Lincoln Club Banquet to Draw 625

GOP Event Set for 6:30 Tonight at Elks' Temple

Sen.. Barry Goldwater to Be Principal Speaker at Annual Affair

Some 625 persons are expected to attend the Oakland County Lincoln Republican Club's 66th annual banquet tonight at 6:30 p.m. in the Pontiac Elks' Temple, according to Robert C. Miller, co-chairman of ticket sales.

All invited guests will be on hand except Sen. Barry M. Goldwater's wife, who will be unable to accompany him, said Robert A. Sutton, club president.

Senator Goldwater (R-Ariz) will be principal speaker. The 47-year-old lawmaker is chairman of the GOP Senatorial Campaign Committee.

He is a member of Senate committees on banking and currency, labor and public welfare and interior and insular affairs. A fighter pilot in World War II, Goldwater is a family man with four children.

SENATOR GOLDWATER

The senator will be introduced by Congressman George A. Dondero, of Royal Oak, who is also expected to give a short talk. Dondero returned to Oakland County this week after conducting House committee hearings on the proposed federal road aid bill.

Other honored guests will include Congressman Alvin C. Bentley of Owosso. Bentley now appears to be the strongest potential contender for the Republican nomination for governor, after Detroit Mayor Albert E. Cobo dismissed himself as a candidate this week.

Also slated to attend are State Highway Commissioner Charles M. Ziegler, State Superintendent of Public Instruction Clair L. Taylor, former Auditor General John Martin, and Republican county officials.

Bruce J. Annett, of Pontiac, will be toastmaster.

Mrs. Charles Breitmeyer is shown pointing out each woman's part in the program.

Open Testimony in Assault Trial

Fenton Farmer's Wife Says Clifford Dye Shot at Her Husband

A lawyer charged with attempted murder was accused of "firing the gun right at my husband" yesterday by the wife of a Fenton tenant farmer wounded by a gunshot last Aug. 26.

Mrs. Lois Clark, 27, testified in the Oakland County Circuit Court trial of former Fenton village attorney Clifford Dye, charged in the non-fatal shooting of her husband, William, 27.

She was the first witness called by Chief Assistant Prosecutor George F. Taylor to testify before an 11-woman, 3-man jury (two jurors will be dismissed at trial's end leaving 12, the legal number, to reach a decision).

The Clarks moved onto a farm owned by Dye's sister, Viola, of Louisville, Ky., on May 8, 1953, the woman said. The couple and Dye, who lived on an adjoining farm, were to split profits from the farm, primarily from milk sold.

Her husband also agreed to feed cattle on Dye's farm for a share in the herd, she stated.

At first, the monthly milk checks were endorsed by both Dye and Clark, she said, but later the accused said "he was having trouble with his wife" and "we sent the checks to his sister to endorse in his place."

Dye once "asked me to sign his sister's name to a check, but I refused," she testified.

In May, 1954, the accused refused to sign checks or have his

Churches Unite on Friday for World Day of Prayer

A prayer written years ago by a Sioux Indian Chief, Yellow Lark, will be spoken by millions of Americans when they observe annual World Day of Prayer Friday.

In communities across the land and in towns and villages of 134 countries around the globe, people of all ages will join in services.

They will bow their heads and recite in their own tongues the prayer of the late Sioux chief, chosen by these young Indian-Americans at the Cook School for the observance that will girdle the Christian world.

Sponsored by the United Church Women, World Day of Prayer will be observed in Pontiac in Bethany Baptist Church.

Registrations will be taken at 10 a.m. with the morning program beginning at 10:30.

Mrs. J. A. Rammes and Mrs. J. C. Covert, co-chairmen, will be assisted by Mrs. Walter Willson and Mrs. Homer Harbage.

In charge of the prayer and meditation hour will be Mrs. L. R. Miner of Macedonia Baptist Church, Mrs. Carl Nelson of St. John's Lutheran Church, Mrs. Elwood Bigler of First Congregational and Mrs. James Hampton of All Saints Episcopal Church.

Under the direction of Mrs. Neil Gray, the Yomar Group of the First Presbyterian Church will present a playlet showing where the offering is sent.

The afternoon will close with a service of Holy Communion.

Suicide Feared for Detroit Pair

Guards Keep Watch; Discover $2,000 Sewn Into Hamilton's Coat

DETROIT (INS)—Jail attendants today were warned to keep a close guard against possible suicide attempts by Mrs. Victoria Hermiz (Haisha) 25, and Maurice Hamilton, 20, charged with the murder of Mrs. Hermiz' husband, Aziz, 35.

Guards were under orders to check the highly emotional pair every 10 to 15 minutes.

Hamilton and Mrs. Hermiz both pleaded innocent when arraigned on first degree murder warrants yesterday but other dramatic developments marked the day in Detroit's crime of passion.

Hamilton, the student son of a wealthy Baghdad merchant, and Mrs. Hermiz, mother of two small children had admitted plotting unsuccessfully to hire a paid killer to murder Hermiz, a grocer who emigrated to Detroit from Iraq.

EACH ACCUSED OTHER

However, each claimed the other committed the actual murder when the hiring attempt failed.

Yesterday, Hamilton told police that he had plunged a knife in Hermitz after the victim's wife pleaded she was unable to finish the act after using the knife twice on her husband as he lay asleep in bed.

The pair was transferred to the Wayne County Jail from Detroit police headquarters after the arraignment and attendants, making a routine search of Hamilton, found $2,000 sewn into the shoulder pads of his jacket.

Mrs. Hermiz screamed "You thief! Liar, liar, liar!" when she was told of the discovery, but Hamilton insisted the money was his own and not the sum the pair had raised to finance the murder.

Police said the slaying ended a long affair between Mrs. Hermiz and Hamilton and some sources said the crime had been hatched in Baghdad before Mrs. Hermiz came to the U.S. to join her husband.

Education Board OKs Bond Issue

Would Raise $3 Million to Finance Construction for 15 Months

Pontiac Board of Education last night approved floating a $3 million bond issue to finance its building program for the next 15 months.

Revenues from a special building tax already approved by voters will retire the bonds, explained Board Treasurer Vernon Schiller.

"This action allows us to pull money forward and construct schools now, while they are needed, rather than waiting for enough money to accumulate," said Board President Louis H. Schimmel.

The Board's bond-payment record has been excellent in the past and "we'll probably get the lowest interest rate in the state," Schimmel added.

Part of the money can probably be reinvested at enough profit to cover interest on the bonds, he explained.

The board has definite plans for new buildings and equipment costing $2,440,689.

Projects the bonds will finance include eight multi-purpose rooms with gym and cafeteria facilities; an elementary school with eight classrooms, two kindergartens and a multi-purpose room; additions to existing schools including 12 classrooms, a library and office area, and eight play areas, plus additional cafeteria equipment.

Roosevelt for Stevenson

LOS ANGELES (INS) — Rep. James Roosevelt (D-Calif) indicated today he will support the candidacy of Adlai Stevenson for the Democratic presidential nomination.

Reason for Bragging

LEXINGTON, Ky. (AP) — Traffic court missed its regular weekly session yesterday for the first time in its 4-year history. The reason: no offenders.

Outlaws Modern Look

NANTUCKET, Mass. (AP) — The island of Nantucket, 30 miles out in the Atlantic, wants no shiny chrome or glass store fronts among its weathered buildings. The townspeople have appointed two five-man commissions to police building and renovations with an eye toward preserving Nantucket's early 19th century charms.

Michigan Roads May Get Boost in Federal Aid

Ziegler Says Pending Bill May Up Total to $225 Million Yearly

A federal aid bill now under study could bring the total available for freeway construction in Michigan up to $225,000,000 a year, State Highway Commissioner Charles M. Ziegler told the Pontiac Lions Club yesterday.

Michigan will have an annual construction budget of $150,000,000 for the next five years, said Ziegler.

State gasoline and weight taxes, current federal aid funds and bond money raised under state statutes go to make up the total, he explained.

"But federal aid boosts Congress is expected to make may increase the total to $225,000,000 a year," he declared.

Ziegler referred specifically to the Fallon bill, now being studied by a committee. It would have the federal government pay 90 per cent of construction costs on interstate highways.

The same bill is seen by the Michigan Turnpike Authority as paying 90 per cent of construction costs of 511 miles of toll roads proposed for Michigan. The bill has a clause making toll roads eligible for aid.

Last year's gas tax increase, plus the possible federal aid bill, promise Michigan a stepped-up road program, said Ziegler.

"It will take a couple of years before we will see any great change in Michigan's highways," he stated, "but then the improvement should be rapid."

It will take contractors 12 to 18 months to prepare to handle a greatly increased amount of work, he stated.

"I never said I was against toll roads in Michigan, providing they are soundly financed and don't interfere with the freeway system," the highway commissioner asserted.

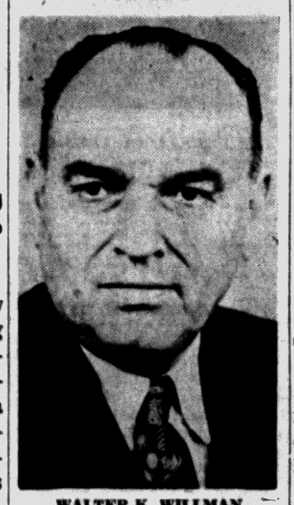
"At least 85 per cent of traffic can not be served by toll roads," he added.

"The turnpike authority consulted with New York bankers and got a negative shake of the head, indicating its plan is not sound," he continued.

Ike Proclaims Month

THOMASVILLE, Ga. (INS) — President Eisenhower today proclaimed March as National Red Cross Month and urged Americans to contribute generously to the Red Cross fund drive.

Named



WALTER K. WILLMAN

Pontiac City Manager Walter K. Willman today was named campaign manager for the Pontiac Area United Fund drive next fall, according to William B. Hartman, UF president. Willman will head an organization covering Pontiac, Waterford and Pontiac Townships.

Adopt 1956 Slogan for Michigan Week

EAST LANSING (AP)—"It's great to live in Michigan!"

That is the slogan for the third annual Michigan Week observance May 20-26.

The slogan was adopted yesterday at a meeting of the Michigan Week executive board at Michigan State University.

Gov. Williams was named honorary chairman of the Michigan Week celebration and Lt. Gov. Philip A. Hart and Speaker of the House Wade Van Valkenburg (R-Kalamazoo) were named honorary co-chairmen.

The day-by-day schedule for Michigan Week activities was announced by General Chairman Russell A. Swaney of Detroit as follows:

Sunday, Spiritual Foundation Day; Monday, Mayor Exchange Day; Tuesday, Hospitality Day; Wednesday, Our Livelihood Day; Thursday, Education Day; Friday, Our Heritage Day; Saturday, New Frontiers Day.

Tonight, Tomorrow Cloudy, Then Snow

According to the U.S. Weather Bureau, it will be cloudy tonight and tomorrow followed by snow. There will be little change in the temperature.

The low tonight will be near 25. The high tomorrow will range from 28 to 32 degrees.

The lowest temperature preceding 8 a.m. was 16 degrees. The thermometer registered 31 at 2 p.m.

Frigid Weather Brings Death to 568 Persons

New Orleans Inundated by 6 Inches of Rain in Seven Hours

By the Associated Press

Raging floods and a new cold wave struck much of Europe and parts of the Middle East today, piling misery on misery in a 17-day freeze-up which already has cost 568 lives.

Torrential rains and melting snows brought Turkey new disasters of the worst winter on record. The known dead there totaled 72.

Ice jams and a brief thaw sent the Rhine and scores of rivers rampaging over their banks in central Europe.

And in New Orleans, almost 6 inches of rain fell in seven hours, beginning yesterday at 2:45 p.m., with 2.85 inches falling in the first hour. The Weather Bureau said no relief was in sight, and forecast showers for the next two days. Special crews were working today to clear sewers and prevent waters from rising higher in flooded parts of the city.

The debris in Hot Springs, Ark., which marked the destructive path of a flash flood yesterday through the business district of this resort city was cleaned up today and merchants counted their loss at nearly a million dollars.

The quick-striking flood, sometimes running five feet deep, subsided almost as quickly as it hit. Before the water fell, however, it damaged the famed bathhouse row and shops and hotels on Central Avenue, which curves in a narrow valley between two steep hills.

* * *

Yugoslavia estimated its flood damage from the Strumica River alone at a million dollars.

The Netherlands reported the coldest night since 1942, with temperatures down to 13 below zero.

SPAIN FREEZES

Even sunny Spain froze up again after warmer weather yesterday.

Behind the cold wave lurked the specter of famine. Crop losses already ran into millions of dollars.

Known deaths attributed to the weather were:

France 124, Turkey 72, Italy 67, Yugoslavia 67, Britain 47, Denmark 31, Greece 30, Germany 26, Austria 19, Holland 16, Portugal 15, Spain 15, Switzerland 12, Belgium 7, Sweden 6, Berlin and East Germany 5, Poland 4, Norway 3 and Libya 2.

Relief organizations rushed food and clothing to more than 250 persons left homeless by floods in Turkish Thrace. The raging waters swept away bridges and railroad lines. Thousands of acres of rich farmlands were inundated.

ITALY SHIVERS

Central and southern Italy with scores of villages still snowbound, shivered in temperatures down to 5 below zero. Fuel shortages and rising food prices were reported across the country.

* * *

Some German cities reported their coldest night of the freeze-up. Bonn had 8 below zero and Nuernberg 13 below. Floods from the Whisper River isolated the town of Lorch.

Seek Expulsion of Three MMPA 'Rebellion' Leaders

A recommendation that three officials of the Fair Share Bargaining Assn. be expelled from the Michigan Milk Producers Assn. has been made by the MMPA's Detroit Sales Committee. All are also members of the latter group.

The three include Arthur J. Heslip, Oakland County representative; Leo Kuhlman, Macomb representative; and William J. Wilson, Ingham County representative. Heslip is treasurer of the rebelling group.

The feud between the MMPA and the newly-organized Fair Share group flared during the monthly sales committee meeting Tuesday. Albert Gall, Washtenaw County representative accused the trio of formally affiliating with the opposing faction and "undermining the interests of the association by half-truths, and twisted facts" and distortions in speeches before meetings of MMPA members.

The Fair Share organization, made up largely of MMPA members, recently announced an alliance with the Teamsters Union (AFL-CIO) to by-pass the association in seeking higher Detroit-area milk prices for dairy farmers through negotiations with creameries.

In adopting the resolution by a 27-7 vote, the sales committee recommended that the board of directors "give serious consideration to cancelling the membership contracts" of the three.

Heslip said yesterday: "Gall accuses us of trying to serve two masters (MMPA and FSBC). We have only one master, the dairy farmer we're trying to represent."

Farm Price Cut Coming

DETROIT (AP) — Already angry about the price situation, dairy farmers in the Detroit milkshed learned today they will have to take a price cut for milk delivered in Detroit this month.

Jack W. Barnes, assistant secretary-manager of the Michigan Milk Producers Assn. said farmmers will receive 15 cents per hundred pounds less for February milk than they were paid in January.

Many Lakes Now Unsafe

Sheriff Warns of Thin Ice

Deaths by drowning of three Detroit area children caused Oakland County Sheriff Frank W. Irons to warn parents of the dangers of thin ice.

"To venture out on the lakes is to invite tragedy," Irons stated today.

"Ice is now only one-inch thick on many of the county's 400 lakes," he said. "and warm weather ahead is bound to melt it further."

He advised parents to restrict children's ice skating to community skating rinks until the dangerous thaw is over.

Lenten Guideposts—Message of Faith

'Suddenly I Realized Prayers Are Muscles'

By "BABE" DIDRIKSON ZAHARIAS
World Famous Golfer

A little dazed, my husband and I left the doctor's office and walked through the streets of Beaumont, Texas. George kept saying: "Cancer? That's impossible."

* * *

It seemed impossible to me. I had never been ill a day in my life. I had just won the 1953 Babe Zaharias Open in Beaumont and was packed for an early start for Phoenix for the next tournament.

"BABE"

I had been feeling unusually tired and decided on the medical examination. Now I found myself headed, not for a golf tournament, but to the hospital.

Soon newspapers everywhere announced I had cancer. Thousands of cancer patients and thousands of others who were afraid of the disease wrote, wired and telephoned in the few days before my operation. Everybody promised prayers.

This was something new for me. All my life, I had looked upon prayer as something very personal between God and me but it never occurred to me that thousands of people, separated far from each other, could effectively join in a barrage of prayers for the sake of one person—for me.

PRAYERS ARE MUSCLES

Suddenly I looked upon prayers as muscles, and I realized that the strongest people in the world must be those who pray for each other. There was strength in this sharing, and I realized I had to give to others as well as accept.

After the operation, the doctor came to me. "All right, Babe," he said, "I want to see you up and out of here real soon, and before the season's over I want to read on the sports pages that you've won another tournament."

The doctor had performed a colostomy—surgery that meant vital changes in my entire way of life. People I had known with colostomies were virtual invalids. For a fleeting moment, I was terrified—until I remembered that I hadn't gone into this thing alone.

CANCER KILLS SPIRIT

Letters came from people with cancer, people who seemed more concerned about my recovery than their own. One man wrote:

"You must return to your game, Babe. Knowing you're back at golf will be a victory for us, too. Cancer kills more than a human body; it kills the human spirit because we feel we who have it are incurable. Your physical recovery, Babe, will provide a spiritual steadiness for all the rest of us. That's why our prayers are always with you."

Suddenly I realized golf was more than a sport. Because what it would symbolize to thousands of cancer patients—a victory through spiritual strength—my game would become, in a way, a symbol of faith. Knowing God answered prayers, I wanted to return to golf to demonstrate this—and also to show others that they, too, could resume their normal lives.

SCORED A FIRST

Four months after my operation, I entered Chicago's Tam O'Shanter Tournament. Among the best players of golf, I was aware of competition. Tenseness tired me quickly. I began missing easy shots. We were on the fifth green when an important putt stopped

Jail Breakers Captured in Michigan Forest

Fugitives Yield Without Fight

Three Surrender Near Barton City Area After Fleeing Mio Cell

STANDISH (AP) — Fanning out through the dense woods of the Huron national forest, State Police and sheriff's deputies last night captured three armed convicts who had escaped eight hours earlier from the Oscoda County Jail at Mio.

* * *

State Police said the fugitives gave up without a fight in an isolated area near Barton City, about 30 miles east of Mio in a sparsely populated area of northeast lower Michigan. They had abandoned a stolen car and fled on foot into the woods.

Held at Arnac County Jail here were Clayton Yost, 23, of Bay City; Andrew Petrowski, 21 of Auburn and William Rogers, 20, of Flint. They broke out of the tiny two-cell jail in Mio by overpowering a deputy and arming themselves with the sheriff's guns.

The men had been brought to the jail to stand trial for burglaries committed after they escaped last August from the Cassidy Lake trusty camp near Chelsea.

* * *

Mrs. George Marsh, wife of the Oscoda County sheriff, said the trio, confined in a single cell, escaped after persuading Deputy Sheriff Alfred May to open the cell door so they could phone an attorney.

OVERPOWER JAILER

All three leaped on May and one struck him on the head and took his revolver, she said. Sheriff Marsh, recovering from an operation, was resting in his living quarters upstairs.

Mrs. Marsh said one of the men "made a grab for me" when she ran into the cell room to learn what was happening. She said she snatched up her grandchildren, Larry Ohm, 1 and his 3-year-old sister, Laurie, and dashed upstairs.

After raiding the sheriff's armory and taking a 30-30 rifle and some other guns, the convicts sped off in a car belonging to the sheriff's daughter, Mrs. Lorraine Ohm. They fled into the frigid weather in their shirtsleeves, without coats.

An Oscoda County deputy spotted the car six hours after near Barton City and gave chase. He summoned help when the men abandoned the car and ran into the woods. All three were rounded up within two hours without a shot being fired.

* * *

Rogers was serving a nine month to 15-year sentence for burglary in Charlevoix County in 1954. Yost was sentenced from Bay City last May 20 to 18 months to two years for forgery. Petrowski originally was sentenced from Midland County in December, 1954 to six months to five years for entering without breaking.

He drew an additional 1½ to 4½ year sentence for the escape from the Cassidy Lake camp.

After their first escape, Petrowski and Rogers were seized last Sept. 6 near Grand Rapids and Yost was captured a short time later in Whiting, Ind. All three were armed.

DAV Head Praises Growth of Chapter

Pontiac Chapter 101, Disabled American Veterans, was commended today by the DAV national commander for increased membership last year.

Maj. Gen. Melvin J. Maas (Ret.), who also is chairman of the President's committee on employment of the physically handicapped, cited the chapter's fine work in bringing together disabled veterans. As of Feb. 1, the chapter had a total of 120 members.

TO AID FLOOD VICTIMS — United Fund president William B. Hartman (left) presents a check for $8,200 from the UF to the Rev. Mr. William C. Hamm, county Red Cross chairman. The money is for use in aiding flood-stricken victims in western states.

UF Gives Emergency Aid to Western Flood Victims

The Pontiac Area United Fund has granted an $8,200 emergency appropriation to the Oakland County American Red Cross Chapter for aid to flood-stricken western states.

* * *

The Red Cross issued an appeal for $8,000,000 to rehabilitate the disaster areas.

The local grant meets the Pontiac quota, ruling out need for a special campaign here, said William B. Hartman, UF president. "This is a graphic example of the excellent cooperation which exists between the UF and its member agencies," said the Rev. William C. Hamm, county Red Cross chairman.

Pontiac Deaths

James Clarence Boyer

James Clarence Boyer, 68, of 32 Rosetta Rd. who was killed in an automobile accident yesterday in Chatsworth, Ga. will be brought to Pontiac late Saturday.

Pontiac Man Killed in Georgia Accident

A Pontiac man died yesterday when his car turned over on a Georgia highway and three other city residents with him were injured, including his wife.

Dead is James C. Boyer, 68, of 32 Rosetta Rd.

Mrs. Boyer, who is being treated for injuries at Murray County Memorial Hospital, said Boyer slumped over in his seat before his car left the road near Chatsworth. He may have suffered a heart attack, police said.

Released after treatment for minor injuries were Mrs. James Laing and Mrs. Maggie Haddock.

A neighbor on Rosetta Rd. said the group may have been traveling on a Florida vacation.

Bloomfield Hills Okays Trowbridge Subdivision

BLOOMFIELD HILLS — A new subdivision with 20 lots has been approved here by the Bloomfield Hills City commission.

The subdivision plan, submitted by Judson Bradway, owner of Trowbridge Farms, will be known as Trowbridge Farms No. 1 and will be adjacent to the Trowbridge Farms and subdivision on Canterbury. Lots are an acre and a half or larger.

The commission confirmed an assessment roll to finance the $7,946 cleaning and repairing of the South Cranbrook subdivision storm sewer system, which was taken over by the city several months ago. It is in the Christ Church Cranbrook area and had previously been privately owned.

Arrest 2 Men in Troy Holdup

Hunting Violation Leads to Capture, Confession by Royal Oak Pair

Two Royal Oak men were arrested yesterday in a Troy armed robbery because one of them had a police record for shooting chickens.

Apprehended at a Royal Oak tool shop, the pair readily confessed the $287 holdup Saturday of Nevala's Grocery Store, 35 E. Big Beaver Rd., Oakland County detective Roy Hartwick said.

Facing arraignment today on charges of armed robbery are Ernest J. Johnson, 316 E. Hudson, and Richard Carr, 213 Midland, both 24.

Hartwick said Johnson was traced by information that he had been ticketed by Troy Township police last hunting season.

A customer in another township store which the pair visited Saturday told Hartwick that Johnson had been caught shooting his chickens.

Hartwick said the pair may have visited the store to rob it, but decided not to because the store was crowded. The manager noticed the two men because they acted "suspicious," Hartwick said.

Both men said they needed the money because they were out of work, Hartwick said. He said they spent the loot during a spree in Alpena, where Carr has relatives.

A .12 gauge shotgun carried by Carr in the robbery was confiscated, Hartwick said.

Prayer Is Muscle Suddenly Realized

(Continued From Page One)

just short of the cup. Shattered, I buried my face in my arms and cried. The tournament had taken on special meaning, and there were thousands of others, I felt, who would be on the losing side with me.

Standing there, so terribly alone, I heard George approach me, and Betty Dodd, my playing companion. I felt their comforting hands on my shoulder—and, in a wonderful way, the hands of the many others. I whispered.

"Please, God . . . You've helped me this far. Give me the strength to go on . . . please please."

I came in third in this tournament, better than anyone expected. In quite a different way, I scored a first.

In the months that followed, I won the Serbin Invitational, the Sarasota Open, and the United States Women's Open.

Last year my cancer returned, and another operation was necessary. Spiritually, I was much better equipped to face such a setback.

For I continue to feel the presence of God and the strength that comes from the prayers of thousand of friends. With all this, I have no fear of anything in the future.

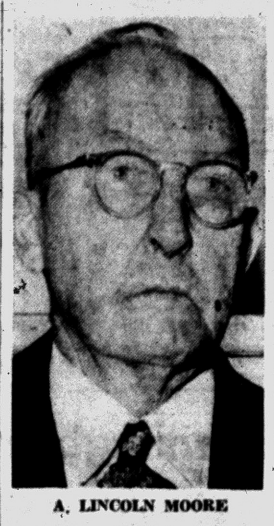
Mouse in Beer Big Enough to Rate Lawsuit

KITTANNING, Pa. (INS)—A pink elephant is a small matter during some New Year's Eve parties, but a mouse looked big enough to Earl Dwyer, of Edmon, to rate a law suit.

Dwyer sued in Armstrong County Court yesterday for $5,000 damages because he said he found a mouse in his bottle of beer on New Year's Eve. The suit was filed against the Pittsburgh Brewing Co. and James Carnabuci, of Avanmore.

Dwyer claimed that Carnabuci sold him a case of beer which contained the bottle which allegedly contained the mouse.

Benjamin Franklin could play the harp, guitar and violin.



A. LINCOLN MOORE

Retired Carrier Succumbs at 88

A. Lincoln Moore Lived in Pontiac for 56 Years Before Death

A. Lincoln Moore, an employe of the Pontiac Post Office nearly 35 years, and a resident of Pontiac 56 years died at the age of 88, early this morning in Riverbank Convalescent Home, Livonia.

Mr. Moore was born on a farm in Farmington Township March 12, 1867 and remained there until he was 25 years of age. He then went to work for the late former Governor F. M. Warner as a cheesemaker for several years.

In 1896, he came to Pontiac and was employed in the shipping department of the Pontiac Buggy Co. for a year. He was an active member of the First Baptist Church.

In 1897, he was appointed State dairy and food inspector. Late in the year, Mr. Moore entered the postal service.

Mr. Moore was a "mounted carrier" before being transferred to the business route. He once stated he had walked more than three times around the world in his 35 years of service.

Mr. Moore made his home at 25 Park Place until the death of his wife, the former Isabelle Barrick, in 1952. Since then, he had lived with his daughter, Mrs. Ruth Wilson of Plymouth.

Service will be at 1:30 p.m. Saturday from the Farmer-Snover Funeral Home with his pastor of the Baptist Church in Plymouth officiating. Burial will be in White Chapel Memorial Cemetery.

With about 61,000,000 cars and trucks in operation, safety-glass replacement in 1956 is estimated at 38,000,000 square feet.

Women Favor Parking Project

9 Organizations Back City's $600,000 Plan on March 5 Ballot

Nine women's organizations within Pontiac this week signed resolutions supporting the need for increased municipal parking in the city which will be decided by the voters at the March 5 primary.

Resolutions were received by the "Committee For Five Cent Parking" from: Junior Pontiac Women's Club, signed by Grace Hinckley, first vice president; Pontiac Business and Professional Women, Mrs. C. William Salton, president; Pontioak Chapter of National Secretary Assn., Edyth Perry, vice president; Sonta International, Lois E. Ellis, secretary.

Others were Soroptimist International of Pontiac, Elsie Wright, corresponding secretary; Insurance Women of Pontiac, Wava L. Davis, secretary; Ladies Auxiliary No. 1230 FOE, Luella Robbins, president; Pontiac Junior Chamber of Commerce Auxiliary, Mrs. Don S. Anderson, president; and Tipacon Chapter of American Business Women's Assn., Mrs. Dorothy Brooks, president.

With the submission of the resolutions, the groups join forces with the following organizations that have previously voiced agreement on the city's $600,000 municipal parking program to provide 624 additional stalls in the city:

Oakland County CIO Council; Pontiac Motors Local 653, UAW-CIO; GMC Truck and Coach Local 594 UAW-CIO; Fisher Local 596 UAW-CIO; Local 100 Government and Civic Employes Organizing Committee, AFL-CIO; Chamber of Commerce and Junior Chamber of Commerce; Wever - Owen - Hawthorne and Northside Communities Clubs; and Kiwanis, Rotary, Lions, Exchange, and Optimist service clubs.

Formosans' Ovation Greets Billy Graham

TAIPEI, Formosa (AP) — Billy Graham arrived in Formosa today on his 30,000-mile Asian speaking tour and received an ovation from several hundred hymn-singing Americans and Chinese.

The American evangelist was to dine tonight with Generalissimo Chiang Kai-shek and his wife, who are both Methodists.

Graham told newsmen he was delighted to visit once again this "great country." He previously stopped off here in December, 1952.

Graham will preach Friday night at the stadium in Taipei which holds 8,000 persons.

The Day in Birmingham

Community House Fund Drive to Start Monday

BIRMINGHAM — Readying for the annual drive for Community House funds, this year with a goal of $50,000 are some 850 volunteers, including 150 leaders who met yesterday noon for luncheon, and 15 businessmen, who met last night.

Home and business solicitation will begin Monday and last through March 4.

Of the luncheon crowd, Mrs. Harry N. Gruber, head of home solicitation, called the number of volunteers record-breaking. The 105 captains will each have a number of women aiding them—one woman reported yesterday she has lined up 26 workers for her extensive area.

Mrs. George A. Weinhold, drive director, talked, as did Harold Hagan, lone male at the noon luncheon. Hagan is president of the governing board of the Community House, center of social and civic activities in Birmingham.

Hagan presented scrolls inscribed by the sisters of Holy Name School to winners of the poster contest conducted through local schools.

Hagan talked also to the businessmen, who met last night for briefing on why other local businessmen should support the "House."

GIVE EXPENDITURES

He enumerated such expenditures from last year's budget as cost of the kitchen's complete remodeling and a new ceiling, and spoke of future projects. Complete covering in insurance has been achieved for the first time during the past two months, he explained.

The businessmen are marshalled by William Torrence and Edward Kurth.

Attendent with the drive's opening Monday are the "Captain's Coffees" in indivdual homes, where Mrs. Anthony J. Daley of the House Board, Mrs. G. Howard Willett Jr., city commissioner, and Mrs. Donovan Gray, are helping instruct workers in asking for gifts to Community House.

Last year's drive came within a few hundred dollars of its $50,000 goal. Letters preliminary to personal contacts have been sent into 14,005 homes in the Bloomfield, North Adams, Franklin, Beverly and the lakes areas, with a pamphlet authored by Norman Stanton.

* * *

When he returns from Haiti, details will be furthered for Kingsley Center, to be built to the south of the Kingsley Inn on Woodward avenue in Bloomfield Hills, according to Nick Takis, owner of the Inn's food and drink business.

He says he will incorporate a restaurant, offices and stores in the building on this eight-and-a-half acre parcel of land.

Laurence L. Kortkamp

Laurence L. Kortkamp, 46, 7106 Old Mill Rd., died yesterday at William Beaumont Hospital, following a short illness. A resident here for two years, he had been with Cadillac Motors for 29 years, living in Detroit and Cleveland. He was a product improvement engineer.

He was a member of First Presbyterian Church and its Ushers and Mens Clubs. Service will be there at 1 p.m. Saturday and burial will be in Acacia Park Cemetery. The body will be at Manley Bailey Funeral Home until 11 a.m. Saturday.

Survivors are his wife, Madeline, a son, Allen Lee of Manhattan Beach, Calif.; a daughter, Laurene Alda, at home; a sister, Mrs. Brandon Brown of West Virginia; and a brother, Trull Tyler Kortkamp of Canton, O.

Mrs. Dorothy Fisher

Service for Mrs. Dorothy Fisher, 488 Harmon, will be Friday at 2 p.m. at Manley Bailey Funeral Home, with burial in White Chapel Cemetery.

Turnpike Vote Block Charged by Higgins

ANN ARBOR (AP) — Chairman George Higgins of the Michigan Turnpike Authority says Glenn Richards, Detroit Expressway coordinator, is "afraid" to put the state's proposed turnpike program to a vote.

Higgins yesterday accused Richards of trying to tell "the rest of Michigan how to build its roads" and termed his attitude "not only impudent but alarming." He added:

"I wonder if Richards prefers the type of toll Michigan has now on bloody Telegraph Road (U.S 24) or a toll gate and a safe North-South turnpike parallel to Telegraph.

"Apparently he believes that motorists gladly pay a toll in 12 other states . . . but won't in Michigan."

Work Goes Forward —in Ice Cold Baths

SANTIAGO, Chile — After five years' construction work, including some of the wildest battles of technicians against nature this continent has ever seen, the Los Cipreses hydroelectric plant is now providing power for the Santiago-Linares area.

Building the mile-high installation in the Andes near Talca involved drilling the longest mountain tunnel in Latin America.

This was complicated when the diggers ran into hot springs that raised the temperature at the face of the tunnel to 140 degrees.

The drillers had to work in a constant shower bath of ice-cold water as they drove forward more than a mile.

Bombers Are Thirsty

WASHINGTON — During more than three months in the air during a recent 12-month period, one of the Air Force's strategic bombers flew 430,000 miles, burned enough fuel to drive an automobile around the world 818 times, and used enough oil to fill the crankcases of 5,374 automobiles.

The latest survey of life-insurance-company employes shows that more than 120,000, or about one-third, are women.

Aids Merchant Marine

WASHINGTON — The United States Government helps the merchant marine through legislation requiring that all internal and coastal shipping and also shipping between the United States and its possessions be carried in ships built, owned, operated, and manned by Americans.

The port of Hamburg is 69 miles from the sea.

Hint Margaret Eyes Catholicism

Duke of Norfolk Says 'Sheer Nonsense' to Rumors on Princess

LONDON (AP)—A new rumor is going around about Princess Margaret—that she may soon be converted to Roman Catholicism.

* * *

Neither Buckingham Palace nor other official sources had any comment so far on the reports published in some continental and London newspapers that such a religious change is contemplated by the 25-year-old princess whose sister Queen Elizabeth II is the "defender of the faith" of the Protestant Church of England.

But the Duke of Norfolk, Britain's leading Roman Catholic layman, denounced as "sheer nonsense" rumors that his audience last week with Pope Pius XII was to discuss the conversion of a 'noted English personality" to the church.

Vatican circles said they knew nothing about any plans for Princess Margaret to become a Catholic. They also said there was no basis for reports that the duke had discussed the question with the Pope.

There were published reports in 1953 that Princess Margaret had embarked on a new and fuller religious life after the death of her father King George VI. One report that she was considering entering a religious order—presumably an Anglican group—was denied by Buckingham Palace.

Margaret's religious outlook was generally considered to have played an important role in her decision last fall not to marry RAF Group Capt. Peter Townsend, who divorced his wife.

The Church of England opposes the remarriage of divorced persons, even the 'innocent" party, if the former mate is still living.

The New York Daily News, in a copyright story from London today, reported that the princess may soon announce she is entering the Catholic Church. It said the Duke of Norfolk discussed Margaret's "spiritual problem" personally with the Pope and reportedly contacted the princess as soon as he returned from Rome.

The news said Margaret's "decision is the culmination of soul-searching consideration over the past several years. It is not a result of the unhappy ending of her romance with Group Capt Peter Townsend. In fact, there are indications the princess is purposely delaying any announcement . . . so the move will not be connected in the public mind with the Townsend incident."

Police Refuse Offer

LANSING (AP)—The Lansing Police Department has turned down an offer by the secretary of state's department to take over its licensing bureau. The city department said the bureau has broken even or made money during the past few years, makes a good contact with the public and is a good place to assign injured or disabled officers.

