

Dash to Hospital Brings Death to 3

Contests Board Action

Straley Asserts Promotions OK

Police Chief Herbert W. Straley today took issue with action of the Civil Service Commission in revoking promotions he had made of four police officers. Chief Straley asserted the promotions were "legal and will stand on the books as is."

Objecting to the commission action, Straley said the promotions will stand "until I have a written order from the civil service commission after they have received information and an answer from me about these promotions."

Straley said all of the promotions in question, that of Captain Joseph Koren, Lts. Harry E. Nye and Charles Gale and Lt. John A. DePauw were legally made by him.

The commission, in the discussion Wednesday night, requested these officers take competitive examinations in their respective rank provided the promotions did not comply with the civil service act.

Theodore Carlson, chairman of the Civil Service Commission, said today the four officers involved were provisional officers and had not taken the necessary examinations.

He added that although Nye and Gale were promoted before October, they were temporary measures made in emergencies since they had the prefix "Provisional" before the rank.

Straley said he had no comment concerning the provisional question.

"All of these men, with the exception of DePauw, were permanent in status as of April 4, the time of the enactment of the civil service law," he said.

"DePauw was made a full lieutenant May 11," he added.

Straley said the four questionable promotions were made "legally and for the good of the department." He claims they comply with the requirements of the Civil Service Act.

"There was no partiality, contrary to the thoughts of Mr. Carlson and the Pontiac Police Officers Assn.," he added.

The material for the commission's move to revoke the promotions were furnished by the liaison committee of the Pontiac Police Officers Assn.

Carlson, who represents the police and firemen of the commission, introduced the motion, which was unanimously passed.

In its monthly meeting Wednesday with the police, the commission also moved to have city personnel director Harold Marshall set the time, dates and eligibility list of the lieutenant and captain ranks which would be open if the questionable promotions did not comply with the act.

Commissioners Gerald Guinan, representing the city manager and Stuart Austin, named by Guinan and Carlson to serve on the commission, were not available for comment today.

Straley had asked the commission to table the move until he could answer formally the illegal promotion charges, but the commission did not comply with his wishes.

Heads DPW

HAROLD K. SCHONE

Public Works Head Named

Birmingham's Manager Resigns Post to Direct County Department

Birmingham City Manager Harold K. Schone resigned last night to become acting director of Oakland County's new Department of Public Works.

Scheduled to take over the \$17,500-a-year county post Aug. 1, Schone asked the Birmingham City Commission to relieve him of duties as soon as possible.

PLANS PROJECTS

As the acting DPW director, Schone will be in charge of planning and co-ordinating inter-community sewer and water projects. His appointment, made yesterday, should hasten the first two projects assigned to the department, DPW board chairman Delos Hamlin said.

These are the proposed Evergreen and Farmington Interceptor Sewer systems, long-delayed projects that have been assigned top priority by the DPW board.

Schone has had experience in the preliminary planning for both projects, Hamlin pointed out.

The new acting director also was instrumental in bringing the new sewer and water agency into existence, Hamlin added.

As chairman of the Board of Supervisors' Legislative Committee, Schone helped obtain passage by the legislature this spring of the act which authorizes larger counties to set up public works departments.

Schone said in a letter of resignation that he was sorry to leave his Birmingham post, but (Continued on Page 2, Col. 5)

Hoffa's Future Placed in Hands of Trial Jury

Would Have Chance of Getting Beck's Post if Acquitted

FROM OUR WIRE SERVICES

WASHINGTON—The future of Teamsters Union vice president James R. Hoffa will be placed in the hands of a jury of seven women and five men today. Hoffa, charged with three counts of conspiracy and bribery, faces a possible penalty of 13 years in prison and a fine of \$21,000.

If he should win acquittal, the Detroit Teamsters boss stands an excellent chance of succeeding Dave Beck as the \$50,000-a-year president of the 1,400,000-member union.

The case will go to the jury after U. S. District Judge Burnita S. Matthews instructs the jurors on the legal issues involved in a conspiracy case. She estimated that the instructions will require one hour.

Final arguments wound up late yesterday with the government contending that Hoffa had challenged the "legislative process of the country," while the defense declared that Hoffa was the victim of a "diabolically clever effort to trap" him.

Much of the closing arguments revolved about the personality and testimony of the government's key witness, John C. Cheasty, who testified he was the man hired to provide Hoffa with secret information and documents from the Senate Rackets Committee's files.

Defense Attorney Edward Bennett Williams called Cheasty a "self-confessed falsifier" who contradicted himself 40 times in his testimony.

He said Cheasty was "careless with the truth where it affects another man's liberty and reputation."

Assistant U. S. Attorney Edward P. Troxell in rebuttal told the jury that Cheasty had spent nine full days on the witness stand and that the inconsistencies were minor.

Williams declared the prosecution could not find a "single inconsistency" in the testimony of Hoffa, and asserted that Troxell abruptly closed off his cross-examination because "you cannot cross-examine the truth."

Williams said Cheasty's story that Hoffa and Atty. Hyman I. Fischbach of Miami induced him to get a job with the committee, then bribed him to give them its secrets, was "so fantastically incredible that it scandalizes your intelligence."

Troxell, insisting that Cheasty "showed strength and character and courage to do what he did," said Hoffa "wanted a spy and he got one."

Hoffa testified that Fischbach recommended Cheasty as his co-counsel—and for no other purpose—in connection with Senate hearings into labor racketeering. He said that he didn't know until after his arrest March 13 that Cheasty had a job with the committee.

But Troxell argued that the evidence established that Cheasty told Hoffa Feb. 22 that he had been sworn in as an investigator for the committee.

English Queen Eager to Visit U.S., Canada

LONDON (AP)—Queen Elizabeth II said yesterday she and her husband, Prince Philip, are looking forward eagerly to their trip to the United States next October.

She told Harold E. Stassen, U. S. disarmament delegate, she is eager to see President Eisenhower, Williamsburg, Va., and the United States generally.

Stassen was presented at a tea party given by the Queen for 3,000 on the lawn of Buckingham Palace. The emphasis seemed to be on Americans and Canadians at the party, perhaps as a gesture to the two countries before the royal couple visits them in October.

One Russian, Soviet disarmament delegate Valentin Zorin, was presented to the Queen. Zorin and Stassen are attending meetings of the U. N. disarmament subcommittee here but it was in recess this afternoon.

Car in Which Three Lost Lives

OVERTURNED IN PARK — As parents of a 3-year-old boy were rushing him from Kensington Park last evening to get medical aid after he had injured his head, their car shown above, left the road, hit a boulder and overturned. The parents and an uncle were killed. The accident was a short distance from the park entrance.

Car Demolished When Leaving Kensington Park

Parents, Uncle of Boy on Way to Get Help for Injured Lad

Three persons were killed and a three-year-old boy was injured Thursday night as their car left a Kensington Metropolitan Park roadway, smashing into a boulder and rolling nearly 300 feet.

Dead are Gary W. Story, 23, and his wife Frances May, 21, of 19405 Indian Rd., Redford Township; and Story's brother, James, 14, of 18274 Wormer St., Detroit.

Their son, Mark, 3, was admitted to Pontiac General Hospital with a fractured skull and leg, but was reported in satisfactory condition this morning.

According to Oakland County Sheriff's deputies, the Storys were rushing Mark to a hospital for treatment of a head cut. The boy had hit his head on a picnic grill.

Park police said there were no known witnesses, but the car apparently was traveling at a high rate of speed. The boulders were about 30 inches in diameter, blocking an unfinished road.

Gary Story was killed instantly. His wife was admitted to Pontiac General Hospital at 10:38 p.m. and died at 12:40 a.m. Story's brother was dead on arrival at the hospital at 10:30 p.m.

Deputies said the car, a convertible with the top down, was demolished. It traveled 291 feet after leaving the road, striking the boulders and rolling over and coming to rest on its top. All four passengers were thrown from the car.

The accident took place at about 9:15 p.m. on the main park roadway, approximately 500 feet from the Grand River Ave. exit.

Orchard Lake Bridge Open to Full Traffic

The new Orchard Lake road bridge at the Telegraph road grade separation was in full use today.

Traffic was routed over the two westbound lanes for the first time yesterday. The two southbound lanes were put in use 10 days ago.

Opening of the bridge has all but completed the first phase of the project, a state Highway Department spokesman said.

The second phase, including the widening of Orchard Lake and the relocation of Telegraph under the bridge, started in May and is proceeding on schedule, the spokesman said.

The whole project is scheduled for completion in December.

Question Welcome Mat

WASHINGTON (INS)—A Soviet embassy official disclosed today that the Russians are baffled by President Eisenhower's sudden welcome mat to Marshal Georgi Zhukov and eager to discover whether an invitation is actually in the works.

Issue Bear Warning

LANSING (AP)—Bears are not trustworthy and have prodigious strength. Thus the State Conservation Department warned tourists and everybody else to keep their distance from bears that roam Michigan forests.

New Miss U.S. Admits She's Mrs., Mother of 2

LONG BEACH, Calif. (AP)—The new Miss United States in the Miss Universe contest stands to lose her title and the right to compete further because she is married, contest officials said today.

Leona Gage finally stopped denying her marriage this morning and said she is the wife of airman and mother of two.

MARRIED AT 14

Leona came here as Miss Maryland, giving a hometown of Glen Burnie, a Baltimore suburb. Actually, she was married at 14 to Gene Norris Ennis, 28, Air Force Staff Sergeant stationed at Friendship International Airport. The children are David Nathan, 2 and Gene Jr., 3.

Leona told contest officials she was single and 21. Other sources give her age as 18 and her marriage date as Feb. 3, 1953.

Contest officials say she will be stripped of her title and Miss Utah, Charlotte Sheffield, 20, Salt Lake City blonde, will take over as Miss United States. Miss Utah was runner-up in the Miss USA finals last Wednesday night.

WONT COMPLETE

Miss Utah, however, will not complete in tonight's Miss Universe finals. Instead, the girl who was 16th in the semifinal judging last night will fill the spot. The name of this girl has not been determined.

Oscar Meinhardt, director of the international beauty pageant, said:

"She swore to us that she is not married and her sponsor insisted she is not."

The rumors started flying last night, and Miss Maryland tearfully denied them. This morning she denied them again. At last, however, she changed her story and admitted the marriage.

TRY FOR CONTEST

Mrs. Clarence Long of Crisfield, Md., Leona's mother-in-law told newsmen that the girl came to her three weeks ago with the children and said she was going to try for the contest.

Mrs. Long kept the oldest child and the other was turned over to a family on a farm near Baltimore. Mrs. Long said Leona told her contest officials knew she was married.

After winning her title, Leona told a story of rags to riches path to the contest. She said she and a cousin with whom she lived near Baltimore pooled \$45 in savings to buy a dress to enter the Maryland contest. After winning that, she said the two of them split her round trip ticket and came here together, with practically no money.

She won the title in a dress borrowed from a Long Beach merchant and said afterward she had but \$2 in cash.

A girl who gave her name to newsmen Wednesday night as Barbara Gage said she was Leona's cousin and told part of the rags

to riches saga. She could not be located today and officials expressed doubt she is related to Leona.

