

Lush Leopard Trimmed Pontiac at Auto Show

TWO BEAUTIES AND A POODLE — A regal touch is added to this specially styled Pontiac Bonneville convertible by Miss Connie Mavis and a golden French Poodle, currently being viewed at the Detroit Automobile Show. The Bonneville's bucket seats

and side panels are upholstered in genuine African leopard skin while the exterior is a luxurious Golden Cameo. Pontiac will award a pure-bred poodle to the winner of the "Name the Poodle" contest which show visitors are invited to enter.

American, Foreign Cars Vie for Attention at Auto Show

The 45th annual Detroit Auto Show, described as a 10 million dollar exhibit, opened a nine-day run at the Detroit Artillery Armory on W. Eight Mile road today. Eighteen American-built makes and vehicles built by 21 foreign car companies will vie for attention. Most of the imported vehicles are in the small car field with port-of-entry prices below \$2,000.

Many of the special exhibits that featured the big Chicago show earlier this month have been brought to the Detroit presentation. However, the local show management has eliminated the special show extravaganza that features many dealer-sponsored presentations.

American-built passenger cars on display number 175; foreign built units 60 and American-made trucks 30. Also shown is the Armed Services' ballistic missile, the Redstone for which Chrysler Corp. is prime contractor. The 65-foot long missile was one of the non-automotive products shown at the Chicago Auto Show.

Visitors to a preview of the show last night saw many special exhibits besides the 1958 model cars. There were numerous cut-away displays of functioning components, including automatic transmissions, braking systems, fuel injection units and a group of special show model cars.

Besides these displays there were fashion shows for women visitors, models of so-called dream cars, machines for testing driver ability, car styling demonstrations and a presentation by the Secretary of State's office showing types of license plates issued in the State during the last 50 years.

More than 280,000 feet of floor space is being used by the show this year.

Last year's show, also presented in the Artillery Armory, drew 128,735 visitors. Admission fees are 90 cents for adults and 45 cents for children under 12 years of age.

Report Distress Signals in Hunt

Ten Airmen Aboard Weather Plane Lost in Pacific

GUAM (AP)—Spurred by reports of flares, faint radio signals, and mirror flashes, searchers today continued their hunt for a WB50 weather reconnaissance plane which vanished in Typhoon Ophelia Wednesday.

Ten airmen were aboard the bomber, last heard from as it headed toward the typhoon 600 miles north of here. The craft was stationed here.

The U.S. ammunition ship Fire-drake reported sighting flares in the search area. The Navy destroyer escort Moore and an air rescue squadron plane both reported hearing a radio distress call, possibly from a hand-operated radio such as those carried by the missing craft.

In Honolulu a Navy officer told of seeing a series of flashes on the water yesterday.

11 Leopard Skins Used to Trim Pontiac Show Car

Attracting special interest at the Detroit Auto Show is a luxurious Bonneville convertible, its bucket seats and side panels upholstered in genuine African leopard skin and its exterior finished in lustrous golden cameo. Harmonizing with the leopard skin is interior leather trim in anniversary gold and antique bronze with deep carpeting in gold and charcoal tweed.

Complementing the stylish Bonneville and dressed in the latest fashion is Connie Mavis, assisted by a very stately champion French Poodle.

Throughout the course of the show visitors to the Pontiac exhibit will be invited to enter a "Name the Poodle" contest. The person whose name is selected will be awarded a poodle, son of the thoroughbred on display.

In preparing the futuristic Bonneville convertible for the Detroit showing, Pontiac stylists used 11 leopard skins.

Cold Spell Expected to Continue Locally

Weather in the Pontiac area will remain just about the same according to the U.S. Weather Bureau.

Tonight and tomorrow will be partly cloudy and continued cold with scattered light snow flurries.

The low tonight will be near 16 degrees and the high tomorrow will be near 26.

The outlook for Monday is partly cloudy with a chance of snow flurries. Continued cold.

The lowest recorded temperature in downtown Pontiac preceding 8 a.m. was 10. The reading at 1 p.m. was 16.

Workers Battle to Reach Miners

Bodies of 2 Removed; Little Hope Held Out for Other Pair

SPRING CANYON, Utah (AP)—Workers burrowed deeper into a coal mine shaft today, searching for two men miners say have no chance of being found alive.

An underground earth tremor caught four men 5,000 feet inside Spring Canyon Coal Co.'s mine early yesterday. The bodies of two men already have been found. Still buried are Keith Anderson, 30, and Dean Nielsen, 37, both of Spring Canyon, a tiny company mining town of dreary brown sandstone about 120 miles south-east of Salt Lake City.

Late last night workmen, erecting timbers against the possibility of further cave-ins, uncovered the body of William Daniels, 47, also of Spring Canyon.

Earlier they found the body of Cecilio Garcia, 36, the father of seven children from nearby Helper. He was not caught beneath the torrent of falling coal set loose when a "bounce"—a shift in the mountain above the mine—sent the rocks crashing down.

Garcia apparently was hit on the head by a flying rock. A doctor said he never knew what hit him.

The mine manager, C. E. Paul, said he didn't see how the men could be found alive. And Clair Nowren, a safety engineer, said it was inconceivable. The four men were working overtime to remove equipment from one of the shafts.

A hoist operator, George Losik, 61, said he was about 100 feet inside the mine when he heard a low rumble. He fought his way out through thick coal dust and called for help.

Michigan May Absorb Veterans Trust Fund

City's Building Near \$12 Million for Past Year

Value Slightly Higher Than 1956, but Under Record High of '55

Almost \$12 million worth of building activity was authorized in Pontiac in 1957, according to Carl F. Alt, city building inspector. The city issued 1,377 building permits covering \$11,774,502 in work during the year.

This was a slight increase in value over 1956 when 1,889 permits were issued, with a total valuation of \$11,063,644. Contributing to the past year's total was a permit for Pontiac's new northern high school.

Record for recent years in 1955, with 2,388 permits for \$12,674,646.

New homes in Pontiac were below last year's. In 1957 there were 292 single dwelling permits issued for \$2,550,655. In 1956 the record was 570 single-family dwellings totaling \$4,798,615.

Another decline was noted in new commercial buildings. There were 33 permits issued totaling \$1,272,765 last year. The year before, there were 47 new commercial buildings.

Included last year were nine gas stations, \$177,500; four service stations, \$66,500, and seven stores, \$37,550.

Only one small industrial building, costing \$27,000, was built.

The new high school boosted the total figures by a big \$3,011,105, while two new elementary schools added \$613,500 and additions at 10 existing schools were priced at \$1,610,516.

