Dear Me, Spotted Right in Their Own Backyard
WATKINS GLEN, N. Y. (UPI)—Four disgruntled hunters returned home here from a completely unsuccessful deer-hunting expedition to the Adirondacks several hundred miles away.
They learned that a herd of five deer had appeared during their absence in the backyard of one of their homes.

School Board in Iowa Was Taking No Chance
DES MOINES (UPI)—An attorney came across several 1932 teachers' contracts calling for salaries of \$32 monthly.

A clause said: "In case school funds become exhausted, this contract is null and void . . . In case the schoolhouse is destroyed, this contract is null and void."
Michigan has approximately 40,000 miles of lake surface.

First Day Was Hardest for Only Male Nurse
BURLINGTON, Vt. (UPI)—The only male nurse in Vermont says he "wouldn't trade it for the world."

Paul Truax said, "The first day was the hardest. There was a lot of sniffling among the 35 girls in the class." But Truax didn't fare badly. He's president of the State Student Nurses' Assn.

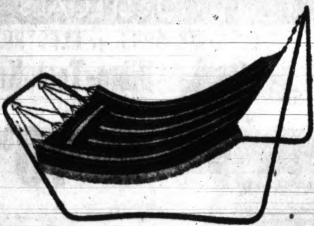

Petunia Seed Cost Too Much for Him
GRAYBULL, Wyo. (UPI)—Frank Copp found out five ounces of doggie petunia seed is a lot of petunia seed. The seed sells for \$80 an ounce.

He ordered that much from a seed firm in Billings, Mont. The firm wrote Copp to ask if he was certain he wanted five ounces. Copp waited no time, replying he didn't. The seed sells for \$80 an ounce.

COLD AND RAINY — The U. S. Weather Bureau 30-day outlook for the nation puts the Pontiac area on the fringe of an area of higher precipitation and below normal temperatures. These two areas extend over much of the central United States and forecast a mild summer there.

Lakes Ore Carrier to Lay Up 13 Ships

CLEVELAND (AP) — The Pittsburgh Steamship Co. says 13 of its Great Lakes iron ore carriers will be laid up by the end of this week because of "reduced requirements of steel operations."

Sometimes a man boasts that he wears the pants in the family — but his wife owns the pockets. There's a local restaurant where the food is so bad they even have to put tenderizer in the largest fleet of ore carriers afloat. — Earl Wilson.

on the lakes and has had 33 of its 37 vessels in operation.

Lay-up of the 13 carriers will mean a reduction of around 150,000 tons a week in ore cargo and layoffs for about 455 lakes sailors.

There's a local restaurant where the food is so bad they even have to put tenderizer in the largest fleet of ore carriers afloat.

There's a local restaurant where the food is so bad they even have to put tenderizer in the largest fleet of ore carriers afloat.

What's Going to Be Rocky's Next Move?

We wonder after his recent outburst, just what Governor ROCKEFELLER is up to. His moves seem to be causing much puzzlement in many Republican camps.

Vice President Nixon's attitude in the face of the Rockefeller assault was one of calm, poise, courtesy, and a touch of tolerance. Once or twice in a recent interview he came close to a wisecrack, as when he said that Governor Rockefeller's "oft repeated desire that he not be drafted as vice president will be respected by me." But chiefly the Vice President fell back on confidence.

Why not? Mr. Nixon is the one who is sitting on the pile of delegates as high as a tall horse. He, not anyone else, has the treasure. He is the one who must be displaced if anyone else is to get near the goal.

His role, it could be easily argued, is to stand pat. It is the others who must go out and make a reputation, get delegates, present a genuine threat, and stir him to anything more than complacent action.

It's pretty easy for any armchair politician to figure out that Rocky is desperately trying to fan the heretofore dying embers of a "Draft ROCKEFELLER" movement.

At Christmas time last year Rockefeller got out of the race against Nixon for the GOP Presidential nomination. He did this himself. He charged the party bosses had frozen him out—and from the looks of things they probably did make it tough.

In the last six months Nixon has looked up the nomination, barring a miracle. It seems to us that six months ago it would certainly have been possible for the New York Governor to give NIXON a real battle. It would have been an even and square test for each man.

Should Rockefeller have missed in this challenge he would not have lost too much. Now it looks like it would be next to impossible for him to stop Nixon even if he makes an all out try.

After ROCKEFELLER's indictment of the EISENHOWER administration on nearly everything from national defense to civil rights, it would put the Republican convention on the spot.

If the convention now nominated ROCKEFELLER, it would in effect be repudiating the EISENHOWER administration. It does not seem that they would be apt to do this. However, politics can take many strange courses.

Agree With Judges on Solitary Confinement

Two Circuit Court Judges in the state have handed out sentences of solitary confinement to youthful lawbreakers appearing before them, and they've been criticized for it.

We're with the judges, and we feel that such imprisonment is neither cruel nor inhuman. Forget those old mental images of "The Hole" in the movies of 20 years ago. Dispel visions of brainwashing technique, with glaring light-bulbs burning continuously, and denial of sleep.

These prisoners are well-housed, and their diet is supervised, although restricted.

"It gives them time to think," is the supporting argument of the judges.

By being cut off from other prisoners and without pocket books and comics, major distractions are eliminated. It is not too easy to shrug off the reality of

having committed a crime, and facing its consequences, in this sterile atmosphere. More thinking time before the crime was committed might have prevented it. Enforced introspection after the deed and the soul-searching that such confinement can mean, is a worthy goal.

Wonder How Barbara Made It That Far?

So 'cross-country hiker BARBARA MOORE got hit by a car. No harm done apparently, but it does make you wonder. How did she get that far without this happening?

The druggist with the best interests of his credit customer at heart should enclose half a dozen potent tranquilizers with his monthly statement.

The Man About Town

Better Beware Old Indian Cures Bobbing Up at This Season of Year

Radio-TV: Where if a person can't sing and can't act, they can't miss.

The poke root and sassafras tea addicts again are boosting their wares. But you'd better be sure you can identify what you're after, or you may be flirting with the skill and crossbones.

Poke root is a weed that flourishes in many of our hedgerows at this season. It has broad leaves, somewhat resembling the milkweed, but its root is poisonous. Its white flowers develop into dark purple juley berries, which are not poisonous, have a good flavor, and are eaten by some people as panicles for many things that can all you, from falling hair to falling arches. The safest plan is to regard it in the poison ivy class, and leave it alone.

Sassafras tea is made from dried bark off the roots of the sassafras tree that grows in most every hedgerow in the Pontiac area. You can steep it just like any other tea, making it as strong as you wish. Even some doctors admit that it has beneficial medicinal qualities.

But be sure you're getting the real sassafras root. In the spring the tree is identified by leaves that make slippery and succulent chewing, and are also said to be good for your health. Most of these concoctions, emanating from weeds and trees, have been passed down to us from the Indians who populated the Pontiac area before the coming of the white man. It is quite remarkable that they have persisted through generations.

Most of us can raise roses as beautiful as ever come from any greenhouse. And they have thorns—which seems to be an adjunct of any true rose.

A reader of The Pontiac Press ever since it was started.

Mrs. Lottie Westphal of Hartland writes me that she had potatoes in blossom on Memorial Day. Although 76 years of age, she spaded her garden alone. She was born in Oakland County, and remembers how her grandfather told of the Indian Trail, now the Dixie Highway.

First home grown strawberries of the season come from

Mrs. Charles Pyman of Davisburg, a quart of deliciousness that never could be produced in Florida, California or anywhere else except in Michigan.

My Flint correspondent sends word that two Pontiac area young men, Neil Fitzgerald and Ronald Young of Holly, have enlisted in the navy, in that city.

One of our feature writers will soon have a story about a Pontiac area farmer who still depends on the horse.

Although the animal is still at large, the family dog of

Mr. and Mrs. Bernard Strassen of Waterford brought home the evidence that it had an encounter with a porcupine—several quills were stuck in its body.

Verbal Orchids to

Mr. and Mrs. George Krohn of Oxford; 55th wedding anniversary.

James Hart of Howell, and his sister.

Commencement Exercises, Red Style

David Lawrence Warns:

Timing of Criticism Is Important

WASHINGTON—There is a good deal of discussion going on these days, inside and outside of Congress, as the propriety of some of the criticisms recently directed toward President Eisenhower with respect to the collapse of the "summit" conference and the U2 incident.

Republican leaders in the Senate are saying that it is a mistake for Democratic presidential candidates to be attacking LAWRENCE President Eisenhower while he is abroad engaged in very important missions.

One hears, too, from defenders of the Democratic trades a cry that anyone who questions the timing of the criticism uttered by Democratic spokesmen is therefore against all criticism or in favor of censorship of the press by the government.

One hears also the convenient argument that two wrongs really do make a right, after all, and that certainly those who are advocating nonpartisanship today were doubtless against any such wailing when Democratic criticism was in vogue.

This correspondent has criticized and defended presidents from both parties. Thus, for instance, the Republicans in the United States Senate on occasion signed a round-robin, announcing to the world that President Wilson would not have the support of the Senate for entry of the United States into the League of Nations.

When this happened at the time of the "summit" conference in Paris in 1919, after the end of World War I, this writer criticized severely the Republican action as undermining the President's power to negotiate in behalf of the United States.

Similarly, in October, 1929, just after World War II broke out, this correspondent again criticized the Republicans for the partisanship manifested against a Democratic president, Franklin D. Roosevelt, and wrote as follows:

"It is true that some of the Republicans in Congress have gone along with the administration's foreign policy, but the majority in the Senate have not."

"The strange spectacle of a major political party differing with the party in power on a foreign policy question in a period of great crisis has literally driven indignant voters to the Democratic side."

Prior to the Yalta Conference in January, 1945, these dispatches called attention to the absence of partisanship inside and outside of Congress, and it was written here that "at no time since the war began has there been such a unanimity of sentiment on both sides of the political aisle as there is today."

The Country Parson

In New Mexico, where the drinking water is the hardest in the country, excepting that in South Dakota and Nebraska, the heart disease death rate is very low, whereas in South Carolina, where the water is second only to Oregon in softness, the cardiovascular (heart and arteries) death rate is very high.

These observations were made by Dr. Henry Schroeder of Dartmouth Medical School.

Dr. Schroeder suggests that the fact that soft water more readily dissolves metals from pipes may have something to do with relation to heart, artery and kidney disease.

So, please make mine just plain

Then, in June 1950, when another Democratic President, Harry Truman, took the all-important step of ordering our military forces into action in Korea, this correspondent reported: "There is no more partisan politics now, as both parties get behind the President in a remarkable demonstration of unity before all the world."

The idea advanced in some quarters recently that those who decry partisanship in the midst of an international crisis are, therefore, against all forms of criticism is absurd on its face.

Nobody objects to criticism of any governmental policy, but there is a time and place for everything. One does not like to read his comments to the Communist press that a Democratic president

Dr. William Brady Says:

It's Taste That Counts, Not Hardness of Water

A good many readers have asked whether hard water is harmful to the kidneys, arteries, joints, heart, or nervous system. Many ask whether distilled water is better than lake, river or spring water to drink.

And people who drink only bottled water, regardless of the purity and safety of the water, wouldn't ask the likes of me about such a thing. They know, because the bottle tells "em so."

My stereotyped answer to questions about hard water, soft water, rain water, snow water, spring water, well water, lake water, river water or bottled water is no difference. Water is O.K. for drinking if the taste is satisfactory.

To the best of my knowledge the minerals in the hardest drinking water are negligible as far as the amount of calcium is concerned, to say the amount of calcium, for instance, in hard water is insignificant in comparison with the amount of calcium in milk, eggs, greens, nuts.

If the minerals present in hard water have anything to do with development of heart, artery, kidney, joint or nervous disorders modern medical literature is singularly incongruous or coy about it.

Yes, yes, I know the spas or health resorts and the bottled water vendors contrive by devious language to make the prospective customer think ordinary water is not good for health, but if they didn't they'd soon run out of customers.

In New Mexico, where the drinking water is the hardest in the country, excepting that in South Dakota and Nebraska, the heart disease death rate is very low, whereas in South Carolina, where the water is second only to Oregon in softness, the cardiovascular (heart and arteries) death rate is very high.

These observations were made by Dr. Henry Schroeder of Dartmouth Medical School.

Dr. Schroeder suggests that the fact that soft water more readily dissolves metals from pipes may have something to do with relation to heart, artery and kidney disease.

So, please make mine just plain

would be better for the Russians in 1961 than a Republican.

There will be plenty of chances between now and election day in November for Democratic Party speakers to rake the administration over the coals for various things, national and international.

But there is a wrong time and a right time for such criticism. When Nikita Khrushchev and the Moscow radio were blaring forth their insults was certainly the wrong time, and that's the point this writer has endeavored to make.

When a final decision has been made, however, or a negotiation has been completed, there is plenty of opportunity for criticism of the results. This writer criticized some of the provisions of the agreements made at the Yalta Conference.

Case Records of a Psychologist:

Fear of Darkness Can Be Cured

visual objects; they begin to think of their own sins and then worry.

HOW TO CURE FEAR

Because we may bump into objects in the dark and hurt our shiny eyes, to cure this amount of caution is not at all unreasonable. But ultimately the develops with reference to darkness, even if we do not fear ghosts or rubbers.

But a child can be "conditioned" favorably to the dark by various methods. To start the process, tell him that rabbits and other small animals do their romping and eating at night, for the hawks can't see them.

Darkness is thus God's protection for the little furry creatures. It gives them their chance to live and work in reasonable safety, just as our war blankets used to protect the lives of people from hostile bombing.

You can also play games with your child at night, such as hide-and-seek. Let him hide in his bedroom closet with all lights on and the doors open.

Next, let him do so with doors shut but lights on. Finally, do so with lights out and doors closed.

His delight in feeling you, as you affect perplexity in trying to find him, will soon attach to the dark, ended room, and make him feel more pleased in the unlighted bedroom thereafter.

CHILDREN WANT BEDFELLOWS

But children also like to have companions with them in bed, even of the toy variety. So let them have a doll or woolly lamb or cloth monkey to sleep beside them. Or even a real dog.

So are people with guilty consciences, for when they cannot keep their attention on outside

Voice of the People

'People Living on Welfare Should Also Be Protected'

Civil Defense has been asking the question, "Can you live for two weeks on the storage of food in your home?"

Perhaps you can, but what about the people on A. D. C. and welfare? They have to live from day to day, buying only the bare necessities. They don't have the opportunity to save food.

Why can't welfare give these people a two week food supply with the understanding it is to be used only in the event of an atomic attack. Then when these people go off welfare or A. D. C. they can either pay for the food or give it back.

The United States has a big enough surplus that this would be possible and could be responsible for saving many lives in case of an attack.

Citizen's Radio Has Very Definite Use

Recent magazine articles have misled the public into thinking they can use the new citizens' band radio as a plaything, and get on the air with their own station for pleasure. Nothing is further from the truth!

The new service is intended to fulfill a definite need for low cost communications in connection with business and personal activities, and federal communications commission rules clearly indicate that the citizens' radio service is "for private, local distance radio communication limited to the minimum practicable transmission time."

Criticizes Former Founders of Nation

In the book "Brainwashing in High Schools" it says our young people are taught that the founders of our nation were selfish conspirators. Men who engineered a plot whereby the wealthy created a government for their own selfish purposes! "Washington was a tyrant. Jefferson a Communist. The Constitution was a conspiracy against the masses. We do not have to go far to find this in our schools. Ask your children for the facts."

'Mature Men Needed in Troubled World'

I am nonpartisan. If Nixon and Kennedy are nominated my conscience will not permit me to vote. I have talked to many people who feel the same way. Nixon has proved himself not a man of peace, and Kennedy is too young.

The Almanac

By United Press International Today is Thursday, June 16, the 168th day of the year, with 198 more in 1950.

The moon is in its last quarter. The morning stars are Mars, Jupiter and Saturn.

The evening star is mercury.

On this day in history:

In 1538, former President John Quincy Adams began his three-week speech on the floor of the House against annexation of Texas.

In 1858, Abraham Lincoln gave his speech in which he said: "A house divided against itself cannot stand."

In 1871, the ancient Arabic Order of Nobles of the Mystic Shrine was established in New York City.

In 1925, President Franklin D. Roosevelt signed the National Industrial Recovery Act.

In 1955, widespread riots broke out all over Buenos Aires, when the navy made an unsuccessful attempt to oust President Juan Peron.

THOUGHT FOR TODAY: English writer, Mortimer Collins, in "How Old Are You?" said "A man is as old as he's feeling, a woman as old as she looks."

Portraits

By JOHN C. METCALFE

Glistening dreamland of the nation... Where heaven and earth rendezvous... Under a spell of tropical magic... Where the sun goes wading in soft water...

And gray-haired youngsters play in warm sandpiles... On the shining sandy beaches... Where the orange moon... Hangs in your window like a large lantern...

And the milky way is an umbrella for the night... City of sloe pedestrians and fast ponies... Where a bigger beach is a sleek greyhound... And the morning a tall pillow... Miami Beach...

America's fountain of youth... Where a silver guitar is a bell for breakfast... And Hollywood is just a little town out West.

(Copyright 1950)

These troubled times, we need maturity and experienced men. Men of wisdom, integrity and honesty that could be instrumental in bringing balance to this world of fear and anxiety.

The so-called enemy knows we have a big stick and we also know they have too. Why keep on making bigger sticks on both sides? We have men in both parties besides Nixon and Kennedy. Namesy Stevenson and Rockefeller.

Troubled

C. of C. Wants New Members

State Group Sending Over Men to Kick Off Drive Here

A team from the new Michigan Chamber of Commerce will arrive in Pontiac tomorrow — by car or helicopter, depending on the weather — to kick off a membership drive here.

Chamber of Commerce members from Pontiac and eight other North Oakland County communities have been invited to meet the top state officials at a noon luncheon at Elks Temple.

Heading the list of speakers will be the state president, Robert P. Briggs, executive vice president of Commers. Power Co. in Jackson.

Also on hand will be the state district vice president, Kenneth R. Beardslee, a consultant for General Electric Co. in Detroit.

Two staff members for the state organization will be on the program. They are Harry R. Hall, executive vice president, and Rex B. Foster, manager of organization service.

Albert W. Holcomb, first vice president of the Pontiac Area Chamber of Commerce, will direct the program.

The Pontiac chamber has invited business leaders from Kego Harbor, Walpole Lake, Clarkston, Holly, Milford, Lake Orion, Oxford and Rochester.

The Pontiac stopover occurs during an intense membership drive by the state team. The officials will be talking in Flint tomorrow morning. They will be in Escanaba tonight.

Broadway Stars Join Pickets Against Bias

NEW YORK (UPI)—An All-American beauty who was the 1951 Miss America joined an actors picket line outside a theater district dine store yesterday protesting lunch counter segregation in the south.

Brunette Yolande Betbeze Fox carried a sign which read "Theater supports Southern students." "I'm a Southern girl," Mrs. Fox said, "but I'm a thinking girl."

Among the 60 to 65 actors and actresses in the demonstration were Broadway stars Geraldine Page, Theodore Bikel, of "Sound of Music," Marjorie Stapleton, of "Toys in the Attic," and members of the cast of "Rain in the Sun."

Fitzpatricks Seek Same Seat

Political Feud Hits Couple

DETROIT (UPI)—The wife of State Rep. Edwin A. Fitzpatrick (D-Detroit) said Wednesday she will oppose her husband's bid for re-election to the State House of Representatives.

Mrs. Erna Fitzpatrick said she has filed as a candidate to succeed her husband as a democratic representative in the 8th district.

The Fitzpatricks have been having domestic troubles. Mrs. Fitzpatrick recently secured an order from the adjustment division of Recorder's Court requiring the legislature to support her.

Both the legislator and his wife are seeking endorsements for the legislative post from the AFL-CIO.

Or Dissolution Looms

Blue Shield Must Cut Costs, Says Blackford

LANSING (AP)—Michigan Blue Shield officials must look for ways to cut costs, or the popular medical care program may face dissolution, State Insurance Commissioner Frank Blackford said today.

"I don't believe we can ask the subscriber to bear the full brunt of increased costs," he said, explaining his refusal to give Blue Shield the 19% per cent rate increase it asked for.

The commissioner noted that a 12.8 per cent boost in Blue Shield premiums went into effect Jan. 1, 1959.

"You can only go to the well so often," he said. "There's a limit in what subscribers can and will pay."

He added, however, that increased costs since the last rate boost stemmed partly from a new "M-15" medical care plan which authorizes Blue Shield coverage for surgery performed in a physician's office.

"In effect," Blackford said, "this transferred some of the hospitalization costs borne by Blue Cross plan to Blue Shield."

L. Gordon Goodrich, executive

Blackford authorized 11 1/2 per cent rate boost yesterday, starting July 1. However, he also set a July 1, 1961, cut-off date for the higher rates, the first such action by an insurance commissioner.

In the year ahead, he said, Michigan Medical Service (Blue Shield) must come up with proposals for a more stable rate and benefit structure which will minimize rising costs to subscribers.

He added, however, that increased costs since the last rate boost stemmed partly from a new "M-15" medical care plan which authorizes Blue Shield coverage for surgery performed in a physician's office.

"In effect," Blackford said, "this transferred some of the hospitalization costs borne by Blue Cross plan to Blue Shield."

He added, however, that increased costs since the last rate boost stemmed partly from a new "M-15" medical care plan which authorizes Blue Shield coverage for surgery performed in a physician's office.

"In effect," Blackford said, "this transferred some of the hospitalization costs borne by Blue Cross plan to Blue Shield."

L. Gordon Goodrich, executive

vice president of Blue Shield, called Blackford's decision "inadequate and unrealistic." It will leave the plan about three million dollars in the red by the end of the year, he said.

"We don't even know at this point how to deal with this turn in events," he added.

The authorized rate increase will cost the 3 1/2 million subscribers across the state about 6 1/2 million dollars, Blackford said. Single persons participating in group insurance plans will get off cheapest, with the monthly charge going up from \$1.80 to \$2.10.

Rates for families participating in the M-15 plan and having an annual income exceeding \$7,500 will jump 35 cents to \$3.50 a month.

Families paying premiums directly to the organization will pay an additional \$1.02 a month, the biggest increase.

Blackford said the company's requested increase included 3 1/2 per cent to build up a fund reserve.

Blue Shield likely would get some relief, he said, if Congress passes the controversial Forand bill, or a modified version. It would raise social security rates to finance medical care for the aged.

Give to Aid Chileans

WASHINGTON (AP)—The American Red Cross contributions for disaster relief in Chile have reached \$762,876. The campaign still is under way. In addition, there have been contributions of clothing, food, medicines and other supplies valued at \$350,427.

Compressed yeast cakes are per-refrigerator; it's best to use them. Bark from birch trees was used by Indians in making canoes.

was hospitalized Monday after
being struck by a car and suffer-
ing a sprained ankle.

Chrysler Sets '60 Shutdowns

Beginning of the End
for Models Due July 15;
'61s to Start

DETROIT (U)—One month will
bring the beginning of the end
of 1960 model automobile produc-
tion. First shutdowns are sched-
uled by Chrysler Corp. on July
15. Other shutdowns will be
staggered into early September.

Ward's Automotive Reports said
today that about 500,000 1961
models will be built in the July-
September quarter along with
some 600,000 current 1960 models.

Ward's said September pro-
duction now figures to be about
455,000 units and October is
scheduled for a record 655,000
units.

Present predictions are that
inventories of unsold 1960 models
will total about 3,100,000 on July
1. Ward's said projected selling
and production rates will cut this
inventory about 550,000 by new
model introduction dates.

First of the 1961 models will go
on sale in early September and
almost all lines will be on the
market by Oct. 1.

An estimated 17 million Ameri-
cans are suffering from some
form of mental illness.

HE'S BRAVE BUT LONELY — Britain's Lt. Col. H. G. Haxler watches the wind fill his Chinese-type sail as he sets out in his tiny craft from Plymouth, England, Saturday in the solo transatlantic race to New York. Three other yachts, each with one man aboard, left Plymouth the same day in the small craft race across the ocean. The trip is expected to take at least two months.

Two-Ply Tires Next for Auto Industry

By BEN FOLEGAR
AP Automotive Writer
DETROIT — Not too many years ago your new car came equipped with six-ply tires. Then four-ply became standard and two-ply tires apparently are going to be next.

Piles are rubberized fabric cords which give strength and body to your tire casings. Each layer, or ply, is placed at an angle, just as plywood is made. The more plies, the stronger the tire, provided the cord remains the same.

It was a change in the cord that enabled the tire manufacturers to switch from six-ply to four-ply construction for passenger car use. The old six-ply tires were made with cotton cord.

Rayon replaced cotton and tire engineers found enough added strength to drop down to four plies. Four plies were continued when nylon came into use.

A running battle continues in the industry over the merits of rayon, now marketed under the trade name Tyrex, vs. nylon with a clear cut winner still undetermined.

All but a tiny fraction of America's new cars are equipped with rayon tires as standard equipment and will continue to be with the 1961 models.

A switch to nylon might occur

on some 1962 models, according to industry sources.

The tire industry is known to be testing two-ply tires using conventional fabrics, but so far only a few officials have been willing to comment.

John W. McGovern, president of United States Rubber Co., brought two-ply tires into the open at his recent stockholders' meeting, saying he was willing to predict that "U.S. Rubber will come out with a two-ply tire in the near future."

G. R. Cuthbertson, who heads U.S. Rubber's tire division, said the two-ply will be just as strong as four-ply under high speed conditions and maybe stronger. He said the thin sidewall will permit rapid dissipation of heat, a tire's worst enemy.

