Steel Mills Closing as Walkout Nears

Industry, USW Work to Avert Midnight Strike

U.S. Steel Negotiator Hints at New Pay Offer Above Earlier Bid

PITTSBURGH (AP) — The nation's vast steel industry was shutting down today as labor negotiators worked to avert a strike at midnight.

There still were substantial hopes that a settlement could be reached in today's crucial bargaining sessions.

The U.S. Steel Corp. and other major producers already had started banking furnaces, however.

John A. Stephens, U. S. Steel's principal negotiator, hinted at a new management wage offer exceeding the average 10-cent hourly wage increase proposal rejected by the CIO United Steelworkers.

The bargaining affected 600,000 workers in 96 basic steel and iron ore mining firms. They now average $2.33 an hour.

It was reliably reported that Stephens did not come up with the prospective new settlement proposal at a two-hour session late last night with USW President David J. McDonald and the union's chief counsel Arthur J. Goldberg.

McDonald, in pointing out that the rejected 10-cent offer was only half of the recent auto industry settlement, seemed to be shooting to equal or better the 20-cent settlement claimed by President Walter Reuther of the CIO United Auto Workers.

Stephens said U. S. Steel's offer would put steelworkers well ahead of auto workers in straight-time earnings. However, Stephens last night said any steel settlement would require concessions from both the industry and the union, indicating that U. S. Steel was ready to make an improved offer.

There was some speculation that a steel settlement may include some form of guaranteed layoff pay, supplementing state unemployment compensation benefits, such as was negotiated recently in major auto contracts.

* * *

However, the steel bargaining is confined to wages only, and any guaranteed wage plan could be negotiated only with the consent of the steel companies.

Williams Signs New FEPC Bill

Six Man Commission to Rule on Complaints Will Be Appointed

LANSING (AP) — Michigan has joined the states with laws against hiring discrimination because of race, creed, color or national origin.

Gov. Williams signed the Fair bill into law yesterday. His office was packed with representatives of racial, religious, minority, labor and civic organizations which had worked 12 years for the bill.

The measure, taking effect Oct. 14, forbids an employer to refuse to hire anyone because of racial or color prejudice.

Gov. Williams must now appoint a six-member commission to solve complaints filed with it. It will operate mainly through conciliation and persuasion, but may appeal to circuit courts for subpoenas to compel the testimony of witnesses and the accused may petition the courts to enforce its orders if they are disobeyed.

Rep. Louis C. Cramton (R-Lapeer), the sponsor of the bill, said he was certain Williams will appoint a commission which will be mindful of its pioneering character and which will not act recklessly.

Williams hailed the bill as opening a "future in which the employment opportunities of minority groups will (not) be diminished by prejudice and bigotry."

20-Year-Old Nurse Is State Queen

AP Wirephoto

MISS MICHIGAN — Margaret Devereaux, "Miss Livingston County," was elected "Miss Michigan" at Muskegon last night. She is 20 years old, has brown hair and blue eyes and is a recent nursing school graduate.

Howell Brunette Named Miss Michigan; Will Represent State in National Contest

MUSKEGON (AP) — A gorgeous nurse missed her duty turn at St. Lawrence Hospital in Lansing today but officials smiled tolerantly at 20-year-old Margaret (Margo) Devereaux, Miss Michigan of 1955.

The shapely (34-24-34), 5-foot, 6-inch Margo won the sixth annual Miss Michigan contest sponsored last night by the Muskegon Junior Chamber of Commerce.

Miss Devereaux, of Howell, earlier this year was named Miss Howell and Miss Livingston County in separate contests.

"I'm supposed to be on duty at 7:30 in the morning," Miss Devereaux said after winning the title before a capacity crowd of 1,800 spectators at Muskegon's Michigan Theater.

A contingent of fellow nurses notified the hospital of Margo's fortune and reported she had been excused from duty.

Margo, a 119-pound, blue-eyed brunette, also was selected "Miss Congenialty" by her 12 fellow contestants. The extra title earned her a cocker spaniel pup.

ATLANTIC CITY NEXT

Miss Devereaux now is eligible to represent Michigan at the Miss America Pageant at Atlantic City Sept. 10.

She is the daughter of Mr. and Mrs. Thomas H. Devereaux of Howell and the second eldest of four Devereaux children. Her prizes include at least $850 in scholarships, a $1,000 wardrobe and a trophy signifying her new title.

She received her new crown from Jan Somers, whom she succeeds as Miss Michigan, and Lee Ann Meriweather, who retires as Miss America of 1955.

Her brother, Thomas, 25, active in Jaycee work in Lansing and Howell, described Margo as "a real live wire who never seems to tire."

Margo was exuberant but composed as she confided:

"When I saw some of these girls in bathing suits, I never thought I'd even place."

She credited her parents, home training and the nuns at Lansing's St. Lawrence Division of Mercy School of Nursing as having the greatest influence on her career.

SHERIFF'S SON

Margo identified a young man who rushed to embrace her after the contest as "Ron Barnes, whose dad is Sheriff of Ingham County."

"I date Ron quite often," she said.

Miss Devereaux appeared first in a white net, waltz length formal and later in a white bathing suit trimmed in Navy blue. In the talent competition she rocked a piano rendition of "Bumble Boogie."

"I hope to use the scholarship to further my nursing education," she said.

Second place went to Nancy Kovack, 19-year-old University of Michigan graduate, who entered the competition as Miss Flint. Dolores Heiser, Miss St. Clair Shores, won third place.

A new award, Miss Talent, with scheduled television appearances, was won by Miss Kovack as she read selections from a book of poems by Carl Sandburg.

Miss Pontiac, Charlotte Stark, did not participate in the Miss Michigan contest in Muskegon last night because of a technicality which disqualified her, James Martin, of the Pontiac Junior Chamber of Commerce said today.

Miss Stark, 17, of 365 S. Marshall St., was named Miss Pontiac in competition sponsored by the Jaycees early this month.

Dry Spell Snapped by Brief Rainfall

Early morning rain today broke an 8-day dry spell for the Pontiac area.

The brief rainfall, which totaled only .64 of an inch, was the first precipitation here since June 21, when .54 of an inch of rain fell.

The weather is due to be partly cloudy and warm tonight and tomorrow, with some possibility of scattered thundershowers, according to the U.S. Weather Bureau.

The low tonight is expected to be between 66 and 70, with a high tomorrow of 86 to 90. Southwesterly winds from 10 to 15 miles an hour are predicted.

Downtown, today's low before 8 a.m. was 68 degrees. The thermometer registered 73 at 1 p.m.

Hunt for Fliers Enters 5th Day in Foggy Pacific

AF Hears Weak Radio Signal From One of 4 Missing Airmen

TOKYO (AP)—The search for four Marine airmen down in the Pacific went into its fifth day as dense fog closed in again Thursday night.

An Air Force spokesman said a voice signal—so weak "it was impossible to determine just what was said" — was heard about 4:30 p.m. He said that was the last and only report the Air Force has had since 5:40 a.m.

"It just wasn't audible enough to make out," said Maj. William James, deputy public information officer for Far East Air Forces.

The Navy said it had no information of other radio contacts during the day.

Darkness once again turned the search into a blind game of dropping flares and listening for radio signals that did not come.

The missing airmen are:

Capt. Hodgin P. Montague, Jackson, Miss., pilot of a Marine Sky Knight jet which ran out of gas while lost in fog Sunday.

Second Lt. David Winton Bell, of Wayzata, Minn., his ordnance officer.

Lt. Alan Murdock McAneny Jr., of Yonkers, N.Y., whose Marine Fury jet vanished Tuesday night in the search.

A still-unidentifed crewman of a Marine helicopter which crashed at sea in the search yesterday. Three fellow crewmen were rescued.

The Air Force, coordinating the search over 25,000 square miles of ocean, said the new signals had been heard at 5:40 a.m. But planes and ships were unable to fix the position.

Associated Press correspondent Jim Becker flew over the search area late today. He said a dense white cloud bank thousands of feet deep was rolling over the area where the four airmen are believed lost. He said the clouds were moving at 15 to 20 miles over a sea which was choppy and rough at wave level.

The downed fliers are presumed to be in life rafts. All have emergency rations but have been subject to burning June sunshine some days and cold foggy nights. The sea has been fairly rough.

Set Marine Strength

WASHINGTON (AP) — A Senate-House conference committee has agreed to keep the Marine Corps at present strength and step up production of long-range heavy jet bombers.

Churchill at Geneva?

LONDON (AP) — The Evening Standard suggested today that Prime Minister Eden take Winston Churchill along with him to the Big Four summit talks next month in Geneva as an adviser.

Help Mark Soo Birthday

Uncertainties Cause Delay in Building County Roads

Uncertainties over possible developments from three directions are holding up an accelerated road-building program in Oakland County, Deputy State Highway Commissioner George Foster said yesterday.

Foster, however, repeated his statement made to Lt. Gov. Philip A. Hart Monday that Oakland "would not be slighted in the final analysis."

The in-the-air status of the proposed toll road, question marks about forthcoming federal aid plus pending results of surveys still uncompleted were listed by Foster as preventing any present enumeration of projects which will be done in the county.

Protests that Oakland was being overlooked arose last week after announcement of the Highway Department's priority list of rural interstate routes to be improved from about half the first billion dollars in proceeds from the new 1½-cent gas tax.

ONLY TWO ELIGIBLE

The only Oakland road included was U.S. 16 (Grand River). U.S. 16 and U.S. 10 are the only interstate routes in the county and the only two eligible to benefit from the new tax money.

Local officials have pointed out at least two projects are badly needed to relieve traffic congestion on U.S. 10.

Some $600,000,000 of work is planned from the tax-boost receipts, to be done on urban interstate roads. A priority list for this work can not be completed until results of a Detroit area traffic survey, including Oakland's southeast corner, are available in about six weeks, said Foster.

Work on U.S. 10 through Pontiac and the Ferndale-Royal Oak area might be included in the urban priorities, he indicated.

ASK REGULAR FUNDS

Since only two county highways are classified as "interstate" and can be improved from the added

(Continued on Page 2, Col. 1)

Taylor Takes Over as Army's Chief

WASHINGTON (AP)—Gen. Maxwell D. Taylor, a battlefield veteran of two wars, takes over today as Army chief of staff.

He succeeds Gen. Matthew B. Ridgway, an outspoken critic of administration plans to cut Army strength. Ridgway is retiring after 38 years of service to become board chairman of the Mellon Institute of Industrial Research at Pittsburgh.

The army said goodby to Ridgway yesterday in a special review held in his honor at nearby Ft. Myer. The Air Force joined in the tribute.

At 53, Taylor is the youngest officer to hold this high Army post since 1930, when Gen. Douglas MacArthur was appointed at the age of 50.

Taylor, a native of Keytesville, Mo., commanded the 101st Airborne Division in Normandy, Holland and the Battle of the Bulge.

He assumed command of the 8th Army in Korea in 1951. Last April he was named supreme commander of both the U.S. Far East and United Nations commands.

Ike Coins a Name

WASHINGTON (INS)—President Eisenhower has suggested that the cold war be renamed. The President said he wished people would stop talking about the cold war and begin talking about the war for peace.

Sheriff, Police Agencies Spark Safety Program

Red Cross, Guardsmen, CAP Slated to Join in Concerted Effort

By AL LOWMAN

With record holiday traffic expected to flood Oakland County highways over the long Independence Day weekend, police officials here today began throwing their law enforcement and accident prevention machinery into high gear.

Combined efforts on the part of State Police, the Oakland County Sheriff's Dept. and Pontiac Police in co-operation with the local Red Cross Chapter, National Guard units, Civil Air Patrol and other groups are being meshed in a drive to hold down a nationwide toll of 380 fatalities predicted by the National Safety Council.

Sheriff Frank Irons, Police Chief Herbert W. Straley and State Police of the Pontiac Post have revealed stringent traffic controls which will go into effect Friday night.

Irons said all available patrol cars and deputies will maintain constant vigil on all county secondary and main arteries.

Operating in conjunction with the Sheriff's Dept. will be 37 volunteer Red Cross first aid instructors who will man 22 radio-equipped cars on call to give emergency treatment to accident victims. Eleven of the cars will roam the county area while the remainder will be stationed at critical intersections.

A Civil Air Patrol plane will maintain a constant daylight sky patrol for quick spotting of traffic jams. Equipped with a 2-way radio, the pilot will notify police patrol cars of serious tie-ups.

