

Mark of Reverence

LOWERING THE FLAG — This scene was typical across the nation as flags were flown at half-staff in mourning of former Secretary of State John Foster Dulles who died Sunday. Here James McDonald of the Capital police force lowers the flag atop the Senate Office Building.

Dulles Lies in State at National Cathedral

WASHINGTON (AP) — John Foster Dulles' body was brought to lie in state today in a quiet vaulted chapel of imposing Washington National Cathedral.

Just at noon, the sky gray above, a hearse carrying the flag-draped casket arrived at the chapel entrance.

Six servicemen carried the casket through a chapel door above which are en-scribed the words "The Way of Peace."

Mourning members of Dulles' family followed the casket into flower-decked Bethlehem chapel for a private few moments.

In the chapel, where Dulles' body will lie on public view for 24 hours, are plaques commemorating other high personages who were buried in the cathedral, including another secretary of state, Cordell Hull.

Dulles' casket was placed in the center of the chapel between 10 marble columns roped off with red velvet.

Around the walls were floral wreaths. On the left side of the chapel was a small wreath of ivy from Princeton University's Nassau Hall, with a trailing orange and black ribbon, the school colors.

Dulles was graduated from Princeton in 1908.

Many officials of the diplomatic world in which Dulles traveled so extensively had gathered at the cathedral before the body arrived.

Standing in the doorway of the chapel were some of the honorary pallbearers, selected by Dulles' widow. Among them were Adm. Arthur Radford, acting chairman of the Joint Chiefs of Staff; and undersecretaries of state Herbert Hoover Jr. and Douglas Dillon.

A large wreath of white carnations in the chapel carried a gold letter white ribbon "The Diplomatic Corps." Another wreath was sent by the Organization for European Economic Cooperation.

The personal flag of the late secretary of state and the United States flag flanked the entrance of the cathedral chapel and later were placed near the casket.

An honor guard from the armed services will stand watch until the funeral service Wednesday.

For the funeral, the casket will be moved from the chapel into the great cathedral.

Burial will be in Arlington National Cemetery across the Potomac from Washington.

Dr. Roswell P. Barnes of New York, secretary of the World Council of Churches, offered a brief prayer. Dr. Barnes will conduct the funeral service Wednesday.

When the chapel was opened to the public at 12:40 p.m., about 150 persons were lined up to walk past the flag-draped casket.

The white altar of the chapel had six small lighted candles and two white bouquets.

Tokyo Chosen for Site of 1964 Olympic Games

MUNICH, Germany (AP)—Tokyo today was chosen for the site of the 1964 Olympic Games and Innsbruck, Austria for the winter games.

Tokyo will be the first oriental host to the international sporting competition.

Backers of Detroit, who have been trying to bring the games to Michigan for 20 years, were very disappointed at the Tokyo victory. But they said they would be back to try for the 1968 games.

Sen. Hart Will Deliver Memorial Day Talk Here

Sen. Philip A. Hart will deliver Pontiac's Memorial Day address Saturday following the traditional veterans' parade staged by the Pontiac Memorial Day Assn. Hart's talk will come during memorial ceremonies at the veterans' plot in Perry-Mount Park Cemetery.

The senator is a World War II infantry veteran, wounded in the D-Day assault on Utah Beach in Normandy. Holder of the French Croix de Guerre and other military honors, Hart is a member of many veterans' organizations.

There will be laying of wreaths by various veterans' groups at the cemetery and at the Civil War memorial at the corner of Saginaw street and Oakland avenue.

A firing squad will be on hand and a bugler will play taps.

Other principals in the ceremonies will include Mayor Philip E. Rowston and other city commissioners; the Rev. Galen E. Hershey, president of the Pontiac Pastors Assn.; Larry Payne, president of the Memorial Day Association; and Harry J. Pattison 81-year-old Spanish-American War veteran.

Pattison, a retired bank guard

Counties Want to Keep Part of Any New Taxes

State Lawmakers Get Letter From SICC Requesting Future Aid

Should the stymied Michigan Legislature come up with any form of new taxes, a certain percentage should be retained by the counties and schools to help alleviate their money problems.

