Weeks Relaxes Curbs on Trade With Red Bloc

Commerce Chief Sees Little Increase in Flow of Goods to Soviet

WASHINGTON (AP)—Secretary of Commerce Weeks today eased restrictions on U. S. trade with the Soviet Union and other Communist countries of Europe, but he said he doubts there will be an early increase in the flow of goods across the Iron Curtain.

Commerce Department sources said Weeks' order would reduce by one-third to one-half the list of goods now banned from commerce between the United States and the Red bloc in Europe.

The announcement dealt only with policy—the Commerce Department is to make public later lists of specific items to be freed from embargo.

Weeks' move came a day after Foreign Aid Chief Harold E. Stassen announced a similar relaxation of curbs on Red trade of friendly nations getting aid from the United States.

Both officials said existing restrictions still stand on trade with Communist China, North Korea, or the Communist area of Viet Nam.

And both said the new policy toward trade with Communist countries in Europe would not let slip into the East-West trade stream anything of significant military value.

Voicing some skepticism that his new order would result in quick stimulation of East-West trade, Weeks' statement said "an early increase in the volume of trade with the Soviet bloc resulting from this action is unlikely in view of the bloc's aim of self-sufficiency and its inability to provide desired goods in exchange for imports."

Weeks said the new policy would shorten the list of goods which will be embargoed from the United States to European Soviet bloc countries, and provide an opportunity for increased trade in peaceful goods. An informed source said the embargo list now contains about 1,500 items and would be reduced to between 750 and 1,000.

Stassen's announcement dealt with smaller lists of goods which nations receiving aid from this country must not sell to Communist countries. They previously comprised 297 items and Stassen said the new lists would number 80 fewer.

Some of the items dropped were listed as flat and tank cars, crude and diesel oil, certain types of locomotives and tractors, nonmilitary tires, platinum, cadmium, calcium, sodium, strontium, vanadium, asbestos and mica.

Though taken from embargo, these items remain subject to surveillance for quantity of shipments. Loosening of U. S. restrictions on East-West trade came after more than a year of mounting pressure from friendly nations in Western Europe.

Vargas' Followers Rioting in Brazil

CROWDS DEMONSTRATE IN RIO—Thousands of demonstrators mass yesterday in front of Rio de Janeiro headquarters of the National Democratic Union (UDN) to shout insults against the political party which opposed the late President Getulio Vargas. The demonstration followed the departure

of Vargas' body by air for burial in his home town in southern Brazil. At left background is the Brazilian senate building. Riots and demonstrations against Vargas' opponents took place in cities throughout Brazil.

City, School Tax Payments Hit \$1 Million Mark

Some \$1,000,000 in Pontiac city and school taxes, about 40 per cent of the total, have come in since collections began Aug. 16, City Treasurer M. M. Ashbaugh said today.

Collections started six weeks late this year, because of an appeal by Southfield Township to have its property valuation changed.

Pontiac tax bills couldn't be figured until Southfield withdrew its appeal July 30, because a change in the township's valuation would have changed city assessments.

The city got through the no-income period without having to borrow money, said Ashbaugh, "and now taxes are rolling in."

A one per cent penalty will be added to unpaid bills Sept. 19, Ashbaugh stated, and another one per cent placed on unsettled accounts each month following.

Teen Crime Drops Under Detroit Drive

DETROIT—Crime among Detroit teenagers has been slashed by as much as 40 per cent, but a police drive will continue.

Police Commissioner Edward S. Piggins said department reports revealed the police drive against the younger set has brought a 25 per cent reduction in cases involving youngsters 17 years old and younger.

Cases involving youths over 17 dropped nearly 40 per cent, he said.

The commissioner, although calling the reports encouraging, warned:

"We should not be lulled into thinking a few weeks of intensive work and citizen-interest has eliminated the problem."

"It is far from eliminated. The drive against teenage gangs and hoodlums will continue as long as I am commissioner."

\$3.5 Million Home Project Under Construction Here

A \$3,500,000 duplex home development is going up along East Boulevard between Mt. Clemens and Perry Streets within the eastern limits of Pontiac.

One of the largest residential projects to be constructed in this city in recent years, it will be shown to the public for the first time this weekend.

Built by Green and Sarko Construction Co. of Detroit, the realtors are the Stieber Realty Company, also of Detroit. With FHA and VA approval, the duplex project was designed for both GIs and civilians.

When completed there will be 154 brick duplexes, each offering two complete three-story home plans for 308 families.

About 40 acres is utilized in the development known as Boulevard Gardens. Winding streets are now being built and excavations completed for the 154 double-basements. Several of the duplexes are now nearing completion along the East Boulevard frontage.

"We chose Pontiac because we felt there was a definite need here for this type of multiple housing which people could own themselves," said Bruno Stieber, head of the realty firm handling the sales.

The project is located within a few miles of major industrial plants and the downtown Pontiac shopping center.

Russia Ahead of U. S. in Training Technicians

LOS ANGELES—Russia is outdistancing the United States in the training of technicians, a manager for the Stanford Research Institute says.

Dr. A. M. Zarem told an electronics convention yesterday that American industry could use 40,000 young engineers tomorrow, and while 17,500 will be graduated next summer, Russia will turn out 50,000.

coordinating committee. Submitted with it was a statement from the coordinating group in the nature of a report on its work and its findings.

Delegate after delegate went to the rostrum to comment on the report or the statement—many to quibble over a word or to suggest a change in phrasing.

The night session ended without a vote. No time was set for renewal of debate and a decision.

