Royal Oak 'Gang' Facing Murder Indictments

Name Tags Bring Anonymity to Rapid End

GET ACQUAINTED INSURANCE — These members of The Pontiac Press Theater Special lined up this morning to get name tags, before beginning their jaunt to the canyons of New York City. Buses hauled the 100 party-goers to Detroit, where they boarded the train which will carry them to four excitement-filled days and five Broadway hits.

Junketing 100 Excited About It All

Theater Special Buzzes Off to New York

By L. JAMES BINDER
Asst. City Editor, Pontiac Press

ABOARD THE THEATER SPECIAL — The distant hum of the engine's horn as it nears a crossing, the occasional tinkle of signal bells and the constant rumble of swiftly turning wheels are the loudest sounds as the mighty Empire State Express glides over Canada's picturesque countryside.

The murmur of voices can be heard, and often laughter, but most of The Press' New York-bound 100 are either dozing in their seats or gazing at the scenery. Almost everybody seems to be storing up energy for the four exciting days ahead.

Far more animated was the group that boarded the train early this morning and began meeting the people who yesterday were only names on the passenger lists included in each Special traveling packet.

The passengers officially became a group at 6:45 a.m. when they boarded chartered busses for Detroit's Michigan Central Station. Most of them had already been up for two hours making last minute preparations for the trip they had planned two months ago.

The sun was only beginning to show its rays in downtown Pontiac when our 100 travelers lined up to attend one of the few business-like aspects of the week—that of checking in luggage with the help of the three Press staff members who are going along.

FRIENDSHIPS MADE

Friendships were made quickly as the Empire State moved out of a Detroit that was only beginning to come awake. A few seats were exchanged in the reserved cars to let old acquaintances sit together, but most passengers seemed eager to find out about the people who had been placed across the way in the seating chart.

Name pins on each lapel and dress prompted universal use of the convention gesture of first glancing down and then up at the face while shaking hands or voicing a greeting.

By the time breakfast was over, there weren't many "Misters or Misses" in the crowd, just neighbors who will be spending five days together over a thousand miles from home.

The "best-seller" among those who have found time to read is a thick packet of folders on places to see in New York.

The information listed in one guide prompted a discussion across the aisle on the merits of Luchow's as an eating place as compared with the Coach House. Another group has already made plans to spend one of the free afternoons in an independent tour that will take in The Bowery, Chinatown, Central Park and Governors Island.

TOAST THE TOWN

Everyone has examined the plastic packet of tickets passed out to each shortly after departure. By the time the packet is empty, each owner will have seen five Broadway plays, taken a tour around Manhattan Island, wandered all over the United Nations Building and toasted the town at two late evening parties.

Wise travelers in the group have alloted time during the trip for maps because after arrival in Grand Central Station at 9:30 tonight and after checking in at the Paramount Hotel, the next stop will be Greenwich Village for an arrival party.

Scheduled to begin at 11:30 p.m., the party will be staged in the Village Barn where tables have been reserved for a variety show. One of the city's best-known night clubs, the 'Barn' specializes in music for

But Texans Still Unrelenting

Integration Wins Out

By THE ASSOCIATED PRESS

With and without the protection of soldiers' guns, Negroes attended mixed classes today in Sturgis, Ky., and Louisville, Ky., but a jeering, gravel-throwing crowd barred a Negro girl and boy from the junior college at Texarkana, Tex.

While a heavy force of National Guardsmen stood by, seven Negro students were brought to Sturgis High School in automobiles an hour before classes began. Although a crowd had started to gather, there was no disorder. Later, the crowd grew to about 1,500 but remained orderly.

Integration on a largescale basis began quietly in Louisville without any troops or heavy concentrations of police.

A crowd of about 300 adults and students of Texarkana Junior College, formed a mass picket line that kept Jessalyn Gray, 18, and Steve Poster, 17, from entering the building. Miss Gray had been accepted as a student after tests and Poster said he was trying to find out how he came out in his entrance examinations.

In forcing the couple to flee in a taxi, members of the crowd threw gravel at the Negroes and a white boy kicked at the Negro youth but missed.

At Louisville, Kentucky's principal city 170 miles to the northeast of Sturgis, full scale integration proceeded quietly. Threats to picket Male High School, where 75 Negroes enrolled, did not materialize.

It was one of the largest tests of integration yet undertaken in the South's border areas. There are about 47,000 school-age children in Louisville and a third are Negroes.

At Clay, Ky., another mining and farming town 11 miles from Sturgis, the mother of two Negro children who were kept away from the elementary school by a crowd last week refused to say whether she would try again to enter them. Apparently she made no effort to this morning.

At Clinton, Tenn., scene of disorders last week, school classes continued amid signs that a boycott by white students was weakening. Today's attendance was 520 to 800 enrollment, including a dozen Negroes. This compared with a low of only about one-quarter attendance at the height of last week's troubles and only about half Friday.

Egypt Invites Suez Users to Discuss Control Plan

LONDON (AP)—Egypt bid today for a parley representing the views of all users of the Suez canal to tackle the stalemate that Cairo negotiations failed to solve. The key issue is control of the canal.

"Egypt desires to state its determination to continue to work for a negotiated settlement within the letter and spirit of the charter of the United Nations," an Egyptian communique said.

President Nasser's government set forth the idea even as Australian Prime Minister Robert G. Menzies' five-nation mission flew back to London to report on the collapse of talks with Nasser.

French leaders also headed to London to plan the next move with Prime Minister Eden and Foreign Secretary Selwyn Lloyd.

They faced a choice between war and further diplomatic dickering. This city again became the focal point of consultations on the crisis.

In Washington, Secretary of State Dulles today voiced his "deep" disappointment at failure of the Cairo conference and declared the rights of the Suez treaty signatory nations "should be pursued."

He hinted that the next step in attempting to solve the Suez Canal crisis might be referral of the dispute to the United Nations.

In asserting that the rights of the canal-using nations should be pursued, he declared this should be done "consistently with the spirit of the United Nations charter."

Judge's Salary Boosted, but . . .

Supervisors Tell Him to Quit Law Practice, Work Full Time

Oakland County supervisors today tied an economic leash to County Probate Judge Arthur E. Moore, who has been the target of recent complaints he spent too much of his time on a private legal practice.

* * *

Supervisors approved a $5,000 hike in Moore's 1957 salary, raising it to $22,500.

But the action was taken after the board heard a letter from Moore promising to do no private legal work during Probate Court office hours.

Willis M. Brewer, chairman of the board's Salaries Committee, stated his committee construed "Probate Court hours" to mean regular hours set for all county offices—8:30 a.m. to 5 p.m. daily.

NOT AVAILABLE

The judge previously has held Probate Court sessions on Mondays only, with Juvenile Court sessions on Tuesday. Attorneys have complained he has not been available for consultation on cases the rest of the week.

Attorney Samuel L. Travis of Huntington Woods, complained during a recent case Judge Moore's private practice might tend to prejudice him when attorneys he opposed took cases into his court.

Travis called the situation "vicious and unfair."

It is not yet known whether Judge Moore's interpretation of "Probate Court hours" agrees with that of the Salaries Committee. The judge in his letter reserved the right to maintain a private practice outside court hours.

Expose Story Spurs Ecorse Voting Probe

DETROIT (AP)—A second investigation into the civic affairs of Ecorse Township started today as a grand jury probe into alleged graft and corruption resumed.

Following a report of balloting irregularities, State Elections Director Robert M. Montgomery said his office will make an intensive study of the Ecorse voting list.

The Detroit Free Press said its investigation reveals 43 faulty ballots on one precinct during the election last November in which Mayor William W. Voisine was re-elected.

City officials said the Free Press report stemmed from "inadequate examination, clerical errors and downright laxity by voters."

Circuit Judge Theodore R. Bohn, the one-man grand juror called Free Press reporters Tom Craig and Wiliiam Chapman to testify today.

Bohn said he thought the account of voting irregularities was "blown up,' but he said he wanted the reporters testimony "for the record.'

Police Wrap Up Data for Action by Prosecutor

Ask Youth Witnesses to 'Wolf Pack' Attack to Contact Probers

Detroit Police wrapped up investigation today to charge four Royal Oak Township youths with the fatal beating of their chum "to teach him some manners."

Evidence for first-degree murder warrants may be presented to the Wayne County Prosecutor tomorrow or Wednesday, according to Lt. George Bloomfield of the homicide squad.

Meanwhile, police asked six unknown boys and a girl whom the gang had beaten up earlier to come forward and press charges.

The death came after a round of fights in which the youths in "wolf pack" fashion had picked quarrels with strangers.

Held at police headquarters are Tommy Rollins, 19, of 10582 Foxton Ct.; Horace Collier, 18; of 21405 Parkside St.; and Odell Gray, 18, of 21423 Garden Lane.

Rollins admitted he clubbed Gerald Rondeau, 14, of Wayne on the head with a lug wrench after a visit to the Michigan State Fair Grounds Tuesday night.,

The victim died of head injuries Friday night.

A 16-year-old boy, also facing the murder charge, is held at Wayne County Juvenile Home. The prosecutor may ask juvenile court to waive jurisdiction so that the youth may be tried as an adult.

Police are completing photographs and a list of witnesses to the brutal attack on Woodward avenue just south of Eight Mile road within Detroit city limits, Bloomfield said.

The four boys apparently were returning home in their car when they stopped at Eight Mile road to ask four friends to ride with them.

Rondeau was with the four standing on the corner. All refused the ride. The youths in the car circled the block, returned and repeated the invitation.

"When they refused again, I got out of the car and hit one of them with a lug wrench," Rollins said, police revealed.

Rondeau went home, complaining of a headache. He fell into a coma Wednesday night and was admitted to Wayne County General Hospital before his death.

Authorities believe that Rollins and his companions may have intended to hurt the other boys once they were in the car.

The four admitted they had been in three fights earlier that night, two of them on the fairgrounds, police said.

Orders Record of Baptism

Hint Bing Ready to Sing 'Oh Promise Me' to Kathy

SEATTLE (INS)—The Seattle Post-Intelligencer said today a Catholic priest in Tacoma, Crooner Bing Crosby's home town, has forwarded Crosby's baptismal certificate to the singer's summer home in Hayden Lake, Idaho.

The priest, who asked not to be identified by name, said such a certificate is required for a Catholic wedding.

The only other time is if a Catholic wishes to enter training to become a priest or nun.

Rumors of an imminent marriage between the 52-year-old Crosby and 24-year-old Hollywood Starlet Kathy Grant have been circulating since last week. Crosby has denied any immediate wedding plans.

Miss Grant has been visiting at the Crosby summer home along with Bill Murrow, producer of Crosby's radio show, Mrs. Murrow and Lindsay, 18, the crooner's youngest son.

The paper said the priest acknowledged he had obtained the baptismal certificate from St. Patrick's Church in Tacoma and sent it to Idaho.

Idaho has no waiting period but requires only a blood test as a formality to get a marriage license. Washington requires a three-day waiting period before marriage.

Sweater Weather Tonight, Tomorrow

Mostly cloudy with scattered light showers and a low near 55 degrees is predicted for tonight.

The weather tomorrow will be partly cloudy and cooler preceded by showers in the forenoon. A high from 66 to 70 degrees is expected.

The lowest temperature preceding 8 a.m. in downtown Pontiac was 52 degrees. A 2 p.m. today the thermometer registered 64 degrees.

Railroad Yard Suit Deferred

Grand Trunk Allowed Two Week Delay; Good Asks for Jury

Another two-week deferment was granted today in the Grank Trunk Western Railroad industrial support yard condemnation suit.

* * *

Clarence K. Patterson, attorney for the railroad, requested the delay due to the absence of Robert Livesey, a member of the railroad's legal department.

After an Aug. 27 postponement, three commissioners were scheduled to be appointed by Oakland County Circuit Judge George B. Hartrick to determine the necessity of the project.

Pontiac attorney Verne C. Hampton, handling the case for landowner Elmer L. Good, 54 Cadillac Ave., said this morning his client has requested the court impanel a 12-man jury to hear the case instead of the commissioners.

Further action is expected on the case Sept. 24.

* * *

The railroad filed the suit last month in an effort to obtain two half-acre lots owned by Good and the Strauss Brothers Co. of Detroit which are needed in the construction of the $700,000 freight yard proposed for an area south of Walton boulevard.

Roaring Emma Takes 33 Lives

Additional Deaths Are Expected as Typhoon Rips Northern Japan

TOKYO (INS) — Twenty-six persons were known dead in southern Japan today as the result of Typhoon Emma which has inflicted a total of 33 deaths in its roaring progress through the Philippines, Okinawa, southern Japan and Korea.

Additional deaths are expected to be reported as battered communications facilities are restored.

The raging storm, with 115-mile-an-hour winds still churning its center, is moving on the northern tip of the Japanese home island of Hokkaido. It will lash the northern island early Tuesday if it continues its present pace.

Of the 33 deaths, one was an American — a military policeman killed on the American bastion of Okinawa where uncounted millions of dollars of damage to U. S. Army, Marine and Air Force installations were inflicted. Okinawa received the full fury of the typhoon, strongest to race through the Pacific in at least seven years.

Another 15 American servicemen on the island were injured, nine of them seriously.

Soviet Discloses A-Bomb Tests

Red Promptness Stuns West; Tass Says Four Blasts Have Been Fired

MOSCOW (AP)—Soviet Russia announced the explosion today of another of her nuclear weapons, the fourth in a series of atomic tests that started Aug. 24.

* * *

The announcement, unprecedented for its promptness, finally beat the United States in disclosing the testing of one of the Soviet Union's own atomic devices.

* * *

Tass, official Soviet news agency, distributed the announcement at 6 a.m. and made a special phone call to Western correspondents to make sure they did not overlook it. The unusual hour and speed indicated Moscow is determined that the United States no longer will be first with such news.

It confirmed a previous statement by the U.S. Atomic Energy Commission on Sept. 3 that another test explosion was held in the Soviet Union Sept. 2.

On Aug. 31 the Russians with unusual promptness said they had exploded on Aug. 30 a new and different nuclear weapon "applicable to the arming of various kinds of troops" and that this was the second test in a series that started Aug. 24.

* * *

Despite their promptness, however, the Russians were about 1½ hours behind the announcement by President Eisenhower, who told a news conference that Moscow had conducted the tests in "wartime secrecy" while talking publicly of abolishing all atomic weapons.

Water Tests Delay Opening of School

The new Linda Vista Elementary School will not open until Friday at the earliest, school authorities said.

Final testing of the fresh water supply will not be completed until then, according to Dr. Otto C. Hufziger, assistant superintendent of schools for business.

The water is delivered to the school and the Pontiac Knolls Subdivision through a new main which must pass certain tests by the City Sanitarian.

The school is ready otherwise, Hufziger said. If tests are okay today and tomorrow, he added, the school will open Friday for 420 pupils. It takes 48 hours after a test is made to get the results, he explained.

Ike Gets Album of Favorite Tunes From Fielder

WASHINGTON (AP)—A new record album called "The President's Favorite Music" was presented to President Eisenhower today.

The presentation was made by Arthur Fielder, conductor of the Boston Pops Orchestra. One number by that orchestra under Fielder's direction, a selection from George Gershwin's "Porgy and Bess," is included in the album.

Other selections in the album were the spiritual "He's Got the Whole World on His Hands," as sung by Contralto Marian Anderson, the title theme from the movie "High Noon," and the Beethoven Coriolan Overture.

Birmingham Youth Cuts Leg in Collision

James E. Barrick, 17, of Birmingham, was hurt in a two-car collision in Waterford Township Saturday night.

He was treated at Pontiac General Hospital for multiple cuts of the right leg.

The other car was driven by Donald A. North, 41, of 474 Oakland Ave. North told deputies Barrick struck him from behind as he waited to turn left.

Bloomfield Hills Voting Today on Bond Issue

BLOOMFIELD HILLS — School officials here are hoping that voters cast a majority of "yes" votes today for the proposed $2,765,000 bond issue for school building expansion.

Supt. Eugene L. Johnson has said during the campaign conducted by he and the board of education for the Bloomfield Hills School District, "Significant improvement in the school program always requires continuing effort."

"A great deal has been done," he said, referring to the first group of buildings suggested by a group of Michigan State University educators following a survey several years ago, "but much remains to be done."

Balloting is at Vaughan School until 8 p.m. today on the bond issue that would buy two elementary school and two junior high school sites and construct a junior high school and an elementary school.

The funds will also complete present playfields and buy playground equipment.

Car Rammed in Rear, Driver Hospitalized

A Rochester man was hospitalized and six other persons were hurt or shaken up when a car rammed the rear of another in Troy yesterday.

Albert A. Pickvet, 22, is in fair condition at St. Joseph Mercy Hospital. A piece of chrome lodged in his left arm in the collision.

His wife, Barbara, 22, sons, Michael, three weeks, and Albert F., one year, and a daughter, Patricia, three years, were shaken up.

Wallace D. Britt, 20, who is stationed with headquarters of the 30th Air Division at Willow Run, one of the drivers, was treated at the hospital for chest bruises and a broken tooth. Arlene New, 18, of 215 Ferry St., also was treated for bruises.

Pickvet told Troy Police he was stopped for a stop sign at Livernois and South Blvd. When his car was struck from behind.

Britt said he took his eyes off the road for a second.

2 Detroit Women Bruised in Collision

Two Detroit women received minor injuries in a collision at Lone Pine and Telegraph Roads in Bloomfield Township Saturday morning.

Gloria Pruner, 23, was treated for knee cuts and a bruised left ankle at St. Joseph Mercy Hospital. Joan Livernois, 26, suffered forehead bruises needing hospital treatment.

They were riding in a car driven by Adam A. Wojdyla, 37, of Detroit. The other car was driven by Robert C. McLellan 21 of Farmington.

Bloomfield Police said the McLellan car pulled out in front of Wojdyla.

Shooting Stunt Denied by Confidential's Boss

NEW YORK (INS) — Confidential magazine publisher Robert Harrison today denied his shooting by big game hunter Richard Weldy in a Dominican Republic jungle was a publicity stunt to promote circulation.

"A man would have to be a lunatic to get shot for a publicity gag," Harrison said on his arrival at Idlewild Airport from Ciudad Trujillo, "and I'm not that much of a lunatic."

He reiterated his shoulder wound was suffered in an "accidental" shooting following an argument with Weldy over a Confidential article on Weldy's ex-wife, Pillar Palette, now wed to John Wayne.

A Pontiac man was sentenced to 60 days in the Oakland County Jail Saturday for contributing to the delinquency of a minor.

Leland Hart, 18, of 280 Fisher Ave., pleaded guilty before Justice William Stamp of Independence Township. He was arrested Sept. 7 by Pontiac Police.

Weekend Toll 23 in Michigan

Benton Harbor Crash Kills Expectant Mother, 4 Others

By THE ASSOCIATED PRESS

A Berrien County crash that cost five lives late Sunday night swelled Michigan's weekend traffic toll to 17. Several others were hurt critically, and in all, 23 persons lost their lives in accidents.

Four drowned, one man was struck by a train and another died in a fire.

The most tragic accident occurred about 14 miles northeast of Benton Harbor on a county road. Five died in that one. One of the victims was nine months pregnant but doctors could not save her child.

The victims were 47-year-old Finesee Brooks of Hartford, his 25-year-old son, Glenn, also of Hartford and Eustis, Fla.; David Adam Roberts, 26, of Covert; Mrs. Franceeda Tio, 30, of Coloma, and Mrs. Shirley Finehout, 20.

Mrs. Tio was expecting a child.

Other traffic deaths include:

Dorothy Frazier, 28, of Marquette, and Robert Koch, 23, of Limestone.

Josephine Brown, 24, of Detroit, daughter of Mr. and Mrs. Generd Risdon of Davison.

Dr. Paul J. Dobosz, 28, of Auburn.

Mr. and Mrs. Henry Degen, both 70, of Cicero, Ill.

Thomas Stone, 66, of Cincinnati.

Benjamin Franklin Sims, 31, of LaSalle.

Walter Rohn, 50, of Frankfort, and his wife, Helen, 48.

Ina Jean Mercer, 6, of Jerome.

Victims of other mishaps were:

Gloria Bania, 10, of Chicago, who died in a boating accident on Paw Paw Lake.

William Moons, 17, of Lakeland, who drowned Sunday.

Samuel McBurney, 30, of Wyandotte, struck and killed by a train Saturday.

Charles Brown, 49, of Detroit, burned fatally Saturday.

Kenneth Neff, 28, of Gladstone, believed drowned after his empty motorboat was found circling near Butler's Island in Little Bay De Noc north of Gladstone.

Paul M. Schults, 22, of Mt. Clemens, drowned when his car plunged into the Clinton River Sunday.

OUTDOOR ART SALE — Robert Herzberg, professional artist, talks with two members of the Birmingham Society of Women Painters at the society's art sale Saturday in Shain Park. At left, Mrs. William L. Demis holds one of her subtletoned oil paintings. Mrs. George O. Cutter, center, did the painting at her side and the one above her head.

Show Paintings Outdoors

Styles Vary in Shain Park Displays

By DOROTHY JEAN ZACK

BIRMINGHAM — Wider in variety than in annual exhibits, the range of painting styles brought much comment among the hundreds who viewed the Shain Park outdoor sale Saturday of the Birmingham Society of Women Painters.

Earlier paintings for many of the women painters, who study together weekly under Ann Arbor instructor Emil Weddidge, are simple landscapes and realistic still lifes.

They were displayed along with later paintings that show Weddidge's influence in his two years toward abstraction and careful handling of oil paint colors on most of the easels in the park sale.

Some works were freed of reality completely, like the abstracted flowers that became tiny triangles of light for one watercolorist, and the bright geometric design that drew many children's comments at Kathleen Birch's easel.

Another of Mrs. Birch's works was a memory-work of a water-washed wreck on a New England shore.

Others kept pictorial quality but reached into color intensities for their emotional quality. One new artist, in the club only since painting for this fall began last week, displayed many works with single-color emphases.

One in yellow abstracted flowers, and one in red was a child's swing against a red background.

Geometric designs by Mrs. George O. Cutter repeated familiar shapes.

* * *

Two vases formed an abstracted design for Mrs. William L. Demis, a member of five years. Its colors were in subtle yellows that contrasted with the harsher colors in her earlier works.

Members priced their own pictures, showing little affection for early works (with price tags under five dollars) and reluctance to sell newer ones (with $25 and up prices).

Among those visiting the show was Robert Herzberg, professional artist who won last year's Michigan Artist's top prize.

He showed interest especially in the split-area abstractions, some of which might have been influenced by his own prizewinning new style that utilized tiny facets of brilliant colors.

His living, however, he admits, comes from far more realistic portraiture.

A former Detroit art school director, the gray-bearded artist says he has just finished a work of Mary Ann Sleans, and plans two other portraits in her family. Last year he painted one member of the Drew Hainline family.

He will remain in Birmingham until, he says, "cold weather," when he'll take his trailer studio to Florida for the winter.

Beauteous Miss America Adept at Skirting Issues

By HUGH MULLIGAN

NEW YORK (AP)—Marian Ann McKnight, a blonde and blue-eyed daughter of the Confederacy, today neatly skirted the controversial issues of segregation and Elvis Presley in her first press conference as the reigning Miss America.

The 19-year-old beauty from Manning, S. C., barely fluttered her pretty eyelids when the questions were put to her.

Would she care to return to Coker College, Hartsville, S. C., if there were Negroes in the student body after her year-long Miss America tour?

"Id rather not answer that," responded Miss McKnight, a Coker junior.

* * *

Are you an Elvis Presley fan?

Miss America flinched but held her ground. "No comment," she said finally, in a low-decible drawl and bright smile.