All available traffic officers and special police will maintain 24-

Seek 6-County Water Survey

Will Send Preliminary Data on Area Situation to Detroit Group

A decision to seek a six-county water survey was reached last night by more than 50 representatives of Oakland, Macomb and St. Clair Counties meeting at the Royal Oak City Hall.

First step, they decided will be St. Clair's admission into the Supervisor's Inter-County Water Committee now including Oakland, Wayne, Monroe, Macomb and Washtenaw.

Preliminary water data will be gathered from the six-county area and turned over to the Detroit Metropolitan Area Regional Planning Commission for analysis on the basis of population trends and industrial needs.

Metropolitan Plan Commission Director T. Ledyard Blakeman said his group might be able to complete the studies by September.

Once the preliminary facts are assembled, the group felt an engineering firm could be hired to formulate plans for providing a permanent water source, probably from Lake Huron.

The three-county group also decided to ask the inter-county committee to work out a joint plan for financing the preliminary survey.

Blakeman said he would attempt to get a uniform questionnaire worked out by the July 7 meeting of the inter-county group. It could be forwarded to each governmental unit in the six-county area, he explained.

Pontiac City Manager Walter K. Willman said General Motors plants here had requested the city to provide an added 3,000,000 gallons of water per day.

Calling for "less wind and more water," Willman said, "If we have to wait 10 years for water, there might not be anybody left in Pontiac."

Royal Oak Mayor Howard E. Kelley presided over the gathering. No future meeting date was set.

Institute Formed to Guide Male Fashions

Men May Oppose 'Beau Brummel' Trend

NEW YORK (INS)—Ever since Adam traded in his fig leaf for a fashionable bearskin, men have been under pressure to dress better.

Apparently they haven't done nearly well enough because the American Institute of Men's and Boy's wear has been formed to do something about the male sex's lack of elegance.

The institute is still in the formative stage. It met in New York last night to tell leaders from all phases of the clothing industry about the bold plans it has made to make men dress better.

A special committee has been formed and top-flight advertising and public relations firms have been hired to make men realize that "it is important for a man to wear the right things for every occasion."

The Institute hopes to get its ambitious program into action next fall under the slogan: "Dress Right! You Can't Afford Not To."

CHIEF ALLY

For its chief ally in the campaign to make men want—and buy—a large and varied wardrobe, the Institute is counting on man's well-dressed friend and adversary, woman.

Several speakers at the dinner pointed out that women have a strong influence on the clothes men buy. Public relations expert Dale O'Brien agreed that women are influential, but asked these disturbing questions:

"May it not be that the American wife is unconsciously making a second-class citizen out of her husband by letting him get—and stay—so darned sloppy in his wardrobe?

"May it not be also that this neuter-gender wardrobe of his tends to confirm the suspicions of some that we're heading into a wife-dominated society in which both the husband's masculinity and the wife's femininity are minimized?"

O'Brien isn't worried, though, about the problems he raised. If women's mistakes in their choice of men's clothes are pointed out to them, he said, they will mend their ways.

HARD TO CONVINCE

But men may be more difficult to convince that their favorite burlap must go. John Elliot, Jr., speaking of men's attitudes toward dressing better, said, "Most men just aren't interested. They often actually resist it."

But Elliot said the clothing industry campaign can convince men that the clothes they wear can help them get the things they want most. He ticked off the "things men want most" success, women, general admiration and a sense of belonging."

* * *

Willard W. Cole, president of Henry C. Lytton & Co., and one of organizers of the Institute, said "1955 may well be the year in which the men's clothing industry established a new trend that will mark the next ten years as the most exciting and profitable in the history of our business."

Cole said that men from every segment of the clothing industry were giving full support to the Institute campaign to change men's buying habits so that they will be aware that good social grace does demand a sense of good and proper dress for the occasion."

Salk Vaccine Expected Here

Plan Advisory Group to Decide When Shots Will Be Given

New supplies of Salk anti-polio vaccine should be available for Oakland County youngsters within 20 to 30 days, Dr. John D. Monroe, county health director, said today.

Dr. Monroe also revealed that an advisory committee of doctors, laymen and parents of potential users will be named within two weeks.

Chief purpose of the group, which will have 9 or 11 members, will be to determine whether the shots should be administered during the summer months, he said.

"Although we will probably get recommendations from the State Health Dept. and U. S. Public Health Service, final decision will be left to local option, I am sure," he said.

Some experts oppose giving the shots during the height of the polio season, while others say it is safe to administer the serum during the summer.

The health director said the committee also will help determine other policies in connection with the inoculations, such as distribution and how clinics should be set up.

Word of the new supplies came from the U. S. Public Health Service, Dr. Monroe said.

Uncertainties Delay Local Road Building

(Continued From Page One)

tax officials here have pointed out that Oakland should be allotted more construction from regular road money.

"We hope we can channel a certain percentage of regular funds in on new, non-interstate projects," said Foster.

The engineer did say the extension of Northwestern Highway from Fourteen Mile Road northwest to Fenton "has been under consideration for a long time and we want to get it under way as soon as possible."

Much depends on the final form of the next federal aid bill passed by the U.S. Congress, Foster explained.

PLANS VARY

One plan would have the states pay for only 10 per cent of new construction on interstate lines and the federal government 90 per cent. Others would require states to pay a larger share.

"If our share of financing such construction was reduced to only 10 per cent, considerably more state money would be freed for work needed apart from the interstate system," said Foster.

The engineer said he know of no plan to drop M150 and M218 in Oakland back to classifications as county roads.

Local officials here had reported rumors of such a move which would make it difficult to finance improvements seen as needed on the two routes.

M150 now dead-ends at Lakeville. Oakland Plan Commission Highway Engineer Robert A. Larson suggests that swinging M150 from Lakeville on north to M24 would help drain traffic north out of the county and south into Detroit.

Examination Postponed on Manslaughter Charge

Examination of a prominent Highland Park lumber dealer on a manslaughter charge has been postponed from July 15 to July 21, Springfield Township Justice Emmett J. Leib said today.

Hugh H. Rader, 60, of 2870 Pine Lake Rd., was accused Tuesday after driving a car involved in an accident Monday night in which John C. Welch, 18, of 128 Oakwood Rd., Walled Lake, was killed. Rader is free on $2,000 bond.

Deputy Fair at Oakland Park Begins Saturday

A three-day Independence Day celebration will be staged by the Northside Community Club and the Pontiac Parks and Recreation Dept. at Oakland Park, starting Saturday afternoon.

Beginning with a greased pole climbing contest at 1 p.m. Saturday, the event will be climaxed with a fireworks display at 10 p.m. Monday, according to Floyd Temple, vice president of the club.

Also slated for Saturday is a baseball game at 2 p.m.

On Sunday, a continuation of the pole climbing competition will be held, along with a dog obedience demonstration and a softball exhibition.

At 10 a.m. Monday, activities will resume with more contests for both youngsters and adults, baseball games and rides for the children. Time out is scheduled for a picnic lunch.

There will also be dancing, shuffleboard, horseshoes and skill games, Temple said.

Prosecutor Probes Drowning Incident

The cause of a 16-foot boat capsizing Tuesday in Stewart Lake near Holly, resulting in two deaths, was still being investigated today by Oakland County Assistant Prosecutor Robert D. Long.

The victims, both of Clarkston, were Henry Ditteon, 76, and Norman Rader, 16. Ditteon was pulled from the water almost immediately, but Pontiac diver, Bill Jackson had to recover Rader's body later.

They, with another man and two youths, were riding in a boat powered by a 2½-horsepower motor and piloted by Dr. L. K. Mathews, 64, of Holly.

Dr. Mathews told Long yesterday that the group was returning to shore after hauling dirt to an island in the lake owned by him. The doctor said he noticed water coming in the front end. The boat then overturned, he stated.

Long is taking statements from the other boat occupants today.

AF Plane Carrying 4 Crashes Near Alaska

ANCHORAGE, Alaska (AP)—An Air Force C47 transport with a four-man crew crashed on Sitkinak Island in the North Pacific yesterday and a spokesman here said all aboard were believed lost.

The Elmendorf Air Force Base public information office said a search plane spotted wreckage several hours after the plane was listed as overdue on a flight from Kodiak and saw no sign of life. Names were withheld.

Record 4th of July Traffic Seen Here

(Continued From Page One)

hour patrols of Pontiac streets, especially main trunklines, throughout the critical period between Friday night and midnight Monday, Straley said.

State Police Commissioner Joseph A. Childs, who warned that the weekend traffic may be the heaviest in history, has canceled all leave days to permit a maximum number of troopers to take traffic duty. Detectives and other special personnel will take over desk, radio and post details.

GUARDSMEN AID POLICE

Six national guardsmen from Pontiac's Company M, 125th Infantry, will ride with State Police here. A guardsman and a trooper will man each patrol car.

Four hundred guardsmen from all over the state, with full police power, will aid troopers in the all-out effort.

Two National Guard helicopters two Guard planes, three State Police planes, three aircraft operated by the State Aeronautics Board and three Conservation Dept. planes will assist in traffic control mostly in southeastern Michigan, Childs said.

State Highway Commissioner Charles M. Ziegler ordered all road construction projects to be shut down at noon Friday until noon Tuesday with exception of emergency work and relocations where traffic would not be affected.

Maintenance and construction crews have been instructed to make certain that all detour routes are marked and in the best possible condition.

The State Safety Commission has requested the truck industry to curtail movement of its heavy units over the holiday.

PRESENTS CHALLENGE

Meanwhile Gov. G. Mennen Williams urged Michigan motorists to heed the slogan, "Slow Down and Live." He said the weekend presents another challenge to all of us in Michigan in our continuing campaign to reduce the tragic loss of life and property on our highways.

Local officials, remembering last year's July 4 toll of 35, urged all drivers to police themselves on their motoring habits.

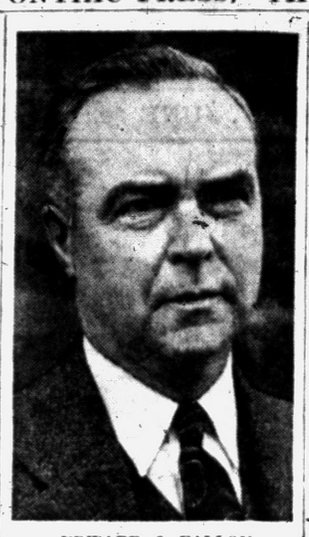
They warned: "Roads will be crowded with the heaviest traffic in Independence Day history; one careless, thoughtless or negligent act can end in death or disability."

Pontiac, state and national safety organizations urge drivers to heed these safety suggestions:

Drive about 10 miles an hour slower than normally to give time to react in an emergency.

Start your outing in plenty of time so there'll be no need to rush.

Stay alert and avoid distractions from the business of driving.



EDWARD J. FALLON

Edward J. Fallon Heads County Bar

Pontiac attorney Edward J. Fallon last night was elected president of the Oakland County Bar Assn. for the next year at its annual meeting in Devon Gables.

Fallon succeeds Gilbert H. Davis, of Royal Oak. New directors named were Carl Ingraham, of Birmingham, and Verne C. Hampton, and V. John Manikoff, both of Pontiac.

Speakers were Henry Woolfenden, Michigan State Bar Assn. president, and Fred Smith, prominent Toledo attorney.

A "lawyers' symphonette," under the direction of Lawrence J. Moloney, supplied music. Musicians inculded Probate Judge Arthur E. Moore, Harold W. Dudley and Odin H. Johnson.

Davis presented newly appointed Oakland Circuit Judge Clark J. Adams with a pen used by Governor Williams in signing the appointment papers. It was obtained by Rep. Vernaid Horn (R-Royal Oak).

Royalty Talk to Billy

SOESTDYK, Netherlands (AP)—Queen Juliana and 74-year-old Princess Wilhelmina talked for an hour today with Billy Graham, the American evangelist, and his wife. They met at Queen Juliana's country residence, Soestdyk Palace.

Predicts House OK on Foreign Aid Hike

WASHINGTON (AP)—Rep. Richards (D-SC) predicted the House will approve today "without any drastic cuts" a bill to permit new foreign aid spending of more than 3¼ billion dollars.

The bill would authorize a total of $3,285,800,000 for military and economic aid for the year beginning tomorrow. This merely sets a ceiling—139 million dollars lower than that voted by the Senate—with the actual appropriations to be voted later.

