

MEMORANDUM

TO: C. Michelle Piskulich, Associate Provost

FROM: Dr. Gwendolyn Thompson McMillon, Chairperson
Senate Budget Review Committee

SUBJECT: Proposal for Ph.D. in Applied and Computational Physics

DATE: March 5, 2012

The Senate Budget Review Committee has reviewed the proposal for a Ph.D. in Applied and Computational Physics and agreed that the proposal has met the criteria established by the charge to our committee. It is our understanding that the final proposed budget will show fringe rates that are adjusted to the level utilized by Oakland University for all employees at the time of hire; and graduate student tuition is added as revenue if paid by students' funding source or added as expense if paid by an OU assistantship. External letters of support from potential employers are included in our report.