On the question of Southern manhood, she had no hesitation.

Which do you prefer, northern men or Southern men?

"Why Southern men, of course," came the immediate answer.

Even Southern men, it appears, can have too much of a good thing.

At Coker College, where, Marian said, there are 350 girls and only four boys, "Not one of those four boys has ever asked me for a date."

"I guess it's because there are so many more girls to choose from," she added.

Miss McKnight said she plans to return to Coker College after completing the Miss America tour.

There is a man in the picture too, Air Force Lt. John Gramling of Orangeburg, S. C., "But you might say our plans are indefinite."

The Southern beauty, who captivated the judges at Atlantic City an imitation of Marilyn Monroe, said she had no plans for a movie career—"I'm a home girl and I think family comes first."

She said she was not stage-struck as a child because "Well, to tell the truth, I was fat, very fat."

* * *

In the eighth grade, she revealed, the fat disappeared and her current 35-23-35 dimensions began to take shape.

Other top finishers were Miss District of Columbia, Margo Lucey, 20, first runnerup who gets a $3,000 scholarship; Miss Alabama, Barbara Hilgenberg, 18, of Tucson; and Miss Kansas, Mary Ann McGrew, 19, of Wellington, $2,000 scholarships each.

Clement Airs Racial Problem

Tells Southern Leaders 'All Justice Does Not Lie on Either Side'

WHITE SULPHUR SPRINGS, W. Va. (AP)—Gov. Frank G. Clement of Tennessee told fellow Southern governors today that "all justice does not lie on either side" in the South's rankling school segregation problem.

Making his welcoming address as chairman of the 22nd annual Southern Governors Conference, the 36-year-old Clement declared:

"Today the South is on trial. Today the South is the object of harsh criticism. Today the South groans with a wrenching, agonizing social problem.

* * *

"About the issues involved in that problem, I can only say that all justice does not lie on either side. But about the ultimate issue of that groaning, I am optimistic.

"This travail will not prevent the South from making future contributions to the nation."

Clement's talk, a welcome by host Gov. William C. Marland of West Virginia and a series of reports make up today's opening program. Adm. Arthur W. Radford, chairman of the Joint Chiefs of Staff, makes the principal address at the annual dinner tonight.

* * *

Not on the agenda, but on everybody's tongue, were the burningly topical questions of school integration and politics.

Michigan State Fair Sets Attendance Mark

DETROIT (AP)— Some 821,656 persons passed through the turnstiles of the Michigan State Fair this year, setting a new attendance record for the 107-year-old display of Michigan's industrial and farm wares.

The previous record of 801,248, set in 1950, was passed by more than 20,000.

Driver Dozes at Wheel, Suffers Cuts, Bruises

Donald Q. French, 25, of Oxford, told county deputies he fell asleep at the wheel last night and hit an embankment at M24 and Oakwood Rd. He was treated for cuts and bruises.

2 Pontiac Gas Stations Entered, Nothing Stolen

Thieves broke into two gas stations on North Cass avenue Friday night, police said, but apparently stole nothing of value.

The stations, at 109 and 117 Cass, both were entered through broken windows.

WEATHER FORECAST — It will be warmer over most of the northeast tonight but will remain cool in southern New England and New Jersey. Temperature changes will be small elsewhere in the country. Showers will be scattered over the northern Appalachians, southern Florida, Utah and western Oregon.

The Day in Birmingham

Nixon Pond Dredge Plan Before Commissioners

BIRMINGHAM — City Commissioners tonight will consider accepting the $58,250 bids for dredging Nixon Pond if property owners and Bloomfield Township agree to share finances.

The bid is that of J. T. Poupore Co., who can proceed with the work sooner than the M&R Hydraulic Dredging Co., whose bid for $14,000 was lowest offered. M&R would start work June 1, 1957.

Assistant City Manager R. S. Kenning, who says he met with Beverly Rouge Improvement Assn. members and other city representatives last Wednesday, advises the Poupore firm for the job.

Other bids facing commissioners tonight will be a $300 one for examination of the Hunter water tower and a $1,398 one for a radar police car.

The water tower bid would also include tightening diagonal bracing rods. The work will precede painting of the tower, marred by mischievous high schoolers' initials and names. Repairs might be needed before the paint, City Engineer G. E. Serenbetz says.

The low bid for the eight-cylinder two-door car is that of the McCullough Chevrolet firm.

Another bid being considered is that of Edward R. White for $45,000 for the construction of Parking Lots HH and 3-A in the north sector of town, excepting drainage work, for which contracts have already been let.

White has advised the engineer he will sub-contract to A&A Asphalt. The engineer says he was pleased with the recent resurfacing project A&A did here.

Insurance for auxiliary police, which would cost $7.65 per family or individuals $3.80, is suggested by Lawrence McKay, since the policies come up for renewal on Sept. 25.

Hearing on the Twining property rezoning, continued over from the Aug. 13 commission meeting is set for this evening.

Cost of the remainder of the municipal building remodelling may cost $100,000 according to an estimate submitted by architects, Smith, Tarapata and McMahon, Inc.

They estimate $70,000 for the first floor work, $15,000 for the commission room, and $15,000 for the basement area.

* * *

Members of five state departments, will be present at tomorrow's presentation of the National Safety Council report on Birmingham's traffic at the municipal building, according to Chief of Police Ralph Moxley.

A Michigan State Police member will make the presentation in ceremonies at 3 p.m. in the commission room

British Closing Old Naval Base

Famous Scapa Flow Will Be Abandoned for Sake of Economy

WASHINGTON — Britain is closing her big naval base at Scapa Flow, a sea haven important strategically since the Ninth Century.

* * *

Famed as the home of the British fleet in two world wars, Scapa Flow is a roadstead between the Atlantic Ocean and the North Sea. It holds some 100 square miles of anchorage—enough to shelter all the navies of the world.

It lies in the midst of the Orkney Islands, bits of land that resemble a giant's jigsaw puzzle scattered in the sea north of Scotland, the National Geographic Society says.

In the 9th and 10th Centuries the Norsemen came across the North Sea from Scandinavia and based themselves in the Orkneys, from which they were able to overrun much of Scotland, Ireland and England.

* * *

At the start of World War I, the British Admiralty chose Scapa Flow as the main base for its home fleet.

SUBS REPULSED

Five times during that war German submarines tried to penetrate the defenses of Scapa Flow. Five times they failed.

In October 1939, when Britain was again at war with Germany, the defenses of Scapa Flow were pierced. A German submarine's torpedoes sank HMS Royal Oak as she lay at anchor.

After the destruction of the Royal Oak, with the loss of 833 men, the base was abandoned by the fleet until the entrance used by the raider had been plugged with inter-island causeways of cement and stone.

Now, except for an oil depot, the base is to be abandoned again, this time for economy.

Weinberger Infant Quietly Laid to Rest

WESTBURY, N. Y. (INS)—Peter Weinberger, the baby whose life was ended by a panicky kidnaper little more than a month after it began, was quietly laid to rest in Montefiore Cemetery, Queens, N. Y., yesterday.

* * *

A small group including the bereaved parents and immediate relatives endured early autumn cold and wind as Rabbi Samuel Langer of the Westbury Hebrew Congregation conducted services.

A death certificate will be filed this week showing cause of death as "Asphyxia, exposure and probably starvation—homicidal."

* * *

Angelo John LaMarca, 31, is under indictment under charges of kidnaping and murder for the abduction of little Peter from his Westbury home on July 4th and his subsequent abandonment on a hillside not far from LaMarca's home.

Steel Union Seeks Hike of Dues by Members

PITTSBURGH (INS) —The nation's union steel workers face a raise in dues for the first time in four years.

Top-ranking officials of the United Steelworkers are expected to ask the international convention next week in Los Angeles for authority to boost the current $3 a month dues. Observers believe that the officials will seek the $1 a month increase in order that staff members may be given a pay raise.

Army Asks Children to Give It Some Cents

TOKYO (INS) — The U.S. Army has issued an appeal to help relieve an acute shortage of pennies in the Far East.

Some 15 million of the copper coins have disappeared from circulation in the Far East, making it necessary to ship additional pennies from the United States at considerable expense.

Most of the pennies are believed to be stashed away in piggy banks of servicemen's children.

NATO's 3 Wise Men to Begin 2-Week Study

PARIS (AP)—The three "Wise Men" of the North Atlantic Treaty Organization today began two weeks of close study to determine means of expanding NATO's non-military functions.

The "Wise Men," named by the NATO Ministers' Council early this year, are Lester Pearson, Halvard Lange and Gaetano Martino, the foreign ministers of Canada, Norway and Italy.

Pontiac Deaths

H. S. Compton

Harry Compton, 56, of 195 Whittemore St. was dead on arrival at the Pontiac Osteopathic Hospital at 10:15 Friday a. m. He was born in Pontiac, the son of Otto and Lois Middleton Compton, was educated in Pontiac schools, and was married in 1916 to Verna Dennison.

He was with Compton Plumbing and Heating Co. for the past 26 years. He served in World War II, was a member of the Moose Lodge of Pontiac, and of Veteran of Foreign Wars, 1370.

Surviving besides his wife and parents are six children; Leon of Pontiac, Gerdon and Howard of Pontiac Township, Richard at home, Mrs. Esther Bradley of Florida, and Mrs. Donna Arnold of Watkins Lake.

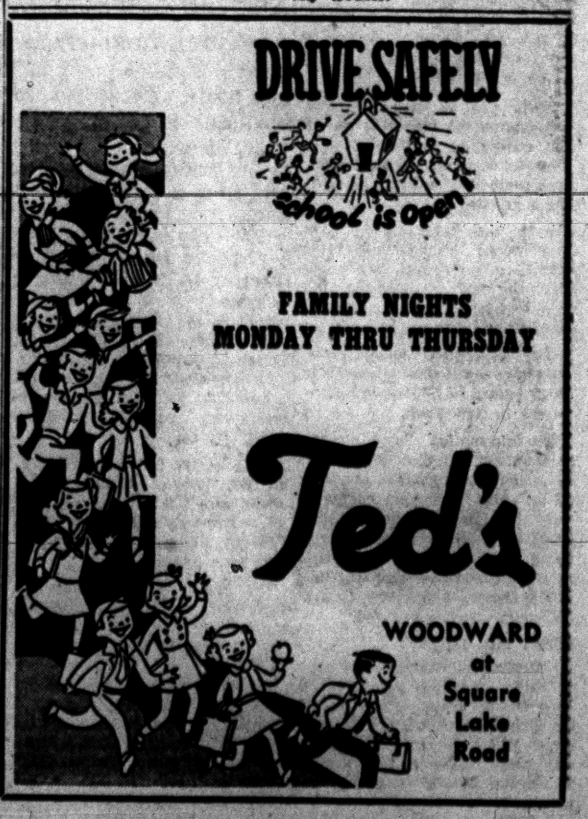

Also surviving are two brothers, Elwood of California and Arthur of Pontiac, and two sisters Mrs. Meriam Frazer, and Mrs. Julia Hallenbeck of Pontiac.

Service will be at 1:30 p. m. Wednesday at the Huntoon Funeral Home, with Rev. LaLone of the Donelson Baptist Church officiating. Burial will follow at Perry Mount Park cemetery.

Louisville Schools Mix, Open Without Trouble

LOUISVILLE, Ky. (AP)— Louisville public schools, racially desegregated for the first time, opened today without incident.

School and law enforcement officials say they aren't expecting any trouble.

Accidents on farms cost the American people about one and one half billion dollars annually.

Light Plane, Liner Collide, Land Safely

BARTLESVILLE, Okla. (AP)—Officials of the Civil Aeronautics Administration were here today to investigate the near tragedy in which a Continental Air Lines transport and a small private plane brushed in the air 1,500 feet over Municipal Airport yesterday.

* * *

Both planes managed to land safely. No one was hurt.

The Continental DC3, en route from El Paso, Tex., to Kansas City, had 14 passengers and three crew members aboard. Its right elevator was sheared off in the middle, its rudder and the right aileron were damaged.

* * *

Jim F. Folk of Carthage, Tex., was flying the small plane, a Cessna 170. He had four Bartlesville youngsters aboard for a pleasure hop. The collision dented his plane's left wing, tore off an engine cowling and broke one cylinder.

Doors, Shingles Stolen at Judah Lake Project

The front and ack doors an some shingles were stolen from a construction building in Orion Township over the past weekend, the Oakland County Sheriff's Department reported today.

The theft was at the Homerslea project on Judah Lake, according to Building Superintendent W. A. Harrison.

For Instance — Patrolman Peter Joseph Monahan

Joe Smith Unusual? There Were Others

NEW YORK (AP) — Joe Smith has had his counterparts in American political history.

And unlike the Joe who caused a tizzy at the Republican National Convention in San Francisco last month they weren't all mythical.

* * *

One was a solid, foot-pounding policeman at the Democratic National Convention in New York's Madison Square Garden in 1924.

The mythical Joe was put up as a candidate for the vice presidential nomination this year by Terry Carpenter of Nebraska as a symbol of an open convention.

But Patrolman Peter Joseph Monahan was put up for the presidency itself in 1924 as a symbol of honesty that belongs in government.

* * *

Patrick J. Quealy of the Wyoming delegation was the Carpenter of the day.

He gave a typical "man who" speech, extolling his man's honesty and integrity at great oratorical length, but traditionally left the name to the very end.

The half-dozing delegates, expecting him to name some well-known statesman, sprang to attention when Quealy finally declared:

"Gentleman, I give you Patrolman Peter Joseph Monahan."

The entire Wyoming delegation cheered. Newsmen scurried from their press seats to learn more about this "dark horse."

Quealy explained. His wife had lost a brooch.

* * *

Monahan, on duty at the Garden, found it, succeeded in locating the owner, and returned it to her. Quealy was impressed.

Mayor John F. Hylan was overwhelmed at the tribute paid to one of his "finest."

Posing for pictures with the blushing patrolman, Hylan said: "I am prouder of this than anything that could have happened. I am as chesty on this occasion as I was on the night I was nominated for Mayor."

Monahan's moment in the spotlight was brief. He retired from the police department in 1935 and faded into obscurity.

There have been at least a couple of other lone eagle incidents at the conventions.

* * *

In 1916, Robert Emmet Burk of Cleveland cast the lone negative vote in what otherwise was a unanimous nomination of Woodrow Wilson for president.

In 1940, a man named Durbin cast a single vote for Bascom Timmons, of the Houston, Tex., Chronicle for vice president, just to make things interesting.

Shriner Retrieves Fez for a Hatless Shriner

BALTIMORE (AP)—With Shriners from eight states in town for a convention, Baltimore police have been busy tracking down filched fezes.

One of the tassled red lids — swiped from an off-duty policeman —was quickly recovered. Another officer saw a teen-age youth take it from patrolman Royston Medarys' car and arrested him.

The sharp-eyed fez retriever: Detective George Shriner.

'We're No Darn Good,' Moscow Radio Admits

LONDON (INS)—Moscow Radio has criticized itself—by faithfully quoting the censures of Pravda, official Communist party organ.

Pravda said: "Year after year one hears the same voices on our radio waves. The programs are monotonous. The technical quality of the broadcasts must be improved."

Some ten million people have visited the Statue of Liberty since the official count was started in 1933.

Doctors Dabble to Determine Decent Diet

Pachyderm Peggy With Pegleg Paw Playing Guinea Pig for Professor, Pal

AMES, Iowa (AP)—A 3½-foot baby elephant named Peggy is being treated at Iowa State College for a broken leg and for rickets.

* * *

What's more, she is serving as a "guinea pig" for some original research on what makes a young elephant tick.

Dr. L. C. Payne, associate professor in veterinary physiology, and Russell Schelkopf, a graduate student from Geneva, Neb., are financing the little elephant's care and feeding while they do special studies on her.

Peggy is 1½ years old. She was brought to this country from Thailand in July, 1955, for the private zoo on the St. Louis, Mo. estate of Mrs. August A. Busch Sr.

* * *

Somehow, Peggy's leg was broken and St. Louis specialists feared it never would mend. The Busch family, reluctant to have the little elephant destroyed, had their veterinarian contact Iowa State College.

* * *

Payne and Schelkopf were so intrigued by the possibility that when the insurance company that paid the claim on Peggy offered her as a gift, they agreed to finance her trip here by truck.

Peggy arrived July 27 and an all-out effort was begun to heal her leg and find out all about her. Studies indicated she was suffering from rickets, a bone deficiency resulting from inadequate diet.

Peggy probably got rickets because she was taken from her mother by hunters while she was still a nursing baby.

Peggy is now getting a diet rich in calcium, phosphorus and vitamin D. She gets five or six gallons of milk a day with rolled oats, cod liver oil, powdered vitamin supplement, a beef protein mineral supplement, alfalfa hay, lettuce and fruit.

She eats heartily. She loves powdered cocoa which is mixed with each of her three-a-day meals.

Peggy's healing leg is crooked but she now can walk without difficulty and the leg already has straightened some.

Stevenson Forced to Buck Cold "Statistics"

When Adlai Stevenson was campaigning in this area, he scoffed at the Republicans for seeing progress as "something you measure on a slide rule and prosperity as a statistic."

Adlai must be hard pressed.

He bucks mathematics.

★ ★ ★

The cold, unemotional "statistics" on employment were just announced by Secretary of Labor, James P. Mitchell and they tell a tremendously interesting story. In August, employment in the United States hit an all-time high.

It was 66,800,000.

This is more than five million above the figure when Dwight D. Eisenhower took over the presidency. Factory wages, Mitchell disclosed, have averaged $13 a week more than they did under Truman. Ten million additional workers are under Social Security.

★ ★ ★

No wonder Adlai abhors statistics.

He should.

They make it awful tough.

★ ★ ★

In the meantime, that old one-man champion of the Impulsive Pop-Off, Harry S. Truman, declares on a TV program that he doesn't believe Alger Hiss was a Communist spy. This is in keeping with Harry's administration. During the Hiss perjury trial, Adlai Stevenson himself made a contribution that we haven't forgotten. He supplied an affidavit testifying to Hess' "good reputation."

The political pot has ceased simmering and begun to boil—gently, perhaps—but the political tempo is quickening.

Hope for Compromise in Algerian Situation

French trouble in Algeria continued to grow during the past few weeks. Every time the French troops managed to kill an Algerian rebel, two substitutes rose up to take his place.

What the final outcome will be, no one can say at this point, but many French leaders have come to the conclusion that Algeria must be given some compromise much closer to complete national independence if, indeed, it is not already too late for any compromise.

★ ★ ★

The French realize that Russian strategy is at work in the background. The Algerians are being aided by the Communists, who would like to see the western nations driven out of their military bases all along the southern shores of the Mediterranean Sea.

★ ★ ★

Thus the Communists are doing everything in their power to foster the trouble between the British and Egypt, as well as that of the French in Algeria. How to solve the existing argument without precipitating what could develop into a large scale war is one phase of the extremely delicate problem now facing the diplomats of the western world.

★ ★ ★

Various solutions are being suggested for ending the Algerian revolt against French control. All contemplate some method by which Algeria will attain much greater control over her own government, but with some degree of French control still retained, particularly in the field of international relations.

★ ★ ★

The Russians do not want war now, but, as always, they are eager to play with little wars and to use them for their own purposes. They seek to weaken the West in the Mediterranean area, to build up the fight for independence on the part of the French and British colonies, and to foster the idea of a union of all the Moslems, on Russia's side.

The average American can't understand why flying a plane over the demilitarized Gaza strip is far more serious than killing several hundred people a week in Algeria.

The Man About Town

You Want $300?

Annual Football Contest Started; It Is Easy Money

Football: A disease that each autumn becomes an epidemic.

Opening today is the 1956 Man About Town Football Contest, with $300 in U.S. Savings Bonds as the prize.

Your chance of winning it is as good as that of anybody else. In fact, past years have demonstrated that the winner rarely is a person who claims to be an expert.

The prize goes to the person who comes the nearest to predicting the outcome of the 13 games listed below.

There is no entry charge, and every member of your family can compete, but each entry must be on a separate piece of paper.

You don't have to buy anything, figure out a puzzle, write an essay, clip a coupon or do anything else.

It is not necessary that you be a football fan—your guess may be as good as anybody else can do.

If you wish to do so, simply clip out the list, check the team which you predict will win, do not check either team if you think it will be a tie game, then attach it to a piece of paper bearing your name and address, and send it in. Here's the list:

Sept. 29—Mississippi vs. Kentucky.
Oct. 6—Michigan vs. Michigan State.
Oct. 13—Duke vs. Southern Methodist.
Oct. 14—Detroit Lions vs. Los Angeles Rams.
Oct. 20—Michigan State vs. Notre Dame.
Oct. 27—Stanford vs. Southern Calif.
Nov. 2—Pontiac vs. Saginaw.
Nov. 3—Detroit vs. Cincinnatti.
Nov. 10—Texas vs. Baylor.
Nov. 17—Georgia vs. Auburn.
Nov. 22—Penn vs. Cornell.
Nov. 24—Michigan vs. Ohio State.
Dec. 1—Army vs. Navy.

You are in the contest only as long as you forecast correctly. This is a straight elimination contest. All entrants agree to abide by the rules, and the decision of the judges will be final.

Before the first game all entries will be divided into three piles: those who pick Mississippi to win, those who pick Kentucky, and those who predict a tie game.

After the first game, those who picked the winner will again be divided into three piles for the second game, and the others are eliminated. This process continues until only the winner is left. In case of a tie, the prize will be divided.

All entries must be received in The Pontiac Press office by Saturday noon, Sept. 29. Remember that date. Better make your entry NOW.

Everyone is eligible to compete, except employes of The Pontiac Press or members of their families. Only one entry is allowed from each person.

The contest is open to both sexes and all ages. The ladies have been quite consistent winners until last year when

George Nesterick

of 253 Rockwell St., got the $300.

All you need is a few minutes time, a pencil and piece of paper, and the prize may come your way. But remember to get your entry in on time.

Will It Be Thick Enough to Slice?

David Lawrence Says:

Adlai Off to Poor Campaign Start

WASHINGTON — Adlai Stevenson is off to a poor start—judging by the comments coming in from independent sources.

Thus, for example, the Asbury Park (N.J.) Press, which sometimes supports Democrats and sometimes Republicans for the presidency, reproves Stevenson for what it terms "the sneer approach." This has reference to the following quotation from one of the recent Stevenson speeches:

"I only hope my opponent has time to face some of the realities of our declining influence abroad and our lost opportunities at home—and I don't mean on the putting green."

The New Jersey editorial then says:

"Mr. Stevenson's scornful reference to the President's liking for golf may win votes for him in some quarters, but the nation will not be impressed. Most golfers will attest that golf provides relaxation and escape from pressures, thus making them fit to resolve day-to-day problems. Non-golfers will concede that the President must have the opportunity to follow his hobby. Roosevelt enjoyed sailing. Truman plays the piano. Churchill turned to painting, and Hoover preferred fishing.

"If Mr. Stevenson has embarked on a repetition of his 1952 campaign, when sneers, quips and witticisms were his forte, he will have only himself to blame if the voters repeat in 1956 their verdict of 1952."

The New York Times is also an independent newspaper and sometimes supports Democrats and sometimes Republicans. A few days ago it criticized Stevenson's first speeches and said in an editorial:

"The campaign is young, and Mr. Stevenson will have many opportunities to say more on these and other subjects. We believe it is a fair statement, however, that at certain points the early days of his campaign have been disappointing to a considerable number of independent voters."

The Communist newspapers seem to like some of the things that Stevenson has been saying. A Moscow dispatch to the New York Times a few days ago says:

REDS LAUD ADLAI

"The Soviet press congratulated Adlai Stevenson on having 'utterly refuted' President Eisenhower's assertion that the United States now enjoyed a record prosperity."

