Top Candidates Prepare for Big Campaign

JOVIAL — President Eisenhower laughs heartily during news conference at which he was alternately jovial and stern. The President told newsmen that he sees no national trend in the Democratic triumph in the Maine election earlier this week.

GOP Workers Feted; Dems Broaden Fire

Ike Opens Drive; Adlai Hits Nixon

GETTYSBURG, Pa. (AP) — President Eisenhower opens his re-election drive here today in the role of country squire and host to about 500 key GOP champaign workers from all over the United States who will gather on his farm.

Highlight of the program of late afternoon activities at the farm will be an informal address by the President about 5:15 p.m. EDT. His talk will follow one by his running mate, Vice President Nixon.

A big tent has been set up in a meadow at the farm.

The hour-long program of campaign talks will be held in the tent and there will be a picnic buffet supper after the speeches. Both Mrs. Eisenhower and Mrs. Nixon are scheduled to be on hand for the activities.

The President himself is quite a cook, but this time he has passed on to others the chore of preparing the heaps of food to be served to the guests.

A Pennsylvania style picnic supper is being arranged by a downtown hotel, with the Republican National Committee footing the bill. Menu items to be trucked to the farm include fried chicken, cold roast beef and cold baked ham, home-baked beans, potato salad, pickled eggs and beets, and ice cream and cake desert featuring the GOP elephant.

Arrangements have been made to transport the 500 key campaign workers to the farm by bus from Washington.

They include leaders of the regular Republican organization in all the states, as well as volunteer workers from such organizations as the citizens for Eisenhower committee and Democrats for Eisenhower.

Sen. James H. Duff (R-Pa), running for re-election, will preside and give an address of welcome. There also will be campaign organization reports from various sections of the country, climaxed by an over-all report by Leonard W. Hall, chairman of GOP National Committee.

A statue of the late Albert Woolson, last surviving member of the Union Army in the Civil War, will be dedicated formally in ceremonies on the historic battlefield.

NEW YORK (AP)—Adlai Stevenson's campaign fire was broadened today to include an attack on the "new" Vice President Nixon along with a blast at President Eisenhower's civil rights position.

The Democratic presidential nominee accused Eisenhower of failing to lend the prestige of his office to Southern governors and other officials upholding desegregation laws "sometimes even against their own personal feelings, sometimes in the face of violence."

He said Nixon was presenting a "new face" and "you have to be awed by the lack of conviction which makes so swift a transformation possible."

Stevenson, meanwhile, plunged into a conference with party leaders from New York, Pennsylvania, Maryland, Delaware, West Virginia and Washington, D.C.

This was the eighth and last of his eight regional "grass roots" meetings across the country as a preliminary to the formal opening of his campaign with a nationally-televised speech tomorrow night in Harrisburg, Pa.

Stevenson was encouraged by an analysis by his staff of Maine's election figures.

James A. Finnegan, his campaign manager, said the Republicans never had won the White House unless they obtained 60 per cent of the Maine November vote — and that the GOP garnered but 51.4 per cent of the congressional vote there Monday.

Finnegan said the Democratic congressional vote in Maine jumped more than 50 per cent over that in 1952 and that this constituted "one of the greatest increases ever recorded in any state, let-alone a normally Republican one like Maine."

He said the re-election of Democratic Gov. Edmund Muskie and the congressional election results reflected "dissatisfaction with the Republican record under President Eisenhower."

Stevenson's attacks on Eisenhower and Nixon were delivered amid frequent applause last night in a speech accepting a second presidential nomination — that of New York state's Liberal party, good for more than 400,000 votes in 1952.

Both Parties Make Plans for Campaigning in Area

Sen. Hubert Humphrey, (Dem.-Minn) will help kick off and Oakland County Democratic fund-raising campaign with an address here Sept. 21.

He will speak at a dinner held at the Community Activities, Inc. Building in Waterford Township to raise campaign funds for Paul Sutton, Democratic candidate for Congress, and for the Democratic National Committee.

Gov. G. Mennen Williams and Lt. Gov. Philip A. Hart will be guests of honor, according to the general chairman, Mrs. Robert Phillips, of Huntington Woods.

The cost per plate will be $10 a person or $13.50 a couple, she said.

Humphrey was a vice presidential candidate at the Democratic National Convention in Chicago.

He was first elected to the Senate in 1947, and is a member of the Senate Democratic Steering Committee, and of the Senate Committees on Agriculture and Forestry, Foreign Relations and Small Business.

He had been elected mayor of Minneapolis in 1945 after serving as federal administrator of the war Training and War Manpower Programs.

As mayor, he brought about the first municipal fair employment practices ordinance in the nation.

Detroit Mayor Albert E. Cobo, Republican candidate for governor, will invade Oakland County Monday, launching a full day with an address at noon in Pontiac.

He is scheduled to speak before 250 at a luncheon in the Pontiac Elks Temple, according to Arthur G. Elliot Jr., chairman of the Oakland County Cobo for Governor Committee.

L. Harvey Lodge, Republican candidate for State Senate will introduce the mayor. The luncheon committee is led by Richard I. Moore, of Pontiac.

Monday night Cobo will be guest of honor and speaker at the annual picnic of the Republican Women's Federation of Oakland County.

The picnic will be at Avon Park in Rochester. State Sen. William S. Broomfield, Republican candidate for Congress, will introduce the mayor.

Cobo's schedule also calls for appearances at the county court house in Pontiac at 2 p.m. and afternoon visits to several area communities.

The tentative schedule sets appearances in Keego Harbor at 2:35 p.m., in Milford at 3:20 p.m., in Clarkston at 4:30 p.m. and in Oxford at 5:15 p.m.

Mom Burned Hand, Keego Girl Testifies

By CHUCK ABAIR

Seven-year-old Sherry Wilkinson, who is still being treated for a badly burned hand and cuts and bruises, accused her mother of inflicting the wounds while giving testimony as one of ten witnesses to appear before West Bloomfield Township Justice Elmer C. Dieterle during an examination of her parents, Mr. and Mrs. William Wyatt of Keego Harbor, yesterday on cruelty charges.

Sherry was one of ten children found abandoned and hungry in their home at 3216 Pridham St. the night of Aug. 23. Two other children had run away from home earlier.

The examination was adjourned to Sept. 18 at 2 p.m. following a three-hour session of questioning. Milton R. Henry, attorney for the Wyatts, has announced his intentions of calling more witnesses when the exam is continued.

Prior to yesterday's proceedings, Oakland County Prosecutor Fred Ziem presented a new complaint to the court, charging both parents with cruelty. The complaint was signed by Mrs. Dorothy Reason, an agent of the county Juvenile Court who has been investigating the case.

Only Ada Wyatt, 33, had been charged with cruelty previously. The charge against her husband had been neglect and failure to provide sufficient food.

The complaint brought about a new arraignment for the couple prior to the examination. Both stood mute to the charges.

Sherry, who has gained eight pounds and progressed rapidly since her confinement to Pontiac General Hospital, was the major witness in the examination. She sobbed occasionally as she was questioned for over an hour about the burns and bruises on her body.

The girl said her mother burned her right hand on a gas stove.

"She turned on the stove and held my hand over the fire part because she didn't want me to go downstairs," she commented with her head bowed, staring at the injured hand which doctors say will take at least two years treatment to restore to normal.

Sherry said over and over during her testimony that her mother kept her upstairs "because she was afraid the neighbors would see me."

She said Mrs. Wyatt had also burned her left hand, left thigh and buttocks, the latter when "she set me on top of the oil burner.

When Ziem asked about her two

Engineer Reports on City's Plan

Rail Site Is Practicable, But It Has Disadvantages

A city-recommended alternate site for the $700,000 Grand Trunk Western Railroad industrial support yard is "practicable," according to a consulting engineer, but has several disadvantages which might force the railroad to abandon plans if the site had to be used.

City Manager W. K. Willman released to the City Commission last night a three-page report from Charles H. Blackman, consulting engineer from Louisville, Ky.

Blackman was hired by the city to study the city-suggested site as compared to the one planned by the railroad south of Walton Boulevard, north of the railroad's belt line, and with the major portion between Baldwin and Stanley Avenues.

The city site is further west and parallels Telegraph Road.

City officials suggested the alternate to allow for the extension of Stanley Avenue north of Walton. This would be impossible, officials point out, if the railroad plan went through.

'TROUBLESOME'

The city plan would move the yard a half-mile and one grade crossing further away thus adding six minutes to the railroad's round trip time, the report showed.

It would also be more "troublesome" because the switch engine would be pulling down and pushing up an 0.8 per cent grade.

Another disadvantage listed in the Blackman report was that the city plan would call for the addition of a switchman to repeat signals to the engineman because of the position of the area under study.

Blackman suggested a third plan which would have the city and State Highway Dept. build grade separations at Columbia, Montcalm and Oakland. He added the railroad should improve their main yard "with some rearrangement of present and additional tracks at the Pontiac plant."

CRITICIZES BOTH

The yard is planned to increase switching facilities of inbound and outbound freight from both Pontiac Motor Division and Fisher Body plants.

The railroad filed a condemnation suit in Oakland County Circuit Court to obtain two half-acre parcels of private property needed for their proposed site.

Blackman criticised the city and

U.S. Will Join Suez Association

Eden Tells of Agreement to Support International Use of Canal

WASHINGTON (AP)—The United States has agreed to join Britain and France in setting up an international association aimed at insuring use of the seized Suez Canal.

A State Department spokesman confirmed this a few hours after Prime Minister Eden disclosed the decision in an address before a special session of the British Parliament.

Egypt will be asked to cooperate and will receive transit dues, Prime Minister Eden and Premier Guy Mollet of France announced.

If Egypt interferes, the nations concerned will be "free to take such further steps as seems to be required," Eden told the House of Commons.

He warned that President Nasser of Egypt cannot expect appeasement from Britain, but insisted this country is moving in every peaceable way to end the Suez dispute.

Britain and France already had taken a first step toward putting the Suez controversy before the U.N. They delivered a letter today to the president of the U.N. Security Council, advising him that Egypt has created a situation which might endanger free use of the canal.

Another development was the imminent walkout of many of the non-Egyptian pilots who take ships through the canal's tricky waters. Egypt is speeding up her plans to replace these pilots as necessary.

Royal Oak Steelman Dies in Plane Crash

A Royal Oak man was killed about 6:30 p.m. last night when his four-passenger Navion plane collided with another plane 10 miles northeast of Warren, Ohio. The pilot of the second plane was also killed.

Robert C. Brown, 41, vice president of the Brown Steel Corp. of Ferndale and R. B. Oas of Girard, Pa. were the victims.

Brown's body was found in the wreckage of the plane shortly after the crash which happened about a half hour from his destination, Bethlehem, Pa. Wreckage of the other plane was located several hours later. Cause of the crash has not been determined.

Mrs. Jean Harding Brown, wife of the victim, said: "Robert left Detroit about 4 p.m.

Brown, a native Detroiter and a graduate of Michigan State University, also leaves his son Jeffrey, 12, daughters Barbara, 8, and Kevin, 2, and his mother, Mrs. Grace Brown of Royal Oak.

Pontiac Orders Disconnection or Annexation

Hookup of Supermarket Causes Snarl Between Governing Bodies

The Pontiac City Commission issued an ultimatum to Waterford Township last night to detach an 80-acre parcel at Elizabeth Lake and Telegraph Roads for annexation to the city, or disconnect a temporary sewer hookup there which has been ruled illegal by the Michigan Supreme Court.

Commissioners further stipulated that a chain grocery store soon to open in the planned Pontiac Shopping Center could continue tying into Pontiac's sewer system for nine months.

But if at the end of nine months, township officials hadn't agreed to annexation of the shopping center land, the sewer must be cut off immediately, it was ruled.

The proposal followed a high court decision Sept. 4 ruling by former Port Huron Circuit Judge Eugene F. Black made last November was to be upheld.

Judge Black ruled the proposed shopping center violated a 1935 agreement between Pontiac and the township by linking to the city's sewers.

VIOLATES POLICY

Black, now a member of the high court, allowed the supermarket to tie into the system pending the outcome of the appeal made to the Supreme Court by Waterford Township Attorney John W. Bell.

The commission's decision last night stems from growing city policy against providing municipal services to fringe areas without annexation.

The ultimatum was reached after Lloyd L. Anderson, township supervisor, and the owner and attorney for the center appeared before the commission requesting the continuation of the temporary sewer connection.

* * *

They asked for approval saying the store was soon to open. They added the center would pay the sewer rates to the township who in turn would pay the city for its use.

CLOSED MEETING

After returning to the commission chambers to issue their resolution (it was reached in a committee-of-the-whole meeting in City Manager W. K. Willman's office), Commissioner Philip E. Rowston moved to table the resolution one week for possible "refinement" by

GM and Ford Predict Uptake in Auto Jobs

DETROIT (AP)—Two of the auto industry's "Big Three" estimate employment will climb to near-record levels by December.

On the other hand, the Michigan Employment Security Commission reported yesterday that 258,000 were jobless in the state on Aug. 15, an increase of 26,000 over mid-July.

Model changeovers and the recently settled steel strike both contributed to Michigan's unemployment gain, the MESC said. It estimated the Detroit area's jobless at 175,000.

John S. Bugas, industrial relations vice president of Ford Motor Co., forecast in a statement that Ford's present hourly work force of about 127,000 will increase by more than 8,000 during the next 30 days.

Bugas said preliminary estimates indicated Ford's work force probably will total 140,000 by the end of the year, and said practically all of those laid off for model changeovers will be back at work Sept. 24.

Ford's record employment was 143,000 in 1955.

GM TO REHIRE

General Motors Corp. said it expected to recall all of its laid off seniority workers—those with at least 90 days—by Christmas. Last year GM employed about 350,000 production workers.

GM never released its layoff figures, but the United Auto Workers union estimated them at "more than 50,000" earlier this year.

The Michigan Employment Security Commission said in reporting a gain of 26,000 jobless between mid-July and mid-August that both model changeover layoffs and the now settled steel strike contributed to the gain.

The government, meanwhile, opened a defense production clinic yesterday in Detroit which it said was designed to stimulate the state's economy and reduce high unemployment.

Earlier, Walter P. Reuther, president of the UAW, termed this "a false front" put on by the Republican Eisenhower administration in a political year for vote-getting purposes.

Some 500 parts for tanks and other military vehicles were displayed by the government at the production clinic for Michigan manufacturers interested in defense contracts.

Wiley Wins Wisconsin; Lee Loses Utah

Ike Backers Victors in Crucial Primaries

By International News Service

A veteran U.S. senator's successful fight for political survival against his state GOP organization and the defeat of an anti-Eisenhower Republican governor featured a series of primary elections across the nation yesterday.

* * *

Sen. Alexander Wiley won the GOP senatorial nimination in Wisconsin over Rep. Glenn R. Davis, who was endorsed by the state Republican party. Wiley was leading by 10,000 votes when Davis conceded defeat.

Wiley, a senator since 1939, was opposed by Sen. Joseph R. McCarthy (R-Wis), who charged he was an "internationalist." Both Wiley and Davis claimed they backed President Eisenhower, who kept hands off the race.

In Utah, Gov. J. Bracken Lee, an outspoken critic of the Eisenhower administration and a foe of foreign aid, lost in his bid for renomination to George D. Clyde, commissioner of the Utah Water and Power Board.

Clyde, who had the strong backing of Sen. Arthur W. Watkins (R-Utah) had rolled up a margin of nearly 7,000 votes when Lee conceded, saying "I apparently lost because I made some enemies during my eight years as governor."

CLOSEST RACE

The closest race of the day was in Colorado where former Rep. John Carroll held a narrow lead over ex-agriculture Secretary Charles Brannan in the contest for the Democratic senatorial nomination.

A recount appeared certain as Carroll was ahead by slightly more than 1,500 votes with Brannan cutting down on his lead. The victor will face former GOP Gov. Dan Thornton in November.

In Washington state, political observers said that Democratic Sen. Warren G. Magnuson was given a strong boost for the November election by primary returns showing him running ahead of the GOP vote.

Magnuson rolled up 50,000 more votes in the Democratic primary than Gov. Arthur B. Langlie, his November opponent, mustered in the Republican balloting. Both candidates were unopposed on their party slates.

OTHER PRIMARY RESULTS:

Arizona — Veteran Sen. Carl Hayden was assured of re-election in November when he polled more votes in the Democratic primary than the other three aspirants combined. A close race for the GOP guber natorial nomination showed Horace B. Griffin slightly ahead.

New Hampshire — Sen. Norris Cotton won renomination in the Republican primary by a 53,000 vote margin. GOP Gov. Lane Dwinell also was nominated for a second term.

Minnesota — Gov. Orville Freeman, running on the Democratic-Farmer-Labor slate, won renomination and will face former GOP Lt. Gov. Ancher Nelsen, who topped the Republican primary, in November. Both men outdistanced token opposition on their respective tickets.

First Aid Class Begins Monday

Ambulance Operators Must Pass the Course to Obey City Ruling

Pontiac ambulance drivers will begin first aid training at 7:30 p.m. Monday at the McAuley Nurses' Home of St. Joseph Mercy Hospital, 126 Fulton St.

Training will be conducted by Oakland County Chapter, American Red Cross in cooperation with the recently passed City Ordinance which dictates that all ambulance operators in Pontiac must complete an advanced course in first aid.

The course will be given on successive Monday, Tuesday, Wednesday and Thursday nights until 30 hours of training per person is completed. These repeat sessions are offered for the convenience of those taking the training.

Tomorrow and Friday, at 7:30 p.m. at the chapter house, 118 Franklin Blvd., comprehensive written and practical exams will be given by Ralph S. Forman, chapter chairman of first aid, for those who feel experience and former training has given them the equivalent of the course.

Enrollment information is available through Dr. Charles Neafie, deputy director of special services for Oakland County Health Department.

Red Cross instructors for the course are Forman, David Warrilow of Pontiac, Robert Dunn, Milford Fuller and C. G. Nunnelley, both of Birmingham and Gordon MacLachlan of Royal Oak.

Waterford Given Sewer Ultimatum

(Continued From Page One)

Willman and City Attorney William A. Ewart.

Donald Barris, attorney for the center, asked that the nine-month limitation be dropped from the resolution "so that the city would have better control and will serve our purposes better."

Ewart said this request would be studied during the week along with the resolution.

The commission emphasized the new agreement was not a rewriting of the 1935 policy which city and township officials have decided needs review after the court decision.

Commissioner John Dugan sparked the annexation decision when he said: "As long as there is some agreement with the city that there will be no more hook-up without annexation, I wouldn't have the heart to cut off the sewer."

"And I'm ready to vote for annexation right now," he added.

Commissioners received and filed a report and resolution from Ewart calling for the immediate cutoff of the sewer because of the township and center's request.

Farmingtonite Admits Speeding; He's Jailed

A Farmington man waived examination on one traffic charge and pleaded guilty to another in Justice Court there Tuesday.

Clayton F. Ortwine, 26, of 31307 Rexwood, was remanded to the Oakland County Jail following the arraignment before Farmington Justice Allen C. Ingle.

He waived an exam on a charge of driving with a revoked license third offense but pleaded guilty to speeding. Ortwine will be held in jail under $1,000 bond pending further action on the third offense charge Sept. 17.

Little America Seconds Away From Oak Park

Mr. and Mrs. Adolph Ehrlick of Oak Park have decided Little America where their son Lt. Edward Ehrlick is stationed isn't as far away as it sometimes seems.

Last night the Ehrlicks talked to their son for an hour and five minutes through telephone patching and radio operation by F. Keith Hills, 36 Union St., local barber and ham radio operator.

Mrs. Ehrlick says they have talked to their son several times since he went to Little America last November. Radio ham operators in Livonia and Redford have also reached the Ehrlicks with calls from their son.

"Last night's call was the clearest we've ever had," she said. "These radio operators certainly deserve credit for contacting us."

Hills said the radio station in Little America is handled for the social benefit of the men on the island. "I've never had a contact so clear with the area before."

Lt. Ehrlick, a physician, reported that the biggest news in his part of the world is the weather. "It's warming up to 30 degrees below zero. This is an improvement." Last month before the sun started to come up, the thermometer registered a 50 degrees below zero.

Theater Party Goes Sight-Seeing

By L. JAMES BINDER
Asst. City Editor, Pontiac Press

NEW YORK CITY — The hilarious adventures of a bewildered Georgian farm boy vied with a rare view of Manhattan's famed skyline for the plaudits of 100 enthusiastic Pontiac Press Theater Special travelers yesterday.

Undaunted by a busy day of tramping all over the sidewalks of the country's biggest city, the group collected at the Alvin Theater last night to howl at the antics of drawling Andy Griffith as the laconic Air Force recruit who had "No Time for Sergeants."

These were the same Oakland County residents who had only hours before traveled the 35 miles around Manhattan Island's shoreline, visited many of the city's historic points of interest and examined nearly every counter while touring a huge department store.

"I laughed until I nearly cried," said Miss Virginia Davis, of 1872 Pointe Dr. Long Lake, after watching Griffith and Myron McCormick hassle its way through what Broadway critics have acclaimed as "the funniest show in town".

"Somebody ought to make it into a book," remarked another Press special viewer in comically feigned ignorance of the fact that 'Sergeants' is currently one of the country's top best-sellers.

SIGHT-SEEING TOPS

The blue-gray outlines of skyscrapers stood out strikingly against a sunny sky Tuesday morning when the Press group streamed up the gangplank of the "Sightseer" for an edge-of-the-pie view of the city.

The faint smell of sea air stirred our group to even greater heights of admiration as the rakish yacht backed its way into the current of the Hudson River.

"Isn't it beautiful?" . . . "Smell that air." . . . "There's the Empire State Building." Thus did we marvel as the water churned beneath the boat rails.

INTEREST AROUSED

A turn of the boat's wheel and we were in the East River, into the shadows of the Brooklyn and Manhattan bridges and past Brooklyn and Long Island. The yacht's guide, an artist whose adroitness with a megaphone earned the unqualified approval of Mrs. M. Hazelton Tillotson of Birmingham, among others, kept up a running commentary on the panorama along the shores.

The awesome beauty of the United Nations Building brought excited gasps from the viewing "rail birds." The sports fans leaned forward a little more intently as the Yankee Stadium and the Bronx came into view near the place where the East and Harlem Rivers meet.

"It's much more interesting than I expected — there are so many new places," observed Mrs. Ernest Squier, of 52 N. Main St., Clarkston, a veteran of many trips to the huge city.

* * *

"Wonderful," commented Dr. George Petroff, president of the Pontiac Chamber of Commerce. "It was the second time for Mrs. Petroff and myself. I think we enjoyed it the most this time."

The enthusiasm which has keynoted the behavior of the Press' travelers for the trip's first two days was just as pronounced this morning as they made plans to see "The Most Happy Fella" at a matinee today and "New Faces of 1956" this evening.

All this roving has already had one effect on our wanderers: They can be just as blase about some things and maneuver through crowds just as efficiently as any Gothamite.

Nobody says "Noo Yawk" yet, but to a man (or woman) they're agreed that "It's a wonderful town."

More Evidence on 'Wolf Pack'

Other Youths Report Gang Was Spoiling for Fight on Fairgrounds

Further evidence against four Royal Oak Township youths may be obtained today to reveal their "wolf pack" tactics which involved them in the fatal beating of 19-year old Gerald Rondeau of Wayne last Tuesday police said.

Insp. Thomas Cochill of the Homicide Bureau said "several" of a half-dozen boys with whom the quartette reportedly picked fights last Tuesday at the Michigan State Fairgrounds have come forward to make statements this afternoon.

Their stories may show the four boys were out for a night of brawling, Cochill said, and may back up charges of first-degree murder.

Held at Detroit Police Headquarters are Tommy Rollins, 19, of 10582 Foxton Ct.; Horace Collier, 18, of 21405 Parkside St.; Odell Gray, 18, of 21423 Garden Lane, and James Craig, 16, of 21014 Ferner St.

