WITH EXPERT INSTRUCTION—Peggy Sue Pozotski, 4, (left) and sister Vicki Anne, 8, of New Castle, Ind., are all eyes as they wait to see how well their pet robin has learned his lessons. The girls found the bird after it fell from a nest about two weeks ago, and are trying to get it airborne. In the picture all three appear ready for the first solo effort.

Military Pay Hike Signed Into Effect

President OKs Plan to Retain Servicemen

Skilled Personnel to Get Most of Increase After First 2 Years

WASHINGTON (AP)—President Eisenhower today signed legislation boosting military pay, with the aim of making career service more attractive.

The first year cost is figured at half a billion dollars.

The increases, effective for payrolls next month, would go to most persons on active duty in the Air Force, Navy and Marines with more than two years service.

Draftees and young officers in their initial required duty tours would get no increase, but boosts in base pay range from $599 a month for the five members of the Joint Chiefs of Staff down to $6.20 additional for some privates and apprentice seamen.

Reservists on active duty or taking periodic training would share in the increases.

Retired personnel would get a flat 6 per cent cost-of-living increase, except for retired three- and four-star generals who would get larger increases.

The increases also apply to uniformed members of the Coast Guard, the Public Health Service, and the Coast and Geodetic Survey.

★ ★ ★

The military payroll already is above 10 billion dollars annually. The estimated increase for the first year is $576,438,000, or some 64 millions above the top amount recommended by the Pentagon.

The hope is that money will be saved in the long run by re-

He flew to Gettysburg from Washington by helicopter and voted, then continued on to New York by plane from the Harrisburg airport.

Military Plane's Pilot Believed Only Survivor

Charred Bodies From Viscount Strewn Over Maryland Field

BRUNSWICK, Md. (INS)—A Capital Airlines plane with 11 persons aboard and a Maryland Air National Guard two-place jet collided and crashed in flames near Brunswick today. There was one known survivor, the jet pilot.

Apparently, at least eleven were killed.

A 12th body, believed to be that of a second man in the military plane, was found about a quarter of a mile from the main crash scene.

The National Guard pilot, Capt. Julius R. McCoy of Baltimore, parachuted to safety after suffering burns. He was rushed to the Memorial Hospital at Frederick, Md. He was the only person received at the hospital two hours after the crash.

★ ★ ★

One passenger, not immediately identified, and whose fate remained in doubt, was aboard the jet. The airliner, a four-engine Viscount, carried a crew of four and seven passengers.

The Capital plane was bound from Chicago and Pittsburgh to Baltimore.

The weather in the area was sunny and clear, and the Capital plane, when it last reported over Martinsburg, W. Va., at 10:26 a.m. (Pontiac time) reported good visibility.

★ ★ ★

The jet was a T-33 training plane of the 104th fighter-interceptor squadron based at Martin Airport near Baltimore. It took off on a one-hour training flight at 10:07 a.m. (EST). State Police said the crash occurred at 10:46 a.m.

Wreckage of the huge, silvery airliner and the jet plummeted into an open field between two farms. An hour later the crash debris was still burning.

Rescue crews were dispatched to the scene by air and ground. Ambulances and fire fighting equipment were rushed from Brunswick, four miles from the crash point, and from Frederick, 16 miles away.

★ ★ ★

The Air Force sent an air-ground rescue helicopter from Andrews Base in Washington, some 35 miles to the southeast.

T. A. Phillips, a Brunswick railroad man who witnessed the collision, said the jet "sort of tipped the wing of the airliner, burst into flame and fell."

Phillips added: "The airliner then caught fire and plummeted to the ground."

★ ★ ★

Brunswick firemen had difficulty extinguishing the flames which enveloped the airliner and the jet because no water pump was available.

Union Summons Auto Companies to Unusual Joint Meet Friday

DETROIT (AP) — Auto industry contract negotiations broke into a battle of union-company letters today amid reports that a major break may be in the offing.

With contracts due to expire in less than two weeks, the United Auto Workers Union summoned its Ford, General Motors and Chrysler councils to an unusual joint meeting in Detroit Friday.

There were reports the union might modify demands for a profit-sharing plan and other benefits that the companies say would cost over 70 cents an hour.

Normally separate conferences are called on the eve of contract deadlines.

★ ★ ★

The union meeting was called as General Motors appealed to rank-and-file workers to accept GM's proposal for a two-year extension of the present contract.

Ford Vice President John S. Bugas also wrote to management employes that even if there is no strike after contract expiration, the company could expect harassment in the form of slowdowns, work stoppages, sabotage or other interferences with normal operations.

★ ★ ★

There was no immediate union comment on the Bugas statement.

Earlier the company denied what it termed charges that the auto companies were deliberately encouraging a strike to cut down car inventories.

The GM appeal for a contract continuance came in letters from GM President Harlow H. Curtice to 330,000 hourly rated workers.

In the letter Curtice again went over the heads of United Auto Workers leaders who have rejected the GM offer to renew the 2½ per cent wage formula of the present contract.

The company estimates union demands, exclusive of profit sharing, would amount to an increase of 73 cents an hour per employe. The union denies this but has given no estimate of its wage and fringe demands.

Applause Welcomes Pflimlin in Assembly

PARIS (AP)—The National Assembly tonight voted continued emergency powers for rebellious Alberia but left Gen. Raoul Salan, the Army commander there, the job of applying them. The vote was 475 to 100. The extreme Right—Gaullists and Poujadists — and a few Conservatives were alone in voting against the bill. Pierre Pflimlin carried virtually all the Chamber with him in what amounted to a vote of confidence in his hard-pressed young government.

★ ★ ★

PARIS (AP) — Premier Pierre Pflimlin was greeted with applause today in the National Assembly as he stood up to seek a virtual vote of confidence to meet France's darkest postwar crisis.

Most of the deputies appeared to be solidly behind him.

Applause broke out from all but the right wing when he declared his government will crack down on all extremists, right or left.

The Moderate Premier delivered a blistering attack on the rebellious Gaullists in Algeria.

Moderate parties were reported banding in self-protection to turn back Gen. Charles de Gaulle's bid to take over the government with extraordinary powers.

Pflimlin asked the deputies to give his six-day-old government a renewal of the emergency powers to fight the Moslem rebellion in Algeria, where De Gaulle civilian and military backers have seized control. The Moderates can check De Gaulle by supporting Pflimlin's request.

TREND INDICATED

The Algeria special powers bill cleared the Committee of Interior by a 22-3 vote. The Moderate parties of the center supported the bill, extremist Poujadists of the far right opposed and 11 Communists abstained. Many thought this indicated a trend for the Assembly vote.

Pflimlin appeared before the Assembly shortly after his Cabinet announced that prompt security measures had paralyzed the action of extremist groups that were preparing violence.

The vote on the special powers for Algeria is the first test of strength for Pflimlin.

Hold Man for Investigation in Shooting of Semi-Invalid

By DICK SAUNDERS

Oakland County sheriff's deputies are holding a 47-year-old Dearborn Township man today for investigation of attempted murder, following the shooting of a semi-invalid last night in Highland Township.

Deputies said that Leonard Ederle, 69, of 1320 White Lake Rd., was shot in the lower chest with a .22 caliber rifle by Arthur R. Bouffard, 47, of 24177 Fordson Highway, during an argument shortly after 7 p.m.

Ederle is reported in fair condition today at Pontiac General Hospital after undergoing emergency surgery late last night. Bouffard, an unemployed construction worker, was also hospitalized in satisfactory condition.

Deputies said he collapsed an hour after the shooting. He had been drinking and had taken a quantity of medicine.

The incident occurred at Ederle's house-trailer. Bouffard's estranged wife, Margaret, 39, with whom he separated last fall, had been taking care of Ederle for about a week.

Ederle's right leg was amputated a year ago.

A punch press operator at a Redford Township firm, she had been laid off for three weeks, she told deputies. Ederle was an old friend of the family, she said, and was her employer several years ago.

"My husband blamed Ederle for our break-up last fall, but Mr. Ederle was the best friend I ever had," she said.

She told deputies that her husband broke into the house saying, "Well, you've both had your chance. I'm gonna take care of him first, then you and me."

He shot Ederle but she grabbed the gun and ran to a neighbor, Laverne Clark, 70, of the same address, before he fired again, she said.

★ ★ ★

Bouffard was quieted and turned over to deputies by a friend of Ederle's, Ralph Miller, 49, of 4925 Johnson St., Clyde, who Mrs. Bouffard had called to the scene.

Ike Votes Today in Pennsylvania, Speaks Tonight

NEW YORK (INS) — President Eisenhower flew from the White House to New York by helicopter and plane today, stopping off to vote in Pennsylvania's Republican primary on the way.

Mrs. Eisenhower did not go to Gettysburg to vote. Her secretary explained she had to attend a luncheon given today in her honor by Senate wives.

The date for the annual affair had been set about two months ago.

★ ★ ★

The President then arrived in New York for a speech tonight on efforts to end the business slump.

The speech was billed by the White House as a major address.

It will be broadcast nationwide on television and radio. Radio stations will carry the speech at 8:30 (Pontiac time) during delivery, while Detroit TV stations, using a delayed tape broadcast, will carry it at 9:30 (Pontiac time).

★ ★ ★

The President will speak at a dinner concluding a two-day economic mobilization conference sponsored by the American Management Assn. About 2,000 business leaders from all sections of the country are attending.

Chrysler to Cut Executives' Pay

Wage Slash Applies to All Making More Than $10,200 Per Year

DETROIT (INS) — Chrysler Corp's. top administrative committee announced pay cuts are scheduled for approximately 2,000 officers and executives of the corporation.

The decision was announced yesterday in letters received by all affected. The letter said the cuts will take place this summer and range up to three weeks salary.

★ ★ ★

It applies to everyone making $10,200 a year or more, and is on a sliding scale, with the greater cuts for those who earn the highest salaries.

"Further economies are required to assure the long range strength of the business and the future career opportunities for Chrysler men and women," the letter said in part.

The graduated pay cuts hit hardest at top offices such as President L. L. Colbert, with a loss of three weeks pay, to be subtracted from pay checks in three installments in July, September and November.

High of 75 Tomorrow With More Sunshine

Sunny skies and pleasant is the weatherman's prediction for Pontiac tomorrow. The high will reach around 75. Fair and cool with a low of 50 is the forecast for tonight.

Wednesday and Thursday will be warm, with Friday and Saturday cooler again.

Today's west to southwest winds at 25 miles an hour will diminish tonight.

Yesterday's high was 69 degrees.

In downtown Pontiac the lowest temperature reading preceding 8 a.m. was 54. The thermometer said 69 at 2 p.m.

Metered Parking Area Sought for City Hospital

Approval of a $200,000, 214-stall municipal parking lot for Pontiac General Hospital this fall will be sought by City Manager Walter K. Willman tonight.

Willman will ask City Commission authority to proceed with plans for financing, construction and purchase of 10 lots immediately south of the hospital between Johnson and Seminole avenues.

Initial plans include borrowing $150,000 through a 15-year revenue bond issue and $50,000 from capital improvement funds.

Both loans would be paid back by means of parking meter revenues, Willman said.

The plan has been under informal consideration by the commission for some time. Willman says that the parking situation will become critical when the hospital expansion program is completed late this year.

Voters last year turned down a $350,000 general obligation bond issue for the parking lot. The lot under consideration now, Willman said, is smaller.

Although outside of the city's downtown municipal lot district, set up by ordinance two years ago, the hospital lot probably would have the same nickel-an-hour meters, with a three-hour parking limit from 8 a.m. through 9 p.m. daily and Saturdays, Willman said.

Red Threat No Bar to U.S. Duty—Dulles

WASHINGTON (AP) — Secretary of State Dulles said today the United States is not barred by Soviet Communist threats from doing its duty anywhere in the world.

He made the statement at a news conference in discussing the crisis in Lebanon. The Soviet Union has issued warnings against any interference in Lebanon's internal affairs.

Would Stay in NATO

PARIS (INS) — Ex-Premier Georges Bidault, who once served as Gen. Charles De Gaulle's foreign minister, said today if the general gains power he will keep France in NATO but demand allied "understanding" of the French position in Algeria.

Airliner Burns After Collision With Jet

AP Wirephoto

TWELVE KILLED — Debris from a Capital Viscount airliner litters countryside about five miles from Brunswick, Md., where it fell and exploded after midair collision today with a Maryland National Guard jet trainer. Eleven persons, including the crew, were aboard the airliner, and two in the jet. Investigators report 12 deaths from the crash.

Stage 'Shorts' Raids in East

Coeds Storm Men's Dormitories

BOSTON (INS) — More than 100 Jackson College coeds staged a dawn "shorts" raid on two Tufts University men's dormitories and five fraternity houses in Medford today, aftermath of a 300-student raid on girls' dormitories.

The forays in Medford had been preceded by a wild fracas at Boston University by an estimated 15,000 students. Five BU undergraduates, arrested for disturbing the peace, were bailed out under the direction of President Harold C. Case.

★ ★ ★

They are: David Levine, 18, Portland, Me.; Alan Victor, 18, of East Chester, N.Y.; Robert E. Baum, 19, of Teaneck, N.J.; Harvey M. Sapolski, 19, of Worcester; and Barry Sussman, 18, Rockville Center, L. I., N.Y.

The wild demonstrations at Tufts and Boston University was set down as the "explosion" of pent-up emotions, the result of final examinations today.

The Jackson girls, armed with a banner proclaiming their aim as "we want short shorts" descended on the slumbering males as dawn broke over College Hill.

The girls stormed into the dormitories and "frat" houses. They banged kettles and pans in a deafening din.

'FLAGS' OF VICTORY

They emptied the dresser drawers in several rooms, making off with undergarments which they hoisted on sticks as flags of victory.

This was a reverse engagement of the earlier men's raid which had lingerie as its objective.

The triumphs of the "Amazons" was short lived. The aroused men emptied waste paper baskets filled with water on the girls. Then they hooked up garden hose to dampen the girls' ardor.

Somerville, Medford and Metropolitan District police were summoned but made no arrests.

The girls had attempted to enter Goddard Chapel and start pealing the historic bell but could not pry open the lock.

★ ★ ★

The Boston University outbreak was triggered by a false fire alarm. The fire fighters were pelted with water bags.

Police were summoned and in a scuffle a policeman's jacket was ripped, leading to arrest of the five students. They were held on $25 bail each for court arraignment.

Gas War Rages in Motor City

6 Detroit Suppliers Cut Prices Up to 1.9 Cents; Pontiac Not Affected

DETROIT (AP) — Six Detroit gasoline suppliers were selling tankloads to service stations at reduced prices today as a gas war raged in the Motor City.

★ ★ ★

(Editor's Note: So far prices in the Pontiac area have not changed.)

Shortly after Standard Oil announced a cut of 1.3 cents a gallon in regular gas and 1.9 cents for premium yesterday, Sun Oil and Gulf announced the same drops. Socony, Mobilgas, Shell and Speedway then dropped their price of both regular and premium gas 1.3 cents a gallon.

Standard's new tankwagon price, not counting state and federal taxes—is 11.3 cents a gallon for regular and 15.2 for premium. Gulf and Sunoco, although the same price on regular, are even lower on premium—13.8 cents.

Retail price of branded gas from the pump now ranges from 25.9 to 26.6 cents for regular and 28.9 to 29 for premium.

Further gas cuts appeared evident momentarily.

Al Mallory, president of Amro Stations, Inc., independent, said, "Independent dealers generally sell their gasoline 2 to 5 cents a gallon cheaper than the major companies. The latest cut by the majors brings the margin to the danger point. We'll have to cut prices to keep our share of the market."

★ ★ ★

Most independent dealers are selling regular for 24.9 cents and premium for 28.9.

The price cut was the sixth since January. Five cuts and one increase have dropped the price of gas 6.2 cents a gallon since the first of the year.

RICHARD D. KUHN

Car Wash Owner Seeks Lodge's Seat

Pontiac auto wash owner Richard D. Kuhn announced today he would again attempt to win the Oakland County seat in the State Senate, now occupied by Sen. L. Harvey Lodge of Drayton Plains.

Kuhn, 28, of 205 Gateway Dr., Waterford Township, lost out in August of 1956 in bid for the 12th District post. This year he will seek it again on the Republican ticket.

The candidate is a graduate of Michigan State University and the Detroit College of Law.

Married, he is a member of the Pontiac Area Chamber of Commerce and the Waterford Township Junior Chamber of Commerce.

Scotland Train Crash Injures 40, None Die

PAISLEY, Scotland (AP)—A small freight train rammed into the rear of a crowded Glasgow-bound local at the height of the morning rush hour today, injuring 40 passengers.

No one was killed, but some of the injured were reported in serious condition.

The Day in Birmingham

Assure Residents of Steps to End Sewage Odors

BIRMINGHAM — Residents of southwest Birmingham were assured last night by the City Commission that steps are being taken to eliminate the obnoxious odors coming from the North Evergreen Sewage Disposal Plant on Cranbrook road.

★ ★ ★

Blocked digesters in the plant several weeks ago necessitated removal of a large quantity of partially processed sludge, City Manager L. R. Gare explained. The odor comes from this storage pit, rather than from the plant itself, he said.

A group of protesting residents told Gare at the meeting that the chemicals now being used to kill the odors are effective only a few hours.

★ ★ ★

Gare and commissioners outlined other measures designed to eliminate the problem.

No action was taken on the appointment of Municipal Judge John J. Gafill's successor. Officials, however, concurred with Gafill's request to advance his retirement from July 1 to June 1.

The city manager was asked to prepare an agreement between Birmingham and Troy for Troy's use of fire hydrants in the area of Adams and Derby roads.

Birmingham Recreation Board today announced plans for a Senior Men's Club shuffleboard tournament on Memorial Day. The games will start at 1:30 p.m. at the Community House courts.

Three clubs, tennis, archery and model planes, will be formed by the Recreation Board if enough interest is shown.

★ ★ ★

Lew Parry will give free archery lessons at the Eton Park range each afternoon beginning June 23. Model plane activities will be carried on at the city's 66-acre tract near Birmingham High School.

★ ★ ★

Persons interested in any of these activities have been asked to register at the Recreation Board's office in the City Hall.

The Rev. Robert Gibson of the First Presbyterian Church in Birmingham, said there is a shortage of teachers for summer sessions of church school and vacation church school.

The summer sessions will be held from June 22 through Aug. 31 at the 9:45 a.m. Sunday service only.

The vacation school, June 23 through July 3, will be in session each weekday from 9 a.m. to noon.

★ ★ ★

Teachers may register with Rev. Gibson or at the church's Christian Education Office.

Quarton PTA, meeting at 8 p.m. tomorrow, will hear a discussion by Dr. Elizabeth Drews of the Michigan State University Department of Education.

She will talk on what the school is doing for the more able student.

Cardinal Stritch Said No Worse

Passes Restful Night; Crisis Expected Today for Chicago Prelate

ROME (AP) — Samuel Cardinal Stritch, partially paralyzed by a severe stroke yesterday, spent a good night and doctors said his condition had not worsened. The crisis was expected sometime today.

★ ★ ★

"His condition is satisfactory," said a brief medical bulletin this morning. It was signed by the cardinal's personal physician, Dr. Ralph Bergen of Chicago, and Dr. Filippo Rocchi, Vatican physician.

"Twenty-four hours have now passed and that already is something," Rocchi said. "Naturally we continue to hope for the best."

★ ★ ★

Prof. Arnaldo Pozzi, director of the clinic where the prelate is hospitalized, said he was not able to talk but was lucid and was being given liquid nourishment.

The 70-year-old Archbishop of Chicago suffered a blood clot in the brain that partially paralyzed his right side and impeded his speech.

★ ★ ★

Last night he was given Extreme Unction—the Roman Catholic Church's last rites—for the second time since he arrived in Rome last month to assume his new post as chief of the Vatican congregation in charge of missions. He also received the rites just before his right arm was amputated April 28 to check the threat of gangrene arising from another blood clot.

★ ★ ★

A priest from the College of St. Mary of the Lake, known also as Chicago House, said the cardinal had not been able to take communion this morning. Priests from the college kept a vigil at the bedside.

Grant Barber, principal at Quarton, will give a progress report on the school's current study in this field.

Interest Lagging in Conventions

Only 56 Nominating Petitions for Parties' County Meetings

With the deadline a week away, only 56 out of a possible 596 delegates to Republican and Democratic Oakland County conventions have filed nominating petitions, according to County Clerk Lynn D. Allen.

★ ★ ★

"This is perhaps the worst showing I have ever seen," exclaimed Allen, who has been clerk since 1932.

He said his office has received petitions for 32 delegates to the Republican convention and 24 for the Democratic convention. Both will be held sometime between Aug. 13-25, Allen said.

A delegate from both parties is chosen at the Aug. 5 primary to represent his or her voting precinct in the county. There are 298 precincts to date.

"This showing is very shameful," said Allen. "The selection of these delegates is a big steppingstone to larger state and national political choosing."

★ ★ ★

He again reminded those circulating petitions that none will be honored after the 4 p.m. deadline May 27.

Those delegate positions not filled by convention time, Allen said, will be chosen by those delegates elected. They must be in attendance at the convention and must reside in the voting precinct he is to represent, Allen added.

CAMPAIGN COMMITTEE MEMBERS — As part of a new statewide "Hire Now Campaign," being launched by the Michigan Employment Security Commission, these men will be part of an 11-member committee in Pontiac named yesterday by Circuit Judge Clark J. Adams, president of the Greater Pontiac Advisory Council. Standing are Larry Payne and Carroll Osmun (l-r), while seated (l-r) are James F. Spence, Robert S. Nelson, committee chairman, and Paul Kimball, manager of the Pontiac MESC office. Other committee members are Van Braidwood, Frank Lyndall, John A. Riley, William McAulay, Howard H. Fitzgerald, and Sidney Barnett.

Supervisor Planning to Run for Sheriff

Frank J. Stephenson, Farmington Township supervisor, today filed nominating petitions with the county clerk for the office of Oakland County sheriff on the Democratic ticket in the Aug. 5 primary balloting.

★ ★ ★

Stephenson, 51, of 24041 Haynes St., formerly operated a home construction company for six years in Farmington Township before being elected as supervisor in April of last year.

The Nova Scotia-born candidate, who became a naturalized citizen in 1956, is the first candidate to announce he would try to unseat Republican Sheriff Frank W. Irons.

Servicemen's Pay Hike Put Into Effect by Ike

(Continued From Page One)

taining men trained at great expense.

The new plan originated last year with a presidential commission headed by President Ralph J. Cordiner Jr. of General Electric.

AIMED AT SKILLED

The commission said a basic pay revision was needed to retain trained and skilled experts for the complex new weapons systems that include missiles, supersonic aircraft and nuclear submarines.

★ ★ ★

President Eisenhower recommended a modification of the Cordiner plan early this year and this underwent numerous congressional revisions before winning overwhelming approval.

The House initially voted for increases of more than 683 million dollars but later accepted a lesser Senate version.

★ ★ ★

Sen. John Stennis (D-Miss) floor manager for the final bill, said it was required as a means to keep truly professional armed services in a necessary state of readiness.

Thousands of skilled officers and enlisted men have been turning in their uniforms after costly training. Often they went into private business holding defense contracts.

Pentagon leaders testified the new pay proposal should slow this down at a cash saving, and also improve combat efficiency.

