to insure better quality, many more millions of pounds of Michigan fruit would be going into frozen pies," he said.

Berkley Accepts Bid on Bond Money

BERKLEY — The board of education at its regular meeting last night accepted the low bid of Harriman, Ripley and Co. of Chicago and will borrow $500,000 from the firm at a little over four per cent interest.

The money is part of a two-million dollar bond issue approved by voters in 1954, and will be used to continue work on the new junior high school in the Oak Park area of the school district.

Slate Blood Bank in White Lake Area

WHITE LAKE TOWNSHIP — A bloodmobile will be at the Oxbow Post of the VFW today from 2 to 8 p.m. to begin the township-wide blood bank sponsored by the VFW post. Mrs. Mabel Church, chairman, says that any resident of the township may participate, with registration at the bloodmobile.

Ken Marshall and Glen Kalcec are co-chairmen.

Calmness Seen in Hazel Park; Hearing Slated

HAZEL PARK — All was calm at the regular meeting of the Hazel Park city council last night.

Joseph Wierbicki, according to city manager Calvin C. Henry said this morning, will appear at a closed hearing of a special appeal board on Thursday evening at 8 p.m. in the city hall. Wierbicki was fired by Henry Nov. 27.

Routine planning and rezoning matters were discussed at last night's meeting.

Corn Farmers Voting Today

Benson Critical; Plan for Allotments Wins Humphrey's Backing

About three and a half million farmers in 34 states are eligible to vote on questions that will materially affect the number of acres to be planted and the income likely to come from them, according to an Agriculture Department spokesman.

In Oakland county, about 2,000 are eligible to vote, with the issue being base acreage in the soil bank or an acreage allotment program.

Secretary of Agriculture Ezra Taft Benson who has left little doubt he favors the base acreage program, has run into opposition by Senator Humphrey of Minnesota and James G. Patton, president of the National Farmers Union.

Benson says relatively few corn farmers would be able to comply with the fewer acres of the allotment program.

Humphrey calls the base acreage program a "Benson-baited" proposal, and Patton calls it an "economic time bomb."

Voters in this area are casting ballots at the Oxford Co-op Office (for Oakland, Oxford, Brandon and Independence Townships) the Oakland Township Hall, Goodison, (for Oaklanr, Orion, Avon, Troy, and Pontiac Townships);

Holly Farm & Garden Store, Holly, for Holly, Rose, Springfield and Groveland townships; Lyon Town Hall, New Hudson (for Novi and Lyon Townships); Highland Township Hall, Highland, for Highland, White Lake, Commerce and Milford Townships; and the West Bloomfield Town Hall, for Bloomfield, West Bloomfield, Southfield, Waterford, and Farmington Townships.

Band Supporters to Boost 3 Ways

ROCHESTER — The Rochester Band Booster Club of which Jim Hill is president has announced a three-way plan of "boosting" and making available attractive Christmas decoration for homes and helping band members win a substantial prize.

The Band Boosters have provided the young people with cans of snow spray to sell. The project will help to furnish uniforms, and practice instruments.

A first prize of $10 and a $5 second prize will be awarded to the members selling the most cans. The contest opened Friday.

State Eyes 42-Foot Width for Bridge at Rochester

ROCHESTER — Plans are under way by the State Highway Department for a 42-width pavement across the M-150 bridge in south Rochester, T. M. Vanderstempel told the Rochester Village Council last night.

The planning of a three-lane highway has been changed to four lanes, he assured the council, which had objected to the earlier plan.

He termed his meeting with state officials successful, since they have decided to start the design the highway in the wider width. They also are talking of eliminating the sidewalk on the east side of the bridge, he reported.

Vanderstempel, a traffic engineer, had represented the village in the state highway matter.

The village also voted to ask the highway unit to permit placement of a banner and Christmas decorations across M-150.

The final plat of Rochester Heights Sub. was approved by the council subject to the approval of bonds and agreement with the approval of Village Manager Robert Slone, President Clarence Burr and Village Attorney Roscoe Martin.

The plat is to be signed by Clerk Lillian Easterle following their approval. Mark Abend of the Abend Brothers, Builders presented the plat.

James C. Hill, 120 Griggs Street was appointed by the council following the resignation of Frederick Nash on the Area Planning Commission. Nash is moving from Rochester.

Hill is former member of the council, having filled the vacancy of Paul Hoffmeister to serve from August 8, 1955 to March 1st, 1956.

Councilman Sidney Ennis and Frank Rewold were named by President Burr to confer and negotiate with Avon Township officials concerning the Avon Township Fire Bill. Manager Slone will arrange the meeting date.

The Council passed on the monthly activity report and paid general government bills of $3,365.94. Included in the bills were $700 for engineering on the new parking lot and $521 to the Oakland County Road Commission for traffic light maintenance and installation of flasher signal at Woodward and N.Y. Central R.R.

Water and sewer bills ordered be paid were $835.81. Other bills paid amounted to $5,543.96.

ARLENE LUCY SAWGLE

Mr. and Mrs. Fred Sawgle Sr., of 958 Plum Creek Rd., Lapeer, announce the engagement of their daughter, Arlene Lucy, to Raymond James Boyles, Jr., son of Mr. and Mrs. Raymond J. Boyles Sr., of 2720 North Lapeer Rd., Lapeer. No wedding date has been set.

Jarrendt to Talk to White Lakers

WHITE LAKE TOWNSHIP — Lewis C. Jarrendt, Oakland County Director of Civil Defense, will explain the C.D. organizational setup with an emphasis on the county-wide picture when the White Lake Township unit holds its rally day at the Old Town Hall tomorrow at 8 p.m.

Also speaking will be F. C. Vetter, on the township's responsibilities, accomplishments and plans.

Marlette Topography Called Good for Golf

MARLETTE — A golf course for Marlette is favored by several factors, according to Edward Daugherty, who spoke to Lions and Juvamus clubs recently.

A course should not be started, he told the group, unless about $50,000 is immediately available. Favoring a course is a suitable topography, population, and the lack of other courses near by.

Brandon Bands Concert Dec. 15

Chorus to Participate; Proceeds of Yule Event to Buy Uniforms

ORTONVILLE — The Brandon High School bands and chorus will combine their talents for a Christmas concert Saturday at 8 p.m. in the Brandon auditorium.

Opening the program will be the junior band under the direction of William Berendt. Selections they will render are "Under the Double Eagle" by Wagner, "Little Primrose Overture" by Hazel and "Belle of the Ball" by Hummel.

The high school band, also directed by Berendt, will present a variety of numbers ranging from "Fantasy for Band" by Erickson to the seasonal "Rudolph, the Red Nosed Reindeer" by Johnny Marks.

The chorus, under the direction of James O. Young, will sing a wide range of Christmas music.

A brass sextet composed of Everett Smith, John Rexford, Jeannine Brooks, Winston Merrick, David Brooks, and Eddie Starkey will lead the audience in Christmas carols to close out the program.

* * *

The band, which started out with 10 members six years ago, now has 50 students participating. Also six years old, the chorus has over 30 members.

Single tickets and family tickets are being sold. The proceeds from the concert will be used toward band uniforms.

200 Youngsters to Be Welcomed by Milky at Party

ROCHESTER — Milky the Twin Pines clown, will be the feature attraction as 220 youngsters, new to Rochester, gather with their parents, members of the Planter Club of Rochester.

The Christmas party will be at North Hill Elementary School Dec. 20 from 6:30 to 8:30.

Santa Claus will arrive at the party, too, with gifts for the youngsters according to Mrs. James Headlee, chairman of the party.

Her committee members are: Mrs. Thomas Lusk, Mrs. Harry Warholak, Mrs. Clifford Dutton, Mrs. Albert Holm, Mrs. John O'Donnell, Mrs. Ross West and Mrs. Conrad Leupold Jr. Mrs. Robert Allan will accompany Christmas carols.

Presbyterian Unit to Start Its Services on Sunday

WEST BLOOMFIELD TOWNSHIP — Newcomer to the area is the Rev. Samuel Colman Jr., who is organizing a Presbyterian church in the Middlebelt and Maple roads area.

First service for the new congregation is set for Sunday at 3 p.m. in the Eagle School at 14 Mile and Middlebelt roads.

Then, on succeeding Sundays, the new unity will be meet at Eagle school at 10:30 a.m.

There will be nursery care for toddlers, and on Jan. 6, a Sunday School for children from third through sixth grade will begin.

* * *

The Rev. Mr. Colman, his wife, and their daughter, Claudia, 15 months, are living at 30135 14 Mile Rd. Anyone interested in the new church may call them at MAyfair 6-5413.

Plans for a church building have not been detailed, since the congregation has not developed to that extent, Mr. Colman says.

A name has not been selected for the group, which is being sponsored by the Board of Church Extension of the Detroit Presbytery.

It is one of three new churches in the area which the First Presbyterian Church of Birmingham is helping to support.

Couple Speak Vows in Auburn Parsonage

AUBURN HEIGHTS — For the marriage of Norma E. Palmer to Bruce Clink of Brown City, the bride wore a two piece ensemble of bittersweet crepe, with winter white hat and accessories. The marriage was solemnized recently at the United Presbyterian parsonage by the Rev. J. Harvey McCann.

The newlyweds are living at 3102 Henrydale St., Auburn Heights.

Eye Civic Center, Industry

Predict Clawson of Tomorrow

CLAWSON — A preview of what might prove to be the Clawson of tomorrow will be delivered to citizens here over the weekend in the form of a 44-page booklet entitled "General Deevlopment Plan."

The plan outlines what Clawson must do in the coming years to meet the challenge of its anticipated growth.

It is expected that Clawson will increase its present population of 13,000 by 40 per cent and become fully developed within the next ten years.

Clawson covered an area of two and one quarter square miles.

Four thousand copies of the booklet will be delivered to Clawson taxpayers by the Guardian Angel Teen Club, said Mayor John Darbee.

Among major projects proposed by the plan is construction of a 47-acre civic center, recreation facilities within walking distance of every citizen at its schools, improved neighborhoods, a centralized commercial area, an industrial center to help bear the city tax load, and improved public utilities.

Construction of the Twelve Town drain now being held up by two participating communities, is the most urgently needed public utility, Mayor Darby says.

Clawson has already agreed to pay its $2,230,000 share of the estimated $38 million cost of the drain.

Method of financing the cost of the proposals made in the plan have not yet been decided, says City Manager Robert Wright.

"The completion of the general development plan marks the third major step in the revitalization of Clawson as a better place to live," Mayor Darby pointed out.

"First was the financing of the city's debt, the second, the revision of her charter permitting special assessment financing to meet modern needs."

The booklet was introduced by city officials at a press meeting yesterday afternoon at the Clawson City Hall.

The Civic center will be built on Elmwood avenue betwen Bywood and Selfridge Streets, and will include a new library, city hall, and a community center building.

Industry is to contain the present Rochester Road-Elmwood Avenue area, and will include completion of the 14 Mile Road and Crooks Road development, and creation of a 60-acre "planned" industrial district along Crooks Road and Maple road.

"This area already has attracted a multi-million dollar plant," the booklet says.

Name McLean Attorney for Village; Appoint Trio to Boards

ROMEO — Village Council members last night approved the establishment of a special assessment district in the new Wonder Lane subdivision in the northwest corner of town for construction of a 20-foot asphalt road and sidewalk.

J. Gerald McLean was appointed village attorney to handle the assessment proceedings.

Village President Ray Mellen appointed Glen Lean, Arch Robinson and Frank Wilcox members of the boards of Review and Assessors.

The local AMVET post was granted permission to sell Christmas trees on a portion of the village parking lot on East St. Clair street.

Council members approved installation of an unlisted telephone for Civil Defense Chief Maurice Foltz.

Village Clerk William Oming was authorized to pay delivery costs on some surplus Civil Defense equipment from the federal government.

The council will study some 12 bids submitted last night for leveling an excavation in the village dump before awarding a contract at the end of a 30-day period.

Weather Betrays Goodfellow Sale

ROCHESTER — Rochester Area Goodfellows only fell short of their expected goal of $2,500 by $450. Bad weather on Saturday was partly responsible for not reaching the goal, but members kept selling papers yet on Monday.

However, plans are going ahead for the Christmas Party on December 22nd and there will be no child without a Christmas gift and many families will be benefited by Christmas cheer, either by food or clothing.

Chief George Ross who was in charge of the sale said Monday night that he is contacting today Douglas B. Lund, director of elementary instruction here, and Arnold Ojala at the Avondale School to compile the lists of children for the party.

Yuletide Taking Fore in Programming

Parties in the Christmas vein highlight most of this month's meetings of Oakland County organizations, but Yuletide projects are also bringing workers of groups together.