Warrants against the four may be sought tomorrow morning, according to Assistant Wayne County Prosecutor Joseph Rashid.

the railroad for furthering their plans "each without consulting the other."

Willman said the city could receive financial assistance on only the Oakland Avenue suggested separation. He added the Blackman recommendation for grade separations would cost the city $1,500,000.

ANOTHER MEETING

Willman told the commissioners he had sent letters explaining the city's position on this matter to the top industry officials in Pontiac. No answers have been received, he added.

The manager stated railroad officials have suggested another joint meeting with city commissioners and industry personnel.

At next Tuesday's commission meeting, the yard will come up for public discussion at which members of a northside protest committee are expected to present their objections.

Pontiac Leaders Safely Drink Fluoride Water

Pontiac city commissioners and several city officials are living proof that fluoridation isn't harmful, City Commissioner Roy V. Cooley said last night.

* * *

"I just want to tell the people that we've all survived from drinking fluorides in the water at Grand Rapids," Dr. Cooley announced at the City Commission meeting.

Commissioners and several city officials returned Saturday from attending a three-day Michigan Municipal League Convention in Grand Rapids.

The furniture city was the national primary test center for fluoridation. Fluorides were added to the city's water supply 10 years ago. Statistics recently revealed the fluoridation did reduce the number of teeth cavities.

Mom Burned Hand, Youngster Testifies

(Continued From Page 1)

missing front teeth, Sherry replied: "I lost them when Mommy knocked me in the mouth." She added that her mother had cut her lip with a butcher knife.

Sherry testified she had never been taken to a doctor for any of her burns or cuts and said she had been kept tied in an upstairs bedroom most of the time so she could not get downstairs or look out the window.

The youngster had little to say—against her stepfather with the exception of a statement that he spanked her once with a belt. But she said that after her parents bought some salve for her burned hand he told her he "was not going to spend another dime on the hand."

* * *

During later questioning by Henry, Sherry told the court she never got outside to play with other children and could not eat with the rest of the family. She said the boys would bring her food but would tie her up because "Mommy told them to."

QUESTION MANY

Others questioned during the long afternoon included Wyatt, four of the other children of the accused couple, two doctors who have been treating Sherry, Mrs. Ruth Pace, a neighbor of the Wyatts, and her daughter Joan, of Pontiac, who was the first to contact police after finding Sherry tied up.

The 29-year-old Wyatt denied any neglect or cruelty to children, repeating earlier statements that he had worked hard to support them and had left enough food in the house for them when he had to leave the state for the two days the children were found alone.

William said Sherry could always go downstairs anytime she wished to and had always had as much food and clothing as the others. "I have never seen or heard of Sherry being tied up," he said in answer to a question by Ziem.

When queried about the girl's severe burns, he said he had not taken her to a doctor because "I didn't realize the hand was that bad." I had planned to take her when my wife recovered from an operation and came home from the hospital," he added.

CHILDREN TESTIFY

The other children to take the stand were Aaron, 13, Arthur, 11, Darwin 10, and Diane 8. All said they did not know how Sherry was burned, Aaron admitted receiving beatings from his father, but he said in most cases he had deserved them.

Diane, who glanced at her parents at every question asked, admitted she had also been burned but refused to say who was responsible or how it happened.

She said Sherry was not allowed downstairs and she had seen her tied to the bed. "Sherry told me Mommy burned her," she remarked.

Darwin said he played with Sherry often upstairs. He told how he tied her to a bed twice on instructions from his mother. He could not recall her ever being struck by Wyatt but did tell how "Mommy whipped her with her hand." Darwin said all the children always had enough to eat.

Dr. Robert J. Cooper, Chief of the Pediatric Staff at Pontiac General Hospital, and Dr. William Oliphant, who was on duty in the emergency room the night Sherry was brought in, were the doctors questioned.

HAND BURNS DESCRIBED

Dr. Cooper described the girl's physical condition. He said her right hand had third degree burns and expressed the belief that it had been almost impossible for such severe wounds to have been self-inflicted.

"She was a typical picture of malnutrition with spindly legs and arms," he told the court and presented pictures taken at the hospital as evidence. Dr. Cooper pointed out that X-rays had disclosed other old fractures that had healed but no bone deficiency.

This prompted Henry to press the point that Sherry must have been receiving some kind of vitamins to prevent a disease like rickets. The doctor said that was true.

"I don't believe there was any question that Sherry was malnourished when she was brought in," was Dr. Oliphant's comment.

* * *

But he admitted later under cross-examination that her condition could have been caused by eating the wrong type of food rather than not enough.

NEVER SAW GIRL

Mrs. Pace said she had never seen Sherry outside of the Wyatt house although she lived across the street. "Mrs. Wyatt told me she was taking care of the girl for a friend who was looking for a house," the woman stated.

Mrs. Pace's daughter, Joan, described how she and a sister-in-law, Marion Pace, found Sherry tied to a bed the afternoon of the day police and county officials took the children from the home.

She said she had visited her mother several times and had heard of Sherry but never saw her. "We went to find Sherry and found her tied to an upstairs bedpost and sleeping.

"Her hand had been draining and the bandage on it was very dirty," she remarked. The gown she was wearing was also very dirty. The shades were down and it was very hot. We woke Sherry and dressed her. She told us she was hungry and had not eaten all day and could not play with the other children."

CALLS KEEGO POLICE

Miss Pace told of speaking to Wyatt about it and later calling Keego Police Chief Calvin Baxter. The investigation followed.

Following the examination, Ziem revealed he would be calling no further witnesses into the case. Henry said he would question Mrs. Wyatt and some of the other children when the exam is continued.

If convicted, the pair can receive a four-year jail sentence or be fined $2,500.

The 11 Wyatt children are being cared for in the Oakland County Children's Home.

The parade, to start at 7 p.m., will include bands, county rescue trucks, fire and DPW equipment, emergency communications truck, floats, Red Cross, military units, and other items.

Being planned by the Junior Chamber of Commerce, the week's observance in the city includes distribution of pamphlets by the League of Women Voters, mailings of a leaflet "What You Can Do Now," and laminated instruction cards, also posters in stores and offices.

Formal dedication of the Ground Observer Corps Post is also included in Friday's agenda.

School programs are including special assemblies, air raid drills, a coloring contest, and CD films.

Opening program for the "Great Books Group," which is recruiting readers who enjoy discussion of books, will be next Wednesday at Baldwin Public Library.

"Participants this year will discuss books written by such authors as Plato, Aristotle, Pasca, and Rosseau, books as old as the Bible and as new as Freud," says Jeanne Lloyd, head librarian at Baldwin.

Aimed at keeping up education through adulthood, the program has no tuition and retains an informal atmosphere. Mrs. Harry Stark Jr., chairman, will take registrations or they may be made at the library.

Opening the square dance series planned by local Kiwanians is an event Saturday night at the Community House.

Cost for the water was itemized in his report as $12,044, with $11,842 going to the authorities.

Fire loss last month totaled only $75 says Chief Smith.

Nixon to Give Speech at Muskegon on Oct. 1

GRAND RAPIDS (AP) — The office of Rep. Gerald R. Ford Jr. (R-Mich) reported yesterday that Vice President Richard Nixon has scheduled an appearance in Muskegon as part of his Oct. 1 visit to Michigan.

The vice president's 15,000-mile reelection campaign tour of 32 states lists speaking stops at Grand Rapids and Milwaukee on the same day.

Air Search of Pacific Fails to Find Lost Plane

TOKYO (AP)—The U.S. Air Force said today the search for a weather plane and its 16-man crew, believed down in the Sea of Japan, had produced "absolutely nothing."

The plane, an RB50 — reconnaissance Version of the B50 bomber — was last heard from Monday 200 miles northwest of Niigata, Japan, while tracking Typhoon Emma.

7 British Soldiers Hurt in Cypriot Ambush

NICOSIA, Cyprus (AP) — Seven British soldiers were wounded last night in the ambush of two military trucks near Larnaca on Cyprus' south coast. They came under fire from automatic weapons and shotguns.

British authorities blamed the incident on EOKA, the Greek Cypriot underground fighting for annexation of this island to Greece. The ambush was one of the worst in recent weeks.

Democrats Ask Change in Law

Detroit Senators Push for Extra Session to Buy Back House for Couple

DETROIT (AP) — Detroit Democratic state senators plan, if they can, to set aright what they contend is a 36-cent miscarriage of justice that cost an aged Grand Rapids couple their home.

* * *

Senator Harold M. Ryan (D-Detroit) said last night that downstate colleagues would join him in asking Gov. G. Mennen Williams, also a Democrat, to open the recessed special session of the Legislature for a $2,500 private appropriation bill.

"If the Governor agrees," Ryan said, "then we shall introduce a private appropriation bill to enable Harold and Evelyn Farr to buy back their home in Plainfield Township."

The Farrs lost their riverfront home on an appeal to the State Supreme Court. At issue was the 1947 tax bill on the property. It amounted to $12.

Mrs. Farr said she mailed the $12 to the township treasurer in 1948. The treasurer said the money was returned because it did not include a 36-cent penalty for delinquency.

Mrs. Farr, 69, said that in 1949 she went to the treasurer's office and paid $13.08, which she thought included the penalty. But the receipt said the payment was for "1948 taxes."

Amos Nordman, a real estate broker, bought the four-room home at a 1950 tax sale for $16.69. In 1952 he notified the Farrs of the purchase and told them they were entitled to redeem for $35.04.

After a grace period expired, Norden brought an eviction action. The Farrs appealed to the Supreme Court, which ruled against them last week.

* * *

"Ordinarily" Ryan said, "a private loss is not the business of the Legislature. But this loss was definitely due to laws passed by the Legislature representing all of the people of Michigan. It therefore becomes our moral responsibility to do what we can to inject justice as well as the sterile letter of the law."

Doors, Shingles Stolen at Judah Lake Project

The front and back doors and some shingles were stolen from a construction building in Orion Township over last weekend, the Oakland County Sheriff's Department reported.

The theft was at the Hammerslea project on Judah Lake, according to Building Superintendent W. D. Harrison.

Pontiac City Affairs

New Bids Asked for Firehouse

New bids for the proposed West Side fire station will be due at 2 p.m. Oct. 1 as the result of action taken last night by the Pontiac City Commission.

* * *

The first set of construction bids opened July 30 reached $128,000 which was approximately $43,000 over an estimated cost of $85,000 established by architect Leo J. Heenan.

The commissioners later ordered Heenan to revamp his plans to lower the cost of the building slated for the southwest corner of West Huron Street and Genesee Avenue.

City Manager W. K. Willman assured the commission last evening Heenan had changed the plans and added when questioned whether this would lower the cost: "We're hopeful but that's all I'm going to say."

The City Commission, meeting to take action on a 16-point weekly agenda, also deferred action on a City Planning Commission request that petitioned rezoning to Manufacturing 1 of property north of Herrington Hills Subdivision be denied.

"My thinking is not all in accord with the planning commission," Commissioner John Dugan said. "I would like this matter to be studied a little further."

In their report to the city commissioners, the plan group based their denial request on the objection to the rezoning by the property owner.

DEFER PARK SITE

City commissioners concurred with a plan commission recommendation that the proposed rezoning of 21 lots in the West Huron block across from the Pontiac High School be deferred one month.

It was pointed out by Mayor William W. Donaldson that when the city manager returns from a managers' conference Sept. 23, both he and Willman would join Planning Commission Chairman Frank Marsh to confer with Mr. and Mrs. O. L. Beaudette.

The Beaudettes offered to deed to the city their home and property in the 15-acre block if it eventually be converted to a civic park-library site. The rezoning was proposed to aid in this move.

Last week the plan group moved to request for "liberalization" in the offer and have the three officials meet with the Beaudettes.

OK BEER PERMIT

Other action saw a package beer and wine license approved by a 5-2 vote for Sam and Carmelina Calabrese for 430 S. Jessie St. Commissioners Floyd Miles and Gilbert Long voted against the issuance of the license.

A resolution was passed accepting three special assessment rolls for public improvement projects in the city.

Confirmations were approved and payments established for six other similar jobs in Pontiac.

The annual municipal maintenance contract for 1956-57 between Pontiac and the State Highway Department for maintenance of state trunk lines in the city was approved last night.

Curb, gutter, grade, gravel, two-inch blacktop paving and related work was approved as a public necessity for First Street from Joslyn to Highwood and for Hollywood Street from Kennett to Parkdale.

City Moves to Avert Possible Lawsuits

First steps were taken last night by the City Commission to strengthen the city's future building contracts against possible law suits by private contractors who discover adverse soil conditions during construction.

* * *

City Attorney William A. Ewart recommended insertion of two sections in the contracts after knowledge obtained in legal meetings at the recent Michigan Municipal League Convention.

A section will be added where the contractor agrees that "he has made his own independent investigation and has satisfied himself as to the conditions of the work, including the soil and subsurface conditions."

* * *

Ewart called for the changes after an Adrian case wherein a contractor won a $115,741 court judgment against the city on the theory that the city officials did not disclose certain soil conditions. The case has been appealed to the Michigan Supreme Court, Ewart told the commissioners.

Years of Planning Finally Paying Off as Integration Succeeds in Louisville

LOUISVILLE, Ky. (AP)—Years of planning have paid off for Louisville. Its schools have been desegregated without incident.

President Eisenhower warmly praised Louisville's superintendent of schools, Dr. Omer Carmichael, and said he hoped to meet him and get some advice.

* * *

Dr. Carmichael said:

"We anticipated the court's ruling and started making our plans."

An estimated 2,800 Negro students — approximately a fourth of the Negro pupils in this city of 400,000—enrolled in previously all-white schools yesterday.

Churches, the press, radio, television, fraternal groups and civic clubs supported Carmichael's program. Speakers fanned out from his office orienting the population for what was to come. The superintendent made 60 such talks.

On the opening day of school, white and Negro students repeated the pledge of allegiance in unison, walked the corridors together, sat side by side in class.

* * *

"A lot of credit must be given the teachers and principals," Carmichael said. "Without their interest for a good Louisville school program after the court's decision, it would not have been possible."

The task was "made easier," Carmichael said, by integration in other fields. The University of Kentucky began admitting Negro students at the graduate level in 1948. The University of Louisville has Negro students. The city's public parks, libraries and amphitheater are open to all. There is no segregation on the city's buses.

"People sitting and talking with them (Negroes) helped more than people realize and without that and the other factors, it would have taken a longer period of preparation," Carmichael said.

* * *

When Carmichael and the Louisville Board of Education decided that the city should be prepared for desegregation, they first went to the teachers. The teachers were asked to prepare questions on the various problems connected with integration. They were told not to concern themselves with the solutions.

These replies were evaluated. Armed with this information, speakers then began talking before groups throughout the city.

Negro and white parents met in joint sessions and studied the problems ahead.

Negro and white schools exchanged programs at school assemblies so they "could get to know each other better," Carmichael said.

He said ministers based sermons on brotherhood and lay groups held informal discussions on integration.

Carmichael was high in his praise in the way the city's press supported the program.

Try Gas Turbine in Liberty Ship

U.S. Tries to Speed Up WW II Vessels in Case of Emergency

WASHINGTON (AP) — The first large merchant ship propelled solely by a gas turbine begins sea trials Thursday off Norfolk, Va., with a number of government officials as observers.

* * *

The vessel is the John Sargeant, one of four World War II Liberty ships undergoing extensive alterations and equipment changes.

The government is spending 12 million dollars to determine how best to step up the speed and efficiency of such ships in event of emergency.

Maritime Administrator Clarence G. Morse and a half dozen other officials will check especially on increased speed. The old Liberty Ships could only do 10 knots. The Defense Department says a maximum of 15 knots is necessary.

OTHERS TESTED

The Benjamin Chew, which underwent minimum structural change, was given a steam turbine to replace conventional engines, and already has done 15 knots in tests. The Thomas Nelson, with structural changes and geared diesel engines, did about 17½ knots on her first trials in August.

Maritime officials say the John Sargeant, whose bow has been lengthened by 20 feet to improve her seaworthiness, will do as well or better with the gas turbine and new propellers.

The fourth vessel, the William Patterson, will be powered with a free piston gas generator turbine and will be ready for trials in December.

Gift Shirt Convicts Gent of Burglary

NORRISTOWN, Pa. (AP) — The shirt he was wearing in court proved to be a key piece of evidence in Samuel Mars' trial on a burglary charge.

He denied in Montgomery County Court that he was in the Collegeville vicinity the day on which $35 was stolen from a house there.

But Miss Edna DeAngelis said Mars had been to her home that day seeking work and she had given him a shirt. She was sure it was Mars, she testified, because he was wearing that same shirt in the courtroom.

A verdict of guilty was returned a few minutes later.

Noisy Prisoners Flee Bidding Adieu to Guard

DANBURY, N.C. (AP)—When prisoners escape, they usually do it quietly.

But not Romney Duncan and John Ireland, misdemeanor convicts at Stokes County Prison.

Both strolled away from a road gang after bidding farewell to the guard.

The guard, under state law, was powerless. Misdemeanor prisoners may not be fired upon.

Searchers Still Seek Moose on the Loose

ORANGE, Mass. (AP)—The state has sent several conservation officers into the northeast section of Massachusetts to try to track down a moose that's on the loose.

Residents of Winchendon, Royalston and Orange have reported seeing the animal and conservation officer Arthur J. Lovely Jr. has spotted his tracks.

Officials of the State Department of Natural Resources said it is unusual for a moose to be in this area, far south of his natural habitat.

Self-Starters for Mowers

FLINT—An electric self-starter for power mowers has been developed by a Flint manufacturer.

The two-piece starter is operated by an electric drill. It eliminates the conventional pull cord. A rubber friction drive on the drill engages a cone pulley on the engine crankshaft hub and spins the engine to a fast start, according to the manufacturer.

Hurricane Dora Misses Battened-Down Tampico

NEW ORLEANS (INS)—Tropical storm Dora veered away from the Mexican port of Tampico early today and hit south of there at the less populated area of Nautla.

The New Orleans Weather Bureau said winds of 65 and 70 miles an hour, the outward prongs of the storm, moved overland near Nautla but the storm will break up once the center reaches land.

TODAY'S ASSIGNMENT FOR:

JUNIOR EDITORS

BACK TO SCHOOL — 3

This Is Your Office

Every morning, five mornings a week for the next few months you will leave home for school just as your father leaves home for work.

For you, school is your office or workshop and you have duties to carry out, just as your parents have.

In every grade you will learn things that will be helpful to you for the rest of your life. You will learn how to co-operate and work with others of your own age.

Here is a group of children working together on a project. They are studying farms. John is painting a big wall picture of the farm. Jane is making animals out of clay, and Tommy, who likes to work with a hammer and nails, is making a chicken coop for the little chickens Jane has made.

Color this picture with your crayons, and then paste it down on cardboard, leaving a wide border around it as a frame. Cut it out and hang it up with string through the holes in the upper corners.

(Lyn O'Brien, Dayton, Ohio, gains the $10 award for suggesting this idea first. Perhaps you have an idea for Junior Editors. If so send it in care of this newspaper. Violet Moore Higgins; AP Newsfeatures.)

Chicago Police Join Others to Find Killer

CHICAGO (AP) — In a renewed attempt to solve the 11-months-old slaying of three Chicago schoolboys, city, county and state law enforcement officials have decided to coordinate their investigation efforts.

Since the three bodies were found on Oct. 18, 1955, the three police agencies, working separately, have questioned a total of 13,000 persons.

The city's newspapers have complained that lack of a single, coordinated police effort was hampering a solution to the murders of Robert Peterson, 14, John Schuessler, 13, and his brother, Anton, 11. Their badly bruised bodies were found in a forest preserve ditch northwest of the city.

The special investigative unit of the Chicago police department will function as the central agency in the coordinated effort.

Beer Is Medicine for Heart Cases, Doctor Claims

NEW YORK (AP)—A Swedish doctor says beer is good medicine for victims of high blood pressure or heart disease.

* * *

Dr. Bertil Josephson says he believes the beverage is beneficial for heart patients because it not only helps get rid of excess water in their tissues but also cheers them up.

Josephson said the kidneys of heart patients partly lose ability to dilute and grow puffier and puffier. Beer helps the body pass off the water and the salt.

Josephson emphasized that beer does not cure the underlying heart disease.

Bigness In Industry Has Many Advantages

E. R. Breech, Chairman of the Board of the Ford Motor Company recently declared:

"America's automotive engineers know that no matter what the requirements of tomorrow's engine might be, the oil industry will be ready with efficient, economical fuels. Intense competition among America's many oil companies guarantees this kind of continuous progress."

Only bigness and success make things like this possible. Successful bigness produces the funds to finance the investigations, the experiments and the actual tests.

★ ★ ★

If bigness is ever declared to be a sin per se, the material progress of this country will be definitely lessened and retarded. Most of the startling advancements in better living conditions have come about through the financial ability of many firms to experiment and indulge in research on a wide basis.

★ ★ ★

These operations are costly.

They require time, money and brains.

The components can only work together easily and without impediment when they are supplied freely and that requires size and financial success, whether you like it or not. If you rule that all this marvelous current progress is dispensable, then we can truly look askance at size.

★ ★ ★

The foes of growth and size must evaluate these considerations and reach final decision in the light of all the indisputable facts.

Desegregation Begins

Segregation in the public schools will not be ended overnight by the United States Supreme Court decision. This is indicated by the violence being reported from various southern states, and by South Carolina's new law legalizing payments to white parents so their children may attend private schools.

★ ★ ★

However, despite all the furor, the calling out of troops and the intimidation tactics adopted in some areas, many schools have opened their doors to Negro pupils.

The figures are interesting.

★ ★ ★

These have been reported by Southern School News, a publication set up some years ago by a group of southern educators and editors to provide authentic information during this critical period.

Eight states still are wholly segregated in their public schools. But in the border states a change is taking place. This year more than seven hundred school districts in West Virginia, Delaware, Missouri, Tennessee, Kentucky, Texas, Maryland, Oklahoma and the District of Columbia have moved to end segregation.

★ ★ ★

Since there are some three thousand districts still completely segregated, this means that approximately one-fifth of the schools formerly segregated now have opened their doors to Negro pupils. To some, this may appear to be a sorry showing.

However, in any problem where public emotion has been aroused as deeply as in the segregation issue, slow but increasing progress may prove preferable to a sudden change followed by widespread violence.

★ ★ ★

Actually few really serious disorders have occurred thus far. If the schools obeying the Supreme Court's decision are able to function without serious difficulty, other schools about them undoubtedly will follow suit.

★ ★ ★

Thus experience of the districts desegregating may be expected to play a big part in determining the progress of the change. This will vary in accord with the attitude of the residents in various areas. Quite probably desegregation will come first in those sections where there is a preponderance of white residents.

It will take a longer time to bring about any general change in those districts where Negroes make up half or more of the population. However, the figures thus far reported show that a change is taking place, much of it without violence.

The cases where violence develops or is threatened naturally cause headlines, but the discerning reader will recognize that in several hundred school districts already desegregation is an accomplished fact.

Quite a few people heed the admonition not to hit a person who is down. Because it is easier to do, they kick him.

Much About Corn

Breaking Records in This Area; to Be Bumper Crop

Efficiency expert: Often a guy who has petered out at everything else.

"Glad to read your story about the 1956 local bumper corn crop," writes

Harlan Banta

of Pontiac Township, who has stalks over 13 feet high and still growing, and who adds, "In my farming experience of 63 years I never before saw such corn as we have in Oakland County this year."

Corn with three full grown ears on many stalks is reported by

Burchard Milliman

of Walled Lake, who predicts 200 bushels per acre.

"If there's a law protecting crows, it should be repealed," phones

Allan Smithers

of White Lake, who says he would have a bumper crop of corn if they hadn't done such a good pulling job last spring.

"My corn is so big that I visualize a whole field full of bacon, chops and steak," writes

Wilbur Whitbeck

of Rochester, who converts it into pork.