★ ★ ★

The new pay schedules taper off the old seniority system, under which a man or officer got periodic increases by merely staying out of trouble. Under the new system, after an average time in grade without promotion, these pay boosts end.

NEW GRADES

Two new top pay grades for both officers and enlisted personnel are also created.

At the officer level, these are the four-star and three-star ranks.

A full general or admiral goes up from $1,276 base pay monthly to $1,700. Three-star pay rises from $1,176 to $1,9500.

Under the new formula four-star offices already in retirement go up from $807 to $1,014 a month, and three-star officers from $807 to $935.

★ ★ ★

Similarly two new noncommissioned officers grades are created above present master sergeants or chief petty officers. Known now only as E9 and E8, they provide pay boosts of 22 to 84 per cent.

★ ★ ★

Also approved is a new system of proficiency pay for enlisted men which could go to skilled mechanics, technicians or other expert. It could be $50, $100 or $150 a month extra, or in the form of a promotion in grade.

★ ★ ★

This would be in addition to presently authorized special hazard duty pay and other base pay and allowances.

★ ★ ★

Similarly officers in the grades of captain through colonel could qualify for extra responsibility pay of $50, $100 or $150 a month. This could go to such people as aviation unit commanders, ship commanders, missile or weapons experts.

LAST PAY HIKE IN '55

The last previous military pay increase was in 1955 and amounted to an average of 11.7 per cent for enlisted and 13 per cent for officers.

★ ★ ★

The new plan averages an 11 per cent increase in basic pay for officers and 9.2 per cent for enlisted men with more than two years service.

Seek to Lure Firms to Lower Peninsula

MT. PLEASANT (AP) — Business, industry and civic leaders from throughout the northern Lower Peninsula met here today to talk over ways of attracting new industry to their areas.

The all-day conference is sponsored by the Northern Michigan Development Council with help from Central Michigan College, Michigan Economic Development Department and the U.S. Department of Commerce.

The council's area covers the 33 counties north of the Muskegon-Bay City line.

Myrton M. Riggs of Cheboygan, council president, said 10 speakers representing local, state and national organizations will discuss aspects of attracting new industry and enlarging existing plants.

Cut Cable Knocks Out 3,300 Drayton Phones

Some 3,300 Michigan Bell Telephone Co. phones in the Drayton Plains area were out for about 12 hours yesterday when a power company drill struck and severed an underground telephone cable, company officials aid.

They reported that most of the service was restored by 8 last night. Damage was slight, they added.

Generals, Admirals to Earn More Than Congressmen

WASHINGTON (AP)—Four-star generals and admirals will draw more pay than members of Congress under the new pay bill signed today by President Eisenhower.

Members of Congress now get $22,500 a year while the full generals and admirals will collect $25,224. If they also receive special hazard duty pay as pilots or submariners, they may draw $27,204 a year.

The four stars ranks previously were paid $20,136, or $22,116 if on hazard pay. The new law raises the base pay from $1,276 to $1,700 a month.

In addition to base pay, they get $171 for rent or quarters, $48 for subsistence, $183 for personal money, and, if eligible, $165 for hazard duty pay.

★ ★ ★

The members of the Joint Chiefs of Staff — heads of the Air Force, Army, Navy, Marines and their chairmen — will get $29,124 a year, or $31,104 if entitled to hazard pay. The former pay was $21,936 or $23,916.

Top pay for noncommissioned officers under the new plan will be $9,964 if they qualify for both the new $150 a month proficiency pay and $105 hazard duty pay. This compares with a present annual peak of $6,624 for a master sergeant or chief petty officer including hazard pay.

For these top noncoms the base pay would be $590 a month, plus $150 proficiency pay, $105 hazard pay, $97 for quarters and $30 for subsistence.

"The weather was clear. There were a few clouds. But the sun was shining."

"And the sun sparkled off the big plane as it came down. It was coming down pretty fast. I guess it didn't take more than a second or two.

"Then the big plane disappeared and the other objects disappeared behind a mountain about six or seven miles away, near Point of Rocks.

★ ★ ★

Point of Rocks is an historic point on the Potomac River, on heavily traveled U.S. Route 15.

The Civil Aeronautics Administration dispatched a four-man crew to the crash scene to launch an investigation.

The collision today was the second such accident in less than a month.

Communities Urged to Talk Up Michigan

LANSING (AP) — Communities throughout Michigan got a call from the State Economic Development Department today to join in a summer hunt for industry prospects.

The department asked citizens to act as salesmen in talking up their area to businessmen and industrialists from out of state who will be vacationing in Michigan this summer. Some of them, it said, may thus be encouraged to locate plants here or expand existing ones.

★ ★ ★

In previous years, the "Sell Michigan" summer program has centered around resort communities. This is the first year all communities have been asked to take part, the department said.

Gets Hubcaps Back

SUN VALLEY, Calif. (AP) — A week after someone stole the hubcaps from Mrs. Rosalie M. Sparacino's car, she found them in her yard with this note: "My dad caught me, damn it. So here are your hubcaps. Sorry I inconvenienced you." It was signed: "Midnight Auto Supply, Sun Valley."

U.S. Forces on Alert, Says German Paper

FRANKFURT, Germany (AP)—A German newspaper said today some U.S. Army units in Germany have been alerted, presumably in connection with the Middle East crisis. The Army said only routine exercises are being carried out and denied that the Middle East crisis was involved.

★ ★ ★

A spokesman said some units were engaged in a training exercise which involved alerts and cancellation of passes.

Jet Transport to Fly at 2,000 M.P.H.

LOS ANGELES (AP) — Lockheed Aircraft Corp. says it has designed a new transport plane capable of cruising at 2,000 m.p.h. and that a prototype will be flying within three years.

★ ★ ★

Hall L. Hibbard, a Lockheed vice president, described the craft at the Atmosphere and Space Travel Symposium of the convention of the Financial Analysis Societies.

He said it will cruise at 70,000 to 80,000 feet, yet will land slowly enough to use present runways. Jet-powered, it will carry 90 to 100 passengers.

Nixon to Discuss Rioting at Press Club Affair

WASHINGTON (AP) — Vice President Nixon will discuss his riot-marked trip to South America in a luncheon talk at the National Press Club tomorrow.

As is customary at press club luncheons, Nixon also will reply to questions at the conclusion of his talk.

The National Broadcasting Co. plans to broadcast the speech on its radio network.

(Nixon speaks at 11:30 a.m. Pontiac time.).

CBS will carry a delayed radio broadcast at 9:05 p.m. (Pontiac time) of highlights from Nixon's talk and his replies to questions.

Waterford to Battle Boating Accidents

Waterford Township will throw its seven-member auxiliary police force into the battle against boating accidents this summer.

The voluntary force will be ordered on the alert to enforce new state laws cracking down on reckless boating, Township Supervisor Elmer Johnson indicated last night.

The plan is part of a long-range one under consideration to cut down weekend accident tolls on lakes and highways.

★ ★ ★

It developed out of a meeting last night at which Donald E. Adams, a member of Gov. Williams' Water and Traffic Safety Commission, urged that a township safety advisory committee be set up.

The board appointed Adams and Patrick Daly, the township's justices of the peace, to meeting with Johnson this week to select a twelve-member committee.

"Every summer the accident problem becomes worse and worse here as more and more people are on our roads and lakes," Johnson said. "The township must take more definite action to cut down accidents."

He said that Police Chief Millard Pender would have the job of putting the reserves on the alert by Memorial Day weekend, the first big danger period of the summer. The reserves are already on voluntary nighttime patrol duty.

On the basis of his experience on the governor's committee, Adams recommended the advisory committee study traffic problems on both main highways and local roads, traffic signal changes and new turnoffs.

★ ★ ★

In other business, an informal meeting of the township board has been scheduled for 8 p.m. Friday to discuss a proposed bonding ordinance for residents of the Venice of the Lakes subdivision to make connections with the township water system.

During the meeting a representative of the T. & G. Land Co. telephoned to inform the town board that it would pay for engineering expenses to determine the type water system to be installed in the Indianwood Manor subdivision on W. Walton boulevard.

According to the board's new policy, each new subdivision must have a central water system. However, unusual soil conditions prevail in the Indianwood area and the builders think that individual wells would be more feasible.

★ ★ ★

Clerk James Seeterlin was authorized to adjust sewer charges in the Sylvan Shores subdivision for residents who have installed sewer lead-ins, but have not made connections.

Budapest Eyes $$$ With Plans for Golf Course

BUDAPEST (AP) — Communist Hungary, looking for its share of the capitalist vacationer's dollar, is thinking of building a golf course although orthodox party party members frown on the game.

★ ★ ★

Before World War II there were four golf courses in Hungary, oldtimers say, including two in Budapest. All have disappeared under the Communist regime, and there is now only a small four-hole layout used almost entirely by diplomats, on property belonging to the U.S. legation.

★ ★ ★

The newspaper Hetfoei Hirek says the new course would be built at Balatonfoeldvar, on the shores of Lake Balaton. This is one of the region's most popular resorts.

★ ★ ★

Although the golf course plan is for the more distant future, tourism officials say, some other capitalist innovations may be seen sooner. The architects have three types of motels on the drawing boards, to be built at points where main roads meet the lake, on the highways, and in the suburbs of larger towns.

★ ★ ★

Another architect has come up with an idea of building small artificial islands of concrete a short distance from the shore. Balaton is shallow, especially on the southern side, and bathers now have to walk hundreds of feet before getting out to their depth for a swim.

Walt Disney Sales Up

BURBANK, Calif. (INS) — Walt Disney Productions reported today sales in the six months ended March 29 of $22,499,000, a gain of more than $6,000,000 over the same period a year earlier. Net profit amounted to $1,633,250, or $1.06 per share, as against $1,532,000, or $1.03 per share, last year.

Yelps Against Chemise Turning to Yawns

By PHYLLIS BATTELLE

NEW YORK (INS)—Some of the yelps against the chemise dress have turned to yawns. . . it's been overdone, like a weak, twice-told joke.

But does that mean that the American public has given up complaining, and accepted the sack? Or have they rejected and dismissed it?

★ ★ ★

INS conducted a nationwide survey of its bureaus and discovered:

It is being accepted, even adored, by brave young women of modest income who buy inexpensive to moderate - priced dresses.

Most older and wealthier women are too canny, or too timid, to buy the chemise.

★ ★ ★

It has been a remarkable business boon to dress manufacturers who otherwise might have perished in the recession. Yet a few top fashion designers who have stood adamantly against it report a booming business in non-sackery.

The majority of men, including politicians and publicity seekers and bill-paying husbands, profess to hate the look. Comedians are still using it—but the laughs slowly fall off.

The Duchess of Windsor, Elsa Maxwell and ex-Queen Soraya are devotees of the new style. But, as in the public eye must weigh the one expert pointed out, "Women facts and take a strong position one way or the other. LIKING the sack assures more notice at the moment."

City by city, the report shows that this is the funniest fashion (in both the "ha-ha" and "curious" meanings of the word) of three decades.

NEW YORK — Few chemises seen on the street — many at parties. It is almost as though girls were afraid of public ridicule; but among friends, the sack is fun. Stores report sales are strong in moderate priced clothes, but slow in costly models. Sophie of Saks, one of New York's top couturiers, hasn't made "one single bloomin' chemise," calls them a reversion to "the only ugly period in all of fashion history."

CHICAGO—All stores report the chemise "started off slow." Most women "buy just one, and wait to see what'll happen," a buyer reported. A blueblood bachelor announced publicly he didn't like the chemise because he couldn't figure "where to embrace" his dancing partner. Top Chicago store said women are buying "the loosened line" in all price ranges—with a belt for protection.

★ ★ ★

DALLAS — Stanley Marcus of Neiman - Marcus says, "Anybody who still has doubts about the chemise and other free-form styles has hardening of fashion arteries." Women are taking his word and buying, in all sizes and prices. Mrs. Marcus says it's because "the new style is just too comfortable to pass up."

SAN FRANCISCO—Great success in chemise, from $10.98 to $500 versions. Largest stores report it "selling like wildfire," along with tower hats, pointed shoes and tinted hose. One store reportedly advised clerks: "Have your skirts raised two inches within next two weeks or you're subject to dismissal."

SEARS, ROEBUCK & CO. TO EVERYWHERE — Mail-order chemises taking over up to 75 per cent of dress business.

★ ★ ★

In junior departments, the country over, it's a smash. Up to nine of every 10 dresses is loose, short and flappery. But there is little else available.

Civil War Looms in France

Battling Clock in Algeria

By JOHN H. MARTIN
INS Foreign Director

France is battling the clock in Algeria.

No matter which way the crisis goes in the homeland the French have a limited time. Some observers who have studied the situation on the scene say the French have about 18 months either to crush the rebellion or see it gain momentum.

★ ★ ★

One difficulty in trying to assess anything that happens in Algeria is a correct judgment of emotion. The tides are running strong and they all are nationalistic.

The Algerian rebels who in turn caused the revolt of French army leaders against the home government say they will settle for nothing less than complete independence.

Successive French governments are committed to various formulae, but all boil down to one thing: Algeria must remain French—otherwise there will be civil war inside France as well as in Algeria.

Frenchmen born and reared in Algeria number about 1,200,000 compared to the 9,000,000 Moslems.

But unless the French do something quickly to solve a bitter political situation this ratio will change even more to the disadvantage of the French.

The Moslems are said to be multiplying—thanks to modern French health efforts—at a rate of 250,000 annually. Despite lesser French growth in population the stated facts are:

—More than 50 per cent of the Moslem population is under 20 years of age. It is from this reservoir that the youths flow to FLN, or the National Liberation Front which is fighting against both French soldiers and civilians.

★ ★ ★

—Many Moslems over 40 years of age favor the French and their long campaign to industrialize Algeria as part of a modernized North Africa linked to the European continent.

This Afro-Asian scheme is to be found in theory; but the Algerian nationalists gain in recruitments.

The rebels have some 20,000 to 25,000 men. In three years of warfare the rebels have lost some 30,000 men.

There has not been any actual strength lost, however, because the Moslem youths steadily have answered the call to rebel arms.

Waterford to Enroll Tots in Kindergarten

Waterford Township parents may enroll their children in the Waterford Village School, at a kindergarten roundup to be held Friday.

The roundup has been scheduled from 9:30 to 11:45 a.m. and from 1:30 to 4 p.m., according to Ruth Ermel, principal.

Parents have been asked to bring their children's birth certificates to establish the fact that the child will be five years old on or before December 1, 1958.

Sorbitol, a corn syrup product, is one reason many toothpastes, shaving creams and cosmetics don't dry out when the cap is left off a collapsible tube. Sorbitol is a humectant that helps tubes retain their original moisture.

Three Summer Programs Set at Waterford High

Three Waterford Township summer school programs have been scheduled at the high school June 18 through July 31, according to superintendent William Shunck.

★ ★ ★

The orchestra program will be under the supervision of Kenneth Preston, and Donald Perrin will teach the summer band group during the six-week series. Each participating pupil will be charged a fee of $25.

In order to comply with state requirements for making driver education available to all Waterford Township youths, this course will also be given during the summer

The design of the program permits an enrollment of 192, although more than 220 teenagers have requested the course, Shunck said.

★ ★ ★

He added that there would probably be sufficient enrollment to make each of the three programs self sustaining, and that the courses will be carried on at the high school where clerical and administrative staffs are employed on a twelve month basis.

Keego Man Believes He Saw Sputnik III

A Pontiac car salesman believes he saw Russia's third satellite streaking across the sky about midnight last night.

★ ★ ★

"It certainly didn't appear to be a falling star because it was traveling in a horizontal orbit from northeast to the southwest," said Golie Smith, 41, of 3028 Stapleton St., Keego Harbor.

★ ★ ★

Smith said he saw the orange-colored object "leaving a definite streak behind it" for about three to four seconds.

Quakes, Eruptions Nearly Bury Island

HORTA, Faial Island, Azores (AP) — Faial's harried peasants strove today to restore their shattered homes after 10 days of quakes and volcanic eruptions that nearly buried this island of the Azores under lava and ash.

Since the first quake, Faial has shaken hundreds of times. Then Caldeira volcano in the center of the island began belching forth May 14 after centuries of inactivity.

As Caldeira spewed up thick clouds of sulphurous smoke, rocks and white ashes, scientists who hastened here from Lisbon expressed fear another crater called Cabezo do Fogo might erupt.

Worsening the situation, a new volcanic island that reared its head 300 yards off shore several months ago has been spouting lava 600 feet high and showering Faial with ashes.

Now that the quakes have ceased, Faial's 25,000 islanders are trying to restore their homes, plough their lands and find new pastures for their starving cattle.

"God will help us," they say as each new explosion shoots more lava skyward.

Pontiac Questions Area Hospital Council Survey

When the Greater Detroit Area Hospital Council thumbed down the Pontiac situation, it aroused determined and spirited rebuttals.

Sister MARY WILLIAM at St. Joe's, classified the report as "ridiculous."

We agree with her.

★ ★ ★

Administrator Harry H. Whitlow of the Pontiac Osteopathic Hospital took sharp exception to the criticism of the Hospital Council in regard to his institution. "Admittedly we aren't the equivalent of a multi-million dollar plant," he said, "but we provided this area with 121 beds at a cost of some $500,000 and a new building would produce about 25 beds for that amount of money. Wasn't that a good deal for Pontiac?"

It certainly was.

The community's well pleased.

★ ★ ★

The Osteopaths have produced about five times as many beds as would be represented by new construction, and even if certain features aren't idealistic, they serve a very constructive purpose. Certainly you can build modern improvements into a structure that starts from scratch. But when half a million dollar provides a community with 121 beds instead of 25, the general area has been well and needfully served.

★ ★ ★

Sister Mary William believes the area figures are based on faulty information. The perpetually overcrowded condition of her institution, plus a similar situation at the other two hospitals, leaves one wondering just how complete the survey really was.

The Osteopathic Hospital has been filled since it started and is now studying methods of expanding to meet the current demand.

The whole situation needs clarification.

Freer Trade Enemies Sabotaging Program

In a televised talk President EISENHOWER again pleaded for understanding of our foreign aid and trade policies.

He tried to dispel the isolationist myth that mutual security spending is a giveaway and pointed out that 80 cents of every dollar is spent in this country. In the field of foreign trade the President declared that export sales provide jobs for 4.5 million Americans and without imports there'll be no exports.

★ ★ ★

In an editorial strongly supporting the President, the New York *Herald Tribune* says in part:

"A tremendous majority of Americans favor not only preserving but extending freer trade. Every poll taken shows it. A negligible minority of Americans oppose it. The victory or defeat of freer trade may, in the long run, determine the very survival of the free world."

Despite this Congress is preparing to sabotage the President's program. The reason is that friends of freer trade are not organized. But the enemies of freer trade have a powerful, well-heeled lobby which can bring pressure on individual Congressmen.

★ ★ ★

At this time when the European Common Market is beginning to operate and a larger free trade area is being talked of, a United States retreat into protectionism would be disastrous. It would raise a retaliatory tariff wall around the Common Market and discriminate against the dollar. The continued prosperity and economic growth of the whole free world is at stake. What we do in this country is felt immediately around the world.

★ ★ ★

Friends of freer trade can influence Congress by writing to their Senators and Congressmen. No one wants a repetition of the disaster following passage of the Smoot-Hawley Tariff of 1930.

"A CHICAGO physician says a small drink of whisky is a good remedy for a cold."—Press report. Many will want to know how often the dose may be repeated.

TRY on a new worry for size: A high defense official predicts that rockets, missiles and atomic bombs will soon be made obsolete by death rays.

The Man About Town

It Is Here Aplenty

Pontiac Area Has All of Essentials for Vacation

Tiger: An animal with sharp claws, but those of the Detroit species often seem dull.

The 1958 editions of the beautiful books put out by the four Michigan tourist associations are being distributed. In glamorous printing, much color work and elaborate illustrations, each does its best to prove that its own area is the only place in this greatest of vacation states to spend a vacation.

But a close perusal of all of them proves conclusively that our own Pontiac area has more than any other in the essentials that go to make it ideal for the person who wishes to get away from the hum drum of life and closely commune with the great outdoors.

We do not talk as loud or as long as some areas that haven't as much to offer, but we have the goods. As usual, we're too modest in exploiting what we have.

At least a dozen of the state's areas each assert they are

"The Land of Lakes,"

for which we have a more valid claim than any other.

One refreshing thing about this year's tourist books is the scanty use of bathing beauty pictures. Scanty in other ways.

Home from their national convention in Chicago, local Old Boy Scouters say that next year's event goes to San Francisco.

Devising a secret formula for hustling their growth,

Elston Overman

of Auburn Heights expects to have home grown ripe strawberries next week.

On a national survey, and by a vote of 20 to 1, it is found that the rose is the most popular flower. My friends tell me that the rose must be allergic to me, as I've never had much luck in raising them. But I absolutely agree on that vote.

It has been brought to my notice in a letter from

"One Who Helps Pay the Bill,"

that our federal government uses over 5,000 carloads of paper each year in issuing such pamphlets as

"Cooking and Dish Washing,"

in which it gives this supremely valuable and exclusive tip: "Dishpans should be large enough to hold the dishes, but not too large for the sink."

Here's a poser for that overwise friend: **What state has the most navigable rivers?**

Unless he's already seen this item, he won't say Arkansas—which it is.

The Lingering Vapor Trail

David Lawrence Says:

Reds Causing Crisis in France

WASHINGTON — Poor France! Few Americans realize that the plight of the French nation is directly due to five years of occupation by an enemy army during World War II. Few Americans realize also that in a period of 13 years nations do not recover from the catastrophe of a major war. The situation calls for sympathetic understanding by the United States.

LAWRENCE

Today's government in France owes its instability to the fact that the Communists played a prominent role in the resistance movement during the war. They fought underground very effectively. The people of France were aware of the aggressive and at times heroic behavior of some of the Communist leaders and, when the war was over, there was a tendency to accept the French Communists as an integral part of any government to be set up.

★ ★ ★

But the Communists, with their adherence to ideological doctrines that prompts them to take orders from Moscow, have managed ever since the war to prevent the establishment of a truly national government in Paris.

The various political parties on the non-Communist side are split, and they differ so vehemently on economic issues that it is a simple matter for the solid bloc of 142 Communist members of the French Parliament to play one group against another and keep France in a constant turmoil.

The answer to France's problem is not in one individual—either De Gaulle or anyone else. It must be sought among all the leaders of the non-Communist parties, whose members do not realize today how adroitly the Communists have been keeping the nation from getting a continuously stable administration.

MANY ABLE

There are plenty of able men from whom a premier could be chosen, but capacity to lead means little in the face of the threat that comes from the divisions among the non-Communists as the Communists throw their votes to one faction or another and thus help overthrow the incumbent premier.

Economic issues, of course, underlie the whole situation. France as an empire, with overseas trade and investments, occupied a foremost place in the world before World War II. But since 1945 French colonies, one by one, have been separated from the mother country. French properties in Indochina, in Syria, in Lebanon, and in Tunisia, French Morocco and Algeria have been either taken away or threatened.

Yet Frenchmen have invested heavily for decades in all these areas. The Algerian question presents a conflict, for instance, between an efficient, hard-working French minority and a Moslem majority. It was French money that built Algeria, and now France sees that colony slipping from its direct control, as happened in Tunisia.