The assembly, now in the 12th day of its 17-day meeting, also will act on reports on other subjects and on an over-all message before the session ends Aug. 31.

A 10-page section of the "main theme" report is devoted to forms of contemporary governments and movements.

Under communism, it states, "happiness, justice and love are no longer possible; and man in the class struggle is no longer truly man."

"The Communist doctrine of the dictatorship of the proletariat has led in most cases to totalitarian dictatorship in which the freedom

Finish Walton Recap Project

\$200,000 Plan Also Includes Widening, Shoulder Construction

Completion was near today of a three-month, \$200,000 project to make Walton boulevard safer and more easily traveled by motorists, according to Pontiac City Engineer Lewis M. Wrenn.

Recapping of the street was completed yesterday from North Perry street to about a quarter-mile east of South Lake Angelus road—Walton's entire length within the city.

Traffic is flowing today on the once pot-holed road, Wrenn stated. Previously two dangerous curves were made longer and widened by four feet, one at Stanley avenue and the other at Carlisle street, said Wrenn.

The entire 3½-mile stretch, with exception of the two curves, was widened three feet.

For further safety, six-foot gravel shoulders are now being constructed, Wrenn stated.

Cuts Coffee to 5c a Cup

PHILADELPHIA—Benjamin Rose, president of the Best Markets, a Philadelphia supermarket chain, announced yesterday that restaurants operated by his stores will sell coffee for a nickel a cup.

"But inequality, discrimination, injustice, reliance on naked power, exploitation and aggression are not absent from democracies," Archbishop Michael and five other high-ranking clergymen were elected presidents of the council last night. The others are:

Bishop Henry Knox Sherrill, Greenwich, Conn., presiding bishop of the Protestant Episcopal Church in the United States.

The Very Rev. John Baillie of the Church of Scotland, noted theologian at the University of Edinburgh.

Bishop Sante Uberto Barbieri of Buenos Aires, bishop of the Methodist Church in Argentina, Uruguay and Bolivia.

Bishop Otto Dibelius of the United Evangelical Church in Germany.

Mar Thoma Juhanon, head of the Mar Thoma Syrian Church in India.

A threatened floor fight was averted when those who wanted a layman on the six-man presidium did not insist that one be chosen.

Top Jet Ace Dies in Crash of Test Plane

Joseph McConnell Jr. Shot Down 16 MIGs in Korea War

EDWARDS AIR FORCE BASE, Calif. (AP)—Death on a routine test flight has ended the spectacular career of Capt. Joseph McConnell Jr., the nation's leading jet ace.

The 32-year-old pilot, credited with downing 16 MIGs in Korea, was killed yesterday when his F86H Sabrejet crashed on the Mojave Desert, 12 miles northeast of Rogers Lake.

His body was found beside his ejection seat, half a mile from the shattered plane. Nearby was his unopened parachute. An Air Force spokesman said apparently he had ejected himself from the plane at low altitude.

During the flight McConnell had radioed that he had lost control of the plane partially, but thought he could make a landing on the dry lake bed. Soon thereafter he reported he had lost the cockpit canopy. He was advised to bail out. Edwards base officers said he probably stayed with the plane too long.

McConnell, who said his prematurely gray hair came from being the father of three young children and not from his flying, served as a bomber navigator during World War II and later took flight training.

After the fighting broke out in Korea he repeatedly requested combat duty despite being told he was too old. His request finally was granted and he became an ace in just 30 days last year.

After downing his eighth MIG, his Sabre was hit by cannon fire at 40,000 feet near the Manchurian border. He bailed out over the Yellow Sea and a rescue helicopter pulled him from the frigid water.

After his 16th kill, the Air Force grounded him and ordered him home with the comment that he was "much more valuable alive than dead."

The plane he flew yesterday was a modified version of the Sabrejet he used in Korea.

Blacktop Surface Now Completed on Parking Lot

Blacktopping of the last 90x100 foot section at the north end of Pontiac's new municipal parking lot at E. Pike and Parke Sts. was done yesterday and 20 more parking meters will now be installed, City Engineer Lewis M. Wrenn said today.

The lot was opened July 15 with 232 meters in place. Completion of the north end had to wait until the ground settled properly, Wrenn explained.

A bridge over the Clinton River allowing parkers to walk through the city-owned building at 40 Mill St. to the business section is now in use, the engineer stated.

This Is How It Happened

IT WENT IN EASY—Mindy Sue Uberstine, one and a half, demonstrates how her foot was stuck in an old drainpipe for an hour yesterday in Cleveland. She didn't cry a bit as firemen and police first tried to free her by pouring soapy water down the pipe; finally turned the trick by chipping away the top of the tile.

U.S. Maps All-Out Drive for Defense Pact in Asia

WASHINGTON (INS)—The U. S. mustered its top diplomatic talent today for an all-out drive to win an alliance for defense of Southeast Asia—the region President Eisenhower once said was of transcendental importance to the free world.

Secretary of State John Foster Dulles will head the delegation to Manila next week and two high-ranking senators plus important defense and state department officials are included in the group.

The Philippine conference, opening Sept. 6, is designed to set up a workable pact to defend Southeast Asia against any renewed Communist offensive.

The senators named on the diplomatic "first team" for the U. S. are H. Alexander Smith, N. J., second-ranking Republican on the foreign relations committee, and Democrat Mike Mansfield of Montana, a freshman senator who has become one of his party's principal spokesmen on foreign affairs.

Dulles said Tuesday that his objective at the eight-power conference will be a pact to establish a new and dependable barrier to further Communist expansion in southeast Asia.

