'Royalty Jazz' Traps You, Too

Sorry Tony, No Escape

By EARL WILSON

LONDON — 'Tis said here in the plusher pubs of London that young Tony Jones in a tender moment promised Margaret, "I'll take you away from all this royalty jazz."

TONY

For that rash remark, if he really made it, young Antony Armstrong-Jones should soon find himself in Meg's royal doghouse for failure to deliver.

Because, far from helping Meg escape, Tony's trapped now in the royalty ritual himself.

Today, with "wedding fever" spreading through England and everybody getting a little hysterical about Friday's royal nuptials, it was clear that the powers at Buckingham Palace have taken over Tony's future.

SORT OF A SYMBOL

While Tony won't exactly become one of the Crown's jewels, he is destined to be sort of a symbol of "Look how nicely we integrate with the commoners" . . . Democracy, 1960 style.

Meg has a "retirement plan" which included a nice folksy visit to America.

That appears to be pigeonholed indefinitely. Instead, she's going on for probably a long time with the same old royal razzle-dazzle . . .

Cornerstone - layings, flag - raisings, and royal garden-parties where it almost always rains, driving you inside a sultry tent where your drinks are served without ice, are to be Meg's lot indefinitely.

And Tony, who wanted to be the Boy Beatnik of the Buckingham Palace Annex, will be at her side . . . or just a couple of steps behind.

★ ★ ★

"Margaret has been mad to go to America for several years," a really close friend of the Princess told me. "She wanted to go everywhere in America—to see the whole lot."

'ALL SHE TALKED ABOUT'

She read hungrily about it, she questioned people. "That's all she talked about—seeing America."

But now that Tony's to be one of the instruments of the Empire, he's got to be taken around and held up for inspection at more fitting places first.

Queen Elizabeth is said also to have helped apply the squeeze, convincing Margaret that she couldn't withdraw . . . "retire."

★ ★ ★

In fact, Tony is seen as possibly giving Margaret a new social importance.

"If they remain simply the Royal Joneses, they would be very popular," points out the London Observer.

Tops Ike's '56 Indiana Mark

Nixon Romps Over Kennedy

Victory Boosts VP's Campaign for Presidency

Sen. Jack Well Ahead of Total Accumulated by Kefauver

By The Associated Press

Mounting returns from Indiana today gave Vice President Richard M. Nixon a two-way boost in his drive for the presidency—a clear-cut popularity victory over Sen. John F. Kennedy and a bigger vote than President Eisenhower rolled up in the 1956 primary.

Nixon's triumph was the most decisive scored in Tuesday's party votes.

★ ★ ★

With 4,107 of the 4,261 Indiana precincts reported, Nixon had 385,519 in the Republican count and Kennedy 346,652 on the Democratic side. That pushed Nixon past the 351,913 Eisenhower got four years ago.

Kennedy, however, was well ahead of the 242,842 Sen. Estes Kefauver of Tennessee got in Indiana's 1956 Democratic voting, and Kennedy backers took comfort from that.

But, as votes seeped in from Tuesday's balloting, other presidential candidates counted victories, too.

Sen. Hubert H. Humphrey of Minnesota won his first Democratic primary in the light-voting District of Columbia.

As expected, Kennedy won all Ohio's delegates to the Democratic National Convention. Nixon apparently took all the Republican delegates in that state.

In two nonpresidential primaries, the results focused on issues as well as personalities.

RIGHTISTS LEAD

States Rights candidates led Loyalist candidates in Alabama's primary for Democratic presidential electors. In Florida, a States Rights man and a racial moderate won the right to enter the Democratic runoff for governor.

Indiana is traditionally Republican, but Kennedy had campaigned hard and had predicted he would outpoll Nixon.

The two candidates were on separate ballots. Each had what political observers earlier described as minor opposition. But that opposition took heavy chunks from Kennedy's vote.

This gave Nixon Indiana's 32

BALKS AT ALERT — An unidentified shorts-clad New York woman is arrested by police as she violently protests taking shelter in yesterday's nationwide civil defense test. She was one of 25 objectors to war and nuclear tests who were arrested in City Hall Park for refusing to take shelter. The alert was part of a three-day test of U. S. readiness to respond to an enemy attack. Officials say theoretically 902,762 persons were killed in Michigan.

Ward Will Build 2-Story Store in Shopping Center

Outlets in Waterford Expected to Be Almost All Ready by 1961

Montgomery Ward & Co. will be one of the major tenants in the proposed shopping center to be built at Telegraph and Elizabeth Lake roads in Waterford Township, the company announced today.

★ ★ ★

Details of the multimillion-dollar center are still being withheld pending architectural design and completion of leases with prospective tenants, said William Gershenson, partner in the A&W Management Co., Detroit, developers.

Montgomery Ward & Co. said it will build a two-story department store in the center with approximately 145,000 square feet including an attached 10-car automobile service center.

The store is expected to open in the fall of 1961, according to Russell P. Bygel, company vice president and north central region general manager.

Gershenson said most of the other stores planned for the center will be completed then also.

★ ★ ★

He said details of the center, to be built on the 78-acre site at the northwest corner of the intersection, are still indefinite because it isn't decided yet whether the center will be of a mall or strip type design.

He said Montgomery Ward has signed a lease.

Ward's Pontiac store is the 32nd announced under the company's current expansion program. To date, 27 of these stores have been opened for business, 22 of them in shopping centers similar to the one planned for Waterford Township.

The Pontiac Press announced construction of the center April 13 when it learned of the recording of deeds for the property in the Register of Deeds Office.

'FAST DISTRIBUTION'

"Customer service will be handled through our central facilities at the Allen Park distribution center," Bygel said. "The Waterford store will have the advantage of fast merchandise delivery from both the Allen Park and the Chicago distribution centers."

"Our fashion requirements for the store will be filled from our New York fashion distribution center," Bygel said.

★ ★ ★

The new facility will incorporate the latest concepts in department store design, including functional store furnishings and recessed and accent lighting fixtures.

There will be paved parking at the store for more than 2,000 automobiles, Bygel announced.

Grant Waterford Federal Water Aid

Plans for an 8- to 10-million dollar water program in Waterford Township were spurred today by the announcement of a $100,000 federal loan for preliminary engineering.

Rep. William S. Broomfield (R-Oakland County) disclosed in Washington, D.C., that the Housing and Home Finance Agency (HHFA) had approved the township's bid for financial help.

Unofficially informed of Broomfield's news, Township Supervisor Elmer Johnson predicted that plans would now move swiftly in the direction of a big construction program creating an expanded and, for the first time — unified water distribution system for the entire township of 45,700 people.

Johnson said that an 8- to 10-million dollar revenue bond issue to finance the program would be up for approval in about four months.

★ ★ ★

The bonds would be paid off through an increase in water bills, but Johnson said he didn't know yet how much.

Actual construction — primarily of new water mains, laterals, wells and storage tanks — is scheduled for September of next year, according to the township's arrangement with the HHFA.

Construction costs are estimated at present at $8,817,000. Supplementary costs are expected to push the total bill considerably higher, said Johnson.

★ ★ ★

The go-ahead signal to begin preliminary engineering will be given immediately, Johnson said, to the township's engineers, Johnson & Anderson. This is the firm that prepared a survey of the water situation for the federal agency.

The general outline of construction plans were disclosed in December when the Township Board applied to the FFHA for planning aid.

The township summed them up to the federal government in a three-phase program:

School Vote Crucial

Students' Future at Stake

By HARVEY ZUCKERBERG

Take it from a businessman who knows, the kids are going to have a tough way to go in this world if they aren't basically grounded in a good education.

Businessmen, says Howard O. Powers, former president of the Pontiac Area Chamber of Commerce, can appreciate fully the school system's need for the 2.8 mill increase to the voted tax rate which will be presented on Monday's ballot.

HOWARD O. POWERS

"I can't see how anyone could vote against anything that would improve our education program," says Powers.

"You get what you pay for and you don't get something for nothing. When you have an inferior output, you get an inferior product.

"Tomorrow's citizenry must have a good foundation and you can't give it to them by cutting corners. You need a degree to get a job in anything these days.

★ ★ ★

"And it isn't just a matter of a diploma. The education is what counts.

"Only the strong ones are going to survive and the weak are going to fall by the wayside. We have to see that our youngsters are strong."

Powers places a high premium on education and urges that his fellow voters do the same Monday.

'MUST BE EQUIPPED'

"I don't think there is anything more imperative in our society than a good educational system," he says. "For one thing, we must be equipped if we are to compare with the Soviet Union.

"They humble themselves before genius over there. They look up to intellectuals—even the kindergarten teacher—like we do to a doctor or a lawyer. We must get the philosophy here.

"I hope people are cognizant of how important this millage is. I can't see how anyone could vote against anything that would enhance the school system.

"We don't want to be intellectually a second rate power."

"It seems that some people have the attitude today to vote no to any tax increase. I hope people don't vote negative just for the sake of voting negative.

"People better take an evaluation and give it a lot of thought."

All registered voters in the school district can cast their ballots on May 9.

Sun, Warm Rains to Bring Flowers

Sunny skies and warm rains for the next five days will bring leaves and flowers apoppin' as high temperatures continue in the 70s. Normal lows for the period will be near 50.

Thursday's high will reach 75, the weatherman says. Temperatures will be a little cooler Friday but warmer again about Monday.

Precipitation will average about one inch, occurring as showers or thunderstorms Thursday night and Friday, and possibly Saturday.

Morning southwesterly winds at seven miles an hour will increase to 14-20 miles late today, diminish tonight and become south to southeast at 14-22 miles Thursday.

HEDGES ON VICE PRESIDENT—Vice President Nixon, looking over a "campaign train" at the World Trade Fair in New York today, put one foot on the bandwagon of Gov. Nelson Rockefeller. Nixon said the New York governor "had tremendous support" among Republicans and should make his own decision on whether to run for vice president.

For Low-Income Oldsters, Says Ike

Offers Health-Care Plan

WASHINGTON (AP) — The Eisenhower administration today proposed a $1,200,000,000 annual federal-state medical care program for the lower-income aged. Participants would pay $24 a year for coverage.

Married couples with an annual income above $3,800 would not be eligible for the program, or single persons with more than $2,500 income.

Secretary of Welfare Arthur S. Flemming outlined the administration plan to the House Ways and Means Committee which is considering a variety of proposals for health programs for the aged.

"We have developed a program that is designed to achieve just one objective—namely, to provide approximately 12 million persons 65 and over who have limited resources with the opportunity of taking steps which, if taken, will enable them to cope with the heavy economic burden of long-term or other expensive illnesses," he told the committee.

The plan contemplates that the states would work out detailed programs. A state could, for instance, provide for the health care through a private insurance company, or the state could run its own program.

★ ★ ★

The over-all costs would be split 50-50 between the federal government and the states.

Flemming expressed belief it would take perhaps two years to get the proposed program into full operation.

He said the cost during the fiscal year beginning July 1 to make ready for the program would be about five million dollars. That would include funds for grants to states to help them develop the plans they would administer.

The secretary estimated the 1961-62 cost would run in the neighborhood of 400 million dollars, half each federal and state, but said there are many factors which could influence the actual cost in that year.

Filling Station Robbery 'Hoax'

Defectives Say Lie Test Disputes Story of Pontiac Twp. Man

Sheriff's detectives said today that the reported robbery of a Pontiac Township gas station owner Monday night was a hoax.

★ ★ ★

Detective Sgt. Leo Hazen and Detective Harry Maur, investigating the alleged $1,128 robbery of Edwin Jostock, 27, said today that results of a lie detector test given Jostock indicated he was not telling the truth.

Jostock, of 875 Keith Rd., Oxford, was held today for investigation of making a false report.

Detectives said he would be arraigned this afternoon.

Jostock, who owns the Perry & Walton Service Station, 2005 E. Walton Blvd., was found by two teen-agers, bound and gagged in his car Monday night in a field near Old Bald Mountain road in Orion Township.

He told detectives two men had robbed him of $1,128 in cash receipts and employe tax money as he took the money to the bank Monday.

Following the polygraph test late yesterday, Jostock "broke down and told us he made up the story because he didn't have

Lucille Ball Weeps as She Gets Divorce

SANTA MONICA, Calif. (AP)—Lucille Ball, in tears, divorced Desi Arnaz today with testimony that he was a Jekyll and Hyde who had made their marriage "a nightmare for the last three years."

The orange-haired comedy star appeared in the Santa Monica Superior Court.

From the moment she took the stand her usual jaunty air vanished and she began trying to hold back the tears. The couple had been married 20 years.

Arnaz did not contest the divorce and was not present.

Dems Seeking Peace at Convention Friday

By GEORGE T. TRUMBULL JR.

Grand Rapids could be the scene of a peace parley Friday night as two factions of the Oakland County Democratic party try to unite for the good of the party.

County chairman Carlos G. Richardson hinted at the pass-the-peace pipe move yesterday.

The big question is: Will the rest of the tribe light up?

Site of the summit will be the Pantlind Hotel where the Oakland County Democratic Committee will have 145 delegates at the two-day spring state convention. It will be the largest single delegation there.

Out of the group will emerge four delegates and two alternates as Oakland's representation on the Michigan delegation at the National Convention July 11 in Los Angeles. The party's nominees for president and vice president will be selected there.

To date, there are 18 local Democrats bidding for the six seats.

"This is one of the largest number of delegate candidates we've had, considering the distance they'll have to travel and at their own expense," Richardson said.

★ ★ ★

Surrounding the delegate contest will be a possible continuation of the test of power between the so-called Richardson "old guard" forces and a new group of resurgents who call themselves the "liberal labor bloc."

The splinter group says Richardson has failed to lead the party to victory.

Looking over the official "call" of what could be his last official convention, Richardson, 62, of Waterford Township, volunteered that a peace pact could be in the offing.

GETS PHONE CALL

"You can't win anything this way," said the county chairman since 1955. "You can't have two camps, one going one way and the other in the opposite direction."

At the time he said this, Richardson received a surprise call in his Roosevelt Hotel office from Frank J. Sierawski, who, Richardson said, was behind him—this time.

★ ★ ★

At the county convention in Pontiac last month it was Sierawski, Richardson's protege and branch manager of the Ferndale Secretary of State's Office, who unseated his boss for convention chairmanship in a floor fight which brought the two camps into the open.

Richardson, who said he won't stay on as county chairman this year, expressed hope there wouldn't be any repeat performance in Grand Rapids. He hopes a pre-caucus meeting will take care of this.

Meanwhile, there was little going on in the other camp, directed by veteran State Central Committee member Mrs. Harriett Phillips, Huntington Woods housewife and staunch supporter of Lt. Gov. John B. Swainson for governor.

★ ★ ★

It was learned, however, that Mrs. Phillips will seek to give George J. Fulkerson, candidate for prosecutor, the gavel as Grand Rapids convention chairman. Mrs. Phillips obviously would like to see her favorites win the six contested national delegate seats.

Fulkerson, a Birmingham attorney, didn't attend Mrs. Phillips' secret "party organization" session in Pontiac last Thursday.

★ ★ ★

Those bidding for the national delegate posts are:

Richardson; Mrs. Phillips; Mrs. Faye Moskowitz, Huntington Woods; Robert L. Fenton, Oak Park; Mrs. Mattie L. Baker, Royal Oak Township; Howard M. Arnold, Royal Oak; Charles D. Arnold, Hazel Park; Mrs. Mildred Burns, Waterford Township; T. C. Holland, Pontiac; Mrs. Margaret G. McCall, Holly.

Staff Psychiatrist Raps Pontiac General Hospital

Dr. L. Jerome Fink, one of three staff psychiatrists at Pontiac General Hospital, has leveled charges questioning the hospital's handling in the care of mentally ill patients.

The personal indictment was published in the May "Bulletin" of the Oakland County Medical Society.

The administration's neglect to provide nine psychiatric beds as promised, according to Fink, was cited as the root of the complaint.

"Psychiatric patients at Pontiac General Hospital," Fink further charged, "are cloaked in superstition and sorcery and surrounded by an aura of ignorance . . ."

Dr. John Marra, medical director of the hospital, said Fink's charges were "just glib talking."

A psychiatric committee was established about five months ago, according to Dr. Marra, to establish admitting procedures. The nine psychiatric beds have been available for those patients who have been accepted as qualified to use them.

Fink said also, in his report, that the hospital is guilty of inaccurate prognosis, or "mistaken admission."

TELLS OF CASE

One patient was removed from Pontiac General Hospital over Fink's advisement that the patient was not "homicidal or suicidal" but a "quietly withdrawn catatonic."

The psychiatrist intimated that the hospital administration does not want to bother with or have the responsibility for psychiatric patients.

"The case cited above," says Fink, "is typical of the primitive and archaic attitudes of prejudice borne by these gesticulators of the gavel who choose to keep themselves blindly unenlightened."

Fink said the three staff psychiatrists of Pontiac General Hospital were informed on Dec. 22 that nine psychiatric beds were ready for use.

★ ★ ★

"To date," says Fink, "not one psychiatric bed has been made available. This myth of the nine psychiatric beds stands as a scathing indictment of the medical integrity of those physicians and administrators who at present govern Pontiac General Hospital.

★ ★ ★

"Nine psychiatric beds, scattered on three separate floors — completed on Dec. 22 — now are occupied as private rooms by medical and surgical patients, but not yet available to the proposed psychiatric service.

★ ★ ★

"Organized medicine must correct such situations immediately or it will live to hide its face in shame for such inefficiency and downright intellectual dishonesty."

Marra said there have been "many" psychiatric patients using the beds since the first of the year.

"We can't accept violent patients because we aren't equipped to handle them," Marra said. "The nine psychiatric beds are available for psychiatric patients as long as they come under certain classifications.

★ ★ ★

"We have been taking patients all along. We are set up to take acute patients that can be handled in the hospital but who are not violent and whom we can send home after a reasonable time.

"But once a patient is diagnosed as being in need of institutional care, we have to remove them."

President's Initiative Amazes Republicans

WASHINGTON (AP) — Republican leaders said today President Eisenhower is showing an increasing tendency to take action on his own as his term nears its end.

They said they were amazed at the extent to which he is personally taking charge of political matters. In the past, some Republicans have felt that Eisenhower too often took a nonpartisan position avoiding political battles.

The latest example they cite involves his surprising appointments of Thomas J. Donegan, a member of the Subversive Activities Control Board, and Paul A. Sweeney, a Justice Department attorney, to the Federal Power Commission.

OPINIONS NOT SOUGHT

Republican congressional leaders had been asked to check on the names of four other men they were told were being considered as possible nominees. They said these four were dumped overboard and Donegan and Sweeney named without their even having been notified of the shift.

Waterford Man Dies in Blazing House

A 59-year-old Waterford Township man died last night when fire turned his home into an oven.

Burgess B. Harris of 1123 Cass Lake Rd. was dead when firemen pulled his body from a rear bedroom about 11:30.

★ ★ ★

His wife was not at home when the fire occurred. Township firemen said the cause was careless smoking.

"It would appear that Harris left a burning cigarette on or near a couch in the living room when he went to bed," said Fire Chief Elmer Fangboner.

"The brick and aluminum siding house was closed up tight, and when the smoldering couch touched off pine paneling in the front room, the house became a huge oven," he said.

FURNITURE MELTS

The front room was gutted. The intense heat peeled paint throughout the house and melted plastic chairs and fixtures in the kitchen.

It took firemen only five minutes to break into the bedroom where they found Harris' body.

"He was lying on the floor between his bed and a window, which might indicate he had tried to escape but was overcome by smoke," Fangboner explained.

Fifteen firemen answered the alarm. The blaze was extinguished in about a half hour.

Mrs. Lewis Clement of 1140 Cass Lake Rd. turned in the alarm when she saw flames in the Harris home across the street.

★ ★ ★

Firemen said they found evidence that Harris had been drinking heavily.

water systems (there are seven of them) and tie them together into a single, townshipwide system.

2. As a new part to the system, lay new distribution mains and side laterals throughout those areas where none exist at present.

3. Build sufficient elevated storage tanks to serve present and anticipated future needs.

The township plans to continue using well water and probably will drill some new wells, Johnson said.

Johnson said the township would retain financial and legal help to work out details for the bond issue. He mentioned the names of Louis H. Schimmel, the Pontiac municipal financing expert, and Claude Stevens, Detroit bonding attorney.

★ ★ ★

Broomfield said he was pleased that the federal government was helping the township "on such a vital subject as water."

★ ★ ★

He explained that the federal money is made available to communities that can't afford to budget large sums for planning.

★ ★ ★

The revenue bond issue is to include funds with which to pay back the federal government, he said.

The present time table calls for preliminary engineering and bonding plans to be finished in four months, said Johnson.

These steps completed, the Township Board could then ask for bids on revenue bonds and proceeds of the sale could be used to cover the costs of final plans—estimated at $200,000, said Johnson.

The new water rate structure should be ready by the time of bonding.

The number of potential customers and the cost of the program will be the big factors in determining the new rate.

State Tax Official Hints Oakland Won't Receive Full 13 Per Cent Boost

A state tax official hinted today that Oakland County might escape part of suggested across-the-state 13 per cent hike in county equalization.

Edward W. Kane, State Tax Commission secretary, said he didn't "suspect" that Oakland would get that much of a raise as part of a statewide plan to put property assessments on par with costs.

County equalization officials are fighting the increase.

★ ★ ★

According to William B. Grabendike, director of the equalization department, such a boost would be unfair because the county has kept assessments—at least as relates to real estate—in line with 50 per cent of actual cash value under present ecoriomic conditions.

His staff has fixed the worth of the county for tax purposes this year at $1,893,393,301. Some officials say the state might increase this over the two billion dollar mark.

The Tax Commission will release its figures for all counties Monday.

What Oakland's 1960 tax rate will be depends on this figure.

2 Politicians in a House Too Many, Adams' Ask?

Two politicians under one roof can result in a perplexing political problem.

★ ★ ★

Donald and Elizabeth Adams of Waterford Township can vouch for this.

Things were going very smoothly as Mrs. Adams, a township School Board member, was pulling in nominating signatures in her bid for the Democratic nomination for state representative from Oakland County's District 1.

Then her husband, township justice of the peace since 1937, got into the act.

THINKING BEGINS

When Gov. Williams signed the second probate judgeship bill last month, Adams, 47, of 2711 W. Walton Blvd., marched to the county clerk's office to take out nominating petitions for this office.

Then the couple got to thinking. Would two politicians — one running for a partisan office (Mrs. Adams) and the other for a nonpartisan position — hurt each other's chances.

Mrs. Adams, with more than enough signatures to get on the Aug. 2 ballot, is thinking about giving in.

Both hope their friends at this weekend's state Democratic convention will help them make up their minds.

"I'd like to have her continue but she's wondering whether this would hurt my chances for the judgeship," said Adams, the county's commissioner on the State Bar of Michigan.

"We're having somewhat of a family argument," Adams said, explaining that it was friendly, however.

'ALWAYS TOGETHER'

"We've always worked together, but now we don't know which way to turn."

Meanwhile, Mrs. Adams' nominating petitions lie idle while Adams' are being circulated about the county.

"We searched the station and found $399 hidden in the attic," Maur revealed.

Jostock said he planned to use this and $1,000 he would have received in insurance to pay the company, detectives said.

The gas station owner said he tied his feet, blindfolded and gagged himself and then chained his hands to the steering wheel.

Pontiac State Police Detective Sgt. Frank Barkman administered the lie test.

Gets Post on National 4-H Branch

Merritt D. Hill, vice president of Ford Motor Co. and general manager of its Tractor and Implement Division, has been named to the National 4-H Club Committee on Boys and Girls Club Work.

★ ★ ★

Hill, 965 E. Glengarry Circle, Birmingham, was elected to the position yesterday at the annual meeting of the committee's board of directors in Chicago.

He is an active participant in the National 4-H Club Congress held annually in Chicago and is a trustee of the Michigan 4-H Foundation.

Active in leadership roles in youth groups, Hill has served as vice president of the Detroit area Council of Boy Scouts, on the advisory board of Junior Achievement and has worked closely with the Future Farmers of America Foundation.

★ ★ ★

Hill also has been active in civic, political and social organizations such as the Oakland County United Foundation, finance director of the Republican Committee of Oakland County and director of William Beaumont Hospital in Royal Oak.

5 in Vice Raid Freed on Bond

2 Women and 3 Men Nabbed at Alleged Site of Moonshine Sales

Two women and three men arrested Tuesday by Pontiac police vice squad investigators were released on bond after appearing before Municipal Court Judge Cecil B. McCallum yesterday afternoon.

★ ★ ★

Officers raided the home of James Adams, 35, at 604 Bloomfield Ave., where investigators said illegal moonshine was being sold.

Adams and his wife Hattie, 30, waived examination on a charge of illegally selling liquor. Both were bound over to Circuit Court.

She was released on a $50 bond and Adams on a $100 bond.

★ ★ ★

Annie Bridger, 47, and Willie J. Stewart, 37, both of Detroit, and Smith Hampton, 50, of 611 Ditmar St., pleaded guilty to loitering charges.

They were released on $25 bonds. Their trial was scheduled May 12.

Birmingham Student in Cross Burning

A Michigan State University student from Birmingham and three of his fraternity brothers have admitted burning a cross in front of the Delta Zeta Sorority House at East Lansing Sunday morning, according to police.

★ ★ ★

East Lansing Detective Robert Brown identified the four students as freshman Elliot Jimberely, 18, of 711 Abbey Rd., Birmingham; Henry Hey, 20, a sophomore from Groose Pointe Farms; senior, Herold C. Baum, 21, of Jackson; and Max Beardsley, 20, a junior from Sheridan.

All are members of the Phi Kappa Psi Fraternity, Brown said.

The students stated the cross burning was intended as a fraternity prank and had no religious or racial significance, the detective said.

Prosecutor Jack W. Warren will make the decision on possible prosecution, police said.

Pontiac Motor Tour Train on 5-Day Schedule

Pontiac Motor Division's popular tour train, transporting annually more than 15,000 visitors through the V-8 engine and car assembly plants, is operating on a five-day schedule.

★ ★ ★

Tour departure times include: 8:30, 9:30 and 10:30 a.m.; and 1:15 and 2:15 p.m. Reservations may be made by phoning FEderal 2-8111, extension 776 in Pontiac.

Don't Step on Mottoes

LOS ANGELES (UPI) — The Let's Have Better Mottoes Assn. today reported that "Be Reasonable—Do It My Way" was chosen as the winning motto for this month. Runnersup included: "Gone for the day. Will be back for lunch and coffee breaks," and "Have a mind of your own. Say 'yes'."

Club Threatens to Sue Beverly Hills Zoners

BIRMINGHAM — The Beverly Hills Athletic Club has instructed its attorney to file suit against the Beverly Hills Zoning Board of Appeals for the board's failure to permit construction of a private swimming pool, club spokesman Edward Dolan announced today.

★ ★ ★

The attorney, William F. Nern, said he intends to file the suit in Circuit Court Friday.

In its suit the club is protesting the zoning board's "failure to protect the rights of the member residents of Beverly Hills in its decision to deny the club's petition to build and operate a swimming and recreational club," Dolan said.

The proposed swim club would be located in the Beverly and Southfield roads area.

★ ★ ★

At the Zoning Board of Appeals meetings on April 11 and 25, arguments for and against the approval were heard.

Seventeen of the 34 property owners in the area objected to the proposed club, fearing noise, traffic and hazards to children.

The petition to build was denied because of the strong objection of more than 50 per cent of the property owners living within 300 feet of the site.

Dolan said the club, in filing the suit, is interested only in "expediting a just decision as to whether the club can build and operate its facilities on the proposed site.

★ ★ ★

"The 300 member applicants who are residents of Beverly Hills have not been justly considered by the Zoning Board of Appeals," Dolan said.

A 1.9 operation millage proposal will be placed on the June 13 school election ballot, Board of Education members agreed at a meeting last night.

If approved, the funds would bring in $361,675 in additional revenue that would be used to increase the salaries of teachers and school personnel.

On March 28 voters turned down a request by the school board for an additional 4 mill increase.

★ ★ ★

At that time a portion of the proposed increase would have provided instructional improvements, high school library books, and a stronger in-service training program for the faculty. None of the proposed 1.9 millage would be used for this purpose.

The School board is also hoping to realize a $35,000 savings next year by having school buses make triple runs instead of double runs.

The additional run for drivers will mean a cut of six bus drivers from the staff.

Class schedules will also be revamped because of the change.

Nelson J. Archer

Service for Nelson J. Archer, 45, of 30300 Franklin Rd., Franklin, will be at 10 a.m. Friday at the Bell Chapel of the William R. Hamilton Co.

Mr. Archer died Tuesday at his home following a short illness.

A graduate of the Walsh Institute of Accounting in Detroit, he was a consultant to the crude oil production industry.

He was a member of the Alpena Lions Club and the B.P.O.E. Lodge 505 in Alpena.

Surviving are his wife Marian; a daughter, Barbara Ann of Ft. Lauderdale, Fla.; three sons, John of Ft. Lauderdale, Peter and James, at home; his mother, Mrs. Ann White of Birmingham; two sisters, and a brother.

Nixon Outpolls Kennedy in Indiana Primary Vote

(Continued From Page One)

votes on the first ballot at the Republican national convention and Kennedy its 34 votes on the first ballot at the Democratic convention.

Kennedy's opponents, Lar Daly of Chicago and John H. Latham of Rockville, Ind., polled almost one-quarter as many votes as the senator.

Daly campaigned in an Uncle Sam suit on an "America First" platform and Latham called for the end of political conventions.

CALLED UPSET

Republican National Chairman Thruston B. Morton called Nixon's vote a "tremendous upset victory." Kennedy supporters, however, said their man had shown he could win the state in the November election.

