Temptations of the Desert Are Ever-Present Today

By IGOR SIKORSKY
Renowned Plane Designer

Not too long ago I had the good fortune to visit that gloomy wilderness overlooking the Jordan Valley where Jesus was led up of the spirit to be tempted. It was a fitting place to forget the frenzy of modern life and contemplate the world, the flesh, and the devil.

SIKORSKY

On the ground were thousands of flat, smooth stones, the same stones that the tempter asked Jesus to turn into bread. Even now they seemed remarkably like cakes of bread. The desert monoliths and precipices suggested thoughts of the turrets of Jerusalem, from whose ancient temple top Satan challenged Christ to jump without harm as a sign of his superhuman power.

Above were the heavens which covered all the kingdoms of the earth which were offered to Christ by the devil.

My thoughts wandered from the stones to the heavens. What is this visible heaven? It is not the foolish invention of the astronomer. What is the vast, invisible heaven? The universe itself?

Five centuries ago man saw the stars shining and beautifying only the earth. Now, he knows they shine and beautify the entire universe, the invisible as well as the visible heavens.

While sitting there I felt the heavens were indeed one of the realities of God's creation and reflect all His wisdom, power and glory.

And I became suddenly aware of the relation between resurrected man and the mysterious immensity of the universe. I was a part, if only a minute part, of this tremendous creation. The thought awed me.

From time to time I have had such an inner feeling. That sixth, indefinable sense that goes beyond mere mechanical intellect, intuition, or even inspiration. It is one of the faculties of the spiritual component of human personality. It is sound proof there is something beyond brain, eyes, nerves, tissues.

It was not until I was 25 that I began my search alone, and became more and more interested in the thoughts behind faith. My present convictions are not the result of a sudden awakening or conversion. It was an inner process, carried out mostly in complete solitude; often in the woods, or climbing mountains. It is not necessarily the only road, but it was my road.

22 Seek City Commission Posts

Five Aspirants in First District as Filing Ends

All Incumbents but One to Stand for Re-election in Spring Balloting

Twenty-two petitions have been filed by candidates hopeful for seats on the 1956-1957 Pontiac City Commission.

Yesterday was the deadline for filing petitions and final tabulations showed five filed from District 1, three from District 2, two in Districts 3, 5 and 6, and four each from Districts 4 and 7.

Under the City Charter, primaries will be necessary in Districts 1, 2, 4, and 7 to select the two candidates to be placed on the April 2 general election ballot. Candidates from Districts 3, 5, and 6 will automatically be placed on the April ballot, if petitions are verified.

All incumbents from the present City Commission filed petitions except District 7 Commissioner Harry W. Lutz who decided he would not seek reelection.

Yesterday's deadline brought a rush of six petitions into City Clerk Ada R. Evans' office.

By districts, the following candidates filed for nomination:

* * *

DISTRICT 1—Dr. Roy V. Cooley, John B. Woodward, Andrew A. McCaskill, Samuel J. Whiters, David Simmons.

DISTRICT 2 — Philip E. Rowston, Frank O'Brien, William G. Spence.

DISTRICT 3—William W. Donaldson, Earl J. Smith.

DISTRICT 4 — Floyd P. Miles, Basil W. Toles, Norman R. Bolton, Louis H. Biles.

DISTRICT 5 — John A. Dugan, Pat Stoglin.

DISTRICT 6 — John E. Carry, J. H Patrick Glynn.

DISTRICT 7 — Victor L. Smothers, Benjamin M. Gates, Robert Landry, and Gilbert W. Long.

Drop in Temperature Forecast for Tonight

The United States Weather Bureau predicts partly cloudy and colder for the Pontiac area. The thermometer will dip to a low tonight of 14-18 degrees.

The forecast for tomorrow is a high of 25-29 degrees. Winds are from the north at 10 miles per hour.

The lowest temperature preceding 8 a.m. in downtown Pontiac was 22 degrees. The mercury rose to 26 at 2 p.m.

Lady's Punches Send 2 Robbers Running for Door

OMAHA (AP)—White-haired Wilheimina Linneman is a lady who doesn't stand for any holdup business. She proved it last night. Two youths entered her small beer store and growled, "This is a holdup."

Mrs. Linneman reacted swiftly.

"I hit the nearest one right in the eye with a right swing," she told police.

When her first swing brought a howl of pain from one youth, the other bolted out the door, she said.

The one who caught the punch dazedly started for the door but ran into it and couldn't get away until Mrs. Linneman had swung a few more times.

"I was so mad they could have shot me and I wouldn't have felt it," said the small woman. "But I didn't notice whether they had a gun.

"To think that two young punks like that would try such a thing. They should have been doing their homework."

Voting Machines Ordered by City

80 Units to Be Ready by July 1 on 1-Year Rental Trial

A bid from the Automatic Voting Machine Corp. of Jamestown, N.Y. for the one-year rental of 80 voting machines at $150 a machine, was accepted last night by the City Commission.

After the one year trial basis, the city has the option of purchasing the devices at a bid price of $1,355 per machine with the $150 rental price to be applied to the purchase price.

Motion of Commissioner Philip Rowston that the machines be installed on a year's trial was adopted without dissent by the full commission.

Roy L. Gustavson, corporation representative, said delivery of the machines could be made on or before July 1 in time for the August primary.

He said an educational team will come to Pontiac about three weeks prior to the primary to begin a series of instruction periods for voters and city officials who conduct the elections.

"With tonight's approval, Pontiac now becomes the largest city in Oakland County to use these machines," he added. He estimated that 2,000,000 Michigan voters will vote in the November elections by voting machines.

There are 4,000 automatic voting machines in more than 200 Michigan communities, Gustavson concluded.

The bid from the New York firm was the only one considered last night.

PROUD HERITAGE — It will be several years before Matthew Jay McCully shown with his mother, Mrs. T. Edward McCully Jr., will be able to understand why and how his father died. But when he does, he'll have good reason to be proud. Mrs. McCully's husband was one of five missionaries killed last month by savage Ecuadorean Indians they were trying to convert to Christianity. She is the daughter of Mr. and Mrs. Harold F. Hobolth of 779 May Ct. Weighing 8 pounds and 1 ounce, Matthew was born Saturday at Pontiac General Hospital.

Success Hinges on Federal Aid, City Group Told

Toll Roads Would Cost State Only $60 Million With U.S. Help

By BURDETT C. STODDARD

Full details of the Michigan Turnpike Authority's plan for financing 511 miles of state toll roads were revealed yesterday by MTA Chairman George N. Higgins in a speech at the Kiwanis Club here and a later interview with The Pontiac Press.

The plan, evolved after weeks of study, could see $600 million worth of pay-highways built at a cost of $60 million to Michigan, plus nominal bond interest.

It hinges of Congressional approval of a Federal aid bill introduced by Rep. George H. Fallon (D-Md.)

The program explains why Higgins asked the State Legislature Jan. 26 to place a $300 million bond issue (half the needed amount) on the November ballot for a public vote.

The MTA strategy would rule out the threat to the proposed north-south (Ohio line to Straits of Mackinac) turnpike posed by Highway Commissioner Charles M. Ziegler's plan to build several competing stretches of freeway.

WOULD CUT REVENUES

The competing highways, authorities say, probably would cut revenues on the north-south route forcing the MTA to pay a higher interest rate on the bonds.

But the MTA's plan, as explained yesterday, aims at building both north-south and Detroit-Chicago toll roads simultaneously, getting the Federal government to bear the major expense burden and obtaining low interest rates.

"That's why we want the $300 million bond issue voted on in November thus placing full faith and credit of the state behind half the total needed amount," Higgins explained.

* * *

This would place the bonds on a "semi-full-faith-and-credit" basis rather than being only backed by expected toll revenues, and allow a lower interest rate, he stated.

Whether the complete plan will be workable depends largely on passage of the Fallon road-aid bill by Congress. The measure is now in a House committee, but is expected to be reported out for debate within two weeks, said Higgins.

The measure would have Federal funds pay for 90 per cent of toll roads which meet specifications and "our roads would meet

Damage Toll Hits Millions as Flood Jolts Hot Springs

HOT SPRINGS, Ark. (AP)—A flash flood, with water estimated as deep as six feet, swirled through the downtown section of this resort city early today, causing damage unofficially estimated in the millions of dollars.

The torrent, result of a 2½-hour cloudburst, struck at the start of the tourist season in this west Arkansas city of about 38,000 permanent residents.

There were no confirmed reports of casualties.

The opening of the annual spring horse racing meet at Oaklawn Park is only 10 days away. Early arrivals already jammed hotels and motels.

The water coursed down the city's main street, Central avenue, smashed automobiles into each other and poured into a number of business establishments.

Damage also was reported extensive in outlying areas where one bakery reported $20,000 dollars in water damage to flour and sugar.

* * *

There were unconfirmed reports that at least one person had drowned.

Old-timers said the flood ranked second only to the mammoth flood of 1923 when water from a cloudburst nearly wrecked the city.

Club Guest

ALVIN C. BENTLEY

Among special guests of the Oakland County Lincoln Republican Club at its annual Lincoln Day Dinner in Elks Temple tomorrow night will be Congressman Alvin C. Bentley, of Owosso. The dinner, scheduled at 6:30, is expected to attract in excess of 600.

Do You Want Ike to Run?

GOP Cheers the News of Ike's Restored Health

WASHINGTON—Joyful Republicans predict that yesterday's reassuring medical report will convince President Eisenhower he should run again.

Democrats voiced gratification at the extent of Eisenhower's recovery. A few of them maintained he will say "no" to a second term.

Dr. Paul Dudley White, chief consultant on the case since Eisenhower's Sept. 24 heart attack, said he and five other physicians believe Eisenhower should be able to carry on in the presidency "for another 5 to 10 years."

Dr. White said the "active life" definitely and specifically included the presidency. He parried questions on whether Eisenhower could withstand the rigors of an election campaign, saying that was one of the points the President will discuss himself when he announces his decision to the nation.

Republicans are confident that a television campaign can be tailored to fit any limitations placed on Eisenhower's activities. The President told his last news conference he would not have done any "barnstorming," regardless of his heart attack.

Indications are that Eisenhower will announce his second term decision either in a news conference or in a television address to the nation during the last week in February.

He plans to remain in Georgia

Final Approval Given Plans

City Asks Bids on Hospital

The City Commission last night approved final plans for the Pontiac General Hospital $3,000,000 addition and authorized the advertisement for bids.

Upon the recommendation of Architect Leo J. Heenan, who suggested six weeks for the bidders to complete bids, the bids will be received April 19. The City Commission is expected to get the results at their April 24 meeting.

Heenan told the commissioners that the expansion will provide for 346 beds and 90 bassinets. The hospital presently has 148 beds.

As to the actual construction date of the addition City Manager Walter K. Willman said last month that "as soon as we know what the bids are we would begin to advertise the sale of the bonds."

Bentley Looms as Likely GOP Gubernatorial Bet

DETROIT (AP) — With Mayor Albert E. Cobo out of the picture, Republican Congressman Alvin M. Bentley of Owosso appeared today the strongest potential contender for the Republican nomination for governor.

The 37-year-old representative from Michigan's eighth district has indicated a firm decision before the end of the week.

Only Bentley and State Representative George W. Sallade of Ann Arbor gave any public indication of being available for the nomination after Cobo yesterday dashed hopes of party leaders he would carry the GOP standard in the state.

Sallade, leader of the so-called "Young Turks" in the House at Lansing said he would make a decision "in the near future." It will depend, he said, on the course of the Republican race.

"I would become a candidate if I thought the other contenders would not carry through an Eisenhower program in Michigan," the 33-year-old legislator said.

Cobo, Detroit's three-term mayor and a vote getter in a Democratic stronghold, was considered by many party leaders their best hope of unseating Democratic Gov. G. Mennen Williams in the event Williams decides to run this year for a fifth term.

But Cobo bowed out in a statement that caught politicians by surprise.

TO GIVE DECISION SOON

Bentley had said: "You'll remember I told you some months ago that if Mayor Cobo ran, I would not run. If he is definitely out of the race, I will make a decision by the end of the week."

Bentley lunched with Cobo yesterday but neither gave any hint of what was said.

Bentley defeated veteran Rep. Fred L. Crawford for the Republican nomination in Michigan's eighth district in 1952. The district includes Clinton, Gratiot, Ionia, Montcalm, Saginaw and Shiawassee counties. He is serving his second term.

His grandfather and father, Albin M. Bentley I and II, operated a woodworking plant in Owosso. They built a fortune in investments in General Motors stock.

* * *

A University of Michigan graduate, Bentley was a foreign service officer in the State Department before entering politics.

He was one of five congressmen wounded March 1, 1954 when fanatic Puerto Rican nationalists shot up the House of Representatives.

Last night in a speech to the Wayne County Women's Republican Club here, Bentley said Republicans can wrest control of the state administration from Democrats but he predicted it would be an "uphill fight."

He said a Republican victory next fall hinges on a heavy vote in the "basically Republican area of upstate Michigan" and capture of at least 40 per cent of the vote in heavily Democratic Wayne County.

Dr. John Hannah, president of Michigan State University, stated yesterday he had "no political aspirations at all."

Rep. Gerald R. Ford Jr. a fourth-term Republican congressman from Grand Rapids, mentioned as a possible candidate, also bowed out. He said he plans to seek re-election to the House.

The 62-year-old Cobo, who suffered a severe heart attack in 1952, said the question of his health did not influence his decision.

City Bank Gains in U.S. Rating

Growth in 1955 Moves Pontiac State Up 27 Places in List

Pontiac State Bank moved up 27 places in the list of U.S. Commercial banks by size in the United States during 1955, achieving a coveted "five star" rating from the American Banker, New York daily banking newspaper.

The bank now ranks 899 from the top among some 5,000 commercial banks of the nation. Deposits of the Pontiac bank totaled $23,848,000 at the end of 1955, increasing from $22,238,000 at the close of 1954.

The nation's largest bank, according to the Banker, is the Bank of America in San Francisco with deposits totaling $8,802,506,000.

Chase Manhattan Bank of New York ranks second in size with deposits near $7 billion.

Plan for Parking Gains Approval

City Community Club, Employes Local Favor $600,000 Proposal

Two more resolutions favoring the city's $600,000 municipal parking program were aired at last night's City Commission meeting.

One was from the Northside Community Club and the other from Local 100 of the Government and Civic Employes Organizing Committee, AFL-CIO.

The first read in part: "We are a civic-minded group organized to propose and promote programs for the betterment of our community.

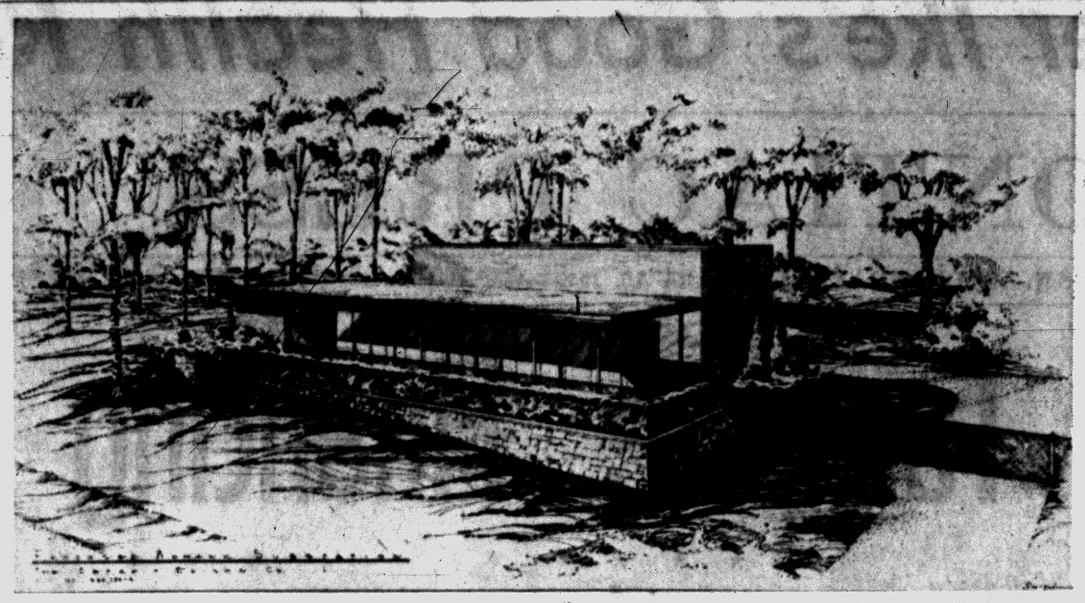
"The current private parking operators have failed to meet the needs of the citizens, and that the municipal lots now operating have proven beyond a doubt to be self-sustaining.

* * *

"Other municipalities have proven by actual operation these programs can be successful financially and properly meet the needs of the citizens."

* * *

Local 100, representing 454 members, resolved that "our families visit the downtown area to pay bills, shop, and bank, which usually takes from one to three hours, and their parking cost should be from five cents to 15 cents and instead they must pay from 25 to 50 cents for the same period in private lots."



NEW EDISON SUBSTATION — Construction work is scheduled to begin soon on Detroit Edison's Mohawk Substation to be located on Long Lake Road at Andover. The new station will serve an eight-square mile area in Bloomfield Township. The substation will increase the electric power supply in the area by about 60 per cent. It is scheduled for completion in early fall and will be a modern brick and steel structure. This area now receives its electric power from Bloomfield, Franklin, Long Lake and Westchester substations.

Temptations of the Desert Are Ever Present Today

(Continued From Page One)

It would be difficult to explain in human language, but it did bring me to the fundamental conclusion of my faith: Belief in God Almighty, the Creator of the earth, and all the visible and invisible heavens.

While I was in the desert of temptation, I looked down at the flat, smooth stones and up to the endless heavens again, and considered the temptations Jesus resisted so firmly. These temptations exist today perhaps as viciously as when Christ faced them.

The challenge to turn stone into bread finds its evil today in the malevolent desire of the godless to control all food. There is no more powerful argument than bread. Feed them first, and then it is easy to compel their obedience.

The devil dared Jesus to cast Himself down from the pinnacle of the temple. The objective of a miracle in such a place was to control and capture the imagination and obedience of the crowd by sheer demonstration of superhuman forces and without attempting to influence their souls or opinions. The nihilist of our day seeks to capture the minds of men by exhibitions of overwhelming power and frightening them into submission.

DARKEST HOURS

The devil is surely worshipped today by those who use the means of lies and murder to justify the end of world conquest.

At the site of Christ's temptation I thought, this is surely one of the darkest hours in human history. We are endowed with more wealth than the earth has ever seen before; yet in the last 40 years over 100,000,000 people have been destroyed by planned, or preventable, hunger; by the Red revolution; by two world wars; and the ceaseless bloodletting which followed.

Before leaving the desert I looked at the vast, visible heavens, and felt the challenge of the vaster, invisible heavens. I knew for the thousandth time they would prevail because, in the final plan of the creator, the power of life, truth, and light is infinitely greater than the sum of evil.

Plan to Re-Question Suspect in Robbery

An alleged red - hooded bandit will be requestioned today in the two-man, $890 armed robbery Jan. 18 of Tom's Bar, 928 Mt. Clemens St.

The 23-year-old suspect from Auburn Heights has denied since his arrest for investigation Saturday that he took part in teh city hold-up and in a similar robbery earlier Jan. 18 near Port Huron, Det. Sgt. Raymond E. Meggitt said.

Police claim the man was the partner of Gerald K. Davis, 28, of Avon Township, who admitted the crimes Friday, Meggitt said. Davis told Meggitt that he and his companion wore red cloth hoods in both stick-ups.

Davis previously had confessed being the lone, red-hooded armed thug who held up an Orion Township tavern Feb. 4.

100,000 Not Ticklish

LEXINGTON, Ky. (AP)—Two local youths found nothing ticklish about their two-month court imposed task. They reported to Juvenile Court yesterday they had completed picking up the last of some 100,000 feathers they admitted scattering when they broke into a novelty firm.

11 Youths Admit Area Breakins

Detroiters Confess 9 White Lake Township Home Thefts

Seven Redford High School youths and four juvenile companions have confessed a series of White Lake Township breakins and surrendered a variety of loot, Oakland County Sheriff's detectives said today.

The gang, led by a 16-year-old youth, made a total of nine breakins since September, Detectives Harry Maur and Leo Hazen said.

Detectives said they confiscated as stolen property:

Seven outboard motors, a wire recorder-phonograph, a radio-phonograph, a television set, three gasoline engines including a 300-pound four-cylinder motor, several bows and arrows, a 14-foot rowboat, a stuffed deer head, a .22 calibre rifle and shells, a juke box, "numerous" small radios and an airplane propeller.

Cash taken was small, Maur said, probably not exceeding $20.

Some of the loot was sold to fellow-students, Maur said. Some, including the juke box, was destroyed and split up among gang members.

The gang was rounded up through one juvenile, questioned yesterday about a car theft in Detroit. Detroit Det. Clarence Wesley and Youth Officer Paul Telisky said the boy implicated his friends in the White Lake breakins.

Being held in Oakland County jail waiting formal charges are Russell Johnson, 18; Russell Dancey, 17; David Miller, 17; Thomas Schwartz, 17; Gerald Luma, 17; and Eugene Herrick, 19.

Another youth is held in Detroit, waiting transportation to Oakland County, detectives said. The juveniles were released to the custody of their parents.

Gotham Probing New Vice Ring

Arrest of Two Leads Police to Investigation of East Side

NEW YORK (INS) — New York Police continued today to investigate an elaborate network of "floating madames" which officials said was operating from public phone booths during the cocktail hour.

A high police source revealed yesterday a vice ring which used a dozen or more beautiful girls on $100-plus dates was run by madames who used the phone booths around New York City's fashionable East Side area to avoid detection and wiretapping.

The investigation was sparked by two Park Avenue raids which led to the arrest of blonde, 21-year old Jane Stacey, and Mrs. Jane Cook, 33-year-old brunette.

Miss Stacey, picked up at the Sulgrave Hotel on Park Ave. and Miss Cook found at her home, were questioned at the district attorney's office while awaiting arraignment in the court for vagrant women.

PUBLIC PHONE BOOTH SETUP

The setup, which one official said "makes (Mickey) Jelke look like a piker," was for one operator to phone another from a phone booth after lining up a patron.

The second "floating madame," would then get in touch with the girl and send her to the selected rendezvous. As a special service, suite reservations at one of the best hotels would be made.

* * *

Police said for identification purposes the girl would carry a certain magazine with the name showing or would purchase a certain brand of cigaretts or soda, since the girls reportedly never knew their "dates."

The spokesman said although a number of operators were involved he could not disclose the exact number while the present investigation continues.

Officials said the involved system was unique in that no records of addresses were used since the "floating madames" would memorize telephone numbers and information.

It was said most of the business was done at cocktail or early dinner time.

Curry Stands Mute on Murder Charge

Accused of first-degree murder in the fatal beating Jan. 18 of a 57-year-old man in a local hotel, John A. Curry yesterday stood mute and Oakland County Circuit Judge Clark J. Adams entered an innocent plea for him.

Curry, 27, of Pontiac, is charged with murdering Frank L. Beheydt, an ex-bookkeeper. He will await trial in Oakland County Jail.

Two men have told police they heard Curry threaten to kill Beheydt, while one says he witnessed Curry beating the victim whose death resulted from a ruptured abdominal artery.

The Day in Birmingham

Parking Heads Agenda at Commission Meeting

BIRMINGHAM—Lightning, acoustics, Bibles and camping know-how took the Board of Education's attention last night, while city commissioners wrestled with parking lot sites and priorities and library fees.

Parking Lot No. 2 south of Shain Park was relegated to the time when West Maple is more developed commercially, and commissioners decided to have the city manager restudy parking lot needs and finances for a possible revamping of their week-old priority schedule.

View of the Off-Street Parking Committee of the Chamber of Commerce that Lot HH, on Hunter and Hamilton, should have top priority along with Lot 3-A north of Hamilton, was presented by its chairman, Donald L. Cummings.

Aiding with a financial study will be Matthew Carey, Detroit financial consultant, hired last night to advise tehe commission on bond sales.

Of the $500,000 bond sale approved by voters, $195,000 in bonds is outstanding, and $305,000 worth of bonds are yet to be sold.

For Parking Lot A, its necessity was voted, as well at the alley at its edge, but paving and changes in Park and Oakland streets was held over for study of whether the Gaffill, Bailey or Chenault properties should be used in straightening Park. Hamilton crossover at Hunter boulevard was approved.

The ten dollar library fee for out-of-city readers, questioned by Robert F. Stansberry, president of the Beverly - Golfhurst Assn., was answered by the finance director's statement that taxpayers of this city pay on a family average $11.95 for the library's support.

With the library taking $77,671.85 during the current fiscal year, any owner of a home assessed at $6,860 or over pays as over the non-resident's ten dollar fee, he said. Based on 1955 valuation, cost of the library is $1,458 per thousand, he says.

The school board accepted bids for classroom lighting at Pierce School for $6,830, from Schultz Electrical Service of Pontiac and acoustical ceiling for the same school from Detroit Acoustical Contracting Corp. for $4,250.

Changes in the old schools, such as the near-completed relighting in Adams School, were indicated by last spring's citizens committee report, bringing the average up to above the 30-foot-candle standard for classrooms, where an eight to nine foot-candle average existed.

Furniture, bids ranging from $20,673 to $28,482 were taken under study, of whether high or medium quality pieces should be used in Derby Junior High School, where the board expects to have classes under way in the fall.

Camping courses, for teachers who will be leading such classes as the Adams sixth graders who took a week's camp trip last year, will be given in university extension here with the board's approval last night.

Gideon Bibles will be placed in school libraries and classrooms for reference texts, except where they already are from a previous placement by the Gideon Society, and New Testament will be given to students of fourth grades or over if the students so request, The Gideon offer was approved last night by the board.

Mrs. Dorothy Fisher

Arrangements for services for Dorothy Fisher, 488 Harmon, who died this morning at St. Joseph's Hospital after a long illness, are being made by Manley Bailey Funeral Home.

Mrs. Fisher, who came here after her marriage in 1924 in Detroit, where she was born in 1900, leaves her husband, Milo; a daughter, Eleanor at home; and her father, Harry E. Johnson, of California.

Open Dye Trial in Circuit Court

Former Village Attorney Charged With Assault to Murder

The trial of former Fenton village attorney Clifford Dye on charges of assult with intent to murder opened this morning before Oakland County Circuit Judge Clark J. Adams.

Dye, 53, is accused of shooting William C. Clark, 27 a tenant farmer running a farm for Dye's sister, on August 26, 1954, following an argument.

In an opening statement today following the selection of a jury Chief Assistant Oakland County Prosecutor George F. Taylor said that Dye and Clark had entered into an agreement to share equally the profits of the farm, primarily from milk sold.

Taylor stated that in May, 1954, Dye refused to sign the checks received for the milk, and Clark received no money for farm expenses.

According to Taylor, Dye stopped Clark when Clark came to his farm to care for his cattle on the day of the shooting.

In the argument that followed, Dye's gun discharged into the ground, according to Taylor, and Clark advanced to take the gun from him, fearing that his wife and two children who had accompanied him might be struck by a bullet.

Dye fell backwards after firing three or four shots, according to Taylor, and Mrs. Clark retrieved his gun, at her husband's command, Clark was hit by a bullet.

Mrs. Clark was scheduled to testify this afternoon after a noon recess.

Higgins Tells Plans to Finance Turnpike

(Continued From Page One)

those specifications," the MTA chairman asserted.

COST $600 MILLION

Total cost of the two Michigan projects would be $600 million, if Fallon's plan passes, Federal funds would supply $540 million leaving the state to pay only $60 million, plus bond interest.

"And under our semi-full-faith-and-credit plan we would probably get the bonds at 2 per cent interest instead of 3.5 to 3.75 which would be required otherwise," Higgins asserted.

"We could also keep interest down by splitting the issue up to obtain money only as we needed it," he added.

"When we put our bill in asking for a vote on part of the issue, we weren't just praying for a Santa Claus. We knew the Fallon bill would include toll roads."

In order to get the aid grant, the state would have to have its share of the money to match the federal funds. "The bond issue would make sufficient funds readily available," said Higgins.

WOULD STOP LOSSES

By building both projects at the same time, and getting them into operation together, overall revenue would be enough to overcome loss on some stretches which will be less heavily traveled, he stated.

"The section from Bay City north to the Straits will not pay for itself for about five years and if Ziegler builds competing roads the Rockwood - Saginaw stretch might not make much profit at first. But revenue from the Detroit-Chicago route would more than overcome this.

"Under this plan, Ziegler can go ahead and build any road he wants and we'll be a lot closer to getting a network of toll and free highways adequate to meet our needs."

Higgins is in Lansing today to explain the plan to the Legislature and attempt to win approval of the proposed public vote in November.

Another possible stumbling block looms in an awaited State Supreme Court decision on the MTA's power to over and underpass existing state roads. "But there's little doubt this will be decided in our favor," said Higgins.

Ike's Health Report Cheered by GOP

(Continued From Page One)

about a week, returning to Washington around Feb. 22.

The President has an okay from his doctors to hunt quail from the mule-drawn hunting wagon he had used on past visits to Treasury Secretary Humphrey's plantation.

"Like all Americans," said Democratic presidential candidate Adlai E. Stevenson, "I am of course delighted at the favorable report on the condition of the President's health."

Sen. Lyndon B. Johnson of Texas, Democratic floor leader, said in a statement dictated from his home in Texas:

"As a fellow human being who has gone through the same thing, I am very pleased that the medical report is so favorable. I know every American will be happy."

* * *

Johnson suffered a heart attack last July.

The Los Angeles and San Francisco stock exchanges—the only ones still operating at the time of the announcement yesterday—were flooded with buying orders.

Sen. Duff (R-Pa) said he feels confident "the President will be a candidate again in order that he may continue the program he has so magnificently begun."

6 More Candidates File Petitions

Yesterday's deadline for filing nominating petitions for the 1956-57 City Commission brought a last minute rush of six more candidates filing making a total of 22 petitions filed.

Filing from District 4 were Norman R. Bolton, 45, of 100 W. Hopkins St., and Louis H. Biles, 65, of 836 Sarasota Ave. From District 1, Samuel J. Whiters, 43, of 453 Harvey St., and David Simmons, 36, of 296 Fern St., both filed nominating petitions.

Gilbert W. Long, 41, of 139 Prospect St., and William G. Spence, 50, of 1034 Canterbury Dr., submitted petitions from District 7 and District 2 respectively.

Bolton has lived in Pontiac and District 4 since 1929 and is presently employed in the maintenance department of Fisher Body Division. He is married and the father of two daughters.

The candidate was born in Misenheimer, N. C. in 1910 and graduated from Mitchell High School there. He has been a member of the Methodist Church since 1925.