As we are observing.

historians tell us that at two o'clock in the morning of Oct. 12, 1492, America was discovered. This leads the office wise cracker to remark that most people now up at that hour wouldn't be in condition to recognize it.

Here's a political tip from a close observer: Democrats of Pontiac and Oakland County are much better organized than the Republicans.

of Walled Lake, who hopes to make it a thousand "before snow flies."

David Lawrence Says:

Maine Vote Reveals GOP Apathy

WASHINGTON — Congressional elections are "local except when a president is running in the same election."

This was the comment which the late President Franklin D. Roosevelt used to make about congressional elections in off-years, and the point applies equally to the Maine election this week when the voters were confined solely to the election of members of Congress and governor. No president of either party has been able to transfer his popularity to local candidates. They must stand on their own merits.

But it would be a mistake for the Republican leaders nationally to fail to read the most dangerous factor for them which stands out so clearly in the main result. It is apathy. The apathy by Republicans is far greater than had been imagined, while the Democrats, on the other hand, due to intensive organizational work, did get out their vote and more in Maine.

The Maine election can be analyzed by the partisans to suit themselves, but the big unanswered question is this:

Why did the Republican candidate for governor poll only about 11,000 more votes than he did two years ago, and why did the Democratic candidate poll 45,000 more votes than in 1954—and where did these extra 45,000 votes come from?

POINTS TO INDEPENDENTS

Certainly Gov. Muskie, the reelected Democrat, didn't subtract any votes from the Republican nominee, who actually increased his vote over 1954. Then are not the 45,000 new votes for the Democratic party a recruitment from the stay-at-home vote of the two major parties and the "independents"?

There have been unofficial estimates that in Maine the Republicans registered this year about 270,000 and the Democrats 100,000, and that the balance of the registered vote of 130,000 is "independent."

Thus, out of the reservoir of 270,000 Republican votes, the Republican nominee for governor polled this time less than half. The Democratic nominee, on the other hand, must have received not only the 100,000 Democratic votes but 81,000 out of the "independent" column or from the stay-at-home voters of other years for him to get a total of 181,000 votes—the highest ever polled in Maine by any candidate for governor.

GOP SPLIT AGAIN

It would be easy to say that all this was due to Muskie's great popularity and that his slogan, "One Good Terms Deserves Another," accounted for the result, but that's an argument the Republicans are making nationally—that Ike is popular and that "one good term deserves another."

This argument, moreover, does not account for the way the congressional races developed. For in the three congressional districts the same apathy by Republicans is noticeable, whereas there was a considerable increase in voting strength on the Democratic side.

The Democrats throughout the campaign in Maine had a united party, while the Republicans were again divided into factions as in 1954. Better organization work on the side of the Democrats was noticeable, according to reliable reports from both Republican and Democratic sources in Maine.

But by "organization" something more is meant than political workers in the regular party operation. The Democrats had the benefit of the labor-union activity, which was substantial not only on the money side but in personnel getting out the vote. It will be observed that the big increase in the Democratic vote came in the highly unionized cities in the first and second districts, where the congressional contests were also swung by the same type of support that the governor received. Maine has had a substantial growth in industries in recent years.

Where the labor unions can swing a concentrated vote in the cities, the Democrats will get out the vote. It looks as if the same thing happened in Maine this week that happened in the presidential preference primaries in Minnesota and Wisconsin, when such a relatively small proportion of the 1952 Republican vote went to the polls.

Apathy is the Republicans' biggest handicap.

Dr. William Brady Says:

Readers Reveal Wonders of Advice on Iodin Ration

A Buffalo reader says that about three months after she began taking Iodin Ration, a leg ulcer which she had had for over ten years healed without any special treatment. In the pamphlet **Varicose Veins and Varicose Ulcer** I say that a suitable iodin ration seems to improve general metabolism and so promote healing in cases of chronic indolent ulcer.

Milford reader wants the Iodin Ration pamphlet. She says a friend writes that since she has been getting her iodin her waistline measures—hang onto your hats, girls—six inches less.

A Milwaukee reader assures me that "there is no doubt about the Iodin Ration restoring color and life to my hair. In fact my sister, who hadn't seen me for six years, refuses to believe I use no tint and have never had it dyed."

Miami reader says that since taking iodin ration for 1½ years, her hair, formerly thin, dry, lifeless, and never seemed to grow, has regained its former dark brown color, with only a little gray, is thicker, longer, and has more luster. She wishes she had learned about the body's need for iodin long ago. Well, you can't say I didn't try to tell you about it.

* * *

Boston reader says she had a goitre the size of a lemon when she began taking the Iodin Ration 1½ years ago. The goitre gradually grew smaller, and now there is no sign of it. She says she never had so much pep.

Birmingham reader says he had painful arthritis in his hands which continued unchanged . . . until he began taking Iodin Ration. Then the pain and lameness steadily lessened, and now there is no pain.

To be sure, I believe one with the rheumatic (chronic joint disability due to physical degeneration of joint tissues) needs a daily optimal ration of iodin as well as calcium, vitamin D, and vitamin B complex. I don't know what the Birmingham man is talking about or whether iodin ration had anything to do with the relief he has experienced.

Readers in all parts of the country report that the Iodin Ration has made them more or less immune to "colds" to which they were formerly very susceptible. I don't know what they are talking about either. I don't know what anybody means when he talks about "colds," and I don't believe anybody does. If you ask about the C R I (common respiratory infections), you begin to make sense.

Signed letters, not more than one page or 100 words long pertaining to personal health and hygiene, not to disease, diagnosis, or treatment, will be answered by Dr. William Brady, if a stamped self-addressed envelope is sent to The Pontiac Press, Pontiac Michigan.

Case Records of a Psychologist:

Expecting? Don't Smoke, Drink

Maude wants to know if it is OK for an expectant mother to smoke cigarets or take a highball. "If these are wrong, why do some doctors say tobacco and liquor don't hurt anybody medically?" she asks. Well, read my answer. Some scared doctors try to evade reality by wishful thinking.

By DR. GEORGE W. CRANE

Case S-363: Maude B., aged 27, is a wife who is soon expecting her first baby.

"Dr. Crane, if I read poetry and play the piano, will this predispose my unborn baby to be cultured and musical?" she asked anxiously.

"I want to do everything possible to give my baby the very best start in life.

"So I shall do anything you recommend. Is it harmful to smoke cigarettes while pregnant?"

VITAL FACTS

It is medically very harmful to smoke cigarettes even when a wife isn't pregnant.

If the dangerous irritants of tobacco will destroy lung tissue and produce cancers in tough human adults, what do you think it can do to a delicate human infant?

* * *

And if tobacco will scar the arteries till it causes coronary attacks in rugged men by the time they reach 45 or 50, I need not remind you expectant mothers of the hazards of tobacco, as well as liquor, to unborn babies.

It is criminal for any expectant mother to use tobacco or liquor!

That is a scientific statement of fact. It is supported by the views of our American Medical Association.

"Then, Dr. Crane," you may protest, "why do many doctors say that tobacco doesn't hurt anybody and neither does liquor?"

Well, that indicates those doctors are afraid to face reality. Like the proverbial ostrich, they try to hide from the facts of life.

A true scientist may be addicted to bad habits, such as tobacco or liquor, but he will never confuse his own addiction with the true facts.

"Tobacco is very bad for the body, even though I smoke," he will thus warn teenagers and expectant mothers. "So do as I say and not as I do."

But there is another type who smokes or drinks and doesn't want to admit that such habits are harming his own body.

So he blandly tells teenagers that tobacco and liquor do not hurt them, that is simply wishful thinking on his own part.

To prove this fact, the moment such a doctor has a coronary patient, he will immediately take the latter off tobacco?

Doctors who say tobacco does no harm are rank hypocrites! Our AMA Journal refuses to accept any tobacco ads because it will not, even by indirection, lend belief to the erroneous view that tobacco is not medically injurious.

WHAT ABOUT LIQUOR

"But I thought liquor was good for heart patients?" you may inquire, since many doctors formerly prescribed wine or a glass of whiskey for such cardiac victims.

* * *

But recent experiments show that alcohol is one of the worst things a heart patient can take and here's why:

Alcohol is a pain killer, ranking about 50 per cent as powerful in this regard as morphine itself. That's why many drunks don't feel as much pain when they fall down or are in an auto accident.

So alcohol simply masks the pain from a laboring heart. Thus, a heart patient may run upstairs or race for a bus. If the liquor were not anesthetizing his pain, he would immediately realize this danger and slow down.

Because the alcohol deadens his pain, he over-exerts and may die of a serious heart attack that was simply masked by the alcohol.

So be smart! If you want to play on God's team and enjoy long life, then don't hamper your body by using tobacco and liquor, and mothers, give your babies a break.

If you are now victims of these bad habits, send for my booklet, "How to Break the Tobacco & Liquor Habits," enclosing a stamped return envelope, plus 20 cents.

Always write to Dr. George W. Crane in care of The Pontiac Press, Pontiac Michigan, enclosing a long 3c. stamped, self-addressed envelope and 20c to cover typing and printing costs when you send for his psychological charts and pamphlets.

'Should 18-Year-Old Vote? Teach U.S. History First'

Letters will be condensed when necessary because of lack of space. Full name, address and telephone number of the writer must accompany letters but these will not be published if the writer so requests, unless the letter is critical in its nature

To be sure, America has an abundance of very smart young people. But before we give the voting privilege to 18-year-olds, would it not be advisable to know that our schools are giving good courses in early American history and tradition to make sure the votes cast are in accord with pure American policies?

Favors Stevenson Position on Draft

According to newspaper accounts, Mr. Stevenson favors the end of the Selective Service Act. I have profound respect for Mr. Stevenson's stand on this issue. He is correct in his stand because the people of America do not want a peacetime draft. However, in time of war we will all agree to selective service.

There would be no need for a peacetime draft if the GI Bill had not been cancelled in January, 1955. As a result of this the draft has been increased. When the Republican Mr. Eisenhower agreed with this action, it sold the American boy down the river. When we had the GI Bill a fellow didn't mind serving because it was worth it. Now it is nothing but a blank of two years in our lifetime.

Mr. Eisenhower has shown what he supports . . . big business. By giving away the tidelands oil he took away billions of money the taxpayers had a right to.

This year we, the people of America, want to be heard. When the government only services a few wealthy, then it's time for a new party to be in office. Mr. Stevenson will answer our call.

Germany's Unity Appeal Unlikely to Move Russia

By JOHN H. MARTIN
INS Foreign Director

West Germany is unlikely to get anywhere with its latest appeal to the Soviet Union to permit reunification of Germany on the basis of free elections.

The Bonn notes to Moscow and to the three Western allied powers were similar.

The one to Moscow said that Bonn was prepared to consider the establishment of a neutral belt across Germany's eastern border if the Soviets would permit German unity.

But this offer was conditional on entry into the North Atlantic Treaty Organization of a reunited German state.

* * *

The Moscow goal has not changed in the view of West German Chancellor Konrad Adenauer and other Western allied leaders.

SEEK SOVIET STATE

That goal is to Sovietize Germany, permitting reunification only on Moscow terms, to cause the dissolution of NATO, and to oust American and British troops from Western Europe.

* * *

Soviet successes in the Middle East, while sticking to the status quo in Western Europe, are such that it is difficult to see how Moscow would react favorably to the German note.

NATO allies are quarreling over Cyprus. Disunity is evident in the Suez dispute, and the Soviet Union seems content to wait patiently until the elderly, anti-Communist Adenauer passes from the political stage.

Moscow, in fact, is engaged currently in a propaganda barrage against Adenauer's regime despite last year's agreement to exchange ambassadors and try to better relations.

* * *

Adenauer himself has been compared to Hitler as a result of a recent West German constitutional court decision to outlaw the Communist Party.

Pravda, the Soviet Communist newspaper, said Adenauer is following in Hitler's steps. It said that Hitler's first attack also was made on the Communist Party, following soon after with the outlawing of the trade unions, the Social Democrats and all organizations outside the Nazis.

* * *

"The banning of the German Communist Party," it said, "is one step further towards turning Western Germany into a militarist state and a dangerous hotbed of war and reaction in Europe. . .

"Once again reactionary circles there have the full support of Western imperialist forces. Under the Paris agreements they (the Germans) were empowered to rearm.

"They brought in conscription and are reviving their arms industry and setting up a new aggressive Wehrmacht led by former Hitlerite generals."

* * *

Conveniently overlooked by Pravda were these facts: That Russia permits only a single party, as did the Nazis; that Russia is the World War II power that grabbed whole nations for "colonial" exploitation; that Soviet-occupied East Germany was rearmed long before the West Germans began looking to their own defenses.

Sinatra's New Protege Helped by Phone Calls

By EARL WILSON

NEW YORK—Sure am happy and also titillated to be back on B'way . . . Frankie phoned from L.A. urging friends to hear his beautiful protege, Peggy Connelly. Result: biggest opening there ever. She has a sweet voice and quel figure! Frankie phoned her three times—also sent flowrs.

Quite a murmur ran through the Sands in Las Vegas when Peggy Lee chastised a couple tittering customers saying, "You must have had a tooth pulled with laughing gas." Then she courteously apologized and a loud voice in the back said, "You can always sing for US, lady!" And all ended blissfully.

Fat Romo Vincent was the best we ever heard him at his opening. Emulating a revivalist minister, he warned sinners, "Heaven ain't no pair-a-dice." He claimed his wife was the "smartest, prettiest, most charming, most miserable girl you ever saw." He added, "We met in a bar. I was having a martini and she was having a martini and we were very soon holding each other's olives." Roberta Linn sang there in what I consider the proper attire for cafe singers—a tight bathing suit.

Such is fame. Elizabeth Taylor was in the audience at "Mr. Wonderful," but Sammy Davis and Jack Carter didn't know it—and kept talking about Rita Moreno who was also there . . Jan Peerce, newest night club sensation, signed a contract with the Met before going to Vegas.

I hear Leo Durocher'll only sign a baseball contract if they give him a piece of the club . . . When Jimmy Stewart introduced Monique Von Vooren in New Orleans he said, "After years of the U. S. pouring money into Belgium, I'd like you to see what Belgium poured back to us."

Ike Backers Cheer Latest Farm Report

WASHINGTON (AP)— Eisenhower administration farm officials today hailed a reported boost in crop production prospects as promising to put more dollars into farmers' pockets this year than last.

In its September report on the crop outlook, issued yesterday, the Agriculture Department said over-all volume for 1956 was larger than had been indicated a month earlier.

In fact, the department said, this year's harvest now looks as if it will be only moderately below last year's near record output.

Pontiac Chamber Plans to Include Suburbs

Some 1,100 Pontiac Chamber of Commerce members will vote Oct. 15 on a proposal to extend Chamber services and change the name to Pontiac Area Chamber of Commerce.

* * *

The Board of Directors this week made the recommendation, John W. Hirlinger, manager of the Chamber, said.

"In changing our announced objective . . . we are simply accepting the fact that more than 10 per cent of firms belonging to the Chamber are outside the city limits," Hirlinger said.

The proposed objective would read: "To promote in every reasonable, legitimate and practical manner the prosperity and well-being of the Pontiac area and its citizens."

Hirlinger said no attempt would be made to define the limits of the Pontiac area thus imposing boundaries on the extended service area of the Chamber.

He added the proposal was prompted by the construction of the new Michigan Miracle Mile shopping center now being built at Square Lake and Telegraph Rds.

* * *

"The change, if approved, will make it our added responsibility to help all these areas with their mutual problems," the manager stated.

He said members can approve the Board's recommendation, reject it, or request modification.

But 7 Miles Away, It's Tension

All Schools in Oak Ridge, Tennessee Find Integration No Serious Problem

OAK RIDGE, Tenn. (INS) — White students returning to class with Negroes at strife-ridden Clinton High School may be finding out what was discovered last year at Oak Ridge, Tennessee's first integrated school.

* * *

That is that after the novelty of mixed classes wears off, they are just the same as ever.

At Oak Ridge, a federally operated school, more than 1,600 white and Negro students began their second week of classes unmindful of the trouble at Clinton, which is only seven miles away.

Many of the students are from Northern families whose fathers work at the big atomic installation. But there are also Southern Negroes and whites sitting side by side in classes, and Southern teachers instructing them indiscriminantly.

A TEACHER'S STAND

One upper grade English teacher, who had a Negro girl in her class last year, commented:

"I'm a true Southerner, brought up in the old Southern tradition, but I feel that integration is coming, and perhaps needs to come, and I have treated the Negro children just like I would treat any other child."

Another old line Southerner, Mrs. Angie Perry, admitted that she first thought she would have to quit before teaching in an integrated school. But now she says:

"I consider a Negro child as just another student."

* * *

To a few members of the faculty at Oak Ridge, such as Paul Shank, integration is nothing new. Shank taught in Ohio at Columbus and Chillicothe before coming to Oak Ridge.

NEGRO TEACHER SPEAKS

He said he has observed traces of racial tension remaining at Oak Ridge, but that they are glossed over willingly.

A Negro teacher in the school said that enrollment in his shop class is up over last year and that "on the basis of those figures I would say that I have been accepted."

There apparently is an awareness that the two races are going to the same school in a land where custom has forbidden it, but this does not bother the school operations.

As one humanities teacher put it: "Maybe because I do realize that they are there, I go out of my way to treat subject matter in a completely routine fashions as I always have, and not to try to soft pedal any touchy issues."

* * *

This teacher feels that things will "go much better once the south realizes it is economically unrealistic to maintain segregated schools."

He noted that while a Negro school was in operation in Oak Ridge, it cost almost $50 a year more per student to run it than to operate the integrated school.

GOP Distributes Quotes of Dems

Booklet Contains Jibes of Stevenson, Kefauver and Truman in Primary

WASHINGTON (AP)—The Republicans started distributing to campaign speakers and workers today a compilation of quotes from Adlai Stevenson, Estes Kefauver and Harry S. Truman which the GOP said "Democrats would prefer to forget."

* * *

The eight-page typed document recalls some of the things Stevenson and Kefauver, now running mates, said about one another as opponents during primary contests earlier this year, and some things Truman said about both.

Here are some of the statements which the GOP publication attributed to the three men:

Truman on Stevenson: "Recent events prove that he lacks the fighting spirit we need to win . .. I don't think Stevenson can win a single state in addition to what he did in 1952 . . . I am trying my best to keep him from being nominated . . . Stevenson is too defeatist to win."

* * *

Kefauver on Stevenson: "What was not good enough to win in 1952 will not be good enough to win in 1956 . . . I challenge Adlai Stevenson to explain, if he can, the race-baiting Dixiecrat tone of his Florida campaign . . . I'm sorry Mr. Stevenson feels he must engage in mudslinging . . . My record was distorted (by Stevenson) the other day down in Florida."

* * *

Stevenson on Kefauver: "I am upset over Sen. Kefauver's charges that anybody who supports me is a boss . . . He has resorted to mudslinging and abuse . . . I am under no illusion that the facts will have any influence on my opponent, Mr. Kefauver . . . There may be such a thing as wanting to be president too badly."

* * *

Truman on Kefauver: "I am very happy to see Sen. Kefauver defeated (in the California primary) . . . I am more inclined to anyone besides Kefauver. I don't like to discuss it. He might be nominated, and I might have to support him."

Ziegler Answers Governor's Charges

Blames Xway Delays on Shortages, Rain

Commissioner Charles M. Ziegler, answering criticism by Gov. Williams, said Tuesday rainy weather and a cement shortage have delayed completion of the 25-mile Toledo - Rockwood Expressway.

* * *

He said the 11 miles from U.S. 24A at the southern end of the expressway at Monroe is scheduled for opening this fall, and will permit through traffic over the entire expressway.

Williams last week said the project represents "the most outrageous example of inefficiency, delay, poor planning and broken promises Michigan has ever seen."

The governor demanded to know when the road will open and asked answers to other questions regarding delays in completion.

First contracts were let in November, 1952.

ROAD BOSS REPLIES

In his reply, Ziegler said of the 14-mile stretch from Monroe to Rockwood:

"We had planned for an earlier opening but rainy weather has held up the contractors. The contractor advised us in September of 1955 that he was unable to get cement.

"This delayed the paving of five miles from Monroe south, from last fall to this spring, thus delaying a completion of this section."

* * *

Ziegler gave a detailed answer to questions by Williams regarding arrangements for getting traffic on and off the road at both its north and south ends.

They added up to an assertion adequate arrangements are being made and pushed toward completion with reasonable speed.

Williams said during the period work has been in progress taxpayers have paid $1,500,000 interest on the expressway bonds.

MONEY INVESTED

On this point, Ziegler said reinvestment of bond money by the Highway Department has netted interest running slightly less than one million dollars thereby leaving a loss of little more than $500,000.

Ziegler also replied to criticisms by Williams about hazards to drivers using unopened expressways.

He specifically mentioned a fatal accident at the north end of the expressway Thursday night.

* * *

"Entrances to the project are barricaded," Ziegler said. "It has not been open to traffic and traffic therefore has no lawful right to be on the project."

He said the driver of the car involved in the fatal accident entered the expressway by "unlawfully driving around or through a barricade near Monroe."

"The driver has admitted to Rockwood Police that he entered a barricaded entrance," he said.

* * *

Ziegler said the point at which the accident occurrrd was protected by reflectorized STOP signs but the driver apparently was speeding and driving recklessly.

Brothers Held in Death of Dad

No Remorse Shown by Trio After Admitting Plot to Police

NORWALK, Calif. (AP) — Three brothers — 10, 9 and 7 — showed no remorse today after admitting, police said, that they carried out a plot to kill their sleeping father.

Homicide Lt. Al Etzel said the boys told of planning to shoot their mother too "so they could run the house the way they wanted." But no attempt was made on her life.

* * *

Thomas William Parker, 31, a steelworker, died last night of a bullet wound in the head.

Etzel said he was told by Tommy, 10, Bobby, 9, and Richard, 7:

The boys decided to shoot their father after he reprimanded them for breaking into a neighbor's garage and taking .22-caliber ammunition.

When they were sure he was asleep, Tommy handed a .22-caliber rifle to Richard and said: "Go on in and shoot Daddy."

Richard fired the shot.

A fourth brother, Harry, 4, and a 2-year-old sister were not in on the plot.

Their mother, Mrs. Betty Parker, 28, who is expecting another child, discovered the shooting when she returned home.

* * *

Etzel said the boys had an unusual knowledge of guns, imparted by their father. They could take a gun apart and reassemble it like veterans, he said.

The boys were turned over to juvenile authorities.

Detroiters Under 18 Face New Traffic Plan

DETROIT (INS)—Detroit Traffic Director James A. Hoye said yesterday that all applications for auto operator's licenses under age 18 must attend driver's school.

Hoye said he was starting the procedure under a new regulation issued by the secretary of state's office.

He said students whose own schools have no drivers' training may attend night classes or summer sessions.

O-JIB-WA MADE A REMARKABLE IMPROVEMENT IN MY HEALTH

Mr. William W. Beyer, 16621 Forrest Street, East Detroit, a well known leader in veterans organizations, advises anyone who is suffering from rheumatism or arthritis to give O-JIB-WA BITTERS a fair trial, as it has done wonders for him.

"My wife was working in a self-service drug store, checking out merchandise. She noticed how much O-JIB-WA BITTERS was sold, so she asked the druggist about it. He told her it was good, and well worth trying, so she brought a bottle home Mr. Wm. Beyer for my arthritis. I had suffered for the past five years, but never real bad until two years ago. My shoulders and right leg were affected, and it was a struggle to get up and go to work. I spent half the night rubbing my leg trying to stop the pain. I am on my feet all day, and when I came home at night, it felt as though my foot was on fire. About a week after I started to take your Bitters, the leg pains started to leave, and before long, they were all gone. I still have a touch of it in my shoulder, but that too is getting better. I notice also that I don't feel so sluggish and tired as I did before. I know of several friends who have taken it also, and with excellent results. I want to recommend O-JIB-WA BITTERS to anyone who is suffering from these terrible ailments like I did."