James H. Hoffman, president of Mansfield Tire Co., said his organization, too, has two-ply tires under tests which indicate they can give better performance and improved ride.

Goodyear, largest of the tire companies, declines all comment on two-ply work but an official of another Akron-based company admitted his firm is busily engaged in two-ply research with promising results.

The first printing press with an iron frame was built by the Earl of Stanhope in 1784.

Free Love Teacher Sues for His Job

CHAMPAIGN, Ill. (AP)—A biology professor fired for airing unorthodox views on premarital sex and turned down by the University of Illinois Board of Trustees in a bid to keep his job, now will appeal in the courts.

His attorney, Don Moore, also says Leo F. Koch, 44, currently is looking for a job. Moore said Koch has "a classic case of free-

speech" and predicted he will be upheld by the United States Supreme Court.

At a meeting Tuesday, the trustees turned down a plea that Koch be reinstated. They approved the recommendation of the university president, David Doda Henry, that Koch's contract be terminated at the end of summer school, Aug. 31.

Koch became a center of controversy when a letter he wrote to the Daily Illini, student newspaper, was published in the paper March 18.

An acre-foot is the measurement used to cover an acre of ground with one foot of water—about 325,000 gallons.

Restoration of Colonial Williamsburg, Va., cost John D. Rockefeller Jr. \$24 million dollars.

PNH Girl to Attend Science Institute

Barbara J. Everett, 577 Maricle St., will be among 102 outstanding

high school students from 16 states to attend an Honors and Science Institute June 19 to July 29 at Michigan State University.

The session is sponsored by the university and the National Science Foundation. Barbara, a Pontiac Northern

High School senior, was selected by a science and mathematics committee at MSU.

She will be provided tuition, books and laboratory materials by the National Science Foundation.

State Indians Stage 'Real' Pageant

PETOSKEY (AP) — Michigan's Ottawa Indians, "led up with the white men's Indian pageants," have set out to show how it really should be done.

The thump of tom toms behind closed doors of some homes has marked rehearsals of by-gone rituals to be revived by Petoskey in the first all-Indian, all-state pageant starting next Friday.

The two-day session at the Emmet County fairgrounds coincides with the 12th annual Northern Michigan Ottawa Assn. Council meeting.

Robert Dominie, president, organized the association with 400 members in 1949 and now counts more than 5,000. He says the pageant means overthrowing Chamber of Commerce-sponsored pageants which "made a mockery of tribal customs."

The pageant makes one concession to the white man—a beauty contest.

A panel of white judges has been selected for the contest which will crown the 1960 Michigan Indian princess.

MOSCOW KIBBS U. S. — This cartoon in the Russian army newspaper Red Star depicts President Eisenhower arriving in Japan aboard a U2 plane. At left, White House Press Sec. James

Hagerty is shown flying out of Japan in a storm of rocks. Headlines in Russian at lower left read: "Down With Defense Treaty."

Pushing Draft Move for Lausche of Ohio

COLUMBUS, Ohio (U-P) — Formation of a national committee to draft U.S. Sen. Frank J. Lausche of Ohio for the Democratic presidential nomination was announced here Wednesday.

He sold state and regional offices will be announced in Indiana, Texas, Florida, Maryland, Nebraska, California, Louisiana and other states.

The 11th hour drive to get consideration for Lausche at the nominating convention next month in Los Angeles took place under the banner of "Citizens for Lausche." Umbaugh said that Lausche, Ohio's favorite son at the party's 1956 convention, declined comment on the draft movement. But Umbaugh asserted the senator would not balk the campaign.

Houston in 6th Place for Census Population

HOUSTON, Tex. (UPI) — Preliminary census figures indicate Houston has replaced Baltimore as the nation's sixth largest city.

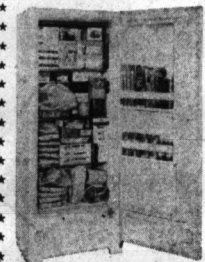

The U.S. Census Bureau reported the 1960 population at Houston is 322,680, roughly 10,000 persons more than the preliminary figures for Baltimore.

The city has shown a population increase of 336,517 over the past 10 years.

Navy Balloon Drifts On Toward Hawaii

SAN DIEGO, Calif. (AP)—The Navy's missing research balloon is believed drifting toward Hawaii.

The balloon's out of radar range but the Navy thinks it is still high

in the air and more than 1,400 miles southeast of here.

The helium-filled balloon, launched in Georgia, was supposed to drop a load of cosmic radiation measuring instruments as it floated over Texas.

Something went wrong and the balloon with its instruments went on. Navy fighters from here tried to shoot it down but failed.

Apple Crop Looks OK for Southern Michigan

LANSING (AP)—The outlook for most varieties of apples is good in Central and Southern Michigan, the State Apple Commission reported Wednesday. No forecast was made for northern areas where trees are still in bloom.

The commission said the 1960 crop potential is as large as last

year's unofficial figures of 12,200,000 bushels. A final 1959 figure is being prepared by the U.S. Department of Agriculture.

The current crop has suffered no freeze damage to date, the commission said, and there have been no reports of hail damage.

The Census Bureau reports that many major U.S. cities are losing population to nearby suburbs.

Mail Didn't Go Through in This Particular Case

LINCOLN, ILL. (AP)—The Chicagoan who ordered an automobile horn from the Typicon Signal Co. 46 years ago may be interested in knowing why his penny postcard failed to reach its mark.

Its postmark read Aug. 25, 1914.

and postal authorities said the card was found in a mail chute during remodeling of a building in Chicago.

The company has been extinct for 40 years.

Almost one-third of the entire population of the United States is believed to live within or near the boundaries of the nation's 15 largest cities.

Antipigeon Effort Costs Government \$40,000

BALTIMORE, Md. (AP)—The post office is rid of its pigeons now.

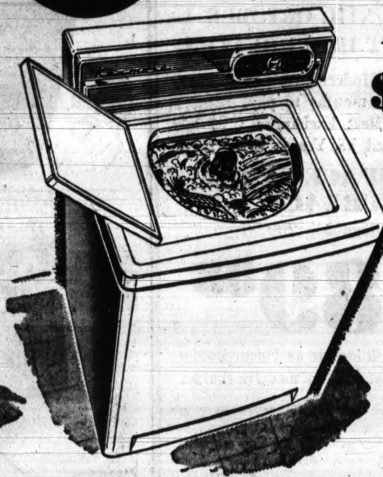

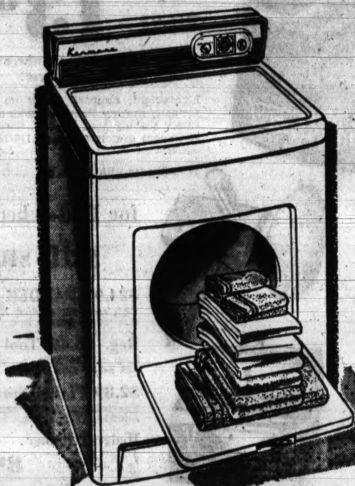

The walls have been steam scrubbed and to keep them clean, a pulsating electric current is being sent through shock wires to send low-flying pigeons sky-high. It cost the government \$38,975.

Hall and Nixon Plan Campaign

Head of Office Talks of Planes, Trains and Spot Air Programs

WASHINGTON (AP)—Vice President Richard M. Nixon, as the expected GOP presidential nominee, intends if possible to campaign in every state and several times in some of them.

That word came today from Leonard W. Hall, Nixon's pre-convention campaign chairman and director of the headquarters offices opened here last week.

Hall said Nixon will campaign mostly by airplane, but will use trains occasionally for visits to regional areas.

Asked about Nixon's statement to GOP state chairmen last week that he will use some new techniques in the campaign, Hall said his staff is just beginning to take a look at the extent to which radio and television will be used. He said there will be a lot of radio-TV spot programs as well as some half-hour coverage of speeches.

Hall was GOP national chairman from April 1953 to February, 1957, after serving 34 years in Congress and a brief term as judge of wills and estates in his home county of Nassau, L.I.

Others on the campaign staff include:

James Bassett, California newspaperman, who is in charge of the scheduling of campaign trips. He directed Nixon's 1952 vice presidential campaign and was publicity director of the GOP National Committee during the 1954 congressional campaign.

J. Clifford Folger, Washington investment banker and former ambassador to Belgium, Folger is the money raiser. He had plenty of experience as national finance chairman of the party in the 1956 campaign.

James Shepley, on leave from Time-Life magazines, in charge of research assisted by John Hamill.

Space is available also for Nixon's Capitol staff, including Robert H. Finch, the vice president's administrative assistant, and Herbert Klein, press secretary.

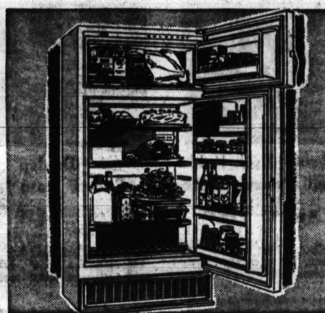

Rocketteller Says He May Cut N.Y. Taxes 10 Pct.

ALBANY, N. Y. (AP)—Gov. Nelson A. Rockefeller, who put a tax-increase program through the 1959 Legislature, says he will propose a 10 per cent cut in 1960 income taxes, if New York's income continues at present levels.

Rocketteller also said he would ask the 1961 Legislature to eliminate a 15 per cent tax on cigars and tobacco.

Estimated state revenues for the first three months of the current fiscal year were \$485,105,000, while actual revenues in the first two months totaled \$385,500,000.

AP Photo

Heart Attack Kills Man Found in YMCA Room

GRAND RAPIDS (U-P) — A heart attack caused the death of Kalamazoo department store owner William L. Williamson, whose body was found in a Grand Rapids YMCA room.

Dr. Henry J. Kreulen, medical examiner summoned when the body was discovered, estimated

the time of death as Sunday night or early Monday.

Williamson, 52, was the owner of Robinson Department store which he purchased at Kalamazoo 12 years ago. A Grand Rapids native, he continued to visit relatives and friends in the city.

During the Civil War gunpowder was manufactured at Meracac Caverns in Stanton, Mo.

Circus Hits Road With Biggest Tour

NEW YORK (UPI) — The Ringling Brothers and Barnum & Bailey Circus set out on what was described as its most extensive tour after closing its 46-day en-

gagement at Madison Square Garden here.

Beginning with Boston, nine engagements will cover the period through June 30, when the show takes a vacation until Aug. 5 when performances are resumed in Omaha.

Thereafter it will trek westward to the West Coast, then double back through the Midwest and South for the windup Dec. 4.

Willys, AMC Execs Car Board Directors

DETROIT (AP) — Two vacancies on the Automobile Manufacturers Assn. Board of Direc-

tors have been filled with Stephen A. Girard and Roy D. Chapin Jr. Girard is president of Willys Motors, Inc., and Chapin is executive vice president of American Motors Corp.

All current association officers were re-elected to one-year terms.

LCC Hearing Monday on Law, Views, Gripes

ESCANABA, (UPI) — The Liquor Control Commission will hold a hearing required by law to take complaints and hear the views of citizens on liquor laws at the

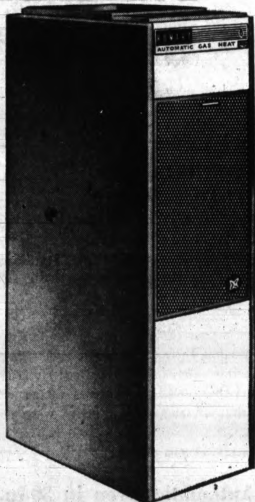

State Office Building here next Monday.

The public was invited to attend the hearing, one of two the law requires each year.

In 1957, Americans spent \$2.5 billion for their spray fixatives

State Commission Suggests Gas Hike

Service Commission staff Wednesday recommended a rate hike of about \$3.184,182 for Michigan Consolidated Gas Co., which

bought a boost of about \$15 million. The utility will get a chance to cross-examine staff witnesses on the recommendation June 27.

The commission was expected to make a decision on what kind of a hike, if any, to grant the utility sometime in the late summer or early fall.

Big Computer Previews Rockets' Space Behavior

HUNTSVILLE, Ala. (P) — The Army Wednesday unveiled a new mechanical brain four times as powerful as anything else available—a giant machine capable of figuring out how a rocket will react to outer space conditions.

The machine, known as the IBM 7090, was developed by International Business Machines Corp.

SUCCESSIONS — Mrs. Mary Duke Biddle, daughter of a tobacco manufacturing family and benefactor of Duke Hospital, died Wednesday in Duke Hospital, Durham, N. C., at 72.

Rocket scientist Werner von Braun said the machine would absorb and catalog information overnight that formerly was in the works a week for analysis. Working through the machine, scientists can simulate a flight into outer space without firing a single rocket.

FEED ON TAPE

The machine digests conditions fed to it on magnetic tape, then replies with reactions.

Von Braun said the machine would be used in development of the Saturn superbooster, the free world's brightest hope for putting a multiton payload into outer space.

The mechanical brain will save valuable time and eliminate the need for many test firings, he said.

However, he added that it probably won't speed up the timetable of the Saturn, which is scheduled to make its first journey into space in 1964.

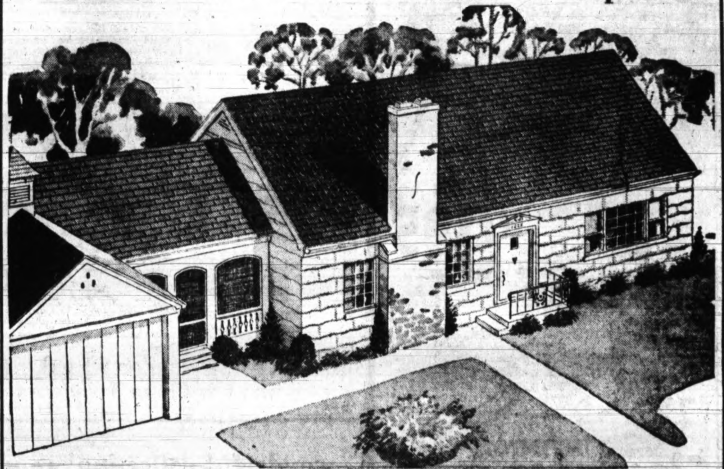

The Army said the computer was valued at more than three million dollars.

Grey metal dotted with blinking lights, the machine gives off a slight hum while at work. It covers floor space about equal to that of a small house. But it stands no higher than a man.

More than one million automobiles in the United States are air conditioned.

Only 200 in Use in Free World

Bullet-Proof Cars Very Costly

By JACK VANDENBERG
UPI Automotive Editor

DETROIT — President Eisenhower may ride in an extremely rare vehicle when he tours Tokyo this weekend.

The President is being urged by Japanese officials to ride in a bullet-proof car specially made for such occasions as a safety precaution.

Although these cars were relatively popular, especially with gangsters and police, during the prohibition era, an official of one of the few companies that make them said they are owned only by governments and museums today.

W. C. Hess, vice president of Hess and Eisenhardt Co., Cincinnati, estimated there were only about 200 bullet-proof cars in use throughout the free world today.

He declined to estimate how many might be in use in Russia, Red China and other satellite countries.

Although FBI Director J. Edgar Hoover orders a new bullet-proof car each year, Hess estimated there were "not more than a dozen" of these vehicles in use in the United States today and said all of them were government-owned.

Hess said the last order he could recall for a bullet-proof car by anyone other than the U.S. government came from the Mexican equivalent of the FBI "about 10 years ago."

He said his company gets "about two or three" inquiries each year from private individuals but the callers usually hang up quickly when they are told "we'll have to clear this with the FBI."

There is no legal requirement about notifying the FBI, but Hess said it was always done as a matter of course to protect the reputation of his company.

Orders for bullet-proof cars are handled much like orders for any custom-body car with the exception that the FBI is notified.

Most of the orders go directly to the custom body company, rather than to the auto companies. Because extra heavy springs are needed, some of the custom companies notify the auto companies in advance. Others put the heavy springs in while they are doing the custom work.

The cars are delivered to the custom companies unpainted, but otherwise virtually completed.

Even the demand for custom bodies that are not bullet-proof is decreasing, however, Hess said.

"The day of the landed gentry who could put up to \$100,000 into the purchase of a car is gone," he said. "Even Hollywood movie stars aren't ordering custom body cars much any more."

"Our biggest customers now are the auto companies themselves, who want custom bodies for their prototype cars."

Bullet-proofing a car cost anywhere from \$15,000 to \$100,000, depending on how much custom body work is wanted along with it. Custom body work by itself ranges from \$5,000 up to the same maximum.

A favorite dish in Holland is "Nasi." This is a large bowl of fried rice mixed with chopped fried shrimp, pork, onions, leeks, celery and garlic. All this is topped with fried chicken and a fried banana.

300,000 Pupils on Half-Day Schedules

School Crowding Appalls NEA

WASHINGTON (AP) — Nearly one-third of a million pupils in public elementary schools were on half-day sessions during the 1959-60 school year, the National Education Assn., reported today.

More than two million others were victims of overcrowding in classrooms of more than 35 pupils each, the NEA said. There were 290 classrooms with 56 or more pupils.

In a survey of urban school districts with a population of 2,500 or more, the NEA found the average classroom size was 29½ pupils. The larger the school district, the more likely there is to be over-

71,000 in classes of more than 45, of additional teachers. If those in classes of more than 30 could be regrouped into classes of 30, it would require 23,390 additional classrooms and teachers.

These are tricky figures, however, and do not tell the full story. The NEA report noted that the children are not in one big group, but in many different buildings within 3,361 local school districts. Thus, to regroup all the children in the over-35 or over-30 pupil classrooms would require many more new rooms and teachers than estimated above.

If all the children in classes of more than 25 could be regrouped into classes of 25, the NEA said, it would require 92,004 additional classrooms and the same number

children over the 25- or 30-pupil standard. Although these few contribute to the grand total, it would not be practical to build a special classroom or hire a new teacher just for them.

The survey showed that the largest classes are to be found in the Southern states. Other reports have shown that the Negro schools in the South are the most overcrowded, but the new survey made no distinction between white and Negro schools.

Among the most populous school districts, those in the Midwest had the greatest crowding, NEA said. In Illinois, Indiana, Iowa, Michigan, Minnesota, Missouri, Ohio and Wisconsin, 55 per cent of the big-city classes exceeded 25 pupils, and 79 per cent exceeded 30 pupils.

Between 9 and 30 million On the other hand, many of the Americans are suffering from dis-

Detroit Firm Gets Pact for Soo Bridge Access

SAULT STE. MARIE (U-P) — Darrin & Armstrong Inc. of Detroit Wednesday submitted a low bid of \$611,619 for a contract to build the substructure of the Michigan approach to the Soo International Bridge, the State Highway Department reported.

Nine bids were received at the contract letting, the highest being \$821,480, the department said. Bids will be taken late this summer for the approach superstructure costing an estimated three million dollars.

The Bridge Authority has set Aug. 1 as a tentative date for sale of bonds to build the center span which will link the American and Canadian Soos.

The first Father's Day was observed June 19, 1910.

TESTIFIES — Irving Mischel, an imprisoned banker, testified yesterday at the Senate hearing inquiring into boxing skullduggery. He said he had been threatened with violence in prison if he gave out any information.

Senate Changes College Grants

Votes To Repeal Rule That Non-Red Affidavit Be Required

WASHINGTON (AP)—The Senate has voted to repeal a requirement for nonsubversive affidavits from college students receiving loans or grants under the 1958 Defense Education Act. Instead, it substituted criminal penalties ranging up to five years imprisonment and \$10,000 fine for anyone who applies for or receives any payment under the act while he is a member of a subversive organization. Past membership within five years also must be disclosed.

Left unchanged was the law's requirement that any student seeking to qualify must take an oath of allegiance to this country. The law provides scholarship and fellowship aid to college students. Action on the long-disputed repeal measure came suddenly Wednesday night as the Senate accepted a compromise amendment by Sen. Winston L. Prouty (R-Vt.). The original bill by Sen. John F. Kennedy (D-Mass.) and others would merely have repealed the affidavit provision. After hours of sharp debate, the sponsors' decision to accept the amendment came so hastily that many senators were out of the chamber and missed the voice vote passing the measure.

Sen. Spessard L. Holland (D-Fla.), one of these, said he wanted to study the revised version overnight and entered a motion to reconsider. This blocked the bill from going to the House. Kennedy said he would have preferred the straight repeal, but would go along with the compromise, particularly because he believed it might have a better chance of winning House passage.

Brussels sprouts were introduced into the United States about 1800.

36,000 Out at Convair, Lockheed

2 Strikes End, Others On

LOS ANGELES (AP)—A big strike and a small but crucial one ended early today in the turmoil-wracked missile and airplane industry.

At midnight more than 17,000 Douglas workers began to return to work at the firm's Long Beach, Calif., plant.

Earlier at midnight in Florida 300 Convair machinists settled a 9-day-old strike at Cape Canaveral. The IAM said that action, however, was contingent on company withdrawal of a clause to permit layoffs regardless of seniority.

Still out are 10,000 Lockheed workers at missile plants in California—including the firm's Sunnyvale missile and space headquarters, where violence erupted Wednesday soon after a strike started.

Still negotiating are 26,000 Convair workers in two unions. Threatening to strike are another 18,000 Douglas workers at two other Southern California plants.

Altogether 70,000 workers of the International Assn. of Machinists and the United Auto Workers are on strike, threatening to strike, or are just returning to work. The Douglas settlement does not brighten the defense picture appreciably.

The Long Beach plant primarily builds DC-8 jet transports. The Lockheed strike cripples the Paris submarine missile program and work on three important Air Force satellites, including high priority reconnaissance satellites.

One Douglas strike now impending, at Santa Monica, Calif., would halt production on the Thor missile.

The strikes were called to enforce contract demands. The unions asked hourly increases of from 14 to 17 cents.

Sunday Liquor Sales Petitions Are Flop

LANSING — A drive for Nov. 8 ballot listing of a proposition to legalize Sunday liquor sales thus far has produced results disappointing to its backers.

Earl Hebert, executive director of the Michigan Table-Top Congress, said yesterday petition circulators have collected only about

130,000 signatures as against 252,000 needed to get the issue before voters.

Hebert said all liquor outlets in the state were provided with petition blanks several weeks ago but only a minority of them have been heard from.

Only three weeks remain until the July 8 deadline for submitting petitions for November ballot propositions.

The Hoover Dam near Boulder City, Nev., is 25 years old.

Several rare American animals D.C. to the West Berlin Zoo, recently have been given by the included are pelicans, a turkey, Zoological Garden of Washington, vulture and a rare golden eagle.

Deaths in Pontiac and Nearby Areas

MRS. JESS W. CALVERT
Service for Mrs. Jess W. (Sarah J.) Calvert, 78, of 112 Lafayette St., will be held at 1:30 p.m. Friday at the Hulton Funeral Home. Burial will be in Oak Hill Cemetery.

Mrs. Calvert was a member of the First Baptist Church. Surviving are a son, William Smith of Belmont, Calif.; a stepson, Valie Smith, in Illinois; and a sister.

Mrs. Calvert died of a stroke.

Ex-Purdue President Dies Today, Age 85

LAFAYETTE, Ind. (AP) — Dr. Edward Charles Elliott, 85, president emeritus of Purdue University, died in St. Elizabeth Hospital early today.

Dr. Elliott was president of Purdue from 1922 to 1945 and was credited with being responsible for the university's development into one of the major technical and engineering schools in the nation.

He had been confined to a wheel chair at his home here most of the time since a stroke in 1957. He was taken to the hospital Tuesday.

Dr. Elliott was head of the department of education at the University of Wisconsin for 10 years and served as chancellor of the University of Montana before becoming president at Purdue.

Former State Education Official Dies in Lansing

LANSING (AP)—Wesley E. Thomas, 65, former assistant secretary of the Michigan Education Assn., died yesterday after a long illness. He retired last January, ending 23 years with the MEA, much of it as the organization's chief representative at the state capital.

Tobacco President Dies

WILLIAMSPORT, Pa. (AP)—Francis C. Carter, 47, Winston-Salem, N. C., president of the R. J. Reynolds Tobacco Co., died here early today en route to Williamsport Hospital, a hospital spokesman said.

Tuesday at Pontiac General Hospital after a long illness.

MRS. DONA HOWEY
Mrs. Dona (Clara J.) Howey of 158 Chamberlain St. died unexpectedly yesterday at her home. She was 63.

A member of First Methodist Church, she was a former counselor at Pontiac Motor Division, retiring in 1948 after 20 years of service. She was also a member of the Maccabees.

Mrs. Howey leaves a son, William M. Hill of Pontiac; four daughters, Mrs. Neva Hart of Los Angeles, Calif.; Mrs. Pearl Garcia of St. Ignace, Mrs. Goldie Grant and Mrs. Alva French, both of Pontiac; five grandchildren; 11 great-grandchildren, and a sister.

Service will be held at 1 p.m. Monday at the Voorhees-Siple Chapel with burial in Perry Mount Park Cemetery.

HARRY M. COULTER
MILFORD — Service for Harry M. Coulter, 83, of 234 First St., will be at 3 p.m. Saturday at Richardson-Bird Funeral Home.

Graveside service at Oakgrove Cemetery will be under auspices of Milford Lodge No. 165, F&AM. A retired rural mail carrier, Mr. Coulter died early today after a brief illness.

Surviving are a daughter Mrs. Richard Baker of Milford and three grandchildren.