Confirmation of the marriage came from the Air Force and Leona's mother, Mrs. Walter Briggs of Dallas, Tex.

Last night there was a scene of confusion after the rumors started flying.

The tall, slender Miss U.S.A. winner emphatically denied rumors reaching the pageant from Baltimore that she was married.

The reports caused a backstage uproar unparalleled in the history of the contest. Newsmen, photographers and television cameramen closed in on the dark-

haired Glen Burnie girl the moment last night's pageant—the selection of 15 semifinalists—drew to a close.

Left posed and waiting were the other fourteen finalists, Misses Alaska, Austria, Brazil, Canada, Cuba, England, Germany, Greece, Italy, Japan, Morocco, Peru, Sweden, and Uruguay. They stole glances as newsmen grilled Miss Gage.

"I have never been married, absolutely not," she said. "I can't understand how such a rumor ever got started."

The rumor originated in an anonymous tip to a Baltimore (Continued on Page 2, Col. 2)

New A-Weapon Fired in Nevada

First Air to Air Rocket Fires in Target Area at 15,000 Feet

ATOMIC TEST SITE, Nev. (AP)—The first air to air atomic rocket fired from a plane burst over the desert today with a flash that paled the morning sun.

WEAPON EXPLODES

The Air Defense Command's newest and most powerful weapon exploded at 7 a.m.

The vivid fireball flared in the target area at an altitude of more than 15,000 feet and sent up a plink doughnut-shaped cloud.

The nuclear rocket was launched from a Northrop F89 Scorpion jet fighter.

VAPOR TRAIL

As the rocket's cloud rose in stately fashion into clear blue sky the vapor trail of an airplane, probably the launcher, cut sharply away to the north.

Col. J. H. Atkinson, commander of the Air Defense Command, disclosed before the test that air to rocket with atomic warheads already are in the inventory of his force. The weapons are designed to knock down invading bombers.

Col. Atkinson said defense command planes do not carry these weapons but they could be put into use in a matter of minutes.

When the rocket exploded, five defense command officers were on the ground directly beneath it to study blast and flash effects. They had no protection, and were not expected to need any.

12,000 Answers Fail to Claim \$1,700 Treasure

Puzzle contestants really led our Pot-O-Gold judges a merry chase this week. Judges received nearly 12,000 entries, and never before have so many been so close to the correct solution. Although they didn't find a winner, it was certainly encouraging, and they're almost certain to find a winner soon if answers keep coming in the way they did for last week's Pot-O-Gold.

Remember, you still have four more days to get your entry postmarked for this week's puzzle. It appears on page 31 of today's Press.

If you want to check your answers for last week's Pot-O-Gold, turn to page 10. The explanations may give you some help for future puzzles. Be sure to get your entry mailed on time, because what could be worse than to have a correct solution and have it disqualified?

The Pot-O-Gold is now at \$1,700.

First Becomes Fourth as Mates Remarry

DETROIT (AP)—When Walter M. Dunham, 61, and Selma Mae Back, 57, exchange marriage vows Monday his first wife will become his fourth and her first husband will become her fifth.

Dunham and Selma were first married in Hot Springs, Ark., when he was 31 and she was 17. They were divorced 11 years later.

Dunham moved to Detroit where he married twice. Selma remained in Hot Springs where she married three times.

Armed Prospectors Hunting Uranium

Dash for Colorado Land

NUCLA, Colo. (AP)—Law officers took positions in full view today of more than 400 uranium prospectors, armed and eager to dash for possession tomorrow of nearly 100,000 acres of land.

Their claims to the land, being returned to public domain by the Atomic Energy Commission after nine years' exploration, can be filed after 10 a.m.

It's the largest land opening in Colorado history.

ROCKY TERRAIN

The rocky terrain in southwestern Colorado is barren and thick with sagebrush but high-grade uranium ore deposits have been reported in varying amounts.

Although the AEC has drilled without success in several areas, Chamber of Commerce Manager Ed Nelson said, "there are reports of some good stuff out there."

The big majority of prospectors were well equipped, Deputy Sheriff T. J. Franks said, with geiger counters, drilling rigs and trucks. He said many also tote six-guns.

Franks said, "they've been fairly orderly, and there's no law against them carrying guns—unless the weapons are concealed or they try to use them."

The rules call for every truck, jeep or car to race off together at 10 a.m. No claims can exceed 600 by 1,500 feet.

Wilson Honored on 67th Birthday

SERENADE — Secretary of Defense Charles E. Wilson has a hearty laugh as Mrs. Wilson sings birthday greetings accompanied by a segment of the Army Band from Ft. Myers, Va., at a 67th birthday dinner for Wilson in the Pentagon at Washington last night.

AP Wirephoto

Wife Beaten, Kicked Drowns at Mill

James Sutherland Was Caught by Undercurrent in Dive From Spillway

A 15-year-old Utica boy drowned Thursday afternoon when he was caught in an undercurrent while swimming at Yates Cider Mill, Avon and Dequindre roads, in Avon Township.

James Cecil Sutherland, son of Mr. and Mrs. Cecil Sutherland, of 45669 Cass St., Utica, dove from a spillway into swirling waters under a waterfall, sheriff's deputies said.

Four teenage friends attempted to rescue Sutherland as he surfaced once and shouted for help, but could not get near enough to help, deputies said.

Deputy skin-diving specialist, William Jackson Jr., said "It may have been a good thing they didn't get to him, since they too would have been sucked under."

Jackson, with the help of other deputies, tried for 1 1/2 hours to recover the boy's body, caught in a verticle swirling of the waters and held in a hole created by the falling water.

His body was freed and found floating downstream in shallow water, after Jackson succeeded in breaking the action of the undertow while dangling from a rope stretched across the creek.

The boy was taken to Milliken's Funeral Home in Utica.

Same School Tax for Waterford

Rate Slightly Lower but Valuations Are Higher This Year

For the third consecutive year, Waterford Township School District taxes will stay the same.

At their regular meeting last night, the board of education established the 1957 tax rate at \$25.60 per thousand on state equalized valuation. This compares with a total rate of \$27 for 1956.

Superintendent William Schunk pointed out that while this is a rate reduction of \$1.40, it does not mean that taxes will be lower, as reduction in rate would offset the increase this year in valuations. Property owners will therefore pay the same amount of money as last year, he asserted.

Know THE Weather

By E. H. SIMS

What were the lessons learned from Hurricane Audrey? How can loss of life be reduced by the weather bureau, and local authorities, as a result?

Hurricane Audrey proved once again, if that was necessary, that the weather bureau still cannot track the course of a hurricane accurately. When the weather bureau thought Audrey was over 100 miles south of Cameron, La., Audrey was right on the town, before daylight, leaving residents no time to get away.

Water was in homes on Thursday June 27th, in the early morning—though most of the people there, told the storm would strike Thursday afternoon, had planned to evacuate Thursday. The center of Audrey picked up speed at the last minute and approached the coast faster than anyone expected.

The storm center had been inching northward only five or ten miles an hour until the last day, before it struck the coast. Obviously the speed increase surprised weather officials, and Audrey must have been rambling along at better than twenty miles an hour when she passed inland.

The Weather

Air Force Plane Crashes; Five Crewmen Missing

PLATTSBURG, N.Y.—(INS)—A strategic air command KC-97 tanker plane, loaded with thousands of gallons of fuel for an in-flight refueling mission, plunged into Lake Champlain last night and exploded with a burst of flames.

Three of the eight crewmen aboard were known to have survived. The search was continuing in the lake's waters for the five missing men.

Two engines on the huge tanker plane failed shortly after the ship took off from Plattsburg Air Force Base, and it ditched a half mile from shore off Port Kent, 14 miles south of Plattsburg.

The plane exploded and burst into flames when it hit the water. The flash could be seen 14 miles away in Burlington, Vt. The plane normally carries 7,500 gallons of highly flammable fuel.

One of the survivors was plucked from the water by a boatsman, who had seen the crash, and raced to shore.

Base Public Information Officer Lt. Col. Edward Kandel said M-Sgt. Chester J. Kazinski, 32, of Chicago, and S-Sgt. El S. Radanovich, 39, of South Bend, Ind., parachuted from the crippled plane.

Kandel said M-Sgt. John F. Morgan, 34, of Garfield, N.M., rode the plane down and was rescued. All three were reported uninjured.

A helicopter hovered over the scene of the crash and boats patrolled the waters in the hope of finding other survivors.

Says Schools Neglect Study of Economics

WASHINGTON (U)—President Charles B. Shuman of the American Farm Bureau Federation says public schools are falling down in teaching students how to make a living.

Writing in the farm organization's magazine, "The Nation's Agriculture," Shuman said "perhaps the greatest area of neglect in our school system is the study of how to make a living—economics."

"Economic principles are far simpler than grammar or mathematics and should certainly be included in the studies of all boys and girls. Many of our troubles in agriculture are due to the ignorance or disregard for economic law."

Shuman said technical skills that improve future income opportunity should be developed through courses in mechanics, marketing, business, building trades and agriculture.

School Board Member Quits

Waterford Unit Accepts Resignation of Teacher Wishing to Work in Flint

The Waterford Township Board of Education last night accepted the resignation of Charles Pappas, a township school teacher the past six years.

Pappas said he wants to join the Flint school system in the retail cooperative training program there. He was director of a similar training program at Waterford Township High School.

Pappas, a trustee on the township board, said he will continue to live in the township.

In other business, Superintendent William Schunk presented a teacher pool loan salary payments. He said that 25p of the township's teachers prefer being paid on a 12-month basis and 63 want their pay spread over the 10-month school term.

A savings of \$55,398 in building costs has been made, Schunk said, at the new John D. Pierce School on Hatchery road.

The architect made certain changes in the building specifications, he explained. As a result, plumbing contractor Eames and Brown showed a credit of \$13,260 on the Schurr Construction Co., which has the general construction contract, showed a \$42,033 credit, Schunk said.

Byron Merritt will succeed adult education at the Isaac Crary Junior High School. Both teachers will continue to teach other academic subjects.

Chairman of the personnel committee will be Edward W. deler, who will be assisted by the board president, Mrs. Donald Adams, and by Superintendent Schunk.

Frederick Poole was appointed chairman of the building committee. Marshall Smith, James Denberder, and Edward Hills were named as members.

Poole and Lester Carlson were appointed representatives to the recreation board.

Eight new teachers were hired.

Car, Truck Collide on Single Lane Road

A headon truck-car collision on Ellis Rd., a private dirt road in Springfield Township, sent two Pontiac teenagers to St. Joseph Mercy Hospital Thursday afternoon.

Raymond Theeringer, 17, of 246 Linwood St., and Jack Morris, 18, of 12 Park Place, were injured when they collided with a dump truck driven by Richard Becher, 20, of 6450 Snowapple Dr., Clarkston, said State Police.

Theeringer was admitted with minor injuries and is to be released today, said hospital authorities. Morris was treated and released.

The accident took place on a curve of the single-lane country road.