CD May Use Water Cartons

Dairies Would Package Safe Fluid for Use After Atom Attack

WASHINGTON (AP) — The Federal Civil Defense Administration has proposed that in time of atomic attack or other disaster drinking water packaged like milk be shipped into stricken areas.

The agency, with headquarters at Battle Creek, Mich., said in a statement distributed here that it is enlisting support of the nation's dairies and allied industries in the program and already has held a number of conferences to work on details.

The Civil Defense director in any stricken area, the administration said, would determine how much water was needed, and then would appeal to the nearest dairies still in operation to package it. He also would arrange for its shipment to his community.

The agency said the idea was introduced when Stroudsburg, Pa., was flooded in August 1955 by rains accompanying Hurricane Diane. An appeal for milk cartons to be used as water containers was sent to a dairy at Allentown, Pa., 30 miles away.

The dairy not only sent the cartons, but first filled them with safe drinking water. They were trucked to Stroudsburg and distributed to flood victims.

Civil defense said it is seeking to perfect the idea for possible use in areas ravished by flood, fire, hurricane, tornado, earthquake, explosion or drought.

Burglar Captured by Hopalong Harry

NEW YORK (AP) — Mounted Patrolman "Hopalong Harry" yesterday when he galloped his horse down a busy Manhattan street in pursuit of an alleged thief.

The policeman on horseback whipped out his service revolver and fired three shots in the air to warn the fleeing man to halt.

A foot patrolman helped Hauca grab William Warff, 38. Police said he took six coats from a garment factory. He was charged with possession of stolen property.

Like Locking Barn Door

NOGALES, Mexico (AP)—Hugo W. Miller reported that even the pickpockets were in a good mood during a festival at this town on the U. S. border.

A thief stole his wallet, but, reported Miller: "The pickpocket was considerate. He even buttoned my pocket again after lifting my purse."

So Says Lord Brabrazon—

Churchill the Tyrant Bullied His Co-Workers

LONDON (AP)—One of Sir Winston Churchill's oldest friends has debunked the legend of Churchill the imperturbable in World War II.

* * *

Lord Brabrazon of Tara says Churchill was vile-tempered, heaping abuse on those who worked with him. He tells the story in a new autobiography, "The Brabazon Story."

Brabazon, aviation pioneer and sportsman, was minister of aircraft production for a time in one of Churchill's wartime cabinets.

* * *

Writing of the stormy meetings of the Battle of the Atlantic Committee, Brabrazon says:

"They were the most unpleasant meetings I have ever attended. The issue was grave, but the way Churchill treated everyone was almost unbearable.

"He usually appeared after his early afternoon sleep in the vilest of tempers. . . .

"He behaved as if he were a bullying schoolmaster. Everyone, in his opinion, was a half-wit: and if anyone said anything he was jumped on and snubbed."

Even accounting for the strain under which the Prime Minister labored, Brabazon says, "the general cursing everyone got was not the best way of inspiring incentive and imagination."

Brabazon emphasizes, however, that he bore no malice towards his wartime friend and colleague.

Back to College Rush Has Begun

The fraternity paddle is an important consideration in packing for the Hunter twins of West Iroquois road. Daniel (left) is stowing away some books while Nelson (right) looks as if he might use the paddle on his brother. Seniors at the University of Michigan, both are members of Delta Sigma Phi fraternity. Dan is majoring in business education and Tom is majoring in history.

Sorting clothes is also a part of the male preparation for college. James and Raymond Freebury of Blaine street are having double trouble with their packing. Both will be freshmen at Michigan State University and clothes can be swapped back and forth in East Lansing as well as, if not better than, at home. The boys register the 16th. Ray will be a member of the glee club this year.

By JOAN RITTER

Clothes sorting, correspondence with former roommates, new roommates and checking, 'bumming' and borrowing books from friends who took 'that class' last term have been just some of the many activities taking up the time of the returning - to - college crowd.

College freshmen are finding out the ways of college life too, even though many of them haven't yet landed on campus.

They are comparing notes on professors, courses and rules of the dorm that was their 'third' choice. The plaintive query, "Does ANYONE ever get their first dorm choice?" has been heard echoing all the way to the Women's Department at The Pontiac Press.

Among the first to take the big step and leave for school were Barbara and Ted Wiersema of West Iroquois road. The two left by car Sept. 4 in Ted Junior's trusty car for the University of Arizona. Ted is a freshman there this term and Barbara is a senior in the school of Fine Arts. A member of Kappa Alpha Theta, she will receive a B.A. in drama education in June.

Also leaving for an out-of-state school was Robert Lambert of West Fairmont avenue who left the 9th for his sophomore year at the University of Texas in Austin. He is majoring in architecture.

James Braid of Rosewood drive is taking graduate work at Boston University School of Theology. His sister, Normalee, leaves tomorrow for her freshman year at the University of Michigan.

As was true last year when The Pontiac Press carried articles on the college crowd returning to school, the University of Michigan and Michigan State University seem to be vying for popularity in the Pontiac area. But, like last year, State appears to have an edge on Michigan.

Starting as freshmen at MSU are Jeanette Cockle of Miami road, Raymond and James Freebury of Blaine street and Marsha Stapp of Inverness avenue. Second year students are Kathie Armstrong of Wenonah drive, Don Bumgardner of East Beverly avenue, Marianne Crozier of South Tilden avenue and Jo Uligian of Starr avenue.

Tom Gunther of Lincoln avenue will also be a sophomore at State and his sister, Nonette will be a senior at the U. of M.

Dorothy Bell of Hudson avenue leaves the 15th to assist with the orientation program on campus. This is her junior year. Returning for her senior year is Sue Harrison of Lexington drive. Sue's brother, Barrett, is beginning his freshman year at Ferris Institute in Big Rapids.

University of Michigan freshmen this term include Joanna Sherman of North East boulevard and Judy Smith of Draper avenue. Kurt Lauckner of South Telegraph road is a soph. this semester at Michigan as is Russell Anderson Jr. of West Iroquois road. Russell is majoring in engineering.

Another family duo attending Michigan are twins, Daniel and Thomas Hunter of West Iroquois road. Seniors at Michigan, they are members of Delta Sigma Phi fraternity.

Barbara Robinson of Ditmar street leaves the 16th for her sophomore year at Central Michigan College. Also attending Central are Bill Quine of Merry drive, a senior and Darrell Beach of Homestead drive, also a senior.

Beginning studies at the University of Michigan is Larry Schluchter, son of Mr. and Mrs. Kenneth Schluchter of Silverhill road.

Brothers Jack and Gene Gentges of Martell road are other Central students. Jack is president of the senior class and a member of Sigma Phi Epsilon. Gene is enrolled as a freshman at the college and will be his brother's roommate.

Traveling to Ypsilanti for freshman studies at Eastern Michigan are Janet Moon of Osceola drive and Anita Fromm of Riviera Terrace. Joyce Finzel of East Walton boulevard will enter her senior year.

James Spring of Illinois avenue will be a sophomore at University of Detroit this year. He starts the 17th.

Western Michigan is represented too by Pontiac students. Studying at Kalamazoo will be Chris Selden of North Genesee avenue, a freshman; Marcia Smith of Elizabeth Lake road, a sophomore and Karen Jo Anderson of Wenonah drive, a junior.

* * *

Representing Marygrove College in Detroit are Honore Duross of Marquette street who registers this week for her sophomore year and Donna Jean Ritter of Auburn avenue who will register as a junior.

We hope you are so busy studying those books and enjoying school clubs, activities and college life in general that in a couple months no professor will ever ask, "What's the matter? Is 'my' class suffering from the mid-semester blues?" And Good Luck to all.

Pontiac Press Photos

Boning up for her return to school is Fran Sekles of Ottawa drive. A junior at the University of Michigan, she is the daughter of Mr. and Mrs. S. V. Sekles.

Clothes are the big back-to-school problem here. Last minute pressing and ironing is being done by Dorothy Bell (left) of Hudson avenue. Helping her is Jeannette Cockle of Miami road. Dorothy, a junior at Michigan State University, leaves Saturday to assist with the school's orientation program. Jeannette leaves next week to begin her freshman year at State.

* * *

The title, "Stop Annoying Your Patients" was selected by W. W. Bauer, M. D., of Chicago, director of the AMA Bureau of Health Education and editor of Today's Health magazine.

Two luncheons are scheduled, including the annual Presidents' Luncheon to be followed by a fashion show and tea.

GLAMOUR HAIR

The modern woman is lucky indeed, she may have her hair blond or brunette, curly or straight. (And there are those who look best with straight hair). But regardless of how you wear your hair if it is to be attractive, it must be clean and healthy.

The first step is a good shampoo. Soap is still the best shampoo for hair. A vinegar rinse should be used in this hard water. Daily brushing stimulates the scap and polishes the hair shaft, a good hair dressing should be applied every few days if your hair is dry. Tints and bleaches applied by a qualified operator are not too damaging. Be cautious about the use of color rinses, creme rinses and lacquer. In a nutshell, this is how to have attractive hair.

Exercise Cures Many Nagging Ills

By JOSEPHINE LOWMAN

It is difficult for one who has not exercised, or for one who has done the wrong kind of exercise, to believe what magic this can work on the human organism.

* * *

Yet chronic fatigue, constipation, insomnia and early aging all flee, at least to a certain extent, when exposed to the right exercises, as do many other small, nagging troubles.

Fallen arches can cause the feet to swell and weak arches can give you pains in the feet and the calves and even in the hips. Arch trouble is a direct result of muscle weakness, and you can do something about your muscles.

If you suspect that your arches are weak, or if you have pains in your feet or legs you should consider the possibility that your arches may not be what they should be.

* * *

If you have pains anywhere, of course, you should see your family physician. I am only suggesting that you hold the thought of weak arches in mind if your feet or your legs ache.

AFFECTS PERSONALITY

There is no doubt about it, if your feet or your eyes feel tired it makes you tired all over. It not only makes you tired but affects your entire outlook and personality.

* * *

The following exercise will strengthen the arches and is good preventative medicine for all of us: Sit in a chair facing the wall. Put your feet up on the wall in front of you. Push hard against the wall with your toes. Hold while you count to five slowly. Relax. Continue.

Another arch exercise: Sit in a chair. Cross the right leg over the left. Take a pencil and place it under the toes of the right foot. Now grip the pencil with your toes. Wrap your toes about it. Hold for a few seconds and release. Continue.

If you would like to have my exercises for the feet send a stamped, self-addressed envelope with your request for leaflet No. 14 to Josephine Lowman in care of The Pontiac Press.

* * *

Tomorrow: "Can Eat Just a Little Candy for Energy While on Diet."

This will strengthen the arches. Push hard against the wall with your toes. Hold while you count to five slowly.

Seed Cukes to Make Tasty Relish

Cook Shares Mom's Pickle Recipe With Press Readers

By JANET ODELL

This has been a good cucumber year, and the time for making pickles and relishes is at hand. Mrs. John Wurges of Rochester has a good recipe for a mustard pickle relish, one her mother used successfully for years. We think you will like it too.

Mrs. Wurges is a member of an Extension group. She enjoys the handcraft opportunities offered her by that group. Canasta playing is a favorite leisure time occupation. There is one son in the Wurges family.

CHOPPED UP PICKLE
By Mrs. John Wurges

18 large cucumbers, seeded
12 small onions
1 bunch celery
⅓ cup salt

Seed cucumbers, put all vegetables through the food chopper. Add salt. Let stand overnight.

In the morning, drain. Mix the following ingredients in a saucepan and bring to a boil. Do not cook.

1 quart cider vinegar
1 cup water
4 cups sugar
3 teaspoons mustard
6 teaspoons flour
2 teaspoons turmeric
1 teaspoon curry powder
1 teaspoon pepper
1 teaspoon celery seed
1 green pepper, cut fine
1 red pepper, cut fine

After mixture has come to a boil, remove from stove and stir in cucumber mixture. Let stand 10 minutes, stirring occasionally. Pack in sterilized jars and seal at once.

Cucumber Recipe

Slice thin green cucumber, unpeeled, right into cold water. Drain and transfer into a bowl of either soup or whipped cream. Add some minced chives, chopped onions and mix. Season with lots of salt and pepper. Put in the refrigerator and serve with fish dishes, either hot or cold.

MR. and MRS. JOSEPH F. KOSIK

St. Benedict Church was the scene of the wedding of Elaine Hamilton and Joseph F. Kosik Saturday. Mr. and Mrs. Kenneth M. Hamilton of North Hillsdale drive are parents of the bride. Joseph, of Mohawk road, is the son of Mr. and Mrs. John Kosik of Munger.

Elaine Hamilton Becomes Bride of Joseph F. Kosik

At an eleven o'clock ceremony Saturday morning at St. Benedict Church, Elaine Hamilton became the bride of Joseph F. Kosik. Two hundred guests witnessed the service performed before an altar decorated with baskets of white gladioli and carnations.

Parents of the bride are Mr. and Mrs. Kenneth Hamilton of North Hilldale drive. Joseph, of Mohawk road, is the son of Mr. and Mrs. John Kosik of Munger.

The bride was gowned in an embroidered dress of nylon tulle fashioned with a scalloped round neckline, short sleeves and a fitted basque bodice. Her gauntlets matched her gown.

A headpiece trimmed with sequins and seed pearls secured her illusion fingertip-length veil and she carried a bouquet of white and red roses and white carnations.

SISTERS ATTENDED

Ann L. Hamilton was maid of honor for her sister. She wore a tangerine colored gown of crystalette, with cap sleeves and ballerina-length hoop skirt.

Kay M. Hamilton was her sister's bridesmaid. Sandra Mair also assisted. They wore mint green colored gowns styled identically to the maid of honor's.

Mint green pompoms in a semi-cascade arrangement were carried by the maid of honor. The bridesmaids carried tangerine colored pompoms in a semi-cascade.

Charles Hauser was best man for Joseph. Ushers were Phillip Brunskill of Detroit and Theodore Roumell of Clinton.

At the reception, held in the CAI building in Waterford, Mrs. Hamilton greeted her guests wearing a dress of Wedgewood blue taffeta with matching accessories. Mrs. Kosik chose a dress of navy blue satin with matching accessories. Their flowers were pink roses.

The bride changed to a black sheath of cotton silk and gray accessories for traveling. She wore a corsage of white roses from her bridal bouquet.

After visiting New York City and Bermuda, the two will reside on Mohawk road.

Among the showers given for the bride before her marriage was one given Wednesday evening by Mrs. Isabel Selden of North Genesee avenue. Mrs. Leon Bumgardner and Mrs. John K. Stoner were cohostesses.

Joyce Loreen Crager and Frederick Maurice Madsen exchanged their nuptial vows Saturday evening. Joyce is the daughter of Mrs. Errola Crager of Euclid avenue and Frederick's parents are Mr. and Mrs. Maurice B. Madsen of Tacoma court.

MR. and MRS. FREDERICK MADSEN

Madsen - Crager Nuptials Read in Candlelight Rite

Before an altar banked with white chrysanthemums and gladioli, Joyce Loreen Crager and Frederick Maurice Madsen spoke their wedding vows Saturday evening in First Methodist Church. The Rev. Paul T. Hart performed the candlelight ceremony.

Joyce is the daughter of Mrs. Errola Crager of Euclid avenue and the late Mr. Crager. Mr. and Mrs. Maurice B. Madsen of Tacoma court are Frederick's parents.

Given in marriage by her uncle, Alvin Delano, of Detroit, the bride wore a ballerina-length gown of white Chantilly lace over taffeta, fashioned with a scoop neckline and three-quarter-length sleeves.

A crown of seed pearls and sequins held her fingertip veil and she carried white rosebuds. Her only jewelry was a strand of pearls, a gift of the bridegroom.

SISTERS TAKE PART

Diane Madsen, sister of the bridegroom, attended the bride as maid of honor. She wore a ballerina-length gown of ice-blue nylon chiffon with a matching picture hat. Her colonial bouquet was of pink roses and carnations.

Yvonne Crager, sister of the bride, and Mrs. George Miller were the bride's other attendants. Their gowns were fashioned like the honor attendants' in shrimp and mist green respectively. They wore matching picture hats and carried bouquets of roses and carnations.

Barbara Frazer sang the bridal reutal

* * *

James Lyons served as best man. Ushers were Tom Livingston of Ortonville, George Miller and William Peckam.

RECEPTION GIVEN

A reception was held at Bemis-Olson Amvets Hall immediately following the ceremony. Mrs. Crager greeted her guests wearing a light blue lace sheath dress with matching colored accessories. Her corsage was of pink rosebuds.

Mrs. Madsen chose a dress of gray lace over pink taffeta for her son's wedding. Her corsage was also of pink rosebuds.

For traveling to New York and Washington, the bride changed to a toast colored sheath dress with beige accessories. She wore the corsage from her bridal bouquet.

Upon their return the newlyweds will reside on Oakland avenue.

Select Job That Comes Naturally

By ANNE HEYWOOD

Remember the song of some years back, "Doin' What Comes Naturally?" We'd all be a lot better off, vocationally speaking, if we adopted that philosophy.

The trouble is, most people belittle the things that they can do naturally and easily and devote themselves to the things they have to strain and struggle over.

My favorite example of that involves a girl whom I shall call Ada.

Ada was 19 when she came to see me. There was a grim determination about her.

* * *

"I want a job as a secretary," she told me. "I just finished a 10-month course in shorthand and typing and I passed it!"

HARDEST JOB

She looked as though passing that course had been the hardest job in the world.

* * *

I began chatting with her and finally asked if she had had any previous work experience of any kind.

"Well," she said, getting a kind of glow on her face and mistiness in her eyes, "I took care of a sick old lady on our street—a real nice old lady—for the 10 months I was studying stenography.

"I'd go to class in the mornings and nurse this old lady from lunch until 10 p.m. She was so sweet. I would fix her meals and feed her, give her her bed bath, and sometimes read to her."

* * *

You could tell from the look on Ada's face that nursing that lady had been just as pleasant as stenography had been unpleasant. Nursing, in short, was what came naturally to Ada.

SECRETARIAL JOB

Ada found a job as secretary to a doctor and saved up enough money to get her nurse's training. She is a happy and successful person, now, because she is "doin' what comes naturally."

* * *

Yet, like too many people, Ada nearly missed the boat. The thing that came naturally looked so easy, so self-indulgent.

Too often we select the wrong thing, the thing we have to grit our teeth to learn, because we assume somehow that a job, or a vocation, or even a lifework has got to be difficult if not downright unpleasant!

Yet the truth is that all successful people are doing work which is, to them, easy.

If your job is really onerous and distasteful, see if you can't find an activity which comes more naturally to you.

Make a list of all the things you've ever done which were "easy as breathing." Then study the list. Chances are it will give you a clue to a job you could really have fun at!

Rules for Setting Table

EAST LANSING—Teaching your youngsters how to set a really fine looking table? Here's a brush-up on the basic rules which children will remember better if they see them exemplified each day rather than just for company.

MSU home economists say to allow 24 inches, if possible, for each place setting or "cover." Handles of silver and plate should be about one inch from the edge of the table.

Remember silver is placed at each cover in order of its use from the outside in. Forks (except a cocktail fork) are at the left of the plate and knives (except the butter spreader) and spoons are at the right of the plate.

If you use a cocktail fork, place it at the extreme right next to the spoons. The butter spreader will be in its correct place on the butter plate across the top or at the right side. The butter plate is placed above the forks; and the water goblet at the tip of the knife.

NAPKINS AT LEFT

The napkin is usually next to the forks at the left of the plate. But, it may be placed in the center of the place plate for a formal dinner, unless the first course is in place when guests come to the table.

Be sure to keep centerpieces on your table low so you can see across them.

If candles are used, have them of a height that does not create a glare in your family's eyes.

Finally place on the table only the silver that will be used through the main course. Dessert silver its brought in with the dessert.

WSCS Holds Dinner Meeting, Plans Bazaar

The Women's Society of Christian Service of Wilson Avenue Methodist Church held a cooperative dinner and meeting at the church, with Mrs. Kenneth Sisk and Mrs. Sadie Ritter as hostesses.

* * *

Devotions were led by Mrs. Fred Timing assisted by Mrs. William Gregory, Mrs. Ritter and Mrs. Charles Butler.

The goals of the society for the years 1956-1960 were presented at the recent meeting, and a discussion held on what they will mean to the individual, to the society, and to the total church program.

A round-the-world supper and bazaar is planned, to be held Oct. 10 at the church. Mrs. Minto Wallace was appointed to serve as chairman for the event.

* * *

Concluding the evening program, Mrs. Adrian Thompson presented several musical selections accompanied by her daughter, Esther, at the piano.

Meal Starter Has Charm, Good Taste

Pink is the color of the year, and here's a meal-starter that features its rosy charm. In your bleder chop fine ¼ small green pepper, 1 small scallion, 1-inch slice peeled cucumber, and a 3-inch piece of celery.

Add 1 can condensed tomato soup and 1 can of milk. Season with black pepper, marjoram (or oregano) and garlic salt.

Chill in your refrigerator and serve with a cheese stick.

Church Nursery Unit Explained at Meeting

All Saints Nursery School held an orientation meeting Monday evening in the Rose Kneale Room of Stevens Hall. Mrs. William Rogers conducted the meeting, planned to acquaint parents with the facilities and regulations of the nursery school.

The constitution was highlighted by Mrs. Fred Crossman, chairman, and Mrs. James Blakeney discussed the health and enrollment rules. The aims and purposes of the school and of the teachers toward stimulating the interests and activities of the children were presented by Mrs. John Vanderlind, educational director, and Mrs. Alan Gilford, instructor.

Dress boiled potatoes with melted butter and minced chives.

Dad's Boasts Conceal Resentment

By MURIEL LAWRENCE

One evening Bert Fraser's father caught his mother passing him extra money to finance a date.

* * *

He blew up. "Broke again, huh?" he demanded. Flinging down his paper, he cried, "If you'd gotten yourself a job this summer instead of loafing around all day, you wouldn't have to come crying to your mother for two bucks! Call yourself a man, do you?

"Why, when I was your age, I was giving my mother money, not taking it. At night I was too tired from packing trucks all day to go on joyrides like you. Maybe what you need isn't college this fall but a little hard work in a shipping room . . ."

Bert's response to this outburst has not been eagerness to earn his own money, but sullen, frightened recoil from the whole prospect of making any money-earning effort at all.

* * *

Why not? His father's resentment of his own working youth burned right through the words that pretended pride in it. Of course it scared Bert.

As usual it hardened his normal adolescent reluctance to test himself in a first job into certainty that he'd fail in it. Without quite knowing how he felt, Bert thought, "OK, if earning money is so tough that only a giant of endurance can stand it, who am I to try it?"

STOP SWINDLING

Mr. Fraser better stop swindling himself—and acknowledge how bitter he feels about his hard-working youth. Bert's going to have to get around to a job sooner or later; and this old undigested resentment in his father has been discouraging him.

In our country where we take such pride in "self-made' 'success, we don't always make allowance for the bitterness that can build up in us during those old, lonely "self-making" struggles. But as we enviously see our own adolescent children spared them, we can't bear it.

Our bitterness explodes from us, not in the direct words, "Oh, how I resent my hard-working youth!" but in exaggeration of the hardships we endured.

By contrasting our tough youth with Bert's soft one, we can not only boast of our great endurance, but declare our secret and bitter belief that we were badly abused.

What we need is to wake up to the way our unadmitted resentment has tricked us into exaggerating the hardships of those early jobs—and terrified Bert so he dares not seek any for himself.

To help him recover from his fear of working, we must admit our feeling so that he can see how it has been manipulating both of us.

Rose A. Maxim and J. Harold Smith were married at Central Methodist Church. Her parents are Mr. and Mrs. Athanas Maxim of East Beverly avenue. Mr. Smith, of Lebaron street, is the son of Mr. and Mrs. H. C. Smith of Russellville, Ky.