In the District of Columbia, Humphrey had a decisive edge over Sen. Wayne Morse of Oregon in the Democratic presidential preference vote.

But a Democrat unlisted on the ballot, Adlai E. Stevenson, also showed he had support in the nation's capital.

A slate of convention delegates pledged to him held second place behind the Humphrey slate. There even was a possibility one Stevenson candidate might capture a delegate spot.

But, since the District of Columbia's Democratic vote under the unit rule, Humphrey was certain to have the city's nine votes at the Democratic National Convention in July.

The Republicans had no presidential preference ballot. All their delegate candidates were pledged to Nixon. The District of Columbia will have eight votes at the Republican convention.

ANEMIC TURNOUT

It appeared that only 35,000 persons voted. Washington, which can not vote in general elections, has a population of 850,000.

In Ohio, the results of an internal Democratic party battle still were in doubt. But, whatever the outcome, Ohio's 64 votes at the Democratic National Convention will go to Kennedy.

The Republicans also had an internal battle. Former Sen. George H. Bender was running for a delegate spot, pledged to himself. All other candidates were pledged to Nixon.

But Bender appeared to be soundly beaten and dethroned as a power in state politics. Nixon apparently will have the state's 36 votes at the Republican convention.

In Florida, Farris Bryant and Doyle E. Carlton Jr. won the right to meet in the May 24 Democratic runoff. The victor in that primary will face a Republican candidate in the November election.

Bryant is considered a States Rights advocate and Carlton is known as a moderate on the racial question. They had eight other rivals in Tuesday's primary.

Businessmen and School Man to Talk Tax

Pontiac Township businessmen will present their stand in opposition to the Board of Education's tax hike request at 7:30 p.m. today in the Township Hall.

Representing the businessmen will be Bill Downes and Roy Hardy, president of the Pontiac Township Businessmen's Association.

Representing the school system will be Vern Schiller, treasurer of the Board of Education.

The Board's proposal for an increase of 2.8 mills to the voted tax rate for operation of the school system will be presented on a May 9 ballot.

Heads State Red Cross

DETROIT (AP) — Louis P. Butenschoen of Midland has been named national Red Cross fund vice chairman for Michigan. Butenschoen is a Dow Chemical Co. executive. He succeeds James L. Bauchat of Ypsilanti, manager of Ford Motor Co.'s Ypsilanti plant, in the Red Cross post.

NEW PORT OPENS — Port Huron Monday welcomed the German freighter Elise Schulte as the first ship to arrive at the newly constructed port facility. The city built and leased to a local firm the 500-foot concrete wharf, two gantry cranes, a warehouse and truck and rail facilities. The ship is picking up 1,600 tons of Michigan-grown beans.

Says Drug Hearings to Harm Diabetics

WASHINGTON (AP)—A doctor contends that the Senate drug hearings will cause irreparable harm to some diabetes patients and that Sen. Estes Kefauver (D-Tenn) is to blame.

Kefauver, chairman of the Senate Antitrust and Monpoly subcommittee said he would comment during the hearing on the letter sent him by Dr. James M. Moss, director of the Georgetown University Hospital Diabetic Clinic.

Moss criticized what he called headline hunting in the inquiry, contending it is frightening patients away from their doctors and causing them to stop using all medication. They may become invalids as a result, he added.

Uncle Earl Is Watching, He Warns Legislators

NEW ORLEANS, La. (AP)—A sandpaper-voiced Gov. Earl K. Long says he doesn't intend to stray far from the political scene when he goes out of office Tuesday.

Bellowing hoarsely, Long promised a statewide television audience Tuesday night he would be keeping his eye on the Legislature from a Baton Rouge Apartment a few blocks from the governor's mansion.

★ ★ ★

"I'll be watching you," the 64-year-old governor said.

Pounding a desk top, Long departed radically from a prepared farewell address.

"Uncle Earl may come again," Long said, serving notice he may try for his fourth term as governor four years hence.

The brunt of Long's rambling 30-minute speech was a catalog of administration accomplishments. But he peppered it with blasts at political foes and a call for support of Jimmie Davis who goes in as Long's successor May 10.

★ ★ ★

Long has appointed his estranged wife, Blanche Long, to a four-year term on the Board of Review for the State Division of Employment Security. The job pays $40 per diem, and the board meets about three times a week to review jobless benefit cases.

Mrs. Long is Democratic national committeewoman from Louisiana.

Castro Is Hinting on Ambassador

Cuba Sounds Out State Department for Okay to Send Official

WASHINGTON (UPI) — Cuban Premier Fidel Castro, who once said he would not send an ambassador to Washington until U.S.-Cuban relations improved, has quietly sounded out the State Department on such a step.

Castro's government recently sent a confidential message here requesting preliminary approval for the post of former Cuban Prime Minister Jose Miro Cardona, who has a record of friendliness toward the United States.

Although puzzled by the move, the State Department was pleased and was expected to grant its approval in a few days. Normally, this would be followed by a formal announcement of the 58-year-old Miro's assignment.

★ ★

The disclosure came as President Eisenhower renewed his request to Congress for a four-year extension of the import quota law which determines how much sugar Cuba and other producing nations may sell in the United States.

Tax Officials Enter Prison

2 in Truman Regime, Connelly, Caudle, Start Two-Year Terms

NEW YORK (AP) — Two Truman administration officials surrender today—Matthew J. Connelly in New York City and T. Lamar Caudle in Charlotte, N.C.—to begin serving two-year federal prison terms.

The two men were sentenced for attempting to block an income tax evasion prosecution of Irving Sacks, a St. Louis shoe manufacturer.

★ ★ ★

Their four-year legal fight to avoid imprisonment ends with their surrender at the U.S. marshal's office in their home areas.

★ ★ ★

A petition for a pardon by President Eisenhower has been drawn up by home town friends in behalf of Caudle, a resident of Wadesboro, N. C., who headed the Justice Department's tax division.

Connelly, a New York City resident who was White House appointments secretary under President Truman, has declined comment on what further action—if any—he planned to take.

Caudle probably will go to the at Tallahassee, Fla., and Connelly to a similar institution at Danbury, Conn., the Justice Department said.

Reports Good on 'Minuteman'

ICBM to Be Set by '62 but Army Man Claims Another Type Needed

LOS ANGELES (UPI)—The Air Force announced Tuesday that the Minuteman Intercontinental Ballistic Missile will start flight tests at Cape Canaveral, Fla., this year and should be combat ready in the summer of 1962—six months ahead of earlier schedules.

Simultaneously, an Army general asserted that big strategic missiles will not be enough to prevent a Russian attack.

He said he doubted Americans will be able to deter or blunt a Red missile attack in the 1963-70 period unless it rapidly develops the Nike-Zeus antimissile missile.

Maj. Gen. O. J. Ritland, Air Force ballistic division commander, and Maj. Gen. Parmer W. Edwards, Army deputy air defense commander, outlined their services' missile progress at the annual meeting of the Aviation Writers Assn.

★ ★ ★

Edwards said that the Nike-Zeus, designed to knock down enemy ballistic missiles, "could go into limited production now." The Defense Department has insisted on further development work before authorizing any production.

★ ★ ★

Ritland said that progress on the Minuteman intercontinental missile has been so rapid that only one more test of the first-stage rocket engine will be necessary at Edwards Air Force Base, Calif. The last shot will be on this Friday, he said.

He said the full flight test program for the 6,300-mile missile will start at Canaveral "late this year."

Vetoes Blocking Rule of State Groups on Ads

LANSING (AP)—A measure to end the authority of most state agencies to regulate advertising by the professional or trade groups under their control was vetoed yesterday by acting Gov. John B. Swainson.

MAKING DIXIE CUTOFF — Three Michigan State Highway Department employes study plans for construction of new cutoffs on Walton boulevard, east of Dixie Highway and Williams Lake road, to the west of the highway. After more than two years of acquiring land and making studies to eliminate "No Left" turns from the Dixie, construction work began this week. A mid-July completion date is scheduled.

Forest Lawn Refuses Ashes

Caryl Chessman's Urn Poses Problem but His Attorney May Fight

SAN RAFAEL, Calif. (AP)—Caryl Chessman's ashes remained at a mortuary here today, the object of a controversy over their disposition.

The convict-author who was executed Monday had directed that his ashes be placed in an urn at Glendale's Forest Lawn Memorial Park in Southern California. His mother is buried there.

But a Forest Lawn spokesman, noting that Chessman was "unrepentant and an avowed agnostic," said Tuesday night the ashes would be refused. He said they would "detract from the spiritual values of Forest Lawn."

★ ★ ★

One of Chessman's attorneys, L. A. Wirin, said in Los Angeles he would recommend to Rosalie Asher, executrix of the convict's estate and also his lawyer, that a court order be requested requiring Forest Lawn to accept the remains.

★ ★ ★

Miss Asher went into seclusion after failure of her last frantic efforts to obtain a stay of execution. She was not present at the cremation at Tamalpais Cemetery. There was no religious service.

A San Rafael newswoman, Bernice Freeman placed two rosebuds from her garden on the otherwise unadorned coffin.

Sees Tighter College Standards

Study Hard, Says Hatcher

SAGINAW (AP) — It's going to take a strong academic high school course to assure acceptance at a top college or university in the future, Dr. Harlan Hatcher, University of Michigan president, says.

Within the past two years college entrance standards generally have gone up. Colleges have used the word "selective" to define their practices. Dr. Hatcher is among the first to define "selective" flatly as meaning those academically trained in high schools.

The Saginaw News wrote to both Dr. Hatcher and Michigan State University in an attempt to get a clear picture of what's in store for junior and senior high school students when they try to get into college five or six years from now.

The same kind of survey was conducted three years ago. At that time the colleges hinted at what is occurring now, but refrained from saying it as bluntly as Dr. Hatcher now says it. Although colleges still say they are requiring specific subject matter for entrance there appears no question now that only the academically trained will receive serious consideration at the top schools.

"It is my strongly held conviction," Dr. Hatcher said, "that the top-ranked universities and colleges of the nation will become increasingly more selective by choosing only academically qualified high school students.

"As a rule, I would say that most colleges are not considering a return to strict subject requirements as a condition of admission. However, they are requiring, and unquestionably will continue to require study in depth in certain basic areas. Usually, this means three to four years concentration in such fields as sciences, languages and so forth."

NOT BY GRADES ALONE

Dr. Hatcher said grades alone will not be the criterion for admission. More colleges are going to a combination of grades, test scores on national examinations, such as the College Entrance Examination Board tests, and recommendations from the high school. The U. of M. starts the CEEB tests in 1961.

Dr. Hatcher revealed the U. of M., at least, can be highly selective. "Applications for admission," he said, "are up 25 per cent at this time over a year ago. In all probability, depending upon our budget situation, this trend means that admission to the university will be closed earlier this year than ever before in history."

Paul A. Miller, MSU provost, explained his university's stand on entrance requirements. He said MSU's policy "roughly" assumes admittance of students from the top third of their graduating classes without serious question, although each applicant is given personal attention. Some are taken from the middle third, those in the lower third usually are not admitted.

★ ★ ★

He said:

"One finds a tightening of academic standards in the colleges and universities. This means that the preparation in the high schools must be increasingly related to the way of adequate preparation in academic subjects."

He doubts if MSU will become rigid about requiring certain subject matter completed in high school, but says MSU will continue to "strongly urge or recommend" the academic courses of English, science, mathematics, and languages be covered in high school.

Flint Names Commission to Administer Race Law

FLINT (AP)—The City Commission has named a 15-member human relations commission, headed by a woman, to administer a controversial city ordinance.

The ordinance is designed to protect against discrimination. It has been fought by a real estate group which has been petitioning for a referendum.

Mrs. S. S. Stewart Jr., prominent in civic affairs, was named chairman of the commission. The members include representatives of business, the clergy, professions and organized labor.

'Chance' Aspect Unfair During Olympic Trials

Pontiac's HAYES JONES seems to be a sure thing to make the U.S. Olympic track team and compete for world honors at Rome, but there is a big IF connected with his lifetime dream.

That IF concerns the Olympic trials coming up in July at Palo Alto, California.

★ ★ ★

It is very unlikely, but IF HAYES would have a bad day at the trials, his great past performances would mean nothing. Such a fate fell upon one of our top ski jumpers during the trials for the winter games.

Many officials of both track and skiing have been against the trial system for their sport, claiming showings in major meets should be the determining factor in events based on time and distance. That certainly seems sensible when you consider how much of a shame it would be for someone of Jones' high caliber to miss out because of an "off" day.

LARRY SNYDER, who will coach the American thinclads, has called the Pontiac Central graduate "the world's finest hurdler."

★ ★ ★

JONES has certainly earned such praise with his complete dominance in the hurdles against the best in the country. He whipped ex-Olympic ace LEE CALHOUN for the "umpteenth" time Saturday at the Penn Relays hitting 13.6 again, which is well below the 14.4 qualifying standard.

He could pack his bags right now if the squad were picked on records, but the confident Eastern Michigan senior is quick to admit anything can happen under the present setup. "I could stumble over the first hurdle and lose," he said. There is also the possibility of injury or illness.

★ ★ ★

Hayes has such big tests as the Compton Relays, the Houston Relays, the National AAU and NCAA meets coming up before the trials and feels he can get his time down to 13.4. Martin Lauer of Germany holds the accepted 110 meter world record of 13.2.

JONES should be at peak form after the pre-trial grind and ready to wipe out that big IF.

PCH Students Pose Serious Traffic Hazard

What's one of Pontiac's major traffic hazards? It is the student body at Pontiac Central High School.

★ ★ ★

Most motorists cringe at the possibility of maiming or killing a pedestrian with an automobile.

The odds for such a tragedy increase five days a week when the dismissal bell rings in the halls of learning on West Huron Street. It is then hundreds of students who should know better flock onto the streets and become careless targets for disaster.

What do they do? They commit among the most serious pedestrian violations available.

Red traffic signals seem to lose their meaning, despite oncoming vehicles.

★ ★ ★

Bounding from between parked cars in front of traffic is another popular practice. This is an especially favored pastime among two or more persons holding a busy conversation. That way, they don't have to look at the annoying traffic.

And we can't forget the hitchhikers, who at times stake claim to 1½ lanes along the curb.

We have to believe that PCH's students have had traffic safety taught to them since grade school. No doubt they still get reminders of same at Central.

Yet what's going wrong? Where has all this teaching fallen?

★ ★ ★

Any driver who has shaken with fear for several minutes after a near calamity with one of these errant scholars must wonder.

The answers seems to lie with the students.

Central has shown plenty of merit scholastically, athletically and in other fields.

Come on, PCH students, let's bring those walking standards up to the same glorious level.

Can't We Leave Odors of Flowers to Nature?

Every year at seed-planting time we are annoyed by the same thing. This is the first chance we have ever had to complain about it in print.

★ ★ ★

Some years ago the experts in the plant world replaced the rather acrid fragrance of nasturtiums with a sweet scent and completely descented marigold foliage. Now you can grow sweet smelling nasturtiums and odorless marigolds.

We protest. We liked the fragrance Nature gave both plants. We'll agree that the new double sweet smelling nasturtiums and the hybrid marigolds are beautiful specimens. But we miss the originals.

★ ★ ★

". . . a rose by any other name would smell as sweet." But if you were to take away its fragrance, would it be the same rose? Changing the scent of flowers may be an accomplishment in the horticultural world, but it upsets us. We wish the experts would expend their energies elsewhere.

Take Quite a Tailoring Job

David Lawrence Says:

Riots Are Communist-Inspired

WASHINGTON—Is it just a coincidence that mob violence and militant demonstrations are occurring against governments in Korea, Japan and Turkey, which happen to be strategic outposts of the West from a military standpoint?

There is ample testimony from former Communists that mob violence is a form of pro-Comunist warfare for which students from all parts of the world are specially trained in Moscow.

Last August in the Senate of the United States a special report was issued under the title, "Communist Anti-American Riots—Mob Violence as an Instrument of Red Diplomacy." It was prepared as a result of a staff study authorized by the Senate internal security subcommittee, and was ordered printed at a meeting of the committee. It is singularly prophetic.

GRIM REPORT

It said in part:

"The traditions of American diplomacy are predicated upon peaceful negotiation with duly authorized representatives of other nations on the basis of solemn agreements and treaties, in accord with international law and usage.

"Our international relations do not contemplate and seldom anticipate efforts to force the hand of governments through mob action manipulated by trained Soviet agents."

Among the conclusions reached by the committee's staff are the following:

"In some Latin American countries, Communist parties controlling an insignificant minority of the total votes cast, have resorted to the policy of manipulating and inciting mobs to accomplish political and diplomatic objectives in the interest of Soviet foreign policy.

"Despite the numerous examples of worldwide Communist imperialism and brutality, there have been few cases of mob violence against Communist embassies or agencies.

'BEHIND THE SCENES'

"For the most part the Communists operate behind the scenes making use of uninformed and excitable teen-agers, students and illiterates.

"As a rule the Communists wait for a suitable issue to arise on the basis of which they can successfully provoke mob excitement and violence. If the issue does not exist, they create one.

"In large measure the Communists exploit economic difficulties and nationalist emotions.

"The Communists' standard practice is to employ nonmilitary weapons, easily accessible to the mob, such as stones, poster sticks, clubs, gasoline, kerosene, homemade bombs, etc. These have been supplemented by the looting of guns and ammunition from hardware stores.

"The techniques followed by the Communists parallel those taught in special schools for international Communist agents in the Soviet Union.

By allying themselves with political groups in power, the Communists have succeeded in minimizing police action and interference against the mobs they have incited.

'FAR IN ADVANCE'

"Communists make adequate preparations far in advance for their inspired riots, through provocative mass meetings, leaflets, broadcasts, cartoons, newspaper articles and even assassinations . .

"Leaders of the Communist parties of Colombia, Venezuela, and Bolivia have been in Moscow where they have received instruction and directives, including the handling of mobs and military techniques.

"The success achieved by the Communists in manipulating mobs for anti-American incitement will encourage them to further efforts of this kind on a larger scale."

The immediate reaction in official quarters here to the recent riots in Korea was that they were "spontaneous."

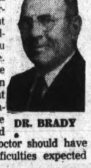
Dr. William Brady Says:

Home Still Safest Place for a Baby to Be Born

"We are expecting our first child in July. We would like to have our child born at home. We want to be together instead of separated by the spurious aseptic or "sterile" environment of hospital childbirth which you so aptly describe.



DR. BRADY

"We would like more information on childbirth at home — the relative safety, the supplies and equipment the doctor should have available for difficulties expected or unforeseen.

"May these supplies and equipment be easily brought to the home by the doctor or are some things too large or complicated and available only in hospitals . . . (S.D.)"

By gosh, it never occurred to me until this moment that when our children were born we had on hand no transfusion apparatus, no respirator and nary an incubator in the house.

★ ★ ★

I was on the hospital staff and we could have rushed Micky to the hospital when her time came, at little or no cost. But Micky knew about hospitals too — she had been a surgical nurse when I first lamped her — and so we just welcomed Lalla Rookh at home, where all happy babies should be born.

Ditto when her little sister Hennecy, as Lalla called her, was born. We felt that home was safer than the hospital. Home, I think, is still the safest place to have a baby.

Correspondent's concern about having every conceivable instrument, equipment or provision ready at hand to cope with any emergency is characteristic of the effete generation.

★ ★ ★

Expectant parents today are generally ignorant of the hygiene of pregnancy and the physiology of childbirth and many haven't the gumption or the responsibility to try to learn what every prospective parent should know about it.

They prefer to follow the example of the pampered wife who listened for a while to other women discussing rooming-in, natural childbirth etc., and then declared that she was going to have an anesthetic and wake up when it was all over.

A world of difference between such a namby-pamby and the mother of five who said: "Even with the first one, I regarded childbirth as the most wonderful, exciting adventure of my life."

It would seem that the effete generation is aiming at a kind of teetotal security. They surrender their independence and dignity when they shift their responsibility to the hospital. They pay through the nose for the impressive play-acting of doctors and nurses in the childish belief that they are getting greater security, whereas in fact mother and child are just a little safer at home.

Novices may get considerable practical information about the baby business by studying the booklet Preparing For Maternity, for which send me 35 cents and stamped, self-addressed envelope.

Signed letters not more than one page or 100 words long pertaining to personal health and hygiene, and disease, diagnosis, or treatment, will be answered by Dr. William Brady, if a stamped, self-addressed envelope is sent to The Pontiac Press, Pontiac, Michigan.

Readers Continue Debate About School Tax Increase

Some years ago my child, as a third grader, was put on half day sessions because of the financial situation of the school. This is not what I want to happen to my two children today. To give them better opportunities, I strongly urge every conscientious parent to support the millage increase. It's our responsibility as parents to see today's children make good citizens of tomorrow. We want a quality program with quality teachers for our children. Do your part. Vote "yes" on Monday.

Taxes, taxes, taxes. We're sick of the word, but as responsible citizens, we must hear, talk and debate increased mills. Some of us feel an increase is a must. Others feel it will be more money to misuse.

Will our children really suffer if we vote against the proposal? Or will they just have a little less luxury than some already have? We parents had just as good an education as modern children but with less plushness. Children must be taught life isn't a big bed of roses. Some of us are going without things to make a comfortable home for our children, while they are getting so accustomed to the big, beautiful extras at school they look down on their parents for not having the same at home.

Come to the Pontiac Township meeting on Opdyke tonight at 7:30 and get out and vote.

Open Minded Citizen

—

Someone in Voice of the People criticized the City Commission for spending more money on the City Hospital than the taxpayers voted.

The same person wanted to pan the School Board because they asked for enough at the start. That person better make up his mind.

It's better to ask for the full amount at one time than to do like the City Commissioners, the Hospital Board and doctors did. They asked three million, which they got, and then spent five million anyway.

The School Board is doing an honest job and we should respect them for asking the full amount and not doublecrossing us.

A. D.

—

I hear talk about does the School Board really need this and does it really need that, etc., etc. The School board figured out what was needed and then asked for it and they are all honest people so why do some fault finders try to question them on every little item? I'd rather vote a little ahead now and not be asked to vote some more later. That is just good business and I am glad we have men with that much sense handling our schools. When you plan for your own house and family, you always figure on tomorrow.

Grandfather M.

—

Our School Board always plans ahead just as every other business does. All firms and all organizations operate that way.

Small Merchant

—

As a mother of three small children, I feel we must vote for the mill increase. It seems a very small sum to pay compared to the value children will get. The cost of operating schools — books, material, upkeep — has gone up with the cost of living, and we need the increase to keep them up as they are now as well as to make improvements. I hope all parents will consider this issue carefully and vote for the tax increase.

Situation in Coal Fields Stirs Reader

Why not a CARE package for the little ones going to school in the West Virginia coal fields? Did you see the newsman talking to the teacher of the school where 20 per cent of the children would go hungry and cold if it weren't for the teachers' help?

The company store was failing down. Can you imagine trading there, and if you didn't, out you go? Store owners are probably in penthouses or on the beach living the life of Riley. These conditions are caused by non-union companies.

I'm retired after 35 years in the mines and never had to trade at one of these places, thanks to the union. People never agreed with John L. because he told them the truth. Hundreds of miners paid with their lives to stop such conditions. Imagine American children hungry and cold in 1960?

Case Records of a Psychologist:

Crane Criticizes College Teachers

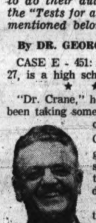
Martin is critical of his college professors. Good teachers are vital to progress, but many college profs are like those Martin describes. Either they don't know how to perform their job or else are too lazy to do their duty. So send for the "Tests for a Good Teacher" mentioned below.

By DR. GEORGE W. CRANE

CASE E - 451: Martin M., aged 27, is a high school teacher.

★ ★ ★

"Dr. Crane," he began, "I have been taking some extra classes in our Extension Center, and also go to summer school for I want to get my M.S. degree.



DR. CRANE

"But I have noticed that some of my college teachers are very poor. In fact, they wouldn't be tolerated in a city high school. For example, they often fail to orient students at the opening meeting of the class.

"And they don't explain how they award grades or tell us the relative amount of grade credit that our lab work will count vs. written exams.

★ ★ ★

"Some of them are outright lazy and try to get by on theoretical lectures they outlined 10 or 20 years before and apparently haven't tried to improve since. What do you psychologists think about a teacher's role in the classroom?"

TEST YOUR TEACHERS

Grammar and high school teachers as a group rate far above the college standard.

For they pick teaching as a career and therefore have a real interest in the field of education, with many courses in psychology and classroom problems.

College professors don't have to take a single course in these vital subjects, which is why many of them don't even understand the A-B-C's of effective teaching.

You laymen may feel shocked at this expose of college inefficiency but it is generally correct.

Oh, a minority of college profs teach themselves about such basic problems, but there is no requirement that college profs even have a single course in public speaking or psychology or educational methods, etc.

★ ★ ★

All the college profs need is to acquire a Ph.D., maybe in some such far-fetched field as "The Love Life of the Gold Fish."

Then they win a Ph.D., and with a recommendation from their college department head or the Dean, they soon land a teaching job.

Perhaps they are assigned courses on "Advertising Psychology" or "Child Psychology," but they may know little about anything save the love life of the goldfish!

Yet they strut their stuff and try to impress alert, mature college men and women, who often are ahead of their profs in practical gumption.

HOW TO TEACH

A good teacher should be an enthusiast for his own subject and have such eager desire to win converts that he shows missionary fervor.

He should also orient the class at the first meeting, showing what will be covered and how he awards grades.

He should thus inform students of what to stress. His superior knowledge should let him give a bird's-eye view of his semester course to the beginner.

He should NOT think a superlative teacher is one who assigns excessive outside reading to make

students groan. This is not a mark of good teachers, though a lot of them preen their feathers on thus being taskmasters.

He should also police all exams and never permit cheating, which is now widespread among college youth, partly due to lazy proctoring of exams.

Send for my terse "Test For a Good Teacher," enclosing a stamped return envelope, plus 20 cents (non-profit). Use it to rate all your teachers.

★ ★ ★

Always write to Dr. George W. Crane in care of The Pontiac Press, Pontiac, Michigan, enclosing a long (9 inches) stamped, self-addressed envelope and 10c to cover typing and printing costs when you send for his psychological charts and pamphlets.

Top Newsmen Will Cover Wedding

LONDON (AP) — Inside Westminister Abbey and along the procession route, The Associated Press will have a team of 20 newsmen and 13 photographers covering the story of the Princess Margaret wedding Friday.

★ ★ ★

Two Pulitzer Prize Winners head the lineup. Eddy Gilmore will report from inside Westminster Abbey for afternoon papers. Relman E. Morin will write the story for morning newspapers.

Gilmore's commentary during the wedding ceremony will be bulletined from the Abbey. Because of London's closed streets during the wedding hours, Gilmore will then be sped—by speedboat on the Thames—from the abbey to the AP office for his wrap-up story.

★ ★ ★

Another key newsman taking part in the wedding coverage is Hal R. Cooper, who has been in on every major story reporting the drama-packed changes in Britain in the postwar era.

Alvin J. Steinkopf, an AP newsman who has reported events from the start of World War II through Vatican consistories and royal coronations to the sinking of the Flying Enterprise, also will be on the team. Conlin Frost, formerly reporting from Warsaw, will be another in the lineup.

BY THE MINUTE

The wedding schedule will include these highlights—all British Summer Time, which is six hours ahead of Eastern Standard Time.

★ ★ ★

10:55 a.m. — The bridesmaids leave Buckingham Palace by car for Westminster Abbey. Antony Armstrong-Jones and his best man follow in another car.

11:03 a.m.—Queen Elizabeth II and Queen Mother Elizabeth leave Buckingham Palace in a state coach, escorted by household cavalry.

11:15 a.m. — Princess Margaret and Prince Philip leave Clarence House in the glass coach, escorted by household cavalry.

11:25 a.m. — Princess Margaret and Prince Philip arrive at the Abbey.

11:30 a.m.—Twelve silver trumpets sound a fanfare and the marriage service starts.

12 noon, approximately — The Archbishop of Canterbury will pronounce Princess Margaret and Antony Armstrong-Jones man and wife.

12:30 p.m., approximately—The service ends. The royal family starts back to Buckingham Palace for the wedding breakfast.

★ ★ ★

4:15 p.m.—The newlyweds leave Buckingham Palace by car for a pier near the Tower of London.

4:30 p.m. — The newlyweds board the royal yacht Britannia, moored in the Thames.

5:15 p.m.—The Britannia sails for the honeymoon in the West Indies.

INDIANAPOLIS (AP) — Mr. and Mrs. Leo S. Miller hoped everyone understood when their 13-year-old daughter Carol Sue said the family was eating canteloupes from the garbage. The melons sprouted from some seeds Miller buried along with other garbage to fertilize his lawn.

Lake Orion OKs 1960-61 Budget

$100,000 Figure Does Not Include Rubbish Pickup or Water Rates

LAKE ORION—A $100,000 budget for the 1960-61 fiscal year has been approved by the Lake Orion Village Council. This figure does not include water rates nor rubbish collection.

★ ★ ★

The Council voted to add two mills to this year's tax roll to pay for garbage and rubbish removal in the village.

Only a few minor changes were made in the budget since it was presented April 18.

Still of prime concern to local officials is that the village is faced with another year of deficit spending because the cost of labor, materials and maintenance has gone up, but the income has remained the same.

To help solve this problem, a citizen's committee will conduct a survey of local government activities over the past five years.

Headed by Kenneth Ver Burg, community development specialist from Michigan State University, the group will concentrate on four areas of study. They are expenditures, revenue, tax base and services.

★ ★ ★

The Council has decided to seek bids on cleaning and painting of the water tower. They will be opened at the next regular meeting May 17.

Climaxing months of study, a dog ordinance, similar to the one now in effect in Leonard, was adopted Monday night.

