Embattled French Call Up 60,000 Reservists

Ike Rushing Help for Flood Victims

Administration Agencies Join to Supply Funds

$100 Million Pledged From Budgets to Avert Delay in Rehabilitation

WASHINGTON (AP)—The administration checked its available resources and conferred with congressional leaders today as it sought to provide 80 to 100 million dollars for flood relief without a special session of Congress.

That figure on the needs of the water-ravaged Northeast was given yesterday by Val Peterson, civil defense administrator, after a White House conference put eight agencies to work surveying what they can do immediately.

President Eisenhower said yesterday he will call a special session of Congress if it is needed to make enough relief funds available. Most lawmakers expressed hope the money can be obtained out of appropriations already made.

Lt. Gen. S. D. Sturgis Jr., chief of Army Engineers, announced early today he has ordered immediate mobilization of military and civilian engineering and construction personel to remove debris, health and safety hazards and to restore public facilities temporarily.

Forty-eight engineering officers headed northward from Ft. Belvoir, Va., and others were called from eastern, central and southern states to supplement field parties already at work in the New England area.

In addition to the engineers, yesterday's White House conference included representatives of civil defense, the Budget Bureau, the Commerce Department, housing agencies, the Justice Department, the Office of Defense Mobilization and the Small Business Administration.

Peterson said that aside from the engineers, more time will be required to determine what help the other agencies can give.

The White House said Eisenhower talked yesterday with some leaders of Congress to get their opinions and let them know what was being planned.

Peterson said $11,600,000 now is available and Chairman Hayden (D-Ariz) of the Senate Appropriations Committee said another 10 million dollars could be obtained immediately by presidential transfer of funds of other agencies.

Truman Plans Mackinac Visit

Ex-President to Come to Island for Democrat Confab Next Week

MACKINAC ISLAND (AP)—Former President Harry S. Truman will come to Mackinac Island by plane, car and ferryboat for next week's Democratic conference.

Truman will fly Sunday from Chicago to Pellston, in the lower peninsula 20 miles from Mackinaw City. He will go by car to Mackinaw City and will cross on the Straits of Mackinac to the island by state ferryboat.

He is scheduled to arrive at Pellston at 2:35 p.m. Sunday.

The former President will address the conference banquet Monday night. He will leave the island Tuesday morning to return to his Independence, Mo. home.

The Democrats have named Sunday as "McNamara Day." Sen. McNamara will be dinner speaker.

Hotel accommodations on the island are reported all taken up. Conference heads said persons without reservations will have to find accommodations at St. Ignace and Mackinaw City.

Wind-Blown Reunion

AP Wirephoto

BROTHERS GREET PRESIDENT — President Eisenhower, right, has a wind-whipped reunion with two of his brothers at Philadelphia's International Airport this morning after the President flow from Washington to address the American Bar Association on the 200th anniversary of the birth of Chief Justice John Marshall. At left is Earl D. Eisenhower, LaGrange, Ill., publisher, with Edgar N. Eisenhower, Tacoma, Wash., in center.

U.S. Lawyers Play Host to President and Warren

PHILADELPHIA (AP)—President Eisenhower and Chief Justice Earl Warren lunched today with 4,000 lawyers in five special tents erected on the grassy mall in front of historic Independence Hall.

They were guests of the American Bar Assn., holding its 78th annual meeting and today celebrating the 200th anniversary of the birth of John Marshall.

Marshall served longer—37 years—and with possibly more renown than any other chief justice of the United States.

Eisenhower arrived in Philadelphia by plane from Washington, after an airplane inspection trip yesterday of the flood-ravaged Northeastern states.

He was greeted at International Airport by two of his brothers, Edgar, Tacoma, Wash., lawyer, who is attending the annual ABA convention here; and Earl, LaGrange, Ill., publisher.

In a prepared address to the bar association, the President voiced confidence that the Geneva summit conference spells opportunity to advance toward a peace "based on justice and security."

"Can we achieve that sort of peace?" he asked. "I think we can."

Eisenhower extolled Chief Justice Marshall as a "foremost leader in developing and maintaining the liberties of the people"

Woodward, 8-Mile Grade Separation to Open Monday

The $3,386,000 grade separation project at Woodward Ave. and Eight Mile Rd. will be opened to traffic at 10 a.m. Monday, the State Highway Department announces.

Until Dec. 15, date set for completion, only through traffic will be permitted to use the grade separation, which carries Woodward traffic over Eight Mile.

C. H. Brown, metropolitan engineer for the State Highway Department, said three lanes of traffic in each direction on Woodward will be ready for motorists.

He said 65 per cent of the $3,386,000 project has been completed.

Wildcat Strike May Strangle New York Port

Walkout Is Sparked by Denial of Work Permit to Loading Boss

NEW YORK (AP)—A widespread longshoremen's strike today threatened to cripple shipping on the Manhattan waterfront, including luxury liner piers.

The wildcat walkout, sparked by the denial of a work permit to one man and fed by long-standing union resentment against the official Waterfront Commission, began Monday at the Grace Line terminal and spread yesterday to other piers. At least 14 ships were affected.

Patrick J. Connolly, executive vice president of the International Longshoremen's Assn., said last night the men would be ordered back to work this morning.

"But there is no indication they will go back," he added.

Thus far the strike has not spread to docks in Brooklyn or New Jersey. However, the ILA in Brooklyn called a meeting of its members for 1 p.m. today.

The strike yesterday caught the Queen Mary midway through unloading operations. When dock workers walked off, leaving passengers stranded with their baggage, the Cunard Line's office personnel pitched in to help.

The big liner was set to sail on schedule today without unloading much of the 150 tons of incoming cargo that she had brought here. Arrangements were made to have U.S. Navy men take off the mail.

In addition to hampering passenger operations, the strike stopped work on freighters tied up in Manhattan.

The strike started ostensibly as a protest against the lifting of a temporary work permit for John (Mickey) McLoughlin, a loading boss for the Grace Line. The Waterfront Commission of New York harbor, an agency set up jointly by the states of New York and New Jersey, took back the permit because of McLoughlin's long criminal record.

Cloudy and Warmer Thursday's Outlook

Fair and warmer, with an expected high near 80 was predicted for today by the U. S. Weather Bureau, following the Pontiac area's coolest night in two months.

The mercury dipped to 54 degrees early this morning, marking the lowest reading here since June 24.

Yesterday's temperatures failed to reach the predicted 80-85 figure, registering a high of only 74 degrees.

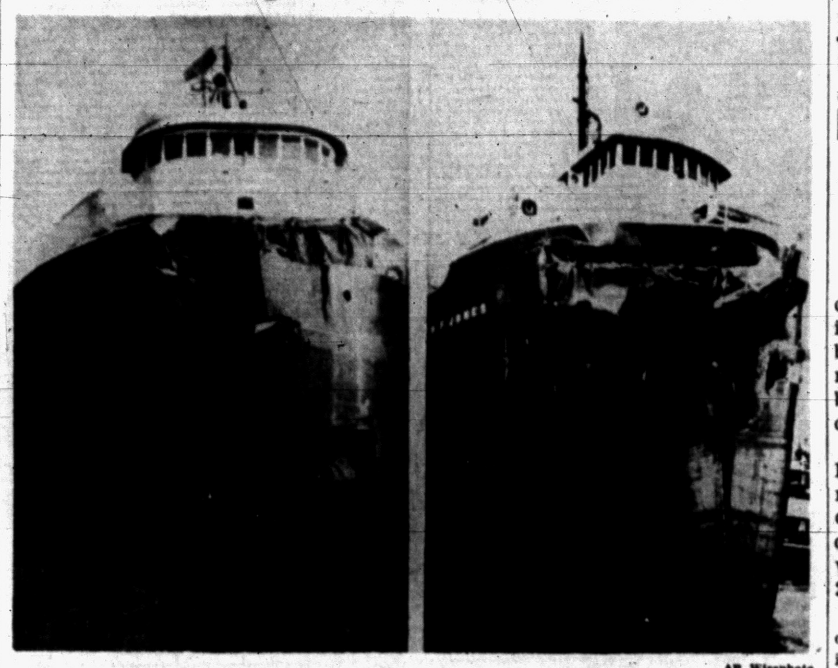
Tonight's low will be 60-64, while Thursday's weather will be cloudy and warmer with a high near 85.

Today's temperature in downtown Pontiac was 59 at 8 a.m. rising to 77 at 2 p.m.

Disease Strikes Japan

TOKYO (AP) — Sleeping sickness is spreading rapidly in Tokyo and has killed 88 children, the Metropolitan Health Service said today.

Lake Freighters Collide Near Soo



AP Wirephoto

SECOND OF SUMMER — The 620-foot Cason J. Callaway (left) of the Pittsburgh Steamship Division of U. S. Steel Corp., downbound with a load of ore, collided Monday 40 miles down river from Sault Ste. Marie, with the 530-foot B. F. Jones of the Wilson Transit Co., of Cleveland. The collision was the second mishap this summer for the Jones. The Callaway went partly aground on rocks but was freed by tugs. Main damage was to the bows of both freighters.

Kell Narrowly Averts Tragedy

Former Detroit Tiger Star Has Close Call While Swimming

CHICAGO (AP)—George Kell, veteran star infielder of the Chicago White Sox, American League leaders, narrowly escaped drowning Monday while swimming with his two children in a Wisconsin lake, he disclosed last night.

The near tragedy occurred in Silver Lake where Kell, who is 33, had gone swimming with his daughter, Terry, 5, and son, George Jr., 9. The Kell family had gone on an outing at the home of a Ray Berres, White Sox coach, near Salem, Wis.

Kell said he and the children went into the lake and his daughter was on his back while he towed George Jr. on an inner tube. While swimming out to a raft, he said, a wave hit Terry and she jumped on his head, knocked him under the water.

"I strangled when I went under and almost blacked out," Kell said. "I went down once, came up, but my strength was gone. I went down again and was still almost completely out when I came up. I saw that Terry was safe. George had grabbed her and she was holding onto the inner tube.

"By this time my strength had partly returned. I towed them to a raft, which luckily was only a few feet away. It was the big scare of my life."

Kell, who has suffered a back ailment most of the season is the leading Sox batter in some 100 games with a .302 mark. He played in the second game of last night's double header with Baltimore but didn't get a hit. The Sox lost, 10-3, but won the first game, 6-2, and moved into first place as the New York Yankees lost to Detroit, 7-2.

One Man's Opinion

KERNERSVILLE, N.C. (AP) — The Rev. P. O. Carpenter, of Ashland, Ky., doesn't think women should wear shorts. Addressing the 13th annual camp meeting of the Pilgrim Holiness Church yesterday, he called them "hellish, devilish, damnable."

Classes to Start Sept. 8 in Pontiac School District

Classes for Pontiac school district pupils will begin Sept. 8, the Board of Education announced today.

Half-day sessions and crowded conditions will continue at some schools, at least until a new junior high school and a new elementary school are finished, the board said.

During the period the Linda Vista school is being built, Emerson pupils will have school in the Emerson building from 8 a.m. to noon daily. Pupils in the Linda Vista school area will attend classes in the Emerson building from 12:30 to 4:30 p.m. daily.

Until the student body and faculty of the Wever Junior High School move into the new junior high building under construction on North Perry street at East Madison avenue, about Feb. 1, Hawthorne and Owen elementaries will operate above normal capacity, the board stated.

After the junior high is moved from the building overflow students from the two elementaries will be transferred to Wever, which will operate as an elementary.

Junior and senior high pupils new to Pontiac schools should enroll at the principal's office before Labor Day, Sept. 5. They should bring with them records from the school last attended.

Students who will attend senior high school should obtain bookcards and locks from the principal's office before Labor Day, the board said. The office is open from 8 a.m. to noon and from 1 to 4 p.m. The book fee is $3 and the lock fee for new students is $1.10.

Seventh and eighth graders at Eastern, Jefferson and Washington junior high schools should take a $3 service fee with them on the first day of school. Ninth graders should have $4.10.

At the Lincoln and Wever Junior high, all pupils should have a $4.10 service fee on the first day.

Build Jet Base at Kalkaska

Air Force Head Gives Signal for Construction to Begin

WASHINGTON (AP) — Secretary Quarles of the Air Force today gave the go ahead signal for construction of a jet fighter base at Kalkaska, Mich.

His announcement reaffirming Former Secretary of the Air Force Talbott's choice of the Kalkaska site was a rebuff to efforts by Ruth Thompson (R-Mich) to have the 17-million dollar installation constructed in her district.

Kalkaska is in an adjacent district represented by Rep. Knox (R-Mich).

Miss Thompson discussed the matter in an hour-long pentagon conference yesterday with Quarles.

An Air Force spokesman said a masterplan for the new base is expected to be completed within a few weeks. Exactly when construction will be started will not be known until after the masterplan is finished, a spokesman told newsmen.

Kalkaska actually was Talbott's third choice. He originally announced the base would be built in Benzie County, but switched to a site near Cadillac, after the House Armed Services Committee objected the Benzie location was too close to the National Music Camp at Interlochen.

Sees Special Session

FLINT (AP)—State Sen. Garland B. Lane (D-Flint) says Gov. Williams probably will call a special session of the legislature by the end of October to discuss mental health and highway problems.

Troops Needed to Bolster Army in North Africa

Death Toll in Rebellion of Nationalists Mounts to Estimated 2,000

PARIS (AP) — France recalled 60,000 young reservists to the colors today to bolster her forces in Morocco and Algeria, strained by nationalist uprisings over the weekend.

Premier Edgar Faure and President Rene Coty hurried to Paris for urgent consultations on consequences of the clashes which took an estimated 2,000 lives.

The Defense Ministry said recall of the reservists, most of them in the 23 to 24 age bracket, will be spread over three or four months.

First to be put back in uniform will be such specialists as signal corps men and engineers. They will restore communications disrupted by the rebels.

France already has an estimated 125,000 troops in Algeria and more in Morocco.

Faure flew to Paris from the French Alps resort of Aix les Bains, where he and four of his Cabinet have been conferring with Moroccan leaders in an effort to

(Read David Lawrence on Morocco, editorial page.)

find a political solution to the crisis in the protectorate. Coty came to Paris from his country residence at Rambouillet. The Premier planned to return to Aix les Bains late today.

There was relative quiet in French North Africa as French troops continued cleanup operations.

Faure had to deal with the first signs of political dissention within his government.

The Premier was under attack from some rightist backers of his coalition government because he agreed to confer with Moroccan nationalist leaders.

* * *

"Any concession made to those who wish to throw France out (of Morocco) can only aggravate the situation," one group of deputies said in a telegram to the Premier.

Opinion seemed to be growing stronger that the feeble, unpopular old Sultan Mohammed Ben Moulay Arafa, chief target of the Moroccan nationalists, would have to be replaced by a regency council. Ben

Plans 4 More A-Submarines

Navy Lets Contracts for New Vessels to Supplement Fleet

WASHINGTON (AP) — The Navy has disclosed plans for construction of four more atom-powered submarines, two by General Dynamics at Groton, Conn., one at the Mare Island, Calif., Naval Shipyard and the fourth at the Portsmouth, N.H., Naval Shipyard.

Secretary of the Navy Charles Thomas, in a letter to Rep. Lane (D-Mass), said, too, that construction of a new attack carrier of the Forrestal class will be offered on a competitive basis to qualified private shipyards.

In a letter to Rep. Lane, Thomas said the new construction assignments to private yards were:

Bath Iron Works, Bath, Maine, one frigate; Electric Boat division of the General Dynamics Corp., Groton, Conn., one nuclear submarine and one radar picket submarine, also nuclear-powered; Ingalls Shipbuilding Corp., Pascagoula, Miss., one attack submarine.

A Humdinger Party!

OAKLAND, Calif. (AP) — If the thieves who raided a super-market here yesterday plan a party it should be a stem-winder. Police said they took 60 cartons of cigarettes, 10 cases of whisky, 10 of wine and beer, 8 cases of coffee, 15 of canned goods, plenty of frozen foods, bread and packaged meats—and a radio.

Work Officially Starts on County Health Building

By TOM BUCHANAN

When ground-breaking ceremonies concluded yesterday at the site of the planned County Health Building on North Telegraph Road, huge earth-moving machines officially started work toward completion of the $309,400 structure.

The modern one-story building should be finished and ready for occupancy by April, 1956, according to construction contracts.

Many new features will be included when it is completed. The building will cost the county $204,304 while federal and state aid will pay the $105,196 balance.

To be located 300 feet south of the Convalescent Hospital, it will occupy 13,000 square feet of floor space, with an adjoining 47-car parking area.

ON SLOPING SITE

Fire-resistant materials will be incorporated into the structure, with exterior walls of face brick and glass. It will be built on a sloping site, permitting windows in the south rooms of the partial-basement.

Plans for the new health center were included in the overall layout which was drawn up in 1934. Last year, county and state officials started the ball rolling when it was learned that funds were available.

The building has been designed to be as flexible as possible to accommodate any future changes in use, said Clair W. Ditchy, architect.

Probably the best feature will be the thing the present health building on West Huron Street lacks—adequate space. Dr. John D. Monroe, Oakland County health director, said the new center "will certainly increase the efficiency of the department's work."

The present building now houses some 50 health department employes.

INCREASED COVERAGE

"This new building will give increased coverage of dental work and all chronic diseases, and allow us to hire new employes," Dr. Monroe said.

It will also fit into a campus plan and allow for future buildings in the vicinity when the need arises. The building will be furnished with acoustical ceilings, plastic surfaced walls and wainscots, along with plastic tile floors.

All the principal rooms will be air conditioned, and color will be blended to create a pleasant atmosphere.

When the Board of Auditors moved out of the old Health Department offices in 1942 to occupy its present location in the County Building, the health personnel moved in.

Oakland was the first county in Michigan to have a health department.

In 1890, five years after the present health department building was built, the population of Pontiac was 6,200. Now it's somewhere near 80,000. The old landmark was originally used as a courthouse, and has since served as the county jail and part of the county building.

When the building is completed in April, the old building will probably be used to house some departments of the prosecutor's office and the probate department, as well as some sections of the probate court, said Robert E. Lilly, secretary of the Board of Auditors.

Plans for the building call for three dental offices, a huge waiting room and lobby, and a 12 by 40 foot children's play terrace, along with a 16 by 24 foot children's clinic.

A 32 square foot auditorium and conference room will be available for the department's staff, in addition to a 16 by 32 foot lunch room. With offices for all staff personnel, the building will also

Delay Decision on Annexation

City Merchants Request Week Postponement in Commission Action

Final decision on annexation of a 145-acre shopping center site in Bloomfield Township by Pontiac is expected to be made at next Tuesday's City Commission meeting.

Although a decision was expected to follow a report on the matter by City Manager Walter K. Willman at last night's meeting, the Commission withheld action one week on the request of a group of local merchants.

The merchants want the time "to point out certain things for the Commission's consideration," a spokesman said.

In his report, which he termed "purely technical," Willman answered several questions raised by the City Plan Commission in connection with annexing the land at Telegraph and Square Lake Rds. He added:

"The economic impact of the proposed development on the community should be basic in determining the Commission's policy. It should also be considered that the policy arrived at in this discussion can be far reaching in determining the future of the community."

Furnishing water and sanitary outlets can be done for a cost of approximately $13,000, Willman said, with about half the cost covered by special assessment against benefited property.

Estimated water consumption in a 10-hour day of 31,500 gallons "would place no undue strain upon our existing water system," he said.

As for storm drainage, Willman said:

"The natural outlet. . .is to the River Rouge basin. This means storm water accumulating on the proposed area would be disposed of through Bloomfield Township's drainage facilities, either natural or artificial. . ."

This would require establishment of a drainage district, subject to assessment for drainage purposes in the usual manner under law, he said.

Emptying storm water into Crystal Lake, as suggested, "would be costly and impracticable," Willman said a preliminary study indicated. It would cost about $250,000, with the city paying about 38 per cent of the total.

France Calling Up 60,000 Reservists

(Continued From Page One)

Moulay Arafa was picked when France deposed pro-nationalist Sultan Mohammed Ben Youssef two years ago.

Across the Mediterranean, thousands of French troops—among them tough Foreign Legion veterans, Senegalese troops from West Africa, Marines and parachute commandos—pushed an offensive in the Atlas Mountains against the 4,000 Smaala tribesmen who massacred 80 Frenchmen at Oued Zem Saturday.

Fresh rebel attacks and continued French cleanup operations in Algeria brought new deaths there yesterday also. Nineteen rebels were killed when they tried to enter Gastonville, a town of 8,000 between Constantine and Philippeville. Another dozen deaths were reported isolated clashes in the countryside.

Estimates of the weekend death toll in Morocco and Algeria rose to 2,000. Official reports early today from Algiers put the number of rebels killed in Algeria at 1,000 and said another 1,500 were taken prisoner.

Bloomfield Hills School Sets Student Book Sale

BLOOMFIELD HILLS — Superintendent of Schools Eugene L. Johnson has announced that new and used high school text books for local students will go on sale, beginning tomorrow at the new high school at Andover and West Long Lake roads.

Used books will be accepted there through Thursday.

AN EXPENSIVE SCOOP — Birmingham Supervisor Elmer Haack wielded the silver spade yesterday when ground-breaking ceremonies for the new $309,400 County health building were held on North Telegraph Road. Other officials are (left to right) Clair W. Ditchy, architect; Dr. John D. Monroe Oakland County health director; Floyd D. Andrews, chairman of the Board of Supervisors, and Pontiac Supervisor Willis M. Brewer. Haack is chairman of the health committee. Besides the Board of Auditors, other representatives from the Health Committee, Building and Grounds Committee, and the Oakland County Health Department attended.

Pontiac City Affairs

Prisoner Release Proposal Is Ruled Unconstitutional

An ordinance controlling the release of police prisoners, suggested by a Pontiac attorney, would be unconstitutional, City Attorney William A. Ewart told the City Commission last night.

"The City Commission does not have the jurisdiction to adopt such an ordinance," Ewart said.

He added that such action would be unconstitutional in his opinion, because it would interfere with the judicial and law enforcement branches of the city.

In regular action, the Commission approved a new package beer and wine license at 57 Henderson St. by a 5-2 vote.

A request to erect a tent for a revival campaign was referred to Thursday's informal meeting.

TRANSFERS APPROVED

Approved were transfer of ownership of a package beer and wine license at 12 N. Johnson Ave. and a change of partners for a similar license at 161 Pingree St.

City Engineer Lewis M. Wrenn was instructed to prepare a cost estimate for a sanitary sewer in Oakland avenue from Cass avenue southeast 518 feet.

Approval was given a plat for Herrington Hills Subdivision and an agreement covering a cash deposit for sanitary sewers and water mains in the subdivision.

Public hearings were held and City Assessor W. Raymond Ransom instructed to prepare assessment rolls for the following projects:

Curb, gutter, drainage and widening on East boulevard from existing widened pavement near Mt. Clemens and North Perry streets.

Combined sewer on Richard avenue from trunk sewer to alley south of Walton boulevard.

A resolution was passed to receive special assessment rolls for widening, curb, gutter and recap of existing pavement on Mt. Clemens street from Paddock to East boulevard. A public hearing on the project was set for next Tuesday.

ACTION TAKEN

Identical action was taken for curb, gutter and drainage work on Elm street from Marshall to 120 feet west of Going, and blacktop on Avon road from Argyle to Berwick.

Other hearings were held on special assessment rolls for the following:

Combined sewer on Hollywood avenue from Kennett road to St. Louis.
Curb, gutter and drainage on St. Louis avenue from Baldwin to Hollywood.
Curb, gutter and drainage on Stanley avenue from Kinney to Kennett.
Combined sewer on south side of Columbia avenue from trunk sewer east of Carlisle to Stanley.
Water main in Kennett Gardens.

An engineer's estimate was presented and public hearing set for next week for curb, gutter, and drainage on Sylvan court from Orchard Lake to 50 feet west of Myra avenue.

A cost estimate for a water main in Telegraph road from Orchard Lake to Golf drive was delayed a week, as was a public hearing on a special assessment roll for curb, gutter and drainage on Kinney road from Oakland to Stanley.

The city attorney was instructed to prepare an agreement for an alley and extension of Miami road in assessor's plat 37.

Work Starts on New Health Building

(Continued From Page One)

house a library and pamphlet room.

Roomy areas will be provided for tuberculosis X-ray and treatment. In its present location, the department finds it necessary to stagger tuberculosis X-ray and treatment programs, due to cramped space.

The building will also be served by a central heating plant now used by other county buildings in the area.

MANY FACILITIES

Other facilities include offices for the county health director, his assistants, public health nurses, sanitarians, and a health education office. Equipment for immunization, children and infant examinations, maternal and child health demonstrations will be available.

Contracts for the major part of the work were awarded to the Shurrer Construction Co., the H. H. Stanton Plumbing Co., and the C. & L. Electric Co. Approved by the Board of Supervisors, along with state and federal authorities, the contracts will soon be signed by Robert Y. Moore, chairman of the Board of Auditors.

Air Force Man Kills 3, Injures 6

Goes Berserk at Base in England and Ends by Committing Suicide

MANSTON, England (AP)—A U.S. Air Force man went berserk today and, firing a gun in each hand, killed three persons and wounded a half dozen or more at a South England fighter base.

The gunman commandeered a car by threatening the driver and fled to a nearby beach resort, spreading terror among the bathers. Air Force Police and British civil police cornered him on the beach. A gun battle followed and the American was wounded. British police said the gunman then comitted suicide.

* * *

In his crazed shooting spree the gunman killed an American sergeant, another U.S. serviceman, and a Royal Air Force airman.

* * *

Reports on the number wounded conflicted. The U.S. Air Force put the number at six, but the British police said eight. The wounded included American military personnel and British civilians. One of the Britons is a woman.

The Air Force in Washington identified the gunman as Airman 2-C. Napoleon Green, son of Mr. and Mrs. Tom Green, 13227 S. Langley Ave., Chicago.

Names of other Americans shot were withheld pending notification of their next of kin.

Since 1916 the number of miles of railway line in the continental U. S. has declined steadily from 254,037 in 1916 to about 225,200 miles in 1950.

Cases of Polio Down in County

Disease Running Behind 1954 Figures, Statistics Reveal

Latest polio statistics released by the Oakland County Health Department show that reported cases of the disease this year are running under the 1954 figure.

Up to Monday 55 victims have been stricken with polio, said Dr. John D. Monroe, Oakland County health director. In 1954, 61 cases were listed during the same period.

Dr. Monroe said 51 of this year's total were not inoculated with Salk vaccine. The four other polio cases were all non-paralytic. Two received one vaccine injection and two received booster and second shots, Dr. Monroe said.

Ten of the 55 polio cases were paralytic, 41 were non-paralytic and four were bulbar cases, where the disease affects the upper part of the spinal cord, making breathing difficult, he pointed out.

Reports show the polio season begins in earnest around the first of May.

Meanwhile, 36 first and second graders were inoculated yesterday at two makeup shot clinics in the county. The Pontiac clinic treated 29 youngsters, while doctors at the South Oakland County Health Center in Royal Oak inoculated seven children, bringing the total of youngsters inoculated during the makeup program to 2,115.

This may be the last week for the makeup shots, depending on a study of present figures, Dr. Monroe warned. Both clinics will be open daily through Friday until a termination date is announced.

Injections will be given at the Pontiac and Royal Oak health centers from 9 to 11:30 a.m. and from 1 to 4 p.m.

New York Teams Eye Night TV Ban

NEW YORK (AP)—The New York Yankees have proposed to the Giants and Brooklyn Dodgers that the three clubs enter into an agreement next year not to televise night games, the New York World-Telegram & Sun said today.

Dan Daniel, writing for the newspaper, said the move is aimed at curing slumping attendance.

He said George Weiss, general manager of the Yankees, would confer with Horace Stoneham, president of the Giants, next week. Walter O'Malley, president of the Dodgers, will confer with Stoneham later.

Girl, 12, Treated Here After Running Into Auto

A 12-year-old Pontiac girl was treated for multiple bruises and released yesterday at Pontiac General Hospital after she ran into the side of a car, according to Pontiac Police.

The driver of the car, Tom Devereaux, 26, of East Lansing said he did not see the girl, La Verne Tandski of 158 Lincoln Ave. as she ran from behind a parked car.

Pontiac Deaths

Mrs. John Birrell

Mrs. John (Frances) Birrell, 69, of 1090 Crooks Rd. died at her home at 1:40 p.m. Tuesday. She had been ill eight months.

Born in England May 21, 1886 she was the daughter of Robert and Margaret Allen Stoves. She married Mr. Birrell there 54 years ago.

Mrs. Birrell came to Pontiac from England 28 years ago and was matron at the Bagley School for 15 years.

Besides her husband she is survived by five sons and a daughter, James in England, Robert of Keego Harbor, Wilfred of Drayton Plains, Norman and Raymond of Avon Township and Mrs. Winifred Bell of New York City.

Also surviving are two sisters, Mrs. Joseph Bellann in Indiana and Mrs. Sarah George in England.

The body is at the Pursley Funeral Home.

Mrs. Kirk Campbell

Mrs. Kirk (Minnie) Campbell, 59, of 3721 Elizabeth Lake Rd., died in Pontiac General Hospital Tuesday morning after a brief illness.

Born in Winnipeg, Manitoba Jan. 20, 1896, she was the daughter of John and Anna White Brady. She had lived most of her life time in Pontiac and married Mr. Campbell here in 1915.

Mrs. Campbell was a member of First Congregational Church and the Pillar Club of the church.

Besides her husband she is survived by a daughter, Mrs. Ralph Cobb of Midland and three grandchildren.

Also surviving are two brothers and a sister, Clarence of Aylsham, Saskatchewan, Hillard of Pontiac and Miss Audrey Brady of Drayton Plains.

Funeral will be at 1:30 p.m. Friday from Huntoon Funeral Home. The Rev. John Peatling Jr. of St. John Episcopal Church, Saginaw, will officiate.

Mrs. Albert J. Hall

Mrs. Albert J. (Lena) Hall, 71, of 6716 Hatchery Rd., Williams Lake died Tuesday at her home after a long illness.

Mrs. Hall, had been a resident of Wiliams Lake for the past 12 years, and summers since 1923, wintering for many years with her sisters in Florida.

Born in Groveland, N. Y. May 26, 1884, she was the daughter of Robert and Matilda Wilson. She graduated in 1904 from the Genesee State Normal College and in 1907 from the University of Michigan.

