**Oakland University Senate**

March 14, 1975

To: Members of the University Senate

From: Frederick W. Obear, Chairman  
University Senate Steering Committee

The Senate meeting of Thursday, March 15 was adjourned during discussion of the fourth item on the agenda under old business when a quorum was called and found not to exist. With much of that agenda remaining for our consideration the Steering Committee has called for a Senate meeting from 4-6 p.m. on Thursday, March 20 in the Sunset Room of the Oakland Center. Due to a lack of personnel and time and in the interest of economy a new agenda will not be prepared. The [agenda](#) distributed for the meeting of March 13 will serve as the agenda for this meeting.

I urge that each of you be present so that a lack of quorum does not interrupt our attempts to make progress in working through important agenda items.