The Day in Birmingham Chamber Plans Campaign to Recruit New Members

BIRMINGHAM — Chamber of Commerce President Richard Wilson of Wilson Drugs announced today that the organization is planning its first membership campaign in over two years. All business and professional people not now members are being invited to join. Members are asked to report any prospects to Wilson or the Chamber of Commerce office so an immediate follow-up can be made.

The Chamber also announced that Foster Toothaker, chairman of the Retail Merchants Committee said that plans are now under way for the fall and winter programs for business promotion in the city. He said that several outstanding suggestions had already been made and will be carefully considered by the committee before any decision is reached.

A further announcement from the group explains clarification of their membership plaques. Since their fiscal year runs from May 1 to April 30, plaque dates have been confusing in that they mentioned but one year. New plaques are being ordered for distribution probably within 30 days. Instead of reading "1957" they will read "1957-58."

Det. Sgt. Robert Schaule today warned Birmingham merchants to be on the alert for a "short change artist" working in the area. Schaule said several complaints received recently have carried the same description.

The man, a Negro, is described as about 6'1", weighing about 180 pounds. In his appearance here yesterday he was wearing a short sleeved sport shirt, blue trousers and a dark blue Panama hat.

Schaule said his technique is to

felt "obligated" to take the county job to help, if he can, speed the solution to the area's "great sewer, drainage and water problems."

He pointed out that Birmingham is vitally interested in the Evergreen project, since it will relieve pollution on the River Rouge. Birmingham and six other communities are involved in this project.

Schaule has been city manager at Birmingham one year. Before that he was Oak Park city manager for five years.

Three Airliners Make Emergency Landings Because of Hoax

BOSTON (U)—Three airliners carrying more than 100 passengers made emergency landings in widely separated spots last night because of a bomb hoax.

Three Air France Constellations were in the air when a woman telephoned the line's reservation desk at Idlewild Airport in New York that a bomb was on one of its planes.

One Constellation landed here. Another, bound for Mexico City, came down in Montgomery, Ala., and a third at Sydney, N. S. No bomb was found.

The plane which landed in Boston was about 50 minutes out of New York, bound for Paris, when it received radio orders to land. FBI agents, state police and customs men searched the plane.

The 59 passengers were taken to hotels for the night.

Earlier in the day, two Air National Guard fliers were killed at Worcester, Mass., when their jet plane crashed and exploded in the middle of a residential area. Six dwellings caught fire, but none of the residents were injured.

Killed in the crash were Capt. John F. Murphy Jr., 32, of Worcester, and 1st Lt. Lawrence C. Build, 26, of Quincy, Mass.

Two Birmingham Men Injured in Car Crash

Two men, one a Birmingham resident, were injured late Thursday night when their car skidded and overturned on Squirrel Lake road just south of Long Lake road, in Bloomfield Township, according to township policemen.

The two men, George Greer, 27, of 3323 Lewis St., and his companion, George Torrance, 63, of Battle Creek, were treated at St. Joseph Mercy Hospital for minor cuts and bruises and released.

Heavy Drinkers in U.S. Number Seven Million

LOMA LINDA, Calif. (U)—Seven million adult Americans, says a report, are heavy, addictive drinkers.

The report, released yesterday at the Annual Institute of Scientific Studies for the Prevention of Alcoholism, said the number of adult drinkers is increasing at the rate of 250,000 a year.

Legal to Bar Non-Residents

High Court School Ruling May Push Consolidation

LANSING (AP) — The State Supreme Court decision that high schools need not admit non-resident students was seen today as giving an added push to the snow-balling trend of consolidation of school districts in Michigan.

Haircut Subject of Court-Martial

Young Airman Refused Order to Get Clipped by Superior Officer

FUCHU, Japan (AP) — Haircuts, the description and definition thereof, today claimed the solemn attention of a four-judge court-martial trying a young American airman who said he didn't want to "look like a shaved jackass."

The charge of disobeying an order against Airman 3. C. Donald Wheeler of Cortez, Colo., didn't say anything about haircuts. The Air Force says it's all a matter of routine military discipline, involving disobedience of a "lawful order of his superior officer."

But Wheeler and his lawyer say he was charged after refusing to get a "white sidewall" haircut.

The fourth session of the court-martial today brought the admission from the airman's commanding officer, Lt. William N. Shortt of Seattle that he couldn't define a "white sidewall." He added that the only description he could give "is what is in the newspapers—a type where the hair is shaved from ear to crown with only a fringe on top."

Under cross-examination by Murray Sprung of New York, Wheeler's civilian attorney, Shortt said the 20-year-old airman had told him: "I don't want to look like a shaved jackass."

It was brought out that the members of the honor guard company, to which Wheeler formerly was assigned, were under order to have a "uniform haircut that is short." There was no definition of how short is short.

Wheeler was among six airmen transferred last week from the honor guard at U. S. Forces Headquarters in Tokyo to the Air Police detachment at Fuchu Air Base. Air Force spokesmen said the transfers were made because the honor guard is being dissolved and that the transfer "had nothing to do with haircuts." Wheeler said he previously had requested transfer.

Conviction of disobeying a lawful order could bring a maximum penalty of a bad conduct discharge, six months' imprisonment, reduction in rank and forfeiture of two-thirds pay for six months. The cost for most "white sidewall" haircuts by a military barber—25 cents.

"The decision probably will have the effect of making school districts without high schools realize they must face up to and solve the problem," commented Roland S. Strolle, chief of the School Facilities Division of the State Department of Public Instruction.

The high court held unanimously in a test case yesterday that Grand Ledge High School, under the state school code, "may" admit non-resident pupils but is not required to do so.

Petitioners from a group of outlying school districts that had refused annexation to the Grand Ledge District sought to have the Supreme Court order that their pupils be admitted.

Strolle estimated that there are some 2,200 primary school districts—those without high schools—compared to the 542 secondary school districts that provide kindergarten through high school facilities.

POLITICAL ENTITY
"The Supreme Court decision recognized that the school district is a separate political entity and as such has the sole responsibility for the education of the children in its district," Strolle said.

"The trend in education in Michigan today," Strolle observed, "is toward consolidation of school districts—600 were eliminated by reorganization last year—and toward each district providing a complete school program."

In view of the decision, Strolle said, the primary school districts will have only three choices:

1. To provide high school facilities of their own.
2. To join with a school district of their choice that will provide high school facilities.
3. To send their pupils on a tuition basis to a high school district willing to accept them.

"The trouble with the last choice," Strolle said, "is that such agreements generally are just a year-to-year basis. High school districts are becoming more reluctant to take outside tuition pupils, as in the case at Grand Ledge, because of their own overcrowding."

Certain Filter Tip Cigarettes Hit

WASHINGTON (AP)—A research report today said some tobacco companies are producing filter cigarettes which have as much or more tar and nicotine than unfiltered cigarettes.

Dr. Ernest L. Wynder, said "a safer cigarette can be made today by using an effective filter plus the proper blend of tobacco." But, he added in testimony prepared for the House Government Operations subcommittee, some companies have taken advantage of the public desire for filtered

cigarettes by marketing "increasingly ineffective filters" on cigarettes containing tobacco which yields greater quantities of what he said was cancer-producing tar.

Wynder, of the Sloan-Kettering Institute for Cancer Research, said about 25,000 persons will die of lung cancer this year. He added that at least 80 per cent of these deaths could have been prevented if the patients had not smoked.

A pathologist, Dr. R. H. Rigdon of the University of Texas Medi-

cal School, also was invited to testify today.

Recent studies, Wynder said, indicate "the majority of filtered cigarettes currently on the market have a tar and nicotine content which is at least as high, if not higher, than that of standard regular-sized cigarettes."

Wynder defined an "effective filter" as one which would remove at least 40 per cent of the tar and nicotine from tobacco smoke of the average regular-size cigarette.

He said that based on laboratory findings and statistical studies which indicate that "the value of a filtered cigarette in reducing cancer risk is directly related to the decrease in tar content of the smoke."

"In a recent laboratory study, attention was called to a new development in the filtered cigarette industry which seems to be encouraging — a filtered cigarette with a good pressure drop and satisfactory tobacco taste can be produced which would yield 40 per cent less nicotine and tar than the cigarette."

"Uniform acceptance of a filter

in this range will be a partial answer to the present problem..."

The research spokesman also recommended:

1. The possible lowering of the burning temperature of cigarettes since, he said, virtually no cancer-causing substances are produced when tobacco is burned at 620 degrees. The present burning is 880.

2. "Dry cleaning" tobacco leaf to remove the waxy coating. Wynder said the coating apparently was a major source of most of the cancer-causing substances.

Senate Approval Given of O'Sullivan for Judge

WASHINGTON (AP)—The confirmation of Clifford O'Sullivan of Port Huron as a U. S. District Judge for eastern Michigan has been recommended by the Senate Judiciary Committee.

O'Sullivan, who resigned last week as Michigan's Republican National Committee man, was nominated for the post June 6 by President Eisenhower to replace retiring Judge Arthur A. Koscinski of Detroit.

Workmen Try to Avert Flood

Attempt to Plug Up Hole in Colorado Reservoir; Many Farms Threatened

CAPULIN, Colo. (AP)—A thousand persons, their homes and land in jeopardy, watched apprehensively as workmen tried to plug a gaping hole today in the face of Terrace Reservoir.

The 45-year-old dam in southern Colorado is full for the first time in years.

Below, in a valley stretching to Albuquerque, N. M., lie dozens of small communities and many isolated farms.

Work crews have dumped several tons of dirt and rocks in the hole 60 feet below the top of the 168-foot-high dam.

Employees of an irrigation district, which owns the dam, opened valves that allowed water to escape, lessening pressure. Part of the water backed up by the dam is the result of a record snow melting in the mountains.

Dutchman Wins Pipesmoking Contest Easily

FLINT (AP)—The Dutch seem to have it over Flint when it comes to making a pipeful of tobacco go a long way.

Two smokers, Robert Fudl, 40, of Flint, and Bouke Dijkstra, 27, of the Hague, Holland, lit 3.3 grams of tobacco simultaneously yesterday for the international goodwill pipesmoking champion ship.

But from then on in it was the Dutchman all the way. Dijkstra, the Dutch pipesmoking champion, made his pipeful last for 110 minutes, 10 seconds while Fudl's flickered out in 66 minutes, 39 seconds.

To keep abreast of the situation, contest officials had a transatlantic telephone hookup between the two points, but interference delayed the announcement of Dijkstra's time for 45 minutes.

Model Planes Compete

NAPOLÉON (AP)—The second annual model plane flying contest will be held at the B. D. Maule Airport here Sunday. Some 75 contestants from Michigan, Indiana, Ohio and Canada are expected to participate.

Looks for Moonshine, Runs Across Alligators

NEW BERN, N.C. (AP)—A State Alcoholic Beverage Control Board agent, Albert Russell of New Bern, was poking around a swampy area near Cherry Point looking for moonshiners.

He saw a trail which looked as if it had been made by a boat. He cautiously guided his own motorboat into the swamp grass.

It wasn't moonshiners. It was alligators — a mother and her young ones.

Russell retreated.

