U. S. Offers to Return MIG15

POW's Welcome

United Press Photo

WIFE WAITING — 1st. Lt. Armando Arias, Los Angeles, repatriated POW, swings his wife off her feet in San Francisco as he steps off USNS Gen. Howze which brought back last batch of war prisoners.

But Ownership Must Be Proved; Bounty Stopped

North Korean Pilot Will Get His Reward With Asylum for Others

WASHINGTON (AP)—The United States today offered to return to its "rightful owner" the MIG15 jet plane flown into American lines by a North Korean pilot.

At the same time the Far East Command withdrew for the duration of peace talks the offer to pay $50,000 for MIGs delivered to the West.

The statement by Gen. Mark W. Clark, U. N. commander, had nothing to say directly about payment to the Korean pilot who delivered the first MIG last week.

Pentagon officials, however, noted that there was nothing in the Clark statement to make it retroactive. On that basis, the Korean would get his money—$50,000 for the plane plus another $50,000 bonus as the first to take up the U. S. offer.

Clark's statement, released simultaneously here and in Tokyo, said:

"The traditional policy of the United States of America to grant asylum to those seeking freedom remains unchanged.

"However, during this period of armistice duscussions the offer by the Far East Command on 27 April, 1953, to award $50,000 for undamaged MIGs brought to our side is withdrawn.

"When the rightful ownership of the MIG that recently landed at Kimpo has been established we will offer to turn it over to that owner."

The statement raised a question whether the MIG would be brought to the United States, as the Air Force had previously indicated be done.

In Tokyo, a spokesman for the Far East Command said he did not know how "rigntful" ownership of the MIG would be determined.

He said the pilot who brought the first MIG into South Korea "will get his $100,000 but any other Communist pilots would get only asylum and no money reward."

Honored

WALTER K. WILLMAN

GEORGE E. BEAN

Pontiac seems to be the proving ground for the nation's top city managers.

The present city manager and a former city manager yesterday were elected to top offices in the International City Managers Association, meeting in Los Angeles.

Walter K. Willman, Pontiac's manager, was elected vice president of the organization.

George E. Bean, former city manager, was elected president.

Bean left here to become city manager of Grand Rapids and recently has become city manager of Peoria, Ill. Willman came here from Port Huron to succeed Bean when the latter went to Grand Rapids.

French Launch Mop-Up Action in Indochina

Planes and Naval Units Join Troops in Battle With Vietminh

HANOI, Indochina (AP)—French Union troops supported by planes and armored and naval units at dawn launched a big mop-up action against the Communist-led Vietminh's "ambush capital" in the Red River delta, 30 miles southeast of Hanoi.

The French high command announced that "several battalions," possibly 5,000 troops, were driving against several Vietminh units which for a long time have been troublesome to the French within the vital defense bastion of the delta.

They have principally operated around the town of Hung Yen along the Red River where frequent enemy ambushes of French patrols has earned the sector the nickname "ambush capital."

Fighting was under way just northeast of Hung Yen.

Fighters and bombers were hitting hard at Vietminh troops. Naval units moving in the Red River shelled Vietminh positions and tanks and armored cars helped spearhead the French advance.

(Associated Press correspondent Max Clos in Saigon reported that the Vietminh losses so far in the Hung Yen operation were 54 dead and 100 prisoners. French figures were not given. Resistance, the French command said, was very heavy. The French were pitted against three Vietminh battalions).

Very heavy battles were expected tonight and tomorrow. The operation is the most important mop-up action undertaken in the Tonkin delta. It is the first time that such forces have been thrown against the Vietminh there.

The French reported a half dozen strong contacts with the Vietminh in the early hours of the push around Hung Yen.

French infantry clashed with the Vietminh in rice fields and along narrow roads.

1954 License Plates Carry New Slogan

Pontiac Press Photo

OLD AND THE NEW — Miss Marlene Coin of 3662 Baldwin Rd. compares Michigan's 1954 "Water Wonderland" license plate with one of its predecessors, made in 1909. The old plate was hand-made with metal house numbers tacked on a leather-covered wood frame.

359 Prisoners Seek to Remain With Commies

PWs Unwilling to Come Home Include 1 Briton, 335 South Koreans

PANMUNJOM (AP)—The Communists today surrendered to neutral nations custody 359 war prisoners—23 Americans, 1 Briton and 335 South Koreans—who the Reds say asked to remain behind the Iron Curtain.

The Americans rode in open Russian-built trucks loudly singing the Communist "Internationale."

"Arise, ye prisoners of starvation, arise ye starvelings of want," chanted the tanned, healthy looking men.

The South Korean prisoners screamed "American imperialists, get out!" at U. S. newsmen who watched the transfer of prisoners to custody of Indian troops in the demilitarized zone near here.

The Americans looked happy and contented. The Communists quoted them as saying they love their country and some day will return—when the American people have achieved "freedom."

"We hope to play our part in achieving this and we know the American people will receive us back on that day with open arms," said a statement the Reds said was drafted and signed by the Americans while at nearby Kaesong.

The Briton, identified as a Marine who had served seven years of a 12 year enlistment, was quoted:

"I am determined to play my small part in fighting for the better sort of world I believe in . . ."

Allied "explainers" are to begin talking to American, British and South Korean prisoners at the camp a mile above Panmunjom Saturday, telling them they have the right to be repatriated if they wish.

At the same time, Communist representatives will visit 22,600 North Korean and Chinese prisoners who refuse repatriation at another Indian camp five miles southwest of Panmunjom, trying to make them change their minds.

The highest ranking American turned over to Indian custody is a sergeant.

The Americans laughed and smiled as they were turned over to Indian troops. They talked in loud voices and appeared to enjoy the attention they were getting from onlookers.

Most shook hands and thanked the Chinese and North Korean

Rita, Dick Take Plunge 4th Time

Crooner, Star to Wed Today at Plush Nevada Gambling Hotel

LAS VEGAS, Nev. (UP)—Rita Hayworth and Dick Haymes, nervous as beginners, make it four apiece today when they exchange wedding vows amid the clicking of dice and whir of roulette wheels in a gambling hotel.

While a gay mob of tourists play their chips in a casino downstairs, the flame-haired movie beauty and the crooner will say their I do's in the press conference room of the plush Sands Hotel.

Rita, 34, acting like an excited bride, made this ceremony the simplest of her career.

Judge Frank MacNamee was called in to perform the ceremony only 20 hours after Haymes won his six-week, quick Nevada divorce decree from Nora Eddington Flynn on grounds "she lost interest in the marriage."

Dick and Rita, who started dating when both were working in Columbia Studio last February, invited only friends "who stuck by us" during their various troubles with former mates and the law.

Rita's wedding bonnet was of toast-colored tulle and velvet with a short veil and gloves to match.

After the ceremony, Rita was scheduled to play hostess at a luncheon for the guests and press.

Tigers Sign Up Five for Minor League

DETROIT (AP) — The Detroit Tigers have announced the signing of five youthful prospects to minor league baseball contracts.

They are Dale Karl Cartier of Inkster; George W. Carver of Harbourton, N. J.; Charles Manson Martin of Evansville, Ind.; Joseph Raymond Piacentinoe of Waltham, Mass.; and James P. Kardos of East Vandergrift, Pa.

Cartier, an 18-year-old graduate of Roosevelt High School in Inkster, was signed by Tiger scout Pete Fox. The Michigan youth played on his high school team as a pitcher, outfielder and first baseman.

Prosecutor Away, but Phones Order to Cut Out Bingo

DETROIT (AP)—Lenawee County Prosecutor Paul T. Betz telephoned long distance to Adrain today and ordered his assistant Kenneth Glaser to close the bingo game at the county fair.

Betz had earlier denied any knowledge of bingo and other games reportedly being conducted at the fair.

"I'm no crusader," Betz said, "but if a complaint is brought to me I will take action."

Betz is attending the annual convention of the state bar of Michigan in Detroit.

Atty. Gen. Frank G. Millard has ordered all county prosecutors to see that games of chance are not operated in their jurisdictions.

Millard has said he will hold each prosecutor responsible for any gambling in his county.

AFL Called On to Expose Reds

Dulles Tells Delegates Laborers Most Abused in Commie Setup

ST. LOUIS (AP) — Secretary of State Dulles called today for a "closer partnership" between the government and the American Federation of Labor, in a worldwide campaign to "explode the Communist myth" of a workers' paradise behind the Iron Curtain.

He said the Reds had used this myth effectively to extend Soviet power.

In a speech prepared for the American Federation of Labor convention here, Dulles pictured Soviet communism as being actually an exploitation of the worker.

"No task is more important for us than that of exploding the Communist myth," he said.

"In this matter there should be closer partnership between us."

Discussing what he called a "swindle" by the Reds in their claims of benefits to the workers, Dulles said:

"The facts are all on our side. The Russian worker is the most underpaid, overworked person in any modern industrial state. He is the most managed, checked, spied-on and unrepresented worker in the world today. He has full employment to be sure, because prison camps see to that . . ."

Do you know? You can own a new 1953 Rocket "Engine Oldsmobile 88" delivered in Pontiac for as little as $2,384.32. Including taxes & licenses, from Jerome Olds - Cadillac. FE 4-3300, 280 S. Saginaw St.

Reuther Wants Pay Guarantee

Says CIO Will Not Sign Next Contract Without Annual Wage Clause

DETROIT (AP) — CIO President Walter P. Reuther is bluntly on record today as declaring the CIO United Auto Workers will sign no new contracts with auto-makers unless they carry a guaranteed annual wage.

Reuther also is president of the UAW, which claims 1,600,000 members among auto, aviation and farm equipment workers and allied tradesmen. UAW contracts usually follow the pattern set by the auto industry.

Contracts now in force run until mid-1955, and Reuther told the Michigan State Bar Association yesterday:

"We like the way corporation executives get so much pay a year. We'd like the same guaranteed annual wage for the workers. We will sign contracts — when they open again—only after we do."

Auto production workers now are paid an hourly rate. Reuther and other unionists long have complained of layoffs for model changeovers, over-production or a slow market.

Auto makers have insisted such are essential to economic survival.

Abraham L. Zwerdling, a Detroit labor attorney, told the lawyers he believes the UAW will "offer employers the same sort of inducement" on the annual wage as it did on pensions.

Zwerdling gave this hypothetical example of how the "inducement" might work: "Let's say that a guaranteed wage of $65 a week were negotiated. The inducement for management comes in the form of unemployment insurance the worker received on the weeks when he is laid off. If he has $30 a week coming in unemployment benefits, the company would have to pay only $35 a week to provide the guaranteed wage."

Showers Forecast Friday in Pontiac

Partly cloudy skies tonight and showers late Friday are forecast for the Pontiac area by the U. S. Weather Bureau.

A low of 55 tonight and a high of from 74 to 78 degrees Friday also are expected. Yesterday's temperatures here ranged from a low of 43 to a high of 66 degrees.

The mercury rose from 54 degrees at 8 a.m. today to 77 at 2 p.m. in downtown Pontiac.

Bulletin

CANANDAIGUA, N. Y. (AP) — Fred Eugene McManus, 19-year-old confessed killer of five, was found guilty today of first-degree felony murder.

Owners Made Own Plates for Autos in Early Days

If you hate to change your license plate once a year, pity the poor motorist back in 1909 who not only had to change his plate—but make it as well.

In those days the state issued a metal disc inscribed with the car's license number, said LeRoy F. Kellogg, assistant manager of Pontiac's branch of the Michigan Secretary of State's office.

The motorist was required to fasten the disc inside his "horseless carriage," then fashion a regular license plate with large numbers for display on the outside of the vehicle.

Most of the plates were roughly made by painting numbers on a board. But others were fancier.

One of these (kept at the branch office) was made with metal house numbers tacked to a leather covered board.

To the relief of motorists, especially those who weren't too handy with tools, the state abandoned the disc licensing in 1910 and started issuing metal plates.

Carrying the modernization a step farther, license plates are in for another facelifting. The 1954 plates, for the first time in Michigan's history, will carry a state slogan, "Water Wonderland."

These new plates will be available at the Pontiac branch office, 65 N. Perry St., in December.

Red Cross Will Cancel Drive

Decides to Join in UF Campaigns in Northern Oakland County

Oakland County Chapter, American Red Cross, voted Wednesday to cancel its spring fund drive in North Oakland County to be included "all the way" in two autumn United Fund drives.

The chapter's executive committee, headed by Harold B. Euler, Chapter chairman, cancelled plans for an independent drive in areas covered by Pontiac Area United Fund and "Twenty Townships" United Fund.

The decision came at a special session at Hotel Waldron.

Euler pointed out that the Pontiac Fund had offered the chapter a $47,000 stake in this year's drive, $13,000 above last year's $34,000.

The Red Cross, he added, raised only $5,000 in its door-to-door residential campaign in Pontiac last year and some $4,000 in Waterford, not included in last year's Pontiac Area United Fund campaign. Waterford is a part of this year's Pontiac Fund drive Oct. 20 through Nov. 6.

The Twenty Townships group offered $22,000—10 per cent more than the Red Cross raised in rural areas by both independent and United Fund campaigning last year.

Euler said the Red Cross will still canvas homes in the string of cities south of Square Lake road in a March "membership drive." He explained that Detroit United Foundation, which is giving the Red Cross $37,000 this year, is still not ready to discuss taking over its membership campaign. South Oakland cities are included in the Detroit Fund Group.

Challenger Outweighed for Heavy Title Match

NEW YORK (AP)— Heavyweight Champion Rocky Marciano surprisingly weighed in one-fourth of a pound heavier than challenger Roland LaStarza today for the 15-round title bout tonight at the Polo Grounds. Marciano weighed 185, LaStarza 184¾.

It was the lowest LaStarza had weighed since he hit the bigtime in boxing.

Champion, a 4-1 favorite, is making the second defense of the championship he won from Jersey Joe Walcott at Philadelphia, Sept. 23, 1952.

Avon Father Is Wounded; Police Searching for Son

An Avon Township man said this morning in a hospital bed that his 11-year-old son, Ronald, apparently discharged a .22 caliber rifle accidentally while cleaning it and the slug hit him in the head.

Robert W. Foster, 50, of 3734 Crooks Rd. is reported in good condition at Pontiac General Hospital with a bullet wound in the right temple.

Foster said he doubted the story of his 10-year-old daughter, Lana Mae, who told Chief Assistant Oakland County Prosecutor George F. Taylor earlier today that her brother had deliberately shot their father and fled.

The father said he went to work as usual at a Pontiac factory this morning, but returned home when his daughter said she was ill.

He said he was forced to leave the children alone at home recently as his housekeeper had been absent for several days. Foster has been caring for Lana Mae and Ronald since his wife left them 10 years ago.

But Foster said he called home from the factory every day to determine whether the children were ready to leave for school.

When he called this morning, said Foster, his daughter said she was ill, and he returned home.

Foster said he thought he caught a glimpse of his son cleaning the rifle as he walked up the steps immediately before the shooting.

Lana Mae at first contended the shooting was accidental, according to Taylor.

But under questioning, Taylor quoted her as saying that Ronald forced her at gunpoint to tell her father that she was sick.

Taylor said Lana Mae told him that Ronald loaded the gun and threatened her life before their father returned home. She said he also loaded a .38 caliber pistol and vowed to shoot it out with police, but left it at home when he fled.

Police are combing nearby wooded areas for Ronald, who reportedly ran into the woods after dropping the rifle.

During the early-morning investigation, police said they found an empty shell in the chamber of the rifle.

Foster said he believed his son ran away due to fright as "he is an excitable child."

Stiffer Driver Licensing System Goes Into Effect for Michigan on October 2

LANSING (AP)—Michigan is ready for the first major change in its driver licensing system in 34 years—a change it believes will save hundreds of lives and take thousands of dangerous motorists off the highways.

The change will come officially Oct. 2 when the 1953 Legislature's new driver licensing law takes effect, but the new act will impress 3,200,000 Michigan motorists gradually.

When fully operating, the new system will mean that a driver's license will be harder to get and harder to keep.

Under the new law, Michigan joins 29 other large states in establishing a central violations file in which eventually—and not too far away at that— a history will be built of the accidents and serious law violations of every driver.

The first change to impress the motorist will be the fact that his driving license will expire every third year on his birthdate.

During the transition period, licenses valid on Oct. 2 have been extended to the next birthdate after the expiration date shown on the present license. Drivers no longer will receive notice from the state when their license is about to expire.

By next week, Secretary of State Owen J. Cleary expects to receive from the State Civil Service Commission the names of 17 men who have passed tests to become supervisors of the driver licensing system in Michigan.

There will be a chief supervisor, two deputies and 14 field supervisors, each assigned to a group of counties.

By the end of October, these men will take over the licensing supervision which has been con-

Supt. Eugene L. Johnson Asks School Space Plan for Buildings, New Sites

From Our Birmingham Bureau

BLOOMFIELD HILLS—Supt. of Schools Eugene L. Johnson, in a report to School Board members last night, said prime consideration should be given to "a high school for 600 pupils, expandable to 800, and a Wing Lake addition, providing at least four additional classrooms."

Johson added that the potential for growth and development in the district is such that "we should consider greater long-range planning than just the above mentioned program. So I suggest it would be ideal if we could provide ourselves with sites of 6 to 10 acres in the Pine Lake and Linton areas."

Birmingham sports news on page 51.

He proposed submitting a plan to taxpayers in the very near future, "by which a high school and elementary additions should be voted on."

In stating educational needs of the school district, he suggested they "consider all possible economies in any building needs, yet not neglect basic needs."

Until recently, he said, the district had adequately provided most of the needs for a successful modern elementary school program, but a weakness now is "lack of indoor play space, as well as our extreme shortage of classrooms."

Johnson stresses inadequacies in secondary school facilities "for several years." He felt the foundation was there because of well trained and conscientious teachers.

"Teachers usually are willing to do their best," Johnson concluded, "but keeping ahead of population trends to have adequate room and proper teaching tools, is not the responsibility of the teachers."

BIRMINGHAM — Instead of "Treasure Island," as originally planned, Children's Theater has gone into rehearsals for Oct. 16 Hans Christian Anderson's "The Steadfast Tin Soldier."

Director Mrs. Anthony J. Daley will be assisted by Mrs. George Dix. Tickets for the two performances on that day now are being distributed through the schools.

Other plays during the season will be "Rapunzel and the Witch," to be given Nov. 27 by the Children's World Theater from New York, and Birmingham High School's Proscenium Club in a Jan. 29 presentation of "Daniel Boone."

Sarah Hunter and Jennie Keyes Guilds of the First Presbyterian Church will meet at 8 tonight, the Hunter Guild at the home of Mrs. Charles Ervin, of Pleasant, and the Keyes Guild at the South Bates residence of Mrs. Robert Walker.

* * *

No action was taken by the Plan Board at an informal hearing this week over rezoning four lots at the corner of Lincoln and Floyd, from income bungalow to business A.

The rest of the block where the lots are bounded by Lincoln, Grant, Floyd and St. James Park, is up for discussion, for rezoning property now zoned business A to income bungalow. The matter will be taken up again at the board's next committee meeting.

One of the owners of the four lots favored a plan submitted by Paul Mofatt, architect. He desires to build two units there, one for his firm, the other for a doctor's office.

When questioned, he said he had no objection to rezoning the rear of his proposed office property into parking district classification, thus assuring adequate parking space.

* * *

Building Committee of Ascension Lutheran Church will meet at 8 tonight with the architect, to revise plans for the new church. Construction is to start this fall.

* * *

City Forester William Lebold reports eight more positive cases of Dutch Elm diseased trees, bringing the city's total to 26 this year. The tree-killer invaded Birmingham for the first time, when one case was discovered.

Majority of the diseased trees, for which there is no known cure and therefore immediate removal is necessary, are in the Pembrook Subdivision area, the eastern portion of the city.

Lebold said sampling has not been completed yet, but final reports for the season should be ready in a few weeks.

* * *

Arthur Blakeslee of the Rotary Club has announced that the club's square dance held recently earned $862.74. This will be contributed toward purchase of a station wagon for transporting children of the Oakland County Crippled Children's Society.

Mid-week meeting of the First Methodist Church will be at 7:30 tonight in the chapel on the second floor.

* * *

A preliminary announcement indicates that the local YMCA will operate a chartered bus to the Michigan - Northwestern football game Oct. 17 at Ann Arbor.

Reservations, which include transportation, reserved seat and lunch on the bus, are being taken at the Y.

Ed Kirbert, YMCA secretary, said early indications point out the fact, that the 50 places will be taken in a short space of time.

Orders Inquiry of Plant Blasts

District Attorney Calls Peroxide Plant Officials for Conference

TONAWANDA, N. Y. (AP) — The district attorney ordered an investigation opened today into a series of explosions that killed at least 10 workmen, injured 27 persons and blew a peroxide plant into rubble.

Fearing the death tole from yesterday's blasts might run as high as 12, searchers today probed the ruins of the one-story brick building for more bodies. Ten were recovered yesterday, but it was reported that 12 men were in the building.

A fire chief said the explosions, thought to have been in chemical storage tanks at the Lucidol Division plant of the Novadel-Agene Corp., caused damage that would run into millions of dollars.

Dr. Franciscus Vissert Hooft, president of the firm, said "apparently in some unexplained manner a bath of material ignited and the explosion followed." But the company said the precise cause was not determined.

John F. Dwyer, Erie County district attorney, called officials of the company to a conference today to open his investigation.

23 Pro-Red GIs Put in Neutral Custody

(Continued From Page One)

Communists who helped them from the trucks.

"Good luck, Comrade Lee. We will see you in Peiping," one American told a Chinese.

They were dressed in drab blue Chinese uniforms and wore white pins with the Piccaso peace dove symbol on their jackets. None spoke to American newsmen and most avoided even looking at the watching correspondents.

The Americans were the last to be delivered to the camp.

South Korean prisoners already inside the stockade cheered them.

Some of the South Korean prisoners carried placards on which were painted the Picasso Communist peace dove and Korean symbols saying "Peace for the people.

Communist correspondent Wilfred Burchett released the text of the statement he said all the Americans signed in Kaesong Wednesday.

"We fully realize that this is a momentous step that we are taking. Therefore it was only after much thought and deliberation that we made our decision," the statement said.

". . . Our staying behind does not change the fact that we are Americans, we love our country and our people. Therefore we love our personal freedom. Our greatest concern is to fight for peace and freedom, not only for ourselves but for the American people and the people of the world.

"Unfortunately under present day conditions in America, the voices of those who speak out for peace and freedom are rapidly being silenced, while the voices which shout the loudest and get the most publicity are those of McCarthy (Sen. Joseph McCarthy of Wisconsin), the book burners and those who demand 'preventive wars.'

"We do not intend to give the American government a chance of silencing our voices too."

About 3,000 miles of Cuba's railway system is owned by sugar companies.

STUDYING FREEDOM'S LANGUAGE—A youth who fought for the Chinese Reds in Korea and who was captured by U. N. troops, studies his English lesson in a class conducted by Pvt. George Jelinek, of Ulysses, Neb. The POW is one of the many who hope to join Nationalist Chinese forces on Formosa after renouncing their former allegiance.

Michigan Man Named on Red 'Refusal' List

TOKYO (AP)—The name of a Michigan man was included in the list of 23 Americans and one Briton reported to have refused repatriation which was turned over to Allied newsmen today by Communist correspondent Wilfred Burchett.

The Michigan man is Sgt. Andrew Fortuna of Ionia.

While Burchett's list did not include home towns, addresses for 22 of 23 names on it were obtained from the official list of missing prisoners released in Washington early this month.

The 23rd name appeared on a master list of prisoners here, but no address was available.

Burchett's list with addresses and ranks from the master list in brackets:

Clarence C. Adams (corporal; Memphis, Tenn.)
Howard G. Adams (sergeant; Corsicana, Tex.)
Claude J. Batchelor (corporal; Kermit, Tex.)
Albert C. Bellhomme (sergeant; Ashland, Pa.)
Otho G. Bell (corporal; Olympia, Wash.)
Richard G. Corden (sergeant first class; East Providence, R. I.)
William A. Cowart (corporal; Monticello, Ark.
Edward S. Dickenson (corporal; Big Stone Gap, Vt.)
Rufus O. Douglas (Washington listed a Sgt. Rufus E. Douglas, San Angelo, Tex.)
John R. Dunn (corporal; Baltimore.)
Andrew Furtuna (sergeant; Ionia, Mich.)
Lowie W. Griggs (Washington, listed a Sgt. Lewie W. Griggs, Jacksonville, Tex.)
Samuel D. Hawkins (private first class; Oklahoma City.)
Arlie H. Pate (corporal; Carbondale, Ill.)
Scott L. Rush (sergeant; Marietta, Ohio)
Lowell D. Skinner (corporal; Akron, Ohio)
Larance V. Sullivan (sargeant; Omaha)
Richard R. Tenneson (private first class; Alden, Minn.)
James G. Veneris (private; Hawthorne, Calif.)
Harold H. Webb (sergeant; Fort Pierce, Fla.)
William C. White (corporal; Plummerville, Ark.)
Morris R. Wills (POW master list in Tokyo names a Morris R. Willis; no rank or address available.)
Aaron P. Wilson (corporal; Urania, La.)
British prisoner;
Andrew M. Condron (No further data available.)

New Sculptor Added to Staff at Cranbrook

BIRMINGHAM — Nationally known sculptor and painter Glenn Chamberlain has been appointed sculptor instructor at Cranbrook Academy of Art for the coming year, Zoltan Sepeshy, director of the academy has announced.

A student of such renowned sculptors as Ossip Zadkine in Paris and William Zorach in New York, Chamberlain has exhibited sculpture at the Los Angeles Museum, Whitney Museum in New York and the Third International Sculpture Show at Philadelphia Museum.

His woodblock prints and water colors have been shown at the Metropolitan Museum, Brooklyn Museum, Pennsylvania Academy and the Corcoran Gallery in Washington, D. C.

He has taught at the University of Colorado, Bard College in New York and the Des Moines Art Center, and has worked as sculptural assistant to the famed Russell Wright. His work is regularly exhibited and sold by the Sculpture Center in New York City.

Chamberlain is noted for painting murals in schools and for his sculpture reliefs in public buildings.

Frank R. Boyd Succumbs at 86

Pontiac Native Served as Former Treasurer for Oakland Motors

Frank R. Boyd, 86, well-known Pontiac resident, died at his residence, 99 Orchard Lake Ave. at 4:45 a.m. today. He had been ill several months.

Born in Pontiac April 1, 1867, he was the son of Frank and Mary Ann Malpas Boyd. He attended Pontiac schools and worked for many years for the Pontiac, Oxford and Northern Railroad Co. He at one time was treasurer of the Oakland Motor Car Co.

He was Pontiac city assessor from Aug. 1, 1924 until March 31, 1930, when he retired.

Mr. Boyd was a member of First Presbyterian Church and a life member of Lodge 810 BPOE.

His nearest relative, a sister, Miss Anna Boyd, died in 1950.

His only survivors are two cousins, Mrs. Isabelle Knowlton of Buffalo, N.Y. and Mrs. Mabel Hoople of Los Angeles.

A Lodge of Sorrow will be held by the Elk's Lodge at Sparks-Griffin Funeral Home at 7:30 p.m. Friday. Funeral will be Saturday at 2 p.m. in the funeral home. Dr. William H. Marbach, his pastor, will officiate and burial will be in Oak Hill Cemetery.

Memorials to the polio fund in lieu of flowers will be appreciated by the family.

Michigan to Impose Stiffer Driver Law

(Continued From Page One)

ducted by the State Police for many years.

When they go on the job these examiners will be "graduates" of a three-week school conducted by top experts of the Northwestern University Traffic Institute and staff men of the American Association of Motor Vehicle Administrators.

Each supervisor will then conduct training schools in his assigned area for the local police and sheriff's officers who will do the actual examining of drivers, the same as now.

By January, Cleary said he expects to have ready a new and stiffer written examination form for new drivers. Cleary said eventualy he hopes to restore the written test which was given renewal applicants in past years.

Important as is the new licensing examining system, more important, Cleary said, is the central violations file which should be operating by January.

Lee C. Richardson, director of the Driver and Vehicle Service Division, said the new law does not impose stiffer penalties on bad drivers, but will lead to much stiffer enforcement of present penalties.

Local judges are to report to the central file all convictions for moving violations and police are to report all accidents.

The Department of State, Richardson said, will cite in for hearings any driver who has had three moving violations. The hearings may be followed by a warning or suspension of a license for up to 90 days. Revokation of a license is mandatory for certain serious offenses.

Each motorist will be given a permanent license number to avoid mistakes in identity.

Clear said that when the system is installed, the state will have a file on every motorist, now numbering 3,200,000, which will show his driving record.

Town Now Has Doctor

MACKINAC CITY (AP)—This community now has a doctor. He is Dr. R. W. Hodges, who moved here recently from Atlanta and opened practice. Mackinac City has been without a physician for several years.

Pontiac Deaths

William J. Breckenridge

William J. Breckenridge, 29, of 255 Osmun St. suffered a heart attack and was dead on arrival at Pontiac General Hospital at 5:30 p.m. Wednesday.

The son of James and Florence Martin Breckenrridge, he was born in Pontiac Dec. 14, 1923, and attended school here.

For 12 years he worked at GMC Truck and Coach Division.

Besides his mother, he is survived by two brothers James B. Jr., of Auburn Heights and Francis T. of Flint, and a sister, Mrs. Louis Honhart of Drayton Plains.

Funeral will be Saturday at 2 p.m. from the Dudley H. Moore Funeral Home in Auburn Heights. The Rev. Walter Teeuwissen Jr. of Drayton Plains United Presbyterian Church, will officiate. Burial will be in Oak Hill Cemetery.

John Henry Johnson

Funeral for John Henry Johnson, 55, of Brush Street, will be held Friday at 11 a. m. from the Frank Carruthers Funeral Home. The Rev. Ford B. Reed of New Hope Baptist Church will officiate. Burial will follow in Oak Hill Cemetery.

Born in Nashville, Tenn., June 5, 1898, he was the son of John Harry Johnson. He came to Pontiac 27 years ago from there.

Mr. Johnson died Tuesday in Pontiac General Hospital.

Bernard H. Ritter

After a short illness, Bernard H. Ritter, 75, of 1498 Edgewood, Birmingham, and a former Pontiac resident for 24 years, died at St. Joseph Mercy Hospital at 12:30 p. m. Wednesday.

Born at Meyers Grove, Minn., July 29, 1878, he was the son of Mr. and Mrs. Peter Ritter. He was associated here in the grocery business with his son Kevin.

Besides his stepmother, Mrs. Leonard Ritter of Sauk Centre, Minn., he is survived by five sons and a daughter, Lawrence B. of St. Paul, Minn., Hugh P., Kevin J. and Francis P. of Pontiac, Mrs. W. J. Harteau of Birmingham and James T. of Chicago.

Also surviving are six brothers and two sisters, Fred and Nick of Turlock, Calif., John, Paul, Peter and Raymond, Mrs. A. Hammerling and Mrs. Ben Ahrens all of Sauk Centre, Minn.

Funeral will be Saturday at 9 a. m. at St. Vincent de Paul Catholic Church, of which he was a member. Burial will be in Mt. Hope Cemetery. Rosary service will be at the Pursley Funeral Home at 8:30 Friday evening.

Stewart C. Shotwell

After an illness of three years Stewart C. Shotwell, 48, died Wednesday morning. He resided at 9414 Elizabeth Lake Rd.

Born in White Lake Township, March 20, 1905, he was the son of Charles and Nina Shotwell. He had spent his entire lifetime in Pontiac and Oakland County.

Besides his mother, who resides in Rochester, he is survived by three daughters, Mrs. Betty Shough of Detroit, Mrs. Bonnie Barrons of Pontiac and Mrs. Janet Lyons of Kingston.

Also surviving are two brothers, Earl in San Bernardino, Calif., Otis of Rochester; two sisters, Mrs. Myrtle Wood of Drayton Plains and Mrs. Leona Gidcumb of Orlando, Fla.

Funeral will be Saturday at 2 p.m. from the Kirkby Funeral Home. Dr. Milton H. Bank of Central Methodist Church will officiate and burial will be in Lakeside Cemetery at Oxbow Lake Cemetery.

Upper and lower Canada were re-united on February 10, 1840.

DR. T. O. WEDEL

Christ Church 25 Years Old

Plan Dinner, Program Friday at Cranbrook to Mark Anniversary

The 25th anniversary of the consecration of Christ Church Cranbrook will be observed this weekend.

The first event will be the parish dinner which will be held in the church house at 7 p.m. Friday.

This will be followed by the anniversary program in the church at 8:30 p.m.

Guest speaker will be the Rev. Dr. Theodore O. Wedel of Washington, D.C. Dr. Wedel is canon of the National Cathedral there. He will be introduced by Rt. Rev. Russell S. Hubbard, suffragan bishop of the Diocese of Michigan.

The Rev. Robert L. DeWitt, rector, will give the invocation and Bishop Hubbard the benediction.

William M. Brown, junior warden, will preside.

Special worship service Sunday morning will close the program.

Three New Polio Cases

MARQUETTE (AP) — Three new polio cases today brought to 132 the number stricken by the disease this year in the Upper Peninsula. A 7-year-old Marquette girl, a 10-year-old Gulliver girl, and an 11-year-old Pelkie boy were taken to St. Luke's Hospital. In 1952, worst epidemic year for polio in the Upper Peninsula, there were 168 cases.

Pole Tells Why He Quit Reds

Dr. Korowicz Testifies Before Congressional Committee

WASHINGTON (AP) — Dr. Marek Stanislaw Korowicz today told a congressional committee—and via radio the people behind the Iron Curtain—why he quit Poland's United Nations delegation and asked asylum in the United States.

"I knew it was only in the United States that I could serve to the fullest extent the interest of Poland," he said.

The 50-year-old law professor spoke in French from the witness chair of the House Un-American Activities Committee.

Korowicz told the committee that broadcasts by Radio Free Europe and the Voice of America are heard "by millions and millions of Poles.

"It is a real sanctuary for the oppressed peoples."

Korowicz said that even before he left Poland he had made up his mind that he would try to escape from the Communists when he reached the United States.

He said he had never been a member of the Communist Party, and then added:

"Singularly, none ever invited me to become a member."

Korowicz was attending the U.N. Juridical Committee meeting when he deserted the Polish delegation.

Waite's Men'swear—Street Floor

FOR WARMTH — The Climastat suit, developed by the Army Quartermaster Corps, will help GIs keep warm while in Arctic temperatures. Two layers of spongelike unicellular polyvinyl chloride are used for insulating material. Worn beneath wind-resistant and water-repellent clothes, when the self-regulating temperature suit is active, a forced pumping action starts, providing ventilation through the holes and ridding the body of excessive heat and moisture.

Hunters Return to Port With Strange 'Catch'

VANCOUVER, B. C. (AP)—A hunting expedition returned to Vancouver with an unusual catch—14 tons of sea lion meat. The five-man expedition left this port a month earlier aboard a former mine sweeper for a hunting trip along the storm-battered reefs off the coast.

Bill Daw, mink rancher led the party. The meat will be ground up into mink feed.

McCarthy to Ask Author Be Cited

Names Corliss Lamont for Refusing to Reply in Senate Quiz

NEW YORK (AP)—Sen. Joseph R. McCarthy (R-Wis) says he will ask the Senate to cite author Corliss Lamont on at least "two dozen" contempt counts for refusing to answer questions before the Senate permanent investigations subcommittee.

McCarthy said he called Lamont for a one-day closed hearing yesterday because two of the author's books are in State Department libraries overseas.

In a statement issued after the hearing, Lamont challenged the legality of McCarthy's committee and declared:

* * *

"I am a loyal American and I am not now and never have been a member of the Communist party."

* * *

McCarthy agreed that Lamont testified to that effect. But the senator said Lamont refused to answer his questions on the same subject or to invoke the Fifth Amendment, which allows an individual to refuse to answer certain questions on the grounds of self-incrimination.

In his statement Lamont, son of the late financier Thomas W. Lamont, charged that McCarthy's inquiry violated the free speech guarantee of the First Amendment and added:

Amendment and added:

* * *

"Under the rules of the Senate and the statues organizing the appointment of this standing committee, this committee has no authority to examine into the personal and private affairs of private citizens.

* * *

"Any action with regard to my books by officials of the government was done without my prior inowledge or consultation with me . . ."

McCarthy said Lamont will be called to a public hearing of his subcommittee scheduled for next Monday in Washington.

Trucker Owes Life to Blood Donations

BELLEVILLE, Ill. (AP)—A North Carolina truck driver, the father of three children, leaves for the Duke University Medical Center today full of gratitude for residents of this town who probably saved his life.

George V. Rigaud, 43, of Asheboro, N.C., was in a critical condition after a furniture truck he was driving crashed in flames near here Aug. 17. His relief driver was burned to death.

Rigaud was hospitalized here with one chance of survival. That chance was blood, plenty of it.

State patrolmen who investigated the accident started the blood donations rolling and before it was over 64 pints had been donated.

Doctors now say Rigaud is out of danger and physically able to be flown back to the Durham center for grafting surgery.

Lunch Box Adventure Leaves Daddy Shaking

COLUMBUS, Ohio (AP)—When 6-year-old Larry Mudd told his teacher he left his lunch box "outside," she didn't think he meant 20 blocks away.

She let him go after it. Ten hours later he hadn't returned. His parents were frantic. Police searched Columbus.

They finally found him last night—lost and hungry.

He had three questions when he got home:

"When do we eat?" Why do ladies drive police cars? Daddy, why are you shaking so much?"

Spanish Sculptor Dies

MADRID (AP) — Aniceto Marinas, 87, Spanish sculptor and president of the Royal Spanish Academy of Fine Arts, died in his home in Madrid last night.

Convict 2 of Murder in Detroit Holdup

DETROIT (UP) — Robert Kennedy, 23, and Blumer L. Waddle, 19, were convicted of first-degree murder Wednesday in the May 29 robbery-slaying of Louis Busker.

A Recorder's Court jury deliberated two hours before finding the pair guilty in the fatal shooting of the 78-year-old opreator of the Community Service Bureau.

Kennedy's brother, Charles, 28, also was arrested the night of the slaying and since has been committed to the Ionia State Hospital for the Criminally Insane. Kennedy testified his brother was the triggerman during the holdup.

Honor Dow President

CHICAGO (UP)—Leland I. Doan of Midland, Mich., president of Dow Chemical Co., was among the 152 candidates elevated to honorary 33rd-degree Masons Wednesday night by the supreme council of Scottish Rite Masonry.

Adult Education Talks Planned Oct. 5-6 at MSC

EAST LANSING (UP)—Some 200 community leaders from throughout Michigan were expected to attend the third annual Michigan State College workshop conference on adult education Oct. 5 and 6.

Theme of this year's conference is "Vitalizing Your Community Through Adult Education." Purposes will be to exchange ideas and methods in the field.

Keynote speaker will be Dr. Paul Miller, extension specialist in rural sociology and anthropology at the college.

400 Will Hear Talks on Retarded Children

EAST LANSING (UP)—The second annual conference of the Michigan Association for Retarded Children begins Friday at Michigan State College.

An expected 400 persons will hear several of the nation's authorities discuss problems connected with the mentally retarded child.

Applications for State TV Stations Dismissed

WASHINGTON (UP)—The Federal Communications Commission Wednesday granted two Michigan applicants' requests to dismiss their applications for new television stations.

The Tri-City Televison Corp. withdrew from a contest with Booth Radio and Television Stations, Inc., for channel 51 at Saginaw, Mich.

An application by Knight Newspapers, Inc., for channel 62 at Detroit also was dismissed. Two other applicants are competing for this channel.

Trooper's Score Is Tops

FLINT (UP)—Sgt. Vincent Neering, commander of the Flint State Police post, won top honors Wednesday as a Flint Police pistol team defeated one from the State Police post, 1,312 to 1,248, in their annual pistol match. Neering scored 262 out of a possible 300 points.

Little Red Boxes Make Trouble for Firemen

McALESTER, Okla. (UP) — Little red boxes are plaguing city officials.

The city recently instituted a painless method for paying overtime parking tickets. Motorists were allowed to place the tickets and 25 cents in red boxes installed in each downtown block. This allowed them to avoid the $1 police fine.

Firemen, however, got an alarm from the industrial section soon after. When they arrived, they found a farmer trying to stuff his overtime ticket and a quarter in a red fire alarm box.

Fire Hits Lounge

DETROIT (UP) — A $25,000 fire damaged the cocktail lounge of the Lanes Recreation bowling alley in suburban Allen Park early today. Sixteen firemen kept the blaze from spreading to the 20-lane bowling alley. The cause was undetermined.

MEMBER OF AUDIT BUREAU OF CIRCULATIONS

THURSDAY, SEPTEMBER 24, 1953

U. S. Sales Tax Unlikely

If Senator Ferguson is right, and there are strong reasons to believe he is, consumers and politicians can quit worrying about a Federal sales tax.

The chairman of the GOP Senate policy committee says he had "never heard any responsible person in the Administration say there would be such a proposal." He added that he is opposed to such a tax and would fight it if it is proposed at the next session.

★ ★ ★

In further discussion of the subject Senator Ferguson called current sales tax rumors "straw men" thrown up by the Democrats. It is his opinion that the Administration instead of looking for new sources of revenue should be seeking more ways to save money, balance the budget and ease the tax burden.

Undoubtedly the sales tax rumors originated after remarks last June by Treasury Secretary Humphrey before the House Ways and Means Committee. Recently Mr. Humphrey clarified that statement by saying that a Federal manufacturers' sales tax is "just another one of a large number of taxes we are considering."

★ ★ ★

Actually there are several strong political reasons why the Administration is unlikely to propose such a levy. One of them is the violent opposition of Chairman Reed of the tax writing House Ways and Means Committee. Another is Labor's objection on the ground that the levy would violate the ability to pay principle.

