4-H Fair Opens Tomorrow

Show Scheduled to Run Through Saturday Night

Equipment, Produce and Exhibitions Are Slated at Perry-Walton Site

Oakland County's annual "back-to-the-farm" movement gets under way tomorrow as the 4-H and Agricultural Fair opens for thousands of visitors.

Slated for exhibition are projects of the 2,500 4-H Club members, along with a variety of farm equipment and produce.

Indications are that this may be the biggest fair yet, and growing Oakland County is expected to jam the show at Perry and Walton with throngs of spectators through its closing Saturday evening.

Every county road will be in use tomorrow as trucks haul the members and their displays to the fair grounds. The site was readied Sunday by an army of club member volunteers, under the direction of fair manager John K. Bray.

After a day of setting-up, the fair will really begin to roll along with the evening selection of the Fair Queen.

Entrants from the different clubs will be judged at 7:45 p.m., with last year's winner — Nancy Johnson, on hand to crown the new beauty.

The girls must be between 15 and 21 years of age, and active

Sawdust Flies for Annual 4-H Fair

Pontiac Press Photo

SAWDUST SPREADER — The most efficient sawdust-spreader on the market is this 13-year-old model from New Hudson. When it comes to spreading it for the annual 4-H fair, John Schoenenberger, a member of the Nu-Ly-Wix 4-H Club can't be beat. Thousands of residents of the Oakland County area attend the five day event, which is held at the 4-H fairgrounds at Perry and Walton. The selecting of a Fair Queen will begin the activities, at 7:45 p. m. tomorrow.

Ford Fund Proposes Atom Studies Prizes

DETROIT (AP)—The Ford Fund proposed to establish awards in Atomic Research similar to Nobel Prizes in Physics, Medicine, Chemistry, Physiology, Literature and Promotion of Peace.

* * *

A Ford Motor Co. spokesman disclosed over the weekend that the Ford Fund had set aside a million dollars to provide the awards, if the plan is approved by the U.S. Government.

And if government approval is given, formal announcement of the plan may come today at opening of the International Conference for the Peaceful Use of Atomic Energy at Geneva, Switzerland.

Any formal announcement has been left to the government, which would make as many details available as security chiefs think advisable.

Scientists of all nations, including Russia, would be eligible for the annual prize or prizes.

More Light in World

GENEVA (AP)—A United Nations report said today the world will need more than eight times as much electrical, heating and transport energy by the end of the present century as it did in 1952.

U. S., Red China Stymied on Civilian Repatriation

GENEVA (AP)—The United States and Red China were reported bogged down today over procedure on the proposed repatriation of civilian nationals of two countries.

After a meeting of almost 2½ hours, Ambassadors U. Alexis Johnson and Wang Ping-nan called another 48-hour recess without announcing any progress.

The discussions up to now have been confined to the problem of releasing 40 American civilians held by the Peiping regime and repatriating an indefinite number of Chinese students the Chinese Communists declare are being detained in the United States.

"The discussions will take some time," a Chinese Communist source said.

This source indicated the talks were tied up on two main points:

1. A Chinese Communist demand for a list of Chinese Nationals living in the United States. It was understood Wang has not spelled out whether this covered only students or all persons of Chinese descent.

2. A Chinese Communist demand that India be permitted to act as a third party in representing the interests of the Peiping regime on the question of civilian repatriation.

$8,500,000 Suit Doesn't Worry Prosecutor Ziem

Oakland County Prosecutor Frederick C. Ziem is being sued for $8,500,000.

But he isn't worried in the least.

The current rage among Jackson state prison inmates seems to be starting large—but groundless—damage suits against the law officers who put them there.

During the recent prosecutors convention at Mackinac Island a contest was held to see which man currently has the biggest damage action filed against him.

Seven prosecutors reported suits against them in excess of one million dollars, but Ziem won hands down.

"If the prisoner gets a judgment for that amount it would almost break me," the prosecutor observed.

Sister of Pope Dies in Italy

Pontiff Depressed Over Death of 83-Year-Old Josephine Pacelli

ROME (AP) — Josephine Pacelli, 83-year-old sister of Pope Pius XII, died of pneumonia at her home here last night. She had been paralyzed for more than 20 years.

* * *

The 79-year-old pontiff, now at his summer home at Castel Gandolfo, was reported "very depressed" at his sister's death. He had been very close to her, prayed for hours for her yesterday and kept in constant telephone communication with her home during her last illness.

Funeral services will be held on Wednesday at the Church of St. Theresa.

* * *

Josephine Pacelli was the widow of the late Count Mengarini. In addition to the Pope, she is survived by a younger sister, Elizabetta Countess Rossiniani, a daughter and three grandchildren.

Another brother, Prince Francesco Pacelli, died 20 years ago after playing an important role in the reconciliation between the church and Mussolini.

Will Hurricane Connie Batter Eastern Coast?

MIAMI, Fla. (AP)— A weather drama now shaping up will determine in the next 24 hours whether the U.S. eastern seaboard will feel the 135-mile winds of Hurricane Connie.

The first big hurricane of the year plowed steadily along over the open sea at about 15 miles an hour. It was bypassing the Bahama island chain, its center about 200 miles from the nearest land.

A trough in front of a high pressure system moved eastward, and eventually will attract Connie. The drama shapes up like this, as described by storm forecasters in the Miami Weather Bureau:

But if its movement is slow and Connie gains another three degrees (180 miles) of latitude, it possibly will swing into the northern edge of the low pressure trough. The air flow on that side is from the east. This would push Connie toward land.

Airmen Reveal Torture Method Commies Used

Beatings and Starvation Diet Are Called Mild Treatment by Fliers

TOKYO (AP)—The Chinese Reds inflicted months of excruciating physical and mental torture on 11 U.S. airmen to wring statements used to convict them as spies, Col. John Knox Arnold Jr. told a press conference here yesterday.

The 11 men, released last Thursday at the Hong Kong border, are scheduled to leave Tokyo Wednesday morning for home in two U.S. Air Force transports.

Arnold led the others yesterday in telling of their treatment during 2½ years in China.

"They used 'persuasion' that civilized people simply do not know about," he said.

He told of being slugged in the face with his hands tied behind him, of tourniquet-like manacles, of being "forced to stand until you started screaming." Then he broke down briefly.

Arnold, of Silver Spring, Md., commanded a B29 shot down Jan. 12, 1953, while on a Korean War leaflet-dropping mission over North Korea. Peiping's Communist propaganda radio announced last November that Arnold and his 10 crewmen had been convicted of intruding over Manchuria on a spying mission.

He said he never had confessed to intruding over China or to being on a spy mission.

The only statement he signed, he said, was one that his air unit, the 581st Aerial Resupply Group, had come to the Pacific to aid countries in danger of being overrun by nations opposed to democracy. At the trial in Peiping, later, other statements were added to this which made it sound as if he had confessed to a spying mission. "I repudiated that statement at the trial," he said.

Maj. William H. Baumer, Lewisburg, Pa., who was wounded before he bailed out and later suffered from frostbite and spent much time in the hospital, was the only one who did not sign a statement.

"They started after me but then eased off, probably because of my condition," he said.

Aside from Arnold's tense ap-

WHO IS BILL? — With a smile on her face, 16-year-old Joycelin Joan Pilapil, of Hilo, Hawaii, refuses to answer the question as she is escorted to shore by an FBI nurse at Long Beach, Calif., Sunday. She was a stowaway aboard the Canadian Destroyer Athabaskan, lone woman among 240 men. She has indicated her boy friend, "Bill," was the reason. (Story, page 5.)

Cool Weather Is Expected to Stay Through Tuesday

The long hoped for cool wave, which hit Saturday, is expected to stay at least through tomorrow.

After seven straight days of 90-plus temperatures, the mercury dropped to a high of only 86 in downtown Pontiac Saturday and barely made it to the 80 mark Sunday.

The forecast called for fair today and a little warmer tomorrow. High today was expected to be 75 to 80, low tonight 58 to 63, high tomorrow 78 to 84.

The cooler breezes ended a hot spell which saw 22 days in the 90s since July 1. The thermometer registered 60 at 8 a.m. in downtown Pontiac and had climbed to 75 by 2 p.m.

The torrid weather left Saturday amid numerous thunderstorms and two small tornadoes.

The baby twisters hit at Hastings in Barry County and the Clark Lake vicinity southeast of Jackson.

The only injury reported was to a carnival worker who was tossed into a concession stand by the twister as it smashed properties at the Barry County fair grounds.

Michigan's low Sunday night was 42 degrees at Grand Marias on the Lake Superior Shore of the Upper Peninsula.

The cooling mass of air overspread the east and even the northern parts of Georgia, Alabama and Mississippi.

15 GI's Injured in Korea Riots

Soldiers Hurt Guarding Truce Inspection Unit of Neutral Nations

SEOUL (AP) — Fifteen U. S. soldiers and four Koreans were reported injured in renewed riots against Communist truce inspection teams last night and today. But the U. S. Army denied Korean police reports that U. S. soldiers bayoneted five Korean demonstrators.

* * *

None of the U. S. soldiers was hurt seriously in two-rock throwing demonstrations at the port of Pusan, where the soldiers were guarding quarters of the Neutral Nations Supervisory Commission teams.

Nine of the soldiers and four Koreans were injured last night, and six more soldiers were hit by rocks in another outbreak of violent demonstrations today.

The 8th Army said six Americans were given dispensary treatment for slight injuries. It said they are Military Police Capt. Robert Paonessa, Chicago; Sgt. William D. Perry, Sandusky, Ohio; Sgt. Clifford E. Griggs, Dubois, Pa.; Sgt. Joseph Dubberly, Bristol, Ga.; Sgt. William Kellon, Drene, Miss.; and Pfc. Eugene Dainey, Webster, S. D.

Korean national police said a U. S. soldier slightly cut a Korean with a bayonet at Taegu in prodding him to get moving. The 8th Army said it had no information.

* * *

Police estimated some 30,000 Korean laborers milled through Pusan streets throughout last night.

Other demonstrations were reported at the west coast ports of Inchon and Kunsan.

Assaulter Police Shot Dies From Gun Wounds

LANSING (AP)—One of three men wounded by a Lansing policeman early Saturday died Sunday at a local hospital.

Morris C. Melton, 21, died from wounds inflicted by Patrolman John Lynch, 23. Lynch, shot Melton and two companions after the trio assaulted him in an alley following a drinking bout.

Ike Reaffirms Peace Position in Open Note

World Scientists Discuss Potential Use of Nuclear Knowledge for Good

GENEVA (AP) — Indian scientist Homi J. Bhabha opened the first International Atomic Energy Conference today with the prediction that the way will be found to harness the titanic energy of the hydrogen bomb for peaceful use within 20 years.

Bhabha, president of the 72-nation scientific parley, said:

"When that happens, the energy problems of the world will truly have been solved forever, for fuel will be plentiful as heavy hydrogen in the oceans."

Bhabha spoke as hundreds of delegates gathered at the opening plenary session of the conference just 10 years and one day after the first atom bomb leveled Hiroshima.

The conference in the Palace of Nations, designed to parade atomic energy in its role as an ally of industry and a potential boon to agriculture and medicine, will continue until Aug. 20.

The scientists will hear hundreds of papers on technical phases of peaceful use of atomic energy. Hundreds of other papers submitted for the conference will be published for study later.

The opening session also received a message from President Eisenhower, whose historic address before the U.N. General Assembly in December 1953 inspired the atoms-for-peace program now being worked out by the international organization and the present conference.

The President's message, brought by Chairman Lewis L. Strauss of the U.S. Atomic Energy Commission, reaffirmed America's pledge to "help find ways by which the miraculous inventiveness of man shall not be dedicated to his death, but consecrated to his life."

Recalling his address before the U.N., which is sponsoring the parley, Eisenhower declared: "The atom stands ready to become man's obedient, tireless servant, if man will only allow it."

The scientists also heard a message from U.N. Secretary General Dag Hammarskjold, who said that "we have a long road ahead of us to traverse before nations can hope to eliminate the threat of atomic destruction."

Sen. Johnson Returns Home After Heart Attack

WASHINGTON (AP)—Sen. Lyndon B. Johnson (D-Tex), said to have "made steady improvement" since suffering a heart attack July 2, returned to his Washington home yesterday.

Upon discharging him, the Naval Medical Center at Bethesda, Md., said in a bulletin: "During the last month there have been no complications and he has made steady improvement."

An aide said Johnson, the Senate Democratic leader, is "feeling very well."

Khrushchev, Zhukov Pick Raspberries

Molotov Dunks Envoy's Wife at Zany Party

MOSCOW (AP)—Foreign Minister Molotov took the Indonesian ambassador's wife rowing but flooded the boat and soaked the lady.

U.S. Ambassador Charles E. Bohlen bested Deputy Premier A. I. Mikoyan in a boat race.

Party chief Nikita Khrushchev and Marshals Georgi Zhukov and Ivan Konev picked raspberries.

Premier Bulganin helped Bohlen's 15-year-old daughter Avis catch three fish.

* * *

The occasion was an informal 5½-hour party Bulganin gave yesterday at his country estate 60 miles southeast of Moscow. The 150 or so guests included foreign diplomats and newsmen and their families and many Russians.

The Soviet capital had never seen anything like it, as the Premier himself admitted.

The program included a two-hour luncheon, community singing led by stars of the Bolshoi Theater, fishing and boating on the estate's lakes, and a drive through the deer park. Some of the group gathered under a fir tree for the telecast of the Moscow Spartak soccer team's 3-0 victory over England's Wolverhampton Wanderers.

* * *

Bulganin in a short speech at the end of lunch said the party was a direct result of the harmonious atmosphere displayed at the Geneva summit conference. He added that he hoped it would be only the first of many such festivities.

"But this should not interfere with our work," Khrushchev interjected.

Responding to the Premier, the dean of the diplomatic corps, Burmese Ambassador Maung Ohn, said the envoys wanted to repay the Russian hospitality with an annual dinner for the Soviet leaders.

Molotov came a cropper as he wound up a boat ride with Mrs. Subandrio and Argentine Ambassador Leopoldo Bravo. In beaching the boat, the foreign minister rowed too far up on shore and the water poured in over the depressed stern.

* * *

Molotov blushed as Defense Minister Zhukov called him "a terrible sailor."

"One should ride with you around the edge of the lake, not in the middle," the marshal added.

The guests snapped hundreds of candid photos of their hosts, prompting one newsman to ask Bulganin, "Doesn't this look to you like the start of Eisenhower's plan to do photo reconnaissance of the Soviet Union?"

"Yes, I suppose this is the start of it," the Premier replied, roaring with laughter.

* * *

Reporters noticed corn growing on the grounds and asked Bulganin if Khrushchev had enlisted him in his corn-growing campaign.

"Yes, he has got me growing corn, and strawberries too," Bulganin said.

The Premier also told reporters he has no plans "or invitation yet to visit the United States, but I hope that at some time this will be brought about."

Returnee's 'Wife' Retires to Let Husbands Woo Her

NEVADA CITY, Calif. (AP) — Una-Schmidt-Fine took her little boy and moved off by herself today, trying to decide whether she wants to remain the wife of a returning prisoner of war or of a logging tractor driver.

Una, a slightly built brown-haired woman of 20, says she married logger Alford B. Fine in the belief that A 2.C. Daniel C. Schmidt was dead. He and 10 others in a B29 were shot down Jan. 12, 1953, during the Korean War.

Una talked by telephone yesterday with Schmidt, who is in Tokyo on his way back to America after 32 months in a Red Chinese prison. After the call, her attorney Harold Berliner said she had separated—at least temporarily—from the logger.

Just what she and Schmidt talked about was not made public. Berliner did say:

"Una and Al believe it is best for all concerned that they live separate and apart until such time as their problems are solved. In fairness to Airman Schmidt, there will be no further announcement until he returns and has had an opportunity to discuss the entire matter."

At Tokyo, a Red Cross official said Schmidt came out of the telephone booth with his "morale improved."

The airman said he would not discuss his tangled marital affairs until he had a chance to talk with Una face to face "and work out this personal problem with those intimately concerned."

He has never seen his 2½-year-old son Danny. The youngster was born after Schmidt went to the Orient. Fine said the child now calls him "Daddy."

24 Lose Lives Over Weekend

Drownings, Accidents Blamed for Death Toll Throughout Michigan

By THE ASSOCIATED PRESS

Twenty-four persons lost their lives in accidents in Michigan over the weekend.

Despite cooler temperatures over much of the state, swimming and boating accidents led to 11 drownings. Twelve were killed in traffic mishaps and a Detroit man died in a fall.

Accident victims included:

Robert L. Anderson, 18, Grand Rapids, killed north of Grand Rapids.

Wesley Neal, 43, a Bay City father of six, in Merritt Township outside Bay City.

Valentine G. Ramirez, 21, Muskegon, east of Muskegon on M-46.

James Edward, 48, Albion, west of Albion.

Harold Sidebottom, 60, Detroit, struck crossing Detroit intersection.

Joseph Soltys, 51, Plymouth, in Nankin Township outside Detroit.

Joseph Haydu, 22, Detroit in Detroit.

William Anderson, 13, Wells, in Escanaba suburb.

Will Baker, 49, Flint, struck by automobile on Flint street.

Mrs. Anna B. Gunder, 55, Riga, Mich., in collision near Blissfield.

Joseph Michlek, 57, Detroit, who fell 15 feet while repairing siding on his home.

Claude J. Wardlaw, 87, Ypsilanti, killed near Ann Arbor.

Mrs. Mildred Blakely, 37, of Kalamazoo, in collision on M72 four miles west of Grayling.

DROWNED WERE:

David Elson, 23, Charlotte, in Soubee Lake near Sunfield.

Nancy Ann Whiting, 16 months, Vandercook Lake, drowned Sunday in Stony Lake, 10 miles east of Jackson.

Harvey Wagner, 17, Berrien Springs, drowned Sunday in Lake Chapin, near his home.

Theodore Thrana, 30, Bell Rose, N. Y., drowned Sunday, in Lake Cadillac.

John Bernard Hoolihan, 15, Stanwood, drowned in Muskegon River.

Andrew Clark, Belleville, drowned Sunday in Lake Erie off Sterling State Park, near Monroe.

Albert Benz, 43, Flint, drowned Saturday in Long Lake in Iosco County.

Thomas Roddy, 35, Detroit, drowned Saturday in Detroit River.

Donovan Kott, 23, Muskegon, drowned in Canfield Lake, near Manistee, Friday night.

Gaspe --- Nearest Ireland, Is Canada's Vacationland

By JOE HAAS
Pontiac Press Feature Writer

GASPE, Quebec — This is the jumping-off place to Ireland from that part of the North American continent that is south of the mighty St. Lawrence River, which here is wider than the southern peninsula of Michigan.

Tonight we are nearer Dublin than Pontiac. Few people realize how our continent spreads into the Atlantic Ocean in its upper reaches.

Of course Labrador and Newfoundland are further east, but they are so far to the north that the Gaspe Peninsula is the all embracer in any connection between our states and European countries.

HAAS

Gaspe marks the start of the Appalachian Mountain range which extends to the southwest through the maritime provinces and several of our states.

The start is a very ambitious one. The mountains rise directly from the St. Lawrence River to a height of several hundred feet, which gives them the impression of being higher than some of our western mountains.

SIZE OF MASSACHUSETTS

The peninsula is only about the size of Massachusetts, but in the 550-mile drive around its shores it offers some of the most outstanding scenic effects on our continent. Surely there is nothing in the east that surpasses it for pure natural grandeur.

Over nine-tenths of this highway is paved, and the remainder has a good hard surface or is under construction. It is one of the most difficult road construction projects in the world, and over $25 millions already have been spent on it, largely coming from gas and weight taxes.

For hundreds of miles a stone wall ranging up to 50 feet high has been laid to support the sea side of the road, and give it protection from the high tides of the Atlantic, which back up in the St. Lawrence for a long distance.

Thousands of homes dot the highway along the shores of the river, every state in our own nation is represented among the auto license plates on cars parked at these homes.

GASPE STELLAR ATTRACTION

In the concentrated effort now under way throughout Canada to make it a vacation land, special emphasis is placed on the Gaspe Peninsula. They hope to make it their stellar attraction in the east.

But it is not alone as a vacation spot that the Gaspe has a big value. Its mountains, hills, valleys and level sections were covered with forests largely of the kind that make good paper pulp.

These now are being cleared off and the logs hauled to the mills, and the land converted, as far as possible, into fertile farming fields. This great highway thus also becomes an avenue of a substantial adjunct in the St. Lawrence Seaway project.

In the wood pulp business, the Gaspe is the eastern start of Canada's biggest industry, the manufacture of print paper, which stretches from here 4,000 miles to the Pacific Ocean.

Print paper is Canada's leading export item. Of this, 95 per cent now goes to the United States, which buys from Canada 85 per cent of the print paper that it uses. The paper on which were printed the lines you now are reading came from Canada — from the Quebec region.

There are over 200 paper mills in Canada, each making from a carload or two up to 200 carloads per day. They employ more people than are engaged in any other occupation in the dominion, except farming.

Besides having an almost unlimited supply of the forest products that go into its manufacture, Canada also has thousands of lakes and streams to supply the fresh water that is such a vital component of paper making. It is said that into the making of every pound of print paper has gone over a ton of water, first in floating it to the mills and then in its manufacture.

Plan to Discuss Defectives' Aid

Judge Moore, Senator Broomfield to Confer With Governor

Two Oakland County officials will meet with Governor Williams within the next two weeks to discuss possible ways of providing immediate institutional space for county children ruled mentally defective.

State Sen. William S. Broomfield (R-Royal Oak) and Probate Judge Arthur E. Moore will meet with the governor after the state's top executive returns Aug. 16 from Chicago.

The two revealed Saturday that 93 county children have been committed to the Lapeer State Home and Training School but cannot gain admittance for lack of space.

They remain an almost impossible burden on their families.

"We hope to work out a proposal to put before the Legislature when it convenes in January," said Broomfield, "either for a new institution in Oakland or for expansion of existing facilities."

Makeup Polio Shots Being Given Here

Makeup shots for youngsters who missed their regular anti-polio vaccine inoculations will be given at two clinics this week.

The makeup injections started at 9 a.m. this morning in two locations — the Oakland County Health Dept. and the South Oakland County Health Center in Royal Oak.

Shots will be given today through Friday from 9 a.m. to 4:30 p.m. and termination date for the program will be announced later.

The Pontiac clinic is located at 15 W. Huron St., while the other clinic is at 2401 E. Fourth St., Royal Oak. Some 12,746 children missed their shots during the recent program.

Rader Stands Mute During Arraignment

Hugh H. Rader, prominent Highland Park lumber dealer charged with manslaughter, stood mute this morning when he was arraigned in Oakland County Circuit Court.

Judge George G. Hartrick entered a plea of innocent for the 60-year-old West Bloomfield Township resident and directed that a trial date be set.

Rader, free on $2,000 bond, was charged after his car collided head-on with another June 27 on Middle Belt Road, resulting in the death of an 18-year-old Walled Lake boy and injuring three others.

VFW Delegates to Confer

FREMONT (AP)—Veterans of Foreign Wars delegates from nine West Michigan counties comprising the 12th VFW District will meet Aug. 14 in Fremont to discuss programs for the National Encampment Aug. 24-Sept. 2 in Boston. District Commander Robert Comer of Fremont will preside over the rally of delegates from 29 posts.

Area Inductees Leave for Army

Nineteen - Man Group Headed for Ft. Wayne to Start Processing

Leaving this morning for Army processing at Ft. Wayne, Detroit, were 19 Pontiac and Oakland County draftees.

Local draft board officials said the men probably will take basic training at Ft. Knox, Ky., or at Camp Chaffee, Ark.

James D. Oates, 30 N. Lynn St. was named leader of the 6-man contingent from Pontiac Board 65 while Raymond C. Najor, of 31170 Lahser Rd., Birmingham, will head the 13-member group from County Board 67.

