Mailmen Handling Record Volume

Pontiac Press Photo

TIDINGS OF JOY — Douglas C. Treasis, temporary Pontiac mail carrier, hoists a bulging sack of letters, cards and publications to his shoulder in a typical pre-Christmas scene at the city's busy post office. Treasis, a student at Michigan State University, is among temporary employes hired this year to help distribute what is expected to be the largest flood of yuletide mail in area postal history. Employes at the main office and branch stations are currently working on an extended schedule to handle the record business.

Surviving Brodie Siamese Twin Home for Holiday

FERRIS, Ill. (INS) — Rodney Brodie, first head-joined Siamese twin to survive separation surgery, was back on his farm home at Ferris, Ill., today and looking forward to spending Christmas with his brothers and sisters.

The four-year-old boy was picked up at the Illinois Masonic Hospital in Chicago yesterday by his father Hoyt, and motored to the Brodies' farm.

Rodney was separated from his brother, Roger, in an historic operation two years ago. Roger died a short time later

For a time, it looked like Rodney was well on his way to a normal life but last April his brain began hemorrhaging.

He was rushed back to the hospital and hovered near death for days. The internal bleeding still has not stopped altogether but he has recovered enough to leave the hospital.

Economist Terms Highway Needs 'Above Average'

Says Normal Financing Formula Unsatisfactory for Oakland County

Oakland County's snowballing highways needs have placed it in a special category apart from other Michigan counties in relation to road financing.

This was revealed in a report made by Richard M. Zettel, a University of California economist hired by the Legislature, County Plan Commission Highway Engineer Robert A. Larson said today.

Oakland road needs are "considerably higher" than in other counties with similar traffic and population characteristics, said Zettel, and "because of rapidly accumulating traffic deficiencies in recent years, any formula that applies fairly well to all other counties is bound to leave Oakland with a large surplus of needs" over incoming money.

Zettel recommended a formula for distribution of highway funds which would provide other counties with sufficient funds to bring roads up to standard within 15 years.

The same formula, however, would leave Oakland $64,500,000 short at the end of the 15-year span, Zettel stated.

No formula generally adequate over the state will suitably take care of Oakland, he explained.

The economist suggested two steps which might solve the county's special problem:

1. An added appropriation to Oakland from the state might be made each year before the general formula is applied.

2. State trunkline mileage in the county might be expanded allowing the State Highway Department to spend more of its money in the county.

The Coming of the King

VII—The Gifts of the Magi

By NORMAN VINCENT PEALE

In the world of two thousand years ago, wise men were called "magi" and, often, because of their wisdom were made kings by their people. But, being wise men as well as kings, they knew they must come to worship a king even greater than they, so they continued to follow the star that had led them from their homes.

Finally Caspar, Melchior and Balthazzar—for those were the names of the magi—noticed that the star had stopped moving just above the inn in Bethlehem. They got down from their camels, followed the rays of the star into the stable and found that their journey ended at the manger where lay the infant Jesus, His mother Mary standing at His side.

THE STAR IN THE EAST

They fell down on their knees and prayed and worshiped Him. Then they gave Him gifts they had bought with them from the East. Caspar brought Him gold, for the many material things we hold precious. Melchior gave Him frankincense, a fragrance, which stands for the thoughts we have in our minds. And Balthazzar's present was myrrh, a bitter gum, representing the sorrows we all must face. In those days, gold and frankincense and myrrh were rare and valuable, truly the gifts of kings.

Of course, Mary was astonished when these important men came and knelt down before her baby, just as she had been when the shepherds came and told her their story. But in her heart she was certain that her baby had a wonderful mission in the world.

While these thoughts were passing through Mary's mind, quite different thoughts were going through the mind of King Herod back in Jerusalem. What could he do, he asked himself, to prevent this child from taking his throne?

Speeder Sought After Car Hits Elderly Walker

Police Conduct Search for Vehicle With Dented Right Front Fender

A 74-year-old man, struck down by a hit-and-run driver Sunday evening, died three hours later in Pontiac General Hospital.

Police said Wellington McDonald, 3635 Joslyn Rd., was walking alone down the shoulder of E. Walton Blvd. when he was hit at 6:45 p.m.

According to witness reports, a speeding automobile with one headlight out, struck Wellington from behind.

Witnesses said that the car skidded about 100 feet after hitting Wellington, came to a stop, and immediately left at a high rate of speed.

A general description of the vehicle was sent to all law enforcement agencies in Oakland County. The car was described as a 1954 or 1955 Ford.

The right front fender probably is smashed because of the accident, police said, and the left front headlight is out.

Wellington was hit a few blocks away from the Joslyn road home of his daughter, Mrs. Jesse Yarbrough, where he was visiting. She said that he was on his way home when the accident happened.

Wellington was a widower, whose home is in Doniphan, Mo., according to police.

Authorities in the hospital have not yet determined the exact cause of the victim's death, but said that he had at least suffered a broken arm, hip and ankle.

Another driver, going the other way, stopped to aid the injured man and summoned police.

Police said that Wellington is the sixteenth person to be fatally injured in Pontiac this year, bringing the city's death toll so far this year to one short of the record 17 dead, set in 1950.

Unusual Gifts Answer to Problem of Giving to Ones With 'Everything'

By JANET ODELL

"But she—or he—has just everything. What can I get for a present?" We've all been in that spot. The unusual gift is the only answer in such a case. May we offer a suggestion or two?

A local florist is showing a variety of glass jars filled with squawberry plants. The bright red berries on the plants are just the thing for Christmas; and the attractive terrariums will be a thoughtful reminder long afterwards.

Handsome wall decorations made of gilded wood are unusual Christmas gifts. Some are merely ornamental, others are candle holders.

How about a clock? At long last, clock makers, says a jeweler, have awakened to the fact that clocks are an important part of home decorations and should be made in a wider variety of styles. From Early American to strictly modern, in any kind of case, any color, you can find a clock to please you and the person receiving it.

Why not present a copy of the Saturday Evening Post Treasury to a favorite friend? This book assembles much of the best material appearing in that magazine over a long period of time.

A distinctive carving set in an intricately designed case comes from the Far East to be someone's Christmas present. At the same store where we saw this set we also saw a handsome plastic ice bucket.

No woman ever has too many purses. Present her with a brown felt tote bag decorated with a needlepoint and beaded horse, and she'll show it proudly to everyone.

Maybe she doesn't believe in astrology. But she'll love getting and wearing a silver pin designed with the sign of the Zodiac under which she was born.

Second Lottery Vote Tomorrow

U.N. Delegations Agree to Settle Security Seat Choice on Lucky Draw

UNITED NATIONS, N.Y. (AP)—U.N. diplomats were generally agreed today that the deadlock over a Security Council seat will be settled tomorrow by a lottery plan.

This is the last issue holding up adjournment of the 1955 General Assembly. Thirty-five ballots have been taken in the marathon contest between Yugoslavia and the Philippines.

The lottery plan failed Friday in its first test when Yugoslavia fell six votes short of the number needed for election. The Yugoslav delegation had won a draw.

A gentlemen's agreement called for the draw winner to serve the first year of the term. The loser would then be elected as a replacement.

While some delegates awaited instructions from home, both sponsors and opponents of the lottery plan said it would go through when the Assembly resumes voting.

A Soviet source said his delegation still felt the plan was highly irregular and a violation of the U.N. charter, but he conceded that it would be approved.

The Assembly was in recess today for further private talks.

Labor Daily Moves

BETTENDORF, Iowa (INS) — Labor's Daily, the nation's only daily labor newspaper, moved 600 miles over the weekend — from Charleston, W. Va., to Bettendorf, Iowa—without missing an issue.

Detroit Publishers, Pressmen to Confer

DETROIT, (AP)—A strike which has closed Detroit's three metropolitan daily newspapers dragged into its 19th day today, with no meeting scheduled between the Detroit Newspaper Publishers Assn. and the only union officially on strike, the stereotypers.

The association, which represents the morning Free Press and afternoon News and Times, was to meet, however, with another of eight unions whose contracts have expired.

A 2:30 p.m. session was set with the pressmen. There also was a bargaining meeting scheduled between the Free Press and the Detroit Newspaper Guild, which represents editorial, advertising and circulation employes.

Between them the three dailies employ 4,500 and have a combined circulation of around 1,400,000 daily.

The publishers and stereotypers have agreed on all contract terms except wages.

Mercury to Dip All Over State

Near Zero Predicted to Herald Arrival of Winter Season

Winter, which is not due to arrive officially until Thursday, is scheduled to blast its way into Pontiac and the rest of the state tonight sending temperatures plummeting to zero readings.

The Weather Bureau has alerted the entire eastern half of the nation to brace itself for sharply falling temperatures which will plunge below zero from southeast Ohio through New York.

Winds will diminish tonight with clearing skies, but the mercury is expected to hit from zero to four above.

The prediction for tomorrow is partly cloudy and cold with a high from 11 to 15 degrees. The lowest temperature preceding 8 a.m. was 17. The temperature at 2 p.m. was 18.

Already the bitter cold has clamped itself on the north central states and near-zero readings were common northward of a line reaching through northern Illinois, southern Iowa and southern Nebraska.

Bemidji, Minn., woke up this morning to discover a 31 degrees below zero for the nation's lowest reading.

No Gentlemen There?

CHICAGO (INS) — A Christmas party in a Chicago hotel left Mrs. Vivian Eller cold. Her $5,000 mink coat disappeared from a rack and she was forced to brave sub-freezing weather in a strapless evening gown.

Bizarre Death Being Probed

Body of MSU Student Found in Heat Duct by Stepfather

Although the bizarre death Saturday of a White Lake Township college freshman has tentatively been ruled a suicide, the investigation will be continued, Oakland County Undersheriff Elmer McQuern said today.

The body of 18-year-old Robert E. Lockwood was found in his home early Saturday afternoon by his stepfather, Kenneth Switzer.

Lockwood was found dressed in women's undergarments. A half-inch rope tied around his waist was attached to a stair bannister; another rope around his neck was dangling free; his hands and feet were tied.

The body was suspended by the rope around the waist in a cold-air duct which measured nine by 13 inches.

Pontiac General Hospital pathologist Dr. John J. Marra, who performed an autopsy on the youth, said the rope around his waist had cut off his breath, causing death by suffocation. Analysis of stomach contents and body tissue is not yet complete.

Oakland County Prosecutor Frederick C. Ziem, who investigated the case with Sheriff Frank Irons, detectives and deputies, said the suicide theory is preferred because Lockwood unquestionably died in the cold-air duct, and his body was unmarked.

"Even supposing someone could have pushed him down there," Ziem said, "it isn't conceivable that he wouldn't have been cut or bruised in the struggle."

White Lake Township firemen who pulled Lockwood's body from the duct said it was still warm when they arrived, but their inhalator failed to revive the youth.

Switzer told deputies he had last seen Lockwood at 9:40 a.m., when he left the house to go to Pontiac. He found the body when he returned at 12:30, he said.

Lockwood's mother, Mrs. Mary Ann Switzer, was away from home working all morning, deputies said.

Lockwood's mother, Mrs. Mary Ann, Switzer, was away from home working all morsing, deputies said.

Switzer said today his stepson had not been ill or depressed, but that he had been disappointed at not being able to go to the Rose Bowl game in California with other MSU students.

Robert S. Linton, MSU registrar, said Lockwood's grades should not have caused undue worrying.

"He flunked one course in mathematics, but his other marks were all right," Linton said. "He had an average record for a freshman engineering student."

Goodfellow Sale Appears Success

Old Newsboys Adding Results of Street Drive; Hope for $6,000

Success in the city's annual Goodfellow Drive was predicted today, as returns from the annual sale Saturday of the Pontiac Press' Goodfellow Edition were counted by members of the Metropolitan Club.

Police Sgt. Walter A. Baerwolf, chairman of the club's welfare committee, said that individual donations are still being received to add to funds raised Saturday.

The club hopes to raise at least $6,000 by Christmas-time, in order to provide 150 needy city families with holiday baskets.

About half of the money will be used to carry on welfare activities next year, Sgt. Baerwolf said.

Policeman Crashes Auto Driving Man to Station

DETROIT, (INS) — Patrolman John Pedrie saw Buster L. Goff careen his car around a corner in Detroit and stopped him.

The officer said: "You've been drinking. Move over and I'll drive to the police station. If you keep on, you'll have an accident."

En route to the station, Pedrie crashed the auto into the rear of another car.

Blizzards Rock Northern Europe; Fog Hits Britain

LONDON (AP) — The first savage blizzards of winter raged over northern Europe today, killing at least eight and bringing biting frosts and choking fog from London to Helsinki.

Five persons died of the cold in Scandinavia. Three perished in traffic accidents in Britain as cars and buses slithered and slipped on ice-encrusted roads.

Eight ships were trapped by ice packs in the Gulf of Bothnia between Sweden and Finland.

Helicopters took off from a base near Helsinki to aid the 14-man crew of the tiny British freighter Judith Mary, stuck tight with her hull crushed in ice floes in the Guulf of Finland, but were beaten back by foul weather.

Choking yellow fog blacked out most of Britain after the cold brought snow and sleet to high ground and left a coating of white frost over the south. The temperature dropped to 25 degrees in London.

The fog closed in London airport. Traffic along the Thames River also was disrupted.

In contrast, residents of Vienna walked coatless in springlike weather, with newspapers featuring pictures of sun lovers stretched out in the city's parks.

Name Tuesday Deadline for Christmas Baskets

Tomorrow is the deadline for submitting names of needy families who would benefit from Christmas baskets to the Salvation Army, Senior Capt. Magnus A. Michaelsen said today.

The local SA is acting as a clearing house checking all names to make certain only families with a real need will receive baskets and none will be overlooked. All requests must be in by tomorrow to allow time for investigation, Michaelsen explained.

German Parties Win Saar Vote

Coalition Ousts French Parliamentary Majority in Step for Reunion

SAARBRUECKEN, Saar (AP) — Voters of the strategic Saar Valley took another long stride yesterday toward reunion with West Germany.

The German-speaking Saarlanders—90.4 per cent of those eligible to vote—turned out to elect a Parliament dominated by three big pro-German parties.

The three groups, the Christian Democrats, the Democratic party and the German Socialist party, are pledged as a coalition to make this 991-square-mile frontier industrial basin the 10th state in the Bonn Republic.

The three parties got 63.9 per cent of the total vote.

Their jubilation was tempered, however, by their failure to win 75 per cent of the vote—required to permit them to scrap the Saar's autonomous constitution immediately. They won 33 of the 50 seats, 5 short of their goal.

Kavanagh Receives Fourth Driving Ticket

LANSING (INS)—Michigan Attorney General Thomas M. Kavanagh is once again in danger of losing his driver's license.

Already on six months' probation for three speeding tickets in 18 months, Kavanagh was ticketed Saturday in Lansing for unsafe driving following an accident.

Kavanagh will have a hearing before Secretary of State James M. Hare. Hare said the attorney general will have to "plead a good case" if he wants to keep his license.

Kavanagh was driving a state car Saturday when he and another motorist, Roy W. Armstrong, were unable to stop at an icy intersection at the bottom of a hill. They said their cars skidded and collided at a slow speed. Neither man was hurt.

Armstrong also received an unsafe driving ticket.

GM Unveils Its Firebird II, Gas Turbine Car of Future

DETROIT (INS) — General Motors today unveiled what could be America's car of tomorrow: The Firebird II, an experimental gas turbine four-passenger family job as sleek as a jet and bulging with new automotive ideas.

GM President Harlow H. Curtice said there are no plans to put the new Firebird into production. He said it will be shown publicly for the first time at the GM Motorama in New York Jan. 19-24.

Curtice called the Firebird "a report to the public on our progress in gas turbine development." Here's what the "report" contains:

1. The first car body of lightweight, tough titanium.

2. A whirlfire gas turbine engine that generates more than 200 horsepower by burning kerosene, starts in 10 seconds, is quieter than most of today's piston engines and has an exhaust temperature of 300 degrees described as "pleasantly warm." Piston engine exhaust temperatures range around 1,000 degrees.

The GM president said the engine "gives promise of being able to operate with substantially the same economy as present day automotive piston engines." Its secret is a regenerator unit that recovers and reuses up to 80 per cent of the heat in the exhaust gas.

3. Electrically operated door locks activated by a magnetic key.

4. All-metal brakes that last "several times" as long as conventional linings.

5. An air-oil suspension unit at each wheel that replaces both

No Food, No Water: Flier Conquers Desert

PHOENIX, Ariz. (AP)—Five days without food or water. That's the story of a young pilot who hiked out of the desert after search planes had almost given up.

Just "an unpleasant experience," said 19-year-old John De Castro, who was strong enough to lift his young niece and nephew and hug them as he arrived home yesterday.

The handsome student pilot took off from Phoenix last Monday on his first cross-country solo flight, to Tucson. That afternoon he ran out of gas and landed on a desolate Air Force gunnery range at the other end of the state, hopelessly lost.

For the first three days he just "sat and waited." Overhead—too high to see his bright red Aeronca—jet planes fired rockets and machine guns.

"The desert floor all around me was covered with their bullets, shell casings, rockets stuck in the ground and tow targets," he said.

How did he manage to stay alive as the desert sun beat down?

"The first two days were the hardest. I was hungry—boy, I was hungry. But I never did get terribly thirsty. I did have to learn to breathe through my nose after my throat and mouth dried out.

"I looked everywhere for water. I dug in the sand, searched for barrel cactus that might have water and scoured around in the mountains for any sign of water."

And what happened when the temperature slid into the 30s at night?

"There still was about a quart of gas in the plane, so I used a dime to unscrew the spinner cover from the prop hub, put about an inch of gas in it, hooked it to the engine cowling and unhooked a sparkplug wire. Then I started the engine and the sparkplug wire ignited the gas."

Figuring that he could have lasted only two or three days more if he followed the old pilot's rule of staying with a downed craft so he could be spotted more easily, he started walking.

He followed a pair of jeep tracks that were more heavily traveled than some others and walked all day Saturday.

After about 35 miles he saw lights.

He walked into a cafe and said, "How about a tall glass of water?"

They gave him the water—then soup and a ham sandwich, "and I drank about 15 glasses of milk. Then a sheriff's deputy drove him to Yuma.

"I guess I was feeling pretty bad by then. I took two hot baths and a cold one and finally got to bed. Five and a half days without food or water are pretty rough."

2 Missionaries Leave Red China

Presbyterian Churchman and Wife Were Held for Five Years

HONG KONG (AP) — U.S. Red Cross officials say they expect Dr. and Mrs. Homer V. Bradshaw, American missionaries being released by the Chinese Communists, to cross the Hong Kong border tomorrow.

* * *

A Red Cross spokesman in Washington said last night the Chinese Red Cross had advised it would deliver the couple to U.S. authorities today but this apparently was due to a confusion in the time difference between Hong Kong and the United States.

Both Dr. and Mrs. Bradshaw, natives of Pittsburgh, Pa., have been reported in ill health. The Red Cross asked for a U.S. Air Force hospital plane to fly the couple to Manila for treatment after an overnight checkup at a hospital here.

Officials added that because of their health, they might not be able to talk to newsmen on arrival.

Dr. Bradshaw went to China as a medical missionary for the Presbyterian Church about 1927 and has been there since except for a brief rest at home in the mid-30s and Army service in World War II. Mrs. Bradshaw is a registered nurse and dietitian.

* * *

The Bradshaws were arrested by the Chinese Reds in Kwangtung province in March 1951 and imprisoned in Canton. Later, because of her health, she was put under house arrest.

No charges were ever announced against the couple but presumably they were accused of spying, the usual charge against missionaries.

The Day in Birmingham

Commissioners to Face Decision on Insurance

BIRMINGHAM — Summarizing group insurance rates and coverages in a brief letter, following study that straightened out the confusion of two weeks ago for City Commissioners, City Manager D. C. Egbert is asking that the company currently in service be retained.

With the mayor's advisory committee on insurance agreeing, according to Egbert, the Aetna plan would save money and be more desirable as far as municipal employes are concerned, than others. A revision from the present plan is suggested by Egbert, however.

The plan, Egbert contemplates, is that the "city participation will be maintained at or near one and one-quarter per cent of payroll and the benefits be limited accordingly.

Cost comparisons showed little difference between companies, he points out. But for city employes retiring or leaving the city employ, Aetna's plan allows the employes to retain their coverage.

The Blue Crutch sale on Jan. 7 to earn March of Dimes funds will face commission approval tonight. Pride of Oakland Rebekah Lodge No. 445 wishes to have the sale as part of a state project.

TO PETITION

Lewis K. Marshall, 569 Pierce, and Lawrence E. Nelson, 545 Pierce, are petitioning city fathers tonight to change their home lots to business zoning, contending that the parking lot opposite them changes the character of their property.

Commissioners may appropriate $585 for a three years' supply of gold pins for employe service recognition awards, part of the city's personnel program. The city will give 74 in 1955, 19 in 1956, and 29 in 1957 under the plan, according to Assistant City Manager Dana Whitman, Jr.

Parking lot considerations will face the commission tonight, with Egbert's recommendation that "lot A" be studied closely before formal hearing on the necessity for a lot in the northeast quadrant of the city. The lot is in the block bounded by Hamilton, Park, Oakland and Ferndale, and contains 59,618 square feet. The land would cost $133,000, with construction of the lot estimated at $40,000, less engineering, legal fees and cost of parking meters, Egbert says.

Chamber Names Five to Board Positions

The election of five to directors' positions on the board of the Pontiac Chamber of Commerce was announced this morning by Manager Robert St. Clair.

The officials include Bernard W. Crandell, of the General Motors Truck & Coach Division; Frank S. Lyndall, of the Sears Roebuck & Co.; John E. Madole, of the Hancock Iron Works; Edward A. Maier, Abstract & Title Guaranty Co.; and Dr. George N. Petroff, local physician.

Each will serve a term of three years on the 15-member board. Officers for 1956 will be elected at the group's first meeting next month, St. Clair said.

Turnpike Officials Study Financing Plan Progress

The Michigan Turnpike Authority was scheduled to meet at 1:30 p.m. today in Ann Arbor to discuss progress toward financing the proposed 113-mile Rockwood to Saginaw turnpike.

A report on progress in working out engineering problems existing along the route plus a review of the recent State Supreme Court decision validating the turnpike act were also slated.

The first 20 of Turkey's "traveling supermarkets" mounted on five-ton trucks have started street-corner selling in Istanbul. They aim to bring food to housewives' doorsteps at lower cost.

Hurricane Winds Rip San Francisco Area

SAN FRANCISCO (AP) — Plate glass windows were shattered, trees toppled, houses unroofed and television stations closed by a storm with gusts howling up to 60 miles an hour throughout the San Francisco Bay area last night.

An intense storm centering off the coast was accompanied by rain or snow and strong winds northward.

A steady 80 m.p.h. wind with gusts up to 100 was reported late last night atop Mt. Tamalpais in Marin County.

Court Martial Acquits GIs of Red Zone Brawl

BERLIN (AP) — A six-man U. S. Army court acquitted two American privates today of disorderly conduct charges based on their arrest in the Soviet sector of Berlin.

The court ruled that Willie J. Holden, Poplarville, Miss., and Richard L. Calbert, Kansas City, Mo., were innocent in a brawl which led to their arrest by Communist East German police and their subsequent release by the Russians.

Mining is West Germany's most hazardous industry, with 4,984 coal miners killed since 1947, Bonn reports.

13 of 478,059 Refused Passports on Red Ties

NEW YORK (AP)—The New York Herald Tribune says only 13 persons out of 478,059 applicants for passports have been turned down on ground of Communist affiliations during the first 10 months of 1955.

In a Washington dispatch bylined by James E. Warner, the newspaper said the figures were disclosed yesterday by Scott McLeod, State Department administrator of security and consular affairs.

Of the total number of applications from Jan. 1 to Oct. 31, the story said, 3,955 of 4,356 were not granted for technical reasons — insufficient data or failure to provide the required fee. Of the 401 remaining cases, McLeod was quoted as saying, only 13 were refused for Communist reasons.

Williams Freshmen Send Adviser Home to Hawaii

WILLIAMSTOWN, Mass. (AP) — Duane S. T. Yee, 19, is going home to Honolulu for the holidays because his fellow students at Williams College have the Christmas spirit.

Yee, a junior, is a freshman adviser. Some of his freshman contacts decided to try to raise money to let Yee go home. A two-week's collection brought enough money for a coach trip and Yee's fraternity added enough more for a first class round trip.

Yee took off Sunday from Idlewild airport in New York for three weeks.

Tucker Claim Finally Settled

Government Announces Bankruptcy Settlement of Defunct Auto Firm

CHICAGO (AP) — Attorneys have announced settlement of a multi-million dollar claim against the defunct Tucker Corp. which was set up to build a radical new automobile but never got any on the market.

In a complex wrangle over assets and debts of the bankrupt company, the government claimed $3,374,075 plus $1,275,000 which the Tucker Corp. had posted as earnest money on an option to buy a wartime plant.

Government attorneys interpreted the settlements as adding to $2,275,000.

But the attorney for trustees of Tucker, Norman Nachman, said, "It is properly a one million dollar settlement of a $3,374,075 claim."

He said the government had applied the $1,275,000 in earnest money to rent due the Reconstruction Finance Corp. for the sprawling West Side plant which was used during World War II for manufacture of aircraft engines.

ALL CLAIMS NOW SETTLED

Nachman said the settlement order also disposed of "any further claim which the government may have against trustees for use or occupancy of the plant after the company went into bankruptcy in 1948."

The Tucker Corp., headed by Preston Tucker of Ypsilanti, Mich., had a bankroll of more than 28 million dollars from investors when Tucker started his promotion of a new car. He took over the plant, used during the war by the Dodge division of the Chrysler Corp., in November, 1947.

When the Tucker outfit failed, Tucker and other executives of the company were charged with fraud and were found innocent.

In the settlement, the government got $1,275,000 which had been posted as earnest money. The remaining one million dollars, due for rent and taxes and maintenance, presumably would come from the sale or out of future earnings of the Tucker Corp. estate's only tangible asset, Aircooled Motors, Inc., of Syracuse, N. Y.

The settlement was announced in the court of Federal Judge Michael L. Igoe, who referred it to referee in bankruptcy Austin Hall.

Weird Chain Crash Kills Car Passenger

CHICAGO (AP)—A slight rear-end collision set off a weird chain reaction culminating in the violent death of an insurance salesman en route home from an office Christmas party.

The dead man was Edgar L. Peterson, 54, a passenger in a car driven by a fellow employe, Alex Sabo, 23.

Sabo's car struck a truck-trailer rig which had jacknifed to a stop in an attempt to avoid striking John Janetzke, 25, who stumbled into the way afoot after his car was involved in a minor collision.

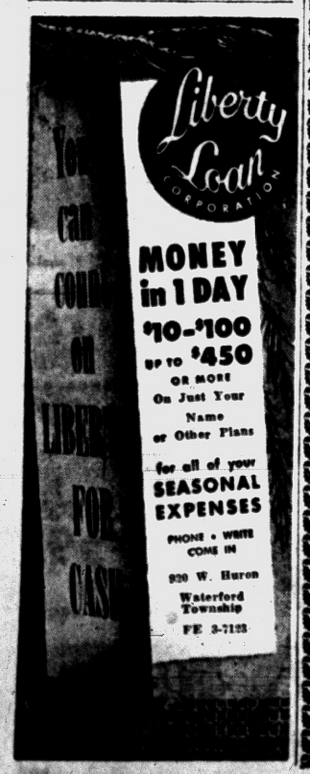

Police said Janetzke's car nudged the rear of another driven by Max Widtman, 45. The men got out of their cars to argue.

Janetzke stepped into the side of another car and was knocked to the street. He got up and walked into the path of the big trailer-truck which skidded broadside trying to miss him, but Janetzke was knocked down.

Police said two other automobiles approached. One managed to steer through and continued.

Sabo's car smashed into the trailer. Sabo, upset by the accident, battled police until he was put under restraint in Belmont Hospital and later moved to the Cook County Hospital. Janetzke was held under guard, but without charge, in Belmont Hospital.

Teams of young men and women from throughout the world have helped rebuild the Church of St. Stephen in Upperthorpe, England.

U.N. Gains Strength With 16 New Members

December 15, 1955, undoubtedly is one of the most historic dates in the history of the United Nations.

Within a very short time on that day a nine year deadlock over new members had been broken and 16 nations were admitted to U.N. membership, bringing the total to 76. All this came about in cheering contrast to earlier proceedings in which Nationalist China had vetoed the admission of Outer Mongolia and Russia had vetoed admission of a dozen free nations.

There has been no clear statement from the Russian side as to the reasons for the reversal of Kremlin policy. It has been construed in some quarters, however, as an attempt to escape the mounting indignation of world opinion over Russia's abuse of the veto.

That the admission of a dozen free nations, headed by Italy, Austria, Spain and Ireland was an event of utmost importance, was indicated by many delegates. Ambassador Lodge spoke for the United States when he pointed out that the 12 new free member nations will bring the U.N. "much in civilization and in wisdom."

There was great disappointment over inability to get Japan admitted at this time. Present indications are that the cases of Japan and Outer Mongolia will be taken up in next year's Assembly session.

Regardless of what reasons prompted Russia's last minute policy shift, the United Nations is the better and stronger for it. In the fullest meaning of the term these new member states will help make it more nearly the kind of world peace body its organizers hoped.

Why It's Hard to Sell Our Surplus Farm Crops

Two of the biggest problems connected with sale of our farm crop surpluses are finding buyers and arranging terms they can or will meet.

A perfect example of this recently was furnished by Sweden. That thrifty hard working country is anxious to buy American livestock feed to make up for the shortage resulting from the 1955 drought there. Dairy herds have had to be reduced by slaughter and Swedish farmers are looking around for some means of getting this much needed feed.

★ ★ ★

On the surface it looked as though a sale were sure to result. But like many other countries Sweden buys much more from the United States than it sells to us. Thus the Swedes would have to find some other way than trade to balance their account with us.

Another difficulty revolves around a provision of our law governing the sale of surplus commodities. At least 50 per cent of any surplus sold aboard has to be moved in American ships, for the protection of our shipping.

★ ★ ★

Thus to get this grain Sweden not only would have to dig up the dollars for the grain but for freight as well though they could move the stuff cheaper in their own ships. The Swedes say they can't afford it.

This case illustrates graphically why it is so difficult to move our surpluses. It also suggests that Congress should consider some temporary modification of the law which might make it possible for countries like Sweden to take part of these surpluses off our hands.

Compulsory Voting?

It's quite normal for the matter of compulsory voting to come up for discussion at least once before every Presidential election.