Bolton organized the Democratic Club of Pontiac and served two years as president of this organization. He is a Master Mason in Brotherhood Lodge 561, a member of Huron Garden Eagles 2887, and has been a member of Fisher Local 596, UAW-CIO for 19 years.

He is a delegate to the State Democratic Convention representing precinct 42 of District 4.

Biles was born in 1891 in Allenport, Pa. and came to Pontiac in 1941. He is married and the father of four sons and one daughter.

The candidate, a salesman for the Wyman Furniture Co., was defeated in 1948 and 1950 for the city constable post.

He attended the California Teachers' College for two years, and is a former steward of Local 658 of the old Wilson Foundry.

A veteran of World War I, Biles was a justice of the peace for 18 years and has been active as a member of the National Rivers and Harbors Congress of the United States, working on hydro-electric power and soil erosion.

District 1 candidate Whiters has been a resident of Pontiac since 1918 and is presently an electrical contractor and owner of an electrical company in the city. He is married and the father of nine children.

He is a graduate of the Pontiac public school system and the Acme School of Technology.

He is a member of the Urban League - Board of Directors, Oakland County NAACP, and chairman of the membership committee of the Rema Club. He is also a member of the Masonic Gilbralta Lodge 19, the Knights of Pythias, the Whittier School PTA, and the Oakland County Electrical Contractors Assn.

Competing against Whiters and three other District 1 candidates in the March 5 primary, will be David Simmons, a native of Pontiac. Simmons is married and the father of five children and is employed by the Pontiac Board of Education.

He is president of the Neopolitan Club, Southside Community Club, North Oakland County Young Democratic Club, and a delegate to the state Central Democratic Committee of Michigan.

Simmons is father vice president of Whittier School PTA and coordinator of civilian defense at the school.

He is past president of the Southwest Civic Assn., a member of NAACP, and a charter member of Boy Scout Troop 14 of Whittier School.

The candidate is recreational director of VFW Post 3701 and a member of St. John's Methodist Men's Club.

Long, the fifth candidate to file yesterday, is married and the father of two children. He was born in Pontiac and is a member of the Beulah Holiness Church.

Educated at Pontiac High School, Long was employed for 15 years by Fisher Body and the Yellow Truck and Coach Co. and has sold real estate and insurance in the city.

District 2 hopeful Spence, is the owner of a used car business in the city and is a member of the Gingellville Baptist Church, the Gideon Assn., and the Pontiac Chamber of Commerce.

He is married with one daughter, and came to Pontiac 28 years ago from Duncan County, Missouri where he was born and educated.

He also studied at the General Motors Institute at Flint.

Knox Proposes Retirement Plan

People 70 or Over Who Don't Receive Pensions to Get Social Security

WASHINGTON (AP)—Persons 70 or older who do not now qaulify for social security pensions would get a minimum of $35 a month under legislation proposed yesterday by Rep. Knox (R-Mich).

The minimum retirement benefit now is $30 a month. Retirement benefits—the amount depending on how much a person pays into the social security trust fund—now begin at age 65, but are made only to persons who had jobs covered by social security.

Those people would continue to get pensions at age 65 under Knox's bill. But it also would extend benefits to persons 70 and older who had never paid into the trust fund. They would get the minimum benefits.

Knox, in a statement, said the trust fund's integrity would be preserved by payments from the Treasury, he said, would actually save money by a reduction in federal old age assistance payments. Persons drawing social security pensions no longer could qualify for federal old age assistance money, although they could continue to get state assistance.

Ohio Legion Post OKs Tokyo Rose Citizenship Fight

SPRINGFIELD, Ohio (AP)—Tokyo Rose should be forgiven for her World War II broadcasts to United States servicemen in the South Pacific, members of the Cultice-Ward American Legion post resolved last night.

* * *

The resolution asks that Mrs. Ivan Ikudko Toguri d'Aguino be restored her United States citizenship. It states, "There is no record that Tokyo Rose ever convinced a single fighting man of a single statement she made, but rather, was a source of entertainment to hundreds of thousands of these fighting men" and did not impede the progress of the Pacific war in any manner.

Tokyo Rose, who was released from the federal reformatory for women in Anderson, W. Va., in January after serving six years, has paid her debt to society, the resolution states.

The resolution will be sent to Rep. Clarence J. Brown (R-Ohio) urging him to suggest to the Department of Justice that it reconsider its decision ordering Mrs. d'Aquino deported.

Old, Traditional Sewing Kit Follows Marine General Back to Iwo Jima

ABOARD USS Mt. McKinley (INS) — They say a man's best friend is his dog, but for Maj. Gen. Thomas A. Wornham his pal is a 100-year-old sewing kit.

"I guess I'm sentimental," the Marine general said, "but when I knew I was to return to Iwo Jima I dug out my old needle and 'housewife'."

Wornham, sitting in his cabin aboard the USS McKinley as the flagship neared the site of the war games at Iwo, nervously fingered the little packet. He thought of the time exactly 11 years ago when he sewed his luck piece to his back pocket just before landing on Iwo.

Wornham, then a colonel, was one of the first to hit the beaches of the island launching the fierce World War II battle for the strategic coral isle.

HEADS 3RD MARINE DIV.

This Friday the stocky general is returning to the island for the first time since the war's end. He commands the Third Marine Division.

"This sewing kit has a long history," the balding general told International News Service. "My grandfather carried it through the Civil War. I carried it through World Warr II and my son had it during the Korean War."

The chubby-looking kit is made of scrap from five dresses that belonged to the sister of the general's grandfather.

"One remnant," the general quipped, "belongs to my great grandfather's long, red underwear."

"Every place I go I carry it and now it's going back to Iwo," he said.

Wornham said he is anxious to get back to Iwo to see if he recognizes any spot. He added:

"When I left the place 11 years ago I hoped I would never get back. However, I am anxious to get in now."

The affable general said this maneuver is a training cycle for the Marines of the division. Asked if they were prepared for any Communist attack, the general replied:

"I would take this division any place right now."

He said about 10,000 Marines would participate in Friday's exercise. Of these he added there are about 30 veterans of the Iwo campaign. Of them, Wornham said:

"I expect to round them all up and take a picture for my scrapbook and hold a short memorial service of the 11th anniversary of the landing."

He estimated it should take about three days to advance across Iwo in the forthcoming make-believe attack. The general mused:

"A little different than 11 years ago. If we moved 25 yards a day then it was considered good."

Lad's Gallantry a la St. Nicholas Doesn't Pay Off

ALTADENA, Calif. (AP)—The gallantry of 9-year-old Dennis Bittle backfired. He became wedged in a chimney when he tried to go down it and open the front door for his girl friend, who had been locked out.

Dennis says he has climbed down his own chimney several times "but our's is bigger and I never got stuck before." He got just above the damper over the fireplace in Patty Wilson's house and discovered he couldn't go any farther—up or down.

Patty's parents, Mr. and Mrs. Paul Wilson, were away from home, but she summoned firemen, who used ropes to pull Dennis up, sooty but unharmed.

Asked about his girl friend, Dennis answered: "She's my second girl friend. I don't think I want any more."

Woman Lures Radar but Who'll Believe It?

OKLAHOMA CITY (AP)—Det. Lt. Walt Turner listened patiently for 10 minutes on the telephone while a woman caller told him she was being followed.

"I believe the police are following me with radar everywhere I go," the woman said, 'I can feel the radar waves in the air being beamed at me."

"Have you seen your doctor lately, Mam?" asked Turner.

"Yes," she said, "and he doesn't believe a word I say. Can you imagine that?"

Ex-Husband's Wooing Too Ardent for Her

CHICAGO (AP)—Frank Saye, 38, was accused by his divorced wife Rose, 36, of being too ardent in attempting to woo her back, she told Municipal Judge Joseph A. Pope.

She said Saye, a truck driver, had telephoned her 343 times in the last month. Last Saturday, she said, he telephoned her 67 times in attempting to effect a reconciliation. She said she doesn't want him back.

Texas Monorail Ready

HOUSTON, Tex. (AP) — The first monorail system in the Western Hemisphere, a 970-foot pilot test line, will be opened here Saturday. Tests on the specially designed system have been successful, says Murell Goodell, president of Monorail Inc. He said the only other suspended monorail in the world was a 51-year-old system in Germany. Goodell's company plans to manufacture the skyway in Houston and to finance construction on a lease-purchase basis.

Living costs of workers in Mexico City rose about 15 per cent in 1955.

President Makes Good on His Payroll Pledge

President Eisenhower has made good his campaign pledge to cut Federal payrolls.

Figures submitted by Virginia's Senator Byrd, chairman of the joint committee on nonessential expenditures, reveal a drop of 211,136 employes. In January 1953, there were 2,554,824 names on the payroll. By December 1953, the number had been cut to 2,343,688.

★ ★ ★

Another fact revealed by the figures is that while the number of employes was cut eight per cent in that period, salaries and wages were reduced by only three per cent. This, of course, was a natural result of higher salary and wage scales.

It will be of interest to taxpayers that the three-year reduction in number of employes under the Eisenhower Administration has averaged 70,000 annually.

In the last year of the Truman Administration, Federal civilian employes increased over 50,000.

Ladejinsky's Blunder

People in and out of Government are wondering what prompted the mistake which forced Wolf Ladejinsky to resign his Federal post.

Ladejinsky is the man most generally remembered as the expert on land reform who was fired in December 1954 by Secretary of Agriculture Benson. Reasons for that action were given by the Secretary as Ladejinsky's "Communist leanings" and his incompetence.

★ ★ ★

Six months later Secretary Benson withdrew those charges. In the meantime Ladejinsky had been appointed by International Co-operation Administrator Stassen to carry on land reform work in Viet Nam.

It was while thus engaged that Ladejinsky invested $3,000 of his own funds in a Formosa glass making company. It was an investment that wouldn't have been a bad deal for he later was able to dispose of his holdings at a profit.

★ ★ ★

His trouble arose from the fact that the glass company was receiving U.S. aid. That brought him smack up against the conflict-of-interest statute. Naturally his usefulness to the Government was ended immediately and ICA had no choice but to demand his resignation.

So far not even Ladejinsky has been able to explain how as experienced a Federal employe as he, could make such a bad blunder.

Lobby Act Revision

Two political developments of national interest are traceable to the existing Federal lobby law.

One of these is announcement of plans by Massachusetts' Senator Kennedy for hearings on revisions of the law. The other is the fact that the total of all spending by lobbyists during 1955 dropped to a new all time low of $4,162,127.

★ ★ ★

Prompting the hearing plan is continued confusion as to what lobby expenses must be reported to the Clerk of the House. Attached to many such reports are statements criticizing the act.

Some groups listed all expenditures, including salaries, administrative expenses and overhead costs. Others said only a small percentage of their total expenditures could be regarded as lobby spending.

★ ★ ★

For example, the Transportation Association of America had reported spending $227,011 during the first half of 1955. But Harold F. Hammond, TAA executive vice president, said "our total lobbying expenditures for that period were under $2,000." In its annual statement the group reported lobby spending of only $2,885 for 1955.

Congress owes it to the lobbyists and the country to clear up the confusion that long has been attached to the operation of this law. Lobbying is a legitimate activity and no one should have any difficulty in understanding the law controlling it.

It's astonishing how much information passes through the average person's mind without leaving a trace. .

The Man About Town

Makes Difference

Our County Loses Acreage; Earth Curvature Is Cause

Middle age: When we get more for our money on a weighing machine.

The curvature of the earth makes a substantial difference in an area the size of Oakland County, which is supposed to measure 30 miles on all of its four sides. This would give it an area of 900 square miles. But the correction lines, in allowing for this curvature, bring its actual area down to 877 square miles. Saniac County, with an area of 961 square miles, but with less than one-tenth the population, is the only county in the southern peninsula larger than it in area. There are 12 counties in the northern peninsula larger than Oakland in area, but their combined population is less than what it numbers. The largest in area among Michigan's 83 counties is Marquette with 1,841 square miles.

Word comes to me from

Willis M. Brewer,

in charge of the Pontiac distribution of 1956 auto license plates, that the law now forbids any extension of the time beyond the end of February.

Over our entire nation the average automobile is a little over three years old at the time it is traded in toward a new car. But here in Pontiac, where so many of the new ones are turned out, the average age is much less.

Word comes to me direct from

Dr. David B. Steinman,

designer and chief engineer on the Mackinaw Straits bridge, that the coming of spring will find work on the gigantic structure ahead of schedule.

I like that letter from a blind young lady to

Harold L. Pocklington,

Executive Director of

Leader Dogs for the Blind

at Rochester. She is a 1955 graduate from the school, with her dog, "Dahl," which she says, "Has class, dignity, and is refined and cultured with floating power plus, and the best thing that has happened to me since the light went out. There never is a dull moment with Dahl."

From that always reliable magazine,

"Changing Times,"

I learn that quackery is a big business. It says that in the cancer field alone $10 million per year goes to quacks, not to mention diabetes, arthritis and several other diseases.

Mrs. Merrill Stephens,

third grade teacher at Owen School, reports there was considerable excitement when a polyphemus moth emerged from a cocoon which the class has been watching for some time. We understand this is a bit unusual for this time of the year.

Ignorance of the size of our continent is proven, according to a letter from

"World Wide Student,"

who points out that very few of us realize that Hudson Bay has five times the water area of all of our Great Lakes combined.

Paris propaganda points out that the Seine River is crossed by 33 bridges in that city. Actual count shows more than that many bridges of all kinds and sizes across the Clinton in Pontiac—and we'll throw in several across Pontiac Creek.

The Earth's Eventual Axis

David Lawrence Says:

President Will Let People Determine Whether He's Fit For 2nd Term

WASHINGTON—Is it up to President Eisenhower to decide now whether he will run for re-election—or will that decision be made by the Republican national convention on the basis of a candid statement by the President of all the facts in the case?

Eisenhower is not an ambitious man. But, on the other hand, he is not the kind who would shirk duty to the country. For several weeks now he has been wrestling with the question of where that duty lies. Is it in refraining from taking any risk that something might happen to him in the second term? Is it in going ahead and letting fate decide how long he can be of service?

Plainly no man can tell the future. Eisenhower, therefore, cannot be expected to make a decision when doctors who attend him can't make it either. All they have said is that he is physically able to run. The question of whether a man who has had a heart attack should or shouldn't run isn't within the province of the doctors to answer. Nor probably is it the President's obligation to decide.

HISTORY FAVORS INCUMBENT

Throughout recent history it has been taken for granted that a president would run for a second term because of the political axiom that, if his record is any good, he deserves to stand on it and, if it is bad, then no other candidate can stand on it either. But basically most presidents have been reluctant, outwardly at least, to use the presidential office to influence the nominating process for their own interest.

Eisenhower can say to the country: "I have given you all the facts. My doctors say I can serve a second term. You know the risks as well as I do. If you want to take those risks, I shall be glad to serve you. But if you decide the risks are too great, I shall not be displeased but will attempt to serve you outside of office as conscientiously as I can. But this is a question which it is your privilege to decide, and I shall abide by whatever decision you make."

To say that Eisenhower would prefer private life and its conveniences at a time of world-wide crisis is to inject a note of personal preference of self-interest. Eisenhower is by training a soldier. All his life he has learned that the individual obeys the call of duty that comes from his government. Hence, willingness to serve is not the real issue in his mind. It is whether the people consider his health a handicap and whether the Republican Party, in particular, wants to risk its fortunes at the polls in a campaign in which the health question is bound to be an issue.

CONSTITUTION PROVIDES

Theoretically, the constitutional system of the United States provides for the contingency that has just arisen. The founding fathers provided that two men must be elected—a president and a vice president. Theoretically, too, the American people have the right to draft a man to be president for one year, two years, three years, four years or any fraction of a term in which they desire his services.

If they pick a vice president in whom they have confidence, then the party by its nomination and the people by election make the decision as to how the problem of succession is to be taken care of.

Three times in a half-century—in 1901, in 1923 and in 1945—the nation has seen a vice president take office due to the passing of a president. The country in each case absorbed the shock of change without damage to the national or international policies of the day. For the executive is a large organization—a cabinet and the heads of many independent agencies, all of which continue to carry out the policies laid down by the leader who chose them.

The chances are that Eisenhower will put the decision up to his associates, to his party and ultimately to the people. It appears that he will accept if nominated and will serve if elected. Until he says otherwise, that must be the assumption between now and next August, when the Republican national convention meets in San Francisco.

Brady Suggests Exercises for Good Female Hygiene

By WILLIAM BRADY, M. D.

In her little book, Personal Hygiene for Women, Dr. Clelia Duel Mosher, for many years medical adviser of women, Stanford University, told how, in a large number of cases of painful menstruation (dysmenorrhea) and excessive loss of blood (menorrhagia), she corrected these conditions by this physiologic method:

"All tight clothing having been removed the woman is placed on her back, on a level surface, in the horizontal position. The knees are flexed and the arms are placed at the sides to secure perfect relaxation. One hand is allowed to rest on the abdominal wall without exerting any pressure, to serve as an indicator of the amount of movement. The woman is directed to raise the hand by lifting the abdominal wall without straining, then to see how far the hand can be lowered by the voluntary contraction of the abdominal muscles, the importance of this contraction being especially emphasized.

"This exercise is repeated eight or ten times, night and morning, in a well-ventilated room, preferably while she is still in bed and in her night clothing.

"She is cautioned to avoid jerky movements and to strive for smooth rhythmical raising and lowering of the abdominal wall.

"These exercises should be taken twice daily every day in the month including the time of menstruation.

"The breath must not be held—if she is inclined to hold her breath while doing the exercise let her keep her mouth open, breathing naturally.

"The voluntary contraction of the muscles will at first be very slight, particularly in those who need the exercise.

"It is often necessary to urge the concentration of attention on the abdominal muscles and to forget the breathing, which will take care of itself.

"Not until these muscles are developed to a point where a good contraction is possible can any marked results be expected."

Dr. Margaret L. Johnson reported that use of the Mosher method brought relief in 72 cases of dysmenorrhea, 17 cases of menorrhagia and 14 cases of metrorrhagia (bleeding between menstrual periods).

"The method is so simple," Dr. Mosher cautioned, "that a certain number of failures have been recorded because the girl has been simply directed 'to do abdominal breathing'."

Signed letters, not more than one page or 100 words long, pertaining to personal health and hygiene, not to disease, diagnosis, or treatment, will be answered by Dr. William Brady, if a stamped self-addressed envelope is sent to the Pontiac Press, Pontiac, Michigan.

Voice of the People

'Vote Machines Pay Way, Abolish Miscount, Fraud'

Letters will be condensed when necessary because of lack of space. Full name, address and telephone number of the writer must accompany letters but these will not be published if the writer so requests unless the letter is critical in its nature.

I read the statement by Commissioner Miles that $100,000 for voting machines is money spent for things not needed.

Voting machines pay their way; they are not a luxury. And, although I'm sure Miles is honest, I've always associated stuffed ballot boxes with the antiquated method. From what I read, voting machines have eliminated vote fraud and miscounting due to fatigue.

But what else can we expect? The south end of the business section is Skid Row, and I guess Detroit's poor relation, Pontiac, is just naturally backward.

Mrs. M.E.K. Commends Press as Excellent Paper

I want to compliment you on your excellent paper. After living in Detroit the past 25 years and subscribing to the three Detroit papers, I find the Pontiac Press comparable in every way.

I especially like your editorial page. Your religious cartoon each Saturday is the best I have ever seen, and I do read a number of religious papers and magazines.

I also have the deepest admiration for Norman Vincent Peale. He is a real Christian, so unprejudiced in his views.

James J. Metcalfe knows God so well. At Christmas time I noticed some greeting cards, expressing the true meaning of Christmas, by Mr. Metcalfe. I find such depth of feeling in his "Portraits." I am starting a scrapbook of those which appeal to me most.

Burgess-Maclean Case Still Furnishes Puzzles

By JOHN H. MARTIN
INS Foreign Director

None of the big questions puzzling the outside world has been answered by the brief reappearance in Moscow of the fugitive former British diplomats Guy Burgess and Donald Maclean.

* * *

Heavy questioning in the House of Commons Monday did not shed any more light on the baffling international mystery except the British government apparently believes Soviet leaders are a bunch of liars. This is not exactly a fresh slant.

Soviet Foreign Minister V. M. Molotov last October told the British at Geneva he did not know anything about Burgess and Maclean. Party boss Nikita Khrushchev said last month he likewise knew nothing.

Yet the Soviet government last Saturday produced the men publicly for the first time since they fled from Britain in 1951.

* * *

This answered the question of the whereabouts of the two, but not what they are doing.

REASONS OFFERED

Many explanations are offered for the timing of the Burgess-Maclean conspiratorial team. One is that their "explanation" that they were working for "greater mutual understanding" between East and West is good for world consumption at this time.

* * *

Another is that their appearance precluded embarrassing questions for Khrushchev and Premier Nikolai Bulganin on their forthcoming spring visit to Britain.

The British and other Westerners will not be likely to believe Burgess and Maclean when they say they were never Soviet agents but were dedicated Communists.

It is believed by some in Britain today that Maclean and Burgess now are living in a sort of "satellite city" approximately 60 miles outside Moscow, a city built especially to house turncoats working for the Soviet government in the psychological warfare field.

This community is a mixture of a compound and a prison. The inmates have excellent living conditions, comfortable houses and gardens, clubs, shops and schools—but no freedom of movement. (The reappearance of Burgess and Maclean for five minutes in the Moscow hotel room Saturday was strictly under Soviet surveillance and control).

* * *

There have been reports that British experts have detected some "pure British Foreign Office terminology" in Soviet notes since the defection of Maclean, who was once head of the American Department of the British Foreign Office.

ALSO BURGESS

Burgess, it is presumed, also is working in an advisory capacity to the Soviets in their war with the West. It is difficult for those who knew him to see him fitting very comfortably into the Soviet way of life, however.

* * *

He has been described as a drunkard, homosexual, but also very arrogant and conceited. It was believed he was the "leader" in making up Maclean's mind to flee.

Presumably American - born Meyinda Marling, the wife of Maclean and the "little lost lamb" in the story of international intrigue, also is living in the Soviet satellite city. She vanished with her three children in Switzerland 27 months after her husband deserted.

Her flight, which showed evidence of a very well-organized Soviet network of agents, apparently was born of a very strong love for a wayward husband.

* * *

Because Melinda and her children as well as Burgess and Maclean represent hostages, none is expected to re-emerge from behind the Iron Curtain after any disillusionment. All could tell too much.

Case Records of a Psychologist:

By Altering Part of 'Stuttering Triangle', Victim Can Often Control His Problem

Vocal stuttering has many first cousins, such as blushing, spastic colitis, angina pectoris, nausea and vomiting, as well as hand tremors when signing one's name. By the "Stutter Triangle" a victim can help regain freedom from this nuisance muscular habit. Alter any corner of that triangle and you can break the pattern.

By DR. GEORGE W. CRANE

Case Q-375: Joe R., aged 20, is a brilliant college student.

"C-c-can you help me s-s-stop my infernal s-s-stuttering," he pleaded, and then went on to say he had been a slave to this nuisance habit since grammar school.

* * *

Stuttering is simply a bad habit of the vocal muscles. But it has many first cousins.

Blushing is thus a form of "stuttering" wherein the muscle fibers around the blood vessels in the skin, go haywire.

Spastic colitis is also "stuttering" by the circular muscles surrounding the large bowel.

Angina pectoris may also be conceived of as "stuttering" of the circular muscle fibers around the coronary arteries.

"Social vomiting" or nausea when in a crowd, is another variety. And many mature executives have "stuttering of the hand" when they try to sign their names while their secretaries look on.

STUTTER TRIANGLE

Habits are quite specific, so the cure for stuttering consists, in part, of altering the original pattern wherein the first stuttering began.

* * *

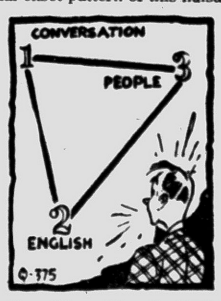
Because of intense pain, a single action can often become entrenched for life. Thus, a child seldom needs to touch a hot iron or stove but once, for the painful memory will alter his future behavior all his life.

Social pain, as when a child makes a slip of the tongue while keyed up, as in reciting before his classmates, may also affect his speech muscles as long as he lives.

He doesn't need to make that same speech error a dozen times or 100 times. No, just a single mistake, followed by painful humiliation, is sufficient.

* * *

The "Stutter Triangle" charts the usual onset pattern of this nuisance



reaction. You will note that the original act of stuttering began when

(1) The victim was conversing,

(2) In his native tongue (English, in this country)

(3) With human beings.

Alter any corner of that triangle, and the victim can often gain quick relief. For instance, let him sing or pitch his voice lower than usual, and he can often be entirely free from stuttering.

If he tries to be a ventriloquist, too, he will find that he can speak smoothly, for that changes (1) in the Stutter Triangle.

Or, let him shift from his native tongue to a foreign language, and thus alter (2). I once knew an Oxford graduate who thus stuttered terribly in English.

* * *

But he had a sweetheart from Paris and could converse with her in French without a pause.

He stuttered in English because that was the language he was using when he was pained and humiliated by the original slip of the tongue.

Again, alter (3), as by letting him speak to his dog or horse, or even shout to the waves, a la Demosthenes, and that technique also alters his Stutter Triangle.

NEUROTIC PARENTS

Neurotic and hyper-critical parents often cause permanent stuttering by their yelling at the children.

* * *

Please remember that it is normal to stutter at the age of 3, for then a youngster's "understanding" vocabulary far exceeds his "speaking" vocabulary. Thus, he trips over himself in trying to verbalize.

So ignore such toddler stuttering. And you adult stutterers can obtain greater poise by joining my "Compliment Club" and praising your companions.

But another quick aid is to bite down on the side of your tongue with the molar teeth and keep it imprisoned as you utter your first sentence or two.

For this unique position of the tongue changes (1) in the Stutter Triangle, since such a position of the tongue is obviously not the normal conversational posture thereof was in vogue when the stuttering first occurred.

Signed letters, not more than one page or 100 words long, pertaining to personal health and hygiene, not to disease, diagnosis, or treatment, will be answered by Dr. William Brady, if a stamped self-addressed envelope is sent to the Pontiac Press, Pontiac, Michigan.

Stevenson Raps GOP About Reds

Unprepared to Handle New Commie Offensive, Adlai Tells West Group

SEATTLE (AP)—Adlai Stevenson took his campaign for the Democratic presidential nomination to the land of huge dams and atomic energy today after telling an audience here the Eisenhower administration has left this country unprepared to cope with "this new Communist offensive."

* * *

Hammering at what he called the "frequent and foolish fajlures" of the Republicans, Stevenson told a $25-a-plate Democratic rally last night that the desire for peace is not a partisan problem.

"But there are crucial differences among us as to methods, policies and the vigor with which we shall pursue them," he said. "I am not one of those who feels, or says for partisan advantage, that all the administration . . . has done in this field is wrong or has wholly failed.

"But I am shocked when I read every day that all is well, . . . and that whatever a Democrat says about the conduct of our foreign affairs must be taken with a grain of salt."

The former governor of Illinois told the audience of 400 persons that communism cannot be stopped by slogans or "a Republican chorus of 'peace and prosperity.'"

The Communists, he said, are on the move, using "aid, trade, arms, good will missions, technical missions, student exchanges, athletes and neutrality propaganda" and "our government is unprepared structurally and divided philosophically . . ."

* * *

Stevenson's campaign travels take him today to eastern Washington, home of the Grand Coulee and other dams and the giant atomic energy commission plant at Hanford. Afterwards he will fly to Boise, Idaho, for further campaigning.

Conscience and Purse Meet—After 34 Years

SAN GABRIEL, Calif. (AP)—Mayor George Smith said he got a letter from a traffic violator whose conscience took 34 years to catch up with his pocketbook.

The letter, signed by Amos Irwin of Pond, Calif., said that in 1922 Irwin was fined $10 for a traffic law violation while riding his motorcycle. He was alloewd to pay $5 down on the promise he would pay the other $5 later.

With the letter was a $10 money order to cover the balance of $5 due and assumed interest of an additional $5."

Turkish Government revenue in the first seven months of its current fiscal year totaled $562,500,000, an increase of nearly $99,000,000 over collections in the comparable period last year.

3 Wealthy Chinese Give Red Rulers the Business

CAIRO, Egypt (AP)—An Egyptian newsman who recently returned from a 30-day tour of Red China reports he met three former Chinese millionaires who willingly handed over their wealth to the ruling Red regime.

"They were happy to still have their heads on their shoulders," Aly el Gammal wrote in the daily Al Akhbar.

Each time a wealthy Chinese "decides" to let the government enter as a partner in his enterprise, a Mardi Gras-type procession is held to celebrate the occasion, The ex-capitalist leads the crowd.

El Gammal told of meeting three former capitalists in Shanghai who had just finished their "procession."

"They tried to look happy, they made an effort to smile," he said, "but their answers to our questions were not straight."

The Egyptian newsman said, however, all three expressed relief that the government was running their business. They said, "Our new customers, formed mosty of peasants and workers, could not afford to buy our expensive products any more."

* * *

El Gammal said the Red Chinese government has opened schools to teach millionaires Communist doctrines and the rules of the government.

"They must succeed in an examination before being admitted as partners of the government," he added.

Man Frightens Wife to Death; Sentenced

JACKSONVILLE, Fla. (AP)—Prentiss T. Parrish, 28-year-old shipyard worker, was sentenced yesterday to 35 years for the "fright slaying" of his former wife.

The woman, Mrs. Shirley Ann Miller, 19, became terrified when Parrish struck at the window of her car with a bayonet. She sped away. Parrish pursued in another car. Mrs. Miller collided with an automobile at an intersection and was killed.

Nathan Schevitz, assistant state attorney, said the second-degree murder charge was based on the theory that Parrish so terrified Mrs. Miller that the involuntary act of passing through a stop sign at the intersection became the act of Parrish.

Lion to Be Ousted From Apartment

HOLLYWOOD (AP)—The Animal Regulation Commission has informed John Shinners he may no longer keep King, 20-month-old African lion, in his apartment.

Shinners, 26, who plans to become a lion tamer, also was informed that he'll have to stop strolling around the block with the lion on a leash.

"At home he has his own bed, but on cold nights he usually climbs in with me," Shinners said.

1,950 Pencils Cost $5

LINCOLN, Neb. (AP)—There are 1,950 "and a couple extra" pencils in the home of Elmer Churchill. The "extras" are for writing. Churchill said today he started collecting pencils 24 years ago and has spent only about $5 in gathering his writing tools. This includes 20 cents he spent for two pencils, the rest going for postage, etc. He said he just traded something else for most of the pencils.

The hourly earnings of West German workers advanced six per cent during 12 months, while living costs added but one per cent.

Doctor's Fees Disturb Patients

Some Believe Medics Should Charge Same Rates to All Classes

CHICAG O (AP)—About half the public feels doctors should charge the same fees to all persons, regardless of ability to pay.

