Pontiac Lake Threatens 200 Homes With Flood

Senators Voting Today on Heated Farm Bill

WASHINGTON (INS)—The Senate votes today on the red-hot issue of whether to bolster dwindling farm income through 90 per cent price supports or the flexible props President Eisenhower asks.

A nip-and-tuck contest is in prospect. Most Senate Democrats will vote for a return to fixed, 90 per cent supports which they estimate will pump 850 million dollars into farmers' pockets this election year. The supports would apply to wheat, corn, peanuts and rice.

All but a handful of Republicans will vote for flexible props which can slide between 75 and 90 per cent of what is considered "fair" farm prices in terms of buying power.

The administration contends that this system, coupled with the proposed soil bank, is the better way of jacking up farm income.

The Agriculture Department revealed only Tuesday that net farm income slipped more than one billion dollars last year. This brought the total decline since 1951—the farmers' best year—to more than 14 billion dollars.

Some senators believe Eisenhower's decision to run again is helping his side in the Senate fight.

They said some GOP senators who might have jumped party fences, will be reluctant to go against the President at this time.

Senate agriculture chairman Allen J. Ellender (D-La) leader of the Democratic fight, said that despite pressure from the White House, he still thinks he will win.

Sen. George D. Aiken (R-Vt) the administration's farm leader, predicted flexibles will win by five to seven votes.

Two GOP senators who will vote with the Democratic majority were more cautious in their predictions.

One of the two, Sen. Edward J. Thye (R-Minn) said: "We are very hard pressed but I have not given up hope—it is still an even toss-up."

The other, Sen. Milton R. Young (R-ND) said : "It doesn't look so

Fee Agent Cited in Embezzlement

Report $74,841 Taken by Secretary of State Woman Official

DETROIT (AP)—A secretary of state's agent, missing since Friday with her husband and their 9-year-old daughter, was charged with embezzlement today after a preliminary audit indicated a $74,841 shortage in her accounts.

Warrants for the arrest of Mrs. Anne V. Thorpe, 42, and her husband, Floyd R., 57, were issued last night. Thorpe is charged with aiding and abetting in the embezzlement.

Mrs. Thorpe managed the secretary of state's fee office in suburban St. Clair Shores.

William C. Butler, chief assistant Macomb County prosecutor, said the missing money came from new license plate fees, paid in the last few days before the March 1 deadline.

Butler said the Thorpes deeded a house they owned in nearby Van Dyke to a relative last Friday just before Mrs. Thorpe closed the office and told an assistant she was taking her husband to an Ann Arbor hospital for a checkup.

They were reported missing by a married son, Frank Thorpe, when he learned his father had not been admitted to the hospital. Believed with the parents is the daughter, Kay. The family car was found yesterday in a downtown Detroit parking lot where it had been left Friday evening.

Secretary of State James M. Hare ordered the office closed and the books impounded after the family's disappearance was called to his attention Tuesday.

W. E. Stirton Accepts Position at U. of M.

DETROIT (AP)—William E. Stirton, vice president of Wayne University, will accept a vice presidency at the Universtiy of Michigan, it has been reported here.

It is understood Stirton, well-known educator and youth worker, has been offered the post but added that confirmation of the change cannot be made until the university's board of regents meets at Ann Arbor March 16.

Stirton and University of Michigan officials declined comment.

Ohio Man Dies in Dixie Crash

GM Employe Is Victim as Auto Leaves Road, Rams Utility Pole

A Dayton, O., man died three hours after his car ran off Dixie Highway in Independence Township and rammed a utility pole, Pontiac post State Police said.

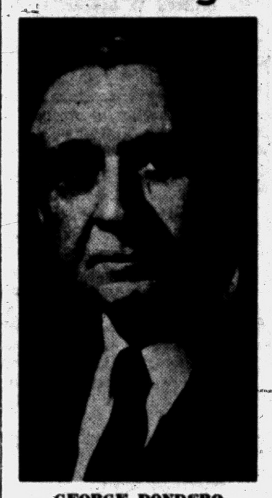
Fred Moler, 62, identified as a factory representative for General Motors Inland Division, died from a skull fracture, according to Deputy Oakland County Coroner Dr. I. C. Prevette.

* * *

The coroner ruled out the possibility of a heart attack, although a witness told police the victim's car was traveling slowly and steadily at 10 a.m., before veering off the road one-half mile south of White Lake Rd.

Moler was given treatment in Pontiac General Hospital before he died at 1 p.m., authorities said.

Retiring



GEORGE DONDERO

George Dondero Will Not Seek Another Term

Congressman Reveals Decision to Retire as County Representative

A question on the lips of many area residents was answered today in Washington when Congressman George A. Dondero (R-Oakland County) ruled himself out as a candidate for the 13th term in the U. S. House of Representatives.

After finishing out this year, his 24th in the House and 50th as a public official, Dondero said he will retire.

The announcement is expected to touch off a vigorous contest among county Republican leaders for the nomination to run for Dondero's post in the Nov. 6 election.

The veteran lawmaker, one of the GOP's most influential national legislators, was first elected a representative in 1932.

At 72, he is the ranking minority member of the powerful House Public Works Committee which fathers legislation respecting rivers and harbors, flood control, highways and public buildings and grounds.

Dondero has served as the committee's chairman and was a leader in the fight to secure passage of the St. Lawrence Seaway Act.

FIGHTS POLLUTION

He fostered anti-stream-pollution laws designed to protect public health, clean up streams and preserve fish and wildlife. Although noted as an advocate of economy in government, he supported increased social security benefits for old age and survivors insurance.

Dondero consistently spoke out for improvement of government services and the detection of sub-

Big 3 May Call on U.N. to Help

U.S., Britain, France Will Try to Block War in Middle East

WASHINGTON (AP) — The United States, Britain and France may ask the United Nations Security Council in the next few days to take urgent action to prevent war in the Middle East.

This would test Russia's attitude toward the Arab states. The Soviet Union would have to decide whether to veto a warning which would cover the Arabs as well as Israel.

Diplomatic sources said the United States and Britain have proposed to France that a special U.N. meeting be called and that the French have indicated that they would go along.

The United States and Britain are said to have in mind a broad resolution telling both the Arabs and the Israelis to take measures to avert hostilities. Such a resolution would at least imply that if either side started a new Palestine war, it would come under U.N. sanctions.

The U.N. recently censured Israel for making a raid into Syrian territory. But the United States and Britain apparently feel the Arabs should also be told to take measures for peace.

Since last year Russia has been following a predominantly pro-Arab policy. Among other things, it has sponsored the sale of arms to Egypt and Syria.

In London Britain's government stands firm today on a Middle East policy pinned to the Western Big Three pledge to block any change in Israeli-Arab boundaries by force.

Prime Minister Eden ominously warned that Britain, the United States and France had undertaken an obligation in their 1950 pledge that is "more serious than perhaps many British people realize."

The 1950 pact promises that the Big Three will act against any aggreession by either the Arabs or Israel.

Tops in Basketball

Westinghouse Union Rejects Peace Plan

WASHINGTON (AP) — The union today turned down a government-proposed plan for settlement of the Westinghouse strike, now in its 144th day.

* * *

James B. Carey, president of the International Union of Electrical Workers, said the decision by the 75-member conference board of the union was unanimous.

Carey told a news conference the union's action was "not to be considered a rejection, nor could it be considered an acceptance—it might be described that the plan so far is unacceptable."

* * *

Carey said he expected to meet today with Federal Mediation Service Director Joseph Finnegan to discuss what steps might be taken toward further negotiations with the Westinghouse Electric Corp.

Cancer Linked to Cigarettes, Claims Doctor

DETROIT (AP)—One man in every three in the United States will have lung cancer within 25 years, Dr. Alton Ochsner of New Orleans has told the Michigan State Medical Society.

Without a doubt, the cancer expert said yesterday, the cause of the high incidence is cigarette smoking.

"If there were one-tenth as much proof that the Brooklyn Bridge were unstable as there is that cigarette smoking causes lung cancer," Dr. Ochsner said, "the bridge would be closed to traffic.

"And I actually believe we may come to legal 'prohibition' of cigarettes if the tobacco industry doesn't do something about it."

Dr. Ochsner is chairman of the department of surgery at Tulane University. He does not smoke.

He said the exact cancer causing agent in cigarettes is not yet known. The tobacco industry should find out and remove it, he said.

Workers Stem Threat of Flood

FLOOD WORKERS—Some of the 100 residents of the Pontiac Lake Recreation Area who volunteered when homes were threatened by floods, are shown above filling sandbags late last night. Workers filled bags with earth from safe portions of the dyke to build up 75 feet of the wall over which water from Pontiac Lake was sweeping. After five hours of feverish work in rain and snow, the flood was stopped.

Pontiac Press Photo

Ortonville Man Dies in Plunge

Roy W. Racine Falls From Bank Building With Two Bibles

A Pontiac milkman apparently leaped to his death last night from the top of the 14-story Pontiac State Bank Building.

* * *

The victim was Roy W. Racine, 43, who recently moved to Ortonville. Police found two New Testaments in his pockets.

According to witnesses, the man's body suddenly appeared in the middle of E. Lawrence St. on the north side of the building. Pontiac police fixed the time at 7:30 p.m.

Racine, born in Pontiac, lived in a trailer camp at 1962 Fay St. with his wife, Lois. They have no children.

* * *

A brother, Rev. Franklin Racine of Rochester, identified the body.

Investigation into the man's motive will continue, according to Det. James Laponsie, who took charge of the case last night.

He said Rev. Racine had told him and Det. James Bale that the victim recently had become interested in religion and added that his brother seemed "troubled" in recent months.

* * *

Racine was hired in October, a spokesman for the Borden Milk Company said, but had worked on-and-off for the company for 20 years.

Detectives believe that during the steady drizzle of rain last night, Racine climbed a rear fire-escape to reach the roof of the bank at 28 N. Saginaw St. They said the access ladder was found swung to the ground.

Speaks for Oakland's JPs

Area Justice Complacent as Statewide Probe Begins

Veteran Farmington Justice of the Peace Allen C. Ingle said today it would be "virtually impossible" for any shortages to occur in accounts of Oakland County JPs.

His statement followed a reported probe of Michigan justices of the peace by Auditor General Victor C. Targonski, who said shortages of more than $48,000 had been found in accounts of four.

Ingle, an attorney and secretary of the state JP association, said, "Oakland is probably the only county in the state which employs an auditor to make regular checks of local magistrate's books. I doubt they'll find any discrepancies in this area.

"If some exist elsewhere it is probably due to failures of other counties to audit justices' books properly."

A story in a morning paper said, "The probe will go into such other abuses as justices' assessing nominal fines and maximum costs. The costs go to the justices."

"Costs don't go to justices," said Ingle, "they go to the county as prescribed by state law, which also says cost-amounts should be based on the expense of prosecuting an offender. A justice reaps no personal gain by assessing a high costs figure."

Justices' fees are set up by state law, he explained. They are paid the justice whether or not he requires a costs payment, he added.

Justice George W. Grugel of Leslie, Ingham County, has been convicted of an account shortage of $11,807 and is awaiting sentence, Targonski said. The other three shortages range from $16,800 to $3,954, he stated.

Landry to Seek Recount in 7th

Third-Place Candidate for Commission to File for New Accounting

Robert Landry, a candidate from District 7 in last Monday's primary election, said this morning he would file today for a ballot recount.

Landry, 42, of 47 Center St., received the third highest number of votes in the close four-man race in the district. Former Commissioner Benjamin M. Gates received the highest with 353 votes while Gilbert W. Long was one vote behind with 352.

Landry, a member of the production control division of Fisher Body, gathered 341 votes while Victor L. Smothers, 37, of 154 Perkins St., received 136 votes.

"By requesting the recount, I am not casting any aspersions on the winners," Landry said. "The close nature of the race and the pleas from many of my friends have prompted me to ask for the recount."

100 Volunteers Reinforce Dike With Sandbags

One Family Evacuated as Lake Spills Over After 2 Days of Rain

Braving rain and sleet, some 100 volunteers last night struggled and won in a battle to prevent Pontiac Lake from overflowing its banks and threatening 200 homes near the Pontiac Lake Recreation area.

At least one family was forced to evacuate its home as water poured over a dike at the western end of the lake, flooding a mile square area.

These flood conditions, brought on by two nights of rain and the year's mildest weather to date, shows signs of lessening as Pontiac and most of the state witnessed a drop in the mercury along with a fresh blanket of snow.

Residents of the Pontiac Lake Recreation area to the northwest of the city, along with Oakland County Road and Drain Commissioners workers, stopped the flow of water at 11:30 p.m.

The flood threat was first reported at 4 a.m. yesterday and workers and volunteers were called from their homes to sandbag the 75-foot low point in the dike at 6:30 p.m.

Elmer Howland and his wife, of Fisk road, one quarter-mile from the break-through, moved out of their home yesterday afternoon.

DANGER ELIMINATED

Chief engineer Don Ringler of the Drain Commission said this morning the flood danger had been eliminated by the change in weather. He added that gates at the lake had been opened to lower level of the water.

Some Utica residents witnessed the havoc of the over-flowing Clinton River yesterday as the city firemen rescued three persons stranded in their water-surrounded homes.

Rescued were Mr. and Mrs. Lloyd Renaud, their cocker spaniel, and 14-year-old Joan Sobieslak. All three were rowed to safety in water that had reached five feet in depth.

About 150 homes in the Utica flood area were submerged in up to two feet of water and substantial damage was being reported to furnishings.

SNOW HITS AREA

The Weather Man dropped snow on Pontiac and vicinity last night and covered this with more snow at the peak early morning rush hours. Traffic was reported creeping on most heavily traveled arteries, which were coated with a layer of ice.

The U. S. Weather Bureau could promise no let-up for this area as it predicted partly cloudy

(Continued on Page 2, Col. 4)

Gone With the Wind

DALLAS (AP)—A local department store has just completed a very inexpensive promotion stunt. Some weeks ago when it opened a suburban store, 400 balloons, each bearing free merchandise certificates, were released. But high winds swept them away from the Dallas area. This week the store got back its only response. A farmer 70 miles away mailed back some certificates, saying he rarely got to Dallas.

House Defeats Health Agency Bill

LANSING (AP) — A bill consolidating the state's health agencies under one "super" department was soundly defeated by the House yesterday.

* * *

The bill, sponsored by Rep. Roy H. Brigham (R-Battle Creek), would have combined the State Health Department, Mental Health Department, Office of Hospital Construction and Survey and other agencies into one "Health and Hospitals" department.

* * *

Brigham said the proposal would eliminate duplication and inefficiency.

But opponents argued the problems of the various health agencies are too complex to be handled in one department.

The vote was 40-60, 16 less than the required number.

The perennial "Seal of Quality" bill for Michigan farm products, advocated by Gov. Williams since he took office, passed the House for the first time. The vote was 82-10.

Under the plan, top-grade farm products can be labeled "Michigan's Best." The program is voluntary, with participating farmers paying the costs.

WAYNE UNIVERSITY BILL

Out of a lengthy hassle in the House emerged a bill setting into motion machinery to put Detroit's Wayne University under control of the state.

The plan calls for turning the institution over to the state gradually. The university, during the transitional period, would be governed by a board of control consisting of four members of the Detroit board of education and four members appointed by the governor.

By 1959, control of the university would be transferred to an eight-man board appointed by the governor and confirmed by the Senate.

Rep. Louis C. Cramton (R-Lapeer) asked the House to scrap the plan and give the University of Michigan board of regents $25,000 to study the status of Wayne. His proposal was defeated.

The bill, passed by a 87-5 vote, now goes to the Senate, which has its own plans for transferring the University to state control.

Also passed by the House and sent to the Senate was a bill establishing regional diagnostic centers for screening mental patients.

If the plan becomes law, patients committed by courts will be sent to the centers for observation. They would be committed finally on recommendation of the center's psychiatrists.

New GM Policy Benefits Dealer

Curtice Says Revisions in Franchise Contracts Also Aids Customer

WASHINGTON (AP) —President Harlow H. Curtice of General Motors Corp. said today both dealers and customers will benefit from revisions in GM's dealer contracts.

He said in testimony prepared for a Senate Commerce subcommittee that he favors amending the law to permit steps toward curbing "bootlegging" of new cars through unfranchised dealers.

GM announced Feb. 10 revisions in its dealer contract policy. Curtice said these became effective March 1. In addition, he said, a new post of executive vice president in charge of dealer relations was created this week to give dealers "a direct line of communication to the top management of General Motors."

Named to the post was Ivan L. Wiles, a GM vice president and general manager of the Buick division.

Curtice and other GM officials were called before a subcommittee headed by Sen. Monroney (D-Okla), which has been studying auto marketing practices.

Pontiac Deaths

Mrs. William Brower

Mrs. William (Blance Aldridge) Brower, 75, died this morning at the home of her daughter, Mrs. Theodore Carlson, 86 S. Marshall St. after several months illness.

Born in South Milford, Ind. Jan. 9, 1881, she was the daughter of Frank and Anne Davis Mills. The Browers were married in Mancelona.

Mrs. Brower came to Pontiac in October 1955 to live with her daughter, Mrs. Theodore Carlson.

She was a member of the Mancelona Methodist Church, the Eastern Star and Mancelona Garden Club.

She leaves a son, Gordon Aldridge of South Boardman, a daughter, Mrs. Carlson, seven grandchildren and four great-grandchildren.

Other survivors include a brother, Earl Mills of Maryville, Tenn.; four sisters, Mrs. Mae Wellman of South Boardman, Mrs. Charles Landon of Hart, Mrs. Edna Pixley of Grand Ledge and Mrs. Bert Wilson of Battle Creek.

Mrs. Brower will be at the Sparks - Griffin Funeral Home this evening. She will then be taken to the Berg Funeral Home in Kalkaska for service and burial.

Roy William Racine

Roy William Racine, 43, of 1962 Fay Rd., Ortonville, died in a fall from the Pontiac State Bank Bldg. last night.

He was born in Pontiac Oct. 18, 1912, the son of J. Roy and Sylvia Ayers Racine. In 1934, he was married to the former Lois Olsabeck in Indiana.

He attended Pontiac Schools and had lived here until six months ago when he moved to Ortonville.

Mr. Racine was a veteran of World War II and had been employed 18 years by the Borden Co.

Surviving besides his wife and mother are two brothers, Frank of Rochester and Stewart of Pontiac; three sisters, Mrs. Marion Mortimore of Chicago, Mrs. Thelma Beck and Mrs. Donna Giles, both of Pontiac.

Service will be at 1:30 p.m. Saturday from the Huntoon Funeral Home. The Rev. Ralph Winans of the Penecostal Church will officiate with burial in Perry Mt. Park Cemetery.

Autry Has Laryngitis

HOLLYWOOD (AP)—Because of a laryngitis attack, Gene Autry won't be back in the saddle on his radio program for several weeks. CBS said it will be the cowboy singer-actor's first formal respite from radio in 15 years. Beginning March 11, his Sunday night show will be taken over by a musical variety program, the network said.

The spillway of the Grand Coulee dam is half as wide and twice as high as historic Niagara Falls.

MODERN COUNTERPART — Two members of the Columbus Boychoir listen intently as Eric W. Hall, coach advertising manager for GMC Truck & Coach Division, explains some of the finer points which distinguish modern GMC buses from the "Schoolhouse on Wheels" which made a visit to the plant yesterday. The choir's specially-equipped vehicle was examined by division executives and employes during its brief stop here.

Schoolhouse on Wheels Comes Home

A unique "schoolhouse on wheels," its plush interior laden with 25 spirited members of a renowned boys' choral group, paused in its travels for a brief glimpse of "home" yesterday.

A product of the assembly lines at the GMC Truck & Coach Division, the rolling classroom is a huge PDA-4101 Parlor Coach which is currently carrying the famed Columbus Boychoir of Princeton, N. J., on a concert tour of several Midwestern cities.

The choristers and their adult leaders were GMC guests on a prearranged inspection of production facilities followed by lunch in one of the plant's dining rooms.

En route from Belleville where they appeared in a concert Tuesday night, the group stopped in Pontiac before continuing on to Sarnia for another civic performance.

The bus, which has carried "America's Singing Boys" more than 143,000 miles since 1949, is designed to carry luggage and choir equipment while providing individual facilities for practice and classroom instruction.

Each seat is equipped with a folding metal desk with special compartments for books. Other spaces hold scenery for operatic performances, records, musical scores and costumes.

Piano students and practice sessions are accommodated by a small piano mounted toward the bus' rear, the melodies from which are carried through the vehicle by a special loud-speaker.

The latter also serves as an amplifier for the teacher's voice during class periods, many of which frequently are conducted while the bus is rolling along the highway.

Distractions such as glimpses of passing fields and buildings have had no adverse effects on the boys when it comes to the 3-R's, according to teacher Ethel Sprague. Each is an outstanding student whose grades would rank with those of top pupils attending more conventional schools.

The Pontiac visitors are enrolled in the Columbus Boychoir School at Princeton and are members of the Concert Choir, a group made up of outstanding vocalists whose ages range from 10 through 14. The famous school selects its pupils by audition.

In addition to touring various cities for eight weeks out of the year, the group has appeared on numerous television shows, in motion pictures, Carnegie Hall, Madison Square Garden and with the country's leading civic symphony orchestras.

The smallest chorister, Van Dyke Parks, has been a frequent television soloist and is currently appearing in a motion picture starring Grace Kelly.

The choir's wandering schoolhouse may also become a seasoned traveler of Europe, according to Assistant Director Donald Bryant who revealed tentative plans to tour the continent next year.

Close Senate Vote Seen on Farm Bill

(Continued From Page One)

good, but the 90 per cent forces can win if we don't lose more than three Southern senators."

This was a reference to the cotton inducements Agriculture Secretary Ezra Taft Benson is accused of offering southerners in the hope they would be won over to the flexible side.

Government price supports on basic farm crops were fixed at 90 per cent during the war to spur production. Flexible props which could vary according to supply and demand, went into effect on last year's harvests.

The administration blames 90 per cent supports for the high production and the government's huge supplies of surpluses which it contends has kept farm prices down.

* * *

But Democrats argue that increased supports are the only way to give falling farm income a quick shot-in-the-arm this year. They argue that the soil bank, for paying farmers not to produce, cannot get into effective operation this year.

There are 70 some amendments to the farm bill and final action on the measure may not come this week.

South Oakland Communities Eye Commuter Plan

A diesel car commuter system could solve commuting problems and relieve highway congestion agreed city planners of Birmingham and several other South Oakland County communities last night, after hearing a talk on a proposed system.

Lynn D. Searcy, a transportation expert, gave a talk on the rail diesel cars, called RDCs, which brought enthusiastic remarks from Herbert Herzberg, Birmingham planner and chairman of the South Oakland Planning Council, at the Council's meeting in Royal Oak.

Possibility of 10 evening trips to take downtown workers to their suburban homes, rather than the present 5 made by the Grand Trunk Railroad, was cited by Searcy.

Members of the Council voiced agreement that the system would be beneficial in the expansion of the South Oakland area.

The Grand Trunk system claims it is losing money in the present operation, Searcy said, but has not taken a stand pro or con on the diesel system. The Canadian Pacific Railroad has found such a system successful, he said.

RESCUED AFTER 14 HOURS — Charles Kringle, 35, was marooned with his dog atop his automobile (top picture) for nearly 14 hours by floods near Gowanda, in western New York. In lower picture rescue workers in an outboard reach the car as other volunteers wait with a safety line near edge of the swirling water.

Volunteers Halt Pontiac Lake Flood

(Continued From Page One)

and colder tonight with the snow flurries to continue. The low tonight will be from 16 to 20. The mercury is expected to climb to a high of 34 to 38 tomorrow..

The two nights and rain and thawing conditions has resulted in most county gravel roads as being passable "but not being in very good shape" according to Oscar Loomis, superintendent of the Oakland County Road Commission.

Loomis reported that many roads in the southern portion of the county were plagued by heavy mud. Greenfield road from Eight to Twelve Mile was reported closed to traffic. The lowest temperature in Pontiac preceding 8 a.m. was 26 degees. The thermometer registered 21 at 2 p.m.

Those Banking Hours!

CHICAGO (INS)—Three bandits wearing canvas masks dashed to the front door of the Bank of Elmwood Park yesterday. They departed in disgust when they read this sign: "Closed on Wednesday."

The Day in Birmingham

Schedule Court Hearing on 10-Lot Condemnation

BIRMINGHAM—An April 9 hearing date was set yesterday in Oakland County Circuit Court on a suit filed by Birmingham to condemn ten lots for a municipal off-street parking area.

The land sought is bounded on the west by Ferndale Street, the east by Park street and lies immediately north of lots fronting on Hamilton street.

The city asks that a jury be assembled to determine whether the land is needed and, if so, how much compensation owners should receive.

Firms and individuals named as having an interest in the property involved include: The Birmingham Eccentric Inc., the Birmingham National Bank, Mr. and Mrs. William Hopson, Thelma F. Ranks, Donald L. Moses, Mr. and Mrs. Franklyn A. Whitney, Martha E. Ellenwood, Donald C. Ellenwood, Mr. and Mrs. Charles L. Morse, and Mr. and Mrs. Robert S. Owen.

The property owners yesterday were ordered to appear April 9 and attempt to show why a jury should not be assembled to decide the issue.

* * *

The Birmingham Humane Society is beginning its program of recovering pets from city's pound, according to an agreement approved by the City Commission this week.

Mrs. Gladys Carl and Mrs. Mae Kocher of the new organization set up the program with Chief of Police Ralph Moxley. It requires a rabies vaccination for animals within 48 hours and a pound fee when a prospective owner claims a dog. The fee will be waived when a society representative takes an unclaimed dog.

* * *

Applicants for the position of recreation director are still being received by the Recreation Board, with the city's aid being pledged to the effort of securing a staff for the expanding program.

A resolution passed this week by the City Commission promised the aid and agreed to have a coordinator for activities on city play areas. The board is to report at intervals to the commission on program planning.

* * *

Story hour at the Library at 10:30 a.m., Saturday, which has an average of 37 children attending will feature "The Princess of the Glass Hill" and "Ebenezer Never-Could-Sneezer."

Dondero Won't Seek His Thirteenth Term

(Continued From Page One)

versive elements in the federal hierarchy.

The lawmaker did not reveal his post-retirement plans.

A 1903 graduate of Royal Oak High School, Dondero obtained a degree from the Detroit College of Law in 1910. He taught school in Oakland County for a time and was Royal Oak's first mayor in 1921-22.

LINCOLN SCHOLAR

Dondero is noted for his knowledge of the life of Abraham Lincoln, which he has studied for many years.

Dondero's retirement statement follows:

"After careful consideration I have decided not to seek re-election. I have completed 30 years in public life, having been elected to many public offices. Time does not stand still. At the end of the present session I shall have completed 12 terms in Congress.

"For this work I had a natural individual attraction from the very beginning. It is a rare experience and a distinct honor in the life of any man to have had the privilege of serving the people of the greatest nation on earth.

"To preserve our American ideals, upon which our country was founded, has influenced and directed my thinking and decisions during my service in the House.

"We Americans enjoy a way of life equaled nowhere else on earth. To have had the privilege of serving in the greatest legislative body in the world is indeed a rare honor of which I'm justly proud.

"I'm deeply grateful to the people of Oakland County . . . The American people may well be proud of the legislative branch of their government. For in times of peace and war, through all periods of American history, the Congress has met every challenge to our nation.

"More than once have I witnessed the united devotion of Congress to our American ideals, regardless of party affiliation, when those ideals and principles were threatened with destruction.

"To have had a part in sustaining the basic tradition and fundamental principles upon which our republic stands has afforded me much pride and personal satisfaction.

"I am sure the host of friends who have never forsaken me will understand my motives in withdrawing from public life at this time."

Talking Mailbox. Has the Answers for Puzzled Folk

NEW YORK (AP)—Now comes the talking mailbox.

It went on duty outside a midtown postoffice so that puzzled folk can get answers to any kind of postal question without queuing up inside.

* * *

A microphone and loudspeaker circuit enable expert clerks inside the Post Office to fire back the answers.

Oh yes, the box also accepts letters and is emptied every half hour.

Autherine Still Wants to Attend Alabama U.

NEW YORK (AP)—Autherine Lucy says she still wants to attend the University of Alabama.

The National Assn. for the Advancement of Colored People issued this statement yesterday in behalf of the 26-year-old expelled Negro coed:

* * *

"Despite [illegible] that has happened I continue to hope, wish and work that I may be able to pursue my education at the state university of my home state. But up until the present time I have been thwarted in my effort to do that.

"Therefore, I have got to follow two courses — to persist in my efforts to be admitted to the University of Alabama next fall and also to make applications to other schools — because I am sincerely interested in getting an education in the University of Alabama if I can but, if not, in another school.

"I would hope that there are unsegregated universities in the Southland on whose campuses I may find welcome as a student."

Embezzler Who Ruined Town Begins Sentence

SALINA, Kas. (INS) — A 40-year-old bank cashier, who embezzled $250,000 to cover losses while playing the soybean market, begins serving a 30 to 50 year term today at the Kansas State Penitentiary.

• • •

The sentence was meted out yesterday at Salina after the cashier, Raymond Holmquist, pleaded guilty to charges of embezzling the money from the Smolan, Kas., state bank.

Taylor Speaking Tonight

Chief Assistant Oakland County Prosecutor George F. Taylor will speak on "Science Versus Crime" tonight at 6:30 o'clock before a meeting of the Oakland County School Secretaries Assn. at Southfield Township High School.

Dem Attack on Ike's Health Brings Angry GOP Denials

WASHINGTON (INS)—A Democratic charge that President Eisenhower's candidacy on a curtailed work schedule means a "shrinking" of the Presidency ran into angry denials from Republicans today.

• • •

Sen. John J. Sparkman (D-Ala), speaking for the Democrats in a radio broadcast, said the issue of Mr. Eisenhower's seeking a second term is whether the country shall have a "part-time President."

But Sen. Homer E. Capehart (R-Ind), retorted in an interview that Sparkman's speech was "an unwarranted attack on a frank, forthright, honest, capable man in whom the American people have the utmost confidence." He said the President will fulfill his responsibilities "100 per cent."

Sen. George Bender (R-Ohio) commented: "The Democrats are desperate, sick and weary. The President gave them their greatest heart attack."

Senate GOP Campaign Chairman Andrew F. Schoeppel of Kansas declared: "Sen. Sparkman has underestimated the deep understanding and genuine feeling of the American people toward President Eisenhower . . . there is no basis for the assumption by the Senator of part-time service."

Nab Woman on Charge of Theft From Market

A woman allegedly caught stealing in a super market at 59 S. Saginaw St. yesterday afternoon was charged with simple larceny by Pontiac police.

An employe claimed Hazel Lund, 29, of 394 E. Tennyson Ave. was trying to take eight cartons of cigarettes from the store, police said.

Kefauver Won't Quit

MINNEAPOLIS, Minn (INS) — Sen. Estes Kefauver (D-Tenn) says he will be a candidate for the Democratic presidential nomination even if he fails to win a single state primary.

Houses, Bus Riders Will Still Be Shaking

SALT LAKE CITY (AP)—Maybe they went about it the hard way, but residents in one neighborhood of suburban South Salt Lake got results.

Their mayor, Lothaire Rich, told State Public Service Commission that chuckhole-pitted 24th East Street would be repaired as soon as weather permits.

