## Drowning Toll of 10 Added to 7 Traffic Deaths

### Fire, Tractor's Boom Claim Mother of Six, Five-Year-Old Boy

From Our News Wires

Nineteen persons died over the weekend as a rash of accidents heralded the coming of summer to Michigan.

Traffic accidents resulted in seven deaths, 10 drowned, a mother of six children died in a house fire and a Detroit boy was crushed beneath a tractor boom.

Summer bowed in Saturday afternoon.

★ ★ ★

Two of the drowning victims died yesterday, a young Indiana girl drowned Saturday and seven persons lost their lives in two boating accidents Friday night.

**James D. Kendrick, 21, Flint, fell from his boat while fishing yesterday in Bigham Lake, Lapeer County.**

James Samalis, 38, Detroit, drowned while piloting a speedboat in Island Lake near Brighton.

**GIRL, 3, DIES**

Renee Lynn Ranelis, 3, South Bend, Ind., drowned in Diamond Lake, Cass County, where she was vacationing with her family.

**Ensign Vincent Broody, 24, Sewell, N. J., and Paul De Koning, 38, East Lansing, drowned while canoeing in Lake Huron Friday night.**

Sheriff's deputies in Macomb County were forced to suspend the search for the fifth victim of a boating accident in Lake St. Clair late Friday.

★ ★ ★

Still missing was Air Force Sgt. Milton Kroll, 36, assigned to Westover Base, Mass.

**The bodies of Joseph Pietrowski, 41, and his two sons, Thomas, 15, and Ralph, 12, and Kroll's son, Michael, 10, were found Saturday morning.**

The two fathers and their three sons drowned Friday night or early Saturday in what may have been an explosion of the fuel tank on their 21-foot cruiser.

**COOL WEATHER HELPS**

State Police credited cool weather with holding the weekend traffic fatality count to seven.

**This weekend's traffic toll was a vast improvement over the same period a year ago. State Police records showed 21 persons**

**HELPING HANDS** — Neighbors of Alvin Horen, 4079 Rich St., near Maceday Lake were busy yesterday painting his house, screens, and even the mailbox and lawn chairs. More than 35 of them worked together throughout the day to help Horen who is partially blind, during their community clean up campaign.

## Runaway Train Mows Down 90

### Count 10 Dead, 80 Hurt as Engines, Cars Hurtle Into Mexico Station

ORIZABA, Mexico (UP)—At least 10 (and perhaps 30) persons were killed and 80 injured when a runaway electric train crashed into a crowded railway station yesterday at Maltrata Point, near Orizaba.

Searchers combed through the wreckage, and some 25 persons were reported unaccounted for.

**The electric train, on a regular run from Orizaba to the Gulf Coast port of Veracruz, apparently was stopped by a power shortage.**

Officials of the government railway said when power returned, the train started up automatically and raced three miles out of control.

★ ★ ★

Preliminary investigation indicated the brakes failed. Witnesses reported the crew tried desperately to dump sand on the tracks in an effort to halt the speeding train.

**Passengers leaped from the cars as they hurtled toward the station.**

The seven-car train and its two electric engines caromed crazily for three miles down a 30 per cent grade from the mountain peak Botas station to Maltrata where it swept waiting villagers off the platform, tore through the rear wall of the station and crumbled to a stop against a freight warehouse.

★ ★ ★

The leading engine was crushed against the warehouse. The second engine, a mail car, a luggage car and three passenger cars overturned in the station. A Pullman sleeper and empty dining car remaine dupright on the tracks.

## Run Over by Car, Tot Is Unhurt in Cushion of Sand

Soft sand saved the life of a two-year-old White Lake Township boy Sunday when his father accidentally backed the family car over him.

Robert Clifton, of 851 Ernest St., told Oakland County Sheriff's Deputies that he was backing out of his unpaved drive at noon, when he felt a rear tire go over something.

**When he investigated, he found his son Larry, lying on the ground with tire marks clearly visible on his stomach.**

The boy was rushed to Pontiac General Hospital, where he was pronounced uninjured except for a small cut on his upper lip. "All he needs is a diaper change," a nurse told the distressed father.

Deputies said the soft sand of the drive apparently cushioned the youngster.

## Press Theatergoers Off to See Shows

BY PETE LOCHBILER

ABOARD THE PONTIAC PRESS THEATER SPECIAL — The 1958 Pontiac Press theater party was winging its way eastward today, to begin five days of theater pleasure and Manhattan fun.

Most of the folks were aboard this Capital Airlines Flight 64, a plush Viscount airliner which left Willow Run Airport at 12:30 p. m. In each of its 44 seats sat a Pontiac area person, eagerly looking forward to five top-notch theatrical performances plus many extras that will make this third annual trip memorable

★ ★ ★

About 15 minutes behind us was another Capital airliner, this one holding more theater-goers.

Four others in our group had decided to make the New York trip by train.

**Both flights were scheduled to land at the big La Guardia Airport between 3:30 and 4 p. m., to be whisked by special buses to the new Hotel Manhattan, where reservations for everyone have been made by The Press.**

The hotel's location on Eighth avenue between 44th and 45th Sts., is only one block west of fabulous Times Square and two blocks north of the 42nd street theater district.

★ ★ ★

The theater district is where the Pontiac folks will be four nights this week. They've got tickets to see "Music Man" tonight, "West Side Story" Tuesday, "Two for the Seesaw" Wednesday afternoon, "Oh, Captain" Wednesday evening, and "Who Was That Lady?" Thursday.

**Before tonight's show there's a get-together cocktail party and buffet scheduled in the beautiful ballroom of the Manhattan. And between then and the time the trip heads back to Pontiac Saturday, there's lots of other treats in store.**

Special arrangements have been made for an after-theater supper party at Leone's Restaurant, a visit to the Radio City Music Hall, a fashion show at B. Altman & Co.'s Fifth avenue department store, a tour of the New York Stock Exchange, and last but not least, an excursion to the Statue of Liberty.

In addition to the planned events, theater-goers were deciding on hundreds of other things they would do during their free time in colorful New York.

## Chance of Showers Tonight, Tomorrow

Following a cool, pleasant weekend that brought sunny skies to the Pontiac area Sunday and most of today, the weather bureau predicts considerable cloudiness with a chance of scattered showers tonight and tomorrow.

**There will be little change in temperature, with a low tonight near 55 and an expected high tomorrow of 70 to 74 degrees. Downtown temperatures yesterday ranged from a low of 51 to a high of 78.**

Winds were calm at 8 a.m. today and the forecast is for light variable winds of 6 to 12 m.p.h. this evening.

See feature page 15 for stories on Pontiac area golf and the Women's Open.**

### Hungarians Trample New York Police

## Storm Russian Embassies

NEW YORK (UP)—Hungarian refugees demonstrating outside headquarters of the Soviet delegation to the United Nations yesterday tried to crash through police lines.

They trampled several policemen.

**SMASH 3 WINDOWS**

The demonstrators smashed three windows of the Park Avenue building.

**Seven policemen and a number of pickets were injured, none seriously.**

The demonstration was to protest the execution of former Hungarian Premier Imre Nagy and three of his associates, announced in Moscow last week.

★ ★ ★

Nagy and the others were leaders of the Hungarian revolt of 1956.

The violent outbreak came, police said, at what appeared to be a prearranged signal.

**It turned into a melee between 350 pickets and nearly 100 policemen. Nine pickets were arrested.**

The demonstrators had been peacefully marching and handing out leaflets of the Federation of Former Hungarian Political Prisoners before the violence erupted.

Several firecrackers were exploded as about 50 pickets tried to force their way past police to the building.

**SECOND OUTBREAK**

This was the second outbreak of violence at the Manhattan building over the weekend. Anti-Soviet pickets broke two windows Saturday and three arrests followed.

**In Ottawa, Canada, about 320 Hungarian refugees splattered the Soviet Embassy with red ink as they paraded in protest of the executions of Nagy and his associates.**

In Buenos Aires, police last night drove off about 300 Hungarian refugees protesting the executions as they tried to set the Soviet consulate afire.

★ ★ ★

And in Moscow, a crowd of several hundred Russians stoned the West German Embassy in a noisy demonstration today, according to reports reaching London.

Two American newsmen at the scene were pushed around and one suffered minor bruises.

## 'Economy Heads for New High'

NEW YORK (UPI) — The recession has touched bottom and the economy will soar to a new all-time high by the end of 1959, Fortune Mazagine economists predicted today.

★ ★ ★

The magazine, in an 18-month outlook, said the gross national product would jump by 50 billion dollars to a record 470 billion dollars by the end of next year.

**The magazine predicted that, within a year's time, the economy would be expanding at a rate of 6 per cent annually as compared with 4 per cent prior to the current recession.**

"Its no longer a question of whether the bottom will last 3 months, or 6 months, or twelve, but how fast the recovery will spread," Fortune said.

The forecast said that in the last two months, "not only did defense outlays expand and public works advance, but housing starts also rose 14 per cent.

"Sales of new and used cars increased nearly 10 per cent and machinery orders were up by the same amount in April. About twice as many industries increased production in May as cut it."

**Employment also increased in May for the first time since the recession began . . .and unemployment declined," the magazine said. "These gains will prove mutually supporting, and together they add up to an all-around recovery."**

(Since the Fortune prediction was made, the Labor Department has reported that the number of persons drawing jobless benefits fell for the eighth straight week in the week ended June 7. But the decline was less than in previous weeks.

## Hospital Trustees Act to End Bulging Deficit

### Board Orders Pay Cuts for All Workers; 100 Jobs Will Be Eliminated

By GEORGE T. TRUMBULL JR.

Pontiac General Hospital trustees yesterday took a giant step to erase a mounting deficit when they voted to cut the pay of all hospital employes and eliminate 100 other positions at the main hospital and annex.

The eight trustees gathered Sunday during a three-hour closed session and handed down the following four-point plan to attack a $57,000 six-month deficit.

(1) A 20 per cent reduction in all management salaries over $8,000 annually;

**(1) A 20 per cent reduction in all management salaries over $8,000 annually;**

**(2) A 10 per cent reduction in all salaries above $6,500;**

**(3) A five per cent reduction in all other salaries, and;**

**(4) Removal of 75 fulltime and 25 part time positions at the main hospital and annex, the old Oakland County Contagious Hospital on Telegraph road.**

Reduction of all salaries will become effective July 1. It was emphasized by a spokesman for the Board of Trustees that the pay cuts would be a "temporary relief" lasting only until the end of the year, while the elimination of the 100 positions would be permanent.

## Resigns

WARREN W. SIMONDS

## Hospital Official Asked to Resign

### Lists Several Reasons for Assistant Director Simonds' Removal

A fourth person in top management at Pontiac General Hospital — Warren W. Simonds, assistant director — today resigned his post.

Harold B. Euler, who is acting as administrator between the hospital's Board of Trustees and management, said Simonds was "asked to resign for an accumulation of reasons."

**"There was a disagreement between the board and Simonds as relates to construction, management and personality problems ever since the start," said Euler.**

The 31-year-old Simonds who took over the assistant's post in October of 1956, said he resigned to "accept another position." Asked what this was, he said "there are prospects."

His resignation is effective immediately.

He said there were no hard feelings between himself and the board. "I'm sure the board is doing what they believe is in the best interest of the hospital and its patients," he said.

Simonds joins Carl I. Flath, past director, Miss Shirley Dovre, administrative assistant, and James Corbett, office manager, in departures from the city hospital during the past month.

**Flath was fired, Miss Dovre resigned, and Corbett left when**

## Sullenberger Case to Be Aired Tonight

The first in a series of hearings to decide whether Dr. Neil H. Sullenberger will be reinstated to practice at Pontiac General Hospital will be held tonight at the city hospital.

The 11-member Board of Trustees of the hospital and its attorneys will meet at 7:30 to air the first of 12 charges brought against the 42-year-old chest surgeon by the hospital's medical staff.

None of the charges involve professional incompetence. The staff, which urged his suspension last fall, has charged the doctor with actions "detrimental to the efficient operation of the hospital."

The trustees plan to continue the hearing on every other week night in three-hour-long meetings until its conclusion.

## Goldfine to Talk July 1

**BOSTON (AP)—The official invitation from the House subcommittee inviting industrialist Bernard Goldfine to testify in Washington July 1 arrived today at the office of his counsel, Atty. Samuel P. Sears. "I'll be there in Washington a week from Tuesday," Goldfine said.**

# Pickets Hinder Missile Work

## UAW Blocks Gates at Chrysler Plant, Barring Workers From Jobs

DETROIT (AP) — A sudden United Auto Workers strike today crippled production of Redstone and Jupiter missiles at a suburban Chrysler Corp. Plant.

The UAW claims only 450 members among the 9,500 employes at the Sterling Township missile facility. But many nonunion workers did not cross picket lines.

**An estimated 200 pickets ringed the gates in what a picket captain called a traffic demonstration.**

★ ★ ★

A company spokesman said partial operations were continuing. Production at the factory is not as integrated as it is in an auto plant, he explained.

There was no company estimate of how many of the 7,600 employes reported for the day shift. Plant parking lots were about a fourth filled.

A big, but brief, traffic jam accurred when surprised workers arrived to find the gates picketed.

★ ★ ★

Milan Matich, UAW Local 1245 president, charged Chrysler had been discriminating against UAW members to keep down membership. He said the company has been doing this by giving all overtime work to nonunion employes.

**The shutdown followed incidents of sabotage which affected General Motors' plants at Kansas City and Chrysler's Dodge truck plant here. The union disclaimed responsibility.**

The missile plant dispute arose as Chrysler, General Motors and Ford entered their fourth week of operating without UAW pacts.

★ ★ ★

All three companies resumed bargaining on new contracts today. Agreement on only a smattering of minor issues has been the only progress reported to date.

Walter P. Reuther, UAW president, has said repeatedly he has no intention of calling a strike. The reason is the tremendous backlog of unsold cars. Car makers could go a month or more without making a single car and still feel no pinch.

★ ★ ★

But Reuther is keeping a sharp eye on the backlog as it dwindles. When the contracts expired last month the industry had about 850,000 unsold cars. Now, with production curtailed, it has less than 700,000.

## Mackay Is Winner in Wimbledon Test

WIMBLEDON, England (AP)—Barry Mackay, former University of Michigan tennis star, easily defeated Enrique Martinez of Spain 4-6, 6-2, 6-2, 6-1 in the 72nd Wimbledon tennis championships today.

The tall Davis Cup star from Dayton, Ohio, is seeded eighth in the tourney and is the only ranked American male in the meet.

Mike Green of Miami Beach, Fla., beat A. Lazzarino of Italy, Neale Fraser of Australia won over V. Petrovic, a Yugoslav.

**WATERFORD WINNER** — Rosalie Pollina, 16, of 6991 Longworth St., Waterford Township, was selected as the new queen of the Community Activities Center last night. In second place was Barbara Miller, 16, of 3251 Warringham Ave., and third place was Sharleen Peters, 16, of 3345 Homestead Dr., both of Waterford Township.

# Over 15,000 People Flock to Fair in Waterford

More than 15,000 people visited the Waterford Township Communities Activities, Inc., Fair Friday, Saturday and Sunday, concluding one of the most successful projects in the organization's history, according to general chairman Donald Hickman.

Proceeds from the annual fair will be used for operation and maintenance of the CAI on Williams Lake road. Membership includes more than 8,000 residents.

**One of the biggest attractions of the fair was the beauty contest, the winner being selected by votes in the form of money placed in canisters throughout the community.**

Collections from this project totaled $1,439 with Rosalie Polina, 16, of 6991 Longworth St. the winner, and Barbara Miller, 16, of 3251 Warringham St. the runnerup. Sixteen-year-old Sharleen Peters of 3345 Homestead Dr. placed third in the field of 12 contestants.

★ ★ ★

Each of the money-making projects of the fair more than doubled last year's total and gross collection was over $6,000.

The Waterford Township Fire Department collected $553 from its projects compared to last year's $150 total, and 17,000 tickets were sold for the 16 rides outside the building.

# Ask Hospital Official to Resign Position

(Continued From Page One)

**his office was combined with another.**

Euler said Simonds' departure was not a part of the salaries cut and personnel reduction announced today by the board. "That's because we just might have to fill the post in the future," he said.

After Flath's predecessor, Miss Lauretta Paul, was fired in May of 1957, Simonds moved up from his post as assistant to temporarily hold the reins of the hospital while the board looked for a replacement.

★ ★ ★

Euler said today the board "refused to name" Simonds fulltime director either following Miss Paul's or Flath's firings. He referred to the "disagreements" between Simonds and the board as the reason.

Ten days prior to today's resignation, Simonds had been assigned by the board to take leave from his operations side of managing the hospital, and concentrate entirely on construction of the new wing and its equipping, Euler said.

Simonds took the $9,500-a-year post after serving as former associate director of the Barnes Hospital in St. Louis. He lives at 1209 Alhi St., Waterford Township.

# Waterford Will Air Sewage Agreement

An agreement between Waterford Township and the City of Pontiac concerning a sanitary sewer hookup will be the main item to be discussed when the township board meets tonight.

★ ★ ★

The city now bills Waterford Township for 750 connection units, and the township collects from the users living south of Elizabeth Lake Road, according to Clerk James Seeterlin.

In other business, Fire Chief Edward Smith is expected to present detailed specifications concerning a new fire department truck for station number 2. The present truck is 18 years old, and will still be used with the proposed addition of a new vehicle.

★ ★ ★

Developers of the Pleasant Lake Woods subdivision located on Elizabeth Lake Road near Williams Lake Road are expected to present a plat for board approval.

## Tornado Noses Kansas City

# Rains Deluge Texas

DALLAS, Tex. (AP) — Downpours ranging up to nearly 7 inches brought new flood threats to southern Texas today as a mass of cold air set off thundershowers over most of the state.

Nine persons were rescued by firemen and police from flooded streets of San Antonio, after a violent storm dumped 4.5 inches of rain on the city.

**Driving rains and winds up to 80 miles an hour carved a path 10 miles long and several miles wide through croplands near Runge, 60 miles southeast of San Antonio. Trees were uprooted by the storm, which dumped 3.5 inches of rain in the area.**

The heaviest rainfall—6.25 inches—was at Orange, but caused no appreciable damage.

Near Leakey, 5.5 inches of rain fell sending the west prong of the Frio river on a 7-foot rise.

★ ★ ★

Flood warnings were issued by the U. S. Weather Bureau for the rough hill country west and north of San Antonio—an area in which hundreds of persons were marooned last week after torrential rains.

**A tornado cloud twirled its deadly snout above metropolitan Kansas City yesterday in full view of thousands.**

Passing from west to east and slightly south, the funnel swooped near the ground in Kansas City. It lifted and passed above the Union Station, the baseball park and on above the Harry S. Truman Library in Independence. Then it disappeared.

★ ★ ★

Two tornado funnels were spotted in the Houston Texas area yesterday but apparently did not touch the ground. Another, which did no reported damage, was sighted west of Beaumont.

While the mercury rose to 107 at Presidio yesterday, temperatures over most of Texas were generally in the 80s, far below usual late June readings. At Amarillo the thermometer did not rise above 78 degrees.

# Clerk-Register Merger Stands

## Last Minute Attempt by Independence Man Fails to Undo Plan

A last minute attempt to undo the merger of the offices of county clerk and register of deeds was made today before the Oakland County Board of Supervisors.