★ ★ ★

What part has the United States played in all this? Many Americans have been in the forefront of the agitation against "colonialism." Theoretically, of course, there should be self-government, and France has been willing in some cases to grant autonomy as in Tunisia and French Morocco. But when the confiscation of the property of French citizens is threatened, as in Algeria, it is natural that the anticolonial attitudes expressed in countries like the United States, which have nothing to lose, should stir up resentments within France because of alleged interference by America.

The Country Parson

"An open mind, like an open mouth, should be fed."

Dr. William Brady Says:

Infection Killed 16 Infants in Houston Hospital Alone

Sixteen newborn infants died in a period of 2½ months from infection contracted in the newborn and premature infants' nurseries in the City-County Hospital in Houston, Texas. In the month of February alone, 81 infants and 21 mothers became infected. The hospital managers ascribe the infections to a strain of Staphylococcus which has become resistant or immune to antibiotics.

DR. BRADY

Staphylococcus pyogenes aureus is the scientific name of the common pus-producing germ responsible for boils, abscesses, wound infections, acute sore throat, tonsillitis, quinsy, cri and some cases of pneumonia and septicemia (blood-poisoning).

The Houston hospital board of managers thought that if the ordinary emergency measures fail to control the infection among the newborn "the only alternative may be the re-establishment of the maternity and nursery divisions in entirely new locations."

EASIER SAID THAN DONE

Yah, but, what are you going to do about the doctors, nurses and other attendants who carry the infection into the maternity and nursery divisions and distribute it from patient to patient? For instance, the nurse who is so impressively masked with a bit of cheesecloth as she attends to one baby after another there in the show window as the peasants look on.

It doesn't matter much where you re-establish the maternity and newborn nursery if you persist in maintaining the 19th Century show-window as a feature of your institution.

I can't say so from my own observation, but some good physicians now believe that over-reliance on antibiotic medicines has caused some physicians to relax their aseptic technique to a dangerous degree.

The Houston people who are concerned about Staphylococcus infection in the hospital might learn something to their advantage by re-reading Oliver Wendell Holmes' paper on "The Contagiousness of Puerperal Fever," published in 1843, and the work of Semmelweiss on "Puerperal Fever," published two or three years later.

It is interesting to note here that the American poet was 34 years old when he published his paper, and the Hungarian obstetrician was only 28 at the time he told the world the truth about septicemia (acute blood poisoning) after childbirth.

Home, sweet home, I repeat, is always the safest place to have your baby.

No one can tell me that it is for the good of the baby and/or the mother that these nineteenth century lying-in institutions snatch the baby away immediately after birth and file the frightened, unloved little creature in the show-window nursery out of mother's sight and hearing.

The autocratic hospitals do this because it has been done ever since the beginning of the "antiseptic" era, and because having the newborn babies all together in the show window makes feeding, changing, etc., an easier job. Also it makes transfer of infection from one infant to another much easier, especially when you consider the lack of hand-washing facilities in the show window.

Signed letters, not more than one page or 100 words long pertaining to personal health and hygiene, not disease, diagnosis, or treatment, will be answered by Dr. William Brady, if a stamped self-addressed envelope is sent to The Pontiac Press, Pontiac, Michigan.

Voice of the People

President of Local Union Disagrees With Editorial

Your editorial of two weeks ago on Reuther and negotiations demonstrates you over-reached yourself in attempting to discredit the idea of sharing profits. The heads of the Roman Catholic Church think this idea is compatible with its teachings. Pope Pius XI has this to say about sharing profits with workers: "While the wage contract is just, we should modify it so as the worker may share in the ownership, or management, or the profits."

★ ★ ★

You contradict yourself, too, when you say, if the Reuther profit plan were fair the workers would have to share the deficit as in the present Chrysler case. If this is a moral obligation on the part of the workers who share profits, what about the stockholders' obligation to share the same responsibility when deficits occur? Instead of helping defray a deficit, the stockholders are being paid a dividend by the Chrysler Corporation from money set aside for this very purpose.

★ ★ ★

You also placed the cart before the horse as so many editors do, when you imply that inflation is caused by the upward trend of wages and prices. Your good friend, Charles E. Wilson, former president of General Motors, supported this fact when he said in September of 1952, "I maintain that it is not primarily wages which push up prices, but prices which pull up wages."

★ ★ ★

Walter Reuther's plan is not headed for permanent burial in a distant cemetery any more than his annual wage demand made three years ago. Now, three years later, it's reported General Motors is preparing a better "sub" plan to offer the union in these negotiations. Must be a pretty good idea.

Get on the other side of the bargaining table for a while. And don't do all your crying for the poor stockholder, because some of us UAW guys are stockholders, too.

Charles A. Beach, President
Local 653, UAW

(**Editor's Note:** We're not sure the ideas of Pope Pius XI on Michigan industry are any more significant than the views of Michigan industrialists on the management of the Catholic Church. Surely, Messrs. Curtice, Breech and Colbert leave all Catholic pronouncements to the proper ecclesiastical authorities in Rome.

When the letter suggests the stockholders should share the loss, it really runs in circles, as they're the ones who DO bear the loss. The dividend just paid came out of their own funds which were set aside for contingencies and which belong to the stockholders. We don't recall Mr. Wilson's 1952 remark, but we're reasonably sure today he would favor a halt in both price and wage increases. How can you stop the upward spiral without stopping both?)

'Why Must They Raise Price?'

We were disappointed to see another wonderful children's show come to Pontiac and raise the price. Why can't they at least have one showing at the regular price? Wouldn't it be better to lower the price and have a packed theater than raising it so many children aren't allowed to go?

Mrs. Rosemary H. Gauthier
151 N. Jessie

'How Long Since You Were There?'

I wonder how many years it's been since I've Been There was in Alaska. He writes as though it's still a land of igloos and little else. There are lots of industries, good schools, very metropolitan cities, many acres of fine farm land, many cultural establishments and it's the hub of our Arctic defense.

★ ★ ★

How would you like to pay territorial and U.S. taxes and have no voice in the government, as Alaskans do today? Seems to me we once had quite a squabble about "taxation without representation."

★ ★ ★

As far as needing missionary work, there are fine churches and people are no worse than anywhere. Since Alaska is a possession, our border is already a few miles from Russia. Alaska is ready, and her tremendous natural resources should make her one of our most valued states.

Also Been There

'We're Behind Other States'

Reading the discussion of too few doctors in Pontiac, a magazine article shows Michigan has 109 doctors for every 100,000 people. Massachusetts has 174; New York 193; California 159; Illinois 134 and Minnesota 140.

Some states have less than Michigan but here are our neighbors and the big, progressive states. We're behind the procession as a state and I suspect farther behind as a city.

Mother of Two

'Don't Complain; Do Something'

Why don't some of these folks who complain so loudly about rats do something about them? I've seen some mighty big rats around here, outside city limits, and believe me they're very frightening.

On advice of a friend, I purchased a package of Rat-Nots at a pet and feed store and haven't been troubled with rodents since. Just break open the little cellophane package or not, the rats will eat this and seek a place to get water. But they don't live long and die in the open. Place the packages where pets can't get to them and die, too.

Case Records of a Psychologist:

Wives, Beware Sins of Omission

Although Herb was guilty of a sin of commission, his supposedly innocent wife was guilty of a sin of omission which actually caused this domestic feud. Divorces start in the bedroom, so wives must be on guard. Feed your mate plenty of gastric and also erotic calories. Then you need fear no competition!

By DR. GEORGE W. CRANE

Case Y-314: Herb Q., aged 28, is the erring husband mentioned yesterday.

DR. CRANE

"We have two children," he began, "who are 7 and 5. I love the kids and I also am crazy about my wife, even though I made this mistake.

"And I have little defense for my stupid action. I went to the tavern of my own free will and got drunk, after which I contracted venereal disease with one of the bar maids.

"But Donna and I had quarreled. She didn't want any more children than the two we have. And she was quite frigid as a wife.

"In fact, she held to the idea that marital relations are primarily for the sake of getting children, so she tried to ration our erotic life.

★ ★ ★

"If I had been satisfied at home, Dr. Crane, I'd never have been driven to the tavern."

SINS OF OMISSION

Thousands of supposedly innocent, aggrieved wives produce situations like this one in the home of Herb and Donna.

Those wives upbraid their mates and, reinforced with in-law prodding, may try to prove that the erring husband is 100 per cent at fault.

But in most cases, the wife is 50 per cent to blame, even though her sin has been of omission, whereas his has been of commission.

If you young brides want a surefire formula for keeping your marriage permanently happy, then you and your husband should become active together in the same church. Also see that he is satiated in both his gastric and erotic appetites.

If you are both active in church work, you will not be spending time at taverns, so drunken debauchery will not infect your home with venereal disease.

★ ★ ★

Most wives nowadays realize the value of feeding their mates plenty of good food at the dinner table.

EROTIC CALORIES

But gastric (table) calories are not enough to insure your home against divorce.

Erotic calories are the chief danger point in modern marriage. That's why I have often reminded you that divorces usually start in the bedroom; not the dining room or kitchen.

For the normal husband has a far greater appetite than does the average wife, both for gastric food and erotic satisfaction.

Successful wives realize these facts. But other wives (despite high I.Q. and a college diploma) often end in divorce because they haven't realized the erotic differences between men and women.

They will feed their mates 3,500 calories per day at the dinner table, even though they don't need 2,500.

Indeed, wives usually buy cook books and attend newspaper cooking schools so they can tempt their husbands into overeating at the table.

★ ★ ★

If they'd devote 25 per cent as much time and attention to tempting him with erotic calories, they'd

rival Cleopatra but rarely find their mates embroiled with outside sirens.

So demolish the false notion that marital relations are for pregnancy purposes. That wasn't even known to Adam and Eve and other primitive people.

Marital relations are a means of welding husband and wife together in a harmonious home and of washing away the petty quarreling and caustic words that otherwise pile up to the breaking point.

★ ★ ★

Since most divorces start in the bedroom, be on guard. Send for the booklet "Sex Problems in Marriage," enclosing a stamped return envelope, plus 20 cents (non-profit). It has prevented thousands of divorces.

Always write to Dr. George W. Crane in care of The Pontiac Press, Pontiac, Michigan, enclosing a long 3c stamped, self-addressed envelope and 20c to cover typing and printing costs when you send for his psychological charts and pamphlets.

Security for You

Government Giving You a Hard Time?

By RAY HENRY

The government has been giving Mr. and Mrs. James G. Evans a hard time lately. Maybe you've heard.

It started with their February Social Security check. The check was made out to "James and Stella Evenx," carried the wrong Social Security number and was for $24,785.06 — just $24,637.06 too much. About the only thing accurate on the check was the Evanses' address in Puyallup, Wash.

They sent it back to the Treasury Departemnt office in Chicago which had issued the check and got aonther which was accurate.

A few days later their March check arrived. Again it was for $24,785.06. This time they sent the check to Washington, D.C., where it disappeared in a cloud of silence.

★ ★ ★

They heard nothing until their April check showed up on its regular day. Only one trouble: It was the same old $24,785.06.

The next day the luck of the Evanses was described in an Associated Press news story. The publicity brought some red faces and fast action.

In May, for the first time in four months, the Evanses got a Social Security check for the right amount. And, they got their back payments.

A Treasury official gave me this explanation for the tangle:

The punch card system used in the Chicago Treasury office to make up the checks was slipping a cog. It was doing so in a way which couldn't be easily detected.

"This is bound to happen once in a while," he told me. "After all, our offices around the country write more than 260 million checks a year, about 10 million a month for Social Security payments alone."

Think of it: Ten million Social Security checks a month. Laid end-to-end they'd reach from Pittsburgh to Denver. Piled up they'd make four stacks as high as the Empire State Building.

To write these checks, the Treasury Department has large offices in New York, Birmingham, Philadelphia, Kansas City, Chicago and San Francisco.

★ ★ ★

The Social Security Administration generally doesn't get involved in the check writing, except to tell the Treasury Department whether you've got Social Security coming.

When it does, one of the Treasury's six check writing offices—usually the one nearest your home—makes up a punch card or an address plate.

Punched on the card or written on the plate is all the information needed to write a check for you every month.

After your card or plate is made, it's added to the others on file at the office. Then, once a month the plate or card—along with the others—is run through a machine which imprints your name, address, payment, Social Security number and so forth on your check.

The Treasury Department has elaborate checking and double-checking methods to catch bad checks before they're mailed out. But, as it did with the Evanses, the system sometimes fails.

★ ★ ★

"One time," the Treasury official recalls, "we sent out a check for 70 billion dollars. Of course it couldn't be cashed. There wasn't enough money in circulation in the whole United States to do it."

Say They'll Behave at Student's Funeral

PANAMA (AP)—Students promised an orderly funeral today for a high school youth fatally injured in demonstrations against Panama's education minister.

★ ★ ★

President Ernesto de la Guardia Jr. blamed the clash yesterday between the students and National Guardsmen on political opponents who he said used the youths as a shock force against his government. He agreed to meet tomorrow with student leaders to discuss their demand for removal of three guard commanders.

Sixty-two persons were injured in the clash at Panama City's largest high school — 42 students, 18 guardsmen and two bystanders. Four students and five guardsmen were hospitalized.

★ ★ ★

The students hurled stones at the guardsmen and attacked them with clubs before the troops broke up the mobs with shots fired into the air and tear gas. De la Guardia said the dead student, Jose Manuel Arauz, died of contusions rather than bullet wounds.

★ ★ ★

The students accuse Juliao with not properly equipping and staffing all high schools. They also demand an investigation of the use of U.S. aid funds allocated to improve Panama's schools.

Bob Considine Says:

Billy Martin Casey's Best 'Little Player'

NEW YORK (INS) — People . . . places . . . things . . .

Secretary Dulles told a closed session of a Senate committee: "The disorders would never have taken place against Nixon in Caracus under Jimenez (deposed dictator now enjoying political asylum in U.S.). He had a first-class police department. When he was forced out, so were they. The junta hasn't been able to put a good one together as yet."

One of baseball's most enchanting characters since he broke into the cartel on horsehide in 1910 has been Charles Dillon Stengel.

At last Casey has been dealt with properly in a book, "Casey Stengel," by Frank Graham Jr., published by John Day Co. It's Casey in single-talk. No sanskrit "trot" is needed to read it.

When Casey was forced to cast loose his favorite ballplayer, Billy Martin, he called him in and said, "Well, you're gone. You were the smartest little player I ever had. You did everything I ever asked."

★ ★ ★

The verdict to cut Martin off had come down from George Weiss, general manager of the Yankees, who also had hit the Yankee regulars with heavy fines after that still-mysterious brawl at the Copacabana.

Graham reports:

"When a reporter asked Casey whether there was trouble between Weiss and him, he shrugged and looked away.

"'No trouble,' he said. 'Weiss hasn't lost a game all season.'"

Latin America Studied Closely

Senate Group Weighs Anti-Nixon Violence Against U.S. Policies

WASHINGTON (AP) — The Senate Foreign Relations Committee weighed testimony today that Communist exploitation of Latin-American grievances against U.S. economic policies fanned mob violence against Vice President Nixon.

★ ★ ★

A State Department spokesman told the committee that Nixon was informed in advance there was danger of disturbances in Venezuela but added that "on the basis of assurances by the Venezuelan government of its security measures, violence in Caracas was not anticipated" despite rumors of an assassination attempt.

Robert Murphy, deputy undersecretary of state for political affairs, said that there was no evidence at present that the Latin-American demonstrations against Nixon and his wife were directly connected with anti-American outbursts in Lebanon, Algeria, Indonesia or elsewhere. He said their timing appeared to be largely accidental.

★ ★ ★

Murphy's prepared statement, subsequently released, said Nixon and his Secret Service bodyguard were briefed in advance of Latin-American resentment against U.S. trade restrictions and were told that there "might be more danger of disturbances in Venezuela than any other place."

But generally speaking, Murphy told the committee, there was nothing in the past history of U.S. Latin-American relations to indicate the possibility of substantial violence.

★ ★ ★

Murphy attributed the violence in Venezuela and Peru, and demonstrations elsewhere in Latin America, to "the intensive exploitation by Communists and other anti-American elements of grievances against our policies."

But he added: "There is no evidence at present of a Soviet effort to effect a coordinated worldwide demonstration of anti-Americanism" to coincide with Nixon's trip.

Former ambassador to Japan Joseph C. Grew, foremost spokesman against the admission of Red China to U.N., says:

"One of our major objectives is to convince our allies of the tremendous dangers of building up the potential military might of international communism through trade.

"Our arguments have no validity whatsoever unless we are prepared to back them up with alternatives. If we convince our friends not to trade with the Communist world, then we must, in all logic and honesty, permit them to ease part of the ensuing economic burdens through trade with us.

★ ★ ★

"In some instances, such trade may mean relatively minor sacrifices on the part of some sections of our economy . . . small price to pay when compared to relatively major sacrifices made by other nations through their refusal to trade with the Communists."

San Francisco's Benny Bufano, unofficial U.S. delegate to Moscow's 40th anniversary celebrations of the Bolshevik Revolution, did not design the buffalo nickel—as reported here three years ago and recently on the coast.

The designer was James Earle Fraser. In 1931, the late Mr. Fraser, whose widow is a distinguished sculptor living in Westport, Conn., wrote the Commissioner of Indian Affairs that the Indian on the nickel was inspired by three braves, Iron-tail, Two Moons, and a man whose name he could not recall.

Bufano has done some fine work, but not the nickel, a largely eclipsed coin whose one-time renown is recognized only by the Staten Island Ferry.

The next big world health assault will be against leprosy. . . . Louse that he is, I still wish we were exhibiting Chaplin's American-made "City Lights" among our great film achievements at the Brussels Fair.

It's probably the greatest picture ever made in this country. . . . A major safety razor company will add a fish hook and kit to its Father's Day package—craftily recalling that the U.S. Fish and Wildlife Service estimates that 20,000,000 fishermen, using 14,000,000 assorted hooks, will catch half a billion pounds of fish this year.

The National Congress of Parents and Teachers, founded 61 years ago by Mrs. Alice McLellan Birney and Mrs. Phoebe Apperson Hearst, is being held in Omaha this week.

PTA has grown to 12,000 groups with a membership of 11,000,000—and the encouraging thing is that male membership is now up to one third. . . . It's not true that Sen. Jack Kennedy has demanded equal time in Caracas, as reported. He's demanding, in view of his gruelling speaking schedule, equal time at home.

Man Boasting of Plan to Kill Truman Escapes

RALEIGH, N.Y. (AP) — Leroy Shadrick, 33-year-old former coal miner who boasted of trying robbery to finance an assassination attempt on former President Harry S. Truman, is on the loose again.

Shadrick, Harlan, Ky., native, and four other inmates of the state hospital's ward for the criminally insane escaped last night by sawing a hole through a window screen.

He was committed for observation under court order last December before trial for attempted robbery of the Home Savings and Loan Assn. in Albemarle, N.C.

Shadrick said death of his soldier-brother in Korea prompted him to think of the assassination scheme.

Hong Kong harbor is 17 square miles in area.

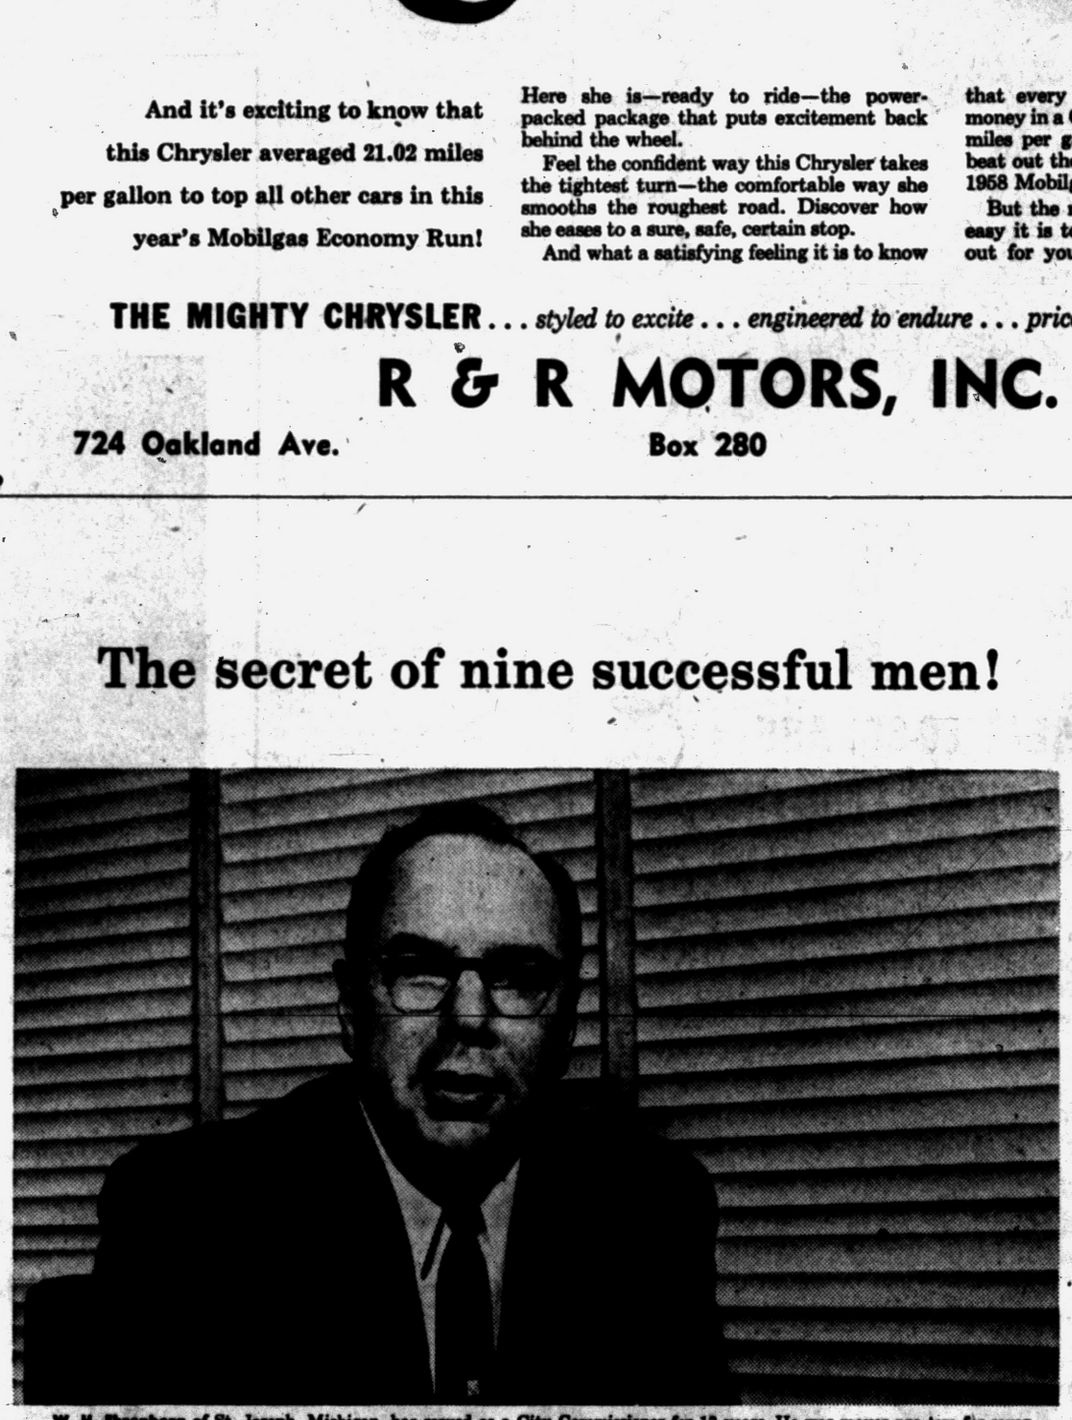
The secret of nine successful men!



