MEMSPA Conference Fall 2018

Shawna Boomgaard and Adam LeRoy presented at the fall 2018 MEMSPA (Michigan Elementary and Middle School Principals Association) conference on December 7, 2018. The MEMSPA conference offered elementary and middle school principals a broad range of current topics necessary for continued professional and administrative growth.

Adam and Shawna's presentation was called "Cheering on Childhood: Redefining Achievement Through Interactive Networks." They presented different strategies that can be implemented schoolwide and methods for administrators to evaluate, encourage and develop practices. As a group, they also discussed current practices being implemented by attendees. Their group of attendees shared details of character education programs and developing community mental health partnerships within their organizations.

Thank you, Shawna and Adam for your dedication to student achievement!

UPCOMING EVENTS

Evening in the ERL: Spotting the Warning Signs Event – February 6

An Evening in the ERL — Spotting the Warning Signs: Supporting Children Facing Trauma and Stress in Our Classrooms will be held on Wednesday, February 6 from 5:30 – 7:30 p.m.

Statistics about the number of children who have experienced at least one adverse childhood experience (ACE) are alarming. A 2017 fact sheet on [adverse experiences among U.S. children](#), issued by the Childhood and Adolescent Health Measurement Initiative, found that nearly 47% of all children in the United States have experienced ACEs such as abuse, neglect, death of a parent/guardian or witnessing community violence. A panel of OU faculty and staff, along with social workers and educators from Rochester Schools, will present information and a discussion about identifying and responding to the needs of children in K–12 classrooms who are living with stress or have faced traumatic experiences which impact learning and behavior.

All students, faculty and staff are welcome, but registration will cap at 40, so be sure to [register soon](#).