Moreover the House is heavily weighted with members representing farm and small town folk who always have stood against any shift away from direct income tax as a main source of Federal revenue.

Finally Reed's supporters are mostly extreme right wing Republicans without whose votes no sales levy would have a chance of passing.

Capehart's Trojan Horse

There is more than meets the eye in Senator Capehart's proposal to reorganize the Republican Policy Committee of the Senate.

The Indiana lawmaker proposes that all 15 chairmen of standing Senate committees be made members of the Policy Committee. On the surface it might appear that Senator Capehart has gone in for a reform long urged by political science experts.

But the suspicion is growing that the Senator's real object is not to make the Policy Committee a more progressive party instrument. Rather observers see in it a move to put control of the committee in the hands of upper House members who fought hardest at Chicago against the President's nomination.

In considering this "reform" an important fact should be remembered. Committee chairmen owe their jobs solely to the length of their Senate service. When the American Political Science Committee proposed addition of committee chairmen to the Policy Committee, it also advocated abolition of the seniority rule.

★ ★ ★

Without that the inevitable result would be to load the committee with conservatives anxious to overrule Policy Chairman Ferguson and Majority Leader Knowland.

The situation, of course, greatly increases the burden Senator Ferguson has assumed as Policy Committee Chairman. At the same time it gives him a chance to aid the Administration and boost his own political stock by leading the fight to keep committee control in the hands of the pro-Eisenhower moderates.

Two More Gas Gouge Bills

A committee of the National Institute of Municipal Law Officers is defending the public's interest by opposing further efforts in Congress to weaken control over natural gas rates.

Present targets of the committee are bills proposed by Reps. Lyle, Texas Democrat, and Hinshaw, California Republican. These measures are opposed on the ground that their objective is the same as that of the Kerr Bill vetoed two years ago by President Truman.

★ ★ ★

At that time foes of the Oklahoma Senator's bill argued that it would result in gouging natural gas users up to $500,000,000 a year.

All this recalls the action of the Federal Power Commission disclaiming authority to regulate Phillips Petroleum Co. gas rates. Thus FPC accomplished for the gas interests what Senator Kerr had tried to do by legislation though the commission is a Federal agency supposed to safeguard the public's interest.

★ ★ ★

It is interesting to note that the District of Columbia Appeals Court since has ruled that FPC does have the authority to regulate rates charged by gas producers. That case now is on its way to the Supreme Court for final decision.

The city attorneys are on the public's side in fighting the Lyle and Hinshaw bills. Not only would they overrule the appeals court decision but legalize the FPC's abandonment of its rate controlling power.

The Man About Town

B. J. Edwards Says Hunters Who Lock Dogs in Car Trunks Will Be Arrested, Prosecuted

(Letters will be condensed when necessary because of lack of space. Full name, address and telephone number of the writer must accompany letters but these will not be published if the writer so requests, unless the letter is critical in its nature)

Hunters beware! In the past years little has been said to the hunter who on a clear October morning, locks up his car trunk with three or four dogs inside and starts out for a day of hunting. We are hoping this procedure will be changed this year.

As director of law-enforcement of the Michigan Humane Education Association, I wish to caution all hunters that anyone caught transporting hunting dogs in their automobile trunk will be arrested and prosecuted.

Humane societies interpret this act to constitute cruelty, and in violation of the Michigan state humane law which provides a maximum penalty of $100 fine and three months in jail.

Exceptions will only be made if the hunter has made special provisions for trunk air circulation.

B. J. Edwards
Director of Law-Enforcement Michigan Humane Education Assn.
P. O. Box 143.

States He Is a Witness and Jesus Is the Judge

This letter is in answer to some of those who question Christians. Mr. Beardsley recently stated that I could find fault with a lot of good, solid Americans. Their being good Americans doesn't clear them of their faults.

He said I condemn them because they don't go to church. They are condemned already. He said he didn't condemn Christians. That is true because the Christian loves the light and his deeds are manifested that they are wrought in God.

He said judge not. I don't judge. Jesus is the judge and I prove by the word of God who is who, and he accepts or rejects them. In other words, I am His witness and so is the Holy Ghost and by two or three witnesses every word shall be established.

"What would you say if I asked you to marry me?"

"Nothing, I can't talk and laugh at the same time."

President's Words Often Misinterpreted; 'Alas, It Has Always Been That Way'

By DAVID LAWRENCE

WASHINGTON — Government-by-headline seems to be a rather painful experience sometimes — if one sympathizes at all with the people in business, industry and finance who have the daylights scared out of them by a speech by the President of the United States which they read in the morning papers, only to be followed in the afternoon papers by a prompt reassurance from the secretary of the treasury that there was really no cause for alarm.

The sequence of events and the facts thereon are interesting to examine as an example of how jitters are often produced in the business community.

On Monday afternoon of this week — several hours before President Eisenhower was scheduled to deliver his address in Boston over the radio and television — copies were made available at the White House to all members of the press.

There was ample opportunity to read the text and discover, somewhere along about the middle of the address, a startling paragraph which spoke of how the enemy was "equipped with the most terrible weapons of destruction" and warning the world that for America "there is no sacrifice — no labor, no tax, no service — too hard for us to bear to support a logical and necessary defense of our freedom."

What did this mean? The reporters had plenty of time to ask the President both before and after he delivered the speech whether it meant that the scheduled repeal of certain tax rates on Jan. 1 next had been decided against by the administration or whether these tax reductions all of a sudden had become matters of doubt and conjecture.

But no such information was obtained for the morning papers, either because the reporters didn't ask the President or because the White House staff didn't find out his views for the reporters, if they did present such queries.

Actually, Eisenhower must have been talking of what he would recommend to Congress if the Soviets forced America and the free world into a war.

During a world war, of course, everybody knows there is hardly a limit on taxes or controls. If Eisenhower had anything else but such a theoretical emergency in mind when he spoke in Boston, it certainly was unknown to any member of his Cabinet.

Now let's switch to Washington. The secretary of the treasury, George Humphrey, for several days had been working on a speech he was to deliver on Tuesday of this week before the annual convention of the American Bankers Association.

On Monday evening, like a dutiful Cabinet officer, he interrupted his labor on his own speech and, with his aides surrounding him at his home, watched and heard the President on television.

Nothing that the President said seemed to Humphrey afterward to be in conflict with what he himself intended to say the next morning on taxes, and he wasn't at all conscious of any reason to revise that section of his address to the bankers.

But the next morning, when Secretary Humphrey read the newspapers and saw the headlines emphasizing the doubt that had been raised by the President's references to taxes, he was surprised.

He was sure Eisenhower had not intended to create any such doubts about the tax program for next January.

But he decided to call the President anyway and read to him over the telephone the tax section of his proposed speech to the American Bankers Association.

The President approved the passage at once and told the secretary the speech was right on the button.

It will be recalled that the secretary emphasized to the bankers that the planned reductions for Jan. 1 were the same as had been announced weeks ago.

The Tuesday afternoon and Wednesday morning headlines displayed Humphrey's prediction of tax reductions — which would not have been front-page news but for the doubts expressed in Tuesday morning's papers. The Stock Market, instead of taking a nosedive Tuesday afternoon, actually started upward.

It appears that the President himself was somewhat surprised, too, by the headlines about his Boston speech, because he was talking only about the extent of the sacrifice that would be made if a war crisis developed.

If that information had been obtained by the press on Monday, some nervous hours for the business men of America would have been avoided.

And maybe if the matter had been drawn to the President's attention early Monday evening he might have clarified the paragraph in question so that it would not have been the subject of a nationwide apprehension — that the whole fiscal program was being radically altered and that some new and unforeseen emergency had arisen.

Such are the mercurial aspects of news-gathering around a President of the United States day by day—and, alas, it has always been that way.

Aunt Het

Social class ain't standard. It depends on where you live. In some towns I couldn't get in by the front door, but here at home I'm right on top.

Case Records of a Psychologist

Says Reputable Marriage Foundations Are Needed

Multiply Jim's case by 10,000 others in your state each year. Then you'll realize that the biggest need in America is not for greater "March of Dimes" campaigns and other local charitable projects. It is for an organization to solve Jim's problem today and that of 10,000 other young couples each year in almost every state in the union.

By DR. GEORGE W. CRANE

Case H-394: Jim H., aged 29, was an Air Corps officer in Korea.

"Dr. Crane, I'm back home again in Houston," he said, "and have re-established myself in business.

"I am also active in a Presbyterian church. I had graduated from college before going to Korea.

"My income is now adequate to support a wife and I'd like to marry. But I haven't seen many girls between 25 and 30 at my church.

"I am not a very good dancer. But I like music and am active in church affairs. I come from healthy stock.

"So could you suggest the names of a couple of young women that you think would be suitable marriage prospects for a man of my background?"

Several times I have stressed the fact that thousands of men and women who are ideal marriage material, still go along their lonely roads just because we haven't developed a Scientific Marriage Bureau.

The greatest puzzle in my mind is why people with wealth still

disregard this vital need! Don't you think happy marriage is a proper goal?

Thousands of men as well as women, write to me or come to me in person, as Jim has done today, but I am powerless to help them.

For it is unethical for a physician to reveal one patient's data to another. So my hands are tied in my present capacity.

But a reputable Marriage Foundation would be able to offer Jim the names of 2 or 3 girls in Houston or within 300 miles thereof, who are perfectly adapted to his personality.

I would gladly assist such a Marriage Foundation if some of you far-sighted Americans would start it. But it would require at least $50,000 per year to operate such an organization even within a single state.

There are hundreds of you millionaires who derive your wealth from oil wells or coal mines, etc.

Inheritance taxes are ultimately going to take big slices of your fortunes. So why not place some of that money where it will continue to pay rich dividends through the generations to come?

In the average state, such a Marriage Foundation could stimulate up to 10,000 additional marriages each year. And they would be happy marriages with almost no divorces whatever.

They would pair off fine men like Jim with nurses and school teachers and business secretaries. Most of these folks are from church homes, with American ideals — not Communistic backgrounds.

Many wealthy people donate money for milk funds for tenement kids, thousands of whom are feebleminded by actual test and easy marks for Communist agitation.

So why not help produce 10,000 additional happy marriages each year in your own state, and among intelligent stock who will procreate 2 or 3 youngsters per marriage?

"Dr. Crane, why not let private persons do the job and make a profit from it?" you may ask.

But when private persons do so, they may ask $100 to $500 registration fee. That's out of the question for many deserving Americans.

Besides, it requires an impeccable Marriage Foundation with such prestige that it is beyond reproach, to do the job properly.

With local clergymen serving as field agents, we could double check on all applicants and conduct a perfect type of Marriage Foundation.

Baering Down

By ARTHUR "BUGS" BAER
International News Service

Just fermented a dreadful thought that the bill of rights endorses the monopoly of the individual over the preponderence of the plebiscite.

How else could the mouthpieces for the Commies make a running noose out of the legal loopholes?

We know that one person can assemble peacefully anywhere except in parking space already occupied. And that the freedom of talking to yourself shall not be abridged by a constitutional stutter.

And that no soldier shall be quartered in your trailer during times of peace without the consent of the finance company.

And the right of protest against unreasonable searches shall include your trousers at night.

Article V says Tom, Tom, the piper's son, can tip his porkpie hat to the Mother Goose rhyme. And that excessive straw shall not be required for bail.

Proxies at directors' meetings shall be permitted to drop their egg shells and burned toast in the suggestion box, tilt a checker board or take an executive stroll with their feet on the desk.

And that the controversial value of any article exceeding $20 guarantees a trial by jury Unless it's your wife's new autumn hat.

No citizen shall be compelled to finger himself unless there's a bug inside his collar.

Dull, Sometime Throbbing Headache First Symptom of Chronic C-O Anoxia

By WILLIAM BRADY, M. D.

Anoxia means want of oxygen, inadequate supply of oxygen to the cells, tissues and organs to maintain normal function.

Some vital cells in the nervous system die if their supply of oxygen is interrupted for even a few seconds.

This explains the long-lasting or permanent crippling of brain or nerve functions in some cases of carbon monoxide gassing.

Depending on the frequency and degree of exposure to atmosphere polluted with carbon monoxide, the colorless, odorless gas which, when breathed in the air quickly enters the blood and crowds out oxygen — anoxemia, anoxia — the victim may suffer anything from sudden loss of power and consciousness to mere headache, weakness and perhaps tremulousness in legs.

Especially subject to chronic carbon monoxide anoxia are mechanics in garages, attendants who park and deliver cars in a garage, clerical workers in offices connected with garages, nitwits who run automobile engine in a small closed garage to "warm it up" on cold winter mornings.

It is my belief — I can't prove it scientifically — that a common cause of chronic anoxia in American women is the C-O in the air they breathe for hours every day while at work in the kitchen.

No matter what fuel is used for cooking there is always a chance of generating carbon monoxide, in ways which any high school sophomore can explain if he or she has studied elementary physics.

Notwithstanding the wonderful, sanitary, labor saving gadgets in the typical American kitchen, equipment to insure thorough ventilation of the kitchen, winter and summer, is seldom built in or installed.

Such equipment doesn't show — and besides it is virtually impossible to provide kitchen cowls, exhaust fans and adequate flue vents for the cubbyholes so many Americans use for homes.

Dull frontal headache, sometimes throbbing, sometimes with a sense of pressure in or on the forehead, is the most familiar complaint of persons with chronic C-O anoxia.

The headache is often associated with vertigo and at times unsteadiness of gait.

Many patients with chronic carbon monoxide anoxia complain of weakness and tremulousness in the legs.

Shortness of breath and palpitation are often symptoms of carbon monoxide anoxia.

Almost continuous exposure to carbon monoxide from faulty gas heaters caused frequent attacks resembling angina pectoris.

As soon as the man was removed from the danger the attacks ceased.

People who smoke excessively, especially cigarettes are usualy subject to chronic carbon monoxide anoxia.

Signed letters, not more than one page or 100 words long, pertaining to personal health and hygiene, not to disease, diagnosis or treatment, will be answered by Dr. Brady if a stamped, self addressed envelope is enclosed, etc.

(Copyright 1953)

Forced Readership Urged by Brazilian Lawmaker

RIO DE JANEIRO (AP)—A Brazilian lawmaker has proposed a plan for the "forced reading" of newspapers. The scheme, proposed by Deputy Joao Cabanas, and aimed at increasing the number of newspaper readers, would work like this:

Without previous authorization, publishers could start delivering their paper to the home of a prospective subscriber. If the subscriber failed to halt the delivery within two weeks, the publisher could consider him a full-fledged subscriber.

The bill also provides that the publisher could collect for the paper through legal means without paying court fees.

The American Legion was organized and granted a charter by Congress in September 1919.

Police Safari Meets With Much Success

GREENWICH, Conn. (UP) — A police safari, was sent to investigate ear-piercing cries of elephants, tigers, coyotes and other beasts near the Fred Hawley home.

The officers cautiously surrounded a wooded area and closed in.

They found Hawley, a recording engineer, hiding in the brush. He had rigged up two amplifiers and was playing back a tape recording of wild animal cries to frighten his house guests.

Maine College Students Study Maple-Leafers

GORHAM, Me. (UP) — A Gorham State Teachers College instructor has started a course in Canadian-American relations "because a year ago there wasn't a handful of students who could name five prominent Canadians—unless you count the Dionne quintuplets."

James M. Whitten thought Maine college students knew more about the country just across the border. He set out last fall to remedy that situation.

Dr. George S. Patterson, Canadian consul-general in Boston, said it's the only such course being offered in any college in the eastern United States.

The first dental college in the world was founded in 1828 in Bainbridge, Ohio.

Doctors Order Canes for Obedient Children

NEW YORK (UP) — Doctors around the country have a new weapon this summer to employ in keeping juvenile patients on their good behavior.

They have been supplied with prescription blanks that, properly filled out with the names of patients and accredited physicians, entitle a bearer to receive a free frozen dessert cone.

Rural free mail delivery in the U.S. will mark 57 years on October 1.

FASTEST KNOWN RELIEF FOR GAS ON STOMACH

THANK HEAVENS! Most attacks are acid indigestion. When it strikes take Bell-ans tablets. They contain the fastest-acting medicines known to doctors for the relief of heartburn and gas. 50¢ refunded if not satisfied. Send empty carton to Bell-ans, Orangeburg, N. Y. Get Bell-ans today. 25¢.

Old Men Spray Painted by Blowing From Mouth

MELBOURNE, Australia (UP)—Australian aborigines used a primitive form of spray-gun 2,000 years ago.

Anthropologist B. J. Tugby recently described the system, after examing aborigine rock paintings and digging for native implements in the Grampians mountain range in southeastern Australia.

Tugby said this is how an aborigine painted a hand about 53 A. D.:

1. Put his hand against the surface to be painted.
2. Chewed red, yellow or white oche.
3. Sprayed from the mouth around the hand.

Use of insecticides on peanuts has increased yields an average of 500 to 600 pounds per acre.

Can't Find Parking Spot; Gives Up and Sells Car

BUFFALO, N. Y. (UP)—William Goodenough of Buffalo clutched the 10 illegal parking tickets that would cost him $5 each and said to the court:

"Pardon my language, Judge, but I used to come home from work very tired and drive around and drive around looking for a place to park. Finally, I would say 'The hell with it' and just park any place. I sold the car. It was a headache."

Cherrapunji, Assam, the "wettest place in the world," has an average rainfall of 458 inches per year. It is on record, however, that in 1861, Cherrapunji had 905 inches of rain, which 366 inches fell during the month of July.

Develop Red Stop Signs to Emphasize Meaning

NEW YORK (INS) — Traffic engineers are looking to the red stop sign as a simple but effective device to help cut down the appalling death rate on America's highways.

Traffic Commissioner T. T. Wiley of New York City, an expert in the field, reports that all future stop signs in the world's largest city soon will be red.

Wiley added that the reflective red sign will begin replacing the conventional yellow markers early next year and that eventually all 10,000 stop signs in the city will be red.

"Many things militated against the use of red stop signs until only very recently," Wiley said. "There were so many drawbacks against previous red signs and it was only until the development of reflective sheeting that a red color has been developed which meets today's needs."

The idea of red stop signs was recommended as a national standard back in 1924, but the red pigments then available faded too rapidly and red, at night, was too hard to see, often appearing black, or nearly so.

Wiley pointed out that when he entered the field in 1931, reflective buttons were just starting out were found difficult to use in forming letters. In the mid-thirties, traffic engineers began working with glass and some metals with inverted dimples—like on golf balls—but again there was difficulty with lettering.

"Then industry developed beaded reflective sheeting," Wiley related, "and this gave us the material we were looking for."

Wiley said New York City has been experimenting with various colored signs for the past two years before deciding on the new red reflective sheeting with white lettering.

The new red signs are much more easily seen than the yellow currently in use and can be seen more than a block away when driving in the city at night. The reflective material "lights up" at night when light beams reach it. It contains millions of tiny glass spheres, each of which is a reflector—30,000 beads per square inch of sheeting.

Wiley said New York plans to use aluminum as a base for the signs, with the silver reflective sheeting mounted thereon and the flame-red transparent color going over the silver, except for the letter areas.

Wiley explains that red stop signs are necessary today because "the public associates red with 'stop' or 'no,' and so it has a positive meaning.

"Today there are so many different types of signs in yellow that many motorists fail to pay sufficient heed to the yellow stop signs. We intend to use the red signs only for stop markers—in this way there will be no confusion."

Wiley looks to further uses of reflective sheeting in other signs, in different colors. He pointed out that the New York Thruway Authority is considering the material for directional signs, probably in blue and white.

He also expects the red stop sign to become the national standard. Wiley has been a staunch advocate of this type sign at meetings of the Uniform Traffic Control Devices, a joint committee of the American Association of State Highway Officials, the Institute of Traffic Engineers and the National Conference on Street and Highway Safety.

South Dakota already has begun installation of the red stop signs and by year-end expects to have such signs on 24,400 miles of main highways.

Illinois also is planning to adopt them generally and some use presently is being made in nearly 30 states.

American Kids Prefer Younger Crop of Heroes

NEW YORK (AP)—The youngsters of America have young heroes, a survey of 10,000 boys and girls of 8 through 18 shows.

Elizabeth Taylor, Eddie Fisher, Vic Damone, Jerry Lewis and Micky Mantle came out as favorites.

Long established singers like Bing Crosby and Frank Sinatra trailed, as did baseball stars in their 30s like Stan Musial, Ralph Kiner and Ted Williams.

Young Robin Roberts and Eddie Matthews also did well in the survey conducted by the Youth Research Institute, a private organization. Maureen Connelly, 18, tennis star was the most popular woman athlete.

Sen. John Kennedy, 35, showed up well in competition with the better known Eisenhower, Truman, Taft and Stevenson.

On the other hand, Mrs. Eleanor Roosevelt in the older group came out as the most popular woman in the country over younger competition. But in the glamor department Marilyn Monroe was favored over older Zsa Zsa Gabor and Jane Russell with Grandma Marlene Dietrich far down the list.

The attitude among the youngsters was found to be that young stars and public figures were more like themselves and understood their likes better, says Lester Rand, president of the institute.

In the early days of the cattle industry in Wyoming, cattle driven from Oregon were called "westerns" or "Oregon natives," while those driven from Iowa, Indiana or Ohio were called "Americans" or "States."

FOA AIDE—Lt.-Gen. William E. Riley, United States Marine Corps (Ret.), is the new deputy director for management of the Foreign Operations Administration. In his new post, General Riley will provide advice, services and administrative facilities for FOA's operations in Washington and overseas.

Town Is Shrine to Communism

Zoar, Ohio, Tried Plan Long Before Russia; Gave It Up in 1898

ZOAR, Ohio (NEA) It's a little unsettling to be driving through the center of wealthy, 20th century Ohio and find yourself suddenly in the middle of a living shrine to communism.

But that's what this village is, and the Ohio State Archaeological and Historical Society helps pay its upkeep.

Not only that, but communism was practiced here more than twice as long as it has been in Russia. This community was founded in 1817, the year before Karl Marx, whose theories are the basis of Russian communism, was even born.

In fact, if a lot of wealthy tourists hadn't come around flashing their money and their fine clothes, and if the workers in the local woolen mill hadn't got tipsy on beer during the lunch hour, and a lot of other "ifs," Zoar might conceivably be communist today. Just conceivably.

But communism died here in 1898, and the reasons are interesting.

Zoar was founded by about 300 German men, women and children who had broken away from the Lutheran church. They came to this country to avoid persecution.

The form of government they set up for themselves conforms exactly to the first definition of communism given by Webster's dictionary: "Any system of social organization in which goods are held in common." But their reasons for adopting this plan were mostly for economic survival which required the closest kind of management.

No one received any money for his work and all products of the community were pooled. Profits were reinvested in the productive sources, and things went well.

All kinds of crops were raised, bootmakers chosen from the common labor pool made all the shoes (almost identical in looks), and there was a wagon building shop, a shop for making all the clothes, a tin shop, saddlery, flour mill, woolen mill, planing mill, and even two blast furnaces with made excellent stoves.

Everyone worked hard, the women as much as the men. For a time the whole community practiced celibacy because childbearing kept the women from their work.

Children were required to be kept in a common nursery to free their mothers for work. Zoarites never kissed their children because they thought kissing was sinful.

The men all dressed alike and the women dressed alike. The women were allowed no ornaments, but the men could have a silver watch.

But all this work and little play paid off. By 1835 Zoar was virtually self-sustaining and by 1852 the communal property of the town was worth $1,000,000.

The next year, though, things began going downhill and they never stopped. In 1853 Joseph Baumeler, the leader of the group, died. With him went much of the fire and idealism which kept the community going.

A railroad and a canal were built and as visitors came from the outer world, with fine clothes and money to buy what they wanted, more and more Zoarites became dissatisfied with their lot.

Agricultural and industrial machinery in the town did not keep up with modern inventions. The workers began to grumble. At the woolen mill the male employes began taking extended lunch periods and drinking beer, leaving the machines running so other townspeople would think they were working. This caused a big ruckus.

By 1898 the governing body of the community decided it was either give up the communist system or go under, so everything was sold at public auction and the proceeds divided up among the people.

Today, Zoar is a pretty, sleepy little place no bigger than it was 100 years ago.

Starting School Early Has Some Advantages

PRESTONSBURG, Ky. (AP)—Unlike most of the rest of the country, thousands of rural Eastern Kentucky children start school in the middle of July.

The custom started years ago—no one knows just when. Country roads often became impassable in winter, so an early school opening was necessary if youngsters were to get any education at all.

Although the children don't like to return to school in the middle of summer, they change their minds along towards February or March when school lets out.

Editor in Breakdown Over Two Breakdowns

CUTHBERT, Ga. (AP)—When the weekly Cuthbert Times appeared late recently, Hal Herrin, the editor and publisher, printed this front page notice:

"We're a few hours late with the paper this week.

"The linotype broke down Friday, the press broke down Tuesday, and we broke down Wednesday."

Of the 56 signers of the Declaration of Independence, 34 were lawyers.

2 Jailed for Murdering Belgian Congo 'Witch'

JADOTVILLE Belgian Congo (AP)—A witch hunt in the Lualaba district of the Congo's Katanga province ended last week before the court at Jadotville with stiff sentences for the witch hunters.

When informed by public rumors that an old woman in his village was a witch, the chief ordered one of his henchmen to murder her without telling the authorities. However, after the murder, the dead woman's family complained to the Belgian administration.

The chief got life imprisonment and his henchman 20 years. Both have appealed.

Tropical rain forests compose about one-half of the world's forest area. Far from being impenetrable, the jungles are fast being destroyed by man.

Bank President, Bright-Eyed at 91, Won't Quit Yet

NEWTOWN, Pa. (UP)—Horace B. Hogeland, 91-year-old president of the First National Bank & Trust Co. of Newtown, has completed 75 years of consecutive service at the bank. He hasn't a thought of retiring.

"I feel fine," said the former bank janitor. "I think I'll keep going as long as they want me. Kind of keeps you in touch with what is going on."

From the point of view of continuous work, Hogeland is probably the senior banker in the nation. He began work as a janitor when the bank occupied one room in a house in this Bucks County country town. His salary was $25 a month to start.

Later, Hogeland became clerk, then cashier in 1904 and finally chosen president in 1927.

"Some folks say it doesn't amount to much, spending all this time in one place," Hogeland said philosophically. "I don't know. I've enjoyed getting to know people real well as you can do in a small town."

Looking back across his long life, the bright-eyed banker has just two complaints to make about life today.

"We seem to get too much pleasure from outside us now," he said. "Men used to find a lot more joy inside of themselves. I think they were happier that way."

Vatican City comprises an area only about as large as an 18-hole golf course.

Church Ready for Fall Bazaar.

St. Paul's Methodist at Rochester Will Give Fair Thursday

ROCHESTER—The 53rd annual fall fair of St. Paul's Methodist Church will be held next Thursday.

The bazaar opens at 2 p.m. in the church house and a turkey dinner will be served in the church basement starting at 5 p.m.

Mrs. Harry R. Tripp will serve as general chairman. Heading the dinner committee are Mrs. Edwin Kage and Mrs. Cecil Ennis with Mrs. Leslie Aris and Mrs. Harry Cook assisting.

WSCS circles will take part in the bazaar. Heading the fancywork booth is Mrs. Ralph Price. Other chairmen are: Mrs. Wayne H. Eddy, aprons; Mrs. C. E. Price, baked goods; Mrs. Stella Travis, fish pond. The Youth Fellowship, with Mrs. Kenneth Van Knocker as chairman, will have charge of the candy booth.

Masons to Honor 25-Year Members

ROCHESTER — Twenty-five-year members will be honored guests Tuesday of Rochester Lodge 5, F&AM, on Old Timers Night.

The Rev. Edgar A. Lucas and the Rev. William Hill Collycott will speak at a 6:30 p.m. dinner. A program of music and entertainment has also been arranged.

Chester Chapman, Harry Tripp-Albert Neumann, Roy J. McCornac, A. R. Dillman, Floyd Blair and Carl Benson, 40-year life members, will receive certificates.

A diver must have nitrogen and oxygen to breathe mixed in different proportions than found in the air and differing at different depths or he will be poisoned.

MRS. C. WILLIAM SHEPARD

Vernita Hamilton Speaks Vows in Rochester Rite

ROCHESTER — In a Saturday evening ceremony at St. Paul Methodist Church, Vernita Joan Hamilton became the bride of C. William Shepard.

Vernita is the daughter of Mr. and Mrs. Keith Hamilton of Adams road. The bridgroom's parents are Mr. and Mrs. Clarence W. Shepard of Linwood avenue.

For her wedding the bride chose a two-piece aqua knit dress with a white felt hat and a corsage of white orchids.

Mrs. Charles Shotwell, a sister of the bride, was her attendant. Clarence Shepard served as best man for his son.

Immediate families of the bride and bridegroom attended the ceremony. The wedding party later attended a dinner at The Villa, Lake Orion.

After a short wedding trip to northern Michigan, the new Mr. and Mrs. Shepard will reside in East Lansing where the bridegroom is a student at Michigan State College.

Garden Club Holds Annual Market Day

ROCHESTER — Annual market day for the Rochester Garden Club will be Saturday between 9 a.m. and 2 p.m., it was announced today.

Market day will be held at the garage of Mrs. John C. Plassey, 440 Walnut Blvd.

Mrs. James Arcure, chairman, asks that contributions of vegetables, fruits, home-canned goods, baked goods and plants of all kinds be left at the Plassey home after 8 a.m. Friday.

Detroit Federation Head Will Address Club

ROCHESTER—A talk by Mrs. David Zuhlke, president of the Detroit Federation Women's Clubs, will highlight the opening fall meeting of the Rochester Women's Club tomorrow.

Mrs. Zuhlke is a former resident of the village. The meeting will begin with a luncheon at 12:30 p.m. in the pavilion of Avon Park for 35 members.

Club Honors Member

ROCHESTER — The Thimble Club, a charitable group which has completed 25 lap robes for veterans, held its first fall meeting Tuesday, honoring a member, Mrs. George Lindsey, on her birthday.

County Births

Rochester

Mr. and Mrs. Herman C. Klix (Frances Whims) of 621 West Fifth St., announce the birth of a son, Thomas Scott, Sept. 11.

Fire Damages New Store in Rochester

ROCHESTER — Defective wiring in an automatic check-out counter for groceries was believed to have been the cause of a fire last night at Davey's Market, 1012 North Main St.

Patrolman Robert E. Rogers, passing the store in a police scout car, saw flames through the window shortly after 11 p. m.

The flames were confined by firemen to the counter. Thomas Davey, owner of the market, said the check-out counter and a cash register were destroyed.

Possible smoke damage to groceries had not been determined this morning. Davey said the damage would be fully covered by insurance, however.

The market recently celebrated its grand opening.

Rochester Girl Scouts to Meet Wednesday

ROCHESTER—Intermediate Girl Scout troop of Congregational Church will hold its first meeting Wednesday in the church basement at 3:15 p.m.

Thursday, Oct. 1, the Pilgrim Daughters of the church will have a 1 p.m. luncheon at the home of Mrs. John Yuells.

LAWRENCE HANNEWALD

At the annual meeting of Michigan District Walther League held in Windsor during the past weekend, Lawrence Hannewald of Pontiac was named president. He replaces Ted Smithey of Detroit. Walther League is the official youth organization of the Lutheran Church, Missouri Synod.

Police Find Letters to Murdered Coed

UPPER SANDUSKY, Ohio (AP)—Law officers have found love letters they say will help prove 19-year-old Roy Schinagle cold-bloodedly murdered his coed sweetheart.

Sheriff Dean McAllister carried his investigations from Wyandot County to a room in Cleveland where he said he found two letters to Cynthia Pfiel, 19-year-old White Plains, N.Y., girl whose body was found mutilated beyond recognition last Thursday night.

McAllister said he would use one of them at Schinagle's trial in an attempt to prove he planned the murder.

* * *

He wouldn't say what was in the letters. But the Cleveland Plain Dealer quoted a policeman as saying Schinagle wrote Cynthia inviting her to Delaware, where the Mayfield Heights (Ohio) youth was preparing for the fall term at Ohio Wesleyan University.

The Plain Dealer's source said Schinagle told the girl to meet him secretly and not to tell anyone she was pregnant.

Meanwhile, Prosecutor Harold Roth was planning to file first-degree murder charges against the blue-eyed, sandy-haired youth who police say signed a nine-page confession.

Pig Goes Whole Hog

CENTREVILLE, Md. (AP)—Dairy farmer James Simpler got a good start toward a pig farm when a Chester white sow on his nearby farm went whole hog and gave birth to 22 piglets, believed a record for these parts.

HANDICAPPED MAN OF THE YEAR—President Eisenhower hands a gold and silver trophy to Harry E. Smithson, Detroit advertising man and publisher, during a Washington ceremony Wednesday. Smithson, crippled for 27 years, was honored as "Handicapped Man of the Year," for having done the most for handicapped workers.

Says Sales Tax Is Not Solution

Sen. Wiley States U. S. Levy Is Wrong Way to Raise Needed Revenue

GREEN BAY, Wis. (AP)—Sen. Wiley (R-Wis) said today the United States must increase its defense spending, but he said a national sales tax is the wrong way to raise the revenue needed.

Such a tax, he predicted, would be "thunderingly rejected" by Congress. And he said the Eisenhower administration would propose and push through a sales tax only "if it wanted to dig its own political grave."

Many Republicans in Congress have been talking hopefully of cutting military expenditures further. But Wiley, chairman of the Senate Foreign Relations Committee, declared in a speech prepared for a luncheon meeting of the Green Bay Rotary Club:

"Defense expenditures are going to have to increase because we simply are not adequately prepared on a continental basis.

"We are all, of course, hoping that we will get increased efficiency in our armed forces and in other government departments, so we can make necessary savings.

"As we know, the Eisenhower administration is leaving no stone unturned in order to try to save every possible dollar which it reasonably can.

* * *

"But it cannot accomplish budget miracles. So, inevitably, we are having to search for new sources of revenue. . . It was only natural that people should at least consider a national sales tax."

Secretary of the Treasury Humphrey has said a federal sales tax is one of many proposals being considered, but that no final decisions have been made on what to recommend to Congress. Tax law changes scheduled to take effect automatically next year will cost the Treasury about eight billion dollars a year.

Sen. Wiley said a sales levy "is the worst, unfairest type of tax" because it falls most heavily on low income families.

He offered no specific tax suggestions of his own.

* * *

Wiley did not expand on why he felt that defense spending would have to be upped. He renewed, however, his call for the administration to give the American people "the minimum facts about the menace to our survival."

"Operation Candor is the prelude to Operation Survival," he said. "A people groping in the dark cannot come to sound decisions.

Still Love Horses

LARAMIE, Wyo. (INS) — Folks may think Dobbin and the Old Gray Mare are doomed to go the way of the dinosaur and the saber-tooth tiger, but demand for copies of a new Wyoming University pamphlet shows a great many people all over the nation still have an interest in horses. Up to 65 requests a day — 2,500 since January — have been received at Laramie for the 32-page booklet "Horses — Their Care and Training."

Sling-shot Artist Makes Judge His Accomplice

OKLAHOMA CITY (AP)—Police Judge James Demopolis, well past the sling-shot age, found himself an unwitting accomplice to a 12-year-old boy's antics yesterday.

Demopolis said he picked up a youthful hitchhiker and was taking the boy to a football game when, "Imagine my astonishment and consternation when he pulled out a bean-flip and shot a woman standing at the intersection."

The judge, his legal dignity ruffled, estimated the victim jumped five feet.

He said he got out, apologized, explained the boy was not his son, and beat a hasty retreat after delivering a lecture to the youth.

The boy's explanation, said Demopolis, was, "Oh, I shoot all the girls."

Commerce Secretary Says Economy Is Sound

NEW YORK (AP) — Secretary of Commerce Weeks says the nation economic climate is good but the federal gvernment would not hesitate to step in to prevent a depression.

Weeks spoke last night before the fall meeting of the National Industrial Conference Board.

Discussing finance and the general economy from a businessman' point of view, Weeks said "the confidence of Americans in themselves" was perhaps the most important factor for economic stability and growth.

Tavern Owner Dies Resisting Gunmen

CHICAGO (AP)—Peter Grillo, 48, a West Side tavern owner, was shot and killed today when he resisted three gunmen who fled after taking $100 from the cash register.

Grillo, who grappled with one of the robbers and hurled a bar stool and bottles at his companions, died of a bullet wound in the chest as he was being taken to a hospital.

Witnesses told police that before firing two shots at Grillo one of the gunmen told him: "You're a — — fool for fighting back—do you want to get killed?" Immediately after the warning, he fired two shots and Grillo fell wounded to the floor fatally wounded.

A bartender and waitress were the only other persons in the tavern.

Nantucket lightship, the first United States light seen by many inbound vessels from Europe, has been placed in a new position by the Coast Guard. It is now 50 miles southeast of Sankaty Head light on Massachusetts' Nantucket Island.

Ike Is No Leader, Says Dem Group

WASHINGTON (AP) — Americans for Democratic Action (ADA) said last night President Eisenhower has exercised 'no leadership' and that 'policy questions are determined by the Congress with little regard to the administration.'

The ADA World, monthly publication of the six-year-old organization whose avowed aim is to further the principles of the Democratic New Deal, said the President has acted 'as though Congress were the government and he its employe.'

It declared 'the administration is without a foreign policy, and that the nation's economy is as free of control as it was in the "boom and bust of the 20s.'

3 Municipal Workers Dislike 'Long' Weeks

CAMBRIDGE, Mass. (AP)—Three Lowell city workers want Middlesex County Superior Court to order their work week reduced from 35 to 31 hours because the shorter hours were traditional since 1898.

In a petition yesterday the trio said they worked from 9 a.m. to 4 p.m. with 90 minutes for lunch until City Manager Ulysses J. Lupien changed their hours last Jan. 1 to 9 to 5 with an hour for lunch.

The petitioners are officers of the AFL Administrative and Clerical Employes union.

Each Story Told Quite Different

About 1,200 Before TV Annually at Chicago's Hotel Sherman

CHICAGO — Welcome Travelers is a program which was not planned for any particular group of listeners.

Instead, the successful show, which began June 30, 1947, has a devoted nationwide audience that is as varied as the tens of thousands who annually visit the College Inn Porterhouse Room of the Hotel Sherman in Chicago to watch the Monday-through-Friday broadcasts in person.

Star-emcee Tommy Bartlett and co-host Bob Cunningham annually interview about 1,200 travelers on the show, and these cover the scope of human endeavor from hoboes to millionaires, royalty to cabbage growers, actors, authors, aviators and animal trainers.

Ages of the person interviewed range from childhood to those over 100.

All the travelers have one thing in common — they are going somewhere for a reason, and they have a story to tell.

It is up to Bartlett and Cunningham to help them tell those stories, speed them on their way and, often, to lend a helping hand.

Each interviewee is awarded appropriate gifts, which may be toys for the children, a seeing-eye dog for a blind man, a stove and refrigerator for a penniless widow or a college scholarship to a deserving youngster.

The entire studio audience enjoys a complimentary breakfast prior to the show.

Because so many different types of people appear on the programs, with so many stories to tell, each broadcast may be a blend of laughter, tears, pathos or inspiration. Each day it's as different as each of the fans who come to visit — which adds to its unusual appeal.

Director Doubts TV Will Raise Movie Standards

WASHINGTON (AP)—Elia Kazan, award-winning Broadway and Hollywood director, said today there's a chance that television may raise motion picture standards—"but I rather doubt it."

"Too much censorship," he said. "Too many people telling you what to do."

On the other hand, Kazan continued in an interview:

"Television is certain to make movies more spectacular, more technologically perfect. And that is good. No art ever was hurt by technical improvements."

* * *

Hollywood people may brush off TV, Kazan said, but:

"Deep in their hearts, they're scared to death.

"Did you know that Jack Warner (the Hollywood producer) won't even allow a TV set to show up on the screen in his pictures?"

* * *

Kazan is in Washington to direct the pre-Broadway performances of "Tea and Sympathy," a new play by Robert Anderson. Kazan, a first-rate actor, is best remembered for his direction of the stage and screen versions of "A Streetcar Named Desire."

He says he doesn't go much for TV dramatic fare, but:

"I like the fights and ball games. I think they're wonderful."

Kazan said the film industry's counterattack with such things as three-dimensional movies, giant screens and new sound devices is all to the good, and:

* * *

"I think there's a chance the quality of movies will be raised, more or less as a defense mechanism. I certainly hope so."

He said there was little possibility of TV working any major change on the legitimate stage because:

Polish Observers Unhurt in Crash

SEOUL (AP)—The Army confirmed today a Communist report that a small American plane carrying four Polish truce observers crash-landed in South Korea. It said none was injured.

An 8th Army spokesman said the light, single-engine L20, developed engine trouble. It was brought in for "a perfect" emergency landing Saturday by its pilot, Lt. L. C. Caldwell. (Home town unavailable).

The spokesman said the only damage was a bent propellor.

He said the four Poles were examined by an Army doctor who reported they suffered no injuries.

Peiping radio earlier said the four suffered "severe concussion." It charged the accident was due to an "irresponsible attitude" by the Americans.

Comment Refused on Red Jet Report

TOKYO (AP)—A U.S. Air Force spokesman today declined to confirm or deny a report in the Dayton (Ohio) Journal-Herald that a Red MIG15 jet fighter surrendered Monday by a North Korean pilot may never reach the United States.

The MIG was dismantled at Seoul's Kimpo Airfield and placed aboard a big C124 Globemaster, which left for an undisclosed destination.

Air Force sources here would not say where it was going although a spokesman at Air Force headquarters in Washington said it would be taken to Wright-Patterson Air Force Base near Dayton for study.