But two thirds of the doctors favor a sliding scale, charging some patients more than others.

* * *

These divergent views were shown today in a report on nationwide survey sponsored by the American Medical Assn. to determine what complaints people have about doctors and how services can be improved.

The public and the nation's doctors are even more sharply divided on the question of whether advance news reports to the public on new experimental drugs and treatments are desirable or undesirable.

Four fifths of the 500 doctors questioned in the survey believe such publicity causes more harm than good.

However, a majority of the public with an opinion on the subject contended such reports create interest and speed up research. Forty-five per cent of the public approved such reporting while 35 per cent disapproved. The remainder of the 3,500 lay persons questioned had no opinion.

* * *

Viewpoints also differed on the question of fee-splitting. Eighty-one per cent of the doctors questioned believed the public has an exaggerated impression of fee-splitting. Only 10 per cent of the public shared that view.

Eleven per cent of the public questioned believed their own doctors split fees on referrals but 29 per cent said most doctors follow the practice. Only 5 per cent of the doctors said most physicians split fees.

Cause of Divorce Limited to Three Base Reasons

NEW YORK — Marriage authorities have come to believe that sex is the decisive factor in the break-up of most of the 400,000 unhappy marriages each year.

The causes of sexual conflict, according to John Kord Lagemann, long-time writer on marital problems, can be traced to one or all of three causes. Writing in a current national magazine, Lagemann says the causes are:

1. Inability to share one's life with another person. This personality defect usually indicates that one of the partners cannot regard the other as an individual, but simply as an extension of himself.

* * *

2. Disparity between the family backgrounds of the two marriage partners may cause difficulty of adjustment. If one has been raised in a stern, puritanical environment, while the other comes from a home where displays of affection are the rule, incompatibility often results.

* * *

3. External circumstances can lead to marriage difficulties. Studies have shown that infidelity occurs most often during the last three months of pregnancy and immediately after pregnancy when normal sex relations are impossible. Other circumstances, says Lagemann, might be an interfering in-law, employment which requires long absences, and alcoholism.

Fate Lowers Boom

GRAND HAVEN (AP)—Manuel D. Suarez, 22, of Muskegon, had a bad day Monday. First, his car caught fire. Deputy Keith Averill helped put out the fire, then asked to see Suarez' license. Suarez pleaded guilty before Justice L. E. Kline of Fruitport to driving while his license was revoked. He was sentenced to two days in jail and ordered to pay $29.90 in fines and costs.

VANE FOR IKE — This ornamental weather vane will decorate President Eisenhower's farm at Gettysburg, Pa. It's shown being put into a box for shipment by Bill Buller, general manager of the Montague, Mich., firm that manufactured it. Buller said his company's York, Pa., dealer asked that the vane be carefully inspected before shipment, because "we certainly wouldn't want a 'beef' on this order."

You're Eating 28 Per Cent More Meat Than in 1939

WASHINGTON (AP) — Americans are eating lots more meat, fish, poultry, eggs and dairy products than they did 15 years ago, and considerably less potatoes, fats and oils.

An Agriculture Department survey of eating habits in 1954 compated with those in the 1935-39 period shows an increase of 28 per cent in average consumption of meat, fish and poultry, 46 per cent in egg-eating, and 10 per cent in fruits and vegetables.

Consumption of potatoes and sweet potatoes dropped 29 per cent and oils, including butter, 15 per cent. Use of flour and other cereal products dropped 12 per cent.

Results of the survey were disclosed to a House appropriations subcommittee working on the 1957 agriculture budget and made public yesterday.

Department officials attributed the shift in eating habits mainly to a change in the age composition of the population and a growing tendency toward less physical activity.

Subcommittee Chairman Whitten (D-Miss.) had another explanation. "It is the purchasing power of the consumer that is important, and now he happens to have the money," Whitten said. "I hope things won't deteriorate . . . but if it should deteriorate . . . I think we will see the consumer going back to bread and potatoes."

Peer Into the Mind of a 'Logical' Person

LEWISTON, Ill. (AP)—According to local raconteur Perry Bailey, 85, buying for cash rather than credit used to cost more back in '90s. It's one of his favorite stories.

Charles Griffith, wagon maker, was confronted by the town's biggest deadbeat in 1890 with a request to fix a wheel. Griffith made the repair, and when the poor-credit-risk asked the price, the tradesman replied, "It's $2.75 if you pay cash. $2.50 to charge it."

Puzzled, the customer understood after Griffith explained, "You're a deadbeat. If you charge it, you won't pay, so that's why it's only $2.50 for credit. I don't want so much on my books."

Stamp Experts to Be Delighted

Post Office Will Exhibit Items of Interest During Big New York Show

WASHINGTON (AP)—The post office has announced it will issue several items of interest to stamp collectors in connection with the Fifth International Philathelic Exhibition at New York, April 28-May 6.

The exhibition will be held at the New York Coliseum.

The stamp items will include:

A three cent Fipex commemorative stamp, to go on sale at New York April 30. The central design features the New York Coliseum with Columbus Monument in the left foreground.

A six cent embossed air mail stamped envelope, to go on sale at New York May 2. Central subject of the stamp is the artist's conception of an American eagle in flight, forming a silhouette against billowing clouds.

An 11 cent souvenir sheet to go on sale at New York, April 28, opening day of the exhibition. This sheet, 2 7/8th inches by 4¼ inches, will include enlarged reproductions of the three cent purple and the eight cent red and blue Statue of Liberty stamps.

The sheet, not perforated, will include the wording "in compliment to 50th International Philatelic Exhibition, 1956, N. Y. April 28-May 6." It will also include the facsimile signature of Postmaster General Arthur E. Summerfield.

2 Have 31 Direct Kin

GRAND HAVEN (AP)—Mr. and Mrs. Fred Kieft, both 71, of rural Grand Haven, were accompanied to Sunday services at Hope Reformed Church by their personal contingent of 31 direct descendants. Attending the services with their six sons, four daughters, 20 grand children and one great grandchild was part of the observance of the 50th wedding anniversary for the Kiefts.

SHORTENING A LONG DOG — 3

No doubt you've heard people say: "Let's make a long story short."

Well, here's Rudy, a long dog that can be made into a short one.

First paste this picture down on stiff paper and then color with paints or crayons. Make Rudy a bright brown, his blanket blue with a yellow border and the strap yellow.

Cut out both parts carefully. Fold back on the dotted line A. Then fold back on dotted line B. Make point A meet point B and fold the extra part away at the back.

If you want to keep the dog short just paste it in place. If, however, you want Rudy long, fasten with a pin.

Fold the flap under the front feet forward and fold the other flaps back. Now, long or short, the dog will stand up.

To help keep Rudy warm on wintry nights don't forget the blanket with his initial on it. Fold the blanket in half and lay it over his back. You can keep it pinned with a wire clip.

New Electronic Bombing Device Revealed by Firm

NEW YORK (AP)—The International Business Machines Corp., today made public some details of what it described as a new electronic airplane bombing and navigational system of "unprecedented reliability."

* * *

Because of security considerations, few details could be given. However, these were some of the facts disclosed about the new device:

It somewhat resembles the giant computers now in use in industry and research, except that it is small enough to be installed aboard a plane. Radar principles are employed.

Information such as air speed, altitude, desired target—all the factors bearing on reaching and bombing a target—are fed into the machine by the plane's crew. It then guides the plane to the target and carries the craft through its bombing run.

Heads Tile Institute

NEW YORK (AP) — Seymour Millstein was elected president of the Asphalt Tile Institute at the annual meeting. He is president of the Mastic Tile Corporation of America, New York, N.Y.

Pick Cancer Drive Head

GRAND RAPIDS (AP) — Edward M. Miller, Grand Rapids insurance man, has been renamed to lead the annual April crusade of the Michigan division of the American Cancer Society. Division President Waldo Stoddard said Miller was 1955 campaign chairman when contributions from the division's 80 counties outside the Detroit area exceeded more than $500,000. The 1956 goal is $587,080.

Resigns School Post

SANDUSKY (AP)—John R. Francis has resigned as county superintendent of schools in Sanilac County to accept a similar post in Shiawassee County effective July 1. He has been Sanilac County superintendent since 1938.

Ford Co. Considering Rebuilding Noted Inn

DEARBORN (INS)—A Ford Motor Co. spokesman said the matter of reconstructing Wayside Inn at Sudbury, Mass. is under consideration by the Ford family.

Henry Ford II, Ford president, and other members of the Ford family have received many letters from New England urging them to rebuild the inn.

The inn, constructed about 1686 and immortalized by Henry Wadsworth Longfellow in his "Tales of a Wayside Inn," was destroyed by fire last Dec. 22.

Wayside Inn was purchased and restored by the late Henry Ford in 1925.

Rebate Okayed on Assessments

Error Prompts Approval of Refunds to Residents of Sewer Area

A 1952 error in over-assessment for a combined sewer for Walton boulevard will necessitate preparation of a rebate roll in which some 20 families in the area will receive rebates.

City Attorney William A. Ewart last night told the City Commission of his findings in the Benson-Mitchell case versus the city. He said "in view of the error of over-assessment of $9,973.20 in the entire area, the court will have no alternative but to cancel the tax and order a correct assessment made."

The plaintiffs received an assessed value on their property of $16,886.75 and later computations by City Engineer Lewis M. Wrenn discovered the correct assessment to be $10,207.80.

The City Commission concurred with Ewart's recommendation last night that the court "wash out" the penalties charged to Benson and Mitchell for not paying the original assessment and that they pay the corrected tax.

The other 20 property owners in the district had paid their assessments as taxed.

The plaintiff's attorney declared that the assessment was not paid as the owners were considering allowing the property to go the state tax sale but later learned that the actual cost was in a smaller sum than the estimated amount which was spread.

U. of Alabama Head Will Discuss Rioting

TUSCALOOSA, Ala. (AP) — President O. C. Carmichael will hold two meetings tomorrow with his University of Alabama students, first since the campus was torn by rioting against a Negro coed.

Faculty members also will attend the convocations. Carmichael met with the university instructors and staff members after the violent demonstrations of Feb. 6.

He is expected to discuss the university's position in the bitter segregation dispute.

Petitions were circulated on the campus today urging the university to admit Autherine Lucy without further court action.

UAW Opposes New House Layoff Plan Bill

LANSING (AP)—The United Auto Workers Union said today a House bill designed to curb private supplemental layoff pay plans in the auto industry would "abandon the state's neutrality in collective bargaining."

The union's oppisition to the bill was set forth in a statement release by Rep. Ed Carey of Detroit, House Democratic floor leader and a UAW international representative.

"It would interfere with the free collective bargaining process by prescribing the limits for supplementary plans of the type advocated by the major labor unions," the statement said.

"It would at the same time exclude from any legislative control plans of the type advocated by the National Assn. of Manufacturers and General Motors."

Drayton Resident Mute at Arraignment

Charged with impersonating a police officer, Orville R. Berg, 30, of 2420 Georgeland, Drayton Plains, yesterday stood mute in Oakland County Circuit Court and Judge Clark J. Adams entered an innocent plea for him.

Berg was arrested by State Police Feb. 2. In a statement to the prosecutor's office, he admitted stopping four cars Jan. 29 and 30 and attempting to "make dates" with their women drivers.

He asked the women if they knew they were speeding, said Berg, giving them the impression he was an officer. He is free on $500 bond. A trial date will be set.

Sentenced for Slaying

DETROIT (INS) — Walter O. Thorpe, 34, of Detroit, was sentenced to five to 15 years in prison yesterday for the fist-fight death of Amedee Pinsonneault, 61, of Windsor.

ASH WEDNESDAY — Christians throughout the world are observing the opening of the Lenten season today, Ash Wednesday. Special services will be held in Protestant and Catholic churches during the six weeks in preparation for Easter, April 1. It has been the custom for many years in the Catholic and some Episcopal churches to impose ashes from palms left over from the last Palm Sunday on foreheads of worshipers. As Father Fabian Weber marks the foreheads of four young people in St. Vincent de Paul Catholic Church, he says: "Remember man, that thou art dust and unto dust thou shalt return." Shown are Charles Phipps of 118 Center St. (left to right), Margaret Bunker of 134 S. Shirley St., David Rabaut of 2274 Locklin Rd. and Irene Zoulek of 6700 Orchard Lake Rd., Walled Lake, all students of St. Frederick's Catholic School.

Brother, Sister Tots Perish in Home Fire

MT. PLEASANT (AP) — A young brother and sister died in a fire which swept the family home last night while their mother was next door borrowing some milk.

The victims were 9-month-old Dorene Joyce Chapman and her brother, Ronald, 2.

The mother, Mrs. Dorothy Chapman, said she had left the children asleep and returned to find the two-room house ablaze.

A passing motorist summoned firemen to the home on M20, six miles east of Mt. Pleasant.

The father, Donald Chapman, was working at the time.

2 Walled Lake Residents Treated at Hospital

Two Walled Lake residents were treated in Pontiac General Hospital after a three-car pile-up last night on Pontiac Trail near the Walled Lake village limits.

Hospital authorities said Ernest Holland, 27, and his passenger, Russell Sparks, 21, both suffered lacerations.

Oakland County Sheriff's deputies said Holland was driving a car which struck from the rear one driven by Elwood L. Matthews, Jr., 19, of Walled Lake, causing Matthews' car to hit another driven by Joyce K. Clark, 51, of Walled Lake.

'Slow Down and Live' Records Show It Works

CHICAGO (INS)—Many Americans now walking the streets and driving cars might have been statistics on some grim fatality list but for the 1955 national "Slow Down and Live" campaign.

* * *

The 101-day drive checked the rising tide of automobile accidents and fatalities despite a great increase in vehicluar traffic according to Paul H. Blaisdell, executive director of the National Conference of State Safety Coordinators which sponsored the program.

Blaisdell called the campaign "perhaps the most ambitious traffic safety effort ever attempted." It lasted from Memorial Day through Labor Day and every state participated to keep accidents down.

At the meeting of the Co-ordinators in Chicago, the executive director pointed out:

"Traffic deaths increased 6.9 per cent this year over the 1954 total. Sixteen states achived a reduction in fatalities for the year. Two states held exactly even. The remaining 30 states, the District of Columbia and the Commonwealth of Puerto Rico, showed increases."

PLAN WORKING

William M. Greene, director of the Connecticut state safety commission, indicated that reduction achieved by many co-operating states in 1954 may have prevented any further fatality decreases in these states this year.

"Eight states accounted for 70.2 per cent of the total increase this year," Greene said. "Seven of the eight participated in the 1954 'Slow Down and Live' campaign. By effectively reducing their deaths last year, they were in a position more favorable for an increase than a continued reduction of deaths."

Blaisdell, who also is traffic safety director of the Association of Casualty and Surety Companies, praised the work of the press and radio in bringing the message of the "Slow Down and Live" campaign to everyone. He continued:

* * *

"Promotional activities and cooperation on the part of the public and of enforcement officials has been almost unprecedented and should have a beneficial carryover effect during other periods of the year."

Hooper Murder Cited in Hassle on Paroles

LANSING (AP)—Who killed Senator Hooper?

That question, subject of all kinds of investigations for more than a decade, reared up in the Legislature again yesterday.

The issue was final passage of a bill to make accomplices serving life terms for murder eligible for parole after 17 years. The bill passed, 28-1, and moved on to the House.

Before the vote was taken, however, it was amended to eliminate "procurers" of murders from eligibility for parole. And that was what touched off the long-dormant debate over who killed Senator Hooper.

State Sen. Warren G. Hooper, star grand jury witness, was slain from ambush near Springport in January, 1945, as he was driving from Lansing to his home in Albion for the weekend.

Several Detroit hoodlums were convicted of conspiracy to kill Hooper but the slaying itself never was solved.

Gilbert Roland Sues 2 Studios for Damages

SANTA MONICA, Calif. (AP) — Gilbert Roland has filed a $950,000 damage suit against two film studios, charging the reissue on television of "The Cisco Kid" film series he made 11 years ago has hurt his status as an actor.

The suit, filed yesterday in Superior Court, named Monogram Productions, Inc., and Allied Artists Productions, Inc., as defendants. The movies were retitled "Chico and Pablo," the suit contended, and Roland's appearance in them allegedly hurt his chances to appear in other television roles.

American Dies in Morocco Row

French Claim Airman Shot in Tragic Mistake by Casablanca Police

CASABLANCA, French Morocco (AP)—French officials say the first American victim of the strife between Moroccan nationalists and colonial authorities was killed by mistake by a Moroccan policeman.

* * *

U. S. Air Force Capt. Nelson Brown, 42, was shot to death Monday night when he stopped his car behind another vehicle on the road from Casablanca to the U. S. Strategic Air Command base at Nouaceur.

French sources said a Moroccan policeman searching for terrorist suspects opened fire and Brown died immediately from a shot in the head.

* * *

The French Foreign Office in Paris termed the slaying a "tragic mistake" and a "regrettable incident." U. S. officials imposed tight travel restrictions on U. S. servicemen as a result of the shooting.

Brown, a native of Green Forest, Ark., had been in the Air Force 15 years.

Trio Admit Holdup, Placed on Probation

After admitting Feb. 6 breaking into a Springfield Township gas station Jan. 27, three South Oakland County men were placed on three-year probation and assessed $200 court costs yesterday by Circuit Judge Clark J. Adams.

Sentenced were Richard Cottrall, 21, of 3069 Kipling, Berkley; William H. Oswald, 19, of 3758 Oakshire, Berkley, and John H. Downey, 20, of 3248 Harvard, Royal Oak.

3rd Nike Group Moves Into Site

Battery D Situated in Commerce Township; Has 100 Men

Oakland County's third "Nike" guided missle battery last week moved into its new site in the Proud Lake Recreation Area in Commerce Township.

The battery, Battery D of the 504th AAA Missile Battalion, joins Battery D, 516th Bn., located at Auburn Heights, and Battery D of the 85th Bn., situated in Farmington Township, in the county's network of anti-aircraft defenses.

The outfit of approximately 100 men and officers and commanded by Capt. Marvin L. Alexander, of Arkansas, moved to the Oakland County site from a temporary position off Telegraph road north of Monroe.

The new "Nike" missle-launcher base is located on a 69-acre section of land at Commerce and Wise Rds. It, along with the Auburn Heights site, was built by J. A. Fredman, Inc., of Pontiac.

The bases are part of a rough circle of defensive missile stations situated around the metropolitan Detroit area. Others are near Utica in Macomb County and at Selfridge Air Base.

Pet Dog Saves Woman Driver at Traffic Court

DETROIT (AP)—A black German shepherd dog with a businesslike glint in his eye helped his owner out of a traffic ticket.

Nellie Jane Fancher, 29, brought her pet Fritz to court to back up her claim that she had not left her car unattended with the motor running last Jan. 12.

* * *

"I left Fritz in the car while I called a garage," Miss Fancher said. "The engine wasn't running right and I didn't want to turn it off. If anybody had tried to steal the car, Fritz would have chewed his arm off."

Traffic Referee John Wise took one look at Fritz's powerful jaws and agreed. "The car was obviously not unattended. Case dismissed," he said.

Board of Education Will Review Budget

Pontiac Board of Education is scheduled to hear a preliminary report on its 1956-57 budget tonight by Superintendent of Schools Dr. Dana P. Whitmer during a 7:30 p.m. meeting at 40 Patterson St.

Board President Louis H. Schimmel is slated to submit a resolution calling for a bond issue to finance the upcoming school construction program.

Appointment of two vocational education advisory committees is also expected.

Fined $2,500 for Taxes

DETROIT (INS) — Robert L. Fransted, a Jackson manufacturer company owner, was fined $2,500 yesterday for income tax evasion. He was charged with failure to report $17,000 in corporation income in 1949.

Former Mental Patients Planning Panel Discussion

Recovery, Inc., a self-help group composed of former mental patients, will hold an open meeting and panel discussion at 7 p.m. Sunday in Bethany Baptist Church.

An invitation has been issued to persons of all faiths and creeds to attend the free meeting and learn some of the techniques which members of the group claim have brought them mental stability and good health in place of illness and confusion.

Heading the panel will be Mrs. Treasure Rice of Brighton, state leader of the 60 Recovery Inc. groups in Michigan.

Panel members will be William Emeigh, leader of the Pontiac club; Mrs. Mildred St. John, leader of a group which meets at the Community House in Birmingham; Mrs. Ann Humphrey, leader of the group which meets in Christ Church, Cranbrook; and Cass Avery of Redford, state secretary.

Recovery Inc., a non-profit organization which charges neither dues nor fees, has chapters in eight states. It was founded by Dr. A. A. Low, a Chicago psychiatrist, and uses group therapy treatment worked out by Dr. Low while he was assistant director of the Psychiatric Institute of University of Illinois.

"The Recovery way to mental well-being is not intended to replace the legitimate role of doctors," said Mrs. Rice. "But for many nervous people who cannot afford unlimited medical attention, it has proved a Godsend.

"It is simple, commonsense, inexpensive, and it works. Members help and encourage each other at the same time they follow a simple workable method of dealing with fears and tensions."

Mabel Nelson Placed on 1-Year Probation

In Oakland County Circuit Court yesterday, Mabel Nelson, 36, of Detroit, was placed on one-year probation and assessed $100 court costs by Oakland County Circuit Judge H. Russel Holland.

She admitted Jan. 31 taking merchandise from the Northland Shopping Center last Nov. 18.

Historian Admits He Stabbed Self in Back

CLEVELAND (AP) — Police Capt. David E. Kerr said last night the director of the Western Reserve Historical Society Museum admitted he attempted to commit suicide by stabbing himself with a museum scalpel.

Colton Storm, 48, the historian, was found in the museum Monday with the scalpel sticking from his lower back. At first he blamed an intruder.

Homicide detectives said Storm attributed the suicide attempt to the "burden of decisions" preying on his mind and fear of the recurrence of an ulcer.

Storm is a former University of Michigan historian. He has been director of the museum here since June, 1954, coming here from the William L. Clements Library at the University of Michigan. He had been curator of maps and manuscripts and assistant director of the library since 1942.

Opulent Miami Beach Just Grows Richer

By PHYLLIS BATTELLE

MIAMI BEACH (INS) — There are two almost certain ways to make money in this uncertain world.

* * *

The first method (traditional, but limited to bare handfuls of persons) is to marry Babs Hutton or Tommy Manville.

The second (relatively new but sure-fire) is to build a Miami Beach hotel.

Every year, new pink and blue and multi-hued tourist palaces open up in the seven-mile-long creampuff of an island, and allegedly shrewd businessmen up North predict—"Well, now they've overdone it." But as fast as there are 600 new rooms there are 600 new families swooping in from the dark winterlands to take them over.

* * *

"You can't miss," said a man in a red sport shirt named Harry Mufson. "In the past 15 years, I've never heard of anyone building a hotel here without making money. It's the thing to do. Providing you like money, naturally."

HE LIKES IT

Mufson, "born with zero in the family bank" on New York's lower East Side, is real fond of money himself. So after years of co-ownership of the Beache's San Souci Hotel, he recently built the hotel of the year — the Eden Roc.

It costs 10-million dollars but, thanks to its 401 rooms, ranging from $38 to fanstastique, Harry happily expects to get it all back fast.

Three distinct impressions strike almost simultaneously the tourist who comes to the Beach for the first time: 1) Isn't the sun glorious? 2) You don't mean it. That's a hotel? 3) We can't afford this Mama, Let's go home.

Mufson concedes this, but points out that fortunately there are many, many less expensive hotels than his flossy abode, and virtually everybody stays on.

Harry has a gentle smile, and he put it on as he said, "When I first came here I had the uncomfortable impression that everybody on Miami Beach was a millionaire. Then I figured it out.

"A tan in the winter makes everybody look wealthy."

It's difficult to describe the motley opulence of the Miami Beach hotels that have sprung up in the last few years. Most have splashing fountains, neon-lighted, palm trees, gilt and satin, carpets you sink into up to your shoestrings.

Mad and magnificent, designed as showcases for bare-shouldered blondes, their lobbies attract more oglers than the Empire State Building.

LUXURY ARCHITECT

Morris Lapidus is the architect responsible for most of it. Among others, he designed the Fountainbleu (last year's hotel), the Eden Roc (this year's hotel) and the Americana (next year5s hotel already heavily booked).

"A lot of people laugh at the Beach hotels," he admits amiably. "Frank Lloyd Wright called the Fountainebleu an ant hill.

"All I can say is a hotel is not a home. When people travel they want to see things completely foreign to them. If it were practical, I'd put a waterfall in every bedroom.

"Miami Beach is a Technicolor, Cinerama dream of delight in the mind of Tillie the Toiler!"

. . . . Too bad Tillie can't afford to indulge her dream beyond the lobby.

Blast Proves Fatal

MONROE (AP)—Ira Evans, 21, of Monroe died Tuesday of injuries suffered in a gasoline explosion at his home Monday. Evans was burned over most of his body when gasoline he was using to clean paint brushes was ignited by a stove pilot light.

Science Develops New Tablet:

Relieves Painful Monthly Cramps For 3 out of 4 Women Tested! Gives Greater Relief Than Aspirin!

Boston, Mass. (Special)—New promise of relief for women who suffer tortures of monthly cramps and nervous tension is found in an amazing new tablet . . . developed especially to relieve this female discomfort. It offers *greater relief than aspirin* during that distressing period each month!

Doctors report remarkable results. For 3 out of 4 women tested, pain and cramps were stopped or strikingly relieved. Even on the *first* day, many had no nagging headaches, no backaches or other functionally-caused distress . . . were also less jittery the trying week *before* their period!

The new tablet contains not just one or two ingredients but a unique *combination* of special medicines. That's why this new discovery offers *more relief* than plain aspirin! Unlike such "general-purpose" remedies, it acts on the *cause* of distress. Has amazing power to calm uterine contractions, also works through a woman's sympathetic nervous system.

Called "Lydia Pinkham's Tablets," the formula was developed by the world's largest manufacturer devoted *exclusively* to relief of women's ailments! Easy-to-take new Pinkham's Tablets are now available at all drug stores without a prescription.

So don't suffer needlessly. Take Pinkham's Tablets yourself. See if you don't feel worlds better this very month. See if you don't escape much of the irritability and discomfort—both before and during those "difficult days." (For liquid form . . . ask for Lydia E. Pinkham's Vegetable Compound.)

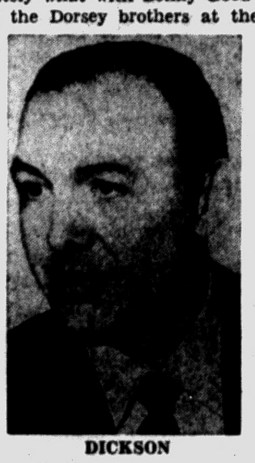
Don Dickson Changes Voice for — Money

By EARL WILSON

NEW YORK—Donald Dickson's 41 and his voice is changing, which is a lot later than voices changed when I was a boy back in Ohio.

It's changing from baritone to dramatic tenor, and it's sort of Page 1 music news.

There's lots of music news lately what with Benny Goodman back at the Waldorf, and the Dorsey brothers at the Statler, but this jive about Dickson is longhair, so try to dig it, will you, man?



DICKSON

You listening, cats? Back in the 30s, this young good-looking steelworker Dickson—out of Cleveland, Pittsburgh and Canton—got discovered by the Met.

Hollywood called. On the Edgar Bergen and Groucho Marx radio shows he sang the pants off longhair stuff, and Ed Sullivan stated in Liberty Magazine here was a voice you'd hear about.

But his voice changed—or he changed his voice.

And the dramatic tenor voice is now being unveiled on radio and in concerts. "What's the difference between a baritone and a dramatic tenor?" I asked Dickson. (I'm on the old ball every second!)

"The difference is a lot of money," said he.

"There are 150 fine baritones, and I can think of only three dramatic tenors, and some people are kind enough to say I'm the fourth."

(The three are Vinay, a Chilean; Del Monaco, an Italian, and Svanholm, a Swede.)

(I was surprised Johnny Ray wasn't on the dramatic tenor list. I always thought he was very dramatic.)

"The difference is in the 'color' of the voice—baritone is darker like a 'cello, dramatic tenor is brighter and trumpet-like."

★ ★ ★ ★

Anyway, cats, Dickson made his debut Sunday on CBS-Radio as a dramatic tenor. He will sing "Canio" with the Chautauqua Opera Company next summer and is being booked around the nation.

Dickson's getting VIP treatment from people who realize he might be America's only dramatic tenor—could do "Otello"—is something rare like the Jonker diamond.

"What I'm doing," he admits, laughingly, "is impossible. My teachers didn't do it—I take the responsibility."

It all started in '54 with a New York recital when a major critic said he had "one of the great voices of our time."

"So help me," says Dickson, "I believed him."

So help me, I'm going to listen to him. I really dig this dramatic tenor jive. Guess I'm just a longhair crewcut.

Petition Hearing to Be Thursday

County Education Board to Consider Requested District Change

The Oakland County Board of Education has scheduled a public hearing tomorrow on a new petition of the Clarkston Board of Education asking that a section of Independence Township now located in the Waterford School District be transferred to the Clarkston district.

The hearing will be held at 4 p.m. in the second floor meeting room of the county school board building, 1025 N. Telegraph Rd.

The petition concerns approximately 750 acres of land in the area north of Waterford Hill. It includes the Moon Valley territory, acreage around the Oakland County Sportmen's Club and residential developments along Maybee road.

A former petition which included the Waterford Hill area in the territory to be annexed was denied by the school board, with the recommendation that a new petition with different boundary lines be filed.

Superintendent of Clarkston Schools L. F. Green has pointed out that Clarkston schools are closer to this area than Waterford schools and that present boundaries bisect some subdivisions, so that rezoning would make for more efficient operation.

Psychiatric Testing Urged for Drivers

UNIVERSITY PARK, Pa. (AP) — Psychiatric tests could do much to curtail America's traffic accidents, says Amos E. Neyhart, head of the Institute of Public Saftey at Pennsylvania State University.

* * *

Emotionally unstable people are bad traffic risks, he says. And bad attitudes are important factor in many crashes.

He says psychiatric checks on stability and attitudes could be an important addition to driver training as a means of reducing accidents.

He is an expert on driver training, having conducted the first course in driver training here in 1934. He says a poorly trained driver is twice as likely to have accidents as is a well trained driver.

All the furniture from a 10-room house can be loaded in a single new moving van.

27-Year-Old Violinist of Kalamazoo Financing Trip With Lessons

KALAMAZOO (AP) — A wandering minstrel from Kalamazoo has fiddled his way to Rangoon, Burma.

That was the destination of 27-year-old Martin Friedmann as reported in a recent letter to his parents, Dr. and Mrs. Robert Friedmann.

Friedmann, 27, former violinist with the Kalamazoo Symphony Orchestra, left home Christmas Day, 1954 determined to pay his way around the world by giving violin concerts where and when he could.