Residents along the street had asked the state agency to reroute a Salt Lake City Lines bus down some other thoroughfare, contending that buses hitting the chuckholes shook their houses.

Believe Nixon Will Try Again

GOP Senators Think Ike Has Put Vice President on Inside Track

WASHINGTON (AP)—Half a dozen Republican senators agreed today that President Eisenhower has put Vice President Nixon on the inside track for renomination on this year's GOP ticket.

Eisenhower said yesterday he had told Nixon to "chart his own course and tell me what he would like to do." Nixon said he had no announcement to make "as far as my own personal situation is concerned."

• • •

Sen. Mundt (R-SD) said he is confident Nixon will seek renomination if the decision is his to make.

"I assume that Nixon is going to be Eisenhower's running mate because I think the vice president likes his present job," Mundt said. "I don't know of any movement to dump him. I am convinced the Republicans in the House and Senate want him on the ticket again with Eisenhower."

• • •

Eisenhower declined again yesterday to say specifically whether he wants Nixon as a running mate this year, but he told his news conference he has "no criticism of Vice President Nixon to make, either as a man, an associate or as my running mate on the ticket."

Sen. Allott (R-Colo) said that sounded to him as though the President were beckoning Nixon to run.

Sen. Thye (R-Minn) said he thinks Nixon has "the inside track." Senators, Young (R-ND) and Bender (R-Ohio) both said they assume Nixon's place on the ticket is secure.

Second Polio Shots Offered on Friday

Final clinic for second injections of Salk Polio vaccine will be held tomorrow from 9 to 11:30 a.m. at Pontiac City Hall.

These injections are for children who received first injections at the Health Department clinic after Oct. 1, 1955.

The Friday clinic was formrmerly announced for afternoon but has been changed to morning.

Clinics for first injections have not been scheduled because of the short supply of the vaccine.

Insurance Company Passes Milestone

Insurance in force at the Michigan Life Insurance Co. recently went past the $200 million mark. President Scott E. Lamb told the firm's board of directors at a quarterly meeting in Royal Oak today.

Lamb said the new total was set Feb. 29 when the company's policies amounted to $200,370,000. A group policy covering approximately 15,000 employes of the Detroit Board of Education pushed the firm over the mark.

Lamb recalled that Michigan Life reached the $100 million point in 1953 after 26 years in business. The second hundred million was chalked up in less than three years, he said.

The company has offices in Michigan, Indiana, Ohio and Illinois.

Thieves Rifle Two Cars in Shopping Center Lot

About $55 worth of property was stolen from two cars at the Tel-Huron Shopping Center last night, according to Pontiac police.

Gerald Meilke, 61 E. Yale St. said someone smashed a window in his car and stole a $20 blanket.

Mrs. Marie Booker, 1005 Pontiac Lake Rd. reported two blankets, valued at $35 were taken from her car.

Bergen Gives $5,000

DECATUR (AP) — Edgar Bergen radio, televisinon and movie actor, gave $5,000 for starting a youth center in Decatur, Dr. John T. Bowers, village president, announced Monday. Bergen is reported to have graduated from Decatur High School 30 years ago.

Jet Pilot Missing

TOKYO (AP)—A U.S. jet pilot was missing today off Okinawa's coast. The Air Force said he was on a routine training flight and his last radio report had made no mention of any trouble.

His identity was not disclosed.

Middle East Tension Nearing Crisis Point

Latest developments in the seething Middle East suggest that the issue of peace or war between Arab states and Israel soon may be decided.

This loomed as the probability in the announcement that King Saud of Saudi Arabia and leaders of Egypt and Syria met in Cairo for strategy talks. The atmosphere of crisis was intensified by a new series of Arab-Israeli border incidents.

★ ★ ★

There is nothing hidden about the aim of these talks, coming so soon after Jordan's dismissal of the famed General John Bagot Glubb. It is to woo Jordan entirely away from British influence and to consolidate the Arab forces in event of war. Already the leaders of the three Arab states have signed a pact to go to war if Israel commits "aggression" against any one of them.

★ ★ ★

Meanwhile there is no doubt about the concern with which Prime Minister Eden views Gen. Glubb's dismissal, which he denounced as a violation of the spirit of the Anglo-Jordan treaty. For 29 years this renowned soldier has been one of the most colorful and influential figures in the Middle East.

The British-subsidized Arab Legion he organized and trained as chief of Jordan's general staff, was the most effective military unit that fought against the Israelis in Palestine.

★ ★ ★

While the situation admittedly looks dangerous, it is not without hope. Representatives of the United States, Britain and France already have studied the question of asking the United Nations for a new approach to the Arab-Israel dispute. Also, Israel's Parliament, for the moment at least, has defeated demands for an immediate preventive war against its Arab neighbors.

If there ever was urgent need for calm counsel of peace in Arab and Israeli capitals, that time is now.

Why U. S. Will Continue Its A and H-Bomb Tests

Much careful study is behind our Government's decision to continue its nuclear weapons test in the Pacific this year.

Several Federal agencies, including the National Security Council, participated in examination of this question. The matter also was discussed by President Eisenhower and Prime Minister Eden during the latter's recent visit to Washington.

★ ★ ★

The conclusion based on this study was inescapable. Until a workable system for control of thermonuclear weapons is developed, the United States has no choice but to continue its tests in the interests of the free world.

Plans have been shaped with due regard for protests caused by the fallout from last year's A and H-bomb tests. For example, a much larger "danger zone" has been marked out.

Reassuring words also have come from Atomic Energy Commission Chairman Strauss. He announced that the tests, starting in April, "will involve weapons generally smaller in yield than those tested during the 1954 series."

★ ★ ★

No one this side of the Iron Curtain should have any doubt as to why the decision had to be for more tests. The balance of power between us and Russia rests on our H-bombs. It is important that we maintain this deterrent power for peace.

In fact, the whole non-Communist world is vitally interested in tests of weapons that will help to insure the defense of freedom.

Reds Promote Zhukov

There may be more than meets the eye in the promotion of Marshal Zhukov to be a candidate member of the Russian Communist Party's ruling presidium.

This step up for him is the first time a professional soldier of high rank has advanced so far in the inner councils of the U.S.S.R. Some observers feel that Communist Party Chief Khrushchev, in advancing Zhukov, wanted to give the impression that the base of Soviet power is being broadened.

★ ★ ★

Whatever the motive it has the earmarks of a smart move. The Marshal had been out of favor until after Stalin's death. He is popular with the Russian people because he contributed so much to Germany's defeat.

★ ★ ★

His elevation obviously suggests the influence of the army. Without the backing of the military leaders, no inner faction in the Kremlin could hope to survive long.

"Another thing that made 'em the good old days," said the Old Sorehead, "was that pore folks didn't have to pay income tax then."

The Man About Town

Picnic Season

It Already Has Opened at Oakland County's Parks

Bigamist: A man who keeps two himself.

The advance guard of the hundreds of thousands who will enjoy the outdoor recreational areas in the Pontiac area during 1956 already are on the job. According to

Manager Paul H. Rearick

of Cass Lake State Park, the recent warm weather brought out a number of parties who aver that roasted hamburgers never tasted better. At the Pontiac Lake Recreational area,

Superintendent John H. Reagan

says several already have been enjoying its facilities, even to looking over the bathing beach, but evidently deciding to wait until the ice goes out.

My keen office observer tells me that the Ann Arbor High School is at the corner of Huron and State, the same as Pontiac's.

First outdoor blossoms of 1956 are reported by

Mrs. Normalee Shumaker

of Drayton Plains, whose forsythia bush burst into yellow glory this week, and

Mrs. Henrietta Mortimore

of Waterford, who recently found crocus flowers under a snow bank.

In answer to several inquiries on the frequency of multiple births, including that of

"An Expectant Mother,"

I find that twins occur once in 90 births, triplets in 7,600, quadruplets in 675,000, and there are less than 50 verified cases of quintuplets in all world history.

There's only one automobile for every thousand people in India, but here in Pontiac during the rush hours it seems that ratio is reversed.

The employes of a large eastern corporation have compiled a booklet,

"Get the Gripe Off Your Chest,"

explaining an orderly way of handling grievances.

Verbal Orchids to—

Mrs. Mary E. Wells

of 179 Mechanic St., ninety-first birthday.

Mrs. Mary Lenhart

of 2391 Mann Road, ninety-first birthday.

A. C. Rich

of 102 Franklin Boulevard, eighty-ninth birthday.

Mr. and Mrs. Thomas Tiltman

of 903 Mt. Clemens St., fifty-fifth wedding anniversary.

Mrs. Fred E. Watkins

of 3805 Covert Road, eightieth birthday.

Mr. and Mrs. Thomas O'Connell

of 174 Seminole Ave., fifty-first wedding anniversary.

Mr. and Mrs. Whitcomb C. Stone

of Linden, sixtieth wedding anniversary.

Presidential Handicap

David Lawrence Says:

President's Recent Remarks Indicate That Nixon Has Been 'Dumped' for '56

WASHINGTON — President Eisenhower seems to have "dumped" Vice President Nixon off the Republican ticket for 1956.

★ ★ ★

There are denials galore purporting to contradict this, and there are wishful-thinking comments to the effect that Eisenhower is merely waiting for the vice president to make up his mind whether or not he wants the nomination. But anybody who has had the most meager experience in politics can recognize the kiss of death when it is revealed to the naked eye.

For, as now disclosed, Eisenhower told Nixon on Tuesday, Feb. 28, that he should "chart out his own course." In the next few days news dispatches began to quote "informed sources" as saying that the vice president could have the renomination if he wants it. But the fact of the matter is that the President deliberately sidestepped at his press conference this week a reporter's question which asked whether, if Nixon decided that he wanted the nomination, the President would support him for it.

It's customary and traditional for a presidential candidate not to try to announce his running mate in advance of a national convention. This is sound practice. But this week Eisenhower decided to discuss the vice presidency with the press. He revealed that he actually had put it up to Nixon last week to say whether he wants to be renominated.

NIXON IN TIGHT SPOT

What a strange position in which to put Nixon! Certainly Nixon has wanted to run. The mere fact that Eisenhower opened the question wide by expressing to the vice president a doubt as to whether Nixon wanted to run and telling the entire press about it will be construed by politicians everywhere as a subtle way of saying that the President hopes Nixon will decide that he doesn't wish to run.

The all-important question and answer at Wednesday's press conference, as made public in the stenographic transcript, reads as follows:

★ ★ ★

"Mr. President, when you say, sir, you have suggested to Mr. Nixon that he chart out his course, is the implication of that that if he elects to remain on the ticket you are content to have him as your running mate?

The President: "Well, I am not going to be pushed into corners here and say—and right now, at this moment—say what I would do in a hypothetical question involving about five if's. And I don't think you should expect me to.

"I do say this. I have no criticism of Vice President Nixon to make, either as a man, an associate or as my running mate on the ticket."

★ ★ ★

The President's answer shows embarrassment. He could easily have refused to discuss the subject any further. He could have stood on his statement in last week's press conference that he wouldn't discuss the vice-presidential nomination till his own renomination had occurred. But instead Eisenhower chose to reveal some new facts to the reporters and thus opened up the entire subject, now, whether he likes it or not, he has placed himself in the position of having refused to endorse Nixon as his running mate.

Some comfort was taken by the friends of Nixon from the fact that the President said he had no criticism to make of Nixon "as a man, an associate or as my running mate on the ticket." This could mean "running mate" in the past—in 1952.

LIABILITY TO PARTY

Also there's a vast difference between heaping praise and recognizing what the President's advisers have tried to put over on him—namely, that Nixon is an alleged liability on the ticket. In other words, the President likes Nixon but, if the vice president has to be sacrificed on the altar of expediency, Eisenhower is evidently willing to cut loose from Nixon in order to make sure of winning an election.

★ ★ ★

For Nixon's main "crime" is that he offended Democrats on the Communist issue. There are weak-kneed Republicans who have been duped by the argument that it is necessary to get Democrats who were sore at Nixon to come over to the party.

The fact is the Democrats who deserted their party on the anti-Communist issue in 1952 are disturbed today about the Eisenhower administration's position on certain phases of this controversy.

They now will be even more disturbed when Nixon, who symbolizes the anti-Communist fight and made a valiant campaign in 1954 in 11 western states, is punished for his outspoken comments in that campaign.

★ ★ ★

But in politics sincerity and loyalty are to be found usually among the regular organization men—the amateurs are the ones who believe that organization workers can be enthused by letting them down.

(Copyright 1956, New York Herald Tribune Inc.)

Hal Boyle Says:

Son Proves Argument --- but Dad Will Never Know

NEW YORK (AP) — It is never pleasant for either party when a boy defies his father in picking out his life's career.

★ ★ ★

It was particularly difficult for Alfred R. Globus who, at 35, has become one of the youngest tycoons in American chemistry.

CHEMISTRY FIRST

He deeply admired his father, who had come to this country alone at 16 and had sweated night and day to put himself through medical school. But young Globus himself was more interested in puttering with chemicals than learning medicine.

★ ★ ★

When his home chemistry set once blew some plaster off the family ceiling, the father told the youth:

"You come from a line of doctors. I am a doctor. You must be a doctor, too."

★ ★ ★

"I want to be a chemist," the boy replied.

"Why?" argued the father. "How can you discover something the professors of chemistry haven't already discovered?"

LOST ALLOWANCE

Angered, the elder Globus cut off his pocket allowance. Alfred then started spending $2 of his $2.50 weekly school lunch money for the chemicals to continue his experiment.

★ ★ ★

While still a minor in college Alfred came home with some papers for his parents to sign as legal guardian. The papers had been drawn up by a Philadelphia firm which wanted to pay him $75 weekly royalties for a new process he had developed for the recovery of pure iron by electrolysis. The same firm, immediately after graduation, hired him as a consultant.

"My father never raised another objection," Alfred recalled smiling.

Holder of a number of valuable patents sought after as a consultant, Globus also has made his mark as a businessman.

★ ★ ★

What Globus really yearned to prove was that as a chemist he could do more for mankind than he could have if he had become a doctor. But he can't prove it to the man he'd most like to.

His father is no longer living.

Voice of the People

Statements of Richardson Questioned by A. L. Branch

Letters will be condensed when necessary because of lack of space. Full name, address and telephone number of the writer must accompany letters but these will not be published if the writer so requests unless the letter is critical in its nature.

We are indebted to Mr. Richardson for one thing at least in his recent letter. In referring to the administration's "permitting" General Motors to raise its income, he has outlined the basic democratic philosophy.

All income belongs to the federal government, which "permits" those who earn it to retain a portion. If this shouldn't be "permitted," it brings up some interesting questions.

Since large incomes are generated by large production and sales, should we "permit" General Motors to produce and market all that can be absorbed? Should we "permit" the buyer his choice of product?

Or should we "permit" General Motors to produce and market those additional products, but not share in the earnings?

Another question: Why must we consider it "progressive" sending abroad millions to bolster up other economies, but criminal "give-away" to "permit" building up the industrial might of America?

A. L. Branch

818 Corwin Ct.

Disgusted Teenager Asks North Side Club Action

I am a teenager fourteen years old. I am very disgusted with the ways the city and people are dealing with a new youth center or boys' club on the north side of the city.

I have heard about petitions and ideas concerning building one, but I have seen no action. Some of the students at Lincoln Junior High are at the point of building one of our own if the city is not sufficiently interested in its youth to build one for us.

We feel that both boys and girls need a center on the north side of the city for supervised recreation. All such centers are in other sections of the city, most of which are on the east side.

We on the north side feel we deserve one the same as the other parts of the city.

A Disgusted Teenager

Excessive Dryness of Air Can Be Eased in Homes

By WILLIAM BRADY, M. D.

The membrane lining the nasal passages, sinuses, Eustachian tube, middle ear cavity, pharynx, larynx, trachea, bronchial tubes and air cells of the lungs (doctors call it the respiratory mucosa) takes abuse the year around, principally from ubiquitous industrial dusts and gases, but in the winter season, particularly in March, the mucosa takes a cruel beating from a third factor, namely, excessive dryness of the air.

★ ★ ★

Dusts and gases are more or less inevitable in our industrial civilization, but by employing one or more of the following measures it is easy to protect the mucosa from excessive dryness in most circumstances—say in living room, bedroom, office, schoolroom, workroom or shop.

1. Adjust heating or set thermostat to maintain room temperature at comfort level — never above 68.

2. Always keep one window open with full sash size screen of unbleached muslin.

3. Moisture must be evaporated constantly while the heat is on, whether heating is by stove, fireplace, air register, steam or hot water radiator. At least a gallon a day (or night) must be evaporated in a 12 by 18-foot room to keep the relative humidity near the normal or ideal level—that of a perfect autumn day.

In Buffalo for ten years we lived in a three-story, 12-room house with eighteen radiators. On most of the radiators in the wintertime we had humidifiers, each of which evaporated at least a gallon, sometimes two gallons of water a day. Boy, I was "wore to a frazzle" toting buckets of water to those humidifiers, but I'm sure we saved money on fuel, for it is unquestionable that a household temperature of 68 with a fair humidity is more comfortable than a temperature of 72 or higher with low humidity. I believe, too, that the balmy indoor climate we enjoyed wintering in Buffalo kept us remarkably free from respiratory troubles.

The humidifiers we used were made, in lengths to fit the radiators, by a St. Paul company which, I regret to say, no longer markets them. Including top or cover they were about 6 inches high.

When it is necessary or convenient to hang the washing to dry indoors, don't worry about dampness. The effect is healthful for everybody in the house, from the baby to grampa, especially when the parlor stove or the nifty furnace is burning to beat the band.

Some furnaces have a built-in tank to hold water which the heat of the furnace evaporates. But the amount of water added to the air in this way is insignificant. So is any other means of humidifying the air that evaporates less than a gallon of water a day in a room of ordinary capacity.

The efficiency of the humidifier we used when we were serving time in purgatory depends on capillarity. Hanging on a wire frame above the water and dipping into the water are many loops of wicking. The wicking draws up water, which is rapidly evaporated by the warm air passing through the loops.

★ ★ ★

A do-it-yourself man could make such humidifiers of galvanized iron, I should say, in lengths to fit radiators or registers and finishes to match the decor of office or home.

Signed letters, not more than one page or 100 words long, pertaining to personal health and hygiene, not to disease, diagnosis or treatment, will be answered by Dr. William Brady if a stamped self-addressed envelope is sent to The Pontiac Press, Pontiac, Michigan.

Looking Back

15 Years Ago

FDR REVEALS plan to create new labor unit.

20 Years Ago

RHINELAND REOCCUPIED by Germany.

Case Records of a Psychologist:

Crane Tells Woman Who Fears Death to Worship God Rather Than Doctors

Mary's case illustrates a modern violation of the first of the Ten Commandments. She is idolatrous. And her fears of dramatic death indicate a probable guilt complex. Scrapbook this true case record and check it against the follow-up tomorrow. This column helps you understand human behavior of all sorts.

By DR. GEORGE W. CRANE

Case Q-394: Mary M., aged 50, is a typical neurotic, so scrapbook this case under that heading.

"Dr. Crane, two years ago I had a nervous breakdown," she began, "and finally went to the Mayo Clinic.

"They gave me some white pills to take for my nerves and sent me home to rest. I was doing fairly well until my husband passed away with a heart attack even before I could get to his bedside.

"This threw me into a severe shock. I was in a sanitarium five times after this, but nothing cures me.

"I get crying spells.

"I am afraid and don't know what I am afraid of.

★ ★ ★

"Sometimes I worry lest I have a blood clot and die suddenly, like my husband.

"I vomit and have terrible pains in my stomach. I am scared about being in the house alone.

"I am very depressed and can't eat. Never hungry. I feel like I will lose my mind. I feel lost and am losing weight.

"I get a check-up at the Mayo's every six months. They say there isn't anything they can do for my nerves. I must just rest and fight my spells.

"The last time I was at the Mayos they told me it would be a good thing if I consulted a doctor like you for they couldn't explain why I am so afraid I'm going to die. Can't you cure me?"

FALSE GODS

No; doctors don't cure anybody, so get wise to the facts. Too many of you neurotic Americans are worshiping false gods and thus are violating the first one of the Ten Commandments.

★ ★ ★

"Thou shalt have no other gods before me," runs the first Commandment God gave Moses for mankind (Exodus 20:3).

Yet millions of modern Americans are more devoted to physicians than to God Almighty.

And they spend more on hospital insurance than on the support of missionary activities.

There is a direct correlation between the amount of pills in the medicine cabinet, and the dust on the family Bible! Many pills — unused Bible!

At best, we medical men simply show you how to cooperate with God's laws regarding your anatomy and physiology. But we never cure anybody.

ABNORMAL FEARS

When you get to worshiping idols, such as medical men and drugs, then you are addicted to excessive introspection. This produces fear.

The mother bird is likewise afraid of a cat when she thinks solely of herself. But when she shifts her attention to the danger confronting her fledgling on the ground, the mother bird forgets self and actually flies at the cat.

Vitamin addition and excessive worship of medics mean people are selfish and not selfless.

The cure consists of extroverting our attention and developing interests in other people. Join my "Compliment Club" which has cured more hypochondriacs than you can imagine.

And become active in church. Teach a Bible class, as I have done steadily for over 35 years.

★ ★ ★

And if you have sexual complexes that have built up a guilt complex, as Mary had, and which cause you to fear that God Almighty will dramatically strike you dead via heart attack, appoplexy or insanity, then get wise to the facts and eliminate that terror by means of scientific data.

To help in this process, send for my booklet "Menopausal Complexes of Men and Women," enclosing a stamped, return envelope, plus 20 cents.

When people fear God, they usually fret about dramatic death by the three forms mentioned above plus lightning.

Always write to Dr. George W. Crane in care of The Pontiac Press, Pontiac, Michigan, enclosing a long 3c stamped, self-addressed envelope and 20c to cover typing and printing costs when you send for his psychological charts and pamphlets.

Lenten Guideposts

Prayer Groups Organized in Pittsburgh Steel Mill

By DAVE GRIFFITH
Pittsburgh Steel Worker

Before the challenge, I might have qualified as a Mr. Average American. I was 35, married, had two children, and lived in a small apartment in Wilkinsburg, Pa., on the edge of Pittsburgh. I was an instrument repair man at the Homestead Works of U. S. Steel.

GRIFFITH

Calvary Episcopal Church in Pittsburgh has been my church since I was 4. My dad was the janitor there until 1925.

Just before Easter of 1952, Dr. Sam Shoemaker, minister of Calvary Church, told the Men's Club:

"I feel a vast potential in the men before me," he said, "and I believe there is enough power in this room to make Pittsburgh the spiritual center of America."

One Sunday soon after this, I picked up the paper and saw a picture of a man kneeling by a lathe and praying at his job.

I called Dr. Shoemaker and told him the story.

"Dr. Shoemaker," I concluded, "This is how we can bring men to understand one another and come closer to God."

He said, "Dave, I think it is. I suggest you contact as many people as you can in the mill and see what happens."

We cleared with management, then quietly began a weekly program of prayer and meditation in the power and fuel department of the Homestead works, starting the week before Thanksgiving, 1952.

Several men in the plant were especially important to the success of the prayer group. But, for some reason, I had been unable to contact them.

That night I knelt by the bed praying for help and feeling unhappy because I knew I wasn't getting too far trying to do it by myself. I found myself saying: "Lord, you know how small I am, how selfish and proud, how I stammer and how hard it is for me to talk to people . . . Lord, please take me as I am, make of me what You will, and use me to accomplish a part of Your will here on earth. Please use me to accomplish it for Thy glory."

Before nine o'clock the next morning, all the men I had prayed about happened to come to the open hearth where I was working; and I talked to them in spite of my stammering.

That was the turning point. Everything seemed to drop into place. The key to the situation was my complete surrender.

Whenever possible, I talk with my co-workers, thinking in terms of how I can be a good friend. If the person is interested in coming to our prayer group, fine. If not, that's okay too.

Another prayer group has begun in our mill. Over 50 have been attending the two groups, but the idea has just gotten a good start.

I think the person who has gotten most out of what we have done is myself. I have found a reason for living, happiness, freedom from worry and a completeness in life.

TOMORROW: William R. Parker, of Redlands University, tells how special "prayer therapy" classes help him to cure stutterers.

Record Buying of Homes in '55 Set, Says FHA

WASHINGTON. (INS) — More Americans used the Federal Housing Administration to buy homes in 1955 than in any previous period in the 20-year history of the government agency.

* * *

In reporting preliminary figures on FHA's operations, Commissioner Norman P. Mason estimated that 615,000 applications were filed in 1955 for home mortgage insurance.

More than half the applications —310,00—covered older homes while the remaining 305,000 applications were submitted for new dwelling units.

FHA commented: "Negroes and members of other minority groups shared heavily in the increasing use made during the past year in FHA aid to home buyers.

* * *

"One the basis of reports by FHA personnel and business observers, FHA officials assert that a larger volume of new housing was made available to occupancy by minority groups in 1955 than during any previous year."

Device Can Count Particles in Cloud

CHICAGO (INS) — A device which counts and measures tiny moisture droplets of which clouds are made has been developed at the Illinois Institute of Technology.

Known as a "Cloud Particle Counter," the electronic device samples particles at the rate of 12,000 a minute.

The instrument, produced for the Geophysics Research Directorate of the Air Force by the Armour Research Foundation, is expected to aid meteorological studies and weather forecasting.

The device also can count and measure microscopic airborne particles including germs, pollen, dust and smog, according to Dr. Sidney Katz, chemist and leader of the project.

New York Ike Sentiment Ignoring Health Issue

(Editor's Note: This is the first in a series of articles by AP's national political reporters who are surveying the situation in the light of President Eisenhower's decision to seek a second term.)

By JAMES DEVLIN

NEW YORK (AP)—The people who "Like Ike" appear to be placidly ignoring the hullaballoo over his health and running mate.

• • •

That is one of the chief impressions gained by this reporter in a sampling of public opinion in New York state — talks with both political leaders and the man in the street.

Democrats believe their argument that President Eisenhower's heart attack makes him a part-time executive will have its effect by election day.

• • •

Also, they believe they have a vulnerable target in controversial Vice President Nixon if he should run again with Eisenhower.

But at this stage, the Eisenhower adherents do not seem to be swayed on these issues.

Republican State Chairman L. Judson Morhouse says Eisenhower even may increase the 850,000 plurality that netted him the state's 45 electoral votes in 1952.

• • •

On the other side, Democratic State Chairman Michael Prendergast predicts the state will go Democratic as it did in 1954 when Democrat Averell Harriman was elected governor by 12,000 votes.

This reporter toured the 150-mile area between New York City and Albany. New York and Albany are Democratic centers; the area between is heavily Republican.

Democrats say they are confident the Eisenhower administration's handling of foreign policy in the Middle East, such as the shipment of tanks to Saudi Arabia, will cut into his vote in New York City, where there is much support for Israel.

On the other hand, Negroes report a Republican trend in normally Democratic Harlem on the segregation issue.

A group of Pullman porters in Grand Central Terminal said segregation is the burning question in Harlem, home of hundreds of thousands of Negroes. They predicted a substantial GOP vote there.

"That's all you hear," said one. "Talk to anybody and you'll find that's the feeling.

"The Republicans are doing more for us than the Democrats. Warren (Earl Warren, chief justice of the United States) is a Republican. Some Democrats speak out against segregation but you never see them disown the other Democrats who are segregationists."

Democratic attacks on Nixon, and even some aversion to him within the GOP, appear to puzzle the average Republican who is interviewed.

"He always has been Johnny-on-the-spot to help Ike," said a Hudson businessman. "He's been a hard-working vice president."

He expressed belief that talk of dropping Nixon from the ticket stemmed from a high-level battle for the second spot rather than in any rank-and-file revolt.

NO OBLIGATION TO NIXON

The Albany Times-Union inquiring photographer quoted half a dozen persons who said they intended to vote for Eisenhower, and none registered any objection to Nixon.

On Eisenhower's health, a New York City Democrat said the public was getting only one side of the picture — emphasis on his activities but little on the rest periods his doctors ordered.

"Every time Ike swings at a golf ball you see a picture of him in the papers," he said. "But you never see a picture of him taking his two-hour nap."

• • •

A Hudson Valley filling station operator, an Eisenhower supporter last time and this time, put it this way:

"Ike knows best how he feels and what he can do. If he feels he can carry on, that's good enough for the people around here."

A tour along the Hudson Valley, where fruit and produce growers already are trimming their apple trees for spring, reveals little if any change in its traditional Republican outlook.

• • •

The Midwest farm issues do not hit home among these men, except possibly in reverse. They are buyers and consumers of Midwest wheat.

A worker at General Electric's huge Schenectady plant, employing some 33,000 men, said he believed there was increased sentiment among his co-workers in favor of a Democratic administration.

"Sure, there is prosperity," he said. "But who gets the profits? The big corporations. A lot of us think Ike hadn't ought to run and that there ought to be a Roosevelt-type administration, one more favorable to labor."

• • •

Another GE worker, a Republican, insisted Eisenhower had strong support among the men.

Angelicized Acapulco Ires Mexican Tourists

MEXICO CITY (AP) — Mexican tourists are protesting that they have a hard time getting anything to eat in Acapulco unless they read English.

They complain to Mexican tourist officials that all menus of top hotels are in English. Further, they say employes give better service to Americans because they expect biggest tips from them.

Acapulco, on Mexico's Pacific coast, is a favorite winter resort usually packed with Americans.

The first steam whistle for a railway locomotive was made in about 1835.

GENERAL ELECTRIC'S
New 2600-watt Giant Calrod® Unit
is over 20% Faster than Gas!

The 2600-watt G-E unit was tested in G-E laboratories against the large burner on each of four leading gas stoves. Tested in accordance with American Standard Assoc. electric range tests, the G-E unit brought 2 quarts of water to a boil over 20% faster. Also, one quart and 2 cups of water were tested; the G-E unit was faster every time. Gas burners were tested under identical conditions with burner input of 12,000 B.t.u. per hour (large burner requirement under Gas Appliance Mfrs. Assoc. certification standards).

Every G-E RANGE Has It!

Cancer-Fighting Tools Becoming Stronger

(This is the fourth of six articles describing up-to-date developments in a massive and dramatic research attack on cancer.)

By JOHN GEIGER

NEW YORK (AP) — In a cluttered laboratory six floors above the brick and concrete of a New York street, little chickens are being hatched today with advanced and deadly cancers — human cancers — in their bodies.

* * *

The cancers are composed of cells almost exactly like the savage growths that kill humans. And they are scattered widely through the chicks' systems—in liver and brain and bone and other organs — just as advanced and hopeless human tumors riddle the bodies of their victims.

The chickens are the first creatures in which it has been possible to cultivate human cancer not as a single, easily-treated lump or isolated tumor, but as the fast-spreading, wild-fire disease it really is.

Thus they may prove to be valuable living testing-grounds for the evaluation of experimental cancer medicines designed to help humans, and for the study of cancer's savage patterns of growth.

Three kinds of human cancer so far have been grown in chicken eggs by Dr. David Karnofsky, Dr. Charles P. Dagg and their associates at the Sloan-Kettering Institute in New York.

* * *

The scientists incubate the eggs of white Leghorn chickens for seven or eight days. Then they drill a little window in the egg-shell, drop a tiny fragment of human tumor onto one of the membranes near the chick embryo, and seal the window with scotch tape.

