

Russian MIGs Shoot Down U.S. Plane

Industrial Division 1st to Top UF Quota

But Drive Still Lacking \$73,000 to Reach Goal

Only Two Days Remain to Push Final Total to \$525,823 Needed

Industrial Division of the Pontiac Area United Fund is first to go over the top, exceeding its \$342,800 quota with week-end reports. Final figures on the division will not be known until all reports are tabulated and audited.

Collections from all divisions today, however, still lacked \$73,000 of the \$525,823 goal. The drive was extended last week through Nov. 10.

Hazen S. Atkins, Industrial Division chairman, announced his group's achievement and praised "the wonderful job all members of the division's organization have done despite heavy odds."

"This year's quota," he explained, "was not only higher than last year's but above the \$339,508 total our division raised in 1953."

"The size of the average gift can't be figured until solicitations are complete, but it was a generous amount." More contributions are expected, he stated.

Fred Haggard, president of the Oakland County CIO Council, expressed the union's appreciation to officers, stewards and committeemen for "the outstanding job done as the result of many long hours of effort."

The quota of plants in the Pontiac Manufacturer's Assn., which make up the Industrial Division, (Continued on Page 2, Col. 3)

Atlantic Pilot Composes Songs on Solo Flight

PARIS (UP)—Max Conrad, Atlantic flier, song composer and father of 10 children, said today he worked out several new tunes he hopes to sell during his 22-hour solo flight in a light plane from New York to Paris.

His first stop today was at a music store where he bought sheet music paper on which to set down the tunes he made up on his harmonica while winging across the Atlantic along the route blazed by Charles A. Lindbergh.

Conrad said he has sold some of the tunes he composed in earlier solo flights.

The 52-year-old flier celebrated his arrival in Paris by sipping his first glass of champagne. He said he once vowed he would never drink champagne until he duplicated Lindbergh's "Lone Eagle" flight. Conrad, a tall, lanky veteran pilot, climbed nonchalantly from his 300-horsepower Piper Apache at Toussus-Le-Noble Airfield here Sunday afternoon just 22 hours and 21 minutes after leaving New York's Idlewild Airport.

McCarthy Sees Defeat

Senate Convenes Today to Mull Censure Action

WASHINGTON (AP)—The Senate meets in extraordinary session today to consider censuring Sen. Joseph R. McCarthy (R-Wis.), the first such session ever held.

McCarthy, calling the whole procedure a "lynching bee," predicts a combination of Democrats and "so-called liberal" Republicans will carry the day against him.

"They have plenty of votes," he said in a televised interview in which he blamed campaign tactics of President Eisenhower, among other GOP leaders, for the loss of Congress to the Democrats in last Tuesday's election.

The Senate, in recess since mid-August, comes back to weigh charges that McCarthy is guilty of contempt of the Senate and of abusive treatment of an Army general

Claim They Get Younger Year by Year

MARK 70TH ANNIVERSARY— "We're getting younger every year," commented Frank Williams, 94, and his wife, 91, of Minneapolis. The Williams, celebrating their 70th wedding anniversary, had a house full of friends and relatives, including great-grandchildren. The couple was married in Minneapolis in 1884.

Plan Open House

GM Divisions Here to Join 50 Millionth Vehicle Fete

The city's three General Motors divisions will join in celebrating the production of the corporation's 50 millionth vehicle Nov. 23.

Open house programs will be the feature of the observance of GM's "Golden Carnival" at Pontiac Motor Division, GMC Truck and Coach Division and Fisher Body Division.

Along with the day-long program for visitors, the divisions have planned a noon luncheon for Pontiac civic and business leaders.

A 1955 Chevrolet has been designated as the 50 millionth vehicle. When it rolls off the Flint assembly line, blasts on GM factory whistles all over the country will signal the event.

Main observance of the "Golden Carnival" will be in Flint, where a big parade is scheduled. The three local units will also participate in the parade.

A total of 121 GM factories in 57 cities will take part in the observance.

Locally, the Truck and Coach division will be the first to swing open its doors to the public.

Guides will be on duty at 10 a. m. to show Pontiac residents the various phases of vehicle assembly and engineering and a product display, according to Philip J. Monaghan, division general manager and GM vice president.

Robert M. Critchfield, Pontiac Motor general manager and GM vice president, said his division's public showing would begin at noon.

"Sections of the manufacturing plants not ordinarily open to visitors will be included," Critchfield said. Buses will shuttle between the parking area and the open house entrance, and exit.

M. J. Olson, Fisher Body plant manager, announced his unit would begin its open house at 1 p. m. All three open houses will continue until 9 p. m.

Harlow H. Curtice, GM president, will address the civic luncheon in 63 cities via closed circuit television and special radio links direct from Flint.

Mental Hospital Stiffens Security

Kalamazoo Officials Set Stricter Patient Rules After Kraai Sex Murder

KALAMAZOO (UP)—Kalamazoo State Hospital officials, shocked by the rape-murder of 20-year-old Marilyn Kraai, invoked strict security measures today to protect female nurses against inmate sex deviates.

Dr. Roy A. Morter said the hospital began "re-evaluating" its methods after Miss Kraai, a student nurse from Holland, was strangled Friday night by an 18-year-old inmate offender who lured her into the darkened basement.

The young inmate, Louis Smith of Parchment, confessed the slaying Saturday morning when confronted by a lie detector at Paw Paw State Police post. He was transferred to city jail here and Prosecutor John M. Pikaart said he would be charged with first-degree murder.

Dr. Morter said the slaying showed the hospital had made a "mistake" in failing to provide better protection for nurses working in the institution, which houses some 3,000 inmates.