Duane Hursfall, representing Independence Township, moved that the resolution adopted at the last meeting to merge the offices be reconsidered. He was supported by J. Wesley Duncan of Rose Township.

★ ★ ★

**Hursfall argued that the consolidation means deputy clerks will run the offices under appointments, removing the control of the people.**

The chair ruled the motion out of order when Harry Merritt, corportation counsel, said it was too late to file new nominating petitions, if the offices were divided again. He said the motion must wait two years for the next election.

★ ★ ★

In other action, the board approved resolutions presented by Hiland M. Thatcher, head of the Board of Public Works. These granted the County DPW authority to take over township-owned water or sewage systems and run them. They also fixed rates for such services.

**The board also authorized the DPW to take over the Bloomfield Village sewer system, in Bloomfield Township.**

★ ★ ★

Further action by the board approved the building of Girls Ranch at Camp Oakland for 16 girls who are wards of the Juvenile Court. The building will be financed through private subscription, with the county paying for staff and operations.

★ ★ ★

Eulogies were paid to the late Lynn Allen, county clerk, and to George J. Scott, member of the County Tuberculosis Sanatorium Board who marked his 90th birthday June 18.

John Carmichael Jr., 5, Detroit, was crushed to death Saturday when a tractor boom was lowered on him accidentally. The boy was sitting beside the tractor eating an ice cream cone when another youngster accidentally pulled a lever which dropped the boom.

Mrs. Gladys King, 34, Brownsville, burned to death in her frame home early Sunday. Her husband and six children escaped.

# *Elect 1st Negro Youth Governor of Boy's State*

EAST LANSING (AP) — A young Negro from Detroit has been elected governor of the Wolverine Boy's State, the first of his race to win the honor.

A whistling, cheering ovation by more than 1,000 delegates greeted the announcement yesterday that Wynell Whitmore, 17, of Detroit, had been elected.

★ ★ ★

The boys state is an American Legion affair designed to give high school youths some first-hand experience in democratic government. A majority of the boys attending are white.

Whitmore, who plays half a dozen musical instruments, will enter Wayne State University in Detroit this fall on a music scholarship. He is aiming toward a career in law.

## These Spikes Are Sharp

CARSHALTON, England (UPI) — City councilors complained today that women's high-heeled shoes are piercing road surfaces, making it easier for the sun to melt the tar layer underneath.

# Negro Leaders Meet Ike

WASHINGTON (UPI)—Four Negro leaders urged President Eisenhower today to pledge in a special pronouncement that he will "vigorously" uphold school integration "with the total resources at his command."

The Negroes also urged the President at a White House meeting to direct the Justice Department to intervene in an appeal from a federal judge's suspension of school integration in Little Rock, Ark.

**Eisenhower made no commitments or promises on these matters or others included in a nine-point program of proposed presidential action which the Negroes submitted in a 45-minute conference.**

Attorney General William P. Rogers said consideration was being given to federal intervention in an appeal from U. S. District Judge Harry J. Lemley's decision last Saturday to call off integration of Negro and white students at Little Rock schools for 2½ years.

**WELL RECEIVED**

The four Negroes told newsmen after the meeting that the President received their suggestions "very sympathitically" but did not go beyond that.

★ ★ ★

Roy Wilkins, executive secretary of the National Association for the Advancement of Colored People, said that neither the President nor Rogers commented on the Little Rock decision.

Although they got no commitment, Philip L. Randolph, AFL-CIO vice president of the Pullman Porters Union, said he felt their cause "had been advanced."

**Meanwhile, at Little Rock Federal District Judge Harry J. Lemley rejected a request today by the NAACP to stay his order suspending integration until 1961 at Central High School.**

"The action of the plaintiffs to stay enforcement of the judgment in this action rendered by us on June 20, 1958, pending appeal therefrom, having been given due consideration by the court, is hereby denied."

Shortly before the judge came in with his decision, Wiley Branton (Negro attorney) said he would take the motion for supersedeas to the Circuit Court at St. Louis immediately if the judge denied his motion.

# Hospital Making Drastic Finance Cuts

(Continued From Page One)

in more revenue to the city hospital treasurer.

One of these moves has already been approved by the board, he said. This involves closing down the 87-bed annex by Sept. 1.

A big share of the 100 positions to be done away with will come when the annex is closed, Euler an' Willis M. Brewer, board chairman, said.

**HEADS WILL DECIDE**

Both agreed it was too early to list which positions would be eliminated at the main hospital. Euler explained this would be left up to the 20 department heads.

Conferences have been called between Wednesday and the end of the month with these persons "to review personnel complement and work load with the idea in mind of reducing personnel wherever possible."

**However, Brewer pointed out that the board will continue their search for a new director to fill Flath's old $18,500-a-year post.**

The deficit is plaguing the hospital administration because the present operating budget was based on having a per cent of occupancy at the main hospital of 90 per cent, and 70 per cent at the annex.

"To date we have 84 per cent at the main and more than 50 per cent at the annex," Euler stated.

"We, the board, still might have to consider the proposed increase in room rates," he added.

Eliminating the 25 beds at the annex, which was approved by the board last Thursday night, will result in a savings of roughly $3,500 to $5,000 a month, Euler told the board then.

As of early today, the pay cuts and personnel reductions taken by the board had not been taken up with officials of Local 100 of the American Association of Federal, State, County and Municipal Employes, AFL-CIO, of which a majority of the employes are members.

# Typographers Convene Here

## 200 Attend 3-Day Meet; Keinder to Talk Today, Banquet Set Tonight

More than 200 members of the Michigan Federation of Typographical Unions are attending a three-day annual convention in Pontiac.

Last night a smorgasbord and dance was held at the Elks Temple. Gov. G. Mennen Williams was the guest speaker.

**Today meetings are being conducted at the Waldron Hotel where Carl Keinder of Des Moines, Iowa, a representative of the International Typographical Union, will be the guest speaker.**

Tonight the annual banquet will be held at the Roosevelt Masonic Temple, 22 State St.

William C. Pfahlert and DeVere Bigler, members of the host union, Local 512, are cochairmen. Sessions will continue tomorrow at the hotel.

The delegates and their guests will tour The Pontiac Press during the convention.

## The Day in Birmingham

# *3 Key Officials to Miss Commission Meet Today*

BIRMINGHAM — Three key officials will be missing at the Birmingham City Commission meeting tonight.

Mayor Carl Ingraham and Mayor Pro Tem Harry Denyes are out of town on business, and City Clerk Irene Hadley is on vacation.

**Heading the agenda for the short-handed session will be a discussion of a petition signed by 21 property owners, who are seeking to block a rezoning request by John Chiera for property he owns in the Southlawn-Grant-Smith-Edgewood streets block.**

Chiera has asked that the area be rezoned from single family to multiple dwelling use.

A Pontiac man, George Cramtas, 30, of 86 Cottage St., suffered a sprained leg in an auto accident last night which demolished his car.

**Cramtas, traveling alone, apparently fell asleep at the wheel, lost control of his car and crashed into several trees along Woodward avenue, Bloomfield Hills Police said.**

He was treated at St. Joseph Mercy Hospital and released.

Members of the Congregational Church of Birmingham will host a public open house at the church from 4 to 6 p.m. Sunday for the Revs. Robert D. Dewey and Carl Baird who will leave the local pastorate Aug. 1.

The Rev. Dewey has accepted a call from the Garden City Community Church in Long Island, N. Y. The Rev. Baird has not yet announced his plans.

**Sponsored by the Birmingham High School Student Council and American Legion Auxiliary Unit 14, Judith Winchell and Linda Burkman are attending Wolverine Girls State on the campus of the University of Michigan.**

Selection to Girls State is awarded on the basis of excellence in leadership, civic pride, co-operation, honesty and good character.

Participants get actual experience and instruction in governmental procedures and functions.

**George H. Benardes**

Service for George H. Benardes, 67, of 1694 Holland Ave., Birmingham, will be held at 2 p.m. Tuesday at Manley Bailey Funeral Home. Burial will be in White Chapel Cemetery.

Mr. Bernardes died yesterday in St. Joseph Mercy Hospital in Pontiac. He was a member of the Greek Orthodox Church in Pontiac.

Mr. Benardes retired in 1954 after 33 years with the Wilson Foundry in Pontiac.

He is survived by his wife, Julia.

## Ike Wants Six Reactors

WASHINGTON (AP) — President Eisenhower today called on Congress for swift approval of a multi-million-dollar international agreement providing for construction of six major nuclear power reactors in Europe by 1963.

# 3 Hurlers Involved in New Tiger Deal

DETROIT (AP)—The Detroit Tigers today sold pitcher Vito Valentinetti to the Washington Senators for the $20,000 waiver price and restored pitcher Herm Wehmeier to the active list.

The Senators then sold pitcher Al Cicotte to the Tigers' Charleston farm team in the American Assn.

Wehmeier was purchased from the St. Louis Cardinals last month. He made only one appearance for the Tigers, hurting his arm and was placed on the disabled list.

## Minnijean's Father Admits Killing Man

LITTLE ROCK, Ark. (AP)—Police today held Willie Bob Brown, father of a Negro girl expelled from Central High School last March, in connection with the fatal shooting of another Negro man.

Detective Sgts. Lester Cranford and Clint McMurry said Brown, 57, had admitted firing three .45 bullets into Elmer Issac, 68, when the latter emerged from a private club yesterday morning. The officers said Brown told them that Issac was mad at him and he saw him reach for a gun.

A .32-caliber automatic was found beneath the dead man's body, Cranford and McMurry reported.

Brown was jailed on an open charge pending investigation.

Minnijean, Brown's daughter, was one of nine Negro students enrolled in Central High under federal court order last September. After her expulsion, she entered the private interracial New Lincoln School in New York City under a scholarship.

# Wants to Quiz Ike's Counselor

## Rep. Moulder Claims Morgan 'More of Front Man Than Adams'

WASHINGTON (AP) — Rep. Morgan Moulder (D-Mo) suggested today that House investigators call Gerald D. Morgan, President Eisenhower's special counsel, saying: "From what I hear, Mr. Morgan is more of a front man than Mr. Adams."

Moulder said in an interview he understands Morgan is more accessible than Sherman Adams to persons seeking help from the White House. Moulder did not go into detail.

A House subcommittee, of which Moulder is a member, resumes hearings tomorrow on contacts admittedly made by Adams, Eisenhower's top assistant, with two regulatory agencies on behalf of Bernard Goldfine, a millionaire Boston industrialist.

**DENIES FAVOR-SEEKING**

Adams, the center of a growing political storm, acknowledged accepting hotel hospitality and gifts from Goldfine, who he said is an old friend. Although conceding he was imprudent, Adams has denied seeking or getting any favored treatment for Goldfine, who was having troubles with the Federal Trade Commission and the Securities and Exchange Commission.

There was no sign Eisenhower has changed his stated intention to retain Adams, whom he has described as a man of honesty and integrity.

**WANT ADAMS OUT**

But that didn't stem the rising volume of demands that Adams step down. Some of the strongest demands have come from Republicans.

Counsel Morgan, who has figured indirectly in the Adams case, appeared as Adams' legal adviser when Adams appeared before the subcommittee last Tuesday.

## GI's Japanese Wife Interviewed

# *Mrs. Girard Ready to Die*

TOKYO (UPI) — The Japanese bride of William S. Girard is not entirely happy with her married life in the United States, the newspaper Mainichi reported today.

Mrs. Fumiko Matsuda, in a dispatch to the Mainichi from Washington, said she visited the Girards at their home in Ottawa, Ill., and Mrs. Haru "Candy" Girard broke into tears.

**While Girard was present, Candy was outwardly cheerful and smiling, the report said. But when he left the room for a moment, Candy seized the opportunity to say, "If things do not go well, I am prepared. I mean that I am ready to die. If Girard leaves me, I have no place to go."**

The Japanese woman began sobbing, Mrs. Matsuda reported. But when Girard reentered the room, she hurriedly wiped her tears and engaged in a smiling conversation.

Girard is the American soldier who shot and killed a Japanese woman picking up spent shells on the Camp Weir shooting range last year.

In her dispatch, Mrs. Matsuda spoke of the apparent poverty in which Girard and his wife lived and the difficulty with which they conversed with each other. But she mentioned no other possible causes for Candy's unhappiness.

They live in a "quiet dilapidated" flat in Ottawa, Ill., with two other families, the dispatch said. The paint is faded and the eaves

# Storm Mounts Over Seaway

## Midwest Congressmen Resent Ike's Transfer of Project Supervision

WASHINGTON (AP) —Resentment appeared to be building in Midwest Congressional circles today over President Eisenhower's weekend transfer of supervision over the St. Lawrence Seaway to the Commerce Department.

A check of Congressional offices indicated that the shift, long opposed by midwesterners, came as a complete surprise to them.

Sen. Alexander Wiley (R-Wis), a leading Seaway enthusiast, opened the attack by calling the move ill-advised. He said he would ask Eisenhower to reconsider.

★ ★ ★

**An executive order signed by the President last Friday and announced Saturday transferred supervision of the St. Lawrence Seaway Development Corp. from the Army Engineers to the Commerce Department. Only supervision over construction of the giant waterway, expected to be completed next spring, remains in the defense department.**

Eisenhower signed the order the day after Congressional action was completed on the Seaway appropriations, ending control by this session of Congress over seaway purse strings.

# Chicago Nun Missing Behind Iron Curtain

WASHINGTON (AP)—The State Department is trying to locate a 76-year-old Chicago nun who disappeared on a trip through Communist Czechoslovakia 10 days ago.

Instructions were being sent today to the embassies at Warsaw, Prague, Vienna and Rome to seek information.

The nun was identified as Sister Cajenta, whose nonsecular name is Mary Gorski. She is a member of the Roman Catholic Resurrection order attached to the order's nursery in Chicago.

The nun was due in Czestochowa June 14, but failed to arrive.

## Suffers Seizure While Alone on Brigham Lake in Hadley Township

LAPEER — A 21-year-old Flint man drowned shortly after 2 p.m. yesterday in Brigham Lake, 13 miles southwest of Lapeer in Hadley Township.

★ ★ ★

James D. Kendrick, 21, father of two young children, was believed to have suffered an epileptic-type seizure while fishing alone in a boat on the lake owned by his uncle, Clifford Bogert, 5577 Brigham Rd.

**Two fishermen, Ray J. Prior and John M. Hamilton, both of Flint, who were fishing from a boat nearby, told sheriff's deputies they had seen Kendrick standing in his boat while fly-casting. They heard a splash, they said, and rowed around the point and saw the boat with no one in it.**

The pair found Kendrick's body in about four feet of water, pulled him out and tried artificial respiration.

★ ★ ★

The uncle said Kendrick had been suffering seizures similar to epilepsy and that he had planned to go into the hospital Tuesday for observation, according to Deputy Coroner Lyle Riddel.

Kendrick is survived by his wife, Hubertine; a daughter, Veronica, 1; a son, James Jr., 3 months, and his mother, Mrs. Maude Conner of Flint.

The body is at the Reigle Funeral Home in Flint.

## Aged Buses Pay Off

KIDDERMINSTER, England (UPI) — The local bus company spurred its aged buses on to extra effort today to meet the challenge of steep Sion Hill. The company, in a rash moment Saturday, answered repeated and prolonged protests by passengers by agreeing to refund a half-penny to every person on the bus if one fails to make the very steep hill.

# *Cotton-Picking Grandpa to Steal Elvis' Thunder*

LOUISVILLE, Ky. (UP) — Elvis Presley's grandfather, who doesn't like rock and roll, was under contract today to record an album of songs he learned as a Mississippi cotton picker in his youth.

Jesse Presley, 62, a crate repairman for a soft-drink bottling firm here, said he feels his famous grandson may be surprised at his new career.

The grandfather made it plain he isn't trying to cash in on Elvis' name or success. "I don't want to ride in on Elvis, I want to make it on my own," Presley said.

The former cotton farmer has been signed to record an album of southern folk songs for Legacy Records, Inc., a new firm here.

Presley, who said his only previous singing has been "in the bathroom and around the house," commented with a grin, "I guess I'm about the oldest man who ever started off to be a singer."

# 'Most Wanted' Man Sought in Mountains

EUREKA, Calif. (AP)—Sheriff's deputies from four counties and FBI agents cinched a cordon today around a mountain area believed to be the hiding place of George Edward Cole, one of the nation's 10 Most Wanted Men.

A helicopter and a light plane aided the search of a 10-square-mile timbered site about 70 miles southeast of here.

★ ★ ★

Cole, 31, is sought for the fatal shooting of San Francisco Police Sgt. Joseph Lacey during a tavern holdup Dec. 30, 1956.

Deputy Sheriff James Boyer chased a car he believed was driven by Cole for 40 miles early yesterday. Boyer fired and tried to lock bumpers with the fleeing car before it vanished on one of several logging roads.

The deputy had received a tip hours earlier that Cole was attending a dance at the Carlotta Grange Hall, 18 miles south of Eureka, Cole's former home.

## Murder of Hungarians Serves as Threat

The world is still aghast at the newest butchery on the part of the Communists.

★ ★ ★

The execution of the four Hungarians who "disappeared" a year and a half ago is announced by their executioners. The top figure, of course, is IMRE NAGY. Wednesday was the fifth anniversary of the uprising and the Ruskies figured this was a nice "anniversary present" for their Hungarian satellite.

★ ★ ★

Probably the announcement is calculated to serve notice on all other Russian minions to keep their traps shut, their eyes in the boat and do as they're told. This four way murder plainly indicates this in terse and very understandable language. No nation on the face of the globe today can execute human beings with as little feeling and as little interest as the Reds.

★ ★ ★

**Tito has inched out of line lately, and he has probably received an engraved announcement complete with "R.S.V.P."**

**The Reds are the scourge of the world.**

**The 200 million of them are a constant threat to the two and a half billion people that populate the globe.**

## Tito Shows Courage in Denouncing Russia

The breach between Yugoslavia's President TITO and Russia's KHRUSHCHEV widened with the blistering speech TITO delivered at the coal mining town of Labin.

KHRUSHCHEV had attacked TITO for getting United States' aid and had canceled credit to build an aluminum plant in Yugoslavia. TITO pointed out that the Soviet Premier himself was soliciting credit from Washington and that "American wheat is no worse than the Russian, which we do not receive."

★ ★ ★

Before an audience of 50,000 people who cheered his attacks on Moscow and his praise of the U.S., TITO told his people:

**"The United States has Yugoslavia's deep gratitude for its aid to forestall a famine in 1949, even though the Yugoslavs realize that the purpose of United States help is to forestall hunger, not to further socialism. They (the Americans) do not like socialism, but they do not hide it, they say it openly."**

★ ★ ★

President TITO again denounced Red Chinese leaders calling them warmongers and emphasizing their low regard for human life. He accused the Peiping regime of operating on the theory that Communism can be built by war although all the while professing peaceful intentions.

★ ★ ★

As if to underline Russia's perfidy came the announcement that IMRE NAGY, premier of Hungary during the 1956 rebellion, and three of his associates had been executed after secret trials. He had sought asylum in the Yugoslav embassy at Belgrade. His successor and present premier, JANOS KADAR, agreed in writing to permit IMRE NAGY and his party safe conduct to their respective homes. The promise was not kept. They were taken to the headquarters of the Soviet Military command.

★ ★ ★

President TITO's denunciation was all the more crushing coming from a Communist who knows the grim ruthlessness of Moscow's brand of Communism which threatens the peace of the world. Retaliation may be expected.