W. H. Ehrenberg of St. Joseph, Michigan, has served as a City Commissioner for 13 years. He was mayor pro tem for seven years, and was voted "Young Man of the Year" in 1947. He has had a Standard Oil dealership for 21 years.

W. D. Bryan of Normal, Illinois, has devoted much time to city government, having been a member of the City Council Board for 14 years. He participates in Rotary Club activities and is active in church work. He has had a Standard Oil dealership for 21 years.

Al Mann of West Lafayette, Indiana, is a member of the city traffic commission. He is chairman of the Off-Street Parking Committee, and is a member of a group set up to advise the school board. He has had a Standard Oil dealership for 22 years.

Edward L. Wesemen of Hampshire, Illinois, is secretary of the school board and has been a member of the board for three years. He has served as treasurer of his church for five years and is active in PTA. He has had a Standard Oil dealership for 13 years.

A. A. Lange of Milwaukee, Wisconsin, is a member of the Civil Defense corps and participates in PTA and YMCA activities. He is a member of a business group devoted to neighborhood improvement. He has had a Standard dealership for 25 years.

THE nine men on this page are all successful businessmen. They are important men in their communities, important as consultants to one of America's biggest companies, important for the part they play in performing civic and community jobs for the benefit of all.

What is the secret of their success? Actually it's pretty simple. Their friendliness, helpfulness and efficiency have never been confined to business alone.

You will find them serving their communities in many ways—from membership on City Councils to active participation in youth work. They also serve 16,000 fellow businessmen, sharing their time and knowledge to help solve mutual problems.

Who are they? Strangely enough, they are all in the same business. And there are *thousands more as friendly and efficient* in the same business. They are all Standard Oil dealers!

These nine men are independent businessmen—not employees of Standard Oil. As members of the 1958 Standard Oil Dealer Advisory Council, they are available as consultants to officials of Standard Oil, giving advice and suggestions on how to further improve service to the motoring public. Nearly 100 suggestions by previous Dealer Councils, including the popular plan for guaranteed radiator protection, have been adopted by the company in the past five years.

Both on and off the job they are striving to serve their fellow citizens and business associates better. No wonder their friends and neighbors depend on them—and on the thousands of Standard Oil dealers just like them.

What makes a company a good citizen?

Citizenship has many obligations. But surely one of the most important for a big business is a high standard of conduct that will enable smaller businessmen to grow and prosper. At Standard, we are proud of the fact that thousands of our dealers are successful both in business and civic life.

Charles Pell of Chicago, Illinois, has worked on neighborhood improvement projects as a member of the Garfield Park Chamber of Commerce. He also has served on committees of the American Petroleum Institute. He has had a Standard dealership 28 years.

W. E. Cook of Kansas City, Missouri, has been active in Boy Scout work for years and is now a troop chairman. He is a leader in youth programs, such as boys' baseball and Sunday School work. He has had a Standard dealership 18 years.

A. V. Tiedel of Minneapolis, Minnesota, is a member of the Commercial Club, a business organization interested in neighborhood improvements. He has served four years on the Dealer Advisory Council and has had a Standard dealership 24 years.

Harry Hjortshoj of Atlantic, Iowa, is chairman of the Roads Committee of the Chamber of Commerce. He has been a volunteer fireman since 1940 and has worked on Red Cross fund drives. He has had a Standard Oil dealership for 20 years.

Question Still Plagues Capital

Why Did Latins Throw Stones, Spit on Nixons?

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON (AP) — Five years ago Milton Eisenhower, the president's brother, made a Latin American tour and received a warm welcome. Vice President Nixon now repeats the tour and is stoned and spit upon.

Why in five years has the Latin American attitude towards this country taken such a bitter turn? There's no easy answer.

Blaming it all on Communists would be too easy, relieving this country of the need for self-examination in its relations with, and its policies towards, Latin Americans. Such a self-examination, after what happened to Nixon, seems needed.

No doubt Communist influence in Latin America has increased—as it has around the world—in the five years since President Eisenhower's brother went there and came back with this report:

"Everywhere we went, we were greeted with what seemed to be unprecedented friendliness." He and Nixon were sent on the same tour for the same purpose: fact-finding.

★ ★ ★

But there are other factors involved besides Communists, for the demonstrations against Nixon in Latin America weren't limited to college students.

For one thing, there's a recession in Latin America. This country is blamed for at least part of it because of American trade policies: the United States has cut down on its imports from there.

Many Latin Americans probably feel this country—anxious to stop the spread of communism in Europe and Asia—is taking them too much for granted and is giving much more interest, concern and economic benefits to countries elsewhere.

★ ★ ★

Nixon got the worst treatment of his trip in Venezuela. In oil-rich Venezuela, American firms have invested three billion dollars, the largest American investment in any country except Canada.

Venezuela, because of the oil investments, has the largest per capita income in South America.

But it doesn't necessarily follow that the income is divided equally. Last January the New York Times reported that the great mass of Venezuelans are impoverished.

The United States has given Venezuela three million dollars in foreign aid in the past 13 years. Twice in the past year this country has restricted the amount of oil that could be imported from Venezuela.

It was in January that the Venezuelans threw out Marcos Perez Jimenez, a dictator there for 10 years. In its 135-year history Venezuela can be said to have had a fairly democratic government for perhaps no more than three years, and that was just before Jiminez took over in 1948.

★ ★ ★

The present regime—a junta or council—is more liberal than the dictatorship. Police contraols were relaxed a bit. That may account in part for why the mob which besieged Nixon was able to get out of control so easily.

Crisis Easing in Venezuela

Ruling Junta Renews Its Pledge to Schedule Free Elections

CARACAS, Venezuela (AP) — Venezuela's political crisis appeared easing today as the ruling junta was restored to full strength. The regime renewed its pledge to hold free elections.

New friction arose, however, as Venezuela's major political parties complained that they had been given no part in revamping the junta. They demanded that the junta be enlarged to include representatives of the political factions.

★ ★ ★

The Communists bugled warnings that a military coup might develop.

Adm. Wolfgang Larrazabal, junta chief, swore in two new civilian members last night to bring the five-man ruling group back to strength. Finance Minister Arturo Sosa and Junta Secretary Edgar Sanabria were named to replace civilians Eugenio Mendoza and Blas Lamberti. Hector Santaella, Venezuelan ambassador to Washington, was named junta secretary.

★ ★ ★

Larrazabal also promised to lead the nation to a democracy based on the will of the people, and said an election law will be promulgated May 23.

Rumors circulated that several military men had been arrested to avert any move against the junta which took power after the January revolt toppled dictator Marcos Perez Jimenez.

The unexpected resignations of Mendoza and Lamberti Sunday had left the junta manned by three military men only and touched off the crisis.

The reason for the sudden resignations was not clear. Mendoza said economic differences had been developing for some time. For one thing, he favored revision of certain clauses in a trade treaty with the United States that would permit greater development of some agricultural products in Venezuela.

BOOTIFUL—Betty Frazee fills the bill—as well as those huge fisherman's boots — at Silver Springs, Fla. Net result: a pretty picture.

Waits 20 Years at Cemetery for First Customer

WALPOLE ST. ANDREW, England (AP)— For two long decades Walter Hammond, gravedigger and custodian of the New Cemetery, has been waiting patiently for his first customer.

The cemetery was laid out in this Cambridgeshire village (population now 807) in 1938. There seemed to be a need. For years residents had been getting themselves buried in the jampacked churchyards of neighboring parishes.

The Rural Council erected a fancy fence with wrought iron gates around the acre of ground, put Walter in to run the show, and sat back to await business. They, and Walter, are still waiting.

Each day Walter tramps the lonely road to his cemetery, opens the wrought iron gates, and does a little caretaking. On the side he grows a truck garden in the spaces where the graves ought to be.

In desperation the Council advertised in the newspapers last February that new cemetery "is now available for burials." No response.

"Maybe," said Council Clerk Ronald Dixon, "people insist on being buried where their parents and grandparents are buried. We have done all we can. It's a lovely little cemetery."

Walter, sadly weeding his onions, radishes and lettuce, said he sometimes despairs of ever making a start on his life's work.

"You know," he said, "I think once one person is buried here others will follow.

"The trouble is, nobody seems to want to be first."

Plagued Day And Night with Bladder Discomfort?

Unwise eating or drinking may be a source of mild, but annoying bladder irritations — making you feel restless, tense, and uncomfortable. And if restless nights, with nagging backache, headache or muscular aches and pains due to over-exertion, strain or emotional upset, are adding to your misery—don't wait—try Doan's Pills.

Doan's Pills act 3 ways for speedy relief. 1 — They have a soothing effect on bladder irritations. 2 — A fast, pain-relieving action on nagging backache, headaches, muscular aches and pains. 3 — A wonderfully mild diuretic action thru the kidneys, tending to increase the output of the 15 miles of kidney tubes. So, get the same happy relief millions have enjoyed for over 60 years. New, large, economy size saves money. Get Doan's Pills today!

Cost on GI Homes Continues Advance

WASHINGTON (AP)—The cost of homes bought by veterans continued to advance during 1957, Veterans Administration statistics showed today.

★ ★ ★

Veterans paid an average of $13,800 for the homes they purchased last year under the GI home loan program, Administrator Sumner G. Whittier reported. That was $895 more than the $12,905 average in 1956.

★ ★ ★

The average paid for new GI houses last year was $14,335, compared with $13,390 in 1956.

Used homes cost an average of $12,100 last year, up only $130 from 1956.

Moth-Hunting Woman Bangs Hubby Instead

SOUTH AMBOY, N.J. (AP) — Mrs. Roman Fernecz tried to ag a moth with a hammer. A few minutes later she called police and announced: "I don't think my husband is breathing."

★ ★ ★

Officers found the husband out cold on the floor. The woman explained that she had tried to swat the moth but had connected instead with her husband's finger.

Fernecz was revived and reated for the bruised finger at a hospital.

The moth is still at large.

THE CORRECT WAY — The rural mail box in front of the Pontiac Post Office, E. Huron St., is up to par as far as postal regulations are concerned. Beginning today throughout the week, Pontiac area residents are asked to fix up their mail boxes during National Mail Box Improvement Week. Left to right are Norbert Kubiak, 716 Joslyn St., a parcel post carrier; Francis Donohue, 651 S. Williams Lake Rd., president of the Pontiac branch of the National Association of Letter Carriers; and Robert C. Miller, acting postmaster. Residents can check with their carriers or the post office for the standard regulations necessary.

Job to Do Decides Wood You Buy

Hardwoods are graded with different designations — Firsts, Seconds (often combined), Selects, No. 1 Common (often combined), No. 2 Common, Sound Wormy, No. 3A Common, No. 3B Common.

Don't buy clear grades of lumber if you intend to paint. Buy the least expensive grade that will do the job you have in mind.

On small jobs it's often economical to buy a lower grade of lumber and cut away the defects.

The difference in price between two grades is usually great enough to make up for the waste.

If you plan to construct a garage, porch or some similar structure, check your local building code. A specific grade of lumber may be required.

Under Porch Areas Should Be Enclosed

Enclosing areas under porches often greatly improves the appearance of an older home. If left open, these areas quickly become cluttered with wind-blown leaves, paper and other refuse.

Quickest and easiest method of enclosing under-porch areas is with either solid panels or strips of Masonite ¼" Tempered Presdwood. The hardboard is supported by a 2 by 2-inch lumber framework nailed to the porch joists at the top and held in place by stakes at the bottom.

If strips are used, their appearance can be enhanced by installing them at an angle in a lattice-type arrangement.

Similar enclosures also are suitable around crawl spaces and open areas under summer cabins and storage.

Three coats of paint on both sides of the panels is recommended. The first coat should be an exterior primer. Follow with two coats of exterior grade finish paint.

Dare to Be Different

Novel results often can be achieved by using standard materials in different ways. Wood flooring for instance, can be used as ceiling material—and exterior house siding has moved indoors in many contemporary homes.

Home Problem Clinic

Q.—In building our home, we made a mistake and neglected to install an outside basement entrance. Can this error be corrected

A.—Yes. A contractor with a modern electric hammer can cut through your foundation and provide an opening for a door in about an hour's time. Concrete or cinder blocks may be used to build steps to the grade, and the steps may be covered with a double-leaf steel hatchway which is weather-proof and provides permanent protection against the weather. Some skilled home handymen have done this job themselves.

Q.—A large part of my yard is in the shade most of the day. Is it possible to grow any shrubs in the shade?

A.—Yes. The American Association of Nurserymen says that a long list of evergreens, flowering shrubs and trees do better in the shade than the sun. The list varies according to the climate, but if you consult a qualified nurseryman he will recommend many shrubs that are ideally suited for your area.

Q.—What's the best way to grade the land around my house?

A.—Set the house low on the ground in front, so that low shrubs completely cover the foundation. To enable basement windows to let in a maximum of light, grade the back of the house about two feet lower than the foundation. This will also provide a "perfect fit" for the steel hatchway covering the outside steps from the basement.

Ample Hot Water a Vacation 'Must'

Sure, it's just a vacation cottage and roughing it a bit won't hurt. But try telling that to a face that's used to hot water shaves. Or to a pile of dirty dishes that won't come clean. Or to a foot-weary guest.

Any cottage that's worth a water supply deserves an adequate supply of hot water, and can have it at modest cost, says the Gas Appliance Manufacturers Association. If it's beyond gas utility lines it almost certainly is within the range of a dealer who will provide liquefied petroleum gas in tanks or bottles.

The size and cost can vary with your needs and budget, and installation and venting can be economically achieved. And it probably won't be too big a job for a plumber to make or extend the necessary connection to points of use — including the shower that's always ice cold after the first few splashes of sun-warmed water are gone.

Probably the average family won't need quite as much hot water as at home, where the washing machine, dishwasher and bathtub hike demands. But the supply should generously meet needs of both family and guests.

Commuting, Large Bills Irk Suburban Fathers

(This is the second of four articles reporting on the tensions peculiar to suburban living—what causes them and how they can be handled to prevent trouble within a family.)

By PATRICIA McCORMACK
INS Medical Science Editor

Tensions on suburban husbands cluster about the longer "commute" to work, a higher-pitched "togetherness" when home, and unanticipated bills.

★ ★ ★

With the help of the three big virtues—faith, hope and charity—many fathers are, of course, mastering their tensions.

REACTION SEVERE

But sociologists from the Family Service Association of America say that many men are having a severe reaction to the physical and emotional strain of commuting.

There are tensions, too, from the divisions of life induced by the twin demands of business and social obligations in the city on one hand, and the heavier family, social and community obligations in the suburbs, on the other.

Medically speaking, these tensions may combine to produce one or several sicknesses. For example:

—Nerves, literally on edge, may drive the suburban father into the tranquilizer or sleeping pill habit.

—Yard-tending, coupled with the physical strain of the long trip to work, may affect the heart, especially in those middle-age men prone to heart disorders.

—Severe stress may set off ulcers in ulcer-prone fathers.

LEAD TO INSTABILITY

Dr. Fred Brown, chief psychologist at Mount Sinai Hospital, New York, says tensions, in the commuter's life especially, may lead to instability in the family unit, marital stress and even juvenile delinquency.

The impulse to get away from the city and create a Shangri-La in the suburbs can result in severe domestic strain, the psychologist added. He said that, for example, when the father drinks on the way home—in the bar car or elsewhere—to escape business tensions, and prepare for the "reunion" with his family, this is felt by the children.

The psycholoist even says that some fathers might actually have moved the family far out into suburbia to satisfy a hidden desire to avoid normal household responsibilities.

★ ★ ★

But eventually, father does arrive home. And when he does, he is caught up in congenial "togetherness," the second main cause of tensions on suburban husbands.

Some socioloists claim this togetherness is crowding the image of "rugged maleness" from the American scene.

Dr. Harold L. Wilensky, sociologist from the University of Michigan, puts it this way:

"Think of the woman who increasihgly feels she should be a part of her husband's leisure activities.

★ ★ ★

"Then think of her husband who once could get away from it all by retreating into an all-male world—the tavern, ball game or fishing trip."

Some men, of course, are so sold on "togetherness" that they develop tensions when office work or a traffic jam keeps them from having dinner with the family.

In fact, some are so much sold that famed anthropologist Dr. Margaret Mead has suggested the screening process for young executives might now include testing their tolerance for missing dinner at home or a family picnic.

★ ★ ★

The economic tensions on the suburban father stem mostly from unanticipated expenses.

He wants better schools. Eventually he gets them—and higher taxes.

Certain times of the year he must spend money to improve his landscaping, feed the shrubs and lawn. Club dues, dancing lessons for the children, a second car are other sources of economic headaches for some husbands.

★ ★ ★

These "growing pains" may be cured by a raise at the office. If not, there's often a second job—and more tensions.

Next: Tensions and suburban children.)

Divider Cabinet Holds Card Tables and Chairs

For the recreation room or living room, a cabinet for storage of a card table and folding chairs can also be an attractive and useful piece of furniture.

Starting at the base, first make a rectangular frame of 1 x 4-inch lumber, using two 34-inch lengths and two 8-inch lengths. Make sure the ends of each piece are cut square, using a miter box for a guide; and assemble the frame using glue and dowel joints.

The lower cabinet is made of 1 x 12-inch lumber: two 38¾-inch lengths for the sides and a 38⅛-inch length for the top. Cut the bottom 1 x 12 to fit between the sides. Assemble the sides and top, using glue and dowels or glue and six-penny finishing nails. If the back is to be exposed, as shown in the drawing, a display panel of hardwood plywood may be used; or the back may be paneled in with boards.

The two doors, each 18 x 39½ inches, may be of hardwood plywood, or of two 1 x 10-inch boards, edge-glued. Fasten the lower cabinet to the base with glue and six-penny finishing nails.

The upper, open cabinet is made in bookcase-style using 1 x 10-inch lumber and is 32 inches high and 35 inches wide. Assemble with glue and dowels or finishing nails.

As for the lower cabinet, the back may be of hardwood plywood or board panels. Fasten the open cabinet to the lower one with glue and six-penny finishing nails.

Semi-elliptical door framing may be used to add attractive trim to the upper cabinet. This trim is made in picture-frame fashion, with mitered corners.

Set all nail heads and fill the holes with wood putty. Sand the entire cabinet and round all sharp edges before finishing.

Floor Comes in a Package

Home remodelers who want new hardwood floors over their old ones, but are considering a substitute because it's easier to install, will be interested in a newly introduced "remodeler's" flooring that comes in a 34-pound package and can be installed with no more tools than a hammer.

E. L. Bruce Co. of Memphis, world's largest hardwood flooring manufacturer, has just brought out a new ⅝"x2" factory-finished hardwood strip flooring, packaged in a nested carton that contains enough flooring to cover 25 square feet of floor area, including cutting waste. Nails for installation, and complete installation instructions are also included.

What makes this new flooring a remodeler's dream is that the ⅝"-thick strips can usually be installed without removing baseboards. Just fit flooring up to the baseboards and nail, after moldings have been removed, then tack moldings back into place. The strips fit because they are thinner than regular flooring, yet they'll give a lifetime of wear under ordinary circumstances.

The new flooring is sold by the package; hence it's necessary only to know room size to be sure of getting correct quantity. Only two of the neat, compact cartons need be opened at one time to lay a floor, thus the stacks of flooring bundles that must be laid out to find correct lengths when ordinary flooring is used can be eliminated.

The cartons are 8'2" long and will fit into an automobile trunk.

Like all factory-finished hardwood floors, this one is ready for use when the last nail is driven. Even final cleaning and waxing is unnecessary since the carton protects the prewaxed surfaces from dust and dirt during storage and transit.

Questions and Answers

Q—When incense cedar is used to line a clothes closet, how should the wood be finished?

A—Leave the incense cedar unfinished in clothes closets to allow its natural fragrance to escape into the room. When the strength of the cedar odor has diminished with time, a light sanding of the surface of the cedar paneling will restore it.

Q—The cane of a chair has stretched and now sags. Does the cane have to be replaced?

A—Not necessarily. Try turning the chair upside down and sponging the cane with hot water. This will tighten it, but let the cane dry where there is good air circulation.

Plan Adequate Counters

Minimum counter space requirements for the average kitchen should be about 140 linear inches. This includes 36 inches for food preparation, 24 inches adjacent to the range, up to 36 inches each

Interest Rates Lower

For conventional financing of new homes, 40 per cent of the country now quotes a prevailing rate of 5½ per cent, and a few areas indicate a lower rate; only 21 per cent of the nation made the same report in December 1957.

Learn Simple ABCs of Lumber Buying

Aside from the fact that he knows that a 2x4 doesn't measure two inches by four inches, many a handy man is a babe-in-the-woods concerning facts about lumber.

First of all, hardwood isn't always hard and softwood isn't always soft. Some so-called soft woods are harder than such hard woods as poplar. The terms "hardwood" and "softwood" refer to the kinds of trees from which the lumber was cut.

Softwoods come from needle-bearing or cone-bearing trees; hardwoods from broadleaf trees.

Softwoods are used mainly for structural purposes. Common softwoods are cedar, fir, pine, redwood, spruce, hemlock.

Hardwoods are preferred for furniture, interior finish and flooring. The most common hardwoods are oak, walnut, mahogany, birch, hickory, ash, beach, maple, gum.

The important thing to remember is that soft woods will take care of most of the repairs and small construction jobs you'll be making around the house. Don't purchase an expensive piece of wood for a basement shelf, when a simple, pine board is all that's called for.

Make Basement Door Storm-Screen Type

Professional contractors often install a combination storm-screen door to serve as the entrance door to the basement from the yard, reports the Better Basement Institute. The door gives more light and ventilation than an ordinary door. The steps to grade are then covered with a double-leaf steel hatchway, which is both weather-tight and burglar-proof.

The 10th anniversary of the Catholic Social Services of Oakland County will be observed with a dinner Thursday at Devon Gables. Preparing for the event are these board members, (left to right) Mrs. Clarence A. Chapman, Mrs. Palmer G. Bundy and Mrs. Edward J. Schott.

Catholic Services Set to Mark 10th Birthday

John F. Holland, director of the Michigan Association for Retarded Children, will be keynote speaker at the 10th anniversary dinner of the Catholic Social Services of Oakland County, Thursday.

Leonard R. Jagels, executive secretary of the agency, announced today that the dinner will be held at 6:30 p.m. at Devon Gables.

★ ★ ★

Catholic Social Services, the one-time Catholic Family Center of Pontiac, had its small beginnings in downtown Pontiac with offices on the main thoroughfare. Later, it moved to the present home on Franklin boulevard.

BRANCH OPENED

This year, the agency announced the opening of a branch office in Royal Oak, which according to its director, the Rev. John A. Trese, has already given service to 1,200 families in the southern part of the county.

★ ★ ★

The agency was established, mainly to support and strengthen family unity in time of difficulty. Numerous problems arise in many well-intentioned families, which often disrupt

JOHN F. HOLLAND

the harmonious pattern they ordinarily follow.

For this reason, a trained staff is ever present to serve those who would come to the agency, requesting help with their problems. No charge ever is made for service, and no one is refused help.