To Talk Landscapes

EAST LANSING (AP)—The Michigan Assn. of Soil Conservation Districts will discuss landscaping for the farm home at a meeting Feb. 24 and 25 at Michigan State University.

Sheriff Hires 2 Gals

MASON (AP)—The Ingham County Sheriff's Department has hired two women as license examiners to relieve two officers for more active duty, Sheriff Willard P. Barnes announced.

LOSES WEIGHT WITH THIS HOME RECIEPE

ST. JOHNS, MICH. "Rennel Concentrate is the most satisfactory remedy to get weight back to normal and keep it there," writes Mrs. O. A. Wilson, 203 S. Clinton Ave. "I lost 5 lbs. the very first week with Rennel and my weight loss pleases me. Rennel stops bloating, takes excess fluid from the body and keeps the bowels regulated like a reducing aid should. I feel younger since reducing the Rennel way."

Ask your druggist for 4 ounces of liquid RENNEL Concentrate. You'll never know a hungry moment while reducing with RENNEL.

Japanese Brides of GIs Getting Americanized

TOKYO (INS)—Japanese brides of American servicemen in Tokyo have gone back to the classroom to learn how to be homemakers "American style."

The school, the "Tokyo Bride's School," is sponsored by the American Red Cross in cooperation with the U. S. Army.

In a bumper crop just graduated from the unique school, 150 Oriental wives learned the intricacies of making beds, cooking western style, cleaning house and the hundreds of details which befall the American wife.

During the five week course the brides studied geography, as well —the nature of the country that will soon be "home" for them.

Teachers in the bride's school are American wives of servicemen serving in the Tokyo area.

Cobo Says He Won't Run but Doesn't Bar Draft

Michigan GOP gubernatorial campaign plans have been changed markedly by the refusal of Detroit's Mayor Albert E. Cobo to become a candidate.

Rep. Gerald R. Ford of Grand Rapids also declared himself out of the race.

All this has turned the GOP governorship spotlight on Rep. Alvin Bentley of Owosso. Although he previously had said he would not run if Cobo did, the man who was shot down by the Puerto Rican nationalists, now says he'll think over the matter.

★ ★ ★

Mayor Cobo's announcement disappointed Michigan Republicans who believe he could win next fall against any candidate. One who subscribes to that belief is Postmaster General Summerfield. But it isn't yet clear whether they will attempt to draft the Mayor who has proved himself such a strong vote getter in three Detroit campaigns.

★ ★ ★

If Alvin Bentley is the Republican standard bearer, the party will have a strong, vigorous young man who will wage an assertive and active campaign. A member of an old Owosso family, Bentley will challenge his opposition along all fronts. The man is a fighter and this is amply proven by the fact he lives today.

Russia's Balloon Note Obviously Propaganda

Secretary Dulles' conciliatory reply to Russia's protest against our use of weather balloons doesn't alter the character of the Kremlin note.

The elaborate staging of a press conference, which followed a barrage of protests, left no doubt about Moscow's propaganda aim in sending its formal note. The charge that our Government is using these camera equipped balloons to spy on Soviet territory, of course, is ridiculous.

★ ★ ★

The fact is that Russian and all other nations were notified January 8 of our intention to use the balloons. But no country protested, not even Russia. As explained at that time our purpose was to explore upper air currents about 10 miles in search of meteorological data as part of our contribution to the International Geophysical year.

Actually each balloon is equipped with two cameras. One of these is to make a running record of the instruments showing barometric pressures and other data. The second is to photograph cloud formations through which the balloon passes.

★ ★ ★

While Mr. Dulles believes the United States has the right to employ these balloons, the fact is there is no international law on this point. Back in 1919 at an aviation convention, nations participating agreed that every state has complete sovereignty of the air above its territory.

Because of this lack, Mr. Dulles was wise in discontinuing use of the balloons in West Germany and Turkey, from where they would drift over Soviet territory.

As for the Russians' protest, it has no more solid basis than any of their carefully planned propaganda maneuvers.

River Put Back to Bed

Buyers of $1,970,000 worth of revenue bonds which financed a bridge over the Missouri River at Decatur, Neb., are happy for the first time since 1951.

★ ★ ★

Even before the bridge could be started, the temperamental river changed its course to a point east of the site. This unexpected development in no sense dismayed the Army Engineers.

They promised to return the wandering Missouri to its original channel and went on to complete the bridge. But they had not counted on Congressional delay which stalled the necessary appropriation until 1954.

★ ★ ★

Now, at long last, life begins to look brighter for the bond buyers. The river is back where it belongs. Traffic is streaming across the bridge and tolls are accumulating for retirement of the bonds.

All this proves that not even the mighty Missouri River can fool the Army Engineers for long.

It's very difficult to love an enemy, and there are occasions when it isn't any too easy to love a friend.

City's Centennial

Suggested Celebration for the Event 5 Years Hence

Auto accident: Something often caused by a loose nut or tight driver.

It is the intention of this column to keep plugging for Pontiac to celebrate the centennial of its becoming a city. While this date is yet five years hence, it is none too early to begin making some plans. Other cities have found that if such an event is a success, it requires a few years of planning, in order to make everything properly connect.

Pontiac shook off its village status and became an incorporated city by special act of the Michigan State Legislature on March 15, 1861. The plan to suitably celebrate the centennial of that event has the approval of

Mayor William W. Donaldson

and other members of the present city commission, and it is suggested that the initial steps be taken to put the far advanced preparations in motion. Other Michigan cities have made it a celebration lasting some weeks, with special events each day—a sort of homecoming for former residents.

A perusal of the newspaper files and other events of 100 years ago show that the people then prominent in the new city's civic and official life have many descendants now with us. The list includes such names as Thatcher, Bagg, Baldwin, Look, Knight, Cudworth, Green, Phelps, Shaw, Burt, Patterson, Going, Hixson, Woodward, Perry, Whittemore, Hodges, Bowman, Beach, Griffing, Prall, Beardsley, Thurber, Hogan, Adams, Flower, Dawson, Voorheis, Comstock, Davis, Herrington, Bacon, Matthews, Peck, Heitsch, Walter, Harris and many others.

"Book Him for Endangering Our Aircraft"

David Lawrence Says:

Low Limit on Campaign Contributions Would Eliminate Influencing of Votes

WASHINGTON—What's all the fuss about the unsuccessful attempt of an oil company attorney to contribute a mere $2,500 to the campaign fund of Senator Case of South Dakota? What's so novel about it?

* * *

For the records show that approximately $2,000,000 was actually contributed and spent by labor groups in the 1954 congressional campaign to reward members of Congress who voted "right" and to punish those who voted "wrong" on legislative measures listed by labor unions. This list is published every campaign year as the acid test of whether certain candidates are endorsed or opposed by labor organizations having a pocketbook interest in the legislation.

The files in the office of the clerk of the House of Representatives show that, in connection with the 1954 congressional campaign, AFL and CIO unions and independent labor organizations, through their own political committees, contributed these sums to the following successful candidates for Congress:

For Sen. Douglas, Ill.	$33,500
For Sen. Murray, Mont.	32,450
For Sen. Neuberger, Ore.	23,250
For Sen. Humphrey, Minn.	20,947
For Sen. McNamara, Mich.	19,000
For Sen. Kefauver, Tenn.	18,850
For Sen. O'Mahoney, Wyo.	14,500
For Sen. Barkley, Ky.	13,000
For Sen. Scott, N. C.	11,000
For Sen. Sparkman, Ala.	10,250
Total	$198,747

The above-mentioned senators, like Senator Case of South Dakota, are all men of integrity. Their names are given here only because the records show they received the largest total amounts from the labor-union groups. Another $91,050 was spent by the labor-union committees in unsuccessful attempts to elect their senatorial candidates in California, Ohio, Massachusetts, Iowa and New Jersey.

The same files in the House show various persons of prominence—including officials of large corporations—who contributed out of their personal funds, as the law permits, to different candidates for Congress, mostly Republicans.

RECORDS VAGUE

One cannot tell from a reading of the records how these contributions tie into any votes on specific pieces of legislation, whereas labor unions, of course, boldly publish their list of measures and are known to be active in preventing the passage of particular laws affecting them or in securing the repeal of certain provisions of the Taft-Hartley labor - management law.

The whole system is wrong in principle. Even conceding that every senator or representative to whom campaign contributions are made by labor unions, for instance, will vote as his conscience dictates and will try not to be influenced in the least by the amount of money spent to help elect or defeat him, the fact remains that large campaign contributions are subject to the query as to whether they do not exert some degree of influence on the legislators.

Thus, the CIO and AFL regularly maintain lobbying agents in Washington who frequently call on members of Congress in person to endeavor to persuade them to vote for certain labor legislation or to oppose the bills in which labor-union leaders claim to have a deep interest. These same legislative agents do not themselves offer campaign contributions. But back home in the districts and states, the local labor-union organizations — with their affiliated political leagues — arrange this and make widely known what the record of the congressman or senator has been on various roll calls.

To get rid of the present system, campaign contributions of $50 or less would be the solution. It would, of course, be costly to canvass for small contributions. The acquisition expense would be very high.

But in the long run the limitation of campaign contributions to a maximum of $50 would make it impossible for any organization of a special-interest nature—like a labor union or an employers association—to raise enough money to "influence" the votes of members of Congress.

Money-raising, moreover, would have to be limited to political committees the members of which donated their services or were paid out of the campaign funds, and who could be by law prohibited from being on the payroll of any company, or labor union or national organization which has an interest in pending legislation.

Adults Inhale Pint of Air Each Breath While Resting

By WILLIAM BRADY, M. D.

Webster says the word belly is derived from the Anglo-Saxon belg, meaning bag, bellows.

The abdomen, (accent the dough) is the great body cavity containing the liver, spleen, pancreas, stomach and intestines.

The belly is the front and side wall of the abdomen.

Like a bellows, the belly expands when you inhale. It flattens again, when you exhale.

In normal breathing the belly muscles play only an insignificant part, by their elasticity or tone maintaining constant slight pressure on the liver, spleen, stomach, pancreas, intestines and the vast network of blood vessels within the abdomen.

This pressure is just sufficient during deflation to permit full relaxation of the diaphragm and easy exhalation.

The diaphragm is a dome-shaped flat structure composed of numerous muscle fingers attached to the insides of the breastbone, the ribs and front of the lower spine, all focusing in a central tendon.

It is stretched across the trunk, dividing the upper (thoracic) from the lower (abdominal) cavity.

When the diaphragm contracts it squeezes down on the liver, stomach, colon, gall-bladder, pancreas, spleen, small intestine and at the same time sucks air into the lungs—breathing in. At the same time it causes the belly to bulge—inflation.

Little more than a pint of air is taken at each breath by the average adult at rest in a chair, 12 to 14 fluidounces when asleep.

But a normal adult can by the deepest possible inhalation expel into a spirometer, 7 pints of air; a large man may have a vital capacity approaching a gallon.

Chest expansion doesn't matter. For health's sake don't put out your chest like a West Point plebe or a sideshow strong man. Instead practice belly (bellows) breathing.

Signed letters, not more than one page or 100 words long, pertaining to personal health and hygiene, not to disease, diagnosis, or treatment, will be answered by Dr. William Brady, if a stamped self-addressed envelope is sent to the Pontiac Press, Pontiac, Michigan.

Case Records of a Psychologist:

Many Nuisance Habits Can Be Cured in Same Way Stuttering Is Curbed

Notice my "coffee cup" stuttering. And see how it enslaved me after just one instance of pain. Also, observe how I could outwit those unruly muscles by changing hands, or even using a different finger in the handle of the cup! Habits are very specific, so you can trick them and thus get free from many nuisance traits.

By DR. GEORGE W. CRANE

Case Q-376: Today I shall describe my own "coffee cup" complex, since it will further explain what happens when we stutter.

Several years ago I was scheduled to address a state dental convention at its annual banquet session.

While seated beside the president of the society, I engaged in conversation during the dinner.

My coffee cup had become almost empty, so while I was facing my dinner companion, the waitress re-filled the cup. But the fresh coffee was scalding hot.

Without realizing that fact, I absent-mindedly lifted the cup to my mouth, and burned my tongue. The surprise and shock caused my hand to flip back and thus spilled coffee into my plate.

A couple of weeks later, I was again scheduled for a banquet address in a different state.

As I lifted my coffee cup to my lips, I noticed that when I leveled off the upward arc of my hand and was approaching my lips, my hand suddenly started shaking convulsively. It spilled coffee into my plate.

I was surprised, for I had forgotten the episode of a fortnight earlier. So I set my cup down, took a fresh hold and again raised it to my lips.

My hand performed perfectly until it leveled off just as I was to touch the rim of the cup with my lips.

Then my hand shook violently. I watched it, much as an interested bystander, for my hand was misbehaving as if it were possessed of a demon and entirely independent of my will.

Then I decided I must be the victim of hand "stuttering" so I went back in memory to locate how my nuisance habit had start-

ed. Soon I recalled the episode at the state dental banquet. So I had now dated the onset.

SPECIFICITY OF HABIT

Again I lifted the cup to my mouth. My hand was calm until the level-off stage. Then it had another "fit," despite my will power.

So I shifted, taking the cup in my left hand. And now my cup did not tremble at all, for the muscles of that left hand were not acting at the moment my "stutter" pain had been inflicted. Habits are thus very specific.

* * *

You can trick your nuisance habits by varying any part of the total pattern, as I mentioned yesterday when I described the "Stutter Triangle."

For example, I shifted back to my right hand and again my cup vibrated as I tried to sip the coffee.

So I inserted the middle finger of my right hand into the handle, instead of the index finger.

Now my cup remained calm, even when I leveled off to touch it with my lips. For this middle finger altered the original pattern!

Again I shifted back to the index finger of the right hand, and even used the ring finger, awkward though that was, and my cup did not tremble.

* * *

Finally, I tried my index finger but purposely exerted all the pressure I could, as if it were on a dynamometer to register my maximum handgrip. Now, under this deliberate pressure, I could get the cup to my mouth O.K.

But to this day, which is about 15 years later, I may occasionally have my right hand go into the old "coffee cup complex," unless I exert unusual pressure or shift fingers of the right hand.

For all practical purposes, I have thus broken my slavery to this stutter complex of my right hand, but fragments of its domination still persist, unless I vary the basic pattern of muscles that were acting at the very moment I burned my tongue on that scalding coffee.

Use the "Stutter Triangle" shown yesterday to free yourselves from similar oral stuttering, for muscle habits are quite specific.

Always write to Dr. George W. Crane in care of The Pontiac Press, Pontiac, Michigan, enclosing a long 3c stamped, self-addressed envelope and 20c to cover typing and printing costs when you send for his psychological charts and pamphlets.

Voice of the People

'Who Will Pay for Upkeep of Municipal Parking Lot?"

Letters will be condensed when necessary because of lack of space. Full name, address and telephone number of the writer must accompany letters but these will not be published if the writer so requests unless the letter is critical in its nature.

I have been reading about municipal parking. I believe the government is supposed to encourage private business. In Russia when government runs and controls business they call it communism. I don't think this country wants to live as they do.

People have said this municipal parking would not cost taxpayers money. Who is going to light the lots or pay the policemen, so if you park longer than you should you can get a ticket, or the maintenance?

They say that the prices of parking are too high. There are parking lots downtown where you can park all day for 25 cents. There are some regulated at 35c for one hour. Is this price so high when it comes to the price of other objects, such as cars?

Has anyone thought how much it costs to run a business? Do you know the cost of labor?

Why don't merchants go into competition with private parking lots and supply parking for their customers? There are some that do.

John E. Hatfield
40 Lynn St.

'Municipal Parking Best, Cheapest, Pays for Itself'

Backers of the vested interests who profit from parking lots can't get away from the fact that municipal parking is the cheapest for the public. Also, it pays for itself from the nickels it takes in.

It doesn't cost the taxpayers a cent. The bond issue will be paid back from the money taken in.

Parking today is a public problem. It is like pavements and sewers. It operates for all. We want the cheapest and best we can get.

A Citizen

Hal Boyle Says:

Grand Old Lady Mothers Scores of College Boys

COLUMBIA, Mo. (AP)—I came again to the old white frame house a block off the University of Missouri campus and knocked at a well-remembered door.

* * *

The door opened, and I saw before me the same lady who had opened that same door to me when I had first knocked upon it a quarter of a century ago as a brash young student.

AT HOME AGAIN

The graying lady looked hesitantly for a moment at the graying middle-aged man before her, and then her mind peeled away the ravaging changes time had made in him, and she said in a real pleased voice:

"Why, Harold!" and then I put my arms around her and pressed my face against her cheek—and knew myself at home.

* * *

Going back to his old college is a spiritual ordeal to any man. So many of the landmarks of his youth have vanished and been replaced by the new landmarks for a new generation that he feels himself a stranger from a lost time.

But Mrs. E. E. Tydings, my foster mother, hadn't changed.

THE OLD TIMES

We went into the kitchen, and as Mrs. Tydings placidly busied herself at the stove, I sat in the old straight-back chair she had received as a wedding present around the turn of the century. We talked of old times, and it was almost as if I had never been away.

"My mind often goes back. . ." said Mrs. Tydings.

Every college campus has its Mrs. Tydings. They are the motherly women who take in lonely college boys and give them a home away from home.

Over the years Mrs. Tydings and her husband, Dr. Tydings, a dentist, now dead, must have sheltered and fed a hundred or more students—and lost a lot of money doing it.

"I just don't know how many boys have stayed with us," she said. "I've never bothered to count them."

BETTER BEHAVED

"How do the college boys of today compare to those who were in school when I was here?" I asked, rather hoping, I must admit, for a bit of personal recognition.

* * *

"Why, Harold," said Mrs. Tydins, "there's been a wonderful change. Maybe I am just getting more tolerant, but I do think the boys today are better behaved around the house.

"They aren't quite so boisterous. They seem to study harder, and I do believe they go to church more often."

* * *

Somewhat crestfallen, I mumbled, "Excuse me," and started for the stairs.

FRIENDLY ROOM

Without glancing up from the sink Mrs. Tydings said, "The bathroom's in the same place, Harold."

* * *

But it wasn't the bathroom I was seeking. It was my old room. It had changed less than I. The February sun threw a slanting warmth at the old desk where I had once studied. What a wonderful room it had been.

* * *

Mrs. Tydings made me stay for an old-fashioned chicken dinner. "I don't make gravy so much anymore now that everyone's on a diet," she said. During the meal she filled me in with what had happened to her foster sons. Some had become well-known lawyers, engineers and farm leaders. One, who used to wash dishes to pay for his meals, had run for governor.

GUILTY FEELING

Mrs. Tydings, who will be 75 next summer, still rooms six college boys but no longer feels up to the chore of cooking for them. But she has to feed something, so she keeps two feeding stations for birds.

Mrs. Tydings said "I do wish I had a bluebird. They're so pretty."

* * *

But Mrs. Tydings doesn't really need a bluebird. She has had one in her heart all her long busy life.

Oregon Has Corner on Our English Holly

PORTLAND, Ore. — Nearly all the English-type holly produced in the United States is grown on 2,000 to 2,200 acres in Oregon and Washington.

American holly, a native species that does not have the large leave high luster of foliage, or abundance of berries that distinguish the Pacific Northwest holly, is confined to the Eastern Seaboard.

Production in mature groves ranges from 1,000 to 2,000 pounds of cut holly a year. Normally a grower expects a gross income of $300 to $500 an acre.

In the next two years the crop will increase by 30 to 40 per cent because new plantings will come into production.

American railroads estimate that corrosion costs $260,000,000 a year.

Learns to Concentrate

Blindness Gives Him the Key to Success

By PHYLLIS BATTELLE

MIAMI (INS) — Sixteen years ago, when the world was about to explode, a young average man named Harry Moss checked into a New York hospital for an operation to save his failing eyesight.

* * *

The odds were against him, but Harry knew he'd get by okay. He was lucky.

It was a bright February morning when the surgeon came in to remove the bandages.

"All right," Harry said after a few moments of chit-chat with the Doc, "Take 'em off."

"I already have," the surgeon said.

* * *

Those three words—"I already have"—bounced around the blackout in Harry's mind for three months. He'd go to windows and stare out of them, hard, figuring to drag his sight back by will power.

When he'd meet friends he'd cry, not only from self-pity but because it was good to feel that his eyes were capable of doing something.

"And then," he told me, "funniest thing in the world happened. I got smart. I stopped seeing, or rather not seeing, the friends who made me sorry for myself and went into business.

BUSSINESS ASSET

"I wouldn't be idiotic enough to say a man's lucky to be blind. But I'll be presumptuous enough to say it makes him a better business man. It's the concentration. When nature forces a man to concentrate on his work, he's a good workman."

* * *

Before he was blinded Moss had sold antique silver to department stores. Now he opened a shop of his own and became a dealer.

Combining his memory of what fine silver looked like with his fingertips — which became increasingly sensitive to textures and shapes and quality — he became a phenomenon in the industry.

He found he could run his stubby fingers over anything from a tiny snuff box to an 18-piece old world tea service, and instantly know its heritage, its beauty or lack of it, and its fair price.

* * *

"This man can see more with his hands," said the U. S. appraiser of the port of New York, "than most of us can see with a microscope."

Moss, who climbed from a $20 a-week shop to nearly a million-dollar-a-year business in New York and Miami, now also deals in precious gems.

For this phase, he's had to hire an expert. "I'm a pretty good facet-counter," he explains. "But doggone, I'm afraid if I ever got engaged I might give my fiancee a well-cut zircon by mistake."

'SEES' BALL GAMES

When Harry Moss talks, he looks you square in the eye. When he attends ball games he knows—just a second before the crowd roars where the ball has been hit.

* * *

When he goes to the theater he pictures fabulous productions that are even better than the shows on stage. And when he walks, he might occasionally brush against furniture, but he never bumps into it.

"Incredible intuition," his admirers say.

"Nonsense, it's just that concentration again," says Harry. "Helps you get more out of life."

"But folks with normal sight could do these things too, if they worked at it."

Space Talk Next

NEW YORK — Electronics magazine predicts that use of new knowledge gained from earth-satellite experiments—which will throw more light on radio propagation methods already using upper-air particles—should make reliable communication with satellites in outer space commonplace within 10 years.

Urge Ban on TV of Drinking Ads

Witnesses Ask Senate Group to Prohibit All Glamorized Matter

WASHINGTON (INS)—Some 35 witnesses urged Congress today to ban radio and television commercials which they said glamorize the drinking of beer and wine.

They appeared before the Senate Committee in support of legislation to ban liquor advertising on the air and in publications which cross state lines.

J. Renwick Patterson, executive secretary of the National Reform Assn. with offices at Pittsburgh, said the spot commercials are giving children the wrong slant.

* * *

Mrs. Glenn G. Hays, president of the National Women's Christian Temperance Union, said the situation is one parents cannot control because "sandwiched in" between good TV programs are beer commercial which children enjoy.

Leslie B. Logan, of Denver, executive director of the inter church temperance movement of Colorado, protested that a beer firm sponsored a TV show on which Mrs. Catherine Marshall, widow of a senate chaplain, appeared.

Logan termed this a "sneak attack" because, he said, Mrs. Marshall did not know in advance that a beer firm would be a sponsor of the program.

Hebrew Scholar Deciphering Old Ugaritic Tongue

SEATTLE, Wash. (AP)—A Seattle diamond merchant spends his spare time trying to reassemble an ancient language which he says might be called the "grandmother of Hebrew." Arthur Lagawier already knows 17 languages. He holds a doctorate in philosophy and a rabbinical degree.

* * *

When his family was forced by the Nazis to leave Antwerp, Belgium, he managed to save his collection of 6,000 books. He has been teaching Hebrew literature at the University of Washington and spending much of his time in scholarly study. One of his hobbies is delving into the mysteries of Ugaritic, a language he says was in use probably 2,000 years before Christ.

"It is the language from which was developed Phoenician, forerunner of Hebrew," he says.

Tablets bearing the strange writings of the ancient kingdom of Ugarit, in northern Syria, were unearthed in 1928. Lagawier received photostats of them three years ago. From the inscriptions, he is trying to develop a Ugaritic grammar.

The retail price of salt today is about 7½ cents a pound, the same as consumers paid in 1812.

IN IKE'S VACATIONLAND — Here's one of the cottages on Secretary of the Treasury George Humphrey's plantation near Thomasville, Ga., where President Eisenhower is enjoying a week's vacation. The President is expected to reach a more definite stand on whether he will be a candidate for re-election during his week in the south.

Dutch Freeze Cream, Then Make It Butter

AMSTERDAM — Finding that some of their customers in other countries objected to eating cold-storage butter, some Dutch butter makers tried freezing cream and making butter from it instead.

* * *

The 12 dairies that have made the experiment say that it's a new answer to an old problem shared by all dairy-surplus countries—the problem of butter storage.

* * *

They say butter churned from frozen cream not only tasts like fresh butter, but has a higher vitamin-A content than fresh butter and is easier to spread.

Mayor to Hear Gripes

COLOMA (AP)—Mayor L. H. Beach plans open house in his office at 7 p.m. every Wednesday from now on to "listen to anyone's gripes and try to iron out whatever I can." He explained it has become so "that I can't walk down the street without being stopped two or three times with complaints or questions from citizens."

Truman Criticizes Ike for Using Korean War as '52 Political Lever

WASHINGTON (INS) — Former President Harry S. Truman charged today that Gen. Eisenhower used the Korean crisis, including peace talks, for "political advantage" during the 1952 election campaign.

Truman singled out for criticsm Eisenhower's Detroit speech in which the general said that, if elected, he would go to Korea. He said Eisenhower "must have known that he was weakening our hand in negotiations."

He added: "I could understand certain extreme isolationists using Korea as a political weapon, but I will never understand how a responsible military man, fully familiar with the extreme delicacy of our negotiations to end hostilities, could use this tragedy for political advantage."

In another installment of his memoirs in Life magazine, Truman also gave this rundown on the Democratic presidential nomination in 1952:

1. He decided on Jan. 20, 1949, Inauguration Day, that he would not seek re-election; revealed his secret to his staff in July 1950 at Key West, Fla., and announced it publicly on March 29, 1952.

SPURNED 3 TIMES

2. The late U. S. Chief Justice Fred M. Vinson, whom he regarded as "the most logical and qualified candidate," three times spurned his support for the presidential nomination.

3. Adlai E. Stevenson could have received three million more votes against Eisenhower if he had accepted Truman's offer in January 1952 instead of announcing his candidacy seven months later.

4. Vice President Alben W. Barkley would have had Truman's backing and "would have been the Democratic nominee," if he had not withdrawn when he did and had not made his decision irrevocable. Barkley quit several days before Stevenson entered the race.

Truman also aired his views on these other candidates:

Averell Harriman— ". . . With his limited experience in elective politics and no experience in campaigning for an elective office, he was somewhat handicapped at this particular time. (1952)."

DIDN'T LIKE METHODS

Sen. Estes Kefauver — "I approved of what he undertook to do with his investigating committee, but I did not approve of the methods he used and the way he went about it."

Sen. Robert S. Kerr, Okla.— ". . . his background of representing the oil and gas interests in the Senate made him ineligible . . ."

Sen. Richard Russell, Ga.—"He was one of the best-informed men in the Senate and perhaps the best-informed on the agricultural situation of the nation. But being from Georgia, where the race issue was so heated, he did not have a serious chance . . ."

Truman said he used "some rather vigorous words" when Stevenson asked him on July 24, 1952, whether it would "embarrass" him if he sought the nomination.

Truman said he had been trying to get him to run since January. He said he told Harriman he was "committed to Stevenson" in any showdown.

Although he paid high tribute to Stevenson as a campaigner, he said the Illinois governor made "several mistakes" which, he felt, and aided the GOP cause.

The first error, he said, came when Stevenson fired the Democratic National Committee chairman and moved his campaign headquarters to Springfield, Ill., "giving the impression he was seeking to disassociate himself from the administration in Washington, and perhaps from me."

In Oregon, he said, Stevenson used the phrase "mess in Washington" and thereby gave Republicans "two phony issues"—"corruption and Korea."

Truman also said Stevenson failed to "give proper recognition" to Democratic city organizations and added that he adopted a "defensive" approach toward Communists-in-government charges by Republicans.

IKE DEMAGOGUE

As for Eisenhower, Truman said he was guilty of "demagoguery and endorsement of the Jenner-McCarthy 'big lie.'" He said Eisenhower "permitted a campaign of distortion and vilification that he could not possibly have believed was true."

He added: ". . . But when our struggle in Korea was appropriated for partisan political purposes at a time when we were negotiating for armistice in the face of a most stubborn and tricky foe, I felt that we had reached a situation that was politically and morally intolerable . . .

"No man in our national life had a better reason to know or a better opportunity to find out the nature of the enemy. No man had less right to use this crisis for political purposes.

WHO'S AFRAID OF HIM? — Napoleon, done in snow, delights these youngsters in Champaign, Ill. The large showman-statue of the French conqueror was built by the fathers of Valerie Linne, 2½, left, and Stephen Wood, 5.

Louisiana to Defy Hight Court's Order

NEW ORLEANS (AP)—Defiant segregation leaders declared today that "the people of Louisiana will not integrate" to comply with a federal court's ruling ordering desegregation in public schools.

* * *

State Sen. W. M. Rainach, segregation leader in the Legislature, criticized the three - man court which gave the ruling yesterday and the Orleans Parish (county) School Board said the next step would be to appeal the decision.

Rainach said the three judges "took an oath of office to uphold the Constitution of the United States, not an oath to uphold the palpably unconstitutional decision of the (U.S. Supreme Court) justices."

U.S. Dist. Judge J. Skelly Wright ordered desegregation of Louisiana schools in the opinion, but he emphasized this did not mean that the mixing of classes would come "overnight or even in a year or more."

* * *

Wright granted a temporary injunction against continued segregation in New Orleans public schools and told the School Board to integrate classes "after such time as may be necessary to make arrangements of children to such schools on a radically nondiscriminatory basis with all deliberate speed."

Note From Dead Says Her Death Caused by Killer

LOS ANGELES (AP)—The funeral of Mrs. Claudia Benco, 55, will not be held as scheduled today because of a "message from the dead" that charges her death was not accidental, but murder.

Mrs. Benco died Monday of burns suffered in her apartment Feb. 1.

Police Capt. P. R. Smith of Beverly Hills said the following note in her handwriting was found yesterday in her locker at the Beverly Hills Hotel, where she had worked:

"If by any chance I should die, it will not be an accident, but murder; plain, cold blooded murder. Remember, it is murder and nothing else."

The coroner's office ordered a further post-mortem on the body. The fire in her apartment had been attributed to careless smoking. Investigators said Mrs. Benco, cigarette in hand, apparently had fallen asleep in an upholstered chair.

Pilot of Fortune Dahl Reported Missing

MONT JOLI, Que. (AP)—Harold E. (Whitey) Dahl, a headline flier of fortune since the Spanish Civil War, is believed missing with three other persons on a flight over northeast Canada's frozen wastes and icy waters.

Northland pilots at the distant early warning radar line base here said Dahl was piloting the American-owned DC3 transport which disappeared early Tuesday on a 3½-hour, 400-mile flight from Frobisher Bay, Baffin Island, to Fort Chimo, Que.

There was no official confirmation that the missing pilot was Dahl nor was there any identification available of the three passengers reported aboard the plane.

Careless People Partly to Blame

Forgers Fatten on Federal Checks

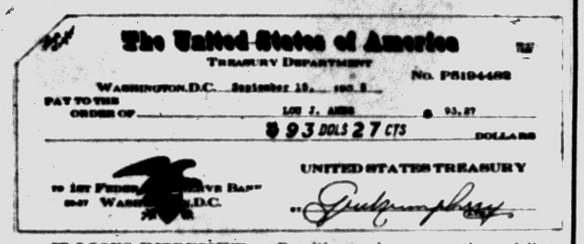
By KENNETH O. GILMORE

WASHINGTON (NEA)—Forgers and counterfeiters of U. S. government checks have never had it so good.

* * *

Today these swindlers are doing a land office business duping cashiers, businessmen and store keepers across the country. They've found that cashing a phony or stolen government check is like taking candy from a baby.

Each year Uncle Sam issues more than 250 million checks, yet numerous gullible persons believe that anything with the words "U. S. Government" or



IT LOOKS IMPRESSIVE — But it's as phony as a three-dollar bill. Despite the fact there's no such bank as the one printed in check's corner, Jack Raymond (alias Ames) got it cashed.

"U. S. Treasury" on it is supported to the bottom of Fort Knox.

Or they just don't have the sense to ask for proper identification when they cash a government check. And the crook slips away.

PEOPLE ARE CARELESS

As a result, the U. S. Secret Service investigated more than 45,000 forged government checks worth more than two and a half million dollars during the last fiscal year. That's an all-time high.

It's their job to guard against any foul play that has to do with currency or federal checks and bonds. But the task is not easy when people are so easily fooled.

"The carelessness with which is sometimes incredible," says U. E. Baughman, chief of the Secret Service.

He tells of the woman in Chicago, for example, who received formal notice from the government that she would no longer receive her allotment checks for $137.10. This was printed on a cardboard form perforated like a government check.

Believing the notice to be a check, she took it to the owner of a tavern. He had her endorse it and then forked over the cash.

LOU AMES CASE

One of the most interesting counterfeit cases handled by the Secret Service recently came to a dramatic head in Denver, Col. It illustrates the swift operation of serving a life sentence mostly for forgery.

When another Lou J. Ames check was laid down in Minnesota, warning circulars were sent out to super markets in the entire western area where it was thought he was heading. They described the check and the suspect.

Less than a week later Raymond walked into a super market in Denver and tried to cash a check. The manager recognized it and refused to cash it. Then he had a clerk spot the crook's license number.

It was put out over a police bulletin and immediately a Denver police car spotted Raymond's auto. But the criminal was prepared. Knowing he was being chased, he turned on a red light and a siren he had installed and took off.

The two cars screamed through the city at 90 miles per hour. But the criminal failed to make a right turn and hit a traffic island.

He jumped out and ran across the street to a vacant lot and hid behind a chicken coop. When the pursuing cop fired two shots in the air, he surrendered.

This is a dramatic but not an unusual case. Every year the Secret Service investigates cases where crooks have actually succeeded in passing photostatic copies of federal checks.

They also find people accept old age pension checks from kids who have stolen them.

"A government check is as good as gold—provided it is endorsed by the person who is entitled to it," emphasizes Chief Baughman. "But one with a forged endorsement is as worthless as any forged personal check, and the person who cashes it is the loser.

U. of Alabama Head Sees Students Today

TUSCALOOSA, Ala. (AP) — President O. C. Carmichael of the University of Alabama meets his students face-to-face today for the first time since Autherine Lucy was driven from the campus Feb. 6.

Carmichael planned to speak at a student-faculty convocation, rescheduled from Feb. 8, following violent demonstrations against the Birmingham Negro, first of her race to attend the university.

The president was scheduled to address two mid-day meetings. The convocation was divided into two groups because bad weather made it necessary to meet in the university auditorium, instead of the stadium.

University authorities said no cameras would be permitted in the auditorium. It was emphasized that the meeting of students with Carmichael was to be "strictly for the students," and cameras were barred to "avoid distractions."

Only outsiders permitted will be reporters.

Wants 12-Month Terms for Kids Attending School

KALAMAZOO (AP) — The idea that school kids should go to classes all year round gets a boost from a Western Michigan College professor. He says the nine-month school term is out of date.

Dr. L. Morris McClure contends the nine-month term was fixed at a time when children were needed for farm work in the late spring and summer. Now, he says, it can't take care of children's expanding educational needs.

Dr. McClure would do away with the regular summer vacation, instead fitting playtime activities such as camping and outdoor education into the school curriculum.

Children also could be absent for vacations at the request of their parents, he says.

Dr. McClure thinks teachers wouldn't mind working the entire year. He says it would bring about complete professionalization of teaching and eliminate the popular idea that teaching is a part time job.

