## Eight engineering professors win grants

Eight researchers at Oakland University's **School of Engineering and Computer Science** (SECS) have won grants from different organizations.

Professor Ka C Cheok received \$58,220 from DaimlerChrysler Challenge Fund for his research on "Vehicle Control and Performance Modeling."

Professors Robert P. Van Til, Michael A. Latcha, Ronald J. Srodawa and Sankar Sengupta received a \$53,859 award from the National Science Foundation for their project entitled "Robotic Assembly Cell."

Professor Mohamed A. Zohdy was awarded \$40,000 by the University of Cairo for his project "Computer-Aided Control of Metallic Industry."

Professors Laila Guessous and Qingchong Liu received \$7,500 each by the University Research Committee for a research fellowship.

Oakland University is a comprehensive state-supported institution of higher education located in Oakland County, Michigan. The university has 110 bachelor's degree programs and 63 graduate degree and certificate programs. Dedicated to preparing learners for the 21st-century workplace and society, Oakland University is organized into the **College of Arts and Sciences** and the Schools of **Business Administration**, **Education and Human Services**, **Engineering and Computer Science**, **Health Sciences**, **Nursing**; and the **Honors College**.

### SUMMARY

Eight researchers at Oakland University's School of Engineering and Computer Science have won grants from different organizations.