Service is available to all regardless of religion, color, or station in life, and all cases are treated with utmost confidence, Jagels explained.

The service covers marital difficulties, behavior problems of children, socially illegitimate children, hospital arrangements for birth of infants, planning for the aged, adoption requests, arranging for foster care and the many emotional problems arising out of marital discord.

Mrs. Rehm Installed by Sorority

Also elected to office were Mrs. S.V. Sekles, first vice president; Mrs. Arnold Hillerman, second vice president; Mrs. Myron Buck, recording secretary; Mrs. Alex Capsalis, corresponding secretary and Mrs. Herman Dickstein, treasurer.

Mrs. Paul Gorman as parliamentarian, installed the officers.

The group voted Janice Antona as the most outstanding citizen, for her contribution to the community.

Retiring president Mrs. L. Raymond Sampson, gave the president's report.

Mrs. Joseph Bennett was chairman of the day assisted by Mrs. R. A. Armstrong, Mrs. N. W. Strait, Mrs. A. Floyd Blakeslee and Mrs. C. E. Patton.

The tea table was covered with a sheer appliqued organdy cloth and centered with an arrangement of yellow chrysanthemums, water iris and snapdragons. Mrs. Frank Bonner and Mrs. J. C. Walker presided.

SALLIE PATRICIA PECHAUER

Mr. and Mrs. John J. Pechauer of Lathrup Village announce the engagement of their daughter, Sallie Patricia, to Dr. James Walter Gell of Dwight avenue. He is the son of Mr. and Mrs. Walter C. Gell of Long Island, N. Y. Sallie attended Marygrove College and was graduated from the University of Michigan School of Nursing. Dr. Gell was graduated from Columbia University and University of Michigan Medical School.

Alumnae Announce Officers

Mrs. E. Eugene Bychinsky is president of University of Michigan Alumnae in Birmingham. Serving with her are Mrs. Frederick Adams, vice president; Mrs. Stewart Cram, recording secretary; Mrs. James Temple, corresponding secretary, and Mrs. Sylvester Leahy, treasurer.

★ ★ ★

By ABIGAIL VAN BUREN

"DEAR ABBY: I want to ask you to please ask your readers their opinion of Elvis Presley going into the Army and not expecting any special privileges just because he is Elvis Presley? You will notice that when they cut all his hair off he didn't say a word. That ought to prove to those people who said he looked like a "hood" that they were wrong. I hope the other boys in the Army don't make it tough for him just because he is so famous. Thank you.

ELVIS PRESLEY FAN CLUB

DEAR CLUB: Don't worry about Elvis. He'll get a fair "shake."

ABBY

★ ★ ★

DEAR ABBY: After having six boys, we had a baby girl. She was born on St. Patrick's Day and my husband got drunk and carried on for six days. Our little red-haired, blue-eyed girl is almost four years old now, and she is so spoiled she acts like she is the only child in the house.

"My husband lets her sleep with us (in the middle) and there is no getting her to sleep in her own little bed. She throws herself around in bed and I get up and sleep on the couch. She absolutely refuses to sleep anywhere else and I can't do a thing with her. Can you please tell me what to do?

A. O'. B.

DEAR MRS. O'B.: Stop using the couch at night or you'll be needing one during the daytime, too. Make it plain that this child MUST sleep in her own bed—alone—and no nonsense. As long as she knows she can win out, she will not budge.

★ ★ ★

"DEAR ABBY: I could have kissed the words on the paper when you said the adopted child was "wanted twice." First by the real mother, and again by the adopted mother. I was an unwed mother and I gave up my child because I knew she would have a better chance in life if I did.

"The lawyer told me when I signed my baby girl away that my kind of mother love was the highest and most unselfish love in the world because I gave away my flesh and blood for HER own good. Not mine. Those words have kept me going for sixteen years, Abby. The adopted child IS wanted twice, all right. I will tell the world from my own experience.

UNWED MOTHER

"DEAR ABBY: The lady who has trouble getting her husband up to go to work in the morning might try MY "last resort" method. I take a tray of ice cubes direct from the refrigerator and place it gently on his bare abdomen. It works wonders at our house. Of course, we don't speak for several hours, but at least he gets up."

MRS. H. A. H.

DEAR MRS. H.: Your method is pretty coldhearted. There must be an easier way to "break the ice."

★ ★ ★

CONFIDENTIAL TO AL: A few kind words don't cost anything. Words are cheap and the labor is your own.

SHIRLEY KRETCHEN

Mrs. Marie Moriarty of Hudson street announces the engagement of her daughter, Shirley Kretchen, to Robert Rivenburgh, son of Mrs. LaVerne Beatty of Hazel street. A June 7 wedding is planned.

How to Report Your Wedding

Once again The Pontiac Press women's staff gives prospective brides several suggestions for a complete and timely wedding story.

★ ★ ★

Wedding forms are mailed upon request, or to anyone announcing her engagement in The Pontiac Press. This is an aid to prompt, accurate and complete information.

SIX-POINT GUIDE

We suggest the guide below:

1. The picture and wedding blank should be returned to The Press at least two days before the wedding as this amount of time is needed for handling such detailed stories. (Those received more than two days after a wedding will not carry a photograph or details of reception, bridal costumes, etc.)

2. Because of limited space, the prospective bride may submit only one picture (either engagement or wedding) if she is to be married within two months of the engagement announcement.

3. Pictures taken at the wedding must be in to The Press not later than the second day after the ceremony.

GLOSSY PHOTO BEST

4. Photographs should be black and white glossy prints, as colored or sepia pictures will not reproduce well. Snapshots are not acceptable.

5. A complete address must be written on the back of each picture that is to be returned.

★ ★ ★

6. The Press will not assume responsibility for loss or damage to photographs.

Wreath Would Be Better

By EMILY POST

"Dear Mrs. Post: One of the girls in our office lost her father recently very suddenly. Our boss directed that a wreath be sent from the company, but none other than those in the Accounting Department knew of this.

"In the meantime, another girl solicited donations from among the office personnel and had collected over $20 for flowers. I, knowing that a wreath had already been ordered, suggested to the collector that the cash contributions be turned over to the bereaved family in lieu of a second wreath of flowers.

"A controversial issue arose from still another person in the office who said that a cash offering would be in very bad taste. Will you please give us your opinion?"

Answer: A cash offering, unless the family was known to be destitute, would have been in very bad taste. I hope you all decided on the second wreath.

"Dear Mrs. Post: My son has just announced his engagement and I was told that it is up to the man's mother to buy his fiancee a personal present. Will you please tell me if this is true, and if so, have you any suggestions as to what I might give her?"

Answer: There is no set rule, but it is a rather typical impulse of welcome on the part of a future mother-in-law to give her son's fiancee a present. If you have a piece of family jewelry that you could give her, that would be perfect.

"Dear Mrs. Post: When handing a salad bowl of greens around the table, should separate plates be provided at each plate, or may the salad be put on the dinner plate?"

Answer: If the salad is taking the place of vegetables, then it belongs on the plate with the meat. If there are vegetables besides, then a separate plate must be provided for the salad.

Know the Differences

Which Eye Man Should You Choose?

By JOSEPHINE LOWMAN

I think that there is much confusion in the public mind concerning the difference between an ophthalmologist or oculist, an optometrist and an optician. Today I want to clarify the meaning of these terms for you.

★ ★ ★

Our eyes are so very valuable to us that it behooves us to be sure that we put them in competent hands for treatment when any trouble occurs. All of these specialists are well trained in their own fields but their fields are different and some are more limited than others.

An ophthalmologist is a physician. He has completed a full medical course and has received his M.D. He has served an internship in general medicine and surgery in an accredited hospital and has also had special training in ophthalmology.

He is qualified to diagnose and treat defects in function and focus as well as diseases of the eye. He often consults with other physicians concerning general diseases which are reflected in the eye. Some of these are diabetes, multiple sclerosis and arterial sclerosis. The ophthalmologist is usually an eye surgeon as well as an eye doctor.

Oculist is another name for ophthalmologist.

An optometrist is not a physician. He is not allowed to treat the eye surgically or to diagnose or treat ocular disease. However, he has had special training which qualifies him to measure vision and prescribe glasses, and in most states he also fills the ophthalmologist's prescription for glasses.

FITS GLASSES

An optician is a skilled technician who fits glasses according to a physician's prescription. He knows how to measure your face and how to make glasses and fit them to you individually so that they will be properly placed in relation to your eyes. He supplies glasses only on a doctor's prescription.

Take care of your orbs!

Deacon of Pleasant Ridge, Mrs. John Waltz, Mrs. Laverne Borst and Mrs. Leonard DeLauder of Ortonville. Mrs. Clare DeLauder presided at the tea table.

Set Example in Grooming

Setting an example in good grooming is worth a whole lecture course in cleanliness.

This is the conclusion of a group of adolescents who said that mothers and teachers too often fail to practice the niceties of dress and appearance that they preach.

On the other hand, these teenagers take open pride in meticulous adults. "I've never seen my mother look sloppy, not even when she's scrubbing the floor," was the sweet and boastful compliment paid by one appreciative—and neat—young lady.

Crushed Candy Flavors Filling for Angel Food

By JANET ODELL
Pontiac Press Home Editor

Filling an angel food cake is an easy and delicious way of making a dessert. The one we suggest today would be nice to serve at a shower.

Mrs. Dewey Brady, a new resident of Oakland county, loves to cook. She has a delightful kitchen in which to prepare food. Flowers are her other hobby.

PEPPERMINT FILLED CAKE
By Mrs. Dewey Brady

1 large angel food cake
1 envelope unflavored gelatin
¼ cup cold water
¼ cup sugar
1 small can crushed pineapple, juice and all
1 tablespoon lemon juice
2 cups cream, whipped
½ cup crushed peppermint stick candy

Soak gelatin in cold water 5 minutes. Add sugar to pineapple. Beat and stir in gelatin, and lemon juice. Chill this mixture until slightly firm, then fold in one cup whipped cream and crushed candy.

Scoop out the angel food cake, filling in the hole in the bottom and leaving thick walls. Pour in gelatin mixture. Let stand in refrigerator over night. A few hours before serving frost with more whipped cream and sprinkle with crushed candy.

Take Honors for Music

A number of Pontiac and Rochester music students took honors at the Spring Music Festival, a regional contest held in Flint's Hotel Durant Sunday.

In the accordion division Mary Jo Willsey won first place and Christine Hadden, second. Bill Griffin received honorable mention.

Others recognized were James Felton, first place; Dorothea Van Dyke and Sandra Wyllie, both second place; and Karen McKee, third place, all piano students; Dan Holefca, third place, organ.

Douglas Preston took first place; Jack Haddrill, second, and John St. Amant, third, for selections on the Hawaiian guitar; and Eugene Silkowski, third place, and Vern Cole, honorable mention, for the Spanish guitar.

★ ★ ★

In the band division, third place honors went to the Pontiac Tune Twisters, composed of Don Stanger, Bob Young, Charles Zumbrunnen, Sandra Wyllie, Archie Hunt, Bill Griffin and Paul Quigley. Two bands warranted honorable mention—the Rochester Rhythmaires, with Eugene Silkowski, Ann Felton and Winnie Hayes participating, and the Pontiac Melodaires composed of Vern Cole, Christine Hadden, Madalyn Webber, John St. Amant and Douglas Preston.

Essay Contest Winners Named by Legion Units

Edwinna Palmer, Ruth Hazlett and Patricia Brown were selected as winners from Pontiac Central High School in the annual Americanism essay contest sponsored by Ladies Auxiliaries to American Legion Cook-Nelson Post 20 and Chief Pontiac Post 377.

Winners from Washington Junior High School were Janet Thoe and James Bank, and Barbara Berryman of Madison Junior High School also was a winner.

Final plans for a June 7 dinner to be held by Ladies Auxiliary to American Legion Cook-Nelson Post 20 were discussed at a Monday evening meeting. Mrs. Leo Mineweaser is chairman; Mrs. Eldon Showen, tickets, and Mrs. Roger Dean, dining room.

Parke, Davis Gives Land for Rochester Hospital

Dream Nears Reality Now

200-Bed Center Will Be Named in Memory of Bertha Van Hoosen

ROCHESTER — The dream of a community hospital in Rochester was several steps closer to reality today following the announcement yesterday by Parke, Davis & Co. that it has donated a 20-acre site for a new 200-bed medical center across from Parkdale Biological Laboratories at the northeast edge of the village.

★ ★ ★

Hilburn Carpenter, chairman of a Rochester citizen's committee, said it will be called the Bertha Van Hoosen Hospital, Inc., in memory of "one of this area's native daughters who operated in many hospitals across the nation during her nearly 60 years of medical practice."

Dr. Van Hoosen was born at Stoney Creek, near Rochester. She was Author of the best seller, "Petticoat Surgeon."

Her only living relative, Dr. Sarah Van Hoosen Jones of Rochester, has been active in the hospital campaign.

★ ★ ★

The medical center, which will serve a 250-square mile area around Rochester, will cost approximately four million dollars, Carpenter said.

A drive will begin immediately to raise funds for the hospital, he said. Contributions will be sought from business, industry and labor in the metropolitan area.

Construction is expected to start within five years.

FAIR TO FEATURE ARTIST'S GALLERY— One of the attractions of the Spring Fair being sponsored Saturday by the Northminster Church in Troy Township will be an artist's gallery where children's silhouettes will be drawn. Mrs. Delor Westerby of 2895 Hunt St., Troy, points to a sample sketch of her six-year-old daughter, Peggy, who beams approval.

Hear Plan to Boost Detroit Seaway Port

DETROIT (INS) — A plan to cut red tape and eliminate friction in promoting the Port of Detroit was under consideration today after the St. Lawrence Seaway's administrator encouraged port expansion by public funds.

Councilman William M. Patrick, chairman of the Port Committee of the Board of Supervisors, revealed the proposal following an address before the Economic Club of Detroit by Lewis G. Castle, St. Lawrence Seaway Development Corp. administrator.

Patrick was among 300 business and civic leaders who heard Castle conclude a report on progress of the St. Lawrence Seaway with a boost for the use of public funds for port development.

Castle warned that by next April the seaway will be open to the passage of vessels three times the size of those now being accommodated.

Patrick said he will call a session soon of his committee in an effort to speed up port expansion plans.

Detroit Lumbermen Agree on New Contract

DETROIT (AP) — Teamsters Local 458 and the Detroit Lumbermen's Assn. have agreed on a new 3-year contract.

The agreement, subject to ratification, was reached yesterday after eight hours negotiation with federal and state labor mediators. The signing eliminated a possible strike against more than 100 Detroit area lumber companies.

Terms of the new contract were not revealed.

Blind Man Dies in Fall

NEW YORK (AP)—While walking his dog on the roof of the building in which he lived, John Gunning, 69, a blind man, fell five stories to his death last night. The dog, a little terrier, ran frightened down to the apartment where Gunning lived with relatives.

At Northminster Church in Troy

Spring Fair Set Saturday

TROY — Saturday will be Spring Fair day qat the Northminster Church, 3633 Big Beaver Rd.

The event, first of its kind to be held by the church, will include indoor and outdoor activities for the young and old.

There'll be a host of bazaar booths, a bake sale and games to entertain the children. Among the special attractions will be a "green thumb" center featuring perennials and outdoor accessories, an artist's gallery and a general store with a host of novelties and hand-decorated articles for the home.

The Men's Club of the church will man an outdoor hot dog stand while inside the church donuts will be served "on the house."

Co-chairmen of the fair are Mrs. James Balmer Jr. and Mrs. John Edwards.

Booth chairmen include Mrs. Charles Schruhl, Mrs. Frank Fisher, Mrs. William Blazo, Mrs. Charles Lankton, Mrs. John Spaulding, Mrs. Martin Leimbach, Mrs. Robert Andrews, Mrs. Kenneth Hopkins, Mrs. William Rice and Mrs. Richard Clement.

Selecting Jury in Hoffa Retrial

Teamster Boss to Face New Panel on Charges of Detroit Wiretapping

NEW YORK (AP) — Selection of a jury began today for the federal district court retrial on wiretap conspiracy charges of James R. Hoffa, president of the International Brotherhood of Teamsters.

Hoffa's attorney, Henry G. Singer, failed in a last attempt to win another postponement.

The lawyer argued that adverse publicity involving Hoffa would preclude his obtaining a fair trial.

Singer challenged the whole panel of 100 prospective jurors, contending "no jury could possibly have intelligence and the ability to read and write, and not be affected as pertains to Hoffa."

But Judge Thomas F. Murphy denied the plea. He said he would rule at the end of the trial on a request by Singer for a "definitive ruling concerning whether this indictment in its present posture and form charges a felony or misdemeanor."

This is Hoffa's second trial on the conspiracy charges. A jury deadlocked at his first trial Dec. 20.

Codefendants are Owen Bernard Brennan, president of Teamsters Local 337, and Bernard Bates Spindel, professional wiretapper.

The three are accused of conspiring to tap the telephones at the IBT headquarters in Detroit to eavesdrop on conversations of union subordinates.

County First Aid Club to Open Meet to Public

The May meeting of the Oakland County Red Cross Chapter First Aid Instructors Club will be open to the public Thursday when the group tours the county civil defense emergency hospital.

Nurse Marie Rodriguez, assistant medical coordinator for Oakland County Civil Defense, will explain the program and functions of the hospital at the Waterford Community Activities Inc., building beginning at 8 p.m.

Accept Bid to Resurface 4 State Roads in County

A low bid of $22,950 has been submitted by Max R. Frisinger of Ann Arbor, for repair and resurfacing of sections of four state trunklines in Oakland County, the State Highway Dept. reported.

The work will be done on U.S.16 from Farmington northwest to New Hudson, on M218 from Telegraph road southwest to Pontiac Trail; on U.S.10 from 11 Mile road northwest to Bloomfield Hills; and on M24-M58 from Telegraph road east to Woodward avenue.

Children Admit Burning House

3 New Homes Ruined by $40,000 Blaze in Northeast Pontiac

Four Pontiac youngsters—three eight-year-olds and one seven—today admitted setting fire Friday to a home under construction in the northeast section of the city.

The kids, who were turned over to juvenile authorities, said two of them gathered straw in the house on Thors street just off Featherstone avenue, while the other took matches from their parents' homes.

They told this story to Sgt. Henry O. Hoyt of the Pontiac Police Juvenile Division, and Allen J. Tunny, assistant fire marshall for the city of Pontiac.

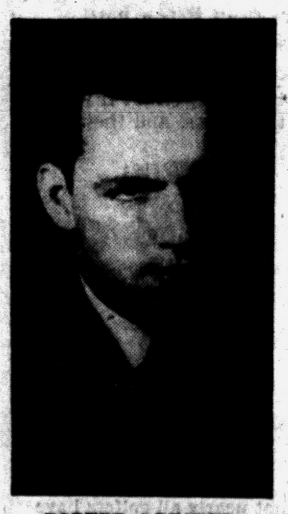
Tunny pointed out that while the children couldn't be prosecuted, their parents, under state law, are liable for $300 damages.

The fire caused $40,000 damages when it spread to three other homes under construction near the one the children admitted setting afire.

McCarroll Cub Scouts Get Awards at Picnic

Seven members of McCarroll School Cub Scout Pack 17 received awards last night at a picnic and pack meeting held at the Bald Mountain Recreation Area. Eighty-six scouts and their parents attended.

Receiving awards were Michael McLean, Lance Clauson, Terry Massey, Curtis Olson, Melvin Williams, Denny Cherry, and Dick Wagner.



ROBERT S.BECKER

Graduating with honors from Michigan State University on June 8 will be Robert S. Becker, son of Mr. and Mrs. J. W. Becker of Ortonville. An engineering major, Robert is a member of Tau Beta Pi, Eta Kappa Nu, and Pi Mu Epsilon, engineering, electrical engineering and mathematics honorary fraternities, respectively. He will be employed as an associate research engineer with Lockheed Aircraft Corp. in Burbank, Calif. after graduating.

City to Consider Hospital Funds

Commission to Hear Plan for Borrowing $317,000 Next Month

Plans to borrow the second installment of $950,000 for Pontiac General Hospital will be laid befor the City Commission tonight.

City Manager Walter K. Willman said he will ask approval to borrow $317,000 next month in anticipation of 1959 taxes.

★ ★ ★

Early this year, the city sold a $317,000 note to the Community National Bank at 1¾ per cent interest in anticipation of this year's taxes. Willman said he hoped to get as favorable a rate in competitive bidding next month.

According to an agreement between city and hospital, the third installment of $316,000 will be borrowed next year on 1960 taxes.

The money, for purchase of equipment and furnishings, will be paid back out of funds that otherwise would have been earmarked for capital improvements.

★ ★ ★

Another item of major importance tonight will be a public hearing on the proposed repaving and widening of Perry street from E. Huron street to the northeast city limits.

The $1,300,000 State Highway Department project, scheduled to be completed this summer, is being financed by about $250,000 in local funds, mostly in the form of special assessments.

Tonight's meeting is to hear property owner objections to the city's intention to proceed with the job.

★ ★ ★

Another hearing is on intention to construct sidewalks on Cherry court east of Hill street.

Commissioners will be asked to consider again a zoning change that provides controls to prevent location of new trailer parks in Pontiac without city approval. Final action on the change was postponed a week last Tuesday.

Sentenced to Prison, Novi Man Faints

A 24-year-old Novi Township man fainted in Circuit Judge H. Russel Holland's courtroom yesterday after the judge sentenced him to 18 months to 15 years in the State Prison of Southern Michigan at Jackson for breaking and entering.

★ ★ ★

Sheriff deputies later revived Donald Combs, of 115 Labenta Rd., in Judge Holland's chambers while spectators helped Combs' mother from the packed courtroom.

Combs, who probation officers say had a long list of other offenses, was sentenced along with two companions who admitted breaking into Kay's Restaurant at 519 Commerce Rd. this month.

★ ★ ★

Daniel Holon, 21, of 921 Dunreath St., and Clifford Willett, 25, of 870 Dunreath St., both of Commerce Township, were sentenced to three years probation and 60 days in the Oakland County Jail. They were ordered to pay court costs and make restitution.

Nebraska Killer Angry as Witness Calls Him Insane

LINCOLN, Neb. (AP)—Testimony on the sanity of mass slayer Charles Starkweather resumes today with Starkweather angry because a key defense witness called him insane.

Starkweather was so mad yesterday at the testimony of Dr. Nathan Greenbaum, Kansas City psychologist, that he told a defense psychiatrist he could kill Greenbaum.

★ ★ ★

Dr. Greenbaum testified he believes Starkweather has a severe mental disorder and "his emotional gun is always cocked and he has a hair trigger on it."

During a recess Dr. John J. O'Hearne, defense psychiatrist from Kansas City, asked Starkweather what he thought about that testimony.

★ ★ ★

Dr. O'Hearne testified that Starkweather exploded, "If I had a grenade . . . I'd kill Greenbaum.

The psyehiatrist said Starkweather is so concerned over the insanity plea of the defense that he also wants to kill T. Clement Gaughan, chief defense attorney.

Starkweather is being tried in the slaying of Robert Jensen, 17, one of 10 persons in whose deaths last January he has admitted involvement.

Patricia Murray Weds in Waterford

WATERFORD TOWNSHIP — St. Benedict's Catholic Church was the scene of the wedding of Patricia Elaine Murray and Ronald De Longchamp. Performing the rite, May 10, was the Rev. Richard Thomas.