The idea isn't new in the United States. Early in our history voting was looked on not only as a privilege but a duty. In fact, during Colonial times, says the Seattle Municipal News, compulsory voting was the law in Plymouth, Virginia, Maryland, Delaware and North Carolina.

★ ★ ★

Later on constitutional amendments providing for compulsory voting if the state legislatures enacted enabling statutes, were adopted by North Dakota, Massachusetts and Oregon. Nine other states have had compulsory voting laws introduced in their legislatures.

Only in Kansas City, Mo., however, has compulsory voting been practiced since Colonial times. It was continued there for six years until it was ruled unconstitutional by the Missouri Supreme Court.

We share the opinion of those who believe that compulsory voting probably is unconstitutional although the U. S. Supreme Court has never ruled on the issue. It also is our opinion that the idea itself is repugnant to the American temperament.

★ ★ ★

But this doesn't alter the fact that too often our turnouts at the polls are so small that the need for education on the value of the ballot is painfully evident.

White Christmas

Past Records Prove We Usually Can Expect It

Credit: A good servant—but a bad master.

Our chances for a white Christmas are better than 50-50, according to the weather watchers. After keeping tab on the matter for 38 years,

Harvey Brackenberry

of Huron Gardens, says it has been white 26 times during that period, and "got white" on the evening of three others. Also,

Winston Thurman

of Drayton Plains has noticed that when the official arrival of winter is later than usual, we always have a white Christmas. This year it does not arrive until 10:12 on the morning of Dec. 22. He says this snow is to be with us until after the holiday.

Back from a Canadian trip,

David Lawrence Says:

'Communism Is Opposite to Liberalism,'—Proclaims AFL-CIO President Meany

WASHINGTON—An address was delivered the other day that should have been printed in every newspaper in every country in the world.

• • •

It was made by George Meany, president of the newly merged AFL-CIO and reflects better than any governmental pronouncement ever issued here what the American people really think about communism, about "Neutralism" abroad, about "package deals" in the U.N., and about misguided "Liberals" and "Anti-Anti-Communists" inside the United States.

PEOPLE FAIL TO SEE

Meany, who spoke before the National Religion and Labor Foundation in New York, pointedly questioned the course pursued by Nehru of India and Tito of Yugoslavia. But what he said might also be pondered by the leaders of both major parties in the British Parliament who want to appease Red China and by Khrushchev and Bulganin of the Soviet Union because it comes from the head of the largest organization of free workers in the world with a membership of more than 15,000,000.

"Too many people in the free world," said Meany, "fail to see the real nature of communism as the mortal foe of everything that we hold dear, of every moral and spiritual value. Too many in the free world are still prisoners of the illusion that communism is, historically speaking, a progressive system—extreme Liberalism temporarily making bad mistakes.

"Actually, communism represents darkest reaction. It is an anti-social system in which there are imbedded some of the worst features of savagery, slavery, feudalism and life-sapping exploitation manifested in the industrial revolution of early-day capitalism.

"Too many in the free world seem to have lost their capacity for moral indignation against the most brutal inhumanities when they are perpetrated by Communists. It is painful, but we must face the cruel facts of life.

"We of the Democratic camp must develop a far more vigorous moral attitude. We must rekindle our capacity to cry out against, to protest against, the Godless dogmas and savage crimes being perpetrated by Moscow.

"It is rather disturbing to me that many people in our country who call themselves Liberals are stone silent about the Soviet concentration camps. They never find the time to utter a word of condemnation against the Communist-imperialist destruction of the national independence and democratic rights of hundreds of millions of people in Europe and Asia.

THE STUDIED ATTEMPTS

"It is shocking to see the studied attempts being made by Western diplomacy to tear to shreds the charter of the United Nations under the guise of the so-called package deal with Moscow and Peiping. Can it be that the free world is so weak in its moral spirit that it does not recognize this deal as appeasement of the worst kind?

"I am all for a fight to the finish against racialism in our own midst. Racialism is damnable and detestable in any form. But racialism in reverse—as now propagated in India and Burma by Khrushchev and Bulganin—is just as reprehensible.

"Not until we of the free world can give rebirth to a vibrant moral attitude, to a burning indignation against such frightful bestialities can the freedom-loving people be sufficiently stirred to gather the moral strength for resisting and defeating the totally antimoral dogmas and deeds of communism at home and abroad. Yes, this means above all a moral struggle against communism.

OPPOSES LIBERALISM

"Communism is the very opposite of Liberalism. Communism is the deadliest enemy of Liberalism. Liberals should be the most consistent and energetic fighters against communism. Liberals must also be on guard against developing a certain type of McCarthyism of their own. They must shun like a plague the role of being Anti-Anti-Communist.

NO ONE STANDS ALOOF

"No country, no people, no movement can stand aloof and be neutral in this struggle. Nehru and Tito are not neutral. They are aides and allies in fact and in effect, if not in diplomatic verbiage.

I pray that, on the threshold of the atomic age, we—all of the free world—can muster the moral courage and total strength to preserve the peace and promote the freedom of the men and women of every continent, color and creed."

'Gray Look' of Middle-Aged Women Caused by Diet

By WILLIAM BRADY, M.D.

In many instances anemia persists despite the administration of this or that form of iron, whether by mouth or by "shots," even though the quantity of iron equals that contained in the entire volume of blood of a healthy person.

• • •

It is well to remember that a healthy person requires less than a quarter of a grain of iron a day to maintain normal red corpuscle and hemoglobin strength of the blood.

From experience in practice (Country, city, hospital) and from study (when the rains stopped the bowling) I think that iron is good for only one type of anemia, the type which physicians call "hypochromic anemia."

Hypochromic anemia occurs most frequently in women in the fourth decade. Why in women and rarely in men 30 to 40, I am not yet prepared to guess.

Hypochromic anemia, which I call the 'gray sickness,' is the only kind of anemia which seems to respond to iron today.

'GRAY' COMPLEXION

The "gray" refers to the complexion rather than to the prematurely gray hair.

It is my dinky little theory that the "green" complexion of girls with chlorosis—in Penn Yan—was due to lack of refrigeration—lack of greens, fresh vegetables, fresh fruit.

By the same token I think the "gray" look of middle aged women with hypochromic anemia is due to their narrow, ultrarefined diet—the tea and toast, coffee and roll or ice cream and cake type of diet.

In other words these poor misguided souls consume too much cheat-food and not enough natural food.

LESS YUMMY-YUMMY

What the woman with the gray sickness needs for her hair, her nails, her complexion and her health is less yummy-yummy ready-to-serve stuff out of cans and more plain wheat, oats, green leafy (salad) vegetables, milk, eggs, meat, fish and nuts.

She should invariably eat an adequate breakfast or an adequate lunch or both. Adequate refers to nutritional values and not to calorie content.

I mean specifically the proportion of proteins (milk, cheese, fish, meat, eggs) which supply the essential amino-acids; and the foods which supply vitamins and minerals.

Milk, cheese, eggs and lean meat are the best sources of the amino acids which are essential for building blood, bone, brain or beauty.

Gray ladies should send 35c and stamped, self-addressed envelope for the red book, What to Eat and Why.

At the same time ask for the free pamphlet The Gray Sickness.

Signed letters, not more than one page or 100 words long, pertaining to personal health and hygiene, not to disease, diagnosis or treatment, will be answered by Dr. William Brady, if a stamped self-addressed envelope is sent to the Pontiac Press, Pontiac, Michigan.

Ground Observer Derides Pontiac's Lack of Support

Letters will be condensed when necessary because of lack of space. Full name, address and telephone number of the writer must accompany letters but these will not be published if the writer so requests unless the letter is critical in its nature.

Recently we read an article in the Press about how well Commerce is doing with their Grand Observer Post. We heartily agree they are doing wonderfully.

Commerce is nowhere near as large as Pontiac, in population or area, but they must have more pride and a better memory than most people in Pontiac. For here it seems impossible to man the Ground Observer Post, even in the daylight hours, let alone at night.

Many of the people who work in the Pontiac post are out-of-towners who must drive 20 or 30 miles to help protect a city whose people seem to have forgotten Pearl Harbor.

A strong Ground Observer Corps would have lessened that blow, as it would now. But it seems the Pontiac people are not interested. Commerce and the other small towns will have to be ready and able to protect Pontiac until the people of Pontiac will wake up and try to help protect themselves by giving two hours a week to do just that.

If interested, call post supervisor A. Heaton, FE 4-5750

Football Enthusiast Asks Team to Support Fans

I am a very ardent football fan and have always bought season tickets. We have one of the finest school bands in the state. We also have a better than average basketball team.

Why can't we have a football team? There's only one high school in Pontiac, yet they always wind up around the bottom.

We support the football team. How about getting a football team to support the fans that pay the bills?

'Disgusted' Reader Wants Jitney Stand Moved Back

I understand the jitney stand at Lawrence and Saginaw streets has been moved.

That jitney stand has been there for years and never bothered anybody so why move it now? It's just those big old trucks unloading there that were in the way, causing all the trouble.

So why not put the jitneys back where they belong?

THOUGHTS FOR TODAY

Howbeit the high places were not taken away: for as yet the people had not prepared their hearts unto the God of their fathers.—II. Chron. 20:33.

Nothing is less in our power than the heart and far from commanding it, we are forced to obey it.—Rousseau.

'Consumerism' Suggested to Describe U. S. System

By MERRYLE S. RUKEYSER
INS Economic Commentator

In the forthcoming presidential campaign at a time of international tension in connection with "coexistence" with militant communism, word usage becomes doubly important.

The Marxians, for example, have made "capitalism" a smear word, though in reality it properly refers to labor-aiding tools of production—capital goods—which enable human workers to produce more and hence to receive more and better things in exchange for a week's work.

But, despite the realities, "capitalism" is a dirty word in Asia and Europe and does not help us to "make friends and influence people."

"Capitalism" has the disadvantage of linking the dynamic American economic system with the cartel "planned shortage" setups which operated under the name of "capitalism" in the old world.

• • •

Thus, even if "capitalism" were intellectually and scientifically a correct term, it is emotionally weak.

Knowing the limitations in the word "capitalism," Robert A. Whitney, the able president of the National Sales Executives, Inc., has coined a word intended to define the unique characteristics of the American economic system, namely, "consumerism."

• • •

Whitney's objective is excellent, though perhaps a less clumsy phrase can be developed. Visually, "consumerism" looks too much like communism.

• • •

In setting forth his viewpoint, Whitney said: "Capitalism is dead in America.

"It has been replaced by 'consumerism.' The concept of capital investment as the dominant factor in the economy no longer is paramount. Capital, production and distribution are now all directed to satisfy the consumer. "Today, the consumer is king."

• • •

Whitney has caught hold of the basic truth that the high productivity in the United States can be profitable only if accompanied by explosive sociological progress in lifting the living standards of the common man.

Case Records of a Psychologist

Crane Finds Many Editors, Ministers Who Don't Agree With Irate Readers

Editor Dow and some 200 of his colleagues deserve far more praise than you readers imagine. For when biased persons like the one quoted below, get irate at me, they often take it out on the editor by a red hot letter of criticism. They even try to intimidate him by threats of cancelling their newspaper subscription.

By DR. GEORGE W. CRANE

Case Q-325: Robert N. Dow, aged about 35, is the managing editor of the Journal at Jacksonville, Florida.

Earlier this year he received a red hot letter from a reader whose feelings must have been hurt, for when the shoe pinches people often respond with criticism to the editor.

• • •

"Isn't there some way you can rid your column of Crane's filth?" this writer began.

"His advocating teaching infants of three years about sex, is perfectly dreadful!

"And his continual harping on sex, 'other hungers of the male,' etc., have no place in a newspaper going into homes.

"Why not teach the male a little self control? If this fellow Crane is a doctor, his mutterings wouldn't indicate it."

(Signed) One Who Would Like to Continue to Read the Journal.

PRESSURE TACTICS

Note the threat contained in the way that woman signed her letter. She is trying to tell Mr. Dow that she will cancel her subscription unless he drops this psychology column from the Journal.

• • •

But Mr. Dow is a diplomat, so he simply had her letter printed in the section called "The Public Pulse" where readers are entitled to express themselves.

Do you readers actually think this woman (for her ire at males would seem to indicate that fact) will cancel her subscription?

Instead, she'll probably grab the paper ahead of her family next

day to see if I have any other sex cases!

Roy L. Matson, the experienced editor of the Wisconsin State Journal, at Madison, Wisconsin, told me about an elderly woman who used to call and also threaten to cancel her subscription unless that "awful Dr. Crane" was dropped from the paper.

But Mr. Matson checked thereafter, after mollifying her diplomatically each time, and found she did not cancel her subscription.

Also, notice how this Florida woman tries to distort things in order to work up public ire against me, for she starts by accusing me of urging that we teach infants of three years about sex.

• • •

All I have ever written on that subject is how to answer the simple queries of toddlers who ask: "Mommy, where did I come from?"

She also talks about my continual harping on sex. I usually include but one case per week on this subject.

And it deals with menopausal problems, fears of young wives that they may "mark" their baby, etc., or the scientific fact that God Almighty created men not only to have a greater craving for gastric calories, but also for the erotic type.

BRAVO, EDITORS

You readers seldom realize the pressure that newspaper editors are under, for they are pioneers in mass education and are changing the antiquated attitudes of America by championing truth and new scientific information.

Recently I was in Jacksonville for a united Presbyterian-Methodist week of combined services, and also conducted a Marriage Clinic on the final day of my visit.

When one of the clergymen was asked why he didn't write an answer to the woman quoted at the start of today's case, he said:

"Her childish letter wouldn't merit an answer! Any parent or educator knows our youth don't obtain enough sound, scientific sex education.

"She is as out of date as if she had written a letter demanding we teach that the earth is flat. What educated person would attempt to answer that kind of letter, even if it were printed in the Journal?"

Always write to Dr. George W. Crane in care of The Pontiac Press, Pontiac, Michigan, enclosing a long 3c stamped, self-addressed envelope and 20c to cover typing and printing costs when you send for his psychological charts and pamphlets.

Do-It-Yourself Flight

OTTAWA (AP) — The Canadian Transport Department plans to make it easier for the do-it-yourself expert to fly his homemade light plane. Tentative regulations would permit the builder to fly within a radius of 25 miles from home base, in daylight and not over thickly populated areas. No passengers, either.

SATELLITE BOSS — N. Elliott Felt Jr., 31, has been named operations manager of Project Vanguard, the world's first man-made earth satellite, by the Martin Co., of Baltimore, Md. A graduate of Georgia Insititute of Technology and the University of Maryland, Felt designed the guidance system of Martin's Viking rocket which established a world altitude record for single stage vehicles.

List Flood Loss at $450 Million

East Tabulates Damage of August and October Diane Tragedies

BOSTON (AP) — The hurricane "Diane" floods caused 400 million dollars in losses in August in five northeastern states, and the repeat flood in October meant an additional loss of 50 million, the Federal Civil Defense Administration states.

The announcement said many of the figures were estimates, so that the real total may be much higher.

The report included some figures, disclosed for the first time, on losses to farmers, automobile owners, and to cities and towns in the disappearance of taxable property.

It listed a direct August loss of $6,328,000 to farmers; damage to 1,400 automobiles in August with a loss of $1,202,132; a loss of $10,850,000 to railroads in the August floods and of another million in October damages; and destroyed—and thus lost to taxation—$81,360,000 in property.

Connecticut bore the heaviest loss in taxable property, with 49 million dollars lost in that state alone.

There was a heavy loss in payrolls which is not shown in the reports because of unavailability of the figures.

To Get A-Reactors

BONN, Germany (AP) — West Germany intends to order three atomic research reactors from the United States and Britain. In addition, the federal government and private industry are building a fourth. Atomic Research Minister Franz - Josef Strauss says West Germany is far behind in developing atomic power, but predicts it will catch up with France in six years and Britain in 10.

Bob Considine Says:

'Martyr' Billy Mitchell Won World War II

By BOB CONSIDINE

NEW YORK (INS)—The impending debut on Broadway of warner Brothers' fine film biography of Gen. Billy Mitchell recalls that Bill Hearst and I once nearly reopened that whole historic case smack dab in the middle of World War II.

* * *

It was an accident, sort of. And a story goes with it.

Maj. Gen. Harold George, then head of the Army Air Force's Air Transport Command, came through London in the summer of 1943 to brief the correspondents on the work of the Army's Eighth Air Force, then under the command of his old friend Lt. Gen. Ira Eaker.

George was accompanied by three wonderful aides over whom he could never be sure he was really in command. They were Colonel Rex Smith, Major Charlie MacArthur, and Lt. Burgess Meredith. When George finished telling the note-takers how the Eighth was lading out livid hell to the German industrial machine, his intrepid aides spotted their friend Bill in the room and invited him to accompany them back to the general's suite in Claridge's. Bill, alas, invited me too.

Well, there was a bit of relaxing and small talk. But the general was still filled with the briefing . . . still filled with something he had not been able to say.

MITCHELL DID IT

"You know," he remarked, "We wouldn't be bombing Germany today and shortening this war if Billy Mitchell had not stood up and fought for air power. There wouldn't have been any military aviation industry to supply the Lockheeds we gave England in the early days, or the Boeings, Liberators, Douglases and Martins we're getting today. Because that one man lived, and fought for what he knew was right, we're winning the greatest war in history."

"You said it, general!" the Three Musketeers said. "Tell 'em, general!" they added. The time seemed ripe for a question. Bill asked George if, in view of the fact that he seemed pleased with the operation of the Eighth Air Force, he still believed we should have a separate air force.

"You bet your sweet life we should have a separate air force," said George, who as a lieutenant, piloted the Martin bomber which proved Mitchell's sensational point that a plane could sink a battleship. "We've got to have aeronautical thinking right to the top. It must not be stopped at a certain level in the table of operations and turned over to, say, an infantryman."

* * *

"Keep punchin,' general!" the boys cried.

"You see what happened to Japan," the general went on. "Its top air-thinking was done by an admiral. How far, really can an admiral think?

AN ADMIRAL'S MIND

"The ultimate weapon an admiral's mind can conjure is a battleship. So when Japan moved, she moved against our line of battleships at Pearl Harbor. If an airman had been in charge he would have put an extra tanker or two in that task force, by-passed Hawaii, and bombed right down our coast — taking out every airplane factory we've got.

"And if Japan had done just that, our navy, thinking to its limit, would have steamed out of Pearl Harbor to try to make war against Japan's navy, and might have run into the same fate as the Prince of Wales and that other big British ship sunk by land-based planes."

We submitted our story to censorship at 20 Grosvenor and it passed muster in a jiffy. The next morning it appeared on the front page of among other papers, the Washington Post.

* * *

An estimated 23 desk admirals shot right through the ceiling. Adm. King called Gen. Hap Arnold and accused him of breaking F.D.R.'s inter-service name - calling truce. Arnold called Eaker and bawled him out for letting the story come out of the ETO. Eaker called George and gave him hell. George flogged his still cheering aides. The chastened aides, heavily armed, went searching for Bill and me in Cairo. A great war came to a standstill, it seemed.

* * *

And then it resumed with renewed vigor—as it Mitchell himself, patriot, prophet and authentic martyr, had commanded one and all to get back to the pressing matter at hand: Victory.

2 Survive Dunk in Lake, Hike in 17 Below Cold

EDMONTON, Alta. (AP) — Henry Netter and Rudolph Dickertman of Edmonton were none the worse today for a 1½-mile hike in frozen clothes and in 17-below weather.

The two men drove their car on frozen Lake Wabamum, 50 miles west of Edmonton, yesterday to do some ice fishing. The car broke through into five feet of water, drenching its two occupants. On their walk back for help their clothes froze solid but doctors said they suffered no ill effects.

Science Shrinks Piles New Way Without Surgery

Finds Healing Substance That Does Both—Relieves Pain—Shrinks Hemorrhoids

New York, N. Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids and to relieve pain—without surgery.

In one hemorrhoid case after another, "very striking improvement" was reported and verified by doctors' observations.

Pain was relieved promptly. And, while gently relieving pain, actual reduction or retraction (shrinking) took place.

And most amazing of all—this improvement was maintained in cases where doctors' observations were continued over a period of many months!

In fact, results were so thorough that sufferers were able to make such astonishing statements as "Piles have ceased to be a problem!" And among these sufferers were a very wide variety of hemorrhoid conditions, some of 10 to 20 years' standing.

All this, without the use of narcotics, anesthetics or astringents of any kind. The secret is a new healing substance (Bio-Dyne®)—the discovery of a world-famous research institution. Already, Bio-Dyne is in wide use for healing injured tissue on all parts of the body.

This new healing substance is offered in *suppository* or *ointment form* called *Preparation H.*® Ask for individually sealed convenient Preparation H suppositories or Preparation H ointment with special applicator. Preparation H is sold at all drug stores. Satisfaction guaranteed or money refunded.

Scientists Rush Research on Arctic Landing Fields

BOSTON (AP) — Air Force scientists are rushing research on a problem of swiftly-growing importance to the United States and Royal Canadian air forces in the strategic arctic—how to use the snow and ice as safe landing fields.

* * *

They hope to develop in airborne indicator of ice thickness and strength for arctic aircraft.

With the increasing significance of the arctic in the defense program and aircraft more and more needed in those snowy wastes, the Air Force Cambridge Research Center said today:

"The problem of safe landings and takeoffs by heavily loaded aircraft has reached major proportions."

* * *

From now until May, scientists of the research center will be setting off thundering charges of TNT in the far north. Helicopters will drop assorted pointed projectiles from various heights onto the ice. Huge tanks of 80-ton capacity will be loaded onto the ice and pumped full of water.

Researchers will saw out big ice beams and load them to the breakage point.

They will cut out cylindrical samples of ice for testing. Ice crystals in process of growth will be studied under microscopes.

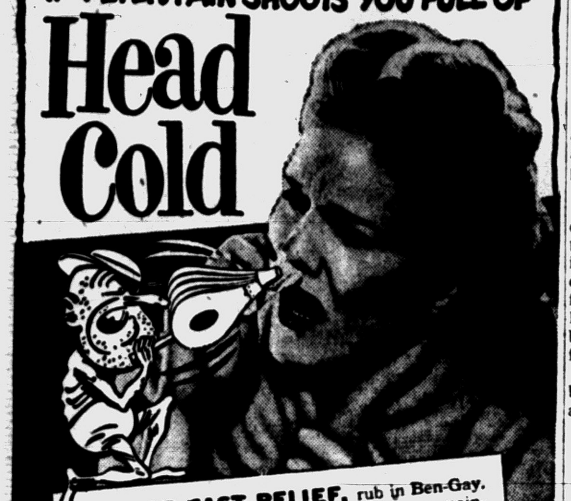

Experts are in Hopedale, Labrador, to conduct 17 separate experiments between now and spring.

Eight square miles around Hopedale harbor will be the study area. Researchers will travel over the ice by motor toboggan, truck and weasel.

Nancy Serota Marries in Double Ring Ceremony

ROCHESTER — A double ring ceremony united Nancy Christine Serota and Leonard Eric Arft Saturday evening in St. John's Lutheran Church of Rochester. Nancy is the daughter of Robert D. Serota, and Mrs. M. A. Gentile of 6185 Orion Rd. and Leonard is the son of Mr. and Mrs. E. W. Arft of 2330 Livernois.

* * *

Approximately 100 guests were present when Nancy approached the altar on the arm of her father. She was wearing a ballerina length gown of white lace and net featuring traditional sleeves and high round neck.

Her fingertip veil was held in place by a headpiece of net and appliqued flowers trimmed with pearls and rhinestones. She carried a prayer book covered with stephanotis.

Honor attendent was Diane Musson of Rochester and best man was Emety Miller also of Rochester. Kip Serota and Raymond Arft seated the guests.

A reception was held immediately following the ceremony in the church parlors.

MRS. LEONARD ARFT

Mr. and Mrs. Arft will reside in Rochester.

Area Schools List Dates of Vacation

Most schools of the area will close on Thursday for Christmas vacations remaining closed until a day or two after New Years.

Below are listings for several districts which have announced dates:

Lakeville school will close Thursday at noon, for the holiday, opening again Jan. 2.

Lapeer schools are closing on Wednesday and will reopen on Jan. 3.

Christmas vacation in Almont Community schools will start Thursday afternoon and regular classes will begin again Jan. 3.

Classes at Southfield will close on Thursday afternoon.

Plan Week's Programs

ALMONT — The Almont First Congregational Church has planned its Christmas week activities.

On Tuesday, at 4 p.m. the primary Sunday School Christmas party will take place for grades one through three.

Wednesday at 4 p.m., the junior choir will rehearse and also at 4 will be the Christmas party for the nursery and kindergarten departments in the church parlors.

The Pilgrim Fellowship meeting will be at 7 p.m. Thursday and at 8 the same day will be regular choir rehearsal.

The Sunday school Christmas party for junior and senior departments will be Friday night at 7:30 and the Adult Bible Study class will meet at 8.

* * *

Saturday at 10:30 p.m. the church will observe Christmas Eve with a candlelight service and Holy Communion.

Four Towns Guild Plans Seasonal Party

FOUR TOWNS — The Elizabeth Russell Guild will meet Thursday for its Christmas party. Each circle is presenting a skit or game and gifts will be exchanged.

Hostesses for the evening are Mrs. Francis Griffin, Mrs. Ray Allen, Mrs. Ralph E. Allen, Mrs. J. S. Looney and Mrs. Robert Ferrier. The party is to take place in the basement of the Four Towns Methodist Church.

Midnight Mass Schedule Given

Our Lady of the Lakes Plans Christmas Eve Service

WATERFORD TOWNSHIP—The traditional Midnight Mass will be celebrated at Our Lady of the Lakes Church, Waterford, on Christmas Eve. The celebrant of the Mass will be the Rev. Frederick J. Delaney, the pastor, assisted by the Rev. Gregory Moorman, C.P.P.S. and the Rev. Joseph Janiga.

The choir, under the direction of Mrs. Carleton Brown with Mrs. Edward Tallenger at the organ, will sing the Mass in honor of the Immaculate Conception by J. Weigand in four parts, with unison and solo arrangements. The Credo will be from "Mass in G" by Von LaMache. The offertory will be "Adeste Fidelis" with Mrs. Norman Adams as soloist, assisted by the combined choir.

Irving LaDuc will be the soloist at Holy Communion, singing Rosewig's "Ave Maria," and Mrs. Carleton Brown will render J. Wiegand's "O Salutaris." The recessional will be sung by the combined choir, "Gloria In Excelsis Deo."

Prior to the midnight services, a medley of Christmas carols will be played on the chimes, followed by "O Holy Night," with Mrs. Louis Lessard as soloist. During the procession to the Crib, the choir will sing "Silent Night."

Schedule of hours for confessions in preparation for Christmas is as follows: Thursday, 7:30 to 9 p.m.; Friday, 3 to 5, and 7:30 to 9; Saturday, 11 to 12, 3 to 5, and 7:30 to 9. This period from 7:30 to 9 on Saturday evening is only for those unable to go at any other time.

The Masses on Christmas Day will be at the same hours as on Sundays, 7, 8:30, 10:30 and 12.

MAKE CHRISTMAS DOLLS—Members Mrs. Harold McVittie and Mrs. Ebraim Hubbell of the Taw-An-Ka (To Do Good) Club, Highland, put the finishing touches on dolls to be given the needy for Christmas. The 14 members started making the dolls five years ago. Since they "had no money to buy dolls to dress, the only thing to do was to make the dolls and dress them too."

Plan Yule Programs

ORTONVILLE — Brandon Township PTA will have its annual Christmas program in the Brandon gymnasium at 8 p.m. tonight.

* * *

"Christmas in Other Lands" will be the theme for the program. The first six grades will participate by giving special music from different lands.

Marlette

A Christmas program under the direction of Beverly Blazer will be presented Tuesday evening at 8 in the Bea McDonald School auditorium, as part of the regular monthly meeting of the Elementary PTA. Approximately one hundred children will participate in a program featuring choral selections and a Nativity Scene.

Following a brief business meeting, the hospitality committee with Mr. and Mrs. Warren Watson in charge will serve refreshments.

Annual Musical Presentation Tuesday

West Bloomfield High Readies Concert

By TRUBY PATTEN
Keego Harbor Correspondent

WEST BLOOMFIELD—The high school music department here will present its Christmas Concert at 8 p.m. Tuesday at the school.

* * *

A 40-piece band under the direction of Robert Pfeuffer, will play "The Activity March," "Excerpts from Tchaikovsky's Symphony No. 5" and "Christmastide Overture."

One hundred twenty members of the combined glee clubs, under the direction of Mrs. Marjorie Seavey will march into the auditorium singing "Hark the Herald Angels Sing" with band accompaniment.

Mrs. Dreama Royal, Mrs. Alice Saad, Merlin Asplin and Robert Zimmerman are carolers who meet a newsboy, played by Paul Steinson Zimmerman will tell the story of what happened many years ago so the newsboy will know the true meaning of Christmas.

Glee Club will sing "Silent Night," "O Come Emmanuel," "It came upon the Midnight Clear" and "O Little Town of Bethlehem."

Acting out the manger scene will be youngsters from the Roosevelt school. Sue Ann Aumaugher and Danny Greig will portray Mary and Joseph. Susan Penny is head angel. Gail Murphy, Kay Ann Patten, Pamala Kenny, Jennifer Persinger, Nancy Van Dusen, Connie Bailey, Sharon Premo and Patty Sue Smith will be angels.

SHEPHERDS

Shepherds are James Strong, Jimmy Crawford, Billy Brown and Lee Rogers. Jerry VanDusen, Billy Yates and Larry Kettlewell will be the wisemen. Kings bearing gifts are Jimmy Draper, Duane Birrell and Darryle Ottmar.

The eighth grade girls glee club will make its first group appearance singing "Carol of the Sheep" and "A Babe was Born." Solos taken from the "Recitative from the Messiah" by Handel will be sung by Mrs. Royal and Asplin.

Among many traditional songs to be sung by the Glee Club is the famous Hallelujah chorus. The program will end as band plays "Joy to the World" and the entire group sings "Carol of the Bells."

* * *

Pat Dunaway and Donna Smith will assist on the piano. The program has been planned by Mrs. Seavey. Mrs. Jean Waters will assist with the children in the nativity scene.

Board Prepares School Review

Summarizing Program in View of Necessary Expansion

ROMEO — A detailed review of the 1954 building program is being prepared by the Romeo Board of Education in cooperation with Dr. Gerald W. Boicourt, Wayne University school building consultant.

* * *

At a recent special meeting the board members and Dr. Boicourt met to study a tentative brochure. Also present at the session were the three school principals and school superintendent T. C. Filpula.

