Poles Hurt Nikita at Home

Life in Prison Mandatory for Sex-Killer

Panel Takes 2 Hours to Arrive at Verdict; Sentencing Monday

Howard Wayne Moore was found guilty this afternoon of the first-degree murder of three-year-old Martha Little last July 25.

A jury of ten men and two women took less than two hours to reach their verdict, casting aside defense strategy of insanity.

The 25-year-old former furnace repairman sat impassively staring straight ahead as the results were announced in Circuit Judge George B. Hartrick's courtroom.

His recent bride, Irene, 20, and his mother sat weeping quietly, faces buried in hands. The mother, Mrs. Minnie Fairchild of Oxford, who has stoutly defended her son, was visibly affected, clenching and unclenching her fists.

Moore was returned to county jail to await sentencing by Hartrick next Monday. Conviction on the charge brings a mandatory sentence of life imprisonment.

Hartrick commended the jurors, Prosecutor Frederick C. Ziem, Michigan State Police and especially defense attorney Carl Ingraham of Birmingham, whom Hartrick appointed.

Moore was found guilty of the fatal beating of his Lake Orion neighbor's daughter, who disappearance caused a wide search last July 27.

The guitar-playing Korean veteran, married just six weeks, had admittedly been friendly with the little girl. He and his wife moved to the cottage next door only one week before the killing.

He was accused of driving the girl from her home after dinnertime to a deserted lovers' lane 11 miles away, where he assaulted her, then beat her to death with a tire-iron.

Moore was arrested that night at a Lake Orion gas station. The girl's body was found about 2 p.m. the next day.

Under Michigan State Law, a killer convicted of first-degree murder faces mandatory life imprisonment. Only the governor can commute the sentence after 17 years and on recommendation of a parole board.

The jury had been instructed of four other possible verdicts: guilty of second or third degree murder, innocent by reason of insanity, or innocent of the crime.

Insanity figured as the main defense forwarded by Ingraham. Hartrick praised Ingraham as discharging well his full responsibility to his client and to the State."

Ingraham asked the jury to consider Moore's "abnormal" behavior since his arrest July 27, the night the girl was found beaten to death in a field 11 miles from home.

He touched on medical testimony that Moore is insane, saying society has an obligation to give Moore treatment if he needs it.

Ziem countered with the statement: "The terrible thing about Moore is he is not insane. He should never be allowed to prey on little children again."

Bloc to Remove Red From Post, Sources Say

Molotov, Malenkov and Mikoyan Leaders of Oust Faction

WARSAW (AP) — The rise of new Polish Communist leaders pledged to independence from Moscow has brought about a movement inside the Kremlin to remove Nikita S. Khrushchev from his top post in the Soviet party, Polish Communist sources reported today.

With tough, anti-Stalinist Wladyslaw Gomulka taking the reins in Poland, the Soviet party leaders have scented a defeat, and the "three M's" — Molotov, Malenkov and Mikoyan — have formed an anti-Khrushchev alliance, these informants said.

The Polish Communist view was this: The three deputy premiers—V. M. Molotov, Georgi Malenkov and A. I. Mikoyan — oppose Khrushchev partly because of his over-all policies, but principally because of his personality and the rough way he has carried out those policies.

Some repercussions inside the Kremlin seemed inevitable when the group behind 51-year-old Gomulka seized the reins of the Polish party and swept Stalinists from the policy-making posts.

Gomulka, who became a national hero by defying Stalin, emerged on top after a shakeup of the Polish party's ruling Politburo last night.

Surrounding Gomulka in the streamlined, nine-member ruling group were other men said to favor his demand for disentanglement from Soviet controls. All remained pledged to continued Communist government.

Among the Stalinists tossed out of the Politburo was Marshal Konstantin Rokossovsky, the Polish-born Soviet army hero installed by Stalin as head of Poland's military forces in 1949 to hold the country in the Soviet orbit.

The election of a new Politburo, with Gomulka in the key post of first secretary, climaxed a three-day meeting of the Party Central Committee. The Soviet Union ex-

GENERAL WACLAW KOMAR — WLADISLAW GOMULKA

KEY FIGURES IN POLAND — General Waclaw Komar is reportedly in line for the job of defense minister, and Wladislaw Gomulka is emerging as leader of the new Polish nationalist government, following weekend developments in the former Red satellite nation.

Indian Summer Days to Continue Today, Tuesday

Partly cloudy with very little change in temperature is the weather prediction for tonight and tomorrow.

A low tonight will be around 48 to 52. The thermometer is expected to register 68 to 72 degrees tomorrow.

It became fair and mild this afternoon after the fog delayed early work — bound traffic this morning.

Last night in downtown Pontiac, the mercury dipped to 53. Today at 2 p.m. in the downtown area the thermometer read 71 degrees.

Production Hike Brings Upsurge in GM Payrolls

'57 Model Changeovers Up Total Employment to 28,800 Here

General Motors employment in state factories will reach early-1956 levels when full production of 1957 auto models is attained, corporation officials said today.

Completion of the model changeover will find 225,000 on payrolls in Michigan, the report said, about the same number employed before GM began reducing its production when auto demand started to decline last spring.

Local plants — Pontiac Motor, Fisher Body and GMC Truck & Coach—have recalled 5,900 laid-off workers and hired 230 new employes since June 1, GM spokesmen said.

About 28,800 hourly-rated and salaried employes are currently on payrolls at the three plants.

Figures released today indicated that 42,000 seniority and new workers have been added to payrolls in Michigan cities since June 1. Employment in major cities, including hourly and salaried workers, is as follows:

Flint, 82,600; Detroit, 71,300; Pontiac, 28,800; Grand Rapids, 7,600; and Lansing, 18,000. About 16,500 are employed in other cities.

General Motors plants had an average employment of 592,989 throughout the world for the first nine months of the year, according to a preliminary statement to GM's quarterly report, released today by President Harlow H. Curtice and Board Chairman Albert Bradley.

Payrolls for the period totaled 2,093 million, the statement said. Pay and employment levels were second only to the same period of 1955, Curtice pointed out.

GM employes in the United States averaged a 38.3-hour work week during the nine months and took home average weekly earnings of $93.49, Curtice revealed.

World-wide employment in the third quarter averaged 547,836 while payrolls totaled $652 million.

Set to Kickoff '56 UF Drive

The annual Pontiac Area United Fund drive will open tomorrow with a goal of $612,202, largest in its history.

Residents of Pontiac plus Waterford and Pontiac Townships will be asked to open their purses to help 54 voluntary health, welfare and child-care agencies to operate in 1957.

Some 400 volunteer solicitors are expected to attend a kick-off breakfast at 8 a.m. in Elk's Temple, 114 Orchard Lake Ave.

Principal speaker will be Frank O. Staiger, executive secretary-treasurer of the Michigan District of Kiwanis. Special speaker will be Bud Guest, Detroit radio humorist.

The goal this year represents a nine per cent increase over last year's $562,175 figure.

More than 4,500 volunteers, headed by campaign chairman Walter K. Willman, will start soliciting for funds after the breakfast. There will be a torch lighting ceremony afterwards at N. Saginaw street and Oakland avenue.

The torch will burn through the three-week drive, symbolizing the need to which area generosity is asked to respond.

Included in the 1956 goal are operating - fund requests of the 13 Community Chest agencies plus the American Red Cross, American Cancer Society, St. Joseph Mercy Hospital Clinic, Oakland County Child Guidance Clinic, and West Bloomfield Community Chest.

The Oakland County YMCA, which made no request this year, is absent from the list, according to UF executive director, Carl Bradley.

Volunteer solicitors aim to reach every home, business and working place in the 35-square mile area. All solicitors have gone through special pre-campaign training sessions, new this year, and some already have started collecting funds.

First report of funds is expected tomorrow from the Special Gifts Division, headed by H. Wayne Gabert.

Workers also are organized into the Industrial Division, headed by Earl Maxwell; the Commercial Division, headed by James Nye and the Geographic Division, headed by Mrs. Ralph G. Bump.

The drive is slated for completion Nov. 16. A mid-point report luncheon is scheduled Oct. 31.

British Princess Better, Continues African Tour

MACHAKOS, Kenya (AP)—Princess Margaret of Britain is suffering from overstrain but is well enough to continue her East Africa tour, her doctors reported in a bulletin today. She suffered a bilious attack Saturday.

Today, she motored 43 miles to attend a baraza, a tribal festival. The highlight was a dance representing a battle between the rival Wakamba and Masai tribes which only recently agreed to quit raiding each other's cattle herds.

British Explode A-Bomb

ADELAIDE, Australia (AP)—Britain exploded its fourth and final atomic device early today in its current tests at Maralinga in the south Australian desert. The flash was seen 650 miles away at Port Augusta.

Report on Russia—

Sen. Henry M. Jackson (D-Wash), a member of the Senate Armed Service Committee, has recently completed a 15,000-mile tour of Russia and the Middle East. He has written a five-part report on his trip.

In this series Sen. Jackson describes Russia today, detailing among other things the effects of the de-Stalinization program, and reports on some trouble spots in the Middle East.

The series starts in The Pontiac Press today on page 22.

Pot-O-Gold Puzzle No. 21 Worth $300

Another new Pot-O-Gold puzzle starts today, so here's your chance to try again for that rapidly increasing prize money. Puzzle No. 21 is worth $300 if a winner isn't found for last week's puzzle, plus $25 extra for Press subscribers.

So turn to page 23; this may be your lucky week. Just to make it a little easier, here is a list of words containing all the correct answers: Bounty, chafe, chain, chair, chase, cheat, coop, county, coup, curb, curt, earl, fad, faith fan, form, frog, grin, grip, lear, luster, mite, ore, roe, rustle, sing, teach, thief, time, tub, tun, wing.

Phone Strike to Peril Area

Threatened Picket by 20,000 Would Affect Long-Distance Calls

A threatened strike of 20,000 Michigan Bell Telephone workers would hamper mostly long-distance operator - controlled calls for the Pontiac area, according to Raymond H. Storm, district manager of the firm.

Negotiations were continuing today between the company and the Communications Workers of America in an attempt to work out a new contract for the workers before the old contract expires at midnight tonight.

No strike deadline has been set but workers have voted 10-1 to strike if necessary.

Storm said with the aid of supervisory personnel, the company would attempt to maintain the same long-distance service to its customers.

"This might be a little slower," he added, "but our objective will continue to be to put every call through."

In addition to operators being affected by the possible strike, Storm said telephone repairmen and installers would also.

The union demands include higher pay, improved hospitalization, an additional paid holiday and a union shop.

Stevenson to Hit Foreign Policy

Prepares Major Talk on Subject; Stays Mum About Ike's Red Blast

LIBERTYVILLE, Ill. (INS)—Adlai Stevenson prepared today to place major focus on foreign policy, with continued stress on the H-bomb issue, for the final stage of his campaign for the presidency.

He deferred comment on President Eisenhower's charge that Soviet Prime Minister Nikolai A. Bulganin's letter proposing a ban on hydrogen bomb tests was "interference by a foreign nation in our internal affairs."

For the time being, Stevenson stood on a statement he issued prior to Eisenhower's reply to Bulganin. The Democratic candidate, whose own bid to end H-bomb tests has become a central issue of the campaign, said that Bulganin's offer was "encouraging" although "there appears to be nothing new" in it.

There was a possibility he might discuss the President's note tomorrow night in a major foreign policy address at Madison Square Garden in New York City.

Stevenson spent the weekend at his Libertyville farm conferring with researchers and staff workers on the New York speech. It will be broadcast coast-to-coast over the CBS radio-TV network, starting at 8 p.m.

Bulganin Certain to Reply Ike's Note on Interference

WASHINGTON (AP)—Russia's Premier Bulganin almost certainly will fire a quick reply to a letter from President Eisenhower accusing him bluntly of meddling in the American political campaign.

But whether he does or not, Bulganin's letter seems sure to become a major political issue in the coming two weeks with both Republicans and Democrats seeking to use it to their advantage in the debate over continuance of hydrogen bomb testing.

Officials who forecast today that Bulganin will reply promptly said they expect him to deny any intention of interfering in the U.S. political campaign by his surprise message Friday renewing his appeal for an end to atomic and H-bomb tests.

Foregoing diplomatic language in his reply, Eisenhower said Bulganin's newest plea attacked "my own sincerity" and was "personally offensive to me" in its attack on Secretary of State Dulles.

In predicting a speedy reply from Bulganin, diplomatic officials said Eisenhower's charges were of such a serious nature that almost any government would feel impelled to reply swiftly.

They acknowledged that if Bulganin adopts the same strong language Eisenhower used, it will virtually end prospects that such personal messages ever will lead to concrete steps toward world disarmament.

An end to the Eisenhower-Bulganin exchanges, however, would not disappoint top American officials. Many have felt for months that the Kremlin was relying on them as convenient propaganda avenues more than as any serious attempt at negotiation.

Eisenhower said if an ambassador had done what Bulganin did, he would be expelled from this country.

In denouncing Bulganin's letter, Eisenhower in effect accused the Soviet leader of seeking to give a helping hand to Adlai E. Stevenson, the Democratic presidential nominee, who has ben urging that this country take the lead in working toward an end to big-scale nuclear tests. He says the danger to mankind from radiation set loose by such blasts is growing steadily.

Eisenhower has rejected Steven-

Hospitalize Official Following Collision

Secretary of State James M. Hare will be confined to William Beaumont Hospital for a week as the result of a three-car collision in Ferndale Saturday night.

Doctors, who listed Hare's condition as "just fair" this morning, said he definitely cannot continue an active campaign for re-election.

The secretary's car was struck broadside by a motorist who, police said, ran a red light at Eight Mile and Livernois. The impact spun Hare's auto into the path of a third car which also struck it broadside.

The 46-year-old state official suffered five broken ribs and internal injuries.

Asked if an operation is planned, Dr. Thomas D. Grekin of Detroit said, "It's possible, but we are not contemplating it at this time."

Churchill's Cold Better

NICE, France (AP)—Sir Winston Churchill is recovering satisfactorily from a cold that has kept him indoors for the past few days, his secretary said today. The former British Prime Minister, who is 81, is vacationing at the villa of his publisher Emery Reeves. Churchill apparently suffered a chill while painting out of doors Friday.

Pertinent Information

MONTICELLO, Ark. (AP)—An instructor at Arkansas A&M College was checking the roll. One girl was absent and he asked the class if anyone knew anything about her. One boy answered, "She's a sweet girl."

India Mail Strike Ends

NEW DELHI, India (AP)—A four-day Communist-led mail sorters strike ended today. Two hundred workers returned to the job after government officials promised to look into their protest against the transfer of three fellow employes.

Girl for Eddie, Debbie

BURBANK, Calif. (AP)—The baby expected by crooner Eddie Fisher and his actress wife, Debbie Reynolds, arrived almost three weeks ahead of schedule. The 6-pound, 12-ounce daughter was born in St. Joseph Hospital after the parents had made a hectic, 120-mile dash by car from Palm Springs.

Will Speak at Huron Crossing

Nixon to Arrive at 5:25 P.M.

Vice President Richard M. Nixon, arriving in Pontiac at 5:25 p.m. today, will deliver a 20-minute speech from the platform of his special railroad car at the Huron street Grand Trunk crossing.

Nixon, making a whistle-stop tour in Michigan today and tomorrow, speaks today in Saginaw, Lapeer, Imlay City and Flint, where a major address is scheduled tonight.

Tomorrow he will continue to Lansing, Battle Creek, Kalamazoo and Niles.

Heavy fog over Alpena this morning canceled Nixon's appearance there as his first Michigan stop. After hovering an hour over Alpena Airport, Nixon flew on to Saginaw, where he landed at 11:45 a.m., about 15 minutes behind his tour schedule.

State Rep. Richard C. VanDusen of Birmingham, running for attorney general on the GOP ticket, will accompany Nixon, Ritchie said.

Officials Refute Criticism of County Courthouse 'Secrets'

EDITOR'S NOTE—This is the first of a serie of articles describing plans for a new Oakland County courthouse. In this series Oakland County officials reply to criticisms that have been voiced that they have acted without due consideration, and that the public has not been fully informed regarding their actions.

By CONRAD N. CHURCH

"Oakland County Board of Supervisors is proud of its record in preparing for the construction of a new courthouse," said Delos Hamlin, board chairman, today.

"We have nothing to hide. We decided where we would build only after long study. We studied the needs of various departments. We studied buildings and the organization of departments and functions in other counties.

"We have kept the public informed at frequent intervals. We have kept our officials informed as tentative building plans have been completed.

* * *

"We are particularly proud of our financial record. The county's financial operation has been completely clean. Everything we have is paid for. We have no outstanding bonds. And we still have maintained one of the lowest tax rates in the state.

"If there is anything that has not been revealed about our plans for building or financing, it has been unintentional. Our books are open. We will be happy to have the entire record made public."

This was Hamlin's reply to criticisms that have been voiced that the supervisors have acted without proper consideration, and that the public was not informed.

"We are planning a courthouse and county office building which ultimately may cost five and a half to six million dollars," continued Chairman Hamlin. "But for the present we plan to build only the first unit, a five-story and basement courthouse tower which will cost from two and a half to three million dollars.

"We have a considerable portion of the money needed to pay for that first unit now. We will have enough by the time it is completed.

"We have not made courthouse money available through padding budget, appropriations. Rather, much of it has resulted from increasing fees for various county services from the ridiculously low figures at which they had been left for many years.

"Much of the money has been made available through the sale, some already consummated and some still to be completed, of county-owned land which had been obtained from the state in previous years at tax sales. This was another phase of our financing of which we are all proud as it has and will save Oakland County taxpayers hundreds of thousands of dollars which they otherwise would have had to pay in taxes.

* * *

"This land was picked up by the Oakland County Welfare Commission at no cost from the state following tax sales. Much of it was used for emergency housing during the depression years. Its use saved the county from paying rent for indigent families.

* * *

"When the voters approved the building of a new courthouse but turned down a bond issue to finance its construction they put upon the supervisors the task of finding other ways to pay for it.

By building in a step-by-step plan we believe that we can provide the money, and a considerable part of it will come from the sale of this land, for much of which we have no further need.

"Oakland County has had a long record of 'paying as we go,' and our courthouse program is strictly in keeping with that method."

"We believe that when this courthouse with its surrounding grounds is completed, Oakland County will have one of the finest county service centers in the United States. It will be paid for when it is finished.

We believe that we are doing what the vast majority of the people want us to do."

The supervisors' special building committee has played a big part in the whole task of picking out the site for the proposed new courthouse, for studying and deciding on the details of the building, and also on its financing.

The committee includes Harold K. Schone, Birmingham, chairman; H. Lloyd Clawson, Royal Oak; R. C. Cummings, Pontiac; Harry W. Horton, Royal Oak; David Levinson, Birmingham; Frazer W. Staman, Novi Township; and Eugene Swem, Southfield Township.

Body of Woman Found by Hunter

Police, Deputies Seek Death Cause of Missing Rest Home Patient

State police and Oakland County Sheriff's detectives today are investigating the cause of death of a 55-year-old woman whose decomposed body was found by a hunter in a field near Lakeville Saturday afternoon.

Identified as Roberta Morris, a former patient at the Ypsilanti State Hospital, the woman had reportedly been missing from the Cole Rest Home in Leonard since July 10.

Nothing has been found to support a murder theory except the position of the body, said Det. Don Francis of the Sheriff's Department. He said there were no signs of violence and that the position could have been caused by dogs.

Francis told the Press this morning that even an autopsy by St. Joseph Mercy Hospital Pathologist, Dr. Richard E. Olsen, had failed to reveal the cause of death.

The body was discovered by Michael Serilla, of Ferndale, near Moffatt and Mack roads. He told police he was bird hunting and had walked about 300 feet into the field when he came upon the dead woman near a fence.

New Polish Chiefs Break With Kremlin

(Continued From Page One)

erted intense pressure to keep its men in places of authority. Despite tension, and reports of clashes between Polish and Soviet troops, Warsaw remained quiet throughout the meeting.

Before he officially took power, Gomulka issued a virtual declaration of independence from Moscow. In a fiery speech to the Central Committee, he denounced what he called misrule of the past 12 years.

SEES NEW ROAD

"There is more than one road to socialism," he declared. "There is the Soviet way. There is the Yugoslav way. And there are other ways."

Gomulka's sweeping victory might herald fateful changes in other parts of the East European Soviet satellite bloc.

Some Polish Communists said they expect Hungary to take a similar course by returning to power former Premier Imre Nagy, who was deposed in 1955 as a rightist. Only yesterday thousands of Hungarian students issued ultimatums to the authorities threatening street demonstrations unless their demands for more freedom and better living conditions are met within two weeks.

Some Polish sources forecast that Gomulka's victory might cost Nikita Khrushchev his job as boss of the Soviet Communist party.

Old Stalinists — supporters of the harsh policies of the late Soviet dictator — are said to feel that Khrushchev's policy of reconciliation with Yugoslav President Tito threatens dissolution of Russia's satellite empire.

Khrushchev headed a platoon of Soviet political and military leaders who rushed here Friday in an apparent effort to head off the rising tide of Polish independence.

Rep. Powell's Secretary Gets Prison Sentence

NEW YORK (UP) — Acy Lennon, secretary to Rep. Adam Clayton Powell (D-NY) was sentenced today by Federal Judge Archie O. Dawson to serve a year and a day in prison and was fined $2,000 for income tax evasion.

Lennon was convicted by a jury last week.

The sentence followed condemnation by the judge and by Asst. U. S. Atty. Thomas A. Bolan of a statement attributed to Powell over the radio last Friday night that Lennon received "the rawest deal a man ever got."

Daily Worker Supports Polish Independence Bid

NEW YORK (INS) — The Daily Worker today supported Poland in its quest for political independence from the Soviet Union.

The worker, the official Communist Party newspaper in the United States, said in an editorial the Poles are "advancing the democratization and independence of their socialist regime," and cautioned the Soviet Union against interfering in the internal affairs of Poland.

Kefauver Adds State to 38,000-Mile Route

POCATELLO, Idaho (UP) — The election campaign route of Sen. Estes Kefauver, already 38,000 miles long, was lengthened today.

The Kefauver itinerary was scheduled to add visits to Ohio, Illinois and Michigan starting Sunday, Oct. 28, after the Democratic vice presidential candidate completes a two-week coast-to-coast swing in Washington Saturday.

The new itinerary calls for visits Monday, Oct. 29, at Lima, Findlay, Mansfield and Canton, Ohio; Champaign, Decatur, Bloomington and Peoria, Ill., on Tuesday, Oct. 30; and the Detroit area Wednesday, Oct. 31.

Small Game Hunting Accidents Total 47

DETROIT (UP)—At least 47 hunters have been wounded in firearm accidents since Michigan's small game season opened at 10 a.m. Saturday, State Police reported today.

No deaths had been reported. On of the most critically wounded was James Colson, 32-year-old Detroit factory worker.

State Police said Colson was hunting seven miles southwest of Brighton yesterday when a companion, Frank Floyd, attempted to reload his shotgun. The weapon discharged accidentally and the charge struck Colson in the head.

Pontiac Deaths

Robert Lyman Edwards

Funeral service for Robert Lyman Edwards, two months old son of William and Shirley Rieck Edwards of 171 Summit St., will be announced later by the Huntoon Funeral Home.

The child died Sunday evening at the Children's Hospital in Detroit.

Willie Holmes

Prayer service will be held at 7:30 p.m. Wednesday for Willie Holmes, 31, of 318 Wessen St., who died Oct. 19.

Mr. Holmes was the son of Alfred and Carrie Aldolph Holmes. He was born in Chamberlin, La., and had been in Pontiac nine years. He was last employed at the New Haven Foundry, Inc.

He is survived by his parents and a sister, Edith Barlow of Pontiac.

Service will be conducted from the Frank Carruthers Funeral Home by Bishop C. J. Johnson of the Church of God. The body will be shipped to Chamberlin, La. for burial.

Harry D. Morrish

Word has been received of the sudden death Friday in Fort Lauderdale, Fla. of Harry D. Morrish, 64.

A resident of Pontiac for some years, he was a machinist at General Motors Truck and Coach Division. He was a member of the Second Baracca Sunday School Class of the First Baptist Church here.

In Florida he was general manager of the Kiln Processing for Gate City Lumber Co. He was the son of James and Phebe Richards Morrish, was born in Genesee Co. and married Mae D. Hill who survives him.

Also surviving are two daughters, Mrs. Harold Leinenger of Pontiac and Mrs. Leslie Yeamans of Fort Lauderdale and three grandsons, a sister, Mrs. H. M. Trask of Toledo, Ohio, a brother, Wesley Morrish of Grosse Pointe Park, and an aunt, Mrs. Harry Gage of Clio.

Service will be at 1:00 p.m. Thursday at the Donelson-Johns Funeral Home, with Dr. H. H. Savage of the First Baptist Church officiating. Burial will be at White Chapel Memorial Cemetery.

John Henry Smith

John Henry Smith, 25 Willard St., aged 74, died Saturday at the Pontiac General Hospital after a long illness. He was born in Pontiac, the son of Mr. and Mrs. John Smith, and married Sue Randolph who survives him.

He was last employed in the Tool and Die Dept. of the Fisher Body Division.

Service will be at 11 a.m. Tuesday from the Pursley Funeral Home with Rev. Paul T. Hart of the First Methodist Church officiating, followed by burial in Oak Hill Cemetery.

U Nu Off to Peiping

RANGOON, Burma (UP)—Former Premier U Nu, leader of the governing anti-Fascist Peoples Freedom League, left today for Peiping at the invitation of Premier Chou En-lai to discuss border problems.

WAITING TO BUY NEWSPAPERS IN WARSAW — Here is a line of citizens in Warsaw, Poland, waiting yesterday to purchase special editions of newspapers carrying the fiery speech by Wladislaw Gomulka, which was delivered Saturday. Gomulka denounced misrule of the Kremlin-inspired leaders in Poland during the last 12 years. He urged Poland to set its own course toward Socialism independent of Moscow.

In the Heart of New York City

Woman, 82, Survives 8 Painful Days Locked in Bathroom — Without Food

By GEORGE W. CORNELL

NEW YORK (UP)—In eight days without a bite to eat, you begin to think about the end. Especially when you're 82.

For eight harrowing days and nights, Mrs. Henrietta A. Emhardt, who is 82, had been an accidental prisoner in her own apartment, in the heart of the city.

"I thought I was going to have to die there," she said, "that I'd starve gradually to death."

There wasn't even space to lie down. The only thing she had to drink was water.

* * *

"It was torture," Mrs. Emhardt said today, her ordeal over.

A week ago Friday, on the afternoon of Oct. 12, Mrs. Emhardt became locked in the bathroom of her apartment at 11 E. 92nd St., where she lives alone.

She had fallen against the door, jamming it tightly, and then in trying to open it, had pulled the handle off the doorknob. The rod slipped out on the other side. She was trapped.

She shouted, until her voice gave out, and pounded until her fists went raw, and beat with a brush on the water pipes until she was so weak she couldn't lift her arms.

"For the first four or five days, oh, how I bounced on the door all day and night with all my might, hoping and praying that someone would help.

* * *

"Over the water pipes, I could hear the sounds of people all over the house, and I couldn't understand how they could be so heartless as not to come."

It seemed there was no hope left, but she hung on.

"There was no place to stretch out for a tall person like me," she said. "When I'd try to lie down, my whole body would go into cramps."

In a kind of a listless, gnawing eternity, the time ran on. Vaguely, at times, she'd hear her telephone ring, but it was beyond her prison door.

Unknown to her, in Darien, Conn., a cousin, J. S. Schulten, had been phoning repeatedly. Worried, he finally asked police to check on her.

* * *

That was last Saturday night, Oct. 20. Police knocked down the bathroom door. A plucky Mrs. Emhardt, her spirits unbroken and her physical constitution weak but well, said of their coming:

"You can never tell how thankful I was."

The first thing she wanted was to go to bed. Today, rested and still eating ravenously, Mrs. Emhardt said:

"My legs still are very weak and it'll take time to get my strength back, but otherwise I feel wonderful. My appetite is tremendous. Everything tastes good."

6 Shot Over Weekend in Local Hunting Mishaps

Six persons already have been wounded in Oakland County shooting accidents as the bird season entered its third day today.

Most seriously wounded is Charles Barber, 13, of White Lake Township, who is in satisfactory condition at Pontiac General Hospital with a wound in the left ankle.

Also in the hospital is Christopher Ward, 13, of Clarkston, who was wounded in the right foot and may lose three toes.

Others shot were Jack M. Moore of Davisburg; Charles Farren, 17, of Commerce Township; Charles Hurley, 4, of Avon Township, and Mrs. Lula Cook, of Kokomo, Ind.

NEEDS OPERATION

Barber was operated on by a bone specialist last night after he had been shot through the ankle.

The incident occurred Sunday afternoon when his companion, Joseph Thomas of Detroit, tripped, accidentally firing his .22 caliber rifle.

Ward was shot Saturday afternoon while hunting with Jan Fortin, 17, of Waterford Township, on Fleming Lake road in Independence Township. He was hit when Fortin's rifle went off while he was loading it.

Moore suffered a slight hand wound when a gun he was loading went off yesterday afternoon on Eagle road in Holly Township.

Farren was struck in the right leg by a shot from the rifle of his brother, Arthur, 14. Both were hunting in a Commerce Township field Saturday. Sheriff's deputies said the boys were on opposite sides of a field when a pheasant flew up. Arthur fired, hitting his brother instead.

Hurley and Mrs. Cook were grazed by bullets while sitting on the porch at the Hurley house. The shots apparently came from a field in front of the house. Both were treated by a Rochester doctor.

AP Wirephoto

SARGE TAKES A WIFE — Comedian Phil Silvers, who plays an Army sergeant in a television series, nibbles on wedding cake held by his bride, the former Evelyn Patrick in New York Sunday. They were married Sunday in New Haven, Conn. She appears on TV as a cosmetics demonstrator.

Court OKs Death for Bomb Killer of 44

DENVER (UP)—Colorado's Supreme court upheld today the first-degree murder conviction of John Gilbert Graham, 24, for dynamiting an airliner which caused the death of 44 persons last year.

* * *

The court ordered Graham to be executed during the week ending Jan. 12 at the Colorado Penitentiary where he is now confined. Such executions usually are carried out on Friday night. This would make the probable date of execution Jan. 11.

The high court, in an opinion by Chief Justice Wilbur M. Alter, said "no other verdict than guilty of murder in the first degree could have been returned" by the jury which heard Graham's case last April.

* * *

Graham was sentenced to die in August but the execution was stayed automatically by the filing of the appeal.

Rippe Resigns Post; to Seek Re-election

DETROIT (UP)—Harold Rippe, indicted twice for bribery, resigned today as supervisor of Taylor Township but promised to run for re-election next spring.

Rippe gave up the post after delivering a parting blast at Gov. Williams and the CIO Political Action Committee. Mrs. Martha Stanislaw, a Rippe supporter, was immediately appointed supervisor.

Gov. Williams had ordered a hearing to determine if Rippe should be removed from office. Removal as supervisor by the governor would have prevented Rippe from seeking re-election for three years.

If found innocent of the two indictments returned by the one-man graft grand jury, Rippe can run for re-election next spring.

Curtice Sees Bigger Market

Expects More Demand for Autos, Appliances in Europe

NEW YORK (UP) — High employment and a rising standard of living in Western Europe are creating expanding markets for automobiles, household appliances and other consumer goods, Harlow H. Curtice, president of General Motors Corp., said today.

* * *

Curtice returned to the United States today after a four-week trip to Europe. He inspected GM manufacturing and assembly facilities in Great Britain, France, Germany, Belgium and Switzerland and conferred with govenment and business leaders as well as GM executives and dealers.

Curtice said continued expansion of Western Europe's economy seems likely, "but at a somewhat slower pace." He said the area's automobile business shows a "basic strength and vitality," but added that "high purchase taxes and credit 'squeeze' " are affecting the auto industry in England.

Increasing productivity of European nations is bringing more consumer goods within the reach of the average European, Curtice said. As an example, he said General Motors will produce more than 100,000 Frigidaire units this year in France alone. Next year, he said, French Frigidaire production is expected to increase by 40 per cent.

Curtice said GM's three-year 204-million-dollar modernization and expansion program for its European operations should be completed by the end of the year.

* * *

Biggest operations in the project are at GM's Opel plant in Germany and Vauxhall plant in England. Both will be able to produce 250,000 cars and trucks a year.

GM employment in Europe now totals nearly 60,000.

Ike Charges Bulganin Trying to Help Adlai

(Continued From Page One)

son's suggestion, saying a foolproof inspection system must be agreed upon before this nation can safely end its tests.

Stevenson did not comment on Eisenhower's formal reply to Bulganin, which the White House made public in midafternoon yesterday. But in a statement commenting on earlier remarks by White House Press Secretary James C. Hagerty, Stevenson deplored what he termed an effort to dismiss the Bulganin letter as a "propaganda exercise."

"The White House seems to have dimissed the Russian offer out of hand," he said, while adding that Bulganin's letter appeared to contain nothing new.

Within two hours after Eisenhower's reply was made public, Senate Republican Leader Knowland of California said Stevenson should "repudiate the unwarranted interference of Premier Bulganin . . . in our free American elections." He wired Stevenson that "you have helped create this situation by your unfortunate position on H-bomb tests."

Sen. Gore (D-Tenn) said he agreed that Bulganin's letter was "an improper intrusion" into the American political campaign.

In his 400-word letter to Bulganin, Eisenhower told the Russian Premier his letter constituted interference in U.S. internal affairs; that Moscow published it before it could be translated and delivered to him; that he was offended by Bulganin's saying that Secretary Dulles has distorted Russia's views; and that "you seem to impugn my own sincerity."

MOSCOW (UP)— The communist party newspaper Pravda told its readers today that White House Press Secretary James Hagerty had described as "propaganda" the latest letter from Premier Bulganin to President Eisenhower.

But Pravda made no mention of Eisenhower's denunciation of the Bulganin letter containing the latest Soviet appeal for an end to atomic and H-bomb tests. The newspaper reported Hagerty's remarks in a Tass dispatch from Washington.

Cobo to Attend Rally Despite Doctor's Order

DETROIT (INS) — Detroit's Mayor Albert E. Cobo will be confined to his bed today if his doctor has his way.

The doctor said Cobo is suffering a "bad cold and sore throat." However, the GOP candidate for governor insists that he will appear at a Republican rally tonight in Livonia.

Loot Vending Machines in City Restaurant

Vending machines yielded an as yet undetermined amount of change to burglars who looted a restaurant at 153 W. Huron St. Friday night, Pontiac police said.

A glass pane in the front door was smashed and cigarette, juke box and pin ball machines pried open, they added.

The Day in Birmingham

Parking and Police Funds Increased, Says Purkiss

BIRMINGHAM —Commissioners tonight will receive a quarterly financial report of the city which shows an increase in parking revenues due to opening of parking lot No. 1, and a raise in police department revenues.

"The police revenues," says James Purkiss, finance director, "are approximately 30 per cent above the same period last year, partially as a result of better traffic enforcement in the business section."

With $316,123 spent in development of off-street lots, the automobile parking system fund shows $37,626 taken in on meters.