In letters to his family he has told of teaching music for nine months at the Woodstock School in Mussuorie, India; giving a recital over the all-India radio at New Delhi and playing for the YMCA in Lucknow.

* * *

Just last December Friedmann visited the tiny kingdom of Nepal in the Himalayas where he and a young pianist were invited to play for the king of Nepal.

Friedmann wrote that the king's private plane was placed at his disposal for a flight to Calcutta, where he played with the Calcutta Symphony.

In Rangoon, Friedmann will be the guest of Dr. John Scott Everton, former president of Kalamazoo College who is with a Ford Foundation unit there.

From Burma footloose fiddler Friedmann plans to head next for Singapore, Java and Bali.

Child Guidance Clinic Reviews Year of Progress

Topic of the day at the annual dinner meeting of Oakland Child Guidance Clinic, held last night in Birmingham Community House, was how to bring greater harmony and mental stability to emotionally disturbed children. Talking it over just before the dinner are key speakers, the Rev. Francis Stack, pastor of St. Hugo of the Hills Catholic Church; Dr. Clyde B. Simson, director of children's services, Lafayette Clinic, Detroit; Madeleine Half, Oakland Child Guidance Clinic director, and Dr. Robert J. Mason of Birmingham, chairman of the clinic's board of directors. Civic and educational leaders from all over the county attended the meeting, as well as club members and individuals interested in the betterment of children's lives.

Four new directors of Oakland Child Guidance Clinic were elected and two others re-elected for three-year terms at the group's meeting in Birmingham last night. Looking pleased at the unanimous vote are the new directors (left to right) Marjorie Gaston of Birmingham; John B. Wilson of Pontiac; Mrs. Charles Williams of Pontiac and Mrs. A. H. Williams of Royal Oak. Not shown are Mrs. Charles Cox of Walled Lake and Mrs. Campbell Harvey of Orchard Lake who were re-elected.

Expressing pleasure at progress made by the Oakland County Child Guidance Clinic during the past year are (left to right) Oakland County Probate Judge Arthur E. Moore, Dr. Joseph Fischoff of Detroit, consulting psychiatrist for the clinic, and Ralph E. Walton of Lansing, clinic administrator for the Michigan Department of Mental Health. They were among 85 key persons who attended the annual meeting of the clinic last night. Listed in a year of progress were the opening of a new branch clinic at Birmingham, sponsored by the Birmingham Junior League; additions to the professional staff of the Pontiac central clinic, and treatment of 340 children by means of 3,100 individual interviews.

Conducts Annual Dinner Meeting

A year of progress, which included the opening of a new branch clinic, additions to the professional staff and the treatment of 340 emotionally disturbed children, was reviewed for those who attended the annual dinner meeting of the Oakland County Child Guidance Clinic, held last night at Birmingham Community House.

* * *

Key people in education and children's rehabilitation work crowded the banquet room to hear the yearly report by Madeleine Half, clinic director, to elect officers and to listen to an address by Dr. Clyde B. Simson, director of the Children's Unit of Lafayette Clinic, Detroit.

Unanimously elected for three-year terms on the clinic's board of directors were John B. Wilson, Pontiac attorney; Mrs. Charles Williams of Pontiac, girls' supervisor of Oakland County Children's Home; Mrs. A. H. Williams of Royal Oak and Marjorie Gaston of Birmingham, educational services supervisor with the Oakland County Health Department.

Re-elected for three years were Mrs. Charles Cox of Walled Lake and Mrs. Campbell Harvey of Orchard Lake.

The principal speaker, Dr. Simson, drew upon an extensive background in child psychiatry to outline "Current Trends in Child Guidance." Enumerating responsibilities and challenges facing leaders in the treatment of disturbed youngsters, he said:

"There is an imperative need or additional psychologists, psychiatrists and case workers. It's not only a question of money, but of training sufficient workers to meet the need.

HOSPITAL STUDY

"Secondly, we must meet the need for hospital study of children where the intensity of the problem requires 24-hour-a-day care."

A start in this direction has been made in the Hawthorne Children's Center now under construction at Northville and also in a unit of Northville State Hospital which specializes in children's care, Dr. Simson said.

"Third, the field of research must be expanded to allow greater evaluation of clinical trends seen in youngsters with emotional problems. The causes and treatment of sustained anxiety, which can carry through from emotional problems in the child to mental illnesses such as schizophrenia in the adult, are only one phase that calls for study.

"What of the children, often with devoted parents, who misinterpret actions on the part of the mother, especially, and feel unloved and insecure. How can the teacher, the counselor and the recreational leader help solve the problem?"

Other speakers at the gathering were the Rev. Francis Stack, pastor of St. Hugo in the Hills Catholic Church, who gave the invocation; Dr. Robert Mason of Birmingham, chairman of the board of directors, who presided; and Ralph E. Walton of Lansing, clinic director of the Michigan Department of Mental Health which sponsors the clinic.

TRACES PROGRESS

Walton traced the progress in child guidance throughout the state and paid tribute to the Oakland Chapter, as well as the Birmingham Junior League, which he honored as the first group in the state to take on the "tremendous task" of sponsoring a branch clinic, the newly opened Birmingham clinic.

* * *

Tribute also was paid to directors and workers at the clinic, as well as to the Pontiac Area United Fund and the Oakland County Board of Supervisors which have allotted funds to support the work of the clinic each year.

'America, Our Heritage' Is Theme

Men's Night Presented by Musicale

A medley of favorite songs, written in the years between the gay '90s and the present, were played on piano and organ as a prelude to the Tuesday Musicale Men's Night program presented last night at Washington Junior High School.

* * *

Mrs. H. V. Heldenbrand, at the piano, and Mrs. T. E. Nelson, at the organ, blended their talents to musically usher in "America—Our Heritage" and were the main accompanists for this six-part program, produced by the Tuesday Musicale Workshop.

"Ye Old Colony Days," depicted by an ensemble of Puritan ladies and Indian maidens singing "America, Our Meritage," "We Gather Together" and the "Indian Sleep Song," featured Mrs. Marlin Wager as a pilgrim father, displaying a certain dignity which belied the impact of what was to follow.

The next number, "Red Wing," was the pace-setter. Mrs. Jack Nicolls and Mrs. George Putnam, in Indian princess regalia, dramatized this Indian love song and accompanied themselves on tomtoms.

* * *

In true mountain-style, Mrs. Clyde Marshbanks and her autoharp opened the second part of the program, "Westward Hoe-down," with her solo "On Top of Old Smoky."

Then followed "Country Style" with Mrs. J. W. Wignall, Mrs. J. L. Wilson, Mrs. R. K. Gould and Mrs. Marshbanks as singers and Mrs. A. K. Oakley, Mrs. E. D. Foley, Mrs. Willis Lefurgy and Mrs. Ralph Norvell as dancers.

This group then served as delightful background when Mrs. Ferdinand Gaensbauer sang "Barefoot" and proclaimed the joys of getting one's feet right down to earth! Mrs. Michael Siano, accompanied by Mrs. Flora Wager at the piano, completed this section with a more serious folk song, "Go 'Way From My Window."

* * *

"Gay '90s" began with a song and dance number of that era—"Once in Love With Amy" Mrs. Gaensbauer and Mrs. Nicolls, costumed in black and pink striped blazers, pink trousers and straw hats, sang and soft-shoed to perfection.

There are five pages in today's Women's Section

Mr. and Mrs. George Putnam, in patriotic costumes which featured red and white striped vests and red, white and blue Uncle Sam hats, sang "Yankee Doodle Dandy." And as they went into a medley of George M. Cohan songs, in marched the four young Putnams, Susan, 11, Roger 8, Brooks, 6, and Tommie 3, garbed like their parents.

Led by Tommie, these delightful show-stealers criss-crossed and circled in grand parade style, making effective use of their Flags and patriotic canes.

* * *

Mrs. Rebecca Gould did a Fanny Brice rendition of "My Man" to begin the "Roaring '20s" part of the program. She was accompanied by Mrs. Gaensbauer in a purposely disdainful manner.

As jazz-time flappers, Mrs. Siano, Mrs. W. S. Furlong and Mrs. Nicolls formed a chorus line to sing "Red, Red Robin" and high-lighted their dancing with Charleston selections.

THEATER STYLE

The fifth part, "Theater and Footlights," featured Mrs. Wignall, dramatic soprano, in a chic red evening gown, singing two Friml numbers, "The Bubble" and "Someday," and Jerome Kern's "Only Make Believe." She was accompanied by Mrs. Heldenbrand, accompanied by Mrs. Heledenbrand.

* * *

The ensemble, which was composed of all the singers participating, closed the program with Shirl's "One God" and again, "America, Our Heritage" by Steele. Mrs. Putnam directed the ensemble.

Stage and properties were handled by Mrs. J. B. Forman and Mrs. H. C. Hall. Hostesses at the door were Mrs. O. H. Lundbeck, Mrs. Forman, Mrs. Arthur Dahl and Mrs. L. V. Ostrander.

Junior music club members who assisted were Sharon Holland, Phyllis Smith, Judy Huntworth and Jeanné Nelson.

* * *

Mrs. Eugene Foley and Mrs. Joseph Bennett handled publicity. Jay Hall, Douglas Roeser and Ned MacDonald were in charge of lights.

Patient in Hospital

Mrs. Melville Luttrell of Coldspring drive is confined to St. Joseph Mercy Hospital with a broken hip.

Arranging tables are William Roberts, Harry Vernon, Eugene Perkio, Edward Pritchard and Clayton Lovelace.

Say Something Nice, but Don't Lie

By ANNE HEYWOOD

Recently, in Portland, Maine, I was addressing a group of nurses on the general subject of human relations. As is often the case, I learned more from my audience than I taught them.

* * *

They were a wonderful group of women. I remember one in particular who has worked in obstetrics most of her life.

You could see she loved her work and thought that babies and new mothers were the most wonderful patients a nurse could have.

"I liked what you said about telling the truth," she told me later. "And that it doesn't pay to be pleasant if you're being hypocritical, and that, if you try, you can find nice things to say without telling lies.

* * *

"I've always felt that way, I can't stand lies. Besides, saying a phony nice thing always sounds phony and gets you nowhere in the long run.

SOUNDED FALSE

"During my first assignment in the obstetrical ward, one nurse I worked with would exclaim over the new babies and make outlandish remarks about how beautiful they all were.

"It sounded so false, that I decided never to do it. And I've never had to, although I've been in the field 15 years!

"If a new baby has lovely eyes, a well-shaped head or dimples, you comment on that to his mother. She beams and you beam and you both know it's honest.

"If he's very, very funny-looking—and some of them are—you look to see if his ears are flat. Then you can say, 'I've never seen such nice, flat ears.' That's honest and everybody feels good.

* * *

"If he's really ugly, you know that he won't be for long—sometimes the funniest-looking baby turns out to be Mr. America—but you still don't lie. You say, 'My, won't you and your husband just love having him around!' And of course, they will.

MAKES LIVE EASIER

"Telling the truth makes life so much easier. I love the mothers and they love me, because we're honest with each other."

* * *

I've thought of her many times since then.

Her human relations are perfect and yet she never took any courses in how to please people.

She knows that there is something good in any situation, something pleasant about any person, something nice about any baby. By looking for the good and commenting on it, she slides easily and happily through life.

Party Planned by Pontiac OES

Mrs. Davy Gilpin is serving as general chairman of the card party to be held by members of Pontiac Chapter 228, OES, on Feb. 21 at Pontiac Federal Savings and Loan Building.

* * *

Plans were completed when the group met Monday evening in Masonic Temple.

Mrs. Earl Ross, Mrs. Samuel Smith, Mrs. Arthur MacAdams and Mrs. Wayne Reeves will handle tickets; Mrs. Birum Campbell and Mrs. Frank Green, prizes, and Mrs. Clyde Fellows and Mrs. Peter D. Larson, cards and tallies.

Decorations will be arranged by Mrs. Kenneth Anthony and Mrs. Blanche Woodman. Mrs. Floyd Levely, Mrs. Marie Gix, Mrs. Ronald West, Mrs. Arthur Angustine and E. Grace Clark are planning refreshments.

* * *

Mrs. Theodore Marshbanks, Ralph Mapley and Arthur Augustine will handle equipment.

MR. and MRS. ROBERT PETERSON

In a ceremony performed Saturday evening in Bethany Baptist Church, Joyce Ann Wilton became the bride of Robert James Peterson. She is the daughter of Mr. and Mrs. Grant Wilton of Maplecrest avenue and he is the son of the Lawrence Petersons of East Beverly avenue.

Joyce A. Wilton Married in Rite at Bethany Baptist

Joyce Ann Wilton became the bride of Robert James Peterson in a ceremony performed by the Rev. Fred R. Tiffany Saturday evening in Bethany Baptist Church.

* * *

The bride is the daughter of Mr. and Mrs. Grant Wilton of Maplecrest avenue and Robert is the son of Mr. and Mrs. Lawrence Peterson of East Beverly avenue.

A gown of Rose Pointe lace and tulle was chosen by the bride for her wedding. The bodice of the gown was fashioned with a Queen Anne collar and the skirt featured side panels of lace.

A headband of tulle trimmed with pearls secured her fingertip veil of silk illusion. She carried an arrangement of white carnations centered with pink variegated carnations.

* * *

Mrs. Ray Postal, sister of the bride, was matron of honor. Her waltz-length gown was of white lace over coral-colored taffeta.

OTHER ATTENDANTS

Mrs. Joe Waters, cousin of the bride; Janet Wilton and Sally Wilton, sisters of the bride, were the other attendants. Their gowns were fashioned identically to the honor attendant's in white lace over aqua-colored taffeta. Each carried a nosegay of pink and white carnations.

* * *

Robert Shuart served as best man. Seating the guests were Richard DeRousse, Ray Postal and James Treavor.

A reception was held in the VFW Hall on Walton boulevard immediately following the ceremony.

Following a honeymoon trip in the East the newlyweds will make their home in Pontiac.

Couple Plans May Wedding

Mr. and Mrs. Joseph Zimmerman announce the engagement of their daughter, Patrice Ann, and H. Thomas Manion.

He is the son of Henry Manion of South Sanford street. The couple plans a May 5 wedding.

MRS. JOHN M. SMITH

Virginia Sue Price, daughter of Mr. and Mrs. Elliott Price of Flint, became the bride of John M. Smith Saturday. He is the son of the Larman L. Smiths of Newberry street.

Newlyweds Travel East Following Flint Wedding

First Presbyterian Church of Flint was the setting Saturday evening for the marriage of Virginia Sue Price and John M. Smith.

* * *

The bride is the daughter of Mr. and Mrs. Elliott Price of Flint and John is the son of Mr. and Mrs. Larman Lane Smith of Newberry street.

Two hundred guests attended the candlelight service performed before an altar banked with palms and bouquets of red and white carnations.

The bride wore a floor-length gown of Chantilly lace and tulle with a fitted bodice of lace and a bouffant skirt extending into a chapel train. A crown headpiece accented with sequins and pearls held her veil of illusion and she carried a heart-shaped bouquet of white roses.

* * *

Judy Remington, Carole Yungfre and Rita Howard, all of Flint, were the bridal attendants. They wore ballerina-length gowns of American Beauty silk taffeta and carried heart-shaped bouquets of red and white carnations.

ATTEND BRIDEGROOM

James M. Smith was best man. Harold Oglevie, of Morrow, Ohio, Ronald Leighton and Jim Dean were ushers.

* * *

The reception was held in the church parlors. Mrs. Price wore a Wedgewood Blue silk taffeta dress with matching accessories and a corsage of sweetheart roses. Mrs. Smith was gowned in an emerald green satin sheath dress with matching accessories. Her corsage was of violets.

The bridegroom is a graduate of the General Motors Institute of Technology and is affiliated with Omega Epsilon fraternity.

When the couple left on a honeymoon to New York City, the new Mrs. Smith was wearing a black dress with white and black accessories and a corsage of sweetheart roses. When they return the newlyweds will reside in Pontiac.

Workshop's 2nd Session Scheduled

Three Educators to Speak Tonight at Webster School

The E. R. Webster PTA will hold the second session of its midwinter workshop this evening at 7:30. The theme, "Rearing Children of Goodwill" will be discussed by three educators.

* * *

Dr. Hulda Fine, principal of Hampton School in Detroit, will speak. She is chairman of the educational committee of the Round Table of Christians and Jews in Detroit and author of the first textbook on human relations used in Detroit's public schools. She will speak on "What Do We Expect of Our Schools?"

Dr. Fine will discuss the four major experiences of schooling and the way they culminate in good social living, easier solution of adult problems, release of international tensions, cultivation of judgment without hostilities, and independence — the right to be different.

Dr. Robert Lee Anderson, secretary of the Coordinating Committee for Human Relations and supervisor of audio-visual aids in Detroit public schools, will have as his topic "What Are the Schools Doing in the Line of Human Relations?"

* * *

This discussion will show practices already resulting from a human relations guide recently assembled for publication. The guide covers a five-year study by a staff of educational research specialists. The educators were given the task of determining if good citizenship can actually be taught as a part of the curriculum.

This citizenship study staff had as a member Dr. Elmer Phlieger, supervisor of social studies in Detroit public schools. He will talk on "How the Schools Are Accomplishing a Successful Human Relations Program."

Following the symposium, parents will go into discussion groups to formulate questions to be submitted to the panel for discussion. Refreshments will follow the program, to which the public has been invited.

Standish Group Holds Meeting at Shier Home

Sixteen members of the Standish Group of First Congregational Church met at the home of Mrs. August Shier of East Huron street Friday for a dessert luncheon.

* * *

A valentine arrangement of red and white flowers served as a centerpiece for the luncheon table. Mrs. Shier was assisted by Mrs. Lawrence Rutledge.

Mrs. Solomon Kline gave the devotions, using a theme, "The Bible," which was described as a "letter from God, telling us about the things He wishes us to do."

For the program, Mrs. Roy Bennett read a collection of poems appropriate for Valentine's Day. Announcement was made of the World Day of Prayer at the Bethany Baptist Church Feb. 17.

* * *

Announcement was also made of a breakfast for workers on "Loyalty Sunday" Feb. 26 and a Good Friday Breakfast March 30.

Maple Syrup in Custard Is Different

Mrs. Coleman Likes Delicate Flavor of Old-Time Dessert

By JANET ODELL
Pontiac Press Home Editor

It's economical, you know, when you're preparing the main part of your meal in the oven, to add as many other dishes as you can. Our grandmothers did this when heating the oven meant many trips to the woodpile.

Mrs. Max G. Coleman gives us a recipe of her grandmother's, one she uses when she intends to heat the oven anyway. It's for a custard flavored with maple syrup.

The Colemans belong to the Canterbury Dance Club. Mrs. Coleman participates in her third-grade daughter's Girl Scouting by being a leader. She belongs also to the Parent Guidance Club. Sports, reading and sewing are treasured leisure time activities.

MAPLE SYRUP CUSTARD
By Mrs. Max G. Coleman

2 cups milk
2 eggs
¼ cup maple syrup
Salt

Scald milk and pour over well beaten eggs. Add salt and syrup. Place in a baking dish and put dish in pan of hot water to cover depth of custard. Bake 1 hour at 325 degrees, or until a knife comes out clean. Serves 4.

Add a half teaspoon of thyme to a plain beef stew to give it rich flavor.

Pontiac Press Photos

Selecting the right style hat is a real problem for some, but not for Mrs. Edward F. Collins of Elsinore drive (center) who is being assisted by Mrs. Robert B. Newill of Woodbine drive (left) and Mrs. Claire J. Hinckley, also of Elsinore drive. The women will model fashions from the De'Cor Shop this evening at the meeting of the Sylvan Shores Women's Club. Mrs. Hinckley will be hostess to the group.

Meetings Are Conducted by Central WSCS Units

WSCS groups of Central Methodist Church met in homes of members and at the church last week.

Susannah Wesley

The Susannah Wesley Unit met with Mrs. John Thors Jr. of Thorpe street for a luncheon. Mrs. Eleah Patton chose "Friendship" for her devotional theme and Mrs. L. B. Rubey gave the prayer.

Mrs. Thors reviewed a chapter from the book, "Peace in the Heart." Mrs. Floyd Blakeslee served as cohostess.

Clara Swain
Mary Reed

A joint meeting of the Clara Swain and Mary Reed Units was held at the church. Members took part in a playlet, "New Faces for 1956," and Mrs. Percy Jones gave the devotions based on spiritual enrichment.

Fern Bank

Twenty members of the Fern Bank Unit met with Mrs. C. Burr Lane of James K boulevard. Mrs. Edith Thomas, Mrs. Mabel Todd and Mrs. Elmer Huntley were cohostesses.

"Gratitude" was the devotional topic discussed by Mrs. Harry Hayes. Donald Davis, a representative of MYF, gave a report on the Youth Fellowship and Rhea Jagoe was accepted as a unit member.

Fanny Crosby

The Fanny Crosby Unit met with Mrs. William Wright on Chippewa road. Mrs. Wright gave a talk on Abraham Lincoln's spiritual belief, and devotions were given by Mrs. Arthur Lake.

Martha Sheldon

Members of the Martha Sheldon Unit met with Mrs. John Garrison of Cherokee road for a dessert luncheon. Devotions were led by Mrs. Roy Kibbey, and Mrs. Percy Latimer spoke of uses for WSCS money. Mrs. Earl Decker served as cohostess.

Lois Parker

Mrs. N. E. Maytag presided at the Lois Parker Unit meeting held at the George Dietrich home on Preston street. The devotional topic was given by Mrs. Walter Gorthy. Also taking part were Mrs. S. R. Burlingham and Mrs. Colin Carson.

Mrs. Glenn Behler read an article, "Angels in Cuba" by John W. Brascomb and a resume of her trip to California was given by Mrs. George Alexander. Assisting the hostess were Mrs. Sterner Anderson and Mrs. C. D. Kaiser.

Gertrude Howe

Mrs. Lester McClellan Jr. gave the devotions for the Gertrude Howe Unit at the Harold Sibley home on James K boulevard. Mrs. Percy Latimer, district treasurer, told how WSCS money is used.

Ida Kahn

Members of the Ida Kahn Unit made Valentines for the children's ward of the Sister Kenny Hospital when they met with Mrs. James Porritt on Mark avenue.

The Rev. John Mulder spoke on preparing children for church membership. Mrs. Ben Sweeney, Mrs. Walter Wittkoph and Mrs. J. B. Brown assisted the hostess.

Lucy Webb Hayes

The Lucy Webb Hayes Unit met with Mrs. David Brown on Marshall street. Mrs. Richard Balmer was a guest of the group and spoke of the various projects of WSCS. Thoughts for Lent were given by Mrs. Donald Kibbie.

League of Blind to Hold Dance

The Pontiac League of the Blind will sponsor its fourth dance of the season this evening at Longfellow School.

* * *

The club, sponsored by the Lions Club with the cooperation of the Pontiac Parks and Recreation Department, will have the assistance of the Promenaders.

Robert Parr, Warren Allen and Dr. George Harkless will call the quadrilles.

Intermission entertainment will feature the Teen Toppers quartet, and the League of the Blind Orchestra will furnish dance music. Refreshments will be served.

Blind guests are expected from Detroit and surrounding communities. Anyone wishing to give time to assist is invited to attend the dance.

When it comes to paying the dinner check, some people have a terrible impediment in their reach.

Pilgrim Group Hears Speaker From Hospital

Mrs. Milo Cross opened her home on North Hammond Lake road to the Pilgrim Group of First Congregational Church for its luncheon meeting Friday. Mrs. Glenn Griffin, Mrs. James Hatton and Mrs. Irving Gillies assisted the hostess.

* * *

John Vanderlind, psychiatric social worker at Pontiac State Hospital, spoke to the group regarding the help patients at the hospital receive, not only while in residence but as they readjust to community and family life.

He also called the listeners' attention to the tremendous value of the hospital open house, which has been held annually for nine years.

In connection with open house this year, the speaker stated that the hospital is sponsoring an essay contest for high school students of all counties serviced by the hospital. The subject of the essays will be "What I Received From My Visit to the Hospital."

* * *

The group voted to contribute to the prize fund for this contest.

Shy Girl Fears She's Losing Only Friend

By ELIZABETH WOODWARD

Some girls are just too lazy! They talk a lot about being shy. But it's just an excuse to cover up their reluctance to make any effort. It's easier to let somebody else do all the work.

* * *

Some girls have a mighty poor impression of themselves. All the other girls around are prettier than they are, have more personality, more ability, more talents.

They close into themselves and make a first-class audience for all the others. They never give anybody a chance to dig below that shy surface.

Other girls don't know how to be casual with people. They have to share secrets, talk seriously, get very close. They have time to do this with only a few, and they have no contact at all with the others. All their ages are in one basket.

If a girl is shy and lazy and serious and has only one good friend to her name, she's in a fix. A bit like this girl's.

"Dear Miss Woodward: We've been the closest of friends for two years now. I didn't think anything could wreck our friendship.

"But ever since we started high school something has come between us. She's changing, so I'm surprised. We hardly ever see each other except for lunch and then all she talks about is boys.

"In a few months we're moving to a nearby town and I'd like to keep our friendship going, but I doubt if I can if this keeps up.

"What do you suggest I do? I have a hard time making friends, so I'm worried sick over what will happen after we move. I'm so shy. How can I make friends more easily?"

Answer: Lightning — that overwhelming interest in boys — has struck your girl friend. It hits most girls — some soon, some later. And you feel that it is disrupting your friendship. Just because you can't closely share all of her interests.

You can still be friends after you move. You'll still need each other. But as she has less time to be close to you, make an effort to be friendly with other girls.

Don't bother to dig too deep at first. Smile, laugh and chatter with them. In your new town, show some eagerness to be friendly. Respond to people who want to know you.

And mull over all the tips in my booklet, "Why Be Shy?" which I'm sending to you. It will help you get a new slant on yourself and your ability to make people like you.

* * *

Anyone else who would like a free copy of this booklet can have same by writing me for it, in care of The Pontiac Press enclosing a stamped, self-addressed envelope.

Punishment May Need Moderating

By MURIEL LAWRENCE

Several weeks ago George's little brother broke a car on his electric train. George, whose pride is deeply invested in his 16 feet of railway system, hit Sonny.

* *

Their mother, shaken by her younger son's howls, cried, "This is the end! If you ever hit your little brother again, George . . ."

Later, Sonny broke a bulb on the railroad's new floodlight tower. Emitting a roar of rage, George charged and hit Sonny again, evoking the summoning yell, "Mo-ommmm."

That night, George's father said, "Don't give me that. I don't care what Sonny did to you. I'm not going to have you knocking him around every time he happens to make you mad.

"Instead of playing railroad for the next two weeks, just spend the time thinking that over. What kind of house would this be if Mother and I started hitting you every time you made us sore?"

RESENTED PENALTY

By the end of the next day, George still resented the deprivation of his railroad as a cruel and unjust penalty.

By the following one, he was trying to forget it because thinking about it still made him too uncomfortable.

But by Wednesday, he was able to consider it without uprising of heated emotion. And on the way home from school, he speculated on the faxinating hazards of life in a home where any angry person felt free to clout another one.

By Friday, George's position on his right to hit his little brother had been moderated. He had conceded the reason of his father's view—and the objective of discipline had been won.

He hinted as much to his father that evening by asking plaintively, "Ah, Dad, why do I have to wait another whole week to play with my train again?"

WRONG VIEW

Unfortunately, in this question his father didn't see evidence of his discipline's success. Instead, he saw it as a kind of sneaky attack upon his ability to retain parental firmness.

* * *

So he said self-righteously, "Don't you know I'm a man of my word. When I say 'two weeks' I mean it. No sir. No train for you until next Sunday. So stop whining over your punishment."

Naturally, George lost his new, respectful appreciation of his father's judgment. Resentment of him as arbitrary and unfair rose up again to overwhelm the insights of the week's discipline.

To moderate punishment that has done its work is wise, as any prison parole board can tell you. Overextended, it stops teaching—and just makes us mad again.

Colonial Group Holds Meeting

Mrs. J. A. Rammes of Rosedale avenue opened her home to members of the Colonial Group of the First Congregational Church for luncheon and meeting on Friday.

A review of church vows and their significance was presented by Mrs. Frank McGregor, program chairman of the day.

The president, Mrs. Fred Voelker, announced the ingathering of missionary boxes for the March meeting. She reminded the group that the World Day of Prayer will be held Feb. 17 at Bethany Baptist Church.

Merle Manning of Detroit was a guest at the meeting.

Serving on the luncheon committee were Mrs. William Knudsen, Mrs. Gordon Dickie, Mrs. E. C. Russell, Mrs. Percy Hunt and Mrs. Everett M. Peterson.

Needy Will Get Vegetable Milk

Fish Flour Also Slated for Latins, Asiatics by U.S. Children's Fund

UNITED NATIONS, N. Y. (INS) "Vegetable milk," "fish flour" and dried buffalo milk soon will become a common item on the tables of Latin American and Asian families.

* * *

A report by the United Nations Children's Fund, on its program to increase nutrition in needy nations, said that the strange sounding foods will be substituted for the old fashioned cow milk in non-dairy countries.

UNICEF reported that "vegetable milk" plant is due to begin operations in Indonesia, within six months. The ingredients of the new milk, which will be produced in powder form, are soybeans, peanuts and malt.

All of these products are inexpensive and plentiful in Indonesia, where malnutrition among children is severe and dairy cows conspicuous by their absence.

SERVES AS PILOT

The plant will serve as a pilot project for similar developments in other sections.

The report said it will equip a pilot plant in Chile which will process fish into a "flour" that can be baked into bread or stirred into gruel.

The report declared that the high-protein "fish flour" will enrich the diet of Chilean children through school lunch and other child-aid programs. It said construction of the plant will begin this year.

The report noted that the world's first plant for drying buffalo milk went into operation in Anand, India, a few months ago. It estimated as a result of this innovation that increased milk consumption and effective use of surplus stocks will cut the price of milk to Indian consumers by 20 per cent over the next five years.

The report said UNICEF is also helping Egypt build a similar plant.

PIN-WORMS MAY BE A FAMILY AFFAIR

Fidgeting, nose-picking and a tormenting rectal itch are often telltale signs of Pin-Worms... ugly parasites that medical experts say infest *one out of every three* persons examined. Entire families may be victims and not know it.

To get rid of Pin-Worms, these pests must not only be killed, but killed in the large intestine where they live and multiply. That's exactly what Jayne's P-W tablets do ... and here's how they do it:

First—a scientific coating carries the tablets into the bowels before they dissolve. *Then*—Jayne's modern, medically-approved ingredient goes right to work—*kills* Pin-Worms quickly and easily.

Don't take chances with this dangerous, highly contagious condition. At the first sign of Pin-Worms, ask your druggist for *genuine* Jayne's P-W Vermifuge... the small, easy-to-take tablets perfected by famous Dr. D. Jayne & Son, specialists in worm remedies for over 100 years.