Westinghouse Discards Plan

Gov. Leader's Offer for Public Inquiry of Strike Turned Down by Firm

PITTSBURGH (AP)—The Westinghouse Electric Corp. strike entered its 123rd day today and an early settlement seemed remote after the firm's rejection of a public inquiry into the walkout.

Gov. George M. Leader of Pennsylvania, in cooperation with four other governors, had set up a two-man, fact-finding board to study the strike which has idled 44,000 workers at 30 Westinghouse plants since Oct. 17.

* * *

Gwilym A. Price, Westinghouse board chairman and president, sent telegrams to the governors rejecting the plan.

"Westinghouse cannot delegate to outsiders . . . the right to determine the fundamental terms of the union agreement under which Westinghouse must live for some years," he said.

* * *

Meanwhile, more violence at the firm's Sharon plant was reported. One auto was overturned and other cars were stoned yesterday. Some windows in the plant were broken. No arrests were made and no injuries were reported.

Convicted Union Man Sentenced to Prison

DENVER (AP) — Union official Maurice E. Travis, convicted here Dec. 21, was sentenced yesterday to eight years in prison and fined $8,000 for falsely denying in National Labor Relations Board affidavits that he was a Communist.

The bulky 45-year-old defendant was ordered held under $15,000 bond pending an appeal to the U. S. 10th Circuit Court of Appeals.

* * *

Travis formerly was secretary-treasurer of the independent International Union of Mine, Mill & Smelter Workers. He now is its Pacific Coast representative.

Travis said the jury which convicted him was "predisposed" because of the "present atmosphere."

Conviction on the federal charge provides a maximum penalty of 20 years in prison and a $40,000 fine.

Kavanagh Explains Speed Law Hours

LANSING, Mich. (AP)—State Atty. Gen. Thomas M. Kavanagh has told Michigan policemen the difference between night and day.

State Police Commissioner Joseph A. Childs asked Kavanagh to define day and night hours for enforcement of Michigan's new speed laws. The Legislature left the definition out when it adopted a 65-mile-an-hour limit for daytime motoring and 55 miles at night.

Kavanagh said "daylight" hours start with the rising sun and end when it sets.

"Night hours are those when there is not enough light without moonlight to distinguish a man's countenance," he said.

Tourist entries to Mexico averaged a whopping 63,500 a month in mid-1955.

Directors of Clinic Elect Five Officers

The Board of Directors of Oakladn County Child Guidance Clinic elected five officers at a luncheon meeting held yesterday at the clinic offices, 113 Franklin Blvd.

Named chairman of the board was Dr. Robert J. Mason of Birmingham. Vice chairman is Mrs. Lawrence S. Martz of Bloomfield Township; secretary, Mrs. A. H. Williams of Royal Oak; treasurer, Noel Buckner of Pontiac; and chairman of the nominating committee is Mrs. David Hicks of Pontiac.

These officers plus two appointees by the chairman (not yet named) constitute the executive committee board.

Announcement was made of an all-day meeting, scheduled from 10 a.m. to 3:30 p.m. March 21 in Sheraton-Cadillac Hotel, Detroit, for board members of the 17 child guidance clinics throughout the state. Because of conflict in time, the local board meeting scheduled for that date will be moved up to March 14.

Pre-Draft Agers Undergo Rigid Tests

'Not Homesick,' Say 17-Year-Old Soldiers

FORT KNOX, Ky. (AP) — "Homesick? Shucks, No."

That was the nonchalant reply given by America's teen-age "soldiers of tomorrow" when asked about their morale.

* * *

An observation team of civilians from Syracuse, N. Y., dropped in Monday for a first-hand look at the novel experimental training program for 17 and 18 year olds.

Included in the group were club women, newsmen, educators and ministers.

The question asked most often was: "Are you homesick?"

After giving assurances that they were not, the reply usually took into account: "We don't have time to be homesick."

Or: "I can take anything for six months."

The pre-draft agers are getting the works in military training, compactly packaged into the short period.

Fort Knox officials volunteered information to the Syracuse visitors that the program is agreeing with the youngsters. The trainees gained an average of 6 pounds per man in the first 12 weeks, they said.

The soldiers were given six weeks of the customary basic training. Next they go to an army post that can give them special attention for 10 weeks in the branch of service in which they specialize. The rest of their training is taken up in practicing what they have learned.

Joe Beamish, a columnist for the Syracuse Herald-Journal, was a spokesman for the observation team yesterday.

"Their high morale is a very pleasant surprise," he said.

Army planes flew the group to Fort Knox specifically to observe the 500 teen-agers at work. The visitors watched rifle practice athletics, tank driving, marching and other chores.

The return trip was scheduled today. Back home, the observers are expected to "report to the people" through club and church talks on what they saw.

The Army hopes to bring in new group of civilians each month.

Included in the first delegation were Mrs. William A. Garrison, president of the Syracuse Council of Mothers Clubs; Mrs. Eric Anderson, president of the League of Women Voters; Mrs. Addison Persons, president of the Onondago Council of PTA; Nick J. Ferrante, secretary of the Council of Labor; Paul A. Miller, superintendent of schools, and Frank Kelley, secretary of the Council of Social Agencies.

About 20 boys from the Syracuse area are in the training group.

Experts believe the United States has about half the coal resources of the world.

Man of His Word

MILES CITY, Mont. (AP)—An account of Gus Peterson's 1931 offer to sharpen skates free for Miles City youngsters who couldn't afford to pay appeared in a "25 Years Ago" column of a Miles City newspaper. The following day one of those poor youngsters remembered he accepted Peterson's kindness—and offered to pay. But Peterson's attitude hasn't changed. He refused payment.

Cabinet Ratifies Algerian Policy

Mollet's Proposal Now Authorized to Go Before National Assembly

PARIS (AP)—The French Cabinet endorsed Premier Guy Mollet's policies for Algeria today and authorized him to bring his proposals before the National Assembly this afternoon.

* * *

The Socialist Premier's plan was expected to hinge on his controversial proposal to set up a one-house Algerian legislature of both Moslems and French colonists as soon as possible. Mollet hopes this will produce Algerian leadership with which France can negotiate for an end to the 15 months of fighting between Moslem nationalists and French troops.

* * *

To quiet Algeria's French colonists who opposed such a proposal last week with riots and demonstrations, Mollet was reported planning to offer guarantees—as yet unspecified—against their being swamped. Algerian Moslems outnumber the French 8 to 1; at present each has its own legislative house with the French chamber dominant.

Presentation of Mollet's proposals was expected to furnish a respite from the filibustering and brawling in the Assembly by followers of antitax leader Pierre Poujade. They have brought the chamber to a virtual standstill for the past two weeks battling attempts to unseat 12 Poujadist deputies whose elections have been challenged.

* * *

The matter broke into open violence yesterday when Poujadist and leftist deputies disrupted an Assembly session with a slugging match for possession of the speaker's rostrum. The session was finally suspended after six deputies had suffered bloody noses and cracked heads.

* * *

Mollet prepared to address the Assembly against a backdrop of french violence in both Algeria and Tunisia. French sources said 88 persons had been killed in the 24 hours ending last night.

Two Cabinet Ministers Replaced by Franco

MADRID, Spain (AP)—Generalissimo Francisco Franco today replaced two Cabinet ministers in an attempt to quiet unrest in the Falangist party and halt university student demonstrations against his government.

Decrees dismissing the secretary general of the Falange and the education minister and appointing substitutes were published in today's official bulletin.

Careening Auto Kills Pedestrian, Hurts Mother

DETROIT (AP) — A Detroit man was killed and his mother injured last night when a car went out of control, swerved over a curb and struck them as they walked along a Detroit street.

Killed was Carlton Watson, 43. Police said he was carried 74 feet on the bumper of the car, driven by Jesse Woodard, 27, also of Detroit.

Watson's mother, Mrs. Sally Watson, 73, of Detroit, was taken to a hospital.

Police quoted Woodard as saying his brakes failed as he turned to avoid another vehicle.

Greek Premier Faces Challenge

New Democratic Union Will Enter Parliament Elections in Force

ATHENS, Greece (AP) — A new Greek political force representing all shades of opinion from extreme left to right will challenge Premier Constantine Karmanlis' National Radical Union in parliamentary elections Sunday.

* * *

The new alliance—an astounding development on the local political scene—calls itself the Democratic Union. The "Democrats" include the Communist-controlled United Democratic Left Wing (EDA). The Premier's "Radicals" are pro-Western defenders of Greece's membership in NATO and are generally moderate in policy.

The Radical Union accuses its opposition of playing Moscow's game, risking landing Greece behind the Iron Curtain. The Democratic Union counters by charging the government with not vigorously supporting the British island colony of Cyprus in its fight to unite with Greece.

REDS OUTLAWED

The Communist party has been outlawed since 1947. In addition to the Red-front EDA, the Democratic Union includes Constantine Tsaldaris' Populists, George Papandreou's Liberals, Sophocles Venizelos' Liberal Democratic Union, the late Gen. Nicholas Plastiras' National Progressive Union of the Center (EPEK), the Agrarian party and George Kartalis' Democratic party.

* * *

Prior to formation of the Democratic Union, most political observers believed the Radical Union would win a majority of the 300 Parliament seats at stake. Now the outcome is in doubt. Karamanlis' followers are hoping for a last-minute split in the opposition.

Catholics Will Battle Segregation Moves

NEW ORLEANS (AP)—A hot legislative fight loomed today between the Roman Catholic Church and segregation leaders seeking a law that would halt church plans for integration in Catholic schools.

Four state representatives asked last night for measures to prevent mixing races in private schools. Catholic Church officials have said integration in their schools may come by September.

The four legislators were from the New Orleans area, where more than half the schoolchildren attend Catholic schools.

The request came shortly after a special three-judge federal court threw out state laws aimed at retaining segregation under the state's police powers.

It takes an average 34 man hours to produce 100 bushels of U.S. corn compared with 127 man hours in 1930.

British Sell War Tools to Soviets

Official Tells Probers Stategic Machine Items 'Indispensable' to Arms

WASHINGTON (INS)—Senate investigators have been told that Britain is shipping Russia six highly strategic machine tools described as "indispensable" to a build-up in Soviet war potential.

* * *

The statement was made by Ralph Baldenhofer, executive vice president of the Thompson Grinding Co., Springfield, Ohio, who said the six machines are valued at between $200,000 and $500,000 each.

Baldenhofer, a former Commerce Department official, told the Senate permanent investigations subcommittee that the machines could be used for almost any industrial purpose including the manufacture of reactor parts for the atomic submarine Nautilus.

The witness said Britain has already shipped one of the machines and has five others on order which he said were "very essential" in any wartime mobilization program.

FIRST WITNESS

Baldenhofer, first witness in the investigation, said he was operations director of the Commerce Department's metal working equipment division last year when he protested the relaxation of the ban on shipping machine tools behind the Iron Curtain.

* * *

He said the six machine tools ordered from Britain by Russia were horizontal boring, drilling and milling machines. He called these "the most important machines on the entire (decontrol) list."

Under questioning, he said the machines are "the first step toward a successful operation in a war."

TEXAS SIZE — Mrs. L. E. Brown, 42, of Turnertown, Tex., takes a look at a male addition to her brood of 16 shortly after his birth. Named Chester Dean, he was the first to be born in a hospital. The other children, ranging in age from two years to 22 years, were all born at home. Mrs. Brown has been married 24 years.

Would Affect 13 Districts If Okayed by Boards

Study School Consolidation Plan

A 17-point proposal to consolidate and reorganize school districts in the Oxford-Addison Township and lower Lapeer County area will be presented to school boards of some 13 districts, at a meeting scheduled for 8 p.m. March 1 in Daniel Axford School, Oxford.

* * *

The proposals climax a 2-year study by the Oxford Area Study Committee, a group of some 75 lay persons and school board members picked by the various school boards to represent their districts.

* * *

The 76-page report on the findings and proposals of the study committee was presented to the Oakland County Board of Education at its Jan. 19 meeting. Copies have been sent to the various school boards, committee members and other interested persons, for study prior to the meeting.

School districts included in the study are those of Oxford, North Oxford, Leonard, Lakeville, Kingsbury, National, Arnold, Oakwood, East and West Travis, Whigville, Rock Valley and Thornville.

The report breaks down into three sections.

* * *

Part 1 is a compilation of facts about school curriculums, buildings, finances, populations, transportation of students and auxiliary services in the districts surveyed.

Part 2 deals with wishes and opinions of parents as expressed in community meetings held in seven key areas.

Part 3 lists the 17 committee recommendations, based on the findings in Parts 1 and 2.

Recommendations include a proposal to reorganize the area into a single fourth class district, to be named the Oxford Area Community School District. An interim board for the new district would be made up of two persons from Oxford School District No. 5 and three members chosen on a geographic basis to give the most equal representation to all districts.

* * *

The new district would then bond itself in sufficient amount to retire all existing debts, and:

1. Secure a new centrally located high school.

2. Modernize the present high school for junior high purposes.

3. Make necessary additions to existing elementary schools and build new elementary schools as they become necessary.

Recommended location of the proposed high school would be as close as possible to the geographic center of child population area, which the committee pinpoints about four miles northeast of Oxford. A minimum of 40 acres was suggested for the high school site.

Elementary school buildings considered adequate by the committee for continued use were Daniel Axford, Lakeville, Leonard, North Oxford and Thomas, with future enlargement of Lakeville, Leonard and Thomas Schools.

* * *

Schools which the study group felt should be or remain closed were Arnold, East Travis, National, Oakwood and West Travis.

Other proposals included:

1. A multi-purpose room in each neighborhood school building, to be made available also for community affairs.

2. Hot lunch program in all schools.

3. A pupil-teacher ratio of 25 to 30 pupils per room in grades 2 and above; 20 to 25 children per teacher in kindergarten and first grade.

4. A new plan of bus routing; construction of a 3-bus garage and bus shelters; and the hiring of a full-time mechanic-supervisor to head the school bus department. Also, that transportation be adequate to provide equal opportunities for children in outlying areas to participate in extra-curricular activities.

5. Appointment of an advisory committee of citizens consisting of one person from each of the former school districts to sit in on board of education meetings and deliberate with the board as the new district begins its operation.

Planning to attend the March 1 meeting are Dr. William J. Emerson, Oakland County superintendent of schools; Kenneth Brown, deputy county superintendent of schools and secretary of the study committee; R. A. Grettenberger, Lapeer County superintendent of schools; R. A. Ambrose, superintendent of the Oxford School District; members of the study committee; and superintendents and members of the boards of education involved in the study.

Following explanations and discussion of the study, the school boards will have the opportunity to accept or reject the study and proposals. If accepted, the study would be taken back by the individual boards for presentation to electors of their own school districts.

Five Clinics to Give Rabies Shots

Serum Program Set for Sunday

Inoculation Requirement to Obtain '56 Licenses for County's Dogs

Rabies vaccinations for dogs, required before 1956 licenses will be issued, will be given Sunday afternoon at five non-profit Rabies Vaccination Clinics located in Pontiac, Clarkston, Highland, Holly and Novi.

Cost of the inoculation has been set at $1.50, and clinic hours will be from 1 to 4 p.m. Sunday.

Sponsors of the vaccination program are the Oakland County Health Department and Oakland County Veterinarians Association.

Location of clinics set up are:

Oakland County Animal Shelter, 1200 E. Walton Blvd., Pontiac.

Independence Township Fire Hall, Church street, Clarkston.

Holly Fire Hall, Holly.

Highland Township Fire Hall, Highland.

Novi Township Hall, Novi road, Novi.

Six similar clinics held last Sunday in locations throughout the county reported 1,138 dogs had been vaccinated.

Dr. John D. Monroe, Oakland County health director, urged all dog owners to take advantage of the program. He emphasized the safety factors involved, and pointed out that a certificate of vaccination must be shown before a 1956 dog license will be issued.

PLAN INFORMATION PROGRAM — Officers of Pontiac's 703rd Tank Btn. study final details of a special information program during which the unit will be host to students and their parents from area high schools. Pictured (left to right): Capt. Donald Kaiser, communications officer; Lt. Col. Lloyd A. Gabler, commanding officer; and Maj. Edgar Grotelueschen, Fifth Army adviser. The guests will view a motion picture portraying training under the new U. S. Army reserve program and a special display of tanks, firearms and other combat equipment. The program, which will also include refreshments, will begin at 8 p. m. and will take place in the tank unit's headquarters, 37 W. Lawrence St. Purpose of the event is to outline the objectives of the Reserve program and activities carried on by the local unit.

Says Lourdes Trip Helped Doomed Girl

DETROIT (AP) — An 8-month-old Escanaba girl was to leave here for home today after being bathed in the famed waters of the Shrine of Our Lady of Lourdes in France.

The infant, Susan Deloria, is suffering from the rare tay-sachs disease which affects the brain and muscular control. It apparently is incurable.

With her parents Mr. and Mrs. Jerome Deloria, Susan flew to France and visited the shrine where miracle healing has been reported.

"Susan feels good and took the arduous trip very well," Deloria said yesterday during a visit with relatives in Wayne.

"It is hard to tell at this time if any cure has taken place through the mercy of the Blessed Virgin Mary," he said. "But we have faith and hope. Susan does seem to be much livelier than before."

School Board Seeks Ties With Business, Industry

In an effort to more closely coordinate Pontiac's school program with local business and industrial life, the Board of Education last night named two vocational education advisory committees.

Composed of citizens engaged in trade, industry and business, the committees will study the present school curriculum in terms of employer needs and recommend changes to the Board.

The program was worked out by Richard C. Fell, who is director of vocational education.

The "Trade and Industrial" committee includes Fred A. Voelker, of Pontiac Motor Division; Ralph A. Dawe, of Fisher Body Division; Elmer C. Rosenberg, of GMC Truck & Coach Division; Fred V. Haggard, of the CIO Council; James F. Spence, of the Pontiac Manufacturers Assn.; Raymond J. Graff, Vernell F. Duffy, and Fell, of the school system.

The "Business Education" Committee is composed of Mrs. Marian Craft, of Community National Bank; Miss Phyllis Stock, of The Legal News; William B. Simpson, of GM Truck & Coach Division; Ralph Eastridge, of J. C. Penney Co.; Howard VanDusen, of Waite's Department Store; Alvin Steinman of the Lion Store; Miss Grace McLaughlin, William Lacy and Fell, representing the schools.

In other action, the Board approved an in-service education day for teacher and administrators April 3 during which pupils will be dismissed from school.

Superintendent of Schools Dr. Dana P. Whitmer presented a preliminary report on the 1956-57 budget for study pending final adoption in April.

The board said it would sell 22 acres of land it holds on Lake Street, which includes a government housing project, if the buyers agreed to remove or replace the existing sub-standard buildings within a certain length of time.

Children will begin to attend the new Madison Junior High School, off North Perry street, next week, announced Building Coordinator Dr. Otto C. Hufziger.

The Board decided to include a multi-purpose room in the new elementary school to be built this year on Walton Boulevard. It had previously been ruled out as running costs to high, but enough savings have been realized through design changes to include the gym and cafeteria area, said Hufziger.

Bar Exam Probe Ends in Stalemate

LANSING (AP)—A 23-member Ingham County grand jury which for a month sought to turn up evidence of cheating in Michigan bar exams last September, concluded its inquiry without returning any indictments.

The jury, through its foreman, Robert W. Richards, reported yesterday to Circuit Judge Marvin J. Salmon it found no basis to support any criminal charges, and was discharged.

The 10 women and 13 men heard 69 witnesses in 12 days of active sessions since the jury was ordered impaneled Jan. 10 at the joint request of Atty. Gen. Kavanagh and Charles E. Chamberlain, Ingham County prosecutor.

Word that something may have been amiss in conduct of the examinations for admission to the Michigan Bar came from a Detroit priest, who reported to the state board of law examiners, in charge of the tests, that he was informed there was cheating.

The law examiners referred the matter to Kavanagh and a State Police investigation resulted.

The grand jury was requested after police said their inquiry was handicapped by inability to compel persons interviewed to make full disclosure of facts in their possession.

Richards, a Lansing engineer, told Judge Salmon that the jurors worked "patiently and carefully" in the case. After hearing from the jury, the court praised it for its diligence.

Judge Salmon disclosed that the grand jury investigation cost a total of $3,421, and said he hoped the state would bear a reasonable portion of the expense.

Newsmen, observing that the bar examinations were given in Ann Arbor, asked Kavanagh if he planned to call a second grand jury there, or at any other location.

The attorney general replied that he did not, saying "I think we've covered it all."

* * *

He said, however, that the case would not be marked closed, and that investigation would be resumed at any future time he received additional information warranting such action.

State JP Group Offers Substitute License Plan

If a bill now before the Michigan Senate is made law, all justices of the peace in cities of more than 15,000 population will have to be licensed attorneys.

Sponsored by an attorney, Sen. Carlton H. Morris (R-Kalamazoo), the bill would make municipal courts of all JP courts in such municipalities.

In addition, except for justices already in office when the bill is passed, presiding municipal judges would be required to be licensed attorneys.

According to Oakland County Justice Court Accountant Gerald A. Terrien, this provision is the latest move in a long struggle between advocates and opponents of measures requiring all justices to be licensed attorneys.

MUST FILE PETITION

"At present, if a man wants to be a justice of the peace, all he has to do is file a petition with the county clerk, be a resident of township where he's running, and get enough votes to be elected," Terrien said yesterday.

"After he's elected, all he has to do is post a minimum bond of $1,000, to cover the fines and costs he handles, and take his oath of office."

But, Terrien says, there are more than one proposed solution to the paradox of electing judges who needn't necessarily know anything about law.

"The Michigan Justices of the Peace Association supports a suggestion that justices be certified. Certification would involve minimum educational standards, a working knowledge of the law, a university-level course in court procedure, and a written and oral examination by a certifying committee.

ALL-EMBRACING LAW

"This procedure," the JPA says, "would be required for all men who have been elected justices of the peace. After certification, they would post their bonds and take their oaths.

"Advocates of certified justices, rather than justices who must be attorneys, point out that being an attorney doesn't necessarily mean that a man is well versed in civil and criminal law, or court procedure on the justice level.

"They say, for example, an attorney might be an expert in maritime law, but know nothing of Michigan criminal statutes.

"They hold that an elected justice could learn enough law and procedure to run his court in a month of concentrated study. Then, with the university course in procedure, he could know enough to honor motions, rule over procedure and comply with law in filing results of actions in his court.

"On the other hand, the Michigan Bar Association is leading the group which wants to require justices to be licensed attorneys.

"The Bar Association says it's ridiculous to have judges who don't know the law. They say citizens may lose their rights, for example, if a justice doesn't know enough law to honor a motion.

"If an attorney says 'I object,' the judge must know what he is objecting to and whether the objection should be sustained or overruled.

"I think both sides agree, up to this point.

"But the Bar Association says the best way to learn law is to study it in law school, and the best way to test a man's qualifications is in the regular process for licensing attorneys."

Mail Theft Ring Suspects Cited

2 Women Among Band of 7 Indicted in State; $40,000 Job Hinted

GRAND RAPIDS (AP) — Seven Lansing residents today faced Federal Court trial as alleged members of what a U. S. attorney described as a $40,000 mail theft ring operating in three states.

The group including two women, were indicted by a federal grand jury here yesterday. They are accused of stealing government, payroll and personal checks from mail boxes, forging them and cashing them.

Robert J. Danhof, assistant U. S. attorney, said the ring operated mostly in Lansing but also covered Benton Harbor, Battle Creek, Flint and Saginaw and Toledo and Memphis, Tenn.

Named in the indictments were James David Canon, 37; Barbara Ann Eastman, 18; Mrs. Margaret Lorraine Smith, 21; Ford H. McDonald, 50; Boyd Elliot Cox, 25; John Costa, 53; and Guy Mitchell Owen, 29.

All but McDonald were charged with conspiricy to violate federal postal and forgery laws. McDonald was charged with knowingly recieving stolen pieces of mail.

Danhof said the ring netted between $35,000 and $40,000 from March 1 to Nov. 1 last year. He said they also stole bank statements and canceled checks to aid their forgery operations.

Postal intelligence agents worked with Secret Service men and Lansing Police to break up the ring.

Cox, Costa and Mrs. Smith are free on bond; the others are in custody.

Army Plans Check of Area Radar Posts

Army radar personnel from the 28th AAA Group stationed at Selfridge Air Base and civilian technicians are performing tests in several Oakland County areas to check the effectiveness of surveillance radar used in antiaircraft defenses.

Latest tests are being conducted a half-mile west of U.S. 24 off Davison Lake road near the northern border of the county, Major George MacDonald, 28th Group public information officer, reported.

He said the tests will continue to be conducted at various locations. "The time spent in any one spot depends upon weather conditions," he said. There are approximately 20 to 25 men in each area with the radar equipment and temporary housing, he added.

THINGS FINANCIAL — Champion Averill's Maxmilian, two-year-old English bulldog, spends his Sunday like a businessman who wants to relax but can't get his mind off things financial as he studies "The Journal of Commerce" during a visit to New York City. Owned by Mrs. S. P. Averill of Westwood, N. J., the dog was in the city for the Bulldog Club of America's annual tests to find a champion.

Kitten Doing OK Thanks After Kalamazoo Blaze

KALAMAZOO (AP) — Thanks anyway, folks, but the kitten that survived a fatal fire here last week is going to be all right.

A picture of the half-drowned, half-suffocated kitten was widely published. More than 25 adoption offers came in from as far as St. Paul, Minn.

It turned out the cat was not blinded in the fire, as first believed. Workers at the Kalamazoo County Humane Society gave it a bath, food and warm bed. And the owners, the Gilbert Leroy Peake family, expect to reclaim their pet soon.

Six persons, including five children, died in the fire.

Woman Drives 800,000 Accident-Free Miles in 38 Years

Men, Here Is One Traffic Record You Will Not Equal

FLINT (AP)—Think you're a good driver? Here's a woman who has driven 800,000 miles — about 32 times around the world — without an accident.

* * *

That's the mileage rolled up by 66-year-old Mrs. Myrtle Getso in 38 years of driving.

In all that time the Flint housewife has never been involved in an accident or received a moving violation ticket.

What's her formula for saftey? She says:

"I have avoided accidents by figuring the other guy is going to do the wrong thing."

* * *

Men who regard women drivers with scorn because "they don't drive as much as we do" have no grounds against Mrs. Gesto. She averages 20,000 miles a year. Most people do between 10,000 and 15,000 miles.

SHE'S NO FUDDY-DUDDY

She's no fuddy-duddy on the highway either. One of her pet peeves is "old people who poke at 25 miles an hour on highways with speed limits of 50 or more. They cause a great many accidents."

Mrs. Getso herself goes between 60 and 65 on the open highway But she's not in favor of speeding and isn't afraid of state police.

* * *

"I like to see state police on the highways," she said. "I wouldn't mind if every other car was a state police car. They cut down on speeders."

Mrs. Getso also believes too many teenagers, especially boys, "think a car is something to play with." She believes a lot of drivers "shouldn't be allowed to get behind a wheel."

With traffic congestion and reckless drivers to contend with, she feels "you've got to be good as well as have luck to avoid accidents."

It helps to be self confident, courteous, alert and relaxed, she said — and keep your car in good mechanical condition.

BEGAN IN 1918

Mrs. Getso learned to drive in a Reo in 1918 and has done all the family driving since as her husband doesn't care to. Her current car has conventional transmission. She has never driven an automatic transmission and doesn't want to.

Her car was hit once by another auto. That was in 1951. She had driven off the road to help a motorist in a ditch. Another car left the road and struck her empty auto.

Mrs. Getso has had one ticket—for 10 minutes overtime parking in 1937. She didn't know it was a one-hour zone because a moving van was blocking her parking sign.

* * *

Mrs. Getso recently received an award from the Genesee County Traffic Safety Commission for her driving record. And the commission promised her another award when she makes it a million safe miles.

Mrs. Getso is confident she'll collect it.

Irked Gunmen Leave Paltry Loot in Register

FLINT (AP)—Three gunmen held up City Commissioner Carl W. Delling's Blue Bird Cafe in Flint yesterday

Fannie M. Sanders, 33, a waitress, said the man ordered her to open the cash drawer. Then they turned on their heels and walked out on noting the small amount of money.

Household Debt Bill Up Before Harriman

ALBANY, N.Y. (INS) — New York Gov. Averell Harriman has received a State Legislature bill to outlaw firms that take over and handle household debts—for a fee.

* * *

The Legislature has passed the state Senate bill after a heated debate, in which the debt-pooling system was termed "the meanest racket."

Under the system of debt-pooling, a family that owes many and diverse creditors money may contract to combine its obligations by one weekly or monthly payment to a debt-pooling firm.

* * *

The lump sum payment was said to include 10 to 25 per cent in fees for the financing firm, which then parcels out the remainder to various creditors involved.

Seduced Maid Really Fixed This Crazy Lover

YOKOHAMA (AP) — Toshio Yamada, a 25-year-old longshoreman, broke into a downtown home last September and raped the 22-year-old maid. The next day he wrote the girl, "I'm crazy about you and want to date you." She met him at the appointed time and place — with three plainclothesmen. Today he was convicted of burglary and rape and sentenced to 10 years' imprisonment.

There are now 1,300,000 motor vehicles in use in Japan compared with 156,000 in 1946.

Bitterness, Hate for Stalin Expressed by Khrushchev

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON (AP)—Joseph Stalin was such a complete dictator he looked like a Hollywood production. But no one was ever swept under the rug faster than Stalin after his death in 1953.

* * *

In his lifetime he was treated as a kind of Soviet saint, a combined folk-hero and wonder-man. In death he has disappeared almost into oblivion. Westerners have long wondered why.

This week his successors, his own hand-picked disciples, have given the answer without mentioning his name: they got fed up with his one-man show and, apparently, even of his memory.

* * *

From what they say now they must have despised him. They didn't show it while he was still around, or they wouldn't be around. He was the Communist party. He held the life of every Russian in his hand.

Pictures of him, alone or with Lenin and Marx, adorned the country. After his death his pictures began to come down.

EVEN PRES DESPISED

The Communist - owned Russian press groveled when it mentioned him, which was always. He was glorified with adjectives sometimes so ludicrous they seemed chosen with malicious irony. Now his name is hardly mentioned.

The answer to all this came Tuesday from the new Communist party boss, Nikita Khrushchev, in a long speech to the party Congress in Moscow. He mentioned Lenin and Marx many times but Stalin only once by name, and then in passing.

* * *

Khrushchev told his fellow Communists from all over Russia that he and the other new leaders are acting as a team. Collective leadership, he called it, referring to the top men on the party's Central Committee.

Then he issued a slashing condemnation of Stalin without using his name, explaining why Stalin has been shoved into Communist limbo. Khrushchev said:

"Everyone can see how much the role of the Central Committee as the collective leader of our party has grown in recent years . . . (It) took steps to explain widely the Marxist-Leninist conception of the individual in history.

* * *

"It vigorously condemned the cults of the individual as being alien to the spirit of Marxism and Leninism, and making a particular leader a hero and miracle worker. At the same time this belittles the role of the party and the masses."

This was saying that Stalin, in permitting and encouraging his own glorification, had betrayed the spirit of Marx and Lenin. But Khrushchev went further, suggesting that Stalin had even hurt the progress of communism. He said:

* * *

"Currency of the cult of the individual tends to minimize the role of collective leadership in the party, and at times results in serious drawbacks in our way."

Solons Foresee Nixon in Race

Sample Opinion Shows if Ike Will Campaign, Dick Will Be Chosen

WASHINGTON (AP) — A cross-section sampling of Senate Republicans and Democrats showed today most of them think that if President Eisenhower runs again Vice President Nixon will be on the GOP ticket.

Eisenhower has indicated he will give his second-term decision around March 1. If he says then he is available, there is little doubt the vice presidential nominee named at the August convention will be the man he wants.

Sen. H. Alexander Smith (R-NJ) said he believes Eisenhower will want Nixon to run with him despite what Smith termed "some opposition" within the party.

"I think most of the Republican opposition to Nixon is directed at him as a possible presidential candidate, if the President doesn't run again, rather than as a vice presidential nominee," Smith said.

Sen. Mansfield (D-Mont) said he thinks there is little likelihood of any move by Eisenhower to shelve Nixon.

SAME AS '52 TICKET

Sen. Bush (R-Conn) said in view of Eisenhower's complimentary remarks about Nixon he thinks the ticket will be the same as in 1952. Sen. Curtis (R-Neb) agreed.

Sen. Sparkman (D-Ala), the 1952 Democratic vice presidential nominee, said he doesn't think Eisenhower is going to run again. But if he does, the Alabama senator predicted Nixon will be his running mate.

A novel suggestion for the 1956 GOP ticket came from Sen. Long (D-La), who reiterated his contention of a year ago that Eisenhower will not run again.

He predicted in an interview with the New Orleans States that Chief Justice Earl Warren will be the presidential nominee and that Eisenhower will run for the vice presidency so that the GOP can "get the greatest possible use out of the Eisenhower name."

rate processes are needed to make rate process are needed to make the tinsel angel of Nuernberg, for years a symbol of Christmas in Germany.

The gold-leaf ornament is said to date back 300 years to a Nuernberg doll maker who lost his only child just before Christmas. In his grief he modeled an angel to which he gave, the child's features and clothes of gold leaf.

Placed at the top of the Christmas tree, the angel is a chubby-faced, rosy-cheeked, and blond-haired figure with a scarf of glittering gold thread and a pleated dress with a multicolored apron.

Expectant Mom Chokes Mother

Accidentally Shoots Her in Hassle, Then Twists 'Tourniquet' on Neck

ANTIOCH, Ill. (INS)—A young expectant mother has admitted that she killed her mother-in-law during a dispute over money in the older woman's home at Lake Catherine, two miles west of Antioch.

Mrs. Maxine Jarolimek, 33, of Island Lake, three miles west of Wauconda, said she accidentally shot her husband's mother in the head and then twisted a scarf around her neck "as a tourniquet" in an effort to stop the flow of blood.

The victim, Mrs. Irene Jarolimek, 55, was found strangled in the front porch of her home Tuesday.

The daughter-in-law was booked on a murder charge at Waukegan.

She told her story after Sheriff Stanley Christian of Lake County and his deputies found a babushka, blue jeans and shoes with spots that appeared to be blood in her home.

Maxine's husband, Jerome Jr., 33, is in Great Lakes Naval Hospital where he is being treated for a nerve ailment.

She is expecting a baby next month.

No Shrimpy Business

BOSTON — The United States consumes 250,000,000 to 300,000,000 pounds of shrimp a year. About 40,000,000 pounds are exported, mostly from Mexico. Mexican shrimp are larger than U. S. shrimp, running 10 to the pound compared with 15. Panama's shrimp are larger still, averaging about eight to the pound.

Psychiatrist Says Sex Education Belongs in Home

PORTLAND, Ore. (INS) — A leading psychiatrist believes that sex education in the public schools is of doubtful value in preventing sexual deviation.

* * *

Dr. Karl Bowman, medical director of the Langley Porter clinic in San Francisco, says that teachers could easily communicate their own embarrassment in giving sex courses.

Dr. Bowman testified before the Oregon legislature's interim committee for the prevention of sex crimes. He said:

"A middle-aged spinster is not the best person to give sex instruction to a mixed group of children."

* * *

The best method of teaching sex, according to Dr. Bowman, is for openly—and without volunteering parents to answer frankly and unsought information—all queries on the subject from their children.

Group Blasts Trichinosis Rate

National Disgrace, Says Medical Society as U.S. Leads in Disease Cases

DENVER (INS) — The high rate of trichinosis among hogs and humans in the United States has been called a "national disgrace." by the Colorado State Medical Society.

* * *

The society reports as a statistical fact that the U.S., in spite of claims to be the healthiest nation in the world, has the greatest amount of trichinosis of any country on the globe.

Trichinosis is an incurable, worm-infestation disease spread from hogs to man by the eating of undercooked pork.

Once infested with trichina worms, a person carries them with him for the rest of his life, the medical society reports.

The disease can be fatal if the worms attack the brain or spinal cord.

According to the society doctors, this country has the world's highest incidence of the disease because Americans eat more pork than do any other people.