Clarenceville

The Optimist Club here will be selling Christmas trees at their lot at Grand River and Eight Mile road starting Friday from 9 a.m. to 9 p.m. Tickets are now being sold in advance by members. Funds will go to a youth fund.

Leonard

A Yule program is set by the Woman's Club here at the home of Mrs. Emma Foe, at 1 p.m. Thursday. Dinner will be potluck and gifts exchanged.

Ortonville

Another potluck meal planned is that of the Altar Society of St. Ann's Church, with their holiday party set for 8 p.m. tomorrow at Mrs. Fred Lehnen's home. They plan a gift exchange also.

Metamora

The Birthday Club here will honor Mrs. Gordon Dewey at the home of Mrs. Don Johnson tomorrow evening. The club will have their holiday dinner at the home of Mrs. Harold Best at 8 p.m. next Wednesday.

Lake Orion

The Webber Block MOMS annual party will be held at the home of Mrs. Ethel Kowalski, 352 Shadbolt, at 6:30 p.m. Thursday.

Secret pals will be revealed with their gift exchange.

The Gingellville MOMS Unit 33 meet at 6:30 p.m. tomorrow at the home of Mrs. Arthur Burgess, 4325 Joslyn Rd., for their annual potluck Christmas dinner.

An old fashioned affair with carol singing and gift exchange, it will be the only meeting throughout the year that the members will not sew cancer pads.

The group packed 30 boxes for mailing this week to boys in service.

Gingellville

Girl Scout leaders here held their holiday party today at the Fire Hall. Following a potluck lunch and gift exchange, the leaders packed about 150 boxes of candy for the coming Gingellville Community Center party.

Four Towns

Yule party for Circle Deborah takes place tomorrow at the home of Mrs. W. Cadman Prout of Birmingham.

Girl Scout Troops 124 and 114 of the Methodist Church here will also have their party tomorrow, beginning at 7 p.m. Gifts will be exchanged.

Waterford Township

The Lotus Lake Extension Club will meet at the home of Mrs. Ina Nieslzwiecki, 3220 Perrin Dr. for their Christmas party.

Wayne Dennis to Head Rochester Youth Canteen

ROCHESTER — Rochester's Junior Women's Club has chosen C. Wayne Dennis to work as director of the Youth Canteen which the club sponsors.

Dennis, a sixth grade teacher at North Hill School, is a Michigan State University graduate in psychology and education, and is now studying in an education master's at Wayne University.

During military service, he was connected with the William Beaumont Army Hospital as a psychologist.

In Rochester, he has worked with the St. Phillips Episcopal Church's baseball team as coach, and he and his wife, Lou Ann Sutton Dennis, have held a pet show and group picnics with youngsters.

As canteen director, he will supervise both junior and senior sessions on Friday nights from 7:30 to 12:30, and will meet with the Youth Councils. He will also meet with the Women's Club Canteen committee of which Mrs. Neil Crowe is chairman.

Next Junior Council session is tonight at the home of Mrs. George Feeley, 312 Northwood St. The Senior Council meets next Monday at the home of Mrs. Robert Ballash, 852 Peach Tree Lane.

On Friday, the regular Canteen night will be for the junior high members only, at the 'American Legion Home, with no senior session.

Senior High Canteen members are looking forward to Dec. 28th at the Legion Home, when they will hold a 'Blue Grotto' holiday dance with a band to play for dancing from 9:30 to 12:30. Sandwiches and soft drinks will be served.

CHIEF DIAZ

Promote Navy Man at Training Center

An instructor at the Pontiac Naval Reserve Training Center the past three years, Radioman Luther A. Diaz has received a promotion to Chief Petty Officer, USN, and orders reassigning him to Pacific sea duty.

The announcement was made by Lt. Cdr. Bernard A. Woessner, commander of the center.

Chief Diaz, beginning his 14th year of naval service, saw combat duty in the Pacific during World War II. He served in this country during the Korean conflict.

His advancement came as the result of Navy-wide examinations last February, Woessner said.

Chief Diaz recently re-enlisted for six years and received over $1,000 in bonus money as part of the Navy's present program to attract veteran sailors to remain in service, Woessner added.

Fly Genetics in Unique Lab at U. of K.

By International News Service

What may be the only laboratory in the world, whose primary purpose is to study housefly genetics, is being established at the University of Kansas.

Dr. Robert R. Sokal, assistant professor of entomology who will direct the work, has been studying housefly genetics in relation to insecticide resistance since he came to K. U. five years ago, but this is the first exclusive study to be conducted. It is made possible by a contract with the office of the surgeon general of the army.

As Dr. Sokal sees it, you can try to find out what makes flies resistant to DDT and other insecticides, or you can try to develope insecticides which will kill the flies.

Eventually the project will be expanded to study the genetics of DDT resistance and the scientists will attempt to find out how many different kinds of resistance the flies have.

Postpone Trial of Johnny Dio

Wants Public Emotions to Slow Down, Says Federal Judge

NEW YORK (AP)—Trial of Johnny Dio, who the government contends masterminded the acid-blinding of labor writer Victor Riesel, has been postponed until next spring. Selection of a jury was to begin today.

* * *

Federal Judge William B. Herlands yesterday ordered adjournment of the trial until April 24 over bitter objections of defense counsel on the court's own motion for adjournment. Herlands said the four-month delay was necessary for Dio and three others to get a fair trial. The judge said he wanted public emotions to simmer down.

The government took no position on adjournment.

* * *

Herlands' ruling, which came at a pretrial hearing, surprised both defense and prosecution counsel.

Riesel, whose column is syndicated nationally, was permanently blinded by a thug who threw acid in his face outside a Broadway restaurant April 5. Three other men were given prison sentences last week as conspirators.

The government charges the attack on Riesel was aimed at intimidating him in connection with a rackets investigation into the garment and trucking industry.

Hike UF Goals in U.S.

NEW YORK (AP)—The American public is expected to contribute an estimated 378 million dollars, 12 per cent more than last year, to the 2,000 united community campaigns this fall. The estimate was made today in a report by the United Community Funds and Community Chests of the United States and Canada.

Britons With U.S. Blood Ties Speed Return of Amity

By TOM A. CULLEN

LONDON (NEA) — The cooling-off of Anglo-American friendship has made a lot of Britons, not the least among them Sir Anthony Eden and Sir Winston Churchill, suddenly conscious of their strong American ties.

These blood bonds between Britain and America are seen here as the best guarantee that the Anglo-American alliance will not only be restored to its original vigor, but may even in the future result in a closer union between the English-speaking peoples.

The fact that Sir Winston Churchill's mother, Jeanette Jerome, was an American is too well known to need stressing.

This dark, lithe American beauty was the daughter of Leonard Jerome, owner and publisher of The New York Times during the Civil War and founder of the Coney Island Jockey Club.

Less well-known is that one of Sir Anthony Eden's forebears, Sir Robert Eden, was governor of Maryland at the time of the American War of Independence. He was chased out of the colony in 1776, but he later returned to die and be buried in Annapolis, Md.

SOUL SEARCHING

To another British cabinet member who is half American the crisis in Anglo-American relations has presented itself as a bitter personal dilemma, the occasion for soul-searching of the agonizing sort.

He is Lord Hailsham, 49, First Lord of the Admiralty, who, as Quintin Hogg, made a brilliant name for himself as a lawyer and as a Conservative Member of Parliment before succeeding to the peerage.

When Lord Hailsham arose to address Oxford Conservatives recently, it was not as a British cabinet minister, but simply as "the son of an American mother," he pointed out. (His mother was Elizabeth Brown, daughther of Judge Trimble Brown of Nashville, Tenn.)

"Nevertheless," he declared, "for the first time since the war, almost for the first time in my life, I find it hard to say I am half American, still harder to say that I am proud of it."

Lord Hailsham then went on to warn the United States: "We will not be sermonized. We don't want to hear any moral lectures."

Quite different has been the reaction of the Astor family — Virginia-born Lady Nancy Astor, the last of the famous "Gibson Girls," and her four sons — who, today, are as much a part of British politics as they are of American history.

ASTORS UNDER FIRE

The Anglo-American friendship crisis has acted to bring out the Americanism of the Astors; so much so that two of the Astor sons who sit in the Houses of Parliament, and a third, who is the editor of one of Britain's most influential newspapers, have been under fire in certain Tory circles, where it is more fashionable not to "like Ike" at the moment.

* * *

The Astors have been critical of Eden's handling of the Suez crisis; they also have been vocal in urging the British government to greater speed in restoring the Atlantic partnership.

This has given rise to a wave of what The Spectator calls "anti-Astorism." There have been anonymous letters accusing the brothers of being "cowardly and unpatriotic" for criticizing the prime minister.

Actually, the Astors, who appear very British, are part of the warp and woof of America. Their family coat of arms features a North American Indian and a fur trapper (both armed with rifles) as a reminder that the original John Jacob Astor, who emigrated to the United States in 1783 from the village of Walldorf, Germany, made the family fortune by trading in furs.

* * *

Today, at 77, Lady Nancy Astor has lost none of her sharp tongue, even though she still retains her soft Southern drawl. Aroused by the Tory attacks upon her sons for their pro-American attitude in the Suez crisis. Lady Astor snaps back:

"I'm perfectly satisfied with my sons. The people attacking them can hit as much as they like, but I would far rather have them with the courage of their convictions than no convictions at all."

The eldest son of Lady Nancy, Viscount Astor, 49, announced from the Tory benches in the House of Lords soon after the Anglo-French intervention that Britain's moral authority had been diminished.

* * *

Major J. J. Astor, 38, Conservative M.P. for Plymouth, did the same in the House of Commons. mons.

David Astor, 41, editor of the influential Observer, has been blistering in his attacks upon Eden's Suez policies. In fact, when he compared Britain's police action with "gangsterism" and urged that "Eden must go," most Britons thought he had gone to far.

* * *

Michael Astor, 40, sportsman and country squire, receives the anonymous letters intended for his three brothers. One anonymous writer, after two pages of vilification, had an after-thought, added at the bottom, "or are you quite mad?"

Lastly, there is Uncle John, Col. John Astor, 70, chairman of The Times, which is known in Fleet Street as "The Thunderer." As boss of The Times, Colonel Astor has used his influence to promote greater Anglo-American understanding.

* * *

"A Britain united in Anti-Americanism," warned The Times recently, "is not merely a Britain headed for disaster but also a Western world and an American continent headed for disaster."

Atomic Energy for Farm Use

MSU Professor Sees New Revolution Coming for Agriculture

CHICAGO (AP)—A Michigan State University Professor has predicted that atomic energy will bring changes in agriculture comparable to those wrought in the 19th century by the industrial revolution.

"While atomic power will prove important to the farm scene," said H. B. Tukey, head of MSU's horticulture department, "the use of atomic radiation may prove still more so."

Prof. Tukey told the 49th annual winter meeting of the American Society of Agricultural Engineers:

"Radiation can speed the breeding of improved varieties of plants. It may also play a role in pasteurization, sterilization" and insect and disease control It can supplement refrigeration, and by use of 'tagged' atoms and tracer techniques, it is being used to discover new information about plant and animal physiology and water movement."

The speaker said atomic power will bring increased water supplies for farm use by tapping such sources as the Great Lakes, or by desalting sea water.

He said abundant, cheap power also would open up new possibilities in synthetic fertilizers and food and cheaper and fast transportation.

More than 1,000 farm engineers from 48 states and many foreign countries were in Chicago for the meeting which continues through Wednesday.

Post Offices Open Later for Benefit of Shoppers

DETROIT (AP) — Most suburban and branch post offices in the Detroit area will remain open longer beginning this week to accommodate Christmas shoppers.

Postmaster Edward L. Baker said branches will be open from 7 a.m. to 6 p.m. Monday through Saturday. Normal hours are from 7:30 a.m. to 5:30 p.m. The branches will also be open this Sunday from 1 p.m. to 4 p.m.

Baker said most suburban post offices will remain open until 8 p.m.

Lawyer Will Subpoena Costello's Wiretappers

By EARL WILSON

NEW YORK — The wire-tappers had better get ready to blow town.

Once so many phones were tapped that a New Yorker, lifting his receiver, almost automatically said, "Hello, everybody!"

★ ★ ★

Frank Costello's brilliant young barrister, Edward B. Williams, will "blanket the town with subpoenas" to show that "high-level wire-tapping" convicted Costello.

Cops, tax agents, District Attorney Hogan's aides and earphone guys will be paraded into court in a try for a new trial, says Williams. A sudden effort to take Costello for a ride — a bus ride to Atlanta Penitentiary — was meanwhile spiked by Williams.

Costello was already on the bus en route. Williams protested claiming "F.C." was needed here Dec. 17 for argument on a new trial. So Costello was sent back to Federal jail on West St.—pretty unhappy about the bus ride.