Besides Oates, inductees from the local board were: Bob G. Houston, 36 Franklin Blvd., William A. Landry, 305 N. Paddock; William C. Kreiner, 8882 Arlington; Thomas G. Powers, 314 Nelson, and Arthur E. Odden, 876 Stanley St.

Other men from Board 67 were: Richard C. Najor, of Birmingham; Lawrence D. Peck, (Ann Arbor), Earl L. Garner, Holly; Glen F. Thomson, Rochester; Allen D. Folsom, Birmingham; Ernest M. Salter, Ortonville; Charles R. Doyle, 64 Pine St.; Richard E. Kidd, 60 Lyford St., Ervin W. McPhee, Royal Oak; Grant R. Campbell, Dravton Plains; Engel Groenberg, 1710 Ward St. and Billy T. Wiseheart, Rochester.

Program for Blood Testing to Start

A blood testing program sponsored by the City Health Dept. in cooperation with the Michigan Dept. of Health, will be launched tomorrow at the Lakeside Housing Project.

Persons 14 years or older are eligible for the free blood tests, which will be given in a mobile trailer, said Dr. John D. Monroe, Pontiac and Oakland County Health Director.

The program is intended to detect unknown or inadequately treated cases of syphillis, as well as to determine the adequacy of case reporting, Dr. Monroe explained. Examinations will be given in the afternoon and early evening.

Persons whose blood shows some abnormality will be notified by mail. Other locations for the mobile trailer will be announced at future dates, Dr. Monroe said.

Turnpike, State Officials Meeting

The Michigan Turnpike Authority (MTA) and State Highway Department today were attempting to iron out a squabble over who will build a north-south superhighway through Oakland County.

The two groups met at 1:30 p.m. in Lansing.

Highway Commissioner Charles M. Ziegler has insisted he will build a freeway which would parallel the proposed route of the toll road planned by the MTA.

MTA Chairman George N. Higgins has said there is no room for both toll and free highways so close together. He maintains the self-liquidating toll road, planned to pay for itself, should be built and freeway funds spent elsewhere.

End Free Methodist Meet

MANTON (AP) — Sunday evening services concluded the 80th annual camp meeting and conference of the Free Methodist Churches of Northern Michigan. More than 2,000 persons attended Saturday to hear pastral appointments for the coming year. Dr. C. A. Watson piloted his own plane from California to preside at the conference and to address the gathering Sunday.

Born in DeFord, Michigan on February 26, 1881, she was the daughter of William and Mary Walker Retherford.

She came to the city from Kingston, Michigan, and has been a resident for 46 years.

She is survived by 5 daughters and 2 sons; Mrs. Beatrice Troxell of Baltimore, Maryland, Mrs. Elma Browning, Mrs. Mary Cherrington, Mrs. Gladys Hawkins, all of Pontiac, Mrs. Thelma Hastings of Miami, Florida, and Laurence and Basil Wethy of Pontiac. Mrs. Wethy is also survived by 2 sisters and a brother, Mrs. Wesley McCain of Pontiac, Mrs. Virginia Bartles of Gennesee, Michigan. Ever Retherford of Pontiac and 12 grandchildren and 14 great-grandchildren.

Funeral will be at 1:30 p.m. Wednesday from the Farmer-Snover Funeral Home with the Rev. Paul Havens officiating. Burial will be in the Perry Mt. Park Cemetery.

Mrs. Gladys Williams

Mrs. Gladys Williams, 39, of 334 South Boulevard West, was dead on arrival to Pontiac General Hospital after an illness of 2 weeks.

She was born on February 14, 1916 in New Orleans, La. and married Arthur Williams in Port Arthur, Texas in 1943.

Mrs. Williams has been a resident of the city for 10 years.

Besides her husband she is survived by 4 daughters and a son, Mrs. Alex Davenport of Pontiac, Leonard Arthur Jr., Gladys Marie, Cherry Ann and Eloise Williams, all at home.

Funeral will be at 8 p. m. Thursday from the New Bethel Baptist Church with the Rev. Wm. H. Bell officiating. The burial will be in Oak Hill Cemetery. The body may be viewed at the Frank Carruthers Funeral Home, Wednesday night.

Missing Scout Sought in Area

Birmingham Residents Report Boy Matching Description

Michigan State Police are today investigating a report from Birmingham Police that a boy fitting the description of the 12-year-old Boy Scout missing since July 5 from a Whitehall scout camp was seen in the Birmingham area.

Birmingham Police received a report from Mrs. John J. Zimmerman of 2275 Fairway Dr., that a boy resembling young Peter Allen Gorhan of Evanston, Ill., called at her home recently to ask for donations to the American Cancer Society.

Mrs. Zimmerman told police when she went for the money, the boy was gone. Mrs. Zimmerman said the boy produced Boy Scout identification and that he asked for a cash donation.

Mrs. Zimmerman described the boy as blond with a brush-cut that was growing out and wearing a white T-shirt and khaki trousers.

Birmingham Police also received a report from Mrs. Zimmerman's next door neighbor that a boy fitting the same description called at her door asking for cancer donations also. She said she could not positively identify the boy but he did resemble a picture the police showed her of the Gorhan youth.

Another Birmingham resident, T. E. Hendrickson of 1170 Arden Lane, told police he had given a boy fitting the description some money and had noticed another youth waiting for the boy standing by the road.

Hendrickson described this youth as blond, wearing a T-shirt and blue or gray dungarees and about 14 or 15 years old.

Mrs. Zimmerman also told police she had called the American Cancer Society and was told no solicitation of this kind was being conducted.

The Boy Scouts of America also told Mrs. Zimmerman their organization was not sponsoring any such door-to-door campaign.

Tractor Workers Stage Illinois Plant Walkout

SPRINGFIELD, Ill. (AP) — A walkout by 3,800 employes stalled operating today at Allis-Chalmers big Springfield tractor plant.

Members of CIO United Auto Workers Local 1027 began a strike at midnight in support of the union's company-wide wage negotiations at Milwaukee.

Several hundred workers turned out to stand in groups talking near the plant entrance as the strike got under way officially.

The Day in Birmingham

Commission to Consider Objections to Parking Lot

BIRMINGHAM—A major share of tonight's City Commission meeting is expected to revolve around a hearing which will consider objections to the city's proposal to construct a second municipal parking lot.

The newest parking lot would be located in the north half of the block bounded by Merrill, Bates, Townsend and Henrietta.

Along the same lines, a report will be submitted by the planning department on the northeast portion of the city's central business district. A third parking area in that location has received an approving but informal nod from lawmakers.

Reports submitted by City Manager Donald C. Egbert will bring discussion on the paving of Quarton (16 Mile) road and surrounding streets. Improved maintenance of park properties will also be taken up.

Approval of a city charter amendment would raise both the salaries and working hours of the justice and associate justice of peace.

Passage of another resolution would place before voters at the April, 1956 election, the question of whether the city be allowed to sell lots 56-58 in Adams Park Subdivision.

Other hearings will consider objections to vacating an alley adjacent to property owned by William Dove, 640 Wallace St. and extension of the sewer on East Maple between Woodward and Brownell.

Police plan further questioning of five Birmingham juveniles in connection with the theft of a $150 diamond and pearl ring, and an antique pistol taken Saturday night from the home of Mr. and Mrs. Robert L. Martin, 960 Harmon Ave.

The Martins told police they questioned their 15-year-old baby sitter when they returned home and found evidence of a party. The sitter told them three boys and another girl, all 15 years old, had been there.

The teenagers have so far denied any knowledge of the theft, police said.

Police also are checking the theft of a $590 outboard motor which was reported missing Saturday from a building at 1256 S. Woodward Ave. Bruce Mellendorf of Lake Orion told police the motor was in the building when he left Friday night, but missing when he returned Saturday morning.

George L. Greenup, 551, of Detroit, was admitted to St. Joseph Mercy Hospital yesterday for injuries suffered in a two-car collision at the East Maple-Eton intersection.

Greenup was released after treatment for a deep lip laceration. He was ticketed for failure to stop in an assured distance ahead, after police said his auto struck the rear of a car driven by Joseph W. Riley, 50, of 803 Ruffner St. At the time, Riley was stopped for a traffic signal.

* * *

Boys and girls attending tomorrow's 10 a.m. story hour at Baldwin Library will hear Kathleen Piket, children's librarian, read "The Talking Pot" and "East of the Sun and West of the Moon." Kindergartners through sixth graders are invited.

Charles E. Webb

Service for Charles E. Webb, 40, of 1979 Sheffield, will be held Wednesday afternoon, with time of service to be announced later. He died suddenly Sunday.

Mr. Webb had been an electrical engineer with Continental Electric Co. in Detroit since March, and prior to that had been with Westinghouse.

Survivors include his wife, Genevieve, one daughter, Christine Elizabeth, and one son, Charles G., all at home; his mother, Mrs. John Dallenbach; and two brothers, Jack J. and Robert C., all of Los Angeles.

Red Torture Told by Freed Airmen

(Continued From Page One)

pearance and Baumer's injuries, the other men were in fairly good condition, Air Force doctors said.

Throughout the 2½ years in Red prisons, Arnold was the chief target of Communist abuse.

The others said they were subjected to solitary confinement and starvation diets but not the beatings and physical torture the Reds used on Arnold.

He shook as he talked of beatings, by guards who took the lid off the pail in his cell, dipped a stick inside and then went at him.

Pontiac CAP Members Plan Training Trip

Leaving Wednesday morning by troop transport from Selfridge Field for Sampson Air Force Base, N. Y., will be 11 members of the Civil Air Patrol, Pontiac Squadron 6318-2.

The local group will join 600 Michigan CAP cadets who will undergo an intensive 10-day period of study and flight instruction there, according to Sgt. Dee Robinson, public information officer.

Accompanying the cadets will be Company Commander Lt. Robert Turner, and the squadron's chaplain, the Rev. Wesley Wibley, pastor of the First Assembly of God Church.

During their encampment at the base, CAP personnel will attended courses in aircraft maintenance, meteorology, and navigation, along with physical education and precision marching drills instruction.

Lt. Erma Haynes, Corp. Randy Strickland, and Sgt. Robinson will serve as cadet leaders for the group during their stay in New York.

Other CAP members making the trip are Lt. Col. Robert W. Carrick, Pvt. Fran Affolder, Pvt. Wesley Jennings, Pvt. Richard Rice, Pvt. Mike Pearson and Pvt. Archie Haynes.

Packed Power Devised for Sea

Inventor Puts Engines in Underslung Pods for Ocean Vessels

SAN DIEGO, Calif. (INS)—William Costa is an inventor who has waited 17 years for the atomic age to catch up with him.

During that time the San Diego diesel engineer has worked on what he describes as "packaged power" for ocean-going naval and commercial vessels.

He has collected a drawerful of patents on his invention which consists of housing diesel engines and auxiliary machinery in nacelles or pods from the bottom of the ships. The nacelles are placed much like gondolas are hung from dirigibles.

Costa believes his invention will be particularly adaptable to atom-driven vessels because they provide a means of separating the radioactive generating plants from the rest of the ship.

The nacelles are designed primarily for diesels and each would house an engine of about 2,000 horsepower. Costa says diesel makers can turn out high speed, compact and light engines which could be fitted into a pod about 31 feet long and seven feet high.

The pods would be riveted, welded or bolted into the hold, and could easily be removed in case serious repairs were needed.

As in the case of most inventors, Costa's main problem is money. He figures it would cost about $20,000 to build a working model of the device, and so far the money hasn't been promoted.

Hold Wife, Youth in Murder of Man, 33

FLINT (AP)—The wife of a Flint man shot to death in his backyard Saturday night was held for questioning today. Also held was a youth whom police did not identify.

Clarence Gadson, 33, was killed by a .32 caliber bullet in the heart.

Police said his wife, Betty, and teh youth both were a witness, but refused to name the killer.

Though Left Is Right the Law Prevails

CHARLESTON, W.Va. (AP) — The woman defendant in municipal court raised her left hand when City Clerk Duffy Horan started to give her the oath.

"Raise your right hand," said Horan.

"But this is my right hand," she replied, "I'm left-handed. It's the hand I use all the time."

"But it's not the hand you swear by," Horan insisted.

The woman finally relented but said in a hurt tone:

"It still doesn't feel right."

Charlotte Girl Injured When Thrown From Horse

CHARLOTTE (AP) — Sandra Sue Schofield, 12, was seriously injured last night when a horse she was riding reared into the path of a car on M50 three miles east of Charlotte.

She was in "fair condition" at a Charlotte hospital, suffering from a possible skull fracture. She is the daughter of Mr. and Mrs. Howard Schofield, of Charlotte.

Have Fun! Win $100!

"Bonanzagram" is an exciting new puzzle in which the Pontiac Press offers both fun and a $100 cash prize. BUT before you try your hand at "Bonanzagram" **be sure and read the rules** at the bottom of this page. Solution will appear in the Press Aug. 19.

CLAIM CHECK

Below is a duplicate of the "Bonanzagram" entry you send in to contest headquarters. It is ESSENTIAL that you fill it in and save it until the correct solution to "Bonanzagram" No. 23 is published Friday, Aug. 19. Unless you do so, you will be unable to collect the prize if you should send in a winning solution. Check the rules below for further details.

Bonanzagram No. 23

Story Clues

Mr. and Mrs. Mallard had been doing some traveling in the west, and also been much occupied in furnishing a new home. They suddenly realized that they had not heard from their young son, attending a large boarding school in the East, for almost a month, so they sent off a chiding telegram, asking that he write them air mail immediately. The youth, who had been busy with his own concerns, athletic and otherwise, noted it was April First and decided it was time for a spoof. He wrote them in cryptic terms, leaving many of the words incomplete. He knew it would amuse them to figure out what news he had for them. The parents were able to fill in and understand the letter. Can you, too, decipher what the young jokester wrote?

How to Play 'Bonanzagram'

Solve the "Bonanzagram" by filling in all the missing letters, as indicated by the underscores, in the message. Insert only one letter above each underscore. Many clues to the missing letters are hidden in the story, or anecdote, accompanying the message itself, and, in a few cases, the contestant's general knowledge should provide the correct letter. The contestant will note that the message is unpunctuated. Punctuation will help solve the message but is not necessary to win.

All missing letters must be correctly inserted to win a Bonzagram prize. Punctuation will not be considered in judging a correct answer.

When properly filled in, the "Bonanzagram" will spell out a clear message that will conform in every way with the clues. In many cases it will seem that more than one word would be the correct one. That's part of the fun! You should weigh the clues and select the BEST possible word in each case.

How to Submit

1. After solution is completed, "Bonanzagram" should be clipped and pasted to a two-cent postcard with your name and address.

2. Entries will be received at the Pontiac Press office, 48 W. Huron St., until 5 p.m. Tuesday, Aug. 16. Mail entries must be postmarked before midnight Tuesday, Aug. 16 for Bonanzagram No. 23 Address "Bonanzagram, % Pontiac Press, Pontiac, Mich.

3. Entries may be mailed in envelope but contestant's full name and number of puzzle must be printed in upper left corner of address side of envelope.

4. Copies of the Press need not be purchased to enter. Facsimiles made by hand and corresponding as closely as possible to the original "Bonanzagram" printed in the Press will be accepted but are limited one to a family. Mimeograph, duplicator or other unofficial mechanical reproduction is forbidden.

How to Collect the Prize

The entrant must work out and keep duplicate solution as a claim check. When the solution is published in the Press, he should compare his "claim check" with the published solution, and if his claim check is identical, he should call in person with his claim check at the Press office, 48 W. Huron St., before 5 p.m. on the Monday following publication of the solution.

If a winner cannot call at the Press office in person he should mail his solution to "Bonanzagram Editor." This letter must reach the Press not later than 5 p.m. the Monday after publication of the answer. Correct answers are void unless the contestant reports his claim by the deadlines listed here.

About Eligibility, Information, Etc.

1. Anyone is eligible for the "Bonanzagram" contest except employes of the Press and members of their immediate families. (Immediate family means all those living in an employe's household.)

2. No question as to winners, will be answered by phone.

3. The Press will award a prize of $100 to the winner of each weekly Bonanzagram. If more than one winning answer is received, the prize will be divided equally among the winners. If no correct solution is received, the $100 will be added to the next week's prize. If the winner is a subscriber of record to the Press a $20 bonus will be added to the $100.

4. Only one winning entry from a family will be eligible for the prize, but there is no limit on number of entries.

5. The Press retains the right to correct typographical errors.

6. Judges' decision will be final and contestant's submission of entries indicates acceptance of these rules.

7. No liability is accepted for entries that fail to reach us.

The Lowly Hamburger Gets Glorified by Irradiation From Atomic Reactor

LEMONT, Ill. (INS)—The atomic hamburger is just around the corner.

Not the giant sandwich dubbed "Atomburger" by enterprising restaurateurs but an honest-to-goodness, nuclear-treated hamburger that has all the quality of present sandwiches plus two important additional features:

1—It is sterile; 2—It can be preserved raw and without refrigeration.

A preview of the atomic hamburger and other things to come in the uses of atomic energy in food preparation and sterilization was given reporters at the Atomic Energy Commission's Argonne National Laboratory—34,000 acres of rolling hills and odd shaped buildings devoted exclusively to nuclear research.

The laboratory put into operation today a large irradiation facility built specifically to study effects of Gamma radiation on foods and other materials. The cost of this facility—$100,000

BIG SWIMMING POOL

The "food atomizer," which actually is just a carefully-constructed exaggerated swimming pool, already is in full use with the U. S. Army Quartermaster Corps as a big customer.

The Army is interested in providing fighting men with an ample supply and variety of fresh wholesome food.

Experts believe irradiation may be the answer.

The idea behind irradiation of food is to reduce deterioration and spoilage during handling and storage.

Researchers believe this best can be done by purifying food, then sealing it in airtight containers which will prevent it from becoming recontaminated.

Under these conditions, the food might keep indefinitely—or until the effect of radiation wears off—and when opened will be just as fresh, nutritious and appetizing as when it was packed.

EFFECTIVE

Tests thus far show clearly that such foods as ground beef, waffles, cooked ham and potatoes can be preserved effectively in this way.

In every case researchers have to find out by trial and error how large a dose of radiation will best do the job. Potatoes, for instance, keep well with 20,000 roentgens of radioactivity, but given too much they grow sprouts.

In other cases the taste and appearance of food is altered.

The new atomizing tank at Argonne, by speeding up research, will aid greatly in learning about and solving these problems. The pool itself is 20 feet deep and holds 55,000 gallons of water, which acts as a shield to protect handlers and as coolant to prevent the radiated heat from cooking the food.

The big question mark is the cost of such treatment. Estimates range from a fraction of a cent to 7 cents a pound, but, as an army spokesman pointed out:

Considering the added advantages it is within the competitive range of conventional methods of food preservation."

Pakistan Leader Resigns Position

Moslem League to Pick New Prime Minister for Asian Country

KARACHI, Pakistan (AP) — Pakistan was in the market for a new prime minister today. Mohammed Ali, government chief since April 1953 and close friend and ally of the West, resigned last night after his Moslem League party replaced him as its leader.

* * *

The League, which has controlled the government since Pakistan was created in 1947, named Finance Minister Chaudri Mohammed Ali at a five-hour meeting of the party high command. The Prime Minister at once presented his resignation to Acting Gov. Gen. Iskander Mirza, who asked him to continue in office until a new Cabinet is formed.

Anticipating a summons from Mirza, Chaudri Mohammed Ali approached Abdul Kasem Fazlul Huq, chief of the United Front party, and H. S. Suhrawardy, of the Awami league, about possible formation of a coalition government.

* * *

Western diplomatic observers in New Delhi viewed the developments in Pakistan as a consolidation of the strong positions assumed last year by Mirza and Chaudri Mohammed Ali. Western diplomats indicated some concern at reports that the Awami League might join the coalition.

Some Awami league leaders are opposed to U. S. military aid to Pakistan and have attacked the Western position in the cold war.

Rested Red Visitors Continue Farm Tour

MINNEAPOLIS, Minn. (AP) — Members of the Soviet farm delegation, refreshed by a day of rest, set out on another active day of study of the American farm economy today.

The delegation was scheduled to reunite here. Delegation head Vladimir Matskevich flew in from Texas yesterday. Three other members who visited Wyoming briefly were, according to John Strohm, American coordinator for the Russian tour, to arrive in Minneapolis today. Strohm said the trio flew into Rapid City, S. D., last night in a private plane and planned to continue the journey this morning.

The Russians in Minneapolis did not appear to be pertrubed by the demonstration by several hundred anti-Soviet Ukrainian-Americans yesterday in front of their hotel here. Members of a group which described "United Ukrainian-American Organizations of the Twin Cities" drove around the hotel in cars bearing posters with such slogans as "Beware of the Russian Smile" and stood about on the sidewalk near the hotel entrance for nearly an hour.

Many Korean Bonus Checks Still Unclaimed

Some 150 Korean bonus checks have yet to be picked up by the claimants, announced Maj. Gen. George C. Moran, adjutant general of the Michigan National Guard, today.

A Pontiac man, James Martin MacKay, who last resided at 591 Fourth St., was among the delinquent claimants.

Mailed to the veterans at their last known address, the checks have been returned to the Auditor General's office, pending further information from the owner as to his current address. Many of the checks are for men in other states and other branches of service.

To obtain their checks, veterans should write to the Auditor General of Michigan, Korean Bonus Check Writing Dept., Lansing. They should include their identification, claim number, and current address in their letters, Moran explained.

Applications for the checks must be in writing, and claims by telephone or personal appearance will not be honored.

Hawaiian Girl Stowaway Sees America From Jail

LONG BEACH, Calif. (AP)—"It was wonderful," said 16-year-old Joycelyn Joan Pilapil of her stowaway trip from Hawaii on a Canadian destroyer. "I'd like to do it again—only legally."

She patted a short boyish bob haircut and added, "I had it cut especially for the trip. I guess they'll send me back to Hawaii, but I don't want to go."

A chief petty officer discovered Joycelyn in the aft awning locker of HMCS Athabaskan one day out of Honolulu.

* * *

The brown-eyed girl of Portuguese-Filipino descent left a lipstick note for her parents. It said she was leaving because "Bill wants to take care of me and the baby."

The FBI met her upon arrival and she was taken to juvenile hall in Los Angeles. Today she will be arraigned on stowaway charges.

Questioned about the note hinting she was expecting a baby, Joycelyn told reporters:

"That was a fib. I thought if I made the folks think I was pregnant they wouldn't try to find me. There is a Bill, but I won't say who he is or where he is."

She said she served coffee and tea to the Athabaskan's officers, washed dishes and scrubbed the deck.

"They called me 'Butchie' and treated me like a little boy. I ironed a few shirts for them too.

"I had to climb along a stern rope to get on the ship and once I fell in the water and lost my shoes."

The Athabaskan's captain Lt. Cmdr. Charles Richardson termed the incident "regrettable." He told newsmen he doesn't know how she got aboard but doubted that she swam to the ship.

* * *

"She slept in the navigator's room while he bunked with a buddy," Richardson said. He said he didn't think any of his crew of 240 officers and men had anything to do with hiding her, but added, "I may have to swallow those words."

Slate Funeral Service for Actress Suzan Ball

HOLLYWOOD (AP)—Funeral services will be conducted tomorrow at 2 p.m. for actress Suzan Ball at the Church of the Recessional in Forest Lawn Memorial Park, Glendale.

Miss Ball, 21, wife of actor Richard Long, died of cancer Friday.

The services will be conducted by Dr. Louis H. Evans, minister-at-large for the Presbyterian Church.

To Name 13 'Baby Stars' Annually in Hollywood

HOLLYWOOD (AP) —Hollywood is reviving an old custom of annually selecting a group of "baby stars," a publicity idea that years ago brought prominence to such budding young film aspirants as Joan Crawford, Clara Bow, Dolores Del Rio and Loretta Young.

An organization known as the Hollywood Sponsors' Circle announced yesterday that it will choose 13 baby stars each year.