'YEARS AGO' — Complete with all the furnishings that made up a living room at the turn of the century, three members of the West Bloomfield Township Players rehearse for their production of "Years Ago." Written by Ruth Gordon, and based on her life, the story tells of a 17-year-old who has generally the same problems as teen-agers of today. Major roles in the production to be given Friday and Saturday at 8:30 p.m. at the West Bloomfield High School, are Shirley Bunnell as Ruth, right, and Shirley McGraw and Richard Pedicini as her parents.

Council Pledges Drainage Relief

Residents of Subdivision Say Foul Water Stays by Homes Year Around

WALLED LAKE — Immediate steps will be taken to relieve a health hazard created by improper drainage in a subdivision here, city officials promised last night.

Asking for assistance from City Council were members of Tri A Subdivision Civic Assn. who claims that drains in front of their homes are filled with stagnant water the year around.

Councilmen told the group, representing some 42 home owners, that a survey would be made as soon as possible and new culverts would be cut to handle the flow of water and waste.

Spokesman for the group Frank E. Richards, 1171 Beta Rd., told Council that the drainage problem results when water and waste back up in septic tanks and flow into the drains.

★ ★ ★

He explained that the subdivision is constructed on a heavy clay base that does not permit normal absorption of water.

Council said it would notify home owners in the area who do not have culverts under their driveways that the city would put them in and assess the cost.

In other city council action last night, the request of Police Chief James Decker to use one unmarked car during daylight hours was granted.

★ ★ ★

Decker told Council that the unmarked car is expected to be used for only several months in hopes of slowing down teen-agers who are using roads for "raceways."

Permission was given to use an unmarked car after it was decided that the vehicle must have a flashing red light in the spotlight.

"I don't like the idea of having an unmarked car on the street, but there are occasions when one seems necessary," Mayor Waldo Proctor said.

ASK MOVING ORDINANCE

Also last night, City Attorney Albert Herzog was directed by councilmen to draw up an ordinance that would regulate house moving into and out of the city.

The ordinance will be designed to regulate traffic movement in the city when a house is being moved.

The proposed ordinance was brought to the attention of the Council by Chief Decker, who said the city has not been notified in several cases when houses were to be moved in the area and traffic problems resulted.

Charges Threats by Area Youths

SHELBY TOWNSHIP — Two Shelby Township youths were arrested here last night for allegedly threatening a couple parked in a lovers' lane the night before.

★ ★ ★

To be arraigned in Justice Court today on charges of assault were Gerald Richardson, 19, of 5281 Wilby St., and Robert Wilson, 20, of 49424 Dequindre Rd.

They are accused by Detroiter Henry Vincent, 23, of brandishing a rifle and beer bottles at him and his girl friend as they sat in his car near Warsaw Park here.

Vincent told sheriff's deputies the two men drove up, trained their lights on his car and challenged him to a race. He said he refused and drove away with the other car in hot pursuit.

The Detroit man said the pair finally forced him off onto the shoulder of Hamlin road, left their car and ordered him out of his vehicle.

Instead, the couple drove away and, as they were fleeing, Vincent said he saw the driver race his car and pull out a rifle. The couple eluded their pursuers, but not before they made a note of the license number of the car.

400 Attend Meeting at North Central

College Supporters Elect New Officers

AVON TOWNSHIP — New officers of the Senior Associates of North Central Christian College were elected at the group's annual meeting last night. Some 400 members attended the session in the college cafeteria.

Mrs. A. J. Kerr of Livonia was named president to succeed Mrs. George Ford of Royal Oak.

Other new officers are Mrs. Melvin Parsons of Lincoln Park, first vice-president; Mrs. L. D. Parker of Walled Lake, second vice-president; Mrs. Robert Dunn of Royal Oak, recording secretary; and Mrs. Donald Worten of Trenton, corresponding secretary.

★ ★ ★

The post of treasurer is being filled by Mrs. Philip Rideout of Clawson, and serving as reporter for the coming year is Mrs. Thomas Jones of Pontiac.

The Associates is an organization of friends and parents of students at NCCC whose aim is to help with the purchase of needed equipment and furnishings for the new college.

Last night the group held an auction to raise funds for current projects, foremost of which is paying for the new 40-passenger bus for the college.

★ ★ ★

Other proceeds will be used to make a monthly donation to the library fund.

Auctioned off last night were a painting, a gold-sprayed shadow box picture and a black lamb.

Highlight of the program was the presentation of five microscopes, costing $800, to science professor Mrs. Stephan Bilak. Dwinna Howard, a freshman from Detroit, accepted the gift on behalf of the student body.

Featured speakers were two other students, Linda Kincade of Rockford, Ill., and Rodney Grantham of Crawfordsville, Ind. They both spoke on "What North Central Christian College Means to Me."

A vocal sextet from Ford Avenue Church of Christ, Detroit, and the Girls' Ensemble from the college furnished the music for the program.

RECEIVES GIFT — Accepting the gift of five microscopes for North Central Christian College from the school's Senior Associates organization is, left, science professor Mrs. Stephan Bilak. The presentation was made by Mrs. George Ford, president of the Associates, before some 400 members who attended last night's meeting in the school cafeteria. The college is on Avon road, just south of the Village of Rochester.

RCA Reports Color TV Sales Boom

NEW YORK (UPI) —Color television is booming, Radio Corp. of America's first quarter report showed Tuesday.

★ ★ ★

John L. Burns, RCA president, told stockholders at the company's 41st annual meeting that sales of color TV receivers showed the greatest increase of any quarterly period in color's six-year history—40 per cent ahead of a year ago.

RCA, Burns said, plans to double color TV production capacity at its Bloomington, Ind., plant.

All other operations of RCA moved up in the first three months and the company reported record sales and earnings for the period for the second year in a row.

NET PROFIT 13 MILLION

Total sales amounted to $361,200,000 for the quarter against $321,800,000 last year. Net profit was $13,000,000 after taxes, against $12,900,000.

Earnings per share dipped to 85 cents from 88 cents because more shares were outstanding this year.

Burns cited a spurt in computer systems with deliveries well in advance of schedule.

★ ★ ★

Sales of portable radio and television sets rose sharply — 72 per cent for radio and 115 per cent for TV.

Elvis Presley helped the record business with his first disc since his Army discharge "enjoying one of the largest advance sales of all time" according to Burns.

National Broadcasting Co., RCA's radio and TV subsidiary, showed record sales and earnings for the year.

To Break Ground for Church in Farmington Twp.

FARMINGTON TOWNSHIP — Ground will be broken Sunday at 4 p.m. for the first unit of the Antioch Evangelical Lutheran Church at Farmington and 13-Mile roads.

Guest speaker will be the Rev. Frank P. Madsen, president of the Michigan Synod of the United Lutheran Church in America.

The Rev. James E. Henneberger, pastor, will officiate.

The building will be a one-story "contemporary Gothic" structure with facilities for worship, Sunday school, social occasions and an office.

It was designed by Begrow and Brown Architects, Birmingham. The contractor is Misch & Sons, Birmingham.

Holly Voters to Fill 4 Education Posts

Voters in the Holly Area School District go to the polls June 13 to elect four members to the Board of Education.

To be filled are two expiring three-year posts and two new four-year posts.

★ ★ ★

The two three-year terms are held by Buel Starr and Robert Brummeler, president and vice president of the school board, respectively.

★ ★ ★

The two new four-year terms will raise the number of school board members to seven, as required by recent state legislation.

Science Working on All-Purpose U.S. Satellite

LOS ANGELES (AP)—Scientists are working on plans for a large satellite with instruments that can be plugged in or pulled out for different experiments.

★ ★ ★

The National Aeronautics and Space Administration said the design is part of a program to avoid the cost of building separate satellites for each new type of experiment.

★ ★ ★

Dr. Abe Silverstein, NASA director of space flight programs, told the Aviation Writers Assn. the satellite is called a space bus, apparently because the experiments—passengers—get on or off at specified stops.

It requires 18 barrels of water to produce a barrel of oil.

Britannia Already Has Luggage

Meg's Yacht Awaits Wedding

LONDON (AP) — Princess Margaret's honeymoon yacht steamed majestically up the River Thames early today and anchored in a city bright with flowers and bustling with preparations for the royal wedding Friday.

★ ★ ★

The royal yacht Britannia, gleaming after a refurbishing, waited in the shadow of the grim old Tower of London to take Margaret and Antony Armstrong-Jones aboard for a Caribbean cruise after their wedding.

Into the royal suitcases went three new swimsuits for the princess, all one-piece creations, one of them royal blue with detachable straps.

Some of the honeymoon luggage already is aboard the Britannia.

★ ★ ★

British society and visitors here for the wedding readies magnificent gowns for the glittering ball Queen Elizabeth II will give tonight at Buckingham Palace for her younger sister and the ex-photographer she will marry in Westminster Abbey.

The ball will launch a three-day whirl of parties and official functions marking the royal wedding of the decade.

London was in a fever of excitement.

Newspapers gave over pages to reports of the wedding preparations.

★ ★ ★

Thousands of troops got ready to move into the city to line the two-mile route from the palace to Westminster Abbey. Great banks of red and yellow tulips blazed in front of the palace and in Parliament Square.

Final daubs of paint were splashed on a towering, 60-foot arch in the Mall, the stately thoroughfare down which the wedding procession will pass to and from the Abbey.

★ ★ ★

Thursday night the arch will be covered with 60,000 roses, half of them fresh from the English countryside, the rest artificial. They compliment the second name of Princess Margaret Rose.

At the Royal Mews grooms were readying 16 of the Queen's horses that will draw the bridal coach and other carriages in the wedding procession.

For each traffic fatality in the United States there are 35 persons injured and about 150 vehicles badly damaged.

Renewal Supporters Rap Ike's Foreign Aid

By JOHN KOENIG JR.

WASHINGTON (AP) — Backers of a 251-million-dollar area redevelopment bill resorted to a rarely used procedure today in an effort to get a House vote on their measure.

★ ★ ★

The attempt followed by a day President Eisenhower's Special message urging Congress to pass his own legislative recommendations but hold down on other spending authorizations.

Supporters of aid to depressed areas brushed this aside with a retort that the President appears more concerned with the depressed areas abroad than those at home.

MAYPOLE CARNIVAL — Waterford Township's Lambert School carnival will be held from 4 to 8 p.m. Saturday. James Fishwild, Mrs. James Yoder, fair chairman, Jeanette Howey and Julie Crary test out the decorative Maypole exhibit. Besides a bake sale, sewing booth and outside pony rides, there will be a gameroom, spook room, a snackbar, and the all-time favorite "Pocket Lady." The public has been invited.

Southern Trucker Killed in Chicago

Racial Violence Flares Over Nation

By The Associated Press

Chicago police today sought a gang of Negro youths after a white southern truck driver was stoned and beaten to death.

James Jewell, 30, of Chicago, said his brother John, 37, of Memphis, Tenn., stopped his truck after a rock was hurled through a window and the Negroes attacked them. John Jewell died in a hospital Tuesday.

★ ★ ★

In Atlanta, the Rev. Martin Luther King Jr., Negro leader in the current south-wide series of sit-down demonstrations, said the next campaign against segregation may be "in the whole area of voter registration." He declined to give details.

★ ★ ★

All three restaurants in San Antonio's biggest department store were closed after a white man slapped a Negro demonstrating against segregation.

The white man, Eugene Nolte, owner of another restaurant, and the Negro, the Rev. Earl Graham Jr., were arrested for disturbing the peace and released on $25 bonds.

Officials of Joske's department store, scene of Negro demonstrations the past two weeks, said the three restaurants would stay closed indefinitely. One, the basement cafeteria, had been integrated but Negroes had boycotted it and sought service in the other two.

★ ★ ★

Another big department store, the Diamond in Charleston, W.Va., bowed to Negro demands after two years of boycotts and sit-down demonstrations.

"Cooperating with the mayor's commission on human relations, the Diamond is making its eating facilities available to all customers," a statement from the state's largest store said. Other Charleston stores with eating facilities had previously opened service to Negroes.

Leaps Into Den to Pat Lion —Gets Out OK

NEW YORK (AP) — Robert Smith, 33, a laborer, vaulted a guard rail at the Central Park Zoo and patted a lion on the head Tuesday. The king of beasts snapped. Smith pulled his hand safely away and patted the lion again and again.

★ ★ ★

There were screams from the gathering crowd. The lion began to roar.

Two policewomen, drawn by the commotion, pulled Smith back over the railing and charged him with disorderly conduct.

Moody, both of Pontiac, and Mrs. Fannie Andrews and Mrs. Mary Elliout, both of Detroit; 49 grandchildren; 54 great-grandchildren; and a brother.

Mr. Tyms died Friday at Pontiac General Hospital after a long illness.

Engineer Talks on Evaporation

Ann Arbor Man Tells of Texas Plant to Purify Sea Water Cheaply

CLEVELAND (AP) — An engineer told the American Chemical Society it will cost about a dollar a thousand gallons to purify sea water in a million-gallon-a-day evaporating plant soon to be built at Freeport, Tex.

By using the same design in a plant 10 times bigger, water from the Gulf of Mexico could be turned into drinking water for about 35 cents a thousand gallons—an economical price, F. C. Standiford of Ann Arbor, Mich., indicated.

Standiford represented W. L. Badger Associates, Inc., of Ann Arbor. He described progress made in perfecting a simple evaporating system in a paper prepared for the water and waste chemistry division of the ACS convention.

For the past two years the purifying process to be used in the Texas plant has been tested in a pilot plant in North Carolina, Standiford said.

Twelve evaporator units will be used in a series, so that condensing steam from one will heat sea water in the next, he explained.

Corrosion and scale-buildup on boilers have been major problems for which the North Carolina tests appear to have found an answer, Standiford said.

A de-aerator is used to cope with the dissolved oxygen that gives the raw sea water most of its corrosive quality, the engineer reported.

Deaths Elsewhere

WASHINGTON (AP) — Claris Adams, 69, nationally prominent in the life insurance business, died Monday of cancer. He was executive vice president and general counsel of the American Life Convention, a national association of more than 250 life insurance companies. He was born in Mt. Carmel, Ill.

Would-Be Mailman Wouldn't Like Pay

LOVELAND, Colo. (AP) — Postmaster Fred Brewer was puzzled when he received a telephone call from a man who wanted to put in his bid to carry the mail on the star routes to Masonville, Pinewood and Drake.

Finally, Brewer had the answer. The man was a half century too late. The Loveland Reporter-Herald had reprinted an advertisement in the paper's column, "50 Years Ago in Loveland."

FERNDALE WINNER — "I'm feeling no pain," said happy William D. Snodgrass of Ferndale after winning this year's Pulitzer Prize for poetry. The 34-year-old Wayne State University English professor won $500 with his volume, "Heart's Needle." It was his first book of poems. Snodgrass, who has taught at Cornell University among others, is a graduate of the State University of Iowa.

Dem Party Officers to Seek Re-Election

LANSING (UPI)—Three Michigan Democrats holding offices in the national party organization announced jointly today that they will seek re-election this year.

★ ★ ★

Mrs. Margaret Price, Ann Arbor, and Thomas H. E. Quimby, East Lansing, will be candidates for re-election as national committeewoman and committeeman from Michigan. Mrs. Mildred Jeffrey, Detroit, will run again for the post as alternate national committee woman.

★ ★ ★

Elections will take place at a caucus of Michigan delegates in Los Angeles July 10, the night before the national convention opens.

Michigan's delegates to the national convention will be named Saturday at a state convention in Grand Rapids.

California Eyes Death Penalty

Chessman's Execution Stirs Up Action Against Capital Punishment

SACRAMENTO (UPI)—A wisp of martyrdom today threatened to eliminate the gas chamber that killed Caryl Chessman.

The infamous red light bandit himself said months ago that his death would do more towards ending the death penalty in California than to remain living.

Just before he walked the 13 steps into the eight-sided gas chamber Monday he told a prison official, "I hope my going into the chamber will help blow the room right out of existence."

No sooner had the shock of Chessman's convulsive death begun than state legislators renewed their demands to end capital punishment. One said he would introduce the issue again in the 1961 session of the Legislature.

★ ★ ★

George Davis, one of Chessman's attorneys, said he planned to devote most of his time to get the issue directly before the voters by the initiative process.

★ ★ ★

"I think this has taken the wraps off the fight for abolition of capital punishment," he said, "We will be joined by a lot of people who did not want to be counted because of Chessman.

"People have been afraid to get into the fight because so many were propagandized into thinking Chessman was an ogre.

"They feared political reprisals and social ostracism, especially in Southern California," Davis said.

Deputy Secretary of State Walter Stutler said Davis and an anti-death penalty group named "People Against Capital Punishment, Inc." had until June 30 to get 420,462 signatures on petitions to place the issue on the November general election ballot.

BID FOR GOVERNORSHIP — Governor Price Daniel, left, seeking a third term as chief executive of Texas, is opposed in the Saturday Democratic primary by former state representative George Cox, right, of Breckenridge.

Man State Borders to Keep Out Beetles

LANSING (UPI) — Check stations have been established on the Ohio border at Lucas County (Toledo) to keep the Japanese beetle out of Michigan, the Michigan Department of Agriculture reports.

Plants with soil attached or top soil will not be permitted to enter the state, the department said.

The Japanese beetle is in the larval stage this time of year but emerges about July 1 as an adult beetle, the department said.

The insect is known to feed on 250 different types of vegetation.

Generosity Not OK to Justify Shoplifting

NEW HAVEN, Conn. (AP) — A store detective said the three women were shoplifting.

The women readily told police that the detective was right but, they said, they were really going to send the loot to others as gifts.

Police were unimpressed by the women's generosity, and charged them with theft.

Political Contributions Made Easy by Ford Co.

DETROIT (AP)—A unique program that provides Ford Motor Co. employes with an opportunity to contribute financially to the political party of their choice was outlined Tuesday by the company.

★ ★ ★

Henry Ford II, president, said the program was the first ever undertaken by a major industry which guarantees the secrecy of choice.

He said the purpose is "to exert an influence for good government by broadening the base of participation in politics."

★ ★ ★

Letters explaining the program are being mailed to the company's 103,000 salaried and hourly employes. Accompanying each letter are two envelopes and a contribution form. The employe places his contribution in an inner envelope, and designates on it the party he wishes to receive his donation. He then puts the envelope containing the money into an unmarked larger envelope.

★ ★ ★

The envelopes may be deposited in collection boxes in Ford plants throughout the country. Later the outer envelopes will be opened and the inner envelopes sent sealed to the party designated. The employe's name, if he writes it down at all, will be only on the contribution form inside the sealed inner envelope.

★ ★ ★

The program has the endorsement of the United Auto Workers Union. Ken Bannon, director of the UAW's National Ford Department, said he has written all local union presidents in support of the program.

Current taxes take about 29 cents out of each dollar spent in the United States for the purchase of a new automobile, the industry estimates.

Hot Apple Cheese Bread Fragrant and Delicious

Here is a hot bread so good you'll be tempted to make a whole meal of it. Certain it is you'll serve it cut in great squares, fresh baked and smelling deliciously of apple, cinnamon and cheese.

★ ★ ★

The bread itself is a good honest loaf, light, close crumbed and tender. But it's the topping that sets this loaf apart. Just before oven time, a fragrant blend of canned apple slices, brown sugar and spices is spread thick over the top. Over that is sprinkled grated cheese, with just enough beaten egg and milk to bind the topping. Last touch . . . poppy seeds. Then into the oven to bake.

Served warm with a hearty meat, fish or chicken salad, or with a thick soup, you have the makin's of a fine satisfying lunch or supper. Or, reheat it in the morning to serve with bacon and eggs. (Now there's a breakfast to send a family on its way rejoicing!) Or, serve it alone at a coffee break.

It's a simple bread to make. Just plan ahead so that it will have the time to rise that all yeast breads demand. Worth the extra time, though. Just try it and see.

Apple Cheese Hot Bread

1 package dry yeast
¼ cup lukewarm water
¾ cup milk
2 tablespoons butter
2 tablespoons sugar
1 teaspoon salt
2½ cups sifted all-purpose flour
1 cup (1 can) sliced apples
½ cup brown sugar
1 teaspoon cinnamon
¼ teaspoon nutmeg
¼ teaspoon cloves
2 cups grated sharp cheddar cheese
1 egg
¼ cup milk
2 teaspoons poppy seeds

Dissolve yeast in lukewarm water. Scald ¾ cup milk; add butter, sugar and salt. Stir until butter is melted. Cool to lukewarm; add yeast. Add to flour and mix to a dough. Knead on floured board about 3-4 minutes.

Place in greased bowl; cover. Let rise in warm place until double in bulk. Press out dough into greased 13"x9"x2" pan. Cover; let rise until double in bulk.

Combine apples, brown sugar, cinnamon, nutmeg and cloves. Simmer 5-8 minutes until most of the liquid has evaporated. Cool. Carefully spoon over dough. Sprinkle with cheese. Beat egg; add ¼ cup milk. Spoon over cheese. Sprinkle with poppy seeds.

★ ★ ★

Bake in hot oven 400 degrees, 30-35 minutes, or until done. Serve warm. Makes 18 servings.

All spring planting should be timed according to the date when killing frost ends in your locality. Veteran gardeners can tell you this, better than the weather bureau.

Be Daring! Cheese Will Better Eggs

The statistics, too, bear out the feeling that Spring and cottage cheese go hand in hand. The Department of Agriculture says that as Winter gives way to Spring, there's a jump in output of cottage cheese, and it continues into early summer. The numbers also show that as a nation we're eating more and more cottage cheese each year, and today we eat at least twice as much per person as we did 10 years ago.

★ ★ ★

You're probably accustomed to using cottage cheese in salads, combined with fruits or with green vegetables. But cottage cheese makes a welcome addition to some hot dishes, too.

For example, next time you scramble eggs, have some cottage cheese handy, about one-quarter cup of cottage cheese for each two eggs. Scramble the eggs as usual, and just as the eggs have thickened, mix in some cottage cheese. Serve at once, perhaps on toast, and you have a main course that's hearty, hot, nourishing but light as Springtime itself.

Elegant Prune Dessert

A dessert elegant but simple is prunes plumped in sherry and served with a plop of sweet whipped cream. And prunes will always be ready for this happy serving if kept on hand plumping in sherry in a crock or in one of the new Sunshine Jars.

Canned Clams Used in Old World Soup

A hearty soup put together in jigtime for a short-order cook.

Quick Clam Cream Soup

2 cans (10 ounces each) vichyssoise soup (ready-to-eat style)
1 can (7½ ounces) minced clams
4 slices bacon
½ cup thinly sliced scallions (some green tops included)
Salt
Pepper

★ ★ ★

Turn soup into a medium-sized saucepan; add liquid from clams; reserve drained clams. Heat soup gently, whisking several times, but do not boil. Meanwhile cook bacon in a skillet until crisp; remove to absorbent paper to drain; crumble. To bacon fat in skillet add scallions and brown lightly; remove with slotted spoon; add scallions to soup with drained clams and crumbled bacon. Reheat but do not boil. Add salt and pepper to taste. Makes 4 servings.

OK to Cook Frozen Meat Without First Defrosting

Frozen meat may be defrosted before or during cooking. The method of defrosting does not noticeably affect the flavor, tenderness or juiciness of the meat cuts.

★ ★ ★

All meats, fresh or frozen, should be cooked at low to moderate oven temperatures (300 degrees F. to 350 degrees F.). Defrosted meats are cooked by the same methods as fresh meats.

'Fit for a King' Describes Lamb Shoulder Roast

Lamb doesn't have to be bland. You can turn it into a royal fare by perking up its flavor in all sorts of ways.

Try this delicious lamb shoulder recipe to surprise your family and friends. Pre-oven seasoning with garlic, sugar, ginger, cloves, and vinegar gives the lamb shoulder a flavor that is strictly in the gourmet class.

Top off this dinner treat by serving mint sauce as an accompaniment.

Lamb Shoulder

1 4-to-5-pound lamb shoulder, boned
1 cut clove of garlic
¼ cup sugar
1 tablespoon vinegar
¼ teaspoon ginger
¼ teaspoon ground cloves
Salt
Pepper

Rub the cut clove of garlic over the skin-side of the lamb shoulder. Cut through the skin lightly to form small squares. Combine sugar, vinegar, ginger, and ground cloves and spread over surface of lamp, patting the mixture into the cuts. Sprinkle shoulder with salt and pepper and place on rack in shallow baking pan.

★ ★ ★

Roast in moderately slow oven, 325 degrees F., about 30 minutes per pound or to 175 degrees F. for medium and about 35 minutes per pound, or to 180 degrees F. for well done. Yield: About 8 servings.

Mint Sauce

½ cup vinegar
2 cup powdered sugar
½ to ⅔ cup mint leaves, chopped

★ ★ ★

Heat vinegar and powdered sugar. Pour over finely chopped mint leaves. Let stand 1 hour or more. Serve cool.

Almonds for Asparagus

Enjoy plentiful supplies of fresh asparagus with a savory butter sauce like this one, saute ¼ cup slivered almonds in ⅓ cup (1 stick) butter. When lightly browned, add ½ teaspoon salt, 2 teaspoons lemon juice and 2 tablespoons grated cucumber. Serve over hot asparagus spears.

Coffee Quick Bread an Unusual Loaf

It's easy to enjoy warm breads for breakfast often. Coffee Spice Loaf Bread is a quick trick of the kitchen that takes only minutes to prepare. Why not give it a try? Serve it warm with lots of butter or margarine to perk up early morning appetites.

To make 1 Coffee Spice Loaf, sift together 2 cups sifted enriched flour, 1 tablespoon baking powder, 1 teaspoon salt, 1 teaspoon cinnamon, ¼ teaspoon ground cloves and ½ teaspoon allspice. Cream together ¼ cup shortening and ¾ cup sugar until light and fluffy. Add 2 beaten eggs and beat well. Add flour mixture to creamed mixture alternately with ¾ cup strong coffee beverage. Bake in greased 5¼x9½-inch loaf pan in moderate oven (375 degrees F.) 40 to 45 minutes.

Drink Milk, Grandma, You Need More Food

NEW YORK (UPI) — Some "senior citizens" don't eat enough, reports the Nutrition Institute, which fosters research on the science of nutrition.

A government survey shows that persons over 60 tend to eat too few foods containing protein, iron and the B vitamins, niacin and thiamine, found in dairy products, meat, poultry, and fish. Inadequate consumption of fruit and vegetables also causes deficiencies of vitamins A and C prevalent among older persons.

Area Music Group Sets Member Drive

A festive kickoff luncheon will open Waterford Township Civic Music Assn.'s membership drive Thursday at the Community Center, according to Mrs. Lyndon Salathiel. The affair is set for noon to 1 p.m.

Besides the regular workers already contacted, anyone interested in promoting musical culture both in the township area and other communities, is invited to attend the luncheon.

Participants will receive instructions on registering new members, and will be given complete music packets for demonstration purposes.

Board members have selected a list of prospective artists available for next year's programs. These include William Warfield, baritone; Whittemore & Lowe, pianists; the Rondoliers, a male trio; and dance artists Goya & Matteo.

Organist Richard Leibert, pianist Amparo Iturbi, the New Amsterdam stringed trio and satirist - pianist George Ferer along with "The Littlest Circus", and Paul Draper, tap and modern ballet artist are among prospective artists for the series.

Cellist Leonard Rose, Davis Cunningham, tenor, and Svet Lova, prima ballerina complete the list.

* * *

Several numbers from the Broadway show "Oklahoma" will be presented by members of the Waterford Township High School Chorus, under the direction of Richard Meier. The musical show which has been scheduled for Thursday, Friday and Saturday at the high school will be presented by the full choruses of the school.

Civic Music's membership drive is set for one week only May 9-14.

Season tickets are available through any member. They may also be obtained by sending a $7.50 check for adults, or $4 for students, to the civic music association.

No single tickets will be sold the night of any concert.

Mothers of Twins Help Form Local Chapter

'Transatlantic Brides' Catch On Here

By MADELEINE DOEREN

Reduced rates to the British Isles and friendly visits with one's countrywomen are a few of the advantages of membership in the Transatlantic Brides' and Parents' Assn.

* * *

Subscription to the club magazine "Together Again" and the annual membership fee provide a "kitty" for chartered flights or boat trips "home."

Michigan now has the highest membership in TBPA, with North Carolina running a close second.

Pontiac area mothers of twin sons read about each other in a recent issue of the periodical. With Mrs. Dale Baumgardner, they became charter members of the Pontiac chapter. Each entertains the other members in her home once a month.

One of the mothers Mrs. Steven M. Strzelecki of Tilmor street, Waterford Township, youngest of 18 children, was born in London.

She came to Detroit to work in a bank in 1953. In 1956, she married her brother-in-law's nephew, just returned from Korea. She heard about TBPA through her sister Mrs. Joseph Haines of Wyandotte, war bride of World War II.

Her three-year-old twin sons are Michael and Matthew. Another son, Steven, is 18 months.

* * *

Mrs. Baumgardner, born in South Wales, met her husband in England in 1951, and came to America the next year. They were married in Pontiac in 1953. They have a six-year-old daughter, Susan; a son, Dale, is five. Her husband is employed at the Fisher Body plant in Grand Blanc.

Through her brother who worked at Kingsley Inn, Mrs. Baumgardner heard about TBPA. He, in turn, heard about the organization through Mrs. Phillip Hicks of Tangent Drive, Waterford Township, who works evenings at the Inn.

Mrs. Hicks met her husband in 1952 while he was stationed with the Air Force near London. They were married the next year and came to Highland with their three-month-old daughter Julia. Mr. Hicks is a civilian mechanic at Selfridge Field.

* * *

Four area women from the British Isles have responded to a recent advertisement placed in "Together Again" by Mrs. Baumgardner. A postal membership is available to those who are unable to attend meetings.