He felt he should at least have been sent by plane.

Water Shortage in Virginia City; Needs U.S. Aid

CARSON CITY, Nev. (AP)—Gov. Charles Russell has declared Virginia City an emergency area as the first step in seeking federal aid to halt the historic town's week-long water crisis.

The wooden flumes carrying water from a mountain reservoir froze because severe cold weather came ahead of snow cover to insulate the flumes.

If the Department of Interior approves, the governor's office said Stead Air Force Base will be asked to lend the state its weasels to help jar loose the ice.

And Federal funds would be asked to pump water from nearby Silver City and American Flats.

In the meantime, many Virginia City residents go to Carson City to take baths and bring home buckets of water.

Contests Policy of 'Tight Money'

Group Calls Witnesses in Exploring Soundness of Treasury Controls

WASHINGTON (AP)—Some of the architects of the government's plans for inflation control — popularly called its "tight money" policy—face questioning today by critical Congress members.

One of the first witnesses, Board Chairman Robert R. Young of the New York Central Railroad, said he sees a real danger that inflation may impose a "creeping stagnation" on the nation's economy.

The "tight money" policy is generally attributed primarily to Secretary of the Treasury Humphrey and to the Federal Reserve Board, which is independent of the administration.

Humphrey and other officials have defended it as the only logical course at a time of general prosperity which they say has spurred heavy demands for credit from individuals, business and industry.

Viet Nam People Give $70,000 to Aid Hungary

NEW YORK (AP)— Tran Van Choung, Viet Nam's ambassador to the United States, has presented a check for $70,000 to the International Rescue Committee to help refugees from Communist oppression in Hungary.

Tran said the money came almost entirely from small individual contributions by the people of South Viet Nam.

Miss Universe Realizes Stardom Isn't Guaranteed

By BOB THOMAS

HOLLYWOOD (AP) — Carol Morris, Miss Universe of 1957, is embarking on an acting career with her pretty blue eyes wide open.

* * *

The statuesque beauty from Ottumwa, Iowa, has reported to Universal-International to begin her contract. Her first role is as a chorine in "Man of a Thousand Faces," and she has a total of one line.

Whether or not her roles get bigger depends on her ability, and she's realistic about it.

* * *

"I know the odds against beauty contest winners making a go as actresses," she remarked. "Not many have made it, and I can see why. Because a girl is good looking — that's no reason she can become an actress.

"It takes a lot of study and training to learn acting. Right now I'm going to classes at the studio and studying as hard as I can. I hope I can make it. But if I don't, I'll go back to college and get my degree."

* * *

Carol still seems a bit awed by all that has happened to her since she won the beauty prize last summer.

From Long Beach she went to New York for a publicity whirl. In a few days, she clocked 24 TV and radio shows. Then she had a triumphant return to Ottumwa.

"I thought at least I would get some rest there," she said. "But I found our house filled with reporters and photographers. One time I walked into my bedroom and there were reporters making notes of everything that came out of my suitcase!"

She had some more touring, then reported to U-I to begin her training as an actress.

THE THINGS WE CAN TAKE FOR GRANTED

Chest x-rays are just one of the blessings we Americans take for granted. But in areas overseas where war, famine and disaster have left millions of people undernourished and destitute, a chest x-ray can mean a life saved. America's three great religious faiths—PROTESTANT, CATHOLIC and JEWISH—carry on diagnosis and treatment of tuberculosis as part of their overseas aid programs, in addition to distributing food, clothing, medicines, carrying on self-help projects, etc. Your gifts through your church or synagogue will help in this great work and will make this Holiday Season happier for you and for THEM. Give thanks by giving—

give through your faith!

CONSTIPATED?

new laxative discovery un-locks bowel blocks

without gag, bloat or gripe

Constipation is caused by what doctors call a "thrifty" colon. A "thrifty" colon is one that, instead of retaining moisture as it should, does the opposite: robs the colon of so much moisture that its contents become dehydrated, so dry that they block the bowel; so shrunken that they fail to excite or stimulate the urge to purge that propels and expels waste from your body.

TO REGAIN NORMAL REGULARITY two things are necessary. *First*, the dry, shrunken contents of your colon which now block your bowel must be re-moistened. *Second*, bulk must be brought to your colon to S-T-R-E-T-C-H STIMULATE it and so, excite its muscles to action; to a normal urge to purge.

ONLY A BULK LAXATIVE can 1) re-moisten this dry, shrunken waste and 2) supply vital bulk to re-create a normal urge to purge. And, of all bulk laxatives, COLONAID, the amazing new lavative discovery is so effective that it relieves even chronic constipation overnight, yet is so smooth, so gentle it has been proved safe even for women in the most critical stages of pregnancy.

SUPERIOR TO OLD STYLE bulk, salt or drug laxatives, COLONAID neither gags, bloats nor gripes; does not interfere with your absorption of vitamins and other valuable food nutrients; and in clinical tests, did not cause rash or other side reactions.

IT'S A PHYSIOLOGICAL FACT: Exercise tones your body! And COLONAID exercises your colon to tone it against constipation, overnight! Whether occasional, frequent or chronic, whatever your degree of constipation, get COLONAID, in easy-to-take tablet form at any drug counter, today! The price, only 98c for the economical 60 tablet package, brings you positive relief at less than 2c per tablet.

Honorable Discharge for AF Lt. Saunders

WASHINGTON (AP) — The Air Force has decided to give an honorable discharge to Lt. Titus A. Saunders, a reserve officer who resigned amid disagreement over a 1954 conviction on a drunken driving charge.

* * *

When Saunders chose to resign Nov. 27, the Air Force said he would be given a general discharge. That connotes honorable conditions, but it is less desirable than an honorable discharge.

Secretary of the Air Force Quarles announced late yesterday that Saunders, a Negro, is being given an honorable discharge after study of his case by a discharge review board.

Saunders has said the Air Force was pressured by Sen. Stennis (D-Miss) to get rid of him — a contention disputed by Stennis and the Air Force. At his home in DeKalb, Miss., Stennis said he had no comment on the new action.

The Air Force has maintained it followed normal procedure in telling Saunders he had to resign or be dropped from the service because of his conviction on a drunken driving charge in Mississippi.

Capitol Given Face-Lifting

Seamy Lady Recaulked

WASHINGTON (AP) — The lady atop the Capitol dome has had her joints caulked.

The Capitol has been washed and painted.

The "Battle of Lake Erie" is back on its wall inside the Senate wing of the Capitol, the big painting having been cleaned and restored.

* * *

Things are taking shape for the Jan. 21 inauguration ceremony on the east steps of the Capitol.

Congress appropriated $215,000 for the necessary accouterments to the Capitol and its grounds for the second inauguration of President Eisenhower. That includes a special roofed platform with wooden Grecian columns, and 15,700 seats inside.

The 56-year-old center part of the Capitol was given its 31st coat of paint this fall. Its regular painting every four years has been timed to coincide with the inauguration.

* * *

The younger, 100-year-old Senate and House wings of harder stone are washed every two years. The District of Columbia Fire Department did the job last month.

Congress appropriated $65,000 for the painting.

That money also face-lifted the lady atop the dome—the 19½-foot high bronze statue of freedom. she was recaulked entirely, repainted and given new platinm tips.

Bowling Green Police Tell Alarming Tale

BOWLING GREEN, Ky. (AP) — Police weren't very enthusiastic when they answered a burglar alarm at a department store one night.

They really didn't expect to catch a burglar — the alarm had been going off accidentally about once a month.

But officers did find somebody in the store — a salesman who had been locked in by mistake. The alarm had sounded accidentally while he was trying to let himself out.

The fact that the Detroit Lions have set an all-time season attendance record of 330,966 for six home games this year, comes as no surprise to many in the National Football League.

Why? Because it's happening all over the league.

★ ★ ★

Having a contender is naturally a very big factor at the gate, but looking aside from one individual team, it is interesting to note that the overall attendance records of the NFL have zoomed in the past five years.

In 1950 when the old All-America Conference merged with the National Football League to form two divisions, the pro football stock went up.

Merging, however, wasn't the only boost. The bosses of the various franchises and the NFL itself were confronted with a relatively new invader into the field of sports—television.

★ ★ ★

It was their attitude at that time which really put pro football to its present level.

The pros took television by the hand and in realistic fashion decided it was here to stay.

"We decided to live with television and not without it," said general manager Nick Kerbawy, "and you can see the results."

Here are the attendance figures for 72 regular season games in each year since 1951 in the NFL.

Year	Attendance
1951	1,913,019
1952	2,052,126
1953	2,164,585
1954	2,190,571
1955	2,521,836

These figures do not include playoff and championship games. Last year the championship between the Browns and the LA Rams drew a record high of 85,693 in Los Angeles.

A new mark was also established for individual money shares last year with each Cleveland player's winning share amounting to $3,508.21 and each loser getting $2,316.26.

So you see, pro football is living well and growing.

PRO BOWL ALSO ADDS TO THE POCKETBOOK

Getting into the NFL championship game is a big financial gain for every player on the two competing teams, and so the Lions-Bears game in Chicago Sunday will mean at least a couple thousand extra bucks for the winning members.

★ ★ ★

Then comes the pro bowl January 13th where the Western Division all-stars meet an Eastern Division squad with several more hundred dollars awaiting all those selected.

The winning all-stars each get $700 and the losers each get $500. One rule is that no more than seven players from one team can play on either all-star squad.

As it appears its going to be pretty tough to keep less than seven Lions off that team.

★ ★ ★

Last year's choices Jack Christiansen, Jimmy David, Joe Schmidt and Lou Creekmur are almost sure bets to be picked again, and it's hard to see how they could keep Yale Larry off the defensive unit as well.

All-star quarterbacks are at a premium, and you could easily venture to say that Bobby Layne will be leading the West attack.

There are six already, and we haven't mentioned anyone from the league's best defensive line which could be Ray Krouse or Gil Mains, or even couple names like Dave Middleton or Dorne Dibble as pass receivers.

One thing is sure, those pocketbooks will either open or close for business after Sunday.

IN CUB-CARD DEAL — Here are four of the players involved in the 10-man deal made yesterday by the Chicubs and the St. Louis Cardinals of the National League. At top are infielder Ed Miksis (left) and pitcher Sam Jones who go to the Cards; below (left), pitcher Tom Poholsky and catcher Ray Katt who go to the Cubs. Catcher Hobie Landrith also goes to the Cards; pitcher Jackie Collum goes to the Cubs who also receive infielder Wally Lammers and two farm club players. Pitcher Jim Davis goes to the Cards.

Cubs-Cards in 10-Player Deal

CHICAGO (AP) — The Chicago Cubs who only 24 hours ago were desperately seeking to strengthen their catching department, had two new backstops today following the purchase of Charlie Silvera from the New York Yankees and the acquisition of Ray Katt in a 10-player trade with the St. Louis Cardinals.

* * *

Katt, a .247 hitter who clouted 13 home runs last season, came first. With him came pitchers Tom Poholsky and Jackie Collum and infielder Wally Lammers, who was immediately shipped to the Cubs' Los Angeles farm club in the Pacific Coast League.

Two other players, of minor league calibre, have been promised by the Cardinals no later than March 1. These players will be sent to the Yankees along with $10,000 for Silvera.

* * *

In return for the Redbird flock, the Cubs sent pitchers Sam Jones and Jim Davis, catcher Hobie Landrith and utility man Eddie Miksis. Jones, who pitched a no-hitter against Pittsburgh May 12, 1955, and Poholsky, who hurled a 22-inning game while with Rochester back in 1950, were the biggest named in the huge transaction.

* * *

Each had a 9-14 record last year. Jones led the National League with 176 strikeouts and 115 walks while Poholsky, a control artist, walked 44, struck out 95. Poholsky, at 27, is four years younger than Jones.

* * *

Silvera, 32, has been in the shadow of Yogi Berra ever since he joined the Yankees in 1948. Manager Casey Stengel, however, always regarded him as a valuable asset to the club's success, a matter of seven pennants and a second place finish during Silvera's tenure with the club.

* * *

Although he has played only 201 games in nine years with the Yankees, Silvera has earned in the neighborhood of $65,000 in World Series shares alone. Last year he appeared in seven games and collected two hits in nine times at bat. His best year was in 1949 when he batted .315 in 58 games. Charlie had a .327 batting mark in 1952 but he played in only 20 games.

* * *

Manager Bob Scheffing was enthusiastic over the two deals, his first since he succeeded Stan Hack as pilot of the Cubs two months ago.

* * *

Aside from trades and trade talk, the two leagues were involved in legislation and re-election of officers.

* * *

The leagues voted to adopt a minor league plan to consolidate their annual meetings and have them alternately in a minor and major league city.

They also voted to set up a player pool to supply talent in case of a catastrophe to any member club, such as a plane or train wreck which could wipe out a team.