★ ★ ★

The bride is the daughter of Mr. and Mrs. Harry E. Murray of 400 Hickory Nut Dr. Parents of the bridegroom are Mr. and Mrs. Harold P. De Longchamp of 1362 Hiller Rd.

The new Mrs. De Longchamp chose a gown of Chantilly lace and tulle over bridal satin with a fitted bodice and long sleeves. Her fingertip-length veil was attached to a pearl crown, and she carried a bouquet of white carnations and ivy.

Janet De Longchamp, sister of the bridegroom, was the maid of honor. Attendants were Mrs. Gerald Wagoner, Maxine Sevegney and Grace Stottlemyer.

Hospitalization Plan Revealed

Blue Shield to Pay All Bills for Those Making Up to $7,500 in Year

DETROIT (AP) — A new hospitalization plan under which Michigan Blue Shield subscribers making up to $7,500 a year will have all hospital and doctor bills paid probably will go into effect within 30 days, the hospital service said yesterday.

The plan assures full payment to subscribers for surgery, in-hospital medical care and obstetrical deliveries. It was approved by State Insurance Commissioner Joseph A. Navarre.

★ ★ ★

Under the present plan, Blue Shield subscribers generally pay part of the doctor's fee, particularly in obstetrical cases.

The service made no mention of changing plans for subscribers making over $7,500 a year except to say that doctors would be free to levy additional fees.

A single subscriber making between $5,001 and $7,500 would pay $2.44 monthly for one person, $6.25 for two persons and $7.67 for his family. A subscriber making between $2,501 and $5,000 would pay $2.13 for one person, $5.45 for two and $6.26 for a family. A subscriber making up to $2,500 would pay $1.80 for one person, $4.65 for two and $5.57 for a family.

★ ★ ★

Blue Shield also outlined five services it said members would pay the first $5 or 10 per cent of, whichever is greater, and the service would pay the remainder. They are diagnostic laboratory services, X-rays, radiology, such as radium treatments, payment to a doctor assisting the surgeon when the subscriber is in the hospital and payment for medical consultation service in a hospital.

Waterford Horseshoe Meeting on Thursday

The Waterford Township Recreation Department will hold an important meeting for all township and area horseshoe pitching enthusiasts on Thursday night at 7:30 in the C.A.I. building on Williams Lake Road.

Discussion will include the starting time of the program, rules and regulations and eligibility. All interested persons are encouraged to attend tomorrow night's meeting.

League play will be conducted weekly, beginning in early June, under the lights at the Drayton Plains ball park. Competition is open to both beginners and advanced players. Nearly 40 pitchers took part in last year's program.

Southeast Damp, but Weather Fair in Most of U.S.

By THE ASSOCIATED PRESS

More rain fell in the Southeast but generally fair weather was the prospect in most other parts of the nation today.

★ ★ ★

Light showers sprinkled coastal areas in the north and middle Atlantic states during the night but cooler and drier air headed into most of the region. Warm, humid air clung to the Gulf region and along the Atlantic Coast with temperatures in the 60s as far north as southern New England.

Readings were in the 50s southward into Kentucky and in the cooler air in the northern Great Lakes region temperatures were in the 30s, with below freezing marks in some areas.

★ ★ ★

The major wet belt extended from Louisiana and southern Arkansas eastward into South Carolina and northern Florida. New Orleans was soaked with 1½ inches of rain in a six-hour period. Widely scattered showers extended into southern Florida and southern Texas.

County Receives Share of Gas, Weight Taxes

Oakland County yesterday received its first quarter share of 1958 state gas and weight taxes. The check amounted to $1,560,938.48, according to Charles A. Sparks, county treasurer.

The money will be used on county road maintenance and construction.

Stassen Hopes Voters Turn Out

Pick Senator, Governor Candidates Today in Pennsylvania, Maryland

By THE ASSOCIATED PRESS

Pennsylvania and Maryland voters select candidates for senator and governor today, with Harold Stassen pinning his hopes for a political comeback on a big primary turnout in Pennsylvania.

★ ★ ★

Stassen, three-time governor of Minnesota, is battling Pennsylvania's Republican state orgahization for the GOP nomination for governor. Official party support is behind Arthur T. McGonigle, wealthy pretzel manufacturer. Two other aspirants also are in the race.

Stassen, until recently President Eisenhower's disarmament adviser, concedes he will need a large turnout to win. He optimistically forecast a big vote.

★ ★ ★

But political observers expect fewer than 40 per cent of the Keystone State's 5,134,133 registered voters to go to the polls.

In Maryland, chief interest centers on the Democratic race for the U. S. Senate nomination.

★ ★ ★

There are four major candidates: Thomas D'Alesandro, 54, mayor of Baltimore; James Bruce, 64, wealthy financier and former ambassador to Argentina; Clarence D. Long, 49, economics professor; and George P. Mahoney, 56, Baltimore paving contractor who has run unsuccessfully in past years for both governor and U. S. senator.

The winner probably will face incumbent Sen. J. Glenn Beall, who has only token opposition in the GOP primary.

18-Month-Old Boy Hurt by 2-Car Crash in City

An 18-month-old Pontiac boy was treated for minor injuries at Pontiac General Hospital and released, Monday, after being involved in a two-car collision at E. Huron and N. Perry St., according to Police.

★ ★ ★

Gary Duane Tucker, the son of Mr. and Mrs. Odis R. Tucker, of 3 Edna St., was riding in one of the cars, driven by Bonnie Lou Coulter, 20, of 539 Oakland Ave. The other driver was Ronald D. Sandage, 20, of 30 Dover St. Both drivers were uninjured, said police.

At Clinton Valley Council Dinner

To Show Slides of World Scout Meet

FARMINGTON—A lady cubmaster from Walkerville, Ont., Thursday will present her colored slides of last year's World Scout Jamboree held in England at the 40th anniversary dinner of the Clinton Valley Boy Scout Council.

★ ★ ★

Scout leaders, their wives, den mothers and their husbands from all parts of north Oakland and Macomb counties will gather at 6:45 p.m. at Farmington High School to hear Miss Patricia Sullivan, cubmaster of the 27th Wolf Cub Pack, St. Mary's Anglican Church in Walkerville, who will be guest speaker at the annual event.

Council President John W. Hunt of Farmington said this year's program will highlight 40 years of achievement for the council which has grown to be one of the most important in Region Seven. Region Seven comprises the councils in Michigan, Illinois, Indiana and Wisconsin.

Otis N. Walton of Green Lake, adviser to Explorer Post 119 of the Green Lake Association, will be master of ceremonies.

His entertainment program will include vocal numbers by the Automobelles, members of Chapter 1, Sweet Adeline Society, an international organization of four-part harmony, a cappella singers. John Kee Smith of Farmington is director of the group.

★ ★ ★

Silver Beaver awards, highest council recognition for service to boyhood, will be presented by Ralph S. Forman of Pontiac, chairman of the selection committee. Names of Scout leaders to receive this distinction are kept secret until they are "called out" at the annual meeting.

Election of officers also is scheduled.

Miss Sullivan has been a Cubmaster since 1954, and has served as assistant cubmaster in Walkerville and London, Ont.

She has been district cubmaster for Windsor, trained the boys choir for the Windsor Scout Show in 1956 and was one of 15 leaders from the Windsor District to attend the World Jubilee Jamboree-Indaba-Moot in England.

Miss Sullivan is private secretary to the secretary of the Michigan Racing Assn., Inc.

Stadnik Elected First Mayor

Wixom Residents Decide on City Status

WIXOM — After being a village for a little more than a year, Wixom has decided to become a city.

Voters turned out in record numbers yesterday in a special election to adopt a city charter and elect officials. The vote was 323 to 43.

Joseph T. Stadnik, who has been serving as village president, was elected mayor, defeating two challengers by a convincing majority. Stadnik polled 300 votes, Wesley E. McAtee finished second with 126, and Lawrence R. Schardt received 38.

Top vote-getter of the day was Ray W. Lahti, who led all candidates for the six council positions. He got 314 votes, 29 more than his nearest rival, Jesse R. Birchard, who polled 285.

★ ★ ★

Others who won council seats were Lottie E. Chambers, 279; Gerald O. Abrams, 276; Gunnar E. Mettala, 264; and Walter Tuck, 262. Losers were Robert Wagnitz, 258, and Fred Beamish, 159.

★ ★ ★

All of the village councilmen except Wagnitz were returned to office. The lone newcomer is Lahti, who served on both the village and city charter commissions.

In the race for the justice of the peace post, William Welke defeated James E. Sereno, 276 to 138.

By virtue of receiving the highest number of votes for a council seat, Lahti will be mayor pro tem.

Ailing Tigers Mending Slowly

SPORTS

From the Press Box

BY BRUNO L. KEARNS
Sports Editor, Pontiac Press

Let Michigan State coach John Kobs pick his all-time Spartan baseball team and the first name he would list for the outfield would be that of Don Fleser.

To say that Fleser roamed the outfield at one particular position would almost be a fallacy.

"He was so fast it wasn't safe for any batter to hit one in the air and hope for it to fall in safely anywhere. There was no such thing as a Texas Leaguer or blooper with Don all over the outfield," said Kobs.

That was 33 years ago and he is still considered one of MSU's best.

JOHN FLESER

But there is another Fleser in the picture who as only a sophomore this year is pounding the ball at a tremendous pace for the Spartans now battling for the Big Ten baseball title.

This is John Fleser the son of the famous Spartan outfielder. "Never thought I'd be coaching two generations of Flesers," said Kobs, "but it looks like John has a lot of his father's baseball talent."

No one yet has been able to match the hitting mark set by the elder Fleser during the 1925-26-27 seasons. He batted .589 as a sophomore, .667 as junior and .495 as a senior.

★ ★ ★

This gives him an overall average for three regular seasons well over .500.

"John's father had greater speed and it was almost impossible to throw him out at first base on a roller or drag bunt," said Kobs, "but John has greater power. He is much bigger than his dad was."

Don Fleser was so speedy that Ralph Young then coach of the track team recruited him for the dashes and one season he competed in the track events early in the day and then would change uniforms and rush out to the baseball field.

★ ★ ★

The Fleser family moved into Birmingham from Flint in 1954 and John played the infield with the Maples coached by Lew Parry.

"He has good speed for his size," said Parry, "and he is tough at the plate."

This is somewhat obvious now. John is rapping the ball around .440 and he leads the Big Ten in runs batted in to date.

★ ★ ★

"We have been thinking about moving John to the infield where he seems to be more at home. He has been working out at second base for us," said Kobs.

★ ★ ★

Kobs can point to a lot of differences between the father and son as players. "Don was faster, John is stronger. Don was a lefty, and John is a righthander. Don was a better fly chaser, Johns seems to be better on the ground. But for the second time in 33 years I'm happy to have another Fleser on our side," said the MSU coach.

Today's Lineup vs. Orioles May Include Boone

Hoeft to Pitch Home Opener; Bunning Is Throwing Again

DETROIT (AP) — The injury problem appeared partially solved today as the Detroit Tigers prepared for the Baltimore Orioles' first invasion of Briggs Stadium.

★ ★ ★

Before the two teams met today at the Detroit park, the Tigers got word that pitcher Jim Bunning and first baseman Ray Boone are improving steadily. Bunning has had an injured side and Boone has been out with an aching right knee.

Both worked out briefly at the stadium yesterday as manager Jack Tighe hurried his athletes through an hour and a half drill. Boone said he might get back into the lineup today.

★ ★ ★

"At least no one can say we're not in shape," said the weary skipper.

Tighe himself planned to see a physician yesterday about headaches that have caused him severe pain the last four days.

Reserve first baseman Gail Harris remained in Kansas City where he is being treated for a lung condition. Pitcher Herm Wehmeier had a late-afternoon appointment with a specialist who was to examine his aching right arm. The club may have to put the ex-National Leaguer on the 30-day disabled list if it looks like he will not be able to pitch for a while.

★ ★ ★

In that case the Tigers would call up a youngster from the Minors.

Bunning threw briefly yesterday to pitching coach Willis Hudlin and reported afterward he is able to throw without pain. It is likely the lean right-hander will go to the bullpen for a couple of days.

Tighe planned to start Bill Hoeft against the Orioles' Bill O'Dell today, then use Frank Lary tomorrow. Paul Foytack, beaten Sunday on a three-hitter, will open against the New York Yankees Thursday. Hoeft probably will get the Saturday afternoon call.

★ ★ ★

The manager left the Friday night assignment open, apparently considering using either Bunning again or newly-acquired George Susce.

By Staying Hot in West

Yanks Can Ruin AL

By THE ASSOCIATED PRESS

If the rest of the American League is going to escape complete demolition by the marauding New York Yankees, now is the time to do something about it . . . while the league leaders are in the west.

★ ★ ★

None of the Eastern teams could cope with the Bronx Bombers, who built up a record 6½ game first month lead by all but decapitating their eastern rivals. Of their current 19-5 record, eastern teams contributed to 17 of their victories and only four of their defeats. The Yanks have won six straight, 10 of their last 11.

The Yankees' getaway is the fastest in American League history. Not the 19-5 figure, but the 6½ game lead. The 1946 Boston Red Sox won 21 of their first 24, but the Yankees that year hung on with them, and the gap was 5½ lengths after the first two dozen games.

★ ★ ★

Rival clubs cannot even find solace in last year's figures. The first trip west resulted in six Yankee victories in nine games in 1957.

The nine game trip may give a clear-cut indication whether the Yankees will continue their romp. Should Casey Stengel's crew increase its lead in the West, it will just about wreck the league financially, as well as statistically. The fans won't come out to see a runaway, even in New York.

★ ★ ★

The Yankees' first stop is in Chicago, the league's biggest disappointment. Dick Donovan was slated to oppose the New Yorkers tonight with Johnny Kucks opening for the Yankees. On Wednesday, southpaws Billy Pierce and Whitey Ford will clash.

★ ★ ★

Don Larsen will open for New York in Detroit Thursday and he hasn't allowed a run in 23 innings. Bob Turley goes after No. 7 without a defeat Friday night against the Tigers and Tom Sturdivant will get the Saturday assignment in Detroit.

★ ★ ★

A Sunday doubleheader in Cleveland and a pair in Kansas City Tuesday night and Wednesday of next week conclude the trip.

AT ODDS — Vice President E. J. (Buzzy) Bavasi, left, of the Los Angeles Dodgers is annoyed with the indifference and poor play of outfielder Duke Snider, right. Snider is irked too: "If he has a beef, why doesn't he come and see me about it before he goes talking to some writers?"

Pafko's Bat Returns Braves to First Place

By THE ASSOCIATED PRESS

Andy Pafko definitely is not one of the "night riders". Jackie Robinson referred to a couple of years ago when he accused several unidentified Milwaukee athletes of extra curricular activities. But the veteran flychaser sure loves to play after dark.

The likeable 37-year-old Pafko

★ ★ ★

proved again Monday night he is one of the best "night clubbers" in the National League when he slugged a home run, double and single, and drove in two runs in the Braves' 4-3 overtime victory in Cincinnati.

Old' Paf always could hit better under the lights than in daylight. Last year he batted a rousing .344 in 44 night games compared to a microscopic .185 in 39 day games. Six of his eight homers and 17 of his 28 RBI's came under the arcs.

★ ★ ★

Milwaukee's victory, in the only action on the major league front, returned the defending champions to the top, 11 percentage points above San Francisco. The only thing that marred the Braves' sixth victory in eight meetings with the Redlegs was the failure of Warren Spahn to hang up his seventh straight victory.

The veteran southpaw was within one out of getting it, too. Leading 3-1 in the bottom of the ninth, he served a home run ball to Ed Bailey. Then, after Smoky Burgess singled, Bob Thurman slammed a two-out double to score pinch-runner Eddie Miksis with the tying run. Don McMahon took over and picked up the victory when the Braves scored the tie-breaking run in the 12th on Hank Aaron's foul fly.

★ ★ ★

Red Schoendienst opened the inning with a single and advanced to third on a double by Johnny Logan. Losing pitcher Turk Lown intentionally walked Frank Torre to load the basen before giving way to Tom Acker. The Reds' fifth pitcher was the "victim" of Aaron's foul fly which shortstop Ed Miksis elected to catch along the left field foul line. Schoendienst raced home after the catch with the winning run.

'Pace' Running Faces Test

NEW YORK (AP) — The International Amateur Athletic Federation's rule on rabbits in distance races appears headed for its first big test.

And indications today were that the IAAF might well regret having adopted it. A world-wide hassle dwarfing all the track and field battles of the past also could develop.

Here, briefly, is the background:

When Roger Bannister broke the four - minute barrier for the mile in 1954 with his 3:59.4 clocking, he was aided not a little by Chris Brasher and Chris Chataway, both admitted pacers.

★ ★ ★

The IAAF frowned on this, but there was no rule on the book that specifically outlawed pacers. In 1956, a rule went on the IAAF books in which pacing was to be "considered" in passing on records. It doesn't specifically say that pace-makers will negate any record.

It does state that runners who receive "apparently" unfair aid can't make records.

But the United States refused to pass such a rule on the basis that it left too much to the judgment of individuals and was practically impossible to enforce.

So that's how things stand now with Derek Ibbotson's all - time 3:57.2 and Herb Elliott's 3:57.8 up for consideration. Ibbotson was helped by Mike Blygrove who said he was in the race to run the first half in speedy fashion.

Elliott's case will be more difficult and there's bound to be discontent no matter how it is resolved. Drew Dunlap of Texas, a quarter-miler by trade, was inserted as an added starter in the mile at the Coliseum Relays in Los Angeles last Friday and led for a half - mile before dropping out.

But everyone concerned denied that Dunlap was sent into the race as a pace - maker. In view of the fact that there were 10 runners at the starting line, including three four - minute milers, there would not seem to be much point in sending in a rabbit.

Elliott says he didn't even know Dunlap. So does his coach, Percy Cerutty.

Manhattan College coach George Eastment backed up Cerutty.

"I was standing next to him during the race," said Eastment. "And he kept asking me who Dunlap was and if he was any good."

The Ibbotson claim will come up this summer when the IAAF meets in Stockholm, but Elliott's effort won't be submitted until next year because of a technicality in the rules.

★ ★ ★

They state that the country in which the mark is made must pass on it before it goes before the IAAF. The U. S. can't act until the AAU convention in December. John Landy's 3:58, meanwhile, remains the official mile record.

Secord Pockets Table Net Title

Veteran Perc Secord, city table tennis champion, defeated Pontiac's Roy Dorris last night in the Presbyterian Church gym at Lapeer to win the Lapeer County Open table tennis tournament. The scores were 21-19, 21-16, 21-14.

Secord downed Bud Dean, Lapeer High School tennis coach, to reach the finals while Dorris advanced to the title round by whipping Al Pepple of Yale.

Dorris and Secord joined forces to win the men's doubles crown by turning back Pepple and Jerry Thomas, 21-16, 18,21, 21-16, 21-19.

Bill Wettlaufer of Pontiac won the boys' title by defeating Gordon Green of Lapeer, 21-17, 21-18, 21-15. Ben Minford of Lapeer took the men's consolation prize by trimming Pontiac's Chuck Parks. The women's singles crown went to Marilyn Benford over Mary Jean Beals in an all-Lapeer final.

Elston Rates Top at Bloomfield

An outstanding athlete trophy won by Bob Elston featured 67 awards presented to Bloomfield Hills High School participants in five sports at a banquet attended by several "celebrities" last night.

★ ★ ★

Van Patrick, play-by-play announcer for the Tigers and Lions, was the guest speaker. Lion General Manager Nick Kerbawy served as toastmaster for the all-sports fete in the school cafeteria.

Helping the various coaches with the presentations of awards were former boxing star Chuck Davey, pro footballer Ollie Spencer, who was traded by the Lions to Green Bay last season, retired ex-Red Wing Marty Pavelich and veteran hockey great Ted Lindsay, now with Chicago.

Most valuable player trophies were won by Jim Kearney (football) , Bill Jordan (track), Bob Barrett (basketball), Bud Badger (golf) and Howard Kutchai (tennis).

Over 300 persons attended the banquet. It was sponsored by the Bloomfield Hills Lions club.

Hall Pitches 2-Hit Shutout at Drayton

Doug Hall pitched a dazzling two-hit shutout last night as Sno-Bol handed Nonnes a 9-0 licking in Waterford League softball action at Drayton Plains. Hall struck out eight batters.

Drayton Drug B staved off a 6th-inning rally by the Drayton Arrows for an 11-10 victory in the other half of the twin bill.

Jim Patterson paced the winners with an inside-the-park homer and a triple in two official at-bats besides scoring four runs. Bob Gibson slammed a bases-loaded triple for the Arrows in their six-run 6th when a big rally fell one run short.

Wings Select Trumbull as Publicity Director

62 Takes 1st Prize at Franklin

Myles Team Tops in Pro-Am

Reggie Myles Jr., young assistant professional at Country Club of Detroit, and Joe Watson Jr. of Rochester combined for a blistering 10-under-par 62 Monday to win the PGA's Pro-Am Metropolitan Best-Ball tournament at Franklin Hills.

Myles and Watson, both former Lansing golfers, finished three strokes ahead of host pro Wally Burkemo and Harry Newman, all-time football great at the University of Michigan.

Four teams tied for 3rd place with a best-ball of 66 over the wind-blown Franklin layout. Bill Martin, Jack Fleck's assistant at Rochester, captured two of the positions with partners Bob Campbell and Hugh Kirtek. Myles held the other two spots.

Three teams were deadlocked with scorecards of 67 and six more turned in 18-hole totals of 68, including Pontiac's Gene Bone and Clem Hopp and Bob Gajda of Forest Lake and Dave Pottinger.

Myles, son of a famous golfing father, shared pro medalist honors with Burkemo. Each player fired a 69.

Jimmy Johnson, winner of the two previous Pro-Am tournaments, was 2nd among the individual pros with a 70.

Bill Martin shot a 72 and Bone a 73 while Indianwood's Mike Dietz and Ray Maguire of Birmingham both posted 74's. Par at Franklin is 36-36—72.

The leaders:

Myles-Joe Watson	32-30	62
Burkemo-Harry Newman	35-30	65
Martin-Bob Campbell	33-33	66
Martin-Hugh Kirtek	33-33	66
Myles-Dan Labadie	35-31	66
Myles-John Starr	35-31	66
Powers-Hershal Luck	34-33	67
Shepherd-Jim Smith	33-34	67
Gibson-Jim Beadle	33-34	67
Gene Bone-Clem Hopp	35-33	68
Gajda-Dave Pottinger	35-33	68
Burkemo-Gershon Levy	36-32	68
Burkemo-Walter Straus	36-32	68
Ed Gauntt-Lou Wendrow	33-35	68
Gibson-Don Miller	35-33	68

Crane Netters Win

Allowing Birmingham high netters only two of five matches in yesterday's test at Cranbrook, Cranes chalked up their 6th win against 5 losses. Maples won only the 2nd singles and 2nd doubles.

Winners were — for Cranbrook, Tom Bray, Ron Reider (singles), Bob Klien - Pete King and Chick Cudlip - Bob Schultz, doubles; for Maples, Smith (singles) and Sisson - Hamner (doubles).

New Tiger Susce Agrees to Fly When Necessary

DETROIT (AP)—Pitcher George Susce, who joined the Detroit Tigers last week from Boston and said, "I won't fly," huddled with General Manager John McHale for 30 minutes yesterday and said:

"I'll fly any time it is necessary to make a game."