King of Hoboes Is in St. Louis for AFL Meet

ST. LOUIS (AP)—The self-styled "King of the Hoboes" is in St. Louis on vacation and to take a look at the AFL convention while on a pension of $100 a month.

"All of the 'boes are working now and society isn't giving them handouts like in years back," said Jeff Davis yesterday. He said "the 'boes are actually paying income tax," although he didn't indicate whether he thought this was good or bad.

The 70-year-old Davis said he didn't anticipate any trouble getting in the AFL convention since he has "two bushels of labor convention badges."

Davis said members of the 'boes have placed him on a "civil list" or pension of $100 a month.

Filing Deadline Set

ALLEGAN (AP)—Applications for licenses to hunt in Allegan County's special deer season Dec. 1-7 must be filed by Oct. 10, conservation officers have announced. If more than 1,000 applications are filed a drawing will be held in Lansing to determine who gets the permits.

CAP Training Helps Youth

Allows Pontiac Lad to Enter Air Cadet School Without 2 Years College

A Pontiac youth recently realized the value of his training with the local Civil Air Patrol Group.

It permitted Paul G. Valentino, 20, of 139 Whittemore St. to begin his military service as a United States Air Force Cadet.

VALENTINO

Valentino, a 1951 graduate of Pontiac High School, jointed the local CAP Group 6318 in 1949.

Early this year he was awarded the CAP Certificate of Proficiency for successfully completing an examination prepared for the CAP cadet program. It is based on material in a study manual specially developed for it and designed for use in conjunction with secondary schools.

Recognizing such training the Air Force permits holders of the Proficiency Certificate to test for direct admission to the Air Force Cadet training program, thereby waiving a two-year college requirement.

Valentino took his examination last week and successfully passed it, according to Major R. E. Simons, commanding officer of CAP Group 6318.

The youth expects to begin his training at Lackland Air Force base in Texas sometime in February.

After a successful year of training he will be commissioned a second lieutenant in the Air Force and with four months additional training he will achieve pilot status, Valentino stated.

He is the son of Mr. and Mrs. Ernest Valentino.

Lobsters Have Stake in Hague Court Decision

LONDON (AP) — Millions of lobsters in the English Channel have a direct interest in a case now before the International Court of Justice at the Hague.

The question, about a thousand years old now, is whether some bleak little islands showing up as pin points on maps, belong to England or France.

* * *

The old dispute, rarely bitter but which has persisted as a little irritation for centuries, involves ownership of the Les Ecrehouse Islands, off the French coast northeast of the island of Jersey, and the Les Minquiers group, south of Jersey. Together they total about 96 square miles.

The lobsters, chief asset of the two tiny island groups, come in because the court's decision may determine whether they are the rightful prey of British or French fishermen. As far as the lobsters are concerned, it would seem best to hope for British rule. British fishermen toss back lobsters less than eight inches long. The French take them smaller.

* * *

Since only about 100 persons call either of the island groups home, it is hardly worth having a plebiscite. Actually, some of the more or less permanent inhabitants prefer the unsettled state of things. There always is uncertainty where taxes should be paid and many find it convenient to pay none at all.

But the fishing in adjacent waters, by Frenchmen who live on the mainland and British from the islands of Jersey and Guernsey, is of economic importance.

Lodge Planning Full Weekend at Scout Camp

Chippewa Lodge 29, Order of the Arrow, is wedging construction work on a new brick building at Camp Agawam into a full schedule of activities at its annual fall conclave this weekend.

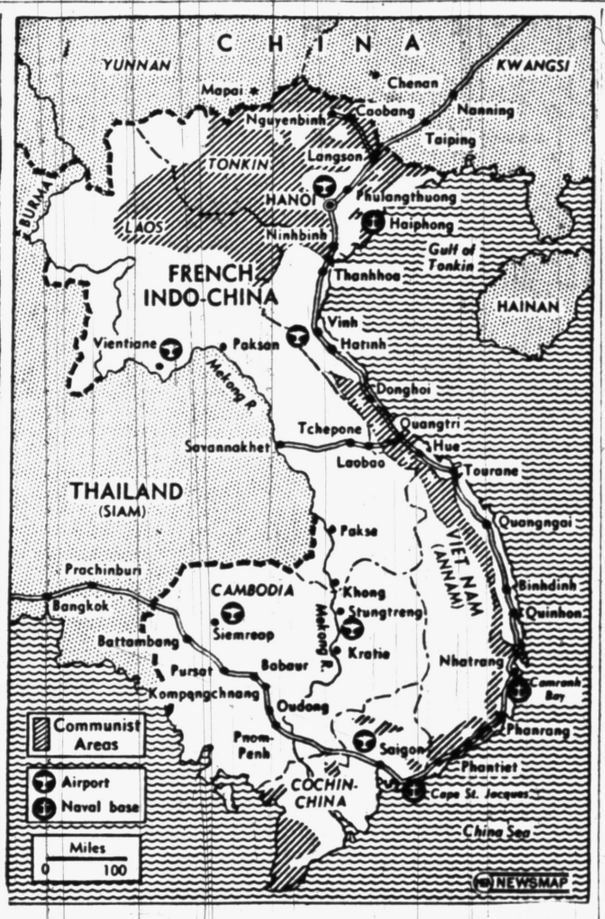
Feature event will be the initiation of 28 new members into the National Society of Honor Scout Campers.

Harvey Beach of Rochester, bossing the construction job, says he hopes to have the building completed by spring.

Campers will also see movies of this summer's National Boy Scout Jamboree in California and of 1952 Camp Agawam activities.

Bruce Horton of Pontiac, subchief in charge of rituals, is preparing elaborate Indian ceremonies for the initiation, scheduled Saturday night.

About 125 scouts and leaders are expected to attend the conclave.



RED MEASLES—Newsmap of Indochina shows how Commie forces dot country as new invasions threaten.

Red Flood Will Begin

End of Rainy Time Means Renewed War in Indochina

Editor's Note: Fred Sparks, fresh from the Korean truce front, is back to a beat he covered in 1950—the explosive jungle warfare in Indochina. Follow his timely dispatches on the Special Page of the Pontiac Press.

By FRED SPARKS

SAIGON (NEA)—When it rains in Indochina it seems as if someone in heaven turned on a faucet. In minutes the streets of Saigon are aswim.

Bicycle-propelled richshaws hoist their slight awnings and slosh through the gutters like small outboards.

Neat Vietnamese girls in tight dresses slit up the sides. Foreign Legionnaires in white pillbox hats, French officers with tanned knees under tropical shorts—all take cover in the fan-cooled cafes.

Then the awful sun comes out like a slap in the face. In Saigon the water is literally sucked off the streets.

But in the country, on the Tonkin airstrip next to Red China, along the vital roads feeding French outposts, the whole land is a giant puddle.

At the end of September these rains, the flash floods, will stop. Then will come another flood—the Vietminh Communists.

Carrying fresh weapons issued in China, they will attack French and loyal Indochinese garrisons, ambush convoys, and infiltrate the heavily populated deltas. The seventh dry season of war will flame in this Chinese "Year of the Snake."

French forces, now fat with American guns, and newly-trained light Indochinese infantry promise aggressive actions to bleed Vietminh areas.

Except for one thing, a final decision still seems distant. That one thing, in the back of every man's mind, is: "Chinese troops."

Will the forces of Gen. Mao, now relieved in Korea, move here? And if they do what of U. S. Secretary of State Dulles' promise that the war will then be carried to Peiping by air bombings and sea blockade?

A decision is hard to come by because the Communist war is in the traditional guerrilla pattern, hidden by vast jungles so thick that movement is measured in yards. You can't kill somebody you can't find.

By sniping, harassing and dynamiting, the Communists have forced French withdrawals and the map of Indochina has the measles. Red spots of Vietminh ring almost every city.

A few nights ago, 40 miles from Saigon, a rubber plantation stockade was assaulted by guerrillas in black silk gowns.

A traitor unlatched the gate and they poured in. Thirty defenders were killed, 30 marched off roped together like cattle.

Certainly, I found French hopes down since my last visit in 1950. Many of my old soldier-friends have been killed. And some politicians in Paris talk about saving money, pulling out.

They want the U.N.—and that means U.S.—to take over, send our young men, even as now we are sending half the dollars to finance this war.

A sharp blow to French hope was the Korean truce. Red China finances this trouble, and when the U.S. made an armistic arrangement the natives said, well, the Americans and Europeans can't whip China, they will soon go home, we cannot defend ourselves so we better play it cozy.

H-Bomb Fears Shadow Confab

Security Group Faces Task of Reorganizing Armed Forces

By ELTON C. FAY

WASHINGTON (AP) — Scientific predictions that the hydrogen bomb may soon explode into practical reality—a prospect that set off soul-searching in the Pentagon—steeped in significance today an unusual meeting of the National Security Council.

The new Joint Chiefs of Staff, who comprise America's high military command, already are overdue with recommendations on the size and shape of the armed forces for the year starting next July 1.

* * *

This entirely "new look," it was learned today, was ordered by the White House and Defense Department primarily because nuclear experts warned that the H-bomb is well on its way to becoming frightfully real.

President Eisenhower summoned an unusually large number of his government aides and advisers to today's meeting of the top level National Security Council.

Normally fewer than a dozen persons—Cabinet members and advisers from the armed forces and other agencies—attend the weekly meeting. But today 26 names were listed in addition to that of the President who serves as council chairman.

* * *

Besides the full membership of the Joint Chiefs of Staff and the secretaries of the armed services, the White House called to the meeting six special consults on continental defense, among them Lt. Gen. Harold W. Bull, retired, now attached to the Central Intelligence Agency (CIA).

Eisenhower and Secretary of Defense Wilson, when they picked the new staff chiefs last spring, let it be known their orders were to take a thorough look at the military machine and produce a report.

This report, aside from its general aim of remolding the armed forces, would be the basis for budget recommendations for the Defense Department.

* * *

But Sept. 15, the deadline set by Budget Director Joseph M. Dodge for all preliminary budget estimates, came and went without any recommendation by the Joint Chiefs. Wilson was reported considering a mandate to the chiefs to have their report ready in two weeks.

Recasting of the defense setup is compelled not only because American physicists have brought their hydrogen explosive research virtually to the point of a practical weapon. It gains impetus also from ample and ominous evidence that Russia too is racing along the same path.

* * *

The United States government thus is confronted with two problems of the utmost urgency and gravity:

1. To convince the world of the utter devastation that would come with war using the new weapon.

2. To seek tighter defense of the North American continent against nuclear attack—a defense which even the most optimistic do not believe can be absolute.

Exchanged Home

ANN ARBOR (AP)—Anna S. Elonen, associate professor of psychology at the University of Michigan, has been awarded a U.S. educational exchange grant. She will teach at Jyvaskyla, Finland, her nantive country.

TOOTER'S TUTORS—Marjorie Bevans of 210½ E. Boulevard, a member of the Wayne University band, goes through difficult musical arrangement while Prof. Mark F. DeLeonard, band director (seated), and Dr. Graham T. Overgard offer tips. Bandsman Fred Johnson of Royal Oak looks on.

Reds Crashing Trade Barriers

Russian Drive to Woo America's Allies Gains on Wide Front

LONDON (INS) — East-West trade barriers are breaking down on a wide front today in an intensified Russian campaign to woo America's allies with tempting offers.

The Soviet Union and her Communist satellites have concluded a long list of new trade agreements with non-Communist countries in recent weeks. And there are indication of further increases in trade across the Iron Curtain.

At the same time pressure is building up in Britain and non-Communist Europe for relaxation of controls on shipments of strategic materials to Russia, China and other members of the Communist bloc.

Speeches by Premier Georgi Malenkov and other Communist propaganda has made clear that the new Communist pattern of trade has a two-fold objective:

1. To make more consumer goods available in the Communist countries, in an effort to gain support for the Red regimes.

2. To woo America's allies by buying from them goods which are increasingly difficult to sell, and exporting to them goods they might otherwise have to buy with precious dollars.

The biggest East-West deal concluded recently is between France and the Soviet Union.

Within three years the volume of trade is expected to reach $35,000,000 each way annually, nearly three times the 1952 figure.

A new trade pact between Russia and Greece involves the export by Greece of 5,000 tons of tobacco, 500 tons of rice and olive oil and sponges, in exchange for Russian fuel oil, hard coal, timber, caviar, and chemicals.

FBI Says Other Offenses Down

Major Crime for Half-Year in Pontiac Ahead of 1952

Three slayings and 20 robberies during the first six months of 1953 pushed Pontiac's half-year crime record above figures for the same period last year, although all other crimes were on the decrease.

These are the conclusions of a Federal Bureau of Investigation crime survey of 117 Michigan cities, released today in Washington.

With the exceptions of Detroit and Flint, Pontiac had more violent crime than other Michigan cities of over 25,000 population with three murders committed during the first half of the year.

It alsohad most robberies, with 20.

The FBI's semi-annual report paints this picture of crime for Michigan as a whole:

Murders increased from 1.59 for each 100,000 population in the 1952 period to 2.10 in 1953. Aggravated assaults jumped from 52.2 to 59 and auto thefts from 94.5 to 99.3. Robberies declined from 36.7 to 34.5, burglaries from 202.5 to 176.4 and other kinds of thefts from 649.4 to 583.9.

The figures are based on reports to the FBI from police in 117 Michigan cities.

The FBI reported a 2½ per cent increase in major crime in the United States but said this was largely attributed to a nine per cent jump in rural crime. City crime increased only one-half of one per cent.

Detroit, the nation's fifth biggest city, ranked fourth in 1953's first six months in five crime categories—murders, robberies, aggravated assaults, burglaries and auto thefts.

Detroit had 61 murders in this period compared with 46 in the first half of 1952. Aggravated assaults jumped from 1,671 to 1,876 and auto thefts from 2,779 to 3,201. Robberies declined from 1,229 to 1,104, burglaries from 4,683 to 3,899. Thefts over $50 from 1,519 to 1,431 and thefts under $50 from 11,552 to 9,567.

Aggravated assaults include assaults with intent to kill and shootings, stabbings, poisonings and similar severe assaults on the person. They do not include assault and battery or fighting.

Following are the number of offenses of the various types reported by other Michigan cities over 25,000 population in the first half of 1953 (figures for the same period in 1952 are bracketed):

Murder—Ann Arbor 0 (0), Battle Creek 0 (1), Bay City 0 (0), Dearborn 1 (1), Ferndale 1 (1), Flint 4 (0), Grand Rapids 0 (0), Hamtramck 1 (0), Highland Park 1 (0), Jackson 1 (0), Kalamazoo 0 (1), Lansing 0 (1), Muskegon 0 (1), **PONTIAC 3 (1)**, Port Huron 1 (0), Royal Oak 0 (0), Saginaw 2 (2), Wyandotte 0 (1).

Robbery—Ann Arbor 4 (0), Battle Creek 5 (9), Bay City 3 (8), Dearborn 12 (18), Ferndale 4 (5), Flint 76 (35), Grand Rapids 15 (25), Hamtramck 14 (9), Highland Park 21 (7), Jackson 7 (3), Kalamazoo 2 (9), Lansing 1 (4), Muskegon 11 (12), **PONTIAC 20 (13)** Port Huron 1 (7), Royal Oak 4 (6), Saginaw 16 (8), Wyandotte 2 (2).

Aggravated assault—Ann Arbor 6 (1), Battle Creek 14 (19), Bay City 0 (0), Dearborn 11 (10), Ferndale 0 (1), Flint 124 (116), Grand Rapids 7 (14), Hamtramck 11 (19), Highland Park 12 (14), Jackson 5 (4), Kalamazoo 4 (6), Lansing 6 (5), Muskegon 19 (17), PONTIAC 47 (50), Port Huron 9 (5), Royal Oak 1 (0), Saginaw 73 (63), Wyandotte 0 (0).

Burglary—Ann Arbor 50 (60), Battle Creek 72 (89), Bay City 53 (48), Dearborn 168 (169), Ferndale 72 (31), Flint 315 (370), Grand Rapids 275 (831), Hamtramck 67 (57), Highland Park 83 (123), Jackson 61 (86), Kalamazoo 91 (134), Lansing 86 (119), Muskegon 114 (72), **PONTIAC 152 (270)**, Port Huron 36 (72), Royal Oak 97 (78), Saginaw 108 (124), Wyandotte 72 (49).

Theft over $50—Ann Arbor 58 (78), Battle Creek 72 (71), Bay City 26 (26), Dearborn 124 (155), Ferndale 33 (32), Flint 331 (2,661), Grand Rapids 115 (112), Hamtramck 59 (84), Highland Park 96 (104), Jackson 78 (76), Kalamazoo 88 (90), Lansing 56 (55), Muskegon 66 (70), **PONTIAC 64 (78)**, Port Huron 26 (21), Royal Oak 16 (30), Saginaw 69 (61), Wyandotte 37 (46).

Theft under $50—Ann Arbor 120 (155), Battle Creek 315 (286), Bay City 205 (216), Dearborn 815, (883), Ferndale 102 (91), Flint 870 (834), Grand Rapids 873 (1,009) Hamtramck 115 (166), Highland Park 300 (350), Jackson 245 (304), Kalamazoo 457 (386), Lansing (344), Muskegon 196 (216), PONTIAC 285 (344), Port Huron 191 (260), Royal Oak 216 (221), Saginaw 545 (535), Wyandotte 137 (140).

Auto theft—Ann Arbor 25 (11), Battle Creek 27 (31), Bay City 27 (42), Dearborn 186 (166), Ferndale 21 (21), Flint 135 (117), Grand Rapids 95 (125), Hamtramck 56 (51), Highland Park 73 (73), Jackson 24 (31), Kalamazoo 31 (42), Lansing 53 (42), Muskegon 27 (30), **PONTIAC 61 (72)**, Port Huron 19 (14), Royal Oak 20 (37), Saginaw 66 (64), Wyandotte 25 (29).

Seven Homeless

MARQUETTE (AP) — A fire destroyed the home and all the belongings of the Amos Spencer family of seven in Big Bay Wednesday. The fire was believed caused by an overheated chimney.

Site Improved With Additions

Seaholm Lodge Among New Buildings at Loon Lake Center

Camp Mahn-go-tah-see at Loon Lake has just completed its most successful season. It was filled to capacity for all four periods, and because so many boys were unable to attend this year many already have signed up for next summer.

The camp has been improved with several new buildings this year. The new Seaholm Lodge was opened. It houses handicraft activities in the summer, and is used as dormitory during the spring and fall seasons. It is named for Ernest W. Seaholm of Birmingham, for many years active in the camp's establishment and growth.

The State Audubon Society financed an addition that doubled the space available to the camp's nature center.

A new beach house also was added this year with lockers and storage for the waterfront equipment, and J. P. Hildebrand of Birmingham donated a pulpit for the outdoor chapel.

This year's campers represented 22 of the 25 townships in Oakland County. In addition to the regular camping program two canoe trips, each more than 100 miles long, were taken by groups of boys. Truck trips were taken to Mackinac Island and to the Soo and Tahquamenon Falls.

Reservations already have been made for use of the camp during the fall and spring seasons.

The State Audubon Society will hold its campout there next Memorial Day weekend, and a training course will be held there next June for training nature counsellors for any camp in Michigan.

A family color tour is being planned this fall, probably for the second weekend in October, according to S. N. Geal, director of the camp, which is operated by the Oakland County Town and Country YMCA.

Loaf for Health, Medics Advise at State Confab

GRAND RAPIDS, Mich. (AP)—Two medical authorities—a heart specialist and a neuro-psychiatrist—recommended "plain, old-fashioned loafing" as a means of staying healthy to the 88th convention of the Michigan Medical Society last night.

Dr. Leo Taran, New York heart specialist, said a 15-minute interruption in the day's activities would be a step toward cutting down the incidence of heart disease.

Such a period also would serve to curb mental disturbances producing imaginary illnesses in many persons, Dr. O. Spurgeon English, a Philadelphia neuro-psychiatrist, said.

"If the 15-minute period is used for reading religious works, that's good. We need to slow down. Why, just plain, old-fashioned loafing has become a lost art."

Seats Finally Arrive

CHEBOYGAN (AP)—Pupils finally will go back to Forest Township School in the nearby village of Tower next Monday. Their summer vacation was extended when desks for the new $81,300 brick school failed to arrive in time. The desks came this week.

Pontiac Press Photo

KELOA CAN-CAN — Passersby in Pontiac's downtown section stopped and stared Wednesday night as 10 oddly-garbed girls kicked up their heels in a street-side can-can — part of their initiation into Keloa Klub. Genesee Ave.; Joan Wagley, 91 Hammond St.; Joyce Whitfield, 2154 Avondale Ave., Sylvan Lake; Barbara Calhoun, 114 Spokone Dr.; Leah Mae McNutt, 38 Neome Dr.; Sharron Savage, 2483 Normadele Ave., and Marilyn Glennie, 2308 Montroyal Ave.

300,000 Tough U. S. Soldiers

Army in Europe Trained to Withstand Atomic Fight

HEIDELBERG, Germany (UP)—The 300,000-man United States Army in Europe is being trained intensively to withstand a Soviet atomic attack and would "give a very fine performance" if the Russians struck tomorrow, its commander-in-chief said today.

Gen. Charles L. Bolte leaves his post as commander-in-chief next Tuesday to become Army vice chief of staff in Washington.

In an exclusive United Press interview at his headquarters here Bolte sized up the punching power of America's tough army guarding the Iron Curtain frontier.

"It's combat effectiveness is far and away better than it was 2 1-3 years ago when it was built up to its present strength of five combat divisions," Bolte said.

"Then it was a garrison army. Today it is a fighting field army.

"It is a powerful weapon to contribute to the security of the world and I have the greatest confidence in it. I am leaving it with the greatest regret.

"It is certain that in an emergency it would give a very fine performance."

Bolte said that since it was confirmed that the Russians also possess atomic weapons, all troops in his command have been trained to withstand a possible atomic onslaught.

"On a staff level our planning takes into account what action might be needed if an atomic attack were launched," he said.

"The recent big 'Monte Carlo' maneuvers here were based largely on such a possibility. Commanders are being taught the need for wide dispersion to avoid presenting a target. This may add to problems of communication and officers are being instructed to act more independently.

"The ordinary GI is being taught what measures he should take for his own protection, such as falling flat on his face in a slit trench or foxhole.

"We are not trying to debunk the effectiveness of the atomic weapon but we are constantly seeking to reassure the troops that if used it would not be catastrophic."

Bolte said that if troops are scattered sufficiently, atomic weapons would lose much of their value.

Vinson Wills Invalid, Sons to Share Estate

WASHINGTON (AP) — Two wills left by the late Chief Justice Fred M. Vinson were declared invalid yesterday and his son was appointed administrator of his estate.

The wills—one dated in 1928, the other in 1930—were invalidated because they lacked the signatures of witnesses.

Fred M. Vinson Jr., in petitioning district court for appointment as estate administrator, said his father left about $1,160 in personal property here. But he told newsmen the estate also includes small property holding in Kentucky and West Virginia, a bank account and insurance policies.

Under the court order, Mrs. Vinson will get $500 immediately and a share in the estate with her sons Fred and James.

Highland Park Judge Heads Michigan Group

DETROIT (AP)—Associate Municipal Judge David Golden of Highland Park was elected president of the Michigan Association of Municipal Judges last night.

Th ejudges are meeting in conjunction with the Michigan State Bar Association convention.

Judge Clark Olmstead of Kalamazoo was chosen first vice president; Judge George Martin of Dearborn, second vice president, and Judge William C. Burke of Battle Creek, secretary-treasurer.

BITE-SIZE TREAT — Maybe it won't be long before you can enjoy watermelon without loading your refrigerator to capacity. Pretty Jackie Rush displays the two-pound, bit-size delicacy at the Los Angeles County Fair. She's surrounded by Rattlesnake melons, which average 20 to 60 pounds in weight. Fruit growers claim the tiny taste-treats retain the values of the standard melon.

Collie Dog Has Surgery, Had Eaten Play Stones

LONDON (AP) — Bruce the collie dog rattled when he walked. When he ran, he rattled louder.

A surgeon found the answer in Bruce's stomach—five large stones together weighing nearly a pound. He took them out.

Said John Hollely, the dog's owner: 'Bruce must have swallowed some of the stones I threw for him when we went walking together.'

GOP-Led Probe Groups Reaching Near 100 Mark

WASHINGTON — With Republicans in charge of its investigative committees for the first time since 1948, Congress has jabbed with new-boom vigor at nooks and corners which the GOP said the government's previous administration left in a mess.

The number of investigations is growing by the week, and probably will reach 100 by the end of 1953, according to a Congressional Quarterly survey of investigative activities by the 83rd Congress' first session.

The best-known of these are aimed at alleged misdeeds and mistakes of the government's executive branch when it was under the Democrats.

When the first session adjourned early Aug. 4, Congressmen had completed or begun about 85 investigations. By mid-September the figure had topped 90.

Approximately a score more investigations have been specifically authorized by either the House or Senate but have not yet reached the "action" stage.

In addition to these full-fledged investigations, conducted by congressmen themselves in nearly all cases, 40 or more other inquiries will be credited to committee staffs during 1953.

To pay for the inquiries, Congress made available to its committees $3,958,471, including carryover funds.

While the figures for the 83rd Congress on number of probes and their cost are not closely comparable to those for the 82nd Congress, they indicate the new session's investigative activity is on a scale similar to that of the 82nd Congress, which broke all records for number of probes and money spent.

In 1951 and 1952, the 82nd Congress authorized $5,700,870 for investigations. No first session figures for that Congress are available but the 83rd Congress is well on the way to topping the two-year spending of its predecessor if it keeps on at anything like the present rate.

The 82nd Congress was credited with 236 probes during its two years. Its first session produced most of these, approximately 150.

However, these totals included some staff inquiries not as clearly Congressional investigations as the list of about 90 compiled by CQ for the period Jan. 3-Sept. 15, 1953.

During 1953, Republicans took over control from Democrats and Congressional committees spent more time in reorganization than was necessary at the start of the 82nd Congress in 1951.

The 1951 session, moreover, ran more than 10 weeks longer than did this year's. It was adjourned on Oct. 20.

Probes in 1953 stirring the most attention generally have torn into policies and practices of the Democratic administration, although some focused on private institutions, such as entertainment and schools. Main object of the detecting has been evidence of subversion.

Sen. Joseph McCarthy's (R-Wis) investigations subcommittee of the Senate Government Operations Committee pried into handling of State Department personnel files, "mismanagement and subversion" in the Voice of America, subversive books in U. S. overseas libraries, and Western trade with Communist nations, subversion in the military services, and in the Government Printing Office, and links between American Communists and the United Nations.

The Senate judiciary committee's internal security subcommittee, headed by William E. Jenner (R-Ind), investigated faulty screening of U. S. employes working for the United Nations, Communist penetration of American schools, and Soviet infiltration of high level federal policy making.

In the House, the Un-American Activities Committee, headed by Rep. Harold H. Velde (R-Ill) probed alleged Communist activity in education, entertainment and religion.

Headline probes in other fields included the ammunition shortage in Korea and waterfront racketeering in New York and New Jersey.

Leading those investigations were Sen. Margaret Chase Smith (R-Maine), head of a Senate armed services subcommittee, and the late Sen. Charles W. Tobey (R-NH), chairman of a Senate interstate and foreign commerce subcommittee.

Kidney Slow-Down May Bring Restless Nights

When kidney function slows down, many folks complain of nagging backache, headaches, dizziness and loss of pep and energy. Don't suffer restless nights with these discomforts if reduced kidney function is getting you down—due to such common causes as stress and strain, over-exertion or exposure to cold. Minor bladder irritations due to cold or wrong diet may cause getting up nights or frequent passages.

Don't neglect your kidneys if these conditions bother you. Try Doan's Pills—a mild diuretic. Used successfully by millions for over 50 years. It's amazing how many times Doan's give happy relief from these discomforts—help the 15 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!

Decide Coroner's Fate

MUSKEGON (AP) — Muskegon County Board of Supervisors will ask voters to decide, probably at the next general election, whether to continue under the existing county coroner system or adopt the medical examiner plan.

Student Invents Control Device

Automatic Electronic 'Pilot' for Lathes Saves Time and Money

OXFORD, Miss. (UP) — A college engineering student has designed an inexpensive electronic "pilot" that replaces costly hydraulic control of simple machine lathes.

Richard Gould of Ridgewood, N. J., says the greatest advantage of his "automatic pilot" to industry is that "one operator can control more than one lathe at a time and turn out a greater volume of work."

Gould developed the device as part of his work for a master of science degree in industrial engineering at the University of Mississippi here.

General Electric Corporation was so impressed with Gould's device that he was signed to enter GE's manufacturing training program, despite the fact he must take a three-year tour of duty in the Navy after finishing school.

Gould got the idea for his electronic pilot from a hydraulically-driven lathe in an engineering magazine. A professor suggested that he use electronics, and five months later, Gould had completed his pilot model.

The electronic control is more efficient than the hydraulic control, Gould said, and costs less to build.

Gould said his pilot could easily be turned out in a small shop for less than $100, while hydraulic controls cannot be made in the ordinary shop.

"I put in the material to be shaped, set the conditions, and the electronic control does the rest while I take it easy," Gould said. He said hydraulic controls require more attention from the operator.

Red Radio Says China to Double Grain Output

SAN FRANCISCO (AP) — Peiping radio says Communist China intends to double its annual grain production within the next 10 years to reach an output of 300 million tons a year.

The figure was announced by Teng Tzu-hwei, vice-chairman of the Financial and Economic Affairs committee of the ruling Red Administration Council, said a broadcast heard by the Associated Press in San Francisco.

He said the production increase could be accomplished only by mechanizing China's agriculture through big-scale farm collectives.

Youth Severely Burned

GRAND RAPIDS (AP)—Carl Kammeraad, 15, was severely burned Wednesday night when he spotted a smouldering blaze in a vacant house and attempted to stamp out the flames with his feet. His clothing caught fire.

Private Railroad Cars Inexpensive in England

LONDON (AP)—Renting a private railroad car in Britain is not the expensive luxury that it is in the United States. British railways rent passenger cars as "camping coaches" during summer months to six or eight persons in each car for rentals as low as $15 to $30 per week per person.

Cars are placed on railroad sidings in vacation spots in England, Scotland and Wales. Included in the cars other than bed rooms are dining room, living room and kitchen.

Farmers Need Hounds to Scare Coons Away

OKLAHOMA CITY (AP) — What should you do if you have coons in your corn? That's the question the Oklahoma Department of Agriculture was asked by farmers in the southeastern part of the state. The coons were stripping their fields, they complained.

The department said:

"A pack of good coon dogs might keep the invaders frightened away."

Some new types of fishing lures use rhinestones to attract fish to it.

Make Way for Progress

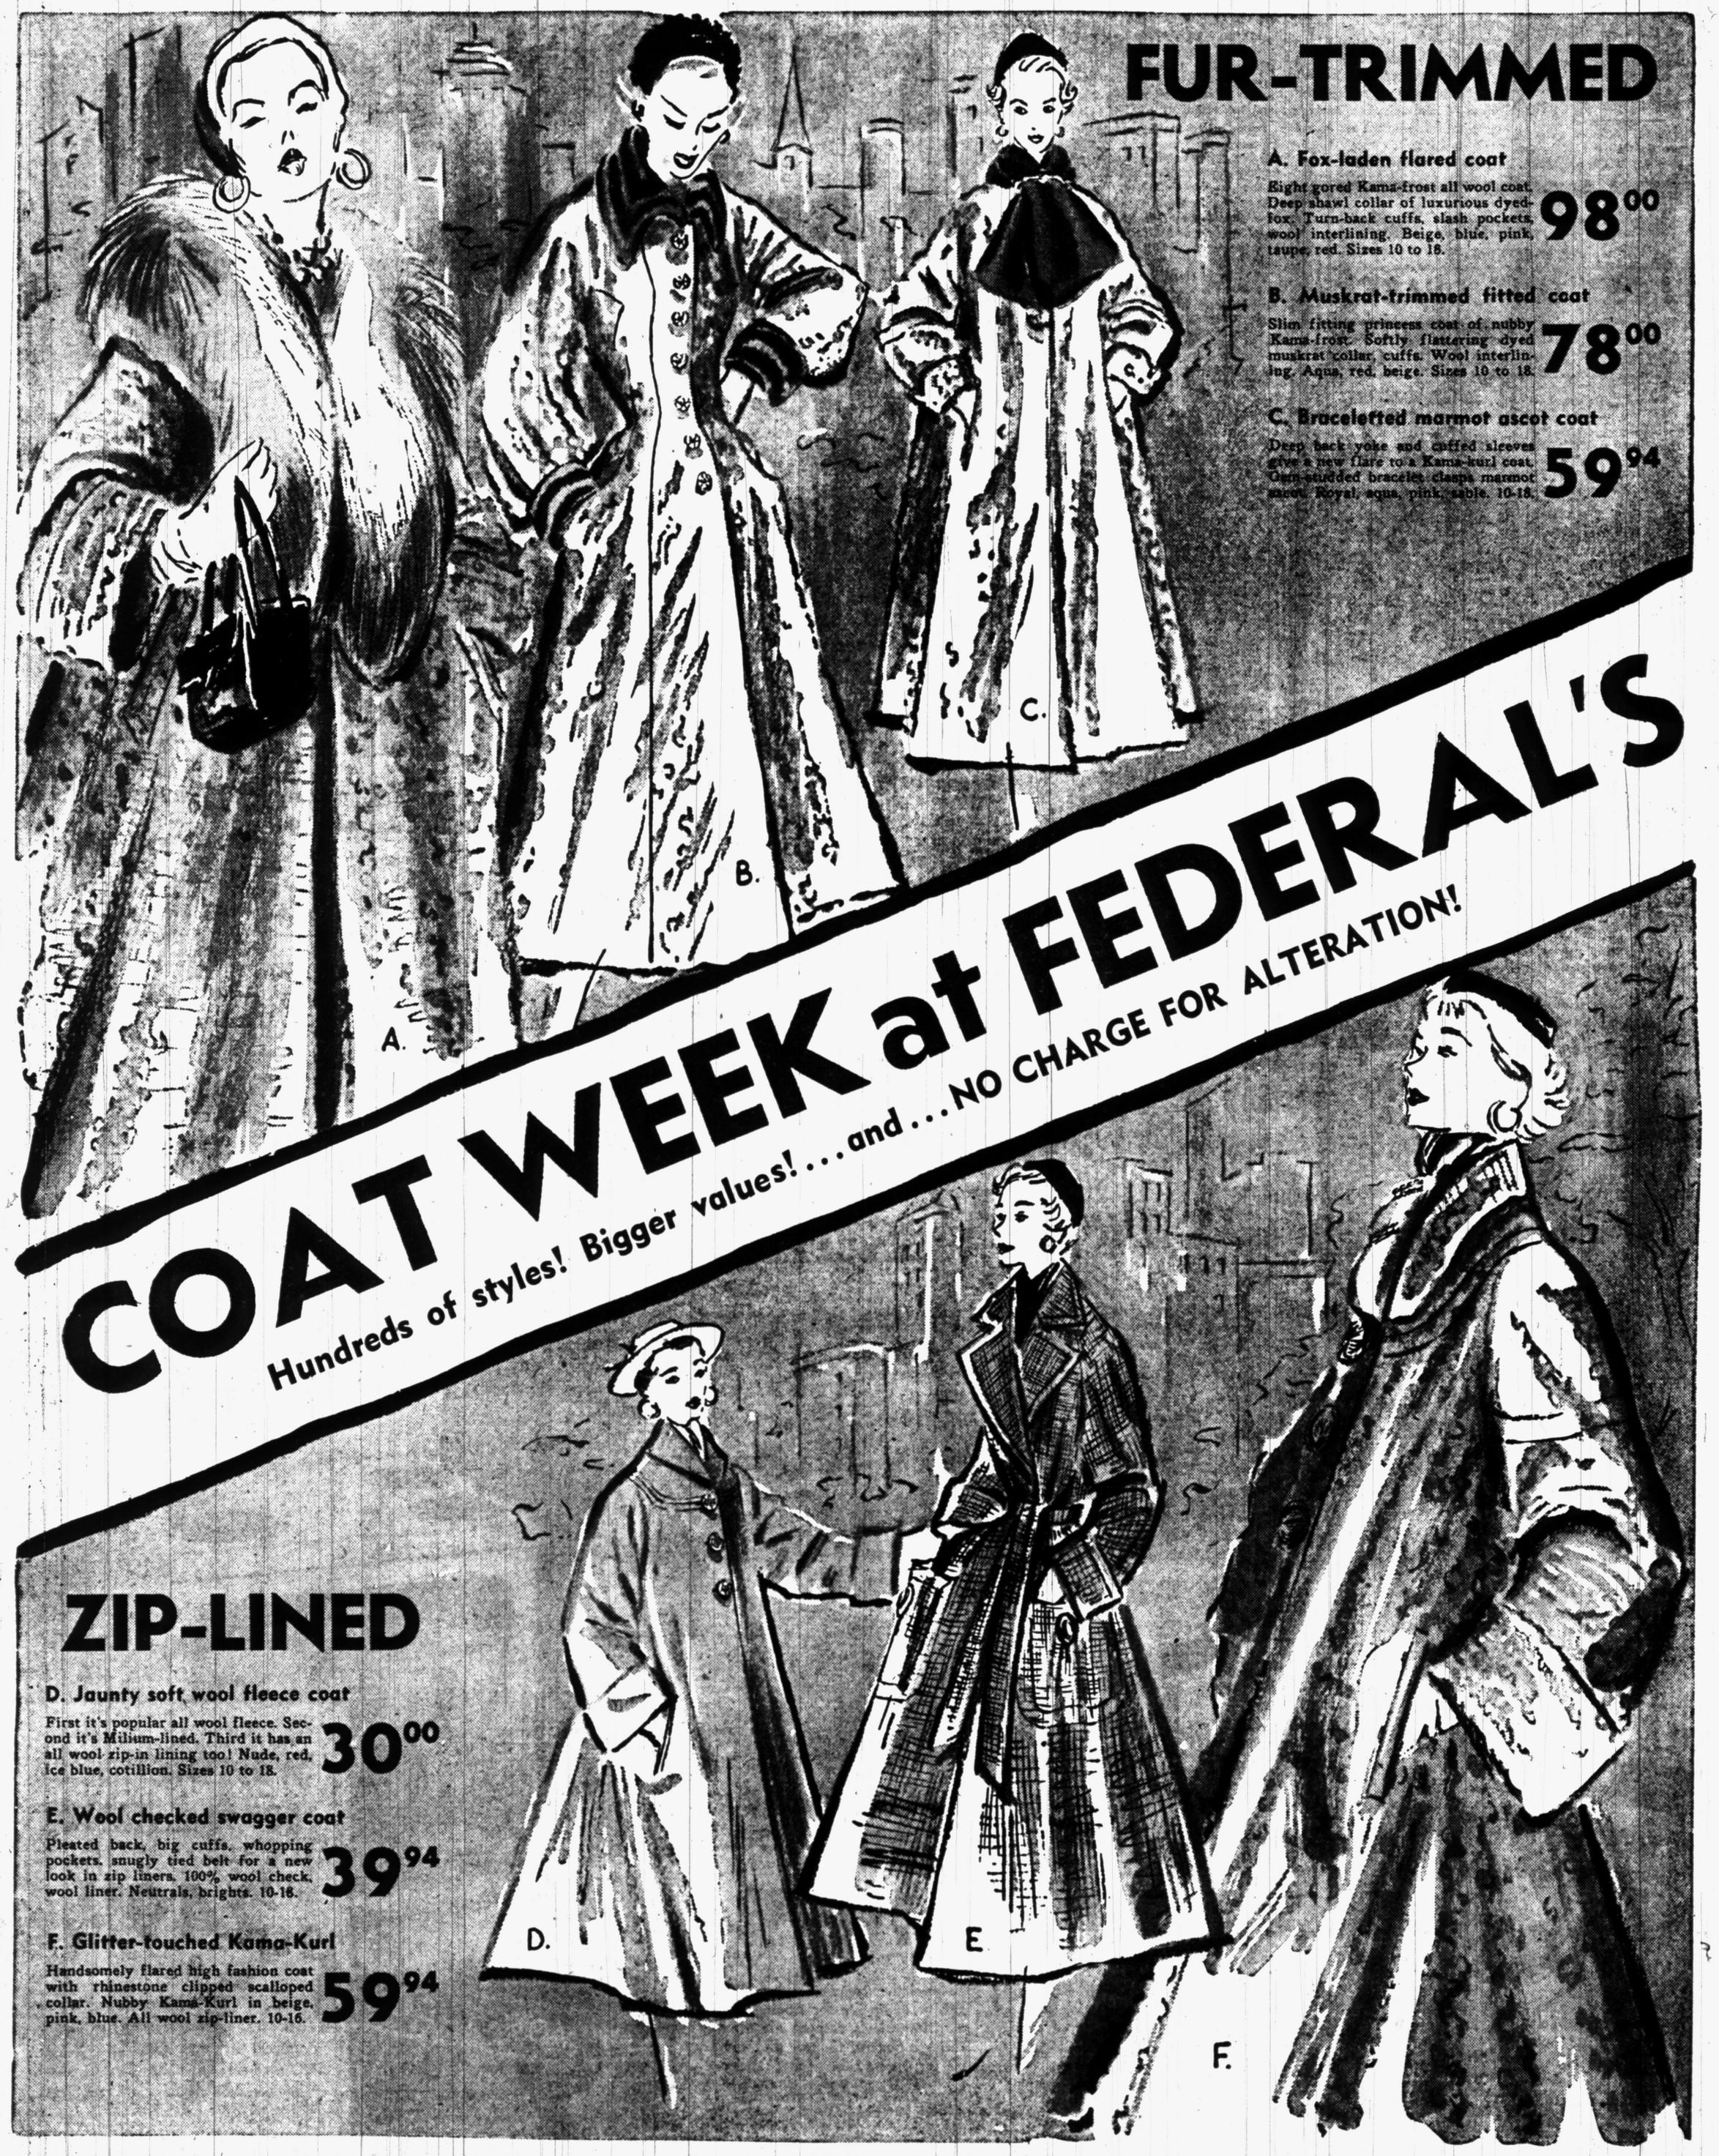
MUROC LAKE, Calif. (AP)—A railroad is being moved so that planes of tomorrow may be tested today on the sun-baked bed of Muroc Dry Lake. Relocation of 26 miles of the main line of the Atchison, Topeka and Santa Fe Railway Company's track around the lake will give the Air Force a 20-mile-long natural runway. The job is scheduled for completion by October.