SINUS DISCOVERY

Suffer from wracking headaches, or terrible facial neuralgia due to sinus? Then you can get glorious relief with Tromac Tablets. We honestly believe we could get 20,000 to 30,000 letters praising Tromac which has now been on the market 5 years. They have helped so many people that they are being imitated. But no others have the Tromac Formula. If you too want relief ask your druggist for Tromac, or show him this adv. But get the genuine; accept no substitutes. Sold at leading drug stores in U.S. and Canada.

FALSE TEETH That Loosen Need Not Embarrass

Many wearers of false teeth have suffered real embarrassment because their plate dropped, slipped or wobbled at just the wrong time. Do not live in fear of this happening to you. Just sprinkle a little FASTEETH, the alkaline (non-acid) powder, on your plates. Hold false teeth more firmly, so they feel more comfortable. Does not sour. Checks "plate odor" (denture breath). Get FASTEETH at any drug counter.

Destruction Delayed

LANSING (AP)—The Lansing City Council has agreed to delay work on the razing of the old veterans memorial building so Lansing Golden Glovers can train there for a meet with a Detroit Golden Gloves team March 17.

Buses Operate in Red

LANSING (AP)—The Inter-City Coach Line Co. reported that its bus operations in the greater Lansing area resulted in a $21,311 deficit during 1955. Gross income was reported at $679,692 and operating expenses at $701,003.

Protective Rules Issued by SEC

Proposed Regulations to Guard Investors From Fraudulent Dealings

WASHINGTON (AP) — The Securities and Exchange Commission (SEC) today issued a revised version of proposed new rules to protect investors from fraud and misrepresentation in uranium and other promotional stock offerings.

The commission announced it was "desirous of obtaining the benefit of public views and comments. It invited interested persons to send written comments to SEC by March 9.

The amendments, under study since last spring but frequently revised, tighten up requirements for the registration of issues under $300,000 by companies in the United States and Canada.

* * *

Among other things, the rules would:

1. Require the issuing company to guarantee that 85 per cent of all funds paid for its stock will be returned unless, within six months after the sale starts, at least half the issue has been sold and paid for.

2. Require that financial statements made in the offering circular, or prospectus, be certified by independent public accountants.

3. Deny the use of the simplified "small company" registration procedure if any director, officer or major stockholder of the company, or any promoter or underwriter of the issue, has been convicted of any stock fraud or violation, has been penalized by SEC for violation of the securities laws, or has been suspended or expelled from membership in a national, provincial or state securities association or securities exchange for improper conduct.

Uncle Sam Owns 21.4 Pct. of Land Area in 48 States

WASHINGTON (AP) — Uncle Sam owned 407,900,000 acres, or about 21.4 per cent of the land area of the continental United States, as of last June 30. The government also had 384,916 buildings.

* * *

These and other statistics on federal real property were contained in a new inventory report prepared by the General Services Administration. The report was made public by the Senate Appropriations Committee.

Federally owned land consisted of about 357,200,000 acres in the public domain, for which no cost was listed, and about 50,700,000 acres acquired by purchase, donation or other means since 1789. This was figured at about $2,369,000,000.

Total real property holdings and buildings, after certain exclusions, consisted of 11,777 installations in every state and the District of Columbia. These cost 32½ billion dollars.

DEFENSE HAS 61.9 PCT.

Over 20 billion dollars worth of real property holdings, or 61.9 per cent of the total, were in the hands of the Defense Department. However the Post Office Department led in the number of installations with 3,086.

An installation was defined as being usually a single office building or post office, a national park, a military reservation or a hydroelectric project. When an installation spread across state boundaries, the portions in each state were reported separately.

The total federal land holdings were approximately equal to the area of all the states east of the Mississippi River except for Wisconsin, Georgia, Michigan and North Carolina.

* * *

By states the holdings ranged from over 61 million acres in Nevada to about 6,000 in Connecticut.

California had the most installations—903. New York had 679, Texas 545 and Michigan 505.

Jet Knocks Peer, 81, Clear Out of His Bed

LONDON (INS)—A Royal Air Force jet plane streaked through the sound barrier and the resulting "sonic bang" blew an elderly peer of the realm out of bed.

* * *

Lord Charles Ian Teviot, 81, of Newberry, protested vigorously in the House of Lords. When he complained, the indignant peer added, the Air Force added insult to injury by asking him the type and number of the offending airplane.

* * *

"I was blown out of bed," he declared, "everything was blown out and the curtains were blown all over the place. How on earth was I to say what kind of plane it was or what its number was?

"That sort of thing is irritating beyond words."

Police Chiefs Select Soo for 1956 Parley

EAST LANSING (AP)—The Michigan Assn. of Chiefs of Police has selected Sault Ste. Marie as the site for their 1956 convention.

The association's executive committee set June 25-27 as the dates for the convention.

The executive committee also urged the Legislature to pass a bill which would make permissible as evidence the results of chemical tests of drivers for intoxication.

A watered-down version of the bill has passed the Senate and is now awaiting action in the House.

Named Hospital Head

BENTON HARBOR (AP) — Dr. Glendon B. Goddard, a general practitioner of Sault Ste. Marie, has been named medical director of the Berrien County Hospital to succeed Dr. Clarence Bush. County Welfare Director Leslie Speese said Dr. Goddard is expected to take up his new duties Thursday.

MANY OF US IN THE SHOP HAVE USED O-JIB-WA BITTERS WITH GREAT RESULTS

It's surprising at work, how so many men talk about how O-JIB-WA BITTERS has helped their rheumatism and arthritis," says Mr. Franklin Mishler, 549 Buckingham Street, Flint.

"My trouble was diagnosed as sciatic rheumatism, and I was told there was no help for me. The terrible pains ran from my left hip to my ankle, and caused me to limp all of the time. I took aspirin to help take the pain away, but I still had **Mr. F. Mishler** to favor my left leg. I suffered this way for about five weeks and thought I might have to quit working. I often read in my newspaper about how O-JIB-WA BITTERS had helped so many people right here in Michigan, that I decided to give it a trial. In only three weeks, the pains started to leave, and after using two and a half pints altogether, the pains were entirely gone, and have never returned. I have told many fellows in the shop where I work about O-JIB-WA, and in turn, have heard many others recommending it to fellow workers, so there is no doubt in my mind, that anyone who suffers from rheumatism or arthritis, should try O-JIB WA BITTERS, without putting it off any longer."

College Students Hope Living Wage, Happiness

SAN FRANCISCO (INS) — Not every college and university student thinks he is going to be rich, but he would most certainly like to be.

A psychological study conducted on students shows that they tend to feel that rich men are happy and essentially sound in their mental attitudes, while poor men are apt to be "conflicted, insecure and quite disturbed."

Happily, this is not the case in actual practice, another step in the same study showed.

The study was reported by Joseph Luft of the San Francisco State College to the American Psychological Association convention in San Francisco.

In the study he analyzed college students' attitudes on the relationship between income and personality.

* * *

He first asked 27 university students to fill out a questionnaire as they felt a $250 a week man would fill it out. The questionnaire was a personality test designed to analyze the persons' outlook on the world.

Then he took 26 other university students and asked them to imagine they were only earning $42.50 a week and asked them to fill out a questionnaire according to how they would look on life if they were only earning $42.50 a week. Students in both these groups came from families whose average annual income was $9,500.

The study was later repeated with a group of state college students conceived the well-off man to be around $6,000.

The study showed that the students conceived the rich man to be happy, with a sound outlook on life, but students from the families with the lower income gave the hypothetical rich man a significantly lower score.

Both groups held equally low opinions of the poor man's judgment.

But the last part of Luft's study proved them to be wrong in the latter opinion. The same personality questionnaire was given to 26 men whose actual earnings were in the vicinity of $42.50 a week and it was found that in actuality, these men had as well balanced an outlook on life as the university students thought the rich man would have.

Water Supply System Is 50 Centuries Old

NEW DELHI — Fifty centuries ago the Mohan-Jo-Daro civilization of Inia's Indus Valley enjoyed the benefits of well-designed water-supply and drainage systems and even public swimming pools and baths.

Excavated ruins of that period have revealed a surprising variety of waterworks, including tanks and irrigation canals. The people of Assyria, Babylonia, Egypt, Israel, Greece, Rome, and China built similar facilities long before the Christian era.

Bob Considine Says:

LeMay Emphasizes Readiness to Hit Back

STRATEGIC AIR COMMAND HEADQUARTERS, OMAHA (INS) —Sir Winston Churchill and others have said without qualification that Russia does not risk a great war of aggression solely because of the superiority of the U.S. atomic stockpile.

* * *

Here, at the heart of SAC's worldwide activities, the peace-keepers would add something to the familiar cliche. The something would run like this: "What stops them, in addition to our bombs, is they know we can and would deliver them."

This feeling has caused no complacency about these heavily guarded premises—where certain doors do not have knobs but bank-vault combination wheels instead.

The eternally vigilant Gen. Curt LeMay, the SAC commander who has just been given Notre Dame's patriotism award, sums it up like this:

"Everybody knows the Russians are doing everything in their power to catch up with us in planes and rockets. Nobody underestimates them around here.

"Those of us who were in the technical end of this business remember that when Germany collapsed some of its scientist were a good 10 years ahead of us in certain fields of research. You know who they're working for now.

HITLER'S BUILDUP

"When Hitler came in power he fired up a big research and development program. When he finally made his move he had the best military force in history.

* * *

"He took Poland, France and the Low Countries in nothing flat. England held on, but to all intents and purposes Hitler had won his war. So, like a sap, he let his research program subside.

"That saved us. When England continued to hang on, and we came in, Hitler fired up that program again. But he had lost time he couldn't make up, especially from a production standpoint.

"He was late with the V1 and the V2 and his jets. If he hadn't been late, we couldn't have won the air war—and if we hadn't won that there wouldn't have been any invasion.

* * *

"Well, most of the German aviation scientists worked at places so deep in Germany that they and their labs were beyond our regular bombing runs. The Russians took that area by land and swallowed them.

"They disappeared into Russia and probably didn't miss a day's work. Remember, they were 10 years ahead of us on some important things at that time.

WE GOT SOME

"We got a few good ones ourselves," the general continued, working on a cigar the size of a cucumber. "But there were so many restrictions placed on bringing them to this country that we finally had to bring most of them in as prisoners of war.

* * *

"Some people over here took that tag so literally they had those men behind barbed wire before we could straighten it out.

"We got our mitts on all the German developments we could find, despite the fact that some of our own scientists resented the presence of the Germans in this country.

"The important thing, to us, is that the Russians got the majority of the German scientists and you can guess they've drained them of everything they knew.

* * *

"There are no flies on those Russian long-hairs. They must now be figuring they know enough to go on their own. A lot of them seem to be teaching school over there now, training Russian kids in all that captured know-how and everything else they've picked up."

LeMay returned from service in Germany in 1948 to take charge of SAC and found it undergoing gruelling demobilization cuts.

"REAL SCARED"

"A lot of us got real scared," recalled the man who doesn't scare easily. "Our know-how was scattered all over creation. We didn't have one wing fully manned. We didn't have one crew I considered really professional . . ."

* * *

SAC had 50,000 men, no jets except a few F80 interceptors, no overseas bases.

Today it has 44 bases in the U.S. and across the world, 198,000 men. Well over 1,000 B47 Stratojets are in operation, and the eight-jet B52 is in mass production.

It can carry a bomb capable of wiping out completely a target of 15-mile radius, and drop it while flying faster than 600 m.p.h. at more than 50,000 feet, and the plane can fly 6,000 miles without a refueling.

* * *

By last June, SAC's jet bombers had accumulated 1,000,000 hours of "combat ready" flights. SAC jets average an air refueling every 3½ minutes around the clock. There is no target on earth SAC can't hit with nuclear bombs within a few hours after any major enemy aggression.

* * *

"That's better than being on the defensive," LeMay said reflectively. "I seem to remember a lot of nations that bet everything on defense aren't with us any more. Remember the Great Wall of China, the Maginot Line, and the air forces of Germany and Japan?"

Jackson Businessman Pays Income Tax Fine

DETROIT (AP) — Robert L. Fransted, a Jackson businessman who was fined $2,500 on a criminal charge of income tax evasion, today faced a civil suit for an additional $21,605.

The civil suit is for unpaid taxes, plus penalties and interest, for the years 1947, 1948 and 1949.

Fransted was fined yesterday by Federal Judge Ralph M. Freeman upon a plea of guilty to a charge of evading $4,460 in taxes for 1949.

The taxes were on the income of the Zoerman Clark Manufacutring Co. Fransted is sole owner of the auto repair tools firm.

Seeks 5th Divorce

LOS ANGELES (AP)—Busby Berkeley, 61, movie dance director, seeks to end his 11-year marriage to actress Marjorie Pemberton, his fifth wife. He filed suit for divorce yesterday, charging cruelty. The couple married May 8, 1945, in Tijuana, Mexico, and separated last March 15.

State Solon Raps Dems on Gas Bill

Hoffman Claims GOP Didn't Sell Out on Vote; Cites CIO Influence

WASHINGTON (AP) — Rep. Hoffman (R-Mich) told the House yesterday that the Michigan Democratic State Central Committee falsely charged Republicans who voted for the natural gas bill with "selling out the people back home."

* * *

"But they say nothing about Democrats who voted the same way," said Hoffman. "Of course, the truth is that no one sold out anyone."

Hoffman said the state committee found no fault with Democratic leaders in the House and Senate who supported the bill nor with 22 Democratic senators who voted for it.

Hoffman asserted "there is no real Democratic party in Michigan." He added, it is "but the mouthpiece of the UAW-CIO."

There is no foundation for statements, Hoffman said, that the bill to lift federal price controls on natural gas at the source would increase the price to consumers. This, he said, is regulated by the states.

Hoffman concluded:

"To the CIO's Democratic State Central Committee's inquiry as to whether certain congressmen accepted or intended to accept contributions from the oil and gas interests, my answer is — as the CIO should well know — that I have never gotten and I never expect to get any."

Seeks Legislature Seat

Linda Christian's Admirer

Playboy Enters Guilty Plea to Oil Promotion Swindle

NEW YORK (AP) — Robert H. Schlesinger, 38-year-old playboy son of a millionaire mother, pleaded guilty yesterday to an oil stock swindle.

He had used $132,000 of the proceeds from a shaky Louisiana oil promotion to buy jewelry for actress Linda Christian.

* * *

The husky, unmarried Schlesinger faces a possible maximum sentence of 10 to 20 years. He might get off with less by making restitution to the three men he duped in the oil deal.

General Sessions Judge John A. Mullen scheduled sentencing for March 14.

Harris B. Steinberg, Schlesinger's lawyer, told the court:

"He realizes the foolishness of his past acts and as a first step towards straightening out his life he has to realize that he has wronged other people and to make whatever redress is possible."

* * *

Steinberg said Schlesinger, an Air Force veteran, now has a steady job as a pilot and flight instructor.

SON OF HEIRESS

Schlesinger's mother, the former Mona Williams, inherited 12 million dollars in 1953 from her second husband, Harrison Williams. She is now married to Count Albert Edward Bismarck. She has long been rated one of the world's best dressed women.

Schlesinger was the object of a six-month international search before he voluntarily returned from a Canadian hideout last December. At first he pleaded innocent to eight counts covering a $330,000 swindle. Yesterday, he was allowed to plead guilty to two counts, covering $170,000 of the total.

* * *

Schlesinger got three men to invest in the Louisiana promotion by telling them the deal was so good that his mother was investing a million of her own money in it.

Richard and John W. Herzfeld, Milwaukee department store owners, were taken for $30,000 apiece.

Robert B. McCulloch, a Los Angeles auto dealer, first gave Schlesinger $120,000 and later followed with a check for another $150,000.

McCulloch stopped payment on the check after Schlesinger had invested $132,000 of it in jewels for Miss Christian, former wife of actor Tyrone Power.

* * *

The check bounced and a big Fifth Avenue jewelry firm, Van Cleef & Arpels, demanded that Miss Christian return the jewels. At first she refused, but later returned them for an undisclosed settlement.

Schlesinger fled after his indictment last May 26.

UAW, Trades Settle Jurisdictional Spat

MIAMI BEACH, Fla. (AP) — Settlement of a jurisdictional dispute between the United Auto Workers (UAW) and building trades unions at the Studebaker-Packard Corp. Packard plant in Detroit was announced yesterday by AFL-CIO president George Meany.

* * *

Pickets, which have marched at plant gates since Feb. 3, were to be withdrawn today.

The dispute involved 350 AFL men employed by outside contractors to convert plant facilities for defense work.

The men walked out charging that 68 UAW members employed at Packard were taking over their jobs. The company then hired 157 additional UAW men to complete the job.

When AFL picket lines were established, the UAW refused to observe them.

* * *

The dispute was a matter of considerable discussion at the AFL-CIO winter meetings because it highlighted a long-existing controversy involving whether members of a union engaged in production work, such as the UAW, should perform incidental construction work, or whether craft workers should be called in.

Bellevue Motorist Dies

CHARLOTTE (AP) — Injuries suffered in a traffic accident Feb. 3 proved fatal Tuesday to John Gorrell, 28 of Bellevue, Eaton County. Gorrell's car collided with a delivery truck on M78, 16 miles southwest of Charlotte. He died in Hayes-Green-Bech Hospital here.

You live better...
...because of advertising

Sure you live better—and you don't have to look far for evidence. You have a kitchen full of appliances that your Grandmother never dreamed of! You can eat fresh frozen strawberries in the middle of winter, and cool your bedroom with air conditioning during the summer heat. The power steering on your car, that 21-inch television set, even your nylon stretch socks—they are all new within the past few years.

What has advertising to do with it? Plenty. The new products you enjoy would never be made if they couldn't be sold. That's where advertising in this newspaper comes in—helping local businesses sell all manner of things. Then manufacturers can make newer and better products to raise your standard of living still higher. It's a never-ending process of improvement, and you are always the winner. Poujade Rebels Filibuster Vote

Right-Wingers Try to Halt Action Contesting Seating of Deputies

PARIS (AP)—Pierre Poujade's tax rebels for the second time within a week have stymied the French National Assembly with a filibuster.

The filibuster came during debate yesterday on the seating of the third of 12 Poujadist deputies whose election the majority is contesting. The extreme right-wing party won 51 seats in the January elections.

* * *

Deputy Jean Damasio, a Poujadist, went right on talking after Assembly President Andre Letroquer had warned him that his five-minute limit was up.

In desperation Letroquer called a recess. Damasio remained planted firmly on the rostrum and Poujadist supporters rushed him books as filibuster ammunition when the session resumed.

* * *

Unable to dislodge Damasio, Letroquer rammed through a vote of censure which deprived the deputy of two weeks' pay (about $140) and then adjourned the session.

Damasio left the rostrum only when the chamber and galleries had been cleared.

Poujadists tied up the Assembly last week after that body had unseated two of their delegates and declared second-place Socialists elected. Letroquer met that filibuster threat by adjourning the Assembly for three days.

* * *

The Assembly has taken up nothing but the challenged members since it approved Socialist Guy Mollet as premier Feb. 1.

Scholarship Saves Burglar From Jail

SANTA MONICA, Calif. (AP)—Although Joel Noah White pleaded guilty to the Aug. 7, 1955, burglary of film producer Judson Kinberg's Malibu home, he has escaped a prison sentence—because of his scholarship.

Superior Judge Stanley Mosk placed him on five years probation, saying he was reluctant to impose the sentence because of White's "impressive educational background." White told arresting officers he holds a master's degree from Ohio State University and is a Phi Beta Kappa scholar.

Women Lawmakers Use Sweets for Bait

CARSON CITY, Nev. (AP)—The two women in the Nevada Assembly noted Valentine's Day by distributing candy to their surprised, but smiling, male colleagues.

Democrats Maude Frazier and Hazel Denton pointed out the candy passing was not to be construed in the same light as sorority girls announcing engagements.

But Mrs. Frazier's partner from Clark County, Democrat Stan Irwin, promptly moved that their act "be so construed."

"I second the motion," replied Mrs. Frazier just as promptly.

Pontiac City Affairs

Water Main Cost Estimate Accepted by Commission

Routine business highlighted last night's brief City Commission meeting as the commissioners handled a 25-point agenda in short order.

They accepted an engineer's estimate for a water main for Elm street from Anderson to Marshall. The total cost will be $1,487.32 with the assessed cost $980.71 and the city's share being $506.61.

In other action, a resolution was accepted to extend the time to receive the special assessment roll for the Pontiac Creek Drain from Feb. 14 to Feb. 28.

Approval was voiced for the transfer of a specially designated merchant license from Don Deni at 904 Mt. Clemens street to Tom and Papaschiva Poponea at the same address.

The commission also accepted the transfer of a Class C license to Leon Beardslee from Nicholas Phillips and Thomas Giotis at 716 Woodward Ave., and approved a request for the forming of a corporation at the City Beverage Co. from the previous sole ownership held by Floyd L. Hollway.

Resolutions were received and the city clerk was authorized to advertise for a public hearing to be held next week for special assessment rolls for blacktopping projects on the following streets:

Beverly avenue from Baldwin to University; Blaine avenue from Oakland to Montcalm; Burt avenue from Montcalm to Hillside; Hillside drive from Burt to Summit; Cornell avenue from Baldwin to University; Drexel avenue from Paddock to South boulevard; Elm street from Jessie to Sanford; Fourth avenue from Joslyn to Fuller; Gerdon avenue from Oakland to Corwin; Going street from South boulevard to Prospect; and Hamilton and McNeil streets from Baldwin to Rundell.

The City Commission also authorized the city attorney to prepare a necessary lease in order that the J. A. Fredman, Inc., construction company could install a decorative porcelain facing on the new Kinsel Drug store at the corner of Huron and Saginaw.

The lease is required because Kinsel is leasing the building from the Buckner Finance Co. and the facing will protrude approximately one inch over city property.

Further business saw a deed being accepted from Bryan French and his wife for the Glenwood avenue extension.

Hearings of intent to construct two-inch blacktop pavement on the following streets were held and the city assessor was authorized to prepare special assessment rolls to present to the commission Feb. 21:

Anderson street from Elm to Michigan Airline Railroad; Central avenue from Saginaw to Paddock; Edna avenue from Telegraph to Dawson Mill Pond; Luther street from Howland to Earlmoor; Marshall street from Elm to MALRR; Nebraska avenue from Bagley to Franklin; Park place from Hovey to O'Riley; Peggy avenue from Voorheis to Hazel; Edward street from Myra to Orchard Lake; and Elm street from Marshall to 120 feet west of Going.

Final action saw hearings held on special assessment rolls for sanitary sewers for 15 streets in the city's east side.

He Runs for Office That's Not Vacant

TAMPA, Fla. (AP)—A lawyer here finds he has been running for an office which won't be vacant for two years. George P. Raney announced last week he would be a candidate for state Democratic executive committeeman from Hillsborough County.

Checking elections laws later, he discovered committeemen now are elected for four years and the term of incumbent C. J. Hardee Jr. has until 1958 to run. Until 1942 the term was two years.

Raney said his announcement still holds good—it will just give him a little longer to get his campaign organized.

Doctors said metal taken from Stanley's body resembled shell fragments.

Maclean Spying Charge Dimmed

British Official Claims Cairo Letter Shows No Filching of U.S. Secrets

LONDON (AP)—The British Foreign Office says a mysterious letter found in Cairo does not indicate that renegade British diplomat Donald Maclean "was receiving secret U. S. documents from a contact in the American embassy in Cairo.

Sir George Young, chief spokesman, also said yesterday there was nothing to indicate that the author of the letter, identified as an American but not named, was engaged in espionage.

Newspapers had suggested the letter indicated a possible spy link. Written in 1951, it was found last November in a book in the library of the British Embassy, where Maclean once served on the staff.

The Foreign Office said the letter was "from an address in the United States, to a third person, clearly not Maclean."

Young added that the letter was being investigated.

In Washington, a state department spokesman said U. S. officials also were investigating.

The letter mentioned Maclean, who had recently disappeared when it was written on June 8, 1951.

Maclean was recalled to London from Cairo in May 1950 for riotous behavior including the wrecking of a U. S. Embassy secretary's apartment.

After almost five years of staying away from Westerners he and his colleague, Guy Burgess, held a brief press conference in Moscow Saturday.

Heirs Take the Saddle

LEXINGTON, Ky. (AP)—Heirs of Mrs. E. Mary Stevenson stand to gain because this city has no mistreated horses on its streets. Her 1953 will left much of her estate for care of such horses. She proposed hiring an agent to work on the streets aiding "miserable horses allowed to be overworked and mistreated." But Circuit Judge Joseph Bradley ruled yesterday that since no such condition exists, the entire estate should go to heirs.

Most Southern States Peacefully Admit Negroes to Colleges

By THE ASSOCIATED PRESS

Negroes are peacefully breaking color barriers at formerly all-white Southern colleges and universities in sharp contrast to the bitter demonstrations that greeted Autherine Lucy's attempt to attend the University of Alabama.

* * *

Eight Southern states have accepted Negroes in both graduate and undergraduate division, an Associated Press survey showed today. No violence attended these changes which upset patterns that had stood for generations.

ARKANSAS FIRST

Arkansas admitted a Negro to its university law school in 1948. There was no incident. Hundreds have followed quietly.

* * *

Other Dixie states with Negro students ranging from a handful to hundreds include Oklahoma, Texas, Virginia, Kentucky, North Carolina, Tennessee and Louisiana. In none of these states has there been any violence. Many of the Negroes live in campus dormitories and most eat in school cafeterias with the white students. A few have been admitted into professional fraternities but there is little social mingling.

* * *

Most of the schools which have admitted Negroes, either voluntarily or under court order, had no exact figures. Estimates range from 500 to more than 1,000 in the eight states which practice collegiate integration.

STUDIES SITUATION

Dr. Guy Johnson, professor of social science at the University of North Carolina, has completed a study of the subject and estimates that about 1,000 Negroes are in state-supported Southern colleges with another 1,000 in privately endowed institutions.

* * *

A federal court order broke the racial barrier in North Carolina last fall at the general college level when three Negroes enrolled at the university at Chapel Hill. One lives in a dormitory on the campus and the other two plan to move in next fall. All say they get along well with their white classmates.

Both the university and N.C. State have Negro graduate students.

* * *

Integration is working both ways in Tennessee. There are 52 Negroes in six white colleges and universities there and 14 white students at Fisk University at Nashville, a Negro school. The University of Tennessee has 32 Negroes in its graduate schools, 17 on the main campus at Knoxville and 15 in its school of social work at Nashville.

SEGREGATED LIVING

Except at Fisk, dormitories and cafeterias are operated on a segregated basis. Most of the Negro students live at home.

* * *

Negroes have been permitted in the University of Kentucky's graduate school since 1949 and at the University of Louisville since 1951. Kentucky admitted Negro undergraduates in 1954. All live off the campus. At Louisville some Negro members of the football squad live in dormitories on the campus but have separate rooms. State-supported colleges began opening their doors to Negroes in Texas after the Heman Sweatt federal court ruling in 1950. Sweatt, a Houston mail carrier, carried his fight to gain admittance to the University of Texas to the U.S. Supreme Court and won. He left the university two years later "because of scholastic difficulties."

Texas has admitted numerous Negroes for graduate work and it is scheduled to enroll Negro undergraduates next fall. None of the larger private institutions has Negro undergraduates but most have enrolled them in graduate work for several years. Where Negroes attend state-supported schools in Texas, they do not live in dormitories with white students.

IN LOUISIANA TOO

Louisiana State University has about 120 Negroes in its graduate schools and there are about 160 undergraduate Negroes in three other colleges in the university system. LSU first accepted Negroes under court order in 1950. They use dormitories and all other school facilities at the Baton Rouge campus.

Virginia has several Negroes in its state universities. Negroes were admitted as undergraduates at the University of Virginia for the first time this year. They eat in the university cafeteria and live in dormitories but not with white students.

The Florida Supreme Court has ruled that Negroes may be admitted to white universities but has not yet decided when its decision should become effective.

U.S. Will Finance and Staff Radar Network in Canada

OTTAWA (AP) — The United States alone will finance and operate new radar installations in southern Canada, it is disclosed in a new agreement between the two countries.

* * *

Previously, Canada paid one-third and the U. S. two-thirds of the cost of such installations in southern Canada. They are called the pinetree radar chain.

The chain is manned by both Canadian and American servicemen. Informants said the additional radar stations to be built under the new agreement will be named entirely by Americans.

One clause of the pact signed last June 13 and put before the Commons Friday provides:

"The cost of construction and operation of these stations shall be the reponsibtility of the United States government with the exception of military personnel cost if Canada should man any of the stations at a later date."

There now are fewer than 3,000 U. S. servicemen in Canada, excluding some 15,000 at the three leased bases in Newfoundland.

HUNDREDS OF MEN

The additional stations in southern Canada may require several hundred American personnel. Officials also have said that U. S. personnel will man the DEW (Distant Early Warning) radar line in the Canadian Arctic when it goes into operation.

The three basic radar networks:

1. Pinetree, extends northeast from Vancouver Island into the Peace River district of Alberta. Then there is a gap across the prairies until it begins again northeast of Winnipeg and extends roughly along the 50th parallel across Ontario and Quebec before dipping south again into the Maritimes. The prairie gap is filled by radar sites in the northern U. S. mid west.

Pinetree, in operation for about two years, controls the operations of Canadian and American jet interceptor planes which would have to meet any air attack on North America.

* * *

2. The mid-Canada warning line, now being built entirely by Canada, which probably will be manned by some 1,200 RCAF personnel. It extends west from the Labrador coast along the 55th parallel to the Peace River district where it will hook up with Pinetree.

3. The DEW line which is being built by the U. S. roughly along the 70th parallel.

Both the mid-Canada and DEW lines probably will come into operation next year.

OPERATE AS ONE

The three lines, intended to operate as a single system which in full operation, are supplemented by aircraft-borne radar, picket radar ships and radar towers off the coasts.

* * *

The new installations will provide:

* * *

1. A gap-filler between the mid-Canada and Pinetree lines along the Atlantic seaboard. This minor line wil extend south from the vicinity of Hopedale, Labrador, to Cape Race, southeastern tip of Newfoundland.

2. More stations in the Pinetree line in Nova Scotia, Ontario and British Columbia.

* * *

No details were given about cost, the time schedule for construction or exactly where the radar sites will be located.

Quakes Jolt Japan

SAPPORO, Japan (AP)—A slight earthquake was felt in central Hokkaido, Japan's northernmost island, today. No damage was reported. A stiff earthquake jolted Tokyo yesterday, injuring eight persons.

'Mute' Talks Self Right Into Trouble

OKLAHOMA CITY (AP)—A local man who claimed to be a deaf mute was arrested on a vagrancy complaint by officers who said he just talked himself into trouble.