MRS. J. HAROLD SMITH

Rose A. Maxim Is Wed to J. Harold Smith

Rose A. Maxim and J. Harold Smith were married Sunday at Central Methodist Church. Dr. Milton H. Bank performed the 4 o'clock ceremony in the presence of 300 guests.

* * *

Rose, the daughter of Mr. and Mrs. Athanas Maxim of East Beverly avenue, chose a gown of Italian silk taffeta and Chantilly lace fashioned with a high neckline, fitted bodice and long sleeves pointed at the wrists.

The waist was accented with a crushed cumberbund of silk taffeta. Her straight skirt extended into a semi-cathedral train. Her pillbox headpiece held a finger tip veil of silk illusion.

The bridal bouquet was composed of white roses and stephanotis centered with a white orchid.

* * *

Virginia Meade of Chicago wore tangerine colored crystalette. The other bridal attendants, Mrs. Robert Schnither and Dorothy Lazarevich of Detroit and Mrs. Kenneth Smith, wore mint green gowns.

Evelyn Maxim, niece of the bride, wore white crystalette for her duties as flower girl.

Harold, the son of Mr. and Mrs. H. C. Smith of Russellville, Ky., asked Marvin Bracey to serve as his best man. Seating the guests were Max A. Maxim and Matthew A. Maxim, brothers of the bride and Kenneth Smith, brother of the bridegroom.

* * *

The bride wore a powder blue linen suit with navy blue accessories when they left on their western wedding trip. They will make their home in Waterford on their return.

Gabor Dons 'Half' Gown for Show

Dress in Las Vegas Act Leaves Little to Imagination

By JOAN HANAUER

HOLLYWOOD (INS) — Las Vegas seems to bring out the nudist in beautiful women.

The latest lovely performer to join the "half-and-half" club—half dressed, half not—is Zsa Zsa Gabor.

The blonde beauty's clothes generally are very chic creations by famed French designers Dior and Balmain, but her Las Vegas gown is an economy model—it uses only half as much cloth. It leaves nothing to be desired except a top.

"It's divine," Zsa Zsa trilled enthusiastically. "I do think the dress is a smash. I am quite out of it. You know, I've never done anything like this before."

The dress consists of a wonderfully wide skirt, supported by artificial diamonds. The strategically placed artificial diamonds are all the top the gown's got.

"I sing one song," Zsa Zsa said, explaining her Las Vegas night club act. "And I've got lots of wonderful comedy material. I like to make people laugh. Believe me, you can't make people laugh if you don't enjoy it."

* * *

She didn't mention how she was going to make the audience concentrate on her lines—the spoken ones, that is.

Zsa Zsa explained that she was having a guest for dinner—ex-husband George Sanders. "He's still my favorite date," she said. "We have so much fun together and he is very intelligent as well as very nice."

But she doesn't think she'll ever remarry George:

"He's just wonderful, but a terrible husband. He hates the responsibility. I should never have married him. I should have kept him as a friend. He cost me a fortune," she added, referring to the juicy Hilton alimony she gave up to wed Sanders.

Zsa Zsa, the most feminine of women, is all for a gal's being economically independent.

"I was never happy until I became self-supporting." Hungary's answer to almost any question said with force. "I have become terribly tough on men and I wouldn't be surprised if they all leave me. But it seems to me when I am rude and tough they like me more."

When it comes to her favorite brand of men, the blonde prefers American gentlemen.

"The American man is the only domesticated man in the world," spoke Zsa Zsa with authority. "I think it's wonderful. European men would never think to help a woman with her work, but American men are so well-trained."

Fall Fair Scheduled by Church

Plans for the fall fair sponsored by the Women's Auxiliary of the Church of the Advent are completed. The fair will be held Nov. 15 at Holiday House at Pine Lake beginning at 11 a.m.

* * *

Mrs. C. Sanborn Hutchins and Mrs. E. R. Kent are serving as co-chairmen for the event. Others who will serve as chairmen are Mrs. John Wigle, hostesses; Jean Arnoldi, Christmas decorations; Mrs. Hugh MacDuff, snack bar; Mrs. Rudolph Schmidt, baked goods; Mrs. Rogers Marquis, food specialty and Mrs. Clement White, handiwork.

The youth group of the church will handle entertainment for the children, Mrs. Frederick Walls will be in charge of the ceramics booth and Mrs. Richard Williams is planning a booth of plants and planters.

* * *

Decorations and booth arrangement will be the responsibility of Mrs. Jack Couzens, while Mrs. Franklin Read handles publicity and and Mrs. Frank Arnoldi, contributions.

Girl Who Lacks Beauty Needn't Take Back Seat

She Should Accept the Challenge and Make Herself Appealing

By RUTH MILLETT

She isn't one bit pretty but that fact never has cramped her style.

* * *

She walks tall and proud, with as much grace and poise as though she were a beautiful girl.

She has substituted shining cleanliness, good grooming, and a flair for clothes for prettiness. And the substitution has an appeal of its own.

She is a doer instead of a wisher. So she goes after the things she wants.

* * *

She is friendly and gracious and quick to admire others, instead of picking flaws and finding fault.

SHE IS RELIABLE

She is dependable and reliable, qualities that will long outlast those that many prettier girls have already started to rely on.

* * *

There may have been a day when a girl born without beauty or even prettiness was doomed to take a back seat. If so, that day has passed.

Today any girl can overcome the handicap of having less than average good looks. The sooner she realizes that, the sooner she starts being the kind of person she thinks it would be easy to be if she were only pretty.

A girl doesn't need beauty to walk as proudly as a beauty.

* * *

She doesn't need prettiness to glow with friendliness and warmth.

She doesn't need looks to make the most of her brains.

GOOD IMPRESSION

She doesn't have to have even average good looks to make a pleasant impression on others.

* * *

Being less than pretty doesn't slow down any girl who accepts her lack of beauty as a challenge rather than as a liability she can't possibly overcome.

Death of Kin Should Not Delay Rite

But Cancellation of Wedding Reception Is Required

By EMILY POST

"We have a problem confronting us regarding the forthcoming marriage of our daughter and would appreciate your help. A definite date has been set for the wedding and preparations have been made for a reception immediately following the ceremony.

"The bride's paternal grandmother who has been ailing for some time has suddenly taken a bad turn and is not expected to live very long.

"If the inevitable should happen after the invitations have been mailed, would it be proper to go ahead with the wedding plans, or must it be postponed for a later date?"

Answer: Such a serious thing as a marriage ceremony should not be postponed and I'm sure that her grandmother would want her to go ahead with the wedding. In the sad event of her grandmother's death, the reception, of course, would be canceled.

"Dear Mrs. Post: My husband and I are going on a Caribbean cruise soon. This will be our first trip of this kind and I am a little puzzled about clothes.

"In the folder we received from the travel bureau some of the pictures show men in white dinner jackets. Is this optional?

"My husband does not have dinner clothes and will have little need for them after the trip. Would it be proper for him to wear a business suit in the evening?"

Answer: Your husband will not need a white or other dinner jacket. A dark business suit will be proper for any evening entertainment on the cruise. For him to buy evening clothes for this one trip would be needlessly extravagant.

"Dear Mrs. Post: On engraved wedding invitations, is it proper to abbreviate the word Saint in front of the name of a church or must it be spelled out in full?"

Answer: Although "St." is considered proper, "Saint" is best form on an engraved invitation.

Amaranth Unit Plans Card Party

Mrs. J. C. Norton is serving as general chairman of the luncheon and card party being held by members of Esther Court 13, Order of the Amaranth. The affair will be held Friday beginning at 12:30 o'clock at Roosevelt Temple.

Assisting with arrangements are Mrs. Gladys Holliman, Mrs. Lawrence Lacy, Mrs. Harley Bowers, Mrs. Albert Kugler, Mrs. John C. Balch and Mrs. William Pfahlert. The committee announced that tickets may be purchased at the door.

Cook onion rings in butter; sprinkle generously with paprika and serve with hamburgers or steak.

Here are two designs in corduroy for pre-teeners. The reversible coat (left) has plaid printed corduroy on one side, solid color on the other. It's worn with matching skirt and a coordinated blouse in wool jersey. The jumper dress (left) with back-button jacket is in a solid color with coordinated stripe.

Versatile Hairdo Best for Student

Take a soft, easy-to-manage hairdo to school with you, and be sure it's one designed for your age.

That's the advice of Ruel, hair stylist favorite of young people. He explains:

"The down line in hairdo is youthful, but many young girls like to wear their hair pulled back in a severe style that will only add years to their features."

Most young school girls are sloppy about their hair, Ruel says. He has observed from dressing youthful heads that they are not washed or brushed enough.

Clips are often used to set the hair at night, and these may break the hair.

TRY FOR SIMPLICITY

A high style hairdo usually looks ridiculous on a young modern. Casual, simple hairdos are the best frames for youthful faces, he says.

Select your own hairdo, but take a few tips from your hairdresser and your mother. After all, your mother isn't going to steer you to an unbecoming style, and she'll be anxious to steer you away from one that doesn't flatter you.

The professional haircut is best from the standpoint of shaping, and not easy to do yourself, says Ruel of Coiffures Americana although a young student should be able to set her hair once it has been shaped properly.

Hairdos that give you the look of a sky-terrier are just fads. If you've chopped your hair to that shabby loose-ended look, don't expect to get it back in lady-like shape in time for those first holiday dances.

ADAPTABLE STYLE

It's more fun and intriguing, too, says Ruel, to have your hair styled so that your one hairdo will suffice for many occasions by using a little different treatment in the setting.

* * *

One hairdo can give you a neat, trim look for school, the "sweet sixteen" look that the family adores—a pulled-back style and an updo that is youthful by reason of its French twists but is sophisticated for dates.

Pretty cake topping: Shave chocolate and grated orange rind sprinkled over a white frosting.

New Foreign Trade to Affect State Laws

DETROIT (AP)—Increased foreign traffic via the St. Lawrence Seaway will make some changes necessary in Michigan laws governing ports and waterfronts, a state Senate committee was told Tuesday.

Troy H. Browning, a member of the Port of Detroit Commission, said the Port Districts Act may have to be revised the finance future acquisition of land and construction for port facilities.

Zoning laws may also need revision to restrict the waterfront to users who need it, Browning said.

The Senate Committee, chairmaned by Sen. Carlton H. Morris (R-Kalamazoo), will visit here three days. Members are conducting hearings around the state to determine what new legislation is needed before big ships start coming through the seaway in 1959.

Stalin Myth Confusing East German Students

BERLIN (AP) — Universities in Communist East Germany today were told to clear up academic confusion resulting from Moscow's anti-Stalin campaign.

The official party newspaper, Neues Deutschland, said professors should not "lose a single day" of the new school year in clearing up "burning questions" that students have about the Kremlin move. The paper did not disclose the nature of the questions.

Flint Commission OKs $8 Million Budget

FLINT (AP) — A record budget of $7,988,638 has been approved by the Flint City Commission.

The spending program is $663,000 over last year's. It provides for 15 more policemen and funds to combat Dutch Elm disease.

State Forests Yield $672,000 From Sales

LANSING (AP) — Revenues from wood products yielded by state forests in the year ended June 30 came to $672,000, the state Conservation Department reported.

The amount topped the previous year by $81,000. The income is earmarked for reforestation.

The department said that 15 years ago sales from state forest netted only $7,000.

Since then, the state has built up sales of aspen and other "inferior" species for pulp manufacture, as well as of sawlogs, posts and ties and chemical wood.

Parking Fine Boosted

HASTINGS (AP)—The city's 10-cent overtime parking fine is scheduled to be replaced by a 25-cent penalty after Sept. 24 when city council is expected to adopt an amendment authorizing the boost. Police Chief Richard Sunior said the 10-cent fine is less than the cost of writing the tickets.

Of the 21 million white collar workers in the U.S., 25,000 a year suffer disabling injuries on the job.

Legalists to Study Problems of A-Age

ANN ARBOR (AP)—A national institute on legal problems concerned with peaceful atomic energy development will open Thursday at the University of Michigan law school.

Some 100 claim attorneys and legal experts from business, labor and government are expected at the three-day meeting.

The institute is expected to frame specific recommendations for state and national legislation. Recommendations will also be made to the American Bar Assn. and other professional groups on unique legal problems created by atomic energy.

Gordon Dean, former chairman of the Atomic Energy Commission, will summarize and comment on the institute's findings at a closing banquet meeting Saturday.

Out for More Trade

MUSKEGON (AP) — The Chamber of Commerce Retail Trades Committee got the jump on the Christmas season this week, announcing that the city's merchants will offer a schedule of 13 night openings for shoppers starting Dec. 1.

Resentful Men Enforce All the Rules

It's Getting Hard for Gals to Cheat at Golf

By PHYLLIS BATTELLE

NEW YORK (INS)—One serious drawback to this new era of female independence is that a woman no longer finds it easy to cheat at golf.

* * *

She can still cheat a bit at bridge, since this has always been a girl's game and men usually accept defeat even before they sit down and say "pass."

And she can cheat the butcher and baker any time she is feeling shrewd, because as a matter of fact the butcher and baker are a trifle embarrassed by the prices they're charging and sort of welcome a chance to alleviate their consciences by being robbed of a penny here or there.

But with golf it's different.

* * *

Whereas a woman used to be able to give herself 6-foot putts and get affectionate little winks from her male competitor in the bargain, she now is watched with cold disdain. She starts to pick up her ball as it lies a mere 12 inches from the cup and right away she gets called on it.

"Why don't you putt it out, honey?" her man will say. "Be good practice for you."

* * *

Or when she nestled the head of her three-wood up to the ball on the fairway, shoving it accidentally from the lowlands onto a clover clump, there never before were amiss looks from the males.

Today, such a slip of the spoon is likely to call up such a petty comment as "Pretty nervous today, eh, baby?"

If baby wasn't before, she quickly becomes.

* * *

This trend toward watching women on the links began so gradually that one scarcely noticed it.

The first time I personally was made aware of the new suspicion psychosis in the country club set was three years ago. I made a rather brilliant 110-yard drive which landed, unfortunately, in the roots of an oak tree.

A FUNNY ONE

"Well, that's a funny one for you," I said and stooped over to toss it out to the fairway.

* * *

My companion, until then a sensible and gentle person, eyed it coolly. Without so much as a catch in his voice, he remarked, "That's two."

Immediately I sensed the way things were going. At day's end my score—instead of being its usual 120-ish—was 150-ish.

This problem is being faced by women the nation over, and there is no excuse for it.

In these days of caddie carts and men who slice consistently, is there any reason why one's escort on the bumpy, sandy road of golf should always be at one's heels—lurking for trouble?

My most recent golfing date (a perfection who counts even your dub shots in sand traps) says that the explanation is simple.

Men are resentful because women are taking over the golf courses, holding up play, digging divots, giggling on greens and generally lousing up one of mankind's last outdoor activities.

"At first, it was amusing to watch women try to get out and hit the long ball, and we went along with the gag," he says.

"But in the last couple of years, it's no longer funny because women are out en masse, lounging around the course and slowing up the game about 50 per cent.

"They dawdle on the tee as if it was a tea party."

That is why the "gimmes," the "mulligans," the "practice shot" dubs and the winter rules year 'round are now taboo for the girls.

Gone are those lovely days when a ball lost in the woods would draw a sympathetic remark like "Ah, honey, you lost a ball; that means you drop a stroke from your score."

Now the temper has changed. It is way up.

'Moonwatch Alert' Set to Track Space Satellite

WASHINGTON (INS)—The Smithsonian Astrophysical Observatory announced today it will hold a nationwide "moonwatch alert" later this year to test its amateur tracking network for man's first space satellite.

* * *

Dr. Armand N. Spitz of the observatory at Cambridge, Mass., estimated some 1,000 to 1,500 volunteers will man perhaps as many as 50 observing stations throughout the U. S. during the alert.

He emphasized the "moonwatch" is open to all adults and teenagers and there are still "vacancies on the team."

Purpose of the alert is to test a telescopic "picket fence" network being erected in the skies to find and track the small research satellite which the U. S. will launch in connection with the international geophysical year, beginning July 1, 1957.

The earth-circling satellite will hurtle in a hoped-for 300-mile-high orbit at an estimated speed of 18,000 miles per hour, crossing the U. S. from West to East in some 10 minutes.

RADIO SIGNALS

Because of the speed and size of the satellite—Dr. Spitz said it would be barely visible to telescopes and then only during the twilight hours—"moonwatch" organizers indicated there is a possibility of the sphere "getting lost in space."

Dr. Spitz said: "Telescopic cameras will be set up all over the world to make precise measurements of the satellite's orbit. But they are not designed to do the finding . . .

"It is hoped that radio signals being installed in the satellite will do this job. But if they fail, and certainly when the batteries wear out, the job of location must be dore by amateur volunteer watchers."

Dr. Spitz made these other points about "moonwatch."

1. Some 35 stations with 10 to 15 volunteers have already been organized. In Phoenix, Ariz., for instance, the station will be located on top of the Valley National Bank.

* * *

2. "Moonwatch" stations will cost about $1,000 each for tape recorders, small hand telescopes and other equipment. In St. Louis, a private firm is equipping the station.

* * *

3. To make the planned alert realistic, a balloon or an Air Force plane trailing a light may be used.

* * *

Exact date of the first alert will be announced only a few days in advance—to check how well teams are organized. Observations will be phoned to headquarters at Cambridge.

Bob Considine Says:

Ike's Makeup Snub Hurts TV Appearance

WASHINGTON (INS)—Consensus of the reaction to President Eisenhower's appearance at the San Francisco convention — so far as the TV audience was concerned—was that he looked pale and unhealthy, White House aides reveal.

* * *

Actually, Ike looked better to those at the Cow Palace than he has looked since before his heart attack of almost one year ago.

If TV did him dirt, they say, it's because he now refuses to have makeup smeared on his face before an appearance. He submitted to a heavy "pancake" in 1952, but this time he finds it too theatrical to stomach.

Curiously, Adlai Stevenson resisted TV's cosmeticians in '52, preferring his natural tones. But this time he will take the full works, including the eyebrow pencil and maybe a touch of exotic red on the lips.

* * *

Ike currently is saying "to hell with it," but his stand is worrying some of the people around the White House. In view of the volumes written about his health condition, his people feel it is a blunder to risk looking anything except in the pink of condition.

GRUELLING TEST

The speedy little Aero Commander twin-engined plane which the President uses on his hops to Gettysburg was given a gruelling test before being accepted by Lt. Col. William G. Draper, USAF, the presidential pilot.

Draper flew it from Tulsa to Washington on one engine, including take-off and landing. A feature that appealed to Draper is that its fuselage is so low-slung the President can step into its cabin as easily as into his car.

The Aero Commander is a high-wing job. To reach its door, a passenger must duck just a bit when walking under the wing from the rear.

The trailing edge of the wing is fairly sharp. Draper has devised a U-shaped cushion which fits over the wing edge, so Ike won't bump his head.

If Vice President Dick Nixon is to be the GOP's principal shock troop in the forthcoming campaign, he sure is starting slowly.

At his press conference Monday, where he announced a campaign tour which will make even John Foster Dulles look stationary, Nixon was given opportunities to belt an organization and an individual dedicated to giving him a bad time.

"What do you think about that ADA (Americans for Democratic Action) pamphlet about you?" a reporter called out.

"They have a right to their opinion," Nixon replied.

Former President Harry S. Truman has a "blind spot" in his estimation of Nixon, the vice president said with a wan smile. Then he appeared to throw one of the heavier punches expected of him by both sides:

"I don't think the most prejudiced observer would put Mr. Truman in the same class with President Eisenhower," he said.

But when several reporters laughed, the vice president hastily explained that his reference was not personal—that it pertained to their relative political positions in 1948 and 1956.

PEOPLE VS. BOSSES

Closest thing to an old-time Nixon jab came when a reporter's question implied that Nixon's coast-to-coast criss-cross tour plagiarized one made by Adlai Stevenson.

"It will not be a similar trip," Nixon said, with a touch of fire in his eyes. "We plan to see people. Mr. Stevenson saw political bosses."

Hal Boyle Says:

Oh, to Revisit Kindergarten's Magic World!

NEW YORK (AP)— As millions of children troop off to school again, many adults know a moment of sadness and almost envy.

* * *

They are swept by a passing desire to be young themselves, and an old phrase tugs at their mind: "If I had my life to live over again."

Well I know what I'd do. I certainly wouldn't rush through kindergarten if I had a second chance. I believe I'd stay on in kindergarten, year after stubborn year, until the school crumbled in ruin.

* * *

A return to my pimply and boisterous high school adolescence holds no appeal to me. If I had to live through the teen ages again I'd certainly demand double pay and time off for good behavior. Nor do I pine to live again the rah-rah years on a college campus amid the climbing ivy.

But kindergarten? Ah, that's a different matter. What man wouldn't like to live again the year of his real prime, the time when he stood on his first real summit and knew the thrill of feeling he was king of the hill?

* * *

This week, seeing scores of scrub-faced urchins being led to their first day in kindergarten by their mothers, I felt a wild wish that I could remake that journey again myself, and recapture the feelings that went with it.

A boy on his way to kindergarten when I was young was a Christopher Columbus, adventuring into an uncharted world. Most children didn't attend nursery schools. Kindergarten was a strange new continent full of rumored terrors and uncertain delights.

* * *

Remember how clammy your palm felt in your mother's palm? And all the questions you asked along the way?

"Mama, if you do something bad, do they really shut you up in a dark cloakroom all by yourself and close all the doors?"

"Mama, will there be anybody there I know?"

* * *

"Mama, what if you do something bad but don't know it's bad when you do it. Do they still make you hold out your hand and hit it with a ruler?"

"Mama—"

"Oh, hush child, we'll never get there if you keep asking questions."

* * *

Remember how awesome the teacher looked, and how, as she bent down to greet you, you could count the crinkly wrinkles around her warm kindly eyes? She seemed 1,000 years old, and she may have been all of 45.

Remember the blind panic you felt when your mother went out the door and left you standing there, silent amid the flock of other silent lonely children?

* * *

But soon the strangeness began to wear off as the teacher started a game. By the time your mother came to take you home, you had made your first flight from the nest. You had learned of another world outside the world of home, a world full of wonderful adventures and shining excitements.

So many things to do. Every day something new—drawing a white sheep on a green field, learning to gallop to music, discovering the magic realm of poetry by listening to the teacher read "Little Boy Blue," making your first lifelong friend, falling in love with your first red-haired girl.

What other year goes by so swiftly? In what other year does the mind leap so far as it does in kindergarten? None. If I had my way, good kindergarten teachers would get the same pay as top college professors. They are more important guides on the royal road to learning.

My wife, Frances, who gets a bit fed up with hearing me ramble on like this, sometimes says:

"You know, Rover, I think you've been homesick all your life for kindergarten. Why don't you go back sometime and spend a post-graduate year in one."

Believe me, if I knew a kindergarten that'd take a pupil who shaves, I might be tempted.

School Bond Issue Receives Passage

Farmington Township School District No. 5 was one of four school building bond issues approved yesterday by the Municipal Finance Commission. Passage of the issues prompted a statement by commission chairman Atty. Gen. Thomas M. Kavanagh concerning increased interest rates.

* * *

Kavanagh said that "the rates of Michigan municipal bond issues have skyrocketed from a normal average of about three per cent to four per cent . . .and in one instance six per cent plus a fee."

The interest charges on the four issues aggregated $92,862 above original estimates. In each case, the school boards had submitted bonding proposals calling for a specified interest rate and then sought to amend the interest figure higher.

"With the growing need for new schools," Kavanagh added, "it is unfortunate that the cost of providing a good education to Michigan children should thus be inflated."

* * *

New Film Firm Will Star World-Famed Musicians

By LOUELLA O. PARSONS

HOLLYWOOD (INS)—The name of Irving Mills is associated with the publication of songs all over the world, but now Irving tells me that he has formed the Mills Picture Corporation, with the greatest artists in the world of music as its stars.

"One particular film I believe to be the musical beat of the century is 'The Trio' featuring Jascha Heifetz, Gregor Piatigrosky and Arthur Rubenstein, said Irving.