"Trud," the newspaper organ of the Soviet trade unions said, for example, that Stevenson had made "a number of valuable admissions" when he told a Labor Day crowd in Detroit that there were 14,000,000 Americans in families with less than $1,000 income per year, whereas the average Soviet factory worker is supposed to earn $2,400 a year.

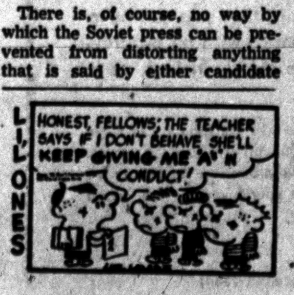

The Stevenson strategy evidently is designed to portray America as in a condition far from prosperous, and the Soviet press has been quick to seize on the points made, arguing that "no matter which of the bourgeois parties is in power, America is a heaven only for the rich."

There is, of course, no way by which the Soviet press can be prevented from distorting anything that is said by either candidate here into some propaganda twist that benefits the Communist side. More of this sort of thing can be expected throughout the campaign. But the debate inside the United States cannot be won by extreme statements or by an attempt to disparage America's economic progress.

Rather it would seem that a candidate seeking the presidential office would come forth with a formula whereby those who are jobless would become employed.

Stevenson's tactics thus far have been on the negative side—an attempt to prove that the nation is in a bad way and needs a change of regime. The argument would become more persuasive if it were on the affirmative side, and if constructive policies to improve the economic situation could be proposed that would appeal to the independent voters as worthy of their support.

Dr. William Brady Says:

Vitamin D, Calcium Help to Prevent Decay of Teeth

Speaking of teeth decay, the dean of a school of dentistry asserted that "it is what we avoid eating that really counts in preventing dental decay, the nation's No. 1 disease." The dean presumably expresses the belief of most dentists. He adds an equivocal statement to the effect that foods which are good for general health also maintain the health of the teeth. This is contrary to the conviction of many dentists that after calcification is complete, that is, once the tooth has formed or developed, there is no longer any possibility that tooth structure can be affected by nutrition.

After the teeth have erupted, says the dean, the most important thing to keep in mind is "avoidance of excessive consumption of sweetened foods and beverages."

I'd say the most important thing to remember, before and after the teeth have erupted, is to see to it that the diet supplies adequate daily rations of calcium and vitamin D.

Probably most physicians would agree with the dean's prohibition of "excessive consumption of sweetened foods and beverages," but I contend there is no scientific evidence that a reasonable amount of sugar or sweets in the diet is harmful to the teeth or any other part of the body.

The dean utters a bit of hokum when he opines that "it was by eating such cleansing foods" (as carrots, celery, apples and oranges) "that ancient man was able to keep his mouth free of bacteria, even though he had no toothbrush." Come, now, Doctor, no one knows whether there were any bacteria in the mouth of ancient man, and no one has shown that the use of a toothbrush frees a mouth from bacteria in any circumstance.

That the dean's notion about the effect of sugar on the teeth and tooth decay is not shared by good authorities is indicated by the following comment made by the National Research Council in a survey of the literature of dental caries (tooth decay) published three years ago:

"It is not known whether there is a relation between the sugar and refined carbohydrate content of an adequate diet and susceptibility to dental caries. In any study of the relation of the carbohyirates to dental caries activity, the adequacy of the diet in question must be guaranteed. In a large number of experiments where the refined carbohydrates has been increased this has not been done." (Adequate diet means the diet must provide enough calcium, vitamin D, protein, vitamin C, other vitamins, carbohydrates and fat.)

From a vast amount of study and feeding experiments on school children in London, Liverpool, and Sheffield, Drs. King, Mellanby, Stones, and Green concluded that a relatively high consumption of sugar had no significant effect on the teeth or on tooth decay in children on diets which were a little above average in nutritional quality.

In view of these observations and opinions by top authorities in the United States and Great Britain, I ask, diffidently, whether some dentists in Yankeeland are not somewhat too vehement in their public statements regarding prevention of tooth decay?

Signed letters, not more than one page or 100 words long pertaining to personal health and hygiene, not to diseases, diagnosis, or treatment, will be answered by Dr. William Brady, if a stamped self-addressed envelope is sent to The Pontiac Press, Pontiac, Michigan.

Case Records of a Psychologist:

Explains Professors' Dullness

Norma's father is typical of the very best type of teacher. But why do his Ph.D. colleagues knife him in the back, at least figuratively? It isn't just jealousy alone. Many psychology professors are afflicted with a scientific inferiority complex. Use the test below on all teachers, for it shows you how to pick out the topnotchers.

By DR. GEORGE W. CRANE

Case S-361: Norma J., aged 19, is a college sophomore.

"Dr. Crane, I need your advice very much," she began. "My father is also a professor of psychology in a leading university.

"And he is a splendid teacher. Students overflow his classes. He fans their natural enthusiasm for psychology until they become zealots.

"More students go on to major in psychology from his beginning courses than from those of anybody else.

"Yet some of his colleagues belittle my father. They say he isn't scientific, apparently just because his students can understand his lectures!

"And they accuse him of sensationalism when he promotes special projects, like a demonstration of hypnosis in class.

"Dr. Crane, my father has a Ph.D. so he is as scientific as anybody else in the department. Then who do his colleagues attack him behind his back?"

APPLE TREE TEST

"It's always the tree that bears the largest and juiciest apples," runs an old adage, "which has the most sticks and stones thrown at it."

For those trees that bear the sour, runty little apples are shunned by hungry school boys.

A man's most vicious critics thus will come from his own profession, for whenever a superlative doctor or clergyman, teacher or lawyer, stands out above the rank and file, the others try to pull him down.

And that is doubly true in the field of psychology, for many of the teachers of this subject still suffer from a scientific inferiority complex.

Physicists and chemists used to taunt them for calling psychology a science. Many of them still are

on the defensive, instead of waging a vigorous offense, as we applied psychologists do, they lose perspective.

"I must take my courses seem ultra scientific," these inferiority complexers think.

So they immediately start stressing heavy scientific concepts, even with the students in Introductory Psychology.

And they harangue the pupils about coefficients of correlation and probable error, plus other mathematical formulae from courses in statistics.

Meanwhile, they try to impress themselves, as well as their students, by a jargon of polysyllables. But they kill most of the original enthusiasm of their pupils.

Psychology has a natural appeal to the average college student. That's why the first courses in psychology are the most popular of any optional classes on the average campus.

But these professors with their scientific inferiority complex, make psychology so dull and boring that registrations in advanced courses decline.

"It's just as well," they then try to salve their ego, "for most of these students are too dumb to major in a scientific field."

But the good teachers, like Norma's father, capitalize on that natural fondness of students for psychology and whet their appetite further.

* * *

The leading universities of America this very year of 1956 are reorganizing their psychology curriculum to nurture this natural interest of students.

To help this trend, the Dryden Press recently released a booklet urging college professors who plan to write textbooks, to please remember that the main consumers of such textbooks are 18 and 19-year-olds.

It seems odd that educators and especially some Ph.D. psychologists should need such outside advice, doesn't it?

That very booklet by Dryden Press proves many psychologists can't practice what they teach.

Send for my "Test for a Good Teacher," enclosing a stamped returned envelope, plus 20 cents. Use it from grammar school through college.

Always write to Dr. George W. Crane in care of The Pontiac Press, Pontiac Michigan, enclosing a long 3c stamped, self-addressed envelope and see to cover typing and printing costs when you send for his psychological charts and pamphlets.

Voice of the People

'Has School Board Right to Settle Issue on Buses?'

Letters will be condensed when necessary because of lack of space. Full name, address and telephone number of the writer must accompany letters but these will not be published if the writer so requests unless the letter is critical in its nature.

I need to know more about law to understand why a law was passed to give a few people in the community the right to decide an issue concerning people for which they have no concern about.

I am referring to the privilege that is given the school board to decide whether children attending parochial school have a right to ride the public school bus.

We pay taxes to support the school and for the upkeep of the buses, and in return get nothing.

Agrees on Noise Outside Hospital

I agree with the person signing himself "A Patient" about the noise outside General Hospital.

Several years ago I, too, was a patient there, overlooking Huron Street, and I thought the noise of the motor scooters would drive me frantic.

At about 9 p.m. one would receive a sedative if one begged for it, only to have it wear off in three hours and then have to lie there the rest of the night listening to the noise.

When I got home to my quiet bedroom and listened to a little song sparrow sing outside the window, I understood the meaning of the word "heaven."

Soviet Influence Reaches Toward the Khyber Pass

BY JOHN H. MARTIN
INS Foreign Director

Soviet influence now is reaching close to the storied Khyber Pass, where British army bayonets once bristled.

* * *

The Afghanistan government has confirmed that it has turned to the Soviet bloc for guns and airplanes. The arms deal thus moves the Russians into a sphere of influence in the landlocked mountainous kingdom about the size of Texas.

And it is similar to the agreement whereby the Russians now are crowding the Nile and vital Suez Canal by shipping arms and technicians to Egypt.

Prince Mohammed Daud Khan, the strong man and Premier of Afghanistan, has not revealed how much equipment and ammunition the Afghans will get from Moscow.

* * *

But all of this means trouble for the Western allies in general and the Pakistanis in particular.

For Afghanistan has been leading a drive to detach a big chunk of Western Pakistan and turn it into an independent country of Pathans under Afghanistan's influence.

* * *

The area that the Afghans would like to control is variously referred to as Pathanistan, Pakhtunistan or Pushtunistan.

The independent state would consist of the northwest frontier province of Pakistan, including the free tribal territory, but not including the adjacent part of Aghanistan also inhabited by Pathans.

Afghanistan began its propaganda and violence against Pakistan after the division of India into Hindu and Moslem states.

* * *

The same demand for creation of an independent Pathan state was brought forward by Haji Mirza Ali, the influential Fakir of Ipi, who is the recognized leader of an important section of the nomadic tribes, the Waziri. The Fakir of Ipi long fought the British in the area.

The Khyber Pass, so rich in story and legend, no longer resounds with the tramp of British boots. The British army bugles which resounded in the grim hills for 150 years are now silent. No longer is the bark of a Tommy sergeant heard.

* * *

The Moslems of Pakistan now are determined to hold onto the pass area where the carved and painted regimental crests of the British still can be seen.

Pakistan is an ally of the West, and it was made clear last spring at a SEATO council meeting in Karachi that the disrupted territory was under the "umbrella" of the organization which includes the United States.

Soviet Premier Nikolai Bulganin and Communist Party Secretary Nikita Khrushchev publicly supported Afghan claims last winter when they stopped in Kabul on their Asian tour.

They also signed agreements for a $100 million long-term credit for aid in building roads and dams—the prelude to the agreement to send arms into the strategic nation.

Folks of Students Asked to Approve Code of Conduct

MUSKEGON (AP) — Parents of Muskegon Catholic Central High School students will be asked today to approve a code of conduct for guiding teenagers without curtailing student activities.

The Rev. Louis LaPres, pastor, said the code was drawn up by representatives of parents, students, church and school leaders.

Parents are asked to make the home a center of student social activity. They are asked to insist their children not attend parties where they are uninvited and to ban uninvited persons from student house parties.

The parents are urged to impound alcoholic beverages brought to student parties, ban after-date parties and furnish transportation for 9th and 10th grade guests.

The students will be asked to refrain from public display of affection with dates; refrain from drinking alcoholic beverages and refuse rides in autos with other students who drink.

They also will be asked to confine all social activities to weekends and holidays and have adult chaperones present at all parties.

Balcony Rail Gives, Pair Falls to Death

SAN FRANCISCO (AP)—An apartment balcony railing gave way last night, plunging two men to death.

Roberto Valle, 25, father of a 4-month-old son whose christening was being celebrated, and Carlos Watson, 25, died instantly when they fell 28 feet to the pavement.

Victor Parker, 24, was seriously injured.

A witness said two of the men leaned against the railing. "There was a creak, then an awful crash, and they fell."

Babe's Spirits High

Indianapolis Speech Opens Nixon's Drive

INDIANAPOLIS (AP)—Vice President Richard M. Nixon will open his national campaign tour with a speech here Sept. 18, Republican leaders have announced.

Rep. Charles B. Brownson (R-Ind) received the word from Leonard W. Hall, Republican national chairman. Plans call for an outdoor meeting, weather permitting.

Nixon will be in Indianapolis only three hours. He will arrive at 10:25 a.m. and take off for Los Angeles at 1:30 p.m.

Borrow with confidence where grandad did

HFC has provided cash loans since the days of the handle-bar mustache and the surrey-with-the-fringe-on-top. Yes, since 1878 millions of people have depended on HFC for money help.

This dependable service is now streamlined to meet today's demands. Loans are made in one day, on terms you select. But the friendly, helpful spirit is just as it was in Grandad's day. And that is why today more modern Americans borrow from HFC than any other company in its field.

Bob Considine Says:

Hawaiians' Noise Complaints Burn Up AF

HONOLULU (INS) — A cloud of Gen. Curt LeMay's B47s howled out of Hickam Field at 5:30 a. m. on July 4 and the Air Force hasn't heard the end of it yet.

* * *

The complaints of local people who were awakened before their customary time are still filtering all the way to SAC headquarters at Omaha.

The Air Force people here are pretty burned up about people on this once-bombed isle being pretty burned up by the noise of the infernal machines which protect their liberties.

But airmen can't bawl out civilians without risking the ire of some congressman on, let us say, the Military Appropriations Committee. However, one sergeant who was working the Hickam switchboard on the non-fatal morning when the calls began to flood in got in a proper dig.

"Those darn jets have wakened me and I'll never be able to get back to sleep," a Waialae dowager bitterly complained, at great length.

Finally, the lad on the switchboard asked, "Madam, did you by any chance notice the markings on the wings of the planes? Were there white stars on the wings or red stars?"

"White stars," the lady said.

* * *

"That's fine, madam," the sergeant replied wearily. "Now you can safely go back to bed."

DAY TO REMEMBER

The mass movement of the jets and their tankers went off so perfectly, by the way, that July 4, 1956, might well be called "a day that will live in fame.'

The Marines gave a good Joe named Gen. William O. Brice a wonderful sendoff at Kaneohe, the Marine Corps air station, the other day.

* * *

Bill Brice had it coming to him. He served 35 years in the Marines, a vast majority of them as a flier and leader of fliers. He did as much to relate the airplane to land battle as any man alive.

Seven thousand Marines marched past him in that thrilling but poignant moment in a general's life when he hangs up his gloves. And a D4 attack bomber didn't make things less touching by roaring low across the parade ground towing a sleeve spelling out "Aloha, Gen. Brice."

Brice is out of Columbia, S. C., got some of his learning at Mount Zion Institute, Winnsboro, S. C., joined the Army for World War I, came out to attend The Citadel, and went into the Marines in 1921.

* * *

The rest of his Marine life sounds like a history of the corps: Quantico, Parris Island, Haiti, Pensacola, Guam, China, Philippines, the carriers Lexington and Saratoga, San Diego, New Caledonia, Guadalcanal, New Georgia, Bougainville . . . Korea.

He went out with a chest filled with ribbons and more memories and good wishes than most men could achieve in a thousand years. He and his good-looking wife will resist the urge to settle here as so many service people do. They'll return to Winnsboro.

"They need a military expert on our weekly paper there and I've applied for the job," the general was telling us at Delegate Farrington's shindig atop her private peak.

* * *

"Only one thing is holding things up," he added. "I've asked for 10 bucks a week and the managing editor is complaining that that's more than he makes."

CONFUSING POLITICS

If you think the political campaigns on the mainland are confusing, you ought to get a load of the boys running for the Legislature and other elective posts out here. They must speak three or four languages, and it helps to be able to strum a uke.

* * *

Ben Dillingham, who may not run for re-election after many years of good service in the Legislature, may bestow his special campaign strategy on his political heir.

Dillingham has won repeatedly by singing "Three Blind Mice" in Hawaiian.

Might be something for Adlai to consider.

Hunters, Take It Easy! Whoopers Migrating

TORONTO (AP) — The Audubon Society of Canada is making its annual plea to hunters: Don't shoot the Whoopers.

Rare Whooping Cranes — there were only 30 at last count — soon will be starting their fall migration from the Alberta northwest territories to Texas.

Their 2,500-mile flight path coincides with a major route of waterfowl usually lined with hunters. The Whoopers fly with legs trailing instead of tucked under.

If It's Not One Crisis It's Another in Mideast

DAMASCUS, Syria (AP)—The Suez Canal crisis is causing another one in the night life of Syria's capital. The French Embassy has warned "les girls" against renewing their contracts to perform here while the canal dispute is unsettled. The French entertainers also have been told to be prepared to leave Syria on short notice. Gloomy nightclub proprietors regard these steps as discriminatory economic pressure by the French Government.

There were 26,800 oil wells drilled in 1945, about 57,000 drilled in 1955.

Some 230,000 new cases of cancer occur in the United States each year among persons in the age range 45-64.

Adlai's Son Released From Military Service

FT. SHERIDAN, Ill. (AP)—Borden Stevenson, 23, a son of Democratic Presidential Nominee Adlai E. Stevenson, was released from the Army today at Ft. Sheridan.

Young Stevenson spent one year and 10 months in the service. He held the rank of private first class.

2 McGuire Sisters Sick

DETROIT (AP) — The three singing McGuire Sisters cancelled a weekend appearance at the Michigan State Fair Friday when two of them came down with throat infections. Dottie McGuire was taken to Harper Hospital and her sister, Phyllis, was confined to a bed at their hotel. Doctors said they will remain in bed for three days.

Pigeon Hops Long Ride

LIVERPOOL (AP) — Joey, a racing pigeon who hates the sea, is back in Britain after a 15,000-mile ocean voyage. He landed exhausted on the deck of the freighter Samanco last June when the ship was setting out for South America and refused to take to the air over the water. The Samanco crew is trying to find Joey's owner.

Tin Lizzies Stir Memories at Old-Car Show

BY PETE LOCHBILER

There was a rare display for lovers of early autos at Greenfield Village Saturday.

* * *

At the sixth annual Old Car Festival the chug-chuging, putt-putting, perfectly preserved relics of another auto age delighted thousands of sentimental motorists.

The old two- and four-cylinder gasoline engines raised a melodious din as the gleaming tin-lizzies filed noisily onto the village green.

Among the cars judged for beauty and preservation was a 1903 Eord owned by Robert Beattie of Drayton Plains. His high-wheeler had a left-hand drive, gleaming brasswork and a plucky pair of cylinders emitting an eight horsepower "plug-a-plug-plug."

WINS SECOND PLACE

Beattie's car won second place in its class.

The gear-shift was at the right side of the driver's seat. There was a foot pedal for reverse. On the steering column was something called the "spark"—not to be confused with a modern starter though.

Drivers set the spark, then cranked these cars by hand to turn over the motor. Beattie's car cranked on the right side, not in front.

Beattie is a member of the Veteran Motor Car Club, as were most of the 250 old-car owners who entered Saturday's festival.

* * *

His car was restored for him by another local man, Leonard Davis of Watkins Lake.

Davis has an exclusive garage on North Dixie highway. Only cars 44 years old or older can get in, preferably cars with brass bodies, Davis says.

Davis was in charge of the contestants' circle where autos were judged.

Around him swept everything from a silent 1899 steamer to a soft-purring 1925 Rolls Royce.

The early models filled the air with gasoline fumes and biddie-bip-bip-bips, brack-a-brack-a's, and all the noise of a small tool shop.

There was nary a backfire.

Smiling families in dusters, dad wearing a bowler hat and mother sporting a fashionable 1900 bonnet, wheeled their buggies around the circle, listening happily.

Pontiac Press Photos

SLEEK IN '03 — Mr. and Mrs. Robert Beattie and their daughter Ann, of Drayton Plains proudly drove this 1903 Ford in the Sixth Annual Old Car Festival Saturday at Greenfield Village. Their car was gleaming red, with spotless brass trim and seats upholstered in lush black leather. It won a second place prize for beauty and state of preservation.

South Africans Stand for Unity With MRA Code

MACKINAC ISLAND (UP) — A South African Negro and a white countryman stood side by side yesterday to say, "We have dedicated our lives to bringing unity, not only to our country but to the world."

* * *

Kenneth Gladwin of Capetown, told the World Assembly for Moral Re-Armament, "A historic and revolutionary fact in South Africa is that the color bar is being broken without bloodshed."

Gladwin, standing next to Manasseh Moerane, vice president of the South African Teachers Assn., said:

"Five years ago, standing with a black man was unthinkable for me, but in Moral Re-Armament, I met men not on a basis of race, but heart to heart. I have faced my superiority and indifference and am deeply sorry."

Moerane, whose organization represents some 10,000 Negro teachers, said at first he had embarked on a fight to drive whites from South Africa.

But the principles of Moral Re-Armament, he said, led him to pledge himself "to life to turn the tide so that Africa finds its destiny uniting the world."

Independence Twp. Lad Suffers Severe Burns

An Indpendence Township child suffered first and second degree burns of the face, neck, and legs when he set fire to an oil barrel near his home yesterday.

Charles R. Johnson, 6, of 5245 West View, was taken to Pontiac General Hospital where he was released after treatment.

Oakland County deputies said the boy started the fire by placing a lighted stick into the oil drum.

Detroiter Wins Outboard Race

Lenk Survives Rugged Waters Which Capsize 29 Starters

NEW YORK (UP)— Ray Lenk, 30-year old Detroit factory foreman, won the storm tossed round-Manhattan outboard boat race for the second straight year yesterday, but the story was in those who didn't complete the race.

* * *

Twenty-nine of the 103 starters capsized or were swamped as winds of 20 to 25 M.P.H. instead of the expected 10 M.P.H. kicked up the Hudson and Harlem rivers and connecting waters. Only 41 of the boats finished.

Only speedy rescue work by police and coast guard auxiliary vessels averted disaster.

Lenk, who said he encountered six-foot waves at the lower end of the Hudson River which cracked a forward rib on the hull of his fragile craft, was timed in 2 hours, 9 minutes and 55 seconds. His average speed of 31.2 M.P.H. compared to 36.8 last year.

Detroit Gambler Danny Sullivan Cashes In Chips

RENO, Nev. (INS)—One of Michigan's most colorful, yet infamous, gambling czars, Daniel W. "Danny" Sullivan is dead today at 67.

* * *

Sullivan died in Reno, Nev., Sunday of a chronic heart and kidney disease.

He and associate Lincoln Fitzgerald, operated the downtown Nevada Club, an enterprise they set up after leaving Detroit 12 years ago. They were probably known best for their Chesterfield Club in the Motor City.

Sullivan and Fitzgerald, along with five-time mayor of Flint, William H. McKeighan, were indicted by Judge Herman Denke's one-man grand jury for conspiracy to bribe Macomb County and state police officials.

* * *

They successfully avoided extradition. After another indictment by a 20-member grand jury on the same charge, they allegedly "made a deal" and returned to pay fines and court costs. McKeighan later won an acquittal.

Williams Praises Girls in County for Youth Activity

An unexpected compliment was paid to a group of Oakland County girls last night by Gov. Williams.

The girls, known as the Land O'Lakes Dancing Majorettes, were interrupted in their performance at the Saginaw County Fair by the arrival of the governor. He asked the girls to finish their number before he gave his address.

He congratulated the girls and said activities such as the one they were participating in are the biggest factors in overcoming youth problms.

Managed by Roy Hess of 686 Crescent Lake Rd., the majorettes range from 8 to 16 years old.

Freak Accident Hurts Farmer in Oxford

John O. Anderson, 56, of Oxford, is in critical condition at Pontiac General Hospital today with severe injuries received Saturday when he was pulled against a running tractor motor on which he was working.