* * *

To stamp out the disease, the society recommends two things:

1. Cook all garbage fed to hogs for about 15 minutes at high temperature.

2. Teach the American housewife always to cook all pork thoroughly. Pork never should be eaten rare or medium rare, or any way except well done.

A two and a half-mile bridge is planned across Messina Strait which separates Sicily from Italy, Rome reports.

Student Wins Point, Saves Himself Fine

GALESBURG, Ill. (AP) — A Knox College student was jailed for drinking while still under age, although he was to celebrate his 21st birthday the next day.

* * *

The student protested that it wasn't illegal. A fellow is 21 on the day before his birthday, he said.

Police officers figured they had heard everything but that this was a new one that needed checking with Asst. State's Atty. William Henning. He advised the student's release while he checked law books.

"He was absolutely right," Henning said.

According to common law, a person born Jan. 1 becomes one year old the following Dec. 31. On the next Jan. 1, he is starting his second year of life.

Bob Considine Says:

Experts Link Olympic Rout to Weak Legs

NEW YORK (INS) — Attention all those who feel we took an awful licking in the Winter Olympics and should send our "pros to do battle with the Russians:

Dr. Hans Kraus, who helped to condition the U. S. team for the Winter Olympics, says that the problem is more complex than the simple act of subsidizing better athletes.

The young men and women of this country, the énergetic little man says, are forgetting how to use their legs. They are carried first in baby carriages, then push along on scooters, graduate to bicycles, motorcycles and cars. Ski-lifts are standard equipment.

Kraus has conducted a survey on comparative fitness of American children with those in Italy, Switzerland and West Germany and the results are alarming. The children tested ranged from 6 to 16 in all social classes. These were the tests:

* * *

(1) Lie on the back and raise the legs upright for 10 seconds; (2) lie on the back, hands behind the neck, and sit up without taking the heels off the floor; (3) the same, but with knees flexed; (4) lie on a pilloy on the stomach and do pushups for 10 seconds; (5) touch the tips of the fingers to the floor without bending the knees.

HALF FAILED

Only 9 per cent of all foreign children tested failed to complete the test sucessfully.

Fifty per cent of our children failed!

* * *

"It all boils down to a nation's legs," Lyman Bingham of the Olympic Commitee contends. "We never produce great long-distance men because our boys, by and large, don't do the kind of work the produces great legs.

We'll never professionalize our Olympic team no matter how the Russians handle theirs. But we didn't do badly at Cortino, despite the hollering here and there back home." Bingham was armed with some impressive statistics.

"The Russian hockey team that won first place has been in training for seven years as a unit," he said. "Our boys met for the first time last Dec. 15. But we finished in the tournament, and we beat a Canadian team that twice won the Allen Cup.

"We came close to beating the Russians, too. We held them to a scoreless tie in the first half through they had the puck 80 per cent of the time. Then one of our boys had to go to the penalty box and they were six men against five.

"Only then did they break through with a score. They beat us 4-0 eventually, the pressure having gone off them after breaking the ice. But I say that if we had scored first they'd have folded. They're the folding type.

MUST WIN

"All their athletes seem to feel they must win. It makes them tense. You'll see how things are in Australia when our track and field men get at them."

The U. S. is not a winter sports wonderland compared to other countries. But since we began sending teams to the Winter Olympics in 1924 we're second only to Norway in medals won, and ahead of Finland, Sweden and all the others.

"Our team this year finished sixth or seventh," Bingham said, "but it was the best we ever sent over. In '52, our Ken Henry won the 500 meter skating race in 43.2 seconds. This year he took 17th place with 42.8.

"In '52 Norway's great Hjalmar Anderson was the best ever seen in the 1,500, the 5,000 and the 10,000 meter. We felt his record would never be touched. But 42 men this year beat his record-breaking 1,500 meter time of four years ago.

"Eleven nations' skaters and skiiers broke their own national records. There was nothing wrong with our team or the way it fought. The competition was simply terrific. We've got to see to it

Pontiac City Club Enjoys Ladies' Night Gathering

Pontiac Press Photos

Tom Whitfield (left), secretary-treasurer of the Pontiac City Club, and Mrs. Whitfield were caught by the photographer as they greeted (left to right) Mrs. Stuart Whitfield, Dr. Loren Sheffield, Mrs. Sheffield and Stuart Whitfield, chairman of the house committee, on their arrival at the City Club Wednesday evening. The third Wednesday of each month is observed as Ladies Night at the club, with cocktails preceding the buffet dinner.

A strolling accordion player delighted members and guests at Pontiac City Club Wednesday evening. Relaxing and enjoying music before dinner were (left to right) Donald King and Mrs. King, guests of Mr. and Mrs. Harold King.

Members and guests who attended the Ladies' Night activities at the City Club Wednesday evening found it an excellent opportunity to relax, enjoy the music of the strolling accordion player and just chat, before the buffet dinner. Pictured (left to right) are D. B. Eames, Mrs. Robert Boynton, Mrs. Eames and Mr. Boynton. The Boyntons of Huntington Woods were guests of the Eames at the third of these affairs held at the club.

Every Day Is Holiday in Florida

Miami Vacationers Enjoy Festivities of All Sorts

By ETHEL TOMBRINK

MIAMI—Every day is a holiday here in sunny Florida, with some kind of show, opening or sporting event going on all the time. Distinguished visitors from near and far constantly stream into the Miami area to join in the fun.

* * *

Huge benefit dinner dances marked the pre-Lenten days. Tuesday the Jewel Ball was held at the Eden Roc Hotel to benefit the Heart Association, and on Monday evening about 600 guests attended the St. Francis Hospital benefit party at the Surf Club.

The Miami's Junior League recently drew 650 members and guests to the Fontainebleau Hotel for its annual "Gala in the Sun," a dinner-dance highlighted by a fashion show.

In the meantime people are traveling here and there. The Benjamin Jeromes left their Fort Lauderdale apartment the other day for a trip to Hawaii. They're not expected back until the last of March.

* * *

The Russell Eames arrived Wednesday from Michigan for an extended stay in Hollywood.

TO TOUR FLORIDA

Later on this month, the Edwin Whipples will be touring Florida. They'll spend part of their time in Clearwater where her mother lives.

* * *

GM Motorama drew big crowds right up to the very last day. Among those inspecting the cars of tomorrow were the Elmer Wallschlagers and the Roy Maurers.

The Maurers drove down from Vero Beach to spend a few days with the Wallschlagers in Fort Lauderdale, and the foursome headed for Miami to take in the Motorama, the Antique Show—and the opening of the new Jordan Marsh store.

The new store is quite an attraction, even to blase Miamians—it's probably the only department store with a cocktail lounge and with its own boat docks. Instead of "let's hop in the car and go shopping," boat owners can now say "let's hop in the boat and go shopping."

Later this month, the Wallschlagers will travel northward to pick up the Maurers and then head across the state to Englewood to visit Marvin and Marge Sholar of Pontiac for a week.

Business before pleasure for those who know Robert Oliver. Caught by the photographer catching a quick snack rather than waiting for the dinner planned for "Ladies' Night" at the City Club, Mr. Oliver tells Mrs. Oliver of the school board meeting he must attend. Also a member of the board of directors of the City Club, he helped plan the Ladies' Night affairs, which are held the third Wednesday evening of each month

For Annual Spring Meeting

Parliamentary Committees Named

Mrs. George Watters announced committees for the annual spring meeting of Parliamentary Study Club when the group gathered Wednesday at Masonic Temple on East Lawrence street.

* * *

Chairman of the annual luncheon is Mrs. James Hampton assisted by Mrs. Theron Taylor, Mrs. Leonard Saari, Mrs. Lester Oles and Mrs. Lewis Swartz.

Nominating committee members include Mrs. Russell French, chairman; Mrs. Aden Thornton and Mrs. Homer Feneley.

Appointed to the program committee were Mrs. Russell Auten, chairman; Mrs. I. J. Gouin and Mrs. R. Earl Springer.

Mrs. Thornton sponsored the group which demonstrated taking minutes of a meeting under the direction of a leader, division of the question, duties of a nominating committee, and full and limited debate.

* * *

Mrs. Forrest E. Brown served as leader. Mrs. Harold R. Schingeck and Mrs. Ernest Taylor were welcomed as guests, and Mrs. L. E. Lacy had charge of the guest book.

Mrs. Joseph Panter, parliamentarian emeritus, conducted the question box.

Initiation Held by Trabajamas on Wednesday

A candlelight ceremony with the reading of the constitution was held at the formal initiation of pledges into Trabajamas at the home of Joan Richards on LeBaron avenue Wednesday evening.

* * *

The initiation was the first occasion for presiding of the newly elected officers.

Jeanette Cockle is president; Joan Richards, vice president; Margaret Selvala, secretary; Dolores Lutzkiw, treasurer, and Linda Burt, corresponding secretary.

Helen Prizant will handle club publicity, Maria Cosma is historian, Myra Goens, chaplain, and Barbara Kenny and Muriel Upton, sergeants-at-arms.

* * *

The girls who recited the club pledge and were accepted into membership were Mary Chasteen, Virginia Flowers, Sherry Norman, Joy Notch, Mary Lou Tibbetts, Terri Fortino, Ann Hamilton, Sophia Skinner, Ellen Wagner and Gail Seidrick.

Pictures Viewed by Plymouth Group

The Plymouth Group of the First Congregational Church met Wednesday evening in the home of Ethelynn Peterson on East Huron street. Evelyn Russell assisted the hostess.

Mrs. George Gaches presided at the meeting, following which Mrs. Janet Dow showed pictures of Scotland.

Guests present included Mrs. Howard Hatfield, Mrs. Dan Kinney, Mrs. Louella Muirhead, Mrs. Lawrence Rutledge and Phyllis Pope.

Coming Events

Pontiac Women's Club will meet Monday at 2 p.m. at the YWCA.

Among the passengers aboard the SS Lurline en route to Hawaii are Mr. and Mrs. Benjamin Jerome of Dow Ridge road. They sailed from San Francisco Feb. 10.

Hospital Work Discussed

A new hospital program was the topic of discussion Wednesday evening when Bemis-Olsen Amvets Auxiliary met at the post home on Oakland avenue. Attention was focused on the Saginaw Veterans' Hospital.

* * *

Mrs. Robert Adsit, president, announced that students from Lincoln Junior High School have been chosen as the post's participants in the Americanism contest sponsored by the Department of Michigan Amvets Auxiliary.

Theme of the contest is "Consider the Blessings of Freedom." Prizes will be awarded winners by the auxiliary, with first place winner taking part in statewide competition.

Members of the post joined the auxiliary in a buffet supper following the meeting.

* * *

Mrs. Mable Tedder and Mrs. Robert Jenkins were guests of the group.

Saybrook Group Meets at Kutz Home

Saybrook Group of the First Congregational Church met recently at the home of Mrs. Karl Kutz on Liberty street. Assisting her as hostesses were Mrs. Wayne LeBeauclair and Mrs. Carl Weboer. Mrs. F. L. Smith, Mrs. Kutz' mother, was a guest.

Mrs. Howard McIntyre gave the devotions. The program was in charge of Mrs. Arthur Selden who described life in Pontiac in its early days.

The group voted to give a donation to the fund for purchasing new dishes for the church dining room.

Lynn Allen Talks to Amvets Auxiliary

Lynn D. Allen, county clerk, was guest speaker at the Tuesday evening meeting of Jimmy Dey Post Amvets Auxiliary held at the YWCA. Mr. Allen discussed county government and Americanism.

Announcement was made of the Amvets' annual Midwinter Ball being held at Glen Oaks Country Club on Feb. 25. The Charter Dinner to be given in May and a telephone card party planned for March were also discussed.

Hostesses for the evening were Mrs. Stewart Houghton and Mrs. Arthur Torrey.

JANE ANN KOHR

Mr. and Mrs. Robert Franz Kohr of Birmingham announce the engagement of their daughter, Jane Ann, to Lt. James Hanlen Kinzer Jr. His parents are Mr. and Mrs. James H. Kinzer of Demopolis, Ala. Jane graduated from the University of Michigan and he is a graduate of the U. S. Military Academy.

Conducts Meeting

Chapter CL, PEO sisterhood, met recently at the home of Mrs. Martin Wager of the Dixie highway. After the business meeting, Mrs. Harry Chapman had charge of the program, "A PEO Record Review."

Sorority Hears Talk on Jewels

A talk on diamonds was given by Stanton Deyo to members of the Phi Chapter of Beta Sigma Phi when they met at the Hotel Waldron Tuesday evening. A question and answer period followed Mr. Deyo's discussion.

* * *

A report on the City Council meeting was given by Mrs. Park Buchner and Phi Chapter was selected to prepare the program for the Founders' Day Banquet April 25.

The group planned a progressive dinner for Feb. 28. Members preparing different courses for the affair include Mrs. E. L. Sturdy, Mrs. H. G. Richardson, Mrs. Donald Rosie Jr. and Mrs. Thomas Ogden.

Mrs. William Killian, Mrs. James Burlingame, Mrs. Mable Roat, Mrs. Cecil Elshalz, Mrs. Carol Ball and Mrs. Buchner are others.

Mrs. Roat and Mrs. Buchner were selected to represent Phi Chapter at the March 15 meeting of the Greater Pontiac Advisory Council.

Work Makes Dream Come True

By ANNE HEYWOOD

Youth is a period of high hearts and big dreams. Sometimes we have to give up some of the biggest dreams as we go along. But we don't have to give them up for good; often, it is just a postponement.

* * *

I thought of that the other day when I had a quick sandwich and coffee in a nice sandwich shop in a big Midwestern city.

The couple who seemed to own the place were in their late 50s or early 60s, nice-looking people and very good-natured.

They seemed to know most of the customers by first names. Furthermore, there was the air of jollity in their shop which is rare in a big city.

* * *

During a lull between customers, I had a chance to talk to them and heard a really interesting story.

OWN THE SHOP

"Ma" and "Pa," as everybody called them, did indeed own the shop and it was their pride and joy.

* * *

"We've dreamed of having a place like this ever since we were married, nearly 30 years ago," Ma told me. "But we never could swing it, what with the depression and a family to raise.

"Pa had to stay in his job, which was a good one, in a big insurance company. That's the building, over there," she said as she pointed across the avenue.

"I stayed home raising the family and pinching the pennies. We decided to save as much as we could, so that some day the sandwhich shop would come to life. It was touch and go many times, but we always did manage to put a little away."

* * *

Pa chipped in, "Ma was really terrific at the budget department. It was all her doing, really, I used to get discouraged and figure we'd never be able to put enough away on my salary, what with our expenses and all, but she did it."

RETIRED EARLY

"Then," Ma went ont, "when Pa had a chance to retire at 60, we really did go into a huddle. You see. He could have worked until 65.

* * *

"But with the children married and on their own, we decided to take our chances and open the shop. It meant risking some of our hard-earned capital, but it worked. Knock wood."

Looking around, I could see that they didn't have to knock wood. Business was terrific.

In the next lull that came up, Pa came over and said, "Best part is, I'm right in the swing of things.

* * *

"I missed the office when I first retired, so we decided to open our shop right here in the neighborhood, so that I could still see the old gang. A good sandwich shop has been needed here, too, although it took a long time to find just the right location."

"And at the right rent, too," Ma added.

* * *

I could see that she still had charge of the budget department. Most of all, I saw that dreams can come true, even if sometimes it takes a little longer than we'd like!

Mobile Exhibit Opens Sunday in Birmingham

A show of mobile sculpture by Jerome Kirk and Honore Pommerich will open at the Whitney Galleries in Birmingham Sunday. The show will continue to March 11.

* * *

The mobiles are made mostly of magnesium sheet metal and piano wire, and range in size from those suited for a small table to others that are more appropriately garden sculpture.

The paintings, mostly in oil, include a variety of styles and convey a spirit which is both poetic and lyrical.

Mr. Kirk is a graduate of the Massachusetts Institute of Technology. Miss Pommerich received degrees from Marygrove College, Wayne University and Cranbrook Academy of Art.

Both artists have exhibited in the Michigan artists' shows of the past three years.

Married Saturday at St. Michael Church were Gayle Ann Brown and Gerald S. Reynolds. The bride is the daughter of Mr. and Mrs. Leo I. Brown of Lenox avenue, and he is the son of Mrs. R. S. Reynolds of LaSalle avenue.

MR. and MRS. GERALD REYNOLDS

Gayle A. Brown Wears White Over Blue for Rite

Bouquets of white carnations and snapdragons decorated the altar of St. Michael Church for the Saturday wedding of Gayle Ann Brown and Gerald S. Reynolds.

* * *

The bride is the daughter of Mr. and Mrs. Leo I. Brown of Lenox avenue, and he is the son of Mrs. R. S. Reynolds of LaSalle avenue.

A ballerina-length gown of white embroided tulle over ice blue taffeta was chosen by the bride. Her fingertip veil was of blue nylon tulle and she carried a bouquet of blue gardenias and stephanotis.

Catherine Fisher and Mrs. Richard Deschaine were her bridal attendants. They wore ballerina-length gowns of blue crystallette with white sashes accenting the dropped waistlines.

* * *

Kathleen Brown, sister of the bride, and Tamara Fink, niece of the bridegroom, were flower girls. The attendants carried heart-shaped bouquets of shattered carnations and white roses.

ATTEND BRIDEGROOM

Best man was John Ohanesian. Mark L. Beltz, Richard D. Brown, brother of the bride, and Harry W. and Harold G. Reynolds, twin brothers of the bridegroom, seated the guests.

A dress of charcoal green with brown accessories was worn by Mrs. Brown when she greeted the guests at the reception held at St. Michael Hall.

Mrs. Reynolds wore a periwinkle blue taffeta dress with black accessories. They both wore corsages of cymbidium orchids.

When the couple left on a motor trip through Canada, the new Mrs. Reynolds was wearing a black and white linen dress with matching accessories and the corsage of gardenias from her bridal bouquet. The newlyweds will reside in Clarkston on their return.

Bulkline front detail will conceal the tummy but avoid the flat-pulled-front fit. Sarong draped front panel is good.

A sheath with side panels or softly wrapped front panel section, both will conceal that tummy bulge. The thing you want to avoid is a tight fit across that area. This season so many panel devices flatter figures.

ACE Presents Bridge Party Attended by 250

In a setting decorated with a Valentine motif, approximately 250 members and guests of the Association for Childhood Education attended the annual ACE bridge and games party held Tuesday evening at Webster School.

* * *

Mrs. Harold Muldowny, general chairman, introduced the guests and Mrs. Harry Killian, program chairman, presented a resume of the philosophy and activities of the organization.

Serving on the refreshment committee were Mrs. Ralph Lee, Mrs. Fred Steinbaugh, Mrs. Elmer Stollenberg, Mrs. Ralph Dawe, Dr. Edith Roach Snyder, Mrs. Walter Sheffield, Mrs. Francis Schell and Shirley Chambers.

Invited guests included Dr. and Mrs. Dana P. Whitmer, Mr. and Mrs. J. Cecil Cox and Mr. and Mrs. Gerald White.

Sorority Plans April 28 Dinner

Mrs. John K. Irwin Jr. was hostess to members of Gamma Chapter of Beta Theta Phi sorority at her home on St. Joseph street Tuesday evening.

* * *

Mrs. William Reuter and Mrs. William Frankenfield were named cochairmen of the progressive dinner to be held April 28.

Mrs. Jerome Martin will serve the first course at her home on Durnham road, with the main course being served in the home of Mrs. Roscoe Lund on Edgewater drive.

Dessert and the evening's entertainment will be enjoyed at the home of Mrs. Ralph Behler on Niagara avenue.

* * *

The group made plans to contribute 30 Easter baskets to the children in the Oakland County Children's Home.

Speaker Heard by Fellowship

The Christian Women's Fellowship of First Christian Church met Tuesday at the church.

* * *

Mrs. William Hoyt introduced the Rev. J. Allen Parker of the Newman AME Church. Mr. Parker spoke on the theme, "Live Thy Creed". As a basis for his talk he quoted Henry Van Dyke's poem, "Four Things".

Mrs. Harry Kunse conducted a worship service on the meaning of brotherhood. She was assisted Arthur Smith, Mrs. William Elam, Mrs. Reed Graham and Lorna MacKellar.

* * *

Members of Newman AME Church were guests of the fellowship. Refreshments were served by Elizabeth Circle following the program.

MR. and MRS. MUNRO C. LAWTON

To reside in Caseville are Mr. and Mrs. Munro C. Lawton who were married Saturday evening in All Saints Episcopal Church. The bride, the former Beverly Waldbillig, is the daughter of Mr. and Mrs. James A. Bunce of Navajo drive. He is the son of the Clement Lawtons.

Beverly Waldbillig Weds in Ceremony at All Saints

In a double-ring ceremony performed Saturday evening in All Saints Episcopal Church by the Rev. C. George Widdifield, Beverly J. Waldbillig became the bride of Munro C. Lawton.

* * *

The bride is the daughter of Mr. and Mrs. James A. Bunce of Navajo drive and he is the son of Mr. and Mrs. Clement H. Lawton of Caseville.

As the bride approached the altar she was wearing a waltz-length gown of white Rose Pointe lace and nylon tulle over ice-blue satin, fashioned with a fitted bodice, a pert stand-up collar and long sleeves. The bouffant skirt was accented with sunburst effect of lace on tulle over layers of nylon net.

Her fingertip veil was secured by a small half-hat of iridescent sequins and pearls on lace. She carried a cascade arrangement of white roses and carnations.

* * *

Sandra Kay Bunce, sister of the bride, was maid of honor. Her gown was of sky blue crystallette in a waltz-length with which she wore a tiny pearl-edged hat of matching material. She carried a colonial bouquet of pink carnations and white chrysanthemums.

OTHER ATTENDANTS

Charlotte McManus and Bonnie English were the bride's other attendants. Their gowns and matching hats of tulip pink crystallette were fashioned identically to those of the maid of honor. Blue carnations and white chrysanthemums were used in their colonial bouquets.

* * *

Ronald McCormick served as best man. Seating the guests were C. William Perkins and Richard Pattison, brother-in-law of the bridegroom.

A pink and blue color scheme was carried out in the floral arrangements and the appointments of the bride's table at the reception held immediately following the ceremony in the Rose Kneale Room of Stevens Hall.

When Mrs. Bunce received her guests she was wearing a navy blue silk shantung dress with white trim and white accessories. Her corsage was a white orchid.

* * *

Mrs. Lawton chose a dressmaker suit of navy blue faille with white accessories for her son's wedding. Her corsage was also a white orchid.

Following a honeymoon trip in Florida the newlyweds will make their home in Caseville.

Psychodrama Illustrated Before Eastern PTSA

Past presidents of Eastern Junior High School PTSA were honored guests at a meeting Tuesday evening in the auditorium of the school.

Corsages were presented by Mrs. Clare Hartzman, PTSA president, to Mrs. Nellie Monroe, Mrs. Roy Fosbender, Mrs. Glen Steinhelper, Mrs. Harry E. King, Mrs. Arnold Denison and Mrs. Sarkis Schnorkian.

C. Stait Lloyd, program chairman, introduced Marguerite M. Parrish, director of the Psychodrama group at Pontiac State Hospital.

Assisting her in the presentations of scenes demonstrating several techniques used in group therapy were Conrad Nathan, assistant director of Psychodrama; Ted Panaretos, psychiatric casework supervisor; Helen VonWeiler and Eleanor Keys, case workers.

* * *

Miss Parrish, in giving some background of her work, stated that there are approximately 3,300 mental patients at the Pontiac State Hospital committed through the probate courts from an area covering 10 counties.

They are from all age levels, from children to the very aged. At present two groups of approximately 25 patients meet each week for a session of Psychodrama therapy.

NO PROPS USED

Psychodrama is completely spontaneous. No props are used, and the scenes usually develop around the life problems of the participating patients. They are given the opportunity to vent hostility or reveal their innermost feelings when acting out painful or emotional situations.

* * *

Both participants and spectators in this group gain understanding through the dramatic scene and the discussion following the presentation. Such scenes may be from a minute to five minutes long, and the sessions continue for 1½ hours. It has been found that men will portray Psychodrama as readily as women.

By working in groups, the overactive patient and the depressed patient tend to bring each other to a more normal level, while the patient that is almost normal may help others to overcome their inadequate feelings, Miss Parrish said.

Mrs. Sarkis Schnorkian was named chairman of the nominating committee for Eastern Junior High PTSA. Serving with her are Mrs. Harold Hartmann, Mrs. Lloyd, Catherine Zwiebel, a teacher, and Kenneth Nagley, principal.

Mrs. Steinhelper and Mrs. King presided at the tea table.

'Telling Him Off' Just Complicates Things

By ELIZABETH WOODWARD

"Dear Miss Woodward: I met this wonderful boy at a party several months ago, and we started seeing each other about once a week, and I grew very fond of him.

"A few days ago at another party I found out that he had been going steady with another girl. I got very angry with him and told him he should have told me about her at the very beginning.

"I added that we shouldn't have been seeing each other if he was going steady. He then picked a fight with me and won't even speak to me now. Did I do the right thing in 'telling him off?'"

Answer: You were jealous the other night. You were hurt, you felt as though you'd been betrayed. So you blew your top and said things that precipitated a real quarrel.

* * *

It's too bad, because you could have had the very things you claim you said in a different tone of voice, and kept things on an even keel. The knowledge that he knew another girl was a shock to you.

But instead of being mad, you could have been gently surprised. You could have waited for an explanation from him. After all, he'd been very sweet to you all these months. You couldn't have asked for a better friend. Your relationship was most satisfying.

When you thought it was threatened, you sounded off — furiously mad instead of sorry over the spot you're in. If you'd known about another girl you wouldn't have considered it fair to go on seeing him, and things wouldn't have gone as far as they have.

* * *

And if he'd been serious about her, it wasn't quite fair to let you go on being the innocent third party.

All of this needed some quiet, reasonable, understanding, discussion. But you didn't give anybody a chance. And that annoyed him.

It's all too bad. 'Cause you don't want it all to end. Some happy solution could have been arrived at, if only you hadn't "told him off"!

"Dear Miss Woodward: I like him so much, though nobody knows it. I was walking home with my girl friend saying stupid things I wouldn't want him to hear (he thinks we're brats, anyhow), when I noticed him walking right behind us.

"As he passed us I said he was conceited, and my friend said he was a screwball. I was just jealous because he flirts with all the other girls and never notices me. What can I do now? Or is it too late?"

Answer: A rattling tongue says so many things it is later sorry for. You've made a dandy impression on the boy. There's nothing to do now but to apologize to him, and tell him you didn't mean a word of it.

Ask him to forget, if he can, all your silly talk, because you really do like him. Maybe after that he'll notice you!

MR. and MRS. FRANCIS E. GUELLEC

Theresa M. Farrell and Francis E. Guellec were married Saturday morning in St. Michael Church. The bride is the daughter of Mr. and Mrs. Thomas M. Farrell of East Rundell street, and he is the son of Mr. and Mrs. Louis Guellec of East Rundell street.

Theresa Farrell Speaks Her Vows at St. Michael

Honeymooning in northern Michigan are Mr. and Mrs. Francis E. Guellec who were married at a 10 o'clock Nuptial Mass Saturday morning in St. Michael Church.

* * *

The Rev. Michael O'Rielly performed the ceremony in the presence of 100 guests.

The bride is the former Theresa M. Farrell, daughter of Mr. and Mrs. Thomas M. Farrell of East Rundell street, and Francis is the son of Mr. and Mrs. Louis Guellec of East Rundell street.

For her wedding the bride chose a gown featuring a lace bodice with a Queen Anne collar and long sleeves that ended in points at the wrists. Her bouffant tulle skirt was accented by a front lace panel which was repeated in the back, falling into a chapel-length train. She carried white gardenias with white carnations on a lace-covered prayerbook.

ATTEND BRIDE

Darleen Farrell, maid of honor, wore a waltz-length nylon lace and net gown with a red velvet sash, hat and shoes.

* * *

Karen Farrell, Elaine Farrell and Marie Ann Guellec were bridesmaids. They were gowned identically to the maid of honor. Flower girl Jill Ann Farrell wore a similar frock. The bridal attendants carried heart-shaped bouquets of red carnations.

Alan VanLoon served as best man. Ushers were Orville McMorris, Raymond McMorris and Donald Farrell.

The new Mrs. Guellec changed to a pink wool suit with pink and black accessories for their honeymoon trip through Michigan.

Plans for a money-making project were completed and it was announced the Denim Dance will be held in May, with Mrs. James Q. Goudie serving as general chairman.

Italian-Americans Plan Future Events

Mrs. Paul Felice opened her home on Dellwood drive to members of the Italian-American Auxiliary Monday evening.

Among the several events planned by the organization is a social evening on Feb. 26 to which husbands will be invited. Mrs. Donald Finelli and Mrs. Robert Gaines are cochairmen for the affair.

* * *

Plans were announced for a membership tea to be held at the home of Mrs. Ralph Spadafore on West Iroquois road. The tea will be held March 4 with Mrs. Paul Spadafore, Mrs. Frank Benning, Mrs. Robert Ranzilla and Mrs. Robert Mazza serving on the committee.

Pastels Add Look

Pretty pastels add to the light look for spring jewelry though fiery colors are also fashion right. An outstanding piece is Crusade, by an American manufacturer, an enormous round pin of textured gold, crisscrossed with rhinestones or simulated sapphires, rubies or emeralds. Highly elegant are the Crusade earrings, outsize matching disks similarly crisscrossed.

She U. S. National Park Service was established in 1916.

The vogue for cooking built-ins is expected to continue indefinitely. Homemakers themselves are the best "boosters" of eye-level oven and broiler cooking, a method which eliminates the need to stoop over and peer at the food, and also the necessity of cleaning up

Make Sure on Color

Every woman loves color in the kitchen. It brightens her view and cheers her working day. It is wise to keep the permanent tile of the walls or wainscots, as well as the work surfaces, in delicate pastels or gray, and rely on utensils and accessories for color splashes. The walls are around a long time and you want to be sure you won't tire of their hue.

Card Club Disagrees About Kitty

By EMILY POST

A woman writes me: "I belong to a bridge club of eight. We play once a week at each other's houses. After each meeting everyone puts 50 cents into a kitty and when we have enough in it we buy tickets to a play and have a theater party.

* * *

"One of the women has recently dropped out of the club and we have invited another friend to take her place. Our question is this: Should we return her share of the kitty money? We have about five dollars apiece saved.

"Some of the women think we should return it and others say 'no.' As we stand divided on this issue I have decided to write and ask you what is proper in this situation."

Answer: In your places I think I would return the amount to the one who has left, and then if the newcomer wishes to go to the theater party she should contribute her full share. If she does not feel like doing this she should wait until the next party.

"Dear Mrs. Post: Would it be wrong for me to speak to an attractive and respectable-appearing young man whom I meet almost every day on my way to work?

"We both stare awkwardly at each other, but have no way of becoming acquainted, and so say nothing. May I speak to him and if so, how should I go about it, or should I wait for him to speak first?"

Answer: You will have to speak first—he can't. You could say good morning to him when you meet. And little by little you say more to each other and quite possibly, if you have interests in common, become friends.

"Dear Mrs. Post: Is it proper for a man to include the suffix 'Sr.' after his signature? My husband and I have a difference of opinion about this and we would like you to settle it for us."

Answer: No, it is 'Sr.' who has the right to the name without a suffix, and 'Jr.' has to add the suffix to his name.

Exchanging greetings prior to the fashion show and bridge party held Tuesday afternoon in the auditorium of St. Hugo School were (left to right) Mrs. J. P. Tomlinson, ticket chairman; Mrs. Philip Monaghan, chairman of fashions, and Mrs. William E. Macke, general chairman of the affair. Sponsored by the Altar Guild of St. Hugo of the Hills Church, proceeds from the affair will be used to purchase a public address system for the church.

Details of the spring fashions, shown Tuesday at the fashion show and bridge party sponsored by the Altar Guild of St. Hugo of the Hills Church, were most exciting and held the undivided attention of (left to right) Mrs. Ralph Conlan of Colonial Hills, Mrs. Everill Fisher of Lone Pine road, Bloomfield Hills; Mrs. R. T. Schroeder of Birmingham and Mrs. J. G. Shannon Jr. of Devon road, Bloomfield Hills. Proceeds from the affair, held in the auditorium of St. Hugo School, will be used to purchase a PA system for the church.

BPW Gathers at Dinner

Grace McLaughlin presided at the Tuesday evening dinner meeting of the Pontiac Business and Professional Women's Club held at Hotel Waldron.

* * *

The organization went on record as favoring the proposal for additional five-cent parking space in the city to be voted upon in the spring election.

Jessie Gamble reported on the Pontiac Foundation meeting held recently, and letters of appreciation were read from the Sister Kenny Foundation and the National Foundation for Infantile Paralysis.

On March 4 the group is invited to attend a meeting at the Rosedale Park Clubhouse in Detroit. "A Sweode Without Reservations" will be presented by Myrtle Labbitt, women's editor of a Detroit radio station. Proceeds from the affair will be used to further the organization's support of the American Cancer Society.

Vera Bassett, Mildred Etling and Mrs. Raymond L. Cole will represent the group at the international meeting to be held Saturday and Sunday in the Hotel Prince Edward in Windsor, Ont.

Hostesses for the evening meeting were Marjorie Barker, Mrs. Henry Beehler, Mrs. William O. Coxen and Miss Gamble.

Wise Kitchen Tip

A heart patient can avoid strain and fatigue in a work-saving kitchen. The secret is the strategic placement of gas appliances, equipment and food supplies, which should all be easily accessible by the homemaker when standing. In addition, work areas should be planned so that many tasks can be done while seated.

Select a different fragrance for those ladies on your gift list who know one another. Women like to feel they're wearing an exclusive one, and don't like to sniff themselves coming and going.

Fragrant Power

There's a bit of Pandora in the soul of every woman — and she enjoys the "box of mischief" thrill most of all when she opens a new bottle of perfume. That is the psychologist's explanation for the fact that the average woman is a perfume collector (sometimes a perfume miser) — with an almost mystic trust in the power of a fragrance to evoke a new world for herself.

Isabella Daughters Plan for Initiation

Three applications for membership were accepted and plans for initiation of the new members were completed at the Monday evening meeting of the Daughters of Isabella held in the Knights of Columbus Hall.

A baked ham dinner and the initiation will be held on March 25. Mrs. Mary Michals was elected to office at the meeting.

Parking Issue in City Outlined for Soroptimists

Ralph Norvell presented the automobile parking revenue bond proposition to members of the Soroptimist International of Pontiac when the group met at Hotel Waldron Monday evening.

Eighteen members attended the meeting at which Mrs. Arnold Hillerman presided.

The group voted to furnish a prize in the essay contest sponsored by Pontiac State Hospital for high school students on "What My Trip to Pontiac State Hospital Meant to Me."

They will also assist in the project of the proposed playroom for the Child Guidance Clinic.

Announcement was made of the installation of a new Soroptimist Club at Bellefontaine, Ohio, on Saturday.

Report Cypriots OK Home Rule

Informed Sources Say Rebels Have Agreed to New British Offer

NICOSIA, Cyprus (AP)—Informed sources say Britain and the leader of the Cypriot movement for union with Greece have agreed on a home-rule plan for this strategic east Mediterranean colony.

* * *

British government officials in London acknowledged that such a plan had been offered Cyprus but declined to comment on the report that it had been accepted by Archbishop Makarios, the Cypriot leader.

* * *

A bloody anti-British campaign is being waged on Cyprus by terrorists seeking immediate union with Greece. Some 400,000 of the island's half-million residents are of Greek origin, most of the rest of Turkish descent.

* * *

Sources here said the British program offers complete internal self-government to Cyprus with Britain retaining control of defense and foreign affairs. They said official announcements are being withheld until next Tuesday to avoid possible influence on Sunday's Greek elections, in which the "Enosis" campaign for union of Cyprus with Greece is an issue.

The sources said the agreement includes these provisions:

* * *

Defense and foreign affairs will be controlled by London for an unstated transition period. During that period there will be no restriction on British military bases on Cyprus.