Officers said the man introduced himself to several people who answered their doorbells, giving them a card explaining that he was an employed deaf mute and needed help to support his family.

* * *

Patrolman V. L. Connell said the scheme worked fine until one woman turned the man away. The officer said the man made the mistake of voicing his indignation at people who would "turn a deaf mute down."

Off to Jail, Never Fail

RICHMOND, Ky. (AP)—Three men in a car—one at the throttle—were arrested carrying a bottle. The sheriff drove fast—found each with a foot in a cast. One carried a cane, the others had crutches. So today the law has 'em in its clutches.

Waterford Citizens Protest Disposal Plant, Rezoning

Fear Proposed Changes May Decrease Valuation

By JANICE HAYHOW

WATERFORD TOWNSHIP—Objection to a proposed sewage treatment plant adjacent to the Clinton River, about 600 feet south of Pontiac Lake Road to serve the new Highland Estates Subdivision was made by a delegation of citizens to the Waterford Township Board last night.

A second group of Waterford citizens questioned a change in zoning recommended by the zoning board.

* * *

The sewage plant may serve two other areas, the Saginaw Trail near Watkins Lake and the subdivision at the corner of Tubbs and Crescent Lake Roads.

Spokesman for the group of area residents, Homer Hoskins, 5676 Clinton River Dr., said that those present felt their property in the area of the proposed plant would depreciate.

They feared an overloading of the plant as Waterford Township population continued to increase and they feared pollution of the Clinton River.

Lloyd Anderson, township supervisor, replied that the Water Resources Commission and the State Board of Health would permit neither of these two things to happen.

Hoskins said his group questions whether the sewage plant is necessary at the point proposed, suggesting a site farther down-river, just south of Elizabeth Lake Road. He said, "There are no houses in that area," and showed an aerial view of the township to bear out this fact.

ENDORSES INTERCEPTOR

Hoskins went on to endorse the Farmington Interceptor Sewer, which has been in a planning stage for over two years and will eventually serve Waterford Township.

Anderson, who has worked with the authority in charge of planning the interceptor sewer, echoed his approval.

Hoskins said his group was prepared to serve an injunction on the township if the site for the proposed sewage plant remained the same.

The board moved to table the matter until members had further investigated the possibility of another site.

* * *

Another group of township residents from the Westridge subdivision protested action of the Waterford Township Zoning Board and the County Zoning Board of changing from residential 1 to light manufacturing 1 10½ acres on the east side of Airport Road and immediately north of the Grand Trunk Railroad along the tracks. The zoning change was up before the Township Board last night for a decision.

Residents present protested the light manufacturing zone because "the township could not control what went into the strip." They believed that the manufacturers who located there could cause possible damage to their property with undue noise, odor, or traffic.

Anderson pointed out that light manufacturing 1 prohibits odor, and certain plants which would emit same or cause noise.

Anderson said that "down through history the first area to blight was near the railroad track." The protesting group was concerned with the aesthetic values of the community.

The board tabled the zoning change for further research.

In other business, the board authorized the supervisor to sign an agreement with the Lenox Construction Co. to put up seven model homes to be used only as models until the plat could be recorded and the water system approved and they gave tentative approval to a proposed sewage plant in Watkins Hill No. 1 by the railroad in the Saginaw Trail area.

Your PTA Is Planning:

Slate Bond Issue Talks

WATERFORD TOWNSHIP — Mrs. Carrie Hubbell, principal of Williams Lake School, will be the guest speaker when the Jayno Adams PTA meets Thursday at 7:30 p.m. Mrs. Hubbell's topic will be "Reading Readiness."

William Bawden, business administrator for the Waterford Township School District, will explain briefly the bond issue to be presented to the voters Feb. 21.

* * *

The Waterford Center PTA will hold Open House at 7:30 p.m. Thursday at the Waterford Center School.

Boy Scouts and Girl Scouts will have handicraft on display.

Mrs. Harry Carlisle, school historian, will present a program in observance of Founder's Day.

Thad Carr, principal of Waterford Township High School, will speak on the new school bond issue. A discussion period will follow.

Mrs. Alfred Keith will be chairman for the evening.

More Cold Foreseen in Freezing Europe

LONDON (INS)—More snow and below-zero temperatures were forecast today for many parts of stricken Europe, undergoing its worse winter in a century.

There was some improvement in the temperatures in central Europe and the sun broke through intermittently. But in general, ice and snow continued to clog roads and hamper emergency crews trying to reach the residents of isolated villages in Italy and other countries.

Jaycee Auxiliary to View Slides at Next Meeting

WATERFORD TOWNSHIP — Allen Copley, of Pontiac, will show colored slides of his trip to Paris and through western Europe when the Jaycees Auxiliary meets next Tuesday at the home of Mrs. Bernard Heaney.

The auxiliary will be having a booth at the Sports and Builders Show scheduled for March 23-25 at the CAI Building.

Mrs. Jack Perry is chairman for the booth and will discuss dedetails at the Tuesday meeting. Mrs. Thomas Belton and Mrs. Dick Dean will be co-hostesses.

Officials Claim Prison Escapee

Alabama Authorities Arrive to Pick Up Man Arrested in Keego

KEEGO HARBOR — Alabama State Prison authorities will arrive today to pick up Buford Saint, 30, of 319 N. Saginaw St., Pontiac.

Saint was arrested Feb. 4 by Keego Harbor Police Chief Calvin C. Baxter and Patrolman Richard Hurtubise on an indecent liberities charge in a local place of business.

A teletype was received from the Alabama State authorities with a description fitting Saint and a statement that he might be an escapee of the prison.

He was turned over to Sheriff Frank W. Irons for interrogation and waived extradition before Judge H. Russell Holland on Feb. 9.

Saint, who has a wife and three children in northern Alabama, was serving a 12 year sentence for six-2nd degree burglary cases and grand larceny there.

He has also served time, intermittently, since 1943 for vagrancy, burglary and grand larceny.

He escaped in July 1955 and has been employed in a Pontiac factory since.

Church Men's Club Plans Panel Program

DRAYTON PLAINS—"The Bible in the Public Schools" will be the panel topic for the program of the Community United Presbyterian Church Monday evening.

The meeting will be preceded by a 6:30 p.m. dinner, prepared by "Chef" Peder Nielsen. The men are to bring their own table service. Reservations can be made by calling William Bawden, FE 4-6370.

Participating on the panel will be Elden Johnson, John Bougine, Keith Johnson, and William Bawden. The Rev. W. J. Teeuwissen Jr., will be the moderator.

Official Suggests Road Bond Plan

Ziegler and Broomfield Confer on Improvement of County Routes

State Highway Commissioner Charles M. Ziegler suggested yesterday that Oakland County should consider a large-scale bonding program to make funds immediately available for local road improvement.

Ziegler was questioned in Lansing by State Sen. William S. Broomfield (R-Royal Oak). Broomfield told Ziegler that both the present gas tax distribution formula and a proposed new formula will leave Oakland $73,000,000 to $80,000,000 short of meeting needs in the next 15 years.

By June 30 this year, the county will have received about $332,000 from distribution of the new 1½-cent gas tax, said Ziegler. This money could be used to float a bond issue of nearly $5,000,000, he stated.

A report on an $800,000 metropolitan area traffic study is expected within 10 days, he stated, which will show Oakland's needs in detail.

Another report, to be out in about two weeks, will show trunkline needs within Pontiac. "A plan for widening and extending M59 (Auburn Avenue) will then be worked out," said Broomfield.

Plans are now being drawn for making M150 a four-lane, divided highway from Stephenson Hwy. north to Rochester, Ziegler stated.

There is a possibility some major county roads might be reclassified as state trunklines making them eligible for Highway Department funds, he added.

Church Groups Set Joint Meeting for Thursday

DRAYTON PLAINS — A joint meeting of the Anderson and Kellersberger Girls' Missionary Groups of the Community United Presbyterian Church is scheduled for Thursday at 7:30 p.m. in the church parlors.

Junior and Senior High boys are invited to this meeting and a feature of the evening's program will be a colored sound film, "The Call of the Navajo."

Refreshments will be served. Sponsors of the group are Mrs. John Bougine and Mrs. Vern Green.

Woman Gets Probation for Stealing From Home

Bernice Cobb, 21, of Detroit, yesterday was placed on 2-year probation and assessed $100 court costs by Oakland County Circuit Judge Clark J. Adams.

She admitted Feb. 6 taking clothing from a Huntington Woods home.

Pontiac Press Photo

PANEL MEMBERS — A representative group from the Round Table of Christians and Jews will highlight the meeting of the Hudson-Covert PTA in Waterford Township at 8 p. m. Thursday. Participating (left to right) are the Rev. Fred R. Tiffany of the Bethany Baptist Church, Everett Spurlock, executive secretary of the Urban League, the Rev. J. Allen Parker of the African Methodist Church and Rabbi Sanford Saperstein of Temple Beth Jacob. Not shown but also participating is the Rev. Joseph Emmell of St. Vincent de Paul Church. The topic of the group will be "Understanding Is the Road to Brotherhood." An open forum will follow. There will be open house at 7:30 p. m. and refreshments following the meeting. A nursery will be provided for children three years of age or over.

Youth Would Attend Waterford High

Council to Sponsor Foreign Student

WATERFORD TOWNSHIP — The Student Council of Waterford Township High School this week approved a resolution to sponsor a foreign student in the high school next year.

* * *

The council will work through the American Field Service, a non-profit organization whose purpose is the furthering of understanding and good will among the peoples of the world.

It carries out this purpose by bringing teenage students from approximately 18 countries to study in American schools and to live in American families and communities for a year.

The youngsters who come here on AFS scholarships are selected from many applicants in schools of foreign countries. All candidates are hand-picked by the Minister of Education of each country.

Emphasis is placed on qualities of character, leadership, scholarship, a fluent knowledge of English, and a genuine desire to know democracy as it is lived in the United States.

The AFS depends on the community to find homes for the students but the final choice is made by the New York headquarters.

PARENTS RESPONSIBLE

A student must live with the same family for one year. The foster parents exercise the same authority over him as they do over their own children. The parents, too, are responsible for giving him the understanding and affection that all teenagers require. The family receives no remuneration for the upkeep of the student.

All tuition and book fees are taken care of by the school. The youngster is placed in the grade closest to his age group.

The minimum cost to the sponsoring group for bringing these student ambassadors is $630 each.

Carl Hanna, Michigan representative of the AFS, however has waived the sponsor's fee for the program next year. He feels that once Waterford has felt the rewards of the project, it will want to continue the plan under the usual regulations.

The fee covers all travel from abroad to Waterford, insurance, $12 a month spending money, and a three-week bus trip of the country at the conclusion of the year.

* * *

This project also works in reverse—Waterford students become eligible for a summer trip to Europe.

The Student Council is now working out details of the project and hopes that an interested Waterford Township family can be found to assume the responsibility of housing and caring for a teenage visitor from abroad.

Youth Fellowship at Waterford to Meet Thursday

WATERFORD — The Youth Fellowship of the Independent Fundamental Church of America will meet at 7:30 p.m. Thursday at the Waterford Community Church.

The King's Disciples of the Waterford church will be host to the Southeastern Rally of the IFCA.

Bryan Jones and a group from the Grand Rapids School of the Bible and Music will entertain.

Two Boys Took Wallet, Deputies Are Told

Two boys walked into his Orion Township house and stole $4 and a wallet from his wife's purse yesterday, Amos Odell told Oakland County Sheriff's deputies.

Odell said he didn't know the boys.

Kin of LIT Founder Dies

DETROIT (AP)—Mrs. Catherine M. Lawrence, mother of Dr. E. George Lawrence, president of Lawrence Institute of Technology in suburban Detroit, died Tuesday at the age of 90. Mark 10th Anniversary of Library at Waterford

The month of March marks the tenth anniversary of the Waterford Community Library in the Community Activities Building on Williams Lake Road.

* * *

Begun without much fanfare by a group of library enthusiasts headed by Mrs. O. L. Siegman, the project was taken over for a time by the Mothers' Club of the Waterford Village School as a public service. They gathered books, raised money, bought supplies, and with the help of their husbands made shelves and stacks and decorated the room set aside for the library in the new CAI building. Many "work-bees" followed, getting the books accessioned and on the shelves.

But "business" was slow. Not many people knew about the only public library in Waterford Township. Many who did know thought that membership in Community Activities, Inc. was necessary in order to use the library. This misunderstanding has never been completely cleared away.

The library has been able to maintain a working catalogue of over four thousand volumes, in addition to several sets of reference books. This has been due largely to continued donations of many fine books, and to the financial contribution of the local Book Review group.

The available books in the library include about twelve hundred non-fiction works, over fifteen hundred adult fiction (current and classical, though not always the latest editions), a section of some five hundred adult mystery novels, and approximately eight hundred books for children and junior readers. There are even a few foreign-language readers and grammars.

At present, the library hours are: Tuesday—7 to 9 p.m., Wednesday—9:30 a.m. to 3:30 p.m., Thursday—7 to 8 p.m., and Saturday—10 to 12 a.m.

Ortonville Women Hurt When Auto Is Struck

Charlene Hale, 32, of Ortonville, whose car was hit from behind yesterday afternoon by Ralph W. Tower, 31, also of Ortonville, was treated for minor injuries and released from St. Joseph Mercy Hospital.

Pontiac post State Police said the accident happened on an icy hill on M15 north of Clarkston.

Wilson Notes Progress in Guided Missile Work

WASHINGTON (AP) — Secretary of Defense Wilson says the military's program for development of guided missiles is "getting better organized all the time."

The defense chief returned to the capital last night after visits to the Army's Redstone Ballistic Missile Center near Huntsville, Ala., and Patrick Air Force Base, Fla., headquarters for the proving range from which guided missiles and ballistic rockets are tested over the Atlantic.

Having in mind the continuing criticism of the American missile program by Sens. Symington (D-Mo) and Jackson (D-Wash) and others, newsmen asked Wilson about the general program.

"I don't think the people of the country generally appreciate the work that has been done and the investment that has been made—that we have such big projects going as we have," Wilson replied. "We are getting better organized all the time."

He said he still hasn't found anyone to direct the coordinated missile program of the Defense Department and the three armed forces—a job which he announced recently he is setting up.

At present, Wilson said, he has in mind for the job about five persons, but "I doubt that any of them will take it."

Trevor Gardner flew to Florida late last week to tell Wilson that he was resigning as assistant Air Force secretary for research and development.

* * *

At a news conference, Gardner said among other things he thought the missile development program should be accelerated to the pace of a wartime effort.

'LOT OF CREDIT'

Wilson said Gardner "deserves a lot of credit" for spending three years in the government when he came to Washington intending to stay only a few months.

* * *

At Huntsville, Wilson saw the Army test a rocket motor designed for use in the Redstone ballistic missile, which is intended to have a range of 1,500 miles.

Asked if he thinks that range can be attained, Wilson said, "Yes—they are very conservative people" at the Redstone Missile Center.

* * *

To another question, Wilson ventured the opinion that the Redstone ballistic rocket would attain that range with a single stage rocket engine, instead of the two or three stages considered for long-range, 5,000-mile rockets upon which the Air Force is working.

It takes a GIANT

to move mountains

It takes a giant to move mountains of merchandise, too. In the world of selling there is a giant who lives in every town — the newspaper.

The newspaper digs deep in any market for every last sale. Nothing develops the rich ore of responsive customers like the newspaper because:

1. Over 56,000,000 newspapers are sold every day.
2. Newspapers entered 88% of the nation's homes yesterday.*
3. 64% of men and 73% of women read the general news pages with advertising.†

In other words, people buy and read and SHOP the newspaper every day. More and more, retailers, wholesalers and distributors are exploiting this *daily* habit by advertising in newspapers regularly. More and more, manufacturers are doing the same, giving retailers heavy support.

In today's competitive world, if you want to move merchandise, you need a giant's help. You need the *newspaper.*

Agreement Made to Sell Tribe for $4,000,000

CLEVELAND (AP) — A one-time usher at the Cleveland Indians old League Park made arrangements under a gentleman's agreement yesterday to purchase the Tribe for nearly four million dollars.

William R. Daley, 63, who will be chairman of the new corporation, had a chance to buy the club 6½ years ago for 1½ million dollars less.

* * *

Daley, an industrialist, and General Manager Hank Greenberg, also a partner in the pending transaction, said they've been waiting for a long time to buy into the American League baseball club.

Greenberg has been waiting ever since he came here nearly nine years ago to get a financial interest in the club, which he thought he was to get in the beginning.

Both should get their wishes in about three weeks, the time estimated for the legal details to be worked out for the stockholders' approval. The directors, who own a large majority of shares, informally approved the price yesterday. It is $1,550 a share. At that rate, the club's total worth is nearly four million, counting the present 2,556 shares.

Daley will head a new corporation, but has asked the present officers to remain. Some of the shares still will be held by the current officers and directors.

Daley tried to buy the club back in the days Bill Veeck and his associates had the franchise. Daley admitted then that "we and our associates are actively pursuing such a deal," but it never came off. The Veeck regime finally sold out late in 1949 for about $2,200,000, compared with the $1,200,000 the club cost in 1946. The 1949 buyers were substantially the present owners, except that Ellis Ryan departed as president after a squabble in 1952.

* * *

Greenberg is scheduled to become a "principal" stockholder under the new owners. Daley and a fellow director of the Nickel Plate Railroad, Oilman Ignatius A. O'Shaughnessy of St. Paul, and Greenberg are expected to hold more than half the shares.

Big Hank, recently voted into Baseball's Hall of Fame for his slugging talents with the Detroit Tigers and Pittsburgh Pirates, thought he was to get a financial interest when he was appointed to his present job by Veeck in 1947.

* * *

In fact Veeck announced that Greenberg "is" the second largest stockholder in the Indians, but later the general manager said that he never was able to buy any shares. It was reported a minor stockholder had promised Veeck he would sell some shares to Greenberg, but backed out.

Daley said that the other time he was interested in buying, Veeck was asking 2½ million.

* * *

"I thought it was a wise investment then, just as I think it is now," he continued. "I have the greatest faith in the future of baseball and particularly in Cleveland, which is a great baseball town."

Daley was a sandlotter as a boy in Ashtabula, Ohio. When the family moved here in 1910 he got a job as an usher in the Indians' former home, League Park. Until now, that was his only official connection with baseball.

It now appears that Pontiac's Larry Lamphere didn't have a cut over the eye in his finals bout against Dude Green, at the state Golden Gloves finale at Grand Rapids. That's Larry's manager's report, and Boris Bisogni, one-time Pennsylvania champion, himself, says Green paid the Pontiac middleweight a nice compliment.

Green said "he had been around quite a bit, and that with a little more experience Larry would make good."

Red Wings Ice Rangers, 5-3

DETROIT (AP) — The Detroit Red Wings tightened the dash for second place in the National Hockey League race last night, defeating the New York Rangers, 5-3, before 12,906 fans.

* * *

The win moved the Wings, defending Stanley Cup Champions, to within one point of the second-spot Rangers. Both clubs are far ahead of the rest of the pack. Fighting it out for the fourth and last berth for the Stanley Cup playoffs are the Toronto Maple Leafs, the Boston Bruins and the Chicago Black Hawks.

The Detroiters scored three goals in the third period to take the victory, their 23rd of the season. They have 60 points, one behind the Rangers and 18 off the Montreal pace.

Metro Prystai led the Wings with two goals. Lorne Ferguson, a former Bruin, Gordie Howe and Alex Delvecchio added singles. Harry Howell, Wally Hergesheimer and Dean Prentice scored for the Rangers.

* * *

The Wings, beaten 2-1 in New York Sunday, had to come from behind in each of the first two periods and were fighting off a strong Ranger surge for the tying goal when Prystai's second tally clinched the game in the last minute of play.

Playing their customary hit-and-run game, the Rangers scored on three of their 18 shots on Detroit netminder Glenn Hall while Lorne Worsley was kicking out 35 Detroit drives.

Prystai, whom the Wings sent to the Hawks last season and took back earlier this season in a trade for Ed Sandford, scored his first goal in the opening period to offset a Ranger marker by Howell. It was Harry's first goal of the season.

* * *

Hergesheimer scored on Ron Murphy's pass early in the second but Ferguson rapped home Red Kelly's rebound to tie it up again.

The Wings took command with two goals midway through the windup period. Howe got his 31st of the season at 9:53 and Delvecchio scored his 20th at 11:02. Prentice narrowed the gap to 4-3 at 16:32 but Prystai found the empty net at 19:39 when the Rangers pulled Worsley in favor of a sixth attacker.

Husky Ex-GI Sets Sights on Owens' Jumping Mark

NEW YORK (AP)—Roslyn Range, just an unknown GI a year ago, takes the spotlight in the National AAU indoor track and field championships Saturday as a threat to the 21-year-old broad jumping records of the great Jesse Owens.

The brawny ex-soldier, now competing unattached out of Los Angeles, has his immediate sights on the indoor broad jump record of 25 feet, 9 inches, set by Owens in 1935.

* * *

"I think Range has a good chance to break the mark," said Dan Ferris, secretary-treasurer of the AAU and director of the 68-year-old meet.

* * *

"I believe eight world records and four meet marks could be beaten or equaled this weekend — at Madison Square Garden—and the broad jump is one of them."

Range came out of nowhere in the Pan-American Games at Mexico City to win the broad jump championship with a leap of 26 feet 4⅛ inches.

Knicks Drop Hawks Into NBA Cellar

By International News Service

The New York Knickerbockers dropped the St. Louis Hawks into the cellar of the National Basketball Association's western division last night.

The Knicks beat the Hawks 103 to 99 at St. Louis. It was the fifth straight loss for the Hawks.

The Minneapolis Lakers vacated last place by pasting the Rochester Royals, 110 to 79, in the only other NBA game scheduled.

Olympic Member Awed by Squaw Valley Snowfall

SACRAMENTO, Calif. (AP) — The great amount of snow at California's Squaw Valley impressed a member of the International Olympics Commission which awarded the 1960 Winter Olympic Games to the Sierra ski resort.

Jorge Vargas of the Philippines stopped at the mountain region 200 miles east of San Francisco yesterday.

"Never have I seen so much snow," he remarked of the 108-inch pack. "I am glad the IOC voted Squaw Valley as the 1960 site. I was agreeably impressed."

Comiskey Figures 96 Wins Will Take AL's '56 Crown

CHICAGO (AP)—Chuck Comiskey, scion of one of baseball's pioneer families, is talking pennant in his rookie year at the Chicago White Sox helm.

The personable, young vice president, who took charge after Frank Lane quit the Sox to become general manager of the St. Louis Cardinals, enthusiastically cries: "Ninety-six in '56."

* * *

That's the number of victories Comiskey believes are needed to win the American League pennant this year and he's sure the Sox can reach the mark.

"I'm convinced," said Comiskey at the White Sox "Get-Away" luncheon yesterday, "the team that wins the American League pennant can do so with 96 victories."

That's the same number the Yankees won it with last year while the Sox finished third with 91 triumphs.

"We feel the 1956 White Sox team will be the strongest club we have fielded in many a year," continued Comiskey, who is 30. "The nucleus of the 1955 club is with us again and the White Sox have been strengthened by the addition of outstanding players from other major league clubs and from our farm system.

* * *

Actually the Sox have acquired only one outstanding player and he's outfielder Larry Doby, who many observers last year felt would have brought the Sox their first pennant in 36 years had he been patrolling center field for the Comiskeys.

* * *

It was the lack of long-ball power which prevented the Sox from winning the pennant. They led the league in batting and were second in pitching and fielding but they lost 27 games by one run.

Claims 1st Pro Game

Death Hits Efforts to Prove Ovid Site of Tilt

OVID, Mich. (AP)—Ovid now probably never will be recognized as the site of the first professional football game.

Leo J. Grove, a man with a cause, died last week at Delray Beach, Fla., at the age of 79.

* * *

Grove spent the last few years of his life digging through old records attempting to prove that the first professional football game was played July 4, 1895 at this Central Lower Michigan town.

* * *

All the record books recognize the first pro game as a meeting between Latrobe and Jeanette at Latrobe, Pa., on Aug. 31, 1895.

Grove played football for Albion College against Notre Dame and other top midwestern teams, graduating in 1894. After graduation, he formed a football team known as the "Michigan Rushes" at his home town of Shepardsville near Ovid.

On June 27, 1895, the following notice appeared in Ovid Register-Union: "Don't miss the ball game July 4."

Grove declared that a hat was passed after the game and the players split the take to become professionals.

To support him, a statement from Will Marvin, a life-long resident of Ovid, stated:

"I live right where I did July 4, 1895, the day we played a game of football . . . at which game a collection was taken and the money paid to the local team, and the amount was three dollars."

Cuba on Top in Caribbean Diamond Action

PANAMA (AP)—Cuba held undisputed possession of first place in the Caribbean baseball championships today on the strength of a fine pitching performance by Washington's Camillo Pascual and Panama's surprising conquest of Puerto Rico.

Pascual limited Venezuela to four hits last night as Cuba racked up a 7-0 victory in the first game of a doubleheader. The triumph was the winners' fourth against a lone defeat. Bob Boyd of the Baltimore Orioles chipped in with a three-run homer for Cuba, which also was helped by a run-scoring single by Archie Wilson of the St. Louis Cards.

Bosox Sign Stephens, Ted Williams' Fill-In

BOSTON (AP)—The signing of Gene Stephens, a promising young outfielder who filled in for Ted Williams in left field most of last season, was announced today by the Boston Red Sox.

The 23-year-old speedster from Arkansas hit .293 in 157 official times at bat while appearing in 109 games last year. In many of his game appearances, he was a pinch hitter, pinch runner or Williams' relief in left field in late innings.

The World Series record for consecutive strikeouts is six, made by Cincinnati's Hod Eller in 1919 against the White Sox. Eller won the game, 5-0.

Washington Slugger Rejects '56 Offer

ST. LOUIS (AP)—Washington slugger Roy Sievers, who has rejected four contract offers, says: "I feel I had a very good year during 1955 whether Calvin Griffith thinks so or not."

The power hitter of the Senators vowed yesterday: "I intend to stay at home until they send me a satisfactory contract."

Worst Season for Ivy

University of Wisconsin football teams in 1955 lost three straight games, the most disastrous season since coach Ivy Williamson took over the reins a few years ago.

Writers Honor Helfand, Robby and Speiser

CHICAGO (AP) — Julius Helfand, chairman of the New York Athletic Commission who succeeded in banning the boxing managers' guild in New York, last night received the Chicago boxing writers' award for contributing the most to boxing in 1955.

* * *

Other awards went to middleweight champion Sugar Ray Robinson and light-heavyweight Chuck Speiser.

Robinson was cited for making the "Comeback of the Year," and Speiser received the "Most Improved" boxer award.

Helfand, steering clear of his recent battle against the guild, said vigilance will restore boxing to its proper level.

Olympic Bait

Hurdler Back in Running

FORT WORTH, Tex. (AP) — Bill Curtis, who returned to Texas Christian University specifically to make the Olympic team, is running the high hurdles in championship form.

Curtis was at TCU in 1954 and not only won the Southwest Conference 120-yard high hurdles but won in all the other meets he entered—the Border Olympics, Texas Relays, Southwestern Recreation Meet, Kansas Relays and Drake Relays.

He had to drop out of school last year to recoup financially and worked in the oil fields at Colorado City. He returned last fall and has been working in the hurdles ever since. He has done 14.2 twice in practice without pressing and Elmer Brown, who is coaching him, thinks he'll go under 14 seconds.

Pro Leagues Talk Turkey

Canadians Meet With NFL Heads Hoping to Settle Disputes

PHILADELPHIA (AP) — Two ends get together today to talk about the middle in an effort to settle a U.S.-Canadian hassle over pro football players.

* * *

The ends are Comissioner Bert Bell of the National Football League and Ralph Cooper, representing our northern neighbor's two big pro loops. The middle consists of U.S. college players, who for some time have been in the enviable position of being able to play off ends against each other for the highest salary.

Both leagues accuse each other of persuading players to break contracts and options held by the other. Several of the disputes have wound up in the courts and many have been marked by hot words.

Bell suggested the meeting, to be held today at noon in a downtown hotel with newspapermen on hand to record the proceedings. Cooper agreed willingly to talk things over.

Bell says he's ready to talk about anything which "does not restrain the rights of the players."

Lausse Favored Over Bob Boyd

South American Left-Hooker Rated 2-1 for Tonight's TV Bout

CHICAGO (AP)—Eduardo Lausse, powerful left-hook specialist from South America, is a 2-1 favorite to defeat rangy Bobby Boyd, former Chicago butcher apprentice, tonight in his climb to a middleweight title shot.

Lausse, 28-year-old mechanic's son, will put an undefeated string of 32 bouts on the line in the nationally televised 10 rounder at Chicago stadium (10 p.m. EST, ABC).

The scrap may not go the distance, for each has impressive knockout records. Lausse, world's third-ranked 160-pound contender, has scored 49 kayoes. A victory over Boyd would put him at the head of the line for a crack at the winner of the Bobo Olson-Sugar Ray Robinson return bout.

His over-all record is 61-6-3 and his victories include decisions over Tiger Jones, Kid Gavilan and Gene Fullmer and knockouts of Purk Edwards, Georgia Small and Johnny Sullivan. Lausse, making his 13th start in this country, was held to a draw by Milo Savage in his last fight, Jan. 6. Savage floored the Argentine.

SAN FRANCISCO (AP)—The San Francisco Seals of the Pacific Coast League today obtained Paul Kemmerer, young right-handed pitcher, on option from its parent club, the Boston Red Sox.

APPROVE SALE OF INDIANS — Myron H. Wilson, center, president of the Cleveland Indians, is flanked by Hank Greenberg, left, general manager of the club, and Don Hornbeck, club secretary, just after the present board of directors approved the transfer of the club to a new corportation. The new corporation, which offered $3,961,000 for the team, is headed by William R. Daley, president of Otis & Co., an investment firm. Wilson is expected to stay as president with Daley becoming chairman of the board. Greenberg has been identified as one of the new stockholders.

Harrison Hits Tuneup 61; Bone Qualifies With 69

SAN ANTONIO, Tex. (AP)—E. J. (Dutch) Harrison, the old campaigner, had the eye of the gallery today as golf's winter tour went through final tuneup rounds for the $20,000 Texas Open.

The old Arkansas traveler, who plays out of St. Louis, caused them to buzz yesterday when he shot his finest round in 25 years, a 10-under-par 61, in a pro-amateur.

It was at the Oak Hills Country Club course, a 6,135-yard layout that isn't as tough as the Fort Sam Houston course, where the open is to be played. But it showed that the man who won the Texas Open twice in the past—in 1939 and 1951—was to be reckoned with in this year's tournament.

Harrison had 29-32 with six birdies on the front nine and four on the last. He missed only two putts under 10 feet and had two 30-footers. He won $400 as the low professional, finishing five strokes ahead of Billy Maxwell of Odessa, Tex.; Jack Burke of Kiamesha Lake, N.Y., and Dow Finsterwald of Bedford Heights, Ohio, who each won $180 for tying for second with 66s.