The educators again facing an expansion program in the district, particularly on the junior high and high school levels were interested in such a report to distribute to district clubs and organizations.

Dr. Boicourt had conducted a building survey in December, 1953 at the request of the board. Shortly afterwards a $450,000 bond issue was passed. This provided 18 elementary classrooms, a vocational agricultural building and a bus garage.

* * *

Summarizing the report now under consideration a recommendation is made that "The immediate step to be taken in the school building program is the construction of a high school." It continues by stating the proposed building would "include 16 to 18 classrooms, a gymnasium, library and shop."

MARLETTE — Two hundred years of Masonry was represented recently at the Marlette Masonic Lodge when life memberships were awarded to Harding Ruggles, Berthold Walker, Dr. J. C. Webster, R. M. Riley and R. J. Lichtenfelt. Life memberships are awarded after 50 years of membership in the lodge.

* * *

The certificates were presented by Worshipful Master Loren McQuarrie, assisted by life member L. F. Thornton. Ruggles was the oldest Mason present. His age is 92.

Two other members who received their membership certificates, were Lee Atkins and Earl Oaks, who were absent.

Officers for the coming year were elected. They will be installed at ceremonies on Dec. 27.

* * *

The officers elected are: Bruce McQuarrie, worshipful master; Harold Lounsberry, senior warden; Keith Wilson, junior warden; Harold Wood, secretary; Jack Marsh, treasurer; James Tuck, senior deacon; James Jacobson, junior deacon; Neil Woods, steward; Clifford Bishop, steward; Loren McQuarrie, tyler; and Harry Beacon, chaplain.

Holly Youth Center to Open on Jan. 3

HOLLY—The use of the Veteran's Memorial Building has been secured as headquarters for the new Holly Youth Center which will begin to function on Jan. 3.

Police Chief James Parker, who pioneered the project, stated today that the center will be open on Tuesday and Friday evenings of each week, unless in conflict with other youth activities here.

Funds for its operation have been raised by dances and otherwise, and several substantial donations of furniture and other equipment have been received, including a record machine.

Admittance is to be only by membership card. These cards will be issued without cost by application at the village. They are subject to revocation if the bearer does not live up to the rules of the club.

Covered Meters Give Seasonal Greetings

ROMEO — Shoppers in the business district were in for a pleasant surprise here today. They found the parking meters covered with cloth bags wishing them a "Merry Christmas." The seasonal good will gesture, authorized by the village council, will continue through Saturday.

New Officers Named

CLIFFORD—New officers of Clifford Rebekah Lodge No. 401 are: Noble Grand, Mrs. Martha Sarles; vice grand, Mrs. Leta Friday; secretary, Mrs. Pauline Bays; and treasurer, Mrs. Pearl Travis.

Kingsbury-Rauh Rite Performed in Lapeer Home

LAPEER — Mrs. Coral Kingsbury and Chris J. Rauh announce their marriage on Saturday, Dec. 10 at the home of the bride, 623 Peppermill Rd., here. The wedding ceremony was performed in the presence of the immediate families and a few close friends.

They took their places before the fireplace to the wedding march played by Mrs. Mildred Kruse. Charles Harrow sang "Because" and at the conclusion of the ceremony, "The Lord's Prayer."

Attending the bridal couple were Mr. Rauh's daughter and husband, Mr. and Mrs. James Hubbel, Lapeer; his son, Chris Rauh, Jr., and Mrs. Kingsbury's daughter-in-law, Mrs. Kenneth Kingsbury.

Seniors to Fete College Youth

Milford High School Class to Give Students Luncheon

MILFORD — A special luncheon for college students has been arranged by members of the senior class and faculty at Milford High school. The luncheon will be held in the cafeteria on Tuesday, at 1 p.m.

* * *

Purpose of the get-together is to acquaint senior students with college life and to get first hand information as to curriculum, student activity and college calabre.

This is the second year that Milford high has attempted such a meeting, and is the only school in the metropolitan area sponsoring this type of educational know-how, according to principal Erwin Johnson.

Some 50 invitations have been sent to last June graduates, presently attending various colleges, as well as to older alumni in the state.

* * *

Over one hundred seniors attending Milford will be hosts to the college students, who are arriving home daily for the Christmas season. Mrs. Erwin Johnson and Les Howe, student counselors, are in charge of arrangements.

Orchard Lake Seminary Gives 18th Broadcast

ORCHARD LAKE — The Schola Cantorum of Ss. Cyril and Methodius Seminary, Orchard Lake, will appear in its 18th annual Christmas Broadcast over the CBS network Saturday, from 4:00 to 4:30 p.m.

The choir composed of thirty seminarians studying for the priesthood has been shortwaved to South and Central America and transcribed for the "Voice of America." In recent years this choral group has prepared several programs for "Radio Free Europe."

The Schola Cantorum broadcast will consist of Polish Carols, or Kolendy interspersed with a commentary on century-old Polish customs and traditions. These carols date back to the 14th and 15th century when musical form was limited to plain song style.

The Rev. Henry A. Waraksa, director of Gregorian Chant and Polish Hymnology at Orchard Lake, is a graduate of the Detroit Institute of Musical Arts and the New York Pius X School of Liturgical Music. Beside conducting the Schola Cantorum in their broadcasts and recordings he is also noted for the musical arrangements and harmonic settings of Polish hymns.

Santa Claus Visits Milford Area Children

MILFORD—Santa Claus visited Milford Saturday in a shiny Cadillac convertible. The 50 piece high school band under the direction of Phyl Haddrill, led the parade down the street. Automobiles, fire apparatus and new trucks followed and the parade was climaxed with Santa's appearance.

Mayor Bartlett Smith presented Santa with the keys to the city. He then distributed gifts to the children. A free movie for the children followed.

The parade was sponsored by Milford businessmen, under the direction of Warren Spitler.

Some People Will Go to Any Length to Bathe

MARLETTE — Charged by the State Police with stealing a bathtub from the Guerdon Industries here, Frank J. Sholes, 20, of Silverwood was arranged before Justice Harry Balhoff, Sandusky, and released on $100.

State Police stated that Sholes and a companion, who is a minor, were seen loading the bathtub on a truck by an employe of the Guerdon Industries factory. When challenged, the two drove away at a high rate of speed. Recognized by the employe, the two were contacted at Mayville.

Sholes is a former employe at the plant, according to Joe Benedict, superintendent.

Four Towns Club Plans Christmas Party for Meet

FOUR TOWNS — The Four Towns Cooperative Extension Club will hold its monthly meeting in the form of a Christmas party Wednesday at the home of Mrs. William Hurtubise, Petrolia Drive.

Roll call will be answered with each member bringing gifts which will be taken to homes of local shutins.

A potluck dinner will be served at noon. The group will have a gift exchange and reveal secret pals. New names will be chosen for the coming year.

To Present Program

Probe Thorne Crash

LOS ANGELES (UP)—Civil Aeronautics Board officials open a hearing today seeking to fix the cause of the airplane crash which killed playboy pilot Joel Thorne and eight occupants of an apartment building last October.

Detroit Police Hunt for Woman Slayer

DETROIT (UP) — Police continued their search today for the brutal killer of a 72-year-old woman, slain by a purse snatcher who hid between houses, ran up behind her and bashed in her skull with 2-by-4 length of lumber.

The victim was Mrs. Amanda Johnson, waylaid Saturday night near her home in the Joy Road-Grand River section.

The family with whom the aged woman lived said she seldom carried more than a few dollars in her purse, which witnesses said they saw her attacker grab and flee after his vicious assault.

Jordan Armed Forces Patrol Against New Riot

AMMAN, Jordan (UP) — Security forces patrolled this tense capital today after student demonstrations against possible inclusion of Jordan in the Western-sponsored Baghdad Alliance.

• • •

One person was killed and seven were hospitalized when troops broke up two demonstrations yesterday. Outbursts also were reported in Nablus, Hebron, Jericho and Ramallah.

• • •

Demonstrators in Hebron attacked offices of the U.N. Relief and Works Agency for Palestine Refugees. No casualties were reported.

I'D LIKE A REAL . . . . — These were the words that Santa heard Saturday from hundreds of children of area members of the CIO as the Oakland County CIO Council and 17 affiliates staged their annual Christmas party at the Boys' Gymnasium at Pontiac High School. The show, which attracted some 7,000 children, was highlighted by a show presented by the Homer Babb Dance Studios of Detroit and each youngster receiving a Christmas gift from St. Nick.

Commercialism Takes Over

Cubans Forced to Adopt U. S. Christmas Custom

HAVANA, Cuba (UP)—Cuban parents face two present-giving holidays during the Christmas season. Children receive gifts from Santa Claus on Christmas and from the Three Wise Men Jan. 6.

Until recent years most Cubans followed only the Latin-American custom of showering toys on their children Jan. 6, the feast which commemorates the Three Wise Men's presenting gifts to the Christ Child.

RELIGIOUS FEAST

Traditionally, Christmas in Cuba is a religious and family celebration. Members of the family gather late Christmas Eve, known as "Noche Buena" or the Good Night, for a feast of young roast pig, black beans and rice and fried bananas.

• • •

Then off they go at midnight to an old cathedral or to a modern air-conditioned church to attend the Misa de Gao or the Mass of the Rooster.

U.S. IDEA SPREADS

Before the last war only the more wealthy among Cubans had adopted the United States-type Christmas. Now it has spread to others. As early as mid-November Christmas decorations go up in stores, and shop windows are filled with gift suggestions. Imported evergreens are sold from sidewalk stands.

• • •

The Cuban government this year will distribute 200,000 food packages—each of which will include $1—so the poor can hold their family dinners on Christmas Eve. The dollar will be used to buy a young, tender pig for roasting.

• • •

On Jan. 6 the government will distribute truckloads of toys to poor children.

The tree kangaroo spends much time on the ground. It ascends to feed on fruit and foliage, to escape enemies and to sleep.

The Way of the World

There's More in Pizza Than in Teaching School

DENTON, Tex (UP)—Bianca's Pizza Bakery is doing all right in this Texas college town but don't waste your time looking for Bianca.

• • •

The establishment belongs to a couple of gals who tossed their college training aside to go into business.

The proprietors: Nancy Barker, 24, a blonde who quit a school teaching job, and Barbara Cosgrove, 22, whose only qualification for the pizza business was a diploma in English.

In the 2½ weeks they've been in operation, Nancy and Barbara already have made enough profit to pay off their original investment. They bake on the average of 50 of the crisp Italian dishes a day.

Roommates several years ago while attending North Texas State College here, the two girls talked often of going into business together. All they needed, they figured, was a good idea.

• • •

Barbara hit on pizzas while in Florida during the summer. She and Nancy then began hauting restaurants, lounges and bars in Dallas, sampling pizza and copying sauce recipes.

Now they have their own "special" recipe, along with worries about importing cheese and herbs from Italy, getting special boxes from New Jersey to deliver the pizza in, and the like.

Their dreams at first were big. They wanted to rent a building. Finally they settled for the kitchen of their small rented cottage in which to bake the pizza. Both take turns at the twin pizza ovens, but Nancy keeps the books.

• • •

They're saving up for a vacation in Europe and later hope to have "a regular little Italian restaurant."

California Earthquakes End After 78th Tremor

EL CENTRO, Calif (UP)—Imperial Valley residents set out today to assess fully the damage left by a jumbled weekend of 78 earthquakes give or take a tremor.

Damage at Brawley, 14 miles north, was estimated at perhaps $50,000 in broken windows, buckled ceilings and cracked walls, but there were no injuries reported in the 800 square miles of the Imperial Irrigation District.

The 78th shock, by the count of district officials, rattled dishes and windows here last night but apparently caused no damage.

160 Killed, 200 Missing as Floods Rock Lebanon

BEIRUT, Lebanon (UP)—The Abou Ali River raged in flood across north Lebanon today, with some 160 persons reported killed and 200 missing.

The torrent cut the coastal town of Tripoli in half, destroying about 100 buildings and wrecking six bridges. President Camille Chamoun and Premier Rashid Karami hurried to Tripoli to oversee rescue work by troops and police reinforced from other towns.

Deaths Last Night

COLORADO SPRINGS, Colo (AP)—Rear Adm. Albert Kellogg Morehouse, 55, commander of Naval forces of the Continental Air Defense Command since September 1954.

Westinghouse Offers Strikers Yule Loan

PITTSBURGH (UP) — Negotiators for Westinghouse Electric Corp. and the striking International Union of Electrical Workers called another bargaining session today while the company rushed plans to lend $100 to any striker to tide him over Christmas.

The union, which has neither endorsed nor rejected the loan plan, is letting local unions decide whether they'll permit the strikers to cross picket lines to pick up the checks.

The company is setting up plans to pay out the money inside the plants, saying it is "not practical" to do so anywhere else.

• • •

Westinghouse said any employe who has lost 30 days' consecutive work qualifies for the loans. About 44,000 members of the IUE have been striking since Oct. 17 in a bitter contract dispute. Approximately 10,500 members of the Independent United Electrical Workers struck Westinghouse Oct. 25 in a similar dispute.

Weekend Fatals Total 21 in State

Car Mishaps Claim 16; Shooting, Explosion and 3 Fires Kill Others

By THE ASSOCIATED PRESS

In the last weekend before Christmas, 21, persons lost their lives in Michigan accidents.

Traffic mishaps claimed 16. Three died in rooming house fires.

A man died in the explosion of a heating torch's tank, and a girl was shot to death by a youth who didn't think the gun was loaded.

Traffic fatalities included:

Charles Harrington, 67, of Lakeside.

Fred Bannick, 43, of Saginaw.

John W. Bright, 72, and his wife, Amy, 70, of Davison.

Albert Wilkens, 26, of Montrose.

Raymond C. Grier, 52, of Galesburg.

Earl Thomas, 52, of Jackson.

George Lapham, 76, of Frontier.

Donald Hall, 32, of Fairgrove.

Robert R. Smith, 15, of Big Crooked Lake near Rockford.

Earl Griffith, 57, of Montcalm County.

Arvid Holst, 66, of Fair Haven.

James W. Peak, 35, of Detroit.

Robert S. Krug, 31, of Novi Township.

Wellington McDonald, 74, of Pontiac.

Earl Edwin Harris, 30, of Flint died Saturday night in a rooming house fire. Firemen theorized Harris had been smoking in bed.

Louis Reinhardt, 29, of Bay City died in a similar fire Sunday in Burton Township, near Flint.

Fifteen-year-old Sheila Dunne of Detroit was accidentally shot to death Friday night by a youth who thought the pistol he was demonstrating to a group of friends was not loaded.

Leonard Kotarek, 51, of Manistee died Saturday night from injuries suffered in an explosion earlier in the day at the Fallen Drop Forge Co. of Manistee. A heating torch tank exploded.

John Lucas, 28, died Sunday night when fire swept his rented room in Grand Rapids.

Floyd West, 25, of Watervliet was crushed under his overturned tractor Sunday night.

Books Offer Pointers on Yule Preparations

Looking for a different recipe for Christmas cookies or cakes? Need some help on decorating your home for the coming holidays?

Answers to these and many other questions and problems that come up during the Christmas season, can be found in books at the Pontiac City Library according to Librarian Phyllis Pope.

"Books can offer such practical help on all aspects of Christmas," the librarian said. "The library has recipes for Christmas cakes and cookies, suggestions for gifts you can make yourself, ideas for decorations, plays for church or school, and the words and music for favorite Christmas carols."

In addition, helpful material is available on Christmas customs, holiday parties, Christmas poetry and other related topics, the librarian said.

Student Runnerup in Poetry Recital Contest at School

William C. Bryant, son of Mr. and Mrs. Frank J. Bryant, of 248 W. Hopkins St., recently was awarded second prize in a Spanish poetry recital contest at the University of Michigan.

Bryant, an entrant in a category made up of third-term Spanish students, recited "La Vida es Sueno" ("Life is a Dream") by Pedro Calderon de la Braca.

The student is director of "El Campanario," a periodical published by the university's students of Spanish.

Molotov Predicts Quick Action on Japs, Mongols

MOSCOW (INS)—Soviet Foreign Minister V. M. Molotov expressed the belief today that Japan and Outer Mongolia would be admitted to United Nations membership "very shortly."

Both countries were denied membership by vetoes last week when 16 other applicant nations were admitted. The Soviet Union vetoed Japan's membership application three times. Outer Mongolia was vetoed by Nationalist China.

Police Jail Motorist After Highway Collision

Ruben H. Mosley, 38, of 110 W. Pike St., was jailed on a charge of being drunk and disorderly after a two-car collision on Elizabeth Lake Rd. last night.

The other driver, Rodney Dickerson, 24, of 31 Alison St., told police Mosley rammed into the rear of his car while he was stopped for traffic.

Grain Stocks Hit Top

TORONTO — Stocks of the major types of grains held in the principal exporting countries—the United States, Canada, Argentina, and Australia — reached a record 116,000,000 tons July 1. This was a 2 per cent gain over stocks the year before and more than double the 1945-49 annual average.

RECEIVES CHECK — Pontiac Mayor William Donaldson received a check for $428 to add to the fund for the Pontiac Civic Auditorium. The funds were donated by Pontiac residents from other lands, members of Janice Antona's citizenship class, and presented at the group's Christmas party.

Santa Claus Came Early for Civic Auditorium Fund

Santa Claus came early for the Pontiac Civic Auditorium fund this year.

When the New Citizens' League of Pontiac met Saturday, for a Christmas party, Mayor and Mrs. William Donaldson were the honored guests.

The mayor received a check for $428 contributed by members of Janice antona's citizenship classes.

The contribution by Pontiac citizen from other lands was made to further the cultural development of their new city.

Theme of the affair was "Christmas Around the World." The class students showed how the Yule was marked in their native countries.

holiday traffic during the remainder of the year. Pontiac Police urged both pedestrians and drivers to use double caution on city streets.

In other accidents this weekend, a 6-year-old boy, getting off a Sunday School bus, received slight injuries when hit by a car.

Gerald H. Davis, 892 Emerson St., was released after observation in Pontiac General Hospital.

The driver Earl Billingsly, 50, of 86 Perch St., told police that the boy walked in front of his car, and he couldn't stop in time because of icy pavements.

Firebird II Revealed as Car of the Future

(Continued From Page One)

springs and shock absorbers, keeps the car level fore and aft, as well as sideways at all times.

6. A central hydraulic system that operates the Firebird's power steering, power brakes, power windshield wipers and the suspension system. GM engineers say this hydraulic unit can eventually be used to operate window lifts, convertible tops, seat adjusters and other accessories.

7. An automatic transmission mounted between the two rear wheels, eliminating the conventional differential.

8. Permanently lubricated pivot points with plastic bearing surfaces on the chassis that "provide acoustical isolation between the suspension system and the body."

* * *

All of this is crammed into an Indianapolis 500-type beauty in which the single tail fin, 52 inches off the ground, is the highest thing on the car.

The over-all length of the Firebird is 235 inches on a 120-inch wheelbase.

* * *

It has a virtually all-glass canopy over the air-conditioned interior. The almost pointed snout is flanked by two intake recesses resembling a jet fighter. Twin exhaust ducts are slung under the rear fenders like auxiliary gasoline tanks under a jet's wings.

The Firebird II is a successor to the original needle-nosed, one passenger Firebird built by GM two years ago as the first gas turbine passenger car in the U.S.

* * *

The GM Turbocruiser, first gas turbine bus in the world, was developed last year.

The new car, however, is designed for highway use and according to Curtice "has been successfully driven on public highways." He said it is fresh from tests at GM's desert proving ground at Mesa, Ariz.

Teenagers Face Quiz on Accident Details

Two 17-year-old youths, who say their car was stolen, face lie detector tests today concerning an automobile accident Sunday.

Being questioned are Robert Pena, 14 S. Parke St., and Paul Wood, 42 Bellevue St.

They told police that a 1950 maroon convertible, abandoned at the accident, had been stolen from them 15 minutes earlier.

The other driver, Lawrence L. Proper, 38 McKinley Dr., said that a youth answering Pena's description, was driving the convertible when the accident occurred at Paddock and Mt. Clemens Sts.

Dale Harris Retires as Association Head

The retirement of Dale C. Harris as president of the American School Band Director's Association was announced today by Association Vice-President Arthur H. Brandenburg.

Harris, Pontiac High School band director, received a citation for meritious service Saturday as the association concluded a three-day convention in Detroit.

Harris, whose retirement from the group becomes effective Jan. 1, was instrumental in founding the organization in 1954. He served two terms as president.

Travel Up 5 Per Cent Over '54, Group Reports

WASHINGTON, (INS)—The National Association of Travel Organizations reported today that Americans were on the move nearly 5 per cent more in 1955 than in the preceding year.

The organization estimated that expenditures for out-of-state domestic travel will come to 13 billion 500 million dollars and predicted a small percentage increase next year.

Meat on Table—Thanks to Accident on Highway

Patients at the Oakland County Tuberculosis Sanatorium will have venison for Christmas—thanks to R. C. Dawson of Bay City.

But Dawson, who car killed the deer yesterday morning on US 10 near M 87, isn't happy about playing Santa Claus. The front end of his car was pushed in.

Bomb Misses Man, Rocks Parking Area

FORT WAYNE, Ind. (AP) — A dynamite bomb tossed beside the empty car of a union official on a downtwon parking lot rocked the Fort Wayne business district early today. There were no injuries. Windows in nearby buildings were shattered.

* * *

The owner of the car is Kenneth McNeal, business agent of AFL-CIO Plumber and Steamfitters Local 166 and president of the Fort Wayne Building Trades Council. The car was wrecked.

McNeal told police he could no explain the bombing. Detective Capt. Mitchell Cleveland interpreted the incident as an attempt to gain control of the union.

Police Cooperation Thwarts Car Thieves

Clarkston resident George A. Crouch can thank the police teletype network that he's driving his car today.

Crouch's auto was stolen while he was in church yesterday. When he reported the theft to Oakland County Sheriff's deputy Sgt. Paul Carpenter, Carpenter sent the report via teletype to all area police stations.

He hadn't finished transmitting before a Lake Orion patrol car called in by police radio to say they had the car.

The three juveniles who were driving it will be charged this afternoon.

Seven Hospitalized Following Collision

ROMEO — Seven persons were hospitalized after a collision Sunday at 34 Mile road and Camp Ground road north of Romeo.

Paul Gill, 16, South Mill road, Dryden, is in critical condition in St. Joseph Mercy Hospital, Mt. Clemens.

Michael Konarski, also 16, of Romeo, driver of one car, is in serious condition in the same hospital.

Driver of the other car was Leo M. Parrish, 45, of Armada. Riding with him were Diane Parrish, 12, John, 14, also of Armada. Other passengers were Woodson Ritter, 30, Memphis and Jeanne Ritter, 18, also of Memphis.

3 Killed as Idling Jet Runs Wild

6 Planes, Huge Hangar Lost at Lincoln AFB in Million Dollar Fire

LINCOLN, Neb. (AP)—A Navy jet fighter plane, warming up on the flight line, ran suddenly wild under full power at the Lincoln Air Force Base yesterday.

* * *

The result:

—Three Navy men killed.

—A huge wooden hangar levelled by fire.

—Six aircraft destroyed completely, another damaged.

—Losses running into the "millions of dollars."

One of the dead was the jet plane's pilot, Lt. (JG) Vernon R. Chapman Jr., 25, of Grand Island, a Korean war veteran but of late a "weekend warrior" as a Navy reservist.

The other victims, whose bodies were recovered from the hangar ruins, were:

Air Controlman 1.C. Kenneth C. Newman, 24, of Lincoln.

Air Controlman 3.C. Hubert Lee Tracy, 29, of Lincoln.

* * *

The F9F jet fighter plane with Lt. Chapman in the cockpit struck three aircraft in its wild, careening run outside the hangar. With its exhaust still spewing flames at full force, the craft plowed its way inside the hangar, crashed through another aircraft and into still another.

* * *

In its tempestuous trip, the jet rammed a huge hole through the midsection of a patrol bomber outside the hangar.

The Air Force opened an investigation.

Ice Skaters Flock to Nine City Rinks

With the weather man predicting the approach of the coldest wave to date, Parks Supervisor Bill Aho announced that nine city-operated ice rinks will be available during the week.

Over the weekend the nine rinks attracted close to 2,000 skaters, Aho stated.

The rinks available are: Jefferson-Whittier School; Washington Junior High; Crofoot School; Oriole Field; Wilson School; Rotary Playground; Optimist Playground, and Wever and Owen Schools.

Aho said the Northside rink will be ready for skating by next weekend.

Sarah Jones Leaves Agriculture Board

EAST LANSING (AP) — The first all-male State Board of Agriculture in 36 years will organize next month.

The board governs Michigan State University.

With the end of the year, Sarah Van Hoosen Jones of Rochester, Republican, goes off the board after 12 years of service, and is replaced by William E. Baker, Mesick Democrat, who was one of two Democrats elected at last spring's general election. Baker joins Dr. Donnor D. Smith of Tawas who was first appointed to the board by Gov. Williams.

Alabama Claims Man on Assault Charges

A Pontiac man who moved here recently from Alabama waived extradition Saturday to face charges that he assaulted a friend with intent to murder him.

Bentley Jackson, 31, of 242 N. Saginaw St., is accused of stabbing Leon Thomas in Birmingham, Ala., six weeks ago.

He accompanied Alabama officers to Birmingham Saturday.

Before leaving, he told police "Leon was a friend of mine—we used to go to school together. He didn't want to prosecute on the charge, but the police wanted him to. He swore out a warrant.

"I stabbed him, but I took him to the hospital right away."

Escanaba Father Dies as Couple Meets Son

MILWAUKEE (AP)—A weekend reunion of a Michigan couple and their son proved to be a tragic one. Roger J. Moras, 59, chief dispatcher for the Chicago and North Western Railroad at Escanaba, Mich., collapsed and died of a heart attack.

Moras and his wife, en route to Texas for a vacation, had just stepped off a train to greet their son, William, who lives in Milwaukee, when the elder Moras collapsed.

Hal Boyle Says:

Payment for Easy Money Proves Painful

By HAL BOYLE

NEW YORK (AP)—Curbstone comments by a Pavement Plato:

Youth is discovery, and the things youth may discover are adventure, friendship, sex, love, parenthood, death, money, boredom and faith.

The manner in which each individual makes all these separate discoveries of living must always be personal to him — though it be a stale tale in the story of human history.

On this day I would discuss the discovery of money.

* * *

First, let us consider what money is—or, as the cynic says, was. Money is usually a medium of exchange and sometimes a measure of valor.

How does a human being discover the value of money? To me it happened in this wise:

Strolling down the pavement as a child I found a pocketbook containing about $65. I promptly divided the money with a friend who was with me—he was older, anyway, and could have taken it all from me.

* * *

The dough I had left made me the biggest guy in the neighborhood. I had what the older kids didn't have—cash in hand, for the first time in my life, cash beyond the simple avarice of childhood.

For 35 cents I bought up a triggerless real pistol, the pride of the block. I bought all the agate marbles I never had been able to win when knuckles were on the ground for keeps.

* * *

I took all the kids for three blocks around to a free treat on me at the corner drug store. When they were stuffed with ice cream, we went to the afternoon movie. I bought the tickets, I bought the popcorn, I bought the candy.

Nobody who later came from Texas ever spent money more madly, had more fun, or spread more joy around—for less than $35. I was a real hero, at least until one of my ice cream and pop corn laden joy riders got sick with all this unexpected plenty. He spilled everything, including the source of my wealth.

* * *

This brought me up front in the picture.

Well, my father was an honest man and doing all right at the time. He figured that the pocketbook contained the money of somebody who needed it. People thought of things like that in those times.

He checked the newspapers until in the Kansas City Times he found a notice by the person who had lost the pocketbook. My father dug into his own pocket and paid it all back.

Then we had a real old-fashioned father and son heart-to-heart talk, during which I said nothing and dad took off his belt and put the belt to me in an area where he thought the memory would linger.

It still does, and I still recall the lesson I learned when I first discovered the importance of money.

Moral: You might as well earn money the hard way, because money you pick up easy will only cause you trouble at the end.

Bus Contract Averts Grand Rapids Strike

GRAND RAPIDS (AP)—A midnight strike of Grand Rapids bus drivers was averted with an agreement on a new one-year contract.

* * *

A strike would have halted public transportation in Michigan's second largest city, which has a population of 185,000.

The agreement gives an across the board increase of three cents hourly to 178 members of the Amalgamated Assn. of Streetcar, Electric Railway and Motor Coach Employes of America. The agreement was ratified today by a vote of 108-41.

It also provides six paid holidays, two weeks' severance pay, extra pay for training student drivers, two hours guaranteed call-in pay, and improved company-paid insurance benefits.

* * *

Before the new agreement drivers got $1.65 hourly during the first three months, $1.70 for the next nine months and 1.75 after the first year. They had demanded an across the board raise of 10 cents.

State FEPC Names 1st Permanent Head

LANSING (AP) — Michigan's new Fair Employment Practices Commission now has its first permanent director—John G. Feild, secretary of the Toledo Board of Community Relations.

Feild, 33, and a native of Detroit, has administered Toledo's FEPC law, and worked for the former mayor's Inter-Racial Committee in Detroit. He was educated at Wayne University.

The commission appointed William M. Seabron of Detroit as assistant director.

Seabron worked for the Urban League in Detroit and Minneapolis for the past two years.

Feild recently was elected president of the National Association of Intergroup Relations Officials.

Approximately 70 per cent of South Africa's male workers occupy jobs for which they are unsuited, declares Ian Bruton-Simmonds, Johannesburg psychologist.

THE NATIVITY
An Angel

Displaying a creche, a scene showing the Bethlehem stable at the birth of Christ, is one modern Christmas custom tied directly to Jesus' birth. Other decorations—candles, garlands, bright ornaments, holly, mistletoe and even the Christmas tree—stem from other customs and or from legends.

The tableau of the Christmas creche is an effort to tell again the story of the birth in the manger. More than 700 years ago, St. Francis of Assisi made such a model to help make the story more real for Italian boys and girls. Since then many others have been made, some of them rare and expensive art treasures, some simply and lovingly made at home.

This week, one by one, we bring you figures which you can put into your own Christmas creche. At the bottom of today's drawing you will see how the figures, when you have them all, should be arranged. Color the figure of the angel, paste it on cardboard and cut it out.

You can see that angel is to be hung over the creche scene. This may be done by putting a thread or cord through the two holes at the [illegible] wings.

Syracuse Deal to Be Closed

Transfer of IL Baseball Franchise to Community Group Set Today

SYRACUSE, N.Y. (AP) — A new deadline of 5 p.m. today has been set for agreement on terms whereby the Syracuse Chiefs baseball team would be transferred to a community-backed corporation.