## Rosy Future Seen as Use of Cars Increases

A traffic survey in Washington, D.C. indicates that in 1980 the city will need traffic arteries that have 26 lanes, providing the current trend continues.

★ ★ ★

Well, that's wonderful news for this general area. If we put one Pontiac automobile every 200 feet in every lane, the plant will have to expand north, east, south, west, up and down.

★ ★ ★

**These are good tidings.**

**We accept them at face value.**

**All traffic surveys today point to greatly widened highways as a prime necessity of the future. This is based on the fact that the students of future conditions are absolutely convinced that the automobile's use will increase steadily for a number of years.**

★ ★ ★

Every resident of this locality fin this cheering and comforting news. It makes good reading and it makes good speculation on our share and our part in the future.

Hound's Tooth

David Lawrence Says:

## Adams Doesn't Intend to Resign

WASHINGTON—Sherman Adams does not intend to resign — and President Eisenhower will not crucify him by asking him to resign.

LAWRENCE

Mr. Adams is convinced he has violated no law and exerted no improper influence. The President is also convinced that this is a fact.

Looking back now over what happened — and hindsight is always better than foresight—if the presidential aide had for one moment ever suspected that his personal friendship of 15 years with Bernard Goldfine, wool manufacturer, and the exchange of gifts would be distorted into a smear scandal, no such gifts would have been accepted.

★ ★ ★

This correspondent has read the record and has also noted the contents of the important statement issued over the weekend by Edward F. Howrey, former chairman of the Federal Trade Commission. The conclusions which this writer reaches after such an examination are as follows:

**1. Not a scintilla of evidence exists to prove that any improper influence was exerted or that a violation of law was committed by Sherman Adams.**

2. The decisions reached by the Federal Trade Commission in handling the cases involving Goldfine were made by the "career" officials who hold office from one administration to the other without regard to political change. Neither they nor any other members of the commission ever knew that Chairman Howrey had received an inquiry from Sherman Adams about the Goldfine cases. The cases were handled on their merits as are thousands of similar cases each year. Mr. Howrey himself took no part in deciding the cases. His subordinates did so and took the necessary action.

★ ★ ★

**3. Notable in support of the facts as stated is the testimany of acting chairman Robert Secrest, former Democratic congressman from Ohio for 16 years.**

4. No "regulation" of the commission was violated when Mr. Howrey sent a memorandum of information to Mr. Adams in response to his inquiry. It has been the commission's "policy" to withhold the name of a company or individual making a complaint about an unfair trade practice. In this instance the name of the complainant was already known to the defendant company through open disclosure by the opposing attorney.

★ ★ ★

**5. Mr. Howrey's memorandum to Mr. Adams pointed out that the case could be settled by "voluntary compliance" in accordance with custom. But this was no new or confidential information. The defendant company already had this knowledge in connection with its previous conferences with the Federal Trade Commission, which had been trying to conclude the case by the same method. The annual report of the commission reveals that there were 6,399 cases of questioned practices in the woolen industry which were settled that year in the same way.**

6. No favored treatment was given the defendant company. In the first instance, the Goldfine company complied voluntarily. In the second instance, the customary remedy—the usual "cease and desist" order—deemed the most effective by the commission's top staff, was applied and the defendant complied with the law governing such orders.

**7. As for the allegations about a case before the Securities & Exchange Commission in which Goldfine's company was accused of failing to file some annual reports, Sherman Adams himself made no contact with the commission. A routine inquiry was made by a member of the White House staff—the special counsel—and he advised Mr. Adams that no further steps should be taken by him. Mr. Adams dropped the matter. The Goldfine company was later given the customary penalty for failing to file its reports.**

★ ★ ★

What's at the bottom of the whole smear? It appears that a personal feud by enemies of Mr. Adams started it all, and the cruelties of politics resulted in a ghoulish spree before a House investigating committee which flagrantly violated a House resolution about the proper behavior of its investigating committees.

Dr. William Brady Says:

## *Forget the Tranquilizers --Correct Living Pattern*

One of the numerous tranquilizers introduced in the past year or two purports to "quickly allay anxiety in a wide variety of conditions, such as insomnia, emotional instability, pain, headache, neurasthenia and agitated states." Most of the complaints a doctor hears from day to day would fit in one of these categories.

DR. BRADY

If the attending physician orders or administers aspirin, acetanilid, phenacetin or one of the numerous combinations of these analgesics exploited under fancy names, it is none of your business or mine. It is none of your business or mine if the attending physician administers or orders the nurse to give a nerve sedative such as a barbiturate.

When I consult a physician or call one to attend a member of my family, I do not care and do not ask what the medicine or the hypodermic is.

**I maintain that a physician should never write a prescription for, or let the patient hear him ordering the nurse to give a habit-forming drug. And all the drugs above mentioned, as well as heroin, morphine, the barbiturates and alcohol, are habit-forming.**

All are narcotic — that is to say all lower consciousness, dull the senses, make the subject less aware of his environment for an hour or two.

Excepting morons (who drink as they do everything else, in imitation of the heros, leading characters and the elite in movies, television and other educational media), every one who takes one dose or regular daily doses of any of the narcotics or sense-deadeners takes it because he or she wants to FORGET for an hour or two the ache, pain, shame, sorrow, fear, worry, inferiority complex, remorse, or the loneliness that haunts the wrong way of life.

**This applies, only in lesser degree, to taking a tranquilizer. The addict may plead that his or her "nerves" are shattered, weakened, exhausted, highstrung — which is a polite way of saying "I've got to have my dope no matter what!"**

Probably some readers will protest that the view of drug-taking set forth here is entirely unsympathetic. But I beg to remind you that this is a HEALTH column and not an infirmary. As a P.H.D. (doctor of personal health) I feel bound to teach only the truth about sense-deadening drugs.

Signed letters, not more than one page or 100 words long pertaining to personal health and hygiene, not disease, diagnosis or treatment, will be answered by Dr. William Brady, if a stamped self-addressed envelope is sent to The Pontiac Press, Pontiac, Michigan.

Voice of the People

## *Hardput Taxpayer Replies to Letters Criticizing Him*

Four letters attack me in Friday's Voice of the People. I have not been kicked around so much since the third grade teacher whaled my little behind with a yard stick 40 years ago. And she wasn't one of the "progressive education" kind, either. She was one that made you learn to add, subtract and spell.

★ ★ ★

**One of my critics say teachers' pay covers 12 months. O. K. Then they get a three month vacation. Another says they get nine months pay and get laid off three months. O. K. again, only now you get $4,500 for nine months which is at the rate of $5,000 a year for the time you work. Just make up your educated minds which it is, for you cannot claim the short end of both sticks.**

★ ★ ★

One charges me with "lack of education and common sense." I have to take that lying down (or is it laying?) for my lack of education is a very big regret and a secret shame to me. Down inside I suffer from that and only my wife knows how bad I feel.

★ ★ ★

**But I was taught in that little red school that it was bad manners to make fun of somebody who did not have as good an education as someone else. I would hate to have my children go to school to a person who did that, no matter how many years they were in some big college. That's common sense, which I have more of than my critic.**

★ ★ ★

I don't wave the crying towel like they do and I respect people who haven't been to high school. Most of my friends are about like me and some are not even as good. Teachers don't deserve a raise now any more than anyone else when the rest of us are taxed to death to pay their salaries, including those long vacations. And some of us are out of work, also. I haven't read of any teachers laid off.

## WCTU President Writes Replies

Thanks to Commissioner Miles for the resolution to close beer and wine outlets on Sunday and to those Commissioners who had fortitude to vote for it. Commissioner Henry's summation of the significance of keeping the Sabbath holy was gratifying to all Christian thinking people present. Staunch support of the Pastors' Association has given citizens a sense of security in the community's Christian leadership.

I'd like to answer statements made at the open forum, one of which is that beer is considered food. Alcohol is a source of calories but its use as food is exceedingly limited because of toxic effects. (Edward Domino, M. D., Professor of Pharmacology, U. of. M). A 12-ounce bottle of beer and average serving of 20 per cent wine contain practically as much alcohol as a shot of whisky. (By chemical analysis.)

★ ★ ★

**It was said Sunday closing would do little good because people would drive where it could be purchased. Easy accessibility increases consumption. Evanston, Illinois, practically the same size as Pontiac, has no sale of these beverages, yet people don't drive to the southern boundary of the city which is the northern boundary of Chicago, where the beverages are readily available. This is evidenced by the fact that Evanston has had the best vehicle and pedestrian safety record in the U. S.**

★ ★ ★

Because of pressure of custom and the $275 million spent annually by the liquor industry for advertising, there is little accurate understanding of the alcohol problem. Therefore, the open consideration of all this afforded by presentation of the resolution will be beneficial.

## 'Smoke Washes; Change Water'

Why all the fuss about a little smoke from trash burning spoiling the wash? If the City is so concerned about white washes, the place to start is the yellow water. Smoke will wash out but the yellow won't.

★ ★ ★

**It's ridiculous to have to wait until 3:00 p.m. to burn anything. Who could enjoy sitting in the back yard in the evening with smoke all around? In our neighborhood, most people are very considerate not to burn if there are clothes on the line. Sounds like this started from neighbors who live to fight and don't practice the Ten Commandments.**

We live near the Pontiac Foundry. Can we ask them to shut the cupolas off while we dry our wash?

## His 'Negotiations' Not Like Others'

When Reuther charges the auto companies with "refusing to negotiate," what he really means is that they refuse to give in. The only way you can negotiate with Reuther is to do everything the way he wants to. When you fold up in front of him, you are "negotiating." Do his henchmen swallow that drivel?

## 'Adams Has Sunk to the Very Depths'

Sherman Adams has sunk to the depths. Wayne Morse has blasted him. That's a blow from the bottom of the heap. There is some honest question in the minds of many people whether the weakest Senator in Washington is Oregon's Wayne Morse or Michigan's McNamara. Their futilities and their one track minds are different and they're hard to compare. But they're the dregs.

Case Records of a Psychologist:

## 'Fear Party' Eases Secret Terror

*Teresa's terror was unfounded. But her mother had failed to take Teresa into her confidence. The school teacher, however, helped relieve Teresa just by scheduling a "Fear Party" where all the youngsters could confess their secret dreads and thus get rid of much abnormal tension. Psychiatrists regard "Fear Parties" as ideal mental hygiene therapy.*

**By DR. GEORGE W. CRANE**

Case Y-343: Teresa J., aged 8, is a nervous, jittery child.

"Dr. Crane, we were so worried about her," Teresa's mother began, "that we had decided to take her to a psychiatrist for treatment.

★ ★ ★

DR. CRANE

"Then something wonderful happened. Teresa suddenly became calmer and well adjusted. She no longer seemed so tense and jittery.

"I finally asked her what had caused the change and she told me it was due to what her teacher had done in school.

**"One morning that school teacher suggested the class stop its regular lesson and have a special kind of party.**

**"She called it a 'Fear Party.' The teacher started out by telling the class that when she was 10 years old, she was terrified by toads.**

★ ★ ★

**"Her brothers learned of this fact and made her life miserable by trying to stick toads in her coat pocket or even in her desk at school.**

**"She would cry and be unstrung. And she felt so unhappy at being such a coward. Later she had an understanding teacher who helped her get over this terror, but for several years she was a slave to her panic.**

**FEAR PARTIES**

"Then the teacher asked her pupils if they were afraid of anything.

★ ★ ★

"A little girl across the aisle from Teresa, put up her hand and mentioned that she was deathly afraid of ghosts. In fact, she confessed she couldn't sleep in a dark bedroom, so always coaxed her mother to turn on the light.

"Teresa then put up her hand and informed the class she was afraid I might die because I kept going to the doctor's office every few weeks.

**"My husband and I had never told her we were expecting a new baby, so I guess I have been responsible for Teresa's underlying fear the past few months.**

"Other pupils in her class put up their hands, too, and told about their dreads of lightning and snakes and spiders, etc.

"At our recent PTA meeting several of us mothers asked that teacher to explain what she had done to relieve our children of their nervous fears and tension.

★ ★ ★

"Dr. Crane, she explained that you had addressed her state teacher's convention and had urged all teachers in the lower grades to schedule such 'Fear Parties.'

**"She said you had mentioned that confession is good for the soul and is doubly valuable in relieving youngsters of the feeling they are rank cowards for cherishing secret dreads.**

"And this teacher said she herself had noticed a marked improvement in the morale of the class and the reduction in anti-social actions ever since this 'Fear Party.'

"So, Dr. Crane, please tell other teachers and parents about its merits."

**BANISH CHILD'S JITTERS**

Youngsters regard us parents and teachers as fearless, powerful

giants. By contrast, they feel sheepish and inferior because they have many petty terrors.

★ ★ ★

"Daddy never was chicken-hearted like me," is a common retort of boys.

**But Daddy used to be just as chicken-hearted as his sons, though most men boast about their good points and seldom confess to their children that they ever were panicky, timid kids.**

So it is very refreshing to children to learn that we adults also were afflicted with terrors at their age. It makes them feel they are not freaks or a disgrace to their family name.

★ ★ ★

So schedule a "Fear Party" at Sunday School and in grade school, too!

Always write to Dr. George W. Crane in care of The Pontiac Press, Pontiac, Michigan, enclosing a long 3c stamped, self-addressed envelope and 20c to cover typing and printing costs when you send for his psychological charts and pamphlets.

**Officials Ready Formal Protest**

# Poles Slam Executions in Hungary

WARSAW (AP)—The Polish Communist party today was reported ready to protest within the inner circles of the Communist bloc against the execution of Imre Nagy and other leaders of the Hungarian revolt.

There appeared no likelihood, however, that Polish party leader Wladyslaw Gomulka would make a public complaint that would bring Moscow's wrath down on him.

★ ★ ★

Informants said Gomulka's opposition to the executions was made clear in private speeches by Foreign Minister Adam Rapacki and Roman Zambrowski, both members of the Polish Polituburo.

**Repacki, speaking to party members in Poznan, was asked if he knew the party chief's opinion of the killings. Informants said he replied: "I can only tell you it is my personad brief that if Gomulka had known of the executions, he would not have visted Hungary this year."**

Zambrowski at another meeting of lower ranking party members called the executions a breach of trust. He implied that Gomulka had been assured Nagy would not be killed.

## Report Alcoholics Hard to Discover

CHICAGO (AP) — The alcoholic no longer is represented by the figure slouched on a bar stool.

A research study indicates that the nation's five million chronic alcoholics are of the hidden type — hidden from recognition by family, friends and supervisors.

The analysis for an encyclopedia shows that alcoholics are hidden by their ability to present a fairly normal appearance of personal and social recognition. Consequently management and labor are enlisting psychiatry and programs built around Alcoholic Anonymous to help discover and treat the addicts among two per cent of the United States' industrial workers.

## Van Cliburn Cheered

AMSTERDAM (AP) — A capacity audience in the Amsterdam Concert Hall gave U.U. pianist Van Cliburn and the Philadelphia Orchestra a standing ovation after their performance last night. Cliburn played the Tchaikovsky B Flat Minor Concerto, one of the two major compositions with which he won the recent Moscow competition.

**And Defeat Deadly Superstition—Abby**

# Break the Chain of Fear

By ABIGAIL VAN BUREN

"DEAR ABBY: My daughter is expecting a baby at any moment and we are so upset about this thing that came in the mail we don't know what to do. She received a letter saying she should send the chain-letter prayer to 13 other people with a dollar each, and if she didn't do it, death would come to her home.

ABBY

"She doesn't know whether to send it on or not and I hope you will help us decide as it worries us something terrible."

V. S.

DEAR V. S.: Chain letters should be tossed into the waste paper basket and promptly forgotten. This one sounds like a scheme to get money. Report it to your local postal authorities.

"DEAR ABBY: This is the third time I am writing to you and if I don't get any answer this time I will know you are a fake. My problem is much more important than some of those I see in your column. If you won't print my letter in your column, then how come you don't send me a personal reply like you say you will?"

BEVERLY

DEAR BEVERLY: I am not able to print all the letters I receive, but I do send a personal reply to each and every person who writes me a letter and encloses a stamped, self-addressed envelope.

★ ★ ★

"DEAR ABBY: May I disagree with the mother of the congressman and the DAR regional president or whoever she said her children grew up to be after she blistered their bottoms in public? Anyone who knows anything about juvenile delinquency knows that "sparing the rod" does not encourage delinquency, and most of these kids end up in Juvenile Court with the bruises and scars to prove it. Beating children only teaches them to be more careful not to get caught. I agree with you, Abby. Kindness pays bigger dividends."

FATHER F.

★ ★ ★

"DEAR ABBY: What do you think of a man who never tells his wife he loves her? Or maybe I am wrong to expect to hear it after 12 years of marriage. Far as I know (and I've done some checking) he isn't interested in anybody else. How can I get him to say "I LOVE YOU" without putting the words in his mouth?"

HUNGRY FOR LOVE

DEAR HUNGRY: Some men are not the sweet-talking type. If he ACTS like he loves you, be satisfied.

★ ★ ★

For a personal reply, write to ABBY in care of this paper. Enclose a self-addressed, stamped envelope.

Twelve members of the Pontiac Central High School vocal music department will attend the 23rd All-State Choir Session at Interlochen National Music Camp August 4 through 17.

**STUDENTS SPONSORED**

Campers sponsored by the Rotary Club include Patrick McCartney, bass; James McIntosh, baritone; John Watson, tenor; Delores Shea, alto; and Marilyn Vernon, soprano.

Vocalists sponsored by the high school are Don Swanson, baritone; Richard Eley and Robert Franks, tenors; Karen Oxley and Evelyn Kerr, altos; Jeanette Ohanesian, Susan Dunlap and Kay Jerome, sopranos.

★ ★ ★

The All-State Choir, one of six groups sponsored by the University of Michigan, will be directed again this year by George H. Putnam, supervisor of the secondary vocal music department in the Pontiac public schools. The choir will present two concerts.

**CHARTERED IN 1927**

The National Music Camp, located 12 miles south of Traverse City, was chartered in 1927 by the state of Michigan as an educational institution to give specialized training in orchestra, choir, band, piano and the drama. There are over 300 buildings at Interlochen today, on 700 acres of land situated on two waterfronts.

Two sessions are held each summer.

# Smile and Say "Sorry"

By EMILY POST

"Dear Mrs. Post: My arms have been paralyzed by polio. I would like to know what to do when people come up to me and attempt to shake hands with me. My arms are not noticeably deformed, and I wear no special apparatus so people I meet for the first time seldom know that I am handicapped. Others know, but forget momentarily, extending the hand instinctively.

"I don't want to appear rude by ignoring the extended hand, but I don't like to get involved in long explanations, and I certainly don't want to do or say anything that might embarrass these kind and friendly people. Can you tell me a simple and gracious way out?"

Answer: Smile, and say simply, "Sorry, but my arm is paralyzed."

"Dear Mrs. Post: My son and I have been having a dispute about table manners. Ive told him that he should remain at the dining table until everyone has finished, especially when we have a guest. But he feels that when he has finished eating, he should be excused and be off to play. He is thirteen."

Answer: He is old enough to know about proper behavior and to stay until everyone has finished eating. He need not stay if they continue to sit at the table to smoke and talk, but he must never leave the table without your permission.

"Dear Mrs. Post: I am going to be married in a suburban church. Most of the guests will be coming from the city and are unfamiliar with the location of the church. Would it be proper to enclose a small typewritten card in with the invitations giving directions to the church?"

