

MINUTES OF THE MEETING
of the
BOARD OF TRUSTEES
April 19, 1957

The following communication has been received from Mr. and Mrs. Alfred G. Wilson:

"The Resolution passed by the State Board of Agriculture at the meeting held January 25th, so thoughtfully expressed, is deeply appreciated by us. The illuminated Resolution so beautifully engraved is surely a work of art.

"Under the State Board of Agriculture and the Administrative Staff of the University, we anticipate great accomplishments at Meadow Brook and we are looking forward to the development of plans.

"With our best wishes that the new venture of a branch off Lansing campus will prove all that you may hope for and with our sincere thanks for the beautiful copy of your Resolutions, we are,"

/s/ Matilda R. Wilson