She taught in Champion, Mich., and Mt. Vernon, N. Y. and married the late Mr. Hall July 6, 1911. She lived in Detroit and Highland Park before moving to Williams Lake.

Mrs. Hall was a member of Westminster Presbyterian Church in Detroit, the Calean Study Club of Highland Park and Community Activities, Inc. of Waterford Township.

Surviving are two daughters, Miriam L. Hall of Wiliams Lake, Mrs. Ronald C. Edwards of Rocky River, Cleveland, Ohio; three sisters, Mrs. Agnes Kinney and Jane B. Wilson of Orlando, Fla., Mrs. Isabelle Hendershott of Groveland; two brothers, Dr. Wiley H. Wilson and Robert G. of Groveland.

Funeral will be at 8 p. m. Thursday at the Hamilton-Hoffman Funeral Home, 7334 12th St. at West Grand Blvd. Dr. J. Leslie French of Ann Arbor will officiate. Burial will be in Groveland.

Ernest J. Metz

Funeral for Ernest J. Metz, 49, of 98 Augusta Ave. will be at 10 a.m. Thursday from Pursley Funeral Home. Capt. Vernon Vie of the Salvation Army will officiate and burial will be in Oak Hill Cemetery. Mr. Metz died Sunday.

Born in Lafayette, Ind. Feb 24, 1906 he was the son of Mr. and Mrs. James Metz. He came to Pontiac five years ago from Detroit and was a tailor for Geney Dry Cleaners.

Surviving are two brothers and a sister, William, Gus and Mrs. Marie Lusk in Ohio.

Jack Tunnell

Funeral for Jack Tunnell, 34, of Aurora, Mo. was held today from Brace-Smith Funeral Home. Burial was in Perry Mount Park Cemetery.

Mr. Tunnell, who was visiting his aunt, Mrs. Mae L. Ellis, of 365 N. Perry St. died there Sunday.

Woman Being Loved Is Ideal, Says Luce

ROME (AP) — Is there an ideal woman? Rome's morning newspaper Il Tempo has been asking this question of various diplomats and notables.

The paper today published this reply from U. S. Ambassador Clare Boothe Luce:

"The ideal woman is one with whom a particular man has the fortune to be in love at a particular moment.

"The same conditions of time and place also determine the ideal man."

Admits Reckless Driving

Harold Rosenbaum, 29, of Detroit pleaded guilty yesterday to reckless driving before Ferndale Justice Earl N. Nash. He was sent to Oakland County Jail for 30 days when he failed to pay the $95 fine and $5 costs.

Banned Drivers Ignore Courts

Auto Club Claims Half of Revoked Licensees Drive Regularly

DETROIT (AP)—Half of all Michigan motorists whose drivers' licenses are revoked or suspended continue to drive, a survey by the Automobile Club of Michigan reveals.

The auto club said yesterday its anaylsis covered 1,000 such drivers in 40 Michigan cities and a number of rural areas.

TORONTO (INS) — Ontario motorists who lose their licenses for drunk driving will be "branded." For two years after restoration of the license their car will be required to carry a special red marker.

Club General Manager E. S. Matheson said club agents compiled the figures after observing the drivers and talking with friends and neighbors.

"We have long suspected that the handful of dangerous drivers whose licenses are suspended continue to endanger the great majority of law-abiding motorists," said Matheson.

The problem, he said, "is one of apprehension and punishment."

"Stiffer penalties would help," he added.

Driving with a suspended or revoked license is a misdemeanor punishable by a maximum sentence of 90 days in jail or a $100 fine, or both.

Matheson said the top sentence is not often given and "in Detroit the usual sentence is 5 to 10 days in the House of Correction."

* * *

Of the 3,300,000 drivers in Michigan about 50,000 have their licenses suspended or revoked each year.

Water Study Group Meets at Royal Oak

Officials from Oakland and five other counties will meet in Royal Oak's city hall tonight to discuss the possibility of building a 300-million-dollar water system.

Mayor Howard Kelley, of Royal Oak, chairman of the water subcommittee of the Inter-County Supervisors Committee, has called the meeting at the request of the Lafayette Engineering Co., which has proposed the system to bring in water from Lake Huron.

Also expected to be considered at the meeting is an offer by Port Huron to sell water to any interested community.

Kelley said he expects the engineers to present a written report with all the information they can make public now.

Lafayette officials state they are acting for eastern financial interests who will back such a system to furnish an unlimited water supply to Oakland, Wayne, Macomb, Washtenaw, St. Clair and Monroe Counties.

One official said he understood the company has options on a part of a 60-mile right-of-way from Lake Huron to south Oakland County, and options on an intake site and reservoir.

Pontiac Youth Hurt in Freak Accident

A 17-year-old youth was reported in fair condition this morning at St. Joseph Mercy Hospital after being involved in a freak accident last night at a northside gas station.

Robert D. McIlrath of 11 N. Shirley Ave. was struck in the head with a 16 inch steel automobile wheel after the tire and tube in the wheel exploded while he was filling the tire with air. Hospital authorities reported the youth suffered a fractured forehead.

Fellow workers of McIlrath at the Harry Miller station at 380 N. Saginaw St. said the youth had just patched the tube and began to fill the tire with air when it blew up.

Pontiac Girl Is Injured When Bicycle Hits Car

An 11-year-old Pontiac girl was treated for multiple bruises yesterday at Pontiac General Hospital after she rode her bicycle into the side of an automobile, Pontiac Police said.

The driver of the car, Mrs. Ward E. Partridge, of 220 Preston Rd., told officers the child, Jessie N. Lott of 975 Canterbury Dr., suddenly turned her bicycle into the rear of her car as she was traveling east on Orchard Lake Rd. near Berwick Blvd.

City Firemen Answer Call at Pontiac Press

Pontiac Fire Department trucks rushed to the Pontiac Press building at 48 W. Huron St. yesterday afternoon on a report of an electrical fire.

No damage occurred as lint lodged in a resistor grid in a control panel in the press room caught fire.

New Jersey has 1,972 miles of railroad.

The Day in Birmingham

Community House Due to Reopen September 6

BIRMINGHAM — Community House activities will resume with emphasis on Sept. 6, the day the house again opens after a month of cleaning and repair work.

Placed in Birmingham mailboxes yesterday was the schedule for the fall series of craft and hobby classes, with registration beginning Sept. 6 and classes starting Sept. 19. Registration must be made in person.

As always, classes are limited in size, so an early sign-up is advised. No longer is the series termed for "adults," since painting and drawing classes have been offered youth of the community for several years now; this year being no exception.

"Senior" residents will again find the Senior Activities Group meeting twice a month and the Senior Workshop each Friday.

VARIETY OF CLASSES

Classes to be offered include bridge, ballroom dancing, creative pottery, enameling and design. There will also be courses in free lance writing, gardening, interior decorating, millinery, painting, sculpture, sewing and silver, plus a Red Cross first aid course.

While space holds out, a choice of morning, afternoon or evening classes will be available in many instances. The traditional Thursday evening buffet suppers will again hold forth.

Harold T. Hagan, Community House board president, stated in a letter accompanying the hobby class announcement that a restudy of house operating costs "has resulted in a complete upward revision of the rental rates to various groups, in order to bring them more in line with other available facilities."

Annual meeting of the house will be held Oct. 3, he said.

* * *

Although Municipal Building steps to the second-floor Commission room may seem to be getting steeper for city officials and residents attending the Monday meetings, they appear doomed to continue the breath-taking climb in the future.

This was indicated by City Manager Donald C. Egbert when questioned at this week's City Commission meeting as to the advisability of installing a public address system in the room.

Approved were eight microphones, three loud speakers and an amplifier to be installed immediately by K-L-A Laboratories of Detroit for under $1,900.

There had been talk of moving commission quarters to the first floor portion of the Municipal Building vacated last week by the Fire Department.

* * *

A dance to the music of Lyle Carlisle will be sponsored by the Metropolitan Club, Spirit No. 9, tomorrow night at the Walled Lake Casino.

The club is composed of members of the local and Bloomfield Hills police and fire departments and federal employes and proceeds will aid club projects. Dancing will be from 9:30 p.m. to 1 a.m., with tickets available at the door.

* * *

Even Birmingham has its roof gardens and full proof will be evidenced at 6:30 p.m. tomorrow when local members of Sor-optimists International end their summer season with a "penthouse picnic."

The affair is to be held at the North Woodward Avenue home, complete with roof garden, of Mrs. R. H. Dewey, club president.

* * *

What appeared yesterday to have been only a $160 money theft from the Birmingham Drug Store, 1220 South Woodward Ave., has instead been determined to be the work of a drug addict, police now believe.

A closer inventory disclosed about $100 worth of habit-forming drugs, including opium and morphine, missing, Det. Lt. Merlin Holmquist said today.

The Monday night theft was the job of someone who concealed himself inside the store at closing time.

In 1855, the first year the Sault Ste. Marie canal was open, 1447 tons of iron ore passed through it and the first million-ton year was 1873.

Earl Is Made Dizzy by Disneyland Jaunt

By EARL WILSON

DISNEYLAND—From Dizzyland (meaning Hollywood) to Disneyland is only about an hour on the Freeway—and then Walt starts playing tricks on you.

Let me tell you how they made a sucker out of Bright Boy Wilson.

★ ★ ★ ★

The B. W. and I especially loved "The Rivers of the World" boat ride in Adventureland . . . but I wished the skipper doing the steering would mind the wheel.

"This bum is gonna upset us," I told the B. W. . . . and me with my new Irving Heller emerald green suit on!

The skipper was doing the spieling as we rode past the hippos, crocodiles, alligators and head-hunters in the Disney man-made river.

Of course we knew they were all made of rubber. But that waterfall was real . . . and the skipper swung the wheel like a crazy man, and almost drenched us all. Our boat lurched and rocked.

I mentioned the crazy steering to our Disney escort later and he chuckled villainously.

"That boat's on a track," he said. "That spieler isn't really steering it at all. He's acting. But don't tell anybody."

DA EARL

In Tomorrowland we took a 13,000-mile-an-hour ride in TWA's Rocket to the Moon, and on Main Street, U. S. A., we popped into the Golden Horseshoe and saw Donald Novis, Wally Boag, Judy Marsh and the Can-Can Girls.

★ ★ ★ ★

Novis—who's in fine voice—did some jokes about Pecos Bill, the legendary Western super-man.

One went something like this:

"When he socked the villain,
He knocked out all his fillin';
That's why there's gold in them thar hills."

★ ★ ★ ★

We wished we could've stayed longer but we had to get back to Dizzyland. I heard a strange story there. I was told that Darryl Zanuck and Sam Goldwyn played croquet till 2 o'clock in the morning, and that at one point Sam got peeved, threw his mallet, and said, "I'm going home."

He started to go, too, but changed his mind. He was playing at his own house.

MARILYN CLARK

THE MIDNIGHT EARL . . .

Singer Eileen Barton underwent a throat operation last week; she won't be able to talk for a week . . . Liberace was admitted to ASCAP . . . Martha Raye left for Las Vegas, reportedly to see her new boy friend, a stick man . . . Maureen O'Hara and her ex-husband, Will Price, bring their custody fight to court Sept. 6.

David Wayne will be master of ceremonies on Judy Garland's CBS-TV spectacular . . . Sen. Kefauver will announce a probe of the AEC and its management . . . Hildegarde mashed her fingers in a taxi door . . Marilyn Clark, for three years with "Seven Year Itch," is a featured singer in the Versailles show.

Billy Eckstine, building a home in the Catskills, will raise Palominos . . . One foreign airline is giving songwriters free ten-year passes in return for singing commercials.

★ ★ ★ ★

Earl's Pearls . . . Duty: What the average man looks forward to with distaste, does with reluctance and boasts about forever after.—H. G. Hutcheson.

★ ★ ★ ★

WISH I'D SAID THAT: "Women drivers are about as good as men—and they aren't the least bit ashamed of it."

TODAY'S BEST LAUGH: Kermit Schafer went to see "Love Is a Many Splendored Thing," and fell asleep during the title.

Harry Rolnick tells of the guy so wealthy he hired four men to help him with his do-it-yourself hobby. That's earl, brother.

Hughes' Aide to Wed

SANTA MONICA, Calif. (AP) — Noah Dietrich, 66, business associate of plane builder Howard Hughes, and Mrs. Mary Alice Brewer, 34, Beverly Hills socialite, plan to be married tomorrow. Dietrich, vice president of the Hughes Tool Co., was divorced last year from Mrs. Carol Dietrich, 51. He has three children and Mrs. Brewer, divorced in 1947 from Chauncey M. Brewer, an engineer, has two daughters.

One study shows that harvesting of a single corn crop in Iowa cost 326 fingers, 63 hands, 14 arms, 5 legs and 3 lives.

Urge Speedup of Peace Atom

Senator, Congressman Return From Geneva Conference

WASHINGTON (AP)—Two members of the Senate-House Atomic Energy Committee are urging the Atomic Energy Commission to speed work on harnessing the H-bomb for peaceful purposes.

Sen. Anderson (D-NM), committee chairman, and Rep. Price (D-Ill), head of its Research and Development subcommittee, said yesterday they believe the Geneva atoms-for-peace conference should give impetus to this project.

They were part of a committee delegation which returned yesterday from the conference.

* * *

Anderson said, "We know we are in a race for this type of development," and added there were clear indications at Geneva that Russia, Great Britain and India also were working at the problem.

He said "only a handful" of American scientists are assigned to this research. He suggested the number be increased.

* * *

Price said the announcement of hitherto secret programs looking toward a controlled thermonuclear (hydrogen) reaction was "the most important event" at the Geneva meeting.

AEC Chairman Lewis L. Strauss disclosed at Geneva that this country had been engaged in a "moderate program" of research in harnessing the H-bomb and had made some progress.

Emergency Economy Controls Formulated

WASHINGTON (AP)—Plans are being developed for putting the government and the nation's economy on an immediate war footing, if the need should arise.

The Office of Defense Mobilization yesterday sketched these preparations in a report to the Senate-House Defense Production Committee.

* * *

ODM chief Arthur S. Flemming said standby orders have been drafted for a general freeze on prices, wages and rents and plans made for an agency to handle such economic controls as these and food rationing. Plans also have been prepared to invoke production and materials curbs and to take over control of radio, telephone and telegraph systems.

California has 7,490 miles of railroad.

Detroit Man Married to Two Teenage Wives

DETROIT (AP) — An unemployed fellow named Fallow is accused of having two wives, one of them 15 and the other 19.

* * *

Owen Fallow, 21, pleaded innocent to a charge of bigamy yesterday before Recorder's Judge John A. Ricca. He was held on $1,000 bond after waiving examination.

Police said Fallow divided his affections between his teenage wives for several months. Neither knew about the other.

Fallow was arrested on complaint of 15-year-old Coleen Haywood, who lives with her parents. She said she went to Rossville, Ga., with Fallow last Feb. 3 told authorities she was 18, and married him.

Coleen said they had lived together "off and on" until May when discovery of a picture of Fallow with a strange girl in a bridal gown started a trail to a girl named Fancy.

Fancy Long Fallow, 19, told police she and Fallow were married in 1953. She has two children and is expecting a third. She said she'd never heard of Coleen.

Almost all of the motor vehicles which are involved in traffic and highway accidents are found to have been in good mechanical condition.

RETIRED AUTO WORKER ENJOYS GOOD HEALTH THANKS TO O-JIB-WA

"Friends often ask me how I regained my good health," says Mr. Joseph T. Craddock, 7244 Farnum St., Inkster, Michigan, "and I'm always glad to tell them about your wonderful Bitters."

"I was handicapped with rheumatism and arthritis for 10 years, but never too seriously until about six years ago. Then my left hip, both shoulders and arms ached terribly, and sometimes the pains spread down into my fingers. I used to shove my shoulder against the wall to try to ease the pain. Cramps in my legs kept me awake nights and in the morning, it would take two or three efforts for me to get out of bed. I'm retired now, but I used to work on a large machine for the Ford Motor Co. Even pushing buttons to operate the machine caused severe pain in my finger and arms. My wife was taking O-JIB-WA at the time, and it helped her rheumatism, and calmed her nerves down, so she thought it would help me too. Well, I started taking it, and by the time the first large bottle was finished, the pains were gone, but I took it longer just for good measure. I'm no longer bothered with rheumatism or arthritis, my nerves are steady, and I sleep well, cramps in my legs have left too. I just feel good all over. My friends have asked me how in the world I regained my good health, and I'm always happy to tell them, it's easy. Just get yourself a big bottle of O-JIB-WA BITTERS, follow the directions, and let this wonderful medicine do the rest."

Hal Boyle Says:

Small Town Paper Is Read Around World

MARTHA'S VINEYARD, Mass. (AP)—If success lies in the art of seeing the world in a grain of sand, Henry Beetle Hough and his wife Betty are two of the most successful people in America.

Their "grain of sand" is this island resort, the birthplace of the U. S. whaling industry and now the summer home of many artists, intellectuals and business notables.

In 1920, fresh out of Columbia University, Henry and Betty had to decide whether to seek fame and fortune in the big city or look for them in that hardest of all places to earn a living—a small town.

They chose the small town. In a shoestring venture they bought the Vineyard Gazette, a small, decrepit, five-column weekly newspaper with a circulation of less than 600.

* * *

Thirty-five years later they still have the shoestring, and perhaps not too much more in the way of ready cash. But they have built the Gazette up to a circulation of 6,500—the island has only about 6,000 year-round residents—that is now worldwide. Its mailing list ranges from Tokyo to Trinidad.

* * *

Hough, a tall, balding, sensitive version of William Allen White with a New England accent, takes a quiet pride in his far-flung readership.

IN FARAWAY INDIA

"Not long ago a professor wrote us that while traveling in India he found a copy of the Gazette on a train seat," said Hough, "and a British aviator also came across a copy in the ruins of Tripoli."

* * *

The Gazette, affectionately nicknamed "The Thunderer," is issued form a weathed, gray-shingled house built in 1760.

Despite its nickname, the Gazette rarely lifts its voice. It takes a firm but reasonable stand on local crusades, leaves the latest news about the hydrogen bomb to other journals.

Its grist is the small news of life in small towns everywhere—births, deaths, comings and goings, the changing seasons, fishermen's talk. Somehow readers far away find this endlessly fascinating.

* * *

There is little crime news. Hough has covered only two murder cases in 35 years.

"Before those," he remarked mildly, "there hadn't been a murder on the island in 100 years."

TOWN MEETING

The biggest story of the year is the annual town meeting.

"We'll carry 7 to 10 columns on it," said Hough. "Every word said at a town meeting is important to our readers. A town meeting is the purest form of democracy and we try to record them exactly as they happen."

* * *

Both Henry and Betty dislike printing court cases in which bitterness often arises.

"After all, we are not writing about strangers but friends we meet every day," said Hough.

But whether a court case embarrasses a poor Portuguese fisherman or a wealthy advertiser, the Gazette carries it as a matter of policy.

"Once a man threatened to shoot the editor and another time a fellow said he was coming down with a razor," said Betty. "But actually few people seem to want to kill the editor, although"—she smiled over at her husband—"I suspect many would like to kick him."

* * *

Both Henry and Betty have given up any dreams of wealth they had.

"You just don't make money running a country newspaper," said Henry. "You have to settle for the 85-cent plate of spaghetti instead of the $2.50 steak."

FIND CONTENTMENT

But neither would trade their life of hard work for an easier living elsewhere. Their success is one of contentment.

"We never get lonely on the island," said Hough, who has written 11 books over the years. "A small town has the busiest social and fraternal life in the world. How could you be bored?"

High Diving Priest Can't Act in Chicago

CHICAGO (AP)—The Roman Catholic archdiocese of Chicago has objected to a French priest's plan to raise money for his parish by giving high diving exhibitions.

The Rev. Robert Simon, who made 35 110-foot dives at water shows in Europe, expressed surprise at the Chicago church's decision in an interview last night.

In Europe, he said, no one objected. His exhibitions in France, Belgium, Switzerland and Morocco provided funds to rebuild his church at Saone, France, build a dispensary and finance two local industries for his parishioners.

If the Chicago diocese does not change its decision in another day or two, Father Simon said, "then I will try another place."

Only about one-half of the U. S. area believed to contain oil deposits has so far been explored for it.

AT THE FARM—3

Mother Hen and Chicks

No farm would be complete without some chickens. Chickens are kept in a fenced pen or in a coop. Here the mother hen watches over her little chickens and teaches them all the things they must know in their barnyard world.

When mother hen sees a hawk which might carry off her children she cackles to warn the whole barnyard and sends the little chicks scurrying off to a safe hiding place.

Would you like to have your own chicken cutouts?

First paste down this page on thin cardboard and color with crayons or paints. The little chicks are bright yellow. Then hen is brown with many colors in her tail and wings.

Then cut out the parts. Fold the end panels of the mother hen forward to make her sit up.

By folding the strip of little chicks back and forward as shown in the picture you can make the chicks stand up also.

The group with the little chicks eating from their pan completes the barnyard scene. Fold the ends forward as you did with the other two.

The British navy has discovered that paddle wheel tugs are more effective than those with propellers for pushing aircraft carriers in dockyards, says the National Geographic Society.

Rubber Price Increase Aids Eisenhower Policy

The recent rapid rise in the price of natural rubber has given a boost to the Eisenhower policy of getting Government as far as possible out of business.

This is the case because the price increase has revived the interest of business in the last and largest of the Government's wartime synthetic rubber plants. Natural rubber now is selling at 46 cents a pound. That is only two cents below the August 5 peak of 48 cents and is twice the mid-August 1954 price.

★ ★ ★

When this plant at Institute, W. Va. first was advertised for sale in 1953, there were no bidders. One of several reasons for this was lack of demand for the GR-S (Government Rubber Styrene) hot which the plant produces. It has not been converted to turn out GR-S cold for which there is a good demand.

Natural rubber price trends, however, tend to offset these objections in the eyes of industry leaders. So does the fact that conversion of the plant, while expensive, could be carried our gradually. Twenty-five of these synthetic rubber plants already have been sold by the Rubber Producing Facilities Commission and one has been leased. Bids for the Institute plant must be in by October 7.

★ ★ ★

A further move toward getting the Government out of business was revealed by the Defense Department when it announced its intention to close in the near future 14 manufacturing and commercial operations.

This policy has the strong support of the second Hoover Commission. It also is approved by all those who believe in a free enterprise economy.

Democracy in Malaya

Despite lack of experience and serious racial antagonisms, the Federation of Malaya has taken a long and important step toward democratic government.

In its first national election the country's Alliance Party, a Malaya-Chinese-Indian coalition, captured 51 of the 52 Legislative Council seats. Fifteen of these seats went to the Chinese and two to Indians. Britain's High Commissioner is certain to nominate a number of Alliance members for the remaining 46 seats, all of which are appointive.

★ ★ ★

On the strength of this victory the party plans to seek independence for the Federation in four years. At present the population totals 5,260,000. Of these 2,631,000 are Malays, 2,043,000 Chinese and 586,000 Indians.

While the British encouraged the entrance of Chinese and Indians into the government, they took care to protect the Malays' land holdings and sultanates. Until the national election, however, it had not been thought possible, because of racial friction, for the three groups to co-operate politically.

★ ★ ★

Besides its goal of independence in four years, the Alliance Party plans to ask that all 98 seats in the Legislative Council be made elective in 1957. This seems to be a wholly reasonable objective in view of the splendid progress made toward real democracy and the excellent turnout of voters in the election—as high as 80 per cent in some districts.

The reason the recent Civil Defense "Operation Alert" was to a considerable extent a failure is that some 90 per cent of Americans are inordinately optimistic.

Nearly 11,000 Encamped at Boy Scout Jamboree

One of the Summer's finest events is the World Scout Jamboree at Niagara-on-the-Lake.

There, encamped on historic Canadian ground are nearly 11,000 Boy Scouts from 68 countries. It was on this spot in 1678 that the great Explorer LaSalle landed on his way to the upper lakes. The town also was the site of upper Canada's first parliament.

★ ★ ★

The opportunity afforded by the Jamboree for scouts to learn the customs and manners of other lands is in perfect harmony with the spirit of the 1955 theme — New Horizons. Nothing could do more, despite language barriers, to open new horizons for these high minded youths than sharing with one another the tasks and joys of camp life.

★ ★ ★

Dennis Jenks of Dwight Street and Larry DeMilner of Lincolnshire Drive have the honor of representing Pontiac and the Clinton Valley Council at the Jamboree. The area also is represented among the adult visitors by William DeGrace, a former Press reporter who continues active in Scout leadership work.

Over the years these World Jamborees have earned the approval of many nations. Just as many countries, we believe, join in wishing complete success for this year's encampment.

The Man About Town

Canadian Honkers

Large Birds Show a Liking for Lakes in Pontiac Area

Enough: What would satisfy us— if the neighbors didn't have more.

The lakes in the Pontiac area have become a stopover for Canadian honker geese. In fact there are strong indications that a few dozen of them intend to stay all summer at Hammond Lake, I am told by

Milo J. Cross

whose new year around home is on this lake, that a few of them first stopped there a couple of weeks ago. This number has gradually increased until now there are about 35 of the mammoth birds who are making that a rendezvous. They sally out to other locations for brief periods, but always make a due return — and bring others with them. The Canadian honker is one of the largest of birds, and usually makes only brief stopovers in its migrations. But it will be seen that even a goose appreciates Oakland County's lakes above the thousands of others that might be selected.

CROSS

An outstanding juvenile humanitarian is

Howie Lewis,

the ten year old son of

Mr. and Mrs. Howard Lewis

of 1021 Argyle Ave. He found a wild rabbit's nest with four newly born rabbits, that had been deserted by the mother. Three were so famished that they did not respond to Howie's medicine dropper feeding, and soon died. But the other made a quick recovery, and is growing into a full sized rabbit, is very tame and already has learned to do several tricks at its master's bidding.

A phone call Tuesday morning from

Peter Quickman

of Auburn Heights commends the Pontiac Press on its color picture of Princess Margaret in Monday's issue, and a few minutes later

Mrs. Beatrice Krim

of Elizabeth Lake Estates, dropped in to do the same thing.

Leaving on an 18-day trip to the Pacific coast in their own plane are

Mr. and Mrs. Ambrose Powers

of 1796 Lakeland Ave. Their itinerary includes a side trip into Mexico, and return by the southern route.

Proof that our ancestors were better penmen and had more enduring ink is found in a letter shown us by

Mrs. Thomas Thrower

of 114 New York Ave. Dated on Aug. 20, 1855, we see no such perfect handwriting 100 years later, nor do we now have writing ink that will be as legible a century later.

Peaches that weigh eight ounces are reported by

Malcolm Witherson

of Birmingham, who has a tree that is bearing fruit the first year after it was set out.

A queer animal is frequenting the lakes and fields around Clarkston. According to

Harold Fishman,

it resembles a beaver, thought to be extinct in this area.

Verbal Orchids to—

Mr. and Mrs. L. E. Thompson

of 24 Willard St.; fifty-sixth wedding anniversary.

Mrs. Ella Cleveland Trofront

of Clarkston; eighty-third birthday.

A Better Bargaining Position

David Lawrence Says:

Russians Fight Successful Cold War Aided by West's Complacent Attitude

WASHINGTON—The "Cold War" goes on despite the professions of peaceful purpose which emanate regularly from the Communist leaders.

* * *

While the quarrels inside Morocco and Algeria are by no means of Communist origin, there is no question but that Communist money and scheming inside both countries has inflamed the situation.

Thus, for example, the North African Liberation Committee, which has been behind these disorders, operates on Egyptian territory. The French have been well aware for some time that the Egyptian government has permitted the committee to broadcast from its territory a good deal of inflammatory propaganda directed to Algeria, Morocco and Tunisia. A Communist station in Budapest keeps up a similar line.

By promoting agitation and even sending funds and some arms to stir up trouble, the North African Committee was able to synchronize the uprisings. Newsmen knew in advance of the expected disorders. It all has the marking of a carefully nurtured plot to cause embarrassment to the French.

But the real objective as it affects the western allies is broader. One result has been to withdraw thousands of troops from the North Atlantic Treaty Organization in Europe and another has been to imperil the American air bases in Morocco.

SAME PURPOSE

A "Cold War" to some extent has the same objectives as a hot war. The purpose is to weaken the enemy's military strength and organization. NATO isn't as strong without the French divisions now in Africa as it would be with them. Likewise, if an atomic attack came suddenly, it is questionable whether American overseas bases wouldn't be subject to sabotage and interference by locally armed bands. The United States does not maintain large bodies of troops overseas to guard these bases and, in an emergency, would have to divert divisions from Europe to Africa to safeguard the bases from which our bombers must take off.

It is true, of course, that the basic issues of Nationalism didn't start with the Communists, but the latter took advantage of the ferment. Even when self-rule is granted, however, troubles for the parent country do not cease. The adoption of a plan for autonomy in Tunisia was merely the prelude to the fomenting of internal dissension elsewhere in North Africa. Once there is a plan also for Algiers and Morocco, other sources of friction will be developed by the Communists.

Back of the strategy of infiltration and subversion is the idea that this form of warfare is least expensive and can pay off in actual control or intimidation of the smaller governments once they obtain their independence. The Egyptian Independence Movement had Communist backing and, once the British were driven out, the Egyptian leaders found it expedient to adopt a sort of neutrality as between the East and the West. Meanwhile, the use of Egyptian territory as a base for operations against the territory of another nation—France—does not seem to be frowned upon by the oft-glorified United Nations.

AMERICANS WON'T SEE

The "Anti-Colonialism" propaganda generated by the Communists finds a certain receptiveness among those Americans who at the same time seem to ignore Communist colonialism as practiced in Poland, Czechoslovakia, Bulgaria, Rumania, Hungary, Lithuania, Estonia and Latvia. All these countries not only have lost their independence but have been terrorized into submission by the military power of the Red armies.

The events in North Africa show that the Communists are winning many sectors in the "Cold War" while the Western countries still are lulled into complacency by the "Peace Offensive." Even the brutal shooting down of an unarmed American airplane in the demilitarized zone in Korea doesn't cause any anxiety in the Kremlin because it doesn't stir any official expression of resentment here. Small wonder the Communists pursue their "Cold War" tactics so intensively.

(Copyright 1955, New York Herald Tribune Inc.)

Dr. Brady Asks:

Why Do Osteopaths Take Such Professional Abuse?

By WILLIAM BRADY, M.D.