"Other hospitals have been amazed because we permitted girl student nurses to go unattended into wards occupied by male sex offenders," Morter said. "In other hospitals that work is done by male nurses. And now, for a time at least, it will be done by men here."

Smith was committed to the hospital last February on a morals charge involving minors. Pikaart said it was doubtful if the youth would be tried for Miss Kraai's slaying.

However, the prosecutor said he wanted the murder charge marked against Smith's name before he was transferred to the State Hospital for the Criminally Insane at Ionia. He said the murder charge would keep Smith "put away for a long, long time."

Queen Mother Slated for Annapolis Visit

ANNAPOLIS, Md. (AP)—Queen Mother Elizabeth of Britain and her party were due here today from Washington for a five-hour visit.

After a luncheon given by Gov. and Mrs. Theodore McKeldin, the Queen Mother will review a dress parade in her honor by the 3,600-man brigade of midshipmen at the U. S. Naval Academy.

Woman Plunges to Her Death From Building

Hospital Patient Found on Roof of Recess on Pontiac State Bank

By JOSEPH K. SFAIR

A pretty 25-year-old woman, reported by police to be a Pontiac State Hospital patient, fell to her death this morning from the 13th floor of the Pontiac State Bank Building.

Capt. Clark M. Wheaton, chief of detectives, said the woman was tentatively identified as Doreen Buckton, of Flint, who had been absent from the institution since after breakfast today. The woman was a patient with privileges allowing her to leave the building, police said.

Dr. I. C. Prevette, deputy coroner, said the woman died instantly when she landed atop the 3rd floor recess, projecting on the south side of the building.

Although there were no witnesses, police learned that the woman was let into the women's lavatory by Mrs. James Vanderpool, 19, of 266 Oak, Auburn Heights, a receptionist with the Michigan Business Service.

Mrs. Vanderpool said the woman appeared to be in a hurry, but not nervous when she asked her to open the door to the lavatory shortly after 9 a.m.

Webb Bolyea, of 1757 Beverly, Sylvan Lake, said he heard a "thud" and saw the body outside his dental laboratory window about 9:12 a.m.

An elevator operator, Wheaton said the woman first went to the 14th floor, asking for a Dr. Green. Wheaton said the woman went to the lower floor where there is only a men's lavatory.

Dr. Ivan A. LaCore, superintendent of the hospital said Miss Buckton had been reported missing by the hospital after her departure, was learned by authorities. Dr. LaCore said the woman had privileges, permitting her to leave the building at will.

Miss Buckton, added Dr. LaCore. (Continued on Page 2, Col. 5)

Suspect Arson in House Blast

Explosion, Fire Levels Imlay City Area Home; Farm Worker Sought

State Police detectives and LaPeer County sheriff's deputies today continued to probe the charred wreckage of a four-room farm house near Imlay City which mysteriously exploded and burned early yesterday.

Sought in the suspected arson case is an itinerant farm worker, who, the owner said, threatened "to be back" after an argument three weeks ago. He was not named by police.

The house was located on a 100-acre farm three miles east of Imlay City owned by a Detroit dentist, Dr. Henry J. Goodman.

The explosion hurled wreckage over a 100-yard area and set fire to a nearby shed. Firemen were able to save the shed, but the house was destroyed.

Police base their arson theory on the explosion and the fact that 50 gallons of gasoline were reported missing from storage tanks on the farm.

Dr. Goodman told Deputy Ervin Roy that he had argued three weeks with a laborer who had ruined some equipment while working on the farm.

Dr. Goodman raised blueberries on 17 acres of the farm's muckland. He had visited the farm Saturday and spent the night in an Imlay City motel.

Dr. Goodman said he had a water softener and delivery. Phone and electric. PS 5-5621.

Marilyn Goes to Hospital

FOR MINOR SURGERY—Marilyn Monroe was scheduled for minor surgery today at Cedars of Lebanon Hospital in Hollywood. Her physician said she probably would be in the hospital about four days. Picture above was taken just before she went to the hospital, made as publicity shot for her recently completed comedy "The Seven Year Itch."

Ike Hails Peace Prospects, Hinges Hope on Atom Plan

BOSTON (AP)—President Eisenhower declared today prospects for enduring peace are the brightest in years. And he again voiced hope his "atoms for peace" plan will inaugurate a "new phase" of U. S. relations with Russia.

"To attain... enduring peace must ever be the goal of our foreign policy," the President said in a speech prepared for delivery at a meeting of the National Council of Catholic Women.

The chief executive sounded a call for better relations between nations on the heels of another incident straining relations—the shooting down of a U.S. Air Force photo-mapping plane by two Russian-built MIG-type fighters.

Eisenhower made no mention of the incident in his prepared text, but declared: "It is not paradoxical in our peaceful efforts that we maintain powerful military forces. For in a world partly dominated by men who respect only guns, planes and tanks, these weapons are essential to our survival."

The President noted he was speaking on the 12th anniversary of the landing of the first American troops in North Africa during World War II.

"As we look back on that day, and on the most terrible war in human history, we again resolve that there must never be another war," Eisenhower declared.

"Today the fathers and mothers of our land rejoice that the possibility of peace is more promising than at any time in recent years."

"All of us are profoundly thankful that the terrible specter of war (Continued on Page 2, Col. 5)

In Observance of Education Week

Teachers in Pontiac Area Will Tell What Their Profession Means to Them

Editor's Note: In observance of American Education Week, the Pontiac Press selected six teachers in the area to tell what teaching means to them. Mary Shepard (Mrs. Larry) of the Rochester Community School has taught fourth grade for two years. A graduate of Birmingham High School and Michigan State College of Education, she chose elementary education while still a youngster. Mrs. Shepard has another goal besides doing a good job each day in her classroom—she works continuously to interest young people in this important field as a career.