In the General Fund comparison with last year, Purkiss shows that pavement resurfacing has cost the city $30,061, with $40,000 allocated, and $2,470 for the city share for sidewalks, against a $5,000 allocation.

Police revenue has risen to $12,762, over its $10,000 budget estimate.

He notes a loss of $923 on sewer installations, compared with a loss of $703 last year, and advises a revision in rates when the present water rates are adjusted.

The report has 49 pages for commissioners to peruse.

* * *

Two Marines, reported AWOL from San Diego recruit camp where they have been assigned eight days hard labor, have ended a trek from California, and are in Oakland County Jail.

They are held pending an FBI decision whether they will be charged with a Dyre Act violation for taking a stolen car across a state line, or turned over to the Marine Corps. Police here found the boys sleeping in a car stolen from Grand Rapids, home town of one youth, Bruce Webster Hall, 19. His companion is Vito J. Mazzenga of Detroit.

The boys stole two cars in California, taking one from San Diego to Hollywood and the second from there to 90 miles east of Fallow, Nevada, according to Det. Lt. Merlin Holmquist here.

Sgt. Glenn Foltz and Patrolman Alan Woodard investigated the sleeping boys at 5:20 Sunday, found they had no car registration nor keys to fit the car's ignition.

* * *

Birmingham police are investigating another case in which a police radio microphone was stolen from one of their cars, and a speaker from another police car, yesterday morning.

* * *

Dr. Ernest Scheyer, associate professor of art, Wayne State University, will speak on "Architectural Impressions of Europe Today" at the Friends of the Baldwin Public Library program tomorrow at 8:15 p.m.

His talk at the library will feature photographic slides as well.

* * *

Prof. Roy Stanley Swinton

Prof. Roy Stanley Swinton, a U. of M. faculty member for 30 years, died suddenly Saturday night in Jakarta, Indonesia, according to his son, Stanley, chief of the AP press bureau in Rome, Italy.

Among his family are a daughter, Mrs. Vincent S. Madison, of Birmingham. Services will be in Ann Arbor, with interment at Charlevoix.

* * *

Mrs. Margaret VanSickle

Mrs. Margaret VanSickle, 82, 610 Blaine Ave., Detroit, mother of Mrs. Francis H. Phelps, Bloomfield Hills, died at Beaumont Hospital yesterday.

Service will be at Bell Chapel of the William R. Hamilton Co. at 1 p.m. tomorrow, with interment at Acacia Park.

* * *

Bruce A. Preston

Service for Bruce A. Preston, 96, 1043 Chestnut St., who lived here with his daughter, Mrs. Oliver Cornwell for 17 years, will be in Mesick at the Methodist Church, with burial in Sherman Mesick Memorial Cemetery. His body will lie at Manley Bailey Funeral Home until early Wednesday.

He was a newspaper printer in the Mesick and Cadillac area and for a short time here and in Lake Orion.

Paint Job Is Given Sylvan Water Tower

When the fog lifted early Sunday morning, Sylvan Lake police discovered a new addition to the city's recently - erected water tower. Painted in large blue letters was "PHS Class of 1957."

City Manager Ernest L. Ethier said the culprits left the "evidence" behind in the form of a paint roller.

Police are investigating the vandalism, he said.

Barges Do Big Job

ST. LOUIS—Barges and towboats carry about 7.3 per cent of the nation's freight cargo over inland waterways.

Kalamazoo Named for National Contest

NEW YORK (AP) — Kalamazoo, Mich., is one of 22 cities named as finalists in the "All-America Cities" award competition.

The competition is sponsored annual by Look magazine and the National Municipal League. It is made "for intelligent and concerted citizen action leading to some major accomplishment or the solution of some touchy civic problem of communitywide significance."

The 22 finalists chosen from throughout the United States and Canada are invited to send representatives to plead their "cases" before a jury at the municipal league's 62nd annual national conference on government.

Eleven city winners will be chosen at the conference at Memphis, Tenn., Nov. 11-14.

Air Secretary Sees All-Missile Units by '59

WASHINGTON (INS) — Air Force Secretary Donald A. Quarles predicts air wings composed entirely of guided missiles will be in operation by 1959.

He told ABC-TV "College Press Conference" panelists yesterday the changeover will permit a reduction from a 137-wing goal and still build a stronger Air Force.

Quarles also denied Adlai Stevenson's charges H-bomb tests are a threat to health.

FTC Bans False Ads by Mail-Order School

WASHINGTON (INS)—The Federal Trade Commission today ordered a crackdown on a correspondence school which allegedly promises federal jobs to its students.

An FTC consent order bars the Civilian Service Bureau, operated by Herbert L. Gundlach of Greensboro, N. C., from promising civil service jobs or representing his firm as a part of the federal government.

Italians Smoke More

ROME—Italians consumed 102,700,000 pounds of tobacco products in 1955, an increase of 3.7 per cent over the previous year. Usage of cigarettes and cut tobacco continued to gain at the expense of cigars, cigarillos, and snuff.

Bob Considine Says:

'Happy' Talking One Way, Acting Another

NEW YORK (INS) — Some people . . . Happy, Chandler, former baseball commissioner turned governor of Kentucky, is to the 1956 presidential race something like Gov. Allen Shivers of Texas, was to the '52 campaign.

Democrat Chandler showed up with a pearly smile when Ike went to Lexington recently. There was much hand-pumping. But while he finally announced support for the Democratic ticket the governor also announced he wouldn't be able to meet Adlai Stevenson when he came through. Previous engagement, said Happy, an unmelted pat of butter on his tongue.

Happy's father is blunter. "I'm for Eisenhower," he announced at a recent GOP rally. "He'll carry the state this year."

It was D-minus 70 seconds. The "D" stood for drop. The B29 "mother" plane drummed ahead at 31,000 feet above the desert. Nestled in its bomb-bay crouched the X1A, fastest, highest-flying plane in the world. Test Pilot Joe Walker crouched inside the thick glass canopy of the little rocket ship.

Suddenly a sharp explosion shook "mother" and the contents of her pouch. Debris shot back and battered the "chase" plane, an F86 piloted by Maj. Arthur Murray. Walker slumped over his controls, his oxygen gone. Inside the B29 every human fiber must have demanded that its owner bail out. The X1A's rocket fuel probably would explode with a hellish gush at any moment.

But two members of the '29's crew, John W. Moise and Charles W. Littleton, climbed down into the bomb bay, broke loose the canopy of the rocket ship, and somehow lifted the unconscious Walker up into the body of the bomber — with 31,000 terrifying feet of thin air yawning below.

* * *

With some oxygen back in his lungs, Walker let himself down into the X1A again and feebly tried to dump its highly explosive fuels. The B29 headed for a lower altitude with a steep dive. The damaged F86 stayed with it, though it, too, would be destroyed if the X1A blew.

His work done, Walker climbed back and the B29 dropped its terribly hot potato to break itself against the desert floor.

All concerned were given Distinguished Service Medals by the National Advisory Committee for Aeronautics.

* * *

The next time anybody tells you Americans are getting soft, show them this clipping.

Three New York hotels whose passing will be perpetually mourned are the Murray Hill, the Ritz and the Lafayette.

* * *

A Greenwich Villager named Vincent Montemore, who runs a bistro named Ricky's on the site of the old Lafayette, is one who has tried to hold back the iron ball of progress.

His place is lighted by the old Tiffany lead chandeliers from the Lafayette, and he salvaged its old marble-topped bar, marble-topped tables, glittering cafe espresso machine and other mementos of a happier day. The Lafayette was Mark Twain's favorite hotel and a favorite resting place for Sarah Bernhardt, Maurice Barrymore, Edwin Booth and Anna Held.

The late Raymond Orteig, an owner of the hotel, is the man who made headlines 30 years ago by offering $25,000 to the first man who would fly solo from New York to Paris. The challenge and the money produced a tall, shy young man named Charles A. Lindbergh, and opened a new age of communication.

John Foster Dulles would rather be able to smoke a pipe than be President. He is allergic to tobacco. U. S. Foreign Service officers have been alerted to let him know of any new strains of tobacco being grown in their countries — in search for one that he can smoke in peace.

Russian Doubts Smoking Causes Lung Cancer

By RENNIE TAYLOR
A.P. Science Reporter

MOSCOW (AP)—A Russian surgeon who deals with many cases of malignancy says he does not believe smoking increases the likelihood of lung cancer.

* * *

Air pollution, particularly fumes from motor vehicles, is more probably the cause, he said.

The opinion was given to a visiting group of California physicians and science writers by Dr. Valentin Sergeivich Mayatt, dean of surgery in the Medical Institute of Moscow.

Dr. Mayatt said statistical studies of the problem had been made by other Russian investigators and their findings pointed to air pollution. He was unable to give the figures produced by the studies.

* * *

Lung cancer is increasing in the Soviet Union, as it is in some Western countries, but possibly not so fast as in the United States, the surgeon said.

Although Russian cities have nowhere near the number of motor vehicles on the streets as American cities, the late fall air of Leningrad and Moscow has a pungent smell something like that of an oil refinery. There is little or no visible smog. Even if it were present it would be hard to see because the skies are overcast heavily most of the time.

* * *

Direct reporting of medical developments by American science writers has been permitted for the first time in the U.S.S.R. during the current tour.

Applejack Too Strong?

PARIS (INS) — Village elders of Eraines (pop. 167) in the applejack country of Calvados, are shaking their heads wondering what has gone wrong with their charges.

Within four months, Eraines witnessed three suicides, two murders, one suspected poisoning, and one attempted suicide.

Skis to Aid Bombers on Antarctic Patrol

WASHINGTON (AP)—A major aircraft company is equipping its giant patrol bombers for duty in the Anarctic with the largest skis ever ordered for a jet-powered aircraft. Measuring 5 feet wide and 16 feet long and made of composite aluminum alloy and steel, the skis will be attached to the two-wheel main landing gear.

Planes, official publication of the Aircraft Industries Assn., says a smaller ski will be mounted on the plane's nose landing gear. And to play it safe, provisions are being made for the wheels to remain stationary while the skis can move up or down—thereby permitting landing on either skis of wheels.

Announce New Way To Shrink Painful Piles

Science Finds Healing Substance That Does Both—Relieves Pain—Shrinks Hemorrhoids

New York, N. Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids and to relieve pain—without surgery.

In one hemorrhoid case after another, "very striking improvement" was reported and verified by doctors' observations.

Pain was relieved promptly. And, while gently relieving pain, actual reduction or retraction (shrinking) took place.

And most amazing of all—this improvement was maintained in cases where doctors' observations were continued over a period of many months!

In fact, results were so thorough that sufferers were able to make such astonishing statements as "Piles have ceased to be a problem!" And among these sufferers were a very wide variety of hemorrhoid conditions, some of 10 to 20 years' standing.

All this, without the use of narcotics, anesthetics or astringents of any kind. The secret is a new healing substance (Bio-Dyne®)—the discovery of a world-famous research institution. Already, Bio-Dyne is in wide use for healing injured tissue on all parts of the body.

This new healing substance is offered in *suppository* or *ointment form* called *Preparation H.®* Ask for individually sealed convenient Preparation H suppositories or Preparation H ointment with special applicator. Preparation H is sold at all drug stores. Satisfaction guaranteed or money refunded.

®Reg. U. S. Pat. Off.

P.S. DOCTORS PRESCRIBE SPECIAL LAXATIVE TO EASE PAINFUL ELIMINATION WHILE SHRINKING PILES

The makers of Preparation H also make Petro-Syllium®, a special type laxative prescribed by doctors for hemorrhoid sufferers. Softens hard dry stool and assures easy elimination *without pain.* Ask for Petro-Syllium.

Air Springs on Way for Passenger Cars

From Harvey S. Firestone Jr. has come an announcement of vital interest to every American motor car or truck owner.

In it the nationally known tire manufacturer says his company will go into production of rubber air springs for automotive vehicles next July. A new plant for the production of this air suspension system, to be known as Airide, is to be built adjacent to Firestone Industrial Product Plant at Noblesville, Ind.

★ ★ ★

Compressed air suspension isn't new. Firestone began experimenting with it in the early 1930s and has co-operated with the motor car industry in its development. It has been in use on some trucks and buses for several years. Engineers believe it has great possibilities for application to passenger cars in the future.

★ ★ ★

The Firestone Airide system is based on an air compression principle. It uses a variable volume of air encased, like an automobile tire, in rubber and nylon to cushion the shocks of the road. The air enclosed in the rubber bellows adjusts automatically to give proper "soft" ride for the boulevard and the needed protection from the shocks of rough roads regardless of passenger load. GMC Truck & Coach has been using this principle for some time.

★ ★ ★

Through the Airide's control valves it automatically maintains fixed road clearance regardless of load, permitting lower car design. It also is contended that the system is far less costly to maintain and repair than steel springs. Damage and wear on automobile parts due to road shocks are considerably reduced because of the greater ability of the Airide to absorb them.

★ ★ ★

In addition to its use on trucks, buses and trailers in recent years, Airide has many industrial applications where it is used to cushion expensive machines from shock.

Of the new product Mr. Firestone says "it is the greatest contribution to passenger comfort since pneumatic tires replaced solid tires on motor cars."

Roll-on, Roll-off Ships to Carry Loaded Trucks

Soon to be constructed in a Mississippi shipyard for a New York corporation will be two unusual vessels for coastwise service between New York City and Jacksonville, Fla.

These "roll-on, roll-off" ships will have loaded truck trailers rolled aboard and then rolled off at the port of destination. It is expected, says the *Christian Science Monitor*, that these craft will transport as much freight in a year as six Liberty ships.

★ ★ ★

Under this ingenious adaption to water transport of the railroads fast growing "piggy back" flat car idea, much of the loading and unloading time to and from the ships' holds will be saved. This obviously will result in great savings in labor and overhead operating costs as well as shortening turn around time.

★ ★ ★

The idea for the use of roll-on, roll-off ships, also called "fishy back" service seems to point the way for fuller and more economical use of the Nation's transport facilities. At present our highways are overcrowded. Some of our railroad lines are not, neither are our water lanes, especially ocean.

Here is fresh evidence that American business hasn't lost its ability either to recognize or make use of a new means of lowering the cost of moving products to consumers.

Finn Voters Slap Reds

Some results of tiny Finland's recent national election are extremely gratifying.

For example, in a nationwide election the Communist party lost around 200 seats in municipal councils already controlled by the parties of the Center and the Right. Most of these seats were won by candidates of the Agrarian party headed by Finland's President Kekonnen.

★ ★ ★

The results indicate clearly that Finland, although living next door to mighty Russia, nevertheless is moving politically farther to the Right. They are particularly significant because the Reds lost ground in the poorer districts in the north and east where economic conditions have the Communists ample propaganda material.

★ ★ ★

These areas lie nearest to the Soviet border and the Finns who live in them have first hand knowledge of Russia's police state methods. As a result actual conditions there are well known to the Finns who have indicated by their votes that they want no part of that "workers paradise."

The Man About Town

Get Out the Vote

Unique Way Is Suggested, Which Might Do the Trick

Temper: What you should keep: nobody else wants it.

Perhaps my good friends on the North Branch Gazette,

Mr. and Mrs. L. R. Reeves,

have a new formula for getting out the vote. It seems to me it should work. Anyway, it should make us think—and perhaps blush. They say:

"Don't vote — it's such hard labor — and dull. At the voting booth there will be no free beer, pretzels, entertainment, sex, fun, or anything else to amuse you. Not even any newspaper comic pages, radio or TV. It doesn't amount to much anyway—only a decision on who is to run the biggest business on earth. Better save the effort required in voting and spend it on griping about what's done by the officials your appreciative liberty loving neighbors elected. We know you'd rather gripe than vote."

Quite remarkable is the memory of

Arthur Pound,

Pontiac native and noted author. When here the other day he surprised some of his local acquaintances of over a half century ago by reminding them of things about themselves that they'd forgotten.

We are to have a mild winter, according to

Harry Mitchell

of 4370 Fenimore St. He always has understood that when the hornets built their nests near the ground we are to have a mild winter. Now he has located such a nest in a tree 100 feet above the ground.

Only 86 entries were eliminated in our football contest in Saturday's Michigan State-Notre Dame game, which State won, 47-14. They were the 79 who had picked Notre Dame to win and the 7 who predicted a tie game.

The 262 who predicted State would win now carry over to next Saturday's contest game, on which they are divided: Stanford, 173; Southern California, 89; tie game none.

Verbal Orchids to—

Mrs. Mary Dailey

of 609 East Kennett Road; ninety-second birthday.

Mr. and Mrs. William B. Sharp

of 502 West Huron St.; fifty-fourth wedding anniversary.

Mrs. Minnie Johnson

of 19 Clark St.; eighty-seventh birthday.

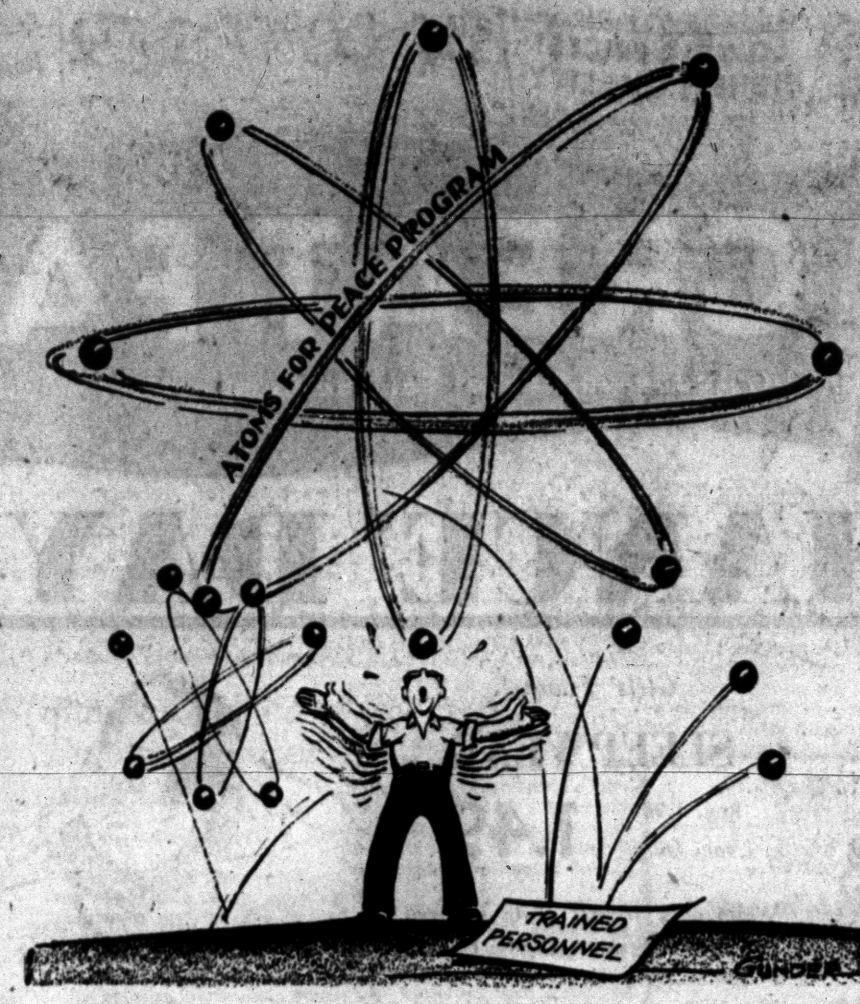
of Utica; fifty-eighth wedding anniversary.



More Hands Needed!

David Lawrence Says:

The '52 Stevenson Wasn't Gullible

WASHINGTON—Is this the "new America" to be envisioned from the campaign speeches of Adlai Stevenson?

1. The United States announces it will halt H-bomb tests. The Soviets say they will do likewise.

2. America, in the meantime, doesn't dare "experiment" with H-bombs in any form for fear of being accused of bad faith. Research continues, but in the dark the scientists cannot determine whether their experiments are of any value.

3. Soviet Russia, having no such fears and being able to conceal what is being done, continues her "experiments."

4. An explosion is reported from inside Russia. Scientists favorable to the Stevenson viewpoint say it wasn't an H-bomb. Other scientists dispute it. The debate goes on throughout a bewildered America.

5. The "cold war" grows acute, and, after an interval of perhaps a couple years—during which nobody knows which country really has atomic superiority — Moscow suddenly demands that American forces get out of Europe and that NATO be dissolved.

6. Shall the "new America" surrender to Soviet Russia under threat of destruction by weapons unknown?

The foregoing chain of events could not happen unless the United States had a naive, gullible president.

The 1952 Stevenson was not gullible. He was a much more prudent and cautious American where the safety of the nation was involved than he appears to be in 1956. Here is what Stevenson said in a speech at Hartford, Conn., as reported Sept. 18, 1952:

"The (atom) bomb is but one part of a general system of defense. It cannot be a substitute for such a general system. Until it is subjected to a safe international control, we have no choice but to insure our atomic superiority . . .

"Because our government knew the futility of the arms race, it made its great decision to seek an international system for the control of atomic power . . . I think this decision was right — profoundly right . . . the Soviet Union has thus far refused to join in a workable system. The reason is obvious. To be effective, such a system would require effective United Nations inspection, and the Kremlin fears to open up the windows and doors of its giant prison . . .

"We must strive constantly to break the deadlock in our atomic discussions. But we can never yield on the objective of securing a foolproof system of international inspection and control. And we never confuse negotiation with appeasement."

What has happened to Adlai Stevenson since? In April 1956, when his preconvention campaign was well under way, he said in a public speech that America could stop H-bomb tests on her own and take a chance that Soviet Russia would do likewise.

Now the Soviet chief, Bulganin, has come forward with a letter to President Eisenhower—dated Oct. 17, 1956—offering an agreement to end H-bomb tests and saying that "there will be no particular difficulty in supervising" the matter because explosions can be detected anywhere. He adds that the Communist government is "entirely in agreement with the view which has been taken by certain prominent public figures in the United States lately about the necessity and possibility of an agreement on the banning of atomic tests."

No responsible American officials in the executive branch of the government have advocated any such thing. But, if Adlai Stevenson is elected President of the United States, the Soviet government will find they have an American president who now is willing to risk the safety of his country on the word of the Communist regime.

Will the American people on Nov. 6 really risk their safety with a candidate who is ready to stop development of nuclear weapons on the pledged word of the enemy and without the "foolproof system of international inspection and control" that he himself called for only four years ago? It seems incredible.

LI'L ONES

"We're off course about 10 degrees."

Dr. William Brady Says:

Take Load Off Your Veins to Prevent Any Varices

Varicose veins are dilated, swollen, bulging, thinned, twisted, weakened veins. This condition of vein or veins is called varix or, in the plural, varices. Varices may occur in any part of the body where veins normally lie close to the surface—very close, as the famous vaudevillians had it.

Frequent seats of varices are the legs, the scrotum of men (varicocele) and the lower end of the rectum just within the anus (internal piles), and the skin just outside the anus (external piles).

Varices in the lining of the esophagus (gullet) have been found to be the source of serious internal bleeding.

I had more than ordinary experience with varicose veins and varicose ulcers during my hospital service—most of the patients with obstinate leg ulcer from varicose veins were men. I never heard of serious bleeding or hemorrhage from breaking or rupture of varicose veins. If a varicose vein broke or were open by a wound, the bleeding would be easily controlled by simply holding a clean pad or a clean finger on the bleeding spot.

It is at least worth noting that in every instance of varix I have mentioned here there's an unnecessary load on the affected vein when you are in the vertical posture and you take the load off the vein when you are in the horizontal posture, or better still, a more or less inverted posture such as Sims' position, dorsal recumbent, kneechest, Trendelenburg, or any position with heels higher than head.

It seems that the veins most likely to become varicose have no valves or, as some comparative anatomists infer, have lost their valves since man assumed the upright posture. Anyway, assuming the horizontal, even for a short while many times in the day, compensates for this deficiency.

In the pamphlet Varicose Veins and Varicose Ulcer, for which send me, in care of this newspaper, a stamped, self-addressed envelope, I urge not only horizontal posture but the upside down bicycle riding exercise for anyone who has or believes he or she is getting varicose veins or varicose ulcer.

Should one with varicose veins in the legs stand while at work or play if it is at all possible to remain seated? No.

But should he or she ride to and from work, school, shop, plant, or office if it is at all possible to walk? No.

Should one with a tendency to varix in legs, scrotum, pudenda, or rectum sit or lie down or relax during lunch hour or at any other break in the daily schedule? Or should he or she go out for a quiet stroll—NOT toward the cocktail joint? No, no. If he or she still hopes to stave off disability he should take a brisk walk when he or she has a few minutes off duty.

No lackadaisical stroll, no loll, no lag, no drag, but with chin tucked inside an imaginary high collar and toeing straight ahead, the only things necessary to assure good posture, and so around the block, or if traffic permits, pace off half a mile or a mile not hurrying but stepping along as though you mean business. This improves circulation in the veins. Lolling favors stagnation.

Signed letters, not more than one page or 100 words long pertaining to personal health and hygiene, not to disease, diagnosis, or treatment, will be answered by Dr. William Brady, if a stamped self-addressed envelope is sent to The Pontiac Press, Pontiac, Michigan.

Voice of the People

Schoolboy Requests Stop to Weekend Homework

sary because of lack of space. Full name, address and telephone number of the writer must accompany letters but these will not be published if the writer so requests unless the letter is critical in its nature.

There are excellent reasons why homework should not be assigned for weekends. Five days devoted to school are enough for teenagers who have many interests. With homework for Saturday and Sunday, when can we find time to go to a football or baseball game, see a movie, watch TV programs, or just relax?

In the second place, weekend homework is left until Sunday night unless we buckle down to do it on Friday evening in spite of basketball, dates and parties. Weekend homework is usually done so poorly that on Mondays, teachers threaten to fail whole classes of students who haven't the notion of what the lesson is about.

If we had no homework to haunt our weekends, we would go to school on Monday fresh and willing to work. Teachers, don't you agree?

Hungary and Poland Join in Defying Moscow Rule

By JOSEPH L. PEARLMAN
INS Staff Writer

Hungary and Poland are out front with Yugoslavia in promoting the big challenge to Moscow.

According to reports from Belgrade, the Hungarian Reds have boldly rejected Moscow's warning against following too closely Marshal Tito's road to socialism.

And former Premier Imre Nagy, who fell from power because he had advocated some of the things Tito did, has been restored to membership in Hungary's Communist Party.

Poland's Communist leaders will chart the Polish road to socialism at a meeting reportedly to be convened shortly.

★ ★ ★

They also will decide the niche in the party leadership to be given to Wladislaw Gomulka, the rehabilitated Red who was condemned for Titoism in 1949. And the government changes set off by the Poznan riots are still going on.

DIFFICULT TO RESIST

Satellite leaders would find it difficult to resist joining the drive for autonomy and independence from the Kremlin, which Tito is now polishing up in Belgrade.

★ ★ ★

The strange series of events, which tied the fate of East European Reds to the whims and fancies of the Kremlin rulers for many years, made this clear.

The process of rehabilitating deviationist Reds still alive, plus those unable to escape the executioner, provided them with plenty of food for thought, if events in their own countries failed to ignite action.

Political confusion among the satellites exemplified in Hungary's hectic post-Stalin adjustment years.

★ ★ ★

After Georgi Malenkov succeeded the dead Stalin and introduced his ideas emphasizing consumer goods production, Nagy replaced Stalinist strong man Matyas Rakosi as Hungarian premier. Rakosi took over stewardship of the Communist Party.

Then Marshal Bulganin replaced Malenkov in Moscow, and the satellite leaders began doing the puppet dance all over again.

★ ★ ★

Nagy was kicked out as premier in 1955. With him went his plans for production of consumer goods and the halving of forced collectivization of farms.

Late last year Rakosi tried but failed to enforce what he called the "correct" Socialist line. The Hungarian Writers Federation stepped in, using ridicule as part of the arsenal against Rakosi, leading to his fall from power, and the merry-go-round continued.

Hungarian leaders now are said to be considering adoption of certain Yugoslav ideas, including economic decentralization.

★ ★ ★

The "liberal" faction of the Polish Communist Party also has shown clear signs of defiance of Moscow on certain issues, such as responsibility for the Poznan riots.

★ ★ ★

If Gomulka is moved back into a top party post, it is expected he will demand an amnesty for all Poznan rioters.

Looking Back

15 Years Ago

THOUGHTS FOR TODAY

Now some are puffed up, as though I would not come to you. —I Corinthians 4:18.

★ ★ ★

Christian piety annihilates the egotism of the heart; worldly politeness veils and represses it.—Pascal.

Case Records of a Psychologist:

Bad Conduct Often Immaturity

Wilma's comments should help you parents who have children in college. Wilma's data show that about 20 per cent of teenagers cannot cooperate for the good of the team. They are still emotionally juvenile and wish to be high schoolers by the chart below before they even leave for college.

By DR. GEORGE W. CRANE

Case T-301: Wilma B., aged 20, is a counsellor in a freshman women's college dormitory.

★ ★ ★

"Dr. Crane, there are 80 girls on this floor," she began. "But about 15 of them pay little attention to the administrative rules.

"They even seem to delight in breaking regulations. They drink liquor, possibly from imitating upper classmen.

"We have the usual 'Quiet Hours' and there are three corridor representatives to enforce them.

"We penalize the violators with demerits. After three such demerits the girl is 'dormed' for three consecutive week nights.

"However, this form of punishment isn't very effective with our group of 15 violators.

"And we have privately discussed the drinking problem with these habitual offenders in the dormitory. So what else would you advise, from the psychological angle?"

NOTIFY PAPA

People who cannot cooperate in team play are usually immature in their emotional growth.

Playground supervisors find that young children will argue and fight and quarrel and thus delay the baseball game endlessly, until they are of teenage caliber.

But many teenagers, such as these 15 college coeds, still remain emotionally juvenile, though they may be physically grown and possess an adult I. Q.

Another reason for chronic lawlessness, however, is the desire to gain attention. People with social inferiority complexes crave the spotlight, so they find that violating rules gives them quick notoriety.

In such cases, be sure you counsellors remind the girls that

after two such offenses, papa will be notified:

PAPA PAYS THE BILLS

Papa pays between $1,500 and $2,000 per year to send his child to college, so he expects something besides campus notoriety for that money.

★ ★ ★

Let the parents have a detailed report of their child's conduct, at least after the second offense!

Besides, those parents are often indirectly to blame for their child's juvenile behavior.

If they mollycoddled the youngster too much and then expected her to carry an adult load in a dormitory existence, then let papa and mamma help make up for the defects in their home training of that coed.

While we psychologists usually don't advocate fear or coercion as a major instrument for social control, there are many instances where it gets quicker results than any other system.

These freshmen violators often are kicking over the traces because they were repressed unduly at home.

So they are generally more fearful than the average students when the threat is made to notify their parents. That may scare them into line.

COLLEGE PTA

We need college PTA groups on every campus, especially to acquaint the parents of freshmen students with the faculty.

The lack of such a college PTA is one of the great defects right now in our university system.

For when parents and teachers fail to cooperate in rearing self-reliant teenagers, then the advertising men set the standards of sophistication and make the freshman think it is smart to smoke, drink, etc.

In order to show youth the true yardstick of proper behavior patterns, send for the "Behavior Test for Teenagers," enclosing a stamped return envelope, plus 20 cents.

Let high schoolers study it before they leave for college.

Always write to Dr. George W. Crane, in care of The Pontiac Press, Pontiac Michigan, enclosing a long 3c stamped self-addressed envelope and 20c to cover typing and printing costs when you send for his psychological charts and pamphlets.

Homestead Era Draws to Close

Little Useable Land Now Available From Government Grant

WASHINGTON—Though the "Land of the Free" is still being given away in tiny parcels, the era of wide-open homesteading lives only in history books.

As orginally American as corn on the cob, Fourth of July, and every boy's potential of becoming President, the 19th-century homesteading of the West realized, as nothing before, the democratic ideal of equal opportunity for all. Under the Homestead Act—which went into effect, along with the Emanipcation Proclamation, on Jan. 1, 1863—about 2,000,000 American families carved new farms out of nearly 300,000,000 acres of free land, says the National Geographic Society.

The first homesteaders settled in Kansas and Nebraska, on the flat and treeless plains. Only the sturdiest overcame the lack of timber, good water, and fuel.

MANY TURNED BACK

Having dug a home from sod, they wintered through sub-zero blizzards by burning hay, buffalo chips, or cornstalks. Then came spring and floods, summer and searing heat, drought, prairie fires, and grasshoppers. The hoppers ate "everything but the mortage." Thousands of beaten farmers returned to the east.

Still, each day brought new hopefuls. By 1890, every arable Kansas and Nebraska acre to the 98th meridian had been preempted.

Within five more years, all the Dakota territory east of the Missouri River was settled. Farther west, the mountainous regions drew settlers more slowly. Then the Oklahoma District, an Indian reserve, was flung open.

OKLAHOMA OPENED

On the morning of April 22, 1889, one hundred thousand people—on horseback, in wagons, trains, carriages, and hacks—lined the border, waiting for the opening guns. At last, the signal sounded. Wagons lurched, horses leaped, and men ran and shouted in a bedlam unequaled in the nation's peacetime history. The nearly 2,000,000 acres were grabbed in a few hours.

LOTS DRAWN TODAY

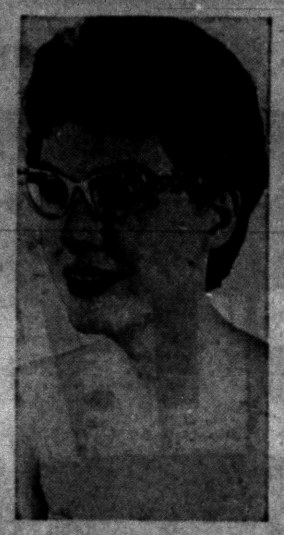
Such a land rush contrasts sharply with the orderly lotteries that dispose of Government land today. The first postwar homestead drawing was held in 1946 in a boxing ring at the armory in Klamath Falls, Oregon. The names of 1,305 war veteran applicants were placed in a glass pickle jar. A huge audience watched quietly as officials drew the lucky slips of the 85 men and one girl who won claims to farms in some of the best potato and grain country in the West.

Of the land still held by the federal government, nearly 90 per cent lies in 11 western States. Lacking irrigation water, however, most of it cannot be farmed and, hence, is unavailable for homesteading.

In Alaska, the government owns all but one per cent of the land. But there, too, the choice farm acreage near towns and roads is already taken.

Three-Way Number

JAMESTOWN, Va. (AP) — Parke Rouse is executive director of the commission for the 350th anniversary of the first permanent English settlement in America in 1607. Want to call him? Number's 1607, Williamsburg exchange. Auto number? Yes, 1607, too.



NIGHT SIGHT—Evening glamor for near-sighted girls is evidenced by Polly Bergen's glasses which have aluminum frames ornamented with floral design and stones.

Royal Nurse Quits, Male Tutor Sought

LONDON (AP)—Miss Helen Lightbody has resigned her job as nurse to the two children of Queen Elizabeth II, friends said last night. After eight years of service, she will leave Buckingham Palace at the end of the month.