Forty-eight years ago Dr. Joel Goldthwait published (JAMA, 8-'31-'07) the first description of sprain or strain of the sacro-iliac joint. Prior to that time if the possibility of movement at this joint was recognized at all it was recognized by the osteopaths. Certainly Goldthwait's description of the sacro-iliac sprain or strain was the very first in medical literature.

* * *

Goldthwait's writings irked the big shots of the profession, and they have never given him credit for his contribution.

In 1920 (International Clinics) Drs. P. B. Magnuson and J. S. Coulter, describing the treatment of sacro-iliac sprain or strain by manipulation, made this remarkable comment:

"Unless the medical profession wakes up to the fact that our bodies are built on mechanical principles and that many things we have groped in the dark about are due to a mechanical fault . . . we are, allowing those, who are little better prepared to practice medicine than mechanics, to make cures where we have failed" —etc., etc. The same old hokum bunkem the medical myopes have been spouting since Topsy was a colt.

OSTEOPATH INVITED

It was in my horse-and-buggy days that, with two other young whippersnappers on the county medical society's board of censors, I persuaded a young osteopath to apply for membership in the county medical society. He had passed the same state board examination for license as had one of the other censors. So, being young and inexperienced in the dog-in-the-manger behavior, we recommended the doctor to the medical society.

* * *

Wow! Some of the old dogs nearly blew their tops. They not only rejected the osteopath with a growl but, if they could have found a way they would have rejected us along with him

Some good legal authorities say that in some states, at any rate, especially in New York, where the young osteopathic physician was so shamefully treated, a legally licensed osteopathic physican can appeal to the courts in such circumstance and compel the county medical society and the state medical society to admit him or her to membership, if he or she wishes. I wish the osteopaths would do so and teach the old timers a good lesson.

Can you think of a good reason why an osteopathic physician should be required to pass the same examination as an ordinary, regular or homeopathic physician is required to pass to obtain a license to practice, and then have to submit to such abuse by other members of the profession?

And while you're thinking about this, you who pay the piper, tell me one good reason why a school or university should be authorized by the state to grant the degree, Doctor of Medicine or Doctor of Osteopathy to a person who has fulfilled the legal requirements, and then say to the doctor: "We were only kidding. You can't practice your profession until you shall have gone hat in hand to the politicians on the state board, who will put you through their examination and exact from you a fee, before you can begin practice."

Signed letters, not more than one page or 100 words long, pertaining to personal health and hygiene, not to disease, diagnosis or treatment will be answered by Dr. William Brady if a stamped, self-addressed envelope is sent to the Pontiac Press, Pontiac, Mich.

Voice of the People

Wants Waterford Schools to Be Named for Pioneers

Letters will be condensed when necessary because of lack of space. Full name, address and telephone number of the writer must accompany letters but these will not be published if the writer so states

There seems to be growing interest in the naming of new schools being built in Waterford Township. In years gone by schools were named after local pioneers or prominent people, which I feel was proper.

The Jayne W. Adams School was named after Mr. Adams, first president of the present school system. There are unlimited numbers of other township pioneers who could be honored as was Mr. Adams, such as the Joneses, Hesses, Windiates, Whitfields, Shooners, Terrys, Huntoons, Van Zandts, Williamses, Thompsons, Stevenses and others.

Carlos G. Richardson

William Reid Recalls Statement by Willkie

We who are here are the most fortunate in the world.

As I think of 'One World' by Wendell L. Willkie, I often wonder about the time Mr. Willkie promised the president of that Siberian Republic that he would return for the weekend in 1945. Because death intervened, he was unable to do so, but I wonder if that president is still waiting.

By law, as an amendment to the Constitution, an emissary must not commit himself to any thought of future return. Persons in authority have no right to chain people to their words.

I do not belong to any party in any way, and through the years I am more than proud of my parents, my school teachers, my boyhood friends, my employers in an office for the first six years of labor which would take a volume to write about, my church and my God.

William Reid

Tact Is the Touchstone to Developing Friends

By MERRYLE S. RUKEYSER
INS Economic Commentator

The art of making friends depends on understanding the impact of your conduct on the other fellow. Thus you can tap the resources of human generosity by playing fair at all times.

For example, a waitress during the breakfast rush-hour had singed toast on her tray. Instead of trying to pass it off unnoticed, she graciously said: "That toast may be too dark. Shall I bring you some other?" This put the guest in a mood to be gallant and he said that the first order would do.

The management of the airlines have made friends by promoting hospitality with complimentary meals and no tips. Accordingly, while travelers frequently observe irritation on the part of passengers in dining cars, there is little or no expressed dissatisfaction with meals aloft. This difference reflects the tone of graciousness set by the stewardesses. It never occurs to anyone to bawl out the friendly young ladies who serve complimentary meals and who don't take tips.

During the recent lull before the last hurricane, there was an overload on the telephone equipment designed to give weather reports. One subscriber, unable to get through, called on the central operator for help. There were inevitable delays, but she merchandised them masterfully, saying:

"I hope you're not in a hurry. There is a delay.

This friendly word added to the patience index of the subscriber. If the operator had said nothing or had rudely exploited the fact that there was abnormal demand to learn the weather score the customer reaction would have been less favorable.

In these little human episodes there is an economic lesson for buyers and sellers in the business world. Business rests on human behavior, true selling also rests on the reaction you get from the other fellow.

Thus, the nursemaid who complains a young child is intractable is confessing that she is not good at her job. The same is true of school teachers. A good teacher sets a behavior pattern for a class.

Likewise, I'm unmoved when professional lecturers complain about cold audiences. A dynamic speaker causes the audience to react, and an expert, with a vivid message and skill in delivery, can score a hit at the low point of an over-exploited convention audience at five in the afternoon.

The late George Horace Lorimer, editor of the Saturday Evening Post, in this vein, used to remark: "There are no dull subjects, only dull writers."

When you get down to fundamentals, the voluntary American economic system respects the individual. On the other hand, in police-state, socialized dictatorships, the individual is a mere cog in the machine. The vital decisions as to what should be produced and in what quantities is made by little commissars in big jobs.

Over here, the survival of a business enterprise hinges on pleasing the all-important person —the customer. The little fellow, the customer, is a coordinate, independent contractor and should not be treated impolitely by the minions of the biggest corporation. In competitive industries, the individual is protected by his inherent right to switch to another brand.

* * *

In the case of monopolies, such as the regulated, investor-owned, tax-paying, private utilities, the individual, if necessary, can always yell for help to the regulatory commission. However, when government goes into business and becomes an unregulated monopoly, this is something else again.

Case Records of a Psychologist

Teachers Continue Passing Dull Pupil to Keep Him With Age Level in Class

Howard's IQ is below normal but love and compliments can work wonders in these cases. As a rule, it is better to move a child along with his own age group, even though the teacher must be lenient in awarding grades. For a few weeks of home tutoring can help reduce many of these gaps.

By DR. GEORGE W. CRANE

Case P-321: Howard Q., aged 12, is a dull child who isn't up to the average of his 6th grade classmates.

"Dr. Crane, Howard attends public school, though his IQ is only about 88 and his home environment isn't very cultural," his grammar school principal informed me.

"For the past two years we have promoted him, although he didn't deserve it on the basis of his classroom work.

"But we felt he merited staying with his classmates for social and morale reasons.

"Our PTA is to discuss this problem next month, so I wonder if you'd offer the views of the psychologist thereon?"

BE LENIENT

This is a critical question which has a great deal of importance to Howard, as well as the parents and neighbors of such a child.

Sometimes a youngster of high IQ is at the bottom of his class, too, because of absences due to illness, or too frequent changes of schools, as a result of a father whose work causes him to change cities frequently.

As a rule, we psychologists feel that the long-time effects on the personality of a child like Howard are better if he is permitted to stay with his calendar age group in school.

* * *

That often means the teachers must be unduly lenient in their grading of the bottom youngsters in the class.

MORALE IMPORTANT

But a child's morale is of vital importance. And he is less likely to stand out as the "dummy" or be ridiculed, if he is with other boys and girls of his own height and age.

* * *

For a 12-year-old may be half a head taller than his classmates if he is held back for a year or two.

He then feels conspicuous for his stupidity and greater size. So he may grow soured on school entirely and then try to compensate by becoming a bully.

Or he may try to show off by smoking cigarets and being the chronic trouble maker in school. Later, he may become a juvenile delinquent and end in jail.

TUTOR CHILD

But if the youngster is moved along with his classmates, he is not conspicuous in social groups, even though on the teacher's grade book his low marks do show evidently.

But the general public doesn't see the teacher's grade book, so the child's ego is protected.

And his athletic prowess may help cover up for him and bring enough social acclaim to offset his defeats in mental gymnastics.

Besides, his attitude toward school subjects doesn't turn as sour, so a devoted teacher and helpful parents can help tutor him on the side.

MIRACLES HAPPEN

You parents can accomplish miracles, despite a child's lower IQ, if you will praise his successes and keep mum about his failures.

You can sugar-coat education by proper home tutoring. If a child is slow in reading, make flash cards out of strips of cardboard and print thereon the actual words from his current reading book.

Put one word on each card. Then hold each up and explain its meaning. Then shuffle two cards and see if he can identify each one. Add a third; then a fourth, etc.

Make a game out of the event, and ask Daddy to help. But let Daddy fumble enough that the child can win three out of four cards. Place a premium on the winner and reward him with some prize.

In 6 weeks you can move a child forward surprisingly by this method, so send for my booklet, "How to Tutor your Child at Home," enclosing a stamped return envelope, plus a dime.

Signed letters, not more than one page or 100 words long, pertaining to personal health and hygiene, not to disease, diagnosis or treatment will be answered by Dr. William Brady if a stamped, self-addressed envelope is sent to the Pontiac Press, Pontiac, Mich.

(Copyright 1955)

Aussie Scientists Use 100-Foot-Deep Tunnel

SYDNEY — A 100-foot-deep tunnel in cliffs near Sydney is being used by Australian scientists for cosmic-ray experiments. In it the physicists measure particles of cosmic rays that have enough energy to penetrate deep into the earth's surface.

The underground laboratory will soon be enlarged to accommodate a 13-ton cosmic-ray spectro-graph.

The starfish preys on oysters, pulling the shells open with its tentacles and then turning its own stomach inside out to digest them.

All New Cairo Buildings Have Basement Parking

CAIRO — A major problem in Egyptian cities, especially Cairo, is parking. Many streets are so narrow a parked car or truch can bottleneck traffic.

So all new buildings are required to provide two levels of basement parking space. Also, all Government-owned space in Cairo has been converted into parking lots.

The first cargo of iron ore which passed through the Sault Ste. Marie canal was 132 tons carried by the brig Columbia in 1855.

Airport Always Moving in Middle of Oil Fields

TORRINGTON, Wyo. (AP) — An oil boom is causing plenty of problems for the Torrington airport. It was moved to a new site in June when it was found to be sitting in the middle of an oil field.

No sooner was the new field completed when it was discovered to be in the middle of another oil development. It may be moved again.

Fossilized tree stumps have been found 30 feet below the surface in excavations for Washington D.C. buildings.

Sorry, Wrong Bell

OMAHA (AP) — A new nurse at St. Bernard's Hospital rang what she thought was the noon lunch bell and was startled when four fire engines, the emergency unit, the fire chief and two police cruisers responded. She had rung the fire alarm by mistake.

No Decision Given in Optometrist Case

LANSING (AP) — No decision can be expected for more than a month in the case of Dr. Edwin L. Sanchick, Lansing optometrist charged with unprofessional conduct.

The State Board of Examiners in Optometry wound up hearings yesterday. Sanchick can have his license suspended or revoked if the board finds that he is guilty, as charged, of having an arrangement with a branch of the King Optical Co. in Lansing to "steer" him customers.

Benjamin Ritholz of Chicago, president of the King Co., is awaiting examination on a charge that he attempted to bribe board members to get them to drop the case against Sanchick. Sanchick has denied knowing anything about the bribe try.

U. S. Office of Education estimates indicated that the United States graduates about 10,000 engineers a year compared to about 50,000 for Russia.

Now Many Wear FALSE TEETH With Little Worry

Eat, talk, laugh or sneeze without fear of insecure false teeth dropping, slipping or wobbling. FASTEETH holds plates firmer and more comfortably. This pleasant powder has no gummy, gooey, pasty taste or feeling. Doesn't cause nausea. It's alkaline (non-acid). Checks "plate odor" (denture breath). Get FASTEETH at any drug counter.

Claims Office Can't Locate Former POWs

The Foreign Claims Settlement Commission has been unable to locate 108 Korean veteran prisoners of war who are eligible to receive prisoner of war benefits.

Home service workers of the Oakland County Chapter of the American Red Cross are assisting in finding eligible veterans who have not applied for benefits.

The deadline for Korean war prisoners was Aug. 21, a Chapter spokesman said. However, the veteran has one year from the date he was returned to the jurisdiction of the Armed Forces if that date comes after the Aug. 21 deadline. Deadline for World War II benefit applications is Aug. 31.

If any eligible claimants are living in the Oakland County area, they are urged to contact chapter headquarters at 118 Franklin Blvd. for details and application procedure.

Detroiter Demands Exam

James Kozenko, 23, of Detroit appeared before Framington Township Justice Allen Ingle yesterday and demanded examination on a charge of larceny from an automobile.

He was turned over to Oakland County Jail when he failed to post a $7,000 bond. He was bound over to Oakland County Circuit Court.

The fertilizer industry of the United States began about 1850.

Indian Official Given Apology

Texas Segregation Law Causes Embarrassment to Federal Government

WASHINGTON (AP) — The State Department has apologized to the Indian ambassador for an incident in Houston, Tex., where he was asked to leave a public dining room because he was believed to be a Negro.

A State Department spokesman said an official expression of regret was being telegraphed to Ambassador G. L. Mehta, who is now in Mexico City, and also to the Indian government in New Delhi.

Press Officer Lincoln White said the apology was under the signature of Secretary of State Dulles.

The incident occurred at Horizon House Restaurant at the Houston International Airport where the ambassador and his secretary stopped off yesterday between plane flights.

TEXAS LAW

Texas law forbids serving Negroes and white people in the same room. A restaurant supervisor asked the ambassador and his secretary to take service in a small private room.

State Department officials were distressed about the incident for several reasons, including the fact that Mehta is considered a good friend of the United States in world affairs.

Another consideration is the fact that United States relations with India have been in difficulty for years because of the determined neutralist line of Prime Minister Nehru's government is extremely sensitive to relations with the Western Powers as well as with the Communist bloc.

Astronomers Association to Meet Thursday Night

Members of the Pontiac-Northwest Detroit Astronomers Assn. will meet at 8 p. m. tomorrow at the home of Frank Rand, 4224 Lanette St.

Rand recently gave the group a talk on Labrador and northern Canada. According to Neil T. Sprinkle, association secretary, members will view the first quarter moon through telescopes, while devoting some time to summer constellations.

If the night is rainy or cloudy, the group will meet Friday night, she said.

Carnauba wax is used in the manufacture of shoe, floor, and furniture polishes, phonograph records, electric insulators, lubricating oils, sound film, soap and also candles.

Record speed for a railroad locomotive is still held by a steam engine—127.1 miles per hour—and was set in 1905.

The vast swampy plain known as the tunda, bordering on the Arctic ocean, has been called an Arctic desert.

THE BERRYS — By Carl Grubert

Kidnap Money Gives New Lead

Greenlease Ransom Bill Found in Dakota Might Unearth Criminals

ST LOUIS, Aug. 23 (AP) — There were indications today the FBI has its first real lead in the mystery of the missing Greenlease ransom money in the discovery of a $20 bill earlier this month at Minot, N.D.

Several developments indicated the FBI attaches considerable importance to the discovery. The federal agency detailed a large squad of agents to the Minot area after the find. And it was reported to be checking on the movements of certain figures in the ransom case and on their associates to determine whether they have been in the Minot area.

* * *

The bill found Aug. 4 by Roger Lind, an attendant at the Minot Airport, possibly is the first to show up from the missing $303,720 in ransom money.

The discovery was the first to be announced by the FBI although three other bills previously were reported found.

This was considered significant since the FBI is known to have the serial numbers of the bills of each packet in the record $600,000 ransom paid by the wealthy parents of six-year-old Bobby Greenlease of Kansas City, kidnaped and slain in September 1953.

* * *

Carl Austin Hall, the kidnap-killer, told the FBI before he was executed with Bonnie Brown Heady his partner in the crime, that he broke open only two or three packets to get money to spend just before his arrest here Oct. 6, 1953.

The bills reported found last year, $20 notes at Petoskey, Mich., and Petersburg, Ind., and a $10 bill in Detroit, presumably were from the same packets as the money Hall spent just before his arrest.

* * *

The two policemen who arrested Hall, former Lt. Louis Shoulders and former Patrolman Elmer Dolan, are serving prison terms for lying about their handling of the ransom suitcases from which slightly less than half of the ransome was recovered.

It was understood that all but three or four bills which Hall said he spent have been recovered.

Aerialist Badly Hurt in Trapeze Mishap

DIXON, Ill. (AP)—A 30-year-old woman aerialist was seriously injured yesterday when she fell 75 feet from a trapeze onto an asphalt parking lot after striking a barbed wire fence.

Hundreds of spectators watched as the performer, Mrs. Evelyn Marrion, of Los Angeles, plunged to the ground while performing a "break away" in her act at Dixon's Indian Summer Festival. Her husband, also a member of the Four Sky Devils Troupe, and their 3-year-old daughter, Sheila witnessed the mishap.

Mrs. Marrion fell when two ropes holding her by the ankles snapped. Officials at Dixon Hospital reported her condition serious.

Swiss alphorns made to signal between mountain peaks are as much as 18 feet long.

A match introduced in 1882 was treated with chemicals to extinguish itself when the flame had reached the midway point of the stick, thus preventing burned fingers.

Problem — Few Teachers, More Pupils

LANSING (AP) — An old problem will face Michigan school administrators when school doors open next month: too many little indians and not enough chiefs.

* * *

State Superintendent of Public Instruction Clair L. Taylor today predicted enrollment in private and public schools will hit a whopping 1,600,000 an increase of 70,000 over last year.

This increase means three things, Taylor said:

The state needs more than 2,000 additional teachers, more than 2,000 new classrooms and "many millions of additional dollars" for operating its schools.

Taylor said it will be necessary to issue 8,000 special teachers' certificates because of the shortage of teachers qualifying for regular certificates.

During the coming year, he said, Michigan schools will employ 51,000 teachers — a record number.

"We expect teachers' salaries to average about $4,500," he added. "This means that half of the teachers are receiving less than that amount."

GREAT DRAWBACK

It is this salary situation that is the greatest drawback in meeting the teacher shortage, he added.

Earlier estimates that the schools would need about 20 million dollars in state aid were too conservative, Taylor said.

* * *

"I wish to make this a public warning — that if we do not take drastic steps we are going to continue to lose our better teachers," he added.

Outlining progress in school construction, Taylor said more than 100 million dollars has been spent on schools during the year.

Part of this construction was made possible by the constitutional amendment passed last year which set up a 100 million dollar school loan fund to help hard-pressed school districts.

Already, more than six million dollars has been loaned under this plan, Taylor said.

Some 15,000 of the 70,000 increase in school enrollment will be in high schools, Taylor said.

* * *

Crowding is not a serious condition in most Michigan high schools yet, he said, but it is "the next big problem facing the communities of the state."

Another serious problem, he remarked, is the anticipated surge in college and university enrollments.

Earlier estimates that college enrollments will double by 1970 are "too conservative," he said.

"The doubling of enrollments will apparently come before 1965," he said. College enrollments this fall will be some 20 per cent higher than last year's, he predicted.

Truman Farm Project

INDEPENDENCE, Mo. (AP) — Plans by Harry S. Truman and other members of the Truman family to turn part of their farm over to an Ohio firm for development as a shopping center received approval of the Jackson County Planning Commission yesterday.

The 105-acre tract in Grandview, Mo., is owned by the former President and Mrs. Truman and Truman's brother J. Vivian and his wife.

Skin feels better, looks better, 50c all druggists. Soothes itchy feet, cracks between toes. Peterson's Ointment delights or money back.

Folsom Beats Drum for Harry Truman

MONTGOMERY, Ala., Aug. 23 (AP)—Gov. James E. Folsom (D-Ala) expressed belief today that former President Harry Truman "is the only man who could beat Eisenhower" in the 1956 presidential campaign.

And he said again that in his opinion Truman "can have the (Democratic) nomination if he wants it, and if he's nominated he'll be elected."

The discussion came up again at his weekly news conference.

Mrs. America Is Suing Hubby for 2nd Divorce

SAN DIEGO, Calif. (AP) — Mrs. Frances Cloyd, 29, "Mrs America" of 1949, is suing for the second divorce from her husband Arthur. She charges cruelty.

The couple was married in 1943, divorced in 1950 and remarried in 1951. They have five children.

The U. S. steel industry used more than 34,000 tons of aluminum in steelmaking operations in 1954.

Moms Lend Helping Hand to Future Homemakers

Jane Ostrander is aware of the fact that lots of fresh vegetables are good for children. That's the reason she helps her mother, Mrs. Aldred Ostrander, when she's preparing meals in their home on Briggs road. Looking on is 21-month-old Joanne who seems to prefer carrots.

Pontiac Press Photos

Helping mother with the washing is one way Lynn Knight learns how to take good care of her clothes. Her mother, Mrs. Robert Knight, has told her that the shady area in their yard on Spokane drive is the place to hang the bright colored cottons so they won't fade.

Autumn Rite Highlights Hills News

John Shenefield to Claim Floridan as His Bride

By RUTH SAUNDERS

BLOOMFIELD HILLS—Mr. and Mrs. John W. Shenefield of Bennington drive are deep in plans for the Sept. 17 marriage of their son, John William Shenefield Jr. to Grace Adams Howard of Miami, Fla.

Mr. Shenefield's fiancee is the daughter of Commander George Adams Howard of Miami and a graduate of the Rhode Island School of Design.

John is a student at Dartmouth College and the couple will go to Hanover, N. H., right after their marriage here to be ready when college opens the following week.

SUPPER SCHEDULED

Friday evening Mr. and Mrs. Robert F. Swanson and Mr. and Mrs. George J. Auchterlonie will give a buffet supper in the Auchterlonie home for bride-elect Alicia Cummiskey and her fiance, Jerry Gillette.

Alicia is the daughter of Mr. and Mrs. James P. Cummiskey of Birmingham, and Jerry's parents are Mr. and Mrs. John W. Gillette of Wing Lake road.

They will be married Oct. 1 in St. Hugo of the Hills Church and a reception will be given at the Birmingham Country Club.

Mimi Cummiskey will be her sister's maid of honor and Louis C. Gillette will be his brother's best man.

Alicia has asked another sister, Constance, to be a bridesmaid. Other attendants will be Doreen Fante of Hinsdale, Ill., Joan Baldwin of Orchard Lake, Joanna Cote of Huntington Woods, Patricia Spence of New York and Mrs. Leo Rengers of Dearborn.

On Sept. 10 Mrs. Chad Ritchie will give a tea and personal shower for Miss Cummiskey, and the following day Patricia Shea and Miss Cote will be hostesses at a brunch for the couple.

GIVES LUNCHEON

Mrs. Marcus E. Cunningham entertained at luncheon today for Mrs. Thomas W. Williams of Philadelphia.

Mrs. Williams is visiting her son and daughter-in-law, Mr. and Mrs. Gordon Brettnel Williams, and her new grandson who was born in June. Mrs. "Brett" Williams is the former Sue Cunningham.

Mr. and Mrs. John W. Eden and their young son, John Jefferson Eden, will soon be back in Bloomfield from San Diego where Mr. Eden has been stationed during his Navy service.

* * *

Lt. and Mrs. Ronald Ballantyne will also be back to stay from Olathe, Kan., where Lt. Ballantyne has been stationed. Mrs. Ballantyne, the former Cynthia Booth, is expected home the first of September.

HOME FROM EUROPE

Melinda Booth has returned from spending the summer in Europe and is busy getting ready to go to Deland, Fla., for the winter. She will enter Stetson University there early in September.

* * *

Mr. and Mrs. Howard Flint have returned to their farm, "Rolling Acres," Quarton road, after two months abroad.

They were accompanied by their grandson, Howard Flint II, son of Mr. and Mrs. Edgar B. Flint, and their granddaughter, Ellen Flint, whose parents are Mr. and Mrs. Robert H. Flint.

The group first enjoyed a North Cape cruise on the SS Caronia and then left the ship to travel on the continent before returning home on the SS Queen Elizabeth.

On the return trip the young Flints met Mr. and Mrs. Hubert Davis of Cranbrook who had taken a group of young people for a similar vacation.

Mr. and Mrs. Harry S. Nichols have returned home from a stay at Saratoga Springs, N. Y.

HOLIDAY FESTIVITIES

A gay Labor Day weekend is planned at Oakland Hills Country Club with dinner dancing Friday and Saturday evenings and golf, tennis and swimming events all three days.

* * *

Mrs. George Willock has returned to her home in Pittsburgh after a visit with Mr. and Mrs. John H. Fitch of Lone Pine road.

Annoying Habit Upsets Card Game

Avoid Letting Habits of Friends Irritate You

By EMILY POST

"When playing cards, shouldn't they be left on the table until the dealer has finished dealing them out?" a reader asks. "There is a woman in our bridge club who picks each card up as they are being dealt out and starts assorting them. I don't think it's right and find it very annoying. Will you please tell me how I can bring this to her attention without hurting her feelings?"

Answer: I don't think you can call her attention to this habit of hers. While it is incorrect it certainly is not hurting anybody, and you ought not let it annoy you.

"Dear Mrs. Post: I've noticed in the beauty parlor to which I go that people tip the woman who owns the place. She is also one of the operators. I've always imagined that tipping the owner was not necessary nor even proper. What is your advice in a case like this where others are tipping her?"

There are five pages in today's Women's Section

Answer: If it is true that everyone is tipping the proprietress you could hardly do other than follow suit, but I agree that this practice is improper. The real fault, however, is on the part of the proprietress who accepts the tip in addition to the profit that she makes.

"Dear Mrs. Post: Would it be proper for a guest to wear a white dress to the wedding and reception of a close friend or is the bride the only one who wears white at a wedding? Please advise me as I don't want to do anything that would in any way detract from the bride."

Answer: In mid-summer a simple white dress would be perfectly all right.

Shower Given for Bride-Elect

Honoring bride-elect Sharon Cervenka, a linen bridal luncheon was given Saturday at Hotel Waldron by Helena Geistl of South Ardmore avenue.

Sharon, daughter of Mr. and Mrs. George Cervenka of Monrovia, Calif., will exchange nuptial vows with John F. Teiber, son of Mr. and Mrs. John Teiber of Neome drive, on Sept. 3.

Guests attending the luncheon were Mrs. Joseph Cervenka, Mrs. Frank Moseley, Mrs. Bradley Scott Jr., Mrs. Teiber, Norma Gaines, Mrs. James Halliday, Mrs. Green, Carlene Helms, Mrs. Joseph Laura Banta, Mrs. T. B. Maloney of Southfield and Mrs. Loren Flynn Jr. of Kansas City.

Going to the store is something that Mrs. G. R. Sayers and her daughters, Susie and Debbie, (left and right) enjoy doing together. It's just a nice walk to the store from their home on Dwight avenue.

Mrs. Harold Wedow and daughters, Linda (center) and Diane were making cookies in their home on Russell street when the photographer arrived. One-year-old Linda isn't old enough to do much yet, but she's interested in seeing how it's done.

Britons Only Want Margaret Happy

(Editor's Note: This is the last of three articles telling of the problems Britain's Princess Margaret faces in choosing a husband now that she has reached the "Royal Age of Consent.")

By FRED DOERFLINGER

LONDON (INS) — Behind all the rumor and speculation about Princess Margaret's marital intentions lies the basic and deep-seated wish of the British nation that she finds happiness with the man of her choice.

* * *

Although private citizens and political factions advocating the end of the entire monarchical system undeniably exist, the vast bulk of the population has a genuine affection for their "Dolly Princess."

They see in her a warm, human and gay personality, the living spirit of the new Elizabethan age, and a glamorous asset to the prestige of modern Britain.

Though to a large extent a national legend has grown up around Margaret she has always been the live-wire, the practical joker, the nice but naughty shock-creator who has brought smiles and chuckles, "Ooh's" and Ah's" to the people and provided them ample fodder for enjoyable gossip.

The possibility that Margaret may intend to forfeit all her rights and prerogatives to marry Peter Townsend and lead an entirely different kind of life has caused much heart-felt concern in Britain.

The scope and nature of the publicity would to a great extent depend upon whether or not Margaret's action is endorsed and approved by the queen and supported by the British Commonwealth governments.

CUT AND DRIED

With court and government cooperation Margaret's bid would undoubtedly be handled with smooth "cut and dried" precision, with all steps carefully charted and arranged in advance.

But if Margaret were forced to go it alone, Britain and the Commonwealth would erupt in fierce debate with inevitable repercussions on the monarchy.

The Church of England's attitude is crystal clear — it will never condone Margaret's marriage to a divorced man, and should she marry in a Scottish church or enter into a civil marriage, the church could never accept her as queen, and therefore as its head.

As for the great British public—they want Margaret's future settled in the light of her happiness. They also would like to see another male around sharing the spotlight with Prince Philip.

If she believes her only chance of happiness would be to marry Townsend and insists upon it, then it is hoped that the Queen and royal family, the state and the church will do everything they can to make it as easy as possible for her.

* * *

Even that vocal section of the public that is clamoring for Margaret to be allowed to marry "the man she loves" shares with the more restrained the feeling that it would be for the best if the Princess has truly forgotten Townsend.

Nancy Anne Upham Becomes Bride

First Congregational Church was the setting Saturday evening for the marriage of Nancy Anne Upham and William A. Gordon Jr. The Rev. Malcolm Burton performed the 8 o'clock ceremony in the presence of 250 guests.

The bride is the daughter of Mr. and Mrs. Howard K. Upham of Ascot road, and Dr. and Mrs. William A. Gordon of Dwight Avenue are parents of the bridegroom.

A gown of imported Swiss embroidered organdy was worn by Nancy. The bouffant skirt was fashioned in tiers and ended in a chapel-length train. The bodice of the gown featured a portrait neckline.

Nancy's fingertip veil of illusion was secured by a cloche and the bridal bouquet was composed of Amazon lilies, surrounded by stephanotis and ivy.

ATTEND BRIDE

Mrs. Gordon Booker attended the bride as matron of honor. Other attendants were Mrs. Harold Nicholson and Sheila Bridgford of Rochester.