Planning a Pontiac branch of the Transatlantic Brides and Parents Assn. is Mrs. Steven M. Strzelecki, left, of Tilmor street, Waterford. Joining her in a "spot of tea" are Mrs. Dale Baumgardner of Clarkston and Mrs. Phillip Hicks of Tangent drive, Waterford. Only women born in the British Isles are eligible for membership.

Don't Move Away, Says Abby

She's Plagued by Family Secrets

By ABIGAIL VAN BUREN

DEAR ABBY: In a fit of depression I told my sister-in-law a lot of personal things that were troubling me. Now I wish I had kept my mouth shut.

ABBY

There were other people involved (men); some are in the family and some are not.

My sister-in-law is not exactly a gossip but occasionally she lets things "slip out." I have been worried sick over it. When I see some of my relatives or any of the people with whom she is friendly, I have the feeling that they know all about me.

My husband travels and he could just as easily work out of another city. Should I ask him to put in for a transfer?

BLABBERMOUTH

DEAR BLABBERMOUTH: Don't ask your husband to put in for a transfer unless you are prepared to give him a good reason. You would probably be wise to try to put the whole unfortunate incident out of your mind and stay where you are.

* * *

DEAR ABBY: Our 12-year-old son has taken accordion lessons for four years and is quite a good little musician. The problem is this:

When we have guests his father insists that he play for them. The boy does it willingly but if he should make a mistake, his father shouts and humiliates him until the tears fall. The guests are ill at ease and I get sick inside.

My husband says if the boy practiced more he would make fewer mistakes. But I know he makes mistakes because he is frightened to death of his father.

The child is ready to give up the accordion and I don't blame him. Can you offer some helpful advice?

SYMPATHETIC MOTHER

DEAR MOTHER: There is more involved here than accordion lessons. Your husband's lack of patience and understanding is tragic. Have the accordion teacher tell Father that public criticism does more harm than good. If he can't keep quiet while the boy plays, he should either leave the room or quit asking the boy to entertain the guests.

* * *

DEAR ABBY: A person who is very close to me is now 55 years old. He was recently sent to prison for 15 years. Can he draw his Social Security while he is in prison or not?

MUST KNOW

DEAR MUST: Social Security benefits to an otherwise qualified person ARE paid while the person is a prison inmate. The checks are mailed in care of the prison. (Of course there may be prison rules with respect to disposition of checks received by inmates.)

* * *

CONFIDENTIAL TO "IN DUTCH": Someone once said, "A man is a fool to put anything in writing if he knows how to talk. And he shouldn't talk if he is able to nod or shake his head."

* * *

"What's your problem?" Write to Abby in care of this paper. For a personal reply, enclose a stamped, self-addressed envelope.

* * *

For Abby's pamphlet, "What Teenagers Want to Know," send 25 cents and a large, self-addressed, stamped envelope in care of The Pontiac Press.

A money making affair is Eastern Junior High School's "Fun Nite" scheduled for Tuesday evening at the school. Anticipating all the projects their profits will buy are Mrs. George Gaches, at left, of Moreland avenue, president; and Mrs. Marvin McVicar of Raeburn street.

Charles Butler, right, of Ferry street, game room chairman of the Fair, checks a skill game with student Joseph Gonzales of Midway avenue.

Tuesday Is Fun-Nite at Eastern

Parents, teachers and students at Eastern Junior High School will gather for "Fun-Nite" Tuesday at the school.

Games with prizes, talent shows, movies, refreshments and a white elephant sale are on the agenda.

* * *

Mrs. Marvin McVicar is general chairman, assisted by Mrs. George Gaches, kitchen; Mrs. Eric Kretchmar, dining room; Mr. and Mrs. Charles Butler, game room; Mrs. Kyle Wharff, baked goods; Margaret Snyder and William Sumner, talent show.

Teachers will be in charge of movies. Ronald Kasher is handling the pop and potato chip booth and Mrs. Raymond Ellsworth is publicity chairman.

Cardigan Tops

(UPI) — In sweaters for spring, the cropped classic cardigan continues as a headliner. There's also a trend to tunic-length sweaters. The new bulkies — wool and orlon — feature lighter weight and lacier knits.

Area Churchwomen Set May Breakfast Friday

The Fellowship of Church Women of Waterford Township will conduct a May breakfast Friday from 9:30 to 11:30 a.m.

Hostesses for the affair are women of the Lakeland Presbyterian Church. Lutheran Church of the Ascension women are cohostesses.

The Rev. Roy Lambert will moderate a panel discussion on "Church Vocations for Women."

Panelists from various area churches will be the Rev. Robert Adams, parish ministry; Charlotte Baird, parish worker; the Rev. William LaFountain, special ministry; and the Rev. B. W. Lanpher, mission field.

* * *

Devotions will be by Mrs. Donald Andrews. Mrs. Raymond Grambau will be in charge of music.

Reservations may be made by contacting church women's group presidents or Mrs. William Bergemann of Drayton Plains.

An offering will be taken to help defray breakfast expenses. A nursery will be provided.

Get More Sun

(UPI) — Active summer playclothes make the most of sun. Brief togs expose midriffs. Backs are exposed as halter necklines, deep V's and low-scooped tank tops become more popular. Modified bikini's are in the parade of two-piece swim suits.

Be Vague on Gifts You Want

By EMILY POST

Dear Mrs. Post: When people ask me what I would like for a wedding present, is it proper to give them a direct answer by telling them what I really need or should I answer casually by saying, "We could use almost anything." My fiance thinks it is correct to tell people what I want and says that they wouldn't ask me if they didn't want to know.

I find it embarrassing to mention a specific item as I do not know what people can afford to spend and if I do say something definite they might feel obliged to give it to me.

Answer: With no idea of what they want to spend, I think your own suggested answer is perfect, or you might perhaps name several items varying in price from the inexpensive on up to the expensive.

★ ★ ★

Dear Mrs. Post: Would it be proper for me to go to a dinner party dressed in a business suit when all the other men will be wearing dinner coats? This is the situation: I received an invitation to a dinner party at a private club. The invitation stipulates "Black Tie." However, I am only visiting in this city and did not bring evening clothes with me. Must I decline the invitation because of this?

Answer: I would say that a dark blue business suit with dark blue bow tie would be permissible with men who are wearing tuxedos, but it would be best to telephone your host (or hostess) explaining your predicament and ask for his (or her) approval.

★ ★ ★

Dear Mrs. Post: I have invited a girl to go to my senior prom. We will be wearing evening clothes. I would like to know if it is necessary to take a taxi to the place where the dance is being held, or could we go on the subway? My family does not have a car. I have been told that it is not proper to travel o nthe subway, or bus, when dressed in evening clothes.

Answer: If you can't afford to take a taxi, certainly go on the subway. It is neither improper nor unusual.

Opens Lid to Glamor

Nothing Tops a New Hat

By JOSEPHINE LOWMAN

There's nothing like a woman and a hat!

The present fashion of going hatless much of the time is comfortable and practical in many instances, but nothing adds more glamor than a glamorous hat.

Also, a new hat is a time-tested source of comfort and encouragement to a woman. Nothing seems quite so bad when one is wearing a new bonnet!

Actually, there are general rules to remember when selecting a hat just as there are when choosing a hairdo.

WORKS BOTH WAYS

The hat you wear can be as flattering or as unbecoming as the way you wear your hair or apply your makeup can be.

Here is some help. If your face is round, you should have hats with some height but they should not be too narrow.

If your face is long, you can wear hats with large brims. Rounded crowns are good for you. Avoid slanting up-and-down lines. Buy hats with straight-across-the-head lines.

★ ★ ★

If you have a large nose, a wide brim will be flattering. If you have a receding chin, avoid large brims.

The "picture hat" or large-brimmed hat is most appealing, especially to men. However, these are not for all womankind.

The very short woman or the overweight woman appears mashed down by a big hat, and as I have already said, the woman who has a receding chin should pass these by.

DON'T MISS FUN

It is very pleasant in the summertime to go to the swankiest spots with gloves but without a hat, and when traveling it is a relief not to drag along hat boxes.

But don't miss the fun and comfort and beauty which the right hat can give you!

Tomorrow: "Though Over 40, You Still Can Improve Your Figure."

Leftover cooked rice in the house? Mix it with well-drained canned tomatoes, sprinkle with plenty of grated cheese and heat in the oven.

A new hat is a time-tested source of comfort and encouragement to a woman.

California Woman Wins Mother Title

NEW YORK (UPI)—Mrs. Emerald Lucy Barman Arbogast, of Los Angeles, was named today the 1960 American Mother of the Year.

Mrs. Arbogast is the mother of six, grandmother of 10 and great-grandmother of four.

She was chosen by a national jury of the American Mother Committee, Inc., who selected her from those who previously had been named state mothers of the year.

★ ★ ★

Mrs. Arbogast, of 3212 Highland View Ave., was born in Chehalis, Wash., in 1888 and her family moved to California in her younger years.

Mrs. Arbogast's youngest child was retarded and she spent years helping him develop. She also reached out to help others with similar problems. She organized the Exceptional Children's Foundation and established the York Boulevard School for Retarded Boys Inc.

She will be honored with the 1960 mothers from the states at a luncheon on Friday at the Waldorf-Astoria Hotel.

Pick Secretary of Year

Pontioak Chapter of National Secretaries Assn., International, celebrated Secretaries Day at a dinner in Hotel Waldron.

Chairman Mrs. John Duncan presented Oakland County Secretary of the Year Mrs. Kay Rector, secretary to Luke Little, president of Ted's Restaurant, Inc.

In a Mexican theme, Dora Huron and Juan Fonseca and company presented several Mexican dances and songs. A fashion show with colorful Mexican costumes also was featured.

Secretaries Week was initiated nine years ago. Local secretaries of the Year will compete for the national title during the annual NSA convention in Pittsburgh July 20-23.

President Mrs. Roberta Trayer conducted an initiation for Mrs. Jacquelyn Cronkright, Mrs. Kay Tessamer and LaVerne Markelwitz at last week's dinner.

Guests were Mrs. Thurle Riggle, Mary Ellen Kyte, Mrs. Juanita Garner and Judy Johnson.

Maple Leafs Hold Luncheon

Members of the Maple Leaf Club were luncheon guests of Mrs. Dale Moats of West Iroquois road Friday. Assisting the hostess were Mrs. Vivian Tubbs, Mrs. Lawrence Terrien and Mrs. H. T. Rombaugh.

An afternoon of bridge followed planned entertainment. Autobiographies of Mrs. William Bedard of Drayton Plains and Mrs. H. J. Endries were heard.

Past presidents will serve as hostesses at the June 3 luncheon at the home of Mrs. William McClure of Illinois avenue.

Knox Alumni Will Gather

Local alumni of Knox College, Galesburg, Ill., will meet for the annual dinner Friday in the University Club in Detroit.

Reservations have been made by Dr. and Mrs. Kenneth E. Corrigan, the Vincent B. Watkins, Mr. and Mrs. Walter E. Lewis and Dr. and Mrs. Raymond A. Gagliardi, all of Birmingham.

★ ★ ★

Clifford Van Dyke of Birmingham, past president, dinner chairman, will attend with Mrs. Van Dyke.

Mrs. Raymond E. Lyon of Bennington drive, Bloomfield Hills, is alumni secretary.

Group Studies Missionary Endeavors

Twenty-seven members of the Marbach Study Group of First Presbyterian Church met at the Elizabeth Lake home of Mrs. Elmer Barker Thursday.

Mrs. Joseph Edwards of Milford presented a missionary study of churches in Alaska, Puerto Rico and Cuba. Mrs. Kenneth Nagley instructed the group through a study of "The Hymnbook of the Ages" a series that deals with the Psalms. Mrs. Robert C. Irwin gave the history of the ancient Psalms.

Mrs. Robert Anderson presented the new concept of "Faith Giving" which would, presumably, replace other fund-raising projects.

Cohostesses were Mrs. Donald McColl and Mrs. Stephen Napier.

Off-On Worrying Monkey Business

WASHINGTON (UPI) — If you must worry and tie yourself into emotional knots, worry constantly rather than alternate between periods of strain and relaxation.

This conclusion, drawn from animal experiments conducted at the Army's Walter Reed Hospital, is reported in the Delaware Medical Journal. There was an excess of stomach acidity in research monkeys who worried off and on. There was no excess—believed associated with ulcers—when the strain was continuous.

Chairman Mrs. George Totten of Parkdale avenue examines the collection of hand puppets that will be sold at Alcott PTA's Fair on Friday. With her from left are Betty Traweek, 8, of Parkdale avenue; Claudia Combs, 10, of Parcells Circle; and Lucinda Swansey, 11, of Merrimac street.

Looking as model as their planes are 11-year-old Alcott schoolboys from left, Charles Bailey of Meadowlawn drive, Earl Slocum of Stanley avenue and David Lee Perder of Merrimac street with principal Mrs. Lloyd Adams. The boys are excited about the jet plane that will be on display at the Fair.

Alcott School Plans Fair Friday Night

A new and unusual exhibit will lend interest to Alcott School's PTA fair from 5 to 9 p.m. Friday.

On display will be a U.S. Air Force supersonic jet fighter with pilot and an Air Force missile. Arrangements were made through the cooperation of the U.S. Air Force Recruiting Station here.

Novel exhibit room features include a collection of confiscated weapons from Pontiac Police Department and a microwave telephone, courtesy of Michigan Bell Telephone Co., and demonstrated by fifth and sixth grade pupils.

Mrs. George Totten is chairman for the fair which also will include pony and hay rides. Co-chairmen are Mrs. John Couture, Mrs. Harry McCreary and Mrs. Lewis K. Smartt.

Committee heads are Mrs. Charles Calvin, white elephant; Mrs. William Council, game room; Mrs. Ray Black, plants and gifts; Mrs. William Green, bake sale; Mrs. Raymond Wilson and Mrs. Troy Ward, snack bar; Mrs. Walter Schmitz, fish pond; Mrs. Raymond Baumbrass, games; Mrs. Henry Hardy, rummage sale; Mrs. Charles Dean, toys and comics; and Raymond Baumgrass, weight guessing.

Others are Mrs. Robert Pence, pop corn; Mrs. Smartt, pocket lady; Harry McCreary, hay ride; John Couture, pony rides; U.S. Air Force display, Mr. Smartt; Mrs. Theodore Figa and Mrs. John Couture, dinner; and Mrs. Edmond Vaughn, Girl Scouts.

Fish and ham dinners will be served from 5 to 7 p.m.

Candy Stripes

NEW YORK (UPI) — Candy stripes are the newest fashion note in window shades. The stripes are pink, blue, yellow or green on a white background.

They look good with the new, no-iron sheets—that double as summer bedspreads—now available in the same color stripes, the Window Shade Manufacturers Assn., said.

HOW TO CHOOSE YOUR SWIM SUIT

First of all, shop the magazines . . . find out what is new in line, color and material.

Never buy a suit without trying it on. Even though it is a chore, it's worth while to avoid a costly mistake.

If yours is the habit of "living" in your swim suit all day long at the lake, then be sure to learn one cotton suit with no stays.

In spite of fashion's newest fad avoid two piece suits unless you have an excellent figure. White doesn't fade quickly but it will not do the slimming job that red or dark colors do.

Roll Bacon Inside Steak, Brown, Then Simmer

By JANET ODELL
Pontiac Press Home Editor

With lower prices prevailing on round steak in a number of stores this week, Mrs. Roland Diemer's recipe for Rouladen should be welcome.

★ ★ ★

Our one encounter with this charming lady was all too short. Her interests include reading, making braided rugs and gardening. In civic activities she was chosen to do publicity for the Pontiac Symphony and to help a new church get started.

ROULADEN
By Mrs. Roland Diemer

Round or sirloin steak
Bacon
Garlic

Cut meat into strips 1¼ inches wide and roll or pound very thin. Roll each strip around a slice of bacon. Add a touch of garlic and seasonings as desired. Tie tightly.

Brown in hot fat until surface of meat is crusty. Add enough water to cover and simmer at least 2 hours. Thicken the rich brown gravy.

The Diemers always have Rouladen with boiled noodles and German potato salad.

Party Honors Mrs. Geiger

Mrs. Ronald Geiger of Dwight avenue was honored at a stork shower Friday evening at the home of Mrs. George Alexander of North Johnson avenue.

Guests were Mrs. Eugene Calhoun, Mrs. Peter Geiger, Mrs. Clyde House, Margaret Wilmot, Mrs. Ronald Drake, Mrs. Norman Featherstone, Mrs. Wayne Nealis, Mrs. Roger Pomeroy, Mrs. Francis Mapley, Mrs. Allen Cline.

Club Slates Floral Event

Flower arrangements by Mrs. Parker Rockwell, Mrs. Alfred Spengeman and Mrs. William Fryer will be featured at Monday's luncheon meeting of the Green Lake Women's Club, according to Program Chairman Mrs. Albert Stanker.

The affair is set for 12:30 p.m. at the Community House.

Hostess will be Mrs. Alexander Ferguson, chairman, Mrs. Carl Nakkula, Mrs. Paul Terry, Mrs. Donald Beyreis and Mrs. William David.

Florida still has large wilderness areas where hunters find black bears, panthers and alligators.

Shampoo Tips

(NEA) — It's wise precaution to shampoo your hair immediately after a shopping expedition during which you've tried on hats that others have tried on before you.

Couple Speaks Vows in Oxbow Lake Church

Reception at West Acres Club House, Orchard Lake, followed Saturday nuptials of Donna Jean Dallman and Bayard Lee Stanaback of Clarkston in Cedar Crest Lutheran Church, Oxbow Lake.

The Rev. Howard E. Claycombe read the ceremony before an altar banked with white snapdragons, gladioli and chrysanthemums.

The Carl George Dallmans of Elizabeth Lake road are parents of the bride. The bridegroom is the son of the late Mr. and Mrs. Bayard P. Stanaback of Lake Orion.

★ ★ ★

Schiefli embroidery enhanced the front of the bridal gown of white nylon sheer. The fitted basque waist featured a scalloped square neckline and short sleeves. Net gloves were worn.

★ ★ ★

The fingertip veil of silk illusion was held by a flowered crown. The bride held a hand cascade of rosemealias.

Pink net hats and pink shoes complemented dresses of pink embroidered silk organza worn by the attendants.

Honor matron, Mrs. Francine Gidcumb, carried white carnations and pink roses. Flowers for the bridesmaid, Mrs. Edward Erickson, were pink carnations and white roses.

★ ★ ★

Suzie Dean, in pink embroidered organza and pink hat, was the flower girl.

The bride's brother, Sp. 4 Carl G. Dallman of Fort Knox, Ky., was best man. Donald Christ and John Pierce ushered.

★ ★ ★

To begin the honeymoon trip to the Pocono Mountains in Pennsylvania, the new Mrs. Stanaback changed to a red and gray knitted two-piece dress, worn with red accessories. On their return, the couple will live in Waterford Township.

MRS. BAYARD L. STANABACK

For her daughter's wedding, Mrs. Dallman chose a blue floral nylon print, royal blue accessories and blue feathered hat. Her corsage was a white orchid.

SHOES THAT DOCTORS PRESCRIBE FOR CHILDREN!

Here at Stapp's we carry these shoes in stock at all times. When your doctor prescribes them, carefully trained shoe fitters accurately fill his prescription and instructions. Above are two of many we have for you when needed.

At left, Sabel Pre-Walker designed to hold the foot exactly in the position desired. Made to adapt to a split easily. Made to give the child comfort without strain during the prescribed wearing period.

Right above, Our Sabel Surgical Shoe. Open to assure the foot is held correctly as desired with the heel seated well into the shoe. Made to give a closer fit. Made to give the wearer smooth comfort during the formative period. Strap assures positioning of the heel at all times.

When splints are required, ask about our plan, we think it very fair.

Higher Edison Profit Foreseen

President Cisler Tells of $70 Million Plan for 1960 Construction

NEW YORK (UPI)—Detroit Edison Co. profit should push steadily higher during the next few years, President Walker L. Cisler told the annual meeting Monday.

"With revenues continuing their uptrend and with construction expenditures and related fixed costs holding at a comparatively low level," Cisler said, earnings in "the next few years may be expected to show further improvement."

In the first quarter of 1960, Detroit Edison hiked profit to $11,604,017 or 81 cents a share, from the $10,230,901, or 73 cents a share, a year earlier.

Cisler said the utility plans to spend 70 million dollars on construction this year, up from 59 millions in 1959. But he estimated construction spending will average 50 millions annually during the next five years, down from the average of 75 millions spent during the past decade.

Detroit Edison has one generating unit, with a rating of 325,000 kilowatts, under construction.

"With this addition," Cisler said, "our reserve margin will be adequate through the next few years even though our electric power load is increasing steadily each year."

Cisler noted Detroit Edison's service area of Southeastern Michigan is growing rapidly. He said the population, according to Census Bureau estimates, is expected to expand by 20 per cent in the next decade against the 16 per cent increase projected for the nation.

"This growth trend, coupled with increasing industrial diversification and nonmanufacturing activities . . . is most promising," Cisler said.

The utility executive added that Detroit Edison has cut costs by about five million dollars a year through a new system of plant maintenance.

Judge's Brother Buried

DETROIT (UPI)—Funeral service was held Tuesday afternoon for Saul R. Levin, brother of Federal Judge Theodore Levin. He died yesterday in Harper Hospital at the age of 62. Levin was a member of the State Corrections Commission and several bar associations. He was a partner in a Detroit law firm.

Bette Davis-Gary Merrill Marriage Rift Reported

HOLLYWOOD (UPI) — Actress Bette Davis and actor Gary Merrill have separated, friends reported today.

The couple is booked to open in "The World of Carl Sandburg" in New York's Henry Miller Theater Sept. 12.

Friends said Miss Davis and Merrill met in Hollywood Sunday night after returning from a run of their show in San Francisco in an attempt to work out a reconciliation, but failed.

The couple has two adopted children. Miss Davis has a daughter by a previous marriage.

Tobacco Bootlegging Not Noticeable Yet

LANSING (UPI) — It will be two or three months before any major bootlegging operations in cigars and tobacco will be noticeable, State Revenue Commissioner Clarence Lock said today.

Lock said many merchants laid in large inventories of tobacco and cigars before the new Michigan levy on these products went into effect Jan. 1 and only in the last 30 days or so have these stocks been depleted.

"We've had a few reports of small bootlegging, that is people bringing a few boxes of cigars from out of state to their neighbors and friends, but nothing, any, bigger than that," Lock said.

"I don't think we've had a fair test on whether the new taxes will bring bootlegging. We should know ing goods from Ohio where the

Lock said there wouldn't be much profit for bootleggers bringing goods from Ohio wher the cigarette tax is only a cent less per pack than Michigan's six cents. North Carolina is the closest state with no taxes.

HIS FARM SOLD AT AUCTION — Farmer Ralph Shinaberry leans on a fence post on his 150-acre farm near Hillsdale, a part of which was sold at auction Tuesday to satisfy a county tax claim. Shinaberry has refused to pay a government penalty for planting one acre of wheat too much in 1957. He said if the government wanted to run his farm, then let it pay the taxes. However, his friends came to the rescue, bought a portion of his farm, but do not intend to hold or keep it.

Safety Commission Objects

Legion Police Aid Scorned

LANSING (UPI)—A suggestion that uniformed Legionnaires ride with state troopers on highway patrol has received a cobl reception from the State Safety Commission.

★ ★ ★

One dissenter expressed strong disapproval yesterday. The proposal was sent to a study committee without further comment.

★ ★ ★

Joseph Kadans, Detroit attorney and chairman of the State American Legion Safety Committee, suggested Michigan follow the lead of Ohio.

"Uniformed members of the American Legion ride around with the highway patrol there," Kadans explained. "They serve as the right arm of the trooper."

Kadans said the Legion members receive 15 hours of training and help out with first aid or direct traffic after accidents.

★ ★ ★

The Legionnaires are not armed and receive no pay, he said.

★ ★ ★

"The men enjoy doing it and the public seems to think a lot of the idea," he added.

A similar project for Michigan has American Legion support, he said.

Harold Lillie, director of the Greater Lansing Safety Council, raised the dissent.

★ ★ ★

"I'm a firm believer that enforcement is the field of well-trained enforcement officers," Lillie said. "I've never yet seen a program where untrained volunteers didn't cause trouble. You can't train a man for traffic duty in 15 hours."

Truck Hit the Road

HARTFORD, Conn. (UPI)—Unemployment compensation benefits were awarded a driver who quit because his truck had several mechanical failures after being driven 175,000 miles. An official ruled that "the law doesn't require anyone to be a hero or foolhardy."

DRURY HONORED — Allen Drury, author of "Advise and Consent," Monday won the 1960 Pulitzer Prize for fiction. The story deals with Washington politics. Drury's book has been a best-seller since its publication last year, has been serialized and sold to the movies and is being prepared for the New York stage.

Developing Portable Dental Kit

DETROIT (UPI — Michigan's organized dentists are making plans to help older people who have tooth problems but are unable to visit a dentist's office.

★ ★ ★

Dr. A. C. Pringle, chairman of the dental section of the Joint Council for Better Health Care for the Aged, said an emergency service is being organized and equipped.

"We are developing an experimental dental kit, which will weigh under 35 pounds and be of suitcase size but which will be equipped to handle any emergency situation," Dr. Pringle said.

The joint council represents the Michigan State Dental Assn. which is holding its 103rd annual meeting in Detroit this week, the Michigan State Medical Society, Michigan State Hospital Assn., and Michigan State Nursing Home Assn.

★ ★ ★

Dr. Forest McGuigan of Dearborn, also a dental member, said a survey showed that 6 per cent of aged persons confined by illness to their homes need dental care, while 12 per cent of those in hospitals and nursing homes need dental help.

Adrian Man to Help Bagwell Campaign

LANSING (UPI—Robert H. Perry of Adrian will be state campaign coordinator of the run by Paul D. Bagwell as a Republican candidate for governor.

Perry resigned from the Adrian City Council and will take a six month leave from his post as supervisor for personnel and public relations of the Bridgeport Brass Co. of Adrian.

Perry, 38, is a 1943 graduate of Albion College. He is a former city hall and court reporter for the Adrian Telegram and former manager of the Adrian Chamber of Commerce.

★ ★ ★

He also has been a member of the Lenawee County Board of Supervisors and chairman of the county "Bagwell for Governor" campaign.

Church Growth Behind Nation

Methodist Membership Gains at Record Pace, but Shrinks Over-All

DENVER, Colo. (AP)—Methodist ministers are better educated than ever before. Church publishing and educational work are at a peak. Membership gains are double that of any past period in history. But in the national perspective, the Church is shrinking.

★ ★ ★

That was the paradoxical set of facts put before the quadrennial Methodist General Conference today. The denomination is growing at a record clip, but the country's population is growing faster.

★ ★ ★

The evangelism board, headed by Bishop W. Angie Smith of Oklahoma City, reported that membership gains for the past four years totaled 502,181, twice as many as in the previous quadrennium, to bring the total to 9,815,459.

★ ★ ★

But while that increase was 1.3 per cent, the nation's population went up 1.7 per cent.

One thing wrong, the report said, is that too many old members are dropping out as new ones come in.

Manistee Unit Helping Boat Firm in Shuffle

MANISTEE (AP) — Century Boat Co. has accepted a sales negotiation offer by Manistee Industrial Development Corp. aimed at keeping the boat firm in the Manistee area.

★ ★ ★

The development unit seeks to negotiate the sale of Century's three Manistee plants with proceeds going to the boat builder for construction of a single new plant to provide more efficient production.

★ ★ ★

Buel B. Nave, Century vice president and general manager, said if the plants can not be sold through Manistee interests, the firm will move elsewhere. Appraised value of the present plants has been set at $255,000.

Dietrich a Triumph in Berlin

BERLIN (AP) — Acclaim for Marlene Dietrich stretched today from the most conservative West Berlin newspaper to the official Communist news agency.

"Marlene's Triumph" headlined Der Tagesspiegel, the city's soberest morning newspaper. "Fascinating Alte" said ADN, the Communist East German news agency.

★ ★ ★

The glamorous grandma Tuesday night made her first appearance in Berlin in 31 years and was called back for two encores and 11 curtain calls. Mayor Willy Brandt stood up and led the applause when she sang "I Still Have a Trunk in Berlin," a local favorite.

The 1,800-seat theater was about three-fourths full. The high prices — $23.80 tops — generally were blamed.

First announcements that Dietrich finally was returning to Germany brought letters to Berlin papers criticizing her because she had appeared in West Germany in the last days of the war with the conquering Allied troops. But there was only token opposition to her Tuesday night.

★ ★ ★

Before the performance, two men carried signs outside the theater reading "Marlene Go Home" in German and English. As the audience emerged, about 20 young men chanted "Marlene, get out of Germany." Admirers in the street crowd of about 300 drowned them out with "Marlene! Marlene!"

Prince Likes to Hunt, Has Plans for Trophies

JUNEAU, Alaska (UPI) — The half brother of the Shah of Iran, Prince Abdol Reza Pahlavi, plans to visit Alaska this summer on a hunting and sightseeing trip.

★ ★ ★

Prince Pahlavi is president of the Game Council of Iran and plans to turn any trophies over to the council for its museum. Besides Alaska, the prince tentatively plans hunting trips to Idaho, Montana, Nevada and Wyoming. He hopes to collect the heads of desert sheep, big-horn sheep, elk, mule deer, buffalo and antelope.

HE MOVES UP — Marshal M. V. Zakharov, 62, former commander of Soviet troops in East Germany, is the new chief of the general staff for the Soviet army and navy. He has replaced Marshal V. D. MSU Faculty Slaps Hannah Over ROTC

EAST LANSING (AP)—A Michigan State University faculty group has censured MSU President John L. Hannah for failure to support the faculty in the controversy over compulsory military training (ROTC).