Cats have been known to live as long as 30 years.

No Fish Story

ROLLA, Mo. (UP)—Bill Wiggins and B. F. Thompson didn't have much luck on a fishing trip but they did land a squirrel. They were coming in to shore when they spotted the swimming squirrel. Wiggins speeded up the outboard motor and they pursued the animal. After half an hour of wild maneuvering, the squirrel was bagged.

Arthur Donovan was the referee in 14 world championship heavyweight bouts.



Nightclub Undergoing Fast Change to Church

MORGANTOWN, W. Va. (AP) — The Rev. Stoneking Groves, director of the Spiritual Life Council congregation, says his group should be able to move into a made-over tabernacle within a month.

Site of the tabernacle will be the Old Cheat Lake supper club, one - time plush nightspot which used to be the scene of frequent gambling and liquor raids before it was closed three years ago.

Conservation officials estimate that more than 174,000 water fowl spend their winters in Michigan.

Korea Truce Uneasy

8th Army Would Do Well to Keep Its Powder Dry

By PHIL NEWSOM
United Press Foreign News Editor

It is becoming discouragingly evident that neither the United Nations nor the Communists expect any real peace soon in Korea.

The best that can be expected is a long, uneasy armistice with troops of both sides continuing in the war-torn peninsula for several years to come.

Such an analysis results from factors long in existence, and others newly added.

Lately United States Secretary of State John Foster Dulles said the United States was "forced to doubt" that the committee either intended to withdraw their troops from North Korea or to permit a truly free and united Korea.

Dulles added that it was becoming increasingly impossible to meet the Oct. 28 deadline originally set for the start of the political conference on Korea's future.

This week a North Korean pilot flew into Kimpo Airport outside Seoul and turned a Russian-built MIG jet fighter over to the U.N. command.

The North Korean gets $100,000 and the U. N. command gets a close-up look at the fighting machine which faced our F86 Sabrejets during the Korean fighting.

But of possibly more lasting importance than any secrets the MIG may have is the other information the former Red pilot brought with him.

The Red flew his fighter craft in from a recently reconstructed field near the North Korean capital of Pyngyang, only about 120 miles above Seoul. He added that the Reds expect the war to resume and that they were stocking North Korean fields with both jet fighters and bombers in violation of the armistice.

If Lt. Noh Kuen Suk, formerly of the Communist Air Force, is telling the truth, then the Allies indeed have food for thought.

The armistice terms permitted reconstruction of North Korean airfields but specifically forbade their use by warplanes.

Noh's story would indicate that the ink scarcely was dry on the armistice documents than the Reds began violating them.

Assuming that their word would be no better on any political agreements reached, then what is the use of a political conference at all?

Which is not to say there won't eventually be a political conference.

There undoubtedly will.

The United States is bound by its own moral precepts and the United Nations by its charter to continue to seek a peaceful solution to any dispute.

But it is increasingly clear that for the Communists the conference will serve but two purposes—as a sounding board for all their ambitions throughout Asia, including annexation of Formoso, and to further the differences between the United States and those Asiatic nations who might be our friends.

Meanwhile, it seems that Gen. Maxwell Taylor and his Eighth Army in Korea would do well to keep their powder dry.

Except for a few small openings to the brain, an elephant's head is protected by about 8 inches of bone.

Judges Invited to White House

Highest Court Vacancy on All Minds at Yearly Social Event

WASHINGTON (AP)—The Supreme Court vacancy lent more than the usual social significance to an annual tea at the White House late today.

The guests: 11 senior circuit court federal judges, Atty. Gen. Brownell and presiding justice Hugo L. Black of the Supreme Court.

At least two of those invited have been mentioned in speculation over a successor to the late Chief Justice Fred M. Vinson.

They are Orie L. Phillips of Denver, chief judge of the 10th Federal Circuit Court of appeals, and John J. Parker of Charlotte, N. C., chief judge of the fourth circuit.

The judges are here for their annual conference on conditions in their circuits. The White House tea is the most important social event on their calendar.

No news comes out of these affairs, but this time the chief justice vacancy probably will be on the minds, if not the tongues, of all those present.

Besides Judges Phillips and Parker, those invited were Judges William Denman of San Francisco, 9th circuit; Archibald K. Gardiner, Huron, S. C., 8th circuit; J. Earl Major, Springfield, Ill., 7th circuit; Charles C. Simons, Detroit, 6th circuit; Joseph C. Hutcheson Jr., Houston, Tex., 5th circuit; John Biggs Jr., Wilmington, Del., 3rd circuit; Harrie B. Chase, Brattleboro, Vt., 2nd circuit; Calvert Magruder, Boston, 1st circuit, and Harold M. Stephens, District of Columbia.

United Press Photo

SHOE-SHOE BABY—Trying to select a pair of wedgies to wear at Miami Beach makes Sandy Wirth the picture of indecision. Especially since she's wearing them everywhere but on her feet at the Miami Fashion Council showing of resort and cruise fashions.

Other Patients Depart as 'Papa' Has Operation

STILLWATER, Okla. (AP)—Patients and spectators at the Oklahoma, A&M College veterinary clinic made a beeline for the door today when "Papa," a fellow patient, made his appearance.

"Papa," a slender 15-year-old, had a tumor-like growth on his jaw. He was quiet and amiable during the operation, although it took three men to hold him on the table.

He's an eight-foot boa constrictor from South America, a star performer in a sideshow now playing at the Payne County Fair.

"He isn't mean and not so strong since he's been sick," his owner assured the doctors. "He's got just enough strength to pull an arm off, maybe."

The operation was a success.

Prefers Blackjacks to Hatpins; Gets Fine

ALBUQUERQUE, N. M. (AP)—It used to be that women defended themselves with hatpins.

But this is the atomic age, and apparently Mrs. J. Slade Senior thinks that along with the A-bomb, things and people are tougher.

She was given a suspended fine of $100 yesterday for toting a blackjack.

Loan Company Head Sees 6-Million Car Sale

WASHINGTON (UP)—Arthur O. Dietz, president of C.I.T. Finance Corp.—auto loan makers—today predicted 6,000,000 cars will be produced and sold this year.

Auto sales will remain brisk this fall because auto companies are hastening their changeover to 1954 models, Dietz said. He said 1954 will be "another good year in the motor field," with production and sales running to 5,500,000 or 6,000,000.

Much Allied Equipment Salvaged Since Truce

SEOUL (AP)—Nearly eight million dollars worth of equipment and materials has been salvaged since the July 27 truce from former Allied battle positions now in the demilitarized zone of Korea, the 8th Army said today.

The salvaged equipment is being stockpiled or used to construct new Allied battle positions.

Oldster Burns to Death Despite Phone Appeal

TECUMSEH, Neb. (AP)—Mrs. Caroline Borrenpohl, 7-year-old semi-invalid, burned to death in a farmhouse yesterday after futilely shouting into her party line telephone: "The house is afire."

Neighbors who heard the call were unable to tell where it was coming from.

Swimming for Diploma

GRAND RAPIDS (AP)—Board of Education member Melvin D. Anderson has proposed that ability to swim be made a requirement for receiving a high school diploma from the Grand Rapids school system. Anderson is advocating swimming pools for at least three of the new junior high school buildings expected to be built here.

Hospital Accredited

GRAND RAPIDS (AP) — Michigan Veterans Facilities hospital has received full accreditation from the joint commission on accreditation of hospitals, Commandant Walter J. Baker has been informed.

Indian Land Claims Eyed by University

BLOOMINGTON, Ind. (AP) — Indiana University is investigating Indian land claims covering the whole states of Indiana, Ohio, Michigan and Wisconsin, as well as most of Illinois, Northern Minnesota and Eastern Iowa.

The university is the investigator for the federal government to settle claims for the lands brought by dozens of Indian tribes. In 1946, Congress passed the Indian Claims Commission Act, which gave Indians permission to sue the U. S., possibly for billions of dollars in additional funds for lands bought by treaty.

Nearly 400 suits are pending on treaties dating back to 1795. Some Indian tribes were paid as little as three cents an acre. The suits claim that the price should have been as high as $10 an acre.

IU authorities say that just which tribes owned lands at the time of the treaties is often hard to determine. There were widespread tribal wars and many moves in the face of white settlement.

In Indiana alone, tribes involved in litigation include the Miami, Kaskaskia, Piankashaw, Wea, Peoria, Potawatomi, Shawnee, Iroquois and Delaware.

IU will provide specialists under a $33,000 contract for three years to unravel the ownerships.

New Study Planned on Civil Aviation

WASHINGTON (AP) — President Eisenhower has ordered a new study looking to "a clear and comprehensive statement of the (civil) aviation policies of this administration."

Announcing this yesterday, the White House said the study would be made by the air coordinating committee, a group set up some years ago to advise the President on civil aviation matters. It includes government and industry officials.

No time limit was put on the study, which will include such matters as federal aid for local airports.

Orchestra Still Grows

TRAVERSE CITY (AP)—The Northwestern Symphony Orchestra continues to grow. Six new members, from Elk Rapids, Manistee and Traverse City, have joined the organization for this season increasing its membership to 56. Dr. Pedro Paz is conductor.

Report Big Cotton Crop

LONDON (AP)—Moscow radio reported today that Soviet Azerbaijan has a bumper cotton crop. The broadcast said the harvest in the Central Asian Soviet republic already has exceeded the 1953 quota by 40 per cent.

Would Remodel U. S. Assistance

Ferguson Sees Arms Aid Only as Needed for Foreign Nations

GRAND RAPIDS (AP)—Sen. Homer Ferguson (R-Mich) would limit U. S. foreign aid to the giving of military equipment and technical advice.

Speaking before the 8th convention of the Michigan Medical Society last night, Ferguson claimed that foreign aid given by the Truman administration amounted to "overseas boondoggle projects."

In addition, the chief of the Senate Republican Policy Committee said he favored transferring the responsibility of administering foreign aid to the Defense Department.

It now is administered by the Foreign Operation Administration, headed by Harold Stassen.

Ferguson, estimated the transfer would save a billion dollars yearly, and declared that military planners are best qualified to decide what help our Allies need.

Clarifying his stand on assistance to foreign governments, the senator said:

"I mean we should provide only weapons of war and whatever technical assistance is necessary for development of those nations which have shown by acts and deeds that they subscribe to the principles of political and economic freedom and put into practice those principles."

He said the Eisenhower administration has "thwarted the Communist effort to infiltrate and dominate our own government" and that "we have seized the initiative in international affairs from Soviet Russia."

Soldiers at Fort Jackson, S. C., contributed a 10-month period to Protestant, Catholic and Jewish missions in the United States, Europe and Korea.

One Missing, 2 Hurt in NATO Maneuvers

LONDON (AP) — First American casualties were reported today in the giant NATO sea exercise "Mariner" taking place in the North Atlantic.

A communique said one U. S. Navy man was missing and two others were injured after a jet fighter crashed and burned Tuesday on the deck of the American Carrier Bennington, part of the attacking fleet.

The plane was coming in for a landing. The pilot jumped over the side of the carrier and was picked up by helicopter. The extent of his injuries was not disclosed.

The announcement said the missing man had either been knocked overboard by the crash or jumped over the side to escape the flaming jet fuel. Another sailor was badly burned.

Names of the casualties were not announced, pending notification of next of kin.

"Youthtime" gave us a buy on 400 regular $5.99 and $6.99. Sizes 3 to 14 and sub-teen.

Denier, Gauge Important When Buying Stockings

NEW YORK (INS) — With hemlines on the rise, a hosiery expert thinks it's time American women took a refresher course on how to have more beautiful legs.

Choosing stockings has its fine points, and this is a year when fine points will count.

To prevent unnecessary runs, women should wear the appropriate denier and gauge for the time of day.

Denier means the circumferenc. of the nylon thread — the thinner the thread, the whispier the stocking.

Gauge means the number of needles in one-and-one-half inches of stocking width. The more needles, the better the stocking and the longer its wear.

The finest stockings made today are 66 gauge, 12 denier, and gossamer sheer. Standard fine stockings are 60 gauge, 15 denier for everyday wear, take 51 gauge, 30 denier.

To prevent baggy knees, crooked seams and either wrinkled or cramped feet, make sure you are buying the right size stocking in the correct proportion for your leg. Modern stockings come not only in sizes but in proportion to give them better fit at ankle, calf and thigh.

Stuffed Toy Cleaning

You can keep baby's stuffed toys clean, soft and fluffy if you dry them in your automatic gas clothes dryer. For best results, line the bottom of the dryer with a turkish towel before putting the toys in.

Wife, Mom Argue About Army Ritual

Each Claims Honor of Pinning On New Officer's Bars

By EMILY POST

An Army wife writes: "My husband is going to Officer's Candidate School at the present time. I would like to know, to settle a dispute, just what is correct:

"When my husband graduates, I say that I should be the one to pin on his bars. His mother thinks that she should do this. Will you please settle this?"

Answer: Usually, this is done by another officer. If there is to be a choice between mother and wife, the wife should do it.

Dear Mrs. Post: Would it be proper for me to announce my own engagement? My parents are not in this part of the country, and as I know many people in this city, I would like to put a notice in the local paper.

Also, would it be proper to send a picture of my fiance and me together to the paper?

Answer: It is entirely proper to send a brief announcement to the newspaper. It is best not to send the engagement picture unless they ask for it.

Dear Mrs. Post: My girl friend and I have had a difference of opinion regarding the following: I say that a bridesmaid is always a single girl, as the word means someone who is single.

My girl friend says that a bridesmaid may be a married woman. Will you please tell us who is correct?

Answer: A bride's married attendant is, strictly speaking, a bridesmatron, but to avoid the complication of calling each attendant a bridesmaid or matron, all are called bridesmaids.

Dear Mrs. Post: My husband and I do not have any children of our own but we are very fond of children and because of this are constantly being asked to be godparents.

At the present time we just cannot keep up with the expenses of such obligations. We feel that we have to remember these children with presents at Christmas and on their birthdays. Is there any way we can tactfully refuse to be godparents?

Answer: To be frank about it is the only thing to do because it is a very real problem which everyone will understand. While many godparents do give presents, there are many who can't and don't.

Use 'Home Fashion Time' to Spark Decorating Ideas

By ELIZABETH HILLYER

Now's the time to make big strides ahead in furnishing and decorating your home, during Home Fashion Time, Sept. 24-Oct. 3.

So much can be learned about furnishing and decorating just by seeing the good things and plenty of them, and there's a bountiful harvest of the best home fashions dramatically on view in the stores.

Deep study of period furniture, decorating principles, etc, is fine, but we learn more than we realize by looking at everything, often and with an alert eye. We learn and develop our tastes through our eyes.

Visit every display there is time for. With so much to see, there's such a good chance of finding just the that's-for-me items you've been looking for, and a model here or a display there may solve that hard-to-solve problem, too.

It's easy to catch the spark of inspiration from new color schemes and new arrangements, and the acutal home furnishings bring to reality ideas that were vague before.

Mrs. E. R. — "My bedroom, which is not too large, is white with medium green paintd woodwork. The furniture is blonde mahogany and the white does nothing for it.

"What color can I change to and keep my green striped draperies, green scatter rugs, and lampshades that are fuchsia color?"

The white walls are less at fault than the green woodwork, which is too prominent in the small room and breaks up the background. Choose a color that goes well with the green and the furniture wood, and paint both the walls and the woodwork this color, to simplify the background.

The color could be quite a rosy beige or a rosewood color, a light green-blue or a warm gray. Don't forget to consider the color of the bedspread in the scheme because it accounts for a large and conspicuous area.

Mrs. T. N. — "I have Early American decor with knotty pine furniture. Would straight fiberglass curtains and a swag, ruffled, in the same fabric as the sofa slipcover be too formal for the windows of the living room? The slipcover is a small provincial print."

Plain straight-hanging curtains of fiberglass are not too formal and the ruffled swag in the slipcover fabric smooths them into the room.

Shaves Off Paint

If you don't like to paint paned window frames for fear of getting the paint on the window, here's a tip that will relieve you: Paint on panes scrapes off with a single-edged razor blade effortlessly when it dries.

4581 12-20; 30-42

by Anne Adams

Step into the smartest classic of the season! It's a flatterer from the novel cut of the collar to the graceful swing of the skirt. And those contrast touches add a note of bright color. Sew this now—enjoy it every minute of the day.

Pattern 4581: Misses' sizes 12, 14, 16, 18, 20; 30, 32, 34, 36, 38, 40, 42. Size 16 takes 4¼ yards 39-inch fabric; ½ yard contrast.

This pattern easy to use, simple to sew, is tested for fit. Has complete illustrated instructions.

Send 35 cents in coins for this pattern—add 5 cents for each pattern for first-class mailing. Send to Anne Adams, care of 137 Pontiac Press Pattern Dept., 243 West 17th St., New York 11, N.Y. Print plainly name, address with zone, size and style number.

PETUNIA!

Try coating the center of each button with colorless nail-polish, Petunia. It seals the threads.

Girl Should Learn to Laugh Off Boys' Wisecracking

By ELIZABETH WOODWARD

"Dear Miss Woodward: I'm the unhappiest 15-year-old in town even though I've had plenty of dates with quite a few boys.

"I thought all the fellows were real nice, but lately they've been too wise with their remarks. I told them I didn't like it, and as it continued, I told my mother.

"My brother overheard and told the boys; they now laugh at me and make fun of me. I'm sure I'll never be dated again, even by the nice ones.

"I'd like to leave town—but I've no place to go. So what else can I do?"

You've made high drama out of a situation that calls for the light touch and a sense of detachment. The boys cut loose with wisecracks that offended you.

Maybe you didn't understand them. Maybe you took their remarks the wrong way. Maybe you took their kidding too seriously. But instead of passing it off with a disapproving shake of the head, a smile and a quick change of the subject, you made an issue of it.

You braced your feet, adopted your sternest air and announced that you just wouldn't have such goings-on. The rise they got out of you prompted them to keep it up.

Desperately, because you thought you couldn't control them, you sought help from your mother. Your brother yielded to the temptation to laugh at that performance, and added to the teasing by telling the boys.

It hurts to be laughed at, I know. But the joke will blow over soon. And there will be other dates with those same boys and with other boys.

Next time, don't take offense too easily. And don't bristle at all—not when it's so easy to laugh a boy who's out of order back into line.

"Dear Miss Woodward: I'm 17 and Bill, who is 23, has asked me to marry him next summer. My parents approve of him and I like him very much.

"But he likes to go out with a couple of boys and have a good time. I'm asked only when his sister and her husband go. I don't mind their being with us — what I don't like is having to go to nightclubs at all.

"Even if we don't engage in it, I don't like to go to places where there is drinking. Do you think we could straighten this out before our marriage?

At the moment you're perfectly within your rights in stating your preferences and declining invitations to places that don't appeal to you. But you should recognize Bill's right to have his preferences, too, and to go with the boys to places that appeal to him.

Face the fact that by the time you're as old as Bill, your ideas and tastes may have changed. Or you may find your life with Bill too full of other things for the nightclub sort of fun.

So don't make an issue of it now. Respect Bill's tastes as highly as you do your own.

Manners MAKE FRIENDS

When someone brings you a gift—go ahead, open it. If you lay it aside to open later the one who brought it may be disappointed. So open it up, quickly. Be surprised and delighted at what you find inside.

And then the giver will be satisfied that the gift was exactly what you wanted.

New Metal Solder Hardens Minus Heat

Home craftsmen may be interested in a new metal solder which hardens without heat. The manufacturer says it forms a permanent bond to metal, wood, plaster, glass or plastic.

It's applied with a putty knife, is supposed to harden quickly and can be filed, drilled, chiseled, ground or sanded when dry.

IF tiny woman—

Brief 24-inch coats that cover hip top are new for wear over the slim skirts and an exciting jacket for you rather than bulky coat.

Mrs. T. W.—It's new. It's rich looking. It's flattering to the tiny woman and makes an especially smart silhouette to wear over slim skirts, slim dresses and slim suits. One of the outstanding fashions of the year, is the shorter fur coat.

New Permanent

There's a new dimension to femininity for women with a distinguishing streak of gray hair or striking snowy white tresses. Now you can fashion your own flattering silver coif without fear of hair discoloration, thanks to a new custom-made home permanent.

Check Up on Windows in Next Rain

Water May Leak Between Siding and Top of Frame

By HUBBARD COBB

Next time we have a nice hard driving rain you might go around and check to see if there are any damp spots on the inside walls around windows.

If there are, it's a pretty good chance that the water is getting in through an open seam between the top of the window frame and the house siding.

Along the top of the window frame on the outside there is usually found a strip of wood called a drip cap which is supposed to keep rain from getting in through cracks and crevices.

If this cap is broken or has become cracked, better replace it.

Sometimes there are just a lot of small seams between this strip of wood, the window frame and the house siding. These can be filled with cauking compound or white lead.

If you really want to make a water and air-tight joint, then the best way to do it is with flashing.

What you do is pry up the ends of the siding right above the window frame and slip a piece of copper-coated building paper so that it extends several inches up under the shingles.

The exposed portion is now brought over the top of the window frame and fastened in place.

Any rain striking the immediate area will run down along the copper-coated paper and eventually drip off the edge where it won't do any harm.

Care For Radiator

Before painting radiators, scrape off loose rust and old paint with a wire brush and wash with soapsuds, allow to dry thoroughly before painting.

Bifocal glasses appear to have been made first by Benjamin Franklin.

There are lots of ways to make money, and the prisons are full of counterfeiters to prove it.

IMOGENE HALL

Mr. and Mrs. Rufus C. Hall of Ferry avenue are announcing the engagement of their daughter, Imogene, to Jack H. Ettinger, son of Mr. and Mrs. John A. Ettinger of Commerce. Both Imogene and Jack are students at the Detroit Institute of Technology, College of Pharmacy. The couple will speak their vows Nov. 25.

Sweaters Need Lukewarm Suds

Whether a sweater is made of wool or a synthetic fiber, it should be washed in lukewarm soapsuds and rinses—and should be fully supported by the hands throughout the process to prevent its being distorted by the weight of the water.

Ordinary soil will fall out with just gentle squeezing. Stubborn spots can be rubbed gently with a soft, sudsy rush or with well-soaped fingers. Never rub the sweater against itself or twist or wring it.

After rinsing, blot it in a turkish towel and lay flat to dry. Best way to retain the shape of a wool or wool-blend sweater is to outline in pencil and then cut a "frame" from stiff cardboard before washing.

Cut this in three pieces—one for the body and one for each sleeve.

After inserting these into the freshly washed sweater, it can be smoothed and eased to fit this pattern of the original size and shape.

Dedication Held for Hobby Shop

Wednesday evening the YWCA dedicated its new Hobby Shop. Mrs. John Kinzler, chairman, introduced Mrs. Fred Haushalter, president of the board; Miss Eileen Muir, executive director, and Byron Arkles, director of the arts program.

These members related the history of the Hobby Shop and told of their hopes for its future.

After the service, guests viewed the displayed crafts and were served refreshments.

Anyone interested in participation in the YWCA arts and crafts program may get further information by calling the YWCA.

Women of Moose Going to Dearborn

Plans to attend the Star-Recorders' Day in Dearborn Sunday were made by Women of the Moose when they met Monday evening in their hall on Mount Clemens street. Mrs. Furman Huston may be contacted by those wishing to attend.

Reports were given by chairmen of publicity, Moosehaven, social service and membership, and it was reported that co-workers of the chapter attended the meeting in Taylor Center Sunday honoring the deputy grand regent of Michigan.

Reports Are Heard by VFW Auxiliary

The New Citizens' picnic, held last week at Cass-Dodge Park, was discussed by Mrs. Harold Potter and Mrs. Hazel Burns when Ladies Auxiliary to VFW Post 1370 met at the hall Tuesday.

Mrs. William Vandecar reported on the party given at Pontiac State Hospital Thursday evening, and the group voted to donate to the national home for the annual Christmas party, and to the hospital Christmas fund and national cancer research.

Inspection will be held at the next meeting, Oct. 13.

Pontiac Collegians Settle Down to Textbook Routine

Notice to Brides:

Press Asks Prompt Data

In order to assure prospective brides a complete and timely wedding story, the Pontiac Press Women's Department has prepared several suggestions for providing the Press with prompt, accurate and complete information.

Wedding forms will be mailed upon request, as well as to those who have announced their engagements in the Pontiac Press.

The wedding blank should be returned at least two days before the wedding as this amount of time is needed for handling such detailed stories.

Those received more than three days after a wedding will not carry details of reception, bridal costumes, etc.

Because of limited space, brides-to-be may submit only one picture (either engagement or wedding) if they are to be married within two months of the engagement announcement.

While it is not always possible to provide the picture with the wedding information, brides are asked to note that the picture cannot be used unless it is ready for publication by the third day after the wedding.

Pictures should be black and white glossy prints, as colored or sepia pictures will not reproduce well.

Whittier, Jefferson Hold Joint Meeting

William Wright, principal of Whittier Elementary School, introduced the teachers and spoke on the new school building when Jefferson Junior High PTA met with Whittier PTA Wednesday evening.

Kline B. Hartman, principal of Jefferson Junior High School, spoke on school policies and introduced his staff of teachers.

The Rev. Donald E. Morris opened the meeting, which was conducted by Mrs. Paul Brown, and a cooperative dinner was served.

Mrs. Margaret Scese led the community sing.

Model Meeting Held

A model meeting was held Wednesday evening in the Green Room of Hotel Waldron by members of Alpha Omega Chapter of Beta Sigma Phi sorority. Mrs. James Beal and Dorothy Hart were guests.

With the golf season officially in the past, Fairway Golf Club members Mrs. Earle Weber of Waterford (left), Mrs. Glenn Hickson of Preston street (center) and Mrs. Keith Tarlton of Drayton Plains (right) were busy this morning wrapping gifts for the annual award luncheon that was held today at Twin Beach Country Club.

Open Books for Another Busy Year

Called to Classes in Nearby Schools and Out of State

Now that orientation week is over, many students have settled down to classes both in Michigan colleges and out of state.

Dominating the college news this week are Michigan State Normal College students who hold State Board of Education scholarships for the year 1953-1954.

Among them are William Bird, Lois Blanchard, Nadene Borsvold, Virginia Demski, Mary Dwyer, William Graham, Ruth Ann McCulloch, Barbara Nichols Dolores Rygiel, Lotti Jean Sawyer and Charlotte Ward. Marjorie Challis also has returned to her studies at Michigan Normal.

Wayne University students enrolling and returning from Pontiac are Joseph L. Wagley Jr., Ted R. Hendrickson, Robert D. Arno, Alice Weimer, Warfield Moore, William R. McCurry, Maurice Stack Jr., Paul Fortino and David Hanoute.

Seniors going back to Marygrove college in Detroit are Evelyn Jackolow, Margaret Soderberg, Marcella Vaverek and Ann Zdunic.

Joan Mazza is returning to Marygrove as junior delegate to the National Student Association. Miss Zdunic has been elected president of the M Club and secretary of the Confraternity group of the social action program, and Miss Soderberg is chairman of the volunteer social service program. Nancy Rouen, another returning senior, is president of her class.

Pontiac residents attending Mercy College in Detroit are Mary Marcero, Anna Marie Baldwin, Helen Rigdon, Dorothy Williams, Barbara Kemp and Loretta Kotuas.

Class Gathers at First Baptist

New officers were elected and installed when Eunice Philathea Class of First Baptist Church met Tuesday evening for a banquet.

Mrs. H. H. Savage is the teacher, assisted by Mrs. Warren Wescott and Mrs. Paul Kemp.

Mrs. Jack Maher is president of the group; Mrs. Norris A. Smith, vice president; and Mrs. Milton Brinson, secretary, assisted by Mrs. Connie Bearden.

Mrs. Harry Miller, treasurer, and Mrs. Harold E. Codling, assistant treasurer, are other officers.

The banquet was under the supervision of Mrs. Martin Jackson and Mrs. Lillian Meadows.

Mrs. Savage gave the invocation, Agnes Sturman conducted the election of officers and Mary Carls entertained with a vocal solo.

Miss Sturman conducted the installation of officers and the benediction was given by Mrs. Kemp.

Meeting Conducted by Interlakes Group

Mrs. F. R. Alspaugh reported on Officers Training Day and Mrs. Charles Allen on Rally Day when members of Interlakes Extension Service Group met at the home of Mrs. Allen on Watkins Lake road Wednesday.

Mrs. George Quine announced Mrs. Robert Scharf and Mrs. Frank Hickson as leaders for the year.

Coming Events

Navy Mothers Club 355 will meet at the Naval Training Center this evening at 7:30.

Fellowship Class of Central Methodist Church will meet Saturday at 12:30 for a cooperative luncheon at the home of Mrs. Blanche Gilmore, 815 E. Walton Blvd.

Perfume That Clings

Q.—Dear Penny: I adore perfume, but for some reason or other its fragrance just does not last on me. I have told several of my friends that I want a new perfume, but first I must find out about a lasting one—Mrs. A. W.

A.—A particularly good idea for women who claim that perfume does not "stay with them" is a Liquid Skin Sachet. It smooths on the skin very easily, and lingers longer because of its sachet base. It has a slower rate of diffusion and evaporation than any other type of fragrance. Try this Houbigant Chantilly Liquid Skin Sachet. Only $1.85 plus tax at better stores.

Fellowship Plans Event

Dinner-Bazaar Scheduled

A dinner and bazaar were scheduled for Nov. 19 when the Christian Women's Fellowship of First Christian Church met in the church parlors Tuesday.

A money-making project was set for Oct. 24, and reports of circle meetings were heard.

Circle Three met at the home of Mrs. David Collison and made plans for a chili supper Oct. 10 at the church. Mrs. Harry Knuse has charge of the lesson and devotions.

Circle Four met with Mrs. Harold Brown. Mrs. Clare LaForm gave devotions and Mrs. John Radenbaugh conducted the lesson discussion. Mrs. Lester Stanley conducted the meeting.

Mrs. Allen Hersee, president of the fellowship, requested blood donors to give blood Monday at the Elks Temple, and the workshop program was directed by Mrs. Brown assisted by Mrs. John Appleton and Mrs. James Boaz. Mrs. Radenbaugh led the devotions.

Amvets Group Elects Officers on Wednesday

A program of elections and discussion highlighted the Wednesday evening meeting of Jimmy Dey Post 12, Amvets Auxiliary, which gathered at the Boys Club.

Mrs. Peter Metes was elected president with Mrs. George Wyman, senior vice president.

Other officers include Mrs. Fred Olson, junior vice president; Mrs. Daniel T. Murphy Jr., secretary, and Mrs. Roy Williams, treasurer.

A report of a recent meeting of the Amvets Auxiliary Region Six Council was given by Mrs. John Allen.

Mrs. Wyman reported on the recent meeting of the City Federation of Women's Clubs.

Hostesses for the evening were Mrs. Joseph Jackowiak and Mrs. Richard I. Moore.

Shower Honors Ann Bronsing

Ann Josephine Bronsing, bride-elect of Alan Wayne Klein, was honored Wednesday with a tea and shower at Bloomfield Hills Country Club.

Hostesses for the event were Mrs. Charles O'Connor and Mrs. Edward Christie. Ann has set Oct. 17 as the date for the ceremony in Holy Name Church. The Roy J. Bronsings of Birmingham and the Edward R. Kleins of Southfield are their parents.

Mrs. Glen Arthur Chairman of Group

Mrs. Glen Arthur was elected chairman of West Side Home Demonstration Group when members met Wednesday with Mrs. Allan W. Palmer on Dakota drive.

Other officers elected were Mrs. Warren Fitzgerald, vice chairman; Mrs. Ward Newman, secretary and treasurer; Mrs. Harold Grogg, project leader, and Mrs. Frank M. Arnold, reporter.

Mrs. Arthur served luncheon. Mrs. Guy Hackett of Nelson street will hostess the next meeting Oct. 21.

Plant May Be Textile Source

Florida Student Uses Sansevieria Fibers to Produce

TALLAHASSEE, Fla. (AP)—Sansevieria is probably nothing more than a practically indestructible house plant to you. But to graduate arts education student Ruth Jelks of Florida State University here, it's a possible source of a sturdy, weather-resistant fabric.

Sansevieria, also known as sword plant and snake plant, is the tall, sharp pointed, mottled dark green plant which does so well indoors that it's a part of almost every decorating scheme in which green growing things play a part.

Miss Jelks has found that its fibers can be woven into a fabric which resists weather and salt spray and "should be wonderful for materials for beach homes and patios."

Sansevieria isn't the only unconventional fabric source in which Miss Jelks is interested. She's been experimenting for some time with the fibers of the century plant, banana and lily leaves, and pine needles.

She's also exploring the uses of kenaf and ramie fibers, both of which are widely used in the Far East but so far have not been employed to a great extent in this country.

Both fibers are grown in Florida on a limited scale but are still regarded as in the experimental stages. They claim Miss Jelks' attention because they're Florida products.

Some of her material sources are so new to the textile world that she has to start from absolute bedrock, even spinning her own thread before she can weave it into cloth.

Finding an old-fashioned spinning wheel in operating condition took her three months. It was even longer before she mastered the almost vanished art of operating it.

Hay-Stacking Farmer Bitten by Half a Snake

LEAVENWORTH, Kan. (AP)—Leo Zimmerman of near Leavenworth was bitten by part of a snake.

The 42-year-old man was stacking bales of newly cut hay when he was struck near the elbow. Fellow workmen found the head and six inches of the body of a copperhead in one of the bales. Zimmerman recovered.

SHOOTING FOR FRIENDSHIP — Sgt. 1. C. W. T. Cadish, of New Orleans, and a Bavarian marksman check their hits during the first postwar German-American prize shoot. Teams used rifles and ammunition supplied by U. S. entrants.

Walk-Out Shuts Italian Plants

Three Unions Call Out Workers in Demand for Higher Pay

ROME (AP)—Labor threw a short, sharp almost-general strike at Italian industry today in the biggest walkout since the touch-and-go days of 1948.

All three of Italy's major unions, Communist and non-Communist, called out workers for up to 24 hours in a massive protest for higher pay.

Police in Rome, Milan and Turin reported "all calm," in sharp contrast to the nationwide strikes of 1948 when Communists staged bitter and often violent demonstrations.

The current walkout was scheduled to end at midnight tonight but the Communists vowed more walkouts would follow. Agricultural workers throughout the nation already have been called to strike Oct. 5.

The unions said the Italian Confederation of Industry refused to discuss their wage claims.

An industry spokesman said the demands would cost industry more than 800 million dollars and that the owners wanted a "gradual, reasonable evolution" towards higher wages.

Labor leaders claimed that from six to eight million men stayed off their jobs today.

Generous Blood Donor Gains Weight Steadily

OKLAHOMA CITY (AP)—Charles (Happy) Jones, Tinker Air Force Base fireman, has just donated his 100th pint of blood—some 12½ gallons worth.

When Jones donated his first pint of blood in 1937 he weighed 155 pounds. When he gave his 100th, his weight was 205.

U. S. Mailmen Do Double Duty as Shoe Testers

WYNDMOOR, Pa. (UP)—Sixty-eight mailmen walked 15,000 miles in four Philadelphia suburbs in a 10-months test to wear out custom-made shoes given them free.

As usual, their job was to deliver the mail. But their daily treks through rain, snow or sleet also made the United States more self-sufficient.

The shoes were provided by the U. S. Agriculture Department's eastern research laboratory here during experiments to prove the value of a leather tanning extract taken from the canaigre weed of the southwest.

The United States now imports 85 per cent of the vegetable mixtures used in tanning leather. The mailmen's experiment proved that leather tanned with a 50 per cent mixture of the foreign product and the weed extract is just as good.

During the 10-month test, the mailmen twice wore out the soles of the shoes provided by the laboratory. Each pair of shoes had one sole tanned with the weed extract mixture and the other tanned with the usual mixture.

After the soles were worn out the first time, the shoes were returned to the laboratory where they were re-soled, with the two leathers being switched.

After the second complete wear test, the shoes were reclaimed by the laboratory.

"We found that if you tan with half tannin from canaigre you get as good leather as any other," a laboratory spokesman said. He added that further tests will be made to determine the quality leather tanned with 100 per cent canaigre extract.

One of every 15 business firms in the United States — corporations, partnerships or individual enterprises — used match books as an advertising medium in 1952, the Match Industry Information Bureau reported today.

The pronghorn antelope possesses a rump patch of long, pure-white hairs. When the animal is alarmed, this expands into a chrysanthemum-shaped disc and by rapid opening and shutting, sends warning flashes like a heliograph. It is visible for miles on the plains.

Pontiac, Mich.

More Bibles-by-Air Will Be Launched

TEXARKANA, Ark. (AP)—Evangelist Billy James Hargis announced that the International Council of Christian Churches plans to float 20,000 Bibles by balloon over the Iron Curtain next year.

Hargis heads the Bible balloon program for the council. He previously has reported the council had sent 10,000 Bible-bearing balloons aloft in Europe this month so winds could sweep them into Red nations.

The Joplin, Mo., evangelist directed the balloon launching program in Europe. He arrived here yesterday to visit members of his family.

Jaycees Provide Tape

MANISTEE (AP)—As a first step in a new youth program sponsored by the Manistee Police Department children's bicycles will be equipped with safety reflector tape furnished by the Junior Chamber of Commerce.

Sarah Lawrence College Employes End Walkout

NEW YORK (AP)—A service employes strike at Sarah Lawrence College in Bronxville is over, and the girl students can give up their janitor and porter tasks.

tled yesterday, but details of the

The three-day walkout of about 13 mainteance personnel was set- agreement were not disclosed.

The strikers, members of the AFL International Building Service Employes Union, had demanded a union shop, one which all new employes must join.

The work stoppage also blocked delivery of trunks and baggage to college girls starting the fall term when truckers refused to pass picket lines.

Hot "sandwiches" of aluminum, copper and plastic—built into the wings and tails of some modern jets — are solving icing problems. These metal and plastic sandwiches, electrically heated, are replacing rubber anti-ice equipment.

DOUBLE DUTY—Something new in "convertibles" is being shown at the Novelty Fair in Nurnberg, Germany. If the ice should suddenly melt, the wearer of the skates can quickly adjust to roller skates.

Says ROKs to Expel Reds If Peace Fails

SEOUL (AP)—Prime Minister Paik Too Chin declared today South Korea "will expel the Chinese and Russian Communists from our territory" if the Korean political conference fails to achieve unification by peaceful means within 90 days after it starts.

Paik said his government woll cooperate with the Allies to achieve unification of North and South Korea by peaceful means for only a limited period—180 days from the signing of the armistice July 27.

Paik said in an interview that the Communists already have violated the truce terms by bringing into North Korea MIG jet fighter planes from Russia after the truce. The Allied Command was believed to be considering a protest.

"They are violating the truce terms by every means," Paik added. "Did you expect the Communists to live up to the armistice agreement?"

Bob Considine Says:

'Coach' Lemay Has Game Always Ready to Score

NEW YORK (INS) — No football coach in history ever had to do what Gen. Curt Lemay has done the past five years — keep a team in peak form for a game scheduled for the next day which is constantly being postponed.

In effect, that is the great problem that confronts Lemay's Strategic Air Command, whose mission is defined in these terms:

"We must be prepared at all times to deliver concentrated atomic attack against the vital elements of an enemy's war-making capacity, to strike at his long-range bomber fleet, and to support appropriate area commanders with attacks on suitable targets."

How do you keep men at a pitch which would enable them to take off on an instant's notice and head for, let us say, the remotest target in Russia?

SAC does it in a variety of ways. It starts with certain advantages. It is the greatest band of professional airmen in the world. Every aircraft commander in SAC shows an average of 36 combat missions. SAC crews have lived together, slept together, flown together and thought together for years.

But everytime this big game is postponed, the spirit of even the most eager of the beavers is inclined to droop or collect rust. A condition like that cannot be tolerated in SAC. The security of the free world depends more upon the readiness of SAC than on any other tool in the arsenal of democracy.

Lemay, a soft-spoken man from Ohio who can be as tough as an angry bear if a man does not play square with him, is a man who has won for himself a brand of loyalty among his men that is hard to put into words.

Every man who works for him knows that Lemay, come the big game, will be in the first plane. He has devised a rigorous and constant training program that tests every man in his outfit every day in a way in which he would test himself.

There are no "breathers" on Lemay's mythical schedule. There is only one big game, and he might be called upon to send his team into the air against the big opponent on a moment's notice.

His men work a 16-hour day. Their medical charts are always up to date. Their bags are packed. Their personal affairs are always in order. No SAC bomber is ever incapacitated in a repair shop for any great length of time.

Leaves are handled so as not to break the unity of any crew. No important SAC crewman ever takes two weeks at a beach away from a telephone. With SAC, the war is never cold.

Key officers and crewmen in SAC carry sidearms for a very simple reason. If Russia started a shooting war tomorrow the very first targets of her host of saboteurs in this country unquestionably would be the B36s, B47s and B50s which make up the bulk of SAC's ability to reprise with a horrendous Sunday punch.