"As you know, there is only a limited audience fortunate enough to hear and see these artists in concert halls. Now millions all over the world will see, hear, and get close-up views of them in intimate setting.

"But this is only the beginning of the Mills company's activities," he said. "We also plan to assemble an array of the greatest stars of the ballet world."

At Debbie Reynolds' baby shower, Mala Powers, looking like a dream in a pink summer gown, told me that she is working close to my house on Maple drive.

"I am playing with James Best in 'A Man on a Motorcycle,'" she said, "and all the scenes are being made at the home of Jo and Art Napoleon, our producers for United Artists. It's the best part I've had in a long time."

Mala left early to rehearse for a TV show, "Lincoln Versus Douglas." Pleasant news that Mala's health is so good that her career is zooming and her marriage to realtor Monte Vanton is so happy.

LUNCHEON DATE

On a dull Saturday, I took time off to have luncheon with Robert Wagner at Romanoff's. I don't know when I've had so many laughs and such a pleasant afternoon.

Bob was wearing sideburns for his picture, "Jesse James." Bob told me that this Jesse James bears little resemblance to the previous picture made about the famous bandit.

"We have CinemaScope now and a much more detailed story," he said.

Who do you think Elvis Presley, the wiggly one, has been secretly and quietly dating? Young actress Natalie Wood, no less.

He took her to dinner in the terrace Room at the Beverly Hills Hotel. He bought her an ice cream soda at Wil Wright's. He took her to see "Bus Stop" and "The King and I."

Says Natalie: "This is no romance, believe me. I just happen to be one of his many admirers and I enjoy being with him."

Just when you pin Natalie down to one male you find her with another one.

JEANNE'S ESCORT

Snapshots of Hollywood collected at random: Jeanne Crain was escorted to the Jules Stein party by Orin Lehman, son of the New York banking family. He was on crutches but still managed to be very attentive to Jeanne.

Rhonda Fleming held hands with James Hill all evening.

Just learned that Debbie and Eddie are my neighbors. They've rented the Joe Fields house in the next block. Debbie looked like a little girl in her blue maternity gown at the shower Helen Rose gave in her honor.

Had no chance to ask Lori Nelson, who looked very pretty with blonder hair, about her romance with Bob Peterson, wealthy young publisher. But talk is that it's very serious.

Frank Sinatra's Sands opening tonight promises to be a gala affair. Reservations have been made by Lauren Bacall, Kim Novak, the Leo Durochers, the Nelson Riddles, Jimmy Van Heusen and Mr. and Mrs. William Goetz.

Roosevelt Seeks Partial Custody of 3 Children

LOS ANGELES (AP)—Rep. James Roosevelt (D-Calif) is demanding partial custody of his three children. His former wife Romelle says she will "resist to the limit."

* * *

Roosevelt asked Superior Court for custody of James Jr., 10, Michael, 9, and Anna Eleanor, 8, for six weeks each summer, on alternate weekends, throughout the year, and on certain holidays. He also asked that child support payments to their mother cease while he has the children.

* * *

Roosevelt complained that his former wife is enforcing a provision of their still-secret 1954 divorce agreement whereby the children must stay at her home while he visits them.

Samuel B. Picone, attorney for Roosevelt, said the agreement provided for reopening on custody matters after two years. He added "Mr. Roosevelt lives in Washington, D. C., eight months of the year. The original order, in view of the children's ages, obviously is unfair."

* * *

Robert P. Schifferman, attorney for the mother said, "Roosevelt started this thing, and my client is prepared to resist his demands to the limit."

Church Doors Delay Final Election Count

DENVER (AP)—It will be some-final vote count from all 429 precincts becomes available.

The tally sheet reporting the vote in the lone precinct remaining out is tightly locked in the polling place —a church.

The four judges mistakenly placed the sheet behind the doors of the voting machine an d locked it. The church doors locked automatically behind them as they left to turn in the poll book to the City Election Commission.

No one with a key could be located.

A bell thought to have been used by Saint Patrick is in the Irish National Museum.

Gal Attorney Fined— for Lateness in Court

NEWARK, N.J. (AP)—Essex County Judge Edward Gaulkin doesn't subscribe to the tradition that it's a woman's privilege to be late —not in the courtroom a t least.

Court opened at 9:30 a.m. yesterday according to a new schedule and Miss Lillian Clawans, an attorney, showed up 02 mni late for a courtroom appointment.

Judge Gaulkin fined her $20.

Great Festivals Now in Movies

New Film Unit Presents Outstanding Performers to American Viewers

In the coming months it will be possible for people in the United States and Canada to see on their local motion picture screens the outstanding performances from the world's great international festivals. Such is the purpose of Festival Productions, Inc., the organization recently formed by Capt. I. R. Maxwell in association with Harmony Films Ltd. of London, England.

The first release in the series by the new corporation honors the bicentenary of the birth of Mozart in Salzburg and is a complete Salzburg Festival Production of the opera "Don Giovanni".

The cast is headed by Cesare Siepi, leading Italian Basso of the Metropolitan Opera Company as the Don, and Lisa della Casa, Swiss Soprano of the Metropolitan, as Donna Elvira. The conductor is the late Wilhelm Furtwangler, one of the greatest Mozart interpreters of our era who made his last operatic appearance in this production, conducting the Vienna Philharmonic Orchestra.

The filming is done in Eastman Color and High Fidelity Sound and employs for the first time the new, realistic technique which the director, Dr. Paul Czinner, has perfected after a life-time devoted to its development.

* * *

Showings of the "Don Giovanni" film by Festival Productions Inc., won extravagant praise in London, at the Edinburgh Festival, the Berlin Music Festival etc. The film will open with a gala performance in Washington, D. C., on October 11th, and will be released shortly thereafter in the key cities of the U. S. and Canada.

WORTH ITS WEIGHT IN MISSILES — A lethal load of four interceptor rocket packages, combined with two external fuel tanks, helps emphasize the load-carrying abilities of the Navy's new F3H-2N Demon, above. The Demon is the Navy's fastest all-weather fighter and serves both as a missile-bearing interceptor and an atomic bomb-carrying aircraft. Production of the plane, under current contract held by McDonnell Aircraft Corporation of St. Louis, Mo., is scheduled through March, 1958.

Named to Police Unit

CHICAGO (AP)—Four state and provincial section officers of the International Assn. of Chiefs of Police were elected today at the 63rd annual conference of the organization. Elected to a 1956-57 term was Donald S. Leonard, past president of the IACP and retired commissioner of the Michigan state police, Detroit, adviser.

Grand Rapids GOP Plans Nixon Rally

LANSING (AP) — A huge western Michigan Republican rally at Grand Rapids is being planned in connection with Vice President Nixon's scheduled visit there Sept. 30—Oct. 1.

* * *

The Republican state central committee announced yesterday the demonstration will be jointly staged by itself and a Grand Rapids committee on arrangements.

"This will be the kickoff of the national campaign in Michigan and we will make the vice president's visit a memorable one," said Clifford O'Sullivan, national committeeman.

* * *

Nixon is due by airplane the night of Sept. 30 and will remain in Grand Rapids until mid-afternoon the following day. The stop will be part of an intensive nationwide campaign tour.

Liberia is getting bids on constructing 145 miles of highway, Monrovia reports.

Grandmother Killed

DETROIT (AP) — A grandmother was killed and her daughter and granddaughter were injured Tuesday when their car and a gravel truck collided in suburban Livonia. Dead was Mrs. Esther Palmer, 45, of Plymouth Township. Mrs. Joan Palmer, 24, of Plymouth Township and Wendy Palmer, 2, were injured critically.

Smokers Puffing at Same Pace as Record Year

ATLANTIC CITY, N. J. (AP)—Americans this year will smoke about as many cigarettes as in the record year of 1952, according to a government tobacco expert.

* * *

Stephen E. Wrather, director of the U. S. Department of Agriculture Tobacco Division, says production and consumption of cigarettes has been on the upswing and should continue to rise.

In a speech at the annual convention of the National Tobacco Tax Assn., Wrather said a record 435.5 billion cigarettes were produced in 1952 but took a dip along with consumption after that. He said:

"Explanations generally have hinged around economic conditions and health hazards associated with smoking.

* * *

"I think the health hazard has exercised far more influence on our smoking habits since 1952 than alleged economic disturbances.

"This is in many respects a sad commentary since many well-informed observers are convinced that the so-called health hazard has been emphasized and publicized in the absence of generally accepted clinical findings."

* * *

Wrather predicted about 425 billion cigarettes will be produced in 1956. Consumption, he said, "will in all probability equal or closely approach" the 1952 record.

Dies of Crash Injury

DETROIT (AP)—Brenda Murphy, 2, of Detroit, died last night of injuries suffered Monday when she and two sisters were thrown out of their parents' car in a collision. Police, who said he hit the rear of the Murphy car, held Wilson Dillard of Detroit for investigation of felonious driving.

16 Words, $100 Offer Challenge to Puzzle Fans

In autumn, the mind—unlike the leaves—usually experiences a rejuvenation that makes it more brisk and ready to take on new burdens. Pot-O-Gold is for Press readers who have felt this seasonal nudge. It's challenging, and it's worth at least $100 to the one who can come up with a solution. Read the clues carefully and then take a good look at the rules before filling in the empty spaces. It can mean money in your pocket.

The puzzle consists of (1) a number of circles which contain a few scrambled letters, and (2) a corresponding list of clues to these words printed below. The object is to arrange each group of circled letters into a word that best fits its clue. The word which you select for Circle No. 1, then would be the one which you would print in the space to the right of (1) below

You'll notice that some circles contain $ signs in pots of gold. You may use such a symbol as any letter you wish. However, it and all letters in that circle must be used. The $ sign, of course, can represent ANY letter in the word.

Do the same in all the other circles. Study the clues carefully and arrange all the letters into words that you believe best conforms to these clues. Use your $ signs to help you spell out the right words.

GOP Names Chairman to Woo Ukrainian Vote

WASHINGTON (UP) — Dmytro Halychyn of Jersey City, N. J., has been appointed chairman of the Ukrainian Division of the Republican National Committee's Nationalities Division.

The announcement by GOP National Chairman Leonard W. Hall said Halychyn will direct the campaign to line up Ukrainian-American groups with the Republicans in the presidential election. He held the same chairmanship in the 1952 election.

NOW AT ARMY — Former Cranbrook football and baseball whiz Pete Dawkins, a native of Royal Oak who overcame physical handicaps as a youngster, is now a top prospect for the quarterback's job as a sophomore on the Army football team this year.

From the Press Box

BY BRUNO L. KEARNS
Sports Editor, Pontiac Press

Stories of courage, and the determination to succeed in athletics, are told and retold, but there's always room for another.

Take the case of a little skinny kid named Pete Dawkins from Royal Oak who just about six years ago came out for football at Cranbrook as a freshman.

He was about 5-4 and weighed 110 pounds soaking wet and he got to Cranbrook on a scholarship he had won.

Like many boys, Pete found a love for sports and despite doctor's warnings, he made up his mind he was going to play football some day.

You see, as a youngster, he had contacted a mild case of polio. The disease brought about a marked curve in his spine and for two years he was undergoing therapy and was kept under observation until any threat of paralysis was gone.

When he went out for the Crane varsity as a sophomore, at a "topheavy" weight of 120, coach Fred Campbell scratched his head at first glance but decided to let him stay figuring he would probably drpp out in due time.

"Drop out, nothing," said Campbell, "do you know that kid worked so hard, took all kind of punishment and just wouldn't quit. I had to keep him on the squad, even though he hardly played," Campbell added.

Dawkins was back as a junior, this time at a 135 pounds and about 5-7.

"I finally gave him a chance late that season," said Campbell, "one reason because he would be the only quarterback coming back the next year. And he did quite well."

CAME BACK AT 165 POUNDS

When the 1954 football season was getting started, Campbell checked heads and at a quick second glance there was Dawkins, now 5-11 at 165 pounds.

"From the first day of practice, there was no doubt who my first string quarterback would be," said Campbell. "He was one of the finest competitors I ever had on the squad."

Dawkins passed for 13 touchdowns, a school record, and he turned out to be one of the best quarterbacks in Cranbrook's history.

★ ★ ★

As a member of the baseball team, he was captain and a good .325 hitter.

"It's hard to believe," said Mrs. Henry E. Dawkins, Pete's mother, "but he actually gained nearly 35 pounds and grew almost four inches in one year.

"It used to torment me to see him force himself to eat, and then work endlessly trying to build himself up with exercises and bar bells," she added.

The doctor who diagnosed Pete's contact with polio told Mr. and Mrs. Dawkins, "I should order you to stop the boy from playing football, but knowing Pete I know it wouldn't do any good."

The story on Dawkins hasn't ended by any means. In fact the greatest part may be just beginning.

Today Pete is at West Point and along with Chuck Darby, another sophomore from Sturgis, Mich., he is being groomed for the quarterback assignment, at a weight of 190 pounds and standing 6 feet 1½ inches.

As a plebe last year, he played football, hockey and baseball and still was among the top five per cent in the class, finishing 10th best.

★ ★ ★

Pete's pursuit in education is physics. He wants to get into the Air Force after graduation. His father, a dentist in Royal Oak, isn't disappointed because Pete isn't following his footsteps in that profession.

"We're just happy for him, because no one knows how hard he worked to reach that goal of getting on the Army football team," said Mrs. Dawkins.

How will Pete do with Army? "He made a believer out of me," said Coach Campbell, "he has too much desire and determination for me to doubt his abilities."

Maglie Pitches Dodgers Into NL Tie

By THE ASSOCIATED PRESS

Sal Maglie, the old mah with the beard who used to give Brooklyn fits, turns out to be the guy who pitched the Dodgers into a tie for the National League lead.

They nicknamed him "The Barber" around the league when Maglie worked for the New York Giants, partly because of the trade-mark stubble on his face and partly because his pitches close-shaved the batters.

In Brooklyn they called him something else. The 39-year-old righthander held a 23-11 lifetime hex on the Brooks and about the closest you can get in print to what the Dodgers called Sal is "that nasty old so-and-so."

But last night, Maglie was THE old pro among Brooklyn's old pros, striking out six, walking none with what he thought was a "second-rate curve" and driving in two runs while beating Milwaukee 4-2. It was Sal's 10th victory since being picked up from Cleveland in May and it lifted the world champs into a share of first place for the first time since April 28.

Third - place Cincinnati, with Frank Robinson tying the major league rookie record for home runs, whipped the Giants 11-5, and moved to within two games of the lead.

* * *

St. Louis defeated Philadelphia 5-3 and Pittsburgh beat Chicago 4-3 in the other NL games.

In the American, Yogi Berra hit his 236th career home run, tying a major league record for catchers, as New York's pennant-bound Yankees defeated Kansas City 9-5. Cleveland, with Bob Lemon winning his 200th in the majors, trimmed Baltimore 3-1. Boston dropped Chicago out of a second-place tie with the Indians, beating the White Sox 5-3. Detroit pasted Washington 12-0 behind Frank Lary's two-hitter.

The Braves, who had the lead all to themselves since July 13, refuse to admit they're troubled by the pennant pressure. But it sure looks that way. While Brooklyn has won four of its last five, the Braves have won only two of five, and Bob Buhl, who had beaten the Dodgers seven times without defeat, blew up to walk seven in his 3 2-3 innigs last night.

Buhl, averaging less than three walks a game in building a 16-7 record, left in the fourth when he twice walked the bases full and gave up Maglie's two-run single. The Brooks, with just five hits all night, got the clinching pair in the eighth off Ernie Johnson, fourth Milwaukee pitcher.

Jackie Robinson, another of the old pros, galloped home from second on Johnson's wild pickoff peg and Gil Hodges then slammed his 27th home run.

Milwaukee's runs came on Ed Mathews' 35th home run and Joe Adcock's 36th—his 12th off Brooklyn and one shy of the NL record against one club.

Cincinnati battered four Giant pitchers for 14 hits, including a grand-slam homer by Ed Bailey and Ted Kluszewski's 35th home run. Robinson's shot was his 38th, matching the record set by Wally Berger as a Boston Braves rookie in 1930 and tying Brooklyn's Duke Snider for the NL lead. It also gave the Redlegs 201 for the year, 20 short of the Giants' major league record in 1947 and fourth time any club has hit more than 200.

BARBER IN ACTION — Sal Maglie, nicknamed "The Barber," found this pitch disastrous when Joe Adcock of the Milwaukee Braves slammed it for a 9th inning homer at Ebbets Field last night. Maglie however pitched Brooklyn into a first place tie in the National League by defeating the Dodgers, 4-2.

Tigers Trounce Nats, 12-0

Lary Hurls 2-Hit Victory

DETROIT (AP) — When Frank Lary doesn't beat himself, American League opponents have a tough time doing it.

* * *

The little Detroit Tiger righthander, a hard-working pitcher who generally finds himself in a lot of hot water, threw off a control problem yesterday with a sparkling two-hit effort as the Tigers walloped the Washington Nationals, 12-0.

Larry walked four men in the first four innings but pulled out of it with four strikeouts and a double play. After the 4th, the Nats got only one man to base and the 25-year-old pitcher retired the last 15 men in racking up his 17th victory.

He'll get enough starts to become a 20-game winner—Detroit's first since Hal Newhouser did it in 1948—but Lary is more concerned about No. 18.

"I gotta get that one before I think about 20," drawled the Alabama sophomore.

A late-season drive for the first division has produced nine victories in 11 games, and Lary's win was his 4th in succession, 7th in his last eight decisions and 13th in his last 15.

Lary has worked 258 innings—40 more than any other Detroit hurler—and his 34 starts are the most since Art Houtteman started that many for the club in 1950.

A nine-run splurge by the Tigers in the 4th inning off starter Dean Stone and reliefer Bob Chakales was the club's biggest inning of the season. Detroit previously had scored eight times in a single inning against the Nats and against Chicago.

After scoring once in the second on third baseman Ray Boone's 20th homer and again in the third on a single, error, walk and fielder's choice, the Bengals sent 14 men to bat in the 4th.

Billy Hoeft, another Tiger hurler with a chance to reach the 20-game mark, goes today against Washington's Ted Abernathy in an afternoon contest. Hoeft has 17 wins against 12 losses and is 3-1 against the Senators.

The club now has its highest mark of the season—70 victories and 67 defeats—three games over the .500 mark. As recently as July 4 the Tigers were 11 games under the even-break standard.

GRAND SLAM RECEPTION — Ed Bailey (right) Cincinnati Redlegs' catcher is greeted by his teammates at the dugout after hitting a four-run homer against New York yesterday. It was his 25th of the season and the Redlegs won, 11-3, to stay two games within the NL lead. Big Ted Kluszewski is number 18 on the left.

Sharp Work!

'Barber' Wins Brooks' Praise for Great Job

BROOKLYN (AP)—"Without that nasty old so-and-so we wouldn't have had a ghost of a chance to win the pennant."

* * *

Captain Pee Wee Reese said it and practically everybody on the Brooklyn Dodgers echoed it.

That "nasty old so-and-so," a term affectionately used by Reese, is Sal (The Barber) Maglie, the 39-year-old former Dodger nemesis who joined Brooklyn in mid-May, proceeded to earn a regular starting berth and climaxed his "comeback" last night by pitching the Brooks into a first-place tie with the Milwaukee Braves.

The Barber, who must be regarded as the baseball story of the year, was never sharper as he spaced eight hits, struck out six and walked none in trimming the Braves 4-2 for his 10th triumph. Sal's superlative performance forced the Braves to share the lead for the first time since July 13. Not since April 28 have the Dodgers had a piece of first place.

"This was the biggest ball game of the year for us," said Reese, "and as far as I'm concerned it was all Maglie's. I just can't say enough about that guy. What a job he's done for us. All I kept thinking out there tonight as he was mowing down those guys was what a wonderful thing it is to have him on our side."

* * *

Jackie Robinson, who ignited what proved to be the winning two-run rally in the eighth inning added his words of praise for Maglie.

"There's no question about it," he said. "Sal has been the difference. His won and lost record (10-4) is not indicative of his worth to us. He's pitched in 15 winning games and he's been a tremendous help to the pitchers with his advice and savvy."

Ward Golfer to Beat in National Tourney

LAKE FOREST, Ill. (AP)—Harvie Ward opines that if he can stay around for a couple more rounds in the National Amateur golf championship he'll be tough to beat.

* * *

That probably is the understatement of the week from the defending champion, who is playing so well over the lengthy Knollwood course that a lot of people think he'll be the first golfer in 21 years to win the title twice in succession.

The good looking, blue-eyed San Francisco automobile salesman tempered his mildly optimistic statement after handing Art Hoff of La Grange, Ill., a rather brutal 5 and 4 licking yesterday in his opening match.

"You can say I'm feeling wonderful; I feel like I'm going to repeat, and I'll probably get beat tomorrow morning" Ward chuckled.

* * *

By nightfall two more rounds will be over and the field will be down to 16. Strictly off the record, these players still figure to be around for another double-knockout round Thursday:

Ward, ex-champions Charlie Coe and Willie Turnesa, Canadian Open champion Doug Sanders and probably little Joe Campbell in one half of the draw; Ken Venturi, a San Francisco automobile man; Walker Cupper Don Cherry, Billy Joe Patton and Dale Morey or ex-champion Dick Chapman and former junior champion Rex Baxter in the other.

Ward's score wasn't the best of the second round. Baxter, the young Texan who won the USGA Junior title in 1953, shot Knollwood's front nine in 31 and stayed four under par to the finish of a 7 and 6 victoiry over Gene Woodard of St. Clair Shores, Mich.

2 State Golfers Still in Race at Lake Forest

LAKE FOREST, Ill. (AP)—Only two Michigan competitors — Chuck Kocsis of Royal Oak and Ralph Ellstrom of Dearborn—were left today as the third round of the National Amateur Golf Tournament got under way.

Ellstrom was paired against Robert Gardner of West Orange, N. J., and the veteran Kocsis against Richard D. Chapman of Osterville, Mass.

Ellstrom defeated Earl Larson of Minneapolis, 5 and 3, and Kocsis eliminated R. S. Hoak of Sioux City, 7 and 6, in yesterday's second round.

Glenn H. Johnson of Grosse Ile, Michigan's amateur champion, was falling, meanwhile, to Edwin Preisler of Orange Village, Ohio, 2 and 1.

OTHER MICHIGAN SCORES

Rex Baxter Jr., Amarillo, Tex., defeated Gene Woodard, St. Clair Shores, 7 and 6.
Roger Rubensall, Freeport, Ill., defeated Gerald Berles, Grand Rapids, 5 and 4.
Charles W. Harrison, Atlanta, Ga., defeated Tom Draper, Royal Oak, 1-up.

Yale Favored in Ivy League

NEW YORK (AP)—It took 84 years to organize the Ivy League as a formally operating football conference—and about two minutes for the experts to pick Yale as its probable first official champion.

* * *

Jordan Olivar, the tall, cueball-topped presiding genius over Yale's football fortunes, isn't plagued by the lack of depth that bothers other Ivy coaches. The Elis have 30 lettermen back from last year's good team and a few excellent sophomore prospects. It's about the same team that was barely beaten out by Princeton for last year's unofficial Ivy title.

* * *

Only one team, Cornell, appears capable of intruding into this rosy picture. A few informed dissenters claim Yale is over-rated and Cornell, with an improved line and blinding backfield speed, is the team to beat.

* * *

Well behind these two come Dartmouth, hailed as the league's dark horse, Harvard, Pennsylvania and Princeton. From their level it would take an elevator to get down to hapless Brown and Columbia.

Penn, returning to its own class with the inauguration of a round-robin league schedule, figures to win a few games after two all-losing seasons and could be a troublemaker.

Rugged Welterweight Battle Seen

Saxton Meets Basilio

SYRACUSE, N.Y. (AP) — Welterweight Johnny Saxton, determined to prove his right to wear the crown, boldly predicted that Carmen Basilio was heading "for a world of trouble" tonight when they clashed in a return title bout at War Memorial Auditorimu.