By MARY SHEPARD

For me teaching is a privilege and a trust.

Within my hands is God's most precious gift—a small child. With each child I must play many roles. I must be his friend, his teacher, his playmate, and often his mother-away-from-home. A teacher seldom has a minute to think of herself. Perhaps this is what makes me love teaching. What is more gratifying than being able to help others?

At the beginning of the school year when the new children enter

MRS. MARY SHEPARD

Airman Drowns, Ten Parachute Safely in Japan

Rescued Crewmen Cite Wanton Attack by Reds While on Photo Flight

TOKYO (AP)—Ten U. S. airmen, rescued after an attack by two Russian jet fighters, charged angrily today that the Reds pounced without warning on a U. S. photo plane mapping northern Japan and shot it down in flames yesterday.

The 10 men parachuted to safety moments before their big four-engined RB29 smashed into a house in northern Hokkaido, a few miles from the Russian-held Kurile Islands. An 11th crewman drowned in the sea after bailing out.

Today, in Tokyo, Capt. Anthony F. Feith, the plane's skipper, told a news conference that his plane was "never closer than 15 miles" to Russian territory.

Asked why since his plane was armed he didn't return the fire, Feith said "I would have liked to." But he said his first thought was to complete the photo mission.

His group commander, Col. Albert Welsh, said Feith was not to be criticized.

"I would compliment before I would criticize," Welsh said. Welsh said plane commanders have standing instructions "to fire if fired upon," but added "there must have been some misunderstanding (in this case)." However, Welsh warned that attacking planes will get "a different reception in any future incidents of this kind."

In Washington, the State Department said it was protesting the incident to Moscow.

In Tokyo, Gen. John E. Hull, U. S. Far East commander, said the direction of the crippled plane's fall "completely negates" any possible Soviet claim that the plane was over Russian territory. He accused the Russians of a "piratical" attack.

Feith said when the MIGs were first spotted rising from about 10,000 feet he told his crew, "I don't think they would attack."

But moments later A. C. C. Walter Lenz, New York City, shouted: "They're firing."

The MIGs made two passes each, blasting at the big RB29 with both cannon and machine guns.

Feith said his plane lurched. Flames, touched off by gasoline spewing from a wing tank, enveloped part of the craft.

A. C. C. Earl E. Weimer, Elkins, W. Va., the tail gunner, said bullet holes suddenly appeared 18 inches above his head.

"I was scared," he said.

Fair Skies to Stay for Two More Days

Fair skies that came as a surprise yesterday will continue through today and Tuesday, according to the U. S. Weather Bureau.

It will be a little cooler tonight, with a low near 32 and a high tomorrow of 50-55.

Weekend temperatures ranged from 34 to 43 on Saturday, from 33 to 55 Sunday. At 8 a.m. today temperatures in downtown Pontiac stood at 40 degrees rising to 55 by 1 p.m.

Parking Lot Assessments Slated for Hearing Tonight

From Our Birmingham Bureau
BIRMINGHAM—Although a thick agenda awaits lawmakers at tonight's City Commission meeting, considerable time is expected to be spent on the first public hearing since preparation of an enlarged special assessment district to defray expenses in a proposed

American Education Is Being Observed

(Continued From Page One)
other children, and to his total environment. In order to help him I must understand both his parentage and his social inheritance, for he is the product of his heredity and his past experiences. I also have the duty to transmit to each child as much of our culture as the standards of our educational system require. This means specifically training in English, geography, arithmetic, health, and the rudiments of our basic sciences.

His total growth is my concern. What are his attitudes toward others? Is he considerate? Does he respect other children's differences? Can he make some of his own decisions? Is he learning to distinguish between right and wrong? Is he happy with himself? Does he feel he can do at least one thing well?

It is my strong conviction that the prerequisite and foundation for learning is the happiness of the child in school. He can be disinterested or he can look forward to each day with eagerness. He needs to feel wanted, loved, and respected for what he is. This is my challenge as his teacher, for a happy child is in the proper mood to learn.

The rewards of teaching are many. A small child offers me a half crunched, once-delicious chocolate cookie from his lunch, saying "I saved it for you, Mrs. Shepard."

Another rushes to school early in the morning just to have me share the wonderful news—he is going to have a baby brother or sister.

When a small and serious face lights up with joy when at long last he understands how to do long division, I know my efforts have been worth while. A hand touching mine, a friendly hug, a child who moves closer when I put my arm around him, and a smiling face—these along with the child's progress are my rewards.

When a child says, "Gee, I like you, Mrs. Shepard. I think of my mother and father. To them I say 'Thank you for giving me your child to love and teach.'"

Dr. R. W. Lloyd Cites Growth of Churches

BIRMINGHAM—Membership of Christian churches is "growing twice as fast as the population itself," Dr. Ralph W. Lloyd said yesterday in dedicating the new \$1,300,000 First Presbyterian Church.

Dr. Lloyd, moderator of the Presbyterian Church in the U.S.A., also said that "the Christian Church, as a whole, is the indispensable basis for the hope of a finer civilization."

Dr. Lloyd was principal speaker at dedication of the new church, the fifth of the Birmingham congregation.