* * *

President Eisenhower had asked for about 3½ billions.

The House yesterday upheld a House Foreign Affairs Committee reduction of 145 million dollars in global arms aid and tentatively approved military funds totaling $1,133,000,000. Richards said the reduction eliminates a reserve fund requested by the administration.

The Day in Birmingham

Moxley Issues Warning Against Illegal Fireworks

BIRMINGHAM—Hopeful that the recent decline in illegal Fourth of July fireworks activities will continue this year, Police Chief Ralph W. Moxley today warned that his department will keep a sharp eye cast for violaters during the holiday weekend.

"Possession or use of fireworks are violations of state law and city ordinance and we expect full compliance with them again this year," Moxley said.

He declared that persons over 17 years old arrested on fireworks charges will be taken to court. He pointed out that one youth was handed a five-day jail sentence last weekend.

"These laws were passed for a specific reason," Moxley said. "It was found fireworks were falling into inexperienced hands and there were some serious accidents.

"Fortunately, we haven't had any serious accident here in previous years."

Associate Justice John C. Emery Jr. joined Moxley in declaring that fireworks will not be tolerated.

"We all know the trouble unsupervised fireworks can cause and we're trying to crack down on it," he said. "We want youngsters to know we're not going to stand for that type of behavior."

The judge noted that possessing, selling or using any form of fireworks, except sparklers, is a misdemeanor and carries a penalty of up to $100 fine and-or 90 days in jail. "We are not going to be lenient," he said.

Moxley said illegal use of fireworks has been decreasing in recent years.

"We haven't had as much as we have had. It's been tapering off slightly and we hope it will continue to do so," he said.

"It just isn't worth the chance involved."

* * *

Beginning this Sunday and continuing through the Sunday before Labor Day, First Methodist Church will conduct one morning worship service, at 10 o'clock. One Sunday School session will be conducted at the same hour.

Use Care in the Way You Celebrate Holiday

Next Monday is the Fourth of July. That means that this coming weekend may be the biggest weekend of the entire summer; biggest in traffic, in the number of people at the beaches, and, probably, biggest in the number of holiday deaths.

So be careful this weekend.

Be especially careful.

There will be sorrow in several Pontiac homes come Monday. For fathers, mothers, children will have lost their lives through carelessness. See that one of those homes is not yours. Be careful on the highway and in the water.

Make it a safe and sane Fourth of July.

Red Nonsense in France

Communists controlling the General Federation of Labor in France are trying to persuade French workers to fight greater industrial output.

In so doing they are resorting to that threadbare old Marxist argument that only the capitalists benefit from increased production. As a result, they insist, the lot of the workers will grow progressively worse.

The truth, of course, is just the opposite. But Communists, naturally, aren't interested in facts or anything that will benefit the workers. That is just what increased production does.

★ ★ ★

Proof not only is to be found in our own experience but in statistics just released by the International Labor Office. These show the world's workers now are enjoying the highest living standards in industrial history, with purchasing power of wages 25 per cent greater than before the war.

In France, for example, wages have increased 334 per cent compared with a price rise of 304 per cent. Italy's wages have gone up 72 per cent with prices climbing 27 per cent. Germany's wages are up 86 per cent while prices have soared only 32 per cent.

★ ★ ★

Moreover, figures show that credit for these improved ratios belongs to increased production. In France output is 50 per cent greater than in 1948. Yet the labor force is only five per cent larger and there was no increase in the hours worked.

★ ★ ★

It is facts like these Communists withhold from the workers. If all workers knew them and understood them fully, there would be little Communism anywhere.

Women in Commons

One result of Britain's election which hasn't received the notice it deserves is the increased percentage of women elected to the House of Commons.

When the vote counting was completed it was found that 24 candidates on the distaff side had been elected. Traditionally the fair sex makes a better showing politically in times of change.

But in the voting May 26, the 24 women elected equaled the record number sent to Commons in 1945 when Labor took over Britain's government. This time 14 of the women elected are Laborites and 10 are Conservatives.

★ ★ ★

Credit for surprising British voters belongs to two of the Tory winners. In Devonsport Miss Jean Vickers overwhelmed the leftist Laborite Michael Foot. Mrs. Patricia McLaughlin, running in Belfast West, displayed some new campaign tactics. An Ulster Conservative wearing Irish made clothes and carrying a Bible, she defeated an Irish Laborite who had held the seat since 1943.

★ ★ ★

Election of these 24 women to Commons gives them a larger proportion of the 630 seats in that body than 14 women have in our 531 seats in Congress. Moreover, British women can look forward some day to infiltrating the House of Lords. Unaccountably, however, the bill to permit such membership seems to be stalled somewhere along the line.

Fire Loss Down

Michigan's 1954 fire loss included 169 lives and slightly more than thirty-two million dollars in damage to property. This was less than half the 1953 property loss, and 47 fewer lives. The 1953 totals had included the General Motors Livonia plant fire.

★ ★ ★

Despite the improved showing, however, the '54 totals are sufficient to serve as a renewed warning of the need for greater care in fire prevention.

★ ★ ★

This is true in the home, at work, and at play. Some forty-two children lost their lives in Michigan fires last year. A total of 54,728 fires were reported.

If every man, woman and child in the State would ponder this needless loss and be increasingly careful during the months ahead, scores of lives and millions of dollars worth of property could be saved.

INSTEAD of saying, "People are funny, aren't they?" we should say, "People are funny, aren't we?"

The Man About Town

Fishing Is Better

Pests Encountered on Great Lakes Are Little Known Here

Fire escape: All that religion means to some people.

Right now, when great hordes of flies and mosquitoes are taking most of the enjoyment out of fishing on our Great Lakes, these pests cause little or no trouble on any of Oakland County's 400 lakes. In this connection,

Danforth Bellamy

of Birmingham phones: "This county's lakes and streams furnish the best fishing in the world—and I've been where they catch big ones. Here you are not bothered with bugs or mosquitoes, and our fishing is just as good as in any former years. You can catch them a plenty if you know where to go in Oakland County, and I know—but am not telling."

A cactus in the home of

Mrs. C. R. Kimler

at Keego Harbor is displaying 30 blossoms, all as beautiful as an orchid.

A good holiday weekend driving suggestion comes from

Sheriff Frank W. Irons

who has figured out that a few minutes earlier start will enable you to reduce your speed to a rate that may save your life—and possibly others.

"Don't tell me that raccoons are a nuisance," phones

Mrs. Beverly Heinske

of Pontiac Lake, who asserts that they are cute and harmless animals, and wash their food before they eat it—a trait not common to all humans.

President of International Breweries, Inc.,

Bruce Beckmans

of Holly, was given a royal welcome the other day at Honolulu on his first trip to the Hawaiian Islands.

Many years pastor of the First Congregational Church at Romeo, the

Rev. C. Earl Page

flew from his present home in Kansas City, Kan., today to officiate at the funeral of

Frank A. Kemp,

aged 93, a lifelong resident of that village.

"I like the editorial appeal to fly the colors on July 4, appearing in Tuesday's Pontiac Press," phones

Gregory Vick

of Rochester. He continues, "It is a patriotic expression that we appreciate our liberties."

From Lapeer comes a challenge. At the recent high school alumni meeting there,

Mrs. Lillian Hammond Lambertson,

who graduated 72 years ago, was present. My Lapeer scout wonders if any other high school alumni meet can beat that.

The family cat of

Mr. and Mrs. Arthur Fairweather

of Waterford, always brings up her game—and gets a reward. But the other day when she brought up a young skunk, she got a fumigation. And it wasn't fair weather in the Fairweather home.

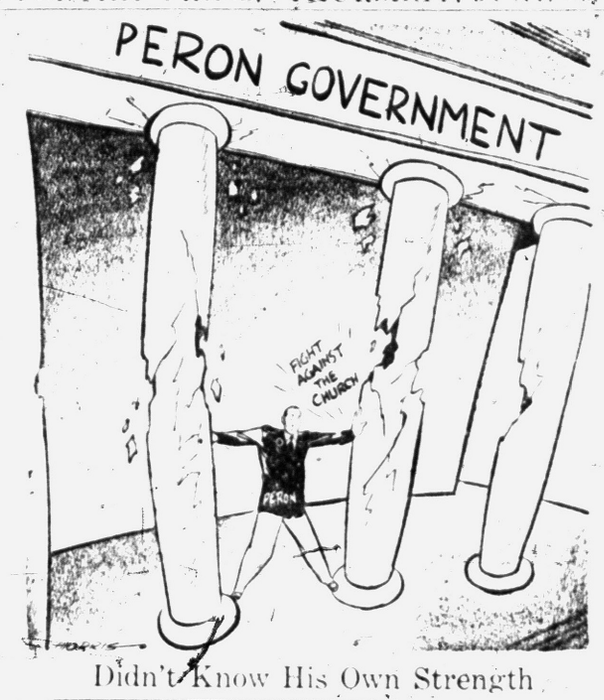
Mr. and Mrs. W. J. Perry,

of Grand Blanc, sixty-fifth wedding anniversary.



Didn't Know His Own Strength

David Lawrence Asks:

Ex-Red's All-Out Report Great Service to Nation

WASHINGTON—Winston Burdett—former Communist but now a true American—has performed a great service to the crusade against communism. He has put to shame the hundreds who, rather than aid their country, have pleaded the Fifth Amendment as they refused to tell their countrymen the truth about Communist infiltration in America.

* * *

Winston Burdett could have testified, as he did, before the Senate international security subcommittee and told only about his own activities in espionage abroad. He need not have mentioned any other names. But, recognizing his obligation and feeling that he must clear his own conscience, he came forth with the names of everyone whom he had met in Communist meetings in this country and such contacts as he made with Communist espionage agents abroad.

Rarely has there been such a comprehensive confession srom a former Communist. To the credit of the Columbia Broadcasting Co., it is noted in the hearings that Burdett has been retained in his present post as newscaster because there is full confidence that he long ago broke away from the Communists.

Not only will Burdett be regarded as a sincere convert to American doctrine as opposed to the Communist philosophy, but his service to his country in this testimony will stand out as one of the most gratifying examples of how former Communists can contribute to the elimination of Communists from inside the government.

SETS EXAMPLE

There would be less need of complicated security programs if those who know about Communist activities would cooperate with their government in telling the truth as did Burdett.

* * *

It so happens that Burdett was not a government employe. He never needed to fear a security check-up or any of the procedures through which government employes must pass. He didn't need to go before a congressional committee. But he voluntarily called on the FBI and told his story four years ago.

Was this enough? Burdett wrestled with his conscience and came to the conclusion that merely to tell the story in secret was insufficient. He felt he owed a debt to his country. He decided of his own accord to make his confession to a congressional committee so that the public might know all.

"I felt it was my duty to do so, he testified. "I want to do what is right."

These are "not private matters alone," added Burdett for they affect one's status as a citizen.

BENTLEY TESTIMONY

The Burdett story is important in many ways. For one thing, his sworn testimony now corroborates the story told by Elizabeth Bentley of her contact with Jacob Golos, a Soviet agent. Miss Bentley has been attacked by the "pinks" as unreliable, and the whole power of the Communist apparatus has been turned on her in an effort to discredit her testimony, just as was the campaign against Whittaker Chambers. The Communists have a well-established technique — they aim to discredit a government witness so as to weaken the entire campaign of the FBI and congressional committees against Communists.

It was Elizabeth Bentley who in 1945 turned up for the FBI the information about the Soviet spy ring and the late Harry Dexter White's connection with it. She told then of the activities of Golos. Now Burdett gives first-hand information which shows that Bentley was telling the truth.

Burdett was on the news staff of the Brooklyn Eagle in 1940 when he went abroad to do espionage work for the Communists. His newspaper didn't know of his connections. Burdett operated with the Communist apparatus in Finland, Rumania and Yugoslavia.

* * *

He went to Moscow to get instructions. America had not yet entered the war and Soviet Russia was at the time allied with Hitler. There was therefore no violation by him of American espionage laws. He broke with the Communists in 1942.

BREAKS SILENCE

So Winston Burdett could have kept quiet. He was under no compulsion, except that of a worried conscience, to come out in the open with the painful story of his experiences.

Sen. Eastland, Democrat, chairman of the Senate international security subcommittee, praised Burdett's stand and commended the Columbia Broadcasting System for its fine attitude toward an employe.