Another big item was construction of the new First Free Methodist Church, costing \$400,000. The permit issued to St. Joseph Hospital for its new laundry and boiler house added \$621,890 to the total.

Had the Facts Wrong

MIRANDA DE EBRO, Spain (INS)—Determined to cure schoolboys of habitual tardiness, the principal ordered school doors closed at 9 a.m. to lock out 10 o'clock scholars. The order was quickly rescinded. On the first day, 50 per cent of the teachers were locked out.

Life in These United States

Fogs, Dogs, Sputnik

FRESNO, Calif. (AP)—Lost in a fog? Be resourceful! The Fresno County sheriff's office last night received a telephone call from a man who told Lt. Kenneth Larson he was in a telephone booth "somewhere around Fresno."

Larson traced the phone number to a suburban area and told the man to stay there.

A few minutes later a squad car arrived to pilot the lost driver until they reached a downtown area with which he was familiar. He thanked the officers and went on his way.

WASHINGTON (AP)—Mrs. Rose D. Morris reluctantly gave up her 38-acre farm home at Burke, Va., when the government condemned the property in 1951 as a possible site for a second Washington airport.

She moved down the road and purchased a 72-acre place at Chantilly, Va.

Then Mrs. Morris got the sad news this week. The government had decided to build the airport at Chantilly.

KENTFIELD, Calif. (AP)—Six weeks ago, Mr. and Mrs. David Wayne read in a newspaper that Skipper, a black mongrel, would be put to death by a humane society unless he found a home. The Waynes gave him one.

Yesterday, Wayne, slightly overcome by smoke, was awakened by Skipper tugging at his pajamas. He aroused his wife, Margaret, an expectant mother and they dashed to safety.

Firemen put out the blaze after it damaged the kitchen and back porch.

DETROIT (INS)—A space-minded bandit robbed a Detroit grocery store owner of \$50 today after handing the man a note which read:

"Don't say nothing if you don't want to get hurt. I just broke Jackson Prison. Give me all the money. If you don't I'll kill you. (Signed) 'Spuc-nik Kid'."

Driver Flees; Woman Left Critically Injured in Street

A pedestrian was struck and critically injured by a hit-run driver at 9:40 last night on W. South Blvd., at Duke St.

Mrs. Annie Gilmore, age unknown, of 456 Harvey Ave., was crossing South Blvd. when a car hit her.

According to a witness, Robert Strawder, of 513 Bloomfield Ave., the car stopped about 100 feet up the street and a man got out, checked

his damages, picked up a piece of chrome trim and drove off.

Mrs. Gilmore was taken to St. Joseph Mercy Hospital with multiple fractures of her left leg and right arm and internal injuries. She is in critical condition. She underwent surgery last night and this morning.

Strawder and other witnesses described the hit-run car as a 1950 to 1952 Pontiac, light colored. The car sustained damage to its front and left side, and police recovered a hood ornament and some chrome trim at the scene.

Strawder told police the hit-run car drove west on South Blvd. and turned right into Franklin road. Traffic officers recalled that about two years ago there was a fatal accident at the identical spot.

The police found Mrs. Gilmore about 50 feet west of the intersection where she had been hurled by the impact. She was crossing the street from south to north.

Detroit Mayor Delays New Airport Plans

DETROIT (AP)—Mayor Louis Mirani has called a halt to planning for a new northeast airport for Detroit.

The action came yesterday as the mayor denied an \$85,000 appropriation asked by the Detroit Aviation Commission for an engineering survey.

The proposed airport would be bounded by 17-Mile, 19-Mile, Dequindre and Mound Roads and under the commission's plans would be a joint venture by Wayne, Oakland and Macomb counties.

Mirani said the commission was "getting ahead of itself" and said the first step should be an appeal to the legislature for a law authorizing the three counties to join in a metropolitan aviation authority.

The mayor said the city didn't have the \$85,000 sought for a survey at this time.

Solons Ponder Tapping Hoard to Solve Crisis

Unspent \$50,000,000 May Bail State Out of Financial Troubles

LANSING (INS) — A possibility existed today that Michigan may dissolve and absorb the so-called sacred \$50 million Veteran's Trust Fund to tow the state out of a financial rut.

Several prominent legislators from both parties said the fund could save Michigan "from another patch in the crazy-quilt tax blanket."

Meanwhile, the fund remains tightly guarded and, through "financial osmosis," is providing relatively little help to veterans and their families who claim financial assistance.

For example, the \$50 million originally deposited in the fund during the lush war years sits untouched. It earns \$1.25 million a year in interest which is allocated to the various counties to be handed out as gifts—not loans—to needy veterans.

However, needy veterans have been so scarce that every county has an unspent surplus which today totals \$1.2 million for the state.

Lawrence J. La Lone, secretary of the fund since its origin in 1946, revealed today that 13,289 veterans qualified for aid during the last fiscal year.

ONLY \$67 EACH
Trustees allocated \$300,000 of the \$1.25 million income for grants. Had all this money been distributed, the grants would have averaged only \$67 each.

Of those who received help, 5,613 were in Wayne County. In the 12-month period, a county screening board turned down 3,695 applicants for various reasons, mostly because they had access to other help or unspent or unused resources.

Because of political risk, legislators are afraid to tap the fund. On the other hand, lawmakers find it difficult to justify holding \$50 million in cash merely to provide benefits totaling \$300,000 a year for the few veterans who can qualify.

A possible solution may come through a bipartisan move to substitute an annual appropriation direct from the state treasury with both political parties sharing the "blame" for absolving the fund should veterans' groups protest.

Midyear Seniors Attend Baccalaureate on Sunday

Central Methodist Church on E. Huron St., will be the site of the Baccalaureate service tomorrow for the Pontiac Central High School 1958 January class.

Dr. William H. Marbach, pastor of the First Presbyterian Church, will deliver the sermon of the evening ceremony beginning at 7:30 p.m.

More than 130 graduating seniors, their parents and friends, will hear Dr. Marbach speak on "Give Me This Mountain."

Lyndon Salathiel, organist of the First Presbyterian Church, will give a recital preceding the procession.

The Reverend Joseph I. Chapman, pastor of Bethany Baptist Church, will read the invocation and scripture following the graduates procession march.

The PCH a cappella choir, under the direction of George H. Putnam, will sing. The graduating students, who will receive their diplomas Thursday evening, will leave the church marching to the recessional.

Hoodlums Display Misdirected Talent

Sheriff's Department Seizes Unusual Arms

By DICK SAUNDERS

In this advanced age of guided missiles, automatic weapons and all the implements of "pushbutton warfare," the Oakland County Sheriff's department has proof that the day of the hand-weapon is not over.