The accident occurred near a small stream on E. Oakwood Rd., Oxford, where Anderson stopped for water.

Sheriff's deputies said Anderson apparently slipped and fell against the drive shaft as he started to climb off the tractor to go to the stream. He was dragged in when his jacket caught.

Proves Death Report Greatly Exaggerated

SHREVEPORT, La. (UP)—A man telephoned police.

"This is Corinthian Hoover," he said. "I saw in the papers where I was dead."

"You are dead according to my information," replied Detective M. M. Wallace.

To prove he was alive, Hoover went to police headquarters. Turned out that his wallet had been stolen and was found on the body of the dead man.

GOP Shifts Short

LANSING (UP)—Republican publicist Hal Short has been transferred to Washington to work on the national GOP election campaign. Short, a Portland, Ore., advertising specialist, came to Michigan in April. John Feikens, Republican state chairman, said Short was being transferred "since the Michigan campaign is well under way."

Colonial Williamsburg, Va. which has been restored as it was in has attracted more than 100,000 battles for American independence student visitors from 2,200 schools throughout the U.S. in 1955-56.

Hal Boyle Says:

Marriage Itself Causes Husband Shortage

NEW YORK (AP) — Odd facts a columnist might never know if he didn't open his mail:

That if lovelorn Leap Year maidens want to know the real reason for the shortage of marriageable men, the answer is —marriage. Some 51 per cent of men 20 to 24 years old are married now, compared to only 27 per cent in the same age brackets in 1940.

16 Words, $100 Offer Challenge to Puzzle Fans

In autumn, the mind—unlike the leaves—usually experiences a rejuvenation that makes it more brisk and ready to take on new burdens. Pot-O-Gold is for Press readers who have felt this seasonal nudge. It's challenging, and it's worth at least $100 to the one who can come up with a solution. Read the clues carefully and then take a good look at the rules before filling in the empty spaces. It can mean money in your pocket.

The puzzle consists of (1) a number of circles which contain a few scrambled letters, and (2) a corresponding list of clues to these words printed below. The object is to arrange each group of circled letters into a word that best fits its clue. The word which you select for Circle No. 1, then would be the one which you would print in the space to the right of (1) below.

You'll notice that some circles contain $ signs in pots of gold. You may use such a symbol as any letter you wish. However, it and all letters in that circle must be used. The $ sign, of course, can represent ANY letter in the word.

Do the same in all the other circles. Study the clues carefully and arrange all the letters into words that you believe best conforms to these clues. Use your $ signs to help you spell out the right words.

OFFICIAL CONTEST RULES

1. Anyone is eligible to enter the POT-O-GOLD contest with the exception of Pontiac Press employes or their immediate families.

2. A contestant may submit as many entries as he or she wishes but they must be on official entry blanks printed in this newspaper.

3. To submit an entry the contestant must print his answer words in the proper spaces, cut out the area enclosed by dotted lines and attach it securely to a 2-cent postcard. No entries will be accepted if they are in envelopes. Entries for Puzzle No. 15 must bear a Tuesday, Sept. 18, postmark (or before). No entries received after that time, whether mailed or delivered by hand, will be declared eligible. The Press is not responsible for entries lost or delayed in the mail.

4. Sorry, telephone calls or mail concerning details of the contest cannot be answered or acknowledged.

5. The Pontiac Press will award a cash prize of $100 a week to the winner of each weekly POT-O-GOLD contest. If more than one winning answer is received the prize will be divided equally among the winners. If any week or weeks should pass without any winners, the prize will be added weekly until a winning solution is submitted.

6. Winners will be awarded an extra cash bonus of $25 each if they are Pontiac Press subscribers of record on the day winners are announced. Only one such bonus can be awarded to each prize-winner, no matter how many weekly prizes may accumulate.

7. Each week's puzzle will be published Monday, Wednesday and Friday until the contest's end. Either or all will be considered as official entry blanks.

8. Winners and correct solutions will be announced each Friday of the week following individual contests. Official keeper of answers will be Frederick C. Ziem, prosecutor for Oakland County. Only the General Features Corp., originators of the puzzles, will know the solutions until after each contest is over. Answers will be delivered to the Press judges by Mr. Ziem after the final deadline.

9. There is only one correct solution to the POT-O-GOLD puzzle, and only that correct answer can win. The decision of the judges is final and all contestants agree to abide by the judges' decision. All entries become the property of The Pontiac Press and none can be returned.

10. Completed puzzles must be addressed to POT-O-GOLD, POST OFFICE BOX 58, Pontiac, Michigan. Winners will be notified either by telephone or in the mails.

Unprejudiced Experts to Publicize Grace's Infant

Royal Influence May Banish Baby Bragging

By PHYLLIS BATTELLE

NEW YORK (INS) — Most parents are blatant, amateurish press agents for their own babies.

* * *

Bragging about one's infants is a tradition born of nature, and bred by people who are too polite and gentle to damn the diapers and leave a boasting mother flat.

How oft have Americans sat by dully, listening to an ootchy koo kind of advertisement for a product in which they have no consumer interest . . . a commodity which is not particularly convenient, far from practical for their own use, and neither chic nor smart nor easy-launder-drip-dry?

Some parents operate their propaganda Hollywood style ("behold the most fabulous kid since Bobby Breen!") Others go Broadway ("see her today, with her two — count 'em, two — glorious teeth!")

* * *

The majority, however, use the old "prestige," or Madison avenue public relations, approach ("people who appreciate fine children are switching to Josephine Schwartz.")

TASTE NECESSARY

In order to be effective, this sort of parental plumping for the littlest, newest one in the family must be done in good taste and in the presence of interested parties — a couple of facts few parents take into consideration.

* * *

Instead, the paternal or maternal press agent tends to lay it on with a heavy hand, making enemies for the child who might be considered quite an angel if allowed to croon up softly for himself.

That is why we were happy to learn that Her Serene Highness Grace Kelly and husband Rainier have hired a solid professional public relations outfit to publicize their forthcoming family addition.

This will save the shy and modest princess, and her decorous, undemonstrative hubby, from the fate of more ordinary mortals who give birth to a young 'un.

* * *

It will also, according to reports from the PR outfit which has been retained to handle the situation, assure the public of a clear and objective picture of what the Monegasque heir or heiress looks, burbles and burps like.

NEK KIND OF BABE

"We have been hired to represent, actually, the principality of Monaco," reports Lois Weber, one of the thrilled account execs on the royal retainer, "but of course we'll be handling the birth of the baby, too."

* * *

Publicity-wise, that is quite a coup and a departure for the Arthur Jacobs firm, whose past experience with babes has been limited to such as Marilyn Monroe and Esther Williams.

"There will be no prejudiced statements from us, when the baby is born," Lois predicted. "We'll just make an announcement of what the baby is — sex, you know—and what it's called, and how much it weighs and so on.

If they are asked to define such important points as crib colors, first words, formula ingredients and location of dimples, Miss Weber "supposed" the Jacobs office would come through. With the permission of the palace, of course.

* * *

With this cool, analytical approach to the arrival of a miniature Monegasque who will save the little nation from reverting to French rule — and taxes — the Jacobs publicity office possibly may start a whole new trend in the business of baby boasting.

COPYING LIKELY

What with the cool, glamor appeal of Grace Kelly, and the romantic, girlish-dream influence of Prince Rainier, there may be many a young parent who will emulate their parental procedure.

* * *

When the day comes, we can see a young couple having to be prodded by friends before finally revealing details about the offspring:

"Josephine Schwartz, now 3 months and 6 days, was born in Mount Sinai Hospital at 6:15 a. m., Dec. 18. She weighs 16 pounds, 3 ounces, has two dimples in undisclosable positions, eats wheat germ, and is saving us a tidy sum in taxes."

Asked any more questions, they reply — what else? — "no comment."

Ah, 'twill be a great world then for bachelors, spinsters and a multitude of the parents' disinterested friends.

Map in Old Pistol May Lead Soldier to Pot of Gold

FT. RILEY, Kan. (INS) — An Army sergeant, with a purported 62-year-old map found in the handle of an ancient revolver, will hunt gold in Colorado this month.

* * *

M. Sgt. Louis G. McNeilly of the 26th Infantry Regiment, said the map was discovered by his father, a policeman in Mayfield, Ky., who bought the .41 caliber Colt "peacemaker" in St. Louis in 1933.

Three years later the mainspring broke. When the grips were removed the map was discovered etched inside one of them. On the other grip was the name of the Colorado ranch where the gold supposedly is buried.

Commented McNeilly: "I checked with the county seat in Colorado and was told there is still a ranch by that name at that location, a number of miles from a fairly large town, also referred to on the map. This is the first chance I've had to use the map. I began making plans as soon as I was assigned to Ft. Riley."

X MARKS THE SPOT

Dated March 18, 1894, the map gives exact footage from four permanent landmarks on the ranch and an encircled "X" with the word, "gold" printed underneath, marks the treasure site.

McNeilly will be accompanied on the treasure hunt by his wife, Mary, and by M. Sgt. Robert J. Heath of Shreveport, La., and his wife, Elizabeth.

Volcano to Erupt?

MEXICO CITY (AP) — Mexican geologists Jose Ranc and Francisco Vinlegra told a recent geological congress here that Popocatepetl, the 17,800-foot volcano 40 miles from the capital, could erupt again and damage Mexico City with earth shocks. Popocatepetl, estimated to be 500,000 years old, has been dormant for centuries.

Cadillac

To the Man Who is Hesitating . . .

There are many motorists in this community who have given serious consideration to the purchase of a new Cadillac car this year—and yet, for one reason or another, have not made the move.

If you are among them, we hope that you will pause to read the little message that follows.

* * * *

Ordinarily, when a man hesitates to make the move to Cadillac, he does so because he is not familiar with the many *practical* aspects of Cadillac ownership.

Insofar as original cost is concerned, a Cadillac is eminently practical. Several models, in fact, are actually priced competitively with the so-called "medium-priced" makes.

Operating and maintenance costs are also remarkably low. We have heard it said by new owners that Cadillac is the most economical automobile they have ever owned.

And as for resale value—well, Cadillac traditionally retains a greater share of its original worth through the years than any other motor car built in the land.

In short, the great Cadillac car represents one of the soundest automotive investments on the highway today.

* * * *

The moral of our message is this: It is still not too late to set things right in a 1956 Cadillac of your own!

We have a selection of new Cadillacs on hand—and we can promise you both prompt delivery and a generous trade-in allowance.

Why not come in today?

Bloomfield Open Hunt Club Will Be Setting for Party

Festive Biennial Affair Will Benefit St. Joseph Hospital Children's Clinic

Bloomfield Open Hunt Club will be the setting for the biennial "Denim Dance" sponsored by the St. Joseph Mercy Hospital Auxiliary. Proceeds will go toward paying bills for the children's clinic at the hospital.

The dance, to be held Oct. 6, is under the cochairmanship of Mrs. James Goudie and Mrs. John R. Davis.

Plans this year include a cocktail hour preceding the dance, buffet supper and entertainment.

A program of round and square dancing will also be a part of the dance plans this year.

An out-of-town orchestra will play for the invitational affair.

Many of these plans were formulated Thursday at the home of Mrs. Goudie of Bloomfield Hills. She opened her home to some twenty friends and members of the auxiliary for a luncheon and planning meeting.

Date Set for Co-An Ball, 'Builderama'

Plans are now complete for the presentation of the first annual Co-An ball, the "Builderama" to be held Friday at Knights of Columbus Hall. Music will be provided by a local orchestra.

The semi-formal is being sponsored by the group which consists of clerks, orderlies, aids and nurses of Pontiac General Hospital.

Proceeds will be used to aid in the new building fund.

The committee in charge consists of Marlene Smith, chairman; Arlene Borland, Irene Kentros, Grace Bloomstrand, Blanche Fellows and Charles Twitty.

Tickets may be purchased from committee members or from the hospital nursing office.

MRS. MAX ARNOLD EVANS

Married on Saturday in Bethany Baptist Church were Mr. and Mrs. Max Arnold Evans. The bride is the former Dorothy Ann Cadieux, daughter of Mr. and Mrs. A. J. Cadieux of Berkley avenue, and he is the son of Mr. and Mrs. Claude Evans of South Johnson avenue.

Evans-Cadieux Rites Read at Bethany Baptist Church

Bouquets of gladioli and chrysanthemums decorated the chancel of Bethany Baptist Church for the Saturday evening wedding of Dorothy Ann Cadieux and Max Arnold Evans. The Rev. Fred R. Tiffany performed the candlelight double ring ceremony in the presence of 250 guests.

* * *

Dorothy, daughter of Mr. and Mrs. A. J. Cadieux of Berkley avenue, approached the altar wearing a gown of nylon tulle and lace. The bodice was fashioned with a fitted basque waistline accented with appliques of the lace and French tucking. An apron effect of lace applique accented the pleated tulle skirt that extended into a chapel sweep.

A bandeau of lace and tulle secured her fingertip veil and she carried an arrangement of stephanotis centered with a white orchid on a prayer book, a gift of the bridegroom.

* * *

Preceding the bride were Mrs. Robert Martin, matron of honor, and Mrs. Edward Trancik, Mrs. William Brown and Mary Ann Martyn, who served as the bride's other attendants.

The attendants were gowned alike in ballerina-length dresses of blue nylon with bodices of lace. French tucks at the waist accented the empire styling of the dresses. Each attendant carried a crescent shaped bouquet of red glamellias.

For her duties of flower girl, Kathy Brown wore a pink nylon and tulle frock with a matching colored satin cummerbund. She carried a basket of pink roses.

* * *

Max, son of Mr. and Mrs. Claude Evans of South Johnson avenue, asked William Price to serve as best man. Ushers were Fred Foss, William G. Nixon, John LaMonte and Warren Stout.

When she received her guests at the reception held at Devon Gables, Mrs. Cadieux was wearing a dress of wedgewood blue lace and organza over taffeta with matching accessories. Her corsage was of peach cymbidium orchids.

A Dior blue silk organza dress was the choice of Mrs. Evans for her son's wedding. Her corsage was of rose cymbidium orchids.

When the couple left for a northern Michigan honeymoon the bride was wearing a brown and black tweed suit trimmed in black velvet. Her accessories were brown and she wore the orchid from her bridal bouquet. On their return they will reside on Seminole avenue.

Pre-theater Parties Set Tomorrow

Mr. and Mrs. Ronald B. Hogue of Franklin Village are among the several who are planning pre-theater parties. The occasion will be the benefit showing of "The King of Hearts" at Will-O-Way Playhouse Tuesday evening.

Sale of tickets for the performance was handled largely by the Association to the Pontiac Symphoney Orchestra. Proceeds will benefit the Pontiac Symphony Orchestra.

The Hogues will host a dinner party before the 'heater. Their guests will be Mr. and Mrs. Edgar Patrick of Bloomfield Hills and Mr. and Mrs. Conrad Church.

Dr. and Mrs. Maxwell Shadley of Ottawa drive will also entertain at a dinner party. Mr. and Mrs. Harold E. Stevens of Plymouth and Mr. and Mrs. Clifford Tait of Plymouth will be their guests.

* * *

The Ottawa drive home of Mr. and Mrs. S. V. Sekles will be the scene of a cocktail party preceding the theater showing. Mr. and Mrs. Tom Agorgiapitis, the George Pratts, Mr. and Mrs. Alex Thomas, Mr. and Mrs. Alex Capsailis, Mr. and Mrs. Fred Barry of Berkley, and Mr. and Mrs. George Gianakos will attend.

Figure Club Holds First Fall Meeting

Committee chairmen for the fall season of the Fashion Your Figure Club were announced at the Thursday meeting by Mrs. Thomas Clifton, president.

Mrs. William Carr will serve as program chairman, Mrs. Edwin Kage, publicity; Mrs. Howard Hicks, cards; Mrs. Richard Frye, historian; Mrs. Homer Pierson, hospitality and Mrs. Gordon Flattley, contest cards.

Mrs. Lee Gresehour was awarded the trophy for losing the most weight and Mrs. George Cunningham, retiring president, was presented a gift at the meeting held at Adah Shelly Library.

New Sylvanites Meet

Handkerchief favors and surprise gifts were a feature of the opening dinner of the New Sylvanites Club, held at Rotunda Inn Thursday evening. Nineteen members attended, and Mrs. Virgil Baker was welcomed as a guest. A program of games and contests was planned for the next meeting, to be held at the home of Mrs. Jack Allen, of Beverly Street.

Women Hostess Luncheon

A cooperative luncheon was served 25 members of the Grace Lutheran Church Guild Thursday. Hostesses were Mrs. Jason Inscho, Mrs. Edward Hummel, Mrs. Eugene Trapp and Mrs. C. W. Grimes.

* * *

Mrs. Julius Koprince, president, opened the meeting with a prayer and plans were made for a penny supper and bazaar, Nov. 7 at the Church Fellowship Hall. Mrs. Kaphengst and Mrs. Martin Rummel were appointed cochairmen of the affair.

Plans were also completed for the reception of the new pastor, the Rev. Richard C. Struckmeyer and family held Sunday.

* * *

Mrs. Emiel Koop will serve as chairman and Mrs. Otto Mielke and Mrs. Emery Mitchell, cochairmen, of the money making project planned for Oct. 5 and 6. Received as new guild members were Mrs. Phillip Weber and Mrs. Harold Potter.

Mrs. Elmer Pettengill of Clarkston entertained the group with colored slides of her European trip.

Leal Emes Group Has Dinner Meeting

Members of the Leal Emes Group of First Presbyterian Church met for dinner and a business meeting Wednesday evening. Anna Marie Predmore opened her home on Walnut Lake road for the meeting. Assisting the hostess was Eleanor Kellogg. Devotions were given by Florence F. Schlesser and June Schlesser.

During the business session plans were made for a sewing meeting to be held Sept. 19 at the home of Marian Lehner on Mohawk road. Josephine Seeley invited the group to meet at her home on Sylvester road Oct. 3. Harriet Gates will be cohostess.

DeMolay Boys Club Installation Slated

Mrs. Dale Moats presided at the meeting of the DeMolay Mothers Club held at Masonic Hall. Announcement was made of the installation date Sept. 22 for the DeMolay Boys Club.

Appointed chairman of the nominating committee for the October election was Mrs. Fred M. Mittledorf. Mrs. James Ryan and Mrs. Arthur Thomas will assist her.

Mrs. Lloyd Raynolds was welcomed as a new member and an appeal for volunteer workers for the Central Volunteer Bureau was made by Mrs. Matt Shelton.

It's Proper to Inspect New House

Daughter Shouldn't Feel Embarrassed About Visit

BY EMILY POST

"Some people we know are building a house not too far from where we live. While out driving with my husband and daughter one afternoon, we passed the street where they are building.

"I told my husband to stop the car as I wanted to look around and see what the house was like and also how far they had gone on it. My daughter was against going in and so she stayed in the car. While we were going through the house the new owners came by to see how the house was progressing.

"We greeted them and told them we liked the house very much. My daughter said that she was never so embarrassed in all her life and is sure that they think we are very 'nosey.'

"But I can't see that there was anything wrong in going through a house that is in the process of being built, can you? I would very much like to know what you think about this."

Answer: What you did was perfectly natural and not at all improper.

"Dear Mrs. Post: (1) Will you please tell me how to address a United States senator when writing to him? (2) I also would like to know how to address the envelope to a governor."

Answer: (1) Socially, a senator is addressed Senator John Jones (his house address). Officially, he is addressed as The Hon. Sir. Informal beginning is Dear Senator Jones.

(2) A governor in his own state is addressed, His Excellency The Governor, followed by his state's capital. Out of his state he is addressed "The Honorable Henry Brown, Governor of whatever his state."

Lists Committee for 18th District Legion Auxiliary

Mrs. Joseph Phillips, president of the 18th District, American Legion Auxiliary, announced committee chairmen at the Friday evening meeting of the group. The meeting was held at the American Legion Home of Chief Pontiac Unit 377, Lake Oakland.

Committee chairmen appointed are Mrs. Charles Larson, parliamentarian; Mrs. Norman Wiseman, Americanism; Mrs. Asa Cooley, child welfare; Mrs. George Ault, civil defense; Mrs. Melvin Lambert, community service; Mrs. Fordon Niles, constitution and by-laws; and Mrs. Ruby Howard, education and memorial scholarship.

Others serving are Mrs. E. V. Myers, girls' state; Mrs. Kenneth Collins, gold star; Mrs. Ralph Bogart, junior activities; Mrs. Donald Pryor, juvenile delinquents; Mrs. Rowena Anderson, legislative; Mrs. John P. Sacks, membership; Mrs. Harold Quinn, music and Mrs. R. D. Thompson, national security.

Completing the list of committee chairmen are Mrs. George Brunner, Pan American; Mrs. George Dannick, past presidents parley; Mrs. Carl Shindorf, poppy chairman; Mrs. Harry Sisson and Mrs. Roger B. Dean, publicity and Mrs. Joseph Devriendt, rehabilitation.

PTA Activities

Executive Board of McCarroll School PTA will meet with Mrs. Reid Graham, 706 Joslyn Ave. Wednesday for a 1 p.m. dessert luncheon.

Pontiac Council of PTA will meet at Wever School Tuesday at 7:30 p.m. Theme of the meeting will be "Demonstration of Ways of Presenting a Program."

Luncheon Is Held by Church Women

A Harvest luncheon was held Friday by the Wayside Gleaners of First Baptist Church. Group singing was led by Mrs. George Bryan and devotions were given by Mrs. Bates of Tuscon, Ariz., who also sang a solo.

The Rev. Howard Schoof of the Detroit Bible Institute gave the message on "Lessons in Doing God's Work."

Mrs. William L. Carls and Mrs. Bates presented several solos at the conclusion of the luncheon.

MRS. KENTON MATHEWS

Mr. and Mrs. Kenton Mathews are now living on North Adams road in Birmingham. Mrs. Mathews, the former Jeri Leduc of Montreal, and Mr. Mathews met last March in British Guiana, S. A.

Total Obedience Is Linked to Fear

By MURIEL LAWRENCE

"In a recent column," writes a reader, "you had a mother accept a girl's refusal to wash dishes. You said parents had to feel free to serve themselves if they wanted children to learn to serve them. I wish you'd come straight out and say what you mean. Do you advocate accepting occasional disobedience by children?"

* * *

I think this is a silly question. The only parent who can get flawless obedience from his children is Edgar Bergen, whose "children" are made of wood.

Why are we so coy with this reality? Why such fear of accepting occasional disobedience?

It's a cruel fear — just as cruel as the fear of demanding obedience.

For it's what makes our self-confidence completely dependent, not on our own action, but on obedient action by the child.

AWFUL CONFLICTS

So it's the fear that betrays us into those awful conflicts of will with children in which we must conquer them—or lose all respect for ourselves.

Johnny must put his tricycle away when we tell him to because our dignity depends on his submission. When he defies us, it can't possibly occur to us to provide him with an example of neatness by putting it away ourselves.

Though neatness is the very lesson we're supposed to be teaching, our fear of ever accepting disobedience dominates us, so we can teach nothing.

Like a rigid-minded billy goat who's locked horns with another on a narrow bridge, we can only sway and push and wrestle with Johnny for that submission which can restore our self-respect.

In the end, we may beat him for refusing it. Or begin to nag him out of hate of his power to humiliate us.

CONSTANT FEAR

Certainly I'll come "straight out." I think total obedience is only desired by people who have attack by enemies always in mind.

That's why army generals must have it. It's their business to keep attack by enemies always in mind.

But parents operate homes, not military installations; and if they live in constant apprehension of hurt by their children, it's really not a situation they can afford to ignore.