MRS. WILLIAM TWADDLE
WALLED LAKE — Service for Mrs. William (Emma C.) Twaddle, 74, of 304 Glenway Rd., will be at 1 p.m. Saturday at Richardson-Bird Funeral Home. Burial will be in Walld Lake Cemetery.

Mrs. Twaddle died yesterday at Pontiac Osteopathic Hospital.

Surviving are three daughters, Mrs. Margaret Mathieson of Duluth, Minn.; Mrs. Kathleen Mackie of Walld Lake and Mrs. Dorothy Ingram of Pontiac; four sons, William G. and Marshall, both of Walld Lake, Hanford of Pontiac and Marvin of Duluth, Minn.; 17 grandchildren; and 35 great-grandchildren.

MRS. MICHAEL TOTO

WASHINGTON — Service for Mrs. Michael (Angeline) Toto, 70, of 6039 Camp Ground Rd., will be at 10 a.m. Saturday at St. Clement Catholic Church, Rome. Burial will be in St. Michael Cemetery, Richmond.

Mrs. Toto died Tuesday at her home after a long illness.

The Rosary will be recited at 8 p.m. Friday at Roth's Home for Funerals, Rome.

Surviving are a daughter, Mrs. Josephine Stodara of Washington; seven sons, Adam and Walter, both of Washington, Stanley of Fraser, Frank of Utica, John of Dearborn, Casimir of Boyne City, Edward of Southfield; a sister; a brother; and 30 grandchildren.

Americans Glad Ike Not Going

By United Press-International

Americans today appeared relieved that President Eisenhower had been spared the risk of facing possibly violent demonstrators in Tokyo, but a few persons felt he should have gone despite the risks.

In Boston, New York, Washington, Pittsburgh, Chicago, Dallas and San Francisco, most Americans appeared to agree with New York salesman Marc Sarazin:

"The visit has to be postponed to save his life."

District of Columbia Police Sgt. John S. Trodden spoke for the other side:

"If I was Eisenhower, I'd definitely go anyway. If he withdraws now, he'll lose face and it'll be backing down to the Communists. He ought to show them they can't force the President of the United States to back down no matter what."

But the go-anyways were in the minority. Most believed the Japanese government was wise to have postponed the visit, and even though they seemed confident the Japanese Leftist rioters did not represent popular feeling, they were glad President Eisenhower would not be facing them.

Jim Grills, a sailor from San Pedro, Calif., said "I was in Manila when the President arrived there, and he was well received, but the news from Japan is not surprising. I was there a few months ago and heard a lot of anti-Eisenhower talk. But I'm sure it's the Reds and not the masses."

PET DOCTOR

By A. W. Moller, D.V.M.

Question: We have recently moved to the country and our children want to keep a pig as a pet. What is your opinion of this?

Answer: Little Porky makes an ideal pet for the child in a rural area. This roly-poly, squeaky little animal can charm its owner by the hour. He is ready for his role of pet between the ages of eight to twelve weeks.

At this time, he should have been dewormed, de-loused and castrated, if a male. It is not necessary for the female pig to be neutered. The animal also should be vaccinated against hog cholera and erysipelas.

Other than using a corner of his eight-by-eight foot straw-filled pen for sanitary purposes, you will find him far cleaner than his reputation.

Porky will eat like a pig however, consuming large quantities of corn on the cob, oatmeal, pig feed and milk. The big problem is his future.

At the early age of six months, his youthful fascination has degenerated into approximately 200 pounds of piggyback hog, and you will be faced with the decision of this little pig going to market or staying home.

White Lake Tot OK in Hospital After Bad Burns

A White Lake Township girl is in satisfactory condition today at Pontiac General Hospital after accidentally setting fire to her dress yesterday.

Deborah Daush, 5, of 4708 Highland Rd., suffered first and second degree burns of the chest and face, according to the hospital.

The girl's mother, Mrs. Nancy R. Daush, told sheriff's deputies Deborah had picked up a cigarette lighter and was playing with it when the flame touched her dress.

The frantic mother ripped the burning dress from her screaming daughter's body and called an ambulance. Mrs. Daush was treated for minor hand burns and released.

Texas has the greatest number of individual farms, followed by North Carolina and Mississippi.

Missilemen Don't Have to Do KP

VANDENBERG AIR FORCE BASE, Calif. (UPI)—This space age missile base is shunned of the times in more ways than one—militarily speaking.

When the Air Force recently announced the coming end of KP, it was only putting other missilemen here to rest of the times in more ways than one—militarily speaking.

ABC Food Services, Inc. fulfills the task of feeding approximately 4,600 airmen every day.

Capt. George F. Grad of the Food Services Division said the government furnishes the rations, buildings, equipment, cashiers and monitors. It also inspects the facilities and furnishes the menu.

The contractor prepares, cooks and serves the food and cleans up. To man the eating facilities now in operation, 25 airmen would have to work 16 hours a day, seven days a week.

The Air Force figures the contractual system saves some 500 missilemen hours each day.

Moneywise the saving to the taxpayers is estimated at \$90,000 yearly.

Mumps and Measles Hitting Arkansas Kids

LITTLE ROCK, Ark. (UPI)—Mumps and measles seem to be attracted to Arkansas children more this year than in 1959.

The State Health Department reported that both diseases are running more than two-to-one over 1959 outbreaks.

May Ban Some Lipstick Colors

Order Allows 20 Days for Manufacturers to File Objections

WASHINGTON (AP)—A tentative decision to ban use of 14 coal-black colors in lipsticks was announced Wednesday by the government.

George P. Larrick, commissioner of food and drugs, disclosed the decision at a news conference held by Secretary of Welfare Arthur S. Flemming.

Larrick said the decision was based upon an evaluation of evidence presented at a lengthy public hearing held at the request of color, lipstick and drug manufacturers. They had appealed from an order a year ago which would have banned use of the colors after January 6, 1960 in products that might be swallowed.

Larrick said the new order allows 20 days for filing of objections. He said he had been told by attorneys of the lipstick industry that they would object to any action which would prohibit use of the colors in lipstick.

Larrick said a final decision will be made promptly after consideration of any objections filed. He said the industries then can appeal to the secretary or to the courts if they object to the final decision.

Multiple sclerosis is a chronic, usually progressive and crippling neurological disease striking chiefly persons between 20 and 40 years of age. Its cause remains obscure, of things.

She Finds Out Children Hear All and Tell All

SALISBURY, Vt. (UPI)—Mrs. Shirley Noble, who drives a school bus for 42 children, says she's learned at least one thing from her job.

"Don't talk too much in front of youngsters. It's amazing how much they overhear family matters. They're quick to discuss all sorts of things."

Retailer and Manufacturer

Each Invades Other's Field

NEW YORK (UPI)—The retailer is slowly becoming obsolete in American business, an economist has stated.

Prof. E. B. Weiss, of New York University, foresees manufacturers taking over perhaps half of all retail operations in a few years. The giant retailing firms, including department stores, he said will in turn enter manufacturing on an increasing scale.

Even the big supermarket operator will cease to look for profits in selling merchandise but in buying it, Weiss said.

The more successful retailers already make more money from nonmerchandising operations than from selling goods to the public, Weiss said.

Studies by the Bank of America and other groups show the major percentage of retail profit comes from such activities as departmental leases, shopping center development and realty investment, warehousing, exploiting manufacturers' advertising allowances and installment credit management.

Weiss statements are contained in a study he prepared for Doyle, Dane, Bernbach, Inc., a New York ad agency.

He said manufacturers' allowances for advertising and other merchandising purposes now play such a huge role in retailing that many a shopping center supermarket would close without them.

In other words, the successful owner of retail stores is a financier—not a storekeeper. He is controlling over more and more of the storekeeping to the manufacturers who supply his goods.

"It is clear," Weiss said, "that the mounting list of services performed by manufacturers and allowances offered by manufacturers had failed to stem the downward trend in retail net profit percentage."

And if large retailers find they can't make money by selling merchandise but can make it by nonmerchandise finance operations, their natural tendency is to give the manufacturer more and more control over straight merchandise.

Oklahoman Made Ends Meet More Than 1 Way

NORMAN, Okla. (UPI)—A favorite story of former U. S. Sen. Josh Lee concerns his days as a student at the University of Oklahoma.

"Things were pretty tough then," he said. "I remember I and two other students rented an apartment. We had to do everything we could to save money so the only thing we ate was cereal soup and beef's tongue."

"This was to make both ends meet."

Nearly half of the nation's department stores have started charging for deliveries, and three-quarters charge for pickups for something that is returned.

CAMPAIGN STARTS — The Disabled American Veterans campaign to help firemen spot homes of invalids and handicapped persons got rolling yesterday. Lt. George Bucklow (left), president of the Pontiac Firefighters Assn., and Floyd Cremer, director of Oakland County Veterans Affairs, place the first sticker on the

home of Mrs. James Johnson, 77, of 164 W. New York St. One goes on the front door and another on the window of the room in which the person stays. In case of fire, firemen will know immediately there is a handicapped person in the house. Cremer has received about 130 applications for the free stickers so far.

Fulbright Sees 'Prestige Hurt'

But Says Cancellation of Trip Must Not Stop Signing of Treaty

WASHINGTON (AP) — Sen. J. William Fulbright (D-Ark.) said today that cancellation of President Eisenhower's trip to Japan "hurts our prestige" and "perhaps we should have exercised a little more foresight."

But the Senate Foreign Relations Committee chairman said the collapse of the President's plans should not be allowed to interfere with U. S. ratification of the new security treaty with Japan.

Riotous demonstrations by Communists and others opposed to the new pact forced Japanese Prime Minister Nobusuke Kishi to withdraw his bid to Eisenhower, but Fulbright said the visit and its cancellation had "nothing to do with the merits of the treaty."

He said the riots were directed at the Kishi government and survived on by Communists.

Virtually the same view of the situation was taken by Sen. Mike Mansfield of Montana, assistant Democratic leader and also a Foreign Relations Committee member.

He backed Fulbright's stand that the visit and the treaty had to do with connection, and the new development should not head off Senate approval of the pact.

Fulbright, saying "it's very unfortunate this has been allowed to develop in this fashion," told a reporter: "We ought to be more careful in planning this sort of visit."

"After the blowup of the summit conference and the cancellation of Khrushchev's invitation for the President to visit Russia it might have been well to have postponed plans for the Far Eastern trip until a more favorable time."

Fulbright said Senate ratification of the treaty might have a "quieting influence" on the situation. He said he understood the Japanese will go ahead with their own ratification on schedule rather than postpone action.

Flint Bias Group Appears Doomed

FLINT (AP) — Flint's City Commission decided at a special meeting tonight whether to repeal a new and controversial Human Relations ordinance.

As written, the ordinance probably already is doomed though an alternate may be offered.

Mayor Robert J. Egan called the special commission meeting after 11 of the 15 newly named members of the Human Relations Commission, the enforcing agency, asked for its repeal.

The group acted after a successful drive by real estate interests for petitioners to get the issue on the Aug. 3 primary election ballot. The ordinance was adopted only last April.

The ordinance is a form of fair employment practices regulation to guard against racial or other discrimination.

Objections have taken exception to two clauses of the ordinance. One provides for penalty action against violators. The other calls for publication of cases brought under the ordinance.

The Ryukyu, including Okinawa, are a chain of about 140 islands in the Pacific. About 40 of these islands are inhabited with a total population of about 300,000 people.

Pause in Jersey 52 Miles From Goal

Hiking Sergeants Near Record

CLINTON, N.J. (AP) — Re-ills, plains and mountains—and eight pairs of shoes they have worn out in transit.

The sergeants left San Francisco April 12. If they make New York on schedule Friday, they will have been on the road 67 days, cutting 10 days from the old transcontinental record.

LAKE ROAD

They bedded down Wednesday night at a motel in Lebanon, a few miles east of here on Rt. 22. "We sure love this road (Rt. 22)," said Maloney, a Royal Air Force paratrooper instructor. Evans is a British army paratrooper.

They are accompanied by a third sergeant, Roy Rogers, who drives ahead in an auto and a trailer.

They reached Lebanon in a misty rain after walking through the rolling New Jersey countryside from Pennsylvania.

The sergeants said that the hills of western Pennsylvania were more of a grind than the Rockies. Several truck drivers offered the well-striding sergeants a lift. They declined without breaking stride.

Dr. Barbara Moore, 56, British pediatrician who started from San Francisco a day after the sergeants, said:

"This combination could beat any Republican tandem, in the opinion of most observers," *Investia* said.

The article also said it is uncertain whom the Republicans will nominate. It said it is the belief of "many" that Vice President Richard M. Nixon has "compromised himself and will not be able to win in November."

Test YOUR Driving Skill

Skillful Driving

How to master 30 of the most crucial situations of modern traffic

By MAXWELL N. HALSEY

RIGHT OF WEIGHT

When you see that big truck coming you had better worry more about whether it is going to stop or can, than what the law says about who has the right of way. If it falls on you in the right way your worries are over. So sharpen up your interpretation of the law of self-preservation. No other law can get you killed quicker than the right-of-way law if you rely on it.

Clip and Save

'K Will Quiet if We're Strong'

Senator Johnson Urges U. S. Get Tough With Bulging Defense

WASHINGTON (AP)—Sen. Lyndon B. Johnson (D-Tex.) told the Senate today he feels Soviet Premier Nikita Khrushchev "would not have felt so free to abuse our President if he had had more respect for our future military strength."

The Democratic leader was urging Senate passage of a defense appropriation of more than \$1 billion dollars, a billion more than the President asked.

Johnson said the Communists react to strength — are tough when they can get by with it and soft when there is no other alternative.

Khrushchev and his predecessors, he said, "have only been conciliatory in situations where they had good reason to respect the power of the Western world."

FOR NEXT PRESIDENT

Johnson, a candidate for the Democratic presidential nomination, added: "Our next President will be in a position to act from strength if we provide him with the additional resources called for by the bill that is now awaiting our approval."

The 40-billion-dollar bill was presented by Sen. Dennis Chavez (D-NM) who told his colleagues "there can be no price tag on freedom."

Balmoral Castle is a royal residence in Aberdeenshire, Scotland. Today costs about \$3,500.

SHELAGH O'ROURKE

DANG XICH LAN

Name Top Students of Month at MSUO

Viet Nam and West Bloomfield Township have supplied Michigan State University Oakland with its "Students of the Month" for June.

They are Shelagh O'Rourke of 230 Pontiac Dr., West Bloomfield Township, and Dang Xich Lan, a Vietnamese student of 380 Donegan Dr., Avon Township.

A graduate of St. Michael High School in Pontiac, Miss O'Rourke was editor of her school news paper, cheerleader and vice president of her class for two years.

At MSUO, she has served as editor of the first university yearbook, "The MSUO Story," staff member of the newspaper, "The Oakland Observer," and is an active member of the Young Democrats. She is also on the social committee of the Student Center Council.

She is majoring in liberal arts and plans a career teaching children overseas or in the communications field.

In contrast to the blonde code's local educational background, Lan completed his elementary and secondary schooling in Viet Nam, Laos and Thailand.

He and his family, among 50,000 other Vietnamese, left their homes and went to Thailand as refugees of the war when the Japanese moved in.

In 1956, after four years of service with American and British firms in Bangkok, Thailand, Lan returned to Saigon where he became a working member of Michigan State University advisory program.

Last December he flew to MSUO

Not Many Studying Shipbuilding in U.S.

ANN ARBOR (UPI)—The chairman of the University of Michigan department of naval architecture and marine engineering said today that more bright young people are needed in the field.

Prof. Richard B. Couch said that the fact that only 10 per cent of the nation's import-export trade is carried by American ships is the greatest challenge to this nation's naval architects.

Primary cause of this challenge is the combination of high U. S. shipbuilding and operating costs as compared to foreign ships, Couch said, and added that "This is a sad situation indeed and one we as a nation cannot afford to let continue."

Couch said this year only 45 students received B. S. degrees in the field in the entire nation and about 20 received advanced degrees. Ten of the U. S. degrees went to foreign students who are expected to return to their home-lands. Only Michigan, Massachusetts Institute of Technology and Webb Institute offer complete programs in the field.

Both Beaches Open for Summer at Kensington

Both beaches at Kensington Metropolitan Park near Milford are now open for the summer season and will provide swimming from 9 a.m. to dusk through Labor Day. It was announced today by David O. Laidlaw, park superintendent.

Martindale and Maple beaches, on opposite sides of 1,200-acre Kent Lake, each have a modern bath house, dressing rooms, showers, restrooms, basket checking services and food service.

Each beach has up to 17 lifeguards on duty and each beach house is equipped with a first aid station.

Other features of the 4,500-acre park include two boat launching dries, boat rental service, several large picnic sites, stoves, picnic tables, shelters, "Island Queen" tours around Kent Lake, nature trails and the Nature Center.

Now on the summer schedule, the Nature Center is open daily from 10 a.m. to 5 p.m., including Saturdays, Sundays and holidays.

NEW 'WATER WALL' CRAFT — A new experimental craft which rides on a cushion of air created beneath the hull and enveloped in a "water wall" was demonstrated on the Pentagon Lagoon in Washington Tuesday by the Navy's Bureau of Ships. The theory of the new

principle is that this suspension of the hull on a cushion of air will reduce the friction of water and give the boat much higher speed and stability. This 21-foot test craft used three high power outboard engines to produce the air cushion and propel the boat.

UPI Photo

Alabama Professor Loses College Job

MONTGOMERY, Ala. (UPI)—A 30-year-old history professor at Alabama State College for Negroes was summarily fired Wednesday on charges he is a

Communist sympathizer and racial agitator.

The State Board of Education, at the demand of Gov. John Patterson, voted 9-1 Tuesday to dismiss Dr. Lawrence D. Reddick, head of the history department at the state supported school for the past six years.

Reddick, a Negro who holds an A. B. degree from Fisk University, a Ph.D. from the University of Chicago and is listed in the directory of American Scholars and Who's Who in America, stoutly denied the charges against him. Reddick claimed the governor singled him out because Patterson "is in political hot water."

More than 5,265,000 American workers have insured pension plan protection under 28,430 pension plans in effect at the start of 1960.

Building Workers Ordered Back on Job

DETROIT (UPI)—Ironworkers whose five-week strike hampered work on more than 140 million dollars worth of construction projects in eastern Michigan were ordered back to work Wednesday pending ratification of a new contract.

The settlement was reached by representatives of Ironworkers Local 25 and two management groups—the Steel and Metal Erectors Assn. and the Detroit chapter of the Associated General Contractors.

The agreement calls for a two-year contract with a 30-cent an hour package over the two years. More than 2,000 workers in 34 counties were involved in the strike.

Veto Threatens Measure

House Approves Federal Pay Hike

WASHINGTON (AP) — Ignoring the threat of a veto, the House has approved pay increases ranging from a few hundred dollars up to \$1,500 yearly for federal workers. Senate passage is expected this week.

The increases for 500,000 postal employees and one million other federal workers would cost an estimated \$60 million dollars a year.

The 377-40 margin by which the House passed the measure and sent it to the Senate was far above the two-thirds majority that would be needed to enact it over a presidential veto.

Voting in favor of the raises of the many chestnut, hickory and were 123 Republicans and 254 Democrats. Only 27 Republicans there.

HEART BEATS ON CUE—Carl Barker, a Milwaukee engineer, displays a battery-driven electrical unit wired to a muscle of his heart. He can regulate the speed with which it beats.

Lack of Interest
Threatens to Kill
Music Classes

Lack of registrations threatens to wash out the instrumental music classes which the Department of Parks & Recreation plans to sponsor this summer for the first time. Registration deadline is 5 p.m. tomorrow at City Hall. The program will be canceled compounds.

unless registrations show a last minute flourish, said Leonard T. Buzz, recreation supervisor.

The program is scheduled to begin the week of June 27 at Pontiac Central High School under the direction of George Putnam, head of instrumental and secondary vocal music for Pontiac schools.

Chlorine is an essential ingredient in the manufacture of DDT.

Father's Day is June 19th *This Sunday*OSMUN'S
HAS EVERYTHING

FROM A TO Z

A IS FOR ARGYLES, colorfully knitted (\$1.00 to \$2.95)
B IS FOR BELTS, EVERY Dad can be fitted ... (\$1.50 to \$10.00)
C IS FOR CUFF LINKS, which every man prizes (\$1.50 to \$12.50)
D IS FOR DECK-PANTS, in all colors and sizes .. (\$3.95 to \$7.95)
E IS FOR EAGLE FINE SHIRTS and such (5.95 to \$12.95)
F IS FOR FLANNEL SLACKS, so soft to the touch (\$10.95 to \$29.95)
G IS FOR GLEN EAGLES RAINCOATS aplenty (\$19.95 to \$35.00)
H IS FOR HATS, like the famous Dobbs Twenty (\$10.00 to \$25.00)
I IS FOR IVY LEAGUE, classic perfection (Ivy shirts \$3.95 to \$7.95)
J IS FOR JACKETS, you should see our selection! (\$10.95 to \$55)
K IS FOR KNIT SHIRTS, a practical gift (\$3.95 to \$10.95)
L IS FOR LEISUREWEAR, to give Dad a lift (\$8.95 to \$59.50)
M IS FOR MUNSINGWEAR, handsome golf shirts (\$5.00)
N IS FOR NECKTIES, one more never hurts (\$1.50 to \$5.00)
O IS FOR OSMUN'S, the leaders of "style"
P IS FOR PAJAMAS, we've got quite a pile (\$3.95 to \$10.95)
Q IS FOR QUANDARY, gift certificates do the trick (any amount)
R IS FOR ROBES, of these take your pick (\$8.95 to \$25.00)
S IS FOR SPORTSHIRTS, a very wise notion ... (\$3.95 to \$13.95)
T IS FOR TOILETRIES, like after shave lotion ... (\$1.50 to \$3.50)
U IS FOR UNDERWEAR, he can always use more (\$1.00 to \$2.95)
V IS FOR VALUES, all over the store
W IS FOR WALLETS, Prince Gardner's the kind . (\$3.95 to \$12.50)
X, Y and Z IS FOR EVERYTHING ELSE YOU CAN FIND!

There are dozens of other good suggestions (like Jantzen swim-suits and Van Heusen Summer shirts) but this should give you a pretty good idea of the size and scope of our great 2-store selection. Make it a point to stop in this weekend and take the time to find exactly the right gift for exactly the right Dad.

Grand Rapids to Build Big New Food Market

GRAND RAPIDS (AP)—Development is expected to start Aug. 1 on an estimated one million dollars in land sales, buildings and produce stalls for a new Grand Rapids wholesale food market.

City Commissioners have approved ground rules and set April 1, 1961, as the last date the present market can operate. The proposed new facility replaces the present market which is being ousted to make way for the new U. S. 131 expressway.

George Bernard Shaw said, "I believe in the discipline of silence and could talk for hours about it."

Ike's Speech Disappoints 'Em

Filipinos Expect Big Brother Help

By JIM BECKER
MANILA (AP)—Enthusiasm for President Eisenhower is at a high pitch in the Philippines, but he has yet to tell the Filipinos what they want to hear.

If he fails to do so before he departs, he will leave disappointment spotted among friendly men, cries of his triumphant homecoming.

Eisenhower delivered the first major speech of his Manila visit Wednesday to a combined session of the Philippine Congress.

It was frankly a disappointment to the legislators.

Privately he admitted its complicated phrases and weighty preambles did not strike a spark of response in Filipino hearts.

WANT STRAIGHT TALK
The Filipinos want straight talk on the subject of defense of the Philippines in the event of Communist attack. They would also like to hear some good news about American aid to this struggling country. Good news means more aid.

This nation has planted itself irrevocably in the U.S. camp. The United States is a long way away. Red China is an hour's jet ride away.

Having stuck their national neck out, Filipinos would like to have the Eisenhower make it clear that the United States will jump right in.

In to help if someone tries to chop it off.

President Carlos P. Garcia has suggested that the United States station nuclear weapons here, despite the jitters it might create in other U. S. allies or especially neutralist friends in Asia.

On the subject of aid, Filipinos feel that the United States takes them too much for granted, while wooing former enemy and neutralist nations with large aid programs.

American officials point out that

vast amounts of aid were poured into the Philippines after the war—and some of the money was wasted.

THEIR BIG BROTHER. Nevertheless, the Filipinos look on the United States as their big brother. In the Philippines, if a younger brother comes to an older one to ask for a loan, he expects to get it—and not a lecture about how he wasted the money he got a while back.

In his speech, and at other

Carnival, Exhibits This Weekend

Set Watford CAI Fair

The annual Watford Township fire truck and fair display.

The Merry Mixers group will have the dining room concession, and Mrs. Alfred Beebe will have charge of the dairy bar.

Proceeds from the fair will be used for operation and maintenance of the CAI Building.

Last year the fair attracted more than 4,000 people, and as many are anticipated this year, according to CAI manager Robert Bauer. There is ample parking space.

A tree contains more water in the winter months than during the summer.

Lamprey Blight End Expected Soon

WASHINGTON (UP)—Lake Superior soon should be free of the sea lamprey which have preyed on Great Lakes trout, according to the Bureau of Fisheries timetable. Sen. Hubert H. Humphrey (D-Minn.) reports.

State, federal and Canadian authorities plan to plant more hatchery-produced lake trout in Lake Superior this year than the 667,000 of last year, he said.

"By the time the fingerling trout being planted are large enough to be preyed on by lampreys, the lamprey problem in Lake Superior should no longer be a threat to the young trout," if the bureau's timetable lives up to expectations, Humphrey added.

Electrical barriers and lampreids are being used to eliminate the predatory eel, Donald L. McKernan, director of the Bureau of Commercial Fisheries, said in a special report to Humphrey.