Especially the hand-made weapon.

Locked away within the department files is a weird collection of weapons that have been made by the inmates of the jail, seized at their arrest, or confiscated while being smuggled into them.

CLUBS VARY

Much of the collection is made up of a variety of clubs, many of which are not much advanced over Stone Age persuaders.

The clubs include rolled-up magazines which have been bound with twine and soaked in water, sections of steel window frames, and pieces of soap worked together in the end of a sock, making a highly effective blackjack.

The refinements are shown in

the array of cutting implements

confiscated.

Deputies must always be on the lookout for "grinders" and any

shortage in tableware.

A favorite pastime of some prisoners is making off with a spoon

and grinding it against the cement

floor of a cell until the handle grows sharp.

Another large part of the collection are numerous small

knives, some slightly more than

two inches in length. Many of

these are taken from women

prisoners.

A careful search of a suspicious-

looking coiffure produced a dainty

blade from the hairpin of one

woman, upon her arrest.

Switchblade knives, scapels,

scissors and other sharp items

round out the aggregation, which

if undetected, could mean the

death of unwary guards or other

prisoners in the jail.

The collection also includes a

butcher knife shot from a man's

hand by a straight-shooting de-

puty.

A tear gas pencil was taken

from a suspect, fortunately, before

he was taken to his cell. The pen-

cil looked harmless enough but

contained a small tear gas bomb

which could have created mass

confusion in an escape attempt.

Another, and more deadly pen-

cil, was one which was capable

of firing a .38 calibre bullet. It

was a fat pencil, but otherwise

not unusual.

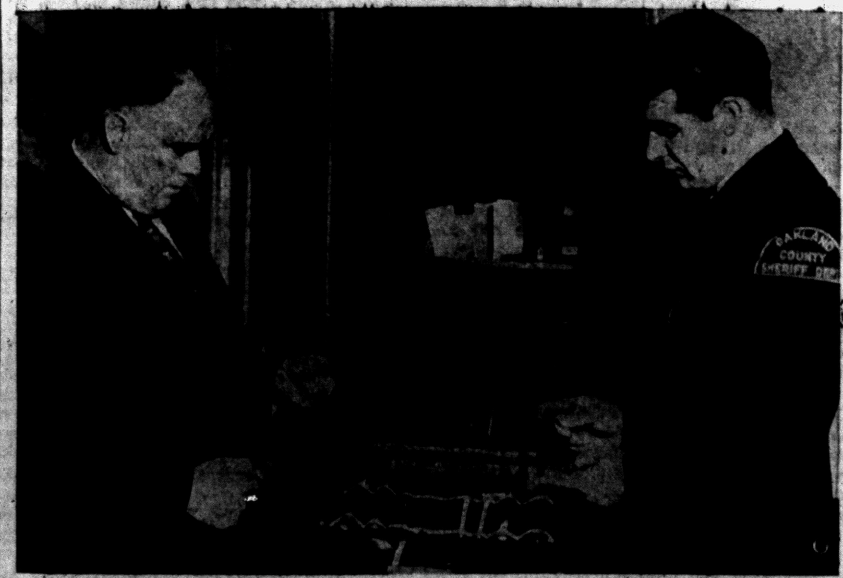

By unscrewing the eraser end,

inserting the shell, screwing the

end back on, and then flicking a

gadget on the side of the pencil,

it would become a single-shot gun.

GRIM COLLECTION — Oakland County Sheriff Frank W. Irons and Deputy Steve Navarre are shown here examining the ever-growing collection of unorthodox weapons.

Midway Waits for Red Visitors

Expect 1st Soviet Ships to Call at Island Since U. S. Base Established

HONOLULU (U)—The first two Soviet ships to call at Midway Island since it became an American base are expected there Monday.

The grain steamers Gen. Panfilov and Odessa, bound for Vladivostok from Vancouver, B.C., headed there after the Navy oiler Ashtabula reached them last night. They were 400 miles northwest of Midway, where the Navy is building a highly classified early warning air patrol wing base. The Ashtabula reported the Panfilov's superstructure was damaged by a North Pacific storm which is fading away, and some of her lifeboats were gone. But the Panfilov's master said he was not in need of help so the Ashtabula was released.

The Navy on Thursday granted special permission for the two Soviet vessels and a British freighter to put in at Midway for refuge and repairs. It sent the Ashtabula and the Coast Guard sent the cutter Bering Strait to aid.

The Bering Strait, however, was diverted to aid a Liberian freighter, the Wanderer, which reported she had lost her propeller in the storm 792 miles northwest of Midway.

The two Russian vessels and the British freighter reported they were low on supplies and water after battling the storm.

Tokyo's Movie Critics Name 'La Strada' Best

TOKYO (U)—Sixteen movie critics of Tokyo today voted "La Strada" of Italy as the best dramatic film shown in Japan in 1957. The runner-up was the British-American film, "The Bridge on the River Kwai."

"Rice" was voted the best Japanese film of 1957. Its director, Tadashi Imai, was named the best director of 1957 and its lead female player, Miss Yuko Mochizuki, the best movie actress.

FOR MOTORING SAFETY — That's not a pile of gravel by which Paul Van Roekel, Oakland County Road Commission road engineer, is standing. It's one of the many stockpiles of salt that

the commission has on hand this winter to thaw icy roads for your motoring protection and convenience. Several hundred thousand tons are still on hand, saved up for the county's next wintry siege.

MISSILES TRACKER — This huge new telemetry antenna, which the U. S. Air Force says is believed to be the world's largest, has been erected near Melbourne, Fla., to be used in tracking intercontinental ballistic missiles launched from the Cape Canaveral Missile Test Center. It is 60-feet in diameter, mounted on a steel tower 38 feet high and 20 feet wide.

King-Size Radio Antenna Will Track U. S. Missiles

PATRICK AIR FORCE BASE, Fla. (U)—The Air Force today announced construction of what it believes to be the world's biggest radio antenna.

The new device, taller than a seven-story building, will make for better tracking of intercontinental ballistic missiles launched from the Cape Canaveral missile test center near here, the Air Force announcement said.

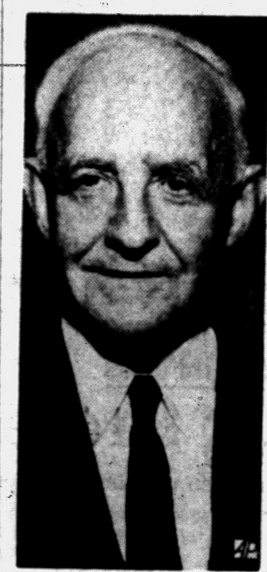

It added that the equipment also will be of value in earth satellite experimentation during the International Geophysical Year now in progress.