For their fear is an old, deep-seated one. Though their dominating manner fools everyone who knows them, such parents can only feel safe when they have personal control of everything around them.

Any difference with anyone important is intolerable to them for the same reason you beat the bush before you advance in lion country.

* * *

Behind the bush could be the enemy who's out to get you.

Ann Sather Jensen Speaks Vows

Ann Sather Jensen became the bride of Dwight Porter Allen Jr. Saturday in Detroit. She is the daughter of Mr. and Mrs. Gustav Jensen of Birmingham, and he is the son of Mrs. M. H. Allen of Erie, Pa. and Dwight P. Allen of Walnut Lake road.

MRS. DWIGHT PORTER ALLEN JR.

St. Olaf's Evangelical Lutheran Church in Detroit was the setting for the marriage of Ann Sather Jensen and Dwight Porter Allen Jr., solemnized Saturday afternoon. The Rev. Walter B. Scarvie performed the ceremony in the presence of 300 guests.

Mr. and Mrs. Gustav Jensen of Birmingham are Ann's parents, and Dwight is the son of Mrs. M. H. Allen of Erie, Pa. and Dwight P. Allen of Walnut Lake road.

For her wedding the bride chose a gown fashioned with a fitted lace bodice and a bouffant tulle skirt. A small lace cap held her fingertip veil and she carried an arrangement of white roses centered with a white orchid.

Attending the bride were Elaine Nash, as maid of honor; and Marjorie McConnell, Sarah Himes, Mary Jo Spangler and Mrs. M. A. Ryan.

Their gowns were fashioned identically of burnt gold taffeta, styled on princess lines. Copper-colored hats and shoes completed their costumes and they carried bouquets of copper-colored chrysanthemums.

Bruce K. Allen was best man. Seating the guests were Don D'Angelo, Charles Turner, George Lempio and George Cress.

At the garden reception held at their home, Mrs. Jensen greeted her guests wearing a gown of white lace over beige chiffon with black accessories.

For her wedding trip to Marathon, Fla. the bride changed to a charcoal gray jersey sheath dress with black accessories. She wore the corsage from her bridal bouquet.

The newlyweds will make their home in Birmingham.

Top a cup of hot chocolate beverage with a cinnamon-sprinkled marshmallow.

Simmer Soup Bone Six Hours

By JANET ODELL
Pontiac Press Home Editor

The weather man says we've had all the summer we're going to have this year. If fall is upon us, hot soup will be more than welcome. Simmer a batch of Mrs. P. A. McIntosh's vegetable soup and serve it on a cool evening.

Mrs. McIntosh is enjoying her new home. She has sewed draperies for it, now is concentrating on clothes for her three teenage daughters. She likes to read and enjoys water sports. One of her hobbies is working with a children's theater.

VEGETABLE SOUP
By Mrs. P. A. McIntosh

1 knuckle soup bone (get a meaty one)
½ cup barley
Cabbage
Celery
Potatoes
Onions
Carrots
Dry parsley
1 large can tomatoes

Cover soup bone with cold water. Add salt and pepper. Cook very slowly for 5 hours. Cut desired vegetables into small pieces and add. Simmer one more hour. Add more salt and pepper if necessary. Serve with homemade bread for a complete meal on a cool night.

Autumn Tea Is Scheduled

Plans for an Autumn Fellowship Tea to be held in October were made by the Women's Association of First Presbyterian Church.

Reports on the summer synodical meetings held at Alma College were given by Mrs. Leslie Ellis and Mrs. Harry Pattison. A "Devotional Retreat" was conducted by Mrs. Ellis who used the 46th Psalm as her theme.

A solo was sung by Mrs. B. B. Kimball and the Yomar group were the luncheon hostesses at the meeting held at the church.

Save water drained from cooked potatoes and use as part of the liquid for a meat gravy.

Exercises May Deter Sacroiliac Trouble

By JOSEPHINE LOWMAN

Women seem to be susceptible to sacroiliac trouble which comes from weakened ligaments. This is sometimes the result of childbirth but is more often caused by a strain or a fall.

* * *

It really would be good preventative medicine for every woman to take a few exercises which are corrective to this disability. I have had pupils in exercise classes who overcame this tendency by doing the rights ones faithfully.

Of course in severe instances you may not be able to exercise at all, but great help can be derived if yours is a mild case. I am going to give you a few of the exercises which have helped my pupils. Your doctor will be able to tell you if you can safely do them.

---

1. Lie on the floor on your back with your hands under your hips — legs straight. Bend the left knee up in front of you. Keeping the knee bent, tip the knee outward, away from the body as far as comfortable (only a little at first).

Bring the knee back toward the center of the body. Straighten the leg and lower it to the floor. Do the same thing with the right leg. Bend, tip outward, return toward center of body and straighten leg, lowering to the floor.

TRY THIS ONE

2. After doing the above exercise for several weeks try this one. Same position, with hands under hips, lying on the floor with legs straight. Again bend the left knee up. Keep the knee bent as you circle the knee outward. Make complete circles. Do the same thing with the right leg.

3. Stand tall. Nnw go through the motions of walking without moving forward, lifting the knees up high in front of you. Do not bend the knees under you but lift them high in front of you as you walk in place.

Weak ligaments and muscles can give us a lot of trouble. If you have weak arches you might like to have my corrective exercises for them.

If so, send a stamped, self-addressed envelope with your request for leaflet No. 14 "Take Care of Your Feet." Address Josephine Lowman in care of The Pontiac Press.

STRENUOUS EXERCISE DURING MENSTRUATION IS A MISTAKE

Much research has been done concerning premenstrual tension, and I feel that information about this is of great importance to women.

I am certain that many marriages have been damaged, friends lost and wrong judgments made, because the woman or the woman and her husband did not realize why she acted as she did. This lack of emotional balance is due to the upset of the normal glandular balance which occurs at this time.

This is a natural process and the woman who thinks of herself as an invalid at this period is making a big mistake. However, she should give herself a few breaks for a few days each month if she can.

The days when a woman was practically carried about on a cushion at such times have gone, but I sometimes wonder if the pendulum has swung too far in the other direction. I am thinking of exercise.

* * *

At this time of month the muscles and ligaments of the pelvic cavity loosen and expand. The uterus is much heavier than usual. Therefore it does seem wise not to indulge in strenuous exercise for a few days each month.

TO STOP CRAMPS

The following exercise has been used with success in overcoming menstrual cramps.

* * *

Lie on the floor on your back. Bend both knees and place your feet flat on the floor. Slowly push your abdominal muscles up toward the ceiling. Slowly pull them back toward your backbone. Continue, slowly. Be sure to keep your back on the floor. Your muscles are supposed to do the work in this exercise.

Do you know what really happens at each menstrual period? Do you know how to take care of yourself at these times?

If you would like many suggestions and wish to become informed about what really happens to you at your menstrual periods you may want my leaflet "The Menstrual Period." If so, send a stamped, self-addressed envelope with your request for leaflet No. 31 to Josephine Lowman in care of The Pontiac Press.

Bernita Gail Stoner and Richard E. Meadows were married Saturday evening. She is the daughter of Mr. and Mrs. David D. Stoner of Judson street. Mr. and Mrs. Lewis McIlrath of Muskegon are his parents.

MRS. RICHARD E. MEADOWS

Bernita Gail Stoner Wed to Richard E. Meadows

St. John Lutheran Church of Rochester was the scene of the Saturday wedding of Bernita Gail Stoner and Richard E. Meadows. The 8 p.m. ceremony was performed by the Rev. Walter C. Gerken.

Bernita, of Norton street, is the daughter of Mr. and Mrs. David D. Stoner of Judson street. Richard is the son of Mr. and Mrs. Lewis McIlrath of Muskegon.

Duopioni silk was used for the bridal gown. It was styled on princess lines with imported Alencon lace at the neckline. The bride wore a headpiece of Duopioni silk with a seed pearl trim.

Her jewelry was a strand of pearls, a gift of the bridegroom, and she carried a prayer book with white authuriums.

Mrs. John Reid of Oxford, wore gold crystalette for her duties as matron of honor. Gowns of maize crystalette were worn by Mrs. Milton Suter and Mrs. Stewart Allen of Tecumseh, the bride's other attendants.

They carried baskets of Fugi chrysanthemums, pompons and fall leaves.

Serving as best man was Alan Brown, and Cameron Stoner of Holly and John Reid of Oxford seated the guests.

A reception was held in the church parlors. When the couple left on a wedding trip to Canada, the bride had changed to a beige cotton tweed sheath dress with brown accessories. She wore the corsage from her bridal bouquet.

Test A Power to Drive Rocket

Project Revealed After Being Under Wraps for More Than Year

LOS ALAMOS, N.M. (AP) — Scientists in this atomic city are seeking to harness the power of the atom to drive rockets across continents or into space.

First word that such a project existed—and has existed for more than a year—came buried in a brief routine news release announcing the employment of a new engineer.

* * *

It said that William F. Carlson of Bristol, Conn., had been employed to work with the N Division. A later paragraph explained the N Division was "concerned with the research and development of nuclear rocket propulsion."

Neither Atomic Energy Commission spokesmen nor the University of California, which operates Los Alamos for the AEC, would say anything further.

One laboratory employe said news of the project may have been released in order to attract top scientists to the work.

It was disclosed that the head of the N Division is Dr. Raemer Schreiber, a native of McMinnsville, Ore., a Ph. D. from Purdue, and one of the scientists who helped develop the first atomic bomb under the Army's Manhattan Project.

* * *

Schreiber acknowledged the project had been working "something more than a year" but he declined to say whether atomic rockets were still on the drawing board, or had reached the stage of field tests.

Clock-Watcher Builds Fifteen Cents to $36,000

By EARL WILSON

LAS VEGAS—I just heard this story about the gambler who was winning—but kept looking at his watch.

Nobody knew the guy . . . nor what was with the watch.

But he was winning very big at blackjack in downtown Vegas. Thirty-six thousand he was clipping them for, at eight in the morning.

They have penny slot machines downtown now, you can blow a dime just like that.

"But that guy wasn't a penny plunger," said Sammy Renick, who unfolded the table, "He had hit a race horse pool for several hundred.

"So the guy decides to try a little blackjack."

★ ★ ★

"He stayed in one of these joints around here," Sammy Renick said to me. We were walking around downtown Vegas looking the town over.

"Anyway," Sammy Renick said, "this guy with the watch starts out about midnight. About 4 o'clock in the morning, he's got $10,000. He gets nervous about what time it is.

"And the management of the joint gets nervous because he got $10,000 of the house's money and they'd like to get it back."

"So by 6 o'clock," Sammy said, "he's got $20,000 and now he's watching his watch as much as the cards. And the top boss in the joint is ordering him breakfast and romancing him. By 7 o'clock he's got $30,000.

★ ★ ★

"He slows up a little because he's looking at his watch and saying he's got to go. But he rolls his pile up to $36,000.

"Finally he says, 'I can't stay a minute longer.'"

The management pointed out he'd done pretty well on the few hundred he'd started with.

"Few hundred," the guy said. "I started out with 15 cents yesterday on a race horse pool."

"But why do you have to go now?" the management pleaded.

"Listen," the guy says, as Sammy Renick tells it, "you see this watch? You scee it's 8 o'clock in the morning? Well, I work as a porter across the street, and unless I get over to work this minute, I may be fired."

THE MIDNIGHT EARL IN N. Y. . . .

Frank Sinatra's most recent date: Kim Novak . . . RCA-Victor's planning an album of Pres. Eisenhower's favorite tunes. (He'd write the cover notes) . . . Montgomery Clift's holding up "Raintree County" again, this time with a busted toe . . . Mickey Mantle's getting 15Gs for his TV biography.

Grace Kelly, enroute here, told N.Y. friends: "No parties, please" . . . Edith Adams of "Li'l Abner" will have two wisdom teeth yanked . . . Adlai Stevenson asked Sammy Davis Jr. to entertain at his first N.Y. rally . . . Richard Widmark's here to sign for Otto Preminger's 'St. Joan" film . . . "Ice Capades of '57" arrives in town Sept. 12' with such dolls as Virginia Iverson.

Ford will introduce its metal-topped convertible in late '57 . . . Perle Mesta's dickering for her lown TV celebrity interview show . . . Remember Ewell Blackwell, the top Cincy pitcher? He's a liquor salesman.

A N.Y. used car dealer advertised a Cadillac as "one of the cars given away on the $64,000 Question" . . . Mae West told an interviewer modestly, "I was a life-saver for the movie industry in 1933."

EARL'S PEARLS . . . You never know when friends may pop in, but's it's usually when the TV set's broke and the refrigerator's empty.—Frances Rodman.

WISH I'D SAID THAT: A parking meter's a gambling device that bets you a dime to $5 you can't get back before the red flag pops up.—Barney Marshall.

TODAY'S BEST LAUGH: A film producer says he won't make a film called "The Optimist" because, "After all, how many people would know it's about an eye doctor?"

Angry Greeks Return From Egypt Detention

HAIFA, Israel (AP)—The Greek freighter Panaghia returned here today after 3½ months in Egyptian detention, carrying an angry crew and the same cargo she sailed with on May 24.

* * *

She was originally bound from Haifa for the Israeli port of Elath with 520 tons of cement.

Capt. Kosta Kotales and seven crewmen had a barrage of complaints about their treatment by Egyptian authorities who stopped the 400-ton freighter outside Port Said and refused her passage through the Suez Canal.

The 55-year-old skipper said his crew was kept short of food and fell sick on "stinking bread."

Mail reaching the ship from home was destroyed, he added.

Rupert Hughes, Author, Dies

Radio, Movie Writer Dead at 84 After Long Illness

LOS ANGELES (AP)—Death has taken Rupert Hughes, 84, author-soldier-composer who called himself a jack-of-all-trades.

* * *

The prolific writer of fiction, history, biography, poetry and movie and radio scripts succumbed yesterday at the home of his brother Felix, a voice teacher.

The author, an uncle of millionaire industrialist Howard Hughes, had lived there the past six years and had been in poor health the last year and a half. He suffered a stroke about four years ago and another a year later. For several months he had been largely confined to his upstairs room but was able to walk with help.

Hughes was born in Lancaster, Mo. He was an outspoken foe of communism.

* * *

Believing war inevitable, he was for many years a soldier. He served in the Mexican border service in 1916 and military intelligence during World War I. Later he was a military censor.

Still later he was a colonel in the California State Guard, of which he was a founder.

He authored more than 60 books and for many years was one of the nation's most successful writers of magazine fiction.

* * *

His three-volume biography of George Washington was considered by many critics to be a standard authority.

In compliance with Hughes' wishes, there will be no funeral. The body will be cremated and the ashes placed beside those of his third wife at Forest Lawn Memorial Park in nearby Glendale.

Marks on Fish Scales Indicates Growth, Age

MILWAUKEE — A fish always has the same number of scales, from the time it is hatched until it dies. As a fish grows, its scales grow; if the fish grows fast, the scales grow fast.

When there is a slowdown in growth, such as takes place in winter, a little mark or ring appears on the scale. From these marks a fish's age can be told.

Laborers' Tools Blessed in Church

BALTIMORE (AP)—The Most Rev. Jerome D. Sebastian, D.D., auxiliary bishop of Baltimore, blessed the tools of the workingman yesterday in an unusual labor-management communion Mass.

The general chairman of the Mass and breakfast, John O'Connor Jr., said research by his group disclosed it was the first time a higher dignitary of the Catholic Church had ever blessed the tools of labor in this country.

The tools blessed included not only such familiar workingman's symbols as the hammer and an ax, but also a typewriter, a paint brush and a welder's mask.

Son Dies Next Door as Family Views TV

GLENDALE, Calif. (AP)—A teenager's family watched television, unaware of a nearby fire in which he died.

Clyde Allen Baker, 16, alone in a small house at the rear of the family home, evidently suffocated before he was burned.

In the main house at the front of the lot, four members of the family were watching television. The family learned of the tragedy when a younger sister, who also sleeps in the rear house, left for bed. She found firemen fighting the blaze.

Crews Fighting Fire Caused by Jet Crash

SAN DIEGO, Calif. (AP)—Forestry crews and Marines battled on today against a brush and timber fire started Saturday by a crashing Air Force jet plane.

The jet pilot bailed out and was saved by a Coast Guard helicopter as he fell exhausted from an hour's run ahead of the flames.

More than 4,000 acres, mostly mesquite and oak, was burned near Lake Henshaw, 50 miles northeast of here.

The jet pilot was Capt. Charles M. Sargen, who was released to return to Yuma (Ariz.) Air Force Base after recovering from exhaustion at naval hospital.

Science Shrinks Piles New Way Without Surgery

Finds Healing Substance That Does Both—Relieves Pain—Shrinks Hemorrhoids

New York, N. Y. (Special)—For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids and to relieve pain—without surgery.

In one hemorrhoid case after another, "very striking improvement" was reported and verified by doctors' observations.

Pain was relieved promptly. And, while gently relieving pain, actual reduction or retraction (shrinking) took place.

And most amazing of all—this improvement was maintained in cases where doctors' observations were continued over a period of many months!

In fact, results were so thorough that sufferers were able to make such astonishing statements as "Piles have ceased to be a problem!" And among these sufferers were a very wide variety of hemorrhoid conditions, some of 10 to 20 years' standing.

All this, without the use of narcotics, anesthetics or astringents of any kind. The secret is a new healing substance (Bio-Dyne®)—the discovery of a world-famous research institution. Already, Bio-Dyne is in wide use for healing injured tissue on all parts of the body.

This new healing substance is offered in *suppository or ointment form* called *Preparation H.®* Ask for individually sealed convenient Preparation H suppositories or Preparation H ointment with special applicator. Preparation H is sold at all drug stores. Satisfaction guaranteed or money refunded.

®Reg. U. S. Pat. Off.

P.S. DOCTORS PRESCRIBE SPECIAL LAXATIVE TO EASE PAINFUL ELIMINATION WHILE SHRINKING PILES

The makers of Preparation H also make Petro-Syllium®, a special type laxative prescribed by doctors for hemorrhoid sufferers. Softens hard dry stool and assures easy elimination *without pain.* Ask for Petro-Syllium.

SAMPLE PUZZLE

Answer ... BUB

HOW TO PLAY:

In the sample puzzle, as in all of the 54 Official Puzzles, there are exactly enough letters contained within the squares to correctly spell the name of a certain city or town in one of the 48 states. Object of the game is to untangle the letters and, with the aid of the clue, determine and spell out the name. IT IS NOT NECESSARY TO WRITE THE NAME OF THE STATE. The correct name of the city or town is all that's required.

MR. AND MRS. JOHN W. TUCKER

Before her recent marriage to John Wayne Tucker at Rochester, Mrs. Tucker was Suzanne Lock, daughter of Mr. and Mrs. Thomas Lock of Indianwood Rd., Lake Orion. John is the son of Mr. and Mrs. Dola Tucker of Kansas City. Following the ceremony and supper reception, the couple honeymooned at Niagara Falls and will be at home to friends this week at 88 Mansfield St., Pontiac.

Valliencourt-Beardsley Ceremony Performed in First Methodist Church

CLARKSTON — First Methodist Church of Clarkston was the scene of the ceremony on Saturday night at 8 when Phyllis Martha Beardsley of 6536 E. Church St., became the bride of Thomas J. Valliencourt Jr. of 506 Maple St., Manistee.

* * *

The bride is the daughter of the late Mr. and Mrs. Arthur Beardsley of Clarkston and the bridegroom is the son of Mr. and Mrs. Thomas J. Valliencourt of Walled Lake.

Three hundred and fifty guests witnessed the double ring ceremony before an altar banked with palms, and white glads and flanked by cathedral candles.

The bride was given in marriage by Orlo J. Willoughby, friend of the family from Western Springs, Ill. For her wedding she wore a gown of white tissue taffeta, fashioned with scoop neckline, long sleeves trimmed with tiny buttons and forming points over the wrist.

* * *

The bodice was fitted and buttoned down the back to below the waistline, from which a full skirt appliqued with lace fell to the floor. Her fingertip veil of nylon illusion fell from a cap of lace trimmed with sequins and seed pearls. She wore a necklace and earrings of pearl, the gift of the bridegroom.

Her cascade bouquet was white roses and stephonotis, centered with a gardenia corsage.

MRS. T. J. VALLIENCOURT JR.

Matron of honor was Mrs. Robert Compton of White Lake and the bridesmaids were LeNoel Brendel of Rochester and Janet Sue Willoughby of Western Springs, Ill.

* * *

William R. Mercer of Clarkston was the best man and the ushers were Fred Beardsley of Ortonville, cousin of the bride, Paul Etter and Theodore Benscoter of Clarkston and Robert Compton of White Lake.

Flower girl was Christine Beardsley, cousin of the bride. For the reception in the church parlors, the bride's table was covered with a white organdy ruffled covering and centered with a four-tier wedding cake.

For her wedding trip the bride changed to a navy blue transitional cotton, with white feather hat and navy accessories. She wore a white gardenia corsage.

* * *

Following a wedding trip to Quebec and along the Eastern coast, the young couple will be at home after Oct. 1 in Manistee. The bride is a graduate of Clarkston High School and the bridegroom of Detroit Institute of Technology and is an engineer for the Manistee County Road Commission.

HAT AND FLOWER EVENT NEARS — Meeting to make final arrangements for the hat and flower style show being sponsored by St. Ann's Guild of Our Lady of Refuge Parish, Orchard Lake, are Mrs. Theresa Banks, Mrs. Gladys DeMasellis and Mrs. Mary A. Hall. Mrs. Thelma Comiskey, ticket chairman, greets them. Hats featured in the show will be from Paris Hat Shop and flowers from Dunstan's Flower Shop.

Charles Burr Claims Bride

Weds Barbara A. Allen in St. Andrew Church on Saturday

ROCHESTER — Barbara A. Allen and Charles Kenneth Burr exchanged their marriage vows at 10:30 o'clock Saturday morning in St. Andrew's Catholic Church with the pastor of Catholic Center Church, Detroit, performing the rites.

The bride is the daughter of Mr. and Mrs. Theodore E. Allen of Gerald street and the bridegroom's parents are Village President and Mrs. Clarence M. Burr of 421 Castell.

For her marriage the bride wore a gown of white taffeta, fashioned with a low neckline embellished in pearls and iridescent sequins, long fitted sleeves, and beaded trim in panels on the full skirt, bustle and cathedral train. Her fingertip veil of illusion was held by a beaded toque.

She carried a white prayer book topped with lilies of the valley and a white orchid.

* * *

Janet Helm of Dearborn was maid of honor and the bridesmaids were Laura Lou Allen, June Henderson of Cadillac, and Evelyn King of Clawson.

Lynn Haywald, niece of the bridegroom was the flower girl.

Jack Burr served his brother as best man and seating the guests were Robert Johnson, Clayton Salk and Joe King.

A wedding breakfast for 30 followed at The American Legion Hall in Auburn Heights and at 7:30 p.m. a reception for 300 guests was held.

After their wedding trip to Pennsylvania the young couple will make their home in East Lansing where the groom is enrolled at Michigan State University.

D. Dean Vanderslips Honeymoon in North

METAMORA — Joyce A. Stover, daughter of Mr. and Mrs. Arthur Stover became the bride of D. Dean Vanderlip, son of Mrs. Eleanor Vanderlip of Lapeer and Donald Vanderlip of Flint, recently, at the Hunters Creek Community Church.

Rev. Maurice Horn of Lyons, former pastor at Hunters Creek, officiated at the 8 o'clock candlelight ceremony, with the present pastor, Rev. John Stevenson, assisting.

The bride wore a gown of rose pointe lace, a lace cap held her veil, and she carried a cascade of white orchids.

Norma Jean Hilliker, cousin of the bride, served as matron of honor.

