Biomedical research forum set for Sept. 21

The **Center for Biomedical Research** is holding a research forum Friday, September 21, at 9 a.m. in room 201 of Dodge Hall.

The event will feature presentations by highly acclaimed research professors from Oakland University, including:

- Dr. Michael Chopp, "Bone Marrow Stromal Cell Therapy for Stroke and Neural Injury"
- Dr. Sitaramayya Ari, "S100 Protein Signaling in Health and Disease"
- Dr. John Seeley, "Rapid, Non-invasive Diagnostic Applications of Multidimensional Gas Chromatography"
- Dr. Douglas Wendell, "Control of Estrogen-dependent Tumor Growth and Angiogenesis"

OU's **Center for Biomedical Research** established this forum to showcase achievements of its researchers, to promote communication and collaboration among scientists and to recognize the outstanding work of 'Nobel Class' biomedical scientists.

Admission to the seminar is free, but a reservation must be made due to space limitations. Contact Sandy Dykstra at (248) 370-2085 or dykstra@oakland.edu for reservations or more information.

SUMMARY

The Center for Biomedical Research is holding a research forum Friday, September 21, at 9 a.m. in room 201 of Dodge Hall.