The Queen's children are Prince Charles, who will be 8 years old Nov. 14, and Princess Anne, 6. The Duke of Edinburgh, husband of the Queen, is said to believe that his son is old enough now to have a male tutor. The Daily Mail said the appointment of a "distinguished university don" to the post is expected soon.

Iran Oil Output Zooms

ABADAN, Iran — Oil production in Iran during the first half of 1956 was 12,140,000 tons. Production for all 1955 was about 16,000,000 tons.

Boy Killed When Buried Under Tons of Sand

MILWAUKEE (INS) — A six-year-old boy suffocated when tons of washed sand buried him as he played on a huge sandpile at a Milwaukee concrete company lot yesterday.

Workmen dug frantically to save the boy, Mike Mierzejewski, but he was dead when his body finally was pulled out through a trap door in a tunnel underneath the sand.

Lowest railroad fares in Europe are granted by British railways to early morning businessmen and vacationists.

Here! New Task·Force 57 Chevrolet Trucks!

Performance-proved in a history-making test on the ALCAN Highway to Alaska

Here are the trucks that conquered the ALCAN Highway—one of the world's most challenging roads! Six new '57 Chevrolet trucks, heavily loaded with cargo, roared north from Dawson Creek, B. C., through 1,520 miles of mountains and mire, rain and hail—every conceivable natural roadblock—to Fairbanks, Alaska. Running around the clock, they made this tortuous trip—normally a 72-hour run—in less than 45 hours.

Like a carelessly unwound ribbon, the Alcan Highway twists and reels for 1,520 miles. It tumbles over towering mountains of awesome beauty and wanders through desolate Yukon forests.

It's the road where trucks grow old before their time. The road where gravel endlessly sledgehammers the life out of trucks. Where a fog of superfine dust chokes engines, and vicious ruts subject chassis to months of wear in a few hundred miles.

This is the road that was chosen to give the new '57 Chevrolet trucks a supreme test of stamina and performance. The results of that test made hauling history!

Six new Chevrolet trucks—representing light-, medium- and heavy-duty models—traveled the length of the Alcan highway in less than 45 hours. But this was no test of speed. It was a measure of the ability of these new Chevrolet trucks to perform under typical conditions on the truck-killing Alcan run. The Chevrolet fleet made normal stops along the way, and maintained safe and legal speeds. As a special additional test during the run, two of the trucks went the entire distance without once having their engines stopped!

It's all down in the AAA record book. And more besides! Never before has a new truck been so thoroughly proved. Come in and see how well these new Alcan champs measure up to your job.

FIRST WITH THE MOST MODERN FEATURES!

New 283-cubic-inch Taskmaster V8 delivers 160 high-torque horsepower. Standard in Series 5000, 7000 and 8000, optional in Series 6000 at extra cost. Horsepower ranges up to 210 in Chevrolet's complete line-up of modern V8 and 6 truck engines.

Revolutionary Powermatic Transmission—exclusive with Chevrolet trucks! This six-speed automatic, designed specifically for heavy-duty hauling, is an extra-cost option in Series 5000 and 6000 and all heavy-duty truck models. Hydra-Matic is offered in 3000 and 4000 Series models at extra cost.

New 1957 work-styling gives Chevrolet trucks an even fresher, fleeter appearance. There are three different and distinctive styling treatments.

L.C.F. models outdate the C.O.E. because they're lower, handsomer, easier to get into and out of, and save time in routine engine maintenance. Yet they offer all the traditional C.O.E. advantages.

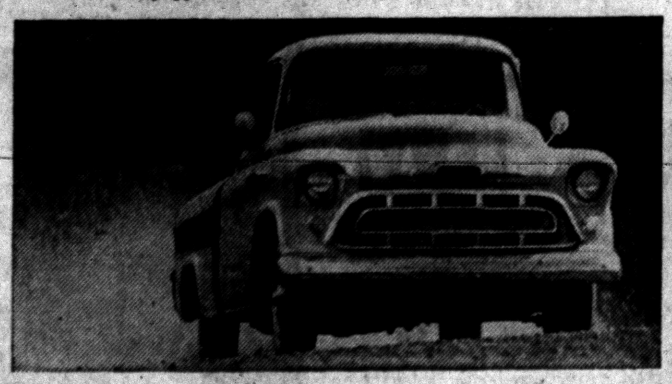
Heavyweight Champs with Triple-Torque tandem are rated at 32,000 lbs. GVW, 50,000 lbs. GCW. And Chevrolet's advanced tandem axle unit offers a built-in three-speed power divider—plus a unique "self-steering" action that reduces tire wear and increases handling ease.

AAA

The Chevrolet Alcan run was sanctioned and official results certified—by the AAA.

Proved on the Alcan Highway . . . CHEVROLET Champs of every weight class!

Alcan fleet reports up to 18.17 miles per gallon! That's the mileage reported by the Cameo Carrier, powered by the Thriftmaster 6 and equipped with Overdrive (optional at extra cost).



All the way in DRIVE range with Powermatic! This Powermatic-equipped 10000 Series tractor traveled the length of the Alcan Highway—1,520 mountainous miles—in a single forward-speed range!

New Super Taskmaster V8 flattens Yukon mountains! This Series 5000 truck with its new 283-cubic-inch V8 was more than a match for Alcan mountains. It climbed towering grades with ease.

Michigan Labor Almost Solidly Behind Democrats

By JACK BELL

DETROIT (AP) — The shift was changing. Men and women streamed in and out of Chrysler Corp.'s sprawling Dodge plant in Hamtramck.

* * *

Blinking a bit in the October sunshine, some hurried homeward. Some migrated toward the new headquarters of United Auto Workers Local No. 3.

Others wandered in groups up the street to a bar.

Here are the men and women who make up the well-organized core of Democratic strength in Michigan.

* * *

Will they vote 90 per cent Democratic, as leaders of that party claim? This seems doubtful. Will they vote 75 per cent Democratic, as Republican leaders contend? This too is open to doubt. Somewhere in between, the realists say.

There are an estimated 700,000 UAW members in Michigan and most of them seem to be getting from their union a day-by-day political indoctrination. They are a powerful factor among the three million or more Michigan voters who may go to the polls next month.

But is their concentrated political strength offset at least in part, by Republican gains among Detroit's 400,000 Negroes?

* * *

Can the Democrats hold intact their overwhelming strength in Detroit and at the same time pick up substantial support among Michigan's generally Republican and somewhat discontented farmers? Are the state's small businessmen whose income depends primarily on that of the farmers, looking toward the Democrats?

These questions can't now be answered with any authority.

However, surface indications are that President Eisenhower again will pocket Michigan's 20 electoral votes, but with a sharp reduction of the 321,000-vote margin he rolled up over Adlai E. Stevenson in 1952.

Eisenhower's personal pull this year may determine whether Detroit's nonpartisan Mayor Albert E. Cobo can win an uphill battle on the Republican ticket against Democratic Gov. G. Mennen Williams, bidding for another term.

Williams won four years ago despite Eisenhower's big Michigan vote. But now the national and state ballots are combined, as they have not been previously.

To many of the members of UAW Local No. 3 in Hamtramck, the political pattern is simple:

Eisenhower was a great general, but he is a poor president. They're going to vote Democratic, all the way.

* * *

Among those interviewed, there was no sign of enthusiasm for Stevenson, but almost everywhere was the expressed determination to vote the straight Democratic ticket.

One exception was Terry Alexander, lining up his work schedule with the union secretary. Commenting that he had been laid off for at least 18 months during the last three years, Alexander said he hasn't made up his mind on the presidential race. But he said he likes Williams for governor again.

Percy Harding, a millwright in the Dodge plant, said he was going to vote the straight Democratic ticket "because I don't like Ike or anybody in his Cabinet."

Up the street an argument was going on in the dim recesses of a tavern.

Ruth Harvey, who works for Dodge, said there wasn't a woman in her plant division who had indicated she was going to vote for Eisenhower.

"I'll bet you, out of a group of any 50 women in the whole plant, you wouldn't find five who are going to vote for Ike," she said.

"When Eisenhower ran four years ago, almost all the women were for him. But now they are strictly against him. He's a good Army man but he's no good for the working man."

John McMahon, a peppery Scotsman who works alongside women in the plant, said he couldn't agree. McMahon, a Democrat all the way, said a little sadly he's having some political trouble with some of the women in his department. One of them, he said with an air of amazement, even wears an Ike button to work.

"She says Eisenhower got us peace and is most likely to keep it and she is going to vote for him," McMahon said. "How do you argue with a woman like that?"

In the world of the taxi driver, the hotel porter, the waitress, the elevator operator, the building service employe, the bartender and the man who digs ditches, Eisenhower is strong.

For example, Lewis Strong, who runs an elevator in Detroit's War Veterans' Memorial Building, said "I voted for Ike in 1952 and I'm going to again, but I'm going to split my ticket this time and vote for Soapy Williams."

Reuben Culbertson, a waiter, said he had been voting Democratic for a long time, "but I'm kinda undecided this year." He added: "I might vote for President Eisenhower. He's a good man. 'Course, I'll vote for Gov. Williams."

* * *

Mrs. Cora Holloway, a maid, said she is going to vote for Eisenhower "because I'm afraid if we change we might get involved in one of those wars again."

Mary McCarvel, also a maid, said she voted for Eisenhower in 1952 "because I wanted my boy to come back home from Korea."

* * *

"But, Stevenson, that's my man now," she said. "Lots of people here in Detroit have lost their jobs. Men just can't seem to get work."

Urges Hall Tell of Contract Role

Butler Asks Testimony on Alleged Shakedown by GOP Chairman

WASHINGTON (AP)— Democratic National Chairman Paul M. Butler says Republican National Chairman Leonard W. Hall should testify before the election on any part he played in a government contract award.

* * *

Butler said in a statement yesterday that "President Eisenhower should direct his campaign manager, Mr. Hall, to testify" before a House Government Operations subcommittee on the award of a Nicaro, Cuba, nickel plant expansion contract.

Hall declined comment.

Hall rejected an invitation to testify last week, saying he was busy with the election campaign but would be glad to appear after Nov. 6.

* * *

Butler said the committee had heard what he called "charges of political shakedowns," and added that the contract was awarded after "an official of the firm desiring the contract made a 'moral commitment' to Mr. Hall that larger contributions would be forthcoming."

Randall Cremer, a former official of the Frederick Snare Corp., which was awarded half the contract, testified last Thursday that he personally felt "morally committed" after talks with Hall. But he said that other officials of the firm who increased their contributions did not feel the added gifts were a "condition" of the award.

* * *

Butler said Atty. Gen. Brownell "should also speed up his investigation" of possible criminal action in connection with the case.

Lebanon's 1955 tourist income was $37,510,000 against $34,100,000 in 1954.

GETTING UP NIGHTS
MAKES MANY FEEL OLD BEFORE THEIR TIME

There is nothing that can make you feel older and more depressed than losing sleep and worrying about "Bladder Weakness" (Getting Up Nights or Bed Wetting, too frequent, burning and itching urination) or Strong, Cloudy Urine, due to common Kidney or Bladder Irritations, which sometimes result in Backache, miserable referred, secondary aches, pains, headache and nervousness. In such cases New Improved CYSTEX usually gives quick, wonderful, soothing relief by combating germs in acid urine, and by analgesic pain relief. Over a billion CYSTEX tablets used proves safety for young and old. Get CYSTEX from druggist today. Money-back guarantee.

Walt Disney's True Life Adventures

Ex-Red Agent Shoots Intruder

Mistakes Piano Student for Russian Assassin, Victim Survives

NEW YORK (AP)—Former Soviet agent Victor A. Kravchenko shot an intruder who entered his apartment Saturday night.

* * *

Kravchenko, fearful of assassins, said he grabbed for a gun when the stranger allegedly pushed into his East Side apartment and started beating him.

Kravchenko, 51, fled his job with the Soviet Purchasing Commission in Washington in 1944 and sought asylum in this country. He is the author of "I Chose Freedom," an anti-Communist book.

Last night he told newsmen he would have to search for a new apartment where he can resume his incognito life as a mining engineer. He has been using the name "Peter Martin."

* * *

Police said Michael Garcia, 21, and a pal, Joseph Ruiz, 23, rang Kravchenko's doorbell while looking for another apartment in the same building.

Kravchenko opened the door and asked what they wanted. An argument, brawl and shooting ensued.

Garvia, a piano student, was reported in satisfactory condition today at Roosevelt Hospital with a bullet wound in the abdomen. He was charged with felonious assault.

* * *

Police said Kravchenko acted in self-defense and they placed no charge against him. Ruiz also was freed.

Mau Mau Leader Wounded, Captured

NAIROBI, Kenya (AP)—The almost mythical leader of Kenya's Mau Mau terror gangs fell screaming in the bush yesterday near Nyeri, ending a hunt of three years.

* * *

An African policeman fired at a flash of leopard skin and brought down "Field Marshal Sir" Dedan Kimathi, the 35-year-old mastermind of the Mau Mau campaign to drive the white man out of this British East African colony.

Kimathi, deserted by the remnants of his once powerful followers, was clad in a leopard skin and armed with a .38 revolver. He suffered a slight wound in the thigh.

* * *

Kimathi was charged with carrying a lethal weapon — a capital offense under emergency regulations governing Kenya.

Death Wish Granted

APPLE VALLEY, Calif. (AP) — Motorist Clarence V. Knemeyer stopped his car when he saw a man lying in the road. He told Sheriff's officers the man told him "I want to get hit by a car." Knemeyer went to call deputies and when they arrived they found 71-year-old Frank L. Sawyer dead —killed by a car that they said apparently hadn't stopped.

Ricochet Kills Boy, 10

WHITEHALL, Mont. (AP) — Clark Russell Lane, 10, was killed yesterday by a bullet which ricocheted after killing a rabbit. Coroner Kyle Scott said the boy's brother, Gary, 13, fired a .22 caliber rifle at a rabbit. The bullet killed the animal, then glanced off a tree stump and struck Clark in the head.

Japanese on Maneuvers

TOKYO (AP)—Warships and aircraft of Japan's sea self-defense force today opened the biggest sea maneuvers since the postwar fleet was created. About 12,000 men, 150 warships and 20 planes are taking part in the 15-day war games. American submarines and planes are participating.

Spring arrives variously from March 19 to March 21.

Concentration Is Essential in Order to Read Well

Even though 97.5 per cent of the people in the United States over fourteen years of age have learned to read, says a magazine, some two and three quarters million people still haven't learned how.

The main essential in reading correctly is concentration and in his feature, "Stop Thinking, Start Reading," Dr. John Waldman, Director of the Reading Laboratory at Pace College, discusses this important factor as well as illustrating how to improve reading skill and comprehension which are inseparable

Dr. Waldman points out that people tend to blame their lack of concentration on reasons such as bad eyes, difficulty of material, noises, and purposelessness, when the real reason is psychological. Therefore he says, "Everything which affects us emotionally or psychologically may affect the way we read," and "your powers of concentration are dependent on your total personality."

After thoroughly analyzing the integral parts of attaining good reading, Dr. Waldman in summarizing, lists the four ways in which a person can help himself to better reading and comprehension:

1. Improve your basic reading skill by improving your vocabulary —systematically and regularly.

2. Read with a definite purpose in mind—information, self-improvement, or entertainment.

3. Try to solve your personal problems as they arise, or plan solutions realistically for the future.

4. If you find that you've pushed down your little worries until they have grown to big anxieties, don't hesitate to seek professional help if you feel you need it.

Itch (Scabies) is highly contagious and will continue for life if not stopped. Its sole cause is the itch-mite which is immune to ordinary treatment. EXSORA kills the itch-mite almost instantly. Only three-day EXSORA treatment is required. At all CUNNINGHAM DRUG STORES

CALL HER GRANNY—"Youngest Grandmother" is the title won by Mrs. Delpha Frazier, 35, of Union City, N. J., in a national contest involving more than 15,000 entrants. Married at 16, she has two daughters, 18 and 16 and a one-year-old granddaughter. Mrs. Frazier's shown enjoying her prize —a three-day, expenses-paid stay in New York City.

About one-sixth of the world's oil supply comes from the Near East.

Policemen Shot by Fleeing Cons

2 Escapees Captured in Roadside Gunfight; Two Others at Large

LINCOLN, ILL. (AP)—Two Illinois state policemen were shot early today and one was reported in critical condition after engaging in a gun battle with four heavily armed men.

Officer Glen Nichols, about 35, was shot three times and critically hurt and officer Robert Golightly, about 28, was wounded once in the roadside gun fight on a U.S. Route 66 bypass.

Sheriff William Keys of Logan County said two Joliet, Ill., men were captured, but the two others involved in the fracas eluded police. He identified the prisoners as William G. Wilfong, 31, and Arvid Jopp, 24, both of Joliet.

Keys said the officers chased an auto carrying the four men after it went through a red light near Lincoln, a central Illinois community.

The car stopped near a restaurant and the four opened fire as the officers drove up, Keys related.

The policemen returned the gunfire, but Keys said he did not know if the two who escaped on foot in opposite directions were wounded. Neither of the captured pair was struck by bullets, he said.

Million-Dollar Fire in Detroit

Food Chain Warehouse Destroyed; Metal Plant Damaged

DETROIT (INS) — A fire which roared out of control for an hour and a half yesterday virtually destroyed the sprawling National Food Stores, Inc., warehouse and damaged an adjoining metal fabricating firm.

* * *

Total damage was placed at one million dollars.

Some 150 firemen and 25 pieces of firefighting equipment, half of the city's protection, battled flames which shot 75 to 100 feet into the air.

Three firemen were injured, none seriously.

200 BOXCARS FULL

The blaze destroyed all but a small section of the warehouse, a one-story brick structure measuring 300 by 400 feet. Ira O. Shay, National Food's general manager and vice president, said the warehouse contained 200 boxcars of groceries.

Shay set his firm's loss at $800,000. Fire Chief Edward J. Blohm said damage to the adjoining Misco Fabricating Co., fabricators of metal products, will total about $200,000.

The two buildings are located near the Detroit River on the city's near west Side.

* * *

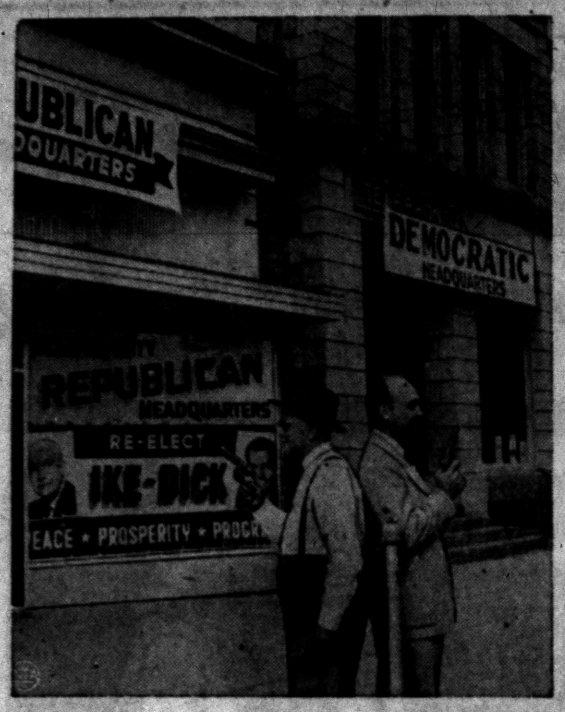
Blohm said the fire possibly was started by a carelessly dropped cigarette. He said it undoubtedly smouldered for some time before it was discovered.

Cans of food exploded continuously as firemen battled the flames.

One fireman was plastered with flying sauerkrout when a can of it exploded, hurling the contents thorugh a window.

Meters Collect Fines

NEWBERG, Ore., (INS)—Now it's Fine-O-Meters. But the meters do not pay a person's fine. They only help collect it. Newberg has installed the gadgets on parking meters. They consist of little red boxes, one to a meter, which permit a driver who parks overtime to put 50 cents in an envelope instead of going to the police station.



POLITICS, BACK-TO-BACK — Politics makes strange duelists. In Provo, Utah, the Republican and Democratic headquarters are right next door to each other. The men in charge, Republican State Sen. Luke Clegg and Businessman Robert Q. Strong, Democrat, are really very good friends. However, here they are pictured ready for a duel, with pistols (cap) at 40 paces.

Iowa College Girl to Star in Shaw Play

NEW YORK (INS) — A seventeen-year-old college student from Marshalltown, Iowa, has been nominated to play Joan of Arc in the film version of George Bernard Shaw's immortal "Saint Joan."

Jean Seberg was chosen for the part from among 18,000 candidates in an international search for an unknown to portray the fabled peasant-saint.

The movie will be produced and directed by Otto Preminger for United Artists release.

Miss Seberg has won plaudits in school plays and two talent contests conducted by the University of Iowa and Drake University.

Crowding for Trouble

CHICAGO (INS)—Insurance men report state-by-state increases in rear-end auto collisions this year ranging from 8 to 117 percent. W. Dean Keefer, director of Safety for the Kemper Insurance Group, says "too many drivers are following each other too closely at speeds that are too high."

Music Eggs Hens On

CHARLESTON, S. C. (AP)—A flock of 6,000 hens in St. Andrew's Parish are doing their work to music. Mrs. Ferdinanda L. Waring is piping radio music into the hen houses with results she says are good.

The music, she reports, has stimulated the hens to better egg production, and has resulted in fewer cases of fighting among them.

OH, MY ACHING BACK

Now! You can get the fast relief you need from nagging backache, headache and muscular aches and pains that often cause restless nights and miserable tired-out feelings. When these discomforts come on with overexertion or stress and strain — you want relief — want it fast! Another disturbance may be mild bladder irritation following wrong food and drink — often setting up a restless uncomfortable feeling.

For quick relief get Doan's Pills. They work fast in 3 separate ways: 1. by speedy pain-relieving action to ease torment of nagging backache, headaches, muscular aches and pains. 2. by their soothing effect on bladder irritation. 3. by their mild diuretic action tending to increase output of the 15 miles of kidney tubes.

Find out how quickly this 3-way medicine goes to work. Enjoy a good night's sleep and the same happy relief millions have for over 60 years. Ask for new, large size and save money. Get Doan's Pills today!

2 Children Killed in Midland Blaze

MIDLAND (INS)—Mr. and Mrs. Vincent Puzar were reported in good condition today with injuries suffered when a flash fire swept their Midland house killing two of their children.

Dead are Christine Puzar, 5, and her sister, Jane, 4. Another two-year-old sister, Barbara, was rescued by Mrs. Puzar.

Raymond Buda, a policeman, and his wife, discovered the fire in the Puzar home as they returned from church Sunday.

Buda woke the Puzars who snatched Barbara from her bed. The father was severely cut when he tried to smash a window to reach the other two daughters, trapped in a bedroom.

Large Gun Collection

LYNCHBURG, Va. (AP) — Jake Benson thinks he has one of the finest gun collections in America. He began collecting in 1930, has more than 80 antique guns, the oldest a flintlock rifle made by Simon North in 1827. The oldest pistol in the collection is a Colt Dragoon made in 1848.

New Barrier to Hurdle

WASHINGTON (INS) — Having hurdled the sound barrier, airplane designers now face a thermal barrier. Even in the thin atmosphere of 30,000 feet, air resistance would heat plane surfaces to 300 degrees F. at twice the speed of sound.

'Hillbilly' Senators Draw Stratton Fire

SPRINGFIELD, Ill. (INS)—Gov. William G. Stratton has blasted the Senate Banking and Currency Committee's probe of the Hodge scandal as a case of "hillbillies from Arkansas and Alabama coming to Illinois to tell the people how to run their business."

The governor blanketed the investigation in with what he called "The filthiest and dirtiest campaign I have ever seen" by the Democrats.

He told 100 Republican county chairmen and workers at his campaign headquarters in Springfield yesterday the Democrats have "thrown so much mud they forgot to watch where they were stepping and slid down in it themselves."

France now claims to have the largest oil refining capacity in Europe.

Hold Divorcee, Suitor in Death of Infant

DETROIT (INS)—Police were holding an 18-year-old divorcee and her boy friend today in Detroit for investigation of murder in the death of the woman's 16-month-old son.

The baby, badly bruised about his face and body, died on arrival at Mt. Carmel Mercy Hospital Saturday night.

The mother, Mrs. Ina Carol Adams, and her suitor, Donald Lester, 22, both admitted they slapped the baby "two or three times" because he refused to eat his supper.

An average adult inhales about 3,000 cubic feet of air an hour.

'Halo' Slipping, 'Brass' Dirty

300 Democratic Women Hear Harry Sail Into Ike

WASHINGTON (INS) — Former President Harry S. Truman suggested today President Eisenhower is about to lose his "halo" and his "brass" has grown tarnished.

* * *

Truman was main speaker and life of the party at a luncheon for 300 Democratic women from all parts of the cuntry at the Shoreham Hotel.

Truman got one of his biggest hands when he said, 'We will have an overwhelming victory" in November and "I hope I'm making a contribution to it."

Then, in an obvious reference to Eisenhower, he urged women Democrats "not to be blinded by a halo and a little brass and glamor."

He continued: "The brass has become tarnished and the halo is about to fall off."

ONE OTHER MALE

Truman was introduced by the only other man at the head table, Rep. William L. Dawson (D-Ill), who said the Democratic workers were invited to Washington for a little practice in finding their way around the city so they'll be all set "for the inaugural ball" in January.

In responding to Dawson's glowing introduction, Truman told him, "I know you are prejudiced in my favor and I like it."

With a bow in the direction of Mrs. Estes Kefauver, who was seated at his left at the head table, Truman said he was "more than happy to see the wife of the next Vice President here."

Truman delighted his audience by saying, "As usual when the madam doesn't pack for me, I left something out of my grip and I had to go out this morning and buy a soup and fish necktie for the party tonight."

He said he took a taxi back to the hotel after buying the necktie for the formal dinner at which he will speak this evening, and when he tried to pay, the driver refused to take his dollar bill.

Truman said the driver asked him instead to sign a book which contained this preface: "Drive carefully, you might save the life of a man who would vote Democratic."

Truman said "Republicans are just scared green—they must be when they send the President of the United States out to follow a retired farmer from Missouri."

LOSING HER CROWN — Eager hands reach out to catch the crown of Miss World of 1956, Petra Schurmann, 23, as it falls from her head as she enjoys a hearty laugh after being crowned in London. Miss Schurmann, who competed as Miss Germany, won over a field of 23 international beauties. Miss U. S. A., Betty Lane Cherry, of Orangeburg, S. C., finished second, with Rina Weiss, Miss Israel, rating third place.

This was a reference to Eisenhower's campaign swing in Minnsota on the heels of Truman's visit there.

Age, Altitude Studied

LARAMIE, Wyo., (INS)—The University of Wyoming at Laramie is studying the effect of altitude on the process of aging. The study involves the amount of cholesterol, a substance apparently involved in certain heart conditions and other degenerative diseases in blood volunteered by Albany County women more than 65 years of age.

Aims for Service?

SALEM, Va. (INS) — At least one Salem drug store knows the full meaning of service. The other day a boy walked up to the soda fountain, handed over a water pistol and said "fill her up." The clerk obliged.

2 Gas Stations, Dairy Bar Hit by Burglars

Two gas stations and a dairy bar in Waterford Township were burglarized over the weekend, the sheriff's department said today.

A station at 6533 Dixie Highway had $30 in cash and several trading stamp books taken. A watch, pen and pencil set and tie clasp were stolen fro mthe other station at 1597 Williams Lake Rd.

A small amount of change was taken from the Richardson Dairy Bar at 7350 Highland Rd.

County detectives and township police are investigating.

Reds Selling Magazine on U.S. Newsstands

WASHINGTON, (INS)—Russia's glossy new magazine "U. S. S. R.," designed for American readers, was scheduled to go on newsstands today after long delays.

Simultaneously, a magazine "Amerika," Published by the U. S. government, will go on sale in Russia. Distribution of both magazines was held up while final sales arrangements were completed between the two countries.

The first silk mill established in the United States was in Mansfield, Conn., in 1810. Power looms were introduced in about 1838.

Stomach on Fire?

THE PREMIERE COUPE

Long, low, lovelier than ever—with dramatic new Quadra-Lite design

LINCOLN FOR 1957

Powerfully new, too, in fine car performance—with a new array of power luxuries to make this the most effortless driving fine car ever built

Take a long, long look at this long low Lincoln—because you're looking at the brightest new star in the fine car field. From the new Quadra-Lite Grille—with America's first four headlamp design—to canted rear blades, this is the longest, lowest, most *distinctive* Lincoln ever.

When you drive it, you'll discover that this most powerful Lincoln of all time has a new kind of swift, silken 300 horsepower . . . a new kind of fast-action Turbo-Drive transmission . . . a new kind of Hydro-Cushioned ride. And more . . . you'll discover a wonderful new array of optional power luxuries—single-control electric door locks, power vent windows, 6-way power front seats, even power lubrication—to make Lincoln the most *effortless* driving fine car on the road.

In short, if you haven't yet had a chance to see—and *drive*—this beautifully new Lincoln for 1957, you're due for a wonderful new experience. *Don't miss it!*

Unmistakably...the finest in the fine car field

Million-Dollar Fire in Detroit

Food Chain Warehouse Destroyed; Metal Plant Damaged

DETROIT (UP) — A fire which roared out of control for an hour and a half yesterday virtually destroyed the sprawling National Food Stores, Inc., warehouse and damaged an adjoining metal fabricating firm.

* * *

Total damage was placed at one million dollars.

Some 150 firemen and 25 pieces of firefighting equipment, half of the city's protection, battled flames which shot 75 to 100 feet into the air.

Three firemen were injured, none seriously.

200 BOXCARS FULL

The blaze destroyed all but a small section of the warehouse, a one-story brick structure measuring 300 by 400 feet. Ira O. Shay, National Food's general manager and vice president, said the warehouse contained 200 boxcars of groceries.

Shay set his firm's loss at $300,000. Fire Chief Edward J. Blohm said damage to the adjoining Misco Fabricating Co., fabricators of metal products, will total about $200,000.

The two buildings are located near the Detroit River on the city's near west Side.

* * *

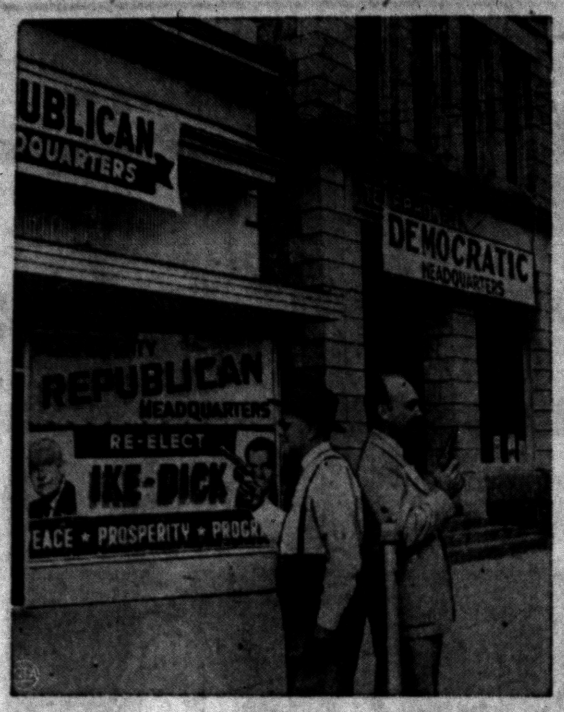
Blohm said the fire possibly was started by a carelessly dropped cigarette. He said it undoubtedly smouldered for some time before it was discovered.

Cans of food exploded continuously as firemen battled the flames.

One fireman was plastered with flying sauerkrout when a can of it exploded, hurling the contents thorugh a window.

Meters Collect Fines

NEWBERG, Ore., (INS)—Now it's Fine-O-Meters. But the meters do not pay a person's fine. They only help collect it. Newberg has installed the gadgets on parking meters. They consist of little red boxes, one to a meter, which permit a driver who parks overtime to put 50 cents in an envelope instead of going to the police station.



POLITICS, BACK-TO-BACK — Politics makes strange duelists. In Provo, Utah, the Republican and Democratic headquarters are right next door to each other. The men in charge, Republican State Sen. Luke Clegg and Businessman Robert Q. Strong, Democrat, are really very good friends. However, here they are pictured ready for a duel, with pistols (cap) at 40 paces.

Iowa College Girl to Star in Shaw Play

NEW YORK (INS) — A seventeen-year-old college student from Marshalltown, Iowa, has been nominated to play Joan of Arc in the film version of George Bernard Shaw's immortal "Saint Joan."

Jean Seberg was chosen for the part from among 18,000 candidates in an international search for an unknown to portray the fabled peasant-saint.

The movie will be produced and directed by Otto Preminger for United Artists release.

Miss Seberg has won plaudits in school plays and two talent contests conducted by the University of Iowa and Drake University.

Crowding for Trouble

CHICAGO (INS)—Insurance men report state-by-state increases in rear-end auto collisions this year ranging from 8 to 117 percent. W. Dean Keefer, director of Safety for the Kemper Insurance Group, says "too many drivers are following each other too closely at speeds that are too high."

Music Eggs Hens On

CHARLESTON, S. C. (AP)—A flock of 6,000 hens in St. Andrew's Parish are doing their work to music. Mrs. Ferdinanda L. Waring is piping radio music into the hen houses with results she says are good.

The music, she reports, has stimulated the hens to better egg production, and has resulted in fewer cases of fighting among them.

OH, MY ACHING BACK

Now! You can get the fast relief you need from nagging backache, headache and muscular aches and pains that often cause restless nights and miserable tired-out feelings. When these discomforts come on with overexertion or stress and strain—you want relief—want it fast! Another disturbance may be mild bladder irritation following wrong food and drink—often setting up a restless uncomfortable feeling.

For quick relief get Doan's Pills. They work fast in 3 separate ways: 1. by speedy pain-relieving action to ease torment of nagging backache, headaches, muscular aches and pains. 2. by their soothing effect on bladder irritation. 3. by their mild diuretic action tending to increase output of the 15 miles of kidney tubes.

Find out how quickly this 3-way medicine goes to work. Enjoy a good night's sleep and the same happy relief millions have for over 60 years. Ask for new, large size and save money. Get Doan's Pills today!

2 Children Killed in Midland Blaze

MIDLAND (INS)—Mr. and Mrs. Vincent Puzar were reported in good condition today with injuries suffered when a flash fire swept their Midland house killing two of their children.

Dead are Christine Puzar, 5, and her sister, Jane, 4. Another two-year-old sister, Barbara, was rescued by Mrs. Puzar.

Raymond Buda, a policeman, and his wife, discovered the fire in the Puzar home as they returned from church Sunday.

Buda woke the Puzars who snatched Barbara from her bed. The father was severely cut when he tried to smash a window to reach the other two daughters, trapped in a bedroom.

Large Gun Collection

LYNCHBURG, Va. (AP) — Jake Benson thinks he has one of the finest gun collections in America. He began collecting in 1930, has more than 80 antique guns, the oldest a flintlock rifle made by Simon North in 1827. The oldest pistol in the collection is a Colt Dragoon made in 1848.