Signing of the contract originally was slated for Friday. It was delayed Saturday because of a dispute over whether the present owner, Marty Haske, should provide a list of creditors, as required by the state bulk sales law, or offer his personal indemnification that no debts would be carried over against the new corporation.

A central New York community baseball corporation was formed last week after fans pledged $50,000 to purchase the club.

Haske would not comment when asked whether he would reconsider a once-rejected offer of $100,000 from a group seeking to move the International League franchise to Miami, Fla.

Independent Unions Plan Own Merger

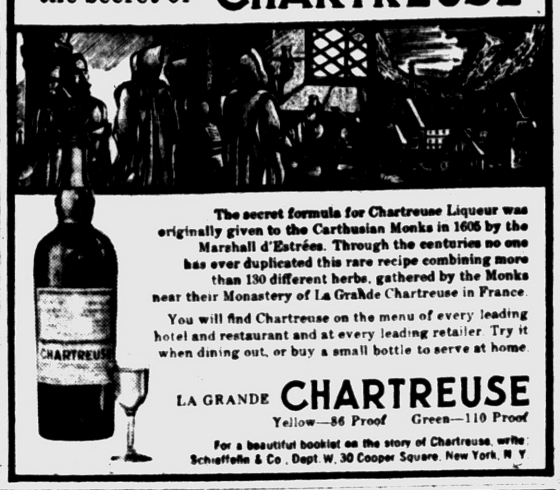

ST. LOUIS (AP)—Fifty representatives of independent labor unions are laying the groundwork for a proposed organization of some six million union members outside the big AFL-CIO combine.

The three-day meeting, which started yesterday, is sponsored by the 1,800,000-member National Independent Union Council and the 450,000-member Confederated Unions of America. The sessions are preliminary to a merger convention in Washington Feb. 6.

Roger M. Rettig of St. Louis, national chairman of the NIUC, estimated membership in all independent unions at six million.

the secret of CHARTREUSE

The secret formula for Chartreuse Liqueur was originally given to the Carthusian Monks in 1605 by the Marshall d'Estrées. Through the centuries no one has ever duplicated this rare recipe combining more than 130 different herbs, gathered by the Monks near their Monastery of La Grande Chartreuse in France.

You will find Chartreuse on the menu of every leading hotel and restaurant and at every leading retailer. Try it when dining out, or buy a small bottle to serve at home.

Don't Joke About It

LEICESTER, England (AP) — Dr. Leslie Weatherhead, president of Britain's Methodists, thinks it's disgraceful to joke about old maids. "Jokes about unmarried women between 40 and 60," he says, "are feeble and more cruel than funny." The reason many women are spinsters, he adds, is that so many men were killed in two world wars.

Troopers Begin Safety Program

Unmarked Radar Patrol Starts Monday on South Link of Telegraph Road

LANSING (AP)—The State Police will start its first use of radar to catch highway speeders today with the operation of a specially-equipped unmarked car on Telegraph Road between Detroit and the Ohio line.

• • •

Commissioner Joseph A. Childs said the radar patrol car would be used through the remainder of the holiday season as part of a stiffened enforcement drive on the route, considered the major "death road" in Michigan.

Patrol cars have been ordered to issue only warnings for "a day or so," Childs said, and then to start making arrests.

He said the radar will be in an unmarked car, but that motorists will be stopped by uniformed officers in a regularly-marked patrol car. The radar car will signal regular patrol cars to make arrests.

Childs recently stepped up patrols on Telegraph Road to average one car every seven miles around the clock.

He said most of Telegraph Road is zoned for 50 miles an hour, but that parts of it are limited to 45 miles an hour.

Cite CIO for Placing 'Propaganda' Ads

LANSING (AP)—Three Republican legislators, asking corrective legislation, charged today that the CIO used a "false front" to place "propaganda" advertisements in Michigan newspapers during the recent fight over emergency care for mentally retarded children.

Sen. Carlton H. Morris (R-Kalamazoo), said the ads were placed in eight Michigan daily papers to attack the state Senate and its position on the mental care program of Gov. Williams.

"These ads," Morris said, "contained a great many false and misleading statements designed to inflame public opinion. The ads identified the sponsors only as some sort of a committee to aid retarded children. No one in the communities in which this advertising appeared had heard of such a committee and local agencies which were interested in retarded children were both mystified and confused."

After an investigation, Morris said, "I was told that the ads were paid for by the International Union, UAW-CIO, the Michigan CIO Council and the Wayne County CIO Council.

General Motors Girls' Club Joins in Aid to Needy

Pontiac Press Photos

Each year General Motors Girls club members purchase and dress dolls for distribution to hospitals and organizations who redistribute them to the needy. Pictured as they admired their finished handiwork are (left to right) Arlene Newcombe of South Roselawn avenue, Mrs. Milton Brinson of East Rutgers street and Mrs. Harry Dernberger of Williams street.

Hairdressers Hold Election and Yule Party

Mrs. Ben Elbling opened her home on Oxley street for the annual Christmas party and election of officers of the Pontiac National Hairdressers' Association. A cooperative dinner was enjoyed by members preceding the meeting.

* * *

Officers elected for the coming year are: Mrs. James Wilkinson, president; Mrs. Ray Sluder, vice president; Kathryn Liichow, recording secretary; Mrs. John Wilson, treasurer; Martha Hagler, corresponding secretary, and Mrs. Arthur McKinniss, program chairman.

Mrs. Wilkinson appointed delegates to attend the state meeting, which precedes the North American Beauty and Fashion Show taking place at Hotel Sheraton-Cadillac in Detroit on Feb. 5-7.

Appointed as delegates were Mrs. Harry Randall, Mrs. Ernest Thayer, Mrs. Ben Elbling, Mrs. Ray Sluder and Mrs. Wilkinson. Alternates are Mrs. John Wilson, Mrs. Luella Murray, Mrs. McKinniss, Mrs. J. Williamson and Mrs. William Hawn.

* * *

Following the recent business meeting, games and an exchange of Christmas gifts were enjoyed.

GM Girls Dress Dolls for Charity

Shirley Slaughter Is Chairman of Annual Affair

Two hundred and sixty five dolls were presented hospitals and charitable organizations by the General Motors Girls Club.

* * *

Members of the club assisting in the purchase and dressing of the dolls included those working at Pontiac Motor Division, GMC Truck and Coach Division, Fisher Body Division and General Motors Acceptance Corporation.

Organizations benefiting from the annual project were Oakland County Juvenile Home, Oakland County Society for Cripped Children, Muscular Dystrophy patients, and the Veterans' Hospital at Dearborn, to be used by the veterans as gifts for their children.

At the Veterans Hospital, dolls will be given men in the TB ward only since they are unable to get to their canteen to purchase gifts.

Club members also give scale model Pontiac cars to the young boys in these same groups.

Several girls who didn't have the time or skill to dress a doll donated money to the project and women at the Oakland County Convalescent Home dressed some dolls for the club.

The Club held its annual Christmas Tea at Hotel Waldron Sunday afternoon with piano entertainment by Jerry Libby.

Group singing was led by Ruby Brusha and grab gifts were exchanged by the 85 members attending.

Shirley Slaughter was chairman of the event. Mrs. Harry Dernberger and Phyllis Trissell presided at the tea table.

General Motors Girls Club members shown as they viewed the exhibit of dolls purchased and dressed by them are (left) Mrs. Elwyn A. Olsen of North Marshall street and (right) Mrs. Frances Nelson of East Fairmont street. The dolls were displayed just before they were contributed to hospitals and worthy organizations for distribution to needy youngsters.

Friends Fete Bride-Elect

Among the recent showers given for bride-elect Nancy L. Johnston was a luncheon and pantry shower hosted by Mrs. Gus Hanson and Mrs. Raymond Longpre; a miscellaneous shower given by Mrs. Gordon Hayter and Mrs. Brenard Tryon and a personal shower given in Ann Arbor by Jane Roach, Janet Jewell and Mary de Tar.

Suzanne Longpre entertained at the Corner House in Ann Arbor for the spinster luncheon.

Nancy, daughter of Mr. and Mrs. Donald D. Johnston of Woodbine drive and Philip J. Hunt, son of Mr. and Mrs. Hubert T. Hunt of Ecorse, will exchange vows on Dec. 26 at St. Benedict Church.

Mrs. J. Leonard Opens Home

Mrs. Jennie Leonard of Avondale street was hostess at her home to members of the Frances C. Butterfield Tent Nine Daughters of Union Veterans of the Civil War.

Christmas decorations were used throughout the house. An arrangement with Santa and his reindeers centered the dinner table at which 16 members were seated for the Thursday evening dinner and Christmas gift exchange.

Spangles Out-Dated

Spangles on aprons have fortunately been replaced by more practical decoration.

Granted, a party apron needn't be dowdily practical, but it's annoying not to be able to wash it at all and that's about the condition of spangles or sequins.

She Keeps Busy, Too

Duffy's Wife Adjusts Days to Sports

By ROBERT E. VOGES

PASADENA, Calif., Dec. 19 (AP)—A coach's wife has a lonely life . . .

Especially if you are the wife of "Coach of the Year" Duffy Daugherty of Michigan State University, now busy preparing his football team for the Rose Bowl meeting with UCLA.

Pretty, dark-eyed Francie Daugherty has her own personal recipe to chase the lonesome blues.

She makes the most of every minute she has with her popular and busy husband. She has a boundless enthusiasm for his job and his football team. And she devotes herself to her two children and her home.

"If coaching football is what he's happiest doing, that's what I think he should do," says Francie about the job that keeps her husband away so much.

"I probably spend more time with my children than most wives. We're able to do a lot of things together. Then when my husband is home, it's something special and we make the most of it," she declared.

During the football season, Sunday morning breakfast is the only meal Duffy and his wife have together.

But Francie sees more of her husband during the season than any other time. He'll be home after practice between five and six to change his clothes before dashing off for some dinner or to eat with the team at the training table. That's their time for visiting and Duffy's chance to play with the children.

Once the football season is over and the banquet season starts, Francie considers herself lucky if she and her husband have dinner together one evening a week.

Francie sees all the home football games and also goes down to the Michigan game every year it's played at Ann Arbor.

She hasn't been going on the road trips since the team has been flying home every Saturday night.

The couple has two children, Danny, nine, and Dree, 23 months old.

Danny already is playing on a fourth grade football team—a linesman like his famous dad.

Duffy often takes time out from practice when Francie brings Dree out to the football field to cary his daughter around and show her off to visitors.

Their social life mostly consists of entertaining close friends, other coaches and neighbors at their attractive East Lansing home.

When her children and her home aren't keeping her busy, Francie busies herself knitting socks for her husband, reading — anything she can get her hands on—and working with the Red Cross where she serves as a staff aide on the bloodmobile.

When she and her husband do go out, Francie always favors football players as baby sitters. They like the quiet of the Daugherty home for catching up with their studies.

And at least one former player now an assistant coach—backfield coach Sonny Grandelius—did part of the courting of his present wife while baby-sitting at the Daugherty home.

Some wives of coaches tell about how disgruntled alums gave them a hard time by phone. Not Francie. "Eve last year when Duffy was losing, everyone was wonderful," she said.

Francie and the children flew out Thursday for San Francisco, her home town, to stay with her parents while Duffy is on the coast. On Dec. 22 she will fly down to Pasadena with Danny to spend Christmas and the New Year with her husband and watch the big game.

Dree will be cared for by the doting grandparents.

Daugherty will be able to spend some evenings with his wife and a gay social whirl is in prospect for as many nights as he can spare.

Francie is looking forward to doing some clothes-buying in the fabulous West Coast shops.

Last time she went out to the Rose Bowl, she confesses, she packed too many warm, wool dresses. This time her wardrobe was built around winter cottons, cocktail dresses and a cashmere coat.

After the Jan. 2 game, the Daugherty family will head back to San Francisco where Duffy will be able to stay until a coach's meeting calls him away.

Both have a special affection for the town because it's where they met in 1943. Duffy was a second lieutenant, just fresh out of officer's training camp and waiting at the port of embarkation to be assigned to the Pacific area.

"He had a date with one of my girl friends, and then we met," recalls Francie.

It was a whirlwind courtship and they were married within three weeks.

Then Francie didn't see her husband in two and a half years while he participated in three major campaigns before returning as a major.

So the business of waiting for a husband to return home from the wars — football or otherwise — is nothing new to Mrs. Duffy Daugherty.

Martha Browning Weds Robert Mast

BLOOMFIELD HILLS — In St. Dunstan Chapel, Christ Church Cranbrook Friday evening Martha Browning and Robert Terrell Mast were united in marriage by the Rev. Robert L. DeWitt. The wedding was attended by members of both families and close friends.

The bride is the daughter of Mrs. Henry Clyde Johnson and the late Gen. Albert J. Browning. The bridegroom's parents are Mr. and Mrs. Walter H. Mast of Grosse Pointe Farms.

The bridal gown was of white Chantilly lace with a detachable train of Italian silk. The fitted bodice had a portrait neckline and the veil of silk illusion was caught under a tiny white satin cap. She carried white roses centered by a white orchid.

Her sister Mrs. Hal E. Egbert of San Gabriel, Calif., was the bride's only attendant. She wore royal blue satin and carried American Beauty roses.

Timothy Warren Mast was his brother's best man, and ushers were William R. Yaw Jr. and Rufus H. Heitzel Jr.

A reception was given in the bride's home, Quarton road, Bloomfield Hills.

Mrs. Johnson wore emerald satin with a matching stole. The bridegroom's mother wore champagne colored satin.

After Christmas with their families, the couple will go to California for the Rose Bowl football game before returning to their studies at Michigan State University. They will both graduate in June.

For traveling the bride wore a costume suit of blue jersey.

MRS. ROBERT TERRELL MAST

Married Friday in St. Dunstan Chapel, Christ Church Cranbrook were Martha Browning and Robert Terrell Mast. She is the daughter of Mrs. Henry Clyde Johnson and the late Gen. Albert J. Browning. His parents are the Walter H. Masts of Grosse Pointe Farms.

Santa Claus paid a visit to the Knights of Pythias Hall Sunday when more than 175 Junior Achievers held their Christmas party. Taking part in the festivities were (top, left) Mary Coronado and Rudy Mackey. In the bottom row (left to right) were Sandy Mair, Davie Mackey and Edwin Kash, surrounding Santa. The party was supervised by Robert E. Mehoke, coordinator of the Pontiac Junior Achievement Center.

Liquor Taster Only 'Samples' Wares

NEW YORK (INS) — Marjorie Plamp is a lady liquor-taster. She is probably the only woman in the country so employed (professionally.) She is very happy most of the time, but not the way you think.

"I never drink on the job," she says. "I just smell, swig and swish."

What makes her so happy then?

"Oh, to a chemist like myself, this work is very, very stimulating."

Miss Plamp's work, which would be equally stimulating to members of other professions which shall not be exposed here, requires more talent than meets the eyes. Also, of course, it takes fortitude.

"I don't dare use cream in my coffee, because it might coat my tongue and destroy my appreciation for the bourbon I taste," she explains. "And I can't eat sweets for the same reason. Also, I must run from people who have colds—because if I get a cold, my taste buds are so far gone I can't tell sour mash from sour milk."

After seven years of whisky-tasting, Marjorie is never tempted to drink of the fruits of her success.

"When I first took the job, I had to remind myself not to drink what I was tasting. Now when I go to a party and the hostess gives me a highball I have the opposite problem. Have to keep saying to myself as I sip, 'All right, swallow'."

Marjorie, a small lass with hair the dark shade of her four-year-old product, graduated from the University of Louisville with degrees in chemistry and dietetics and applied for a job in her home town of Louisville.

The Brown-Forman distillers hired her in its chemical department where, for two tedious years, she worked with paper instead of her palate. Then came the fortunate day when the chief chemist gave Miss Plamp a li'l nip—and told her to roll it on her tongue and describe its flavor.

"I just took to it like an old souse," says she happily. "And I have been rolling around about 30 ounces a day on my tongue ever since."

She "tastes" direct from the barrel—when the boubon is still about 100-proof—and one would think that her teeth would fall out sooner or later, and her taste buds would become permanently distilled. But no.

"Late in the afternoon," she admits, "I begin to get a little 'burned out' and my efficiency slacks. But as for my teeth, I used to have cavities constantly—and I haven't had a new one in seven years."

Her dentist, she says, is intrigued.

When the tastiest tester in liquor annals is not attending to business, she attends choir rehearsals. She is a contralto in St. Raphael's Church, Louisville.

One would think that the neighboring altos would complain but according to Marjorie, chlorophyll is unnecessary in her case.

"If you drink whisky, the alcohol oxidizes in your system and the aroma is exhaled through your lungs. But if you only swig and swish, you come out smelling like spring in the orchard."

Mrs. C. A. Booth Entertains Group

Mrs. C. A. Booth of Birmingham entertained 19 members of the Pioneer Sisters at a turkey dinner.

Mrs. Ella Sandison, president, presided at the recent meeting and devotions were given by Mrs. Harry Stowell. Mrs. Stowell's theme was "The Cross, The Candle and The Star."

Decorations for the affair centered around a frosty pink and white tree. The group exchanged Christmas gifts.

Student Production

The vocal music department of Eastern Junior High School will present its annual Christmas program Tuesday at 7:30 p.m. in the school auditorium.

The theme will be "Christmas In Many Lands" and students from the art and speech departments and home room groups will also participate in the program.

Use something dark, something light, something dull and something bright to make a room interesting.

JOAN WILFONG

Mr. and Mrs. Charles Wilfong of Allison street are announcing the engagement of their daughter, Joan, to Harold E. Wiggins, son of Mr. and Mrs. Jack Wiggins of Waterford Township. A Feb. 10 wedding is planned.

Gold Star Mothers Enjoy Yule Dinner

Aemrican Gold Star Mothers Chapter Nine held a Christmas party at the Benjamin Cote home on Ortonville road Wednesday evening.

Members exchanged gifts during the eveing. Mrs. Cote was presented with several gifts in honor of her birthday.

Several husbands of members attended the affair, which feature a turkey dinner. Mrs. Duncan McVean and Mrs. Ralph Brady were guests of the chapter.

Sorority Reveals Secret Pals

Mrs. William Cheal was hostess to Xi Alpha Nu Chapter of Beta Sigma Phi Sorority at her home on Newberry street.

Secret pals were revealed at the recent Christmas party. For the program, Mrs. Cheal read a letter from a sorority sister stationed in England and reviewed some of the well known Christmas stories. An inter-group contest was held when Mrs. Richard Benham assigned letters to be written by members in answer to the question, "Is There A Santa Claus?"

Following the program, members joined in singing Christmas carols.

Jingling Bracelets Becoming Popular

Bracelets are back with a jingling, clanking, bell-like glitter.

Perfect for the holidays, but to be popular in the coming year, are link bracelets, bands, bangles and charm ones. They're bigger and heavier and make more racket than ever. And, since many women like to jingle when they walk, this is fine.

Coming Events

Women of the Moose, chapter 360, will meet tonight at 7:30 in the Moose Temple for committee reports.

The Happy Hour Club will meet Tuesday at noon with Mrs. Albert Kuxler, 40 Roselawn Ave., for a cooperative dinner, to sew cancer pads and exchange gifts.

The Elizabeth Circle of the First Christian Church will meet at noon Tuesday with Mrs. Howard Reynolds, 1036 Boston Bl., for a cooperative dinner and contribution of gifts for the needy.

The Lydia Circle of the First Christian Church will meet Tuesday at 7:30 p.m. with Mrs. W. F. Tompkins, 198 Starr st., for a gift exchange and Christmas program.

Mrs. James Vaughan, 130 Ascott St., will hostess the Naomi Circle of the First Christian Church Tuesday at 7:30 p.m. for a collection of food and clothing for a needy family and a gift exchange.

Girl Finds It Difficult to Get Into Circulation

By ELIZABETH WOODWARD

"Dear Miss Woodward: Our daughter is having trouble getting into circulation. She has many friends, both girls and boys, but she has been going steady with one boy for almost three years, and she is only 16. They are still very good friends but are willing to date others.

"However, the boy is quite popular and the other boys, I think, are holding back because he still chooses our girl. What can we do to prevent her remaining high school days from being spoiled?"

Answer: Getting into circulation will take some positive action on your family's part. A girl can't just sit back quietly waiting for dates to drop in her lap. Not when everybody knows she has been going with just one boy for a long time, and can see that they haven't had a knockdown, drag-out fight.

They still choose each other, though they've been convinced somehow that the monopoly should be broken.

Being seen with someone else on a big occasion would be effective publicity. So would having parties at home in which the old steady is not included.

The crowd at school must be dramaticaly notified of the change in the status quo. High drama comes from importing a very attractive stranger. The boys will take note, and the girls will buzz.

And if she dances, too, with her old steady (who will have taken another girl that evening) the others will see that they're still friends. It will break the ice for your daughter and give her a point from which to explain her willingness to date other boys.

Follow up with some informal little parties at the house. And let the old steady beau be noticeable for his absence.

Close girl friends could be taken into the plot, and persuaded to arrange double dates for her. The word would get around fast that she's willing to make new frineds.

Boys have no trouble getting into circulation. They re expected to be aggressive and ask for dates. It takes a bit of artful arranging to keep a girl from waiting too long for bids.

"Dear Miss Woodward: Through attending places where we can meet people, we have succeeded in becoming friendly with many fellows.

"They will stand and talk to us by the hour, then will turn right around and ask other girls for dates. We're both considered good looking. How can we get them to ask us for dates?"

Answer: Perhaps the boys who interest you the most consider you part of the local scenery and have no background material on you. So why not invite some of them to your homes so they can "place" you a bit more easily?

If they have a good time they'll come again. All of which is building a foundation for dates.

Season Marked by Homemakers

Mrs. Daniel Peterson was hostess to members of the Modern Homemakers Group at her home on McCormick Drive.

Leaders at the recent meetings were Mrs. Harold McAllister and Mrs. Kenneth Anderson. They taught the group several designs for Christmas centerpieces.

Christmas gifts were exchanged and the names of secret pals were revealed. The group was then served refreshments, and a gift was won by Mrs. Volly Yanuszeski.

New Sylvanites Hold Meeting

Mrs. Richard Wiznerowicz of Lakeland avenue was hostess to 19 members of the New Sylvanites Club Thursday evening.

The group exchanged gifts and played games during the social meeting.

The next meeting of the club will be at the home of Mrs. Anthony Osler of Garland avenue.

Plans Outlined for 'Sno-Ball' on February 3

Members of Alpha Omega Chapter of Beta Sigma Phi held their Christmas party and pledge ritual at the home of Mrs. Connie Benson on Cadillac avenue. Receiving the ritual were Mrs. Vincent Schneider, Mrs. Murl Dodge and Barbara DeWolf.

Plans were formulated at the Thursday evening meeting for the annual "Sno-Ball" dance to be held at the Elks Temple on Feb. 3.

Doris Ball will serve as general chairman for the dance, assisted by Mrs. Kenneth Miller, tickets; Mrs. Dodge, patrons, and Mrs. Robert Terry, publicity.

Miss DeWolf will handle decorations. Serving with her are Virginia Milner, Delores Barrett, Bobbie Christian, Mrs. Schneider, Mrs. Duane Chamberlain, Mrs. George Pudduck and Mrs. Benson.

The group voted to contribute a Christmas basket to a worthy family for the holidays. A gift was presented to Mrs. Chamberlain, a recent bride.

New Party Apron

Lucky the gal who gets a party apron for a gift this year. The ones on the counters are lush and practical at the same time.

Permanently pleated cotton leads the list of new notes. It's crisp and fresh looking and is designed to wash in a breeze.

Sweet Rolls Excellent With Coffee

Mrs. Hershey Fills Bohemian Kolache With Fruit, Cheese

By JANET ODELL
Pontiac Press Home Editor

What are you planning for breakfast on Christmas morning? Shouldn't you give the family a real treat and serve some fancy rolls like these Bohemian Kolaches? Mrs. Galen Hershey shares this recipe with us.

Mrs. Hershey is a newcomer in Pontiac, moving here from Iowa. In addition to church work and the care of three sons, Mrs. Hershey is interested in music and reading. She is a very pleasant person to meet.

BOHEMIAN KOLACHES
By Mrs. Galen Hershey

3 cups milk
¾ cup lard or margarine
3 eggs, well beaten
¾ cup sugar
1 cake yeast
1 tablespoon salt
6-10 cups sifted flour
½ teaspoon nutmeg
Fruit or cheese filling

Scald milk, cool, add sugar, salt, yeast and ½ cup flour. Beat smooth. Let rise until double. Add shortening, eggs, nutmeg and enough flour to make a soft dough. Let rise until double.

Punch down, turn out on a floured board and make buns the size of a fifty-cent piece. Place in a shallow, greased pan, brush with melted butter and let rise.

Press down with two fingers and fill the small cavities with jam, a thick sugared fruit mixture, (a date filling is good) or cottage cheese. Let rise 10 minutes. Bake 12-15 minutes in a 400-degree oven. Brush with butter after removing from oven. This makes 8-10 dozen rolls. They freeze well.

Aaron Lee Middleton claimed Geraldine S. Locke as his bride Saturday evening. She is the daughter of Mr. and Mrs. J. R. Locke of Glendale avenue, and he is the son of Mr. and Mrs. Gail Weber of Fairgrove avenue.

MR. and MRS. AARON MIDDLETON

Geraldine Locke Weds Aaron Lee Middleton

At a ceremony performed Saturday evening in Oakland Avenue United Presbyterian Church, Geraldine Sarah Locke became the bride of Aaron Lee Middleton. The Rev. Theodore Allebaugh read the 7:30 p.m. service in the presence of 100 guests.

* * *

The bride is the daughter of Mr. and Mrs. J. R. Locke of Glendale avenue, and his parents are Mr. and Mrs. Gail Weber of Fairgrove avenue.

A gown of French rose pointe lace was worn by the bride. The bodice was fashioned with a square neckline and long sleeves that ended in points at the wrists.

The full skirt was accented with a peplum and side panels of the lace and the chapel train of nylon tulle was scattered with medallions of the lace.

A Juliet cap edged with seed pearls secured her finger tip veil of silk illusion. She carried a fan-shaped arrangement of white carnations and yellow rose buds.

Mrs. LaVonna Lash was matron of honor. Her ballerina length gown was of blue crystallette and she carried a bouquet of yellow carnations and roses.

Alyce Trew of Bath served as flower girl. She wore a yellow crystallette gown and carried a basket of yellow rose petals.

Jack Titus performed the duties of best man. Jack Stolt and Charles Hampton seated the guests.

A reception was held in the church parlors immediately following the ceremony. When Mrs. Locke received her guests she was wearing a black dress accented with white accessories and a corsage of pink rosebuds.

Following a honeymoon trip in Northern Michigan the couple will make their home in Kalamazoo, where the groom is a Junior at Western Michigan College.

Puppet Project Proves Profitable

By ANNE HEYWOOD

Last year, about this time, a young mother wrote me about a puppet show she and a friend had worked out. They made the puppets, wrote the sketches and were really quite pleased with the results.

But, like many young mothers away from the business world, they were very shy. They wanted to go into the business of giving children's parties, but didn't know how to go about it.

And they had the usual plaint: "We couldn't think of charging our friends!"

FREE ENTERTAINMENT

I suggested that they give their puppet show at church fairs, in the children's wards at hospitals and wherever free entertainment was needed and would do good.

* * *

In this way, I pointed out, they would serve a real need in the community. And once they had the feeling that they were helping others, it would take the edge off their shyness.

The idea had other advantages, too. It would give them a chance to rehearse their act un'il it was smooth and it was a way of introducing it to the public.

Today a letter arrived from the same young woman. And it did my heart good.

* * *

"Our progress is simply unbelievable," she says, "and it's going to be the happiest Christmas we've ever known—and the most prosperous.

USED SUGGESTION

"We followed your suggestion and gave a regular puppet show once a week in the children's hospital. The kids just adored it, and we had more fun!

* * *

"One day a reporter and photographer from our local paper came and did a story about our show. After that, we began to receive calls from people who asked us to give the show at parties for their children.

"We had a scramble figuring out how much to charge, but trial and error helped us, as I guess they always do.

"We still do our free show once a week, but now we also average about two paid parties per week.

* * *

"We do special skits, which we write around the child who is having the birthday, and we had some bids for Halloween and Thanksgiving parties.

"We are booked for two Christmas parties and one birthday-Christmas party for which we've written a cute sketch on the miseries of having a Christmas birthday.

"We each make about $10 a week, over and above expenses, during hours that are easily arranged to fit our household schedules. And it's opened up a whole new world for both of us!"

McConnell, Hawthorne Present Christmas Plays

Two city grade schools held Christmas programs for their celebration of the Christmas season.

At McConnell School, the children presented their Christmas pageant for parents and friends Thursday afternoon.

* * *

Under the direction of Mrs. Eva McNarney, the program depicting the Christmas customs throughout the world, was opened by the first grades representing America. Second graders presented Christmas customs of Poland and Mexico and the customs of Norway and the Orient were portrayed by third graders.

The fourth grade represented Germany and England, the fifth grade, South America; using Christ of the Andes as their theme.

A tableau of the Nativity was depicted by sixth grade pupils. Christmas hymns were sung by the fifth and sixth grade chorus under the direction of Mrs. Royal Exline. The entire cast gave the closing song "In Christ There is No East or West."

Pupils at Hawthorne School presented the pageant, "The Toys That Had To Wait" for their Christmas program Thursday afternoon.

The story revolved around a toyshop scene at the North Pole when toys were left behind to wait another year for an owner.

The pageant was mainly pantomined with background music furnished by the fifth and sixth grade glee clubs.

The pageant, directed by Mrs. Melvin Boersma, was presented at the school.

Bruse Heline played the part of Santa Claus, Judy Johnson was Mrs. Santa Clause and the Fairy Queen was played by Cathy Hagan. Dutch Dolls, Mary Jane Lehman and Floyd Schell and Cathy Norberg. French dolls were also featured in the play.

Jerry Kelley was a clown in the presentation. Linda Rollison played the part of a circus dancer and Ronnie Carr was a Topsy doll. Lesta Jean Stanley, played the part of a balloon and performed a dance.

Refreshments were served by the room mothers of Kindergarten teachers, Janet Van Wagoner and Mrs. Byford Laur. They were Mrs. Neil McClellan, Mrs. Robert Norberg, Mrs. Lewis Griffin, Mrs. Martin Miller, Mrs. Gordon Mathews, Mrs. Jesse Briles, Mrs. Edward Bigger and Mrs. Loren Kay.