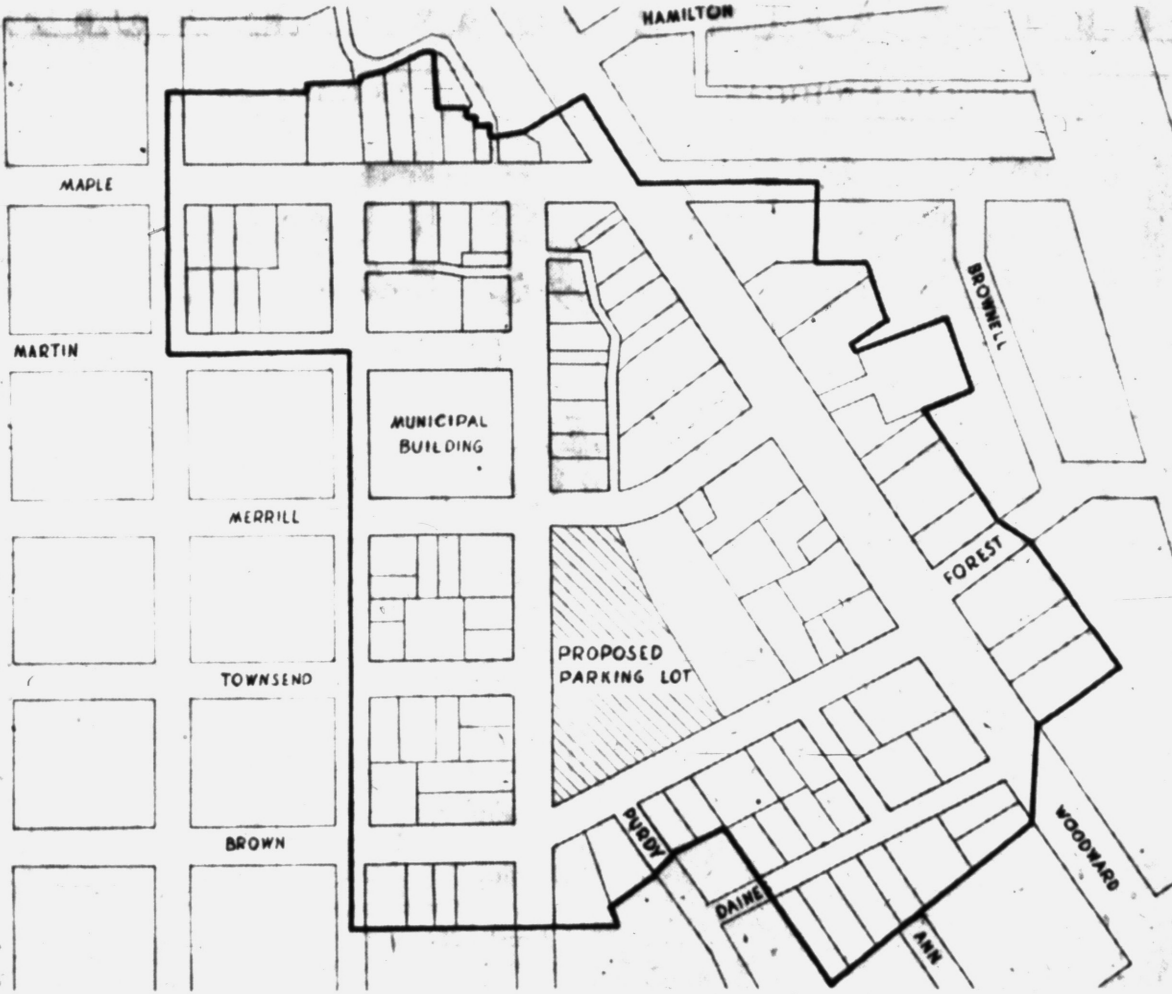

5 More Army Officers Shot as Spies in Iran

TEHRAN, IRAN—An Army firing squad at dawn today executed five more officers convicted of spying for Soviet Russia.

To date 20 officers of the army, police or air force and one civilian have been executed in the crackdown on the widespread Red spy ring. An estimated 650 officers and civilians have been arrested in the roundup.

Tonight the first public hearing on the latest special assessment district will be held when the city commission opens its meeting at 8 at the Municipal building.

See Final Action on Dixon-Yates

Disputed Power Pact Receiving Last Check; Signing Expected Today

WASHINGTON—The Dixon-Yates power contract was up for more scrutiny today at the hands of the Senate House Atomic Energy Committee, this time probably with signatures added that could make it all but final.

Lewis L. Strauss, chairman of the Atomic Energy Commission, promised to bring in the contract, signed to a close committee session. And Edgar H. Dixon, speaking for the private utility group involved, said it would be ready to sign by then.

The administration-approved agreement provides that the Dixon-Yates group build a 107-million-dollar generating plant at West Memphis, Ark., to feed electricity into Tennessee Valley Authority public power lines in replacement for TVA power going to atomic plants. The AEC would pay about 20 million dollars a year for the power with the contract to last 25 years.

Both the contract's supporters and its critics on the committee asked Saturday that it be signed, on grounds they lacked authority to review it before it is completed.

Thieves Net \$103 Haul at Auburn Heights Cafe

Thieves who broke into Ann's Cafe at 2364 Auburn Rd., Auburn Heights, this weekend took \$103 in bills and change, according to a report made to Michigan State Police of the Pontiac Post.

Charles Branson, who lives at the Auburn road address, told police he discovered the break-in Sunday morning. Burglars entered through an unlocked kitchen window and took the money from a metal box hidden in the oven.

Pontiac Deaths

Harold E. DeLong
Harold Ernest DeLong, 41, 32 Rose Ct. was found dead Saturday.

Born in Port Huron he was the son of Ernest and Clara Downing DeLong. He married Catherine Fleet in Utica in 1939.

An employee of a Clawson tool company he came to Pontiac from Caro, 21 years ago.