In the old days the baby stars were chosen by Wampas, an organization of publicists.

84th Congress Earns Presidential Praise

President Eisenhower's praise of the work done by the 84th Congress was well earned.

During his news conference the Chief Executive voiced his satisfaction with the excellent record made by the lawmakers in the field of foreign affairs. At the same time he was justified in expressing disappointment over the fact that his domestic program had been treated less kindly.

★ ★ ★

The truth is that the session just ended was marked by an unusual degree of co-operation between the White House and Capitol Hill. There also was evident in both Houses a commendable spirit of bipartisanship. This was especially the case in the Senate with respect to the Formosa Resolution, the Paris Treaties and the Austrian Treaty.

★ ★ ★

Both parties also backed the President's efforts at the Big Four Geneva conference. While the foreign aid bill was cut, it reached the White House with a large part of the funds he had asked. Including a three year extension of the Reciprocal Trade Act, majorities of both parties stood with the President on 31 of the 33 foreign policy issues on which votes were taken.

In domestic matters Congress not only rejected the President's highway bill, but the Democratic substitute. Left by the wayside because of controversy were the aid to education bill, statehood for Alaska and revisions of the Taft-Hartley, Refugee and McCarran-Walters Acts.

★ ★ ★

On the credit side Congress enacted a compromise military reserve bill, extended the draft for four years and renewed the Defense Production Act. It also raised its own pay and the salaries of postal workers, Federal judges and executive personnel.

The Nation should be gratified over a session marked by so many constructive results. For this much of the credit belongs to the President and his unusual ability to get along with a Congress controlled by the opposition party.

Family Farm Here to Stay

If you are among those who fear that large mechanized farms will result in the disappearance of the family type farm, forget it.

That is the message in an editorial in the August issue of *Better Farming*. Using facts gathered by Iowa State College, the magazine points out that savings from mechanization increase quite rapidly on family size farms up to 160 acres.

★ ★ ★

Above that size production-cost economies come more slowly. The report shows that a farm of 240 acres is large enough to realize just about all of the major reductions in production costs coming from size alone. Over 240 acres costs begin to increase again.

On the basis of the study it is concluded that the 160 acre farm will continue to the most common size in Iowa. At the same time it is expected that cost advantages will result in the gradual increase in the number of 200 and 240 acre units.

★ ★ ★

Finally, the good family type farm has proved its ability to grow with the opportunities that science and invention have opened up. It can be just as efficient as the big farm and should continue to be the sound foundation for American agriculture.

A United States citizen has the right to say what he pleases—and there is no law against tickling a mule's hind legs.

Britain's Malta Problem

Prime Minister Eden has called a round table conference of all parties to study Malta's request for representation in the House of Commons.

The arguments advanced on behalf of the 325,000 Maltese involve questions of colonial, administrative, legislative and military policy. It is pointed out that this island group has been a part of Britain since 1814 and that its air and naval base facilities are essential to British defense.

★ ★ ★

Malta's economy is entirely dependent on Britain and the people are dissatisfied with their colonial status. Yet their unprecedented request is based on a desire to retain all their ties with the United Kingdom and gain a direct voice in the management of their own affairs.

The results of affirmative action on this request could be far reaching. If Malta should get representation in Commons, so could other colonies and protectorates.

★ ★ ★

More important, from the British viewpoint, such a development might strengthen the Commonwealth. That no doubt is why Prime Minister Eden has received the proposal warmly and called it imaginative. No doubt, also, it explains opposition leader Attlee's advice to Parliament not to be afraid of setting a precedent.

Building Our City

Farm Lands Taken in as Its Boundaries Were Extended

Mother: In the good old days the only babysitter.

When the white man first located at the present site of Pontiac 136 years ago, the land in the first plat prepared by

Colonel Stephen Mack

of the Pontiac Company included only a small part of the present downtown section. As it spread out, the lands in the following farms were among those included in the expansion: Hodges, Mack, Judson, Callow, Osmun, Baldwin, Thomas, Stuart, Hotchkiss, McConnell, Taylor, Barbour, Draper, Thorpe, Norton and Tompkinson.

Also Carhartt, Perkins, Bacon, Herrick, Frost, Gee, Kelley, Chipman, Thurber, Brown, Sawtell, Parsons, Newton, Chamberlin, Perry, Paddock, Fewins, Lightbody, Thurston, Cross, Crofoot, Stout, Dawson, Donaldson and Voorheis.

Early expansions also included: Morris, Shelley, Sawtell, Ward, Palmer, Woodward, Seeley, Howard, Hickey, Jacobs, Beardsley, Gannon, Wisner, Downes, Close, Jacokes, Patterson and Wilcox.

Also Wyckoff, Walton, McCartey, Dunn, Cole, Phelps, Stage, Sterling, Peacock, Giddings, Barnum, Ducker, Galloway, Bigelow, Stanley, Williams, Smith, Lewis, Hopkinson, Mosher, Bradford, Frances, Bancroft, Southard, Peck, Todd and Reeves.

Included in the city's expansion to its present area were: Kemp, Loop, Bartlett, Dewey, Shattuck, Fuller, Grow, Compton, Whitfield, Bray, Windiate, Brodie, Dandison, Fleming, Kimble, Goble, Winn, Dewey, Fergason, Graley, Taft, Bishop, Fosdick, Waugh, Hadsell, Donelson and others.

There is only one automobile for every 700 feet of all the streets and highways in the United States. That ought to be room enough, hadn't it?

The newly elected president of the Oakland County Bar Association,

Edward J. Fallon,

points out that it is the second largest organization of its kind in Michigan, being exceeded only by that of Wayne County. By the way, MAT hears that it is doing a good job to keep the philosophy of law and legal jurisprudence on a high level.

Answering a letter from Lake Orion, signed

"Wee Wondering Willie,"

my encyclopedia says that a "seven day wonder" is a person or thing which causes a great sensation for a few days, and then passes into the limbo of the forgotten.

Fifty years ago the Michigan Legislature passed a law, later repealed, that provided a $25 fine or 90 days in jail for "making, selling, bartering or giving away cigarettes or cigarette paper."

A communication to the effect that last year's campaign for greater courtesy by the sportsmen toward land owners had good results comes from

Frank E. Burch

who had charge of the movement. He says that one million copies of the 1955 game laws digest soon will be distributed, in which this Golden Rule movement is further stressed. The principal theme is

"Always Ask the Farmer First,"

and Mr. Burch says that at least 98 per cent of the hunters always do this.

Who'll Launch the First Traffic Cop Into Space?

David Lawrence Says:

Red China Troops Must Evacuate Korea to Admit Pieping Government to U. N.

WASHINGTON — Unless Red China withdraws its troops from North Korea and agrees to a plan for the unification of the whole country under the auspices of the United Nations, there is no possibility even of considering the admission of the Peiping government to the U. N.'s Security Council.

This is the plain meaning of a pointed comment by President Eisenhower at his press conference last week the words of which were reported though their significance was generally overlooked. Here is exactly what the President said:

"Now several times I have stated that as long as Red China is branded as an aggressor by the United Nations, which it still is, due to the fact that its armies are still in Korea, we have no choice of our own, and I don't know how the United Nations has a choice of its own.

"There are other outstanding complaints which I have outlined time and again, and I have no idea that under existing circumstances, there would be a change of the kind you indicated in our policy."

The President originally used the phrase "Branded as a dictator by the United Nations" but corrected himself later by saying he had intended to use the word "aggressor." His questioner had inquired specifically as to American policy toward Red China commenting that "generally the atmosphere seems to be one in which people now think there has been a change in the attitude of our government toward the possible recognition of the legitimacy of the Chinese government, that is the Chinese Communist government."

PRINCIPAL POINT

It is important to note that while Mr. Eisenhower referred to other "complaints" against the Red Chinese he made his principal point the presence of Red China's troops today in North Korea. His argument was that Red China not only had been branded an aggressor by the United Nations but "still is due to the fact that its armies are in North Korea."

This, in the President's view, gives neither the United States nor the United Nations any other choice but to bar the way to the admission of Red China. It is a consistent position. It means that admission is being denied not on the basis of the kind of government established ideologically by the Communists at Peiping but on the kind of government that exists as an external menace—a government that not only has refused to honor international obligations in the treatment of foreign nationals but also has refused even to acknowledge that it sent its armies into Korea.

The specious claim is still made by Peiping that only "volunteers" went to Korea and intervened—more than 1,000,000 of them. Since that claim was made, the Soviet Union, a member of the U. N., has publicly stated that it supplied arms and ammunition to the Red Chinese to help fight the war in Korea.

A little more than a year ago a Big Five Conference was held at Geneva at which Red China's foreign minister, Chou En-lai, was present. He made a speech denouncing the U. N. and declaring emphatically that Red China would not accept U. N. auspices in holding elections in Korea. He characterized the Western nations as "aggressors"—a view incidentally which the supposedly neutral and disinterested Krishna Menon of India appears to share. Small wonder he is popular in Peiping.

Mr. Eisenhower has dramatically called attention to Red China's status as a continuous aggressor. Most people may have forgotten that originally a United Nations commission was sent to Korea and recommended that an independent government be set up and that the Russians as well as the United States withdraw their troops stationed there as a result of World War II. America did and so did the Russians in 1949 but the Communists then set up a puppet government in North Korea. There may be some theoretical argument for the existence of a North Korean army as an internal faction but there is no valid basis whatsoever for the presence today of a Red China army in North Korea or its occupation of any Korean territory since October 1950. Yet such a realistic fact is overlooked by European governments which are urging the unification of Germany but seem willing to abandon the task of unifying Korea even though this mission was specifically entrusted to the United Nations.

Few Young Folks in U. S. Learn Breathing Anatomy

By WILLIAM BRADY, M. D.

Physiologists find that so far as oxygen intake and carbon dioxide output are concerned, normal or natural breathing is automatically regulated or controlled and there's nothing one can or should try to do about it by "deep breathing," "chest expansion" or inhaling oxygen from a tank.

That is so true that even I, for once, bow to the authorities. When they're right they're very, very right—but don't relax just yet, for her comes Ol' Doc Brady with his inevitable:

Yahbut, all that applies to natural or normal breathing and not necessarily to the breathing of most Americans. Few young Americans learn anything in school about the anatomy and physiology of breathing.

Indeed, few high school or college graduates other than medical could tell you offhand how the diaphragm works. Because their (physical) education has been neglected. Most knuckleheads imagine breathing capacity depends upon expansion of the chest.

Formerly even insurance companies required medical examiners to record the chest expansion of the candidate for life insurance. The absurdity of this was impressed on me soon after I began practice.

2-INCH EXPANSION

I had to examine some two dozen young men who had applied for insurance. Most of them had a chest expansion of approximately two inches. One was an exception. He was the Adonis type, though somewhat effeminate. He had followed some mail-order self-development course then on the market, and he proudly demonstrated his five-inch chest expansion. However, he was the only one of the group who failed to pass the medical examination. He had incipient pulmonary tuberculosis.

* * *

The tape measure is no longer used to determine the state of health or physical fitness, but the chesty complex still satisfies the Yankee notion of physical education.

To get a good practical lesson in breathing observe a horse that has just finished a race, or a savage who has not been exposed to civilization, or any one who is fast asleep or unconscious from anesthesia or other cause. He breathes with his belly. What I call Belly Breathing.

Of course it is diaphragmatic, but there is so much confusion concerning the diaphragm and how it works that I'll call it belly breathing, with a reminder, to those who refer to legs (feminine) as "limbs," that the term belly is derived from the Anglo-Saxon belg, meaning bag or bellows. For How to Breathe, 50-page booklet, send 25c and stamped, self-addressed envelope.

Signed letters, not more than one page or 100 words long, pertaining to personal health and hygiene not to disease, diagnosis or treatment, will be answered by Dr. William Brady if a stamped, self-addressed envelope is sent to the Pontiac Press, Pontiac, Mich.

'Neighbor' Cites Disregard for Health, Sanitation Law

Letters will be condensed when necessary because of lack of space. Full name, address and telephone number of the writer must accompany letters but these will not be published if the writer so requests unless the letter is critical in its nature.

It is quite obvious in the Virginia Avenue neighborhood that there is a health and sanitation law in regards to burning of garbage and rubbish which is abused.

At no time should you burn garbage. Rubbish should be burned only after 6 p.m. And only odorless rubbish. It isn't very pleasant for families, especially for families when we must have windows open. And most people like a white, fresh-smelling laundry.

I see no reason for anyone to burn anything, since we have such good collections of garbage and trash. Maybe the city should make known these laws to the people.

A Neighbor

'Can You Top This Record of Ambulance Driver?'

I am wondering if perhaps we have a man here in Oxford who holds some sort of record. He has driven an ambulance for the past 16 years without a single accident.

He has always delivered his patients quickly and protects their lives en route as well. He doesn't drive an ambulance solely for excitement or prestige, but does his job very conscientiously. When you hear his siren you know it is an emergency.

I would like to know if anyone else can best this record.

Housing Credit Tightens to Forestall Inflation

By MERRYL S. RUKEYSER
INS Economic Commentator

The recent tightening of housing credit terms by the Federal Housing Administration and the Veterans administration were in the spirit of the admonition by the late Paul M. Warburg, intellectual father of the Federal Reserve System, who once remarked that the way to avoid a bust is to "sit on the bulge during a boom."

Likewise, for some time the Federal Reserve Board has been letting interest rates firm up a little.

* * *

The recent housing maneuvers have been chiefly of symbolic significance. Thus, the Veterans Administration, stopping the unsound procedure of "no down payment" requires at least two per cent, and the FHA has raised minimum initial deposits from five per cent to seven per cent of the appraised value of the insured home on the first $9,000 and from 25 per cent to 27 per cent of the amount above $25,000.

Likewise, the maximum time for repayment has been reduced from 30 years to 25 years.

The recent tightening followed hints from Secretary of the Treasury George M. Humphrey and Arthur F. Burns, chairman of the President's Council of Economic Advisers, that such steps would be taken.

The housing industry thinks the mortgage period shortening will have a restraining effect on demand.

In more abstract terms, the new financial pattern will cause fresh orientation among prospective homeowners. The change will tend to make the buyer look more to the intrinsic desirability of the property itself and less to the ease of credit terms.

LOOK BEYOND MOMENT

The nation's financial and credit leadership must of necessity put itself above the momentary clamor. In respect to long-term policy, central banking and other public authorities should convey a message of restraint near the top of a boom, and conversely should breed optimism after a shakeout.

This is far more constructive than emotional banking which tends to become increasingly liberal during an inflationary boom, and unreasonably tough when and if the national economy takes a step backward.

Those who are looking at the economic picture in terms of the greatest good to the greatest number need to be objective.

If they are overly generous, they may bring about a surfeit, which in time would depress not only the value of residential properties themselves but also of the mortgages in the portfolios of financial institutions based on such structures.

KEEP ECONOMY BALANCE

With current employment and economic activity on a high level, it is desirable to seek to perpetuate circumstances and conditions conducive to enduring economic health.

The objective should be to keep the national economy in balance, so that the great producing groups in industry, agriculture and the service occupations can keep one another employed by interchanging the products of their labor. One basic problem is to keep farm income in a balanced relationship.

The raising by the Federal Reserve of margin requirements on stock transactions, while causing a momentary desire to stop, look and listen, did not change the trend. In due course the rise was resumed, but the upturn was not artificially stimulated by excessively easy credit terms.

* * *

Apart from legislation and credit administration, there are other factors involved in continuing good times. Labor unions and employers should relate their bargaining terms to the impact on raising costs and selling prices. Sometimes an appeasement attitude on the part of management, eager to avert work stoppages, may contribute inflationary pressures. On the other hand, the management of Safeway Stores, Inc., in Westchester County, N. Y., have been closed for weeks because of a dispute with the union over labor rates.

Case Records of a Psychologist

Unwed Mother-to-Be,15, Failed to Play Game of Life According to the Rules

Dora fulfills the classical "Dumb Dora" description. She read this column regularly, but disregarded its frank advice. She ignored the wise counsel of her parents and spent 18 months in reform school. Now she has disregarded her previous bitter lessons and has the biggest bitter pill to swallow.

By DR. GEORGE W. CRANE

Case P-307: Dora D., aged 15, presents a very common problem.

"Dr. Crane, I don't get along with my parents at all," she began, "and I have been running around a lot lately.

"I should tell you I was in a reform school for 18 months. But I have been home again for six months now.

"But I find I am pregnant and I don't know what to do. The father of my baby is 24 and unmarried. Should I tell him?

"This is a small town and I have lived here all my life, so what can I do to prevent people from learning about my case?

"It will break my mother's heart when she finds out."

JUVENILE DELINQUENCY

Please note that Dora started her confession by saying she didn't get along with her parents.

That's because they told her the correct dope, but she was so smart alecky she thought they were old-fashioned.

A lot of attention is now being directed to the errors of parents in cases of juvenile delinquency, and often quite wisely so.

But you wayward teenagers can't pass the buck so glibly to your parents when the results show your failure to get along, was due to your own bullheaded disregard of tested rules of human behavior.

No wonder Dora didn't get along with her parents. She violated their rules, and got sent to the reform school for 18 months.

After her return, they told her to be home at 10 o'clock at night! Again she disregarded their sane advice and stayed out late.

WARNING IGNORED

They warned her against undue necking and heavy petting parties. She went against their mature

recommendations.

So if Dora didn't get along with her parents, is it their fault or her own?

You teenagers better discuss this case in Sunday school. Debate it.

Life is a game. It has just as definite rules as those for baseball and football, basketball or golf.

In basketball, after you make five errors, you are yanked out of the game entirely.

* * *

In life, if you make a lot of little errors that you can cover up, you may still stay in the game a little longer.

Ultimately, however, you'll make a bigger error which catches the attention of the faithful policeman.

FOLLOW RULES

Or, like Dora, you'll get pregnant and the whole town or village will soon know you refused to play the game of life according to the rules.

"But I didn't know the rules," Dora feebly protested, but she knew she was fibbing when she tried to tell me that.

"You did know the rules!" I firmly replied, "for you say you have been reading my column in your home town newspaper for years.

"And I have given you the rules, quite frankly, so this is one time when you can't escape censure for stupidity and wilful folly."

I have cited hundreds of cases of teenage problems in this daily educational column.

* * *

In them, you have learned that you should not drink liquor or even smoke.

You should refrain from dishonesty and thievery. And you should not indulge in sexual relations till after marriage.

But a lot of you teenagers take a drink because you are either afraid you'll be laughed at, or because you think it makes you seem a "big shot."

It doesn't; It is a sign of a juvenile outlook. Cowards and inferiority complexers drink.

No person who is both intelligent and courageous ever drinks. And that goes for a lot of you supposedly sophisticated parents, too, who set a poor example for your teenagers.

Always write to Dr. George W. Crane in care of The Pontiac Press, Pontiac, Michigan, enclosing a long 3c stamped, self-addressed envelope and a dime to cover typing and printing costs when you send for one of his psychological charts.

'New York Is So Nice to Come Home to--'

By PHYLLIS BATTELLE

EN ROUTE TO N.Y.C. (INS) — The most joyous time in any journey is the coming home.

It's the tired time, the placid time, the time when you can't wait to see Joe, the aware time when you realize that home is blessed after all, like the sampler in the bedroom says.

You were curling your fist at the old joint when you left. How could you?

It is particularly heart-warming, I think, to return home if your home happens to be New York City.

This is because—when you live in the big monster—you feel not only that you need it once more, but that it needs you. You get this feeling on a trip because, like as not, you have spent many of your frittered hours defending the city.

People who live in the cool shade of mountains ask how can you stand it? People on the warm plateaus of the West call you crazy. In fact, just about anywhere outside the busy, tugboat-traveled moats that bound Manhattan, people pick on your home.

"Bet you never see anything like these rock bass back in New York!" the lake people charge. "When you hit that heat in New York, you'll wish you were back!" The hill-dwellers hint. And your city-bred heart bleeds.

New York suddenly becomes your little half-witted child—to shield and protect, to love the more because these big bullies are taking pot shots at you. You want to rush home to make sure it hasn't a black eye to match its dirty feet.

"Well," you say wistfully, "I know you think Im crazy, but I call New York a fine place to visit and the only place in the world to live."

Yep, they agree. You're crazy, all right.

As I coast toward home now in this Northwest Airlines stratocruiser, with the polite men and chic ladies sipping cocktails in its big belly-lounge, I feel "civilized" for the first time since I pioneered up to Alaska.

The men are all wearing ties. Never thought much about ties, but now I realize I missed them in pioneer-land.

The women are lovely. Never thought much about women either, being a normal male-lovin' female. But I missed their refining touch in Alaska.

To the front of the plane are three clean rest rooms. (Private, they are.) This is a luxury that no amounts of Polar peaks and mirrored lakes can quite make a city-liver forget.

Underneath are the usual patchworks of neat little fields—beautiful in the symmetry, but chiefly interesting because you know (Northwest has a map in the pocket to prove it) that these squares and rectangles of blue, green and sun-bleached gold are leading into New York.

Soon the fields will be monotoned in the haze. And then the long, gray rivers will appear. And then the sun will be shining on Long Island Sound on one side, and the city will appear like a model town made from a shiny erector set on the other.

The giant stratocruiser will coast down, and you will have to stop smoking for a few minutes, and the person on your right will likely say "Boy, it looks hot here," and you'll smirk and say that's okay, there are lots of air-conditioned places handy. This person will then look at you as if you were crazy but, as the wheels slip onto the runway, it will not make one small ounce of difference what he thinks.

For you have left the mountains, valleys, fields and lakes behind and hello, old New York—you hot, humid, maligned and beloved city—I am home.

Talbott to Be Honored With Air Force Parade

WASHINGTON (AP) — Harold E. Talbott, the retiring Air Force secretary, will be honored with an aerial review and parade at Bolling Air Force Base here next Thursday.

Gen. Nathan F. Twining, Air Force chief of staff, will be host at the ceremonies.

Talbott resigned effective Aug. 13, after a Senate investigation of his outside business activities.

Queen Contest to Open Annual 4-H Fair Tomorrow

(Continued From Page 1)

in 4-H club work. In addition, they also must have at least one summer project.

Local judges will select the queen, who will wear a cotton dress.

Judging will get under way in earnest at 9:30 a. m. Wednesday, and the home economics exhibits are studied. Judging of dairy classes and general exhibits will also begin then, so that the winning projects and animals will have their titles throughout the remainder of the fair.

Pontiac Press Photo

FOR THE BIRDS — Assembling poultry cages for one of the exhibitions are Donna Terry, 13, and Jackie Terry, 15, of 2615 Featherstone Rd. They are both members of the Galloway Lake 4-H Club, and will be participating throughout this week in 4-H fair activities.

After a 1 p. m. archery contest, the dairy showmanship will be held at 2:30 p. m. This popular event is usually one that draws a good share of those at the fair.

Following a 3 p. m. baseball game between the Lucky Leaf and the Think and Do clubs, at 7:30 p. m. the clubs will parade.

Floats of the clubs will come in for judging then, by a panel of three judges. First prize is $20, with $15 for second, and $10 for third.

The winner will be determined on the basis of originality, attractiveness, and thought pertaining to 4-H, agriculture, citizenship or patriotism.

Another highlight of the Wednesday evening activities is the rollicking pig scramble.

Club members 14 years old vie to capture young sows. Winners agreed to return one young sow from the future litter for the pig scramble next year.

The following judges have been announced:

Beef, John Kendall; general exhibits, Glenn Summerfelt; dairy cattle, Albert Kessler; hogs, Kendall; sheep, Frank Williamson; dairy showmanship, Kessler; beef showmanship, Kendall; flowers, and gardening, Mrs. Russell Thompson; poultry, Victory Clayton.

Selecting the top animals in the hogs and sheep classification will take place at 9:30 a. m. Thursday, with beef judging scheduled for 1 p. m. Beef showmanship will be at 2:30 p. m.

