

OU NEWS

OU honors four at commencement

Oakland University will confer honorary degrees on Donald D. O'Dowd, first president of the institution, and on three friends of the university at commencement exercises Sept. 14.

Jin H. Kinoshita, chief of the Vision Research Laboratory, National Eye Institute, will receive one of the honorary degrees and deliver the commencement address. Some 704 students will be recognized at the 2 p.m. exercises in Baldwin Pavilion.

The honorary degrees will be conferred on Donald D. O'Dowd, OU's first president and current executive vice chancellor, State University of New York (Doctor of Letters); Jin H. Kinoshita (Doctor of Science); and Mrs. Roger M. "Helen" Kyes and Mrs. George T. "Florine E." Trumbull, civic and cultural leaders from Bloomfield Hills, (Doctor of Humanities) degrees.

O'Dowd is an alumnus of Dartmouth College and of the universities of Edinburgh and Harvard. At OU he was first dean of the university, first provost, first

dean of graduate studies, and in 1970 he became the first president of the university. He assumed his new duties at SUNY on Jan. 1, 1980.

Kinoshita's investigations of metabolism have resulted in breakthroughs in the treatment of cataract and he has won the Friedenwald Award, the Proctor Medal, and the Distinguished Service Award of the Department of Health, Education and Welfare. He is a member of the Board of Visitors of the OU Institute of Biological Sciences and has participated in the annual conference on biochemistry of the eye hosted by the institute.

Mrs. Roger M. Kyes has been a supporter of the arts and education including the Detroit Institute of Arts, The Detroit Symphony Orchestra, Kingswood School, and Brookside School. In 1957 she became a member of the Michigan State University-Oakland Foundation. In 1970 she was appointed a charter member of the OU Board of Trustees, a body created by Gov. William Milliken when OU received its independence from MSU. She and her

late husband provided support for university scholarship programs, the Meadow Brook Art Gallery, Meadow Brook Theatre and Festival, and her gifts were used to purchase a specially designed organ for Varner Hall. The instrument is named for her. She is a Trustee Emerita.

Mrs. George T. "Florine E." Trumbull and her late husband has been staunch supporters of OU from its earliest days and have provided aid to the Detroit Historical Society, Goodwill Industries, and The Detroit Symphony Orchestra. Support for OU scholarship programs came at a critical early stage in the development of the university and generous Trumbull financial contributions made possible the construction of Trumbull Terrace. The facility provides important dining and support services for the patrons of the Meadow Brook Music Festival. Mrs. Trumbull continues to participate in the activities of the Meadow Brook Music Festival Women's Committee.

Mrs. Kyes resides at 945 Cranbrook Rd. and Mrs. Trumbull's residence is at 345 Dunston Rd., both in Bloomfield Hills.

Callewaert cited by cancer institute

Denis M. Callewaert, chemistry, has won a covered Research Career Development Award from the National Cancer Institute. He is studying a type of lymphocyte (white blood cells) that can kill tumor cells in laboratory cultures.

Callewaert receives full salary support for five years. The award enables him to devote a majority of his time to his research entitled "Mechanism for Human Natural Cytotoxicity."

It has been shown that there is a type of human lymphocyte called an NK (natural killer) cell that is capable of killing certain

tumor cells in laboratory cultures, Callewaert says.

Among the intriguing questions Callewaert will attack are: What is it that NK cells recognize on tumor cells? How do they destroy the tumor cells? Are NK cells basically similar, or related to T lymphocytes? and, What is the potential for natural killer cells in preventing or treating human cancer?

Callewaert explains that the other types of lymphocytes in the human blood include B and T lymphocytes.

*B lymphocytes are capable of producing antibodies and are important in fighting viruses and bacteria. For example, vaccination involves getting B lymphocytes to produce antibodies against certain potentially harmful agents.

*T lymphocytes have the ability to recognize a variety of foreign substances including the tissue antigens present on transplanted organs. If they recognize these foreign substances, T lymphocytes can develop cytotoxic (cell killing) ability. The important thing about the NK or

Septemberfest schedule

Callewaert honored

(continued from page 1)

On Sunday, September 7, the Oakland University Alumni Association is sponsoring a one-day fund raising festival for scholarships and invites the community to visit the campus in Rochester to participate in the activities.