AP Photo/Andre, head of the New York drug firm that makes Regimen reducing tablets, was arrested Wednesday. His firm is accused by a grand jury of false advertising.

Kiwanis Club Forced to Cancel Golden

GREENVILLE, S. C. (AP)—Harry Golden, author of the two best sellers and an outspoken integrationist, won't speak here today. The Greenville Kiwanis Club said it canceled Golden's appearance after a deluge of protesting telephone calls.

James Henderson, club program chairman, said the group voted to cancel Golden's appearance because "it might harm Kiwanis."

"This whole thing is very embarrassing," said Henderson. "I am ashamed. I was ashamed to have to call him Monday and tell him not to come. Most everyone was thrilled to have him come."

Golden, Jewish publisher of the Carolina Israelite, in Charlotte, N. C., said he had planned to talk about integration. I couldn't make ride in my talk, but I would talk about integration. I couldn't make a talk in the South without discussing it. I would tell them to integrate their schools.

"People are frightened all over," said Golden. "It's terrible when people are afraid."

"It's silly for a state which produced a great general like Francis Marion, the Swamp Fox, to be worried about a little fat guy making a speech."

Antiradiation Pill Due in Next Two Years

WASHINGTON (UPI) — An Army scientist said Wednesday he hoped a usable antiradiation pill to protect humans from the effects of radioactive materials would be available within two years.

Lt. Col. James Hartgering, a doctor with the Army's life sciences division, said the pill apparently would protect an individual from both the immediate effect of radiation and also long term genetic damage.

He said the antiradiation pill that the Army hoped to have ready in two years would probably cause certain undesirable side effects—such as nausea and vomiting—but that it would still be effective.

Hartgering's testimony on the antiradiation pill was given to the House Space Committee, investigating the extent and nature of space medicine in the United States.

One eventual use of the pill, he said, might be to protect future space travelers from the effects of the Van Allen radiation belt.

"If this medicine proves as effective as we hope," he said, "it may eliminate the need for heavy and elaborate radiation shields to protect future space men."

State Supporters of Adlai Ready

They'll Demonstrate for Candidate When Dem Delegates Gather

DETROIT (AP) — Michigan Democrats boosting Adlai E. Stevenson for president said today they would stage a demonstration when delegates to the National Democratic Convention assemble Saturday for a pre-convention caucus.

A motorcade of Stevenson backers will travel from Detroit to East Lansing to greet the delegates, said Mary Jennings, manager of the Michigan Stevenson-for-President headquarters.

"We'll have posters, signs and petitions signed by at least 10,000 Stevenson supporters in the Detroit area alone," she said. "We want to impress the delegates that they are free to vote for the candidate of their choice."

The planned demonstration was all the state's 31-vote delegation to the support of Sen. John F. Mennen Williams' efforts to win Kennedy, of Massachusetts.

FRIENDLY FOES — Democratic Rep. Quentin N. Burdick (left) and Republican Gov. John E. Davis, rivals for a U. S. Senate seat in a special North Dakota election June 28, trade broad smiles as they meet on the campaign trail.

AP Photos The two came together at the opening of John Moses Memorial Park in Hazen. The park is named in honor of the late governor and U. S. senator.

Chief food dish of Thailand, formerly Siam, is composed largely of fish and rice.

There are about 12 billion dollars in 300,000 gold bricks stored today in Ft. Knox.

Walkout Dubbed Wildcat

Pilots Ignore Order to End 6-Day Strike

MIAMI, Fla. (AP) — Pilots, at odds with the Federal Aviation Agency, Eastern Airlines and their own association, remained off their jobs today despite a court order to halt the six-day "wildcat" walkout.

Most pilots' home telephones weren't answered. On those that were, airline callers were told the pilot was out and couldn't be reached.

A single EAL flight left Miami Wednesday—down to New York by Capt. Edward Rordam, an official of the Air Line Pilots Assn. which has called the pilots' walkout a wildcat strike.

Rank and file pilots told news-men, "The men aren't about to go back. They're fed up by the company's trying to get the men cited for contempt of court."

The pilots walked out Friday in protest to FAA flight check inspectors' use of cockpit seats suc-

mally occupied by a pilot member of each jet airliner crew. The ALPA calls this a safety hazard.

Two pilots were hauled into U.S. District Court on contempt hearings in connection with failure to obey an oral court order to work. The charges were thrown out. Eastern has said it is losing 15 million dollars daily because of the tieup of its planes at Miami. EAL planes which fly into Miami—and most of them normally do every few days if only for a mechanical checkup—are grounded for lack of pilots to fly them out.

In Chicago, three southbound nonjet EAL flights were made on schedule Wednesday. A federal court order in Chicago was credited with averting similar walkoffs by pilots of American, Trans World and Pan American Air Lines.

Mr. and Mrs. Alfred C. Wilson, at right, of Meadow Brook Hall, honored granddaughter Judy Johnson with a debut party long to be remembered. Judy and her mother, Mrs. Frederick Van Lennep, received guests at the 5 p.m. reception in the living room with her

grandparents. A ball for the younger set followed in the evening. The beautiful estate near Rochester may have seen its last debutante party. It has been given by the Wilsons to MSUO.

Judy Is Honored by Grandparents

By RUTH SAUNDERS

Another beautiful party was given Wednesday for their granddaughter, Judy Johnson, by Mr. and Mrs. Alfred G. Wilson.

Debutante Judy Frances Johnson, has just returned from school in Lexington, Ky. She is a daughter of Mr. and Mrs. Frederick L. Van Lennep. Decorations in the drawing rooms featured the new rose, named the Sterling Silver, developed in the Meadow Brook greenhouses. It was formerly called the Orchid rose for its dull purplish cast. Immense silver bowls held dozens of the blooms in the dining room and libraries.

Judy wore an entrancing frock of pale blue organza with a square neckline bound narrowly in blue satin, with narrow satin folds at intervals around the short full skirt.

Embroidered in delicate sprays of blue flowers, the dress was enhanced by a cascade of the roses, delphinium and statice.

Mrs. Wilson was lovely in a blue print gown with touches of green. The deb's mother wore blue organza embroidered in rose, the skirt full and short with a huge bow of self material at the side waist line.

Facing each other on the terrace were a large china elephant and a donkey, both filled with delphinium and the Silver roses, a charming salute to this political year.

Small supper tables were covered with blue cloths, banded in pink-braid and small bouquets in the same color scheme.

Mr. and Mrs. Wilson, Judy and her mother formed the receiving line in the living room where Mrs. Van Lennep had received with Mr. and Mrs. Wilson at her own debut, and where another Wilson, Barbara, made her bow to society ten years ago. (She is now Mrs. Thomas S. Eccles.)

Judy's attendants included Ellen Corning of Mentor, Ohio; Suzanne Knowlton of Delaware, Ohio; Marilyn Morris of Frankfort, Ky.; Abbe Sutton of Lexington, Ky.; Polly Meade of Appleton, Wis.; and Virginia Schnech of Grosse Pointe.

Ushers wearing boutonnieres of blue bachelor buttons included Charles Church and Patrick Hayman of Charlottesville, Va.; Robert A. Hiestand, Danville, Ky.; C. Horton Huber and Owen Hitt of Lexington, Ky.; and Daniel F. Gerber Jr. and Hector Van Lennep.

Abby Finds Out Man Is Right

Wife Loses Old Argument and Has to Bow to Husband

By ABIGAIL VAN BUREN

DEAR ABBY: Will you please settle a dispute of long standing? Every time my husband and I drive through Cairo, Ill., we see a statue standing in the park just off the main highway.

My husband says it is a man in a cutting wood, and I say it is a man killing a snake. He says, "Whoever heard of anybody putting up a statue of a man for killing a snake?" And I say, "Whoever heard of putting up a statue of a man cutting wood?"

Are we both wrong? I don't have time to look up Cairo's history. I am busy making history myself as we have 10 children. Thank you.

KATHLEEN-B.

DEAR KATHLEEN: Your

husband is right. The statue is a very famous one, called THE HEWER, and it is indeed a monument to a man cutting wood.

DEAR ABBY: Had to giggle at the old gal who was so hurt because she was referred to as an "old maid."

Many of my single friends are far happier than my married ones. At least they don't have to put up with some crotchety old grouch after 8 hours at the office. Old maids are luckier than they think.

ONE TOO

DEAR ABBY: I am 43 and have been married and divorced and have two children to support. Four years ago I met a married man (he is now 46) who told me his wife didn't understand him, but he'd never divorce her because of their three minor children.

I thought if he wasn't happy with her I might as well have him, so for two years I heckled his wife with mysterious phone

calls and letters telling her her husband didn't love her and was stepping out. She finally divorced him last December.

We have been seeing each other constantly, but now that he is free he still won't marry me. I found out he is trying to get his ex-wife back.

I would do anything to get this man to marry me, as he is well-to-do and I would not have to work. After being a wife to him every way but legally, can I sue him for not marrying me?

DEAR WANTS: If you want to know your legal rights—see a lawyer. On second thought, why don't you just lead for the snakes?

CONFIDENTIAL TO MR. AND MRS. "CHILDLESS": Deal only with a legitimate adoption agency. A shady transaction such as the one you are considering is illegal and could net you one big headache.

Eye Anniversary

(NEA) — A pretty angora cello or stole makes a charming evening wrap for teenagers. The color, flare and length are all important if the wrap is to be just right for you. It might be fun to styled yourself in differently sketchy coats to learn which is best for you.

Must Be Right

By JANET ODELL
Pontiac Press Home Editor
History is not all dates of wars and rules of kings. His-

Newlyweds Money Feud Likely Hazard

Nearly 200,000 happy couples will walk up the aisle after saying "I do" this month and most of them will be arguing about money before the year is ended, according to the experts.

"To buy or not to buy" will be the question between the billing and cooing—possibly with more billing than cooing—for most of the 1,600,000 couples who will wed this year. One of the biggest topics of their conversation will be how much they should buy on credit.

Thanks to installment bank credit which is 30 years old

this year, these newly-marrieds will have an advantage over their grandparents in buying many of the conveniences that make a house a home.

PIONEERED IN 1910

This credit was pioneered by Arthur J. Morris at Norfolk, Va., in 1910 when he founded the first bank to offer loans on the character and earning power of the borrower.

Morris is still active at 78 as chairman of Financial General Corp.

Marriage counselors say a cardinal rule for newlyweds to follow — and for all married couples as well — is to live

within their incomes if they want to avoid arguments.

Use installment credit to the extent that it can be comfortably paid back out of current income.

Make sure time repayments don't take too high a slice of your income.

Restrain the urge to buy too much more than you can afford. Experts agree that 15 per cent of annual income (exclusive of a home mortgage) is a sound margin for credit.

WATCH THAT RATIO!

Be sure that monthly payments are not budgeted too close to monthly income.

From your take-home pay subtract family expenses and savings to arrive at the amount available for installment payments.

Compare the cost of your loan with other credit agencies. Know exactly what you are paying for.

Banks have long enjoyed the reputation for offering the most reasonable loans.

Allocate payments over as short a period of time as possible — rather than stretching them over a longer period of time.

DAR Gift Chairs Give Peek at Local History

By JANET ODELL
Pontiac Press Home Editor
History is not all dates of wars and rules of kings. His-

tory is the day-by-day living of people. Such history lives on in belongings. Generations later, things still tell a story.

A hint of gracious living and a love of fine furniture show in the newest gift to the Moses Winer Home.

Two fiddle-back mahogany

side chairs have been presented to the home through the Gen. Richardson DAR of the DAR.

These chairs, one with the original polychrome upholstery still intact, belonged to Mary Elizabeth Scott.

Miss Scott, who was a member of the Gen. Richardson Chapter, left the chairs, a grandfather's clock and other personal treasures to the society.

She wanted them placed in the Michigan Room of the DAR Museum in Washington.

The clock, which dates back to 1770, was accepted by the Museum, but the chairs are of the Civil War period and did not qualify in age.

Another item, a coverlet of midnight blue and white with a design of medallions, was turned over to the Winer Home some time ago.

In the women's border, the words "Oakland County and 'Abby Axford, 1855'" appear several times.

1865 MAYOR'S WIFE

Abby Axford was the first wife of A. Bernard Cadwgan, mayor of Pontiac in 1865. His second wife was the grandmother of Mary Elizabeth.

At its 1959 state conference, the Michigan Society DAR approved the gift of the 1865 chairs to the Winer Home. They have come back to the town of which they were born a part.

They will be placed in the DAR Room of the historical mansion.

We saw the Scott chair the other day. Except for a piece of tapestry that replaces the upholstery on one of them, they are in perfect condition.

The fiddle-back chairs are a graceful feather design. Many members of the local DAR serve on the Oakland County Historical Foundation Board, owner of the Winer property.

KEEP INTEREST ALIVE — Both organizations keep alive an interest in history and try to make it a living subject.

Dr. Sarah Van Hosen Jones is president of the Historical Board and Mrs. L. Lee Dunlap is chairman of the accession committee.

Both are also active in the Gen. Richardson DAR.

Parties Mirror Graduation Elation

BLOOMFIELD HILLS — Graduation exercises at Bloomfield Hills High School and Birmingham High School were the occasion for parties this evening to erase the grimness of the last few quailms of "exams."

At BHHS cap and gown will be replaced by summer formal attire for a dance at the school planned by parents of the class of 1960.

Among those working on music and decorating committees were Mr. and Mrs. Charles DeWieg, Mr. and Mrs. Robert Thom, Mr. and Mrs. Harvey B. Sanderson, Mr. and Mrs. Thomas C. Carter and Mr. and Mrs. Frank Arnold.

A dance at Birmingham Country Club hosted by Greg Witbeck and his parents Mr. and Mrs. A. V. Witbeck of Cranbrook road will climax a full day for graduates of Birmingham's Seaholm High School.

After morning commencement exercises, the large class will spend the afternoon swimming, attending luncheons and teas until some 200 of Greg's friends meet in the evening at the semi-formal dance.

Mr. and Mrs. Jeremiah B. Gillette of Hickory Heights (Alicia Hayes Cummings) announce the birth of a daughter, Alicia Ann Sunday.

Diane and Janey Bugas will fly to London Sunday.

They will meet their father John S. Bugas, who has been there a few days, and together

they will tour several countries for the next few weeks.

Mrs. Bugas may go to their ranch in Montana and Janey will leave soon for camp Bryn Afon in Wisconsin.

Big Gen. and Mrs. Frederick S. Strong Jr. (U. S. Army ret.) have returned to their

Orchard Lake home from West Point, N. Y., where Gen. Strong attended his 30th class reunion of the U. S. Military Academy.

Mr. and Mrs. John D. Kice will be hosts at a supper party Sunday for Joan McBride and Edward N. Schneider, who will be married June 25 in Christ Church Cranbrook.

The bridegroom-elect's parents Mr. and Mrs. Louis J. Schneider will give a rehearsal dinner next Friday at the Detroit Athletic Club.

Robert A. Thom, founding member and first president of the Bloomfield Art Assn., was host at a reception Sunday at the opening of his exhibit of original oil paintings.

Mr. Thom presented his series of "A History of Medicine in Pictures" from the Parkes, Davis collection.

For Sportswear, Try Contrast

(UPI) — Contrast is the key-word in 1960 sportswear. Aimed toward the truly separate jacket, skirt or sweater, sportswear groups combine more and more different fabrics and textures, as well as colors, denim, seersuckers, and gabardines dominate many collections.

In addition to the classic cotton denim, often combined with bright color prints, there are lighter weight ariel and cotton blends.

PATRICIA L. MEAGHER

The Peter Edward Mesaghers of Canby street, Waterford Township, announce the engagement of their daughter Patricia Louise to Garry Francis Crane, son of Mr. and Mrs. Vera Edward Crane of Locally avenue, Waterford Township. September vows are planned.

Mrs. Lisle Echtnaw, (left), of Hatchery road; Richard C. Poole of Westbrook parkway, Southfield; and Mrs. L. Lee Dunlap of Delaware drive, examine one of the two chairs recently presented to the Moses Winer Home. The chairs, belonging to Mary Elizabeth Scott, an early resident of Pontiac and a member

of the Gen. Richardson DAR, were given through the DAR Society. Mrs. Echtnaw is a regent of the local chapter. Mr. Poole is a member of the Winer Home restoration committee and Mrs. Dunlap is chairman of accessions.

Founders Chapter Meets

Five From Pontiac Attend Luncheon at Ann Arbor

The Michigan chapter of the National Society of Daughters of Founders and Patriots of America held their semiannual luncheon meeting Tuesday in the Vandenberg room of the Women's League Building in Ann Arbor.

Mrs. Charles A. Baker, national president from Lima, Ohio, was introduced by Laura Cook, honorary past national president. Mrs. Baker reviewed the work of the national society which is chiefly the restoration and preservation of historical papers. The society now has 103 Michigan members and 2,186 national members.

Eligibility for membership is proof of descent in unbroken line from an ancestor who settled in the original Colonies, now included in the United States, between 1607 and 1887 and an intermediate ancestor who by personal, civil or military capacity proved unflinching loyalty in establishing American independence during the Revolutionary period between 1775 and 1784.

Mrs. Earl S. Masick, state president, presided at the business meeting. It was voted to place articles concerning Civil War soldiers, pioneers, and church and village histories, personally written by the members and unpublished in the Rackham Building.

Attending the affair from Pontiac were Mrs. E. V. Howlett, Mrs. L. Lee Dunlap, Mrs. E. G. Clark, Mrs. Harry Goling, Mrs. Harry Chapman and Blanche Avery of Ann Arbor, formerly of Pontiac.

Singers Coming

Oakland Avenue United Presbyterian Church will be host to the Melody-Aires, a student gospel team from Moody Bible Institute, Chicago, at 7:30 Friday evening. This singing group frequently represents the school on weekends and tours the midwest throughout the summer.

73 NORTH SAGINAW STREET

From Denison University

Reveal Six Graduations

Six students from the Pontiac area are among 235 seniors graduated Monday at Denison University, Granville, Ohio.

From Bloomfield Hills are John T. Hart, son of the S. Truman Harts of Guilford road and John P. Wood, son of Dr. and Mrs. John P. Wood of Rudgate road. Both members of Phi Delta Theta Fraternity, Hart majored in speech and Wood in sociology.

Robert L. Swats III, son of Mr. and Mrs. Robert L. Swats Jr. of Concord road, a 1956 graduate of Cranbrook School and member of Sigma Chi Fraternity, was a junior adviser in a freshmen's residence hall.

From Birmingham is Julie Stubbs, daughter of Mr. and Mrs. Harold B. Stubbs of North Glenary road. She is a member of Kappa Alpha Theta Sorority and majored in government.

Edgar A. Guest III, son of the Junior Edgar A. Guest of Birmingham lane, Franklin, a graduate of Detroit Country Day School, majored in theater arts. He is a

member of Phi Delta Theta Fraternity and Men's Glee Club.

He has appeared in numerous plays including "Beggar on Horseback," "Ten and Symmetry," "The Glass Menagerie" and "Till Death." *

He won the 1959 theater arts award as the most dependable and loyal actor and directed "Darkness at Noon" and "The Last Word." *

He has begun his third season with the Denison Summer Theater. *

Robert J. Rison, son of Mrs. Ernest M. Rison of Birmingham, has majored in social studies with emphasis on economics. His fraternity is Sigma Chi. *

The Rev. and Mrs. J. E. Van Allen and daughter Kay of West Irons road, are attending the General Assembly of the Church of the Nazarene in Kansas City, Mo. The Rev. Mr. Van Allen is a delegate from the First Church of the Nazarene where he is pastor. *

Mr. and Mrs. Fred Dennis (Lucy Morey) of Villa Park, Ill., are receiving congratulations on the birth of a daughter, Kathy June, on June 6. Grandparents are Mr. and Mrs. Henry Morey of Raymond drive and Dr. and Mrs. Leonard Dennis of Edgemoor drive. *

Mr. and Mrs. Glenn Witsoe attended the recent graduation of their son Larry from the University of Michigan. He received a bachelor of science degree in mechanical engineering. Mr. Witsoe will remain in Ann Arbor until June 23, at which time he will leave with his parents for Phoenix, Ariz., to visit his sister and her family, the Robert Parkers. *

At Michigan, he was a member of Gamma Delta Lutheran Organization, newsletter editor of the American Society of Mechanical Engineers, and student member of the American Society of Tool Engineers. *

Ranks of the University of Michigan Emeritus Club now total 154 following the recent initiation of new members. The club honors alumni whose classes graduated 50 or more years ago, together with emeritus professors of the university. *

The following new members from the area were honored at recent ceremonies: Pontiac, Robert D. Heitsch of West Irons road; Bloomfield Hills, Harold G. Trump of Lahar road; and Birmingham, Carl L. Bradt of Abbey road, and Lee A. White on Brookside. *

Mrs. Frank VanDeventer of Ann Arbor, honor matron, and her maid, wore imported linen sheath dresses with full embroidered organza overskirts. Their bodices featured beauteous necklines and short sleeves. *

Picture hats and bouquets of cymbidium orchids completed their ensembles. *

Thomas Young of Detroit was best man. Ushers included the bridegroom's brother Donald, Joseph Whitten of Clawson and William Beck of Lansing. *

The bride holds a bachelor of science degree in design from University of Michigan where she was affiliated with Alpha Omicron Pi sorority. Her husband received his engineering degree from U. of M. His fraternities are Delta Tau Delta, Pi Tau Sigma, Tau Beta Pi and Phi Eta Sigma. The couple will live in Albuquerque, N. M. *

For her son's wedding, Mrs. Schultz chose a light blue silk linen sheath with matching accessories. *

A really lightweight wool, silk or cotton coat for summer is a sound investment. Even in the middle of summer, there are cool days when a girl needs a wrap. *

Honeymoon at Acapulco

Marry in Kirk Chapel

Honeymooning in Mexico City and Acapulco are Mr. and Mrs. David Charles Schultz who were married Saturday afternoon in the Kirk-in-the-Hills chapel. Dr. Harold E. DeWandt officiated.

Buffet luncheon at Rotunda Inn, on Pine Lake, followed the ceremony.

The former Barbara Josephine Roth is the daughter of Mr. and Mrs. William James Roth Jr. of Geneva, Switzerland, recently of Hammond Lake Estates. Mr. and Mrs. Albert William Schultz of Detroit are parents of the bridegroom.

Elegant white peau de sole fashioned the bride's waltz-length gown which dipped to floor-length in the back. The molded bodice featured a beauteous neckline and three-quarter length sleeves. The skirt consisted of wide unpressed pleats with flat front center panel.

The short shoulder-length veil was imported from Switzerland. A white orchid centered the bride's hand-cascade of Stephanotis. *

Mrs. Frank VanDeventer of Ann Arbor, honor matron, and her maid, wore imported linen sheath dresses with full embroidered organza overskirts. Their bodices featured beauteous necklines and short sleeves. *

Picture hats and bouquets of cymbidium orchids completed their ensembles. *

Thomas Young of Detroit was best man. Ushers included the bridegroom's brother Donald, Joseph Whitten of Clawson and William Beck of Lansing. *

Loyal Philatheas Honor Mrs. Herbert Flemington

Mrs. Herbert Flemington, of Birmingham was honored Tuesday evening at a dinner given by the Loyal Philatheas Sunday School Class of the First Baptist Church. Mrs. Flemington has taught the class since it was organized in 1931.

Seven charter members of the original 19 were present: Mrs. Robert Baker, Mrs. Kenneth Thompson, Mrs. Richard Betzing, Mrs. Pearl Hudson, Mrs. Slater, Hazel Nichols and Audrey Brady.

Others attending included Mrs. Nellie Monroe, Mrs. Alma Fremed, Mrs. Saud Schultz and Mrs. Leone Reed. Solist was

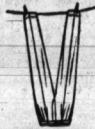

Mrs. Kyle Wilson. Mrs. William Hakes gave the devotional message.

Mrs. Joseph Minton, president, presented a skit assisted by Mrs. Thad Beall, Mrs. Frank Lefurgy, and Mrs. Clyde Redman. Serving as dinner chairman was Mrs. Ambers Bowen with Mrs. Edwin Osterander, president of the Joy Philatheas Class and her committee in the dining room. Decorations were by Margaret McCarroll and Mrs. Hudson.

For added protection when packing china and crystal for moving, dampen the excelsior. It will shape itself to each piece.

GIFTS for DAD WASH-AND-WEAR SLACKS WITH STYLE!

Sharon Savedge Tells Vows

Wed Before 300 Guests

JAMES BARTLET WAGER

James Bartlet Wager, son of Mr. and Mrs. Martin J. Wager of Blaine-Highway, Drayton Plains, is a University of Michigan graduate with an A.B. degree in economics. A member of Delta Sigma Pi, national professional business and commerce fraternity, Mr. Wager will do graduate work in the school of business administration at U. of M. in September.

You Need Only Say Thank You

By EMILY POST

Dear Mrs. Post: When my employer closed his business and I was looking for a new job, one of the salesmen who called on us regularly told me of a job and was instrumental in helping me to get it. It is a very fine position.

Is there anything I could do, or even possibly should do, to show my appreciation? This man is not a personal friend and is married and, therefore, I would not like to do anything that could be misunderstood by his wife.

Answer: In my opinion, doing nothing further than thanking him as sincerely as you are able is all you can do at present. You can, however, hope for an opportunity that will enable you to do him (or his family) a kindness in return.

Dear Mrs. Post: My daughter has a very pretty rhinestone tiara and she would like to have her wedding veil mounted on it for her coming marriage.