The dress review, always well received by both 4-H members and area residents attending the show, will take place at 8 p. m. Wednesday.

Last year 97 4-H girls participated in the event, modeling their own designs. Pat Render of the Bloomfield Club took top honors.

Gov. G. Mennen Williams has praised the county fair project, as very worthwhile.

"In a highly technical and industrial society, many people tend to lose sight of the indispensible contributions of the farmer," Williams stated in a letter.

"It is more than fitting that your county has decided to hold an annual county fair to insure that our Michigan citizens are made aware of the vital role of the farmer.

"The county fairs have made great strides in improving the standards of our Michigan agriculture production. Excellence has always been the by-word of this great event and this excellence has had its impact throughout the state.

"It is my hope that all of you who visit the fair to see our products will also enjoy the great recreational facilities offered there.

"Best wishes for a successful and satisfying fair," the governor concluded.

"Although primarily designed for the boys and girls in our club work, a well-balanced fair has been possible through the cooperation of merchants and dealers," fair manager John Bray stated.

"Our 4-H fair has grown into an all-community fair," he added.

On the mechanical side of farming, the annual tractor field day is scheduled for 1 p. m. Friday.

A trophy will be awarded in two classes, for plowing and tractor operating contest. Included in the operating contest is driving, backing, and spotting. Also counted are backing a four-wheel trailer, and belting up.

Second prizes in both sections will be $8, and $5 will go to the third place winner.

A machinery parade will be held at 7:30 Friday, showing the latest in mechanical farm equipment. This will precede the 8 p. m. amateur program, and the riding demonstration which is planned for 9 p. m.

An all-day horse show is slated for Saturday, with judging established for 9 a. m. All exhibits will be dismissed at 4 p. m.

G. S. McIntyre, director of the state Department of Agriculture also has offered best wishes for the 1955 fair.

"Since the earliest beginnings of agriculture in Michigan, fairs have been an important factor in the development of better farm methods and the promotion of better ways of life for everyone," McIntyre has written.

"In 1955 the quality and number of exhibits of agricultural products, handicraft, household arts and others would defy the imagination of the earliest sponsors of our fairs. And the types of machines designed to do the job of farming quicker and cheaper point to the inventive genius that through the decades has made American agriculture the envy of the world.

"Your fair is for your enjoyment and enlightenment. It offers much for young and old, and reflects great credit to the civic-minded people who gave unselfishly of time and effort to make it what it is," he concluded.

Last year's fair drew some 50,000 people, with rain cutting the attendance on the last day.

This record stands to be broken if the mounting interest in the 4-H fair continues.

UP IN THE AIR — John Lesster of Lake Orion is really up in the air over the fair, but only because he's working on one of the many booths that will be used. Richard Foster of Clarkston, a member of the East Orion 4-H Club, steadies the ladder. Besides the numerous judgings of animal entries, there is also a pig scramble, and a 4-H beauty queen contest. The beauty contest is scheduled for Tuesday night.

STEADY, THERE — Building one of the pens for the animal exhibits at the fair are Ken Smith and Jim Waid, of South Lyon. They are members of the Nu-Ly-Wix 4-H club. Most of the 2,200 club members have something to show at the fair for their year's work. Annual projects come in for study by the thousands of Oakland County residents who attend the five day outing annually. John K. Bray, assistant county agricultural agent, is fair manager.

HOLD HER, LARRY — Marvin Scramlin (right) tells his brother Larry to hold up the top of the table, as he steadies the supporting saw horse into position. Members of the Oakhill 4-H Club of Holly, the boys, along with numerous other 4-H club members from across the county, turned out at the 4-H fairgrounds yesterday to complete preparations for the annual fair which opens Tuesday. A variety of homemaking and farm displays will be exhibited on benches in tents on the grounds.

Ionia Free Fair Opens

IONIA (AP) — Michigan's second largest exhibit, the 39th annual Ionia Free Fair, opened Monday with officials predicting the fair will draw more than the estimated 200,000 persons it has averaged in recent years. A crowd estimated at 10,000 attended a preview Sunday at the fairgrounds.

'Red Flannel' Sets Day

CEDAR SPRINGS (AP) — Michigan's "red flannel" town has scheduled next Thursday for its annual Farmers Day celebration with a day-long program of events including a horse pulling contest, hot rod races, stock judging, ball games, a rodeo and a parade.

10 Minutes Each Day Keeps the Flab Away

LOS ANGELES (INS)—A UCLA professor specializing in physical education thinks "city dweller's flab" can be easily controlled.

Dr. Laurence E. Morehouse, who at one time directed the physical fitness program at West Point, maintains that two 10-minute exercise sessions a day can keep the average adult in good trim.

He says toe-touching, deep knee bends and other conventional calisthenics actually do more harm than good, especially early in the morning when muscles are at their flabbiest.

Dr. Morehouse says these four exercises will turn any short-winded commuter into a well-conditioned athlete in short order.

1—Vigorous warmup exercises for several minutes such as running in place.

2—Stretching exercise for neck and lower back.

3—Arm and shoulder exercise such as pushups from floor, wall or table.

4—Abdominal toning exercise such as slow leg raising from a prone position.

Center of gravity in the human body is slightly to the right.

State Chooses Legion Head

Name Donald J. Smith Unanimously; Auxiliary Elects President

DETROIT (AP) — A farmer, who also is an Air Force veteran of World War II, is the new commander of the Michigan Department of the American Legion. He is Donald J. Smith, of St. Johns.

Smith won unanimous election as two other commander candidates withdrew in the closing session of the 1955 state Legion conventon yesterday. Withdrawing were Charles W. Synder, of Detroit, and Harold L. Willard, of Edwardsburg.

* * *

The Legionnaires went on record against federal aid for education and admission of Communist China to the United Nations. And they adopted a resolution favoring the so-called Bricker Amendment to limit the U.S. President's treaty making powers.

Lansing was chosen for the 1956 convention, to be held Aug. 2-5. It will be the Legion's first convention in the capitol since 1935.

The Legion Auxiliary chose Mrs. John E. Starkey, of Detroit, as its 1955-56 president.

The number of marriages in the United States is likely to remain at a low level in the next few years because a large number of those eligible for marriage were married in the years immediately after World War II and because depression years produced smaller number of babies who are now coming to marriageable age.

Woman's Body Is Discovered

Wife of Auto Dealer Found Shot to Death in Kansas Pasture

KANSAS CITY (AP)—Discovery of the nude body of Mrs. Wilma Allen, 34-year-old socialite, touched off an intensive two-state search today for her killer, possibly a sex maniac.

* * *

The body was found in a pasture 20 miles southwest of here yesterday, three days after she mysteriously disappeared while shopping in Kansas City. She had been shot twice in the head and her hands were tied behind her back with a pink scarf.

She was the mother of two young sons. Her husband is William R. Allen, wealthy automobile dealer.

Officers in Missouri and Kansas believed her death could be attributed to a sex motive. Robbery, however, was not ruled out. Her rings were missing and her purse, found several miles from the body, was empty.

* * *

Officers said puzzling aspects of the case included:

Why the killer placed nearly all of her clothing in the trunk of her car. The bloodstained car was found last Friday near Kansas City's Union Station.

Why the body wasn't hidden.

Why her car was parked beneath a viaduct near downtown Kansas City.

Why the purse was discarded on a roadside where it could be easily seen—if the killer were trying to cover his crime.

Forest Fires in 5th Month Worst in Ontario History

TORONTO (AP)—An army of more than 4,000 men, including volunteers from all walks of life, is fighting the worst forest fires in the history of Ontario.

Already millions of dollars in timber have burned. Despite the efforts of the fire fighters, only heavy rains can end the destruction.

The fires first sighted April 1, are in their fifth month. Upward of 125 separate blazes have laid waste more than 200,000 acres. Daily from 10 to 15 fires are reported raging out of control.

IN A POTTERY TOWN IN OLD MEXICO—1

Pancho Makes the Pottery

In many small towns in Mexico everyone makes pottery to be sold in the markets of the larger towns.

Whole families work together making the pottery. They bring home the clay, roll it into a fine powder, and then mix it with water into a soft lump.

Pancho calls himself "Alfarero Fino," meaning he is a fine potter. He sits on the stone floor of his patio. A crude potter's wheel is between his feet. The upper disc turns on the lower, and Pancho moves it with his toes.

Here's Pancho at work. Paste this picture on cardboard. When it is dry, color it with crayons. Pancho has a brown skin, white shirt and blue trousers. His straw hat is yellow, with a band of red, white and green. The paving stones are light tints of pink, blue and yellow. The unbaked pottery is light gray, the wheel brown and the sign bright red.

Cut out the figure. Cut out the separate arm and attach it to the figure wih a small brass fastener at the places indicated. Now the hand will smooth the clay bowl on the wheel. Cut out the hat, make the slit in it as shown, and put it on Pancho's head.

Fold the left side panel forward. Fold the floor tiles forward and the figure will stay upright.

New Investment Brochure May Aid Busy Executives

By SAM DAWSON

NEW YORK, (AP)—Seems there are a number of people in these prosperous times with troubles like this:

* * *

They have a goodly sum of money coming in. They'd like to put it into securities. They are too busy to keep the required watchful eye on a stock pro portfolio. They'd hire the services of a professional investment counsellor. But they aren't sure how to select one.

The growing business of furnishing "how to" guides has now got around to this subject.

The American Institute of Management will soon issue for its members a "How to Choose an Investment Adviser" brochure. It is aimed particularly at business executives and others who see securities as one means of building and maintaining income in the face of heavy personal taxes.

* * *

Some companies forbid their executives to dabble in stocks because to do so successfully would take too much of the company's time. Other executives don't want to take the time. And some don't have the necessary confidence.

Forty two firms specializing in such service are listed by the Institute as members of the Investment Counsel Assn. of America. Fifteen have offices in New York, and one or more are located in 13 other cities. They are distinct from advisory services, or brokers' customers' men, or trust departments of banks.

Many advisers to individuals won't deal with accounts under $100,000. Their fees usually range from ½ of 1 per cent for handling a portfolio of that size to ⅛ of 1 per cent if the portfolio contains securities valued at six million dollars, or more.

* * *

Some counselling firms, however specialize in small accounts. Their fees usually range from 1½ per cent for a $5,000 portfolio to 1¼ per cent for one above $20,000.

The institute has some general words of warning. It believes that "far too many men of inferior caliber can, today, find their way into this potentially lucrative field without training or probing search of moral character, and with little public supervision."

The successful counselor? The Institute says: "His strength lies in ability—resulting partly from his own inquiring mind—to interpret developments before even industry itself has perceived their meaning."

And the best way to judge this ability is by checking the results of following a counsellor's advice over the last 10 years, say.

Nearly every member of the Chalkmas tribe of southeastern East Pakistan smokes tobacco. The native leaf is used by children as young as four years.

Accused Slayer of 4 Goes on Trial Today

McALESTER, Okla. (AP)—Dr. Ben T. Galbraith, blocked yesterday in his fourth suicide attempt, goes on trial today for the murder of his wife and three small children.

* * *

The 34-year-old heart specialist was reported in fair condition after trying to take his life at Pittsburgh County Jail. He was found in a blood-spattered cell, both wrists cut with a sliver of glass.

A note in the cell, written on school theme paper, read:

* * *

"It's just too much. Even after this trial there would be three more. That's just too much. It's too much for me and it's too much for my family. It's more than I can face." The note was not signed.

Galbraith is accused of the March 17 slaying of his wife Kitty, 34, and their children, Frank, 7, Jere, 5, and Sarah Ann, 4.

Announce New Way To Shrink Painful Piles

Science Finds Healing Substance That Does Both—Relieves Pain—Shrinks Hemorrhoids

New York, N. Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids and to relieve pain—without surgery.

In one hemorrhoid case after another, "very striking improvement" was reported and verified by doctors' observations.

Pain was relieved promptly. And, while gently relieving pain, actual reduction or retraction (shrinking) took place.

And most amazing of all—this improvement was maintained in cases where doctors' observations were continued over a period of many months!

In fact, results were so thorough that sufferers were able to make such astonishing statements as "Piles have ceased to be a problem!" And among these sufferers were a very wide variety of hemorrhoid conditions, some of 10 to 20 years' standing.

All this, without the use of narcotics, anesthetics or astringents of any kind. The secret is a new healing substance (Bio-Dyne®)—the discovery of a world-famous research institution. Already, Bio-Dyne is in wide use for healing injured tissue on all parts of the body.

This new healing substance is offered in *suppository or ointment form* called *Preparation H.*® Ask for individually sealed convenient Preparation H suppositories or Preparation H ointment with special applicator. Preparation H is sold at all drugstores. Satisfaction guaranteed or money refunded.

Slate Sales Confabs Via Television Now

NEW YORK (INS)—Sales conventions and staff conferences via television isn't a science fiction day dream—it'll be here in 1957.

A new office building will rise on New York's Park Avenue and plans call for a closed circuit television system, equipped for color.

The building will be equipped to both transmit and receive closed circuit programs. This will allow for such "futuristic" innovations in business techniques as inter-city staff conferences that will simultaneously link participants in hundreds of cities throughout the country.

The air-conditioned structure being built for Seagram and Sons, should be completed by 1957, and will also have such features as modern projectors for TV and film screenings and public address systems. It will reach 38 stories into Manhattan's skyscraped air.

Aussies Convert Sabrejet Plane

Airmen Add New Motor Making 'Best Fighter' in World Today

NEWCASTLE, Australia (INS)—Australian airmen have taken the U. S. Sabrejet of Korean war fame, "jazzed" it up with a Rolls-Royce jet engine, and produced what they call "the best fighter in operation on the Western world today."

* * *

Spokesman for the Royal Australian Air Force admit, however, that once America's new F-199 Super-Sabre becomes common in fighter units, it will win the laurels they claim for their own creation now.

What Australia did was simply fake the Sabre air frame, make minor revisions, install a Rolls-Royce Avon jet engine, and discovered they had, for the same weight, about 1,000 more pounds of thrust than the original Sabre.

The plane itself looks the same as the standard American Sabre.

Only an expertly trained eye would detect the fact that the jet intake is about 30 per cent larger, and that twin 30 mm cannon have been installed instead of standard U. S. 50 caliber machine guns.

SAME WEIGHT

The plane weighs the same, an Air Force spokesman said, yet it produces 7,500-pounds of thrust as against the 6,400-pounds produced by the Sabre which scored a 14-1 kill ratio over Communist MIG-15 jet fighters in the Korean War.

The Aussies feel they have also solved a major gripe among Sabrejet pilots: the comparatively slow rate of climb of the heavy fighter.

Now, an RAAF spokesman claimed, the new Avon-Sabre "can climb with anything in the air and can match the MIG-15 for sure." Actual performance records, however, are classified.

The Australians favor cannon rather than U. S. style machine guns because they feel an explosive cannon hit is surer to bring a plane down.

* * *

The spokesman explained: "hit with one of those (explosive cannon shells) and no plane is going to limp home. He's going right into a dive or a spiral from the spot he was struck."

Geese are known to have flown at 29,000 feet altitudes.

Sunburn Pain Disappears Smooth Tan Emerges Without Peeling or Blistering

Science Discovers New Ointment That Instantly Stops Pain of Sunburn... Turns Redness Into Comfortable Tan

New York, N. Y. (Special): A leading research institution has discovered a new medical substance that instantly stops pain of sunburn... and prevents blistering or peeling, so angry redness may turn to handsome, comfortable tan.

Doctors know that sunburn affects skin just as any ordinary burn does. They also know the body needs oxygen for healing burns. The secret of this new substance is its astonishing ability to draw healing oxygen and nutrients directly from the bloodstream into the sunburned area. Thus, the sunburned skin heals completely and, except in unusual cases, smooth tan emerges.

This substance is known as *Sperti® Ointment*. Sperti Ointment does not sting or stain. It is now sold at all drugstores for 98¢ a large tube. Buy Sperti Ointment with the amazing guarantee that your sunburn will turn to a handsome tan, or your money is refunded.

Warden Says Many in Prison Unduly

IONIA (AP) — Dr. Garrett Heyns, warden of the Michigan State Reformatory, says a third of the 250,000 inmates in federal and state prisons shouldn't be there.

Heyns told the National Probation and Parole Assn. that this third of current cases should have been handled by probation or other treatment at the community level.

Another third of the inmates, he said, have relatively simple problems that can be taken care of in time. He termed the remaining third "hard core cases" that require long confinement.

Heyns, former president of the American Prison Assn., said that prisons "were not meant to prevent crime, but rather to prevent recurrence of crime."

Bob Considine Says:

Brazil Has Everything--Including Coffee

RIO DE JANEIRO (INS) — Texas, as every Texan knows, is bigger than the United States. Brazil is the size of the United States plus Texas.

There are serious students who believe it was discovered by the Phoenicians, kinsmen of the ancient Israelites. Why else then, they argue, was a tributary of the Amazon named after Solomon?

* * *

For most scholars, however, Brazil's first white man was the Portuguese Admiral Pedro Alvares Cabral, who arrived in 1500.

The country has been generally underestimated and untapped ever since. The Europe of the Sixteenth Century was interested in it only because of Brazilwood (a dye source) from which the huge nation drew its name.

Gold discoveries came later and if Brazil's forty niners had not been content to stop where they found the stuff, Brazil today would span South America.

When Napoleon breathed heavily on Lisbon in the early 1800's, the Protuguese royal family sailed to Rio and ruled their world empire from there. They returned after Waterloo, leaving behind Dom Pedro as regent.

Pete promptly declared Brazil a sovereign state and himself the boss. Things stayed that way until 1889 when a Republican government, along our lines, was set up. There has been universal suffrage since 1946.

BRAZIL HAS IT

Name what you want in Brazil and most likely it's here. Sao Paulo, with more than 2,500,000 people, has a skyline that parallels New York's in spots, and the industrial potential of Detroit or Pittsburgh. But there are many hundreds of square miles in the Mato Grosso where life is as primitive as when men lived in caves.

Lumbermen say that the Amazon area alone has enough timber to take care of all the needs of man from now until 2500 A.D. The country's geographical heart is made of iron—a mass estimated at 13,000,000,000 tons, about one third of the world's known reserves. Brazil has two mountains of solid ore. Uranium in quantity has been found in Brazil, gold, silver, jewels, oil, platinum and the quartz crystal in your Hi-Fi.

Brazilian castor oil lubricates our jet planes. Countless thousands of U.S. secretaries use carbon paper made possible by Brazil's Carnauba wax. And, of course, there is coffee.

The recent freeze killed some incredible number of coffee plants, but Brazil will easily continue to lead the world in that department. With the aid of one of those electronic brains it has been computed that Brazil grows 600,000 coffee beans per second, 24 hours a day. It takes five years for seed to produce bean.

Millions of workers constantly battle the prime enemies of coffee, frost and insect damage.

WORLD POWER

The wheel turns. Slowly, surely, Brazil is becoming less dependent on the rest of the world. With foreign capital and its own it is pulling from its rich loins the makings of many things it needs. It is making trucks and pleasure cars it once had to import. There are locomotive works in Sao Paulo.

It envisions the opening of the fabled resources of its virtually unexplored areas. One American firm would drop scores of paratroop workers into primeval forests to build airstrips that would accommodate transport planes.

The planes would swoop in, pick up the treasures of the area, and fly off—saving the corporation involved the expenses of building roads and bridges from ports hundreds of miles away.

Brazil has a free press, with 1,525 newspapers and 799 magazines. It has 345 radio stations and five TV stations, freedom of religion, a labor law which provides that three-fourths of any labor force must be Brazilian, and a law which says that a clumsy maid, if treated well, must pay for the dishes she breaks.

* * *

The wool of 500,000 sheep monthly is needed for Brazil's thriving rug industry. And to the consternation of visitors, the country is a leading producer of tea.

A Mosquito Helped

NEW YORK (AP) — A mosquito helped police catch a youth wanted in a Bronx gas station holdup.

Levis Nedd, 18, was arrested after alarm went out for a man with adhesive tape on his nose.

Nedd said he put the tape on his nose to cover up a bad mosquito bite.

It's New for Russians

MOSCOW (AP) — The newspaper Evening Moscow has announced a new home service by laundries—pick up and deliver. It costs more, but all you have to do is telephone.

Roberta Weddle Exchanges Vows

A garden reception followed the Saturday evening marriage of Roberta Weddle to Newton Henry McCandless. She is the daughter of Mr. and Mrs. Bert E. Weddle of Oxley drive, and his parents are Mr. and Mrs. Wayne N. McCandless of Lenox avenue.

MRS. N. HENRY McCANDLESS

A gown of Ponce de Leon lace over white satin was worn by Roberta Marie Weddle Saturday evening when she became the bride of Newton Henry McCandless.

* * *

The illusion portrait neckline of the gown was emphasized by appliques of re-embroidered lace and long pointed sleeves. The skirt fell from the fitted basque and swept into a cathedral train, bordered by appliques of the lace.

A jeweled Juliet cap secured her three tiered veil of silk illusion. The bridal bouquet was composed of white glamellias and roses, centered with a white orchid.

The bride is the daughter of Mr. and Mrs. Bert E. Weddle of Oxley drive, and the bridegroom's parents are Mr. and Mrs. Wayne N. McCandless of Lenox avenue.

EVENING CEREMONY

The 7:30 ceremony was performed at Oakland Park Methodist Church by the Rev. Harry J. Lord of Lansing, former pastor of the church, with the present pastor, the Rev. James W. Deeg, assisting.

* * *

Two hundred and fifty guests witnessed the double-ring ceremony. The altar was decorated with arrangements of white roses and shattered carnations, flanked by baskets of white gladioli and carnations.

The bride's attendants were gowned in ballerina length dresses of aqua peau de faille with brief shrug jackets.

Kathryn Jane Williams, cousin of the bride, was maid of honor carrying a cascade bouquet of pink glamellias and feathered carnations. Her headpiece was composed of pink feathered carnations with an aqua bow.

BRIDAL ATTENDANTS

Other attendants were Mrs. Harold Hoover, Mrs. Russell Bowers of Flint, Mrs. Theodore Orban of Oak Park, Il., and Joan Kirst of Chicago.

* * *

They carried bouquets of American beauty glamellias and pink feathered carnations and wore headpieces of garnet roses and pink feathered carnations, tied with aqua bows.

Charyl Kaye Weddle, niece of the bride, was flower girl and Timothy Weddle, nephew of the bride, served as ring bearer.

A short dress of white organdy over aqua taffeta, tied with large taffeta bow was worn by the flower girl. She wore aqua mitts and carried a white lace basket of American beauty rose petals.

* * *

Donald W McCandless served as his brother's best man, and seating the guests were Donald Weddle, brother of the bride, Leslie Langford, Donald Gilchrist and James T. Derry of Berkley.

A reception was held immediately following the ceremony in the Weddle home.

When the couple left on their wedding trip the bride was wearing a slate blue Italian cotton suit with navy accessories and a mink scarf, a gift of the bridegroom. Her corsage was the white orchid from her bridal bouquet.

They will tour Canada, go up the St. Lawrence River to Maine and to New York City before returning to make their home in Pontiac.

Ruth Ray, Cass Day Wed

When Ruth R. Ray became the bride of Cass C. Day, she was wearing a cotillon blue summer taffeta gown and a small pink feathered hat studded with rhinestones with pink accessories. Her corsage was of pink roses.

* * *

The couple was married by the Rev. A. Robert Harrison at a five o'clock ceremony July 29 in the Emmanuel Congregational Church, Oxford.

Attending her aunt as matron of honor was Mrs. Leroy Young of Doylestown, Pa. Her gown was of summer taffeta in shades of blue with which she wore a corsage of white roses and white accessories.

Leroy Young served Mr. Day as best man.

A buffet dinner was held at the bridegroom's home July 31 to announce the marriage. The small tables were centered with arrangements of gladioli and baby chrysanthemums.

Those attending included the Rev. and Mrs. Harrison, Dr. and Mrs. John P. Williams, Mr. and Mrs. Stuart Capron, the Gerald Monroes, C. W. McKees and Mr. and Mrs. Frank Kearns.