Surviving besides his widow and mother, Mrs. Clara West of the same address, are three daughters, Rebecca, Kathleen and Betty Ann, all at home. He is also survived by three sons, Robert in the U.S. Air Force, Ernest and Roger Lee at home.

Other survivors are two sisters, Mrs. Julia Koppeler of Flint and Mrs. Patricia Sehl of Caro, and two brothers, Bruce Lloyd of Caro and Edward Lloyd of the U.S. Navy at Norfolk, Va.

Service will be Tuesday at 11 a.m. from the Pursey Funeral Home, the Rev. Wayne Welton of Parkdale Nazarene Church officiating. Burial will follow in the Caro Cemetery.

Senate Considering McCarthy Censure

(Continued From Page One)
start actual debate on the censure move until Wednesday.

Today's opening session was to be brief and formal, with tomorrow's devoted to eulogies of members who have died since the Senate last met.

The special committee which recommended censure gathered at 10 a. m. EST in the office of Chairman Watkins (R-Utah) to work out the final wording of the resolution calling for a rebuke.

McCarthy has said he will not defend himself against the charges but will speak at length to inform the public on the issues.

The Watkins committee was composed of three Republican and three Democratic senators. McCarthy, in yesterday's TV appearance, repeated his charges that three of the six were prejudiced against him. He called the committee's unanimous report "silly."

McCarthy said the vote will go against him on purely political grounds — not on the basis of anything in the report.

He voiced doubt that Republican Senate leaders will vote for censure, though he said he has received no promises.

Peace Outlook Good, President Claims

(Continued From Page One)
looms less threateningly over all mankind.

The President said the struggle for a lasting world peace must be waged through the U.N. and in every other possible way. Then he declared:

"I know all Americans are hopeful that our proposal for an international pool of atomic energy resources will inaugurate a new phase in negotiations between the United States and the Soviet Union."

Waterford Woman Thrown From Car

BLOOMFIELD HILLS—Taken to St. Joseph Mercy Hospital, Pontiac, this morning after being thrown from a car at Woodward and Lone Pine roads, Sandra Henderson, 20, of 1401 Kirkwood, Waterford Township, was reported in good condition with head injuries, lacerations of the left knee and ankle, and possible spine injuries.

Miss Henderson told police she applied her brakes and swerved to avoid hitting an unidentified car which pulled out in front of her.

Her auto was demolished when it crashed into a tree and overturned, police said.

Laura Ward circle will serve as hostess for the event to which the public is invited.

school board refused to obey an Oakland County Circuit Court order to hold a recount, was cleared up Saturday.

Board secretary Lonnie Cash, who polled 435 votes in the original counting, registered only 339 in the recount, and lost his seat on the board to Samuel Jackson, who picked up 27 votes, from 402, in the recount.

James Harrison, proclaimed elected with 440 votes in July, retained his position when the recount gave him a total of 418.

A Citizen's Improvement Committee headed by Otis Eaton brought about the recount, charging the July election was "rigged."

The Carver School board had originally planned to appeal the court's recount order to the state Supreme Court, but vetoed this idea after a conference with State Superintendent of Public Instruction Clair L. Taylor, and Oakland County Superintendent of Schools William J. Emerson.

Lapeer Laborer, 51, Found Dead in Barn

LAPEER —The body of a 51-year-old Lapeer laborer who police say had been dead for at least 10 days, was found in an old unused barn on the outskirts of Lapeer yesterday.

The man was identified by Sheriff Clark Gregory as Robert Ray Thompson, who recently had been on welfare. The sheriff said Thompson apparently died of natural causes, but an autopsy was expected.

Thompson's body was found in the barn of Dr. Marion Road, a Lapeer practitioner. Clark said a patient of Dr. Road, Clyde Jackson, of Albion, discovered the body while looking around the barn.

Blood Bank Visit Set for Tuesday Afternoon

FARMINGTON — The Red Cross Mobile Blood Bank will be at the town hall from 1:45 - 7:45 p.m. Tuesday.

Registration may be made at the Farmington State Bank, the township office, or the local recreation hall.

PTA Council to Meet

LAKE ORION—The East Oakland Area Council PTA will meet at the Blanche Simms School at 8 p.m. Tuesday. Mrs. Holly Taggart, past president of the Southfield area council, will conduct the program.

PROSPECTING VET—When Spick, seven-year-old cow owned by Fred L. Johnson of Provo, Utah, developed a taste for iron in her system, she didn't satisfy it by eating raisins. Spick went after the metal in its raw form, ending up with assorted pieces of wire and bolts in her innards. Here Dr. L. W. Jones, veterinarian, locates the scrap iron with the aid of a metal detector. At right, Dr. C. T. Jones gives Spick a shot preparatory to going after the metal, as owner Johnson looks on.

Deaths in Nearby Communities

William Hines

HOLLY —Service for William Hines, 69, of 215 Park Ave., will be held at 11 a.m. Tuesday at the Seventh Day Adventist Church, with burial in Lakeside Cemetery by the Dryer Funeral Home. He died Saturday.

Surviving are a half-sister, Mary Elliott of Hart, and two half-brothers, Otho Graham of Kentwater, and John Graham of Holly.

Levi A. Patterson

FERNDALE—Service for Levi A. Patterson, 84, 685 E. Webster St. will be 1 p.m. Tuesday at Spaulding and Son Funeral Home, with burial in North Farmington Cemetery. He died Saturday at home.

Surviving are five daughters, Mrs. Jack Ragle, Ferndale; Mrs. Bert Powers, Chicago; Mrs. William Doe, Lapeer; Mrs. James McKibben, Shoals, Ind.; and Mrs. Al Cupid, Detroit; three sons, Delbert, Berkley; Levi, Detroit; Robert, Dearborn; 17 grandchildren, eight great-grandchildren and one great-great-grandchild.