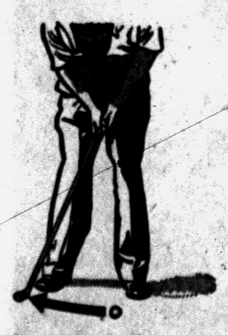
McHale previously had said Susce's abhorrence of air travel could buy him a ticket to the minor leagues. The Tigers make many of their road trips by air.

Doctoring Your Golf

By DR. CARY MIDDLECOFF

PATIENT'S COMPLAINT: Can't Hole a Putt.
DIAGNOSIS: Jerky Takeaway.

TREATMENT: All golfers — pros or beginners—will say that you need a nice, smooth putting stroke if you're going to accomplish much on the greens. And they'll be right! This smoothness of action is, in fact, as vital in the putting stroke as it is in all the strokes you use — perhaps more so.



You'll never have a smooth and effective putting stroke if you don't learn to start the stroke smoothly. This means you must take the putter back away from the ball with no trace of jerkiness. Keep it slow and smooth. Make the head of the putter just glide straight back away from the ball.

It'll help if you recognize that nearly all golfers have a tendency to want to take the putter back rather hurriedly. It's only natural.

A putt—particularly a short one—is a delicate kind of thing that wears on the nerves. You want to get it over with quickly and be on the way to the next tee where you can take a full swing at the ball.

But, whatever you do, you must guard against this tendency to hurry the backswing on your putts. A smooth start doesn't guarantee a smooth stroke throughout—but it certainly helps.

Hayes succeeds Louis E. Chiesi, sports editor of the Saginaw News. Serving with Hayes as vice president will be Bruno L. Kearns, sports editor of The Pontiac Press.

Nick Vista of the Michigan State University sports publicity office was reelected secretary - treasurer.

League Meets in 'Spot;' Chiefs Hold 3-Way Test

Emphasis this week, on the part of area prep thinclads, is on determination of league championships. First of several such events is the Wayne-Oakland title clash under the lights, tonight, on Milford's Memorial Field.

Preliminaries in this 8-team circuit open at 6:30 with finals at 8 o'clock. Milford is defending champion.

PCH's regional champs, Maples' regional winners and Waterford's Skippers will tangle in a three-way undergrad test at Wisner field, Thursday afternoon. This meet, however, will be restricted also to athletes who did not qualify for Saturday's MHSAA title meet at Ann Arbor. It should be an interesting competition, starting at 4 p.m.

Spotlighted event for Wednesday will be the annual Inter-Lakes conference meet at Farmington, with the host school, Waterford and Walled Lake probably hooking up for a sizzling 3-way battle. All three finished well up in Saturday's regional at Ypsi. Farmington had 23 and one-fifth, Walled Lake 23 and Waterford 18. One of the features will be the Cawley-Cole hurdles duel, 4th time the pair has met this year. Romeo hosts the Tri-County, four-team meet on Wednesday afternoon.

Waterford is at Wayne today for a dual meet, Hazel Park at RO Kimball for another dual for the day's only other meet.

Qualifiers for the state meet, determined last Saturday compete Saturday as follows: Class A at Univ. of Michigan, Ann Arbor; Class B at Michigan State, East Lansing, and Classes C-D at Central Michigan College.

Deadline on Wednesday

Press Links List Grows

With the entry list growing rapidly today, prospective competitors for the seventh annual Pontiac Press Prep Invitational golf tourney May 26 were reminded that deadline for filing is tomorrow. Lists mailed Wednesday will be accepted, and starting times and pairings will be announced Friday.

Defending champions Birmingham Maples are back in the field with another strong team that includes last year's medalist Pete Green and close competitor Warren Sumner. Pontiac Central, Waterford, St. Frederick's and Bloomfield Hills, with another fine team, are already in.

The tourney is an 18-hole medal play event, with five-man teams competing for low total score.

Awards will be made by The Press for the championship team, to the individual members of the title-winning combination, and to Class A and Class B medalists. Bud Badger of Bloomfield Hills was the Class B medalist last year.

★ ★ ★

Schools which have not filed their lists should do so today to facilitate early preparation of pairings.

Besides the schools above already entered are:

Pontiac St. Michael's, St. Mary of Orchard Lake, Rochester, RO Kimball, Avondale, Shrine, Holly, Clawson, Clarkston and RO Dondero.

Avon Loop Opens Play

Play was started yesterday for the 8-team Avon Church Softball League. Winners for the openers were United Presbyterian 13, Nike 7; Elmswood ME 20, Avon Baptists 7; Stone Baptists 11, Pontiac RLDS 9; Lake Orion RLDS vs. Parksdale Nazarene was postponed.

Kegler Rolls 300 in ABC

SYRACUSE, N.Y. (AP)—Ed Shay of Chester, Pa., was probably the most composed man ever to roll a perfect game in the American Bowling Congress championships.

The 32-year-old design engineer gave the ABC its first 300 game since 1955 yesterday and grabbed the singles lead.

A financial report released recently by the MHSAA shows the 1958 basketball tournaments easily broke all records for gross receipts taking in $342,585.41.

That is $34,521.69 in excess of 1957 and $56,246.82 over '55. The new high covers 88 districts, 20 regionals and the state games at Lansing and East Lansing.

Attendance reached an all-time high of 511,792. Last year's was 459,200. It is believed an additional eight or ten thousand might have attended the semi-finals and finals had seating space been available.

Officials are trying to arrange to better satisfy the ticket demands in future years. Playing dates have already been set for 1959. Districts will be held March 3-4-5-6-7, regionals March 10-11-12-13-14 and the three-day finals March 18-20-21.

Competing schools received a new high of $64,507.59 plus an additional $26,323.37 paid from the State Association surplus fund and entertaining schools got a record $82,228.80 from the 1958 tourneys. Receipts by the State Association totaled $137,648.98 while the expenditures included $5,458.83 for trophies and medals, both topping previous figures.

SKIPPING AROUND

Frank Syron Jr., was medalist in "B" golf regional at Flint. . . Despite not having any regular season matches, St. Michael will enter a tennis team in the regionals Friday at Dearborn. One of the netters is Bob Mineweaser Jr., who qualified for the state finals in track at Central Michigan Saturday. Bob may have to make a choice between the two.

Armada hurler Roland Lashbrook lost a tough one to Brown City recently. He had a no-hitter for six innings before giving up three for two runs in the 7th. . . Ex-St. Fred ace Bill Mountain will coach grade school basketball for the Rams . . . Former Chief great Hudson Ray now a married man.

Joe Domitrz (North Branch) and Gary McAlvey (Almont) rate high scholastically as well as athletically at their schools . . . An impressive athletic plant will be included in a junior high to be constructed at Wing Lake and Quarton Lake roads in Bloomfield Hills. "Stu" Dell, now a coaching aide at Bloomfield High, will be athletic director there. Plans to have intramural and outside competition in football and basketball.

Van Sicklen Sweeps Walled Lake Honors

Chosen the outstanding senior boy and top athlete in his class, football-track competitor Dennis Van Sicklen swept the honors at a banquet for the senior lettermen of Walled Lake High School last night.

The sponsoring Walled Lake Rotary Club presented the "B" average student an engraved watch and a trophy for his combined scholastic and athletic achievements.

Rotary president Leslie Churchill and Tom Evans, Walled Lake athletic director, gave out the awards.

Class A Champs Claim 2nd Win

Stadium Inn, which started the 1958 City Softball League season on a high note by dumping Shaw's Jewelers, continued its winning ways last night with a 5-1 victory over Blue Star Drive - In at Beaudette Park.

John Helisek hurled a four-hitter for Stadium, last year's Class A champion. Catcher Maurice Stack ignited a three - run rally in the top of the 5th with a lead - off homer. It was Stadium's 2nd win.

In the other game at Beaudette, Roger Reynolds pitched five - hit ball and Schneider clouted a 2nd-inning grand slam home run as Birmingham trounced Cavern Bar, 8-2. Birmingham gave Reynolds lusty 14-hit support.

The VFW No. 1370 was outhit, 10 to 8, but made them count for a 10-7 conquest of CIO Local 594 on the North Side field. The 10-run rule halted play after three innings as the Moose routed Spence Rambler, 16-2, in the other game at North Side.

It's Just for Practice

Talbott Lumber cracked out 10 hits for a 14-8 triumph over Orr's All-Stars in a Class B City Baseball League practice game yesterday at Jaycee Park. Leroy Nicholas homered in the 2nd inning for the losers. Gary Thomas and Don Eustice each made two hits for Talbott.

'Skins, Imlay Champs

Two teams clinched league championships and two others became assured of at least sharing the top rung with big victories as baseball featured the area sports program on a windy Monday afternoon.

Milford in the Wayne-Oakland and Imlay City of the South Central Conference won their crowns outright by downing top contenders. New Haven in the Southern Thumb and Royal Oak Dondero of the Border Cities are certain of at least a 1st place deadlock.

There was also news made at Romeo where Utica ended a 21-game winning streak for the Bulldogs with a 6-3 victory. Northville blanked Bloomfield Hills 5-0 in another W-O contest.

Pontiac bowed again, 6-3 to Flint Northern at Wisner Stadium. The Chief Jayvees nipped Northern's reserves 1-0. St. Fred took a 11-0 battering from St. James.

★ ★ ★

Milford got only two hits of stingy Dave Gaddis but needed only one in downing Clarkston 2-0. Pat Kelley scored both runs, one after a double. Walks and errors accounted for the markers. Terry Hoy flipped his 8th straight triumph allowing four hits and walking only one. Gaddis had the strike-out edge 11 to 8. Leroy Parks slammed a triple and single and Dick Caverly two one-baggers for the losers. Milford has won 12 straight.

Oxford led Imlay 1-0 with two out in the 7th when a walk, singles by Gordy Hoeksema and Dan Carter and Skip Cameron's double scored the deciding runs. Lengeman hurled a three-hitter for the 3-1 win.

Dondero posted its 11th triumph in 12 starts blasting Highland Park 11-1 as Jerry Patenaude allowed just one hit. New Haven nipped Brown City 12-11 holding off a last inning rally that included a three-run homer by Bob Fisher.

★ ★ ★

Three of Utica's four hits were for extra bases as the Chieftains defeated Warren Cahoon. Five Romeo errors helped make it easy. Jim Stark got two of the six Bulldog safeties.

Big Jeff Goodrich let Bloomfield down with two hits while whiffing 13 leaving the Barons with a 5-5 record. John Dixon was the loser.

Pontiac blew an early lead in dropping its 6th game in nine Saginaw Valley outings. Seven errors hindered loser Bob Garrett. Dave Kimball and Chuck Johnsong had two hits apiece for the victors. In the Jayvee tilt, Fred Staley's sacrifice fly scored the only run in support of a two-hitter by Tom Nichols.

Breaks Silence in TV Interview

Kim Novak? 'I Love Her,' Says Rafael Trujillo Jr.

HOLLYWOOD (AP) — Lt. Gen. Rafael Trujillo Jr. says he is in love with actress Kim Novak.

The head of the Dominican Republic's air force broke his long silence on his personal life last night on a television program. He said of Kim: "She's a nice girl. She's very sincere. And I like the way she is."

★ ★ ★

When interviewer Paul V. Coates asked him if he was in love with her, the uniformed, beribboned general paused, then said: "Yes."

He said that he and his wife Octavia formally separated last December, and that he started divorce proceedings in March. He said that Octavia will retain custody of their six children.

Trujillo said the United States had never sent money to his country, where his father is the strong man. U.S. aid has been in the form of materials, he said.

★ ★ ★

"I like to spend money," he said. "And I spend my own money." He said it came from sugar refineries and ranches owned by his family.

Trujillo, 28, said he met Miss Novak, 24, at a Hollywood dinner party. The expensive car he gave her was "a surprise," he said. He said the costly gifts he gave Zsa Zsa Gabor were just presents "to an old friend." In fact, he said, he had given cars to three other friends — his secretary, an aide, and a countryman who was a fellow student at the U.S. Army Command and General Staff School at Ft. Leavenworth, Kan.

★ ★ ★

Trujillo said he would leave for Ft. Leavenworth today.

He said he would return to the Dominican Republic in July — probably from Los Angeles, and probably in a yacht.

Asked Coates: "Will this be a honeymoon trip?"

Replied Trujillo: "You never can tell."

★ ★ ★

Trujillo said he was introduced to Zsa Zsa four years ago by a polo-playing pal from the island republic, Porfirio Rubirosa. He said that since his name hit the headlines from Hollywood he had received a cable from Rubirosa, who is in Paris. He said it read: "My God, you have replaced me."

CAMP WORK BEE — Members of the Pontiac Kiwanis Club and Pontiac Rotary Club, 43 strong, pitched in to ready Boy Scout Camp, Mahn-Go-Tah-See last weekend. Here Kiwanian Collis A. Scott, left, and Rotarian Richard W. Fisher work on one of the two cabins that were built. The men also joined two wings of a previously-built cabin. The event is an annual one to prepare the camp.

Expanded Public Works Wins Favor Over Tax Cut

MIAMI, Fla. (AP)—A majority of the nation's governors appeared today to believe that expanded public works rather than a general federal tax cut offer the best method of combatting the economic recession.

The governors come to grips with the economic problem in four simultaneous panel sessions.

A cross-section check indicated top-heavy sentiment against the kind of individual income tax reduction now being subjected to cautious sparring between members of the Eisenhower administration and Democratic leaders of Congress.

Significantly, perhaps, more Democratic than Republican governors had spoken out at this 50th annual meeting against an across-the-board reduction. With the exception of Democratic Gov. W. Averell Harriman of New York, those who proposed such cuts did so reluctantly.

★ ★ ★

Gov. G. Mennen Williams of Michigan, regarded as a potential bidder for the 1960 Democratic presidential nomination, said he thinks it is too late to get any real anti-recession benefits from a general federal tax cut.

Generally, the Democratic governors favored the public works approach. Democratic Gov. Abraham A. Ribicoff of Connecticut suggested, in this connection, that President Eisenhower call in the leaders of both parties in Congress to agree on an anti-recession program.

★ ★ ★

The sentiment against a tax reduction was heavy in the cross-section survey. Republican Governors William G. Stratton of Illinois and Joe Foss of South Dakota said it would be folly to cut down on revenues with big expenditures ahead.

The same stand was taken by Democratic Governors George M. Leader of Pennsylvania, Orville Freeman of Minnesota and Edmund S. Muskie of Maine.

Virginia Out to Delay School Integration

RICHMOND, Va. (AP) — Virginia studied possible new delaying tactics today to offset Supreme Court action pushing the state nearer the choice between school integration or closure.

The high court yesterday turned down the state's appeal of a federal court order directing the admission of seven Negro children to three white schools in Arlington County, adjacent to Washington.

Virginia, whose law calls for closure of public schools in which integration occurs, has 25 days to ask the Supreme Court to reconsider.

But whether Gov. J. Lindsay Almond Jr. and Atty. Gen. A. S. Harrison will take such a course was highly uncertain.

Even if such a request were made on the last possible day, June 14, the court most probably would hand down a decision before adjourning late in June, leaving the state even less time to come up with new legal expedients.

Actress Claims Hubby Struck and Kicked Her

LOS ANGELES (AP) — Actress Dianne Foster's husband struck her in the face and kicked her in the stomach, her divorce complaint charges.

Joel A. Murcott, a film writer, threatened further physical indignities if she caused him trouble, the complaint added. Miss Foster, 29, also asked the court yesterday to restrain him from molesting her and to require him to move from their home.

The Canadian-born actress asked Murcott, 43, for only $1 token alimony monthly. But she did request reasonable support for

Chief Taxman Resigns

DETROIT (AP) — Uncle Sam's chief tax collector in Michigan, A. M. Menninger, has submitted his resignation as district director of internal revenue after 35 years with the Internal Revenue Service. Menninger, 68, suffered a heart attack Feb. 5. He was honored as "federal administrator of the year" in Detroit in 1956.

Twenty-nine states have one or more counties without railroad service.

Powell Scored by NAACP

Harlem's Congressman Accused of Fomenting 'Extreme Racialism'

NEW YORK (AP) — The National Assn. for the Advancement of Colored People has accused Rep. Adam Clayton Powell Jr. of what it calls "extreme racialism."

The NAACP also said yesterday: "We cannot condemn racism in others while using it ourselves."

★ ★ ★

In a statement issued by Executive Secretary Roy Wilkins, the NAACP disassociated itself from the Harlem Negro Democrat's squabble with Tammany hall.

Particularly, Wilkins said, the association "wishes to disassociate itself completely from the threats made by Mr. Powell or the Powell organization against any person's right to go freely about the city of New York or about the nation."

This referred to a remark by Powell last Sunday at the Abyssinian Baptist Church, of which he is pastor. Powell said Hulan Jack, Negro Manhattan borough president, and Carmine DeSapio, head of Tammany Hall, "better not walk up and down Harlem streets too much."

★ ★ ★

Powell added: "We're not going to give them the same treatment the Communists gave Vice President Nixon and his wife, but we will make it mighty uncomfortable for them."

To Compare Automation

DETROIT (AP) — A comparison of automated plants in Russia and the United States will feature a five-day meeting of the American Society of Mechanical Engineers starting here June 15. Other discussion topics include atomic power plants and gas turbine engines in automobiles. K. T. Keller, Chrysler Corp. board chairman, will be a speaker.

Goldwyn Claims to Be Best Friend of Writers

By BOB THOMAS

HOLLYWOOD (AP) — Though he sometimes battles with them, Samuel Goldwyn claims to be the writer's best friend.

"Everybody says we should do something about getting better writers, but nobody has done anything about it—except me," said the veteran producer.

"I've always upheld the writer, and this dates back to the days when I brought to Hollywood 38 of the world's greatest authors to write films for the old Goldwyn company."

★ ★ ★

His latest contribution to the writing craft has been a creative writing award for University of California at Los Angeles students. Goldwyn is proud that the three previous winners of the $1,000 prize have all found success in selling their works.

At Goldwyn's request (he's a hard man to refuse), I journeyed out to my old alma mater to see him present the 1958 prize to Richard Stockton for his full-length play, "The House Shall Tremble." It was well worth the trip because of a brilliant address by George Seaton, writer-director and president of the Motion Picture Academy.

★ ★ ★

Seaton operates a course which allows UCLA theater students to oversee his creation of films like "Teacher's Pet" and "The Proud and the Profane." He commented: "The course is the only thing that's going on at Paramount these days."

He claims to have written everything from screen plays to sayings in Chinese fortune cookies, and offered these observations for budding authors:

★ ★ ★

"Eighty per cent of all writers can expect little more than a roof over their heads and food on the table. . .

"Don't be afraid of criticism. Anyone who can fill out a laundry slip thinks of himself as a writer. Those who can't fill out a laundry slip think of themselves as critics.

"The length of your writing is not important. The 23rd Psalm is only 119 words, and it will be remembered long after 'Some Came Running'. . .

★ ★ ★

"Don't seek John Barleycorn as a collaborator. I've tried it and it doesn't work. It only lost me two magazine jobs and several friends. . .

"There's one thing about writing—it gets better and better when it gets tougher and tougher."

Rhonda's Hubby Pays $1,000 in Battery Suit

HOLLYWOOD (AP) — Rhonda Fleming's husband Dr. Lewis V. Morrill paid $1,000 to settle a $20,000 battery suit.

★ ★ ★

The action was brought against the film star's husband by John R. Maguire, 33, once a tenant in an apartment owned by Morrill. The suit was settled yesterday after the trial began.

★ ★ ★

Maguire said that the 40-year-old surgeon threw him to the floor in an argument last year over Morrill's right to inspect Maguire's apartment. Morrill contended he acted only in self-defense.

All About Men . . . Chapter Eight

Just Keep Your Wife Barefoot

FIGHT FOR YOUR LIFE to preserve that sacred corner in the living room.

By JOSEPH H. PECK, M.D.

"It would be interesting," Heywood Broun once said, "to figure out just how many foot-pounds of energy men have saved themselves, since the creation of the world, by keeping up the pretense that special knack is required for washing dishes and for dusting—and that knack is wholly feminine."

★ ★ ★

Take the hint men, and keep up the pretense.

When man's inventive genius relieved wives of the drudgery of housework by giving them mechanical gadgets, the womenfolk found time hanging heavily on their hands; so, to keep busy, they started sniping at man's traditional position in society—which was in the saddle. With characteristic female guile, they infiltrated rather than battled it out in a fair fight.

Man became perhaps not a willing but at least a non-resisting serf. The results would be ridiculous were they not so tragic.

Thirty years ago, divorce was uncommon, desertion was purely a male prerogative, and homosexuality was something we read about in French novels.

★ ★ ★

Today, women collect more divorces than Indians collected scalps; wives run off and leave their husbands to care for the kids; and every hamlet has its queers. All because the old buck lost his horns.

KEEPING 'EM HAPPY

I am sure that women are more horrified by what has happened than are men.

Some 40 years ago, Dr. Hertzler advanced a hypothesis which young women of today seem bent on proving correct. "The only way to keep a woman happy," he said, "is to keep her barefoot and pregnant."

You can keep your wife contented, if not happy, without keeping her barefoot and pregnant, and the time to begin is before the bloom of the honeymoon fades.

★ ★ ★

It may be a good thing if she has to work after marriage, but be sure it is a womanly occupation and that she doesn't bring home more money than you do. If she works, you should assume some of the housekeeping chores, but there are certain things you must not do.

Carry out the garbage, but don't cook or wash dishes unless she is sick. You may dry the dishes, because in this case you are merely helping. Let her take the lead in such chores.

Clean up the mess you made by dropping ashes and paper on the living room rug, but don't scrub the kitchen floor or make the beds. She will try to saddle these chores on you, and you may be so much in love you can deny her nothing. If so, be so awkward and sloppy that she will grab the dish cloth in disgust.

★ ★ ★

Whatever you do, don't prove yourself a better cook than your wife. You'll not only hurt her pride but will be kept at it while she plays golf with the girls, who will marvel at her cleverness in making a sucker out of you.

WHAT'S ALLOWED

You may buy jewelry for her, but not a hat.

You can tell her how to vote, but not how to wear her hair.

★ ★ ★

Expect to be bawled out for leaving things scattered around the bathroom, but don't say a word about the powder that covers the tops of dressers like snow.

You may hint that you like pot roast for dinner, but don't raise a fuss if you get hamburger instead. You may mention how much you enjoyed some other woman's pot roast, but just be sure it is one of her girl friends and potential rivals.

As far as your mother is concerned, you will be safe if you admit that she never fed you much more than corn-meal mush and turnips.

Don't say her clothes are unbecoming, and if you must remark about some other woman's appearance, be sure her get-up in no way resembles your wife's.

Let her furnish the house as she wishes, but reserve one corner of the living room as your own, and fight for your life rather than lose your favorite chair and reading lamp.

Have separate bank accounts, but insist that she pay as she goes, to her, "charging it" is just like getting it for nothing.

Never get sore and cuss her out. Scold her, but scold her tenderly.

Remember, custom decrees that women must struggle a bit before they give up anything. Her surrender is her own form of enjoyment.

Marriage demands a steady hand at the helm, and if you would keep the crew content, act like a captain who knows his business.

Residents Warned on Tank Cleaners

Oakland County residents should be on the lookout for septic tank cleaners who have been charging "exorbitant fees" for their services, according to Henry Costantino, assistant director of the sanitation division of the Oakland County Health Department.