New Barrier to Hurdle

WASHINGTON (INS) — Having hurdled the sound barrier, airplane designers now face a thermal barrier. Even in the thin atmosphere of 30,000 feet, air resistance would heat plane surfaces to 300 degrees F. at twice the speed of sound.

'Hillbilly' Senators Draw Stratton Fire

SPRINGFIELD, Ill. (INS)—Gov. William G. Stratton has blasted the Senate Banking and Currency Committee's probe of the Hodge scandal as a case of "hillbillies from Arkansas and Alabama coming to Illinois to tell the people how to run their business."

The governor blanketed the investigation in with what he called "The filthiest and dirtiest campaign I have ever seen" by the Democrats.

He told 100 Republican county chairmen and workers at his campaign headquarters in Springfield yesterday the Democrats have "thrown so much mud they forgot to watch where they were stepping and slid down in it themselves."

France now claims to have the largest oil refining capacity in Europe.

Hold Divorcee, Suitor in Death of Infant

DETROIT (INS)—Police were holding an 18-year-old divorcee and her boy friend today in Detroit for investigation of murder in the death of the woman's 16-month-old son.

The baby, badly bruised about his face and body, died on arrival at Mt. Carmel Mercy Hospital Saturday night.

The mother, Mrs. Ina Carol Adams, and her suitor, Donald Lester, 22, both admitted they slapped the baby "two or three times" because he refused to eat his supper.

An average adult inhales about 3,000 cubic feet of air an hour.

'Halo' Slipping, 'Brass' Dirty

300 Democratic Women Hear Harry Sail Into Ike

WASHINGTON (INS) — Former President Harry S. Truman suggested today President Eisenhower is about to lose his "halo" and his "brass" has grown tarnished.

* * *

Truman was main speaker and life of the party at a luncheon for 300 Democratic women from all parts of the cuntry at the Shoreham Hotel.

Truman got one of his biggest hands when he said, 'We will have an overwhelming victory" in November and "I hope I'm making a contribution to it."

Then, in an obvious reference to Eisenhower, he urged women Democrats "not to be blinded by a halo and a little brass and glamor."

He continued: "The brass has become tarnished and the halo is about to fall off."

ONE OTHER MALE

Truman was introduced by the only other man at the head table, Rep. William L. Dawson (D-Ill), who said the Democratic workers were invited to Washington for a little practice in finding their way around the city so they'll be all set "for the inaugural ball" in January.

In responding to Dawson's glowing introduction, Truman told him, "I know you are prejudiced in my favor and I like it."

With a bow in the direction of Mrs. Estes Kefauver, who was seated at his left at the head table, Truman said he was "more than happy to see the wife of the next Vice President here."

Truman delighted his audience by saying, "As usual when the madam doesn't pack for me, I left something out of my grip and I had to go out this morning and buy a soup and fish necktie for the party tonight."

He said he took a taxi back to the hotel after buying the necktie for the formal dinner at which he will speak this evening, and when he tried to pay, the driver refused to take his dollar bill.

Truman said the driver asked him instead to sign a book which contained this preface: "Drive carefully, you might save the life of a man who would vote Democratic."

Truman said "Republicans are just scared green—they must be when they send the President of the United States out to follow a retired farmer from Missouri."

This was a reference to Eisenhower's campaign swing in Minnsota on the heels of Truman's visit there.

LOSING HER CROWN — Eager hands reach out to catch the crown of Miss World of 1956, Petra Schurmann, 23, as it falls from her head as she enjoys a hearty laugh after being crowned in London. Miss Schurmann, who competed as Miss Germany, won over a field of 23 international beauties. Miss U. S. A., Betty Lane Cherry, of Orangeburg, S. C., finished second, with Rina Weiss, Miss Israel, rating third place.

Age, Altitude Studied

LARAMIE, Wyo., (INS)—The University of Wyoming at Laramie is studying the effect of altitude on the process of aging. The study involves the amount of cholesterol, a substance apparently involved in certain heart conditions and other degenerative diseases in blood volunteered by Albany County women more than 65 years of age.

Aims for Service?

SALEM, Va. (AP) — At least one Salem drug store knows the full meaning of service. The other day a boy walked up to the soda fountain, handed over a water pistol and said "fill her up." The clerk obliged.

2 Gas Stations, Dairy Bar Hit by Burglars

Two gas stations and a dairy bar in Waterford Township were burglarized over the weekend, the sheriff's department said today.

A station at 6533 Dixie Highway had $30 in cash and several trading stamp books taken. A watch, pen and pencil set and tie clasp were stolen fro mthe other station at 1597 Williams Lake Rd.

A small amount of change was taken from the Richardson Dairy Bar at 7350 Highland Rd.

County detectives and township police are investigating.

Reds Selling Magazine on U.S. Newsstands

WASHINGTON, (INS)—Russia's glossy new magazine "U. S. S. R.," designed for American readers, was scheduled to go on newsstands today after long delays.

Simultaneously, a magazine "Amerika," Published by the U. S. government, will go on sale in Russia. Distribution of both magazines was held up while final sales arrangements were completed between the two countries.

The first silk mill established in the United States was in Mansfield, Conn., in 1810. Power looms were introduced in about 1838.

THE PREMIERE COUPE

Long, low, lovelier than ever—with dramatic new Quadra-Lite design

LINCOLN FOR 1957

Powerfully new, too, in fine car performance—with a new array of power luxuries to make this the most effortless driving fine car ever built

Take a long, long look at this long low Lincoln—because you're looking at the brightest new star in the fine car field. From the new Quadra-Lite Grille—with America's first four headlamp design—to canted rear blades, this is the longest, lowest, most *distinctive* Lincoln ever.

When you drive it, you'll discover that this most powerful Lincoln of all time has a new kind of swift, silken 300 horsepower . . . a new kind of fast-action Turbo-Drive transmission . . . a new kind of Hydro-Cushioned ride. And more . . . you'll discover a wonderful new array of optional power luxuries—single-control electric door locks, power vent windows, 6-way power front seats, even power lubrication—to make Lincoln the most *effortless* driving fine car on the road.

In short, if you haven't yet had a chance to see—and *drive*—this beautifully new Lincoln for 1957, you're due for a wonderful new experience. *Don't miss it!*

Unmistakably...the finest in the fine car field

Hal Boyle Says:

Eartha's First Dollar Her Most Important

NEW YORK (AP) — Eartha Kitt, who now earns upward of $200,000 a year, says she built her whole life from a dollar bill.

The dynamic Negro singer and dancing star earned the dollar in South Carolina 21 years ago.

"I was seven and got a penny a pound picking cotton," she recalled. "One day I picked a hundred pounds — and I only did it once.

"That dollars was important to me. I built my whole life on it. I kept it for a long time — until we had to spend it for food."

The dollar was a symbol to the young girl that life could be better than she had known it.

"I never did have an ambition more poignant than to live a little better than I was," said Eartha, who recently wrote — at 18 — her autobiography, "Thursday's Child."

"I never had a pointed, definite goal. I still don't. I am a fatalist and go with the tide. I don't believe in making plans, because what is meant for me to do I'll do it anyway."

Eartha tried all kinds of odd jobs before she quit school at 16 and started a career that was to make her an international cafe favorite.

* * *

"I mended Army clothes in Brooklyn," she said. "I was a shoe sales girl and a farmerette.

"I was a maid. Lord, did I hate that! I hated it more than anything else. My pride was hurt"— she laughed self-consciously, then grimaced — "my poor little pride.

"And now I get $200,000 to $250,000 a year. Sounds ridiculous doesn't it?"

The long ago symbol of her first dollar has been replaced by two new symbols — the $17,000 mink coat she wears now in her act at the Persian Room in the Plaza Hotel, and a new home she bought on the East Side.

"That house is my real symbol of security," she said. "Since the time I can remember, I never had a real home of my own. Now that I have one it gives me a good feeling.

"There's nothing more secure than four walls you can call your own— that you can say, 'This is mine — I earned it.'"

She is having the upper floors of the five-story house converted into apartments and soon Eartha, who lived on tenant farms as a child, will become a landlord.

Despite her present success Miss Kitt feels somewhat lonely and lost. She hasn't taken a real vacation in five years.

"More than anything else in the world I want time off for a little privacy," she said. "Now that I'm no longer hungry I want to just be myself for a while again, and get reacquainted with me. Who am I? I've been so busy I no longer am sure."

* * *

One thing she said she was sure she wasn't — "The glamorous gold-digger I'm afraid some people think I am.

"That role is only show world pretense. I've been independent all my life, and I want to stay that way. I'm not looking for a millionaire.

"It's a funny thing. Our society for some reason expects people to marry on an equal salary basis— as if money were a game of matching dollars.

* * *

"I don't feel that way. I'll probably wind up marrying a man with no money but who can whip me with his intellect."

When Eartha was a child in the fields she imagined the cotton she plucked looked like great white eyeballs. Now, during her night club acts, the eyeballs in the audience hauntingly remind her of those distant days amid the cotton.

* * *

"My greatest fear is people," she said. "They can make you or break you, particularly in show business. There is nothing you can do that doesn't depend on people. You can't be successful without them — and all my life I've wanted to be able to stand alone."

THE BERRYS — By Carl Grubert

British Critics Urge Stoning With Marshmallows

Liberace All Choked Up by Europe Tour

(London newspaper columnists unloosed some of their bitterest invective on Liberace when he appeared there. One suggested he be "stoned with marshmallows," one called him a "benevolent seal" and a "preposterous walking wardrobe." What does Liberace think about his reception in Britain and Ireland? His side of the story is told here.)

By WLADZIU LIBERACE

LONDON (INS)—I can honestly say that never in my life have I received such a fabulously warmhearted welcome as that which greeted me in Britain and in Dublin, Ireland. Whoever said the British were reserved people were certainly mistaken.

* * *

Beginning with our arrival on the Queen Mary at Southampton three weeks ago when thousands gathered at the dockside to call out greetings, and our special train which carried hundreds of members of the British fan clubs, then the arrival at Waterloo, our reception brought tears to my eyes.

My mother and I just looked at each other, speechless, when we saw thousands of those wonderful people at the station who had taken the time in the middle of their working day, to meet us and bid us welcome to their country.

The warmhearted affection of the British fans was a tangible thing which met me on all sides, from one end of the country to the other.

COLD HANDS, WARM HEARTS

In Leicester where a crowd of 500 waited outside my hotel to wish me luck, up to the midlands, Manchester and Sheffield, where the weather may be cold but the audiences' hearts are wonderfully warm.

And Dublin was to me a particular revelation because they do not yet have television and so did not know me too well. Within an hour of arrival, I went into a shop with my mother to buy some doughnuts and nearly caused a riot. Police had to get us out of the shop and the following morning, that incident with the doughnuts was a front page story in the Irish press.

Listening to that terrific Irish audience singing "When Irish Eyes Are Smiling" and then standing up and applauding long after I'd left the stage was an experience, but the best was to come. When I got back to my dressing room, I heard the sound of singing outside and I opened the window. Standing out in the street were about a thousand people, singing "For He's a Jolly Good Fellow." Such kindness makes me feel very humble.

* * *

But it has been the story throughout our memorable tour, warm affection from the people wherever we have played or have had personal contact with them. My mother's hotel room has been kept like a flower garden with lovely bouquets from the fans. Every time I've left my hotel, the loyal fans have been there, waiting, to wish me luck with a concert, or to hope I have a good evening.

Many times I have been overcome when the emotion of the moment has been almost too much for me. Such a moment was my last night at the exclusive Cafe de Paris, when the fashionable society audience linked hands and sang "Auld Lang Syne" with me, they told me in their own way that they hoped I'd come back again real soon.

But the peak moment for me, in Britain, was still to come, and it was the Royal Albert Hall . . . when I walked onto the platform of that magnificent concert hall and gazed out into a sea of 7,000 smiling faces, packed tier upon tier of them, all applauding and calling out good wishes, well I was completely choked up and couldn't speak at all for a few seconds. I thank God to have had this wonderful experience of our new and our old British friends. I know now, by practical demonstration, how enthusiastic is their response, how deep their loyalty and how gloriously warm their affection.

Leftists Gain in Jordan Vote

Communist-Line Party Strengthens Its Position in Parliament

AMMAN, Jordan (AP) — At least three candidates of the Communist-line National Bloc emerged as winners today in Jordan's parliamentary election.

* * *

This gives the extreme left its strongest parliamentary position in any Arab country. But the effect on Jordan, where anti-Western sentiment is growing, remained to be seen.

Other leftist parties failed to show strength and the independents appeared headed for the biggest batch of seats in the 40-seat chamber chosen in a calm and apparently free election yesterday. About half the country's 400,000 qualified voters cast ballots.

The moderate but anti-Western National Socialists were emerging as the largest single party. This group, which campaigned on a pro-Egyptian platform and urged abolition of the British-Jordan Defense Treaty, won three seats and were leading in eight others.

* * *

The leftist but non-Communist Arab Resurrection party had won only 2 seats of the first 35 reported.

Dr. Yacoub Ziadin, an avowed Communist, became the first Red ever elected to a Jordan Parliament when he won handily in the Jerusalem district over Arab Resurrection leader Abdullah Nawas. Ziadin ran on the National Bloc tickets.

Although not admittedly a Communist party, the National Bloc follows the Communist line and has gained much of its support because of Arab bitterness over what they regard as the pro-Israel policy of the Western nations.

* * *

Finding of a stable government may be difficult. Some observers predicted the National Socialists might form a cabinet in coalition with independents.

U.S. Carrier Aground

BREST, France (AP)—The U.S. aircraft carrier Antietam stuck on a sandbank while entering the harbor here today. No damage was reported. Port authorities said it probably will be freed at high tide later today.

Brightest lighthouse in the United States is located at Hillsboro Inlet, Florida. The total candlepower of its beam is said to be about 5.5 million.

Record Steel Output

NEW YORK — The world's steel-making countries produced a record total of about 294,000,000 net tons of raw steel in 1955, an increase of 20 per cent over the 1954 level and 39,000,000 more tons than were produced in the record year of 1953.

23 Million Bikes in U.S.

NEW YORK—American bicycle makers estimate the United States now has 23,000,000 bikes in serviceable shape and that more than 3,000,000 new ones will be sold this year.

WHICH MAN PASSED THE N.P.* TEST?
*Ninety-Percent
The poised, smartly-dressed man at the left of course. You can tell at a glance . . . and that's why the Ninety-Percent Test is so important. People judge you by what they see (sometimes that's all they have to go on) and ninety percent of what they see of you is what you wear. The fresh finish of drycleaned clothes is more than an extra touch . . . like a flower in the buttonhole. It's an integral part of good grooming. The state of your clothes tells volumes about the kind of person you are. In fact, your clothes never stop talking about you.
You buy your clothes to make a good impression. As you wear them, have them drycleaned often. A smart man takes care to keep that impression fresh.

Progress in Air Is Bought With Lives of Test Pilots

By RUTH MONTGOMERY

WASHINGTON (INS) — Once upon a time, a presidential candidate could climb aboard a whistle-stop special, ease off his shoes, pour himself a short snort and prepare to enjoy the creature comforts of home.

The train might rock a bit, but what was that to a man who heard his first lullabies to the rhythmic sway of a cradle? If the candidate was hungry, he could eat. If he felt the need of a shave or a shower, his private bathroom was rolling along beside him.

But what gives today?

The sonorous chug-chug of the train has been replaced by the siren of the motorcade and the whirr of airplane engines warming up for the inexorable take-off.

The world is changing, but few newsmen—after frenetic days and nights of banging typewirters in and out of a dozen planes, buses and one-stop hotels — would call it "progress."

AUDIENCE ON TAP

Pity the poor candidate today! In the good old times, his audience conveniently awaited him at every railroad station. As the train groaned to a halt, he had merely to slip on his shoes, tug at his tie and stroll onto the rear platform with his arms raised high in the victory salute.

A few golden words—the same at every whistlestop — could send the local yokels into a frenzy of cheering that was still warming the hopeful's heart as the engineer pulled the throttle after the "all-aboard."

A nap, a bite to eat, and the earnest crusader was refreshed and ready to repeat the same act at Podunk Corner down the line.

But now! The plane swoops in, taxies up the runway, the door flies open, the candidate steps out—and may heaven help him from there on.

The eager beavers at each city, frenziedly grabbing his worn coattails, behave exactly as if this were the only stop "the next president of the United States" would ever have to make.

Unmindful that this is his third appearance of the hectic day, with four more yet to go, they maul him in the crowds, shove him into a convertible, drive him up and down their half-empty streets and finally deposit him panting at the village square where — in the broiling midday sun—not so much as a canopy has been provided to delay his inevitable wilt.

CAUSE TO WONDER

As the last hoarse cheers and boos die away, they thrust him back into the open car, turn on the sirens and gaily set out for the next stop 15 or 20 miles away. There, without so much as a thought for the comforts of the poor candidate, they joyfully nudge him on stage again, splutter if he forgets to mention that Joe Doakes would make a splendid candidate for alderman, and wonder why his coat is mussed.

Since 30 to 50 newsmen are busily taking down his pearls of wisdom, and since radio and television are frequently projecting his words to a waiting world, variety must be introduced into each address. If the candidate told them a dog story at the last stop, he had better clean up a traveling salesman's gag for this one, or his audience will not be amused.

Should the miserable campaigner, on arriving at the next village square, find the courage to ask for the men's room, the horrified local arrangements' man who forgot to provide for arrangements will mutter that "It's down that way about a hundred yards, right through that crowd of 5,000 people."

Keeping Up With Russia

Research ... ... ment announced today plans for a series of publications designed to keep American scientists up to date on Russian medical research. Surgeon General Leroy E. Burney of the Public Health Service said the National Institutes of Health will translate and distribute, with $250,000 voted for the purpose by Congress, a number of Russian medical publications.

Attention Shepherds!

SAN FRANCISCO (UP) — Anyone for sheep herding in San Francisco Bay? The Army Corps of Engineers is ready to lease Angel Island, the biggest island in the bay, for sheep grazing. A call for bids says dry and rocky Angel Island could graze 1,620 heep. An additional 2,500 acres capable of grazing 7,500 sheep is offered in the Fort Baker area.

Argentine meat dealers have flown their first shipment of meat to Peru.

Plan Gala Webster Fair

Pontiac Press Photos

Webster School will present its annual fair Thursday in the school gymnasium. Beginning at 5 o'clock with a smorgasbord, the affair will last until 9 o'clock. Cochairmen of the smorgasbord are Mrs. William Gentry (left) of Liberty street and Mrs. Donald Rosie (center) of Chippewa road. Mrs. Alger Conner (right) is president of Webster PTA. These women are giving you an idea of what will tempt the appetite during the smorgasbord, which will last until 8 p.m.

There'll be pony rides for those who attend Webster School Fair Thursday. Here Cathy Benson of Old Orchard drive introduces "Rusty" who'll be on hand for the event.

A smorgasbord will be the main attraction at the Webster PTA Fall Festival Thursday evening. The fair is scheduled from 5 to 9 p.m., with the smorgasbord in progress from 5 to 8 p.m.

The smorgasbord is under the cochairmaship of Mrs. William Gentry and Mrs. Donald Rosie, with Mrs. L. Jerome Fink, Mrs. John Shaw and Mrs. William Dawson assisting.

Orrin Huntoon Jr. is general chairman of the fall festival. Chairmen of individual booths include Mrs. Glenn Griffin, fish pond; Mrs. Curtis Patton, silhouette; Mrs. Norman Todd, candied apples; and Mrs. Michael Andonian, pony rides.

Handling the sale of cotton candy will be Mrs. Walter Wharton. Mrs. Mitchell Bacow will handle the bake shelf; Mrs. Lyle Gately, toys and comics; Mrs. Harold Chapman, movies; Mrs. Carl Seiser, candy; Mrs. Mark Lightfoot, tractor rides.

BOOTH CHAIRMAN

Chairmen of other booths handling food are Mrs. Donald Bos, ice cream; Mrs. Robert Quinn, hot dogs and pop; Mrs. John Buckberrough, coffee and pop; Mrs. James Forman, popcorn and Mrs. Ralph Austin, cider and doughnuts.

Chairman of the white elephant concession is Mrs. Roderick Taylor, and Mrs. Edward Pompeian will be selling ballons for the occasion.

Halloween favors will be sold to youngsters by Mrs. Lloyd Fay, and the grab bag concession will be under the supervision of Mrs. Hugh Grove. Mrs. Quintin Kennaday is chairman of the parking lot.

The cake walk is under the chairmanship of Mrs. Howard Dell and Mrs. John Brown is chairman of the beauty parlor.

"Come to the Fair" echo the students at Webster School. Thursday is the big night and the auditorium is blazing with color. Betty Shatwood, a teacher at the school, is photographed with two enthusiastic students, Paul Wheeler of Seminole avenue and Linda Fought of Ruth street.

Women's Section

MONDAY, OCTOBER 22, 1956 PAGES 16-19

Nancy Dickinson Weds George Heine Jr.

Nancy Catherine Dickinson and George Freeman Heine Jr., were married Saturday at Grace Lutheran Church. The four o'clock ceremony was performed by the Rev. Richard C. Stuckmeyer, in the presence of 250 guests.

Nancy is the daughter of Mrs. Wilma Dickinson of Mohawk road and W. G. Dickinson of Birmingham. George's parents are Mr. and Mrs. George F. Heine of Ferndale.

The bride, given in marriage by her uncle, William D. Thomas Jr., wore a gown of peau de soie and Alencon lace. The bodice was fashioned with an off-shoulder neckline and brief sleeves appliqued with Alencon lace.

The bouffant skirt, which swept into a cathedral train, was fashioned with alternating panels of lace and peau de soie. The tiered veil of illusion was secured by a crown of Alencon lace embroidered with seed pearls.

* * *

Nancy's only jewelry was pearls, a gift of the bridegroom. She wore wrist-length kid gloves and carried a cascade arrangement of orchids and stephanotis.

ASSISTS BRIDE

Kathie Young served as maid of honor. She wore a ballerina-length gown of beige taffeta and chiffon. Draped chiffon fashioned the sleeves and portrait neckline.

Attendant Mrs. Robert Wright wore an identical gown of pale green and Elaine Miller wore one of emerald green. They carried bronze daisy chrysanthemums.

Anne Thomas, cousin of the bride was flower girl. She was dressed in a white dress embroidered with the colors of the other attendants' dresses and carried yellow chrysanthemums.

ATTEND BRIDEGROOM

George Freeman Heine served as his son's best man. Robert Fleming and Fred Ruppert of Ferndale and William Bettie Jr. and Don Lisle of Royal Oak were ushers.

* * *

The reception was held at Forest Lake Country Club immediately following the service.

For her daughter's wedding Mrs. Dickinson wore a dress of emerald green satin. On her matcing purse she pinned an orchid which harmonized with the green.

Mrs. Heine wore a peacock colored dress of silk with brown accessories. An orchid completed her ensemble.

The new Mrs. Heine attended Michigan State University where she was affiliated with Kappa Delta Sorority. George was graduated from Michigan State and was affiliated with Lambda Chi Omega fraternity.

TRIP TO FLORIDA

For traveling to Florida, the bride changed to a black and white tweed suit with matching accessories. An orchid from her bridal bouquet was pinned to her purse.

The newlyweds will make their home in Texas, where the bridegroom will be stationed with the U. S. Air Force at Lackland Air Base, San Antonio.

* * *

Guests attended from Grosse Pointe, Detroit, Flint, California and New York.

MRS. GEORGE FREEMAN HEINE JR.

Visitors En Route to Florida

Charles Wilsons Leave for South After Visit Here

Mr. and Mrs. Charles Wilson are leaving today to return to their home in New Smyrna Beach, Fla. They have been visiting at the home of their son-in-law and daughter, Mr. and Mrs. William Ramage of South Draper avenue for several weeks.

While in the city they also visited Mr. Wilson's mother, Mrs. D. R. Wilson of Oneida road.

* * *

Billie Hobolth of North Johnson avenue attended the 34th annual Homecoming of Wheaton College in Wheaton, Ill. held during the past week.

Also attending the homecoming was Angus E. Wallace of Orchard Lake. Approximately 3400 persons visited the campus during the event.

* * *

Mrs. Malcolm Scantland of Squirrel road, Mrs. George Funck of Auburn avenue and Mrs. Frank Polasek of Mill street returned to their homes Sunday after attending the state convention of MOMS of America held at Hotel Statler in Detroit.

Mrs. Polasek who served as convention chairman was elected first vice president of the state organization. Mrs. Scantland and Mrs. Funcks represented Pontiac Unit 19.

* * *

Carol Orr, daughter of Mr. and Mrs. Samuel A. Orr of Bloomfield Hills and Patricia Barkley of Birmingham have been pledged to sororities at Denison University where they are freshmen.

Carol has pledged Alpha Phi and Patricia, Alpha Omicron Pi.

* * *

Norma Jean Walker, daughter of Mr. and Mrs. J. J. Miller of Mark street is a freshman at Anderson College in Anderson, Ind.

Mr. and Mrs. Roger Ensley have moved into their home on Washington street following their wedding trip to Florida. Mrs. Ensley was the former Doris Anne Adams, daughter of Mr. and Mrs. John Gordon Adams of Richmond and granddaughter of the late Mrs. Lettie Donaldson of Washington street.

* * *

Mr. and Mrs. John K. Irwin Jr. (nee Barbara Russell) of St. Joseph avenue announce the birth of a son, John Russell, Oct. 19 at St. Joseph Mercy Hospital.

Grandparents of the infant are Mr. and Mrs. John K. Irwin of Delrose drive and Mr. and Mrs. E. C. Russell of West Iroquois road.

Many Reach Goal, Then Let Down

By ANNE HEYWOOD

There's an almost universal tendency to "let down" after we've reached some important goal.

* * *

The well-groomed girl who, after marriage, goes in for curlers, cold cream and shapeless wrappers is a case in point.

The girl who is a dream when she applies for the job, whose shorthand and typing are perfect and who is a marvel of efficiency for the first week, often deteriorates badly after she gets used to the job.

This tendency has equally disastrous results for the woman who is marketing a home product.

* * *

Mrs. J. is an illustration of what I mean.

WONDERFUL CAKES

Mrs. J., who lived in our neighborhood in Connecticut, made perfectly wonderful cakes. She used the best country eggs and butter and she beat her batters until they were as fluffly as a cloud.

An invitation to tea or dinner at her house was a pearl of great price, because you knew she'd serve a divine cake.

Naturally, Mrs. J. was eventually prevailed upon to sell her cakes to friends and later to a delicacy shop in the village.

At first, all went well and her customers were legion. Her prices were high, but that was as it should be because top quality ingredients and careful cooking made her cakes worth much more than the run-of-the-mill kind.

* * *

And then, the fatal letdown began.

TOO SURE OF SELF

Mrs. J., like the girl who has snared a husband, became too sure of herself. With all those satisfied customers, she began to feel that she didn't have to knock herself out so much making each cake perfect.

She began to skimp on ingredients, substituting cheaper eggs and shortening.

There'd be much more profit that way, she figured; besides, nobody would notice.

Well, of course, everybody did notice and, within a couple of months, Mrs. J. was out of business.

It happens every time.

Whenever a home business begins to fail, chances are deterioration has set in. The ingredients, the workmanship, deliveries or the packaging — something along the line has deteriorated. And so the customers stay away.

MAINTAIN QUALITY

If you are considering selling a homemade product, remember that you'll have to maintain the same high quality with which you start —or you might just as well not start!

* * *

For further pointers, send me a stamped, self-addressed envelope care of The Pontiac Press, and I'll send you my pamphlet, Marketing a Home Product.

(Copyright, 1956)

BONNIE LOU McNAUGHTON

At a family buffet supper Sunday evening in their home in Clarkston, Dr. and Mrs. Archie Lee McNaughton announced the engagement of their daughter, Bonnie Lou, to Roger Charles Sullivan. He is the son of Mr. and Mrs. Ronald Ballantyne of Bloomfield Hills and a senior at the U. of M. Bonnie is a graduate of Michigan State University.

Gold Star Group Holds Meeting

Mrs. Leone Hagberg and Mrs. Evelyn Knickerbocker were welcomed into membership of Oakland County Chapter 34, American Gold Star Mothers, Inc. at the Friday meeting of the organization held in the Adah Shelly Library.

Plans were made to hold an installation dinner at Hotel Waldron on Nov. 19 for recently elected officers. The hospital chairman reported on the birthday gifts sent to hospitalized veterans.

A money-making project is planned for Nov. 10. Proceeds will be used for Christmas gifts for hospitalized and needy veterans.

Mrs. Chase Hostess to Deborah Circle

The Deborah Circle of the Oakland Park Methodist Church was entertained at the home of Mrs. Rowley Chase of Oliver street. Following the dessert luncheon, Mrs. Emerson Brown conducted the meeting.

Mrs. Chase was program chairman, and reminded members of their responsibility to vote.

The next meeting will be held at the home of Mrs. Frank Ledford of East Kennett road.

PTA Activities

Room mothers and members of Hawthorne PTA executive board will meet for a get-together "coffee hour" in the school library Tuesday at 10 a.m.

The executive board of the Pontiac Council of PTA, scheduled to meet Tuesday, has been postponed.

High Fever Follies Slated for 2 Hilarious Showings

Huge Cast Rehearses for Benefit Event to Run Wednesday, Thursday in Pontiac

By JUDITH L. CLEMENCE
Women's Editor, The Pontiac Press

Sunday was rehearsal day for the cast of "High Fever Follies of 1956"—and the cast seemed to be half of Pontiac.

Residents of this city are really getting behind the project, sponsored by the Auxiliary to Pontiac General Hospital, because they know how worthy is the cause.

TO AID HOSPITAL

They know that all proceeds will be used to purchase new bassinets for the nursery at the hospital. And when you attend one of the two performances, either Wednesday or Thursday night at Pontiac High School, you'll be proud of these folks.

You'll roll in the aisle when you see such stalwart gentlemen as "Geranium" Gell (he's Dr. James Gell, you know), "Heliotrope" Hathaway (better known as Dr. F. Milton Hathaway) and "Marigold" Merkovitz (he's really Ralph Merkovitz) in a chorus number.

Not to be outdone in chorus numbers is the distaff side. Watch Mrs. P. Eugene Miller, Mrs. Robert Sutton, Mrs. Collis Scott and the entire group of "Rah Rah" girls and you'll vow you never saw such dancers.

'GOOD START'

Another bevy of beauties will be seen in the opening chorus number. You'll spot Mrs. Charles Scribner, Mrs. Kennedy, Betty Lou DeGroot and many others, to say nothing of the lads who dance with them.

You won't want to miss the "Psychic Interlude." Maybe the doctors portraying the scene don't appear to know a great deal about modern psychiatry — but you won't care—by that time you'll be helpless.

Oh, we forgot to mention there's real drama, too. Watch Jane Johnson and Earl Smith. Jane out-Garbos Garbo, and Clark Gable never had 'nothin' to match Smith.

* * *

All in all, you shouldn't miss it. You've got two days to choose from — they're Wednesday and Thursday of this week.

Parents Invited to Attend Parley

Mrs. Harold Baughner invited parents of the McConnell PTSA to attend the White House Conference on Education Nov. 6 at Pontiac High School. The invitation was extended at the recent PTSA meeting.

Mrs. Baughner, conference chairman, announced the PTSA will sponsor a bake sale on the day of the conference.

Speakers at the meeting were Thomas Temple, principal of McConnell and Allan Copley, visiting teacher. Mr. Temple discussed the classroom instruction on safety afforded youngsters and pointed out it can be more effective if such precautionary measures are carried into the home.

Mr. Copley told of the visiting teachers' program and its place in the integration of the emotionally disturbed youngster.

Mary Lyon Group Sewing for Bazaar

Mrs. Norman Cheal gave the devotions for members of the Mary Lyon group of Congregational Church when they met at the Osage circle home of Mrs. Keith Landman.

Members spent the evening sewing items for the church bazaar. They will meet in November at the home of Mrs. Robert Knight.

Twenty Couples of Sa-Shay Club Attend Dance

Twenty couples attended the second dance of the season of Sa-Shay Quadrille Club held Saturday evening at the Elks Temple.

Mr. and Mrs. Russell Peters and Mr. and Mrs. Dick Stranahan, guests for the evening, were introduced by Norman Underwood, president.

Callers for the evening were Bill Spalding, William Schmiel, Howard Upton, Bert Denham, Oscan Denham and John DePauw. The next dance to be held by the group will be on Nov. 2 at the Elks Temple.

Relaxation Is Essential to Physical Beauty

By JOSEPHINE LOWMAN

Tenseness is an enemy of beauty in all forms. Relaxation of the body is an essential to physical loveliness while relaxation of the spirit is an ally of charm. This doesn't mean that one has to be limp, dull or softheaded, but tenseness will put wrinkles in our faces and knots in our personalities.

* * *

We all know what a great effect physical tension has on us. It makes us tired, places strains on muscles and ligaments, pulls our eyebrows together and the corners of our mouths down. It robs us of grace.

Very often physical tension is a reflection of an unrelaxed spirit. Perhaps you have formed the habit of worrying, mulling over problems, of the hectic approach to daily life, of being critical or intolerant, of being suspicious or afraid, of expecting the worst. This places a damper on your personality and makes you tense up all over.

By the relaxed spirit I mean one which is on easy terms with life, one who expects the best, a spirit which believes in life and takes it as it comes.

* * *

Every woman should plan her life so that it will have as little hurry and hecticness as possible. She also should hold onto some spiritual balance and develop the light touch.

NERVOUS EXHAUSTION

Sometimes the tense spirit has its roots in nervous exhaustion rather than in habit of thought. If this is the case you need medical help as well as self-discipline, for health as well as peronsality.

* * *

No matter how hard you may try to hide your poor physical condition it is certain to break through into your personality at unexpected times, just as a bad complexion will show through makeup with a little wear and tear.

Try to relax in spirit and body for better health and greater happiness!

* * *

If you would like to have my leaflet No. 65, "Individual Happiness," send a stamped, self-addressed envelope with your request for it to Josephine Lowman in care of The Pontiac Press.

Our Body Is Like Our Car— It Needs Frequent Checkups

Our body and our car have lots in common. They both started out with shining exteriors, streamlined curves, strong internal parts and quick pickups. Later, in many instances, the fenders bulge, the paint job cracks and the internal parts show wear and tear.

* * *

Nevertheless, if intelligent care is given to the internal parts, if the paint job is protected by an external coating and fenders that have bulged are straightened by modern methods, needless deterioration can be prevented.

Likewise we can control out figure with diet and exercise, lubricate our skins with creams and oils and have regular checkups in order to take care of our internal parts.

Actually our body is a most complicated piece of machinery which stays younger longer with good care, just as a car does. Be sure to take yourself as well as your car for yearly or semi-yearly checkups.

* * *

Once a year should be a first rule and once every six months from middle age on. This is the time when chronic diseases often appear for the first time. Many of these conditions can be prevented or lightened if they or the tendency to them is recognized soon enough.

Many people take less care in selecting their doctor than they do when choosing a mechanic. Lots of folks do not know how to find a well - qualified physician. Here are some suggestions:

Get a doctor some other doctor has for his family. This is usually fairly safe.