The transition period is to lead to ultimate self-determination, in which the Cypriots themselves would vote whether to remain in the British Commonwealth, become independent or unite with Greece.

The Cypriots are to have an independent Parliament elected by proportional representation. The British governor automatically will approve all acts of the Parliament and will have no authority in domestic affairs unless they relate to foreign affairs or defense.

Equal political and religious rights will be guaranteed to minority residents of the island, including about 80,000 persons of Turkish origin. 5

Bandit Startles Self

DETROIT (AP)—George Bills, a cab driver, said a passenger drew a revolver and said: "This is it. Just be calm."

Bills said the man hit him over the head with the revolver and it accidentally went off. The would-be robber, shocked and startled, fled without taking a cent.

Cook Vegetables Without Water

VEGETABLE PLATE — A colorful fresh vegetable plate makes mighty inviting Lenten fare. The one here includes fluffy stuffed potatoes, spinach timbales topped with cheese sauce, and carrot slices. Cornbread sticks make a pleasing accompaniment.

Stir Bits of Bacon Into Muffin Batter

Hot, oven-fresh muffins spark appetities on dreary winter mornings.

In this recipe for breakfast muffins, bits of crisp bacon are stirred into the batter, and tomato juice can be used as part of the liquid.

Bacon Muffins

2 cups sifted all-purpose flour
3 teaspoons baking powder
½ teaspoon salt
2 tablespoons sugar
6 slices cooked bacon, crumbled
1 egg, slightly beaten
1 cup milk or ½ cup tomato juice and ½ cup milk
3 tablespoons bacon drippings

Sift dry ingredients together. Stir in bacon. Mix egg, milk and drippings and add to dry ingredients; stir only until flour mixture is dampened.

Spoon into greased muffin pans, filling cups two-thirds full. Bake in a 425 degree oven 20 minutes or until well browned. Eight muffins.

To enhance the flavor of fragrant spice cakes, add 1 teaspoon pure vanilla extract to the batter.

Pour Sauce on Tuna and Bake in Casserole

Try this sauce with tunafish: Mix 4 tablespoons butter, 3 tablespoons flour, 1 cup milk, 2 teaspoons prepared mustard, 1 teaspoon each prepared horseradish, lemon juice and salt, 1 tablespoon grated onion and one-fourth teaspoon pepper.

Place tuna in casserole dish and pour sauce over. Top with one-half cup of grated cheese and 1 tablespoon breadcrumbs and bake for one-half hour at 350 degrees. Delicious.

Only Wheat Works

Wheat is the only grain which contains proteins elastic enough to make raised bread. So wheat flour is added to flour from other kinds of grain if the bread is to be of the raised kind.

'Squeeze Test' Fails

A soft loaf of bread is not necessarily a fresh loaf. The old "squeeze test" is not a good measure of freshness today. Some types of bread are by nature compact and just do not become soft. Other breads remain soft for days due to the ingredients and softeners used in their manufacture, declare MSU consumer information specialists.

Bake Mashed Potatoes

Spread mashed potatoes in a baking dish. Sprinkle with grated Parmesan cheese, dot with butter and place under the broiler until the top is delicately browned.

SANITARY DIAPERS, undergarments, bedding are important for baby's health protection. Always disinfect them with Roman Cleanser Bleach. This triple action bleach whitens and removes stains as it disinfects—so baby clothes are made sanitary—without extra work. Depend on Roman Cleanser Bleach.

Try Easy Tea Crisps

Here's how to make 18 tea crisps for quick and easy serving: Combine 1 cup shredded coconut and one-half cup grapenut flakes. Roll 18 thin strips leftover bread in three-quarters cup sweetened condensed milk. Coat all sides, then roll in coconut and cereal mixture. Place on greased baking sheet and bake at 375 degrees for six to eight minutes, remove from sheet at once.

Method Retains Color, Flavor

Carrots, Potatoes and Spinach Timbales Are Good Lenten Fare

Look to your grocer's fresh vegetable bins for inspiration for winter and Lenten menus. Sunny yellow squash, emerald green spinach, golden carrots, red beets — there's many a pot of good eating from that rainbow of fresh vegetables.

* * *

Cooked vegetables with that "come and eat me" look must retain their natural bright color as well as a fine fresh flavor. The "no-water way" to cook fresh vegetables, originated in test kitchens, does both. In addition it retains a maximum of nutritive value.

To prepare fresh vegetables the "no-water way" you will need: Any saucepan that can be covered, enriched margarine and, let's say, a bunch of carrots, salt, sugar and a few lettuce or cabbage leaves.

Put 4 tablespoons enriched margarine in the pan, top with carrots, enough for four people. Sprinkle with one-half teaspoon salt and one-fourth teaspoon sugar. Wet lettuce leaves, tuck over carrots and cover the pan.

* * *

Set over low heat and cook for 15 to 20 minutes. Discard the lettuce leaves and gently stir to distribute the delicate sauce in the pan and serve. You've never eaten such flavorful carrots before!

TRY OTHERS

Next time try green beans, potatoes or onions. Later on try the spring and summer vegetables, from asparagus to zucchini (all except the watery ones such as tomatoes and spinach). The procedure for all is the same as given above for carrots.

* * *

Beets, peeled and sliced or diced, are especially good prepared the "no-water way" method. You will be delighted at the bright red color and the taste that will far surpass that of plain boiled beets.

Cooking times for all vegetables are about the same as for boiling, so no need to peek beneath the lettuce leaves several times, though no harm if you do. A fork test then will assure you of doneness.

In the photograph (above) the carrots were prepared the "no-water way." The spinach timbales were made by the recipe below.

* * *

Fluffy stuffed potatoes can be made by baking potatoes, removing the inside and mashing. For fun and flavor we suggest adding to the potatoes either chopped scallions, sour cream, minced parsley, chopped pimiento or crumbled crisp bacon.

Spinach Timbales

6 tablespoons enriched margarine
6 tablespoons flour
3 cups milk
1½ cups cooked spinach (or one 12-ounce package frozen spinach)
2 eggs, well beaten
½ teaspoon salt
Teaspoon pepper
½ teaspoon grated onion
1 teaspoon lemon juice

Melt enriched margarine, add flour and blend thoroughly. Add milk and cook over low heat, stirring constantly, until sauce is thickened. Reserve 1½ cups. Combine remaining 1½ cups of sauce with rest of ingredients.

Pour into greased custard cups and place cups in a pan of hot water. Bake in a moderate oven (350) 45 to 50 minutes or until custard is set.

To the reserved white sauce, add one-half cup grated cheese and season with salt and pepper. Heat until cheese is melted.

Serve timbales on toast rounds, if desired, topped with cheese sauce. Yield: Six servings.

Combine Noodles and Bread Crumbs

Here's a little different way to serve noodles.

CRUMB NOODLES

4 ounces medium egg noodles
3 to 4 tablespoons butter or margarine
½ cup medium-coarse dry bread crumbs
½ teaspoon salt
½ teaspoon paprika

Cook noodles in a large amount of lightly salted boiling water just until tender; drain in colander; rinse with cold water.

Melt butter in 9 or 10-inch skillet over low heat; mix in bread crumbs and toast lightly; sprinkle with salt and paprika.

Add noodles, mix well and reheat. Taste and add more salt if necessary. Serve at once. Makes four servings.

Tuna Turkotash Mixes Flavors

A casual buffet supper served in the kitchen or dining alcove is a pleasant way to entertain.

* * *

Have a hearty tuna and turkey casserole as your one hot dish. You'll find canned tuna is a first-rate turkey extender. Tuna Turkotash is a flavorful combination of tuna, turkey and succotash.

* * *

Make things easy for the lady of the house by using paper plates for your buffet. Then when the supper's over, there will be no staggering stack of dishes for her to wash.

Tuna Turkotash

3 tablespoons butter or margarine
3 tablespoons all-purpose flour
¼ teaspoon salt
⅛ teaspoon pepper
1½ cups milk
2 7-ounce can solid-pack tuna, drained
2 cups diced cooked turkey
2 10-ounce packages frozen succotash, cooked

Melt butter or margarine; add flour and seasonings and blend. Gradually add milk and cook over low heat, stirring constantly, until thickened.

Break tuna into pieces. Add tuna and remaining ingredients, to white sauce; mix well. Turn into greased 2-quart casserole and bake in moderate oven (350) 30 minutes.

SNAPJACKS — Crunchy, delicious Snapjacks, made of hot whole wheat cereal, are wonderful for winter breakfasts and brunches. Cook and chill the mixture the day before; then slice and fry until the slices are crisp as old-fashioned mush.

Crunchy Snapjacks Rate Breakfast Table Cheers

While Jacks or Joes that snap have never been socially acceptable at the breakfast table, Snapjacks, with a delightful crunchy texture and rich nut-like flavor, will be most popular with your family.

You'll like to serve Snapjacks, too, because they not only taste good but are so good for your family.

Snapjacks are made with instant whole wheat cereal, the kind with the extra wheat germ added, that will give your family the appetites they need for energy and growth.

As if this isn't enough of an incentive, much of the preparation for Snapjacks can be made the day before in a kind of a two-for-one arrangement.

* * *

When making hot whole wheat cereal for breakfast, prepare a double amount and pour half into a small loaf pan. After it has cooled, cover and store it in the refrigerator until you are ready to prepare breakfast the next morning.

Then, unmold the cold cereal and cut it into slices about as thick as a pencil. Fry them slowly on a lightly greased griddle until the Snapjacks are a crusty brown on both sides and so crisp that they really snap when you cut them.

Perhaps you would like to treat the family by serving real down-on-the farm comb honey and plenty of good rich butter for their Snapjacks, or maybe yours is a maple syrup family.

* * *

Whatever the favorite, when you serve crispy Snapjacks with sausage or bacon for breakfast, lunch or dinner, you'll be sure to have many requests for repeat performances.

Snapjacks

3 cups water
1 teaspoon salt
1 cup instant whole wheat cereal
Fat for browning

Heat water and salt to boiling in 6-cup saucepan. Stir in instant whole wheat cereal slowly so boiling does not stop. Boil 10 seconds. Remove from heat.

Let stand five minutes. Stir; then pour into 6-cup loaf pan which has been rinsed with cold water. Cover. Chill until firm, about four to six hours or overnight.

Pour off any water which may have collected on top of cereal Unmold. Cut into slices three-eighths . inch thick. Over low heat melt just enough fat in griddle to cover bottom. Add cereal slices.

Brown on one side 10 minutes. Turn and brown on other side 10 minutes. Add more fat if necessary to prevent sticking.

Serve hot with bacon or sausage and syrup, honey, jelly, jam or marmalade if deisred.

When molded in a 4½ x 8½-inch loaf pan, makes 20 crisp, thin slices—four-five servings.

Dressed Up Baked Ham With Cranberry Pears

For a crispy fruit relish to accompany baked ham, serve Cranberry Pears.

For one can of pears, use 1 cup cornflakes, rolled fine. Brush cut side of pears with melted butter, then sprinkle with crushed cornflakes. Bake at 350 degrees until lightly browned. Add a spoonful cranberry sauce to the center of each pear half. Serve on platter with ham.

Popcorn Dries Out in Warm Home Air

Popcorn kernels dry out because of the relatively warm air in our modern homes. Once popcorn has been opened, use one simple precaution to maintain correct moisture content. Seal the kernels again in a jar, can or plastic bag and keep in a cool place or in the freezer.

* * *

If corn is already dried out from incorrect storage, raise the moisture content by moistening a cloth or blotter in salt solution, rolling it up, and putting it into a tight container with the corn. Let stand at least 24 hours.

When ready to use the corn, mix it thoroughly and test-pop a few kernels. If still too dry, repeat the moistening procedure.

Fresno Salad Will Get Raves From 'the Girls'

This lovely salad is perfect to serve to "the girls" whether it's bridge, canasta, knitting, PTA or —whatever. It's simple, but it's very partyish.

Fresno Bridge Club Salad

12 California dried figs
3 packages lemon flavored gelatin
4 cups hot water
1 cup blanched almonds, sliced
½ teaspoon almond extract

Cover the figs with hot water for 10 minutes. Drain. With scissors, snip off their stems, then cut the figs into tiny pieces.

Add the gelatin to the hot water and stir until dissolved. Cool. When the gelatin thickens, add the figs and the sliced almonds with the one-fourth teaspoon (no more) almond extract.

When almost set, stir the gelatin and pour into a ring mold. Fill the center and surround the mold with the following salad:

2 cups diced cold chicken
1 cup sweetbread cut in small pieces
1½ cups finely diced celery
2 tablespoons lemon juice
1 cup mayonnaise

Combine carefully, stirring lightly. Serve frosty cold on lettuce leaves and pass salted lemon-flavored whipped cream, mixed with mayonnaise as a dressing. Serves seven to eight.

When Preparing Kale

Be sure to discard the heavy center rib, when you are getting kale ready for cooking. Put the stripped kale in a small amount of boiling salted water and cook 15 to 20 minutes.

Here's a Recipe for Celebrations

Want a really sumptuous recipe for special occasions? Perhaps for a birthday or an anniversary? Here's one that we think is out of this world . . . just plain delicious and luxurious. This version is for two, but it is easily doubled.

Chicken and Ham Supreme

¼ cup butter
2 thick, slices cooked ham, or smoked pork butt
2 pair boned chicken breasts
1 teaspoon grated onion
8-ounce can water chestnuts
3-ounce can sliced broiled mushrooms
2 tablespoons flour
½ teaspoon salt
¼ teaspoon dry mustard
1-3 cup milk
1 tablespoon sherry, optional

Melt butter over moderate heat in frying pan. Lightly brown pieces of ham. Remove to shallow baking dish about 8 inches square.

Lightly brown chicken breasts on both sides in same frying pan, then place on ham slices.

Add onion to fat remaining in frying pan and let cook about 1 minute. Add water chestnuts, cut into julienne strips, and liquid from can. Add contents of can of mushrooms.

Combine and add remaining ingredients, stirring constantly until sauce thickens and boils. Pour sauce over chicken breasts.

Cover dish with a sheet of aluminum foil. Bake in modern oven (350) until tender, about one hour. After 30 minutes, remove the cover to allow sauce to brown lightly.

Better Lamb Promised

Better lamb and more of it is the promise of an experiment by United States Department of Agriculture livestock breeders; lambs produced by mating parents of two different breeds, and then mating with a third breed, grow faster than purebred or two-way hybrids.

A cable car service that provides a 12,487-foot lift in the French Alps has opened near Chamonix, France.

Stretch Budget With Carrots

Vegetables are in the spotlight for exceptionally low prices this year! Carrots may be a fine budget stretcher, for light demand over the holidays and abundant supplies have helped to bring prices down to the lowest point in several months.

This is the time of the winter for that old favorite, stuffed peppers, for unusually large green peppers of exceptionally fine quality are selling at low costs.

Texas cauliflower is running large in size, excellent in quality and lower in price than last year.

Frankfurter Casserole

8 frankfurters
1 medium-sized onion, minced
¼ cup butter
⅓ cup flour
3 cups canned tomatoes
3 cups diced, cooked carrots
3 tablespoons catsup
Salt and pepper

Split frankfurters and arrange, split side down, in greased casserole. Saute onion in butter until slightly browned, stir in flour; gradually stir in tomatoes and cook until thickened.

Add carrots and catsup and season to taste with salt and pepper; pour over frankfurters and bake in moderate oven (350) about one-half hour. Six servings.

Sweet Sour Carrots

1 bunch carrots
½ cup boiling water
½ teaspoon salt
1 tablespoon butter
½ cup sugar
¼ cup vinegar
1 tablespoon chopped parsley

Wash and scrape carrots. Cut into fingerlike pieces. Cook in boiling salted water until tender. Drain, add butter, sugar and vinegar. Cook slowly until transparent. Serve hot. Garnish with chopped parsley. Serves six.

Open Sandwiches Are Easy to Make

Open toasted sandwiches are a good habit. They are tempting and at the same time easy on the cook.

Toasted Salmon Sandwiches

1 can (8 ounces) salmon
½ cup ripe olives
¼ teaspoon Worcestershire sauce
1 tablespoon catsup or chili sauce
2 to 4 tablespoons mayonnaise or mayonnaise-type salad dressing
8 slices bread
1 cup (lightly packed) grated cheddar cheese

Drain, bone and flake salmon. Cut olives from pits in large pieces. Mix salmon, olives, Worcestershire sauce, catsup and mayonnaise.

Toast bread; spread one side of toast with salmon mixture; sprinkle with grated cheese. Bril until heated through and cheese melts.

Serve at once. Makes three servings of two slices per portion; or four servings of 1½ slices per portion.

Penuche-Type Frosting Tops Caramel Cake

Try the new caramel-flavored cake mix with this homemade penuche-type frosting.

Double Caramel Cake

1 package (1 pound and 1 ounce) caramel cake mix
½ cup butter or margarine
1 cup firmly packed dark brown sugar
¼ cup milk
1¾ cups sifted confectioners' sugar
½ teaspoon vanilla

Prepare and bake cake mix according to package directions using two round layer-cake pans (8 inches across and about 1 inch deep); cool thoroughly after turning out.

Melt butter in a 1 or 1½-quart saucepan; add brown sugar; stir over moderately low heat for two minutes. (Don't worry if sugar is lumpy.) Add milk.

Stir constantly, pressing out any sugar lumps against sides of pan, until mixture comes to a boil. Place pan in a few inches of cold water to cool — for 10 minutes or so.

Stir in half of the confectioners' sugar; add remaining sugar and beat with spoon until smooth.

Use half of the frosting to fill cake layers; spread remaining frosting over top of cake.

Prepare French Toast in Your Waffle Baker

You can make an easy, quick-fix version of French toast in your waffle baker. Beat 2 eggs slightly. Stir in 1 cup milk, 1 teaspoon sugar and a dash of salt. Butter 8 to 10 slices enriched bread lightly on both sides.

Dip slices of bread in egg-milk mixture thoroughly but quickly. Drain. Bake in moderately hot waffle baker until golden brown (about five minutes). Serve hot with maple-blended sirup. Makes 8 to 10 servings.

Simple Bread Puddings Hold Hidden Treasures

From the time the legendary Georgie Porgie of pudding and pie fame, who "put in his thumb and pulled out a plum," puddings have held hidden treasures of fruit.

Puddings, particularly bread puddings, can be simple or rich as you like. Made with fruit, they become desserts of distinction.

Bread puddings will be welcome to all for midwinter meals after the weeks of holiday feasting. They will be a welcome item on budgets at this time, also, for they are made with wholesome enriched bread — a thrifty food.

Fruit Cocktail Bread Pudding

⅓ cup soft butter or margarine
½ cup sugar
1½ quarts soft ½-inch bread cubes
3 cups or 1 No. 2½ can well-drained fruit cocktail
2 tablespoons sliced maraschino cherries

Cream butter and sugar together. Add soft bread cubes, fruit cocktail and cherries. Toss together with forks in order to mix ingredients.

Bake in an ungreased (9-inch) square pan in a moderate oven (350) for 45 minutes. Cut into eight servings and serve with Fruity Lemon Sauce. Yield: Eight servings.

Fruity Lemon Sauce

1¼ cups fruit cocktail sirup
½ cup sugar
¼ teaspoon salt
1½ tablespoons cornstarch
3 tablespoons butter or margarine
2 tablespoons lemon juice

Combine fruit sirup, sugar, salt, cornstarch and butter. Stir until well blended. Bring to a boil and thicken over direct heat, stirring constantly. Add lemon juice.

Serve hot with fruit bread puddings. Yield: 1¾ cups Fruity Lemon Sauce.

Apricot-Honey Pudding

1 quart toasted, ½-inch bread cubes
¼ teaspoon salt
¼ teaspoon mace
½ teaspoon cinnamon
⅓ cup melted butter or margarine
1½ cups cooked apricots
⅔ cup honey
½ cup apricot juice
1 tablespoon lemon juice

Place toasted bread cubes in a (1½-quart) baking dish. Combine salt, mace and cinnamon and sprinkle over toasted bread cubes. Pour melted butter over toasted bread cubes and spices. Remove half the buttered, spiced bread cubes from baking dish.

Alternate two layers, each, of spiced bread cubes and apricots. Combine honey, apricot juice and lemon juice and pour over bread cubes and apricots. Bake in a moderate oven (350) for 30 minutes. Yield: Eight servings.

The number of Americans over 65 years old is about 14 million.

Buckwheat Produced for Pancakes, Drug

Buckwheat produces wonderful pancakes, and its leaves also provide doctors with drug called rutin, useful in treating heart attacks and apoplexy.

Department of Agriculture now can tell farmers how to grow buckwheat to produce largest amount of rutin. Best time to harvest is before seed develops, removing possibility of getting drugs and pancakes from same crop.

LAMBURGERS — Here's all it takes to have a Do-It-Yourself Lamburger Party — the makings are all set out alongside the accommodating electric griddle with its automatic temperature control that makes perfectly browned patties every time. Pass a tray of assorted fixin's.

Lamburger Buffet Party Will Delight Teen Crowd

Deviled - Lamburgers - in - a-bun! Who wouldn't go for these savory patties of ground lamb, seasoned just right, browned richly on both sides, and popped into a hot butter-toasted bun, to be embellished with relishes and sauces charted by what's on hand or in mind.

* * *

A do-it-yourself by way of assembly as well as preparation and serving-up, a Lamburger Buffet Party is the teenagers' delight, and many a not-so-tolerant parent finds himself drawn to the scene of activity when the tantalizing fragrance of these cooking burgers reaches his retreat!

Lamb Patties

For each pound of lean ground lamb, add one-half teaspoon salt, dash of paprika, one-fourth teaspoon dry mustard or of powdered thyme, 1 tablespoon very finely chopped onion, one-fourth cup milk. Mix together and divide in four portions.

Shape each into a ball, then flatten out to one-half inch or less thickness, depending upon size wanted. You'll have four good-sized patties for each pound of ground lamb. Place patties between squares of waxed paper and keep in refrigerator until ready to use.

Buns

Split buns nearly through, if not already split. Spread with softened butter. Place in sack, plastic bag or covered pan to keep from drying out.

Partners

Prepare "trimmings"—peel onions, slice very thin; slice cheese; slice dill pickles. Cover with waxed paper, foil or film to keep from drying. Place in refrigerator.

Prepare lettuce for refrigerator crisper pan by washing, separating leaves, drying gently with a towel.

Long John Lamburgers

Choose long buns instead of the round picnic buns — frankfurter buns or the Vienna type which are wider and longer. Crusty French rolls may be used but they are harder to eat. Shape the Lamburger mixture into thin patties molded to fit the shape of the bun.

Ask your Mother to suggest a tomato barbecue sauce or a mushroom-tomato sauce. Have plenty. Any left over may be used for spaghetti tomorrow.

To prepare and serve:

1. Split buns not quite through and heat them. Keep warm.
2. Heat the sauce; keep hot in double boiler or over a warmer of some sort, alongside the griddle and buns. Have a long fork on a saucer or tray close by.
3. Brown Lamburgers on both sides.
4. **Have person to be served put bun on fork, separating the halves somewhat. Dip bun in heated sauce, leaving in just long enough that some of the sauce will be absorbed into the split portion, while coating the outside of the bun.**
5. Slip Lamburger into bun. Hurry to enjoy it!

Note: This style of Lamburger is really knife-and-fork eating, but with the aid of a paper napkin or three wrapped around the lower half of the bun, this dip-and-slip Lamburger may be managed in the hands.

Make Use of Oranges to Spark Winter Meals

By JANET ODELL
Pontiac Press Home Editor

Great piles of golden oranges are heaped in your favorite store these days. This is the citrus fruit season. Let's make the most of it.

Oranges are such a convenient fruit. You can eat them just as they are, or you can go to some trouble to glamorize them. They're good — and good for you any way.

* * *

This first recipe has a somewhat deceiving title. It is called a salad, but it is more like a dessert. We're sure "the girls" will love it after that game of Bridge.

Orange Mint Salad

1 envelope unflavored gelatin
¼ cup cold water
2 tablespoons fresh lemon juice
1¼ cups hot water
¼ cup after-dinner mints, crushed
1 cup heavy cream, whipped
⅓ cup pecans, chopped
2 cups orange chunks, drained

Soften gelatin in cold water and lemon juice. Add hot water and dissolve; chill until slightly thicker than unbeaten egg whites. Beat gelatin mixture until light and fluffy, volume doubles.

Fold in mints, whipped cream, pecans and orange chunks, mixing well. Pour into a 9-inch round cake pan; chill. 6-8 servings.

Sections or slices of fresh oranges make excellent salads. One suggestion is to combine 3 oranges, peeled and diced, with 1 medium size onion, finely chopped. Serve on lettuce with French Dressing. Orange-Endive Salad is another idea.

Orange-Endive Salad

1 small bunch curly endive
2 cups orange sections
1 cup halved pitted dates
Fruit French Dressing

Arrange endive leaves opoke fashion on a large plate. Arrange sections of oranges along center of the leaves. Pile the dates in the middle of the salad. Serve with Fruit French Dressing.

Another salad dressing to use on fruit salads is one made with cream cheese.

Creamy Orange Dressing

3-ounce package cream cheese
¼ teaspoon salt
2 tablespoons sugar
Few grains paprika and cayenne
2 tablespoons orange juice
1 tablespoon lemon juice

Blend all ingredients together.

When you are looking for something different to serve on pancakes or waffles, make up a recipe of Orange-Honey.

Orange-Honey

1 cup strained honey
½ cup softened butter or margarine
Juice of 1 orange
Grated rind of ½ orange

Blend all ingredients together and serve with pancakes or waffles. Makes 1½ cups.

Dips for Pineapple

Set two bowls near each other. Fill one with grated coconut and the other with grated American cheese. From the refrigerator remove chilled hunks of pineapple and place on table with toothpicks. To serve an unusual delicacy, dip the pineapple into either the coconut or grated cheese, or both.

Potatoes need not be fattening. A medium-sized baked or boiled potato contains about 100 calories when served without added fat.

Fish Mousse Molded in Ring

If you've a ring mold, you need never be at a loss to prepare food which is attractive to look at as well as good to eat.

* * *

You can make a light Fish Mousse by following the recipe below, decorate the top of the mousse with pimiento strips, and fill the center with buttered peas. Or decorate the top with sliced olives or pickles and fill the center with carrot slices or slivered green beans.

Fill the center with tender Brussels sprouts and ring the outside with tiny pickled crabapples; or fill it with corn mixed with chopped green pepper and pimiento.

No matter what you decide to do with the mousse after it's made, before you pour the mixture into the mold, be sure to oil it well, so that the ring will come out easily.

* * *

Unmold it immediately on a hot plate, to help keep it hot while you decorate it quickly and serve it.

Fish Mousse

1 package frozen fish fillets
2 cups light cream
3 tablespoons butter or margarine
2 cups soft bread crumbs
1 teaspoon salt
1 medium onion, minced
4 egg whites
Pimiento

Put raw fish fillets through food chopper, using fine blade. Heat cream to boiling point, but do not boil. Add butter or margarine. Remove from heat and stir in bread crumbs, salt and minced onion. Stir in fish and blend well.

Let mixture cool to lukewarm. Beat egg whites until very stiff and fold into fish mixture. Pour into greased 8-inch ring mold.

Place mold in pan of hot water and bake at 350 (moderate oven) 30 minutes. Turn mold out onto platter. Garnish top with pimiento strips. Fill center with peas or other vegetable. Makes six to eight servings.

Sandwich Standby

Here's an old standby for sandwiches: Combine the contents of one can deviled ham (2¼ ounces) with one-half cup cottage cheese, add a little minced celery and a little pepper relish. Be sure to have these cold. This mixture is good on either white bread, rye or whole wheat.

Department of Agriculture reports that retail food prices in November were 2 per cent lower than year earlier, but farmer's prices were down 10 per cent.

FISH MOUSSE — Ring molds needn't be saved for salads. Use yours for a hot Fish Mousse that lends itself easily to many accompanying vegetables. In this picture we have buttered peas in the center of the mold. Pimiento strips make a star-shaped decoration on the top of the mousse.

Steam Date Bread for Budget Dinner

Budget meal for wintertime:
Baked Beans and Frankfurters
Steamed Date Nut Bread
Salad Bowl
Fruit Beverage

STEAMED DATE NUT BREAD

1 cup sifted flour
1 cup enriched cornmeal
1 teaspoon salt
1 teaspoon baking soda
1 teaspoon baking powder
1 cup whole wheat flour
¾ cup molasses
2 cups buttermilk
½ cup chopped dates
½ cup chopped nutmeats

Sift together white flour, cornmeal, salt, soda and baking powder. Add wholewheat flour, blending well. Add molasses, buttermilk, dates and nutmeats, mixing thoroughly.

Fill three greased No. 2 cans or other mold two-thirds full; cover tightly; steam three hours. (Boiling water should come halfway up cans.

Remove covers and place in a very hot oven (450 degrees) five minutes before removing bread from cans.

Add Orange to Pudding

Add grated orange rind to package vanilla pudding and pie filling. Serve the pudding over membrane-free sections of fresh orange. Save some of the orange sections for a garnish.

Give Vegetables New Zip

Nothing is more monotonous than preparing meals day in and day out unless the homemaker tries new ideas now and then.

This need not mean that she is to subject her family to a series of meals made up of unfamiliar foods and flavors. It means giving family favorite foods a new treatment. This can be applied very well to vegetables.

To serve vegetables always in the same way may lead to rejection of certain vegetables on the part of members of the family, especially the youngsters. Because they are so important in the daily meal schedule, it is sensible and fun to spruce them up and see if they won't find favor in a new dress.

Onions are flavorful, inexpensive and nutritious. Because they combine well with milk, they are frequently served creamed or au gratin.

Prepare creamed onions and add a few mushrooms and a different seasoning and they have new appeal to the family. Serve them in a casserole over a candle warmer to keep them hot during the meal.

The milk used in the cream sauce will add additional milk nutrients to the meal, and wise homemakers know that not only will the cream sauce add food value to vegetables, but it will make them more appetizing.

Onions With Creamy Mushroom Sauce

1½ pounds small white onions
½ pound fresh mushrooms
4 tablespoons butter
4 tablespoons flour
1 teaspoon salt
⅛ teaspoon pepper
1 teaspoon Worcestershire sauce
2 cups milk

Cook peeled onions in tightly covered saucepan in an inch of boiling, salted water until almost tender; drain. Saute mushrooms in butter until tender, about five minutes. Remove mushrooms and add flour, seasonings, and Worcestershire sauce to butter in pan; blend.

Add milk slowly and cook, stirring constantly until sauce is smooth and thickened. Stir in mushrooms; heat and serve with hot onions. Makes six servings.

Try Eggs a la King for Supper in Jiffy

This weekend try Eggs a la King for a quick Saturday lunch or Sunday night supper.

3 tablespoons butter
3 tablespoons flour
1 cup scalded milk
Salt and paprika
6 hard boiled eggs
6 slices freshly made toast

Make a white sauce of the butter, flour and scalded milk in the usual way. Separate the hard - cooked eggs, dice the whites, and add them to the sauce.

* * *

Pour the sauce over the slices of toast, generously buttered, and sieve the hard-cooked yolks over the mixture. Serve at once. Serves six.

Around Prepared Ravioli Build an Exciting Supper

Ravioli, tender little macaroni pies, filled with meat and simmered in a luscious sauce, is ready to heat and eat just as it comes from the can. So it is a thoroughly reliable, as well as delicious, mainstay for the busy chief cook who finds herself running out of ideas for lunch or supper menus.

Like all Italian-style food it is at present enjoying great popularity. And you will be sure to rank tops as a hostess if you serve it at your next informal party, or at the family supper table.

Remember that a good rule to follow when you serve any of the Italian-style pastas — ravioli, spaghetti with meatballs, packaged spaghetti dinner — is this: Add crusty rolls and crisp salad greens for texture contrast.

Here's an attractive menu with ravioli as the mainstay and an Italian-style almond sponge cake for dessert:

Fruit Cup
Ravioli
Crusty Rolls Green Peas
Contrast Salad
Almond Sponge Cake
Coffee

Top the fruit cup with maraschino cherries, add a couple of mint leaves for each serving and sweeten by pouring a teaspoon of honey over each.

For the salad mix shredded lettuce, radishes, green pepper and white and red cabbage with French dressing and top with crisp sprigs of parsley.

Gingerbread Waffle

Looking for something different for dessert? Try a gingerbread waffle, made from a mix . . . and top it with orange chunks. The flavors are wonderful together, and unusual. Serve with whipped cream if desired.

Almond Sponge Cake

5 egg yolks
5 tablespoons sugar
3 tablespoons sifted flour
3 tablespoons ground almonds
2 teaspoons grated lemon rind
5 egg whites
1 cup heavy cream
¼ cup confectioners' sugar
¾ cup sliced toasted almonds
Grated chocolate

Preheat oven to 300 degrees. Beat the egg yolks in the top of a double boiler. Add 4 tablespoons sugar, beating well.

Place over hot water and beat with a rotary beater from 5 to 10 minutes. Remove from heat.

Combine flour, almonds, lemon rind and remaining sugar; add to the yolk mixture. Beat egg whites until stiff but not dry. Carefully fold them into batter.

Butter a 9-inch cake pan and dust lightly with flour. Pour batter into it. Bake for 35 minutes at 300 degrees or until a cake tester comes out clean. Cool in the pan.

Whip the cream and add confectioners' sugar. Spread over cake and sprinkle with grated chocolate and sliced almonds.

If you need to improvise a ring mold, place a greased tin can in the center of a well-greased casserole.

Enjoy Zesty Flavor of Salmon Cocktail

A colorful and tasty seafood cocktail has canned salmon as its main ingredient. The sauce gives a zippy, zesty result. This cocktail has been acclaimed as one of the outstanding fish cocktails.

Don's Salmon Cocktail

½ pound can salmon
¼ cup finely cut celery
2-3 cup catsup
1 tablespoon horseradish
1 teaspoon Worcestershire sauce
2 tablespoons lemon juice
Dash onion salt

Drain and break up salmon. Combine remaining ingredients. Toss together lightly with salmon.

Serve thoroughly chilled in cocktail glasses. Garnish with lemon slice. Serves five to six.

Pair Up Fish, Vegetables

New recipes are fun to try any time but during the Lenten season, good homemakers are more than ever interested in finding recipes that give a different taste to everyday foods.

One of these is given here. It's for fish, a basic food of high nutrition that has sustained many races for generations. And it's baked with vegetables, making it a one-dish meal.

Perfect for anyone with discriminating taste and perfect for cooks who can devote little time to shopping and food preparation, because this dish can be made with frozen as well as fresh fish.

Savory Fish Bake

1 to 1½ pounds fresh or thawed frozen fish fillets
Salt and pepper
1-3 cup shortening (about)
4 cooked medium potatoes, halved
1 No. 303 can tomatoes, well-drained
1 cup dairy sour cream
1 teaspoon prepared mustard
1 tablespoon lemon juice
½ teaspoon onion salt
½ teaspoon paprika
Dash pepper

Start heating oven to 400 degrees. Sprinkle fish with salt and pepper. In hot fat in skillet, saute fish, then potatoes until golden.

Place both in shallow baking dish. Top with tomatoes; sprinkle with salt.

Mix sour cream with rest of ingredients; pour over tomatoes. Bake, uncovered 15 minutes. Make four to five servings.

When making bread or rolls, rinse bowl in hot water before mixing dough to prevent cooling yeast mixture.

WONDERFUL GOOD — The quaint Pennsylvania Dutch name of "Wonderful Good" accurately describes noodles cooked with milk and topped with croutons. It can accompany a meat course or stand alone as a meatless dish.

Pennsylvania Dutch Cook 'Wonderful Good' Dishes

Among the hills of eastern Pennsylvania dwell a people who love to eat — the Pennsylvania Dutch. Recipes are passed from generation to generation.

Noodle dishes are particularly popular among these folk. Here are two recipes for delicious noodle concoctions.

The Amish Noodle Skillet makes excellent use of leftover ham. Try the other recipe for Sunday dinner.