Would this be in good taste? Somehow a rhinestone tiara seems rather garish for a bride but my daughter seems to have her heart set on it.

Answer: I agree with you that the rhinestone tiara will not be in good taste. If it were known to be a family heirloom of real diamonds, that would be a different matter.

Dear Mrs. Post: After 30 years of living in apartments, we have finally bought our own house and we are very proud of it. I would like to send announcements to our friends and relatives.

Is such an announcement possible and if so, how can it be worded? I had thought of having pictures taken of the house and sending them to our friends.

Answer: I think it would be a charming idea. Write: "We are at home here. Do come and see it and us soon."

White clover, a three-leaf plant that is good food for cattle, grows all winter.

Attendees in crystal blue silk organza sheath dresses with matching shoes and picture hats, preceded Sharon Lee Savedge to the main altar of St. Michael Church Saturday where she pledged nuptial vows to Gregory Lee Mooney.

The Rev. Charles Cushing solemnized the rites before 300 guests who later attended the reception in Annets Hall on Oakland avenue.

Daughter of Mr. and Mrs. Benson O. Savedge of Anders street, Waterford Township, the bride appeared in lustrous white satin and rose pointed lace, styled with sashina neckline and chapel train.

Attached to a pillbox hat of rose pointed lace was a fingertip veil of silk tulle.

A white orchid centered the bridal cascade of white roses and stephanotis.

Peggy Eagle was honor maid. Mrs. Richard Savedge, the bride's sister-in-law, and Mrs. Richard Smalley of Toledo, Ohio, cousin of the bride, served as bridesmaids. They held colonial cascades of pink carnations, with the honor maid's flowers in a deeper shade.

Joseph Mooney stood as best man for his brother. They are the sons of the Peter Mooney of South Edith street. The bride's brother Richard seated the guests with Theodore Carlson and John Batloff.

Dark brown and orange accessories sparked the beige shantung dress donned by the new Mrs. Mooney for her northern Michigan honeymoon.

White cymbidium orchids complemented powder blue silk organza for the bride's mother, and dusty rose pure silk worn by the mother of the bridegroom.

Students Give Piano Recital

Charles A. Wilson presented a group of his piano pupils in recital Tuesday evening at First Congregational Church.

Participating in the event were Donna Kaiser, Nancy Brown, Linda Thompson, Monica Patterson, Paul Williams, Marilyn Meacham, June Sutton, Deborah Killen, Barbara Hammond, Pamela Buchanan, Charles Kline, Linda Sutton, Ray Tollerdy, Linda Lowell, Susan Killen and Mary Mandulan.

Relieve Sunburn

(NEA) — If you should be unfortunate enough to get a bad sunburn, you can get relief in a bath of tepid water in which you've poured a cup of baking soda and a cup of starch.

Bridal Salon — Second Floor

MRS. GREGORY L. MOONEY

The Women's Auxiliary of the Italian-American Club held its final meeting of the season Monday at the club hall on Tilden avenue. Cohostesses were Mrs. Eugene Mazza and Mrs. Frank Perna.

Final reports were handed in by the committee heads. Although the group will hold no business meetings in July and August, it was decided to meet socially during these two months.

Members are planning to attend a play at Northland Playhouse in July with Mrs. Ralph Mazza as chairman of the event.

A family picnic sponsored by the men's club is scheduled for August. Tentative plans were made for a trip to Bob-Lo Island for members and their families.

Business meetings will resume Sept. 12 at which time the social calendar will be presented.

Buy Foam Rubber for Powder Puffs

Complexions should bloom in the summer, and that means no grubby powder puffs! Buy a yard of foam rubber sheeting one inch thick, and keep it on hand to replace powder puffs for your compacts and make-up boxes.

Just cut the latex foam to measure with an ordinary scissors, using your old puff as a guide for size.

Criticism Harsher Than Teachers'

Teen-Agers Pan Their Own Behavior

By EUGENE GILBERT
When it comes to classroom behavior, teen-agers don't regard themselves as teacher's pets. This is pretty much in line with what the teachers themselves recently told us about it. But the young people are a little tougher on themselves.

Of the 955 young people we polled, a small majority (48 per cent of large city students and 57 per cent of small town school-goers) agree that students aren't as well behaved as they used to be.

The teachers were a bit more lenient in their appraisal of behavior, tallying 56.50 on the issue.

But in spite of laxer discipline (which the young folks don't always like), the pressures of modern living and gripes about "know-it-all" teachers—our teen-agers feel they are as happy as high school students ever were.

Where there is discontent, we found that boys especially feel there is too much emphasis on the importance of good grades and school success.

Many teen-agers also told us they feel a sense of strain from their social life. A number of young people complained of too much leisure time.

RURAL-URBAN SPLIT
We found some interesting variations between boys and girls in

big cities and small towns. Of those polled 36 per cent attend large city schools; 54 per cent, small city schools; 22 per cent, small town schools and 5 per cent, consolidated schools.

In small towns, 55 per cent of the boys but only 33 per cent of the girls say students are as well behaved as ever.

Big city boys and girls are in closer agreement, with 38 per cent of the boys and 56 per cent of the girls saying discipline isn't all it should be.

Among those who think students aren't as well behaved as formerly is Sandra Lee Goodwin, 16, of Hartford, Conn., who says, "I think they have more freedom, consequently they are wilder."

On the other side of the fence is Bernette de Boer, 16, of Lemars, Iowa, who says, "People are just making a bigger issue out of those who are bad."

Most of the young people blame poor behavior on laxer discipline

at home. Jean Manley, 17, of St. Paul, Minn., says, "Students feel no real need of behaving because no one insists that they do."

INADEQUATE TEACHERS
The second most mentioned cause of misbehavior—especially by small town girls—was inadequate teachers who failed to impose firm discipline.

Big city students said the spirit of the times was the second biggest cause of behavior problems.

Under this heading they mentioned lack of instruction in good manners at home and school and permitting girls to go out without chaperones.

"If your parents aren't going to teach you how to act, who is?" asks Stanley Kwnietnick, 13, of Windsor Forks, Conn.

Kathleen Daniels, 17, of St. Paul, Minn., offered this explanation: "Parents have their own interests as well as the children and often they don't coincide."

Both students and teachers were in accord on whether high school students are as happy now as they once were. The answer: generally, yes.

Printed Pattern 4571: Misses Sizes 10, 12, 14, 16, 18. Size 16 takes 2 1/2 yards 35-inch fabric.

Printed directions on each pattern part. Easier, accurate.

Send fifty cents in coins for this pattern—add 10 cents for each pattern for first-class mailing. Send to Anne Adams, care of The Pontiac Press, 137 Pattern Dept., 243 West 17th St., New York 11, N. Y. Print plainly name, address with zone, size and style number.

Soft yellow nylon over bouffant glazed floral cotton for Mrs. Smith and Mrs. Thompson's blue and white suit were complemented by shoulder corsages of golden roses.

Retiring Principal Honored at Malkin
"A Day at Malkin School" with an all-school program honoring their retiring principal Lillian Davidson, was held Tuesday afternoon with the student body participating.

David Mihalik, announcer, presented Roberts-Walters and Bonnie Hunt, principal and secretary respectively, who carried on the events of the day. A Tribute to Miss Davidson was given by Danny Adler.

Concluding the program, Cynth Allen and Brenda Crenshaw, undergarments, presented Miss Davidson with a watch, a gift from the pupils. A scroll with Malkin pupils' names was an additional gift.

Honeymooning in South After Baptist Wedding

After repeating wedding vows to the Rev. Tom Malace Saturday afternoon in Emmanuel Baptist Church, the Lyle Thompsons left for the Southern states and the Great Smoky Mountains.

At the church reception, the Lawrence Smiths of Cherokee Road, parents of the former Doris Faye Smith, were joined by the bridegroom's parents, the Howard Thompsons of Boyne City.

The floor-length bridal gown of white Chantilly lace and tulle over silk taffeta featured a molded bodice and Sabrina neckline finished with seed pearls and sequins.

Long sleeves ended in wrist-puffs. Panels of ruffled lace in front and back fashioned the bouffant skirt.

ORCHID ON BIBLE
A fingertip veil of silk illusion was held by a jeweled hair. Resting on the bride's white lace Bible was a white orchid with lily-of-the-valley streamers.

Jean Murray, maid-of-honor, appeared in ballerina-length pink silk organza, with matching caplet and white gloves.

Bridemaids Marie Murray and Sharon Nichols wore identical dresses of lavender silk organza. All attendants carried cascades of lavender carnations.

Luanne Peterson, in floor-length pink organza, carried a basket of pink and white rose petals. Jimmy Peterson was ring-bearer.

Included in the espouse corps were the bridegroom's brothers, Norman, best man, and Lawrence, both of Boyne City, ushering with the bride's brother Wayne, David Miller and Larry Nichols.

The couple has just completed junior year studies at Midwestern Baptist Seminary.

Mrs. Mellebrand Hostess for Tea

Mrs. Elmer Mellebrand opened her Bloomfield Hills home for a tea and fashion show to honor the past presidents of Lambda Tau Delta, Detroit branch, philanthropic and social sorority.

Mrs. Mellebrand is the newly elected president of the Detroit branch.

Among those modeling casual dresses and sportswear were Mrs. Ellen French of Orchard Lake, Mrs. Harold Dietrich of Birmingham and Mrs. Charles Harris of Pontiac. Mrs. Jack Hooks of Pontiac was one of the committee members.

MRS. LYLE THOMPSON

Musical Set at All Saints Episcopal

Mrs. Everett Harris will present a musical at 7:30 p.m. Friday in the Rose Kneale room of Stevens Hall, All Saints Episcopal Church.

Participating are Danny Stockman, Marilyn Alexander, Mary Batollos, Jack Stockman, Kathy Walsh, Elizabeth Read, John Joseph Ruessmann, Glinda Cline, Margaret Bobach, Gary Sautter, Madeleine Ruessmann, Linda Butler, Roger Smith, Amy Ruessmann, Jodie Nouse, Jeffery Rothe, Anne Ruessmann, Joanne Field and Gregory French.

Also taking part in the program are Barbara Ann Munley, Jill Graham, Patrick Duerr, Judith Jesse, Bruce Hall, Barbara Field, Mark Ruessmann, Rena Jean Alexander, Bettie Lott, Marcia Nowald, Gary Melton, Kay Cline, Nancy Nouse, Priscilla Read, John Rodie and Robert Harris.

April-May Group Has Luncheon

Mrs. Leslie Huntwork opened her Erie drive home to the April-May group of First Presbyterian Church for a recent luncheon.

Serving were Mrs. H. W. Finigan, Mrs. Lyndon Salasbriel and Mrs. James White. The group adjourned until September, at which time members will meet with Mrs. John Heitch on Elizabeth Lake road.

Perks You Up for Evening

Bath Great Refresher

By JOSEPHINE LOWMAN

Once upon a time we took a bath for the sole purpose of getting clean. Today it provides us with a "breather" between hard, day-time work and reality, and the less arduous hours and pleasant companionship of the evening.

Yet many women fail to take advantage of the wonderfully refreshing relaxation of a leisurely bath. Some busy, distraught housewives and mothers will hoot when they read this and will think, "How in the world can I take time for a leisurely bath in the late afternoon?"

If you have a half hour to give to a daily douching, most afternoons, so much the better. However, I am thinking of only 10 or 15 minutes and everyone can find that much time for themselves.

You will feel like a new woman and be much better able to enjoy the evening and to be a good companion if you will adopt the following suggestions.

The real secret of a relaxing bath is not so much a question of the time you spend in it as the art of using this period as a time for forgetting the responsibility of the day for a few minutes. The warm water is conducive to this and your muscles will relax under its influence.

It also will help you to relax and forget the trials and fatigue of the day if you will add some delightfully scented bath salts to the water. A few inexpensive bits.

Sylvan Gardeners Hold Patio Picnic

Members of the Sylvan Manor Branch of the Women's National Farm and Garden Assn. met for a recent patio picnic at the home of Mrs. Raymond Eddy of St. Joseph street.

A new telephone committee was appointed with Mrs. Merle Smith, Mrs. Kenneth McIntosh and Mrs. Ivan Post to serve for the coming year. A plant auction followed. The group decided to plant pine trees throughout the subdivision for the year's project.

So luxuries like bath salts, dusting powder and cologne can give you a tremendous lift, and take you out of the work-a-day world for a short while.

It is also an aid to keep all of your bath accessories in one convenient place in the bathroom so that you will not have to search for them. This always is tiring, looking for things!

So often it is failure to plan or lack of recognition of the great restorative qualities of such short stoppages in hurried, daily living which lead to serious weariness.

Of course this kind of bath is a beauty routine, too. Lack of tension leads to beauty and you also can cleanse your face and then apply a lubricating cream while the water is running in the tub. The warmth of the water will speed the absorption of the cream.

If you would like to have my leaflet "General Reducing Routine" send a stamped, self-addressed envelope with your request for leaflet No. 1. Address Josephine Lowman in care of The Pontiac Press.

Johnson's Total Hits 199½ Votes

Kennedy's Lead Cut as Texas Delegation Pledges 61 Ballots

WASHINGTON (AP) — Texas' pledge of 61 national convention votes to Sen. Lyndon B. Johnson for the Democratic presidential nomination raised the Texas senator's unofficial tally today to 199½.

It helped narrow the gap between Sen. John F. Kennedy of Massachusetts, leading the race with 363 convention votes, and second-place Johnson who had been running well behind for weeks. The home state vote for Johnson, the Senate majority leader, had been expected.

With 761 votes needed for the presidential nomination, the unofficial lineup, based on primary results, state convention actions, and Associated Press polls, stood today as follows:

Kennedy 383, Johnson 199½, Sen. Stuart Symington of Missouri 69½, Sen. Hubert H. Humphrey of Minnesota 51½, Adlai E. Stevenson 25½, others 256, and uncommitted 378.

Democratic delegates with 1,345 votes have now been selected, leaving delegates with 176 votes still to be chosen to round out the convention roster of 1,521 votes.

In a separate convention, Texas Republicans put 34 more delegates in the column of Vice President Richard M. Nixon for the GOP presidential nomination.

This put Nixon's unofficial total at 1,007 out of a possible 1,331, with only 666 required for the nomination.

A total of 1,383 GOP delegates have now been chosen. Thirty are backing Sen. Barry Goldwater of Arizona, two are supporting Gov. Nelson A. Rockefeller of New York, and 224 are uncommitted.

Only 68 Republican delegates remain to be selected as follows: Illinois 19 at large, Montana 14, New Mexico 14, and Virginia 30.

The facio-scapulo-humeral form in early adulthood and affects the facial muscles, shoulders and upper arms.

Takes Patience but You Can Do It

Build Your Own Hi-Fi

SAN FRANCISCO (UPI) — If you're a hi-fi fan — or would like to become one — you can save yourself a fair amount of money by building all or part of your components.

You'll find you get twice as much fun out of your rig if you put it together yourself. Isn't it brighter if you've never had anything to do with electronics before.

The instructions are so clear you can't miss — provided you follow them exactly.

FM tuner kits are put out by several electronics houses. After you've decided on the one you like, supply yourself with a screwdriver, long-nose pliers, wire cutter, razor blade, soldering gun and rosin-core solder.

If you've never done any soldering before, practice first. That is the most important part of the job ahead.

After you get your kit, the first thing to do is get acquainted with the parts. Check them off the list in the instruction book. Put the small parts in a muffin tin so they won't get lost. Then hang the big pictorial charts on the wall over your workbench so you can refer to them easily.

The first steps are the easiest. They call for mounting a number of the parts — such as the transformer and the tube sockets — on the pre-punched chassis.

Then you start the wiring. Most kits come with all the wire you'll need. The instruction book tells just how long to make each length of wire and where to run it. And you can consult the pictures on the charts to see what it's supposed to look like. The same goes for every other step, including wiring the resistors and capacitors.

It's essential during the wiring stage to have patience. And don't work more than two or three hours at a stretch. You can get tired and make a bad mistake if you overdo.

When you've got the tuner put together, you're naturally eager to plug it in and see how it works. That's just what NOT to do. Now is the time to go back over every single step from the beginning — and double check.

If everything is all right, plug

in the tuner and turn it on. If the tubes glow softly and if no smoke curls from the underside of the chassis, that's fine. Then you're ready for the final test.

You plug a jack into the back of the tuner and into your amplifier. Hook up your TV antenna to the tuner, if you like, but first disconnect the TV set from the antenna.

Turn the tuner and the amplifier on — and wait. A volume of glorious sound should come from the loudspeaker.

That's how to build an FM tuner. It takes only about a week of your spare time, and it's worth it.

President Ike Owns Cemetery Plot

HAMMONDSPORT, N. Y. (UPI) — President Eisenhower may not be aware of it, but there's a small plot of Steuben County land that's his as long as he remains chief executive.

A cast iron fence encloses the plot, about 30 feet square, which is the resting place of two pioneer residents of this area — Moses Crookston and his wife, Sara.

Located in a field on a promontory overlooking Hammondsport and Keuka Lake, the tiny cemetery plot was deeded to "the President of the United States" in the late 1880s—at the time Andrew Johnson was in the White House.

The deed provides that each successive President becomes the owner in trust of the property.

Chicken Pox Hits Zoo ... Believe It or Not

SAN DIEGO, Calif. (UPI) — A gorilla, a chimpanzee and an orangutan are believed to be the first animals to catch chicken pox through natural exposure to the virus.

Dr. Werner P. Heuschle of the San Diego Zoological Gardens reported that all three animals became ill when there was a chicken pox outbreak in San Diego County. The apes had been handled and petted by children.

More Inflation Will Come in Time With Labor Costs as Biggest Cause

By SAM DAWSON

NEW YORK (AP) — Prices can still go up despite the belief of the Federal Reserve Board that the threat of further monetary inflation is lifted for the time being.

The men who figure out the consumer price index in Washington say there should be little rise in the overall cost of living for awhile, with seasonal changes in the price of food affecting the index most.

But here and there prices continue to creep higher. And if business activity turns up in the fall as now predicted the trend will have strong support from that.

Higher prices are expected in some areas, notwithstanding the easing in interest rates, the greater and often surplus capacity to produce, the keener sales competition.

Men's clothing is expected to be a bit dearer in the fall. Makers say the prices will reflect wage increases.

CAR COST LOWER

The average cost of cars is lower on the official cost of living index. But that is mainly because of the advent of the compact cars and some sluggishness in the used car markets. Auto makers haven't found ways to trim the costs of cars comparable in size with the older models.

Computers in many metropolitan areas are more or less insured to having train fares go up every now and then. But now some eastern railroads are talking about a hike in freight rates, too. Railroad wage rates are going up.

Costlier freight would hit manufacturers and merchants first, and trickle down later to consumers.

Airlines are expected to be allowed to hike their fares too, to help them pay for the expensive jets that the traveling public prefers.

Users of steel haven't forgotten that wage increases are set for the end of the year. Many expect

to see the price of things made of steel to rise along with it.

Wage scales are expected to rise in several important industries this year, and some increases will be automatic under old contracts. This year's increase is averaging just below that of former years. But there is still the question of how much of the increased operating costs the manufacturers can absorb. Many contend they can't let profit margins go any lower.

Many have turned to automation.

to cut labor costs. But the new machines, tools and computers cost money. And that keeps a strong floor under prices just now.

Competition helps hold down prices. But it also leads companies to spend more on research, either for new products to get ahead of rivals or for ways of producing old products more efficiently. That also keeps corporate profits high.

The steepest rise in the cost

of living in recent years has been in the growing sector of services. This increase has shown little sign of slowing down. On the contrary, many of those in the service trades and professions say they are still trying to catch up with the rising prices on the materials and equipment and personnel costs that they must pay before they can serve you.

Relocating Cemeteries Means an Open Meeting

CAMDEN, Ark. (UPI) — The relocation of seven cemeteries in the northern part of the Beaver Dam Reservoir was discussed here recently.

According to the Army Engineer who called the meeting, all interested persons were welcome.

Mayor Opposes Furcolo for Dem Senate Bid

BOSTON (AP) — Mayor Thomas J. O'Connor of Springfield has challenged Gov. Foster Furcolo for the Democratic nomination for U. S. senator.

O'Connor, 34, said the Democrats need a candidate who can campaign against the incumbent, Sen. Leverett Saltonstall, a Republican, without having to spend his time defending his own record in public office.

O'Connor's name will be presented to the party's Massachusetts convention, probably on Friday.

Lithium, lightest of all metals, will float like cork on water or oil. It is used in the atomic bomb.

Mound Salad Roll in Crumbs

Comes warm weather, comes salad time on tables across the country. Just in time for the new season, that old-time favorite, chicken salad, appears with a fresh flavor accent in "Crispy Chicken Salad Mounds." Crisp celery, salted crackers and crumbled bits of bacon are combined to make a delicious crunch coating for each mound of salad. Served on fresh greens, this new treat is an easy, elegant meal-in-itself. Here's how to make it:

- Crispy Chicken Salad Mounds**
- 1 or 1½ single crackers, or 1 or 1½ salted crackers (1 cup crumbs)
 - 1 tablespoon bacon drippings
 - 1½ cups grated onion
 - 1 cup finely diced cooked chicken
 - 1 cup diced celery
 - 1 cup mayonnaise
 - 1 teaspoon prepared mustard
 - 1 cup sliced, stuffed olives
 - 1 teaspoon salt
 - 1 sliced green
- Crush crackers into medium fine crumbs. Pour into bowl. Cook bacon until crisp. Blot on absorbent paper; crumble, and mix with cracker crumbs. Stir in bacon drippings and onion. In another bowl combine diced chicken, celery, mayonnaise, mustard, salt and olives. Blend.
- Using a half-cup measuring cup as a scoop, scoop chicken salad mixture into the crumbs, rolling each scoop of chicken salad until well coated. Arrange on fresh salad greens and serve with mayonnaise. Makes 6 to 8 servings.

CRISPY CHICKEN SALAD MOUNDS — What an ideal! Roll mounds of chicken salad in a coating of cracker crumbs and bacon crumbles. You'll have a wonderful and different flavor combination. Serve on a plate garnished with tomato wedges and cucumber slices.

Use Lemon Fluff Frosting in Sunny Cake Layers

Just like young lovers, some flavors were meant to get together. For example, lemon and the subtle flavor of graham crackers.

You'll enjoy making and eating this luscious Lemon Graham Loaf, which features crushed graham crackers sprinkled on tempting new lemon fluff frosting mix. By popular demand, this mix is being added to a line of easy and home-made-tasting frosting mixes.

The secret of a great cake? Both cake and frosting must be top quality. Yet no homemaker wants to spend hours on one item of a meal. This new frosting mix, which whips up in a few minutes on an electric mixer, is a sunny-yellow fluff which is consistently successful and delicious.

Layers of this simply made butter cake are spread with this delicately flavored frosting and topped with graham cracker crumbs. Here is the recipe.

Lemon Graham Loaf

1½ cups sifted cake flour
1 cup sugar
1½ teaspoons baking powder
1½ teaspoons salt
1 cup soft butter
1½ cups lemon juice
1 egg yolk (½ cup), unbeaten
1 cup lemon fluff frosting mix
1 to 1½ cups crushed graham cracker crumbs

Heat oven to 350 degrees (mod). Grease and line with paper a loaf pan, 9x5x3". Sift dry ingredients together into bowl. Add butter, vanilla, egg yolk, ½ cup milk. Beat 2 min., medium speed on mixer or 300 vigorous strokes by hand. Scrape sides and bottom of bowl constantly. Add rest of milk. Beat 2 more min., scraping bowl constantly.

Pour into prepared pan. Bake 60 to 70 min., until toothpick stuck into center comes out clean. When cool split into 3 layers.

Prepare Frosting Mix as directed on pkg. Spread frosting between each layer and sprinkle with crushed graham cracker crumbs. Frost sides and top. Sprinkle sides of loaf generously with more crushed graham cracker crumbs.

Graham Nut Variation: In place

Avocado Salad Bowl

The smaller avocados available through the summer months offer many appetizing possibilities for lunch-in-the-patio. For one: Cut avocado in half lengthwise, remove pit and fill center with a mixture of cubed luncheon meat and canned apple sauce. All well chilled, of course.

Frosty Floats Quench Thirst

Ice cream floats for summer-time refreshment are a tasty thirst quencher and they are extra special when made with fresh or frozen berries. Nutrition minded homemakers know that the high quality protein, calcium and vitamins supplied by milk and ice cream help fill growing youngsters needs as well as being essential in the diets of all ages.

Filled to the brim with nourishing goodness, these Berry Ice Cream Floats can be made in a jiffy. With crushed berries and milk in the refrigerator and ice cream in the freezer, even the youngsters can whip up this refreshing cooler in minutes.

Serve Berry Ice Cream Floats with assorted butter cookies to friends that drop in or when it's your turn to entertain bridge club.

Berry Ice Cream Floats

2 cups fresh raspberries or sliced strawberries or 1 package (1-pound) frozen berries
1 cup sugar (omit if frozen berries are used)
1 quart chilled milk
1 quart vanilla ice cream
1½ cup whipping cream, whipped

Mash fresh berries with sugar; chill well. Add berries to milk. Scoop one half of ice cream into tall glasses. Pour fruit-milk mixture over ice cream. Scoop remaining ice cream into glasses. If desired, top with whipped cream. Garnish with additional berries. Makes 6 to 8 servings.