* * *

The 26-year-old New Yorker flew in from his Summit, N.J., camp last night breathing fire.

"Man, I'm like the hungry dog guarding his bone," said the cocky champion. "If anyone tries to take it from him he'll bite his hand. That's the way I feel about the title now that I've gotten it back. Man, he's in for a world of trouble. If there's a spot for a knockout I'll go for it."

* * *

Basilio, who finished up his training on his home grounds here, was grimmer and more anxious than ever to whip Saxton, the man who snatched the prized scepter away from him on a unanimous but controversial decision in Chicago, March 14.

* * *

"I'm going to win," he said confidently. "I don't know if it will be by points or a knockout but I'm going to win. I'm out to give it to him good. I still say I deserved the decision in Chicago and I'm going to prove it. I'll get him."

As the fighters went into seclusion until the Noon (EDT) weigh-in at the Auditorium, the odds, which once were as high as 9-5 in favor of Basilio, dropped to even money. It was 11-10 and "Pick 'em."

By the time they climb into the ring for the 10 p.m. EDT 15-rounder, the odds may swing in favor of Saxton. This would be surprising since a majority of the boxing critics and most of the fans who saw the telecast of the Chicago scrap, thought Basilio, from nearby Chittenango, won handily.

Some 8,400 of them will pay from $5 to $30 to make for a gross gate of around $140,000. The fight could sell out to the 9,000 $150,000 capacity since Syracuse, and nearby areas will be blacked out of the coast to coast telecast (ABC). The network also is broadcasting the fight to the nation.

* * *

The radio-TV receipts add another $75,000 to the pot. Saxton, collecting 40 per cent, could earn around $70,000 and Basilio half as much on his 20 per cent. If Basilio regains the 147-pound crown, becoming the ninth man to complete the championship double, he will give Saxton a return bout, with each getting 30 per cent.

Tale of the tape for tonight's welterweight title fight between champion Johnny Saxon and Carmen Basilio:

'M' Back at Full Strength

ANN ARBOR (AP) — Michigan's football squad was back at full strength today, despite a bruising weekend scrimmage.

* * *

All candidates turned up OK to participate in an afternoon scrimmage yesterday, which featured heavy plunging by halfback Bob Ptacek and fullback John Herrnstein. Terry Barr threw in several speedy dashes from right halfback.

Mike Shatusky of Menominee, a junior right halfback, and end Ron Kramer outdistanced everyone else in a morning punting drill.

Marv Nyren, regular right guard from Desplaines, Ill., showed up for the afternoon mixup after missing the morning drill because of a bruised leg muscle.

Rae Johnstone, winner of the 1956 English Derby with Lavandin, has ridden in the Laurel International race the last two years.

Sammy Boulmetis led the Monmouth Park jockeys three times 1949, 1953 and 1955. He set the record in 1955 with 81 winners.

Bright Outlook at Lapeer

Another fine football season appears in the books for Lapeer High School's Panthers.

Based on the fact that Coach Jack Fitzpatrick has his entire starting backfield from the sharp 1956 eleven, plus a pair of regular ends and two line regulars on hand again, the Panthers are again rated among the independent powers of the area.

Lapeer lost only one game (to Owosso high) last fall, won seven. Another 8-game schedule opens Friday night at 8 o'clock on the home field against traditional opening foe, Caro. Lapeer won 21-0 last year.

Fitzpatrick will lean on his veteran's mostly seniors, that include Tom Wilson (180-pound senior) at left half; John McKillen (160-pound sophomore) at fullback, speedy Richard DeBeaubien (165-pound junior) at right half aand Mike Carter (170-pound senior) at quarterback. McKillen was a regular as a freshman last fall.

There are also ends Dennis Troy (175-pound 6-4 senior) aand Larry Thiemkey (170-pound 6-1 senior), defensive guard Andy Lichy (250-pound 6-2 senior) and senior center Bill Coller who is said to be looking exceptionally good this year. Two new boys, Ken Marlow, a 185-pound tackle and Ron Look, 160-pound guard have made good impressions on the coach.

Almont, Imlay Top Threats for So. Thumb, So. Central

By H. GUY MOATS

It looks like Almont's Raiders in the Southern Thumb and Imlay City and Millington in the South Central prep football loops this fall. That seems to be the general opinion of most coaches and observers of these active leagues. Both swing into action Friday, but none meets a loop foe in the opener.

Almont's top-contender selection is based on the strength of the returning lettermen. Same line of reasoning placed Imlay's fine Spartan's at the top rung in pre-season ratings, with Millington's veteran club also a definite threat. Oxford (So. Central) under Gene Harkness's tutelage, while a new member this year, is always strong and could do very well.

Both leagues have new coaches, with three or four in the Thumb and several in the South Central.

They include George Glingke at North Branch, Ted Freymiller at Ortonville who has at least 11 veterans back, and could upset things in the So. Central. Southern Thumb's new mentors include Brown City's Walter Braun and Bill Louiselle at Armada.

Promising to make a race of it in the Thumb loop, besides Almont, are defending champion New Haven and the veteran-studded Dryden club. Memphis, as usual, is the "darkhorse" and could make it rough for any club in the circuit.

Don Wadsworth, (1955 coach) now athletic director at Brown City points out that "any one of the top three (Almont, runnerup in '55; New Haven champion, and Dryden, 3rd) in last year's race can win it." He mentions Almont's almost entirely veteran club as having probably the strongest list or returnees, including several three-year regulars.

All league clubs will be in action this weekend but none of the contests will be a loop test.

'55 Hoosiers Were Tough Luck Team

Indiana Has Ground Power

(Following is another story in a series on Big Ten football prospects by Jerry Liska, midwest AP sports editor, who made a plane tour of conference camps.)

BLOOMINGTON, Ind. (AP) — Despite the loss of Milt Campbell, the Olympic Decathlon contender and fullback Johnny Bartkiewicz, 1955 workhorse, Indiana's hoosier may unveil their best ground attack in coach Bernie Crimmins' five seasons.

* * *

Crimmins admits his team speed is the best since he came to Indiana, but Hoosier success is pegged on how well sophomores develop in the rugged start of a tough schedule.

Indiana, which finished last season with a 3-6 record, losing to Ohio State and Michigan State by identical 20-13 scores, meets Iowa, Notre Dame and Michigan State in its first three games.

* * *

"If we just would get a victory in there quick, it would be a tremendous help to this squad which has terrific spirit," said Crimmins, whose 1955 Hoosier club was the toughest losing club in the Big Ten.

In spring practice, the Hoosiers cut loose with more long runs than in any year since Crimmins' arrival. Sophomores were mainly responsible which is a good thing because the right half position has nothing but soph candidates.

The best appears to be Jim Powell, 200 pounder from Natrona Heights who also may prove a valuable target for Indiana's capable quarterback, Chick Chichowski, third best Big Ten passer last fall. New pass patterns will be tried by Crimmins this season to make the most of Chick's fine arm.

The squad's most elusive runner, a sophomore who may be a surprise package, is Willie Jones, 184 pound Chicagoan, who has an explosive start. Jones is a left half candidate behind junior veteran Barry Johnson of Natrona, Pa.

The fullback successor to Bartkiewicz is Bob Fee, 204, an outstanding end for two seasons. A fine blocker, Fee has demonstrated speed and power at his new position.

One of the Big Ten's biggest regulars in years, 272-pound Joe Amstutz, is a center.

Zuppke Marries His Housekeeper

CHAMPAIGN, Ill. (AP) — Bob Zuppke, Illinois head football coach for 29 years before his retirement in 1941, yesterday announced his marriage to Leona P. Ray, his housekeeper the past 23 years.

* * *

Wedding took place at Zuppke's Champaign home Monday night a Richard Reichle, an end on Illinois' 1919 football team, was best man.

* * *

Zuppke, 77, concealed the age of his new bride. Only last December the Berlin-born football wizard suffered a "cerebral vascular accident" and was hospitalized for some time.

The first Mrs. Zuppke died in 1936.

Tartars Begin Drills; 10 Lettermen Return

DETROIT (AP) — Wayne University opens football drills today with 10 returning lettermen including the entire 1955 backfield.

A squad of 45 showed up for the picture taking session yesterday. Coach Herb Smith says he expects 50 or more for the 1st workout.

Tartars are short on ends and centers but should have plenty of backfield strength.

"We're in much better shape this year than we were a year ago," Smith said. "We've greater depth and more experience."

Wayne opens its schedule Oct. 6 at Cleveland against Case Tech in a Presidents' Conference game.

Demarco, Gavilan Sign

BOSTON (AP) — Tony Demreao and Kid Gavilan, a pair of ex-welterweight champions, will meet Oct. 9 in a 10-round fight at Boston Garden, Callahan AC promoter Sam Silverman announced today.

Haney OKs Contract

But Title Race Comes First

BROOKLYN (AP) — Fred Haney, the man who came to dinner and stayed, was more concerned today about the nerve-splitting National League pennant race than he was about his new contract.

Yes, he admitted, he was pleased with the contract which calls for him to manage the Milwaukee Braves next year win or lose this time around. Yes, it came as somewhat of a surprise to him because he hadn't discussed it either with President Lou Perini or General Manager John Quinn.

* * *

Actually, the 4-2 defeat his club suffered at the hands of the Brooklyn Dodgers last night took some of the edge off the new contract. The loss left the Braves and Dodgers deadlocked for the National League lead, each with a .601 percentage and 16 games to play.

* * *

"At least," he sighed, "no one is ahead of us."

* * *

Bet this is the most serious trouble the Braves have been in since July 17 when they took over the league lead. Since then, no club ever has been even with the Braves.

Bulldogs Ready

Romeo 11 in Target Role

New head coach Ted Engdahl at Romeo High School may be preparing himself for the worst this football season.

Not that the outlook can be considered gloomy, but inasmuch as the Bulldogs gave eight of nine foes a trimming last year, Engdahl sees a few teams aching to get even.

Romeo's lone defeat under coach Dan Barnabo last season came at the hands of a strong Lapeer eleven by a 6-0 score.

Engdahl, who comes to Romeo from Edmore High School where his teams compiled a respectable record of 22-6-3, has 18 lettermen back around which to build his team.

* * *

Missing among the 12 graduated lettermen are a quartet of backs including quarterback Jerry Johnson, halfbacks Chet Markham and Howard Craig and fullback John McFall.

Fullback John Fowler and quarterback Jerry Dallwitz, a pair of juniors, both lettermen lead the list of backfield men.

A trio of big linesmen will clog up the forward wall including senior center Pete Tabor, a 205-pounder and tackles Fred Falk at 210 and John Jomakoski at 220.

* * *

Friday's opener for Romeo at home is against Richmond, a 25-21 victim of the Bulldogs last season.

ROMEO PILOT — Taking the reins at Romeo this year is Ted Engdahl, who succeeds Dan Barnabo. The Bulldogs, who won 8 of 9 last season, open Friday against Richmond.

Prystai's Condition Pleases Wings' Boss

SAULT STE. MARIE (AP) — Left wing Tom McCarthy, a giant drafted from the New York Ranger organization, showed a clever, shifty stick as the Detroit Red Wings warmed up for their Nation Hockey League campaign yesterday.

* * *

But it was Metro Prystai, a 28-year-old veteran, who won top praise from general manager Jack Adams, who told newsmen:

* * *

"I've never seen him in better shape or with more spirit. His line, including Lorne Ferguson and Alex Delvecchio, was the best one on the ice in the 2nd pre-season workout."

* * *

Norm Ullman, a 2nd-year center, has displaced Delvecchio between Gordie Howe and Ted Lindsay on the Red Wing production line.

Doctoring Your Golf Game

By DR. CARY MIDDLECOFF

PATIENT'S COMPLAINT: Flat-footed finish

DIAGNISIS: Left hip block

TREATMENT: Do you feel spiked to the ground at the end of your swing—flat on your heels?

That's the penalty for all-arms and no-hips action. No turn to initiate the backswing because the left hip refuses to follow the lead of the left arm.

I can't emphasize enough the importance of being sufficiently relaxed at address to let the left side—shoulder, hip, and knee—turn freely as the clubhead is swept

back low and slow, straight back from the ball in one piece action: A straight line from the clubhead to the left shoulder.

Let yourself go. Turn. Golf is a game of pivot for power. The head is the hub and the clubhead, the rim of the wheel, prescribes a perfect circle.

Pull down with the left arm, and the clubhead returns in a constant circle. The left hip, turning, clears out of the way to permit the left arm to pull through the ball and outward in the line of flight. So that, at the finish, the arms are high; the right side has turned fully, to where the right knee points in the flight direction, and the weight is balanced on the toe of the right foot as sketch shows.

* * *

Try it. Complete the turn. Go all the way through and around. No freezing. No left hip block going back or coming through. You'll see a big change in your game.

AAA
CHILDREN
are to be seen not hurt
Tens of thousands of little strangers on Michigan streets this month! Little strangers filled with their new importance of "going to school for the first time." All strange to the laws of grown-up traffic and automobiles.
As fellow motorists the members of the Automobile Club of Michigan ask all the motorists of Michigan to appoint themselves as the guardians of these, Michigan's youngest school children.
The Club will undertake, in cooperation with school and police officials to educate these little children in the ways of safety. The Club has organized 48,000 Michigan school boys into 3,000 school-boy patrols to protect the crossings; 8,900 schools will be serviced monthly with safety lessons, safety plays, posters, etc. More than 2,000,000 pieces of safety literature will be distributed in the schools.
Members of the Club assist not only by personal carefulness but contribute through their membership the money that carries on this world-famed work in Michigan. When you see an AAA emblem on a car, the owner is a motorist who cares.

Skinner Picked as Coach

5 Red Wings Named to All-Star Squad

TORONTO — Five Detroit Red Wings have been named to the National Hockey League All-Star team and Detroit's coach Jimmy Skinner has been picked to direct its game against the Stanley Cup champion Montreal Canadiens at Montreal Oct. 9.

Glenn Hall of Detroit was named by NHL governors and managers yesterday to share goal tending duties with Terry Sawchuk of Boston, a one-time Red Wing, and Red Kelly of Detroit was named as a defenseman.

The Red Wing production line of Gordie Howe, Alex Delvecchio and Ted Lindsay was picked intact to form one forward line.

Other lines are: Dick Duff, Tod Sloan and George Armstrong, all of Toronto; Johnny Wilson, Chicago, Dave Creighton, New York and Leo Labine, Boston; and Nick Mickoski, Chicago, Red Sullivan, formerly of Chicago and now with New York, and Wally Hergesheimer, former Ranger now with the Black Hawks.

Besides Kelly, defensemen are: Bill Gadsby, New York Rangers; Fern Flaman, Boston; Gus Mortson, Chicago Black Hawks, and Jim Morrison and Hugh Bolton, Toronto Maple Leafs.

The NHL announced arrangements have been completed for 13 Saturday afternoon games to be televised over the Columbia Broadcasting System network from Detroit, Boston, New York and Chicago this season.

President Clarence Campbell said the Saturday afternoon games are an experiment in an effort to exploit the potential of television.

Four of the TV games will be in Boston, three in Chicago, two in New York and one in Detroit. All games will start at 2 p.m. (EST) and will be played consecutive Saturdays from Jan. 5 to March 9.

Daugherty Tries to Avoid Worry

Minor Injuries and Ills on Spartan Team Fails to Dampen Duffy

EAST LANSING (AP) — Coach Duffy Daugherty of Michigan State is trying not to worry, at least not out loud, about the rash of minor injuries and illnesses that has hit his football team.

"I can't worry them back to health," Daugherty said. "when we get hurt that way, we've just got to figure on our second and third men at the position filling in.

"Walt Kowalczyk is our only real serious injury so far," he added. "And we figure on getting him back in about a week."

Kowalczyk, bruising 1st string right half, was due to be fitted with a partial cast today to support the left ankle twisted in a scrimmage Saturday.

Coaches expect to be able to use him for the Stanford opener Sept. 29.

Tom Saldoch, 2nd string tackle from Dearborn, may miss the 1st game because of a knee and ankle injury. Otherwise, the injuries are nagging, minor ailments plus the 24-hour flu that has kept players shuttling in and out of the hospital almost as fast as coaches can keep track of them.

One Homer Between Berra and Record

KANSAS CITY (AP) — One more home run will make Yogi Berra the most prolific homer-hitting catcher in major league history.

The squat, 31-year-old Berra, playing his 11th season with the New York Yankees, socked his 28th of the year in last night's 9-5 victory over Kansas City to tie the career record of 236 set by Hall-of-Famer Gabby Hartnett in 20 seasons with the Chicago Cubs and New York Giants.

Rookie Homer Mark in Sight for Robinson

NEW YORK (AP) — Frank Robinson, the Cincinnati Redlegs' 21-year-old outfielder, had a major league record within his grasp today.

* * *

All he needs is one more home run in the Redlegs' remaining 16 games, and he'll set a homer-mark for rookies.

* * *

He hit No. 38 yesterday in the Redegs' 11-5 rout of the New York Giants and thereby tied the record set by Wally Berger in 1930.

Three Billions Spent on Sport by U.S. People

Fish, Wildlife Service Says Anglers, Hunters Average $114 Each

WASHINGTON (INS) — U. S. Fish and Wildlife Service reported today that outdoors people spent nearly $3 billion dollars last year in their quest for sport.

The service calculated that each of the nation's 25 million hunters and fishermen spent an average of $114.42 each for a total of $2,850,979,000.

About 500,000 "man-days" were consumed, estimated the federal agency, and these outdoorsmen drove their automobiles over ten billion miles in pursuit of something to shoot or catch.

The services reported:

"These figures are based on a national survey, which included interviews with 9,328 persons who either fished or hunted, or did both. These figures are accurate within five per cent.

"This study is hinged upon the estimated 118,366,000 Americans 12 years old or older."

Along these same lines it was brought out that over 13 million persons fished only while more than four million hunted only and that over seven and a half million did both.

Another interesting observation, said the service, was that in 35 per cent of America's more than 48,389,000 homes there was at least one hunter or fisherman who took part in both sports.

It concluded, "all people of the nation benefit in some way from the enormous yearly expenditure by recreational hunters and fishermen."

It was announced earlier that Michigan ranked first in hunting license sales with 1,186,454 and third in the nation last year with 1,188,134 fishing licenses.

Oil Capitol and Nashua are the only horses to win Hialeah's two big races—the Flamingo and the Widener.

LAST SEASON — Progress, in the form of The Dalles Dam on Columbia River, will eliminate famous Indian fishing grounds at Celilo Falls, Oregon. By next salmon run in spring, Celilo rocks will be below surface of reservoir behind dam. Indians have fished here for generations under treaty rights, first with spears and now with nets. Three tribes accepted payments from federal government for loss of fishing rights. Two Indian netters on flimsy platforms are shown at work. Man at left has two salmon on platform.

State's Top Game Birds

Grouse, Woodcock, Snipe Rated Highly

By JACK PATTERSON

"In your opinion," asks an out-of-stater, "what are Michigan's three top upland game birds?"

PATTERSON

Well, number one is easy. By any standards the ruffed grouse can claim this title. In his every attitude he looks and acts the part of a game bird. He's not very smart as human acumen is reckoned, but he knows his own bailiwick better than you or we, and takes full advantage of this knowledge. He's a tricky flier, and fast enough. Whether he chooses to blast out of the cedars or scrub oaks with a heart-stopping roar, or ghost like an owl from a pine high overhead, his timing is good enough to rattle the coolest scattergunner into a clean miss, more often than the latter likes to admit. As good to eat as he is to hunt the ruffed grouse has a clear claim to number one place.

* * *

Number two, although he frequents many of the favorite haunts of the grouse, offers a sharp change of pace. Small, slow, easy to hit but more often missed, the woodcock is a game bird through and through.

This shy, lovely bird, as he leaps out of the Canada blue grass with his liquid silver whistle, makes a picture against the alders and aspens that will warm the hunter through many a winter to follow.

* * *

Delicate of build the woodcock dies esaily, yet sometimes wounded, he will lie with wings outspread and await the hunter. He will cock his head on one side and the great, soft eyes will seem to ask "why did you do this to me?" The hunter feels a moment of regret. He knows he cannot explain to the bird why it is important for him to take home a piece of autumn in his pocket.

* * *

Number three, the jacksnipe is a much overlooked bird. The trickiest flier of all, he offers the most challenging target the hunter can find. But pursuing him through the marshlands he loves, is a tough, fatiguing job.

And yet, if the hunter will take the trouble to tangle with the snipe on his own terms he will find, perhaps, the finest wingshooting of all.

Years ago, when hunters could walk for an hour without a nap, Michigan drew snipe shooters from all over the country. The snipe are back after the great drouth of the thirties. Where are the hunters?

* * *

To add to our list of top game birds we would have to make mention of the sharp-tailed grouse. A native of the Great Plains he has moved into Michigan's U.P. now that lumbering and fires have given that area some pretty good plains of its own. The sharptail and its vanishing companion the prairie chicken are first class game birds and would rate higher on the list but for the fact that good shooting for the birds is pretty much limited to the first few days of the season.

If anyone notices that the pheasant isn't included in this list we'd like to point out that the exclusion is no oversight. In this writer's opinion the pheasant's value as a game bird is dependant upon the scarcity of other game species. Anyway we can't hit 'em.

Obedience Club Plans Fall Work

Demonstration Sept. 20 of Trained Dogs Opens SMOTC Program

Dog obedience training season for the Pontiac area gets under way Sept. 20 at Daniel Whitfield School, Orchard Lake avenue. The Southern Michigan Obedience Training Club will present an obedience demanstration at that time with a group of dogs trained under the club's system.

Starting at 8 p.m. the demonstration will include work in CD, CDX and utility classes along with class work. Public is invited, but those planning to attend should not take their dogs. Regular training classes will begin at the same school on Sept. 27.

There is no charge for the demonstration, says John Eicher, club vice president, who has long been active in the development of obedience training in this part of Michigan. E. W. Averill is the president and Mrs. Mary K. Larson secretary-treasurer.

Persons wishing further information regarding the classes may call Eicher at FE 2-4867.

Plan Area for Winter Sports

LUDINGTON (AP)—A new winter sports area was taking shape this week in the Ward Hills on the Mason-Lake County line about 10 miles northwest of Baldwin.

The work was undertaken by Howard Reese and sons of Branch at the bidding of the Mason county board of supervisors and the county's tourist and resort association.

Reese plans a ski tow and several runs on an 80-acre tract he owns near Branch. Holland Capper, Manistee school teacher and manager of Manistee's Udell Hills Sports Park, designed the new course.

Yellow Is Most Visible for Hunting Conditions

Recent tests conducted by the National Rifle Association, the California Department of Fish and Game and the California Optometric Association and other interested groups showed that bright yellow appeared to be the most readily visible under all light hunting conditions.

This is in contrast to the color safety tests of past years which suggested hunters wear orange-red or "firegio" type clothing for safety.

The California-NRA tests, conducted by army personnel, took three days to complete. The men were divided into two groups of ten each. One group had normal color vision; the other had varying degrees of defective color perception. The experiment was conducted in typical deer territory.

As a result of the color tests, hunting clothing manufacturers will probably conduct their own experiments soon to change their typical red patterns.

The Thistle Class Assn., boasts a membership of more than 900 of the 17-foot racing sloops throughout the United States.

Fishing World Series Is Under Way Today

WEDGEPORT, N. S., (AP)—World series fever again is gripping this famed fishing community but it doesn't concern baseball. It's the 13th international tuna tournament, starting today.

Seven, perhaps eight, nations will be represented and three of them — Peru, Portugal and Germany — will be making their first bid for the Sharp trophy, emblematic of the world championship in deep sea angling.

The other teams, comparatively old hands at the business of boating the 600-pound horse mackerel, are the British Commonwealth, United States, Mexico and Argentina. An eighth team may turn up from Cuba.