Bridesmaid was Mrs. Luella Fitch and three-year-old Debra Mooney of Davison was flower girl in an ice pink ruffled gown.

Keith Stover, brother of the bride, was best man. Ushers were Theodore Fitch, David Farrell and George Shoults. Gerald Stover, nephew of the bride, was ring bearer.

After a reception in the church parlors, the couple left for a motor trip in northern Michigan.

MRS. STUART CHARLES LAW

Joanne Grace Dixon of Munith, Mich., daughter of Mrs. Floyd Umland of Drayton Plains and Lacerne Dixon of Munith, spoke wedding vows with Stuart Charles Law of Washington, D.C. recently in Munith. Soloist for the rite was Ginger Carson of Milford. The bride, who wore a tucked white organdy gown, is a MSU graduate, and her husband was a Phi Beta Kappa at Yale.

Sylvan Manor Assn. Meeting Sept. 17

SYLVAN MANOR — The Sylvan Manor Assn. has changed its meeting date from tonight to Monday, Sept. 17, 8 p.m., in the West Bloomfield Township Hall. The hall had previously been booked and it was necessary to make the change.

This will be the first meeting since June and there will be several matters to be discussed.

A vote will be taken on the amendment of the by-laws pertaining to dues and also about joining the association. This amendment was read and recorded at the June meeting.

An entertainment committee will also be appointed. This committee will plan speakers for the meetings and also plan some type of recreation for the group during winter months.

AIRMAN AND MRS. BRANDT

Airman to Take Bride to Massachusetts Station

ORTONVILLE — Plans to live near Otis Air Force Base, Mass., where Airman First Class Douglas G. Brandt is stationed, were told when he and his bride left on a trip following their recent wedding.

Airman Brandt returned to the States in June, after being stationed in Hawaii for three years.

His bride is the former Ruth Ann Vanderwerp, daughter of Mr. and Mrs. C. E. Vanderwerp of Ortonville and Madiera Beach, Fla. He is the son of Mrs. C. B. Crossman of Ortonville and the late Gerald Brandt.

For her wedding, the bride chose a street-length princess style dress of tulle, fashioned with a scoop neckline and cap sleeves and tiny bows on the skirt. Her handmade fingertip veil was held by an orange blossom tiara.

Attending the bride were her sisters, Mrs. Ivan Westerby and Carol. Flower girl was Brenda Owen.

Best man was the bridegroom's cousin, Donald Tucker, and the bride's brother, James, of Madiera Beach, Fla., was groomsman. Aiding with seating of guests was another cousin, Nelson Tucker. Ivan Westerby was soloist.

A church parlor ceception followed the rite in the Baptist church.

U.S. to Have Three-Fifths of World's Coffee

WASHINGTON (INS)—The U.S. is expected to receive 21 million bags of coffee from world exports in 1956 compared with 14.7 million bags for the rest of the world.

The Agriculture Department said exports for the first six months of 1956 totaled about 19.2 million bags, of which 11.5 million bags were exported to the U.S. and 7.7 million bags to other importing countries.

Harnesses Sun for Grain Drying

MSU Engineer Rigs Up Solar Heat Collector as Agriculture Aid

Michigan State University is putting Old Sol's energy to use for drying grain.

* * *

Agricultural Engineer Fred Buelow has rigged up a solar heat collector and a device for blowing the air it heats into the bin. The gadget is believed to be the only one of its kind.

Actually, it's a scale model but a larger unit would work the same way. The collector of heat is made of a piece of sheet metal painted with black asphalt and covered with a sheet of glass.

The collector absorbs heat when the sun shines through the glass. The glass lets the heat go into the black surface but won't let it back out. The underside is well insulated for that purpose, too.

* * *

So, air can be blown along both sides of the metal sheet and it's heated as it passes through these half-inch-wide spaces. This, then could take the place of air heated by electricity or fuel oil.

Buelow figures that if the collector had 1,000 square feet of glass and was tilted directly toward the sun the device would be heating air as warm as could a 72-kilowatt electric heater or a furnace burning two gallons of fuel per hour.

But what if the sun doesn't shine while you're trying to dry grain? The air simply would not heat.

* * *

admits Buelow. But, he hastens to add, this would not be a serious problem because unheated air would keep the grain from spoiling until Old Sol reappeared.

Ellen Jean Law, Edward Buckner Wed Saturday

NORTH BRANCH—Ellen Jean Law of North Branch and Edward Buckner of Clifford pledged their nuptial vows at North Branch Methodist church at 4 o'clock Saturday afternoon. Rev. Karl W. Patow, pastor, read the service.

* * *

Ellen, only daughter of Mr. and Mrs. Joseph Law of this vicinity, appeared in a waltz-length gown of white net over taffeta, fashioned with a Peter Pan collar. An elbow-length veil was held in place by a tiara of irridescent sequins. Her bouquet consisted of white chrysanthemum poms, encircled with smaller mums.

Ellen's only attendant was Virginia Scheuneman of Romeo. Edward who is the only son of Mr. and Mrs. Lawrence Buckner of Clifford, was attended by the bride's brother, John W. Law, of Wright-Patterson Air Field, Dayton, Ohio.

Raymond Stoll and Lee Kelly, both of North Branch, served as ushers.

A reception for 250 guests was held in the evening at the IOOF Hall in Clifford.

* * *

The newlyweds will live at 3810 Law Road, in Burlington Township.

Ohio State to Build Fastest Wind Tunnel

COLUMBUS, Ohio (AP) — Ohio State University engineers are building a hypersonic wind tunnel that will be able to blow heated air at a speed of 3,700 m.p.h.

They said it will be the only one of its type in the nation, possibly in the world, that can churn such speeds continuously without stopping.

The builders hope it will overcome one of the greatest barriers to space travel—heat.

There were some four million cases of malaria a year in southern Europe until DDT spray was introduced following World War II. Now, there are an estimated 10,000 cases a year.

Army Studies Tropical Fever

Mosquito Colony Sent From Malaya to Assist Latest Research

WASHINGTON (AP) — The Army has imported thousands of pedigreed mosquitoes from Malaya to put the scientific bite on fevers that Wrack and sometimes kill humans.

The mosquitoes arrived in Washington after a 10,000-mile flight from Kuala Lumpur, capital of the Malay Federation, under the watchful care of Maj. H. C. Barnett of the Walter Reed Army Medical Center.

Barnett took the raps off his valuable colony, representing six different species, in talking to reporters yesterday. He said they will be used to learn more about dengue, encephalitis and a number of yet unidentified fevers.

The army scientist spent four months in Malaya with Dr. Douglas J. Gould, also of the research institute at Walter Reed, capturing mosquitoes known or suspected to be carriers of fever diseases.

MISSION ACCOMPLISHED

Barnett said time was essential in getting the mosquitoes across the Pacific and into their new and comfortable home here. The average life of mosquitoes is only a few days and the scientists wanted to be sure they would be settled on the ground in time to lay eggs under the controlled conditions required.

Barnett's first mission was accomplished early this morning when tiny eggs were found in several rows of little glass jars that had been carefully placed for the purpose.

The researcher gave assurances that the importation of 8,500 live and buzzing mosquitoes and eggs in the transplanted colony were uninfected.

Barnett explained mosquitoes do not originate such virus diseases as dengue and encephalitis but that it was a case of "mosquito bites bird—mosquito bites man." Certain birds, therefore, appear to be reservoirs of the fever viruses.

Traffic Victim, 5, Mars 7½-Year Safety Mark

MAHANOY CITY, Pa. (AP)—One of the nation's best traffic safety records was ended last night when a boy was killed by a tractor-trailer truck after reportedly darting into the street from between parked cars.

The death of James Tibioni, 5, a deaf mute, was the first highway fatality in this city of 11,000 in 7½ years.

Lenin's Name Replaces Stalin on Peace Prizes

MOSCOW (AP)—The Soviet government has decided to take Stalin's name off its international peace prize and the prizes awarded Soviet citizens for accomplishments in science and the arts.

Henceforth they will be known as Lenin prizes. The peace prize will be worth 100,000 rubles and the other prizes 75,000 rubles.

Navy Appoints New Recruiter for City Station

Lloyd T. Harris Jr., ENC, will assume the duties of recruiter in charge of the local Navy Recruiting Station today, it was announced by the Pontiac Substation.

He will replace Alan D. Simonson, MMC, who is being transferred to Philadelphia where he will be assigned to a newly commissioned ship for sea duty.

Harris, who was added to the local office staff in June, will have overall command of the station and its branches in the area.

He came to Pontiac following 18 months aboard the destroyer-escort Blair in the Atlantic Fleet. Harris previously served aboard LSTs, the battleship New York, and at several Navy bases. He was active in anti - submarine warfare during World War II.

The Ohio native is a veteran of over 16 years in the Navy and now lives with his wife in Lake Orion. He grew up in Dundee, Michigan and attended schools there.

In departing, Chief Simonson has received congratulations from top Naval officials for the "highly satisfactory performance of his duties" while stationed in Pontiac.

Statisticians Pool Information

Facts, Figures Packed in Pages of Publication

WASHINGTON (INS) — Government statisticians pooled their information and published Saturday a collection of a half-million assorted facts on U.S. industrial, social, political and economic organizations.

The book, "Statistical Abstract of the United States, 1956," is the 77th edition of the volume issued since 1878.

In its 1,065 pages are packed 1,176 tables and 47 charts giving some 500,000 facts which are grouped under 34 chapter headings with a 40-page alphabetic subject index.

The big answer book, available from the government printing office at $3.75 a copy, is a standard reference, whether as a source of information for a research project or to settle an argument.

For example, it's not at all true that everyone has a new car except you. In 1955, 66 per cent of the automobiles were four years old or older and only 12 per cent were less than one year old.

BUYING NEW CAR?

But if you insist on buying a new car anyway, it may help to know that two out of three are financed.

The book also explodes a few misconceptions. Magnolias and honeysuckle blossoms do not bring on earlier marriages in the South than in other parts of the nation. The average age of marriage for both men and women is lowest in Idaho.

Do old soldiers "just fade away?" Not as far the the Veterans Administration is concerned. It is still paying pensions to 188 veterans of the Indian wars and 60,125 of the Spanish-American War.

Here are a few more odd facts from the statistical abstract that you might not run across anywhere else:

Average life expectancy at birth is 68 years, but if you live to be 68 the chances are you will live 12 years longer.

Each person in the U.S. paid an average of $12.28 in postage last year and received 324 pieces of mail, including 184 first class letters.

73 BILLION CALLS

Some 83 billion telephone calls were made in the U.S. in 1954, or about 500 for every man, woman and child.

The 1950 census showed there were only 22 apprentice female bricklayers, 200 women blacksmiths and 286 male midwives.

Enough shoes and slippers were made last year to provide each person in the United States with three and one-half pairs each.

More than 31 million civilians, approximately 20 per cent of the population, changed homes last year.

It is not true that more marriages go on the rocks during the seventh year. Divorces and annulments during each of the first six years of marriage outnumber those in the seventh.

In the Mexican War, 1846-48, the Navy lost only one man in battle and had three others wounded.

Jet Is Much Too Slow to Work in Modern Age

CROFTON MILL, England (UP)—They took Jet out of the horse age in this mining village today and now things are moving much faster.

Miners at the Crofton Mill colliery struck Friday protesting that Jet, a 6-year-old pit pony, was so slow in hauling the coal to the surface they were losing wages.

The state-owned coal board said today Jet would be transferred to other duties. The miners went back to work.

Mission Accomplished: .45 Automatic 'Talks'

LOS ANGELES (UP) — A silent gunman got $500 in a holdup conducted entirely in sign language.

He got the drop on market clerk Enrique Martinez, then motioned for him to summon the proprietor, Addy Gerst, 39, to open the safe.

"I didn't understand the sign language too well," Gerst said later, "but that .45 automatic he had made everything clear."

Kills Fugitives, Patrolman Dies

Wounded Officer Clings to Life Long Enough to Shoot 2 AWOLs

WILLOWS, Calif. (UP) — Highway Patrolman Charles Smith, shot three times in the back, clung to life long enough to kill his slayer and a second man.

Smith, 26, had halted a car driven by Kenneth J. Nelson, 20, of Martinez, Calif., and Everett Lee Harkey, 23, of Oakland, Calif., as passengers. The highway patrol identified Nelson and Harkey as Marines absent without leave.

* * *

Mrs. Dixie Lee White, who saw the gun battle from her home on Highway 99-West, told the state highway patrol:

Smith halted the car and talked with Harkey, who got out.

Nelson suddenly got out also and fired five times at Smith, three shots hitting Smith in the back.

Smith staggered but managed to get off three shots as the car started. Nelson was killed instantly. Harkey, hit between the eyes, died in a hospital. Smith was dead on arrival there.

Smith leaves a widow and two children, one born only last month.

* * *

Harkey, a 1st Division Marine, was wanted by the Marine Corps for drunk driving. Nelson was sought for armed robberies in Pleasant Hill and Antioch, Calif.

Officers said the car was stolen from R. M. Lowrie of Brawley, Calif., after he gave the hitchhiking Marines a ride in Woodland, Calif.

A Stitch in Time . . .

BAGHDAD, Iraq (UP)—The government issued an ordinance today authorizing the declaration of an emergency whenever necessary. An official spokesman said the ordinance was "a precautionary step against contingencies in the Middle East." He said authorities have no desire to proclaim a state of emergency "for the time being."

Now is the time to change or add listings

Take a good look at the old directory. Are your listings just as you want them? Perhaps you'd like to list the names of others in your household who receive calls frequently. Or have your name listed with your business telephone number. Or provide a special listing for business "Night, Sunday and Holiday" calls. There's still time to do it—and you'll enjoy greater telephone convenience at very little cost.

The Yellow Pages are closing, too!

If you're a businessman, remember that nine out of ten people use the Yellow Pages to find "where to buy." So be sure you're properly represented in the places they'll look when they're ready to buy your goods or services. If you haven't already arranged for your advertising in the Yellow Pages, we'll be glad to help you choose a size, design and message that fits your business.

Nation Watches Maine Election

Gubernatorial Voting Expected to Be Heavy as GOP Seeks Win

PORTLAND, Maine (AP)—Heavy voting is expected today in a Maine election the Republicans claim will spur the nation into re-electing President Eisenhower in November. Democrats say the issue is not Eisenhower but continuance of a semblance of two-party government in Maine.

* * *

The Republicans are trying to recapture the governorship from Edmund S. Muskie, first Democrat to hold the office in 20 years, and hold the state's three U.S. House seats.

If Muskie, 42, beats House Speaker Willis A. Trafton Jr. (R), 37, he will be the second Democratic governor to be re-elected since the Civil War.

Two GOP congressmen are opposed by the Democrats they beat two years ago. They are Representatives Robert Hale, 66, seeking an eighth term in the 1st Dist. against James G. Oliver, 60, and Clifford G. McIntire, 48, of the 3rd Dist. whose third-term foe is Kenneth B. Colbath (D), 57.

Fighting for the 2nd Dist. seat of retiring Rep. Charles P. Nelson (R) are State Sen. James L. Reid, 48, and Frank M. Coffin, 37-year-old chairman of the Democratic State Committee.

The big question in the race for the governorship is: How many of the so-called "Muskie Republicans" of 1954 will stick with him this time?

Two years ago Muskie defeated the Republican incumbent, Burton M. Cross, by a vote of 135,673 to 113,298—or 54½ per cent of a total vote just under 249,000.

With only about 99,000 registered Democrats at the time, it was obvious Muskie had the support of a lot of Republicans.

Big Wave Tips Boat, 5 Fall Out, 3 Drown

LAKE TAHOE, Calif. (AP) — A huge wave tipped a speedboat so violently that five of the eight passengers were thrown into Lake Tahoe yesterday. Three drowned; two were saved.

Killed were Mrs. Irene Raymos, 32, Joseph Texara, 40, Berkeley, Calif., and Michael Brusaco, 70, Oakland, Calif.

Raymond Kechley, 19, of Berkeley, the pilot said wind and waves carried his boat 200 feet before he could restart the motor and return to the scene.

Kechley and Russell Bacon managed to save Judy Brunck, 17, of Berkley, and Marlene Perkins, 18, Portland, Ore.

The eighth person in the boat was Texara's 4-year-old son Kenny.

The average traffic sign can be read at 225 feet by a person with normal vision.

Big Money-Guzzler

SAN DIEGO, Calif. (AP)—The gizzard of a large South American rhea at the San Diego Zoo has yielded $1.26. Barney Sheridan of the zoo research laboratory said the bird, which resembles an ostrich, died recently and was found to be a "walking bank." An autopsy brought the dicovery of two half dollars, one quarter and a penny. The coins had nothing to do with the bird's death, Sheridan said.

Tigers Find A's Soft Touch

DETROIT (AP) — If the American League were made up of just three other teams — Washington, New York and Kansas City — the Detroit Tigers would be one of the hottest items in baseball.

Against these squads, the Tigers hold a cumulative 39-22 record. They are the only teams in the league with minus records against the Tigers.

Detroit has bruised the pride of the Yankees with an 11-9 edge on the league leaders this season. The Tigers have mastered Washington, 12-7. But the greatest cousins the Tigers have in the entire league are the Kansas City Athletics.

Yesterday, the Bengals completed a four game sweep against the team they have now defeated 16 times against six losses. They defeated the A's 7-3.

Harvey Kuenn, one of three Detroit batsmen in the league's top ten, paved the way with three hits in five times to the plate. Charley Maxwell, another of the League's top hitters, smacked his 25th home run of the season.

* * *

Al Kaline, the third man in the top ten, batted in two runs with a two-base hit.

Among them, they paced Detroit to its 9th victory in its last eleven starts.

The A's nicked Virgil Trucks for two runs in the 4th and one in the 6th, but Jim Bunning came on in the 7th to save Trucks' 6th victory against five losses.

It was the last game in the season series, much to the dismay of the Tigers.

JOHNSON SCORES — Johnny Henry Johnson snaps back the head of New York Giants tackle Roosevelt Brown as he plunges through for a San Francisco touchdown in Portland, Oregon, yesterday. The Giants defeated the 49er's 21-14.

From the Press Box

A couple of broken necks, frequent dislocated arms and wrists haven't discouraged Rusty Kelly, the high point driver at the Pontiac Speedway this year, from quitting the rugged sport of auto racing.

"I guess I'll stick to racing hardtops until old age creeps up on me, or something happens to stop me for good," said the 27-year-old Kelly.

It was only by chance that Rusty got behind the wheel of a racing auto. He was working as a mechanic in a garage in California on a midget auto and when the driver failed to show up for a race one day, Rusty was asked to give it a try.

"It was my first race, and I think I finished last, but after that I figured I would rather have my hands on the wheel than under the hood," he said.

★ ★ ★

He stayed in midget racing for a couple of years and when he came to Pontiac in 1952 he started driving the hardtops at the M-59 track.

RUSTY KELLY

"Now I'd rather drive hardtops than midgets because you can race a lot more," he explained, "even though I like the speed of a midget."

This year at the local speedway, Rusty won seven of the 10 feature races in his '36 Chevy owned by the Northside Auto.

His racing doesn't stop with one or two races a week. He competes often at Toledo, Detroit and in Canada and for three months during the winter he sticks with the sport at Daytona Beach, Fla.

Accidents haven't given him any desire to quit. In 1953 he suffered his first serious injury at M-59 when he broke his neck.

★ ★ ★

A year later he set a new unofficial "altitude" record by rolling over in mid-air four times when a wheel came off sending him spinning 15 feet into the air.

★ ★ ★

This kept him in the hospital for nearly six months with another broken neck.

"These accidents can be tough on the owner of the car who pays for all the repairs and replacements," Rusty said.

He figures it costs the owner about $3,500 to keep the car in racing condition during the season.

★ ★ ★

Of his winnings, the owner gets 60 per cent and he gets the rest. "Actually the owner just about breaks even," he said, "unless the driver can walk off with a few big purses."

"In most cases it's just a matter of advertisement for the owner," he added.

Rusty was born in Cincinnati and he got interested in racing cars from his brother who still races in the East.

"I like the thrill of speed, but only on the track," he said.

★ ★ ★

One thing that irritates Rusty most is the way the term hot-rod is used.

"The word hot-rod belongs on the track. These guys who speed around the streets aren't hot-rods, they're maniacs, and it makes me mad when the police and newspapers keep referring to them as hot-rods," he said disgustedly.

"The real hot-rods are at the race tracks, and in most cases they are your best street drivers, so why don't they give these souped-up city speeders another name."

★ ★ ★

At the Pontiac Speedway this year Rusty accumulated a total of 310 points in winning seven of the 10 features. Behind him were Benny Howell and Chuck Partello.

This is one of the first seasons of racing in which he has escaped injury on the track, but that is the least of his worries.

"Right now I've got good racing dates lined up in Canada and then in Florida during the winter," he said. "It's like spring training, getting ready for another year at the M-59 track," Rusty finished.

Braves Rally to Boost Lead as Redlegs Fade

By THE ASSOCIATED PRESS

A close-fisted three-team tug o' war only a few days ago, the National League pennant race apparently has simmered down today to a hand-to-hand struggle between the fuzzy-cheeked Braves of Milwaukee and the hard-bitten, veteran Dodger crew of Brooklyn.

While the Braves were rebounding Sunday from five straight defeats with a 7-4 and 5-3 doubleheader sweep in Chicago and the Dodgers were knocking off the New York Giants 6-1, the third-place Cincinnati Redlegs absorbed a crushing 13-inning, 6-5 defeat in the pace—and perhaps out of the pennant fight.

The double triumph came in the nick of time for the bruised and bloody but unbowed Braves. The wins enabled the Braves not only to retain their grip on first place but sent them East—and to Brooklyn—with a full-game lead over the Dodgers whom they meet in a crucial two-game series tomorrow night and Wednesday afternoon.

While the Braves and Dodgers hammer away at each other, the Redlegs will try to pick up precious ground in the Polo Grounds where they will face the seventh-place Giants Tuesday and Wednesday afternoons.

The American League race is all over, but the playing out of the schedule. The runaway Yankees widened their first-place margin to 11 games over Cleveland and Chicago, who split a pair while New York was beating Washington 2-1. Any combination of eight New York victories and-or White Sox and Indians defeats will clinch the seventh flag in eight years for the Yankees.

Chicago came back to defeat Cleveland 6-2 after the Indians had won the opener 4-1. Boston's fourth-place Red Sox nipped Baltimore 3-2 in 12 innings and Detroit walloped Kansas City 7-3 for a sweep of the four-game series.

Furgol on Top in Akron Open

Ed Moves Up to Win in Final Round, With One Stroke Edge

AKRON, Ohio (AP)—Ed Furgol of St. Louis had the $3,000 first-prize money from the Rubber City Open Golf tournament today to add to $6,000 top money he won in Milwaukee three weeks ago and $2,200 he collected Sept. 1 as runner-up in Detroit's Open.

* * *

In the windup of the $19,000 tournament at Firestone Country Club yesterday, the 39-year-old Furgol did just what he did at Milwaukee and Detroit, moved to the top on the final 18 holes. At Detroit he lost an extra-hole playoff after climbing from a five-way tie for third when the last round started. In Milwaukee he was two strokes off the pace going into the last 18.

Here yesterday, Furgol was two strokes back of Arnold Palmer of Latrobe, Pa. but while Palmer, who is 27 today, was carding 35 on the front nine, Furgol shot 32, then both posted 34s on the back nine holes.

Furgol's 6-under-par 66 gave him a 17-under-par 271, and Palmer's 69 lifted his total to 272 which earned him the $2,000 second prize.

Verheime Takes 30-Lap Feature

Bob Verheime, a stranger to auto racing fans at Pontiac Speedway, drove away with the honors in Sunday afternoon's modified hardtop program.