Dip Fish in Canned Milk

Gook fishing? If you have any luck, you'll find evaporated milk is tops for coating the fish for frying. Dip your cleaned fish fillets first in evaporated milk, then in fine dry bread crumbs before frying in bubbling butter. The fish will have a beautiful golden brown crust to enhance its good flavor.

Fruit Salad Doubles as Dieters' Dessert

Salads for dessert are an excellent idea for those on a slimming program. Here's one that's a satisfying dessert for calorie counters that has only 95 calories per serving.

Lemony Fruit Salad

2 egg yolks
1/2 cup lemon juice
1/2 cup lemon juice
1/2 cup pineapple juice

1 tablespoon unflavored gelatin
1/2 cup cold water
1/2 cup sugar
1/2 cup cold water
1/2 cup cold water
1/2 cup cold water

In a double boiler, make dressing by cooking egg yolks, sugar, lemon juice and pineapple juice until mixture coats spoon. Soak gelatin in water until softened, add to hot mixture, cool.

Beat non-fat dry milk and ice water until very stiff — fold into cooled mixture. Fold in fruit, turn into freezer tray and freeze until firm. Serve on lettuce or watercress. Makes 8 servings.

Little Cherry Tomatoes Provide Color, Flavor

Have you noticed? Little cherry tomatoes are becoming increasingly popular as consumers become aware of their flavor, states the Consumer Marketing Agent. They are around 30 cents a pint. You can cut these tiny cherry tomatoes in half, and then toss them with the lettuce salad. A portion of the pint of cherry tomatoes can add brightness to a salad, and you'll still have some left for the next time.

Care to Try Cheese Soup?

The variety in canned condensed soups contributes in a measurable way to our daily nutritional requirements. Soups are an excellent dietary adjunct and especially significant when included on a rational dieting menu.

The many ingredients in the different kinds of canned soups allow for a considerable range of nutrition.

Canned condensed vegetable soup . . . wealthy in nutrition

table soup water
1 cup (16 ounces) shredded cheese
1/2 cup (4 ounces) shredded cheese
1/2 cup (4 ounces) shredded cheese
In saucepan, combine soup, water, and cheese. Heat, stirring now and then, until cheese is melted, and soup is hot. Garnish with bacon. Makes 2 to 3 servings.

Roll cream cheese around a walnut or pecan, then roll in finely with a salad of orange, romaine chopped green olives. Delicious and sweet onion rings.

STRAW HAT CAKE—Here's a cake to honor the head of the house on his special day. Father's Day. The cake is made from a package mix. Your artistry comes in frosting it with Lemon Chip Butter Frosting to look like a straw hat. Just don't try eating the brim.

Create Straw Hat Cake for Father's Day Dessert

Family fun is the most fun of all, bringing laughter that echoes happily down the years. Certainly any family will take a gleeful—and memorable—delight in seeing this dapper "straw hat" cake served up for the head of the house on Father's Day.

Keep it a secret 'til serving time and enjoy the delighted reception your masterpiece gets when you serve it proudly at the end of your Father's Day dinner.

Father's Day Straw Hat

1 package white cake mix
1 Lemon chip butter frosting
1 lemon juice
Prepare cake mix as directed on package and bake in two 8-inch layer pans. Cool cake.

Lemon Chip Butter Frosting

1 cup (8 ounces) lemon chips
Dash of salt
1/2 cup sifted confectioners' sugar
1/2 cup butter
2 tablespoons milk

Melt chips in a saucepan over low heat. Cool. Cream butter and add melted chips, salt, and sugar. Blend. Then beat until light and fluffy—about 1 minute. Blend in beaten egg and milk and beat again until creamy and thick enough to spread—about 2 minutes.

To Make Father's Day Straw Hat

Reserve 1/2 cup frosting and cover with damp cloth. Cut a 12-inch cardboard circle and place one cake layer in center of circle. Place small strips of waxed paper around edges of cake completely covering cardboard. Cover top of layer with frosting. Place second layer over first. Frost tops and sides of cake.

Melt sweetened chocolate over

Fragrant Cinnamon Loaf Sure to Please Father

Father's Day is almost here. And nary a man can resist the temptation on what better way to pamper him on each day than turning out a batch of home-made bread. If he has a sweet tooth, add a spiral of cinnamon and a sugar icing for a loaf that will not only delight in flavor but heady aroma which will proclaim its baking-throughout the house. Father will not only appreciate it, he is sure to be voluble in his praise.

Place in greased bread pans about 3 inches. Let rise in warm place, free from draft, until doubled in bulk, about 65 minutes. Bake at 350 degrees (moderate oven) about 40 minutes. Ice top while hot with Plain Icing. Makes 2 loaves.

Cinnamon Loaf
1 cup milk
1/2 cup butter or margarine
1/2 cup sugar
1/2 cup brown sugar
1/2 cup warm, not hot, water
1/2 cup yeast
1/2 cup sifted enriched flour
1/2 cup sifted enriched flour
1/2 cup sifted enriched flour
1/2 cup sifted enriched flour

Scald milk. Add butter, 1/2 cup sugar and salt and stir to blend. Cool to lukewarm. Measure water into a mixing bowl (warm, not hot, water for active dry yeast; lukewarm for compressed yeast). Sprinkle or crumble in yeast. Stir until dissolved. Add lukewarm milk mixture. Add and stir in egg, then flour.

Turn dough onto a lightly floured surface. Knead until smooth and elastic. Place dough in greased bowl. Brush top lightly with melted shortening. Cover with cloth. Let rise in warm place, free from draft, until doubled in bulk, about 65 minutes.

Roll each half into an oblong about 8"x12". Brush each lightly with melted butter or margarine. Mix together 1/2 cup sugar and cin-

namon. Roll each half into an oblong about 8"x12". Brush each lightly with melted butter or margarine. Mix together 1/2 cup sugar and cin-

namon. Roll each half into an oblong about 8"x12". Brush each lightly with melted butter or margarine. Mix together 1/2 cup sugar and cin-

namon. Roll each half into an oblong about 8"x12". Brush each lightly with melted butter or margarine. Mix together 1/2 cup sugar and cin-

Father Deserves Special Menu

By JANET ODELL
Pontiac Press Home Editor

Once a year Father has his day. For a short time he can forget about the hard business of earning a living and bask in the warmth of his family's affection.

The children will try to be unusually good; even the dog will be shovelled off the most comfortable chair in order that Father may rest. And Mother will be in the kitchen (as usual), preparing his lord and master's favorite dishes.

Or they'll just all adjourn to the back yard and have a good old-fashioned steak roast.

Ever hear of barbecued Family Steak? It's a new way of fixing a thick cut of less expensive beef. Meat tenderizer is the secret.

Purchase a 2-inch thick cut of top or bottom round, round-bone arm chuck, sirloin tip, rump, or heel of round (Swiss Steak). It should weigh 3 to 3½ pounds if

boneless; or 3½ to 4 pounds with bone in.

Slash fat edges; sprinkle all surfaces of meat evenly with seasoned meat tenderizer as you would salt; do not add salt. Work tenderizer in deeply by piercing generously with kitchen fork. This assures penetration of the tenderizer and seals in juices and flavor.

Cover loosely with wax paper and refrigerate overnight. Alternate method: allow steak to stand at room temperature one hour before cooking.

Set barbecue grill 2 inches above coals; cook steak a total of 25 minutes for rare, 30 minutes for medium, frequently turning with tongs.

Place on meat board to carve. Using a sharp knife, cut steak in this diagonal slices across the grain. Cut with your knife at about a 30 degree angle to the meat board instead of perpendicular. Three or more slices

make a generous serving. The Family Steak serves 4 to 6 persons.

Many Dads list shrimp among their top favorite foods. The next time fried shrimp is on your menu serve it with this unusual hot sauce.

Hot Thousand Island Sauce
½ cup butter or margarine
½ cup flour
Dash pepper
Dash Worcestershire sauce
Dash onion
Dash tomato
1 cup mayonnaise
1 cup chili sauce

Melt butter in saucepan; stir in flour; pepper, Worcestershire, Tabasco, then milk. Cook over medium heat, stirring until mixture comes to boil. Remove from heat. Combine mayonnaise with chili sauce; stir into mixture. Serve at once without reheating. Makes about 2½ cups sauce, enough for 8 to 10 servings of fried shrimp.

Maybe your dinner plans include chicken. Make it Chicken

Curry and watch that man in the house pass his plate for more.

Chicken Curry
Cook 2 onions, chopped, in 3 tablespoons vegetable oil 5 minutes. Mix in 2 tablespoons flour, 1 teaspoon curry powder, ¼ teaspoon salt or more, dash pepper, 1 cup chicken broth, ½ cup raisins, 2 cloves. Stir till thick. Add juice and grated peel of ½ lemon, 2 cups sliced cooked chicken or turkey.

Cover, cook slowly 10 minutes. Serve with rice and parishes of chopped egg, water chestnuts, almonds, parsley, orange peel, peanuts, beets, 4 servings.

If calorie count is no barrier, you may want to try Father's day dinner at your house with a variation of strawberry shortcake. Called Strawberry Crown Torte, this dessert is a six-layer cake with berries and a lemon filling in between.

Strawberry Crown Torte
½ cup sifted cake flour
1 teaspoon salt
1 teaspoon cinnamon
6 eggs, separated
½ cup sugar

Stir with rice and parishes of chopped egg, water chestnuts, almonds, parsley, orange peel, peanuts, beets, 4 servings.

WHITER White

WHITER NYLON COTTON AND DACRON

No more yellowed nylon! No more dingy cottons. In automatic washers or regular washers, clothes come immaculately clean, really WHITE-white with Roman Bleach. This cleanser bleach dissolves the clinging film that yellows nylon, causes dinginess.

Discover the difference with Roman Bleach.

FAMILY STEAK - This tender juicy steak prepared with meat tenderizer, barbecued outdoors, and carved in slices to serve, provides a treat not only for Father but also for the entire family. This popular new cut serves 4 to 6 persons generously.

Stores Are Offering Good Buys in Beef, Turkey

There's good news for those who want steak this week, says the Consumer Marketing Agent, Mrs. Josephine Sawyer. Many stores are offering grain-fed beef for your choosing. And why is this? The amount of these cattle arriving in the markets a week ago were larger than they had been all year and about 25 per cent larger than a year ago. The result is simple - more beef available adds up to better prices for the shopper.

If you are looking for steaks to broil or grill, then check the quality or grade you buy. The order of tenderness is U. S. Prime, U. S. Choice and U. S. Good. Grades below there will be from older cattle or from young range-fed cattle which have not been fattened on grain.

Turkey in summer is no longer an oddity. Yearling hen turkeys may be just the meat for the special meal over the weekend. Even turkey parts are being cut from these.

Yearling hen turkeys are fully mature birds which usually weigh about 15 pounds. These mature turkeys are not as tender as "young" birds, but they are well-fleshed and have good eating qualities. The secret for cooking success is to use moist heat. This means that you put the cover on the roaster and turn the oven 325 degrees. Or, you might steam the turkey in aluminum foil in a 400 degree oven.

Considering the fact that pork supplies are decreasing, store emphasis on bacon, ham, spareribs and cold cuts may be good news for shoppers this week.

Larger milk supplies bring more than we actually consume as fluid milk in summer. Part of this "extra" milk is made into ice cream for the largest consumption of this favorite dessert.

If you choose ice cream for your family, did you know that it should be stored at zero degrees and used within 3 to 4

Officials Named for Dedication

Break Ground Saturday for New Public Library in West Bloomfield

WEST BLOOMFIELD TOWNSHIP — Civic leaders community officials will be on hand Saturday for the ground dedication ceremonies of the West Bloomfield Township Public Library.

The ceremonies will be held at 2 p.m. on the library site on Orchard Lake road near Walnut Lake road.

Following the invocation by Rev. A. Karl Boehm, of the Church of the Shepherd King, Mrs. Joel Warren, president of the Library Board, will break ground.

Mrs. Warren will be assisted in turning over the first spadeful of earth by the youngest member of the Young Friends of the Library, Alyse Spencer.

Township Supervisor John C. Reba, County Executive Paul S. Miller and Irvin Cohen, one of three men who donated the site to the library board, will speak briefly. Benediction will be offered by the Rev. Stanley Niewald, of Saint Mary's College in Orchard Lake.

"This occasion marks a step forward in the cultural and educational life of the community," Mrs. Warren said.

The present main library is situated in quarters in the former Keego Harbor Community Center on Orchard Lake road. However, the building has been sold which necessitates moving the library.

A branch library on Cedarbank road in the Westacres subdivision will continue to be used.

FUNDS APPROVED

Voters approved the library in a special election last August when they agreed to a one-half tax rate to be spread over a three-year period.

Total circulation of books by the library has reached the point where a large addition is badly needed to serve the township adequately, according to Mrs. Warren.

Circulation during the last fiscal year amounted to over 61,000. The previous year it was 50,000, and the year before that 39,200.

BIRMINGHAM ARCHITECTS

The Birmingham firm of Stichel, Jaroszewicz and Moody are the architects for the new building. It will contain separate service areas for adults and children, a staff room, work room and multi-purpose room with kitchenette for community functions, a reading room and large room for lectures, movies or exhibits.

Plan Vacation School

TROY — The First Presbyterian Church of Troy will sponsor a Vacation Bible School for children between four and 11 years of age from 9:30 a.m. to noon daily Monday through Friday next week.

Becomes Mrs. Spoor in White Lake Church

DAVISBURG — On a honeymoon trip to New York and along the East Coast are area newlyweds Mr. and Mrs. Charles P. Spoor, following their wedding in the White Lake Presbyterian Church Saturday.

The bride is the former Beverly Jane Opdyck, daughter of Mr. and Mrs. Paul Opdyck of 5601 Orchard Rd. Her husband is the son of Mr. and Mrs. Bert Union of Lombardy Dr., Highland.

A floor-length gown of nylon organza trimmed with chantilly lace over net and tulle was chosen by the bride for the handfasting ceremony. Her chaste lace bodice was trimmed with sequins and pearls.

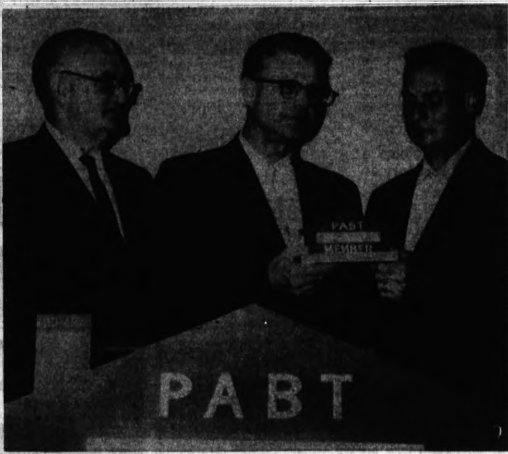

She wore a chapel-length, silk illusion veil secured by a tiara of tulle and pearls and a bouquet of white carnations, lily of the valley and stephanotis with a white orchid center. Her pearl necklace was a gift of the bridegroom.

The bride's sister, Mrs. Darlene Waldrop, assisted her as matron of honor. Bridesmaids were Sandra Buck and Jean Young of White Lake, and the bride's cousin Maxine May of Hazel Park.

Marjorie Opdyck and Carol King were flowergirls. Betty J. Waldrop was ring bearer.

The bridegroom's brother, John, served as best man. Seated the guests were the bride's cousin, Kenneth May of Berkeley, Ray Anderson of Utica and Jerry Vallette of White Lake.

Immediately following the ceremony, a reception was held at the White Lake Country Club. The newlyweds will live at White Lake.

OFFER IMPROVEMENT PROGRAM — The aims of a new, non-profit corporation called PABT, which involves an area along Auburn road from the Pontiac city limits nearly to Utica, are being outlined at a series of meetings in the Auburn Heights area. Explaining the re-

juvenation program last night at Elmwood School were, from left, William G. Whitcomb, temporary Board member of PABT; W. H. Bass, temporary Board president; and Roger Page, who is working on the current membership drive.

Orion Twp. First to Adopt Civil Defense Ordinance

ORION TOWNSHIP — A Lake Orion-Orion Township Civil Defense ordinance, first of its kind in the state, has been adopted by the township. Similar action on the new ordinance is expected soon by the village.

Originally drafted in January, the ordinance has been revised to comply with state statutes setting up the powers and duties of local legislative officers and civil defense personnel.

YEAR IN MIND

Dr. Richard A. McNeill, local civil defense director, said that he and members of the CD Board spent a year working on the measure.

New Medical Center to Open in Wixom

WIXOM — A medical clinic will open here July 1, it was announced today. The clinic at 648 Wixom Rd. will be operated by Dr. Arnold Katz, presently associated with the Pontiac Osteopathic Hospital.

The \$25,000 building will house private consulting rooms, four treatment rooms with complete laboratory facilities and a waiting room. It will occupy 1,300 square feet, and is being constructed by John W. Stoppert and Associates of Milford. All rooms will be fluorescent-lighted and air-conditioned.

Becomes Mrs. Spoor in White Lake Church

DAVISBURG — On a honeymoon trip to New York and along the East Coast are area newlyweds Mr. and Mrs. Charles P. Spoor, following their wedding in the White Lake Presbyterian Church Saturday.

The bride is the former Beverly Jane Opdyck, daughter of Mr. and Mrs. Paul Opdyck of 5601 Orchard Rd. Her husband is the son of Mr. and Mrs. Bert Union of Lombardy Dr., Highland.

A floor-length gown of nylon organza trimmed with chantilly lace over net and tulle was chosen by the bride for the handfasting ceremony. Her chaste lace bodice was trimmed with sequins and pearls.

She wore a chapel-length, silk illusion veil secured by a tiara of tulle and pearls and a bouquet of white carnations, lily of the valley and stephanotis with a white orchid center. Her pearl necklace was a gift of the bridegroom.

The bride's sister, Mrs. Darlene Waldrop, assisted her as matron of honor. Bridesmaids were Sandra Buck and Jean Young of White Lake, and the bride's cousin Maxine May of Hazel Park.

Marjorie Opdyck and Carol King were flowergirls. Betty J. Waldrop was ring bearer.

The bridegroom's brother, John, served as best man. Seated the guests were the bride's cousin, Kenneth May of Berkeley, Ray Anderson of Utica and Jerry Vallette of White Lake.

Immediately following the ceremony, a reception was held at the White Lake Country Club. The newlyweds will live at White Lake.

Pontiac-to-Utica Dwellers Form PABT Organization

By LEE WINBORN

Realizing the new potential of Auburn road property east from Pontiac almost to Utica, residents and businessmen along the strip are seeking over-all rejuvenation of the area.

They have formed a new organization called PABT to achieve their common goal.

The area involved includes sections of Pontiac, Avon, Bloomfield townships and Troy — explaining the significance of letters in the nonprofit corporation's title.

Currently a series of meetings is being held to acquaint residents of the area with tentative objectives of the organization which is designed to be a unit of representation for the Auburn Heights area.

Since Auburn Heights itself has no formal governing body, directors of PABT believe their unit might well be the agency through which the "progressive future" of the community could be achieved.

It is designed to coordinate the orderly development of the four communities, to support projects that tend to improve the standards of the area and to organize those persons and organizations interested in community betterment.

It has been decided that the exact policies, the areas to be covered and objectives will be determined by people who join the organization.

June 13, delegates from all PTAs, the American Legion, service groups and churches will meet with R. Grant Graham, Auburn Heights attorney, to set up mechanics for an election of officers and directors of the new organization. Graham is on PABT's temporary board of directors.

The corporation was formed by a group of Auburn Heights business and professional men who, through a discussion of the area's potentials, agreed that some formal organization was needed to work on a plan of community betterment.

Dr. McNeill and his staff already have organized and trained one of the most active CD units in the state with programs of education and drill constantly in progress.

The new ordinance becomes effective 30 days after publication following its adoption by the Village Council.

In addition, the ordinance covers commandeering and requisitioning of supplies, equipment and facilities and outlines the duties and powers of the director and his staff.

In the event of attack or natural disaster, the township supervisor and/or village president may declare a state of emergency and direct operational control of all civil defense units and helpers.

It is provided, however, that these officials' powers be subordinate to any similar power granted to the governor by any legislative act.

The purpose of the ordinance is to coordinate all civil defense functions of the township and village with comparable functions of the county and state, their departments and agencies.

The CD director will be appointed by the Village Council and Township Board, the ordinance provides. He shall continue in office at the discretion of the two governing bodies.

Among the director's duties are:

Smitha, Huizenga Attend Parley of Kiwanians

ROCHESTER — Two Rochester Kiwanians, Robert Smitha and Richard F. Huizenga, will attend the Kiwanis International Convention in Miami June 26-30.

Smitha, his wife Polly, and their two children will leave by plane Saturday for Florida. They will meet Huizenga, his wife Leone, and their children who drove to the convention.

Smitha is president of the local club and Huizenga is lieutenant governor of Michigan District No. 1 of Kiwanis. The two men will be the official delegates from the Rochester club and will be among the 15,000 expected to attend the convention.

Bass cited assets of the Auburn Heights community which include the Clinton River, a railroad, new

LOCAL INDIANS FEATURED — The Minne Tonka Indian Dancers of Madison Heights will be featured at the all-state, all-Indian pageant opening tomorrow for two days at Petoskey. Seated at the drums is Charles Phillips of 27465 Osun St., Madison Heights, a full-blooded Sioux. He organized the group to preserve Indian lore. His wife, a member of the Ottawa tribe, is at right. Their son Charles Jr., the youngest member of the group, picks up the beat here.

Broadway stage star Ruth Lybia, in North Africa, became Gordon was born in Wollaston, independent of Italy in 1932. It has a population of 1,136,000.

Lake Orion PTA to Pass on Bylaws, Hold Election

LAKE ORION — The Lake Orion PTA Council will hold its final organization meeting at 7:45 p.m. today in the Lake Orion Community High School library.

On the agenda are ratification of the bylaws and election officers.

Nominees are Mrs. Martin Parley, for president; Mrs. Lyle Cox, for first vice president; Mrs. Eugene Mathews, second vice president; Mrs. Robert Williams, recording secretary; Mrs. Floyd Palmer, corresponding secretary; Mrs. Lynwood Shields, treasurer; and Mrs. Lloyd Landstrom, historian.

Sponsors Field Days Saturday and Sunday

SHELBY TOWNSHIP — The Shelby Township Metropolitan Club, Spirit 88, will sponsor Field Days Saturday and Sunday at LaVigne's Field, 24 Mile and Van Dyke.

Among the special events will be a horse show presented by the Macomb County 4-H Club, a quick-draw shooting demonstration by a local gun club, and water barrel fights.

There will be other exhibitions and demonstrations by local police and firemen plus a display of army tanks for the Detroit Tank Arsenal and a missile from the Delta Nile site.

No admission will be charged, and firemen's hats will be given away free to children.

The programs will start at noon each day with dancing planned both evenings. Refreshments will be served.

Bank Robberies Less in Past Few Months

NEW YORK (UPI) — There were 12 successful bank robberies netting \$422,267 in the six months ended Feb. 29, 1960, according to the American Bankers Assn.

This compared with 142 holdups and a total of \$734,740 in the same period the previous year. Banks were robbed of a total of \$855,226 in the past year, but of this \$452,230 was recovered.

Paraguay became independent of Spanish rule in 1811.

Rules Against Ban on Towing Trailers

GRAND HAVEN (U)—A temporary Ottawa County Circuit Court injunction has set aside a ban on towing of house trailers into state parks by commercial vehicles. No date was set for a show cause hearing.

The Conservation Department has been enforced this spring. It provided that every camping trailer must be towed into place

by the vehicle-owned-by-trailer occupants.

Herman Vander Zwagg and Charles McCarthy, Grand Haven trailer renters, filed suit on grounds that the ruling is arbitrary and confiscatory. They further claim it limits the parks to persons with vehicles powerful enough to haul a trailer and favors trailer owners.

Circuit Judge Raymond L. Smith issued the temporary restraint against the state ban yesterday. The ruling generally affects state parks at Grand Haven and Holland. Grand Haven issues about 3,000 trailer permits each summer.

Bill Would Up Milk Supports

Administration Backs Secretary Benson Who Opposes More Surplus

WASHINGTON (U)—The Senate Agriculture Committee Wednesday approved a bill which would raise minimum government price supports on milk used for manu-

facturing purposes, and for butterfat, above the levels fixed by Secretary of Agriculture Earl Tamm Benson.

The measure, opposed by the administration, would raise minimum supports for manufacturing milk from 6.4¢ to 6.5¢ a hundredweight and for butterfat from 58.6 to 59.6 cents a pound.

Sponsors said the higher minimums would apply for the balance of the current milk marketing years which began April 1, but would not be retroactive.

Sen. William Proxmire (D-Wis.) said the higher minimums would increase income for dairy farmers by an estimated 180 million dollars, included 40 million in Wisconsin.

He denied that the higher supports would force increased government purchases of milk, butter and other dairy products.

Fishing Worms Squirm No More, Says U. of M.

ANN ARBOR, (AP)—The aquaria has been taken out of the worms.

Manufacturers have developed a plastic worm that "feels pure like a worm but a real one," says Karl F. Lagler, chairman of the Department of Fisheries at the University of Michigan. "And they catch fish," he said.

West Berlin Takes Bormann's Property

BERLIN (U)—West Berlin's De-nazification Court Wednesday confiscated most of the Berlin property owned by Martin Bormann, Hitler's ex-private secretary.

The court levied a 35,000-mark (\$3,300) fine on his Berlin estate valued at 36,775 marks. The remaining 1,775 marks go to Bormann's eight children. Bormann is believed to have died in the 1945 battle for Berlin. A German court in 1954 ruled Bormann legally dead.

maintained that he escaped death in Berlin and is now living in Argentina.