Frocks of pink and white checked gingham were worn by the attendants. Fashioned with portrait necklines and drop waists, the bouffant net skirts featured tiny ruffles.

Their pictured hats of white silk braid were designed with black velvet streamers. Summer flowers entwined with ivy formed their semi-cascade bouquets.

Beverly Handren of Flint and Carol Handren of Birmingham were flower girls. They wore pink organdy dresses with tiered skirts and carried baskets of summer flowers.

Robert Gordon attended his brother as best man. Serving as ushers were Jordan A. Upham, brother of the bride; Robert Hutton of Romeo, Robert D. Boyce and William Bowman of Clawson.

The altar was banked with vases of white gladioli, chrysanthemums and pompons, palms and candelabra.

Yvonne Mitchell sang the bridal recital accompanied by Charles Wilson.

WEARS ORGANZA

The bride's mother wore a powder blue gown of silk organza with a rose pink hat. A corsage of white flowers was pinned to her pink purse.

Mrs. Gordon chose a gray-blue lace over taffeta gown. She wore a rose sequin hat and corsage of tea roses.

A reception was held following the ceremony in the Hillside Room at Devon Gables.

When the couple left on their wedding trip to Canada the bride was wearing a beige three-piece suit of faille with brown accessories and the corsage from her bridal bouquet.

The bride was graduated from Central Michigan College where she was a member of Sigma Sigma Sigma. The bridegroom is attending the college and is affiliated with Sigma Tau Gamma.

Mount Pleasant is where the newlyweds will make their home.

MR. and MRS. W. A. GORDON JR.

Honeymooning in Canada are Mr. and Mrs. William A. Gordon Jr. She is the former Nancy Anne Upham, daughter of Mr. and Mrs. Howard K. Upham of Ascot road. Dr. and Mrs. William A. Gordon of Dwight avenue are the bridegroom's parents.

Newlyweds Honeymoon in the North

Barbara K. Choate and Jack E. Allan Speak Vows

Honeymooning in northern Michigan are Mr. and Mrs. Jack E. Allan. She is the former Barbara K. Choate, daughter of Mr. and Mrs. C. L. Choate of James street. The bridegroom's parents are the Rev. and Mrs. Norman Allan of Allen Park.

The bridegroom's father performed the 3 o'clock wedding ceremony Saturday at Central Methodist Church, before 150 guests.

Mrs. Choate fashioned her daughter's bridal gown of Chantilly lace and nylon net over taffeta. The bodice was designed with scoop neckline filled with illusion, long sleeves and a bouffant skirt with vertical panels of lace.

A headpiece of illusion and pearls secured her fingertip veil of illusion and she carried a bouquet of white glamellias, stephanotis and pink roses.

Billie Hobolth attended the bride as maid of honor. She wore a gown of white embroidered nylon over rose taffeta, fashioned with scoop neckline and bouffant skirt.

OTHER ATTENDANTS

The bridesmaids, Peggy Jeffries of Lansdowne, Pa., and Sarah Jane Allan of Allen Park, sister of the bridegroom, wore gowns of white embroidered nylon over two shades of aqua.

Each attendant carried a colonial bouquet of sweetheart roses and feathered carnations matching her gown.

Jerry Allan of Washington, D.C., served as his brother's best man. Seating the guests were Tom Leafstrand of Wheaton, Ill., Paul Ludwig of Ft. Knox, Ky., Stuart Choate, brother of the bride, and Jack McDaniels of Dearborn.

A reception was held immediately following the ceremony in the church parlors.

The bride's mother wore a muted green silk shantung dress with pink and white accessories and corsage of pink cymbidium orchids.

GOWNED IN ROSE

A rose lace dress with navy accessories and a pink cymbidium orchid corsage was worn by the bridegroom's mother.

When the newlyweds left on their wedding trip the bride was wearing a two-piece pink suit with white accessories. Upon their return they will make their home in Allen Park.

MR. and MRS. JACK E. ALLAN

Barbara K. Choate and Jack E. Allan were married Saturday. Their parents are the C. L. Choates of James street and the Rev. and Mrs. Norman Allan of Allen Park.

Shower Fetes Bride-Elect

Mrs. Arthur Perry and Mrs. Hugh Cooper were co-hostesses at a linen shower honoring bride-elect Patricia Campbell, at the Perry home on State street.

* * *

Patricia, daughter of Mr. and Mrs. Arnold Campbell of Waterly street, will exchange wedding vows with Lane VanderHoek on Sept. 10 at First Presbyterian Church. He is the son of Mr. and Mrs. Peter VanderHoek of East Beverly street.

The bride-elect chose this occasion to announce her bridal attendants.

Donna TerBush will be maid of honor and bridesmaids will be Mrs. Almo Jones and Mrs. John MacAdams. Junior bridesmaid will be Judy Cooper.

Invited guests at the Thursday evening party were Jean Irwin, Edythe Perry, Donna TerBush, Patricia Butler, Jessie Huthwaite, Judy Cooper and Shirley Fisher.

Also invited to attend were Mrs. John Newbigging, Mrs. James Newbigging, Mrs. John MacAdams, Mrs. Peter VanderHoek, Mrs. Thomas Riley, Mrs. Lilly Perry, and Mrs. Almo Jones.

* * *

Mrs. Albert Savage, Mrs. Bruce Ferguson, Mrs. LeRoy Savage, Mrs. Arnold Campbell, Mrs. Jack Newbigging and Mrs. Wesley Savage completed the guest list.

Republican Club Holds Meeting

Mrs. Brooks Marshall of Birmingham was hostess to the Pontiac Women's Republican Club Monday. Mrs. Rose Chase of Bloomfield, N. J., and Mrs. Edith Tick were guests of the group.

Mrs. Janette Bathum spoke on citizenship, and Mary Chapman's topic was "Taxation." A talk on conservation wes given by Mrs. Arthur Griswold.

The guest speaker of the day was Richard VanDusen, state representative from the Third District. His topic was "The Record in the Legislature."

Committee members were Mrs. William Paetow, Mrs. Lulu Luby, Mrs. Bathum, Mrs. Emma Pelican and Mrs. William Kreklow.

Nancy E. Emerson Wed

A princess-style gown of white cryptallette over satin was worn by Nancy Ellen Emerson when she became the bride of Vernon Ray Evans Saturday in Marimont Baptist Church.

* * *

The bride's floor-length gown featured a lace bodice with a V neckline and long sleeves pointed at the wrists. Her fingertip veil fell from a tiny velvet cap with a beaded crown. She carried a cascade arrangement of white gladioli.

The bride is the daughter of Mr. and Mrs. J. W. Emerson of West Chicago avenue, and he is the son of Mrs. Ima Cochell of Spiro, Okla.

Matron of honor Mrs. Gordon Mathews and bridesmaid Sara Poppy were gowned similarly in street-length dresses of blue nylon organdy. They wore white organdy picture hats and carried cascade arrangements of pink and white gladioli,

WEAR WHITE

Flower girls Mary Ann Mathews and Cathy Sue Mathews wore white nylon dresses with navy blue sashes and carried baskets of pale pink roses.

* * *

Paul Emerson served as best man, and ushers were Vern Cook and Frank Emerson.

A lawn reception was held at the home of the bride immediately after the ceremony. Mrs. Emerson received the guests wearing a coral dress of crystallette with black accessories.

MRS. VERNON EVANS

The mother of the bridegroom wore a light blue linen suit with white accessories. Both mothers wore corsages of white camellias.

For a honeymoon trip to Oklahoma, Kansas and Nebraska, the bride changed to a lavender dress with white accessories. She wore a white corsage from her bridal bouquet.

Salt, added to the boiling starch, will give clothes a glossy finish when ironed.

Husbands' Party Held by Golfers

Mr. and Mrs. John Steinhelper, Mr. and Mrs. Robert Boles and Mr. and Mrs. Glen Hickson won prizes for low scores at the annual Husbands' Party of the Fairway Golf Club.

The affair was held Sunday at Morey's. Activities for the afternoon included a two-ball tournament and group singing, followed by dinner and awarding of prizes.

Mrs. Fred Foster headed the committee in charge of party arrangements. She was assisted by Mrs. Robert Boles, Mrs. Duke Johnson, Mrs. Oscar Lawson, Mrs. Robert Hendry, Mrs. Earl Stevenson, Mrs. George Miller, Mrs. Roy Perry and Mrs. Ray Hoover.

Don't Make Wedding Plans Until He's Sure

By ELIZABETH WOODWARD

"Dear Miss Woodward: Pat is 21, and we've been going steady for quite a while, and were planning on getting engaged at Christmas time. The other night he told me he is all mixed up and wants to think everything out. When I asked him if he loved me he said he didn't know because he is so confused. He told me he would rather be sure now than to hurt me later on. He plans that we should still go out together, but not steady.

"Is there anything I can do to help him make up his mind? I love him very much and don't want to lose him ever."

Answer: Probably Pat hasn't figured out in his own mind what it is that has him confused. All he knows is that he's feeling terribly restless, scared of being tied down, and dissatisfied with the way he is reacting to life. He can't put his feelings into words for himself, let alone explain himself to you.

All of which leaves you with a lot of very normal questions. One of which you have already asked him. Does he love you? He probably does. To you that is the fundamental, important thing. All else is purely incidental. But to him the other things are vital. His affection for you comes farther down the list.

Pat has undoubtedly taken a sudden good look at himself and the way his life is shaping up. And he has cold feet. Going steady with you has been a very pleasant arrangement. You've been very fond of each other, you've enjoyed your close relationship, you've spent many happy hours together.

But talk of getting engaged has suddenly made him consider your relationship very seriously. And its direction has suddenly made him aware of his responsibilities. It's enough to panic some boys.

Are you the perfect girl for him? (If he hasn't known too many girls, he has reason to wonder.) Would he be able to make you happy? How is he going to swing marriage financially? Is his program for the next few years going to be interrupted by military service and separation? Are the prospects of his job adequate for supporting a home of his own? Does he feel ready to settle down and take on the job of establishing a family? Is he willing to make all the compromises necessary?

So much depends on his own degree of maturity and his own disposition. A lot more depends on his estimate of you and your capabilities and qualities. The big questions have him so puzzled that he's not even sure how he really does feel about you.

His dating plan will ease the strain on him and give him a chance to figure things out. So cooperate with him. Loosen the bonds he is tugging against. When he becomes articulate about his thoughts, be reasonable (not emotional) and express your own as clearly as you can. He's going to have to set things straight with himself. Your patience and understanding will be a big help to him.

Barbara Ann Sarafinski became the bride of Donald W. Beacom on Saturday. Their parents are Mrs. Lucy Sarafinski of Homestead street, Mrs. Ovie Beacom of Auburn avenue and Donald Beacom of Scott Lake road.

MR. and MRS. D. W. BEACOM

Barbara Ann Sarafinski Repeats Marriage Vows

To reside in Pontiac following an Eastern wedding trip are Mr. and Mrs. Donald William Beacom. The bride is the former Barbara Ann Sarafinski, daughter of Mrs. Lucy Sarafinski of Homestead street.

The bridegroom is the son of Mrs. Ovie Beacom of Auburn avenue and Donald Beacom of Scott Lake road.

St. Vincent de Paul Church was the setting Saturday at 10 a.m. for the ceremony performed by the Rev. Maurice Veryser before 100 guests.

A floor-length gown of tulle and lace over satin with chapel-length train was worn by the bride. A seed pearl crown secured her veil, and she wore the bridegroom's gift of a double strand of pearls.

The bridal bouquet was composed of white carnations and an orchid, carried with a white missal.

ATTENDS BRIDE

Marge Taylor attended the bride as maid of honor wearing a strapless gown of green chiffon and carrying a bouquet of white gladioli.

Bridesmaids were Donna Linsenman, who wore a yellow chiffon dress and carried lavender gladioli, and Joyce Mapley, who wore a pink chiffon gown and carried yellow gladioli.

Tom Burke served as best man. Seating the guests were Leo Linsenman and Edward Gilleon.

A reception was held following the ceremony at the South Paddock street home of Mr. and Mrs. Ted Sarafinski.

The bride's mother wore a blue dress and a pink rosebud corsage. A beige two-piece dress with a pink rosebud corsage was the choice of the bridegroom's mother.

When the newlyweds left on their honeymoon the bride was wearing a green dress with white accessories.

DARRYL LEE BRUESTLE

Darryl Lee Bruestle, son of Mr. and Mrs. Emil Bruestle of Dover road, received a B. S. degree in police administration Friday from Michigan State University. He was also appointed as a reserve commissioned officer, second lieutenant, in the Military Police Corps of the U. S. Army. He will report for duty at Camp Gordon, Ga., on Jan. 1.

A little kitchen wax applied to the bottoms of ice trays will prevent them from sticking in the freezing unit.

An average serving of lean beef provides one-quarter of the daily protein needs, one-fifth of the iron and one-tenth of the riboflavin.

Group Making Arrangements for Fall Frolic

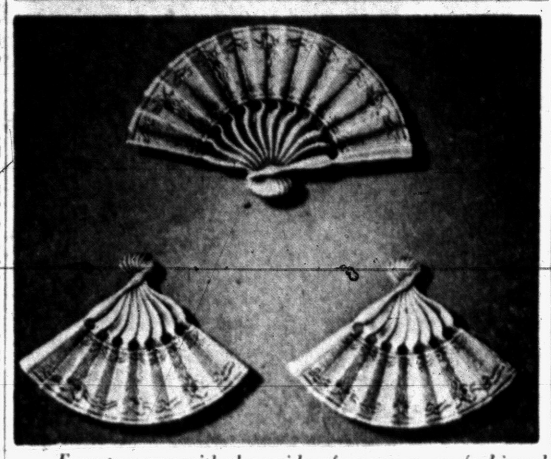
Mrs. Frank Perna and Mrs. Robert Ranzilla, cochairmen for the Fall Frolic, sixth annual dance sponsored by the Italian-American Club, announced their committees at a recent meeting of the group held at the home of Mr. and Mrs. Frank Perna of Ann Arbor avenue.

The dance will be held Oct. 22 at Pontiac Local 653 Hall on Kennett road.

On the orchestra and entertainment committee are Mr. and Mrs. Rudy Mazza and Donald Sanilli. Lewis Spadafore, Robert Konilla and Paul Felice will be in charge of the ad book.

Decorations will be handled by Mrs. Frank Benning, and Mrs. Carl Rogers will be in charge of ticket sales.

Monica Palace, Mrs. Robert Ranzilla and Mrs. Ralph Mazza are handling publicity.



Fans to wear with the pride of purpose are fashioned by a well known jewelry manufacturer with devotion to a noble cause, as the firm's 80th anniversary project to help fight childhood cancer. The fan is the emblem of Children's Memorial Cancer Fund, Inc.

Multi Color Plaids Gain Men's Favor

It will be good news to those who hold forth for more color in men's clothes that bright, multi-colored plaids show signs of winning greater favor for fall.

What's more, they will regain their popularity niche in two types of garments most men will be glad to endorse. Utility jackets are for outdoor work and sports, and there are "relaxation clothes," a new concept in the range of garments with which men may outfit themselves.

Coming Events

Ladies Auxiliary, 1230 FOE, will meet at 289 W Montcalm St., Thursday at 8 p.m. This will be the last reading and voting on bylaws.

Huron Gardens Eagles Auxiliary 2887 is meeting tonight at 8 o'clock at 4405 Highland Rd. The officers will meet at 7:30 p.m.

Friends prayer meeting will be held at the home of Mrs. Mattie Jackson of 27 Miller St., Thursday at 7:30 p.m.

Joanne Orr Speaks Vows

MRS. JOHN R. WEISS JR.

At a solemn High Mass, celebrated at 10 o'clock in St. Joseph Church, Joanne Orr became the bride of John R. Weiss Jr.

* * *

Joanne is the daughter of Mr. and Mrs. Albert Orr of Clarkston and John is the son of Mr. and Mrs. John R. Weiss of Ferry street.

The bride was dressed in a ballerina-length lace dress. She carried a white orchid and rosebud arrangement on a prayerbook.

Georgine Orr, sister of the bride, was maid of honor. Her gown was of blue chiffon and she carried white and yellow chrysanthemums.

* * *

Bridesmaids Mrs. Roy Wegman, another sister of the bride, and Mrs. Richard Stoner were gowned alike in shrimp-colored chiffon. Their flowers were white chrysanthemums.

Richard Stoner served as best man, and seating the guests were Delbert Kasat and Roy Wegman.

Immediately following the Saturday ceremony a wedding breakfast was served at Hotel Roosevelt. The couple is honeymooning in northern Michigan and Wisconsin.

Washing parchment lampshades with milk will help keep them glossy as well as clean.

Blue Star Mothers Planning Recepton

Blue Star Mothers Chapter 4 met at the South Marshall street home of Mrs. James Schram on Tuesday.

Plans were made for members to attend a reception in Highland Park Thursday evening for Mrs. Iva Stringer, department president.

Troubles May Be Luck in Disguise

By ANNE HEYWOOD

My grandmother's favorite expression was, "God closes one door only to open another."

* * *

It used to burn me up, sometimes. Whenever I was coping with adolescent disappointments, she would try to comfort me with that comment.

"And it rarely comforted me; because—you know how tragic a disappointment is at that age.

But now, of course, I find myself thinking the same thing and becoming more and more convinced that it is true. When one thing folds up, it is often just a prelude to something else.

Take, for example, Eleanora J.

Eleanora was a shy, studious, introverted girl who never could make light conversation and who suffered a great deal when she was in her teens.

FINISHED SCHOOL

When she finished school, Eleanora studied to be a librarian and was given a good job in her local library. Since she was accurate and meticulous she did most of the behind-the-scenes work, and was rarely asked to handle the front desks.

As the years went on, she became more studious and introverted, never seemed to acquire any social graces. She liked the job, did it well and advanced. In fact, to mitigate her loneliness, she put in lots of extra time.

* * *

Then one tragic day, Eleanora's eyes went back on her. At first, her vision became blurred, but soon she began to have dizzy spells.

She went to her family doctor, who sent her to an eye specialist. After many tests, she was told there was nothing organically wrong.

In other words, the trouble with her eyes, real though it was, was psychogenic—originating from mental or emotional causes. But this didn't help Eleanora at all, since she couldn't see well enough to handle her library work.

It was a complete tragedy, involving not only her livelihood but her main interest in life. Both doors, it seemed, were closing on her.

She gave up the job—she had to. And when she pulled herself together and talked to her family doctor, she discovered that the only kind of job she could take was one as a receptionist.

NO SKILL

She was sure it would be impossible; she had no skill with people and was scared to death at the thought. But with her eyes as they were, it was the only solution.

That was three years ago. Eleanora found a job as a receptionist. It was a nightmare at first, but she got better and better at it.

* * *

And while she is no extrovert, she has learned to like people and work well with them. In fact, she was just made assistant to the office manager!

Bernice Fernandez exchanged nuptial vows with Otis W. Caswell Saturday. She is the daughter of Mr. and Mrs. Robert Fernandez of Esther street, and he is the son of the Kenneth Caswells of Elizabeth Lake road.

MR. and MRS. OTIS W. CASWELL

Bernice Fernandez Wed in Lake Orion Ceremony

St. Joseph Church, Lake Orion, was the scene for the Saturday wedding of Bernice C. Fernandez and Otis Warden Caswell. The Rev. George Ging celebrated the Nuptial Mass.

* * *

She is the daughter of Mr. and Mrs. Robert A. Fernandez of Esther street, and he is the son of Mr. and Mrs. Kenneth Caswell of Elizabeth Lake road.

The bride's gown was of Rose Pointe lace. The pleated bodice featured an illusion net yoke and long sleeves tapered at the wrists.

The skirt was fashioned in an apron effect, with the lower front edge made of ruffled nylon tulle. The back of the skirt fell into a chapel-length train of nylon ruffled tulle cascading from the waist in a fan shape.

The bride carried a white orchid on a pearl-bound prayerbook. Her only jewelry was a strand of pearls, a gift of the bridegroom.

GOWNED IN ORCHID

Mrs. John McClelland Jr. of Oxford wore an orchid ballerina-length gown of nylon tulle with two layers of ruffles along the bottom of the skirt.

* * *

Bridesmaids Mrs. Peter Jaruzel, Patricia McMahon and Cleopatra Fernandez chose gowns similar to the matron of honor's. Mrs. Jaruzel wore an aqua gown, Miss McMahon's dress was pink and Miss Fernandez wore a yellow gown. They carried colonial bouquets of daisies. Their hats matched the color of their gowns.

John McClelland Jr. of Oxford served as best man. Richard Krause of Rochester, William Ogg and Peter Jaruzel were ushers.

After a Saturday evening reception at the Dublin Community Center, the bride changed to an aqua shantung suit with white pique trim and white accessories for a honeymoon trip to northern Michigan.

On their return the newlyweds will reside on Elizabeth Lake road.

Color Goes All Out In Fall Wardrobe

Color and fabric make clothes particularly exciting this fall. And what's true of outer fashions is equally true of foundations.

Plaids, polka dots and rosebuds enliven girdles and bras for the college crowd. You can go "all out" for color and pattern — or choose basic white with gay touches added.

If presented with the problem of a leaky fountain pen, check to be sure "breather" holes in the cap are not clogged.

Only One Yard 54"

4514 WAIST 24"—32"

by Anne Adams

ONE YARD WONDER! Yes, you can make this new-fashion skirt of just one yard 54-inch fabric in ANY size given! Note the dramatic side slant and the jutting hip pocket. This is sure to become your favorite costume-maker. And it's SEW-EASY!

Pattern 4514: Misses' Waist Sizes 24, 25, 26, 28, 30, 32 inches. All given sizes: 1 yard 54-inch.

This pattern easy to use, simple to sew, is tested for fit. Has complete illustrated instructions.

Send 35 cents in coins for this pattern—add 5 cents for each pattern for first-class mailing. Send to Anne Adams, care of 137 Pontiac Press Pattern Dept., 243 West 17th St., New York 11, N.Y. Print plainly name, address with zone, size and style number.

A. Jacqueline Carr Weds in New York Ceremony

The Cathedral of Immaculate Conception at Syracuse, N. Y., was the setting Saturday afternoon at two o'clock for the marriage of A. Jacqueline Carr and Robert M. Pender.

She is the daughter of Mr. and Mrs. Fred Miller of Pensacola avenue, and the bridegroom is the son of Mr. and Mrs. Frank Pender of Syracuse.

* * *

The bride wore a gown fashioned with a lace bodice, scoop neckline, short sleeves and full net skirt. Her fingertip veil was attached to a small satin cap and she wore lace mitts.

Her jewelry was a strand of seed pearls, a gift of the bridegroom. The bridal bouquet was composed of a white prayer book, orchid and streamers.

Mrs. Gregory Mulherin of Schenectady, N. Y., was matron of honor. She wore a a street length dress of pale blue, styled similarly to the bride's. She carried a bouquet of yellow orchids.

* * *

Edward Karpinski of Syracuse was best man and seating the guests were James Greiner and George Becker, also of Syracuse.

LAVENDER GOWN

The bride's mother wore a light lavender silk and cotton dress in princess style. She wore matching accessories and a purple orchid.

* * *

A navy silk suit was worn by the bridegroom's mother with matching accessories and an orchid corsage.

When the newlyweds left on their wedding trip she was wearing a yellow and white cotton print dress with yellow alligator accessories. After a short honeymoon they will reside in Memphis, Tenn.

MRS. R. M. PENDER

The bride was graduated from Cortland State Teachers College and received her master's degree from Syracuse University. The bridegroom was graduated from LeMoyne College in Syracuse and is serving with the Naval Air Force.

First Methodist Circles Conduct August Meetings

August meetings of the circles of the WSCS of First Methodist Church featured picnics and co-operative luncheons.

Sarah

Sarah Circle picnicked at the Elizabeth Lake road home of Mrs. John Rawley. Mrs. Lewis Butler presented the devotions and Mrs. Stanley Colby arranged the program.

Rhoda

Rhoda Circle held its meeting at the home of Mrs. Frank Heubner of Theda avenue.

Lois and Mary

Mrs. Chester Caughell of Whittemore street entertained the Lois Group and Mrs. Talmage Shelton of Summit avenue was hostess to the Mary Circle.

Elizabeth

Elizabeth Circle met at Elizabeth Lake Shores for a picnic with Mrs. Robert Burnsworth as hostess.

The fall meetings will feature 15th anniversary observances.

Norma Jane Coleman became the bride of Donald J. Cavalier Saturday evening at Christian Temple. The Frank Colemans of South Edith street are her parents, and he is the son of the C. J. Cavaliers of Wall street.

MR. and MRS. DONALD CAVALIER

Norma Coleman Marries

Norma Jane Coleman exchanged nuptial vows with Donald J. Cavalier Saturday evening at Christian Temple. The Rev. L. L. Marion officiated at the ceremony.

* * *

The bride is the daughter of Mr. and Mrs. Frank Coleman of South Edith street, and the bridegroom is the son of Mr. and Mrs. C. J. Cavalier of Wall street.

A light blue flannel suit trimmed with rhinestones and seed pearls was worn by the bride. A tiny blue matching hat and navy accessories completed her ensemble. She carried a prayerbook adorned with white orchids.

Shirley Michaelson, the bride's only attendant, wore a light pink flannel suit with white accessories and a camellia corsage.

Lloyd Braye served as best man.

* * *

A reception was held for 300 guests at the American Legion Hall in Auburn Heights. Out-of-town guests attended from Stratford, Ont., Detroit, Dearborn and Flint.

Tennis Tourneys Begin on August 31

Orchard Lake Country Club's championship tennis tournaments will get under way Aug. 31 and will continue through Sept. 5.

Members must phone in their entries to the tennis house at the club before Aug. 30 if they wish to take part.

Stain Should Be Brushed and Spotted

Spots on trouser legs and long skirts should be tackled at once by brushing off loose soil, then gently spotting the stain with soap and water.

No not press the spotted garment as the heat of the iron will make the stain permanent.

When dealing with citrus fruits or tomatoes, never use copper or brass strainers, as these metals will destroy vitamin C.

Put a strip of wax paper over the braid when sewing rick-rack to prevent it from catching in the presser foot of the sewing machine. The paper is easy to remove afterwards.

Eyebrows Are Important

We are realizing more and more the importance of good looking eyebrows. The eyes are our most important feature and the brows can add to or detract from the beauty of the eye. First they must be neat. You don't have to have special knowledge about the correct shape of the brow to make them neat.

Just pluck the wild ones and then if you have a very thin spot fill it in with short quick strokes, using a regular No. 2 writing pencil.

If your features are very irregular and you feel that a different shape eyebrow would be an improvement, consult your beautician. She can help you choose a better line if that is necessary.

Sylvia Marie Doran became the bride of Richard Lewis Courteau Saturday at St. Michael Church. She is the daughter of Mr. and Mrs. Merlin J. Doran of Euclid avenue, and he is the son of Mr. and Mrs. Lewis E. Courteau of Clarkston.

MR. and MRS. RICHARD COURTEAU

Sylvia Doran Becomes Bride in St. Michael Rite

Before an altar banked with white gladioli and greens Sylvia Marie Doran became the bride of Richard Lewis Courteau.

* * *

The couple exchanged nuptial vows Saturday in the presence of 150 guests at St. Michael Church.

The bride is the daughter of Mr. and Mrs. Merlin J. Doran of Euclid avenue. He is the son of Mr. and Mrs. Lewis E. Courteau of Clarkston.

A gown fashioned of schiffli embroidered nylon tulle was worn by the bride. Her fingertip-length circular veil was secured by a tiara of rhinestones, pearls and iridescent sequins. She carried an arrangement of white carnations centered with pink orchids.

* * *

Mrs. James Courteau, matron of honor, was attired in a Grecian-style waltz-length gown of pink nylon chiffon. Her cascade bouquet was of pink and blue shattered carnations, and a Grecian wreath of the same flowers was worn in her hair.

WEAR PINK, BLUE

Bridesmaids Doreen Andary, Theresa Farrell, Betty Jean Sage and Carroll Berquist wore identical gowns, fashioned like the honor attendant's, in pink and blue.

Jill Farrell, flower girl, was wearing a waltz-length frock of white nylon chiffon over net and taffeta.

Serving his cousin as best man was James Courteau and seating the guests were Clarence Sage, Merlin Doran, Lee Ernst and Francis Guellec.

For her daughter's wedding Mrs. Doran chose a waltz-length gown of aqua tissue silk over net and taffeta. Her accessories were pink and she wore a corsage of pink orchids.

Mrs. Courteau chose an aqua lace gown over taffeta with which she wore pink accessories and a corsage of pink orchids.

An evening reception was held at the Amvets Hall.

TRAVEL NORTH

Leaving for her honeymoon in upper Michigan, the new Mrs. Courteau was wearing a pink nylon dress, white accessories and the pink orchid from her wedding bouquet.

Upon their return the newlyweds will make their home in Waterford.

Gather for Picnic

The Pioneer Sisters met at the home of Mrs. I. M. Beattie at Williams Lake recently for a luncheon picnic. There were four guests present at the affair.

Camp Recipe Can Be Made in Oven

Carolann Bingham Bakes Gingerbread With Applesauce

By JANET ODELL
Pontiac Press Food Editor

Here's a recipe that has an unusual feature to it. It has been tested out-of-doors and found acceptable by a group of Girl Scout campers. However, there is no reason why it cannot be baked in an oven.

Carolann Bingham, Field Director of Northern Oakland County Girl Scouts gave us this recipe while she was directing the Primitive Unit at Camp Sherwood. It is one of her favorite camp desserts.

Although Girl Scouting is probably her main interest, Carolann also enjoys dramatics. She is a member of the Pontiac American Association of University Women.

GINGERBREAD A LA APPLESAUCE

By Carolann Bingham

2 cans applesauce (about 3 cups)
1 package gingerbread mix

Prepare the gingerbread mix, making it the consistency of cookie dough. Simmer the applesauce in a heavy covered pan for 5 minutes. Drop the cookie dough in serving size lumps on top of the applesauce. Cover and let simmer over low coals for 20-30 minutes. Test before removing.

If prepared in the oven, bake at 350 until the cookie dumplings are done.

MOMS Unit Holds Picnic at Coe Home

At a recent picnic of MOMS Unit 21, held at the Lake Oakland home of Mrs. Fred Coe, the report of the nominating committee was presented.

Eighteen members and one guest were present for the gathering. Games and dancing were enjoyed following dinner.