★ ★ ★

Resident in Bloomfield, West Bloomfield and Pontiac townships have filed complaints to the health department he added.

The firm has charged from $200 to $300 which "is many times more than the fee normally charged for this service," he said.

★ ★ ★

Local cleaners normally charge fees by either the load, cubic feet or gallons. A brief survey of the local cleaners by Costantino showed they are charging as follows: 500-gallon septic tank, $15 to $35; 750-gallon, $25 to $50; 1,000-gallon, $35 to $65.

Junior Fire Inspectors to Picnic Saturday

Members of Pontiac's Junior Fire Inspector Program will be entertained with their parents and friends Saturday at a day-long picnic at the Ivory Farms, 9960 Cooley Lake Rd., White Lake Township.

★ ★ ★

About 1,300 "inspectors" will enjoy pony rides, wagon rides and a horse show staged by the Ivory Polo Farm staff. The picnic will begin at 11 and conclude at 5.

★ ★ ★

According to Charles E. Metz, fire marshal for the City of Pontiac who began the fire prevention program for sixth grade children, the picnic will climax one year in which children in 29 Pontiac schools have received "inspector" badges.

Sub Mailman Stole 'to Feed 4 Children'

A 34-year-old substitute carrier for the Pontiac Post Office yesterday told Federal Judge Thomas P. Thornton in Detroit that he stole $1,000 from the mails because he made "so little money I had to steal to feed my four children."

★ ★ ★

Russell R. Truhn, of 1787 Sylvan Glen, Keego Harbor, pleaded guilty to taking envelopes containing the money between February of last year and May 16, when he was arrested.

★ ★ ★

Sentencing of Truhn, who had worked out of the East Huron main office for about two years, was deferred pending a probation report. He was released on bond.

May Contracts Closing Today

CHICAGO (AP)—A few grain futures contracts made some fairly broad price swings in early Board of Trade activity today as dealers began closing out the May contracts.

Today is the final day of trading in May deliveries and rapid and wide fluctuations were expected toward the close as short interests watch for bargains to cover commitments and the longs hold out for the most profitable sales.

★ ★ ★

There was an unusually large open interest in May wheat and traders said it will require very active operations to even up accounts for those who want neither to accept nor deliver the grain.

During the first few minutes, however, trading was at no more than a moderate clip. May rye was the hardest hit by liquidation with a loss of three cents a bushel at times.

Commercial business was small and the only export sale was about 1,880,000 bushels of corn to Mexico.

Trade was slow near the end of the first hour, with wheat 1½ cents a bushel higher to ⅛ lower, May $2.20¾; corn ⅜ to ½ higher, May $1.30½; oats unchanged to ⅜ lower, May 63¾; rye unchanged to 2½ cents lower, May $1.35½; soybeans unchanged to ⅝ higher, May $2.26 ¼; lard unchanged to 2 cents a hundred pounds higher, July $12.42.

Detroit Steel Production to Rise 20 Pct. for Week

DETROIT (INS)—Iron Age reported today steel production this week in the Detroit area will increase to 61,000 tons, or 45.7 per cent of capacity.

The report said this was 10,000 tons over last week's output, or 20 per cent over last week's actual production of 51,387 tons.

Steel production a year ago this time, the magazine said, operated at 88 per cent of capacity and produced 114,400 tons.

Strikes Halt Building of AF Missile Areas

CAPE CANAVERAL, Fla. (AP) — Construction work on four Air Force Titan intercontinental ballistic missile launching areas has been halted by a wildcat strike.

★ ★ ★

About 500 construction workers walked off their jobs yesterday in what was reported to be a protest against the assignment of 15 Civil Service electricians to the job.

The protest came from a crew of electricians who are members of the International Brotherhood of Electrical Workers, sources close to the project said.

★ ★ ★

Later, the majority of the Titan work force joined the walkout as a sympathy move. The workers included iron workers, pipefitters, millwrights and carpenters.

Representatives of the construction companies and the union were not available for comment.

Selected Issues, Steels Improve

NEW YORK (AP) — Some steels and selected issues improved as the stock market moved slightly higher in moderate early trading today.

★ ★ ★

Key issues were up from fractions to about a point. There were a few losers.

★ ★ ★

The opening was fairly active then trading slowed.

Steels moved ahead as the industry's operations continued to rise for the third straight week from a low level. Youngstown Sheet advanced well over a point. U. S. Steel was about a point ahead. Bethlehem gained a fraction.

American Motors and Studebaker-Packard continued active, but showed scant change. Servel also was in demend and ahead fractionally. Lorillard added a major fraction.

★ ★ ★

Twentieth Century-Fox, whose annual meeting is today, was briskly traded and ahead a good fraction.

★ ★ ★

American Telephone was fractionally higher on a block of 5,000 shares. Reading Co. was unchanged at 33¾ on 10,000 shares sold for cash (immediate delivery).

Jailed 60 Days for Dynamiting Avon Residence

A probationary sentence of two years, with the first 60 days in the Oakland County Jail, was handed Lloyd D. Jaynes yesterday for throwing dynamite at an Avon Township home in an attempt "to scare" the owners.

★ ★ ★

Jaynes, 17, of Warren, also was ordered by Oakland County Circuit Judge H. Russel Holland to pay the Ronald MacDonald family, of 3389 Eastwood St., for damages to their home after the explosives went off in March. Jaynes must also pay $100 court costs.

"I hope you realize it's serious business when you're playing around with dynamite," Judge Holland told Jaynes.

He pleaded guilty to a charge of malicious injury of property April 23 after a first warrant of assault with intent to do great bodily harm less than murder was dropped.

★ ★ ★

Jaynes had admitted tossing the dynamite as a climax of a feud with the MacDonald family with whom he once roomed.

Business Notes

Frederick A. Burgess, of 8016 Flagstaff Dr., Union Lake, and president of the Schulze & Burgess Company, Hazel Park, an engineering and machinery rebuilding firm, is among 52 area business and industrial leaders now in Europe for the eighth annual International Trade Tour of the Greater Detroit Board of Commerce, which continues through June 11.

Ford Stockholders Will Meet Thursday

DETROIT (AP)—Ford Motor Co. said today it will hold its third annual public stockholders' meeting at Detroit's Masonic Temple Thursday.

★ ★ ★

More than 3,000 shareholders are expected to attend. They will be served a box lunch.

★ ★ ★

Last year's meeting had a turnout of 2,940 shareholders from 22 states and three foreign countries.

Ernest R. Breech, chairman of the board, will preside at the meeting. Henry Ford II, president, will speak.

The company said the main item of business will be the election of 15 directors.

FREDERICK J. POOLE
Secretary of the Board of Education
Dated 20 February, 1958
May 20, 27, '58

To the qualified electors of the Clarkston Community School District, Oakland County, Michigan:

Notice is hereby given, that a special election will be held in the Clarkston Community School District, in the County of Oakland and State of Michigan, on Monday, the 26th day of May, 1958, from 7:00 o'clock a.m. to 8:00 o'clock p.m., Eastern Standard Time, to vote upon the following proposition:

Shall the Clarkston Community School District, County of Oakland, State of Michigan, borrow the sum of not to exceed two million five hundred thousand dollars ($2,500,000) and issue the bonds therefor, for the purpose of defraying the cost of erecting and furnishing a new high school building and additional school facilities either as new buildings or additions to existing buildings and to acquire additional school sites?

Notice is further given, that the voting place for said election will be at the Clarkston Elementary School building in the Village of Clarkston.

Notice is further given, that the Board of Education of said school district has estimated that two million five hundred thousand dollars ($2,500,000) is the amount of money necessary to be borrowed for the project for which said bonds are to be issued.

Dated May 16, 1958
WALTON T. ROBBINS,
Secretary, Board of Education
May 16, 17, 19, 20, 21, '58.

Nehru Takes Vacation Instead of Retiring

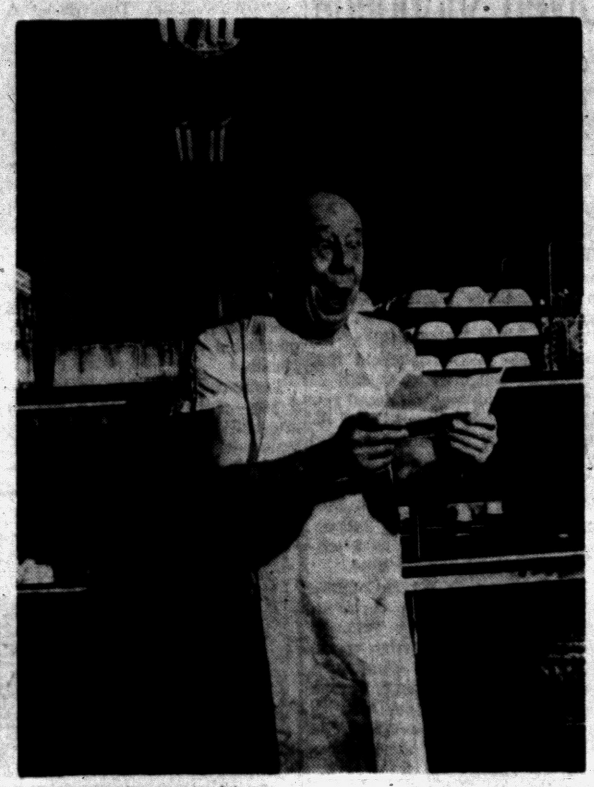
NEW DELHI (AP)—Prime Minister Nehru today started the holiday he is taking, instead of the retirement period he wanted.

The 10-day vacation in the Himalayan foothills of north India is the longest Nehru has taken since he assumed office nearly 12 years ago.

Nehru several weeks ago announced he wanted to quit office to ponder on India's future. Party leaders dissuaded him.

Heads Letter Carriers

KALAMAZOO (AP) — William Collins of Ann Arbor has been elected president of the Michigan Assn. of Letter Carriers. Collins was selected at the group's weekend meeting here. He succeeds George J. Fries Jr. of Kalamazoo. Other officers elected were William Cottingham, Port Huron, vice president; Dorr Cameron, Battle Creek, secretary, and Clark Brady, Bay City, treasurer.



VERY PROUD POP — Bert Lahr, here shown registering surprise in a television role, was even more surprised in real life when he discovered that his policeman son, Herbert, had turned to show business as a TV clown in Tucson, Ariz. Veteran comedian Lahr is pleased and proud to have 27-year-old Herbert finally following in his famous dad's footsteps.

Lebanon Strike Continues

Crisis Straining Economy

BEIRUT, Lebanon (AP)—The Lebanese public is feeling a severe economic strain as a result of 10 days of general strike enforced by daily bombing and terrorism.

Government security forces are daily gaining greater control over street mobs and opposition guerrilla bands. But the general shutdown of shops continues in Beirut and chief cities.

The strike has been enforced by such terrorism as the bombs which exploded in the Beirut vegetable bazaar yesterday. At least five persons were killed and many wounded.

Antigovernment gangs roam the city in automobiles, firing in the air to threaten shopkeepers who dare open.

★ ★ ★

The opposition demands the resignation of pro-Western President Camille Chamoun and a government policy oriented toward President Nasser's United Arab Republic. Opposition leader Saeb Salam says the strike will continue until Chamoun resigns.

Trade is at a standstill. The average Lebanese faces a food shortage and is plagued by rising prices. Workers, taxi drivers, shopkeepers and even night club entertainers are virtually unemployed. In Beirut Harbor seven ships were counted at anchor with no one to unload them.

Economists estimate the country is losing five million Lebanese pounds (more than 1½ million dollars) daily from the reduction in tourism, air and sea traffic and transit trade. Conservative estimates say Lebanon's trade has been cut in half.

This is bound to have a severe effect on a nation which lives primarily on commerce and transit traffic.

★ ★ ★

The north Lebanon city of Tripoli, meanwhile, is reported quiet after bitter weekend fighting in which an estimated 60 persons were killed.

Members of the opposition Socialist Arab Resurrection party are reported occupying the citadel of the old town in Tripoli. Government security forces are trying to isolate the citadel and force the surrender of the fighters there.

Movie Industry Pays Tribute to Ronald Colman

HOLLYWOOD (AP) — Top figures of the movie world today expressed high tribute to Ronald Colman, the gracious gentleman of the screen who died yesterday.

Many will journey to Santa Barbara, 100 miles north of Hollywood, for the funeral in All Saints by the Sea Episcopal church tomorrow afternoon. Cremation will follow.

★ ★ ★

Colman, 67, died of pneumonia yesterday in a Santa Barbara hospital. His health had been poor for the last two years.

Producer Samuel Goldwyn said of Colman: "Ronald was more than a fine actor—he was a fine man whom I greatly respected and for whom I had a tremendous admiration."

★ ★ ★

Joseph Henry Steele said of the man he served as confidant and publicist: "Ronnie typified the highest breeding and gentility—extra considerate of everyone, always sensitive to his obligations."

Actor Herbert Marshall said, "His death will mean a great loss."

Colman, born in Richmond, Surrey, England, Feb. 9, 1891, made his stage debut in London in 1914. He came to the United States in 1920.

★ ★ ★

He made his first movie appearance with Lillian Gish in "The White Sister" and was an immediate hit. Since that time he had appeared in more than 100 films.

In recent years he and his wife, Benita Hume, appeared on television in "The Halls of Ivy" program.

They lived quietly on a ranch at Santa Barbara. They had a daughter, Juliet, 13.

Expect 500 to Attend Support Dinner for Hart

LANSING (AP) — About 500 friends of Lt. Gov. Philip A. Hart are expected to help out his Democratic campaign for the U.S. Senate by attending a $25 a plate dinner June 5 in Grand Rapids.

Hart's campaign headquarters said the dinner will mark the anniversary of serious war wounds suffered by the candidate in the assault on Normandy in June 1944.

Alan Freed Hired by Another Station

NEW YORK (AP) — Alan Freed, rock 'n' roll disc jockey indicted in Boston for allegedly inciting a riot, will begin spinning his records over another radio station here next month.

The American Broadcasting Co. announced yesterday that Freed had signed a long-term contract to a radio program over local station WABC. Beginning June 2, he will be disc jockey on the station Monday through Friday from 7:15 p.m. ABC gave no further details.

Freed quit local radio station WINS recently, complaining that the station failed to back him up in the Boston controversy. He was indicted after gangs of teenagers beat up several persons and destroyed property following his May 3 music session at Boston Arena.

Elected to Academy

ANN ARBOR (AP) — Prof. Marston Bates of the University of Michigan zoology department has been elected to the American Academy of Arts and Sciences.

Herbert Drops Police Career

Follows Dad's Example by Becoming TV Clown in Tucson, Ariz.

By JACK O'BRIAN

NEW YORK (INS) — Bert Lahr, an old friend of laughter, never had his sights set on creating a grease-painted dynasty, but his lack of formal plans seems not to have made any difference.

★ ★ ★

Bert's son Herbert, a tall and handsome lad who tips the scales at 235, hadn't even suspected his own leanings toward the spotlight.

Actually, from his boyhood, Herbert had certainly not untypical intentions of sometime becoming a policeman. Oddly enough, Herbert accomplished that ambition before striking his show business stride.

Certain of his vocation for the constabulary, Herbert kept brass button-and-bluecoat firmly in his future and when he left the University of Arizona, it was to become an officer in Tucson, where he seemed entirely content to keep a firm discouraging finger on crime.

★ ★ ★

Then the police life palled on Herbert and he looked for other worlds to conquer. He became a newspaper advertising man, but, without knowing, the skids were grease-painted for him straight toward his dad's honorable calling as the finest clown of his generation.

SURPRISE TO BERT

None of this ever was brought to Bert Lahr's attention. He learned it all for himself virtually by accident when he stopped off in Tucson to visit Herbert on the way home from Hollywood after starring on a TV show.

★ ★ ★

In Tucson, Bert discovered Herbert quietly, without trading on the fine, intelligent elder Lahr's name or reputation, had become a television performer. And, to top it off in the finest full-circle fashion — a clown!

Young (27) Herbert had unostentatiously become the master of ceremonies on a daily children's TV show, and one of his TV masquerades, and his most popular, is in the guise of a clown.

He also has a regular radio program, and has so many irons in the fire he can't fail to find an important place in any of his assorted chosen fields, Tucson friends assure us.

★ ★ ★

We asked Bert about Herbert's progress, and he said he was embarrassed to say, because he found the lad so proficient.

"I think he's good. How good will be up to himself and the result of his own hard work and the acceptance of audiences. I don't think he's ready yet for a network show, nor does Herbert, but I'll also say right now he's better than lots of comedians I've seen on local New York Programs."

Burl Ives Discusses His Two Town Cars

By EARL WILSON

NEW YORK — Burl Ives and I live a couple of apartment houses apart on West End Ave., but we have to go to Hollywood to see each other.

WILSON

Spotting him while riding around the MGM lot in Hollywood the other day, I offered him a lift but he said, "Thanks: I'm waiting for my town car."

"What kind of a car is it?" I asked, figuring he was a foreign car addict. I knew he was very prosperous from doing "Big Daddy" in "Cat On a Hot Tin Roof," opposite Liz Taylor. Even if he was once a gypsy troubadour from Hunt, Ill., and Terre Haute.

'A Packard '34," he wheezed proudly. "I've also got a town car in New York. It's new."

★ ★ ★

"And what make is that?" I inquired.

"A Packard '36," he replied loftily. "I traded my motor-scooter in for it."

Sherman Adam's friends fear he'll have the boom lowered on him very spectacularly by some Congressional enemies . . . Taffy Tuttle read the "Nixon Stoned" headlines and said, "I didn't know he drank."

Danny Thomas is ecstatic over the fact his TV show held its rank in the ratings when it replaced "Lucy" on CBS' Monday night schedule. "And now," Danny blissfully told me, "the 'Lucy' show is going to be our summer replacement. So I said to Desi 'If you do real good this summer, I'll get you a regular show of your own in the fall.' Desi," he added, "chased me around the block several times."

THE MIDNIGHT EARL . . .

Ready for Instant Orders

Atlantic Fleet Reshuffled

NORFOLK, Va. (AP)—Unsettled conditions in the Mediterranean have caused the Atlantic Fleet to reshuffle some of its combat units so they will be ready for immediate redeployment if necessary.

★ ★ ★

The Navy said in an official statement that the regrouping is intended "to improve our defense capabilities during the present unsettled period."

It gave no elaboration but unofficial sources said the regrouping will increase the fleet's mobility and readiness for deployment if tensions in the Far East make it necessary to reinforce the 6th Fleet.

Certain fleet units have been placed on a four-day standby alert basis, it was learned.

Carnegie Hall Gives Ovation to Van Cliburn

NEW YOR K (UP) — A lanky, blond Texan who plays the piano was a hero in his own country last night.

All but two of the 2,840 persons who jammed Carnegie Hall welcomed home Van Cliburn with a tumultuous ovation.

★ ★ ★

At the intermission that followed the first of his two offerings, Cliburn was able to report backstage, as he changed his sweat-soaked shirt, that the feeling was mutual.

"I'm so happy to be home again," he said.

Today the city gives the 23-year-old Texan a ticker-tape parade.

★ ★ ★

The two who did not join in the applause at the recital last night were Harvey Lavan Cliburn Sr. and his wife, the former Rildia Bee O'Bryan. They seemed transfixed with the reception their son had received.

This was the first time Cliburn was heard here since he won the international Tchaikovsky contest in Moscow a month ago and become somewhat of an international good will ambassador.

★ ★ ★

W. G. Rogers, Associated Press arts editor, wrote in his review of Cliburn's recital: "He had a spectacular technique, and an impressive tone and body that will grow to match it."

Paul Henry Lang wrote in the New York Herald-Tribune: "The sum total of Mr. Cliburn's . . . performance leaves one with the feeling that he is undoubtedly a pianist with extraordinary talent and genuine attachment to his art."

Pleads Not Guilty to Homicide Charge

A Detroit salesman yesterday pleaded not guilty to negligent homicide in the April 30 automobile death of Anthony Grassi, 40-year-old Pontiac gas station attendant and father of four children.

★ ★ ★

Oakland County Circuit Judge H. Russel Holland permitted continuance of a $1,000 bond posted by Edward F. Petsch, 50, of 8662 Beechdale Ave., and ordered that his trial be added to the Circuit Court Calendar. No date was set.

Petsch was arraigned on the negligent homicide charge after his car collided with an auto-wrecker driven by Grassi at the intersection of Franklin and Square Lake roads in Bloomfield Township.

Grassi, of 27 Edna St., was dead on arrival at St. Joseph Mercy Hospital.

Wealthy Eaton Given Subpoena

Outspoken Industrialist to Be Investigated for Attack on Security

NEW YORK (UP) — The House Committee on Un-American Activities has subpoenaed industrialist Cyrus S. Eaton to appear before it as a result of his attack on the nation's internal security agencies.

The wealthy Eaton said at his farm estate near Cleveland that he will be delighted to appear.

The subpoena was disclosed last night by Richard Arens, staff director of the committee headed by Rep. Francis Walter (D-Pa).

★ ★ ★

Arens said in a television talk that Walter had signed a subpoena for Eaton to appear as a witness "at an appropriate time."

"Cyrus Eaton is not a Communist," Arens said. He declared, however, that Eaton's remarks are "typical of a campaign of vilification which the Communist conspiracy is promoting in the United States against our security agencies and will accelerate in the future by all its devious devices to weaken our internal defenses."

★ ★ ★

Arens said Eaton played into the hands of the Communists May 4 when he charged in a filmed ABC-TV interview that the United States is turning into a police state.

On the TV program Eaton said the FBI was one of many agencies engaged in "snooping . . . informing . . . creeping up on people."

Walter asked for equal TV time for a committee reply, and ABC granted it. Arens was assigned to make the rebuttal.

★ ★ ★

Arens said the Communist propaganda machine is using Eaton's statements all over the world "against the United States and our internal security system."

Arens defended the FBI as an organization of dedicated men, carefully controlled by the President and Congress.

Costly Plastic Surgery Keeps Insurance High

DETROIT (UP) — Better plastic surgery might put a brake on auto insurance rates, says a Detroit surgeon.

Dr. Claire L. Straith, chief of staff at Straith Memorial Hospital, told the Detroit Insurance Adjusters Assn. that if scars were reduced, juries would not return the high damage judgments which now help boost insurance rates.

According to recent surveys, the movie theaters of the world provide one seat for every 44 persons.

Police Joined Latin Smugglers

Tell of Undercover Work

BROWNSVILLE, Tex. (UP) — A tale of undercover police work unfolded yesterday in the trial of 35 men charged with conspiracy to ship arms and ammunition to Cuban rebels.

One government witness, a former police officer, testified he delivered by truck a mysterious shipment to a group of men at a nearby beach on the Gulf of Mexico.

★ ★ ★

Another said he posed as a crew member on a converted fishing vessel on which the group was apprehended after a sea chase last March.

Testimony got under way before a jury of 11 men and a woman after all 35 pleaded innocent. Antonio del Conde, Mexico City, whom the government claims conspired to move arms to Cuban rebel leader Fidel Castro, pleaded guilty and will be sentenced later.

★ ★ ★

The defendants sat in a row as the trial got under way before Judge James V. Allred. An interpreter translated for the defendants, most of whom have difficulty with English.

Court recessed for the night after Immigration Patrol Inspector George W. Nefford said he posed as a member of the crew of the vessel on which the men were arrested, the Orion.