This is another idea: You can get a list from the county medical society which will outline the training and experience of each doctor. You also can call one of your leading hospitals and ask it to suggest someone for you, some doctor connected with its staff.

* * *

If you want to do so you can check on the physician you choose in all three ways.

If you would like to have my leaflet No. 61, "Watchwords of Science for Youth After 40," send a stamped, self-addressed envelope with your request for it to Josephine Lowman in care of The Pontiac Press.

Tomorrow: "Got a Sin Problem? Here's Advice for You."

If you come to the Fall Fashions show sponsored by the Tipacon chapter of the American Business Women's Association, you'll see the hats and fashions these women of the committee are keeping a secret. The show will be held Wednesday at 8 p.m. at the Pontiac Federal Savings and Loan building. Pictured are (left to right) Joy Van Hise of Bloomfield Hills, Mrs. Carl Atkinson of Rochester, Kathryn Sumpter of Porter street and Mrs. Ervin Richards of Seminole avenue.

Pontiac Press Photo

Parents Need Teamwork for Maintaining Respect

Mother, Dad Should Back Each Other When Disciplining Children

By RUTH MILLETT

Every father is responsible for seeing that his children show respect for their mother. And every mother is responsible for building up — not undermining — the children's respect for their father.

* * *

If either fails to encourage respect for the other, family life gets into a hopeless snarl.

Here is a letter from a man whose 13-year-old daughter talks back to him, refuses to obey and shows no respect in any way whatsoever.

How does she get by with it?

* * *

Well, he admits that he is an easy-going man and that he has let his wife overrule him when there is a question about what his daughter can or can't do.

"Her mother never says 'No' to her," the father confides. "If I say 'No,' my daughter simply goes to her mother and her mother lets her do as she pleases.

* * *

"As a result she is running wild. When I try to put my foot down I get exactly no place. Her mother always takes her side."

If this mother doesn't want things to slide until, finally, no one has any control over the daughter, she had better do an about-face.

She should start telling her daughter that both parents will decide together what the girl will be permitted to do.

* * *

Instead of overruling the father at every turn, the wife should listen to what he has to say.

SIDE WITH HIM

And the first time she hears her daughter being rude or disobedient to the father, she had better side with him.

* * *

Any child who learns he or she can play one parents against the other has the whip hand.

And it doesn't take a child long to figure out that if it isn't necessary to show respect for one parent, it isn't necessary to show it to the other, either.

Organ Recital Slated at Alliance Church

Mrs. S. Maynard Dudley will present Ethelyn Ashley in an organ recital at 8 p.m. Tuesday at the Christian and Missionary Alliance Church on Green street.

Included in the program will be selections from "Masse de Mariage" by Dubois, "The Lord's Prayer" by Malotte, Adagio Cantabile from the "Sonate Pathetique" by Beethoven and Toccato Finale from "Tocatta and Fugue in D Minor" by Bach.

Fletcher's "Fountain Reverie," "Meditation" by Sturges, Pilgrim's Chorus from "Tannhauser" by Wagner arranged by Orem and "Jubilate Deo" by Silver will also be presented.

Hold State Confab

The 82nd annual convention of the Michigan State WCTU met in Muskegon last week. The principal address was given by Mrs. Bessie Hurd. Mrs. Bertha Locke, Mrs. LeRoy Shafer and Mrs. Lois Bradley were delegates from Pontiac.

Mrs. Alexander Elected to Head City Garden Club

Mrs. George Alexander was elected president of the Better Home and Garden Club Thursday. The group gathered at Rotunda Inn for a luncheon-meeting.

Serving with Mrs. Alexander will be Mrs. Lula Luby, first vice president; Mrs. Pearl Kline, second vice president; Mrs. Dewey Allen, recording secretary; Mrs. Vern Spencer, corresponding secretary, and Mrs. H. F. Simmons, financial secretary. Mrs. Walter Seaks will serve as treasurer.

Forty - three members and 12 guests attended the meeting. The group decided to make a donation to the United Fund. A discussion was held on preliminary plans for the annual May flower show. Plans were also made for a Christmas party to be held at the YWCA.

Mrs. John Cowe, chairman of the day, was assisted by Mrs. Simmons, Mrs. Fred Bohlman, Mrs. Spencer and Mrs. Allen.

'Nebs' Hold Meeting

The "Nebs" held their first meeting at the home of Mrs. Tillie Landsparger of West Huron street. Officers of the newly organized social group are Helen Walker, president; Beulah Walden, vice president; Evelyn Crisman, secretary and Sally Witt, treasurer.

Give Child Reassurance, Not Pity

By MURIEL LAWRENCE

Last term Nick had a "best friend" to walk to school with every day. This term he has nobody.

* * *

Several weeks ago his parents moved. In their new neighborhood are a baby, assorted toddlers, one teenager and his 12-year-old sister —all unlikely "best friend" prospects for Nick. So these school mornings bring no whistles to flash the old look of pride and eagerness over his 8-year-old face.

Without his friend, school departure has become just depressing routine to Nick. To his mother watching his lonely, uncompanied little figure disappear down the street, it's also brought discouragement.

How long will his friendless state last?

* * *

Just so long as his mother sees him as a pitiable object.

NEEDS REASSURANCE

For this is exactly how Nick is seeing himself just now. With the added pressure of his mother's belief that he's a poor, friendless, miserable little boy, Nick is in acute need of reassurance that he is none of these undesirable things.

* * *

Denied the reassurance by his mother, he's begun to seek it from other children. Into his manner has crept a demanding, aggressive insistence on their special reassuring attention which they resist by avoiding him.

They are right to do so. It is Nick's mother's obligation to correct his view of himself as undesirable; not his schoolmates'.

To correct it, she must stop seeing him as undesirable herself.

* * *

The famous poet Goethe once wrote: "If we treat people as if they were what they ought to be, we help them become what they are capable of becoming."

COMFORT NEEDED

Just recently I proved the truth of this statement. In the strain that preceded the death of my father, an experience came to me in which I felt great need for comfort.

As my need has passed, I've realized how instinctively I avoided seeking it from people who would have felt sorry for me. Distrusting my own strength. I chose to show myself weak and faint-hearted only to friends who know that I am not these things.

A child brings us his sadness, not to be burdened by our responsive discouragements, but to be refreshed by our delight in him, our contented spirit, our strength.

But until we know that we ourselves seek such comforting refreshment when we are sad, we may continue to give anxiety to children in the name of comfort.

Kay Walker Speaks Vows in Lutheran Church Rite

MRS. ROBERT A. STEPHENSON

Kay Irene Walker and Robert A. Stephenson were married Saturday evening at Grace Lutheran Church. Three hundred guests witnessed the 7:30 o'clock ceremony.

Mr. and Mrs. Merritt Walker of Argyle avenue are parents of the bride. Robert's parents are Mr. and Mrs. Robert G. Stephenson of Toronto, Ont.

The bride chose a gown of white satin and lace for her wedding. The lace bodice featured a Sabrina neckline and long sleeves tapered to points at the wrists. Her fingertip veil of illusian was held by a satin headpiece trimmed with seed pearls.

She carried a white orchid and stephanotis on a white Bible.

* * *

Elizabeth Powe wore emerald green velveteen for her duties as maid of honor. She carried yellow fugi chrysanthemums and fall leaves.

OTHER ATTENDANTS

Other bridal attendants were Mrs. Mary Burr of Toronto, twin sister of the bridegroom, and Phylis Law. They wore identical gowns and carried bouquets of bronze fugi chrysanthemums and fall leaves.

* * *

Paula Dudek, flower girl, wore gold velveteen and carried a miniature bouquet of bronze chrysanthemums and fall leaves.

James McIntosh of Toronto was best man. Ushers were Allen Smith of Toronto and Lynn Walker, brother of the bride. John Pernia of Richmond, cousin of the bride, was ringbearer.

For the reception, held at Bemis-Olsen Amvets Hall, Mrs. Walker wore a fawn brown satin dress with beige accessories and a corsage of yellow roses.

* * *

Mrs. Stephenson wore powder blue taffeta with gray accessories and a corsage of pink roses.

For traveling, the bride changed to a gray wool dress with aqua accessories and the orchid corsage from her bridal bonquet. After a tour of the eastern states, the couple will reside in Toronto.

Extension Group Holds Meeting

A Christmas workshop was conducted by Mrs. H. J. Seney and Mrs. Kenneth Gilboe at the recent meeting of Lakeshores Extension Group. Mrs. Clair Sherman opened her home on Voorheis road for the evening meeting.

Mrs. John Gerzanics will be hostess to the group for the Nov. 28 meeting in her home on Ascot street.

Coming Events

Westside Extension Club will meet Wednesday for a noon school girl luncheon with Mrs. Harold Grogg, 329 Rosewood Dr. The program will be on the Christmas Workshop.

Women's Home and Foreign missionary society of First Baptist Chruch will meet Tuesday at 1 p.m. Mrs. Mary Lou McCully will be guest speaker.

Francis Willard WCTU will meet at the Church of the Brethern Wednesday at 12:30 p.m. for a cooperative luncheon. Transportation will be provided at the First Baptist Church at noon.

Reliable 12 will meet Tuesday at 12:30 p.m. for a cooperative luncheon at the home of Mrs. Alberta Trosk, 118 Hudson St.

Quick Sewing Circle will meet with Mrs. Lucille McNamara, 40 West End, Wednesday at 2 p.m.

VFW Auxiliary 1008 will meet at the American Legion Home tonight at 8 for a social evening.

Blue Star Mothers, Chapter 4, will meet Tuesday at 8 p.m. at the YMCA with a social evening following the business meeting.

Friendship Circle of Welcome Rebekah Lodge 246, will meet with Mrs. Vina Munbrue, 166 Augusta Ave., Wednesday for a noon cooperative luncheon.

Mayflower Group Completes Plans for Luncheon

The Mayflower Group of First Congregational Church met with Mrs. W. D. Wilcox Friday at her Mill lake home. Assisting the hostess were Mrs. Earl Oltesvig, Mrs. Frank Cobb, Mrs. Robert Sanford and Mrs. Odes Case.

* * *

Devotions were given by Mrs. G. H. Hedrick. The Rev. Malcolm K. Burton read excerpts from "The Personal Life of David Livingstone" by W. Garden Blaikie and "Fun and Philosophy of Safed the Sage" by William E. Barton.

Plans were completed for serving the Women's Fellowship luncheon at the church on Friday. Mrs. Dexter Craig was appointed chairman of the nominating committee, assisted by Mrs. G. H. Hedrick and Mrs. Harold Schram.

A workshop is planned for the next meeting at the church at which time members will make articles for the bazaar to be held on Nov. 30, A school girls luncheon is planned for the Nov. 9 meeting.

Amvets Auxiliary Holds Plastic Party

Mrs. John Allen, Mrs. Edward Pompeian and Mrs. Roy Williams were cohostesses at the recent meeting of Jimmy Dey Post 12, Amvets Auxiliary. The group met at the American Legion Home.

A report on the "Bromstick Whirl" was given by Mrs. Ted Kieffer, and a membership drive was announced by Mrs. Louis Hadden. A toy and plastic demonstration was held during the evening.

Basic Cookie Gets New Treatment

Mrs. Snyder Adds Oatmeal, Chocolate to Old Favorite

By JANET ODELL

With Halloween parties in the offing, you can probably use another good cookie recipe. This one given us by Mrs. Charles Snyder of Drayton Plains combines peanut butter, chocolate chips and oatmeal.

Mrs. Snyder has two pre-school children. She has enjoyed working in her little garden this summer. Other favorite hobbies are rug hooking, antique collecting and reading.

PEANUT BUTTER COOKIES
By Mrs. Charles Snyder

1 cup brown sugar
1 cup white sugar
1 cup shortening
2 eggs
1 cup peanut butter
1 cup sifted flour
1 teaspoon soda
2 cups oatmeal
1 teaspoon vanilla
½ teaspoon salt
1 cup chocolate bits

Mix in order given. Drop from a spoon onto greased cookie sheet. Press with a fork in a criss-cross pattern. Bake 10-12 minutes in a 350-degree oven.

Edward Maier Named to Head Dancing Club

Edward A. Maier is the newly elected president of the Wednesday Dancing Club. Assisting Mr. Maier will be Russell H. Galbraith, vice president; Judge Cecil McCallum, secretary-treasurer; and directors Mrs. Robert B. Oliver, Mrs. William S. Isgrigg, W. Ross Thompson and Edward P. Barrett.

The recent election and gathering was also the occasion for welcoming new members into the club. They are the Robert J. Dunlays, the Henry E. Gothams, the Arnold K. Jeromes and Mr. and Mrs. Elton R. Kerr of Birmingham.

Other new members are Mr. and Mrs. Donald A. Nicholie, Dr. and Mrs. Michael C. Kozonis, Mr. and Mrs. Paul J. Rich of Birmingham and Mr. and Mrs. William D. Thomas Jr.

Dems Hold Party to Meet Candidates

Democratic County candidates were presented at a "Meet the Candidates" party held Friday evening at Armenian Hall. Elwood West introduced the candidates to guests present.

John Kent was host and chairman for the affair. Refreshments were served by Mrs. Helen Powers and Mrs. Lucille Liest.

MONDAY, OCTOBER 22, 1956 — PONTIAC, MICHIGAN — TWENTY-ONE

DODGE FOR 1957 — Five full inches lower than its 1956 counterpart is the Custom Royal Lancer for next year. The new car, which stands barely four and a half feet high, will make its debut in dealer showrooms Oct. 30. Dodge engineers claim that the new models will offer the most extensive styling and engineering improvements in the firm's history. The cars will be displayed locally at Riemenschneider Bros., 232 S. Saginaw St.

CHRYSLER ON WAY — This Chrysler Saratoga four-door sedan is one of an all-new series in the medium price range between the Windsor and the New Yorker. The model above has aluminum-framed window openings, recessed door openers and a new 354-cubic-inch Spitfire V8 engine. Scheduled to be displayed at dealers between Oct. 30 and Nov. 9, the car will be shown locally at the Clarkston Motor Sales, 32 S. Main St., Clarkston.

Says Health Director

County Polio Reports Show Salk Shots Highly Effective

A report on the effectiveness of Salk Polio Vaccine in Oakland County has been released by Dr. John D. Monroe, health director.

Out of 42 polio cases reported in the county including Pontiac, 10 of these persons had received some Salk shots, Dr. Monroe said. Six had been given one injection, three had had two injections, and one person had received all three doses. However, he reports, none of these 10 had paralysis of any kind.

"Salk vaccine combats paralytic polio, and these 10 cases were definitely the non-paralytic type," Dr. Monroe said. "This is a better score than the Salk tests. Salk judges the shots 80 to 90 per cent effective.

"I would have been satisfied with 50 per cent effectiveness this first year, but it's better than that I'm sure," he continued.

15 HAD PARALYTIC TYPE

A total of 15 of the 42 cases had paralytic polio. The county reported three deaths and Pontiac one. Only one case of polio was reported in a child under a year old.

* * *

Sixteen of the cases reported were over 14 years of age and not eligible for the shots until just recently when drug concerns released the vaccine to private physicians.

"I think the vaccine has had some effect on the number of cases in the county," Dr. Monroe continued. "Last year 105 cases were reported as of this date.

"This number seems to indicate that the vaccine is responsible for these fewer cases, but of course that remains to be seen," he said. "It might have been just a lower year for polio.

SIGNIFICANT FACT

"On the other hand, the most significant fact, I think, is that all those given any vaccine suffered non-paralytic polio only."

The "big job" is left to do, Dr. Monroe reported. The four deaths in the county were persons aged 15, 24, 27 and 28 respectively.

"It is important for those in the age group of 15-35 to get the series of shots from their doctors. The federal government provided vaccine for those from one to 14 years of age, but a full campaign has not been conducted to induce young adults to have the shots," Dr. Monroe said.

* * *

He added that the health department program will be continued through the next year. Funds for vaccine for children in the 1-14 age group have been appropriated through July 1, 1957, he said.

"What will happen after that, I don't know," he added.

United Press Photo

FREELOADER — If he drinks enough of those heady German "suds," this bushy-tailed intruder will be climbing trees—but he would be anyway. One of three tame squirrels living in a Nuernberg restaurant, "Hansi" spends his hours table-hopping and free-loading on samples of the customers' refreshments, mostly the liquid kind. What's more, the customers seem to like it if the smiling onlooker above is an example.

Free Polio Shots Given

COPENHAGEN — All Danes under 40 years of age can now be polio-vaccinated free by their own physician.

Apprehend Juveniles After Auto Smashup

Two juvenile boys were apprehended Saturday afternoon after cracking up an auto stolen from a collision shop at 137 Palmer St., Pontiac police said.

The pair forced open the shop door, stole auto keys and drove off down the alley, but rammed into the side of a home garage half way down the block, they added.

Neither boy was injured, police said.

Chrysler Corp. Lowers '57 Cars

Dodge Lancer 55 Inches High

Tail Fins to Cut Sway in Strong Crosswinds, Engineers Boast

Lower, longer and wider, the 1957 Dodge cars will make their first appearance in dealer showrooms Tuesday, Oct. 30.

Dodge has reduced height by as much as five inches. The new Lancer hardtop stands less than 55 inches high.

The Dodge features swept-wing rear fenders comparable to the rudders of airplanes or racing boats. Keynote to Dodge styling, they also stabilize the car in crosswinds, according to Dodge engineers.

Five selector buttons for the transmission are located on the left side of the instrument panel. Speeds are "first," "second" and "drive" forward, plus neutral and reverse.

BIG BACK WINDOW

The low, wide hood improves forward visibility, and the rear-view mirror has been moved to the base of the windshield. A full-width back window wraps entirely around to slender, sloping corner posts, eliminating old blind spots and affording the driver a good view of both rear fenders. For winter, a rear window defroster is available.

All instruments are clustered in front of the driver, beneath a raised hood shielding against windshield glare.

Dodge offers a new line of engines for 1957. Displacement of the Red Ram V-8 has been increased to 325 cubic inches and the compression ratio boosted to 8.5 to 1.

* * *

The Super Red Ram engine (power pack) for Custom Royal models is equipped with four-barrel carburetor, dual exhausts and extensions, special distributor, special air cleaner and four-barrel intake manifold.

A special D-500 engine, featuring a redesigned intake manifold and a four-barrel carburetor, also is available. Compression ratio of the Getaway Six is 8 to 1 and the displacement is 230 cubic inches.

Two holdover features are lifeguard safety door latches and the independent emergency braking system.

HANDLES PULL OUT

The door latch automatically secures doors against accidental opening. New recessed door handles pull out.

Fourteen solid colors and 51 two-tone combinations are available.

The 1957 line consists of four separate series—Coronet 6 and V-8, Royal V-8, Custom Royal V-8 and Station Wagon V-8—with four different four-door sedans, three four-door Lancers, three two-door Lancers, two club sedans, two convertibles and five station wagons.

United Press Photo

FAREWELL TO A FRIEND — "Sunny" Jim Fitzsimmons, famed trainer who smoothed Nashua's path to greatness, watches as groom Al Robertson leads the four-year-old to a pullman at Belmont, N. Y. The horse, which won $1,288,563 in purses to become the world's greatest money-winning racer, was bound for his Lexington, Ky., birthplace for retirement. "He's been good to me," Sunny Jim said — and it was obvious that he wasn't just speaking of the $128,000 or so that Nashua brought him as his 10 per cent of the horse's winnings.

Chrysler Drops About 5 Inches

New Models on Display Oct. 30 Have 4 Lights and More Power

The 1957 Chrysler, featuring a road-hugging design with floors and seats dropped allowing roofs to be lowered as much as five inches, was announced today. Dealers throughout the United States will hold showings between Oct. 30 and Nov. 9.

* * *

Combining such innovations as twin headlights, three-speed push-button transmissions and a new suspension, the '57 Chrysler will be offered in the New Yorker and Windsor series, plus an all-new Saratoga series in the middle-price range.

Three V-8 engines — a more powerful V-8 in the New Yorker series, a new V-8 in the Saratoga series and an improved V-8 in the Windsor series—will be available.

Chrysler also introduces improved power steering, lower-pressure tires, deep-section safety steering wheel, aluminum-framed window openings on sedans, and improved total contact center-plane brake.

NEW SERIES

The Saratoga series, a newcomer to the Chrysler line, is built to market between the Windsor and the New Yorker. It is offered in a four-door sedan, a two-door hardtop and a four-door hardtop.

The Windsor, lowest-priced Chrysler, is offered in a four-door sedan, two-door hardtop, four-door hardtop and four-door town and country station wagon.

The New Yorker is offered in a four-door sedan, two-door hardtop, four-door hardtop, convertible and town and country station wagon.

Wheelbase on all models is 126 inches. Cars are available in a choice of 21 colors and 121 combinations.

Dual headlights, optional in states where laws permit, improve highway lighting for driving safety. Chrome-rimmed headlight enclosures are painted inside to eliminate upward scattering of beams.

Chrysler introduces three-speed Torque-Flite, an improvement on the pushbutton drive first offered in '56. It is standard equipment on New Yorker and Saratoga models and optional on Windsor models. Torque-Flite combines torque converter coupled with an automatic three-speed planetary gearbox.

* * *

Transmission control is through a five-button panel to the left of the steering column out of reach of children. The neutral button doubles as starter—another safety feature which automatically places the car in neutral when it is started.

United Press Photo

MAN FROM MARS? — No. Marine. This is a specially-armored diving suit called the "Galeazzi." Inside it, Italy's diving ace, Capt. Raimondo Bucher waits to leave the deck of an Italian Navy ship to explore the Gulf of Naples. He has reached a depth of about 420 feet in contrast to the limit of about 360 set for ordinary suits.

Rep. Powell Mad at Adlai, Detroiters Hear

DETROIT (AP) — Adam Clayton Powell, Negro Democratic congressman from New York who has announced he will support President Eisenhower over Adlai Stevenson, said last night "My quarrel is not with Northern Democrats."

"My quarrel," Powell told an audience of about 4,000 in a Detroit Negro church, "is with the Dixiecrats."

"If I were a citizen of Detroit, I would vote the straight Democratic ticket," he declared."

"You've got a governor here who has done a good job for civil rights," Powell said in reference to Democratic Gov. G. Mennen Williams who is seeking a fifth term.

"My quarrel is with Adlai Stevenson because Stevenson is the captive of the Dixiecrats," he said.

Powell said he was supporting Eisenhower because the President had assured him of support for civil rights legislation.

Huge Airlift Supplying U. S. Explorers

McMURDO SOUND, Antarctica (AP)—An airlift unique in antarctic history is giving the United States a big jump on other nations sending expeditions to explore this ice-covered continent during the International Geophysical Year.

* * *

The lift, by 100-ton Air Force Globemaster planes, was set back temporarily last night when the nose wheel of one of the mammoth craft collapsed on McMurdo Sound's rough, 14-foot thick ice runway.

But bulldozers were hurriedly put to work smoothing and re-scraping the runway and the plane was pushed out of the way so that the airlift could go on.

Key personnel, equipment and even fresh vegetables and absentee ballots are being ferried here in the Globemasters' barnlike cargo holds. The first of the big planes arrived yesterday morning after a 2,250-mile flight from Christchurch, New Zealand. Its cargo included a small Otter plane —the kind used by Canadian bush pilots—for trips between the bases the United States is establishing in the antartic.

* * *

Russia and other nations also have bases on the continent to join in studies of this end of the earth and its atmosphere during geophysical year.

But it will be at least two months before most antarctic expeditions will be able to begin. The Southern Hemisphere is just emerging from its long winter, and it will be late December before pack ice surrounding the continent breaks up enabling ships to reach here.

If no hitch develops from the weather, Globemasters will arrive every four hours from New Zealand until all needed supplies are on hand.

* * *

The first Globemaster also brought more mail from home for 93 Navy men who spent the winter here. They had their first visitors last week, when Rear Adm. George Dufek, commander of the Navy's Operation Deepfreeze, arrived in the first of a half dozen two-and four-engine planes.

The men in the winter base received ballots to vote in next months election in the United States.

C47 Dakota airplanes that flew down from New Zealand last week are being equipped with skis. They will fly the first mail in eight months to another party of 76 Americans who wintered over at Little America 5, another U. S. outpost 450 miles to the east.

* * *

Support aircraft will drop 500 tons of supplies on the South Pole, where the United States will also establish a station. No man has set foot at the pole in more than 40 years.

United Press Photo

'TAINT FUNNY! — Three-year-old Cindy Anderson cries and struggles to get away from a "pumpkin man" during a celebration of the coming of Halloween in Wilmette, Ill. The frightening face belongs to George Mangel, a local florist, who annually displays thousands of pumpkins at his nursery. Cindy says she prefers Santa Claus.

Indian Envoy Returns From Suez Parley

NEW DELHI, India (AP)—V. K. Krishna Menon returned to New Delhi today from his latest talks in Cairo and London on attempts to find common ground for a Suez Canal settlement.

He said he had offered suggestions but gave no details.

In Cairo the government-supported newspaper Al Gumhuria said yesterday that Menon's plan called upon Egypt to recognize a canal users' association. It would have an advisory role and act as a link between canal users and the Egyptian canal authority set up by President Nasser after he seized the canal as Egypt's own on July 26.

A 15-nation Suez Canal Users' Assn. is being organized under Western sponsorship.

A United States Senator Looks at Russia

Warns Against Underestimating Soviets' Strength

(U. S. Senator Henry M. Jackson (D-Wash), recently has returned from a 16,000 mile trip through the Soviet Union and the Middle East. Senator Jackson, a member of the Senate Armed Services Committee and the Joint Committee on Atomic Energy, made the trip as a member of the Armed Services Committee. But he traveled in the Soviet Union as a tourist, with his own interpreter from the Library of Congress, in order to have freedom of travel and conversation with the Soviet citizens that might have been denied him as an 'official' representative of the United States. Following is the first of five articles.)

By HENRY M. JACKSON
United States Senator (D-Wash)
(Distributed by INS)

It is easy for the visitor to the Soviet Union to underestimate the strength of this vast land.

And it is dangerous for any American to do so.

It is easy because at first glance this is a drab, unhappy land of burdened people.

The people—except for a chosen few—are poorly clothed and inadequately housed. They exist on a meager diet of staples, with little variety at the dinner table.

Buildings only two and three and four years old appear to be 20 years old or older, with sagging floors and chinked mortar and cracked plaster. Building materials appear to be of poor quality and there is glaring evidence of poor workmanship.

Transportation, generally, is poor. There is virtually no highway system, little truck transportation, and few automobiles. The rail system is poor. Air travel is by slow, twin-engine passenger plane, only a little larger than our own outmoded DC-3.

These are the superficial appearances that tempt one to underestimate the U.S.S.R. and its people.

* * *

But one must remember that the Soviet Union has made these military and foreign relations strides—and the industrial accomplishments behind them—by depriving its people of the goods and services Americans take for granted.

The standard of living of the Russian people could be much higher than it is today save for the industrial and military goals of their leaders.

We visited the agricultural and industrial fair in Moscow.

Our guide, who is an active member of the Young Communist League, was anxious to point out a chart showing Soviet industrial production and American industrial production.

America is far ahead.

But our guide was quick to make the point that Soviet production is increasing faster percentagewise than ours, and that "it is only a matter of time until the U.S.S.R. will beat the United States—industrially."

In my discussions with various Russians, they constantly made the same point—that they are making tremendous industrial progress, building new plants, new hydroelectric projects.

These claims were not idle boasts.

* * *

At Stalingrad we visited the site of the Volga River where the Soviets are building a 2,300,000 kilowatt dam.

This dam will produce 300,000 more kilowatts than our own Grand Coulee dam!

The first generator will be on the line in 1958 and the dam will be completed by 1960.

The Soviets are known to be building other dams, particularly on the Angara River in Siberia, and at least two of them are planned to be bigger than the dam at Stalingrad.

The output of these tremendous hydroelectric projects will be tied together into a massive power grid with power lines carrying in excess of 300,000 volts.

In the schools and universities the emphasis is on technical training. The principal of a combination grammar and high school in Alma-Ata, 3,000 miles from Moscow in Central Asia, said the main subjects are mathematics, physics, chemistry and other technical training. At the University of Moscow, with 21,000 students, 16,000 are enrolled in the sciences and only 5,000 in the humanities.

An important strength of the Soviet Union is womanpower. Women perform all types of work—as machinists, foundry workers, assembly line workers and the like. They demonstrated ability to engage in hard manual labor which would be totally unthinkable in America.

In the Likhachvov automobile works in Moscow, of the 40,000 employes, 16,000—or 40 per cent—were women. They work a 46-hour week of five eight-hour days and six hours on Saturday, just as do the men.

The plant, one of the largest of its kind in the Soviet Union, turns out 100,000 trucks per year, 3,500 buses per year, small numbers of automobiles and 250 refrigerators per day.

At another large plant in Rostov-on-Don, producing agricultural machinery, 35 per cent of the 18,500 employes are women.

Everywhere in Soviet industrial plants we noticed posters encouraging all sorts of competition for awards to workers who increase their production.

* * *

Increase it they will. For the Russians work hard. They are lean and tough, not fat and lazy. And they are getting more skilled every day.

There is another spur to production that is reprehensible to labor in our country—piece work.

The Russian worker's pay is determined by his output. The slow producer, the indolent worker, can hardly survive under the Soviet system.

Yes, the Soviet Union is making gigantic industrial strides—by reason of vast natural resources, by educational emphasis on the sci- by wringing it out of the hides of ences, by sheer determination, and its people.

The Soviet Union is strong—industrially and militarily—because its people are poor.

(Next: The Soviet people and how they live).

Pakistan has 86 cotton textile mills, compared with only 17 in 1947.

Buttons became a feature of naval coat sleeves when Admiral Horatio Nelson ordered them sewed on uniforms to discourage the men from wiping their noses with their sleeves.

Old Pot-O-Gold Is Just Waiting for Right Entry

Worth $300 if last week's puzzle goes unanswered, Pot-O-Gold No. 21 is just sitting here waiting for the correct solution to be sent in. You might be the one to empty its contents into your own pockets, so take a look at the rules and clues below, and mail your entry as soon as possible . . . on a postcard.

The puzzle consists of (1) a number of circles which contain a few scrambled letters, and (2) a corresponding list of clues to these words printed below. The object is to arrange each group of circled letters into a word that best fits its clue. The word which you select for Circle No. 1, then would be the one which you would print in the space to the right of (1) below.

You'll notice that some circles contain $ signs in pots of gold. You may use such a symbol as any letter you wish. However, it and all letters in that circle must be used. The $ sign, of course, can represent ANY letter in the word.

Do the same in all the other circles. Study the clues carefully and arrange all the letters into words that you believe best conforms to these clues. Use your $ signs to help you spell out the right words.

PUZZLE NO. 21

1 ..... 9 .....
2 ..... 10 .....
3 ..... 11 .....
4 ..... 12 .....
5 ..... 13 .....
6 ..... 14 .....
7 ..... 15 .....

Clip Along Dotted Line and Mail

SOLUTION CLUES

1. Would be welcomed everywhere if popular enough.
2. Mistreatment of this would certainly be a sign of ignorance.
3. If a bird is to ..... properly, it should have achieved some development.
4. In nature, a ..... will not really be subject to very much change.
5. One kind can help an acquaintanceship off to a good start.
6. Support offered by one should be utterly dependable.
7. It usually has a specific liquid capacity.
8. In dictatorships, there seems to be a tendency to ..... speech among the people.
9. A noble who has always had a particular reference to the English people.
10. Nobody minds too much in surrendering this to a worthy cause.
11. ..... in a dangerous project requires the utmost confidence.
12. The ..... of satin is especially noticeable when in motion.
13. When Fagin tried to ..... innocent youngsters, it usually boded ill for their characters.
14. Poultry farmer who makes an especially good one will be delighted.
15. It is dogged pursuit that will ..... a refugee more than anything.
16. People often look to this for help in rural areas.

OFFICIAL CONTEST RULES

1. Anyone is eligible to enter the POT-O-GOLD contest with the exception of Pontiac Press employes or their immediate families.

2. A contestant may submit as many entries as he or she wishes but they must be on official entry blanks printed in this newspaper.

3. To submit an entry the contestant must print his answer words in the proper spaces, cut out the area enclosed by dotted lines and attach it securely to a 2-cent postcard. No entries will be accepted if they are in envelopes. Entries for Puzzle No. 21 must bear a Tuesday, Oct. 30, postmark (or before). No entries received after that time, whether mailed or delivered by hand, will be declared eligible. The Press is not responsible for entries lost or delayed in the mail.

4. Sorry, telephone calls or mail concerning details of the contest cannot be answered or acknowledged.

5. The Pontiac Press will award a cash prize of $100 a week to the winner of each weekly POT-O-GOLD contest. If more than one winning answer is received the prize will be divided equally among the winners. If any week or weeks should pass without any winners, the prize will be added weekly until a winning solution is submitted.

6. Winners will be awarded an extra cash bonus of $25 each if they are Pontiac Press subscribers of record on the day winners are announced. Only one such bonus can be awarded to each prize-winner, no matter how many weekly prizes may accumulate.

7. Each week's puzzle will be published Monday, Wednesday and Friday until the contest's end. Either or all will be considered as official entry blanks.

8. Winners and correct solutions will be announced each Friday of the week following individual contests. Official keeper of answers will be Frederick C. Ziem, prosecutor for Oakland County. Only the General Features Corp., originators of the puzzles, will know the solutions until after each contest is over. Answers will be delivered to the Press judges by Mr. Ziem after the final deadline.

9. There is only one correct solution to the POT-O-GOLD puzzle, and only that correct answer can win. The decision of the judges is final and all contestants agree to abide by the judges' decision. All entries become the property of The Pontiac Press and none can be returned.

10. Completed puzzles must be addressed to POT-O-GOLD, POST OFFICE BOX 58 Pontiac, Michigan. Winners will be notified either by telephone or in the mails.

Says Hope Dim for Free Poland

Estes Points to Ruler's Lifelong Career as Red, Urges Bulganin Talks

POCATELLO, Idaho (AP) — Sen. Estes Kefauver cautioned today against overoptimism on the effects of the Polish uprising, saying it is "doubtful" that any successful government "will be democratic in the Western sense of the word."

* * *

The Democratic vice presidential candidate said in a statement that "all Americans are praying" for Poland's independence, but added:

"However, at least at this time, I believe that there are reasons why we should place some curbs on our optimism."

He said Wladyslaw Gomulka, Moscow-opposed leader of the uprising, "is a lifelong Communist, and any government organized by him will probably be subject to most of the usual Communist repressions."

* * *

"It may be a long time before Poland can be counted in the ranks of the free nations," he stated.

Kefauver's statement on Poland came shortly after he urged President Eisenhower to accept the offer of Soviet Premier Bulganin for a ban on nuclear bomb testing.

"We should talk with Mr. Bulganin about his proposal," the Democratic candidate said yesterday at Bakersfield, Calif. Kefauver's statement said:

* * *

"By past experience we have a right to be leery of Soviet proposals. However, this one may have been made in good faith. We have everything to gain and nothing to lose from negotiating with the Soviet on this proposal."