The United States plans to put a series of small satellites into orbits around the earth during the IGY.

The first of the five units that have been ordered has been built at Melbourne, 16 miles south of this air base.

The other units will be put up

at Cape Canaveral, 17 miles north of here; and at three stations along the 5,000-mile missile test range—at Antigua in the British West Indies; Fernando de Noronha Island off the east coast of Brazil; and Ascension Island in the south Atlantic.

PEACE PLUGGER—Frank P. Graham, United Nations representative to India and Pakistan, will make another trip to the Orient in an effort to settle the long dispute over Kashmir. Graham, 71, is a former U. S. Senator.

Junior High Choir to Sing at 1st Baptist

The Lincoln Junior High Ninth Grade Concert Choir will be featured at 7 p.m. Sunday in the First Baptist Church. The group with Karlene Walton, soloist, is directed by Jerry J. Smith. Jill Hicks is accompanist.

The program will include "Psalm 150" by Kewandowski; "Let Us Break Bread Together," a spiritual; "Hear My Cry, O God" by Lakburg; and "Behold Now Praise the Lord" by Titcomb.

The group is composed of 40 ninth graders who have been chosen by audition, scholarship and citizenship. Purchased by the students, members' apparel consists of a blazer with insignia. The girls wear white and the boys blue.

The choir has presented 21 concerts this season, with several out of town appearances.

Students to Go Abroad

HOLLAND (U)—Hope College officials have announced plans for a summer program of foreign classwork for undergraduate students. Under the plans, Hope students will attend classes in Vienna, Austria, and other European nations.

Security for You

SS Benefit Not Cut by Other Insurance

By RAY HENRY

From D. S. of Oakland, Calif.: "My husband has about \$50,000 in life insurance. If he should die, does having this much insurance have any bearing on my right to collect Social Security as his survivor?"

No. As long as you meet the requirements of a survivor to Social Security payments, private insurance has no bearing on your eligibility.

From H. E. L. of Knoxville, Tenn.: "My neighbor tells me that he'll receive a pension as a World War I veteran from the Veterans Administration when he reaches 65 next month and that he'll also be entitled to Social Security. Does the fact that a person gets vet's pension affect his right to Social Security?"

No. From R. J. of Clearwater, Okla.: "My Social Security check still hasn't arrived. Normally, I get it on the fourth of the month. What's the proper procedure to report the lack of my check?"

Report it immediately to your Social Security office. If a check doesn't arrive by the 10th of the month, you should always notify your nearest office.

From W. P. of Washington, D.C.: "I'm 78 and receiving Social Security payments. Since I applied for payments in 1955, I've continued to work at the same salary and pay Social Security tax. When can I have my payments refunded to get credit for this additional tax?"

You would not be entitled to an increase in your payments by having them refunded. The amount of your payments is based on your average earnings. Since you've been working at the same salary and your average earnings haven't raised, your payments would be the same. Many people have been eligible for higher payments by continuing to work after having filed an application, but only by earning a larger salary.

From Mrs. T. G. of Pittsburgh, Pa.: "I'm a widow receiving Social Security since last March. I would like to know if I marry again, would the man receive one-half as much in payments as I get? He isn't receiving Social Security now. Or, would I lose my payments altogether?"

If you're collecting widow's payments based on the Social Security record of your former husband, your payments would have to be stopped if you remarry. If your payments are based on your own work under

Social Security, you could continue to receive them. Your husband, however, couldn't receive payments based on your Social Security record.

From Mrs. B. T. of Parsons, Kan.: "Several years ago when my husband died I received a lump sum Social Security payment of \$239. Will I be eligible for his Social Security when I reach 62? Also, do I receive a per cent of his and my own? I have worked 12 years under Social Security."

The lump sum of \$239 doesn't

prevent you from collecting monthly payments at 62 based on your husband's Social Security record. You'll receive a percentage of what he'd collected had he lived to do so, or your own payments, whichever is larger.

(Questions on Social Security problems may be addressed to "Social Security," in care of The Pontiac Press. Questions will be answered by mail from the Pontiac office of the Social Security Administration. There is no charge for this service.)

Speedy Blonde Needs No Police Protection!

By ABIGAIL VAN BUREN

"DEAR ABBY: I got a ticket for going 60 miles in a 50 - mile zone from one of the best looking officers I have ever seen. He took my name and address and when he asked for my telephone number I was hoping it was for his own personal use, but I haven't

ABBY

65 LUCKY for YOU?

Lots of people are figuring that age 65 will be lucky for them. No more regular duties, time to relax, travel and do a hundred other things. And with enough money to do them. How? First, they have Social Security. Second, they have an easy, sensible plan of saving over the years. This way they need not forfeit their Social Security after 65 by having to work. Life of Virginia has a modern plan to make 65 lucky for you. The cost is less than you would guess. Let me tell you about it.

H. C. "Mac" McElhannon
Representative
1080 West Huron Street
FE 2-0219

THE LIFE
INSURANCE COMPANY
OF VIRGINIA
SINCE 1871 - RICHMOND, VIRGINIA

him out of my mind.

"Abby, I know. It sounds foolish, but I really fell for this guy. I want to know how I can see him again without making it look like I am chasing him. I made it plain I was a MISS.

THE BLONDE IN THE '56 CONVERTIBLE (GREEN) BUICK
DEAR BLONDE: YOU may not be married, but HE could be. There is NO way you could contact this officer without being obvious. Slow down, Sister.

"DEAR ABBY: I am a man who got a job in this town because I heard there were seven girls for every fellow here. I am not bad looking and think I know how to dress, act and show a girl a good time. I have been here for five weeks and would like to know why it is that I can't get a girl?"

DATELESS
DEAR DATELESS: Somebody's got fourteen. Keep looking.

"DEAR ABBY: When our mother remarried, we not only didn't get a father but we lost our mother. If you want to give helpful advice to young people, tell them that if a parent remarries they should consider themselves orphans and had better start looking out for themselves because that's what they have to face.

TWO ORPHANS
DEAR "ORPHANS": Your case is the exception and not the rule. You "orphans" ought to have a family meeting with your mother and talk out your feelings. There certainly has been a serious misunderstanding somewhere. Do it today.

CONFIDENTIAL TO GLORIA
Of course, EXPERIENCE is the best teacher, but unfortunately in gaining experience, a girl can lose that which she needs the experience to protect.