★ ★ ★

Hannah declined comment on the censure by the MSU chapter of the American Assn. of University Professors (AAUP) which also criticized the school's board of trustees for overriding faculty sentiment on the ROTC question.

The action took place at the chapter's regular quarterly meeting, Prof. M. Ray Denny reported last night. Denny, a professor of psychology, is president of the group which claims 380 members.

In February, the MSU academic senate—made up of some 1,000 faculty members—voted 400 to 248 in favor of abolishing the school's 13-year-old program of compulsory ROTC for freshmen and sophomores. An academic senate vote usually serves as a strong recommendation to the trustees.

However, the trustees voted 4-3 last month to retain the compulsory program, although ordering a survey of ROTC curriculum with a view toward possible revision. Hannah took no stand.

Decision Split on Archie Moore in Huck Movie

HOLLYWOOD. (AP) — Archie Moore got a split decision from the critics Tuesday in reviews of his debut as a movie actor.

The light heavyweight champion played Jim, a runaway slave, in "The Adventures of Huckleberry Finn."

Daily Variety panned the movie but said of Moore:

"On the brighter side of the ledger . . . there is Moore, the light heavyweight champion of the world, who brings the story its only moments of real warmth and tenderness. Seemingly a little ill-at-ease in the early rounds, Moore grows stronger as the contest moves along and scores a knockout in the last round, his poetic parting with Huck."

Proper Preparation Prevents Peeling

An unpopular sight which often greets home handymen in the spring is peeling paint on window frames, siding, or shutters. Home craftsmen are warned not to pile new paint over such rough, peeling spots until they have removed the old paint.

Your refinishing job will last much longer if you first smooth the area with your portable electric sander, wipe the surface clean, then apply the new coats of paint. Power sanding blends the peeled surface with surrounding sections that still retain their solid paint coat.

It's an accumulation of two or more paint jobs improperly applied that usually causes the surface to ripple, chip, and peel, and the problem is only compounded if rough areas aren't smoothened.

Marietta, Ohio, was a river boat building center during the early 1800s.

Living Together —Separately

CAMBRIDGE, Mass. (UPI)—'Home' to Mr. and Mrs. Don Byron is two separate four-room houses, one in back of the other.

A real estate man, Byron writes as a hobby and he finds one of the two houses, containing a studio, an ideal retreat.

His wife, Mary, goes to the studio house when she wants to practice the piano without interruption from their two small children.

"Mary and I call it partial togetherness," said Byron.

Said Mrs. Byron: "It's heavenly."

A Word From the Wise Is Sufficient, Miss

SIOUX FALLS, S. D. (UPI)—Twelve-year-old Barbara Brown was disturbed when she remembered she had forgotten to put a stamp on a letter. It didn't matter.

* * *

Barbara had written "God bless our postman" across the envelope and the post office stamped it for her.

One of three persons who dies of heart disease is under age 60.

'God Beholds Not the Externals'

Few Complaints About Church Dress

NEW YORK (UPI) — How well do people dress for church? Do they still wear their "Sunday best" to worship?

How do clergymen feel about confronting congregations in sports clothes?

The American Institute of Mens' and Boys' Wear recently polled some 200 priests, ministers and rabbis in the New York area and found that three out of four have few if any complaints about church dress.

In fact, a number of clergymen expressed regret that people are overly conscious of their church-going clothing.

Said the Revs. George D. Younger and Rosenwald C. Robertson of Mariners' Temple Baptist Church:

"We feel strongly that the concept of 'Sunday best' is a travesty on the Christian gospel. God beholds not the externals but the hearts.

* * *

"We are working with all our might to convince people that it does not matter how they dress when they come to church, so long as they will come."

NEAT, CLEAN

"People should feel that they must be neat and clean when they come to church," said the Rev. Bradford W. Ketchum of St. John's Episcopal Church, Pleasantville, "but they should not be clothes-conscious."

The chief complaints stemmed from the dress — or lack of it— during the simmering summer season now approaching. Chief offenders: Women.

"Warm weather is no excuse for coming to church improperly clothed," said Msgr. Francis Cagnina of the Church of St. Clare in the Bronx.

"Sleeveless and backless dresses are never to be worn in church. Nor should anyone attend mass in shorts.

* * *

"This is a matter of respect to God and to parishoners. We urge the ladies to come to church properly clothed and with reverence and modesty."

Women who dress improperly, added a Manhattan rabbi, should be educated to know "that they should wear long-sleeved dresses to religious services and hats, that decollete dresses are in bad taste."

With men, he said, "ties and jackets should be worn even in warm weather."

"Although God looks at the heart," said the Rev. John A. Gibbs of Alliance Church, Mount Vernon, "it is a sign of reverence and respect to dress properly when attending public worship.

"A wrong idea of God can affect our manners at worship. One church encouraged people to 'come as you are' during the sumer months. Dress for the beach or golf course became dress for worship.

* * *

"This creates a familiarity which takes lightly sacred things. Again a wrong idea of God and of true worship does lead to this lowering of standards."

The clergymen also offered some guideposts for church dress:

"A person who has an audience with a president, a governor or some other great person takes care to look his best," said the Rev. Wesley D. Osborne of Searing Memorial Methodist Church, Albertson, L.I.

"When we are entering into the presence of the Most High, we should make our best appearance."

Go On and Cry, Say Scientists

Tears Brighten Eyes, Protect From Nasal Infections

WASHINGTON — Tears are a very human trait. Of all creatures, only man weeps in moments of grief—or laughter.

Man has long deplored his tears and fought them back. Shakespeare called them "eye-offending brine." Tennyson exclaimed, "Tears, idle tears, I know not what they mean!"

But modern scientists, unlike the poets, have only praise for them. In happy moments, tears wash the eyes and keep them bright. In wretched moments, tears apparently protect the nasal passages from infection.

SUGGESTS THEORY OF TEARS

Certain animals other than man may cry out when in pain, the National Geographic Society says. Chicks peep pitifully, for example. Dogs whimper. But none sheds tears at the same time, and scientists long wondered why man alone does.

Recently the British anthropologist, Ashley Montagu, offered a theory. Like other animals, human infants need to signal their hunger or other discomfort, he said. But until they can talk they have no way of doing it except by wailing, the technique which animal babies quickly replace with the characteristic vocal expression of the species.

Sobbing, by drawing in air, tends to dry out the mucous membranes of the nose so that they no longer secrete mucus, which contains lysozyme, a bacteria-killing enzyme.

Cafeterias were established in New York in 1885 and were for men only.

Cereal Adds Nutrition Bonus to Spring Menu

Who wants to spend the afternoon indoors cooking when soft spring weather makes working in the yard and garden so inviting? Practically no homemaker does. That's why a dinner that can be put together in just a few minutes from the time you doff your garden gloves is a practical choice for this season.

Hawaiian Ham Slices are the entree designed to please spring appetites at scarcely a moment's notice. Prepare them using slices of fully cooked, round boneless ham. Broil the ham slices until the topping of pineapple, brown sugar and ready-to-eat high protein cereal is bubbly and golden.

A prepare-ahead dessert is the answer to the limited time you'll have for getting this dinner on the table. Made the night before or first thing in the morning and then frozen, Chocolate Almond Freeze is both glamorous and nutritious. It contains a ready-to-eat nutrition concentrate which gives a bonus in nutrients essential to good diet and also adds interesting texture to this creamy dessert.

The nutrition concentrate combines the valuable properties of other foods with those of the "great grains." It represents a longtime dream of cereal pioneer W. K. Kellogg, the 100th anniversary of whose birth is celebrated this month.

Coffee Milk

Hawaiian Ham Slices

6 slices fully cooked round, boneless ham, ¼ inch thick
1 cup (9 oz. can) crushed pineapple, drained
1 cup ready-to-eat high protein cereal
½ cup brown sugar, firmly packed

Place ham slices on baking sheet. Spread pineapple to outer edges of ham. Crush ready-to-eat high protein cereal slightly; combine with brown sugar. Sprinkle over pineapple.

Bake in moderate oven (350 degrees) about 15 minutes or until bubbly hot and lightly browned on top. Serve at once. Yield: 6 servings.

Chocolate Almond Freeze

½ cup chocolate syrup
½ cup sweetened condensed milk
1 cup heavy cream
½ teaspoon vanilla flavoring
½ cup ready-to-eat nutrition concentrate
¼ cup toasted, slivered almonds

Combine chocolate syrup, condensed milk, cream, vanilla and ready-to-eat nutrition concentrate. Chill thoroughly. Whip until fluffy and soft peaks form. Spoon into refrigerator tray; freeze. Serve sprinkled with almonds. Yield: 6 servings.

Bread Pudding Gets Spiced Up

Old-fashioned but always good, bread pudding gets a new look with a ginger meringue. And for delicacy and tang, fresh lemon tarts take a prize.

Ginger Meringue Bread Pudding

Combine ¼ cup sugar, ½ teaspoon salt, ½ teaspoon ground ginger, 2 whole eggs; beat only until mixed. Stir in 1 cup cold milk and 2 cups day-old bread cubes. Add 3 cups scalded milk. Pour into a 1½-quart greased casserole.

Place in a baking pan, add hot water to pan to within one inch of top of casserole. Bake in a preheated slow oven (325 degrees F.) 1½ hours, or until knife inserted into center comes out clean. Cool slightly and arrange meringue over top. Serves 6-8.

Meringue

Beat 2 egg whites until they stand in soft peaks. Add one-sixteenth teaspoon salt and 3 tablespoons sugar, 1 tablespoon at a time. Add ¼ teaspoon ground ginger. Spread over pudding. Bake at 300 degrees F. for 15 minutes, or until meringue is lightly browned.

WASHINGTON (UPI)—Rice is the most universally grown and most widely eaten of all cultivated grains, reports the Department of Agriculture.

Wire Popper for Pop-Out at Cook-Out

Here's a modern, new twist on the old-fashioned pop corn popper our grandfathers used in the open fireplace: Take it outdoors and pop corn over your charcoal grill!

It's great fun for the kiddies, for with these old-fashioned wire top poppers they can see the pop corn as it actually explodes.

Follow the same methods you would use to pop corn on your range indoors. Simply add a little cooking oil to cover the bottom of the pan. When the oil is hot, add two or three "test" kernels. As soon as they pop, then put in just enough pop corn to cover the bottom of the pan no more than one-kernel deep. With no wire top popper salt can be added right in the popper as soon as it is popped.

But be sure to use good pop corn . . . pop corn that is hermetically sealed air-tight and moisture proof to avoid disappointing "pops."

Grocers are now offering the old-fashioned pop corn poppers as premiums with popcorn. Get one, have a "pop-out." It's fun!

A Jarring Note

Babies are big eaters. The number of jars of baby food consumed by one baby during his first year is more than 500. Multiply this by the 4¼ million babies born in the U. S. each year and you have more than 2 billion containers.

Fresh Pineapple at Its Best During May

By JANET ODELL
Pontiac Press Home Editor

Columbus not only discovered America, but he also give us the first known account of pineapple. It was on his second voyage to America that he discovered pineapples in the island of Guadaloupe.

How this strange prickly fruit ever got to Hawaii is still a mystery. We are prone to think it a native of our newest state. However, its very name in Hawaiian means "screw pine from a foreign land."

Whatever its history, pineapple is definitely an important part of our diet. We eat it canned twelve months of the year. It is available in the fresh state the year round too, but the peak months are April and May.

What do you look for when you buy pineapple? The fruit both looks and smells clean and wholesome. The eyes are flat and almost hollow. Usually the heaviest fruit is the better quality.

We always amuse people when we tell them to buy female pineapples because they are the best tasting. A female pineapple has a lot of little pineapples growing around the main stalk. When the leaves pull out easily, the fruit is ripe.

Keep pineapple covered in the refrigerator; its fruity aroma may spread to other foods. Keeping an uncut pineapple cool will slow down its ripening action.

It's fun to slice a pineapple in half, cut the meat into wedges or sticks and leave them right in the shell. Let your guests spear them with toothpicks and dunk them in powdered sugar. Sugar takes the curse off the acid taste which makes your tongue hurt.

Have you ever served fresh pineapple mousse? It will bring a breath of spring to your meal.

Fresh Pineapple Mousse

Combine 6 cups (1 medium) finely shredded fresh pineapple and 1 cup sugar. Stir until sugar has dissolved. Whip 1 cup heavy cream and fold into the mixture. Turn into 2 freezing trays (ice cube trays). Freeze only to a mush. Serve as dessert.

If the mousse freezes too hard, remove from freezer about 30 minutes before serving to soften. Makes 10 servings.

Only a little fresh pineapple left in the refrigerator? Dice some leftover ham, poultry or pork and saute meat and fruit until edges begin to crisp. Serve over hot buttered rice. The same meats, combined with fresh pineapple chunks, make a delicious salad. Garnish with toasted almonds.

If you can buy the little pineapples, use them to serve the following fruit drink. You may serve it in tall glasses but your guests will be intrigued with the natural containers. Save this recipe to use on a hot summer day.

Pineapple Tropicana

Diced meat of 1 large ripe fresh pineapple
¼ cup flaked coconut
¼ cup sugar
Dash rum flavoring
Carbonated beverage

Combine ingredients (except carbonated beverage) and blend a few seconds until smooth and foamy. If no blender is available, put pineapple and coconut through the food grinder using the fine blade or mince very finely using a sharp knife.

Spoon fruity puree into tall glasses or pineapple shells and add cold gingerale or other carbonated beverage to fill. Garnish with mint and berries. Makes enough for 6 pineapple shells or 4-6 tall glasses.

Most Sole Is Flounder

The name "sole" is applied to many fish in this country, generally to those of the flat flounder family. The sand dab, the yellowtail, the winter flounder, the gray and lemon sole are all flatfish caught in American waters; all are good eating. Occasionally, of course, shipments of channel or Dover sole from Europe will arrive in this country, and the fine flesh of this true sole makes a rare, if costly, treat.

Company Wins Verdict in Cigarette-Cancer Suit

PITTSBURGH (AP)—A federal judge today directed a jury to return a verdict in favor of Liggett & Myers Tobacco Co. in the cigarette-lung cancer civil trial in U.S. District Court.

★ ★ ★

Judge John L. Miller issued the directive after 20 days of testimony. Counsel for the plaintiff said he would appeal the ruling to the U.S. District Court of Appeals.

★ ★ ★

Attorneys for Liggett & Myers Tobacco Co. rested their case Tuesday after testimony from Dr. Leo Henry Garland, an X-ray specialist and member of the Stanford University Medical School faculty.

★ ★ ★

Otto Pritchard, 61, of Pittsburgh claims he contracted lung cancer from smoking the firm's Chesterfield cigarettes for many years. His cancerous right lung was removed in 1953. Pritchard seeks 1¼ million dollars in damages.

★ ★ ★

Dr. Garland testified that three types of scientific evidence—experimental, clinical and statistical—have failed to nail down any link between cigarette smoking and lung cancer.

Kierdorf to Be Free Saturday, May 28

The gates of Jackson Prison will open May 28 for Herman Kierdorf, who will have served just over 10 months of a 1-to-5 years for possession of a pistol silencer.

★ ★ ★

State Correction Department officials ordered Kierdorf, 69, of Madison Heights, paroled Friday. But they said processing and field work on his parole will keep him in prison until Saturday May 28.

★ ★ ★

Kierdorf was convicted and sentenced after police found the silencer in a bag belonging to the former Teamsters official just as they launched an investigation into the burning of Kierdorf's nephew, a Flint business agent who was fatally burned in an arson case in 1958.

Report Attack by N. Koreans

Torpedo Boat Fires on Southern Navy Frigate in 3-Minute Clash

SEOUL, South Korea (AP)—A South Korean navy frigate today repelled a North Korean torpedo boat attack which the navy claimed was designed to cover an attempt to land Red agents.

★ ★ ★

The navy said the encounter was over in less than five minutes and the three attack craft fled into dense fog when the 1,200-ton frigate returned fire. The frigate suffered no crew casualties or material damage, a spokesman said. It was not known whether the attackers were hit.

The Reds attacked 15 miles off the east coast, about two miles south of the truce demarcation line separating North and South Korea, the navy said.

★ ★ ★

The navy communique expressed belief the Communists were trying to land spies or saboteurs in South Korea to "take advantage of the April 26 political upheaval."

Such naval clashes have taken place in the past, but it was the first Red attack since the uprising following the March 15 presidential elections forced the resignation of President Syngman Rhee.

Kennedy, Humphrey Tilt Tonight

CHARLESTON, W. Va. (AP)—Sen. John F. Kennedy (D-Mass) and Sen. Hubert H. Humphrey (D-Minn), aggressive young hopefuls for the Democratic presidential nomination, meet face to face tonight.

At least, that's the way it is billed. The two have agreed to answer any and all questions put to them by a neutral moderator.

The hour-long program at 7:30-8:30 p.m. EST, will be carried on television in 11 cities across the nation. It will also be broadcast by the Mutual Broadcasting System and the New York Times radio network.

★ ★ ★

The schedule calls for a five-minute preliminary statement by each candidate.

The order in which they speak will be decided by the flip of a coin. Then the moderator, news director Bill Ames of WCHS-TV, Charleston, where the program originates, will ask each of them in turn a question submitted through the mail by West Virginians.

This is the first major political debate since Thomas E. Dewey and Harold Stassen tangled vocally in 1948 in Oregon.

Ike, India Sign Huge Food Agreement

WASHINGTON (AP)—President Eisenhower today signed a huge "food for peace" agreement to supply India with 17 millions tons of surplus grain—the largest deal of its kind in history.

★ ★ ★

The agreement calls for the United States to sell India 587 million bushels of wheat and 22 million bags of rice during the next four years starting July 1.

★ ★ ★

India will pay the equivalent of $1,300,000,000 in rupees for the grain. Most of the money will be loaned back to India for its economic program.

★ ★ ★

"We are fortunate in having this means of sharing our abundance," Eisenhower said.

U.S., Red Artists Have Fun

Moscow Party Jumps

By A. I. GOLDBERG

MOSCOW (AP) — Soviet and American entertainers wowed each other today at a post-midnight party given by Soviet artists for the cast of the musical "My Fair Lady."

★ ★ ★

Lola Fisher, who plays Eliza Doolittle, sang "I Could Have Danced All Night" in Russian she learned in two weeks. Edward Mulhare, who plays Professor Higgins, recited a romantic soliloquy from Shakespeare's "Othello" and Klara and Klaudia Kobletz did acrobatic dances that had the Soviets gasping.

The entire American cast brought cheers with a choral number from the musical "Oklahoma."

★ ★ ★

U. S. Ambassador Llewellyn Thompson drew laughs with the remark that he had been studying Russian for years and never had come close to achieving Miss Fisher's accent.

★ ★ ★

Red army dancers, a 15-member violin ensemble, a Balalaika virtuoso and singer and a puppet show were offered by the Soviets at the party in Moscow's Artistic Workers' Club. It followed the regular performance of the American musical.

Love Their Neighbor

HOLLAND, Minn. (AP)—Nineteen neighbors of Peter J. DeKam picked and cribbed his entire corn crop after he suffered a lung injury.

M. N. Danilov, assistant Soviet minister for culture, toasted the Americans. He expressed hope more American theatrical groups would visit Moscow.

Then the Soviets and Americans jitterbugged under a bust of Lenin to music of a hotel orchestra whose wildest piece was a number called "Optimistic Boogie."

Pointes' Broker Explains Points

'If Jew Belongs, Then He Is More Eligible to Buy Home'

DETROIT (AP)—"If a Jew belongs to gentile clubs, it's a sign he has been accepted" and he might be able to buy a home in the suburban Grosse Pointes, says Paul Maxon, secretary of the Grosse Pointe Brokers Assn.

Maxon testified Tuesday at a Michigan State Corporations and Securities Commission hearing on a point-system used in rating prospective home buyers in the exclusive Pointes.

★ ★ ★

The hearing was ordered by State Atty. Gen. Paul L. Adams who said the point system was "morally corrupt." Maxon testified in its defense. A score of 50 is accepted as a standard passing grade. A Jew would require 85 points. Negroes and Orientals are not rated at all.

Maxon said a perfect score for both Jews and gentiles is 100 points, but added that the points are spread differently for Jews in order to give more emphasis on churches, clubs and business associates.

He said the scoring system was adjusted for Jews because "they represent a special problem."

★ ★ ★

Maxon said a Jew who Americanized his name would get a better score than one who hadn't.

Eminent figures, regardless of nationality or race, might be allowed to move into the Pointes, Maxon said.

He cited the late Albert Einstein, a Jew, and Dr. Ralph Bunche, a Negro, as eminent persons whose accomplishments outweigh any report on their nationalities or backgrounds.

State Police Post Hospitality Day Slated May 17

The Pontiac State Police Post will hold its annual "Hospitality Day" May 17 as part of the observance of Michigan Week May 16-21.

Troopers will fly the state flag over the post all week.

Hospitality Day will see an open house at the post from 10 a.m. to 5 p.m.

Officers will explain department operations and there will be a display of equipment.

"Visitors are always welcome at the post but Hospitality Day offers a special opportunity to look us over," said Sgt. Lorenz Ahlgrim, post commander.

Ahlgrim urged all area residents to "be sure to come in and get acquainted with your State Police."

Cost $500 Million . . . Then Canceled

Arrow Jet Causing Trouble in Canada

OTTAWA (AP) — Canada is in the midst of a sizzling controversy over defense policy. It all started with the Arrow—and in Canada that's no joke.

★ ★ ★

The Arrow is the jet interceptor plane that the Canadian government developed at the cost of 500 million dollars and then suddenly canceled.

★ ★ ★

That was 14 months ago. Since then the controversy has broadened to include the U.S.-built Bomarc-B missile and has become entangled in U.S. policy as well as domestic politics.

★ ★ ★

At least one seat held by the governing Conservative party in Parliament has fallen to the Liberals as a result of the issue. It's a good bet it will play a major role in future elections.

The decision to cancel production of the Arrow has far-reaching significance apart from the loss of dollars.

★ ★ ★

It means that Canada left itself only this choice: Either continue to rely on American weapons or get out of the air defense business altogether.

That's where the Bomarc missile enters the picture. The government of Prime Minister John Diefenbaker has committed itself to build two multimillion-dollar launching bases for this antiaircraft missile.

Construction of one of the Bomarc sites at North Bay, Ont., is expected to be completed in 1961. Land has been purchased for the other site in Quebec province.

BOMARC BEING CUT

In the midst of all this, the government faces the possibility that the Bomarc may be abandoned by the United States, leaving Canada with two costly but useless installations.

The latest word from Washington is that the Bomarc program is being cut sharply after it failed in eight of its first nine tests.

While the Canadian government has not yet given up on the Bomarc, there already is discussion of alternate plans.

If the Bomarc finally proves successful, Canada will dismantle its nine squadrons of CF100 jet interceptors. There is some concern however, about relying entirely upon the Bomarc since it is designed solely for defense against manned planes and would be useless against enemy missiles.

★ ★ ★

The U.S. Air Force has proposed that Canada acquire three supersonic F101 squadrons to replace the CF100 units. But no decision on this is likely until the Bomarc proves out, fails or is canceled by the U.S. government.

"Although many Canadians find the dependence on the United States hard to take, not a single voice was heard when the prime minister challenged the House of Commons:

"Is there anyone in this House who will say that Canada, in order to assert itself in the matter of defense, should enter into a field of expenditure which will run into billions and tens of billions of dollars before it is achieved?"

State United Fund Is Asked for More

EAST LANSING (AP) — Fifteen state and 18 national health and welfare agencies are asking the Michigan United Fund budget committee for $4,216,432 today.

The amount asked compares with allocations of $3,174,510 last year.

The groups sought increases ranging from 20 to 30 per cent over last year and asked for broader programs. All complained of increased costs.

W. Earl Prosser, United Fund vice president, called for a spirit of "holding the line realism" and warned that cuts can be expected in the two days of budget hearings.

Cost to the United States of the Virgin Islands was $25 million, three times the price of Alaska. The islands cover only 133 square miles while Alaska has 586,400 square miles.

Citizen Beats the Rap, Judge Grins, Says OK

HOUSTON, Tex. (UPI)—One of the citizens called for jury duty in Judge Sears McGee's District Court returned his card with this message written across it: "Unable to serve. I can't read or write."

Judge McGee studied the card, then grinned and excused the talesman. "It's not the best excuse in the world," he commented. "But it's novel."

Call Year 'Good' in Washington

Some Trends Cause Others to Decide on Gloomier Outlook

NEW YORK (AP)—Strong cross currents are keeping the stream of business churned up this spring. But business sentiment remains calm if cautious.

The official view in Washington continues to hold that the year as a whole will be a good one. The view in some industries now on the downgrade is that an upturn can come in the fall. Other industries still on the upgrade look for a year topping all others.

★ ★ ★

Rarely has the bystander had a wider choice of trends on which to base an opinion.

★ ★ ★

The stock market has chosen the gloomier one. Prices have fallen from a peak at the start of the year to a sharply lower level today. The drop in stock prices has had an effect on the thinking of many businessmen on short-term prospects. There has been little noticeable effect so far on the total of consumer spending.

The sale of Brazil coffee accounts for more than 37 per cent of the total annual export market.

Chrysler Output Down in April

Production Dips by Over 10,000 Cars as DeSoto Leads Slump

DETROIT (UPI)—Chrysler Corp. car production dipped in April, with 88,859 passenger cars produced compared with 99,065 in April 1959, the firm reported Tuesday.

DeSoto led the slump. The company built only 957 DeSotos last month compared with 5,530 in the same month a year ago.

Plymouth production last month, including 26,032 compact Valiants, was 44,528 compared with 59,817 Plymouths built in April 1959. For four months this year, Plymouth built 205,757 cars, including 97,618 Valiants, compared with 155,500 cars in the same period last year.

Dodge output in April was 36,706 compared with 21,805 in April 1959. Four-month Dodge output this year was 148,041 compared with 63,704 in the same period last year.

DeSoto four-month production fell from 21,248 a year ago to 13,726 this year.

★ ★ ★

Chrysler output in April was 5,813 and for four months this year was 33,353 compared with 9,288 in April 1959, and 28,016 for four months last year.

The company built 855 Imperials last month compared with 2,325 a year ago April. In the first four months this year, 6,717 Imperials were built compared with 8,394 in the same period of 1959.

Passenger car output for four months this year was 407,594 compared with 276,862 in the same period a year ago.

The company also built 6,141 Dodge trucks in April and 29,087 in the first four months this year. Last year, April output included 7,301 Dodge trucks and 29,978 trucks in the first four months.

★ ★ ★

American Motors Corp. reported increased production last month over the corresponding month of 1959.

The company built 46,925 Ramblers last month compared with 40,235 in the same month a year ago. For four months this year, American Motors has built 213,283 Ramblers compared with 246,975 in the corresponding period of 1959.

Studebaker-Packard Corp. had lower production last month than in April 1959. Output last month was 10,492 cars and 2,349 trucks compared with 14,823 cars and 834 trucks in April 1959.

In the first four months this year, S-P built 45,117 cars and 5,171 trucks compared with output of 64,899 cars and 5,189 trucks in the same period last year.

Anne's House in Amsterdam Is Memorial

AMSTERDAM, Netherlands (AP)—The Amsterdam house where Anne Frank, hidden from the Nazis, wrote her famous diary was opened to the public Tuesday.

With tears in his eyes her father, Otto Frank, said:

★ ★ ★

"The thought of everything that happened here in this house is too overwhelming. I only can thank all who made it possible to preserve this house from demolition, and for restoring it and using it not only as a memorial but as a building in which the ideals of Anne will find their realization."

★ ★ ★

Frank himself is president of an International Youth Center that will be housed in an adjacent building.

Anne's diary, published in some 30 nations, including Germany, ended on Aug. 4, 1944, when Nazi police raided the house.

Of all the occupants, Anne's father alone returned from the concentration camps. After the liberation, the diary was found lying on the floor among a pile of old books, magazines and newspapers.

Push Guard Camp, Businessmen Asked

LANSING (AP) — Michigan's National Guard chief has asked chambers of commerce and businessmen to help promote full attendance at 1960 Guard summer training sessions.

★ ★ ★

Maj. Gen. Ronald D. McDonald, state adjutant general, said liberal and understanding leave policies are needed to assure that more than 12,000 Michigan guards men will make their summer training dates.

★ ★ ★

Michigan also will host more than 25,000 guardsmen from 12 other states and the District of Columbia, McDonald said. He estimated the visiting guardsmen will provide an addition of $100 each to the economy of the state.

One of the first police radio systems in the country began operations in New York in 1916 and was used to contact boats in the harbor.

SOUND DROWNS OUT PAIN — Madeline Coubre blissfully undergoes work on her teeth at a dental convention in San Francisco. Secret of the work is in the earphones and the control box in her hands. Dr. Wallace Gardner of Cambridge, Mass., claims that sound blocks the reception of pain in the brain. Instead of feeling pain, Madeline heard a waterfall.

In Waterford Tomorrow

3 PTAs to End Season

Three Waterford Township Parent-Teacher associations will end the school season's activities tomorrow night.

Beginning at 7:45, the McVittie School PTA will be entertained by the school chorus, directed by music teacher Miss Janet Grimes.

★ ★ ★

Thomas Belton, Waterford Township recreation director, will speak on summer recreation in the township and will show a brief film on the Dam Camp program.

Officers for 1960-61 will be installed.

FOREIGN STUDENTS TO TALK

Four foreign exchange students from Turkey, Greece, Finland and Austria will tell of methods of teaching in their countries at the 8 p.m. Williams Lake School PTA meeting.

A candlelight ceremony will be featured as officers are installed by Pearl Turo, principal.