He appeared to rule out U. S. acceptance of any NATO-like plan for an army to stand guard along the free borders, when he said that an idea of what the U. S. wants can be gained by study of treaties already signed with Asian nations.

The treaties with Japan, Korea, the Philippines, Australia and New Zealand do not provide for forces (Continued on Page 2, Col. 1)

Palmer Is 2-Up on Stranahan

Glenn Johnson Leads Opponent in National Amateur Play

By H. GUY MOATS

Arnold Palmer, winner of the amateur division of the All-American golf tournament at Tam O'Shanter recently, took a 2-up lead over Frank Stranahan of Toledo in the 3rd round of the U. S. Amateur championship this morning at Country Club of Detroit.

Stranahan lost the 2nd hole with a bogie, but promptly birdied the 3rd to even the match. Palmer, the Wickliffe, O., sharpshooter, hit successive birdies on the 5th and 6th holes to get his 2-hole advantage.

He lost a hole by bogeying number 7, but got it back on the 8th with a birdie to Stranahan's par.

Meanwhile, Michigan's lone remaining representative, state champion Glenn Johnson of Grosse Ile, was 2-up at the end of 6 holes over Ed Meister of Willoughby, O.

Bill Campbell, the Huntington, W. Va., star, was 1-down to Edward Martin of Winchester, Mass., after 6 holes and John Culp of Kendallville, Ind., was 1-up on Dr. Ted Lenczyk of Newington, Conn.

Don Cherry, the Wichita Falls, Tex., singer, gained the quarter-finals the easy way as his foe, Jimmy McGonagill of Shreveport, La., defaulted. McGonagill suffered a cramped, stiffened right hip and was unable to continue in the tourney.

Rioting Crowds Leave 4 Dead, Many Wounded

Reds Possibly Mixed Up in Crisis; Vargas Being Buried Today

RIO DE JANEIRO, Brazil (AP)—Brazil's President Joao Cafe Filho cast about today for someone to fill the ticklish job of finance minister in the inflation-plagued government he inherited from Getulio Vargas.

After 71-year-old Vargas ended his life with a bullet Tuesday, his old friend Oswaldo Aranha, former U. N. Assembly president, resigned as finance minister along with the rest of the Cabinet.

Aranha, who has often been mentioned as a candidate in the 1955 presidential elections, had been seeking in the past few months to steer Brazil through a dire foreign exchange shortage caused mainly by declining coffee exports.

The economic straits Brazil has been going through had much to do with the explosive political-military crisis that shook the country for the past 20 days and culminated in Vargas' suicide following his military-dictated agreement to take a permanent leave of absence.

The rioting crowds that took to the streets to hoot against Vargas, then began demonstrating for the old man when they found he had shot himself, cooled down today after two bloody days that left four dead and scores of wounded throughout Brazil.

There was increasing evidence the Communists played a strong hand in setting off the riots. One man arrested for burning a police car said he was a Communist party member.

Troops still patrolled the streets of Rio and other Brazilian cities, however, and guards ringed the airports, the Air Ministry and other strategic buildings.

Vargas' body lay in state in the town hall of his native Sao Borja in southern Brazil prior to burial today. The Roman Catholic church banned religious funeral rites because he took his own life but thousands of devoted Brazilians said prayers for the veteran leader's soul.

Despite an official decree for eight days' mourning, Cafe worked feverishly on the task of forming his new Cabinet. He is expected to select at least one member of his own Social Progress (PSP) party, plus a representative of the large Social Democratic party in filling the four Cabinet posts still vacant. (Continued on Page 2, Col. 2)

Cool Weather Seen for Pontiac Area

Continued relief from the heat is in sight for Pontiac, the U. S. Weather Bureau says.

Clear and cooler weather is the forecast for tonight, with a low of 55 to 59. High tomorrow will be 76 to 80.

Yesterday's temperatures ranged from 67 to 86 with a total rainfall of .13 of an inch.

Today at 8 a.m. the mercury registered 62 degrees in downtown Pontiac and had risen to 79 by 1 p.m.

FHA Approved Project Said Crumbling, Leaking

NEW YORK (AP)—A Senate investigator says an FHA-approved Brooklyn apartment project, which allegedly produced a four-million-dollar "windfall" for the promoters, already has started to crumble.

Myron Hedges, a staff employee of a Banking and Currency subcommittee on irregularities in Federal Housing Administration loans, testified yesterday concerning the condition of Farragut Gardens, a development of 60 six-story buildings containing 2,496 apartments.

Hedges told Sen. Prescott Bush (R-Conn.), conducting a one-man hearing, that roofs of the dwellings—built in 1951—are leaking, some of the foundations are broken and unstable, the wall plaster is inferior, and there is evidence of "sloppy and hurried" bricklaying.

If extensive repairs are not undertaken immediately, Hedges testified, the

buildings will not survive the 30-year term of the federally insured mortgage.

Hedges added that a personal inspection showed 14 foundation cracks, with mortar so loose that a pencil could be fitted into the cracks.

The witness said an FHA inspector assigned to the Farragut (Continued on Page 2, Col. 4)

World Churchmen Ponder False Doctrines Report Will Condemn Communism as Road to Total Dictatorship

By WILLIAM J. CONWAY

EVANSTON, Ill. (AP)—A report denouncing communism as the road to "totalitarian dictatorship" and making some criticism of democracies awaited action by christian leaders today.

The report was discussed by delegates to the Assembly of the World Council of Churches yesterday in afternoon and evening sessions. Delegates to an assembly represent 163 denominations in 48 countries.