* * *

At Fort Sam Houston 177 of the lesser lights of the tour and many not on the tour shot for qualifying places in the open with Henry Williams of Reading, Pa.; Manuel de la Torre of Milwaukee and Billy Phillips of Winchester, Va., leading the way with 4-under-par 68s over the 6,464-yard course. Gene Bone of Detroit and Don Clarkson of St. Louis were next in line with 69s. A 74 was necessary to qualify.

Santee's Amateur Status Pending

NEW YORK (AP)—The fate of star miler Wes Santee, who faces permanent suspension as an amateur athlete, likely will be decided Sunday by a seven-man AAU investigating committee.

Santee, a Marine lieutenant whose 4:00.5 mile was the fastest ever run by an American, yesterday threatened legal action if he is barred from running in the 1956 Olympic Games in Melbourne.

The investigating committee comprised of AAU and Olympic officials will look into what Pincus Sober, chairman of the seven-man group, called "new information not previously revealed."

Santee was suspended by the Missouri Valley AAU last Oct. 11 on charges that he accepted "excessive expenses" for three track meets in California in May.

On Nov. 20, however, the Missouri Valley AAU Board of Managers lifted the suspension on the grounds of insufficient evidence. Santee resumed his running career but withdrew from indoor meets in New York on a request from the investigating committee.

"My whole career as an athlete is jeopardized," Santee, former University of Kansas athlete, told a stormy meeting of the New York Track Writers Assn.

OSU's Freeman Still Leading Big 10 Scorers

CHICAGO (AP)—Ohio State's Robin Freeman faltered a bit but maintained a commanding lead in the Big Ten basketball scoring race through the week.

Held to 12 points by Illinois, Freeman came back with 28 against Northwestern Monday to run his all-game total to 548 points in 17 games.

Julius McCoy of Michigan State gained some ground but remained 94 points behind the Buckeye whiz. McCoy has a 454-point total for 16 games.

Wally Choice of Indiana is 3rd with 349 points in 17 games, followed by Ron Kramer of Michigan with 343 points in 17 games.

Win 14 Straight

Tartars Are Viewed for NCAA Tourney Bid

DETROIT (AP) — Wayne University today was viewed as a possible NCAA tournament candidate after winning its 14th straight basketball game.

Wayne, a member of the Presidents Conference, is classed as an "at-large" possibility under NCAA rules. Other independent teams in Wayne's region include Notre Dame and DePaul.

Wayne's only loss came in its second game of the season against the University of Louisville. Louisville now is ranked fourth in the nation in the latest Associated Press poll.

• • •

Admittedly Wayne's competition has been of the small class.

"But even San Francisco (the nation's leading team) doesn't play big ones all the time," said Wayne coach Joel Mason.

Wayne's latest victim was Valparaiso University of Indiana. Wayne took the lead at the seven minute mark and breezed to a 75-52 triumph.

• • •

George Brown with 23 points was Wayne's leading scorer.

Braves Sign Prepster to Triple-A Contract

SEATTLE (AP)—A scout for the Milwaukee Braves announced last night the signing of Bob Jacobs, 18-year-old Seattle infielder who was picked as the outstanding player in last year's state All-Star Junior baseball game.

Bill Marshall of Los Altos, Calif., who scouts the Western States for Milwaukee, said Jacobs was given a $4,000 "Triple A" contract which permits him to be optioned for training in the minors.

Birmingham Takes EML Dual Honors With 5th Straight

Birmingham clinched its 8th straight dual swimming championship of the Eastern Michigan League by sinking Ferndale 60-28 yesterday.

It gave the Maple swimmers a 5-0 dual mark in the EML with only Mt. Clemens standing in the way for a perfect record. They meet Thursday in Birmingham's Barnum pool.

For the third meet in succession Tom Bechtel bettered his own school record in the 200 yard free style. He set the record against Plymouth, bettered it against Hazel Park and yesterday over-shadowed the past two meets with a time of 2:06.7.

Wayne Geggie swam the 150 yard individual medley in 1:41.9 for a school record.

• • •

The 200 yard freestyle relay mark which stood since 1951 when Maple All-America swimmers Gary Osterback, Ted Schwarz, Jim Newman and Marc Joslyn set the record, also was broken with a school and pool mark of 2:18.6. The team was made up of Bechtel, Jay Lewis, Bill Buick and Pete Sintz.

Nashua Might Miss Widener Handicap

MIAMI, Fla. (AP)—Nashua, the first horse ever foaled to sell for more than a million dollars, now must make his 4-year-old debut on Saturday in the Widener Handicap without having had the benefit of the "tightener" race which his trainer, Sunny Jim Fitzsimmons, had hoped to give him. It's a sample of the way the golden colt's racing career, such as remains of it, is to be regulated from here on.

• • •

When Fitzsimmons decided, more than 48 hours before his famous charge was to have gone in a 7-furlong event Monday Hialeah, that the course was certain to be heavy from a weekend rain, he didn't hesitate a minute. He told the track officials to forget about Nashua. That was early Saturday, before Fitz was aware all the other possible starters had been scared away by the prospect of meeting the big horse and the race couldn't be run, anyway.

Now there is conjecture whether Nashua will run in the Widener, for all its $100,000 added purse, if it shoud rain hard again between now and Saturday.

Bears Outlast Chiefs 60-53

By H. GUY MOATS
Pontiac Press Special Writer

HIGHLAND PARK—A combination of a hot-shooting last half Polar Bear club and the confined spaces of the small Highland Park High School gymnasium, left Pontiac's Chiefs on the short end of a 60-53 count last night.

Chiefs went into an early lead over Coach Jim Wink's scrappy club, held it to the intermission, then lost it, never again to quite square things.

Chiefs were 7-points up on the not-so-cold Bears at the end of the 1st period, held a one point margin at halftime, 27-26. But sharpshooting John McMeekins took care of the situation immediately the 2nd half opened, sinking a side shot to make the count 28-27.

Mike Fitzgerald came into the game at this juncture and banged in a bucket, along with Ron Zill's free toss, and two more charities, by Virg Hill, to push the Bears' total to 34.

Near the end of the 3rd period Chiefs spurted to boost their total to 41, one point back of the Bears going into the finale. Willie Dewalt, who was shut out in the 2nd frame, came back with a rush for 8 points, in the 3rd. Dave Diehm's 4 free throws provided the only other PHS count for the period.

Twice in the finale Chiefs had chances to grab the victory. Each time they lost the ball and in subsequent drives, Bears wiped out the opportunities. In the final minute Dewalt hit a long side shot and a free toss that left Art Van Ryzin's five three points back, 56-53. Rod Treais grabbed a free ball near midcourt, drove in but his layup rolled off the hoops. Hudson Ray missed a closein shot and another Dewalt try failed. In the meantime Bears collected two free throws and a last two-second bucket by Fitzgerald, to seal the verdict.

A jammed - in audience that packed the little gymnasium to its capacity was about the most vociferous this observer has heard for many a moon. During the last few minutes, it was literally bedlam.

The Chiefs were paced by Dewalt's 19 points, high for the game. Ray and Diehm (who hit 8 straight free throws), each had 10. For the Bears it was McMeekins with 16, Hill, Wussels and Fitzgerald, with 10 each. Fitzgerald, a speedy quick shooting guard, broke the Chiefs' back in the final period, with three baskets in three tries, all at strategic times.

Pontiac's lack of consistent rebounding and defensive floor play was in marked contrast to the play against Flint Central last weekend. Much of the scoring trouble for PHS was due to the inability to find room for maneuvering an offense pattern. However, in the final analysis, it was the overall scrappiness of the Parkers, a trait that has sent this club far each year in MHSAA tourney play, that really turned in the victory.

Pontiac now turns to preparations for the last Valley road trip of the year. It tangles with Bay City Central and should add that one to the win column.

Irish Junior Varsity Wins 1st Round Game

Royal Oak St. Mary's reserves defeated St. Benedict, 55-46, in the Suburban Catholic League's 1st round Junior Varsity basketball playoff last night at the Royal Oak Shrine gym.

The contest preceded the St. Michael-St. Benedict championship headliner. The Irish now face Orchard Lake's Eaglets for the JV title, but no date has been set.

Louie's Quintet Triumphs but Independents Protest

Louie's Tavern defeated the Independents, 69-62, in an adult National League basketball attraction Tuesday night at Jefferson Junior High. But the Tavern quintet doesn't know yet if the victory is official.

Jim Douglas, who played for Louie's last night, stirred up a little controversy inasmuch as he had been a member of the Phil's Inn squad. The Independents havep rotested the game to city league officials, claiming that Douglas had not been officially released by Phil's.

Regardless of the outcome of the protest Louie's outscored the opponent on the floor. Bill Newman was the kingpin for the Tavern five with 24 points, but the losers' Merl Taulbee took scoring honors with 32.

Mel Karrigan dumped in 18 points as the Trojans measured Phil's Inn, 67-42, in the adult National loop opener. Al King chalked up 27 for Phil's.

The Police Association strengthened its grip on 1st place in the Class D American circuit with a 56-42 win over runner-up Boys Club at Eastern's gym. Five Wolverines scored in double figures during their 84-27 rout of the Lakesiders.

In 'D' National division action Slaybaugh's bested Pulver Tire, 43-37, and the Aces advanced within a game of the top by pasting Central, 56-29.

Tonight's activity pairs Shaw's Jewelers-Stadium Inn and Sun Life-GMC at Pontiac High along with Meteors-Hot Shots and Spartans-Lakers in Class D at Lincoln.

Mikes Trounced in Playoff Title Game

By BILL CORNWELL

Playing 32 minutes of basketball in superb styel, the Ravens of Highland Park St. Benedict annexed the Suburban Catholic League crown Tuesday night at the Royal Oak Shrine gymnasium.

* * *

Art Massucci's Bens handed St. Michael a severe trouncing in their championship playoff and nearly ran the Shamrocks off the floor in the process.

The score was 60-36.

Victory entitles the Ravens to represent the SCL against seven other Catholic division champions in the parochial high school tournament, which starts Sun-tournament, which starts Sun-Memorial building.

Last night's triumph also snapped a St. Michael jinx which had seen Bob Mineweaser's team lick the Ravens three straight times—twice this season and in last year's title playoff.

* * *

The Shamrocks were never in the picture. They grabbed an early 4-0 lead, but once the Bens got rolling the northsiders were completely outplayed and outclassed. For the 2nd consecutive game ace forward John Keller was limited to four points and no Shamrock was able to hit double figures.

Employing an aggressive attack and an alert defense, the Bens outscored the Mikes in every quarter with a 19-point flurry in the 4th period their best effort.

Larry Gacki spearheaded the Ravens high-geared attack. The sharp-shooting sophomore dumped in 26 points, most of them coming from the pivot area on one-handed jump shots. Forward Harold Ederer followed Gacki with 15 points.

ST. FRED'S RALLY SHORT

Mt. Clemens St. Mary defeated St. Frederick's basketball team for the 2nd time this season, but the going was rougher in the return bout.

A last-half rally fell short and the Rams bowed, 47-43, in the St. Fred gymnasium. St. Mary won the 1st encounter at Mt. Clemens, 76-50.

The Rams led at the close of the opening quarter, 10-8, but a miserable 2nd period which saw them collect only four points created a 24-14 halftime deficit, a margin they could never erase.

Gene Wright's cagers outscored the visitors in each of the last two stanzas, but could get no closer than three points at any time. The loss gives the Rams an overall record of 6-6.

* * *

St Fred's Dick Doyan took scoring honors with four field goals and 18 free throws for 26 points. Frank Schwark topped St. Mary with 20.

Tom Derocher scored 16 points and Dick Nickerson 14 as the St. Fred Junior Varsity upset the Mt. Clemens reserves, 36-30. It was the 1st loss for St. Mary's JV quintet.

Jerry Hall bucketed 20 points to lead the Irish of Royal Oak St. Mary to a 46-40 win over Notre Dame in a non-league game at Harper Woods.

Two Players Hit Over 40 Points

Avondale Rips Orion, 96-76; Keego Beaten, 87-74

The basket — and Lake Orion — took a beating last night at Avondale.

Jerry Paul poured 41 points through the hoop to spark the Yellow Jackets to a 96-76 victory over Lake Orion in a high-scoring Oakland B fracas, moving the winners into a tie for 2nd place with idle Madison.

Paul fell two points shy of equaling his single game high for the season. The Jacket ace pumped in 15 buckets and 11 foul shots as Dick Bye's cagers outscored the Dragons in every quarter except the 4th. Nick Niera and Jim Drake, a pair of sophomores, led Orion with 29 and 22 points respectively.

Ten Avondale players broke into the scoring column as the Jackets posted their 7th loop win in 10 games. It was setback No. 8 for the Dragons.

Fitzgerald maintained a firm grip on 1st place by shellacking invading Roseville, 75-44.

All five starters for the Oakland B pace-setters tallied double figures with John Andros tops on 13 as they rebounded impressively from last Friday's upset by Troy. Roseville's Len Martyniak took scoring laurels with 24 points.

Two free throws by Dick Kulp with only nine seconds remaining handed Clawson a 55-53 decision over Troy in a nip-and-tuck Oakland B thriller at Clawson.

Wayne-Oakland

Clarkston's fired-up basketball team threw a scare into powerful Milford last night before being subdued, 79-58, in a Wayne-Oakland battle at Milford.

The league-leading Redskins were surprised to find themselves trailing at halftime, 45-44, but they collected their forces to win going away for victory No. 10 without defeat.

Jim Davidson sparked the Redskins with 27 points while Dick Lippert was tops for the Wolves with 19.

Clayton Pethers, a sophomore, burned the meshes for 42 points as Northville whipped West Bloomfield in a W-O scrap at Keego Harbor, 87-74.

Pethers collected 17 baskets and eight charity tosses to set a school individual single game scoring mark. Northville's 87 points established a team record.

George Deacon and Frank Rogers were high for the Lakers with 21 and 20 points respectively.

* * *

Roger Voorheis was Holly's sparkplug with 23 points as the Broncos outscored visiting Clarenceville, 77-64, for their 1st Wayne-Oakland victory of the season.

Bi-County

Utica's basketball team virtually wrapped up the Bi-County League title Tuesday night with a 66-56 victory over runner-up Center Line at Utica.

It was the 9th league win without loss for the Chieftains and the 3rd setback in 10 starts for the visitors.

Three Utica cagers scored in double figures, headed by Dick Cole's 22 points. Bob Wright led Center Line with 17.

In other Bi-County games Warren trounced South Lake, 65-50, and Lake Shore downed Lakeview, 79-66.

Other Games

North Branch rolled to its 12th win of the season against a single loss and New Haven upended Romeo in area basketball games Tuesday night.

The Broncos compiled a 50-31 lead after three quarters and coasted to a 60-54 triumph over Capac on the latter's floor. Jim Chernnko scored 18 points in a losing cause and John Ribner paced North Branch with 17.

Romeo's Bulldogs blew a 20-8 1st-period advantage and bowed to visiting New Haven, 71-63. Rusty Alexy was the big gun for New Haven with 26 points and Howard Craig netted 20 to top the Bulldogs.

* * *

Berkley, co-leader of the Inter-Lakes League, trimmed Ferndale, 54-46, in a non-loop basketball game Tuesday night at Berkley. The win avenged an earlier 32-29 loss to the EML Railsplitters.

Bruce Gentile sparked the Bears with 16 points while Jerry Fry and Earl McNeal each tallied 16 for Ferndale.

Willow Run handed Hazel Park a 70-42 drubbing at Willow Run. It was the 10th setback in 11 games for the Vikings.

Count Mueller Out Outside of Ropes

PORTLAND, Ore. (AP) — Peter Mueller, the German middleweight, took a header through the ropes and was counted out last night in the fifth round of a main event boxing bout with Jimmy Martinez, 160, Phoenix.

Mueller, who weighed 162, said later he tripped over Martinez' foot, sailed through the ropes and was knocked unconscious when he landed on his head on boards beyond the ring apron. He said his right shoulder also was hurt. He was taken to a hospital for examination.

Six Winners Determined for Roller Skate Tests

A half dozen winners were selected as a result of the 2nd roller-skating races at Rolladium, last weekend. Races were in the 3rd period of competition and the winners were:

Boys—Class A, Jack Comas; Class B, Art Rouse and Class C, Gary Hudson.

Girls—Class A, Diane Clouse; Class B, Sandy Smith and Class C, Patty Blazak.

Flam Up to Semi-Finals

MANILA (AP)—Herbie Flam of Beverly Hills, Calif., advanced to the semifinals of the Philippines National Open Tennis Championships today. He defeated Ruben Escobal, Manila 6-0, 6-4, 6-1.

Feller in New Role as Tribe Grievance Man

CLEVELAND (AP)—The Cleveland Indians today gave new responsibilities to pitcher Bob Feller as player-representative.

General Manager Hank Greenberg said he intends to turn over to Feller problems arising between the players and the club.

The player-representative in the past has brought players' gripes to management's attention but to use him as an intermediary in front office squawks is an innovation for the Indians.

"As I see this thing it's a two-way street," Greenberg said.

Feller, in Clermont, Fla., for a vacation, said he approves of Greenberg's plan.

Port Huron JC Beats Flint for First Time

PORT HURON (AP) — Led by Bill Ameel's 18 points, Port Huron J. C. upended Flint J. C. 81-75 last night for its first basketball victory over Flint in the history of their rivalary.

Port Huron came from 19 points behind to take their sixth junior college conference game in 12 contests. The defeat left Flint with an 8-2 record, still tops in the conference.

It's Hot Stove League Time and— You're the Manager

(Eighth of a Series)

There were no weak spots in Brooklyn's batting order last season. The tail-end was almost as strong as the front part of the order.

Following is a situation involving the bottom of the Dodgers' array. Manager Walt Alston's strategy enabled the Brooks to win an extra-inning game against Milwaukee.

ALSTON

Test your managerial IQ on this one.

(R) stands for a righthanded batter or pitcher and (L) for a lefthanded pitcher.

The Dodgers and Braves are tied 3-3 in the top of the 10th inning at Milwaukee. Ernie Johnson (R) is on the mound for the home team. Junior Gilliam opens with a walk. Carl Furillo (R) is the next Brooklyn batter with Don Zimmer (R) and pitcher Karl Spooner (R) to follow.

Would you:

A. Let Gilliam try a steal of second?

B. Order Furillo to sacrifice?

C. Let Furillo swing away?

D. Try a hit-and-run?

Result: C—Furillo swung away and belted a single to left. Gilliam stopping at second. A sacrifice and error followed and Gilliam scored the decisive run. Brooks won 4-3 (Aug. 2).

NOW BOTH ARE Detergent GASOLINES

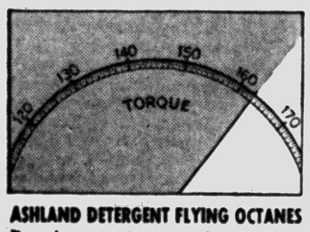
PREMIUM USERS

Detergent Ashland Ethyl is tops for *all* late model cars. Reason: today's high compression engines demand an *Ethyl* gasoline. Ashland Ethyl is not only detergent, it's compounded with ICA* POWER TONIC to stop spark plug fouling, pre-ignition and knock. Yes, Ashland Ethyl is detergent . . . *plus!*

REGULAR USERS

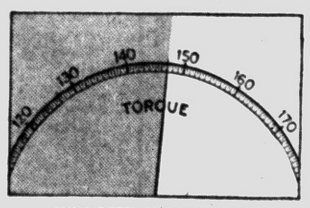
If your car can use regular, buy only Ashland Flying Octanes—it is the regular that's different, it's detergent! It restores pep, power and performance, tankful after tankful.

BOTH drive out engine dirt!



ASHLAND DETERGENT FLYING OCTANES

Proved power gain measured on the Dynamometer, the nationally accepted scientific measurement for engine power. Thanks to detergent Flying Octanes, harmful engine dirt is driven out while you drive. Result: increased power, smoother performance, a better engine.



NON-DETERGENT REGULAR

Here's proved power loss measured on the same Dynamometer when harmful engine dirt from non-detergent gasolines builds up as you drive, robs you of engine power mile by mile. This actual power loss was measured with the engine developing maximum power, operating at a constant speed.

Tigers Open Rookie Camp

Bucky Harris Sorts Through 54 Candidates

Expect Youth Movement to Lift Detroit Into First Division

LAKELAND, Fla. (AP)—The Detroit Tigers' youth movement took a logical turn today. The club opened its first spring rookie camp.

The Tigers have been relying on young players ever since their dismal last-place finish in 1952, but this is their first organized effort to check over the young hopefuls prior to their regular spring training camp.

* * *

Manager Bucky Harris and enough assistants to form an "old-timers nine" will sort through 54 candidates of varying talents, looking for one or two genuine prospects who could lift the Tigers into first division.

This won't be an entirely "new faces of '56" production. Some of the athletes are quite well known to the Tiger brass and at least one, bonus player Reno Bertoia, has been around Briggs Stadium for more than two full seasons.

* * *

Bertoia will be trying to convince his bosses that he's picked up enough savvy in workouts and benchwarming to become an honest-to-goodness candidate for the second base job.

And then there will be J. W. Porter. Boomed last spring as a "can't miss" youngster, Porter got all tangled up trying to play first base, the outfield and catch and landed in the minors.

* * *

This year he's back, presumably as a catcher. If he hits, he'll probably stick.

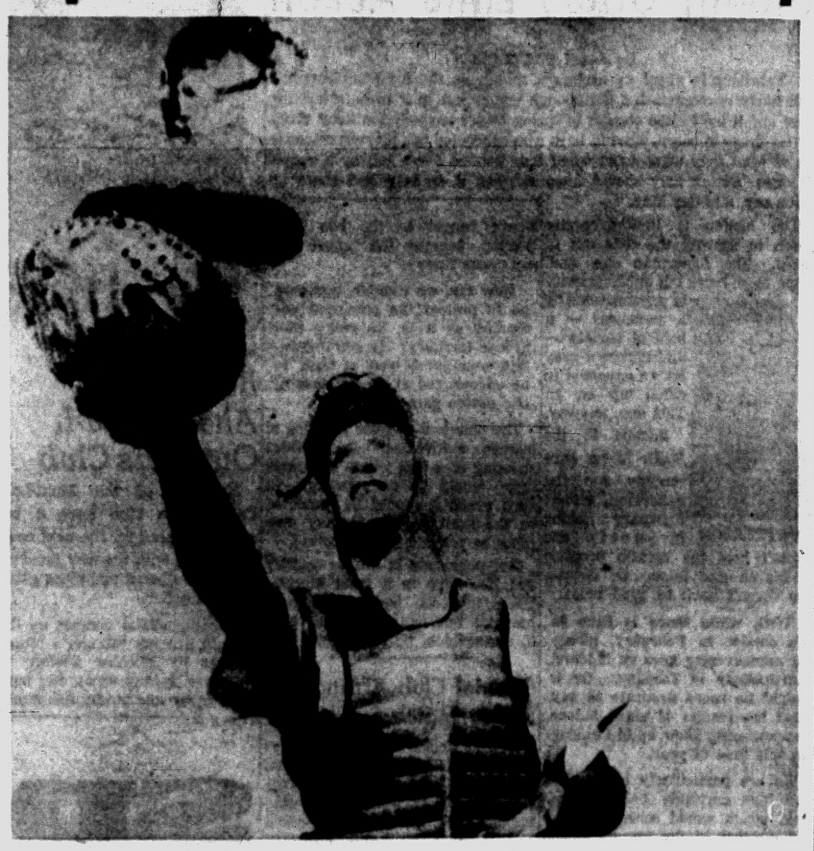
Harris also hopes to find a pitcher or two from his stock of 29 throwers. Among the cast are Ted Richardson and Joe Presko, almost midgets at 5-9½, and 26 men 6 feet tall or more.

* * *

General Manager Muddy Ruel says he likes the looks of Malcolm Simmons, a pitcher with a 17-9 record at Durham, N.C., last season, and Tom Sarna, an infielder up from Augusta, Ga. Sarna played third base at Augusta but will be tried at first by the Tigers.

The schedule calls for three-hour drills, from 9 a.m. to noon, for the rest of the week with intra-squad games starting next Monday.

The club is using a former air base, about a mile from Henley Field, its usual spring home, where regular drills open March 1.



TIGER TURNS JUGGLER—J. W. Porter, listed on Detroit Tigers' roster as a catcher, makes like a juggler as he flips catcher's mitt, first baseman's glove, and outfielder's glove after reporting to club's training camp today. Rookie workouts got under way and Porter is wondering just what position he will play since he divided his time between first base and the outfield with Buffalo and Little Rock in the minors last season.

Del Mar Announces Increase in Purses

DEL MAR, Calif. (AP)—The Del Mar Turf Club announced today that purses would be increased for the 1957 running of the Del Mar Futurity and the Debutante, for fillies.

Don Smith, president and general manager, said the Futurity would be increased $10,000 to $40,000 added and should gross $65,000. The Debutante will be increased $5,000 to $20,000 added and should gross $40,000.

Bowling Clinic

By BILLY SIXTY

HOLD BALL HIGHER—Milwaukee's Arlie Wilson demonstrates that age should have no effect on one's ball speed—with a simple adjustment. At 69, Wilson still averages well over 200. It's the push-away that does it, and it can do it for you if you're over 50 and your speed is waning.

Wilson used to hold the ball at waist level and had a pronounced crouch. Now he is erect to begin with, as sketch shows, with the ball held above waist level, and in the palm of his left hand. This is important: As he steps out with his left foot (4-step stride) he

moves the shoulders forward in perfect timing with the push-away of the ball and the short, slow first step.

It's a mistake to try for extra speed by rushing your footwork and hurrying your swing. That makes work of bowling; takes the fun out of it. Hold the ball higher, push it outward to full arm's length, let it swing freely, and you'll maintain all the speed that's needed to send the pins spilling. It may be a little clumsy at first to change your style to a more upright stance, but you'll swing into it smoothly in a few dozen games—and it will pay off. Don't let age force you to the sidelines when this simple adjustment can keep you in fine form.

(Copyright 1956, John F. Dille Co.)

In his pro football career, Otto Graham of the Browns has completed 55.8 per cent of his passes.

Tom McDonald, Sooner junior backfield ace, scored 96 points for Oklahoma during the regular 1955 football season.

U.S. Will Help in Restoration of Lake Trout

McKay Says Restocking of Great Lakes Should Be Done Early

WASHINGTON (AP)—Secretary of the interior McKay says that part of the fish propagation program of the Fish and Wildlife Service relates to restoration of lake trout in the Great Lakes.

In testimony before a house appropriations subcommittee made public Tuesday, McKay said:

"From all information available, immature lake trout seem to be immune from sea-lamprey attacks during their 1st three years of life and an early restocking of the lakes should be made to permit recovery of the lake trout populations when the sea-lamprey control has become most effective."

The United States and Canada have a treaty for joint action against the sea-lamprey in the Great Lakes. The sea-lamprey is an eel-like predator which has nearly eliminated lake trout from some of the Great Lakes.

PHS Jayvees Drop Hot Battle, 66-63

In much the same manner in which the PHS varsity cagers bowed to Highland Park's club, Tuesday night, the Little Chiefs were outscored in the preliminary 66-63.

Three minutes from the end of the game, Fred Zittel's team was in front, 63-60. Then the Little Bears grabbed two baskets and a pair of gift shots to roll ahead for the victory.

Dick Whitmer had his best night at the twines, getting a big 27-point total, shooting a phenomenal 70 per cent of his shots. He was tops for the game.

Toy Poodle 1st of Breed to Win Westminster Title

NEW YORK (AP) — Ch. Wilber White Swan, an almost invisible bundle of fluff, ruled the dog world today.

This tiny toy poodle, who weighs in at six pounds, fur and all, went best in show at the gigantic Westminster Kennel Club event in Madison Square Garden last night, and thereby broke a tradition of almost a half century.

* * *

Never before since the Westminster has been awarded best-in-show, has a member of the toy group been sent to the top. They've taken a couple of best-American-bred prizes when a foreign dog has won. But never the best-in-show. Too insignificant.

OCSC's Rifle Team Divides Gallery Match

Oakland County Sportsmen's Rifle Club and the Ford club divides honors in last night's gallery match at the Ford range in Dearborn.

OCSC's top five won the handicap portion of the shoot 1042 to 996. Ford's five checked in the actual test with a good 957, paced by E. Y. Wu's 195.

OCSC's actual score; Nancy Newman 195; K. Danielson 186; John Treeful, 188; M. LaParle 187 and C. Burck 186. Others for Ford's were; D. Lauty 188; R. Perschke 191; H. Stoughton, 192; M. Thorson 191.

Handicap scores: OCSC — Newman 205; C. Garbutt 214; I. Vitasinki, 205; J. Bennett 206; D. Bennett 212. For Dearborn — W. Bakewell 199; K. Casper 198; H. Stoughton 200; M. Thorson 199 and Wu, 200.

Fear Starvation for State Deer

TRAVERSE CITY (AP) — Many deer in Michigan's north country are faced with starvation in the weeks ahead, Ford Kellum, district game supervisor of the state conservation department, said today.

Kellum said deep snow covered by a thick, hard crust has made it difficult for deer to forage for food in wooded areas. One deer was found dead of starvation in Grand Traverse county, he said, the 1st reported in the county since 1949. Another was reported in adjoining Kalkaska county.

Kellum said the period between now and mid-April will be crucial for the deer herd.

Woodsmen in some area, he said, reported hungry deer fed off the tops of felled trees while the woodsmen were still chopping at the bases.

Hunters, Anglers Find This Month Offers Little Action

By JACK PATTERSON

February is about as useless a month as the local outdoorsman will likely encounter. It's got enough winter left in it to be a howling bore and it isn't close enough to spring to get anybody too itchy about better times to come. The old boys who concocted our present calendar knew what they were doing when they bobbed Feb's tail by a couple of days. Better they should have skipped it entirely and come up with, say, a 58-day May.

The hunter is limited pretty much to scaring the wits out of foxes. The fisherman can spud some more holes but either activity is accompanied by a sameness — a lack of variety — that makes it easy for an exponent to catch up on it. This one, anyway.

PATTERSON

Escape to the South is no sure remedy for the fisherman, either. February fishing is spotty and doesn't hold the certain promise of March and later. Of course, one doesn't have to spud holes.

Well, while there is little to do outside in February, plenty of maneuvering goes on indoors, particularly in Lansing. Or it might be more accurate to say that the results of much indoor maneuvering show up in Lansing at this time of year.

We are particularly in mind of two bills currently being considered which would serve to move the opening of the grouse season back to coincide with the opening on pheasants, in the northern part of the lower peninsula.

* * *

This might be useful if it were a factor in improving the grouse situation, but it is not.