When you realize that one SAC bomber can now deliver a blow comparable to that of literally hundreds of B17s and B24s of World War II vintage, common sense requires that those bombers and men who have been trained at great cost to find the targets, be protected.

You can sleep better tonight because Coach Lemay has found a way to keep his boys perpetually primed for the big game.

Have Top Crust Ready

It's a good idea to have the top crust all rolled out, ready to go on the pie, before you put in the filling. That way, the filling won't have a chance to soak through the bottom crust while you are rolling out the top crust.

Hot Chocolate Time's Here Again

One-Dish Meal: Beef Casserole

We never get too many recipes for one-dish meals. It is so easy to put meat, potatoes and vegetables in one casserole and put it in the oven until serving time.

This Harvest Casserole is a real rib-sticking dish.

Hamburger Harvest Casserole

1 pound ground chuck
1 cup minced onions
1 No. 2 can tomatoes (2½ cups)
1 tablespoon Worcestershire (or 1 teaspoon curry or chili powder
2 teaspoon salt
2 cups thinly sliced, pared raw potatoes
½ cup flour
1 package frozen cut corn, thawed just enough to separate
1 package frozen lima beans, thawed just enough to separate
1 slivered green pepper
1½ cups grated process American Chedder cheese (6 ounces)

Heat oven. Combine chuck, onion, tomatoes, Worcestershire and salt. Pat into 1 inch layer in 3-quart casserole. On top, place in layers, potato, flour, corn, lima beans, then green pepper.

Bake at 375 degrees covered for 45 minutes; then sprinkle with cheese; bake, uncovered, 30 minutes longer, or until vegetables are tender. Eight servings.

Cheese Balls With Pie

To fancy up an apple pie when guests are coming, shape soft yellow cheese into small balls. Roll the cheese balls in paprika and tuck two small pieces of green leaf in the top of each. Circle the apple pie with the perky cheese balls before serving.

CHOCOLATE RIM COOKIES—The first cool weather stimulates the taste for hot chocolate. Chocolate rim refrigerator cookies are the natural snack to serve with it. It's easy to put the rim on these cookies—roll the dough in chocolate shot.

Out in Milwaukee, a company is manufacturing a new wax-coated wrapper containing sorbic acid. Wrap the wrapper around cheese, and it retards or prevents growth of mold. Nothing happens to the cheese. The mold just gets discouraged.

Cookies Make Treat Complete

Refrigerator Wafers Are Rimmed With Shot or Colored Sugar

It's hot chocolate weather again. Steaming mugs of chocolate with melty marshmallows floating on top are one of the great pleasures of cooler weather.

Of course, you must pass some cookies when you pour the hot chocolate. And here's a recipe for tender, rich refrigerator cookies that will hit the spot when served alongside that hot chocolate.

You can mix the dough at your leisure, refrigurate it, and then bake the cookies when it best fits into your schedule.

Chocolate Rim Refrigerator Cookies

1 cup shortening
⅔ cup brown sugar
1 egg
1 teaspoon vanilla extract
½ teaspoon salt
2¼ cups sifted enriched flour (about)
⅔ cup chocolate shot

Cream together shortening and sugar until light and fluffy. Add egg and beat well. Stir in vanilla extract and salt.

Add 1 cup flour and stir until smooth. Add enough more flour to make a moderately stiff dough. Stir until well blended.

Shape dough into two rectangular rolls. Spread chocolate shot or colored sugar on waxed paper and roll each portion of dough in it. Wrap in waxed paper. Place in refrigerator until firm.

When dough is chilled, cut into slices about one-eighth inch thick. Bake on ungreased baking sheet in moderate oven (375) about eight minutes. Makes about eight dozen.

Perfection Salad Is Better If Made the Day Before

Perfection salad is an old favorite and still gets a high rating for summer menus. It is attractive with its varied layers and has the advantage of being better if made the night before.

Layered Perfection Salad

1 tablespoon unflavored gelatin
4 tablespoons cold water
¾ cups boiling water
1 tablespoon sugar
¼ teaspoon salt
2 tablespoons vinegar
½ cup chopped celery
½ cup shredded uncooked carrot
½ cup finely shredded or chopped cabbage
1½ cups cottage cheese
1 teaspoon minced green onion
Salt to taste
Salad dressing
Salad greens

Divide gelatin into two equal portions and soften each in two tablespoons of cold water for at least five minutes.

Add boiling water to one portion and stir until dissolved. Add sugar, salt and vinegar and set container in cold water or ice to chill until the consistency of unbeaten egg white.

Fold in seasoned celery, carrot and cabbage and pour into six individual gelatin molds. Chill until firm.

Set second portion of gelatin in container into a pan of hot water and stir until dissolved.

Add cottage cheese, minced onion and salt to taste. Pour on top of cabbage mixture and chill until firm.

Unmold on beds of salad greens or in crisp lettuce cups and garnish with mayonnaise or any desired salad dressing. Serves six.

Lemon Meringue Dish Is Luscious Dessert

For a company dessert that looks and tastes extra luscious, serve lemon meringue pudding. Your friends will never guess that it took only minutes to make.

Fill oven-glass serving dishes with lemon pudding and pie filling mix, prepared as directed on package. Top with meringue and brown in a 425 oven 3 to 4 minutes. Cool before serving.

It's important when cooking eggs to use a low to moderate heat — and for custard, cook over hot water. Never let it boil, or you might see that custard curdle.

When you fold beaten egg whites into your custard — you do just that — fold in gently. That way you don't break down those delicate air cells. And it's those air cells which give your dessert that frothy frivolous texture so much admired.

Beef Dish Is Added to Menu for Baby

If you run your finger down baby's bill of fare offered by a famous food company, you'll find it reads something like this:

Strained Foods

Orange juice
4 pre-cooked cereals
3 meat and vegetable combinations
1 fish product
5 soups
7 vegetables
9 fruits
3 puddings

This grand total of 32 strained foods has just been reached through the addition of the newest dish, strained beef broth, beef and barley. In nothing flat, father, sister or even older brother can order up a meal for the junior member of the household now.

For baby's very next meal you'll want to try strained beef broth, beef and barley. Since it contains beef and barley solids, the broth is thicker than the ordinary type.

These ingredients contribute to the zestiness and nutritive enrichment of the broth and produce an easy-to-serve dish because of its medium consistency.

Waffles Boast Unusual Flavor of Malted Milk

If you have a waffle iron, you're all set for lots of interesting eating. Waffles are good eating any time of the day or evening.

These waffles are unusual in that they contain malted milk for a different taste sensation.

Malted Milk Waffles

2 cups sifted all-purpose flour
¼ cup malted milk powder
3 teaspoons baking powder
⅓ cup melted shortening
½ teaspoon salt
2 eggs, separated
1 and ⅔ cups water

Sift flour, malted milk, baking powder and salt together. Beat egg yolks and water together. Stir into sifted dry ingredients.

Add shortening; mix well. Beat egg whites until stiff but not dry; fold into batter.

Bake in hot waffle iron two to three minutes, or until iron stops steaming. Makes three 9-inch square waffles.

Freezing Is Okay

Many people ask if they can freeze canned hams. Here's the answer to this question. Although freezing is not recommended for regular smoked, bone-in hams (due to the salt content of these products), canned hams may be frozen for fairly long period — 10 months to a year. As canned hams are air-tight, their flavor cannot be affected by freezing.

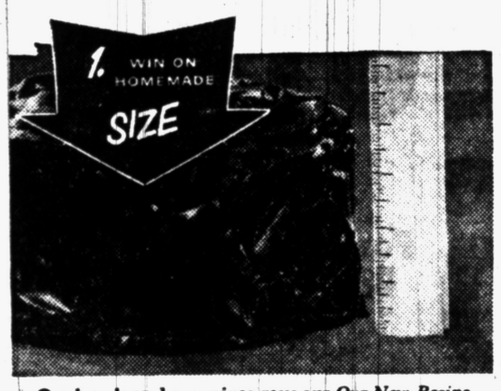
To Pour Over Pudding

Here's a recipe for a different dessert sauce: One cup sugar, ½ cup molasses, ½ cup water. Boil for 10 minutes. Cool and add five tablespoons brandy and a few chopped nuts or raisins. Pour over pudding, ice cream or cake.

In National Home-Baking Tests

Amazing New Swans Down Mixes WIN ON ALL 4 "MUSTS" FOR HOMEMADE CAKE!

Win over all other leading mixes hands down on
1. Homemade Size 2. Homemade Texture
3. Homemade Moistness 4. Homemade Taste



On size alone, housewives gave our *Our New-Recipe* Swans Down Mixes an over-all preference vote of 2-to-1 over other leading cake mixes! Just add water and your own fresh eggs.

In a matter of *minutes,* you whip up cakes with velvety, homemade texture. These new mixes are made with finest cake-makings, including flour milled the famous Swans Down way.

You get cake that stays as eating-fresh as cake made the old-fashioned way . . . stays as fresh *even after 3 days*—if there's a crumb left!

Our New-Recipe Swans Down Mixes protect the freshness of their ingredients. *Yes!* Our exclusive LOCKED-IN FRESHNESS, plus your own fresh eggs, insure you luscious cakes with real homemade flavor.

Don't Forget the Chives

Most chilled soups — except the fruit type — benefit from a sprinkling of minced parsley or chives. Add the parsley or chives after the soup has been ladled into the cups or bowls, sprinkling them over the surface so as to make a pretty green garnish.

Keep your electric toaster clean and neat by brushing out crumbs frequently. NEVER put a toaster in water or you'll ruin its heating element.

Tomatoes Stuffed With Meat Mixture

Now is the time to enjoy baked tomatoes. If you are pressed for time, or if the refrigerator does not yield any leftover meat for the stuffing, try using a can of junior baby meat. Add a touch of curry powder.

Baked Stuffed Tomatoes

3 medium tomatoes
1 can junior beef, veal or pork
½ cup dry bread crumbs
2 tablespoons melted butter or margarine
½ teaspoon curry powder
Salt to taste

Scoop out a hollow at the stem end of each tomato. Sprinkle well with salt. Combine meat, bread crumbs, melted butter and curry powder. Add salt, if desired.

Spoon mixture into hollowed tomatoes, dividing evenly. Place in a greased baking dish and bake 30 minutes in moderate (350) oven. Serves three.

Give meat loaf a different flavor: season it with celery salt and nutmeg as well as with salt and pepper.

SAVORY FROZEN CAULIFLOWER—Frozen vegetables are so easy to prepare that they are a boon to the hurried cook. This tasty vegetable dish is perked up with bits of chopped green pepper and grated cheese. Try it tonight for dinner.

Add Extra Pep to Cauliflower

If it's tempting flavor you want, try this combination next time you serve frozen cauliflower. Saute mushrooms and green pepper in butter or margarine while the cauliflower is cooking.

Then add these ingredients to the cauliflower and while it's still piping hot, sprinkle grated cheese over the top.

Sound simple? It is!! So simple, in fact, you'll be amazed that the results are so pleasing. They'll work wonders with fresh cauliflower too.

Savory Frozen Cauliflower

1 package frozen cauliflower
2 tablespoons butter or margarine
¼ cup chopped green pepper
¼ cup mushroom slices
¼ cup grated cheese

Cook cauliflower according to directions on package; drain. Melt butter or margarine; add green pepper and mushroom slices and cook over low heat about five minutes. Add to cauliflower; sprinkle grated cheese over the cauliflower. Amount: Three to four servings.

Mincemeat Rolls Will Fill the Bill on Sunday Morn

A lovely, leisurely Sunday morning breakfast deserves something unique as well as delicious. These fruit rolls fill the bill.

Prepare a 14½-ounce package of hot roll mix according to manufacturer's directions on package. Let rise until doubled in bulk.

Shape in 16 round balls, about 2 inches in diameter. Place in greased muffin pans. With greased scissors cut rolls in half and then in quarters, cutting almost to bottom of rolls. Brush with butter. Let rise until doubled in bulk.

Place 1 tablespoonful mincemeat on top of each roll. Bake in hot oven (400) until golden brown, about 15 minutes.

Combine confectioners' sugar, milk or cream and lemon extract. Spread on rolls while still warm. Serve either warm or cold.

String Beans Sieved Makes Cream Soup

You can make a delicious cream soup out of leftover string beans. Press beans through a sieve, allowing two cups of thin white sauce for every half cup of puree. Prepare the white sauce in a double boiler, add the puree and let it simmer.

Just before serving, season with grated onion, a dash of thyme or sage, and sprinkle with paprika for eye-appeal.

Vegetable With Swish

Here's an easy way to serve a vegetable with swish for a party or family dinner. Mix a drained pound can of cut green beans with ½ cup sour cream and 2 tablespoons mayonnaise, and heat. Season to taste with salt and pepper.

Apple Season Promises Many Luscious Treats

By JANET ODELL

Ever since Eve ate the apple, the world has known about this delicious fruit. A member of the rose family, the apple has been cultivated since prehistoric times.

The ancient Scandinavians believed that the apple was the only food of the gods and that through it the gods acquired their wisdom.

Happily for us mortals, apples are now considered excellent human food. There are over 2,000 varieties grown throughout the world, the United States being the leading apple-producing country.

At this time of the year the early fall apples are finding their way into our kitchens for cooking, canning and just plain eating out of hand. What can surpass the taste of a cold, crisp, juicy apple eaten before bedtime?

American settlers introduced the Baldwin and Greening apples early in the 18th Century, and today they are still prime favorites.

Each person has his own preference in eating apples. But some are better for cooking than others; for instance, the Jonathan is an excellent eating apple, but it is no good for baking.

Cold storage allows growers to keep a constant supply of apples available to the consumer. The canning industry puts about eight million bushels of apples into canned applesauce yearly; apple slices and juice come next in quantity. This does not include all the fresh cider that is made and sold each fall.

Applesauce in cake and cookies keeps them moist for several days. So does the apple juice in this unusual cake.

Apple Juice Queen Cake

1 cup shortening
2 cups sugar
4 eggs
3 cups sifted all-purpose flour
2 teaspoons baking powder
¼ teaspoon soda
1 teaspoon salt
1½ teaspoons nutmeg
1 cup apple juice
1 cup chopped walnuts
Apple juice filling
½ cup moist packed coconut

Cream together shortening and sugar. Add eggs, one at a time, beating after each. Sift together flour, baking powder, baking soda, salt and nutmeg. Add alternately with apple juice to creamed mixture. Add nuts.

Pour into two greased 9-inch deep layer pans. Bake in moderate oven (375 degrees) 35-40 minutes. Cool five minutes.

Remove from layer pans. Cool. Spread filling between layers. Sprinkle with coconut. Cover top and sides with your favorite white frosting.

Apple Juice Filling

½ cup sugar
4 tablespoons cornstarch
⅛ teaspoon salt
1 cup apple juice
2 egg yolks
2 tablespoons butter or margarine
1 teaspoon grated lemon juice
1 tablespoon lemon juice

Mix sugar, cornstarch and salt. Gradually add apple juice, cook over boiling water, stirring constantly, until thickened. Cover, cook 10 minutes.

Beat egg yolks, gradually add hot filling, beating constantly until well blended. Add butter, lemon rind and juice; mix well. Enough filling for 9-inch cake.

If you have a number of small apples, prepare them in the following manner as a delicious garnish for fowl.

Apple Surprise

Core and halve apples of similar size. Cook until clear and red in a syrup made of equal parts of water, sugar and red cinnamon candies.

Lift out carefully and cool. Then fill each apple cavity with cranberry sauce blended with an equal amount of drained prepared horseradish.

Soup Combines Beef and Barley

On days when there are numerous chores to be done and errands to run it is wise to make simplicity the keynote of family meals.

A hearty soup, salad or sandwich, simple dessert and beverage meet the simplicity requirements and appease busy-day appetites admirably.

Happy choice as the mainstay of a Saturday meal is this nourishing and savory beef and barley soup. The basic soup needs long slow cooking and a minimum of attention.

Evaporated milk adds appealing creamy smoothness and body to the soup and at the same time provides double amounts of whole milk nutrients plus the extra vitamin D which the milk contains.

Beef and Barley Soup

½ pound beef stew
2 tablespoons butter or drippings
Shank bone of beef (about 1½ lbs)
1 quart water
¼ cup barley
1½ teaspoons salt
Few grains pepper
4 sprigs parsley, chopped
1 medium onion, chopped fine
½ cup finely chopped celery
1½ cups evaporated milk

Cut beef into small pieces. Melt butter or drippings in soup kettle. Add beef and cook and stir over low heat to brown meat. Add soup bone, water, barley, salt, pepper, parsley, onion and celery.

Cover and cook slowly for two or three hours. Remove from heat. Remove bone from soup and discard bone. Let soup stand. Skim off fat.

Measure soup. There should be about 1 quart. If not, add water to make that amount.

When ready to serve, add milk. Heat to serving temperature. Makes six servings.

Simple and Delicious Way to Serve Lobster

Here's a simple but delicious way to serve cooked lobster meat. For each half cup of the lobster, melt a tablespoon of butter in a skillet and add a couple of tablespoons of cream.

Keep the heat low! add the lobster to the butter-cream mixture, and baste the seafood as it gets hot. Serve on crisp buttered toast.

SHOP KROGER FOR ALL YOUR FOOD NEEDS AND LIVE BETTER FOR LESS

For a Golden Soup

Make a Golden Cream Soup of mashed or sieved cooked carrots seasoned with celery, green pepper and a hint of onion. About 2 cups of carrots blended with the usual cream soup base will serve from 4 to 6.

Lemon Adds Tempting Flavor to Pork Chops

Lemon flavors pork chops for a tempting combination: Brown the chops, then place a lemon slice on each. Combine ½ cup each of catchup and water and 2 tablespoons of brown sugar. Pour over the chops, then closely cover and cook slowly for 45 minutes or until the chops are done.

A quarter cup of butter creamed with a tablespoon of minced chives is delicious served over freshly boiled potatoes.

Fix Main Dish in Jiffy

A savory main dish that's ready to serve in minutes is this variation of an old favorite. Brown a pound of ground beef and a chopped onion in a little fat. Add a can of condensed vegetable soup and 2 tablespoons catsup. Season to taste with salt and pepper, and simmer gently a few minutes. You may like to serve fluffy rice, toast points, or hot biscuits along with it.

Add finely diced pimiento to a casserole of macaroni and cheese; tastes good and looks tempting!

Beef Covered by Rice, Cheese

Surprise eating is in the bottom of this oven dish! Ground beef is hidden under the golden goodness of a marvelously seasoned mixture of tender rice, cheese and eggs.

After the top becomes a wonderful brown, pie-shaped pieces of rice and beef goodness are cut and slipped onto plates held by eaters just waiting to take a great big bite.

A layer of beef is topped with a layer made of rice, milk, eggs and golden cheese.

The oven takes over to make a hot and hearty main course delight, and from the delighted expressions on folks' faces, it is pretty plain that here is a sparkling good main dish.

Rice, Cheese and Beef Quickie

1 pound ground beef
2 teaspoons salt
⅛ teaspoon pepper
3 eggs
2 teaspoons prepared mustard
1 teaspoon salt
1 cup milk
2 cups cooked rice
¼ cup finely chopped onion
2 tablespoons chopped whole canned pimientos
½ cup grated American cheese

Mix ground beef, salt and pepper. Spread in the bottom of a 2-quart oven dish. Do not pack or press the meat. Bake in a preheated 350 oven for 10 minutes.

Beat the eggs. Add the mustard, salt, milk, rice, onion and pimiento. Mix together. Pour over the meat. Sprinkle the cheese over the top.

Return to the oven and bake 45 minutes or until a knife inserted into the center comes out clean. The top will have become browned around the edge of the baking dish.

Let stand five minutes before cutting into wedges. Makes seven servings.

Saves Kitchen Work

Party dinners can be less work for the hostess if she uses paper plates for as much food preparation as possible — flouring fish, chopping nuts or salad greens, slicing potatoes and so on. Eliminates some pot washing, which is a real help when the kitchen is crowded.

Don't wait for Christmas to serve hard sauce! You'll find it's delicious with blueberry or peach cobbler. Good, too, with a fresh cherry pudding.

FROZEN FISH STICKS — The latest innovation of a national frozen food manufacturer is French-fried frozen fish sticks. You have your choice of ocean perch, haddock or codfish. Heating them for serving takes only 12 to 15 minutes in a hot oven.

Crisp, Golden Fish Sticks All Ready to Heat and Eat

If you like crisp-crusted delicacies, you will be mighty interested in a leading frozen food company's latest innovation—quick-frozen precooked fish sticks.

Enough to make a gourmet's mouth water, these golden sticks are unique for either a main course mainstay or as conversation-piece canapes.

Fresh ocean fish are cleaned, filleted and shaped into big thick sticks. After being dipped in a delicious batter, the sticks are deep-fried in vegetable oil, then quick-frozen in all their crisp freshness.

Thus having eliminated the pesky chore of deep-frying, all that is left for the lady chef to do is to remove the carton from her freezer, unwrap it, put the fish sticks on a baking pan and pop them into a hot oven (425) for about 12 to 15 minutes.

When crispy hot, she removes them from the oven, heaps them on a platter garnished with a bit of parsley and a lemon wedge, and serves with a Sauce Verte to tickle the family palate.

Sauce Verte

1 can cream of celery or cream of mushroom soup
¾ cup milk
2 tablespoons grated onion
1 tablespoon lemon juice
¼ cup finely chopped cooked spinach

Place soup in saucepan and add milk gradually. Cook and stir until smooth. Add onion, lemon juice and spinach and cook until thoroughly heated. Serve hot on fish sticks, or on baked, poached, fried or broiled fish. Makes 2¼ cups sauce.

Vegetable Bake Stirs Appetite

It's a good end-of-the-week casserole, for it calls for just four strips of bacon.

This combination of macaroni, vegetables and bacon results in a mouth-watering main dish. Watch the small fry dig in.

Fiesta Vegetable Bake

3 ounces elbow macaroni
4 strips bacon, diced
2 tablespoons chopped onion
2 tablespoons chopped celery
1 cup cream-style corn
1 tablespoon lemon juice
½ teaspoon salt
½ teaspoon wordestershire sauce
1 cup cooked peas
1 cup cooked julienne carrots
Buttered bread crumbs

Cook macaroni in boiling salted water until tender (about eight minutes). Drain and rinse. Brown bacon lightly in skillet. Add chopped onion and celery and brown lightly.

Combine cream style corn, lemon juice, salt and Worcestershire sauce. Fold in cooked macaroni. Pour into 1-quart casserole.

Place peas in center on top of macaroni mixture. Arrange carrots in spoke-like fashion around peas. Sprinkle with buttered bread crumbs.

Bake in moderate oven (350) 15 minutes.

Makes four servings.

To make sour milk quickly when you want to use it in a cake or cookie recipe that calls for it, mix a half cup of evaporated milk with a half cup of water and a tablespoon of strained lemon juice.

Sweet Potato Growers Turn Backs on Crop

WASHINGTON (INS) — The mystery of the disappearing sweet potato has been explained by the U. S. Department of Agriculture.

Sweet potatoes, both nutritious and tasty, have practically disappeared from vegetable store shelves.

The government says the main reason is that farmers aren't planting as many sweet potatoes as they once did.

For example, in the relatively short period from 1946 to 1952, annual production has dropped from 61 million to 28 million bushels.

Why the decline?

For one thing, the crop takes a lot of work. Not much headway has been made in mechanization because sweet potatoes bruise too easily. In contrast, Irish potato production is largely mechanized.

And, many farmers are finding other crops more profitable so they've gone out of the sweet potato business.

The relatively high prices consumers pay when sweet potatoes are scarce shows that a strong demand exists.

And the slight increase expected this year shows that sweet potato growers are responding to this price stimulus.

Production this year may come up to 35 million bushels if acreage intentions are carried out and growing conditions are average or better.

However, with the growing abundance and variety of fresh and frozen foods competing for the consumer dollar and with shifts to other crops in many producing areas, it seem unlikely that sweet potatoes will regain fully their former importance at any time in the near future.

Perk Up Cheese Balls

Cream cheese balls make a wonderful garnish for salads of all kinds but they taste even better if some very finely chopped celery is tucked inside. Blend together three-fourth cup chopped fresh celery, one 3-ounce package cream cheese and salt and pepper to taste. Shape into small balls and roll in minced fresh parsley.

For a party lunch, roll butter balls in poppy or caraway seeds and serve with crunchy hot rolls.

Praline Topping on Gingerbread

Hungry youngsters will love this after-school treat of delicately-spiced gingerbread, with its chewy-sweet topping of melted brown sugar and chopped pecans. It's highly nutritious, too, and wonderful served with ice-cold milk or a dish of slightly tart applesauce.

Grown folks can't resist this praline-topped gingerbread, either — and it's just the right size for the average family.

Praline Gingerbread

1¼ cups sifted all-purpose flour
¼ cup sugar
¾ teaspoon soda
½ teaspoon salt
½ teaspoon cinnamon
½ teaspoon ginger
¼ teaspoon cloves
¼ cup shortening
½ cup water
½ cup molasses
1 egg, unbeaten

Sift first seven ingredients into mixing bowl. Drop in shortening. Add one-fourth cup water and molasses and beat 200 strokes (two minutes by hand or on mixer at low speed.)

Scrape bowl and spoon or beater Add remaining one-fourth cup water and egg and beat 200 strokes (same as before) . . . Bake in square 8x8x2-inch greased pan in moderate oven (350) 35 minutes.

Meanwhile make praline topping as follows: Put in mixing bowl: one-fourth cup brown sugar, one-half teaspoon cinnamon, 2 tablespoons flour. Cut in 2 tablespoons butter or margarine; stir in one-half finely chopped pecans.

After gingerbread has baked 35 minutes, remove from oven, sprinkle topping mixture over top, return to oven, and bake about eight minutes longer. Delicious served warm with glasses of ice-cold milk.

PRALINE GINGERBREAD—Fragrant, soft-textured gingerbread, with a novel topping of melted brown sugar and chopped pecans, is a perfect treat for hungry youngsters. It's nutritious, too, and wonderful served with a glass of ice-cold milk.

Children in South Lack Enough of Vitamin A

A nutrition study of children in Louisiana turned up the amazing fact that these growing youngsters ate only one per cent of the amount of margarine or butter nutritionists say they need. The rich vitamin A content of margarine contributes importantly to growth and health.

Spreading margarine generously on biscuits, sandwiches and toast is a good way to use this untritioius spread to help improve nutrition. Some nutrition workers say that a generous intake of vitamin A-rich foods helps make a smooth, glowing skin.

Stuffed Tomatoes Both Pretty, Tangy

Of tomato salads there seems to be no end. Perhaps because they fit every meal so perfectly in flavor, color and freshness. And because they are so simple to prepare.

The stuffed tomato salad with any variety of fillings can be a cool luncheon or supper main dish or add zest to a heartier meal. And there are few things prettier, particularly when the tomato resembles a flower as in this salad:

Tomato Egg Luncheon Salad

4 medium sized peeled tomatoes
Salt
3 hard boiled eggs, chopped
½ medium cucumber, peeled and chopped
¼ cup chopped green pepper
2 tablespoons chopped green onion
¼ cup salad dressing

Cut tomatoes in sixths not quite through the base. Spread apart and sprinkle sections with salt. Mix remaining ingredients and heap in center of tomatoes. Garnish with cress or parsley. Serves four.

Fudge Banana Cake Rates as Top Dessert

Rating top billing on your menus is Fudge Banana Cream Cake, since it is a pantry-shelf answer for a dessert on a busy day. To your grocery list add an un-iced loaf cake, one-half pint of whipping cream, bananas and prepared fudge sauce. When ready for dessert, slice the cake into two equal portions, horizontally. Place whipped cream and sliced bananas between and over the layers. Ladle hot fudge over each serving.

Waffle Sandwiches for Brunch, Supper

No need to limit the serving of waffles to Sunday breakfast: Try this recipe for a Sunday night supper, or even for a brunch menu.

Bacon-Tomato Waffle Sandwich

Waffles:

2 cups pancake ready-mix
2 cups milk
2 eggs
¼ cup melted shortening

Topping:

10 slices processed cheese
10 slices tomato
10 cooked bacon strips

For the waffles, place all ingredients in bowl; beat with rotary egg beater until fairly smooth. For a 7-inch round waffle, pour two-thirds cup batter on hot waffle iron. For larger waffle irons, use more batter. Bake waffles until steaming stops.

Top each waffle with two slices of cheese. Place tomato slices and bacon strips on the cheese. Broil until cheese melts. Serves five.

Some cooks like to brush a grater with salad oil before grating cheese to prevent sticking.

"So GOOD They'll Think it's HOME MADE!"

WHY SPEND SO MUCH MONEY ON FOOD?

Save with STARLAC makes dairy-sweet nonfat dry milk for only 9¢ a quart!

Drink it! Wonderful, fresh flavor. Gives you exactly the same amount of B vitamins, proteins, calcium, and other milk minerals as top-quality milk. Starlac is milk minus the fat and water.

Cook with it! Enjoy smooth, rich-tasting puddings and custards with Starlac. Use it to cream vegetables. Serve your family tempting, nourishing soups and chowders made with Starlac.

Bake with it! Use Starlac for your favorite cake. Bake tender muffins, light biscuits, crisp cookies. Use it in "made with milk" recipes. Remember: Keep a quart in the refrigerator at all times.

WHY STARLAC IS 3 ways better!

because Starlac is guaranteed by Borden to be top-quality, pasteurized milk (minus water and fat) from tested herds only.

because it is protein-protected by exclusive Borden process and tested for quality 24 times.

because its dairy-sweet flavor is protected from light and moisture by a light-tight, moisture-proof package.

More women buy STARLAC than all other brands combined!

Tomatoes Brittany Is Imported Treat

Out of a French cookbook comes this recipe for Tomatoes Brittany. They should make a delicious accompaniment for any beef dish.

Tomatoes Brittany

4 ripe tomatoes
2 tablespoons butter or margarine
1 tablespoon minced parsley
½ teaspoon basil
½ teaspoon sugar
½ teaspoon salt
¼ teaspoon pepper

Wash tomatoes and cut in half crosswise. Melt butter or margarine in frying pan; add tomatoes and saute on both sides.

Combine remaining ingredients; sprinkle over tomatoes. Cook another minute or two. Serves four.

Thin Slices of Lemon on Soup Give Tang

For a deliciously different soup, add 1½ cups of cooked rice to 4 cups of water in which 4 chicken bouillon cubes have been dissolved. Heat until very hot.

Float very thin slices of lemon over the top of the soup and add a sprinkling of chopped parsley. Add the lemons about ten minutes before serving time in order that the soup may take on some of the lemon flavor.

Garnish Will Be Ready

Here's a way to add that extra touch to glamorize a meal for unexpected company. Freezer home economists suggest cutting cranberry sauce into fancy shapes before freezing. They'll be ready at a moment's notice.

Fill that shaker with Morton, friend—
"WHEN IT RAINS IT POURS"
iodized or plain

Follow Rhyme to Pack Up Satisfying School Lunch

By JANET ODELL

Something cold and something hot,
Something crisp to hit the spot,
Something flavorful and filling,
These four make the packed lunch thrilling.

In this second article of our series on school lunches, we are going to discuss some suggestions for different foods to include in the lunch box. The third article will take up long-term planning.

The little verse above might well be used as a pattern for packing school lunches. Let's translate it into a lunch for a 5 to 9-year-old:

A generous serving of meat loaf between two slices of enriched bread spread with butter or margarine; carrot and cabbage salad; hot cocoa in the thermos bottle; one large cookie and a banana.

His teenage brother needs almost twice as many calories. Give him two sandwiches at least, one meat and one cheese, pickles or olives, hot corn chowder in the thermos, a couple of doughnuts and an apple. He can buy milk at school.

When you are looking for the "something crisp," remember relishes. All sorts of pickles, spiced fruits, olives, celery sticks, carrot curls, wedges of head lettuce add interest to the otherwise bland lunch.

No dessert on hand? Tuck in a handful of raisins and chocolate bits. Any dried fruit the child likes makes a tasty dessert. Nuts are welcome and add valuable protein and minerals to the diet. Occasionally put in some candy.

If there is a piece of leftover fried chicken in the refrigerator, send it along with your school child. Include a plain bread and butter sandwich that day.

Don't forget the salt and pepper. For these seasonings you can buy tiny containers that will not spill. Keep any small wide-mouthed bottle to carry salad dressing, chili sauce, mustard or catsup.

Nowadays you can buy many kinds of fruit and vegetables in small cans, just enough for one serving. They will provide inspiration for new dishes to include in the lunch box.

Applesauce is welcome accompaniment to many sandwiches. Prepared puddings carry well. Baked apples make a tasty dessert. Remember to include a spoon when the lunch isn't all finger food.

Have you ever considered popcorn for the school lunch? It need not be kept just for evening snacks.

Make up some popcorn bars and include them in your child's lunch. They are like the old-fashioned popcorn balls, differing only in shape.

Popcorn Bars

½ cup white corn syrup
1 cup sugar
½ cup water
3 quarts popped corn
¼ cup butter
¾ tsp. salt
¾ tsp. vanilla

Put sugar, corn syrup, water, butter and salt in a sauce pan and cook, stirring until sugar is dissolved. Continue cooking without stirring (270) until syrup forms a brittle ball in cold water. Add vanilla and stir only enough to mix it through the hot syrup.

Place the popped corn in a bowl large enough for mixing. Pour the syrup slowly over the popped corn and mix well.

Wet the hands slightly and transfer mixture into flat cake pan. Press mixture into a sheet cake and cut into bars with wetted knife. Nuts, candied cherries, gumdrops or raisins can be added to popped corn before mixing.

Hot Seafood Salad Is Taste-Tempter

With the passing of summer, we are perhaps a bit tired of the same salads. A good idea is to serve seafood salad hot. If you have never tried it, you are in for a taste thrill.

Baked Seafood Salad

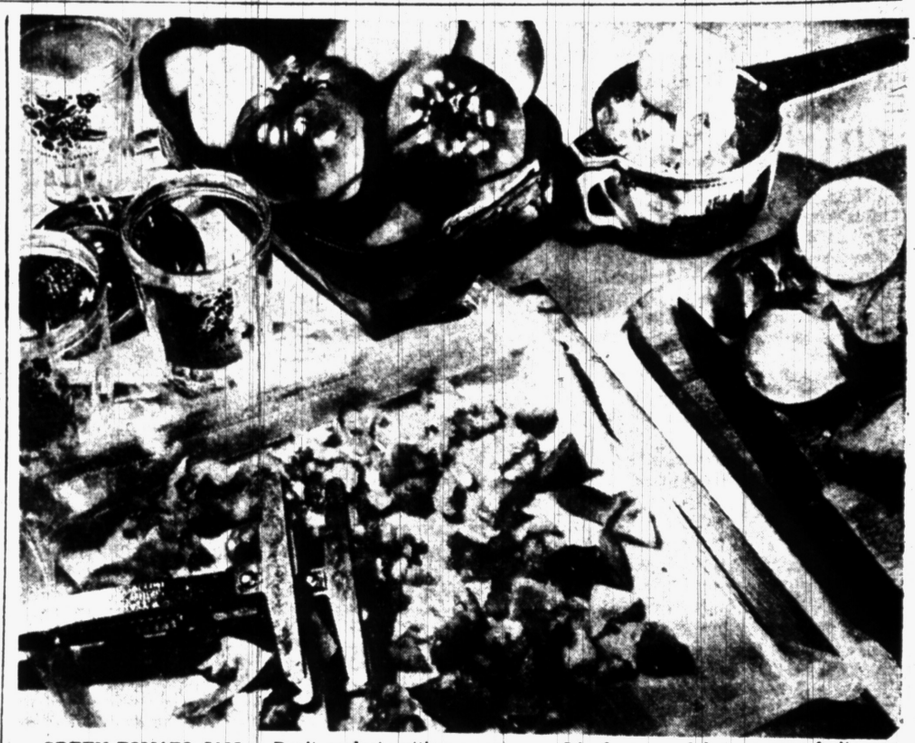
½ cup chopped green pepper
¼ cup minced onions
1 cup chopped celery
1 cup flaked crabmeat
1 cup cooked or canned shrimp
1 cup mayonnaise
½ teaspoon salt
1 teaspoon worcestershire sauce
2 cups cornflakes
Paprika
2 tablespoons butter or margarine

Combine green pepper, onions, celery, flaked crabmeat, shrimp, mayonnaise, salt and Worcestershire sauce; mix lightly. Place mixture in individual shells or shallow baking dish.

Sprinkle with crushed cornflakes and paprika, dot with butter. Bake in moderate oven (350) about 30 minutes. Serve with lemon slices. Yield: Six to eight servings.

Easy but Good Dessert

Fold leftover rice into prepared packaged vanilla pudding and top with crushed pineapple or pineapple tidbits for a pleasant family dessert. Use about half a cup of cooked rice to one package of pudding.



GREEN TOMATO JAM — Don't neglect putting up some green tomato jam this year. There's nothing quite like its rich green color, its tangy sweetness. It's the unusual jam on your fruit room shelf. You'll like the speed with which it's made.

Candy Adds Appeal to Bread Pudding

Bread pudding used to mean a dull dessert that Mom made to use up the old bread. This recipe for chocolate bread pudding lifts a prosaic dessert into the realm of super desserts.

Chocolate Bread Pudding

2 chocolate-covered malted milk bars
3 tablespoons water
¾ cup dry bread crumbs
2 cups milk
1 beaten egg
Pinch of salt
½ teaspoon vanilla or almond extract

Melt candy bars in the top of a double boiler with 3 tablespoons water. Add three-fourths cup dry bread crumbs and mix well.

Scald 2 cups milk, allow to cool slightly. Add one beaten egg, a pinch of salt and flavoring to milk and mix well.

Combine mixtures, pour into a baking dish and bake in a moderate oven (350) for about one-half hour or until the custard is set and a knife inserted comes out clean.

Meat Balls Are Quickies

For a quick supper, that can be stretched to feed an extra mouth or two, try small meat balls in good rich gravy (canned items, both), seasoned with monosodium glutamate, topped with dumplings. For flavor and color stir in chopped watercress or parsley before adding the milk.

Green Tomatoes Made Into Unusual, Tangy Jam

Backyard gardeners are always amazed at the bounty of just a few tomato plants. In early summer when we set out the little plants, a dozen or so seem hardly enough to keep our table supplied.

But now, we see tall, healthy vines, heavy with produce—and so we must look for a variety of ways to prepare tomatoes, raw and cooked.

Whether you're an old-timer at preserving or a novice, here's one recipe you mustn't ove-look. It uses green tomatoes to make a delicious jam.

You'll be smart to put up a supply—it makes the perfect gift you so often need to bring a hostess, give as a prize, or for any one of the dozens of occasions when an unusual gift is in order.

Green Tomato Jam

1¾ lbs. green tomatoes
Juice of 4 lemons (½ cup)
7½ cups sugar
1 bottle liquid fruit pectin

Tear off four squares of waxed paper. Stack together and turn up edges. Quarter tomatoes and chop. Measure 3 cups chopped tomatoes into a large saucepan. Add lemon juice and sugar. Mix well.

Place over high heat and bring to full rolling boil. Boil hard one minute, stirring constantly. Remove from heat and at once stir in liquid pectin. Then stir and skim by turns for five minutes to cool slightly to prevent floating fruit.

Ladle quickly into glasses. Cover at once with one-eighth inch hot paraffin. Makes about 11 medium glasses.

Smooth Cheese Mix Spread on Oranges

This is an attractive salad that should appeal to young and old alike. Let the young cook try her hand at these fancy orange and cream cheese, vitamin-packed salads.

Orange Cheese Ring Salad

6 naval oranges
Two 3 ounce packages cream cheese
¼ cup mayonnaise
¼ cup finely chopped nuts
Lettuce

Peel oranges and cut in thirds crosswise. Mash cream cheese with a fork. Blend in mayonnaise and chopped nuts. Season with salt.

Spread cream cheese mixture between thirds of oranges and put together to form whole oranges. Place on lettuce leaves. Serve with additional mayonnaise, if desired. Yield: Six servings.

Vegetable Bin Yields Material for Centerpiece

NEW YORK (INS)—A cabbage can do as well as an orchid in table decoration.

It doesn't take money — just imagination and whatever's in the vegetable bin—to give your dinner table that plush "eating out" atmosphere.

The well-set table needs only an interesting eye-catcher to make mealtimes more pleasant. A small growing plant is always a good centerpiece.

So is a colorful combination of vegetables—tomatoes and cabbage, green pea pods and carrots—or radishes. You can even use the salad ingredients as a centerpiece and make the salad at the table.

Flowers undoubtedly add color to a table, but some highly-scented flowers don't mix well with the odor of hamburger and onions. Others are apt to set people sneezing.

Brush sliced bananas, apples, pears, peaches, grapes with canned or frozen lemon juice—especially if they have to stand in refrigerator a while before serving. Keeps their color and improves flavor.

America's Discriminating Women Agree!

Beef Supplies Now Plentiful

Plentiful supplies of beef are coming to market. This is wonderful news for homemakers. Your choice is wide for there are more than thirty different cuts in all.

For this season a porch buffet that features a tasty beef loaf will make a hit with your family and friends. And ground beef is one of the best buys in your market today.

Team the loaf with big plump tomatoes filled with cottage cheese or with potato salad and dusted with paprika. Deviled eggs can be the garnish for your platter or wooden tray.

For a simple change in your beef loaf, mold half the beef mixture in the bottom of the loaf pan. Then place hard-cooked eggs or pickles in an even row down the middle of the pan. Cover with the remainder of the beef mixture.

When it's baked, each serving reveals a slice of egg or pickle.

Remember in roasting a beef loaf the same rules apply as when roasting a standing rib of beef. Slow cooking is a must. Set your oven regulator at 300 degrees F. and keep it at this constant temperature.