This request was laid on the desks of all state representatives and senators as they reconvened last night.

It was in the form of a one-page letter signed by Delos Hamlin, chairman of the Oakland County Board of Supervisors and the six-county Supervisors Inter-County Committee.

It's the SICC, in cooperation with the Boards of Education of Oakland, Wayne, Macomb, Monroe, Washtenaw and St. Clair counties, which is pushing this "share and share alike" proposal.

There was no immediate comment from the Legislature, which for five months has not been able to solve the state's money shortage.

William J. Emerson, superintendent of Oakland County schools, last Friday in suggesting a freeze on county and school tax rates for this year, urged a cooperative effort on the part of Oakland County and its school officials to seek money beyond the current property tax limitation of 15 mills.

Emerson, also a member of the Oakland County Tax Allocation Board, which is hard-pressed each year to divide up the 15 mills three ways, refused at that time to disclose what he had in mind. The proposal submitted last night was it, Hamlin said today.

In his letter to the Legislature, Hamlin said: "The income from taxes and other revenues which governments receive has not kept pace with the increased costs to furnish these (governmental) services."

"A comprehensive study recently completed indicates the need for additional tax revenue for the various units of governmental and schools above and beyond the present tax limitations," the letter states.

Hamlin, who said the SICC and supporting agencies do not intend to become entangled in (Continued on Page 2, Col. 2)

Yanks Get Lopez, Terry

NEW YORK (AP) — The New York Yankees today traded pitcher Johnny Kucks, and Tom Sturdivant and infielder Jerry Lumpe to Kansas City for pitcher Ralph Terry and infielder Hector Lopez.

Boat Blamed in Drowning

BOTTOM GAVE OUT — Oakland County Sheriff Frank W. Irons and Deputy Donald Kratt, director of the water safety bureau, examine hole in a nine-foot canvas boat from which a

Walled Lake youth tumbled to his death last night. Joel Crumbaugh, 15, lost his balance when his foot went through the bottom of the boat, and fell overboard and drowned.

Little Rock Vote Raps Faubus

Recall Segregationists in Uproar Over Firing of 44 Teachers

LITTLE ROCK, Ark. (AP)—Gov. Orval E. Faubus met a major defeat Monday in Little Rock's integration feud, with the recall of three segregationists from the school board.

Faubus had put himself squarely behind the segregationists in the recall election which sprung from an uprising of a group of citizens over the firing of 44 teachers.

All three of them were defeated, including the board's president Ed I. McKinley who was ousted by a vote of 13,347 to 11,855. At the same time the three moderates, who said they prefer some integration to no schools, won a vote of confidence by retaining their seats.

It is now up to the Pulaski County Board of Education to fill the vacancies. The board's five members, all political unknowns here, have kept their own counsel as to their plans.

Faubus twice went on television in the closing days of the bitter campaign to plead for retention of the segregationists.

Today Robert W. Laster, Little Rock traffic judge and the worst-beaten of the segregationists said: "Well it looks like the people want integrated schools, doesn't it?"

The other two segregationists, McKinley and Ben Rowland, were silent. So was Faubus who was reported at the governor's mansion to be at Stuttgart, Ark.

Laster was recalled by a 14,082 to 11,148 vote and Rowland, by 13,691 to 11,528.

Everett Tucker Jr., leader of the moderates, retained his seat by a 13,323 to 12,094 vote. Ted Lamb had the hardest battle among the moderates but ran up a 12,973 to 12,502 favorable vote. The third moderate, Russell Matson, kept his seat by a 12,963 to 12,326 edge.

The two factions in the recall battle never debated the issue in the two and one-half week campaign, primarily because they disagreed on what it was.

The Committee to Stop This Outrageous Purge (STOP) insisted the sole issue was the firing of the teachers. The Committee to Retain Our Segregated Schools (CROSS) said integration was the real issue.