Verheime won the 30-lap feature with Joe Doyle taking 2nd and Chuck Partello 3rd. Verheime also captured the hardtop pursuit. Pete Caldwell grabbed the semi-final, followed by Earl Swiney and Bill Zahn.

Bob Gatton won the old model stock car pursuit and Doyle took the dash. Partello's time of :19.52 was tops in the qualifying trials. Heat winners were Caldwell, Gatton, Doyle, Swiney and Partello.

Next Sunday's show at the M59 track will feature modified hardtops and old models. Time trials start at 1:30 p.m. with the 1st race scheduled at 3 o'clock.

Scoffs at Bowl Possibility

Eliot Laments Illini Depth

(Following is another story in a series on Big Ten football prospects by Jerry Liska, midwest AP sports editor, who made a plane tour of conference camps.)

CHAMPAIGN, Ill. (AP)—You can hardly call coach Ray Eliot a sabre rattler in the Big Ten football wars.

Eliot, starting his 15th season, responded to comment by Ohio State's Woody Hayes that Illinois will be "hotter than a firecracker," by gloomily listing three major Illini problems.

* * *

One is the patented lament of all coaches, "lack of depth," with sophomores being No. 1 replacement at six positions.

The second is the end position, where—despite the presence of one 240-pound candidate and three 210-pounders — Eliot says "we don't feel solid."

The third and by far most important problem is at quarterback where towering Hiles Stout must prove he is the player everybody thought he was a year ago—but wasn't.

* * *

Stout, 6-4, 210-pound senior, had the inside track last fall, but soon surrendered it to Em Lindbeck, who did a good job in directing the Illini to a fifth place finish with a 3-3-1 Big Ten mark and 5-3-1 for the season.

Eliot is aghast at the suggestion the Illini may contend with Michigan for the Rose Bowl call. With Co-favored Ohio State and Michigan State ineligible for the bowl game, it is likely the third spot finisher will get the Pasadena call.

Contrary to Ohio State's Hayes, who frankly admits he is looking past two nonconference games to the Illinois league opener, Eliot says Illini attention is on the Sept. 29 opener with California. Ohio State's first two starts are against Nebraska and Stanford.

* * *

If Stout turns in even just a fair job of quarterbacking, the Illini should have a lightning quick attack. The starting halfbacks, Bobby Mitchell and Harry Jefferson, are dandy free wheelers.

Mitchell set a new league average mark of 8.3 yards per carry last year.

Ray Nitschke, 210 pounder, is a fine fullback and may become an exceptional one. He averaged 4.7 last season.

(Next: Iowa.)

Rosewall Defeats Hoad for National Tennis Title

FOREST HILLS, N.Y. (AP) — It really made no difference that Ken Rosewall won the national tennis championship.

His victim, Lew Hoad, just as well could have won it.

Either way, the championship was headed back for Australia today for the first time since Frank Sedgman took it down under in 1952.

* * *

What it did show, though, was that American tennis is seriously ailing. Three Australians got into the semifinals and if it hadn't been for old folks Vic Seixas, it would have been the first all-foreign semifinal in history.

Seixas was the fellow who was supposed to be all washed up at 33. Yet he advanced further than any other American. Except for Mike Green, the American youngsters showed very little. And Green, besides promise, showed that he was at least a year away from the top.

* * *

That's what confronted the American tennis brass before and after Rosewall drilled out a 4-6, 6-2, 6-3, 6-3 victory over Hoad in the final on the wind-swept turf of the West Side Tennis Club, yesterday.

* * *

This was Rosewall's first big victory over his Davis Cup mate in more than a year, and it was a good one for it prevented Hoad from scoring a "grand slam." The big blond already had won the French, Australian, and Wimbledon titles. Had, he grabbed the Amerian, he would have been the second player in history to turn the trick. Don Budge did it in 1938.

Stock Car Race Won by Ruttman

Michigan Drivers Place in $10,000 Marathon at State Fair Grounds

DETROIT (AP) — Three Michigan drivers shared runner up honors to the first place finish of Troy Ruttman of Long Beach, Calif., yesterday in the $10,000 stock car race at the Michigan State Fair.

Ruttman, a one-time Indianapolis "500" winner, flashed across the finish line with an average speed of 69.71 miles per hour for the 227 mile race. He took $2,000 prize money.

* * *

Iggy Katona of Lambertville, Mich., was second, winning $1,500, while Don Shisler of Detroit was third with a $1,250 purse.

Russ Allen of Saginaw was fourth and Pete Toth of Toledo fifth. Ruttman won the big Indianapolis race in 1952.

The race, scheduled for 250 miles, was marked by yellow flags warning drivers of caution because infield spectators kept crossing the track. Some 26 laps were run under the yellow flag in addition to the 227 regular laps.

IS IT A BIRD? — That's umpire Jocko Conlan with his arms spread like a bird as he calls Milwaukee outfielder Hank Aaron safe when crossing home plate to beat the tag of Cub catcher Hobie Landrith at Wrigley Field yesterday. The Braves won a doubleheader from the Cubs, 7-4 and 5-3 to stay one full game ahead of the Dodgers in the National League race.

Chiefs Look Good, Make Mistakes, Too

In their first game-type scrimmage of the pre-season grid training period, Saturday, Pontiac High School's Chiefs looked good, and at times only fair. Coach Ed Graybiel's charges tangled with the Southfield squad, and the results were enlightening, says the PHS mentor.

"We were pleased with some of the play," Graybiel explained. "But we certainly need a lot of improvement in other ways. We looked good, but made some mistakes. I hope we can correct the faults before our opener Friday night." Chiefs play at Wyandotte Friday at 8 p.m. Dots walloped the Chiefs last year 26-7.

Each club scored several times, both on passing and running plays.

Scrimmage gave Graybiel a chance to study his first stringers in game-type action and he was generally satisfied with what he saw. "We seemed to be ahead of time with our offensive play, better than we had expected at this time," said Graybiel. Both Dick Whitmer and Art Poe looked good at the aerial tossing.

Southfield had a surprising outfit, big and mobile. The driving charges of 240-pound Jim Zurcher, former tackle, now at fullback, brought strong compliments from the PHS mentor. Zurcher, as Graybiel said, "is one of those old-fashioned, 30-years-ago type of fullback. He should give the Bluejay club a lot of power in the backfield." Jim is a junior and Saturday was the first time he ever carried the ball from a backfield post, Southfield coaches reported.

Chiefs resumed drills today, and will end them Thursday with a light workout for the opening contest Friday.

Johnson PGA Champion; Beats Burkemo for Title

DETROIT (AP)—Jimmy Johnson, brandishing a beat-up putter he has used since 1937, is the new Michigan PGA champion. His six-under-par 136 for 36 holes topped a field of state professionals yesterday, at Grosse Ile Country Club.

Defending champion Wally Burkemo of Franklin Hills finished second to the 34-year-old golfer from the new Farmington Country Club. Burkemo's steady 140 was the only other score to break par.

Johnson, winning his biggest title, was never headed after he shot par 36 for the opening nine holes. His 1st round 69 was tied by Ron LaParl of Battle Creek and Don White of Adrian. Then he moved away from the field.

His 2nd round 67 stood off Burkemo's two-under-par challenge, and no one else was close.

* * *

Michigan Open champion Pete Cooper of Knollwood and Larry Pentiuk of Ann Arbor (former Pontiac star) joined White in a three-way tie for third at 143. LaParl blew to a 79 on the 2nd round to end up out of the money.

Johnson's effort earned him $350 and Burkemo netted $250 of the $1,500 prize money.

Kazoo, Battle Creek Move Up in Tourney

BATTLE CREEK (AP) — Four undefeated teams move into the third round today of the Eastern American Amateur Baseball Congress playoffs in Battle Creek.

Two Michigan teams, Kalamazoo and Battle Creek, along with Pittsfield, Mass., and Manitowoc, Wis., made it through the second round yesterday without a blemish on their records.

Battle Creek defeated Chicago, 3-2; Pittsfield beat Genoa, Ill., 4-0; Kalamazoo beat Huntington, W. Va., 8-3; and Manitowoc drew a bye.

Five games will be played today.

Close Decisions Feature Bouts at Benefit Show

Every bout on the eight-fight card at Pontiac High School gymnasium Saturday night wound up in a decision, and some were very close, representatives of the Pontiac area of Nephrosis Foundation reported today. The program was set up as a benefit for the foundation, but a disappointingly small crowd was on hand for the affair, officials said.

One of the featured bouts, originally planned for this show was not held because Larry Lamphere, fine young PHS welterweight, injured a thumb in an accident. He was matched with Earl Walker. Lamphere may be ready, however, for an October show at Alpena.

Most of Saturday's bouts were tight, colorful affairs. Like Susanna Strange commented, "they were all terrific." Many prizes were given by Pontiac merchants for the winners.

One of the highlights was the amusing battle between a pair of "sub-flea" scrappers at 30 pounds. Mike Allen, son of Stanley (Stag) Allen of the foundation, and Terry Sivers threw leather and each other all over the ring in an exhibition.

Pontiac, Detroit and Flint boxers comprised the field.

The results:

135 pounds—J. W. Jackson of Flint dec. over Larry Bolt, Pontiac Boys' Club.
147 pounds—James Vincent of Detroit Brewster dec. over William Bray, Flint Burston Field.
135 pounds—Wally Green, Pontiac Boys' Club, dec. over John Armstrong, Flint Burston.
136 pounds—Gene Gresham, Detroit Bethune Boys' Club dec. over Louis Eagleston, Brewster.
133 pounds—Willie Neill, Bethune club, dec. Bobby Wright, Flint Burston.
160 pounds—Ernest Hill, Bethune club, dec. Irvin Nord, Flint Burston.
160 pounds—Robert Wardlaw, Bethune club, dec. Irving Smith of Detroit Brewster.

Dodgers Get Ready for Brave Series

BROOKLYN (AP)—The Brooklyn Dodgers are poised and ready for their two-game make or break series against the league - leading Milwaukee Braves opening tomorrow night at Ebbets Field.

* * *

For over a week Manager Walt Alston has pointed his two ace pitchers, Sal Maglie and Don Newcombe, for this brief series. The 39-year-old Maglie, pitching some of his best ball since being obtained from Cleveland May 15, goes in the opener. Newcombe, the majors' No. 1 winning pitcher with a 23-6 record, gets the call Wednesday afternoon.

City Team Tops MRA Field

Paced by sub-par shooting Paul Bada, Pontiac's city recreation links team Saturday compiled a Michigan Recreation Association title-winning figure at Grosbeck Municipal Course in Lansing. The five-man Pontiac aggregation totalled 373 to top the field of seven teams by nine strokes. Lansing was runnerup with 382. Detroit, short handed with only four players, was disqualified.

Bada shared the medalist spot with Lansing's No. 1 man, firing 36-34—70 over the bumpy greens, Mike Andonian reported. Mike was No. 2 for Pontiac with 73. The 1956 state publinx champion carded a pair of even-par 36s. Other cards for the state champions included Charles Barker 38-35—73, Ron Rothbarth 40-38—78 and Butler Cooper 41-39—80.

Rest of the field finished as follows:

* * *

Lansing 382, Plymouth 398, Grand Rapids 407, Livonia 410, Midland 417 and Dearborn 419.

Bada is currently the leading amateur in the area. He recently hung up a new city course mark of 61, and has scored amazingly well in every test he has engaged this season. Andonian has also done very well in several top tourneys. He may play in the DDGA medal championship at Red Run in the near future. Barker is one of the top area shotmakers and Cooper is a former national Negro champion. Rothbarth won the 1956 city crown.

* * *

"The course is the same where we saw the Pontiac girls team win the state women's title (MRA) on Aug. 18," Andonian reported, adding that it was in much better condition at that time than for Saturday's tourney.

Willie Troy Favored

NEW YORK (INS) — Middleweight Willie Troy of Washington, D. C., is a slight favorite to defeat England's Johnny Sullivan when they meet tonight at St. Nicholas Arena in a nationally-televised (Dumont) 10-round bout.

LAKER STALWARTS — Two huge linemen lead the list of veterans at West Bloomfield. On the left is Rolf Gordhamer who is 6-5 and goes 215 pounds at tackle, and guard Bob Bradley a junior guard who weighs 230 pounds.

Doubt Any Team to Go Unbeaten

Tighter Race Seen in W-O

(This is the fifth of a series of articles dealing with area high school football league prospects. Tomorrow we scan the setup in the Suburban Catholic League.)

By BILL CORNWELL

"Clarenceville, last year's champ, is still on top until beaten." That statement was made by Ron Schipper, head football coach at Northville, in commenting on the approaching battle for Wayne-Oakland League honors.

* * *

But Schipper also said, "I doubt if any team will go through the league schedule undefeated." A pre-season look at grid camps around the W-O circuit seems to back up Schipper's words.

Although graduation took its toll at Clarenceville, the defending champion Trojans can be expected to put up stiff resistance against all challengers. A bushel of talented material still remains at coach Nick Ianni's disposal.

The road to a 2nd straight title will not be an easy one, however. Holly, Clarkston and Northville appear stronger and Milford also sees improvement. The picture is even brighter at West Bloomfield and Brighton, last year's W-O doormats.

Clarenceville, which enjoyed a perfect season in 1955, lost star halfback Bob Soop, but Dave Hanaford, slick-operating senior quarterback, will again be on hand. In an effort to compensate for Soop's departure, Ianni has switched Dale Devitt, a 205-pound powerhouse, from end to fullback.

Development of a strong forward wall is the key to Holly's chances, according to coach Reese Protz. If the line matures rapidly enough and a capable quarterback can be found, Protz believes his team will be good before the season ends.

Fullback Dean Suber and halfbacks Danny O'Brien, Amos Bradsher and Rollie Harmes provide depth in the backfield while tackle Phil Tinsman and ends Tom Rose, Dennis Clark and George McDaniels help to bolster the line. Graduation wiped out the middle of the line and the quarterback position is wide open.

* * *

Despite a lack of weight, Clarkston could become the most dangerous team in the conference. Coach Ed Hintz has a clever field general in quarterback Leroy Parks as well as Dave Swayne and George Lang, two elusive halfbacks. Tom Bergman, promising transfer from Holly, will be utilized at either halfback or tackle.

Absence of size up front may handicap the Wolves. Dennis Alexander, 200-pound guard, is the heaviest forward on the squad. Glenn Ostrom will see action at tackle.

Milford's chances ride with three returning regulars — tackle Jerry Burklund, center Henry Combs and halfback Bob Kauppi — plus six other lettermen and a trio of transfer students. Kauppi, along with speedster Del Munson, will give coach Dick Yeager explosive backfield strength, but Milford's bench will be thin.

Coach Dale Nelson takes over the helm at West Bloomfield where the outlook is rosier than a year ago when the Lakers dropped seven decisions. Guard Bob Bradley, a 230-pounder, and tackle Rolf Gordhamer, who stands 6-5 and weighs 215, will anchor the line. Quarterbacks John Lucadam and Larry Hollister will probably alternate at the signal-calling post while Alvin DuBois offers deception at halfback.

Bloomfield Hills, the newest member of the W-O loop, spends its farewell season in the Southeast Suburban Conference before joining its Wayne-Oakland brothers in 1957.

MILFORD SPARK — The Redskins of Milford are looking for improvement in the Wayne-Oakland League this year and one of the sparks on the team is senior halfback Del Munson, a speedy ball carrier.

U.S., Japs Meet for Global Title

MILWAUKEE (AP) — Japan and the United States, the only undefeated teams in the 1956 Global World Series of Baseball, were matched today in a game expected to be a battle of pitching.

* * *

The game, set for 1:30 p.m. EST, will be broadcast nationally (over Mutual's game of-the-day network). Japan and the U.S. won their second victories last night.

* * *

Motoji Fujita set a new Global strikeout record when he fanned 15 batters and allowed just three singles in Japan's 5-0 victory over Mexico.

Putting Could Tell Story in National Am Tourney

LAKE FOREST, Ill. (AP)—"Anybody who can't putt on this course just can't putt."

That's a summary of opinions about the Knollwood Club Course, where the National Amateur golf championship began today. And it may be the summary of the whole tournament.

* * *

Knollwood, which accepted the tournament on short notice after the Los Angeles Country Club decided against having it about a year ago, is one of the longest and finest courses ever utilized for this championship.

* * *

Opinion of the 200 players is virtually unanimous that the big greens, narrowed and reshaped to a certain extent by allowing collars of deeper grass to grow up, have just enough undulation to make putting a challenge. The 6,790-yard Knollwood Course, with a par of 35-36—71, figures to be a stern but fair test.

* * *

Little Joe Campbell of Anderson, Ind., two-time Big 10 golf champion and a quarter-finalist in this tournament last year, was dropped into one of the toughest matches of the 72 scheduled for the first round today.

* * *

The confident little Hoosier who has swept the major Indiana tournaments this year after losing out in his bid for a second National Collegiate title, faced tall Bill Hyndman of Philadelphia, who beat him 2-up in the quarter-finals at Richmond, Va., last year and went on to take a drubbing from San Francisco's Harvie Ward in the final.

* * *

The 200-man field, winnowed down from a record entry of 1,603, included a dozen or more players capable of going all the way.

HEAVIEST—Clarkston is boasting of heavyweights this year. Biggest man on the team is 200 pound Dennis Alexander, a junior guard.

Eskies, Alouettes Take Bad Lickings

By THE ASSOCIATED PRESS

The Edmonton Eskimos and Montreal Alouettes, the two top professional football teams in Canada the last two years, dropped their first games of the 1956 league season during the weekend. And both were by big scores.

* * *

The Eskimos, 1954 and 1955 Grey Cup champions from the Western Conference, lost 31-4 to the Saskatchewan Roughriders and the Alouettes took a 51-28 pasting from Toronto's Argonauts.

* * *

The Eskimos are alone at the top of the Western standings with eight points on four victories and one loss while Montreal shares leadership with the Hamilton Tiger-Cats in the Eastern Big Four. The Ticats blanked the Ottawa Rough Riders, 21-0 at Ottawa Saturday, with Ronnie Knox of UCLA passing for one touchdown.

Bears Look Like Nemesis of Old in NFL Warmups

By THE ASSOCIATED PRESS

The Chicago Bears once again are rumbling like the big, bad Bears who ruled the National Football League in the early 1940s.

With the opening of the scheduled season only three weeks away, the Bears today stood as the only undefeated team in the league after defeating the Pittsburgh Steelers, 21-10.

* * *

The New York Giants whipped the San Francisco 49ers 21-14 for their third win in four outings and Washington defeated Green Bay 17-10 in other Saturday action. The defeat was the Packers' first after winning three.

* * *

Yesterday, the Philadelphia Eagles registered in the win column for the first time after dropping four by turning back the Baltimore Colts 19-14 in a nationally televised game.

Harjon Hill, a lanky end playing his third season in the league, scored all three of the Bears' touchdowns. Two came on passes and the third on the recovery of a teammate's fumble.

* * *

Freddie Wyant, fourth string quarterback, passed the Redskins to their victory. He set up the first with a 43-yarder to Johnny Carson and passed 31 yards to Dick James for the other.

* * *

The Giants broke up their duel with the 49ers in the fourth period, scoring two touchdowns. Don Heinrich engineered a 93-yard drive that sent Frank Gifford over on the 12th play. The big play was Heinrich's 51-yard pass to Ken McAfee. Dick Moloney went off left end for 17 yards to end the second march of 49 yards. John Henry Johnson scored both of San Francisco's touchdowns.

* * *

Bobby Walston kicked four field goals, varying in length from 14 to 37 yards, and caught a key pass to lead the Eagles to their victory.

Doctoring Your Golf Game

By DR. CARY MIDDLECOFF

PATIENT'S COMPLAINT: High Wood shots

DIAGNOSIS: Swing too upright

TREATMENT: To lower the trajectory of those high flying wooden shots add sweep to your swing, back and forth. Extend the arms a bit more on the backswing. Stretch more, concentrating on keeping the left arm straight.

* * *

Emphasize the pull-down with the left arm and be sure the left arm is straight at impact. Then keep it moving through on the line of flight, as the sketch shows. Notice that the head hasn't moved out of position.

Only by keeping the head still will the arms swing through to full extension. The left hip, as you'll notice, has turned out of the way to permit the arms to swing through unrestricted.

At the point pictured the right hand turns over, following the continued turn of the hips, and you finish with an easy, long, follow-through for distance and control.

The important thing to develop in practice is staying down to the shot. The tendency is to pull up at impact, which immediately puts the clubhead into a "hitting upward" slant and causes a high flying ball. Worse, though, it greatly reduces distance.

Next time you're at the course work on extending the arms, backward and forward—pulling down with the left arm and keeping it in control through the ball. It will pay off in yards and accuracy.

'Adamson in Africa' Film Copies Huston Character

BY LOUELLA O. PARSONS

HOLLYWOOD (INS)—"Adamson in Africa," the new film Peter Viertel has sold to Warwick Pictures with a Columbia release, is more like John Huston than Adamson.

* * *

Peter wrote "White Hunter, Black Heart," which was a very thinly disguised story of John Huston filming "African Queen" in which he directed Katharine Hepburn and Humphrey Bogart.

While John's friends were furious at some of the aspersions cast at him, Huston, himself, took it all in stride and laughed uproariously at the book. "Adamson in Africa" is really Huston in Africa.

And, by the way, John, who has been in Mexico, is off to Tobaco, West Indies, where he'll make "Heaven Knows Mr. Allyson."

There are big plans afoot for "On My Honor," Paul Gregory's first RKO picture starting in January. So Donna Reed is justifiably proud that she has been offered the top acress role in the Mackinlay Kantor novel, originally titled "God and My Country."

"Most of the filming will be on location in Iowa," Donna tells me. "Maybe in my home town, Dennison."

There's only one hitch. Donna has to make "Wherever You Are" in Europe late this year and she must be clear of this before signing for the Gregory movie.

STARS SEE FOLLIES

The Ice Follies, better than in any previous year in the costumes and beautiful staging, had a most representative turnout of stars at the premiere.

George Gobel and his missus had a rousing cheer; Bob Hope, Dolores and the four children, Greer Garson with Cesar Romero, Greg Bautzer and his lovely Dana, Gloria and Jimmy Stewart, the Ronald Reagans and the Jerry Lewises kept the photographers busy.

Snapshots of Hollywood collected at random:

As soon as Monty Clift finishes "Raintree Country" on Sept. 18, he goes into a hospital for further surgery. Elizabeth Taylor, who took a week off from "Raintree" to vacation in New York, has been ordered back to Kentucky by her studio.

Kim Novak, who has been seeing Frank Sinatra almost every night, was at the Oyster House with the reliable Mack Krim.

Shelley Winters is a flu victim; also Cobina Wright, who is bedded with intestinal flu. Cobina has to get well in time for her birthday party Sept. 20.

DEMPSEY STORY

Estelle Taylor met with Rowland Barber and Danny Winkler at the Plymouth House to discuss the life story of Jack Dempsey. Barber wrote the book "Somebody Up There Likes Me."

Mrs. Blanche Lyon, mother of publicist Bill Lyon, underwent surgery at Cedars of Lebanon Hospital Friday and came through with flying colors.

At the Ed Leshin party honoring Mrs. Bob Considine, Bill Lundigan told me that his baby had her hand badly burned and cut when she grabbed an electric light bulb and it broke in her hand.

Millie (Mrs. Considine) reluctantly returned home after spending a few days at the Disneyland Hotel with her children.

The Jack Wrathers (Bonita Granville), who were Millie's hosts at Disneyland, Van and Frances Heflin, the Vince Flahertys, Carmen Considine, the Bill Perlbergs and John Morse were a few of Millie's pals who dropped by to say hail and farewell.