Cohostesses were Mrs. Gerald Roerink and Mrs. Joseph Goedeke.

Prop up the insides of rubber boots with cardboard when they are not in use in order to help keep their shape and provide longer wear.

Nance Barn Burns Down

CENTRAL LAKE (AP) — A farm barn, owned by auto industrialist John J. Nance, was destroyed by fire Monday with losses estimated at about $25,000. The Nance farm, about two miles west of the city, is operated by a tenant. Firemen said the barn held quantities of hay, grain and machinery.

Glaucoma caused the blindness of about 3,400 persons in the U. S. during 1954.

Wants Blanket Income Tax Cut

Senator Martin Claims Reduction Can Average $100 a Person

WASHINGTON (INS)—A leading Republican on the Senate Finance Committee has announced that he favors an across-the-board income tax cut next year.

* * *

Sen. Edward Martin (R-Pa), second-ranking GOP member of the tax-writing group, said the reduction "can average $100" per taxpayer. He argued that the across-the-board method is the "only fair and American way" to provide tax relief.

The tax issue is certain to be a major political controversy when Congress reconvenes in 1956.

Democrats have already indicated they will call for a tax cut designed to give major benefits to lower income groups and will oppose an across-the-board formula.

The Pennsylvania Republican also said in an interview that he believes President Eisenhower will be a candidate for re-election if the Chief Executive feels he can advance the cause of world peace.

IKE SECOND TERM?

He emphasized that he hopes Eisenhower will seek a second term.

But Martin added: "If President Eisenhower chooses not to be a candidate, we will have an open convention with a great number of able men as aspirants."

An Oklahoma Congressman, however, predicted that neither the President nor Adlai Stevenson will be the 1956 nominees of their respective parties.

Rep. Victor Wickersham (D-Okla), said he thinks the GOP will nominate one of two Californians — Vice President Richard M. Nixon or Senate Minority Leader William F. Knowland.

He declared that either would be defeated by Democratic Sen. Estes Kefauver of Tennessee, Gov. Averell Harriman of New York or Gov. G. Mennen Williams of Michigan.

K AND K

And, Wickersham added, the Democrats could even defeat Eisenhower with a "team of K and K"—meaning Kefauver for president and Sen. Robert Kerr, Okla., for vice president.

Another "Winning cobination," the Oklahoma congressman said, would be Harriman and Sen. Stuart Symington, Mo. He said Harriman could beat Stevenson "on the first ballot" in next year's Democratic convention.

Martin listed many names as possible GOP candidates, if the President refuses to run for a second term. He included Nixon, Knowland, Gov. Goodwin Knight of California, Gov. Arthur Langlie of Washington, GOP House Leader Joseph W. Martin, Mass., Henry Cabot Lodge, Ambassador to the United Nations, several Republican senators and Pennsylvania Congressmen Samuel K. McConnell and Richard M. Simpson.

Jumping Jiminies!

OKLAHOMA CITY (AP)—"I just saw a kangaroo on Northeast 23rd," the caller, vocally shaken, telephoned police. Dispatcher C. D. Scott hopped to his duties, setting off a fullscale East Side safari of patrolmen headed by Julian Frazier, Lincoln Park zoo director. Frazier and his men soon spotted their quarry, hiding in the brush, and jumped it. The animal turned out to be stuffed, apparently planted by a prankster.

It Was Too Obvious

SALT LAKE CITY (AP) — Police Officer R. B. Jacobsen was called to the scene of a residence construction. He saw a man loading materials into his automobile. "What are you doing?" asked Jacobsen, and the man replied, "It must be pretty obvious what I'm doing — I'm copping a few bricks." Jacobsen hauled him in and booked him for drunkenness. The 29-year-old man gave his occupation as "student."

Lazy Toad Lives After Tree Root Entwines Leg

SAN ANGELO, Tex. (AP) — A horned toad is alive and kicking after apparently napping long enough for a small tree root to grow around one leg and trap it. The little lizard was found this week squirming helplessly near a mesquite tree in Charles Holster's back yard. Another toad seemed to be keeping it company.

It's plight recalled another sleepy head horned toad, Old Rip, supposed to have been found alive in 1929 in the cornerstone of the old Eastland County courthouse. Legen said Rip was sealed in the stone 31 years earlier. Old Rip's coffin now occupies an honored spot in the new courthouse.

Warner Widow Asks Money From Estate

LOS ANGELES (AP)—A petition for $2,850 monthly allowance has been filed by Mrs. Anita Lipton Warner from the estate of the late Thomas W. Warner III, heir to an auto parts fortune. Warner died last May 13 when he fell over a 12-foot garden wall in the rear of his Pasadena home.

Mrs. Warner, whose screen name is Nora Perry, received $200,000 in community property and $600 a month when she was given a separate maintenance decree. She was Warner's fourth wife and was specifically disinherited in a will dated July 12, 1953. Mrs. Jean McDonald Warner, Warner's second wife, was bequeated the bulk of the estate.

Oil Heiress Marries

BEVERL HILLS, Calif. (AP) — Lucy Estelle (Dicky Dell) Doheny, 39, granddaughter of the late oil magnate E. L. Doheny, says that she and Porter Washington, a dog handler, have been married since last Thursday. The new Mrs. Washington, a dog fancier, said yesterday that she and Washington were wed in a Reno, Nev., hotel. She was divorced last year from attorney W. Van Cott Niven, by whom she has three children.

Many jellyfish are so diaphanous that a swimmer can move among them without knowing they are there.

About one-fourth of America's farmers in 1800 were classed as tenants.

The Capitol dome is painted every four years and needs 1,000 gallons of paint.

TOGGLE SWITCH 29¢
Leads and terminals totaly enclosed. Takes 10-12 or 14 gauge wire.

Your Handy Helpful Hardware Man suggests:

HOW TO USE WIRE SOLDER SAFELY

This will save many a burned finger when using a soldering iron. A handle wound from wire itself will prevent wire solder from becoming too hot to hold. Wrap a suitable length, 2 or 3 ft., around a pencil, then pull off the coils. Pass one end of the wire through the center of the turns. The solder now can be held around the loops and worked close to the torch or iron without danger of burned fingers. Additional solder is supplied by pulling the end through the coils.

Many other Handy Man Hints can be found in Popular Mechanics' "DO IT YOURSELF" books available at this store.

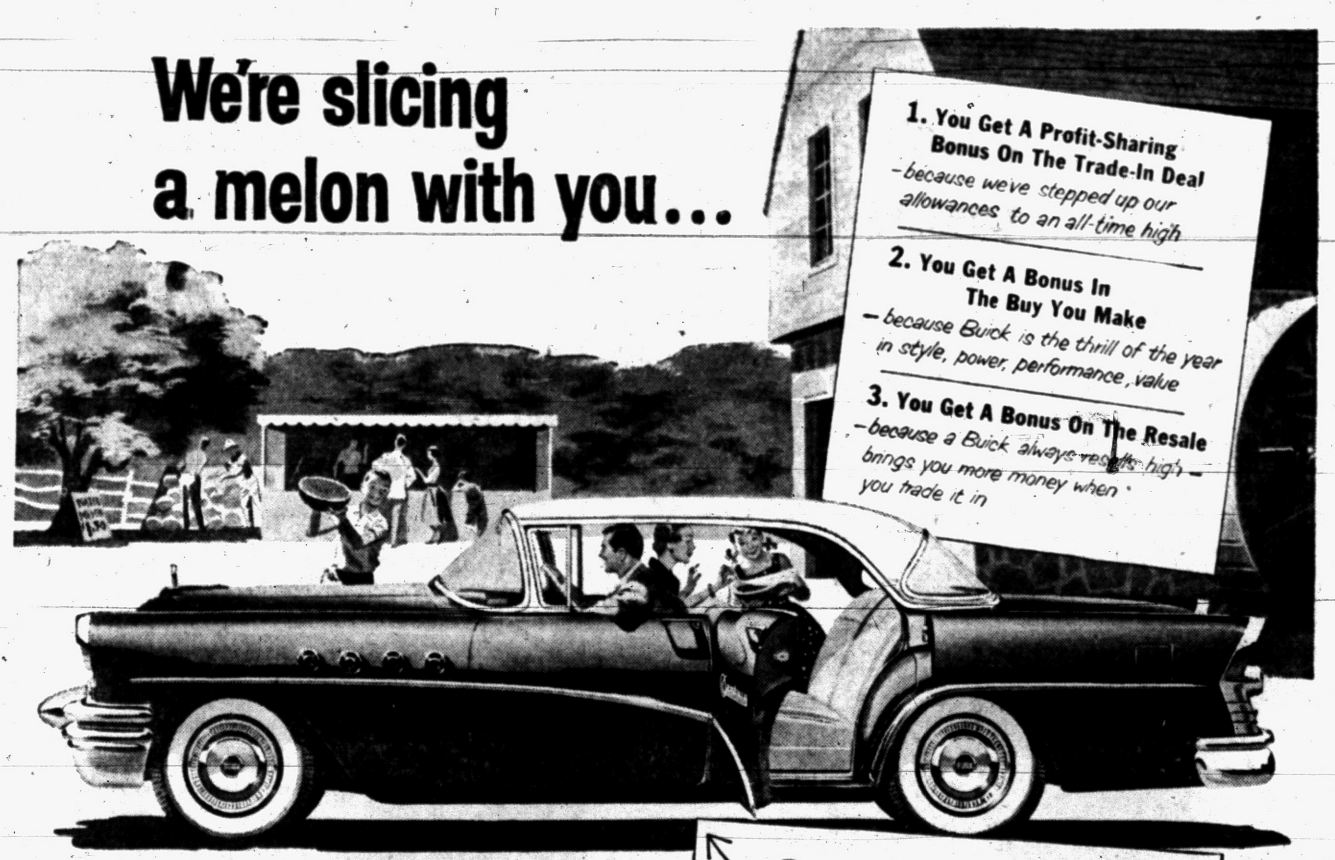
We're slicing a melon with you...



1. You Get A Profit-Sharing Bonus On The Trade-In Deal
—because we've stepped up our allowances to an all-time high

2. You Get A Bonus In The Buy You Make
—because Buick is the thrill of the year in style, power, performance, value

3. You Get A Bonus On The Resale
—because a Buick always results high — brings you more money when you trade it in

Bonus Beauty in Hardtops

Even the new hit in hardtops—the 4-Door Riviera—is included in our profit-sharing bonus deals today. Shown here is the 236-hp CENTURY 6-Passenger 4-Door Riviera, Model 63. Also available in the low-price SPECIAL Series as Model 43.

WHAT happens when a business has a really great year? A bonus is declared—right?

Well, sir—get set for a windfall, because this is more than Buick's greatest year. This is the *greatest*.

Not only is Buick outselling every car in America except the two most widely known smaller cars—we're breaking every sales record in our history. Right now we're past the mark set in our best *full* year—and still going great guns.

So we're slicing a melon with you in the form of an all-out trade-in allowance—a profit-sharing bonus deal that beats even the big trades we've been giving all year. After all, we've gone way beyond our expected volume—and can now afford to stretch our trade-in allowances to practically our break-even point.

And *that* puts you more easily than ever before in the driver's seat of the hottest-selling Buick in history . . .

The Buick with the boldest, freshest styling of the times—with the snap and ginger of record-high V8 power—with the level buoyancy of the all-coil-spring ride—*and with the electrifying performance of Variable Pitch Dynaflow,* world's first and only transmission using the switch-pitch principle of the modern plane's propeller.*

Better come in and visit us tomorrow—today, if you can—and see for yourself that the thrill and the buy and the deal of the year is Buick, hands down.

**Variable Pitch Dynaflow is the only Dynaflow Buick builds today. It is standard on ROADMASTER, optional at modest extra cost on other Series.*

Thrill of the year is Buick—

Biggest-selling Buick in History! (So we're trading high, wide and then some!)

Thailand Enters New York Trade Market

By PHYLLIS BATTELLE

NEW YORK (INS) — A New Yorker has long had just about the whole world at his fingertips — or rather, on the tip of his tongue.

* * *

"Take me to that new Armenian joint," he could always say to a cab driver, and within 10 minutes and $5 on the meter, he could be eating shish-kebab the gen-oo-ine way.

Or "I'd like t'see a little bit of old China," he might remark, and he'd have 57 varieties of bean sprouts to choose from in 200 Chin 'n' Chop houses. Spanish haciendas, candle-lit Viennese-ries, Javanese temples, African Jungles (kindly do not feed the gnu), Yukon bars and Hashish hash-houses — all were his, at command.

There was just one outstanding country missing. Thailand. You had to go to the United Nations building and ask a lot of directions before you could find a human sample of the land that was once Siam.

SOMETHING NEW

Last week, however, the picture was made complete when Thailand, the country with the teak elephants and exotic dancing girls, at last invaded New York City. The Thailanders being a small, graceful race of mankind, slipped into the city in a delicate, quiet way and opened a shop full of hand-made products.

In their first week of operations, they sold:

"Two silk sari," said the salesman, "and one earring."

"One earring?"

"One earring," he nodded agreeably, "for two ear."

The shy little shop, labeled "export-import Thailand products," is located remotely on Second Avenue, five blocks removed from Fifth Avenue and the madding crowd that spends its mad money on frivolous items like saris. This does not seem to bother the manager, Komol Virairatana, a recent graduate of Washington, (D. C.) Military College, or his part-time salesman, Dr. Dhani Siriyong, of Polyclinic Hospital.

"We don't care to make money," Siriyong reports, "just good will for future relations between America and Siam . . . excuse . . . Thailand."

Now this is an unusual attitude to possess amid the machinations of a city like this, and it could lead to disillusionment; business being pretty much all-business in New York. However, Mr. Virairatana has thought it all out soberly.

NO MIDDLE MAN

"We are a small country with great raw resources," he says, "and for many years have exported rice and teak and tin ore and various animal skin to America. We did most of it through China — the middle man."

Today, of course, the middle man is Communist and Thailand wont deal with him anymore. So the Thailanders are going to work on their own hook, and that is what this one-room touch of old Siam is doing in New York. It is, in its quiet and kindly way, showing Americans the spirit — and resources — that Thailand has to offer, as a wedge to broader import and export relations in the future.

So in a store that is rented for $200, against a backdrop of plain concrete walls embellished with toothy masks of the variety worn in the ancient and modern Siamese dances, Thailand is politely asking for an introduction to America.

With hand-carved teak elephants, enameled tableware, black silver jewelry and splendid silk saris, they are saying: "Hello. Come in. We show you what we can offer America."

And now New Yorkers have, surely, the whole world to choose from.

Anybody still homesick?

Lear Firm Plans Move

GRAND RAPIDS (AP) — William P. Lear, founder and board chairman of Lear, Inc., aircraft industry electronics firm, plans to establish residence next month in Geneva, Switzerland. The Lear firm announced his plans Monday. It said he may develop license arrangements with foreign countries in a research program.

U. S. railroad operating revenues for 1954 were 9,371 million dollars, the smallest since 1949.

Eisenhower—Champion of Peace

'...Let's Swap Blueprints...'

Editor's note: This is the third of five articles by INS writer Bob Considine telling the dramatic story of President Eisenhower's emergence as champion of peace—and his Big Four meeting with the Russians.

A major target in Eisenhower's war for peace since his days in post-war Berlin with Marshal Zhukov has been the winning of the Russians' confidence. He searched for the one massive stroke that would assure them and a hesitant world that the U.S. was wholeheartedly peace-minded beyond question. He found it in a meeting of the National Security Council early last month and took it to Geneva with him as his best-kept secret.

"Gentlemen," he said in time, "since I have been working on this memorandum to present to this conference I have been searching my heart and mind for something that I could say here that could convince everyone of the great sincerity of the United States in approaching this problem of disarmament.

"I should address myself for a moment principally to the delegates from the Soviet Union, because our two great countries admittedly possess new and terrible weapons in quantities which do give rise in other parts of the world, or reciprocally, to the fears and dangers of surprise attack.

LET'S SWAP BLUEPRINTS

"I propose, therefore, that we take a practical step, that we begin an arrangement, very quickly, as between ourselves — immediately. These steps would include:

"To give to each other a complete blueprint of our military establishments, from beginning to end, from one end of our countries to the other; lay out the establishments and provide the blueprints to each other.

"Next, to provide within our countries facilities for aerial photography to the other country—we to provide you the facilities within our country, ample facilities for aerial reconnaissance, where you can make all the pictures you choose and take them to your own country to study, you to provide exactly the same facilities for us and we to make these examinations. By this step we could convince the world that we are providing against the possibility of great surprise attack, thus lessening danger and relaxing tension."

As Eisenhower reached that point and looked up at the stunned faces of the Russians, a deafening clap of thunder rent the thick silence of the council room. The lights blinked out. Into the unreal scene the President injected his famed smile and chuckle.

"I didn't know I'd put out the lights," he said, "but I'll finish..."

The quest for peace is the statesman's most exacting duty, he concluded. "Security of the nation entrusted to the statesman's care is his greatest responsibility. Practical progress to lasting peace is his fondest hope."

A STATESMAN'S TRUST

He would not leave them with the thought that they had in him an American representative ready and eager to consign his sword to the junk heap.

"Yet in the pursuit of his hope the statesman must not betray the trust placed in him as guardian of the peoples' security," he said, looking at the Russians. "A sound peace—with security, justice, well-being, and freedom for the people of the world—can (Eisenhower stressed the word) be achieved, but only by patiently and thoughtfully following a hard and sure and tested road."

Who can tell just where Eisenhower the professional soldier stopped and Eisenhower the vessel of a whole world's hope for peace began?

War was his trade and the sufferings of war victims of little moment to him when he graduated from West Point. Recalling that graduation, he told the class of 1955:

WAR'S RESULT

"Well, the First World War erased all grounds for such smugness. Even our own country finally became a participant. Great European empires were destroyed. The world was confronted with human losses of staggering and unprecedented proportions. By that war's end, over three years after our graduation, mankind had come to understand that any war is a human disaster—and in any major war the extent of the disaster is global. None escapes its effects . . . A second global conflict closed just ten years ago with a weapon that could make of war a catastrophe approaching almost the extermination of mankind."

There is nothing in the Eisenhower story between November 11, 1918, and Pearl Harbor to indicate aught but that he worked and studied to gain the promotions calculated to give him high rank in the Second World War he felt sure would come. Once in it to the hilt, however, he quickly became known for the warmth of his manner around his men. One can guess at the tacit emotions that lay beneath the orderly flow of his formal account of the night before D-day . . .

"Again I had to endure the interminable wait that always intervenes betwen the final decision of the high command and the earliest possible determination of success or failure in such ventures.

"I spent the time visiting troops that would participate in the assault. A late evening trip on the fifth (June) took me to the camp of the U.S. 101st Airborne Division, one of the units whose participation had been so severely questioned by the air commander.

"I found the men in fine fettle, many of them joshingly admonishing me that I had no cause for worry, since the 101st was on the job and everything would be taken care of in fine shape. I stayed with them until the last of them were in the air..."

TURNING POINT?

Was it there and everywhere else he had to send men to their deaths that Eisenhower, man of peace, took shape?

Sen. Alexander Wiley, Wisconsin Republican who was chairman of the Foreign Affairs Committee, thinks this might be a turning point.

"Eisenhower's background has particularly qualified him to meet the challenge in this troubled world," he said. "He understands war. He understands what a World War III would mean, and therefore his heart and soul are for peace."

He moved like a fine fighter at Geneva, his targets always in view, his head clear, his courage unquestioned, his great strength unchallenged, his movements direct. When he spoke he spoke the language of a world sickened by war jitters but still stout-hearted enough to demand that the old yoke be lifted.

He looked the Russians and the timid and the doubtful in the eye and laid a great nation's cards upon the table. He made a bystander proud to be an American. Immeasurably proud.

(Copyright, 1955 by INS)

(Tomorrow: Bob Considine shows President Eisenhower's insight into the geopolitical world situation.)

EVER WORKING — "I should address myself principally to the delegate from the Soviet Union."

GEORGE'S NEWPORT'S

Bananas—Badalament Brothers' Bonanza Business

DETROIT (AP) — "Yes, we have no bananas" is no theme song for Detroit's Badalament brothers.

Peter E. and Louis F. Badalament have built a multimillion dollar empire out of the fruit with the built-in zipper. They followed in the business started more than 50 years ago by their father, the late Anthony Badalament — who couldn't stand the taste of bananas.

Nearly every week more than one million bananas, picked only 10 days before in Central America, are unloaded at the Badalament warehouse for distribution in Southern Michigan.

The Badalaments have no trouble disposing of this tremendous number of bananas. They say Michigan is one of the country's leading banana-eating states.

In the spring and summer months the Badalament firm gets 100 freight cars a week, each carrying 21,000 pounds of the tropical fruit. They are cured, weighed, stamped and packed in a modern processing plant.

The huge bunches of green bananas are unloaded by electrically operated conveyers. Wrapped in plastic bags, the stalks are carried to high humidity ripening rooms where they stay for three days in 68 degree temperature to simulate their native climate.

NOT TREE RIPE

When the "hands" or bunches start turning yellow, they are cut off the stalks and crated for delivery to retail stores.

The Badalaments say there is no such thing as a tree ripened banana. One that ripens on the tree usually has a split skin which lets bacteria and insects into the fruit.

One sideline of the banana business is the tropical spiders and snakes that sometimes accompany a shipment. Now the bananas are dipped in disinfectant right after picking so workers aren't bothered too much.

But occasionally warehouse men catch tarantulas, black widows, coral snakes or boa constrictors. If the find is rare enough, and alive, it may be turned over to a zoo or school biology collection.

It's improbable that a housewife would find a strange critter in the bananas she buys at market.

* * *

By then, the Badalments emphasize, each bunch has been handled sufficiently to pick off any hangers-on.

Civic Leader Dies

BAY CITY (AP)—Mrs. Viola Kuhlman, 85, president of the Kuhlman Electric Co., an electric transformer firm, died Monday night. She was a long-time civic leader.

C119 Plane Crash Kills Nine Persons

CHARLESTON, S.C. (AP)—Nine airmen and civilians were killed yesterday when a crippled C119 Air Force Flying Boxcar burst into flames and crashed into three small frame houses near the Charleston Air Force Base.

* * *

Five of the 11 crew members died in the predawn wreck. The six survivors were hospitalized but apparently none had serious injuries.

* * *

Base officials believed all bodies were recovered from the charred remains of the plane and houses. Four of 10 persons living in the houses were killed.

3 FFA Units Win Honor Trip

Cassopolis, Marshall and Caro Charters Go to National Trials

DETROIT (AP) — Cassopolis, Marshall and Caro chapters today were named Michigan's outstanding units of Future Farmers of America.

The three chapters will represent Michigan in the national "best chapter" competition of the FFA at Kansas City in October.

A total of 16 chapters were announced as state gold award winners by A. & P. stores, which sponsor the competition in cooperation with the state FFA. Michigan has 223 chapters with a membership of more than 10,000 boys.

Besides the top three, other gold award winners were: Williamston, Sandusky, Pinconning, Niles, Ovid, Midland, Olivet, Bellevue, Marlette, Elkton, Ionia, Yale and Felch, the latter the first such winner from the Upper Peninsula.

Silver awards were won by Cedar Springs, Chesaning, Merrill, Charlotte, Imlay City, Colon, Stockbridge, Saranac, Alma and Mount Pleasant.

Three Formosans touring the United States to learn American agricultral methods which might be useful in Formosa attended the presentation luncheon. They were: Huang Chen Chiu, Lo Mei-Kuang and Lin Chin-Kun.

Voters Elect J. P. Coleman Governor in Mississippi

JACKSON, Miss. (AP)—Mississippi voters elected Atty. Gen. J. P. Coleman their new governor, the job a poor farm boy set as his goal more than 20 years ago.

* * *

Coleman held a commanding lead today with virtually all precincts reporting.

The farm boy who worked his way through college and law school defeated Atty. Paul B. Johnson, son of a former governor making his third bid for the post.

* * *

Unofficial and nearly complete returns from 1,707 of 1,850 precincts in yesterday's Democratic primary runoff election gave Coleman 204,397 votes to Johnson's 155,606.

It was Coleman's first statewide campaign. He worked up the judicial ladder as district attorney, circuit judge, Supreme Court justice and attorney general before making the try. He was elected attorney general without opposition.

The 41-year-old winner, a husky 6 feet 5, will be Mississippi's youngest governor since 1932.

Coleman will be the Democratic nominee for governor in the November election. In Democratic Mississippi, that means election. Republicans seldom venture into a state race and none has said he will run against Coleman.

The new governor will succeed Gov. Hugh White in January. Gov. White was prevented by the state constitution from seeking re-election.

* * *

Coleman promised to keep Negroes out of white schools, regulate public utilities and wipe out gambling on the Gulf Coast.

Jap Doctor Upholds Atomic Death Cause

TOKYO (AP)—The chief physician in charge of Japan's 23 Bikini hydrogen bomb victims today challenged a U.S. Defense Department statement that jaundice from blood transfusions caused the death last October of fisherman Aikichi Kuboyama.

He reaffirmed his belief that death resulted from radiation sickness.

Dr. Kazuo Kiyoshi, a medical professor at Tokyo University, conducted the autopsy on Kuboyama in the presence of U.S. specialists. He said all agreed that Kuboyama's liver and bone marrow contained radioactive elements, apparently as the result of breathing dust from the hydrogen bomb fall-out in March 1954.

* * *

The Pentagon statement, issued Tuesday by Dr. Frank B. Berry, an assistant secretary of defense, quoted unnamed Japanese doctors as agreeing with U.S. specialists that Kuboyama died of the infectious (virus) type of jaundice "arising from blood transfusion reactions."

The Better Vision Institute estimates that 20 million women need glasses but do not have them.

'Bonanzagram'

Have Fun! Win $100!

"Bonanzagram" is an exciting new puzzle in which the Pontiac Press offers both fun and a $100 cash prize. BUT before you try your hand at "Bonanzagram" **be sure and read the rules** at the bottom of this page. Solution will appear in the Press Sept. 2.

CLAIM CHECK

Below is a duplicate of the "Bonanzagram" entry you send in to contest headquarters. It is ESSENTIAL that you fill it in and save it until the correct solution to "Bonanzagram" No. 25 is published Friday, Sept. 2. Unless you do so, you will be unable to collect the prize if you should send in a winning solution. Check the rules below for further details.

Bonanzagram No. 25

Story Clues

Isabel, a gay and popular college girl of nineteen, went on a student tour. There were thirty of them, mostly strangers when they sailed, along with several hundred other tourists. It was a Mediterranean cruise, with stop-overs at various cities. They were on a one-cabin ship, and there were customary amusements. They danced, swam, played shuffleboard. Taking time out, Isabel lolled in a steamer chair and wrote some post cards, one of them to her closest friend. She took them ashore at Naples to mail, but found that a vial of perfume in her purse had spilled and obliterated some of the message to her girl friend. The address was still legible, so she mailed it anyway. The friend at home found that she could fill in the missing or blurred letters, and was able to understand the message. Can you do the same?

A __AZY __AY TO WRITE ALL YOU'RE __ANTING TO HEAR MY ROOMIE IS A SWE__TER GIRL THA__ I HOPED FOR LO__ELY __OMELY SHE'S A __INX WITH __OKES ABOUT HER FOLKS LO__S OF MONEY WHAT A __RIP __ANY __OYS ABOARD LAST NIGHT'S DATE WAS MY __ERO A REALLY PRI__E WOLF QUITE __APPY HE __ISSED ME ON THE __ECK THEY FOUND A STOWAWAY __IDING IN THE __OLD BY __OOL PIPES BEHIND TRU__KS AND CAS__S JUST A KID BUT HE'S HA__PY HE'S EARNING MONEY FOR __ASSAGE FROM C__UBBY FAMILY MAN THE __UNNY TYPE WITH LOUD __AUGHTER TOMORROW WE'LL EXPLO__E ALL OVER THE TOWN

IMPORTANT:

Save This Claim Check Until Solution Is Published!

Name .....

Address .....

City ..... Phone .....

☐ Check here if you would like the Press delivered to your home!

How to Play 'Bonanzagram'

Solve the "Bonanzagram" by filling in all the missing letters, as indicated by the underscores, in the message. Insert only one letter above each underscore. Many clues to the missing letters are hidden in the story, or anecdote, accompanying the message itself, and, in a few cases, the contestant's general knowledge should provide the correct letter. The contestant will note that the message is unpunctuated. Punctuation will help solve the message but is not necessary to win.

All missing letters must be correctly inserted to win a Bonzagram prise. Punctuation will not be considered in judging a correct answer.

When properly filled in, the "Bonanzagram" will spell out a clear message that will conform in every way with the clues. In many cases it will seem that more than one word would be the correct one. That's part of the fun! You should weigh the clues and select the BEST possible word in each case.

How to Submit

1. After solution is completed, "Bonanzagram" should be clipped and pasted to a two-cent postcard with your name and address.

2. Entries will be received at the Pontiac Press office, 48 W. Huron St., until 5 p.m. Tuesday, Aug. 30. Mail entries must be postmarked before midnight Tuesday, Aug. 30, for Bonanzagram No. 25. Address "Bonanzagram, %, Pontiac Press, Pontiac, Mich.

3. Entries may be mailed in envelope but contestant's full name and number of puzzle must be printed in upper left corner of address side of envelope.

4. Copies of the Press need not be purchased to enter. Facsimiles made by hand and corresponding as closely as possible to the original "Bonanzagram" printed in the Press will be accepted but are limited one to a family. Mimeograph, duplicator or other unofficial mechanical reproduction is forbidden.

How to Collect the Prize

The entrant must work out and keep duplicate solution as a claim check. When the solution is published in the Press, he should compare his "claim check" with the published solution, and if his claim check is identical, he should call in person with his claim check at the Press office, 48 W. Huron St., before 5 p.m. on the Monday following publication of the solution.

If a winner cannot call at the Press office in person he should mail his solution to "Bonanzagram Editor." This letter must reach the Press not later than 5 p.m. the Monday after publication of the answer. Correct answers are void unless the contestant reports his claim by the deadlines listed here.

About Eligibility, Information, Etc.

1. Anyone is eligible for the "Bonanzagram" contest except employes of the Press and members of their immediate families. (Immediate family means all those living in an employe's household.)

2. No question as to winners will be answered by phone.

3. The Press will award a prize of $100 to the winner of each weekly Bonanzagram. If more than one winning answer is received, the prize will be divided equally among the winners. If no correct solution is received, the $100 will be added to the next week's prize. If the winner is a subscriber of record to the Press a $20 bonus will be added to the $100.