Others were Mr. and Mrs. Al Thaens, Mr. and Mrs. Irwin Rush, Mr. and Mrs. Allan Rush, Doris Meyer, Lois Wright, Norm Patton, Fred Moore of Detroit, Lee Gibson of Clawson, Mr. and Mrs. Earl Pinkerton of Royal Oak, Mr. and Mrs. Young of Doylestown, Mrs. Kenneth Peal and Mrs. Donald Mothershead, both of Toledo, Ohio.

Connie Kolb Is Feted at Kitchen Shower

A kitchen shower honored Connie Kolb on Friday evening at the Poplar street home of Mrs. Earl Linn. Mrs. Orpha Williams assisted the hostess.

* * *

Connie, daughter of Mr. and Mrs. Roy Kolb of South Genesee street, is the bride-elect of John Huschilt. He is the son of Mr. and Mrs. John Huschilt of Hamilton, Ont., Canada.

The couple will exchange vows Aug. 20 at Asumption Church in Windsor.

Guests at the shower were mothers of the bride-elect and prospective bridegroom, Mrs. Anna Newberry, Mrs. Russell Garrett, Mrs. Russell Bell, Dorothy Bell, Mrs. Raymond Bell and Mrs. Kenneth McQueen.

Others were Mrs. Harold Pearsall, Mrs. Douglas Colton, Mrs. Galen Dawson, Mrs. Al Lovse, Mrs. David Bickerstaff, Mrs. Wilbert Hiscock, Marilyn Hiscock, Mrs. Paul Jones, Mrs. Howard Groom and Mrs. Roy Linn.

Right Foundation Cuts Fine Figure

Rate A's in college fashion by having the right foundations for every silhouette. Leisure-time clothes — like slim trousers and bulky sweaters — call for pantie girdles and strap bras.

Dresses and suits for campus wear need more controlling girdles, more uplifting brassieres beneath. With dressy clothes, wear strapless bra and lacy girdle, or a bra-lette.

Methodist Ceremony Unites Couple

Honeymooning in northern Michigan and Canada are Mr. and Mrs. Gerald Patrick Arnold. The bride is the former Carol Ann Doyle, daughter of Mr. and Mrs. Thomas J. Doyle of South Cass Lake road.

The bridegroom is the son of Mr. and Mrs. L. J. Rowden of Hudson avenue.

* * *

First Methodist Church was the setting for the 7:30 ceremony performed Saturday evening before 250 guests.

The Rev. Paul R. Havens officiated at the candlelight ceremony. Arrangements of white gladioli, chrysanthemums and palms decorated the altar of the church.

The bride wore a floor length gown of Chantilly lace with long tapered sleeves and petite square collar. An over-skirt of lace was worn with the skirt of the gown, which was fashioned with center panel of nylon pleated tulle.

A handmade headpiece of Chantilly lace and pleated nylon tulle, embellished with sequins and seed pearls, held her fingertip veil of pure silk French illusion.

WEARS GIFT PEARLS

Her jewelry was a double strand of pearls, a gift of the bridegroom and pearl earrings, a gift of her late grandmother, Mrs. Thomas J. Doyle.

The bridal bouquet was composed of white roses, carnations, stephanotis and ivy.

* * *

Marjorie Lee Doyle, sister of the bride, was maid of honor, wearing a strapless gown of white nylon lace over aqua. The skirt was designed with a center panel of pleated nylon tulle and she wore a matching shrug jacket.

Gail Ann Lewis and Charlotte Ann Chamberlin were bridesmaids wearing gowns like the maid of honor's in a shade of maize.

They carried ballerina bouquets of carnations tinted to match their gowns.

Charlie Arnold Jr. served as his brother's best man, and seating the guests were Tom Weber and Raymond Howard.

A reception was held following the ceremony in the church parlors.

MATCHES BEIGE LACE

Mrs. Doyle wore a beige lace and a corsage of roses and carnations.

Mrs. Rowden chose a navy lace dress with matching accessories and corsage of roses and carnations for her son's wedding.

When the couple left on their wedding trip the bride was wearing a light blue summer suit with brown accessories and the corsage from her bridal bouquet. Upon returning they will make their home in Lake Orion.

MRS. GERALD P. ARNOLD

Carol Ann Doyle became the bride of Gerald Patrick Arnold Saturday evening at First Methodist Church. She is the daughter of the Thomas J. Doyles of South Cass Lake road, and he is the son of the L. J. Rowdens of Hudson avenue.

CATHERINE CLAIRE SHINNICK

The engagement of their daughter, Catherine Claire, to Gary Hawkins Knapp, is announced by Mr. and Mrs. John Graham Shinnick of Birmingham. Gary's parents are the Roy L. Knapps of Essexville.

Make Trip Movies on Vacations

New Cameras Easy to Operate With Given Directions

Have you ever thought of making movies of yourself and your family on the move? With a little practice, you can take vacation movies you'll be proud to show relatives and friends when you get home.

There are two sizes of amateur motion picture cameras—the 8 millimeter and the 16mm. However, the average amateur will find the 8 mm. easier and cheaper to operate.

Here are some angles on movie-making that should help you make a delightful documentary on your next motor trip:

1. Take time to read carefully the instructions about the operation and care of your camera. If you don't have an exposure meter, study the film manufacturer's recommendations of the proper exposures to be used in varying light conditions.

* * *

2. Always try to hold your movie camera steady. If you want to film a panorama, or a moving subject, make sure you move your camera slowly and at an even rate of speed.

* * *

3. The average movie camera will take close-ups, medium and long shots. So try to mix your shots instead of concentratingn on just one type of shot.

* * *

4. Plan your filming to tell the complete story of your trip in sequence, from beginning to end.

* * *

5. Guard against random shooting. It wastes film. Don't take a lot of isolated scenes, events and people, unless you particularly want to record them.

* * *

6. Try to photograph a scene about as long as you would want to see it on the screen. One scene may call for 20 seconds, another for 10, and still another for five.

* * *

7. The last step in movie-making—and, it's one of the most important — is proper editing. To give continuity to your film, cut unnecessary scenes and discard out-of-focus shots. Organize the sequences in the proper order to tell your travel story.

* * *

Remember these tips and you'll make movies your friends and relatives will really like to see.

MRS. MURRAY L. BARASCH

Couple Speaks Marriage Vows

Mr. and Mrs. Robert E. Bunce of North Saginaw street announce the marriage of their daughter, Carolyn Ann of Ypsilanti, to Dr. Murray L. Barasch of Ann Arbor. The ceremony was performed Saturday afternoon at 4:30 by Justice of the Peace, Willis D. Lefurgy at his home on Colrain drive.

Dr. Barasch is a graduate of the University of Pennsylvania. The bride attended Olivet College.

The couple flew East to visit Dr. Barasch's father, Dr. Joseph B. Barasch of New York City. They will then take an extended Western trip before returning to Ann Arbor where they will make their home.

Betrothal Is Revealed at Dinner Party

Marriage Plans of Catherine Shinnick, Gary Knapp Told

BIRMINGHAM — Mr. and Mrs. John Graham Shinnick announce the engagement of their daughter, Catherine Claire, to Gary Hawkins Knapp, son of Mr. and Mrs. Roy L. Knapp of Essexville, Mich.

* * *

The announcement was made Saturday evening at a buffet dinner given in the Shinnick home on Poppleton road. Blue and white flowered napkins with the engaged couple's names and the date matched the centerpiece of white the blue flowers.

Out of town guests, besides the bridegroom-elect's parents and his two sisters, Shirley and Karen, were his grandparents, Mr. and Mrs. Truman Hawkins and Mrs. Louis Knapp, Mr. and Mrs. Robert Andreas, Mr. and Mrs. Walter McLean, Mr. and Mrs. Benjamin R. Boutell, Mr. and Mr. Robert Britton and Mr. and Mrs. John Traham, all of Bay City.

Also present were Claire's grandmother Mrs. Cramer Smith of Rochester, Mr. and Mrs. Stanley R. See of Drexel Hill, Pa., Dr. and Mrs. William Granemeyer of Midland, Mr. and Mrs. J. Burgess Book III of Grosse Pointe and Mr. and Mrs. Robert Luther of Wellesley Hills, Mass.

Claire was graduated from Kingswood School Cranbrook, attended Denison University, and is now a student at the University of Michigan where she is a member of Kappa Kappa Gamma sorority.

Gary is a graduate of the University of Michigan where he was a member of Chi Psi fraternity. He will enter Wayne Medical School in the fall.

Smart Accessories Available in Color

The smartest and most commonly used kitchen and bathroom colors —white, red, yellow, green and black — are obtainable in the newest line of unique plastic accessories for the home. These accessories include hooks, towel bars, utility shelves, soap dishes, toilet tissue holders, toothbrush and tumbler holders.

Their unique feature is a patented adhesive backing which permits them to stick rigidly to any smooth, clean plaster, tile, wood, or glass surface without making holes or otherwise marring walls. No nails or screws are required.

MRS. EDWARD MORRIS GREEN

Lynn M. McCallum Wed in Cranbrook Ceremony

Lynn Mildred McCallum became the bride of Edward Morris Green of Lansing Saturday evening at Christ Church, Cranbrook.

* * *

She is the daughter of Judge and Mrs. Cecil McCallum of Dwight avenue and he is the son of Mr. and Mrs. Morris J. Green of Lansing.

The Rev. Perry R. Williams performed the eight o'clock double ring ceremony.

The bride designed her gown of Chantilly lace over satin, which ended in a chapel length train. The bodice fastened down the front with tiny satin and lace buttons and featured a Queen Anne collar, edged with seed pearls taken from the wedding gown of the bride's mother. The points of the long sleeves were also edged with the pearls.

A crown of seed pearls and rhinestones held her fingertip veil of French illusion. The bridal bouquet was composed of white roses, carnations and stephanotis in a cascade arrangement. Her only jewelry was a strand of pearls, gift of the bridegroom.

WEAR CORAL TAFFETA

Mrs. Donald Lyon of Ferndale, Lynn's roommate at Michigan State University, was matron of honor. Other attendants were Mrs. Michael J. Ashley and Mrs. A. J. Wittenbach Jr. of Wichita, Kansas, sister of the bridegroom.

They wore waltz length gowns of coral taffeta with bouffant skirts and aqua flower headpieces. The matron of honor carried a floral arrangement of aqua and coral feathered carnations on an aqua tulle fan. The bridesmaids carried similar arrangements in coral on aqua fans.

* * *

Robert S. Morley of Saginaw served as best man. Seating the guests were Thomas Randall and Richard Hewes of Lansing, George VanBuren Jr. of East Lansing, and C. Leland McCallum, brother of the bride.

A reception was held in the undercroft of the church following the ceremony. The bride's mother wore a pink lace and chiffon floor length gown with pink accessories and a corsage of glamellias in raspberry shade.

The bridegroom's mother wore a floor length gown fashioned of lace and chiffon in periwinkle blue with rose accessories and a corsage of rose glamellias.

When the couple left on their wedding trip to Colorado and California the bride was wearing a teal blue suit and hat with red and white accessories. Her corsage was of candy striped carnations.

* * *

The couple attended Michigan State University.

They will reside in California where the groom will complete his senior year.

To reside in Ann Arbor are Mr. and Mrs. Kenneth M. Schott. She is the former Elaine Elbling, daughter of the Alex J. Elblings of South Parke street. The bridegroom's patents are Mr. and Mrs. Alex Schott of Windsor, Ont.

MRS. KENNETH SCHOTT

Elaine Elbling Marries Kenneth Murray Schott

Married Sunday evening at six o'clock in Hotel Sheraton-Cadillac, Detroit, were Elaine Elbling of Detroit and Kenneth Murray Schott of Windsor, Ont.

* * *

The bride is the daughter of Mr. and Mrs. Alex J. Elbling of South Parke street, and the bridegroom is the son of Mr. and Mrs. Alex Schott of Windsor.

Rabbi Jacob M. Chinitz of Congregational Ahavas Achim of Detroit performed the ceremony before 200 guests.

A gown of white imported Chantilly lace was worn by the bride. The fitted bodice was accented with a V-neckline and long pointed sleeves and the skirt ended in a chapel length train.

WEARS PEARLS

The bride's finger tip veil was held in place by a tiara of seed pearls. Around her neck she wore a single strand of cultured pearls, given her by the bridegroom's parents.

She carried a white Bible with an arrangement of white orchids and stephanotis.

* * *

Preceding the bride to the altar were Mrs. Stanley Elbling, matron of honor, and Mrs. Robert Perrin of Pittsburgh, Pa., Mrs. Hanley Rothenberg of Detroit and Mrs. Leonard Schott of Toronto.

They wore pale pink gowns of nylon fashioned with fitted bodices and square necklines. The full skirts were accordion pleated and a deep rose sash was tied at the waists of the gowns.

Leonard Schott of Toronto served as best man, and seating the guests were Stanley Elbling, Marvin Eilender and Edward McCarroll of Windsor.

* * *

The bride's mother greeted the guests at a reception held in the hotel's Crystal Ballroom wearing a gown of pale pink Chantilly lace over taffeta. The scoop neckline was embellished with sequins and seed pearls.

The accessories worn by Mrs. Schott matched her gown of dusty rose lace. The fitted bodice was fashioned with rounded neckline and three-quarter length sleeves.

When the couple left on a honeymoon in northern Canada the bride was wearing a two piece silk print dress in brown and beige tones with brown accessories. The couple will make their home in Ann Arbor.

The bride attended Middlebury College, Middlebury, Vt., and is a graduate of the University of Michigan and Wayne University. The bridegroom attended University of Michigan and is now stationed with the U. S. Air Force at Selfridge Field.

Shower Honors Bride-Elect Dorothy Cairns

A miscellaneous bridal shower was given recently for bride-elect Dorothy Cairns. Mrs. William Lennex was hostess for the affair, at her home on Williams drive.

* * *

Dorothy, daughter of Mr. and Mrs. Neil Cairns, of Barker street, and Robert Barner, son of the L. C. Barners of Hudson street, will exchange nuptial vows on Aug. 2 at Congregational Church.

Invited guests were Mrs. Barner, Mrs. Cairns, Mrs. Robert Johnson, Mrs. Robert Smithson, and Mrs. Leonard Heming.

Also invited were Mrs. Leland Trorop, Jean Witt, Mrs. John Smith, Mrs. Robert Driver, Mrs. William Ramsey, Mrs. Norman Loop and Nancy Loop.

Mrs. Kenneth Tabor, Mrs. William Fountain, Mrs. Earl Ward, Mrs. Norman Grapevine, Mrs. Philip Frank, Mrs. Ramey Stevens, Mrs. Julian Hasler, and Mrs. Basil Henry, complete the guest list.

Brewster Family Has Annual Reunion

The annual Brewster Family reunion was held Sunday afternoon at the Watkins Lake summer home of Mr. and Mrs. Whitney M. Prail.

Among the 40 members of the family present were people who came from as far as Wichita, Kan., and Indianapolis, Ind., for the affair.

Oscar Brewster of Wayne was elected president, John Flumerfelt of Oxford is vice president and Mrs. Elwood R. Bigler of West Iroquois road is secretary and treasurer.

Shampoo Required

A fastidious woman shampoos her hair after shopping for a hat. A good lathering - up guards against possible infection from hats which have been tried on by many other shoppers.

Baby Is Suspicious

At five months, baby is suspicious of strangers. Smdon't become alarmed if he cries when relatives coo. Just see to it that they stay some distance away until he becomes used to them.

Don't Feel Left Out Amidst 'Older Crowd'

By ELIZABETH WOODWARD

"Dear Miss Woodward: I liked him long before he ever liked me, and I'm afraid I'm going to wind up still liking him after he has stopped. During this past year we've been together a lot and it has been wonderful.

"But recently he has been avoiding me whenever his older crowd comes around. You see, though he's my age, he is a year ahead of me in school. When his classmates are around I might as well be dead.

"I've tried hard to put him out of my mind. I date other boys. I act very casually toward him. But I'm crazy about him! Sometimes he acts as though he likes me and is very possessive (I like that!)—and then he'll ignore me completely. Can you help me?"

Answer: Funny how a girl can feel that she's being left out when nobody has the slightest intention of leaving her out. She gets ideas that people find her unattractive, not worth talking to, less than dust. And she curls all in on herself in misery. It makes her clam up and hang back in shy, hurt silence.

And all the time the people who make her feel this way aren't even conscious that she's hurt. They don't think she's much fun but they don't know that they're the cause of it.

They think she's uncommunicative, but they don't dream that they've clammed her up. They think she's slightly peculiar, maybe, and they leave her alone. But they aren't aware that it's because they're leaving her alone that she's acting peculiar.

This "older crowd" seems to paralyze you. One year ahead of you in school seems to set them apart as people to be afraid of, as though they wouldn't be in the slightest interested in you. So, when they're around you act as though you weren't. You don't make your presence felt.

Four boy friend's classmates are special friends of his. When they're around he can't ignore them to pay strict attention to you. And he probably wonders why you don't mix in and become part of the group.

Of course, he could help you do just that, but he probably doesn't think of that. He sees you in a mood, and he leaves you to it.

You might tell him sometime how the experience curdles you. Ask him frankly why you should feel that way. Ask for his help in getting over it.

Then manfully do your best to keep yourself in the picture when his attention is divided between you and his other friends. Speak up, laugh at what they say, make comments of your own, show that you're a good sport, and act as though you're happy to be with them. Make yourself part of the group by your contribution of enthusiasm and appreciation.

You know, it's only a very dead duck that is passed by and ignored.

Color Is Difference

The correct kitchen design, the proper equipment and the judicious use of color add up to an efficient, warm and attractive room, no matter what the size.

And that's why today's kitchens are rated the most satisfactory in many decades by experts.

Kind Refusal Will Seldom Hurt Person

Tactful Handling of Situation Is Necessary

By EMILY POST

A mother asks: "Will you please tell me how to tactfully handle the following situation: My next-door neighbor has a daughter who is a year older than my daughter. They have been friends for a long time. Both our families are in about the same income bracket. Every now and then the mother brings over several dresses that her daughter had outgrown for my daughter.

"Not wanting to hurt her feelings I have always accepted them but my husband is furious with me for doing this and says that no daughter of his is going to wear someone else's castoffs.

"He has forbidden me to accept any further clothing from her. This puts me in a spot as I know she means only to be kind and I certainly don't want to do anything to offend her. Your help in this matter will certainly be appreciated."

Answer: I think the only thing you can do is to thank her for her very kind intention and say that fortunately Jan has plenty of clothes this year and that the neighboring orphanage, or whatever charity is nearby is really in need of them and could put them to far better use

"Dear Mrs. Post: I have been told that 'according to Emily Post' engraved engagement announcements are in bad taste. If this is true, I would like to know your reason for objecting to them. Why is an engagement announcement in bad taste and a wedding announcement not. I personally cannot see any difference.

"A notice in the newspaper is all right for those living in town but what about those relatives and friends living in other cities who will not see this notice. How are they notified. My fiance and I have many friends and relatives living in distant places and to have to sit down and write notes to all of them would be quite a task."

Answer: Order a number of papers in which your announcement will be in and send them to your friends and relatives. To have engraved engagement announcements has always been considered in really bad taste.

RUTH HEDEMAN

Flying from Washington, D. C., to Cambridge, England, today is Ruth Hedeman of Sunhill drive, Silver Lake. She will work for several weeks on a government-sponsored solar research project at the Cavendish Laboratory.

Local Solar Researcher Flies to England Project

Leaving today for England, Ruth Hedeman of the McMath-Hulbert Observatory at Lake Angelus, is heading for Cambridge and the Cavendish Laboratory.

She is being flown to Cambridge by Military Air Transport Service, where she will meet Dr. Helen W. Dodson, who sailed for England Wednesday. The two coworkers from the local observatory will spend several weeks at the laboratory working on a U.S. government-sponsored solar research project.

* * *

They are studying the relation between solar features observed photograhpically and the solar radio emission detected by the Cam-Cambridge radio telescopes at a frequency of 70 megacycles.

Miss Hedeman has been a solar research assistant at the McMath-Hulbert Observatory since 1949. Prior to coming here, she was a graduate student in Astronomy at the University of Michigan, where she received her master of science degree.

During World War II, Miss Hedeman was a Lieutenant (senior grade) as a WAVE. Trained in meteorology at the University of California at Los Angeles, she served as aerological officer at Naval Air Station, Klamath Falls, Ore. and at Navy Weather Central in Washington, D. C.

A native of Baltimore, Md., Ruth Hedeman is a graduate of Goucher College. Before her service in the Navy, she was a teacher of mathematics in the Baltimore school system.

Keep Accurate Record of Gifts

Within a week after your invitations are out, gifts will begin pouring in. In all your excitement, the best way to keep them straight and avoid thanking the wrong person for the gift is to keep an accurate record of what comes in from whom.

Acknowledging wedding gifts is extremely important and should be done as soon as possible after receipt of the gift. A very short note is all that's needed, even to closest friends and relatives.

Use your best stationery, engraved, if possible, with your maiden initials if you are writing before the wedding and your married initials if after.

These notes should express your appreciation for the thought.

Coming Events

The Reliable 12 Club has postponed the regular meeting until further notice.

Pontiac Shrine Past High Priestess Club picnic, scheduled for Aug. 10, has been cancelled.

Rosetta Birthday Club will meet with Mrs. Ralph Gould, Whitfield drive, Macedday Lake, for noon luncheon, Wednesday.

Keep White Bright, Use Easy-Iron Aid

White collars and cuffs on little dark dresses are a sign of fall. How charming they are, if they're kept a bright white! Wash them often with hot water to which you always add bead bluing.

Rinse well, starch in cosmetic blue starch made simply by adding a section of blue wax ironing aid to each quart of hot starch. You'll love the ease with which you iron these specially starched things, and you'll be happy when you discover that they'll keep clean longer than usual.

Residents Are Home

Mr. and Mrs. Lewis Lingle of Garland avenue, have returned to their home, after attending the funeral of Mrs. Lingle's father, Everett Crews of Carbondale, Ill.

Stay Young by Aiding Other People

By ANNE HEYWOOD

"I'm too old to start a new activity," women will often tell me; or, "At my age, I no longer have the energy."

* * *

Many times these women are in their forties or early fifties.

Rather than try to convince them by means of medical facts and figures, I keep collecting case histories of women who are no longer "young," but who have built rich and absorbing lives for themselves.

Mrs. Ida Rudden, of West Nyack, New York, is such a woman. When I heard about her I wrote and asked for full details. She gave them to me in the following letter:

"There is very little I can tell you about myself.

"We have lived in West Nyack for 35 years and had four children two girls and two boys. All the children are married and live in Rockland County. I have 10 grandchildren and 2 great-grandchildren. They are all happy and live near enough so that I can call them at any time.

"I really am the richest woman in the world.

SMALL PENSION

"Mr. Rudden was custodian for the West Nyack School for 21 years. At the age of 70 he was retired, but his pension was not nearly enough to live on. We did not know what to do, except that we would not burden our children.

* * *

"We have a seven room house, but since the children have been married, we do not use the upstairs at all. So, I decided to offer to board patients from Rockland State Hospital, and put in an application."

She continues, "When I learned how many men and boys were in need of a little care and a home, I knew that was my work. Now I have six men boarding with us. I feed them well and give them the care they need. It makes me happy to see them happy.

"I started this activity in March of 1952, when I was 64 years old. Because I am overweight, it was feared, when I first started, that I could not keep it up. But God is good; and as long as I can do something for someone else, I am happy. So far, I have helped three of the men get out on their own, and I hope to do it for others."

Mrs. Rudden is a perfect example of how unimportant age really is. Now 67 years old, she is an active and productive member of society. She is busy at work she likes, she makes money and has a happy and full life.

* * *

Next time you get "birthdayitis" and feel old and blue, look around your community and see if there isn't some service crying to be done. It's the best kind of youth insurance you could buy!