HUMAN TUMOR IN CHICKS

By the time the chicks hatch, the human tumor has invaded their livers, hearts, kidneys, brains, muscles and other tissues. By studying that process, the scientists may be able to draw more accurate maps of cancer's favorite avenues of attack in the living body. By injecting drugs, they can check which ones work — and how well — against human cancer cells.

* * *

For human cancer cannot be studied most effectively in patients, because human lives are involved. To experiment, to study, to test, to inject radioactive tracers, scientists had to use animals. But animal cancers are not exactly the same as human cancers.

Thus it was a major forward step when Dr. Helene W. Toolan of Sloan-Kettering found a way, several years ago, to grow lumps of human tumor cells in hamsters and other laboratory animals by giving them hormone injections or X-ray treatments first.

Researchers use them to test experimental cancer drugs. Perhaps even more important, they can be checked to learn the kinds of chemicals cancers will absorb and those they will reject. And they can be studied to learn what chemical reactions take place within them.

In one recent project, researchers have devised a way to grow normal human cells in little test-tube farms — together with cancer cells from the same kind of tissue, growing at almost the same rate. Side by side, the two cell systems — one normal, one malignant — make a sensitive test device for telling if experimental cancer-fighting compounds slow malignant growth without harming healthy tissue.

At Memorial Center, research is just one of four fronts against cancer. The others: treatment, prevention and training.

10,000 PATIENTS ATTENDED

Each year, Memorial and the James Ewing hospitals admit and care for more than 10,000 cancer patients. There is a separate pavilion for children with cancer, the first of its kind in the country. Outpatient clinics each year handle thousands of other cancer patients.

At Memorial's detection and prevention center, some 16,500 apparently well men, women and children are examined in the average year for signs of early or impending cancer.

Finally, some 175 young physicians and surgeons are trained each year as residents and research fellows, studying the latest techniques in cancer treatment.

It has taken 10 years to build the center to its present size, staff it with men of many scientific disciplines, weld it into a single unit and implement what Dr. C. P. Rhoads, its scientific director, calls "the vision, the possibility of total cancer conquest."

And Sloan-Kettering Institute is but one link in a team that spans the nation and links continents — a great, international army of researches. In this country alone, the combined scientific and financial resources of the American Cancer Society, the U.S. Public Health Service, and the Atomic Energy Commission are pitted against cancer.

From their coordinated work have come — among many advances — new, safer surgical operations to increase the number of cures for cancers of the month, the larynx, the bladder, the uterus, lung, stomach and breast.

* * *

There are electronic instruments now to screen the cells in body fluids and pick out the ones that indicate cancer. There are new leads to an accurate, sensitive blood test for cancer. There are X-rays with power undreamed-of ten years ago, and more skillful ways of using them.

Despite these gains, American Cancer Society figures show that the problem is growing steadily more urgent. Cancer is on the increase because its most frequent victims are between the ages of 45 and 65 — and this age group is the most rapidly increasing segment of our population.

If science's present weapons against cancer are not strengthened, its death toll may double within 50 years. Of every four American children born this day, one will suffer cancer sometime in life. Every 30 days, about 20,000 Americans die of cancer — more than were killed in the first two years of the Korean War.

But there is evidence, in the research results at Memorial and other centers, that cancer-fighting weapons are growing steadily stronger. One of the newest among them, strangely, is the virus — an agent that ordinarily causes, not fights, disease.

ASSEMBLY LINE — To study human cancer cells effectively and experiment with them safely, a way had to be found to make human cancer grow in animals. Now, in one of the important breakthroughs in the search for cancer-fighting drugs, this has been accomplished. This scene at New York's Sloan-Kettering Institute shows human cancers implanted in white rats on an assembly line basis.

93 Pct. of Farmers Use Electric Service

WASHINGTON (INS)—More than 93 precent of the nation's farms now have central station electric service. This is about one percent more than in 1950.

* * *

More than four million farms have obtained central station electricity since 1920 and most of these obtained service since 1935 when the Rural Electrification Administration was established.

In addition, electric service has been extended to a great many rural establishments which are not in the farm category.

Named by Blue Cross

DETROIT (AP)—Louis Graff, health science reporter for the University of Michigan Information and News Service and managing editor of the University Medical Bulletin, has been appointed an assistant director of Michigan Hospital Service (Bule Cross). The appointment was announced Tuesday. Graff will take charge of the public relations division of Michigan Blue Cross-Blue Shield March 15.

Helicopter Shakes Rain Off Petals of Flowers

CARLSBAD, Calif. (AP)—Another use for a helicopter: After a rain, Gene Macterson, commercial flower grower, has one hover over a field of 24,000 blooms ready to be picked for market.

The vibration shook the rain drops off the delicate petals, which Masterson said would have rotted if packed wet. He figured it would have taken several men a full day to shake the rain off the flowers. The helicopter did it in two hours.

Invited to Michigan Day

ANN ARBOR (AP) — Students of 11 junior and community colleges throughout the state have been invited to the second annual "Michigan Day" program at the University of Michigan March 16. The "Michigan Day" program is designed to acquaint students interested in continuing their education with the facilities at Michigan.

Bob Considine Says:

Toys Know No Artificial Boundary Lines

NEW YORK (INS)—People . . . places . . . things . . .

"A toy," said Louis Marx, "is one of the few objects on earth that has no connection with an 'ism. It is the least least common denominator. You don't give a toy to a Protestant, Catholic or Jewish child. You give it to a child.

"A king with billions can bring a shout of delight from a child by giving it a toy. But no more of a shout than if the donor is a poor man in rags. A man giving a toy to a child is a man at his very best. He doesn't get any better than at that moment."

Marx, dubbed Toycoon by Louis Sobol, is a remarkable man. He has a more enduring thirst for knowledge than any person of my acquaintance. After a full day of running the biggest toy business in the world, he and his wife attend bewilderingly specialized college courses each night.

For years he has learned one new word a day and shared the word and its meaning with his children. Marx' own favorite toy among the thousands of items his companies put together is a set of statuettes of the presidents of the U. S.

* * *

He has sold 80,000,000 of these figures and probably has taught millions of Americans the correct succession of the presidents for the first time.

TALE OF FRIENDSHIP

Can there be anything more heartwarming than a friendship when one is sick? Hear, then, a story of such friendship and loving concern:

One of the best men INS has ever had and ever will, Lou Allwell, is at Memorial Hospital here in New York. He needs blood. Torrents of it.

The word spread through the myriad wires of INS to all parts of the country and the world. The response from our bureaus was instantaneous, overwhelming.

Lou Allwell functions today with a greater variety of blood than perhaps has ever circulated in one body. If some of it pours like Scotch, Lou will understand. The "no visitors" sign can come down from his door now and then, because of that blood.

* * *

And in nearby Sloan-Kettering Institute lights burn night and day to illumine the search of men and women in white for the answer to the villainous malady that strikes the Lou Allwells of the world.

He'd best stay around. Because one day, maybe soon, it will come like a bolt from the merciful blue

REUNION OF FBI

Ever wonder what happens to old FBI agents? Well, for one thing, they never seem to get old. At a dinner of the Society of Former Special Agents of the Federal Bureau of Investigation, Inc., the other night one got the feeling of attending a college fraternity meeting.

* * *

A quick poll of the room showed that former G-men now include judges, bankers, executives, ranchers, governors, congressmen, builders, oil men, lawyers, insurance men, real estaters, movie and TV workers, private eyes, labor relations experts, accountants, liquor distributors, police, public relations men, publishers, cosmeticians, government officials, propagandists and undertakers.

Sixteen years ago the Boeing Co. turned over to TWA five of the first four-engined land planes built for passenger service in this country. They were called Stratoliners and brought new luxury and safety to long-distance flying.

The Army took them from TWA after Pearl Harbor and put them into VIP service. One of them took F.D.R. to the Casablanca conference.

Four years and countless miles later, the five planes were returned to TWA. The line put six more years of service on them and then sold them to a French airline named Aigle Azur. The planes are still flying . . . in Indochina.

P.S.—Boeing is now building the four-engine jet 707 which flies three times as fast and just as far as the pride of 1940. But the plane names haven't kept pace.

The jet has been given the same name as its matronly forebear—Stratoliner. It hopes to fare as well.

There are about 2,800 languages spoken in the world today.

Doctors to Be Feted

DETROIT (AP) — Five University of Michigan doctors will be honored Thursday at a testimonial luncheon in Detroit for presidents of national medical organizations. The luncheon is being held in conjunction with the 1956 Michigan Clinical Institute.

Proteins for Peoria

Worms in Water Good for You, Say Scientists

PEORIA, Ill. (AP)—Repulsive as they may be, says a scientist, the worms found in Peoria's drinking water merel yadd "a little more protein" to the diets of consumers.

Residents of the eastern third of this city of 112,000 population have been complaining recently of finding white wigglers up to three-eighths of an inch in length in their tap water.

Dr. Max Suter of the Illinois Water Survey said yesterday that the worms are larvae of small flies with the scientific name "chironomous" which hatched in the city's open reservoir.

"They are completely harmless," said Dr. Suter. "Scientifically speaking, they just constitute a little more protein in the diet and will harm no one."

Officials of the Peoria Water Works Co. also said the larvae are harmless. Nonetheless, they said water pipes in the eastern section of the city are being flushed in an effort to get rid of the worms.

There was no explanation of why the eastern section. About 150,000 persons in the entire city and suburbs are served by the same supply.

Virgil M. Lambert, an insurance agent, said he first noticed the worms in his tap water about two weeks ago. He found that neighbors had the same problem and notified the water company. He said company officials weren't too concerned about the situation then.

The officials themselves reported the worm infestation and their efforts to curb it yesterday after the Peoria Journal-Star joined the complainants. Employes of the newspaper found worms in water from a tap in the paper's photographic darkroom.

Woman, 50, Saves 3 Men From Pond

SCRANTON, Pa. (AP)—A 50-year-old woman pulled three men to safety yesterday from an ice-coated pond in nearby Waymart.

Mrs. Theresa Cobb heard cries for help, grabbed a section of garden hose and rushed to the scene.

She threw the hose to the edge of the ice and pulled the three from the 10-foot-deep water one by one.

The men had been fishing on the pond when the ice gave way. The three, treated for shock and immersion, were Edward Jurtus, 29, his brother Sylvester, 40, and John Kresock, 35, all of Forest City.

Pontiac Receives Grant From Alcoholism Board

LANSING (AP)—The State Board of Alcoholism has approved a grant of $8,576 to Grand Rapids as the first payment for the state's share of operating costs at the Alcoholism Information Center there.

Also approved was a grant of $3,251 to the city of Pontiac to pay one-half the cost of its Alcoholism Information Center.

Cotton supplies cellulose for the production of chemicals, plastics, and explosives.

10.90

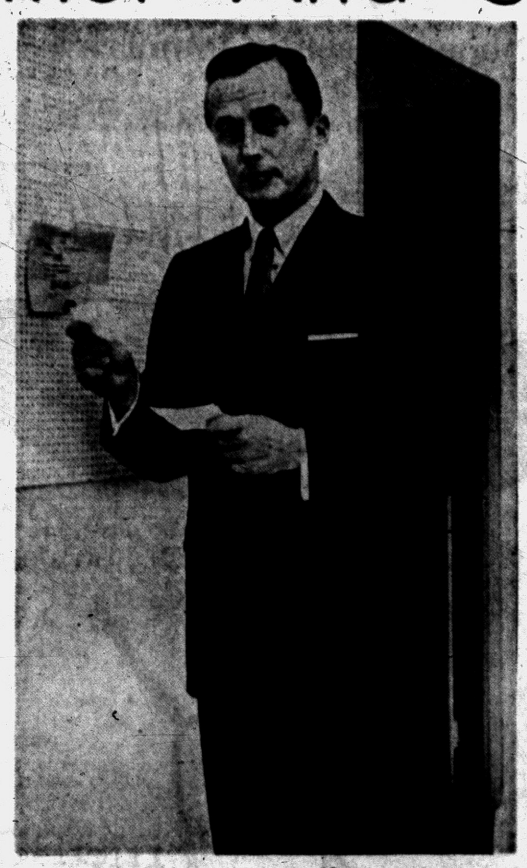
Goodyear welt construction, steel shanks. Built-in arch and heel pad. Air-foam insoles. Sanitized linings.

PENNEY QUALITY IS YOUR GREATEST SAVING!

Men's Fashions Become Trimmer And Slimmer

The raglan sleeve topcoat with military collar and slash pockets is favored for casual wear in lighter toned tweeds with full sweep.

New blends of man-made and natural fibers are outstanding in wash and wear fabrics for warm weather. Above is a dacron-cotton in slim lines.



A revival of interest in double-breasteds is seen in this new model with narrow lapels, straight lines, vent and flap pockets.

Light Hues Emphasized for Spring

Patterns, Textures Get More Attention Around World

Trimmer, slimmer lines in lighter colors, increased emphasis on patterns and textures, reflect world around fashions.

This is a distinct change of pace from charcoal toned clothing prevailing over the past few years, according to Esquire magazine.

The lessened dimensions of lapels and trimmer lines of suits reflect one facet of world around fashion ideas.

Many suits have a more built-up look, narrow type sleeves, shorter length coats and more sharply defined body lines.

* * *

Many of these suits are made with cuffed sleeves, slanting pockets and are in the high fashion group. These suits do not have any center vent and have shoulders that have some padding to enhance shape.

TRIM TROUSERS

The trim lines in suits also are carried out in the trousers. These are more tapered with narrower knees and bottoms.

The pleatless front trousers are made for Ivy type suits and conform to the natural lines of the jacket. Pleated trousers are related to jackets with more moderate width shoulders and some waist suppression.

The single-breasted three-button model shows increased popularity but the two-button style will predominate.

Narrower lapels and moderate width shoulders effect a more flattering appearance with a subtle suggestion of waist suppression.

The Ivy type suit continues to gain favor and features natural shoulders, straight hanging lines in three-button models.

* * *

Flap pockets and center vents are in strong fashion ascendency with patch pockets reserved for a more casual effect.

TANS STRONG

In the swing to lighter colors, tans are especially strong, particularly in summer-weight fabrics. Bluish blends are moving up the chromatic scale. Grays tend toward metallic tones.

* * *

The popularity of Glen Urquhart plaids in the principal centers of Europe, particularly Rome and London, give direction to this trend gaining in the United States.

This is also true of checks, which also form a pattern for suits in addition to well established stripe ideas.

* * *

Fabric interest centers around blends with wash and wear combinations of fibers gaining momentum. Combinations of silk and wool and silk and cotton are fashion news in spring and summer suits.

OUTSTANDING BLEND

Among the many blends of different fibers, both natural and man-made, dacron with worsted and cotton is perhaps outstanding.

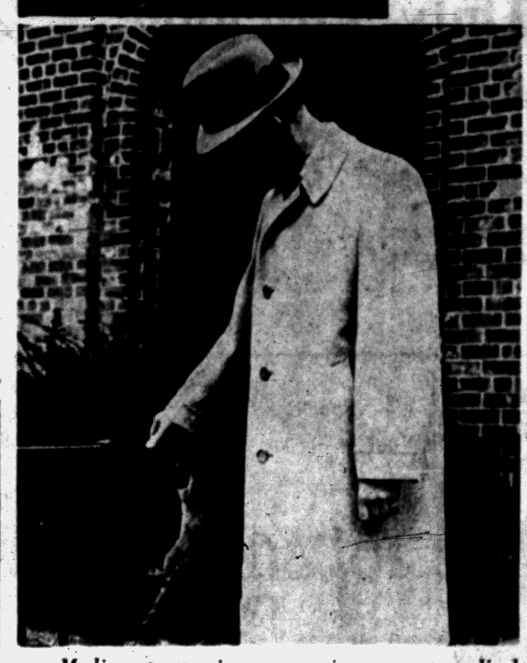
* * *

This blend combines functional qualities of wrinkle resistance, quick drying in wash and wear constructions with a wide choice of colors and patterns, such as fine hairline stripes.

Slubs and nubs still are in the fabric picture in lightweight all worsted tropicals.

Many more sports jackets achieve styling that sets them apart from sack coats. Angled flap pockets give this tweed a rakish appearance.

This subtle glen plaid heralds the return to new versions of classical designs. This suit is a lightweight, trim line worsted.



Medium tones give new spring topcoats a lively appearance. The set-in sleeve style shown above has slash pockets and an overcheck pattern.

Delta Kappa Gamma Gathers

Educators Conduct Dinner Meeting

An insight into the responsibilities of the teaching profession was given by Mrs. Bernice Dondineau in her talk before Alpha Delta Chapter of Delto Kappa Gamma Society.

The occasion was the annual dinner meeting of the society at Devon Gables Wednesday evening, featuring the theme "World Understanding."

Mrs. Dondineau is chairman of Michigan Committee of Service: World and Community for Delta Kappa Gamma, and has represented Michigan at the International Conference of Teachers for the last five years. Her talk was entitled "When Two Worlds Meet."

She complimented Alpha Beta Chapter for being the leading unit in Michigan in contributions and in interest in the gift coupon plan which supports many projects in UNESCO.

"The marvel of world living," said Mrs. Dondineau, "is that each individual can be a part of it."

Nine years ago a group of educators founded this society that is international in scope; then in 1950 the World Confederation of the Teaching Profession was developed to further world understanding.

This group has met in Malta, Ottawa, Canada; Copenhagen, Denmark; Oxford, England, and Instanbul, Turkey. After attending these conferences, Mrs. Dondineau feels "the real progress of the world lies in the attitude of each individual in whose power lies the roots of world understanding."

Mrs. Dondineau was introduced by Frieda Huggett. Mrs. Iva O'Dell presided.

* * *

Arrangements for the affair were made by Mrs. Clare L. Hubbell, Mrs. Harvey Bidstrip, Mrs. Thomas Dodson, Patricia Knudsen and Miss Huggett.

MSU Students Are Busy With Union Board Week

Art Exhibit, Jazz Concert, Dance and Variety Show Featured

By BARBARA JOHNSON

EAST LANSING — Union Board Week officially began Sunday at MSU. The main purpose of UB Week is to acquaint the students with the facilities of the Union and the functions of the board.

BARBARA

An art exhibit, made up of the works of the faculty and the students, is being held until Saturday.

On Monday a jazz concert in the Union drew many fans to hear the music of the Cool Chords. This group is composed of 16 men who gave their rendition of Glenn Miller and Les Brown songs among others.

The grill in the Union is the favorite meeting place for all students between or after classes. This week "grill hounds" were amused by the murals adorning the walls. These large posters depicted scenes from other lands.

An added attraction for "grillers" today was that prices went back to what they were in old times. Between 2 and 4 p.m. coffee was purchased for four cents and doughnuts for two cents. Needless to say, the grill was overflowing with penny-pinching students.

* * *

Today and Friday a variety show is being given. An old-time movie, included among the vaudeville acts, is bringing a lot of chuckles from viewers.

SATURDAY DANCE

Concluding the week will be an all-university dance on Saturday in the Union Ballroom. Everyone agrees that the activities were very well planned and carried out by the Union Board.

* * *

In the girls' dormitories this week, many anticipating and perplexed faces were seen. This was the result of dorm elections. Any girl with an all-university 2.0 grade average was eligible to run for office.

* * *

Posters were plastered everywhere, displaying pictures of the candidates. But now that the elections are over, things are getting back to normal and everyone concerned is relaxing and glad that the tension is over.

Along a more serious vein, students received some culture this week when the University Concert Band performed. Their annual winter concert featured all classical music including selections from the well-known Rimsky-Korsakoff and Tchaikovsky.

* * *

Coeds interested in pledging a sorority during spring term are to sign up in the dean of women's office from now until March 16.

COMEDY STAGED

One of the dramatic classes on campus presented a hilarious comedy on Monday and Tuesday. The play was "Anniversary Waltz," and the cast did a very good job that met with the full approval of critics.

* * *

Since this was the last big week of the term, most collegians tried to attend or participate in these many activities before buckling down to study for final exams.

Now You Can Pick a Dream of a Nightie

NEW YORK (INS)—The right night-dress for the kind of dreaming you prefer seems to be the offer of new spring sleepwear.

Lingerie makers are offering as many styles in nighties as clothing makers offer in outerwear.

If you want to dream blissfully of yourself as a great dancer, you can sleep in lacy versions of a ballerina's tutu. If you're all for dreams of life on the briny, there's a sailor-suit nightie to get you in the mood. And if you'd prefer dreams of business success, pop under the covers in a tailored coat nightie.

These are all new spring styles in the short shortie gown which so many women prefer for warm weather. Shorties, which mostly look like little girl dresses, have now branched out even as rompers and middie blouses.

They come with matching bottoms, so that the middie blouse has straight edge pants, and the ballerina shortie has ruffled panties.

Several Recipes for Passover Demonstrated

Passover recipes were demonstrated by members of the Sisterhood of Congregation B'nai Israel. The Passover Workshop was held Tuesday evening at the synagogue.

* * *

President Mrs. Daniel Foxman presented Mrs. Leonard Cain, who served as program chairman.

Members making their favorite recipes for serving later in the evening were Mrs. Jack Gamburd, Mrs. Abe Avadenka, Mrs. Milton Ressler, Mrs. Meyer Simon and Mrs. Ralph Merkowitz.

Mrs. Henry Hoschander reported a Passover play will be given March 18 by the youth group.

* * *

The closing prayer was read by Mrs. Oscar Berg.

Joyce Armstrong Honored at Shower

Twenty-two guests attended the bridal shower for Joyce Armstrong. The recent shower was given by Mrs. James Harvey of West Brooklyn avenue, with Mrs. Emma Grubbs as cohostess.

Joyce, the daughter of Mr. and Mrs. Glen Armstrong of Monroe street, will marry Robert Martin, son of James K. Martin of Raeburn street, March 31 at Bethany Baptist Church.

There are five pages in today's Women's Section

A. R. Swimmer Claims Bride

Mr. and Mrs. Meyer L. Tarnow of Milwaukee, Wis., announce the marriage of their daughter, Elayne Rieve, to A. Robert Swimmer, son of Mr. and Mrs. Ben Swimmer of Neome drive.

The couple was married Jan. 7 at the Hotel Astor in Milwaukee. They are making their home in Whitefish Bay, Wis., until June when Mr. Swimmer will graduate from Marquette University Dental School.

Business Group Outlines Plans

Plans were completed for the annual "Hand of Friendship Tea" and Bosses' Night activities at the Wednesday evening meeting of the American Business Women's Association held in Hotel Waldron.

Models for the hairdressing demonstration presented by Mrs. Betty Ebling were Mrs. Ruth Santa Cruz, Mrs. Claire Priebe and Betty Lippard.

Mrs. Frances Coons, Mrs. Irving Richards, Mrs. Richard Cole, Mrs. John Piechowiak, Mrs. Doris Lovett, Sadie Johns, Nancy Linden and Mrs. Florence Case were guests at the meeting.

Sorority Prepares for April 28 Dance

Members of Beta Mu Chapter of Epsilon Sigma Alpha met at the Spence street home of Judy Steinhelper Wednesday evening. Present from the Alpha Alpha Chapter were Mrs. Frank Jalosky and Mrs. Edmund Smith.

Committee chairman were named for a dance April 28 at St. Michael Hall. Miss Steinhelper, president, was presented several gifts from the Alpha Alpha Chapter members.

Norma Vaughan of Wolfe street will entertain for the next meeting.

A heavy cotton "biscuit" duck is used in conveyor belts to carry dough in bakeries.

Amvets Unit Plans Party on March 21

Mrs. Muriel Sadler was appointed chairman of a telephone card party scheduled for March 21 by Jimmy Dey Amvets Auxiliary.

Plans were made for a money-making project in April, with Mrs. Daniel T. Murphy as chairman. Mrs. Fred Ziem, Mrs. Orrin Huntoon and Mrs. Arthur Torrey will assist.

A Federation of Women's Clubs project was also discussed at the Wednesday evening meeting in the YWCA. The project, a "Meet Your Neighbor" program, will have Mrs. Stewart Houghton as chairman.

Mrs. Paul Harmon and Mrs. Huntoon were hostesses at the planning session.

MRS. J. B. GIBBS

Mary Lou Bledsoe and J. B. Gibbs were married Saturday in La Grange, Ind. The bride is the daughter of Mr. and Mrs. Bill Bledsoe of East Wilson avenue. He is the son of David Gibbs of Detroit.

Group at Bethany Baptist Sponsors Fashion Show

Fashions by Hilda's highlighted the A and Y look and back interest at Bethany Baptist Church Tuesday evening.

* * *

Sponsored by the Lydia Group of the church, the showing held news in color and fabric. One silk and linen print combined orchid, white, purple and aqua, making a striking costume.

A favorite of every woman is the costume look, combining a dress and coat with matching coat lining. Raw silk sheath dresses and summer cotton sheaths were noticeably favorites.

Although Paris dictates that the dropped waist is a thing of the past, American women found a good look and decided to keep it. This smart look was apparent in the elongated waists and the bouffant skirts which gave the models a very youthful appearance.

* * *

Simplicity was a keynote in Hilda's fashions—one of the lessons designers have learned and are making good use of.

Climaxing the show was a parade of cocktail dresses which would make any woman's head whirl. Getting the most applause was a cocktail dress featuring a short-length front hemline and dipping low in the back.

Mrs. Daniel Owen was chairman of the affair assisted by Mrs. Orlando Fink, Mrs. J. D. Crawford, Mrs. Louis Londick, Mrs. Harry Randall, Mrs. J. C. MacIlroy, Mrs. Mary Erickson and Mrs. John Snover.

MOMS to Hold May Convention

Mrs. William Morrell will serve as delegate and Mrs. John Brewer, alternate, to the national convention of MOMS of America, Inc., being held at Niagara Falls, N.Y., in May.

* * *

The appointments were made at the Tuesday luncheon and meeting of Unit Two of the organization held at the home of Mrs. Worth Eastman on Pine Grove avenue.

The group contributed to the essay contest being conducted by the schools in cooperation with Pontiac State Hospital.

* * *

Mrs. P. H. Abare will be hostess for the social meeting to be held on March 20.

Dorothy Virtues Named Leader of Pontiac ACE

Newly elected officers of the Pontiac Branch of the Association for Childhood Education are Dorothy Virtues, president; Mrs. Florence Pappert, vice president; Mrs. Wayne Yager, recording secretary; Sue Swartz, corresponding secretary, and Katherine Alice Hayes, treasurer.

Directors of the various departments are Dorothy Hollister, kindergarten; Mrs. Fred Steinbaugh, primary, and Mrs. Harvey Bidstrup, later elementary.

Josephine Stilwell will serve as adviser for the association.

Set Hand Lotion Ready in Kitchen

A homemaker who doesn't keep a good hand lotion in or near the kitchen is one who somehow manages to avoid doing dishes.

Winter weather, soap and water, all too frequently administered, can turn the stoutest hands into chapped masses of redness and cracks.

A good hand lotion, one with a healing agent or a water-screen ingredient, can do battle with the elements and hold the line, even if only summertime really beautifies them.

Designed just for this time of year is a new plump bottle of a lotion with a chap-healing ingredient plus a favorite scent. This one comes with a squirt dispenser right on the bottle.

If you bought a white hat last fall, now's the time to discard it. It's probably turning tattle-tale gray.

We announce the arrival of a bright New Shoe collection tomorrow. . . .

Griping Demoralizes Jobless Man

By ANNE HEYWOOD

The other day a man came to see me about a job. He was a gifted and dynamic man, with experience in topflight posts, but had been out of a job for several months.

Because his field is rather specialized, it takes longer to find a spot.

He seemed pretty demoralized, which was natural since he had been out of work so long.

His wife had been a decorator before marriage and now, with the children in school, she had been able to go back to decorating. Her income was a help, too.

"But," he said nervously, "of course, it's awful for her to have to work. I'm trying desperately to land a job because I can't have her supporting the family."

I pointed out as gently as I could that it didn't seem to me to be such a tragedy. She had been a decorator before marriage and had liked it.

Now that the children were in school, she was working part-time to help out while he landed a job. And he was certainly trying his level best.

NEEDLING HIM

But, unfortunately, she was needling him night and day.

He would show her the list of appointments and applications, the letters from firms he was negotiating with and all kinds of proof of his hard work in job-hunting.

But no, he was just lazy and letting his wife support him. Her girl friends kept telling her so.

I met the wife and marveled that the poor man had kept his sanity at all. She was full of self-pity.

* * *

I wanted to tell her the truth. He had supported her lavishly for years. Furthermore, since women now had the vote, the legal right to own property and a say in the custody of their children—privileges they never had 50 years ago—there was another side to the coin of privilege. That is responsibility.

She had a responsibility to help out now that he was temporarily unemployed.

MUST QUIET DOWN

But I knew that wouldn't get to her at all. So I simply said that unless she stopped nagging and destroying his morale, he would never get a job and that if she wanted him working, she'd better quiet down.

* * *

The minute she did, he got his job.

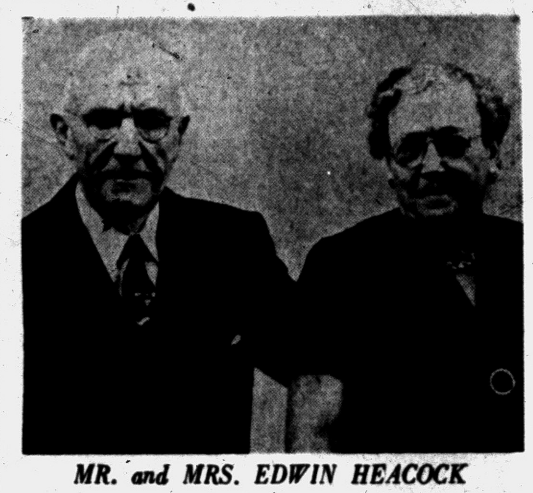
Leather Gloves Flatter Sheath Dress Effect

Spotlighted among new leather fashions in the stores are stylishly designed gloves in the new leather running in length from short-shorties to the new 8-button length that reach the elbow and look particularly elegant with the new sheath dresses and new three-quarter sleeve coats.

The new gloves come in up-to-the-minute colors including Valentine-red, bubble blue, raspberry ice, ivywood, shell pink, panama, moonstone grey and British tan.

They wash in a jiffy with ordinary soap and lukewarm water without any fuss. All dirt, grease and grime instantly disappear and, like your nylon hose, the gloves are dry, ready to wear and beautiful as new by morning.

You can freshen stale cake by sprinkling a little cold water over it and then re-heating it slowly in foil or covered pan.



MR. and MRS. EDWIN HEACOCK

Mr. and Mrs. Edwin Heacock of Birmingham are marking their 50th wedding anniversary Sunday. They will celebrate with an open house at their home from 3 to 7 p.m. Their son-in-law and daughter, Mr. and Mrs. Norman Curran of Franklin, will attend with their three children. Friends and relatives will also attend.

Shabbily Attired Singers Draw Hildegarde Wrath

CHICAGO (AP)—Hildegarde, who casually wraps her shoulders in pink mink, observed today that night clubbers are being gypped by imported chantoosies who sing in sweatshirts and sneakers.

She took time out between shows at a Loop hotel to do a little comparing. She stacked her wardrobe, created by couturiers in the world's fashion centers, against those of Paris-imported competitors who she said perform in bargain basement costumes.

DIRTY-LOOKING

She said she was referring to Edith Piaf, Lucienne Boyer, Patachou and Genevieve. These were not available for comment immediately.