4. Only one winning entry from a family will be eligible for the prize, but there is no limit on number of entries.

5. The Press retains the right to correct typographical errors.

6. Judges' decision will be final and contestant's submission of entries indicates acceptance of these rules.

7. No liability is accepted for entries that fail to reach us.

8. The Press reserves the right to alter rules and/or discontinue the contest at its discretion.

Alcohol, Soft Music Ease Surgery Pain, Doctors Say

CHICAGO (INS) — Alcohol and music are being combined effectively by a group of Chicago specialists to reduce the strain of nose surgery.

* * *

The surgeons reported today in the current Journal of International College of Surgeons that the feeling of well-being which alcohol sometimes produces and the soothing effect of soft music had been put to good use with "marked" success during the operation.

The report was made by Drs. Maurice H. Cottle, George F. Fischer and Roland M. Loring of Illinois Masonic Hospital in Chicago. They pointed out:

"Young adolescents respond dramatically to the administration of alcohol, which helps make the surgical procedure possible with local anesthesia. In elderly persons . . . the surgical episode becomes an experience without strain.

Close watch was kept on the amount of alcohol administered to prevent the patient from becoming even mildly inebriated. The surgeons warned that an excess caused the patient to become irritable and boisterous when surgery began.

The alcohol was given literally as painlessly as possible—dripping into the patient's veins in a five per cent solution mixed with five per cent dextrose and vitamins B and C.

LOCAL ANESTHESIA

This procedure was followed with 127 patients operated on under local anesthesia. More than 100 of these cases involved plastic surgery of the nose and many of the operations lasted from 1½ to 2½ hours.

The surgeons said they based their conclusion of effectiveness upon the elimination of difficulties encountered frequently in a series of more than 4,000 previous cases in which no alcohol was used. They added:

* * *

"Preoperatively, alcohol is of considerable value in allaying nervousness and apprehension. During the operation, it markedly diminishes irritability, especially that produced by the sedatives and hypnotics themselves."

Once the operation is over, the surgeons reported, the alcohol helps relieve restlessness and pain. It also reduces the need for narcotics.

Soft, classical music is "piped" to the patient via earphones during the operation to sooth him as much as possible.

Intravenous administration of alcohol is a modern switch on an ancient medical technique. Drs. Cottle, Fischer and Loring noted that alcohol in the form of wines, whiskies and brandies had been given by mouth as a useful therapeutic agent in medicine and surgery for many centuries.

Estimate Gas Premiums

NEW YORK—Some $42,000,000 a year is being spent by American gasoline service stations on premiums for customers.

Auto Safety Flare Seen for Half Mile

CHICAGO—A Chicago concern is making a flare for passenger-car use, redesigned from a highway-safety item long used by truck drivers.

The device, according to its Chicago manufacturer, can be stored in the glove compartment of a passenger car.

Its bright red reflector of plastic can be seen more than half a mile away by approaching motorists, according to its manufacturer. A red flag is part of the signal equipment, providing an added safety factor during daylight hours.

The two center lanes of the Straits of Mackinac Bridge, now being built, will be made of grillwork so that ice and snow can fall through.

Surplus Food Exported by U. S. Much Higher

WASHINGTON—The United States stepped up its distribution of surplus foods in the 1954-55 fiscal year to a level 78 per cent higher than the year before.

Some 1,073,900,000 pounds of food were distributed by the Agriculture Department to users at home and abroad compared with 601,700,000 pounds the previous year.

Nagging Backache Sleepless Nights

Nagging backache, headache, or muscular aches and pains may come on with over-exertion, emotional upsets or day to day stress and strain. And folks who eat and drink unwisely sometimes suffer mild bladder irritation ...with that restless, uncomfortable feeling.

If you are miserable and worn out because of these discomforts, Doan's Pills often help by their pain relieving action, by their soothing effect to ease bladder irritation, and by their mild diuretic action through the kidneys —tending to increase the output of the 15 miles of kidney tubes.

So if nagging backache makes you feel dragged-out, miserable...with restless, sleepless nights...don't wait...try Doan's Pills... get the same happy relief millions have enjoyed for over 60 years. Get Doan's Pills today!

Hollywood Headlines

Bogart May Take Lead in 'The Good Shepherd'

By LOUELLA O. PARSONS

HOLLYWOOD (INS) — "The Good Shepherd," C. S. Forester's novel, now belongs to Columbia, bought by Harry Cohn for $200,000.

A national magazine helped publicize this book by printing it in a two-part serial, and it's now in book form.

Who will play the role of the Navy man, the son of a preacher who does much good for his fellow man? Well, they're discussing Humphrey Bogart, who has a commitment with Columbia.

Remember, Bogey won an Oscar nomination for his performance of Captain Queeg, another kind of naval character in "The Caine Mutiny." However, now that Bogey has had a taste of being nice and kindly (don't hit me in the eye, Bogey) he rather likes the idea.

ADVICE TO MONTY

A word of advice to Monty Clift. You may be the best actor in the world, but if you don't get back to steady picture-making you'll be completely forgotten—the public is fickle that way.

Monty was practically set to do "The Bottom of the Bottle," the Western novel by Georges Simenon.

Now Clift has withdrawn because Buddy Adler couldn't get him the director of his choice. Clift wanted Howard Hawks, who gave him his first big chance in "Red River."

Now, Henry Hathaway will direct and Van Johnson has been set for the Clift role, with Joe Cotten playing the brother.

* * *

Snaps: Noah Dietrich, executive vice president of the Hughes Tool Co., and the closest man to Howard, is marrying Mary Brewer, businesswoman, on Thursday. It will be a simple ceremony followed by a small reception.

Sorry to hear that "Serenade," the Mario Lanza picture for Warners, has again been postponed.

Mickey Rooney will be richer by $80,000 on Sept. 7 thanks to the Jackie Coogan law put into force years ago to protect the earnings of child stars.

Wrong day for Marlon Brando to have lunch at the Beverly Hills Hotel. The girls were having a fashion show and all the models played directly to him — no, he didn't buy anything.

Amazing the fame Hal March, narrator of the $64,000 show, has won in just a few months. Hal was with Jan Olds listening to Peggy Lee at Ciro's.

A study shows that the average typist hits about 11,150,000 keys on the machine every year.

Scientists Plan 7 Survey Trips

Biologists Will Roam State Studying Flora and Fauna

EAST LANSING (AP) — Biologists coming for the meeting of the American Institute of Biological Sciences Sept. 5-9 at Michigan State University plan at least seven field trips in Michigan to study such subjects as fruits and vegetables, liverworts and lichens and algae and seaweeds.

* * *

An estimated 3,000 scientists will be on hand for the meeting.

The Ecological Society of America, which studies organisms in relation to their environment, will sponsor a pre-conference trip Sept. 1-4 into the northern part of the Lower Peninsula.

The American Bryological Society, interested in the study of mosses, liverworts and lichens, will tour central southern Michigan Sept. 5 along with the American Fern Society.

The American Society of Limnology and Oceanography, interested in fresh water biology, and the Phycological Society of America, interested in algae and seaweeds, will tour southern Michigan lakes, streams and bogs.

The American Society for Horticultural Science will tour Horticultural Science will tour southwestern Michigan fruit and vegetable centers Sept. 9 and southeastern Michigan flower and nursery management centers Sept. 19.

On the Mantelpiece?

NORFOLK, Va. (AP)—Flash McCullin, 6, was grieved when his pet horse died. So his mother had it embalmed and put on the living room mantelpiece. The pet was a seahorse—green, and about six inches tall.

Manitoba Eyes 48-Hour Leaves for Prisoners

WINNIPEG, Man. (AP)—The Manitoba government wants to make a daring innovation at its Headingley provincial jail, scene of two riots and other disturbances in the past nine months. It is proposing to give 48-hour home leaves once every three months to good conduct prisoners.

Provincial officials said today permission to try the "vacation" plan has been asked of the federal government in Ottawa. Such permission is required in the case of persons convicted under the criminal code or other federal laws.

The plan was recommended by a three-man commission set up to investigate the institution after a riot there last December. The group said the time off would give the convicts a chance to contact prospective employers, deal with domestic and personal problems and renew home and family ties.

Advises State Spend Fund Surplus Slowly

LANSING (AP) — Rep. Rollo G. Conlin (R-Tipton) advised the state today to "go slowly" in spending a reported 18 million dollar general fund surplus.

* * *

Conlin, chairman of the House Taxation Committee, said he had checked figures, estimates and opinions of state financial experts to find that the 18 million dollars "may or may not all be spendable surplus."

"We won't know until all the books are finally closed on the fiscal year's operations—and anything said before then is quite premature," Conlin said.

The surplus figure reported by Williams from department of administration officials was "at least five million dollars high," Conlin said.

Deer lose their appetites about mid-November and don't fully regain them until late in March.

Tigers Knock Sloppy-Fielding Yanks From First

DETROIT (AP)—They always said Casey Stengel was a lucky manager. Last night proved it.

While old Case remained in his New York home recovering from a slight stomach disorder, his Yankees were stumbling all over Briggs Stadium taking a painful 7-2 pasting from the Detroit Tigers.

Stengel heard it all by radio. But he was spared the sight of his athletes committing five errors, giving up 11 walks, making a wild pitch and hitting one batter. It was a pretty sorry performance for a team with such ambitious pennant plans.

The Yanks' shabby play dropped them from 1st place in the American League race, and helped the Tigers end their five-game losing streak.

Even as the large crowd of 47,979 was settling itself, one could sense impending trouble for the New Yorkers. Pitcher Bob Turley made an error on the Yankees' first fielding chance, and from then on, things went from bad to worse.

When it was over, Yankees were in 2nd place, two percentage points behind the dogged Chicago White Sox.

Rookie Frank Lary went the distance for Detroit, scattering eight hits to even his record at 12-12. The young righthander escaped disaster in the 8th when he got Yogi Berra and Mickey Mantle to pop out with the bases loaded.

That broke the back of the Yankees' final threat.

Detroit clinched the game with a three-run burst in its half of the 8th. Ray Boone, who broke out of an 0-for-15 slump, knocked in two of the tallies with a bases-loaded single.

Boone, in all, had three singles, driving in three runs. Even Harvey Kuenn, hitless in 21 successive trips to the plate, chipped in with a single in the riotous 8th.

This was the inning that the Yankees threw the ball around like a bunch of sandlot rinky-dinks.

With the bases filled, Boone delivered his vital single to left. Irv Noren in left fired the ball to the plate in an effort to cut off one run, but it flew past Berra.

Pitcher Tom Morgan, backing up on the play, caught the ball and threw it down to 2nd hoping to pick off Earl Torgeson. It was a bad throw, rolling into centerfield and allowing Torgeson to go to third and Boone to 2nd.

Mantle picked the ball up in center and threw wild to the plate—but, fortunately for the Yanks, Torgeson was holding 3rd.

Detroit was in command from the start, running up a 4-1 lead after three innings. The Tigers counted one in the 1st on two walks and the 1st of Boone's three singles.

They added two more in the 2nd when Turley filled the bases with a hit batter and a pair of walks. He was replaced by Johnny Kucks, who permitted two runs to score on an infield out and Al Kaline's well-placed single through the right side of the infield.

It was, really, a gala night for Detroit. Not only did the large turnout boost Tigers' home attendance over the million mark, but the victory gave the Bengals a 10-9 edge on the Yankees in their season's series.

'Ham' May Sub for Seixas

FOREST HILLS, N.Y. (AP)—U.S. Davis Cup captain Bill Talbert admitted today that he was toying with the idea of sending Hamilton Richardson into the challenge round against Australia in place of the slumping Vic Seixas.

Talbert will have to make his decision within the next 24 hours. The draw is scheduled for tomorrow and the first two singles matches will be played Friday.

After watching Richardson's play against Seixas yesterday, I'm convinced that I'll have to do some thinking before I announce the singles assignments," said Talbert.

* * *

Richardson, a Rhodes Scholar from Tulane University, impressed the captain and spectators, alike when he went three fast sets against the American champion and had Seixas clearly on the defensive. Richardson won one set at love.

"I don't have the full say while we're playing in this country," said Talbert, "but I think if I decided on Richardson, the selection committee would go along with me.

"Then, too, Seixas is just shy of 32 years old and playing two singles and a doubles might be too much for him. If he didn't play singles, he might be much more effective in doubles."

If Seixas were withdrawn from singles, Talbert was asked, wouldn't it hurt Vic mentally in the doubles team with Tony Trabert.

* * *

"I don't think so," Talbert answered. "He's a grown man and he knows anything we do will be for the benefit of the team."

Talbert knows the Australians, out to regain the cup they lost Down Under last year, would love to have Seixas in the singles. They think Ken Rosewall has his number and will beat him at will for one of the precious three points required to cart the prized trophy back home.

If Talbert goes with Richardson, who like Seixas has been having a poor season, he will be leaving himself open to the second guessers. Should Richardson lose, Talbert would be called down for using an inexperienced collegian in place of a tested veteran.

* * *

In response to suggestions that Richardson replace Seixas on the doubles team with Tony Trabert, Talbert showed little enthusiasm.

"I've got one doubles team and that's the one I'll use," he said. "We won with Trabert and Seixas last year and we intend to do the same this year."

AP Wirephoto

DOUBLED OUT IN STEAL TRY — Yankee outfielder Hank Bauer is tagged out on an attempted steal in the 3rd inning of Tuesday night's game with the Tigers at Briggs Stadium as Frank House, Detroit catcher, fired a perfect throw to 2nd baseman Fred Hatfield after Gil McDougal fanned. The umpire is Joe Paparella.

Riders Take Sides

Jockeys Offer Varying Opinions on Forthcoming Nashua-Swaps Match Race

CHICAGO (AP)—If you are trying to make a choice between Swaps and Nashua, what jockeys have to say about the $100,000 winner-take-all match race may prove some help.

The showdown between the 3-year-old colts, first of its kind in America since Capot beat Coaltown by 12 lengths at Pimlico in 1949, is set for next Wednesday at Washington Park at 1¼ miles over the main course.

Nashua's only defeat as a sophomore was to Swaps by a length and a half at this distance in the Kentucky Derby.

Swaps is unbeaten as a 3-year-old, boosting his victory streak in 1955 to eight straight by taking the American Derby Saturday on Washington Park's turf in a record-matching 1:54 3-5 for the mile and three-sixteenths.

* * *

Nashua hasn't raced since winning the Arlington Classic last month, covering the mile in 1:35 1-5 in a driving finish that left the fast-closing Traffic Judge ½ length behind.

Traffic Judge also closed in on Swaps Saturday at the one-sixteenth pole, but a few flicks from jockey Willie Shoemaker's whip and Swaps won handily.

* * *

Shoemaker, who will ride Swaps against Eddie Arcaro and Nashua, says he first was convinced of the Khaled-Iron Reward colt's greatness in the San Vicente Stakes at Santa Anita last Jan. 19. It was Swaps' only race in the mud this year and he stepped the seven furlongs in 1:24, beating Trentonian by 3½ lengths.

"We were back in the pack when I took Swaps out," recalls Shoemaker. "I chirped to him and he flew. He proved how terrific he was in the Kentucky Derby. Nashua came right up to me in the stretch. I hit Swaps a couple of times and he started to draw away. I knew I had a lot of horse left."

Arcaro, who has been working out Belair's Nashua at Saratoga Springs, N.Y., says the Nasrullah colt "is a much better horse than was in the derby — smarter, faster and stronger."

Since the derby, Nashua has won the Preakness, Belmont, Dwyer and Arlington Classic.

Ted Atkinson, who rode Nashua to victory in the Wood Memorial, says:

"For a big colt, Nashua has a remarkable burst of speed from the gate. It could be a surprise to the Swaps people, but I don't think that burst ever has been exploited.

Pitching Woes

Marion Worries About Double-Header Demands

CHICAGO (AP)—The Chicago White Sox are back in first place with a two percentage point lead but their pitching woes are beginning to pile up.

Generally conceded the deepest pitching staff in the American League, Manager Mary Marion was muttering to himself after last night's split with Baltimore which backed the Sox into the American League lead. They were .002 points ahead of the New York Yankees, who lost to Detroit 7-2.

* * *

"With all these doubleheaders coming up," said Marion, "I can't do anything but worry about my pitching. It's not that we don't have the pitching but the schedule is against us."

* * *

The Sox beat the Orioles 6-2 last night before dropping a 10-3 decision in which four pitchers were forced to work.

"We were lucky we got a good lead in the first game otherwise Virgil Trucks would never have gone the distance. I was hoping to save Bob Keegan for one of today's games but now it'll have to be Billy Pierce and Harry Byrd," continued Marion.

* * *

"We'll have Connie Johnson and Dick Donovan going Thursday and Friday but I can't name Saturday's pitcher," added Marion.

Neither could Marion go so far as to even guess who'll pitch against the New York Yankees in what should be a crucial doubleheader Sunday.

* * *

"We were hoping Sandy Consuegra could do us some good last night, but he didn't have it."

Consuegra was battered out in the fourth inning of the second game as the Orioles pounced on him and three successors, including Keegan, for 15 hits.

Layne to Hear Lions' Contest From Hospital

Ailing Quarterback in U. of M. Institution for Check on Arm

ANN ARBOR (AP) — Quarterback Bobby Layne, key to the Detroit Lions NFL title hopes this year, will follow the Lions exhibition game with the Washington Redskins tonight by radio, and possibly from a hospital bed.

While the Lions hustled through final drills for their game with the 'Skins in Mobile, Ala., Layne boarded a plane for Detroit yesterday. Today he was to visit University Hospital here for a consultation with Dr. Carl E. Badgley, nationally known bone specialist, on his ailing right arm.

Layne has been troubled by his passing arm since the start of the training season. Lions coach Buddy Parker, seriously worried over his star quarterback, says Layne can't throw the ball 15 feet."

Whether the husky Texan responds to treatment prescribed by Dr. Badgley will have much to do with the Lions' chances in NFL play this year. Layne spark-plugged the team to two league titles in 1952 and 1953 and the Western Division championship last year.

"Layne is our key man," said Parker. "As he goes so goes our team."

Earlier, Parker expressed worry Layne might be forced to quit professional football for good.

Layne played in the Lions' opening exhibition game against Philadelphia in Dallas last Friday and completed several passes. It was obvious, however, he was forcing himself and in considerable pain.

For tonight's game (9 p.m. EST) with Washington, Parker has tabbed Harry Gilmer to start at quarterback. He'll be backed by Paul Held and possibly later in the exhibition season by Bob Hoernschemeyer, former Indiana University standout who has been performing both at fullback and halfback with the Lions.

16-Yard Title at Stake Today in Trapshoot

Nation's Finest Gun-Pointers at Vandalia for 200-Target Test

VANDALIA, Ohio — America's finest gun pointers gathered from all parts of the Western Hemisphere today to decide the 16-yard championship at the 56th Grand American Trapshoot.

Five titles will be at stake during the 200-target marathon, and the top winner will hold the second most coveted crown the sport offers. Only the Grand American Handicap, scheduled Friday, carries more prestige, and that's only because of the added cash value.

Everyone faces the traps today on even terms, and the chances are that several will break the entire 200 and be forced into a shootoff. Perfect scores have been necessary the last eight years to win the championship, and no one has won it without an extra event to break ties.

* * *

Back in 1947, after the championship had been won twice with 199, an even dozen shooters broke the entire 200 targets, and winner Cliff Doughman of Morrow, Ohio, now a professional, was forced to break 224 of 225 extra targets to fight his way to the top.

About 900 marksmen were slated to compete.

To be decided are the Amateur Clay Target championship of America for men, women, juniors 15 to 18, sub juniors under 15, and professionals.

Also on the day's slate is the champion of champions race for men who won their state 16-yard titles during 1955.

* * *

The shoot, first of the week's program to be counted in the all-around championship race, carries a purse of $500 to the top winner, $100 to the women's and junior champions, and $50 to the sub junior. The professional king will receive only a trophy.

Defending champions are Julius Petty of Stuttgart, Ark., in the men's division, Helen Watkins of Wasco, Ore., in the women's, Lawrence Jones Jr., of Condon, Ore., in the junior, and Nick Egan of Flushing, N.Y., in the sub junior.

Hammer Pounds Out TKO Over Jasper

DETROIT (AP) — Ken Hammer, rising young Detroit heavyweight, scored a fifth round TKO over Don Jasper of Duluth, Minn., in a bloody slugging match at Motor City Arena last night. Hammer weighed 185 and Jasper 190.

Ring physician Dr. Leo Kallman halted the scheduled eight-round bout by refusing to let Jasper answer the bell for the 5th. Jasper was bleeding profusely from deep cuts over his left eye and behind his left ear.

There were three other kayoes and one draw on the rest of the five-bout cards.

Disproves Jinx Number

OCEANPORT, N.J. (AP) — Number 13 is no jinx for jockey Sammy Boulmetis. He won his 13th stakes race of 1955 when he piloted Helioscope to victory in the richest running of the Monmouth Handicap at Monmouth Park.

2,400 KC Fans to Train In for Boston Tilt

KANSAS CITY (AP)—Two special trains will bring more than 2,400 baseball fans to Kansas City Sunday for the Boston-Kansas City game, setting what a Union Pacific Railroad official said is believed to be a record.

B. R. Alexander, traffic manager for Union Pacific in Kansas City, said the previous known record crowd on a special major league baseball train was 900—for a Yankee-White Sox game at Chicago last season.

Spillwood Lanes Open

Spillwood Lanes in Keego Harbor will open for the 1955-56 season Monday, Aug. 29. Placements for leagues are being accepted. Interested secretaries should call FE 5-1622.

Port Huron 9 Wins Tourney

Goodel Girls Beat Pontiac GMC Twice in 'C' Test

Goodel Blue Water Colleens of Port Huron really poured it on Tuesday night at North Side Park, shellacking Pontiac GMC twice, 9-3 and 14-4, to win the Class C girls regional softball tournament.

General Motors scored 1st in both contests. But after Port Huron started rolling the issues were never in doubt. GMC took a 3-0 advantage in the 9-3 opener, which Goodel erased with a five-run 4th inning. Tonya Green limited the losers to three hits, while her mates were collecting 10 off Claudia Wasik.

Colleens banged out 11 safeties off Nancy Wickman in the 14-4 nightcap, including a 7th-inning home run by Velma Helfrich. Ione Samuel slammed a home run in the 1st stanza for GMC's losing cause. Betty Green pitched five-hit ball for the winners.

GMC	201	000	0—3	3	4
Colleens	000	531	x—9	10	3
Wasik and Galante; Green and Sandretto.					
GMC	130	010	0—	5	8
Colleens	041	503	1—14	11	2
Green and Maurica; Wickman and Galante.					

Union Lakers End Puertas Title Hopes

Jim Paschke of Union Lake threw a roadblock into the title hopes of Puertas Service Tuesday in the Waterford Township Little Softball League.

Paschke tossed a 2-hitter and struck out 9 as Union Lake beat Puertas, 7-2, on a 5-run rally in the final inning. It was Puertas' 1st loss after 9 straight wins and enabled Jack's Service to "back" into the championship.

Transportation Plans

MELBOURNE (AP) — Australian and overseas airlines are combining to arrange for the transportation of visitors to this country for the Olympic Games next year. The Olympic Games Air Transport Coordination Committee said there will be no reduction of fares between Australia and Europe or North America during the Games.

Four Sports Pages in Today's Pontiac Press

Sports Fishing Facts

Writer Says State's New Booklet Fine Publication

By MORT NEFF

The Michigan Department of Conservation has just published a new booklet filled with illuminating facts covering the sports fishing situation in Michigan—with particular emphasis on its future. It's offered free for the asking, which makes it more than a rare bargain!

NEFF

We'd like to quote from it's first pages, concerning the "Evolution of Fish Management." The entire treatment is down-to-earth, and one begins to appreciate the complexities of the problem of perpetuating good fishing in our lakes and streams.

"Nearly two million dollars are spent each year in the Department's Fish Management program . . . for the simple purpose of providing fish for more fishermen.

In the 1860's problems were easily solved. Men fished for food, not for fun. When it was feared that whitefish and lake trout were being exploited laws were passed to regulate the use of nets. Fish management was simple.

Sports fishing in those days meant stream fishing for trout. Accordingly fish management, except for whitefish and lake trout, was limited to brook, brown and rainbow trout — and carp! Brown trout and carp were brought from Europe. When it became apparent that the Au Sable River was not going to maintain its population of Grayling, trout the river was stocked with hatchery-born brook, brown and rainbow. To this day the Au Sable is recognized as one of the best 12 trout streams in America.

During the 1890's interest was focused on walleye pike, then largemouth and smallmouth bass. By 1905 bluegills were added to the hatchery. Time moved on . . . and suddenly, thanks to automobiles and extended highways, the good old days of simple expedients in fish management were gone. More and more fishermen exerted steady pressure on our waters . . . a shorter work week came along, and now the opening of fishing seasons is an annual explosion with the end nowhere in sight."

Hardtoppers, Old Models Go at M59 Track

Pontiac Speedway starts a busy week of racing activity tonight with a combined hardtop-old model stock program. Races start at 8:30 p.m. with 9 events on the card, topped by a 25-lap feature.

The 50-lap club championship race is listed for Saturday night at the M59 oval and a Gold Crown Central States Racing Association midget auto show scheduled Sunday.

Starting time for both Saturday and Sunday shows is 8:30 p.m., following 7 o'clock qualifying.

Mrs. Israel Victor of District Event

Mrs. J. G. Israel won the weekly tournament of the Women's District Golf Association Tuesday over her home Knollwood Country Club course after a playoff victory over Mrs. Don Weiss of Flint.

Mrs. Israel and Mrs. Weiss were tied after the regulation 18 holes with 83s. The "sudden death" playoff lasted one hole as Mrs. Israel came out of a trap to sink a 6-foot birdie putt and settle the issue.

Sally Sharp of Pine Lake with an 87 was one of 10 others who broke 90.

Soccer Player Loses Plate in Rugged Game

LONDON (AP)—Soccer is a rough game, but a player rarely loses as many teeth as halfback Islyn Jones of Cardiff did in a game with Arsenal yesterday.

After the final whistle, Jones was seen making a search of the field assisted by a half dozen policemen.

One of the cops finally found what they were looking for — Jones' set of false uppers.

Vuky's Brother Sets Sights on '56 500

MERCED, Calif. (AP) — Eli Vukovich, elder brother of Bill Vukovich who was killed last Memorial Day in the 500-mile Indianapolis Speedway classic, said yesterday he would make a bid to enter the Indianapolis race next year.

Eli has been racing since 1936 and currently is driving midget cars.

He is a year older than his late brother, twice winner of the Indianapolis classic.

Chief Lenawee Wins

Tommy Winn, the winningest driver at the Wolverine Harness Raceway meeting, piloted Chief Lenawee to victory in the 8th race at the Detroit race course last night. Chief Lenawee, owned by Dr. James A. Blanchard of Morenci, Mich., sped the mile in 2:05, finishing a nose in front of Josedale Chief. He paid $4.80, $3.20 and $2.60.

Mt. Clemens' 9 Wins 'B' Title

Goes Extra Game to Gain Crown; Waterford Playoffs Resume

Mt. Clemens was forced to an extra game to do it, but scored 3 runs in the final inning of the 2nd game to beat Southfield for the Class B district softball title Tuesday night at Drayton Plains.

Southfield edged Mt. Clemens, 6-5, in the opening game to extend the series, but bowed in the deciding game, 4-1. With the score knotted at 1-1 in the 7th, a walk, fielder's choice, sacrifice and a home run broke it up.

Waterford Township League playoffs resume tonight with a double header slated. The 7 p. m. opener sends Dick & Wes Sports against Drayton Drug, while Waterford Lions meet Sylvan Center in the windup.

Recommends Successor

DETROIT (AP) — All-Pro gridder Les Bingaman has retired as guard from the Detroit Lions but has recommended George Redilla, a 250-pounder from Detroit, as his possible successor. Redilla has no college experience.

BATTING (based on 300 at bats)—Ashburn, Philadelphia, .328; Campanella, Brooklyn, .321; Kluszewski, Cincinnati, .319; Aaron, Milwaukee and Post, Cincinnati, .313.

RUNS—Snider, Brooklyn, 103; Kluszewski, Cincinnati and Mays, New York, 94; Post, Cincinnati, 92; Bruton, Milwaukee, 89.

RUNS BATTED IN — Snider, Brooklyn, 113; Ennis, Philadelphia, 100; Kluszewski, Cincinnati, 98; Aaron, Milwaukee and Mays, New York, 94.

HITS—Kluszewski and Bell, Cincinnati and Aaron, Milwaukee, 157; Post, Cincinnati, 155; Logan, Milwaukee and Moon, St. Louis, 146.

DOUBLES—Logan, Milwaukee, 33; Aaron, Milwaukee, 28; Snider, Brooklyn, 27; Post, Cincinnati, 26; Reese, Brooklyn and Ashburn, Philadelphia, 25.

TRIPLES — Bruton, Milwaukee, Mays, New York and Long and Clemente, Pittsburgh, 9; Aaron, Milwaukee, 8.

HOME RUNS—Kluszewski, Cincinnati, 41; Banks, Chicago, 39; Snider, Brooklyn and Mays, New York, 38; Mathews, Milwaukee, 33.

STOLEN BASES—Boyer, St. Louis, 19; Bruton, Milwaukee, 18; Temple, Cincinnati and Mays, New York, 16; Gilliam, Brooklyn, 15.

PITCHING (based on 10 decisions)—Newcombe, Brooklyn, 18-4, .818; Loes, Brooklyn, 9-4, .692; Roberts, Philadelphia, 20-9, .690; Labine, Brooklyn, 11-5, .688; Erskine, Brooklyn, 10-5, .667.

STRIKEOUTS—Jones, Chicago, 153; Roberts, Philadelphia, 143; Newcombe, Brooklyn, 129; Haddix, St. Louis, 123; Antonelli, New York, 116.

Top Contenders Set to Clash

Kansas, Tennessee 9s Collide in Feature of Semi-Pro Tourney

WICHITA, Kan. (AP)—Two top contenders—the Wichita Boeing Bombers and the Columbia, Tenn., Monstantos—clash in the feature of tonight's session of the National semipro baseball tournament.

The Bombers won the tournament title last year and the Columbia club finished in a four-way tie for seventh place. Each team has one victory against no losses in this year's meet.

The Tennessean's victory was a no-hitter pitched Monday night by Levy Turner.