Roscoe H. Quinton

HOLLY—Service for Roscoe H. Quinton, 28, of 5180 Hillsboro Rd., Davisburg, will be held at 2 p.m. Tuesday at Dryer Funeral Home, with burial in Lakeside Cemetery. He died Saturday.

Surviving are one son, Larry of Meldon, Mo.; four sisters, Mrs. B. F. Mobley of Davisburg, Mrs. Earmon Howard of Pontiac, Mrs. I. L. Harper of Texas City, Texas, and Mrs. Lyle Rae of Toale, Utah; and two brothers, J. L. Quinton of Detroit and W. L. Quinton of Oklahoma.

Cecil P. Hubbell

CLARKSTON—Service for Cecil P. (Jeff) Hubbell, 57, of 7860 Perry Lake Road, will be held at 2 p.m. Tuesday from the Sharpe Funeral Home, Clarkston, with burial in Oakhill Cemetery, Pontiac. Grave-side service will be in charge of Cedar Lodge No. 60 F. & A. M. of which he was a member. Mr. Hubbell died Saturday.

Surviving is his wife, Ethelyn Winkley Hubbell, four sisters; Mrs. Nina Maltbie of Whittier,

California, Mrs. Mayne Bachelor of Drayton Plains, Mrs. Rosella Duerr of New Orleans, La., and Mrs. Melva Sipperley of Auburn Heights, and two brothers, Frank Hubbell of Bridgeport and Harold Hubbell of Pontiac.

Anna M. Hodges

MILFORD—Service for Ann M. Hodges, 82, of 125 Houghton St., will be held at 2 p.m. Tuesday from the Richards-Bird Funeral Home, with burial in New Hudson Cemetery, New Hudson. She died Sunday.

Surviving are a daughter, Mrs. Harold Rocker of Wixom, a sister, Mrs. Emma Hibner of White Lake, and a grand daughter.

George C. Bergin Sr.

WATERFORD TOWNSHIP —Service for George Clement Bergin Sr., 53, of 3591 Fort St., Watkins Lake, will be held at 10 a.m. Wednesday at the Purley Funeral Home, Pontiac, with burial in Mt. Hope Cemetery. He died Thursday.

Surviving are a son, George C. Bergin Jr. of Howell, two daughters, Mrs. Robert Chapman of Houghton Heights, and Dorothy Bergin of Pontiac, also a sister, Mrs. P. J. Moore of Detroit, and a brother Ralph Bergin of Howell.

School Survey Polls Parents

Southfield District Asks Defense Work Status in Bid for Federal Aid

SOUTHFIELD TOWNSHIP—The local school district has sent forms to all parents of school age children in the township, asking information as to place of employment and if same comes under the heading of defense or government work. The pupil survey forms will determine whether or not the school district will be eligible under Federal Aid for schools construction as set up in Public Law 185.

The survey will make possible the application to the government for assistance in paying part of the cost of building more schools in the area, providing the forms show sufficient number of increased school enrollments are caused by the influx of families due to working in factories holding government contracts.

O'Dell, Hewlett and Luckenbach, architectural firm, has been engaged by the board of education to prepare for the school district, plans and specifications for an elementary building to be located on the newly purchased site on 9 Mile road at Stahelin.

Funds for this building already have been set aside in a former bond issue.

Additions to John Grace, East Southfield, Southfield No. 10 and Lathrup schools are all nearing completion and will supply an additional 26 classrooms. Rental of church basements for housing classrooms has been discontinued as the new classrooms are occupied.

The nine-room addition at Lathrup school has developed the problem of lack of play area adjacent to the school. Condemnation proceedings against Louise Lathrup Kelly are now being conducted and a hearing date is expected to be set soon.

The price asked for the wanted lots was considered exorbitant by the school board.

The board of education also has purchased seven lots adjacent to East Southfield School and the school attorney is proceeding with negotiations for property on Nine Mile road just west of Telegraph road, for another elementary school site.

Federal aid is sought for the above two additional schools and for new additions which will be

CAROL TOPHAM

Mr. and Mrs. Roderick Topham of 6185 Paramus St., Clarkston, announce the engagement of their daughter, Carol, to Harry Goodell. He is the son of Mr. and Mrs. Henry Goodell of Auburn Heights.

needed to house the continuing increased enrollment.

June 1947, the year of consolidation of the school district, 1,667 pupils were enrolled in township schools. This June 4,370 were registered. October 1954 brought the figure to 4,759 and it is expected to reach 5,000 by spring.

Education Week Events Planned at Keego School

KEEGO HARBOE — Marking National Education Week Roosevelt grade and high school will hold Open House and other special events this week.

Tuesday the PTA will meet at 8 p.m. in the school auditorium. "Education Through the Years" will be the topic of a discussion by a panel of teachers and students. Moderator will be Max Thompson, Superintendent of Van Dyke schools and a former instructor here.

Prior to the meeting, teachers will be in their rooms from 7:15 to 8 p.m. to confer with parents.

All rooms in the junior and senior high school will be open during the week when parents are invited to visit the school, according to Donald Weed, high school principal.

Special elementary school events will be announced through notices to be sent home to parents. Mrs. Gertrude Ealy, elementary principal and co-ordinator of West Bloomfield Schools, said.

Dryden Couple Celebrate 60th Wedding Year

DRYDEN — A three hour open house marked the celebration of the 60th wedding anniversary of Mr. and Mrs. Heber Fisher Sunday.