"Wonderful Good" Noodles

1 tablespoon salt
3 quarts boiling water
8 ounces wide egg noodles (about 4 cups)
½ cup milk
¼ cup croutons
3 tablespoons butter or margarine melted and browned

Add 1 tablespoon salt to rapidly boiling water. Gradually add noodles so that water continues to boil. Cook, uncovered, stirring occasionally, until tender. Drain in colander.

* * *

Combine noodles and milk. Cook over low heat five minutes, stirring occasionally. Turn into serving dish; top with croutons and butter or margarine. Serves four-six.

Amish Noodle Skillet

1 tablespoon salt
3 quarts boiling water
8 ounces wide egg noodles (about 4 cups)
½ cup butter or margarine
½ cup chopped onions
1½ cups chopped cooked ham
1¼ teaspons paprika
3 tablespoons chopped chives
Salt and pepper to taste

Add 1 tablespoon salt to rapidly boiling water. Gradually add noodles so that water continues to boil. Cook uncovered, stirring occasionally, until tender. Drain in colander.

Melt butter or margarine and add onions. Cook over medium heat five minutes. Add ham, paprika, noodles, chives and salt and pepper to taste. Mix well. Serves four.

Serve Shrimp and Macaroni in Patty Shells

Nothing makes a more delectable base for a creamed food than a flaky patty shell.

A new "a la king" recipe, as pretty as it is good, is this one of shrimp, mushrooms, green pepper and pimiento, combined with macaroni in a creamy sauce. It's a gay dish to serve for luncheon or Sunday night supper.

Shrimp and Macaroni A La King

1½ pounds shrimp, fresh or frozen
3 tablespoons butter or margarine
2 tablespoons chopped green pepper
2 tablespoons chopped onion
3 tablespoons flour
1⅔ cup (13-ounce can) evaporated milk
1 cup whole milk
3 tablespoons chopped pimiento
1 teaspoon Worcestershire
¾ teaspoon salt
Pepper to taste
1 small can button mushrooms, drained
2 cups (8 ounces) elbow macaroni

Shell and devein shrimp. Drop into boiling salted water and cook until just pink (about three minutes). Drain.

Melt butter, add green pepper and onion and cook slowly until soft. Sprinkle with flour and blend. Add evaporated milk and whole milk gradually, stirring constantly until thick and boiling. Remove from heat.

Blend in pimiento, Worcestershire, salt and pepper. Fold in shrimp and mushrooms.

To cook macaroni, bring 3 quarts water and 1 tablespoon salt to rapid boil. Add macaroni gradually. Cook uncovered, stirring occasionally, until tender. Drain in colander.

Fold hot shrimp cream sauce into macaroni. Serve in patty shells. Makes six to eight servings.

A Good Breakfast Means a Good Day

By JANET ODELL

Time has come around once again to remind you of the importance of breakfast. Perhaps you have recently heard on the radio or television the slogan, "A Good Breakfast Means A Good Day."

Let's review briefly the essentials of a good breakfast. It should contain fruit, enriched bread and-or cereal and milk as minimum requirements. The addition of coffee for adults and eggs or bacon is desirable. Four eggs a week are suggested.

If your children balk at eggs (ours do!), make eggnog. It's the simplest way we know of to get eggs down balky throats. It takes care of milk allotments too.

Hot soup, you know, has been the surprise item on the breakfast menu during the past year. It also can include the milk to be drunk during the meal. Soup is complementary to many breakfast foods. It teams well with eggs, meat, bread or cereal.

Currant Pinwheels

¼ cup butter or margarine
¾ cup firmly-packed brown sugar
Dash salt
½ cup currants
½ cup chopped walnuts
2 cups sifted all-purpose flour
1 teaspoon salt
1 tablespoon baking powder
5 tablespoons shortening
¾ cup milk

Cream butter or margarine. Gradually add brown sugar and a dash of salt; beat well. Fold in currants and nuts.

Sift flour, 1 teaspoon salt and baking powder together. Cut in shortening with pastry blender or 2 knives. Add milk and stir until ingredients are blended. Turn out on lightly floured surface; knead gently 15 times.

Roll out to rectangle ¼-inch thick. Spread with currant filling and roll up jelly-roll fashion. Cut into 12 crosswise slices. Place cut side up in greased muffin pans. Bake in very hot oven (450 degrees) 15 to 20 minutes, or until lightly browned. Makes about 12.

Eating is a pleasure. But eating is also a habit. The habit of breakfast can be learned just like any other habit.

The following breakfast bread will bake in 20 minutes. If you do some preliminary planning the night before, you can serve this Marmalade Scone Whirl any morning.

Marmalade Scone Whirl

2 cups sifted enriched flour
3 teaspoons baking powder
1 teaspoon salt
1 tablespoon sugar
¼ cup shortening
1 egg
¾ cup milk
1½ cups marmalade

Sift together flour, baking powder, salt, and sugar. Cut or rub in shortening. Beat egg and add milk. Add to flour mixture. Stir only enough to moisten flour.

Spread dough in greased 9-inch round pan. With fingertips press dough down in grooves 1 inch wide, making a circular pattern. Make first groove 1 inch from edge of pan and second 1½ inches from first. Fill grooves with marmalade. Bake in moderately hot oven (400 degrees; 20 minutes. Makes 1 9-inch coffee cake.

Nixon Blasted by Touring Adlai

Dem Candidate Raps Administration Policies in Idaho Speech

BOISE, Idaho (AP) — Adlai E. Stevenson takes his campaign for the presidency into Utah today after a one-night Idaho stand in which he blasted Vice President Nixon as an "all-purpose politil cian" in the service of the Republican Party.

* * *

Stevenson, who seeks the Democratic presidential nomination, told a Boise audience that Republicans have failed to grasp the significance of a changing way of life in the 20th century.

The Eisenhower administration tion looks upon farmers, workers and consumers as "customers and wards of a remote, benevolent authority — not participants," he said.

CHARGES FAILURES

Saving his hardest punches for Nixon, with whom he tangled frequently in the 1952 campaign, Stevenson accused the Republican administration of failures in farm and fiscal policies over the past three years and predicted they would lose in November.

The candidate was dined in the Basque style at a $5-a-plate Lenten dinner served by Basques-originally sheep herders who came to this country from Spain in the last century and have formed a large colony in Boise.

Later he had a private meeting with Idaho's Democratic leaders and party members.

Stevenson told some 700 in Boise's South Junior High School gym that Nixon is an "all-purpose politician" who uses "socialism" as an "all-purpose word to villify New Deal Democratic programs and applaud the same things when they have a Republican label."

"What a wonderful all-purpose word this 'socialize' is in the hands of this all-purpose politician who can proclaim an old Democratic program as good when it wears a new Republican label and denounce it as socialism at the same time," he said.

Perle Mesta Rumored as Ambassador to Italy

By EARL WILSON

NEW YORK—I got a simple little letter the other day—no news, no gossip, no Big Names—from Emil Paukoucek, a reader in Russelton, Pa., which made the Glamour Beat seem dull.

"A very touching sight greeted me the other morning," he wrote, "as I looked out my window and saw two small boys, one about 6, the other about 8, tugging at the frozen body of their pet mongrel dog which apparently had been killed by a car. They would tug and drag a while, then stop and lift its lifeless head and pet it and speak to it. I had an uncontrollable lump in my throat as I hurriedly turned away."

A certain Hollywood producer, says Tony Pettito, told his secretary, "My trouble is, I don't have time to do half the things I do!" . . . When Thunderbird owners loftily ask the Embers doorman, Chris, whether he can drive their car, he says, "Oh, sure—I can drive a Ford."

Perle Mesta for Ambassador to Italy? 'Twas whispered as a possibility at Earl Blackwell's black-tie party for Perle at Eden Roc. Howard Lindsay, co-author of "Call Me Madam," which lampooned Perle, paid her a tribute. He said she graciously entertained him in Luxembourg, then asked what the script (already finished) was about. "I thought of Irving Berlin and Russel Crouse, my associates, and my bank balance," he added, "and didn't tell her." He added, "She is quite a gal!"

★ ★ ★ ★

Tennessee Williams tells of visiting Tallulah Bankhead in Miami (before she brought "Streetcar" to NY) and how she urged him not to leave. The phone rang—she took it in another room—he overheard her saying, "Tennessee's here. I've been trying to get him to leave for hours but he won't go!"

Perry Como wanted to go to confession. To save time, he asked his music publisher Mickey Glass (who worships in synagogues) to hold a place in line for him. Glass did but demanded, "What'm I gonna do if the father gets to me and you're not here yet?"

Ava Gardner's adopted Spain's late dining habits; even sleeps most of the day. Actress Ramsey Ames (of "Alexander the Great") tells of phoning Ava one evening to invite her to a flamenco party at 11. "I'll get up and have my coffee," said Ava, "and come over."

★ ★ ★ ★

Comedians Henny Youngman and Buddy Hackett reuned at the Copa (where Hackett's in the bright new show with Vic Damone). Hackett, married to a mambo teacher, said, "I went to take a lesson — and I'm getting it." Youngman told Hackett he'd been hit by a Volkswagen. "I had to go to a doctor and have it removed."

Fish Bringing Top Buys for 1st Lenten Weekend

By THE ASSOCIATED PRESS

Fish gets top billing this week in food stores and supermarkets across the nation.

* * *

Seafood for Lenten menus is as plentiful as ever, there are plenty of varieties to choose from and prices are moderate to low. In general, halibut is the top favorite in West Coast stores while Flounder, swordfish and cod head the popularity parade in eastern markets. That's the way consumer preferences run, according to market specialists.

Beefeaters will find bargains this week-end. Sirloin steaks are down 4 to 6 cents a pound in some cities. One chain is featuring boneless leg of veal this week at the lowest price since last September.

Food analysts say beef prices are off a shade at wholesale this week (about ½ to ¾ of a cent a pound) but not enough to affect the retail price.

Outstanding buys in produce are rather scarce. Many of the more popular fruit and vegetable items are not in season. There are still a few excellent bargains, however. Onions, white potatoes and salad greens are listed as outstanding buys this week by the Department of Agriculture, while turnips, pascal celery, sweet potatoes and cabbage are rated in the "good buy" category.

Good buys in fruits are confined pretty much to apples, oranges, tangerines and grapefruits.

Coffee prices are still heading higher. The more popular brands of vacuum-packed coffee have climbed as much as 5 cents a pound since the start of February and several major supermarket chains are hiking prices of their private label coffees 2 to 4 cents a pound this week.

There's still an awful lot of coffee in Brazil, but shortages have developed in some of the fancier types.

House Probers Call 3 to Stand

Inquiry of Un-American Groups in Government Continues in D. C.

WASHINGTON (AP) — The House Committee on Un-American Activities called in three more witnesses today in its search for Communist infiltration of the government in past years.

The committee listed those subpoenaed as Sylvia Oloff Steinberg, New York City; Marcel Kistin, Weymouth, Mass., and Henry Rhine, New Albany, Ind.

In testimony before the committee earlier this week, James E. Gorham, New York, had named among others he said he had known as members of Communist cells in the government in the 1930s a Sylvia Soloff, a Marcel Kistin and a Henry Rhine. He said he had lost track of them.

Gorham has been the only one among the first six witnesses in the current phase of the hearings to talk freely.

The others have invoked the fifth amendment's guarantees against possible self-incrimination in refusing to answer questions about Communist affiliation while they were in government service.

Two witnesses yesterday—Morris Levine, Chicago, and Irving Richter, Detroit—said they are not now Communists, but both declined to say whether they had been a day earlier or any time in the past.

A third witness, Bertha Blair, 59, New York City, refused to say whether she now is a Communist or ever has been. She said she worked for the government from 1929 to 1949 but refused to name the agencies.

"It's the same answer, Mr. Chairman, I decline to answer on the grounds of possible self-incrimination," Miss Blair kept repeating.

Girl Clerk Outbluffs Growling Robber

SAN FRANCISCO (AP)—A red-haired bank teller outbluffed a would-be bank robber in a mid-town branch of the Bank of America yesterday.

The robber walked up to the cage where Marilyn Dinubilo was working and demanded: "I want fives, tens and twenties."

Miss Dinubilo decided the pistol he laid on the counter wasn't real. She slammed her cash drawer shut, jumped away from the counter and exclaimed:

"I'm sorry. I haven't any money."

The robber hesitated, then put the gun in his pocket and hurried from the bank.

Hollywood Headlines:

New Star Shirley Jones Prefers East to Filmdom

By BOB THOMAS

HOLLYWOOD (AP)—Now it's Cinderella girl Shirley Jones who says she has no yen to live in California.

* * *

If this trend keeps up, the Chamber of Commerce could end up with an inferiority complex.

BACK TO NEW YORK

Shirley, who looks as packed with vitamins as a glass of orange juice (maybe that'll keep the C. of C. happy), was here on a whirlwind trip to pick up an award or two. But she planned to hustle right back to New York.

* * *

I intercepted her in her hotel suite and asked her about this affront to the Sunshine State. The beauteous blonde batted her eyelashes and replied innocently, "Oh, I'm growing to like California more each time I visit here. But I wouldn't want to live here. I like New York much better."

To add to the blow, she remarked that movies were never her prime ambition.

* * *

"I always wanted to be a stage star," she explained. "I never gave much thought to movies."

MOVIES FIRST

Paradoxically, she became a movie star first. When she left her home town of Smithton, Pa., to assault the big city, she auditioned for Rodgers and Hammerstein. They were so entranced with the young doll that they signed her to a seven-year contract, the first time they had ever tied up a talent.

* * *

Within two short years, she had done bits in two R&H shows and starred in two movies costing a total of 11 million dollars, "Oklahoma!" and "Carousel."

"It's still a little hard to get used to," she sighed in wonderment.

* * *

Her future plans?

"I don't know," she replied. "I'd like to do a Broadway show, but Mr. Rodgers and Mr. Hammerstein don't have anything for me right now. So I suppose they will lend me out for more pictures. I would like to do one that isn't a musical, as a change of pace."

Here's the Difference

LONDON — Tramp ships differ from the vessels of regular steamship lines in that tramps may follow any ocean route in their search for cargo, while steamship lines operate on an advertised routes, but may utilize one to four major trunk routes in scheduling their sailings.

Records of explorers indicate that the ice cap on the antarctic continent is 900 feet lower than it was a century ago.

Your PTA Is Planning:

Annual Family Roundup at Waterford March 3

WATERFORD CENTER — The PTA here will hold its annual family roundup from 4:30 to 9 p.m. at the school on March 3.

Mrs. Homer Peterson is chairman of the event with Mrs. Edward Sundwell and Mrs. Harry Miller, co-chairmen.

Each home room will sponsor a booth and dinner will be served cafeteria-style, beginning at 4:30.

Listed as some of the attractions are a talent show, dog act, tumbling act, movies, a toy shop, game rooms, a country store, white elephant, fancy work, pony rides and snack bar.

* * *

A nursery will be provided for youngsters.

Brandon Township

The regular PTA meeting for Brandon Township Schools will be held at 8 p.m. Monday in the gymnasium.

Specific questions on the proposed bond issue and new school buildings will be brought before the group. John W. Thomas, school attorney, and Bruce Smith, architect, will be present to discuss the bonds, taxes and building plans.

Wixom

Philip A. Hart, Lt. Governor of Michigan, will speak at the PTA meeting here at 8 p.m. next Thursday, Feb. 23. The talk was previously announced erroneously as slated for tonight.

* * *

Lt. Gov. Hart's speech will deal with the hospitalization program for mentally retarded children in the state. Township road conditions will also be discussed, with E. E. Schaffer, chairman of the Commerce Township Road Committee, present.

Hunt MIT Frosh After Frat Stunt

Students Joining Police After Disappearance of Boy Last Thursday

CAMBRIDGE, Mass. (AP) — Members of 26 Massachusetts Institute of Technology fraternities today assisted police in the search for Thomas Clark, 18, MIT freshman who disappeared last Thursday night during a fraternity initiation stunt.

* * *

State, Cambridge and Lincoln police led the search party in the wooded and lake-studded regions of nearby Lincoln.

The youth had been dropped at a lonely spot in Lincoln and told to find his way back to the school by 8 a.m. last Friday in order to qualify for membership in Delta Kappa Epsilon.

Nine others were accorded the same treatment and made it back to school in time.

Assisting in the search also is the missing youth's father, Alfred R. Clark of Harvey, Ill. an official of the Illinois Bell Telephone Co.

He branded fraternity initiations as "criminal" in an interview yesterday.

Clark went to the scene in Lincoln where his son was left alone last Thursday night. He expressed fear that the yough might have drowned in thinly-iced Hobb's Pond reservoir by mistaking it for a meadow in the darkness.

* * *

"I'm afraid he's gone," Clark said. "It's unthinkable that he wouldn't call us at home. We're very close."

Registered Pigs Lost in Blaze

LEONARD — Fire of unknown origin destroyed a barn on the estate of Cmdr. Melvin S. Lanphar, East Leonard Road, last night.

* * *

Lost in the barn housing registered Canadian Yorkshire pigs, were 11 registered sows, approximately 120 baby pigs, five tons of hay and a quantity of feed.

The blaze began about 10 last night. The Leonard Fire Department fought flames all night. The Oxford Fire Department was called to aid in the fight.

The damage has not yet been estimated.

VELD E. BLUE

Lathrup to Get Post Office

Name Veld E. Blue as Acting Postmaster; to Look for Quarters

LATHRUP—After months of investigation, the Federal government has decided to locate a post office at the city of Lathrup Village in Oakland County, Representative George A. Dondero declared today.

* * *

He also stated that Veld E. Blue, a resident of Lathrup Village for a number of years, will be named as acting postmaster. Blue has been the director of personnel for the Chrysler Corporation for 10 years.

The new post office at Lathrup will provide improved mail service and give some relief to the overburdened post office in Birmingham, which is now serving Lathrup Village. It is expected that postal service in Lathrup Village will begin as soon as quarters can be obtained.

No rapid development in Southfield Township and other nearby districts may necessitate the establishment of more postal facilities.

Herman F. Luhrs of 27315 Rainbow Circle, Lathrup Village, is chairman of a civic committee which promoted the application for the new post office.

Group Starts 41st Year in Modernized Club House

By JULIE V. HUTCHINS

KEEGO HARBOR—The fortieth anniversary of the Keego-Cass Women's Club is being celebrated this month with meetings in an enlarged, completely renovated and modernized club house.

* * *

The remodeled club house has a large assembly room, powder room, modern kitchen and utility room and a new heating system. The walls of the assembly room are paneled and a tile floor has been laid throughout the building.

The job was done under the supervision of the building committee, appointed by Mrs. J. W. Walter, president. The committee consisted of Mrs. Royal Pazik, Mrs. Frederick Laffrey, Mrs. Louise Cline and Mrs. Julius Kindel. The work was done by a local contractor.

In February, 1916, a group of twelve ladies of the Keego Harbor, Cass Lake area organized a club, which they called the Ladies Aid Society. Their chief purpose was to do welfare work in the community.

Their first president was Mrs. George Lillycrop and at the present time the club lists twenty-three Past Presidents.

BUY CASS LAKE SITE

At the time of their organization and for many years after, needlecraft was the chief club activity. The women held two bazaars every year and the proceeds were used for welfare work. Bake sales, card parties and dances were also held and by 1926 they had enough money to purchase a piece of property on Cass Lake Rd.

In 1927 they became affiliated with the Oakland County Federation of Women's Clubs. In 1928, the name of the organization was changed to Keego Cass Women's Club and it was at this time that they became affiliated with the Pontiac City Federation of Women's Clubs.

In the meantime, the personnel of the club had completely changed. Of the twelve charter members, only one, Mrs. Allie M. Webb remained. Mrs. Webb was an active member until the time of her death in 1953.

LONG SERVICE

Other active members who have seen long service with the club are: Mrs. William McCracken 37 years, Mrs. Frederick Laffrey, 33 years, Mrs. Royal Pazik, 28 years, Mrs. Lena Watkins, 26 years, and Mrs. John Bechill, 25 years.

During this time, the custom of sending flowers and baskets of fruit to the sick people in the community continued. At Thanksgiving and Christmas they gave baskets to needy families.

For many years the slogan of the club had been "Build a Club House" and in 1931 construction of a club house on the Cass Lake Road property was accomplished.

In 1934 the club undertook a project to make their club of service to the community and thus became the sponsors of a public library in their building. The library was opened in June 1934 with several hundred books on its shelves. It met with an immediate response from the residents and contined in operation until 1939 when the demand for new books could no longer be supplied.

START LIBRARY

A library committee circulated petitions throughout West Bloomfield Township asking for a vote to establish a township library. The vote was favorable and the West Bloomfield Township Library was organized but the club continued to house a branch of the new library until 1947 when it moved to a more convenient location.

In 1941 the debt on the first club house was paid and the mortgage burned with appropriate ceremonies.

The officers for the present year are as follows: Mrs. Walter, president; Mrs. Lucien Allison, vice president; Mrs. Wright Madill, recording secretary; Mrs. Randal Wilson, corresponding secretary; Mrs. Harold Stickley, treasurer; Mrs. Julius Kindel, auditor and Mrs. Frederick Laffrey, parliamentarian.

CLUBHOUSE NOW READY — The Keego Cass Women's enlarged and modernized clubhouse on Cass Lake Rd. is being examined by (left to right) Mrs. Elise Mason, Mrs. John Bechill, club members, and Mrs. J. W. Walter, president. The Dutch doors lead to a modern yellow kitchen with flowered curtains.

Solons Ponder Donation Probe

Senate Group Called to Discuss Big Inquiries Into 'Contributions'

WASHINGTON (AP) — A closed meeting of the Senate Elections subcommittee was called today to discuss a projected broad inquiry into campaign contributions in the wake of the national gas bill fight.

* * *

Chairman Gore (D-Tenn) said he would recommend that the elections unit embark on an investigation into "campaign contributions, federal elections and any evidence of corrupt practices which may be revealed."

* * *

Gore said the inquiry he had in mind would be "far wider" than any contributions or pressures involved in the natural gas bill and would "run throughout the year."

The gas bill, to exempt producers of natural gas from direct federal controls, was passed by the Senate last week amid complaints of pressure from both sides. It is now awaiting action by Preident Eisenhower.

* * *

A special committee, set up under the chairmanship of Sen. George (D-Ga), spent the weekend investigating whether a $2,500 campaign contribution rejected by Sen. Francis Case (R-SD) was designed to influence his vote on the gas bill. Case voted against the bill after telling the Senate about the contribution offer.

Puts Tax Returns in Wrong Box; Pays $526 Fine

COLUMBUS, Ohio (AP) — Don't confuse a suggestion box for a mail box when sending in tax payments.

That's what Augusta Greenwald of Shaker Heights did in March 1954.

* * *

It cost her $526.90.

She was visiting Mt. Sinai Hospital when she deposited an envelope containing property tax bills and her payments in a box she thought was a mail box.

It was a hospital suggestion box.

By the time the hospital returned the envelope to her, the taxes were past due and she owed a penalty of 10 per cent, which amounted to $526.90.

* * *

The State Board of Tax Appeals reviewed the "unfortunate incident" and decided there was nothing in the law that would let it remit the penalty.

Arrest of Turncoats in England Doubted

LONDON (INS)—If Guy Burgess and Donald Maclean should pack their Russian-style fur caps and return to England tomorrow, there is considerable doubt they could be arrested.

This may seem absurd in view of the fact that both former foreign office officials fled to Russia in 1951 and that strong suspicion had been directed at Maclean at the time of the flight.

But legal experts are not sure there is any charge which could be brought against either man if he returned to Britain, unless the government has evidence which has not been revealed.

Viewed in this light, the statement by Foreign Minister Selwyn Lloyd in the House of Commons that "strong suspicion fell on Burgess" after he fled to Russia is a little less strange than it may have sounded to American ears.

The two former British diplomats made their first public appearance in Moscow last Saturday. They told two British and two Soviet newsmen that they fled to Russia to help promote East - West understanding, admitted they had been Communists but denied they had been Soviet agents. They quickly vanished again.

Wayne Physics Prof to Address Meeting

Dr. Everett R. Phelps, professor of physics at Wayne University, will address a meeting of the Pontiac-Northwest Detroit Astronomers Association at 8 p.m. today in Cranbrook Institute of Science.

Popular for his weather predictions on a Detroit television program, Phelps' subject will be "Hurricanes and Tornadoes."

The meeting will vote whether to add two junior members to the association's board of directors, Lloyd H. Sprinkle, president, said.

Three Attorneys Attend Institute at Michigan

Three local attorneys recently attended the Seventh Annual Institute on Advocacy which was conducted at the University of Michigan, Feb. 10 and 11.

They were: John W. Bell and David Hertler, of 1024 Riker Bldg., and Hayward Whitlock, 812 Pontiac State Bank Bldg.

190 to Attend Banquet for Fathers, Daughters

ROCHESTER—One hundred and ninety dads and daughters are expected to attend the banquet at St. Paul's Methodist Church this evening at 6:30.

A patriotic theme to celebrate George Washington's birthday has been arranged for the banquet tables.

Glenn Brookbank will be the toastmaster for the program which follows the dinner. Bonnie Brookbank will give a toast to the fathers, and Ford Thompson, the afther of six daughters, will give the toast to the daughters.

A novelty program has been arranged by Mrs. Johnson Newell and taking part in it will be groups of fathers and daughters. Several specialty numbers in song and dance will be featured.

* * *

The circles of the Women's Society of Christian Service of the church will have charge of the banquet.

County Woman Dies in Two-Car Collision

GRAND RAPIDS (AP)—Mrs. Anne Wade, 48, of Clawson, was killed today in a two-car collision at a highway intersection near the southeastern city limits.

Her husband, Gerald, driving the Wade auto, and the couple's three - year - old grandson, Douglas Wade, suffered minor injuries.

Sheriff's deputies said the Wade auto collided with one driven by Auke J. Bouma of Grand Papids. Bouma was uninjured.

Mrs. Wade was the 18th traffic fatality of the year in Kent County.

Drayton WCTU to Meet

DRAYTON PLAINS — The local chapter of the WCTU will meet at 1:30 p.m. today at the Drayton Plains Presbyterian Church.

Return of Dog to Youngster Means a Lot

MADISON, Wis. (AP)—Bobby Niebuhr had his little black dog back today and it means a lot to a 10-year-old boy who has lost so much.

Bobby returned from school one day this week and found his mother, Mrs. Thelma Niebuhr, 50, lying on the kitchen floor surrounded by cupcakes she'd planned to bake for a valentine.

Bobby, whose father died when he was a baby, called for help and got his mother to a hospital.

While he was with her there, the dog catcher picked up young Bobby's dog as a stray.

Then his mother died of a heart ailment.

Yesterday the Dane County Humane Society returned Bobby's dog.

Slate Zoning Hearing

TROY—An application of Lawrence Land Corp. to rezone 30 acres at the southeast corner of Maple and Livernois to commercial use for a $5 million shopping center will be formally considered at a public hearing Tuesday, Feb. 28.

Ask New Radio Station

WASHINGTON (AP)—The Metropolitan Broadcasting Corp. of Royal Oak has applied for a new radio station for Royal Oak for 1220 kelocycles. The application was received yesterday by the communications commission.

About 9 per cent of the U. S. farmers produce 50 per cent of the total farm output.

AND IT CAME FROM A PULLET — An egg that dwarfs its normal-size sister is compared by Mrs. Bernal Pacer of Clarkston and the chicken that "did the damage." The look of "Did I do that?" on the young hen's face testifies that the monster weighs six ounces, which is mighty hefty for any egg. Mrs. Pacer says she's raised chickens for 26 years and the seven-inch-round egg is the largest she's ever seen. Clucks the proud creator, "In our chicken language, it's the mostest."

Board Plans Special Meeting

Members to Cover 5 Points of Discussion in Southfield

SOUTHFIELD TOWNSHIP — A special open meeting of the Township Board has been scheduled for Thursday, Feb. 23, at 8 p.m. at the Township Hall. The agenda of the evening will include the following points of discussion:

1. Plan covering Section 24 between 10 and 11 Mile Roads, between Greenfield and Southfield Roads.

2. School site requirements as outlined by Geer Associates.

3. Plat revision and subdivision planning and design as recommended by the Planing Commission.

4. Acceptance of the zoning map, which at this time is nothing more than the old map with new street names and subdivisions brought up-to-date.

When the Planning Commission is ready to plan the new zoning map showing new zoning it will call meetings of each section of the township at which time those interested may discuss the proposed changes prior to actual action on the changes taking place.

5. Consideration of a report on conditions for loaning services of the planning cosultant.

Aviation Group Move Will Include Oakland

DETROIT (AP)—Contracts to convert the Detroit Metropolitan Aviation Authority into a three-county organization were in the works today.

The new organization would be called the Detroit Regional Airport Authority made up of representatives from Detroit, Michigan Department of Aeronautics, University of Michigan, and three counties—Wayne, Oakland and Macomb.

The contracts were outlined yesterday at a meeting of the Detroit Metropolitan Aviation Authority. They are expected to be approved at the next DMAA meeting Feb. 29.

Before the new group can become active, the contracts have to be approved by boards of supervisors of the three counties, the Detroit Council and the University of Michigan, which operates Willow Run Airport.

Annual Jaycee Party to be Friday Night

WATERFORD TOWNSHIP—The annual Jaycee Valentine Party is slated to be held Friday evening, beginning at 9 p.m. at the VFW Hall on West Walton Boulevard. There will be round and square dancing with Kirby Milleur calling.

Mrs. Donald Fillmore is chairman of the function and she will be assisted by Mrs. Dick Dean, Mrs. Davis Freeman, Mrs. Gerald Lewis, and Mrs. Bernard Heaney.

New Nickels Set as Reminders of Parking Plans

"Operation New Nickel" will put shiny new nickels in the pockets and purses of many Pontiac people today as the "Committee for Five Cent Parking" takes another step to ask voters to vote for the city's $600,000 municipal parking program at the polls March 5.

* * *

The committee suggested to all merchants that they replace dimes with two new nickels available at both city banks in an effort to stress the need for increased municipal parking for the city.

Wonder Workers to Elect

ORTONVILLE — Ortonville Wonder Workers 4-H Club will meet at 7:30 tonight in the Carl Kennedy home on Oakwood road. Leader Mrs. Vernon Hutchings has announced this will be a reorganizational meeting and election of officers.

* * *

Those interested in flowers or gardens and raising livestock are invited to attend.

St. Paul Church Votes for Site

Decide Unanimously for Property on Romeo Street

ROCHESTER—Nearly 150 members of St. Paul's Methodist Church voted 128 to 15 for the purchase of an eight acre site known as the James Keith property on Romeo Street for a new church.

The land has been under option at a price of $30,000 since the first week in February.

It was presented to the Official Board of the church by cochairmen of the Building Committee, Jacob C. Judson and H. B. Littel.

The district superintendent, Arthur Smith, presided at the Tuesday meeting.

Pastor of St. Paul, the Rev. Kenneth Burgess, stated that the building committee was authorized to go ahead with building plans including an architect.

Ike Decides . . . to Attempt Bagging Quail in Georgia

THOMASVILLE, Ga. (INS) — President Eisenhower shifts his attention today from the weighty problem of whether to run for re-election to that of bagging his limit of wily Georgia quail.

Presidential intimates expect Eisenhower to make up his mind on a second term sometime in the next week as he relaxes at the pine-scented plantation of Treasury Secretary George M. Humphrey.

The chief executive's arrival in Georgia yesterday took on the flavor of a campaign trip as cheering thousands turned out to extend him a warm welcome.

Eisenhower looked more like a candidate than he has at any time since his Sept. 24 heart attack as he bounced to his feet a score of times to acknowledge the cheers with waves and the grin that became his political trademark in 1952.

The crowds turned out along the President's 43-mile route from Spence Air Field, through Moultrie and Thomasville to the Humphrey plantation.

Eisenhower came back empty-handed from his first quail hunt yesterday, but he planned to make up for that today.

He spent two hours riding through the fields with Humphrey atop a new mule-drawn hunting carriage picking out the best spots for today's expedition.

The only major item of business the President brought down from Washington was the controversial natural gas bill.

* * *

He has until midnight Saturday to sign or veto the measure, storm center of an investigation into a $2,500 contribution offered Sen. Case (R-SD).

* * *

The First Lady and her mother, Mrs. John S. Doud, also are staying at the Humphrey plantation, where the Eisenhowers are occupying one of three guest houses.

Fight Brings Arrest, Sentencing of Three

Three men arrested last night after a waitress complained they staged a fight in the Buttercup restaurant, 910 Oakland Ave. Tuesday night, pleaded guilty to disorderly charges in Pontiac Municipal Court this morning.

* * *

Two juveniles allegedly involved in the brawl were ordered to appear before the police juvenile officer today.

Failing to pay $50 fines levied by Judge Cecil McCallum, Donald Tuckey, 23, of 650 Second Ave., began a 14-day term in Oakland County Jail, and Glenn Goff, 21, of 1040 Cherrylawn Dr., started a 10-day sentence.

Luciano Ramirez, 20, of 401 Franklin Rd., paid a $50 fine.

Service Station Entered, Equipment Is Taken

Thieves who broke into Owen's Service Station, on Ortonville Road in Brandon Township, Tuesday night made off with equipment and supplies, Oakland County Sheriff's deputies said yesterday.

Stolen were several wrenches, a tool box, six cartons of cigarettes, six flashlights, a spotlight, several packages of cigars, several flashlight batteries, two car batteries, a wrist watch and several car rugs.

Soviet Mapping 'United Front'

Drive to Gain Respect for Part in Europe; Hint Molotov Wobbly

WASHINGTON (AP)—The Soviet high command appears to be planning a revival of the "united front" technique to try to gain power and respectability for the Communist parties of Western European nations.

* * *

The technique—used with considerable success in the past—is the establishment of working arrangements between local Communist parties and such non-Communist groups as the Socialists.

U. S. officials think they see a tipoff to renewed emphasis on "united front" drives in the speech given by Soviet Communist party boss Nikita Khrushchev to the party Congress now meeting in Moscow.

Another aspect of the speech which has aroused considerable interest here is its possible bearing on the fate of Foreign Minister V. M. Molotov.

Molotov said in a speech a year ago that only the foundations of socialism had been built in the Soviet Union. After he was officially criticized, he amended that to say Soviet Socialist (that is, Communist) society was already strongly developed in the Soviet Union. Molotov publicly confessed error.

Khrushchev, without naming Molotov, brought up his "erroneous" statement Tuesday and again denounced it as misleading. This renewed speculation that Molotov may be on the way out.

Judge Cut Fine to 2 Cents as Stand on Game Law

LAGUNA BEACH, Calif. (AP)—Convicted of catching 15 abalone, 10 over the legal limit, Charles Cleary paid his fine—2 cents.

Justice C. C. (Gavvy) Cravath, onetime Philadelphia Phillies baseball player, assessed a $25 fine but suspended $24.98 because he said he doesn't approve of the methods Game Wardens Robert Decker and Robert Terwilliger employed. They testified they saw Cleary make his catches, observing him through binoculars from a distant cliff.

Heat from jet aircraft taking off may one day be used to warm buildings, says Peter Masefield, chief executive of British European Airways.

HUGE GENERATOR SHAFT — One of the largest lathes in the nation was used to machine a huge generator shaft at the main works of the Allis-Chalmers Mfg. Co. in Milwaukee. The rough forging, shown in position on the massive lathe, was 35 feet long, weighed 100 tons and was five feet in diameter at its widest part. The shaft will be used for one of two generators in the 300,000-kilowatt steam turbine generator unit being built by Allis-Chalmers for the Detroit Edison Co.'s River Rouge plant near Detroit. The unit, say Allis-Chalmers' officials, will be bigger than any now in operation in the world today.

Gunman Uses Girl, 3, in $15,000 Robbery

TUCSON, Ariz. (AP)—A young gunman used threats against the life of a 3-year-old girl to help him execute a $15,680 robbery at a ranch of the Southern Arizona Bank and Trust Co. here yesterday.

* * *

Police said they had picked up two suspects, one 19 and the other 20, but that no charges had been filed.