Here's a tempting loaf to serve for your buffet.

Beef Loaf

2½ pounds ground beef
6 crackers
2 tablespoons milk
1 tablespoon lemon juice
2 teaspoons salt
¼ teaspoon pepper
2 tablespoons chopped onion

Roll crackers for crumbs. Combine all ingredients and mix well.

It's easy to make every ground beef loaf different.

Here is the basic seasoning for Pack the mixture into a greased 5x9-inch loaf pan and bake in a slow oven (300 degrees F.) for 1½ hours. Serve hot or cold. Eight to 10 servings.
spoon salt and ⅛ teaspoon of pepeach pound of ground beef: 1 teaper.

BUFFET BEEF LOAF — Slices of moist beef loaf make a grand choice for a buffet supper. With abundant supplies of beef coming to market, you'll find ground beef an especially good buy. Here the loaf is teamed with tomato cups of cottage cheese and deviled eggs.

Alhambra Salad Will Give Meal Air of Festivity

Frozen salads give meals a party air, yet they are simple to prepare and not costly, either. They may be made a day or two ahead of serving time, which happily avoids last-minute confusion.

Alhambra Frozen Salad is made with evaporated milk, thus reducing cost and calories. However, the ingredient that gives the final stamp of eating enjoyment is the dessert wine which subtly enhances the flavor of the salad.

Use whichever dessert wine you like best—Port, Muscatel, Tokay, Angelica or Sweet Sherry. Whichever your choice, you'll be delighted with the results.

Alhambra Frozen Salad

¾ cup evaporated milk
2 tablespoons granulated sugar
¼ cup mayonnaise
½ teaspoon salt
1 teaspoon lemon juice
½ cup canned pineapple tidbits, drained
1 cup canned cling peach slices, drained
1 cup diced banana
½ cup Muscatel, Port or other dessert wine
Lettuce

Chill milk in freezing compartment of refrigerator until crystals begin to form. Beat until stiff. Add remaining ingredients.

Pour into refrigerator tray and freeze. Serve on lettuce or other salad greens. Serves six to eight.

Suggestions for Using Everyday Leftovers

Here are a few quick suggestions for using common leftover foods.

Ground meats — in spaghetti sauce, chili con carne, Spanish rice; tongue—in chef's salad; lamb—in a pot pie topped with baking powder biscuits; ham—with macaroni and cheese, with other meats added for a meat loaf; liver—for canapes, ground of course to make a paste; turkey or chicken—for pot pies, sandwiches, cold cuts; vegetables, raw or cooked—for salads, in vegetable or meat soups, in any casserole dish; soups—for sauces and gravies; egg yolks—in custards, gold cake or to enrich any sauce; bread and rolls—for bread crumbs, puddings, split and toasted, or French toast.

So Many Ways to Use That Big Canned Ham!

For family use, there's no need to heat a canned ham all at one time. You can cut it in two and use one part for heating and glazing. The other piece you can cut into slices to fry with the breakfast eggs, or use in sandwiches or on a platter of cold cuts.

The nice thing about leftover canned ham is that it can be sliced into big, even slices right down to the very end.

Tuna in Farina Ring

Looking for a new and different main dish serving for luncheon or supper! Serve creamed tuna with mushrooms in a ring of farina. This is a good way to use extra hot cereal from your morning meal — and in a way that doesn't necessarily tab it as a leftover dish.

Yellow Potato in Andes Full of Nutritive Value

A yellow potato (not a sweet potato) has been found in the Ecuadorean Andes which contains more nutritive value than any potato previously known. For centuries, the Indians living in this region have subsisted largely on potatoes and corn, and the high nutrition value of the variety of potatoes they eat has probably accounted for their fine health in spite of the starchy diet. The potato originated in the Andes.

Fruit Flavor on Pork

Fruit flavors are particularly good in combination with pork. For instance, braise pork chops with apricots. Place a canned apricot half on each and use with syrup from the fruit as the cooking liquid.

With Hearts of Gold

Meat balls with hearts of gold are a flavorful innovation for the supper table. Drain fragrant pineapple tidbits and form the meat mixture into balls around each juicy piece of fruit. Brown in hot shortening as usual, then add a can of undiluted bouillon or consomme and simmer for about 30 minutes longer. Thicken drippings left for gravy is desired and serve with noodles.

Try Zucchini Snacks

For your next party try this crispy, light-as-a-feather new hors d'oeuvre idea—fried fresh zucchini slices. Wash zucchini and cut into paper thin slices. Dip in milk and lightly into flour. Fry in hot deep fat until golden brown. Drain on brown paper and top with a good sprinkle of salt, pepper and paprika mixed together in a shaker. Serve them piping hot.

Creamed Ham Covers Waffles

Here's a good suggestion for an autumn lunch dish. Use the last of the baked ham, add hard-cooked eggs in a cream sauce and serve it all on hot waffles. As a time-saver, use the convenient frozen waffles if desired.

Creamed Ham and Eggs

6 tablespoons butter
6 tablespoons flour
½ teaspoon salt
3 tablespoons prepared mustard
3 cups homogenized milk
2 cups cooked ham, cubed
4 hard-cooked eggs, sliced

Melt butter over low heat. Add flour and salt; stir until well blended. Stir in mustard. Remove from heat.

Gradually stir in milk; return to heat and cook, stirring constantly, until mixture thickens and is smooth. Add ham and eggs.

Cook five minutes longer or until ham and eggs are thoroughly heated. Serve hot with waffles. Serves six to eight.

Fruit of Two Colors Makes Pretty Dessert

Looking for a colorful and refreshing dessert? Try this easy combination. Place a scoop of vanilla ice cream in a sherbet dish or pairfait glass. Next add a generous spoonful or two of defrosted frozen peaches. Add another scoop of ice cream and top with a generous helping of defrosted frozen raspberries. It's glamorous, wonderfully fresh flavored, and oh so easy.

Hot rice pudding with cream for dinner, say on a Monday? Then by all means chilled rice pudding with strawberry sauce along about Wednesday.

Creamy Dessert

For a "cupcake ice cream cone" which will add a bit of zest to simple dessert standbys, cut out the top of a cupcake with a spoon. You'll get a cone-shaped piece. Fill hollow with ice cream or vanilla pudding; top with cake cone.

Pancakes Please Men

Please the men in the family with these hearty pancakes. (They also help fill out a light meal.) Grate or mash a No. 2 can of drained white potatoes. Combine with a grated onion, one-third cup flour, one-fourth cup grated cheese, two eggs and 2 tablespoons milk. Season to taste with salt and pepper; drop by spoonfuls on a hot greased griddle or skillet. Brown on both sides.

Cheese waffles make a hearty lunch or supper dish topped with creamed fish, meat, or vegetables.

Chiffonade Dressing?

Wonder what you're going to get over your lettuce when you order Chiffonade Dressing with it? Well, usually it's French dressing to which chopped hard-cooked egg, green pepper, pickled beet and onion have been added.

This Soup Is Sturdy

For an extra-rich soup, combine 1 can each of condensed cream of mushroom and beef soups. Stir in 1 can of water or milk. This makes a meaty soup that is sturdy eating. Serve it with toasted crackers spread with cheese.

Grated Cheese Topping

Grated Cheddar or American cheese and golden pineapple makes a colorful, hearty salad. For each serving, arrange two pineapple slices or six or seven pineapple chunks on a bed of salad greens. Then top with a feathery mound of grated cheese. Serve with mayonnaise if desired.

Carefully made white sauce shouldn't lump, but if you haven't stirred it carefully and thoroughly over low heat and it does, just put it through a fine strainer and reheat.

Ever Broil Pineapple?

Here's a delicious accompaniment to broiled chicken and curried rice. Brush pineapple slices with butter or margarine, sprinkle with sugar, and heat under the broiler as the chicken is getting done.

Eggs Florentine Fine for Friday

Friday menus can be highly appealing when they are built around a main dish such as this imaginative version of Eggs Florentine.

Here the usual mellow cheese sauce, which blankets the eggs bedded in chopped spinach, has been considerably and irresistibly perked up. A can of tomato paste gives a ruddy look and extra zest to the rich smooth cheese sauce.

And for further zip, a wee bit of Worcestershire sauce and a few drops of tabasco are stirred in. Good companions for this savory egg and spinach dish are Harvard beets and buttered carrots.

Savory Eggs Florentine

2 14-ounce packages frozen chopped spinach
6 eggs
Salt
1⅔ cups evaporated milk (1 tall can)
½ pound processed Cheddar cheese, cut in small pieces
½ teaspoon worcestershire sauce
3 or 4 drops tabasco
1 can tomato paste (6 ozs.)
2 cups soft bread crumbs mixed with 2 tablespoons butter, melted

Cook spinach, then drain well. Save spinach liquid for use in soup or gravy. Turn hot spinach into buttered baking pan 6x10x2 inches and spread evenly.

Mark off spinach bed in six equal sections. Make a depression in center of each section deep enough to hold a raw egg. Break raw eggs, one at a time into a cup, and slip an egg into each depression. Sprinkle eggs lightly with salt.

Heat milk and cheese over boiling water until cheese is just melted, stirring frequently. Stir in Worcestershire sauce, tabasco and tomato paste, blending thoroughly. Ladle hot sauce over eggs and spinach.

Top with buttered crumbs. Bake in moderate oven (375) until crumbs are lightly browned, about 30 minutes. Makes six servings.

Note: Three cups cooked or canned spinach, well drained, may be used in place of cooked frozen chopped spinach. Cut spinach fine with scissors.

Prune-Apple Whip Good for Everyone

Here is a recipe for a dessert that is delicious. It is not to be confused with ordinary prune whip; it tastes much richer. It should be good for all the members of the family, regardless of age.

Prune-Apple Whip

2 egg whites
¼ teaspoon salt
⅓ cup sugar
½ cup strained prunes
½ cup junior applesauce or junior apricot-applesauce
2 teaspoons frozen concentrated lemon juice or 2 tablespoons fresh lemon juice

Beat egg whites until foamy. Add salt and sugar gradually, beating until very stiff. Add strained prunes and junior applesauce.

Beat until well blended. Add lemon juice. Serve in chilled sherbet glasses and garnish with slivered almonds or nuts, if desired. Serves four.

For Bread Variety

If you want to be a lavish hostess and economical at the same time, freezer home economists suggest repackaging several kinds of bread (bought at your local "day-old" bread source) in mixed loaves. Then store in your freezer. The result will be variety at each meal, and no stale bread.

FRESH VEGETABLE GARNISHES — Colorful, crunchy vegetables are as nutritious as they are delicious. They will brighten any table and spark appetites. They're good nibble food for impatient members of the family.

Crunchy Raw Vegetables Brighten Up Dinner Table

How to please families and influence appetities. Try fixing a colorful tray of crisp, fresh vegetable garnishes to go along with your meals.

With very little effort you can turn such bright crunchy vegetables as carrots, cucumbers, radishes and celery into all sorts of attractive garnishes. Their intriguing shapes and colors will brighten your whole table.

The family will find a new treat in fresh vegetables and by eating them raw they'll get the most out of the vegetables' valuable mineral and vitamin contents.

CARROT CURLS: Scrub carrots and cut into very thin slices lengthwise with vegetable parer. Roll each slice up tightly and fasten with toothpicks. Chill in bowl of crushed ice several hours or overnight. Remove toothpicks and slices will remain curled.

CUCUMBER SCALLOPS: Score outside of washed cucumbers by running tines of a fork down the cucumber lengthwise. Slice thin and crisp it on ice.

RADISH ROSES: Trim stem down to 1 inch. Cut off root end. With tip of sharp knife, cut outside red skin down from root end toward stem in four or five sections to form petals. Chill on ice to curl.

CELERY FRILLS: Cut cleaned stalks of celery into 2 or 3-inch pieces. Cut into thin strips lengthwise—but don't cut quite all the way through. Instead of this, the pieces may also be slit from both ends, leaving a half-inch of uncut portion in the middle. Chill on crushed ice until they curl. Carrots may also be treated in both these ways.

RADISH FANS: Trim off root end and leave 1-inch steam, as with radish roses. Starting at one side, cut thin slices toward the stem end, but not cutting all the way through. Chill on crushed ice to make the fans open.

CARROT SPIRALS: These novel garnishes are best made with a little gadget called a spiral slicer, which may be purchased very inexpensively in most housewares departments.

It consists of a screw and a blade. You insert the screw in the top of a carrot, cucumber or large radish and as you turn it, the attached blade automatically cuts the spiral slices.

Thrifty Meal Is Elegant

Here's proof that a budget-minded dinner can still look and taste elegant. Garnish a loaf of canned luncheon meat with thin orange slices fastened to the loaf with whole cloves. Combine one-fourth cup brown sugar, 2 teaspoons orange juice and 1 tablespoon prepared mustard; spread over loaf. Bake in a moderate oven (375) about 30 minutes until loaf is heated through and glazed.

Beef-Corn Roll-ups Tasty Picnic Fare

These clear, cool fall days are just right for a picnic. The bugs are gone, it is pleasant to stand near an open fire, and the food tastes extra good in the crisp air.

Serve hamburger corn roll-ups as your main dish. Let each one fix his own and decide how he wants his meat done. Better plan for seconds.

Hamburger Corn Roll-ups

4 ears of corn, husked
1 pound beef chuck
Salt
Garlic salt
Freshly ground pepper

Place ears of corn on separate pieces of aluminum foil. Divide ground chuck into four parts and shape into oblong rolls.

Season corn and ground chuck with salt, garlic salt and pepper. Roll corn and meat tightly in foil and place in hot coals.

For rare hamburger, the rolls should cook 15-20 minutes; for better cooked hamburger, cook 25-30 minutes. Serves four.

Wipe Pastry Bag Dry After Each Laundering

Take care of your rubber-lined pastry bag — and it will take care of you in many, many ways. It's wonderful for fluting mashed potatoes, decorating cakes, or shaping French doughnuts.

But to preserve it you should wash it after every use with warm soapy water, rinse with clear water, and wipe dry. If you're storing it for any length of time, sprinkle cornstarch between the folds of rubber to keep them from sticking.

Nature's Gold: Carrots

Not all the gold in this country is stored away down in Ft. Knox. Nature's "gold," the crisp, colorful fresh carrot, is ours for the buying all the year-round thanks to modern transportation methods. Carrots are probably our most important vegetable source of vitamin A because of the large quantities consumed. It amounts to about 11.9 pounds per person every year. Eat them raw, like a rabbit, or serve them cooked, but just be sure you eat lots of them!

MEL'O and your soap make a good team. They work better together.
MADE BY MAKERS OF Sani-Flush

To "barbecue" originally meant to roast a whole animal over a bed of coals laid in a pit in the ground. Now it means baking, simmering, or broiling any kind of meat, poultry, and fish in a spicy sauce.

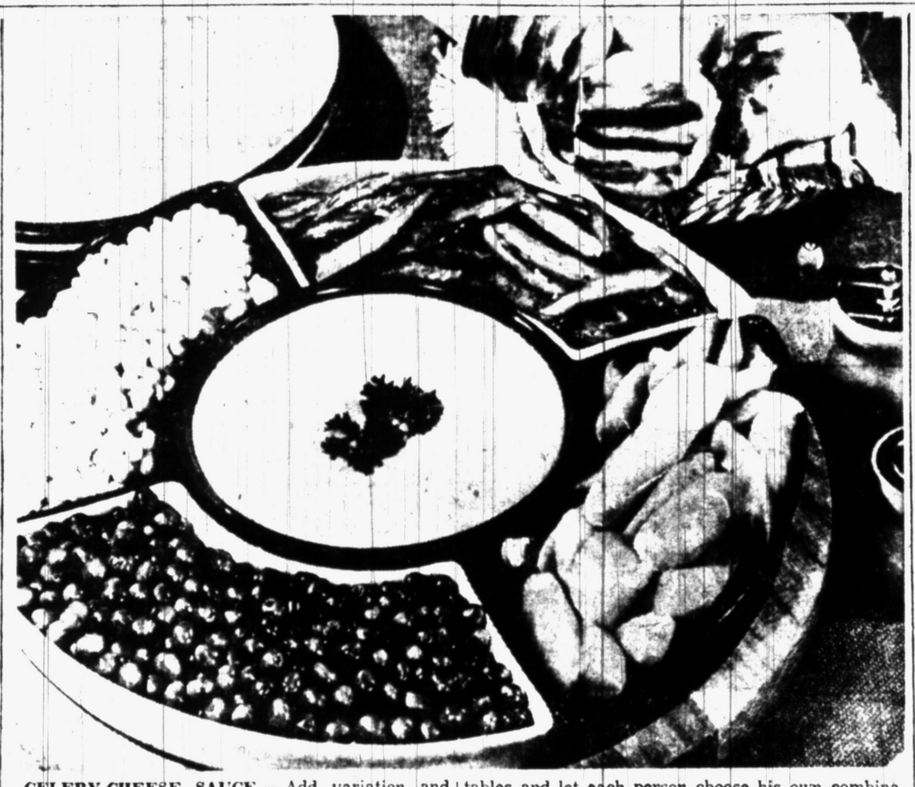
Hot Canned Apple Sauce Grand for Breakfast

There's nothing to equal a hot and substantial breakfast to fortify the children and man of the house against the winds and cold as they start for school and for work. For example, top a hearty cooked cereal with heated canned apple sauce, dust with brown sugar and serve with plenty of cream. A dish to stick to their ribs!

Also, a pancakes-and-sausage breakfast provides plenty of "get up and go" for the family. And try heated canned apple sauce as the topping for the pancakes. Tastes wonderful — goes well with the sausages. You know the affinity of apples and pork for each other!

French Toast Variation

To give French toast a new twist, make a sandwich of bread and jellied cranberry sauce, dip the sandwich in batter, and brown in butter or margarine in a skillet. Serve with Canadian bacon for lunch.



CELERY-CHEESE SAUCE — Add variation and extra nutrition to vegetables at the family dinner table with cream sauces. Serve a number of vegetables and let each person choose his own combination before ladling the rich sauce over them.

Rich Cream Sauces Lend Zest to Vegetable Dishes

Vegetables in a variety appear on the family dinner table throughout the year, whether fresh, canned or quick frozen, and for a special menu attraction serve these foods with interesting cream sauces.

Here are two sauce recipes — celery-cheese and pimiento—which give variation to the family's favorite vegetables. Both recipes feature liquefied nonfat dry milk.

Economical nonfat dry milk is so nutritious and versatile. It comes in 1-pound packages which make 5 quarts of nonfat milk for as little as 9 cents a quart.

It can be used for drinking, with cereals, in most recipes which call for milk and it will even whip. Nonfat dry milk is a rich source of protein, calcium, riboflavin and lactose.

Here are our two sauce recipes:

Celery-Cheese Sauce

3 tablespoons butter
½ cup chopped celery
3 tablespoons flour
1¼ cups liquified nonfat dry milk
½ teaspoon Worcestershire sauce
¼ lb. sharp process cheese, cut in cubes

Melt butter in saucepan. Add celery and cook over low heat, until lightly browned and tender. Stir in flour. Remove from heat.

Gradually add liquefied nonfat dry milk and Worcestershire sauce; stir until well blended. Return to heat and cook, stirring constantly, over low heat until mixture is smooth and thickened.

Add cheese; stir until melted. Serve with cooked vegetables. Makes one cup.

Pimiento Sauce

2 tablespoons butter
2 tablespoons flour
½ teaspoon salt
Dash of pepper
1 cup liquified nonfat dry milk
2 tablespoons chopped pimiento

Melt butter in saucepan over low heat. Add flour, salt and pepper; stir until well blended. Remove from heat.

Gradually stir in liquefied nonfat dry milk and pimiento; return to heat. Cook, stirring constantly, over low heat until mixture thickens.

Serve with fish, vegetables or chicken. Makes one cup.

Making chicken pie? Season the gravy with a dash of curry powder for an interesting taste-change.

This Dessert Can Go in Freezer Days Ahead

You can make this glamorous dessert several days before you are having company. Prepare a graham cracker crust and press it against the sides and bottom of a pie plate. Chill the crust for two or three hours, then fill with strawberry ice cream softened to spreading consistency.

Sprinkle the top with finely crushed graham cracker crumbs and store in the freezer compartment of your refrigerator. Thaw a package of frozen strawberries and serve as a sauce with the ice-cream pie.

Rich Mushroom Gravy Tops Unusual Sandwich

Here is an idea for a meal that satisfies—Chicken and Spiced Ham au Gratin.

Place slices of spiced ham and chicken on toast squares. Cover with rich mushroom gravy; make it from condensed soup or add sauteed mushrooms to gravy left from Sunday's chicken. Sprinkle sandwich generously with grated cheese. Brown under broiler until cheese melts.

Serve with a Waldorf salad and a hot beverage.

Last Period for POWs Named 'Freepatriate'

MUNSAN (AP)—The Allied Command today officially named the final phase of the prisoner of war exchange Operation Freepatriate.

It was so named to describe the forthcoming 90-day period in which explanations will be given prisoners to try to coax them to return home.

The prisoners, now in custody of Indian troops in the demilitarized zone, have said they do not wish to return to their homelands.

Occupy Newest Rooms

LUDINGTON (AP) — Some 150 eighth graders began moving this week into the rooms that have been completed in Ludington's first new school building since 1905. The remainder of the $650,000 structure will be finished by Nov. 15.

Bandit Flees as Jeweler Orders Him to Shoot

VAN NUYS, Calif. (AP) — "Go ahead and shot," jeweler Harry Sosin calmly told a gunman who had ordered him to the rear of his store on the threat of shooting him in the face yesterday.

The intruder looked perplexed for a moment, then ran out to a waiting auto and fled.

Hats a Sad Story and to Cap It Off . . .

LONDON (AP)—Hatters in Great Britain are so desperate they have been manufacturing green bowlers. Colors are one answer to the trend away from the use of hats by men. The men claim they are selling lots of highly colored hats. Colors also are found in caps for wear at the beach and on the golf course.

But even these sales have not checked the trend away from the use of hats, they admit sadly. A spokesman for the British felt hat manufacturers' federation said that 1952 was a year "of catastrophe in the history of the hatting industry."

Hatters admit they are fighting an uphill battle. Even bad weather does not put hats on many of their customers, they say.

General Electric Co. scientists say copper and brass tubing can be bent without kinking if the lengths are filled with sand and the end pinched so it will not run out.

Truants Get Break With New Methods

NEW YORK (AP)—What has happened to the Truant Officer? He is rapidly being replaced by professionally trained personnel, according to Dr. Francis J. Daly, Director, Division of Pupil Personnel Services, New York State Education Department.

The old "police-policy" of enforcement is on the way out, he says. The new approach is based on pupil personnel problems of non-attendance and recognizes that there may be contributing causes of absenteeism.

"Health problems, frustration due to continued failure in school family troubles and lack of understanding between home and school are all significant factors," he added.

The history of the abrasive industry is almost as old as the history of mankind. The caveman used abrasive materials to fashion weapons and tools, according to an abrasive corp.

Israel Railway Plans to Relieve Buses

TEL-AVIV (AP)—More than half of the bus passengers in Israel now travel standing, a spokesman of the Ministry of Communications told newsmen here when he outlined a new Five Year Railway Development Plan.

While a large-scale import of buses would now be a rather expensive affair, scheduled improvements in the country's railway system — including more high-powered engines and better carriages — will draw the public away from the roads to the trains, he said.

Police Arrest Student Carrying His Homework

LOUISVILLE, Ky. (AP)—A 23-year-old barber college student, was arrested for carrying around his homework—a razor.

Police said they took him off a horse near a riding academy after receiving reports he was riding recklessly and had fallen off the animal. He said he had just purchased the razor.

Ike's Birthplace to Get Running Water at Last

DENISON, Tex. (AP)—The Denison house where President Eisenhower was born will get running water for the first time.

The city council agreed to extend a line from a hydrant in the yard to the kitchen sink. This was asked by women serving as hostesses of the home—now a showplace.

The ladies hope some day a restroom will be installed. The Eisenhower birthplace plumbing is of the outside variety.

City of Hamburg Bustling Again

Famous Port Arises From Rubble Left by World War II

WASHINGTON—Germany's port city of Hamburg has come alive again after citizens cleared 6,000 acres of rubble and the wreckage of 3,000 vessels littering the harbor.

Net tonnage of ships arriving in the port nears the prewar level of 20,000,000 tons annually. Virtually all docks, warehouses, bridges, cranes and derricks have been restored.

Shipbuilders are again besieged with orders. Industrial production is 6 per cent above the 1936 mark.

One-sixth of Hamburg was leveled by bombers. Of 560,000 dwellings, 300,000 were destroyed. More than half have been restored, and new homes rise at the rate of 25,000 a year.

Between 60,000 and 80,000 died in the raids. An estimated 200,000 of Hamburg's citizens were killed on active duty. By 1945, the city's population had slumped to 700,000, but today it approaches its pre-war peak of 1,630,000.

Hamburg's trade with East Germany, Poland, Romania, Hungary and Czechoslovakia has been cut off by the Iron Curtain, and the city is deprived of the central trading position it enjoyed in past centuries.

Compensating for the lost commerce, Hamburg has expanded activity in its factories. The city is a center for oil refining, as well as the tobacco industry. Other manufactures include chemicals, furniture, textiles and machinery.

At its peak of foreign trade, about 1930, Hamburg had 60,000 workers manning its 36 miles of crowded waterfront. It ranked with New York and London among the world's busiest ports.

Hamburg is situated on several delta channels of the Elbe River, at the head of its narrow, 75-mile-long estuary to the North Sea.

The harbor is tidal, without locks, and is reached by a buoyed channel which has a depth of 29½ feet at average low water. There are 16 basins with about 20 miles of docks, 10 miles of mooring space and 2½ million square feet of shed space.

Flowing through the heart of Hamburg, the Alster River splays into twin lakes in the midst of the hotel and business districts.

Shops, restaurants and shaded promenades fringe the inner lakefront. Behind them rise striking office buildings of modern design. Lake Alster's further reaches are ringed by the city's finest suburban homes.

The old section of Hamburg, almost destroyed by fire in 1842 and later rebuilt, is laced by narrow canals. Small "taxi" boats, piping toylike whistles, transport passengers. Barges carry goods direct to the back door of shops and warehouses. The waterways become mudflats when the tide is out.

Leading attractions in Hamburg include St. Nicholas Church, whose 482-foot tower is one of Europe's highest, and the famous Hagenbeck "cageless zoo."

Ironically, the hamburger is not a specialty of restaurants in Hamburg. It was invented by south Germans waiting in the port for ships to America. Although the dish was named in honor of the city, it was not popularized until it emigrated to the United States.

Aussies Employ Plane to Catch Preying Eagles

GUNNEDAH, Australia (UP) — H. H. Austin used a plane in his campaign against five eagles preying on lambs at his property at Ginnagulla.

Austin got tired of losing 50 pounds sterling ($110) worth of lambs daily to wedge-tailed eagles, believed to be the world's largest. He got hold of his friend Rea Moore, president of the Tamworth Gun Club. They called on another Tamworth friend, Jim Packer, and mapped out the aerial campaign. Packer owns a small single-engine Auster plane which he pilots as an "air taxi."

On "E-Day", Moore strapped himself to a seat alongside an open door on the Auster. He checked his gun, and, with Packer at the controls, they took off. They soon caught up with two eagles.

"I had time only to fire one barrel into each eagle," Moore reported. "I think we scored a hit on the first one, but I am not certain it was a kill.

"The second eagle went down with feathers flying. A horseman on the ground killed it with a stick."

Next day Moore and Packer went up to look for the three remaining eagles but couldn't find them.

Use Detergent to Clean Expensive Gazing Glass

DENVER (AP) — A detergent was used when $100,000 worth of astronomical glass was washed at Denver University's Chamberlain Observatory, for the first time in 17 years.

Dr. Albert W. Recht, director, said the latest wash job removed soap film left from the 1936 cleaning.

Good Neighbors Welcome Kids

Cleveland Pair Offers Yard, Play Equipment to All Children

CLEVELAND, O. (UP)—Gus Felice and his wife, Pearl, are the kind of neighbors most folks wish they had had when they were kids.

The Felices don't shoo children from the yard or keep a dog to chase youngsters away. Far from it!

Felice and his wife bought their home three years ago and immediately set about to fix things up, not only for their own three children, but for all the kids in the neighborhood.

Felice started with a swing and a slide. Then he fenced in the yard, installed a teeter-totter, a baby-sized swing, a sand box and some wheeled toys. During the summer as many as 35 youngsters jam the yard, in addition to the young Felices, Connie, 2½; Joey, 4; and Diane, 1½.

The reason for the backyard playground is that "when we were kids we didn't have a nice place to play or anything to play with," Felice explains.

One of Felice's proudest backyard installations is a homemade merry-go-round which he made from an old automobile axle and wheel. "If you spin it right, it'll go round for 4½ minutes," he claims.

But Felice isn't really satisfied with any of this.

"Someday I'm going to build a big, free amusement park for the kids. I've heard of a piece of vacant land not far away that might be just right," he said. "Then I can sit and watch the kids and kind of get back what I lost. You know what I mean?"

With only 7 per cent of the world's population, the United States turns out half of the world's industrial products, because we have the most tools and the most efficient business organizations.

Hal Boyle Says:

Machines Only Cold Steel to Women, Who Boss 'em

NEW YORK (AP) — It is not only men who are secretly or openly afraid of women. Machinery is too.

Few things show the difference between the sexes more than their attitude toward machinery.

A boy loves his bicycle almost as if it were a horse. A man feels the same way about his motor car. He pats it on its shiny faithful side and in his heart he hears its answering neigh.

Men feel a real kinship and loyalty to many machines. They think of a machine as another living thing with a personality of its own.

The old engineer has a pet name for his iron horse. The combat flier has one for his plane. So does many an infantryman for his rifle.

Since a man does think of a favorite machine as having a life of its own, he respects the quirks in its nature. He knows he has his ups and downs, and realizes even the best-hearted and most willing machine has its bad days as well as its good days.

Therefore, when something goes wrong with the machine, when it fails to function for one reason or other, it makes him as uneasy as if a human friend fell ill.

His general attitude is one of, "What can I do to help you, Buddy?" And he tries with understanding hands to find out what ails his machine, and fix it and make it feel well enough again to go about its usual work.

Few women go in for this kind of nonsense. They are superstitious about many things, but they don't endow any machine with heart, soul or spirit.

There is no real camaraderie between a woman and her cookstove, refrigerator, vacuum cleaner or hair dryer.

She never thinks of a machine as having a mind of its own, and it had better not act as if it did.

She has enough mind for both of them, and a machine had better obey her, if it knows what is good for it. She is not going to put up with any metal whims.

A man never trades in an old motor car without silently saying, "Goodby, old pal, goodby." He has a twinge of conscience, and feels like a cowboy who sells his old horse. They know the difference in the way men and women feel toward them.

A machine realizes that if it isn't up to par all it has to do is creak or complain or decline to do its job, and a man will sympathetically take it apart and do his best to make it well again.

But it doesn't take a machine with much sense to learn that won't do at all with a woman.

Women are always bragging about how they can fix machines by jiggling them. They don't really fix them.

When a woman goes over and jiggles a balky machine, it knows she is threatening, "You start working right now, you silly clump of metal, or out of this warm house you go right into a junkpile."

The machine, whatever is wrong with it, promptly starts working again — but only out of pure fear. It is running on sheer nerves, overwhelmed by a dominant feminine personality.

The sick machine goes on chugging frantically until it collapses, and the woman tells her husband, "That old thing is worn out. I'll have to have a new one."

But if you really gave the poor faithful departed machine an honest post-mortem it would have to be this: "Nervous breakdown from overwork induced by fear of a woman. Can be restored to normal function by replacement of fright-stripped gears and prolonged rest in strictly male atmospherere."

Norwegians Set Mark for Emigration in '52

OSLO (AP)—Norwegian emigration to foreign countries set a new post-war record in 1952 with nearly one out of every 1,000 Norwegians settling abroad, police records show here.

Emigrants included 1,535 men and 1,423 women. Nearly two thirds of the total, of 1,988 persons settled in the United States, while 906 Norwegians found new homes in Canada.

Mayor of Okinawa City Dies of Heart Ailment

OKINAWA (AP)—Kowa Matayosi, mayor of Naha, Okinawa's largest city, died Tuesday from a heart ailment complicated by pneumonia.

Matayosi was president of the Ryukyu Shimpo, one of Naha's four newspapers, and was elected mayor in 1952.

Suffocation ranks high as a killer of newborn babies, accounting for about 5,000 deaths a year.

Officer Gets Baptized While Burglar-Hunting

TULSA, Okla (AP)—Officer Orval Bennett, scouting a Baptist church here late at night for a possible burglar, accidentally came a cropper.

Creeping down some stairs in the darkened church he felt his feet getting wet. Trying to determine his location he slipped.

Kerplash! He ended up in the baptistery.

He caught nothing but a cold.

11 Women No Match for Cake-Baking Male

DELAWARE, Ohio (AP) — Eleven women who entered the white cake baking competition at Delaware County Fair didn't expect much competition from the only man entered.

But, sure enough, Everett Osborn of Leonardsburg won second prize.

New Mexico Warns Texans About Honesty

AUSTIN, Tex. (AP)—Texas motorists caught breaking New Mexico's traffic laws may find the going rough in the future.

Justice of the Peace Robert L. Ayers of Albuquerque notified the Texas state police that one Texan recently paid his fine with a check—then stopped payment on the check.

Ayers said in effect that the practice is frowned upon in New Mexico.

United Press Photo

SEVEN YEARS BRINGING BRIDE HOME—Robert Tucker, 35, U.S. Embassy editor in Moscow, points out the skyline as he and his Russian-born wife, Eugenia, 29, arrive in New York aboard the liner America. Tucker has been trying to bring his bride to the U.S. for the past seven years. The couple will spend several days in New York and Washington D.C. before leaving for his home in Kansas City.

For Nice Take-Home Pay, Red Plane Business Is OK

By ARTHUR EDSON

WASHINGTON (AP)— For real nice take-home pay, you can't beat flying a Russian plane into a United Nations airport.

The 22-year-old senior North Korean lieutenant who did it, bringing a MIG15 to an airstrip near Seoul, picks up the $100,000 reward this government had offered anyone who first delivered a Russian plane.

Let's take a look at what that $100,000 means:

The Internal Revenue people have said it is tax free, even if the pilot should come here, since it was income earned outside the United States.

Furthermore, in answer to a question, they figured out that anyone in this country who is single with no dependents, would have to earn $940,550 in a year to have $100,000 left after federal taxes.

"Of course," said the income tax man, "he probably would be nicked by state taxes, and maybe by city taxes. He undoubtedly would have to make well over a million dollars."

The income tax people don't announce figures on personal income, but it's a safe bet that not many 22-year-olds make a million a year.

And it's money in the bank that no 22-year-old is picking up that amount in 24 minutes, which is how long the dramatic flight lasted.

The only incomes announced are those paid by some corporations which have to report to the Securities and Exchange Commission (SEC).

In 1950, for example, the highest salary reported to SEC was the $626,300 paid by General Motors to Charles E. Wilson, now secretary of defense.

This, of course, was before the tax collector got to Wilson.

Of the companies reporting that year, 317 executives had salaries of $100,000 or more, but they then had to pay their taxes.

So it's obvious the North Korean, who said he didn't even know about the reward money when he took off, is flying in a fast financial league.

The Internal Revenue man said, the way he heard it, the plane was worth $300,000 or $400,000, so he figures it was a bargain quite aside from its scientific worth.

"But I keep thinking about that $100,000, without taxes," he said.

"You know, how about sneaking into Russia, stealing a plane, flying it back and picking up $100,000 ourselves?"

There is just one little gimmick. The offer was $50,000 per plane, plus a $50,000 bonus for the first Red flier to deliver one. But even $50,000, tax free, is not to be jeered at.

LaStarza Confident, but Marciano Is Favorite

By MURRAY ROSE

NEW YORK (AP) — Heavyweight Champion Rocky Marciano tests his vaunted wallop and risks his one-year old crown tonight against Roland LaStarza, a supremely confident challenger, in a 15-round title fight at the Polo Grounds.

The handsome, 26-year-old New Yorker firmly believes he beat Marciano (Rocky won a split decision) in their first meeting 3½ years ago and he is sure he is going to make it official in the ball park with some 32,000 fans looking on.

* * *

Despite the challenger's optimism there were only a few of the fight experts who believe the ex-collegian will be able to escape the numbing blows of the aggressive, powerful 29-year-old champion.

The odds are 4-1 that the undefeated Brockton blaster would win; 12-5 that LaStarza would be knocked out; 9-5 that Roland wouldn't finish 12 rounds and even money he wouldn't complete eight rounds. It was 8-1 that LaStarza wouldn't stop the durable Marciano.

* * *

There was only light wagering reported on the actual outcome itself. Most of the betting was concentrated on how many rounds the scrap would go.

Starting time for the outdoor bout is 9:30 p.m., EST. There will be no television or broadcast into the homes from the park. A telecast will be beamed over a closed circuit to 45 theaters in 34 cities and towns from coast to coast.

* * *

With the weatherman forecasting fair and warmer weather, President Jim Norris of the International Boxing Club, stuck to his prediction that the fight would gross about $400,000. The IBC will collect a minimum of $100,000 from the theater-cast, making a possible total of $500,000 the gladiators will share in.

More conservative guessers figured the fight would gross no more than $350,000.

If the melon reaches $500,000, Rocky, in for 42½ per cent, will receive about $170,000. LaStarza, who gets 17½ per cent, will collect about $70,000.

"I'm going to win, said the broadchested challenger. "I beat him before and I know I can outbox him and I can outsmart him.

"Sure I know he knocked me down with a right in the first fight," said Roland, "but I got up and was going after him at the end. In a few more rounds I would have stopped him."

Marciano, who rarely makes predictions, told several newsmen at the camp that he would win "within seven rounds."

The consensus of opinion is that "Reluctant Rollie"—so named for his cautious fighting style—isn't a good enough boxer to keep Rocky off and not a hard enough hitter to stop the champion's ceaseless drives. The pick here is Marciano by a kayo in five rounds.

The bout will be scored with a supplementary point system to break draws. The points were needed when Marciano beat LaStarza the first time. Judge Arthur Schwartz scored for Marciano 5-4-1, and Judge Arthur Aidala voted for LaStarza, 5-4-1. Referee Jack Watson had it even in rounds but voted for Marciano on points, 9-5.

Facts, Figures on Title Scrap

NEW YORK (AP)—Facts and figures on tonight's heavyweight title fight between champion Rocky Marciano and Roland LaStarza:

Site—New York Polo Grounds.

Time—9:30 p.m., Eastern Standard time.

At stake — Marciano's heavyweight title.

Distance—15 rounds or less.

Radio and television—no television or radio broadcast direct from ringside. Some TV and radio stations plan to broadcast a brief summary at the end of each round.

Theater telecast—over closed circuit to subscribing theaters from coast-to-coast.

Promoter—International Boxing Club, Jim Norris, president.

Crowd—about 32,000

Gate—about $350,000

Theater network television fee to IBC and fighters—$100,000 guarantee.

Prices—Reserved seats at $5, $10, $15, $20 and $30.

Fighters' shares—Marciano 42½ per cent; LaStarza 17½ per cent.

Fighters' records—Marciano 44-0, 39 knockouts. LaStarza 53-3, 24 knockouts. Neither has been knocked out.

Odds—Marciano favored 4 to 1.

Judging — A referee and two judges to be selected the night of the fight. Scoring on a round basis with supplementary point system to avoid draw. Points on a 1 to 4 basis.

Return bout—return bout within six months if LaStarza wins.

Weather prediction — fair and warmer.

Postponement date—Friday.

Louis Baldacci Key Performer in UM Opener

Michigan Starts Soph Signal Caller for 1st Time Since '38

By JOHN F. MAYHEW

ANN ARBOR (AP) — Michigan makes its 1953 football debut against once-beaten University of Washington here Saturday with a sophomore quarterback at the helm.

* * *

Louis Baldacci, a black-haired, 195-pounder from Akron, Ohio, will direct the team. He is the first sophomore to get such an assignment here since Forrest Evashevski, present Iowa coach, called the signals back in 1938.

Michigan, in most cases, assigns a sophomore to the bench for most of the first year. But Baldacci's abilities plus a thin crop of quarterback candidates prompted coach Bennie Oosterbaan to make the tradition-shattering move.

Baldacci will lead a veteran Michigan team against Washington, beset by injury in its opening 21-20 loss to Colorado. Halfbacks Ted Kress and Tony Branoff will again be the big guns.

Teamed with fullback Dick Balzhiser, the Wolverine backfield will combine a strong running threat with reasonable passing efficiency.

* * *

Washington is without a pair of fine halfbacks who were sidelined during the game against Colorado. Right halfback Bill Albrecht broke his leg and left halfback Mike Monroe suffered a broken wrist bone.

Game, first between the schools, will serve as a big test case for Michigan. If Baldacci meets expectations, Oosterbaan will be faced chiefly with minor adjustments for the season ahead.

* * *

Some concern is expressed at the inexperience of Michigan's defensive backfield: Kress at safety, Branoff and Balzhiser at the halves and Baldacci and center Dick O'Shaughnessy, behind the line.

No such concern is expressed for the Michigan line, anchored by Art Walker, the standout tackle from South Haven. Gene Knutson and Tad Standford provide better-than-average ends. Walker and Jim Balog provide strength at tackle and guards Don Dugger and Dick Beison are proven performers.

33 Games Set in Area Friday

By JACK SAYLOR

While last Friday's opening prep football games of the season produced much evidence of unsteady play, there nevertheless were some outstanding individual performances. Teams get back in action with 33 games listed for the Oakland County area.