At 8 p.m., the Stringham School PTA will recognize the importance of the Safety Patrol and Service Squad; a water safety film, "Mouth to Mouth Breathing," will be presented by Deputy James Stuart; the Stringham choral group will present several numbers; and there will be installation of officers.

Mrs. Iva O'Dell will conduct the installation of Robert E. Field as president; Mrs. Walter Allison, first vice president; Mrs. Amund Dahl, second vice president; Mrs. Roscoe Lund, secretary; Mrs. Shirley Dixon, teacher vice president; John Hill, treasurer; and Mrs. Jack Blanchard, historian.

Meg's Tony Will Dress Traditionally

NEW YORK (AP)—Antony Armstrong-Jones will wear traditional morning clothes at his wedding May 6 to Princess Margaret.

This was reported by Daily News Record, a men's wear publication, in a Fairchild News Service dispatch from London on men's fashions for the ceremony.

The bridegroom's clothes were tailored for him by Denman & Goddard, Ltd., his tailors since university days. He had his last fitting Thursday at Buckingham Palace.

"For men it will be the most informal wedding in years," the dispatch said.

Moss Bros., a clothing rental shop, said very few morning suits have been rented. The shop was quoted as reporting:

"Everyone on the princess' side own theirs, but some of Mr. Armstrong-Jones' friends have come in to rent theirs."

Officers will not wear full dress. They will wear khaki uniforms or civilian dress.

Gray toppers will be favored. Not all trousers will be striped. Some will be checked with a so-called "sponge bag" effect. Morning coats will be black, with gray coats definitely not acceptable.

Golden Agers Will See 2 Movies in Waterford

The Conservation Department will present two movies at the 7:30 p.m. meeting of the Waterford Township Golden Age Club Friday at the Community Center.

★ ★ ★

There will also be a community sing, cards and shuffleboard with refreshments later in the evening. Mrs. Norman Craig has been named secretary for the club, replacing Mrs. Frank Moore.

Anyone past 65 can attend.

State's New Personnel Director 'Nonpartisan'—Even About Breaks

LANSING (AP)—A stocky, 50-year-old man who never was asked his politics in tryouts for the job buckled down today to new duties as Michigan's personnel director.

His $18,000 a year position installs Franklin K. DeWald as general superintending officer of the state's force of 30,000 civil service-protected employes.

Replying to a question, DeWald yesterday told newsmen he was a registered Democrat years ago while residing in his native Indiana and in Maryland but regards himself now as "completely" nonpartisan.

DeWald, a resident of the District of Columbia for the last eight years, had no occasion to register politically there.

He said the State Civil Service Commission, in the process of selecting him from a nationwide field of 186 applicants for the job vacated by ailing Arthur G. Rasch, did not inquire about his personal politics.

Asked if he knew Democratic Gov. Williams, DeWald said he did not but hoped to make the governor's acquaintance on his return later this week from out-of-state travels.

WAS NAVY ADMINISTRATOR

DeWald drove into Lansing yesterday, arriving from Washington, D.C., where he served as a U. S. navy personnel man with supervision over 16,000 civilian and 6,000 to 7,000 military personnel.

His appointment to succeed the retiring Rasch was made several weeks ago.

Chatting easily with newsmen, he said he liked to fish and hunt and to garden, brought with him no ready-made policy on coffee breaks and generally felt government workers should get paid on a scale even with those in private industry.

He praised Michigan's civil service setup as outstanding—partly because of its constitutional foundation—and favored fixing of pay levels by commission rather than direct legislative action. This is the way provided in Michigan.

DODGES COFFEE ISSUE

The subject of coffee breaks, a touchy one with some Republican legislators who complain many state workers regularly breakfast on state time, was handled in light fashion by DeWald.

Asked what he thought about them, he replied:

"That's a good question. I don't know exactly how to answer it."

He explained that in Navy headquarters group supervisors determined policy and that it varied.

"What's your policy then?" a reporter persisted.

"I don't know that I have one."

"Well, the present policy here is three in the morning."

"What, none in the afternoon?" DeWald parried, and the talk moved to other matters.

The number of horses on U. S. farms in 1951 dropped below the five million mark for the first time in census history, according to Department of Agriculture reports.

WON'T RUN — Mayor Morris Poulson of Los Angeles announced Tuesday he will not seek re-election in 1961. Poulson, who engaged Russia's Khrushchev when he was in Los Angeles in a verbal tiff, said he plans to work with a firm of public accountants when his present term expires June 30, 1961. Poulson is 64, and serving his second four-year term as mayor.

Chrysler Employes Petition on Contract

DETROIT (UPI) — Employes at Chrysler's Center Line missile plant were gathering petitions today to ask for reconsideration of a contract awarded to Douglas Aircraft Corp. which possibly could throw 9,000 workers here out of jobs by the end of this year.

The 65 million dollar contract was awarded to the Douglas firm although Chrysler's bid was lower.

Employes were trying to gather 20,000 names on their petitions. More than 2,000 telegrams urging reconsideration of the decision were sent to Washington yesterday.

Chrysler officials said security reasons prevented them from saying many employes were involved in government missile work.

★ ★ ★

But others indicated as many as 9,000 men might be put out of work if the missile plant is closed down. Chrysler's Redstone missile contract will be completed in August and Jupiter production will round out in December.

Peg Farm Investments

EAST LANSING (UPI) — Average farm investment for a group of 45 western Michigan fruit growers went from about $15,000 to about $50,000 during the period 1937-58, according to a Michigan State University farm analysis report.

Space Balloon Launching Near

Sphere Will Bloom at 1,000 Miles, Probe New Radio Avenues

CAPE CANAVERAL, Fla. (AP) —Silent, but shining bright as a star, a huge balloon communications satellite may wheel across the skies Thursday.

The hollow, 100-foot sphere, called Echo, could pave the way for satellite system to provide faster, more reliable and cheaper communications around the world.

★ ★ ★

A three-stage Thor-Delta rocket is scheduled to blast off at an undisclosed time with the space ball folded in its nose.

If all goes right, the ball will be ejected about 1,000 miles up and then inflated by pockets of residual air and gases formed by 30 pounds of sublimating powder.

The balloon will spin about the earth for a month or so as a target for radio signals and voice messages from widely scattered ground stations.

★ ★ ★

The main experiment will be an effort to exchange signals and messages between Bell Telephone's Holmdel, N.J., laboratories and NASA's jet propulsion tracking station at Goldstone, Calif.

The fully inflated balloon will weigh about 150 pounds. It contains no instruments. But the third-stage rocket casing, which is expected to follow the ball closely in orbit for several days, carries a transmitter to help locate it.

Solons Ask Meeting on Chrysler's Bid

WASHINGTON (AP)—Three Michigan members of Congress have requested a meeting with administration officials to discuss the future of the Chrysler Corp. missile production facility at Sterling Township, Mich.

★ ★ ★

Sens. Pat McNamara (D) and Philip A. Hart (D) and Rep. James G. O'Hara (D) said they specifically want to talk to Dr. T. Keith Glennan, head of the National Aeronautics and Space Administration, about Chrysler's recent failure to get a multimillion dollar Saturn missile contract.

The Michigan Congress members said they want to discuss both the failure of Chrysler to get the work and "future utilization of one of the . . . most outstanding missile production facilities in the nation."

Norway has one of the lowest crime rates in the world.

Detroit Brothers Lease Lansing Solons' Hotel

LANSING (AP) — The Porter Hotel, a stopping place for many lawmakers during legislative sessions, has been leased for 55 years to A. H., S. N. and William Gershenson, brothers, of Detroit.

The announcement was made by Frank P. Davey Co., Inc., operators since 1938. The lease includes adjacent properties on which the new operators will erect a 150-unit, four-story motel with swimming pool.

Cellar Could Be Next Stop for Tigers

Losing Streak at 7 Straight in 10-3 Loss

Yanks Blast 4 Detroit Pitchers for 14 Hits Including 3 Homers

NEW YORK (AP)—A skid right into the basement of the American League threatened the one-time league leading Detroit Tigers today.

A 10-3 shellacking yesterday by the New York Yankees in the team's first meeting of the 1960 season set up the possible new disaster unless the Tigers could shake their slump—now seven straight defeats.

For the windup of the two-game series here the Yankee-killer of last year, Frank Lary, bore the Detroit hopes. He was due to pitch against New York's rookie Billy Short.

The Yankees in handing Detroit loss No. 7, blasted Don Mossi, also a 1959 Yankee killer, and three other Tiger pitchers for 14 hits. Half of them were for extra bases, including three home runs.

★ ★ ★

Slugger Bill Skowron, now hitting .458, hit his fifth homer of the season and Roger Maris and Kent Hadley, a one-time Tiger, farm-hand, socked the other two for the Yanks.

★ ★ ★

In between New York collected three doubles and a triple in Detroit pitching's worst showing of the young season.

Southpaw Mossi lasted only until the fifth inning. Relievers Pete Burnside, Bob Bruce and Dave Sisler fared little better.

The Tigers disposed of Yankee starter Whitey Ford on four hits in the first after which the lefthander left with a sore elbow. However, Detroit was limited to a total of five hits thereafter by Art Ditmar and Ryne Duren.

★ ★ ★

Skowron's homer, in the fourth with a man on base, tied the score 2-2 and the Yanks powered from there on to the finish, scoring in every inning.

The Tigers put together singles by Eddie Yost, Frank Bolling and Rocky Colavito around a sacrifice by Neil Chrisley for their two runs in the first. A later single by Red Wilson went to waste.

Except in the sixth when Al Kaline scored on his single, a wild pitch, an infield out and Norm Cash's pinch single, the Tigers were helpless afterwards.

★ ★ ★

Mossi pitched to only 10 men in the first three innings, but in the fifth, following Skowron's two-run blast of the previous inning, he wilted. Four Yank hits, including a double by Ditmar, produced two runs. Burnside came in and Maris singled home the third run.

In the sixth Hadley hit a two-run homer off Bruce as a pinch-hitter for Ditmar. Maris hit his homer off Bruce in the seventh with the bases empty. The Yanks scored the last two in the eighth off Sisler with Gil McDougald's triple the big blow.

Collins Houston Victor

HOUSTON, Tex. (AP)—Big Bill Collins has a deep affection for the 237-yard par 3 No. 7 hole at Memorial Park Golf Course. He figures it won him the $35,000 Houston Classic Tournament.

He had to beat the hottest golfer in the game—Masters champion Arnold Palmer — in a playoff to do it.

★ ★ ★

They were going through their 18-hole playoff for the $5,300 first money Tuesday and Collins was two strokes behind. It was the first time during the entire tournament that the big blond from Crystal River, Fla., by way of Baltimore, had been losing. He had been tied several times, even tied for first place with Palmer at the end of 72 holes, each with a 280 total.

At No. 7 Palmer's tee shot was in a sand trap but Collins, using his 2-iron, drove within 4 feet of the pin. Palmer blasted out but past the hole and took a bogey while Collins ran down his putt for a birdie. It tied the match and Collins went on to a 3-under-par 69 that beat Palmer, who shot a 71.

★ ★ ★

"That was the turning point as far as I am concerned," said Collins.

★ ★ ★

It was the first tournament victory of the year for Collins, who now has gathered in $14,276.80 and risen from 17th in money-winnings to fourth place.

Lions Hear Depositions on LSU Draft Choice

PHILADELPHIA (AP) — The commissioner and treasurer of the National Football League gave depositions yesterday in the legal action brought by the Detroit Lions against Johnny Robinson, former Louisiana State University halfback.

The Lions allege that Robinson signed an agreement with them, then later inked a contract with the Dallas team of the new American Football League.

NFL commissioner Pete Rozelle declined to give out any details of the depositions given by him and Treasurer Austin Gunsel. Gunsel was acting commissioner at the time the contracts were signed.

Similar lawsuits against two other college players, Ike Robinson participants in the 1960 Sugar Bowl Game, have been instituted by the Los Angeles Rams and the New York Giants.

★ ★ ★

The Rams claimed to have signed LSU halfback Billy Cannon to a contract before the Houston club of the AFL.

Charles Flowers of Mississippi is being sued by the New York Giants who claim prior call to his services. Flowers allegedly later signed with the Los Angeles Chargers of the AFL.

Gunsel denied a report that Jim Corbett, LSU athletic director, was in the NFL office yesterday to give a deposition in the Cannon case.

"That is not correct," said Gunsel. "Corbett was here merely as a spectator. He just listened to attorneys questioning myself and Rozelle, but did not participate."

Champs' Tourney Starts Tomorrow at Vegas Course

LAS VEGAS, Nev. (AP)—Twenty-one top golf professionals each the winner of a major tournament in the last 12 months, gathered today for the eighth annual Tournament of Champions.

Brightest of the star-studded array were the 1959 T of C winner, Mike Souchak; U. S. Open champion Billy Casper Jr., National PGA champion Bob Rosburg, and the hottest player in golf today, masters champion Arnold Palmer. Palmer.

Today the group paired off with a flock of entertainment personalities in a pro-celebrity round of 18 holes for a $10,000 purse.

Thursday the pros shoot the first of four rounds in quest of the $42,400 purse and the winner's jackpot of $10,000.

Clinic Tonight for Managers

Prep Coaches Guests of Program Sponsored by Rec Department

A baseball managers clinic will be held tonight at Madison Junior High school under the sponsorship of the Pontiac Recreation Department.

Three local prep coaches Fred Campbell of Cranbrook, Arnold Wilson of Pontiac Northern and Louis Meares of Pontiac Central will be guest speakers at the program.

Local recreation league managers are invited to attend the clinic starting at 7:00 p.m.

A movie from the Detroit Tigers will be shown also.

The opening part of the program will be a discussion on league organization, clinics and team managers.

Explanation and demonstration of fundementals will comprise the second half of the program.

Wolverines Blank Wayne Again, 6-0

DETROIT (AP) — Michigan's baseball team came to town and easily conquered Wayne State 6-0 yesterday.

The Wolverines parlayed six hits into as many runs to score their second shutout of the season over the Tartars. Michigan whipped Wayne 16-0 in the Tartar season opener last month.

Wilbert Franklin was Michigan's big gun. He drove in two runs with a double in the sixth inning.

Michigan now has a 15-8 record. Wayne is 3-4.

Huskies Barely Escape Track Shutout

Chiefs Roll Over PNH

Collecting all but one first place and rolling up what is believed to be one of the biggest dual track meet counts in the school history, Pontiac Central's squad yesterday crushed Pontiac Northern 99 and one-sixth to 9 and five-sixths.

Bob Hocking's pole vault victory, Bill Young's 3rd in the dashes, Jim Schatzley's 3rd in the mile, Hocking's 3rd in the broad jump were all that saved Huskies from an unprecedented shutout.

Chiefs were paced by double winners Leon Prentis and Bill Ratcliff. Pregstis turned in what are regarded as the two best times this spring for any Michigan prep hurdler. He turned the highs in :14.7 and the lows in :19.8. Ratcliff hit :10.1 and :22.8 for the dashes.

PCH swept the hurdles, the shot-put, the half-mile, and grabbed 2nds in all other events. They won both relays handily.

The meet served as a fine tune-up for the Valley title test Friday, and defense of the Chiefs' University of Detroit Relays championships on Saturday. As of today there are 33 entries for the Titan tourney, 18 in Class A. Verne Fahrenkrug, U.D. track coach and meet director said this morning more teams may still enter, if they register not later than today.

In other area meets yesterday, Birmingham Seaholm sank Ferndale 75-34 in a track record-setting affair. Maples set seven of eight new marks for the 2-year-old Dales track, chalked up 12 of 13 first places for their 2nd dual victory of the spring.

Versatile Steve Jacobson set new marks for the 100, 220, broad jump and anchored the record 880 relay quartet. Dan Reid's mile, Pete Moorton's vault and Paul Simmons' 440 were also records.

Waterford suffered a stunning defeat 72-37 at the hands of host Crosbrook. Recently crowned CMU "B" relay champs took nine firsts, led by Larry DeWitt's :10.1 century and Barney Crouse's :22.6 furlong. Skipper' Ed Stigers was the only double winner in the hurdles.

Rochester dumped Romeo 80-20 and Roseville defeated L'Anse Creuse 75-34 at Rochester in a Tri-County double-dual. Rochester 440-man Bill Lovelace broke the school mark with a :53.1 win. Rochester had nine firsts, Roseville seven to accomplish their wins.

Milford won a triangular on the home field (70 5/6) over Bloomfield Hills (50 2/3) and Northville (16½). Two records were set.

Women Pros May Discover Hillcrest Layout Tougher

DETROIT (AP)—The female golf brigade may be a little surprised when it stops off at nearby Mount Clemens for the $7,500 Wolverine Open next month.

If the gals have heard anything about the Hillcrest Country Club course, it is that the layout is a pitch-and-putt job that won't provide much of a test.

The truth is that things have changed since a tournament was last staged at the east side course. In 1951, Chick Harbert won the Michigan Open there with a record score of 281 and sub-par scores in those days were commonplace.

But Hillcrest has 16 holes on the acreage where 18 holes used to be, and the club has put two holes — nos. and 17 — across the road. It's a par 70 layout for the men and 75 for the ladies, and the course is 900 yards longer than it used to be. Hillcrest now stretches out for 6,500 yards.

★ ★ ★

"It's tough enough now so we're not going to make any changes for the tournament," said pro Jack Hoffman. "The pros will play it just as the members do. It'll make for a better tournament."

The open will be held June 2-5 and it'll be the gal golfers' first stop in Michigan in two years.

An early favorite, of course, would have to be Mickey Wright, the longest hitter in women's golf and one of the game's most consistent winners.

Mickey was the winner the last time the women had a pro tournament in Detroit. She won the LPGA open at Forest Lake two summers ago.

★ ★ ★

But she will be challenged by all the other top stars in the game — Betsy Rawls, Mary Lena Faulk, Marlene Bauer Hagge, Joyce Zicke, Jackie Pung, Marilynn Smith, Wiffi Smith and many others.

Hoffman said he expects a starting field of 80 to 90 in the four-day, 72-hole event.

Titans Smash Dales to Gain 9th Win

DETROIT (UPI) — Four runs in the sixth inning and three more in the seventh paced the University of Detroit to a 10-3 victory over Hillsdale yesterday.

It was the ninth triumph in 10 starts this season for the Titans. With a shaky 2-1 lead going into the sixth, Dick Daguanno knocked a two-run double and scored on Glen Good's two-bagger. Good was forced in with the fourth run of the inning on three walks in a row.

Bruce Maher, who is hitting over .500, hit a two-run homer in the seventh to spark a three run rally.

Hillsdale's record is 7-10.

Football Activity Closes Spring Drills

'M', MSU Plan Wrap-Up Grid Games

Michigan and Michigan State are preparing to wrap up spring football drills with clinics, intra-squad games and alumni games.

The Wolverines end their spring sessions Saturday afternoon with the "Blue" squad facing the "Maize" team in actual game conditions in Michigan Stadium at 1:30 p.m.

Football coaches will be able to pick up some tips on longevity in the job at the seventh annual Michigan State University football clinic this week.

Guest instructors will be Lou Groza, the durable Cleveland Browns place kicker, and Frank Howard, long-time coach at Clemson College.

★ ★ ★

Groza has been a top flight Browns' star as an offensive tackle and kicker for about a dozen years. Howard has been with South Carolina college for nearly 30 years, took Clemson to six bowls and last season won nine of 16 games and defeated Texas Christian in the Blue Bonnet Bowl at Houston.

★ ★ ★

Ed Farhat, Muskegon Catholic Central, and Ed Rutherford, Detroit Denby, will be guest high school coach instructors.

Ron Watkins, a 19-year-old freshman scatback from Flint, broke off tackle for the best gain in last night's practice as the Michigan State football team tuned up for an intra-squad game scheduled for Saturday.

★ ★ ★

The varsity faces the old-timers a week from Saturday making it two games in a row to wind up spring drills.

★ ★ ★

Watkins, a 5-foot, 11-inch speedster who weighs only about 170, sped through a defensive team that otherwise held several offensive units to short running gains.

Beau Purple Gains Derby Trial Honors

LOUISVILLE, Ky. (AP) — Hardboots foresaw no new threat today to co-favorites Tompion and Bally Ache in the Kentucky Derby but some folks talked about a colt who could alter the pattern of this historic race.

★ ★ ★

The 3-year-old colt in question is Beau Purple who earned his Derby credentials with a strong display of speed in the last major tuneup.

The fans around Churchill Downs think he might be the horse to cut out the early pace with Bally Ache in the 86th Derby on Saturday.

★ ★ ★

The final prep, the Derby Trial, was void of top favorites Tuesday as Beau Purple, Cuvier Relic and Pied d'Or finished in that order as 12 sophomores went postward.

Thus it still looks like 12 and perhaps 15 horses will be put in the entry box Thursday for the $125,000-added Derby.

★ ★ ★

Bally Ache, the second choice at 2-1, is a speedster and likes to jump out front, daring his competitors to come after him.

Beau Purple, in the Trial, ran pretty much the same kind of race, Jockey Eric Guerin took him to the front in the first few strides and the bay son of Beau Gar used his speed to lead by at least two lengths at every call up to the finish where his final margin was three-quarters of a length.

★ ★ ★

His time for the mile was 1:35 3-5, just 3-5 seconds off the clocking when Hasty Road grabbed the Trial six years ago.

★ ★ ★

Jimmy Jones of Calumet Farm had three horses in the Trial.

Besides Pied d'Or, Hillsborough was fourth and Fango seventh.

Ponder, Hillsborough's sire, finished second in the Trial and came back to win the Derby.

Calumet has won seven Derbies.

★ ★ ★

Tompion, the 7-5 choice from the C. V. Whitney Stable, was due to unimber today.

ALL SMILES — Bill Collins, of Crystal River, Fla., was all smiles yesterday as he holds his first place trophy and checks for winning the Houston Golf Tournament in a playoff with Arnold Palmer. He beat out Palmer by two strokes with a 3-under-par 69 in the playoff. He got $5,300 for winning and $750 for a share of the playoff gate.

Doctoring Your Golf

By DR. CARY MIDDLECOFF

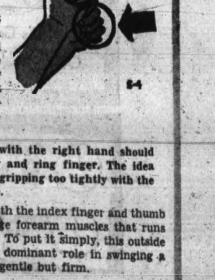
PATIENT'S COMPLAINT: "Can't get the grip right."

DIAGNOSIS: Wrongly applied pressure.

TREATMENT: Having learned how to put your hands on the golf club to form the proper grip, the problem remains how to apply gripping pressure in the right places during the swing.

As you can see in today's illustration, the grip with the left hand is a combination palm and finger grip, and the grip with the right hand is essentially just a finger grip. This is an important point.

A further important point is that the main pressure in the left hand should be in the last three fingers. This is necessary in order that the left hand remain in full control of the club throughout the back swing.



The main pressure with the right hand should be in the middle finger and ring finger. The idea here is to get away from gripping too tightly with the index finger and thumb.

Gripping too tightly with the index finger and thumb sets up tension in the large forearm muscles that runs up the outside of the arm. To put it simply, this outside muscle should not have a dominant role in swinging a golf club. Keep your grip gentle but firm.

Pierce Again 'Strong Man' of Chisox Mound Staff

By United Press International

That's right, the experts were wrong again.

The little fellow they thought might be washed up has turned out to be the strong man of the Chicago White Sox' pitching staff.

Billy Pierce, all of 165 pounds when holding the 5¼-ounce baseball was rated a definite question mark this spring because of his 14-15 1959 record and the fact he was pretty much ignored in the World Series. But he's turned in two of the three complete games achieve by the White Sox' staff this season and is the only starter with a winning record.

★ ★ ★

The 33-year-old left-hander picked on his favorite cousins Tuesday night when he pitched the White Sox into sole possession of first place in the American League by beating the Baltimore Orioles, 5-2. It was his second straight complete game and made his career mark against Baltimore 20-6.

★ ★ ★

The New York Yankees moved into second place with a 10-3 rout of the Detroit Tigers, the Washington Senators beat the Cleveland Indians, 7-6, and dropped them into third place and the Boston Red Sox topped the Kansas City Athletics, 4-3, in other American league games.

★ ★ ★

In the National League's only action, the Cincinnati Reds scored a 5-3 victory over the Los Angeles Dodgers and the Philadelphia Phillies ended a six-game losing streak with a 10-9 win over the Chicago Cubs.

Pierce allowed 10 hits but he struck out six and did not walk a hitter as he protected an early 4-0 lead. The White Sox took advantage of an error by shortstop Ron Hansen to score two unearned runs off rookie Steve Barber in the second inning and added two more in the third on doubles by Nelson Fox and Minnie Minoso and Roy Sievers' single.

Three singles and a sacrifice fly gave the Orioles two runs in the fourth and Hansen homered in the fifth but Pierce shut out Baltimore the rest of the way. Jim Landis had three hits and Fox, Sievers and Luis Aparicio two each to lead the White Sox' 12-hit attack.

Lenny Green singled home the winning run in the ninth inning for the Senators, who played their seventh straight one-run game, 7-6 to Francona, who entered the game as a pinch-hitter in the third inning contributed to four scoring innings for the Indians with a sacrifice fly, two doubles and a single.

Bill Monbouquette gained his second victory for the Red Sox when first-baseman Norm Siebern's 10th-inning error enabled Don Buddin to score the winning run. Bob Cerv homered for Kansas City.

Frank Robinson hit a two-run homer and Dutch Dotterer drove in two runs with a homer and a double to lead the Reds' attack while Don Demeter's two homers an a double accounted for all Los Angeles' runs. The game was enlivened by a sixth-inning argument between Dodger pitcher Stan Williams and Vada Pinson after the latter was hit by a pitched ball. The loss dropped the Dodgers below the .500 mark at 8-9.

Ken Walters' ninth-inning homer, his third hit of the game, proved the decisive run for the Phillies, who overcame an early 5-0 cub lead, Bobby Del Greco, Frank Herrera and Wally Post had two hits each for Philadelphia and Frank Thomas drove in four runs with two homers for Chicago.

Northern Nine Tops I-L After First Round

Pontiac Northern clinched first round honors in the Inter-Lakes and Avondale increased its lead in the Oakland B with Tuesday baseball triumphs.

The Huskies whipped Berkley 5-1 on the four-hit pitching of Rich Lamphere to extend their loop record to 4-1. Stan Hertle, who had doubled, stole home and Ron Joseph singled across a run for an early 2-0 lead.

A wild throw on a drag bunt by Steve Thompson and a double by Dan Moczarski accounted for the others in the 6th. Ron Strickmatter tripled in the lone Bear tally. Hertle and Moczarski had two hits apiece for PNH.

Walled Lake, down 2-0, had a seven-run 3rd and went on to whip Waterford 8-5 in another I-L affair. The Vikings put together five hits and three walks off three pitchers in the big frame in winning their 2nd against four setbacks.

Four safeties by Tisdale and Sikkila's hurling paced the victors. Jim Paschke had a single and triple in defeat. Jim Hoke took the loss. Waterford's 3rd in five games.

Avondale extended its record to 3-0 behind a two-hitter by Darryl Thorpe. He blanked Troy, 4-0. A two-run single by Dic Van Conant featured a three-run second frame.

Farmington Our Lady of Sorrows had to overcome 13 walks issued by four of its pitchers to down Dearborn Sacred Heart, 13-10.

In golf, West Bloomfield made its slate read 2-1 by tripping Clarenceville by 177 to 186. Mel Law was meet medalist with 40.

Birmingham Seaholm continued its winning ways in tennis by nipping Ferndale, 3-2. The doubles tandem of Steve Anderson-Bob Sayle, John Sisson and Steve Smith in singles took triumphs for the team's third win in a row.

Olympic Mat Trials End

AMES, Iowa (AP) — A 114-pound future biology teacher today was the only double winner in the 1960 U.S. Olympic wrestling trials.

J. Richard Wilson, 25, Toledo University senior, Tuesday night added the Greco-Roman title to the 114.5-pound free style championship he won here last week.

Wilson and Dan Brand, 24, of Lincoln, Neb., were the only free style winners to try for a victory in both wrestling styles. Brand finished second to U.S. Marine Howard George of Watertown, N.Y., in the 191-pound class.

The eight Greco champions and the 24 top free style wrestlers will go into training July 22 at Norman, Okla. From this squad, plus three possible additions yet to be approved by the National Olympic Committee, will be selected the 16-man team to represent the United States at the Olympics in Rome.

The Olympic wrestling committee decided, however, that since Wilson and Larry Lauchle of Pittsburgh, the 125.5-pound Greco champion and runner-up in free style at that weight, had already qualified for the camp, the two second place Greco-Roman wrestlers would join the squad.

★ ★ ★

They are Dick Delgado of Oklahoma City, who placed fifth in the 1956 Olympic free style 114.5-pound class, and Joe Gomes of San Francisco Olympic Club, who pinned five straight opponents here before losing by a fall in the Greco finals to Lauchle.

Two other 1956 Olympians, 136.5 Lee Allen of Portland, Ore., and 249-pound heavyweight Dale Lewis of Milwaukee, also won Greco titles.

Other Greco-Roman champions are Ben Northrup, 25, San Francisco Olympic Club, 147.5; Jack Grubbs, St. Louis, 160.5; and Rudy Williams, 25 Romulus, Mich., 174.

Bassett's 74-Pound Cobia Record for Florida Area

By The Press Outdoor Editor

It was bound to happen some time.

For many years Russell (Bud) Bassett former advertising director for The Pontiac Press, has been an avid (and expert) fisherman. Bud was particularly interested in taking the wary trout from Michigan's streams. He fashioned his own lures, and became one of the most expert along this line. His flies were works of art, and as good on the productive end as they were from a good looks standpoint.

This corner has used many of Bassett's creations, always with success.

Now Bassett has achieved what is believed, in Venice Fla., piscatorial circles, to be a record-breaking status. Bud landed a 74-pound, 34-inch-around cobia while fishing recently in the Gulf of Mexico, eight miles off Nokomis Beach.