Give Party to Show Off New Home Otherwise, Every Visit Will Require Tour of House

By EMILY POST

Today's first letter tells me: "We are just getting settled in our newly built house and immediately all our friends are asking, 'When is the housewarming?' The truth is that I had no idea of giving a housewarming at all.

"We naturally expected to invite our friends in turn, and we also also expected that they would come to see us without waiting to be asked.

"Now I feel as if I have been put on the spot and should give a housewarming. As this type of party is new to me I would appreciate any information you can give me concerning it."

Answer: A housewarming is simply a name rather aptly used for the first party homeowners choose to give in their new house. It's an afternoon tea and cocktail party, as a rule, or an evening at home, or perhaps a buffet supper or whatever else you like. The only detail in which a housewarming differs from every other party of its kind is that you are expected to let everyone inspect the house from attic to cellar.

If you don't choose a particular time to put the house on display, then you will certainly find that you will have to take each person who comes to see you on a personally conducted tour of inspection.

"Dear Mrs. Post; I have recently been elected secretary of a women's club, and as such I keep the records of proceedings at the meetings.

"In writing up the minutes, I am at a loss to know how I should designate the members making motions during the meetings. That is, should I say, 'A motion was made by Mrs. John Blank, Mrs. Blank or Mary Blank'?"

Answer: You use whatever name she is entered by on the club list.

"Dear Mrs. Post: Should a widow wear gloves at a funeral home while greeting friends and acquaintances who come to pay their last respects to her departed husband?"

Answer: Please, no!

Silhouette Style Accented for '56 Spring

LOS ANGELES (AP) — The California look for spring—in common with most of the rest of the country—is the "shaft" silhouette.

This is a western name for the familiar sheath, which dominates fashions from Paris to New York and on to the Pacific. But California designers, unveiling their collections for spring and summer 1956, carry the straight and narrow line even further than most of their eastern confreres.

They present clothes which hug the figure like a second skin, elongate the line from waist to bust, and generally favor the pencil, broomstick or string-bean line.

* * *

Even bathing suits eschew frills this season, and are form-fitting lastex sheaths for the most part—one-piece, streamlined and swimmable. You'll see few of the beach-sitter type of suit next summer on our better beaches.

* * *

The pretty-pretty suits with ruffles and frills are part of the past, and the new way to look on the beach is to be dressed for the water.

For after-five and other party wear there are, of course, a few full skirts still about, but the great emphasis is on the "shaft."

Ensembles also continue in top popularity, both for street wear and for the beach. The slim, mermaid-looking swim suit may have a matching skirt, shirt or coat to cover up after the swim. Sun dresses have matching coats or jackets. Street dresses are ensembled by coats lined to match the dress.

* * *

Colors are exciting and vibrant in the new California fashions, with much emphasis on vivid tones of the Far East—deep jade, coral, turquoise, gold and lacquer red.

For fresh cheese, wrap it in a vinegar-dampened cloth and store in a cool place—not the refrigerator.

LOIS GRAY

Mr. and Mrs. Edward Gray of Detroit and Pontiac are announcing the engagement of their daughter, Lois, to Harvey Gordon of Detroit. He is the son of Mr. and Mrs. Morris Gordon of Detroit and is a senior at the Detroit Institute of Technology College of Pharmacy. A fall wedding is planned.

Garden Club Has Yule Party

The Sylvan Lake Branch of the Women's National Farm and Garden Association held its recent Christmas meeting at the home of Mrs. Carl W. Dahlgren. Assisting Mrs. Dahlgren were Mrs. J. A. Rammes, Mrs. AB Leddick, Mrs. Fred Beedle and Mrs. Earl D. Knapp.

Mrs. Sam Warwick poured at a table decorated with a centerpiece of white chrysanthemums, red carnations, Christmas greens and holly.

Mrs. Louis Van Hatter gave a demonstration of Christmas wreaths. Mrs. S. J. Filkins demonstrated door decorations, Mrs. Thurman Halloway, table decorations; and Mrs. N. G. Draper, mantel decorations.

Mrs. Albert Kohn led the group in singing Christmas carols and the thirty members attending contributed gifts for the Oakland County Convalescent Home.

Ida Kahn Unit Has Gathering

The Ida Kahn Unit of the WSCS of Central Methodist Church met at the home of Mrs. H.F. Kendrick of Cherokee road.

The Girls' ensemble of Pontiac High School, sang at the recent meeting and devotions were given by Mrs. Russell Curtis.

Cohostesses for the affair were Mrs. William Moulton, Jr., Mrs. William Bailey, Mrs. Lorn Hayes, Mrs. Norbert Hoffman, Mrs. Jerle Head and Mrs. Donald Porritt Jr.

Manger Scene Highlights Club Meeting

As the manger scene was assembled, Mrs. W. J. Teeuwissen narrated "Howie and the Manger Scene" for members of Better Home and Garden Club when the group met for a Christmas Tea at the YWCA recently.

A solo, "O, Holy Night," was presented by Mrs. Fred Bohlman accompanied by her daughter, Mrs. Steven Dodge. Group singing and the exchange of Christmas gifts followed.

At a brief business meeting, the group voted a contribution to the Polio fund and also accepted an invitation to attend the Waterford Farm and Garden Club meeting on Jan. 6.

Serving on the committee for arrangements for the day were Mrs. Lulu Luby, Mrs. Vivian Tubbs and Mrs. Fred Wilkinson. Mrs. John Lyons and Mrs. H. J. Sampson presided at the tea table.

Gay-Kitchen Trend Hits British Gals

See Vivid Styles Provided by Big Household Stores

LONDON (INS) — The color-in-the-kitchen trend is catching on rapidly among British housewives.

From the kitchen stove to the bedside lamp the accent is on vivid, gay coloring with particular attention to window drapes and patterned carpets.

Designers and manufacturers are proving to the housewife that the necessary kitchen utensils need not be dull and dreary.

The big department stores are displaying cleaning sponges in pink, yellow and blue; whistling kettles in bright reds and greens, and brushes with their bristles dyed in bright hues.

Window drapes, said a spokesman of the Council of Industrial Design, show a trend away from the geometric and abstract patterns onto reinterpretations of natural motifs—flowers, leaves, pastoral scenes, etc.

Strongly patterned wallpapers, often with dark backgrounds, are fashionable, and furnishings are mostly in rich vibrant colors.

Satin finish cutlery—stainless steel with a dull finish—makes washing-up an easy task. This cutlery does not have to be dried, and needs no further attention after washing.

Another boon to housewives is a smart rubber dustpan so flexible that it can be pressed flat to the floor to stop any speck of dust taking refuge underneath. These conform to the new "brighter home" motif in shades of red, yellow, blue and green.

Yule Programs Given at 3 Schools

Pupils at the Wisner, Longfellow and Malkim schools presented Christmas programs at the PTA meetings held Thursday.

Longfellow School

The Longfellow School Glee Club, under the direction of Mrs. John Zell, entertained parents and guests of the PTA at their meeting Thursday.

A program of Christmas carols was presented by the students. "The Candlelights of Christmas," a solo was sung by Patsy Krielach.

Dr. Milton Bank of the Central Methodist Church was the speaker. He was introduced by Mrs. Leon Stickney. Dr. Bank recited "Even Unto Bethlehem" by Henry Van Dyke.

Mrs. Charlotte Harpham and Mrs. John Burton presided at the refreshment table decorated with a Christmas centerpiece. Mothers from their rooms served on the social committee. Those assisting were Mrs. Thomas Bartle, Mrs. Dwain Montgomery, Mrs. George Pratt, Mrs. Darwin McNally, Mrs. Gordon McLain and Mrs. William Barton.

Others serving were Mrs Harold Wesley, Mrs. Thomas Mitchell and Mrs. Merritt Rockwell.

Malkim School

The Christmas play, "Christmas Carols," was presented at the December meeting of the Malkim School PTA.

Ralph Seybert was narrator for the play and leaders were Mrs. Dorothy Robison, Betty Jane Hoisington, Douglas Hoisington and Geraldine White.

The program featured the singing of Christmas carols, and the decorating of a Christmas tree. The program was directed by Mrs. Robinson with Cynthia Phillips assisting and acting as accompanist.

Following the play a social hour was enjoyed and refreshments were served.

Wisner School

Christmas carols and traditions from five countries, England, France, Germany, Holland and Sweden, were included in the program given by students at Wisner for the PTA meeting Thursday afternoon.

Four students, Johan and Betty Nyhof and Mary Ann and Margerita Lengers, who are natives of Holland, sang a Dutch Christmas carol in their native tongue.

Frances Capucille, guest singer, sang two selections accompanied by Mrs. Ralph Gardner. The program was under the direction of Mrs. Donald Weiss. At the finish of the program the children contributed food to a Christmas basket for a needy family.

Mrs. Irving Cocking presented Mrs. Owen Wright with a prize for having the highest percentage of PTA membership for the year. Mrs. Lester Mack's room won the attendance banner for this month.

Mrs. LeRoy Koch and Mrs. Robert Klinger planned the social hour assisted by Mrs. George Tompkins and Mrs. William Thomas. Mrs. Paul Webster and Mrs. Morris Cucksey presided at the tea table.

Past Presidents Gather for Christmas Party

Mrs. Arthur Burgess opened her home on Joslyn road to Zone Eight Past President Club MOMS of America for a Christmas party Thursday evening.

During the evening's program Mrs. L. R. Naugle, chaplain, read the Christmas story from the Bible and Mrs. E. K. Vanderlind, president, read "The Shoemaker's Dream," by Edwin Markman.

Mrs. Jean Burgdorf lead the group in singing Christmas carols following which a gift exchange was enjoyed. Mrs. Kenneth Parsons assisted the hostess during the evening.

Elks Sa-Shay Club Holds Christmas Party

A highlight of the Elks Sa-Shay Quadrille Club Christmas party held Friday evening in the ballroom of the Temple was a candlelight carol sing. All members and guests formed a circle, each holding a lighted candle and joined in singing carols.

Santa and his reindeers were present at the huge tree that decorated the ballroom and held gifts for those present.

Judge Cecil McCallum was master of ceremonies for the evening and calling the several Christmas and novelty quadrilles were John DePauw, Bert Denham, Howard Upton, William Schmeil, and William Moore.

Arranging the decorations were Mr. and Mrs. Vincent Vaverek, who served as chairmen, assisted by Mr. and Mrs. William Schmiel, Mr. and Mrs. Mark Scott, Mr. and Mrs. Edward Silk, Mr. and Mrs. Norman Underwood, the Denhams and the Moores.

Mr. and Mrs. Edwin Anderson, Mr. and Mrs. William D'Arcy, Mrs. Frances Erb, Mr. and Mrs. Richard Paschke, Mr. and Mrs. Curt Novotney, Albert Galler, Annabell Vaverek, Milton Vaverek and Arlene Green were guests at the affair.

Serving on the refreshment committee were Mr. and Mrs. Robert Nienstedt, Mr. and Mrs. William Hurlburt, Mr. and Mrs. Irving Maloney, Mr. and Mrs. Alfred Lloyd and the Denhams.

2 Give Brunch on Sunday

Clara Megredy and Ella Moseman entertained at a Sunday morning brunch at their home on Cottage street.

A pleasant surprise was the arrival of Santa with a sack full of gifts and candy that he distributed to the guests. The Christmas motif was carried out in the decorations throughout the home and in the table appointments.

Guests present included Mrs. Joseph Varion, Mrs. Curtis Fiath, Mrs. Albert Riley, Mrs. Raymond Cole, Mrs. Owen Batzloff, Mrs. Carl Brown, Helen Turek and Mrs. Elmer Granflaten.

Love Helps Strengthen Youngster

By MURIEL LAWRENCE

During a recent severe illness of my reader's 5-year-old grandson, his mother slept on a cot in his bedroom. Now that he's recovering, he wants the arrangement continued.

* * *

His mother insists on maintaining it; his father says it's "spoiling" him and wants it terminated at once. His grandmother thinks there must be some compromise solution.

So do I.

Let's try giving this special sleeping arrangement the most relaxed and cheerful indulgence we can for the next few nights. (Up to now it's just had anxiety and resentment.) At the same time, let's put a time limit on it.

Our young convalescent may seem dismayed to learn that we intend shortly to resume our normal sleeping habits. He won't really be. Actually, he'll be comforted by our placid suggestion that the time for sickroom arrangement is almost over.

* *

In his own way, he's as anxoius to become his own independent self again as we are to see it restored to him.

WORN BY WORRY

Were he faced with the prospect of accepting us as his permanent roommate, he wouldn't relish it one bit. The trouble is, mothers worn by worry, nights of nursing, the burden of the sick child's helplessness don't see this readily.

The memory of his weakness is still so vivid that they find it hard to increase their demands upon his returning strength.

* * *

If this young mother will begin to accept a normal state for her recuperating youngster, he'll begin to accept the idea of sleeping arrangements to match it. He'll tell her himself that he wants her to get out of his room.

He may try to be polite about it; he may just say, "Go on back to your own room now." It doesn't matter. What counts is his acknowledgement of regained self-possession — and his demand for return to pre-illness independence.

As to "spoiling" him by compromising with his convalescent position between illness and full strength, let me quote noted psychiatrist Dr. Lawson G. Lowrey on "spoiled" youngsters.

* * *

He writes, "Nine-tenths of the children that I see who are 'called 'spoiled' are not 'spoiled' at all. They are the most neglected emotionally; the most severely rejected on the emotional side that you can imagine."

HAS TWO NEEDS

We do not spoil children by serving their needs with discernment and love. Right now, my reader's little grandson seems to have two needs. His weakness needs the continued support of his mother's presence at night—and his recuperating energies need the assurance that they can dispense with it.

He needs us to balance our support of his weakness with our happy and relaxed assumption of his strength.

What makes "spoiled" children often is parents' habit of giving them the action they demand—but withholding the love and understanding that make the action meaningful.

IF quite tall—

You can carry full skirt and full coat, plus larger hat. It takes slenderness to wear bulk above and below the waist.

It's "the sheath-plus." Sheaths with animated skirts such as new floating back panel or trumpet flounce and these sophisticated sheaths are smarter than ever for talls. Big sleeves are another plus for you.

Quilted aprons are fun. They stand out crisply and have a thick luxurious texture that's dressy.

190 Are Added to Ranks of Certified Secretaries

A new national total of 772 certified professional secretaries was announced recently by the National Secretaries Association (International).

* * *

This new high was reached when 190 secretaries in the United States passed the fifth anual CPS examination held recently. Michigan was among the states with the highest number of secretaries passing the 1955 test.

The association also reports a back-to-school movement among employed secretaries, which it attributes to the CPS program.

The next CPS examination will be held May 4-5, 1956. The examinations are open to qualified secretaries 25 years of age or older, members or non-members of the National Secretaries Association.

The 12-hour certifying examination is held in colleges and universities throughout the country. It extends over two days, and questions run the range from personal adjustment and human relations through business law, economics, business administration, secretarial accounting, stenography, general secretarial and office procedures.

To achieve the CPS rating and certificate, secretaries must pass all parts of the test.

Sorority Holds Holiday Party at White Home

Food and clothing were contributed by members of the Beta Chapter of Beta Theta Phi sorority when they held their Christmas party at the home of Mrs. Donald White on La Salle Avenue Thursday evening.

* * *

Mrs. John Sinclair will distribute the items to a needy family.

Mrs. George Zannath accompanied the group in the singing of Christmas carols and gifts were exchanged by secret pals.

* * *

Guests of the sorority included associate members Mrs. Frederick Russell of Royal Oak, Mrs. Sam Pill and Ruth Kennedy.

Trade Groups Warned About Soviet Purpose

NEW YORK (AP) — The International Confederation of Free Trade Unions has advised its members in 70 countries to avoid giving support to Communist labor groups by exchanging visiting delegations.

The confederation's executive board has stated "Communist dictatorships seek such delegation exchanges" to win "moral respectability and legitimacy" for their "state company unions."

OPEN IN FEBRUARY — Pontiac's new junior high school off North Perry street will be ready for students within two months. The $1,250,000 structure was started six months ago. The gymnasium wing, a two-story structure with a cafeteria and kitchen on the lower floor, will not be finished until spring. However, some 600 students will be able to begin classes in the building in February.

A critical shortage of nurses exists, and experts estimate that by 1960 we will have a shortage of 50,000.

600 Pupils to Occupy New Structure

Speed Work on School for February Opening

Classroom wings of the new junior high school being constructed by the Pontiac Board of Education on North Perry Street will be ready for use during the next school term beginning in February.

Some 600 students from the city's northeast section will attend classes in the $1,250,000 structure which has been under construction for six months.

Henry Haberkorn, general manager of H. E. Beyster & Associates, architects for the building, said today "the heating plant was put in operation last Wednesday and the finish work will start immediately. All materials are ready for installation and the contractor is pushing the job at top speed."

The gymnasium wing, a two-story structure with a cafeteria and kitchen on the lower floor, will not be finished until spring. But the educational program can be started in February, Haberkorn explained.

Use of the new school will make the Wever School available for elementary use, relieving overcrowding in the northwest area's elementary classrooms.

Wever was built as an elementary school, explained school system Building Coordinator Dr. Otto C. Hufziger, and will be reconverted to its original use.

Overcrowded conditions at Hawthorne School will be relieved by transferring students to Wever, he stated, to attend along with youngsters in Wever's immediate area.

The junior high is the third unit in the school board's current construction program. The Bethune Elementary School and Whitfield Elementary School addition were completed in time for use beginning last September.

Eight states, headed by California, contain one-half of all the registered motor vehicles in the U.S.

Religious Nationalism Is Major Threat to Peace in Strife-Torn Middle East

By JOHN H. MARTIN

The problem of defending the vast area called the Near and Middle East presents enormous difficulties for the Western Allies.

* * *

Politically the area from Karachi to Cairo is one of the most volcanic spots on the earth's surface and it is there that the Soviet Union has chosen to make a powerful political and economic penetration campaign.

The Soviet drive, plus the Arab-Israeli clashes overshadowed last week's NATO council session in Paris. Top NATO leaders originally concerned with trying to better European defenses were forced to consider the dangerous Middle Eastern situation.

The Middle East is vital to Britain, especially. It is worth recalling that in the summer of 1940, when Britain had one armored division to face Hitler, half of it was sent to the Middle East.

IMPORTANT TO BRITISH

Britain gets its oil from the Middle East. That land bridge also connects Britain with the Commonwealth members. And it is in this old war theater that Russia traditionally looks to make trouble when she is thwarted in Western Europe. In the British view it is the reason why the British fought the Crimean War against Russia a century ago.

But the danger is not only from Soviet expansion. There also is the danger of violent explosions against the West based on nationalism, and particularly religious nationalism.

Nearly all of the area is inhabited by the followers of the Prophet Mohammed. Many Moslem rulers have come to terms with the "infidel" West, (as they regard Christians and others). This is recognition that they live in a modern world. But in each of these nations there also is a group of religious fanatics who want to cut themselves and their states off from all contact to the Western world. They have been accused of wanting in effect to fight the crusades all over again.

BRITON MOVED OUT

All the painful Western Allied efforts to build a defense system protecting the oil riches of the Middle East have been complicated by or wrecked by the intense nationalism.

Britain gave up the treaty battle with Egypt and moved out of the Suez Canal zone. Switching the Middle Eastern command headquarters to the island of Cyprus, the British now find themselves battling with armed Cypriot nationalists who want to join the crown colony to Greece. That conflict has caused revival of old Turkish-Greek animosities.

The Baghdad Pact is a good beginning toward defense of the Middle East. Ira, Iran, Turkey, Pakistan and Britain now are members. But other prospective members are remaining aloof because of the Arab quarrel with Israel and quarrels among the Arabs themselves.

Polio Cyclist Travels

TORONTO, Ont. (AP) — A 27-year-old French-Canadian polio victim has worn out four bicycles covering 30,000 miles and now is pedaling his fifth. Conrad Dube, who contracted polio at 13, began riding three years ago when a doctor told him the exercise would help his crippled legs. He has cycled across Canada and into the United States and Mexico.

Careless smokers cause most of the forest fire losses.

U. S. Employes Put in 30-35 Weekly Hours

WASHINGTON (AP) — The U.S. Chamber of Commerce states that when vacations, holidays and other free time are considered, most workers in the nation already are on a 30 or 35-hour week.

The chamber's weekly newspaper "Washington Report" said in an article:

"The 40-hour week has become standard throughout American business, but the hours worked on the job actually average closer to 30.

"Paid vacations have become general and may run from one to three weeks. Paid holidays may run from six to eight per year. Paid sick leave is general.

"Coffee breaks are growing in numbers and, alas, in length. In addition, workers are excused from work—but paid—for such reasons as jury duty, military service and deaths of members of the family."

If the sometimes suggested 30-hour work week eventually comes, the article said, "What this really would amount to is about 25 hours of actual work a week."

Woman Playing Foster Mother to Tiny Kangaroo

BALTIMORE (AP) — Mrs. Louella Earl, a soft touch for a baby kangaroo, was playing foster mother to another foundling today after its natural mother gave it the air two months early.

* * *

The youngster, called a Joey, was bounced out of its mother's pouch Sunday morning at the Baltimore Zoo.

Mrs. Earl took it home, where she will have to feed him every two hours, day and night, on baby cereal and vitamins.

Mrs. Earl raised the same mother kangaroo's first offspring after it was abandoned in similar fashion last April.

She was successful, but after the little girl, Josie, was returned to the zoo, she became ill with virus pneumonia and died.

* * *

Watson said it might be that the big red-haired mama kangaroo doesn't have enough milk for her offspring. Then again, she might just be frivolous.

Santa the Polyglot

MONTREAL (AP) — Santa Claus spoke in seven languages yesterday at the annual Christmas party of the Immigrants' Aid Society, but even that wasn't multilingual enough for some of the 165 youngsters. Seventeen different nationalities were represented.

Mexico Relents

PRIANO, Sicily (AP) — For 20 years Giovanni Ruocco, 99, has been meeting 80-year-old Maria Merolla every morning and escorting her, hand in hand to mass. Too shy himself, Ruocco, thrice married and the father of 13 children, asked the priest to propose for him. Maria thus far has not given her answer.

Discovers Big Stone

RIO DE JANEIRO, Brazil (AP) — Manoel Menezes, a gem hunter, reports he discovered an aquamarine stone weighing 134 pounds, probably the largest ever found. Other hunters and buyers are flocking to the area near Governador Valadares, in Minas Gerais state, where he says he found his prize.

Wiley Suggests Barter System

Proposes U. S. Use Farm Surplus in Lieu of Cash in Foreign Trade

WASHINGTON (INS) — Sen. Alexander Wiley (R-Wis) states he has asked the administration to use farm surpluses instead of dollars to pay for foreign aid purchases abroad.

The top Republican on the Senate Foreign Relations Committee made his barter proposal in a letter to Under Secretary of Agriculture True D. Morse, who heads the Commodity Credit Corp.

Wiley told Morse that "it would be common sense for us to buy abroad through barter —that is we should use our vast dairy and other surpluses as our payments, instead of dipping into the treasury for American dollars."

He said he is informed that a group of "qualified Japanese companies are prepared to offer a wide variety of material and equipment" which might be purchased by the international cooperation administration as foreign aid for a third country.

JAPANESE WILL TRADE

Wiley said the Japanese firms are willing to take American surpluses at the world market price. He told Morse: "The companies would, of course, dispose of the goods in a careful manner so as not to disrupt world market conditions.

He said this three-way procurement might serve not only to help this country balance its budget but also reduce farm surpluses which are costing one million dollars a day for storage.

Wiley told Morse that his proposal would also "put the factories, mills and mines of friendly third countries, whether they be in Japan, England, France or anywhere else, into higher production and thereby contribute to the economic health of those lands."

He warned also that foreign policy and agriculture committees of both houses undoubtedly will launch an investigation early in the next session of the administration's program for reducing surpluses.

Santa and the Dumdiddy

By Lucrece Hudgins Beale

AP Newsfeatures

"You asked for it," he said. "You must finish it."

—Beanie asked for a banana pie as big as a wagon wheel and a tub of ice cream on top. Beanie ate and ate. Finally, Beanie wanted to get up from the table, but the dwarf pulled him back. "You asked for it," he said. "You must finish it."

SYNOPSIS: The Dumdiddy gets the key to Beanie's chain and sets him free. Beanie flees from the ogre. He comes to a town where he meets a dwarf with a pointed head who promises to take him to a house where he will have all he wants and never have to share.

Chapter 13
ALL A BOY COULD WANT

Hose for Gie Childrenbyucmuy

The dwarf ran down the street. Behind him ran Beanie. Behind Beanie ran the Dumdiddy.

By and by the dwarf came to a big black house with a big black door. He went through the door and Beanie ran through the door, but when the Dumdiddy reached the house the door was slammed shut and the Dumdiddy was left outside.

The Dumdiddy saw a sign on the door which said, "The Gimme House for Gimme Children."

The Dumdiddy's face turned white and his knees shook. He thought, "I've saved Beanie from a redheaded robber and I've saved him from a witch and I've saved him from an ogre, but I can't save him from the Gimme House."

He sank down on the steps and two little tears rolled down his cheek.

"I've done the best I could," he moaned, "but this is a problem too big for a poor Dumdiddy like me."

Suddenly he leaped to his feet. "I'll get Santa," he cried. "Santa will know what to do."

And he dried his tears and ran away.

• • •

Meantime, Beanie stood in the hall of the big black house. "Who are the Gimme Children?" he asked the dwarf. "And why do they call it the Gimme House?"

"Gimme Children are children who are always saying 'Gimme,'" said the dwarf. "They never want to give or share. They always want to get. Whenever I find a child like that I bring him to Gimme House and every time he says 'Gimme' then I give him."

This sounded like a great life but, just the same, when he heard it a strange shiver ran down Beanie's back. But he laughed and said, "Well as a starter, why don't you gimme a banana pie as big as a wheel and a tub of ice cream to go on top."

"Certainly," said the dwarf. He led Beanie into a dining room and, just like that, there was a banana pie, big as a wagon wheel, and a tub of ice cream sitting on the table.

Beanie ate until his eyes were popping, but when he tried to stagger from the table the dwarf pulled him back. "You asked for it," he said. "You must finish it." Beanie ate until he turned green in the face and finally he had finished every bit.

Then the dwarf said, "You may leave the table now but don't worry, every meal at Gimme House will be like this."

Beanie felt sick and lay down in a corner to sleep. After a while the dwarf woke him.

"Tell me some toy you would like," he said. "I want you to have everything your heart desires."

• • •

Beanie really didn't want anything, but he said "I've always wanted a table tennis set. Can you gimme that?"

"Of course," said the dwarf. And out of no where he produced a table and bats and ball.

"This is great," said Beanie. "I'll get some of the other Gimme Children to play with me."

"No," said the dwarf. "Gimme Children always play alone. That way they don't have to share with anyone."

So Beanie stood at the table and batted the ball back and forth to himself until he couldn't stand it any longer. Finally he said, "Maybe there are some other toys you can gimme?"

"Of course," said the dwarf. He took Beanie to a room with a sign on the door saying "Beanie's Room." Inside was every toy yours," said the dwarf. "Each yours," said the dwarf. "Each has your name on it and says no one else can ever touch."

Beanie stared at the toys. He was suddenly very lonely and very frightened.

"Where are the other Gimme Children?" he asked fearfully.

"You'll never see them. Each Gimme Child lives in a world of his own."

"I—I don't think I like it here," whispered Beanie. "I think I'll go back to my home now."

The dwarf laughed and laughed. "Why, Beanie!" he cried. "Gimme Children never go home again!"

Cold Electric Power

MOSCOW (AP) — Work has begun on the Angara River near Bratsk, Siberia, for one of the world's biggest power stations. An official announcement says it will develop three million kilowatts and equal the combined output of the Kuibyshev and Stalingrad stations.

Nuclear Cancer Process Bared

Giant Reactor Will Cut Brain Tumors in Aiding Some Mental Patients

CLEVELAND (INS) — Details of giant nuclear reactor to "bombard" cancer patients and cause a tumor-destroying "atomic reaction" to take place in the brain have been spelled out.

• • •

The technique is called neutron capture therapy. It may also have applications in treating mental cases.

In it, the cancer sufferer is given an injection of the atomic element boron which has an affinity or concentrates in cancer tumors in the brain tissue.

When the boron is concentrated inside the tumor tissue, the patient is ready for "positioning" in front of the reactor.

A port-hole leading from the radioactice reactor core beams slow, non-radioactive neutrons through skin and normal tissue to the boron concentration.

HITS BORON

Some of the neutrons, still harmless, hit the boron, disintegrate it and trigger an atomic reaction in which highly-radioactive alpha particles are released.

The "hot" alpha particles move at high speeds and incredibly small distances to attack the cancer cells and burn them up. Because their paths are so short, the normal brain tissue surrounding the cancer cells are not affected.

This technique enables doctors to destory cancer growths in tissues to remote for surgery.

The process was described by Nuclear Physicist E. E. Stickley, of the medical department, Brookhaven National Laboratory, an Atomic Energy Commission installation at Upton, Long Island.

Speaking at the closing session of the first Nuclear Science and Engineering Congress in Cleveland, Stickley described initial exeprimental work in neutron capture therapy and outlined the design of a proposed new unit ten times more powerful than the present Brookhaven model.

Improvements in design will also make it possible to bring the patient closer to the nuclear reactor source with no increase in radiation hazards, according to Stickley. A cone-like aperture and heavy shielding prevents radiation damage from the dangerous fast neutrons and gamma ray particles.

Other improvements in design would permit studies of irradiation effects on animals and tissue cultures.

Mexico's population gained 30 per cent from 1930 to 1950.

Meter Receipts Soar to New Record Mark

Revenue from the 332-car municipal parking lot continued to swell this week as this week's total reached a new high.

Finance Director Oscar Eckman reported that the lot produced $973.19 during the week, or a slight $5.95 increase over last week's $967.27.

This brings the two-week total to $1,940.46, which has been attributed by Eckman to the Christmas shopping rush.

Eckman also announced that the municipal lot on Auburn avenue with 85 stalls opened yesterday.

Most popular souvenirs that American tourists bring from Ireland are Waterford Glass, Beleek pottery, tweeds, Irish whisky, Shillelaghs and bog oak.

Brazil is the world's second largest corn grower, the U. S. ranking first.

One-Fifth of Families Exhaust Their Credit

LOS ANGELES (AP) — Some 20 per cent of the nation's families are so deeply in debt that their credit is exhausted, says a witness before a state legislative subcommittee.

Morrie Rabinowitch, a debt counselor, gave this testimony yesterday in urging state regulation of such counselors also known as pro-raters.