The 51-page document concerns the main theme of the convention, "Christ—the Hope of the World."

Some who joined the debate stated it didn't lay enough stress on the second coming of Christ. Others contended it didn't place sufficient emphasis on the possibility of achieving justice, with Christ's aid, in this world.

And some figured it didn't go far enough in condemnation of communism as a "false hope."

Archbishop Michael of New York head of the Greek Orthodox Church in North and South America and

LARGEST GAVEL—Supposedly the world's largest gavel (27 pounds) is displayed by National Commander Harold Watts, right, and Vivian Corby both of the Disabled American Veterans. The huge gavel was used to open the 23rd annual convention of the DAV in Miami, Fla.

New Innovation! Gas Powered Tricycles in Use

JAKARTA—(UP)—A mile-stone in public transportation was passed in Jakarta recently when gas-powered betjaks (tricycles) made their appearance.

To the sentimental, they meant the passing of an era; to the modern-minded, progress; but to most residents of this crowded city, just another traffic hazard.

Thousands of motorless betjaks road Jakarta's streets by day and night. Sweating men and boys pedal determinedly, pushing in front of them on a wide seat

loads ranging from five persons to huge cakes of ice.

Pedestrians always complained that the gaily-decorated tricycles were hard to dodge. Now a few of them are harder because their resourceful owners have attached small gas motors and turned them into motor-bikes.

Most residents think the only good thing about these machines is that there are so few of them.

But in the transportation field, it's the motor scooter that is fast running away with the race.

More and more of the squat little scooters show up each day. There are more power-driven bicycles and motorcycles than scooters, but the latter are by far the most popular.

Jacoby on Games

Some Players Crafty in Gin

Opponent Must Watch Discards, Figure Out His Own Move

By OSWALD JACOBY

Most gin players make their discards without indicating too much of their attitude towards the discards, but even experienced players sometimes make a discard with obvious reluctance.

You are entitled to draw inferences from this reluctance.

Your opponent will be reluctant to discard a card if he thinks it is wild or if he is breaking a combination. You will usually be able to tell which is the case.

If he is breaking a combination, you know that he still holds one or more related cards in his hand. For example, if he discards the ten of hearts, you should suspect that he holds another ten or the nine or jack of hearts.

Very often your own hand and the discards up to that point will tell you exactly which related cards he holds. This information may be important in guiding you to your safest discards.

When it is very unlikely that your opponent has any cards related to his discard, you are entitled to assume that the reluctance of his discard was caused by the fear that the card was wild.

This fear will indicate that your opponent cannot hold certain cards, and this information may help you find the safest possible discard.

How much reliance can you put on your opponent's appearance of reluctance? That depends on the tradition of ethics in your particular game.

There isn't any rigid standard in the game of gin rummy, so you really can't complain if you are deceived.

Most opponents won't bother to put on a show of reluctance over a discard unless they really mean it. Even a crafty opponent is more often "honest" than deceptive in his reactions and emotions he displays.

Q—Some of my friends say that you can lay off on gin, and others that you can't. Which is the official rule?

A—Both rules are playable. The players should agree before the game begins on which rule they are going to follow. In the absence of an agreement, we would say that the more widespread rule should apply—that you can NOT lay off on gin.

Q—How old is the game of gin rummy?

A—It was invented in 1910 by Elwood T. Baker as a modification of older forms of rummy.

New Pipeline Project Provides More Gas

NEWARK, N. J. (UP) — A \$248,808,000 pipeline expansion project is providing New Jersey homes and industry with more natural gas service than ever before.

The Gas Appliance Manufacturers' Association, in its fifth survey of natural gas construction data, reported that seven of the 11 projects to deliver 849,000,000 cubic feet of natural gas a day were completed. This amount would be enough to operate 101,000 gas ranges for a year.

The enormous construction project services mainly Bayonne, Camden, East Orange, Hoboken, Irvington, Jersey City, Passaic, Newark, Paterson, Trenton, Union City, Atlantic City, Elizabeth, the Metuchen area and Monmouth and Ocean Counties.

First recorded instance of white men reaching Japan was in 1543.

Music Festival Slated for Venice Sept. 11 to 26

VENICE — The palaces of Venice, favorite setting of traditional opera, will echo to new sounds next month. This city of singing gondoliers will be host to the 27th Festival of Contemporary Music Sept. 11-26.

One of the top events will be the premiere of a new opera, "The Turn of the Screw," by British composer Benjamin Britten. The last five days will be devoted to something new for Italy—"Porgy and Bess."

The office of Chief Justice of the United States Supreme Court has been held by 14 men: Jay, Rutledge, Ellsworth, Marshall, Taney, Chase, Waite, Fuller, White, Taft, Hughes, Stone, Vinson, and Warren.

Natural Enemies in Animal World Often Defy Convention in Picking Their Pals

WASHINGTON — Animals sometimes strike up friendships almost as strange—in some cases just as strange—as the companionship of the wolf and lamb, leopard and goat, calf and lion, and cow and bear cited in the Bible.

Scenes of unexpected sociability in the animal world similar to those depicted in Isaiah 11:6-7 have occurred in zoos and scientific laboratories. They raise anew—but do not answer—the mystifying question: Can the wildness be taken out of animals?

Cats and rats, thought of as "natural enemies," have lived together in harmony, say the Na-

tional Geographic Society. The 1940 Brooklyn-Long Island Cat Club show displayed a tabby eating with a white rat. A Siamese kitten and a white rat were playmates in an El Segundo (Calif.) home. Recently a psychologist conditioned a rat-killer to eat meekly beside its "victim."