The gunman walked up to the window of teller Eunice Dossett and handed her a note instructing her to put all the money she had in a heavy paper folder.

When another bank employe, unaware of the holdup, started to leave the room, the gunman ordered her to stop. When she hesitated he threatened to shoot 3-year-old Mary Kay Vezino, who was in the bank with her mother.

Before he fled with the money the gunman warned:

"Count to 300 before you move. There's a man across the street ready to blast you. Don't move or the little girl will get hurt."

No one saw whether he made his escape in a car.

Accidents took 92,000 U. S. lives in 1955.

Get a record-breaking run for your money!

Only Chevrolet puts you in charge of the dynamite action and sure-fire handling qualities it takes to break the Pikes Peak record! Better try it before you plank down your dollars for any car at any price.

You've probably heard some people say that they prefer a higher priced car because of the way it "holds the road"—or the way it "clips off the miles on a long trip."

Almost everybody likes a real road car. And nowadays they're going at Chevrolet prices!

For the new Chevrolet is one of the few truly great road cars being built today! It *has* to be to hold the stock car record for the rugged Pikes Peak climb. It has to have cannonball acceleration (horsepower now ranges clear up to 225!) and nailed-down stability on turns—plus lots of other *built-in* qualities that make for more driving pleasure and safety on the road.

So, why not get a record-breaking run for your money? Chevrolet offers 19 new beauties—all with Body by Fisher. Come on in and we'll help you pick one out.

The Bel Air Sport Sedan—one of 19 new Chevrolet beauties. All have directional signals as standard equipment.

TINA AND HER CONCERTINA—4

Little Tina likes to sing and play her concertina.

The concertina is a musical instrument which is pumped or squeezed in the hands of the player, much like an accordion.

You can have a concertina, too, by pasting down this picture on stiff paper and coloring it with crayons. Make the concertina a bright red with yellow edges. Leave the keyboard white. The bellows are green.

Cut out the parts carefully. Now cut along the edges of Tina's hands up to the frill at her wrists. Fold back at points B and forward at F. Then the base will stand.

Pleat the concertina as shown in the small picture at left, folding back at points B and forward at F. Cut out the two slits on the ends.

Slip Tina's hands through these slits as shown at right. Then you can move the bellows and Tina can play her concertina.

Why not join Tina in a happy song or two?

City Sailor Sends Report of Navy's Basic Training

A new Pontiac sailor has sent city recruiters a report of the new Pontiac-Flint-Saginaw Navy Company's first two weeks of basic training.

William J. Imboden writes:

"After 14 days of physical and mental training through all kinds of conditions, every man in the Company is learning more of Navy life.

"Some men have earned special advancement within the Company. They are Henry P. Barber, clerk; William J. Imboden, assistant clerk; and John E. Matt, sergeant at arms.

"The Company as a whole shows good spirits, and there is much talk of further success in the Navy.

"However, homesickness shows itself; but mail from home is helping the boys overcome it.

"Next week the Company is looking forward to the Military Drill competition, which gives us our first chance at any military drill."

In Birmingham Its Moms, Dads Who Take Bows

By BRUNO L. KEARNS
Sports Editor, Pontiac Press

When it comes to building an athletic program for youngsters, the Moms and Dads of Birmingham, some 350 strong can take their bows.

The well co-ordinated Little League Baseball program and rapidly growing Little Football League, made possible strictly through the efforts of the citizens themselves, have taken a mammoth task off the shoulders of Birmingham's recreation department as well as the school board.

This task, according to a survey of age groups in the school district, is providing seasonal recreation for a majority of the 2,000 boys in the pre-junior high school age levels 9 through 12.

★ ★ ★ ★

Baseball for the Little Leaguers started in Michigan with one of its first leagues in Birmingham five years ago. Since then it has developed in that city from one league to three, the American, National and Federal. The latter organized last year.

PEAK REACHED IN 1955 WITH 700 BOYS

The peak of its short existence was reached last year when more than 700 boys participated in 12 "major league" teams, 18 "minor league" and six T-boy leagues.

★ ★ ★ ★

All at a cost to the city of a mere $800 for keeping up the diamonds.

Including managers, coaches, umpires, score keepers and others who just wanted to help out, this enormous program existed because of 250 parents.

Last year a similar program was undertaken in football, entirely separate of the baseball organization with another 100 citizens giving time and effort.

More than 247 boys turned out for the Little Football League which had two teams, a varsity and junior varsity competing in the Jack Lowther Football League of Michigan.

★ ★ ★ ★

Only 84 uniforms, completely outfitted were available, leaving 160 boys just hoping till next year. Well, that year has arrived and an additional 80 boys will get the opportunity to play for one of three Little Football League teams.

THE MOMS KNOW HOW TO GET THE MONEY

How was the money raised to get equipment and uniforms for a total of nearly 1,000 boys?

★ ★ ★ ★

Both organizations can easily show a breakdown. The Moms of Little League Baseball youngsters go out and raise $3,500 each year. When the third league started last year the finances went down to an almost bankrupt $39.00. But the Moms put on their walking shoes and the sum now shows $3,040.

"It's amazing the help you get from all of the parents," said Boyd Simmons, president of the Birmingham League.

Football started through private contributions of $3,800. Total receipts after the first year showed $8,631.92. Parents donated $1,116, business gave $2,048, tag day produced $442, advertising netted $400 and sale of game programs accounted for $39.71.

Total expenses showed $4,626.03, leaving another $4,000 available to expand the 1956 program.

Mel Lindquist, president, and Dick Sauerbrun, general manager, of the Little Football League, give the primary reason for the success, "community co-operation."

ODDS AND ENDS FROM THE PRESS BOX

Speaking of the Little Football League, Southfield is planning an entry next season with the co-operation of the Optimist Club which also carries sponsorship of a baseball team . . . Why all the disgust at the Red Wings? After all seven straight NHL titles may be a lifetime goal for any team to beat, including the Canadiens . . . Note for Wing boss Jack Adams who said, "Real Chevrefils isn't Detroit's type hockey player" . . . He sure is Boston's type!

Pro Grid 'Brass' Seeks to End Raids

PHILADELPHIA (AP) — Ralph Cooper, chairman of the Canadian Football Council, went home last night to ask his colleagues for absolute authority to negotiate a working agreement with the National Football League.

Cooper met here yesterday in a novel open forum—the press sat in on actual discussions—with Bert Bell, commissiiner of the NFL. The two agreed in principle on a program to end the years of bickering between the two professional football leagues.

Bell said he had absolute authority to negotiate a pact for the NFL and advised Cooper to go home and get the same designation. "If you do," said Bell, "we can settle our problems in five hours."

The two executives agreed that the No. 1 problem was to stop the raiding of each other's playing talent. Under a program discussed here the leagues would recognize each other's contracts and options.

Bell and Cooper worked out a plan whereby the NFL and the Canadian leagues would hold similar player drafts, use standard contracts, and begin the signing of new draftees at the same time. An impartial arbitrator would settle any disputes the league heads were unable to reconcile.

* * *

The one thing neither can do, nor admittedly desires to do, is to restrain open competition for players who are free agents—players not under contract or option to either league. Any agreement in this field would run afoul in the United States of the Sherman anti-trust law.

* * *

As a result, while many mutual problems, including the all-important no raiding pact, would be ironed out amicably, the war of dollars would continue almost unabated. The highest bidder still would be the one to get the star college players.

* * *

There seems to be one stumbling block in the way of a final agreement. Both Bell and Cooper told the press yesterday that some adjustments would have to be made on players each league claims the other obtained by raiding. The Canadians say the NFL has 13 such players and the NFL charges the Canadians with holding 45.

Cooper said he would present the plan at a meeting of Canadian football league executives in Toronto March 1. He said that at that time he hoped to get the permission of his group to finalize the program formulated here.

"We are in accord with Bell's thinking and a number of his suggestions follow our own ideas. I think and hope we can reach a sound and workable agreement," he said.

CAUGHT IN A SQUEEZE — Rookie Steve Deneter slides into bag after being tagged by Reno Bertoia, right, as they ran through a rundown play for benefit of photographers at opening session of Detroit Tigers instructional school. On the bag is Larry Orsborne, whose father was once a pitcher for the Chicago Cubs. The Tigers welcomed more than 50 rookie hopefuls at Lakeland yesterday.

Tigers Greet 50 to First Rookie Camp

Former Prospects Get Early Attention From Bucky Harris

LAKELAND, Fla. (AP)—More than 50 hopeful young players turned out yesterday for the opening of the Detroit Tigers' first rookie school.

* * *

Manager Bucky Harris limited activities mostly to running and throwing with a little pepper drill.

* * *

Among top prospects who hope to gain a berth with Detroit are J. W. Porter, a catcher and outfielder; infielders Steve Demeter and Reno Bertoia and outfielders Tom Sarna and Hollis Powell.

* * *

Porter was outstanding in spring training last year but failed to live up to expectations.

* * *

Bertoia is a bonus baby who showed promise last season. Demeter hit .285 at Buffalo last year and is a fine fielder.

* * *

Sarna is a power hitter who had a .305 average with Augusta in 1955. Powell is a big question mark. He made a good start last spring, then hurt his back at Augusta.

Rookie Goalie Helps Toronto Grab 4th Spot

Off-Season Policeman Stingy With Goals as Lumley's Fill-In

By THE ASSOCIATED PRESS

Rookie goalie Ed Chadwick, an off-season policeman, is helping the Toronto Maple Leafs lock up fourth place in the National Hockey League.

* * *

Chadwick, filling in for the injured Harry Lumley, has given up only three goals in the five games he's played since the Leafs recalled him from Winnipeg of the Western League. He has produced two shutouts.

Last night, Chadwick handcuffed the Boston Bruins as Toronto made off with a 1-0 victory on Tod Sloan's third-period goal. The victory increased Toronto's hold on fourth place—the last Stanley Cup playoff position—to 4 points over Boston.

In the only other game, the New York Rangers dealt Chicago's hopes of landing a playoff spot a crushing blow by trouncing the Black Hawks 6-1. The Rangers, breaking fast on first-period goals by Pete Conacher, Wally Hergesheimer and Dean Prentice, thus restored their second-place margin over idle Detroit to 3 points.

Billy Peacock Favored

LOS ANGELES (AP) — Bantamweight Billy Peacock, who wants to fight Robert Cohen of France for the Frenchman's version of the world championship, is heavily favored to whip Joey Benson of Los Angeles tonight in a 10-round bout at the Olympic auditorium.

Boyd Gets Decision

CHICAGO (AP)—In a brawl that had the aspects of just about everything—wrestling, football and bull fighting — long-reaching Bobby Boyd won a split 10-round decision over rugged Eduardo Lausse last night.

Boyd, staggered several times by the Argentine's vicious left hooks, piled up his edge with a harpooning left jab and head work.

In fact, Charlie Johnston, manager of the 28-year-old Lausse, inferred after the national televised scrap in Chicago Stadium that Boyd used his head so well he butted open an angry gash between Eduardo's eyes in the third round.

"An 8-ounce glove couldn't have opened a cut in a place like that," said Johnston, who also conceded that it could have been accidental. "It was a butt. And the jarring effect from it held my boy back enough for two rounds to affect the outcome."

Lausse, third-ranking middleweight who had been undefeated in 32 starts and scored 49 knockouts in 61 victories, was a bleeding, harassed fighter thereafter. But he got Boyd in trouble at times only to have the 22-year-old Chicago Negro swarm back in savage rallies.

Bobby, eighth-ranked contender, earned his ninth straight triumph and now has a 38-6-2 record in a claim for a shot at the middleweight crown.

Each weighed 160 pounds.

Judge Spike McAdams scored for Boyd 95-88 under Illinois' 10-point maximum per round. Judge John Bray voted for Boyd 94-91. Referee Frank Sikora favored Lausse 94-93. The Associated Press card had Boyd in front 96-95.

In the fourth round, Lausse connected with a good right. It looked as if Boyd caught it off balance. He went down and the referee started counting after Bobby had bounced to his feet. It went as a knockdown, although Boyd later insisted it was a slip.

The bleeding Lausse was staggered in the seventh from a steaming right and Boyd, wrestler-fashion, threw him to the floor. In the ninth Lausse again was rocked and like making a tackle in football, clung to Boyd's midsection and pushed him across the ring. It looked as if both would fly out of the ropes.

Aside from these antics, Boyd proved himself a classy, seasoned campaigner and one of the best middleweights around.

Lamar Asserts TV Worst Evil Facing Boxing

Boston Official Also Hits Managers' Guild; Would Tax Telecasts

BOSTON (AP)—Massachusetts Boxing Commissioner Henry Lamar says the televising of fights is "an evil which can destroy the sport."

The two greatest evils to boxing have been the managers' guild and TV promotion," Lamar told a state legislative committee on taxation yesterday. "Of these, TV promotion is the worst."

The commissioner appeared before the committee to urge a 5 per cent tax on television receipts for bouts in Massachusetts and on closed-circuit fights telecast into the state.

Lamar said the managers' guild "has been put in its proper place and is no longer a threat to the sport." He added enforcement of a 5 per cent tax on closed circuit showings of fights would help put TV promotion in its proper place."

Illinois Will Aim for McCoy

Big Ten Leader Which Cooled Freeman Hopes to Stop Spartan Star

EAST LANSING, Mich. (AP)—Illinois will have another chance to show how to cool off a hot shooter in a televised Big 10 basketball game with Michigan State here Saturday.

The Illini, undefeated in eight conferences games, pulled a stunner just last Saturday before the television eye.

Ohio State was humiliated 111-64 and Robin Freeman, the top conference scorer, was held to just 12 points—lowest in his college career.

Michigan State forward Julius McCoy with 236 points is second in Big 10 scoring behind Freeman's 280. McCoy has averaged 29.5 points a game to 31.1 for Freeman.

MSU Coach Forddy Anderson has declared McCoy is a more versatile player with a greater variety of shots than Freeman.

Illinois guards Paul Judson and Bill Ridley are expected to be assigned to McCoy—the only potent Spartan scoring threat this season.

MSU, with a 4-4 conference record, now has dropped to fifth place and can only hope to be a spoiler. In an earlier meeting with Illinois, State at one time had a 16-point lead but blew it to lose 73-65.

Wes Santee Determined to Prove Clean Status

NEW YORK (AP) — Kansas miler Wes Santee apparently means business in his efforts to clean up his amateur status and compete in this year's Olympic Games in Melbourne.

Santee's attorney yesterday issued a warning that he would file a suit for damages "if any libelous statement of any nature whatever" is made at a hearing of a National AAU Investigating Committee Sunday.

In a letter to Dan Ferris, secretary treasurer of the AAU, Charles P. Grimes, representing Santee, demanded "that the AAU revoke any existing suspension of Santee and make public announcement to that effect."

Santee, a lieutenant in the Marine Corps, was suspended by the Missouri Valley AAU last Oct. 11 on charges that he took "excessive expenses" for three California track meets in May. The suspension was lifted Nov. 20 on grounds of insufficient evidence.

* * *

The AAU, however, set up an investigating committee to again look into the case, and Santee withdrew from indoor track meets in the East.

The special committee makes its report Sunday morning to the AAU Executive Committee, which will rule on Santee's future status.

Grimes said Santee probably will be in the city but he is not expected to appear before the AAU body.

Midsummer Date Set for Publinx Tourney

For the 1st time in the history of the Michigan Public Links Golf Association, the annual state tourney will not be held on the Labor Day weekend.

Publinx prexy, Pontiac's Roy Iceberg, announced Wednesday the event will take place June 8-9-10 over the Rolling Green course at Saginaw. First two rounds of play will be over 18-hole routes, with the Sunday finale going for 36 holes.

Defending champion is Jim Seltzer, coach of Flint Northern's high school golf squad.

Basilio-Saxton to Meet

Wings Red-Faced in Beating U-M Skaters

ANN ARBOR (AP) — The Detroit Red Wings almost had the reddest faces in professional hockey last night.

According to tradition, the Wings should have beaten the University of Michigan's defending NCAA champs 10-3 in a howling exhibition of horse-play hockey like they did last year.

* * *

But too much horse play and a blazing college spirit narrowed the Red Wing margin to 9-7.

Michigan's little Dicky Dunnigan turned the hat trick. Goalie Lorne Howes, spectacular at times, stopped the hardest shots he has ever seen from the sticks of Gordie Howe, Ted Lindsay and Dutch Reibel.

Despite the nine that got by, Howes had 45 saves.

To help make up for Michigan's smaller size, smaller club and inexperience, the Red Wings used two 17-year-olds, a 16-year-old and a 35-year-old trainer, Lefty Wilson. Wilson goal-tended the final period.

One of the youngsters, Carl Wetzel, 17, handled the Red Wing net in the second and regular goalie Glenn Hall worked the first. All together they made 31 saves, with Wetzel getting the least—seven.

Lindsay and Howe each got two goals for the Wings, while Gerry Carpinka got two for Michigan. Two of the Red Wing goals came with Michigan one man short and one of them just as a Michigan player left the penalty box.

Other scorers for the Wings included Bob Goldham, Red Kelly, Murray Costello, Alex Delvecchio and Lorne Ferguson.

Other Michigan scorers were Bernie Hanna, Tom Rendall.

Spring Drills Call Two From Pontiac Area

Two youngsters from the Pontiac area will be on their way to the southland, Feb. 27, to take part in professional baseball spring training. They're making the trip together.

They are Waterford's Steve Kebler, former Skipper hurler who is the property of the Baltimore Orioles, and Dick Goldsworthy, ex-PHS player, who returns to the Phoenix team of the Arizona-Mexico Class C loop. Dick hit .317 for 290 at bats in 1955.

Kebler is a right hander, 6-3 and 200 pounds. He signed last September, and has been assigned to the Thomasville, Ga. training camp. He will go to Paris, Texas, in the Sooner State Loop.

Cranbrook Easily Beats Patterson

Cranbrook won its 3rd straight game, by more than 20 points each time, in whipping Patterson Collegiate of Windsor yesterday, 76-30.

After taking a wide 23-4 lead in the 1st quarter the Cranes scored at will with reserves playing a large portion of the game.

John Kirk led the scoring with 19 points, followed by Jerry Dobson and Owen Fett with 13 each.

Cranbrook now stands 6-5 for the season.

NCAA to Air TV Grid Plan

Expect Announcement From Committee Today on '56 Policy

KANSAS CITY (INS) — The National Collegiate Athletic Association's football television plan for 1956 will be announced at Kansas City Today.

The plan was drawn up yesterday in Chicago at the conclusion of a three-day meeting of the NCAA's television committee.

It is believed that the plan will follow last fall's program of eight national telecasts and five regional dates over a 13-week period.

Walter Byers, NCAA executive secretary, said the 445 NCAA members will vote on the plan and return their decision by March 2. A two-third approval by NCAA members must be gained before it becomes operatives.

Lane, Yama Bahama Fight at Lansing

LANSING (AP)—Kenny Lane, lightweight from Muskegon, and Yama Bahama, colorful welterweight from Bimini, will be the headliners in a double-main event fight show here Feb. 25.

Lane will go 10 rounds against Isac Vaughan of Cincinnati, who won the national AUU, national Golden Gloves and International Golden Gloves titles in his weight in 1952. Vaughan has won 16 of 18 pro starts.

Bahama, who has been rising nationally with 19 straight wins, will fight a 10-rounder against Carlo Sarno of Chicago. Sarno was the last fighter to beat the Bimini import, this by a close decision in Detroit late in 1954.

U-M Out to Dominate Big 10 Distance Marks

ANN ARBOR (AP) — A sweat-stained secret from Finland has put new power into University of Michigan distance runners. They already dominate the best relay performances in the Big Ten.

Before the year is out, they may dominate conference distance records too.

The secret is a "speed and pace program" which Michigan Coach Don Canham says is a way to increase "strength and speed" through some very hard work. But that's all he'll say about it.

Finnish National coach Armas Valste passed the training plan on to Canham. Everyone got a look at what it can do at last weekend's Michigan State relays.

Michigan's spring medley relay team and the mile relay team steamed to new meet and fieldhouse records that will also be listed as the best performances of the Big Ten athletes as undergraduates.

Since Michigan men have already turned in the best performances in the distance medley relay, the two-mile relay and the 880-yard relay, they now have every regular best performance in relays that the conference lists. The only exception is the seldom run four-mile relay.

Individually, three Michigan men are prime examples of the Finnish training plan. The most developed of these is Ron Wallingford, a stubby Canadian two-miler. Since entering the training plan, he's run in the Michigan AAU meet at Ann Arbor and the MSU relays at East Lansing. At both places he turned in half-mile times in relay running that mark him as a possible threat in the shorter distances.

Canham thinks that Wallingford has brilliant possibilities.

OUT OF MONEY INTO MUD—Jockeys running out of the money when it rains in Florida get just as muddy as they do elsewhere. R. J. Martin, Milton Dalgo and Tommy Maeda, left to right, were well covered after a race at Hialeah Park.

29th Yankee Signs

NEW YORK (AP)—Shortstop Billy Hunter, fully recovered from a leg injury, became the 29th New York Yankee today to sign his 1956 baseball contract. Terms were not disclosed.

It's Hot Stove League Time and—

You're the Manager

(Ninth of a Series)

Bob Turley of the New York Yankees was the wild man among American League pitchers last season and Detroit's Al Kaline was the circuit's leading batter.

Here's a situation in which they were the key men. Yankee manager Casey Stengel called it right. Would you have?

(R) stands for a righthanded batter or pitcher and (L) for a lefthanded batter or pitcher.

The Yankees and Tigers are tied 2-2 in the top of the 10th inning at New York. Turley (R) is pitching and he retires the first two batters on grounders. However, Bill Tuttle doubles to right. Kaline (R) is the next batter with Earl Torgeson (L) on deck.

BOB TURLEY

Would you:

a. Let Turley pitch to Kaline?

b. Walk Kaline and let Turley pitch to Torgeson?

c. Walk Kaline and bring in a lefthander to pitch to Torgeson?

Result: B — Kaline was intentionally passed. Turley remained in the game and retired Torgeson on an infield fly. The Yanks won in the last of the 10th, 3-2 (Aug. 7).

Will Swaps Enter Race? No One Knows

ARCADIA, Calif. (AP) — The on-again, off-again return to racing of Swaps tomorrow remained in the speculative stage today.

Trainer Meshach Tenney was expected to drop Swaps' name in the entry box this morning for the $15,000 feature at Santa Anita tomorrow; a mile and one-sixteenth overnight styled the Los Angeles County Handicap.

Presumably it will be Swaps' last chance for a formal race before the $100,000 Santa Anita Handicap Feb. 25.

Fourteen other horses, among them such outstanding handicap threats as Bobby Brocato and Traffic Judge, are also expected to be in tomorrow's field.

Eastern States Prep Tournament Suspended

GLENS FALLS, N.Y. (AP) — The Eastern States High School Basketball Tournament has been suspended because of opposition from the State Education Department.

Francis McGinley, chairman of the sponsoring committee, said yesterday the department was opposed to participation of New York teams in such tournaments. Normally about half of the eight teams entered in the tournament, usually held in late March, have been New York schools.

Don Newcombe of the Dodgers walked only 38 batters in the 1955 season.

Victory Friday Over Bay City 'Must' for PHS

Central, Northern Fives Collide in Spotlighted Engagement

Saginaw Valley's hottest basketball title race in many years gets down to the critical stage Friday night when all contenders will be in action.

Chief attention, outside the local interest, is focused upon the Flint Central and Northern encounter on the big IMA court in Flint.

This will be the second big meeting of the two top clubs, Central having edged the Vikings, 59-58, on Jan. 6. Indians are favored to regain a share of the lead which they now hold with their home-town rivals. The other Valley tilt Friday is Arthur Hill at Saginaw.

Chiefs will be at Bay City Central, and Friday's tilt is rated a "must" for Coach Art Van Ryzin's outfit. Pontiac must win over the Wolfpack (PHS dumped the upstarters 76-50 in the 1st game), if it is to retain any chance of staying in the race. Wolves beat Saginaw Tuesday night, 83-78, and off this effort promise to give Chiefs a red hot scrap.

Pontiac runs into another small gymnasium on the Bay City trip, but has never been bothered very much on that floor, like the trouble experienced at Highland Park this week.

Wolf starters will be Carl Proffer (6-1) and John Krafft (6 foot) at forwards; Harold Busch (5-11) center; Jim Chesney and Chuck Crampton at guards. Bay City alternates were named as follows; Don Kanicki, Wayne Gwisdela and Jerry Ebright.

Van Ryzin wasn't certain of one guard spot, but his other "regulars", Willie Dewalt, Rod Treais, Hudson Ray and Larry Peet, were set to go.

Varsity game starts at 8:15, Jayvees at 6:30 p.m.

West Virginia trainer, A. C. (Whitey) Gwynne coached the Mountaineers' only unbeaten wrestling team in 1936 when WU won all seven meets.

Big 10 Cagers Hold '55 Rate for Personals

Study Shows Average Per Game About 38.6 Fouls

CHICAGO (AP)—Big 10 basketball officials still have as much breath to toot their whistles this season as they did last year.

A study of personal fouls by the conference shows that so far this year the average number called is 38.64 per game. In 1955 the average was 38.65.

The study also shows there is little distinction in tooting against visiting teams and home clubs. The number of fouls on home teams is 763 compared to 744 for the visitors. Home teams have won 22 games and visitors 17.

Furman Cager in NCAA Point Lead

By THE ASSOCIATED PRESS

When Illinois shut off Ohio State's Robin Freeman with only 12 points last weekend, it was the first time in six years any national individual scoring leader had been shown such disdain in major college basketball.

What's more, the unfrocking was perpetrated before a national television audience as Paul Judson and Bill Ridley of the Illini collaborated in knocking Freeman out of the scoring lead.

Freeman looked like a good bet to become the first national scoring king to emerge from the Western Conference. But his 33.9 points a game average was shaved to 32.2 in today's listing by the NCAA Service Bureau while Furman's Darrell Floyd moved back to the top at 33.8.

Pancho Keeps Winning

CHARLOTTESVILLE, Va. (AP) — Pancho Gonzales scored his 29th victory over Tony Trabert here last night 6-2, 6-4 as the two aces continued their showdown on Jack Kramer's world championship tennis tour.

Signs Contract

Bullpen Okay for Gromek

DETROIT (AP)—Steve Gromek, 36-year-old righthander, has signed his 1956 contract with the Detroit Tigers and says he's willing to be a relief pitcher.

Gromek posted a 13-10 record last year but wilted in the summer months. Near the end of the season he turned in two brilliant relief performances and Manager Bucky Harris says he may send the veteran to the bullpen early this season.

"Anything's okay by me," said Gromek, "it doesn't take me long to get ready, either to start or relieve."

Broncos Beaten, 68-62

CHICAGO (AP) — Loyola avenged an early season licking, leading from start to finish, to whip Western Michigan 68-62 last night in a non-conference basketball contest.

Texas Open Starts

Souchak to Defend Title

SAN ANTONIO, Tex. (AP) — Big Mike Souchak, the long driver from Grossinger, N.Y., set out today to defend his Texas Open golf championship and the touring professionals thought he had a good chance of doing it.

E. J. (Dutch) Harrison, the tournament veteran from St. Louis, liked Souchak in the run for the $4,999 first money because the Fort Sam Houston course is so open and puts a premium on the long hitter.

But there were favorites aplenty as the field of 159 moved out in the opening round of the $20,000 tournament. Final tune-up rounds yesterday indicated that the par 72, 6,476-yard course would take a hefty hammering although Souchak said it depended on the weather whether a score of 272 or 276 won the tournament over the 72-hole route.

"Strong winds will make those soar," he declared. "The wide open course will be tough under such circumstances."

Bill Nary of Wayne, Mich., had the best pre-tournament score, laying down an eight-under-par 64 while Jimmie Demaret and Jack Burke both of Kiamesha Lake, N. Y., had 66's. There were plenty of 67's and 68's.

Meteors Need Overtime

Insurance Five, Jewelers Post Wins

Sun Life threw off GMC's challenge for 2nd place and Shaw's Jewelers breezed merrily along in adult American League basketball games last night at Pontiac High gymnasium.

* * *

The insurance cagers spotted the Coachers a 19-10 1st-quarter lead, then came on to win going away, 67-57. Hal Trott dumped in 18 points and Mel Taylor 17 for the winners while Chet Woodmore netted 13 for GMC. It was Sun Life's 10th triumph.

Shaw's undefeated powerhouse rolled to its 11th straight victory, a 76-40 trampling of Stadium Inn. Bob McManus sparked the Jewelers' assault with 23 points.

In a Class D National division thriller at Lincoln Junior High's gym, the league-leading Meteors resisted the threat of their nearest rival, the Hot Shots, but it took an overtime session to settle the issue.

The unbeaten Meteors finally disposed of their foe, 52-48, for their 9th consecutive win. Dick Singleton led the winners with 20 points and Dick McLaughlin, who tallied four points in the extra period, was next with 18. Bud Hayward and Al Costello were tops for the Hot Shots with 16 and 14.

Dave Grubb scored 18 points and Gil Hernandez 14 as the Spartans easily defeated the Lakers, 51-31, in a 'D' American loop contest. Jim Stark made 11 points for the losers.

* * *

Two adult circuit games are on tap tonight at Pontiac High. The Trojans battle the Independents in National loop play at 7 o'clock, and Stone Front tangles with the Keego Merchants in an American division game at 8:30.

Carolina Tempers

Riot Flares in Rivalry

CHAPEL HILL, N.C. (AP)—A flare-up of tempers between players after last night's crucial Wake Forest-University of North Carolina basketball game here spilled over into the big crowd and caused some tense moments.

Spectators swarmed onto the floor and took the fight away from the players. Uniformed police got the indoor scrap under control quickly, but more fist fights broke out outside.

Thousands of students and fans milled around in the street in front of the gym. No one was reported injured as the result of several fights. No arrests were reported.

The melee made it difficult for many of the 5,500 basketball fans to get away.

* * *

The flare-up started on the playing floor as the final whistle sounded, ending a game that North Caroline won 77-73. The win gave the Tar Heels the lead in the Atlantic Coast Conference basketball chase.

Tracy Still Not Under Contract

DETROIT (AP)—Tom Tracy, who played fullback with the Ottawa Roughriders of the Canadian football league last year, said today he "would like" to play for the Detroit Lions this year but had signed no contract with either team.

"I've talked with the Lions, but they have some problems to work out and I'm not sure whether we can get together," said the 215-pound former University of Tennessee player. "Money is not a problem," he added.

4 Cagers Pass '300' Mark

By BRUNO L. KEARNS
Sports Editor, Pontiac Press

Four players in leagues which Oakland area teams are involved have cracked the 300-point mark as the cage season moves into its final stages.

At least 10 other players should move past the coveted figure in the remaining games of the regular campaign.

For the second week in a row after taking the lead from Madison's Jim Simer, it's Jim Davidson, Milford's sharpshooter topping the list.

The 6-3 senior of the Redskins poured through 52 points in one game last week to bring his season's total to 354 points.

As far as is known, his 29.6 average is the top mark in the state right now.

Shooting up to 4th spot was Avondale's Jerry Paul who in his last two games has bucketed a total of 80 points. He now has 321 points for a 24.6 average, just one-tenth of a point behind Don Sharp of Lake Shore in the Bi-County league.

Simer of Madison has played the same number of games as Davidson and is 49 points behind with 305 total.

It is interesting to note that 3 of the top 6 scorers are out of the Oakland B. Besides Simer and Paul, the other is Len Martyniak of Roseville.

Tom Wilson who missed the game with Flint Tech last week, which Lapeer lost in his absence, still keeps his 23.0 average in 12 games.

Ken Moser, Southfield's pint-sized guard has now taken the lead in the Inter-Lakes with 213 points for a 16.9 average. He leads Larry Hughes of Walled Lake by two-tenths of a point.

* * *

Berkley's Bruce Gentile also has started to climb in the IL league with a 16.5 average.

An average of three games remain on the regular season schedule for most teams before getting into the playoffs.

Sportsmen Set Forth

LANSING (AP) — Armed only with cameras and field glasses, members of the Wolverine Sportmen's Assn. will set forth on their annual Elk hunt Sunday. Sportsmen will make the trek on snowshoes or skis to watch the animals in their forest haunts. Michigan law protects elk from hunters' guns.

Braves, Dodgers May Go Abroad

Milwaukee Prexy Plans to Discuss Idea With State Department

HONOLULU (AP)—Louis R. Perini, president of the Milwaukee Braves, said today his team and the Brooklyn Dodgers may go to Europe in 1957 on a spring training tour.

* * *

"I will go directly to the State Department in Washington upon the conclusion of this trip and lay my plan before them," he said.

* * *

"I am not interested in making money. I want to play cheaply enough for everybody to see us. Maybe major league baseball will excite the imagination of Europeans in the same manner it has the good people of Milwaukee and Wisconsin."

The Dodgers and Braves would play in Italy, France, Germany, Belgium, England, Ireland and Scotland.

* * *

"Walter O'Malley and I have discussed this trip on several occasions," Perini said, "and the Dodger president is in complete accord with me."

* * *

Perini said every major league club receives letters from European boys who want to come to America and play baseball.

Van Dyke Scores 1st Win After 11 Losses

Van Dyke, of the Inter-Lakes league, won its first basketball game of the season after 11 losses in dumping Mt. Clemens of the Eastern Michigan league 59-51 last night.

Ken Burchette led the Abe scoring with 19 points. Mt. Clemens had whipped Van Dyke 66-40 in the season opener.

HOME IN ATLANTA — Canadians Maurice de Varennes of Cornwall, Ontario, left, and Jon Babbitt of Verdeen, Quebec, thought they'd left hockey behind when they came south to study at Georgia Tech. But when the school opened an ice rink they lost little time in organizing two teams of Tech students and they'll play what is believed to be the first ice hockey game in Georgia history.

Shallock Gets 1st Full Year With Orioles

SCOTTSDALE, Ariz. (AP) — Art Schallock, a persistent little left-hander who lost the best game he ever pitched in the majors, has been waiting a long time to find out whether he's good enough to stick it out in baseball's big time.

This season he should get some kind of an answer.

Schallock, a 31-year-old ex-Yankee who's been commuting between the minors and majors since 1951, is starting his first full season with the Baltimore Orioles, who open spring training here today.

With the perennially front-running Yanks, Schallock spent more time on the bench than a coat of paint. With the rebuilding Orioles, he figures to earn a lot less of his pay on the seat of his pants.

Stephens Impressive at Red Sox School

SARASOTA, Fla. (AP) — Gene Stephens, an outfielder who saw action as Ted Williams' replacement last season, is impressing Manager Mike Higgins at the Boston Red Sox school for young players.

Stephens, just turned 23, banged out three hits yesterday as the "Blues" edged the "Reds," 3-2 in an intra-squad game.

Cuba Gets Assist for Caribbean Title

PANAMA (AP)—Cuba, with an assist from the Washington Senators, held the Caribbean baseball championship today having ended Puerto Rico's reign in the round-robin competition.

Pedro Ramos, the Senators' right hander, clinched the title for Cuba last night by limiting Puerto Rico to six hits in a 4-2 victory. Puerto Rico won the crown the last three years.

It was Camillo Pascual, another Washington righthander, who shot Cuba into the series lead Tuesday night by blanking Venezuela 7-0.

Puerto Rico wound up in a second-place tie with Panama. Each posted a 3-3 record. Venezuela brought up the rear with 1-5.

USLTA Invokes Comics, Blonde, in New Formula

NEW YORK (AP)—The once-staid U S. Lawn Tennis Assn. has come up with a new formula for winning back the Davis Cup—comic books and a tall, willowy blonde.

The blonde is Christine White of Washington, D. C. ("Just call me Chris"), identified in the press releases as a "brainy Broadway actress."

* * *

She was unveiled yesterday as "Miss Tennis of 1956."

She is part of a $50,000 campaign—which also includes a million and a half comic book—designed to stimulate new interest in tennis and result in the early recapture of the Davis Cup from Australia.

"I think this drive is going to be tremendous," Renville McMann, new president of the USLTA, told a special press conference at a swank cocktail party. "I predict in two or three years our Davis Cup superiority will match that of the Wightman Cup."