The celebration was held at the home of their daughter and son-in-law, Mr. and Mrs. Howard Kurtz.

Hattie Harmon and Heber Fisher were married in Lapeer Nov. 14, 1894, and have lived in the area ever since.

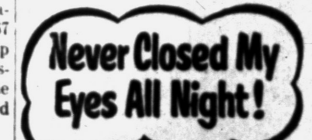

County Calendar

Armada
Mrs. Fred Schrader and Mrs. Alber C. Christensen will direct a Yule Workshop at the regular meeting of the Armada Home Extension Club at 1 p.m. Tuesday at the home of Mrs. Lloyd A. Tubbs, 32 Mile road.

Do You Know Your Congress?

Must Campaign Winners Report Costs?

Q—Do congressmen have to report campaign contributions and expenditures after election?

A—Yes. The Federal Corrupt Practices Act requires every candidate for the Senate and House of Representatives to file a report of contributions and expenditures within 30 days after election. Candidates also were required to file similar reports before the election.

Q—Why isn't election day on Saturday, when people have more free time?

A—In 1872 Congress established election day as the Tuesday following the first Monday in November on every even numbered year, unless a state constitution, then in effect, set another day. Maine has its elections on the second Monday in September.

Q—What requirements must a person elected to Congress have to be seated?

A—Four Constitutional requirements must be met by the elected person. He must be 25 or over for the House, 30 or over for the Senate. A representative must have been a U.S. citizen at least seven years; a senator, at least nine years. Both representatives and senators must be inhabitants of the state in which they were chosen. And when sworn in or any time during their tenure they cannot "hold office under the United States."

Q—Has Congress ever refused

to seat a duly elected person because of his marital status?

A—Yes. In 1900 the House refused to seat Brigham H. Roberts of Utah on the ground that he was a polygamist.

Q—When does the term begin for a congressman who was elected this year?

A—The terms of the newly-elect

ed congressmen begin at noon, Jan. 3, 1955. The terms of members elected to fill unexpired terms is determined by certification of state election boards.

Q—How many states permit voting by absentee ballot?

A—All states except Alabama, Louisiana, Maryland, Pennsylvania, and South Carolina. Even these states permit absentee balloting by servicemen—New Mexico is the only state which has no absentee ballot for men in the armed forces.

Q—What are the "standing" committees of Congress?

A—There are 15 "standing" committees of the Senate, 19 of the House. Special and select committees are often created temporarily or to handle specific problems. In addition, there are more than a score of joint committees and congressional commissions, also devoted to more specific activities. Standing committees handle most of the legislation in Congress; rarely do special or select committees study and report out bills.

Q—At what times do the Senate and House of Representatives meet in joint session?

A—The two Houses meet in joint session for the official count of the Presidential electoral vote, to receive messages delivered in person by the President and to receive distinguished foreign visitors.

Debate Rolling on Atom Plan

France Keeps American Proposal on U. N. Floor; Wait for Russian Move

UNITED NATIONS, N. Y. (U. S. P.)—France kept the debate on President Eisenhower's atom-for-peace program rolling in the U. N. Assembly today as delegates studied a new seven-power resolution designed to make the program effective.

The resolution was put into the Assembly hopper over the weekend by the United States and six other countries already negotiating to set up an international atomic energy agency. They are Britain, Canada, Belgium, France, Australia and South Africa.

There was no indication when the Soviet Union would reply to invitations to join the agency, extended by President Eisenhower, Secretary of State Dulles and U.N. Delegate Henry Cabot Lodge Jr. Delegates expect Andrei Vishinsky, Soviet deputy foreign minister, to demand Red China's inclusion in the list of countries invited to send scientists to an international congress on the peaceful use of atomic energy. The resolution calls for the U. N. to summon the scientific congress before August 1955.

240 Scout Leaders Attend Huge Event

The largest event of its kind, ever held by the Clinton Valley Boy Scout Council, will take place this weekend when 240 patrol leaders and adults unit leaders will receive camping instructions at Camp Agawam starting at noon today.

The patrol leaders will receive training designed to equip the leaders with experience to be carried over to other troop members. Scouts from the following communities will be attending the event: Waterford Center, New Baltimore, Green Lake, Mt. Clemens, Utica, Goodison, Clarkston, Farmington, Milford, Armada, Selfridge Air Force Base, Auburnshire, Pontiac Lake and Pontiac.

Cabbie Resists Thugs, Wins Coat as Reward

BALTIMORE (U. S. P.)—Taxicab driver Melvin Benton not only resisted a holdup here last night but he also wound up with a tweed overcoat left by the man who tried to rob him.

Police said Benton reported he yelled and kicked a passenger beside him when the other passenger in the cab seized him from behind.

Both passengers ran. The man who had been in the back seat left his overcoat behind.

Confederate money has no value except to collectors.

Slide Narrows Panama Canal

1-Way Traffic Moving Through Gaillard Cut; Dredges Now at Work

BALBOA, Canal Zone (U. S. P.)—A dipper dredge worked this weekend to clear away the approximately 5,000 cubic yards of rock which slid into the Panama Canal at Gaillard Cut and blocked half the channel.

The huge mass of rock and mud tumbled from the north end of Contractors Hill into the vital waterway sometime Thursday night. It was discovered at dawn Friday by an inspection launch.

The slide narrowed the channel from its normal 300 feet to 175 feet and created a one-way bottleneck in ship traffic.

Authorities could give no estimate on how long it would take to restore Gaillard Cut to its normal width. For the time being, ships moving through the canal must take turns using the one lane left open.

There were no ships nearby at the time of the slide since there is no night transit on the canal at present.