If you have a problem, write to Abigail Van Buren in care of The Pontiac Press. She will be glad to answer your letter. For a personal reply, please enclose a stamped self-addressed envelope.

Programs Not Proper at Wedding

Mrs. Post Advises Others Not to Copy This Idea

By EMILY POST

"Dear Mrs. Post: I was a guest at an out-of-town wedding recently and encountered a practice that was entirely new to me. As the guests were being seated, each one was handed a program by the usher.

"These programs were on double-fold paper. On one side were listed the musical selections that were to be played and sung and the names of the organist and the soloist; the other side listed the names of the bride and bridegroom and their attendants and also the name of the officiating clergyman.

I have been to a great many weddings in my time but never before have I seen wedding programs. Is this something new in wedding procedure? I was told that in addition to providing this helpful information for the guests, the programs also served as mementos of the occasion. Are such programs in good taste?"

Answer: I have never heard of such programs and most certainly do not advise anyone to copy this idea.

"Dear Mrs. Post: This is an unusual request but I do hope you will be good enough to help me with my problem. I am a woman in my late 20s and have just had a baby (an adorable little girl). However, the child was born out of wedlock. I would like to know if it would be permissible to send out birth announcements under the circumstances?"

Answer: I am sorry but I cannot advise you to send out the announcements as many people would be shocked at receiving an announcement reading "Miss Mary Jones has the happiness to announce the birth of her daughter, etc."

Back View Should Be Attractive

Remember, We Leave Rooms Too

By JOSEPHINE LOWMAN

Our front view is more important than our back view, yet we DO leave a room as well as enter it! Actually, folks are more likely to be critical of our rear view than front, because they are diverted by our facial expression and by the necessity of greeting us in the latter instance.

If you wish to be as attractive as possible, there are many things you might forget unless you look into a full-length mirror over your shoulder. Here are some of them:

1. Your hairline in the back is important. It, too, must be well-groomed and must flatter your neck and your personality. If you have a short neck, your hair should not be long in the back or your neck will disappear.

Very masculine haircuts in the back are unattractive and if your ears are too prominent they should be covered. Hair on the neck may spoil your appearance.

2. Remember that your clothes may not look wrinkled in the front but may need pressing because of creases from sitting in the back.

PADS OF FAT

3. Many women look broader back view than side view because of pads of fat high on the hips, just underneath the waistline in the back. You can lessen these with exercise. Avoid wide belts. These (especially if they are tight) emphasize the breadth of the upper hips. A narrow belt or no belt is best.

4. Collars or necklines are important, back view. A high collar

Sylvan Lake Gardeners Hear Student Quartet

A male quartet from West Bloomfield High School sang three numbers, under the direction of Merlin Astlin, when Sylvan Lake Branch of National Farm and Garden Club met Thursday evening for guest night.

February meeting will feature a workshop on corsage making under the direction of Mrs. Oliver Dunstan. Hostesses for the evening were Mrs. Richard Jarvis, Mrs. Earl Knapp, Mrs. Paul Antilla, Mrs. Lester Howard and Mrs. Richard Valuet.

Guild Six Elects Marjorie Baker

Marjorie Baker was elected president of Guild Six of All Saints Episcopal Church Thursday evening.

Also named at the meeting in the Miami road home of Mrs. Frederick Cockle were Mrs. Walter Wharton, vice president; Mrs. Harry Griffith, secretary, and Mrs. Hart Morris, treasurer.

Delegates from the guild attending the diocesan convention in Detroit Feb. 4 and 5 will be Mrs. R. C. Tricker and Mrs. Wharton.

Beta Mu Chapter Plans Card Party

Plans were discussed for the annual Valentine card party, to be held Feb. 13 at Pontiac Federal Savings and Loan Building, when members of Beta Mu Chapter of Epsilon Sigma Alpha Sorority met. Mrs. Laurene Patton of Highland road hosted the Wednesday evening meeting. Proceeds of the card party will go for mentally retarded children.

Wever PTA Sees Safety Program

Wever School safety program was presented Thursday afternoon to members of Wever School PTA. Participating in the program were Mrs. Irwin Mills, Mrs. Melvin Norberg, Tom Nichols, Mrs. Edward Bigger and Mrs. Ronald Carr.

Mrs. Sherman Hosts Lake Shores Group

Mrs. Kenneth Gilboe and Mrs. Leon Struckman presented a program, "Pictures for the Home," when Lake Shores Home Extension Group met in the Voorheis road residence of Mrs. Clair Sherman Wednesday evening. Mrs. Richard Johnson and Mrs. Jack Thompson were guests of the group.

Spade's American designer pattern

Designer Creates Skirts to Flatter Every Figure

Style 1: A complete wrap-around panel and welted pockets.

Style 2: Smooth over the hips—Brigance gives ease with a deep inverted pleat both front and back. The big patch pockets are smack on the side.

Style 3: There's plenty of swing here with two box pleats making both a front and back panel.

Match fabrics to your skirt or choose linen, pique, corduroy, gabardine, stiff silks, tweeds or wools. Next week Brigance will show the "tops in tops." From this chart select the one size best for you.

Size 12 requires 2 yards of 54-inch material for skirt for Style 1 & 2. 2 3/4 yards of 54-inch material for Style 3.

To order Pattern 1332, state size, send \$1. For jumbo 96-page Pattern Booklet 14, send 50 cents.

Address Spade's, The Pontiac Press, Box 535, G. P. O., Dept. P-6, New York 1, N. Y. If paid by check, bank requires 4 cents handling charge.

(Copyright 1958)

Tall: the wide-spaced huge floral pattern is for you. Short, full figure: slim in slashed skirt, revealing print undershirt as panel effect.

Prints stand out as the newest formal fashion with huge roses the favorite. This is for tall, slim figures. The not-so-slim figure can show this dramatic print as an undershirt and this panel effect will definitely tone down huge roses.

Chiefs Fall, 49-47, in Tight SVC Race; Clarkston Romps, 92-65

Pontiac Central Listless Against Northern Five

Flint Central Upsets Saginaw to Put Loop in 3-Way Tie

By BRUNO L. KEARNS
Sports Editor, Pontiac Press

Dig that crazy Saginaw Valley Conference basketball race! Pontiac Central lost a 49-47 decision to Flint Northern at Wildcat field-house last night, but because Flint Central upset league-leading Saginaw, 75-66, the Chiefs are still in contention in the scrambled SVC race.