Both Kefauver and Democratic presidential candidate Adlai Stevenson have plugged hard for a ban on nuclear bomb testing. Kefauver said, "It is necessary to the very survival of the world."

Actress' House Looted of $48,000 in Jewels

NEW YORK (AP)—Rooftop burglars ransacked the home of Broadway actress Ruth Gordon Saturday night and stole jewelry valued at $48,000.

They also broke into the house of film star Katharine Hepburn next door but apparently left empty-handed.

Miss Gordon said the thieves took 18 pieces of jewelry, including a massive 75-carat emerald ring worth $15,000. All the jewelry was insured.

TODAY'S ASSIGNMENT FOR:

JUNIOR EDITORS

THE AGE OF CHIVALRY—1

A Knight

Before gunpowder changed the methods of war there was a period known as the age of chivalry. The word chivalry originally meant a knight, but now it means the courtesy and honor for which many knights became renowned.

In those days there were no large cities. People lived in scattered groups in and around large castles, under the protection of a king or baron. This leader gathered about him a band of knights who defended the castle. Knights also fought in tournaments and went on crusades.

Here is a knight in armor. Color the picture with your crayons and then paste it down on cardboard. Cut out the parts carefully, and fold back the ends on the dotted lines so the knight will stand.

The big helmet was used in tournaments. It covered the neck and head completely, and was well padded inside. The lighter helmet was worn in lesser combats.

You can put either of them on the knight by folding the tabs back around his head. The sword can be slipped through the slots of the right hand.

(Anthony La Spada, Chester, Pa., first submitted this idea. If you have an idea send it in care of this newspaper and it may be worth $10 to you. Violet Moore Higgins; AP Newsfeatures.)

Tomorrow: A King

Chicago Trib Buys Hearst's 'American'

CHICAGO (AP) — The Chicago Tribune Co. has taken over the ownership of the Chicago American but the former Hearst afternoon daily will continue to publish "as a separate organization."

The sale of the American, a cornerstone in the vast Hearst newspaper organizations, was announced simultaneously in the Sunday morning editions of both papers.

The purchase price was not disclosed. The Tribune, Chicago's 109-year-old morning newspaper, said it bought all the physical assets of the American plant except the real estate.

Announcements of the sale quoted Hearst Publishing Co. officials that the sale was part of Hearst's program of modernization and expansion of its 15 other newspapers in 11 major cities. The statements said the sale of the American will facilitate modernization in Hearst plants in Boston, Baltimore, San Francisco and New York.

Link Life to Fresh Air

LOS ANGELES (AP)—A scientist says country dwellers live five years longer, on the average, than their smog-breathing city cousins. Dr. Linus Pauling, Nobel prize-winning chemist of the California Institute of Technology, said "People who live in smog-free cities will live perhaps that much longer than those who dwell in the smog."

'God Save the Queen' Saves Hampton, Too

LONDON (AP) — American jazzman Lionel Hampton won't be able to play a concert in Royal Albert Hall Friday. The directors say they won't allow rock 'n' roll there.

The directors took the action after getting reports on Hampton's first concert at Empress Hall yesterday. Shouting teen-agers excited by the music of Hampton and his band of 20 American performers smashed several tiers of seats.

Said Hampton later:

"The only way we could stop them was to play 'God Save the Queen.' That saved us too."

U.N. to Study Radiation Effects on Humans

UNITED NATIONS, N.Y. (AP)—A U.N. committee meets here privately today to study worldwide data on a question that has got into U.S. politics — how atomic radiation affects man.

The 15-nation Scientific Committee on the Effects of Atomic Radiation will spend about two weeks evaluating and summarizing more than 30 papers on the subject from more than 20 countries.

Primed for Prank

AXTELL, Neb. (AP)—Old timers have recalled a civic project effected some 40 years ago. The city fathers wanted to remove the many hitching posts along the main street but fear of public opinion prompted them to go easy. They decided against any formal action but made a deal with the town's youngsters to include the removal of the posts in their planned Halloween pranks. It worked and the hitching posts never were replaced.

Hunter Killed by Grizzly Bear

Fatal Incident Occurs in Montana Wilderness; Pal Wounded

AUGUSTA, Mont. (AP) — A big grizzly bear killed one hunter and mauled another in a grim battle in the western Montana mountains.

The victim was Kenneth Scott, 29, Fort Benton, Mont., farmer.

Another hunter, Viv Squires, received a claw wound in the foot.

He said the incident occurred in a wilderness area 40 miles west of here Saturday. Scott died of injuries yesterday.

* * *

Squires gave this account:

The bear jumped them as they were looking for elk. Squires backed up, tripped in brush and the bear grabbed his ankle, sending a claw through a heavy logging boot. Squires kicked. The bear reared up and noticed Scott on a knoll.

Scott fired two slugs into the bear, which then retreated.

The hunters decided to track down the wounded bear before it could harm others. After tracking for four hours, they found the bear and Squires emptied his clip of 30-30 shots into it.

Before he could reload the bear charged. Scott fired two shots. His gun jammed and he yelled for Squires to run for safety. Squires thought Scott was running too.

Squires went to camp to get the other six members of the hunting party.

* * *

They returned to find Scott severely mauled and the bear gone.

They took Scott to a river bank for first aid. The bear again surprised them, but was felled by two slugs in the neck from a rifle fired by Morris Embleton, 23, Fort Benton.

The bear dropped dead about 10 feet from the party.

BUSY HOBBYIST — Conrad Kothe, 72, of St. Clair Shores, Mich., got tired of retirement and sought a hobby — furniture making — which has brought him rave comments from those who view his work. He's shown at his work bench.

Italian Medals Given West Point Museum

WEST POINT, N.Y. (AP) — A collection of 45 Italian awards and decorations has been presented to the U.S. Military Academy.

The idea for the presentation came when Paolo Emilio Taviani, Italian minister of defense, made a tour of the Academy's historical museum last year and noted none of the Italian medals was on display.

The gift includes the highest military award, as well as decorations recognizing the contribution of citizens in peacetime.

Fishing Costs $90 Year

FLYING HIGH — Dave Middleton (left) of the Detroit Lions doesn't get very far after taking a pass from Bobby Layne early in yesterday's game against the 49ers. Charlie Powell makes the tackle but not before Middleton grabs the aerial. The Lions won, 20-17, in a thriller.

Layne's Boot Keeps Lions Atop NFL

BY BRUNO L. KEARNS
Sports Editor, Pontiac Press

DETROIT—In as thrill-packed a ball game as ever seen at Briggs Stadium, the Detroit Lions and San Francisco 49ers battled on even terms right up to the last 17 seconds of the game.

This was the amount of time remaining when veteran Bobby Layne split the uprights with the game-winning field goal from the 17 yard line to make the final score read 20-17.

It was Detroit's 4th straight victory and kept the Lions atop the Western Division as its only unbeaten team.

Again it was the old pro Bobby Layne who kept the Lions on the move and then delivered the game winning score.

But it couldn't have been possible without a trio of Lion rookies who thrilled the 55,662 excited fans.

The big gun in the big drive in the final period was Howard "Hopalong" Cassady who moved the ball for all important yardage in the last two minutes of play.

For three periods however it was Don McIlhenny who sparked the running attack, with Tom "The Bomb" Tracy making his debut as a Lion in a satisfactory way.

In the first series of downs in the game the Lions marched from the 30 to the 49er's 21 from which point Layne made it 3-0 with his first field goal.

Frisco, with Hugh McElhenny exploding for 61 yards, went 84 yards in seven plays to score with only 11 seconds left in the 1st stanza. John Henry Johnson went over from the two yard line and Gordy Soltau converted.

Tracy moved into the backfield in place of the injured Gene Gedman and he and Cassaday powered their way for chunks of yardage late in the second period. McIlhenny replaced Cassady and he immediately went over from the three with less than two minutes to play.

In the short time after the kickoff, Frisco battled back with McElhenny accounting for 29 yards on one play. Soltau booted a field goal from the 20 yard line with only 13 seconds to go in the half.

The 49ers took the lead in the third period and again it was McElhenny's 28 yard dash that set it up with Johnson hitting from the one to score. Soltau converted and it was 17-10.

It was Detroit's McIlhenny who then took over, ripping off gains of 4, 6, 14 and 13 yards, taking the ball to the two from where Layne went over. Layne also converted and it was 17-17 with only 1 minute and 20 seconds in the quarter.

The action-filled 4th period time was running out when Layne tried and missed a 23-yard field goal attempt. Frisco took over on its own 20 with four minutes left.

Y. A. Tittle's long pass was intercepted by Jack Christiansen on Detroit's 35 from where the final drive started.

For the 2nd week in a row, it was a crucial penalty that aided the Lions. Layne's third down pass was incomplete, and would force the Lions to pass or kick, but end Charlie Powell was ejected for slugging Lou Creekmur and Detroit had a 1st down on Frisco's 20.

Last week it was roughing the kicker penalty which gave Detroit possession and assured the victory over the Rams.

Frisco's McElhenny had 119 yards in 14 attempts, while Detroit's McIlhenny picked up 104 yards in 13 carries.

	DET.	FRISCO
First downs	25	15
Rushing yardage	244	100
Passing yardage	149	67
Passes	15-28	8-19
Passes intercepted	2	1
Punts	5-41	4-38
Pumbles lost	0	0
Yardage penalized	40	35

DETROIT 3 7 7 3—20
San Francisco 7 3 7 0—17

DETROIT: Touchdowns — McIlhenny (three, run); Layne (one, sneak). Conversions— Layne 2. Field Goals—Layne 2 (26, 17).

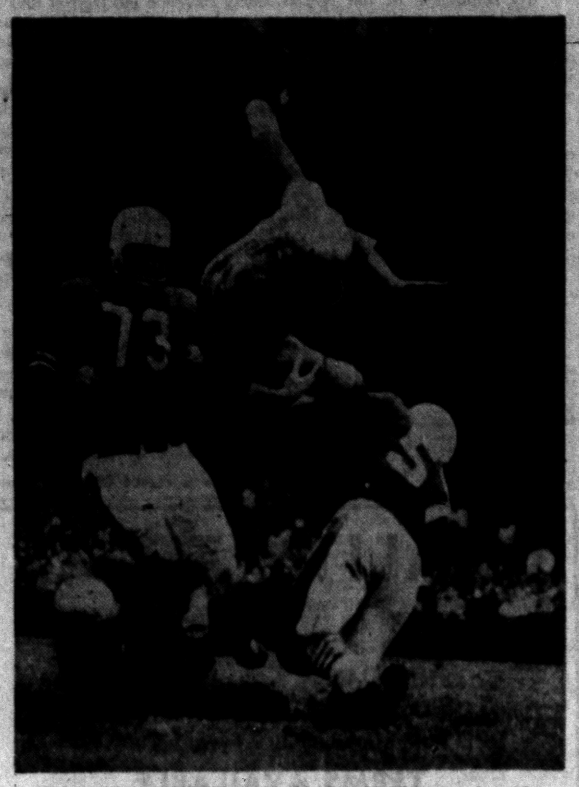
San Francisco: Touchdowns—Johnson 2 (three, one plunges). Conversions—Soltau 2. Field Goal—Soltau (20).

From The PRESS BOX

Kickers made a big difference in several college football games Saturday. The big point of victory was at Columbus where Penn State quarterback Milt Plum booted the point which defeated the Buckeyes 7-6.

* * *

"Quite a scene," said ex-PHS track and cross-country coach of state and SVC champions Wally Schloerke, referee, timer and finish judge at the SVC harrier meet here . . . where Chiefs were dethroned by Arthur Hill . . . referring to the fact that he, along with a half dozen members of his championship teams of several years ago were spectators . . . Purl Stevens, Jack Walker, Alonzo Walker, Felix Brooks, Norris Jackson and Lennie Briscoe, all of whom have only recently completed Army service . . . star miler and harrier Perry Williams of last fall's and this spring's championship clubs . . . were on the sidelines . . . Williams did not go out for cross-country this fall, although still in school.



OPERATION AIR-LIFT — Rookie Don McIlhenny, who did some sensational running for the Lions yesterday, goes flying through the air after being hit by linebacker Paul Carr. Big Leo Nomellini of the 49ers is on the left (73) and Detroit's Jim Salsbury is on the ground.

Colts Buried, 58-27

Cards Still Unbeaten, Bears Romp

By THE ASSOCIATED PRESS

The two unbeaten kingpins of the National Football League, the Detroit Lions and the Chicago Cardinals, are finding their thrones threatened by rumblings from below.

* * *

The Cardinals, outrushed 229 yards to 125, capitalized on six pass interceptions, a blocked field-goal attempt and two fumble recoveries, to down the Philadelphia Eagles 20-6 and retain first place in the Eastern Conference.

Meanwhile the Chicago Bears, second in the West, and the New York Giants, Eastern runners-up, displayed mounting strength with lopsided victories. The Bears, accumulating a massive 209 yards on the ground 268 in the air and 26 first downs, buried the Baltimore Colts 58-27 to gain revenge for an early-season defeat.

* * *

The Giants, now playing in Yankee Stadium, entertained their largest home-opening crowd, 48,108, by trouncing the Pittsburgh Steelers 38-10 on the limber arm of Chuckin' Charley Conerly. The 32-year-old quarterback flipped three scoring passes.

The Washington Redskins finally won their first game after three straight defeats, beating the once-proud Cleveland Browns 20-9. The Green Bay Packers, with a sensational Tobin Rote-to-Billy Howton passing combination, turned back the Los Angeles Rams 42-17.

The Bears' offensive machine is reaching frightening proportions. Sunday's 58 points raised their pre-game average to almost 37 points.

* * *

Two touchdown passes by Ed Brown to Harlon Hill in the second quarter, for 37 and 68 yards, complemented the superlative work of the runners. George Blanda saw his record consecutive string for conversions broken at 156. But he made up for it by throwing three touchdown passes and kicking a field goal.

* * *

The Bears, however, lost their rugged halfback, Bobby Watkins, who aggravated a leg injury. The Colts lost quarterback George Shaw in the second quarter and veteran halfback Carl Taseff in the third through injuries.

The Giants exploded for 17 points in the second quarter, 14 in the third and 7 in the fourth after being behind 3-0 on Gary Glick's first period field goal.

* * *

Conerly completed 14 of 24 passes for 202 yards. In addition to his payoff tosses to Ken MacAfee, Alex Webster and Kyle Rote, Conerly set up two other scores with 19 and 31-yard passes to Frank Gifford. Webster and Gifford accounted for 160 of their team's 247 rushing yards.

Featherweight boxing champ Sandy Saddler has fought many times in Madison Square Garden but never travel far to get there. He lives in a hotel across the street from the New York Sports arena.

Bryan Heads Drivers for Races in Italy

INDIANAPOLIS (AP)—Duane Carter, racing director of the U.S. Auto Club, said today it is a "certainty" that 1956 national champion Jimmy Bryan of Phoenix, Ariz., will head a 10-man American team to race in Italy June 30, 1957.

There was no indication who other team members might be.

Carter said drivers and cars from the Indianapolis Memorial Day race will compete in the race at Monza against nine top European drivers, headed by world champion Juan Fangio of Argentina.

Pontiac Outgains Hillites

Aerials Sink Chiefs, 21-13

By BILL CORNWELL

SAGINAW — A deadly passing attack spelled curtains for Pontiac High's football team Saturday night as Saginaw Arthur Hill raced to a 21-13 victory over the Chiefs in a Saginaw Valley Conference game at Arthur Hill Memorial Stadium.

It was the 2nd league triumph without defeat for the title-ambitious Lumberjacks while the Chiefs suffered their 3rd Valley setback in as many starts.

The Chiefs expected the Hillites to pass and mapped their defenses accordingly. Arthur Hill cooperated, but PHS still couldn't contain the Jacks' devastating overhead weapon.

Pontiac scored 1st and last, but the Jacks, behind the pin-point marksmanship of quarterback Jim Draves, hit pay-dirt three times in the interim and Ed Graybiel's forces could not make up the difference.

With their defensive secondary already weakened by the absence of injured Jim Shorter, the Chiefs were almost completely crippled early in the 2nd quarter when defender Jim Hawkins was also hurt and removed from the game. Both Shorter and Hawkins may be lost for the rest of the season, Graybiel said.

Pontiac threatened twice in the 1st quarter, but failed to cross the goal. One drive stalled on the Arthur Hill 17 and moments later the Jacks again held for downs on their own seven.

The Chiefs finally broke into the scoring column in the 2nd period. They marched 82 yards in 13 plays, with Charley Robinson crashing over from the three. Marv Cagle's placekick for the extra point was wide.

Arthur Hill bounced right back to take a 7-6 lead at halftime. Draves took to the air as the Jacks drove 63 yards for their 1st tally. Draves' pass to end Dick Dietrich set up the TD on the Pontiac nine from where halfback Gary Murphy vaulted across. Garron Weiker booted the extra point.

The Hillites wasted little time in the 3rd period. They received the kickoff and drove 70 yards for their 2nd counter, with Draves' aerial to end Bob Wells eating up the final 13 yards, Weiker again converted.

Kurt Kampe's crew iced the decision scant moments later. Tackle Tom Harvey recovered a fumble on the PHS 32 and the fleet-footed Murphy promptly galloped the remaining distance for six points. Weiker converted for the 3rd time.

Pontiac rolled to its last touchdown after the ensuing kickoff. Eight plays covered 51 yards, with quarterback Dick Whitmer sneaking over from the one-foot line. Cagle kicked the extra marker.

The Chiefs outgained Arthur Hill on the ground and held an edge in total net yards. But they were unable to halt Draves, who completed 10 aerials in 20 attempts to maintain his better than 50 per cent average for the season.

PONTIAC		ARTHUR HILL
13	First downs	13
276	Net yards rushing	149
43	Net yards passing	135
319	Total net yards	284
12-4	Forward passes	22-11
0	Passes intercepted by	0
20	Yards lost penalties	45
1	Fumbles lost by	0

Score by Quarters

Pontiac	0	6	7	0	—13
Arthur Hill	0	7	14	0	—21

TOUCHDOWNS: Pontiac—Robinson (3-yard run), Whitmer (1-yard run); Arthur Hill—Murphy 2 (0 and 32-yard runs), Wells (13-yard pass from Draves).
EXTRA POINTS: Pontiac — Cagle (placekick); Arthur Hill—Weiker 3 (placekick).

Bears Wallop Colts on Halas' Staley Day

CHICAGO (AP) — The Chicago Bears showed the oldtimers the way it's done in modern football yesterday when they boomed past the Baltimore Colts 58-27.

Owner George Halas put on the college touch in calling it Staley Day and even had the University of Illinois marching band playing during halftime.

The Decatur, Ill. Staleys, predecessors of the Bears, were on hand as guests of Halas.

Injuries Hurt Titan Gridders

Wobbly Field Goal Is Margin of Victory for Tulsa Hurricane

DETROIT—Losing ball games is bad enough, but the way the University of Detroit has been losing ball players it's almost impossible for the Titans to get a starting lineup before each game.

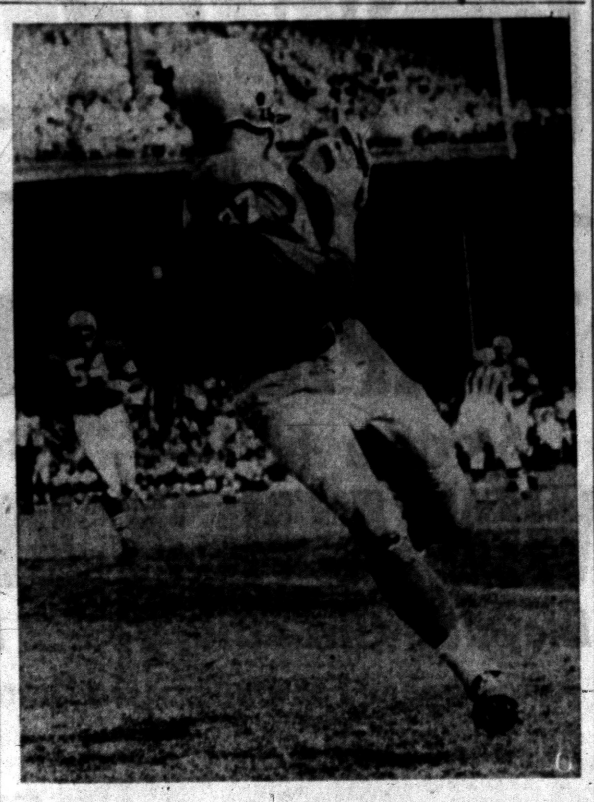
Tulsa handed the Titans their 3rd straight setback by the margin of a wobbly field goal, 3-0, in the first period Saturday.

It was halfback Charlie Wynes who booted the ball from the 34-yard line to wreck Detroit's homecoming celebration.

The Titans went into the game with five regulars out because of injuries, and before the first half ended, all three ends were out of action, along with first string center John Carroll, fullback Larry Strimas and halfback Billy Russell.

Several times during the second half, it was an all-sophomore lineup that stopped the Tulsans within the 20-yeard line.

The loss killed Detroit's chances for regaining the Missouri Valley Conference title.



LONG GAINER — One of Bobby Layne's favorite targets, Dorn Dibble, grabs an aerial that puts the Lions on the march in the second period against San Francisco. Dibble caught four passes for 66 yards in the game, won by Detroit 20-17.

Wolverines' Offensive Power Grows Stronger

ANN ARBOR (AP) — Offensive dynamite—that's been the byword of coach Bennie Oosterbaan's team in its first four games.

The Wolverines have scored 124 points. They opened the season by tallying 42 against UCLA and after a barren week when Michigan State shut them out, they came back to score 48 points in the Army game.

And then last Saturday they defeated a stubborn Northwestern eleven 34-20. They've averaged 31 points a game, a pretty fair record even in this day of high scoring football.

To illustrate this edition's point-gathering prowess, you only need to look at last year's record when a successful Wolverine squad was able to garner a mere 179 points in a nine-game schedule. The Wolves won seven and lost two, finished third in the Big Ten and barely missed a journey to the Rose Bowl.

Ample proof of this offensive explosiveness was demonstrated in the Northwestern struggle. After Wildcat back Willie Fowler scampered 46 yards early in the game for a touchdown, Michigan stormed back for two markers before the first period ended and thereafter was never headed.

The big gun on attack has been jarrin' John Herrnstein, the sophomore fullback whose play has caused a gleam in Oosterbaam's eye.

Herrnstein blasted into the end zone three times against the outmanned but never outfought Wildcats. By the time the battlefield cleared, the 18-year-old giant had accounted for six touchdowns in his first four collegiate games.

But Michigan is by no means a one-man team, far from it.

"This was a team triumph," Oosterbaan said after the Northwestern game and indeed it was.

'M' Sophomore Tied in Big 10 Scoring Race

CHICAGO (AP)—Sophomore fullback John Herrnstein of Michigan vaulted into a first place tie in the Big Ten all-games scoring race with three touchdowns in Michigan's 34-20 conquest of Northwestern.

Herrnstein now has six touchdowns for the season and a total of of 36 points to share the scoring lead with Ohio State's Jim Roseboro.

Don Clark of Ohio State scored the Buckeye's only touchdown in their 7-6 upset loss to Penn State. It was his fifth touchdown of the season and kept him within striking distance with 30 points.

Tied with 24 points were Michigan State's Dennis Mendyk and Illinois' Harry Jefferson.

The leaders:

	T	Pat.	FG	TP
Herrnstein, Mich.	6	0	0	36
Roseboro, OSU	6	0	0	36
Clark, OSU	5	0	0	30
Mendyk, Mich. St.	4	0	0	24
Jefferson, Ill.	4	0	0	24
Borstad, Minn.	3	8	1	22
McKlever, N'western	3	4	0	22
Kramer, Mich.	2	9	0	21

Favored TCU also fell 7-6 when Floyd Taylor place-kicked the game-winning point late in the game. SMU made it by a point, 14-13, over Rice, and Tulsa's field goal was the big boot over U. of D.

Hold 3rd Race Series for Rolladium Skaters

Third race of the first period of roller skating competition at Rolladium rink for the fall series was held Saturday, with the following results:

Girls—Class A—Sharon Yanson; Class B—Patty Reid; Class C—Pam Reid.

Boys—Class A—Richard Landeck; Class B—Gary Rehbine; Class C—Larry Newmarch.

LIMIT — Young Gary Cox, Arcadia court, Pontiac, fared better than most area pheasant hunters Saturday on opening day of the state's upland game season. He got his limit of two nice young ringneck roosters, shot in Lapeer County. Gary was hunting with his father Roy Cox. His birds were not quite heavy enough, or long enough to qualify as leaders in The Pontiac Press "big pheasant" derby, which started Saturday.

'Derby' Entries Growing

Although today's pheasant and upland game hunting was improved over the weekend, with a heavy, wet fog early this morning, it still was not what veteran hunters figure as good. "What we need is a good, hard rain to take off the last vegetation and soak down the underfoot mats," one observer pointed out.

* * *

The Pontiac Press' "big pheasant derby" got under way all right, Saturday, but the 1st entry was latest in the long history of the contest. However, a number of additional entries rolled along before noon to add impetus to the "derby."

Current leaders are Miss Marcia Laucks of Pontiac, the 1st entry and weight leader with a 3½-pound bird; Bonnie Murphy of 3773 Orchard Road, Rochester, a 37-inch-long entry of 3-pounds leading the "longest" division, Murphy's bird was shot near Rochester and Auburn roads at 11:50 a.m. Hunter was using a 20-gauge gun, Longest tail feather was 22¼ inches long.

* * *

Among other successful hunters, whose entries will not top, or equal, those above were Billy Bollman of 3709 Pontiac Lake Rd., who got a 36-inch-long, 3¼ pounder, on his father's farm; Elmer Cornell, 2647 Hartline, Rochester, who got two birds 5 miles northwest of Pontiac; and Gary Cox, Pontiac, who shot two nice young roosters in Lapeer County.

St. Mary Harriers Take 12th in Meet

Orchard Lake St. Mary's cross-country team placed 12th in a field of 15 schools Saturday in the Class B Albion Invitational at Albion. The Eaglet harriers had 223 points.

Larry Harris, the 1st Orchard Lake runner to cross the finish line, came in 10th and received a medal for his efforts. St. Mary's No. 2 runner, Tony Kulik, finished 35th.

River Rouge won the meet with 36 points. Following Rouge were Portage, Romulus, Otsego, Coldwater, Inkster, Charlotte, Trenton, Alma, Mt. Pleasant and Adrian.

Lawrence of Romulus was the individual champion with a time of 10:33.

Maples 3rd, Chiefs 8th in Albion Harrier Test

In a field of 17 Class A prep cross country teams, Saturday, at Albion College, Birmingham's Maples finished 3rd behind Lansing Eastern and Jackson, with an even 100 points. Lansing compiled 40, Jackson 33. Event was the annual fall Albion invitational.

Pontiac, in 8th place collected 235 points.

Wyandotte was 4th with 110, Royal Oak 5th with 156, Allen Park was 6th with 189, Bay City Central 7th with 201, Battle Creek 9th with 261, Kalamazoo 10th with 277. Other finishers had: Monroe 281, Berkley 218, Niles 336, Detroit St. Joe 431, Dearborn Fordson 476, Wayne 548 and Detroit Catholic Central 635.

Maples' Lynn Benn was 12th, Tom Fontaine 16th, (co-captains), Bill Landis 22nd, Richard Riley 26th, Dick Boyd 27th and Tom Thorson 31st.

"Along with Arthur Hill, and Flint Northern (not in Saturday's meet) the top teams in this event probably are the best in the state," says Maples' coach Kermit Ambrose said today.

Pontiac suffered a tough break when Roger Coats, the Chiefs' No. 1 runner, fell during the last half of the two-mile event. Not only did Coats suffer a bruised knee, but teammate Pete Cox also fell about the same spot, straining his right hand and banging up his knees. Both were well up in the front ranks at the time, Coach Mike Andonian reported this morning.

In spite of the breaks, Coats finished 54th, Cox 65th.

Rufus Anderson, fast-coming sophomore who was running with Coats at the time the latter fell, stopped to help him and finished 15th. "He lost six or seven seconds there, easily, and could have finished right up with the leaders had he not stopped," commented Andonian.

Individual winner was Wyandotte's Roger Simpson who turned the distance in 10:24.5, says Andonian.

Winter Games in U.S.

RENO (AP) — President Avery Brundage of the International Olympic Committee says there no long is any doubt that the 1960 Winter Olympic Games will be held at Squaw Valley, Calif.

Charley Peete, rookie outfielder with the St. Louis Cardinals, earned his chance in the major leagues by hitting .351 in 95 games with Omaha during he early part of 1956.

Jerry Reichow, former Iowa star quarterback, had never seen a pro football team in action until he played in the 1956 College all-star game against the Cleveland Browns.

Injury to Knee May End Career for Ratterman

WASHINGTON (AP) — The Cleveland Browns started looking today for a quarterback to replace George Ratterman, victim of a knee injury which Coach Paul Brown said may end Rattermen's football career.

* * *

A physician agreed that Ratterman probably will be lost at least for the remainder of the season because of a wrenched cartilage suffered during the first quarter of yesterday's game with the Washington Redskins. The Skins won 20-9.

* * *

The injury left Cleveland with only one quarterback, Vito "Babe" Parilli, who had taken part in only one play in three games this season before he took over from Ratterman yesterday.

Red Wings Tie, 3-3, Hold Lead in NHL

By HARRY REED

DETROIT — The Detroit Red Wings managed to grab a 3-3 tie from the hustling Boston Bruins in Olympia last night, to stay on top of the National Hockey League without a defeat in their first six games.

The Wings best unit of the night, Lorne Ferguson, Metro Prystai and Marty Pavelich put Detroit into an early lead with two quick goals, but the red-shirted sextet couldn't seem to hang on in the final stanza.

In the free-swinging game that saw Referee Ed Powers call 10 penalties, Boston cashed two of its goals with a Wing in the penalty box.

Former Red Wing Vic Stasiuk returned to haunt the Detroiters, flipping home a short 10 footer in the first period on a perfect goal mouth pass from Johnny Pierson, and then netting the equalizer at 12:39 of the third period.

* * *

Johnny Bucyk was sitting out a charging penalty for Stasiuk's first counter, and defenseman Warren Godfrey was cooling his heels in the sin bin when Stasiuk deflected a screen shot by Doug Mohns.

Always a crowd pleaser Pavelich's aggressive play and steamed-up action drew applause from the audience which roundly booed Capt. Red Kelly when the Red Wing power play sputtered during Bruin penalties.

Kelly was unable to elude hard-checking Bruin forwards and start play toward Boston netminder Terry Sawchuk.

Production line center Norm Ullman began paying the penalty of figuring so highly in the scoring columns. After notching two goals and two assists in the first three games at center between Gord Howe and Ted Lindsay, Ullman was a marked man.

Balding Bruin defenseman Bob Armstrong and Ullman engaged in a brief brawl to the right of the Boston net after the pair collided behind the goal. Both scored with either hand, but Armstrong got in the best punch, a looping right uppercut when Ullman's jersey was up around his head. They drew 5-minute majors.

Detroit's third goal came on a 50 foot screen shot from the stick of center Dutch Reibel, with Lindsay and Pronovost drawing assists at 12:39 on the final period, breaking the tie that Leo LaBine got with a 15-footer between Hall's legs in the early minutes of the second period.

After the final siren sounded, Referee Powers insisted that 1 second remained, and both teams trooped back from the passage leading to the dressing rooms. A quick face-off to the left of the Boston net ended the game.

AP Wirephoto

RED WING THREAT — Marty Pavelich of the Detroit Red Wings (dark jersey) has goalie Terry Sawchuck of the Boston Bruins out of the net as he attempts a goal in the 2nd period. Two Boston players move in to help Sawchuck and take the disc out of the net area. The game ended, 3-3.

Five Nations Ride at Show

Competition Is Keen at 11th Pennsylvania Horse Events

HARRISBURG, Pa. (INS) — Teams from five nations will ride tonight in the first low-score competition of a three-way event highlighting the International Jumping at the 11th annual Pennsylvania National Horse Show.

The three-event low score competition will determine the unofficial team winner among horses and riders from the United States, Ireland, Mexico, Chile and Canada.

Mexico opened the show Saturday night by capturing an individual championship with Julio Hererra riding Mexicano to victory in a special jump-off with Chile's Roberto Knoop astride Malten. Both had swept over the eight-obstacle course in regular competition without fault.

Hugh Wiley of the United States team turned in a clean ride in the regular sweep of the course on Nautical, but was not eligible for the jump-off because he exceeded the 50-second time limit.

The show ends Saturday when the five teams will go to New York for the national horse show in Madison Square Garden.

Senior Links Test Opens

PINEHURST, N.C. (AP)—A field of top notch veteran golfers opens qualifying play today over the Pinehurst Country Club in the fifth annual North and South Invitation Seniors Golf Championship.

The low 32 players in the medal play qualifying will make up the championship flight which will compete tomorrow through Saturday.

* * *

The tournament, for golfers 55 years old or more, includes J. Wood Platt of Philadelphia, the first USGA seniors champion; Parran C. Jarboe of Cape Elizabeth, Me., New England Seniors champ; Thomas C. Robbins of Larchmont, N.Y., runner up here the past two years; Judd L. Brumley of Greenville, Tenn., American Seniors Golf Assn. champion, and Richard S. tufts of Pinehurst, president of USGA.

Defending champion Benjamin F. Kraffert Jr., of Titusville, Pa., will not compete.

Outfielder Frank Robinson of the Cinsinnati Redlegs is that team's first rookie to hit more than 20 home runs in one season.

Betty Dodd Leader of Lawton Tourney

LAWTON, Okla. (INS) — The $5,000 Lawton Ladies PGA Open Golf tournament, twice postponed by rain, will be concluded today at the end of 54 holes with two rounds to be played today.

Betty Dodd of San Antonio grabbed a one-stroke lead in the opening round yesterday with a two over par 74 over the waterlogged course.

Ruthie Jessen of Seattle was 2nd with a 75 while three players tied for 3rd with 76s. They are Patty Berg of St. Andrews, Ill., Alice Bauer of Sarasota, Fla., and Joyce Ziske of Milwaukee.

WEEKEND FIGHTS

HOLLYWOOD, Calif. — Paul Armstead, 130½, Los Angeles, outpointed Jimmy Moser, 127½, Brooklyn, N.Y., 10.

MEXICO CITY—Baby Vasquez, 133½, Mexico, outpointed Red Davis, 134¼, Los Angeles, 10.

EDMONTON — Wilf Greaves, 138, Edmonton, stopped Arley Selfer, 152, Pittsburgh, 7.

FORT LAUDERDALE, Fla. — Rocky Randell, 140¼, Columbus, Ga., and Roy Portillia, 139, Houston, Tex., drew, 10.

Olympians Set 4 World Marks in Coast Tuneup

ONTARIO, Calif. (AP)—The U. S. track and field team set four world and two American records here and outdid eight Olympic standards.

* * *

Yet the assistant team manager, Ralph Higgins, was moved to comment after the Saturday warmup event, "Actually, the boys were under wraps."

* * *

The brilliant performances were turned in on the Chaffey High School track. Another Olympic record was tied.