Answer: It will be better to have these directions printed instead of typewritten.

# Very Few Are Loved for Selves Alone

By MURIEL LAWRENCE

The motorcycle could be had for $60. Bud had $20 in his savings account. Never in his life would he forget it if his father advanced the remaining $40.

Said Bud earnestly to his father, "Doug's only selling it because he's bought some guy's old heap. Gosh, Dad, it's the deal of my life!"

His father gave him the $40. And was thanked with sincerity and exuberance.

**But his pleasure in Bud's satisfaction didn't last. No sooner had his expected son left for Doug's house than he began to attack his own kindness.**

He thought, "I'm a fool. I'm spoiling the kid. At 17 I had to work for what I wanted by clerking in Pop's store. Otherwise I didn't get it. Why did I trust Bud's judgment on this motorcycle? How do I know he won't smash himself up with it?"

REAL REASON

But fear for Bud's safety was not his real reason for resenting the favor he had done him.

**His real reason was his suspicion that his children love him, not for himself, but for the things he gives them. So whenever he is moved by a generous impulse to do them some special favor, he immediately starts to begrudge their joy in it.**

This "love-me-for-myself-alone" wish is not unusual.

It is, however, pretty unrealistic.

Only little children and very romantic ladies can expect to be loved for "themselves alone." The rest of us have to provide satisfactions to others if we want them to love us.

**If we want Bud to love us, we cannot ignore his passion for a motorcycle but have to give it serious thought. If we want Jane to love us, we'll plan to satisfy her wish for the wrist watch she's been talking about. If we don't provide our husband with a clean home and well-cooked meals, we may lose him.**

Just as we are entitled to satisfactions from others' love, they are entitled to satisfactions from ours.

If we don't see the absurdity of our secret wish to be loved for "ourselves alone," we may end up like the romantic ladies who insist that their lovers be content with their beautiful souls.

# Try to Put Yourself in Wife's Place

By RUTH MILLETT

It seldom occurs to a man—

That his wife might listen to him with the flattering attention he gets from other woman if he were as enthusiastic and entertaining when he talks to her as when he talks to others.

That before he complains about his wife's forgetting to do something, he ought to make a stab at finding out what she DID do all day long. Chances are, with all she did, it's a wonder she didn't neglect more than one small thing.

**That it is as foolish of him to expect to find his wife looking fresh and unruffled after cleaning house all day as it would be for her to object to him lounging around in beat-up clothes after mowing the lawn or painting the yard furniture.**

That there would be less nagging in the average household if a husband would say frankly what jobs around the house and yard he will be responsible for—and would do them as soon as they needed to be done.

That his wife might not object to the money he spends on expensive hobbies if he made a habit of giving her a like amount to spend on herself.

**That it isn't so difficult for a man to understand his wife — if he really listens to her when she talks.**

That if he wants his children to regard him as the head of the family he had better not say, "Go ask your mother," every time they come to him for permission to do something.

That wives who feel loved and appreciated are rarely extravagant, suspicious or hard to live with.

## As Kingswood Exchange Student

# To Sail for Switzerland

Representing Kingswood School Cranbrook this summer in the American Field Service Program will be Sally Waddell, 16-year-old daughter of Mr. and Mrs. John Quentin Waddell of Cherokee road.

Miss Waddell was the only student selected from the school to join 788 other high school students in the program.

She left Sunday to sail from Hoboken, N. J., on a Holland-American ocean liner. She is one of the 44 of the group who will spend the summer in Switzerland living with a family there. The other students have been assigned to 21 other countries.

Miss Waddell, recently elected president of the Kingswood Student Council, will be a senior in September. She was selected to represent the school because of her scholastic ability and extra-curricular activities. She is a member of the hockey, badminton and La-Cross varsity teams as well as the "K" Club, Glee Club and Clarion, the school newspaper.

★ ★ ★

Following her stay with a Swiss family in Berne where she will acquire two brothers and two sisters for the summer, she will return to Pontiac Sept. 4.

## Why Grow Old?

# Willpower Is Only Answer — Try It!

By JOSEPHINE LOWMAN

A letter on my desk says, "I am much overweight and need to diet but LOVE to eat. Please tell me what to do. I am so unhappy this way."

★ ★ ★

Print the word "Willpower" in letters on a strip of paper or cardboard and paste it over the mirror in your bedroom. The dictionary defines will as "choice" — or "determination." It defines power as "capacity for action — to use powers in an effort to succeed." So we find that willpower means the choice to use our powers to succeed.

**I like this definition because there is no using beginning to diet until you actually have made a choice, until you have sincerely chosen to use your powers to succeed. The resolve must be real. You must KNOW that you will not backslide.**

You actually must choose between the figure you have now and the dieting which is necessary for the figure you want. If your wish is strong enough, you will be able to realize it. Many men and women have played about with diet for years without any lasting success.

**Then some physical condition has caused their doctors to order them to reduce for health, and sometimes to save their lives. They have then done so and have remained at their ideal weight for the rest of their lives. You have to have a strong incentive.**

Today we all have one! We know that overweight shortens life and makes us more susceptible to the diseases of middle and older age. Add this to the discomfort of overweight and the beauty angle and you will receive a powerful prodding.

**SUGGESTIONS**

However, willpower which has been weakened by lack of use can profit by a little help. Here are a few suggestions.

Decide on a short reducing period. After that set another period. In other words, break a long reducing haul up into shorter periods and concentrate on each as it arrives.

Do not break over your diet at all. If you once begin this, you are almost certain to fail.

★ ★ ★

Keep celery and carrot sticks to nibble on in-between meals, or save a glass of milk or some fresh fruit for in-between-meal snacks. Of course these must be counted in on your daily calorie allowance.

Eat slowly. It is a scientific fact that this makes dieting easier.

★ ★ ★

If you missed my 9-Day Diet which gives you a loss of five to 10 pounds in nine days time, send 10 cents and a stamped, self-addressed envelope with your request for the 9-Day Diet booklet. Address Josephine Lowman in care of this newspaper.

## Spadea's american designer pattern

David Goodstein's classic tucked dress, this season with a new handling at the waistline, continues to be the favorite of American women with big bank accounts. The reason for the popularity of Goodstein's sportswear is simple enough, since they are made with understatement, have a timelessness and innate good taste.

★ ★ ★

The pattern, with only four basic pieces, supplies instructions for tucking which is done before cutting. You may wear the belt passed through side slots or tied all around. Either way the tucks fall gracefully and flatteringly.

Make it in silk or rayon crepe, plain or printed voile, organza, pongee, shantung or thin linen. From this size chart select the one size best for you.

| Sizes | Bust | Waist | Hips Inches | From Nape of Neck to Waist |
|---|---|---|---|---|
| 8 | 33 | 22 | 34 | 16¼ |
| 10 | 34 | 24 | 35 | 16½ |
| 12 | 35 | 25 | 36 | 16¾ |
| 14 | 36½ | 26½ | 37½ | 17 |
| 16 | 38 | 28 | 39 | 17⅛ |
| 18 | 40 | 30 | 41 | 17⅛ |

Size 12 requires 5⅝ yards of 39 inch material for dress. To order Pattern 1347, state size, send $1.00.

**New 96 page Pattern Booklet 15 with many chemises, $1.00—for David Goodstein label, send 25 cents. If paid by check, bank requires 4 cents handling charge.**

Hal Boyle Says:

# It's Just the Thing for Bald-Headed Men

NEW YORK (AP) — Keep this under your hat, fellows, but if you're going bald, Louis Feder may have just the thing for you.

★ ★ ★

It's "the air-conditioned hairpiece," which weighs less than an ounce and is guaranteed to be hurricane-proof.

"It's so light it breathes . . . absolutely no feeling on the head," said Ben Kaplan, executive vice president of the House of Louis Feder. "And please don't refer to it as a wig or toupee. Those terms are anathema in our industry. It is a hairpiece."

Feder, a pioneer human scalp roofer since he emigrated here from Austria half a century ago, startled the industry with a new crew cut model hairpiece several years ago. Sales zoomed 700 per cent as baldies rushed to get an ivy league look.

The new air-conditioned special, Feder feels, may be his ultimate masterpiece. It is held firmly to the scalp by two small patches of tape, one fore, one aft.

"The wind can't get up under it and blow it off," explained Kaplan, a former Air Force major. He added:

"I flight tested it myself on the deck of a ship during a violent storm, which was darn near a hurricane. Later I also tested it by diving headlong into the highest ocean breakers I could find."

In both tests, he said, the air-conditioned hairpiece clung to him with the loyalty of a poor relative.

"Television comedians are always making jokes about hairpieces falling off," he said. "But they don't. I've been wearing one for eight years, and mine has never fallen off."

★ ★ ★

Kaplan can put on his hairpiece and peel it off in 33 seconds. He doesn't know whether this is a record, as there have been no international contests in this field.

Surveys have shown 8 of 10 American men are affected to some extent by baldness. Approximately 250,000 males now wear hairpieces.

"They range in age from 3 to 93," Kaplan said. "Many people have the idea that only professional entertainers wear hairpieces. Actually, I doubt if one in a thousand is a performer.

★ ★ ★

"They come from all fields. They include ministers, salesmen, business executives, students — even a steeplejack. Most of them aren't older men, either. About 76 per cent of our customers are under 35.

"One of the nice things about the hairpiece industry is that it seems recession-proof. In bad times many men feel it is easier for them to find work if they look younger. Some men who have lost their jobs use part of their unemployment benefits to invest in a hairpiece."

★ ★ ★

Hairpieces for men far antedate falsies for women.

"They were first worn, so far as we can find, by Egyptian Pharaohs more than 5,000 years ago," Kaplan said. "George Washington wore a hairpiece. So did our next three Presidents."

His most unusual client was a man who made his living being fired out of a circus cannon.

"Certainly he wore his hairpiece while performing his act," said Kaplan. "Why not?"

★ ★ ★

And the most unusual request his firm has had?

"Well," said Kaplan, "there was that fellow who wanted us to make him a hairpiece to wear on his chest."

## Variety of Recreation Offered All Ages Here

National recreation month finds Pontiac offering a variety of recreational activities for just about every age group.

David R. Ewalt, Parks & Recreation Director, pointed out the city has a well-rounded program for children, adults and oldsters.

**In addition to specifically scheduled events the year round, Ewalt explains, the city's many parks and playgrounds have facilities for casual summertime fun for the whole family.**

The Department is offering two regularly scheduled programs plus one new one for children this summer.

The regular, eight-weeks summer playground opens today for children over the age of six and also the first of seven weekly sessions begin at Frog Hollow Day Camp in the Pontiac Lake Recreation Area. Also, a ten-week series of Tuesday night movies is being staged at Oakland Park.

★ ★ ★

Adults find that the department offers a year-round series of programs, plus some special summertime activities.

**For men, there's the summertime archer's club and horseshoe league. Throughout the year, the chess and checker club meets at 7 p. m. Mondays at the Adah Shelly branch library and the table tennis club competes Friday evenings at Pontiac Central High School.**

There's a women's chorus that meets once a week, in addition to four weekly clubs with programs stressing fashions and slenderizing.

The recreation department also sponsors four square-dance clubs which meet bi-monthly at Owen, Hawthorne, Wever and Central High Schools, plus other square dancing for blind persons with the co-sponsorship of the Pontiac Lions Club.

★ ★ ★

For persons 60 years of age or older, there's the Sunset Club, which meets Thursdays at the Boys Club during the winter months and at Oakland Park during the summer.

MANILA (AP)—The Indonesian rebel radio today claimed its forces had thrown back the Jakarta government's invaders in the North Celebes. The broadcast said 70 Jakarta soldiers were killed in one fight.

★ ★ ★

The broadcast tended to bear out a report from reliable military sources in Jakarta earlier today that the invasion force was still fighting for control of Menado, the last rebel stronghold in the North Celebes. The government radio in the South Celebes had announced Saturday that Menado had fallen but this was not confirmed officially in Jakarta.

★ ★ ★

Sumual said the invasion was a well-planned attack preceded by heavy sea and air shelling and strafing and with paratroopers employed in a second attack. But he said a rebel attack Friday night drove the invasion force back to their beachheads.

They'll Stand Apart at Straits Ceremony

# Bridge Weds Dreams of 2 Men

By DAVID W. CHUTE

DETROIT (UPI)—The Mackinac Bridge, longest suspension bridge in the world, will be dedicated next Saturday amid the cheers and celebration of 100,000 to 300,000 persons.

But the two men perhaps most responsible for the marvel that spans the Straits of Mackinac will stand apart in the throng and see the fulfillment of dreams that began a third of a continent apart and half-a-century ago.

The steel and concrete of the bridge links the vast forests and rich mineral lands of Upper Michigan with Michigan's industrial Lower Peninsula . . . and the bridge weds the dreams of these two men.

**Those dreams began about 60 years ago. A boy of nine stood on the shore at St. Ignace and gazed across four miles of water to the other shore. There was talk, even then, of building a bridge across . . . but men said it was impossible. Winds hit 70 miles an hour and more. The water was deep and treacherous at times . . . still this boy dreamed of one day seeing a connecting link. His name was Prentiss M. Brown.**

At the same time, nearly one thousand miles away in New York City, a boy of 12 sold newspapers in the shadow of the Brooklyn Bridge. He marveled at the great bridge and dreamed that one day he would build a bigger and a better one. His name was David B. Steinman.

That was 60 years ago. Today, Prentiss M. Brown is 69. Dr. David B. Steinman, master bridge builder, is 72. Both have just celebrated their birthdays—Dr. Steinman on June 11 and Brown June 18.

**A lot of water flowed under this dream-bridge before it became a reality.**

Prentiss Brown became a lawyer, took over his father's law practice in St. Ignace and expanded it to include offices in Detroit, Chicago and Cleveland. Later he became the first Democratic congressman from his Michigan district, and subsequently became a United States senator.

After serving briefly as OPA administrator during the early war years, Brown returned to private law practice and also entered business as chairman of the board of the Detroit Edison Company. Throughout his career he never forgot his boyhood dream of a bridge across the Mackinac Straits.

★ ★ ★

Dr. Steinman pursued his dreams directly. He studied engineering at the College of the City of New York, and won his master's and Ph.D. degrees at Columbia University. He was a brilliant student.

With a young partner and his first desk space rented for $10 a month he entered an international bridge design competition for a bridge in Brazil. He won it with a revolutionary design and was launched on his career.

**Since that time, Dr. Steinman has built 400 bridges on five continents of the earth and won awards for the design of eight of them. But still he dreamed of his "crowning achievement" in bridge-bulding . . . a span longer, stronger and safer than any that had been built before.**

It was inevitable that the dreams of these two men, Brown the lawyer and businessman, and Steinman the bridge-builder, should find common bond.

★ ★ ★

It came when Brown became head of the Mackinac Bridge planning organization. Steinman was brought in as a consulting engineer and later as the bridge designer. During those days when there were arguments about the feasibility and practicability as well as the possibility of spanning Mackinac Strait, Dr. Steinman invested large sums of his own money in the preliminary work of planning and designing the bridge. Brown led the fight to get approval and the financing—one hundred million dollars worth.

## Fish With Legs and Feet Found Off Welsh Coast

LONDON (AP) — Two Welsh fishermen called in scientific help today to identify a 20-pound fish with two short legs and tiny webbed feet.

The fish was four feet long. Its legs were about eight inches long extending from its hind fins. Trevor and David Jones hooked it on a long line last night from a rowboat in Cardigan Bay, in Wales.

★ ★ ★

The fishermen kept it alive in the water-filled bottom of their boat and took it to the local fish expert at Abersoch, Wales.

The expert, Evan Hughes, said he had never seen anything like it and that officials of the government fisheries office would come to Abersoch to exam ineit.

★ ★ ★

The fish has a dark brown body with front fins resembling a skate's, a flat head measuring about nine inches, slit eyes shaped like half-moons, a tall and rear fins like those of a dogfish—and those legs.

In these papers, a more secure future . . .

The most unselfish purchase a man makes

He can't wear it. Or drive it. Or display it for people to see. Probably the most unselfish purchase a man makes is life insurance.

Yet this purchase *does* bring something to its owner. For example, the feeling that he is truly a good provider. That he is meeting his responsibilities to those who mean the world to him.

What is this feeling worth?—*Plenty*, any father can tell you. He has a feeling of security that could be gained in no other way.

Yes, life insurance *is* an unselfish purchase. But it brings great and satisfying rewards to the purchaser just the same.

# Make It Tough on GOP Theme

## Both Parties Disprove Need for Republican Congress to Back Ike

WASHINGTON (AP) — Members from both parties apparently are making it difficult for Republicans to build up the campaign theme that President Eisenhower needs a GOP Congress to get his legislative program approved.

★ ★ ★

The contention that the Democrats in Congress are hamstringing the President's proposals has been one of the main talking points of GOP National Chairman Meade Alcorn. Eisenhower himself used practically the same argument in an informal talk to the GOP state chairmen last Thursday.

★ ★ ★

But the Democrats and the Republicans are marking up a voting record in Congress that seems unlikely to sustain the GOP campaign argument.

For instance, unless all the signs fail, Senate Democrats will have to furnish the lion's share of votes if Eisenower's request for a five-year extension of the Reciprocal Trade Agreements Act is approved.

Just as Republicans provided much of the opposition in the House, so the Senate finds its two top Republican leaders aligned against Eisenhower.

Senators Styles Bridges (R-HN) and William F. Knowland (R-Calif) are leading a drive to cut the extension to three years. Bridges heads the party policy committee and Knowland is minority floor leader.

# Bank Burglars! Police Believe— No One There

TUCSON, Ariz. (AP) — Police feared burglars were at work when a loud explosion was heard in the downtown area near two banks yesterday.

The police surrounded the Southern Arizona Bank and the Bank of Douglas. Then they sniffed their way through open doors at both banks, but found nothing.

Vice presidents of the two banks were summoned. They checked and found nothing amiss.

**Then a patrolman spotted an open circuit-breaker fuse on an overhead power line at the rear of the banks. Bert Mills, an employe of the Tucson Gas, Electric Light and Power Co., then gave this explanation of the blast:**

Some birds used light strands of copper wire to build a nest in the circuit-breaker. A breeze apparently blew the loose ends of the copper wires against the high tension wires, setting off a 14,400-volt blast.

The birds and the nest couldn't be found after the explosion.

# Hammarskjold Meets Nasser

## U.N. Leader Presses His Campaign to Quiet Lebanese Rebellion

CAIRO (AP)—U. N. Secretary General Dag Hammarskjold pressed his campaign to quiet the Lebanese rebellion with President Nasser and the government of the United Arab Republic today.

Hammarskjold met with Nasser last night a few hours after arriving from Amman and Jerusalem. He left Beirut Saturday after talks with the Lebanese government on their charges that Nasser has sent arms and men across the Syria-Lebanon border to aid the rebels.

★ ★ ★

Informed sources said U. A. R. officials would warn Hammarskjold against foreign interference in Lebanon and insist once more that their government is not aiding the rebels. Nasser contends that the Lebanese crisis is completely internal, and that pro-Western President Camille Chamoun is seeking a pretext for the United States and Britain to send troops to his aid.

Hammarskjold is to return to Beirut Tuesday and is scheduled to leave for New York the next day.

★ ★ ★

U. N. headquarters in New York announced that the United States was providing two helicopters and Sweden four light observation planes for the use of the U. N. observer group the Security Council has sent to Lebanon to check on any infiltrations from Syria.