NEW BEAUTY PRODUCTS

Glamour for Every Woman

by CORA BRADFORD Beauty & Health Editor

Now it's possible for every one of us girls—from 16 to 60—to have the alluring, attractive figure of the movie stars. Today, I've got wonderful news about a fast, easy way to have the slim, trim figure that makes a \$10 dress look like an exclusive Paris creation. And in no time at all, you can also have a silhouette that looks like a million in a bathing suit. A fabulous new reducing aid has recently been discovered to help you get rid of all those extra inches and bulges of ugly fat—without any special diets, without drugs or exercises!

I've tried it myself and in my opinion, there's nothing like it if you want to quickly take off a few inches here or there. It's the easiest way I know to actually lose weight the very first day without giving up all your favorite foods or going on a calorie-counting diet. It's the perfect answer for overweight people who want to lose weight fast—without any trouble or fuss.

IMAGINE A REDUCING PRODUCT THAT DOES THIS FOR YOU

Just think how thrilled and happy you'd be... how much more attractive you'd look if you gave yourself a chance to lose 10 pounds, 15 pounds or even 25 pounds... or if you could lose as much as 45 pounds and keep them off! Imagine your delight, if in no time at all—you saw ugly fat vanish wherever you needed slimming down. And you can do it without any harmful-reducing drugs, starvation diets, silly steam baths or tiring exercises.

MEDICAL SCIENTIST DISCOVERS NEW SAFE, FAST WAY TO LOSE WEIGHT

Originally formulated by a famous Medical Researcher to

round, roly-poly women reduced to a fashionable size 10—without any special diets. As far as I'm concerned, the change it made in my own figure was truly a miracle. All I did was pop two pieces of this special, pleasant-tasting, reducing gum into my mouth about half an hour before mealtime. I was simply amazed at what happened. I had the feeling my appetite was satisfied—before I was even half way through my meal. I continued to eat all the foods I love... I still enjoyed my favorite dishes as much as ever—but I did not have the urge to overeat which I formerly did.

This wonderful new kind of sweet-tasting gum had curbed my appetite, yet allowed me to feel fully satisfied. And whenever I became hungry between meals, I'd just chew a piece of this gum to discourage those extra-calorie snacks.

And now I'm going to tell you the name of this chewing gum which has been approved by doctors... and where you can get a free trial box.

THE NAME OF THIS AMAZING REDUCING GUM

It's called FERGUSON'S FORMULA 71. Believe me, it's the safest and best reducing product I know for practically everyone with an overweight problem! This remarkable

weight reducer is now being featured at Waile's, on the street floor, Cosmetics Department.

What's more there's a FREE 10 DAY TRIAL and a MONEY BACK GUARANTEE WITH ALL PURCHASES! I suggest you take advantage of this wonderful offer today! For now's the time to get in shape for the bathing suit season—this safe, easy, clinically-tested, chewing gum way to REDUCE!

For your convenience, Waile's is taking phone orders. Call FE 4-5211, and ask for Cosmetics Dept. For mail orders you can use the handy coupon below.

You can enclose cash, check or money order... or if you have a Charge Account, that makes it even simpler. And remember, there's a MONEY BACK GUARANTEE WITH ALL ORDERS. A box of 80 pieces is only \$2.98. The Economy size of 160 pieces is only \$5.49.

Yes, girls, I've been taking FERGUSON'S FORMULA 71 myself. And for my money, there's no faster, easier way to get rid of excess pounds—than this chewing gum way!

help members of his own family reduce, this amazing reducing product soon began to be used by doctors, nurses, and their friends. Clinical tests on patients who were overweight showed amazing results! It was not long before these remarkable weight losses came to the attention of leading Medical Authorities. This reducing aid was so different and so unique, the U. S. Patent Office soon issued a patent number to protect this Medical Scientist's brilliant discovery.

Desirous of having the fruits of his labors made available to every person who was overweight, this eminent Medical Researcher formulated a reducing product for sale to the public—which required no doctor's prescription. Since this astounding discovery, no other type of product has been able to show such significant weight losses in such an easy-to-take way.

HERE'S ALL YOU DO TO LOSE POUND AFTER POUND AND KEEP THEM OFF!

Just before each meal all you do is chew two pieces of a delicious-tasting gum. Yes, that's all you do and pounds vanish like magic. I saw doctors' charts that showed how big,

Waile's, Pontiac, Department 260

Man Facing Suit Takes Own Life

NEW YORK (AP)—A young father of four, worried over a \$30,000 auto accident suit against him, killed himself last night, police said.

His wife, who is expecting a fifth child, found him dead with a bullet wound in his head in his company's office.

Robert Stoltz, 36, of Richmond Hill, Queens, telephoned his wife, Dorothy, 34, that he was working late and had had a few drinks.

Since her husband normally did not drink, Mrs. Stoltz told him she would go to the office and drive him home.

She found him lying dead on the floor in his office. An Italian-made pistol was at his side.

Mrs. Stoltz told police her husband had been depressed over the damage suit which stemmed from an auto accident last April 1. His insurance company reportedly had told him he was not protected in this specific case. Trial of the suit is pending.

band had been depressed over the damage suit which stemmed from an auto accident last April 1. His insurance company reportedly had told him he was not protected in this specific case. Trial of the suit is pending.

May Change DSR Fares

DETROIT (AP)—Mayor Albert E. Cobo has indicated approval of a fare system for the Department of Street Railways which would eliminate ticket discounting and set a flat fare of 20 cents. The tentative plan, announced after a discussion between Cobo and DSR General Manager Leo J. Nowicki, also would permit patrons to travel at a reduced fare inside Detroit's central business district.

Americans consume upwards of eight million tons of sugar per year.

Here Is Correct Puzzle Solution

The following are correct answers and explanations for the Pot-O-Gold puzzle which appeared in last week's Pontiac Press.

A. (1) REQUEST. "Sometimes" suggests REQUEST rather than Request. You'd expect an eccentric old man to leave an odd legacy, but it is only occasionally that his will contains an odd REQUEST, for example, to buy sirloin steaks every day for his three dogs.

B. (4) DOODLING. The phrase "while neglecting his homework" implies that Junior is doing something besides wasting time or Dawdling, and that something is scribbling aimlessly or DOODLING.

C. (5) CASTING. The producer of an all-star picture is engaging a lot of expensive talent for his CAST. Since this is usually a promotion stunt for his picture, he does not feel that he is wasting all that talent, some of which may be used—and paid—only for brief scenes.

D. (8) THIRTY. A Shifty man is deceitful and not to be trusted; he's the type who often grows rich by rather shady methods, and could afford a fine allowance for his wife. The THIRTY man watches every penny, and is likely to dole out pin money to his dependents, including his wife.

E. (9) PADRE. Because of the word "might" in the clue, PADRE is the better choice as a possibly enjoyable companion. Obviously, a genial French officer would certainly enjoy the companionship of fellow-officers and men of his Cadre.

F. (12) TINKLE. A baby crying usually has his eyes at least partly shut, so that he could not see the Twinkle in his mother's eyes. But the bell-like sound of a TINKLE might arouse his curiosity and cause him to stop crying.

G. (13) VENEER. If the owner of the desk is desperate for money, he would take whatever he could get, so the young couple might well have a bargain. Veneer is a thin layer of fine wood as the outer coating of a piece of furniture; if the veneer "is poor," the piece should not be worth much and is no great bargain.

H. (16) DINGHY. A small or Dinky boat often has a motor and would certainly be better in rough seas than a DINGHY, which, generally speaking, is a rowboat that would give passengers a really bad time in rough water.

I. (18) EMERGENCE. With families crowding into the suburbs, many communities start the school year with the EMERGENCE, of sudden appearance, of hundreds of new children for whom the schools have no room. This is the underlying cause of the Emergency, or

pressing need for action; something must be done about it.

J. (19) REACTION. It's the REACTION that follows swiftly after an unwise statement by a government official. The immediate response is a storm of protest; it is only later—and because of the protests that the official may make a Retraction, or, as they say, eat his words.

K. (22) CLOTHES. For some years recently, women's hats have been tiny things perched on the head; only in the season just past have milliners made any attempt to bring back those bell-shaped Cloches of the twenties. One attempt does rate the phrasing "Keep trying." Designers do "keep trying," however, to bring back the dresses, the middies — i.e. the CLOTHES of the twenties.

L. (24) OVERSEAS. The chance to go abroad always sounds romantic, and a newly graduated engineer would consider it a great opportunity. A job as Overseer varies as to skill, and an engineer's willingness to accept it would depend on what type of work he was expected to supervise.

M. (25) DESERTS. Having worked hard to keep alive, a woman may feel she has earned, and deserves, a brief fling at eating anything. In that case Desserts would be part of her DESERTS.

N. (28) HANNIBAL. The Carthaginian general who defeated the Romans in 218 B.C. had a very adventurous military career. His story, if vividly told, can be fascinating for a boy. A Cannibal rarely appears in the singular in a story; he is one of a tribe of CANNIBALS, who eat humans.

O. (29) CURT. A Court decision is stated in legal terms and is usually impersonal; in the case of a juvenile delinquent, he has gambled and lost. But it's a personal humiliation when the judge delivers a CURT decision, which can be sharp and have a real sting.

P. (31) ADULT. "May seem silly to a man" suggests ADULT, in the clue; the husband does not believe in spiritualism — and thinks that his wife, as an adult, should know better. Occult is rather to spiritualism itself, as a mystic belief, than to the wife's preoccupation with it.

Q. (33) CRUMPLED. The word Crumpled (disintegrated or fallen into small pieces) would better apply to all four fenders, which are as old as the car and which would all have decayed at the same rate. Since only one fender is mentioned, the assumption is that it has been CRUMPLED or crushed together in an accident.

R. (36) BRAVNY. The wife of a Bravny man is likely to have the same mental outlook, and it's the intellectual people who are humble about all the things they don't know. The BRAVNY man lives by muscular strength; he can "lick anybody," and his wife probably thinks so too.

S. (37) LOPING. A steady, easy, gait is often good for a race horse during the first laps. It saves his strength for a spurt toward the finish line, when other horses are tired. A Loping gait would indicate that he was going too slow to catch up.

T. (40) DEFACE. If a policeman saw someone trying to mar the surface of a signboard poster, he would certainly stop and ask "What do you think you're doing?" A man who tried to Efface a poster might get away with it; it's easy to assume he is planning to put up another instead.

U. (43) CRUMPLED. The word Crumpled (disintegrated or fallen into small pieces) would better apply to all four fenders, which are as old as the car and which would all have decayed at the same rate. Since only one fender is mentioned, the assumption is that it has been CRUMPLED or crushed together in an accident.

V. (46) BRAVNY. The wife of a Bravny man is likely to have the same mental outlook, and it's the intellectual people who are humble about all the things they don't know. The BRAVNY man lives by muscular strength; he can "lick anybody," and his wife probably thinks so too.

W. (49) LOPING. A steady, easy, gait is often good for a race horse during the first laps. It saves his strength for a spurt toward the finish line, when other horses are tired. A Loping gait would indicate that he was going too slow to catch up.

X. (52) DEFACE. If a policeman saw someone trying to mar the surface of a signboard poster, he would certainly stop and ask "What do you think you're doing?" A man who tried to Efface a poster might get away with it; it's easy to assume he is planning to put up another instead.