* * *

"Piaf," said Hildegarde, "comes here in a very black dirty-looking old dress that looks like it cost $9.95. Boyer has a lovely gown, but only a lovely gown, which is like a uniform for her. Patachou has her blouse and skirt, and Genevieve the slacks and striped sweater."

* * *

Hildegarde, who had her curves encased in a glittering gown made of 24-carat gold fabric, decided to give a reporter a better idea of what she meant about glamorous gowning. She went into another room of her hotel suite and soon reappeared in a fish-tail dress made of pink faille with pure crystal beads on the snug-fitting bodice. The price tag, she said, was $750.

HEART-WARMER

Around her bare shoulders, perhaps to ward off any drafts from panting admirers, she wore a stole — a jasmine mink tinted pink. This heart-warmer, she said, cost $3,000.

* * *

Since the days she first began as an entertainer in Milwaukee some 25 years ago, she has spent at least $600,000 on her costumes, she said.

* * *

"I wish some of these French singers would spend a fraction of what I've spent and stop bamboozling the American public," she said.

Large motif prints, floral or abstract, are hard to wear. Soft shirtwaist dress in a black and white, precisely spaced print presents no problem.

Silk prints combined with wool or silk dress of a plain rustic weave topped by matching jacket are basic spring fashions. In fact, resort and spring lines show more silks than heretofore, especially for daytime wear.

Auxiliary Gathers at Dinner Meeting

Hotel Waldron was the scene of the Tuesday evening dinner meeting of the Ladies Auxiliary to Master Plumbers.

Mrs. E. J. Duffy presided and reports were heard from the sunshine and the welfare committees. Mrs. Ted Cook and Mrs. Floyd Temple were appointed to make plans for a theater party in April.

According to some people, broadening their outlook means buying a TV set with a wider screen.

It's Time to Choose That Bonnet With All the Frills Upon It

This season Mr. John P. John is again providing extra fashion excitement for the label-conscious, advance style-seeking American career and young married set by introducing his second collection of hats. These hats employ a new manufacturing principle which enables them to have the innate high quality of execution, plus the look of custom styling, yet be moderately priced.

This forward-sitting platform toque is from Lilly Dache's "Balalaika" collection for spring. Made of straw, it is so pliable and finely textured that it drapes like fabric around the brim. Draping is shaded from cocoa to beige against pinched vermilion straw.

Group OKs Constitution

A constitution and bylaws submitted by the committee were accepted by Omega Alpha sorority members when they met Wednesday evening at the Otsego drive home of Mrs. John Londick.

* * *

Charter memberships were granted Mrs. Harold Sibley, Mrs. Stig Danielson and Mrs. Perry Vaughn.

Mrs. Londick, president, appointed committee chairmen for the ensuing year.

Mrs. George Morrow is program chairman, Mrs. Richard Fox and Eulalia Valentine, ways and means; Mrs. George Turner and Mrs. William McRath, philanthropic; Mrs. Sibley, sunshine; Mrs. Douglas Green, historian; Mrs. Lloyd Stalcup and Mrs. Norman O'Brien, telephone, and Mrs. Clifford Koskinen, publicity.

Mrs. Danielson, chairman of the May Day Breakfast, appointed Mrs. Sibley and Mrs. Stalcup as her cochairmen. The gift of the evening was won by Mrs. McRath.

Mrs. Danielson of Mapledale avenue will be hostess for the next meeting.

Single Crease Hats Tops Men's Style

Top honors in the men's hat world go to the wool felt Belmont dent (or single crease) model. This style has made a meteoric rise in popularity because of its suitability to almost every shape face and its versatility in looking "right" for almost every occasion.

The Belmont dent has a habit of flattering its wearer so that once a man tries it, he's sold completely. Thanks are due to the Belmont dent for making an exception of the man who forms a sentimental attachment to a sorry looking headpiece that has seen far better days.

Parliamentary Club Planning Election

Mrs. John McNeeley served as leader of the demonstration group at the Wednesday meeting of the Parliamentary Study Club held in the Masonic Temple.

* * *

Tellers appointed by Mrs. George Watters for the annual election of officers, to be held March 21 at Devon Gables, were Mrs. Bradley D. Scott, Mrs. Robert MacLaren and Mrs. Joseph Phillips.

Methods of voting, nominations, majority, plurality and two-thirds vote, tie vote, president's vote, voting by proxy, excused from voting, counting ballots and report of tellers were demonstrated during the meeting.

Serving as demonstration tellers were Mrs. Lee Hill, Mrs. Leonard Saari and Mrs. Dale Moats.

Officers elected for the first meeting to be held in the fall were Mrs. Morris Cucksey, president; Mrs. Edwin Solomon, vice president; Mrs. Scott, recording secretary; Mrs. William Pfahlert, corresponding secretary, Mrs. L. E. Lacy, treasurer and Mrs. Lester Oles, auditor.

Mrs. Pfahlert was in charge of the guest book during the meeting and Mrs. Joseph Panter, parliamentarian emeritus, conducted the question box. Mrs. Harold R. Schingeck was welcomed as a new member of the group.

Wacky Purses Are Specialty of Las Vegas

LAS VEGAL, Nev. (INS)—A gal who wants to compete with a slot machine for a man's attention has to do something drastic fashion-wise.

That may account for the fact that Las Vegas features some of the wackiest handbags in the U.S.

The handbags, startling concoctions of straw, feathers and felt, are meant to be conversational pieces. But the lady carrying around a thratched hut, complete with cannibal, or a basket that sprouts ostrich feathers, is likely to stop conversation dead in its tracks.

The fun handbags, however, are easy to copy—and certainly add gay accents to a plain spring costume. The one with the cannibal is an oblong white straw handbag whose lid has been completely covered in green straw.

A felt "clothesline" on the side wayes sarongs and such, and the cannibal is a ferocious brown felt figure with sequin eyes peeking around one corner.

Altar Society Plans April 17 Card Party

Mrs. Gayle Coulson presided at the Tuesday evening meeting of St. Michael Altar Society held in St. Michael Hall.

Plans were completed for a money-making project to be held soon, and Mrs. Kenton Plourde was appointed general chairman of the card party to be held at the hall April 17.

The society will sponsor a breakfast for members of the Holy Name Society on April 8.

A new fabric design features rows of highly-stylized flowers sep-stripes. One of the most striking color combinations in this fabric is willow green and blue.

Harmonize Color With Kitchen Items

If you're about to redecorate your kitchen and replace some of the equipment, pick a color you'll want to live with a long time as the focal point of your scheme.

For instance, buy a stove that harmonizes with at least three different color schemes, as it will still be in perfect condition even after you've redecorated your kitchen 5 or 6 times.

5662

Win many compliments with this lovely dogwood doily in embossed filet crochet! First make the doily; then the flowers, sewing them into position to complete this eye-catching design. (This is an item for county fair competition!)

Pattern No. 5662 contains crochet directions; material requirements; filet diagram.

Send 25c in coins, your name, address and the Pattern number to Anne Cabot, Pontiac Press 372 W. Quincy St., Chicago 6, Ill.

Now available—the colorful 1956 Needlework Album containing dozens of lovely designs from which to choose more patterns in crochet, embroidery and knit—plus three gift patterns, directions printed in book. Only 25c a copy!

All tones of brown are running a close race with navy as the favorite color for spring suits and costumes, most of which are lightweight and planned for warm-weather wear.

Sugar 'n' Spice Ready for Spring Gloves

The French leather glove story for spring is one of "elegant lady" lengths and sugar 'n' spice colors. Glove lengths for daytime fashions continue to be most important in 8 to 10 button, regardless of sleeve length. This length, especially when the glove is softly crushed, feminizes today's rather severe, slender silhouette, and it balances larger hats.

Costumed for tonight's production of "The Mikado," the Gilbert and Sullivan operetta, are these four Eastern Junior High School students. Kneeling is Sandra McDowell, as Yum Yum. Standing (left to right) are Dimitra Govenis as Petti Thing; Nancy McKown as Peep Bo and Karen Oxley as Katisha. The presentation will begin at 7:30 o'clock in Eastern's auditorium.

Annual Dance Will Be Given Saturday

Last-minute details have Psi Chapter members of Sigma Beta sorority in a whirl as they prepare for their annual dance, Shamrock Jamboree, The pre-St. Patrick's Day celebration will benefit the Pontiac Foundation.

The dance will be held Saturday in the Knights of Columbus Hall. Mrs. DeVere Games, general chairman, announces there will be dancing from 9:30 p.m. to 1:30 a.m.

Prizes will be distributed by Mrs. Thomas Thornberry and her committee members. Mrs. Joseph Mooney and Mrs. Morgan Siple.

Dance patrons announced by Mrs. James DeFlorio and Mrs. William Deuman, patron cochairmen, are:

Mr. and Mrs. Clarence K. Patterson, Mr. and Mrs. Fred R. Haggard, Mr. and Mrs. Forrest E. Brown, Mr. and Mrs. William W. Donaldson, Mr. and Mrs. John W. Hirlinger, Mr. and Mrs. James F. Spence, Dr. and Mrs. George N. Petroff, Mr. and Mrs. Milo J. Cross and Mr. and Mrs. Alfred C. Girard.

Handling orchestra arrangements is Mrs. Wallace Williams. Mrs. Gene Russell and Mrs. Kenneth Gannon are in charge of tickets.

The hall is being decorated under the supervision of Jean Sheridan, with Mrs. Richard Hubner, Mrs. Ray Meggitt, Mrs. William Spalding, Mrs. Joseph Benson, Mrs. Eddie O'Brien and Mrs. Keith VanKleek assisting.

Publicity is being handled by Mrs. Charles Fournier. Mrs. William Fox and Mrs. George Tuson head the post-dance committee.

Tickets may be purchased from sorority members and at the door.

Niblick Club Holds Luncheon Meeting

Seventeen members of the Niblick Club gathered Tuesday at the Elks Temple for a luncheon meeting.

Mrs. Aaron Fox presided. Mrs. Ray Kingsbury, social chairman, was assisted by Mrs. P. B. Jones and Mrs. Fred Sites. Plans for the coming season were made and the afternoon was spent playing bridge.

Train Babies Early in Game, Expert Advises

LOS ANGELES (AP)—The quicker you start training babies the better, says Dr. John G. Young, because at two months they have brains enough to cry for attention as well as for food.

"Since children start crying for dividends at the age of 8 weeks," said the chief of staff at Texas Children's Hospital, Dallas, "their education can't start too early."

Usually these dividends are the attention of the mother, he told the College of Medical Evangelists convention yesterday.

Mothers constantly vary their emotional attitudes during the day, and this can mix up the baby, he said, adding:

'Children can get away with almost anything early in the day, but that isn't true at 5 p.m., when many homes tend to go to pot emotionally. Children may not understand a father who plays with them before breakfast but is too tired to play with them at night."

Purchase Leather Which Is Washable

In the new leather items, marketed under the name of LaunderLeather, complete utility has been added to the long-revered beauty of suede leather.

Any of them can be sent to the laundry, tossed into the family washing-machine, or handed to a neighborhood dry-cleaner. These methods are interchangeable and assure a faultless cleaning job, with all of the leather's desirable qualities, its softness and color retained.

Route of the Panama Canal was surveyed by the Spaniards 400 years before it was built.

The entire bodice is made of narrow bands of ruffling embroidered in delicate red flowers, repeated in the full skirt and edging the matching stole.

Making Fur Spring Jacket Is Simple for Industrious

Tops on the "I wish I had" list for most girls is a little fur jacket, perfect for spring wear over suits and as a glamor wrap for summer evenings.

* * *

Local sewing center experts suggest you make your own. It's easy and inexpensive with fake fur and a standard pattern. A popular style has a tuxedo front, gently flared back and deep cuffs.

It's simple if you use a pattern which has rulers printed right on it, so you can make the jacket as short or as long as you like.

Sewing on fake fur is a cinch, if you follow these tips from the experts. When cutting the coat, lay the back pattern piece on the fold and cut in one section.

On the front use transparent tape to stick together the facing pattern piece to the front pattern piece, so the front and facing will be in one piece when you cut.

Then you will have a roll rather than a seam down the front.

When cutting the sleeves, allow one and one-half inches more width on the pattern piece at the bottom. Join sleeve facing pattern piece to sleeve pattern piece, too, so there will be no seam.

* * *

Notches will not show on fur cloth, so mark construction points with chalk or tailor's tacks

For sewing, set your machine for a loose tension and fairly long stitch. Use nylon thread with a 14 needle.

When the jacket is finished, comb excess hair out of the seams with a pocket comb. Do not press seams, but smooth with your fingers.

* * *

With leftover scraps, you can make a little handbag or hat to match your jacket. And with fake fur you have no summer storage problems—moths don't like it.

To protect your hands when working with hot suds and rinses, try using a cellulose sponge set into a long or short handle.

AP Wirephoto

WHEN EAST MEETS EAST — Western and eastern costumes are intermingled at this Cairo conference, but they're all Arabs. Meeting for their first "summit" talks on Arab affairs in one of ex-King Farouk's palace offices are, from left: Syrian Premier Said Elghazzi, President Shukri Kowatly of Syria, Saudi Arabia's King Saud, Egyptian Premier Abdel Gamal Nasser, host to the group, and deputy foreign minister of Saudi Arabia, Sheikh Yussef Yassin.

Filmdom Regains Hope

HOLLYWOOD (AP)—Bob Hope is home from three months of globe trotting. When his wife and four children met him at International Airport last night he was wearing a monocle, homburg hat and cane. But the family was prepared. All of them had monocles, too. The comedian said he plans to spend some afternoons in the sun to regain his lost tan. "I did a lot of sun dodging in Europe's bad weather," he explained.

Killed in Auto Crash

DETROIT (AP) — Richard W. Hurdley, 51, of Ypsilanti was killed Monday when his auto and another collided in Nankin Township. The other driver, Mrs. Lorene Shaw, 20, of Wyandotte, was reported in serious condition, and a passenger in her car, Mrs. Geraldine Conley, also of Wyandotte, was in critical condition.

Commercial air service from here to Paris was inaugurated late in 1919.

DON'T LET ASTHMA Mucus Ruin Sleep and Breathing

Thousands of sufferers are now discovering that they can avoid lots of coughing, wheezing, rattling and difficult breathing during sleep, appetizing and ENERGY destroying attacks of Bronchial Asthma and Bronchitis. They simply take Thrifty's Bronchial Cough Remedy at meals and bedtime for a few days. That's because the very first dose of Thrifty's Bronchial Cough Remedy goes right to work to help nature loosen and remove thick, stocky, choking mucus or phlegm. Then you can get lots more good fresh air into your lungs, and more restful, reinvigorating sleep. If you have not yet experienced the remarkable benefits of Thrifty Bronchial Cough Remedy, you should ask your Thrifty druggist for a $1.00 bottle today; under money back guarantee, and see how much better you feel, sleep and breathe tonight.

IMPORTANT Medical Facts For Every Man Who Has Passed His 40th Birthday

Men, too, Go Thru Change of Life

DOCTORS CALL IT "MALE CLIMACTERIC"

New Safe Discovery Compounded For Counteracting Effect on Body and Blood Changes Due to Usual Deficiencies That Often Occur During Middle Age.

Doctors, employers and scientists all agree that after the first 40 years, the human body undergoes important normal changes. This change occurs in MEN as well as WOMEN! Men, if you are over 40, in good health . . . but feel nervous, physically weak in legs, back and arms, can't sleep, find it difficult to make decisions . . . are quick-tempered, always tired and suffer from that terrible "what's the use" feeling . . . chances are, you are going through "change of life," or as doctors call it, MALE CLIMACTERIC. And at this time it's more important than ever that your system isn't deficient in the very vitamins and minerals nature created to counteract and offset the distressing symptoms of these "after 40" body and blood changes. Amazing new power-packed capsules called AFTER 40 CAPSULES, have been created especially for men and women of 40 . . . each hospital recognized ingredient carefully chosen and carefully compounded for its benefit on every man and woman . . . Yes, one potent AFTER 40 CAPSULE daily feeds your system a special and particular combination of Vitamins and Minerals to supply your blood, body organs, glands and nerves, including blood-building red Vitamin B-12, the vitamin Germ of Wheat E, stimulating B-1, Iron, Calcium, Phosphorous, Iodine and other potent Vitamins and Minerals. Don't be deprived of life's pleasures by these nutritional deficiencies when science has given you a second chance to recharge body and blood this new easy way.

Amazing New "Health in a Capsule" Discovery You've Long Heard Was Coming. Every Ingredient Works Immediately To Help Strengthen Body and Blood.

Just recently a well-known scientist perfected AFTER 40 CAPSULES. He combined a group of the RECOGNIZED VITAMINS and MINERALS most often needed by men after 40. Common sense, and your doctor . . . will tell you vital organs often require the supplement of different vitamins and minerals in different amounts at maturity than they do during younger years. Amazing AFTER 40 CAPSULES were created specifically to provide a rich source of these essentials, needed by mature men and women. ORDER NOW!

FROM THRIFTY DRUG STORES

Don't Surrender to Old Age Until You Have Made This Test

What is Climacteric? . . .
Medical dictionaries tell us "climacteric" is the time of life when the body undergoes a radical change. The first change, when boys become men and girls become women, is usually between the ages of 13-17—another change again occurs usually between 40 and 60.

Who Does It Affect? . . .
Both men and women. In women it is called "menopause" or "Change of life" . . . in men, doctors call it "male climacteric."

What Are The Common Symptoms? . . .
Because the body and blood are undergoing important changes during climacteric, the entire system may become upset and symptoms are various. Men are usually nervous, tire easily, become irritable, feel weak in arms, legs and back and often are very "crabby." Often there are "hot flashes" accompanied by that "what's the use" feeling. And very often a special supplementary source of certain vitamins and minerals is needed such as you find in this important discovery called AFTER 40 CAPSULES.

What Can Be Done? . . .
Medical science has discovered many medicines that can tide you over the difficult "change of life" period. Today, try the new capsule called "AFTER 40" that supplies the body with an unusual combination of vitamins and minerals so often needed during this period. Full month's supply only $5.00 . . . be absolutely delighted with results or cheerful, unquestioned refund.

PRESCRIPTIONS FILLED WITH EXPERT CARE

Fined for Not Passing Red Light on Police Car

SANTA MONICA, Calif. (AP)—Police say Farel R. Jones remained parked behind a fire truck and police car at the scene of an early morning fire and refused to proceed around them.

"I'm waiting for the red light to change," they quoted Jones, an Inglewood accountant.

So officers arrested him. The "red light" was on the police car.

Jones paid a $105 fine. He pleaded guilty to reckless driving, a reduced charge.

Smallest bird in the United States is the Calliope hummingbird of the high western mountains. It measures a scant three inches.

KEEPING BABY WARM — A baby circus elephant gets a babushka wrapped around its head to protect large ears from the cold weather in Chicago, Ill. Tying the cloth is Arthur Boller, left, and Earl Anderson, as trainer Mac MacDonald stands by.

Fringe Benefits Cited

EAST LANSING (AP) — Fringe benefits are now the major factor in luring new workers into auto industry, H. G. Brunette, personnel director of the Abrams Instrument Survey Co., Lansing, told an industrial relations workshop at Michigan State University. Prospective workers first ask about insurance, hospitalization and vacation benefits, he said.

Motor vehicles on the highways consume more than 88 per cent of the entire U.S. domestic supply of gasoline.

Singer Kay Starr Reported 'Fair' After Car Crash

CORONA, Calif. (AP)—Singer Kay Starr, hurt in a two-car crash last night, was reported in fair condition today.

• • •

Dr. Jack Magit said she had suffered shock and her neck, arms and legs were injured.

The blues singer was treated at Corona Hospital and transferred to Beverly Hills Doctors Hospital. Dr. Magit made the condition report there after, he said, extensive X-rays and laboratory tests.

• • •

Corona police said Miss Starr was driving her car to her West Los Angeles home from Elsinore, near here, when it and another car collided at an intersection.

Two companions in her car, Miss Doris Williamson, who lives with the singer, and Mrs. Lynn Riley of Santa Barbara, Calif., were treated at Corona Hospital for minor injuries.

• • •

Police said the occupants of the other car, Mr. and Mrs. Augustine Sierra of Corona, were thrown from their autimobile and seriously injured.

Comprising almost 55 per cent of the world's spice crop is pepper, grown in various forms in many parts of the world and a valuable export.

Marines Going to Middle East

Pentagon Says Battalion Replaces Similar Unit for Training Program

WASHINGTON (AP)—The Defense Department announced that a battalion of Marines will be sent to the Mediterranean area within a few days.

* * *

The official announcement said the unit, described as a reenforced battalion of about 1,800, is being sent as part of a training program and will replace a similar unit withdrawn from the Mediterranean last spring.

Inquiries at the Pentagon indicated the Marines are going to the area — which includes the troubled Middle East—as a result of a recommendation from the Joint Chiefs of Staff.

* * *

The Marines will be assigned to the 6th Fleet in the Mediterranean. They will cross the Atlantic in attack transports of the Atlantic Fleet.

The Pentagon announcement said the movement is in line with "the regular program of intermittently assigning battalion sized Marine units into the Mediterranean area for training and maneuvers."

* * *

A Marine battalion was withdrawn from the Mediterranean last May. At that time, no public announcement was made of the decision. At the outbreak of the war in Korea in 1950, a Marine battalion in the Mediterranean was rushed to the Far East.

Sunday School Record Claimed by Pottstown, Pa.

POTTSTOWN, Pa. (AP)—When it comes to Sunday School attendance there's no place like Pottstown.

* * *

Just look at this record:

Wilson F. Mest has attended Sunday School at St. Peter's Lutheran Church here for 45 years—without missing a Sunday — 2,340 of them. His wife is in her 42nd year without a miss, and three of the Mests' five children have attendance marks of between 24 and 29 years.

* * *

At Emanuel Lutheran church they have a couple of regulars too. Miss Mary A. Mertz in the past 53 years has missed only one Sunday, and Miss Amelia Klink has only been absent from Sunday School once in half a century.

* * *

All this was announced yesterday in answer to a recent statement by George W. McDaniel of Dallas, Tex. McDaniel claimed the national Sunday School attendance title on the basis of his 37 uninterrupted years—not even in Pottstown's league.

Jail's Guard Tower Serves as GOC Post

CANON CITY, Colo. (INS)—One observation post of the Ground Corps is probably the most secure in the United States. It is on Guard Tower 18 of the Colorado State Penitentiary in Canon City.

* * *

Warden Harry C. Tinsley said he welcomed the post, designated Queen Jig 42 Red, as a contribution to the Air Force "Skyhook" program.

The Air Defense Command in nearby Colorado Springs is pleased to have the post, too. It can be connected to a 24-hour post anytime.

World's Ugliest Faces In America, Says Prof

TUSCAHA (AP)—Here's a jolt!

University of Arizona Dept. of Anthropology Chief Dr. Harry Wood offered the opinion last night that Americans have the ugliest faces in the world.

Lecturing Dr. Wood said ugliness is how the marks of strain, tension and inner conflict you find elsewhere. And these marks of ugliness."

Some cities, he said, are the worst. And New York is the worst of the worst for facial ugliness.

AEC Units Split on Power Plans

Commission Favoring Continued Reliance on Private Enterprise

WASHINGTON (AP)—The Senate-House Atomic Energy Committee has begun weighing widely varying advice on proposals that the government promptly launch a hurry-up atomic power program.

Public hearings ended last night. The issue has split the Atomic Energy Commission (AEC) 4-1 with the majority favoring continued primary reliance on private enterprise.

Spokesmen for unions and power cooperatives, at Tuesday's session, unanimously endorsed the view of AEC Commissioner Thomas Murray. He maintains real progress cannot be made unless the taxpayers finance an urgent development program.

* * *

Though less pessimistic, the McKinney panel—nine civilians headed by Santa Fe (N.M.) publisher Robert McKinney — has told the committee that AEC should build one demonstration reactor of each major type if private utilities do not provide them.

The electric power industry opposed the proposal, Elmer Lindseth, president of the Cleveland Electric Illuminating Co., spoke for the Edison Electric Institute in testifying yesterday that:

1. So far, 44 companies are committing 300 million dollars of their own money into seven commercial-sized reactors to produce electric power, as well as two smaller ones.

* * *

2. There is no present need for a big-scale federal program, "particularly in the present state of knowledge of the art."

3. The "business like way" to develop atom . fueled electric generating plants is the investment of private funds as rapidly as the technology advances and needs become evident.

Industry witnesses urged, however, that Congress set up a federal insurance program to protect companies against damage risks arising from reactor operation, beyond the mount fo coverage available from private insurance firms.

Stolen—One Bridge Believe It or Not!

BEATTYVILLE, Ky. (AP)—Somebody stole a highway bridge over Hell Creek near here—that is, the biggest part of it is missing.

Lee County Judge Cecil Kincaid said he couldn't believe it until he took a look for himself.

What the judge saw were signs that 18-foot steel beams had been dragged by a mule or horse several yards, then picked up by a truck.

The theft isn't causing much concern because the span wasn't much in use since a new highway was built in the area.

It's just that Fiscal Court didn't act soon enough. It had been considering wrecking the bridge to salvage the steel beams.

Purse-Snatcher Free, but Victim Isn't Complaining

NEW YORK (INS)—A footloose purse snatcher was fancy free today but Mrs. Sophie Leib had no complaints. She still had her handbag containing $1,250.

* * *

Subway passengers, the crew and Mrs. Leib took up the chase in the depths of the Brooklyn subway yesterday when a man snatched her purse as she rode on the IRT.

The thief flung the pocketbook at a subway attendant and leaped onto the tracks, where he narrowly missed being hit by an oncoming train.

* * *

He then vaulted to a crowded subway platform, dashed upstairs to the street and disappeared.

Lansing Fire Engine Douses Virginia Blaze

ELLERSON, Va. (AP)—When Hanover county's historic Shady Grove Methodist Church was damaged by fire, men and equipment came from several areas to help extinguish the flames.

"They sure got here in a hurry," said one resident in discussing the fire.

"Yeah, and from a right smart piece away, some of them," said another. "I saw one that came from Michigan."

The Glenwood Farms Volunteer Fire Department used a truck borrowed from a manufacturer in Lansing, Mich.

The United States exports about two per cent of the passenger automobiles it produces.

Use Geiger Gun Cowboy-Type, to Hunt Uranium

DALLAS, Tex. (INS)—The atom age cowboy doesn't even have to draw his gun these days to get his loot.

He simply presses the trigger of his geiger gun, reads the meter and if his aim is good he has found uranium.

The new-type gun, looking to all the city-folk like a real six-shooter in its tooled leather holster, was dreamed up by J. T. Wallace, an Arizona man who needed something compact for his prospecting.

* * *

The one-pound wonder is a super-sensitive instrument which uses transistors, the new electronic rage, in place of tubes.

Not only does the gun tell its user if there's uranium underfoot, it assays the percentage of radio active material in the ore.

Southern Instruments, Inc., of Dallas makes the geiger gun, which in its leather holster and with a year's supply of ammunition (battery) retails for a little under $200.

Holy Sabbath Called Weekend in U.S. Now

HAGERSTOWN, Md. (AP) — Dr. Vernon Richardson in a sermon at St. Paul's Methodist Church here, summed up a sign of the times:

"Our great grandparents called it the Holy Sabbath. Our grandparents called it the Sabbath. Our father and mother called it Sunday. We call it the weekend."

Discoveries of the French explorer, Jacques Cartier, were the basis for France's claims to the St. Lawrence valley.

PROVIDE FLOORSHOW — Sessions of the teen-age "Swim 'n' Swing Club," held Friday nights at the Pontiac YMCA, starting this week will include performances by a quartet of Pontiac High School boys. Calling themselves the "Teen-Toppers," they are (left to right) Alex Sekles, Leon Frayer, Darryl Mahan and Jack Hennining. With the help of soloist Willie McClain, they will sing during dance intermissions, according to YMCA Youth Director Morrie Turbergen. He said the club will continue to have co-educational swimming before the dance.

Jewelry Auction Set

LANSING (AP)—A public auction of jewelry and other personal property acquired by the state under the escheat law will be held at Lansing March 29. Bids for the jewelry, which must at least equal the $450 assessed value, will be accepted by mail and the jewelry will be sold in one lot to the highest biddeer.

U.S. to Keep Strong Guard in Asia, SEATO Informed

KARACHI, Pakistan (AP)—Secretary of State Dulles told his seven SEATO colleagues today the United States is keeping a strong military guard on Southeast Asia—equal to its peak Pacific power in World War II.

Dulles told his fellow foreign ministers at a closed session of the Southeast Asia Treaty Organization parley that the United States is keeping the same force available for the area that he disclosed a year ago at the Bangkok SEATO meeting.

* * *

But "there has been considerable improvement in terms of modernization," he added.

Dulles stated at the SEATO Council meeting last year that the total strength of the United States in Southeast Asia plus the total immediately available for instant use was equal to if not greater than the peak American strength reached in the Pacific during World War II.

PARLEY ENDS

The military discussion came during the closing day of three-day SEATO Council attended by the foreign ministers of the United States, Australia, France, New Zealand, Pakistan, Philippines, Thailand and Britain. Delegates revealed little of what transpired since their talk was based on a highly secret report from their military advisers.

Dulles said he agreed with other delegates that each SEATO country should have a force of its own. But he added the major concept on which "we are acting" is the deterrent effect of the striking power available to any SEATO member in event of aggression.

The eight ministers were to issue a detailed communique on SEATO's program for the coming year at a public meeting late today.

Delegates indicated that the program would concentrate on military and economic cooperation between the member nations and a coordinated drive against Communist subversion.

Dulles plans to fly to New Delhi tomorrow.

TODAY'S ASSIGNMENT FOR:

JUNIOR EDITORS

First submitted by: Ann Greer, Dayton, Ohio

The Seminole Boy—4

The Seminole Indians, in Florida never have surrendered to the white man and claim to be a sovereign nation. Today they live quietly in two reservations and a score of villages scattered along the Tamiami trail between Maimi on the east and Naples on the west coast of Florida. They earn their living by frog hunting and charging tourists admission to visit their villages in the swampy Everglades.

Here is a Seminole boy wearing a tribal skirt and shirt made of many pieces of bright cotton cloth. Color the picture as you wish.

Paste it down on cereal box cardboard and cut out carefully. Fold the front panel forward and the two supports back to make the boat stand up.

Cut around the heavy edges of the grass hummocks sticking out of the water and fold them forward. Then they will stand up and the boy will pole his dugout canoe home, bringing the fish he has caught.

Junior Editors pays $10 for any reader's idea that is used. Write your suggestion to "Junior Editors" in care of this newspaper; it cannot be acknowledged or returned and in case of duplication of ideas, the first submission shall be accepted.

TOMORROW: Traveling Papoose

Official Says 'Tax Tune' May Ease Paying Pain

WASHINGTON (INS) — An Internal Revenue Service official said today he wishes someone would come up with a tune you could whistle while you work on your income tax returns.

* * *

"It wouldn't make paying taxes a pleasure," he admitted, "but it might help to deaden the pain."

The official, who modestly insisted on remaining anonymous, said too many Americans won't sing anything but the blues when it comes to paying taxes. He complained they never give a thought to all they are getting in return.

"They are paying for the things they want, like national security," he said. "They are paying dues to the greatest organization in the world. Taxes are what keep us free."