* * *

Committees were appointed to examine possibilities of taking out a blanket insurance policy that would protect the interests of the clubs contributing to the player pool.

* * *

The American League voted to adopt a three-game post-season playoff in case of a tie for the pennant. In the past, the American League has had a one-game playoff. The National League has had a three-game playoff.

Ford Leads AL in ERAs, Lary Tops 20-Game List

CHICAGO (AP) — Six American League pitchers reached the 20-win circle in the 1956 baseball campaign to climax official league pitching records released today.

The New York Yankees' Whitey Ford, who won 19 games and lost only 6, took the earned run leadership title with a 2.47 mark that topped pitchers working 154 or more innings.

The big winners were the Detroit Tigers' young right-hander, Frank Lary, with 21-13; his teammate, Billy Hoeft, 20-14; Billy Pierce of the Chicago White Sox, 20-9, and the Cleveland Indians' trio of Herb Score, 20-9, Early Wynn, 20-9, and Bob Lemon, 20-14.

In addition to Ford, two other hurlers were under the 3.00 earned run figure. Score had 2.53 and Wynn 2.72. Pierce, who led in 1955 with 1.97, finished with 3.33 this time.

Lary, 25, who finished brilliantly after a slow start, led in number of victories as well as pitching the most innings, 294; facing the most batsmen, 1,126, and starting the most games, 33. He also yielded the most hits, 289, and hit the most batsmen, 12.

Score repeated as the strikeout king by whiffing 263 batsmen, 18 more than in 1955. He also had the most wild pitches, 11.

Other marks included these: Most walks—Paul Foytack, Detroit, 142, of which four were intentional; most games—George Zuverink, Baltimore, 62 appearances; most complete games — Pierce and Lemon, each 21; most homers given up—Camilo Pascual, Washington, 24; most losses —Art Ditmar, Kansas City, 22. Ditmar also allowed the most runs, 141, of which 125 were earned.

* * *

Cleveland led the team earned run mark with 3.32 followed by New York with 3.63 and Chicago with 3.73. The league ERA was 4.16 as compared to 3.96 in 1955.

ROAST GOOSE COMING UP — There's a lot of roast goose in the two hefty Canadas Bill Bookie displays above. Bill and his dad, Dr. John L. Bookie, 587 N. Perry, downed the fine honkers (Bill got the big one, 11 pounds) at the Swan Creek conservation station, near the state preserve. The geese were taken Sunday morning, day the season ended. Smaller one weighed 9 pounds and both were shot from a flight of seven.

Light Cage Slate on Prep Scene

Light activity is slated on the prep basketball front tonight as most area teams prepare for the heavy schedule to come Friday night.

Most of tonight's action is centered in the Wayne - Oakland League with several scattered games in the immediate area of importance.

In the W-O circuit, West Bloomfield will get a severe test when it visits Northville, one of the key powers of the league. The Lakers dropped their first game in league play in the season opener last Friday, 48-41, to Brighton, another team heavily rated in the league.

Holly, which fell to a red-hot Northville outfit 76-66 last weekend, is hoping to move back on the victory trail at Clarenceville, while a graduation - depleted Milford quintet travels to Brighton.

On the non-league side of the schedule, the big game is at Birmingham where arch-rival Royal Oak Dondero is favored to take the Maples into camp.

It will be the opener for the Acorns, who have two of their better scorers back from last year in Dave Richey, all-county guard, and Evans Webb, a senior forward.

Birmingham started last Friday with a 47-36 win over Cranbrook, and the Maples will hold some height advantages with 6-foot-4 Bob Isbell and 6-foot-4 Marshall Roe in the starting lineup.

An oddity for the game is the fact that Birmingham will also have a Dave Ritchey in its lineup. He is a junior forward.

Cranbrook and Romeo, each team searching for its first win, tangle on the Crane court in an afternoon encounter at 4:00 p.m.

Thrice - beaten Cranbrook has fallen to Walled Lake, Kennedy and Birmingham, while the Bulldogs were dropped by South Lake and Rochester.

* * *

Rochester (1-0) and Utica lock horns at Utica in what should be an interesting battle. The Falcons, with prospects for a successful campaign, have three regulars, led by Dave Peters, ready for the encounter. Utica suffered pre-season losses when Lou Haase the only returnee broke his leg in the final football game of the year, and another regular Ed Hascila moved away.

Another traditional battle takes place at Berkley where a strong Ferndale squad, which romped Southfield 77-35 last week, meets the Bears. Berkley gave Dearborn Fordson a tough battle before bowing in its opener 41-35.

Other area games will have powderful East Detroit at Troy, Thurston at Oak Park, St. James at Madison and Southfield at Redford Union.

No Immediate Successor in White Sox Presidency

CHICAGO (AP) — No immediate change in the present executive setup of the Chicago White Sox appears likely, the baseball club's attorney said yesterday after the sudden death of the president, Mrs. Grace R. Comiskey.

Mrs. Comiskey's son, Charles A., 31, and John Rigney, her son-in-law, will continue in their twin capacity as vice presidents. Roy Egan, attorney for the club and the Comiskey family, said he didn't believe a successor to Mrs. Comiskey as president would be named for a year.

AP Wirephoto

SOX OWNER DIES — Mrs. Grace Comiskey, above, president of the Chicago White Sox, died unexpectedly yesterday in her Chicago apartment. A heart seizure was blamed. She was 68.

Egan said no disposition of Mrs. Comiskey's 4,000 shares of the 7,450 shares of stock in the club will be disclosed until the will has been probated in about two weeks.

Although young Comiskey had been tabbed as a future leader of the White Sox by his grandfather, Charles A. Comiskey, founder of the club, there was speculation that Mrs. Comiskey's daughter, Mrs. John Rigney, or perhaps Egan, may get the presidency. Mrs. Rigney is the club's secretary.

Egan said that when Mrs. Comiskey's husband, J. Louis, died in 1939, the presidency was left vacant "as a mark of respect for more than a year."

"The same procedure probably will be followed again," Egan said.

Mrs. Comiskey became president of the White Sox in 1941, two years after her husband's death and after winning a court fight. When she broke the trust after the death of her husband she was awarded half the stock. She was the only active woman baseball executive in Major League history.

Wayne Gridders Named

DETROIT (INS)—Wayne State's tackle, Benny Paolucci, already named to the All-Michigan team, received added honors today when he was named to the All-PAC team, along with center Art Freiman and halfback Jack Goggins.

Paolucci, a 235-pound junior tackle, who played his football at Detroit Cass Tech, was the mainstay of the Wayne line last season along with Freiman.

College Scene Topsy

St. Louis Nips Kentucky

By THE ASSOCIATED PRESS

Kansas has a myth playing center, Oklahoma A&M already has lost at home and Nebraska has beaten three Big Ten teams in three tries. But everything's "normal" in college basketball after all —Eddie Hickey and his St. Louis Billikens have knocked off Adolph Rupp's Kentuckians.

* * *

Hickey has a pennant for hitting the bluegrass baron like sour-mash on an empty stomach, and he did it again last night. Hours after the Wildcats had been granted the No. 3 spot in the first Associated Press poll of the season, the unranked, once-beaten Bills up and hbopped 'em 71-70.

* * *

Harold Alcorn of the Billikens, a senior guard, outscored Kentucky 12-8 all by himself in one five-minute spurt midway through the final half and then put it away with two foul shots in the closing minutes. He finished with 24 points.

* * *

Since coming to St. Louis, Hickey has beaten the Rupp four out of seven.

Kentucky was the only member of the newly elected top 10 in action last night, although three teams in the second 10 were at it. Western Kentucky (No. 12) made it 3-0 with a 95-74 breeze past New Mexico A & M; Oklahoma A & M (No. 19), after dropping a home game to Washington, made it 4-1 with a comeback, 59-50 decision over Arkansas; and Seattle (No. 20) gained a 4-1 standing with a 47-44 job on Santa Clara.

* * *

In conference play, Maryland gained a tie for the Atlantic Coast lead with Duke by defeating Wake Forest 59-53.

* * *

Nebraska kept the heat on the Big Ten by defeating winless Wisconsin 53-51 as Gary Reimers and Don Smidt hit two foul shots apiece to break a 49-all tie with 3:25 left.

Beliveau Leads Scoring Race

Canadien Star Ahead of Two Detroit Red Wings in Points

MONTREAL (AP)—Jean Beliveau, 25, Montreal's young veteran, counted a seven-point edge over Detroit's Gordie Howe and Ted Lindsay today in pursuit of his second consecutive National Hockey League scoring championship.

* * *

The Canadien, who won the 1955-56 title by a nine-point margin over Howe, collected his 11th goal and 24th and 25th assists last week for a 36-point total. His assist total also tops the league.

Howe, the leading goal-maker with 15, and Lindsay each have 29 points.

Norm Ullman of the Red Wings is next with 25, taking over fourth place from a pointless Bert Olmstead of Montreal.

* * *

Montreal's Jacques Plante remained tops among the goalies with his five shutouts and along with sub Gerry McNeil took over the fewest-goal-allowed lead at 55. Glenn Hall, the past leader, slipped to third with his 58. Plante-McNeil have a 2.04 game average, followed by Boston's Terry Sawchuk with 2.15 on 56 goals allowed. Hall is 2.42.

Rabbit Hunters Proud of Bag: Pair of Foxes

Two Bloomfield Township youngsters who went rabbit hunting got more than they bargained for yesterday and returned with a pair of foxes instead.

Philip Morey, 10, of 1155 Humphrey St. and his neighborhood pal, Ralph Broaddus, 9, set out after school with Philip's dog, Roxie, who quickly picked up a trail.

* * *

It led to a rabbit—but one being devoured by three foxes. Assisted by Roxie, the boys dispatched two animals quickly, and routed the attack of the third.

Now they are pondering whether to take the $6 offer of a local taxidermist, or keep them to be stuffed and mounted themselves. Philip's fox measured 44 inches from tail to nose tip, and Ralph's animal was slightly smaller.

Joey Rallies, Beats Rocky

Giambra Now Seeking Another Scrap With Giardello

SAN FRANCISCO (AP)—Joey Giambra, 24, an ex-GI middleweight boxer from Buffalo, N.Y., called for another bout with Joey Giardello "any place" after beating Rocky Castellani again last night.

* * *

Giambra already has battled Giardello twice, losing the first time and then squaring accounts. He feels another victory could put him in line for a shot at the 160-pound title.

* * *

Last night before 5,500 fans who paid $31,522, the 157½-pound Giambra rallied after losing the first three rounds. Castellani, 29, from Cleveland weighed 160.

In both the fourth and fifth stanzas, Joey scored heavily with combinations to the head and Rocky appeared wobbly. He said after the bout that he had not been in trouble. A small cut was opened alongside his left eye in the fifth but didn't bother him.

Chips Topple to Defeat

MT. PLEASANT (AP) — Central Michigan leaned too heavily on a three game victory string last night and was toppled by a fast Ball State (Ind.) basketball squad, 79-56.

It was Central's first loss this season and it was the third victory in five games for the Muncie, Ind., school.

Avondale Quint Opens Season on Wednesday

Avondale High School takes the cage spotlight Wednesday night when it opens its season against Fitzgerald in an Oakland-B test to start.

* * *

Fitzgerald, the defending champion of the league, won 12 of 15 regular season games and 10 of 12 in the circuit. The Spartans have only one letterman, Bob Bush, 6-foot forward, back from that squad.

The Jackets are in little better shape except that three probable starters are out with football injuries as yet. Big loss for Avondale from the 1955 runnerup team in the league is high scoring Jerry Paul.

Dwight Moulton and Ken Sheehy are back along with Fred Hyten who played only a half season last year. Ron Elmy, Dick Gronski and Steve Saunders are the injured threesome.

Michigan Skaters Tie Toronto, 2-2

ANN ARBOR (AP) — Michigan's NCAA champion hockey team needed a last minute goal by Ed Switzer last night to earn a 2-2 hockey tie with the University of Toronto.

* * *

The game made it 13 straight for the Wolverines without a defeat. It was Michigan's second game of the season. They beat Toronto 4-3, Saturday night.

* * *

Switzer took the puck from a faceoff deep in the Toronto zone and whipped it by goalie Ray Dunn for the score with 22 seconds left. The Wolves had six forwards on the ice at the time.

* * *

Toronto's Brian Anderson scored both the Canadian goals.

Hero's Welcome Planned by Morrow's Home Town

ABILENE, Tex. (AP) — Bobby Morrow, mighty man of the Olympic Games, gets the welcome of a conquering hero today.

The tall Texan who sped to glory in the Olympics and brought this city and Abilene Christian College their greatest renown will have a 20-foot red carpet rolled out for him when he alights at the Abilene Airport. It's just a small indication, however, of what there is to come.