Y. (55) CRUMPLED. The word Crumpled (disintegrated or fallen into small pieces) would better apply to all four fenders, which are as old as the car and which would all have decayed at the same rate. Since only one fender is mentioned, the assumption is that it has been CRUMPLED or crushed together in an accident.

Z. (58) BRAVNY. The wife of a Bravny man is likely to have the same mental outlook, and it's the intellectual people who are humble about all the things they don't know. The BRAVNY man lives by muscular strength; he can "lick anybody," and his wife probably thinks so too.

AA. (61) LOPING. A steady, easy, gait is often good for a race horse during the first laps. It saves his strength for a spurt toward the finish line, when other horses are tired. A Loping gait would indicate that he was going too slow to catch up.

AB. (64) DEFACE. If a policeman saw someone trying to mar the surface of a signboard poster, he would certainly stop and ask "What do you think you're doing?" A man who tried to Efface a poster might get away with it; it's easy to assume he is planning to put up another instead.

AC. (67) CRUMPLED. The word Crumpled (disintegrated or fallen into small pieces) would better apply to all four fenders, which are as old as the car and which would all have decayed at the same rate. Since only one fender is mentioned, the assumption is that it has been CRUMPLED or crushed together in an accident.

AD. (70) BRAVNY. The wife of a Bravny man is likely to have the same mental outlook, and it's the intellectual people who are humble about all the things they don't know. The BRAVNY man lives by muscular strength; he can "lick anybody," and his wife probably thinks so too.

AE. (73) LOPING. A steady, easy, gait is often good for a race horse during the first laps. It saves his strength for a spurt toward the finish line, when other horses are tired. A Loping gait would indicate that he was going too slow to catch up.

AF. (76) DEFACE. If a policeman saw someone trying to mar the surface of a signboard poster, he would certainly stop and ask "What do you think you're doing?" A man who tried to Efface a poster might get away with it; it's easy to assume he is planning to put up another instead.

AG. (79) CRUMPLED. The word Crumpled (disintegrated or fallen into small pieces) would better apply to all four fenders, which are as old as the car and which would all have decayed at the same rate. Since only one fender is mentioned, the assumption is that it has been CRUMPLED or crushed together in an accident.

AH. (82) BRAVNY. The wife of a Bravny man is likely to have the same mental outlook, and it's the intellectual people who are humble about all the things they don't know. The BRAVNY man lives by muscular strength; he can "lick anybody," and his wife probably thinks so too.

AI. (85) LOPING. A steady, easy, gait is often good for a race horse during the first laps. It saves his strength for a spurt toward the finish line, when other horses are tired. A Loping gait would indicate that he was going too slow to catch up.

AJ. (88) DEFACE. If a policeman saw someone trying to mar the surface of a signboard poster, he would certainly stop and ask "What do you think you're doing?" A man who tried to Efface a poster might get away with it; it's easy to assume he is planning to put up another instead.

AK. (91) CRUMPLED. The word Crumpled (disintegrated or fallen into small pieces) would better apply to all four fenders, which are as old as the car and which would all have decayed at the same rate. Since only one fender is mentioned, the assumption is that it has been CRUMPLED or crushed together in an accident.

AL. (94) BRAVNY. The wife of a Bravny man is likely to have the same mental outlook, and it's the intellectual people who are humble about all the things they don't know. The BRAVNY man lives by muscular strength; he can "lick anybody," and his wife probably thinks so too.

AM. (97) LOPING. A steady, easy, gait is often good for a race horse during the first laps. It saves his strength for a spurt toward the finish line, when other horses are tired. A Loping gait would indicate that he was going too slow to catch up.

AN. (100) DEFACE. If a policeman saw someone trying to mar the surface of a signboard poster, he would certainly stop and ask "What do you think you're doing?" A man who tried to Efface a poster might get away with it; it's easy to assume he is planning to put up another instead.

AO. (103) CRUMPLED. The word Crumpled (disintegrated or fallen into small pieces) would better apply to all four fenders, which are as old as the car and which would all have decayed at the same rate. Since only one fender is mentioned, the assumption is that it has been CRUMPLED or crushed together in an accident.

AP. (106) BRAVNY. The wife of a Bravny man is likely to have the same mental outlook, and it's the intellectual people who are humble about all the things they don't know. The BRAVNY man lives by muscular strength; he can "lick anybody," and his wife probably thinks so too.

AQ. (109) LOPING. A steady, easy, gait is often good for a race horse during the first laps. It saves his strength for a spurt toward the finish line, when other horses are tired. A Loping gait would indicate that he was going too slow to catch up.

AR. (112) DEFACE. If a policeman saw someone trying to mar the surface of a signboard poster, he would certainly stop and ask "What do you think you're doing?" A man who tried to Efface a poster might get away with it; it's easy to assume he is planning to put up another instead.

AS. (115) CRUMPLED. The word Crumpled (disintegrated or fallen into small pieces) would better apply to all four fenders, which are as old as the car and which would all have decayed at the same rate. Since only one fender is mentioned, the assumption is that it has been CRUMPLED or crushed together in an accident.

AT. (118) BRAVNY. The wife of a Bravny man is likely to have the same mental outlook, and it's the intellectual people who are humble about all the things they don't know. The BRAVNY man lives by muscular strength; he can "lick anybody," and his wife probably thinks so too.

AU. (121) LOPING. A steady, easy, gait is often good for a race horse during the first laps. It saves his strength for a spurt toward the finish line, when other horses are tired. A Loping gait would indicate that he was going too slow to catch up.

AV. (124) DEFACE. If a policeman saw someone trying to mar the surface of a signboard poster, he would certainly stop and ask "What do you think you're doing?" A man who tried to Efface a poster might get away with it; it's easy to assume he is planning to put up another instead.

AW. (127) CRUMPLED. The word Crumpled (disintegrated or fallen into small pieces) would better apply to all four fenders, which are as old as the car and which would all have decayed at the same rate. Since only one fender is mentioned, the assumption is that it has been CRUMPLED or crushed together in an accident.

AX. (130) BRAVNY. The wife of a Bravny man is likely to have the same mental outlook, and it's the intellectual people who are humble about all the things they don't know. The BRAVNY man lives by muscular strength; he can "lick anybody," and his wife probably thinks so too.

AY. (133) LOPING. A steady, easy, gait is often good for a race horse during the first laps. It saves his strength for a spurt toward the finish line, when other horses are tired. A Loping gait would indicate that he was going too slow to catch up.

AZ. (136) DEFACE. If a policeman saw someone trying to mar the surface of a signboard poster, he would certainly stop and ask "What do you think you're doing?" A man who tried to Efface a poster might get away with it; it's easy to assume he is planning to put up another instead.

Plan Detroit Convention

DETROIT (AP)—The China-Burma-India Veterans Assn. has announced that it will hold its annual convention here Aug. 310. Among the features of the meeting will be a parade in which association members and their families will appear in oriental costumes.

Boy Dies of Injuries

DETROIT (AP)—Four-months-old Dennis Dawson of Detroit died Thursday of injuries suffered July 11 when the car he was riding in with his mother was involved in a collision. The child was released by hospital authorities Monday after treatment for a skull fracture.

Man's Push May Really Be Pull

NEW YORK (AP)—Pavement proverbs for the man in the street:

Bald men deserve no particular credit for going through life without splitting hairs. With them it's simply a matter of thrift.

Security is the feeling a man with a steady job gets after talking to someone who has retired on a pension.

The most you can do for a friend is the least you can do for yourself.

Those who walk only in another's footsteps run the risk of tumbling into another's grave.

If you can't build a bridge, build a footpath leading to one.

Many a man gets credit for having push when all he had was pull.

A man too small to laugh at himself usually also isn't big enough to feel sorry for anyone else.

One of the greatest arguments against a shorter work week is that it will force people to worry more on their own time.

Any man bold enough to marry a shrew to tame her is a sure bet to leave a young widow.

No sudden hurricane can create as much havoc in a commu-

nity as the small steady wind of gossip.

Those who are most afraid of the dark are those who look most deeply within themselves.

Nothing upsets our own sense of values more than to meet a poor man who insists he is happy.

We can't help wondering what his real angle is.

Uncle Sam has proved one thing for sure in the post-World War: Money may buy enemies—but it won't even rent a friend.

One of the hardest problems of the 20th century is for a man to keep both feet on the ground while building castles in Spain in his swivel chair.

The quickest way to get Americans back into physical shape is for the government to make them pay income taxes according to their weight.

The greatest decline in national stamina followed the decline of the free lunch and the arrival of the cocktail canape.

By Carl Grubert

THE BERRYS

Lie Detector Indicates Truthfulness

Sheppard Suspect Tested

DELAND, Fla. (AP)—A lie detector expert says Donald Wedler has told "the truth or what he believes to be the truth" about the slaying of Mrs. Samuel Sheppard in Cleveland, Ohio.

Alex Gregory of Detroit made the report yesterday after a second examination of the 23-year-old prisoner who on Monday "confessed" a crime resembling the Sheppard slaying in July, 1954.

POLICE SKEPTICAL

The "confession" is regarded with skepticism by Cleveland police.

Gregory, representing a non-official group of criminologists who call themselves the Court of Last Resort, will be joined here today by Erle Stanley Gardner, the mystery writer and head of the court.

Gregory said his tests of Wedler have been completed and that Gardner will decide whether to continue the investigation. The court, whose aim is to prove innocent persons it feels wrongly convicted, has been interested in the Sheppard case for some time.

Mrs. Sheppard's husband, a doctor, is serving a life sentence for the slaying although he maintains he is innocent.

Gregory declined to give details of exact questions he asked Wedler

for test but the governor has not acted.

Sheppard refused a lie test prior to his trial and conviction but since has told his attorneys he would permit it.

Wedler, awaiting trial on a charge of escaping from a 10-year sentence for robbery at Tampa, told Sheriff Rodney B. Thursby in his "confession" that he hit a woman on the head two or three times with an iron pipe while ransacking her home in July, 1954.

Cleveland police pointed out several discrepancies between the confession and facts in the Sheppard slaying. She was hit 35 times, they said, and the house was not ransacked.

Supreme Court Justice Stanley Forman Reed was Solicitor General of the United States when President Roosevelt named him in 1938 to the High Court.

Chief Pontiac Skeet Test This Weekend

OCSC's skeet ranges were open today for practice rounds in advance of the two-day, seventh annual Chief Pontiac open skeet championships, beginning Saturday.

THURSDAY'S FINISHES

LOS ANGELES — Joe Borando, 166, Hollywood, Calif., knocked out Rudy Mendoza, 146, Los Angeles, 5.

BOSTON — Jimmy Connors, 127½, New Bedford, Mass., outpointed Cleo Ortiz, 123½, Puerto Rico, 4.

Only Burkemo From State Still in PGA

DAYTON, Ohio (U-P) — Walter Burkemo of Franklin Hills was the only Michigan golfer left in competition today as the PGA golf tournament ground into its fourth round.

All of Michigan's other entries were eliminated yesterday in second and third round battles.