Then the senator called as witness some of the persons named by Burdett as having been in the same Communist unit with him in the Brooklyn Eagle. Some availed themselves of the Fifth Amendment privilege and refused to testify. It was a conspicuous contrast.

* * *

If there were more Burdetts, there would be less need for prolonged investigations by congressional committees. And the infiltration by Communists into the press, the church, the theater, the colleges and the government would have been far less extensive than it has been.

Burdett's heroic action could prove the turning point in inducing other Americans who have important information on espionage and Communist infiltration to come forth with their stories and performa a service to the government to which they owe allegiance.

Voice of the People

Leona Gould Warns Against Too Frequent Shots and Vaccines as Possible Danger

Letters will be condensed when necessary because of lack of space. Full name, address and telephone number of the writer must accompany letters but these will not be published if the writer so requests unless the letter is critical in its nature.

Within the physical body are bacteria. It is nature's way of consuming infectious germs that are the cause of human illness.

When more of the infectious germs are dominant in the body, then the individual falls heir to this type of illness. But the bacteria hold the infectious germs down to a minimum, keeping the form in fairly good health the year round.

When too many injections, shots, vaccines and so forth are used, they not only are a possible preventive from the disease itself, but also kill the bacteria, leaving the body open to more infectious diseases than hitherto known.

It is wise to safeguard the health if the people. Likewise it is well for the people to be on guard against dangers. Do not outdo science, by outdoing your own health, for your life is your own, and it is the only one you have.

Clarkston, Route 1

Needless TV Exposure Makes Discipline Hard

Parents certainly have a time keeping their youngsters on the narrow path, what with all the unnecessary exposure seen on some television actresses.

Subscriber

Hal Boyle Says:

Whatever You're Seeking You'll Find in New York

NEW YORK (AP)—The summer city of the world says hello and welcome.

New York City is officially at hand to the visitor.

I don't intend to tell you about the official program of entertainment that has been arranged for you. If you want that program, just write a letter asking for it and address it: "To the Mayor, New York City."

* * *

He'll attend to it, or we'll get a new mayor who will. He'll tell you all the 1,001 special attractions that make this particular summer the greatest in New York City's history.

They've gone to a lot of trouble to prove that this is a wonderful place to visit—after all, you don't have to live here—but if you have a sense of adventure you can throw away the program.

* * *

You never need a program to enjoy New York. I live here, and I know this—and, if you believe me, you can take my word for it.

Certainly New York gets hot on some days. It has a heat that can build up restlessness and discomfort, but usually within five days at most that heat will blow away.

* * *

It's a changeable town in almost every way. But no one man ever owned it or bought it. And if you bring a feeling to it that matches its size it will also enslave you.

They say it isn't America, but it is the most American city in the United States. The Statue of Liberty isn't in another port. It lifts its torch here.

* * *

New York City is fun, adventure and opportunity. It is also skyscrapers, culture and cruelty. But it is neither more cultured nor cruel than what you're looking for. It is you magnified, many many times.

Whatever you seek and don't find at home is probably here, or may be — and many things you aren't even looking for at all.

* * *

The higher Rome, the aspiration that made Athens a symbol, the sin of Babylon without its Babel.

Portraits

By JAMES J. METCALFE

When you think about your neighbors . . . Don't forget that you are theirs . . . That you ought to share a little . . . Of their burdens and their cares . . . Don't forget that they are people . . . And they merit your concern . . . So whenever they befriend you . . . Do some kindness in return . . . They have problems just as you have . . . And perhaps far greater, too . . . And they may be sacrificing . . . When they do some deed for you . . . Don't ignore your friendly neighbors . . . When you do not need their aid . . . You may have an obligation . . . That can never quite be paid . . . Even if you're not indebted . . . In the normal way we know . . . There is still your daily duty . . . Just to smile and say hello.

Let God do with me what He will, anything He will; and whatever it be, it will be either heaven itself, or some beginning of it—Mountford.

Case Records of a Psychologist

Don't Follow Up Child's Sex Questions With Explanations Too Difficult to Grasp

Toddlers enjoy the "ostrich" method of playing hide-and-seek, as outlined below, for their limited mental age prevents them from thinking involved ideas. That's why they ask, "Mommy, where'd I come from?" but don't follow up with more complicated queries.

By DR. GEORGE W. CRANE

Case 0-370: Rosalie F., aged 28, is a kindergarten teacher.

"Dr. Crane, I was interested in your advice on how to answer the questions of children," she began.

"I have noticed exactly what you said, namely, that they will ask 'Where did I come from?' before they inquire 'How did I get out?'

"And their final inquiry is 'How did I get inside mother's tummy?'

* * *

"There must be some reason for this sequence, so would you offer us the psychological explanation?"

MENTAL AGE

Curiosity depends on abundant vitality (health), plus a child's mental age.

* * *

A 3-year-old can thus wonder where he came from, but he doesn't have enough mental age to wonder the next step, and ask "How did I get into mother's tummy".

We psychologists learned this basic fact in 1905, when Dr. Alfred Binet printed his original IQ Test.

One of the test items for a normal 4-year-old, is to copy a square. He does it fairly well.

But ask him to copy a diamond which you have drawn on the paper, and he cannot do it.

To us adults, a diamond doesn't look much different from a square. It is also a four sided figure; but two of the angles are smaller (acute), whereas the other two are larger than those in a square (obtuse).

BRAIN DEVELOPES

Wait a full year and test that same child again. He copies the square with ease, for he did that at the age of 4 years. But he still cannot make a reasonable copy of the diamond.

So you delay another year until he is 6, and then ask him to copy the square which he does very well. But still he fails in trying to make a copy of the diamond.

SUCCESS AT 7

For it isn't until the normal child reaches the age of 7 years, that he can copy the diamond.

That means it requires 3 full years of mental growth before he can distinguish between the acute vs. the obtuse angles of a diamond.

You can thus perceive why he will ask, "Mommy, where did I come from?" when he is about 3 or 4 years old, yet not be able to phrase the next two questions, "How did I get out?" and "How did I get into your tummy?" until he has several years more brain growth.

When our children were at the toddler stage, they used to enjoy having Mrs. Crane and me play hide-and-seek with them.

OSTRICH GAME

And sometimes they'd sit on the davenport. Then they'd bury their head under a pillow, and want us to find them.

* * *

Well, their whole body was out in plain sight, but their limited mental age didn't offer enough elasticity to their imaginations to know that.

They couldn't see us, because of the pillow over their heads, so they assumed we couldn't see them!

Mrs. Crane and I would profess our wonder as to where they could be hidden and talk in loud tones. Finally we'd "accidentally" lift the pillow and they'd be so gleeful at having deceived us so long!

* * *

Toddlers everywhere relish this game. But when they have a few years more mental age, they realize it takes more than a head covering to keep them hidden from outsiders.

And so it is with the sex queries of children. They can't ask the more complicated questions till they attain more mental age.

Send for my bulletin "Sex Education from 2 to 20 years," enclosing a stamped return envelope, plus a dime.

Always write to Dr. George W. Crane in care of The Pontiac Press, Pontiac Michigan, enclosing a long 3c stamped self-addressed envelope and a dime to cover typing and printing costs when you send for one of his psychological charts.

(Copyright 1955)

Expect Fast OK on Funds for Military

WASHINGTON (AP) — Congressional leaders looked for quick approval today of a compromise defense money bill carrying nearly 32 billion dollars of new funds.

The biggest annual appropriation, while short of President Eisenhower's budget requests in some respects, contains 46 million dollars more than he asked for the Marine Corps. This amount is intended to prevent a gradual 22,000-man cutback in the recent 215,000 strength of the Leathernecks during the bookkeeping year starting tomorrow.

* * *

The Senate by a 40-39 vote added 46 millions to keep the Marine Corps at present levels, and the amount was retained in a Senate-House compromise worked out by conferees late yesterday. The defense budget in effect approves a larger manpower cutback ordered for the Army in the coming year.

The compromise carries 356 million dollars more than was voted by the House to speed up production of the Air Force's long range heavy jet bomber, the B52.

Smiles

One of the nicest things about TV is turning it off to get real peace and quiet.

A reign of irritation for the driver always results from the hail of the hitchhiker.

The average young man can hold his own in dancing, says a teacher. But, why so close?

Some people are wonders at talking and that's when wonders never cease.

An attendant in a boxing ring fell against a ring post and cut his forehead open. A split second!

A New York youngster of four speaks five languages. Most babies speak ten or twelve.

You might just as well get used to that noise around the neighborhood. School's out!

If golf interferes with your work, men, get a job as boss.

An Ohio man was arrested for having one open bottle of liquor in his car. How easily the judge made a case of it.

Can't you just imagine how thrilled the cows are that June has been proclaimed dairy month in New York State.

Chamomile Tea and Salt Relieve Varicose Ulcers

By WILLIAM BRADY, M.D.

A reader says he has been told Hungarian chamomile tea is good for varicose ulcer. He tried it, and it healed an ulcer on his ankle which his doctor had treated with various salves without success.

Now the man's wife is drinking chamomile tea—Hungarian, probably—which she says the old-timers used for babies' upset stomach when grandma was a filly. It seems to do her good too!

In the pamphlet Varicose Veins and Vericose Ulcer, available on written, signed request if you provide stamped, self-addressed envelope, I say:

A simple home treatment that gives much relief and speeds healing of varicose ulcer is salted chamomile tea.

TEA RECIPE

Steep a handful of dried chamomile flowers (called variously Hungarian, German, English, Roman) in a quart of water in which two level teaspoonfuls of salt is dissolved.

* * *

Keep the raw surface constantly covered with gauze (washed cheesecloth) compresses or folds wet with the tea, for 48 hours or longer.

At night cover the wet dressing with waxed paper or other waterproof material to keep clothing dry. This chamomile tea dressing is especially soothing when ulcer is painful.

There's no harm in the habit of indulging in a dish of tea—green, black, oolong, cambric or chamomile—when one of the neighbors drops in with a spicy bit of gossip, but I do not recommend it.

GOOD FOR BURNS

A wet dressing of green or black tea is excellent for burns, as an emergency dressing or as a regular daily treatment. A handy preparation for first aid application to burns is a salve containing 10 per cent tannic acid (the astringent in tea) and 0.5 per cent chorbutanol, a local anesthetic and antiseptic.

Various agents for the prevention and treatment of sunburn are described in Little Lesson No. 14. The Medicine Cupboard, for which send 25c and stamped, self-addressed envelope. Yahbut it takes considerable fuel to keep my pipe going on the bowling green.

Signed letters, not more than one page or 100 words long, pertaining to personal health and hygiene, not to disease, diagnosis or treatment, will be answered by Dr. William Brady if a stamped, self-addressed envelope is sent to the Pontiac Press, Pontiac, Mich.

Indulgent Mother Given 'Indulgence'

DETROIT (AP) — Mrs. Margaret Hamilton, 37, has been writing bad checks for some time but no one wanted to prosecute her because she has 15 children, police said.

* * *

Police reluctantly charged her yesterday with writing a worthless $40 check to buy groceries.

Lt. Walter Chlopan of the bogus check detail said he had warned her that "next time he would prosecute."

* * *

Her husband Charles, 38, a plant guard who makes between $6,000 to $7,000 a year, said, "Margaret is the kind of a mother that just won't let her children lack for anything." He estimated his wife's penchant for writing checks had cost him $3,000 in the past 10 years.

Rules That Heir Shot Friend in Self-Defense

LOS ANGELES (AP) — Superior Court has ruled that Julian A. Hammer, 26, son of a New York millionaire, shot a long-time friend, Bruce Whitlock, 28, in self-defense.

Judge David Coleman dismissed a murder charge against Hammer yesterday.

Hammer, son of Armand Hammer, manufacturer and art gallery owner, told detectives that he shot Whitlock during an argument May 8 over a gambling debt dating back to when they were roommates in Huntington, W.Va., 10 years ago.

Airman Clawson Recovering

Red-Downed Navy Fliers Claim 'Neutrality Zone'

ANCHORAGE, Alaska (AP)—The Navy Neptune shot down by Russian attackers over the Bering Sea last week was over international waters and two Russian MIGs took part, crew members say.

First interviews allowed with the seven painfully burned and wounded fliers yesterday bore out, with colorful detail, the terse State Department description of the international incident a week ago. Their crippled plane crash-landed and burned on St. Lawrence Island a week ago yesterday and the 11 aboard scrambled to safety, with four soon returning to duty.