With the aid of man, wild animals at times befriend domesticated creatures, possibly to dispel loneliness. A British trainer reported he placed a 9-month-old Labrador dog in a lion's cage. The lion sniffed the dog, licked its face. They became fast friends. The same dog hunted with an 18-

month-old leopard. The trainer tried another experiment in animal relations. He placed the lion and leopard cages together so that the two cats would get acquainted. Ordinarily lions and leopards show no signs of fraternizing. But these two became the exception. They liked one another and shared a cage.

There are instances of captive lions interbreeding with tigers. The hybrids, larger than their parents, wore a pattern of pale stripes.

At one zoo a newly captured rhinoceros took a liking to a young white-bearded gnu. Another rhino consorted with a small elephant and goats.

Sometimes a predator spares its prey. Later both become compatible. In the Basle zoo a stoat (ermine) ate all brown rats but one, its friend. A terrarium once housed snakes which consumed their normal meal of mice — except one house mouse. At a Grand Rapids museum a weasel recently refused to eat its dinner, a white mouse. They both shared horseman given the weasel as a between-mouse snack.

In the open, prong-horned antelopes join herds of tame cattle. Wild zebras graze among domesticated horses. Wild asses, antelopes, yaks and horses mingle. Wild buffalo associate with elephants. Antelopes and ostriches sometimes are found among baboons.

Stories of foster parents are innumerable, many of them suspect. They include chickens mothering puppies and kittens, cats mothering mice, ducklings, chicks, owls and rabbits and dogs mothering bear cubs and pigs. A dachshund was recently represented as adopting a donkey colt.

However, it's a fact that more than one zoo, including Washington's have used dogs to nurse lion cubs. In the Sydney zoo a venerable sheep dog nursed a cub. When it grew up, the dog exerted such influence over the lion the pair had to be separated. Visitors complained the sheep dog bullied the lion!

Gets Whopping Refund

FORT WORTH, Tex. (UP) — Jack Montgomery, a carpet installer, paid two overtime parking tickets with a check for \$11.95 but got a refund of \$109.95. He explained later he was paying some bills by check and accidentally made the wrong one payable to the city.

Notice of Intention to Construct Sidewalk on East Side East Boulevard, South from Pike Street to Auburn Avenue.

You are hereby notified that at a regular meeting of the Commission of the City of Pontiac, Michigan held on the 24th day of August 1954, by resolution it was declared to be the intention of the City Commission to construct five foot concrete sidewalk on East side of East Boulevard, South, from Pike Street to Auburn Avenue at an estimated cost of \$1,135.00 and that the plan, profile and estimate of said improvement is on file for public inspection.

It is further intended to construct said improvement in accordance with the plan, profile and estimate, and that the cost thereof shall be defrayed by special assessment according to frontage and that all of the lots and parcels of land fronting upon the East side of East Boulevard, South, from Pike Street to Auburn Avenue shall constitute the special assessment district to defray \$1,135.00 of the estimated cost and expenses thereof and that \$99.44 of the estimated cost and expenses thereof shall be paid from the Capital Improvement Fund.

NOTICE IS HEREBY GIVEN That the Commission of the City of Pontiac, Michigan, will meet in the Municipal Court on the 31st day of August 1954 at 8 o'clock p.m. to hear suggestions and objections that may be made by parties interested.

TREE DWELLER'S DREAM—Built for their grandson, Mr. and Mrs. B. F. Harris' tree house at Bradenton, Fla., has running water, stove and sleeping accommodations.

**European Bird
Settles in U. S.**

**Cattle Egret Reported
at Several Locations
Along East Coast**

WASHINGTON — The United States has acquired a new bird resident from the Old World, the first in history to settle in mainland North America without known human aid.

The winged immigrant is the cattle egret (*Bubulcus ibis*), a handsome member of the heron family frequently seen in southern Spain, Africa and the warmer regions of Asia.

The story of how the cattle egret was spotted in the United States—in Massachusetts' Sudbury Valley on April 23, 1952—is related in the current issue of the National Geographic Magazine by Dr. Roger Tory Peterson, one of today's outstanding ornithologists.

Cattle egrets feed on grasshoppers, flies, beetles and other insects flushed from pastures by grazing herds. Often they ride atop their bovine companions, picking off parasites. These habits also make the birds close associates of water buffaloes, elephants and hippopotamuses.

The cattle egret appeared suddenly in South America about 1930. Flocks spread from British Guiana to Surinam, Venezuela and Colombia. But oddly, their nest-

ing places there have not yet been found.

Speculation still centers on their method of travel to the Western Hemisphere. The most plausible theory is that they rode the wind under their own wing power across the 1,770 miles between the bulge of Africa and northern South America.

If such was the case, the migration was unique in recorded history. All other foreign birds were introduced to the Americas by man.

According to Dr. Peterson, three bird watchers noted the cattle egret at Heard Pond in Sudbury Valley, acquired it as a specimen and officially added the cattle egret to the North American bird list. The news came of another sighting on a Cape May (N.J.) farm. Shortly ten were recognized along Florida's Lake Okechobee.

Others turned up—one aboard a trawler on the Newfoundland Grand Banks, hundreds along Okechobee, some in Virginia, Maryland and Maine. One man reported he saw cattle egrets in Florida in the early 1940s. Assuming they had escaped from captivity, he failed to report them.