In California pro-raters are permitted to accept fees up to 15 per cent for assuming the responsibility of arranging with creditors for a program of payments on a client's debts. The client makes a monthly payment to the pro-rater and he in turn apportions it among the creditors, according to a pre-arranged plan.

The assembly subcommittee on fiscal agencies is studying this operation.

Group Sponsors Monthly Dances for Area's Blind

Through cooperation of the Pontiac and other area Lions Clubs blind persons in this vicinity are getting together for monthly square dances.

The most recent, held Wednesday night at Longfellow School, saw some 70 people in attendance, about 30 of them blind.

The dance, held the third Wednesday of each month, is free to any blind person wishing to attend. Transportation is furnished by the Lions Club and can be arranged by calling Raymond McDonald at Pontiac FE 2-8545.

The orchestra, which donates its time, includes two blind musicians. Square dance instruction is also furnished. A dozen blind persons from Detroit attended Wednesday plus others from Auburn Heights and Waterford Township.

Special entertainment was provided by the Youth Choir of St. George Greek Orthodox Church.

Sergeant Ratings Due for Abbott and Costello

SAN PEDRO, Calif. (UP)—Comedians Bud Abbott and Lou Costello get promoted today at Ft. MacArthur, from honorary buck privates to honorary master sergeants.

The comedy team received the honorary buck private ratings 15 years ago today when they entertained the first contingent of draftees to be inducted at the fort.

The promotion is being made on the same site today, when the Army's Nike rocket will be unveiled as part of the anniversary fete.

UM Enrollment Held in Check

President Balks at Race for Students; Considers Other City Branches

ANN ARBOR (UP)—University of Michigan enrollment could have been 40,000 this year, said President Harlan Hatcher in a year-end report, but high educational standards held it to half that total.

* * *

Hatcher said in a speech to the alumni that the university would continue to grow under controlled enrollments. He said he felt size was not the important factor. The university now has 20,800 students.

By 1970, he added, the university expects its enrollment to reach 46,000, while the total college enrollment in the state would double.

The university, Hatcher said is not engaged in any race with other institutions for the recruiting of students and will continue to admit only those who qualify for undergraduate, graduate and professional programs.

OTHER CITY BRANCHES

The possibility of the university's expansion in other cities was also considered by the university president. He said that 1956 will test the feasibility of the new university senior college branch at Flint.

Hatcher said the university expected to set a new enrollment record in 1956, topping the previous peak of 21,363 set in the fall of 1948 with the return of World War II veterans.

The Board of Regents will ask the state Legislature for an appropriation of nearly 28 million dollars, he said, to cover the additional load of students expected during the 1956-57 school year.

* * *

The university's general budget will hit 35 million dollars, but student fees and other revenues would require less from the state, Hatcher said.

He's Consistent

TOKYO (UP) — Police said today they had arrested Hideo Nakamura, 45, a high school teacher who has lived alone, away from his wife and three children for the past four years. They picked Nakamura up in a bookstore, trying to steal a book entitled "Autobiography of a Wife-Fearer."

Army Trains Task Force as Atom War Forerunner

CAMP DARBY, Italy (UP)—The U. S. Army is developing an important forerunner of the atom-armed light task force of the future in mountainous northern Italy.

It's called SETAF—Southern European Task Force. Its commander is Brig. Gen. John E. Mike Michaelis of Lancaster, Pa.

BRIGHT YOUNG MAN

That choice is a tipoff to the significance of the job, for Michaelis rates high among the Army's bright young men. A World War II paratrooper, he was senior aide to President Eisenhower when Eisenhower was chief of staff. But to the American public, he is best remembered as the daredevil commander of the 27th Wolfhound Regiment in Korea.

* * *

Speaking of SETAF, he said: "In my mind this is the forerunner of the future of the Army—tremendous mobility, small manpower we have only 5,500 men and great lethality of weapons. More firepower and less manpower."

USES HONEST JOHN

His task force is built around the Honest John, a rocket which can be fired with a conventional or an atomic warhead. Discussion of atomic warfare is not possible with the general but few believe SETAF planning is primarily for use of conventional warheads.

* * *

Around the rockets will be a defense force of infantry and engineer specialists to protect them from any sudden enemy strike.

Some Horses in Fresno Modeling for Students

SACRAMENTO, Calif. (UP) — "Horses in Fresno?" asked state finance director John M. Peirce at a meeting of the State Public Works Board. He noted $2,430 had been saved in building a horse barn at Fresno State College.

"What do those horses do?"

Peirce was told they serve as models for students learning to judge animals.

"What a fine job for a horse," observed Frank B. Durkee, director of the State Public Works Department.

U.S. 7th Fleet Gets Ingersoll for Chief

TAIPEI, Formosa (UP)—Vice Adm. Stuart H. Ingersoll took over the command of the U.S. 7th Fleet today in a ceremony aboard the cruiser St. Paul in Bruckner Bay, Okinawa.

He succeeded Vice Adm. Alfred M. Pride, who Feb. 1 will take over command of the U.S. Pacific Fleet Air Force, with headquarters at San Diego, Calif.

Ingersoll was formerly chief of staff to the commander in chief of the U. S. Atlantic Fleet.

Busch Family Member Being Sued for Divorce

SANTA MONICA, Calif. (UP)—Mrs. Ulrich B. Busch, 51, has filed suit for separate maintenance, claiming her husband, a member of the St. Louis brewing family, left their Brentwood home last May saying:

"I'm going so far away it will take a $10,000 postage stamp to find me."

The complaint charged extreme cruelty. In an accompanying affidavit, Mrs. Busch said she had been informed her 62-year-old husband traveled to New York and Cuba with a woman, not identified.

Guarantee That Scales Won't Lie Is Full-Time Job for Police Officer

By GEORGE TRUMBULL

Nowadays every lady of the house is shopping for the best turkey buy to place before the family on Christmas Day.

And thanks to the day-by-day work of Sgt. Walter a. baerwolf, chief of the Weights and Measure Div. of the Pontiac Police Dept., you are assured of a good buy—at least pertaining to weight.

It is Baerwolf's job to periodically check all merchant's scales on which Christmas season fowl and meats are weighed.

He also inspects all pre-packaged meats, including turkeys, to assure the customer that they weigh what the price tag says they weigh.

And Baerwolf's work not only keeps him busy during this time of the year, but every day of the year in protecting the customer, and sometimes the merchant.

"It may sound hard to believe," he said, "but seven per cent of all scales checked run against the merchant and not the buyer."

In order to protect the buyer against loss of weight in a fowl that has been frozen, the sergeant said all packaged meats and fowl after 48 hours must be re-weighed, re-tagged and re-wrapped.

"When I inspect a merchant's scales, I first check them with standard weights to see that they are set accurate," he stated.

"Then I place the piece of meat on the scale to see that it weighs a little bit over what the tag indicates."

Consistent errors by a merchant may cause a short weight warrant being issued against him. Maximum penalty is a $100 fine and 90 days.

Baerwolf said only about eight such warrants have been issued during the past year.

He estimated that during the past two weeks he has inspected and weighed 2,000 turkeys and other fowl in 22 stores.

"This will build up confidence in the merchant and assure you that you are getting what you are paying for," Baerwolf declared.

The head of the little-known section of the police department stated that Pontiac rates very high in complying with the weights and measure laws.

"Our city is very clean and maintains good practices of merchandising products," he stated. "Remember that a few unscrupulous operators does not implicate all other merchants."

"Remember that there is such a thing as human error and if a customer discovers errors in weight and brings it to the attention of the merchants and I am sure he will gladly correct it."

Gordon MacRae Guilty in Drunk Driving Case

SAN FERNANDO, Calif. (AP) — Singer Gordon MacRae, who police said flunked a sobriety test following a traffic accident Tuesday, has been convicted of drunk driving and fined $315.

MacRae had pleaded innocent and demanded a jury trial. He waived trial and submitted the case to Judge Julian Beck.

Railroads Seek Freight Increase

7 Per Cent Rate Boost Needed to Offset Hike in Wages, Materials

CHICAGO (AP) — An immediate 7 per cent increase in freight rates and charges will be sought by the nation's railroads to meet higher wage and material costs.

* * *

The railroads issued this statement in Chicago:

"The 7 per cent increase is the minimum necessary to offset the cost of recent railroad wage and material price increases, which amount to more than a half billion dollars."

NO ACTION YET

A presidential fact-finding committee recently recommended wage increases and health benefits for 750,000 non-operating rail employes. Neither side yet has acted on the recommendations.

Most of the non-operating employes would get a 14½ cents an hour increase plus 2 cents an hour toward health and welfare. Increases also have been won by several operating unions.

* * *

A spokesman for the railroads' chief traffic officers said the Interstate Commerce Commission will be petitioned to authorize the increase.

Nonoperating rail workers now get an average of $1.78 an hour.

Regents of California OK 95 Million Budget

LOS ANGELES (AP) — Regents of the University of California have approved a 95 million dollar budget for the eight campuses for 1956-57.

Harry Wellman, university vice president, said the estimated enrollment for 1956-57 is 40,559 for the eight campuses, 7.7 per cent higher than the previous year.

Can Israel Oppose the Entire Arab World?

Soviet Russian Moslem Corps Is Potential Enemy

(This is the last of a series of on-the-spot reports by a veteran INS correspondent on the Israeli-Arab crisis).

By MICHAEL CHINIGO

JERUSALEM (INS)—Israeli officials insist today that a Soviet Russian Moslem Corps is being formed in Egypt.

* * *

They say that in the event of full-scale hostilities, Egytp's Premier Gamal Abdel Nasser would lean heavily on this new "foreign legion" on the ground and especially in the air.

Egypt's recently acquired Czech weapons are causing concern in Israeli officialdom. But even more concern is felt over the reported Moslem Corps which is expert at handling the Communist weapons.

Plenty of Israelis, however, question these reports. They feel that in the event of a war, Isarel would not fight alone, but would be aided by volunteers as it was in the "War of Liberation."

U. S. MARINE HERO

Today the new road from Tel Aviv to Jerusalem is called the "Road of Courage." The Israelis say it was so named because it was built under enemy fire to keep the life-line open to Jerusalem.

Along this road, a clump of green pines shooting high into the sky stands as a memorial to David Marcus, Col., U. S. Marine Corps. He was one of many Americans who rallied around Israel in her hour of dramatic birth. Like many others—Americans and nationals of other countries—Colonel Marcus died here.

The Israelis frankly expect a repeat performance by Americans and others should war darken their horizon once again.

* * *

But in the matter of peace through negotiation, they feel just as frankly that they can probably do better by themselves—if they ever can get the Arabs to sit at the same table with Israeli representatives.

TRUMAN RESPECTED

Near the Lydda Airport, an expanse of forest has been named after former U. S. President Harry S. Truman.

For many Israelis, Truman is the real father of this nation's rebirth. Had the former president still been in the White House, there very likely would have been public mourning when word came of the recent death of his one-time Kansas City haberdashery partner, Eddie Jacobson.

During the founding of this new state, when, Israelis feel, Truman's refusal to follow Britain made the rebirth of Isarel possible, Jacobson was the unofficial go-between for Truman and the late Dr. Chaim Weizman, Israel's first president.

* * *

Today there is a growing conviction here that American authority alone can prevent a conflict. And in some sort of parallel role to that of Washington, the Israelis would like to see Italy make a friendly bow.

The three big issues dividing the two sides are the resettlement of refugees, the size of the state of Israel and the internationalization of Jerusalem with its famed holy places.

There is strong belief here that a solution could be found in any Arab-Israeli parley the Americans might promote, either alone or with Italian assistance.

The question of Israel's size would seem to represent an impossible hurdle. The Egyptians have been reported to want the southernmost tip of the Negev with the Israeli harbor of Eilat.

* * *

But Egypt herself has spotlighted the importance of Eilat to Israel by shutting off the Suez Canal to Israeli shipping and persisting in this discrimination despite repreated demands by the United Nations and the big Western powers to open the Suez to all countries.

ITALY CAN ASSIST

It is believed Jordan and Israel could find agreement on Jerusalem, if not by internationalization, by joint guarantees of freedom of passage to men of all faiths and all nations.

There is a growing feeling here that the intervention of Italy might bring talks between Israel and the Jordanians and open a wedge to a bigger Israeli-Arab conference.

Diplomatic intelligence reports from Cairo say that Egypt would not be ready to attack until spring, if indeed it is planning an attack.

Actually, the rainy season is just beginning, making large-scale military operations impossible for the next three or four months.

DROP WATER PROJECT

Meanwhile, the Israelis have announced that they will waste no more time with the Jordan River project proposed by the U. S. special presidential envoy Eric Johnston.

This project is designed to resettle the hundreds of thousands of Arab refugees and open the way for an Israel-Arab settlement. But come March, the Israelis will start diverting part of the Jordan River water on a project of their own which up till now has been shelved in the hope Johnston would succeed.

Syria has openly warned that Israel's proposed Jordan canal mean war. And the Syrians have served notice that they mean business in their recent arms deals with Czechoslovakia.

With Britian ruled out as an acceptable mediator and France having worries of its own, the feeling in Israel is that the United States above all, and Italy in an assist, have a chance today to save this slice of humanity from another full-scale war.

Michigan GOP Picks '56 Group

Presidential Campaign Committee of 44 Split Into Five Divisions

LANSING (AP) — Michigan Republicans' new 44-member campaign committee has organized itself in five divisions for the 1956 election year.

The divisions with their chairmen:

Public Relations—former Secretary of State Owen J. Cleary of Ypsilanti; Group Contracts—Mrs. Catherine Gibson of Monroe, state vice chairman; Field Organization — former Auditor General John B. Martin of Grand Rapids; Budget—Ben Calvin of Bay City.

And, Administration—Edward N. Hartwick of Detroit; Steering—the five divisional chairmen plus state chairman John Feikens of Detroit, Rep. Victor A. Knox of Sault Ste. Marie; State Sen. Lynn O. Francis of Midland; State Rep. Herb Clements of Deckerville; Clifford O'Sullivan of Port Huron, national committeeman, and Mrs. Rae C. Hooker of Mount Pleasant, national committeewoman.

The campaign committee will meet Jan. 12, the day after the 1956 legislative session opens, with the Republican members of the House and Senate for a policy discussion.

Parents of Burn Victims Thank Fund Contributors

Friends, neighbors and sympathizers were blessed today by two young parents who did not lack for help after fire swept tragically through their home three weeks ago.

Connie and Leroy Johnson, 86 W. Beverly St., said to all "who were so kind to us during our great grief and sorrow:

"May God bless you, everyone who gave."

Well-wishers donated $1,931 to pay funeral expenses for three of the Johnsons' children who died in the fire.

The money also will help pay hospital expenses for the Johnsons' two remaining children both of whom are well on the way to recovery in Pontiac General Hospital.

A neighbor, Mrs. Margaret Beasley, 45 W. Beverly St., who supervised the collection during the past three weeks, said that well over 200 persons contributed as individuals.

The Johnsons also gave thanks to the following groups listed by Mrs. Beasley:

Fisher Body cushion room and cut and sew department, day shift employes; Fisher Body power house, chassis, frame and motor line employes, plant No. 8; Fisher Body Local No. 596, UAW-CIO; Yellow Truck and Coach employes, St. Vincent De Paul Society, Auburn Heights; First Social Brethren Church; Loyal Neighbors Club of Going St.; Ladies Auxiliary, Eagles Lodge No. 1230; Greater Benefit Union Drill Team No. 701; and Pioneer Highlands Ladies Club.

Canada Seeks Settlers

OTTAWA (AP) — Because of labor shortages, Canada is offering two-year or longer, interest-free loans to pay passage of immigrants and dependents from their homes in Europe to where they settle. Immigration declined to 86,607 in the first nine months of this year from 126,853 in the comparable period of 1954.

Soo Locks Locked; Ships Stop Hauling

SAULT STE. MARIE (AP) — The Great Lakes shipping season ended officially Saturday and the Soo Locks closed until spring.

The last freighter downbound from Lake Superior locked through the U.S. Soo Locks Friday night. It was the Sir Thomas Shaughnessy, loaded with grain.

The Shaughnessy followed a channel cut in St. Mary's River ice by the icebreaker Mackinaw to Lake Huron river where ice measures one to eight inches thick.

The freighter Ashcroft, which will winter in a Lake Superior port, was the last upbound vessel.

Voices of the Night

By GRANTLAND RICE

Last night you called from some forgotten year,
You spoke to me across the wall of night;
Or was it but the wind that echoed near
And whispered to me as it wheeled in flight?
Wind of the night from pathways we had known
Before the journey called me forth alone?
I know not — only that last night, as then,
I heard your voice again.

Last night you sang to me — the old song crept
From out the years and life's forgotten ways;
Or was it that the tavern music swept
My heart and soul on back to other days?
That carried me from out the night of fears
Into the light of life's all golden years?
I know not — only that last night — as then —
I heard you sing again.

Last night you came to me and brought me rest
From care and strife as in the days of yore;
Or was it but the ashes of dead roses pressed
Between the leaves I turned to see once more?
Ashes of roses from the days of gleam
When life was more than ashes of a dream?
I know not — only that last night — as then —
You came to me again.

Detroit Instructress Wins All-Star Bowling Title

CHICAGO (AP)—Bill Lillard reigns today as winner—by a scant 8 points—of the coveted National All-Star Bowling Tournament championship in the closest finish in the meet's 15-year history.

Lillard, 28-year-old Chicagoan, turned the trick last night by nosing out veteran Joe Wilman of suburban Berwyn in a climactic finish.

* * *

Lillard took the championship by .08 Petersen points, or 8 pins with a 303.30—point total to Wilman's 303.22.

Another windup squeeze saw Anita Cantaline, 28, Detroit bowling instructress, take the women's crown by edging Doris Porter of Los Angeles, 144.40 Petersen points to 144.13, or 27 pins.

* * *

The men's championship was decided on Wilman's final ball in the 10th frame of his last game. Needing only a spare to win, Wilman left the 1-2-10 set up, a "washout." In trying to convert the spare, Wilman, who'll be 50 in eight days, picked off the two pin and left the remainder standing. The final roll cost him the title.

Lillard defeated Wilman in their final position round match by 24 pins as he shot 863 in his final four games to take the lead but his older opponent moved back on top with 288 as Lillard shot a 256 in the second round.

* * *

The victory was worth $2,000 first prize money and at least $25,000 more in exhibitions and contracts with bowling equipment companies to the new champion. Wilman collected $1,200 while third-place Ray Bluth of St. Louis pocketed $750.

* * *

The almost equally tight women's competition showed Miss Cantaline leading by only 36 pins with 136.41 points to 136.05 when she entered the last or position round against Miss Porter.

Miss Cantaline, in fact, lost the position round by a 358 to 349 total but her Petersen lead stood up and she managed to capture the title.

* * *

Miss Porter, 35, a bowling alley manager, won the first game of the final round by a 192 to 145 margin and picked up a 61-pin lead. The Detroiter came back in the second game 204-166 to pick up 5.04 Petersen points to 3.16 for Miss Porter in addition to 88 pins which gave her a final 27-pin margin over her opponent.

* * *

The prize was worth $600 to the new champion. Miss Porter won $450 and Mrs. Jeannette Grezlak of Rockford, Ill., won third-place money of $300.

Big 10 Enjoys Good Weekend in Basketball

Conference Teams Win Seven of Eight Games; Michigan Lone Loser

By THE ASSOCIATED PRESS

After a lagging start, Big Ten basketball teams stepped up their winning pace by taking seven out of eight games over the week end to boost their intersectional record to 23-14 for .622 per cent.

They have a chance to fatten up again this week in a round of pre-holiday firing touched off by four tests Monday night. Tourney-weary DePaul, runner-up in its own meet at Chicago stadium, invades Illinois; Cincinnati is at Indiana, Ohio State at Tulane and Nebraska at Wisconsin.

Illinois barely outlasted Washington of St. Louis to win 75-74 in a televised Saturday afternoon game to book a 3-1 record. Indiana also has 3-1 after stalling out and 81-78 decision over Missouri, only team to lick Illinois.

Ohio State downed St. Louis 89-83 with Robin Freeman funneling in 39 points to boost his total to 186 in the Buckeyes' 4-1 mark. Iowa (3-1) trimmed Loyola of Los Angeles 84-61, Purdue (4-1) blasted Valparaiso 79-65 and Michigan State (2-0) shaded Pitt 82-81.

The only Big Ten loss of the weekend was absorbed by Michigan. Butler handed the Wolverines their second defeat in three starts, 63-57.

Minnesota defeated Notre Dame 83-75 Friday to start the Big Ten on its best victory week end of the campaign. The Gophers now have a 2-1 record.

Michigan and Northwestern make a west coast trip to meet Oregon State and Oregon, respectively, Tuesday night while Butler is at Purdue and Minnesota gets tested in the Kentucky tournament.

Dorais Named to Wisconsin Hall of Fame

MILWAUKEE (AP)—The late Gus Dorais, famed Notre Dame quarterback and coach of the University of Detroit and Detroit Lions football teams, has been named by the selection committee of the Wisconsin hall of fame as its 21st member.

Dorais played for Notre Dame in 1910, 1911, 1912 and 1913. He teamed with the great Knute Rockne, who played end for the Irish.

Dorais coached the Lions professional football team from 1943 through 1947 when failing health forced him to quit the game.

Bengals List 31 Games for Training Card

Open Grapefruit Loop Play Against Senators Mar. 10 in Lakeland

DETROIT (INS) — The Detroit Tigers announced a spring exhibition schedule of 31 games today—largest in the club's history.

The Bengals, under Bucky Harris, will open the Grapefruit League campaign against the Washington Nationals at Lakeland, Fla., on March 10 and conclude the pre-season tour in Pittsburgh against the Pirates on April 15.

Tiger President Walter O. (Spike) Briggs said 'he schedule includes a four-game series against the world champion Brooklyn Dodgers. Two of the games will be played in Miami, March 19 and 20. Then the clubs will move to Dodgertown at Vero Beach for a game March 21 and at Lakeland March 22.

In all, 24 games will be played by the Tigers in Florida and the other seven on the trip north.

Heading back to Detroit, the Tigers will play at Houston, New Orleans, Terre Haute, Ind. and Columbus, Ohio, as well as Pittsburgh.

Harris said he liked the longer spring schedule because "it will give the players a chance to get into more games and the coaching staff more opportunity to evaluate them."

Bolt Accuses Fans of Aiding Snead in Miami Open

SANFORD, Fla. (INS) — Pro golfer Tommy Bolt has accused fans of illegally helping "Slammin' Sam" Snead in tournaments by kicking balls to better lies.

Bolt said he is reasonably sure someone kicked Snead's ball toward the green in the sudden death playoff of the Miami open on Dec. 11.

Snead defeated Bolt in the playoff to win the tourney.

Bolt made his charges before the final round of the Sanford open yesterday.

The Chattanooga, Tenn., golfer was supported by several other members of the tournament circuit.

Of the Miami open playoff hole, Bolt said:

* * *

"I am reasonably certain that a fan kicked Snead's ball out toward the fairway.

"I saw Snead's drive roll to a stop and no one can convince me that some spectator didn't kick it out toward the fairway.

"His ball was laying in a better position than it should have been after the shot."

Snead had started the playoff hole by twisting his drive to the right and it dropped behind some tall pine trees.

The White Sulphur Springs pro then fired a brilliant recovery shot which curved around the trees and stopped on the green where he putted to victory with a par 4.

* * *

Bolt said he is "reasonably sure" Snead has been aided by the gallery in other tournaments because "I have talked to thousands of people who said they saw him helped."

He emphasized he doesn't bear any grudges against Snead for the crowd's alleged actions.

It's Official

Kaline Confirmed as AL Batting Champion

NEW YORK— (AP)—Now it is official. Detroit's Al Kaline won the American League batting championship in 1955 and is the youngest player ever to do it.

* * *

The American League Service Bureau confirmed Kaline's .340 average was tops and that when he won the batting title Sept. 25 he was a day younger than Ty Cobb when the Detroit immortal captured the first of his 12 hitting championships.

* * *

Kaline, incidentally, celebrated his 21st birthday today.

Kaline's teammate, shortstop Harvey Kuenn finished in a tie for fifth place with Al Smith of Cleveland and Mickey Mantle of New York had .306.

Ray Boone of Detroit and Jackie Jensen of Boston shared honors for runs batted in with 116 apiece.

The Chicago White Sox compiled the highest club batting mark, .268. Detroit was second with .266.

Ted Williams of the Boston Red Sox hit .356, but had only 320 official times at bat. At least 400 trips are needed to compete for the batting championship.

Doak Accepts Pro Bowl Bid

DETROIT (AP)—Doak Walker, the Detroit Lions' brilliant halfback, will play his last professional football game next month.

Walker, former Southern Methodist great, accepted an invitation yesterday to play in the annual Pro Bowl game in Los Angeles Jan. 15. He played his final regular game for the Lions Dec. 11th against the New York Giants.

Detroit Gives Title-Winning Hockey Display

Red Wings Impressive in Snapping Montreal Victory String, 2-0

DETROIT (AP)—The Detroit Red Wings showed the form that brought them seven straight national hockey league titles in shutting out the Montreal Canadiens, 2-0, last night.

The Red Wing victory snapped the NHL leaders' 8-game winning streak.

Montreal has lost only twice in the last 23 games, both times to Detroit.

Center Alex Delvecchio rifled in both Detroit goals, his 12th and 13th of the season.

His first goal came in the opening minutes of the first period when Montreal defenseman Dollard St. Laurent deflected Delvecchio's routine 60-footer past goalie Perreault, subbing for the injured Jacques Plante.

Montreal was short handed when Delvecchio clicked again early in the second period. The Detroit defenseman, at the corner of the cage, took a feed from Red Kelly and slid in a short shot when Perreault attempted to move out and smother.

It was the third straight victory for the 4th place Wings who are beginning to look like champions again. It also was rookie goalie Glenn Hall's third straight shutout.

Hall's two previous shutouts in his current string both came on home ice, 2-0 over New York and 4-0 over Toronto.

The victory left Detroit 18 points behind first-place Montreal in the NHL standings.

Pastrano Faces 1st 'Name' Foe

New Orleans Youngster Encounters Rex Layne in Home Town Tonight

By THE ASSOCIATED PRESS

Willie Pastrano, a bright new face from New Orleans, meets his first "name" heavyweight tonight in Rex Layne, a hulking veteran who has fought them all from Rocky Marciano on down.

The New Orleans match should give a good line on Pastrano's ability to handle big men. Layne, at about 209 pounds, probably will outweigh the home town boy by at least 25 pounds.

* * *

Pastrano mixed with middleweights and light heavies until he boxed Joe Rowan at Madison Square Garden Nov. 18. This match is supposed to launch him as a full-fledged heavy, bypassing the 175-pound division. Since the Rowan bout, he celebrated his 20th birthday.

* * *

Knockout or nothing is the prospect at St. Nicholas Arena in New York tonight when left-hooking Carmine Fiore of Brooklyn fights Gene Poirier, the ever-ready puncher from Niagara Falls, N.Y.

Du Mont will telecast.

Fiore, 26, came back from a one-year layoff to outpoint Rinzy Nocero Nov. 21. Poirier has taken a rest after a strenuous summer season when he won five of seven, most of them at St. Nick's. Fiore's record is 48-18-5 and Poirier's 13-3-2 for 18 starts.

Bobby Brocato Easy Winner at Tanforan

SAN BRUNO, Calif. (AP)—Travis M. Kerr's Bobby Brocato made winning the $35,000-added Tanforan Handicap look easy Saturday as the 1955 Northern California racing season ended Saturday. Tanforan's 55-day spring season opens March 9.

Piloted by George Taniguchi, Bobby Brocato covered the muddy mile and an eighth in 1.50 2-5 and paid $3.90. Mintaka was second and Correlation, winner of two $100,000 races last year, was third.

A total of 389,295 fans attended during the 42-day season, a daily average of 9,269. Mutuel handle totaled $25,459,925 for a daily average of $606,188.

Don Lewis ended up front in the jockey standings with 44 winners. Belloin Pulido was second with 35 and Willie Harmatz third with 31. Top trainer was Willie Molter with 18.

The next racing on the Pacific Coast begins Dec. 26 at Santa Anita.

Butler Defeats Michigan Team

Bulldogs Hold Kramer to Only Pair of Free Throws in 63-57 Win

INAIANAPOLIS (AP)—The Butler Bulldogs found the Michigan Wolverines to be their meat Saturday, grinding out a 63-57 basketball victory over the Big Ten team from Ann Arbor.

The Bulldogs' tenacious guarding of Ron Kramer and the scoring efforts of their won Bobby Plump provided the victory margin.

* * *

Kramer, who had been averaging 18 points per game since swapping his football gear for basketball togs, was limited to only two points. He hit on two of four free throws, but missed all eight field goal attempts.

Meanwhile, Plump, a 5-foot-11 guard, racked up 20 points on seven field goals and six free tosses.

The Wolverines held a 34-31 margin at halftime, mostly on the shooting of forward Randy Tarrier, who topped Michigan's scoring with 15 points. Butler jumped into a quick lead in the second half only to see Michigan bounce back into the lead briefly, 49-48. Then Plump hit on one of his jump shot specialities and the Bulldogs were back in front to stay.

* * *

Michigan hit on 18 or 51 shots from outside the free throw circle while Butler sank 20 of 57 field goals.

The Wolverines, who have yet to play their first Big Ten opponent, now have a season record of one victory in three starts.

Payne, Stack Win Archery Golf Shoot

Russ Payne posted a score of 26 and Loretta Stack shot 37 to win the men's and women's divisions in the season's 1st archery golf shoot, held Sunday at Pontiac Municipal Golf Course by the Pontiac Archers.

* * *

A total of 59 shooters competed yesterday in crisp, clear weather. Because of snow and ice, frequent trouble was encountered in finding arrows.

Payne grabbed added laurels by winning the clout shoot, which won him a turkey. He also picked up a turkey for his game-winning score as did Loretta Stack. Doug Arthurs was victorious in the chicken clout event.

* * *

Eddie Grove of Detroit captured the Junior girls' honors with a 46 and Dick Schweier won the Junior boys' division with 33. Cards were cut to decide the winners of the remaining turkeys.

Future archery golf shoots are scheduled at the Municipal links on Jan. 8, Feb. 5, and March 4.

Cassady Chosen MVP in Big 10

CHICAGO (AP)—All-America Howard (Hopalong) Cassady, Ohio State halfback and No. 1 draft choice of the Detroit Lions, has won the Big Ten "most valuable player" award.