The fine was levied under Allied occupation law demanding that the property of high-ranking Nazis should be seized. There was no explanation why the court waited until now.

Bormann's children are in Germany, Austria and Italy. His oldest son, Martin, is a Roman Catholic priest in Innsbruck, Austria.

The Bear has a population of five barrels of gasoline contain the same energy as one ton of coal.

PONDWORTHY — George Holloway Jr., left, and David Zimmerman, both 17, find their home-made submarine works fine in a pond near their Jarrett, Va., home. The "vessel" was assembled in spare time by the boys and consists of a truck axle mounted on wheels for movement, a 275-gallon oil drum hull, four 55-gallon drums for ballast, a 52-gallon compressed air tank and a discarded water heater. The sub has two-way telephone service and a radio is being installed.

August Primary Candidate Lineup . . .

LANSING (UPI) — Here is the lineup of the candidates who have filed for the top state and federal offices on the Aug. 2 primary ballot.

GOVERNOR
Democrats — Secretary of State James M. Hare, Lt. Gov. John B. Swainson, and Detroit councilman Ed Connor.
Republican — Paul D. Bagwell, the 1958 nominee.

U.S. SENATOR
Democrat — Patrick V. McNamara, incumbent.
Republicans — Rep. Alvin M. Bentley and Donald S. Leonard.

LIEUTENANT-GOVERNOR
Democrats — Rep. T. John Lesinski, Detroit; William J. Coughlin, Dearborn; George H. Dougherty, Flint; and Richard F. Vander Veen, Grand Rapids.
Republicans — Rep. George W. Sallade, Ann Arbor; Sen. Edward Hutchinson, Fennville, and Clarence A. Reid, Detroit.

Outstate congressional districts:
2ND
Democrats — Thomas P. Payne, Ann Arbor.
Republican — Incumbent George Meador, Ann Arbor.

3RD
Democrat — Samuel L. Clark, Kalamazoo.
Republican — Incumbent August E. Johansen, Battle Creek.

4TH
Democrats — W. J. Bryan Jarvis,

Dowagiac, and Edward Burns, Douglas.
Republican — Incumbent Clare E. Hoffman, Allegan.

5TH
Democrats — Robert E. Gersch, Grand Rapids, and William G. Reardon, Grand Rapids.
Republican — Incumbent Gerald R. Ford, Grand Rapids.

6TH
Democrat — Jerome F. O'Rourke, Flint.
Republican — Incumbent Charles E. Chamberlain, East Lansing.

7TH
Republicans — Incumbent James G. O'Hara, Ulica, Richard A. Guzowski, Warren, and Henry J. Lesinski Sr., Armada.
Republican — Robert J. McIntosh, Port Huron.

8TH
Democrats — Karl E. Mikko, Carson City, and Mary M. Harden, Carson City.
Republicans — Joseph J. McMillan, Saginaw; Arren Van Borne, Ionia; Harvey D. Walker, Saginaw; James Harvey, Saginaw; Arthur Dillon, Bay City, and Gregory M. Pillon, Durand.

9TH
Democrat — Donald G. Jennings, Frankfort, and Max S. Primer, Muskegon Heights.
Republican — Incumbent Robert P. Griffin, Traverse City.

10TH
Democrat — Daniel E. Reed, Midland.
Republican — Incumbent Elford A. Cederberg, Bay City.

11TH
Democrat — Prentiss M. Brown Jr., St. Ignace.
Republican — Incumbent Victor A. Knox, Sault Ste. Marie.

12TH
Democrats — William J. Bolog, Mt. Pleasant, and Robert C. McCarthy, Marquette.
Republicans — Incumbent John B. Bennett, Ontonagon, and Walter L. Riedy, Chassell.

Wayne County congressional districts:
Democrat — Incumbent Victor A. Knox, Sault Ste. Marie.

18TH
Democrat — Eugene J. Niparko, Ferndale; James Kelle, Berkeley; Ralph T. Johnson, Oak Park; Leo P. Meagher, Farmington Township; George E. Lemox, Royal Oak; Joseph Kadane, Detroit.
Republican — William Broomfield, Royal Oak.

Mr. Lord From Heaven Proves He's No Saint
MIAMI, Fla. (AP) — A criminal court complaint bore the following information: name — Lord From Heaven; occupation — harp tuner's helper; charge — drunkenness.

The defendant told Judge George E. Schulz he only gets drunk once a year. Schulz said, "your mother must have had great expectations" and sent Lord From Heaven home with the admonition "don't come back here for at least another year."

Drunk Commits Himself to State Hospital

LOS ANGELES (AP) — Emery T. Newbern, 39, will have plenty of time to read law now. He committed himself to Camarillo State Hospital Tuesday.

Newbern, arrested nearly 200 times for drunkenness, won notoriety as a jail cell barrister by drafting numerous appeals. On one of these, the California Supreme Court ruled a section of California's common drunk law unconstitutional.

The merchant seaman filed his own commitment petition in Superior Court after another branch of the court declined to order him to Camarillo.

Brasilia, new capital city of Brazil, is 625 miles northwest of Rio de Janeiro.

South Korea Adopts Limited Constitution

SEOUL, South Korea (AP) — The National Assembly Wednesday stripped the South Korean presidency of the vast powers Syngman Rhee exercised and adopted the British system of parliament democracy with a premier and cabinet responsible to the Assembly.

The Assembly approved the drastic changes in South Korea's 12-year-old constitution by a 208-3 vote. The president was reduced to a nonpartisan, ceremonial head of state elected by the Legislature for a five-year term.

Acting President Hub Chung signed the amendments into law and proclaimed the new form of government.

The Gulf of Mexico has an area of 618,200 square miles.

Visitors to the Kremlin in Moscow over their shoes to protect the floor must wear canvas slippers.

UAW Loses Out in Chrysler Bid

DETROIT (UPI)—The National Labor Relations Board Wednesday

made it official that the United Auto Workers Union has lost its bid to represent 1,246 white-collar workers at Chrysler Corp.'s Miraflores plant in Sterling Township.

An NLRB spokesman said a check of 130 ballots in the June

representation election did not change the outcome. The tally as originally reported was 412 votes for the UAW and 532 for no union.

The atmosphere on Miraflores was mostly carbon dioxide.

Rev. Press of Wayne Re-Elected Synod Head

SAGINAW, (AP) — The Rev. G. L. Press of Wayne was re-elected president of the Michigan District - Wisconsin Evangelical Lutheran Synod here.

The Rev. Hans Schultz of Chesaning was elevated from second to first vice president.

Benjamin Franklin noted that, "He that can have patience can have what he will."

Ortiz Willing to Give Loi Rematch

Junior 'Welter' Champ Changes Mind After Bout

Carlos Keeps His Title in Close Battle With Italian Challenger

SAN FRANCISCO (AP)—Junior welterweight champion Carlos Ortiz changed his tune today and offered Italian Duccio Loi, loser in a close and grueling 15-round title fight, a rematch.

Ortiz, 23-year-old Puerto Rican born New Yorker, before the first round bell, had contended Wednesday night's nationally televised title bout would be a warm-up, a stepping stone to a battle with Joe Brown who holds the more lucrative lightweight boxing crown.

But after the split decision verdict, Ortiz commented, "Sure I'd give Loi a rematch. I think it would be a terrific match and would fill the Cow Palace."

Only 4,232 paying fans showed up at the 16,000-seat arena, paying a gross \$20,411 to watch Ortiz, 137½, and Loi, 140, belt each other.

Loi, a 33-year-old Italian from Milan who lost only his second of 12 fights, said he rejoined his hand in the second round. The hurt fist had caused a two-week postponement.

Loi said he would welcome a rematch.

The fight was so close Referee Vern Bybee and Judge Matt Zidich had it even after 13. Judge Fred Bottaro had Ortiz two points in front.

Bybee scored the last two rounds, both furious, for Ortiz. Zidich saw them for Loi; Bottaro had them even. The AP gave each a round.

The final verdict: Bybee and Bottaro for Ortiz, 145-143 and 146-143; Zidich for Loi, 145-143. The AP had it for Ortiz, 145-143.

There were no knockdowns. Ortiz went down in the second for a moment but Bybee called it a slip.

Steve Klaus, Loi's manager, said if the referee had called it a knockdown his fighter would have won. Klaus declared he thought Loi won but agreed it was close.

Bybee said he thought Ortiz was the sharper in the final rounds and that "if the fight had been even I would have called it even."

Ortiz was a 9-5 favorite but he had his hands full for the entire 15 rounds. He thought he finished strong and Klaus, answering a question, agreed that Loi tired near the end.

The fight marked the first time Ortiz had ever gone 15 rounds. Loi had done it several times.

AP Photo

TAKE THAT — Italy's Duccio Loi, right, welterweight king of Europe bounces right off head of world junior champion Carlos Ortiz of New York in 9th round of their 15-round title bout last night at San Francisco. Ortiz retained his crown on a decision.

And He Wins at Detroit

Pritchett Tries 16-Pounder

Big Brandell (Bill) Pritchett, who has been setting records galore in the 12-pound shot during his prep career at Pontiac Central, tossed the collegiate weight yesterday and still came out ahead.

The 6-4, 225-pound PCH Junior, who set a national record in the 12-pound shot this spring in a high school dual meet with Farmington, switched to the 16-pound iron ball Wednesday at Detroit Thurston's track in the first of a series of outings called the AAU Olympic Development Meet.

Pritchett heaved the 16-pounder a distance of 47 feet, 9½ inches to beat all rivals in the shot-put competition.

Steve Jacobson of Birmingham

Seaborn won the broad jump with a leap of 23-3¼ and Pontiac Central's Jim Nelson paced the field in the novice half-mile race with a time of 2:08.

Jerry Young of Berkeley, now an MSU thincad, took 1st place in the three-mile race and Frank Carlsma, Detroit Denby's talented distance runner, who recently ran the fastest mile in Michigan prep history, won a half-mile sprint in 1:38.

One of the features of the meet was the appearance of Warren Cawley, the great hurdles star from Farmington High School who now attends Southern Cal. Cawley won the high hurdles in 14.6 and the 440 in 1:04.1.

Another of these AAU Olympic Development meets will be held next Tuesday night at Livonia Bentley.

Pontiac Central track coach Dean Wilson has announced that track practice will be conducted Friday night at Winder Field from 6 to 8 o'clock and all interested boys are invited to participate.

Two Shutouts in City Softball

Travis, Jacobs Blank Foes to Steal Show at Local Parks

Two shutouts plus another sparkling mound duel highlighted Wednesday night's City Softball League action at Beaudette and Northside parks. All four games were in the American division.

A three-hit performance by Walt Travis bettered Dale Badder's four-hitter as Arvo Realy defeated Dave's Beeburger, 1-0.

The winning run came in the 2nd inning when Al Hayward doubled to score Dick Ayling, who had walked and stolen 2nd base.

Elks No. 810 tallied twice in the 1st inning and made them stand up for a 2-1 triumph over the Pontiac Merchants behind the three-hit hurling of Gary Doe; Jerry Thomas lost on a seven-hitter, two by Ralph Alec.

Last night's 2nd shutout was a five-hit chore by R. D. Jacobs as Smith Silo conquered the Pontiac Police, 3-0. Ray Lewis paced Silo's six-hit attack with 3-for-3.

In the other scheduled contest, Moose No. 182 posted a 6-4 victory over CIO Local 384. John Warner made two safeties for the Moose and pitcher Bill Ryan limited the CIO to only two hits.

WEDNESDAY'S FIGHTS
CHATELAIN, R.B. vs. Yoon Dorelle, 190. Bala Ste. Anne, N.B. awarded decision over Ray Boney, 2½. New York City, 2½. In other scheduled contest, Moose No. 182 posted a 6-4 victory over CIO Local 384. John Warner made two safeties for the Moose and pitcher Bill Ryan limited the CIO to only two hits.

Whitelaw Takes Seniors Crown at Port Huron

PORT HURON (UPI)—C. H. Whitelaw, playing out of the Bloomfield Hills Country Club in Detroit, won the 39th annual Michigan Seniors spring golf tournament yesterday at the Black River Country Club here.

The 62-year-old Whitelaw shot a 74 on the par 71 layout for low gross in the field of 209 golfers. The runner-up was Dr. Martin F. O'Hara, 64, of Ypsilanti who carded a 76.

Hobby's 11-Inning Winner at Drayton

Hobby's pushed across two runs in the top of the 11th inning for a 4-2 triumph over Big Jim's last night in a Waterford National League softball game at Drayton Plains.

A base on balls, double, infield error and sacrifice fly netted two runs for Hobby's in the 11th and broke up the extra-inning struggle. Bob Almas was the winning pitcher in relief of Stan Barker.

The Eagles outbait Dobski's Bar, 11 to 5, but still lost a 5-7 decision in Wednesday's other National loop contest. Jim Thompson homered for the Eagles and teammate Dick Hobson made three hits in four tries.

Michigan NCAA Track Contender

BERKELEY, Calif. (UPI)—Seven defending champions compete in the NCAA track and field meet here tomorrow and Saturday and at least three face plenty of trouble in their attempted title defenses. Trying for second crowns are Bill Alley and Charlie Tidwell of Kansas in the javelin and 100 respectively, John Lawlor of Boston University in the hammer throw, George Kerr of Illinois in the ball-mile, Errol Williams of San Jose State in the high jump, John Macy of Houston in the steeplechase, and Dick Cochran of Missouri in the discus.

Alley and Lawlor rate heavy favorites to retain their crowns of their showings this year and Tidwell appears the class of the 85-man field in the 100 meter dash.

In trouble are Williams since Boston University's John Thomas and USC's Charlie Dunne (a 7.7 seven-foot jumper; Macy whose best time of 5:12 is much slower than the 4:53.3 by San Jose's Charley Clark; and Cochran who faces USC's Jim Wade and Arizona's Jim Burke among others. Kerr, the Jamaican speedster.

Kuzava Named Pilot

CHARLESTON, S.C. (AP)—Bob Kuzava, former major league pitcher, Wednesday was named manager of the Class A Charleston Sally League baseball club to replace Frank Seitz.

attending Illinois, will be favored in the 800 but Stanford's Ernie Conliffe, California's Jerry Siebert and Oklahoma State's Billy Stone present a stern challenge. The University of Southern California, back in the good graces of

U-D Star Back Linked by Lions

Bruce Maher, back from the University of Detroit, has signed a 1960 contract with the Detroit Lions, President and General Manager Andy Anderson announced today.

Maher, 5-11, 185-pounds, was chosen as a "redshirt" by the Detroit Lions on the 15th round of the 1959 Selection Meeting. Maher had a brilliant football record at the University of Detroit where he sported a 4.9 yard rushing average and caught 37 passes during his college career. He was twice named to the All-Catholic All-American team in 1958 and 1959.

Preliminary plans call for Coach George Wilson to use Maher at the flanker spot to utilize his great speed and pass-catching ability. However, Maher might see action as a defensive back as a member of Yale Lary's defensive crew.

Watch for the Searchlight in the Sky

National Canoe Championships on St. Joseph River

Olympic Prep Regatta Also This Weekend

Niles - Buchanan Area Host to Canoeers on Saturday, Sunday

St. Joseph River in the Niles-Buchanan area will be the site of the Olympic Prep Regatta and National Canoe Championships this weekend.

The National Championship Regatta is held each year to determine the paddlers who will meet the champions of the Canadian Canoe Association in the North American Championships. The Regatta will be held in Washington, D. C. July 30-31.

Winners of the Olympic Preparation Series will be selected on a performance basis to compete at Lake Sebago, New York, July 30-31 for the final U.S. Olympic team selection of 18 men and three women.

The sport of canoeing was added to Olympic competition at Berlin in 1936. Two basic classifications for canoes were established, the K type or Kayak and the C type or Canadian.

In 1948 when the games were resumed after the war, in London, the U.S. canoe team won a gold medal in the 10,000 meter C-2 race and also silver medals in the 1,000 meter C-2 and 10,000 meter C-1 races.

By 1956 however the strength of the U. S. team at Melbourne had diminished so that not a single medal was won.

Since then however, with coaching by former members of the medal winning Hungarian team, the U. S. team sees great chance of winning in the 1960 games.

For the first time, women will compete as members of the canoe team.

The regatta on the St. Joseph River will start at Noon Saturday with 20 events to follow. Starting time is the same on Sunday and 37 events will be held with presentations slated for 4:30 p.m.

Long Boat Better for the Fisherman

The longer the boat, the better it is for fishing.

This simple statement may be controversial, admits the Mercury outboard company, but it's backed up with facts that make sense.

First of all, the firm says, a long boat offers the obvious advantage of being able to fish more anglers than a short one. Elbow room may be no problem for still fishing, but when your partner winds up out in left field with a hunk of plastic bridling with treble hooks, you do have cause for worry.

A 14-foot skiff will carry three passengers in complete safety, but it doesn't offer the extra four feet of "ear insurance" that an 18-foot boat does.

A long boat doesn't necessarily mean a big boat, however. Size is as dependent upon beam as it is on length, and frequently long boats fall into the small-craft category as a result. Typical examples are the long, narrow "John boats," and the slender, round-bottomed skiffs which have always been popular in Canada. All such boats are "naturals" for fishing.

Defending Title

SPRING LAKE (AP)—Patti Shott, 17-year-old champion, defends her title today against a former winner, Mrs. Richard Babcock, in the 38th annual Spring Lake Women's Open Golf Tournament.

To protect your boat's hull, always be sure you have plenty of boats fenders available for use while tied up to a pier or to other boats.

ATTENTION, BOAT OWNERS

New IN and OUT Summer Service at BELL HARBOR (formerly Merrill Marina)

—Please note what we offer for \$90.00—
★ Boat and trailer stored in beautiful steel buildings under lock and key when not in use.
★ New high speed boat for proper launching.
★ Complete marine facilities.
★ Ignored storm warnings — 150 miles of inland quiet waters.
★ Located where fish are in abundance. Come and see us, and we know you will stay.
★ Same facilities offered for the transient boater at \$4.00 per day.
★ Also boat wells available — open wells \$75 and \$100 — covered wells for boats up to 50 ft.

LOCATION: 6370 N-29 Hwy. (near Colony Tower) on the North Channel — Pearl Beach, Algonac, Michigan

Boating

FIGURE NO. 1 — BOAT QUIZ

FIGURE NO. 2 — BOAT QUIZ

Let's Test Your Boat Knowledge

Every boatman should periodically refresh his memory on boating regulations, "rules of the road," boating vocabulary and other information pertaining to the use of his boat.

With this thought in mind, the Evinrude Boating Foundation has prepared a little refresher quiz that should bring some of these things to mind. For the expert on boating, it should be a snap. For the novice—well, he might learn something.

On this multiple-choice quiz you will find more than one correct answer in some of the questions. In others there will be only one correct answer. If you don't score at least 90 per cent, you had better do a little brushing up, take a Power Squadron course or consult with others who know the answers.

1. Blinding the end of a line to keep it from unraveling is referred to as: 1) whipping; 2) welding; 3) knotting.

2. If the two boats in Figure 1 maintain their course, a collision will result. The burden of avoiding the collision rests with: 1) the boat approaching the capsize; 2) the boat moving away from the camera; 3) both.

3. When proceeding through a marked channel, a buoy marked with black and white vertical stripes indicates: 1) an obstruction; 2) left side of channel; 3) mid-channel.

4. To properly board a small boat from the average-height pier: 1) step on the gunwale and then down into the boat; 2) keep the weight low, use the hands for support and step aboard as nearly amidships as possible; 3) jump into the boat.

5. If your outboard motor will not idle properly it may mean: 1) defective spark plugs; 2) a bent propeller; 3) improper fuel mixture.

6. Your boat has the right-of-way when: 1) leaving a slip or berth; 2) at a pier for open water; 3) overtaking another boat; 3) another boat is approaching your port side.

7. A structure built into the water on pilings or floats for use as a landing and mooring place is properly referred to as: 1) dock; 2) pier; 3) slip.

8. The carrying capacity of your boat is best determined by: 1) allowing 12 cubic feet of space for each 150 pounds of passenger or gear; 2) the number of seats; 3) the number of people who want to board.

9. The left side of your boat, looking toward the front is the: 1) starboard; 2) stern; 3) port.

10. In approaching a pier for a landing, only a landlubber would: 1) come in at high speed; 2) stop the motor before he had completed his landing; 3) keep the boat under control.

11. "Trimming" a boat refers to: 1) proper placement of cargo; 2) proper ballasting; 3) proper location of the windshield.

12. A useful knot used in joining lines of different size is: 1) clove hitch; 2) bowline; 3) sheet bend.

13. When operating your runabout, you are required to have life preservers aboard for: 1) every passenger; 2) only passengers who cannot swim; 3) only children under 10 years of age.

14. The greatest width of a boat is referred to as: 1) gunwale; 2) beam; 3) thwart.

15. Installing a lower pitch propeller on your outboard motor will likely: 1) increase engine rpm; 2) decrease the power; 3) give you more pulling power.

16. When pulling two water skiers behind the same tow boat: 1) lighter skiers should have shorter tow lines; 2) all tow lines should be the same length; 3) one tow line should be at least five feet shorter than the other.

17. The most important consideration when buying a boat is: 1) its color; 2) its intended usage; 3) the material of construction.

18. Of the equipment for his 14-foot runabout, the man in Figure 2 is required by law to have aboard: 1) an anchor; 2) life preservers; 3) a spare prop.

19. Boat fenders are valuable: 1) to ward off underwater obstructions; 2) as an aid to boarding; 3) protect the boat's hull when tied at a pier.

20. The best indication of a good boatman is: 1) the cost of his boating rig; 2) the frequency of his boating; 3) how he handles himself in and around his boat.

PROPER PLACEMENT OF THE LOAD in a boat is the best means of allowing the boat to move through or over the water in the manner in which it was intended. In the top photo, the load is concentrated too far aft, causing the boat to squat, giving an almost frightening tilt to the boat, and detracting from the performance of the motor. Below, the load is evenly balanced, the boat rides level in the water and the motor performs at maximum efficiency.

Coast Guard Has Collegiate Lead

Academy Sailors Hold 4-Point Advantage on Lake St. Clair

DETROIT (UPI) — The Coast Guard academy forged into a four-point lead after the first day of competition in the national collegiate sailing championships on Lake St. Clair.

The Coast Guard won three of the 12 races to pile up a total of 37 points and a four-point edge over second-place Princeton.

Navy tallied 13 points to claim third place with Boston University in fourth two points back.

Then came University of Detroit with 63, Ohio State 53, Occidental 49 and Stanford 34.

Princeton and Boston University also won three races today but the Coast Guard picked up more second and third place points to claim the advantage.

Detroit won two races and Ohio State won the other.

The championships will run today and tomorrow with 20 more races scheduled.

The two top sailing teams from four sections of the nation are entered in the event.

Exciting PYC Race Won by Phil Smith

An exciting spinaker run in the rain climaxed the Nits Owl race of the Pontiac Yacht Club Wednesday evening.

Fourteen boats sailed the 3-mile course in 35 minutes.

Winner of the race was Phil Smith with his crew Dave and Harold Davies.

Second place went to Al Oberon and his crew Bob Grisham and Mimi Harrison.

Andy Rausel Jr. took third with Dr. Leo Wasserberger and Bill Rolet.

Sorry, No Opponents!

Widing Brothers Plan Trip for Canoe Race

LeRoy and Al Widings, "Holly" canoeing brothers, aren't going to be too kind to their racing opponents this year.

The Widings boys are heading for British Columbia next Tuesday to take part in the 133-mile Northwest Brigade, which takes place July 1st.

Last year when they took off on the 133-mile trip they achieved a couple canoeing rivals, Ralph Sawyer and Jerry Wagner to tag along.

As it happened, Sawyer and Wagner, the Michigan State canoe champions, won the British Columbia race and the Widings finished second.

This year, Sawyer and Wagner have not indicated whether they are going to make the trip to defend their title and the Widings aren't going to press the issue either.

Both Widings families, including Al's six children and LeRoy's four children are making the trip as a vacation.

"The boys are certainly hopeful of winning the race this year," said Mrs. LeRoy Widings. "We still don't know whether Sawyer and Wagner will be entered."

The race is hectic affair. More than half of the entries failed to finish last year, failing to master the six big rapids which are included in the 133 miles of waterway.

Sunday, the Widings will race in Tawis before packing for the long trip to British Columbia.

Re-Flo System Aid to Outboard Trolling

Every outboard motor, no matter what its horsepower rating, is almost certain to be run frequently at trolling speeds, and at very slow rpm the fuel-air mixture entering the motor lacks the turbulence to keep it atomized, according to Bill Smale, division engineer at Evinrude Motors.

In order to prevent this unburned fuel from accumulating and to keep the engine running smoothly at slow speeds, Evinrude motors are equipped with a Re-Flo system which not only draws away the excess fuel into the exhaust system, but, in the process, uses it to provide additional main bearing lubrication desirable at slow speeds.

Detroit Finishes 2nd in Dragon Class Race

NEW ORLEANS (AP)—Skipper Charles Kober and John Moran started closing the ring on leader Gene Wale today after placing first and second in the fifth race of the dragon class Olympic trials on Lake Pontchartrain Wednesday.

Kober, from Long Beach, Calif., led the 21-foot fleet home by sailing a great final windward leg to the finish while Moran, of Detroit, Mich., followed suit by coming from eighth to second in the fifth race of the dragon class Olympic trials on Lake Pontchartrain Wednesday.