* * *

A parade downtown with 5,000 of Morrow's admirers showering him with ticker tape and a testimonial dinner tonight will make "Bobby Morrow Day" in Abilene an occasion to be remembered.

At the airport Mayor C. E. Gatlin will present Morrow with a five-foot gold key to the city. The Abilene Christian College track team will form an honor guard.

Morrow, who won both sprints and ran on the victorious 400-meter relay team to bag three gold medals at Melbourne, will arrive at 3:45 p.m. by private plane.

* * *

The parade is scheduled for 5 p.m. with Morrow; his wife, Jo Ann, and his parents, Mr and Mrs. B. F. Morrow of San Benito, Tex., heading it in an open car.

Three of Texas' most noted sports personalities—baseball star Tris Speaker, golf great Byron Nelson and football All-America John Kimbrough—will be among the speakers at the dinner.

Wayne Captures 4th Basketball Victory

DETROIT (AP) — Wayne State's unbeaten basketball squad turned in its 4th straight victory last night, alternating control ball with the fast break to upset Texas Western 67-60.

Wayne, paced by 6-foot-6 center George Brown's 21 points, took a 35-29 halftime lead and then fought off a Texas rally that narrowed the gap to 61-60.

Charley Brown led Texas scorers with 23 points. Each team hit 23 of 59 goal attempts.

Michigan Small College Players to Be Honored

DETROIT (AP) — The first awards dinner for Michigan small college football players named to the Associated Press first team will be held at Marshall, Mich., Thursday noon.

Sam Ketchman, athletic director at Ferris Institute, will present NAIA football awards to players selected to the Michigan NAIA honor squad.

BOWLING CHAMPS — Marion Ladewig (left) of Grand Rapids and Don Carter of St. Louis were all smiles yesterday after winning the 16th annual All-Star Individual Match Game Bowling Tournament in the Chicago Coliseum Sunday. Carter became the first man to win the title three times in the history of the tournament. It was Mrs. Ladewig's 6th win in eight years.

Hope to Give Parker a 'Bear'

Lions Need Gift for Coach

DETROIT (AP) — Coach Buddy Parker has informed his Detroit Lions they can take care of his birthday and Christmas gifts in one package next Sunday in Chicago.

He'll be 43 on the day the Lions meet the Bears for the western conference title in the National Football League.

"I don't know whether it'll have any effect or not," said Parker, "but we'll try anything."

The Lions, who have had only three season sweeps from the Bears since the two clubs started banging away at each other in 1934, will be trying for No. 4 at Wrigley field, where a sellout crowd is assured.

The Lions hold a 6-5 edge over the Bears since Parker took over in 1951.

* * *

But the Bears are still smarting after their 42-10 whipping in Detroit and will be seeking their first division title since 1946. A Detroit victory would give the Lions their 4th Western Conference crown in five campaigns.

They won division titles in 1952-54 before skidding to a 3-9 record last season with what Parker calls "the best last-place club in the history of the league."

Parker blamed complacency for at least part of the Detroit troubles last season. This year it's been entirely different. The Lions are an alert, aggressive club and Parker says proudly "I don't think there's a player on the club who hasn't hustled all the way."

The Detroit defense on six occasions Sunday took the ball away from the Pittsburgh Steelers in a 45-7 tuneup for the Bear clash. And the Steelers gained only 25 yards on the ground.

* * *

In their last four games against Pittsburgh, Chicago, Green Bay and Baltimore, the Lions have yielded only 218 yards rushing — an average of 70 per game.

They stopped the Bears' attack completely in their last meeting, holding Rick Casares to 44 yards on the ground and bottling up the passing combination of quarterback Ed Brown and end Harlon Hill.

* * *

"There's nobody to help us now," said Parker. "We proved we can beat 'em. All we have to do is go out there and do it again. Sounds simple, doesn't it?"

Kansas Gets Top Billing in First '56 Cage Poll

The Associated Press

Kansas, spearheaded by seven-foot Wilt (The Stilt) Chamberlain, tops the collegiate rankings in the first Associated Press basketball poll of the season.

* * *

The heralded sophomore averaged 45.5 points in the Jayhawkers' two victories at home over Northwestern and Marquette. The sports writers and sportscasters seemed so impressed by Chamberlain's varsity debut that 58 of the 108 participating in the balloting picked Kansas as No. 1.

* * *

Kansas accumulated 896 points with the standings figured on the basis of 10 points for first, 9 for second, etc. San Francisco, No. 1 team in the final AP poll the past two seasons, is runner-up with 675 points, including 18 firsts.

* * *

Kentucky, displaying another sophomore sensation in Johnny Cox, rolled up three straight victories to rank third in the listings with 514 points.

* * *

Louisville, National Invitational Tourney winner last March, is fourth with 403 points, two more than Southern Methodist, with 401.

Rounding out the top 10 are North Carolina (No. 6), Illinois (No. 7), North Carolina State (No. 8) Alabama (No. 9) and Canisius (No. 10).

The top 10 teams with first-place votes in parenthesis:

1.	Kansas (53)	896
2.	San Francisco (18)	675
3.	Kentucky (6)	514
4.	Louisville (6)	403
5.	Southern Methodist (3)	401
6.	North Carolina (4)	350
7.	Illinois	338
8.	N. C. State (2)	271
9.	Alabama	252
10.	Canisius (4)	225

Miteff Scores Split Decision

NEW YORK (AP) — Alex Miteff, 21, is going home to Argentina for the holidays to get married. But the unbeaten heavyweight will be back in February to continue his ring career.

* * *

The Argentine went over seven rounds for the first time last night to win a split decision over Archie McBride of Trenton in a 10-round match. It was his first main event.

Referee Artie Mercante and Judge Joe Eppy voted for Miteff 5-4-1 but Judge Tony Castellano saw it 6-4 for McBride. The AP card was even 4-4-2.

* * *

The crowd of 1,795 paying $3,797 booed the verdict for Miteff who weighed 199 to McBride's 186½ pounds.

Strikeout King Hangs Up Spikes

Bob Feller Has Decided to Retire

CHICAGO (AP)—Bob Feller, the Van Meter, Iowa, ploughboy who grew up to become the major league strikeout king and one of baseball's greatest pitchers, has decided to retire from active service after 21 years with the Cleveland Indians.

* * *

A friend of Feller's advised The Associated Press today the former fireballing righthander, who turned 38 last month, had told him he had just about made up his mind to retire from the player ranks and accept a job in the Indians' front office.

* * *

Feller is now attending a meeting in New Orleans of the Baseball Players' Association of which he is president. He is expected to make his retirement announcement within a week or 10 days.

"Bob had his mind pretty well made up when I talked to him," Feller's friend declared. "At first he was determined to continue on the active list, if not with the Indians then with another big league club. Now I believe he is convinced he would be crazy to hang on."

Cleveland general manager Hank Greenberg, who had offered the front office job to Feller, said he had received no word from the former Indian ace who for the first time in his brilliant career last season failed to win a game after racking up 266 triumphs against 162 defeats.

* * *

Greenberg explained he had outlined no specific duties to Feller when he offered to promote him to the front office.

Greenberg said Feller's duties at the start would be to assist in the office, do promotional work, some scouting and other things.

Feller, who won more games than any other hurler in Cleveland history despite three and a half year's service with Uncle Sam, was used only four times as a starter last season, losing all four. The Indians decided they could no longer carry him on the active roster because of the presence of so many promising young pitchers who had to be given the chance.

* * *

Two years ago Feller turned in a sparkling 13-3 record but slumped to 4-4 the following year. A six-time 20-game winner, Bob reached his peak in the 1939-41 seasons, winning 76 games in those three years. After his service discharge he came back to win 26 games in 1946.

* * *

Rapid Robert, as he was called, set numerous records but the ones he cherishes most are his three no-hitters, his dozen one-hitters, his 348 strikeouts in 1946 and his 18 strikeouts in one game, against the Tigers Oct. 2, 1938. His lifetime total is 2,581 strikeouts in 3,828 innings is second only to that of Walter Johnson.

Seek Owner Confab

BPA Has Some Problems

NEW ORLEANS (INS)—Major league baseball player representatives want a face to face meeting with club owners to present the players' problems.

* * *

Members of the newly-formed baseball players association made the request yesterday at their first meeting in New Orleans.

Robin Roberts, Philadelphia Phillies pitcher, said the players will ask for "say, half a day to meet with the owners and present our problems in person."

Roberts said that previously, "We have had to present our problems to a committee, who in turn would carry the word to the owners."

* * *

Such a committee meeting will take place in New York next month, Roberts, Bob Feller of Cleveland, Ted Kluszewski of Cincinnati and Eddie Yost of Washington were named to meet with club representatives Joe Cronin of Boston and John Galbreath of Pittsburgh to work on the pension plan.

* * *

Feller, who was elected president of the new association, denied it was an attempt to "unionize" the players.

Writers Pick Best Game

NEW YORK (AP)—The bristling defensive battle between Tennessee and Georgia Tech, won by Tennessee 6-0, was considered the outstanding single game performance of the season by the writers and sportscasters participating in The Associated Prss' annual postsaon football urvy.

* * *

Oklahoma's smashing 40-0 romp over Notre Dame in full view of a national television audience also drew solid support as did Illinois' upset victory over Michigan State and the triumphs of both Oregon State and UCLA over Stanford in the Pacific Coast Conference.

The Tennessee - Georgia Tech game was cited for its tight defensive play and the unusual number of punts, 23.

* * *

If this game excited the fans by its show of defensive strength, the flash of Oklahoma in rolling over Notre Dame must have been just as spectacular on the offensive side.

Another Coach Resigns Post

CHARLESTON, S.C. (AP) — Head football coach Johnny Sauer of The Citadel has resigned "with much regret for personal reasons" after a 3-5-1 season.

The coach has completed two years of a five-year contract. The resignation is effective Dec. 31 and he says he has "absolutely no idea" concerning his future plans.

* * *

Sauer, 31, came to the South Carolina State military college from the professional Los Angeles Rams, where he was an assistant, and promptly led the school to its best season in years, a 5-4 record.

Colts Toss Off Reports of New Pilot for 1957

SANTA BARBARA, Calif. (AP) — Officials of the Baltimore Colts and coach Weeb Ewbank have brushed aside published reports the team is considering a new field boss next season.

* * *

Flicking aside the reports in Baltimore newspapers, here's what the Colt brass had to say here yesterday, where the team is training for next week's game at San Francisco.

Carroll Rosenbloom, principal owner of the Colts—"Let's just wait until the end of the season."

Sooners Hope Bud Will Retain Post

NORMAN, Okla. (IN) — Dr. George L. Cross, president of the University of Oklahoma, said today that he has "every confidence" that Bud Wilkinson will remain at the school as head football coach and athletic director.

Dr. Cross said that in a telephone conversation Sunday, the Sooners coach was "very much upset" and denied a rumor that he was interested in coaching jobs at Texas and Southern California.

Two Games in City Action

In a pair of city league basketball games last night, Shaw's jewelers humbled a stubborn Boys Club quintet, 65-54, and Griff's Grill took a 51-49 from Calgon Kids.

* * *

Jerry Nosek and Bob Johnson led the Shaw's attack with 19 points each, with Nosek collecting 16 of these in the second half.

Nine members of the Boys Club got into the scoring headed by Bob McManus' 13 and C. Hanas' 10 points.

Roge Reynolds was the big gun for Calgon with 21 points in a nip and tuck game with Griffs, which was led by John Bridgewater's 11.

Eight players however, got into Griff's scoring and the balanced attack brought the margin of victory. Calgon led at halftime 25-21, but faltered in the third period.

Triple Entry for Anita Run

ARCADIA, Calif. (AP) — A triple entry by Rex Ellsworth, hoping for another Santa Anita Derby victory, is among the 115 nominations for the 1957 Derby announced today. The $100,000-added race at 1¼ miles will be run March 2.

* * *

Ellsworth's Swaps and Terrang won the last two derbies and he has nominated California Kid, Nothing Better and Poche for the next one. California Kid is a full brother of Correspondent and, like Swaps and Terrang, is by the Ellsworth stallion, Khaled.

* * *

All the 115 nominees will be 3-year-olds come Derby time. The 55-day Santa Anita meeting opens Dec. 26.

Miteff Beats McBride

NEW YORK (INS) — Undefeated Alex Miteff, 21-year-old Argentine heavyweight, won a 10-round split decision last night over Archie McBride of Trenton, N.J., in a nationally-televised bout at St. Nicholas Arena.

* * *

Miteff, the 1955 Pan-American Games champion, scored his eighth straight professional victory in a close, fast-moving fight.