Among the injured crewmen is 21-year-old Charles L. Shields of Clawson, Michigan, who suffered serious hand burns when the returning plane crash-landed and burst into flames.

Ens. David G. Essard, Terrymille, Conn., the navigator who charted the plane's course on its routine mission, put it:

"I know damned well we weren't within Russian bounds when we were fired upon."

* * *

Aviation Ordnanceman Donald E. Sonnek, Minnesota Lake, Minn., said:

"I was looking out of one of the two windows in the aft station when I suddenly saw this Russian plane. It was firing tracers. Sure, I knew right off it was a Russian plane."

He had no time to shout a warning before a bullet ripped into the ship.

"There had to be another MIG," he said, "because the bullets came from a different side than where I saw the plane firing the tracers."

He admitted, however, he saw only one Russian plane.

* * *

The seven men, talking from wheel chairs and their beds at the Air Force base hospital here, gave high praise to Lt. Richard H. Fischer, Pittsburgh, Pa., and Aviation Machinist Mate Thaddeus Maziarz, Oakland, Calif.

Maziarz, who fed fuel to the one good engine from leaking and burning gas tanks to bring the crippled ship in for the crash-landing, had little to say.

"My first thoughts when we were hit were, 'If I could only get a chance to get at one of our guns . . . .'" he said. "But he knew he was needed on the fuel line.

The seven men will be flown to the States for further medical treatment.

Last week in San Francisco, Soviet Premier V. M. Molotov expressed his government's regret for the shooting down of the plane and said Russia was willing to pay half the damages.

The New York Times today quoted "authoritative sources" as saying United States air patrols in the Bering Sea have been suspended temporarily, apparently because (1) officials were trying to fathom Russian motives in shooting down the plane and (2) also studying possible measures for protecting slow-flying planes in the future.

Cap Gun Holdup Attempt Backfires on Woman, 21

FLINT (AP)—This was a cap gun robbery that backfired.

Sarah Falbo, 21, walked into Baker's drug store here last night and asked for a bottle of aspirin. When the clerk turned his back she said:

"Drop them. Open the thing (cash register). This thing is real. It worked before."

But when James Russell, another clerk, walked up, she hurriedly stuffed the gun in her purse and left, saying "I guess it didn't work."

Russell chased her out of the store and caught her before police arrived.

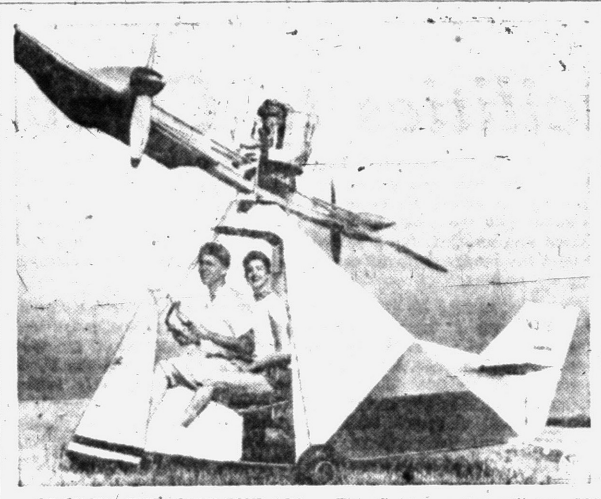
Police said the gun was an ordinary dime store cap pistol.

Quits Job for Another Job—at the Same Place

CHICAGO (AP)—Karl P. Schmidt will retire today—to take a full-time job at the same place.

He is chief curator of zoology in the Chicago Natural History museum and has been a member of the museum staff for 33 years.

In retirement, he will drop all administrative duties and devote his time to research on reptiles and amphibious animals.



IT FLIES THROUGH THE AIR — This flying scooter will tote 380 pounds through the air for 120 miles, according to the designer. Fueled on premium auto gas mixed with oil, the simple, light helicopter is being made by a Raleigh, N. C., firm, whole or in kits for the do-it-yourselfers. Twin propellers facing in opposite directions spin the 29-foot rotor, which drives the little plane at 60 m. p. h.

Capmaker Placed on Navy Blacklist

WASHINGTON (AP) — The Navy yesterday blacklisted Sol Schlesinger's Idgal Uniform Cap Co., of Freeport, N.Y., because he refused to give senators his records.

Schlesinger on June 23 declined to let the Senate Investigations subcommittee see the company's books and records. It had sought them in its search for evidence of graft in the purchase of armed forces uniforms.

Schlesinger pleaded that the records contained information which "might tend to incriminate me."

But he insisted he had paid no bribes to get government contracts.

The Navy said it was canceling Schlesinger's contract to manufacture 50,000 blue sailor caps.

In the great meteoric shower of Nov. 13, 1833, observed in eastern North America, it was estimated that 200,000 shooting stars were observed from one place between midnight and dawn.

Lakes Project Affects Nation

Inter-Lake Deepening of Seaway Channels to Benefit Entire Country

WASHINGTON (AP)—N. P. Danielian, president of the Great Lakes-St. Lawrence Assn., today told Congress proposed deepening of the channels connecting the Great Lakes is of national rather than local significance.

* * *

In testimony prepared for a House Public Works Subcommittee considering legislation to authorize deepening the channels in the lakes west of Lake Erie to 27 feet, Danielian said:

"Twenty-seven and a half per cent of all waterborne tonnage of the United States and 64 per cent of all the ton-milage in inland waterways are carried on the Great Lakes.

"Eighty to 85 per cent of the iron ore required by our steel industry comes down the lakes and much of the grain traffic that moves east, and for export, from the northwest in Canada and the United States, move on this waterway."

As the final day of the 2-day session was called, no opposition had appeared to the 110-million-dollar project which would include work in the St. Mary's River, Straits of Mackinac, St. Clair River, Lake St. Clair and the Detroit River.

NO OPPOSITION

Chairman Blatnik (D-Minn) told a newsman no opposition witnesses had asked to be heard.

This was in sharp contrast to the decades of opposition which blocked until last year Congressional approval of the St. Lawrence Seaway.

The Seaway, scheduled to be completed in late 1958, was authorized at a cost of 105 million dollars. The seaway, however, will provide the deep channel only from Lake Erie east through the St. Lawrence River.

Deep draft vessels could not go all the way into the western Great Lakes unless the channel deepening work is undertaken. Present downbound channels are 25-feet deep while upbound channels are 21 feet.

Danielian was one of those who fought for years for the seaway.

Deeping of the channels will achieve two contributions to United States industry in case of mobilization, Danielian said.

* * *

The Army Engineers have based their justification for the channel work on commerce plying the Great Lakes alone without reference to any additional traffic that will be developed when ocean going vessels enter the lakes from the Seaway.

Reuther Tells How Union Won Lay-Off Pay

By SAUL PETT

DETROIT (AP)—How do you get a major economic concession, such as a guaranted layoff pay, from industry?

You keep maneuverability, says Walter Reuther.

And now that you have this, what's in the future?

Among other things, a 32-hour four-day week, and further in the future, work that is a sort of hobby for the laboring man, who will be preoccupied with culture.

* * *

The perpetual twinkle in Reuther's blue-gray eyes can be interpreted in several ways.

You might see in it a sense of amusement. Or continuing optimism and self-confidence. Or a challenge to a battle of wits. Or a sense of triumphant mischief.

Whatever the interpretation, the twinkle in the eyes of the president of the CIO United Auotmobile Workers and the CIO brightens as he discusses the art of collective bargaining, in which he is an acknowledged virtuoso.

He takes his text from recent negotiations in which the UAW-CIO pushed open an historic door and came out with the principle of guaranteed layoff pay, which assures a worker some income when, through no fault of his own, he isn't working. Reuther still refers to it as guaranteed annual wage (GAW), although what the union won from Ford and General Motors provides layoff pay for only part of a year.

* * *

"The art of collective bargaining," said the red-headed labor leader, "is truly the art of timing and maneuvering.

"You have to know when to move. By maneuver, I DON'T MEAN COMPROMISE. I mean the ability always to leave yourself elbow room.

* * *

"General Motors," he said, "had no maneuverability. They were so certain they wouldn't have to yield on the GAW thing in any form they hadn't done their homework. So, after Ford gave us the principal had to grab the Ford package in a hurry. They had no time to make any changes.

"Now, go back to Ford. Ford offered us a stock purchase plan. We immediately saw it was the same as the one GM had offered, and we rejected it. Yet, Ford thought they had us in a box. But within 30 minutes, I had already figured how we'd get out of that position.

"Ford's strategy was this. Their 'partnership in prosperity' package was so attractive, they thought, it would divide the union membership from its leadership and everyone would forget about GAW.

"Now, here is where young Henry Ford made his first mistake. He refused my invitation to address a union meeting and tell about his plan. His second mistake was to write me a letter suggesting that the Ford proposal be put to a secret vote."

* * *

At this point, Reuther said, Ford was trying to get a vote between a positive and a negative—between its plan or a strike. Ford, Reuther said, indicated it was ready to 'take a six-year strike if its stock plan wasn't accepted."

"They thought they had us in this box," he continued. "But here is where we had to maneuver. We had to change the situation so that it would be a choice between two plans—theirs and ours—and not a choice between theirs and a strike.

* * *

"So I said to John Bugas (chief Ford negotiator), 'We're both interested in greater security for Ford workers, aren't we? He said yes. I said, 'You're convinced the Ford workers prefer your plan, right? He said yes. I said, 'All right, let's put it to a vote, your plan or ours, in a secret vote conducted by the Honest Ballot Assn. or some other independent outfit.'"

Reuther's smile broadened, his twinkle brightened.

"Well," he said, "that paralyzed them for 30 hours. Not a word for 30 hours. Then they forgot about the vote."

The interview in Reuther's bright, modern office, now turned to the future. When contract renewal time rolls around again in three years, will Reuther try to push the door open for a 30-hour week?

"We'll shoot for a shorter week," he said, "but how much shorter is impossible to say now. These things can't be arbitrary. We are not a narrow pressure group seeking advantage at the expense of others in the community. A shorter work week must flow from the fact that science and technology will have given us tools to create greater wealth with less effort and time."

* * *

"Personally, I'd favor a four-day 32-hour week over six hours a day, five days a week. Then you begin to give people the real benefits of progress through a longer weekend."

When will labor cease asking for more? When will it be convinced it has won its fair share?

"That," Reuther said, "is like asking when the human race will be satisfied it has made enough progress. Labor, like other people, will continue to seek the good life. If science and technology make more possible, labor will seek to share in the increased abundance."

* * *

Reuther was then led into the distant future. What, for example, will the life of the laboring man be like in the year 2000? The question appealed to him and he took off, soaring.

"The possibilities of human progress are as unlimited as the creative genius of the free human spirit. We are now approaching a point where man becomes less an economic being and more a cultural being.

"In the future, it's possible that the average worker will spend less time making Fords, say, and more time working on a concerto or a painting or scientific research. Today a guy bucking the Ford assembly line is not expressing anything of his individual personality. Relieve him of the problem of taking wrinkles out of empty stomachs and he'll be free to become creative."

Elm Disease Strikes

PORT HURON (AP) — Officials of the State Agriculture Department conferred with city officials today over an outbreak of Dutch elm disease. More than a dozen trees were reported infected.

Enforce Fireworks Ban

BENTON HARBOR (AP) — A police crackdown on illegal sale of fireworks was ordered after a man was cut on the back by a fragment of a "cherry bomb" set off behind him by two boys. Officers confiscated 11 of the firecrackers from the boys.

Army Starts Shift of Two Divisions

FT. RILEY, Kan. (AP)—The spearhead group in Operation Gyroscope rolled eastward today on the first leg of a journey to Germany.

The operation is the largest peacetime rotation of Army troops. When completed by December, the 10th Division of Ft. Riley will have traded places with the 1st Division in Germany.

The exchange involves about 35,000 soldiers and their families.

The group leaving Ft. Riley by train yesterday totaled 500. Nine other troop trains will leave between July 4 and 16 carrying a total of 6,000 persons to New York, from where they will leave for Germany by ship and plane.

Here Is No. 17

'Bonanzagram'

Have Fun! Win $100!

"Bonanzagram" is an exciting new puzzle in which the Pontiac Press offers both fun and a $100 cash prize. BUT before you try your hand at "Bonanzagram" **be sure and read the rules** at the bottom of this page. Solution will appear in the Press July 8.