Cassady was first choice for the honor by all but 2 of 23 electors on a panel of conference football coaches, 10 veteran officials, commissioner K. L. Wilson, Wilfrid Smith, Chicago Tribune sports editor, and David Condon, Tribune sports columnist.

The award is sponsored by the Tribune. Cassady was selected from a list of "most valuable" players named by teammates on each Big Ten team.

Others included halfback Terry Barr of Michigan and guard Carl Nystrom of Michigan State.

Michigan State's Jerry DaPrato, a star of the 1915 basketball team, scored 32 points against Marquette that year.

Fidler-Horner Combine Wins Grand Finals

The team of Judy Fidler and Jack Horner triumphed over four other roller skating teams in the Grand Finals of the closed contests at Pontiac's Rolladium Sunday night.

Dances skated during the competition were the Chase Waltz, Southland Swing, and Highland Schottische. Both winning skaters are from the Rolladium.

Shirley Davis and Richard Dahlberg of the Rolladium won the Iceland Tango, the 5th in a series of open dance contests at the Rolladium.

The 1st elimination of the 2nd period in racing contests were won by Jack Comas and Sharon Hills in Class A, Skipper Darimont and Mary Bottorff in Class B, and Rolly Lund and Pamela Reid in Class C.

Dons Top INS Poll

NEW YORK (INS) — San Francisco breezed in again today as the Nation's No. 1 college basketball team and watched the other hoop powerhouses scramble for better position on the elite ladder.

The prolific Dons, who've won 31 straight games, easily retained top spot in this week's nationwide survey by International News Service.

They captured a pre-holiday tournament at Chicago over the weekend by defeating Marquette and De Paul for their fourth and fifth wins of the current campaign.

This same tournament saw highly-regarded Duquesne upended by both De Paul and Marquette, and, as a result, the Dukes flopped from second place all the way down to 17th in the rankings.

With many tournaments about to get under way, hardly any rankings can be considered sacred.

Kentucky, Brigham Young and North Carolina were newcomers to the "first team," and Duquesne, Iowa and Colorado fell out of high society.

The big doings will take place at Kentucky's Invitational tourney, Tuesday and Wednesday. Dayton, Utah, Kentucky and Minnesota go at each other in this one and national rankings are at stake.

Third-ranked Dayton meets fourth-ranked Utah and seventh-ranked Kentucky takes on Minnesota on Tuesday night's program.

Another biggie this week pits second-ranked North Carolina State against eighth-ranked Brigham Young on Wednesday.

Brigham Young took two straight from Colorado, clinching matters with an 84-to-53 decision Saturday while George Washington made it six straight by humiliating VMI, 106 to 54.

Here are the nation's top 20 basketball teams in this week's nationwide survey by International News Service:
1—San Francisco (5-0)
2—North Carolina State (7-0)
3—Dayton (6-0)
4—Utah (5-0)
5—Vanderbilt (4-0)
6—Temple (4-0)
7—Kentucky (4-1)
8—Brigham Young (6-0)
9—George Washington (6-0)
10—North Carolina (5-0)
SECOND TEN: 11—Holy Cross (5-0); 12—Ohio State (4-1); 13—Marquette (4-1); 14—Rice (6-0); 15—Colorado (3-2); 16—Iowa (3-1); 17—Duquesne (4-2); 18—St. Louis (4-1); 19—S.M.U. (6-1); 20—Alabama (4-2).

CIO 594 Quintets Win League Games

Two different basketball teams, both representing Local 594 of the CIO ground out easy victories over union foes in UAW-CIO league games Sunday night at Jefferson Junior High's gymnasium.

Gene George collected 15 points and Bob Thatcher contributed 11 more as the '594' squad downed CIO 596 in last night's opener, 47-36. Ed Ringold of the losers took scoring honors with 17 points.

In the nightcap Melvin Taylor poured 25 points through the hoop to spark 594's 2nd unit to a one-sided 49-29 decision over CIO 653. Teammate John James added 10 points and George Pope tallied a like number for the losers.

CIO 594	12	8	16	11—47

North-South Teams Prepping for Clash

MIAMI, Fla. (AP)—Wally Butts of Georgia, head coach of the South squad, will arrive today to start preparing his squad for the Shrine's annual North-South football game in the Orange Bowl on Dec. 26.

The South squad was completed yesterday with addition of center Johnny Tatum of Texas, guards Don Shea of Georgia and John Polzer of Virginia.

The 24-player South team will start assembling today and tomorrow. The first workout is scheduled for Monday.

North Coach Bernie Crimmins of Indiana arrived yesterday.

Proceeds of the game will go to the Shrine's crippled children's hospitals.

UCLA Holds 2 Sessions Today

LOS ANGELES (AP)—UCLA holds two practice sessions today in its tuneup for the Rose Bowl game Jan. 2 against Michigan State University.

Ronnie Knox, tailback and passer who sustained a broken ankle bone Nov. 12, was able to jog a bit yesterday while he watched his teammates go through a two-hour drill.

Knox engaged in passing with another Bruin cripple, Johnny Smith, an end who has a shoulder separation. Prospects for Knox appearing in the Pasadena game are considered good.

Russell Tops in Chicago Tourney

CHICAGO (AP)—Bill Russell, All-American 6-10 center for the San Francisco Dons, today topped an All-Tourney team named by writers covering the DePaul basketball tournament at Chicago Stadium.

San Francisco won the two-day, four-team meet by defeating De Paul in Saturday's finals, 82-59.

Trabert, Hart Ranked by USLTA as Best Netters

NEW YORK (INS)—Tony Trabert and Doris Hart, who both deserted the amateur ranks for careers as professionals, have been ranked as the nation's top singles players by the United States Lawn Tennis Assn.

The ranking committee of the USLTA selected Trabert as the No. 1 men's singles player and Miss Hart as the top women's player. Trabert won the U.S., Wimbledon and French titles in 1955 and Miss Hart won the U.S. title.

The rankings of the committee, announced over the weekend, are "tentative" and subject to official ratification by the USLTA at its meeting in San Francisco, Jan. 21.

Trabert, who regained the No. 1 position he held in 1953, recently signed an $80,000 pro contract and is touring with the Jack Kramer Net Troupe. Shortly after winning her second straight U.S. crown, Miss Hart announced she was turning professional.

Trabert was followed in the men's rankings by 2—Vic Seixas of Philadelphia; 3—Art Larsen of San Leandro, Calif.; 4—Bernard Bartzen of Dallas, Tex.; 5—Eddie Moylan of Trenton, N.J.

6—Gil Shea of Los Angeles; 7—Ham Richardson of Westfield, N.J.; 8—Herb Flam of Beverly Hills, Calif.; 9—Sammy Giammalva of Houston, Tex.; 10—Tom Brown Jr., of San Francisco.

Eastern Division Showing Most Power in NBA Loop

By THE ASSOCIATED PRESS

Anyway you want to look at it, the power in the National Basketball Assn. appears to be in the Eastern Division.

The four clubs in the Eastern half—Philadelphia, New York, Boston and Syracuse, show an aggregate of 47 victories against 34 defeats for a .580 average.

* * *

The quartet of Western Division teams—St. Louis, Rochester, Fort Wayne and Minneapolis — meanwhile, have a combined total of 37 triumphs against 50 setbacks for .425.

St. Louis, in fact, heads the Western with an even .500 mark on a 10-10 record.

The Hawks regained the top spot from Rochester last night by whipping the runner-up Royals 86-85. In other games, Syracuse downed Philadelphia 99-79, Fort Wayne beat Minneapolis 96-86 and Boston defeated New York 95-92.

* * *

Bob Pettit, as usual, paced St. Louis with 26 points although Jack McMahan of Rochester took game scoring honors with 28. The Hawks led throughout but had to hold off the Royals, who hit for two baskets in the final 14 seconds.

Syracuse wrapped it up against Philadelphia, the Eastern leaders, in the first period, streaking into a 25-12 advantage. Johnny Kerr led the Nats with 19 points while Neil Johnston had 17 for the Warriors.

Doak Walker kicked 43 extra points in the 1954 season to 37 for Lou Groza.

Spartan Cagers Nip Pitt, 82-81, in Last 10 Seconds

EAST LANSING, Mich. (AP) — Michigan State slipped past Pittsburgh, 82-81 Saturday night when Spartan forward George Ferguson sank a free throw with less than 10 seconds of playing time left.

It was Michigan State's second basketball victory of the young season and left the Spartans the only undefeated team in the Big Ten. State has yet to meets its first conference foe.

The first half saw the lead swap back and forth several times, with the Spartans holding a 40-38 edge at intermission.

MSU widened its lead in the early moments of the second half by scoring seven points while blanking Pitt.

But the Panthers kept knocking on the door and steadily narrowed the margin until they tied it up 81-81, on a field goal by Bob Lazor with 40 seconds remaining.

Then Ferguson came through with the all-important charity toss to wrap it up for the Spartans.

Pitt's Julius Pegues was high man for the night with 22 points as the Panthers dropped their second straight game after launching the season with three victories.

Adams' Trade With Boston Looks Better

Time Improves Outlook as Hall Posts Another Blank; Sawchuk Bombed

By THE ASSOCIATED PRESS

Maybe the Detroit Red Wings knew what they were doing after all when they dealt Terry Sawchuk to Boston.

The champion Wings raised a few eyebrows in National Hockey league circles last summer when they let Sawchuk go to the Bruins and entrusted Glen Hall, who had played only 8 games in the big league, with the important goal-tending job.

Last night, however, Hall racked up his third shutout in succession and seventh of the season as Detroit defeated pace-setting Montreal and ended the Canadiens' winning streak at eight games.

Meanwhile, Sawchuk was having a miserable time of it against the Chicago Black Hawks, who tapped him for seven goals. The Hawks won 7-1, getting four goals in the second period. Nick Mickowski got two goals for the Hawks while Murray Costello notched Boston's lone score.

In the only other game, the New York Rangers snapped a four game losing streak by whipping the Toronto Maple Leafs 4-1. The Rangers struck for first period goals by Bill Gadsby, Andy Bathgate and Larry Popein and then breezed home.

Public Gets Spartan Preview

PASADENA, Calif. (AP)—Michigan State planned a public preview of its Rose Bowl football team today with an "everyone's invited" open practice session.

A month after the final game of the regular season against Marquette Nov. 19, the MSU Spartans settled down to a steady grind of two-a-day practices.

* * *

Coach Duff Daugherty announced that everyone interested in looking over his team would be welcomed at the afternoon workout at East Los Angeles Junior College.

Daugherty said he planned to keep up the daily double workouts at least until Thursday before cutting back to single afternoon practices. The squad will eat box luncnes under the stadium during the duration of the twice-daily workouts.

State planned both offensive and defensive drills today. A scouting team armed with UCLA's single-wing attack will work against the regulars to prepare the squad for the return bowl meeting with the Bruins.

UCLA also planned to open the week with a workout. Halfback Ronnie Knox, who has been practicing in sweat clothes, was expected to get back in uniform this week. Team physician Dr. Edward Ruth said Knox should be fully recovered from his ankle fracture by Jan. 2 game time.

After attending church services Sunday morning, the Spartan players took advantage of their day off to get in some sightseeing.

* * *

Most of the squad took a Hollywood tour in the afternoon, winding up the trip as guests of NBA television at the Colgate Variety Hour show.

Daugherty and some of his assistant coaches played a round of golf in the afternoon at the Annandele Golf Club, perched on a hill on the southwest side of the Rose Bowl.

The MSU coach took 14 strokes on the narrow 16th hole, sending his first four drives out of bounds. One of the drives was rumored to have landed in the Rose Bowl.

"I got two touchdowns on the hole anyway," Daugherty grinned when asked about his game afterward.

SPARTANS WELCOMED TO SOUTHERN CALIFORNIA — Quarterback Earl Morrall (left) and tackle Norman Masters are offered a traditional welcome to southern California—oranges—by Queen Joan Culver of the Tournament of Roses as the Michigan State team arrived for the Jan. 2 Rose Bowl game. Queen Joan and her six princesses tossed handfulls of oranges as they met the players at the Huntington-Sheraton hotel.

Barber Winner at Montebello

Shoots 67 in Final Round to Bag Open by 4 Strokes

MONTEBELLOW, Calif. (AP) — Jerry Barber, efficient little shotmaker from Los Angeles, shot a final round 67 to bag a 4-stroke victory in the $5,000 Montebellow Open.

Barber's 205 for the 54-hole tournament gave him first money of $1,000 yesterday. Gene Littler, defending champion from San Diego, was second with 209, good for $700. Jimmy Clark of Laguna Beach was third at 210.

Four-time winner Lloyd Mangrum, in his first start in a year, finished with 214. Three non-Californians triple-tied for fourth at 211 — Al Feldman, Tacoma, Wash., Charles Sifford, Philadelphia, and Cliff Whittle, Twin Falls, Idaho.

Cotero Draws With Bain in Wild Bout

HOLLYWOOD (AP)—Featherweight Jose Cotero, after a ding-dong draw with Irish Tommy Bain, looked forward today to a Jan. 7 fight with a stablemate of heavyweight Rocky Marciano — Bobby Bell.

Cotero and Bain treated Legion fans Saturday to one of the wildest brawls of the year. The bout ended in a unanimous draw after the Mexico City scrapper was penalized 1 point on all cards for hitting low in the fifth.

Brown Drills for NFL Title Game Go Awry

CLEVELAND (AP) — Somewhere between sun and snow, in a limbo of too hot and too cold, the training plans of the Cleveland Browns have gone awry.

Judgment Day — when the Browns play the Rams in Los Angeles for the National Football League crown—is only a week away and the Browns figure the weatherman has been weighting the scales against them.

* * *

Cleveland Coach Paul Brown, because he felt too much California sunshine might sap the strength of his Sampsons, had decided to give them most of their practice at home. Good, invigorating air in what its boosters call the "best location in the nation" would imbue the Browns with the proper spirit for the crusade West, the coach thought.

* * *

But the weatherman overdid things a bit and the Browns have been mushing around in a mixture of snow, wind and cold that chills them right down to their kneepads.

"Why, it was so cold last week that they couldn't even work up a sweat," Brown complained. "About all we could do was run around some. Now we must get going on the game preparations."

Giving the weather its due, Brown admitted that "we need some good workouts to get the boys loosened up."

He has only three more home practices scheduled before the Browns leave for the West Coast Saturday. The team will hold a regular workout in Pasadena Christmas Eve and a 20-minute session Christmas Day, the day before the game.

* * *

Brown could have his men work out in a gymnasium here, but hesitates to do so on a theory that floors of wood do no good to legs accustomed to sod.

Meanwhile, the weatherman has this forecast for today:

Colder. Windy. Snow flurries. Temperature skidding from high of 23 last midnight to low of 0-5 tonight.

Missouri Valley Quintets Ripping Non-League Foes

By THE ASSOCIATED PRESS

With every team in the Missouri Valley victimizing outside clubs these days, the experts might just call it a seven-team race if they had it to do over again.

The pre-season title co-favorites, St. Louis (4-1) and Houston (6-1) have nothing to be ashamed of so far.

But the other five teams promise to make it one of the best title fights in years. Bradley (5-0), Tulsa (6-1), Oklahoma A&M (5-1), Detroit (4-2) and Wichita (3-2) are helping to raise the Valley's usual good intersectional record to new heights.

The Valley has won an amazing 31 victories in 37 games with outsiders and figures to win nine of 11 games this week.

St. Louis dealt Indiana its first defeat, 86-75, on the Hoosiers' own court, then fell to Ohio State, led by Robin Freeman's 39 points, 83-89 Saturday for the Billikens' first defeat.

But that was the lone valley setback in 12 games last week.

Houston jumped two games in front in the league chase by winning two from Detroit, 89-76 and 96-84, at Houston. Don Boldebuck's 38 points was too much for the Titans the first night they led Houston by 14 points at halftime the second game and didn't go under until the last 20 seconds.

Those are the only two conference contests played to date.

Santee Agrees to Indoor Meet

Will Inaugurate Flat Track Season Jan. 14 in Boston Arena

BOSTON (AP) — Lt. Wes Santee, America's premier miler, will inaugurate the indoor track season Jan. 14 in the 30th Knights of Columbus meet at Boston Garden.

Meet Director Clarence (Ding) Dusault announced Santee's entry today upon receipt of his letter of acceptance.

* * *

Santee, the Kansas cowboy now in the Marines, holds the American outdoor record of 4:00.5 and set the previous world mark for a standard indoor course of 4:03.8 here a year ago in the Boston AA meet.

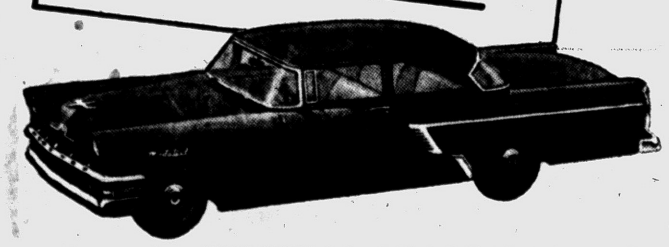

* * *

A week later he lost the mark to Denmark's Gunnar Nielsen in New York in a 4:03.6 clocking which Santee is eyeing.

Santee ran in Los Angeles last January and missed the K. of C. Now that he has been cleared by the AAU of charges of accepting excessive expense money, Santee will provide the big attraction.

Fox Terrier Wins Best-in-Show Title

WORCESTER, Mass. (AP) — Ch. Travella Superman of Harham, an English bred wirehaired fox terrier, today holds his 20th best-in-show title.

* * *

Ch. Travella won top honors from a field of 888 entries yesterday in the Worcester County Kennel Club show—last major Eastern event before the Westminster in New York.

The 4-year-old is owned by Mrs. Harold M. Florsheim of Chicago and trained by Thomas Gately of Wilton, Conn.

Balding Wins Sanford Open

SANFORD, Fla. —Because he shot a 73 and won a company golf tournament his employer sponsored six years ago, slender Al Balding became the first Canadian ever to win a major golf tournament in the United States.

* * *

Balding, 31-year-old Canadian PGA champion, captured the inaugural $15,000 Sanford Open yesterday. He edged rotund Ed (Porky) Oliver of Lemont, Ill., and big Mike Souchak, former Duke football player who registers from Grossinger's, N.Y., by one stroke.

The $2,400 first prize check was a welcome financial boost.

"Now I'll be able to continue the tour," he said with a big grin. Balding added he did not plan to return home to Toronto for the holidays but would go instead to California where the touring pros regroup for the Los Angeles Open Jan. 6.

* * *

Balding, who says his driver and putter are his best clubs, fired a two-under-par 68 in the final round over the Mayfair Inn Country Club Course which measures 6,205 yards and has a par of 36-34—70. His 72-hold total of 269 was 11 under par.

A 25-foot putt for an eagle on the second hole and 7-foot birdie putts on 12 and 14 brought the tall Canadian his first American golfing triumph.

* * *

Oliver, who entered the final round tied with Balding for the lead, lost his chance to pick up top money when he bogied two par three holes and finished with a 69 for 270.

Souchak closed strong with a 66, getting birdies on the final two holes, and climbed from a tie for seventh into a tie for second.

Tommy Bolt of Chattanooga and Chick Harbert of Northville, Mich., also came up from out of the pack with final 66s for 272 totals and a tie for fourth.

* * *

Don Fairfield of Casey, Ill., whose third round 63 set a course record, tied for sixth with a 71 and 73. Shelley Mayfield of Westbury, N.Y., with a closing 68, also had 273.

Balding said he "hung around golf courses a lot when I was a kid," but what with World War II duty in the Canadian Merchant Marine and the Canadian Army he had little additiconal contact with the game until he was 25.

* * *

"After I won that company tournament six years ago, I decided I would try my luck as a professional," he added. "I was not married then so I was able just to pick up and go."

Balding has been married for three years now and his wife is accompanying him on the tour.

Gold Beach, returning $191.60 in 1946, was the highest priced winner in Gulfstream Park history. In 1947 Jane Gail paid $2.20 to win.

Ted Atkinson will be after his fifth Hialeah jockey title when he rides during the 40-day meeting opening Jan. 17.

Florida State will lose only two of its football backs to graduation. They are Gene Cox and John Griner.

Court May Decide Saddler Opponent

SACRAMENTO, Calif. (AP)—The hassle over who signed Manila featherweight Flash Elorde for a title fight next month with Sandy Saddler should be settled by a court of law, not the California Athletic Commission, Dr. Dan O Kilroy, commission member, said yesterday.

* * *

Kilroy said Elorde "apparently" signed contracts with both Sid Flaherty of San Francisco and Frank Martin of Orinda, Calif. for the fight with Saddler in San Francisco Jan. 18.

* * *

On Saturday the commission voted to hold up the manager's one-third of Elorde's purse until the question is settled.

Horned Frogs Step Up Pace for Cotton Bowl

FORT WORTH, Tex. (AP)—Coach Abe Martin has finally gotten around to looking over pictures of Mississippi games and that may be the reason he's calling for his Texas Christian Horned Frogs to step up the pace in practice for the Cotton Bowl.

* * *

Martin watched Mississippi's victories over Louisiana State and Mississippi State and said he was greatly impressed.

"Mississippi is a good all-around club, it handles the ball beautifully, has over-all team speed and its passing is very good," was Martin's comment. Then he said that while last week was easy on the boys they would work much harder starting today.

* * *

The Frogs will practice through Friday morning, then take out for the Christmas holidays. They return on Dec. 27 and finish up at home on Dec. 29. Workouts will be held at the site of the Jan. 2 bowl game the three days prior to the contest.

* * *

While Martin was impressed with Mississippi, which, like Texas Christian, has a 9-1 record, he didn't predict that his Frogs would take a trimming from the Rebels. He said it would be a "great ball game" but indicated he figured TCU would come out on top.

It will be the eighth bowl appearance for Texas Christian.

* * *

Somebody remarked that since Johnny Vaught, coach of Mississippi, had never won a major bowl game perhaps TCU wouldn't mind the Rebels taking this one. Especially, in view of the fact that Vaught is a former TCU player himself.

Pancho Holds 3-1 Lead Over Tony Trabert

LOS ANGELES (AP)—Pulverizing Pancho Gonzales holds a 3-1 lead over Tony Trabert, the abdicated king of tennis amateurs, as they move into the fifth chapter of their pro tour tonight.

* * *

After Trabert had scored his first match victory of the series Friday Gonzales boomed back to take Tony, 6-8, 6-4, 6-4 Saturday.

Pancho Segura, incidentally, moved out to a 4-0 lead over Australia's Rex Hartwig.

* * *

The troupe performs in San Francisco tonight. They drew about 8,700 fans in the two-night stand here.

Bowling Clinic

By BILLY SIXTY

PAUSE AT TOP

Watch topflight golfers and you'll see a hesitation at the top of their backswing. Some pause more than others. The late MacDonald Smith emphasized it to the extent that you could count two slowly before he went into the downswing. The hesitation is the secret of rhythm.

The pause applies also in bowling. A good many stars use it, and Bill Lillard, like Smith in golf, exaggerates it. As sketch shows, he

stops the arm completely at shoulder level as the third step is made and the fourth slide-step finish of his footwork starts.

With the pause he eliminates the urge to rush—a fault quite evident among average bowlers. The hesitation gives Lillard time to drop the ball smoothly into the downswing—into the groove, as dotted line and arrows indicate—so that he can finish the swing with a reaching follow-through. No rush. No exertion. It's all swing.

Restored Pooch Brings Gladness to Crippled Girl

JACKSONVILLE, Fla. (UP)—It almost broke Penny Lee Bessett's heart when her tiny Chihuahua dog became ill in July, didn't respond to treatment and was taken away to be put to sleep.

* * *

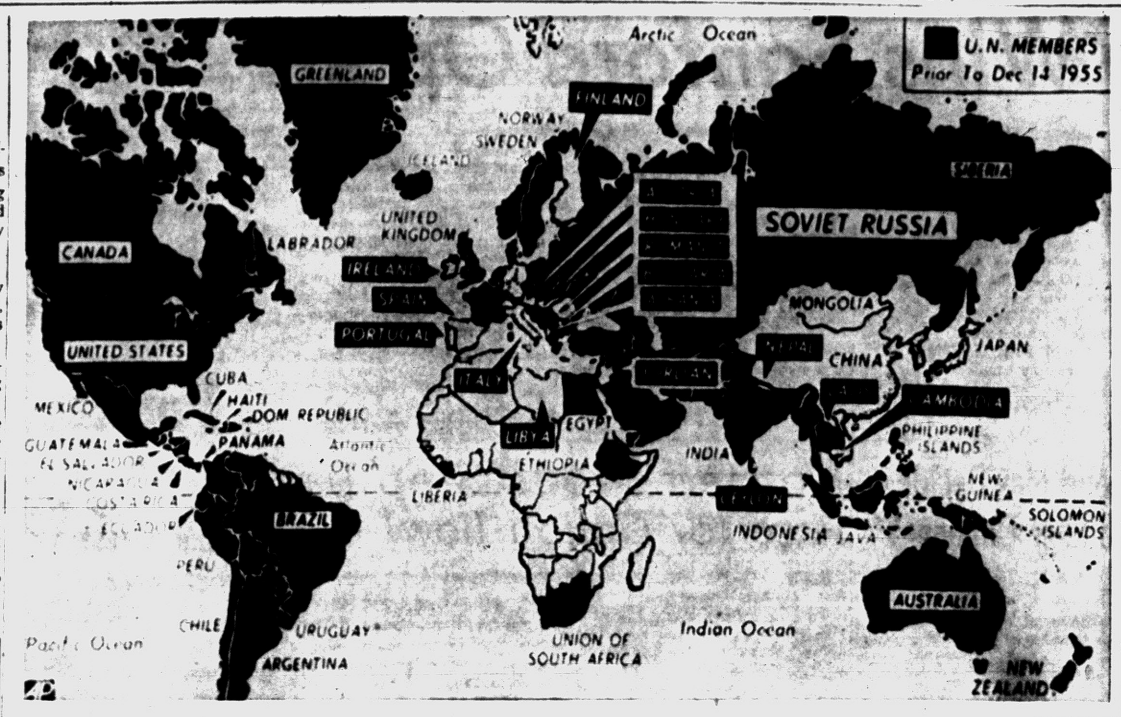

Kernel could jump and play without injuring the 6-year-old girl, who was born crippled and wears leg braces.

Veterinarian J. P. Young promised to watch for another little dog to take Kernel's place.

Yesterday, he telephoned the mother Mrs. Ward A. Bessett he had just the dog. Penny and her mother went to get him.

* * *

"This is my Christmas present to you," said Dr. Young, putting a frisky Kernel in Penny's arms. He had nursed the dog back to health over a period of several weeks.

12 Others Are Injured by Terrorist Bombing and Shooting Spree

NICOSIA, Cyprus (UP)—More than 15 persons were injured yesterday in a series of hit-and-run terrorist bombings and shootings in this British crown colony.

* * *

The injured included three Americans, Mr. and Mrs. Robert Murphy of Brooklyn, N.Y., and Gail Wheeler of Sioux Falls, S.D. They suffered superficial injuries when three hand grenades were thrown through a window at a Christmas-decorated night club here where they were seated at a table.

Mrs. Wheeler was not hurt. The Murphys were cut by flying glass and Wheeler was cut on one ankle.

The Murphys work with the U.S. consulate radio monitoring station here.

Three British soldiers were injured by a grenade tossed into a Nicosia cafe.

Hollywood Headlines

Aumont, Jean Simmons to Co-Star in 'Hilda Crane'

By LOUELLA O. PARSONS
INS Motion Picutre Editor

HOLLYWOOD (INS)—That debonair, attractive actor Jean Pierre Aumont heads for Hollywood shortly after Christmas to check in at 20th Century-Fox December 28th to play the male lead in "Hilda Crane." Jean Pierre hasn't made a picture in the Hollywoods since "Lili."

I was interested to hear that Jean Simmons is replacing Susan Hayward as the heroine. (Susan asked to have a little rest before starting work again.) This is Herbert Bayard Swope, Jr.'s first direction job, with Phillip Dunne at the producer's helm.

Now the $64 question is: Will Jean Pierre, who really was smitten with Grace Kelly, ask her for dates again? I am told that Grace didn't care for all the publicity with Aumont, but when a girl is as popular as she is, everything connected with her becomes news.

I was interested to have Milton Sperling tell me that he is bringing back John Cromwell to play an important role in "Melville Goodwin, USA" which goes before the cameras in January.

Cromwell for years was one of our top directors, then he went to New York and returned to acting. I saw him in "Sabrina Fair" and he was excellent. Apparently, John had his fill of directing and is going to continue his acting career.

Dorothy McGuire is another one Milton is talking to for his picture, which will be directed by Hank Potter. "Melville Goodwin, USA" will also reunite Humphrey Bogart and Lauren Bacall who haven't made a picture together in ages and ages.

The whisper is loud that Anna Magnani most certainly will be nominated for an Academy Award and will be a tough contender to beat.

ANNA TO STAR AGAIN

In view of the way "The Rose Tatto" has been received, Hal Wallis is doing his best to tie up another Tennessee Williams play, "Orpheus Descending" for Magnani, but I hear tell the playwright is taking his time deciding. He can't afford to make too much money because of high income tax payments.

The new play is another typical Williams drama, hot, humid and heavy.

There's no doubt that Ingrid Bergman hasn't exactly had a bed of roses since she married Roberto Rossellini. Her pictures have not been successful and she has come in for criticism, both in France and in her native Sweden.

She has tried to stick to her Italian-born husband and to help him, but finally, in desperation, she has decided to go it alone.

With the backing of an American company, 20th Century-Fox, and the fact that she is a superb actress, she may make a comeback in "Anastasia."

SNAPSHOTS OF HOLLYWOOD

The biggest message ever delivered by Western Union—a huge cake sent by Susan Hayward to Lillian Roth in Houston on Lillian's birthday.

One of my first Christmas cards came from Clara Bow asking me if I remembered her — as if I could forget.

The lovely daughter of Mr. and Mrs. Shirley Burden, Margaret (Mrs. Daniel Childs) expects a baby in July. Her marriage last June was a big social affair.

Groucho Marx looked like Mr. Santa Claus himself when he and his daughter Melinda, laden with packages, stopped at the Brown Derby for dinner.

Jill Schary (Dore's daughter) won't let her fiance, Lt. John Zimmer, until she keeps a date with him January 8th to marry him. He has been sent to Hawaii by the Navy.

Grace Kelly planes out Thursday for ten days with her family in Philadephia—then back here the day after New Year's to report at MGM.

Christmas at home will be missed by Ronnie Burns, Gracie and George's son, for the first time in nineteen years. He leaves Christmas Eve for rehearsals for the Jackie Gleason TV show.