Northern outdistanced the Chiefs, who lost scoring opportunities on numerous occasions for sloppy floor play, and the victory has now thrown the Vikings into a three-way tie for first place in the loop with 3-1 marks. PCH is 2-2, Arthur Hill 1-3 and Bay City 0-4.

The game was close most of the way, except for the second period when a Pontiac scraped up only four points while Northern gathered 15 for a 23-17 half-time lead.

The Chiefs got their first point in the second stanza with only 2 minutes left in the half.

After the first period Pontiac led, 13-8, but then Reg Gilliard and Bob Hamilton took control of the boards and hit 14 straight points between them to lead the Vikings.

Nine times in the first half PCH lost the ball on floor violations.

In the third quarter the Chiefs perked up and stayed within two points most of the way. Finally with four minutes left in the game, Charley Barge hit with a jump shot to tie it at 41-41. Harrison Munson made it 43-43 with a rebound shot, then it was reserve Ken Paul who proceeded to break Pontiac's back.

Each time Pontiac pulled within two in the third period Paul dropped in a layup. He scored all of his eight points in the second half on four field goals without a defensive player near him.

Even though both teams were even in rebounds with 31 and even in field goal attempts with 52, Pontiac was unable to control the offensive board, which in the past has been a big factor for the Chiefs in rebound scoring.

At Saginaw, the Flint Central Indians led 21-15 after one quarter and although Saginaw went ahead twice in the second quarter, Central led at halftime 34-31.

Saginaw cut the margin to three points once but never took the lead in the second half. The Indians shot 31 for 69 while Saginaw made 29 of 70. Five Flint players hit double figures led by Felix Miller's 20 points, John Kirk 16, Richardson 16, Bradley 12 and Hyslop 11.

Willie Thompson had 25 for Saginaw, Potts 17 and Parker 12. Pontiac travels to Saginaw next Friday.

In the other SVC game, Arthur Hill dumped Bay City, 56-33.

Winger, Rosburg Hold Tijuana Lead

TIJUANA, Mex. (AP) — Bo Winger and Bob Rosburg set the opening pace in the Tijuana Open golf tournament, yesterday, with 65s, to hold a two-stroke edge for the \$15,000 event. Nearest challenger as the 2nd round began today was George Bayer with 67. Three were deadlocked at 68.

First-round scores of Michigan golfers in the tournament: John Barnum, Grand Rapids, 34-35-69; Bill Nary, Wayne, 38-33-71; Jack Fleck, Rochester, 38-33-71.

Rochester Beaten, 45-42; Romeo Wins

A lifeless Rochester basketball team went down to its 2nd defeat of the season last night at Roseville, 45-42, and Romeo conquered Lapeer, 72-58, in a free-scoring affair on the Romeo court.

With Carl (Peanuts) Montross off his usual shooting form, the Falcons could never find the necessary spark to turn back the persistent Wildcats.

Montross was held to 12 points, 10 of them in the 2nd half. Bill Mason took scoring honors for the Falcons with 15.

It was Duane Hussey, 6-foot-3 forward, who caused all the trouble for Rochester. The Roseville star collected 22 points, nearly half of his team's total.

After trailing at halftime, Rochester caught and passed the Wildcats in the 3rd period but couldn't keep the edge. The Falcons again went ahead in the 4th quarter, 34-32, then Roseville scored 11 straight points to ice the decision.

Rochester had an 8-3 edge in the last two minutes but the damage was done. The Falcons are now 7-2 for the season, while Roseville is 5-1.

Romeo held only a 36-34 half-time lead, but the Bulldogs kept pulling away after intermission to gain their 4th victory in seven games.

Bill Redman and Dave Proper were the big guns for Romeo, Redman scoring 26 points and Proper 23. Ed Marshall tallied 15 points

BACK TO BACK — Press cameraman Ron Wagman got this interesting shot of a three-player scramble for a loose ball after a missed free throw in last night's Clarkston-Holly game won by the Wolves 92-65. Going up in the air, left to right, are Clarkston cagers Ed Eaglen (8), Leroy Parks and Holly's Darrell Kinney (dark suit). Jim Hennig is CHS boy at right.

Jays, Berkley Win I-L Battles

Skippers Tops, 46-45

By BILL CORNWELL

Waterford won its first Inter-Lakes Conference basketball game of the season last night at Walled Lake when guard Bob Mitchell sank two foul shots in the final 15 seconds for a 46-45 victory over the Vikings.

Mitchell's free tosses climaxed a long, uphill fight for the Skippers, who fell into a 14-5 1st quarter deficit and slipped further behind at the half, 27-17.

A capacity crowd, mostly Walled Lake partisans, watched in disbelief as the Skippers whittled away the Viking margin after intermission and finally pulled it out of the fire.

While Waterford was winning a thriller, Berkley and Southfield were asserting themselves in other Inter-Lakes games Friday.

Southfield handed Van Dyke a 55-36 drubbing at Van Dyke to deadlock the Aces for 2nd place and Berkley's 56-52 triumph over Farmington at Farmington enabled the Bears to move into undisputed possession of the league lead.

Walled Lake held a 45-44 edge when Mitchell went to the charity stripe with 15 seconds remaining. But the pressure-packed situation didn't bother him as he calmly deposited the tying and winning points in the hoop.

The exciting finish helped ease the fact that the game was a sloppy affair marked by poor passing, bad ball handling and rough play on the part of both teams.

Free throws actually made the difference. The Vikings outshot Waterford from the floor, 16 field goals to 12, but the Skippers connected 22 times in 35 tries from the foul line while Walled Lake made only 13 of 30.

The Vikings committed 25 fouls and lost Larry Vandervelde and Frank Fink on personals while Waterford was guilty of 21 infractions.

John Herrington bagged 17 points for the Skippers to take game honors and teammate Jim Devine contributed 12. Bill Hosley topped Walled Lake, also with 12.

The defeat shoved the Vikings into the Inter-Lakes cellar with a 0-4 mark.

Four Southfield cagers hit double figures, headed by Tom Ridgely who fired 17 points, as the Jays dealt Van Dyke its 1st I-L setback. George Hatch tallied 13 for the Aces.

Berkley jumped its league record to 4-0 with Lance Gentile's 15 points pacing a well-balanced offense. Farmington's Al LeSage was the scoring king with 17.

Fitzgerald, pre-season title favorite along with Orion, got off to a disappointing start this season and entered yesterday's encounter with a 1-2 league record.

But the Spartans began making up for lost time by throttling high-scoring Nick Niera and handing the invading Dragons a 54-46 licking, their 2nd loss in four loop games.