* * *

He believes that setting these ideas to music "might have a beneficial effect" on the morale of taxpayers, especially in these trying times before the April 15 filing deadline.

The IRS official said he recently passed on his suggestion for a tax song to a friend who is connected with the American Society of Composers, Authors and Publishers (ASCAP), the "trade union" of Tin Pan Alley.

The friend "expressed some interest" in the proposal and promised to see what he could do. So far, the tax agency official said, not a note has been written — "sweet or sour" — but "ASCAP says it's still thinking about it."

* * *

He conceded that his suggestion was made "tongue in cheek" and "after a couple of Martinis." But he insisted there is merit in it anyway.

Not that he thinks the public will ever accept the tax collector as a lyrical hero like Davy Crockett. Nor does he believe in trying to rhyme taxes with moon, June and spoon.

But he said he does think it's time someone had a kind, melodious word to say on the subject of taxes.

* * *

The official emphasized that the IRS is not sponsoring a song-writing contest and won't even reward the composer of a worthy tax song by allowing him to deduct royalties from his tax bill.

Dies in Florida Home

HOUGHTON (AP) — Thomas H. Wilcox, retired Ontonagon County highway engineer, died Monday at his winter home in Tampa, Fla., following a fall. A 1905 graduate of the Michigan College of Mining and Technology, Wilcox was superintendent of the White Pine Mine in the early 1920s.

Forces Woman to Withdraw Life's Savings

PITTSBURGH (AP)—A 69-year-old East Pittsburgh woman made the most difficult bank withdrawal in her life yesterday at gunpoint.

Mrs. Mamie T. Denmark tearfully told police a young woman stopped her on the street and politely inquired if she knew of a good bank.

* * *

When Mrs. Denmark told the woman of her own bank where she kept her life savings of $4,061.50, the stranger produced a pistol and forced the terrified woman to return home for the bankbook. Then both went to the bank.

With the woman at her side, Mrs. Denmark wrote a withdrawal slip and received $4,000.

The stranger took the money, forced Mrs. Denmark to the street and disappeared.

See $15,000 Salary for Professor by 1960

CHICAGO (INS) — An economist forecast today that salaries of $15,000 for college professors will be reached by some schools in the next five years.

Beardsley Ruml also told the Association for Higher Education convention in Chicago that he believes $30,000 annual salaries for college presidents will be set up by 1960.

Raising of pay, the economist said, will aid restoration of college faculty members to the "excellent economic position he once enjoyed."

Son Killed Near Spot of Father's Death

LANCASTER, Pa. (AP)—A 19-month old boy was killed yesterday in a highway collision near where his father was killed similarly five months ago. The boy's mother and her fiancee, en route to obtain a marriage license, were injured seriously.

Killed in the accident was Donald Edward Dick, Jr., a passenger in a car occupied by his mother Mary Dick, 20, of Lancaster, and her fiancee, Uwe N. Peterson, 23, of Reading.

Their car collided with a truck. The truck driver was uninjured.

Saudi Arabia has an area of about 500,000 square miles.

Girl TV Boss Needs Nerve - - - Not Nerves

BY PHYLLIS BATTELLE

NEW YORK (INS)—All a woman needs to get ahead in the production end of television is a maximum of nerve" and a minimum of "nerves."

* * *

Okay, that sounds ambiguous. "Well, this is an ambiguous business," says Jean Hollander, girl giant of TV. "The more successful you become in your job, the more your job is in jeopardy.

"Figure that out, and you get a cigar."

Miss Hollander, only 28 and already touching up the gray hairs, is probably the only full-titled lady producer of entertainment shows in New York, so she can afford to be cynical without its sounding like sour grapes.

She worked eight years frequently into those miserable "wee" hours—for the privilege of producing "Choose Up Sides" and co-producing "Beat the Clock."

* * *

And when you ask her is it tough for a woman to become a TV producer, she replies:

"Tough? It's impossible!"

* * *

The only reasons she is where she is today are: Good timing, incredible luck, amazing ability, physical and psychological fortitude and refusal to break down and act like a woman.

THE OLD REASON

"The reason they're afraid to promote women in TV is the old one—women are always getting married and saying goodbye. Or they're having emotional fits. Or babies." Jean blushed. "I had two babies myself and thought that would finish me."

* * *

It didn't. She took five weeks off with the first ("always problems with the first") and three weeks with the second. TV took her back.

Miss Hollander says it is not unusual for women to become fairly high officials in the religious and educational fields of television, because "that's where the wheels seem to think they belong."

* * *

The entertainment field, where the big fancy ideas are, however, is still man's domain.

"In TV, they never heard of Susan B. Anthony."

* * *

Jean stated at what she calls "the bottom of the barrel, as a clerk-typist. I was very lucky, though. I was such a bad typist that they moved me up to a program assistant."

As program assistant, she bought properties, swept floors, and soothed guests for Ed Sullivan's show.

* * *

"Usually, the program assistant title is high as a girl can go. In fact, maybe too high. From that point on her job is in jeopardy. She's fighting the male competition.

VIGOROUS WORK

Jean soothed and swept so vigorously, however, that she threw competitors offstride. Hence, her full producer's title.

* * *

"A producer," she describes, "Is sort of like a newspaper editor. She is totally responsible for every ingredient of the progam. To put it simply, if it is lousy, it is my fault, and if it is good, it's somebody else's."

Miss Hollander owes all her success to work, luck and a husband who has always insisted she keep busy because he thinks non-working women are dull.

"That kind of a man," she says proudly, "is almost as hard to find as this kind of a job."

Sam Johnson's Home Gets Lift

Gough Square House of 18th Century Will Have Coffee Shop

WASHINGTON — Dr. Samuel Johnson's historic Gough Square house in the heart of London is getting a new lease on life.

* * *

Threatened with deterioration and even demolition by lack of upkeep funds, the home of the "Great Cham" of 18th-century literature will feature a basement coffee room to help meet expenses.

Thus London's 300-year-old institution for good talk—the coffee house—will carry on in appropriately mellow surroundings, says the National Geographic Society. It also will be easily accessible to newsmen of adjacent Fleet Street.

Dr. Johnson himself moved to Number 17 Gough Square to be near his printer. He lived there from 1748 to 1759, producing his monumental Dictionary of the English Language," published in 1755; the tragic play, "Irene;" essays on manners and morals for his twopence periodical, 'The Rambler;" and other works.

WAS ARRESTED

These creative years were for Johnson a period of ups and downs professional and personal. Though he prospered at times, on one occasion, he wote a friend he had been arrested for a 5-pound, 18-shilling debt.

At the Gough Square house the blunt, untidy, but always stimulating master of letters spent many happy hours conversing with his dedicated circle of friends. There also he suffered the loss of his beloved wife, "dear Tetty," who was 20 years senior.

The old house — which already had weathered decades when the Johnsons moved in—rises above its small court as impressively as it did in its heyday. Of substantial red brick, with three stories and an attic, it preserves a fragment of 18th-century living in the midst of modern London.

85 Participate in Motorcycle Races

DAYTONA BEACH, Fla. (INS)—Some 85 riders are participating today in the cross-country and 100-mile endurance run as a feature of the annual Motorcycle Handle Bar Derby at Daytona Beach.

The sportsman hill event yesterday was won by Everett Wright of Somers, Conn., riding a Triumph. Doug Schowler of Puma, O., riding a Royal Enfield, was second and Marty Carroll of Pittsburgh, riding an AJS, was third.

Tax Consultant Neglects to File Her Own Return

LOS ANGELES (AP)—The federal government alleges that Miss Lee Webb, a tax consultant, may have filed all her clients' income tax returns, but she neglected to drop hers in the mail for the years 1952 and 1953.

U. S. Atty. Norman W. Neukom placed two charges of failure to file against the 56-year-old woman, alleging she didn't declare a $7,000 income in 1952 or $17,132 in 1953.

Miss Webb was indicted last August on charges of preparing fraudulent income tax returns for her clients. She will be tried April 3.

Seek Publicity Men

LANSING (AP) — Field inspectors for the State Agriculture department, who check on the standards of farm products, recommended at a training conference that the department hire two public relations experts. They said the department could best tell the story of its work through newspaper articles, films and talks.

Each month, 1000 ships sail from New York harbor.

Sweeten SOUR STOMACH With PHILLIPS' MILK OF MAGNESIA TABLETS Mint Flavored

Obliging Yeggs Man Roadblock to Catch Selves

COOPERSVILLE, Mich. (AP) — A report that burglars were heading his way sent Deputy Sheriff Keith Averill speeding to the edge of town to block the escape route.

* * *

He stopped the first car he saw and asked the driver and passenger to help set up a roadblock. "Sure thing," they replied.

Minutes later fellow deputy Marvin Pratt came to a screeching halt at the barricade.

* * *

"Grab these men," Pratt yelled, pointing at the pair manning the roadblock. "They're the guys we're looking for."

Police said a search of their car disclosed the burglary loot.

Second Trip to U.S. Pleasant for Ex-POW

FORT EUSTIS, Va. (AP)—Captain Fred O. Tempel of the West German Republic's new army, who is studying military transportation here, finds things quite familiar. When he was here before, however, he was a prisoner of war.

"I like the United States," he said on his return. "It has treated me very fair and I feel at home here."

Drilling for oil requires large quantities of water.

A short-wave radio message can be sent around the world on less power than that require to operate an average flashlight.

Nobody "spared the horses" in the '56 Chevrolet!

It *looks* high priced—but it's the new "Two-Ten" 4-Door Sedan, with Body by Fisher—one of 20 new Chevrolet beauties.

This new beauty's got power. Big, deep-breathing power that's panther-quick and silk-smooth. Power that puts new kick in your driving and makes passing far safer.

Feather-touch the gas pedal—and you find out right quick that nobody spared the horses here! You don't have to tell this new Chevy twice when you want a change of scenery in a hurry!

A flick of your toe is all it takes to unleash a hoodful of power. Power that makes passing far safer by saving seconds when they really count. Power that responds with prize-fighter reflexes. Power that's smooth as silk—and as full of action as a string of firecrackers!

This is Chevrolet's own special brand of power. You get it in big-bore, deep-breathing V8's or high-compression 6's. Horsepower ranges up to 225!

But power's not the only thing that puts a new kick—and new safety—in your driving. Chevrolet's steadiness on the straightaway and sureness on curves mark it as one of the few great road cars built today.

Of course, Chevrolet also has safety door latches in all models. Directional signals, too, are included as standard equipment in every new Chevrolet. And Chevrolet alone in its field offers the security of a sound and solid Body by Fisher.

Come on in and see how the hot one handles.

Air conditioning—temperatures made to order—at new low cost. Let us demonstrate!

Find Red Guilty of Violent Plan

Convict Commie Official of Advocating Scheme to Overthrow U.S.

PHILADELPHIA (AP)—Dr. Albert E. Blumberg, admitted national legislative chairman of the Communist party, has been found guilty of advocating violent overthrow of the U. S. government.

* * *

The verdict returned yesterday by a U. S. District Court jury makes Blumberg, 46-year-old former philosophy instructor at Johns Hopkins University, liable to a maximum sentence of 10 years imprisonment and a $10,000 fine under the Smith Act.

Defense counsel Michael von Moschzisker said he would file a motion for a new trial.

* * *

The former college instructor was portrayed by opposing counsel in summation as a "violent revolutionist" and a "sincere idealist."

In his own defense, he said that although he was a member and later an officer of the Communist party for many years, he did not preach violent overthrow of the government.

* * *

Part of the government's case was the charge that Blumberg helped to organize Communist clubs among steelworkers in the Lehigh Valley of Pennsylvania and in Maryland.

Blumberg, who appeared unshaken by the verdict, was freed under $20,000 bail.

Italian Colony Greets Gronchi in Frisco

SAN FRANCISCO (AP) — Protocol went out the window last night while Italian President Giovanni Gronchi delayed his formal entry into San Francisco to enthusiastically greet a wildly cheering crowd from the city's North Beach Italian colony.

He had accepted the official greetings at the International Airport and entered his automobile for the 10-mile ride to the city. Then he saw the North Beach crowd cheering and waving signs of affection hand - lettered in Italian.

He jumped out hatless into the cold night wind to clasp hands and embrace his fellow countrymen.

He even met two persons—Henry Fantozzi and Renato Massetani—from his home town in Tuscany.

Sure, and It's Sweet Irish Treat

Canary Pudding Served Warm

Jam Sauce Tops Off Dessert That Comes From Ould Sod

Sure and the big day for the Irish is just around the corner. There will be marching and much wearing of the green as the sons of Erin pay tribute to St. Patrick.

* * *

Irish cooking, except among families from the Old Country, is not widely known here in the U. S. This is unfortunate, because the Irish are good cooks.

Dishes such as colcannon (a hearty dish of potatoes and cabbage) are typically Irish, but the best of cookery from other lands has also been adopted on the Emerald Isle.

Irishmen are great dessert eaters. They like their sweets. It is not uncommon at dinner in Dublin, for example, to be served two desserts. One will be hot and the other, almost invariably, will be served cold.

* * *

The flavoring in Irish desserts is frequently a combination of fruit and vanilla. This is true of many native dishes and others that have been adopted. Like the French, they love fruit and have learned that vanilla enhances the flavor of fruit.

If you ever try using authentic Irish cookbooks, you will come across the term "vanilla essence." This is what we in this country know as the true, pure vanilla extract.

Surprise your family this St. Paddy's Day with an authentic Irish dessert — or even two, like the Irish do. Here is a recipe that is popular in Ireland:

Steamed Canary Pudding

¼ cup butter or margarine
1-3 cup sugar
2 egg
1 teaspoon pure vanilla extract
¾ cup sifted all-purpose flour
½ teaspoon double-acting baking powder
¼ cup milk

Cream butter or margarine and sugar together until light and creamy. Beat in egg and pure vanilla extract. Sift flour with baking powder and add alternately with the milk. Beat batter about one-half minute.

Grease well and flour lightly six 5-ounce shamrock molds or five 6-ounce custard cups. Fill two-thirds full with batter. Cover each with metal foil. Hold it in place with an elastic band.

Place on a rack in a saucepan or deep skillet, 9 inches in diameter. Pour in boiling water to come one-fourth inch up on side of mold. Cover and steam one hour. Add additional water to pan as needed.

Serve warm with Jam Sauce. If serving for a St. Patrick's party, sprinkle the tops with green granulated sugar.

Yield: Five to six servings.

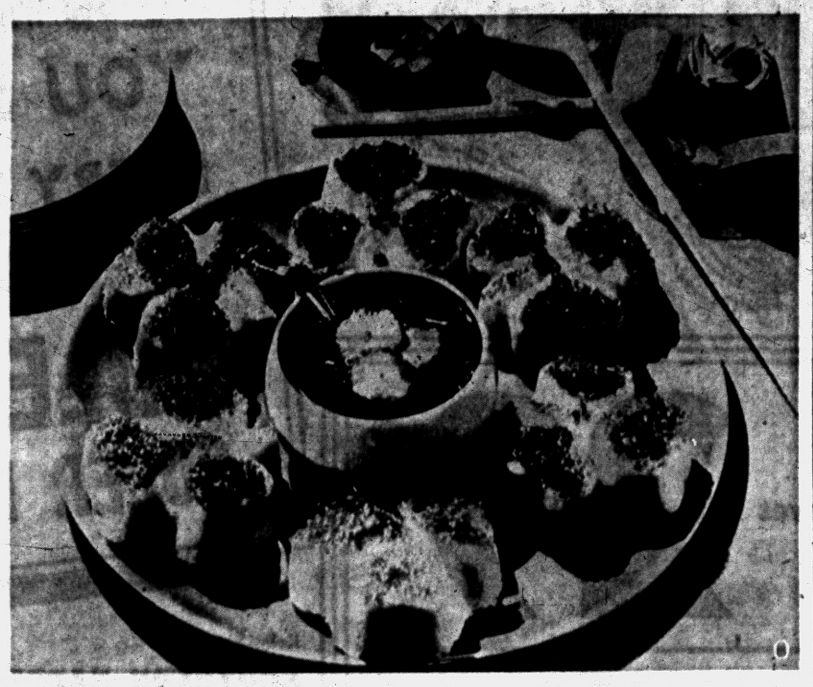
Jam Sauce

1 tablespoon sugar
4 teaspoons cornstarch
1-16 teaspoon salt
1 cup water
1 tablespoon fresh lemon juice
1 strip lemon rind, ½"x2"
¼ cup jam, any kind desired
1 tablespoon butter or margarine
¾ teaspoon pure vanilla extract

Mix sugar, cornstarch and salt together. Add water and cook until mixture begins to thicken. Stir in lemon juice and rind and heat to boiling point.

Remove rind and stir in jam, butter and pure vanilla extract. Serve over Steamed Canary Pudding.

Yield: One cup.



AN IRISH DESSERT — The big day for the Irish is just around the corner. The Irish like their desserts. This light and fluffy Steamed Canary Pudding is bound to be a popular sweet whether served on St. Patrick's Day or some other time.

Hearts Glorify Tiny Veal Pies

Individual veal pies can be made party fare by pastry toppings to symbolize a feature occasion.

The frozen food supply section in many stores offers individual aluminum pans. These are ideal for small meat pies because the sparkling foil is pretty enough for table service.

The pastry for the six veal pies is a tender, rich crust made with 3 cups of sifted flour, a teaspoon salt and 1 cup of all-purpose shortening.

Cut out circles of dough to line the pans, then cut 18 small hearts from the leftover pastry dough. Bake hearts and pastry shells and cool.

The filling is made by cooking about 1½ pounds small cubes of veal, quarter-inch pieces of celery, a little slivered onion with salt, and just enough water to cover until the veal is very tender.

Add about one-half cup cream to this and boil with just enough cornstarch (mixed with water) to make a creamy "fork" filling.

Add a tablespoon or so of finely cut pimiento and season to taste. At serving time, fill the baked pastry shells with the hot veal mixture.

Sprinkle slivered toasted almonds over meat and top with three baked pastry hearts.

Favorite Teenage Snack

NEW YORK (INS)—An original method of serving a teenage favorite, Pieburgers, won 13-year-old Karen Folkmier of Battle Creek, Mich., the $3,000 first prize in the junior division of the seventh annual Pillsbury Bake-off recently.

Here is her recipe:

Ground Beef Filling

1 pound lean ground beef
1 package dry onion soup
½ teaspoon salt
⅛ cup pickle relish or finely chopped cucumber pickle
2 to 4 teaspoons chili sauce

Brown beef lightly in skillet with soup and salt. Add pickle and chili sauce. Set aside.

(Or substitute 1½ pounds hamburger, draining off excess fat as it browns.)

Pastry

⅔ cup evaporated milk (undiluted) or light cream
2 teaspoons vinegar
2 cups sifted flour
1 teaspoon salt
2 teaspoons caraway seeds
½ cup shredded sharp cheddar cheese
⅔ cup shortening

Combine milk or cream and vinegar in measuring cup.

Sift together flour and salt into mixing bowl. Add caraway seeds and cheese. Cut in shortening until particles are the size of small peas.

Add the milk mixture all at once; stir quickly with a fork to moisten thoroughly. Form into a ball; divide in half.

Shape half of dough into a square shape on floured pastry cloth or board; flatten to one-half inch thickness. Roll out to a 12-inch square; cut into four 6-inch squares.

Place about one-quarter cup of the ground beef filling in the center of each square. Moisten edges and fold over to form triangles. Press edges together with fork to seal.

Prick two or three times for escape of steam. Place on ungreased baking sheet. Repeat with remaining dough.

Bake at 425 degrees for 10 to 15 minutes until light golden brown. Serve hot with chili sauce. Makes eight.

Bake Orange Sticks

Orange sticks are easy to make and delicious as a different snack at teatime. Make a rich biscuit dough, substituting orange juice for the liquid required. Add a few drops of orange extract; roll the dough thin, and cut into narrow strips. Then sprinkle with grated orange peel and sugar, and bake until crisp and brown.

Use Extra Egg White to Make Banana Treat

An extra egg white on hand? Slice a very ripe banana and beat it with the egg white, a third of a cup of sugar and a dash of salt. Add a half teaspoon of vanilla and a half teaspoon of lemon juice for flavoring.

Be sure to beat this dessert until light and fluffy and to refrigerate it for no more than half an hour before serving.

Fireside delight for small fry: A hot toasted marshmallow and a square of milk chocolate sandwiched between two graham crackers.

To Measure Molasses

If you're using molasses in a recipe, pour it into the measuring cup or spoon. If you dip into the container with the spoon or cup you want to measure by, some of the molasses will stick to the underside and you won't end up with the exact amount called for.

Quick supper: Heat and brown frankfurters, cut pennywise, in a large skillet. Add ready-prepared tomato sauce and drained canned green beans; reheat.

Special Event! Duncan Hines introduces a White Cake Mix made by a new and special recipe

DUNCAN HINES
America's Foremost Authority on Good Eating

Duncan Hines says: "You will be proud of the White Cake you make with my mix, because it is now made from a new recipe that gives finer results in every way . . . higher layers, finer texture, delicious moistness that lasts for days.

"In developing this new recipe, my aim was to improve on all white cake mixes, even my own . . . and especially to make the delicate layers easy to handle without cracking or crumbling.

"One big difference in my new mix is a very special shortening, far better for cakes than any all-purpose kind you can buy at your grocer's. This gives the cake a rich, velvety texture. And as in all my mixes, these special ingredients are creamed longer, mixed and blended more thoroughly than you could do by hand.

"This white cake will make any occasion a special occasion at your house. I hope you will try it soon!"

Duncan Hines

MONEY BACK! If you don't agree my new mix makes the best White Cake you have ever baked with any mix, mail the box top to the address on the package and the full price will be refunded.

- Higher layers that bake evenly, with no humps in the middle—so easy to put together without cracking or crumbling.
- Fine, even-grained texture, moist, velvety crumb—the real test of a truly perfect white cake.
- Stays fresh for days—fresh egg whites, freshly added by you, are the secret.

Wouldn't you rather use a mix made from a Duncan Hines recipe?

Sauce Teams With Vegetables

Frozen vegetables do not need to be dressed up to play their role of giving variety, color and nutritive value to a menu. They retain their natural delicate flavor, garden-bright color, and vitamins and minerals to a remarkable degree.

But, for variation, we suggest this zippy curry-mayonnaise sauce to go with frozen Brussels sprouts, cauliflower or broccoli. The sauce adds just-right tartness to a Lenten menu. Or use this sauce on your vegetable when you serve a mild-flavored meat such as veal.

Frozen Vegetables with Curry-Mayonnaise Sauce

1 10-ounce package frozen Brussels sprouts, cauliflower or broccoli
2 tablespoons butter or margarine
¼ teaspoon finely minced garlic
½ teaspoon curry powder
½ cup mayonnaise
1 tablespoon lemon juice

Cook frozen vegetable according to directions on the package. Meanwhile, melt butter in top part of double boiler and stir in garlic and curry powder. Add mayonnaise and place over hot water to keep hot until vegetable is ready.

Stir sauce frequently. Turn vegetable into warm serving dish. Stir lemon juice into sauce and pour over vegetable. Serves four.

SERVE BRUSSELS SPROUTS — Frozen Brussels sprouts are sparked with a curry-mayonnaise sauce in the Lenten meal shown above. The sauce adds interest without "covering" the delicate flavor of the vegetable or the salmon steak.

Navel Orange Industry Started With 10 Trees

In 1873 a U.S Department of Agriculture official received 10 naval orange trees from Brazil. . . . the very first in America. Several were sent to the Tibbets family in Riverside, Calif., where to save the trees from severe drought, Mrs. Tibbets poured even the dish and bath water over them.

From these few trees, leaf-buds were sold at $5 apiece to growers and thus the great million-dollar "seedless orange" industry in California began.

Try Steak This Way

See if you don't like your steak this way. Have the meat 1 inch thick and place it 2 inches from the source of heat. For rare steak, broil 15 to 20 minutes, for medium-done steak, broil 20 to 25 minutes.

Lowly Peanut Dresses Up Every Kind of Recipe

By JANET ODELL
Pontiac Press Home Editor

Of all things! This is National Peanut week. Just why the week of March 4-10 has been designated to honor the lowly goober, we don't know. However, let's make the most of it.

Peanuts are inexpensive, nutritious and delicious to eat. Except for the poor unfortunate people who can't digest nuts, almost everyone likes peanuts.

Peanuts are protein packed. This is useful to know during the Lenten season. Peanuts in 100 gram portions are equal in protein to beef. Give your youngsters a handful of peanuts as an afterschool snack. If their day's supply of protein is on the low side.

Peanuts are also an excellent source of the B-complex vitamins. These small brown nuts outrank such foods as beef liver, kidney beans and white bread in their supply of this vitamin, especially niacin.

For you calorie counters, peanuts have fewer calories than almost any other nut. Only almonds have fewer.

Besides being good to eat out of hand, peanuts are good to add to other dishes. We like them ground and added to carrot and cabbage salad.

What about this way of using them in an ice cream dessert recipe?

Butter Crunch Ice Cream Ring

¾ cup butter or margarine
2 cups brown sugar
¾ cup chopped peanuts
8 cups corn flakes, crushed slightly

Combine butter and brown sugar in heavy sauce pan and heat slowly, stirring constantly. Boil 2 minutes. Add to peanuts and cornflakes in buttered bowl. Toss quickly with a fork to coat corn flakes thoroughly. Press firmly into well-buttered ring mold. Chill. Makes a 9-inch ring mold.

To serve—loosen with spatula and dip in warm water. Invert on serving plate. Fill with scoops of your favorite flavor of ice cream. A sauce may be served with this.

You can do a lot of tricks with peanut candy, too. Have you ever thought about melting peanut caramel, peanut brittle, chocolate peanut bars or taffy with peanut butter centers for topping ice cream or pudding.

All you do is chop or grind the peanut candy and add ½ cup milk for every cup of chopped peanut candy. Melt in a double boiler and serve warm—it's delicious!

Chocolate Peanut Custard
Next time you bake custards, try this. Place a chocolate peanut cluster in the bottom of each custard cup, then pour the custard mixture over.

Bake custards as usual in a pan of hot water, in a 325-degree oven 35-45 minutes or until mixture doesn't adhere to knife. Cool. Invert custards on dishes. And there's your dessert with a yummy chocolate peanut topping.

Broil Flank Steaks

Flank steak may be broiled — about five minutes on each side, and about 2 inches from the source of heat. It must be cut in extremely thin slices diagonally across the grain. Prepared this way, the meat makes excellent steak sandwiches.

Same Fork Proper for Salad, Main Dish

Nowadays salads served at dinner—even though they are on individual plates or in individual bowls—may be eaten with the same fork as is used for the main course. You can use your salad forks for dessert.

But fashion still decrees that forks for dessert be brought to the table with the sweet; never place the dessert forks on the table at the beginning of the meal if you enjoy following the dictates of formal etiquette!

Bread crumbs mixed with grated Parmesan cheese—half and half—make a fine coating for veal chops or veal cutlet.

Try Applesauce Cake

Prepare one package of spice cake mix according to the directions on the package. Omit one-third cup of the liquid specified, and substitute one-half cup canned applesauce. Fold in one-fourth cup chopped pecans and bake according to the directions on the package.

It takes 4 pounds of potatoes to make a pound of chips.

SOUTH OF THE BORDER PIE — This main dish will make you think of a Mexican tortilla. A bubbling meat sauce is sandwiched in between crunchy cakes of cornmeal dough. Use this recipe for the chili mixture, or substitute your own favorite.

South of the Border Pie Captures Tortilla Flavor

In the spring a young man's fancy turns to . . . During the post-holiday season, a housewife's fancy turns to mending the family food budget shattered by a heavy schedule of Christmas entertaining.

* * *

Maybe you say there is nothing new under the sun, but this South of the Border Pie offers a delightful change in an economy menu.

Really south of the Rio Grande, this dish combines the traditional cornmeal and spicy chili in a true Mexican style. The flavor of the large 10-inch cornmeal circles even remind one of a real Mexican tortilla.

Stacked sandwich fashion, these circles from a crunchy base for the bubbling meat sauce. South of the Border Pie has a stick-to-the-ribs quality which will surely satisfy those hearty appetites sharpened by the wintry blasts.

* * *

You'll find this a natural for stay-at-home Saturday night or busy day suppers. Coupled with a pineapple and cheese salad and some crisp relishes, you won't have to give a second call for dinner. Tempt your family soon with this spicy meat pie.

SOUTH OF THE BORDER PIE
Chili Mixture:

2 tablespoons shortening
2 pounds round steak, cut in ½-inch cubes
½ cup chopped onion
1½ teaspoons salt
½ teaspoon pepper
3 teaspoons chili powder
½ teaspoon cayenne
2½ cups cooked tomatoes (1 No. 2½ can)

Melt shortening in large frying pan; brown meat cubes in hot shortening. Add onion, seasonings and tomatoes to browned meat; cover and cook on low heat about 30 minutes.

Biscuit Dough:

1½ cups enriched corn meal
3 cups sifted enriched flour
8 teaspoons baking powder
1½ teaspoons salt
1 cup shortening
1½ cups milk

For biscuit dough, sift together dry ingredients. Cut in shortening until mixture resembles coarse crumbs. Add milk, stirring lightly only until mixture is dampened. (Add a little more milk if necessary to make a soft dough.)

Turn out on lightly floured board and knead gently a few seconds. Divide dough in half and roll each half to form a circle 10 inches in diameter. Place circles on separate cookie sheets. Bake in hot oven (425) about 15 minutes.

To assemble chili pie, place one of the large biscuit circles on platter and pour about half the chili mixture over it. Place other biscuit circle on top of chili and pour remaining chili mixture over top. Cut in pie-shaped wedges.

Allow the Can Opener to Do Your Cooking

On days when you're completely carried away with youngsters underfoot and too much to do, leave your cooking to the can opener . . and a can of boned chicken fricassee.

Pour 1 can (14-ounce size) boned chicken fricassee into a greased shallow baking dish; reserve. Mix lightly with fork 1 cup biscuit mix with one-third cup milk. Make biscuit balls with heaping tablespoon dough for each. Press thumb in center to make a little cup.

Fill biscuits with cranberry sauce. Arrange them on top of fricassee. Bake 15 to 20 minutes in 425-degree oven or until biscuits are brown. Three servings.
MKT BSKT

Combined diced grapefruit, bananas, pineapple and frozen raspberries for a delicious fruit cup. Chill and serve with Melba sauce.

Put Cereal Sundae on Breakfast Table

Selling a youngster on the idea of eating breakfast regularly isn't really difficult. It's all the way you present it.

Here is one dish that is bound to do the job. It's wheat and barley kernels topped with ice cream, then garnished with fruit.

Grape-Nuts Sundae

½ cup Grape-Nuts
¼ cup water
4 scoops vanilla ice cream, slightly softened
Fruit for garnish

Place 2 tablespoons cereal in each of four serving dishes. Cover each serving with 1 tablespoon water and let stand five minutes. Top with ice cream and garnish with fruit. Makes four servings.

Baste Slice of Ham With Pineapple Juice

You'll need to bake a 2-inch thick center-cut slice of ham from 1½ to 2 hours. Be sure to cut slashes in the fat edge of the meat, about 2 inches apart, before baking; this will prevent curling.

Insert whole cloves in the fat and baste the ham with sweetened pineapple juice several times during the baking.