Wale finished ninth in the fifth Kober has 418.7 and the fastest race and shows 474.6 points while moving Moran 418.4.

Winner of the race was Phil Smith with his crew Dave and Harold Davies.

Second place went to Al Oberon and his crew Bob Grisham and Mimi Harrison.

Andy Rausel Jr. took third with Dr. Leo Wasserberger and Bill Rolet.

Books Too Tough for Florida's QB

GAINESVILLE, Fla. (AP)—The University of Florida's only experienced quarterback, Jack Jones of Commerce, Okla., is ineligible for his final collegiate football season.

Jones, who was on a cadet probation during the spring semester, failed to meet requirements of probation and was dropped from the university.

He appealed by petition to make up the scholastic deficiency in summer school but it was denied. Coach Ray Graves reported.

Ann Arbor Goffer vs. Medalist Today

ALBUQUERQUE, N.M. (AP)—Defending champion Steve Spry faced Keith Stevens of Wichita, Kan., as a field of 22 tied off today in the first round of match play in the Western junior golf tournament.

Qualifying medalist Labron Jr., Stillwater, Okla., drew Chuck Newton, Ann Arbor, Mich., for his opponent in the opening 18 holes.

This Woman Has Fun but It Is All in Vain

KNOXVILLE, Tenn. (AP)—Casting a quick, slightly guilty glance around the lobby of a Knoxville hospital, a woman visitor produced

a pair of scissors from her purse and proceeded to snip slips from the luxuriant plants. Then, she carefully wrapped the greenery in paper moistened at a drinking fountain and hurried outside—apparently to transplant the pretty—and artificial—growth.

Mad About Meteorites; Makes 'Em His Hobby

ATLANTA, Ill. (AP) — John White's interest in meteorites is more than mere curiosity. The 52-year-old television repairman was standing in his yard

when he heard a whiz, then felt a thud on his head. A pebble-like meteorite was burning a hole in his cap and had cut his head. Now White clings to the lima bean-sized meteorite as proof and studies meteorites as a hobby.

He Was Fickle, Fickle; He Broke Many Hearts

PHOENIX, Ariz. (AP) — A lot of broken hearts may have been left behind when Troy Lee Smith, 24, was sentenced to a year in prison for auto theft.

Tattooed on Smith's arms, shoulders, chest and back are the names Joyce, Kaye, Mae, Joan, Maxine, Ann and Rose. He has tattoos of a girl's head on his chest and the word "love" on the knuckles of both hands.

Find Joe Louis' Brother Dead in Detroit Home

DETROIT (UPI)—Lennie Barrow, 48, a brother of former heavyweight boxing champion Joe Louis, was found dead in his apartment Tuesday, apparently a

victim of carbon monoxide poisoning. He was found seated in a chair beside a portable gas heater by a brother and cousin, Barrow operated a shoe shine stand. Louis' real name is Joe Louis Barrow.

shop Sears for finer quality Harmony House furniture

800 Pontiac Teachers to Get Pay Increases

The Pontiac Board of Education last night voted to give \$179,769 in pay raises to the school system's 800 teachers.

The 367-member Pontiac Education Assn. originally asked for \$138,300 in salary increases.

The Pontiac Federation of Teachers (AFL-CIO), representing 150 teachers, had requested the Board to grant \$272,500 in wage hikes.

The resolution adopted last night was a modification of the requests of the two organizations and a proposed salary schedule drafted by the school administration.

The Board's action means that teachers with a bachelor's degree will receive a starting salary of \$4,600 per year — an increase of \$130.

The same teacher, at the end of 10 years, will receive a salary of \$7,600 — an increase of \$500 over the last year's wage scale at the maximum level.

A teacher with a master's degree will receive a beginning salary of \$4,810 — an increase of \$100 and \$730 after 10 years — an increase of \$270.

Wallace Schoerke, chairman of the PEA salary committee, said that the membership of his organization already has accepted the Board's action. The

LESS THAN YOU MIGHT THINK — Despite the awesome character of nature when in a destructive mood, less lives than you might think are sacrificed to the fury of storms. The total for a decade in continental United States as charted, above, for ages of tornadoes, hurricanes and floods comes to just under 3,100 lives. Flood figures are exclusive of lives lost in tidal waves, such as those accompanying the Louisiana hurricane of '37. Those fatalities are counted as hurricane deaths. Tornado top for the decade

of 516 deaths in '53 resulted from unusually severe twisters in Michigan-Ohio-Massachusetts-Texas. Hurricane toll in '53 can be laid largely to hurricanes Genie and Diane. Audrey was the killer in '37, and topped the toll to a decade high. In both '53 and '57, floodwaters paced the hurricane casualties. Both figures reflect the death toll. Flood figures for '58 and all yearly figures for '59 are tentative. Data as compiled by Metropolitan Life from Weather Bureau.

House Battles on Foreign Aid

Measure Should Reach Senate Without Many More Changes

By WILLIAM F. ARBOGAST
WASHINGTON (AP)—A \$3,384,500,000 foreign aid money bill faced a tug-of-war in the House today between groups wanting to cut it more and to increase it.

The bill's total already has been cut \$600 million dollars below President Eisenhower's requests. Advance indications were that the measure would go to the Senate late today or Friday in substantially the form recommended by the House Appropriations Committee.

The committee imposed the cuts last Monday, despite a last-minute protest by the President that the action would "jeopardize our own security and the defense of the free world."

The bill finances for the fiscal year starting July 1 the mutual assistance program designed to bolster friendly nations and to contain the spread of communism.

Republicans supporting the President's position lined up behind amendments to put back half the 400 million dollars cut from the President's request for two billion dollars for direct military assistance, and to restore 30 million of the 75 million cut from defense support funds.

They weren't counting on much help from the Democrats but were confident the Senate would put back into the bill all or some of the money denied by the House committee.

SHELAGH O'ROURKE

DANG XICH LAN

An average railway freight car today costs about \$8,500.

Name Top Students of Month at MSUO

Viet Nam and West Bloomfield Township have supplied Michigan State University Oakland with its "Students of the Month" for June.

They are Shelagh O'Rourke of 280 Pontiac Dr., West Bloomfield Township, and Dang Xich Lan, a Vietnamese student of 380 Donegal Dr., Avon Township.

A graduate of St. Michael High School in Pontiac, Miss O'Rourke was editor of her school newspaper, cheerleader and vice president of her class for two years.

At MSUO, she has served as editor of the first university yearbook, "The MSUO Story," staff member of the newspaper, "The Oakland Observer," and is an active member of the Young Democrats. She is also on the social committee of the Student Center Council.

She is majoring in liberal arts and plans a career teaching children overseas or in the communications field.

In contrast to the blonde cord's local educational background, Lan completed his elementary and secondary schooling in Viet Nam, Laos and Thailand.

He and his family, among 30,000 other Vietnamese, left their homes and went to Thailand as refugees of the war when the Japanese moved in.

In 1956, after four years of service with American and British firms in Bangkok, Thailand, Lan returned to Saigon where he became a working member of Michigan State University advisory program.

Last December he flew to MSUO for studies as a scholarship student. Only three months after entering the United States, Lan won a place on university's list of honor roll students.

Not Many Studying Shipbuilding in U.S.

ANN ARBOR (UPI)—The chairman of the University of Michigan department of naval architecture and marine engineering said today that more bright young people are needed in the field.

Prof. Richard B. Couch said that the fact that only 10 per cent of the nation's import-export trade is carried by American ships is the greatest challenge to this nation's naval architects.

Primary cause of this challenge is the combination of high U. S. shipbuilding and operating costs as compared to foreign ships, Couch said, and added that "this is a sad situation indeed and one we as a nation cannot afford to let continue."

Couch said this year only 45 students received B. S. degrees in the field in the entire nation and about 20 received advanced degrees. Ten of the U. S. degrees went to foreign students who are expected to return to their home-lands. Only Michigan, Massachusetts Institute of Technology and Webb Institute offer complete programs in the field.

3 Rebels Shot on Cuban Range

Convicted of Leading Revolt Against Castro, Killing Militia Leader

SANTIAGO, Cuba (U)—A Cuban firing squad executed rebel leader Manuel Beaton, 30, and two accomplices Wednesday. Shot with the former army captain were his brother Cipriano, and Felipe Martinez.

The end came a little more than 24 hours after a military tribunal had deliberated only 17 minutes to convict the three of leading an abortive revolt against Prime Minister Fidel Castro last April and killing peasant militia leader Maj. Francisco "Pancho" Tamayo.

Tamayo had gone unarmed into the mountains of Oriente Province in an attempt to persuade Beaton's gang to surrender.

Four priests and two doctors accompanied the condemned men from their cells to the firing range at nearby San Juan Valley. News men were not allowed to attend the executions. Witnesses said Cipriano Beaton asked that his hands not be tied.

Five other rebels were sentenced to prison terms ranging from 5 to 30 years. Seven youths were sentenced to reformatory until they reach maturity. One was acquitted.

In announcing Beaton's arrest last week, the army said Castro forces had captured members of his gang one by one until 16 had been apprehended. Beaton said poor health had forced him to surrender.

The executions marked the end of the most publicized insurrection against Castro since he took over Cuba Jan. 1, 1959.

The insurgents roamed eastern Cuba for more six months when Beaton had escaped from Havana's La Cabana fortress where he was confined in connection with the shooting of Maj. Cristino Naranjo at Cuban army headquarters last fall.

At his trial Monday, Beaton testified he had organized his band to fight against the Dominican Republic, whose leadership is among Castro's arch-enemies.

This was the first time in five months that firing squads have executed Castro's enemies. The deaths brought to 560 the unofficial toll of those executed during Castro's rule.

Politician Has System: No Eraser Is Needed

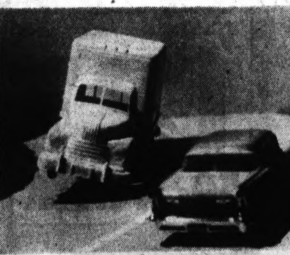

LINCOLN, Ill. (U)—Pencil being passed out to advertise the candidacy of a man seeking the office of Logan County coroner are in evidence.

"This pencil has no eraser because you make no mistake when you vote for Armin E. Frisbie."

Test YOUR Driving Skill

Skillful Driving

How to master 30 of the most crucial situations of modern traffic

By MAXWELL N. HALSEY

RIGHT OF WEIGHT

When you see that big truck coming you had better worry more about whether it is going to stop or can, than what the law says about who has the right of way. If it falls on you in the right way your worries are over. So sharpen up your interpretation of the law of self-preservation. No other law can get you killed quicker than the right-of-way law if you rely on it.

Clip and Save

Both Beaches Open for Summer at Kensington

Both beaches at Kensington Metropolitan Park near Milford are now open for the summer season and will provide swimming from 9 a.m. to dusk through Labor Day.

It was announced today by David O. Laidlaw, park superintendent, Martindale and Maple beaches, on opposite sides of 1,200-acre Kent Lake, each have a modern bath house, dressing rooms, showers, restrooms, basket checking services and food service.

Each beach has up to 25 lifeguards on duty and each beach house is equipped with a first aid station.

Other features of the 4,500-acre park include two boat launching slips, boat rental service, several large picnic areas, stores, picnic tables, shelters, "Island Queen" tours around Kent Lake, nature trails and the Nature Center, where on the summer schedule, the Nature Center is open daily from 10 a.m. to 5 p.m., including Saturdays, Sundays and holidays.

High Winds Cause Damage by Jackson

JACKSON (U)—High winds damaged at least 22 houses, knocked down some outbuildings and felled trees last night but the Weather Bureau said the storm was not a tornado.

Jackson State Police reported heavy windstorm damage just outside the southwest city limits. Winds also caused some damage at Spring Arbor, 10 miles west of Jackson. Police said some witnesses reported seeing a funnel.

State police said the winds never hit the ground but mostly were tree-top high.

The Lansing Post traced the path of the storm from southwest Jackson for about 11 miles to north of Concord.

Ignorance Cited by Sec. Mueller

Says It Brought About Twisting of Truth by Sen. Proxmire

WASHINGTON (U)—Secretary of Commerce Frederick H. Mueller has told Sen. William Proxmire (D-Vt.) that "through ignorance you twisted the truth."

The secretary was replying, by letter, to charges raised in the Senate Monday by Proxmire that the State Department improperly and wastefully bought \$89,400 worth of office furniture from Mueller's son.

The son, Frederick E. Mueller of Grand Rapids, Mich., had already disputed Proxmire and accused him of falsely implying that the Commerce secretary had an interest in the furniture firm, Mueller Metals.

The secretary said yesterday he had confidence in his son and was also proud to see him "stand up to the unfair attacks of a United States senator."

CLAIMS NO BIDDING

Proxmire had stressed that Mueller Metals got contracts from the State Department without competitive bidding and had flown one big order to Caracas, Venezuela, at an extra cost of more than \$30,000.

Mueller said the State Department informed him the furniture was flown in order to save the government money by rebid. He also said the department checked four other firms in a comparative price check.

Mueller said Proxmire was far off base in saying that he, as a member of the Foreign Service Buildings Commission, authorized purchase of furniture from his son.

Actually, he said, the commission hasn't met for 10 years and it hasn't had any furniture-buying authority for 21 years.

Furniture Show at Grand Rapids Shuns Modern

GRAND RAPIDS (U)—About 100 exhibitors put their best items forward today in opening the summer furniture market at Grand Rapids for a 10-day run.

Buyers from throughout the United States and elsewhere get a look at designs calculated to uphold the city's reputation as furniture style leader of the world.

Spokesmen for the furniture market indicate an increasing influx of new American, European and traditional design items.

Lansing is continuing the showing with winter use of luxury goods plus combinations of rare woods and modern designs.

Also in evidence is a continuation of high-style groups developed particularly for department stores and other inventory dealers.

Antiradiation Pill Due in Next Two Years

WASHINGTON (UPI) — An Army scientist said Wednesday he hoped a usable antiradiation pill to protect humans from the effects of radioactive materials would be available within two years.

LA. Col. James Hartgering, a doctor with the Army's life sciences division, said the pill apparently would protect an individual from both the immediate effect of radiation and also long term genetic damage.

He said the antiradiation pill that the Army hoped to have ready in two years would probably cause certain undesirable side effects—such as nausea and vomiting—but that it would still be effective.

Hartgering's testimony on the antiradiation pill was given to the House Space Committee, investigating the extent and nature of space medicine in the United States.

One eventual use of the pill, he said, might be to protect future space travelers from the effects of the Van Allen radiation belt.

"If this medicine proves as effective as we hope," he said, "it may eliminate the need for heavy and elaborate radiation shields to protect future space men."

State Supporters of Adlai Ready

They'll Demonstrate for Candidate When Dem Delegates Gather

DETROIT (AP) — Michigan Democrats boosting Adlai E. Stevenson for president said today they would stage a demonstration when delegates to the National Democratic Convention assemble Saturday for a pre-convention caucus.

A motorcade of Stevenson backers will travel from Detroit to East Lansing to greet the delegates, said Mary Jennings, manager of the Michigan Stevenson-for-President headquarters.

"We'll have posters, signs and petitions signed by at least 10,000 Stevenson supporters in the Detroit area alone," she said. "We want to impress the delegates that they are free to vote for the candidate of their choice."

The planned demonstration was all the state's 51-vote delegation to the support of Sen. John F. Kennedy, of Massachusetts.

FRIENDLY FOES — Democratic Rep. Quentin N. Burdick (left) and Republican Gov. John E. Davis, rivals for a U. S. Senate seat in a special North Dakota election June 28, trade broad smiles as they meet on the campaign trail.

The two came together at the opening of John Moses Memorial Park in Hazen. The park is named in honor of the late governor and U. S. senator.

Chief food dish of Thailand, formerly Siam, is composed largely of fish and rice.

There are about 12 billion dollars in 900,000 gold bricks stored today in Ft. Knox.

Walkout Dubbed Wildcat

Pilots Ignore Order to End 6-Day Strike

MIAMI, Fla. (AP) — Pilots, at odds with the Federal Aviation Agency, Eastern Airlines and their own association, remained off their jobs today despite a court order to halt the six-day "wildcat" walkout.

Most pilots' home telephones were answered. On those that were, airline callers were told the pilot was out and couldn't be reached.

A single EAL flight left Miami Wednesday—flown to New York by Capt. Edward Rordam, an official of the Air Line Pilots Assn. which has called the fliers' walkout a wildcat strike.

Rank and file pilots told newsmen, "The men aren't about to go back. They're fed up by the company's trying to get the men clobbered for contempt of court."

The pilots walked out Friday in protest to FAA flight check inspectors' use of cockpit seats non-

Two pilots were hauled into U.S. District Court on contempt hearings in connection with failure to obey an oral court order to work. The charges were thrown out.

Eastern has said it is losing 1/4 million dollars daily because of the tieup of its planes at Miami. EAL planes which fly into Miami—and most of them normally do every few days if only for a mechanical checkup — are grounded for lack of pilots to fly them out.

In Chicago, three southbound nonjet EAL flights were made on schedule Wednesday.

A federal court order in Chicago was credited with averting similar walkouts by pilots of American, Trans World and Pan American Air Lines.

Varied Portfolios Down Despite Market Rally

NEW YORK (UPI)—Despite the recent sharp market rally, the balance of 1960 could continue to be a disappointing period for those who have overdiversified their holdings, the Investors Advisory Institute indicated this week.

The Dow-Jones industrials didn't reach their peak until January 1960, the shares of many key industry groups had been experiencing price erosion for more than a year.

The institute blames the distortion on the fact that the D-J industrial average is not truly representative of a broadly diversified portfolio—but is somewhat influenced by the behavior of a smaller group of individual and often high-priced stocks that move on the basis of independent factors.

Whitelaw Takes Seniors Crown at Port Huron

PORT HURON (UPI)—C. H. Whitelaw, playing out of the Bloomfield Hills Country Club in Detroit, won the 39th annual Michigan Seniors spring golf tournament yesterday at the Black River Country Club here.

The 63-year-old Whitelaw shot 72 on the par 71 layout for low gross in the field of 209 golfers. The runnerup was Dr. Martin F. O'Hara, 64, of Ypsilanti who carded a 76.

Hobby's 11-Inning Winner at Drayton

Hobby's pushed across two runs in the top of the 11th inning for a 4-2 triumph over Big Jim's last night in a Waterford National League softball game at Drayton Plains.

A base on balls, double, infield error and sacrifice fly netted two runs for Hobby's in the 11th and broke up the extra-inning struggle. Bob Almas was the winning pitcher in relief of Stan Barker.

The Eagles outthrew Dobski's Bar, 11 to 5, but still lost a 9-7 decision in Wednesday's other National loop contest. Jim Thompson homered for the Eagles and teammate Dick Hobson made three hits in four tries.

Michigan NCAA Track Contender

BERKELEY, Calif. (AP)—Seven defending champions compete in the NCAA track and field meet here tomorrow and Saturday and at least three face plenty of trouble in their attempted title defenses. Tying for second crowns are Bill Alley and Charlie Tidwell of Kansas in the javelin and 100 respectively, John Lawlor of Boston University in the hammer throw, George Kerr of Illinois in the half-mile, Errol Williams of San Jose State in the high jump, John Macy of Houston in the steeplechase, and Dick Cochran of Missouri in the discus.

Alley and Lawlor rate heavy favorites to retain their crowns on their showings this year and Tidwell appears the class of the 48-man field in the 100 meter dash.

In trouble are Williams since Boston University's John Thomas and USC's Charlie Dumas are seven-foot jumpers; Macy whose best time of 5:12 is much slower than the 4:33.3 by San Jose's Charley Clark; and Cochran who faces USC's Jim Wade and Arizona's Jim Burke among others. Kerr, the Jamaican speedster

Kuzavz Named Pilot

CHARLESTON, S.C. (AP)—Bob Kuzavz, former major league pitcher, Wednesday was named manager of the Class A Charleston Sally League baseball club to replace Frank Seals.

U-D Star Back Inked by Lions

Bruce Maher, back from the University of Detroit, has signed a 1960 contract with the Detroit Lions, President and General Manager Andy Anderson announced today.

Maher, 5-11, 185-pounds, was chosen as a "redshirt" by the Detroit Lions on the 15th round of the 1959 Selection Meeting.

Maher had a brilliant football record at the University of Detroit where he sported a 4.9 yard rushing average and caught 37 passes during his college career. He was twice named to the All-Catholic All-American team in 1958 and 1959.

Preliminary plans call for Coach George Wilson to use Maher at the flanker spot to utilize his great speed and pass-catching ability. However, Maher might see action as a defensive back as a member of Yale Lary's defensive crew.

REVEAL MARRIAGE—Former Michigan State University football tackle William Palmer Jr., 22, disclosed Wednesday that he has married, Marie Judith Accardo, 20, daughter of reputed crime syndicate chief Tony Accardo. They will play professional ball with the Baltimore Colts this fall.

Geneva Talks at Stalemate

Soviets May Trot to U.N. With Disarmament Plan

GENEVA (AP)—The Soviet Union is expected to turn to the fall session of the U.N. General Assembly as the next arena in which to press Premier Nikita Khrushchev's revised plan for total disarmament.

This was the view of Western officials at the stalemate 10-nation disarmament conference in the wake of their rejection of the main provision of Khrushchev's proposals.

The U.S. Ambassador Frederick M. Eaton turned thumbs down on the Soviet plan to start world disarmament by banning weapons of delivering nuclear bombs and abolishing all foreign military bases.

Eaton said this would give the Soviet Union unquestioned military superiority in Europe and would leave the smaller, non-Communist nations of Europe at the mercy of their larger Eastern neighbor.

There was no reply from Soviet delegate Valerian A. Zorin at the conference session Wednesday. But Soviet bloc officials said the Western rejection left little prospect that the conference could achieve anything.

The U.S.-Soviet-British talks on a nuclear test ban also made no progress toward agreement at their session.

Soviet Ambassador Semyon K. Tsarapkin formally demanded the U.S. Ambassador to the United Nations to resign.

Rockefeller Man Without Party?

Sen. Symington Tells Women Dems Nelson Hit by Old Guard

WASHINGTON (AP)—Sen. Stuart Symington (D-Mo) said today that Gov. Nelson A. Rockefeller has become "a man without a party" because of criticism from his fellow Republicans.

The auxiliary elected Mrs. Katherine Shaw, Grand Rapids, president; Mrs. Margaret Barrett, Muskegon, senior vice commander; Mrs. Mary Lee, Detroit, junior vice commander; and Mrs. Hattie Marie, Detroit, chaplain.

Only 42 of the state's 751 survivors of the last all-volunteer Army of the United States showed up for the annual encampment.

A spy 30-year-old veteran from Detroit, senior vice commander, Bradley, was elected state commander at the final session Tuesday.

Other new officers include Jesse Marie, Detroit, senior vice commander; Hans Stykehouse, Grand Haven, junior vice commander; and Charles H. Redman, Muskegon, chaplain.

The auxiliary elected Mrs. Katherine Shaw, Grand Rapids, president; Mrs. Margaret Barrett, Muskegon, senior vice commander; Mrs. Mary Lee, Detroit, junior vice commander; and Mrs. Hattie Marie, Detroit, chaplain.

The newspapers said his remarks would stimulate discussion within the Republican party. They were too optimistic.

The "samurai of the Old Guard" fired a volley of contempt. When the smoke had cleared, the governor was left standing in the middle of the field, discouraged, disillusioned, a man with a party.

The last in the series of nine static, or tied-down, tests was held Wednesday at the Marshall space field center.

TV News and Reviews

Steel Hour's 'Imposter' Acceptable, but Flawful

By FRED DANZIG

NEW YORK (UPI)—One good set of fingerprints and there'd have been no "Steel Hour" last night.

"The Imposter" was concerned with the real identity of a bearded armsite out-patient in the Italy of 1951.

Was he really Tonio, the long-lost husband of Alida, played by Ann Sheridan, who brought him back to the family vault?

Or was he a former Nazi army officer who was married to a woman in Vienna?

SOMEONE HERE

Another Miss Sheridan's relatives said Mr. X wasn't Tonio but they winked at the liaison since it made Miss Sheridan happy.

Other relatives saw Tonio as another lie to comfort with and they tried to send him packing.

As Tonio was about to return to Austria, Miss Sheridan played her trump.

She introduced Tonio to his long-lost mistress and, boy, did Tonio ever remember who, what, when, where, why and whoopee.

Since it was a TV play—by James Taffa, based on a story by Michael Dine—Tonio even returned to Miss Sheridan at the end.

As he put it, Philomena, the mistress—gave him back his memory, but Alida gave him back his life.

IMAGINATION EXERCISE

I took it as an interesting exercise in imagination, tried not to shudder too much over plot, staging and character inconsistencies, and found it an attention-holding production despite everything.

Miss Sheridan sometimes under-played her role, which made it tougher to accept.

Jean Pierre Aumont, as Tonio, was good.

Gets Job in Soginaw

SAGINAW (AP)—Franklin G. Bonaventura, executive secretary of the Detroit Education Television Foundation since 1957, has been hired as coordinator of educational television at the University of Michigan, which will open Sept. 1, 1961.

The Ruklyuks, including Okinawa, are a chain of about 140 islands in the Pacific. About 40 of these islands are inhabited with a total population of about 500,000 people.

There was no reply from Soviet delegate Valerian A. Zorin at the conference session Wednesday. But Soviet bloc officials said the Western rejection left little prospect that the conference could achieve anything.

The U.S.-Soviet-British talks on a nuclear test ban also made no progress toward agreement at their session.