★ ★ ★

BATTLES SPEEDSTER HOUR AND A HALF

The big fish kept Bassett busy for an hour and a half, before being boated. It stretched 5-feet in length, became the main course for a "cookout" dinner at which 60 persons were guests. "Real good eating," Bassett reported.

With Bud at the time were H. F. Brodie, former Press advertising executive, Mrs. Bassett and Emmett Hollingsworth of Flint. The party also took 28 kingwish, including a pair of 24-pounders.

★ ★ ★

On a recent quiet, early morning, on a downtown street in Indianapolis, a traffic officer, Sgt. William Fisher, spotted a red fox trotting along the thoroughfare. The officer procured a shotgun and blasted the creature, which he displays in the accompanying picture. One wonders why it was necessary to shoot the fox, which probably was a mixed-up frightened thing that might have been captured alive and turned over to a zoo. A stray dog would have fared better — getting a trip to the pound, at least.

WRITERS SCAN HI-BROOK FACILITIES

Up in the rolling, beautiful countryside around Metamora a new recreation area will soon be making its bow to the new Metropolitan area's devotees of the fascinating outdoors.

★ ★ ★

Outdoors editors of the area's newspapers will make a tour of the spot's facilities on Thursday, at the invitation of Pierce E. Woodworth, president of the new Hi-Brook establishment, which promises to become one of the area's most pleasant spots for outdoor sports followers.

★ ★ ★

"Present plans at Hi-Brook" says Mr. Woodworth, "call for an unlimited trout season (the spot has some fine trout waters), with preserve bird shooting as prescribed by the Michigan Conservation Department; a trap-shooting range and other associated facilities for the sportsman.

"A picnic area, riding stable and coffee shop are planned for the sportsmen's families and lodge facilities and a pool are among early summer plans."

★ ★ ★

FIGHTIN' FURY IN A CHIMNEY

During these spring days when many females among wildlife bird and creatures are begining to raise their broods, the greatest care should be exercised in trying to handle the pert youngsters, especially if there is a possibility the mothers may be nearby. They can be, and usually are, pretty rough on such occasions.

★ ★ ★

The Cliff Church family (3806 Sabre) found it out, the first of the week, when they had to remove a mother raccoon and her four little ringtails from the chimney. The animals were located about 8-feet down the chimney, and the Churches were afraid they might drop into the living room fireplace.

★ ★ ★

Several experienced OCSC coon hunters were enlisted and the coons were removed, but not before Mrs. Coon put up a terrific battle. She was finally deposited in a burlap bag with three offspring. The fourth, a male, will be kept by Mrs. Church who hopes to get Conservation Department approval, to raise it as a pet. Such permission is necessary.

★ ★ ★

INTERESTING FACTS ABOUT WILDLIFE

Who has the best eyes? Naturalists claim the hawk, who spots his prey from high in the blue, holds that distinction. The saying "he's a regular hawkeye" is based on truth, for the hawk is credited with having the most highly developed organs of vision in the world. He can see at least 10 times as well as the best-equipped human.

★ ★ ★

The snail makes its own roadway. A glandular secretion flows out in front of its body and allows it to go uphill or down with ease. Because of this mucus, a snail can crawl over the sharp edge of a razor without being cut.

★ ★ ★

Fishes do not see very well, partly because of their eye structure and partly because, as one goes deeper in water, the light grows dimmer.

RECORD CATCH — Former Pontiac Press advertising director Russell (Bud) Bassett is the lucky (or expert, maybe) fisherman who landed the huge cobia shown in the picture with him. The Gulf of Mexico speedster is reported to be a record, going 74 pounds. It was taken off Venice, Fla., was 5-feet long, 34-inches in girth.

Two Bowfishing Seasons Now Under Way in State

The first of two bowfishing seasons for rough fish is now under way in many Michigan streams, but full-scale activity among carp-shooting archers won't start for at least a couple of weeks.

★ ★ ★

Carp—plus suckers, redhorse, mullet, dogfish and garpike—are now legal targets for bowmen in a long list of trout and non-trout streams. This season continues through May 31.

The second and major bowfishing season, reports the Michigan Bow Hunters Association, opened May 1 and runs through Aug. 15. This is when more than 300 carp-infested lakes and rivers are open to archers. Garpike and dogfish are also prey for bow and arrow addicts during this period.

★ ★ ★

Besides ridding lakes and streams in their area of unwanted "trash", tenants, bowmen have a chance to earn some money for their efforts. More than $200 in cash prizes is offered by the Michigan Bow Hunters for the largest carp taken by archers, with divisoins for men, women and juniors.

Information on the carp contest—plus a list of all waters open to bowfishing—may be obtained from the Michigan Bow Hunters Association, Box 4, Flint.

Pontiac Press Photo

BROWN BEAUTY — Not all Oakland county anglers were as lucky as Frank Kimmel, 759 Crescent Lake road during opening weekend of the trout season. While the Pontiac barber (271 Baldwin) got only one trout, it made up for lack of numbers by its size and beauty. The 4-pound brown was 20 inches long, 14 in girth. Kimmel was fishing alone from a boat on Oxbow lake. His lure, a small minnow, was fished deep, the terminal of a 6-pound test monofilament on a spin rig. It was his only strike, all day.

That's Fishing for You

STEARNS, Ky. (AP) — Fishermen are patient folk.

Take Jus Whitfield, of Atlanta, Ga., one of thousands who visited the Yamacraw section of the Cumberland River to try his luck during the spring run of walleye pike.

"I've been here four days," Whitfield said, "I've lost 62 lures and haven't got that first walleye. . . But it sure is fun."

New Governors Named for Bow Hunters' Board

Four new field governors have been named to the Michigan Bow Hunters Assn. board. Two others have been re-elected to the 10-man body.

★ ★ ★

New MBH governors are Lee York of Zeeland, Vern Nelson of Cadillac, Loren Willey of Albion and Arthur O'Connor of Grayling.

★ ★ ★

O'Connor was named to fill the unexpired term of Robert Coe of Higgins Lake, field governor for the 14 counties in the northeast part of the lower Peninsula. Coe resigned because of health.

★ ★ ★

Re-elected to two-year terms are K. C. Mikkelsen of Elkhart, Ind., representing all outstate Michigan Bow Hunter members and Earl Taylor of Flint, field governor for Huron, Tuscola, Sanilac, Genesee, Lapeer and St. Clair counties.

Birmingham Holds a Fishing Clinic

A bait, fly and spin casting clinic will be held Saturday from 9 to 11:30 a.m. at Quarton Lake, under auspices of the Birmingham Recreation Department. There is no charge and both teen-agers and adults are invited.

★ ★ ★

Wally Perkins will be the instructor.

Announcement has also been made of plans for the annual carp fishing carnival, May 14, from 10 a.m. to 2 p.m. at Quarton Lake. Any youngster 14 or under, is eligible. Awards will be made in four divisions.

Rest Upside Down

Bats rest during the day, hanging upside down in eaves, under cliffs and in trees. At dusk, they fly out to feed on insects.

Iowan Offers New Bill to Control Pesticides

WASHINGTON (AP) — Wildlife organizations Tuesday endorsed a bill which would require government agencies embarking on programs to eradicate insects and crop diseases to consult in advance with the Fish and Wildlife Service as to possible effects on wildlife.

★ ★ ★

The bill, by Rep. Leonard Wolf (D-Iowa), is opposed by some government agencies, including the Department of Agriculture, as unnecessary.

Carl W. Buchheister, president of National Audubon Society, told a House Merchant Marine subcommittee he could present well documented evidence of "the damage that has been done needlessly to fish and wildlife resources through government programs using chemical pesticides."

He said that in respect to the Agriculture Department's program to control the fire ant in southern states there was no advance consultation and serious destruction of livestock and wildlife resulted.

Dr. George J. Wallace, Michigan State University specialist, said a program aimed at controlling the Dutch elm disease on the campus at East Lansing has virtually wiped out the robin population.

.30 Caliber Test to Brighton Man

J. W. Steinberger Wins Invitation Match for Big Bore Riflemen

Firing a fine 194-20x card, J. W. Steinberger of Brighton (marksman) walked off with the top award for the annual .30 caliber bigbore rifle match at Oakland County Sportsmen's club range.

Steinberger edged OCSC's fine rifleman, Bob Waggoner, by two points. Bob carded 192-14x, for the runnerup spot.

Winners of other divisions and special events included:

Masters — L. P. Anderson, 191-15x, Richard Wilkie, 191-15x.

Experts — Steven Donnell (Holt) 183-6x; Clarence Buick (Farmington) 178-12x.

Sharpshooters — Charles Luxmore, 184-10x; Bernard Johnson, 178-14x.

Marksmen — Merrick Guy, 183-8x; Mrs. Don Bennett, 173-4x.

Unclassified — Norm VanNess, (Brighton), 144; Charles Klamm, (Detroit) 138.

High standing — Steinberger, 48-3x.

High 200-yard rapid fire —Steinberger, 49-6; Waggoner 49-6x.

High 300-yard slow fire — Clarence Buick, 50-8x; L. P. Anderson (Brighton) 50-8x.

High 300 slow fire — George Forstrom (OCSC), 49-4x; Richard Wilkie (Lansing) 49-4x.

Not All Beavers

Not all so-called beavers are web-footed, flat-tailed, water-loving animals. The mountain-beavers, or sewellels, found in the mountains of Oregon, Washington and northern California, never go near the water, have neither webbed feet nor flat tails, and are no more given to felling trees, building dams or houses than are rabbits.

Increase Sought by Blue Shield

Wants Hike of 19.5 Pct. for Next Two Years Because of Deficits

DETROIT (UPI) — Michigan Blue Shield announced Tuesday it will seek a rate increase for its medical - surgical insurance coverage averaging about 19.5 per cent.

The Blue Shield board of directors at a meeting last night directed that the management of the plan file a request as soon as possible with the Michigan Department of Insurance for the increase.

The board said the action followed a report that "steadily increasing utilization" of Blue Shield protection had resulted in a deficit in the first two months of this year amounting to $695,351.

It said an increase of 19.5 per cent in income is needed and that such an increase should carry the program for two years.

The increases would range — for Blue Shield coverage only — from about 45 cents a month for single subscribers under plan A to about $1.55 a month for family coverage under plan D.

★ ★ ★

However, since Blue Shield medical-surgical coverage is only part of the overall Blue Cross (hospitalization) and Blue Shield rate, the increase would amount to an average of about 7 per cent for persons covered under both plans.

Board Working on Tax Values

Hope to Hold Equalized Figure at 50 Per Cent; Now 40 in State

PORT HURON (UPI) — Port Huron attorney R. Gerald Barr, a member of both the State Tax Commission and the State Equalization Board, told St. Clair County supervisors the board hopes to keep equalized value of property at 50 per cent.

Barr explained the 13.5 per cent increase in equalized valuation which is now being considered by the board.

He said the present equalized valuation in Michigan is 40 per cent of 1955 values.

The board proposes to make the equalized valuation 50 per cent of real and personal property cash values and hopes to keep the figure at 50 per cent.

Property was valued at 50 per cent of real and personal property in 1955 but has slipped to 40 per cent since that time, Barr said, because of an increase in real value with no adjustment in equalized value.

He said boosting of equalized valuation is proposed as a means of broadening the tax base for counties, townships and school districts. Local agencies will then decide independently whether they want to broaden their own tax base on the basis of the higher equalized valuation.

Recommend Set Liturgies to Methodist Churches

DENVER (UP) — A return to more traditional forms of worship, with set prayers and liturgies for various occasions, has been recommended to Methodist churches.

★ ★ ★

The move, at the denomination's quadrennial General Conference, points up a trend in Methodism to recapture aspects of ritual thrown out in early-day America.

"Returns to historical forms are being recommended where the reasons for past changes seemed insufficient," said a report by a commission on worship, headed by Bishop Edwin E. Voight of Aberdeen, S. D.

A 253-page book of worship, including rites for worship, baptism, confirmation, holy communion, marriage, burial and special prayers for day of the traditional Christian calendar, was presented for trial use in churches.

★ ★ ★

In many respects, the services set forth resemble those of the Episcopal Church more closely than has been customary in Methodism, which is an offshot from the Episcopal, or Church of England, pattern.

John Wesley, the founder of Methodism, was an Episcopal priest until he died.

The Rev. Dr. Will M. Hildebrand of Altadena, Calif., a member of the commission, said in presenting the report that many theologians, scholars and the full range of Christian literature had been consulted in preparing the liturgies.

★ ★ ★

"We are confident that a reverent and thoughtful use of these orders of service will bring dimensions of depth and breadth in our worship."

The worship book was offered for experimental use during the coming four years, without being subject to formal adoption until the next General Conference in 1964.

Asks Medics to Help Cut Insurance Costs

DETROIT (UP) — Dr. David I. Sugar, president of the Wayne County Medical Society, said in his inaugural address that medical insurance costs, especially Blue Shield, are rising and called on his fellow physicians to help turn them downward.

"The greatest danger confronting this country," Dr. Sugar said, "is inflation . . ."

"Let's do our part and we can set a fire that will sweep the country. No product (Blue Shield) is any good if it is priced out of the market."

★ ★ ★

Dr. Sugar proposed that Blue Shield reduce its rates, curtail fringe benefits and adjust its fees to doctors in order "to strike a dollars and cents balance."

Farm Work Behind 10 Days—Too Wet

LANSING (UPI) — Mother Nature is still hampering activity on Michigan farms. In fact, work is about 10 days behind schedule, according to the Federal State Crop Reporting Service.

★ ★ ★

Because planting of oats is so far behind, some farmers may shift their acreage to corn or dry beans, the service indicated.

The trouble comes from too much moisture and the fact that many fields are too wet to work in.

Blooms were near on apples, and in Southwest Michigan several fruit trees are about to bloom also.

★ ★ ★

No work has been done to any extent in most Upper Peninsula counties either because of the heavy rains, the service said.

9,361 Population Rise in Battle Creek Area

BATTLE CREEK (UP) — Metropolitan Battle Creek showed a population gain of 9,361 persons in the 1960 census.

★ ★ ★

Robert N. Cobb, district supervisor of the Federal Census Bureau, said the total count for the six-unit area was 93,851 compared to 84,490 for the 1950 census figure. The metropolitan area includes Battle Creek, Springfield and four adjoining townships.

The City of Battle Creek declined from 48,666 in 1950 to 43,858 this year.

Calhoun County showed a population increase from 120,813 to 138,105. The City of Albion increased from 10,406 to 12,878.

Wisconsin is the top cheese producing state. Annual output is reported to be more than 400 million pounds.

Love Shouldn't Be Neurotic

We've Got No Romantic Spine

By PHYLLIS BATTELLE

NEW YORK — In my day, children, the words "I love you" meant something.

To a girl they meant that marriage was in the offing. To a boy they meant he'd run out of evasions.

But times change. Today "I love you" is—at least to many youngsters—only a mild form of speculative approval. Today if you can't beat your breast and proclaim as how "I'll die without you!" or at the very least "I'll drown myself in tears if you go, baby," you haven't made your point.

According to one of our country's top lyric writers, the "cheap, dismal, self-pitying songs of this era are a symptom of the age. They are unrealistic, immature, and a complete emasculation of the human spirit."

★ ★ ★

If people really accomplished, for lost love, what today's songs threaten, they would be a mass of masochism, deserving only the tender loving care of an institution.

"It's embarrassing. The normal heartsick lover used to go off in a corner and lick his wounds like a queasy cat—but now he publicizes his despair. He has no dignity, nd masculinity and if you believe in songs, very little morality."

The earnest spokesman for the return of a romantic backbone to America is E. Y. (Yip) Harburg, poet of such songs as "Brother Can You Spare a Dime," "April in Paris," "How Are Things in Glocca Morra." He is a man who believes sentiment is "Something Sort of Grandish" (another Harburg tune) and should be treated as such.

★ ★ ★

Americans have spirit and imagination, he knows, and these are the chief requirements for making the expression of love between two people a meaningful, rather than a neurotic, thing.

But it also takes work to express love beautifully ("A man in love should be a poet, and a poet has to use his brain"), and "we are all too spoiled with Beautyrest mattresses, money and Coca Cola to search our minds for poetry."

Nearly 30 years ago when Yip fell in love with the woman who still is his wife, he admitted under interrogation, he proposed to her by saying, "When I'm with you I feel like a hungry sort of fella who has come out of the cold into a warm room with a refrigerator." Being a light-hearted girl, she got the point.

"I could do much better now," he says, "but even in those days I was trying. It was depression, and even love was tied up with gnawing of the stomach."

★ ★ ★

Harburg says the most difficult job for every lyric writer he knows is composing romantic ballads so that their words have tenderness without cliches ("I-love-you is the second biggest cliche in any language—the first is anything about the weather").

The good song writers succeed in producing ballads that are believable and have dignity. The less thoughtful song writers, who unfortunately are more prevalent today, are the unrealistic sobbers, ravers, breast-beaters.

They make of love a gigantic blackmail—love me, or else dire things will happen—and if young people take these songs too seriously, our nation may be overrun with grimly passionate couples settling down in little Charles Addams cottages raising bundles of gloom.

'Probation Can Save Us Money'

More Extensive Use of It by Prisons Urged in Michigan

KANSAS CITY, Mo. (AP)—A student of probation says a demonstration project in Saginaw points the way for saving Michigan taxpayers up to nine million dollars annually in the years ahead.

The appraisal was made by John B. Martin of Grand Rapids in a talk to the National Institute on Crime and Delinquency.

Martin, a former state auditor general, currently is Republican national committeeman and projects committee chairman for the Michigan Crime and Delinquency Council.

He said the three-year demonstration, now within two months of completion, showed that probation can be used much more extensively without increased risk to society.

Moreover, he said, statewide application of intensive probation and parole procedures like those applied in Saginaw County would cut deeply into the rate of commitments to prisons for costly custodial care, and avert the threat of huge increases in outlays for this purpose.

Martin said a recent study of prison costs in Michigan showed the cost of present programs will be "astronomical" by 1970.

In the Saginaw experiment, commitments were reduced 50 per cent, he said, and 10 per cent more were handled by fines or minor jail sentences.

Eight Area Men Join Navy Here in April

Eight area men enlisted in the U.S. Navy and one man re-enlisted through the Pontiac Navy Recruiting Station during April, it was announced today.

The new recruits from Pontiac were: Gerald Tarrants and Jimmy Bean, both of 77 E. Hopkins St., and Garry Heathman of 76 N. Merrimac St.

★ ★ ★

Others from this area were Stanley Rice of Waterford Township; James Good and Charles Macabe, both of Rochester; Vernon Craghead of Clarkston and Charles Watson of Fenton.

Dwayne Nelson of Milford re-enlisted for four years.

Motor Wheel Corp. Buys Chicago Trailer Concern

LANSING (AP)— Motor Wheel Corp. has purchased Foreman Manufacturing Co., a 46-year-old Chicago firm that makes undercarriages for mobile homes, boat trailers and a line of utility trailers.

M. F. Cotes, Motor Wheel president, announced the transaction. The price was not disclosed. Cotes said Foreman's two plants will be operated as a division of Motor Wheel, maker of wheels, hubs, furnaces, air conditioners and mobile home heaters.

McNamara, Hart Vote Yes for Foreign Aid

WASHINGTON (AP) — Democrats Patrick V. Mc Namara and Philip A. Hart of Michigan voted with the majority as the Senate passed the $4,125,600,000 foreign aid bill 60-25.

Earlier, McNamara and Hart voted against an amendment by Sen. Allen J. Ellender (D-La) to knock out of the foreign aid bill authority to use foreign currencies from sale of U.S. surplus farm commodities for redevelopment projects abroad. The Senate adopted the amendment 45-38.

Ike Riled at Cost of Wheat Setup

Demands Constructive Farm Bill in Message to Congress

WASHINGTON (UPI) — President Eisenhower said Tuesday the government is spending $1,000 every minute on a "self-defeating" wheat program and told Congress it is time to "face up" to the farm problem.

★ ★ ★

The President's blunt words in demanding enactment of what he called a "constructive" farm bill were made in a special message to the House and Senate on legislative programs he wants to see passed before Congress quits.

Eisenhower said that "in no domestic area do we have a more obvious need for corrective action" than in agriculture.

"We cannot wonder that the patience of our farmer wears thin," he added. "By force of law the government's surplus holdings, especially of wheat, impose an ever more onerous burden upon all citizens, our farmers particularly."

★ ★ ★

The President noted that in an effort to break the legislative stalemate on farm problems he submitted broad guidelines three months ago and said he would accept any "constructive" measure that Congress might enact within them.

★ ★ ★

"There is as yet no agreement on the part of the two houses of Congress on a constructive approach," he declared.

"Meanwhile farmers grow more concerned about their future, and our people generally become increasingly unhappy as their government expends a thousand of their tax dollars every minute on the self-defeating wheat program."

To Run on Dem Ticket for 5th District Seat

GRAND RAPIDS (UPI) — Attorney William G. Reamon has announced his candidacy for Democratic nomination for Fifth District (Kent-Ottawa counties) congressman.

Reamon, 33-year-old past president of the West Michigan Officials Assn. is opposed for the nomination by attorney Robert E. Gerach, 37.

The winner will face incumbent Rep. Gerald R. Ford Jr., (R-Mich) who has announced he is a candidate for re-election.

MOTHER OF YEAR HONORED — Mrs. Emerald Lucy Barman Arbogast, right, 72-year-old great-grandmother from Los Angeles, was named "The American Mother of 1960" at the annual Mothers' Conference in New York Tuesday. Mrs. Daniel A. Poling, left, president of the committee, made the official announcement. Mrs. Arbogast is the mother of six children, grandmother of 10 and great-grandmother of four. She advises: "Give 'em freedom but under strict supervision. Idle hands are bad." Because of a retarded son, she founded the York Boulevard School for Retarded Boys, and also another foundation.

Paraguay with a population of about 1,300,000 is the smallest among the South American republics.

SHAKE HANDS WITH THE DEVIL

Just Nibble—That's His Secret

Der Bingle Trim as Freshman

By BOB THOMAS

HOLLYWOOD (AP) — Tough break for Bob Hope. He has to destroy his joke file about Bing Crosby's fat because the Groaner is skinny now.

Bing is back in college—playing a tycoon who returns to his alma mater in "High Time"—and dog-gone if he doesn't have a freshman's figure. As he lolled between scenes with Tuesday Weld and fabulous Fabian, I asked him how he managed to win the battle of the bulge.

THOMAS

★ ★ ★

"I've been working at it a couple of years now," he reported. "I just got tired of carrying around that extra weight.

"The secret? There isn't any. I just eat less. Oh, I haven't lost my love of food. I still like eating. I like a belt before dinner and I always have wine with my meal. I just have smaller portions of everything."

Yes, but how does the system work when he's dining out?

★ ★ ★

"It works very well when you're at someone's house for dinner," he said. "The courses come and go and you can take nibbles of each plate. Usually there's enough chatter going on at the table that no one notices what you left."

Bing said his weight now hovers in the 158-160 area, which is a pretty good neighborhood for his 5 feet, 9 inches.

"Once I was up as high as 185," he recalled. "I was making a riverboat picture called 'Mississippi' and I had to wear those tight Southern pants. I looked like a sausage. It was always a wonder to me how I got another job."

★ ★ ★

Rumors of Bing's retirement recur and he sometimes adds fuel to them; but it appears certain that he has no intention of giving up show biz. He'll continue as a performer, working, as always, at his own chosen pace.

That pace is much more leisurely than in the days when he was making three movies a year, doing a weekly radio show and a full schedule of recording. Now he's averaging one film a year, two TV specials, occasional record dates and a morning radio show with Rosemary Clooney that takes little of his time.

★ ★ ★

"Hope and I might take the 'Road to Hong Kong' next," Bing said. "But we probably won't get around to it until next year."

Among the obstructions are Bing's plans to fish with pals in Alaska and to tour Europe with his wife Kathryn.

He'll be back in the fall to do some performing. Provided, of course, that it doesn't interfere with his fishing.

One out of three U.S. women work; one of every three U.S. workers is a woman; and one of every four married women has either full-time or part-time employment.

Exporters' Demand Boosts May Wheat

CHICAGO (AP)— A brisk demand by export interests boosted May wheat about a cent a bushel today during the first few minutes of grain futures dealings on the Board of Trade.

★ ★ ★

Rye also was firm but other grains were mixed and soybeans slightly weak.

★ ★ ★

Purchases of wheat by the United Kingdom, Holland and Pakistan overnight amounted to about 2½ million bushels, including some of the red variety which probably will be filled out of Chicago stocks.

India is expected in the market before weekend for about four million bushels.

Poll Supports Hare for 1961

Secretary Favored by 60 Pct. as Dem Choice for Governor

DETROIT (AP)—The Detroit News reported today that its pre-primary poll showed Secretary of State James M. Hare has more support for the Democratic nomination for governor than his three rivals combined.

The news, however, pointed out that the primary is three months away on Aug. 2.

In its poll, conducted by Market-Opinion Research Co. of Detroit, the News said Hare got 60.5 per cent of the votes, Lt. Gov. John B. Swainson, 23.6; Detroit Councilman Edward D. Connor, 7.3, and William L. Johnson, Upper Peninsula radio station operator, 4.6. Another 4 per cent had no choice.

News in Brief

The manager of Oakland Automotive Supply Corp., 233 S. Saginaw St., told Pontiac police Tuesday that someone had stolen 30 cases of gas and oil additives and 15 cases of headlights totally valued at $500 from the building.

Charles C. Zabriskie of 29 Monterey St., Highland Park, reported to sheriff's deputies yesterday that someone broke into his summer home on Tindall road, Holly Township, and stole a water pump, rifle, radio, and miscellaneous items valued at $211.

Several bottles of hair tonic, four cans of powder, and a radio valued at a total about $54 were stolen yesterday from Hank's Barber Shop, 8 W. Pike St., the owner told police.

Robert Anderson of 171 Earlmore Blvd. reported to police yesterday that someone stole a golf bag and six clubs from his car parked at his home.

Orville Hayward of 439 Midway St., told Pontiac Police Saturday that someone entered his home and stole his wallet containing $177 cash.

Court Refuses to Ship Injunction

Upholds First Ruling; Union Picketing Arab Freighter in Reprisal

NEW YORK (AP)—The U.S. Court of Appeals today refused an injunction to halt picketing of the United Arab Republic ship Cleopatra.

It upheld a ruling of the U.S. District Court.

The picketing has been carried on by the Seafarers International Union and the International Longshoremen's Assn., to protest the Arab Republic's barring of ports to United States ships calling at Israeli ports.

Trade union leaders in Cairo, Egypt, have launched an Arab boycott of United States vessels in reprisal against the Cleopatra picketing.

★ ★ ★

The Cleopatra incident has drawn the attention of various United States officials, including the State Department, Sec. of Labor James P. Mitchell and George Meany, AFL-CIO president.

The freighter has been docked at a Manhattan East River pier since April 13.

Mart Keeps Up Slight Advance

NEW YORK (AP)—The stock market continued to gain slightly early this afternoon as trading slackened.

Advances of fractions to about a point among key stocks outnumbered losers.

The list retained some momentum from yesterday's sharp rebound above the 1960 lows and market analysts said today's performance was true to form.

A few of the "romance" issues made strides while others were clipped by profit taking. Profits were taken also on some of the steels and motors which made strides yesterday. These groups were mixed, along with nonferrous metals, tobaccos and airlines.

Rails, chemicals, rubbers and electronics advanced.

Polaroid clipped more than 2 points from the 11¾ jump of the previous session. Universal Match added a point to yesterday's rise of 7½.

Motorola advanced another 5 points or so, Thiokol about 2. Ahead more than a point were Thompson Ramo Woolridge and Ferro, the latter widely recommended recently.

Du Pont gained about 2 despite lower earnings. Union Carbide and Eastman Kodak rose a point or so while Allied Chemical and American Cyanamid gained fractions.

Liggett & Myers showed a small plus sign for a while then took a net loss. The company received a directed verdict in its favor at the end of the widely publicized suit linking cigarettes and lung cancer. Lorillard was up about a point for a while then traded about unchanged. American Tobacco dropped a fraction.

American Motors was active and up about a point while Ford and Chrysler declined slightly and General Motors showed little change.

Title Insurance Concerns Merge

'Lawyers' Firm Gets Controlling Interest in 'Abstract'

Lawyers Title Insurance Corp. has acquired controlling interest in Abstract & Title Guaranty Co. for approximately four million dollars, it was disclosed today.

★ ★ ★

Both companies have offices in Pontiac.

Officials of both companies said they expected no disruption of service nor any big personnel shifts.

The change was disclosed in Pontiac in an announcement released by Edward Maier, senior vice president of Abstract & Title Guaranty Co.

★ ★ ★

The announcement was from officials of Lawyers Title Insurance Corp., a national company.

Frederick A. Thomson, vice president of the company, said the purchase reflects "confidence" in the economic future of Michigan.

Abstract & Title Guaranty Co. is the oldest title insurance company in Michigan. It's headquarters is in Detroit and there also is a Mount Clemens office.

★ ★ ★

Maier is manager of the Pontiac office and Russell Doolittle is manager of the Pontiac office of Lawyers Title Insurance Corp.

Try Chevy Dealers on Price-Fix Count

DETROIT (AP)—The Detroit Chevrolet Dealers Assn. and 22 Chevrolet dealers went on trial in U.S. District Court yesterday on charges of conspiring to fix prices.

The government contended the indicted agreed to fix prices so that they would realize a profit of at least $225 on each car.

Lynn Wertz, a former Detroit Chevrolet dealer, testified for the government that a meeting was held in 1956 in which the association's officers and board of directors originated the plan for the $225 minimum.