They've Got His Number

FORT WORTH, Tex. (UP) — Judge Dave McGee wanted to know why a drunken driving defendant before him for the third time in four months kept getting picked up. "Because the officers keep checking me," replied the man, who was given a 15-day jail term.

**All Sixteen Students
Are Little 'Propsts'**

FRANKLIN, W. Va. (UP)—The total enrollment of 16 pupils at the Dahmer School in Rendleton Coun-

ty carries the family name of Propst.

Elizabeth Boggs, who teaches in the one-room school, said each of her pupils is a grandchild of Hendron Propst and that four of them have had the same surname on both sides of the family for three generations.

The family background is further complicated by the fact that both Hendron Propst's mother and his wife were Propsts before their marriages. The Propsts, of German origin, settled in Pendleton County in 1753.

Gas Poisons Workers

BEPPU, Japan (UP) — The National Safety Agency reports that Yperite (mustard gas) leaking from 4,000 bombs dumped in Beppu Bay after World War II poisoned several workers and seriously handicapped salvage operations.

Lemon Nears 6th Season as 20-Game Winner

By BEN PHILGAR
Associated Press Sports Writer
Bob Lemon, who moved from obscurity in the outfield to stardom on the pitching mound, needs only one more victory to complete his sixth season of 20 or more triumphs.

Only one other active pitcher—

Lemon's Cleveland teammate Bob Feller—has enjoyed such success. It took the 33-year-old righthander eight seasons of professional ball to decide to concentrate on pitching. But once he put his mind to it in 1948, Lemon became a 20-game winner immediately. Only a slump in 1951, when he

posted a 17-14 record, mars his string of 20-plus seasons, a hallmark of fame in the pitching profession. Percentage-wise, 1954 could be Lemon's best year. He won his 19th game last night, 4-3 over Philadelphia in 10 innings, and he has lost only five. The last 10 triumphs have come in succession.

Always a workhorse, Lemon has lost at least 10 every year. Last season he finished with a 21-15 mark. He is the first hurler in either league to reach 19 this year.

Lemon has changed from a strikeout artist—he fanned 170 in 1950—to a control pitcher. He has struck out only 85 this year in 10 innings just one in the 10 innings last night.

The Indians had to struggle for their success, coming from two runs behind to tie the score at 3-3 in the eighth, then winning on a

walk and Hal Naragon's triple in the 10th. Second-place New York and third place Chicago also won, leaving Cleveland 4½ in front of the Yankees and 8½ ahead of the White Sox.

The Yankees defeated Baltimore 5-1 and Chicago beat Washington 7-2. Boston whipped Detroit 5-3.

Brooklyn and Milwaukee gained half a game each in the National League when rain washed out New York's scheduled game in Chicago. The Dodgers thumped Cincinnati 13-2. Milwaukee shaded Philadelphia 4-3. St. Louis took over fourth

place with a 13-0 runaway over Pittsburgh.

Eddie Lopat checked the Orioles on three hits including a home run by Bobby Young for his 11th victory. His Yankee support included homers by Yogi Berra, Hank Bauer and Irv Noren. The loss was the 14th in a row for the last place Orioles. The major league record is 20.

The White Sox jumped on the Senators for seven runs in the first two innings. Lefty Billy Pierce struck out 10 in one of his best performances of an injury-riddled season.

NY, California 9s in Little Loop Finale

WILLIAMSPORT, Pa. (AP)—It'll be East meets West tomorrow when Schenectady, N.Y., meets Colton, Calif., in the finals of the Little League World Series baseball here.

But for today it's back to the kid stages for the young players as they frolic at a picnic sponsored by Williamsport businessmen to unwind the midget ball players from yesterday's semifinals games.

The New York aggregate earned its try at the world title with a 5-3 victory over Masontown, Pa. The West Coast lads downed Melrose Park, Ill., 8-1 to qualify for the windup game.

Favored Net Stars Advance

Brough, Hart, Fleitz, Fry Winners in Test at East Hampton

EAST HAMPTON, N.Y. (AP)—The four American women expected to battle it out for the national tennis title next week at Forest Hills were favored to move into the semifinals of the Maidstone Club's Invitation tournament today.

Louise Brough of Beverly Hills, Calif., seeded No. 1 in the nationals, takes on Mrs. Helen Perez of Encino, Calif., after eliminating Connie Ball of Daytona Beach, Fla., 6-0, 6-0 yesterday. Mrs. Perez disposed of Mrs. Nell Hopman, Australia, 6-2, 6-4.

Doris Hart of Coral Gables, Fla., meets Japan's champion, Sakito Kamo; Mrs. Beverly Baker Fleitz, Belmont Shore, Calif., matches strokes with England's Helen Fletcher; and Shirley Fry, Akron, Ohio, tangles with Ann Shilcock, another English star.

Feet close together, play the 8 and 9 irons with the ball off the right heel.

As noted previously, move the

ball back to the right heel as the distance decreases.

Hit the ball fairly high. The clubs have plenty of loft. When you hit the ball fairly high, it comes straight down and should bounce to a halt.

A low shot rolls too much, thus the loft of the clubs is important. On special occasions, however,

you may have to play a low shot to get past trees or other impediments.

Obtain this low trajectory by moving the ball even beyond the right heel, so that you are literally chopping down on it.

The 8 and 9 irons are primarily used on approach shots close to the green.

Used well, they can be real stroke savers.

Another in a series written by the U. S. Open champion for NEA Service. Next: The wedge.