Lamb Chop Garnish

Here's a delicious accompaniment to broiled lamb chops. spread well-drained canned pineapple rings with soft butter or margarine and sprinkle lightly with ground nutmeg. Put the pineapple rings under the broiler about five minutes before the lamb chops are finished.

Cotton! Rayon! Nylon!

Only SURF can get them all IMMACULATE!

(Sunshine white... Sunshine clean!)

That's because SURF—and only SURF—contains this special whitener. It puts ultraviolet rays (like those in sunshine) to work for you . . . Yet it's completely safe . . . and mild!

Make the DINGY NYLON TEST and see!

Take some white nylon that's become dingy. After several washings in Surf, you'll see it getting *white* again.

Soon that old nylon will be *lingerie*-white once more . . . thanks to the ultraviolet power in today's Surf!

No wonder women everywhere are saying about Surf: "If it gets *nylon* white, it's just *got* to be good!"

THAT'S RIGHT! SURF GETS EVERYTHING IMMACULATE. AND YOU'VE GOT TO AGREE OR LEVER BROTHERS WILL RETURN EVERY PENNY YOU PAID! SO MAKE A NOTE TO MAKE IT SURF-NEXT TIME!

BAKED POTATO TOPPING — Baked potatoes are wonderful eating any time. When you dress them up with unusual toppings, they're really something special. Try these margarine toppings, made with caraway, dill or poppyseed. Yummy!

Special Topping Glorifies Vegetables and Potatoes

A dressed-up margarine topping is often that right "something extra" needed to make a family meal special enough for company. Of course, there's a bit of a trick to glamorizing an ordinary dish, and new suggestions are always welcomed by budget-conscious homemakers.

Favorite baked potatoes are quickly and easily made "special" by serving them with a delicious margarine topping the whole family will love.

Depending on your family's palate, try adding different spices to a quarter pound of whipped margarine. Caraway seed, dill seed or poppyseed all make enticing combinations.

Particularly interesting, especially if you are having guests, is to serve as many as three different margarine combinations and let the guests help themselves to the one they prefer. Even for the family, it's fun to offer a variety of toppings.

Since the flavor of margarine plays the most important part in the popularity of these "food extras," it's important to select a margarine with a delicate-natural flavor.

Of course, it's wise to take advantage of economical margarine in all your cooking, but the next time you want to add zip to your everyday baked potatoes or other bland-flavored vegetables, be sure to give these tempting toppings a try.

Topping With Caraway Seed

1 stick (¼ pound) margarine
1 teaspoon caraway seed

Allow margarine to soften at room temperature. Whip lightly. Add caraway seed. Mix seeds throughout margarine. Top each baked potato with a spoonful of the dip. Makes one-half cup.

Topping With Dill Seed

1 stick (¼ pound) margarine
1 teaspoon dill seed

Allow margarine to soften at room temperature. Whip lightly. Add dill seed. Mix thoroughly. Serve over baked potatoes. Makes one-half cup.

Topping With Poppyseed

1 stick (¼ pound) margarine
1 teaspoon poppyseed

Allow margarine to soften at room temperature. Whip lightly. Add poppyseed and mix seeds throughout margarine. Serve over baked potatoes. Makes one-half cup.

Keep Juice on Hand

Keep canned and bottled juices on hand for appetizers. There are many to choose among: Tangerine, blended orange and grapefruit, pineapple, cranberry, apricot, peach, tomato.

Light as sunshine, this FLAVOR FRESH Gold Cake

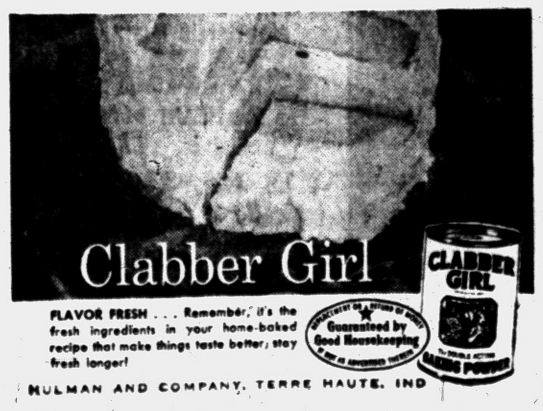
Sunshine bright and *flavor-fresh*, this Gold Cake made with *fresh* egg yolks and Clabber Girl to give it a rich, golden color, delicious flavor and feathery texture. Frost as usual or serve with a fruit filling topped with whipped cream truly a praise inviting effort for the home-baker.

GOLD CAKE

Yield: 2—8-inch layers

2 cups sifted cake flour
2½ teaspoons Clabber Girl Baking Powder
½ teaspoon salt
½ cup shortening
1 cup sugar
1 tablespoon grated orange rind
1 teaspoon orange extract
6 egg yolks (½ cup)
¾ cup milk
Orange sections

Sift together flour, Baking Powder, and salt. Cream together shortening, sugar, orange rind, and orange extract until light and fluffy. Add egg yolks, one at a time, beating well after each addition. Blend in dry ingredients alternately with milk, adding dry ingredients first and last. Beat only until smooth after each addition. Pour equal amounts of batter into 2 greased and floured 8 x 1½-inch round layer cake pans. Bake in a 350° F. (moderate) oven about 25 minutes. Cool thoroughly. Frost with Seven-Minute Frosting. Garnish with orange sections.



FLAVOR FRESH . . . Remember, it's the fresh ingredients in your home-baked recipe that make things taste better, stay fresh longer!

Yes, Siree, Babies Adore Applesauce

Babies love applesauce. How much? To answer that question you should be around just one of the three busy Gerber Baby Foods plants when colorful apples are being delivered for inspection.

* * *

In the Fremont, Mich., plant alone, one of the largest packs of apples in history has been handled in recent weeks. Translated in terms of freight trains, the apples delivered have totaled seven trainloads.

* * *

In case freight trains leave you cold, you might go for picturing Gerber's Michigan apple pack in terms of the familiar "apple a day" adage. Start right now eating an apple a day from the apple crop used this season at Fremont, and it seems the doctor won't be hearing from you for another 115,000 years.

Dress Up Salad Meal With Cheese Fingers

Cheese fingers add fun to a salad meal. Cut bread into finger shapes. Brush with a mixture of 2 tablespoons of cooled, melted butter and one beaten egg.

Roll the fingers in grated American cheese and brown lightly under the broiler.

Add orange juice to mincemeat and heat. Serve over cottage pudding or white or yellow cake squares.

BLEACH- as you Disinfect!

Save work with double-action Roman Cleanser Bleach. Make clothes snowy-white, remove many stains and disinfect in one easy operation . . . all these benefits without extra work.

Double Benefits!

When there's sickness around, it's important to disinfect linens, towels, etc. Do it the easy way with Roman Cleanser Bleach!

BAKED APPLE SUPREME — Fruit and cereal in one tempting dish is the combination in Baked Apple Supreme. Apples are filled with crushed cereal flakes and a cinnamon syrup, then encased and baked in aluminum foil. The foil holds the delicious hot syrup during cooking, eliminates washing of a sticky baking dish.

Cereal, Cinnamon Syrup Fill Apples Baked in Foil

Let your family have a whiff of the old-fashioned cinnamony aroma of this apple dessert while it's baking. We'll guarantee they won't need a second call to dinner!

Up until now, baked apples have always been a cook-to-order dessert. Paring and filling had to be done in the busy minutes when the rest of the meal was under way.

Now food experts have come up with a way to prepare this delicious apple dessert ahead of time and store in refrigerator. The filled apple is given a snug covering of sturdy aluminum foil.

At baking time, the top section of the covering is turned down, the lower half holds the fragrant syrup. With the protective coverings, the syrup is kept from oozing out and burning on the baking pan bottom.

Baked Apple Supreme
6 medium-sized baking apples
¼ cup butter
⅓ cup light brown sugar or honey
¼ cup raisins (optional)
½ teaspoon cinnamon
¼ cup Grape-Nuts
1-3 cup bran flakes
6 squares aluminum foil

Wash and core apples. Pare top half of each apple or slit skin around apple about 1 inch from top to allow for escape of steam. Set apple in square of foil and bring wrap up over low half. Place in baking dish.

Melt butter; add brown sugar, raisins, cinnamon; stir until blended. Add cereals to half of butter sugar mixture; use to fill apples. (Apples can be stored in refrigerator until serving at this point.) Bake 40 minutes at 400 degrees.

Measure Shortening by Water Displacement

Ever try the water-displacement method of measuring shortening if you haven't the fraction you need among your cup sizes? You fill with water a regular marked measuring cup to the 1-cup level, then pour off an amount of water equal to the amount of shortening you'll need.

Put pieces of shortening (pushing them below the liquid level) into the cup until the water reaches the 1-cup line again, and you'll have the required amount of shortening when you pour off the water.

Want English muffins to taste extra good? After they are split, toasted and spread with butter, put them under the broiler for a minute or two. Be generous with the butter!

Sherried Lobster Sauce Tops Off French Omelet

Just the mention of the word lobster conjures up visions of something elegant in the way of eating—and doesn't French omelet with lobster sauce just about sound like the ultimate?

* * *

It's really nothing to frighten the cook either. The omelet is such an easy combination of eggs, salt and rich undiluted evaporated milk gentle cooked to golden brownness in melted butter.

The sauce has all the richness that befits the lobster. Made with butter and evaporated milk it has a touch of lemon juice to bring out all the delicate lobster flavor, garlic and onion to sharpen it up further and just a suggestion of sherry stirred in as the final touch.

Lobster Sauce

1 can lobster (7 ounces)
1 tablespoon lemon juice
2 tablespoons butter
1 clove garlic
1 teaspoon grated onion
2 tablespoons flour
½ cup boiling water
1 cup evaporated milk
1 tablespoon dry sherry

Drain lobster and remove cartilage. Break into bite - size pieces and place in a small bowl. Sprinkle with lemon juice.

Melt butter in saucepan. Add garlic cloves and onion and cook gently for about three minutes. Remove garlic clove and discard.

Stir in flour. Blend in boiling water, then the milk, and continue cooking until mixture is thickened. Add lobster and continue heating until mixture is heated through, about five minutes longer.

Stir in sherry just before serving. Serve with French Omelet. Makes four servings.

French Omelet

6 eggs
¼ cup evaporated milk
1 teaspoon salt
3 tablespoons butter

Beat the eggs until light and foamy. Beat in the milk and salt. Melt butter in a dry pan over low heat. Pour in egg mixture. Cook slowly. With a spatula, lift up the cooked egg from sides of the pan and let uncooked egg run under.

Continue cooking and lifting until omelet is set. Set in hot oven (400 degrees) or under broiler to brown top. With a spatula or pancake turner score omelet in half, fold, and slide onto a hot platter. Serve with Lobster Sauce. Makes four servings.

Blend dry mustard with paprika, salt and pepper. Store in a small tightly covered jar. Add some of this spicy blend to flour to be used for coating meats or poultry.

"At Beech-Nut I discovered how tempting an apple can be"

Says Connie Clausen on the DR. SPOCK TV Program

Watching Beech-Nut prepare fruits for babies is wonderful at harvest time! They use apples that could go in a gift basket. And Beech-Nut makes sure Baby gets *all* their goodness—cooks apples with skins on. That way, vitamins and minerals usually lost are captured for a baby to grow on. Beech-Nut *always* puts Babies' needs first.

See Dr. SPOCK on TV presented by BEECH-NUT BABY FOODS

Here's a new, easy way to restore "age-yellowed" nylon to snowy-whiteness!

It's a CLOROX exclusive!

It's simple as 1, 2, 3...here's all you do:

1. *Add 2 tablespoonfuls Clorox to 1 gallon warm water; then add 1 teaspoonful household vinegar; mix well.
2. Immerse clean "age-yellowed" nylon 15 to 30 minutes.
3. Rinse well. Repeat if necessary.

*EXCEPT APPLIED FOR

And, because Ultra-refined Clorox is so gentle, you can use it every time in your regular laundering . . . not only for whitening and brightening white and color-fast cotton and linen, but white 100% nylon and rayon, too. Launder white nylon and rayon with Clorox the same as you do cotton and linen. Ultra-refined Clorox also disinfects, deodorizes and removes stains from these fabrics . . . and Dacron, Orlon and Dynel, too.

And remember, in routine kitchen and bathroom cleaning, Clorox not only gets rid of odors and stains . . . it provides a type of disinfection recommended by hundreds of public health authorities. So for a cleaner, safer home . . . as well as a cleaner, safer wash . . . use Clorox every time!

Every time you use CLOROX you protect family health!

Eggs Served 'Undercover'

If you would demonstrate a flair for surprises in Lenten meals, introduce a novel dish called "Undercover Eggs."

Now you see them, now you don't, for the "Undercover Eggs" are first hard-cooked and then wrapped in thin biscuit dough—in one easy step—for quick serving.

A velvety cheese sauce can be served with them, or when not observing Lent, a strip of bacon wrapped around each egg should make a real flavor hit.

You'll get plenty of favorable reactions from the appearance of this dish alone, but the most applause will come from its delicious taste.

Feather-fine biscuit, and steaming, delicate egg just seem to invite your fork.

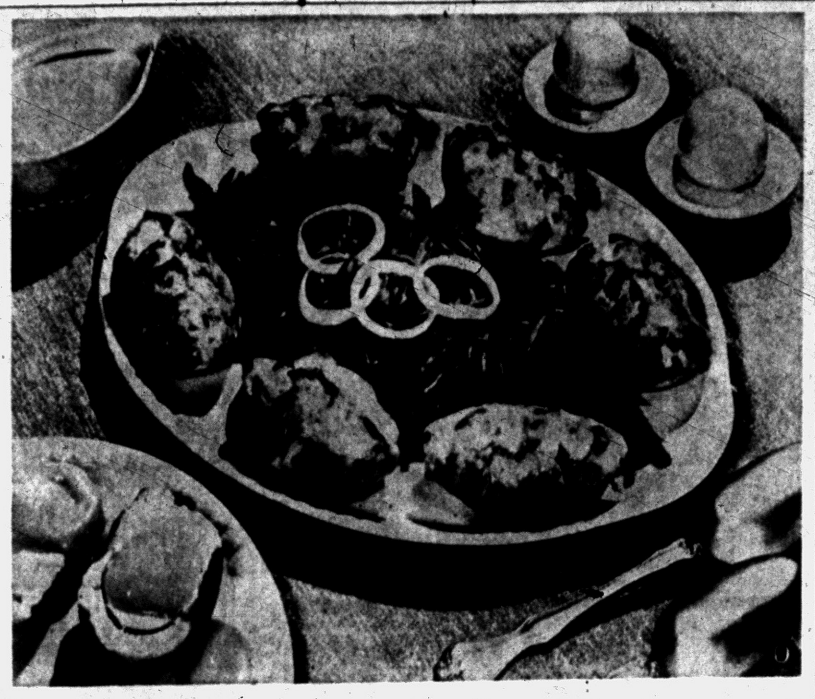
"Undercover Eggs"

1 recipe biscuit dough using 2 cups flour, or 2 cups biscuit mix
½ teaspoon poultry seasoning
6 hard-cooked eggs
2 cups cheese sauce, hot

Prepare biscuit dough according to recipe or package directions. Add poultry seasoning to the dough while mixing. Roll dough to one-fourth - inch in thickness. Cut into six circles, 5 inches in diameter.

Place a hard-cooked egg in center of each circle, and bring the dough up around egg, sealing all the edges well at the top. Bake on a baking sheet in a very hot oven (450 degrees) 12 to 15 minutes, or until golden brown.

Serve hot with cheese sauce. Makes six.



UNDERCOVER EGGS—Hide eggs in a biscuit dough and surprise the family with Undercover Eggs. This dish will make an excellent luncheon treat when served with a zippy cheese sauce. In the picture above the biscuits surround hot green beans. Any vegetable would be good.

Golden Ham Bake Uses Up Leftovers

Casserole dishes are budget items. When the recipe calls for leftovers, they're even more economical. Try this recipe from the Michigan consumer and marketing information people.

Golden Ham Casserole

1¼ to 2 cups sliced leftover ham
1 tablespoon vinegar or lemon juice
1 cup milk
2 eggs
Salt and pepper
1 cup grated cheese
2½ cups uncooked noodles
1 tablespoon grated onion
½ cup each—sliced stuffed olives, sliced celery, fried mushrooms, cooked peas

Stir vinegar or lemon juice into milk and let stand for a few minutes. Cook the noodles according to the directions on the package. Combine ham, milk, slightly beaten eggs. One-half teaspoon salt and one-eighth teaspoon pepper, cheese and noodles. Add olives, celery, mushrooms and cooked peas.

Pour mixture into a greased casserole. Top with buttered bread crumbs or crushed cereal flakes and bake in a 375-degree oven for 35 minutes. Five to six servings.

Yields About 2 Cups

Using canned berries for a pie? Berries and juice from a No. 1 tall can will give about 2 cups — the amount needed for an 8-inch pie. The filling will have to be thickened, of course, before the pie is baked.

Never had enough face cloths before!

"I was always running out of them — until I heard my friends talking about Breeze!" says Mrs. Checkley. Now she always has a full supply — there's a pastel Cannon face cloth in every Regular size box of Breeze she buys. (Giant Economy size comes with Cannon kitchen towel inside.) Breeze is the premium detergent for family wash. You've got to like it or Lever Brothers will return your money. Better put Breeze on your shopping list now!

"Choice" Grade of Beef Is Still on Best Buy List

Even with a firm grip on the purse strings, the food shopper can find reasonably priced meat cuts at the market this week. Mrs. Josephine Lawyer, Consumer Marketing Information Agent of the Cooperative Extension Service reports a big supply of high quality beef and continued low pork costs.

At this season "fed cattle" as the trade calls them come to market yielding plenty of 'prime' and 'choice' cuts of beef. Approximately 60 per cent of the cattle being marketed now are 'choice' grade, 15 per cent are the tender 'prime' grade, and 20 per cent are 'good' grade.

Lower-grade beef costs less than the higher grade and for some cuts such as ground meat, pot roasts and stews, it is a thrifty choice. If the family wants a juicy sirloin roast or a porterhouse steak, this is a good time to make such purchases.

Steaks served at one meal can be balanced by using an economy-tagged chuck roast or flank steak the following day. At current prices top quality beef cuts are a wise choice for freezer storage.

Breakfast should be one of the easiest and most pleasant meals of the day, and this is made easy with the good supplies of budget-priced bacon and sausage at the meat counter. The two-pound packages of thick sliced bacon are becoming more popular, according to some retailers.

Loin roasts, picnic shoulders, and Boston Butt (often cut into pork steaks) are other pork cuts wearing low price tags. Even though retail loin prices have raised slightly in many stores, they represent a good buy at about 15 per cent less than they were this same week of last year.

Large size eggs remain one of the customer's best protein buys. In comparison to present wholesale costs, the consumer is getting a real value at the present retail prices. During the Lenten season on meatless days two eggs per person will boost the body's protein needs.

Milk is always a good buy considering the good nutrition and versatility it provides. How to keep milk at home is just as important as how to keep it at the store, at the dairy, or at the farm. Keep it cold, clean, covered, and dark.

Low temperatures keep it sweet and help keep its food value. Keep milk dark to help prevent off-flavors and keep its vitamin content. Milk delivered at the door should be placed in the refrigerator immediately.

The sunny South is keeping the nation's produce counters heaped with fresh vegetables. Even though tomatoes and green beans have not recovered from the cold weather that recently hurt Florida crops, there are other budget-saving choices.

Plenty of cabbage at low retail prices is one of the features in the markets. Carrots, yellow globe cooking onions, celery, and radishes are reasonably priced.

There is a moderate supply of Northern Spy, Delicious, and Jonathan apples for about 13 to 20 cents a pound. Northern Spy is an excellent pie baker, Jonathan is an all purpose apple, and Delicious is best eaten out-of-hand.

For added fruit variety both pears and bananas are about 20 cents per pound. Pears need to ripen at room temperature for several days before eating.

Round Steak Royale

1 round steak, ½ inch thick
1 clove garlic
¼ cup flour
2 tablespoons paprika
1 teaspoon salt
¼ teaspoon pepper
¼ cup lard
¼ cup sliced onions
3 or 4 oz. can mushrooms, drained
Water or bouillon
½ cup commercial sour cream

Cut steak into four pieces; rub each piece on both sides with cut garlic clove. Combine flour, paprika, salt and pepper and pound into steak.

In the hot lard, brown steak on both sides; top with onions and mushrooms. Add ½ cup water or bouillon; cover and cook over low heat until tender, about 2 hours, adding more liquid as needed.

Remove steak to warm platter. Spoon off excess fat and add sour cream to liquid in pan. Dilute to right consistency with water, if necessary. Reheat and serve meat topped with sauce. 4 servings.

Pork in the Pink

4 pork chops or pieces pork tenderloin
2 cups bread crumbs
4 tablespoons melted margarine
½ cup brown sugar
¼ teaspoon nutmeg
Salt and pepper
1 cup fresh stewed rhubarb or 1 package frozen rhubarb

Mix crumbs, margarine, sugar, and seasoning. Grease a shallow casserole. Put layer of crumbs, arrange chops, pour in rhubarb, top with rest of crumbs. Bake in 325 degree oven for 50 minutes. Makes 4 servings.

Like curry flavor? Try sprinkling just a suspicion of the spice over scrambled eggs just before they are ready.

Glamorize Iced Cake With Flaming Peaches

Yellow or white cake can be turned into a party dessert with flaming Peaches or Apricots Jubilee.

Top your frosted cake with canned peach or apricot halves. Drop a sugar cube, which has been soaked in lemon extract, into each half. Light the sugar cube when the cake is served.

A beef heart weighing 3 to 3½ pounds will make 8 to 10 servings.

To Caramelize Sugar

To caramelize brown sugar, heat two-thirds cup of the sugar in a heavy skillet over a low flame. Stir constantly till sugar melts, then raise to brown syrup quickly. When dark brown in color, remove at once from stove. Add one-third cup hot water very slowly, and stir until dissolved. Cool.

Wrap frankfurters in squares of baking powder biscuit dough and bake. Serve with prepared mustard and hot sauerkraut.

Sensational Waxed Paper Sale!

4 Big FRESHrap EXTRAS

EXTRA 1 Save up to 11¢ on two rolls..

Buy FRESHrap now during the famous TWIN-PACK sale and save up to 11¢ on two rolls. You get extra value when you buy FRESHrap and extra value every day you use this snow-white, extra heavy waxed paper. Look for the FRESHrap TWIN-PACK display.

EXTRA 2 KEEP FOOD Vitamin-Fresh LONGER!

Here is extra value you can see! FRESHrap keeps your food nutritious and Vitamin-Fresh so much longer! You'll never go back to thin, transparent wrappers once you try FRESHrap.

EXTRA 3 Save money ON FREEZER WRAPPING!

Snowy-white FRESHrap is the only household waxed paper heavy enough for freezer wrapping. Even meats wrapped in FRESHrap won't soak through. So why pay more for special wraps? Use extra-heavy FRESHrap to wrap the food you store in your freezer or in the freezer compartment of your refrigerator.

EXTRA 4 GET THIS HANDSOME New All-Metal DISPENSER!

So Convenient! One hand operation. Hinged top for easy refilling.

Many thousands of busy women are saving time and many steps with this handy waxed paper dispenser. It's worth $1.50, but you get it for only 50¢ with the coupon you'll find on each box of FRESHrap. Comes to you postpaid. An exclusive FRESHrap extra value!

Make hamburgers taste charcoal broiled just by cooking in Diamond Crystal Salt!

Diamondburgers (Serves 4)

Here's an easy way to give hamburger a charcoal-broiled crust and taste—just with pure Diamond Crystal Salt. You need:

1 lb. ground beef
Diamond Crystal Salt

Cover bottom of frying pan with a very *thin* sprinkling of Diamond Crystal Salt. Place on high flame until salt gets very hot. Place meat (in four thick patties) in pan. Cook on each side until crisp crust forms and meat is done the way you like it. You need no grease, no other seasoning.

Diamond Crystal Salt keeps meat from sticking—brings out *all* its full, rich flavor without making it too salty! *Diamond is a cook's best friend!*

PLAIN OR IODIZED

ASPARAGUS SEAFOOD SALAD — A salad combining fresh or frozen seafood and canned white asparagus will make an interesting main dish for Lenten meals. Serve it with mugs of hot tomato soup topped with pats of butter and crisp seeded toast sticks.

Asparagus Seafood Salad Provides Lenten Variety

Seafood or fish and canned California asparagus are good companions for the dinner table . . . the flavors blend well and still retain their own individuality.

For a change of pace from the usual sauteed or broiled fish during Lent, try a seafood salad combined with marinated canned California white asparagus.

It's an economical main dish for family suppers, and its attractiveness and delightful flavor make it ideal as party fare for company dinners.

For another dish that will prove to be a Lenten favorite, try Asparagus and Eggs a la King.

Asparagus Seafood Salad

1 No. 300 can California white asparagus, drained
Salt and pepper
¼ cup French dressing
1 cup flaked cooked white fish
½ pound shrimp, cooked, shelled and deveined
2 tablespoons chopped onion
¼ cup chopped celery
Dash thyme
Salt and pepper to taste
¼ cup mayonnaise
1½ teaspoons lemon juice
1 tablespoon French dressing
½ cup sliced cucumber

Sprinkle asparagus with salt and pepper; add one-quarter cup French dressing. Chill one hour. Meanwhile, combine white fish, shrimp, onion, celery, thyme and salt and pepper to taste; mix lightly and chill.

Combine mayonnaise, lemon juice and one tablespoon French dressing; blend well. Add to seafood mixture and mix lightly but thoroughly.

Arrange salad, cucumber and marinated asparagus on large platter. Garnish with crisp salad greens, if desired.

Macaroni, Cheese Features Crabmeat

Wondering what to serve the family? Try this quickly-made and easy-to-serve casserole.

Macaroni and Cheese With Crabmeat

2 cans (15¼ ounces each) prepared macaroni with cheese sauce
1 can (6½ ounces) crabmeat (drained and flaked)
2 tablespoons finely diced green pepper
2 tablespoons finely diced canned pimiento
¼ cup grated cheddar cheese

Turn macaroni with cheese sauce into a 1½-quart casserole. Mix in crabmeat, green pepper and pimiento.

Sprinkle with grated cheese. Bake in hot (400 degrees) oven about 25 minutes. Makes four to six servings.

One medium-sized orange yields one-third cup of juice and 2 tablespoons of rind (lightly grated).

Tomatoes Add New Zest to Macaroni and Cheese

Perk up an old Lenten favorite, Macaroni and Cheese, by giving it new glamor with a new and tastier cheese sauce and fresh chopped tomtoes. Use plenty of cheese in the sauce to make your casserole really good.

Chopped fresh tomatoes and green pepper add new flavor to Macaroni and Cheese casserole and a few slices of tomato and ripe olives put on top before it goes into the oven make it attractive enough for company dinner.

A fruit salad of cinnamon-pears and pineapple spears topped with a whipped fruit dressing, a green vegetable, if you like, and dessert will make this Lenten dinner one your family will enjoy.

The recipe for nutritious and economical Tomato-Cheese-Macaroni Casserole includes directions for Three-Minute Cheese Sauce.

Tomato Cheese-Macaroni Casserole

1⅔ cups (large can) undiluted evaporated milk
½ teaspoon salt
2 cups (about 8 ounces) grated process-type American cheese
1 teaspoon dry mustard
1 tablespoon Worcestershire sauce
¼ cup diced green pepper
2 tablespoons grated onion
1½ cups diced fresh tomatoes
4 cups cooked macaroni

Simmer evaporated milk and salt in saucepan over low heat to just below the boiling point (two minutes). Add cheese and stir until thickened and smooth (one minute). Stir in mustard and Worcestershire sauce.

Combine remaining ingredients in a large mixing bowl. Add cheese sauce. Combine thoroughly. Place in buttered 1½-quart casserole. Bake in moderate oven (350) 30 to 40 minutes.

Team Applesauce With Frankfurters

Economical enough for a crowd; festive enough for party fare.

1 cup soft bread crumbs
3 tablespoons melted butter or margarine
½ teaspoon poultry seasoning
1 cup canned applesauce
8 frankfurters
8 bacon slices

Combine bread crumbs, butter or margarine and poultry seasoning. Cook applesauce, stirring occasionally, until most of the water has evaporated (7 minutes). Combine crumb mixture and applesauce.

* * *

Split frankfurters almost through to bottom, lengthwise. Fill with applesauce mixture.

Wrap one slice bacon around each frankfurter; fasten with toothpicks. Broil eight minutes. Yields four servings.

Anchovies Will Pep Up Sauce Without Meat

Next time you are serving a meatless tomato sauce over spaghetti, try adding anchovies to it. Use a small can (about 2 ounces) of the anchovies that come packed flat for a tomato sauce that is to serve four people.

Cut the anchovies into small pieces before adding. The oil from the anchovy can may be used in preparing the sauce.

Aid in Sight for Waterless Farmington Township

Tackle Problem at Southfield

Set Public Meeting on Sewer, Water Subjects for Friday

SOUTHFIELD TOWNSHIP — Four speakers will discuss sewer and water developments in the area—a subject presently vital to residents here — at a public meeting at 8 p.m. tomorrow in Southfield School.

The sewage problem is an urgent one, inasmuch as a Jan. 23 court order has ordered the township to submit proof to the State Water Resources Commission by May 1 that plans are being drawn up to build a sewage disposal plant.

The order sets a July 1 deadline for such plans to be in to the state; an Oct. 1 deadline for the awarding of construction contracts; and a completion date of Dec. 31, 1957.

Sewage and waste from Southfield Township, as well as the City of Lathrup Village and other adjacent areas, had been polluting the Rouge River.

Speakers who will discuss sewer and water developments are Paul M. Reid, planning analyst of the Detroit Metropolitan Area Regional Planning Commission; Gerald Remus, general manager of the Detroit Water Department; Gerald Warren, staff executive of the Detroit Board of Commerce, and Edward Conner, Detroit councilman.

All residents of the area are invited to attend the meeting, which is sponsored by the Southfield Community Council.

Knox Farm Auction Set at North Branch

NORTH BRANCH — One of the largest farm auctions to be held in this area will be that at the Harry Knox farm, 2626 East Castle Rd., on Saturday. Sixty-eight head of cattle, besides a large amount of machinery and equipment will go under the hammer.

Because of ill health, Knox is forced to retire from farming. With Mrs. Knox, he will leave shortly to visit their son and daughter-in-law, Mr. and Mrs. Donald Knox, in Florida.

3 Cars Submerge at M59-Highland; Driver Rescued

MILFORD — Three cars were completely submerged in flood waters Tuesday under a viaduct on M59 at Highland.

The Highland Fire Department was called to rescue Bob Lemmon of Clyde, who had crawled up on top of his car in an effort to stay out of the rising waters.

Before the firemen arrived, neighbors in the vicinity had pushed a one-man rubber lifeboat out to Lemmon, just as the water engulfed his car.

According to Fire Chief Asa Smith, the manhole under the viaduct had become plugged with debris, stopping the heavy flow of flood waters.

The department also answered three calls during the night from residents whose basements were flooded.

Ask Murder Charge Dismissal for Youth

WAPAKONETA, Ohio (AP) — Attorney Ernest S. Navarre yesterday asked Auglaize County common pleas Judge Jacob T. Koenig to dismiss a first degree murder indictment against James Thornton.