CLAIM CHECK

Below is a duplicate of the "Bonanzagram" entry you send in to contest headquarters. It is ESSENTIAL that you fill it in and save it until the correct solution to "Bonanzagram" No. 17 is published Friday, July 8. Unless you do so, you will be unable to collect the prize if you should send in a winning solution. Check the rules below for further details.

Bonanzagram No. 17 Story Clues

Late one hot summer evening, an excited woman telephoned the police station to report that her husband was missing. He had left for work earlier than usual that day, but had never arrived there and no one had heard from him since. The officer assigned to investigate could not get much information from hte worried wie. He did learn that neighbors conidered the couple ideally happy, although they frequently had loud arguments about unimportant matters. In the course of looking over the pleasant little home, the officer found in a scrap basket a handful of small pieces of paper. They were pasted together, and showed that the missing man had made an effort to leave a note for his wife. A number of letters were unreadable, but by filling them in properlf, an explanation of the man's disappearance was found. Can you, too, decipher the pasted-together note?

How To Play 'Bonanzagram'

Solve the "Bonanzagram" by filling in all the missing letters, as indicated by the underscores, in the message. Insert only one letter above each underscore. Many clues to the missing letters are hidden in the story, or anecdote, accompanying the message itself, and, in a few cases, the contestant's general knowledge should provide the correct letter. The contestant will note that the message is unpunctuated. Punctuation will help solve the message but is not necessary to win.

All missing letters must be correctly inserted to win a Bonanzagram prize. Punctuation will not be considered in judging a correct answer.

When properly filled in, the "Bonanzagram" will spell out a clear message that will conform in every way with the clues. In many cases it will seem that more than one word would be the correct one. That's part of the fun! You should weigh the clues and select the BEST possible word in each case.

How to Submit Entries

1. After solution is completed, "Bonanzagram" should be clipped and pasted to a two-cent postcard with your name and address.

2. Entries will be received at the Pontiac Press office, 48 W. Huron St., until 5 p. m. Tuesday, July 5. Mail entries must be postmarked before midnight Tuesday, July 5 for Bonanzagram No. 17. Address "Bonanzagram, % Pontiac Press, Pontiac, Mich.

3. Entries may be mailed in envelope but contestant's full name and number of puzzle must be printed in upper left corner of address side of envelope.

4. Copies of the Press need not be purchased to enter. Facsimiles made by hand and corresponding as closely as possible to the original "Bonanzagram" printed in the Press will be accepted but are limited one to a family. Mimeograph, duplicator or other unofficial mechanical reproduction is forbidden.

How to Collect the Prize

The entrant must work out and keep duplicate solution as a claim check. When the solution is published in the Press, he should compare his "claim check" with the published solution, and, if his claim check is identical, he should call in person with his claim check at the Press office, 48 W. Huron St., before 5 p. m. on the Monday following publication of the solution.

If a winner cannot call at the Press office in person, he should mail his solution to "Bonanzagram Editor." This letter must reach the Press not later than 5 p.m. the Monday after publication of the answer. Correct answers are void unless the contestant reports his claim by the deadlines listed here.

About Eligibility, Information, Etc.

1. Anyone is eligible for the "Bonanzagram" contest except employes of the Press and members of their immediate families. (Immediate family means all those living in an employe's household.)

2. No question as to winners will be answered by phone.

3. The Press will award a prize of $100 to the winner of each weekly Bonanzagram. If more than one winning answer is received, the prize will be divided equally among the winners. If no correct solution is received, the $100 will be added to the next week's prize. If the winner is a subscriber of record to the Press a $20 bonus will be added to the $100.

4. Only one winning entry from a family will be eligible for the prize, but there is no limit on number of entries.

5. The Press retains the right to correct typographical errors.

6. Judges' decision will be final and contestant's submission of entries indicates acceptance of these rules.

7. No liability is accepted for entries that fail to reach us.

8. The Press reserves the right to alter rules and/or discontinue the contest at its discretion.

Filipinos Eying Fiesta Problem

Big Celebrations Lead to Economic Disaster for Poorer Hosts

MANILA (AP) — The fiesta, a gay national pastime, may be on its way out.

There is a growing feeling among serious - minded citizens that fiestas are not helping the country's economy. Rivalry among host villages or towns has led to excessive spending.

* * *

Fiestas have meant gaiety, music, balls and abandon. To the average Filipino, the birth of a child, an early rain or recovery from illness is sufficient excuse to hold a fiesta. But the custom has sent many a man to the pawn shop. Few will admit the last party reduced them to their last centavo. None will say they are in debt because of merrymaking.

* * *

The Filipino, noted for his boundless hospitality, would require little persuasion to spend a whole year's savings on one day of merrymaking. Many will count their guests and try to outdo themselves when the next fiesta comes around.

A successful town fiesta may include the importation of three bands from Manila, invitations to movie stars and big-name basketball teams. Who foots the bill? The wealthy trader as well as the poor farmer.

* * *

Civic leaders long have recognized the evils of fiestas. But they have had a tough time trying to convince the friendly people to curb their sprees. Officials believe legislation may be necessary.

Experts say the safest way to remove a fishhook which has become embedded in your flesh often is to force the point out through the skin and cut off the barb with a sharp pliers.

U.N. Advocates Crop Insurance for All Farmers

ROME (AP)—The U.N. Food and Agriculture Organization would like to see more farmers take out crop insurance.

The insurance plan seems to be working in Russia, where it is compulsory, and has shown steadily increasing benefits in the United States, and is being planned for Ceylon, Colombia, India and Mexico, FAO reports.

"Uncertainty of crop yields is one of the basic risks which every farmer has to face," an FAO survey says, adding:

"The great merit of insurance as opposed to relief and concession, is that the insured farmers, in case of loss, can claim indemnities as a matter of right.

"Secondly, what is of even greater importance, is that the losses are shared, wholly or partly where the government undertakes to have a share by the farmers themselves.

"Crop insurance thus spreads the losses geographically; that is, losses suffered by a few in particular locations are borne by many scattered over wide areas."

Mormons settled in Utah in 1847.

Rochester Approves Road Improvement for 13 Streets

Council Scores Gasoline Costs

Resolution Asks Probe of Prices Charged in State Service Stations

ROCHESTER — The Rochester Village Council gave the green light to the sealcoating of 13 streets at its meeting this week.

Streets to be double sealcoated are East Third between Water and the east end; east Fourth from East street to east end; Water street between Third and Fourth; Mill street; Parkdale street.

Others are Pine between Second and Fifth; Second between Pine and Wilcox; Taylor between Fifth and First; Wilcox between Third and First; West Third between Wilcox and Helen.

Prime and double sealcoating was approved for First street from Helen to west end; Mahaffy from Northwood to west end, and Baldwin from the overhead bridge to 305 feet north.

PROTEST GAS COST

Another resolution protested the high gasoline cost in Michigan and urged a state investigation begin.

Copies of the resolution were ordered sent to Gov. G. Mennen Williams, State Rep. Richard Van Dousen and State Senator William Broomfield.

The council resolved to make a check on whether an order by the state fire marshall to eliminate fire hazard at the Rochester Hotel had been complied with.

In other action, a supplement to the 1953 electrical code requiring 100-ampere service was approved.

Approval was also given for transfer of tavern and SFM licenses of Rudy's Bar, 423 Main St., to Claude H. and Gladys Shepard of Belleville.

Texas Idle Draw Names for Work

ALICE, Tex. (UP) — Jobs are pulled out of a hat here every morning.

County Commissioner W. R. Perkins says he used to have a problem because there were so many applicants for temporary laborers' jobs every week. He solved it by placing the names of all applicants in a hat and pulling out as many as were needed.

"We have about 100 applicants for jobs every Monday morning," said Perkins, "with only 7 to 10 jobs available."

He said the only qualifications for the laborers' jobs, which pay $22.50 a week, are that an applicant "must be needy, have a family and live in the precinct."

Perkins called the hat system "the most fair and just way of hiring men that we have found."

Painters Give Cripples a Real Housewarming

ALTUS, Okla. (UP) — Mr. and Mrs. Raymond Ballew, local couple confined to wheelchairs, received a housewarming from the local painters union when they moved into their new home.

The painters—about 10 of them—pitched in and completely painted and decorated the interior of the house with materials provided by the union.

The work was done in their off-duty hours over a three-week period.

A. FLOYD BLAKESLEE

A. Floyd Blakeslee Resigns State Post

A. Floyd Blakeslee today announced his retirement as an assistant state Attorney General, effective July 1.

He has served the State for the past 16 years, assigned to the State Highway Department. He has handled the legal side of most of the Edsel Ford Expressway and the Toledo-Detroit Highway condemnations.

He plans to resume the practice of law, in association with Carlton S. Roeser, with offices in the Community National Bank Building. Blakeslee began his law practice in Pontiac associated with his father in 1913. He served as prosecuting attorney from 1921 to 1924, inclusive.

Twins Convene; 'Doubles' Officers at Recent Rally

ROCHESTER—At a recent convention of the Annual Michigan State Twins Association at Grand Rapids, two Rochester men were among officers elected by the group.

Jacob B. and John B. Oumedian were chosen co-presidents, Darleen and Marilyn Fritz of Bay City as co-vice presidents and Mrs. Beulah Thuma of Charlotte and Mrs. Eula McConnell of Eaton Rapids are the co-secretaries.

Robert and Richard Tanniswood of Rochester have assumed the post of co-treasurers.

The Oumedia brothers helped organize the group in 1947.

Holly Plans Parade to Usher in Fourth

HOLLY—The July 4 celebration will open with a parade to assemble on Airport Drive and proceed to the Bush Lake municipal beach via Saginaw, Maple and Park streets at 10 a.m.

Most of the day's festivities will be at the beach, where a queen will be selected and crowned, and a sports program held.

Races of almost every description, both on land and water, will be featured.

An ox roast will continue through most of the day. Activities will continue up to the close of the fireworks display late in the evening.

Train Travelers Riding Higher Than Luggage

CHICAGO (UP)—Passengers on "Hi-Level" railroad cars presently in service on at least one line operating out of Chicago ride higher than does their luggage.

* * *

The Santa Fe railroad has announced it will equip an entire train between Chicago and Los Angeles with the cars by mid-1956. The road has been testing the equipment for some time.

Passengers ride in seats on the upper decks of the cars, eight feet above track level, and with spacious windows.

Luggage is placed on shelves on the lower levels and unloaded at stations through a separate opening in the side of each car, leaving upper level exits clear for passengers.

The cars are two feet higher than conventional equipment. Vestibules are eliminated and passengers are able to step directly into the cars—through doors in the sides of the coaches—from platform level, mounting to the upper level by stairways inside the coaches.

* * *

In dining cars, passengers will eat on upper decks and kitchen work will be confined to lower levels.

Farmington Man Dies After Crash in North

FARMINGTON—Douglas L. Gerber, 21, of Farmington, died yesterday of injuries suffered Saturday when his car overturned on him near Higgins Lake in Roscommon County.

Two passengers, James Berger, 21, of Detroit, and Gerald Cory, 21, of Flint, are still hospitalized with injuries suffered in the crash.

Dublin School to Hold Annual Meeting July 11

WHITE LAKE TOWNSHIP—Annual meeting of the Dublin School District No. 7, will be held July 11 at 8 p.m. One trustee will be elected, with the term of Carlton Richmond expiring.

Annual reports will be given.

MR. AND MRS. ARTHUR SCHEUERLEIN

Oxford Newlyweds Plan to Live at Lake Orion

OXFORD — Palms and lilies formed the setting for a marriage ceremony Saturday which united Nancy Ann Steelman and Arthur Scheuerlein at Holy Cross Lutheran Church. Some 125 guests were present.

Nancy is the daughter of Mr. and Mrs. Henry Damrow, 15 Pontiac St., Oxford. Mr. and Mrs. Alvin Scheuerlein, 11 Crawford St., are Arthur's parents.

The bride wore a white tulle strapless gown, fashioned with a long lace coat, and she carried a white orchid surrounded with stephanotis.

Maid of honor was Elizabeth Scheuerlein, the bridegroom's sister. Rhoda Senger of Detroit and Carol Sattelmeier of Grosse Pointe served as bridesmaids.

Arthur Salerno of Lake Orion was best man. Ushers were Richard Kruse of Detroit and Richard C. Hinz of Lake Orion.

Following a reception in Veteran's Hall, Oxford, the new Mrs. Scheuerlein and Arthur left for a northern Michigan wedding trip. On their return, they will make their home at 1318 Maplepoint, Lake Orion.