The only reason we have seen expressed for a move that would seriously handicap the grouse hunter and be of little use in aiding grouse is that pheasants are frequently illegally taken in areas where ranges of the two birds overlap, because the grouse season opens first.

How far, we wonder, must we go to protect the pheasant, extending as it is, its range into grouse territory? Is this import, this semi-game bird at best, to be encouraged at the expense of our native game?

The pheasant has use in areas of intense cultivation. It provides shooting of a sort where otherwise there would be no shooting. In such areas it should be protected to the limit so that it may continue to provide such shooting.

But pheasants in grouse country are like carp in a trout stream. Their presence isn't particularly harmful but neither should they, in our opinion, be encouraged.

Spaniel Club Arranges Puppy Match Sunday

Detroit Cocker Spaniel Club has arranged to hold a puppy match Sunday, Feb. 19, (2 p.m.) at Croatian Hall, 201 W. 7-Mile Rd. Cocker puppies eligible for this match must be between 2 and 12 months old.

Don Patterson will judge the match, for which entry blanks may be secured at the door, day of the event.

Busy Period Ahead of M-L Outdoors Club

Members of the Multi-Lakes Conservation Club have a busy schedule ahead for the next couple of months, with the new president, Raymond Chabot and aides getting into full action.

Among affairs coming up this month are the "Hunter's Moon" movie by Howard Shelley tonight; a turkey shoot, fox hunt, fish derby and family fish dinner on Feb. 26, and the MRA sectional rifle shoot (2 days) starting March 17.

Chabot was installed recently, along with other 1956 officers as follows: Walter M. Peters, vice president; Thomas Crane, treasurer; secretary, Herbert H. Harvey; membership secretary, Edwin Olsen. George Welbon is chairman of the board.

Spring Puppy Match Held This Weekend

Michigan Boxer Club will hold its spring puppy match Sunday, at May's Barn, Rochester road, north of 16 Mile road. Any registered boxer 2 to 12 months old is eligible. Trophies will be given for the 1st 4 places in each class.

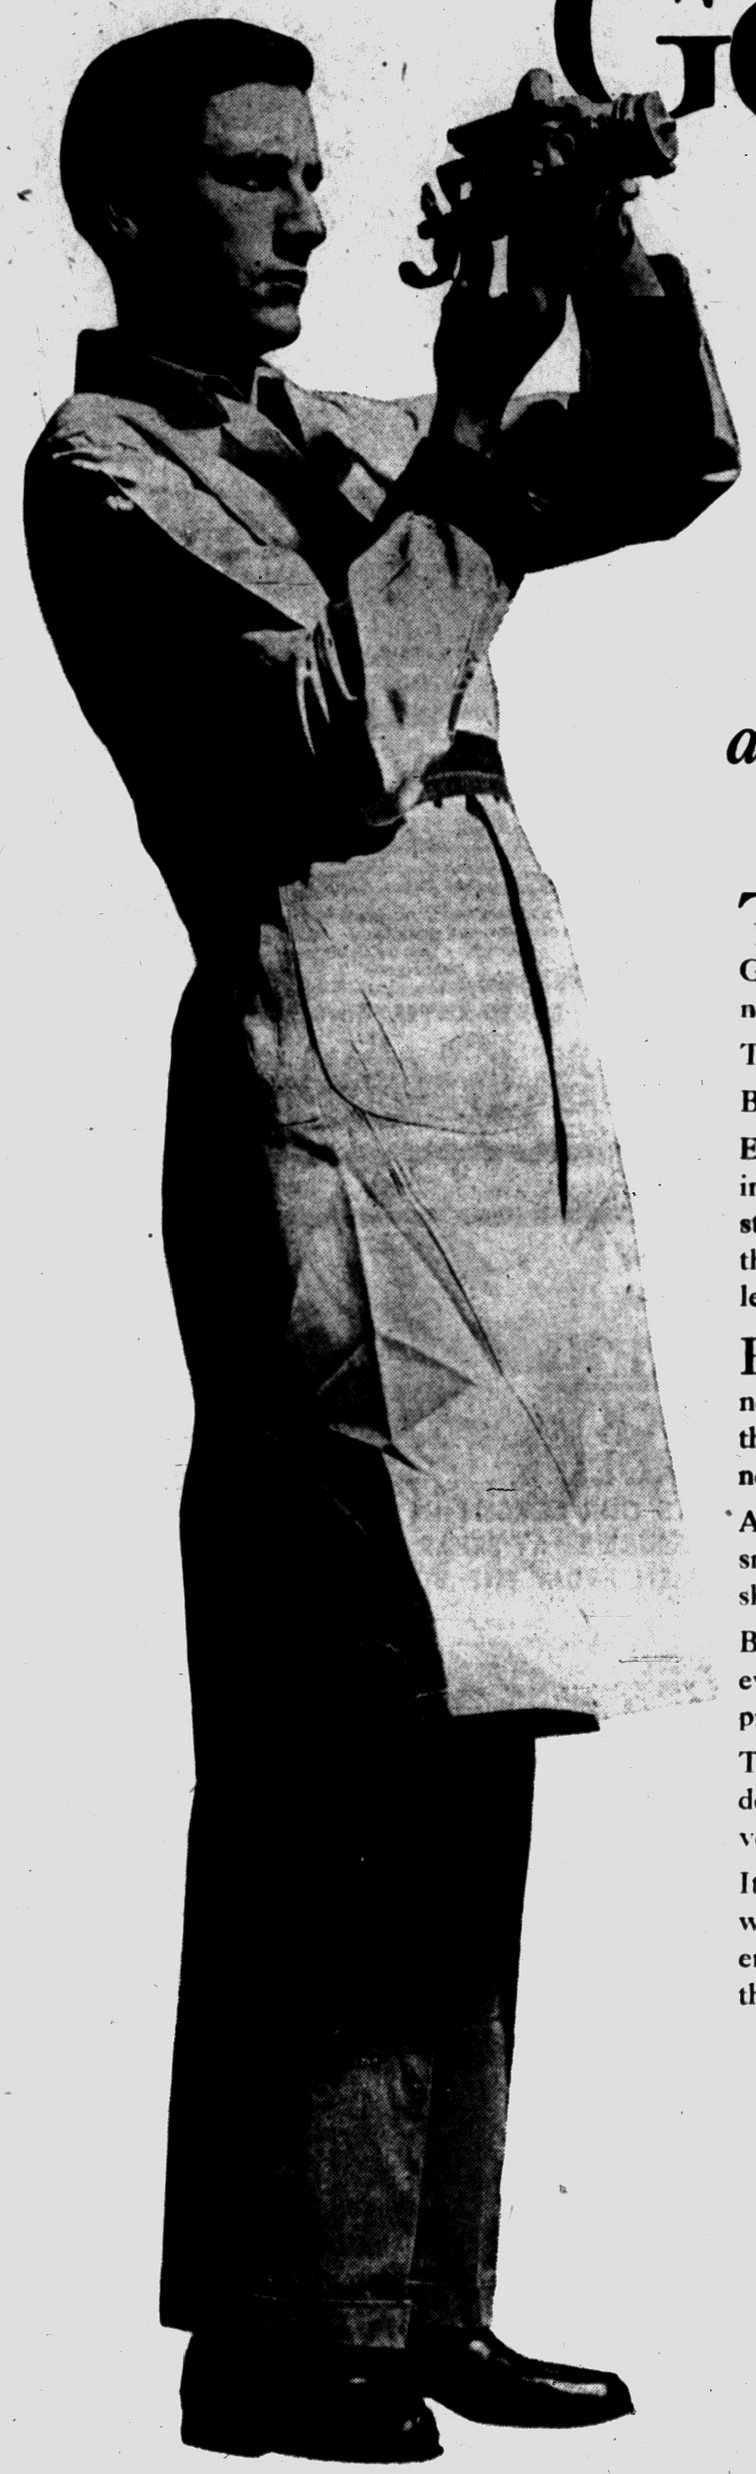
What's new in General Motors Cars?



He and some 20,000 others are getting special mechanical training each month

THE GENERAL MOTORS MOTORAMA, now touring the country, gives vivid evidence of the fact that General Motors leads the way in the development of new safety, convenience and performance features.

They sparkle with advanced engineering developments.

But have you ever thought of this?

Every time the engineers come up with a new advance in automatic transmissions—or power brakes—or power steering—or V8 engine design—or air conditioning—thousands of dealer mechanics have new things to learn.

Even a veteran mechanic needs to know how these new features are built—how they operate—how to take them apart and put them together expertly when they need service attention.

Automobile manufacturers, of course, have tried—in a small way—to pass on this information for years, with shop manuals and training classes.

But never before has there been anything which can even approach the General Motors Training Center program launched last year.

This involved building thirty brand-new, specially designed and specially equipped training centers, conveniently spread throughout the country.

It involved providing specially trained instructors, and well-equipped classrooms, where the mechanics enrolled can actually perform every service operation themselves.

And it involved getting dealers to recognize the advantages of this training. *But that was easy.*

After all, General Motors dealers are good businessmen. They know the advantage of giving their customers the finest possible service.

So from the day the first Training Center was completed, it was crowded to capacity.

By the end of the year, when all thirty Centers were in operation, enrollment for the year had topped 100,000.

And now—as we start a new year with all Centers in operation—registrations are coming in at a rate which runs 20,000 a month.

This is one more reason why the 16,957 General Motors dealers throughout America have such a leadership in sales. They know that success smiles on those who deserve it.

Fliers Bail Out of Disabled Jet

Bomber's Landing Gear Becomes Faulty During Flight in California

EDWARDS, Calif. (UP)—After circling for four tense hours, three Navy airmen bailed out rather than crash-land their disabled jet bomber on the Mojave Desert yesterday.

The three parachuted safely and the two-million-dollar A3D jet was shot down by three Air Force F100s as it flew pilotless about 20 miles north of here.

* * *

The plane's landing gear stuck soon after taking off on a ferry flight from Los Aneles to Patuxent River, Md. The gear could not be lowered and the pilot, Lt. W. B. McGinty, Norman, Okla., said he would try a belly landing on Muroc Dry Lake.

Crash trucks stood by as the plane circled to use up fuel so that the possibility of fire would be lessened. Observer planes flew alongside as ground experts offered advice by radio to the tense airmen.

* * *

Metal panels, apparently landing gear covers, continued to drop off and finally the fliers decided to abandon ship.

"Evidently some of the falling gear damaged the horizontal stabilizer," McGinty later explained. "So I felt it was not safe to attempt a belly landing."

The other airmen were Lt. Kenneth L. Mellin, Alexandria, Minn., copilot, and Aviation Machinist's Mate 3.C. C. W. Huffines, Gainesboro, Tenn. All were unhurt. The three are stationed at Patuxent River Naval Air Station.

House Group Plans Red Infiltration Quiz

WASHINGTON (UP) — The House Committee on Un-American Activities plans to question several federal employes in an effort to find out if "there is any present infiltration of the government service by the Communist party."

* * *

Announcing this today, Committee Chairman Walter (D-Pa) cautioned that "it would be premature for any conclusions to be drawn at this time that there exists today in the federal service any number of Communist party members."

Walter said in a statement the hearings "will reveal a situation that existed in the federal government service by the Communist party; to this end, the committee intends to interrogate several present employes of the federal government."

* * *

Walter said the hearings were expected to reveal the past existence of at least 10 Communist cells in government agencies.

Bay City Man Killed While Walking on Road

BAY CITY (UP) — John McGillen, 58, was struck and killed by a car last night while walking along a rural Bay County road near his home in Linwood, 15 miles northwest of Bay City.

The driver, Edward J. Sequin, 20, of Crump, told deputies he was blinded by lights of another car and didn't see McGillen in time.

Bette and Gary Negotiate for 'The Angel Manager'

By LOUELLA O. PARSONS

HOLLYWOOD (INS)—That was no idle jest on the part of Bette Davis and Gary Merrill when recently they said they would make an independent film together. At this writing they are negotiating for "The Angel Manager," by John Beraddino and Sheldon E. Bonnewell, the story of a nun who trains the boys in an orphanage to become Little League baseball players.

Bette and Gary are especially interested because the picture will be made on their home ground in Maine.

I'll tell you a little secret: Jayne Mansfield was tested in New York about a week ago for John Steinbeck's play, "Wayward Bus."

Out at 20th Century-Fox they're all very high on Jayne, and it looks very much as if she'll get an exclusive contract at that studio.

After all, Marilyn Monroe is only making four pictures in four years on a non-exclusive deal, and Jayne looks like Marilyn without even trying.

ANITA ARRIVING

A cable John Farrow received from Anita Ekberg states she'll arrive in New York Friday and plane to the coast Monday morning to confer with him about her role in "Back From Eternity."

The cast Johnny has lined up sounds like the "Grand Hotel" of airplane stories. Phyllis Kirk has just been signed to emote with Roebrt Ryan, Rod Steiger, Keith Andes and Anita.

Somebody just back from Europe said that it's amazing the fame Anita has in Europe. People point her out on the streets and everyone knows her. This all happened after she made "War and Peace" in Rome.

One of the prettiest girls in this town is Barbara Rush, who was one of Universal-International's top actresses until she decided to free lance.

Her first job in that direction is with the new company of Vic Orsatti and Joseph Newman. Vic signed her to play opposite Rory Calhoun in "Flight to Hong Kong." Vic's own pretty, blonde wife, Dolores Dolan, has one of the feature roles.

Snapshots of Hollywood collected at random: My friend Marie Wilson and Bob Fallon, who recently adopted a baby boy, are now shopping around for a little girl.

Narcotics User Forgetfully Cures Self in Jail

KANSAS CITY (AP)—An admitted narcotics user who was "sort of forgotten" spent 18 months in jail without trial, the county prosecutor says.

Charges of possessing marijuana against Melle John Ecton were dismissed at the request of Prosecutor Richard K. Phelps.

Phelps told the Circuit Court that Ecton's case "in some way got put on the hold docket" rather than a regular docket.

"Ecton has been sort of forgotten," Phelps said. "He used the drug and he tells me he now is cured of addiction."

* * *

Ecton's attorney died after his arrest in August 1954. No one at the jail could recall whether Ecton ever asked about his length of stay.

After the case was dismissed today, Ecton was still held pending action in connection with a mental examination for the prisoner.

Selling Knocks Grains Lower

CHICAGO (AP) — Moderate selling pressure knocked grains lower on the Board of Trade today. Losses ran from fractions to a little more than a cent.

* * *

Dealings were fairly active with the market getting good support on the decline. Brokers thought some of the selling was based on the medical report concerning President Eisenhower's physical condition.

Wheat near the end of the first hour was ½ to 1⅛ lower, March $2.15½; corn ⅛ to ⅜ lower, March $1.30; oats ¼ lower to ⅛ higher March 61⅞; rye ¼ to 1 cent lower, March $1.21¼; soybeans ½ to ¾ lower, March $2.48, and lard 2 to 5 cents a hundred pounds lower, March $11.50.

Ike Health News Sends Stock Up

NEW YORK (AP)—Active trading and gains of 1 to 4 points prevailed in the stock market in early afternoon today.

The market responded with a vigorous upward leap to the encouraging report from President Eisenhower's physicians.

Steels, motors, aircrafts, coppers and most oils were strong following the medical report that the President's health should enable him to carry on actively "for another 5 to 10 years."

* * *

The Associated Press average of 60 stocks rose $2.50 at noon to $175.50, with the industrials up $4.30, the rails $1.80 and the utilities 50 cents.

Volume for the day was estimated at about 3,000,000 shares compared with $1,590,000 yesterday.

* * *

In the early rush, leading stocks went ahead in heavy trading from 1 to 6 points and the ticker tape, which reports transactions, fell behind as much as three minutes, but it caught up within 40 minutes.

As the session wore on into the afternoon most of the gainers were below their best.

U.S. Steel and Bethlehem remained ahead around 2 points, shading their original gains of better than 3 points. General Motors was ahead a point, down fractional from its best.

Says GOP Lagging in Civil Rights Action

WASHINGTON (AP) — Sen. Humphrey (D-Minn) called on the Eisenhower administration today to "exercise its leadership rather than its lungs" in obtaining congressional action on civil rights legislation.

* * *

Humphrey, a supporter of Adlai E. Stevenson's bid for the Democratic presidential nomination, struck back at the contention of Vice President Nixon in a New York speech Monday that the Democrats have proved themselves "helpless and futile" in this field.

* * *

"We might make some substantial progress in the field of civil rights legislation in this Congress if we can get just a little help from Republicans," Humphrey said in an interview. "If we do, the administration will have to exercise its leadership rather than its lungs.

* * *

"I might remind the Republicans that during the 83rd Congress which they controlled a whole series of civil rights bills were introduced and I don't recall that a single one of them was ever brought up for action."

DETROIT (AP)—Nash Motors reported yesterday its retailers delivered 6,160 new cars last month. This was a 27.5 per cent increase over the comparable 1955 month, the company reported.

Sales of Hardtops Shine in Lagging Auto Market

By DAVID J. WILKIE
Associated Press Automotive Editor

DETROIT (AP)—Going over strongly in an otherwise lagging new car market right now are the auto industry's newest 4-door hardtops. These are the models in which there are no side-center posts above the belt line.

Twelve of the industry's current car builders are producing them in their 1956 lines.

Surveys indicate demand for these models is holding up well, with some retailers unable to make immediate deliveries. Many industry experts say flatly the 4-door hardtops some day will replace the conventional type of sedan.

It isn't much of a secret the manufacturers have had problems with hardtop production. Most manufacturers expected problems. They expected difficulties with glass and window installations and with hinging and latching doors on an entirely different type of body design.

These difficulties are being licked. All the car makers currently producing hardtops expect to increase the percentage of their output devoted to these models. The hardtops, with windows that can be lowered to leave both sides wholly open above the belt line, have more than ordinary eye-appeal.

The hardtop styling also appears to increase demand for power window lifts. This extra-cost option is being made available by all producers.

GM's Fisher Body Division developed the first of the 4-door hardtop bodies after successfully designing the 2-door model of the same type.

A major problem in developing the 4-door unit was achieving required rigidity in the shortened center upright that carries the door lock latches and also in maintaining proper balance of the car top supported only at front and rear ends.

Many months of tests preceded final introduction of the 4-door hardtops. They were considered one of the most revolutionary body changes since introduction of the first all-steel closed body.

Another revolutionary operation is being carried out by GM's Chevrolet Division in its new stamping and frame plant near Flint, Mich. Here a tube mill and an ingenious bending machine convert strip steel into tubing and then into 4-by-4½ inch box girders that form the body frame side members.

Earnings

Parke Davis & Co. has reported an increase of 12 per cent in net sales and 36.5 per cent in net earnings for 1955. The large pharmaceutical firm announced that net sales for last year totaled $123,113,244, compared with $109,936,424 for 1954. Net earnings equaled $2.92 a share last year, compared with $2.14 in 1954.

General Portland Cement Co. reports a new high in net profits for 1955 of $8,195,780, equal to $3.94 a share. The total compared with $6,833,256, or $3.28 a share in 1954.

Sunbeam Corp. has announced net income for the nine months ending Dec. 31 of $7,841,616, equal to $2.58 a share. Last year's similar period brought net profits of $4,832,201 or $1.59 a share.

Sylvania Electric Productions Inc. reports net income for 1955 reached $13,812,970, equal to $4.29 a share, compared with $9,480,941 or $2.92 a share in the previous year.

Name R. L. Ferguson to Fisher Body Post

The appointment of Russell L. Ferguson as production manager of Fisher Body's Hamilton, Ohio, stamping plant was announced today by E. J. Hanson, general manufacturing manager.

Ferguson replaces Danes W. Kenifeck who was recently named manager of the division's Pittsburgh, Pa., stamping plant.

Ferguson joined General Motors in 1930 as a foreman with the Pontiac Motor Co. In 1934 he transferred to Fisher Body as a tool and die foreman in the Pontiac Plant.

He became chief inspector of production standards in 1942, and in 1945 was promoted to shift plant superintendent. He was assigned to the Hamilton plant as master mechanic in 1947 and has been shift plant superintendent since 1947.

Chevrolet Top Seller in 1955, Says Survey

DETROIT (AP) — Chevrolet says final R.L. Polk & Co. figures place it first in the auto industry in 1955 passenger car sales by 67,405 cars.

Ford ran second.

The R. L. Polk figures usually are accepted by the industry as official. They cover new car registrations.

Chevrolet passenger car registrations totaled 1,640,681.

The 1954 sales race ended in a dispute between Chevrolet and Ford, the consistent production leaders. Ford claimed Chevrolet had registered many cars actually still held by dealers.

Ford made no announcement regarding the Polk figures.

City Woman Bruised in Two-Car Collision

Mrs. Mary Jane Bailey, 26, 137 W. Princeton Ave., suffered minor bruises in a two-car collision last night on W. Walton Blvd. near Stanley Ave., authorities in Pontiac General Hospital said.

A passenger with John J. Bailey, 28, same address, she was released after treatment.

Pontiac police reported Thomas M. Stokes, 37, of Rochester, drove his car across the center line and hit Bailey's car head-on.

In Memoriam 2

ALBERT LOUIS ASHBAUGH WHO passed away two years ago Feb. 13, 1954.
Always so true, unselfish and kind.
Few in this world, his equal you'll find.
A beautiful life that came to an end.
He died as he lived, everyone's friend.
Sadly missed by his Sister, Brother & children.

IN REMEMBRANCE OF OUR Mother Grace Copenhaver who departed this life 13 years ago, February 14, 1943. — The Family.

IN LOVING MEMORY OF OUR Son, Stephan A. Douglas III, who passed away Feb. 9, 1952.
The shock was sudden, the pain severe;
Little we thought that death was so near.
Our hearts still ache with sadness,
Our eyes shed many tears.
Thy purpose, Dear Lord, we cannot see.
But all is well if done by Thee.
Sadly missed by Mom and Dad
Brothers and Sisters.

IN LOVING MEMORY OF EDward S. Spencer Jr. who passed away February 12th 1949.
His smiling way and pleasant face,
Are a pleasure to recall.
He had a kindly word for each,
And died beloved by all.
Some day we hope to meet him.
Some day we know not when.
To clasp his hand in the better land,
Never to part again.
Sadly missed by father and mother.

IN LOVING MEMORY OF IRENE Tunny who passed away Feb. 13, 1954.
In our home she is fondly remembered.
Sweet memories cling to her name;
Those who loved her in life sincerely
Still love her in death just the same.
Mother and Dad Carry.

IN LOVING MEMORY OF OUR Mother Concetta Tenuta, who passed away February 9, 1952.
From this world of pain and sorrow
To the land of peace and rest;
God has taken you dear Mother,
Where you have found eternal rest.
Sadly missed by Sons and Daughter and families.

IN USED CARS
This Is the Question We Hear:

"Why is there a variation in price between identical cars that are offered by different dealers?"

There are two reasons for this. First, it is because no two used cars are identical. They may look a lot alike, but chances are the price is based on the condition of the car. The second reason is that some dealers operate on a larger volume of business than others. The larger volume dealer sells more cars at a lower mark-up. Hence, the smaller volume dealer has a higher mark-up because of the smaller amount of used cars sold.

Program Gains Big Following

Bandleader Attributes His Success to Mom and Melody

By CHARLES MERCER

NEW YORK (AP)—If someone has gone along for much of his life building—so to speak—a pretty good mousetrap, it's always pleasant to note the moment when the world begins beating a path to his door.

* * *

Take the case of Lawrence Welk, a calm and thoughtful 52-year-old accordion-playing bandleader who has been "discovered" the past few months by several million television viewers. The popularity rise of his Saturday evening hour of "Champagne Music" on ABC-TV is sensational—if not phenomenal.

OLD FORMULA

Actually, as long as his bosses would leave him alone, Welk has been playing the same kind of music for years in ballrooms, theaters and one-night stands the length and breadth of the country. How many million viewers constitute a TV "discovery"? Whatever the number, Welk happily now has them.

* * *

"Champagne Music" is smooth and has the flavor of a little age, as befitting a vintage wine. Welk, whose favorite beverage is milk, can't give you a specific formula for it any more than a French vintner can explain the specific chemical of the specific grape.

* * *

"I think," he said slowly the other morning "that mothers are the strongest audience in television. If Mom puts her okay on a program it has a better chance of being accepted by the rest of the family."

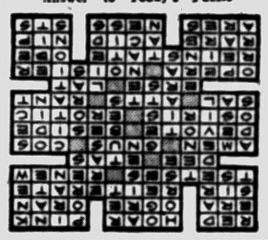
OK WITH MOM

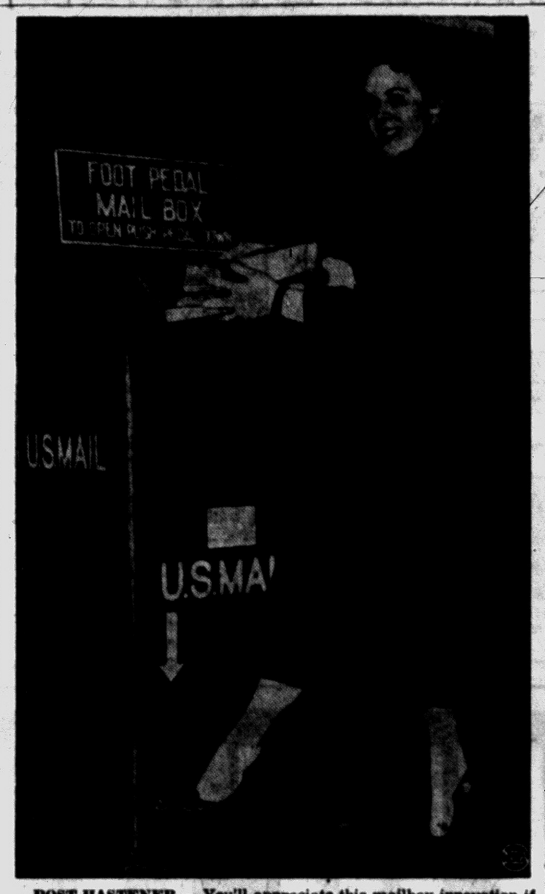
Well, Mom certainly has put her okay on the music of Welk and his band. But why?

* * *

"I think the human ear is untrained to take music as loud and modern and full as many bands have been playing it," says Welk. The easiest thing for people to understand is the melody. Perhaps many of us have made a mistake in the band business by ignoring peoples' wants and needs."

Answer to Today's Puzzle





POST HASTENER — You'll appreciate this mailbox innovation if you've ever tried opening a mailbox when your arms were loaded with packages. This mailbox at the Washington, D. C. airport features a foot pedal. You just step on the lever underneath the box and the lid comes down. If the idea proves worth while, more pedal-opener boxes will be considered.

Detroit Man Picked State Driver of Year

DETROIT (AP) — A Detroit truck driver who has logged nearly 700,000 miles in 26 years of driving is Michigan's Driver of the Year.

* * *

He is Herbert H. Wilson, 42, who operates a tractor-trailer truck for Cadillac division of General Motors Corp. He received the Driver of the Year trophy from Lt. Gov. Philip A. Hart at the Michigan Trucking Assn.'s annual banquet last night.

A $500 gift from Cadillac was among other awards.

Wilson was honored for his part in saving the life of Robert Rankin, 15, who was injured Aug. 4 in the collision of his bicycle and a car in Detroit. Wilson applied a tourniquet to a severed artery and accompanied the boy to a hospital.

Floyd J. Pemberton of Detroit, Michigan's Driver of the Year in 1954, later was named National Driver of the Year for rescuing two Ypsilanti women from their wrecked and burning automobile after a highway accident in Ohio.

Dr. White Going on TV —but for Medicos Only

BOSTON (AP) — Dr. Paul Dudley White, the Boston heart specialist who told the world about President Eisenhower's heart yesterday, is scheduled to go on television tonight, but only other doctors will see and hear him. He will be one of six physicians to discuss a phase of heart disease on a closed circuit television program beamed only to medical gatherings to 52 major cities from the New England Medical Center here. The program cannot be seen in the homes.

The Antarctic continent has 6,205,000 square miles.

Hal Boyle Says:

Most Men Fret About Becoming Baldies

NEW YORK (AP)—Things a columnist might never know if he didn't read his mail:

That nearly four out of five American men over 25 years of age are worried about losing their hair.

* * *

That while a majority of baldies think it would be a good idea for their bald friends to wear a toupee, they are afraid to do so themselves, mostly because of a fear of being kidded. But for some reason they don't feel President Eisenhower—or Adlai Stevenson, for that matter—should don a toupee.

MEN UNDER 40

That 76 per cent of the custom-made hair-pieces made by a major firm in this growing industry are bought by men under 40—and the biggest demand is for the Ivy League crew-cut style.

That you can be identified by your "brainprint" now as well as by your fingerprints. Medical research has established that the patterns of electrical energy given off by your brain are as individual as the whorls on your fingerprints.

That you can make money in the average tavern by betting no one at the bar can name the seven U. S. presidents who died or were assassinated while in office. They were W. H. Harrison, Taylor, Lincoln, Garfield, McKinley, Harding and Franklin D. Roosevelt.

That for all his height and great strength Abraham Lincoln was a light eater. For the benefit of the calorie-conscious, here is how "Old Abe" solved his food needs on a typical day: Breakfast, one egg, one cup of coffee; lunch, a biscuit, a glass of milk, an apple; dinner, soup, meat and potatoes. The only dessert he liked was homemade applie pie.

* * *

That although production of the "Tin Goose," Ford's famous trimotor aerial transport, ceased in 1932 many of these distinctive old planes are still in active service, particularly in Bush country.

That a man who boasts he is "double-jointed" doesn't know what he is bragging about. The ligaments that hold his bones together simply are looser than those of the ordinary person. If he actually had double joints, he would belong in a bottle at Harvard, along with other medical rarieties.

That Joe Miller never really wrote a joke book. Miller, an English comedian who died in 1738, was just as unoriginal as any of today's celebrated comics, who notoriously have to lean on hired gagsters for most of their laugh material. The joke book that bears Miller's name was written by John Mottley, a playwright of that day.

That Uncle Sam's "revenooers" are no more miffed at moonshiners than licensed distillers, who estimate that more than a fourth of the whisky consumed in America last year was turned out by tax-ducking illegal stills.

* * *

That traffic experts predict the nation's highways, jammed with more than 61 million vehicles now, will have to carry 80 million by the end of 1960. Free parking places should become top prizes on TV giveaway programs then.

That hearing aids concealed in eyeglasses are becoming commonplace now, but in 1890 many partly deaf men wore ear trumpets built into their hats.

* * *

That a new tourist sport in Turkey is to swim from Eruope to Asia. It can be done by paddling a mile and a half across the warm waters of the Bosphorous at Istanbul.

That there is still a lot of commonsense truth today in the old North Carolina folk saying, "Son, you better learn to cut your finger nails with your left hand, because some day you may lose your right."