Burkemo moved into the big time by whipping Tony Holguin of Midlothian, Ill., 1-up, in a third round match and Bill Heinlein, Carmel, Ind., 1-up in a second rounder.

Burkemo has been in three PGA finals in six years and won in 1953.

Eldon Briggs of Lansing was the loser of the most one-sided margin of the tournament as Tommy Bolt of Los Angeles whipped him, 7 and 6. Bolt won six of the first nine holes from Briggs, five in succession, and closed out the match on the 12th. It was a quick comedown for Briggs, who had upset former National Open champion Jack Fleck of Rochester, 1-up in the second round.

Sam Saeed of White Sulphur Springs, W. Va., conquered Al Watrous of Birmingham, Mich., 4 and 3, in the second round and was among those favored to win the title.

Bob Gajda of Bloomfield Hills, Mich., trimmed Jim Browning of Weston, Mass., 4 and 2, but was eliminated in the third round, 3 and 2, by Doug Ford of Mahopac, N. Y.

Ted Kroll, Ft. Lauderdale, Fla., defeated Bill Nary, Wayne, Mich., 2 and 1, in a second round tilt.

Snead and Ford continued to rule as red-hot favorites.

Several darkhorses, who surprised everyone including themselves by getting this far in the man-to-man combat, were scattered through the list. But plenty of tournament-tested talent was still around, too.

Dow Finsterwald of Tequesta, Fla., and Athens, Ohio, one of the brightest of the young stars, was the big road block in 45-year-old Snead's path today. The 27-year-old youngster hasn't been out of the money in 56 straight tournaments and has \$21,447 to show for his 1957 club-swinging.

Ford, 34, and the year's big-

Junior Golfers All Eliminated

WASHINGTON (U-P) — All Michigan entries in the U. S. Golf Assn. Junior championships here were defeated yesterday.

Charles Lubar of Washington defeated Calvin Cooke of Detroit, 1-up. Robert Walter, Hutchinson, Kan., downed Joseph Brissan, Grosse Pointe Woods, 1-up. William Womack, Florence, S. C., beat Thomas Grace of Detroit, 4 and 3, and Gordon Baker of Florence defeated Peter Green of Birmingham 4 and 2.

Semifinals Today for Top Women

Veterans, Youngsters Make Up Final Group in Western Amateur

OMAHA (U-P) — Veterans Ann Casey Johnstone and Polly Riley were matched with Ann Richardson and Meriam Bailey, two of golf's younger celebrities, in the semifinals of the Women's Western Amateur today.

Mrs. Johnstone, who has won the Iowa title five times and went to the semifinals of the National Amateur in 1956, arrived in the semifinals with a two up victory over Barbara Romack Porter of Sacramento, Calif., the tournament medalist.

Miss Richardson moved into the semifinals with a two up victory over Mary Ann Downey of Baltimore.

Miss Riley stopped Mary Mills, 17, of Ocean Springs, Miss., 3 and 2 with a one-over-par performance for 16 holes.

Miss Bailey, all square at the end of 11 holes, won three of the next four holes for a 3 and 1 triumph over Andrea "Andy" Cohn, 17, of Waterloo, Iowa, the state junior champion.

Ace at Forest Lake

Bill Egensterber of Birmingham, who has played golf for nine years, made his first ace on the 140-yard 10th hole with the number-7 iron yesterday. He was playing with his wife and Mr. and Mrs. C. G. Warnick. It was the third this season at the Forest Lake course.

Doubleheader at Wisner Sunday Plans Set for City Amateur Day

All is in readiness for the annual Amateur Day doubleheader featuring some of the area's outstanding baseball performers Sunday at Wisner Stadium starting at 1:30.

Funds derived from the games will be used to send Pontiac's Class A champions to the state tournament next month. Profits from admissions, a concession stand and parking will be used for the tournament trip.

Shaw's Jewellers, current "A" leaders, will play Dizzy Trout's Detroit All-Stars in the feature contest of the twin-bill. The 1st game will send 2nd place CIO Local 594 against an All-Star team comprised of members of the other four teams in the league.

Paul Parks has named seven certain starters for Shaw's against the talent-packed Trout combine. Only the battery assignments are still undecided.

The Shaw's starters will include Les Stone at 1st base, Bob Swindell, 2nd base, Dave Kring, the league's top hitter, at shortstop and Bud Thomson at 3rd. The outfield will have Bob Hamilton, Terry Thomas and Warren Scheibner.

The starting pitcher will be selected from Herman Bishop, Jerry Taylor and Ted Reaver. Daryl McGlashen or Dick Klein-smith will do the catching.

Trout and former Chicago White Sox star Mike Tresh are expected to form the Detroit battery.

Player-manager Gene Cox will be able to pick from a 25-man squad when the All-Stars meet CIO. The starting lineup has been chosen already in a vote by the loop managers.

Cox will hold down one of the outfield positions along with John Smith of the Giants and Glenn Funk of Thomas Die & Stamping. Judge Booker and Joe Sato of the Jets, Dave Zittel and John Shanks of Griff's Grill will make up the infield for the 'stars.

Jet pitcher Ron Falkenhagen, who recently flipped a nohitter, will get the starting mound assignment with Tom Moore of

Hoad Suffers 1st Loss of Pro Meet

FOREST HILLS, N. Y. (INS) — Lew Hoad, who left amateur tennis as undisputed king and who probably ranks no worse than No. 2 in the pro world, is beginning to wonder what he has to do to beat Ken Rosewall.

The last time the former Davis Cup sidekicks met in amateur ranks, Rosewall beat Hoad in the U. S. finals to prevent the blond bomber from completing a tennis grand slam.

Yesterday, the two Australians met for the first time as pros. Rosewall won again, 6-3, 9-7, 4-6, 6-3, to hand Hoad his first pro defeat at Forest Hills.

Meanwhile, pro tennis king Pancho Gonzales lifted his spotless record in the tourney to 3-0 by outlasting Australia's Frank Sedgman, 5-7, 7-5, 3-6, 6-3, in a two-and-a-half-hour marathon.

Brooklyn (U-P) — Stan "The Man" Musial made another move up among baseball's all-time hitters yesterday, with two hits—one his 600th double—as his St. Louis Cardinals lost to the Brooklyn Dodgers.

Musial has 2,895 hits for his career, good for a fourth place tie with Rogers Hornsby in the National League list. He's 13th in the major league records.

The double left Musial three shy of Paul Warner's runner-up total in the National League. Honus Wagner tops the NL in two-baggers with 651.

WASHINGTON (U-P) — Larry Beck and John Konsek, a pair of parslashing youngsters, face new challenges today as they battle for quarter-final slots in the U.S. Golf Assn. junior championships.

Konsek, New York state junior titlist, whacked three strokes from par over the 16 holes necessary to dispose of Atlanta's Don Patterson, 3 and 2, in a third round bout.

Wants Ball Games

Weekday and Sunday afternoon baseball games are sought for the Geringville Midgets. Midgets would like to book opponents in their class for evenings, and Sundays at Geringville. Managers interested should call Bob Williams at FE 4-1342.

'Buried' Brother Shows Up Alive After 2 Weeks

CHICAGO (U-P) — A brother and a sister learned yesterday that they had made a mistake in burying a man they had identified as their brother. The brother showed up at their home very much alive.

Daniel Gallagher, 51, appeared at the home of his brother, Thomas, and his married sister, Mrs. Mary Mellon, 53. Daniel, who has lived with his brother and sister for several years, had been absent for a couple of weeks.

Giants Set for Coast Move

NEW YORK (AP)—The New York Giants are dead.

By next year the National League club will have shifted to San Francisco, or Minneapolis, or someplace.

Club President Horace Stoneham laid it on the line yesterday, announcing he will recommend to his board of directors that the Giants quit the Polo Grounds at the end of the season. He indicated there is very little chance of the club finding another ball yard in New York.

Stoneham also made it clear that the Giants already have league permission to transfer

their franchise, even if the Brooklyn Dodgers choose to stay behind.

League permission for the Giants to switch to San Francisco and the Dodgers to move to Los Angeles—when the two clubs decided to do so—was thought to be a package deal, with one move hinging on the other.

"That is not true," said Stoneham. "They are two separate deals, one not contingent upon the other. We were given permission to move irrespective of what the Dodgers do. But that pertained

only to our moving to San Francisco.

"Should the Giants desire to move to Minneapolis, for instance, we would have to seek league permission all over again."

Stoneham indicated San Francisco and Minneapolis are the prime possibilities for a new Giant home, but left the door open for any "satisfactory deal"—which he defined as a new and adequate ballpark and a rental rate based on a percentage of the attendance.

Mayor Christopher of San Francisco is on his way to New York on other business, but with plans

to meet with Stoneham to present a proposal.

Joe Cronin, general manager of the Boston Red Sox, said last night the American League club "wouldn't stand in the Giants' way if they wanted to draft the San Francisco territory." The Red Sox own the Pacific Coast League.

Another California mayor, John Purdich of Hayward, will fly here today to offer the Giants an \$84-million-dollar stadium in the community located about 30 miles from San Francisco.

Stoneham said the club "would be stupid to stay" here from a money viewpoint. "I don't think New York can support three clubs," he said, "and I'm not so sure it can support two. From what I've been given to understand, the city of New York is bankrupt."

The Giants president also said that it "would not be feasible" for the Giants to play at Yankee Stadium because of the reported \$600,000 yearly rental requested by the American League club.

And he agreed with New York city officials who had turned down suggestions that taxpayers' money be used to build a stadium for either the Giants or Dodgers.

Bone Fires 66 to Equal Tam's Scoring Mark

Tam O'Shanter golf club's young assistant professional, Gene Bone, yesterday added another record round to his string of sub-par cards of the season. Gene chalked up a pair of sizzling 35s on his home layout to equal the course record of 66 hung up last fall by his boss, Tam's genial pro Warren Orlick. Herb Marcussen of Lansing also equalled it, in the first pro-am of the spring.

Gene was playing with the club champion, Asher Tilsin, in what started out to be a late-in-the-day nine hole round. Bone lost two strokes on an out-of-bounds shot on No. 6, three-putted No. 7, but still managed a 35 for the round.

Bone's card:
Par 434 434 434—35
434 434 434—36—71
Bone 324 426 523 323
524 433 444—35—66

Pro Al Collins Makes Study

Getting Old, Golfer? Use Longer Clubs

SCARBOROUGH - On Hudson, N. Y. (AP)—A few years ago Al Collins, a golf professional approaching 60, discovered with some misgivings that his shots off the tee were getting progressively shorter.

He checked his grip. That was as strong as ever. He could still put speed and impact into his swing. But aging muscles prevented his getting the full force of his pivot and turn.

Just one of the inevitabilities of age, he reasoned philosophically. But he wasn't happy about it. There must be ways to remedy the diminishing tee shot.

He began making studies. He checked with an engineering friend from the Massachusetts Institute of Technology. And he

found his answer and a cure! Longer club shafts.

"I have increased my yardage by some 20 yards," Collins said today. "Not only that I wrote a little article on the idea in a magazine. I got letters from golfers from all over the country. I got orders for longer club shafts."

"Now we have a regular little club of older men who have shifted to longer shafts and are happy with their new found distance. We correspond and swap tales of our prowess."