County Deaths

Norman Rader

CLARKSTON—Service for Norman Rader, 16, of 8992 Davisburg Rd., will be held at 2 p.m. Friday from the C. F. Sherman Funeral Home in Ortonville. Burial will be in Ortonville Cemetery.

Dr. Milton Goss

UTICA—Service for Dr. Milton Goss, 74, of 39576 Utica Rd., Sterling Township, who died early Tuesday, will be held at 2:30 p.m. Friday in the Schwarzkoff-Milliken Funeral Home, Utica. Burial will be in Forest Lawn Cemetery, Detroit.

Surviving are one daughter, Mildred Osborne of Utica; a brother, Ralph Goss of Youngstown, Ohio; two grandchildren and one great-grandchild.

Henry Ditteon

HOLLY—Service for Henry Ditteon, 8703 Bridge Lake Rd., Clarkston, who drowned Tuesday afternoon in Groveland Township, will be held at 2 p.m. Saturday in the Dryer Funeral Home, Holly. Burial will be in Lakeview Cemetery, Clarkston.

Surviving are two brothers, Robert and Floyd Ditteon, both of Anderson, Ind., and one sister, Lorenda Ditteon, of Anderson.

Stuart J. Rhodes

WHITE LAKE — Requiem Mass for Stuart J. Rhodes, 68, of 8541 Elizabeth Rd., will be said at 10 a.m. Saturday at St. Patrick Catholic Church, Oxbow Lake, with burial in Roseland Park Cemetery, Berkley. Rosary will be recited at 8 p.m. Friday at the Sawyer Funeral Home, Berkley. Mr. Rhodes died suddenly Tuesday.

He leaves his widow, Mildred; a brother, Ord of Detroit, and a sister, Mrs. Maude Hunwick of Ferndale.

County Calendar

White Lake Township

St. Patrick's Church will hold its weekly fish fry from 4:30 to 8 p.m., Friday, in Parish Hall, Round Lake and Union Lake roads.

Cycle Victim Funeral Rites

William Laur Service to Be Held Saturday in North Branch

NORTH BRANCH—Funeral service for William Francis Laur, 20, of 5701 Laur Rd. will be conducted at 2 p.m. Saturday in the Blackburn Funeral Home here.

Laur, critically injured in a motorcycle accident Tuesday night, died yesterday in Lapeer County Hospital.

Police said Laur lost control of his cycle on Hickory Drive near Barnes Lake, ran into loose gravel and overturned. He was catapulted from the cycle.

An outstanding high school football player, he had worked with his brother on his farm since graduation.

Surviving are his parents, Mr. and Mrs. Francis Laur; one brother, Duane at home; two sisters Elaine of Flint, Mrs. Marjorie Albrecht of Detroit.

Burial will be in West Deerfield Cemetery.

Tax Notices Mailed at Keego Harbor

KEEGO HARBOR—The summer tax notices are being mailed today.

They are payable July 1 through July 31 without penalty. After that there will be added a two per cent penalty along with interest at the rate of one-half of one percent for each month or fraction of a month between Aug. 1 and date of payment.

To Stay Open Fridays

ALMONT—After July 1, village businessmen will remain open on Friday evenings. The establishments will close at the usual time on Saturdays, however.

Wilma Inglehart Is Wed in Lutheran Church Rite

MILFORD—Wilma Inglehart became the bride of Lewis J. Fitzgerald in an evening ceremony held Saturday in the Grace Lutheran Church.

The bride's parents are Mr. and Mrs. Elmer Feigley of Milford and his parents are Mr. and Mrs. L. C. Fitzgerald of Drayton Plains.

The bride approached the altar in a floor length gown of nylon fashioned with a fitted bodice and featuring a front panel of rosepoint lace. A crown of sequins and pearls held her fingertip length veil of silk illusion. She carried a bouquet of white roses.

Serving as matron of honor was Mrs. Robert Brown, and bridesmaid was Tish Fitzgerald, both sisters of the bride.

Serving as best man was Donald S. Smith Jr., and ushers were Kerry Keating, Larry Wigner and Dominic Tenuta.

A reception followed the ceremony in the church Fellowship Hall.

Upon return from their wedding trip, the newlyweds will reside in Ann Arbor.

MRS. LEWIS J. FITZGERALD

Rochester Man Serves 40 Years; Retiring Today

ROCHESTER—Walter G. Smith, 439 Parkdale, Rochester, is retiring today after 40 years with the Ferry-Morse Seed Co., at the Oakview Seed-breeding Station Branch here.

Men of the company plan a party to be held tomorrow night at the residence of Gilbert Bentley, assistant superintendent at Oakview.

Smith will be given an award honoring his many years of service.

The Belgian Congo is larger than all the U.S. territory east of the Mississippi River.

Cancel Planning Meet

ROCHESTER—The Rochester-Avon Oakland Area Planning Commission meeting scheduled for last night was canceled by the President, Frank R. Chapman, and will be held July 6, at 7:30 p.m.

Carver School Head Is Granted Hearing

ROYAL OAK TOWNSHIP—Walter Buffington, superintendent of George Washington Carver School Board, will be given a chance to defend himself against charges brought against him at a public hearing at 10 a.m. Saturday in the school library.

Buffington said today that he had received a letter advising him of the hearing, but that he wasn't sure he would attend.

At a noisy board meeting Tuesday night, the school board voted Buffington guilty of charges that he was unfit to be superintendent of Carver School.

Drayton Cub Pack Holds Family Night Campfire

DRAYTON PLAINS — Families and friends of the Drayton Plains Cub Pack 52 will join the family picnic and campfire this evening at Pontiac Lake Recreation Area, winding up Day Camp activity.

The Scouts, being directed by Louis Gilson, council Scout and Cub leader, have been camping the past three days in the area. Cubmaster for the group is Kirk Francis.

Grains Steady; Rye Most Firm

CHICAGO (AP) — Most grains held around steady on the Board of Trade today with rye showing the most firmness.

Soybeans showed declining tendencies, and lard, after opening firm, slipped to around previous closes in pace with the lower market for live hogs.

Clearing weather in the southwestern winter wheat harvest area gave an easier tendency to nearby contracts of that grain while the distant contracts again were relatively stronger.

Wheat near the end of the first hour was ⅜ lower to ½ higher, July $1.98⅝; corn was ¼ higher to ⅜ lower, July $1.43¼; oats were ⅛ to ⅜ lower, July 64⅞, and rye was ¾ to ¾ higher, July $1.02. Soybeans were unchanged to ¾ lower, July $2.42¾, and lard was 3 cents higher to 2 cents a hundred pounds lower, July $11.77.

Grain Prices

CHICAGO, June 29 (AP) — Opening grain:

Wheat		Sep	.65
July	1.97¾	Dec	.67½
Sep	2.00⅛	Rye	
Dec	2.02⅛	July	1.01¼
Mar	2.02⅛	Sep	1.04
May	1.97½	Dec	1.06¾
Corn		Mar	1.10½
July	1.42¼	Lard	
Sep	1.40¾	July	11.65
Dec	1.34	Sep	12.00
Oats		Nov	11.20
July	.64⅞		

U.S., Germany Sign Agreement

Bonn to Receive Vast Amounts of Equipment for New Forces

BONN, Germany (AP) — The United States and West Germany today signed a military assistance agreement under which the Germans will receive hundreds of millions of dollars of American equipment for their new armed forces.

* * *

The agreement calls for the United States to provide equipment, materials and services to help West Germany build up the 500,000-man force promised to the Atlantic Alliance.

West Germany in turn pledged that it will use American aid to promote "an integrated defense of the North Atlantic area in accordance with defense plans formulated" by the North Atlantic Treaty Organization.

U. S. Ambassador James B. Conant and West German Foreign Minister Heinrich von Brentano signed the agreement.

The United States will set up a military assistance advisory group in Bonn to supervise the distribution of American weapons.

* * *

The U. S. Embassy, in its announcement, said:

"The agreement follows closely the general pattern of the mutual defense assistance agreements under which the United States is supplying other NATO countries with military assistance pursuant to the Mutual Security Act of 1954."

Avoid the Altar and Live to Be as Old as Gus

PORT ARTHUR (AP)—Be altar shy and live to 105, advises Gus Rodney who claims to be well past the century mark.

He believes he is 105 years old, although the specific day of the year he was born is a mystery to him. But there are many men here, in their 70s who remember Gus from their childhood as a full grown man.

Gus likes to talk about the time he nearly got hooked. He regards his escape from matrimony as a major achievement and a prime factor in achieving ripe old age.

"I did know a girl once I sort of had my eye on, but the other eye wandered at the right moment and I got out of that fix," he said.

He attributes the fact he still has his own teeth and a full stock of white hair to his freedom from women.

"Why, you know what a young bride's cooking can do to a good set of teeth," he quipped, "and all those years of worrying wouldn't have done my hair any good either."

Electric Power Use Highest in History

NEW YORK (AP)—The nation used more electricity last week than in any week in history, Edison Electronic Institute reported today.

The institute, trade association of the power companies, said electric output reached a record 10,226,000,000 kilowatthours, topping the former high of 10,047,000,000 kilowatthours set in the week ended Feb. 5.

Industry sources attributed the latest jump in part to heavy air conditioning and refrigeration loads resulting from hot weather in some sections.

The week's record output compared with power production of 9,987,000,000 kilowatthours the preceding week and ran 13.9 per cent ahead of the 8,981,000,000 kilowatthours in the like week a year ago.

CHICAGO, June 29 (AP)—Salable hogs 8,500; moderately active and uneven; generally steady to strong on butchers; instances 25 higher on weights over 220 lb; sows steady to mostly 25 higher; most choice No 1 to 3s 180-220 lb butchers 20.00-21.00; mainly 20.50 and above on mixed choice No 1 and 2 grades; around 300 head mostly choice No 1s 190-210 lb fairly uniform in weight and grade at 21.00; most 230-260 lb 19.25-20.00; 270-300 lb 18.00-19.00; a few lots 310-360 lb 16.50-17.75; sows around 360 lb and lighter 16.00-17.75; a few choice 270-300 lb 18.00-18.25; 360-400 lb 15.00-16.50; 400-500 lb 13.50-15.25; a few up to 600 lb down to around 12.50.

Salable cattle 12,000; salable calves 300; steers opened fairly active, closed quite active, steady to 50 higher; mostly strong to 25 up; heifers steady to strong; cows fully steady; bulls strong to 25 higher; vealers steady; better than a half dozen loads prime 1,150-1,350 lb steers 24.35-25.00; top 25.00 for two loads 1,150-1,200 lb; bulk choice and prime steers 22.00-24.25; good to low choice 18.50-21.75; two loads prime heavy heifers 24.00; most good to high choice heifers 19.00-22.75; utility and commercial bulls 15.00-16.75; most good and choice vealers 19.00-21.00; a few choice and prime 24.00; cull to commercial grades 11.00-18.00; a few medium to low choice yearling stocker and feeding steers 16.00-21.00.

Salable sheep 1,000; moderately active, steady; choice and prime spring lambs 80-90 lb 22.00-23.00; bucks sorted out at 20.50; a small lot good and choice spring lambs around 80 lb 21.50; cull spring lambs 60-70 lb 15.00-17.50; odd head mostly utility and low good shorn lambs No. 1 pelts 100 lb and down 12.00-15.00; cull to choice slaughter ewes 3.00-5.00.

Burroughs Buys Plant on Detroit's West Side

DETROIT (AP) — Burroughs Corp. today announced purchase of a plant with 104,000 square feet of floor space to expand its Detroit manufacturing facilities.

It said nearly 1,000 additional workers will be employed when the plant goes into operation. The plant, on 23 acres on Detroit's west side, will be used for production of electronic equipment.

Ternstedt OKs GM Pact, Vetoes Local Agreement

DETROIT (AP) — Employes of the Flint Ternstedt plant of General Motors Corp. voted yesterday to ratify the national GM labor contract and to end their strike. But they again rejected a local labor agreement.

The votes were taken at a long, heated meeting of the membership of Local 326 of the CIO United Auto Workers.

Times Have Changed

DETROIT (UP)—It used to be that almost all cars and trucks were painted black. Today, Dodge has a new truck series in which black is available only on special order.

Stock Market Moves Upward

NEW YORK (AP)—The stock market moved higher today on moderate volume.