Only One Unbeaten Team in 'Y' Loop

Action in the YMCA intra-mural basketball league last night saw the Falcons rip G.M. Tech 52-28, the Gators defeat Seaman's, 30-17, and Seminary whip the YMCA, 23-20.

This left the Falcons as the only unbeaten team in the league's young season with a 2-0 mark.

Gordon Montrose led the Falcons with 21 points, and every member of the winning team got into the scoring column. It was Tech's first loss.

In the other one-sided game, Bruce Ross was the high man with 18 points as the Gators handed Seaman's its second defeat.

The Seminary Baptists were led by Gerry Spangler who had eight points. Action resumes next Monday night.

Tokyo, Detroit Rivals for '64 Olympic Games

HONG KONG (AP)—Tokyo has at least an even chance of hosting the 1964 Olympic Games, a high Canadian Olympic Games official said today.

* * *

Only two cities—Tokyo and Detroit—at present are under serious consideration by the International Olympic Committee, said E. Howard Radford, assistant chef de mission of Canada's Olympic delegation and member of the Canadian National Olympic Committee.

* * *

Radford said friends on the IOC told him during the Melbourne Games "it's a toss-up between Tokyo and Detroit at this point."

Bowling Green 5 Next for Titans

DETROIT — The University of Detroit, with a 1-1 mark for the season after its hard-fought battle against powerful Louisville last week, faces another rough test tonight on the Titan court against unbeaten Bowling Green.

The Falcons, with three straight victories under their belts, upset heavily favored Duquesne in their last start.

Titan coach Bob Calihan has fear of a letdown after his team's fine performance against Louisville. Captain Bill Ebben again spearheads the U of D attack. He has totaled 70 points for a 35-point average in two games.

120 Golfers Tee Off in Mayfair Tournament

SANFORD, Fla. (AP) — One hundred and twenty golfers tee off today to qualify for 80 places in the $15,000 Mayfair Open golf tournament opening Thursday.

There are 60 exempt players. With the low 80 qualifiers and ties in today's round a field of about 150 will make the run for the money over 72 holes, 18 each day through Sunday.

Philgas, Lumber 5s Loop Play Winners

Two high-scoring basketball games were played Monday night in the Waterford Recreation league, with Philgas and Poole Lumber emerging the winners. Games were played at the Isaac Crary School gymnasium.

Philgas dumped Drayton Drugs 72-51 with Bob Johnson of the winners hitting for 24 points and Clarence Beers for Drugs getting 16 points.

Poole's Hud Shepherd was tops with 22 against Faculty as the Lumbermen won 66-62. Phil Runkel with 18 and Joe Anderson and Al Cuthrell each with 16 paced Faculty.

Wednesday night's games — Drugs vs. Faculty at 7:15 p.m.; Johnson-Anderson vs. Philgas at 8:30 p.m., both at Isaac Crary School.

Needy Students May Be Helped

Asks Government Aid for College Educations

WASHINGTON (INS)—Rep. Augustine B. Kelley (D-Pa) may sponsor legislation to have the federal government finance college educations for needy students.

The plan contemplates a peacetime counterpart of a key part of the wartime GI bill of rights, but on a broader base.

Kelley is sponsor of the one billion, 600 million dollar school construction bill which would aid the states to build more classrooms for secondary schools. The bill failed in the last Congress, but Kelley plans to offer it again next year.

The Pennsylvanian, who has sponsored school aid legislation in Congress for many years, said his plan for federal aid in the field of higher education has not yet been completely formulated.

He declared in an interview, however, that he had in mind having the federal government underwrite a complete four-year college education "for high school graduates of modest means who cannot afford to pay for one."

Kelley said this could be done through loans—with recipients of federal aid agreeing to repay them later.

The federal loans, which would go to students with high scholastic standards, would pay for tuition, books, subsistence, and other costs necessary to enable them to complete their courses.

Kelley, who is the No. 2 man on the House Education and Labor Committee, pointed out that there is a great need for more scientists. He recalled repeated warnings that the U. S. is lagging behind the Soviet Union in this important field.

The Pennsylvanian remarked that many students already receive scholarships from states, cities and other public and private bodies, as well as universities. But he said: "There are many thousands more, possibly millions, who wish a college education, but cannot afford one."

Kelley said the increase in tuition rates and other college expenses makes it increasingly difficult for students to work their way through college, as many have done in the past.

Grain Losses Obscure Gains

CHICAGO (AP) — Grains drifted, with losses outnumbering gains, on the board of trade today. Both the gains and losses were small.

Trading was very slow. There was nothing in the news to inspire demand for cereals, a fact which caused the market to retreat under mild hedging pressure and profit taking.

Wheat near the end of the first hour was ½ lower to ⅝ higher, December $2.40¼, corn ½ lower to ¼ higher, December $1.33⅛, oats ⅛ to ⅝ higher, December 75⅛, rye ¼ lower to ½ higher, December $1.44, soybeans unchanged to ⅓ higher, January $2.50½, and lard 15 lower to 15 cents a hundred pounds higher, December $16.05.

Truck-Car Collision Puts Three in Hospital

Two Pontiac residents and a Birmingham man were hospitalized and two people from Milford suffered minor bruises in an accident involving a truck and two cars in Walled Lake last night.

Roderick S. Chappell, 35, of 455 S. Marshall St. and Lester Jordan, 45, of 179 Strathmore St. were both hurt when they were thrown from the truck. Wesley Staton, 36, of 5402 Cambourne Rd. was a driver of one of the cars.

All are at St. Joseph Mercy Hospital. Chappell has a broken right collarbone, Jordon is being treated for cuts and bruises of the head, shoulders and chest, and Staton has multiple cuts of the forehead and face.

The Pontiac men were passengers in a vehicle operated by Simpson C. Fisher, 60, of 2725 Wardlow Rd., Milford. He was treated at the Walled Lake Clinic for bruises received when he was also thrown from the cab. Mrs. Francis Wilson, 59, of Old Plank Rd., Milford, driver of the third car, also required Clinic treatment.

According to Walled Lake Police Chief James Decker, the accident at Pontiac Trail and Osbrey street was due to wet and icy streets. He said the Wilson car and the truck sideswiped each other which resulted in the truck careening headon into the Staton vehicle.

Buenos Aires Next on Williams Tour

MONTEVIDEO, Uruguay (AP) — Michigan Gov. G. Mennen Williams was en route to Buenos Aires today, after a visit to the Uruguayan capital on his South American vacation tour.

* * *

Williams held a news conference there yesterday. He said he thought the good neighbor policy should be strengthened politically and economically.

In response to a question of whether the United States should concentrate on building a strong hemisphere defense and dismiss Europe as a liability in the light of the Suez Canal dispute, he said:

* * *

"It would be foolish both for the United States and Latin America to neglect relationships with the democratic countries of Europe and elsewhere in the world, which need the effort of all people of goodwill to become stable and peaceful."

Driver Given 10 Days

Pleading guilty to driving with a revoked license, Gilbert J. Sprague, 27, of 11028 Republic Rd., Van Dyke, was sentenced to 10 days in the county jail Monday by Troy Justice Charles Losey.

Woman Bruised as Wind Topples Small Building

Miss Mary Miller, 69, of Leonard escaped with only a cut elbow and bruised leg when the Oxford office she was working in above a dugout basement was blown over by the wind this morning.

She was released after treatment at St. Joseph Mercy Hospital and will be given further medication by her family doctor.

Oxford police revealed the office in which the woman was working alone is owned by the George Vandawelker contracting firm, located at 85 Glaspie St.

* * *

Investigators said the building had been jacked up on timbers recently while a basement was being dug for a furnace installation. A strong gust of wind reportedly toppled the small building over on one side in the seven-foot excavation.

The woman was freed quickly by nearby residents and rushed to the hospital, according to police.

Elderly Woman Ruled Incompetent

Place $1 Million in Trust

DETROIT (AP)—An elderly woman, who went into seclusion after her husband's death last May has been ruled mentally incompetent and her million dollar estate placed in trust for her.

This was the order yesterday of Probate Judge Thomas C. Murphy who heard the case involving Mrs. Henrietta Lea, about 70.

She was discovered crumpled on the living room floor of her littered apartment Nov. 1, suffering from a broken hip, skin ulcers and malnutrition.

Testimony brought out that Mrs. Lea had seen no one since her husband, John McKenzie Lea, had been buried. Only she and a nurse attended the funeral.

After breaking into her apartment, authorities found her once-elegant rooms littered with empty milk bottles, cheese containers, magazines, clothes, newspapers and buttons. Hidden on the premises was more than $93,000.

* * *

In her name at the National Bank of Detroit were deposits and stocks valued at more than $1,068,000. Her holdings have been placed under the administratorship of John F. Fralick, Trust officer of the National Bank.

Mrs. Lea who is still hospitalized saw no one, testimony showed, turning away the only relative who called and speaking to neighbors and delivery men through the transom.

Market Lower by Fractions

NEW YORK (AP) — Stock market prices slid off in fairly active early trading today.

Except for aircrafts, pivotal issues showed losses from fractions to around a point.

Brokers said the market was apparently continuing its late decline of yesterday on profit-taking after the huge rise of the previous week. In addition, treasury borrowing costs on 91-day bills rose to still another 23-year high, a further reminder of the tight money situation.

After a fairly active opening the pace slowed. Small losses pervaded all divisions but there was nothing emphatic about the decline. There were a few gainers.

Youngstown, which was off nearly a point at the opening, recovered for a slight gain. U.S. Steel was fractionally ahead. Boeing, United Aircraft and Lockheed were all fractional gainers.

* * *

But Du Pont was down around 2. Kennecott Copper, Anaconda and International Nickel lost a bit of ground. Most leading rails eased.

Among losers were Santa Fe, Pennsylvania Railroad, Ford, Goodrich, Goodyear, Westinghouse Electric, American Telephone, Texas Co. and U.S. Gypsum. Gulf Oil and Royal Dutch lost about a point each.

Opening blocks included Youngstown off ⅞ at 127¼ on 1,000 shares, Standard Oil (New Jersey) off ¼ at 58¾ on 1,000 and Radio Corp. off ⅛ at 36⅛ on 1,300.

Fatalities in Traffic Mostly Pedestrians

PHILADELPHIA (INS) — A survey published recently by Philadelphia's traffic engineering bureau disclosed that motor traffic accidents in 1955 resulted in 180 deaths and 13,982 injuries with a total cost of more than $20,000,000.

Streets Commissioner David M. Smallwood said the report showed that 64 per cent of the fatalities were pedestrians and half of these were crossing streets at intersections or walking from behind parked automobiles when struck.

Buy Tree Wisely for Safe Holiday

Buy your Christmas tree wisely and make sure it is freshly cut, and it will add hours of enjoyment to the holiday celebrations, Donald E. Nagel, city forester, advised yesterday.

WEATHER BUREAU FORECAST — Much colder weather is expected tonight in the Central Plains and the Western Great Lakes while warmer weather is forecast for the Gulf states and Southern New England. Snow and rain is the outlook in the Northwest in a band southeastward from Wyoming through Oklahoma, and from Iowa and Illinois northeastward through New England.

"The tree you choose is up to you, for all are good Christmas trees," Nagel said. "The important thing is that it is freshly cut."

To test its freshness, stomp the trunk on the ground before purchase. If the needles do not fall, it is safe to assume that it has been freshly cut.

While the balsam fir still is among the favorites, many of the long-needle pines like the white, Norway, Austrian, Scotch, and jack are becoming more popular. Spruces, cedars, and the Douglas fir also are popular species, Nagel added.

* * *

After purchase, Nagel suggested a diagonal cut in the base of the trunk to be placed in a stand that will hold water. This reduces the fire hazard and helps keep the tree fresh, Nagel said.

REDUCE FIRE HAZARD

He suggested the following fire-proofing solutions, but warned that neither are completely fire-

The chemicals needs may be purchased in most drug stores, the city official said.

He offered the following seven rules to assure a safe Christmas: (1) Buy a freshly cut tree. (2) Keep an ample supply of water in the tree stand. (3) Fire-proofing the tree is a good safeguard.

(4) Steady your tree with a cord or wire near the top fastened to a window or moulding. (5) Check all tree lights and make sure they are safe. (6) Don't overload the circuits, and (7) Don't burn your Christmas tree lights overnight.

Local Insurance Man Has Article Published

National recognition was accorded to Alfred J. Hansen, of 987 Premont Ave., with the publication of an insurance article he wrote for The Insurance Salesman, a leading insurance trade journal.

Hansen, a representative of the Guardian Life Insurance Company of America, was appointed by his company to write the article at the request of the Journal. The article is entitled "The Prospect Suffers When We Fail to Sell." Hansen explains the great loss to the prospect when he fails to buy mortgage insurance.