The normal length of a driver shaft is 43 inches. Collins, now 61, changed to a 46-inch shaft, which he built himself, and then tried one of 49 inches. Finally he came back to the 46-inch club.

"I found it suited my swing better," he said, "but technically, by arithmetical formula, twice the length of the club twice the distance. But there are practical reservations because the longer the club the greater the area for error."

The veteran pro, who has been at the Sleepy Hollow Country Club here 17 summers and at the Bahamas Country Club in Nassau for 14 winters, said there are two ways to generate distance on a golf shot: (1) increase the speed of the club-head; (2) increase the size of the shaft, or the arc of the swing.

The pro suggests going from 43 to 46 inches and then to 47 or 48, even into the 50's, depending on the individual swing.

"This isn't a new idea at all," Collins said. "But it seems no one else has pursued it quite as rigorously as I have. Bobby Cruickshank has been using a longer club for years because of his short stature."

"Chick Evans, former Open and Amateur champion who is now in his 60s, has written me for special longer clubs. Bing Crosby is using a longer shaft. So are scores of others, who report excellent results."

"There is just one thing to remember: don't press on the swing. Try to keep the swing rhythmic. The longer arc will provide the distance."

IL 1st Place Duel Tonight

The most interesting battle in local softball circles of late has been the International League scramble for 1st place between the

Pontiac Police and Franklin Products.

They have taken turns in the top slot and have also been tied during the past two weeks. Since State Hospital handed the Police their 2nd setback. Tonight it could all be settled when they clash at 7 at Northside Park.

Both returned to action last night and added victories leaving Franklin one-half game ahead. Franklin won its eighth contest by downing Dostal Foundry 7-3 as the Police were rocking Lane's Drive-in 15-2 in five innings.

Deni's Corner, meanwhile, also remained in contention for IL honors by trouncing the Hospital nine 17-7. In the National League, Richard's Tavern moved another notch towards the championship by beating Louie's Tavern 8-2 dropping the latter from 2nd to 3rd.

Franklin had to overcome a three-run Dostal 1st in its triumph. John Mayer hurled the win and scored two runs. Irwin banged out four straight hits to pace the Police.

Richard's broke up a tight tussle with five big markers in the 6th to pull away from Louie's and extend its record to 12-3. A bases-loaded triple by Hayward, who also had a single and double, was the big blow of rally that wrapped up the win.

The NL game was featured by one of the outstanding plays of the year when Richard's fly chaser Bob Volk made a running, back-handed catch of long drive by Wayne O'Shaughnessy.

Four makeup games are slated for tonight. At Beaudette Park, State Hospital plays Dostal in the IL and Oxbow meets Eddie's in the National. Pontiac Select-A-Drink battles Local CIO 653 in a National game preceding the Police-Franklin tiff at Northside.

Aussie Netter Irked as Crowds Cheer

CHICAGO (AP)—After a day of upsets that featured the elimination of the Australians Ashley Cooper and Neale Fraser, only Japan's national champion today remained in the way of U. S. players in the national clay courts tennis tournament.

The meet, spiced by an official protest lodged against the court behavior of Cooper, Wimbledon finalist, entered the quarter finals with all top seeded domestic performers remaining, led by defending champion Herb Flam.

Also on hand was Kosei Kamo of Japan, third seeded in the foreign entry behind Davis Cuppers Cooper and Fraser.

Cooper displayed temperamental yesterday as he fell before Grant Golden of Wilmette, Ill., 4-6, 6-4, 6-2.

Irked by linesman's calls and nettled by the crowd cheering

for Golden, the Australian several times kicked or batted balls into the gallery at the staid River Forest Tennis Club.

Near the end of the match, he literally gave away the last two games, batting returns high into the air or not bothering to retrieve them.

His apparent lack of interest in the match and behavior brought about a formal protest to the U. S. Lawn Tennis Assn. by George Barnes, clay courts committee chairman.

Later Cooper said he was "mentally tired" and was weary after four weeks of competitive tennis. Seventh seeded Barry Mackay of the University of Michigan won his 4th round men's singles match yesterday by defeating Robert Macy of Coral Gables, Fla., 6-2, 6-3.

Can You Spare A Few Minutes to Win \$1,700?

Well, if you can't spare a few minutes to win that much money, you're not like any of the people we know. For a little effort, you might be able to make the down payment on that house you've been wanting. Or maybe you want to be sure of your son's next year in college. And a lot of people would welcome just a good spending spree. Any of these will be yours if you can select the correct numbers for this week's Pot-O-Gold. Even if someone wins last week's puzzle and the big prize is taken, you can't complain too much about \$100 for a consolation.

The new puzzle contains a series of squares which are alphabetically lettered and a corresponding list of sentences with two clue words. Each of the words is numbered. The object is to select the word which you think best fits the clue sentence. You then place the number of that word in the square which has the same letter as the clue sentence.

In other words, you will read the clue labeled A and decide which of the two words makes the most sense in the sentence. You then write the number of that word in the puzzle square marked A.

Do the same with all other squares. Read all the clues carefully and be sure the right numbers are in the right squares.

- There are times when you definitely wouldn't want to cross it. (27) CHANNEL; (28) CHANCEL.
- If a lawyer's ——— contains nothing, he has reason to be worried. (29) POCKET; (30) DOCKET.
- Such a breeze makes it pleasant to walk through a pine forest on a sunny day. (31) VAGRANT; (32) FRAGRANT.
- In a small country that is ——— by a big one, the citizens have little freedom to move around. (33) EN-SLAVED; (34) ENCLAVED.
- A performer who has traveled with one has many amusing anecdotes of life on the road. (35) CIRCUIT; (36) CIRCUS.
- People who supply ——— are interested in lists of coming weddings. (37) CANOPIES; (38) CANAPES.
- You'd expect a lot of this at a reunion of two famed scientists who were roommates in college. (39) CEREBRATION; (40) CELEBRATION.

OFFICIAL CONTEST RULES

- Anyone is eligible to enter the POT-O-GOLD contest with the exception of Pontiac Press employees or their immediate families.
- Entries must be on official entry blanks printed in this newspaper.
- To submit an entry the contestant must print his answers in the proper spaces, cut out the area enclosed by dotted lines and attach it securely to a 2-cent postcard. No entries will be accepted if they are in envelopes. Entries for Puzzle No. 59 must bear a Tuesday, July 23 postmark (or before). No entries received after that time whether mailed or delivered by hand, will be declared eligible. The Press is not responsible for entries lost or delayed in the mail.
- Sorry, telephone calls or mail concerning details of the contest cannot be answered or acknowledged.
- The Pontiac Press will award a cash prize of \$100 a week to the winner of each weekly POT-O-GOLD contest. If more than one winning answer is received the prize will be divided equally among the winners. If any week or weeks should pass without any winners, the prize will be added weekly until a winning solution is submitted.
- Winners will be awarded an extra cash bonus of \$25 each if they are Pontiac Press subscribers of record on the day winners are announced. Only one such bonus can be awarded to each prize-winner no matter how many weekly prizes may accumulate.
- Each week's puzzle will be published Monday, Wednesday and Friday until the contest's end. Either or all will be considered as official entry blanks.
- Winners and correct solutions will be announced each Friday of the week following individual contests. Official keep-ers of answers will be Frederick C. Ziem, prosecutor for Oakland County. Only the General Features Corp., originators of the puzzles, will know the solutions until after each contest is over. Answers will be delivered to the Press judges by Mr. Ziem after the final deadline.
- There is only one correct solution to the POT-O-GOLD puzzle, and only that correct answer can win. The decision of the judges is final and all contestants agree to abide by the judges' decision. All entries becoming the property of The Pontiac Press and none can be returned.
- Completed puzzles must be addressed to POT-O-GOLD, POST OFFICE BOX 58, Pontiac, Michigan. Winners will be notified either by telephone or in the mail.

Reach \$5,000 in Club Goal

REACH \$5,000 MARK — Parents, officials and members of the Auburn Heights Boys Club, seeking to erect a club building and playground, have chalked up \$5,000 for the fund after an in-

tensified house-to-house drive. Here, Albert Spadafora, board member, and Steve Navarre, vice president of the club, record the figure on the giant thermometer.

Patient Sought in Romeo Area

**Sixteen-Year-Old Boy
Escapes From Officers
En Route to Lapeer**

ROMEO — A sixteen-year-old mental patient who escaped from probation officers as they drove through town en route to the Lapeer State Home and Training School yesterday afternoon, was still being sought this morning.

The youth had jumped out of the officers' car as the driver slowed down for the curve on M53 at the north end of town. He ran through a back yard next door to La Juliette Motel, scaled a fence and was gone.

While both local and state police of the Romeo Post combed the area runners of his escape spread throughout the community. Nervous mothers corraled their children to keep them indoors.

State Police of the Centerline Post report that two cars in that area had been stolen during the night, they suspect by the missing youth. They still had troopers out looking for the boy in the area of his home near Mt. Clemens this morning.

Jump Expected in Job Layoffs

**Official Says 235,000
to Be Idle by Aug. 15;
Pickup Seen in Fall**

DETROIT (AP)—Unemployment in Michigan is expected to soar to 235,000 by Aug. 15 and the situation isn't expected to get better until 1958 auto production gets under way in the fall.

James W. Jones Jr., a Michigan Employment Security Commission aide, told the governor's emergency industrial production commission yesterday that there were 199,000 idle workers in Michigan on June 15. He said this figure was expected to hit 235,000 by Aug. 15 compared to a peak 250,000 unemployed in the state last year.

In the 30 days ending June 15 Jones said unemployment increased by more than six percent in the Detroit, Bay City, Flint, Grand Rapids, Muskegon and Port Huron areas with 110,000 out of work in Detroit alone.

Willis H. Hall of the Greater Detroit Board of Commerce told the meeting Michigan was the only large industrial state to suffer losses in manufacturing jobs since 1950.

Hall said a recent U.S. Department of Labor report showed that only Michigan, Rhode Island and the District of Columbia had fewer manufacturing jobs in 1956 than they did in 1950. He said Michigan had 1,800 fewer such jobs in 1956 while other states, such as Indiana and Ohio, had healthy gains.

Hall said Michigan would continue to lose manufacturing jobs unless it did something to improve its industrial climate.

County Calendar

Stuyvesant Lake
There will be an ice cream social in the basement of the Methodist Church at 4 p.m. Saturday. Homemade pies and cakes and sundae toppings will be served.

Troy
The Coterie School Annual Alumni picnic will be held at 1:30 p.m. Sunday, July 28 at the school. Potluck dinner will be served. All former teachers and pupils have been invited, and have been asked to bring table service.

Commercial Plan Oked for Part of Rochester

ROCHESTER — Approval to a portion of the downtown commercial plan, between Oak Bluff subdivision and Paint Creek, has been given by the Avon-Rochester planning commission here.

Paul Van Cleave of Geer Associates presented maps of the property in question. The report was approved and forwarded to Avon township and the village of Rochester.

The commission requested the members representing Avon Township to discuss the possibility of a utility engineering survey for the township, with members of the Avon Board in order that the utility section of the master plan can be completed.