Cellar-dwelling Madison absorbed a monstrous 78-38 drubbing at the hands of Avondale on the Avon floor and undefeated Troy lambasted Clawson at home, 59-26, for its 4th league victory and 8th in all.

Niera was limited to a skimpy nine points as Orion trailed from start to finish. Fitzgerald enjoyed a 29-23 halftime advantage and the Dragons could never come closer than six points after intermission.

Rebounding was an overwhelming factor in Orion's defeat as the Spartans had almost complete control of the backboards.

Powerful Troy buried Clawson under a 37-9 halftime deficit and just coasted from there. Don Harned sparked the Colts with 25 points, netting 10 field goals with some deadly outside shooting. George Almschay caged 12 for Clawson.

MSU's league record now is 4-5. Tech is 2-9. The two teams play again tonight.

Ross Parke and Jack Roberts scored for the Spartans in the first period. Other MSU goals were collected by Bill Mackenzie and Terry Moroney.

Tech's goals were made by Dick Wilson, Cliff Willie, and Paul Coppo.

Armada, still holding faint hopes of a shot at the title, boosted its loop record to 5-2 Friday with a 43-37 conquest of Capac at Armada. The Tigers are in 3rd place, half a game behind Memphis which was idle yesterday.

Armada took the lead for keeps in the last two minutes of play following a see-saw struggle. Paul Motolin and Tom Traub each netted 11 points for the winners, but Capac's John Kersten captured game honors with 16.

St. Clement 10 10 10 4-39

By H. GUY MOATS

All three Pontiac area parochial cage squads came through with deeply appreciated victories, last night. However two ran into unexpected difficulties, and won only after getting real scares.

St. Michael Shamrocks were guilty of sloppy play in the last few minutes of the third period and up to halfway in the finale. But Bob Mineweaver's club pulled itself together with the count knotted at 28-28 and made the most of some 8 free throws and one basket to win, 39-30 over Center Line St. Clement. It looked bad for a few minutes after Gary Gatham got two goals to put Crusaders ahead for only the 2nd time in the game.

Art Robak's 16 points topped the scoring, with Bob Mineweaver getting 14. Robak's 6 free tosses and a bucket were the real life-savers for Shamrocks, who retained their 3rd spot in the Suburban Catholic loop. Game was played in the spacious Madison Junior High gymnasium. Shamrock jayvees lost 43-24.

Playing at St. James, St. Frederick Rams had an even rougher time, downing their hosts 46-39 in a come-from-behind rush that wiped out a James 3-point lead, broke several ties in the final minutes. Last knot was at 39-39, on Larry Yezak's bucket. Nick Nickerson sailed under the hoops.

Lamphere Loses 3rd

Roger Craig meshed 12 points but none of his teammates could connect for better than three as Madison Heights Lamphere dropped a 36-26 contest to Detroit Lutheran East last night. It was the 3rd loss in five starts for Lamphere.

Avon, Troy Rip Foes; Orion Upset

Avondale raced to lopsided Oakland B League basketball victories last night, but an enraged Fitzgerald dealt Lake Orion's title hopes a crippling blow.

Fitzgerald, pre-season title favorite along with Orion, got off to a disappointing start this season and entered yesterday's encounter with a 1-2 league record.

But the Spartans began making up for lost time by throttling high-scoring Nick Niera and handing the invading Dragons a 54-46 licking, their 2nd loss in four loop games.

Cellar-dwelling Madison absorbed a monstrous 78-38 drubbing at the hands of Avondale on the Avon floor and undefeated Troy lambasted Clawson at home, 59-26, for its 4th league victory and 8th in all.

Niera was limited to a skimpy nine points as Orion trailed from start to finish. Fitzgerald enjoyed a 29-23 halftime advantage and the Dragons could never come closer than six points after intermission.

Rebounding was an overwhelming factor in Orion's defeat as the Spartans had almost complete control of the backboards.

MSU Hockey Team Beats Tech, 4-3

EAST LANSING (AP) — Michigan State scored on a tip-in in the final period and won a 4-3 Western Intercollegiate Hockey League game from Michigan Tech last night.

MSU's league record now is 4-5. Tech is 2-9. The two teams play again tonight.

Ross Parke and Jack Roberts scored for the Spartans in the first period. Other MSU goals were collected by Bill Mackenzie and Terry Moroney.

Tech's goals were made by Dick Wilson, Cliff Willie, and Paul Coppo.

Armada, still holding faint hopes of a shot at the title, boosted its loop record to 5-2 Friday with a 43-37 conquest of Capac at Armada. The Tigers are in 3rd place, half a game behind Memphis which was idle yesterday.

Armada took the lead for keeps in the last two minutes of play following a see-saw struggle. Paul Motolin and Tom Traub each netted 11 points for the winners, but Capac's John Kersten captured game honors with 16.

Clarkston set an all-time school team single game high and piled up the best score of an Oakland County quintet this season in dropping Holly to 3rd before an overflow crowd at Clarkston.

It was definitely our best showing," said happy coach Dom Mauti after watching his charges shoot 48.1 per cent.

Holly never recovered from Clarkston's big start. The Wolves led 26-13 at the 1st period, roared to a 57-28 halftime edge and made it 73-44 at the 3rd canto.

Dick Lippert, who made 14 of 19 floor shots, topped all the point-getters with 34, 30 in the 1st half. He sat out the final quarter. Bill Niles added 17 and Leroy Parks 15 while setting up numerous others. Amos Bradsher led the losers with 16, 10 on free throws.

to make the count 41-39. Last four points for Rams were free throws by Tom Derocher (2), Dick Keller and Dick Kast. Rams trailed all the way up to those final minutes. Rams 20 free throws really turned the trick.

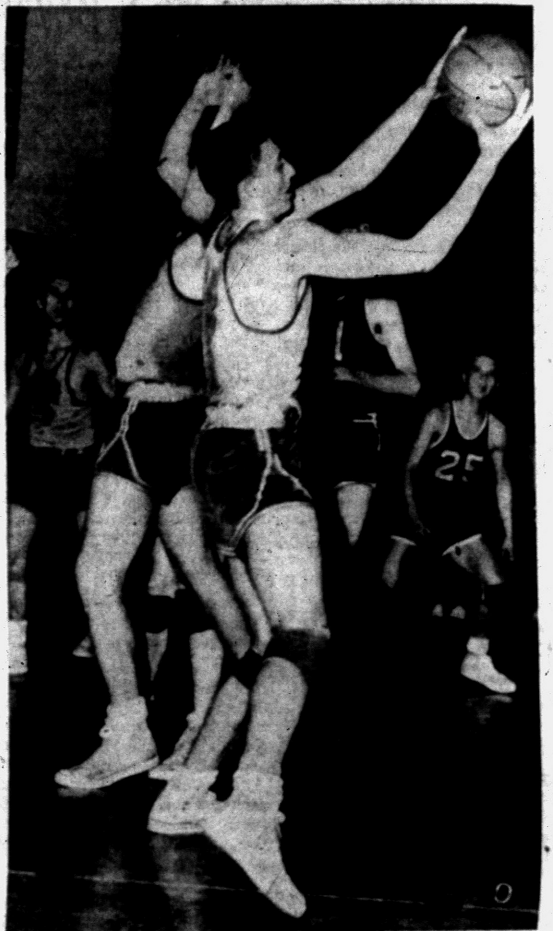

Coach Gene Wright praised his squad for "a real team victory."