That's all today. See you tomorrow.

30,000 Breathe Easy as Fire Is Squelched

MOOSE JAW, Sask. (UP)—A huge oil refinery fire which threatened the East Side of this prairie city of 30,000 people was put out early today.

Firemen fought in windy, 16-below-zero weather to check the blaze at the Husky Oil, Ltd., refinery.

Fire Chief Gordon Higson had said "the whole city could go" if fuel oil spilling from burning tanks spread.

A Fire Department official said the fire was extinguished at 2:30 a.m., almost four hours after a terrifying explosion shook homes in the city as far as three miles away.

Early reports said four oil tanks blew up. No one was injured.

Detroit Theater Robbed of $2,500 From Its Safe

DETROIT (UP)—Police today reported the theft of $2,500 from the safe of a downtown Detroit theater.

The theater manager, Augie Sermo, told police he discovered the loss yesterday. He said the money apparently had been taken by someone who knew the combination of the safe.

Tokyo to Outlaw Small Teachers

Tiny Instructors Less Than 5 Feet Tall Face Loss of Positions

TOKYO (UP)—A controversy is swirling above the heads of Tokyo's women schoolteachers—in some cases several inches above.

The Metropolitan Board of Education started it by barring teachers shorter than five feet.

* * *

The ban goes into effect next school year, but not without howls of anguish from tiny teachers, the major newspapers, students in teachers' schools and one woman Diet (Parliament) member, herself a former Tokyo teacher.

The Diet member, Mrs. Haneko Takada, is 4 feet 10.

* * *

The metropolitan government section said it put the ban on tiny teachers because Japanese boys and girls are growing bigger all the time and the teachers find it hard to control them if they are too small.

They also said the little teachers would be handicapped in event of a fire, earthquake or other emergency, which calls for taking charge of students and leading them to safety.

* * *

Another reason is that larger students have had trouble locating short teachers while on group school outings—an essential part of the education system here. Students who couldn't find the teacher were straying off and getting lost.

* * *

And, the officials added, teachers under five feet cannot reach the top of the blackboards.

The newspaper Asahi, Japan's largest, attacked the ban and said: "It is inhumane to treat short women as though they were physically handicapped."

Brother, Sister Meet Each Other After 25-Year Split

MILL VALLEY, Calif. (UP) — James Conley delivered mail to Marie MacDonagh for four years without knowing she was the half-sister who was separated from him a quarter century ago.

* * *

They decided today, after getting everything clear, to spend Christmas together.

* * *

Mrs. MacDonagh is a clerk at Shoreline Market.

A customer, Mrs. James West, asked last Wednesday if she knew the name of the mailman who just walked in with a sack on his shoulder.

Going over to Conley, Mrs. MacDonagh asked:

"What's your name?"

"Conley."

"That's funny. That was my stepfather's name. What's your first name?"

* * *

"Jimmy."

"I had a younger brother named Jimmy."

"Well, I had an older sister named Marie. What's your name?"

"Marie."

It was just like that.

* * *

Mrs. MacDonagh recalled their mother "got sick when I was about 14 and Jimmy was 7." She went to foster parents and Jimmy to an orphanage in Marin County.

Ten-Car Pileup Caused by Nonchalant Woman

EL RENO, Okla. (UP)—A woman motorist failed to signal a turn off U.S. 66 yesterday.

The first car behind jammed on the brakes. Four others rammed together. A sixth, swerving to avoid them, crashed headon into a seventh. Two more, slowing down, were plowed into from the rear by a tenth car. Six people were injured, none seriously.

The woman driver drove on, unaware of what had happened.

Truman Aides Face 'Bribe' Arraignments

ST. LOUIS (UP) — Two former members of the Truman administration awaited arraignment today on charges of conspiring to accept money and favors for their influence in the $118,000 Irving Sachs tax case.

* * *

They are Matthews J. Connelly, 48, who was President Truman's appointment secretary, and T. Lamar Caudle, 51, former head of the Justice Department's Tax Division. Indicted with them and also facing arraignment today is Harry I. Schwimmer, 56, former Kansas City attorney.

* * *

All have denied the charge. It is expected that the defendants will file motions attacking the indictments.

Sachs, a St. Louis shoe firm owner, pleaded guilty in 1951 to evading $118,000 of corporate income taxes for 1942 through 1945 and was fined $40,000.

Warrens Will Attend Dorothy's Wedding

BEVERLY HILLS, Calif. (UP) — Chief Justice Earl Warren has joined his family here for the wedding of his daughter Dorothy tonight.

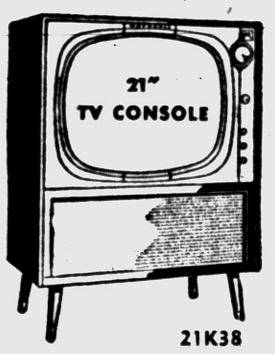

Miss Warren, 24, and Dr. Carmine E. Clemente, 27, anatomy professor at the UCLA Medical Center, are to be married at the Wayfarers Chapel in Portuguese Bend, 20 miles south of here.

The chief justice said that after the wedding he and Mrs. Warren will go to Oakland to spend Christmas with their family.

FTC Decision Clears Insurance Company

WASHINGTON (AP) — A Federal Trade Commission examiner has ruled that the National Casualty Co. of Detroit must henceforth "clearly" and "conspicuously" set forth any qualifications or conditions on the duration, coverage and benefits of its health and accident insurance policies.

The examiner, Frank Hier, held the company did not misrepresent the amount paid to policy holders for surgery. But he did rule that qualifications or conditions must be set out when it represents that a policy may be continued as long as premiums are paid or that no medical examination is required.

The FTC is conducting a series of inquiries into health-accident insurance advertising.

African students in India complain that films shown there always show Africans "as primitive savages," and emphasize "the white man's burden."

Grains Maintain Steady Prices

CHICAGO (UP) — Steady prices ruled for all grains in moderately active dealings on the Board of Trade today.

In the absence of any important selling pressure the market was sustained by cold weather in the Midwest, expert sales of soybeans and a 30-day Weather Bureau outlook for less than normal moisture in the Southwest winter wheat belt.

Wheat near the end of the first hour was 1/8 to 1/2 higher, December $2.10 1/8, corn unchanged to 1/8 higher, December $1.23 3/4, oats unchanged to 3/8 higher, December 63 3/8; rye unchanged to 3/4 higher, December $1.17, soybeans 3/4 to 1 higher, January $2.37 1/4, and lard 3 to 20 cents a hundred pounds higher, December $11.05.

Merger Plans Eyed by Kaiser

Will Ask Stockholders to Okay Consolidation of Enterprises

NEW YORK (UP)—A plan to merge the Henry J. Kaiser Enterprises into a single corporation was outlined yesterday by Henry J. Kaiser, chairman of the board of directors, and Edgar F. Kaiser, president of both the Kaiser Motors Corp. and of Henry J. Kaiser Co.

Through an exchange of stock the Henry J. Kaiser Co. would become a wholly-owned subsidiary of Kaiser Motors. It, in turn, would be renamed the Kaiser Industries Corp. to reflect the new scope of its operations, which would include the interests of the Kaiser Co. as well as Kaiser Motors.

The plan, the Kaisers said in a statement, would allow all stockholders of Kaiser Motors to participate in the future of the overall Kaiser Enterprises, and would result in repayment of all outstanding debts of Kaiser Motors. This would include repayment of the entire $13,300,000 still owed to the Reconstruction Finance Corp. A total of $95,000,000 would be borrowed from banks to carry out the plan.

Under the plan, Willys Motors, now a subsidiary of Kaiser Motors, would continue as a wholly-owner subsidiary of the new Kaiser Industries Corp.

Willys Motors was said to be showing a profit now. Freed of debts under the plan, it would have more financial flexibility for operations, the statement said.

Financial experts are working on details of the plan which will be submitted in a proxy statement prior to a meeting of Kaiser Motors' stockholders scheduled for March, 1956.

The proposals provide that present public stockholders of Kaiser Motors would own not less than 4 1/4 per cent of common stock in the new corporation. Henry J. Kaiser now owns 37 per cent of Kaiser Motors common stock.

See No Decline in '56 Car Sales

But Industry Allows That Some 'Leveling' May Be in Sight

By DAVID J. WILKIE
Associated Press Automotive

DETROIT (UP) — The market for new automobiles may level off somewhat in 1956 but industry analysts see no major decline, barring a severe economic jolt.

This is the view expressed in virtually all industry quarters. It comes from the car manufacturers themselves and from their major suppliers as well as from agencies that make a business of surveying the car market.

Final figures for 1955 production and retail deliveries should amount to eight million and 7,600,000 respectively. The totals for 1956 could drop a million units in each category, but the experts say the trend for the future is definitely upward.

Counting upon a continuing heavy population increase and a mounting number of multiple car families, some even predict a million retail deliveries in a single month will not be uncommon 10 years hence.

The industry's heaviest sales total for a single month came in August 1950, when slightly under 700,000 retail deliveries were recorded.

The trade paper Automotive News, commenting on what would be needed to achieve a million-sales month, says these factors will have to be combined: Even greater expansion of production capacity; an unprecedented customer yearning; a highly desirable product, a heavy inventory at dealerships and a full-throttle sales campaign topping anything ever seen before.

The million-sales month may sound somewhat fabulous. But there are industry experts who regard it as wholly possible as the achievement of a single month in a record-smashing year.

The broadest styling and engineering changes reportedly are planned for the 1957 model year. They could stimulate new record highs that year after a modest breathing spell during the next 12 months.

Certainly the industry is not slowing down in any of its expansion planning. From top to bottom, the car makers are improving their facilities for producing motor vehicles. The expansion programs are based on the assumption that demand for new cars will move steadily upward during the years ahead.

A substantial amount of new production capacity is scheduled to be ready during 1956. Much of it is awaited by Chevrolet and Ford. These two leading producers have rolled out about 3 1/2 million of the 7,700,000 cars the industry has built so far this year.

Business Notes

The appointment of George L. Staudt to serve as advertising manager for the Hudson Motors Div. of the American Motors Corp. was announced today by George R. Browder, director of advertising and merchandising.

Staudt formerly was advertising manager for the Harnischfeger Corp. of Milwaukee, Wis., and prior to that held a similar position with the Standard Register Co., of Dayton, Ohio.

Outstares Bandit

INDIANAPOLIS (INS) — Mrs. Alberta Woerner, a clerk at an Indianapolis furniture store, outwitted a bandit with a stare. The robber seized $30 from the cash register while she was looking up a bill he owed. Outstared, the thief dropped the money and fled.

Oldsmobile, Buick Set Selling Records

DETROIT (UP) — The Oldsmobile Division of General Motors Corp. said today it had set a sales record for the first 10 days of December, and GM's Buick Division said its sales for the period were the second highest on record.

Oldsmobile said deliveries totaled 17,238 in the first 10 days of December, up 24 per cent over the same period a year ago and highest ever for the period.

Buick said its dealers delivered 20,867 new cars in the month's first 10 days, topping all Dec. 1-10 deliveries except the 21,776 of 1950.

Buick said it built its 750,000th car of the year this week. The top previous Buick year was 1950, when it built 552,827 units.

Nash-Hudson Seeks Better Dealer Ties

DETROIT (UP) — A program designed to improve company-dealer relationships was announced Sunday by American Motors (Nash-Hudson).

It proposes a joint company-dealer appeals board to have final authority on dealer cancellation cases; action to prevent unethical advertising, financing and servicing and increased reliance on dealer sales projections and orders to avoid new car "bootlegging" and unsound inventory accumulations.

Also projected are a study of methods to avoid excessive fluctuations in car sales and production volumes and a sharing with dealers of financial benefits from future company progress.

Details of the sharing of financial benefits were not specified in the announcement. George Romney, American Motors president, said the program "is designed to avoid unsound practices that have crept into automotive merchandising, and to encourage all American Motors dealers to use methods that are sound and fair to themselves and their customers.

"We believe," he added, "the time has come when the dealers should have a greater participation in matters hitherto determined by the company alone."

ORDINANCE NO. 1298

An ordinance to amend Sections 5 and 19 of Ordinance No. 1292, entitled "An Ordinance to Provide for the Establishment, Operation and Maintenance of Automobile Parking System No. 1 in a District to be Correspondingly Numbered, in the City of Pontiac, Michigan; To Regulate and Control Parking on the Public Highways and on Public Parking Areas Owned and or Operated by the City, in said District; To Provide for the Improvement, Enlargement and Extension of Existing Automobile Parking Facilities in Said District; to Provide for the Issuance and Sale of Revenue Bonds to Defray a Part of the Cost of such Improvements, Enlargements and Extensions, to Provide for the Retirement and Security of Said Bonds, and to Provide for Other Matters Relative to Said System and Said Bonds."

The City of Pontiac Ordains

Section 1. Section 5 of Ordinance No. 1292 is hereby amended to read as follows:

Section 5. There are hereby authorized to be issued and sold pursuant to the provisions of Act No. 94, Michigan Public Acts of 1933, as amended, revenue bonds in the aggregate principal sum of six hundred thousand dollars ($600,000) for the purpose of paying a part of the cost of the said project, the balance to be paid from available funds on hand pertaining to said system. Said bonds shall be known as "Automobile Parking System No. 1 Revenue Bonds," shall be dated as of February 1, 1956, shall be numbered consecutively in the direct order of their maturities from 1 to 600, both inclusive, shall be coupon bonds in the denomination of $1,000 each, shall be registerable as to principal only, in the manner hereinafter set forth in the bond form, shall bear interest at a rate or rates to be hereafter determined not exceeding 4% per annum, payable on July 1, 1956 and thereafter semi-annually on the first days of January and July in each year, and shall mature on January first in each year as follows: $25,000 in the year 1957, $35,000 in each of the years 1958 thru 1960, $40,000 in each of the years 1961 and 1962, $45,000 in each of the years 1963 thru 1965, $50,000 in each of the years 1966 thru 1968, and $55,000 in the year 1970.

The bonds of said issue maturing in the years 1962 thru 1970 shall be subject to redemption prior to maturity, at the option of the city, in inverse numerical order, on any one or more interest payment dates on and after January 1, 1961, provided, that no bonds less than the entire issue then outstanding, shall be called for redemption at any time prior to January 1, 1966. Each bond called to be redeemed shall be redeemed at the par value thereof and accrued interest plus a premium in accordance with the following schedule, to-wit:

$50 if called to be redeemed on or after January 1, 1961, but before January 1, 1964

$40 if called to be redeemed on or after January 1, 1964 but before January 1, 1966

$20 if called to be redeemed on or after January 1, 1966 but before January 1, 1968

$10 if called to be redeemed on or after January 1, 1968

Notice of redemption shall be given to the holders of bonds called to be redeemed, by publication of such notice not less than thirty (30) days prior to the date fixed for redemption, at least once in a newspaper or publication circulated in the City of Detroit, Michigan, which carries as a part of its regular service, notices of the sale of municipal bonds; provided, that where any bond shall be registered, then notice of the redemption thereof shall be given by registered mail addressed to the registered holder thereof at the address shown on the bond registration books of the Director of Finance of said city, which notice shall be mailed not less than thirty (30) days prior to the date fixed for redemption. Bonds so called for redemption shall not bear interest after the date fixed for redemption, provided funds are on hand with the paying agent to redeem the same. The principal of said bonds and the interest thereon, shall be payable in lawful money of the United States of America at the National Bank of Detroit in the City of Detroit, Michigan, upon presentation and surrender of said bonds and attached coupons as they severally mature.

Section 2. Section 19 of Ordinance No. 1292 is hereby amended to read as follows:

Section 19. The bonds and attached coupons herein authorized to be issued shall be substantially in the following form, to-wit:

UNITED STATES OF AMERICA
STATE OF MICHIGAN
COUNTY OF OAKLAND
CITY OF PONTIAC

Number $1,000

AUTOMOBILE PARKING SYSTEM
NO. 1 REVENUE BOND

KNOW ALL MEN BY THESE PRESENTS that the City of Pontiac, Oakland County, Michigan, hereby acknowledges that it is indebted and for value received promises to pay to the bearer hereof (or if this bond be registered, to the registered holder hereof), the sum of

ONE THOUSAND DOLLARS

on the first day of January, A.D. 19——, and to pay interest thereon at the rate of ——(——) per centum per annum, from the date hereof until paid, said interest being payable on July 1, 1956, and thereafter semi-annually on the first days of January and July in each year, which principal and interest are to be paid solely out of the revenues hereinafter specified. Both principal and interest are payable in lawful money of the United States of America at ——, in the City of ——, upon presentation and surrender of this bond and the coupons hereto attached as they severally mature.

This bond is one of a series of bonds of like date and tenor except as to maturity ——, numbered consecutively in the direct order of their maturities from 1 to 600, both inclusive, aggregating the principal sum of six hundred thousand dollars ($600,000), issued by said City of Pontiac under and pursuant to and in full conformity with the constitution and statutes of the State of Michigan (especially Act No. 94 of the Michigan Public Acts of 1933, as amended) the charter of said city, and Ordinance No. —— as amended by Ordinance No. —— duly adopted by the Commission of said city, on the —— day of ——, 1955 and the —— day of —— 195—, respectively, for the purpose of improving, enlarging and extending the city's existing automobile parking facilities in Automobile Parking District No. 1 in said city.

This bond is a self-liquidating revenue bond, is not a general obligation of said city, and does not constitute an indebtedness of the said city within any constitutional, statutory or charter limitation. The principal of and interest on the bonds of this series are payable from the revenues of the city's Automobile Parking System, No. 1 (including future improvements, enlargements and extensions thereof) remaining after deducting the reasonable expenses of the administration, operation and maintenance of said system, and the payment of both the principal of and interest on said bonds, and on any additional bonds of equal standing which may be issued pursuant to the terms of said ordinance, is secured by a statutory first lien on such net revenues.

The bonds of this series maturing in the years 1962 thru 1970 are subject to redemption prior to maturity, at the option of the city, in inverse numerical order, on any one or more interest payment dates on and after January 1, 1961; provided, that no bonds less than the entire series then outstanding shall be called for redemption at any time prior to January 1, 1966. Each bond called to be redeemed shall be redeemed at the par value thereof and accrued interest plus a premium in accordance with the following schedule, to-wit:

$50 if called to be redeemed on or after January 1, 1961, but before January 1, 1964

$40 if called to be redeemed on or after January 1, 1964 but before January 1, 1966

$20 if called to be redeemed on or after January 1, 1966 but before January 1, 1968

$10 if called to be redeemed on or after January 1, 1968

Notice of redemption shall be given to the holders of bonds called to be redeemed, by publication of such notice not less than thirty (30) days prior to the date fixed for redemption, at least once in a newspaper or publication circulated in the City of Detroit, Michigan, which carries as a part of its regular service, notices of the sale of municipal bonds; provided, that where any bond shall be registered, then notice of the redemption thereof shall be given by registered mail addressed to the registered holder

Morning British TV Shows Financial Loss

LONDON (AP)—Britain likes commercial television—but not in the morning.

Admitting a major defeat, the commercial TV bosses are fading out their before-noon shows and switching them to midafternoon.

Neither viewers nor advertisers are supporting the morning programs and the losses on them reportedly run about 1,000 pounds ($2,800) a day.

Commercial TV began here Sept. 22 in competition with the casting Corp., which has no morning shows and no advertising.

McGuire Trio's Phyl Suffers Broken Jaw

NEW YORK (AP)—Arthur Godfrey's singing McGuire sisters will have to get along without one member of their trio for a while. Sister Phyllis has a broken jaw.

* * *

Dorothy McGuire, who lives with Phyllis and her husband Neal Van Ells, explained yesterday that the jaw was broken in a family roughhouse game with their French poodle Tinker.

"Well, at one point Neal slapped Phyl in the face with his open hand. That ended the game right there. Her jaw hurt her so much that we called a doctor."

Phyllis went to New York Hospital, where her jaw was wired to help it heal.

* * *

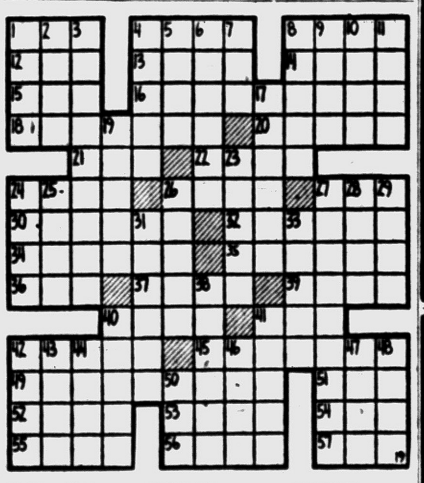

Dorothy, who sings with sisters Phyllis and Chris on Godfrey shows, was in the news herself last week when her countersuit for divorce from her husband, Air Force Sgt. John H. Brown, was disclosed.

Named Ford Trustee

NE WYORK (AP)—James B. Black of San Francisco was elected to the Board of Trustees of the Ford Foundation. Henry Ford II announced yesterday. Black, a native of Sycamore, Ill., is chairman of the board of the Pacific Gas and Electric Co.

Show Will Cost Over $500,000

Ethel Merman Decides Against Appearing in TV Musical

By JACK O'BRIAN

NEW YORK (INS)—Ethel Merman has ruled herself out of competition for a TV version of "Annie Get Your Gun," and now it looks very much as if Mary Martin will do it on TV next season . . .

The cost will be tremendous—comfortably more than $500,000 . . . Plans already cover everything except which network will catch this popular prize . . .

Mary took the trouble to tour her last two big TV triumphs—"Peter Pan" and "Skin of Our Teeth" — before transferring same to television, and "Annie" will be treated likewise . . .

Mike Stokey gets Clifton Fadiman's old chair when "This Is Show Biz" becomes a regular daytime CBS program, and this time the management swears it'll be a real talent competition, not a forum for prepared jokes . . .

Its creator is Irving Mansfield, who also created "Talent Scouts" and brought Godfrey to the nighttime TV air for the first time.

CHRISTMAS PEACE

The Patti Page Christmas show's gift to sore ears: No commercials (atta gal) . . .

Lots of shows consider their past Christmas shows classics of sorts, so December Bride tonight will repeat its last year's giddiness about trucking refrigerated snow to Los Angeles . . .

The lassie Jack Webb will woo in upcoming "Dragnets" is Marjie Millar, who was the object of Ray Bolger's similar TV affections over ABC . . .

Martha Raye's shows have slipped into a groove dangerously close to a rut. As one onlooker capsuled: "Pathos, always pathos." . . .

The top 10 shows in the new Pulse ratings are notable because of the absence of Godfrey and Berle. Mickey Mouse Club still clobbers all the daytimers . . .

NANETTE RETURNING

Nanette Fabray was pronounced okay to render Caesar's Hour tonight what belongs to Nanette—the sunniest comic talent on TV.

Caesar's "Three Haircuts" were the broadest spoof of the rock-and-roll vocal groups but they actually won 16th place on Downbeat's poll for "best vocal groups." Just ahead of the Fontaine Sisters!

Frank Sinatra adds to his biggest year of awards Downbeat mag's laurel as top male singer and top pop personality.

Talk about chic—Dorothy Kilgallen has her "What's My Line" blindfolds custom-tailored just for her pretty blinkers.

CBS has "International Airport" quietly making ready as a next season series . . .

Mutual radio network will repeat Lionel Barrymore's best-of-all version of "Scrooge" Christmas Eve . . .

SPECTACULAR EYED

Book-of-the-Month has a TV-Show-of-the-Month on its mind, a 90-minute spectacular probably for ABC-TV.

Horace Heidt's next TV try will be both a talent contest and a cash giveaway.

Networks have fiscal chills from rumors many affiliated stations may switch to independent status and start spinning records and small talk, both cheap and profitable . . .

Kefauver Seeks Fight With Adlai

Senator Favors Battle in Primary for Support of New Hampshire

By THE ASSOCIATED PRESS

Sen. Estes Kefauver, whose 1952 campaign for the Democratic presidential nomination got its biggest early boost in New Hampshire, wants to battle with Adlai Stevenson for that state's support in 1956.

* * *

There was no immediate word from Stevenson but one of his supporters, John Rogers Penn, said he would seek election as a New Hampshire convention delegate pledged to Stevenson whether or not the 1952 nominee enters the contest.

Kefauver announced yesterday he is entering the New Hampshire primary and expressed hope "the snow and ice will not deter" Stevenson.

Stronger hints came from friends of Sen. William F. Knowland (R-Calif), the Senate minority leader, that he might not wait for announcement of President Eisenhower's political plans to enter some primaries on his own.

The friends said Knowland is convinced Eisenhower will not run, and reported he has sent directly to Eisenhower his contention that other GOP aspirants cannot afford to wait until mid-February or later to get their names on primary ballots.

* * *

The New York Times reports in a dispatch from James Reston in Washington that well-informed opinion in both parties is shifting to the view that the President will seek another term.

Dr. Paul Dudley White, the Boston heart specialist who examined Eisenhower Saturday, said it would be mid-February before Eisenhower could be sure he is physically able to seek a second term if he wants one.

Reds Plan to Execute Ex-Korean Official

LONDON (AP)—The Soviet news agency Tass says Pak Huen Yung, former foreign minister of North Korea, has been sentenced to death for working to overthrow the Communist Korean government on American orders.

He was accused of establishing contact with an "American spy" as far back as 1919.

In a broadcast heard here, Tass said Pak was charged with entering North Korea in 1946 and seeking to disrupt the Communist revolutionary movement by "espionage, subversion, murder and terror."

Pak was named foreign minister Sept. 10, 1948. The first word that he had been removed came July 27, 1953, when Soviet Foreign Minister V .M. Molotov addressed a message to Lee Don Gen as foreign minister.

Dr. A. Seidenstucker of Nuremberg, Germany, has a collection of more than 50,000 live fleas, which he believes is the world's largest.

President Issues Christmas Wish

Lights White House Tree After Expressing Hope for Infinite Peace

WASHINGTON (AP) — Expressing hope that infinite peace may "live with us and be ours forever," President Eisenhower sent his Christmas message last night to his countrymen and the world.

"To each of you, wherever you may be, from Mrs. Eisenhower and me, a very merry Christmas," he said.

Then from Gettysburg College near his country home in Pennsylvania, he pressed a key, and 8,000 varicolored lights on a giant Christmas tree in Washington burst into brilliance.

• • •

"Well, it worked," he said as he saw the lights go on via television. Mrs. Eisenhower sat beside him. The tree, a 65-foot spruce from the Black Hills of South Dakota, stands just south of the White House grounds.

Vice President and Mrs. Nixon, with their two young daughters, sat on the stage while carols from a 150-voice choir and the music of the U.S. Marine band rang through the gathering dusk.

• • •

Eisenhower said this Christmas is "brighter in its background and in its promise for the future than any we have known in recent years," and he continued: "I think it is even better than last year and you will remember that Christmas was the first one in many years that was not marred by the tragic incidents of war."

Reds Reiterate Offer to Back Egypt's Dam

CAIRO (AP)—Russia says she still wants to help finance Egypt's billion-dollar Aswan Dam despite an American-British offer of up to 200 million dollars for the project.

• • •

Leaving a meeting with Egyptian Foreign Undersecretary Hussein Aziz, Soviet Ambassador Daniel Solod told reporters his government still intends to participate in the building of the dam on the Upper Nile "unless there is something in Egypt's agreement with the West which specifically excludes us."

• • •

The announcement of the Western offer did not say whether it was conditional on the Soviets' being barred but it was understood in Washington this was a requirement, either explicit or implied.

The projected $1,300,000,000 dam is expected to increase Egypt's cultivated lands by a third.

Detroit 1 of Eight Cities to Up Operating Cost

PHILADELPHIA (AP) — Operating expenses in Detroit and seven Eastern and Midwestern cities increased an average of 11 per cent more than tax revenues between 1945 and 1954, the Chamber of Commerce of Greater Philadelphia reported yesterday.

The chamber said a survey showed tax revenues for Michigan and five other states averaged a 105 per cent increase in the period and operating expenses, excluding fiscal aid to local governments, went up 190 per cent.

Guatemala Endorses Castillo Armas Rule

GUATEMALA (AP)—The National Democratic Movement (MDN) of President Carlos Castillo Armas announced its victory today in Guatemala's congressional elections.

The victory announcement was no surprise. All candidates in yesterday's balloting for the 66 seats in Congress had promised to support the anti-Communist leader of the revolution which ousted President Jacobo Arbenz Guzman and his Red-dominated regime 18 months ago.

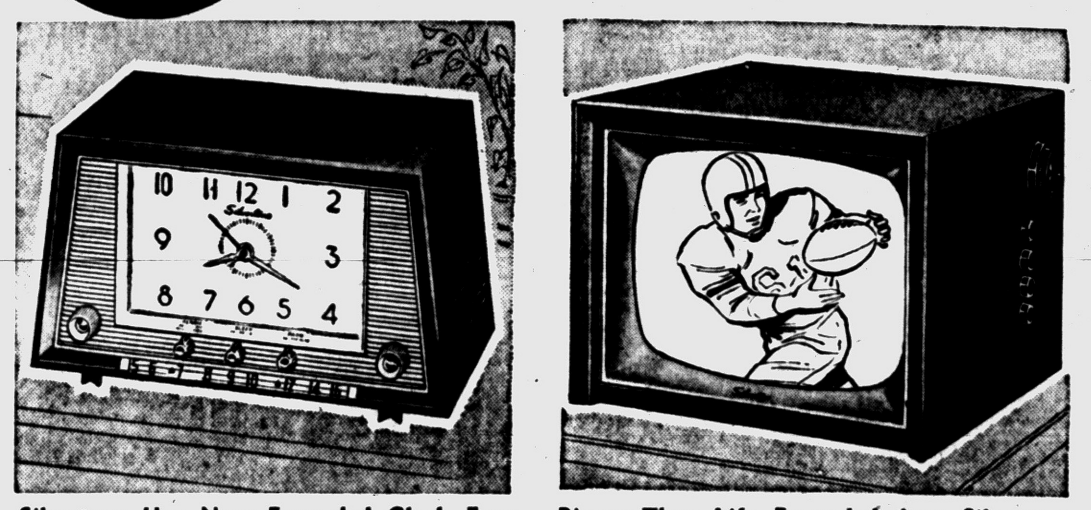

MDN candidates were mostly unopposed except for entries of the equally progovernment National Anti-Communist Front in some races. The Communist party was outlawed.

Pilot's a Road Runner

LOUISVILLE, Ky. (AP)—A "Missing" pilot re-established radio contact with Bowman Field yesterday just in time to head off a search. He explained he had to make an emergency landing for gasoline—on Indiana Highway 135.