The commission asked that Geers prepare a report outlining the work and also an estimate of the costs involved and the cost of publication of the plan when completed. A special meeting will be held in two weeks to consider the report.

Hazen Briggs, 2549 Hickory Lawn

Robert L. Reynolds, 25, of 418 Howland St., pleaded guilty to driving with a revoked license Thursday before Springfield Township Justice Emmett J. Leib, who sentenced him to serve three days in the Oakland County Jail and placed him on one year's probation.

Victor N. Cournoyer, 61, of 2996 Rowan St., pleaded innocent to drunk driving Thursday before Oxford Township Justice Fred F. Stevens, and was released on personal bond pending his trial, for which no date has been announced.

Rummage sale, many window shades, Saturday 9 to 5, 220 E. Iroquois.

**Farmington to Name
Treasurer, Attorney**

FARMINGTON—On July 23, the Farmington Township Board is expected to choose a new treasurer and township attorney. A candidate to succeed Clayton Goers, whose resignation is effective Sept. 1, will be recommended by Supervisor Frank Stephenson.

The appointee will serve until the April 1959 election. Stephenson will also seek appointment of a township attorney, Archie G. Leonard, whose term is expiring.

Five other applicants are being considered for the position.

**Student From Japan
to Sing on Friday**

WESTLACRES — Lois Welberry who studied a year in Japan and learned to speak Japanese will sing American songs in that language when she appears as the guest of the Velvetones at the weekly teenage dance here on Friday night.

These affairs have been very popular with the young people according to Mrs. Herman Brookhuisen, who is the publicity chairman for the sponsoring Women's club. She reports an average attendance of 170 teenagers. Donna Carrigan will be the chairman this week.

**Marlette Commended;
Council OKs Trailers**

MARLETTE — Village Council has approved the ordinance for the Little Trailer Subdivision, giving William Little the go-ahead to sell the lots to people who want to place trailers there.

A report has been received from the State Highway department in regards to the upkeep of the Highways M-53 and M-38, within the village limits, commending the village on its work.

Group Seeking Building Fund

**Auburn Heights Group
Planning New Home
and Park Area**

For a month or more, Auburn Heights Boys Club parents have been campaigning from door to door for funds for a Boys' Club building.

Besides the parental efforts, the boys themselves have gone all-out in a concerted candy sale to swell the fund and also to buy camping equipment.

Now, the big thermometer which records the results has reached the \$5,000 mark and Boys' Club leaders are ready for the last and biggest portion of the drive.

They are in process of organizing to solicit larger gifts to bring their building fund to the point where construction can be started.

"Things are looking good," according to Charles Cresswell, Boys Club director, "especially since a site for the new building recently was donated by Kenneth Crisp."

The land lies along the Clinton River, south of Auburn Road.

"Sometime, in the not-too-far future," says Cresswell, "we hope to put up our building plus a playground and park area there, which will also be open to the general public."

He added, "We need to raise enough to put up the prefabricated steel building which we plan, plus playground and park equipment. Also, we must provide enough for the operation of the Boys Club until such time as it may be admitted to the United Fund."

Cresswell, who has directed the boys club here since May 1, reviewed the summer program in operation since June, and open to 6 to 16 year old boys of the area.

"There is swimming every Monday and Wednesday afternoon at Walters Lake here. The parents provide transportation, and Carl Pike, who is on the Boys Club board of directors has given permission for the use of his beach."

Each Thursday evening through Friday, the boys and their director go camping at Ortonville State Park.

The rest of the time, the regular summer program, boasting sports, arts and crafts, is in progress at their borrowed home, which is in the American Legion Building on Churchill road.

Cresswell said that recently the Auburn Heights group has been fortunate in getting some great tips from Alfred Wilson of the National Board of Directors and from Addison K. Oakley, president of the Pontiac Boys Club, when they met with the local board. Both men have shown great interest in the Avon group, he said.

Report Surplus of \$1.6 Billion

**Government Records
Excess for Fiscal Year
Ending June 30**

WASHINGTON (AP)—A surplus of \$1,645,000,000 was recorded by the federal government for the fiscal year which ended June 30.

The Treasury and the Budget Bureau reported the amount today.

The balance for fiscal 1957 was the second successive black-ink showing. A third balanced budget recommended by President Eisenhower now is pending before Congress.

The statement issued by Secretary of the Treasury Humphrey and Director Percival Brundage of the Budget Bureau showed federal receipts of \$70,989,000,000 and expenditures of \$69,344,000,000 for the 12 months ending, June 30.

Expenditures were 444 million dollars higher than were estimated in January when the fiscal year was half over, while receipts were 361 million dollars higher than the January estimate.

The public debt at the end of the bookkeeping year was \$271,634,309,946, a reduction of \$2,190,392,278 from the level a year earlier.

Hold Stocker Reunion

METAMORA—About 50 persons attended the Stocker family reunion held at the home of A. P. Stocker here Sunday. Officers were re-elected. They are: Elton Stocker of Lapeer Township, president; Rae Simpson of Lansing, vice president; Bernice Travis of Detroit, secretary-treasurer.

McKeachie Reunion

WHITE LAKE TOWNSHIP—The 35th annual reunion of the McKeachie family was held at Davisburg Park on Sunday. Sixty-one members were present and officers were elected. The slate reads as follows: Elmer Ruggles, president; Harold Richardson, vice-president; Mrs. Ronald Clements, secretary-treasurer.

Friday YMCA Swim Parties Begin Tonight

Friday night swimming parties for teenagers begin tonight at the Pontiac YMCA, 131 Mount Clemens St.

This is the first year they have been held in the summer. Teens will be able to swim in the YMCA pool from 8:30 to 9:30 p.m. every Friday throughout the rest of the summer, according to Morris Tubergson, youth director.

"If enough interest is shown, we will also have a dance following each swim party," Tubergson said. Boys and girls who join the Swim and Swing Club will pay 35 cents for each night. Those joining the parties who are not members will pay 50 cents.

Beans Show Sharp Advance

CHICAGO (AP)—Soybean futures advanced sharply today on active buying and short covering influenced by reports of poor crop prospects and good processor demand.

Prices climbed three cents or more on the Board of Trade. Strength in beans caused some buying in wheat, which also advanced major fractions at times. Corn also was firm on poor crop prospects and good commercial demand. Oats firmed slightly with corn.

Near the end of the first hour new style wheat was 1/4 to 1/2 higher, corn was 1/4 to 1 cent higher, July \$1.31 1/2, oats 1/2 higher to 1/4 lower, July 68 1/2, rye was unchanged to 1/4 higher, July \$1.33, soybeans were 3 to 3 1/2 higher, July \$2.54, and hard was 10 to 20 cents a hundred pounds higher, July \$14.07.

It's Hard for Gal to Laugh at Herself

By PHYLLIS BATTELL
NEW YORK (INS) — Next to keeping her mouth shut when she has every right in the world to

nag, the hardest thing for a woman to do is laugh at herself.

Hate herself, yes. Pity herself, definitely. But laughing at the smallness of herself and the meanness of her miseries—almost never.

As a rule, men seem considerably more able to sit back and study themselves objectively, then work up anything from a wry smirk to a noisy guffaw at what they see.

A good-humored man, in fact, can actually parody his position in the battle of life—there he is, the awkward little guy on the jack-ass in a Cecil B. De Mille spectacular.

With the vision in mind, he can bring himself to figure what the heck, the show will go on even if I goof this part.

NO SUCH HUMILITY
But even the most outwardly effervescent, fun-loving female can't see herself with such humility. When she sits back to look at the battle of life, she visualizes a more intimate scene—there she is, the tortured heroine in the Elia Kazan pathétique.

If she goofs, the show falls apart altogether.

Why most women take themselves more seriously than most men is a puzzle, although a few psychiatrists have firm ideas. It no doubt has something to do with the fact that females are born with the instincts and intuitions of mothers, which involves keeping up the sober guard to protect the nest.

Another consideration is that women, as a sex, have been pampered ever since Eve. Undeniably they are prettier than men

and this fact has contributed even further to their being flattered, waited upon and imbued from babyhood with a strong sense of their personal importance.

Add to all this the fact that women are idiotic romantics and you've got at least part of the answer.

No. 2 Man in Russia

Zhukov Praised by West

By INTERNATIONAL NEWS SERVICE

A meeting between U. S. Defense Secretary Charles E. Wilson and Soviet Defense Minister Georgi K. Zhukov—which President Eisenhower said Wednesday might be possible—would be well worth hearing and seeing.

On one side would be the husky, straight-speaking capitalist, one of the most successful business men this country ever produced; on the other, the husky, straight-speaking Communist, described by President Eisenhower as the general who gave "the most significant performance" of World War II.

A Wilson-Zhukov meeting might lead to no results—but hardly because either man left anything unsaid.

Along among the Soviet leaders—he is now regarded as the No. 2 man behind Nikita S. Khrushchev—Zhukov's abilities and past performances have been praised by top Westerners.

In fact, the tributes to Zhukov by such men as President Eisenhower and British Field Marshal Lord Montgomery might have led

to his sudden downgrading by the jealous Joseph Stalin in 1946.

Teenagers, neither male nor female, can laugh at themselves and mean it. They are too recently out of the stage of being cooed-at, and

their sense of personal proportion in the world about them has not yet sunk in.

It is at this age that one is almost always laughable to others, but vital to oneself.

HUMOROUS VERSE
Twenty years ago, a shrewd high school teacher of mine tried to snap me out of this serious self-indulgence by introducing me to doggerel.

Her theory was that if you could write a humorous verse about yourself, you might be able to kid yourself out of your worries. The following ode, well-taken in point if shabby in rhyme, is my only recollection of that course in anti-narcissism:

"A movie star I would I wert,
Bet Greta Garbo's glad I'm next."

Railway Express Drivers End Strike

NEW YORK (AP)—About 3,500 teamster union drivers for the Railway Express agency in seven cities will return to work Monday, ending a strike started April 21.

Settlement of the dispute was announced yesterday by Francis A. O'Neill, chairman of the National Mediation Board.

Embargoes on shipments to the seven cities directly affected and to adjacent areas were lifted immediately.

Local Teamster unions in Chicago, Cleveland, San Francisco, Cincinnati and Newark, N. J., previously had approved the contract proposal on which settlement was finally reached, but Philadelphia and St. Louis locals had rejected it until yesterday.

The new contract provides for a total wage increase of 29 cents an hour for the drivers. This includes 15 cents immediately, retroactive to Jan. 15, 1956, when the old contract expired; 7 cents next Nov. 1, and another 7 cents Nov. 1, 1958.

The contract also contains a cost-of-living escalator clause. Prestrike wages ranged from \$1.56 to \$2.21 an hour.

Councilmen in Denver Receive Good Advice

DENVER (AP)—City Councilmen who are concerned about poor acoustics in their meeting room received this advice:

Stop turning your backs on the public.
Tom Millisack, general services director, said six of the nine councilmen sit with the audience behind them. And too many have weak voices, he added.

The Illinois Institute of Technology has a gambling robot. It is an electronic computer which has won 5,218 and lost 4,577 times matching pennies with human beings.