★ ★ ★

In Lebanon, meanwhile, the U.N. mission planned to establish a watchdog team today in the strategic Bekaa border area despite go-slow warnings from rebel leaders in the area.

★ ★ ★

Finally he decided Lair must be clean and entered. He found the room empty, the shower still running.

Police figure Lair climbed through an unlocked basement window.

# *Cancer Workers Rapped for Not Quitting Smoking*

DALLAS (AP) — While cigarette smoke wafted up from the audience, the American Cancer Society's Dallas unit yesterday was chided "for flaunting the million dollars spent on the study of lung cancer."

★ ★ ★

"Nothing makes me angrier than to watch a person take a puff," said Dr. Robert J. Samp, of the Cancer Research Staff at the University of Wisconsin Medical Center, "and smile and say 'Well, if I'm gonna go, it's a wonderful way to go.'"

★ ★ ★

"He will go, all right, and there's an excellent possibility the way will not be wonderful," he said.

★ ★ ★

"If we active workers ignore our own research, who can we hope to save?" he asked.

## Historic County Links Host Famous Tourneys

Oakland County's many historic golf courses have been the scene of several of the nation's greatest tournaments through the years as well as being an annual popularity spot for state events.

**Mammoth Oakland Hills has been the favorite location, with three National Opens placing the Maple road layout at the head of the list. The Western Open has been the most frequent visitor with four trips to county clubs.**

Other popular county links during the past 35 years or so have been Plum Hollow, Red Run, Franklin Hills, Birmingham and Indianwood.

★ ★ ★

Founded in 1916, Oakland Hills was host to the U.S. Open in 1924, 1937 and 1951. The immortal Bobby Jones, Ralph Guldahl and peerless Ben Hogan were the champions, respectively.

**Oakland was also host to the Western Open in 1922 with home pro Mike Brady taking first prize. In 1929 the U.S. Women's Amateur came to Oakland and Miss Glenna Collett won the event for the second straight year.**

Plum Hollow, founded in 1921, was the site of the National PGA tourney in 1947 when Jim Ferrier defeated Chick Harbert in the finals and Doug Ford won the Western Open there last year.

★ ★ ★

Red Run, which had its inception in 1914 as a nine-hole layout, played host to this year's western Open and the Motor City tournament came to the plush links in 1950 and 1952.

**Birmingham Country Club, also born as a nine-hole course in 1916, hit the big time in 1953 with the National PGA as Wally Burkemo defeated Felice Torza for the title. Last year Birmingham was the site of the Michigan PGA.**

Indianwood, now in its 32nd year of operation, was given the Western Open in 1930 and Gene Sarazen fired his way to the championship. The Lake Orion course has been host to the state PGA three times — 1928, 1948 and 1951 — and the Michigan Open stopped there in 1952 and 1956.

★ ★ ★

Franklin Hills was visited by the USGA Women's Amateur tourney in 1947 and Louise Suggs, now a top-ranking pro, won the title. Edgewood was the scene of last year's state Open championship.

**The Michigan Publinx tournament just concluded yesterday at Pontiac Country Club and numerous other events have been staged at county links over the years.**

All in all, Oakland County's golf courses can hold their banners high and boast a proud tradition. They have seen some of the best.

## Forest Lake CC to Offer Rough Test for Women

Tht newly redesigned course at Forest Lake Country Club will offer a good test for the lady pros and top amateurs.

What were once considered weak par-4 holes have been revamped and what was once number 13 is now number one.

No trap can be reached from the tee on any par-4 or par-5 hole except for the long drivers of 225 yards or more.

**HOLE NO. 1—320 YARDS—PAR 4**

Tee is steeply elevated above the fairway with out of bounds on the right and a stream hazard on the left. A small green is contoured and unless the second shot is well placed this could be a rough three-putt green.

**HOLE NO. 2—315 YARDS—PAR 4**

A drive of at least 210 yards is required for a clear shot at the green which is found when the fairway turns sharply to the right. The green is small, elevated and guarded in front and left by traps.

**HOLE NO. 3—175 YARDS—PAR 3**

This is a sharply contoured hole with a big rolling green. The wind will affect many shots here.

**HOLE NO. 4—400 YARDS—PAR 4**

This could be the decisive hole of the tournament. The wind will be a big factor and second shots may take woods. Putting will be a problem as the green is elevated and sloped.

**HOLE NO. 5—535 YARDS—PAR 5**

The most difficult hole on the course, it has out of bounds border on the entire left side from tee to green with a stream in front of the green and guarded by traps.

**HOLE NO. 6—420 YARDS—PAR 5**

This hole will play as par 5 only against the wind. Out of bounds on the right and water hazard on the left and another elevated green will be tricky for the girls.

**HOLE NO. 7—435 YARDS—PAR 5**

This hole along with No. 4 and No. 6 will be the only holes where the ladies will not play against men's par. A sharp dog-leg could hurt with a bad drive.

**HOLE NO. 8—170 YARDS—PAR 3**

A wood may be required against the wind. A deep heavily lipped trap guards the green on the right.

**HOLE NO. 9—355 YARDS—PAR 4**

Trees on the left force a dog leg to the left to a highly contoured green.

**HOLE NO. 10—140 YARDS—PAR 3**

A scenic fairway with a green surrounded by yawning traps.

**HOLE NO. 11—365 YARDS—PAR 4**

Hookers will be in trouble in the pines. Both sides of green have bunkers.

**HOLE NO. 12—355 YARDS—PAR 4**

A pine grove at left and mild gully across fairway can complicate play. Green well contoured and trapped.

**HOLE NO. 13—395 YARDS—PAR 4**

A "blind shot" hole, the green is level but getting to it will mean crossing a couple valleys.

**HOLE NO. 14—325 YARDS—PAR 4**

This will be the big little hole for the girls. It will be severe driving hole with plenty of traps and trees.

**HOLE NO. 15—370 YARDS—PAR 4**

A pond on the left awaits a bad hook. The green slopes forward and is slightly elevated.

**HOLE NO. 16—485 YARDS—PAR 5**

An elevated tee, a mild valley, a ridge, another valley and a sharply elevated green with traps at top of ridge on each side make it tough even with a 50-yard shot.

**HOLE NO. 17—200 YARDS—PAR 3**

A difficult par-3 with sloping fairway and the most difficult green to "read" on the course.

**HOLE NO. 18—480 YARDS—PAR 5**

A perfect par-5 hole with good birdie possibilities. Green trapped on right only.

# Forest Lake Favorite Women's Tourney Site

Women in golf have played a tremendous part in the short but successful history of Forest Lake Country Club.

This week's National Women's Open is the third major tournament for the ladies to be held at Forest Lake since its re-establishment as a private cub in 1954.

**In 1955 the first Wolverine Open was held and in 1956 the Ladies Professional Golf Association used Forest Lake as the site of its championship.**

With a redesigned course in which men's par was changed from 72 to 71 one of the largest fields in the USGA Women's Open will accept the challenge of the 6,415 yards (6,240 for women).

★ ★ ★

The championship will get underway Thursday at 10:00 a.m. in 72-hole medal play with the low 40 and ties going into the 36-hole finals Saturday.

**Should a playoff be necessary, 18-holes will be played on Sunday with sudden death thereafter.**

A purse of $7,200 with $1,800 for the champion and $1,200 to the runnerup will be at stake for the professionals.

★ ★ ★

In past tournaments at Forest Lake, veteran lady pros such as Marlene Bauer Hagge, Patty Berg and Louise Suggs have done exceptionally well on the course.

**Mrs. Hagge, currently the leading money winner on the women's tour, won the PGA here two years ago. Winner of the Wolverine in 1955 was Fay Crocker.**

This will be the 6th annual Women's Open since it was taken over by the USGA. Defending champion is Betsy Rawls who won the title at Winged Foot, New York after a weird technicality took the crown from Jackie Pung who actually was the winner with a 298 total.

★ ★ ★

The officials disqualified Mrs. Pung after checking her scorecard and noting that one hole on the card was marked wrong by her partner Betty Jameson and Mrs. Pung had signed it.

**There was no discrepancy in her score, her penalty came because she signed the card showing a five instead of a six on the 4th hole. She counted the six in her total but did not realize that the card was marked for five.**

All course records which formerly existed at Forest Lake have been removed due to the change in the layout, therefore new marks will result during the 1958 USGA Women's Open.

Parking for the tournament adjoining the course will hold 4,000 cars.

★ ★ ★

A book of four tickets can be purchased in advance for $9.00. Daily prices are $2.20 for practice rounds, $3.30 for tournament rounds June 26-27 and $4.40 for final two rounds June 28th.

## Six Ex-Champs Expected for Women's Open

Six former champions are expected to play in the women's open golf tournament that starts Thursday at Forest Lake Country Club.

**The entry list includes three of the four champions since the U. S. Golf Assn., took over the tournament in 1953. They are Betsy Rawls, the winner in 1953 and last year Fay Crocker, the 1955 champion, and Kathy Cornelius, 1956. The late Babe Didrickson Zaharias won the tournament in 1954.**

Pre-1953 champions who have entered include Patty Berg, Betty Jameson and Louise Suggs.

Other leading professionals who have entered include Mickey Wright, Wiffi Smith, Mary Lena Faulk, Ruthie Jessen, Marlene Bauer Hagge, Alice Bauer, Marilynn Smith, Bev Hanson and Joyce Ziske.

Horse-of-the-Year Bold Ruler and the retired world money-winning champion, Nashua, both trained by Sunny Jim Fitzsimmons, won their richest purses to date competing in Hialeah's famed Flamingo Stakes.

## Net Champs Travel

ANNAPOLIS, Md. (AP)—Southern California's national championship tennis team left for the summer amateur circuit today after a clean sweep of the 74th annual NCAA tournament here.

All five of the Trojans, plus the runners-up from Stanford, will play in the Tennessee Valley Invitational meet beginning on the clay courts at Chattanooga, Tenn., tomorrow.

**WOMEN'S OPEN SITE — Forest Lake Country Club, re-established as a private club in 1954, will again become the hub for the top women golfers in the country this week when the USGA holds the 5th annual National Women's Open. Forest Lake was laid out in 1925 on 125 acres but in 1938 the club was dissolved because of the depression. It was purchased for $250,000 in 1954 and since then more than $200,000 has been spent in renovation and modernization of the building and swimming pool. The course itself was completely redesigned this season. This will be the third top women's tournament to be held at Forest Lake since 1955 when the Wolverine Open was staged. In 1956 the LPGA held its tournament here. Bob Gajda is the pro at Forest Lake which is located in Bloomfield Township on Club Drive.**

BOB GAJDA

## Bob Gajda Is 'Charter' Pro at Forest Lake

One would say Bob Gajda is the charter pro at Forest Lake. The lanky ex-GI took over the professional's job when the club was re-established as a private organization in 1954 after serving as assistant pro at Red Run and Oakland Hills from 1947.

**Gajda is one of the most popular pros on the women's circuit inasmuch as he will be the host to the third major ladies' tournament in his five years.**

A former public links golfer, Gajda served with the Army's aviation engineers during a 3½ year stretch with Uncle Sam. His staff at Forest Lake includes Al Usler, assistant; Darelle "Dutch" DeLongchamp, caddie master and Elmond Sullo, assistant, Ted Lazaroff is the greens superintendent.

**After 20 years as an assistant to Karl Schlademan, Francis Dittrich will take over as Michigan State's head cross-country and track coach this fall when Schlademan retires.**

Flight No. 1 On or About Nov. 1

# Giant Vacuum Cleaner Will Sweep In U.S. Jet Airliner Era This Year

By CLAIRE COX

NEW YORK (UPI)—The great multi-billion-dollar jet era, heralded as the greatest transportation development since the change from sail to steam, will begin with the roar of a giant vacuum cleaner.

A lumbering machine will roll down a New York Idlewild International Airport runway picking up rocks and other particles that could gum up the works of a jet engine.

Then a big swept-wing jet plane will suddenly sprint down the airstrip, vault into the air and in 29 minutes be cruising at 29,000 feet over Nantucket Island.

**This will be Pan American World Airways jet flight No. One, leaving Idlewild at 11 p.m. EST, on or about Nov. 1, bound for Paris with 140 passengers and a crew of 8.**

It will be the nation's first commercial jet flight, ushering in an age that has been in the making since World War II, at a cost of billions to airlines, airports and local & state and federal governments.

★ ★ ★

Pan American's tentative inaugural flight plan calls for cruising at altitudes ranging from 30,000 to 40,000 feet at a speed of nearly 600 miles an hour. In a little more than seven hours, the passengers will be strolling on the Champs Elysees.

**Other planes and other airlines will follow this single jet into the stiff competition for passengers. Finally, by 1961, a total of about 230 U. S. operated jet planes, capable of carrying up to 150 passengers each, and nearly 200 smaller prop jets will be plying the skies. Foreign airlines will add heavily to the maze of frosty white jet trails streaking the world's skies.**

What will this mean to John Q. Traveler? It will slice his world in half, double his horizons, and at no extra cost—at least, not until the airlines have had a chance to determine the profit margins of jet operation.

★ ★ ★

The first U. S. commercial jet flight will be made by a five-million-dollar Pan American Boeing 707 four-jet, swept-wing airplane nearly half as long as a football field and wide enough to seat six persons across and still leave a roomy aisle on coach flights.

Passengers will board in time for a champagne supper served at 31,000 feet. They will eat breakfast prepared in two specially designed galleys and arrive in Paris for lunch.

**Soon after Pan American blazes the trail across the Atlantic in the civilian counterpart of the big Air Force KC135 tanker plane, American Airlines will pioneer domestic jet service with flights connecting New York and Los Angeles in five hours—slightly longer than it now takes to travel from New York to Washington, D. C., by train.**

When the call comes at Los Angeles International Airport, "Passengers now boarding American Airlines non-stop flight for New York," some time late this year, the first transcontinental jet operation will be under way.

★ ★ ★

A passenger boarding the new American Boeing 707 will find a cabin 30 per cent wider and nearly 40 per cent longer than the largest now in use.

He will drop into a seat two inches wider and deeper than on present planes and with much more leg room. There will be two over-stuffed arms on which to lean and a table between him and his seat mate.

In front of him will be his own private lights, public address loudspeaker, ash tray, "Fasten Seat Belt" and "No Smoking" signs and built-in oxygen mask for emergencies.

**The 120 to 140 jet passengers will find everything in the plane in various pastel colors—except the ceiling, which will be sky blue, for psychological reasons. Each group of four to eight seats will be a different color, for a "living room effect." The walls will be in several contrasting colors.**

The plane will have three galleys instead of the present one. The lounge will be forward, with seats facing the windows, instead of in the present U-shaped area aft.

★ ★ ★

The flight itself will be different. When take-off time comes, there will be no need to rev up the engines at the end of the runway. The engines will be tested as they are lighted up, at the boarding ramp.

**The big plane will rise from the runway at 9 a.m. Pacific Coast Time, under the present tentative schedule. It will nose sharply up, climbing at three times the rate of a DC7C, until it reaches a cruising altitude of 25,000 to 40,000 feet.**

In 23 minutes, the 707 will be flying at 31,000 feet over the San Bernardino mountains, with the only sound penetrating the cabin a soft, soothing swish of air, passing over the outside skin of the airplane. The engines will sound faint and far away. The sky will become a deeper and deeper blue.

**The plane will touch down at Idlewilde Airport, New York, at 3:14 p.m., Eastern Time, four hours and 14 minutes after leaving Los Angeles.**

Five minutes after touching the ground, the passengers will be ready to claim their baggage and head for the latest Broadway hit after a flight so smooth it will seem as if the plane never left the ground.

## Michigan Dems Aloof Over Rift

### Paying Little Attention to Dissidents Seeking Major Nominations

LANSING (AP) — The state Democratic Party leadership is heading toward the August primary in a show of aloofness toward party dissidents trying for major nominations.

Except for a spurning remark by State Chairman Neil Staebler, they went unmentioned at yesterday's meeting of the State Central Committee.

Gov. Williams, ignoring his competition, pledged that if elected to a sixth term he would pursue a policy of trying to diversify Michigan industry "so that Michigan will not be hit by a depression every time auto sales fall off."

**"The cure is obvious. We must build up other kinds of industry in Michigan," Williams said.**

The committee's pre-primary meeting was the first in 10 years to find Williams with a rival for the party's nomination for governor.

Opposing the governor, under the aegis of the Dissident Democrats of Michigan, Inc., is radio station owner William Johnson of Ironwood.

**Former unionist Homer Martin, more lately a farm group leader in milk price disputes, is the rival of Lt. Gov. Philip A. Hart for the nomination to U.S. Senate.**

Party Chairman Staebler brushed off Johnson when asked if the latter had been invited to share the platform yesterday with Williams.

Staebler's reaction hardly coincided with the neutrality usually shown by chairmen in such circumstances.

**"We invited the governor of Michigan to speak," he said, adding: "There is only one governor of Michigan."**

He also introduced Williams as "the most effective person in the party."

## Yanks Unleash 16-Hit Attack Before 47,300

### Victory Is New York's First Over Detroit in Eight Games

DETROIT (UPI) — It was fun while it lasted.

But the Detroit Tigers knew it couldn't go on forever, and the New York Yankees proved it yesterday with a resounding 15-0 victory before 47,300 disillusioned fans at Briggs Stadium.

★ ★ ★

**The Yankees put together a combination of two-hit pitching by Don Larsen — the big right-hander who fired his way into the hall of fame with a perfect game against the Brooklyn Dodgers in the 1956 world series — and a lusty 16-hit attack at the expense of five Detroit hurlers.**

Obviously, the Tigers had made the Yankees angry by beating them seven straight times, the longest run of victories by a team against New York since Casey Stengel took over as manager a decade ago.

★ ★ ★

New York didn't waste any time piling up a lead. Smarting from a 1-0 defeat at the hands of Frank Lary 24 hours earlier, the Yankees jumped on Billy Hoeft and Tom Morgan for six runs in the first inning.

**Hoeft led to his own undoing by fumbling and then kicking an easy tap back to the mound by lead-off man Hank Bauer. Yogi Berra lined to Frank Bolling but Gil McDougald singled to center for the first of his four hits in the game.**

Wildness then befell Hoeft. He walked Mickey Mantle to load the bases and hit Bill Skowron with a low inside pitch to force home Bauer.

★ ★ ★

Hoeft was relieved by Tom Morgan after walking Elston Howard on four pitches to chase home McDougald with a second run.

**Morgan didn't have any trouble getting the ball over the plate. But the Yankees were hitting it. Andy Carey lined a two-run double and Tony Kubek singled in another run. Carey also tried to score on Kubek's hit when the throw home eluded Jim Hegan. But he was thrown out by Morgan, who backed up the play.**

Larsen drove in the sixth run of the inning with a double and Herb Moford relieved Morgan to bring the rally to a halt.

★ ★ ★

Moford held the Yankees in check until the eighth inning when New York exploded for its second six-run outburst. The runs came on singles by Kubek, Bauer and Mantle, doubles by Berra and McDougald and Elston Howard's seventh homer of the year.

**Bill Fischer, making his first appearance in a Detroit uniform, became the fifth Tiger pitcher in the ninth and he was tagged for the last three New York runs.**

Al Kaline, who carried an 18-game hitting streak into the series finale with the Yankees, saw it snapped when he flied out twice and grounded to shortstop twice.