Canal officials said the latest slide was "not a direct result" of present operations for removing the crack-torn face of Contractor's Hill which overhangs Gaillard Cut. They attributed it to weathering which broke off a previously fractured slab of rock.

We realize how much flowers mean to the families we serve and constantly take great care to keep them fresh and nicely arranged.

THIRD FLOOR

Nancy Ellen Howe Becomes Bride

Married Saturday evening in Christ Church Cranbrook were Nancy Howe and William Morrison. She is the daughter of the Laurence Howes of Birmingham and he is the son of the Homer Morrisons of Toledo, Ohio.

MRS. WILLIAM S. MORRISON

BIRMINGHAM — Nancy Ellen Howe, daughter of Mr. and Mrs. Lawrence Charles Howe, became the bride of William Spencer Morrison of Toledo at an eight-thirty wedding Saturday evening in Christ Church Cranbrook.

The Princess bridal gown was of white Italian silk taffeta distinguished by applied seed pearls around the portrait neckline and a full skirt with a cathedral train. A small taffeta cap embroidered with pearls held a tiered veil of illusion and the bride's bouquet was of stephanotis and ivy.

The bridegroom is the son of Mr. and Mrs. Homer William Morrison.

Ann Patterson was maid of honor and Mrs. William Marlon Pendleton was matron of honor. The bridegroom's sister Ann Morrison, and Sarah Jane Roberts of Akron, O. were bridesmaids. Miss Roberts is a cousin of the bride.

All the attendants wore ballarina frocks of bronze colored spun silk with small matching hats. They carried crescent bouquets of beige Fuji chrysanthemums, rust sea oats and ivy with gold-colored ribbons.

Leonard Edward Richardson of Newark, O. was Mr. Morrison's best man and ushers included Richard Skuce and Robert Reese of Toledo, Charles Bell of Shaker Heights, O. and John Hearn of Evanston, Ill.

Mrs. Howe wore turquoise silk taffeta and a small hat of leaves. She planned beige cymbidium orchids to her purse.

Mrs. Morrison's gown was of emerald green taffeta and her hat of matching green. She also wore orchids on her purse.

For her wedding trip to northern Michigan the bride wore a brown wool dressmaker suit with brown accessories and a pale blue satin hat.

Tally Club Gathers

Mr. and Mrs. Charles Collison entertained the Tally Club at supper recently in their Robinwood avenue home. The December meeting will be held at the home of the Dr. Wellington Shermans of Harmon road.

Mothers Club of DeMolay Holds Meeting

Pontiac DeMolay Mothers Club met Thursday evening at the Liberty street home of Mrs. Fred Miedorf. Mrs. Mat Shelton gave the opening prayer.

Mrs. James Ryan will head the sunshine committee for the coming year and will be assisted by Mrs. Clyde House. Publicity will be handled by Mrs. Duncan McVean, assisted by Mrs. S. V. Sekles and membership will be handled by Mrs. Mat Shelton, assisted by Mrs. Harold Wert.

Mrs. Hoyt Joyner was named historian; Mrs. Paul Hagle, parliamentarian and Mrs. Marvin Boney as chairman of the telephone committee.

Mrs. McVean was named head of a money making project to be held

Nov. 13. The club will assist the DeMolay Club at a dance to be held Nov. 27.

Program Set for Tuesday by Musicale

Pontiac Tuesday Musicale has announced the program for Tuesday's meeting to be held at 2 p.m. in Grace Lutheran Fellowship Hall.

Minor and Major. Charles Gilbert Brown. Lullaby from the Concert. Menotti. Koi Nido. Traditional. Schere for Day of Atonement. John Dowland (Old English). Come Again Sweet Love.

Rebecca Gould, Contralto. Mrs. Ferdinand Gaensbauer, accompanist.

Rebecca Gould, Contralto. Mrs. Gaensbauer, accompanist.

Fellowship Fair Set by YWCA

A World fellowship fair and dinner will be sponsored by the YWCA on Franklin boulevard Thursday. Mrs. Ross Tenny and her committee are busy putting last minute touches on booths where imported handwork, linens and other articles will be on display from

Sweden, Switzerland and India.

Books for all ages will be an attraction, as well as baked and canned goods. Mrs. B. B. Kimball and Mrs. Birum Campbell will be co-chairman of the dinner which will be served promptly at five o'clock, six o'clock and seven o'clock. Ora Hallenbeck has charge of reservations. Mrs. J. L. Van Wagoner is general chairman of his annual affair.

Agricultural fairs have been part of American life for nearly 150 years.

Hose Demand Attention

The teenager who prefers nylon to kneelength cotton hose or "bobby sox" must be doubly careful in attaining a neat appearance.

The girl who's seen constantly with a run in her stockings is inviting criticism of her grooming reputation.

By taking several smart precautions, you can lengthen the life of your nylons and strengthen them to resist runs and snags.

Before wearing your brandnew nylons, rinse them first. This will help strengthen threads, and rid the stockings of their original "shine."

Using lukewarm water and mild soap flakes, wash your stockings after each wearing. If you allow the grime that's accumulated during the day to re-

main on your stockings, it will damage the fiber overnight.

Before dunking your stockings in the basin for their nightly tubbing, check your fingernails. Chances are your fingernails may be rough or broken and will cause snags in the washing process.

When drying your nylons, roll them in a towel first. Then, hang them on a towel bar or showerrod—surfaces that won't cause snagging.

If you're a girl who's especially rough on nylons (always catching them on your school desk) then perhaps mesh stockings are a good choice for a solution.

And, if you have a great deal of trouble keeping your stocking seams straight, then try seamless mesh stockings.