Exciting world marks were topped in the 100 meters, shot put, hammer throw and a mile relay and American marks were recorded in the 5,000 meters and hop, step and jump.

Full Court 'Press Beats Oilers' Quint

INDIANAPOLIS (AP)—The U. S. Olympic basketball team, well informed about a reported Russian aversion to the full-court press, obviously has spent many hours developing this defensive strategy.

The Olympians held the Phillips Oilers, National Industrial League champions, without a field goal for nine minutes Saturday night and beat the Oklahoma club, 73-60, in an exhibition at Butler Fieldhouse.

A crowd of 6,600 turned out for the first game of a 10-game exhibition series. They saw Bill Russell repeatedly pluck Phillips' shots out of the air and the whole Olympic team crowd the Oilers with a fine man-to-man defense.

The 6-foot-10 inch Russell, star of San Francisco's NCAA champions, scored only eight points but gave a great defensive exhibition.

Rangers Occupy NHL 2nd Place

By THE ASSOCIATED PRESS

The New York Rangers today were in second place in the National Hockey League — a jump of two spots in one day — and apparently ready to make trouble for the leaders.

* * *

The Broadway Blues licked the Chicago Black Hawks last night, 4-1, while the Boston Bruins tied the league-leading Detroit Red Wings, 3-3.

* * *

That left the Wings with 8 points and the Rangers with 6. Montreal, Toronto and Boston were bunched with 5 apiece while the Black Hawks had 1.

Guy Gendron, who scored only five goals last season sent the puck into the net twice for the Rangers. He produced their first two goals and that was all they needed although Tony Lewicki and Andy Bathgate contributed insurance markers in the final period.

CLIPPING NULLIFIES RUN — It was all in vain for Michigan State's Clarence Peaks whose 93-yard touchdown run was nullified because of a clipping penalty. Sequence shows Jim Morse (17) of Notre Dame getting clipped by Art Johnson (30) just as he was about to tackle Peaks. In the last picture Notre Dame's Jim Mileta tries to stop Peaks but fails.

St. Mike, Rams Beaten; Eaglets Win

Orchard Lake St. Mary won as expected and St. Frederick lost as expected but St. Michael was handed a stunning setback by St. Mary of Royal Oak in their Roamin' Jug battle to highlight Sunday's football action in the Suburban Catholic League.

Apparently irked at their inability to get control of the jug in six previous tries, the keyed-up Irish out-hustled and out-played St. Mike at Royal Oak to win their 1st game of the 1956 season. The score was 12-0.

Since its inception in 1950, the Mikes had beaten St. Mary six straight times to retain control of the jug. The Irish changed all that yesterday, however, with their upset victory.

St. Mary scored in the 1st and 4th quarters, with halfback Phil Brzezinski accounting for both touchdowns on runs of four and 15 yards. Paul Smuts set up the 1st Irish tally by returning a punt 58 yards to the Shamrock 12.

It was St. Mike's 3rd loss in six games.

The defending champion Eaglets from Orchard Lake exploded for three touchdowns in the 3rd period to chalk up a 21-0 verdict over St. Clement at Center Line. It was their 5th consecutive triumph this season and 18th in a row.

Bruising fullback Terry Raymond scored the 1st two tallies with sprints of 10 and three yards.

Raymond's 1st TD climaxed a 27-yard drive in which the Eaglet back gained all the yardage. His 2nd scoring thrust completed a march of 69 yards.

St. Mary's final touchdown was posted by end John Daniel, who fell on a St. Clement fumble in the end zone. Paul Franckowiak placekicked three extra points.

Hazel Park St. Rita extended St. Fred's winless string to 31 games with a 25-0 decision over the Rams Saturday night at Wisner Stadium.

The Vikings scored once in the 1st quarter, twice in the 2nd and once in the 3rd to gain their 5th league win in six efforts. Fullback Al Sleyter led St. Rita's attack with two touchdowns.

Linebacker Andy Landry, guard Jack Lyon and tackle Frank Zwicker sparkled defensively for the Rams.

In another SCL surprise yesterday, Ferndale St. James upended St. Benedict of Highland Park, 20-19. Shrine concluded a dismal season Saturday afternoon by losing to St. Patrick, 29-13.

Crane Booters' Streak Intact

Cranbrook's unbeaten soccer team ended the streak of another previously unbeaten team, Nichols, by a 3-1 margin Saturday morning.

The Cranes, powered by foreign exchange student Holm Sembach, extended their season mark to 5-0 by dominating play throughout the game.

Sembach, with 14 goals to his credit for a new school record, scored twice against Nichols and gave Sig Snyder an assist for the other tally.

It was Nichols' first defeat in seven matches and put Cranbrook on top of the Inter-State Conference with a 2-0 mark.

Ex-Wolverine Dies

DETROIT (AP) — John Garrels, 70, former olympic runner and University of Michigan athlete, died of a heart attack Sunday at his home on suburban Grosse Ile. A native of Bay City, Garrels was graduated in 1907 from the U. of M. where he played football as a teammate of Willie Heston, one of the school's all-time greats. He retired two years ago as technical director for Wyandotte Chemicals Corp., where he had worked for 27 years.

Win Over Irish 12th Straight

MSU Rated as School's Best

EAST LANSING, Mich. (AP) — Michigan State now has won a dozen football games in a row following its 47-14 second half runaway over Notre Dame Saturday at South Bend.

Football fans already are comparing this 1956 outfit with the unbeaten teams that won 28 victories under Biggie Munn in the early 1950's.

There's a feeling that state's break-away brilliance might win the Spartans the top football rating in the Associated Press Poll.

State's deep reserves of manpower were mainly responsible for the high count against the Irish, who went down fighting gamely. Two Spartans left halfbacks, Dennis (the Menace) Mendyk and Clarence Peaks, provided three of the touchdowns that helped break the back of Notre Dame.

Also, Peaks criss-crossed the field on a 92-yard breakaway run but the touchdown was nullified by a clipping penalty. Peaks had nearly a 7-yard average, making 62 yards in nine carries. His touchdown came on a two-yard plunge that capped a drive engineered by Mike Panitch, MSU's No. 3 quarterback.

Mendyk carried 16 times for 157 yards to compile a fantastic 15.7 - yard per try average. Boosting his total were two spectacular long runs, one a 62-yard scamper and the other a 68-yarder. In both, Mendyk outran Notre Dame's defensemen and was still gaining ground when he crossed the goal line.

Notre Dame scored first in the game as quarterback Paul Hornung masterminded a good drive. Frank Reynolds went over from the five for the touchdown.

Pat Wilson carried the Spartans in for a retaliating score and went over from the one in the first half. Second quarterback Jim Ninowski had the team down to the two yard line and threatening as the half ended.

State's powerful running game was good for 396 yards. The MSU passes added 125 yards through the air. Ninowski was particularly effective as a pitcher, connecting with four of six tries for 85 yards.

Redleg, Chisox Players Named Rookies of Year

ST. LOUIS (AP)—Cincinnati slugger Robinson was a unanimous National League choice and Chicago White Sox shortstop Luis Aparicio of the American League didn't miss it fair in the Rookie of the Year poll conducted by The Sporting News.

Robinson, who tied the major league rookie record for homers with 38, was named on all 197 ballots, the baseball weekly announced yesterday. The willowy righthander batted .290 with 83 runs batted in. He had 27 doubles, 6 triples and stole 8 bases.

Aparicio polled 158 votes. Second in the AL with 20 was Rocky Colavito, Cleveland outfielder.

Hazel Park to Vote on $5,500,000 School Issue

Dec. 12 Date Set for Election

Voters to Also Decide Three Mill Tax Raise for Operating

HAZEL PARK — Dec. 12 is the date set for voters here to cast their ballots on whether to borrow $5½ million for school buildings.

* * *

This is a compromise on the Citizens Advisory committee's recommendation for $7½ million.

Present plans call for a new high school for 1,200 to 1,600 students and elementary additions to the district's eight grade school buildings.

A school building bond issue of $8,500,000 recommended by the Citizens committee was turned down by voters in the June election.

Committee Chairman Joseph J. Mitchell said this morning that the money would be borrowed under the new, 30-year unlimited tax arrangement, which permits the school district to determine the tax rate each year.

* * *

Permission to collect extra taxes (three mills for 10 years) to operate the new classrooms will also be on the December ballot.

THIS BIRD'S A BRAIN — Fifth grade youngsters in the Highland School, Boston, Mass., have something to crow about in the form of a pair of pets who just flew in the window. Baited by a shiny half-dollar, the crows were persuaded to stay a while. But one made off with the money and the owner had to chase up to the roof to recover it. Above, the other crow seems about to swipe Ann Lawrin's pencil. Other kids with minds off their lessons are Paul Charow, left, and Andrew Zuorsky.

70 Experts at Waterford

1,250 to Share in Career Day

WATERFORD TOWNSHIP — Some 1,250 Waterford Township High School students are scheduled to participate in their second annual Career Day Wednesday.

Seventy conferences, designed to bring professional, business and industrial people together with the students, have been arranged.

The 70 were chosen by the students, with each student naming the six in which he or she was most interested. The tabulated results determined the conferences.

Career Day will begin with an assembly at 8 a.m. in which Supt. William A. Shunck will open the program and high school principal Thad Carr will explain the day's schedule. The Rev. Robert DeWitt of Christ Church Cranbrook will be keynote speaker.

Two sessions of conferences will be held in the morning and two in the afternoon. These will include all aspects of medicine, engineering, the armed forces, law enforcement, air travel, retailing and business administration.

Modelling, architecture, landscaping, radio and TV broadcasting and repair are also included.

Representatives from all over the state will be on hand to head the conferences. A talent show will close the day's activities.

Madison OKs High School Plan

17-Room Structure to Be Built on 47-Acre Site

MADISON HEIGHTS — Tentative plans for a new 600-student high school have been approved by the school board here.

The one-story brick building will be located north of Eleven-Mile between Lorenz and Couzens.

School Supt. F. Foster Wilkinson said the 17-classroom school will be built on the 47-acre site purchased by the board in 1935.

Money to pay for the construction of the school will come from a $1,500,000 bond issue which was approved in 1955.

POLIO PROTECTION AT MSU — Michigan State University has inaugurated a program, believed to be the only one of its kind, of offering Salk polio shots to its students on a voluntary basis. They can have up to three shots at a dollar apiece. One of the first to volunteer was Robert Becker, left, above, a Lansing senior who is Student Government president. Looking on is Dr. Clifford G. Menzies, MSU health service director.

Your PTA Is Planning:

Final Parent Meetings for Big Beaver Grades

TROY — Attendance has been good in a series of parents nights programs, Big Beaver PTA officers say as they announce final in the meeting series of teacher-parent discussions.

Tomorrow at 7:30 p.m., second graders' parents will meet, on Wednesday, fourth grade at 7:30 p.m., on Thursday, fifth grade at 8 p.m., and on Nov. 7, the sixth grade at 8 p.m.

Refreshments are served by room mothers following each conference.

Keego Harbor

The executive board of the Roosevelt PTA will meet at the school Tuesday at 7:30 p.m. The meeting was originally set for Oct. 30, but has been moved up a week as there will be no school Oct. 29-30.

Orion to Fete 6 Area Hives

Maccabees to Unite for Day-Long Ritual and Luncheon

LAKE ORION—Orion Maccabee Hive No. 281 will entertain the Oakland County Association from Big Beaver, Farmington, Oxford, Pontiac and Rochester tomorrow, beginning at 10:30 a.m.

Luncheon will be served at noon by the Maccabee ladies of Orion.

In the afternoon ritualistic work will be put on by Oxford, and entertainment by Orion.

Lake Orion has the only district member of the Great Camp Officers Sylvia Shafer, great mistress-of-arms in its membership.

Invited guests include: Pres. and Mrs. John C. Lahr, Great Commander and Mrs. Larry Ayer, Mr. and Mrs. Robert Morris, and Ulma Moss, all of Detroit.

Church Fetes Louis Krenzke on 25th Year

UTICA—Last evening the members of Trinity Lutheran Church staged a surprise anniversary celebration for one of their school teachers, Louis F. Krenzke.

Krenzke had been a Lutheran School teacher for 25 years, with many years spent in Utica at Trinity Lutheran School.

A service was held at 7 p. m. at the church, with a reception following for the teacher and his family at the parish hall.

Slate 2 Series in Rochester

Driving Study to Begin Tuesday; Reveal Dates for Nature Talks

ROCHESTER — An adult driving class specializing in automatic transmission, and a wild life series with five lecturer-photographers scheduled have been announced here.

According to Richard Olsen, director of adult education classes of the Rochester Community Schools, the Drivers' Education class will have its organizational meeting tomorrow night in Room 117 of the Junior High School building.

Only automatic transmission use will be included in the course, with other driving know-how, but conventional plus automatic usage will be offered in the spring class, he says.

Melvin Mack will teach the six week course.

Learners' permits must be secured before the second meeting, Olsen says.

The Wild Life Series, popular in Rochester in past years, will begin Dec. 6, with later dates being Jan. 17, Feb. 14, March 7 and April 4.

Among naturalists and photographers to appear at the high school auditorium are Grant Halliday, Hal Harrison, H. L. Orions, Tom Hadley and Sam Campbell.

Enters Nurse Study

DRYDEN—Shirley L. Nichols, daughter of the Rev. and Mrs. Merle Nichols, former Dryden residents, has entered Hurley Hospital School of Nursing in Flint. She was graduated this spring with honors from Brown City High School. The Rev. Nichols was pastor of the Dryden Methodist Church for six years.

Banquet Tonight to Gather Moms, Daughters, Sons

KEEGO HARBOR—The Business and Professional Women's club will hold a Mother, daughter and son banquet at Rotunda Inn, tonight. Dinner will be served at 6:30.

Vincent Syracuse, a trainer at the Leader Dog school, Rochester, will be the speaker. Syracuse will have a dog with him to demonstrate how the dogs are trained to aid the blind.

Hostesses for the evening's entertainment are Helen Godhardt, chairman, Bernice Cover, Mariam Foxman and Clara Cronk.

Deaths in Nearby Communities

Mary Irene Warren

LAPEER — Requiem High Mass for Mary Irene Warren, 63, who died unexpectedly here Saturday afternoon, will be at 10 a.m., Tuesday, at the Church of Immaculate Conception, with burial in Mt. Hope Cemetery. Rosary for Miss Warren will be recited at 8 tonight in the Baird Funeral Home.

Miss Warren, the daughter of Mr. and Mrs. Webb Warren, graduated from Lapeer High School and Ypsilanti Normal College, majoring in Library work. She was employed at the Detroit Public Library, later at the Lapeer County Press and at the Lapeer State Home and Training School where she has been librarian for the past several years. She was a member of the Church of Immaculate Conception, Order of Martha, Tuesday Club, Music Study Club and Lapeer Business and Professional Women's Club.

She is survived by her aunt, Mrs. Hugh Donaldson and two cousins, Daniel and George Donaldson, all of Lapeer.

Alonzo T. Stanley

HIGHLAND TOWNSHIP — Alonzo T. Stanley, 62, of 1245 Waterbury Rd., died Saturday after an illness of several months in the Sunset View Rest Home at White Lake. Surviving are two nieces and a nephew, and a brother Russell H. Stanley of Milford.

Service will be Tuesday at 11 a.m. from the Richardson-Bird Chapel, Milford, with Rev. H. M. Defoe officiating. Burial will be in Highland Cemetery.

Ellen Van Zandt

WATERFORD TOWNSHIP — Service for Ellen (Nellie) Van Zandt, 82, lifelong resident of Oakland County, will be at 1:30 p.m. Wednesday from Huntoon Funeral Home, Pontiac, with burial in Drayton Plains Cemetery. Miss Van Zandt died yesterday in Goodrich Hospital.

An 1892 graduate of Waterford High School she attended Detroit Business College, belonging to Davisburg Grange for 25 years. She is survived by a brother, William, with whom she made her home at 5351 Williams Lake Rd.

Mrs. Agnes Thomas

METAMORA —Service for Mrs. Agnes Thomas, 76, longtime Metamora resident, will be at Pilgrim Congregational Church here at 2:30 p.m. Tuesday, with burial service at Metamora Cemetery under the auspices of Eastern Star. The body of Mrs. Thomas, who died Saturday, will be at Baird Funeral Funeral Home, Lapeer, until Tuesday noon.

The widow of Arthur Thomas, she is survived by one son, Rutherford, of Commerce; seven grandchildren, two brothers, Kirk Michael of Detroit, and Leon of Flint.

Lloyd Ennis

IMLAY CITY—Service for Lloyd Ennis, 57, will be at 2 p.m. Tuesday at the Lester Smith and Son Funeral Home here, with burial in Imlay Township Cemetery. He died Saturday.

Surviving are his widow, Nettie; a daugher, Mrs. LaVern Ferrett, Lynn Township; a son, Robert, at home; three sisters, Mrs. William Lemphke, Mrs. Effie Whitkopf and Mrs. Etta Winslow, all of Imlay City, and one granddaughter.

Carl Wortman

WATERFORD TOWNSHIP — Service for Carl Wortman, 35, of 88 North Williams Lake Rd., will be at 3 p.m. Wednesday from Huntoon Funeral Home, Pontiac, with burial in Oakland Hills Cemetery. Mr. Wortman, an employe of General Motors Truck and former Owosso man, died yesterday from a brain tumor.

He is survived by his wife, Audrey Sawyer Wortman; a son, Robert William; three daughters, Sue Ann, Denise and Nancy Jean; three sisters, Mrs. Marjorie Orweller of Fowlerville, Mrs. Dorothy Tweedy of Inkster and Mrs. Ruth Ordway of DeWitt, and two brothers, Alfred of Pontiac and William of Owosso.

Forest G. Bell

HOLLY — Service for Forest G. Bell, 69, who died Sunday at his home, 113½ South Saginaw St., will be tomorrow at 2 p.m. at the Bendle Funeral Home, with burial in Lakeside Cemetery here.

A mason contractor, Mr. Bell had lived in Holly for over 50 years. His only survivor is a son, Winston, of Holly.

Lamont D. Swain

LAPEER — Service for Lamont D. Swain was held Sunday afternoon at the Baird Funeral Home with burial in Lum Cemetery. Mr. Swain died Friday at Lapeer after a long illness.

He followed the blacksmith trade and spent part of his life in Detroit and Pontiac. Surviving is one sister, Mrs. Cordelia Carpenter of Armada.

Cedar Masons Start DeMolay at Clarkston

CLARKSTON—Cedar Lodge No. 60 F&AM has announced an organization meeting for young men interested in joining a chapter of the DeMolay on Wednesday night at 7:30 p. m. in the Masonic Temple.

Membership is open to boys between the ages of 14 and 20, who have Masonic affiliation, or are recommended by a member of the Masonic order in good standing.

Any young man in the Clarkston area, who is interested in joining the chapter is invited to attend.

Slate Tuesday Clinic for Young Crippled

MARLETTE — Crippled Childrens Clinic will be held all day Tuesday, in the Marlette Methodist Church House.

The orthopedic clinic is sponsored by the Michigan Crippled Childrens Commission, Sanilac Chapter, in cooperation with the County Medical Society and health department. The Marlette Community Hospital auxiliary will supply volunteers.

H. E. Branch, M. D., of Flint, orthopedic surgeon will conduct the free clinic, with aid of orthopedic nurses and a physical therapist.

Form New 4-H Club

METAMORA—A 4-H club, the Thornville Busy Bees, has been organized and will meet on Wednesday. Officers are Alicia Church, president, Clara Mae Smith, secretary; Joyce Russell, treasurer, and Amelia Shields, club reporter. Leader is Mrs. Harry Smith.

WORTHY TRICK — Ralph Bunche Jr., son of the U. N. undersecretary, shows the boxes he's helping to fill as he participates in the UNICEF Halloween campaign in his New York City neighborhood. Under the slogan "The Trick Is to Treat," children all over the U. S. ring doorbells to collect coins for UNICEF's aid program.

Voting Contest Set in Lapeer County

METAMORA — A voting contest is being conducted in Lapeer County, with the prize of $50 offered by the Lapeer County Medical Society, headed by Dr. H. B. Zemmer, to go to the supervisor whose township has the largest percentage of votes cast.

Percentage will be based on registration figures. Votes cast for president, as computed by the board of canvassers, will be basis for the count.

For rural school districts of the county, the First National Bank of Lapeer is offering prizes of classroom flags and framed pictures of the next president for the district having the highest percentage of vote.

Churchmen Slate Dinner, Breakfast

ROCHESTER—On Tuesday at 7 p.m. a pot-luck dinner will be held in St. Philip's Episcopal Church for Every Member Key Men and their wives. Following dinner an educational meeting with a sound-film "Stewardship" will be offered.

At St. Philip's The Corporate Communion and Breakfast for men and boys will be held on Sunday at 8 a.m.

Cub Scouts to Gather, Membership Open

GINGELLVILLE—The newly organized Cub Scouts will have their first pack meeting today at 7:30 p.m. at the Gingellville Community Club.

Boys between the ages of 8 and 11 are invited to join, attending with at least one of his parents.

FB Plans Dinner at Goodison Hall

LAKE ORION — The East Orion Farm Bureau are planning their annual harvest dinner which will be held Thursday at the Goodison Town Hall with serving from 5 to 8 p.m.

The public is invited to secure tickets from members or at the door for the ham dinner.

Proceeds will be given to an area fund. During the past year they have given to the Sister Kenny Polio Fund, the heart fund and recently $100 was sent to the cancer psycology fund.

Metamora Man Asks Hearing in Accident Case

METAMORA — Gerald Goyette, 35, Metamora man who was involved in a fatal automobile crash near Davison on highway M21 Sept. 21, has asked a hearing in Municipal Court at Flint.

Charged with negligent homicide, his examination has been set for Oct. 25, and bond is set at $500. A State Police report said he pulled out to pass another car in thick fog and collided headon with an auto driven by Wesley H. Jentzen, 28, of Davison.

Jentzen and his son were killed. His wife and children, and Goyette and his three passengers were hospitalized.

New Commerce MYF Elects Its Staff

COMMERCE TOWNSHIP — Bonnie Woolley was elected president of the Senior Methodist Youth Fellowship Group at a recent organizational meeting held at the Commerce Methodist Church.

The group is made up of boys and girls who are 15 years of age and older and will meet Sundays at 7 p.m. in the church basement.

Other newly-elected officers include Norman Thompson, vice president; and Doreen Kemp, secretary-treasurer.

Juniors Rehearsing Play in Marlette

MARLETTE—The Marlette Community High School Juniors have started rehearsal, for their annual play, full of fun and humor, "Father Was a Housewife."

To be given the early part of November, its cast includes Barbara Ross, Lauren Hager, Andrea Reidel, Tom Marcin, Janice Wilson, Joe Riley, Don Ross, Larry Weigert, Pat Sullivan, Joy Andrews, Sharon Patrick, Betty Mahaffy, Shirley Weaver, Frank Vizard and Joy Sheridan.

The play revolves around a family in which the mother is a doctor, and the father keeps house.

Band Boosters Plan Halloween Dance

TROY—A Halloween "hard times" party is planned for Saturday at 8 p.m. at Baker High School, by the Band Boosters Club of Troy. The club will use proceeds for the school's band uniforms. Music will be by the Troy High Combo, and refreshments will be served.

4-H Club Elects

LEONARD—New officers of the Leonard 4-H Club are Connie Wilkenson, president; Joyce Arnold, vice president; Karen Kuechenmeister, secretary, and Rosemary Hoskins, treasurer. The club meets on Mondays at the home of their leader, Mrs. Almon Sutherland, to work on clothing projects.

Over 500 Hear Pianists Start Rochester Concerts

By MYRENE TAYLOR
Rochester Correspondent

ROCHESTER — Rochester Civic Music Assn. turned out enmasse for the first concert of the 1956-57 series at the Rochester High School Auditorium, Saturday evening, with more than 500 persons hearing the Nelson-Neal Duo-piano team.

The three part program began with two-piano arrangements of Bach, Mozart and Victor Babin music.

"Tears" and "Tarentella" from Rachmaninoff, were brilliantly rendered and held the audience's awed attention, as did the Scaramouche Suite, Mephisto Waltz, and the Five Etudes in Part 3.

Team-work and technique was shown throughout the whole program, with the young couple responding with eight encores to audience applause. Of lighter vein were "Run, Run" (the organ-grinder), "Star Dust," and "Yankee Doodle."

Following the concert, directors and officers of the association arranged a supper party for the Neal's at the home of Mrs. O. Ward Crissman, West Fifth street for about 50 of the heads of committees who were instrumental in promoting the series attended.

Don Butcher, president, said "The directors are very gratified with the response from this community in our first attempt to establish this cultural organization in our home town, and many more enjoyable evenings are in store for all."

County Calendar

North Branch

Observing the Week of Prayer and Self Denial, the Wesleyan and Senior Circles of the W.S.C.S., will join for a meeting at the Methodist Church at 8 p.m. Thursday evening.

Hadley

The Hadley Past Matrons will meet with Mrs. Floyd Barber for a 7 p.m. dinner Oct. 30 with Mrs. Lee Richards as co-hostess.

Metamora

The Married Merry Mixers will meet Thursday at the home of Mrs. Roderick Pierson for a hobo party as a Halloween season evening program. Mrs. Ed Greene will be cohostess.

Bride of Claude Safford

Rita Carter Weds in Lace

NORTH BRANCH — Rita Carter and Claude Safford Jr. pledged their marriage vows at a ceremony in the local Methodist Church at 3 p.m. Saturday.

Rita, whose parents are Mr. and Mrs. Thomas Carter of 6177 Booth Rd., was attired in a waltz-length gown of nylon tulle, combined with Italian Chantilly lace, fashioned with an Italian neckline and long, pointed sleeves.

Her fingertip veil was held in place by a cap-like headpiece of lace over satin. A colonial bouquet of white carnations, centered with pink rosebuds, comprised her bridal flowers.

Mrs. Junior George Harris of North Branch was matron of honor and Jean Willson of Clifford served as bridesmaid.

The bridegroom, son of Mr. and Mrs. Claude Safford Sr. of North Branch, was attended by Junior Harris and Gene Kelly, both of North Branch.

Mary and Ronald Harris, daughter and son of the Junior Harrises, carried flowers and bore the two bridal rings. Kelly and J. C. Spreeman of Lapeer seated the guests.

A reception for 250 guests was held at 8 p.m. at the American Legion Memorial building at Lapeer.

The bridal couple plan to live on South Court Street, Lapeer, where the bridegroom has employment at the Lapeer State Home.

Clarkston Area Promised Aid by Supervisor

CLARKSTON — Independence Township Supervisor has assured members of the Clarkston Gardens Improvement Assn. that their area will have snowplow service throughout the winter.

Church street's continuance through the subdivision is not under township jurisdiction, he has pointed out. The portion of the street running through Clarkston Park is a private road dedicated to the subdivision, he said.

Plans are under way for blacktopping of Waldron Road, a Clarkston Gardens water system and establishing of a water department for the township-owned water systems, he said.

Marlette Women to Hear of UCW

MARLETTE—State officers of the United Church Women will meet with the women of the Protestant - Evangelical Churches of Marlette on Tuesday at 4 p. m. to explain the UCW purposes.

They will talk on promotion of unity of spirit and fellowship, development of Christian leadership, working together in fields of service best served by unity of supporters and directors of Christian education in Government Indian schools.

The world day of prayer on the first Friday in Lent is one of the United Church Women's strongest channels.

Mrs. Emery Attending Convention in Texas

WATERFORD — Mrs. Ashton Emery, 5540 Dixie Highway, is serving as an official delegate at the Annual Meeting of the Women's Auxiliary to the American Veterinary Medical Assn. in San Antonio, Tex., this week.

Roby Moving Office

NEW HUDSON — Charles Roby has completed his new insurance office building at 53510 Grand River, moving his staff there from South Lyon.

Minister to Talk to Churchwomen on Politics

ROCHESTER—The Rev. James Bristah, executive secretary of the Methodist Social Council, will talk on election issues and party platforms at a WSCS meeting at St. Paul Methodist Church tomorrow at 10 a.m.

The talk and brunch have been arranged by Mrs. Lois Parker, chairman.

Reservations are being taken by Mrs. William Davis.

Betrothal Revealed

METAMORA — Engagement of Sharon Dee Unger to James M. VanWagoner, son of Mr. and Mrs. Milton Van Wagoner of Lapeer is revealed by Mrs. Phillis Under of Oxford and Arthur A. Unger of Lapeer, formerly of Metamora. No wedding date has been set.

Seek Boys in Breakin at McVittie School

WATERFORD TOWNSHIP — A breakin of new McVittie School on Midland road Tuesday night is believed by Principal Mrs. Ina Kent to have been the work of juveniles.

Only missing item was a flashlight, she reports, but damage included the back door, where they entered, and a three-by-seven pane of glass in the school office, broken when they failed to wrench the office door from its hinges, Mrs. Kent reports.

Search for the culprits is continued.

Woods Fire in White Lake Spurs Warning

WHITE LAKE TOWNSHIP — A woods fire in the Southwest part of White Lake Township which flared up Saturday for the fifth time in the last two weeks was apparently out today but firemen and conservation officers said that a good soaking rain would be the only hope of putting it out completely.

White Lake Township firemen were joined Saturday by fire fighters from nearby Commerce Township and several hunters in the area also helped combat the blaze.

Although the closest home is about a half a mile away and has not been endangered, the State Conservation Department has made furrows in the area on three occasions to keep the fire from spreading to other woods. A conservation power wagon, a fire wagon with a front wheel drive capable of running through wooded areas not accessable with a regular fire truck, has also been used at the fire.

Robert Jackson, one of the White Lake Township firemen said that there are large dry stumps throughout the area. "One night last week I was in there and saw about 75 stumps burning. The place looked like a city. These stumps burn right down into the roots. When a spray is shot at them, you can see flames blaze up several feet away where the roots surface," he said.

OES Staff Completed in North Branch

NORTH BRANCH — Mrs. Betty Stevens, new worthy matron of North Branch Chapter, OES, has filled her appointive offices for the new year.

Installation ceremonies are scheduled for 8 p.m. Nov. 3.

Tell Daughter's Troth

METAMORA — Mr. and Mrs. Harry Heatley of North Branch announce the engagement of their daughter, Dorothy A., to Paul A. Tripp, son of Mrs. George C. Tripp of Metamora, and the late Mr. Tripp. No wedding date has been told.

Lead Club in Hadley

HADLEY—The Hadley 4-H Club has elected the following officers: Mary June Pierson, president; Nancy Griffith, vice president; Judy Pickett, secretary-treasurer, and Wilma Mitchell, reporter. Leader is Mrs. Doris Miller, with her aides, Mrs. Leone Grover and Mrs. Bernice Hildreth.

Charge Tanya Was Kidnaped

U. S. Accuses Soviets of 'Piracy'; Senate Body to Probe Incident

WASHINGTON, (INS) — Soviet diplomats in the U. S. were accused today of "piracy" in the "kidnap" of Alexei Chwastov and other anti-Communists refugees.

Roland Elliott, immigration director of the Church World Service, who leveled the charge, pleaded with American authorities to "recognize, meet and repulse" the Communist redefection activities.

Elliot made the statement to INS before appearing as the first witness at the opening session of the Senate Internal Security subcommittee's public hearings on the Chwastov case.

Chwastov and his American-born daughter, Tanya, 2½, disappeared and then sailed from New York for Russia under the escort of Soviet U. N. and embassy officials after pleading with Elliott to protect him from the Communists.

They are now in the Soviet embassy in London. Tanya was taken off a Soviet-bound ship shortly before it sailed from Britian on Oct. 12th.

Her mother, Mrs. George Dieczok of Detroit, obtained a writ of habeas corpus making the Philadelphia-born girl a "ward of the court" pending hearings on charges the child was taken from the U. S. without her permission.

The Senate committee headed by Sen. James O. Eastland (D-Miss) pledged a "vigorous" investigation into all phases of the strange activities of two—and possibly three—U. N. diplomats allegedly involved in the apparently Oct. 3.

The committe said it will demand the Soviet representatives be expelled "if the facts produced during the hearing show they exceeded the scope of their authority."

"WHAT'S SO FAWN(Y)?" — A fawn, curiosity aroused by the photographer, peeps from thick brush of "Barry County Badlands" where an assortment of deer and other game have found some 21,000 acres of wilds an ideal place to get away from civilization.

Hutton Goes to Vegas to Try Out New Act

By LOUELLA O. PARSONS

HOLLYWOOD (INS) — I should say Betty Hutton will need the $30,000 per week she is receiving for her Las Vegas act to pay her relatives and in-laws.

With her infectious laugh Betty said, "My mother will work backstage, my sister, Marian, will be in the chorus, her present husband, Victor Schoen, will conduct the orchestra. Marian's ex-husband Jack Douglas has written some of the dialogue, Jay Livingston, my husband's brother, has written the songs and my wonderful, wonderful husband, Alan Livingston, is presenting me."

Betty said she will go to Phoenix Dec. 2 to try out the act and then to Las Vegas at Christmas time. She is also discussing an offer from Kirk Douglas to appear at the Paramount Theatre with their picture, "Spring Reunion."

* * *

At long last, Monty Clift will be released by MGM the middle of next week after dubbing several scenes for "Raintree County." He'll head for a six weeks vacation near Libby Holman, who will help him get his health back, in New York. He doesn't have to report for "The Devil's Disciple" to Hecht-Lancaster until March.

Dear, dear, dear, "Raintree County" is going to be another longie. It will run three hours and 40 minutes. Boys, you're going to make it absolutely imperative for us to carry rubber cushions to previews.

Ingrid Bergman is expected in the United States for the premiere of "Anastasia" in December. And that's only one of the big plans which were made after Spyros Skouras, 20th Century-Fox president, and producer Buddy Adler saw the rough cut of "Anastasia," sent here by its director Anatole Litvak.

20th's president has decided that "Anastasia" will be launched with special advertising, exploitation, and publicity, and Helen Hayes and Yul Brynner, of course, will be honored guests at the gala premiere, as well as Ingrid and Litva.

* * *

Lana Turner was well enough to go to Palm Springs with Lex Barker over the weekend for a few days. This was her first venture out of the house since they lost the expected baby.

Lex told me when he goes to Honolulu Nov. 4 to make "Jungle Heat," Lana will make a trip to New York.

* * *

Received a cable from Paris saying that Gloria Swanson is expected to marry Col. William Sanders of the United States Army stationed in Paris. I know that Gloria was seeing him when I was in Paris.

I was in Maxim's, one night at a dinner party and she introduced me to the colonel, who is, I should say, in his late fifties.

* * *

I've always loved Eve Arden in motion pictures, before she became "Our Miss Brooks" and so popular with TViewers that she didn't have time for movies.

So I'm glad that Eve will appear in "Martine" for motion pictures. The author, Dane Lussier, who is producing his story, wants Eve for the role of the first female motion picture exhibitor.

* * *

SNAPSHOTS OF HOLLYWOOD

Any hour, Ruth Roman will elope with Bud Moss. Her ex, Mortimer Hall and Diana Lynn will tie the knot in a few weeks.