Detroit opens a four-game series with the Baltimore Orioles this afternoon.

## McVittie School Softball Champ Behind Fitzpatrick

With Lew Fitzpatrick starring on the mound and at the plate, McVittie won the "world series" of the Waterford Township Recreation Department's elementary school softball league with a 4-0 victory over Burt.

★ ★ ★

Fitzpatrick hurled a three-hit shutout and clouted a two-run double in the 1st inning. McVittie had won the American League title while Burt School was the National loop winner.

★ ★ ★

Pontiac Lake School won the girls' elementary softball league this season for the 3rd straight year.

Sal Wasn't Kidding!

# Maglie Defeats Braves 2-1

★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★

By The Associated Press

Sal Maglie wasn't kidding when he said "I'll show 'em."

The 41-year-old right - hander was peeved when the New York Yankees shunted him to St. Louis June 14 to make room for a 39-year-old man (Virgil Trucks).

When he left the Yankees he told reporters, "I still think I can take a turn. I'm peeved. I'll show 'em."

Freddie Hutchinson, Sal's new boss with the Cardinals, shared Maglie's sentiments. He gave The Barber a starting chance Sunday against Milwaukee and was rewarded with a 2-1 victory over the league-leaders.

Hutch probably was well aware of the fact that pennants and Maglie go hand in hand. The Giants, then in New York, won with him in 1954, Brooklyn won with him in 1956 and last year he joined the Yankees in time to celebrate another championship. The only time he missed in the last four years was at Cleveland in 1955.

Maglie showed signs of weariness in the sixth and seventh so Hutch sent up Irv Noren to bat for him in the eighth inning. Larry Jackson, a work-horse both on relief and starting, retired the last six Braves in a row.

The defeat cut the Braves' National League lead to 1½ games as San Francisco outlasted the Phillies 5-4 in 14 innings on a homer by Willie Kirkland. The Giants also led their second game 1-0 when it was suspended in the sixth by the Sunday curfew. It will be completed later.

As a result of the Sunday action there is practically a triple heat for third place with Cincinnati, St. Louis, and Pittsburgh each 3½ games behind the Braves and separated by only one percentage point.

★ ★ ★

Cincinnati split with Chicago winning the first on Gus Bell's grand slam homer 6-2. The Cubs staged a three-run rally in the ninth to take the second game 8-6.

Steve Bilko and Johnny Klippstein, two recently acquired Los Angeles Dodgers helped the cellar team win a doubleheader from Pittsburgh 4-1 and 3-2. Klippstein's relief work saved the first game in which two singles by Dick Gray played a prominent part. Bilko's 10th inning pinch single scored Joe Pignatano from second base for the second decision.

★ ★ ★

The Dodgers showed tight defensive play while the Pirates made two costly errors in the first game in which Bob Friend was chased for the first time in his career for arguing Umpire Vic Delmore's calling on balls and strikes.

## Minoso Lags, Fined $20

CLEVELAND (AP)—Minnie Minoso, who hit two home runs in leading the Cleveland Indians to a doubleheader victory over the Washington Senators Sunday, disclosed he had been fined $20 after Saturday's game.

**"He say I no run out the double so now I run out everything, even the home runs," Minoso explained.**

The "he" referred to Bobby Bragan, Cleveland manager, who later confirmed the fine. Minoso ran around the bases full speed whe he hit his second game homer, the only run in a 1-0 victory.

★ ★ ★

The Cuban star didn't slacken as he crossed home plate and continued running until he approached the dugout.

**According to Minoso, he was fined when he only got a double on a fly ball misjudged by Washington's Jim Lemon in the ninth inning of Saturday's 11-7 loss.**

**TIGER STOPPER** — Don Larsen of the New York Yankees, who uses no windup, put a damper on the Tiger string of seven straight wins over the Yanks by pitching a 15-0 shutout at Briggs Stadium yesterday. The Yankees got six runs in the first inning and finished with 16 hits.

## Jack Nicklaus Wins Trans-Miss Tourney

HUTCHINSON, Kan. (AP) — Jack Nicklaus, cocky young son of a Columbus, Ohio, druggist, won the Trans-Mississippi Amateur golf tournament yesterday with a 9 and 8 victory over Richard Norville of Oklahoma City.

It wasn't much of a match. Nicklaus, 18, smacked the ball 300 to 325 yards down the fairways—usually 20 to 50 yards farther than Norville—and followed up with good putts to completely outplay his opponent.

He had five birdies, while Norville failed to shoot under regulation, and he parred six holes on which Norville was one over. The Ohioan shot the last 20 holes in even par, and he was only three over regulation for the 28 holes it took to defeat the Oklahoman.

## Grid Cardinals to Play 5 Games in Comiskey Park

CHICAGO (AP)—The Chicago Cardinals of the National Football League today announced they have come to terms with Chicago White Sox officials and will play five home games in Comiskey Park this year.

The Cardinals several weeks ago were dickering to play their home schedule in Northwestern University's Dyche Stadium in suburban Evanston.

The Cardinals will open their home season in Comiskey Park with a Saturday night engagement against Washington, Oct. 4. Their "home opener" scheduled against the New York Giants on Sept. 28 will be played in Buffalo, N. Y., because the White Sox will use Comiskey to close their season on that date against Kansas City.

Other Cardinal home games are against Cleveland, Oct. 26; Philadelphia, Nov. 2; Pittsburgh, Nov. 23, and Los Angeles, Nov. 30.

**3-TIME WINNER** — Mike Andonian (right) is making a habit of winning the Michigan Public Links golf title. The Pontiac Central teacher did it for the third straight time yesterday by defeating city rival Paul Bada, 5 and 4 in the finals. Andonian went through the tournament 22-under par.

## Pontiac Golfer Takes Title by Defeating Bada

### Victory Is 3rd Straight Public Links Crown for PCH Teacher

Consistency paid off for 32-year-old Mike Andonian, teacher and insurance salesman, who yesterday won an unprecedented third straight Michigan Public Links championship by defeating city rival Paul Bada, 5 and 4 in the 36-hole finals at Pontiac Country Club.

★ ★ ★

**Andonian finished the tourney 22 strokes under par, and yesterday he carded 23 pars, eight birdies and one bogey to end the match on the 32nd hole.**

Bada, who last year defeated Andonian for the city title in a playoff, took the first hole but he lost it at three and bogeyed number 8 to go one down, never to take the lead again.

★ ★ ★

It was even when Bada birdied 10 but Andonian took 12-13-14 and Bada could never recover. Andonian was 5-up after 18 and 5-up going into the final nine.

**The lone bogey for Andonian came on the first hole when he three putted the green. Bada had shank problems and on the par-3 eighth hole (26th hole of the match) he went into the ditch and took a five.**

Saturday, Andonian had his toughest match as he ousted Doug Wilson of Ypsilanti 1-up after trailing several times. Bada eliminated Wally Smith in Saturday's semi-finals, 2 and 1.

★ ★ ★

It was the first time anyone has ever won the state publinx crown three straight times. Jay Law won it three times but not consecutively.

Andonian was one of 12 Michigan publinxers who qualified for the National Public Links tourney in Chicago starting July 7th.

## A's Win but Still 8½ Games Out

By The Associated Press

Despite all the help the Tigers have been trying to give the American League by whipping the Yankees so often, Kansas City is still 8½ games behind as the second place team.

The Athletics topped Boston again 2-1 with the help of a game-saving catch by Hector Lopez on a drive by Jackie Jensen. Jack Urban outpitched Tom Brewer in a tight battle, delayed more than a half hour by a rain and a tornado scare.

**Cleveland broke out of a four-game losing streak by taking a pair of one-run decisions from Washington 4-3 and 1-0. Minnie Minoso hit a home run in each game, deciding the second in favor of Jim Grant over Hal Griggs.**

Baltimore climbed out of the cellar when Billy O'Dell turned in another fine effort, a six-hit shutout of Chicago 2-0, his eighth victory. It was the first decision for the Orioles over the White Sox after nine defeats.

★ ★ ★

At Kansas City, Lopez dashed into right center to snare Jensen's drive in the eighth with Pete Runnels on third base and the score tied. Lopez' single scored the winning run in the last of the eighth, after Preston Ward and Bob Cerv singled.

Cleveland came up with three runs in the fifth inning to win the opener for Ray Narleski, his ninth, although Don Mossi finished up. Vic Power and Woody Held drove in the three runs. Minoso's 11th homer of the year in the sixth inning ruined Grigg's four-hit job in the second game.

O'Dell did a job on the White Sox who had five shutout jobs by their pitching staff in a string of seven games. The Orioles scored twice in the third off Jim Wilson.

Before the Chicago game, Ed Walsh, hall of fame pitcher, was honored in special ceremonies. He received a check and a plaque.

## Collegiate Title at Stake

WILLIAMSTOWN, Mass. (AP) —Ward Wettlaufer, 1957 finalist, heads a star studded field of 303 today into a qualifying marathon at the National Collegiate golf championships.

★ ★ ★

By Wednesday night the number of competitors will be trimmed to 64 for the start of match play on the narrow, 6,630-yard, par 71 Taconic course at Williams College.

In the intervening three days each player will have two rounds of 18 holes from which the team championship will be determined. The school with the lowest total score for four entries wins the crown.

The University of Houston is the two-time defender but Southern California is favored.

Wettlaufer, the chunky, baby faced Hamilton College captain, from Buffalo, N.Y., lost to Rex Baxter, now departed from the college ranks, 4 and 2 in last year's NCAA finals.

Southern Methodist's Jerry Pittman, second amateur in the recent National Open, Big Ten titlist John Konsek from Purdue, Tommy Aaron of Florida, Maryland's Deane Beman and Penn State's Bill Davidson are top contenders.

★ ★ ★

Al Geiberger, Pacific Coast Conference titlist, heads the powerful USC aggregation which also includes Bud Bradley, Bob McCallister, Bob Howe and Don Thornton. Bradley and Geiberger were the 1954 USGA and Jaycee National Junior champions.

## Doctoring Your Golf

By DR. CARY MIDDLECOFF

**PATIENT'S COMPLAINT: Trouble Driving Against the Wind.**

**DIAGNOSIS: You're Teeing It Too Low.**

**Treatment:** Keeping the ball down low on drives into the wind is a fine thing. But it's not the main thing.

**The main thing is to hit the ball as solid as possible so as to keep from putting underspin or sidespin on the ball. A ball hit fairly high but solidly will travel much farther into the wind than one hit low but slightly off center. You must get a lot of clubface on the ball to get maximum distance into the wind.**

With this in mind, tee the ball for into-the-wind drives the same height as you do for drives when the wind is not a factor. Teeing the ball too low makes it hard to deliver a solid blow. Also, it induces hitting down on the ball, which causes underspin.

# Kroll's Ahead, but Watch Fleck

By BILL CORNWELL

GRAND BLANC — Veteran Ted Kroll was at the head of the pack, but the Flint Open golf championship potentially belonged to at least eight other players as the $52,000 tournament swung into its final 18-hole round this morning at Warwick Hills Golf and Country Club.

**For the first time in seven rounds, colorful Tommy Bolt relinquished his position on top of the heap as the 39-year-old Kroll rifled his third straight sub-par round Sunday, a three-under-par 69, to forge into a two-stroke lead with a 54-hole total of 211, five shots below regulation. Kroll had previous scores of 71-71.**

There was every indication, however, that the balding Kroll would have to fight for his life today when the remaining field of 61 pros and five amateurs began leaving the first tee at 10 a.m.

★ ★ ★

Moving into strong contention yesterday in the hot pursuit of $9,000 in top prize money were Rochester's Jack Fleck and Julius Boros of Mid Pines, N.C., both of whom equalled Kroll's 69.

**Fleck, playing his finest golf since he won the U.S. Open title in 1955, stormed into a tie for 2nd place with Bolt at 213, only two strokes behind Kroll. Boros had a score of 214 to share 3rd spot with stocky Bill Casper Jr., who fired 71, including an eagle three on the 595-yard 7th hole.**

All alone in 4th with 216 was chunky Bob Rosburg, who shot the greatest nine-hole round of the tourney yesterday after going out in 41. Rosburg carded a blistering 32 on the back side, featuring four birdies, to hole out with 73.

★ ★ ★

Bolt, who paced the field all four rounds while winning the National Open crown at Tulsa, finally yielded his position of eminence after topping the parade here for the first two rounds to run his leadership string to six in a row.

He gave up his laurels graciously, however, by shooting his second straight par 72 to go with his opening day 69. It was plenty respectable, but unable to stand up against the surge of Kroll, who trailed by only one stroke when the day started.

**Kroll, who has enjoyed very little tournament success since winning the deceased "World" championship at Chicago's Tam O'Shanter in 1956, has been playing remarkably consistent golf in this tourney. His card Sunday was 35-34 and he never went over par on any hole.**

As an example of his steadiness, he has reached 49 of the 54 greens in regulation, missing only the 11th and 17th yesterday. He one-putted the 11th for a par three, parred the 222-yard 17th with two putts after his drive stopped on the front apron and had one-putt greens for birdies on 6, 16 and 18.

★ ★ ★

Fleck took just 31 putts and holed out a 40-foot wedge shot for a birdie four on the 1st hole. Jack posted four other "birds" plus two bogies and pitched within three inches of the cup on No. 2 for a "gimme" par four.

**A 15-foot putt fell for a birdie at No. 3, a 12-footer dropped for a "bird" on the 7th hole, Fleck's 2nd shot on the 410-yard 10th stopped four inches short of the pin for a "tap-in" birdie and he birdied the 16th with a three-foot putt.**

Boros accompanied Fleck on the tour of Warwick's 7,280 yards and big Julius and the Rochester pro turned in identical scorecards of 34-35—69 against par 36-36—72. Boros bogied just one hole, the 2nd where he found a sand trap. He birdied four holes and one-putted five greens from 20 feet to 15 inches in length.

★ ★ ★

The 69s by Kroll, Fleck and Boros were three of four recorded yesterday. Young John McMullin, who became a father last Friday, put together 36-33 for a 219 total and a 7th place tie with Bill Collins. McMullin birdied four holes, three on the back nine, and slipped to a bogey once.

**Masters champion Arnold Palmer, hurryin' Doug Ford and Art Wall Jr. were tied for 5th spot with 217 and each golfer was still very much in contention. Utica's Max Evans was among five pros deadlocked for 6th at 218.**

Palmer breezed around in 70 strokes and blew a chance to shoot Sunday's lowest score by taking a double-bogey five on the difficult 17th after getting birdies on the first three holes for an outgoing 33 and picking up another "bird" at No. 10. Arnie three-putted the 17th green from 10 feet after hitting the trap of the tee.

Two other 70s were shot yesterday, with the honors going to veteran pro Walter Burkemo of Franklin Hills CC and 26-year-old Wes Ellis Jr. of Ridgewood, N.J.

## Bayview Sailors Tops for Invitational Race

Bayview Yacht club of Grosse Pointe Sunday afternoon emerged victor in the first annual Pontiac Yacht club's invitational lightning regatta at Cass Lake, with a first and a second place. PYC was runnerup with several places, led by Mack Goodwin's win in the 2nd race, the only first for the host sailors.

**Bayview got an assist from Detroiter Walt Roney who finished first in the afternoon, but disqualified himself for touching Jim Schudel's Bayview boat at the start. Schudel was 2nd, moved to first on Roney's action. Bob Mello and John Calder crewed for the winner.**

Wes Weidrick of Bayview was declared 2nd and Herman Nickels of Fenton was 3rd. Nickels builds lightnings. Because all three were tied with 33 points, the places were decided by a quarter-point award to Schudel under Lightning Assn. rules, and flip of a coin for the others.

Les Huntwork (7th) and Bob Slack (6th) were among the PYC placements.

★ ★ ★

An unusual feature of the regatta was the fact that the visiting sailors didn't bring their own boats. They used PYC craft, except for one—Glen Fries of Watkins Lake Yachting Association used his own.

A "drifter" event marked the morning race, but a light breeze offered sailing headway in the afternoon.

Clubs represented included, besides PYC, WLYA, Fenton, Higgins Lake Yachting Assn., Bayview, Devils Lake (Adrian), Crescent Sail Yacht (Grosse Pointe) and Tawas Yacht club.

## Nichols' Triple Wins Game, 2-1

A triple by Chuck Nichols handed Birmingham a 2-1 triumph over the VFW Sunday night in a 10-inning City League softball thriller at Beaudette Park.

With two men out in the bottom of the 10th, Jim Landino walked and dashed home for the winning run on Nichols' clout as pitcher Fred Konchis of the VFW dropped a heartbreaking four-hitter.

Roger Reynolds relieved starter C SaBob Santelle in the 3rd innin Bob Santelle in the 3rd inning and hurled the rest of the way to get credit for the victory. The VFW was limited to three hits. Birmingham tied the score with one run in the 5th after the losers tallied once in the 3rd.

In women's City League action at North Side Park, Vernie Deel blasted a grand slam homer as Michigan Bell trounced Pursley Ambulance, 12-5, and the All-Stars downed Costello Excavating, 4-2, behind the steady pitching of Gerry Bender.

## 6th Inning Double Wins for RO Club

A sixth-inning double by the game's winning pitcher, Sandy Sanders, chased in the tying and winning runs for Royal Oak against Waterford Sunday at Royal Oak in an American Legion contest. Oaks won 6-5 after scoring in the 1st, 2nd, 3rd and 6th frames. Win leaves Oaks with a 2-1 mark, Waterford with 0-3.

Losing pitcher was Pascthke who gave up only four hits, while his mates got eight off Sanders.

Other 17th District games were easy for the victors.

John Wischman hurled Birmingham to a 4-2 win over Milford. George Ditler's triple in the 5th produced the winning runs. Southfield swamped Clawson 8-1 with Filar the winning pitcher. Rochester's 13-8 win over Berkley, with Dennis Scott the winner, was the other league tilt for the weekend.

## Foul Weather No Barrier for U.S. Pilot at Le Mans

LE MANS, France (AP)—Phil Hill of Los Angeles and Olivier Gendebien of Belgium were hailed as heroes today for having piloted their Ferrari to victory through the foulest weather in the history of the classic Le Mans 24-hour sports car race.

He teamed with Peter Collins to win the Sebring 12-hour race.

For their blistering average of 106.1 miles per hour through 20 hours of intermittent drizzle, rain and flood the French press hailed them as having won as much against the elements as the speeding Jaguar of Duncan Hamilton and Yvor Bueb of Britain.

The Jaguar itself skidded off the track three hours before the finish.

## Best in Fairway Club

Mrs. Ray Hoover shot a low gross score of 49 and Mrs. Theo Dobski had low net of 34 to feature this week's competition in the women's Fairway Club golf league at Pontiac Country Club.

## Old Pro, Willie Pep, Faces McCoy Tonight

By The Associated Press

Willie Pep, the old pro from Hartford, Conn., will try to strengthen his claims for another shot at the featherweight title he held so long when he boxes Pat McCoy of Ireland tonight at New Bedford, Mass.

Wily Willie has won 28 of his last 29 and hopes to boost himself into a title match with Hogan "Kid" Bassey, the current 126-pound ruler in mid-September at Boston.

## Hollywood Headlines

# Prince and Pauper Twins Now Editing Scripts

By BOB THOMAS

HOLLYWOOD (AP)—What ever happened to the Mauch twins?

Some citizens have written in to ask after seeing them on television in that old movie favorite, "The Prince and the Pauper."