Show Antique Arms

Announcement was made today of plans for an exhibition of antique firearms. The show will take place in the National Guard Armory at Lapeer Saturday, Sept. 15-16. It is sponsored by the Associated Gun Collectors Clubs.

Multi-Lakes Outdoorama

Two-Day Event, Sept. 22-23

Multi-Lakes Conservation association's clubhouse on Reed's lake, in Commerce will be the center for one of the most unusual sports events of the year in this area, the weekend of Sept. 22-23.

On those days the M-L group will present its long-planned Outdoorama, with "everything free," according to Walt Horstman.

"We will have everything, from a novice field dog trial to fly and bait-casting championships—and it's all free," Horstman pointed out in announcing that preparations for the big show are making satisfactory progress.

Spotlighted feature, Horstman says, will be the first attempt to ascertain Michigan's most accomplished sportsman. The feature is entitled the "medalist" and persons (anybody can enter) making the try will have to excell in skeet and trap shooting, archery, smallbore and largebore rifle shooting and bait and fly-casting. "That's quite an order for any individual," Horstman said, "The winner may be anyone, man, woman or a youngster."

In connection with the novice field trial, there will be a complete set of field events, open to everybody.

Many demonstrations, of shooting, archery, horseshoes, casting, fly tying and actual fishing have been arranged. Experts in all these fields will be on hand. Club officials promise. Walled Lake's school band will provide music both days and a queen will be selected on Sept. 23, to be crowned "Miss Multi-Lakes." A fireworks display will wind up the activities.

Boardman Beats Carter by TKO

BOSTON (AP) — Confident Larry Boardman, who gained national acclaim as a stand-in, looked forward today to a lightweight title match after adding Jimmy Carter to his victims and Blinky Palermo to his board of strategy.

* * *

"The right hand was everything," the 20-year-old Marlborough, Conn., youth said last night in the dressing room after flooring the embattled 32-year-old Carter three times in the eighth round for a technical knockout at 1:35.

* * *

Boardman, rated the No. 1 contender for Joe Brown's lightweight crown by the National Boxing Assn., had hurt Carter with his short, overpowering right in the second round. Jimmy never quite got over it.

* * *

Each time after going down under rights in the eighth, Carter got up at three but Referee Jimmy McCarron stepped in shortly after the third one. Carter had been knocked down only twice before in 104 fights.

Broncs Expand Sports Program

Swimming, Wrestling Added; New Gym and Fieldhouse Built

KALAMAZOO (AP)—First of several long strides in the field of athletics is ready for booming Western Michigan College this fall.

Returning students are being greeted by an imposing $1,500,000 men's gym and a partially finished $1,250,000 field house.

Taking a close look at the new physical education building, the college's athletic board of control has approved two more intercollegiate sports—swimming and wrestling. The total gives Western the nine sport limit offered by Mid-American Conference athletics.

Swimming will take place in a modern 75x42-foot pool while special "rasslin' rooms" also grace the 215-x214-foot gym.

Adding to the structure's prestige, the building includes: An orthopedic room, general offices for the physical education staff, and six classrooms.

The field house, which will spread over an area 360 feet by 160, will seat several thousand for basketball when completed next year. Construction was held up by the steel strike. It will house an eighth-mile track and ample room for indoor baseball and tennis.

Show and Trial Set for Sunday

Eighty Breeds Listed for Livonia Kennel Club Program

An all-breed dog show and obedience trial have been arranged for Sunday, Sept. 16 at the Detroit Race Course in Livonia. Sponsor for the show that will have 80 different breds of dogs, with a total of 1,000 animals on its lists, is the Livonia Kennel Club.

In addition to the show the club will present the famed Jackson Zouaves, seen recently on the Ed Sullivan TV show. The drill team will give two performances of its 300-stepper-minute drills.

Trophies worth a total of $3,000 will be given to show winners.

Show, running from 9 a.m. to 9 p.m. is a benched affair, so visitors may see the dogs.

Caberfae Improves Its Skiing Facilities

CADILLAC (AP) — Work continued this week on $70,000 in improvements at nearby Caberfae Ski resort to prepare for the coming season.

Resort manager Fred Bocks said the work includes three new ski runs, two new tows, changing other tows from gasoline to electric power and construction projects involving area buildings.

May Cost Stan 7th NL Crown

PHILADELPHIA (AP) — Stan Musial's persistent quest of another record may have cost him his seventh National League batting championship.

* * *

The 80-grand man of the St. Louis Cardinals admitted last night his bid for the league's iron man record, 822 consecutive games played by Gus Suhr, has hurt his hitting.

"I still have an outside chance," said the Redbird star.

Musial is batting .311 after a 9-for-15 streak in his last three games.

Now that he's closing in on Suhr's record, with a string of 737 games, Stan is reluctant sit one out.

45 Birds Banded for Study of Geese

LANSING (AP) — The first large scale goose trapping project in the Upper Peninsula resulted in banding and release of 45 birds.

The conservation department said today that the birds were captured at Seney National Wildlife Refuge in Schoolcraft County while the adult birds were molting and incapable of flight.

Banding and release of the geese is expected ultimately to yield information on their routes of migration, wintering grounds, life span and various other behavioral characteristics.

American Bowling Congress records show that there are 7,189 bowling establishments in 45 states.

Grains Show Market Losses

CHICAGO (AP)—A bumper government crop report sent grains spinning lower in active dealings on the Board of Trade today.

While most of the government's crop report was not too far out of line with trade ideas, there was a real shocker in the corn forecast. This was up about 192 million bushels from the government's estimate of only 30 days ago.

Wheat near the end of the first hour was ⅝ to ⅞ lower, Sept. $2.24½; corn 1¼ to 1¾ lower, Sept. $1.47; oats ¼ to ½ lower, Sept. 72¼; rye ¼ to 1 cent lower, Sept. $1.44½; soybeans ½ to 1⅛ lower, Sept. $2.32¾ and lard 2 to 15 cents a hundred pounds lower, Sept. $11.22.

Thick Fog Causes Three-Car Smashup

Two drivers received minor injuries in a three-car accident partially blamed on the thick fog which covered area roads early this morning.

* * *

The pileup occurred at M59, ½ mile east of Ormond road, Waterford Township.

Carl R. Kinkle, 42, of 2299 Dean Dr., Milford, suffered chest and knee injuries and a bruised arm, and Peter Kukula, 56, of 8006 Buckingham, Allen Park, had cuts and bruises of the forehead and chest. Both were treated at Pontiac General Hospital.

* * *

The other driver was Douglas A. Raymond, 43, of 3990 Hillcrest Dr., Milford.

Oakland County Sheriff's Department reported the Kinkle and Kukula vehicles had crashed head-on before Raymond plowed into Kinkle's car.

Stocks Nudge a Little Higher

NEW YORK (AP)—The Stock Market nudged higher early this afternoon with help from steels and aircrafts.

Gains among leading stocks stood at fractions to a point or so. There was a liberal assortment of losers among pivotal issues, however.

Shortly after Prime Minister Eden's report to Parliament on the Suez Canal dispute, the steels stretched gains to a range of about 2 points but they settled backward for smaller advances in later trading.

* * *

Aircrafts began to rise after steels led the way. Other major divisions of the market, however, remained a mixture of plus and minus signs.

Youngstown Sheet & Tube stepped back from an earlier 2-point advance, remaining up a point or so. Bethlehem was a fraction ahead after making a 2-point rise. Republic Steel and U.S. Steel added fractions.

Glenn L. Martin and Douglas Aircraft gained a point or more. Lockheed was up a major fraction. United Aircraft edged off.

Troy Is Alone in Drain Fight

Officials Still Attempting to Break Away From Twelve-Town Project

Troy is slowly being left alone in its fight to break away from the Twelve-Town Drain project.

Troy officials in a meeting yesterday said they would take their case to court to get out of the $38,581 job designed to ease South Oakland County flood conditions.

Southfield Township officials voted to contest their portion of the payment, Ralph Main, county drain commissioner said this morning.

Another previous objector, Royal Oak Township, asked that the other communities strive for legislation to permit paying its share by special assessment instead of by general property taxes.

Madison Heights asked for assurance in writing, that the Red Run drain wouldn't run over and flood their area.

The communities participating in the project were told at yesterday's meeting in Berkley that no city or township could legally withdraw from the pact.

Main said: "If they are in the drainage district — the law gives drainage board right to assess them if tey are draining into some other area."

A hearing is scheduled for Oct. 12 at which time the cost to the communities will be aired.

May Seek Protection After Bomb Incident

HOWELL (AP)—Local authorities said they would ask for state protection as an aftermath of a bombing this morning that followed a labor dispute.

The bomb, thrown shortly after midnight, exploded against the front of the Purdy and Woodruff Coal and Lumber Co. office, shattering windows and digging a small hole in the ground. The office was unoccupied and there were no injuries.

Wilfred Erwin, Livingston County prosecuting attorney, said the coal and lumber company and another local establishment has been picketed by representatives of the AFL-CIO teamsters union who seek to organize drivers for the two firms.

Erwin said he would ask protection from either the governor or the state police commissioner.

Motorcyclist Injured in Lake Orion Crash

An Iron River man is in fair condition at Pontiac General Hospital today with a concussion and head injuries suffered yesterday afternoon when his motorcycle crashed into the side of an oil truck near Lake Orion.

Ronald Dobson, 23, was unable to explain the accident due to his severe injuries. The truck, which was stopped when struck, was operated by Ernest Thompson, 28, of 341 W. Flint St., Lake Orion.

The accident occurred next to a bridge leading to Bellview Island, according to Lake Orion police.

Officers said Dobson apparently either lost control of the motorcycle or slid while making the wide turn after coming off the bridge.

Thompson told investigators he stopped his truck on the curve to allow the motorcycle to pass.

Judge Evicts Free Loaders

Family Paying $1 Rent Per Month Must Leave Government Mansion

CLEVELAND (AP) — The Alexander J. Brady family has been paying the government $1-a-year rent for a 17-room mansion for seven years, but a federal judge says no more.

Judge Paul Jones ordered Brady to move out and pay the government $1,800 back rent — $100 a month for the last 18 months.

How did Brady ever get a deal like that?

He sold the house to the government for $31,350 in 1949. The government planned to build a veteran's hospital on Brady's property and 13 adjacent lots.

The people who lived in the 13 other houses also sold to the government and moved out.

But Brady wanted to stay on. So he got a government man to sign an agreement, renting him the house at $1 a year "until such time as the premises are . . . actually needed for the purpose for which purchased."

* * *

That day never came. Immediate plans for the hospital were cancelled.

Eighteen months ago, the government ordered Brady to move. He refused and displayed his agreement.

Asst. U.S. Atty. Russell Ake argued in court that the agreement was invalid because the government officer who signed it had no such authority.

Judge Jones agreed. "I don't think there is any rhyme or reason to his position," he said. "What if the hospital were never built?"

Brady says he won't appeal, but he'd still like to stay in the house and is willing to pay $100 a month for the eight bedrooms, five baths, four fireplaces and three-car garage.

Royal Oak Chemist Quizzed in Deaths

DETROIT (AP) — A poem entitled "JoAnn in Memoriam" led detectives here to question a 30-year-old Royal Oak chemist about three unsolved slayings, Homicide Inspector Thomas Cochill said.

* * *

Edward Graham has already been charged with murder in the Sept. 3 holdup-slaying of Eugene Duncan, a Midland service station operator.

He was questioned yesterday at the Bay County jail about the bludgeon death of JoAnn Gillespie, 18, near her home here on Jan. 3, 1953. Police say the poem to "JoAnn in Memoriam" was found in his personal effects about his arrest in the Duncan killing.

He was also questioned about the slayings last summer of two Detroit factory workers, Gurgen Marek and Clement Campau.

Cochill said police have established that Graham was in Detroit when the girl was slain and had quit hos job at a chemical company only two days before.

Graham insists he was in Chicago at the time.

Grace Seen to Be 'True Princess' at Dinner Event

NEW YORK (INS)—"Grace was a princess in every sense of the word—you could feel you were in the presence of a great lady."

This was the comment today of an insider who attended the dinner Prince Rainier and Princess Grace of Monaco gave for 20 guests in their apartment.

Among the guests were all of Princess Grace's immediate family, including her parents, Mr. and Mrs. John B. Kelly Sr., of Philadelphia, and society and threatrical friends of the ex-actress.

The Princess wore a strapless black, cocktail-length gown and the Prince wore a blue business suit.

The all-American cuisine — including ham, turkey and beef —was served buffet style on gold dishes watched over by a detective.

Even the glasses for the cocktails and champagne were trimmed in gold.

Guard Outfoxes Segregationists

Negro Students Enroll in Colored School, Then in All-White High

By THE ASSOCIATED PRESS

National Guardsmen "outfoxed" anti-integrationists at Clay, Ky., today as two Negro children were escorted to the previously all-white school.

* * *

State Adj. Gen. J. J. B. Williams, commander of the Kentucky National Guard, personally escorted Mrs. James Gordon and her two children, James, 10, and Teresa, 8, to the school.

"We outfoxed them again," Williams said. "It was part of my strategy to have the children go to school at Providence yesterday to throw the people off the scene."

Mrs. Gordon enrolled her two youngsters at the all-Negro Providence school yesterday and it was thought racial troubles in Clay were over. Twice mobs formed to turn away the Gordon children when they attempted to enter the Clay school.

* * *

The situation was quiet at Texarkana, Tex., where two Negro youths had attempted to enter the Texarkana Junior College on Monday. A crowd of several hundred white persons guarded the college entrance Monday and Tuesday to prevent the Negroes from going inside. Yesterday, the youths did not show up.

Wyman-Gordon's giant Air Force press, largest in the world, designed and built by Loewy-Hydropress, exerts 50,000-ton pressure to forge aircraft parts.

It takes a GIANT to make a lasting impression

It takes the power of a giant machine to make a perfect impression on any metal. It takes the power of a giant medium to make a *permanent* impression on any market. That medium is the newspaper, a giant who lives in every town.

The newspaper is a massive force in advertising because it carries the weight of public confidence. People believe in their newspapers, eagerly look *for* them and shop *from* them every day. More than 56,000,000 are bought daily, an all-time high.

This intense readership of the newspaper is the big plus for local retailers, wholesalers and distributors. In no other medium can they tie in so effectively with the advertising of the companies whose products they sell. That's why *all* advertisers spent $3,070,000,000 last year in newspapers.

If you want to engrave a lasting impression on the minds of the buying public, use the newspaper. It reaches further, digs deeper, lasts longer. Step up your newspaper advertising and you'll step up your sales.

All business is local... and so are all newspapers.

In Memoriam 2

IN LOVING MEMORY OF BURT Henderson, who passed away one year ago Sept. 12, 1956.
No one knows the silent heartache,
Only those who lose can tell.
The grief we bear in silence,
For the one we love so well.
Some day, sometime, our eyes shall see,
The face we keep in memory.
And God will link the broken chain,
Still closer when we meet again.
Sadly missed by his wife and children.

IN MEMORY OF WILLIAM HENry Dempsey, who passed away Sept. 12, 1953.
You are not forgotten loved one,
Now will you ever be.
As long as life and memory last,
We shall remember thee.
We miss you now, our hearts are sore,
As time goes by we miss you more.
Your loving smile, your gentle face,
No one can fill your vacant place.
Your wife, June and Children.

Judge Changes Sentence

MARQUETTE (AP)—Robert Blackburn, a 30-year-old Detroiter, is free on probation after more than seven years in Marquette State Prison. He was freed yesterday by Detroit Recorder's Judge Gerald W. Groat, who sentenced Blackburn to 20 to 40 years for robbery in 1949. Judge Groat reconsidered the case after hearing pleas of Blackburn's mother, Mrs. Rachel Mayer, and decided his original penalty too severe.

Durant Sewer Project Downed

Resident Protest Sways Commission to Reject Duct Construction

City plans for a sanitary sewer on Durant Street were scrapped last night by the Pontiac City Commission.

A petition objecting to the construction of the sewer was presented during a public hearing on the proposed job by J. A. Tillson, owner of 11 lots in the area between Pershing and Inglewood Avenues.

Tillson told the commission it was the opinion of the objectors in the Dixie Highway Subdivision that "so few, possibly only one person has asked for the sewer."

Commissioner Floyd P. Miles explained that the original project was requested by petition by citizens in the area. "Apparently it has developed that a number who signed petitions for the job have now turned around and signed others against it," Miles said.

Among the seven residents of the area in question seated in the chambers last night, one gentleman said he knew of one person wanting the sewer while another didn't want it built for thre ears.
years.

Objections voiced by Tillson were that the sewer woud be of no value and that the Manufacturing 1 zoning of the area limited the necessity of it.

Out of Booth, Murder Suspect Shouts at Judge

LOS ANGELES (AP)—James Merkouris, freed temporarily from his soundproof courtroom isolation booth, shouted in fury at the judge who once sentenced him to death.

* * *

Merkouris, formerly of Grand Rapids, Mich., was taken from the courtroom where his sanity trial is in its final stages to appear before Superior Judge Charles W. Fricke yesterday and hear the date set for the new murder trial ordered by the state Supreme Court in case he is found sane.

Judge Fricke, who sentenced Merkouris to die after he was convicted of murdering his former wife, said the court was trying to find a witness Merkouris claims saw him in Galveston, Tex., the day of the murder.

"You put me in death row and now you are trying to tell me you are going to help me!" screamed Merkouris at the judge.

After the murder trial was set for Nov. 7, Merkouris was led back to the isolation booth in which he is being confined during the sanity hearing to keep his outbursts from interrupting the court.

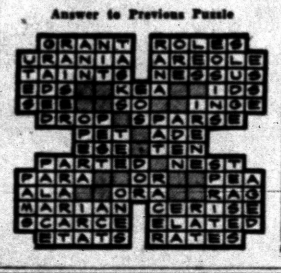
Answer to Previous Puzzle



His Policies Let Rivals Flourish

Robert Sarnoff Maps Rebuilding Operations for Network

By JACK O'BRIAN

NEW YORK (INS)—The simple simple story behind the resignation of Sylvester L. "Pat" Weaver as NBC board chairman is that he generated more enthusiasm over lavish entertainment notions before they got onto the TV air than their subsequent impact rated . .

He also bought stars and properties with such a broad, uninhibited fiscal hand that TV salaries skyrocketed far beyond the dreams of Las Vegas . . .

Weaver leaned heavily on personalities rather than creative writing; many times stars were signed and stuck into huge shows at fantastic salaries and went on TV with little indication that their material had been built to meet the demands of their salaries, or even abilities. . .

Meanwhile, CBS was sneaking into nine of the 18 top-rated programs, and ABC made amazingly great strides after the merger with Paramount Theaters . . .

Under President Robert Sarnoff's calmer hand, NBC has quietly started building a new parade of big shows for the coming year. Son of RCA Board Chairman Gen. David Sarnoff, Bob this year ordered a broad management analysis whose findings led to Weaver's resignation.

In "Requiem for a Heavyweight" Ed Wynn will play an ex-pug turned trainer and his son Keenan will be a crooked manager. Rod Serling wrote it for the Oct. 11 "Playhouse 90" which stars Jack Palance and Kim Hunter . . .

Max Baer and Maxie Rosenbloom will play pugs.

CBS-TV's "Hey, Jeannie," starring Jeannie Carson, is at least as dull as the Charlie Farrell Show and "Joe and Mabel." . . . Terribly sad waste of Jeannie Carson's talented time . . .

Jan Murray's "Treasure Hunt" in its ABC-TV premiere was the most gimmicked-up clutter of giveaway nonsense, pressurized emcee geniality and trickery of the year.

The money dispersed was not inconsiderable, but the budget remained safely within the limits of the cheapest TV shows . . .

In the future the loot will range from the $25,000 through yachts, European vacations, a personalized airplane, trip around the world, five-carat diamond and such.

MURKY LIGHTING

The Friday night fights could use better lighting on the ringside nearest the TV cameras. Very dark when the pugs push along the ropes . . .

We're getting letters and cards urging that we emphasize how merrily Jack Paar's comedy strikes viewers. Glad to. We think He's the sharpest offhand wit in the business.

Jaye P. Morgan's brisk, bright summer series won her an offer for an NBC-TV sustainer, but Jaye P. will hold out for a sponsor (grab her quick) . . .

Ed Sullivan plainly is betting on the Braves to win the National League pennant. He signed the whole team for his show Sunday.

"Adventures of Jim Bowie" is this year's attempt to match some of the excitement and popularity of Davy Crockett, Bowie being Davy's pal.

Bing Crosby has pulled entirely out of TV film production . . .

NBC's trying to make Ray Bolger's new TV series "a theatrical 'Our Town'." . . .

The Lone Ranger gets $2,000,000 face-lifting—or mask-lifting—for its '56-57 ABC-season . . .

Meet Frank M. Coffin Democrat From Maine

LEWISTON, Maine (AP)—A short, slender, soft-spoken lawyer credited with halting internal wrangling among Maine's Democrats, has been elected Maine's first Democratic congressman in 22 years.

* * *

Frank Morey Coffin, 37-year-old Democratic state chairman, won a hard-fought contest against Republican State Sen. James L. Reid of Hallowell Monday. Unofficial complete figures gave Coffin 55,425 votes to 48,350 for Reid, also a lawyer.

It was Coffin who, as freshman chairman of the Democratic State Committee, piloted Edmund S. Muskie to his surprising victory over Republican Gov. Burton M. Cross two years ago.

* * *

Coffin, the father of four children, has a fine sense of humor. Even before his party's star began to rise, Coffin chided an editorial writer who described his efforts as "sparks of revival." He asked:

"Would you call Hurricane Carol an offshore breeze?"

The Lewiston 5-foot-7½ 140-pound lawyer, associated with a Portland law firm including in its membership prominent Republicans, comes from a family long associated with Democratic politics.

* * *

He was named for his grandfather, Frank Morey, four times mayor of Lewiston and speaker of the House in 1911—the only time in this century that the Democrats have controlled Maine's Legislature.

His maternal grandmother, Maude Morey was a state representative in 1931, and his mother, Ruth Morey Coffin, served on the party's state committee.

A native of Lewiston, Coffin was graduated with highest honors from Bates College in 1940. He attended Harvard business school and spent three years in the Pacific as a Navy supply corps officer. Later he graduated from Harvard law school with honors and served as law clerk to U.S. Circuit Judge John D. Clifford, Jr., from 1947-49.

* * *

Politics, he says, is his principal hobby. He also enjoys water color painting, fishing and boating at South Harpswell where the family has a summer cottage.

Housewives Hear This: Fish Scales Digestible

WASHINGTON (AP)— Fish scales are digestible, the Fish and Wildlife Service said today, contrary to general opinion.

Director John L. Farley said the service has two research studies under way seeking the best ways to make the high protein content of the waste scales available for animal food.

Pittsburghers OK Bonds

PITTSBURGH (AP)— Pittsburgh's voters have approved a 30-million-dollar bond issue for capital improvements including an extensive road building program.

Deadlock Halts Schools

GRANT (AP)—A proposal to build a $190,000 elementary and high school at Grant was defeated as voters were deadlocked in their decision. The count showed 138 for and 138 against a proposed bond issue for construction of the school. A simple majority was required for passage.

A British firm will build Iraq's new $1,258,000 bridge over the Euphrates at Qurnah.

C&O Plans Service

CLEVELAND (AP)—The Chesapeake & Ohio Railway is planning a new passenger office at Ludington, Mich., as a part of a half million dollar improvement program at its docks and terminal there. Construction is under way on a $250,000 office building and communications tower.

American tourists spent $247,000,000 in Europe and the Mediterranean area in 1955.

Heads Jeweler Group

GRAND RAPIDS (AP)—Thomas S. Fox of Grand Rapids was re-elected president of the Michigan Retail Jewelers Assn. Also re-elected were E. E. Berndt of Adrian, vice president, and Erwin Yoas of Monroe, treasurer.

Gasoline taxes in the U.S. averaging 5.95 cents per gallon, are the equivalent of a sales tax of 43 per cent.