Another no-hit performance was turned in last night. Bill Kezman, 21-year-old player for the Milwaukee, Wis., Falks, pitched his team to a 9-0 victory over the Johnstown, N.Y., Glovers. It was the 10th no-hitter in the 21-year-history of the tournament.

In other first round games last night Council Grove, Kan., beat the Cherokee, Okla., Chiefs 8-2, using a 5-run splurge in the fifth inning to sew up the contest. The highly regarded St. Joseph, Mich., Auscos edged the Westville, N.J., Athletes, 5-2.

Rings Bell Three Times

MIAMI (AP)— The veteran thoroughbred Three Rings rang the bell three times in Hialeah's Royal Palm Handicap. He won the race in 1949, 1950 and 1951.

Driver Rescues Fellow Racer, Still Is 2nd

HAVRE DE GRACE, Md. (AP) — Elwood Pliescott of Cambridge, Md., was a hero during the Bush River Yacht Club Speedboat regatta.

He saved a man from possible drowning, and still came in second in the competition for 225 cubic-inch hydroplanes.

Pliescott went into action when Billy Ritner Jr., 22-year-old skipper from Gladwyn, Pa., was injured in a spill. He swiftly turned his boat when he saw Ritner pinned in the wreckage and slumped unconscious, half in the water and half in the cockpit.

Before his own boat came to a stop, Pliescott leaped out, removed Ritner from the wreckage, and held him until a rescue boat arrived.

Then he climbed back into his boat and finished second to George Smith, Mt. Holly, N.J.

Layne, Baker Both See Wins, Tonight

WEST JORDAN, Utah (AP)—Both Rex Layne of Lewiston, Utah, and Bob Baker, No. 2 heavyweight contender from Pittsburgh, Pa., predict victory by a knockout in their scheduled 10-rounder tonight.

Fight time is about 9 p.m MST (7 p.m., EST).

Baker is expected to weigh in at 209, Layne at 207.

The Pittsburgh Negro has twice beaten Layne, who has been up and down in heavyweight rankings but is currently No. 10 contender.

Ten Oakland Area Caddies Get College Scholarships

Ten caddies from the Oakland County area are among 100 recipients of scholarships awarded annually to deserving caddie-scholars by the Western Golf Association's Evans Scholars program. A record 256 caddies will benefit during the 1955-56 school year, according to WGA President James L. O'Keefe.

Of the 100 new scholarships awarded, the majority were designated for the University of Michigan with 15, Illinois 15; Northwestern 14 and Wisconsin 13. Eleven scholarships were awarded to Marquette University and nine to Michigan State.

Oakland County caddies who received scholarships will attend Michigan and Michigan State. They include:

University of Michigan—Leonard Cyr, Birmingham; Raymond Homics, Knollwood; Walter Ickes, Meadowbrook; Richard Martens, Franklin Hills; Richard Murphy, Pine Lake; Stanley Piernick Jr., Oakland Hills, and John Saurpickl, Franklin Hills.

Michigan State University—Anthony Char, Red Run; James Douglass, Franklin Hills, and Charles Vercie, Knollwood.

Chicago at Pittsburgh, 7:15 p.m.

Chisox Back on Top; Newk Misses 19th

The Associated Press

Big Don Newcombe may still be considered the ace of the Brooklyn Dodgers pitching staff, but he must be wondering today whether he'll ever connect for his 19th victory of the season.

Thanks to some power hitting by Carl Furillo and Duke Snider, the Dodgers snapped out of their slump last night to defeat the Chicago Cubs 6-4, but Newcombe wasn't around for the finish. The Cubs rapped him for three runs in the second inning to go ahead 4-3, and Newcombe retired in the third inning with a strained shoulder muscle.

* * *

It was his fifth shot at victory No. 19 since he beat St. Louis July 31 to run his season's record to 18-1. Don's mark is now 18-4. The victory boosted Brooklyn's National League lead to 12 games over Milwaukee, defeated 4-3 by the Philadelphia Phillies.

The American League race, meanwhile, continued on its merry whirl with the Chicago White Sox taking first place by two percentage points over the New York Yankees. The Boston Red Sox are only 3½ games back in fourth place.

Chicago regained first place by splitting a twin bill with the Baltimore Orioles, winning the opener 6-2, and losing the second game 10-3. The Yankees committed five errors which helped Detroit thump New York 7-2. Ted Williams had another big night driving in four runs as Boston defeated the Cleveland Indians 8-3. This left Cleveland in third place, a game behind Chicago and New York, in a virtual tie for first. Kansas City edged Washington 4-3.

In other National League tilts the St. Louis Cardinals beat the New York Giants and the Pittsburgh Pirates edged the Cincinnati Redlegs, both by 2-1 scores.

* * *

Newcombe, who had a 20-9 season in 1951 and was 19-11 in 1950, will be in shape to pitch his next turn, the club physician said. But getting No. 19 seems to be a jinx. Milwaukee knocked him out Aug. 4, and although the Bums rallied to win, Newcombe wasn't involved in the final decision. Then he was beaten by the Cubs 1-0 Aug. 8, and Robin Roberts and the Phillies bested him in two 3-2 decisions Aug. 14 and Aug. 19.

Don Bessent relieved Newcombe and posted his sixth victory without defeat when Furillo hit his 21st homer with one on in the seventh. Furillo also had a single and a double. Duke Snider, chipped in two doubles, driving home two runs.

* * *

Stan Lopata singled with the bases full in the ninth as the Phillies scored three times to defeat Milwaukee. Jack Meyer, ace reliefer, got the decision.

Four Baltimore errors aided Chicago in winning the opener, while Virgil Trucks gained his 13th victory. Bob Kennedy homered for the Sox. In the second game, however, the Sox muffed a chance to take a clear league lead when the Orioles racked four Chicago hurlers for 15 hits. Dave Philley touched off a 5-run Oriole rally in the fifth inning with a two-run homer. George Zuverink got his first pitching victory of the year.

* * *

Williams drove in four runs with a two-run homer, his 23rd, and a double to prevent Cleveland from joining Chicago and New York in a three-way traffic jam atop the league. Tom Brewer got his ninth victory for Boston, while Herb Score was losing his 10th game. Al Smith hit his 17th homer for the Indians.

Vic Power batted in three runs, two with a homer, to pace the Athletics' attack over Washington. Roy Sievers blasted his 20th and 21st home runs for the Senators.

* * *

With the bases loaded in the eighth inning, Bill Sarni of St. Louis dribbled a slow roller down the third base line that hit the bag for a single, scoring tSan Musial with the run that beat the Giants.

* * *

Vernon Law scattered six hits to make his seasonal record 9-8 as the Pirates downed Cincinnati.

Alvin Dark's Tips Help Enemy Card to 3 Hits

NEW YORK (AP)—Manager Harry Walker said today the St. Louis Cardinals owed a vote of thanks to Alvin Dark, the Giants' brilliant captain, for their 2-1 victory over New York last night.

Before yesterday's game, Walker revealed, he had requested Dark to give a private batting lesson to Ken Boyer, the Redbirds' promising rookie third baseman. Judging by the results, Boyer must have paid heed to Dark's instructions. His three ringing hits were instrumental in snapping the Redbirds' five game losing streak.

* * *

"Boyer has great potential as a hitter," Walker explained. "But because of his youth and inexperience, he had been unable to take advantage of his natural ability and has been making many mistakes at the plate. I've been working with him ever since I came to the Cardinals but he has not progressed as fast as I would like him to.

* * *

"That's when I turned to Dark for help. Like many other baseball men, I regard Dark as one of the smartest and most scientific hitters in the game. So I asked Dark to talk to Boyer and perhaps pass on a few batting tips to him. I knew that if anybody could help the kid, it would be Dark.

* * *

"Dark, a real student of hitting, took Boyer aside and showed him how he hits behind the runner, how he hits to the opposite field and, how on occasions, he tries for the long ball."

Champ Still Winning in Girls' Net Test

PHILADELPHIA (AP)— Defendkng champion Barbara Breit of North Hollywood, Calif., easily defeated Carol Cummings of Wichita Falls, Tex., 6-1, 6-0 yesterday to gain the fourth round of the U.S. Girls Grass Courts tennis championship.

Miss Breit, the top-seeded American player, was joined in the fourth round by Rosa Maria Reyes, top-seeded foreign player from Mexixco City, and by an upset winner, Sally Moore of Bakersfield, Calif.

Crazylegs Still Plans to Stay Out of Game

LOS ANGELES (AP)—The Los Angeles Rams are not going to have Elroy (Crazylegs) Hirsch as an end this season. Hirsch announced his retirement after the 1954 season.

There have been frequent reports that Hirsch might return to the team. One rumor yesterday said he was, in fact, in the Rams' camp at Redlands, secretly.

But Dan Reeves, president of the Rams, said Hirsch had told him he planned to remain in retirement.

TUESDAY'S STARS

HITTING—Ted Williams, Red Sox, who drove in four runs with a homer and double as Boston defeated Cleveland 8-3.

PITCHING—Rookie Frank Lary, Detroit, allowed eight hits and knocked the New York Yankees out of the American League lead with a 7-2 decision, his 12th against 12 defeats.

Reese Furnishes Help for Pirate Shortstop

PITTSBURGH (AP) — Shortstop Dick Groat of the Pirates says he tries to pick up tips on playing the position from Peewee Reese of the Dodgers. Groat has been going great guns since the All-Star game after a slow start. He boosted his batting average from .246 to .267. At the same time he handled 59 chances without an error.

Columbia Signs Bach

NEW YORK (INS)—Joe Bach, head coach of the Pittsburgh Steelers in the National Football League in 1952 and '53, was signed as line coach today by Columbia University.

Wearied Umpire Very Agreeable, Resigns Post

GREENVILLE, S.C. (AP) — Jimmy Simkins, umpiring a civic team softball game, was given an argument by a batter who had just stepped to the plate.

"Ball one," Simkins cried on the first pitch. A member of the team at bat cried out sarcastically, "No, that's ball three!"

Simkins, tired of an afternoon of arguing, quickly snapped:

"I'm agreeable, it's ball three."

He soon resigned his unpaid post.

Flood Forces One Team From Tourney

ALTOONA, PA. (AP) — The field in the National Amateur Baseball Federation Junior tournament, opening here today, has been cut to 11 teams.

Farmington (Conn.) was forced to withdraw because of the flood which ravaged Northeastern states last week. Consequently, Springfield (Mass.) drew a first-round bye.

The first-round schedule: Dayton (Ohio) vs. Louisville; Chicago vs. Dearborn (Mich.); Youngstown (Ohio) vs. Indianapolis; Detroit vs. Pittsburgh and Altoona vs. Cincinnati.

Lightweight Champ Faces Hometown Ban

CINCINNATI (AP)—Wallace (Bud) Smith, lightweight champion of the boxing world, may have to win a bout with his hometown boxing commission before he defends his title.

The city's boxing officials slapped a suspension on him yesterday "until he fulfills his obligation" to fight in Cincinnati for the Becker Athletic Club.

A total of 897 high school football teams will compete for championships in six divisions in Texas this year.

AP Wirephoto

NEW TENNIS QUEEN — June Stack, 18, of Hamtramck yesterday dethroned Mrs. Mary Arnold Prentiss of Blue Jay, Calif., in the women's singles final of the National Public Parks tennis championships. Mrs. Prentiss had won the crown 8 times. The score was 5-, 6-2, 6-4.

Air Force, Army Battling in Tennis

QUANTICO, Va. (AP) — The U.S. Air Force and the Army are staging a battle for the Leech Cup which goes to the victor in the interservice tennis tournament.

The Air Force team moved into today's semifinals with a 1-point edge over the Army. Three Air Force entries won in the open singles competition yesterday, and one scored in the doubles event to give the Air Force 7 points. The Army, meanwhile, took two doubles and one singles for 6 points.

A mild upset was scored by Air Force Lieut. Dick Macy of Miami, Fla., who tripped all-Navy champion, Ben Sobierja of St. Louis, 9-7, 3-6, 6-4.

Bruins Sign Seven

BOSTON (AP)—The Boston Bruins of the National Hockey league have seven more signed contracts today.

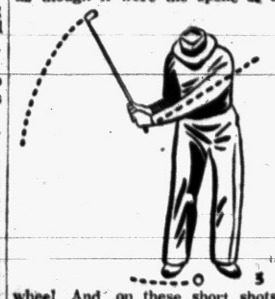
The players who came to terms in the most recent batch include last year's regulars Hal Laycoe and right winger Murray Costello and Lorne Davis, coming to Boston from Detroit in the spring nine-player deal.

Sam Snead's Golf Clinic

Caption: For a perfect arc, keep your left arm straight.

Let's cut a few strokes off your game. I don't know about you but nearly every high handicap golfer wastes six strokes or so on a round by putting effort into short shots with highly lofted clubs. Such players are using almost nothing but their right wrists. Here's the way to play these shots.

Keep the left arm stretched out as though it were the spoke of a



wheel. And on these short shots cock the wrists earlier than you would in a full swing.

Little or no pivot. Then swing the club down through the ball with the left arm. Pour the hands and wrists in as the ball is hit. The club's loft will lift the ball up giving you good flight and placement. Because of the strokes saved on this one kind of shot—and because he'll get more two put greens—a "100" shooter should

(Copyright 1955, John F. Dille Co.)

knock five strokes off his game.

Dickson Joins Devore

DAYTON, Ohio (AP) — George Dickson, backfield coach at Notre Dame, has been named to a similar position under Head Coach Hugh Devore at the University of Dayton. Dickson succeeds Joe Sheeketski, who resigned Saturday because of illness in his family.

Press Offers Trophy in NSSA Opener

With the start of the country's biggest skeet gunners extravaganza set for OCSC this weekend, The Pontiac Press today announced a fine trophy for the high gun of the opening event of the regular schedule.

A handsome Sterling silver tray will go to the winner of the preliminary day gun handicap, Monday Aug. 29. This event is to be shot over a 100 target route.

The 1955 National Skeet Shooting Association championships return to the Pontiac area for the 2nd straight year. It was a record breaker in 1954 and advance entries indicate, NSSA and Oakland County Sportsmen's Club officials report, that this one will be even bigger and better.

More than a score of championships in all gauges of the shotgun sport will be up for grabs in the week-long tournament that has attracted entries from all over North America, Puerto Rico, Mexico and Canada. It concludes on Sept. 4 with the all-gauge championships.

Greatest array of trophies ever presented to a national skeet shoot will be awarded to participants of this year's event, officials say. Approximately $15,000 in Sterling trophies will be on display throughout the shoot.

In addition, the National Skeet Shooting Association has $1,200 in added money for the optional events, $200 sub-small gauge (410), $200 small gauge (28 gauge), $300 20-gauge, and $500 all bore.

Preliminary Day Event Gun handicap also offers a $1,000 purse sponsored by the local club.

The national sub-small gauge (410) championships are scheduled to be shot on Tuesday, Aug. 30, with the national sub-junior and women's junior championships scheduled for the same day.

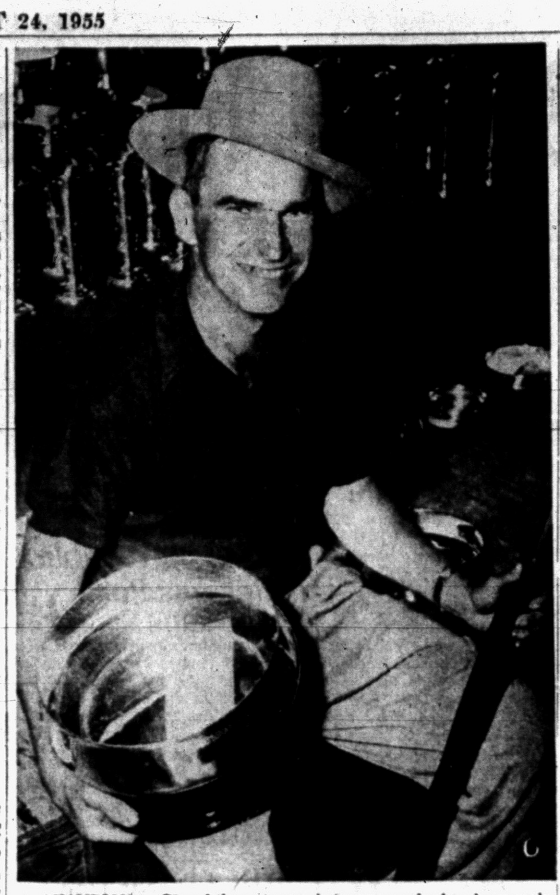
National small gauge (28 gauge) is scheduled for Wednesday, Aug. 31, as well as the champion of champions event, the winners representing various states and provinces. The national 20-gauge championships will be shot Thursday, Sept. 1, with Friday, Saturday, and Sunday, Sept. 2-3-4, set aside for the featured events of the entire tournament, the national all-gauge championships.

Activity around OCSC's grounds is at full momentum preparing for the shoot. With hundreds of shooters coming from every section of North America, local hotel and motel accommodations are becoming quite scarce.

The internationally famous marksman, Ken Beegle, will open the shoot at 3 p.m. Sunday with a demonstration of trick and fancy shooting. Club members and friends, as well as the general public, are invited to witness this demonstration.

Beegle and his wife, Blanche, are rated one of the finest shooting exhibition teams in America. They have toured the country appearing before GI's at many Army and Navy camps.

Also on Sunday many shooters will be utilizing the local fields for practice, readying themselves for the official shooting which will get underway at 9 a.m. Monday.



CHAMPION — One of the veteran shotgunners who has been making quite a mark in the National Skeet Shooting Association's championships will be back at Waterford's OCSC's headquarters next week. He is Lew Gordon, Texarkana, Ark., who last year won the Mandel trophy (which he holds), emblematic of the sub-small gauge championship in the NSSA.

Bigger Press Box for Soldiers Field

CHICAGO (AP)—The Chicago Park Board has announced the letting of a $141,400 contract for construction of a new press box at Soldier Field.

The new box, which will be complete with elevator service, will accommodate 88 sportswriters and television and radio men, compared to 45 the present box holds. It also will offer a much better view of the field, the announcement said.

Soldier Field is the site of the annual College All-Star football game and other topflight entertainment features.

Detroit Tiger pitcher Steve Gromek once hurled an 18-inning scoreless tie, called because of rain. It was in 1943 when he was with Baltimore of the International League.

Birmingham Man Is 'B' Trapshoot King

VANDALIA, Ohio (AP) — George Genereux, 20-year-old medical student at the University of Saskatchewan, today holds the Class AA trapshoot championship of North America.

The young Canadian, winner of the 1952 Olympic trapshoot title, defeated Ned Lilly, Stanton, Mich., 25-24 in a shoot-off at the Grand American Trapshoot here yesterday. The two had tied with perfect scores of 200 in the 16-yard feature event.

The Class B title went to J. T. Jones, Birmingham, Mich., after he had tied three others at 197. Jones broke 25 straight in the shoot-off.

Angler's Prize Too Light for Contest Entry

An Oakland County fisherman sought to enter a fine largemouth bass in the annual Pontiac Press "Big Fish Derby," but learned that his catch was more than a pound short of the leading entry.

Frank Clara, who lives at 544 E. Hudson in Madison Heights (Royal Oak), landed the four-pound, 10-ounce bass in Lake Orion about midnight Friday. Clara, angling alone, nabbed the 20-inch-long specimen with a flat-fish and spinning rod.

Jim Shivas of Walled Lake still heads the bass division with a five-pound, 12-ounch catch. A 17-ounce bluegill caught by Pontiac's Ray Reed remains on top and Ronald R. Bird of Clarkston leads in pike with a six-pound, two-ounce fish. The "derby" ends on Labor Day.

All-time money winning horse at Monmouth Park is William G. Helis' Heliscope who won the 1955 runnings of the Monmouth Handicap and the Salvator Mile for total purses of $68,600.

Piscatorial Policemen Discover New Gadget

By JACK PATTERSON

When not busily engaged in planting thorns in the path of transgressors, many doughty members of the local police spend much of their time outwitting and tracking down finny fugitives, presumably in an efficient and scientific manner.

PATTERSON

Always alert to progressive thinking in matters piscatorial, these gentlemen are ever ready to try the new, the different gadget. Thus, in addition to keeping equipment manufacturers alive, they serve as an efficient field-testing staff, saving the time and temper of fishermen generally and fishing writers particularly.

It was on such a research mission that Walt Krause and "Chick" Wilson recently discovered the remarkable bass-taking properties of the plastic night crawler on a worm gang.

Fished side by side with real crawlers, the plastic job caught all the fish. Tough and durable, the new plastic crawlers don't deteriorate like early models did. Also they don't die and become offensive like live ones. And they can live in your pocket without benefit of moss or mess.

* * *

The answer to taking pike in August, when the toothy beasts toy with bait and refuse to gulp it down in traditional pike-like fashion, is a simple matter of timing, according to Ed Ladd who has been grieving the Esox clan recently at Garden Island off Charlevoix.

Thing to do, says Ed, is to let fish make his 1st run, keeping a fairly firm line. After he pauses and starts to run again, a straight-back pull will probably get him.

Fish are lip-hooked of course and many are lost but the occasional fish boated is worth more than a steady stream of mangled minnows (or in the case of Garden Island fishermen, perch).

* * *

So far as we know there's no law against taking your wife fishing. Maybe there should be. The Stan Watsons were in the Upper Peninsula not long ago, and Dodie, who hates fishing, took a dim view of a fishing vacation. Need we tell you who caught all the fish?

Announcement of a 70-day waterfowl season should be welcome news to duck hunters. Extension of the season until Dec. 9 is a progressive step, to our thinking. In recent years the season has closed too soon. The half hour before sunset quitting time won't be so welcome, although it may be justified as a measure to save wood ducks which are vulnerable just before sunset.

It will serve, however, to penalize shooters on the big waters, where wood ducks are seldom encountered. It would seemingly be little trouble to exempt Lake Huron, St. Clair and Erie waters from the early cease-fire ruling, but don't look for it.

A little identification practice by hunters on the various duck species would make the lot of the hunter and game management man much easier. And identification is simple. Different breeds of ducks are as markedly dissimilar as different breeds of dogs. Almost, anyway.

PERFECT TARGET — Roberta Gubbins, OCSC shooter, and a Michigan state rifle champion in her own right, shows what a perfect target looks like. Roberta points to a "perfect 120" from the 50 yard mark, shot at the National Rifle Association matches at Camp Perry, Ohio, last weekend. Others at the matches included a Pontiac team of Captain Frank Brusha (who took the picture of Roberta), Bert Beam, K. Danielson, Bob Waggoner and Dan Braddock. Agnes Rau of Lake Orion, also went along, to keep Roberta company.

Big Attendance Promised for Lapeer Meeting

Reservations are pouring in for Sunday's farmer-sportsman field day at the Lapeer County Center, according to Mrs. Logan Harris, chairman of the public relations committee.

Field Day is a project of the Lapeer County Farm Bureau designed to improve relations between farmers and sportsmen and create better rural-urban understanding. Event is being directed by the public relations committee.

Charles Floyd, producer of the television program "Michigan Conservation," will direct production of a film to be telecast later over a dozen Michigan, Ohio, Wisconsin and Ontario channels.

Tom Osmer, district supervisor of the game division at Lapeer, will explain the development of a wild life habitat during a field trip in Oregon Township. Osmer will be assisted by Dick Moran.

County Anglers Still Have Time to Get in 'Fish Derby'

There is still time enough remaining for Oakland County fishermen to take aim on the leading entries in the three divisions of the Pontiac Press "Big Fish Derby."

Annual "derby," which started June 18 with the opening of bass season, awards $50 U.S. Savings Bonds to anglers catching the heaviest bass, bluegill and pike. Contest ends on Labor Day, leaving area fishermen 12 days to get busy.

Jim Shivas of Walled Lake is in line for the bass prize unless some lucky angler surpasses his entry before Labor Day expires. Shivas took the lead on June 24 with a five-pound, 12-ounce largemouth, and has not been challenged since.

Keith Parker of Royal Oak was the 1st leader in bass with a five-pound, four-ounce fish landed opening day. A 15-year-old, Charles Knechtel of Pontiac, relieved Parker of the lead four days later (June 22) when he caught a five-pound, nine-ounce bass. Then Shivas entered the picture.

Ray Reed of Pontiac is headed for bluegill honors unless area fishermen haul in something exceeding 17 ounces. Reed's bluegill took the lead on June 23.

A six-pound, two-ounce pike belonging to Ronald R. Bird of Clarkston is still out in front. Bird reported his pike to the Pontiac Press sports department on July 16.

A few anglers have hooked bass and pike heavy enough to establish new leadership, but in each instance the aspirant was not a full-time resident of Oakland County. Reed has encountered no competition whatsoever in bluegill.

A $50 government bond lies in wait for three ambitious anglers. There is still time. But the deadline—Labor Day—approaches.

Horseshoe Tourney Slated at Drayton

A horseshoe tournament, co-sponsored by the Waterford Township Recreation Department and the Lakeland Tribune, will be held Saturday at Drayton Plains ball park at 6 p.m.

Competition is planned in men's and boys' divisions and trophies will be awarded to the winners. There is no charge. Winners will be eligible for the state horseshoe pitching tourney September 2-4 during the annual Michigan State Fair.

Interested pitchers should register with the Waterford Recreation Department by calling ORlando 3-9152. Entries will also be accepted at the park on the night of the event.

Practice Fields Humming on OCSC's Skeet Layout

With the 1955 National Skeet Championships but a week away, interest in the game stepped up its pace, keeping the practice fields at Oakland County Sportsmen's Club humming during the weekend from opening time at 10 a.m. until darkness stopped it.

Three perfect rounds were recorded for the day. These were fired by club prexy Bob White, club secretary Jack Greathouse and E. Graff, an OCSC newcomer.

All three looked very much alike on the score sheet, but there was a difference. That difference being that Greathouse's straight was made with the little .410, while the others were fired with the 12 gauges.

Homer Coss, skeet range manager, and P. Earl carded 24x25 for 2nd place while Bob Thiefels and Mike Kenjalo were 3rd with 23s.

Club management invites all interested persons to visit the club between Aug. 29 and Sept. 4, dates for the Nationals.

Scores of shooters:

P. Pace, 22-17; E. Meeker, 15; R. Pace, Mike Kenjalo, 16-23-21; W. Bosserman, 22; M. Guy, 16-15; F. O'Rourke, 12-16; W. Mason, 13-13-17; O. Wilkins, 23; C. Irby, 11-20; J. Deacon, 10; B. Rose, 14-14-19; J. Greathouse, 25; J. Nichols, 13-16; W. Snyder, 2; J. Chiera, 12; D. Dillingham, 19-18; E. Tester, 19-14; T. Smith, 12-8; R. Dillingham, 13-11; Steve Kenjalo, 20-17-15; G. Caverly, 11-11; W. Campbell, 11-18-12; J. Antos, 13-17; A. Lawson, 12-11-13; Robert Thiefels, 18-20-22-23-21; Robert White, 25-22; L. Leidgen, 16-20-21; A. Ballard, 3-16; S. White, 5-8; R. Delaney, 4-7; W. Benke, 21; F. Earl, 20-22-24; J. O'Gorman, 22-20-21; E. Graff, 25-23; R. Dustman, 18-11; C. Morowski, 8-14-9; H. Bart, 15; S. O'Gorman, 6; Oliver LeMeaux, 22-19; H. Coss, 21-24; D. Solunar Tables

Schedule of solunar periods, as printed below, has been taken from John Alden Knight's Solunar Tables. Plan fishing days so you will be in good territory during these times, for the best sport that each day has to offer.

Major periods begin at the times shown and last for an hour and a half or two hours thereafter. Minor periods are of somewhat shorter duration.

Rain Continues to Plague U.S. Doubles Event

Duel Between Japs and Filipinos Highlights Today's Matches

BROOKLINE, Mass. (AP)—Already delayed six days by rain, the 75th National Doubles tennis tournament was to resume action today—weather permitting.

The tourney lost Wednesday through Sunday because of rain and flooded conditions and, incidentally, lost the top seeded American and Australian Davis Cup team members in the bargain.

The schedule today calls for quarter-finals in men's competition and semifinals in the women's division.

However, there is a leftover third round match which will open the program. It pits Junior Davis Cuppers Al Harum and Barry McKay against Seymour Hunter and Ralph Stuart.

The winner will face England's seeded pair of Roger Becker and Bob Wilson later in the day.

Feature attraction will be the duel between Japan's Atsushi Miyagi and Kosei Kamo and Reymundo Deoyo and Juan Ma Jose of the Philippines.

The other quarter-final on tap in the men's play brings together Leslie Longshore of Rome, Ga., and Alan Morris, Atlanta, against Earl Baumgardner, Oakland, Calif. and Gregory Grant, San Marino, Calif.

Jerry Moss, St. Petersburg, Fla., and Bill Quillian, Seattle, are expected to move through to the semifinals by default.

The women's semifinals:

Doris Hart and Shirley Fry vs. England's Patricia Ward and Shirley Bloomer and Louise Brough and Margaret duPont vs. England's Angela Buxton and Angela Mortimer.

Defending Champ Ousted in Amateur

CHARLOTTE, N.C. (AP)—The upper half of the draw appeared loaded for an explosive charge as the remaining 32 players embarked on the third and fourth rounds of the 55th Women's National Amateur golf championship today.

Yesterday's second round, which saw defending champion Barbara Romack ousted by Mary Ann Downey in a grim 1-up struggle, left such title threats remaining in the upper half as:

Mrs. Mark Porter of Philadelphia and Grace Lenczyk of Newington, Conn., both former champions; Elizabeth Price of England; Mary Patton Janssen of Charlottesville, Va.; Marjorie Lindsay of Decatur, Ill.; Mrs. Scott Probasco, Southern Amateur champion from Chattanooga, Tenn.; Barbara McIntire of Toledo, Ohio; Virginia Dennehy of Lake Forest, Ill.; and two teenage hopes, Anne Quast of Marysville, Wash., and Clifford Ann Creed, 104-pounder from Opelousas, La.

* * *

The lower half was dominated by a "big five" of chunky Wiffi Smith, last year's National Junior champion, now playing from St. Clair, Mich.; Polly Riley, the Fort Worth, Tex., veteran who is covering her performances for a hometown paper; Jacqueline Gordon of England; Pat Lesser, Western Amateur champion from Seattle, Wash., and Miss Downey, whose home is in Baltimore.