Tangy Salad Can Be Kept in Icebox

Mrs. Churchill Uses Lemon Lime Gelatin for Cheese and Nuts

By JANET ODELL
Pontiac Press Food Editor

Squares of molded cottage cheese salad on a crisp leaf of lettuce make a good hot weather lunch. They're also fine to serve with dinner. Mrs. George Churchill likes to keep some in the refrigerator for instant service.

The Churchills, home owners for less than a year, are busy working on their lawn and garden. This first summer they've attempted flowers and tomatoes.

Mrs. Churchill likes swimming and bowling. She has been exploring the interesting hobby of ceramics lately. With a few friends, she belongs to a social club.

MOLDED COTTAGE CHEESE SALAD

By Mrs. George Churchill

1 large can (3 cups) crushed pineapple
1 package lemon gelatin
1 package lime gelatin
½ teaspoon salt
1 cup cottage cheese
1 cup mayonnaise
½ cup blanched almonds, coarsely chopped

Drain pineapple. Add enough water to the juice to make 2 cups. Heat and dissolve gelatin in liquid, add salt. Cool until the mixture is syrupy. Carefully fold in rest of ingredients. Chill and cut into squares to serve.

Flowers choke if the stems are jammed into a vase too narrow for them. Give them space, air and water if you want them to stay fresh for the longest time possible.

BETTY LOUISE McCULLY

The Turris McCullys of St. Joseph street announce the engagement of their daughter, Betty Louise, to Kenneth Murl Ferguson, son of the Stanley L. Fergusons of North East boulevard. Both are students at Michigan State University. A June wedding is planned.

Clean New Range By Lifting the Top

Cleaning the gas range gets to be less of a task every year. A new range with an entire hinged top can be lifted, exposing the whole interior for easy cleaning. Burners can be removed and replaced without fuss or bother.

Golfing Jacket Necessary Item

The golf jacket is a necessary item of protection against chills when the steady sun and exertion of the game work up a cooling sweat. A new jacket well worth looking for is the worsted jersey jacket.

These are zipper front, as usual, but the springiness and absorbency of the knitted wool fabric give these jackets decided advantages.

They can be rolled up and shoved into the golf bag pocket and will bounce out wrinkles when taken out. And wool's absorbency prevents them from ever feeling clammy.

Steam May Solve Ironing Problem

Ironing is often a problem when vacation wardrobes become wrinkled. But some garments can be freshened up without using an iron — just hang them in the bathroom, turn the hot water on full blast and close the door for about 15 minutes, letting the clothes steam.

If you must iron, you can use a pillow wrapped in a Turkish towel instead of an ironing board. Stuff pockets with tissue paper after ironing so they'll stay in shape when packed.

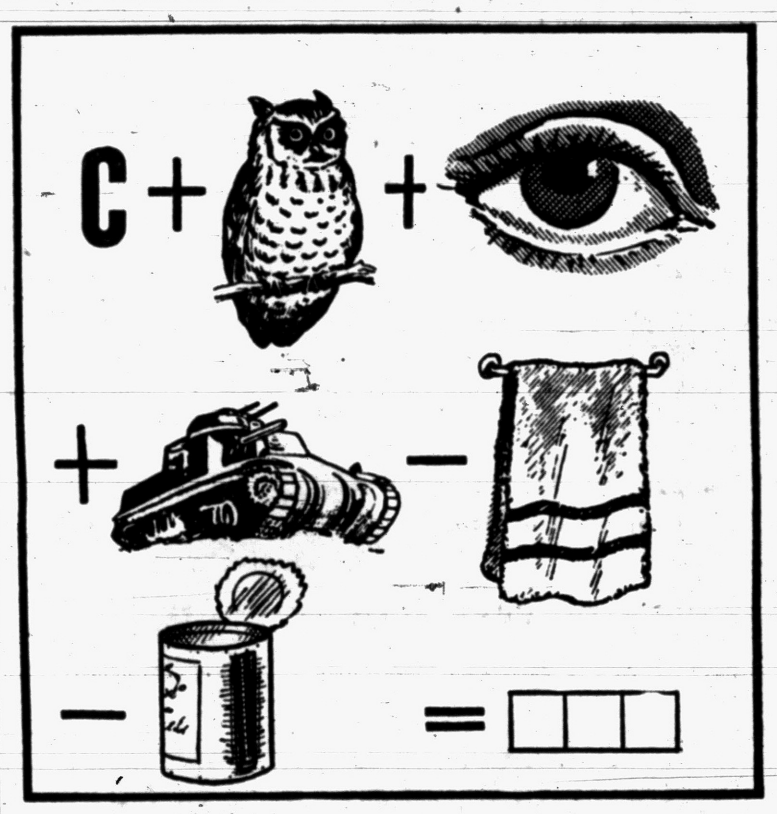
Can You Solve This Puzzle?

THE PUZZLE BELOW IS A SAMPLE—UNDER THE PUZZLE IS A COMPLETE EXPLANATION OF HOW TO SOLVE IT



THE SOLUTION TO THIS PUZZLE IS ONE OF THE LAST NAMES BELOW:

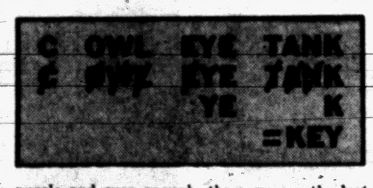
Edward W. BOK	Peter PAN	Franz ABT
Robert E. LEE	Francis Scott KEY	Edgar Allan POE

Look at the puzzle printed above. This puzzle represents the last name of one of the famous persons you see listed beneath the Puzzle. Now of course, you want to know how you determine which is the correct name. In other words, how do you solve the puzzle to find out what name it represents?

Well, let's try to show you in one easy lesson:

First of all, note that there are various letters and objects pictured, together with plus and minus signs. There's the letter C to begin with, followed by *plus* OWL *plus* EYE *plus* TANK. Which means that we add 'em all together, with the result being COWLEYETANK . . . from which we are then told to subtract TOWEL and CAN, as indicated by the minus signs. That means we now have to take away the letters TOWELCAN from COWLEYETANK, which then leaves us with only the letters YEK.

With those letters (YEK) in mind, therefore, we now scan the list of names under the puzzle and sure enough, there we see the last name of Francis Scott KEY . . . and by rearranging YEK into KEY, we know that KEY is the name we're looking for! Yes, KEY is the correct solution to this puzzle.



That, briefly, is the general idea behind the puzzles of this contest — plus another interesting little twist that we'll explain to you with the rules and details which we'll send you when you mail the coupon below.

If this contest — and its $100,000.00 in Cash Prizes — are of interest to you, by all means mail the coupon *today* for full particulars FREE.

MAIL COUPON TODAY

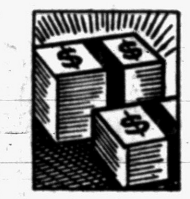
THIS MAY BE YOUR TIME TO WIN!

A GREAT, new contest is here. A great, new contest, in which $100,000.00 is offered in cash prizes . . . topped by a First Prize of $50,000.00! Yes—of the $100,000.00 to be awarded, *$50,000.00 may become yours as 1st Prize!*



The details and official rules of the contest are available FREE to anyone who asks for them, and will be sent together with the 30 official basic puzzles on receipt of the coupon printed in the lower left hand corner of this page. As stated, there is no charge for these puzzles, rules and details, nor do you obligate yourself in any way by mailing the coupon in the lower left corner of the page.

Therefore, if the idea of winning as much as $50,000.00 appeals to you, you are urged to lose no time mailing the coupon, so that full particulars can be rushed to you.

See Sample Puzzle At Left

The thirty basic puzzles of the contest are similar in construction and idea to the Sample Puzzle printed at the left. Perhaps you are already familiar with this type of puzzle. If so, well and good. However, in any event it would be a good idea for you to study this Sample Puzzle and read the explanation printed under it. Note how, by adding and subtracting the letters in the names of the objects in the puzzle, you are finally left with certain letters which, when properly arranged, spell out one of the last names of the famous people listed directly below the puzzle.

These puzzles are interesting to solve. In this case, they can provide not only fun and fascination, but they may prove to be your means of winning many thousands of dollars.

This contest is known as the Opportunity Puzzle Contest, and this may indeed be the opportunity *you* have been looking for, to free you from money cares and put you in the financial position you have always longed for — with enough money to enjoy life and to buy the things you want most.

Perhaps your dream is to own a home of your own. Or perhaps it's your child's education that has been uppermost in your mind. Then again, perhaps you've been wanting to go into your own business . . . or help someone dear to you get a new start. Whatever it is, a winning of as much as fifty thousand dollars could surely be of aid in making your wish come true —as could the 2nd Prize of $10,000.00, the 3rd Prize of $7,500.00, the 4th Prize of $5,000.00, etc., etc.

So look over the Sample Puzzle at the left. Get a taste of the enjoyment and challenge there is in the intriguing puzzles that form the basis of this contest. Try solving the several official puzzles printed at the bottom of this page.

Then mail at once the coupon in the lower left corner of the page . . . upon receipt of which we will send you, *FREE and entirely without obligation*, the 30 official basic puzzles, together with full rules and details explaining just how you go about sending in your answers and making yourself eligible to win as much as $50,000.00 Cash!

Why This Contest Is Being Conducted

IT IS PART OF A VAST EDUCATIONAL PROGRAM DESIGNED TO WIDEN THE POPULARITY OF THE STANDARD INTERNATIONAL ENCYCLOPEDIA

This contest is being conducted under the sponsorship of the publishers of The Standard International Encyclopedia, as a means of introducing this splendid set of reference works to you and to your friends. It is our feeling that people like puzzles, that puzzles in themselves are inherently educational, and that with the challenge of puzzles coupled with the opportunity to win big money, we can dramatically bring this fine Encyclopedia to the attention of more people than we might through the usual type of advertising.

That is why we have diverted $100,000.00 of our advertising appropriation into a cash prize fund to be distributed to the winners of this intriguing puzzle competition. And in presenting this contest, we invite YOU to send for the official basic puzzles together with full rules and details.

4 Townships, 2 Cities Push Drain Plan

To Meet Aug. 25 on Financing

$2,500,000 Interceptor Would End Pollution of Lakes, Streams

Preliminary plans for a $2,500,000 interceptor sewer to service four townships and two municipalities moved a step forward with the setting of an Aug. 25 meeting to discuss financing and possible apportionment of costs.

Officials of the areas involved—Waterford, West Bloomfield, Southfield and Farmington Townships and the cities of Keego Harbor and Farmington—will meet with engineers, finance experts and Oakand County Drain Commissioner Ralph Main at the Waterford Township Hall.

Waterford Township Supervisor Lloyd L. Anderson said they would seek to reach some agreement as to each community's proper share of costs.

The proposed interceptor would connect with Waterford Township sanitary sewage system at the southern end of the township and run south into the Detroit sewer system at Eight Mile road. Cost of a preliminary engineering survey already has been underwritten by Farmington City and Waterford, West Bloomfield and Farmington Townships.

At a meeting Thursday in Farmington, officials of all the communities to be serviced heard an outline of necessary steps to take in order to get the interceptor built.

Detroit bonding attorney Claude Stevens, acting in the capacity of advisor, made these recommendations to the governing bodies of the communities:

1. Come to an agreement on each community's share of cost.
2. Ask the Oakland County Board of Supervisors to appoint the drain commissioner as an agent with authority to build the main.
3. Arrange for financing possibly through sale of revenue bonds.

If built, the proposed interceptor is expected to end pollution of lakes and streams in the fast-growing areas and reduce the need for septic tanks.

Hybridhen Yield Amazes Owner

Howard City Mutations Give Three Eggs Daily to Woman Breeder

GRAND RAPIDS (AP)—A hybridhen, one of about 100 in Beverly Johansen's Howard City flock, has baffled poultrymen since September 1953 with a remarkable egg production.

Even Miss Johansen finds it "hard to believe" that she has collected from one to three eggs daily from the hen's wire cage nest.

George Scott, field supervisor for the Michigan State Poultry Improvement Assn., has inspected the hen and expressed wonder at its capacity to produce.

Poultry scientists at Michigan State University theorize the hen may have to operating egg channels instead of the usual one. Miss Johansen reports the prize of her flock sometimes lays two eggs within 30 minutes of each other.

The hen was purchased from a Cedar Springs hatcher. Its hybrid background includes strains of Hampshire, Leghron, Barred, Rhode Island Red and Cornish.

Miss Johansen, who has raised chickens for the past six years, keeps the flock in individual wire cages which are suspended about three feet from the barn floor.

Barbara Keck Well Today

Quick Action Saves Life of Cass Lake Woods Child

KEEGO HARBOR—Little, blonde Barbara, two-year-old daughter of Mr. and Mrs. Raymond Keck of 5171 Westcomb, Cass Lake Woods, is playing with her twin sister today.

Had it not been for quick action by a neighbor, Maurice Naert the West Bloomfield Fire Department, and Barbara's cousin, Saturday night, the Kecks this morning might be attending a burial service.

Barbara's parents were at work Saturday. The child and her twin, Diane, were left with a cousin, Gwen Nicholle, who lives with the Kecks.

Gwen went into the living room where the twins were playing and found Barbara lying on the couch, her face blue, apparently not breathing. Alarmed, she picked up up the child and rushed across the street to the Naert home.

Naert immediately notified the fire department, and gave the baby artificial respiration. Firemen reached the home within minutes and revived the child with a resuscitator.

Barbara was then taken to the Pontiac General Hospital for treatment, where doctors said the child had been a victim of "24 hour virus."

Doctors told her parents a sudden rise in the child's temperature had caused a convulsion and breathing difficulty.

"We just can't say how grateful we are to the firemen and Mr. Naert and to Gwen," Mrs. Keck said. "Had it not been for them, our baby might not have lived."

Youth and Juvenile Face Theft Charge

Pontiac Police have turned one juvenile over to juvenile authorities and are holding a 17-year-old youth for investigation of theft of automobile tires.

Employes of the Motor Car Transport at 290 E. Tennyson ave, apprehended Earl Dean Scribner of 1637 Beechcroft St., Keego Harbor, and his juvenile companion early this morning as they were stealing tires and wheels from new cars, police said.

Found in their possession at the time were two tires and wheels valued at $100, Pontiac Police said.

Tourney Settles City Net Titles

Jerry Florez Is Victor in Singles, Shares in Doubles Honor

Singles and doubles champions were crowned in the city's Amateur Open tennis tournament concluded Sunday at Oakland Park. Tourney was sponsored by the Pontiac Parks and Recreation Department.

Jerry Florez captured the singles championship by downing Peter Trees in straight sets, 8-6, 6-3. Florez worked his way to the finals with victories over Leon Hibbs, Pat Marshall and Gary Wright.

Florez then joined forces with his singles victim, Trees, to win the doubles title. The Florez-Trees tandem defeated Hibbs and Ralph Alee, 6-0, 6-2, after coming from behind in a gruelling semi-final against Dick Mineweaser and Tom Belton.

Trophies were awarded to the winners by the Parks and Recreation Department.

'Y' Fun Club Boys to Hold Event Tonight

Boys in the YMCA Summer Fun club will engage in a 9 p.m. "sleep-out" tonight at their athletic field, following a marshmallow roast, swimming and a movie.

Club Director George Balch said about 100 boys will participate in the program, which will be supervised by YMCA staff members and several high school students.

Tuesday morning the boys' sleep-out will close with a 7 a.m. "polar bear dip" in the YMCA pool. The same program will be repeated Thursday night for the girls in the Club when they hold a pajama party.

A Bob-Lo trip Wednesday will mark the fifth and last trek the club will make this summer, Balch said. Some 130 boys and girls will leave here for Detroit at 10 a.m. and return around 4 p.m.

Accompanying the group will be two Y staff members, Maureen Slosson, Physical Director Floyd Wainscott, and Morris Tubergen, besides Balch.

Tubergen is a new addition to the staff, just arriving this week.

Open House for parents of summer Fun club members will be held Friday, said Balch.

Hospital Releases Suspect in Brawl

Pontiac General Hospital authorities turned over one suspect in a felonious assault investigation to Pontiac Police today and reported two others as in good condition.

Billy Spicer, 19, of 45 Allen St. was turned over to Detective J. Bale this morning for questioning in the Friday night fight at Elder's Drive-In at 565 S. Saginaw in which police arrested nine for investigation of felonious assault.

Detectives will question all nine men today in connection with the brawl which resulted in injuries to five.

IN THE DAYS OF DAVY CROCKETT — Told by an Old Scout

Commander of the Alamo during the great siege was a husky six-foot young fellow name of William Barrett Travis. He was only 27 years old but not too proud to ask advice from veteran fighters like Davy Crockett. Here they are holding a council of war.

Travis was born in a cabin in South Caroline in 1809 when Crockett was already an expert woodsman. The baby's proud pa and ma were Mark and Jemima Travis, real pioneer folk. His hair was like a summer sunset and when he bawled the wildcats took shelter.

When Travis was nine years old his folks, who called him "Billy," up and moved to Alabama. Guess maybe their old neighborhood was getting too crowded for their liking. That's how the pioneers built up our country so fast—always looking for elbow room.

Young Travis was a top notch student in school, sharp as a woodsman's axe. But no teacher's pet, no sir! He could punch a nose quicker even than he could spell "f-i-g-h-t." His friends nicknamed him "Buck," a dandy fighting name which stuck to him through life.

'Little Blowhard' Learned Too Late

By HAL BOYLE

NEW YORK (AP) — "Little Blowhard" has breathed his last in our home. He has gone away forever.

* * *

He didn't leave voluntarily. My wife sold him — behind my back. But I couldn't feel more guilty if I were the Lone Ranger and had traded my good old faithful mount, "Silver," for a jeep.

I'll be missing "little blowhard's" steel smile and labored breathing for a long time. For all his grumbling, he cleared the air in our home for six happy years.

He made for a better atomsphere the moment he came to us. After all, he should. "Little blowhard" is an air conditioning machine.

* * *

My wife, Frances, bought him in the summer of 1949. For some time "little blowhard" and I did not get along at all. With the intuition of a cat or dog, he sensed at once my distrust and fear of new mechanical gadgets.

When Frances turned his knobs, he would begin to purr and puff out cool breezes. But if I even put my hand to his grating, he would snarl — and blow a gasket.

After a couple of seasons, though, we began to understand each other better. Gradually "little blowhard" switched his affections to me.

Frances could spin and spin his knobs: "little blowhard" would only grunt, then lapse into silence. But then I'd go over, scratch the top of his head, pat his steel sides, and say coaxingly, "Little buddy, it's getting awful hot in here. How about helping your old pal cool off?"

* * *

Well, believe it or not, "little blowhard" would begin to clank at once. Soon he would be panting out a wind so cold he'd be in danger of getting himself frost bitten.

"I can't understand what makes that machine act so temperamental," said Frances crossly after one of these performances.

"It's easy," I told her. "Machines are like men. They get tired of being taken for granted by women. They expect a kind word now and then for what they do."

"Well," said my wife, exasperated. "I certainly have more to do with my time than spend it praising a balky air conditioner."

* * *

About a month ago she suddenly announced she was going to have the whole apartment air-conditioned. We could save on our vacation expenses, and she would wait another 10 years for that fur coat—etc., etc.

"Go ahead," I replied. "'Little blowhard' could use a little help."

"That machine is going out of here," she said. "It's out of date, and besides it's the wrong color."

* * *

"This is where I put my foot down," I told her icily. "If, 'little blowhard goes, I go. That's final."

Last week I returned home during a hot spell and found the apartment remarkably cool. There were three new airconditioners — but no 'little blowhard.'"

I stalked dramatically toward the front door, and said, "You know what I warned you."

* * *

"Oh, don't be so silly, Rover," said Frances. "Who wants to run away from home during a heat wave? Besides, your 'little blowhard' is still in the building. I sold him to a lady on the 14th floor, and she says she'll give you visiting privileges if you really miss him."

The new air conditioners actually are pretty nice. They have shiny buttons, and when Frances presses them they purr and purr like pleased cats. But when I reach out a hand they growl at me like strange dogs.

If they are smart, they'll keep right on acting like that — or they will go the way of 'little blowhard.'

That's the way wives are. They have to put up with so much foolishness in husbands they're not going to take any nonsense from a mere metal machine. Something's got to know who's boss.

West Germans Impress Warren With Progress

LOS ANGELES, (AP)—U.S. Chief Justice Earl Warren says he is impressed by signs of economic progress in West Germany and other European countries.

The chief justice and his wife arrived by air from Denmark yesterday for a vacation.

"There was great activity throughout West Germany," Warren told a reporter. "The standard of living seemed good throughout Europe as far as I could see."

He had visited supreme courts in Germany and Norway and visited chief justices in other countries.

Soviet Plane Crash Kills 25 Passengers

MOSCOW (AP) — Pravda today published news of one of Russia's worst known air disasters in recent years — the fiery crash of a Soviet airliner which claimed the lives of 25 persons, including 10 Norwegian women.

* * *

It was the first time in years that the Soviet press has reported such an accident. The brief dispatch in the Communist party organ said the tragedy occurred Saturday near Voronezh, 290 miles southeast of Moscow.

The women were members of Norwegian political parties.

* * *

Norwegian Embassy officials here said they had been informed of the accident Sunday night. They said they understood the victims' bodies could not be identified individually and that the Norwegians would be cremated and their ashes sent home.

Detroit's Gale V Wins Gold Cup

SEATTLE (AP)—The Gold Cup, elderly symbol of America's speedboat championship, headed back to Detroit today after a merry Sunday mixup in which a loser was the winner and the winner cheered too soon.

Gale V, Joe Schoenith's romping monster, earned the cup on points.

Half a million people—that's the Seattle police department's estimate of the crowd—thought the victory belonged to Miss Thriftway. This brand new Seattle entry in the speedboat racing picture roared to clear-cut victories in the second and third heats of the 48th 90-mile classic.

* * *

The Gale, driven by the owner's son, Lee Schoenith, finished second in the first heat, second in the second heat and third in the last 30-mile go-round.

But when the race officials figured up the time they found that Gale needed 4.53 fewer seconds to negotiate the 90 miles than did the Thriftway, which finished third in the first heat. This earned Gale a bonus of 400 points for running the fastest race. With points earned during the heats, Gale wound up with 1,225.

Miss Thriftway, lacking a bonus, finished with 1,025 points. The Slo-Mo-Shun IV, which brought the Gold Cup to Seattle in 1950, was in the thick of the point scramble until her engine conked out on the next-to-last lap of the final heat. She got third place on the Cup ladder.

Fourth went to Such Crust III and fifth to Miss Cadillac, both of Detroit. Breathless, entered from Piedmont, Calif., took sixth and Gale IV, sister of the winner, was seventh.