Vessels Plays With Farm Club

TORONTO, Aug. 25 (AP)—Billy Vessels, voted the most outstanding football player in Canada last year while with Edmonton, is playing with a farm team now—for a technical reason only.

Vessels expects to be drafted by the U.S. Army shortly. The Edmonton Eskimos dropped him from their roster to keep within the rule of having only 10 players from the U.S. on its team.

But by playing with the Eskimos farm team the former Oklahoma University All-America back will have completed two-thirds of the league rule which says that any U.S. import who plays three seasons in Canada no longer need be counted in the 10-man rule.

Vessels will play Saturday night with the Kitchener-Waterloo Dutchmen against the Sarina Imperials.

Babe and Husband Leave for Vacation

DENVER, Aug. 26 (AP)—Golf-dom's Babe Zaharias traded her spiked shoes for a pair of fishing boots yesterday as she and hubby George left here for a vacation at their cabin in Bayfield, in mountainous Southwestern Colorado.

"We're just going to sit around that cabin and maybe do a little fishing," Zaharias said. "We're on vacation."

"You know," he added, "the Babe really earned this 'Siesta' from golf. We're gonna go up to this cabin in Bayfield and maybe we'll just stay up there for a month or so."

The Babe arrived here from Toronto, Can., where she participated in the celebrities portion of the La Batt golf tournament for the benefit of a children's hospital.

Sanders Predicts USC May Win Coast Crown

LOS ANGELES, Aug. 26 (AP)—Coach Red Sanders of the defending champion UCLA Bruins believes the Pacific Coast Conference football race will be one of the most interesting in the nation and he predicted the University of Southern California may win the title.

Home from attending a series of grid clinics around the country, Sanders yesterday singled out the cross-town Trojans with this thought:

"I kinda think that Southern California will come out on top. The reason is the Trojans' wealth of really great backs."

Rochester Sets School Opening

Regular Classes Start Sept. 13; Registration Is Sept. 9

ROCHESTER — The Rochester Community Schools will open for regular classes on Sept. 13, it was announced today.

The book store at the high school opens Monday with registration beginning Sept. 9.

On the 9th, all 7th and 9th grade students will register in the study hall of the high school, with 8th graders of Avon School registering Sept. 10.

Other 8th grade children will register in the high school study hall at 9 a.m. The gymnasium register will be open to 11th and 12th graders at 10:30 a.m. and to 10th graders at 1 p.m.

The book store will be open for all 5th and 6th grade children who attend Harrison, Central and Hamlin Schools. This also includes all students through the 7th and 12th grades of Rochester and Avon Schools.

Elementary registration will begin on Sept. 10, and buses will be available for transportation.

Barbara Filby Becomes Bride in Pontiac Rite

KEEOG HARBOR—Barbara Jean Filby became the bride of Lester O'Shaughnessy, Saturday, in a ceremony performed in Barnett Chapel of the First Baptist Church in Pontiac.

Barbara's parents are Mr. and Mrs. George Filby and Lester is the son of Mr. and Mrs. Carl O'Shaughnessy, all of Keego Harbor.

Barbara chose a navy blue street-length dress for her wedding. The ensemble was accented with white accessories and she wore a white carnation corsage.

Geraldine Filby was her sister's maid of honor, and Gerald O'Shaughnessy was best man for his brother.

Following a wedding trip to Niagara Falls, the couple is residing in Keego Harbor.

RUNS IN THE FAMILY—Double or nothing seems to be a policy of Marilyn and Carolyn Orders, identical 18-year-old twins, of Cleveland, Ohio. Last August they were married in a double ceremony. Recently each gave birth to a son. Mrs. Marilyn Gizzel, left, is shown with newcomer Donald Jr., and Mrs. Carolyn Jones is holding Jimmy Jr. The sisters and cousins are sharing a hospital room.

Avon Seeks Test Well Site for Public Water System

ROCHESTER — Steps to purchase or obtain a lease on property on which a test well is now bringing in 120 gallons of water per minute were taken by the Avon Township last night.

The board acted on the recommendation of the Avon-Oakland-Rochester Area Planning Commission after the commission was told the well has potential as an adequate source for a public water system.

The obtaining of professional engineering and financial advice

To Start Work on New School

North Hill Elementary Will Incorporate Ideas of Rochester Citizens

ROCHESTER — Ground will be broken within 10 days for the new North Hill Elementary School—the result of cooperative planning by citizens, school faculty and architect.

At this week's Rochester Community Board of Education meeting, the Schurrer Construction Co. of Pontiac submitted the low bid of \$237,500 for the new school. The company was awarded the contract over 12 other bidders.

Next nearest bid was \$241,000 submitted by the Wallace Construction Co. of Farmington, which is presently engaged in constructing additions at the Hamlin and Goodison schools.

Parents of the community, working with teachers, submitted their ideas on what they wanted included in their elementary school.

H. E. Beyster Associates, architects, utilized their suggestions and a seven classroom building with additional facilities to include a multi-purpose room, cafeteria with stage attached, library, conference room, health service room and administrative offices resulted.

Douglas Lund, elementary coordinator for the schools, headed the citizen research for the proposed school.

At this week's meeting the board also voted to renew the student insurance with the World Insurance Co. They reported that \$1,138 was paid out to students in this district in claims last year.

Francisco to Head Oxford Elementary

OXFORD — Wayne Francisco, former principal of Hillroad School in Milford, heads the list of eight new faculty members joining the Oxford School system this year.

Francisco will serve as elementary school principal, replacing Thomas Culbert, who resigned to enter the Clawson School system in an administrative capacity.