Thornton is one of three Hazel Park youths indicted in the slaying of Charles H. Stolzenbach, 55, at his Hickory Villa Tavern three miles north of here on Jan. 24.

Navarre said Thornton was indicted illegally because he is only 17 years old. The defense attorney introduced a birth certificate for Thornton dated May 23, 1938. Judge Koenig said he would take the motion under advisement.

Attorneys for the other youths involved in the indictment motioned for a bill of particulars in the slaying. They represented Bernard Harris, 18, and Willie Thomas, 20.

A prosecution motion for a joint trial for the three youths also was taken under advisement by Judge Koenig.

$250,000 Estate Left

DENVER (AP)—George Somnes, widely known theatrical director and producer who died Feb. 8, left an estate of $250,000, letters of administration in County Court disclosed. He left no will and under Colorado statutes the entire estate will go to his widow, Miss Helen Bonfils, secretary-treasurer of the Denver Post.

Area May Get Detroit Water

Supervisor Tells Plan; Health Officer Asking State Action

FARMINGTON TOWNSHIP — Aid is in sight here for hundreds of families in the southern and eastern areas of the township who have been without a safe source for drinking water.

Ernest V. Blanchard, township supervisor today released a statement that details are now being worked out between the City of Detroit and the Farmington Township Board which will permit the extension of Detroit water to serve the township.

Meantime, Dr. Joseph J. Gadbaw, Farmington Township Health officer, today had carried his fight for a new water system in the township to the state health department.

Dr. Gadbaw, chairman of a citizens' committee that has been working for the system the past 19 months, wants the health department to force the township board to start building the system now.

The statement from Blanchard's office reads as follows:

"The problem of supplying water to the so-called dry area of Farmington Township is a difficult one. However, for some time the Farmington Township Board has been working quietly but insistently toward obtaining water for this dry area. Outwardly it might seem that accomplishment is slow, but this is a big problem and difficult.

"Some two years ago the Detroit Water Board was consulted and was then unable to furnish Detroit water to the Township. A meeting was recently arranged between the Township Supervisor, Ernest V. Blanchard, and other Township Board members with G. Remus, executive head of the Detroit Water System, with its engineers Mr. Michaels and Mr. Day. This has paved the way for the obtaining of Detroit water.

"The details are now being worked out between the City of Detroit and Farmington Township Board and this will permit the extension of Detroit water so as to serve Farmington Township.

"The plan is that Detroit will extend its 48" main along Eight Mile Road west to the intersection of Telegraph, or possibly slightly further west. This extension will then enable the Farmington Township Water System, or a system composed in part by Farmington Township and in part of the southwesterly portion of Southfield Township, to connect on at that point with a large feeder line of perhaps 36" and thus obtain an ample and suitable supply of Detroit water.

"This plan will necessitate a storage facility and a booster system and will incur some additional cost accordingly. However, it is felt that it would be much more satisfactory to obtain a steady and reliable supply from the Detroit System than to rely upon local wells. It is further thought that this would make it unnecessary to drill wells in the northern part of the township where present well water supply seems to be temporarily adequate.

"The details of this plan are now being worked out by Blanchard, the Township engineers, Pate and Hirn, with the assistance of Judge Arthur E. Moore, who has been aiding in this program.

"The Township Board feels a responsibility for all sections of the Township of Farmington and that it is necessary to obtain a water supply for the dry area in such a manner as will not be unfair to any other section of the township. This plan seems to be ideal in this regard.

"It is hoped that all sections of the township will cooperate towards its accomplishment. Obtaining Detroit water will solve many of the water problems of the township and aid in the development of this area." Ernest V. Blanchard, Farmington Township Supervisor.

Rochester Man to Take English Bride March 10

Mr. and Mrs. Fred Scott of Suffolk, England, have announced the forthcoming marriage of their daughter, Maureen, to Airman 2C Paul L. Racine. Paul is the son of the Rev. and Mrs. Franklin Racine of Rochester.

The wedding will take place on March 10, in Suffolk.

Cub Leaders to Meet

IMLAY CITY—The Cub Scout den dads, den mothers and troop committee will meet at 7:30 tonight at the Detroit Edison office.

Rotary Club Member Tells of Shipwreck

NORTH BRANCH — A highlight of this week's Rotary Club meeting, was a talk given by Rotarian Francis Fike, relating his personal experience, following a shipwreck of the freighter Orinoko in the northern waters of Lake Superior in 1921.

After 20 hours of bailing and rowing in a lifeboat, Fike and those in his boat reached the Canadian mainland and later were picked up by a Canadian tug.

During these hours, the captain and two of the crew went down with the shattered Orinoko; two of the lifeboat passengers froze to death, and a third, weakened by exposure, lost his life as he fell into the fire built on shore.

While under hospitalization at the Canadian Soo, an error in communications brought temporary tragedy to Fike's relatives here, when names of survivors and the dead were reversed in a wire telling of the shipwreck. It was two hours before official corrections were made.

St. Andrew Church Plans Parish Dinner

DRAYTON PLAINS—The Women's Auxiliary of St. Andrew Episcopal Church is sponsoring a parish dinner Friday, March 16, at 6:30 p.m. at the church.

The program which follows the dinner will include two films. One will be "Window in the Sky," an Indian missions movie. The other is a short film on the growth of the church, narrated by Angus Helgerson, Michigan diocesan representative.

At next Sunday's 11 a.m. service all guild officers, women's auxiliary officers and board members will be inducted.

1,160 Foreign Students

ANN ARBOR (AP) — A total of 1,160 foreign students have enrolled for the spring semester at the University of Michigan, compared to 964 last spring, a university official said Monday. An area distribution shows that the Far East and Southeast Asia still lead with 438.

The first electric power station was believed built by Thomas Edison in 1882.

Oakland County Youths Receive MSU Certificates

Three Oakland County youths received certificates during short course commencement ceremonies at Michigan State University last week. A total of 191 students were graduated.

Martin Brown of Ferndale, and Phil Elkow of South Lyon completed the second term in General Agriculture. James Sockart of Troy, completed the Agricultrual Engineering course.

Adlai Delegate Slate Filed in Sacramento

SACRAMENTO, Calif. (UP) — A slate of 136 delegates pledged to vote for Adlai Stevenson for president at the Democratic party's August nomination convention in Chicago was filed yesterday.

Each delegate will have half a vote.

That is the third slate to qualify for the June 5 presidential primary election ballot. The others are pledged to the re-election of President Eisenhower and to Sen. Kefauver (D-Tenn).

The emu is the national bird of Australia.

Probe Military School Trouble

Officials 'Unconcerned,' but Still Investigating Mass Demonstration

ROSWELL, N. M. (UP)—Officials indicated today they were not overly concerned about a disturbance involving 450 cadets at New Mexico Military Institute.

* * *

But in the same breath, they said they were continuing an investigation of the mass demonstration Tuesday night.

A truck from the Roswell Fire Department was sent to quench a grass fire at the school, which has an enrollment of 512.

* * *

Fire Chief George Daniels said rocks were thrown at the truck; and Fire Lt. Ernest Crockett said, "Cadets threw fire balls out of the barracks windows, setting fire to the grass just outside the barracks on the north side of the quadrangle."

* * *

Crockett said school guards kept those fires under control and the truck did not approach the barracks. Several windows were reported broken in a section of the barracks not now occupied.

An institute source said firemen used streams of water against the cadets as the youths moved toward the truck in the quadrangle. The cadets, the source said, blocked the truck from getting through the enclosure until an unidentified school officer directed the truck through a sally port and himself became a target for rock throwing.

Women Must Wreck Stable They've Built

ORLANDO, Fla. (UP)—Two women who built a stable next door to a church have been ordered to tear it down.

* * *

The Orange County Zoning Commission handed down the ruling yesterday after hearing complaints from members of Downey Memorial Church in suburban Union Park.

* * *

Mrs. Minnie V. Rinehart and her daughter Mrs. Olive R. Stapes said they didn't know until after the building was completed in January that they needed a permit. The stable was used for rodeo animals.

Oh, My Achin' Back

PHOENIX, Ariz. (INS) — Outfielder Dusty Rhodes of the New York Giants suffered a strained back yesterday while swinging a bat. He believes it was a delayed-action injury as the result of an auto accident in which he was involved during the winter in Alabama.

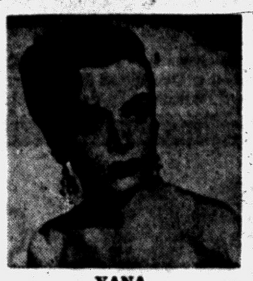
Yana Visits Nightclubs to See 'American Pub'

By EARL WILSON

NEW YORK—I horned in on the Terry Moore-Gene McGrath honeymoon at Sardi's and heard the bridegroom say affectionately, "You making those noises again?" He referred to Terry's practicing of stage projection sounds which she's studying here. "Helen Hayes said she'd like to have $1 for every word that's dropped into the orchestra pit," Terry explained.

Terry's very serious now and wants to "stay by Gene's side" either at his home in Panama or Caracas (both of which have swimming pools) when not in Hollywood. Since her marriage Jan. 1, she's been in Havana once, Florida twice, Caracas 6 times, Panama 5 times, Las Vegas once, and New York 3 times. Otherwise, she's sort of tied down. Terry's married name is now Terry McGrath—didn't even change initials.

Bob Hope's British TV discovery, Yana, blonde and blue-eyed, went to El Morocco the other night—then to Sammy's on the Bowery "to see what a typical American pub is like." Already in the movie "Cockleshell Heroes" about the Marines, she has a big, BIG future.



YANA

Faye Emerson's due back from her overlong visit to Spain and there'll probably be a showdown on her pretty serious tiff with husband Skitch Henderson. They're violent peace-makers and friends think they'll go back together.

★ ★ ★ ★

Oops! Pardon me. The kids no longer say the Republican ticket will be "Eisenhower and Ferris; Ferris is a big wheel at Coney Island." Now it's "Eisenhower and Cannon; Cannon's a big shot from downtown."

The rumor Helen O'Connell suffered a heart attack's untrue. Due to overwork and fatigue, she did have to cancel two shows at the Stagecoach Inn . . . Why do singers continue to say "Here's a little song we hope you'll like"? It irks everybody who hears it—it's supposed to be modest, but it's annoying!

Jackie Gleason's lammed out of town in his blue Buick, apparently headed west, destination either Palm Springs or Palm Beach, and vows to take off 60 pounds, then maybe make a movie before resuming filming next year's shows. His mgr., Bullets Durgom, who struck oil, is off to Tulsa to interview a gusher.

THE MIDNIGHT EARL . . .

Denise Darcel subbed at the Cotillion Room for Gloria de Haven, who flew to Miami to be confirmed . . . Jack Benny'll do five TV spectaculars a year for the next four years . . . Pretty Diana Millay is the new timekeeper on the "Masquerade Party" TV'er.

Eddie Fisher returns from H'wood Monday . . . Nat Herzfeld, former owner of Yonkers Raceway, bought the famed MacFadden-Deauville Hotel in Miami Beach . . . The Jackie Coopers had a boy . . . "Strip for Action" will introduce eight show girls as an "American Beauty Trust" . . . Ted Lewis celebrates his 45th show biz ann'y in New Orleans March 15.

Helmut Dantine gets back to films in "Alexander the Great" . . . Max Baer bought a 150-room hotel in California.

EARL'S PEARLS . . .

Conscience is an inner voice that warns us somebody is watching.—Charley Jones.

WISH I'D SAID THAT: Someone described an egotist: "A guy who's proud of his mother and father 'cause they are the parents of such a fine fellow."

Law Not So Heavy-Handed, Claims Ziem

By BURDETT C. STODDARD

There's a phrase: "The heavy hand of the law."

It connotes vague, but severe penalties for the kidnaper, the thief, or even the Good Samaritan who puts a nickel in a parking meter to save somebody else a ticket.

"But that's not a true picture of a law enforcement agency's activities," asserts Oakland County Prosecutor Frederick C. Ziem.

"We have found," he stated, "that people are often more apt to comply with legal regulations when simply asked to cooperate and told why a rule is necessary, rather than being told: 'do so or else.'"

Ziem and Assistant Proecutor Robert D. Long went on to point out duties their office carries on besides swooping down on criminals with a warrant and prosecuting "to the limit of the law."

The prosecutor's office works with the State Department of Agriculture in securing removal of trees afflicted with Dutch Elm disease.

"The Department brought us 45 complaints since last September," said Long, "that persons with diseased Elms on their property had failed to remove them after being notified to do so.

"We sent out letters asking the tree owners to cooperate, without threatening them, and got action without need to press one formal charge."

One of the tree owners wrote back saying, "This is one of the very few times I've seen a letter from a public official doing his duty on some unpleasant matter that the letter ends with a bid for cooperation instead of a threat of dire things to come . . . The other type sets up a resentment with both those at fault and those not at fault."

Ziem's office also works with the agriculture department in seeing that beekeepers in the county are properly licensed.

"The licensing involves an inspection which prevents spread of a disease which sometimes destroys a bee colony," Long explained.

Duties also include working with state restaurant and food inspectors plus cooperating with the Michigan Corporations Security Commission in protecting against formation of illegal corporations.

From time to time the office institutes padlock proceedings to close a building where gambling or unlicensed liquor sales are carried on.

Members of Ziem's staff must act for the state attorney general when a person deprived of his driver's license sues for its restoration.

"We also handle petitions which are constantly received from Jackson prison inmates asking for a new trial," said Ziem.

Staff members often lecture at police schools on the law of arrest and of search and seizure, which officers are required to know thoroughly.

Hearings are arranged here for persons wanted in another state for a criminal offense and extradition proceedings set up to bring offenders back who have left Michigan.

The office works with the Oakland County Friend of the Court in making sure divorcees, charged with support of children, continue to make payments after moving outside the state. Lie detector tests must also be arranged for.

And then there's the constant stream of odd claims and requests:—

One man continually wrote Ziem on the backs of tomato can labels saying he had been gypped out of an inheritance left him by Grover Cleveland, president of the United States in the 1890s.

Jury Is Dismissed by Judge Adams

A jury was dismissed yesterday by Oakland County Circuit Judge Clark J. Adams after it deliberated nine hours without deciding whether a Pontiac man was guilty or innocent of a drunk driving, second offense charge.

Walter Oakley, 30, of 360 W. Perry St., was arrested for drunk driving in Pontiac last Nov. 1. He was convicted on a similar charge Feb. 21, 1953, in Pontiac Municipal Court.

It has not been determined whether Oakley will be tried again, said Prosecutor Frederick C. Ziem.

New Books Placed on Library Shelves

Twelve books, six fiction and six non-fiction, have been added recently to the shelves of the East Side Branch of the City Library located at 6 S. Sanford St. They are:

FICTION

Good-by to Gunsmoke, Catlin.
Saddles to Santa Fe!, Field.
Sara Dane, Gaskin.
Roberta, Lab Secretary, Hancock.
The Strong Box, Swigget.
Marjorie Morningstar, Wouk.

Beards' Basic History of the United States, Beard.
Roosevelt Family of Sagemore Hill, Hagedorn.
Explorers and Their Discoveries, Hayward.
Gift From the Sea, Lindberg.
North: Nature and Drama of the Polar World, Rodahl.
Contemporary America, Wisk.

More than 3,000,000 people in the world have malaria.

Youth, 12, Sees Again With Eye of Dead Priest

MILAN, Italy (AP) — After five years of darkness, 12-year-old Angelo Colagrande can see again through the eye of a dead priest.

* * *

Before Father Carlo Gnocchi, 54, the "Priest of the Maimed," died Feb. 28, he asked that his eyes be used in an effort to restore sight to blind children. The priest had spent the years since World War II working for the rehabilitation of maimed children.

Angelo, who was blinded by quicklime, received a cornea shortly after the priest's death. The other went to an 18-year-old Italian girl, Amabile Battistella. Her eyes have not yet been examined since the operation. Prof. Cesare Galeazzi, the specialist who transplanted the corneas, removed Angelo's bandages briefly yesterday and asked:

"Can you see my hand?"

"Yes," replied Angelo.

"Try and count my fingers."

"Three, there are three," the child replied.

"Are you happy?"

"Yes ,answered the small voice.

Pontiac Man Gets Post in Conservation Office

Elmer L. Evans Jr., son of Mr. and Mrs. Elmer S. Evans, 203 Northeast Blvd., has accepted a position as office manager with the Michigan Department of Conservation at its Jackson office, according to Director Gerald E. Eddy.

Evans is a veteran of World War II, having served with the U.S. Navy. After his return from service he attended Michigan State Normal College, Ypsilanti and the Business Institute at Pontiac.

Trailer Parley Slated

U-D to Quit MV Conference

DETROIT (AP) — The University of Detroit, in a surprise move last night abolished the post of athletic director and announced plans to drop out of the Missouri Valley Conference.

* * *

The Rev. Celestin J. Steiner, S. J., president of the university, also announced abolishment of the 14-man board of athletics, which has served as a faculty, student and alumni advisory group on athletics. He also said he intended to press for formation of a new conference of schools.

"The Missouri Valley Conference is a fine, sound and developing league in which the teams are evenly matched," Father Steiner told a meeting of the athletic board.

"However," he added, "the University of Detroit is not in the Valley. I definitely prefer to be out of the conference. The teams in the league are not attractive to fans in this area, and the cost of travel for out-of-town games is prohibitive."

* * *

Contracts with other MV schools have been completed for the 1956 and 1957 seasons, Father Steiner said, and Detroit will remain in the conference through those seasons. However, he said, "if by mutual agreement some of the schools release us from those agreements, then we may terminate them."

Other schools in the conference are Houston, Oklahoma A & M, Tulsa, Wichita and St. Louis.

* * *

Ray Null submitted his resignation as athletic director Tuesday, a post he had held two years. He said he intended to serve out his current term, which expires Aug. 31, then look for a similar position at another school.

* * *

Father Steiner said last night that "in a revised administration organization pattern there is no place for an athletic director." He said that the board of athletics had become "too large, unwieldy and not adaptable to our needs."

Father Steiner did not name other members of the proposed new conference, but indicated four other schools have shown an interest in such a plan. Previously, he had talked of a league of independent schools in the Midwest.

* * *

Again, Father Steiner spoke of his hopes for having Detroit compete against big-time athletic powers, such as Michigan and Michigan State. He has sought to bring legislative pressure to bear to schedule football games with MSU.

* * *

"The University of Detroit should and can be represented by teams that are able to compete on an equal basis with any rival," Father Steiner said.

THE BIG STRETCH — Jim Small, Detroit Tiger outfield bonus rookie gets a demonstration of how a first baseman should stretch for a low throw from reserve first sacker Jack Phillips at the Lakeland, Fla., training camp. At right is coach Bill Hitchcock. Regular first baseman Earl Torgeson finally came to terms. The Tigers have been working Small at first base. He is 19 today.

Pontiac Press Photos

CAGE WALTZ — Larry Leach (27) of Lake Orion does waltz step after the ball held by Marv Kitchen of Rochester in their elimination game at PHS last night. Rochester whipped the Dragons 66-45 and will meet Clarkston Friday night in the district semi-finals.

Torgeson Signs Pact

LAKELAND, Fla. (AP) — Lanky Earl Torgeson, his week-long siege over terms of a new contract at an end, was expected to appear in uniform at the Detroit Tiger training grounds today.

Torgeson, Detroit's regular first baseman, signed his contract with the Tigers last night, a week after the team opened spring training drills. His arrival brings the roster to full strength of 43 men, not including six rookies who are getting a tryout with the club after promising showings at Detroit's rookie camp here last month.

Terms of the pact were not disclosed, but general manager Muddy Ruel said Torgy got a raise over his $18,000 salary last year. The Tigers had offered him $19,000 but Torgeson had held out for $18,000 plus the $2,000 bonus he got from the Philadelphia Phillies when he was traded to Detroit last year.

Meanwhile, rumors still were buzzing around camp of a proposed trade of second baseman Fred Hatfield for Jim Brideweser of the Chicago White Sox.

* * *

Sox manager Marty Marion suggested the deal last week in a confab with Spike Briggs, Tiger president, and the offer reportedly got a willing ear both from Briggs and manager Bucky Harris. Hatfield, who batted .232 with Detroit last season, is one of the shakiest players on the team and Chicago is said to be scouting around for a utility outfielder.

Brideweser, a shortstop and some-time third baseman, performed as a second stringer with the New York Yankees and the Baltimore Orioles before moving to Chicago.

Dayton Rated Favorite as NIT Lists Pairings

NEW YORK (INS)—It's official. Dayton is the team to beat in the National Invitation Basketball Tournament at Madison Square Garden, March 17-24.

* * *

The Flyers (23-3) were seeded first by the NIT committee last night and Louisville (23-3), the team that beat them twice in the regular season, was seeded second.

St. Joseph's (Pa.) (21-4) was seeded third in the 12-team field and Niagara (20-6), fourth.

* * *

Unseeded teams swing into action Saturday, March 17, with St. Francis of N. Y. (19-2) playing Lafayette (19-6) and defending champion Duquesne (16-9) meeting Oklahoma A&M (18-8) in a day doubleheader.

The night program sends Seton Hall (19-4) against Marquette (13-8) and St. Louis (18-6) against Xavier of Ohio (16-9).

Niagara plays the St. Francis-Lafayette survivor and Louisville meets the Duquesne-Oklahoma A&M winner on Monday night, March 19.

* * *

Semi-finals are set for Thursday night, March 22, and the final comes off Saturday afternoon, March 24.

Temple 71, St. Johns (Bkn) 60

BAKING—Dark glasses and sunburn cream on nose and ears put Stan Lopata in a class with Florida tourists. But Lopata is at the Phillies' Clearwater training camp, working hard to make the transition from catcher to first baseman.

Wildcats Get Pair

EVANSTON, Ill. (AP)—Center Bill Schulz of Hebron, Ill., and forward Glen Lose of Elgin, Ill., last night were chosen cocaptains of the Northwestern basketball team for next season.

Five Italian-Americans have been champions of the welterweight class. They include Joe Dundee, Young Corbett III, Marty Servo, Tony DeMarco and the latest titlist Carmen Basilio.

Players Gain in Demands for Pay Raise, TV Contract

TAMPA, Fla. (AP)—Major league ballplayers are making some headway in their demands for a higher minimum salary and a voice in negotiations for a new World Series TV contract.

* * *

The big league player representatives accepted the club owners' decision on both requests in a meeting yesterday of 14 delegates and J. Norman Lewis, the players' attorney.

* * *

"The players came to conclusions on three major points," said Lewis afterward. "On Feb. 4 the owners proposed two three-man committees to review the salary structures in the majors and report their findings to the player representatives in their own leagues.

* * *

"The players accepted the idea in principle but they asked a joint meeting of all 16 player representatives with the six members of the two committees."

The players had asked for a raise in minimum salary from $6,000 to $7,200. The owners, in turn, named a committee to "review the present league salary structures, to ascertain if the present minimum and present unlimited maximum standards are equitable."

* * *

"On the subject of the new TV contract," Lewis said, "we received the resolution adopted by the National League which we interpret to mean that the player representatives on the pension committee (Robin Roberts of Philadelphia and Bob Feller of Cleveland) are to be informed before any contract is to be signed.

* * *

The current World Series-All Star TV contract expires after the 1956 series. It calls for approximately $1,250,000 a year. The players expect a substantial increase in the new deal. However, Commissioner Ford Frick alone has the power to negotiate the new contract.

The players voted to retain Lewis for another year at a salary estimated at $15,000 and they asked for workman's compensation coverage by all 16 clubs. At present, only about half of the clubs automatically cover their players under compensation.

Chief Thinclads at Ypsi Relays

Full Team Is Entered for Opening Feature at New Fieldhouse

Approval has been given Pontiac's state championship high school track team for entry in the 1st annual Michigan Normal Relays. The new meet is set for March 24 in Ypsilanti's fine new field house, and Chiefs will have a full team in action.

"We are delighted to get a chance in this meet" Coach Wally Schloerke said today. "They will have all the individual events as well as a half dozen relays, and every winner will be a record holder. We're going after as many as we can get."

Active conditioning started Monday on the running track in the girls' gymnasium. More than 50 boys turned out for the drills. More are expected after close of basketball and swimming seasons.

There's one event in which Schloerke figures Pontiac will be weak. Both Frank Whitlock and Ted Munger, better than 11-foot pole vaulters, are in military service, leaving the team without an experienced vaulter.

First time trials may be held Friday to determine the makeup of the relay squads, some of which Chiefs have never run.

Illini Choose Schmidt

CHAMPAIGN, Ill. (AP) — Harv Schmidt was chosen captain of the 1956-57 Illinois basketball team last night and Bruce Brothers was named most valuable player of the past season.

The National Collegiate tennis championships will be held at Kalamazoo College in Kalamazoo, Mich., June 25-30.

From The PRESS BOX

All-Oakland 5 Chosen From 89 Nominees

By BRUNO L. KEARNS
Sports Editor, Pontiac Press

Of nearly 400 varsity basketball players in Oakland County, The Press today is presenting a carefully chosen All-Star team comprising the best in all classes.

This is the "cream of the crop," picked under the close scrutiny of a 7-man selection panel which included five coaches from a cross-section of the county.

A total of 89 players were nominated by 28 coaches from 34 Oakland County high schools. From here, the selection panel checked and weighed the abilities of every nominee and the result is shown in the All-Oakland County team.

* * *

Leading vote getters were Pontiac's outstanding floor man and scorer Willie DeWalt, and Milford's sensational scorer and rebounder Jim Davidson.

DeWalt, a unanimous choice on the powerful Saginaw Valley Conference team, was termed by Royal Oak coach Ed Campbell, as the "best player we've played against this year."

The 5-11 senior led the SVC in scoring and was hailed by league coaches as the best floor man in the circuit.

Known especially for his torrid scoring pace, Davidson took county honors with a 29 point average. A big factor in his selection beside points however was the 189 rebounds he pulled down.

* * *

Southfield's Ken Moser, only 5-7, was a near-unanimous choice for first team honors. The Jay star, who was in rival coaches' hair more than their combs, carried a 15.1 average this season but was respected for his floor play.

Big Bruce Gentile, 6-4 Berkley center, who averaged as many rebounds a game as he did points, took his place on the first team by polling a heavy majority of the coaches' votes.

Gentile pulled 239 rebounds off the boards and scored 237 points in leading the Bears to the Inter-Lakes title.

Balloting became closer for positions five through 10 and the panel decided to see the candidates before making a decision.

Royal Oak's Dave Richey, consistent 10 point per game scorer, was termed as one of the best playmakers and defensive players in the county. "He could make any team I've seen this year," said Pontiac coach Art Van Ryzen.

The battle for spots on the next two teams was heavy. Oakland B coaches substantiated the panel's selection of Avondale's Jerry Paul on the second team, by naming him on the Press ballot as the only unanimous choice in the league.

Madison's Jim Simer, runnerup to Davidson as the county's top scorer, and Pontiac's Hudson Ray, 6-4 boardman, took respective second team positions. With Larry Hughes, 6-4, of Walled Lake and Dan Potter, 6-4 of Hazel Park, the second team had more height than the first unit.

* * *

Two players from class "C" schools, Frank Rogers of West Bloomfield and John Keller of St. Mikes took third team berths, along with Dave Peters of Rochester, Darrell Ridling of Clarenceville and Chuck Gillis of Waterford.

Coaches in the county decided the close race in the "County Coach-of-the-Year" balloting by naming Berkley's Fred Holdsworth to the honor.

Holdsworth in his first year at the helm guided the Bears to the Inter-Lakes title, Berkley lost its first three games but then in a terrific surge took 10 straight and 11 of the next 12 with only one player on the entire squad averaging better than 8 points.

Bob Mineweaser of St. Michaels, who last year won the Suburban Catholic League title, and came back this season with only one veteran to tie for the crown took his place on the county coaching staff.

* * *

The third member of the staff is Dick Bye who was hailed by coaches for an outstanding job at Avondale. This was his first season with the Jackets who won only 3 of 14 games last year.

This year Avondale finished in a tie for 2nd in its league, holding wins over Fitzgerald and Madison, two leading quints in the league.

This trio of coaches was among seven who were nominated.

Selection for class A, B and C teams followed the all-county pattern.

All-league selections came from their respective coaches, except in the Wayne-Oakland which was based on the writers' poll.

Members of the all-county teams have been presented with Pontiac Press awards in confirmation with the rules the MHSAA as to the maximum cost for such awards.

It's Hot Stove League Time and—

YOU'RE THE MANAGER

(Twenty-fourth of a Series)

The Phillies' Robin Roberts is one of Major League baseball's best and most durable pitchers.

He rarely walks a batter and even less frequently is he removed from a game. Robin's control is so good, in fact, that he

ROBIN ROBERTS

gives up lots of home runs. He led the majors in gopher balls last season with 41, setting a record.

Here's a case where Manager Mayo Smith made the right move while Roberts was on the mound and helped the Phils win a game against the New York Giants.

Would you have done the same thing?

(R) stands for a righthanded batter or pitcher and (L) for a lefthanded batter or pitcher.

The Phillies and Giants are tied 2-2 in the last of the ninth at New York with Roberts (R) pitching. Willie Mays opens the inning with a base on balls. Don Mueller sacrifices Mays to second. Dusty Rhodes (L) is sent in to bat for Monte Irvin (R). Hank Thompson (L) is on deck with Whitey Lockman (L) to follow.

Would you:

a. Walk Rhodes intentionally?

b. Pitch to Rhodes?

c. Relieve Roberts with a lefthander?

Result: B—Roberts pitches to Rhodes, who flied out. Robin got out of the inning without being scored on and the Phillies got two runs in the 11th to win 4-2 (April 17).

Scoring Idea Dropped

SYRACUSE, N.Y. (AP) — Julius Helfand, chairman of the State Athletic Commission has abandoned suggestions that the scoring of fights in New York State be announced to the fans after each round.

Meyer Selected Coach

NEW YORK (AP) — Appointment of Ray Meyer of DePaul as head coach of the College All-Star squad for its annual basketball tour against the Harlem Globetrotters was announced today.

The two teams will start an 18 city coast-to-coast tour April 1 in New York.

NBC Awarded Grid Telecasts

NEW YORK (AP) — National Television rights for college football next season have been awarded to the National Broadcasting Company by the NCAA television committee.

The 1956 program provides for nation-wide telecasts on eight dates, seven of them Saturdays and the other Thanksgiving Day.

Regional telecasting will prevail on five other Saturdays. These will be handled by the individual colleges and conferences.

The schedule of games to be carried nationally will be announced shortly.

Banks Hits Jackpot

MESA, Ariz. (INS) — Ernie Banks, who last year hit five grand slam home runs for a Major League record, stepped up to bat in the 5th inning of an intrasquad Chicago Cub contest and hit a four run homer in his first game of the year.

Romeo, Rochester Win Easily

By BILL CORNWELL

Romeo and Rochester survived 1st round tests with ease Wednesday night as the Class B-C district tournament got under way at the Pontiac High School gymnasium.

* * *

The Bulldogs from Romeo ground out a 69-51 victory over Oxford and Rochester outclassed Lake Orion, 66-45, to advance into Friday night's 'B' semi-finals.

Avondale and Clarkston, recipients of 1st round byes, enter the Class B picture Friday. Romeo tackles Avondale in the opener at 7 o'clock and Rochester meets Clarkston at 8:15 p.m.