TODAY'S ASSIGNMENT FOR:

JUNIOR EDITORS

uBACK TO SCHOOL — 1

An Old Time School Room

School is starting again. Even if you are sorry that the vacation is over you are probably glad to see your friends.

Going to school was much less fun in olden days. Then teachers enforced strict discipline with a cane or ruler, and expected achievement in subjects like Greek, Latin and higher mathematics. Naughty boys were made to sit on a high stool and wear a dunce's cap.

Little was spent on making the schoolrooms attractive. The furniture was poor and scant. Pupils wrote on pieces of slate and used squeaky slate pencils.

Many great Americans gained their education in such schools. When they grew up some of them began to think of ways to make learning more agreeable and easier to obtain, for classes were not free as they are today.

Color this picture of an oldtime school room with your crayons, and then paste it down on cardboards. Cut out along the outline and fold forward on the dotted line so the picture will stand.

(Fred Rubin, Paterson, N. J., first contributed this idea. If you have an idea for a Junior Editors panel send it in care of this newspaper and you may win $10. Violet Moore Higgins; AP Newsfeatures.)

Tomorrow: The Little Red Schoolhouse.

The Porkers Are Rail-Thin

Oklahoma City Hog Wild Over Hogs Running Wild

WRIGHT CITY, Okla. (UP)—The peace of this southeastern Oklahoma community is being disturbed by a horde of rail-thin hogs.

So many, in fact, that some were found rootin' around a drugstore and a church.

The situation is so acute that county commissioners will meet today to decide if a special election should be called to decide whether the porkers can run loose on the open range the same as cattle.

The commissioners say the porker problem has brought on a wrangle between established ranchers and squatters who own a lot of hogs but little or no farm property.

The controversy has grown so heated that some fences were cut with wire snippers and officers said they were fearful of something more serious between the two factions unless the issue is settled soon.

The small property owners and squatters trucked their hogs down from the hills and dumped them on the highways where there was still some unburned patches of grass left from the summer drought.

* * *

"The situation has become desperate," Louis Monroe, a rancher owning 450 acres, declared. "Someone said there were more rail-thin hogs in Wright City than people but that is not true.

"Wright City has a population of 1,200 and there's not more than 700 or 800 loose hogs in this vicinity."

Buddy Burke, another rancher, added, "I kicked three hogs out of the doorway of the drugstore when I tried to get in to buy some medicine."

* * *

Monroe said that only recently a pastor had to stop his sermon when some hogs started fighting under the church. Investigation disclosed nine of them grunting around the basement — apparently to escape the heat.

Many Sore Necks Saw This Balloon

DECATUR, Ill. (UP)— Decatur residents got a good long look yesterday at a big balloon which hovered over the city virtually all day.

In early evening, it moved southeastward and later was reported over Terre Haute, Ind.

It seemed probable the balloon was the same one launched in Minneapolis Friday by University of Minnesota scientists. It soared 144,000 feet, about 24¼ miles, to exceed all previous altitude marks for such devices.

The scientists are conducting balloon experiments to study cosmic rays and meteorology in the upper atmosphere.

Federal Court to Hear First Segregation Case

ST. LOUIS (UP)—A case involving the first formal intervention by the federal government in a school dispute stemming from the Supreme Court's segregation mandates came up for hearing today in the 8th U. S. Circuit Court of Appeals.

The Justice Department filed a "friend of the court" brief supporting the Hoxie, Ark., school board in its fight against segregationists seeking to keep Negro and white students apart in the rural town of 2,000.

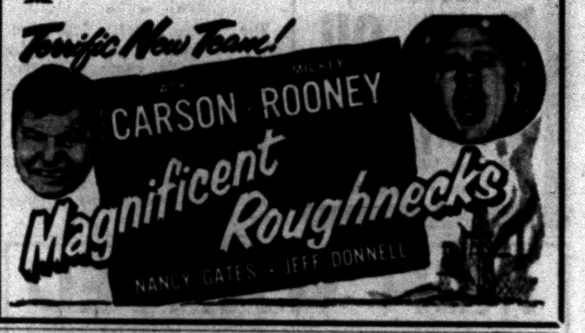

Rome to Unveil Statue After 6 Years of Waiting

ROME (UP) — After six years of waiting, a statue of Gen. Jose de San Martin, legendary Argentine hero, appears destined for a place in the sun of Rome.

Argentinias living in Rome presented the statue to the city in 1950. City officials got a reminder this week from the Argentine ambassador that formal dedication had not been arranged. They promised to get around to it as soon as possible. All this time the statue, covered by canvas, has remained in a square outside Villa Borghese.

Red China to Glimpse TV for First Time

TOKYO (INS)—Communist China may get its first look at televison next month when the Japanese Sample Fair opens in Peiping.

Plans are under way to hold telecasting demonstrations at the Japanese exhibition in Peiping and later in Shanghai.

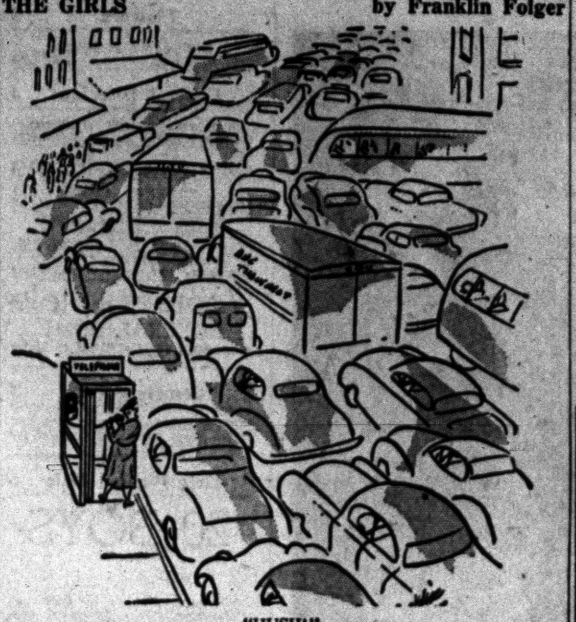

This will be the first TV demonstration on the Red mainland.

A Russian exhibit earlier this year displayed television equipment, but gave no demonstrations.

GOP Slate to Meet

LANSING (AP) — All members of the Republican state ticket planned to meet in Lansing late today for the first time since four of their number were nominated in state convention last week. Led by Detroit Mayor Albert E. Cobo, the group was to discuss campaign palns.

Grain Market Shows Decrease

CHICAGO (AP)— In an irregular market the September futures of most grains sold off on the Board of Trade today. September corn was down the most, losing around two cents before stabilizing.

Commission house buying appeared in the distant futures of some cereals, apparently pegged on the belief the soil bank will take substantial acreage out of production next year. Rye was quite firm in early dealings.

Wheat near the end of the first hour was ⅝ to one cent lower, Sept. $2.22¼; corn 1¼ to 1½ lower, Sept. $1.47½; oats ½ lower to ¼ higher, Sept. 73; rye ⅛ to ½ higher, Sept., $1.43¾; soybeans ¾ to 1¾ lower, Sept., $2.31¾; and lard 5 to 30 cents a hundred pounds lower, Sept., $11.25.

Business Notes

The appointment of Albert J. Weinrich, of 155 Vorn Lane, Birmingham, to a vice presidency was announced yesterday by Batten, Barton, Durstine & Osborn Inc., national advertising agency.

WEINRICH

A Rhodes scholar, Weinrich is a graduate of Princeton and Oxford universities. He joined the advertising firm in 1941 as a copy writer after two years as a newspaper reporter

The new vice president supervises cooperative dealer advertising activities for the DeSoto Division and heads his agency's media and marketing departments.

Promotion of George L. Lahodny, of 31771 Verona Circle, Birmingham, to assistant sales manager of the Detroit Edison Co. was revealed today by Vice President Edwin O. George.

Howard R. Stevenson of Mount Clemens was also named manager of sales.

Formerly director of sales staff, Lahodny joined the utilities firm in 1942 as a sales department clerk.

Eli R. Lupin, of 627 Butternut St., Royal Oak, has been named chief of engineering and development for Sherman Products Inc., according to President W. A. Romain. The division has been created, Romain said, to accelerate product development in the hydraulic earth-moving and materials handling machinery field.

Max E. Kerns, of 1996 Lakeland Ave., president of the Michigan Chapter, Society of Chartered Property and Casualty Underwriters, will head a delegation of nine members to the organization's annual convention in Cincinnati, O., next week. Kerns is associated with the H. W. Huttenlocher Agency of Pontiac.

Mercury Division of Ford Motor Co., announced today the appointment of George S. Coats as General Marketing Manager in charge of all Mercury sales.

F.C. Reith, general manager of Mercury, said Coats' will take over the duties of Joseph E. Bayne, who was recently named to Ford's dealer policy board.

Aircrafts Jump in Stock Market

NEW YORK (AP) — Aircrafts were higher but the Stock Market as a whole was irregular in early trading today.

* * *

Leading issues fluctuated in a narrow range as trading quieted after a fairly active opening.

The Market seemed hesitant following the collapse of the Suez crisis talks with President Nasser of Egypt and the new Egyptian bid for a parley representing all users of the canal.

* * *

Aircrafts, actively traded at the opening, also simmered down. Boeing, Douglas, Glenn L. Martin, Lockheed of North American Aviation all gained fractions.

U.S. Steel and Bethlehem were firm while Youngstown gained nearly a point.

* * *

General Motors eased slightly, Chrysler nudged ahead.

Allied Chamical lost around a point. Dow Chamical and Du Pont edged back.

* * *

Following losses in the London Stock Exchange, oils either eased or were unchanged. Royal Dutch edged back, Gulf was unchanged.

American Telephone gained slightly. Among the opening blocks were U.S. Steel up ⅛ at 67 on 3,000 shares, Glenn L. Martin up ¼ at 39⅞ on 1,500 and General Motors off ⅛ at 47½ on 2,500.

* * *

On the American Stock Exchange prices were mixed. Gainers included Stroock, Creole Petroleum and Consolidated Mining - Smelting. Among losers were North East Airlines, Mesabi Iron and British Petroleum.

Corporate bonds were losers.

Crashing Car Disrupts Picnic at White Lake

A Sunday afternoon picnic was interrupted when a car crashed lunch tables near a White Lake Township intersection yesterday.

A picnicker, 15-year-old Janice Rathka, of 9143 Cripple Creek Rd was hurt. She was treated for minor bruises, and released at St. Joseph Mercy Hospital.

The car was driven by Manuel Herdade, 41, of 1784 Union Lake Rd., White Lake Township, Oakland County deputies said.

Herdade said he was forced off the road by an oncoming car at Union Lake and Cripple Creek roads.

Card of Thanks 1

WE WISH TO THANK ALL OF our kind friends and neighbors for their many kind expressions of sympathy and condolence during our recent bereavement in the loss of our mother, Elizabeth Lovell. Special thanks to Rev. H. Collycott and Pixley Funeral Home, Mr. & Mrs. Llewelyn Clark and Mr. & Mrs. Russell Lovell.

WE WISH TO THANK OUR friends, neighbors, and relatives for their acts of kindness and floral offerings during our recent bereavement in the loss of our beloved husband & father, Walter O. Sheperd. Special thanks to Rev. Calvin C. Rice the Donelson Johns Funeral Home, Maple Leaf Dairy and Employes, United Dairy Workers, Local No. 83 & his many customers. Mrs. Walter O. Sheperd & Family.

In Memoriam 2

IN LOVING MEMORY OF MORris Pringle, who passed away 2 years ago Sept. 5, 1954.
Sadly missed by Dad and Sisters.

IN LOVING MEMORY OF CLYDE W. Warren, who passed away Sept. 6 1952.
The world may change from year to year;
And friends from day to day,
But never will the one we love,
From memory pass away.
Sadly missed by Wife, Son, Daughter and Family.

IN LOVING MEMORY OF GRACE E. White, who passed away, Sept. 7, 1952.
It is lonesome here without you,
And said and weary the way,
Life has not been the same,
Since you were called away.
Sadly missed by husband Harvey White and children.

LaRosa May Appear Opposite His Old Boss Godfrey

Son's Idols Lose to Ma's Names for Triplets

LOS ANGELES (AP)—"Mommy's got tiplets ! Mommy's got tiplets!"

That's what 2½-year-old Bruno De Sota sang through the neighborhood yesterday. He said they'd be named Davy Crockett, the Lone Ranger and Tonto.

But at the hospital where the triplets were born to Mrs. Genevieve De Sota, 30, Mommy said the names would be Marie Grace, Grace Marie and Mary Elinore. The arrivals weighed 6 pounds 4 ounces, 5 pounds 1 ounce and 5 pounds 7 ounces.

The family now will have to move out of its one-bedroom apartment, the mother added.

ALL ONE PIECE—A giant fractionating tower, reportedly the largest one-piece skyscraper ever built, is eased into place at the Esso refineries in Baton Rouge, La. The 21-story-high tower weighs 410,000 pounds and has an 11-feet-eight-inch diameter. Fabricated from inch-thick steel plate, it dwarfed the four railway flat cars on which it was shipped.

Truck Turns Over on Car; 6 Killed

MAPLETON, Ill. (AP)—A heavily-loaded truck which police said was swerving desperately to avoid an oncoming, careening car toppled on the auto yesterday and killed its six occupants.

The truck driver, Julius Green, 31, of Toledo, Ohio, was not seriously hurt.

The dead:

Clyde Henry Bennett, 45; his wife, Pauline, 47; his brother, Junior, 37; Junior's wife, Ruth, 34; the Junior Bennett's son, Fred, 14, and Wilbur Dean Smith, 17, a boy the Junior Bennett family recently adopted from the Chaddock Boys Home in Quincy.

The Mississippi River washes into the Gulf of Mexico each year about 400 million cubic yards of solid matter, including top soil and silt.

Election Funds Limit Sought

Butler Urges Controls in Order to Prevent Hold on Votes

By LEE GARRETT

WASHINGTON (AP) — Democratic National Chairman Paul M. Butler said today campaign spending should be limited "to make impossible the control of elections merely through expenditures of money."

The Democrats in this campaign "will not be able to spend as much money as the Republican party," Butler said in testimony prepared for a Senate Elections subcommittee hearing. "We have not been and will not be able to raise as much."

* * *

Both Butler and GOP National Chairman Leonard W. Hall were invited to appear as the subcommittee opened what it called "a deep and thorough scrutiny" of the size and sources of campaign contributions and spending.

Butler said that "the only democratic way to finance adequately a modern campaign is to do everything possible to encourage large numbers of small contributions from citizens."

Contending that most Republican campaign funds have come from representatives of large corporations, he said, "There has been a marked reciprocal tendency for the Republican party to govern in the interests of the contributors," and added:

"We would like to make sure that the popular base of campaign contributions is broad enough so that a party is not obligated to any person or group because that person or group has financed its election to office."

TV Script Sold to John Wayne

Dizzy Dean Signs Up for Dinah Shore Show on October 5

By JACK O'BRIAN

NEW YORK (INS)—NBC wants Julius La Rosa to star opposite his old boss Godfrey on the NBC radio-TV "Bandstand" . . .

Frank Parker stars all this week on "Bandstand" but Godfrey is vacationing . . .

John Wayne's filmery bought the Studio One script, "The Judge and His Hangman," by Swiss writer Friedrich Durrenmatt, for theatrical production, not to mention a flat $10,000 . . .

Dizzy Dean will be on Dinah Shore's seasonal premiere Oct. 5. Sinatra, too . . .

CBS hired John Lardner to cover the Olympics from Australia . . .

HOTEL HIRES RUSS

Russ Morgan's hardly sensational summer show didn't hide his pleasant personality and musical charm, so New York's Biltmore Hotel bought Russ for three months starting Sept. 25.

Primo Carnera makes his official dramatic debut (his fights and wrestling history really should count) in a Desilu TV film, "The Human Bomb." that title's close enough . . .

Lux Video will air a lovely old movie tear-jerker, "Only Yesterday," Sept. 27. Wish they could get Margaret Sullavan to repeat her film role . . .

Uncle Miltie's domestic intrigue with Sheldon Reynolds will be a foreign filmed series, "The Man in the Trenchcoat." Shooting two pilots in Europe now . . .

NBC's spending $2,500,000 converting the Ziegfeld Theater to color TV but Bill Rose still won't let them soundproof the Joseph Urban mural panels, not even with a $300,000 annual rent.

ALL IN THE FAMILY

Errol Flynn cast wife Pa. Wymore in his TV series (being filmed in Europe) . . . Also his 6-foot-3 son Sean, 14 . . .

Bing Crosby sold his TV-tape to Minnesota Mining for big dough . . . Bing has absolutely no plans for TV this coming season . . .

Jane Wyman's 15-year-old Maureen is learning TV acting from behind the cameras . . .

Nanette Fabray still is willing to do a situation comedy series, if the right scripts turn up . . .

Hospitalized sportscaster Bill Stern won't give in to his toughest fight without a battle . .

SPECTACULAR LIKELY

NBC probably will do "The Boy Friend" as a TV spectacular.

Number of TV homes finally passed 35,000,000 . . .

Leo Durocher's NBC football experting comes as a surprise to no one more than the Lip, who never played the game . . .

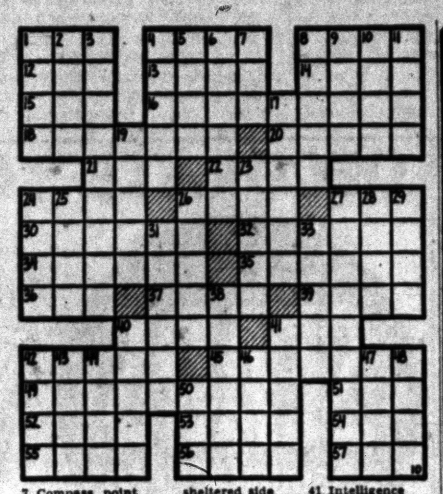

No Sale on This House for Would-Be Buyers

PORT TAMPA CITY, Fla. (AP) — There is such a good market for new homes here that two brothers who built homes for themselves put "Not for sale" signs out front.

A neighbor said the brothers were bothered by would-be buyers before the houses were finished. So when James and Louis Hull returned to St. Louis, Mo., to get their families, they put up the signs so the neighbor, B. J. Harvey, wouldn't be swamped with questions about the homes.

New York Eyes Senate Slate

Parties Meet to Name Candidates for Vacancy Left by Lehman

ALBANY, N. Y. (AP)—New York State Republicans and Democrats gathered today to nominate candidates for a U. S. Senate seat, and the political life of Jacob K. Javits was at stake.

* * *

Javits, New York's attorney general and former congressman from Manhattan, was gambling his political future on the hope the Republican State Committee would spurn recent reports that he dealt with Communists and would name him as standard-bearer.

Mayor Robert F. Wagner of New York City was assured of the Democratic nomination.

The winner in the November election will succeed Sen. Herbert H. Lehman, veteran Democrat who decided not to run this year.

* * *

Javits' bid for the Republican nomination ran into 11th hour charges that he had sought help from the Communist-dominated American Labor party early in his political career. He has denied the allegations and said yesterday: "I have done my best. I believe I deserve the nomination."

Both political gatherings had top-echelon speakers.

Adlai Stevenson and Estes Kefauver speak tonight to the 2,286 delegates and alternates at the Democratic convention in the Palace Theater.

* * *

Labor Secretary James P. Mitchell was the Republican keynoter.

Reds Grow Vegetables North of Arctic Circle?

LONDON (AP) — Moscow radio says the Russians are growing vegetables far beyond the Arctic Circle.

Workers at the Maryan-Mar Agricultural Testing Station have reported growing potatoes and cabbage in the open and cucumbers, tomatoes and other vegetables in hothouses. How the vegetables survive outdoor temperatures was not explained.

Japan to Woo Tourists

TOKYO (AP)—Japan has adopted a five-year plan aimed at tripling the country's tourist business. About 100,000 tourists visit Japan annually now, spending about 45 million dollars. The plan calls for beautifying 271 tourist attractions, pubishing special souvenir pamphlets and installing Western plumbing facilities.

Bird Talk Varies

SHEFFIELD, England (AP)—There may be Cockney birds in London who drop their aitches. Prof. P. L. Miller of Cambridge University told the British Assn. for the Advancement of Science that some wild birds of the same species have been found to sing with different dialects in different parts of the country.

The United Nations Mission sent to inspect the Trust Territory of New Guina was composed of representatives of Britain, Belgium, India and Guatemala.

Cypriots Attack 'Suez Garrison'

Hit at French Troops; Wound Five British Soldiers, Kill Greek

NICOSIA, Cyprus (AP) — Cypriot rebels made their first attack yesterday on French troops of Cyprus' booming "Suez garrison." The rebels inflicted no casualties on the French, but they killed a Greek Cypriot and wounded five British soldiers in other attacks.

* * *

Gunmen in ambush aimed small arms fire at a French army truck two miles from Famagusta on the east coast. French soldiers in the truck fired back. None were wounded, though the vehicle was hit five times.

* * *

The Greek Cypriot was shot dead in a coffee shop in Ayiou Ioannis, a southwestern village.

* * *

Four British soldiers were in a truck blown up south of Nicosia. A bomb was detonated electrically in a tree as the truck passed by. Another soldier was wounded by a bomb blast on a British servicemen's beach near Limassol, south coast port.

* * *

Gunfire and bombs also were directed from ambush at British army vehicles near Kyrenia on the north coast. Bombs were thrown at other vehicles at Kythrea, eight miles northeast of Nicosia. A time bomb was found and disposed of in a ditch near the British district on the east coast. No casualties resulted in these cases.

* * *

Authorities blamed all the incidents on EOKA, the Greek Cypriot underground which has been fighting since April 1, 1955, to oust the British from this crown colony and annex the island to Greece.

* * *

The French forces came under attack only 10 days after they began arriving on Cyprus, Britain's main Middle Eastern base, for the avowed purpose of protecting French nationals and their interests in the dispute over Egypt's nationalization of the Suez Canal.

Suomi College Names Ex-Coach President

HANCOCK (AP)—A former basketball coach and social science teacher has been named president of Suomi College—the first time in the school's 60 years a non-clergyman has held the post.

David Halkola, 38, was installed as president yesterday. A native of Conneaut, Ohio, he attended Suomi returned as teacher and coach and rose to head the Social Science Department. He succeeds the late Rev. Edward Isaac.

* * *

Dr. Armas Holmio was named dean of the Finnish Evangelical Lutheran Seminary, associated with the college. The college is the only one outside Finland operating under Finnish auspices.

Located in this predominately Finnish community in Upper Michigan, the college enrollment is about 65 per cent of Finnish descent.

Saginaw Fair Opens

SAGINAW (AP) — The Saginaw County Fair, second largest county fair in the nation, opened Sunday more than 1,000 above first-day attendance last year.

Stassen Tells VFW of Hopes for Peace

EATON RAPIDS (AP)—Presidential Aide Harold E. Stassen says, "We have now reached the point where the dueling of nations in war would be almost certain to result in fantastic injury or even death to both."

Speaking yesterday at the Veterans of Foreign Wars national home for orphans, Stassen said, "This is not only a grim fact. It is also a potent reason for hope that war will be no more."

He said the recent years of peace and the attitude of people all over the world toward President Eisenhower's "atoms for peace" concept, "give grounds for a constructive and realistic faith in the future."

Stassen's talk came at dedication ceremonies of the 600-acre home, presented to the VFW by Pennsylvania members. Stassen commended the veterans for their gift of new buildings, valued at $110,000, and said the organization is making a "humanitarian effort in establishing this magnificent home for the orphaned and dependent children of deceased and disabled veterans."