Four Persons Injured in Three-Car Accident

Four persons escaped with only minor cuts and bruises in a three-car pileup on West Walton, east of New York street, Pontiac Police said today.

Released after treatment at St. Joseph Mercy Hospital were: Mrs. Dorothy L. Green, 25, of 4830 Hatchery Rd., Waterford Township, one of the drivers, Frank Green, 69, and Robert W. Green, 3. All had cuts and bruises as did Pansy L. Sawyer, 61, of 760 Robinwood Ave., a driver, who went to Pontiac General Hospital.

The other car involved was operated by Joe Smith, 51, of 4461 Cheeseman Rd., Drayton Plains.

Smith and Sawyer told city police they were stopped for a red light when the Green car rammed into the rear of the Sawyer's car forcing it into Smith's car. Mrs. Green said she did not see the stopped vehicles.

Doomed Mother Buys Yule Gifts From Stretcher

ASHEVILLE, N.C. (AP) — Mrs. Rodie Parks, young mother of four, has made her final Christmas shopping trip.

* * *

She did it yesterday from an ambulance stretcher-bed in one of Asheville's biggest stores, which opened its door and had all its clerks in place 30 minutes earlier than usual.

Mrs. Parks, 33, has cancer. Doctors say she will not live until Christmas.

Knowing this, she told the sisters at St. Joseph's Hospital that she "would like once more to go shopping for the children and those I love."

She was carried to Ivey's in an ambulance and had the store all to herself.

* * *

Carried to every floor, she bought games and other gifts for her four youngsters, 8 to 12, and presents for family and friends.

A clerk pinned a corsage on Mrs. Parks as she entered the store, carefully wrapped all her packages, then tore up the bill.

Two Traffic Violations Costs 17-Year-Old $60

Fruehauf Denies Federal Charges

Claims No Violation of Anti-Merger Law, Nor Anti-Monopoly

WASHINGTON (AP) — Fruehauf Trailer Co., of Detroit, yesterday denied government charges that it has violated federal anti-merger and anti-monopoly laws.

Fruehauf was accused in a federal trade commission complaint of violating the federal anti-merger law in acquiring several competitors. The FTC also charged that the firm is in a position to monopolize the truck-trailer manufacturing industry because of a policy of making special financing deals with customers.

* * *

Fruehauf filed its answer at the start of an FTC hearing on the complaint, Examiner Robert L. Pipe then recessed the hearing until Feb. 25. Future hearing sessions are to be held in Detroit and other cities where trailer manufacturers have plants.

In its complaint filed Aug. 17, the FTC said Fruehauf and several companies it had acquired accounted for more than 48 per cent of all new truck-trailer sales in 1955, with Fruehauf alone accounting for 37 per cent. The FTC said about 100 firms make truck-trailers.

A second count charged that Fruehauf, working with its own finance company, "is now able to exercise a potential monopoly power both to frustrate the sales growth of its small business competitors in the industry and to eliminate their opportunities for business survival."

* * *

Fruehauf, in its answer, protested against having its sales considered only in relation to other truck-trailer makers. The company said it competes with "all manufacturers of equipment for the transportation of commodities," not with truck-trailer manufacturers alone.

* * *

Fruehauf's financing methods, the company said, not only are lawful but work in the public interest by helping "large and important trucking companies to continue necessary service to the public."

Brochure Tells of Orion's Schools

LAKE ORION — Residents of Orion Township are receiving a brochure called "Your Investment in the Children of Lake Orion" with their tax statements.

* * *

In it, A. A. Reed, school superintendent, states: "It costs 79 cents each day per child to operate your schools and 12½ cents each day per child to retire the bonds on the new buildings. The total cost per day for each child is 90¼ cents."

A summary of the winter tax by Ferris Clark designates 19% of the tax dollar for county; 38% for school operation, 39% for buildings and operation; 2% special education and 2% for the library.

* * *

Sources of income in this area are 70% from state aid; 28% property tax and 2% miscellaneous.

Liberation Trucks 'Roll Off Assembly Line'

Motors Reflect Industrial Era in Red China

(Editor's Note—This is another in a series of stories on Communist China by David Lancashire, Canadian reporter who spent six weeks there.)

By DAVID LANCASHIRE

HANGCHUN, China (AP) — A 750-acre plant equipped with Russian and American machines is turning out the first motor vehicles ever produced in China.

Changchun's No. 1 motor vehicle plant is a 257-million-dollar example of the swelling industry that is transforming this wasteland of Manchuria 700 miles north of Peiping into an immense manufacturing belt.

* * *

Industrialization of the province and the establishment of a huge governmental organization here have transformed Changchun into a prosperous, bustling, semimodern city of 930,000. New, Western-designed construction is going up on every block.

The bewildered local peasants, in their padded cotton coats and towering fur hats, look out of place, wandering through the five newly erected department stores owned by the state, or strolling wonderingly along wide, American-looking boulevards flanked solid with half-completed buildings.

On July 15, three years to the day after construction of the motor works was begun, the first "Liberation Trucks," pride of China's five-year plan, rolled off the assembly line.

Before the end of the year, 4,000 of the six-wheeled trucks will be on Chinese highways. Eventual production, by official prediction, will be 30,000 a year.

* * *

The end product is a four-ton open body truck similar in design to a low-priced American model costing about $8,500. It has a six-cylinder, 90-horsepower engine of Soviet design. It is all Chinese, with 409 parts such as glass, tires and gauges coming from factories all over China.

Russia helped design and set up the plant. Eighty Soviet specialists still work here.

"We owe a great deal to the Russians," said Li Tai-sun, assistant director. "Never having produced automotive machinery before in China, we had to start from the beginning."

All heavy machinery in the 13 sheds of the hastily built plant was made in the Soviet Union. But many of the lighter lathes and gear-cutters are clearly stamped "Made in the U. S. A." The machines, with instruction plans in Russian bolted to the frames, are obviously brand new. There is also some light British equipment.

"All our machinery is supplied by the government," said Li. "We have no idea where it comes from or how it gets here."

Buses and small trucks are on the plant's drawing boards. The government has not announced when manufacture of these vehicles will start.

No passenger automobiles will be built in Changchun. Another vehicle plant is scheduled for construction under the second five-year plan (1957-62), but its location has not been disclosed.

Surrounding the No. 1 plant is a community of 113 barracks-like dormitories which house a large percentage of the 18,000 employes and their families. A self-sufficient suburb, the project includes stores, a hospital and a movie.

Chief assets to the technological and administrative staff are 500 men who were sent to study in Russian auto works while the plant was under construction.

Executives admit the plant is as much a training school as a production unit.

Pay is rougly equivalent to that in other Manchurian plants. Salaries range from 25 yuan (about $11) a month for apprentices to 105 yuan (about $45) for highly skilled machinists. Merit awards of 25 to 30 per cent of the monthly scale are paid to model workers, and employes with large families are subsidized.

Results of the overquick construction methods are beginning to show in cracked walls and buckling floors of the plant.

Despite immense production increases in the past three years, China is obviously still far from self-sufficient. Parked outside the Changchun plant were a dozen American cars and a fleet of official Polish sedans for the use of the Russian technologists.

'Must Liberate' Eastern Europe

Dulles at NATO Meet; Says West Must Take Moral Leadership

PARIS (AP) — U.S. Secretary of State John Foster Dulles today told Atlantic Pact ministers that the West now has its greatest post-war chance to seize moral leadership of the world and help the liberation of Eastern Europe.

* * *

The secretary gave this appraisal of recent world events to the foreign, defense and finance ministers of the North Atlantic Treaty Organization. The discussion, in a closed session, was reported later by NATO officials.

Dulles, according to these sources, pointed to Soviet difficulties in controlling the satellites of Eastern Europe, and agreed with other ministers that Russia's position there now is more difficult than three or four years ago.

This meant, he continued, a great opportunity for NATO to assert its moral leadership. This Eastern European situation made it urgent for NATO countries to expand and bolster their cooperation in political and economic matters.

* * *

At the same time senior American and British ministers arranged an unannounced meeting today to survey their global political, economic and defense problems.

* * *

Informants made it clear that the ministers will be continuing the process of mending the partnership which had been shaken by the British - French attack on Egypt.

Auto Collision Puts Two in Hospital, Hurts One

Two persons were hospitalized and another hurt in a two-car collision at Perry and Pontiac roads Monday afternoon.

Grant G. Wilderson, 66, of 1290 Pontiac Rd., is in fair condition at Pontiac General Hospital with a chest injury and possible back injuries. Donald Bailey, 33, 635 E. Madison St., is being treated for a head injury.

Ronald S. Bailey, 33, one of the drivers, was released after treatment for cuts. Wilderson was other driver.

Wilderson told Pontiac police he was stopped for a red light when he was struck from behind. Bailey said he did not see the stopped vehicle.

Drive Bogs to Punish Red-Led Unions, but Congress Gets Set for Another Try

WASHINGTON (AP)—The ineffectiveness of two congressional efforts to provide punishment for Communist - led labor unions raised the prospect today that the nation's legislators may try again next year.

The first effort was contained in the 1947 Taft-Hartley Labor Relations Act, the other in the Communist Control Act of 1954.

* * *

The Supreme Court yesterday vetoed a four-year drive by the National Relations Board to punish unions with leaders found to have filed false non-Communist affidavits under the 1947 law requirement. The court said the leaders could be punished, but not their unions.

* * *

The Communist Control Act vested in the Subversive Activities Control Board the power to strip Red - infiltrated unions of the NLRB's vital help in obtaining and enforcing bargaining rights. But two cases initiated over a year ago under that law by Atty. Gen. Brownell never have gotten past legal preliminaries.

* * *

The Eisenhower administration is presently planning a new set of proposed revisions in the Taft-Hartley labor law to present to Congress in January. Consideration of any such proposals inevitably would include the matter of dealing with Communist - led unions.

* * *

In its unanimous ruling yesterday the Supreme Court held in two cases that the sole penalty in the Taft - Hartley law is one against officers who file fake affidavits from officers of unions which wish to use the NLRB processes.

* * *

The two cases involve the International Union of Mine, Mill and Smelter Workers and the International Fur and Leather Workers Unin, the latter now a branch of the AFL-CIO Amalgamated Meatcutters. Both the Mine - Mill and the Fur-Leather Unions were among those the old CIO ousted for alleged Communist domination.

* * *

Ben Gold, former Fur Workers president, and Maurice Travis, former Mine-Mill secretary-treasurer, were convicted of filing false non-Communist affidavits, quit their union jobs and are now appealing their convictions.

A Swan Boat

In the middle ages France was filled with castles where peacocks strutted on the lawns and great white swans swam in the moats.

The children of the castle liked to watch these big birds floating like boats on the water. Many had small boats made to look like two swans, with a seat between them, to sail on small streams.

Here is a small swan boat you can make and sail in a bowl of water.

Color the picture with crayons or poster paints, and paste it on cardboard. Make the inside a bright red. Leave the swan white with an orange bill. Color the outside of the boat a brilliant blue, with gold stars.

Cut out the picture, fold on long dotted lines and paste tab A on tab B. Make a small hole in the front of the platform and tie a string in it. Cut a strip of wax paper just a little longer and a little wider than the platform. Lay it gently on top of the water and put the swan boat on it. Then you can pull the swan boat along on the water, as in small sketch.

He Specializes in Satirical Wit

TV Humorist Locates and Studies All Sorts of Characters

By CHARLES MERCER

NEW YORK (AP) — The printed word does not do justice to a young man named Jonathan Winters because the Linotype machine has not yet been invented which will set facial expressions.

* * *

Neither can sounds be conveyed in print, so you'll just have to take our word for it that he can tick like a watch and explode like an atomic what's-it.

Since Winters doesn't seem to transmit with full effectiveness in print, you might take a look at him on television Tuesday evenings.

* * *

Winters is billed as a comedian. We think he's funny, very funny indeed. He's also masterly with pathos. Basically, he's a satirist who can seldom give full vent to his satirical powers because the medium of television is bearish on satire. It doesn't want its performers to hurt anybody's feelings.

* * *

It's inadequate to call Winters rubber-faced. He is, rather, photo-faced, meaning that his eyes and ears record the frailties of human nature, his mind develops them, and his face and voice publish them gleefully. Let Winters speak for himself:

"I go places where I know there are going to be characters. When I want to study an Ivy League character I go to '21.' When I want to study a bindlestiff character I go to a place like Toots Shor's . . . A bindlestiff? He's a hail fellow, well met. Hi ya, George! (sound and facial effects here(.