Schedule of Events

- 7:30-9:30 a.m. Tether balloon rides on the **Detroit News** hot air balloon. (Cost: \$3 per person) weather permitting—buy tickets day of event.
- 7:30-11:30 a.m. Day Care Service, Lowry Child Care Center. (Cost: \$2 per child). Call the alumni office at 377-2158 for more specific information and reservations.
- 8:30-10:30 a.m. One Mile Run/Walk, Three Mile Run, Six Mile Run (Cost: \$7 per adult w/T-shirt, \$5 per child w/T-shirt.)
- 11:00 a.m. Alumni Reunion Reception for all OU Alumni especially the classes of 1965, 1970, and 1975. Oakland Center (free).
- 12:00 noon Lunch for the OU family. Hear Dr. Sonya Friedman, well-known psychologist and personality, speak about coping with stress related to current economic conditions. Alumni Association Annual Meeting (Cost: \$5 per person.) Dress: casual, Oakland Center.
- 2:00 p.m. Come hear well-known Meadow Brook Estate performers sing in an outdoor concert—Kresge Library. Bring a blanket or a lawn chair. (free)
- 3:30 p.m. For the kids!! See the Oakland County Parks Puppetmobile perform. In addition the acclaimed OU Mime Ensemble will be in attendance for the kids too!! (free)
- 3:30 p.m. OU students vs OU alumni in a softball game. OU baseball field near the Lepley Sports Center. (free)
- 5:00 p.m. Old fashioned barbecue chicken dinner outdoors on the patio of the Oakland Center. Cost: adults \$5; children under 12, \$3.50.
- 6:30 p.m. Helium balloon/post card distance contest. \$50 U.S. Savings Bond to the owner of the post card which travels the greatest distance from OU and is returned within 30 days. (Cost for stamped card and balloon is 50¢ each. Enter as many times as you wish during the day.)
- 6:30 p.m. Tether balloon rides on the **Detroit News** hot air balloon (Cost: \$3 per person) Weather permitting. Buy tickets day of event.
- 6:30 p.m. Square dancing outdoors at Kresge Library (free).

*Concession booths will operate during the afternoon with OU's Kresge Library selling used library books, the OU Bookstore selling OU merchandise, and other campus organizations being represented also.

The entire promotional and administrative cost of the OU Septemberfest has been donated through an educational grant from the City Beverage Corporation. An unofficial goal of raising \$5,000 for OU alumni scholarships funds has been set.

natural killer cells is that they do not require any time to develop the ability to kill the cells they destroy—they already have it, Callewaert says.

Callewaert is widely recognized in his field of research. He has just returned to campus from Paris, France, where he attended the Fourth International Congress of Immunology.

Play auditions

Students, faculty, APs and CTs at Oakland University are invited to audition for the Theatre Arts Program's first production of the year, Agatha Christie's mystery-comedy, **Black Coffee**. The play calls for a wide range of character types and ages. Auditions take place in 133 Varner, September 2 and 3 (Tuesday and Wednesday) from 7-9:30 p.m. Scripts are available in the Performing Arts Library by August 28. For further information, contact Adeline Hirschfeld-Medalia, director, 377-2157.

Kubik resigns

Jan Kubik, Coordinator of Campus Programs in the CIPO office, has accepted a position as Assistant Dean of Student Affairs at the Illinois Institute of Technology in Chicago.

Kubik's leadership has been instrumental in developing a balanced extra-curricular program of activities at Oakland University, including the introduction of the successful Student Life Lecture Series.

He will be leaving Oakland University in early September.

Profs write textbooks

Three OU professors are now in the "writing stable" of Worth Publishers, the prestigious New York firm cited by many as the Rolls Royce of the college textbook business.

They are Denis Callewaert and Julien Genyea, chemistry, and Paul Tipler, physics.

Callewaert and Genyea are the authors of the recently published text **Basic Chemistry**, and of two one semester offshoots of this book, entitled **Funda-**

mentals of College Chemistry and Fundamentals of Organic and Biological Chemistry. This is their first entry into the textbook business.

Paul Tipler, physics, is the author of two highly successful texts. One, **Modern Physics**, was published by Worth in 1969 and the second edition was published in 1978. The second book entitled **Physics** was published in 1976 and Tipler is currently working on the second edition of this work.

Capital outlay voted

A university "wish list" of needed new buildings, remodeling, and maintenance projects was approved by the Board of Trustees Aug. 20 for the university Capital Outlay Budget Request for fiscal 1981-1981-82.