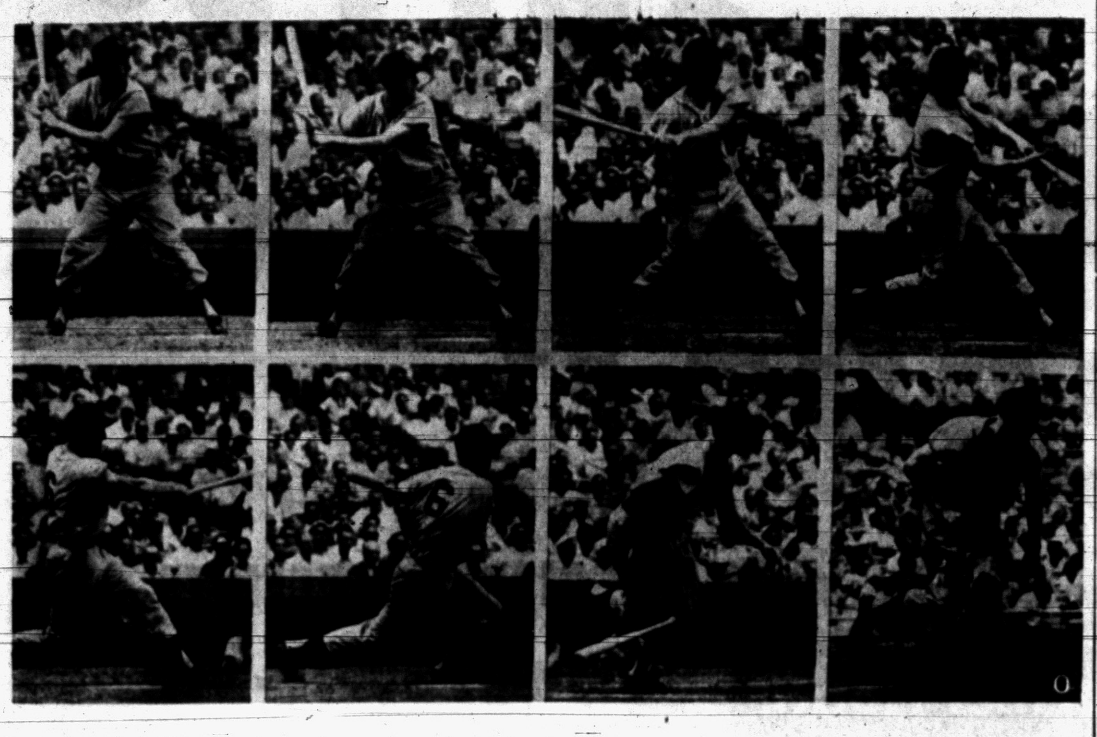
* * *

The Slo-Mo-Shun IV set a couple of records in winning the first heat. Her 107 miles per hour for the third lap and 103 for the heat were new marks in Gold Cup competition. Failure to finish cost her the 400-point bonus she could have had for recording the day's fastest heat.

* * *

She was not alone on the sidelines at the windup. Flame flashed in the cockpit of Guy Lombardo's Tempo IV in the first lap of the day and driver Danny Foster was burned on the left arm. He was not seriously hurt but the boat was through for the day.

Two craft sank, both after hitting some undiscovered debris. The Scooter Too, owned by industrialist Henry Kaiser, holed her hull just before the start of the race. Rebel Sun, running as a team with Thriftway, had the same experience in the second heat. Their drivers were not hurt.



KALINE CONNECTS — Sequence camera catches Al Kaline, the American League's leading hitter, connecting for a double off Yankee pitcher Tommy Byrne in 7th inning of opening game of double header yesterday. The Tiger outfielder is batting .351, has 23 homers and has batted in 81 runs.

Johnson Takes DDGA Crown

By H. GUY MOATS

Glenn Johnson, Grosse Ile insurance man, Sunday became the 4th golfer in the Detroit District to win both the Michigan Amateur crown and the DDGA title the same season.

Johnson outlasted the defending champion, Bob Babbish, to win at Orchard Lake Country Club. The count was 2 and 1.

The match, which attracted an unusually large gallery, for this event, was a tight one all the way. Glenn and Bob were all even at 9, at 18 and at 27 holes.

Johnson then won the 30th to go 1-up. He was 2-up on the 34th to be dormie 2, Babbish had to win the 35th to stay in the battle, but he only managed to halve the hole, and lost the match, and his title.

Johnson's victory marked his 11th straight match win, including six in the State Amateur and five in the DDGA.

Only three other district shotmakers have annexed the two titles in the same season, none, until now, since Chuck Kocsis did it in 1933. Johnny Malloy captured both in 1927 and Jimmy Standish in 1924.

Babbish, veteran district star, was a former caddie at Orchard Lake. He won the DDGA crown four times, the 1st in 1940. Bob had met, and defeated Johnson in the last four district championships.

The match was largely one of par-shooting, with few birdies and equally few bogies.

There was one hole on the morning round that had Johnson talking to himself.

Babbish had just taken No. 8 to grab a 1-hole edge. Both had good tee shots on this really long hole, dog-leg par 5, 475 yard test.

Babbish's drive was a spectacular poke. He blasted the ball out and around the dog-leg for an estimated 325-330 yards. Johnson's shot was straight down the aisle, but found the rough at the turn of the fairway.

Glenn chipped out, but then muffed his 3rd one. He bumped the ball about 20 yards on what should have been an easy 50-yard pitch. Babbish watched the play then proceeded to dump his 2nd into a trap. Johnson got on, while Babbish was 25 feet away from the stick on his pitch-on. Bob's putter then played him false and he took three putts to get down, while Johnson dropped his putt (his 5th shot).

Young Tommy Shannon Jr., 21-year-old son of the Orchard Lake professional, grabbed the 1st flight title in a tight contest with Ray Palmer. Tommy took a 3-up edge at the end of the 1st 9, and hung on to beat Palmer 4 and 2.

Results of other flight championship matches:

Dr. J. V. Murphy defeated George Webb (Orchard Lake), for the 2nd flight title, 3 and 2.

Sherwin Ross defeated Bob Hackett, 3 and 2 for the 3rd flight.

Bob Reynolds defeated Al Coopersmith (MGPA) 3 and 2 for the 4th flight title.

Huron Valley Club Retains Top Spot in District Legion

Huron Valley Boys Club kept its top perch in the American Legion's 18th District Baseball League with a 7-3 triumph over Clawson Sunday afternoon.

Huron Valley, the host club, spotted Clawson two 2nd-inning runs before coming to life. Paced by John Zeeman, who doubled and singled to drive in four runs, the Boys Clubbers tied the count in the 3rd stanza and took the lead for the duration in the 4th. Dave Gaddis hurled a 6-hitter and fanned 10 for the winners.

Huron Valley's scheduled night game at Berkley Saturday was again postponed, this time because of heavy rain.

Waterford continued its climb in the 2nd-half standings with a 6-1 win over Berkley yesterday at Waterford. It was Waterford's 3rd straight victory after dropping the 1st two and moved it into a 2nd-place deadlock with Birmingham.

Chuck Gillis struck out five and effectively scattered nine hits. Waterford made the most of seven safeties and five Berkley errors and iced the contest in the 1st and 2nd innings with five runs. Jerry Kruskie led the way with two singles that accounted for two runs.

Yesterday's scheduled game at Rochester between Birmingham and Rochester was called off because of wet grounds. The contest will be played Tuesday at 5:30 p.m.

Sales Booming for Wolverine Tickets

ANN ARBOR (AP) — University of Michigan football ticket sales are booming — amid reports that this year's Wolverine squad rates as a top Big Ten contender.

Ticket manager Don Weir reported that early season ticket sales are well ahead of last year, but no figures were available as yet.

He said that Aug. 10 was the deadline for priority season ticket sales. Priority is given to repeat buyers of last year. But all those applying after Aug. 10 will have to take their chances on choice seats.

Fishing Site Studied for Cedar Island Lake

LANSING (AP) — State conservation Commission will consider purchasing six fishing sites and 3,806 acres of forest land at its Aug. 14-15 meeting at the Higgins Lake Training School.

Fishing sites under consideration are located on Turtle Lake in Benzie county, Sandy and No Name lakes in Houghton county, Middle Lake in Branch county, Cedar Island lake in Oakland County and Jordan Lake in Charlevoix County.

Little Cuban Racehorse Wins 55th Victory

Carmerero, Undefeated, Rated the Winningest Thoroughbred Ever

SAN JUAN, Puerto Rico, (AP) — Carmarero, a shrimp as race horses go, may never break any speed record, but he went down in turf record books today as the winningest thoroughbred ever.

* * *

Standing only 14 hands and weighing 750 pounds, the 4-year-old bay colt yesterday won his 55th straight race — he's never been defeated — to beat the record of 54 he held jointly with Kincsem, the great Hungarian filly of the 1870's.

* * *

There's no teling how many victories Camarero may run up because he certainly is the best in Puerto Rico. His owner, Juan Coll Vida, a San Juan newspaperman, said he has no plans for racing Camarero outside Puerto Rico.

Oklahoma Boy Junior Champ

LAFAYETTE, Ind., (AP)—William Dunn of Duncan, Okla., a 6-foot-5 husky with a booming driver and precision irons, holds the USGA National Junior Golf Championship in spite of California.

Dunn, a 17-year-old who won't be eligible to defend his title next year, beat two Californians to take the trophy at Purdue University's South course Saturday. William Seanor of Bakersfield bowed in the championship match, 3 and 2.

* * *

In the morning semifinal round, Dunn defeated Dick Foote of Santa Ana, 3 and 1, the match ending with a penalty as Foote picked up his ball before putting on the 17th hole and lost the hole on the penalty.

Seanor beat Phil Rodgers of San Diego, 2 and 1, in the semifinal round.

Wallace Victor in 50-Lap Race

Johnny Wallace captured the 50-lap feature in the mid - season championship races Sunday night at Gay Day Speedway. Wallace was chased across the finish line by Chuck Partello and Marvin Main. It was the 2nd victory of the evening for Wallace, who took the pursuit.

* * *

Ralph Poolie grabbed honors in the 25-lap semi, coming home ahead of Bill Dillard and Ted Cody.

Pontiac's Kenny Schon broke his own track record set a week earlier with a clocking of 21:43 in the qualifying run. His previous mark was 21:52. Schon was leading in the feature race until he spun out of the running on the last lap.

Heat winners were Loyce Cockerell, Ross Heikle, Marvin Main, George Rhyndress, and Benny Howell. Howell was the victor in the six-car dash.

Drab Outlook for Indian Nine in Washington

Tribe Shapes Up as Easiest for Senators to Beat

WASHINGTON (AP) —Cleveland's Indians, victory-less in a three-game series, are shaping up as the team easiest for Washington to beat.

The Senators' 9-3 victory yesterday was the fifth in their last six contests with the 1954 pennant winners and left Cleveland the only team over which they hold an edge: 10-7.

* * *

Even the last-place Baltimore Orioles have split even in their games with the Senators this year, teams have chalked up victory margins.

The seventh-place Senators have won only 39 games all year, but 10 of them have been against the Indians. Cleveland's seven victories over Washington, on the other hand, are fewer than the Indians have counted over any other team except the Detroit Tigers, whom they've played only 10 times.

* * *

Despite their three straight defeats, Cleveland remained within a half game of the American League lead as New York split a doubleheader yesterday with Detroit and rain ended Chicago's game at Baltimore in a 2-2 tie.

The Indians came to Washington in a virtual tie for first place after winning two out of three from the Yankees.

* * *

They helped themselves lose to Washington by committing six errors in the three games played here.

That has been their pattern for the year. In their 17 games with the Senators, they have committed 27 errors and given away 24 unearned runs. They've been charged with only 49 errors against all the other clubs.

Rookies Crash Browns

Hall, Petitbon, Freeman May Stick With Champs

HIRAM, Ohio (AP)—This was not a good year for a newcomer to crash the Cleveland Browns, but three of them already appear likely to make the grade—defensive end John Hall, halfback John Petitbon and quarterback Bobby Freeman.

In three weeks, 14 rookies have been cut from the squad which includes 26 of last year's National Football League championship team and 17 other hopefuls fighting for seven jobs.

* * *

Hall, a 220-pounder who starred on the Iowa line the past two years, probably will see as much action as any rookie in Friday night's game at Chicago with the College All-Stars. Because Carlton Massey pulled a thigh muscle, Hall has had ample opportunity to show his stuff in practice, and what he showed pleased Coach Paul Brown.

* * *

Petitbon, a New Orleans athlete who won three letters at Notre Dame, could make the backfield either as a defensive back or as a running back in one of the spots left by Billy Reynolds and Chet Hanulak who went into military service. Petitbon played the 1952 season with the Dallas Texans, and he played for Marine football teams the past two seasons.

* * *

Freeman's future depends on the outcome of a suit by the Canadian football league's Winnipeg club to enjoin him from playing with the Browns. That suit, which claims Freeman broke a contract with Winnipeg, comes up in federal court here again Wednesday.

American Loop Flag Chase Gets More Congested

1½ Games Separate Top Four Teams, Tigers Trail by Mere 5½

By THE ASSOCIATED PRESS

How about a five-team playoff for the American League pennant? It sounds fantastic but the pot is boiling up a real fine stew for President Will Harridge.

Under the American League system, it's sudden death, a one-game playoff, in case of a tie. But that takes care of only two clubs. With seven weeks to go, only 1½ games separate the top four clubs. Detroit in fifth place is only 5½ back.

The weatherman helped tighten the screws Sunday, forcing Chicago to settle for a 2-2 tie in 12 innings at Baltimore and washing out a scheduled second game. Rain also postponed a second game at Washington after the Senators had bopped the Cleveland Indians again 9-3.

* * *

Mickey Mantle's 10th-inning home run, his 26th of the season and second of the game, gave New York a split with Detroit and possession of second place all by themselves, three percentage points behind Chicago. Detroit shaded New York in the opener 4-2 but Mantle's clout added up to a 3-2 Yankee victory in the second behind Bob Turley.

The fast-moving Boston Red Sox outlasted Kansas City in a wild fray 16-12 hammering four pitchers for 19 hits and 31 total bases. Despite the victory, the Red Sox lost the series to the A's, the first set they had dropped since they bowed to Cleveland July 16-17. Boston was the only team to gain, picking up a half-game.

* * *

In the National League, where they are more concerned with second place than first, Milwaukee won a pair from Pittsburgh 6-3 and 4-2 while New York split two at Cincinnati, losing 8-5 and winning 6-5. As a result the Braves have a two-game edge on the Giants in their second-place battle. If you insist, the Braves are "only" 14½ games back of Brooklyn which bowed to Chicago 4-3. Philadelphia trampled St. Louis 9-6 in the other game.

Chicago had Jim Busby on second base with two out in the 13th when rain made further play impossible at Baltimore. All individual records go into the book but the game must be replayed in its entirety as well as the postponed second game when the White Sox visit Baltimore for the last time in September.

Softball Series Starts Tuesday

Six Teams to Compete in 2-Knockout Event at Drayton Plains

Waterford Township Men's Softball League playoffs, sponsored by the Waterford Department of Recreation, start Tuesday night at Drayton Plains.

Six teams will compete in the post-season, double elimination tournament. Day's Sanitary Service will not participate in the playoffs.

Tuesday's card lists two games. Dick & Wes Sporting Goods, league runner-up, meets Gidley Electric at 7 p.m. League leading Waterford Lions face Richardson's Dairy in the 8:30 'cap. Sylvan Center clashes with Drayton Drug at 8:30 Wednesday.

Two contests tonight close the regular season in what has been a hectic race. Gidley's battles the Drug nine at 7 p.m., and Richardson's plays Dick & Wes at 8:30.

Whites' Club Jumps From Last to Second

Defending champion White Brothers racked up two triumphs Sunday night at Drayton Plains to move from the cellar to 2nd place in the Waterford Junior Softball League.

White's overcame a 5-0 deficit in the 1st tilt to edge Fillmore Hardware, 6-5, as Ron Hopp led the way with a triple and single. Hopp continued his heavy hitting in the nightcap with a triple, double, and single as league-leading Drayton Drug bowed, 17-6. It was the Drug nine's 1st setback after eight straight wins.

Hot Doug Ford Finishes on Top in Chicago Test

PGA Champ Fires 11-Under - Par Total for All-America Cas..

CHICAGO (AP)— Four-year-old Mike straddled "Daddy" Doug Ford's shoulders and pounded tom-tom fashion on his head.

Ten-year-old Doug Jr., hung to his dad's hand, his eyes gleaming in hero worship.

The Dad said: "I guess I'll go back to the trailer and so some baby sitting. I've got another, Pamela. But she's only 5 months old."

* * *

Doug Ford is the hottest pro golfer on the circuit right now. His check of $3,420 for winning the All-American tournament at Tam O'Shanter yesterday boosted his earnings for the season to $19,030 and gave him third place on the PGA money-winning list.

The 33-year-old Ford, winner of the National PGA crown two weeks ago, took the All-American prize with a final 70 for a 72-hole total of 277—11 under par.

* * *

Instead of the windup being a race for the title, it was more a retreat. While Ford breezed in with a two-under 70, Thomson, the 54-hole leader, ballooned to 78 for 284 and seventh place.

Most of the other front runners also collapsed with the result that little-known Leo Biagetti of Willoughby, Ohio, took second with 70 for 280, and a four-way tie for third developed among Ted Kroll, Tony Holguin, Jimmy Demaret and Freddie Haas, each at 283.

* * *

The 72-hole grind in the "World" event pays the winner $50,000 in cash and guarantees $55,000 more for 55 exhibition matches.

Other divisions of the All-American came out this way:

Women's Pro ($1,000 to the winner)—Patty Berg with 302, two under feminine par.

Women's Amateur—Wiffi Smith, St. Cair, Mich., 312.

Men's Amateur—Doug Sanders, Cedartown, Ga., 286.

Before the "World" championships begin, International Cup matches will be presented tomorrow and Wednesday.

Giammalva Is Eastern Champ

SOUTH ORANGE, N.J. (AP)—Sam Giammalva, a Houston, Tex., youngster who has been on the upgrade for the past three years, today held his first major tennis title—the Eastern Grass Courts Championship.

* * *

Just 21, Giammalva eliminated four seeded players including Vic Seixas and Kurt Nielsen, top-ranked American and foreigner, respectively, on the way to the final round. He whipped Gil Shea of Los Angeles, 6-2, 3-6, 11-9, 9-7, in the final yesterday.

* * *

This was a three-hour volleying duel between two players who refused to tire in the intense heat.

2-Hitter for Helisek

Softball Playoffs Marked by Shutout Victory for Bicmar, 4-0, Over Riteway

Bicmar Inn and Riteway Softwater were 1st-round winners as the men's Class B City Softball League playoffs got under way Sunday night at North Side Park.

Bicmar handed Elks 810 a 4-0 whitewashing behind the sparkling two-hit pitching of John Helisik. Helisik did not walk a man and struck out nine to completely handcuff the opposition.

While Helisik was limiting the Elks to 4th and 7th-inning singles, Bicmar was collecting 10 safeties off the combined offerings of Jack Choler and Don Hill. Helisik's lead-off double and a two-bagger by Jack Ganzel scored the initial run in the 1st stanza. Bicmar wound up scoring in the 3rd with three runs on singles by Helisik and Jerry Ganzel, a walk, an error, and a single by Bud Reed.

Riteway rapped 11 hits off John Geiger's deliveries to defeat Ashland Flying Octane, 7-4. Roger Reynolds hurled six-hit ball for the winners, who trailed, 4-2, entering the bottom of the 3rd frame. An enemy miscue, a single by Don Moorhead, Roger Reynolds' triple, and a single by Chuck Reynolds scored three runs and gave Riteway a lead it never relinquished.

Two exhibition games were played last night at Beaudette. Mike's Used Cars got only eight hits, but benefited by seven errors to trounce Sylvan Center of the Waterford League, 12-5. Lloyd Harper pitched a six-hitter for Mike's. Beverly Jackson twirled a four-hit effort as Shaw's Jewelers trimmed Woodland Accident from Durand, 6-4, in a girls' attraction.

Class B playoffs continue tonight with two contests scheduled at Beaudette. General Motors meets Bicmar at 7 p.m., and Knights of Columbus faces Riteway at 8:30. Giles Realty meets GMC at 7 and Shaw's plays Gingellville at 8:30 in girls' league games at North Side.

Walleye Fishing Slow

By JACK PATTERSON

SAULT STE MARIE—Saved a day to look into the walleye fishing in the Black-Mullett-Burt lake triumvirate of usually excellent August walleye waters. Mullett is producing some very fine fish, including some exceptionally large ones on nightcrawlers and spinners of course, but not in the numbers that might be expected at this time of year. Burt waters, warm beyond belief are producing few walleyes although rainbow fishing at the bar where the Sturgeon river enters is picking up as a result of recent rains.

PATTERSON

* * *

Black lake, usually a fine walleye producer is slow to the point of complete inactivity. Warm water may well be the answer here too.

Checked with Mrs. George Hawn who knows most Black Lake fish by name and learned that although big perch up to 15 inches or so are coming in very well, walleyes just aren't to be had.

Pike in the lake are behaving oddly too. They'll play with a minnow for 15 minutes but won't take it firmly enough to be hooked. Now regular readers of this column are well aware of what we think of pike. Anything that keeps them from taking a hook is, to us, a blessing. But we also know that several hundred thousand other fishermen don't agree.

No walleye fishing to speak of, so we turned to thoughts of real fish, namely trout. Happened to pick up the current issue of a national sports weekly which claimed the Maple River, practically alone of Michigan's trout streams, was a steady producer.

Decided to check with Carleton Patterson, who knows the Maple as well as his own back yard, and as a matter of fact spends at least as much time in the former as the latter.

* * *

Discovered he had taken 10 trout the morning before from the Maple just east of Pellston.

We were all in favor of having the old maestro take us over to a few of his secret holes, but the Pattersons were entertaining the Mac Whitfields and we couldn't quite figure out what to do with Mac on a trout stream, once we'd disposed of all the obvious things.

Another complicating factor was the presence of the former Lois Patterson and her husband, Bob Sligh of Holland. As former N.A.A.U. and European water ski champ, Bob naturally thinks highly of the sport. More so than fishing. Offered to put us through the paces, but we politely declined in favor of Whitfield.

* * *

Much to our surprise that aging worthy put on a splendid display of grace and daring—up to the point, that is, where he disappeared in a welter of spray and foam. The host, of course, has had sufficient training from his son-in-law so that he can zoom about over the water just as though he knew what he was doing.

A sudden weather shift and a cold NW wind prompted us to head unto the Upper Peninsula for a look at rainbows, smallmouths and maybe Little Bay De Noc walleyes which are reportedly on the muscle. As of now we're heading for a very special rainbow spot that George Washington could hit with a silver dollar right from the center of town.

Basilio, Italian Battler Scortichini Meet Aug. 10

By THE ASSOCIATED PRESS

Carmen Basilio, the New York welterweight king, returns to action Wednesday night at Madison Square Garden in a non-title bout with Italo Scortichini.

Inactive for two months since he won his title by stopping Tony DeMarco at Syracuse, the 28-year-old Basilio meets Scortichini for the third time in their 10-round match (radio and TV-ABC).

Basilio and Scortichini fought a draw at Miami, Fla., Jan. 16, 1954, and Basilio won a unanimous decision four months later. While Basilio has fought only Peter Mueller and DeMarco this year, the busy Italian fought six opponents and made trips to Australia and Manila.

Carl (Bobo) Olson sets out to re-establish himself after his disastrous evening with Archie Moore when he boxes Jimmy Martinez of Phoenix, Ariz., Saturday night at the Portland ball park. Olson's middleweight crown will not be at stake in the 10-rounder.

Virgil Akins, the St. Louis welter who has been rolling at top speed in recent months with knockouts over Ronnie Delaney and Joe Micell, tops tonight's card at New York's St. Nicholas Arena (DuMont-TV) against Isaac Logart of Cuba.

Tigers Split in NY, Head for Cleveland

NEW YORK (AP)—A week from today the chances of the Detroit Tigers in the currently super-tight American League pennant race should be pretty obvious.

Tigers, who split a Sunday doubleheader with the New York Yankees, moved on to Cleveland today to open a three-game stand Tuesday night. Then they go home to Briggs Stadium for a trio with the Chicago White Sox.

Chicago leads the league, with New York three percentage points back; Cleveland a half-game, Boston a game and a half back; Cleveland a half-game, Boston a game and a half, and Detroit five and a half.

Of course, this week and next the Tigers might be able to spell out the fate of Chicago and Cleveland, if not their own. They tangle in three with Cleveland and two with Chicago—all in Detroit—next week.

With Sunday's split, Tigers ended a four-game series with the Yankees 2-2. For a time it looked like they might even do better, but they left two stranded in the 10th inning of the 2nd game and lost when Mickey Mantle hit his 26th homer of the season in the bottom of that frame.

Mantle's tremendous clout gave the Yanks a 3-2 victory, after they had lost the 1st 4-2.