Rumor along TV row is that Danny Kaye has finally been persuaded to take the TV plunge in a big way.

Ned Sparks, deadpan comedian, is very sick in the Motion Picture Country Home.

'Tis whispered, and rather loudly, that Mel Torme's next will be Arlene Mills, New York actress.

Proof that Mrs. Clark Gable is really recovered is the fact that Clark went duck hunting this weekend with Bob Stack.

If Mike Todd fell in a barrel of grease he'd come up smelling like a rose, After all the drawbacks, lawsuits and troubles of "around the World in 80 Days" I've never read better notices.

Publicist John Strauss will become a father in May.

I can tell Red Skelton some interesting things about Gene Fowler for the book Red is writing, "This Fabulous Guy, Fowler." He is, indeed, a fabulous guy.

Helen Traubel, continues to bring them in at the Moulin Rouge. She and her husband, Bill Bash, had an early dinner at the Sportsman's Lodge before the show.

PHS Instructor at Workshop on Science at UM

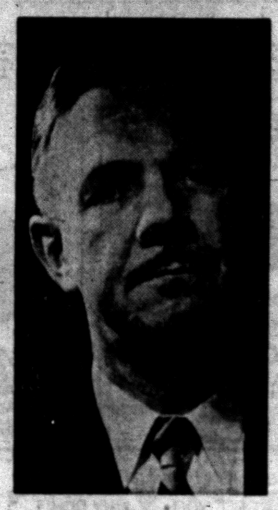
Victor M. Lindquist, chairman of the science department at Pontiac High School, is attending a one-week workshop on development of nuclear science curriculum and teaching aids at the University of Michigan.

Sponcered by the Michigan Department of Public Instruction, the workshop is part of a project in Civil Defense education. Its purpose is to help schools teach adults and pupils how to face atomic hazards.

Henery J. Gomberg, assistant director of the University's "Phoenix Memorial Project and Peacetime Uses of Atomic Energy."

Signs of Trouble

LOS ANGELES (AP)—Short story, told in signs on a closed furniture store. First sign? "I pass credit where others fail. No down payment. Second sign: "Receiver in Bankruptcy, U.S. District Court."



JOHN J. CRONIN

Executive Realtor Speaks in Pontiac

Pontiac realtors and other business leaders heard John J. Cronin, field executive of the National Assn. of Real Estate Boards, speak on "Good Business Ahead in Building Better Communities," at a noon luncheon today in the Waldron Hotel.

Cronin will spend several days in Pontiac surveying housing conditions, according to Vern K. Archer, president of the Pontiac Real Estate Board.

Traffic Sign Lost Out

OIL CITY, Pa. (AP—There is at least one hit-and-run motorist in Oil City who doesn't believe in signs. A tin sign in the shape of a traffic policeman was knocked down and badly damaged by the motorist.

The sign bore the legend: "Drive slow and avoid an accident."

Feminine Logic

GREENVILLE, Tex. (INS)—An eight-year-old Greenville boy, Forrest Parker, came home from Sunday school with an announcement that alarmed one member of his family. "I learned one thing today—Everybody is your brother," he said. "I'm not," answered four-year-old Martha, "I'm your sister."

Among Busiest Airports

RIO DE JANEIRO, (INS)—Rio's Santos Dumont Airport has become one of the world's busiest, for Brazil is an air-minded country with great distances to be traveled. It is larger than the continental U. S. by another state of Texas.

No Place Left to Go

LONDON (AP)—Adm. Earl Mountbatten, first sea lord and chief of the British naval staff, has been promoted to the navy's highest rank—admiral of the fleet.

Sometimes It Pays to Be Really Homely

By EARL WILSON

IT'S A SMILE WORLD . . .

NEW YORK—Maybe you're just too pretty for television.

"I can use that face!" howled Phil Silvers' producer Nat Hiken last April. He saw a guy with a Wallace Beery look clowning around a haberdashery in the Roney Plaza Hotel in Miami Beach.

★ ★ ★

Came September. Hiken traced the face and asked Comic Joe E. Ross to get his face the heck back to N.Y., for "You'll Never Get Rich"—also paying the $237 plane fare.

JOE E. ROSS

I talked to the face and its owner at Phil's rehearsal.

"Mess Sergeant Ritzik" is the face's name on three shows already filmed — and though none have been shown yet, Ross' night club fee has boomed just because he's the face that Hiken couldn't forget.

Strange, too, that Ross is a New Yorker. "Last year I couldn't get into the powder room at CBS—Now," he says, "they fly me 6,000 miles all because of my kisser. Who said my face was my misfortune?"

Lew Parker, husband of comedienne Betty Kean, told the Friars' luncheon for Sammy Davis Jr., "My wife's going into 'My Fair Lady'—just as soon as Rex Harrison leaves."

Eddie Fisher and Milton Blackstone, his manager, invested $100,000 in Mike Todd's "Around the World" picture, "friendship style" . . . "There's this to be said for the draft. It might take Elvis out of circulation"—Thos. M. Kelly, Emmetsburg, Ia., Reporter.

Dr. Norman Vincent Peale (a Cincinnati boy who made good) was the son of a man who was both an M.D. and a Doctor of Divinity—he called himself "a pair of docs" . . . They say Steve Allen was terribly unhappy when he learned Margaret Sullavan disappeared. When he first heard the flash, he was glad—he thought it was Ed.

Herb Shriner says the neighbors all know he's got a color TV set . . . There's a repairman out in front every day.

THE MIDNIGHT EARL . . .

Rita Hayworth's attorney Bart Crum flew back from LA with an offer from Columbia for her to do another picture before "Pal Joey" at a big salary jump . . . When mother-to-be Nancy Kelly was given the Best Actress statuette (weighing 40 lbs.) at the Chicago Ambassador East, gallant Sir Cedrick Hardwicke hopped up and helped her lift it.

Sheilah Graham's ex, "Bow Wow," has been dating Joe DiMaggio's ex-ex, Dorothy Arnold . . . Capt. Doc Blanchard, Army backfield coach, confessed at "Break the $250,000 Bank" that he wants to give up coaching, transfer to Europe, and get his majority.

Rocky Marciano invested in an east side cafe and may do some hosting . . . Att'ys for the Serge Rubenstein estate want to see the film "Death of a Scoundrel" before its release.

Linda Darnell will replace Betsy Palmer on "Masquerade Party" . . . Edmund Purdom squired European socialite Alicia Darr . . . Elvis now has eight secretaries . . . An arrest warrant's waiting Henry Fonda in Italy—alleged slugging of a news photographer.

MMonroe, who'll be presented to the queen, was reminded by the court to keep hemlines down, necklines up . . . Dean Martin's set for a London Palladium stint in the spring . . . Busty Abbe Lane (Mrs. X. Cugat) will take over the Lollobrigida roles in the Italian "Love and Bread" film series.

Earl's Pearls . . .

An optimist is a man who hasn't got around to reading the morning papers.

WISH I'D SAID THAT: "It's during the second month of matrimony that a guy starts wishing he'd married the good cooker instead of the good looker."

TODAY'S BEST LAUGH: Mike Todd's a genius—he managed to use 50 stars in "Around the World in 80 Days" without including a single one of the Gabors . . . That's earl, brother.

(Copyright 1956, The Hall Syndicate, Inc.)

Adlai Streamer Waving Again, Across Border

MUNDELEIN, Ill. (INS) — A feud was brewing today between the villages of Mundelein and Libertyville, over a street banner saluting Adlai Stevenson, who has a farm near Libertyville.

Town officials in Libertyville, a Republican community, forced enterprising merchants last week to take down a sign stretched across the main street which read:

"Welcome to Libertyville, the Home of Adlai."

But the banner was put up again yesterday, this time over Route 176 on the Mundelein side of the Mundelein-Libertyville border.

Roy Snyder, president of the Mundelein-Diamond Lake Business Men's Assn., said it was put up at the request of Libertyville businessmen. And to rub it in, and show Stevenson some of the people are proud to claim him, the reverse side of the banner was marked:

"Welcome to Mundelein, a neighbor to Adlai."

Ships Last 30 Years

WASHINGTON — The Navy's wooden ships have a life expectancy of 30 years or more.

Violent Storms Kill 3 Texans

Two Reported Missing as Tornadoes Uproot Homes, Trees, Wires

GALVESTON, Tex. (INS)—Two men still were missing today in the wake of a severe storm, which included several tornadoes, in the Texas Gulf Coast area Saturday.

* * *

Three persons were killed as a score of boats were capsized, wires were knocked down, trees uprooted and houses and other buildings damaged by wind clocked at as much as 110 M.P.H.

Sixty persons were rescued from the water, oil rigs, reefs and islands.

More than 42,000 football fans at the Texas A&M-TCU game at College Station were threatened by a tornado, unknown to them. Stadium officials said no announcement of the tornado warning was made for fear of panic. Fortunately, the rain stopped and the sun came out as the game ended.

SEARCH CONTINUES

The missing men are Alton Adams Sr., 50, and Ralph Brackens, 51, both of Houston, whose boats were capsized. A plane and Coast Guard boats were deployed to search for them and other persons possibly stranded on oil rigs and small boats.

Two persons drowned and a third was electrocuted. Mrs. Ruby Ann Lampier, 38, and W. M. Keeton, 52, both of Houston, were the drowning victims. Their husband and wife, respectively, were rescued by another boat after their craft capsized.

Willie Lee Moore, 28, also of Houston, was killed when he touched a live wire felled by the winds.

* * *

Tornadoes hit at Seguin, and near Austin and high winds inflicted damage at Bryan and Port Arthur. Ten airplanes were overturned at Bryan.

Things Are Tough

ORANGE, Va. (AP) — Police here understand the hazards of parking. For the third time the department's only police car has been ruined while standing still. A car caromed off a trailer truck and did it this time. Two years ago a garage fire did it and in 1952 a train smacked a lumber truck and the flying timbers buried the parked prowl car.

Pennsylvania is generally believed to have more church buildings than are to be found in any other state.

Surfboards Pile Up —Oughta' Be a Law

HONOLULU (AP) — Ever see a surfboard traffic jam? The Board of Harbor Commissioners says the beach at Waikiki is becoming one big jumble of surfboards and swimmers daily, and it wants the authority to do something about it.

The harbor board controls only to the high water mark. Board officials have asked the governor to extend their control over the beach area as well so they can limit — or, at least regulate — surfboard riders.

The board said it would also like to control the number of beginners taking up the sport — so many of them fall off and their unaccompanied boards are becoming hazards.

The sharp-nosed Mackeral Shark, or Mako, has been identified in British waters off Looe, in Cornwall. It is not known to attack man.

Strong Tone Rules Grains

CHICAGO (AP)—A strong tone ruled in grains throughout active early dealings on the Board of Trade today.

The market opened on a burst of buying, slipped a little bit and then bounded back again. Gains ranging to more than a cent were scored in most cereals. Rye jumped as much as 2¾ cents at one time.

Continued dry weather in the Southwest, light receipts of cash grain and hopes for export business stimulated demands. Many traders also felt the change of government in Poland was a bullish influence.

Wheat near the end of the first hour was, ½-1 cent higher, December $2.32⅝, corn ¾-1 cent higher, December $1.35½, oats unchanged to ½ higher, December 79⅛, Rye 1½-2½ higher, December $1.57, soybeans ¾-1¾ higher, November $2.43¾ and lard 5-25 cents a hundred pounds higher, November $12.37.

Rail Officials Open 3-Day Talk in Detroit

Passenger traffic officials of the Canadian National - Grand Trunk Railway System from 20 major cities in the U.S. began an annual three - day sales and advertising meeting in Detroit today.

A proposed advertising campaign for 1957, based on a recently completed survey, will be presented by A. L. Sauviat, assistant director of public relations, Montreal, and officers of McCann-Erickson, Inc., from New York and Montreal.

Coming from Canadian National headquarters in Montreal will be Harry J. Nevin, assistant general passenger traffic manager; Robert Simmons, manager of passenger sales, and Arthur P. Lait, manager, Convention and Special Traffic Bureau.

Safe Yields $213 in Night Breakin

Thieves looted $213 from the unlocked safe of an ice and coal company, 106 N. Paddock St. Friday night, Pontiac police said.

A window was broken to enter the office, they added.

Four Hospitalized After 3-Car Crash

Four people were hospitalized and another hurt in a three-car accident at the intersection of Telegraph and Pontiac Lake Roads in Waterford Township Saturday afternoon.

Juanita F. Snow, 33, of 4776 Kempf St., Drayton Plains, one of the drivers, is in Pontiac General Hospital with a concussion. Her son, Murry C., 10, suffered a fractured left arm. Another boy, Kerry N., was treated for bruises.

William E. 15, and James W. Pittman, 13, both of 3975 Motorway, Waterford Township, also passengers in the Snow car, are still in the hospital. William suffered a possible head injury, multiple bruises, and a sprained ankle. James is being treated for a dislocated left hip and bruised legs.

The other cars involved were operated by William Gallow, 62, of 3297 Inter-Laken Dr., Keego Harbor, and Laura C. Graham, 35, of 329 W. Wilson St.

4 Hurt in Pile-Up of 5 Cars Saturday

A Birmingham couple, their infant son and a Royal Oak woman were hurt in a five-car pileup in Waterford Township Saturday.

Treated at St. Joseph Mercy Hospital were John A. Karbowski, 30, his wife, Patricia, 24, and Lee A., 6 months. Also injured was Madeline Landry, 33, of Royal Oak. The Karbowskis live at 1547 Pierce St.

Karbowski, Leslie F. Barnum, 60, of Detroit, Virgil A. Hickey, 29, of Clarkston, Robert E. Landry, 34, of Royal Oak and Leslie J. Bayer, 52, of Merrill, Wis., were the drivers in the chain accident on U.S. 10 at Andersonville Rd.

Waterford Police reported four of the cars were waiting for a traffic light to change when Bayer rammed into the Landry car causing each to smash the car ahead.

Bayer told investigators he didn't realize the light was red.

Mixed Trading Marks Stocks

NEW YORK (AP) — A hesitant Stock Market mixed in early trading after a slightly higher opening today.

Pivotal issues fluctuated from fractions to a point. Turnover was light.

Brokers said that Wall Street was weighing the events in Poland over the weekend. There was no immediate sharp reaction to this news.

Meanwhile, a further reduction in the price of copper by a domestic smelter further depressed copper stocks.

Anaconda and International Nickel, one of the major producers of the red metal, were off about a point each. Magma Copper also retreated. Phelps Dodge, however, was firm.

New York Central added to its rise of last week with a major fractional advance. U. S. Steel gained slightly. Bethlehem and Republic Steel showed little change.

General Motors, Chrysler and Studebaker-Packard were steady. Gulf Oil and Royal Dutch lost fractions. Sinclair was up a bit.

Lockheed was steady following news of a new 50 million dollar contract from the Navy. Boeing was up a fraction. Douglas and United Aircraft lost a bit.

Westinghouse rose a little. General Electric backed away.

Among the opening blocks were Boeing up ½ at 53¾ on 1,500 shares, New York Central up ⅝ at 40⅞ on 2,000, U. S. Steel up ⅛ at 68½ on 1,500 and Anaconda off ⅝ at 78⅛ on 1,000.

The American Stock Exchange was irregular. New Jersey Zinc and Woodley Petroleum posted gains. Hazeltine and International Petroleum were off.

Corporate bonds were mixed.

2-Car Crash on U.S. 10 Puts Rider in Hospital

Martha J. Dietrich, 39, Davisburg, is in a Flint hospital with leg injuries suffered last night in a two-car collision in Groveland Township.

She was riding in a car driven by Harold L. Dietrich, 50, of Davisburg, which collided with one driven by Douglas Dulyea, 43, of Flint, on U.S. 10.

Dulyea told deputies the Dietrich car stopped in the center lane. Dietrich said the car ahead of him was making a left turn and he was stopped when struck.

GRIM ROADBLOCK — After running out of control for 225 feet off a heavily traveled highway near Atlanta, Ga., this car halted at a cemetery. Driven by Mrs. A. J. Holland, it collided with another car and knocked down a dozen road markers. No one was hurt in the accident, which police labeled "unavoidable."

U.S. May Help Polish Regime

Dulles Hints of Aid for New Anti-Soviet Red Government

WASHINGTON (AP)—A reappraisal of United States policy toward Communist Poland is in the making. The chances appear good that Poland's new, independent Red leadership can obtain American economic aid if it wishes — and if it survives.

* * *

Secretary of State Dulles told a nationwide television audience last night — after conferring with President Eisenhower — that anything which weakens the "great structure" of Soviet Communist power "and leads to its breaking up" is in the interest of the United States.

His words on this and other aspects of the sensational revolt in Warsaw against Soviet domination left little doubt that he sees the prospect of an independent Poland as comparable to the situation of Yugoslavia after its break with the Kremlin in 1948. Yugoslavia obtained help from the United States, Britain and France in order to withstand Soviet pressures.

* * *

Even before Dulles spoke out, the White House suggested in response to questions that the help given President Tito of Yugoslavia had encouraged the Polish revolt against Soviet dictation. Eisenhower ruled a week ago that aid to Tito should continue.

"I certainly think," press secretary James C. Hagerty told newsmen, "that the President's insistence on continued aid to Yugoslavia reflects itself in the Polish situation and in other unrest in other satellite nations."

GORDON MORRISON

Assistant Appointed at Children's Home

The Oakland County Children's Home will have a new assistant superintendent with the appointment of Gordon Morrison of Harbor Beach.

Morrison, 22, will have charge of cottages at the home and will eventually go into scheduling work and recreation activities.

As a general assistant to William O. Moulton Jr., superintendent of the home, Morrison will work later with the court system and help integrate students.

Morrison, a 1956 graduate of Michigan State University, studied personnel psychology and business administration. He will live at the Children's Home for the present time.

Business Notes

NEW YORK (AP) — L. L. Colbert, president of Chrysler Corp., and Lamar Fleming Jr., board chairman of Anderson, Clayton & Co., Houston, Tex., have been elected to the board of trustees of the Committee for Economic Development, it was announced today.

The committee is a non-profit and non-partisan economic research and education organization, composed of 150 trustees drawn from the business and industry.

News in Brief

A $70 shotgun was stolen Saturday morning from a sporting goods store at 115 N. Saginaw St., Pontiac police said. The gun was on display.

Juveniles are suspected of looting $81 from the cash register of a store at 150 N. Perry St. Saturday evening while the proprietor was absent, Pontiac police said.

Norman Hall, 22, of 5423 Clintonville Rd., Clarkston, was sentenced to 60 days in the county jail Saturday after pleading guilty to driving with a revoked license before Justice Emmett C. Leib.

Two watches, valued at $50 were taken from a White Lake Township cottage and later found in a nearby tool shed over the weekend. Owner Dewan Whitten of 9215 Millword St., could not explain how the watches happened to be in the shed.

Report Poles Back Rebel Party Leader

BELGRADE, Yugoslavia (AP) — The Yugoslav Communist party newspaper says Warsaw workers stayed at their factories yesterday "to be ready for any eventuality."

* * *

This apparently indicated that Gomulka were ready to fight in case his election as first secretary of the Polish Communist party was endangered.

Borba's Warsaw correspondent said that the Warsaw meeting ended with the victory of forces in the party which have the support of the entire working people of Poland.

There was no official comment on Gomulka's election but the way in which the Yugoslav press gave publicity to the Warsaw reports showed that Yugoslavia's Communists are jubilant over the developments.

* * *

President Tito, speaking at a luncheon yesterday for Romanian party boss Gheorghe Gheorghiu-Dej and Premier Chivu Stoica, said Socialist (Communist) countries could set an example for all nations relations on a basis of "equality, independence, mutual respect and an open exchange of opinions."

Earnings

NEW YORK (INS) — Republic Steel Corp. today released its third-quarter statement showing the effect of the five-week summer steel strike. Sales in the period dropped to $201,850,874 as compared with $299,646,028 a year earlier. Net income amounted to $4,305,548 against $22,005,740 in 1955. Board Chairman C. M. White in making the report public noted, however, that as a result of the labor shutdown, "steel demand has been so great that during September our operating rate was nearly 107 per cent of capacity and our September net income was at a record level."

NEW YORK (INS) — American Airlines, Inc., reports total earnings for the nine months ended Sept. 30 of $17,078,000, or $2.15 per common share, compared with $14,327,000 or $1.86 a share, in 1955. The 1956 net includes profit of 17 cents per share from sale of aircraft. Revenues in the period this year amounted to $217,281,000, an 11 per cent gain over last year.

GREENVILLE (AP)—Federal Mogul-Bower Bearings, Inc., reports net sales for the first nine months of the year at $74,404,165, compared with $78,189,852 in the corresponding period of 1955. Net earnings, however, showed a slight increase. Earnings after taxes were $6,660,303, or $2.73 a share, compared with $6,375,879, or $2.62 a share last year. The firm has declared a cash dividend of 60 cents per share payable Dec. 10 to shareholders of record Nov. 23.

Brakes Fail, Cause Two-Car Collision

Brake failure was blamed by a woman driver whose car allegedly ran a stop sign to strike another, injuring an occupant, at Paddock and Osmun Sts. Sunday afternoon, Pontiac police said.

Relora J. Bruger, 33, of 124 N. Telegraph Rd. said her brakes failed to respond as she went through the intersection into the side of a car driven by Melvin M. Rayner, 55, of 635 E. Tennyson Ave., police said.

Mrs. Mary Rayner, 35, of the same address, was treated for minor bruises, according to authorities at St. Joseph Mercy Hospital.

Child Slightly Injured in Fall From Auto

A two-year-old Waterford Township girl suffered only minor injuries when she fell out of her mother's car Saturday at M59 and Williams Lake roads.

Kathleen O'Brien was treated and released by St. Joseph Mercy Hospital. Her mother, Mrs. Lillian O'Brien, 32, of 1845 Ladue St., told police she was making a left turn when her daughter fell out of the right front door and struck the pavement.

Suspect Two 'Friends' in Theft From Home

Two family friends are suspected of looting $70 from a purse at 184 Florence Ave. Saturday afternoon, Pontiac police said.

James Fender, of that address, reported the two men stayed behind when he and his wife left briefly about 5 p.m.

When the couple returned, Fender said, the men were gone and so was the money.

Weekend Toll at 16 in State

Saginaw Plane Crash Kills Rider, Injures 2; Fog Blamed

By THE ASSOCIATED PRESS

An airplane crash in a heavy fog near Saginaw killed one man Sunday night, pushing the Michigan weekend accident death toll to 16. Eleven persons died in traffic accidents; fire claimed three lives, including two young children, and a construction worker was killed in a highway project accident.

* * *

Killed in the plane crash was Carl Meiers, 45, of Saginaw. Critically injured were the pilot, Wallace Wolfgram, 30, and Wolfgram's father-in-law, Fred Schmidt, 62, both of Saginaw.

The plane undershot the runway, clipped the top of a tree and plowed into a field while attempting to land at the fog-blanketed Saginaw Airport.

Victims of the Midland home fire were Christine Puzar, 5, and her sister, Jane, 4, daughters of Mr. and Mrs. Vincent Puzar.

OTHER FIRE VICTIM

Another weekend fire victim was 87-year-old Mrs. Mary L. Bustard, who died Saturday in a blaze that destroyed her Petoskey house.

Louis Laverne Davis, 42, of Constantine, was killed Saturday in a highway construction accident. He was crushed under a heavy earth-moving machine near Three Rivers.

Among the traffic victims were:

Wesley Wingquist, 34, of Kearsarge.

Sharon Mayer, 18, of Jackson.

Sidney Seagraves, 40, of Detroit.

George Zoltow, 41, of Detroit.

Mrs. Harry Bussing, 47, of Muskegon County.

James C. Schrader, 20, of Flint.

Ronald J. Naerebout, 17, of Cheboygan.

Cloyd Butler, 70, and his wife, Mary, 60, of Lewiston.

Harold Dick, 38, of Detroit.

George Muma, 65, of Brown City.

School Buses Crash in Fog, 9 Injured

SANDUSKY (AP) — Two school buses sideswiped in heavy fog on a narrow road today, injuring eight children and the driver of one bus which overturned and hit a tree.

The eight injured youngsters were among 18 aboard the Carsonville school bus, which overturned. One, Gloria Pattee, 12, was in serious condition with back injuries and concussion.

Less seriously hurt were Delberta Willett, 6, of Carsonville, and the bus driver, David Cook, who also teaches at the Carsonville school. Both suffered cuts.

Eight children aboard the second bus, bound for Deckerville, were taken to a hospital for X-rays but none

Plans Paul Bunyan Fire

LAKE ALPINE, Calif. (AP)—A Paul Bunyan size bonfire—biggest ever seen in these parts—will be set here sometime next year. Special crews are removing huge snags and stumps from Lake Alpine and piling them into a tremendous heap below the dam impounding the lake. When they dry out next summer, they will be burned.

GENERAL AND CITY ELECTION

To the Qualified Electors of the City of Sylvan Lake, County of Oakland, Michigan.

Notice is hereby given, that a General Election and City Election will be held on Tuesday, November 6th, 1956, at the respective polling place hereinafter designated:

In Memoriam 2

IN LOVING MEMORY OF MRS. Elizabeth Cooley, who passed away the 22nd of October, 5 years ago.

It is lonesome here without you,
And sad and weary the way.
Life has not been the same,
Since you were called away,
Sadly missed by her Children and Grandchildren.

IN MEMORY OF MRS. NELLIE H. Brown, who passed away 3 years ago today, sadly missed by her children, Mr. Harold House, Mrs. Muriel Murphy and Mrs. Grace Lowe.

SYLVESTER — IN LOVING MEMory of Charlene Marie Sylvester, who passed away 1 year ago today, Oct. 22, 1955.

Though we never had her home,
God came and took her to His home.
Sadly missed by Mother & Father.

That happens sometimes when there is too much family and too small a house—that is why we are telling you about this real family home. It is all brick for low upkeep. There is a full extra nice basement for Mom's laundry, Dad's handiwork and the children's play. A large 60x190 yard. The rear is all Anchor fenced in for children's safety. There are 3 bedrooms (the ladies love it), and a fully ceramic tiled bathroom. There are sidewalks to keep the young ones out of the street and only 1 block to shopping, schools and churches. The living room features baby warm and company pretty carpeting and drapes. Clean gas heat and large 50 gal. hot water heater. Aluminum storms and screens for winter economy. A very attractive home—just $15,950 with $3,200 down and $79 mo. Dial OR 3-1295 for an appointment to see it!

Skips Church for Trip

KNOXVILLE, Tenn. (INS) — Knoxville Police Chief Joe Kinsey will not skip church to go fishing anymore.

He had a flat tire, fell in the lake and was caught in a hailstorm on the trip. When he got back, he vowed:

"That did it. Next Sunday I go to church."

'Talent Search' Spurs Requests

Moore - Patterson Fight Will Be Televised for Home Audience

By JACK O'BRIAN

NEW YORK (INS) — Only a year ago, after writing a sad-sad Milton Berle script, Gore Vidal announced he was retiring from TV. Apparently he exaggerated his grief, for he returns with a "Playhouse 90" script as both author and narrator . . .

It's a true tale of his grandfather, Oklahoma's first elected senator who was blind from the age of 11 . . .

Trend of the times: We used to get requests for info on how to get on "Talent Scouts," but now the mail asks how to get aboard Lawrence Welk's new Monday ABC-TV "Talent Search." . . .

The Archie Moore-Floyd Patterson Nov. 30 fight from Chicago will be home-TV'd for $200,000. Saves us New Yorkers $30 per ringside seats . . . .

Just when we're up to our eyes and ears in elections, "Wide, Wide World" has decided to give us an extra 90-minute overdose of same Sunday.

QUIZ SUGGESTION

With so many dull quizzes on the air, why isn't there room for "20 Questions"?

Goodman Ace of the Perry Como smile factory now gets the biggest regular writing paycheck in TV—$9,000 a week . . .

NBC-TV sighed in relief as next year's Oscar awards signed on again as TV passengers for a ride in a merry Oldsmobile . . .

With British commercial TV only 1 year old Sept. 22, the news is a quiet switch to American-style commercial shows.

Billie Holliday should have more TV dates . . .

CHANCE TO SING HIT

The Nov. 1 "Shower of Stars" is just the place for Johnnie Ray to sing his new hit, "Walkin' in the Rain."

ABC newscaster Paul Harvey's third book, "The Rest of the Story," is a November Doubleday release. His first two were best sellers . . .

Doretta Morrow is a beautiful girl but what is it TV makeup people try to do to her handsome kisser? . . .

Simon & Schuster may publish a book (a five-mile shelf is more like it) of ex-NBC Chairman Pat Weaver's inter-office memos . . . They're a long-play legend in a fantastic trade . . .

Phil Silvers' face will be blowing smoke rings on one of Broadways biggest signboards any day now.

Supermarket Thieves Are Still on the Loose

WHITEHALL (AP) — Burglars who took between $10,000 and $12,000 from a supermarket safe were the object of a police search today.

Officers said it appeared one burglar hid in Plumb's Supermarket before closing time Saturday night and let in a confederate. Markings on the safe, they said, indicated the second man brought an air hammer and portable compressor which was used to break open the safe.

The store estimated half the loot was in cash, the rest in checks.

Whitehall, a town of 2,000, is a chemical center 12 miles north of Muskegon.

Four-Legged Shoplifter

CHESTER, Pa. (AP) — The supermarket cashier couldn't believe it but the evidence was overwhelming. Mrs. Betty Partridge, of nearby Collingdale, turned over a pack of cigarettes to the cashier and said it had been shoplifted by a dog. With arched eyebrows, the cashier turned to the cigarette counter and found a dog trotting back for another pack. The canine was chased from the store.

No Sleuthing Needed

KNOXVILLE, Tenn. (AP) — City Detective Ross Sims had the evidence in a burglary case laid at his doorstep — literally. He was investigating a breakin in which three radios, clothing and jewelry were stolen. As he was getting ready to go to work, a taxi drove up to his house and left two packages. They contained the loot in the robbery.

Post Office Has Jargon Complete With Dictionary

By KENNETH GILMORE

WASHINGTON (NEA)—If there's anything Postmaster General Arthur Summerfield dislikes, it's a "NIXIE."

And you could be the type who would pull a "NIXIE."

Don't go away mad. "NIXIE" is mail that can't be delivered becauste the address is incorrect, illegible, or insufficient.

The word is one of a long list of mysterious terms postal employes have for communicating with each other.

Put some "slugs" in a "bum" and deliver the Hash."

That's the kind of frightening language mail clerks and postmen use these days.

* * *

But bum doesn't mean a free loading loafer. It's the moniker for an empty mail sack.

Slugs are large pieces of first class mail.

Hash is a small, miscellaneious assortment of mail that does not have to go out immediately in order to make connections.

* * *

Now a POD publication has been issued to keep track of the slang. In case you haven't guessed, POD means Post Office Department.

It's called "Postal Term Glossary" and has a listing of over 250 POD words and phrases.

Employes can use it as a handy guide to know exactly what they are talking about. And new postal workers can look up the meaning of vocabulary old-timers throw around.

Here are some more samples of jargon in the booklet:

Balloon—a huge pouch of mail.

HYPO—a highway post office or specialy adapted bus for mail service.

Killer bars—bars or lines within a postmarking stamp.

Vice—a term meaning "in place of" or "substitute."

Red—a piece of registered mail.

Scheme—a guide or set of instructions for the proper distribution of mail.

"Since one of these terms may carry a paragraph of meaning, they save time and serve many useful purposes in getting more than 56 billion pieces of mail delivered annually," says Postmaster General Summerfield.

Another Gas Blast Victim Dies, Pushing Toll to 8

HERRIN, Ill. (INS) — Four victims of the propane gas explosion in Herrin Thursday night remain in critical condition today as the eighth death was recorded.

Jack Kerley, 23, whose parents were killed in the blast, died yesterday in Herrin Hospital of burns and other injuries sustained when the leaking gas was ignited by an open flame.

Hundreds of townspeople attended two separate funeral services for victims.

Hosts of Haunts Are Still Howling Around

Public Rises to Defend America's Ghosts

By PHYLLIS BATTELLE

NEW YORK (INS) — There are more ghosts than you can shake a cobweb at in America—and possibly a werewolf or two, although this has not been substantiated.

This has been learned through dozens of letters of protest which have reached this corner regarding a column we wrote saying there were not enough non-alcoholic spirits kicking the midnight gong around.

Under the influence of a shady sun-spot (or maybe our planet was in a haunted house), we suggested that people just don't believe in spooks anymore.

"What do you mean, there's nobody believing in ghosts?" wrote an indignant housewife from upstate New York who claims to be acquainted with several apparitions from a neighboring cemetery.

* * *

"Why, every night for the last 24 years . . . I have heard ghosts outside my bedroom window by the old Dutch graveyard.

"At first they frightened me badly, until I learned from the former owner of my house that they are his five spinster aunts—or what is left of them—who used to live together here and all died within a half year of one another.

GHOSTS ARE FUN

"It's fun to have ghosts around when you can identify them, and you know they're from good families . . ."

* * *

From Florida comes word that the ghost of Ponce de Leon, the old youth fountain fancier, returns to float around the fountain in front of the Fontainbleu Hotel frequently about midnight.

This might seem like a publicity-type item except that the correspondence came on a letterhead from another fancy beach hacienda.

The writer claims that Ponce's spirit keeps moaning "youth, youth, youth" but of course it is easy to confuse the moan, "youth," with the more traditional moan, "whooooo." Especially about midnight on Miami Beach.

* * *

Many folks claim to have "manifestations" in the attics of their homes, and these apparently are the noisiest kind. They clatter about a good deal, keeping the children awake, and a few of them tread softly down the stairs scaring the devil out of family pets.

NOISIER THAN ELVIS

One woman claims, in fact: "I thought Elvis Presley was noisy until we moved into this old house (in Baltimore). Now we have this family ghost who's allegedly been up in the attic for nearly a century, rockin' and rollin'. Fortunately, we have never been able to see him—and that should go for Elvis, too!"

* * *

Although most of the spook-observation mail has been frankly of a friendly and funny nature, indicating that the writers are not "dead" sure whether they have a true manifestation or a bevy of mice, there are some serious ones.

Like the woman in Boston who wrote that her great-great grandfather still resides in the eaves of the family estate and comes out only on nights when there is great joy in the house.

His "spirit" is felt by everyone in the clan. In fact, although she personally hasn't seen him, others have.

* * *

He was very much beloved by all who knew him, this great-great grandfather, and is alive in all their hearts. And their house. So how could we say that ghosts in America are a dead issue?

Well, our apologies to all.

Far be it from us to kill off any illusions.

There are no permanent streams in Saudi Arabia.

Backyard Isn't Safe From Hunter's Bullets

SALT LAKE CITY (AP)—Whitney C. Hansen didn't join in Utah's deer hunting over the weekend because he thought it might not be safe.

While working in his driveway, a bullet ricocheted off his garage rain gutter, burned a streak across his back above the belt and imbedded itself in the ground. Moments later a second bullet slammed into the side of his house.

The bullets apparently came from the mountains northeast of the city, not far from his home.

Mal del Plata, Argentina's principal resort, had a record 1,141,536 visitors last season.