Enough wood to build 25 six-room houses is contained in the wooden matches which are consumed every 24 hours within the United States.

One of 15 Available

Ivory Top Pontiac Color

In 1925 you could count the different car colors on one-hand and ignore your thumb.

★ ★ ★

During the fall of that year the first Pontiac was introduced. The new car was an immediate success and it featured a "rainbow" of Duco color choices; black, green, deep maroon or dark blue.

No less than 15 Magic-Mirror lacquer finishes are available on the 1960 Pontiac. The most popular is shelltone ivory, a near-white, applied to 22 per cent of total production.

The second most popular color choice is Coronado Red at over 11 per cent, with Shoreline Gold and Skymist Blue in a tie at 8.5 per cent. Black is clipping along at 6 per cent, out ahead of eight other Pontiac colors in popularity.

Of the Pontiac convertibles 38.4 per cent are finished in ivory, 18.4 per cent are red and 10.4 per cent are blue.

The 1960 Pontiac is most popular in solid colors, especially in hardtop and sedan models, where the ratio is two to one.

Dow Declares Dividend

MIDLAND (AP) — Dow Chemical Co. declared a quarterly dividend of 35 cents a share, payable July 15 to stockholders of record June 15. The payment for the same quarter last year was 30 cents. Dow raise its rate to 35 cents last January.

Ground-Breaking Rites Start Shopping Center

INDEPENDENCE TOWNSHIP—Ground-breaking ceremonies for the two-million-dollar North Pointe Shopping Center on Dixie highway and Clarkston road were held at noon yesterday.

★ ★ ★

The first two in a group of 20 stores will be a $300,000 early American-styled A & P store and a $100,000 drugstore.

The entire semi-circle of business places will follow the same early American design, and the surrounding area will be landscaped to blend with the center.

Plans for the present unit were negotiated by Clarkston Real Estate, Inc. and White Brothers Real Estate Co. of Waterford.

NEGOTIATE MORE LEASES

Additional leases are also being negotiated by the same companies.

There will be blacktop parking accommodations for 1,200 automobiles, with easy access from both Dixie highway and Clarkston road (M15).

The new A & P store will be the company's fifth building of early American design in Oakland County, according to Stephen A Zipay, the firm's real estate manager.

★ ★ ★

The store will feature automatic checkout stands, wide, convenient shopping aisles and complete self-service operation.

It will be air conditioned, and the loading ramp in front of the building will provide the latest in shoppers' conveniences.

The builders, Kolarik & Cronk, Inc., are working toward a mid-October opening.

Waterford Twp. School Board Calls Meeting

A special meeting has been scheduled by the Waterford Township Board of Education for 7:30 p.m. tomorrow.

The Board will review the personnel committee's request for street crossing guards, and discuss matters involving teachers' pay, according to Supt. William S. Shunck.

★ ★ ★

He also will recommend that the Board borrow funds on 1960-61 state aid payments. Approval of new teacher contracts will be asked, too.

Procedures used in acquisition of school sites will be discussed, and the Board is expected to give final approval on plans of the new high school.

A Real Family Affair

LYNDONVILLE, Vt. (UPI)—The general psychology class at Lyndon Teachers College has been turned into a family affair. Attending classes are Mrs. Virginia Eaton, 39; her daughter, Mrs. Frank Follett, III, 19, her husband, 24, and his 21-year-old brother, Harrison.

Committee Defies Ike, OKs Federal Wage Hike

WASHINGTON (AP)—A 9 per cent pay boost for federal workers was approved today by the House Post Office and Civil Service Committee in defiance of administration protests.

★ ★ ★

The increase would take effect on the first pay day of the fiscal year beginning July 1, fattening the paychecks of 1,700,000 employes.

It would cover just about everyone working for the government except for top administrators and 700,000 laborers and mechanics whose wages are geared to local rates.

Although strictly a percentage increase for most employes, it would provide for a minimum increase of $360 a year, applying only to the lowest grades.

★ ★ ★

The bill, as it emerged from committee, represents a victory for employe groups and a setback for President Eisenhower, who has repeatedly said no pay raises were justified this year.

'Whites Going to Stay,' Says African Official

LONDON (AP)—Foreign Minister Eric Louw said today South Africa's government intends to maintain its basic policy of racial segregation to preserve the white man's position there.

Louw spoke at a news conference after beginning private talks with leaders of the British Commonwealth on South Africa's racial policies. They have been hoping to promote some moderation in the application of apartheid—segregation.

★ ★ ★

"In other parts of Africa the white man is abdicating," Louw said. "White residents there can return to their home countries. But we three million whites in South Africa are a permanent population. We are the descendants of people who have lived there for 300 years. We are not prepared to be submerged."

Louw spoke in schoolmasterly tones to 150 newsmen gathered at South Africa House. There were no nonwhites at the news conference.

Outside in Trafalgar Square 1,000 people chanted: "Murder, murder," as South African delegates left for the afternoon session of the Commonwealth prime ministers conference.

★ ★ ★

The atmosphere in the news conference was almost as edgy as that on the pavement outside. Louw, 69, began by saying he did not come to the Commonwealth conference as a defendant or a penitent.

He explained that he had engaged in private conversations about racial problems with other members of the multiracial Commonwealth, and would continue these talks Thursday and Friday.

LAUNCH SHOPPING CENTER — State Sen. L. Harvey Lodge (R-Oakland County) turns the first spade of dirt to launch a two million dollar shopping center near Clarkston. Also on hand for yesterday's ground-breaking ceremonies were, kneeling from left, real estate salesmen Gerald Anderson and William Paul and Independence Township Supervisor Duane Hurstfall; standing from left, Robert L. Kolarik, builder, Township Building Inspector James Gardner, real estate agent William Kushman, State Rep. Lloyd L. Anderson (R-Waterford Township), Sen. Lodge, and real estate agents Stephen Zipay and Lloyd G. Kirby.

AF Jet Crashes, Pilot Walks Away

MOUNT CLEMENS (AP)—An Air Force delta-wing jet fighter crashed north of Mount Clemens today, but the pilot walked away from the wreckage. His identity was not learned immediately.

★ ★ ★

The plane, which witnesses said apparently was attempting a crash landing in a field, knocked down a power pole and live wires which dropped on a nearby market and set it afire. The market was destroyed.

The scene was Gratiot avenue and 23-Mile road. The market was known as Phil's.

CONELRAD Comes In Fine Here

Tests Shelter in CD Alert

Yesterday's national civil defense test alert was a special occasion for Mrs. Clarence H. Dolsen.

She retired to the prototype fallout shelter in her basement to listen to the half-hour special broadcast over CONELRAD, the civil defense airwaves.

She had two portable transistor radios furnished by the Pontiac Office of Civil Defense. One was turned to 640 on the AM dial, the other to 1240.

Local civil defense officials had asked her to see how well the broadcasts came through in the shelter.

★ ★ ★

"The reception was fine throughout the broadcast," she reported to Robert A. Stierer, deputy civil defense director.

It is in the basement of Mr. and Mrs. Dolsen, 88 W. Walton Blvd., that the city is readying for public inspection the kind of fallout shelter which the federal government has recommended for all homes.

In connection with President Eisenhower's talk on "Operation Alert 1960" over CONELRAD yesterday, the city has stationed at Saginaw and Huron streets two pieces of civil defense equipment—the airport crash truck and a rescue truck, both on display today.

★ ★ ★

Stierer said that the city received praise from the Office of Civil and Defense Mobilization for its treatment of civil defense in the city's annual report, published last month as a supplement to The Pontiac Press.

★ ★ ★

The praise came from Henry P. Austin Jr., administrative director at regional headquarters in Battle Creek, who called the two-page spread on civil defense "terrific!"

U.S. Protests Davis' Ouster

Dominican Nation Gives Poor Reason in Telling Diplomat to Go Home

WASHINGTON (AP)—The United States today protested as "unsupported and unjustified" the the Dominican Republic's ouster of American diplomat Carl E. Davis.

The State Department said Davis, 33, a public affairs officer at the U.S. embassy in Ciudad Trujillo, had been ordered out on grounds that he "conveyed material derogatory to the Dominican Republic to a British newspaperman."

State Department press officer Lincoln White said Ambassador Joseph S. Farland, had been unable to get further reasons for the expulsion from Dominican Foreign Minister Porfirio Herrera Baez.

White said the government of dictator Rafael Trujillo has been told by Farland that he considers the expulsion "to be unsupported and unjustified."

★ ★ ★

He added that actions by Davis in talking with newsmen and supplying them with information are normal activities for his job.

White said the State Department "views with displeasure this further restriction imposed on the free flow of information" out of the Caribbean dictatorship.

Girl, 4, Satisfactory After Car Hits Her

Carol Evans, 4, daughter of Mr. and Mrs. Charles Evans of 276 Elm St., is in satisfactory condition at St. Joseph Mercy Hospital today.

★ ★ ★

She was struck by a car when crossing Jessie street at Raeburn street Tuesday evening and was admitted for observation of head cuts and chest pains.

The driver, Sandra L. Pasugno, 17, of 325 Raeburn St., told Pontiac police she didn't see the girl walk in front of her car and didn't realize she'd hit someone until a witness shouted at her to stop.

In the Lion's Den

CAIRO (UPI)—A Pomeranian puppy, frightened by firecrackers on the Bairam holiday, jumped into the lion's den at the Cairo zoo. The unperturbed lion sheltered him with a friendly paw while guardians tried in vain to coax him out. He finally bounded away unharmed when his mistress whistled.

Driver Licenses to Change Color Next 3 Years

LANSING (AP)—Michigan's driver licenses will gradually change color over the next three years.

The familiar white-on-black licenses most motorists carry in their billfolds are being replaced.

★ ★ ★

New black and gray licenses are being turned out by the Secretary of State's office at the rate of 5,500 a day.

★ ★ ★

First-time drivers will be issued the new licenses. Motorists renewing every three years on their birthday dates also will be supplied with the up-to-date licenses.

★ ★ ★

Secretary of State James M. Hare said the new licenses are more readable. They are printed on safety paper to make them harder to falsify.

Play's the Thing, Finds Hollywood Night Club Owner

HOLLYWOOD (AP) — The famous Moulin Rouge nightclub near Sunset and Vine is going straight, Owner Frank Sennes is turning the place into a legitimate theater.

Why? Inflation, Sennes explained Tuesay.

"An average couple today can't enjoy a night out for less than $30—and how many millionaires are there?" Sennes said. "The only time I show a profit is when I can book big names like Louis Prima, Keely Smith and Red Skelton—and I can't get them year round."

Sennes plans to install 1,500 seats, but he'll keep cocktail bars going in the lobby. The Moulin Rouge was built and operated by the late Earl Carroll and taken over by Sennes 10 years ago.

Census Still Going On; 180 Million Doubtful

WASHINGTON (AP)—The 1960 census produced a still-incomplete population count of 173,461,065 during April.

★ ★ ★

Announcing this today, the Census Bureau said it will be "nip and tuck" whether the final count is as high as the advance population estimate of 180 million.

Papers to Aid Michigan Week

16 Newsmen Placed on Committee to Push State's Advantages

LANSING (UP) — Paul A. Martin, publisher of the Lansing State Journal, has announced the appointment of 16 district chairmen for the newspaper committee of the May 15-21 Michigan Week.

"This is a great opportunity for the press of the state to tell the full Michigan story, thus making a vital contribution to the economic well being of the state," said Martin, chairman of the newspaper committee.

"Our committee is calling on publishers and editors to devote all possible space before and during Michigan Week to the many fine things we have in Michigan," he said.

Martin said George T. Campbell, national advertising chairman of the Owosso Argus Press, chairman of the newspaper advertising committee, also was urging advertisers to cooperate in special promotions.

★ ★ ★

Named district chairmen of the newspaper committee were:

Donald L. Frazer, editor, Adrian Telegram; Hobart Chipman, managing editor, Battle Creek Inquirer & News; Leslie E. Arndt, editor, Bay City Times; Howard L. Cogan, managing editor, Cadillac Evening News; Frank Angelo, managing editor, Detroit Free Press; Harry H. Weinbaum, editor and publisher, Courier newspapers, Wayne County; Jean Worth, editor, Escanaba Daily Press; Harold F. Diehm, news editor, Flint Journal;

M. M. Kesterson, managing editor, Grand Rapids Press; John W. Rice, editor-publisher, Houghton Mining Gazette; Norris Ingalls, city editor, Mt. Pleasant Times-News; Bernard P. Lyons, news writer, Port Huron Times-Herald; Harry H. Whiteley, publisher, Presque Isle County Advance, Rogers City; Ray Haynes, promotion manager, Benton Harbor News-Palladium; Stanley R. Pratt, general manager, Sault Ste. Marie Evening News, and Austin C. Baldt, publisher-editor, Traverse City Record-Eagle.

Frost Wants Book-Reader for President

WASHINGTON (UPI) — Poet Robert Frost says he would vote for a book-reading man for president, especially if the candidate read his works.

★ ★ ★

Frost declined to make any predictions as to the next president. But he singled out Democrats Sen. John F. Kennedy and Adlai E. Stevenson as his kind of candidate.

When reminded by a newsman that he once predicted Kennedy would be the next occupant of the White House, Frost said that was a "bold prediction." But with a wink he added, "He's a literate man, though."

He said Stevenson also has the qualities he admires. Frost said he always had "a weakness for people who read books, especially mine."

Senate Approves Padded Space Bill

WASHINGTON (UPI)—The Senate approved a civilian space authorization bill totaling $50,000,000 more than President Eisenhower sought Tuesday after hearing a Democratic warning against placing "financial roadblocks on our path to the stars."

The roll call vote was 78 to 0 for passage of the bill.

The measure would fix a ceiling of $970,000,000 on outlays by the National Aeronautics & Space Administration (NASA) in the new fiscal year beginning July 1. Included was some $230,000,000 for the Saturn super rocket and $107,750,000 for manned space flight.

Auto Producers Top Paper Ad Users in 1959

The Big Three — General Motors, Ford and Chrysler, in that order — were the leading users of newspaper space among national advertisers in 1959, says the Bureau of Advertising of the American Newspaper Publishers Assn.

GM, with an increase of 11.6 per cent over its 1958 expenditure, chalked up a total of $38,622,558 last year. Ford's $19,679,542 was 1.6 per cent under the 1958 figure.

Chrysler, with an expenditure of $17,193,094, was up 7.1 per cent from 1958.

American Motors made the biggest dollar gain among all national newspaper advertisers in 1959.

Its expenditure was $3,507,433, as compared with $4,295,899 in 1958.

This 96 per cent increase boosted AMC from 21st place among national newspaper advertisers in 1958 to seventh place last year.

Governor Says Citizens Resent U.S. Census

INDIANAPOLIS, Ind. (UPI) — Gov. Harold Handley of Indiana has told Congressman John Lesinski of Michigan that, in his opinion census questions have been expanded to the extent that the public resents the census, and also the government.

Handley replied to a questionnaire sent out by the Michigan Democrat, who is chairman of the governmental statistics.

The subcommittee is getting ready to conduct hearings in Washington on a bill to change the census to once every five years instead of the present ten-year interval.

Handley said, "that to double the number of census takings would be an unnecessary national expense when our federal budget is already out of balance and our national debt an ominous and oppressive fact."

★ ★ ★

"I also believe that the census questions have been so expanded that many people resent them, and thus also resent their government."

Rules Cooperatives Subject to Trust Law

WASHINGTON (UP) — The Supreme Court has ruled that farmers' cooperatives are not immune to antitrust laws if they try to stifle competition.

In a unanimous ruling Monday, the court turned down the argument of the Maryland and Virginia Milk Producers Assn., Inc., that antitrust action does not apply to it.

Justice Hugo L. Black wrote in the majority opinion that the purpose of the Capper-Volstead Act was to give farm coops the same competitive advantages available to businessmen acting through corporations.

But, Black said, "it does not suggest a congressional desire to vest cooperatives with unrestricted power to restrain trade merely by preying upon independent producers, processors or dealers intent on carrying on their own businesses in their own legitimate way."

Conservative 'Good Taste' Wins Awards

NEW YORK (UPI) — Traditional designs were favored in the first "good taste" awards presented by the Institute of Approval, Inc., to eight products and services ranging from the interior of a jet airliner to children's clothes.

"In the first awards we have purposely veered toward the conservative, or what might be termed the dynamic conservative," said Lady Malcolm Douglas-Hamilton, Boston-born socialite who founded the institute.

"Our yardstick was whether the product or service was in good taste, the integrity of the corporation behind it, the price range so that it would reach the average consumer, and national distribution," she said.

A panel of 75 women prominent in social, charitable, civic, professional and cultural circles made the selections.

Charley Weaver Betters BB for Overexposure

By FRED DANZIG

NEW YORK (UPI)—You can tell the steam has left the TV season when the surprise guest on a special turns out to be Charley Weaver.

So far this year, old Cliff Arquette, as Charley, has been seen on as many shows as brand "X."

Last night, Charley was served up as the surprise on NBC-TV's Startime special, "Fun Fair," which was described as a salute to the institution of the county fair.

The saluters on this nondescript, soggy production were Celeste Holm, Jaye P. Morgan, Peter Palmer, Margaret Hamilton, The Great Ballantine and dancer Lisa D'Orso.

★ ★ ★

The first few moments of the show had style and meaning. After that, nothing. The hour was nearly half gone before we got to the fairgrounds and saw our first balloon or blue ribbon.

Until then, producer Lyn Duddy's performers spent the time singing about going to the fair, having fun at the fair, and loving county fairs. The lyrics unrolled the plodding rhymes, matching "people" with "steeple" and "ferris wheel" with "start to squeal."

There also was some looing around with a boy-girl theme, but this got lost before the middle commercial (which, I might add, contained more of the fairground's atmosphere than the show itself did).

Charley Weaver moseyed on camera at the fairground, when the action finally got there, and read a letter from momma. Here's a character who is this year's prime example of over-exposure. (Last year it was Brigitte Bardot, so at least he's in special company.)

The only real fun on the "Fun Fair" came from Ballantine the great, that wild, narcissistic clown whose only apparent feat of magic is to become all thumbs right before our eyes. He always manages to mix new material with the old.

Miss Holm, as befits the hostess role, did her professional best to holly things along. I noticed that Hermione Gingold and Marion Marlowe were originally announced for the show but later dropped out. They have good radar.

DIALING AND FILING: The mustache that Peter Lawford grew, seen on last night's Garry Moore Show, makes him look like another Ernie Ford. On the same show, Carol Burnett produced happy results with her slick takeoffs on various girl singer-types . . . The eyebrow-raising development of the TV night was the failure by Carol Haney to win the Arthur Murray dance contest. Gene Barry defeated her, proving that the western is still a potent TV force.

THE CHANNEL SWIM: The hour-long adventure series Rory Calhoun was to have starred in and produced for CBS-TV next fall has been shelved . . . Ditto the variety hour Pat Boone was to do for ABC-TV.

Nanette Fabray's NBC-TV Startime special, announced earlier this week for a May 31 airing, as being postponed indefinitely . . . Estelle Winwood is the guest in "Ferry to Algiers," the Bourbon Street Beat episode on ABC-TV for June 6.

Starting June 27, NBC-TV's Friday's night fight slot will be of nine repeats of dramatic and documentary programs.

Reruns include Sunday Showcase productions of "What Makes Sammy Run," "One Loud, Clear Voice" and "After Hours," and NBC's Project 20 production of "The Innocent Years," "Not So Long Ago" and "The Jazz Age."

The Kate Smith Show vanishes over the CBS-TV mountain after July 18 . . . Jack Kelly, costar of ABC-TV's Maverick, has settled his contract dispute with Warner Bros.

Blast at Broadcasters Ends Payola Hearings

WASHINGTON (AP) — House investigators have closed the books on their marathon payola inquiry with a new blast at broadcasting standards and a promise to do something about them.

★ ★ ★

The parting shot was a congressional report that payola has been a lavish practice affecting the TV-radio industry in all parts of the nation.

The report was coupled with a new barrage at Dick Clark, the disc jockey king, and complaints that television is riddled with trash, inept programming and too much commercializing.

★ ★ ★

President Leonard H. Goldenson of the American Broadcasting Co. conceded the industry has its problems. But he said things are improving and that next fall will bring more quality programs than ever before.

★ ★ ★

Goldenson was one of the final witnesses as the House Legislative Oversight subcommittee concluded hearings late Tuesday on the payola inquiry that began last November.

★ ★ ★

Chairman Oren Harris (D-Ark) predicted action within the next few days on remedial legislation.

The subcommittee's parent House Commerce Committee, of which Harris also is chairman, now has before it bills to outlaw deception in broadcasting, impose stringent curbs on payola and license TV-radio networks. Only individual stations now are licensed.

★ ★ ★

Before adjourning the hearings, Harris introduced a report that 130 record distributors across the nation doled out $264,244 in payola in 1958-59.

This information was compiled by subcommittee investigators from questionnaires sent to 230 distributors in 23 cities.

The subcommittee also put in its record an analytical study of the records played on Clark's matinee TV show, "American Bandstand."

★ ★ ★

The study said Clark "pushed songs in which he had an interest."

Clark had testified he selected records for his show strictly on merit.

Clark also vowed that he never took payola or any form of undercover paymept to plug records on his show.

★ ★ ★

Rep. Peter F. Mack Jr. (D-Ill) said the hearings convinced him that "Dick Clark not only is the top disc jockey in the country but also is top dog in payola."

Curb on Union Politics Asked

Goldwater Urges That Backing Hopefuls With Dues Be Outlawed

WASHINGTON (AP)—Sen. Barry Goldwater (R-Ariz) today proposed that Congress curb the political power of labor unions by permitting only individuals to make political contributions.

The use of union members' dues to support candidates picked by labor leaders "seriously compromises American freedom," Goldwater said in a speech prepared for the United States Chamber of Commerce.

★ ★ ★

The Corrupt Practices Act forbids such activity in theory, the senator said, but the unions have circumvented it by setting up educational affiliates to handle the money while "Congress and the courts have looked the other way."

SEEKS NEW LAWS

"The only remedy, it appears, is new legislation," the Republican told delegates to the chamber's 48th annual meeting.

"To achieve the widest possible distribution of political power, financial contributions to political campaigns should be made by individuals and individuals alone.

"I see no reason for labor unions—or corporations—to participate in politics. Both were created for economic purposes and their activities should be restricted accordingly."

★ ★ ★

Under union shop conditions, Goldwater said, the only way a unionist can avoid contributing to the campaign of a candidate whom he may oppose is to quit his job.

Manhattan Is Getting 'Largest' Motor Hotel

NEW YORK (UPI)—A real estate firm announced today that it plans to build the world's largest urban motor hotel in Manhattan.

The Glickman Corp. said the 21-story hotel would occupy 27,000 square feet on the 12th avenue blockfront from 42nd to 43rd streets near the Hudson River. It will be called "The River View."

Its cost estimate by Louis J. Glickman, president of the firm, is $9,500,000.

The hotel will have a five-story garage and service station accommodating 350 autos. It is scheduled for completion in the summer of 1961.

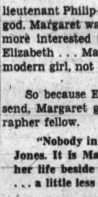
European Newspapers Have No Holds Barred

By EARL WILSON

LONDON — I'm so glad I can read French and know all the uncomplimentary things the Paris papers are saying about Princess Margaret's wedding.

★ ★ ★

"La Revanche de La Petite Princesse," screams the Paris headline. "C'est Margaret que Philip devait epouser!"



WILSON

No kidding! Really, now? "The Revenge of the Little Princess. It is Margaret whom Philip should have married!" Mmmmmm. Let's read on—quick—before some bobby snatches this paper out of our hands.

"Margaret was a difficult child—George VI wanted to furnish Margaret an occasion to affirm herself. What better way than to have her marry first?

"But to whom? He thought of a young lieutenant Philip Mountbatten. He was as handsome as a young god. Margaret was 16. It was love at first sight. But Philip was more interested in one sister than the other . . . the older, Elizabeth . . . Margaret, unhappy, decided to live like a young modern girl, not caring about who said what . . ."

★ ★ ★

So because Elizabeth wouldn't let her marry Peter Townsend, Margaret got revenge by getting engaged to a photographer fellow.

"Nobody in the world could stop her from becoming Mrs. Jones. It is Margaret's revenge. She will pass possibly all her life beside a man who loves her but whom she loves . . . a little less . . ."

So there you have the French explanation of the whole thing, all fixed up to be read as though it were a mixture of Shakespeare, O'Neill and Tennessee Williams. If this newspaper's summarization is correct, than we reporters here are watching a "Hamlet" or maybe a "Mourning Becomes Electra."

★ ★ ★

But now let's have a fact or two. Who really knows what Margaret's motive was in getting engaged to a photographer? Could it have just been something simple, such as that he "raced her motor," as they used to say on Broadway. Maybe he thought she just didn't want to be an old maid any longer.

I find the revenge theory "doesn't go down well." And I also find that, no matter how much they get clobbered over the head, the American newspapers are pretty wonderful compared to what you discover over here in the old country.

Finds Out Where the Money Is

This Teacher Learns a Lesson

DETROIT (UPI)—It this fellow Richard Montanaro keeps it up the teacher shortage could become a lot more critical than it is.

★ ★ ★

Montanaro is a young man who decided he could make more money selling cars than he could teaching.

So last year he sold a mere 329 cars and trucks and earned a not-so-mere $49,000.

Montanaro, according to official General Motors figures, was the top Chevrolet salesman in the United States last year. And so far this year he's at least 20 per cent ahead of his 1959 pace.

★ ★ ★

Montanaro, 34, attended Ohio State University and then began teaching radio and speech as an undergraduate assistant. Later he took a job with the old Packard Motor Co., then came to Detroit where he began teaching speech at the University of Detroit. And selling cars on the side.

It wasn't long before he saw there was more money in selling cars than teaching, and in 1956 he joined his present boss as a Salesman. In that year he made $11,000, in 1957 more than $20,000, in 1958 more than $30,000 and last year $49,000.

Montanaro's sales pitch and flow of words leave one feeling about as helpless as the little boy with his finger in the dike. Here's his story as he tells it:

"Hello. What kind of car are you driving, what kind are you interested in buying? Ha ha, just kidding. You want to know what my secret is?

★ ★ ★

"I don't have any secret. Just treat 'em right. Never cheat the customer. Tell 'em the truth. I've been lucky. Still don't believe it's happening to me, it's like a dream and I hope I never wake up.

"Good business is never done except in a good frame of mind. Sometimes, when I have half a dozen or more customers waiting to see me, I send 'em all out to a restaurant for dinner—on me—until I get a chance to wait on them.

"I sell about 35 per cent of my cars on the phone. People call up and ask 'how much will you give me for my '53?' When they come in that night, I say 'there's the black job you want, just the thing for you.' They laugh. But they buy it. They want a car or they wouldn't have called me in the first place.

★ ★ ★

"How long a week do I work? Well, I'm up about 8 a.m. and on the go 'til 9 or 10 at night. But never Sundays. No sir, that day's for church and my wife (Elaine), my. wife out to dinner, or maybe we play a little badminton in the backyard. I live a simple life—no swimming pool in the backyard. "But I love selling cars. It's terrific. They call it a rat race. It's how do I relax? I'm not a night-clubber. I go home at night, take that's what it takes. You've got to feel what the guy across the desk from you is feeling."

Ike Asks Extension of Sugar Quotas

WASHINGTON (UPI)—President Eisenhower Tuesday renewed his request to Congress for a four-year extension of the Sugar Act fixing import quotas, plus new authority for him to adjust the levels.

While the President did not say so, the measure could be used to cut purchases of sugar from Cuba if anti-Americanism in that country reached a point where such a step would be necessary.

★ ★ ★

Eisenhower's call for a "badly needed" extension of the Sugar Act, which is scheduled to expire next Dec. 31, was included in a special message calling on Congress to act on a wide range of administration measures.

★ ★ ★

"At stake are an assured and stable supply of sugar for our people at reasonable prices and removal of the uncertainties now facing this industry," he said.

Asks Educators to Train Citizens, Not Specialists

LONDON (AP) — Prince Philip opened a four-day conference of the U.N. Educational, Scientific and Cultural Organization Tuesday. The husband of Queen Elizabeth II called on educators to train citizens, not specialists.

★ ★ ★

"The oldest, the most difficult and the most serious problem which the world faces today is the problem of self-government and the relations between communities," he said.

★ ★ ★

"Therefore the thing we ought to worry about is the education of people as citizens because it is people as citizens and not as specialists, humanists or scientists, who are going to decide the fate of the world."

Less than one-fifth the U.S. population lives on farms.

Taxes Will Be Reduced in Traverse City for '60

TRAVERSE CITY (UPI)—Traverse City taxpayers are getting their first city tax rate reduction since 1947.

★ ★ ★

The City Commission last night adopted a balanced budget for the 1960-61 fiscal year of $846,317, which compares with the past budget of $854,173. It was estimated the millage decrease caused by the new budget will save taxpayers about 42 cents each on their bills.

★ ★ ★

The administration of City Manager N. G. Damoose was cited for enabling the reduced budget to be adopted while services remain intact.

Wake up rarin' to go

without nagging backache

Now! You can get the fast relief you need from nagging backache, headache and muscular aches and pains that often cause restless nights and miserable tired-out feelings. When these discomforts come on with over-exertion or stress and strain—you want relief—want it fast! Another disturbance may be mild bladder irritation following wrong food and drink—often setting up a restless uncomfortable feeling.

Doan's Pills work fast in 3 separate ways: 1. by speedy pain-relieving action to ease torment of nagging backache, headaches, muscular aches and pains. 2. by soothing effect on bladder irritation. 3. by mild diuretic action tending to increase output of the 15 miles of kidney tubes.

Enjoy a good night's sleep and the same happy relief millions have for over 60 years. New, large size saves money. Get Doan's Pills today!