A stout relief job by Al Aber, who relieved Steve Gromek in the 7th, and a two-run homer by left fielder Bubba Phillips in the 6th were primarily responsible for the Tiger victory. Al Kaline and Jack Phillips whacked back-to-back doubles and Ray Boone tripled to nail it down.

Frank Lary got off to a shaky start in the final game, giving up a run in both the 1st and 2nd innings, but Babe Birrer was on the mound when Mantle bounced his game-winner out of the park.

Lary left for pinch hitter Charley Maxwell in the 8th, Maxwell produced a single and Harvey Kuenn followed with another. After Bill Tuttle sacrificed them along, Al Kaline brought them both in with a ground single to left.

Hamtramck Is Victor

MIDLAND (AP)—Hamtramck will represent Michigan at the Little League sectional baseball tournament in Gary, Ind., next week.

Hamtramck, defending champion, won the state title Saturday by beating Bay City 8-2.

Hamtramck defeated Grand Rapids 15-2 and Bay City defeated Birmingham 5-3 in the semifinals.

144 Bag-Toters in DDGA Caddie Test

Twenty-four six-man teams teed off today in the annual Detroit District Caddy Championship at Oakland Hills Country Club.

Ranking golfers among the field of 144 caddies are Leon Jackson from Washtenaw, defending champion; Nick Berklich, also from Washtenaw, last year's runner-up; Jack Fowler of Oakland Hills; and Jack Reynolds of Waterford.

Washtenaw, defending team titlist, is expected to meet stiff opposition from the Plum Hollow team, runner-up a year ago, in its bid to retain the Chris Brinke Memorial Trophy. Individual winner will also receive an award.

Emil Levsen of Cleveland pitched two complete wins on August 28, 1926.

Old Timers Nine Downed by Toledo

Toledo took a commanding 6-0 advantage after three innings, then coasted to an 11-5 victory over the Pontiac Old Timers in an International Old Timers League baseball game Sunday afternoon at Wisner Field.

Toledo nine scored a 7th run in the 4th frame before Pontiac ever found the plate. Mickey George went the route on the mound for Pontiac and yielded nine hits, four going for doubles. George struck out 12 batters, but encountered control problems as seven bases on balls will testify.

Bud Corlett hurled the distance for Toledo and gave up seven hits, two of them to Clell (Mutt) Morse. Corlett fanned eight and walked three. It was the Pontiac Old Timers' 6th consecutive defeat compared to a lone win.

Proud Angler's Fish Ineligible in Press 'Derby'

Gerald Stroupe landed a husky pike Friday and sought to enter it in the annual Pontiac Press "Big Fish Derby." There was only one drawback—he lives in Wyandotte.

Stroupe, whose address is 13199 Irene, caught the pike about 5 p.m. in Lake Orion while fishing with his father-in-law, Edward Pilz. Stroupe used a casting rod, 6-pound test line, and chub minnow and hauled in the fish without benefit of a net. The specimen weighed 8 pounds 3 ounces and measured 34½ inches long.

Stroupe, who owns property at Lake Orion and spends considerable time there during the summer months, would have been the new leader in the pike division. But the rules specify that all anglers must be full-time residents of Oakland County.

Ronald R. Bird's 6-pound 2-ounce pike still heads the field. Ray Reed's 17-ounce bluegill remains on top and a 5-pound 12ounce bass entered by Walled Lake's Jim Shivas holds the lead in the three division "derby."

Marilyn Given Role From Classic Novel

HOLLYWOOD, (AP) — Curvaceous Marilyn Monroe has been offered a chance to appear on television in the type of role she says she wants.

Albert McCleery, producer of a projected series of dramas to begin on NBC-TV, said yesterday he has asked Miss Monroe to star in a "The Brothers Karamazov."

Said McCleery, "Naturally, it would be impossible to pay Miss Monroe the level of Hollywood salary to which she is accustomed and which she deserves."

There was no immediate reply from Miss Monroe or her studio, 20th Century-Fox. The actress has been in the East since she tiffed with the studio over her dramatic aspirations.

All but eight states restrict the sale and use of fireworks.

Hollywood Headlines

Joan Crawford Considers Son's Actions as Big Joke

By DOROTHY MANNERS

HOLLYWOOD (INS)—The first social visit paid by Joan Crawford and Alfred Steele since their return to Hollywood, was to the boss, Louella Parsons. Miss P reports:

Joan's bridegroom has just bought a new plane. He said he had to buy it in self-defense so he can make trips back and forth to the coast faster.

"Joan's son, Christopher, who has been running away since he was a small boy, is very excited over the new plane which his step-father took him to inspect."

LOP says that Joan and her new husband both feel that the only trouble with young Chris is that he has an overly active imagination. He gets carried away with an idea, as he did when he took off to become a sailor.

"And now," Joan laughed to the boss, "He'll probably run away to be a pilot!"

ANOTHER DIVORCE

After shilly shallying around for months about divorcing Bob Horton, Barbara Ruick has told her lawyer, Mickey Rudin, to get the action started. It's scheduled for court hearing August 19.

The following day, Baraba leaves for Boothe Bay Harbor, Maine, for a month's location on "Carousel."

There was a brief time after their separation when their friends hoped Barbara and Bob could patch it up. But their frequent dates failed to result in a reconcilation. So another sad "finis" is checked up against "career" marriages.

HOLLYWOOD IN SHORTS:

Dolly Walker's $92,000 jewel theft altered the Milton Berles to put so many alarms all over their rented Beverly Hills home that Uncle Miltie can't raid the ice box without setting off a blast.

June Allyson and Dick Powell check up ten years of marriage August 19.

That fishing - vacation Lana Turner and Lex Barker are enjoying in Acapulco will be interrupted when Lex returns to Hollywood on the 15th to do additional scenes on "Away All Boats."

Next to the names of Marilyn Monroe and Jean Peters on the new "contract" list just released the executives at 20th, is the telling comment: "address and telephone numbers unknown."

Groucho Marx's ex, Kay, enters St. John's Tuesday for surgery on an old knee injury.

That's all today.

Captive Fliers Held Own Religious Rites

TOKYO (AP)—The 11 American airmen just freed from 2½ years of captivity in Red China said today they had their own church services every Sunday after they were reunited in prison in December 1954.

"There was not a single member of our group who didn't take part a little bit," said Maj. William H. Baumer, Lewisburg, Pa.

* * *

The two Cathoics, Capt. Eugene J. Vaadi, Clayton, N.Y., and T. Sgt. Howard W. Brown, St.Paul, Minn., said the rosary.

Baumer and two others conducted Protestant services for the rest.

On Christmas and Easter the Protestants and Catholics joined for services and sang hymns.

Brown said that in January he received a rosary and a prayerbook from his girl friend Antolnette Palermo.

Baumer said he "read a little" every day until he had finished the Bible.

Marines Admit Inability to Outdo Navy at Sea

NEWPORT BEACH, Calif., (AP) — Four Marines turned the art of sailing back to the Navy today after unsuccessfully trying to paddle 30 miles to Catalina Island in a rubber life raft.

The Leathernecks shoved off from Newport at 4 a.m. Saturday and honed to reach Catalina by dusk. They carried fruit juices and Mae West jackets.

Sunburned and seasick after getting half way across, the Marines hailed a passing boat which radioed for another vessel to tow the raft here.

Historians Convene

BRUNSWICK, Germany (AP) — Twenty-five German and American educators are getting together here Aug. 24 in a conference aimed at weeding errors and prejuices from history books. Historians, teachers and textbook publishers have been invited to take part in the seven-day meeting.

Wife Acquitted by Army Court

Verdict Stuns Mother Accused of Murdering GI Husband

CAMP SENDAI, Japan, (AP)—Mrs. Romola Abidin, Bayside, N. Y., was acquitted yesterday by a U.S Army court-martial of the Cherry Blossom Lane slaying of her warrant officer husband.

* * *

After sitting through four hours of suspense while the court debated the verdict, she staggered slightly and sobbed when Brig. Gen. Herbert R. Vander Heide informed her: "It is my duty to advise you the court has found you not guilty."

* * *

She embraced her father Louis Viviano and rushed off to join her three children, Bobby, 7, Ronny, 6, and Randy, 4.

During the five-day trial, she never admitted in court that she heard any shots fired or remembered pulling the trigger of a .38-caliber pistol which was found with two empty cartridges in the Abidin house on Cherry Blossom Lane.

* * *

She testified that her husband ran toward the bedroom where one of the boys was sleeping, screaming, "I'm going to kill the kids." She grabbed one of his pistols, she said, and begged, "Bob, Bob, for Christ's sake stop. Please stop and listen to me."

"Then something happened, and Bob said 'get me to a hospital,'" she testified.

Motorists in the U. S. pay $3.5 billion a year for state registrations, gasoline taxes, special city and county levies, in addition to bridge, tunnel and ferry tolls, and the newest levy for the growing toll roads.

Parole Camp Escapee Captured in Owosso

OWOSSO (AP)—One of three convicts who walked away from a Southern Michigan prison parole camp last Tuesday was captured over the weekend.

Police, acting on a tip, seized Roger F. Hill, 24, of Detroit, as he hid behind an oil drum in an Owosso residential district Saturday night.

THANK YOU PONTIAC!
CROWDS-CROWDS-CROWDS, we were literally swamped with patronage over the week end.
Your response to my personal recommendation of "NOT AS A STRANGER" is most gratifying. Believe me, it does your heart good to see so many people enjoying this fine picture. I appreciate your confidence in my judgement.
You will not be disappointed. "NOT AS A STRANGER" is, of course, the film adaptation of Morton Thompson's runaway best-seller about men of medicine-their lives, their loves, their hardships and their triumphs. The picture co-stars six top Hollywood personalities . . . OLIVIA de HAVILLAND - ROBERT MITCHUM - FRANK SINATRA - GLORIA GRAHAME - BRODERICK CRAWFORD and CHARLES BICKFORD:
Well, it will be here all week and I can only urge every person in the Pontiac area who wants two hours of superb entertainment to see it. Why not see it today?
Sincerely,

Tongue Twister

MONTEVIDEO, Uraguay (AP) — The head of the only Swiss-style government in the Western Hemisphere, President Luis Battle Berres, is expected to encounter some name pronunciation trouble on his visit to Washington Dec. 5-7. His name sounds Loo-ees Bahya Bah-r-r-ras. He is head of the nine-man national council that serves as the executive power in Uruguay.

To Fight in Malaya

CANBERRA, Australia (AP) — The vanguard of an Australian regiment assigned to help the British fight Communist guerillas in Malaya is to sail Aug. 31. Army Minister Josiah Francis said 21 officers and 146 enlisted men will make up the party. The main force —about 50 officers and 1,130 enlisted men—is to follow Sept. 30.

Oklahoma gets its name from Indian words which mean "land of red men."

Stocks Move Up in Quiet Market

NEW YORK (AP) — Stocks were higher today in a very quiet market.

Prices in early dealings ranged from between 1 and 2 points higher to around a point lower.

Coppers did well in the face of a possible price increase being talked about in Wall street. Most major divisions were higher. Motors were mixed.

Cities Service advanced on a higher earnings report. Phico added a fraction of good earnings. Seeger Refrigerator was up between 1 and 2 points and Whirlpool was a fraction higher as the anti-trust division in Washington gave the green light to a proposal of merger with a division of RCA.

* * *

The market Friday was generally higher, but the pace of trading was extremely slow with only 1,690,000 shares changing hands.

The Associated Press average of 60 stocks advanced 80 cents at 172.40.

Poultry

DETROIT POULTRY
DETROIT, Aug. 8 (AP)—Prices paid per pound f.o.b. Detroit for No 1 quality live poultry up to 10 a.m.

Heavy hens 24-28, light type 18; heavy broilers or fryers (2½-3¼ lbs); whites 29; Barred Rocks 32; capon-ettes (4½-5½ lbs) 34-37; old roosters 10.

Comment: Market barely steady on hens with receipts and demands light. Fryers steady with supplies ample and fairly normal. Both interest is for fancy heavyweight capon-ettes but quality of receipts today was very poor.

CHICAGO POULTRY
CHICAGO, Aug. 8 (AP)—Live poultry steady; receipts in coops 648 (Friday 537 coops, 122,963 lb) f.o.b. paying prices 1 lower to 1 higher; heavy hens 21-24; light hens 17.5-18.5; broilers or fryers 29-30; old roosters 13.5-14.5; capon-ettes 4¼ to 5 lb 32.34, over 5 lb 36.

Corn, Soy Dip in Cool Weather

CHICAGO (AP)—A break in the hot, dry weather in the mid-west over the weekend also broke prices of the midwest's two big crops, corn and soybeans, on the Board of Trade today.

* * *

Losses ran to more than two cents at one time in both these cereals as recent buyers, who had gone into the market on reports of crop damage from the dry weather, tried to get out.

The rest of the market turned lower in sympathy with corn and soybeans. Wheat particularly was subjected to heavy liquidation, readily giving up ground.

Wheat near the end of the first hour was ⅞ to 1⅜ lower, September $1.93⅞; corn 1⅜ to 2¼ lower, September $1.35; oats ⅝ to ⅝ lower, September 59¼; rye 1¾ to 2¼ lower, September 98; soybeans 1¼ to 3¼ lower, September $2.28 and lard 7 to 13 cents a hundred pounds lower, September $10.70.

$64,000 Question Going on Radio

Eva Marie Saint to Get $20,000 for 'Our Town' Appearance

By JACK O'BRIAN

NEW YORK (INS) — Gossip, anyone? . . . When Steve Allen takes a two-week vacation Mickey Rooney probably will sub. Eva Marie Saint's "Our Town" TV fee Sept. 19 will be $20,000—her former high fee on TV was $1,250. "On the Waterfront" and her Oscar really ballooned Marie's take-home.

Had to happen: "$64,000 Question" goes on radio soon; tapes of the telecasts, probably CBS.

John Drainie, the Canadian actor who played Sen. Joseph McCarthy in the savage Canadian radio script written by convicted and deported Communist Reuben Ship will appear in Dostoevski's "The Dream of a Ridiculous Man" tomorrow on CBS-TV's "Camera Three."

Jack Webb isn't missing any buck, however elusive: He even has a "Dragnet" in play form to get royalties from amateur theatricals.

Lovely young (19) Diahann Carroll gets a part in an upcoming "Amos 'n' Andy" episode. A and A were on the air 11 years before Diahann was delivered.

DESI AND LUCY FLIP

Six Godfrey grads, or expellees, have hit records . . . Desi and Lucille flipped when the headlines said the $64,000 Q. "toppled" "Lucy" from the tip of the ratings. "We're not even on the air," groaned Desi. Lou Cowan, who dreamed up the new champ all-out cash-throwaway, was hired by CBS to keep him from switching the show. He'll slice off a huge chunk of any new programs he creates . . . He turned the boss job of his "Down You Go" over to his wife, who dreamed that one up herself, anyway . . . (Now why don't you think of things like that, dear?)

Gene Rayburn, fit as a violin and just as stringy after his hepatitis siege, warms up for the return of Steve Allen by taking over as moderator of "Make the Connection" from Jim McKay. That's the quizcast which sounds like every other one . . . While Tex and Jinx caper in Europe, Ben Grauer will take over their nighttime NBC radio time, lovely Sydney Smith the daytime chatter in addition to her own "Byline."

Connie Haines had her baby last week on the same day she was dancing all over TV—on film, of course.

CBS bought up a flock of old Frank Parker transcriptions just before ABC acquired them, to kill off any competition with himself on the Godfreycasts. Producer Bernard Tabakin turned a neat capital gains profit thereby.

"THIEF" TO BE ON TV

Ray Milland's "The Thief" will be on TV soon, and that will create a wierd problem: It has absolutely no dialogue. Now they'll have to spoil it with commercials . . . Kathryn Murray has an advanced case of Imogene Coca.

From the sound of plans to "plug" merchandise via virtually every big TV show this fall, between regular commercials and pitches for products peddled in the names of the stars, we can't see where much diversion can squeeze in.

After grabbing $100,000 at the new Frontier in Las Vegas, how can Ann Sothern again be just a "Private Secretary?" . . . Gary Crosby's new deccaration is "Higgledy Piggledy," written by music man Jack Robbins' son Marshall (oh, Johnny Mercer helped a little) . . . If they threaten to shelve anything around Jerry Fairbanks' new H'wood TV show, don't worry—the place is a reconverted supermarket. (Which aisle for cokes, ma?)

Bill Goodwin got the 'It Pays to Be Married", moderator job maybe because he's been wed 17 years? Bill Breadwinner has four Goodwinners, too.

Shivers Opposes Adlai Stevenson in 1956 Election

CHICAGO, (AP)—Texas' Democratic Gov. Allan Shivers hasn't changed his mind about opposing Adlai Stevenson as presidential timber.

"I will oppose the nomination of Mr. Stevenson for President in 1956", Shivers, one of the early arrivals for this week's Governors Conference, told a reporter yesterday.

"And should he be nominated, I will not support him."

* * *

Shivers shunned Democratic nominee Stevenson to support President Eisenhower in 1952.

"If the Democrats can bring forward a good man as a presidential nominee," he said, "a man who understands the problems of all sections of the nation, he will win."

Teen Car Thief Leads Police on Five Mile Chase

DETROIT (AP)—A five-mile chase involving one police gunshot, the use of a railroad switch engine and a railroad tower loudspeaker and some Indian-style tracking wound up with the arrest of a 15-year-old car thief yesterday.

The boy was in custody of a juvenile home today pending investigation.

In his flight on foot after being spotted in a stolen car, the boy touched on parts of suburban Allen Park, Lincoln Park and Melvindale, leaped the back fences of homes, and dodged across Wabash railroad yards.

Yard tower workers kept pursuing police posted on the boy's maneuvers by giving reports over the loudspeaker. One policeman commandeered a switch engine for a time in the chase.

The boy finally was found hiding in the basement of an abandoned home.

New 'Executive Phone' Toy for Broadwayites

By EARL WILSON

NEW YORK—Certain Broadwayites now amuse and amaze themselves with the "executive phone"—which they talk into without lifting the receiver . . . while strolling around an apartment 20 to 30 feet away.

★ ★ ★ ★

Irving Berlin and Faye Emerson are users, but Irving Hoffman, the writer artist, bon vivant, globe-trotter, and ex-Hollywood columnist, is the most ecstatic subscriber.

I visited his Times Square apartment — this itself is an adventure — and took lessons.

"It's wonderful because it leaves your hands free for other activities," Irving remarked, enthusiastically.

He dialed his brother, Leonard, at another midtown phone, in the regular way, except that he didn't lift the receiver. He asked Leonard to call him back, speaking in the general direction of the phone.

His brother phoned back. Irving punched a plug—but didn't lift the receiver.

HOFFMAN AND PHONE

"I'll take a walk while talking to him," Irving told me. He roamed the apartment, talking normally.

"Can you hear me?" he asked his brother. "I'm talking to you from the bookcase."

His brother's affirmative reply came loudly into the room over a loud speaker.

"Now I'm in the bathroom," Irving said, "and now I'm over in the clothes closet. Imagine being able to shave and talk on the phone at the same time!"

★ ★ ★ ★

I suppose a guy could even have a girl in both arms and also be phoning, but it never occurred to me to ask Hoffman about such a radical idea.

I got sort of excited and phoned the wife at the beauty parlor.

"Look, Ma, no hands!" Irving yelled at her.

Bell Telephone Laboratories developed this gadget, which now has 1,000 subscribers. The phone—even without the receiver off the hook—is such a sensitive microphone that one arthritic subscriber can get the operator by blowing his breath on it.

A hard-of-hearing subscriber has a Rube Goldbergish advice. The phone's ring turns on a fan which rattles some tassels which sets the dog barking which informs the man something must be going on.

★ ★ ★ ★

Irving Berlin calls in song melodies to his arranger, Helmy Kresa, who takes them over the executive phone.

In the past, Kresa suffered arm-ache holding a receiver with one hand, tinkling the piano with the other, while Berlin hums a melody for a half hour, even from California or Bermuda.

"It's a wonderful age," says Berlin. "If I had one of these at home, I could phone in my flop songs without getting out of bed." That's earl, brother.

Michigan Guardsmen Start Intensive Training Routine

GRAYLING (AP) — Michigan's 8,800 National Guardsmen began two weeks of intensive field training today at nearby Camp Grayling.

Maj. Gen. Gordon A. MacDonald, commander, urged his 46th Division in a welcoming speech Sunday to be careful in its planning so as not to waste any of the 104 field training hours.

Gen. MacDonald announced at the same time establishment of the Brig. Gen. John S. Bersey Award to be given the company sized unit which receives the highest training index during the encampment.

Church services and final readying of encampment occupied the guardsmen Sunday.

One traffic mishap marred the migration to Camp Grayling from nearly 50 Michigan communities. The last truck in a five-truck unit collided with the truck ahead of it at Mt. Pleasant.

Ten members of Company A, first battalion, 126th Infantry Regiment were treated at a Mt. Pleasant hospital after the collision. None was seriously hurt and all continued to camp.

Michigander Victim in California Theft

SAN DIEGO, Calif. (AP)—An East Lansing, Mich., woman yesterday reported a $75,000 jewelry theft to the sheriff's office here.

The ring, bracelet and broach were stolen from the Rancho Santa Fe Inn room of Mrs. Letha Estella Sober of 627 N. Harrison Rd., East Lansing.

She and her husband, Harold Sober, president of an automobile transportation company, discovered the theft when they returned from attending horse races at Del Mar yesterday.

Listed as stolen were: A platinum ring set with a 9.80-carat diamond, valued at $50,000; a platinum bracelet set with diamonds, valued at $10,000 and a broach, set with clusters of rubies, valued at $15,000.

Warned on Licenses

The Oakland County Prosecutor's Office reminded today that if a person has been in the state 90 days he must get a Michigan car license plate—even if he is a non-resident.

Several persons have been fined recently who were not familiar with the law.

Carmen Miranda Rites Set for Today

HOLLYWOOD (AP)—Hundreds of faithful fans lined up in 90 degree heat outside a Hollywood mortuary awaiting their turn to pass by the bronze coffin of Actress Carmen Miranda.

The body of the little Latin performer lay in state yesterday and last night rosary was recited for her at the Church of the Good Shepherd in Beverly Hills. The red beads of a rosary were twined in her left hand and she was dressed in a simple red suit.

Requiem mass is to be celebrated in the same church today.

The 41-year-old actress died of a heart attack early Friday in her Beverly Hills home following a strenous performance the night before with Jimmy Durante for a filmed television show.

India, Portugal Snap Direct Diplomatic Ties

NEW DELHI (AP) — Direct diplomatic ties between India and Portugal, at odds over Indian claims to the Portuguese settlements in India, were snapped today with the closing of the Lisbon government's legation here.

Portugal asked Brazil to represent it diplomatically in any future contacts with India.

Primary Race Winner Seen

Former Baseball Head Chalks Up Governor Bid in Kentucky

LOUISVILLE, Ky. (AP)—A. B. (Happy) Chandler, the former baseball commissioner, today appeared the winner of his primary election test in his bid to be Kentucky's governor again.

The 57-year-old Chandler built a 15,596 lead over Bert T. Combs, 43-year-old mountaineer judge, for the Democratic gubernatorial nomination. Their race was among the hottest in Kentucky political history.

Chandler, 1935-39 governor and 1939-45 U.S. senator, came back home seeking the executive post after losing the baseball job in 1951.

* * *

He ran against powerful party forces: the regular state organizations, rounding out its eighth year in office; U.S. Sen. Earle C. Clements, acting Senate majority leader; Gov. Lawrence Wetherby; and Sen. Alben W. Barkley, former vice president.

Returns from 1,955 of 4,074 precincts in Saturday's primary gave:

Chandler, 146,961; Combs, 131,365; Jesse N. R. Cecil, 2,479.

At this stage, the Louisville Courier-Journal, which supported Combs, said flatly that Chandler and his running mate for the lieutenant governor's nomination, Harry Lee Waterfield, Former Kentucky House speaker, had won.

Combs commented, "It's a horse race, but I feel we still have a chance."