Derocher was back on the beam again, hitting for 16, with Keller 11, and Nickerson 10. Yezak and Bob Martin had 8 each for St. James.

On the Eaglets' court at

Orchard Lake, Rev. John Rakoczy's St. Rita's club walloped St. Rita's five, 49-36, led by Art Goldsinski's 17 and Stan Moniuszko's 15. Eaglets led all the way, pulled out first and second stringers and played third stringers in the last period, in which Rita outscored Eaglets, 14-11.

League leading St. Benedict, paced by ace Larry Gacki with 23, trampled its hosts, RO St. Mary, 46-32, to stretch its lead to five straight.

COMPLETE CONTROL — This photo of Clarkston's Dick Lippert taking a 1st half rebound with teammate Bill Niles behind him was typical of the Wolves' complete control of both backboards against Holly last night. Lippert also excelled in scoring with 34. Looking through his arms here is Holly center George McDaniel.

Avon, Troy Rip Foes; Orion Upset

Avondale raced to lopsided Oakland B League basketball victories last night, but an enraged Fitzgerald dealt Lake Orion's title hopes a crippling blow.

Fitzgerald, pre-season title favorite along with Orion, got off to a disappointing start this season and entered yesterday's encounter with a 1-2 league record.

But the Spartans began making up for lost time by throttling high-scoring Nick Niera and handing the invading Dragons a 54-46 licking, their 2nd loss in four loop games.

Cellar-dwelling Madison absorbed a monstrous 78-38 drubbing at the hands of Avondale on the Avon floor and undefeated Troy lambasted Clawson at home, 59-26, for its 4th league victory and 8th in all.

Niera was limited to a skimpy nine points as Orion trailed from start to finish. Fitzgerald enjoyed a 29-23 halftime advantage and the Dragons could never come closer than six points after intermission.

Rebounding was an overwhelming factor in Orion's defeat as the Spartans had almost complete control of the backboards.

MSU Hockey Team Beats Tech, 4-3

EAST LANSING (AP) — Michigan State scored on a tip-in in the final period and won a 4-3 Western Intercollegiate Hockey League game from Michigan Tech last night.

MSU's league record now is 4-5. Tech is 2-9. The two teams play again tonight.

Ross Parke and Jack Roberts scored for the Spartans in the first period. Other MSU goals were collected by Bill Mackenzie and Terry Moroney.

Tech's goals were made by Dick Wilson, Cliff Willie, and Paul Coppo.

Armada, still holding faint hopes of a shot at the title, boosted its loop record to 5-2 Friday with a 43-37 conquest of Capac at Armada. The Tigers are in 3rd place, half a game behind Memphis which was idle yesterday.

Armada took the lead for keeps in the last two minutes of play following a see-saw struggle. Paul Motolin and Tom Traub each netted 11 points for the winners, but Capac's John Kersten captured game honors with 16.

Clarkston set an all-time school team single game high and piled up the best score of an Oakland County quintet this season in dropping Holly to 3rd before an overflow crowd at Clarkston.

It was definitely our best showing," said happy coach Dom Mauti after watching his charges shoot 48.1 per cent.

Holly never recovered from Clarkston's big start. The Wolves led 26-13 at the 1st period, roared to a 57-28 halftime edge and made it 73-44 at the 3rd canto.

Dick Lippert, who made 14 of 19 floor shots, topped all the point-getters with 34, 30 in the 1st half. He sat out the final quarter. Bill Niles added 17 and Leroy Parks 15 while setting up numerous others. Amos Bradsher led the losers with 16, 10 on free throws.

Northville won its 5th league game in six starts making it easy with a 24-3 3rd quarter edge after leading 32-22.

Clayton Pethers rung up 30 and Bob Starnes clicked for 15 to spark the triumph. Ralph Stowe tallied 23 for Milford.

Big Roy Gordhamer's return to last year's form highlighted the West Bloomfield upset as the Lakers moved into a tie for 4th.

Gordhamer came up with 22 points as against a previous total of only 28 for the entire season to lead the surge which started at the opening whistle. Three others hit 10 while Brian Watson's 23 topped Brighton.

Bloomfield Hills pulled away to an eight-point halftime edge and held on to snap a seven-game winless skein. Bob Elston, tallied 19 and Bob Thompson 12 to pace the Barons.

Oxford Quint Falls, 54-50

Hawks Triumph, 59-50, to Tie for 1st Place in South Central

Oxford came closer to winning a basketball game Friday night than any other time this season, but the Wildcats still took it on the chin, 54-50, in a South Central Conference scrap at North Branch.

The Wildcats, trailing by 10 points with a minute to go, gallantly rallied with three quick baskets, but they came too late to keep them from absorbing their 8th straight defeat.

Ortonville continued to make an unexpected "noise" in the conference by moving into a 1st place tie with Idlewild City. The Blackhawks boosted their league record to 3-0 with a 59-56 victory over Millington yesterday.

Joe Domitrz and Mike Ribner tallied 15 points apiece to pace the North Branch attack. Clayton Woodward and Jeff Brady scored 15 and 13 respectively for the Wildcats.

Almont Five Rolls Along

There's just no stopping the front-running Almont Raiders in their bid for the Southern Thumb League basketball championship.

The Raiders made it 7-0 in the league and 7-1 for the season last night with a convincing 55-35 triumph over Brown City on the Brown City floor.

Balanced scoring featured the Almont attack as the Raiders out-pointed their opponent in each quarter. Jim Ostrander was tops with 15 points, followed by Gary Emery and Frank Hartway who made 14 apiece. Doug Graham's 15 points were high for Brown City.

Armada took the lead for keeps in the last two minutes of play following a see-saw struggle. Paul Motolin and Tom Traub each netted 11 points for the winners, but Capac's John Kersten captured game honors with 16.