* * *

Today's survivors of the double round will meet in quarter-finals tomorrow afternoon, with semifinals Friday afternoon and the 36-hole windup Saturday over the demanding 6,413 yards of the Myers Park Country Club course, a par 74 layout.

Miss Downey, 29, winner of the Women's Eastern crown, had a six-over-par 80, one less than former champion Romack who accepted defeat graciously. She said later:

"Well, it's been a grand year, I think I'll stay around the rest of the week and see some golf."

Today Mary Ann plays Mrs. E. K. Finch of New Canaan, Conn., runner-up for the Connecticut title this year, and a former Massachusetts star as Grace Woodward before her marriage.

ANOTHER SEASON—A sample outfit is laid out by Kansas State equipment manager J. L. McKinley. He has to start early to fill 60 lockers before college football practice starts. The Wildcats will wear purple moleskins for the first time.

Pontiac Golfers Get by Qualifying Tests

After a large entry field completed qualifying rounds Tuesday in the annual National Negro Open golf tournament at Rackham, Butler Cooper of Pontiac wound up 3rd with 73 and another Pontiac golfer entered the picture.

Newcomer was Bill Pembroke, who fired a 74 to gain a five-way tie for 4th spot, one stroke behind Cooper. Murray Jacobs of Fort Meade, Virginia was medalist with a one-under-par 70, while Odell Bradley and Sherry Wellons, both of Detroit, shot 71's to deadlock for 2nd place.

Former heavyweight boxing champion Joe Louis failed to qualify for the championship flight. Joe posted a 79, one stroke over the limit. Match play in all flights started today with two rounds scheduled.

ABA Title at Stake

JOHNSTOWN, Pa. (AP)—Defending champion New Orleans and Maryland State meet tonight for the championship of the All-American Amateur Baseball Assn. tournament.

Carter Gets Unanimous Call Over Mederos

MIAMI BEACH, Fla. (AP)—Heavyweight Harold Carter of Newark, N.J., scored an unanimous decision over Cuban Julio Mederos here last night and gave Mederos a terrific pounding through eight of the 10 rounds.

Carter never did score a knockdown but stayed inside his heavier opponent and battered him with sharp right hands and a rocking left uppercut.

Ring officials called two rounds even and gave the rest of the fight to Carter who weighed 189½. Mederos was 193½.

From 1933 through 1944 Hirsch Jacobs led the American horse trainers 11 of the 12 years.

Drake Is Favored in TV Headliner

NEW YORK (AP)—Ray Drake is a 7-5 favorite to make good in his Madison Square Garden debut as a headliner tonight.

The solidly built, 23-year-old Brooklyn middleweight faces Danny Giovanelli, another Brooklyn leather pusher, in a television 10-rounder (ABC-TV and radio) starting at 9 p.m. (EST).

As an amateur, Drake beat Floyd Patterson, now the No. 1 light heavyweight contender, three times. While Patterson has had a meteoric rise in the pros, Drake has been climbing slowly but steadily.

Aims for 'Pony' Title

WASHINGTON, Pa. (AP)—Unbeaten Youngstown (Ohio), seeking a victory to clinch the title, faces the once-defeated host Washington team tonight in the Pony League World Series.

Washington knocked San Antonio (Tex.) out of the double elimination event last night with a 10-3 victory.

If the hometowners win tonight's game, another will be needed to decide the championship.

Death to Dracula!

U.S., Canadian Scientists Experiment With Means of Exterminating Lampreys

By ROGER D. GREENE

WASHINGTON (AP) — American and Canadian scientists are experimenting with a weird arsenal of weapons, ranging from electric fences to sonic-wave "death rays," in an attempt to trap and destroy a vicious killer.

The target is the sea lamprey, an eel-like vampire known as "The Dracula of the Great Lakes," whose bloodthirsty depredations have virtually wrecked the multi-million-dollar fishing industry in the chain of lakes along the U.S.-Canadian border.

Now, under a treaty approved by Congress and the Canadian Parliament, marine experts of both countries have sworn out a death warrant for the marauder.

The 10-year treaty, ratified by the Senate in June, set up a joint U.S.-Canadian commission and armed it with an initial appropriation of $350,000.

Sen. Potter (R-Mich), who quarterbacked the congressional fund-raising drive, told a reporter:

"We hope to begin the big crackdown next spring. I'm going to be on the commission's neck unless they act fast on this thing."

It is not a new problem. The accompanying map shows the lampreys' destructive history in the Great Lakes, how they entered from the St. Lawrence and moved ever westward, laying waste to both commercial and sport fishing in one lake after another. The loss in lake trout alone is estimated at five million dollars a year.

Today the lampreys are starting to invade Lake Superior. Some fishermen are already quitting, and the once-flourishing fisheries there may be doomed.

Scientists say the lamprey has no natural enemies or diseases to keep it in check. But fortunately the lamprey has one weakness. Toward the end of its life, it has to go upstream to spawn—or die without spawning a new generation.

Thus if the ready-to-spawn lampreys can be prevented from entering the hundreds of tributary streams flowing into the Great Lakes, scientists say the scavengers can at least be brought under control, if not exterminated.

American and Canadian authorities have already erected more than 70 electrical barriers in streams on the U.S. side of the Great Lakes and about 30 on the Canadian side. About 160 more will be strung along the U.S. side.

Experiments have also been conducted with mechanical traps, weirs and dams, but all have been found too expensive.

The electric fences are a relatively cheap and simple device, using regular 110-volt alternating current for the main "death trap" barrier. Slightly downstream, a weak 55-volt field serves as a nonlethal warning to valuable game fish such as trout and pickerel, which turn back when the first mild shock tingles their nose.

Less sensitive to electricity than fish, the lampreys swim on through the warning zone until they reach the high-voltage field which kills them.

Ohio Sailor Sets Pace

DETROIT (AP)—With three races still to go, Sandy Douglass, Vermilion, Ohio, held the lead today in the National Thistle sailing series on Lake St. Clair.

Douglass, piloting Paukie, a boat of his own design, won a 1st place and a 4th in two races yesterday for a total of 69¼ points. In runner-up positions was Manawaka, defending champion owned by Howard Boston of the sponsoring Bayview Yacht Club, with 67.

American Tourists Prime Prey for Italian Thieves

ROME (INS)) — Officials have warned American tourists if you are driving through Italy, don't leave your car parked with valuables for any length of time—day or night.

If you are forced to do so, they added, be sure to remove all your personal belongings for safekeeping.

The Italian interior minister has undertaken a vast police shakeup because of "softness" in curbing major crime and rising petty thievery.

Americans being the most numerous tourists appear in police records as those hardest hit.

Latest two victims on the police records are listed as Mr. and Mrs. Frank Weill of New York and Sylvester Adriano, a sheriff of San Francisco.

The Weills, failing to get hotel accommodations in Milan, rented a private room overnight and left their automobile on the street. The car was loaded with four valises containing Mrs. Weill's jewelry, worth about $12,000, and other personal belongings.

Next morning the car was found with the windows smashed and everything in it gone.

Police asked the couple why they left the jewels in the auto instead of checking them at a hotel. Weill replied:

"We thought we were in an honest country."

Adriano, after visiting Turin, decided to visit Milan with a friend and hired an Italian automobile for the trip.

In Milan they parked the rented auto across the street from police headquarters.

Adrian said:

"We thought we couldn't find a safer spot."

They went to visit the Duomo, Milan's famed cathedral, and when they returned after a couple of hours the car was nowhere to be found.

Police later traced the car, which was partly demolished, in the outskirts of the city. All belongings in it were missing with the exception of Adriano's gold sheriff star.

The forlorn sheriff commented: "I am glad they at least left this. The people of San Francisco never would have forgiven me had I lost it."

Rocket Engineer Urges Greater Study of Fire

EVANSTON, Ill. (INS) — Man may get his fingers burned if he tries to venture far into outer space in rocket ships before learning more about fire.

Richard W. Porter, president of the American Rocket Society and a General Electric Co., consultant, said:

"Man has been interested in fire since he first burned his fingers on the embers of a forest fire started by lightning but it's amazing how little he knows about it."

The scientist cautioned that until man does learn more about ordinary combustion, he can hardly hope to fly much beyond the 250-mile orbit of the projected earth satellite.

He added that man must also find ways of protecting would-be rocket travelers against terrific temperatures, cosmic radiation and bombardment by particles and debris in the outer atmosphere.

DO IT YOURSELF

Somehow I have the feeling he's going to be stopped before he gets home—

See Mild Slide in Grain Dealing

CHICAGO (AP)—Grains opened irregular and then went into a mild slide on the Board of Trade today. Dealings became quite active on the minor selloff. Although most of the Midwest remained dry, there were some rains in northwest Iowa overnight. Light sellnig developed in both corn and soybeans on the prospect of spreading moisture.

Wheat sank on a renewal of liquidation, largely based on disappointing export demand and limited domestic flour business. Mills gave the market little or no support and Minneapolis prices were down with Chicago.

Wheat near the end of the first hour was ⅜ to ⅝ lower, September $1.93¼; corn ⅛ to ½ .

County Deaths

Mrs. John Butora

IMLAY CITY—Service for Mrs. John Butora, 54, will be held at 9:30 a.m. Thursday, from Sacred Heart Catholic Church, Imlay City, with burial in Mount Calvary Cemetery. She died Tuesday.

Surviving are her husband, and three sons, Edward of Drayton Plains, Merryl of Lapeer, and Frederick of Imlay City.

Wanda Jean Parkin

ROCHESTER — Service for 15-day-old Wanda Jean Parkin, 6814 John R Road, will be held at 2 p.m. Thursday from the Pixley Funeral Home, Rochester. Interment will be in Mt. Avon Cemetery. The infant died yesterday at Pontiac General Hospital.

Surviving are her parents, George and Dorothy Parkin; the grandparents; three brothers, George Jr., Harold and David and a sister, Kathleen.

In 1807, the Clermont, first successful commercial steamboat transported 14 people from New York to Albany on the Hudson River on its first trip.

NOTICE OF PUBLIC HEARING

Notice is hereby given of a public hearing to be held by the White Lake Township Zoning Board at the Township Hall on Tuesday, Aug. 30, 1955 at 8 p.m. to consider the following changes in the zoning map.

Persons interested are requested to be present. A copy of the zoning map together with a list of the proposed changes is on file at the office of the township clerk and may be examined by those interested.

WHITE LAKE TOWNSHIP
ZONING BOARD
CHARLES R. HARRIS,
Secretary
Aug. 10, 24, 1955

STATE OF MICHIGAN—In the Probate Court for the County of Oakland, Juvenile Division.

In the matter of the petition concerning James Paul Guenther, minor. Cause No. 14101.

To Helen Guenther, mother of said child.

Petition having been filed in this Court alleging that the present whereabouts of the mother of the said minor child is unknown and the said child has violated a law of the State and that said child should be placed under the jurisdiction of this Court.

In the name of the people of the State of Michigan, you are hereby notified that the hearing on said petition will be held at the Court House in the City of Pontiac in said County, on the 7th day of September A. D., 1955, at nine o'clock in the forenoon, and you are hereby commanded to appear personally at said hearing.

It being impractical to make personal service hereof, this summons and notice shall be served by publication of a copy one week previous to said hearing in the Pontiac Press, a newspaper printed and circulated in said County.

Witness, the Honorable Arthur E. Moore, Judge of said Court, in the City of Pontiac in said County, this 22nd day of August, A. D., 1955.

(Seal) ARTHUR E. MOORE,
Judge of Probate

Salable sheep 1,500; spring lambs steady to 50 lower; slaughter sheep steady; good to prime spring lambs 80-95 lb. 18.50-21.50; a few sorted mostly prime spring lambs 93 lb. at 22.00; cull to choice shorn slaughter ewes 3.00-5.00.

Demands Larceny Exam

Jack Swartzbaugh, 21, of Clarkston, demanded examination on a charge of larceny from an automobile yesterday when he appeared before Waterford Township Justice Willis Lefurgy.

When he failed to furnich $3,000 bond, Swartzbaugh was turned over to Oakland County Jail authorities.

The amount of $10,000 bills in circulation declined from 60 million dollars in 1940 to 9 million dollars in 1955.

Further Gains Seen on Market

NEW YORK (AP)—The Stock Market piled up further gains in active trading early this afternoon.

Very heavy trading in steels boosted these prices from 1 to 3 points while throughout the rest of the list the gains ran from one to around five.

* * *

Along with steels advances were scored by rails, oils, aircrafts, chemicals, building materials and radio-televisions.

As prices stepped ahead volume increased. It looked like the first two-million-share day since Aug. 9.

* * *

Other gainers included Goodyear, Goodrich, American Telephone, Anaconda, Kennecott, Allied Chemical, Union Carbide, Westinghouse, International Paper, Santa Fe, New York Central, Southern Railway, Standard Oil (NJ) and Johns-Manville.

SCOOT 'N SCUD — Lots of fun on little gas — that's what these West Berliners get from their tiny, three-wheel autos and even smaller motorboats. Small gasoline engine propels the water scooter, shown strapped atop car, foreground. Rider straddles craft, steers with bicycle-type handlebars. Top speed — about 10 miles per hour.

News in Brief

Pleading guilty yesterday to reckles driving, Richard G. Powell, 21, of 674 Scottwood Ave. paid a $20 fine in Municipal Court before Judge Cecil B. McCallum.

Building Fund Supper Today at Howarth Church

ORION TOWNSHIP — The Howarth Methodist Church will hold a supper at 5 p.m. tonight at the church, sponsored by the WSCS. Proceeds will go into the church building fund.

The church is located on Silverbell road east of M24.

Enters Innocent Plea

Pleading innocent to a charge of driving while under the influence of liquor yesterday, James Turner, 31, of Walled Lake, was taken to Oakland County Jail when he failed to post a $300 bond set by Lake Orion Justice Helmar G. Stanaback.

Poultry

DETROIT POULTRY

DETROIT, Aug. 24 (AP)—Prices paid per pound f. o. b. Detroit for No. 1 quality live poultry up to 10 a. m.

Heavy hens 23-24, light hens 16-17; heavy roasters (over 4 lbs.) 31-32; heavy broilers or fryers 2½-3½ lbs.; whites 30-31, gray crosses 33, barred rocks 33-34; capunettes (5 lb avg) 41.

Market steady. Receipts generally limited to actual needs. Hens in fair demand but fryers and capunettes meeting an irregular demand as buyers were critical of size and quality and resisting the one to two cents higher price over last week's arrivals. The quality of roasters coming in is poor, mostly coarse and staggy.

CHICAGO POULTRY

CHICAGO, Aug. 24 (AP)—(USDA)—Live poultry steady to firm on hens, steady on young stock; receipts in coops 675 (yesterday 728 coops, 95,717 lbs.); F.O.B. paying prices unchanged to 1 higher; heavy hens 21-24.5, light hens 17.5-18.5; broilers or fryers 30-31.5; old roosters 13.5-14.5; capunettes 4½ to 6 lbs 36-38.

SEC Asks Aid in Proxy Rules

Public Comment Sought to Help Solve Puzzling Substitute Procedures

WASHINGTON (INS) — The government has clamped new strict rules on corporation proxy voting battles which have precipitated bitter financial contests in recent years.

The changes announced by the Securities and Exchange Commission would require complete disclosure of persons financing contests and would prohibit unsupported accusations or innuendoes.

SEC Chairman J. Sinclair Armstrong called for public comment by Sept. 30 and said the commission would welcome any suggestions that would help solve the proxy problem and protect public interests.

He added: "Our primary concern . . . is to assure that full, fair and adequate disclosure of the basic facts about the proxy solicitation is made available to the stockholders whose proxies are being solicited.

HERE'S CAUSE

"New techniques in soliciting proxy and proxy campaigns, much bigger and more highly organized than in the past, have made necessary revision of the commission's rules. . . ."

The proposed changes grew directly out of hot and heavy proxy contests in recent years for control of Montgomery Ward, New York Central railroad, New York-New Haven and Connecticut railroad and other corporations.

The new rules would require identification of nominees for election, persons who designate them apd individuals who finance the solicitation.

2 Missing Moms Are Back Home After Lake Visit

Two wives and mothers who gave their husbands a scare and set off a police search by being absent from home overnight were back with their families today.

Apparently there was nothing much wrong, police reports indicated.

The two, Mrs. Violet Deszell, 34, of Commerce Township, and Mrs. Audrey Hitchcock, 30, of White Lake Township, came home last night, putting a stop to all the alarm.

Mrs. Deszell, mother of a three-year-old son, and Mrs. Hitchcock, who has two children, said they had been visiting friends at nearby lakes.

They had been missing overnight on Monday and when they failed to return by nightfall their husbands called the Oakland County Sheriff for help.

State Police later joined in a search. The license number of the women's car and the car's description were broadcast.

The women had driven to Pontiac to pay bills and do some other business, police said.

Both women's husbands are employed by a Detroit manufacturing company.

Elderly Couple Escape Harm in Cow-Car Crash

SAGINAW (AP) — Sheriff's men said it was a "miracle" Francis Monahan and his wife, Agnes, weren't killed or at least seriously hurt when their car plowed into a cow last night.

The car was demolished and the cow was killed, but the Monahans, both elderly, escaped with cuts and bruises. The accident occured on M-15, one mile east of Bloomfield.

Fruehauf Firm Buys New Site

TROY TOWNSHIP — Plans for construction of a $2,000,000 office and research building by the Fruehauf Trailer Co. in Troy Township have been changed.

The company only recently purchased a 104-acre site on the north side of 15 Mile road, between Crooks and Coolidge.

Reports today revealed that the firm has acquired a new, 100-acre site on 15-Mile road in the vicinity of Stephenson highway, two and a half miles east of the first purchase.

Troy Township officials were not immediately available for comment on the reported change.

County School Men Attend MEA Confab

Cleon L. Boussum of Avondale High School, Auburn Heights, is representing Oakland County at the Michigan Education Assn's, annual Leadership Training Conference at the MEA Camp on St. Mary's Lake near Battle Creek this week.

Arthur K. Lake of Pontiac is representing the Waterford Township district at the meeting.

The association's district and regional council presidents meet to attend workshops and discussions with outstanding educators. Educational problems and their solutions are studied.

Fourth of July fireworks caused 466 deaths in 1903, but in recent years, only one to four such deaths have been reported in single years.

Plymouth, biggest of the low-price 3, is also

BIGGER THAN CARS COSTING $500 MORE

Get the biggest value in town! You get big-car size, big-car beauty and big-car comfort at the *lowest possible price* when you choose a big 17-foot-long Plymouth.

Even many medium-price cars (let alone the other two low-price cars, which aren't nearly as long, as roomy, as heavy or as handsome as Plymouth) can't match Plymouth for over-all size and value. In fact, you could spend as much as $500 more and still not get a car as *big* as Plymouth.

So don't be fooled by misleading claims! Compare price tags and you'll immediately see that, model for model, Plymouth sells for much less than medium-price cars and gives you much more car for your money.

Get the biggest deal in town! With sales piping hot, your Plymouth dealer is able *right now* to give you the biggest, sweetest deal of the year on a new '55 Plymouth. He's ready to offer you a sky-high allowance for your present car—probably much more than you'd expect!

What's more, he'll be glad to arrange quick, *easy* financing. Better hurry over to see him today or tomorrow while there's still a complete selection of beautiful Plymouth models and color combinations.

Plymouth named "America's Most Beautiful Car" by famous professional artists, the Society of Illustrators

County Coach Company Gives Wagon to Dick Cook, Michigan's Walking Man

By REBA HEINTZELMAN

MILFORD—The man who claims to have traveled the most miles in the United States on foot, now has a shiny new red wagon to tote over the thousands of miles he intends to go before he retires.

Michigan's "Walking Man," Dick Cook, who has walked more than 21,000 miles in four years, was presented with a special hand-made junior size trailer yesterday, by Fred Burt, president of the Vagabond Coach Co. at Brighton, and is on his merry way again.

BEFORE — This is the wagon "Walking Man" Dick Cook of Midland toted all over America. It has traveled 21,000 miles and been in every state in the union since the 45-year-old bachelor gave up his job and started out to see the country.

Born and raised on a farm near Midland, the slight 45-year old batchelor decided in 1951 that he was missing something —his dream to see the United States and its people. So he quit his job as a construction worker, built a small shack on a wagon chassis and began one of the longest treks across the country on foot that the world has ever known.

Cook has been in every state in the union once, and has been in 18 of them twice. He has met mayors, governors, songwriters and movie stars.

SHOES WEAR FAST

He has worn out 40 pairs of new shoes, and never has had a run-in with police—in fact, he tells that in most places they help him find a place to park his 'wagon'.

Last March, Fred Burt saw Dick Cook and his 600-pound house in Florida and told him that if he came to Michigan he would design and build him a real, easy-to-pull trailer.

Two weeks ago Burt was told that Cook was on his way up. Within that time the designing engineers and skilled workmen put their heads together, with the result that Cook now has a streamlined scientifically balanced home that he can push or pull around with ease.

AFTER — Here, Dick Cook thanks Fred C. Burt (right), president of Vagabond Coach Co., for the shiny red wagon which Burt had handbuilt as a gift for the traveler. The small trailer has a specially built hand brake. It was made at the Vagabond Coach Co. in Brighton.

When the Walking Man comes to a hill, he simply climbs up on the seat in front that houses the storage battery, and coasts down. He steers the contraption with his feet, and there is a specially equipped hand brake to slow him down.

Housed on a steel tube frame, the trailer is covered with aluminum and is lined with the same birch used in deluxe trailers. The frame is 8 feet long, 3 feet wide and 4 feet high.

The back opens up like the trunk of an automobile and shelves are built in, to accommodate the stove and ice box.

* * *

Much of Dick Cook's traveling is done at night, so there are special head and taillights mounted on the body. The storage battery supplies the juice.

SOFT BED

When Cook first tested the air-foam rubber mattress in the trailer, he said, "Man—this here is the best bed I've ever been on in my whole life."

According to Fred Burt, the trailer cost between $800 and $900 to build and was given to Cook as a gift from the coach company.

Dick Cook works at odd jobs to maintain his living expenses and finds that mountain people are ('much more generous and friendly') than the flat-land people.

HEADING FOR CHICAGO

When Cook leaves Midland this week, he will head for Chicago, and the "Welcome Travelers" program on which he has been asked to appear.

From there he plans to go to Des Moines and on down along the Mississippi to New Orleans.

Calling All 4-H Exhibitors

ROCHESTER — Jack Worthington, Oakland County 4-H Club agent, has called a meeting for 8 p. m. tonight at the Perry Street Fair Grounds of all members who will show 4-H projects at the Michigan State 4-H Show at East Lansing, August 30-Sept. 2. Rochester is well represented with Karen Bush, Mike Stieb, Jane Booth and Margaret Wiggins exhibiting.

Students Open Fund Campaign

Waterford School Kids Need $25,000 to Buy Fence, Floodlights

WATERFORD TOWNSHIP — Members of the Waterford Township High School Student Council met last night to polish off final details for their campaign to secure floodlights and fencing for the high school football field this fall.

The project will require at least $25,000. With $1,361.47 earned through various activities in past years on hand. Student Council members today began a pledge drive for the balance. The plans were initiated last April and discussed with Supt. William Shunck and the Board of Education.

Members of the football lights committee are Jerry Kruskie, chairman, and Janet Hudson, Julie Hickman, Judy Boardman, and Bob Hope. Faculty sponsor is Howard Bennetts.

Mr. and Mrs. Leonard Kruskie, of the Union Lake Lumber Co., were first donors with their pledge of $500.

Plans call for the erection of eight light poles supporting 132 floodlights. All wiring is to be underground and a complete lighting control system is included. There will be a complete enclosure of the area behind the high school and an additional fence around the field itself to prevent spectators interfering with the game.

Parched Crops Cut Employment in Northwest

GRAND RAPIDS (AP)—Farm Labor Placement officials report itinerant field workers have left the Northwestern Michigan area because of a work shortage due to parched crops.

Earl Keith, Mason County Farm Labor Placement officer, said the area has been without rain since July 8. Many Mason County fields produced no pickle or string bean crops this season, he said.

Keith reported that many itinerant workers, who waited for more work in the eara after the cherry harvest, now have departed.

Trinity WSCS at Keego Preparing for Bazaar

KEEGO HARBOR—Trinity Methodist WSCS will meet at 10 a.m. tomorrow at the home of Mrs. Claude Kimler, 2018 Willow Beach. The group will spend the day sewing for the coming bazaar. Members have been asked to bring a sack lunch.

The pastor of the church, the Rev. Robert Benedict, will be back in the pulpit Sunday following a vacation, it was announced.

Death Notices

BIRRELL, AUG. 23, 1955, Frances, 3090 Crooks Rd., Avon Township, age 69; beloved wife of John Birrell; dear mother of James, Robert, Wilfred, Norman and Raymond Birrell, Mrs. Winifred Bell; dear sister of Mrs. Bellann Shelby and Mrs. Sarah George. 5:45—(7) Action Theater.

Zoologists in Alberta, Canada, use helicopters to trace migratory habits of buffalo. Hovering low over the herds, aircraft crew members "brand" the animals with squirts of paint from a gun.

Picture Floods, Court-Martial

John Daly Wins Praise for Studious Coverage of Gallagher Case

By CHARLES MERCER

NEW YORK (AP)—Television and radio were industrious, useful journalists last weekend.

As floods swept wide areas of the Northeast, television demonstrated the effectiveness of good films in telling a dramatic story. Most important, the three big networks were fast in bringing the story to the screen. By Friday evening, when the total picture of devastation still was incomplete, they were on the air with coherent stories, aptly illustrated with dramatic films.

* * *

Within a 45-minute period, the TV networks laid it on the line in the competitive spirit that makes one hope there never will be only a single network. First came John Daly of ABC, then Walter Cronkite of CBS, and finally John C. Swayze of NBC.

The second most important news breaking late Friday was the court-martial sentencing of Sgt. James C. Gallagher to life imprisonment for causing the deaths of two hut mates in a North Korean prison camp in 1951. Again television displayed its journalistic effectiveness when reporters interviewed the calm, unfathomable Gallagher after his sentencing.

* * *

To at least one viewer Daly was the most effective reporter of this news event. Without editorial indulgence, he let the event itself raise profound questions in the minds of his audience. First he gave the background with such evocative phrases as "the icy jungle of a North Korean prison camp." Then the cameras told the story with the court scene and Gallagher's calm insistence on innocence without great protest.

CBS and NBC had similar films which they cut to give time for other events. But Daly, in giving this event a full treatment, pointed up its significance in our time and showed he knew it was not a simple case involving a single soldier. Studying at length Gallagher's impassive face and interesting selection of words, a viewer could ask himself questions.

* * *

Does the present system of military justice, as displayed since the Korean War, consider the realities of insecure personalities faced by the brutal stress of captivity? Does military justice need a sliding scale? Or — finally — what is justice?

It's as important a function of journalism to raise questions as to answer them.

An estimated 216 million people live in Africa.

Answer to Previous Puzzle

Kids Overseas Get Salk Vaccine Shots

WASHINGTON (AP)—The Defense Department soon will begin administering Salk antipolio vaccine to children of its military and civilian personnel stationed overseas.

* * *

The new voluntary program was announced yesterday by Dr. Frank B. Berry, assistant secretary of defense for health and medical care.

It contemplates inoculation first of youngsters in the 5-9 age bracket.

* * *

The National Foundation for Infantile Paralysis has given the Defense Department enough vaccine for 72,900 shots, and the Welfare Department's polio advisory committee has earmarked about 2 per cent of the available vaccine supply for the program.

Schoolgirl, 12, Cops $16,000 on Video Show

NEW YORK (AP)—A 12-year-old Baltimore schoolgirl, grinning with self-confidence, has spelled herself to the $16,000 mark on The 64,000 Question television show.

Gloria Lockerman calmly spelled out this sentence:

"The belligerent astigmatic anthropologist annihilated innumerable chrysanthemums."

The little Negro girl was acute and methodical as master of ceremonies Hal March read her the sentence last night. She asked him a question. Did he want that last word singular or plural?

* * *

Gloria's success makes her eligible to try for $32,000 next Tuesday night in her spelling category.

The decision whether to keep the $16,000 or go on is up to her grandmother Mrs. Bertha Key.

If Gloria tries for $32,000 and misses, she still will have a consolation prize of $4,000. If she tries and wins, she can go on to the $64,000 question the next week.

* * *

All the child's winnings will be put into a trust fund, where the money will be kept until she needs it for her education or reaches legal age.

Last night, for the third consecutive week, Gloria was accompanied by her grandmother, with whom she lives in Baltimore.

Another winner last night was Marine Corps Capt. Richard S. McCutchen, of Worthington, Ohio, an expert in the "food and cooking" category, who advanced to $8,000.

Exhibits in Museum Include Coal Mine

MUNICH — The German Museum in Munich, containing one of the world's most important technological collections, has reopened its displays of metal-working, power engines, and historical instruments.

Among the exhibits is a functioning coal mine. The reopening of the war-damaged museum coincides with the 100th anniversary of the birth of Oscar von Miller, the founder, and the 30th anniversary of the museum's dedication.

First in Many Ways

ANN ARBOR (AP)—Gov. G. Mennen Williams lists Michigan first in boat building, breakfast food, baby food and automobiles.

He also told a University of Michigan summer audience that Detroit is not only the auto capital of the world, but is first in pharmaceutical products, adding machines, paint and heavy chemicals.

Alabama Schools Will Continue Segregation

MONTGOMERY, Ala. (AP) —Segregation of the races will be maintained in Montgomery County schools during the coming year, School Supt. C. M. Dannelly said yesterday.

Local chapters of the National Assn. for the Advancement of Colored People have filed petitions in Montgomery and several other Alabama counties demanding immediate classroom integration.

Pays Segregation Fine

MONTGOMERY, Ala. (AP) — A white cab driver was fined $15 for allowing a Negro Wave to ride in his taxi with several white Waves. Raymond Saice was charged in Recorder's Court yesterday with violating Montgomery's passenger segregation ordinance.

The electric self-started for automobiles dates back to 1911. It was invented in Detroit by C. F. Kettering, a prominent automotive engineer.

Steel's Aluminum Use Takes 10,000-Ton Dip

NEW YORK—More than 34,000 tons of aluminum were consumed by the American steel industry in steelmaking operations in 1954, some 10,000 tons less than in 1953.

Aluminum is used as an alloying element in steel production and to remove oxygen from steel.

The source of the Mississippi river lies in Lake Itasca, an inland body of water which is 1,670 feet above sea level. Outlet is a 10-foot wide stream.