★ ★ ★

Well, Billy and Bobby are still at Warner Brothers, where they made the Mark Twain story and other films. But they're no longer before the cameras. As Bill and Bob Mauch, they are in the editing department.

At 34, both are still youthful, though their foreheads are receding. They still look enough alike to fool their co-workers, but upon scrutiny, you can detect slight differences between the two. Bill is more slim-faced, a bit more serious. Bob has broader cheeks, often erupts with an infectious laugh.

★ ★ ★

I asked the boys to start at the beginning in bringing themselves up to date. It all began in Peoria, Ill., where they were born, they related. They moved on to Chicago, began doing radio at an early age—impersonations, skits, etc.

Then the big time called them and the Mauches invaded New York radio, appearing on the March of Time and dozens of other shows. That was when Warner Brothers found them.

★ ★ ★

"They were looking for a boy to play Frederic March as a child in 'Anthony Adverse,'" Bob explained. "They tested us and wanted to sign Bill because his face was thinner and he looked more like March. But they took us both because there was a threat that MGM would sign us."

During the war they were together in the Air Force nearly all the time—"there's an order that twins can stay together if they want to," Bill explained. After serving in the states and the Philippines they returned to Hollywood.

★ ★ ★

"Bob went right into editing after the war," Bill explained, "but I stuck to acting. I did about 12 pictures over a five-year span. I liked it, but I also like eating. So I went into editing, too."

Both waited until the 30s to marry and both are childless so far. I asked if they ever planned to return to acting.

★ ★ ★

"No," said Bob. "Although we have thought about an adult Western with twin stars. Hey—wouldn't that be something?"

# AF Pilot Killed as B57 Crashes

## Second Officer Hurt Bailing Out of Stricken Bomber Over Georgia

OMAHA, Ga. (UPI) — An Air Force pilot was killed and a second officer injured when a B57 jet bomber crashed and exploded today in an open field about five miles northeast of this south Georgia town.

The public information officer at Elgin Air Force Base, Fla., tonight identified the victim as Capt. Kirk W. Cully, 37, of Vineland, N.J. Cully's body was found hanging from his parachute harness in a tree some distance from the wreckage.

**Cully was fatally injured when he ejected from his disabled aircraft and landed in a wooded area. Identification was held up pending notification of next of kin.**

The other pilot was Capt. William H. Gallup, 31, of South Norfolk, Va., who suffered a broken leg when he landed. He was reported recovering satisfactorily at the Ft. Benning Army Hospital.

Cully is survived by his wife, Janet Fay Boettcher of Dubuque, Iowa, and a two-year-old daughter, Christine Lee. He was the son of Mr. and Mrs. Kirk T. Cully of North Spring road, Vineland, N.J.

The plane was on a routine flight to Otis Air Force Base, Mass. The cause of the accident has not yet been determined.

## Protestant Has Bigger Flock

# Pastor-Bricking Landlady Fears Offensive Backfired

FONDI, Italy (AP)—The Catholic landlady who bricked up her Protestant minister tenant said with a sigh today that maybe her offensive had backfired.

But Mrs. Gemma Rasile said she still was not finished with the Rev. Umberto Righetti, an evangelist of the First Church of Christ.

★ ★ ★

The minister rents two second-floor rooms from Mrs. Rasile and uses them as his residence and church. The landlady, living on the ground floor, objected to his Protestant flock trooping through her quarters. Early last month, armed with court permission, she had bricklayers seal up the only door to the preacher's rooms.

For three days the Rev. Mr. Righetti hauled his groceries up through his window in a bucket and preached to his followers gathered in the street below. Then Mrs. Rasile relented and had the door unbricked. The minister resumed services in his rooms.

Because of the publicity, Mrs. Rasile said, the evangelist now has "quite a few more followers than before."

★ ★ ★

"However, I believe he has increased his flock with only temporary followers who will leave him when the sensation quiets down," she said, adding ruefully: "I must admit he had my unwilling cooperation in surrounding himself with sensation."

The landlady insisted she had only given the preacher a four-month reprieve.

"He must find a new apartment in that time," she declared. "Therefore, I will have to tolerate him and his followers only until September. He will have to get out then—or I will have the door closed forever."

# Pair Surrenders After Shooting

## Held in Toledo While Detroit Man Lingers Near Death Today

TOLEDO, Ohio (UPI) — Police last night captured two men wanted in connection with the holdup-shooting of Eugene Gratehouse, 25, Detroit, who is in critical condition in a hospital here.

Police said Grady Lee Banis, 22, and Paul Davis, 28, both of Toledo, surrendered here about 10:30 p.m. and would be charged with armed robbery.

**Murder charges were pending upon the condition of Gratehouse, police said.**

Police said Gratehouse and a companion, Arthur Clink of Roseville, Mich., were forced by two men to drive them out the River Road from Toledo, where they stripped Gratehouse of his clothing and fired five bullets into his body.

★ ★ ★

Then they fled with Gratehouse's car, leaving him for dead.

# Pontiac Dem Club Launches Campaign

The Pontiac Democratic Club will sponsor a door-to-door campaign between now and July 7 to make sure all eligible voters in the city are registered for the Aug. 5 primary.

Details of the program were revealed yesterday at a regular monthly meeting of the club by Mrs. Robert P. Scott, chairman of the drive.

About 135 persons, including many of the Democratic candidates who will be on the primary ballot, attended yesterday's session at the Fisher Body local hall, 821 Baldwin Ave.

Robert Fenton, assistant treasurer for the Oakland County Democratic party, explained to those in attendance the financial status of the party to date.

# Ten Persons Injured When Trains Collide

THURMOND, W.Va. (AP) — "The brakes just wouldn't stop her," said engineer H. W. Honaker after his 144-car freight train rammed into the rear of a halted luxury passenger train on the Chesapeake and Ohio mainline.

Honaker, 66, was one of four crewmen and six passengers hospitalized after the crash. None of the passengers were seriously injured.

★ ★ ★

The passenger train, the George Washington, was en route from Newport News, Va., to Cincinnati.

Seven passenger and three freight cars were derailed.

Honaker said there were 50 cars loaded with ore at the rear of his freight, and "the ore shoved the engine."

Honaker was trapped in the cab for about two hours. Workers used torches to cut him out. He suffered a broken leg.

★ ★ ★

Two other freight crewmen jumped just before the crash. They were brakeman Lonnie Cales, 52, and fireman Dewey Ransom, about 55. Cales suffered a broken leg and Ransom a cut forehead.

## Tallahassee Unbeaten

TALLAHASSEE, Fla.—The only Southern capital not captured by federal troops in the Civil War was Florida's, Tallahassee. Confederate troops repulsed many attempts by Union forces to penetrate the section of Florida in which the capital is situated.

## Show Must Go On! Actress Shakes Measles

HOUSTON (AP) — Actress Diana Barrymore, shaking off a case of what doctors termed the old fashioned measles, scheduled a special performance tonight of "Cat on a Hot Tin Roof."

Usually no Monday performances are scheduled at the Avalon Theater but since matinees Saturday and yesterday were canceled, producer George Marks said the Tennessee Williams play would be given again tonight.

Doctors said the fever which struck the actress Friday has subsided.

### Found Together in Hotel

# 'Honeymoon' Over for Teenagers

KEARNY, N. J. (AP)—A pretty high school girl and her teen-age boy friend were back in their separate homes today after a 10-day stay in a Southern hotel.

Helen Jones, 16, and David Horne, 17, parted at a detention home in Petersburg, Va., yesterday with an embrace, a kiss and a whispered vow.

Then, in turn, they were taken in tow by their shocked parents.

The youngsters had been the object of a 13-state police alarm since last June 11, when they disappeared from their New Jersey homes.

The blonde girl and her handsome boy friend had met at the Second Presbyterian Church in Newark and had been going together for more than a year. David was an Explorer Scout at the church. His scoutmaster was Francis Jones, Helen's father.

Police found the couple registered as man and wife in a Petersburg hotel.

"We love each other," they told authorities.

Their youth had prevented them from carrying out their plan to get married, they said.

David had been unable to find employment. Helen had been working for two days at a local bus terminal but had not yet been paid.

When found by police, the couple had 20 cents between them. It was all that was left of the $100 they said they took with them when they ran away.

Helen's parents picked up the girl in the afternoon, and brought her back to their home here.

Ten minutes after the Jones family left, David's mother Mrs. W. H. Price of East Orange arrived for her son. She and the Joneses did not meet.

The teen-agers' parents indicated strongly they would oppose the marriage of the young couple.

Helen's father was livid with rage when he faced the boy who nearly became his son-in-law. Before leaving the detention home he told David: "If you ever put yourself in town (Kearny) again, I will not be responsible for what I do."

### 'God's Messenger Boy' Speaks at Giants' Stadium

# 38,000 See Graham Bat Against Satan

SAN FRANCISCO (AP) — Billy Graham, styling himself "the messenger boy for Christ," went to bat against the Devil yesterday before 38,000 partisan fans at Seals Stadium.

The North Carolina evangelist ended his San Francisco crusade in the midst of an overflow crowd jammed into the 25,900-seat baseball park, home of the National League Giants.

★ ★ ★

"I knew Willie Mays could fill Seals Stadium," he said from atop a platform at second base, "but I'm glad God can do it too.

"I am only the messenger boy for Christ. Give God the glory for what has been done this day."

Baseball was in the air before the sermon, with the Giants locked in an extra-inning battle with Philadelphia in the Pennsylvania city. San Francisco Mayor George Christopher eased the tension with a brief announcement: "Kirkland hit a home run in the 14th inning and the Giants won."

★ ★ ★

Turning to Graham, the mayor said, "All of us are so much better off for having had him in our midst," and expressed belief the world should try morality for a change."

"We need moral and spiritual values," Christopher said. "We've tried everything else to find peace."

Graham, who last week concluded his seven-week San Francisco crusade, made a plea against backsliding.

★ ★ ★

To those who have made so-called "decisions for Christ," he said, "Do not go back to your old ways of living or yield to temptations and old idolatries."

Some 1,354 stepped forward in "decisions" yesterday. They were part of a crowd topping by some 12,000 Graham's best attendance in the 16,400-seat Cow Palace, where his regular services were held.

★ ★ ★

The Baptist preacher, facing an oversized beer glass painted on a stadium signboard, told the crowd, "We should have a new outlook. We have responsibilities to our neighbors and must take a new attitude toward the racial question."

Church workers throughout the area will visit homes in an intensive follow-up to Graham's crusade, which moves on to Sacramento, Calif., next Sunday. A tour of California will follow.

## Korea, Viet Nam Given $554 Million by U.S.

WASHINGTON — Korea and Viet Nam together received in fiscal 1957 $554,476,000 in defense support through the Mutual Security program. This represented about 50 per cent of the worldwide total of this category of aid.

Both nations, divided and threatened by Communist forces in the north, maintain about 800,000 men under arms — far more than their own economies could support and still maintain essential civilian services and a degree of economic development.

# Grain Futures Steady on Mart

CHICAGO (AP)—Most grain futures prices were steady with a tendency toward firmness in early dealings today on the Board of Trade.

There were a bit more liberal receipts of cash corn on the Chicago market over the weekend but they still were an important factor in trade considerations and the outlook for more rain in some areas has some strengthening effect in the initial dealings.

What was unchanged to ⅝ cents a bushel higher near the end of the first hour, July $1.84⅞; corn ⅝ higher to ¼ lower, July $1.32¾; oats ⅛ higher to ⅛ lower, July 63⅜; rye unchanged to ⅛ higher, July $1.27½; soybeans ½ higher to ¼ lower, July $2.25; lard 10 to 12 cents a hundred pounds lower, July $12.15.

# *Sex of Fugitive Sea Lion Poses Puzzler for Zoo*

LONDON, Ont. (UPI) — The question is who jilted whom?

The problem is in the sea-lion kingdom at the Storybook Gardens Zoo, Spring Hill Park.

Up to last Sunday, there were two sea lions—or a sea lion and a sea lioness. Names were Zal and Zalla.

But then one of them disappeared.

**The question is did Zala (the female) go back to mama? Or did Zal (the male) get tired of domestic life and go seeking other companionship.**

Anyway, one of the sea lions slipped under a fence six days ago and waddled into the Thames River. With flippers churning, it dashed through Lake St. Clair, the Detroit River, Lake Erie and was last seen past Toledo, heading south in the Maumee River.

**It's kind of a knotty problem because zoo officials want to replace the missing one. The difficulty, however, is deciding which to order—a he or a she.**

V. A. McKillop, general manager of London's Public Utilities Commission, says he believes Zal (the escaped one) is a male.

"Few except other sea lions know, however," he explains.

Apparently no one back at the zoo knows such things. The order blank was merely written for "sea lion."

No sex was mentioned.

# $65 Million Contract Awarded Goodyear

WASHINGTON (AP) — The Navy today awarded a 65-million-dollar contract to the Goodyear Aircraft Corp., Akron, Ohio, to develop the "Subroc," a rocket-powered submarine killer missile.

★ ★ ★

The weapon is designed for launching from a submarine either on or below the surface.

The "Subroc" system detects an enemy submarine at long range, computes its course and speed and fires the missile.

Goodyear was selected as the prime contractor. Among the principal subcontracts are Librascope of Glendale, Calif., and the Kearfott Co., Clifton, N.J.

# *Human Cannon Ball Says It Takes Guts*

CHAMPAIGN, Ill. (AP) — "It takes a lot of what you call guts, nerve and timing to be a human cannon ball."

So says the man who was the first one — Bruno Zacchini.

"All the way in the air you must think, you must have the reflex. An old man can't think like a young man. So I gave up the cannon," said Zacchini in his soft Italian accent.

Zacchini, now in his 50s, stepped from his spine-tingling profession 11 years ago.

★ ★ ★

With his wife and teen-age son and daughter, he travels with a carnival that closed a run this weekend at the Champaign County fairgrounds. He and his wife, a Ringling Brothers performer before marriage, run the spook show and the glass house.

Bruno's father originated the idea of the human cannon ball. Bruno became the first one as an experiment.

Father Zacchini tried to sell the idea to the Italian government during World War I. He proposed that big cannon could shoot soldiers behind the enemy lines.

"This was before airplanes, and my father had the idea that the soldier would come down in a parachute. The government was polite but they said my father was crazy."

★ ★ ★

"So to show them," said Zacchini, "I was shot out of the cannon. It worked very well but the government still did not like it. So my father had the idea about show business.

"Crazy or not, he was a man of ideas, my father.

# U. of M. Prof Sees Recession Lessening

ANN ARBOR (UPI)—A professor at the University of Michigan sees indications that the country may be heading out of the recession.

★ ★ ★

Prof. Maynard Phelps, ending his year as president of the American Marketing Assn., said the country seems to be taking the first steps out of its economic troubles. He said the crucial test will be the public's acceptance of 1959 model cars.

★ ★ ★

"If they're attractive and the incentive to buy is strong, autos should help considerably in moving the economy towards a higher level," he said.

# Markets Show Lower Tendency

NEW YORK (AP) — The stock market was irregular in moderate trading early today. There was a slightly lower tendency.

Leading issues showed gains and losses running from fractions to about a point.

★ ★ ★

Airlines and some aircrafts made gains. Selected advances appeared among rails. Chemicals were mostly lower. Small losses appeared among the major steels and motors.

★ ★ ★

**American Motors was off ¾ at 11½ on two successive blocks of 10,000 shares and widened the loss to about a point in later trades. The retreat from recent gains was backgrounded by financier Louis Wolfson's announced intention to liquidate his 400,000 shares in this company.**

Goodyear rose about a point. New York Central and Baltimore & Ohio were steady. Southern Pacific was up about a fraction. Anaconda eased. Kennecott and American Smelting made small gains.

★ ★ ★

U.S. Steel dropped about a point. Republic Steel lost a fraction. Ford and Studebaker-Packard were easy.

Boeing, International Harvester, American Tobacco, Westinghouse Electric and Pan American World Airways were among small gainers. Slight losses were taken by Allied Chemical, Du Pont and Union Carbide.

# De Gaulle Bids for Red Ties?

## Dulles, Macmillan to Check Out Report by Personal Visit

PARIS (UPI) — Reports that Gen. Charles de Gaulle is considering a "new look" in Franco-Soviet relations will be checked out in person by British Prime Minister Harold Macmillan and Secretary of State John Foster Dulles.

★ ★ ★

**Macmillan is scheduled to meet here with the French soldier-premier next Sunday and Dulles is due here July 5.**

Persistent reports say De Gaulle may be willing to deal separately with the Soviets on matters previously handled on an Anglo-American-French basis and that he may soon extend diplomatic recognition to Red China. The British already recognize the Peiping regime, although the U.S. does not.

★ ★ ★

**Lending credence to the reports were De Gaulle's recent statement that "France belongs to the West without confining herself to it," his friendly relations with Soviet Ambassador Serge Vinogradov and the current visit to Moscow of former premier Paul Reynaud.**

Vinogradov returned last night from Moscow where he is believed to have given Soviet leaders a report on De Gaulle's intentions. De Gaulle and Vinogradov, who are old friends, had a meeting just before the ambassador went to Moscow last week.

Officials said the ship left for Detroit yesterday morning after settlement of what was termed a "misunderstanding" between the company and the Seafarers' International Union.

**The Michigan-Ohio Navigation Co., operators of the ship, said it was seeking assurances that a series of work stoppages would cease.**

They said the latest stoppage occurred in Buffalo harbor June 14, when three winch operators reportedly refused to work and deck hands joined the stoppage.

★ ★ ★

Officials of the union said the Buffalo incident was not a work stoppage as defined by the contract. But they added that there has been a dispute between the union and the operating officers over what grade of seamen should operate the winches when the ship ties up and casts off.

# *Duke of Kent Gets Hep With Factory Girl*

CATTERICK, England (AP) — The Duke of Kent, Britain's most eligible royal bachelor, got a jive lesson from a 20-year-old factory girl here over the weekend.

The regimental dance was a pretty frosty party until the 22-year-old duke and blonde Pat Brennan started the joint jumping.

The duke overheard Pat complain she was bored. As any officer (lieutenant in the swank Royal Scots Greys) and gentleman (first cousin of Queen Elizabeth II) would, he bought her a drink and asked her to dance.

Then came the jiving.

"Let's go," said Pat with the aplomb of a debutante.

"His skin-tight uniform made it difficult, but he picked it up wonderfully," she said later.

Pat was the only girl the duke danced with.

"He told me I had the most wonderful blue eyes," she said with a sigh.

# Hoffa's Trial Jury Charged by Judge

NEW YORK (AP) — Federal District Judge Thomas F. Murphy today charged the jury in the federal wiretap-conspiracy trial of James R. Hoffa, president of the International Brotherhood of Teamsters, and two others.

The case was expected to reach the jury of eight men and four women late in the day.

Hoffa's co-defendants are Owen Bernard Brennan, president of Teamsters Local 337, of Detroit, and Bernard Spindel, professional wiretapper.

**This is the second trial for the trio. The first ended in a hung jury last Dec. 20.**

If convicted on the charges of tapping the telephones of union subordinates in the Detroit IBT headquarters for purposes of eavesdropping, each of the defendants could be sentenced to a five-year term and be fined $10,000.

# Incorporation Vote Set in Farmington

Incorporation elections for two areas in Farmington Township were scheduled today by the Oakland County Board of Supervisors.