Gains ran to around a point—and to a good deal more in special situations. Gaylord container, which plans to merge with Crown Zellerbach, opened on a block of 18,000 shares at 34—up 7¼. Crown Zellerbach was lower in initial trading.

Fedders-Quigan was active and higher. Reynolds Metals and Aluminum Co. of America advanced easily.

Kaiser Aluminum added 1 at 37½ on a 4,000-share block. General Motors gained ¾ at 109 on 2,000 shares and U. S. Steel went ahead ¼ at 53¼ on 3,000 shares. Union Carbide went to a new high of 101½ up ⅝ on a 1,000-share block.

Also higher were Allied Chemical, Chrysler, Bethlehem Steel, North American Aviation, Illinois Central, Kennecott and Great Northern Railway.

Kansas Babies Almost Twins —but Not Quite

INDEPENDENCE, Kan. (AP)—Two brothers were passing out cigars today — each a father for the fourth time.

Mr. and Mrs. Harvey Johnson's daughter was born at 4:12 p.m. Tuesday.

Mr. and Mrs. Harold Johnson's daughter was born two hours later.

Both babies weighed nine pounds.

The same doctor delivered each child.

Each baby has two sisters and one brother.

Both fathers are bakers and work at the same bakery.

The families live on the same rural route near here.

THAT'S MY HERO! — So says Mary Ann Virgilio, 6, who approves the Davy Crockett haircut sported by her pal, Jimmy Harris, 11. Jimmy ordered the raccoon-tail clip from a Chicago barber. Reaction of his parents has not been reported.

Death Notices

Infant Knowlton

Grave service was held today in White Chapel Memorial Cemetery for the infant son of Charles F. Jr. and Mary Ann Nye Knowlton of 156 Dwight St. The baby was dead at birth Tuesday in St. Joseph Mercy Hospital.

Arrangements were by the Voorhees-Siple Funeral Home.

Besides his parents he is survived by a brother Thomas C. and grandparents, Dr. and Mrs. Sherwood Nye of Pontiac, Mrs. Curtis Brown of Williams Lake and Charles T. Knowlton of Waterford.

Mrs. Bruce Lemon

Mrs. Bruce Lemon, 54, of 141 Clifford St. died in St. Joseph Mercy Hospital Wednesday.

Born in South Bend, Ind., Aug. 23, 1900 she was the daughter of Louis and Cora Bocker Royce. She married Mr. Lemon at South Bend June 10, 1919. They came to Pontiac 36 years ago.

Besides her husband she is survived by a son, Garland of Fenton, five grandchildren, and a sister, Mrs. Veda Tupper of Oxford.

Funeral will be Saturday at 1:30 p.m. from the Huntoon Funeral Home. The Rev. Theodore Allebach of the Oakland Avenue United Presbyterian Church of which she was a member, will officiate and burial will be in Perry Mount Park Cemetery.

Eugene B. Rockwell

After an illness of six weeks, Eugene B. Rockwell, 63, of 47 Gingell Ct., died at Pontiac General Hospital at 2:30 a.m. today.

Born at McClure, Ohio Nov. 20, 1891, he was the son of Burt and Grace Clark Rockwell. He married Edith Sharkey at Grand Rapids in 1915 and came to Pontiac from Detroit 35 years ago. He had been employed at Eames & Brown Company as heating superintendent for 36 years.

Mr. Rockwell was a member of Doric Lodge 342 F & AM in Grand Rapids. Besides his widow he is survived by a daughter, Mrs. George Turner, a son Burt W. Rockwell, and three grandchildren, all of Pontiac.

Funeral will be Saturday at 2 p.m. from the Donelson-Johns Funeral Home. Burial will be in White Chapel Memorial Cemetery.

John J. Simms

John J. Simms, former Pontiac resident, died suddenly yesterday morning at his home on Edgewater drive, Mount Clemens.

Service will be held at 1:30 p.m. Friday in the Cooley Funeral Home, Mount Clemens, with burial in Oak Hill cemetery, Pontiac.

He is survived by his widow, Edith M., who for years was a teacher at Washington Junior High School.

Out on 30-Day Bond, Ordered From State

John Muscia, 24, of Chicago, charged with breaking and entering, was released on a 30-day personal bond and ordered to leave the state when he appeared before Circuit Judge Frank L. Doty yesterday.

Arrested June 20 in a used car office here, Muscia had waived examination on the charge when he was arraigned in Municipal Court.

Muscia will forfeit his bond and face a prison sentence if he fails to leave Michigan during the 30-day period.

An average railway passenger car is 72 feet long.

Ward's Magazine Predicts Radical Car Designs Soon

DETROIT (AP)—A "radical departure in passenger car design" is forecast by Ward's Automotive Reports in its current issue.

The future models, Ward's said, "are graceful, lower silhouette automobiles with smaller diameter wheels and curved side windows and body panels" and are "being groomed for possible '57 year introduction at some companies."

Mockups of such models already have been ordered by several volume car producers with an eye toward introduction either during or after the next major body shell change."

Ward's says in the new design "the curved windows would require new door design and be mounted flush with the car exterior, thus conforming to its radically new contour."

"An extreme departure in automobile makeup," the publication says, "is perhaps much needed as a sales force in the industry's current 'multi-billion dollar expansion program to satisfy the car market of the future.'"

Detroit Edison Official Retiring After 39 Years

Howard P. Seelye, 586 Westwood Dr., Birmingham, manager of engineering for Detroit Edison, will retire tomorrow after 39 years service with the company.

A specialist in system engineering planning, Seelye rose through various positions in the company to become chief engineer of the engineering department in 1949.

He has been manager of engineering since 1952, and is a regular contributor to journals of the electric industry.

Business Briefs

Russell L. Cox has been appointed a Studebaker dealer in Auburn Heights for sales and service. William A. Keller, general sales manager for the Studebaker division of the Studebaker-Packard Corporation has announced.

The display room will be at 3342 Auburn Ave.

Earnings

NEW YORK (INS) — Murray Corp. of America reported for the nine months ended May 31 net income of $3,865,342, equal to $3.64 a common share. This compared with $3,601,895, or $3.48 a common share, in the same period last year. Sales declined sharply to $55,689,531 from $85,364,055 a year ago. This slump was attributed to the fact that the company has gone out of the automobile body-making business and is interested largely in manufacturing plumbing ware fixtures, home appliances, auto frames and metal fasteners.

NEW YORK (INS)—Grand Union Co. announced net income for the quarter ended May 28 of $703,376, equal to 39 cents a common share. This compared with $612,253, also equal to 39 cents a common share, on a smaller number of shares in the same period last year. Sales increased to $61,205,073 from $53,702,797 in the 1954 period.

Chief Pontiac Post 377 is having 4th of July Picnic, Legion Home, 4819 Edgewood Drive, Oakland Lake. Swimming, playground for children, outside grills and picnic tables. Everyone welcome, especially Veterans. Small donation for parking —Adv.

Governor Signs Water Level Bill

Law Legalizes Sale of Assessment Bonds for Improvements

A bill signed by Governor Williams yesterday to legalize the sale of special assessment bonds to finance lake level improvements may speed up construction projects.

* * *

Lee Kaines, chairman of the Williams Lake water level committee, today hailed the new law as a progressive step.

"Under the stipulations of the law, it will be easier to accomplish lake level work because money will be readily available in bonds," Kaines said.

Under the old law, the county drain commissioner had to get the money from special funds or the budget, he explained.

The commissioner then had to create a special assessment district. Now the bonds will be picked up by same people who sell highway and pavement bonds on the open market," he added.

* * *

The law provides for a source of cash that can be paid from future tax assessments.

"Not only property owners, but persons just using the lake will benefit over the long run," Kaines said.

Ralph Main, Oakland County drain commissioner, is in Lansing today, discussing the legislation with state officials.

Auto Firms Hit Half-Year Peak

Dozens of Old Records Topple During 1st Six Months This Year

By DAVID J. WILKIE
AP Automotive Editor

DETROIT (AP)—The auto industry today winds up the biggest six months in its history. Dozens of new records set since Jan. 1 attest to the hottest competitive effort in production and sales the car makers ever have known.

Final figures will show a January-June output of close to 4¼ million passenger cars. Retail deliveries are estimated at more than 3¾ million. Dealer inventories now are estimated at around 800,000 cars.

* * *

Besides new records in assembly volume, retail sales and dealer stocks, new high marks were made by most individual car makers both in output and retail deliveries.

Aside from record smashing production, the outstanding single development of this year's first six months obviously was the jobless pay program agreed upon between the CIO United Auto Workers and Ford and General Motors.

* * *

Also marking the first half of 1955 were announcement of expansion programs involving additional expenditures of 625 million dollars by Ford Motor Co. and 500 million dollars by General Motors, and substantial progress by Chrysler in its 250-million-dollar comeback program.

Ahead of the industry now lies a virtually certain full year record in production — and probably in sales, too. Fewer than 2¼ million more car completions are needed in the next six months to set a new full year record.

* * *

Not quite so easy is the prospect for the industry's 42,000 or more new car retailers. Through the peak of their selling season they had to slash prices to achieve volume; some have sold new cars at only a nominal markup, to used car dealers to ease the pressure of huge inventories; others have given unprecedented allowances on used cars offered as down payment on new ones.

TIPS
for That Weekend Trip

55 PLYMOUTH
Belvedere (the best) Fordor. Less than 3000 actual miles. Beautiful red & Ivory Two-tone. Powerflite trans. Radio. W/Walls, etc. It's a beauty and carries a new car guarantee.

47 DODGE FORDOR
Want good dependable trans. at low cost? Radio plays, tires, battery, lights, brakes, etc. are safety checked.

53 FORD TUDOR
One owner—and a careful driver too. Yes, it's the V-8 and has radio, heater, etc. Only by driving it can you judge its worth, so come in and get behind the wheel.

50 DESOTO HARDTOP
A real sharp looking car in a sparkling green finish. Radio, heater, turn signals, spotlight, etc. Your old car may make the down payment. Easy terms on balance.

52 DESOTO V-8
Four door Firedome sedan that we sold new and have serviced regularly. Loaded with extras. Get our figures on a deal.

51 PLYMOUTH CRANBROOK
Fordor Deluxe model. Checked and ready to give you thousands of miles of deluxe service. Fully equipped.

50 CHRYSLER
Famous New Yorker 8 club coupe. Auto. trans. and just about everything extra. It's roaring to go if you are.

51 MERCURY
Club coupe in black that is easy on the eye and pocketbook. Straight trans. and the extras you want. We're ready to trade.

SAVE ON GAS
Better than 20 miles per gallon—much better. '53 Willys 6 fordor sedan. Rides like a big car and it's a good looker.

52 DE SOTO CLUB COUPE
Another fine one owner car. Auto. trans., radio, etc. Tires nearly new. Luxury riding & easiest handling in traffic. A car you'll love to drive.

48 BUICK
This is much better than average. '48 will give someone a lot of good transportation. Fordor with straight trans., radio & good tires.

51 CHEVROLET
Fordor in attractive green finish. Styleline DeLuxe model. Radio. Powerglide unit is new. Tires, battery, lights, brakes, etc. checked and O.K'd.

51 PLYMOUTH
Want something special? One that's neat as a pin—then inspect this club coupe. Everything about it says "discriminating owner." Ask for the metallic blue one—get our deal.

FINE 2ND CAR
49 Plymouth Club Coupe. Exceptionally clean inside & Out. Motor, tires, brakes, etc. checked and ready to go.

53 DESOTO V-8
Famous Firedome Club Coupe. One owner—low mileage. Has Fluid-Torque auto. trans. with extra fast acceleration. Many extras. Price is right!

51 PLYMOUTH
An exceptionally clean and sound one owner car. Sold new & serviced here. Fordor in midnight blue with turn signals, radio, heater, etc.

54 PLYMOUTH
One we're proud to advertise. Belvedere (the best) 4 door. Two tone blue & Ivory. 7,500 miles (mileage guaranteed). Goodrich "life-saver" tires. Auto. trans., power steering and many other extras. New car guarantee.

53 DESOTO
One owner and very low mileage. Beautiful two-tone green finish. Powermaster 6 club coupe. Many extras. Guaranteed of course.

50 PONTIAC 8
Has gas saving long life straight trans. Popular blue finish. Many extras. It's a mighty good buy. Drive it and get our figure.

54 PLYMOUTH
Savoy Club Coupe. 6000 miles. Powerflite trans., radio. Brown and Beige—New Car guarantee.