* * *

Uncle Sam has never lost the Wightman Cup, the women's version of the Davis Cup. Lately the Davis Cup has been spending most of its time in Australia.

Miss White is a pretty-blue-eyed former University of North Carolina coed who currently is understudying Shelley Winters in the Broadway hit "A Hatful of Rain."

She's not apt to be much help to the Davis Cup team. But it's easy to see how the USLTA figures she can get people interested in tennis.

Outcast Rates as Top Threat

Vanderbilt Horse Is Given Best Chance to Outrun Nashua

MIAMI, Fla. (AP)—If any horse is to beat Nashua in the Widener Handicap Saturday it will be Alfred G. Vanderbilt's Social Outcast, in the opinion of clockers and trainers.

Four clockers cast their vote for Vanderbilt's Social Outcast as the one with the best chance of trimming Nashua in his debut as a 4-year-old, while one voted for Brookmeade Stable's Sailor.

Clocker Hal Kiser explained that Trainer W. C. (Bill) Winfrey has been sharpening Find, the other Vanderbilt entry, in speed tests in the hope of extending Nashua early and softening up the million-dollar horse for Social Outcast's challenge in the stretch.

"He's (Social Outcast) the come-up horse if there's any quitting to be done," said Longboy, another clocker.

Legislature Approves MSU Stadium Expansion

LANSING, Mich. (AP)—The Michigan Stae Legislature yesterday approved proposed additions to Macklin Field, Michigan State University's football stadium.

MSU plans to boost the seating capacity from 51,000 to 75,000 by 1958.

Cagey Clem Sez...

This here basketball season is moving down into the ole corral for another year, and as it looks Ole Cagey Clem will have himself a pretty good record in pickin'.

★ ★ ★ ★

Last week this here cowpoke got 20 out of 26 to bring the overall record to 90 right and 32 wrong.

How about that St. Fred-RO St. Mary Game? Picked that one by two points right on the nose. A couple of upsets like ah thought might just happen, did take place, even though ah stuck with the favorite. Southfield lost to Waterford and Fitzgerald got beat by Troy.

This is showdown week and things really look tuff for ole Clem. (P. S. Pickin' Berkley to upset Southfield tomorrow night.)

New Assault on Records Predicted for PHS Pool

After one of the fastest workouts of the season, involving some enlightening time trials, Coach Robert (Des) Boyce of the PHS swimming team came up today with this observation:

"I feel sure that there is going to be another assault on the Pontiac pool records, in Friday night's dual with the strong Saginaw team."

Boyce figures that Tom Cross, senior backstroker and Dennis Simonson, a junior individual medley swimmer, have the best chances of setting new marks in these events.

As this meet is the last home appearance for the team, it will be Cross's final chance at the 1:02.5 set by Hal Shoup in 1947. The medley mark of 1:18.1 was set only last week by Arthur Hill's Jim Schadt.

Pontiac goes to Bay City Feb. 24 for the final meet, preceding Valley and state championships.

Besides Cross there are nine other seniors who make their farewell appearances Friday night. They are George Bergstrom, freestyler; Dick Dorris, freestyle and breaststroke; Bob Howse, freestyle; Bob Keavy, breaststroke; Wayne Ostander, freestyle; Fred Roeser, freestyle; Tony Simson, diving; Terry Tollefson, freestyle and Ted Wiersema, freestyle. They make up practically the entire varsity lineup. They have been members of the squad for three years and have helped make it one of the best in years.

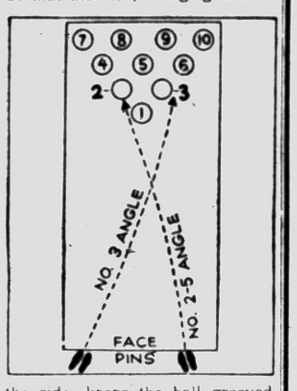
TARGET PINS—Learn to cover the Nos. 2 and 3 pins from the right angle and your spare shooting troubles are over. At least you'll convert a good percentage of spares, regardless what they are.

It's the angle that really counts. In shooting any spare to the left of the head pin the No. 2 is the master or key pin, and the No. 3 is the guide for all right hand spares, the angles changing as sketch shows.

Of prime importance in spare shooting is that you face the pins so that the arm, swinging close to



the side, keeps the ball grooved. The urge is to throw the ball at spares with forced speed by rushing the stride. Don't do it. Take it easy. Concentrate on smoothness, and on reaching out to a full follow-through for accuracy.

Remember this also: In shooting from the right side you will get "alley help," because that side of an alley is used more than the left. The left side being faster, skiddier, from lack of use, allow for less break. Shoot more directly at your target.

Perch Fishermen Galore

Where There's Ice, There's Fishing

By THE ASSOCIATED PRESS

Most places where the weather gets cold enough for lakes to freeze over enough to support a fisherman, ice fishing is on the boom.

The object is the same, whatever the locale: To put the fresh-tasting winter-caught fish in the larder. But the approach varies considerably.

In the Midwest, for instance, ice fishing may be like that on Wisconsin's Lake Mendota, where you can—and some folks do—walk from the Capitol itself to the best fishing spots.

* * *

In Ontario, on the other hand, following the sport may turn out to be something like planning and executing an arctic expedition.

Mendota entertains thousands of fishermen at a time on a good weekend. Estimates have run as high as 5,000 on a single Sunday, and observers have counted cars from a dozen states in such a throng.

Perch, jumbo perch that average 10 inches, are Mendota's big attraction. There is no bag limit and fishermen taking an afternoon away from the house have caught as many as 235 fish in one trip. That record was observed by a conservation department warden, who also said he has interviewed 16 anglers this winter who caught 100 perch or more in one day.

* * *

Warden Wesley Warwick has interviewed 5,248 fishermen since Jan. 1 and says that a breakdown of his statistics show that on the average each caught more than 14 fish, or more thn four an hour.

At Pefferlaw on Lake Simcoe, some 50 miles north of Toronto, ice fishing is something else. It has become a major resort attraction, perhaps comparable to the summer tourist trade. Whitefish and big herring are the standard here, and trout the prize.

* * *

More than a thousand plywood huts with some, if not most, of the comforts of home dot the big lake and a half-dozen outfitters are in business arranging for the needs of visitors.

* * *

With the increase in popularity — and competition — at Simcoe, prices have leveled off to a fee of about two dollars per man per day. For that, the visiting fisherman gets the use of a wooden-floored, oil heated hut, fishing equipment, bait and for the tyro an informative lecture on what it's all about.

Carmelo Costa fought his first 34 professional battles in Brooklyn and Manhattan rings because his manager, Jerry Salica, refuses to travel.

Philippine Net Meet Enters Final Round

MANILA (AP)—The United States' Herbie Flam and Canada's Don Fontana today defeated the Philippines' Cesar Carmona and Federico Deyro to enter the doubles final of the Philippine National Open tennis championship.

Although Fontana developed severe cramps in both legs early in the fourth set, the visitors won 6-1, 6-8, 7-5, 6-4. They meet the Philippines' Felicisimo Ampon and Johnny Jose in the finals Saturday.

Atlantic City Is Beckoning to Area School Officials

School superintendents, board members and delegates from almost every one of the 45 school districts in Oakland County are attending two national education conventions being held during the next week in Atlantic City, N. J.

The annual convention of the National School Boards Association opened today and continue through Saturday. American Association of School Administrators Convention will be held six days, Saturday through Feb. 23, in the same city.

Some educators are planning to be there for the whole eight days. Others hope to take in the final day of the School Boards' sessions Saturday and remain for the administrators' convention.

Among these will be Dr. Dana Whitmer, superintendent, and Dr. Otto Hufziger, administrative assistant, of Pontiac schools, and Mrs. Lola King, vice president of the Pontiac Board of Education.

Included in the displays of school building plans and models, textbooks and equipment—said by Pontiac administrators to be the "best in the world"—will be two from Pontiac.

A scale model and blueprints of the new James Madison Junior High School will be featured, as well as the models and plans of the new multi-purpose rooms currently being built in Pontiac schools. Eight such rooms are planned in schools throughout the city.

O. H. Roberts Jr., of Evansville, Ind., president of the National School Boards Association, will preside at the NSBA convention.

In additional to regional sessions where delegates will have a chance to exchange ideas and experiences, there will be challenging panel discussions featuring leaders in the field of education and school planning.

Highlights will include a panel tomorrow on "New Approaches to the Problems of Education," and another Friday entitled "Challenges from Community, State and White House Conferences."

An address at the fifth general session Friday by Dr. Paul J. Misner, Glencoe, Ill. superintendent of schools and incoming president of the American Association of School Administrators, will be on the topic, "New Frontiers of Educational Leadership.

Grains Remain Fairly Steady

CHICAGO (AP) — Grains held fairly steady in moderately active dealings on the Board of Trade today, bullish and bearish news items just about balancing one another.

* * *

At the outset wheat tilted a little higher and corn a little lower. Other cereals were about unchanged. Wheat held onto its small gains as trading progressed. Corn did not rally.

* * *

Wheat near the end of the first hour was ⅛ to ½ higher, March $2.16⅞; corn unchanged to lower, March $1.29⅝; oats unchanged to ¼ higher, March 62⅛; rye ⅛ to ¾ higher, March $1.22¾; soybeans ⅝ lower to ½ higher, March $2.49½, and lard 5 to 8 cents a hundred pounds higher, March $11.60.

Kavanagh Issues Opinion on Meters

LANSING (AP)—Atty. Gen. Thomas M. Kavanagh held today that the Legislature has the power to require cities to get voter approval before installing parking meters.

* * *

Kavanagh issued the opinion in answer to a question from Rep. Manning Hathaway (D-Detroit), a bitter opponent of parking meters.

Hathway last year proposed amending the constitution to require voter approval of the meters. The proposal was defeated in the House.

A second attempt this year for such a constitutional amendment was also defeated in the House.

* * *

Since then, Hathaway has introduced a bill which would accomplish the same thing as the proposed constitutional amendment.

Kavanagh said the Legislature could impose such a requirement by passing a law and that a constitutional amendment is not necessary.

At the same time, the attorney general held that cities have the right to install parking meters under their police powers.

Most cities which have parking meters have installed themy by action of their city councils without holding referenda on the issue.

Pontiac Promotes 2 to Inspection Posts

Two recent promotions in the Inspection Department have been announced by William H. Vann, chief inspector at Pontiac Motor Division.

BROWN

Orin J. Brown, who has been general foreman of inspection in the Motor Plant since 1947, was promoted to superintendent of inspection over axle, foundry, motor plant and heat treat. His former duties have been assumed by Fred B. Bluth.

Starting to work for Pontiac in the Accounting Department in 1929, Brown joined Inspection in 1934.

STEVENS

Promoted to superintendent of inspection over plating, car assembly and sheet metal was Charles L. Stevens, who has been with the department since coming to work for the company in 1934.

Prior to his promotion he was general foreman of inspection over Plants 2 and 8. Stevens has been succeeded by Mahlon S. Kath.

No Future Date Set for Second Physical on Ike

BOSTON (AP)—Dr. Paul Dudley White, the Boston heart specialist who has been attending President Eisenhower, says no future date has been set for another examination of the President's heart.

Dr. White, back home after Tuesday's physical examination of the President, appeared last night on a closed-circuit television program beamed to audiences of doctors only in 56 American cities.

He told a news conference prior to the telecast that the six doctors attending the President have agreed not to elaborate on their Tuesday report which said Eisenhower "should be able to carry on an active life" as president "for another 5 or 10 years."

But, without mentioning any names, Dr. White said some heart patients "not only can but should work. Many are unhappy if they are not working. Work is good treatment for some cardiac patients."

Ground has been broken for construction of a $43,000,000 dam and hydroelectric power plant at Kemer in western Turkey.

Market Moves Slightly Lower

NEW YORK (AP)—The trend was slightly lower in early trading in the stock market today.

* * *

After a moderately active opening, trading slowed.

Fractional losses prevailed among many leading issues but there were some gainers here and there.

* * *

Aircrafts were the only group to show a fairly solid front of plus signs and these were fractional.

Exceptions to the pattern were American Export Lines up close to a point on a higher dividend and Long-Bell Lumber, gaining over a point on continued strength over merger talks with International Paper.

* * *

Opening blocks included General Motors off ⅛ at 44 on 5,000 shares, U. S. Steel off ⅛ at 53⅜ on 1,000 and Westinghouse off ⅜ at 57 on 2,000.

Boejng, Douglas and United Aircraft went ahead. Chrysler, Republic Steel, Anaconda, American Cyanamid and Santa Fe slipped behind.

* * *

Standard Oil (New Jersey) was off around a point.

Ford Motor stock was quoted at 61⅞ bid 62⅛ asked in moderately active trading over the counter, compared with 62 bid late yesterday.

Clark Studies 2-1 Split

BUCHANAN (AP) — Clark Equipment Co. shareholders will vote April 27 on a proposed two-for-one split of common stock. If approved, the split would take place May 15. Par value per share would be lowered from $20 to $15 and the number of authorized shares increased from 1½ million to 3 million.

The company manufactures materials—handling industrial trucks, construction and earthmoving equipment and farm tractors.

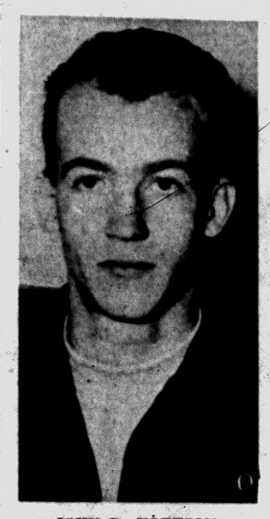
There were 1,532,000 marriages in the United States in 1955.

Earnings

NEW YORK (INS)—Net income of General Motors Acceptance Corp. reached a record $35,276,581 in 1955, compared with $33,833,771 the previous year. President Charles G. Stradella said retail receivables purchased totaled $3,899,571,000, an increase of 42 per cent over the $2,744,244,000 a year ago. Wholesale volume of $6,158,544,000 was up 47 per cent from 1954's figure of $4,179,183,000.

ASHLAND, Ky. (INS)—A 68 per cent increase in net profit of Ashland Oil & Refining Co. in the quarter ending Dec. 31 was reported today. The net totaled $3,520,616, equal to 58 cents per share, compared with $2,094,537 or 31 cents per share in the same period of 1954. Sales increased to $72,202,144 from $60,897,426.

NEW YORK (INS)—The Rubberoid Co. today reported net income in 1955 of $4,511,351, or $3.05 per share, compared with $4,628,746, equal to $3.19 per share the previous year. Sales last year were a record $82,133,654 compared with $76,423,584 in 1954. Board Chairman Hebert Abraham attributed the lower earnings to competitive conditions which prevented price increases to compensate for increased expenses.



JOHN D. FORTSON

City Bar Holdup Case Is Solved

Second Bandit Admits Role as Red-Hooded Stickup Artist

With a second man's confession, the robbery of a city bar Jan. 18 by two armed, red-hooded bandits is solved, Pontiac detective Ray E. Meggitt said today.

After five days or questioning, he said, John D. Fortson, 23, of Auburn Heights, last night confessed taking part in the $890 stickup of Tom's Bar, 928 Mt. Clemens St.

Fortson was charged with armed robbery and is expected to be arraigned today, Oakland County Prosecutor Frederick C. Ziem, said.

Fortson confessed being the partner of his brother-in-law, Gerald K. Davis, 28, of Rochester, who Friday had admitted the robbery.

Both men confessed a similar holdup earlier Jan. 18 of a tavern near Port Huron for $121, Meggitt said.

Red cloth hoods were recovered near both robberies.

Suspicion centered on Fortson after questioning two weeks ago, when he was arrested for parole violation.

Meggitt said Fortson had been sent to Jackson State Prison after conviction in Port Huron of breaking and entering.

During Fortson's weekend in jail, Davis staged a one - man armed robbery of an Orion Township bar. He was caught last week by Oakland County detectives Don Francis and Jack Davis and after confession was charged with the crime.

Fortson also confessed he and Davis broke into two businesses at Updyke and Pontiac Rds. last month, Meggitt said.

He said the pair gained food from a meat market and loose change from vending machines in a restaurant.

Meggitt said during the two armed robberies Fortson admitedly carried a pistol constructed from a .22 caliber rifle, and Davis carried a .20 gauge shotgun belonging to Fortson. Both guns were receovered in Davis' home, Meggitt said.

Business Notes

DETROIT (INS)—American Motors Corp. President George Romney today announced the election of Richard T. Purdy as vice president in charge of automotive export.

Purdy will direct distribution and marketing of all Hudson, Nash, Rambler and Metropolitan automobiles in all overseas markets.

He is also president and director of American Motors of Canada Ltd., an AMC subsidiary in Toronto.

NEW YORK (AP) — Directors of American Telephone & Telegraph Co. have elected Clifton W. Phalen executive vice president, effective March 1. Phalen is president of the Michigan Bell Telephone Co.

Trial Jury Hears Testimony of Wife

sister endorse them and the Clarks had no money for farm expenses, she went on. Clark took a job as a welder four days before the shooting to meet family expenses.

On the day of the shooting, the couple accompanied by their children, Sally, 7, and Sandra, 4, drove their truck to Dye's farm to feed the cattle, she stated.

She described the night's events as follows:

Dye approached Clark and began criticizing his handling of the herd and upkeep of the barn. Clark replied he had never lost a cow and told Dye to talk to his (Clark's) attorney. (A lawsuit was in process over the division of farm equipment and revenue.)

Dye told Clark, "Don't get smart with me," and pulled out a 25-caliber, automatic pistol.

He "monkeyed with the gun" and it fired into the ground. Clark said, "Don't use that gun on me" and began advancing toward Dye.

The attorney "pointed the gun at my husband" and fired "more shots." Clark reached Dye and the two "tussled" falling to the ground. Dye dropped the pistol and Mrs. Clark picked it up. She saw blood coming from her husband's mouth.

The Clarks ran to their truck, got their screaming children in the vehicle, and started out. "I saw Mr. Dye come running out of the barn with some sort of stick. He apparently got into his car and tried to back it in our path."

The Clarks got through the gate, drove to their farm. Mrs. Clark got their passenger car and drove her husband and daughters to the Fenton police station, she testified, where she gave the weapon to an officer, she said. She later gave a statement to Taylor at the Flint State Police Post.

Dr. Clare Baird, of Flint, who cared for Clark's wound, said the bullet entered the farmer's midsection and penetrated about ten inches traveling slightly downward.

Fenton Police Chief Orie Clark said Mrs. Clark gave the pistol to him. She and the children were "very hysterical" he stated.

State Police Det. Walter Barkell, of the Flint post, said he went to the Dye farm immediately after the shooting. "When I asked him to take me to the scene, he said he was 'too tired'," said Barkell.

Dye has never related his version of the night's events, Barkell stated. "He just said Mrs. Clark and the kids were not in the right and Clark was going to kill him."

Dye's bloodstained shirt and undershirt were admitted to evidence. Other exhibits proposed for admission by Taylor are the pistol allegedly used and bullet removed from Clark's body.

Mrs. Clark is expected to be cross examined today by defense attorney, Clarence L. Smith, as the trial continues before Judge Clark J. Adams.

Final Landmark of Huppmobiles to Be Scrapped

DETROIT (AP)—The former home of the once popular Huppmobile will be torn down and, ironically enough, the site will become a parking lot for the cars turned out by Hupp's competitors and successors.

The one-million square foot, four-story plant is an industrial landmark on Detroit's East Side at Milwaukee and Mt. Elliott.

The decision to raze the plant was made by the Midland Steel Products Corp., which acquired the property in 1950. The company is building a new plant in Owosso.

About 300 of the 500 workers now engaged in brake manufacturing operations at the plant will be affected by the move to Owosso.

Demolition of the plant will be one of the largest industrial wrecking jobs in recent years.

More than $600 million worth of Huppmobiles were built in the plant between 1908 and 1935.

During the 1920s, Huppmobile was among the 10 leaders in the automotive field, employing more than 5,000. The company had record sales of $52,500,000 in 1929. Then the depression hit. By 1933 Hupp sales had shrunk to $6,118,000. In 1935 a temporary halt came to Hupp production. The company later had a comeback but ceased production of automobiles in the early '40s.

Head of Ad Agency to Present Awards

James R. Adams, board chairman of MacManus, John & Adams, Inc. (Bloomfield Hills), has been chosen to present the 24th annual Gold Medal Award, regarded as the advertising profession's most distinguished honor.

Adams will give the award Monday in Chicago to Fairfax Cone, chairman of Foote, Cone & Belding Inc., and Leo Burnett, president of Leo Burnett Co. following a dinner in the Sheraton-Blackstone Hotel.

Adams headed a jury of advertising executives which selected the two men on the basis of their contributions to the field in 1955.

Grocers Have Top Year

WASHINGTON (INS)—The editor of Progressive magazine reports that sales in U. S. food stores increased 6.9 per cent in 1955 to a record of $39,415,000,000. Robert W. Mueller said super markets handled 59.7 per cent of the total, about six per cent more than their share the previous year.

It's Official: 1955 Was Best U. S. Year

WASHINGTON (AP) — The Commerce Department has put its official stamp on a statement that comes as no surprise: The United States was more prosperous in 1955 than ever before.

Final figures released by the department showed that total production of goods and services hit 387½ billion dollars last year—26½ billions, or 7½ per cent, more than in 1954.

Production thus topped the previous peak, set in 1953, by 22¾ billions, or 6 per cent.

National income also hit a record high, the report said, with all segments of the economy except agriculture sharing the gains.

Insurance Firm Okays 100 Per Cent Dividend

FORT WAYNE, Ind. (AP)—Stockholders of the Lincoln National Life Insurance Co. have approved a 100 per cent stock dividend for stockholders of record March 1.

The stockholders yesterday also voted three quarterly cash dividends of 35 cents a share each.

Walter O. Menge was reelected president without opposition.

New Diabetes Pill Revealed

Chemical May Replace Insulin for Controlling Disease of Blood

DETROIT (AP)—The Upjohn Co. of Kalamazoo says control of diabetes by taking pills composed of a new chemical instead of daily injections of insulin may be almost within the reach of the medical profession.

This was disclosed last night by the pharmaceutical firm to a group of doctors who met in Detroit to watch a closed circuit TV program.

Dr. E. Gifford Upjohn, president of the firm, reported that in the search for an orally active method (a drug taken in the mouth) for controlling diabetes, "recent developments now suggest a breakthrough may have occurred."

A compound called Orinase, related to sulfa drugs, originally made in Germany, has been experimented with intensively by American scientists, Dr. Upjohn said. He said it has been shown that Orinase lowers the blood sugar of animals which are able to produce insulin in their bodies but not those which cannot produce insulin.

"Preliminary observations show that this compound is also orally effective in reducing hyperglycemia (blood sugar) and glycosuria (sugar in urine) in patients with the adult form of diabetes millitus," Dr. Upjohn said. "Less con-

Registration Open for Reading Courses

Teachers still have time to register for two corrective reading courses offered here through the extension service of Michigan State Normal College.

Second sessions for both courses will be held Saturday at the reading clinic of the Oakland County Board of Education, 1025 N. Telegraph Rd., with Dr. Harry T. Hahn, reading clinic director, instructing. Each course carries two semester hours of graduate or undergraduate credit.

Class time for "Corrective Reading in the High School" is 8:30 to 10:30 a.m. each Saturday.

"Problems of Adjusting the Reading Program to Individual Needs" is given from 10:30 a.m. to 1 p.m. This is a laboratory course for elementary and secondary teachers, with approximately half of the course time devoted to demonstrations and supervised instruction of young people in the clinic.

There are about 325,000 pronghorn antelope in the United States.

Deputy Gets Plastered

RICHMOND, Ky. (AP)—Deputy Sheriff Claude Williams thought he was being attacked by a prisoner, but actually he was just getting "plastered." He received a hard blow on the head while conducting a group of prisoners through the courthouse, enroute to the jail. He was hit by falling plaster but escaped injury.

CHARTER AMENDMENT NOTICE

To the electors of the City of Pontiac, Michigan.

Notice is hereby given that there shall be submitted to the electors of the City of Pontiac, Michigan at a Special City Election to be held in conjunction with the City Primary Election on March 5, 1956 a proposal to amend Section 8, Chapter III of the City Charter. The purpose of said Charter Amendment designated as Charter Amendment No. 1 is to increase the compensation of the Mayor and City Commissioners.

The proposed Section 8, Chapter III shall read as follows:

Each Commissioner, except the Mayor, shall be paid by the City the sum of $25.00 for each and every official meeting of the Commission attended by such member; provided, however, that no member of the Commission shall receive more than $1,300.00 in any one year, except that the Mayor shall be paid $2,000.00 only per annum in twelve equal monthly installments at the rate of one installment for each calendar month. Except for the purpose of inquiry, the Commission and each of its members shall deal with the administrative branch of the City Government solely through the Manager, except in the Departments of Finance and Law, and neither the Commission nor any member thereof shall give any order or direction, either publicly or privately, to any of the subordinates of the Manager.

Notice is hereby given that the following is the present Section 8, Chapter III of the City Charter which is proposed to be amended by the preceding section.

Section 8. Each Commissioner shall be paid for his services the sum of $5.00 for each and every meeting of the Commission attended by such member; provided, however, that no member of the Commission shall be entitled to receive more than $300.00 in any one year, and pro rata for any portion of year. Except for the purpose of inquiry, the Commission and each of its members shall deal with the administrative branch of the City Government solely through the Manager, except in the Departments of Finance and Law, and neither the Commission nor any member thereof shall give any order or direction, either publicly or privately, to any of the subordinates of the Manager.

By order of the Commission,

IN USED CARS

This Is the Question We Hear:

"Why is there a variation in price between identical cars that are offered by different dealers?"

There are two reasons for this. First, it is because no two used cars are identical. They may look a lot alike, but chances are the price is based on the condition of the car. The second reason is that some dealers operate on a larger volume of business than others. The larger volume dealer sells more cars at a lower mark-up. Hence, the smaller volume dealer has a higher mark-up because of the smaller amount of used cars sold.

Farley Granger Joins Cast of 'Caesar and Cleopatra'

All-Star Show Slated March 5

LaRosa, Rory Meyer Will Marry April 7 in Wisconsin

By JACK O'BRIAN

NEW YORK (INS)—Farley Granger was added to the really all-star cast for NBC's March 5 "Caesar and Cleopatra," studded previously with Sir Cedric Hardwicke, Claire Bloom, Jack Hawkins, Cyril Ritchard and Judith Anderson. . .

"Richard III," to be seen March 11 on NBC-TV, has won three British Academy awards already. The film opens on Broadway the day after its NBC-TV run.

Julius La Rosa weds Rory Meyer April 7 in Manitowac, Wis., in Rory's family church. . .

Looks like Julius will be the Perry Como summer replacement. Sponsored, of course. . .

Henry Fonda and Vera - Ellen are Perry's support against Gleason's new 8 p. m. effort, starting this Saturday.

Gleason knows simply switching his "Honeymooners" from 8:30 to 8 won't do it, so he'll guest star Saturday on "Beat the Clock," to try and hold onto that 7:30 to 8 p. m. audience.

LOUELLA'S STORY

"The Louella Parsons Story," March 8 on "Climax," will have a fancy parade of Hollywood's biggest stars. John Wayne and Susan Hayward have been set already. . .

CBS is still looking for someone to star in the title role of Louella Parsons. They've considered everyone but Debbie . . . Harriet Parsons will help produce.

Barbara Britton progressed from $64,000 commercials to a panel chair on "Masquerade Party."

Judy Garland gets $100,000 for her April 8 General Electric Hour . . . Judy pays all talent costs out of her salary.

NBC's "Today" will field five contessas and two marchesas during Italian fashion show Feb. 22.

ROLE FOR EILEEN

Max Liebman finally gets around to using songstress Eileen Barton on a Spectacular Feb. 26 . . . Eileen was hired for five specs and was paid off without performing.

Tony Randall, "Harvey Weskit" of the old "Mr. Peepers" series, who won fine reviews for his role in Broadway's "Inherit the Wind," will be the male foil for Imogene Coca.

The $64,000 Q. management still is puzzled over a title for the panel show featuring big-money graduates of the parent show, but we can't see why "The $64,000 Panel" won't do, especially since the same sponsor will hoist the tab. . .

Keenan Wynn and Julie Adams were signed for Feb. 20's Studio One, a murder tale. . . . Wynn likes TV because he's not typed as a comic therein as he is in films. . .

Perky Lynda Lynch, who understudies the star of "The Pajama Game," and also protegee of Carol Haney, makes her bigtime TV debut March 11 supported by two dancing Pajama-lads, Frank Derbas and Jimmy Hutchinson.

Spotted against Perry Como Saturday nights makes it a murderously private TV party, but Marty Glickman on Dumont's "Sports-Arama" narrates a fine filmed sports documentary, nicely topical. And Glickman is a TV oddity—a real sports expert (all-America, Olympics, etc.).

Checker Club Meeting Canceled This Week

Next Monday's meeting of the Pontiac Chess and Checkers Club has been cancelled, but regular meetings will continue after next week, Robert E. Dunham, club publicity chairman, announced today.

The group meets at 7 p.m. each Monday in the new Adah Shelly public library, Glenwood near Perry street. Newcomers are invited to turn out at any of the Monday sessions to pit their skill at chess or checkers with other club members, Dunham said.

No dues or admission charges are made by the club, which is sponsored by the Pontiac Department of Parks and Recreation.

Orange Orange Problem Really Rolling in Congress

WASHINGTON (AP)—Add to Congress' problems: How to get oranges orange.

The trouble is that oranges aren't always orange.

Even when they're ripe, often they're green or a mottled yellow-green down in Florida and Texas. And—a Floridian whispered around—the problem is cropping up in California.

So you dye oranges orange. Growers and shippers have been doing it almost 20 years.

The problem came to Congress because the pure food and drug administration said there was no evidence the orange dye was harmful to man, but they couldn't certify it as absolutely harmless in the use of food generally.

Rep. Haley (D-Fla) introduced a bill to let the dye be used until another coloring can be found, since the present one, made of coal tar, hasn't been foud to be harmful anyway

FLORIDIANS IN TIZZY

That was what brought Floridians to the House interstate subcommittee hearing.

"People just won't buy green oranges," said J. Hardin Peterson of Lakeland. "We've tried it. Even when they're told it's the same fruit taken from the same tree at the same time as the colored fruit, They'll take an orange orange every time."

He said the coloring does not get inside the orange.

"And you don't see anyone wanting to eat the peeling, do you?" asked Rep. Dies (D-Tex), a subcommittee member.

"Very seldom, very seldom," Peterson agreed.

When George P. Larrick, commissioner of the Food and Drug Administration came to the stand, he said people did so eat orange peeling—in three ways.

"One is in candy, another in marmalade, and the third is in a drink which you probably know nothing about—it's called an old-fashioned," Larrick told Dies.

But Larrick said it is all right—the Pure Food and Drug Administration is willing to let the orange coloring be used for three more years while more research is made.

If Congress agrees it's all right—oranges will stay orange.

Young Married Couple Arrested in Burglaries

BAY CITY (AP) — A young married couple is being held for investigation in a series of cottage break-ins in Gladwin County. State Police said their arrest may solve at least 18 area burglaries.

Held are Paul L. Rowe, 24 and his wife Donna Jean, 21 of Sanford. Police said they found a quantity of stolen household goods at the couple's home.

The two were traced through their license plate after a West Branch resident reported a suspicious car following a break-in there last night. The Rowes eluded a police roadblock but were picked up at their home shortly afterward.

The United States has a million fewer farmers than 50 years ago.

Civil Defense Bolstered During '55, Says Collins

During 1955, several steps were taken to strengthen the city's civil defense preparedness in case of emergency resulting from an enemy attack or natural disaster, Assistant Civil Defense Director William L. Collins, announced.

Sixty-two auxiliary policemen received police training for emergency service as well as 10 to 12 auxiliary firemen that met weekly for training purposes.

Also during the year 30 municipal employes from the Parks and Recreation Dept. and Cemetery Dept. completed a comprehensive training program in rescue operations.

Collins also said approval was received from the Federal Civil Defense Administration on the city's request that the government assume half the cost of an extensive increase in the city's radio communications system for the improving communictions facilities in a disaster situation.

He added that Pontiac is participating in a survival plan study being conducted jointly in the Detroit metropolitan area by federal, state, county, and municipal civil defense authorities.

Court Date Set in Theft Charges

2 Waive Examination, Freed on $500 Bond by Municipal Judge

Two members of an alleged stolen tire ring waived examination on felony charges in Pontiac Municipal Court yesterday and were bound over to Oakland County Circuit Court for arraignment Monday.

Richard L. Groves, 23, of Birmingham was charged with receiving stolen property. Harold G. Sizemore, 19, of 123 Henry Clay Ave. who works for a local new car dealer was charged with grand larceny.

Both were freed under $500 bonds by Municipal Judge Maurice E. Finnegan.

A companion Joseph W. Clemens, 22, of Clawson pleaded guilty to a misdemeanor charge of receiving stolen property and was fined $25 plus $25 court costs.

Police claimed Sizemore stole more than 50 tires from work and sold them to Groves who runs a Birmingham gas station with his brother Thomas Groves Jr., 28, of Bloomfield Township.

The older brother was released yesterday by police who said he disclaimed knowledge of the crime.

Bladder Cancer Rises

COPENHAGEN — Dr. J. Clemmesen, chief of the Danish Cancer Registry, reports that cancer of the bladder, heretofore rather rare, has trebeled in the past 10 years among men in the Copenhagen area. No corresponding increase was noted in rural communities or among women.

Bag Big Coyote

BISMARK, N. D. (AP) — A coyote tipping the scales at 61½ pounds was bagged in western North Dakota. The average coyote weighs about 35 pounds.

Uncle Sam Needs Wood

WASHINGTON — The Army Corps of Engineers is the largest single buyer of lumber in the United States. In peacetime the engineers generally buy between 400,000,000 and 500,000,00 board feet a year to meet the lumber needs of all the nation's military services. The second biggest single buyer is a firm that makes prefabricated housing; this company purchased about 87,50,000 board feet during 1955.

A minimum of seven days is required for producing bricks from ray clay.

Mary Lou Island?

HELENA, Mont. (AP) — Montana's male land commissioner, Lou Bretzke, has been honored by having a river island named after him despite Montana custom which provides that all such lands in Montana rivers be given a feminine name. The island was called "Lou Island."

Sliding Truck OK'd

BECKLEY, W. Va. (AP)—A parked truck slid 20 feet on icy pavement to slam into a parked car. Police said no traffic violation was involved.

A Big Pull Saves

LOVINGTON, N. M. (AP)—Tommy Ford spotted a carport and utility room afire at the Buddy Fort farm 12 miles north of here. He rammed his bulldozer cross-country to the fire, tied on to the blazing structure, jerked it away and saved the home.

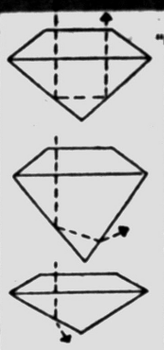
OVERSTOCKED WHOLESALER MAKES THIS TREMENDOUSLY LOW PRICE POSSIBLE!



"ETERNAL BEAUTY" diamonds are cut so that when light enters, it is reflected from facet to facet and comes back through the top in a rainbow blaze.

In a stone that is too deep, much of the light is reflected to opposite facets at the wrong angle to return through the top and ⅓ is lost through the sides.

In a shallow stone, much of the light is lost as it fails to be reflected at all and "leaks" out the bottom.

"ETERNAL BEAUTY" DIAMONDS HAVE THE CORRECT CUT!

★ 8 Genuine Precision Cut Diamonds
3 Beautiful Diamonds in Engagement Ring
5 Sparkling Diamonds in Wedding Ring

★ 14 K. Yellow or White Gold Mountings
Designed and styled by one of America's leading Ring Manufacturers

- For Your Sweetheart or Wife
- For Your Wedding Anniversary
- For Your Wife's Birthday
- For "Just an Expression of Love"