Ball handling is being stressed at Waterford this week after the Skippers fumbled 10 times in their 0-0 tie with Keego Harbor. Waterford's pass defense also was spotty, but the Skipper forward wall held Keego virtually without gain on the ground.

MISSEL SMITH

Pass defense problems also cropped up at Rochester in the 26-6 loss to Grand Haven. Offense, with new quarterback Ben Forbush directing, left little to be desired.

Coach Gene Konley's biggest task, however, is replacing tackle Bob Missel. The 180-pound senior, who was the Falcons' top lineman, was lost for the season when he suffered a broken leg while making a tackle on the opening kickoff of the second half.

Dick Smith, Holly's hard-running fullback, sparked the Broncs as they stretched their winning streak to 11 games with a 27-14 win over Grand Blanc. Smith scored twice on runs of over 30 yards and connected with end Wayne Freeman on a 45-yard pass play for another tally.

Johnny Malone, Van Dyke's all-around star, made a sensational showing against East Detroit. Though he carried only six times in the first half, he made two TD trips of 70 yards and returned a punt 80 yards for a third score.

Don Colegrove of Milford and Jim Van Wagoner of Oxford, opposing fullbacks, were big guns in a tight game won by Milford, 7-0. Don Perkuchin, Redskin end, and Larry Spencer, Oxford tackle, also were standouts.

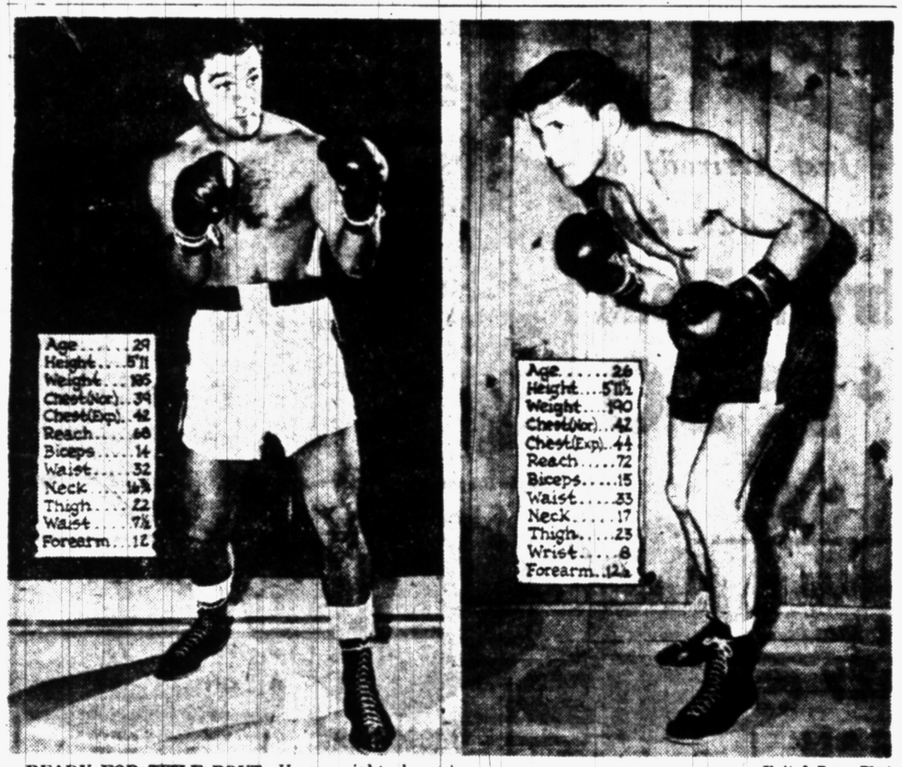
Ed Leach on offense and Jim Arnold on defense were Lake Orion's pacesetters in a 14-0 victory over Clarkston. Marv Evans, Ron Shore and Joe Schwerin of Avondale sparked the Jackets in their 12-6 win over St. Mikes.

Other top performers last week were Fred Burnard and Norm Norton of Troy, Jim Lothrey and Don Komraus of Romeo, Bill Long and Phil Lahner of Southfield, and Dick Bachmann and Bob Andrews of Walled Lake.

Another heavy schedule of interleague games is set this week with most teams waiting until next week to open conference action. Nine league games are on tap, including Waterford at Southfield in the Inter-Lakes and Milford at Clarenceville and Brighton at Clarkston in the Wayne-Oakland.

Holly will be after its 12th straight win as the Broncs entertain Hartland, while Port Huron and Utica go after numbers 20 and 14, respectively, against Highland Park and South Lake.

Brother will match wits against brother as Royal Oak Madison hosts Dearborn Roosevelt. Head coaches Don Scott of Madison and Roosevelt's Jack Scott, Hazel Park boys, both attended Central Michigan College.



United Press Photo

READY FOR TITLE BOUT—Heavyweight champion Rocky Marciano (left) and contender Roland LaStarza exhibit their respective measurements and boxing stances. The two meet in a title bout at the Polo Grounds in New York tonight.

Shades of Immortals!

New UP Prep Grid Ace Compared With Gipper

MARQUETTE (AP)—Biggie Munn and Bennie Oosterbaan would do well to read this story.

It's about Fred Barry, who plays left halfback for Calumet High School football team in the Upper Peninsula.

Calumet, in case you haven't heard, is the school which produced such all-time greats as the legendary George Gipp and Hartley (Hunk) Anderson. Now they are comparing Barry with these two immortals.

Wrote the Houghton Gazette after Barry led Calumet to a 33-19 victory over Ashland, Wis.:

"None of the stars of the past could have been any better than Barry."

Here's what Barry has done to date:

1. Scored all of Calumet's 51 points in three games this season.

2. Averaged 13.6 yards in carrying the ball 19 times for 260 yards against Ashland. That gave him a three-game total of 752 yards in 84 carries, an average of 8.9.

3. In the Ashland game, his touchdown runs were, respectively, 38, 77, 33, 2 and 46 yards. Another run of 70 yards was nullified by an offside penalty.

4. And if you're looking for a two-way player, Barry is your boy. He plays a vicious game defensively.

Host 9 Wins Series, Title

Creekites Dump Okla. Team and Kalamazoo in ABC Finales

BATTLE CREEK (AP) — Battle Creek won the "Amateur World Series" on Monday night, but didn't get around to proving it was the best team in the American Baseball Congress' eastern playoffs until last night. When it did, it beat Kalamazoo, 12-4.

Championship game of the eastern playoffs was postponed because of rain last Saturday and delayed until last night to permit playing of the ABC's "Amateur World Series." Both Battle Creek, as host, and Kalamazoo, as runner-up, were eligible for the series, anyway.

Battle Creek whipped Oklahoma City 2-1 for the "world championship."

Big Reds Aim for No. 21 Win

By the Associated Press

Bouncing around on the high school football fronts:

With 20 straight victories, Port Huron boasts the longest Class A winning streak in the state. Big Reds walloped Bay City Handy in their opener 43-0 and figure to make it No. 21 this week against Highland Park.

Here's an odd one: A coach who thinks he has a good team, which is a rather pleasant departure from the crying-towel set.

Coach Morley Fraser says of his Lansing Eastern team:

"I'm greatly pleased with my boys and we will cause some trouble to the Six-A league teams. We showed plenty of spirit in defeating Saginaw Arthur-Hill, 7-0."

Incidentally, the Six-A league looks loaded again this year. Last week's non-league openers produced five victories in six games.

Tip: Keep an eye on Royal Oak's Dick Nash. He shapes up as one of the best backs in the Detroit area.

After thinking it over, the experts decided there was nothing wrong with Grand Rapids Catholic Central, the Class A power which took a 19-0 licking from Flint Northern. The winners, they concede, were just too good.

Add worry-worry department: The four teams in the Arrowhead Conference broke even last weekend but scored only 38 points while their opponents were merrily running up 161.

Bay City Central piled up 474 yards while whipping Midland 38-0. Fullback Bill Herber chewed out 244 yards rushing, averaging better than 15 yards a crack.

Fred Franco's 56-yard run against Columbia was the longest made by a Navy ball carrier last year. He had a net gain of 691 yards for the nine-game season.

Challenger Feels Relief From Tension With Bell

By TED SMITS

GREENWOOD LAKE, N. Y. (AP) —This is the day of decision for Roland LaStarza. What does he think about as he climbs into the ring with Rocky Marciano?

"I think about how much money I'm going to make," he replies with a boyish laugh.

"Actually I feel relief when the bell rings. Up to then it's all tension."

The money is considerable. LaStarza gets 17½ per cent of the net receipts, which could total $400,000 from the crowd plus $100,000 from the closed circuit television. His cut of $500,000 would be about $70,000. After expenses are paid, and his manager takes his share of one third — but before income taxes — LaStarza's purse would be about $35,000.

Money isn't all that this youthful young man has on his mind.

What will he do when he gets through fighting?

"It all depends on how much money I've got. I'd like to go into television but that depends on the TV people. I'd sure like to go back to college for my degree. (He had two years at City College of New York.)

"I'm getting a little old and if I'm going to go into another occupation I'll have to start fast."

Spartans Take Off for Iowa, Big 10 Debut

Fullback, End Are Only Starting Positions Not Yet Determined

EAST LANSING (AP) — A 38-man traveling squad was set to take off for Iowa today for Michigan State's long-delayed football debut in the Big Ten.

A member of the conference since 1949 and currently under suspension, the "baby" of the Big Ten will finally get to play on equal terms Saturday.

Michigan State was a one and two touchdown favorite. But the word from Iowa was that coach Forest Evashevski, a former MSC assistant, is aiming everything he has in hopes of upsetting the number two-rated Spartans.

Named to the 38-man roster by coach Biggie Munn were 13 seniors, 14 juniors and 11 sophomores.

Several of the juniors — such as Flint's Ellis Duckett and Leroy Bolden — won letters as freshmen however and have as much game experience as any of the seniors.

By positions, the squad listed eight tackles, six guards, seven ends, four centers, three quarterbacks, six halfbacks and four fullbacks.

Speculation on the probable starting lineup centered around two positions. There's a chance that sophomore Gerry Planutis may start at fullback instead of senior Evan Slonac, regular at the position last year.

Depending on the kickoff, either Ellis Duckett of Bill Quinlan will start at left end. Quinlan has looked best on defense and Duckett has starred on offense.

Tommy Yewcic was sure to quarterback with Leroy Bolden and Billy Wells the probable starters at halfback. Captain Don Dohoney will be at right end and Jim Neal will start at center. Other starting positions shaped up as Ferris Hallmark at left guard, Larry Fowler at right guard, Randy Schrecengost at left tackle and Morley Murphy at right tackle.

13 Horses in 'Jug' Classic

DELAWARE, Ohio (AP)—Thirteen horses are set to break from the gate today in the race of 3-year-olds for the Little Brown Jug trophy and a share of the $54,972.21 that goes with it.

In early betting, Keystoner, with Frank Ervin in the sulky, has been established as the favorite at 3 to 1. And there will be a championship tradition riding with the pacer owned by George L. Stipling of Cleveland.

Keystoner, who'll be charging out of position four, is a half-brother of Tar Heel, 1951 Jug winner and world champion. Ervin was behind Good Time when that all-time big money winner won the Jug in 1949.

An interesting sidelight of the big pace is the appearance of Wayne (Curly) Smart.

The veteran trainer and driver, who has been in and out of the sulky with court decisions affecting a one-year suspension, will handle Dutch Dandy, a 10-1 shot.

Television Fans May See Kicker Without Shoes

LYNN, Mass. (UP)—Television fans may see a barefooted kicker in the Holy Cross-Dartmouth football game at Manning Bowl here Saturday.

The shoeless punter is Dartmouth quarterback Billy Beagle, a sophomore from Danville, Pa. It is said his unshod kicks will go 65 yards or more.

The barefooted Beagle wears a specially zippered shoe, easily removable for when the fans yell "take it off."

Writer Picks Roland LaStarza to Win Decision in 15 Rounds Over Champion

By GAYLE TALBOT

NEW YORK (AP)—Having given the matter much thought and tossed out a vivid dream to the contrary, our conclusion is that Roland LaStarza, whom we have nicknamed the Bronx Buzz Bomb, will become the new heavyweight champion of the world shortly before this midnight.

As we piece the picture together, it will be a hard and closely waged fight for the full 15 rounds, with LaStarza the winner by a decision. Maybe it will even be a split decision of the three judges, as it was in their only other meeting, but we would prefer not to slice things quite that thin.

* * *

Practically everybody else is picking Rocky Marciano to keep his title by a knockout. That is an easy and lazy way out, for all they have to do is invoke the first two rules of experting: 1. Stick with the champion, and 2. Take the man with the big punch.

We do not expect to see LaStarza knocked out because, for want of a better reason, he never has been in a total of 56 fights.

Just because Rocky still was strong enough in the 13th round to chill Jersey Joe Walcott in their first title bout is no reason, as we see it, to assume that he will be as dangerous at the same stage tonight. Joe was an elderly gent, and by that time he figured to be dog tired. LaStarza is only 26, at his physical peak and in perfect condition, and the longer it goes the better his chances will be.

* * *

There is some regret at picking against Rocky, for the boy from Brockton is the greatest ornament the boxing game has known in many a year. Being champ hasn't changed him in the smallest detail. But LaStarza is a fine young man, too, and he is needier than the Rock. Let us pass the presents around.

Wildcats Taper Off Drills; Iowa Fullback Is Injured

CHICAGO (AP)—Briefs from midwest football training camps:

NORTHWESTERN — There will be no contact work today or Friday for the Wildcats as they taper off for Saturday's opening game against Iowa State at Evanston. Coach Bob Voigts has three regulars sidelined with injuries—Guards Fred Nosal, fullback Bob Lauter and left halfback Bob Mc Keiver.

PURDUE — Boilermakers — 38 strong—are all set to leave the University airport Friday for Columbia, Mo., and the 1953 starter against the University of Missouri.

INDIANA — Quarterbacking of Florian Helinski proved encouraging to Coach Bernie Crimmins as the Hoosiers specialized in a long defensive drill in preparation for Ohio State.

MINNESOTA — Gophers worked out in the rain, sharpening offensive assignments in preparation for the opener Saturday against Southern California at Los Angeles.

WISCONSIN — Badgers went through a long drill on defense against Penn State's attack.

ILLINOIS—Illini held a short offensive scrimmage against the freshmen in preparation for Nebraska at Champaign Saturday.

IOWA — Binkey Broeder, the Hawkeyes' No. 1 fullback missed Wednesday's practice session to rest his swollen knee, but he is expected to be ready for Michigan State Saturday.

OHIO STATE — Buckeyes sharpened their offensive plays for Indian's visit on Saturday.

NOTRE DAME — Irish staged a light drill on a soft turf in order to take no chances on injuries to the squad. Injured Johnny Lattner punted for the first time since he was hurt Sept. 6. The big halfback is expected to be ready for action against Oklahoma at Norman Saturday.

Women Sports Fans Puzzle Ferndale Man

DETROIT (AP)—James S. Pooler, Detroit columnist reported today that Joe Riley of suburban Ferndale still is shaking his head and wondering if women ever will understand sports.

Joe told Pooler of overhearing a woman bus patron tell another:

"Eddie tells me that the Tigers did much better than expected this year."

The other nodded in agreement, saying: "I know. But I still think the Lions could beat them any day in the week."

The Tigers are in the American Baseball League. Lions in the National Football League.

Race on Tough Course

PLACERVILLE, Calif. (AP)—The national wheelbarrow race held here annually is one of the toughest sporting events in America.

The race is run over a grueling 660-yard obstacle course impeded with shovels, sacks, 80-pound wheelbarrows and 50 pounds of gravel. Obstacles include a gravel pile where empty sacks must be filled, a log pile, two four-foot fences, a "sluice box" filled with boulders and a "flume crossing."

Twice as many fire arms accidents occur in the home as in the woods or field.

Prep Schedule in County Area

FRIDAY

Bloomfield Hills at Pontiac; St. Michael's at Fitzgerald; Waterford at Southfield; Keego Harbor at Walled Lake; Farmington at Rochester; Melvindale at Berkley; Van Dyke at Mt. Clemens; Milford at Clarenceville; Brighton at Clarkston; Hartland at Holly; Northville at South Lyon; Oxford at Clawson; Avondale at Lake Orion; Howell at Lapeer; Troy at Romeo; Dearborn Roosevelt at Madison; Cranbrook at Birmingham; Grosse Pointe at Ferndale; Hazel Park at Royal Oak; Dearborn at East Detroit; Port Huron at Highland Park; South Lake at Utica; Warren at Eastland; Ortonville at Goodrich; Imlay City at Saginaw St. Peter & Paul; Marysville at Unionville; Millington at Chesaning; MSD at North Branch; Almont at Armada; Berry City at New Haven; Capac at Memphis; Columbiaville at Dryden; Bloomfield at A. E. Smith.

SATURDAY

Lake Shore at Roseville.

SUNDAY

St. Benedict at St. Frederick; OL St. Mary at St. Rita; St. James at RO St. Mary; Shrine at Mt. Carmel.

11 Ex-Big 10 Men on Lions' Roster

The Detroit Lions of the NFL have 11 ex-Big Ten players on their roster. The schools represented are Ohio State, Wisconsin, Indiana, Illinois, Iowa and Michigan State.

The Tournament Sanctions Department of the American Bowling Congress processed 2,811 tournament sanctions during the 1952-53 season. This is 367 more than the record 2,444 of the previous season.

Ivory Rangers Win; Captain Sets Mark

Detroiter Jack Ivory, captain of the Ivory Rangers, became the 1st Michigan polo player ever to score more than 100 goals in a season as he led his team to an 18-4 rout of the Darlington Polo Club in Darlington, Pa., Wednesday.

Ivory scored eight goals to boost his 1953 total to 105 markers in 22 games.

Navy scored 147 points last football season to its opponents 75. It was the first time the Midshipmen had accomplished this since the 1945 campaign when they had 220 to 65 for the opposition.

Tom Wright, outfielder for the Chicago White Sox, started his baseball career in 1942 as a pitcher.

Hoople Predicts 6 Upsets for Weekend Grid Tests

By MAJOR AMOS B. HOOPLE

Egad, gentle readers! Some of my zillions of fans and followers of my peerless pigskin prognostications have dubbed me "Old Mister Upset Himself!"

Heh-heh! The football filbert veritably is a queer kind of nut!

There is more than mere fantasy behind the appellation, however, for Saturday after Saturday, amazing form reversals are predicted by your torch of intelligent forecasting.

This week, prepare to receive even more startling news. In 20 important games billed for Sept. 26, I am giving you at least six upsets that you can obtain from no other rugby prophet.

First of these is Cornell to defeat Colgate, but not far behind in the scope of its significance is Minnesota to beat mighty Southern California. Prepare also for Clemson to beat Boston College, Wake Forest to win from Duke, Florida to beat Georgia Tech by one touchdown, and Villanova to throw a shock into the whole state of Texas!

Now read the forecast and be astounded.

Villanova 19, Texas 14
Clemson 13, Boston College 7
Pitt 13, West Virginia 10
Cornell 14, Colgate 13
Wake Forest 14, Duke 7
Illinois 17, Nebraska 7
Ohio State 26, Indiana 13
Michigan State 21, Iowa 7
Michigan 14, Washington 7
Minnesota 13, So. Calif. 0
Purdue 14, Missouri 7
Notre Dame 21, Oklahoma 20
La. State 20, Alabama 14
Tennessee 14, Miss. State 6
Kentucky 13, Mississippi 13
Georgia 20, Tulane 13
Florida 13, Georgia Tech 7
UCLA 18, Kansas 0
Calif. 27, Oregon State 0
Stanford 13, Oregon 6

Arthur Prudhoim, who won the middleweight boxing title at the 1920 Olympics, now is a cook in mining camps in northern Saskatchewan and Manitoba, Canada.

Marciano Picked to Keep Title in Tonight's Bout; Extended Layoff From Real Test Hurt's LaStarza

By GRANTLAND RICE

NEW YORK—The stolid, unemotional, unhurtable Rocky Marciano, who can also hit with either hand, is hereby nominated to win over Roland LaStarza tonight. This in spite of the crafty support given LaStarza by the press department in building up the fight.

The mystery, if any, surrounding this collision is this—we know about what Marciano can do after watching him in a number of contests. These include jamborees with Joe Louis, Rex Layne, Harry Matthews, Joe Walcott and others.

* * *

It was an easy passage to the title. But Rocky arrived in good shape, having done about all that he was expected to do. Against this all we know about La Starza is what he did some three years ago in the same ring with Rocky.

On that occasion opinions were divided as to whether he won, lost or got a draw, but it was Rocky who landed the decision.

It is what Roland has not done since that fight that leads to the mystery of his fighting form.

You can't tell too much about this rather important factor from what La Starza has done since; which is practically nothing. Winning from game but incompetent Rex Layne had become commonplace even before La Starza won a decision from him.

La Starza isn't the type to dog it. He should give his best. You can only guess what his best will be under championship fire. Louis and Jim Braddock have both picked him to win. This should mean something as we can't imagine either being lured into a ballyhoo.

* * *

They realize that Marciano is rather crude in defensive methods, depending entirely on giving and taking a punch. I don't believe either realizes how much of a punch or how many punches he can take—or how hard he can hit.

* * *

In any brief summing up, we think La Starza's long absence from any real test is certain to work against him. You can't help but give the better boxer a chance, however, although from this angle it doesn't look to be a very happy one. At some spot from the first round on, Marciano should reach his target and when that happens it should be over.

Cranes, Maples Renew Rivalry

12-Year Lapse Ends Friday in Pierce Contest

Game Is Season's First for Both Birmingham, Cranbrook 11's

An old rivalry will be renewed at Pierce Field, Birmingham, Friday night when Birmingham High School opens its 1953 football season against Cranbrook. The game also is the first of the year for the Cranes.

Friday's meeting will be the first between the schools since 1941 when the Maples rolled to a 45-0 victory.

At a glance, the game would appear to be a mis-match. The teams met only one common opponent last year. Birmingham defeated Waterford, 14-6, after the Skippers had laced Cranbrook, 25-7.

However, Maple coach Vince Secontine has only two players who saw anywhere near regular service last year as Birmingham was winning five and tying one of nine games.

Meanwhile, the Cranes, who had a dismal 2-6 record, are well-stocked with veterans.

Only holdovers to go with the new look at Birmingham are end Bill Watkinson and tackle Jerry Beck. The 165-pound Beck, who was elected team captain this week, has a sprained ankle and is a doubtful starter Friday.

Three other players saw enough action to win letters a year ago. They are center Bill Hohmeyer, end Chris Christie and quarterback Jerry Wedge.

Friday's game, which starts at 8 p. m., matches the single wing, used predominately by Secontine's team and the split-T coached by Fred Campbell at Cranbrook.

Williams a Perfectionist

Extra Sharp Vision Given Most Credit for Ted's Tremendous Hitting Ability

By JOE REICHLER

BOSTON (AP)—What makes Ted Williams so great a hitter even at the advanced baseball age of 35 when most ball players are either nearing or have reached the end of the trail?

To begin with, the tall Boston Red Sox slugger's reflexes are as quick as ever. He still is the perfectionist, refusing to swing if the pitch is a fraction of an inch outside the strike zone.

Ted's hearing may have been impaired from flying those zooming jets in Korea but his eyesight remains perfect. While training during World War II, Navy doctors said his eyes would occur only six times in 100,000 persons.

An incident referring to his remarkable vision told to the writer may be worth re-telling. The first time Williams took batting practice after his return from Korea, he yelled out to Joe Cronin, Red Sox general manager, that home plate was not level with the pitchers's mound.

"Get those surveyors of yours to fix home plate," Ted roared. "It's cockeyed."

Cronin told Williams he was crazy since hundreds of ball players had taken their place at the plate and nobody had complained. To satisfy Williams, however, he called the groundkeepers who, after careful measuring, found that home plate was off its direction about a half inch.

"He's remarkable," marveled Hern, the able Boston Post columnist. "Williams today is 20 per cent better hitter than he was before he went away. He is sore in every part of his body, his hands have blisters under blisters, yet he is hitting the ball harder than he ever did before.

Williams laughed off his aches and pains but admitted he was tired.

"All this moving about, the fuss, the bother. Now all this hullabaloo about my hitting. What's so strange about that? I'm not hitting any different than I was five and 10 years ago. Why talk to me? Why don't you do something worth while and write about Ellis Kinder and Jimmy Piersall? They've been great all year. Never mind me. I'm just trying to find out if I can play ball again."

Bengals Ready for Final Series

Hope to Clinch Sixth Place in 3-Game Set With Cleveland

DETROIT (UP)—Detriot Tigers, still hoping to nail down sixth place, move on to Cleveland Friday for their final series of the 1953 season.

The Tigers, rested after two days of idleness, take on the Indians in single games Friday, Saturday and Sunday. Then it's all over until next year.

Detroit, safely out of the American League cellar, holds a 1½ game lead over seventh-place Philadelphia. The Athletics have four games to go, one more than the Tigers.

Detroiter Buys Stock in Hazel Park Racetrack

DETROIT (AP)—P. L. Grissom, Detroit automobile dealer and owner of a string of race horses, has bought 55,000 shares of stock in the suburban Hazel Park race track for a reported $220,000.

Grissom bought the holdings of Leon Slavin, Kalamazoo paper manufacturer.

Bowling Clinic

By BILLY SIXTY

CASE—Push-Away Action.

CURE—Get Ball Into Swing—As bowling has no set pattern of footwork or body position (stance), do what comes natural.

Try three, four or five steps, and stick to the style that gets

you to the foul line smoothest for easy ball release. Regardless of number of steps taken, develop push-away of the ball.

Push-away puts the ball into swing, as illustrated, and swing, co-ordinated with footwork, produces timing. Stand comfortably, relaxed, fairly upright. Hold ball waist high. In four-step footwork, first step with right foot, timed with push-away.

Sawchuck Sharp as Wings Top Edmonton

SAULT STE. MARIE (AP) — Terry Sawchuck turned in a top-notch goal tending exhibition last night as the Detroit Red Wings downed Edmonton 5-1 for their second successive pre-eason victory.

Sawchuck kicked out 26 shots before Edmonton's Jim Uniac beat him in a goal mouth scramble.

Bill Dineen, puck blaster from Toronto St. Michaels, continued his bid for a berth with the five-time NHL champions by scoring two goals. He tallied while playing at both center and right wing. Marty Pavelich also bounced a pair into the nets while Alex Delvechio got the other goal.

Roberts Ending Fine Year Despite Late Slump

By BEN PHLEGAR
AP Sports Writer

Robin Roberts is going to fall consideraby short of some of the glowing predictions made for him early in the season but the Philadelphia strong boy has still had quite a year.

Contrary to some of the optimistic experts, Roberts didn't

1. Win 30 games.
2. Pitch 400 innings.
3. Start every third day without a break.

But with one more starting assignment to come before the season ends on Sunday, the Phillies' right-hander is sure to

1. Win possibly 24 games, as many or more than anybody else in either league.
2. Pitch more innings than any National Leaguer since Grover Cleveland Alexander in 1920, and more than anybody except Alexander in the league since 1907.
3. Start more games than any other pitcher in the league this year.

* * *

Roberts won his 23rd game last night, edging the New York Giants 2-1 on six hits. It was his 40th start and his 33rd complete contest. For the 14th time this season he didn't walk a man.

Despite a bleak month starting in early August, Roberts' control record has been phenomenal. He leads the league in strikeouts with 196 and has walked only 61 men, an average of less than one every five innings. Christy Mathewson pitched 18 games in 1908 without giving up a walk, but the best the great Walter Johnson could do in one season was 10 walkless games in 1913.

Another pretty fair pitcher turned in one of his usual excellent performances last night as Warren Spahn of the Milwaukee Braves beat the St. Louis Cardinals 2-1 for his 22nd victory. Spahn has lost only seven games. Roberts has been beaten 15 times.

* * *

The combination of Roberts and Spahn moved the Phillies and Cards into an exact tie for third place in the National League. Each club has three games to play.

In other action yesterday the pennant winning New York Yankees defeated Philadelphia 3-1 and Cleveland clinched second place in the American League with an 8-3 verdict over Chicago.

Cincinnati nursed its hopes for a fifth place finish with a 4-3 decision over the Chicago Cubs.

Ed Lopat took a seven inning World Series workout against the Athletics and everybody on the Yankees was satisfied he's really ready. He gave up a run, eight hits, walked no one and struck out four.

It's Time Out

"Oh, good! Mavis is here—I was afraid she couldn't come!"

The deal of two years ago which sent Johnny Sain from the Braves to the Yankees for Lew Burdette has been paying off for both teams.

Erskine Slated for 3 Starts in World Series

Roe Set for 2nd Game; Meyer, Milliken, Loes to Work Others

BROOKLYN (AP) — Carl Erskine, smallest and lightest of Brooklyn's pitchers, will attempt an iron-man stunt in the World Series between the Dodgers and New York Yankees starting next Wednesday.

* * *

The 5-10, 160-pound right-hander, only 20-game winner among the Dodgers, is slated to pitch the first, fourth and seventh games Brooklyn Manager Charlie Dressen disclosed today. That is contingent of course, on the series going the limit of seven games.

Dressen's overall pitching plans are pretty well set except for the third and fifth games. Preacher Roe, the 35-year-old southpaw, is a certainty to pitch the second game. The canny veteran has a perfect 2-0 record against the Yankees in World Series competition.

* * *

"I hope to get two games out of Roe," Dressen said today as the Dodgers went through three-hour workout at Ebbets Field. "I may start him in the sixth game unless I find I need him in relief before then."

Dressen is undecided between veteran Russ Meyer and Bob Milliken for the third game. Meyer has a 15-5 record but he hasn't been very effective of late. Milliken, on the other hand, has been more impressive with each game.

"It will be either Meyer or Milliken in the third game," said Dressen. "The one who doesn't go then may pitch the fifth game. Then again, it might be Billy Loes in the fifth game. I haven't made up my mind yet."

WEDNESDAY'S STARS
By The Associated Press

BATTING—Larry Doby, Cleveland Indians, hit his 29th home run, breaking a 3-3 tie as the Indians went on to clinch second place with an 8-3 decision over Chicago.

PITCHING—Warren Spahn, Milwaukee Braves, won his 22nd game against seven losses, 2-1 over the St. Louis Cardinals.

Senator Asks Martial Law in Press Box

Desperate Measure to Halt NCAA Ban on TV Sought in Oklahoma

OKLAHOMA CITY (AP)—An Oklahoma state senator today suggested martial law as a final desperate way of breaking the National Collegiate Athletic Association's ban on state-wide telecasting of the Oklahoma-Notre Dame football game in Norman Saturday.

Sen. George Miskovsky, long a foe of NCAA television policies, said he would suggest that Gov. Johnston Murray declare martial law and as chief executive exercise his sovereign right over the stadium press box to invite any TV station crew in the state to work.

The NCAA has authorized only WKY-TV, Oklahoma City, to telecast the big game. Since the station reaches only the central region of the state, football fans in southern and northern Oklahoma have besieged the governor and university officials with protests.

FIVE YEARS AGO — The Indians, Red Sox and Yankees all were tied for the lead in the American league with seven games remaining.

Saturday Night Games to Aid Video Coverage

Commissioner Predicts One of Closest Races in NFL History

PHILADELPHIA (AP) — National Football League embarks on its 34th season Sunday, financially bolstered by a $1,300,000 package deal for television rights.

It's the biggest TV deal in pro football history and the first test of the league's plan of scheduling Saturday night games as a means of permitting more TV coverage of out-of-town games without cutting down home game attendance.

Now the fan can see a pro football game televised from out-of-town Saturday night and still see the home team play the next day—or vice versa.

And NFL Commissioner Bert Bell predicts one of the closest races in league history—which could give grandstand attendance a shot in the arm, obviously.

"Every team is improved," said Bell in painting a rosy picture of the new season. "It certainly looks like one of the closest races in the history of the league."

An edge is given to the world champion Detroit Lions to repeat in the Western Division, but the East poses an even greater problem for the pre-season dopester with the aging Cleveland Browns given a so-so chance of repeating over strengthened clubs like the Philadelphia Eagles, New York Giants and Pittsburgh Steelers.

Each club will get a chunk of TV proceeds left after telecast costs are taken out. And millions more TV viewers than ever before will peer through the ozone at NFL scatbacks and bruisers. Only areas within a 75-mile radius of an NFL contest will be blacked out from watching another league game on television.

Games will be carried on the ABC and DuMont networks each week with a number of national and local advertisers picking up the tab.

Open day of intersectional battles takes the Giants to Los Angeles, the Eagles to San Francisco and Pittsburgh to Detroit. Chicago Bears open against division rivals at Baltimore, Cleveland clashes with Green Bay at Milwaukee and Washington plays the Cardinals in Chicago.

Marsh Heads State Writers Grid Body

DETROIT (AP) — Mill Marsh, Ann Arbor sports editor, yesterday was named president of the Michigan Football Writers Association. He succeeds Hal Middlesworth, Detroit sports writer.

Four vice presidents also were named. They were Lloyd Northard, of United Press, Lyall Smith, Detroit sports editor, Harry Stapler and Bob McClelland, Detroit writers.

Paul Pentecost, publicist for Wayne University, was named secretary for the second straight year.

Title Bout in Detroit

DETROIT (AP) — A pair of Detroiters, Bob Amos and Arthur Wright, will meet in a 10-rounder at Motor City Arena tonight for the vacant state light-heavyweight championship.

TWENTY YEARS AGO — Mike Donlin, 56, former outfielder with the New York Giants, died.

Irish and Sooners Closely Ranked Since '49 Season

By HUGH FULLERTON JR.

NORMAN, Okla. (AP)—Ever since they got together on the idea that top-ranked football teams should play one another, Notre Dame and Oklahoma have been almost like twins in national ratings.

Whether they stay that way after Saturday's big game and through the life of their new home-and-home series may depend upon the success of talent juggling in this year of the big switch from platoon to individual football.

The contract which set up Saturday's clash was signed just after the 1949 season, in which Notre Dame was first and Oklahoma second in the final Associated Press ranking poll.

The next year they reversed those places. Last year, when they finally met and Notre Dame won a 27-21 thriller, the Irish were ranked third and Oklahoma fourth.

This year the pre-season poll put Notre Dame first and the Sooners sixth.

Notre Dame will fly in from South Bend, Ind., Friday afternoon.

Granny Hamner, shortstop of the Philadelphia Phillies, has a brother, Wes, who formerly played with the Phils and St. Louis Browns.

Double-Qualifying Setup Out in National Open

NEW YORK (AP) — Double-qualification system for the National Open golf tournament, which was in effect for the first time this year, died a quick death.

United States Golf Association said yesterday it would not use the method again. Next year, the old system of 36-hole sectional qualifying rounds and a 72-hole championship proper will be used.

Chiefs Seek to Even Hamtramck Series

Baltimore Men Want to Buy Browns' Stock

St. Louisans Planning Last-Ditch Fight to Keep Team

BALTIMORE (AP) — A group of wealthy Baltimoreans was all set today to plunk out $1,115,000 for working control of the St. Louis Browns if American League owners O.K. the transfer.

Meanwhile, a group of St. Louisans announced last-ditch plans to fight the transfer, saying they would fly to New York to seek a hearing before league owners at the special meeting Sunday.

Developments came as a time for decision neared on Bill Veeck's second attempt to move his Browns from St. Louis. The league turned down his request to come to Baltimore last spring by a 5-2 vote.

The feeling here was one of confidence that this year's attempt would succeed with local baseball men claiming the necessary six votes for the franchise shift would come Baltimore's way.

Most of the club owners who voted against the transfer last spring were reported solidly in the Baltimore camp. Clark Griffith of the Washington Senators—a previous foe of the move—has publicly stated he will vote for Baltimore regardless of what other owners do.

But remembering last spring's defeat when the transfer was regarded as equally certain everything was down with a note of caution last night—contingent on Sunday's action.

A special American League committee has said only that it will recommend transferring the Browns to "another city" to be determined by the owners.

Veeck, reached in St. Louis, said there could be no financial arrangements made until such a time as "we have something to sell, and we have nothing to sell."

Crusaders Plan Running Game for TV Audience

BOSTON (AP) — Holy Cross obviously is planning a strong running attack against Dartmouth Saturday in their nationally televised football game at Lynn's Manning Bowl.

Dr. Eddie Anderson, Holy Cross coach, has his first string backfield in top physical condition and running full tilt in practice sessions.

And up at Hanover, N. H., Dartmouth coach Tuss McLaughry is spending much time striving to find his best defensive group, one that will also be able to put on some sort of offense.

McLaughry is seeking another line backer to pair with center Paul Mackrey, in anticipation of strong running by Holy Cross' fleet Gene Schiller and the strong Chick Murphy.

Softball Tourney Field Down to 3 Teams Today

MIAMI, Fla. (AP) — Field in the Amateur Softball Association world Tournament will be trimmed to three teams in today's play.

Detroit's defending champions and the Clearwater, Fla., Bombers, only unbeaten teams remaining in the double elimination event, will meet at 8 p. m. (EST). Both have 3-0 records.

Minneapolis (2-1) and Bloomington, Ill. (3-1) will clash at 1 p.m., with the winner going up against Miami, Fla. (4-1) at 9:30 p.m.

Detroit moved into the finals of the winners' bracket yesterday by shutting out Minneapolis 6-0. Clearwater blanked Midland, Mich., 1951 world champion, 4-0.

10 BOUT BOXING SHOW
Saturday, Sept. 26, 8 P. M.
Pontiac Armory
All Amateur Events Benefit Flint Tornado Victims and Bemis-Olsen Building Fund
Adm. $1.50 Ringside $2.50

SURPRISE CATCH—Charles B. Weedon and son, Benson, of 1661 S. Telegraph, Pontiac, surprised themselves by a string of red and black grouper they cought recently while on a 1-day trip into the Gulf of Mexico off Clearwater, Fla. Weedons were fishing on a boat operating out of the Marina on Clearwater Beach.

GMC Golf Test Scheduled Saturday

Seventy-five 2-man teams will compete in the 9th annual General Motors golf tournament Saturday at the Bald Mountain Golf Club. Field will tee off at 7 a.m.

Both cash prizes and trophies will be awarded. Competition will be held in five flights, under a handicap system.

Defending champions are Charles Barker and Charles Cappell.

Hazel Park Feature May Be Run in Two Divisions

DETROIT (AP) — The $10,000 purse of the Michigan Juvenile championship to be run Saturday at Hazel Park is attracting so much attention it may be run in two divisions, according to racing secretary Horace Wade.

Last Saturday the track's Border Cities Handicap was run in two divisions for a purse of $10,000 each because of an oversized entry list.

TEN YEARS AGO—The Dodgers defeated the Cardinals 4-3.

Nine County Players Make Olivet Eleven

Nine Pontiac area athletes are members of this season's Olivet College football team. Pontiac representatives on the squad include Clifford Officer, Leonard Compton, Charles Twitty, Dick Powell and Jim Hawisher.

Also playing on the varsity are Warren Mellor of Royal Oak, Fred Harbrueger of Keego Harbor, Ed Bryant of Farmington and Donald Card of Waterford.

Clark Balch, formerly of the Pontiac High coaching staff, is assistant football coach at Olivet.

Willie Troy Moves Up in Ring Ranks

WASHINGTON (AP)—Willie Troy, a 21-year-old from Washington, stepped up a notch among the world's middleweights last night by knocking out Lee Sala, Pittsburgh veteran.

It was a pretty drab fight, this nationally televised affair, except for a brief offensive flurry by Sala in the second round and the left hook with which Troy flattened Sala at 2:09 of the fifth.

But it was an important blow in the life of young Troy. It gave him his 14th knockout in 22 fights.

And that blow is likely to give Troy a shot at some of the higher ranking fellows in his division. He demonstrated enough ring savvy last night to earn himself some competition in fast company.

By BILL MARTIN

Pontiac High's football team will seek to square its series with Hamtramck Friday night, when the Cosmos come to Wisner Memorial Stadium to open the Chiefs' 1953 home season.

The two teams first met in 1922 and then, after a 25-year lapse, started their current series in 1948. First meeting ended in a 6-6 tie, and Hamtramck has won three of the next five contests.

Coach Joe Rosbeck, in his 9th year as Cosmos head coach has seven lettermen, including four regulars, back from the 1952 eleven that suffered a 44-0 drubbing from the Chiefs.

Regulars back are end Ronald McRee, guard Gerald Brown, quarterback Dick Sosnowski and fullback Ed Szczypanik, while other lettermen are tackle Marcus Patton, center George Kunnath, and end George Kowalczyk. Harris Blow at guard, Andy Safronerko at tackle and Myron Love and Ken Smith at halfbacks complete the starting lineup.

Hamtramck was unimpressive in winning its 1st start last Sunday, 12-6, over St. Ladislaus, a Class B Hamtramck parochial team. Rosbeck was disappointed in his squad's show, having expected to win "by three or four touchdowns."

Game is scheduled to start at 8 p.m. Friday.

Recruiting of Preps Hits Peak Under Rules Change

By ED SAINSBURY

CHICAGO (UP) — Recruiting of high school football stars by colleges has reached a new peak since abolition of the grid platoon system, a Big Ten football coach charged today.

Refusing to be quoted on the issue, he said that contrary to expectations that the return to one platoon football would cut bidding by the colleges for players, the reverse was true.

"There are a lot more schools after the good players now," he said, "and with that competition for the boy, the idea of getting more has increased.

"I think it's because you don't need so many players now, so the smaller schools can put everything into getting fewer boys, of better ability.

"I've never seen so much competition for some players," he adde. "More schools actually are making offers to boys, and they come from all over the country, both large and small schools, to get an outstanding boy."

Triple Crown Hopes Slim

EAST LANSING (UP)—Practice starts Monday for Michigan State's defending Big 10, ICAA and NCAA cross country champions.