Oxford gave the Bulldogs a worthy challenge for two quarters, but couldn't sustain the pace in the 2nd half. Romeo led by only three points at halftime, 25-22, but steadily pulled away after the rest period.

The game was raggedly played and 42 personal fouls were assessed, 24 against Romeo. Dave Thomas and Bob Brannan departed via the foul route for the Wildcats and Romeo's Jim Hough took the same exit.

Four Bulldog starters scored in double figures, with forward Howard Craig leading the pack on 20 points. Guard Dave Sweeney was outstanding in defeat for the Wildcats and also tallied 20 points.

There was never any doubt about the outcome of last night's nightcap. Gene Konley's Falcons raced into a commanding 40-16 edge at intermission and toyed with their victim the rest of the way.

Rochester penetrated the Lake Orion defense at will while the latter was having difficulty caging a field goal. The Dragons could muster just eight points in each of the 1st three periods before breaking loose with 21 in the last stanza when Konley flooded the court with substitutes.

Dave Peters, a smooth-working forward, sparked the Falcons with 19 points and Jim Van Nocker was not far behind on 17. Bill Dean added a dozen. Ralph MacLachlan with 10 points was the only Dragon to dent the two-figured column.

The tourney's Class C schools swing into action tonight at PHS. St. Michael and St. Frederick, Pontiac's parochial representatives, are among the entries and both face rugged tasks.

* * *

Bob Mineweaser's Shamrocks clash with a rangy Mt. Clemens St. Mary team, which posted a 10-6 record for the season. The Mountaineers boast half a dozen players six feet or better in height and offer a top-notch marksman in forward Fred Schwark.

The southside Rams, coached by Gene Wright, run into a capable Almont quintet from the Southern Thumb League. The Raiders compiled a 10-6 season mark and in captain Larry Kersten have one of the area's leading scorers.

St. Mike's battle with MC St. Mary opens tonight's program at 7 o'clock. The St. Fred-Almont encounter is scheduled at 8:15.

UM, Mich. Tech in 4-Game Field for U. S. Puck Title

COLORADO SPRINGS, Colo. (AP) — Boston College and St. Lawrence University of the East and Michigan and Michigan Tech of the West appeared today to be the four-team field that will vie for the national collegiate hockey title here March 15-17.

Selection of Boston and St. Lawrence as the eastern representatives was announced yesterday by Walter (Duke) Nelson, president of the American College Hockey Coaches Assn. and chairman of the eastern selection committee.

BC compiled a 14-5 record over the season, 13-5 in NCAA competition. St. Lawrence had a 13-1 league record and 17-4 overall.

* * *

Defending NCAA champion Michigan and Michigan Tech are tied for 1st in the Western Intercollegiate Hockey League with 17 points apiece. The winner will be determined in a two-game series this weekend. They'll have the added advantage of playing at home.

Michigan chalked up a record of 13 victories, two defeats and a tie in NCAA competition and 16-2-1 over the season. Michigan Tech had 14-4 in the league and 20-4 over-all.

Dryden, Lapeer Get Semi-Final Berths

Grand Blanc's Class B-D district tourney opened Wednesday with Dryden(D) wiping out a 22-21 edge for Linden at halftime, and going on to post a 9-point lead starting the 4th period, then holding it to win 46-38. Dryden meets Goodrich Friday at 7:30 p.m.

Grand Blanc and Lapeer battled to a 66-46 decision for Lapeer. The winner plays Holly at 9 p.m. on Friday. Tonight's Class B tilt in this tourney brings Davison and Durand together on byes.

Bert Jackson's Lapeer crew led all the way, but Grand Blanc pulled up to within five points at end of the 3rd period. Then Tom Wilson got the range and dumped in 12 points to lead a 22-point final period assault. Wilson had game high of 26 points, Roger Flanigan hit for 18.

Broken Wrist Fails to Stop Prep Cager

PLAINWELL, Mich. (AP) — Atis Gringsberg, high scorer with 19 points in Schoolcraft High School's 65-59 basketball victory over Bloomingdale, played last night's game with a slight handicap —a broken wrist.

Warriors Take NBA Title

By THE ASSOCIATED PRESS

The Philadelphia Warriors have completed their zooming surge from the bottom of the Eastern Division of the National Basketball Assn., locking up their first title since the 1950-51 season.

They did it with authority last night, belting the New York Knickerbockers 108-87 on a doubleheader card at Boston that also saw the Celtics sew up second place in the division with a 111-98 decision over Syracuse.

* * *

The defeats left the Knicks and Nationals still in a virtual dead lock for the third and final playoff spot in the Eastern with Syracuse holding a half-game edge.

More Police Forces use FORDS because

it takes a FORD to catch a FORD

70% of all state police cars are Fords. For police cars must have the "scat" to get going fast—to pass other cars lightning quick. And a mighty Ford V-8 engine can pay off in your Ford, just as it does in a police car. You can have the terrific 225-h.p. Thunderbird Special V-8 engine in all Fairlane and Station Wagon models . . . or get the 202-h.p. Thunderbird V-8 as the standard eight. What's more, you can have the 202-h.p. V-8 in any of the Customline or Mainline models at reasonable extra cost.

THIS '56 FORD V-8 "MAINLINER SPECIAL"
with all this equipment for only $56* per month

Price includes • standard Ford V-8 engine—the best-selling eight in the world • Two-tone paint • White sidewall tires • MagicAire Heater • Turn signals • Windshield washers • Full-flow oil filter • Oil bath air cleaner • Financing • Insurance • State and Federal taxes • License and title • If your old car is of average value it should cover the down payment.

*Prices may vary slightly according to individual dealer's pricing policy.

Standings Unchanged

ROCHESTER, N. Y. (AP) — The standings in the American Bowling Congress tournament remained unchanged today following a day and night of action by booster division bowlers.

Artist 2-1 Favorite

LOS ANGELES (AP) — Brooklyn's Benny Artist is a 2-1 favorite over Ray Greco of Los Angeles in a 10-round welterweight scrap tonight at Olympic Auditorium.

Complete Title Circle

Royals, Grill Win Crowns

The Lakeside Royals and Griff's Grill annexed class B and C crowns Wednesday night in the finals of the city league basketball playoffs.

Victory for the Grill cagers completed a tournament comeback which saw them lose their opening game, then win three straight to claim the Class C title. Griff's also won the adult National Loop race in the regular season.

For the Royals in Class B, it was a reward delayed one evening by a stubborn Stadium Inn team which triumphed Tuesday to force a 2nd contest. Thus the Lakesiders and Griff's join Shaw's Jewelers and Oliver Buick to complete the championship circle.

The Royals shipped Stadium Inn, 65-50, at Jefferson Junior High's gym. Earl Williams scored 19 points to spark a balanced Lakeside attack. Stadium's Maurice Stack grabbed scoring honors with 24 points.

* * *

Griff's racked up a 60-50 decision over the Trojans at Lincoln. Three Grillmen hit double figures with Marv Holler tops on 15 points. Mel Karrigan led the Trojans with 19.

Lakeside now enters the Inter-City Recreation tournament, which opens tonight at Hackett Fieldhouse in Highland Park. Griff's will have to be content with the city title, since there is no outside competition in the 'C' ranks.

Shaw's Jewelers, who won the Calss A diadem Tuesday, tangle with Corey's Food Market from Lansing in a one-game district playoff next Monday night at PHS. The winner goes to the state tourney in Battle Creek on March 16-17.

Oliver Buick, city 'D' champion, meets a Hamtramck outfit tonight in the 1st round of the Inter-City tourney at Highland Park.

Avila, Greenberg Agree on Terms

TUCSON, Ariz. (AP)—Bobby Avila, the holdout artist from Vera Cruz, Mexico, finally came to terms with the Cleveland Indians and will report for spring training "immediately."

* * *

"Immediately," in Avila's language, may take the rest of the week.

* * *

He and General Manager Hank Greenberg agreed last night to his monetary return, about $25,000.

It was the third straight year, Bobby has campaigned for more dough with success. Last season he didn't report to camp until March 21. Then he had a contract calling for $28,000.

Grace DeMoss Loses 1st Test in East Coast

ST. AUGUSTINE, Fla. (AP)—The Florida East Coast Women's Golf Tournament Cup was saved from retirement yesterday when Grace DeMoss of Corvallis, Ore., was upset in opening-round play.

* * *

The only time the tournament trophy has been retired was in the early 1930s when Virginia Van Wie won three straight. Miss DeMoss has won twice and was favored again this year until Mrs. Maurice Glick, veteran of the winter amateur golf tour from Baltimore, scored an upset in 19 holes yesterday.

Toski in Favorite's Spot at Pensacola

PENSACOLA, Fla. (AP) — Little Bob Toski was in the favorite's role as play began today on the $12,500 Pensacola Open Golf Tournament.

* * *

Toski, from Holyoke, Mass., won the gallery acclaim with a five-under-par 67 practice round yesterday. He had toured the well-trapped Pensacola Country Club course in 68 the preceding day.

* * *

Others rated as top contenders were Doug Ford, 1955 PGA champion; Arnold Palmer, 1954 National Amateur titleholder; and Ed Furgol, 1954 U.S. Open champion.

The field of 153, including 122 touring pros and 31 amateurs, will be trimmed to 60 pros and 10 amateurs and ties after 18-hole rounds today and tomorrow. The survivors will vie in similar 18-hole rounds Saturday and Sunday.

Easterners Win Third Straight 4-Ball Meet

PINEHURST, N.C. (INS) — A pair of Easterners won their third straight Senior four-ball golf championship yesterday at the Pinehurst Country Club.

* * *

Thomas C. Robbins of Larchmont, N.Y., and J. Wood Platt of Philadelphia defeated Egon Quittner of Rydal, Pa., and John W. Roberts of Columbus, O., two and one.

Cagey Clem Sez...

Ah've had enough of this here basketball predictin' for this season, so ah'm headin' south to watch the grapefruiters get in shape for the baseball merry-go-round.

★ ★ ★ ★

But while ah'm packin' away the crystal ball until next year, ah thought maybe you'd like to know the final readin' on the scoreboard. Well, ah didn't do too bad, considerin' the way the ball bounces.

Last Friday ah called 12 of 'em right, but four others double-crossed me. Northville didn't stay in line and ah sure missed the boat on that Cranbrook game, but such is the fate of crystal-gazers. Anyway, ah wound up the season with 137 winners and only 45 misses. That's OK.

Ole Cagey's not gonna take any shots at the tournaments. They're too crazy-like and it might spoil mah record. So long until next season. Florida—here ah come.

Early Upsets in Area Meets

Probably the biggest surprise of the area MHSAA tournaments, Wednesday night, was the quick ouster for a well-regarded Fitzgerald five. The Spartans, recently named Oakland B conference champions, went out in the 1st round of the Van Dyke Class B event, bowing to Royal Oak's Madison High, 43-39.

Madison's attack was hinged on the play of big Jim Simer, who collected 20 points to lead the scoring. Madison now tangles with Detroit Lutheran Friday at 7:30 p. m., while Royal Oak Shrine, winner over Lincoln Van Dyke in the other bracket, 45-41, meets Center Line.

Tom Roper's 12 points paced Shrine scoring.

In Farmington's Class C opener, Bloomfield Hills came from behind to edge Oak Park, 39-36, and take a place opposite Orchard Lake St. Mary's in a Friday encounter. West Bloomfield (Keego Harbor) meets South Lyon in a 7:30 p. m. game today in this division.

Bloomfield trailed the Parkers 19-13 at halftime, but outscored them in the finale, 16-6, to effect the win.

LARRY JEROME Ford
FOR MORE THAN 30 YEARS—A GOOD PLACE TO BUY

Patty Berg Aims for 7th Titleholder Championship

AUGUSTA, Ga. (AP) — Flame-haired Patty Berg of St. Andrews, Ill., went after her seventh Titleholders championship today against a field including the top money winners of the Ladies' Professional Golfers Assn. tour and a host of other outstanding entries.

Miss Berg, fourth among the 1956 LPGA money winners with $2,781.83, set two tournament records in winning the Augusta Country Club course event last year. Men's par is 72 and women's par is 75.

Her 72-hole total of 291 and her 68 for one round of the four-day event could be bettered by any number of players participating in this year's $5,000 medal play tournament.

Louise Suggs of Sea Island, Ga., who leads the winter circuit money winners with $3,021, always plays the 6,270-yard titleholders course well. The slim Georgian won this event in 1946 and again in 1954. She could dethrone the chunky defending champion.

Also considered top contenders are Betsy Rawls of Spartanburg, S.C., and Fay Crocker of Montevideo, Uruguay. Both are ahead of Miss Berg in money winnings this season. Miss Rawls has won two LPGA tournaments and Miss Crocker has one victory this winter.

A couple of 21-year-old sophomore amateurs who have been having great success this winter also could walk off with the crown. Mickey Wright, San Diego, Calif., blaster, won her first LPGA title by rallying to defeat Joyce Ziske of Waterford, Wis., in the Jacksonville (Fla.) Open which ended Monday. The victory left Miss Wright in fifth place among current money winners. Miss Ziske is in seventh place.

McDermott the Choice

ST. PETERSBURG, Fla. (INS) — Manager Casey Stengel of the New York Yankees has picked Mickey McDermott to face the St. Louis Cardinals Saturday in the opening game for the Yanks of the citrus circuit.

Sullivan Gains Split Decision

England Boxer Scores Win by Single Point Over LaBua

SYRACUSE, N.Y. (AP) — John L. Sullivan of England won a split decision over Jackie LaBua of East Meadow, N.Y. last night in their nationally televised 10-round fight.

Sullivan weighed 160½, LaBua 159.

The fight was decided by a single point. The announcer originally announced judge Dick Albino's card as a draw, 4-4-2 with two points for each boxer. Julius Helfand, State Athletic Commission chairman, called the announcer to ringside and he came back and announced the points as 5 for Sullivan, 4 for LaBua.

Judge Ted Sheils called it LaBua, 5-3-2, while referee Joe Palmer gave it to Sullivan, 5-4-1. The Associated Press card read 8-2 for Sullivan.

Sullivan, whose record now stands at 65-16-3, had been promised an April 6 shot at Buffalo's Joey Giambra if he beat LaBua, but "as far as I'm concerned, I'll fight anybody."

Typical Tale of Hollywood: They Beard the Handsome

NEW YORK (INS) — Howard Keel has a problem—every time he makes a movie they slap a beard on his handsome face.

"I can hardly remember the last time I was cleanfaced," he said. "Oh, I know, in the first half of 'Kiss Me Kate.' But I ran true to form once the picture got well underway—I had a goatee."

* * *

Keel recently took a beardless vacation from motion pictures by appearing at a New York night club. (The Copacabana).

He explains his desire to do some night club work this way:

"When you're in pictures all the time and you like a live audience, as I do, you get bored. You want to go out and see what you can do—it gives you a real shot in the arm."

"I'd do a Broadway show if I could find the time," said the singing star who has appeared in such main stem productions as "Carousel" and "Oklahoma!"

Keel started out in life as an aviation mechanic and wound up as an aircraft firm representative after eight years.

LUCKY BREAK

"I never thought of winding up on the stage or in the movies," he said, "I wanted to be a concert singer. But I had a lucky break, sang for Oscar Hammerstein out on the coast and he signed me to a contract."

But it hasn't been all peaches and cream—acting can occasionally be dangerous work.

"I darn near lost a leg during one film. We were using some horses in one scene, and for a special effect they had wires attached to them. One of those wires accidentally wrapped around my leg.

"Then the horses got frightened and started to back off stage. The wire began to cut through my leg, and it's a lucky thing someone stopped those animals when they did.

"Another time I really did break my leg—a horse rolled on me."

Another chore Keel took on which had a lot of people marveling at his ability to concentrate was during the time he was starred in "Oklahoma!". John Raitt of "Carousel" fell sick with yellow jaundice and Keel found himself singing "Carousel" matinees and "Oklahoma!" in the evenings.

* * *

"I didn't get the parts confused," he says, "but sometimes my western accent would creep into 'Carousel'."

Corn is a three-way crop. It produces high quality feed, can be sold for cash income, and is an important weed control crop.

Grain Market Watches Senate

CHICAGO (AP) — In a quiet market which was obviously waiting for Senate action on the new farm bill grain prices climbed slowly on the Board of Trade today.

* * *

Old crop wheat futures were in best demand, gaining about a cent. Thus they erased losses of the previous session. New crop soybeans were easier but the old crop months recovered from early losses. Feed grain and rye registered small gains.

* * *

Wheat near the end of the first hour was ¼ to 1⅛ higher, March $2.19⅝; corn unchanged to ½ higher, March $1.30⅝; oats ⅛ to ⅝ higher, March 61⅛; rye ½ to 1 cent higher, March $1.32; soybeans ½ lower to ⅝ higher, March $2.50, and lard unchanged to 3 cents a hundred pounds higher, May $12.42.

Grain Prices

CHICAGO GRAIN

CHICAGO, March 8 (AP) — Opening grain:

DETROIT EGGS

DETROIT, March 7 (AP)—Eggs, f.o.b. Detroit, cases included, federal-state graded:

Whites—Grade A, jumbo 60-51, weighted average 50; large 44-46, wtd avg 44½; medium 42-43, wtd avg 42½. Grade B, large 41.

Browns—Grade A, jumbo 48-46, wtd avg 48; large 43-45, wtd avg 44; medium 41-42, wtd avg 42. Grade B, large 40-43½, wtd avg 42½. Grade C, large 36.

Checks 36.

Commercially graded:

Whites—Grade A, large 41-43; medium 39-40½. Grade B, large 40.

Browns—Grade A, large 40-42½; medium 39-39½. Grade B, large 39.

Market firm. Supplies clearing readily. Retail trade appears slow but wholesale trade has been very active with many dealers attempting to build up inventories. In many instances trucks are being delayed en route due to weight limits imposed by frost laws that are in effect now.

CHICAGO BUTTER & EGGS

CHICAGO, March 8 (AP) — Butter steady; receipts 1,326,00; wholesale buying prices unchanged; 93 score AA 57; 92 A 57; 90 B 55.5; 89 C 54.75; cars 90 B 56; 89 C 55.5.

Eggs firm; receipts 12,000; wholesale buying prices unchanged to 1½ higher; U. S. large whites 60-69.9 per cent A's 42.5; mixed 41.5; mediums 40.5; standards 39.5; dirties 37; checks 36.5. current receipts 37.5.

CHICAGO POTATOES

CHICAGO, March 7 (AP)—Potatoes; Arrivals old stock 79; on track 203; total U.S. shipments 961; supplies moderate, demand moderate and market firm. Carlot track sales, old stock: Idaho russets 4.10-4.35, bakers 4.75-5.00, utilities 3.10-3.20; Minnesota-North Dakota Pontiacs washed and waxed 3.85-4.10. New stock arrivals 8; on track 34; supplies moderate, demand moderate and market steady. New stock carlot track sales: Florida round reds 2.40-2.75 in 50 lb sacks.

Poultry

DETROIT POULTRY

DETROIT, March 7 (AP)—Prices paid per pound f.o.b. Detroit for No 1 quality live poultry up to 10 a.m.

Heavy hens 30-33; light hens 20; heavy broilers or fryers (3-4 lbs); gray crosses 24-25. Barred Rocks 26-27. Capons (4½-6 lbs) 27-31. Old roosters 12. Geese 30. Heavy ducks 25.

Market fully steady on hens. Receipts barely ample with fancy quality colored hens short of full needs. Fryers steady with receipts limited to a slow trade. Capons steady with supplies liberal, quality irregular. Demand good on the better quality offerings. Overall trade is very competitive.

CHICAGO POULTRY

CHICAGO, March 7 (AP)—Live poultry fully steady on hens, steady on balance; receipts in coops 452 (yesterday 619 coops, 98,000 lbs); heavy hens 23-27, light hens 18-19.5; broilers or fryers 23-24; old roosters 14.4-15.5; capons under 4½ lbs 34-35, over 4½ lbs 28-30.

Livestock

DETROIT LIVESTOCK

DETROIT, March 8 (AP)—Hogs salable 125. No early sales, undertone weak.

Cattle, salable 125. Receipts mostly cows; very active 25-50c higher; other classes nominally steady. Compared last Thursday trading more active; good clearance; slaughter steers unevenly steady to as much as 50c higher strength mostly on under 1100 lbs; heifers scarce; steady cows mostly 1.00 higher; bulls strong to 50c higher; stockers and feeders about steady; bulk good and choice fed steers 18.00-20.00; few lots choice and prime 20.25-20.50 nine head prime 1083 lbs 21.00; high choice 1212 lbs 19.75 and 1122 lbs 19.25; numerous lots choice 1100-1250 lb steers 18.75-19.50; commercial and low good steers 16.00-17.00; heifers average choice and better absent; utility and commercial steers 12.00-15.00; part load lots good and low choice heifers 16.00-17.00; utility and commercial heifers and mixed steer and heifer yearlings 11.50-15.00; bulk utility cows 10.50-12.50; canners and cutters unevenly 9.50-11.75; bulk utility and commercial bulls 12.50-15.50; about three loads good and low choice 510-790 lb stockers and feeders 17.00-18.50.

Calves salable 25. Today's market steady. Compared last Thursday trading very spotty for vealers; demand uncertain; prices strong to mostly 1.00 higher; small receipts only stimulating factor; bulk good and choice vealers 21.00-29.00; few prime individuals late Tuesday up to 32.00; bulk utility and commercial 15.00-21.00 according to weight and condition; cull and low utility 10.00-15.00; some under 75 lb immature culls down to 7.00 or biewo.

Sheep salable none. Today's market nominally steady. Compared last Thursday slaughter lambs unevenly 50c to instances 1.00 lower; sheep scarce, steady; about 200 choice and prime 87-106 lb wooled lambs 21.75-22.00, practical top 21.75; bulk good and choice wooled lambs under 105 lbs 20.00-21.50; utility and good wooled lambs 18.50-19.25; bulk choice and prime shorn lambs No 1 pelts 20.00-20.50; good and choice shorn lambs No 1 and 2 pelts 18.75-19.50; cull to choice wooled slaughter sheep 5.00-10.00.

Meeting at Ortonville

ORTONVILLE—Crafty Girls Extension Club will meet at 7:30 tonight at the Veterans Hall. Mrs. Kenneth Faust and Mrs. Nelson Wolfe will direct the group in basket weaving.

Stocks Mixed After Going Up

NEW YORK (AP)—The stock market was mixed in the early afternoon today after a moderately higher opening.

* * *

Gains ranged up to 4 points and losses were held to around 2 points.

Trading was proceeding at around the same pace as yesterday when a total of 2,380,000 shares changed hands.

* * *

Much of the activity was centered in special situations, with chemicals, building materials, heavy electric equipment and some metal issues strong.

Steels and rails were mixed to about steady, and utilities were slightly improved. Aircrafts were irregular.

* * *

One of the features of the morning was the movement of three big blocks of Clinton Foods at 45¼, up ⅛. There were two blocks of 7,500 shares and one of 7,600, bringing the transaction to a total of 22,600 shares. The company recently called a special stockholders meeting for April 3 to vote on a plan for liquidation.

Lake Orion Resident Named to Apex Post

Former Lake Orion resident A.D. Curran has been promoted to national advertising and sales promotion manager of Apex Home Appliances, officials of the Apex Electrical Manufacturing Co. announced yesterday.

CURRAN

In his new position, Curran will have headquarters in Cleveland, Ohio, where he will direct the field sales staff in developing sales, advertising and promotion programs for the Apex appliance line.

Curran joined Apex in 1953 as sales manager of the Detroit district. He later became Detroit divisional manager and was director of sales activities in three states before his recent promotion.

Royal Oak Firm Unveils New Digger at Meeting

A new power digger for use on Fordson-Major tractors was introduced in Royal Oak this week by Sherman Products Inc. during a week-long national sales conference of factory personnel and dealers.

The heavy-duty unit provides extra, balanced power for digging through soil and loading operations. Production is expected to reach capacity this week.

Sees No Surge in Auto Output

Paper Says Production to Stay at Same Levels Through Midyear

DETROIT (AP) — Ward's Automotive Reports says in its current issue:

"Unless auto sales soar wildly, the general plateau of factory output through midyear is not expected to much exceed February-March levels. (Volume for the two months is figured at approximately 1,165,000 units).

"Up and down changes in assemblies undoubtedly will occur as various producers adjust to their own inventory picture.

"But in general the industry is expected to meet the demands of spring and summer buying more from existing inventories than from any widespread production increase.

"February attempts at inventory control can at best be described as successful. At Chrysler Corp., in particular, estimated dealer sales exceeded output by as much as 15 per cent.

"Thus while the auto industry suffered a perhaps moderate inventory buildup in February in terms of a unit count, stocks on the all-important days' supply basis are expected to dip under the record 43 days' count of Jan. 31. The downward trend should gain momentum during March."

Voters League to Review State Constitution

LAPEER — A study of the constitution of the state of Michigan will be presented at the March meeting of Lapeer League of Women Voters, set for 8 p.m. Wednesday at Irwin Elementary School.

Since citizens of Michigan will be called upon to vote in 1958 as to whether they wish to revise their state constitution, it is advisable for them to study their constitution in order to vote intelligently, League officers pointed out.

Committee presenting this study of the state constitution is composed of Mrs. Guy Moore, chairman; Mrs. James Mawer, Mrs. Erwin Haskill, Margaret Caffall, Mrs. Tom Zemmer, Mrs. W. D. Van Dusen and Mrs. E. T. White.

Chevrolet Sales Reach High Point in February

DETROIT (AP)—Chevrolet Division of General Motors reports its retail deliveries in January and February totaled 309,338 cars and trucks as against 267,642 in the first two months of 1955.

* * *

The company said the total included February sales of 129,635 cars and 24,951 trucks, biggest February volume in Chevrolet history.

Previously, unofficial figures gave Chevrolet 152,436 car and 35,053 truck assemblies for February.

Hollywood Headlines:

Audrey Back in Filmland — but Not for Very Long

HOLLYWOOD (AP)—Oscar winner Audrey Hepburn is back in Hollywood — but not for long.

* * *

Though she is one of the movies' most brilliant new stars, Miss Hepburn has made only one picture here. Now she's making another — and singing and dancing in it.

WITH ASTAIRE

The picture is called "Funny Face," and she costars with Fred Astaire. When I visited the set, she was waiting to make some tests. She plays a fashion model in the picture and looked the part. Her outfit was a white satin sheath, so narrow she could hardly walk, with an immense bolt of pink satin enveloping her topside. A teardrop rhinestone at her hairline gave her an East Indian look.

* * *

"No, I don't dance in this outfit," she laughed. "But I do a lot of dancing. I've been in training for it, and it's quite difficult getting back into shape. I haven't danced professionally for four years, and I haven't even had the time to keep up my lessons. I did some when I was here for 'Sabrina' and more recently during 'War and Peace.'"

Those familiar with the Hepburn saga will remember that she started her professional career as a dancer. Her first show, she recalled, was "High Button Shoes" in London. Her last musical was a revue called "Sauce Piquante," though she did some dancing in a British film she would like to forget.

* * *

She'll also sing in "Funny Face" —"though you can scarcely call it that." She has some numbers here, then she and Astaire will do one in the streets of Paris in May. She'll remain in Europe after that.

OVER THERE

"I have to do 'Ariane' with Billy Wilder over there," she reported. "Then I expect to do 'L'Aiglon' with Willy Wyler; he's working on the script now."

* * *

But she's not anti-Hollywood.

"I love it here," she said. "They just keep making pictures in Europe, that's all. And I don't mind; Europe is my home, you know. Perhaps someday I would like to settle here. But right now I find it exciting to travel."

She and husband Mel Ferrer have rented Anatole Litvak's home on the beach at Malibu. She reported both are recuperating from their journeys from Europe.

Hubby Too Considerate

DENVER (AP) — Joseph Wisdom Clark, 19, is considerate of his wife. He told Dist. Judge. H. Joe Rawlinson at a probation hearing that he took a television set from the home of Joseph D. Pepper so that his pregnant wife, Gwendolyn 17, could while away the hours awaiting their child. Clark said the set didn't work, so he pawned it. The judge granted probation.

The peanut plant flowers above ground, but the flower stalk forces its way underground where the seed, or edible "nut", is formed.

Red Army Seems to Outrank the Navy

NEW YORK (AP) — The Soviet army evidently has demoted the Red navy.

* * *

Full details aren't yet available, but here are the facts to date:

The long-time Soviet navy head, Adm. Nikolai G. Kuznetsov, has been fired.

* * *

Four leading Soviet admirals including Kuznetsov were dropped from membership in the Central Committee of the Communist party.

* * *

The new top Soviet naval officer Adm. S. G. Gorshkov, and his air force counterpart, Chief Marshal of Aviation Pavel Zhigarev, are now officially outranked by eight army marshals. A year ago Kuznetsov and Zhigarev were outranked by only four army marshals.

* * *

The Soviet Defense Ministry, which supervises the navy, army and air force, is run by Army Marshal Georgei Zhukov. All his chief lieutenants are career army officers. They control military planning and policy under the direction of the Communist party leadership.

'Climax' Stages Autobiography

Teresa Wright Plays Film Columnist in Cast Packed With Stars

By EMILY BELSER

HOLLYWOOD (INS)—During the summer of 1944, Louella Parsons sat down and wrote her autobiography—the amazing saga of a $35-a-week script reader who founded a journalistic dynasty and won worldwide fame as the uncrowned queen of Hollywood.

* * *

Now, for the first time, that story will be unfolded on nationwide television in "The Louella Parsons Story," a CBS "Climax" production tonight.

The story will unmask an individual who has been termed "the most fascinating and controversial figure" in Hollywood —who she is, where she came from, how many telephones she uses and how she gets all those scoops.

Louella has gleefully and accurately chronicled the fabulous film industry at its best—and sadly—at its worst.

* * *

She has told the world of the innermost secrets of glamor girls from Theda Bara to Marilyn Monroe and written reluctantly, but graphically, of the heartbreaks of Hollywood—the divorces, the suicides and the romantic high jinks from the early Charles Chaplin to the latter day Errol Flynn.

FITST COLUMNIST

When Louella first hit movietown in 1925 Hollywood was a smogless paradise, business was booming, Valentino was the reigning screen lover and there were no syndicated columnists west of the Mississippi. Louella was the first.

* * *

How she got started on her long and celebrated career is a great story in itself, but for Louella it was a case of sheer necessity as much as anything else.

"I had to work," she said simply. "I had a child to support."

It was when she was writing editorials for the New York Morning Telegraph that the young Miss Parsons caught the eye of William Randolph Hearst and he offered her a job.

That day in 1923 marked the turning point in the life of the girl from Dixon, Ill., who had dreamed of becoming a writer since the age of 10.

Louella has a simple explanation for her many scoops: "I was born with a nose for news and a rabbit's foot."

The fact that she is sometimes called the "most feared woman in Hollywood," is still a puzzle to Louella.

DOESN'T EAT 'EM

"There seems to be a legend built up that I eat little actors alive. But I can assure everyone that I don't. Nobody's afraid of me."

* * *

Along with Louella's professional success has come some personal tragedy including the death of her beloved husband, Dr. Harry Martin, in 1951.

Many episodes in her career will be televised tonight, when the largest star cast in the history of dramatic TV is assembled for the 60-minute program.