* * *

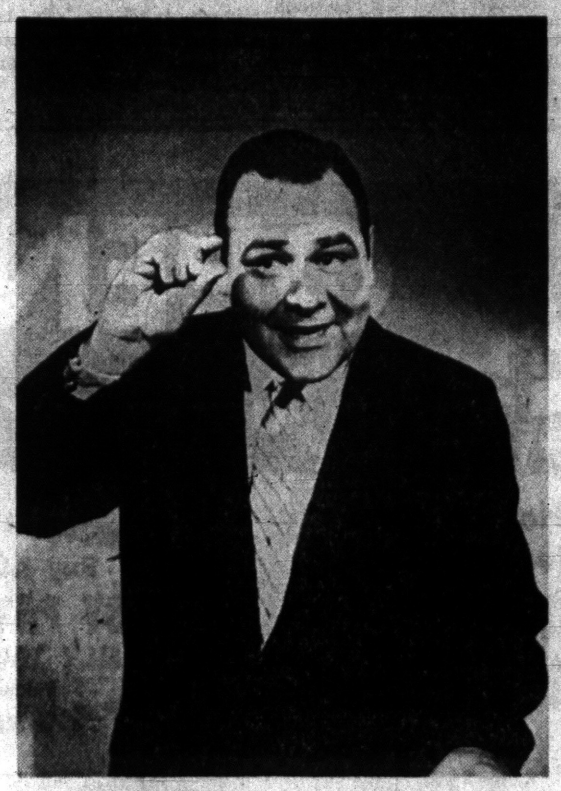
"You can find a bindlestiff anywhere. All bums are bindlestiffs. When they ask you for a handout on the street, give 'em a quarter and they'll tell you they came to grief in the investment business, that's why they're panhandling on Park Avenue . . .

"Night clubs? Yes, I've played them. If you enjoy carving people into little pieces it's great to play night clubs. It's like being in the Colosseum—bring in the lions!. . .

"I enjoy shocking people, not with foul language, but just doing off-beat things. I don't know what's in me that makes me do it."

Vital Winters statistics: Born in Dayton, Ohio. Served with U. S. Marines in Pacific, where he had the reputation of being a clown. Studied irregularly at Dayton Art Institute and Kenyon College. Wanted to be a cartoonist, and still draws well, but won a disc jockey contest on radio station WING in Dayton, and later moved to WBNS-TV in Columbus. "Discovered" by NBC. Has appeared practically everywhere. Lives in Hastings, N.Y., with wife, 6-year-old son and daughter, age 4-months.

Comment: This man bears watching.



EXPRESSIVE FACE — Jonathan Winters is a master at using his mobile features to accent his satirical comedy sketches. Winters appears Tuesdays from 7:30 to 7:45 p. m. over NBC-TV.

Says Sorensen Heavy Drinker

Wife of Auto Heir Takes Stand in Counter-Suit for Divorce

DETROIT (AP) — Claiming her auto heir husband drank as much as two quarts of whisky a day during one period of their marriage, Mrs. Irene Sorensen is pressing her counter-suit for divorce.

Mrs. Sorensen, an attractive 46-year-old ash blonde, testified yesterday on her crossbill against a suit by her husband, Clifford, 52, son of Charles E. Sorensen, former Ford Motor Co. vice president.

The couple who have two children, Charles, 19, and Sharon, 13, have been separated since 1954. She draws a temporary alimony allowance of $1,500 a month.

Testifying before Wayne County Circuit Judge Thomas J. Murphy, Mrs. Sorensen said her husband drank heavily. During one period in 1952, she said, he consumed two quarts of whisky a day.

Mrs. Sorensen said she met her husband when she held the $1,000 a month job as secretary-treasurer for the Continental Die Casting Co., which he once owned. He told the court:

* * *

"I did everything except wash windows and scrub floors to make the company successful."

MARRIED 20 YEARS

Married March 2, 1936, Sorensen entered the first divorce suit in which he claimed his wife was "domineering and dictatorial" while he said he was a "refined and retiring gentleman."

He said she embarrassed him repeatedly at parties by telling offcolor stories.

Mrs. Sorensen's attorney introduced 17 checks as evidence. They were written by Sorensen in 1931 and 1932 before his marriage. They totaled $23,000 payable to the late Jean Harlow, the movie star.

In court Mrs. Sorensen claimed that her husband had properties and possessions worth one million dollars, including a $90,000 home in Miami, Fla., where he now lives.

Spellman Warns of Short Notice in Case of War

LOS ANGELES (AP)—The United States, says Francis Cardinal Spellman, "may get only 60 minutes warning if war comes."

The Archbishop of New York, arriving by plane yesterday from the Far East, told newsmen at the airport:

"The slaughtering of people in Hungary should give Americans the firm, definite impression that we must be alert and on our guard."

The cardinal represented Pope Pius XII at the National Eucharistic Congress at Manila and then visited American servicemen in Okinawa and Japan.

He leaves for New York today, and plans to spend Christmas with this country's servicemen in Greenland.

State Senator Improves After Brain Operation

DETROIT (AP) — Looking much better and able to leave his room for the first time, State Sen. Harry Hittle (R-East Lansing) showed good improvement at Henry Ford Hospital today.

The 70-year-old legislator was operated on for a brain tumor Dec. 1, and was in critical condition immediately thereafter. Hospital officials could not say when he would be released.

Construction Men Die in Ann Arbor Cave-In

ANN ARBOR (AP) — Two construction workers who suffocated in a sewer cave-in were identified today as Dexter residents.

The dead are Robert Meyers, 54, and Louis Hanselman, 53. Both men are bachelors.

They were buried under an avalanche of dirt and clay yesterday, estimated by officers to be 20 to 25 tons. Some 50 workers dug in the sewer site to reach the bodies.

Plans Sports Roundup

HOUGHTON (AP)—Michigan Tech will hold its fourth annual sports roundup for area sports writers and announcers Jan. 5. After a dinner meeting the visitors will attend the Michigan Tech-North Dakota hockey game.

Delay Boat Burning

DETROIT (AP) — For the second time, the burning of two old lakes passenger ships, the Greater Detroit and the Eastern States, was postponed. The vessels will be burned at 6 p.m. tomorrow off the Grosse Pointe Yacht Club, if winds and weather which have delayed the burning thus far, permit.

This port in Brazil is now the leading coffee export source in the world.

Report Nasser Expects Trouble

Rumor 2,000 Egyptian Police Sent to Port Said, Moslem Danger Zone

PORT SAID, Egypt (AP) — Egyptian sources say President Nasser will rush 2,000 Egyptian police into Port Said as soon as the British and French pull out to combat threats of trouble by the fanatic Moslem Brotherhood.

The Egyptian informants said the extremist Moslem organization, outlawed by the revolutionary government in 1954, hoped to embarrass Nasser's regime by harassing both the British-French withdrawal and the U.N. police force taking over occupation of the city at the northern end of the Suez Canal.

* * *

The guerrilla ambush of a British patrol yesterday was described as the opening move in the brotherhood's campaign. One member of the eight-man Royal Scots patrol was wounded slightly by a grenade fragment.

* * *

Officials in Cairo promised the guerrilla activity would not be repeated and said underground warfare was "contrary to Egyptian government policy." They also said they knew nothing of a previous attempt to smuggle explosives and ammunition to the Egyptian underground in the Suez Canal gateway.

Egyptians in Port Said claim there are 10,000 members of the Moslem Brotherhood in the city. The secret organization once could bring down governments with riots and demonstrations. The revolutionary government executed many of its leaders.

Open hostility to the British and French has surged in recent days as the withdrawal proceeded. The Egyptian government itself denied it was whipping up trouble.

* * *

The U.N. police force went ahead with plans to take over occupation of both the northern end of the Suez Canal being evacuated by the British and French, and Egypt's Sinai Peninsula, still largely held by Israeli troops.

Name Temporary Chief of Wayne Court Bench

DETROIT (AP) — Judge Frank Fitzgerald was named by Wayne County circuit judges last night to act as presiding judge on the retirement of Judge Ira W. Jayne Dec. 31.

The judges said they would not pick a permanent presiding judge until their Jan. 14 meeting at which time four new jurists, appointed by Gov. Williams to fill retirement vacancies, will have a voice.

Cross to Light Detroit

DETROIT (AP) — An illuminated cross 28 stories high will shine on the David Broderick Tower in downtown Detroit during the holiday season. The crimson cross will be lighted by individual offices on the north side of the building. It is 280 feet high and 67 feet wide.

Hildegarde, Manager Go Separate Ways

NEW YORK (AP) — Hildegarde, well-known song stylist, and her manager of 23 years, Anna Sosenko, are breaking off their business relationship.

As a consequence, they are selling the furnishings of a 14-room Manhattan apartment they shared plus a jointly owned art collection.

Miss Soenko said the breakup was completely amicable and resulted from her intention to enter television as an independent producer.

Woman, 79, Hurts Back When She Slips, Falls

May Wheeler Allen, 79, of 108 Mary Day St., slipped on ice and fell as she prepared to board a bus yesterday at the corner of Huron at Telegraph.

She was placed on the bus and taken to Pontiac General Hospital where X-rays showed a back injury, authorities said. Her condition today is reported good.

Order to Mark Birthday

DETROIT (AP) — A mother with 24,000 daughters will be honored in Detroit Wednesday, the 125th anniversary of the founding of the religious Sisters of Mercy by Mother Mary Catherine McCauley. The Catholic order's provincial house on the Mercy College campus is headquarters for Michigan, Iowa and Indiana. It operates hospitals and schools in Bay City, Saginaw, Grand Rapids, Manistee, Cadillac, Ludington and Detroit.

Christmas Decor Brightens Scene Around City Hall

The sparkle of Christmas is making itself evident around the Pontiac City Hall as trees and added decorations are being put up by Parks and Recreation and Electrical Dept. workers.

A 40-foot spruce, donated by Mr., and Mrs. James O. Brafford, 51 Mohawk Rd., is gracing the front lawn of the hall and is decorated by many colored lights.

* * *

Nearby is a traditional manger scene adopted as a service project of the Lambert School neighborhood of the Girl Scouts of Waterford Township.

The annual Christmas tree lighting and carol singing will not be held this year because of the sparse attendance at last year's event, City Manager Walter K. Willman announced.

Soon to add light to the main lobby of the hall will be another gaily decorated tree. Each department will also have its own smaller tree.

Over the front and rear entrances will be "Season's Greetings" signs.

Doctor Left Estate of Over $5,000,000

DETROIT — Dr. George A. Fritch, convicted of performing illegal operations on women, left an estate of more than $5,000,000 when he died Sunday.

Fritch served two prison terms on the convictions arising from the deaths of two women. He owned the Paul Revere and Fritch hotels at his death.

Probate Judge Joseph A. Murphy appointed his widow, Mrs. Millie Willson Fritch, and a nephew, Beverley Fritch, as special administrators of the estate yesterday.

Edward N. Barnard, named attorney for the estate, said the 89-year-old Fritch left his estate to his widow, his brother Wallace, and several nephews.

Travelogue Feature at Isaac Crary High

Col. John Craig will present a Spanish Main adventure, travelogue of the Caribbean, at the Isaac E. Crary Junior High School tonight at 8 p.m. in the third of six such programs sponsored by the Waterford Township Recreation Department this year.

Tickets will be available at the door.

Writer Sued for Taxes

NEW YORK (AP) — The government has filed suit against Dashiell Hammett, mystery writer, to recover more than $111,000 allegedly owed by the author in taxes. Hammett now lives at Katonah, N.Y.

Set Meeting to Discuss UAW Medical Program

DETROIT (AP) — A conference to discuss the quality of medical care will be held here Jan. 11-12 by the newly formed Community Health Assn., headed by United Auto Workers President Walter Reuther.

Reuther said leading physicians and health authorities have been invited to take part to "review the association's program and plans as to their medical soundness."

The UAW has announced plans to set up a pre-paid medical and surgical insurance program.

There are about three widows to every widower in the United States.

New Industry Thrives

ALLEGAN (AP) — The newest industry in Allegan County, started about seven years ago, is expected to produce more than 200,000 Christmas trees for American homes this month. Assistant agricultural agent Homer Patterson estimates the county tree crop will increase at least for the next five years. The trees are planted on submarginal land, where other crops do not thrive.

Hope Helps Hungary

HOLLAND (AP)—The Hope College International Relations Club has started a campaign to raise funds in a project to bring one Hungarian student to the college for a year's study.

Funeral for Sailor

NORTHPORT (AP) — Funeral services will be held today for Jens Vevang, 75, retired manager of the Chesapeake & Ohio Carferries, who died Saturday at his home. Vevang started his lake sailing career aboard Grand Rapids & Indiana Ferries operating between Northport and Manistique. He was master of the vessel City of Flint before his retirement in 1941.

Norway to Aid Hungary

OSLO, Norway (AP)—The Norwegian Parliament appropriated a million kroner (about $143,000) today for the relief of Hungarian refugees. Parliament earlier had appropriated half a million kroner for Hungarian refugee work.