Coach Karl Schladelman, greeting only three lettermen, said prospects for a triple crown repeat are "slim."

Forest Area Will Open for Trials in October

LANSING (UP) — Michigan conservation department officials said today a 2,500-acre field trial area in the Huron County National Forest should be ready for trials early in October.

The Alpena Grouse Field Trial Association requested the area be set aside for trials and it received approval by the state conservation commission in August. Federal Forest Service later approved the project.

THE STYLE CORNER OF PONTIAC

Shoulders look more natural. Lapels are longer, narrower.

Buttons are lower, the coat slightly longer with barely a suggestion of waistline.

Trumpeter label is unchanged, the symbol of fine tailoring.

the new TREND in LIFE

The American male is undergoing a change of style in clothing. (Did you read about it in LIFE?) He is bidding farewell to exaggerated broad shoulders, wide lapels and "drape" appearance. In its stead he is embracing a new, natural look of tall, trim neatness. Nowhere is it better expressed than in the new Hart Schaffner & Marx body style called, appropriately, the "Trend." The small pictures at left show the various changes of style in detail. Better still, stop in and let us show you the new Trend in a range of fabrics and models. From

Magistrate Tells Three Subway Sleeping Is O. K.

NEW YORK (AP)—As far as City Magistrate J. Irwin Shapiro is concerned, subway sleepers are "human souls whose rights may not be trampled upon."

The assertion by Shapiro in Long Island City, Queens, court yesterday stemmed from the arrest last week of three apparently homeless men on charges of sleeping on subway trains.

The men pleaded guilty but Shapiro dismissed the charges. The magistrate commented that if the trio were guilty then many persons, including himself, also had broken the law.

Navy Dismisses Charge Against Female 'Gob'

LOS ANGELES (AP)—The federal government has dismissed a charge of illegally wearing a Navy uniform against 18-year-old Joan Garrison, who startled the Navy by stowing away aboard the heavy cruiser Los Angeles last summer.

"The charge was dismissed because it did not seem in the interest of justice to prosecute," U.S. Atty. Laughlin Waters told reporters yesterday.

* * *

Miss Garrison was smuggled aboard the cruiser last July 14 by a sailor identified only as "Worm." Although she was hidden away, it wasn't long until 500 sailors had seen her. She was "officially discovered" after about 12 hours.

She was formally charged and released on her own recognizance.

It is estimated that one of every 259 working persons in the United States is employed in some form of printing or publishing.

Receives Blazing Proof That Gas Was Leaking

PHOENIX, Ariz. (AP)—J. H. Blankenship thought he smelled leaking gas last night. So he started to look with a lighted match, firemen said.

He was right. But by the time the fire truck arrived the fire had damaged his house trailer and burned Blankenship badly.

During the past 20 years the number of pupils transported to and from schools at public expense has increased 350 per cent.

Neighbor Shaves Cat for Disturbing His Sleep

OKLAHOMA CITY (AP) — "He's positively bald," a woman told Detective Lt. Walt Turner yesterday. "I want something done about it."

She explained she was talking about her Persian tomcat. She wailed that her neighbor had shaved the cat and "He can't go out without any hair on."

The neighbor admitted the deed, complaining he couldn't get any sleep because of the cat's wailing. Turner says he's checking to see if there is a statute against shaving a wailing tomcat.

Paint Job Given Free

GRAND RAPIDS (AP)—The D. A. Blodgett Home for Children Headquarters, which hasn't had a coat of paint since 1949, is going to get one, free. A. J. Miner, business agent for Local 119 of the AFL Painters Union, said members had volunteered to do the job.

old KEN PLY sez:-

"You got to keep your eye on costs just like you do on a nail head when your hammerin'. Mr. Contractor, one way to cut costs on hardwood paneling is to buy from lumber yards handling Ken Lester's plywoods. You get 'em for not much more than softwood plywoods. Ken sells good stuff too! Kalabord, Sea Swirl, Pegopanel, Mengelbord, Balura and a complete line of standard plywoods. If a contractor or home owner can't get Ken Lester plywoods at his lumber yard, Ken's trucks will get 'em there in a hurry."

Because 68 per cent of husbands now do some grocery shopping at least once a week, manufacturers are starting to design packages that will appeal equally to men and to women. Diamond paper products came out in packages that started the new trend, using colors not "too dainty" for a man's taste.

Amateur Photographers to Take Night Pictures

CHICAGO (AP)—Chicago's Museum of Science and Industry will be photographed tonight with the aid of more than 1,000 large flash bulbs. Hundreds of amateur photographers are expected to set up their cameras and take a night picture of the big museum in Jackson Park as the flash bulbs are fired.

Engineers estimate that the light produced from the bulbs will equal that of nearly two million ordinary 60 watt incandescent lamps. After the big flash shot theere will be a fireworks display —and more pictures.

Seneca Lake, in New York State's Finger Lakes region, is one of the deepest bodies of water in the United States. It has depths of 600 feet.

Catholic Farm Family of Year Award Made

KANSAS CITY (AP)—A Missouri family of 15 was named the National Catholic Farm Family of the Year last night.

The annual award made at the National Catholic Rural Life Conference went to the Joe Griesemer family. Thirteen members of the family live on a 160-acre dairy farm near Billings in southwest Missouri. Two daughters have married and moved away.

The Most Rev. Edwin V. O'Hara, bishop of the Kansas City diocese, said they were chosen because they have coupled solid farming practices with solid religious practices.

Quits His Fiancee, 82; Can't Take Her Ways

BRADFORD, England (AP)—Mrs. Isobel Shaw, 82 and five times a widow, has stopped collecting her sixth trousseau.

Ex-fiance Bob Milelr, 63, put it this way: 'Isobel has an idea that a husband doesn't drink, doesn't go to the movies, but just sits at home having the odd glas of her home-made wine.

'That's not the life for me.'

Mr. Melchior Snaps Back at Met Snub

By BOB THOMAS

HOLLYWOOD (AP)—Now a hit of the night club circuit, Lauritz Melchior can snap his pudgy fingers at the Metropolitan Opera, which turned him out a couple of years ago.

When impresario Rudolph Bing took over the Met, he neglected to sign Melchior for another season. This aroused a controversy, since the great Dane had long been a fixture in the company's Wagnerian program.

"I was surprised," remarked the massive tenor. "It wasn't because of the money I wanted to stay there.

"No one grows rich singing at the Met, and I even took losses by passing up other engagements. But I had sung there 24 years and I had wanted to round out my Silver Anniversary season.

"It wasn't because of my voice that I wasn't signed. It is as good as it ever was; without bragging, I can say that I am still the best Tristran in the world today.

"I would have expected the new manager to show more consideration for the senior artists of the company."

Melchior should care. He still makes a fistful with his movie, radio, TV and concert engagements.

And now he is knocking them dead with his nitery dates. He opens this week at the Sahara in Las Vegas, his third date there this year. That's a record in the Nevada gold gulch.

He also holds the alltime Las Vegas record for the size of an audience on one night.

I talked with the singer at his mountaintop home, the Viking, which has a breathtaking view of the San Fernando Valley on one side and Los Angeles on the other.

He was running through his show with the rest of the company, six young singers with magnificent voices. It's lucky Melchior has no close neighbors, because the songs nearly raised the roof.

I asked Melchior what he thought of the new Met management, and his reaction was what I expected. He disapproved.

"If you are going to put on Broadway shows to compete with other musicals, that is one thing," he remarked. "But the Met is supposed to be our greatest opera house. It should present the classical opera in its finest form.

"I don't disapprove of opera in English translations. That is all right for the lesser companies. But the Met should present opera in its greatest form, and that is in the original languages.

"Besides, you can't understand the words, even if they are sung in English."

Among the things Melchior disapproved: investing $100,000 in three performances of "Alcestis" sung by Kirsten Flagstad—"How can you lavish money like that and then plead with the public for more money to support the Met?; opening the season with "Pelleas et Melisande" — "which bores everyone stiff"; putting on "a cheap Broadway version" of "Carmen."

He added: "I don't mind presenting the best of classical operetta as the creamy dessert to a season, but not for 24 performances, like 'Die Fledermaus.'"

Melchior also suggested giving more native singers a break and importing fewer Europeans.

"Why bring singers from all over the world when you have just as good voices here?" he said. "Unless there is only one singer of his kind, as I was when they brought me here."

NEW CAREER—Ex-boxer Primo Carnera plays a scene with Audrey Dalton in a Hollywood film, one of two in which he has roles. He is now a U. S. citizen.

Actor's Estate Goes Solely to His Wife

LOS ANGELES (AP)—The estate of actor Lewis Stone, in its entirety, goes to his widow, Mrs. Hazel Elizabeth Stone.

Stone's will, filed for probate yesterday and dated Feb. 18, 1935, explained that Stone was leaving nothing to his two daughters, Mrs. Virginia Stone Van Beuren of New York City and Mrs. Barbara Stone Ion of North Hollywood, because they were provided for under insurance policies.

Stone died Sept. 12 of a heart attack at the age of 73. He collapsed while chasing three teenage prowlers outside his home.

The actor's estate is valued at approximately $150,000.

Robeson Receives Stalin Peace Prize

NEW YORK (AP)—Singer Paul Robeson was presented with a Stalin peace prize last night.

Robeson's was the only American name on a list of seven winners of the peace prizes, announced last December in Moscow on the late Soviet Premier's 73rd birthday.

At ceremonies in Harlem, Robeson received a bound citation and a gold medal from Howard Fast, author.

Robeson told newsmen arrangements had been made for him to get a $25,000 prize which is supposed to accompany the medal.

The Negro baritone's application for a passport to go to the award ceremonies in Moscow was turned down by the State Department.

Britain Ready to Make A-Tests in Australia

SYDNEY, Australia (AP)—Britain's top atom tester, Sir William G. Penney, said today that everything is ready for Britain's atomic tests in South Australia next month.

Penney, who will direct the tests, arried here from England. He told newsmen that about 100 British and Australian scientists are already at the Woomera Desert range, site of the scheduled tests. British officials have announced that powerful new atomic weapons will be tried out.

Soybeans Take Two-Cent Loss

CHICAGO (AP)—Soybeans came in for a little profit taking on the Board of Trade today after their sharp run up of the past week. Losses running to about two cents were recorded before the market recovered.

Most other cereals also retreated slightly, but a firm tone was displayed by wheat, particularly the deferred contracts. Apparently some buying was based on news the United States is getting ready to sell some of its government-owned surplus grains abroad.

Wheat near the end of the first hour was ½ to ⅞ higher, December $1.90⅛, corn was ⅜ lower to ⅛ higher, December $1.47⅛, oats were unchanged to ¼ lower, December 74⅛, soybeans were unchanged to 1½ lower, November $2.60¼, and lard was 25 to 30 cents a hundred pounds higher, October $14.10.

News in Brief

Julian R. Hancock, 27, of 440 Ferry Ave. pleaded guilty to reckless driving yesterday and was fined $25 plus $10 court costs by Bloomfield Township Justice Albert C. Carr.

Willis Lamb, 25, of 130 Wessen St., demanded examination on a charge of assault with intent to rape yesterday when he appeared before Pontiac Judge Maurice E. Finnegan. Lamb, who was unable to furnish a $1,000 bond, was returned to Oakland County Jail to await the hearing Oct. 7 at 9:30 a.m.

Pleading guilty to driving his auto while his license was suspended, Homer C. McGuire, 37, of 1049 Durant Ave., was sentenced to two days in Oakland County Jail yesterday by Pontiac Judge Maurice E. Finnegan.

An attempted break-in of the Braid Motor Sales, 70 S. Cass Ave., was reported by Pontiac Police who said an alarm was set off last night when a rear window was broken. Nothing was reported stolen.

Livestock

DETROIT LIVESTOCK

DETROIT (AP)—Hogs salable 100. Barrows and gilts quotable steady to 25 cents higher, not enough offered to make a fully representative market; sows steady; few lots mixed choice 180-260 lb barrows and gilts 25.00-25.50; other weights scarce; few sows under 500 lbs 21.00-23.00.

Cattle salable 250. Calves 25. Fresh receipts mostly cows, these getting dependable action, steady; few bulls also fully steady; no reliable outlet for some 800-1000 short fed and grass fed steers and heifers carried from earlier in the week; stockers and feeders unchanged; most sales utility and low commercial cows 10.00-12.50; some heavy high commercial cows 13.00; canners and cutters mostly 7.50-10.50, some lightweight shelly canners down to 6.00; few utility and low commercial bulls 14.50-15.25; some cutter bulls down to 11.00; vealers mostly steady; no prime vealers offered early such as sold at 29.00 on previous days; few good and choice vealers 20.00-27.00; some cull and utility 8.00-14.00.

Sheep salable 25. Market nominally steady; late Wednesday around 50 head high yielding choice and prime native spring lambs 20.00; late week bulk high good to prime spring lambs 18.00-20.00.

CHICAGO LIVESTOCK

CHICAGO (AP)—Salable hogs 7,500; fairly active, steady to 25 higher on butchers and sows; mostly 15-25 higher on butchers; most choice 190-250 lbs. butchers 25.00-40; load choice 250 lbs. at 25.50; few 160-180 lbs. 23.00-25.00; most sows in larger lots 400 lbs. and lighter 21.00-24.25; bulk 400-550 lbs. 22.00-23.25; good clearance.

Salable cattle 3,500; salable calves 400; slow; slaughter steers and heifers steady to 50 lower; kinds grading average choice or better mostly steady; cows steady to 25 lower; bulls 50-1.00 lower; vealers 1.00-3.00 lower; some choice and prime calf club steer yearlings 26.50-29.00; several loads high choice to low prim 1,100-1,275 lbs. steers 27.00 and 27.25; other good and choice steers 19.50-26.25; commercial to low good grades 14.50-19.00; odd choice heifers up to 25.00; few sales good and choice heifers 18.00-23.75; commercial grades down to 13.00; utility and commercial cows 10.25-13.50; mostly 10.50-13.00; canners and cutters 8.50-10.50; utility and commercial bulls 13.00-15.75; commercial to prime vealers 14.00-22.00; cull and utility 8.00-13.00.

Salable sheep 1,500; general trades moderately active mostly steady on good to prime lambs; rather slow and dull on other grades; slaughter sheep about steady.

Greenville Hospital OK

GREENVILLE (UP)—The United Memorial Hospital here has been accredited by the joint commission on accreditations of hospitals, administrator Joseph Dascola announced today.

Stocks Steady, Marking Time

NEW YORK (AP) — The Stock Market marked time today in a steady manner.

Trading was unusually slow following a spirited two-day advance.

Gains and losses almost without exception were in the smaller fractions, and there were no areas of either individual or group excitement.

Business ambled along at a pace of less than a million shares for the entire day. Yesterday it came to 1,240,000 shares.

Railroads were a trifle lower on balance, and minus signs cropped up in oils, steels and motors.

The aircrafts were higher, and leaning a little higher were such groups as air lines, rubbers, chemicals and motion pictures.

Higher stocks included United Air Lines, Kennecott Copper, American Woolen and Boeing.

Lower were Bethlehem Steel, Chrysler, Baltimore & Ohio and American Telephone.

A block of 4,600 shares of Willys-Overland was traded up ⅛ at 16¼.

Business Briefs

Argus Cameras Inc., of Ann Arbor has adopted a new quarterly dividend policy. Under the new system the company said it would pay a 10 cent dividend to stockholders on record Oct. 5, with payment coming Oct. 15. In fiscal 1953 Argus paid a total of 25 cents a share.

33,000 Homeless in Cyprus Quake

NICOSIA, Cyprus (AP) — A provisional survey disclosed today 1,300 houses were destroyed and 3,500 seriously damaged by the earthquake that rocked the Paphos district of Cyprus two weeks ago. At least 40 persons were killed and over 100 injured.

The survey estimated at least 33,000 persons were homeless. It said more than 2,000 one-family tents were needed in addition to 4,000 already in use.

The quake battered 110 villages on this British-ruled, eastern Mediterranean island.

Another 130,000 persons also were homeless on the three quake-devastated Ionian islands of Kefallinia, Ithaca and Zakinthos, off the west coast of Greece.

An estimated 1,000 persons died last month when a wave of tremors destroyed or damaged about 95 per cent of all the buildings on the three Greek islands.

Pontiac Woman Gives Bond in Assault Case

A 21-year-old housewife, Mrs. Joan L. Coleman of 56 Orton St., who is charged with assault with intent to maim, waived examination yesterday when she appeared before Pontiac Judge Charles P. Webster.

Mrs. Coleman furnished a $1,000 bond, and is scheduled to appear for arraignment in Oakland County Circuit Court Oct. 14.

She is accused of throwing a lye solution into her husband's face in February 1952. Her arraignment was postponed in Pontiac Municipal Court last year because her husband, Robert Lee Coleman, 24, was unable to leave the Dearborn Veterans Hospital to testify.

Belgium Set to OK Defense Area Pact

BRUSSELS, Belgium (AP) — A special committee of the Belgian House of Representatives today unanimously recommended approval of the European Defense Community (EDC) Treaty setting up a six-nation European army.

The bill is expected to win approval of both house and senate. This would make Belgium the second member of the EDC to complete ratification of the treaty. Both houses of the West German Parliament and the lower house of the Netherlands Parliament have given approval. Action is awaited in Italy, France and Luxembourg.

The Belgian Parliament will be asked also to adopt a declaration requesting a revision of the country constitution to bring it in line with the EDC in the question of sovereignty.

Davisburg Man Suffers Bruises in Car Mishap

Ernest J. Lemon, 26, Route 1, Davisburg, who told Pontiac Police he 'blacked-out' while driving his auto early today at Cass and Oakland Avenues, suffered slight head bruises.

He told police that he unconsciously stopped the car suddenly and hit his head against the windshield. He was treated at Pontiac General Hospital.

Suggests Audits for Townships

Martin Recommends Checking of Books by Public Accountants

LANSING (UP) — Auditor Gen. John B. Martin today recommended legislation to require annual audits of township books by qualified independent public accountants.

The recommendations, contained in the annual report of state agency audits, was one of 15 changes in state fiscal policy proposed by Martin to the governor and State Legislature.

"We make the recommendation not because we suspect anything is wrong, but merely because so much state money is distributed to townships that we feel the state and local citizens should have the safeguard of independent audits," Martin said.

The Legislature last spring approved a new state law requiring periodic audits of school district records.

Other principal recommendations included centralization of mechanical operations by all state licensing agencies, discontinuance of the practice allowing certain employes at state institutions to draw food supplies and other services on a payroll deduction basis, establishment of a maximum limit on state liquor inventories, and simplification of state insurance fund operations.

Three Persons Hurt in County Accident

Three persons were treated at Pontiac General Hospital yesterday after a two-car accident at Airport Rd. and Hatchery Rd., according to Oakland County Sheriff's Deputies Homer Kelly and William Hargraves.

Gunnar George, 52, of 6573 Longworth St., Waterford Township, was treated for cuts. The deputies said George's car collided with one driven by Richard Robinson, 27, of 4589 Jamm Rd., who also was treated for cuts.

A passenger in Robinson's car, Mrs. Ginger Bigelow, 37, of 3337 Warringham St., Waterford Township, was treated for cuts and a fractured finger.

Set Service for Airman

MUSKEGON (UP) — Military service will be held here Saturday for David A. Schrock, 21-year-old Muskegon soldier, who was killed when an Air Force plan crashed near Tokyo, Japan, June 18.

Colorado's 15 national forests occupy one-fifth of the state.

License Slogan Will Be Printed on State Checks

LANSING (UP)—State of Michigan checks soon will bear the legend "Water Wonderland," Auditor Gen. John B. Martin announced today.

The "Water Wonderland" imprint will become part of the state map used as a background on all vouchers. At present, the checks carry the slogan "Vacationland" but Martin said the change was ordered to correspond with the "Water Wonderland" designation on 1954 auto license plates.

Martin said the state will use approximately 30,000 of the checks monthly. The initial order with the new imprint numbered 425,000 he said.

Site of Pittsburgh was chosen in 1753 by George Washington. He advised building a fortress here.

Drayton Woman Treated for Accident Injuries

Mrs. Irene H. Holmes, 47, of 3365 Coventry St., Drayton Plains, was treated at Pontiac General Hospital yesterday for cuts and bruises received in a two-car crash at Elizabeth Lake Rd., and Lochaven Rd., Oakland County sheriff's deputies reported today.

Her car collided with one driven by Philip E. Felice, 15, of 34 Lynn St., deputies said. Mrs. Holmes told deputies she was making a left turn onto Lochaven when she collided with Felice who was attempting to pass.

Goiters were recognized as a human ailment 2,000 years ago and were generally treated by sea salt, both eaten and also applied externally.

REGISTRATION NOTICE
CITY ELECTION
TUESDAY, NOVEMBER 3rd, 1953

To the Qualified Electors of the City of Sylvan Lake, County of Oakland, Michigan:

Notice is hereby given that in conformity with the "Michigan Election Law," I, the undersigned clerk, will, upon any day except Sunday and a legal holiday, the day of any regular or special election or primary election, receive for registration the name of any legal voter not already registered who may apply to me personally for such registration, provided, however, that I can receive no names for registration during the time intervening between the thirtieth day before any regular, special or official primary election and the day of such election.

Notice is hereby given that I will be at my office Monday, October 5th, 1953,

LAST DAY FOR REGISTRATION

From 8 o'clock A.M. until 8 o'clock p.m. on said day, for the purpose of reviewing the Registration and Registering such of the qualified electors as shall properly apply therefor.

The name of no person but an actual resident of the precinct at the time of said registration, and entitled under the Constitution, if remaining such resident, to vote at the next election, shall be entered in the registration book.

MARJORIE B. WILLSON,
City Clerk
Sept. 24, 25, '53

Primitive Island Close to Capital

T. R. Memorial Gives Tired Washingtonians Restful Retreat

WASHINGTON (UP) — Washingtonians who want to get away from it all are rediscovering a deserted island just a two-minute boat ride away.

The island, once the site of an imposing summer home, is now a virtual wilderness. Foxes, barred owls, wild mallards, and night herons roam the 90-acre tract in the Potomac river in comparative isolation almost within a stone's throw of the nation's capital city.

Recently, regular ferry service from Georgetown has been launched for the benefit of Washingtonians with a hankering to explore the wilds.

The island is operated by the National Capital Parks as a memorial to Theodore Roosevelt, a strong promoter of conservation. A few trails and a shelter near the river are its only concessions to civilization.

Curiosity hunters and amateur naturalists will find the foundation of George Mason's fine summer home all but overgrown by a wealth of unusual flora. Among the numerous trees on Roosevelt Island is a tall white oak and a rare Kentucky coffee tree.

Mason, whose home was destroyed by fire during the Civil War, operated a flourishing plantation on the island. Here he grew cotton and tobacco and set out fruit trees.

The island was a grant to Lord Baltimore from Charles II of England in 1632. It changed hands several times and, until its purchase in 1931 by the Roosevelt Memorial Association, had been locally known as Mason's Island.

Getting Hard as Nails at 22 Months of Age

ALBUQUERQUE, N. M. (UP) — There's an old saying that goes something like "he eats nails and spits battleships."

Randy, 22 months, isn't spitting battleships, but he eats nails. He swallowed 10 of them. The doctors advised Capt. and Mrs. Sidney Green to feed him cotton and let nature take its course.

'Liberated' Tibet Feeling Pangs of Food Shortage

KALIMPONG, India (UP)—The food situation in Tibet is reported to be getting worse with food hard to get and prices rising.

Barley, the staple food of Tibet, sells at six times the price before the Chinese Communists took control. Meat, butter and other foods also have become very expensive.

The insufficient supplies and high prices are blamed on the presence of 30,000 Chinese "liberation" troops who are living off the land. Their presence is causing discontent, expressed in some places by popular demonstrations.

Posters on village walls demand the withdrawal of these troops and demand food at prices the people can afford. There has been a growth in crime because of the scarcity of food.

Chinese authorities in Tibet are taking steps to combat this dangerous situation. Surplus food stocks in the hands of private dealers and cultivators were requisitioned and rationing was introduced. But this policy failed because the quantity of food procured was not enough.

The government, therefore, decided to keep part of what it procured for an emergency and distributed the remainder in areas where food is not available.

A proposal to fly food to Tibet from China was dropped as impracticable. Nor can food be brought overland as the road from Lhasa to China is unfinished. Chinese rice which reached Tibet by way of India recently has been mainly reserved for the Red troops while a small quantity was distributed to relieve distress among the Tibetans.

To sustain the spirits of the Tibetans, the Chinese have promised that nobody will be permitted to starve to death. The government has announced the arrival soon of another big consignment of Chinese rice by way of India.

In the meantime, the government is appealing to the Tibetans to work on projects for national development. The daily wage offered for each worker is equivalent to one dollar. In addition, food is available to project workers at government shops at a concession.

The "cultural wing" of the Red army vigorously extols the "dignity of labor" to induce the Tibetans, most of whom are unused to manual labor, to volunteer in sufficient numbers to man these projects.

Large numbers of lamas (Buddhist priests) are said to be working on them. This is not due to the persuasion of the "culture squads," nor to the lamas' love of Communism. These men used to depend on gifts of food for their subsistence, but such gifts are no longer forthcoming. They must therefore work or starve.

Beggars, formerly plentiful in Tibet, have been driven out of business by the food shortage. Those who can work have joined the labor force of the Chinese. But large numbers of the sick and disabled have crept over the border into India and are gathering at Kalimpong.

Eli Whitney's original milling machine, designed and built in 1818, is displayed in the New Haven Colony Historical Society Museum.

Tinless Cans Seen as Forward Step

JERSEY CITY, N. J. (UP)—The next time you buy a can of sardines, a can of paint, a can of motor oil, or a can of anything save the container. You may want it as a souvenir some day because eventually enamel will replace the tin in those 32,000,000,000 cans you buy every year.

A tin-free, all-steel motor oil can being manufactured at a plant here is cited as the forerunner of tinless containers for food packaging and other industries.

Two developments make this possible, say plant officials. The first is a recently perfected enamel coating replacing tin plating on the steel sheets from which cans are made. The second is a thermo-plastic cement, replacing the tin-lead solder used to seal the side seams.

Tourists bring in $600,000,000 annually to Michigan.

Reservist Fights Ouster Proposal

UM Student Shocked at Air Force Letter About Security Risk

DETROIT (AP)—A college student said today he would resist Air Force efforts to oust him from its Reserves as a "security risk" because of the activities of his aged father and a married sister.

He is First Lt. Milo J. Radulovich, 26, a meteorology student at University of Michigan under the GI Bill of Rights. He lives in nearby Dexter with his wife and two daughters, Diana, 5, and Kathryn, 4 months. He is of Serbian descent.

Radulovich said he was "dumfounded" by an Air Force letter advising him "action had been initiated to discharge you from all commissions and appointments," and adding "there is a reasonable doubt that you are a good security risk."

Charles C. Lockwood, a civilian attorney employed by Radulovich, said the Reservist apparently was viewed as a security risk because his sister had taken part in "picket line activities" and his father read a "radical" newspaper. There was no elaboration, except Lockwood said the paper was published in Pittsburgh.

Lockwood told newsmen "no reflection whatsoever is made or raised as to the character or loyalty" of Radulovich.

Both Radulovich and his attorney said they would resist the ouster attempt at a hearing at nearby Selfridge Air Force base Tuesday. The Air Force declined comment except to confirm a hearing had been set.

Nurses Take Field Trip

Some 40 students of McAuley School of Practical Nursing, sponsored by St. Joseph Mercy Hospital, toured Tom's Northwood Market in a basic nutrition project today. The student nurses compared prices and packaging of various articles.

Nebraskan Dies

ANN ARBOR (AP) — Theodore T. Bullock, 64, retired professor of economics and business law at the University of Nebraska, died Tuesday at Lincoln, Neb. Survivors include a daughter, Mrs. William McConnell, of Ann Arbor.

Democrats Plan Dance to Honor Governor, Wife

SOUTHFIELD TOWNSHIP—The Democratic Party of Southfield and the Southwestern Democratic Club will cooperate in presenting a Harvest Dance Saturday to honor Gov. and Mrs. G. Mennen Williams.

The dance will be held at Gramer's Hall, 11-Mile and Inkster Rds.

Wesley Skowron of 30707 Marshal and George Heliker of Farmington said advance ticket sales indicated a large crowd would be on hand to welcome the governor and his wife.

Edward Baldwin of 23636 Millard is entertainment chairman, assisted by Mrs. Virginia Pickford of 21692 Inkster Rd. and Mrs. Jean Lee of 33432 Oakland, Farmington.

Michigan to Study Chiropractic Claims

LANSING (AP)—The executive office said today it plans to talk with Dr. S. H. Cane of Muskegon, member of the State Chiropractic Board of Examiners, concerning published charges of irregularities in the board's operations.

Lawrence L. Farrell, Gov. Williams' executive secretary, said he had scheduled a conference with Dr. Cane sometime today.

Farrell said Dr. Cane has been checking into the alleged irregularities and was coming in to make a report.

Farrell said neither he nor the governor knew the specific details of the allegations nor whether there was any truth to them.

The charges generally, Farrell said, relate to irregularities in the issuance of chiropractic licenses and in the board's examination procedure.

Chrysler Executive Says Tax Relief Vital

DETROIT (AP)—James Cope, vice president of Chrysler Corp., said Wednesday that tax relief is a major essential to a continuing high level of economic activity.

"We cannot be sure of sustaining a high level of economic activity on a non-inflationary basis unless there is tax relief," he told the Detroit chapter of the National Association of Cost Accountants.

'Y' Kicks-Off Autumn Drive

Membership Campaign Has 800 Renewals as October 1 Goal

The annual fall enrollment campaign for adult members got underway at the Pontiac YMCA following a kickoff dinner Tuesday night for 65 workers who will conduct the drive through Oct. 1.

T. N. Slossen, executive secretary of the "Y," said the group's goal will be the renewal of 800 memberships which are due to expire next month.

Ralph T. Norvell, chairman of the campaign and a "Y" board member gave the keynote address at the dinner-meeting held in conjunction with the Pontiac Toastmasters Club which is aiding the drive.

Speakers Anthony Renne, Arnold Whittaker and John Hirlinger, all of the Toastmasters, stressed the importance of providing youth with both cultural and recreational activities.

Progress of the campaign will be taken up at meetings today and Monday. A final report will be made at a dinner-meeting Oct. 1 at 8 p.m., in the YMCA building.

Slosson, who outlines membership plans to the campaign workers, said a similar drive for youth membership will be held next month.

He added that the "Y" is aiming for a collective membership renewal of 3,400 adults and youths. That number, Slosson said, was reached during the past membership year.

Dies as Car Overturns

MARQUETTE (AP) — A 46-year-old Alger County man died Wednesday of injuries suffered Monday when his car hit a mud patch on M-94, skidded and overturned. He was Anton Debelak of Sundell. His wife suffered cuts and bruises.

To Fight Dope Problem

ANN ARBOR (AP)—Prosecutor Edmund F. Devine has reported "an increasing narcotics problem" in Washtenaw County. He made his statement while supporting a proposed budget increase for the county vice squad at a meeting of the board of supervisors.

MEMORIAL TO PIONEER—A monument recently erected at Lansing, honoring the late automotive pioneer R. E. Olds, is inspected by his daughters, Mrs. Bernice Olds Roe (left) and Mrs. Gladys Olds Anderson. It marks the spot where Olds built his first steam powered horseless carriage in 1886 and his first gasoline motor automobile in 1897. Olds was the founder of the Oldsmobile Corporation and Reo Motors, Inc.

School for Young Patients Is Held at State Hospital

Some 20 young Pontiac State Hospital patients will answer roll call Saturday, as the hospital opens a regular school program.

The students, 14 through 19 years old, are among 24 youngsters transferred from other hospitals because of Michigan's crowded facilities for caring for young mental patients.

Reversing the routine of their companions at home, students will go to class on weekends and do their homework during the rest of the week.

Six teachers in nearby schools have volunteered to spend Saturdays teaching the hospital students.

Mrs. Eleanore McCurry, the hospital's occupational therapy director, and Bernard Hansen, social service caseworker, started the move for the new program.

They and Mrs. Bertha Dumbrigue, occupational therapist, met with the hospital's 24 teenage patients last weekend and presented the idea. Twenty students signed up immediately.

"We'll find out what grade each youngster reached in school," Mrs. McCurry explained "and arrange with nearby schools to supply textbooks.

"This work will help youngsters to return to school, when they recover, not far behind the rest of their classes."

Coast Guard to Drill

LUDINGTON (AP) — Colored distress signals will flare in the sky off the Ludington Lake Michigan shore Thursday night but they will mean only one thing—the Pentwater Coast Guard station will be holding a routine pyrotechnic drill.

Church Plans for Family Day

Waterford Community Members to Conduct Sunday Program

WATERFORD — Annual Family Day will be observed at Waterford Community Church Sunday with an all-day program.

The day's meetings will begin at 10:30 a.m. with a combined Sunday school and church service. Parents will then visit children's classes briefly and join for the Bible study under the direction of the Rev. W. Van Plew, pastor.

A cooperative dinner will be served following the morning service. The choir will present a sacred musicale at 2:30 p.m. under the direction of Charles Jehle.

Refreshments will be served at 5:30 p.m., and at 7 p.m. the final meeting of the day will be held, conducted by a team from the Christian Home League.

Tries to End His Life, Police Charge Disorder

PHILADELPHIA (AP)—An 81-year-old man who told police he was down to his last $100 plunged 75 feet off the Strawberry Mansion Bridge into the Schuylkill River yesterday and lived to tell the tale.

The man, identified by police as Abraham Ginsberg, was fished from the water by the crew of a police launch, revived on the river bank and then held on a disorderly conduct charge.

Sky-Watchers Honored

LANSING (UP) — Gov. G. Mennen Williams today proclaimed Oct. 5-10 as Ground Observer Corps Week in Michigan and urged citizens to honor 13,000 Michigan men and women who have volunteered as sky-watchers at 700 observation posts.

Pontiac Democrat Club to Hear Willis Brewer

A meeting of the Democratic Club of Pontiac will be held Sunday at 2 p.m. in the Fisher Body Local Union Hall at 821 Baldwin Ave.

A report on the Labor Day picnic will be given and Willis M. Brewer, chairman of the Oakland County Democratic Committee, will be guest speaker.

Boy, 7, Darts Into Path of Car; Condition Good

Reported in good condition in St. Joseph Mercy Hospital this morning was James Rogers, 7, of 5954 Andersonville Rd., Waterford, who was struck by a car yesterday on Andersonville Rd. at Airport Rd., according to Oakland County sheriff's deputies.

The boy is suffering from cuts and bruises, the hospital said. Frank Springer, 68, of 6611 Saline, Clarkston, told deputies the lad ran in front of his car.

County Deaths

Edward R. Dover

BERKLEY—Service for Edward R. Dover, 79, of 3599 Gardner Ave., will be at 1 p.m. Friday at the Sawyer Funeral Home with burial in Roseland Park Cemetery. He died Tuesday at Detroit Osteopathic Hospital.

Surviving are two sons, William C. of Chicago; James E. of Clawson; a half-brother, Joseph of St. Joseph, Mo. and one grandchild.

Joseph Lloyd

FERNDALE—Service for Joseph Lloyd, 61, of 424 East Cambourne Ave., will be 1 p.m. Saturday from Spaulding and Son Funeral Home with burial in Oakview Cemetery. He died Wednesday at Ardmore Hospital.

Surviving are his widow, Evelyn L.; a sister, Bessie Lloyd of Carl; and two brothers, Romie of Ferndale, and Gordon of Tawas.

David T. Barrett

CLARKSTON—Service for David T. Barrett, of Birmingham, Ala., will be at 11 a.m. Friday from Sharpe Funeral Home with burial in Bellows Vault, Lakeview Cemetery. The body will arrive tonight from Alabama.

Minister in Paradise Plans Strong Sermon

PARADISE, Calif. (AP)—The topic of Dr. John Dunstan's sermon Sunday will be: Some Men in Paradise Who Should Be in Hell.

It will be a third in a series of sermons in the Craig Congregational Church in this Sierra Nevada foothill town.

Grange to Hear Aiken

LANSING (AP) — The Michigan State Grange Convention at Grand Rapids Oct. 27-29 will hear addresses by Sen. George D. Aiken (R-Vt), head of the Senate Committee on Agriculture, and Roy Battle, assistant to the master of the National Grange. Arrangements were completed yesterday.

Last POW Ship Arrives in U. S.

Ends 'Freedom Run' Bringing Freed Men Home From Korea

SAN FRANCISCO (AP)—The last large group of repatriated American prisoners-of-war returned yesterday aboard the transport Gen. R. L. Howze, ending the Freedom Run form Korea in which nine ships brought 3,071 ex-POWs to their homeland.

Approximately 450 other freed prisoneers came home via air, including Medal of Honor winner Maj. Gen. Willam F. Dean.

Among the 290 returnees aboard the Howze were a dozen or more Air Force officers accused by the Communists of conducting "Germ warfare" in Korea.

They included Col. Walker Mahurin, Fort Wayne Ind., former commander of the 4th fighter-interceptor group and highest-ranking Air Force officer captured by the Reds; Lt. Kenneth Enoch, Youngstown, Ohio; Lt. John Quinn of Pasadena, Calif., and Lt. George F. Brooks of Summit, Pa.

When freed in Korea, they said they had signed germ warfare "confessions" under relentless Red pressure that continued to within a few hours of their liberation.

All declined to discuss that here, saying the Air Force feared possible reprisals against fliers still held by the Communists.

Steps Into Auto's Path, Man in Poor Condition

Wright Minton, 52, of 544 E. Maple Rd., Royal Oak, is reported in poor condition today in St. Joseph Mercy Hospital after being struck by a car last night on West Fifteen Mile road, 1,500 feet east of Crooks road.

David L. Noe, 19, of 117 Bellview, Mt. Clemens, told Clawson Police that Minton walked in front of him and he was unable to stop. A witness verified Noe's account, police said.

PTA Will See Film

AUBURN HEIGHTS — PTA of Auburn Heights will meet at the school at 8 tonight. A film entitled, "The Safest Way" will be shown. The executive board will serve refreshments.

Death Notices

Funeral service will be held Saturday, Sept. 26th, at 2 p.m. at the Kirkby Funeral Home with Dr. Bank officiating. Interment in Lakeside Cemetery, Oxbow Lake. Mr. Shotwell will lie in state at the Kirkby Funeral Home.

In Memoriam 1

GRANDMOTHER REED

The memories are jewel, that no one can steal;
Death is a heartache that nothing can heal.
Some may forget you now that you're gone,
But we shall remember no matter how long.

Missed by Jim, Peggy, Dickerson and Daughter, Mr. and Mrs. Frank Bahan and Boys.

Card of Thanks 2

THE FAMILY OF THE LATE George Henry Hunt wishes to express their deep and heartfelt gratitude to the many friends and neighbors who gave comfort during the time of bereavement through sympathy and acts of kindness. Special thanks is extended to Rev. J. Harvey McCann and Rev. A. E. Potbury and also the Dudley Moore Funeral Home for their extra services and to the donors of the many beautiful flowers. Also H. Decker.

WE WISH TO THANK THE friends and neighbors for the floral offerings and acts of kindness during our recent bereavement in the loss of our beloved husband and father Dr. H. H. Savage for his comforting words. Mrs. Ted Slosson for her soulful songs the First Baraca and First Philathea Classes of First Baptist Church, also Huntoon Funeral Home. The Family of Morton A. Graley.

For Sale Houses 40

LAKE INCOME

2 for the price of one is the way to describe this buy: one on lot (100x100) is an attractive 5 room modern year around home for you to live in. Across the road is a 3 room furnished cottage on a (50x270) wooded lot with an A-1 beach. You can rent this cottage in the summer for $50 per week and still have beach for your own family. Property is located on beautiful Maceday and Lotus Lakes. There is real value here. Call for details and appointment today on this new listing. Full price $11,000 and very convenient terms.

WILLIAMS LAKE FRONT
FALL SPECIAL

For you who have always wanted Williams Lake front, but didn't have enough down, here is your chance. You can buy this attractive small but compact home and add to it to meet your need. As it is there are 3 rooms and bath, breezeway and attached garage. House is livable the year around and is fully insulated. It is located on a 50x180 lot with one of the best beaches in Oakland county. 2 boats, motor and picnic table included in sale. The full price is $10,700 and only $2250 down. See it today.

KINSEY DID IT!
SO DO WE

We dare to reveal the most intimate secrets from the past lives of these young lovelies . . .

Milly Mercury
Born in 1951 and married to one affectionate owner until just last week. She is shiny black, has four doors, with very low mileage. Where else can you get a companion like this for the low, low price we'll be glad to tell you about.

Fanny Ford
She's had some hard knocks in her years of traveling around, but she looks like a million and has lots of life left. Her marriage license doesn't cost much. Drop in and see us.

Marilyn Mercury
She started out in 1946 and is still going strong. Clean living and good care have left her in good shape. You'll be proud to be seen anywhere with her.

Lulu Lincoln
This gal's name is a perfect fit. She has been around since 1952, living a life of ease and would give many happy miles to her new owner—that could be YOU. Why not?

Hildy Hudson
Very faithful to her first love, she was well treated, led a sheltered life. Since her owner has a new car she will do her best to be as good as she was when new in 1950.

Sal Studebaker
This red-head is as peaceful and quiet as you'd ever want. Let her be your "gal Sal"—We'll arrange the details.

Charlotte Chevy
This kid is always dressed in blue, blows her top occasionally (but only at your command). She is a great summer sport, but warm and cozy in the winter too. We'd like you to meet her.

The above is just a brief survey, there's more. Drop in at our lot, anyday, we are open 'til 9 every night, and we'll be glad to introduce you to the many other beauties on the lot.