**The board unanimously voted to hold special elections in conjunction with the regular Nov. 4 election on proposals to incorporate Clarenceville and Farmington Woods.**

Clarenceville is a portion of the township between 8 Mile road and 10 Mile road, east of the present city of Farmington.

Farmington Woods lies between 10 Mile road and 14 Mile road, and includes all of the northeast section of the township, except the villages of Quaker Town, and Woodcreek.

## Flier Murphy's Writings Found

# New Clue in Galindez Case

NEW YORK (AP)—The Justice Department has documents in the handwriting of Gerald Lester Murphy, an American flier, connecting him with the disappearance of Dr. Jesus de Galindez.

The newspaper said in a Washington dispatch that State Department consular officials found the newly disclosed documents in a steel file in Murphy's apartment in Ciudad Trujillo, capital of the Dominican Republic.

**WRITING VERIFIED**

The Times said the documents have been verified to be in Murphy's handwriting and were found after his own disappearance Dec. 3, 1956.

The documents include a small notebook, a pilot's flight logbook and a single cryptic sheet of paper with notes.

★ ★ ★

Galindez, a Columbia University lecturer and a critic of Dominican dictator Rafael Trujillo, disappeared in New York City March 12, 1956. Charges have been made that he was kidnaped, and later flown to the Dominican Republic by Murphy.

Murphy vanished in Ciudad Trujillo. Later, the Dominican government announced that he had been murdered by a Dominican pilot, who then committed suicide.

Morris L. Ernst, a New York lawyer, was engaged by the Trujillo government to investigate Galindez's disappearance.

★ ★ ★

Ernst and a colleague issued a report that rejected the charge that Murphy had flown Galindez to the Dominican Republic. In effect, the report cleared Trujillo of any part in Galindez's disappearance.

The Times said the documents offer apparent contradictions of theories advanced by Ernst.

★ ★ ★

Last night, Ernst stood by his report. The Times reached him on vacation in Nantucket, Mass. Ernst said: "Reference is made to this material in our report, all of which was reviewed in the investigation, carefully examined and appraised and controverted by the clearly proven facts. Anyone reading our report will find nothing relevant and new in this confusing and conflicting material."

## East Germany Wants $3,095 and Diplomatic Recognition for Release

BERLIN (UPI) — The East German communists are demanding $3,095 "room and board" money, as well as diplomatic recognition, for the release of nine American soldiers held prisoner since June 7, diplomatic sources said today.

The U. S. is willing to pay the money, the sources said, but is determined not to take any step that could be interpreted to mean that the U. S. recognizes East Germany as a free and independent state.

**The sources said the communists demanded 13,000 marks ($3,095) for expenses during talks between U.S. Army and East German government negotiators last week.**

In 1951, the U. S. paid a $123,605.15 "fine" to Hungary for the release of four airmen forced down by the communists while on a flight from West Germany to Yugoslavia. The four Americans were held prisoners for nearly six weeks.

★ ★ ★

The eight officers and a sergeant from the U.S. Third Armored Division fell into communist hands when their big Army helicopter strayed across the West German frontier while on its way to maneuvers.

**The East Germans insist that the Army negotiator be authorized to deal with "the German Democratic Republic."**

But the American colonel dealing with the German foreign office received his authorization from the U.S. Army high command in Europe and the Embassy in Bonn, not from the State Department.

## Watching Tigers Lose Costs Visitors $2,300

DETROIT (AP) — Mr. and Mrs. John F. Schmuck, of London, Ont., came to Detroit yesterday to see the Tigers play baseball.

The Schmucks said they were afraid to leave behind the $2,300 they had saved so they put it in a suitcase and brought it along. They left the suitcase in their car which was parked on the street while they watched the New York Yankees whip Detroit 15-0. When they returned the car had been broken into and the suitcase and money were gone.

The news that Henry Clay had been nominated for president by the Whig party in Baltimore was the first dispatch to be carried by telegraph. The date was May 1884.

## Apparently Back in Lake Erie

# *Sea Lion Turns Around*

TOLEDO, Ohio (AP) — Phil Skeldon, director of the Toledo Zoo, said tonight that a wayward sea lion on the loose from the London, Ont., zoo apparently had gone back into Lake Erie.

★ ★ ★

The sea lion led Skeldon and a police harbor patrol a merry chase up the Maumee River Friday, but it has not been seen here since the chase was abandoned at Walbridge Park, eight miles up the river from the Maumee Bay area.

**Skeldon said the seal apparently had gone as far as the rapids near Perrysburg, about 15 miles from the river's mouth, and then returned and went into the lake.**

★ ★ ★

The 100-pound sea lion escaped Tuesday from the London Zoo, where it arrived before its wire enclosure had been completed. It made its way 200 yards to the Thames River and then to Lake St. Clair, the Detroit River, Lake Erie and the Maumee.

# Cyprus Turmoil Arouses U.S.

## Envoy Anxious to Halt Threatening Collapse of NATO as Result

NICOSIA, Cyprus (UPI) — The United States is working behind the scenes in hopes of reaching a compromise solution of the dangerous Cyprus problem, well informed sources said today.

★ ★ ★

Ankara sources said American ambassador Fletcher Warren's frequent visits with Premier Adnan Menderes in recent days were the result of a British appeal for the United States to use its considerable influence with Turkey and Greece in an effort to get them to soften outright rejections of Britain's seven-year plan for the embattled island.

**Until now the United States has remained aloof from the Cyprus issue but the increasing danger that it will result in the collapse of NATO in the Eastern Mediterranean has caused deep concern in Washington.**

At the moment there are no signs of a compromise. The Turks, in fact, have committed themselves so irrevocably to partition that it may be difficult for the government to modify its policy without jeopardizing its existence. Popular opinion, increasingly aggressive by the day, has begun to demand the whole of Cyprus for Turkey instead of partition.

★ ★ ★

The Greeks are just as adamant in favor of Cypriot self-determination, which would result in Cyprus becoming a part of Greece.

## Don't Bother Writing Getty for Giveaway

By EARL WILSON

BRUSSELS — Billionaire J. Paul Getty has requested me to kindly ask all you people to quit writing him for money.

★ ★ ★

"A lot of people are economically illiterate," he complained while here studying the future by going almost daily to the World's Fair. "I had a letter from one man who wanted me to give him a Ford sedan and a Ford truck—both new. If they'd been used a little, they wouldn't do!"

WILSON

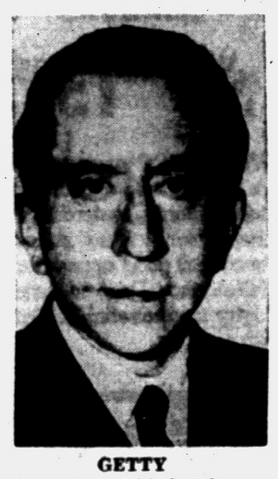
**So the 20,000 "gimme" letters from 50 countries that he's received since he was called the world's richest man haven't wrung many, if any nickels, from him. "Give my apologies to the public," he said. "You can say that unfortunately I've found it's impossible to cope with the flood.**

"Anyway, most people who have studied the matter think it's a mistake to give to private individuals.

"They give to institutions. How would you know if you helped 500 people one month, 250 of them wouldn't need help next month? They might need help permanently!

Some people have asked him for jobs.

"That's very worthy," added the sixtyish American who hasn't been home in seven years. "But the only person I employ is a secretary and that job is filled. The companies have their own personnel departments."



GETTY

"What about tipping?" I said. "My Beautiful Wife wants to know how you handle it."

**Getty laughed, knowing that some people think he's a skinflint. He's aware of the tales that he dresses so simply that he couldn't get in some of his hotels unless he owned them.**

"Some people think I should tip twice as much as anybody else," he said. "Why should I? That makes Americans unpopular. The people who do it don't know what to tip or are deliberately trying to show off.

★ ★ ★

He mentioned that a 5,000 franc dinner check in Paris (about $12) would carry an automatic 15 per cent charge (about $1.75).

"To that," he said, "I would add ⅓ or ½ of the service charge." Meaning, he would add perhaps 80c, making the service and the extra run $2.55 on a $12 check.

"Don't you think that's enough?" he asked. I did!

**Getty doesn't know when he'll return to his usual hangout, Paris, where he's lived for years. "Do you have a permanent hotel suite?" I asked.**

"Oh, no," he said. "I just take it by the day. You know," he added, "a lot of people think that a rich man has all his money in cash!"

### THE MIDNIGHT EARL IN N.Y. . . .

**A Rockefeller Center men's shop advertises: "Yes! We Have Vicuna!" . . . New costume jewelry will duplicate Elvis Presley's GI dogtags, with his serial number and blood type . . . Arlene Dahl and Fernando Lamas are selling their N.Y. town house; they'll move to Spain.**

★ ★ ★

**EARL'S PEARLS**—The optimist is probably wrong as often as the pessimist, but he has a lot more fun.

**TODAY'S BEST LAUGH:** Asking a woman her age is like buying a used car; you know the speedometer's been turned back, but you don't know how far. . . **That's earl, brother.**

## Look for Bomb Aboard Trujillo's Luxury Yacht

LOS ANGELES (AP)—A phony bomb plot overheard in a sleazy waterfront dive failed to disrupt Sunday afternoon festivities aboard Lt. Gen. Rafael Trujillo Jr.'s luxury yacht.

A 12-piece band continued to blare Latin rhythms as police bomb squad officers, firemen and Coast Guardsmen searched the 35-foot vessel. They also checked dock pilings where the Angelita is berthed. No bomb was found.

Actress Zsa Zsa Gabor, dancing on deck with ex-husband George Sanders, waved gaily to the boarding party. Other guests danced and chatted, apparently unconcerned.

★ ★ ★

The handsome general, son of the Dominican Republic dictator, was aboard. But reporters on the dock did not observe him on deck during the three-hour search.

The bomb hunt began when a longshoreman nursing a hangover reported to police that he overheard two men in a bar claim they had planted a bomb "just to scare the h— out of them."

### Fall of Comics Traced to Public Getting Too Much Entertainment

By BOB THOMAS

HOLLYWOOD (AP) — It was sad to watch Sid Caesar close his third TV series recently.

Sad because Sid, Imogene Coca, Carl Reiner and Howard Morris have provided many of the most delightful moments in the brief history of television. I can think of dozens of their sketches that draw a smile simply upon recollection.

★ ★ ★

Yet the show has failed, sinking another nail into the coffin of comedy on the home screen.

**Except for the second coming of Milton Berle, which is due next season, the comics have had a steady decline in TV.**

Numerous theories for this have been expounded — the narrowing of subjects that can be kidded, the general humorlessness of our times, the difficulty of being funny every week.

**SEEN TOO MUCH**

All these have an effect, but I think the real reason is that other bugaboo — over-exposure. Still, it is more than that. It's my notion that the American public is full up to here with entertainment.

**We're simply getting too much of it. You can watch old movies all day and all night on TV, and the cost is only a few pennies in electricity.**

Any time you want, you can have your senses dulled by watching a variety of entertainment, or what passes for it. Millions do so.

★ ★ ★

That's what is wrong with the movie business. Not the high price of baby sitters. Not poor pictures. It's just that most people are saturated with mental images of actors, singers, tap dancers, quiz contestants, etc.

**The nation's teen-agers are supporting the movie industry—only because they refuse to sit in the living room and watch the home screen.**

They want to break away from the nest, so they go to theaters.

★ ★ ★

That's the theory, anyway. Watch the scientific journals for further details.

## Firemen Rescue a Modern Age Red Riding Hood

LAKEWOOD, N. J. (AP)—Once upon a time—in fact, it seems like yesterday—a little girl took a trip to grandma's house.

When she got there, the little girl left her parents and started playing with two little friends. Pretty soon they found themselves half a mile from the house. They decided to go back, and her friends took the long way around.

★ ★ ★

But the little girl—let's call her Joyce Gunther, 8, of Howell Township—decided to take a short cut through the dense scrub pine forest.

It wasn't long before she realized she was lost and started getting frightened.

Her parents got frightened too. They called some volunteer woodsmen—250 of them.

★ ★ ★

And, since this is a modern fairy tale, a helicopter from the Lakehurst Naval Air Station also joined in the search over the four-square-mile wooded tract.

A group of volunteer firemen finally came on the little girl. She had been lost for 12 hours but was safe and sound.

## Small Plane Off France in Transatlantic Hop

PARIS (AP)—Max Conrad, trying to fly nonstop from New York to Palermo, Sicily, in a light plane reported early today that he was cruising over the Atlantic 75 miles from Bordeaux, France.

Bordeaux is about 750 miles from his destination.

Conrad, a 55-year-old grandfather from Winona, Minn., left New York last night hoping to make the 4,400-mile flight in about 33 hours. He has flown the Atlantic 39 times in light planes.

## Lightning Kills 3 Pilgrims Taking Cross Up Mount

BERGAMO, Italy (AP)—Lightning killed three mountaineers yesterday as they carried an iron cross up 7,500-foot Mt. Arera to plant it on the peak in an act of devotion.

Many others in the group of 40 Roman Catholic pilgrims were injured.

The lightning struck during heavy rains which continued for the second day in the northeast corner of Italy around Udine. Two farmers were missing and another 200 Italians were homeless. Flash floods caused damage estimated at $300,000. Landslides disrupted highway and railroad traffic between Italy and Austria and Yugoslavia.

## Sponsor-Riding Levant Rehired by Same Station

HOLLYWOOD (AP) — Oscar Levant returns tonight to the local television show from which he was fired Saturday for antagonizing a sponsor.

The pianist-wit was rehired less than 24 hours after he had been told his Monday-Wednesday-Friday night show had been canceled.

★ ★ ★

The station pulled the program out from under Levant after he badgered a beauty queen who tried, and failed, to deliver a commercial on the Friday show. Levant also had unkind remarks for the sponsor (Philco) and two rival television stations.

Levant's trouble, Flanagan said, stems from "a sickness of mind, not a physical sickness, so he ought to be able to control its extent and severity."

"I'll admit I'm sick," Levant said. "I've always been sick. I'm a very neurotic man.

"But my sickness gives me deep insight and makes me a better entertainer."

★ ★ ★

Levant plays the piano, chainsmokes and dabbles in observations and insults on the 85-minute show.

Levant said he patched things up with the sponsor when he dropped in for a talk "dressed in somber garments and in a genuflecting position."

Levant said he had offers from other stations, but he came back to his old stamping grounds because: "They would have gone into inevitable decline and then obscurity. I couldn't stand that. I'm a nice person."

## Woman Being Held in Husband's Death

BLOOMINGTON, Ind. (AP)—A 38-year-old woman was being held today for investigation in connection with the fatal shooting Saturday night of her husband.

★ ★ ★

Police said the woman, Mary Jacobs, refused twice to accept her new husband's dare to shoot him, then killed him with a shotgun blast the third time he dared her to shoot.

Joseph Jacobs, 32, died on the kitchen floor of his home six miles northeast of Bloomington. Officers said a shotgun charge tore through his chest.

★ ★ ★

Police detectives said Jacobs, a storm door salesman, had been drinking heavily when he came home and accused Mrs. Jacobs, his wife of six months, of flirting with a man who had been installing screen doors at the house.

Dep. Sheriff Ran Hinkle said Mrs. Jacobs had been beaten.

## Voodoo Dust, Ma'am? It's Just Red Pepper

SAN ANTONIO, Tex. (AP) — Deputy Sheriff Tony Lobello took only a few minutes yesterday to clear up charges of voodooism in the death of a bantam rooster.

The woman complainant pointed out red crosses on her neighbor's yard and said it was voodoo powder. As proof she held up the dead rooster.

Lobello gingerly tasted some of the powder. His verdict: the rooster died of eating too much red pepper.

## European Men Can Woo, Win Australian Girls

CANBERRA, Australia (UPI) — **European men emigrating to Australia now have a better chance of wooing and winning an Australian wife, immigration minister Alex Downer said today.**

★ ★ ★

**Downer said the balance of sexes is better now and Australian girls seem more willing to accept Europeans as husbands than they were in the early days of the mass migration program.**

★ ★ ★

**He said his department was not trying to act as an international matrimonial agency, but was merely pointing out that the influx of European men would not cause a woman shortage.**

## Nehru Calls Nagy Killing 'Most Distressing News'

NEW DELHI, India (AP) — Prime Minister Nehru today termed the execution of Imre Nagy "most distressing news both in itself and in its consequences." He declined to elaborate.

Asked by newsmen whether the execution of the former Hungarian Premier and three associates would mean cancellation of the proposed summit conference, Nehru replied, "Why should anything be called off?"

The Prime Minister met newsmen at the airport on his return from a vacation in the mountains of northern India.

## Reaffirm Cancer Policy

DENVER (AP)—Directors of the American Cancer Society yesterday reaffirmed a policy of conducting independent fund-raising and educational campaigns.

# Jackie Cooper Poignant?—Not Anymore!

By PHYLLIS BATTELLE

NEW YORK — You remember Jackie Cooper as a small, poignant person in early movies concerning small, poignant people.

You think of Jackie Cooper now as an amiable TV personality with overtones of buffoonery and dog hairs on the lapel.

Then into your office he walks, on the eve of his night club debut as a jazz drummer, and what does he turn out to be? A hounds-toothed hipster, man, who is "livin' live, so to speak," for the first time in his career.

**"Yes, sir, honey, I'm really havin' a ball," mentions Jackie, "for no money. None to speak of, anyway. I'm going into the Roundtable (a New York Night Club) tonight as a musician. And you know what I expect?" He pawed rhythmically at the desk. "I expect to have my brains knocked out by the critics, frankly.**

"But how can I get hurt — I don't make my livin' this way. We just sold 'People's Choice' (Jackie's weekly TV show) for a million. I've got a new series on 'Skippy'—remember him?—ready to sell. The thing I'm so tickled about is I can at last play the drums in a club. And they can beat my brains out. I'm scared stiff, but it's worth it."

★ ★ ★

Cooper, now a grown man of thirty-five and some months, has a wife and three kids.

He has it made, as those who haven't put it.

He claims he's never dared risk the time for drumming before. Except during the war, when as part of his service, he played in the European Theater with Claude Thornhill. He recalls enthusiastically how he started.

I was 14. Mother and the professor had me studying piano from the age of eight and I hated it, of course. Then swing came in. I started playing it. Mother said 'that stuff!' and took me off the piano.

**"So I ran into a set of drums a friend of mine had one day, and I started." He grins, sort of Sawyerish. "One night I was 15, and hearing Gene Krupa play. I went up and asked for his autograph. When he gave me that, I asked if he could come by my house some night and play with the kids.**

"You could've knocked me dead, he said yes. After that he gave me lessons. I've had the greatest case of hero worship ever since. He's asked me to guest with his band every now and then. It'll be the greatest thrill in my life to ask him tonight if he'll step up and play with my little group."

★ ★ ★

Jackie has gathered together a group of artistically noisy fellas for the Roundtable: Marty Napoleon, piano; Chubby Jackson, bass; Sam Most, flute; Howard Collins, electric guitar, and Buck Clayton, trumpet.

He says they're taking the title, "The All-Stars." He doesn't want them to be called "Jackie Cooper's All-Stars," partly because it's immodest, but mostly "because it's square."

Besides getting a kick out of being a fledgling jazz-joint man, Cooper likes the fact that he'll be adding a new dimension to his already versatile career. "You've got to be able to do everything these days if you want to live a kind of conventional life—and I do.

"I like a big house, and kids, and expensive cars, and those conventional things."

Jackie isn't poignant anymore.