Other newcomers of the system here are Mrs. Rae Cetus, Mrs. William Matus, Lyle Bartlett, Warren Liken, Elmer Ball, Shirley Van Blarcom and Beverly Green.

Several candidates are being considered for the two vacancies remaining at the elementary school, according to school officials.

Social Club Formed

ROCHESTER—The girls of the Rochester High School graduating class of 1950 have formed a social club which will meet monthly at the homes of members.

The first meeting was held at the home of Mrs. Shirley Brown. The second will be held at Mrs. Arthur Ferguson's home Sept. 20.

County Births

Mr. and Mrs. George F. Funky of 500 Charles Rd., announce the birth of a daughter, Susan Esther, Aug. 17.

Radior Speed Control OKed

Offer of Businessmen's Club to Buy Equipment Accepted by Waterford

WATERFORD TOWNSHIP—Radior speed control equipment will soon be in operation here, Township Clerk Louis Barry revealed today.

The Township Board this week voted to accept the offer of the Waterford Township Businessmen's Assn. to purchase the equipment.

In other action, the board authorized placing name plates on the new cemetery gates at Crescent Hills Cemetery on Crescent Lake road.

A new plat was approved for the Lincolnshire subdivision on Cass Lake road.

The Oakland County Road Commission was authorized to install "no parking" signs on Maceday Lake road, as recommended by the State Police and sheriff's department. The signs will also be placed on Frembs street in Drayton Plains.

Petitions were received by the board for street lighting on Marion street, which borders the Birdland subdivision. Barry was advised by the board to verify signatures.

In final action, the board gave the DAV permission to conduct a "Forget-Me-Not" sale in the township Sept. 17-18.

A special meeting of the board will be held Monday morning to transact general business.

Civic Club Holds First Meeting on Wednesday

CLARKSTON—An organizational meeting was held Wednesday by the newly founded Women's Community Civic Club. Approximately 45 women attended.

Mrs. Arthur Rose presided over the meeting, with Mrs. Russell Colton acting as temporary secretary.

Projects suggested included the formation of a public library, youth problems, and a baby sitting registry.

A slate of officers is on the agenda for the next meeting which is scheduled for the third Wednesday in September at the Community Center.

Residents Must Cut Diseased Elm Trees

FERNDALE—The City Commission this week put teeth into its drive to rid the city of the pestilent Dutch Elm disease.

Under a new ordinance, residents must cut down all elm trees infected with the fatal disease. City foresters will be delegated to inspect trees and order their removal within 10 days if they prove diseased.

The ordinance further states that the city reserves the right to assess the property owner if the cost of removal is not paid within 90 days.

Property owners having infected trees will be assisted by the DPW in hauling them away. Roy F. Goodspeed, DPW director, has been assigned to formulate a plan for the trees disposal.

Rev. E. Walter Hillman at Marlette Church

MARLETTE—The Rev. E. Walter Hillman has been assigned as pastor of Our Savior Lutheran Church here. He came here from Flagstaff, Ariz.

Mr. Hillman confirmed approximately 25 members Sunday.

MOMS Install President of Gingellville Unit

GINGELLVILLE — Mrs. Louis Carpenter was installed as president of the Gingellville MOMS Unit 33 during a joint ceremony with Webber-Block MOMS Unit Tuesday.

Mrs. Arthur Burgess was made vice president and Mrs. Charles Jacobson, treasurer. Mrs. Felix Mayo was elected financial secretary and Mrs. Kenneth Parsons recording and corresponding secretary.

The roads built by ancient Rome still form the skeleton for the highways of Europe.

Couple Honeymoons in North Wilma A. Brower Married in Ceremony at Rochester

ROCHESTER—Wilma Alyce Brower became the bride of Laurence David Holmes in an evening ceremony performed in the First Congregational Church recently.

Mr. and Mrs. Frederick W. Brower of 2784 Frankson St. are the bride's parents, and the bridegroom is the son of Mr. and Mrs. Bruce W. Holmes of Holmes road, Romeo.

The bride wore a frock of imported Chantilly lace over satin, featuring a Queen Anne collar.

An insert of pleated nylon accented the ballerina-length skirt and her scalloped fingertip-length veil was held in place by a sequined lace cap. Wilma carried a white Bible with an orchid and lilies of the valley.

Mrs. Constance Brower, the bride's sister-in-law, was matron of honor, and bridesmaid duties were performed by Alberta Werth.

Wayne Schrader was best man and ushers were Robert Brower and Rondie Holmes.

After a reception in the church parlors the couple left for a tour of Northern Michigan.

Walled Lake Signs 3 More Teachers

WALLED LAKE — At a special meeting of the Walled Lake Board of Education this week, contracts were approved for three more teachers.

Lorraine Garland will teach the first grade at Union Lake School. At Twin Beach School, Mrs. Elizabeth Wisland will instruct the first grade and Milton Wisland, sixth grade.

In other business, the board granted permission for painting the boiler room in the junior high school building prior to installation of a new heating plant.

Payments on the operating and building and site funds were authorized.

Driver training cars will be purchased from two local dealers, the board agreed.

In final action, Supt. Clifford Smart was asked to take steps to notify the members of the Citizens Advisory Committee of possible future building needs and to arrange for an early meeting of the group.

Knitting Mill Reunion Will Be Held Sunday

ROCHESTER — The eighth annual Knitting Mill Employees Reunion will be held Sunday at the Avon Park Pavilion at 12:30 p.m.

Those attending will bring their own table service and a potluck dish, according to Mrs. Iva Rifels, president of the group.