Top priority item was the remodeling of Hannah Hall area for laboratories followed by funds for continued planning for the library addition, installation of modern air-conditioning system for computer equipment, modification of existing hot water generators, a new science building, remodeling of Dodge Hall for a human anatomy laboratory, roof modification and replacement for North Foundation Hall, an energy management plan, public water and sewer projects for the Matthew Lowry Early Childhood Center, and an addition to Varner Hall.

There were 19 projects listed in the request. Previously, the university has received some \$40,000 in funds for preparation of schematic planning documents for an addition to Kresge Library of some 200,000 gross square feet.

University officials said the list was a realistic blending of priorities with the possibility of funds in the three areas, buildings, remodeling projects, and maintenance needs.

Preliminary budget passed

The university has an adjusted preliminary general fund budget for 1980-81 calling for estimated resources of \$32,351,282 and expenditures of \$32,099,692.

The Aug. 20 action is based on the assumption that the recommended 4.7 percent increase in appropriations for the university is approved for 1980-81. That figure and support for O'Dowd Hall are contained in Substitute Senate Bill 982. The governor and House have yet to reveal their versions of the budget.

The board on July 23 approved the operational elements of a preliminary budget and reaffirmed that action at the

Aug. 20 meeting. The trustees cautioned the university to hold back on any possible expenditures while the state's tangled budget picture unravels.

The preliminary adjusted budget includes a planned year-end balance of \$251,590 as a reserve for institutional revenue short-falls, unanticipated expenditures, and a possible executive order cutback.

The budget and other recommendations on the Aug. 20 agenda were approved by unanimous vote of trustees David Handleman, Marvin L. Katke, David B. Lewis, Alex C. Mair, Ken Morris, and Arthur W. Saltzman.

Grant services unified

The Office of Research and Instructional Services and Grants Administration have been combined into a single unit under direction of Lewis N. Pino.

The move is intended to provide a "one stop" service for faculty and staff inter-

ested in external support for their work by providing both pre and post grant services. The office numbers are 364 and 366 SFH. Call 377-3222.

Morse publishes

Donald E. Morse, Chairperson of the Department of Learning Skills, published an informal history of the Birmingham-Bloomfield Soccer Club in the "Youth Scene" section of KICK magazine, June 25, 1980. KICK is the official magazine of the American Soccer League and is distributed at all Detroit Express soccer games at the Silverdome.

THURSDAY, AUGUST 28, 1980

CALENDAR

THURSDAY, AUGUST 28

10 am to 5 pm Public Tour, Meadow Brook Hall
8 pm Musical, "By Strouse," Studio Theatre-Varner Hall

FRIDAY, AUGUST 29

10 am to 5 pm Public Tour, Meadow Brook Hall
8 pm Musical, "By Strouse," Studio Theatre-Varner Hall
8:30 pm Play "A Thousand Clowns," Barn Theatre, Image 2

SATURDAY, AUGUST 30

10 am-5 pm Public Tour, Meadow Brook Hall
8 pm Musical, "By Strouse," Studio Theatre-Varner Hall
8:30 pm Play, "A Thousand Clowns," Barn Theatre, Image 2

SUNDAY, AUGUST 31

1 to 5 pm Public Tour, Meadow Brook Hall
2:30 & 6 pm Musical, "By Strouse," Studio Theatre-Varner Hall
7:30 pm Concert, Detroit Concert Band/Fireworks, Meadow Brook Festival

MONDAY, SEPTEMBER 1

2:30 pm Labor Day Holiday
Musical, "By Strouse," Studio Theatre-Varner Hall

TUESDAY, SEPTEMBER 2

8 am-8 pm Registration for evening nondegree courses beginning week of September 15, 265 SFH, Continuing Education
12 noon Ways of Seeing: Painting and the Camera plus **Origins of the Motion Picture**, Exhibit Lounge, OC
4 pm OU Soccer Team vs Cleveland State

WEDNESDAY, SEPTEMBER 3

All Day Alpha Delta Pi Rush Registration, Hamlin & Vandenberg Desks, Alpha Delta Pi Sorority
8 pm Panel Discussion & Q.A. Housing, Food Service, Public Safety, etc.

For news of daily campus events, call the OU Hotline at 377-4650. To list items in the calendar contact CIPO 377-2020, two weeks prior to the event.