Dr. Drew Agar, a thin, slightly built internist and the father of several school-age children, was picked to lead STOP. He had never been in politics. Nor had he taken part in the school integration fight before.

STOP held a victory rally last night. Tucker and Matson were hoisted to the shoulders of STOP workers and carried around the ballroom of a downtown hotel. About 500 persons attended.

Walled Lake Boy Drowns Day Before His Birthday

Today would have been the 16th birthday of Joel A. Crumbaugh of Walled Lake.

But instead of any birthday celebration there'll be only sadness at the 1729 Ashtan St. home of Joel's mother, Mrs. Donald Thompson, and his stepfather, with whom he lived.

Joel last night became Oakland County's first drowning victim of the year.

He was fishing on Hawk Lake in Commerce Township with a Walled Lake High School classmate, Robert Vermillion, 15, of 1922 Mead Ridge Rd.

Robert told Oakland County sheriff's deputies that as they were changing seats Joel's foot went through the canvas bottom of their boat.

News Flashes

Suspended Pontiac policeman Jess W. Quick, 43, of 502 E. Beverly Ave., pleaded guilty to a charge of conspiracy to obstruct justice at his trial in Oakland County Circuit Court this afternoon.

Another charge, bribery, was dismissed by Circuit Court Judge Clark J. Adams, who set sentencing for June 11. Quick was charged with taking a \$122 bribe last September from an alleged gambling game operator in Pontiac.

DENVER (AP)—Two men entered an armored truck with a key today and stole \$164,450 in currency in suburban Lakewood, just west of Denver. It was the second largest robbery in the history of the Denver area. The money had just been checked out of the Jefferson County Bank and signed for by armored car guards.

POMPANO BEACH, Fla. (AP)—Oldtime Chicago White Sox pitching star Edward A. (Big Ed) Walsh, 78, died today of cancer. The onetime spitball pitching ace had been ailing more than a year.

'Quake Jolts California

HOLLISTER, Calif. (AP) — A sharp earthquake jolted areas of San Benito County just before 9 a.m. today.

Robert Y. Moore, chairman of the Oakland County Board of Auditors, today released an announcement that a plan had been approved "whereby sufficient funds will be available to meet the obligation for the first unit of the new courthouse."

Moore said the announcement came from the Ways and Means Committee of the Board of Supervisors; but added that the committee had ordered him to keep some details secret.

He said the committee was meeting this afternoon to consider sale of the downtown Pontiac courthouse site and other land holdings in Pontiac and throughout the county.

Profits from these sales are to be used to help finance the first section of the pay-as-you-go \$2,875,000-plus construction program, Moore said.

But the county officials said he had been instructed not to make public how much profit the county expects to make.

Land Sale Would Help Meet Cost

OK Courthouse Financing

The county is contemplating sale of approximately 92 acres in Pontiac, said Moore, including 1,600 feet of frontage on the south side of Oakland avenue from West Boulevard to east of the Grand Trunk Railroad and about 5,000 feet on Kennett road, east and south of the city dump.

In addition, the county has 26 separate lots it is thinking of selling, said Moore, about half of them in Pontiac.

"Only one of these lots has a house on it, and that house is not occupied, Moore said. He denied reports that the county was about to sell homes in which indigent families are housed by the Department of Social Welfare.

"The committee has not now, nor has it ever, contemplated the sale of homes owned by the county in which unfortunate people are housed, unless the properties are released by the Welfare Committee as no longer needed," the announcement said.

Moore said that other funds that would go into the courthouse building were those included in the building fund and "other miscellaneous non-tax funds now on hand."

The building funds, which the State Supreme Court recently ruled could be used for the courthouse amount to \$1,800,000.

But Moore refused to release the amount of non-tax revenues the county expects to make.

GOP Eyes Increased State Budget

LANSING (AP)—The talk among Republican tax and fiscal planners appeared today to be turning toward a 1959-60 spending level of about 415 million dollars—but still without crystallization.

The figure is up more than 20 million dollars from the preliminary GOP Senate budget outline drawn up a month ago.

It was discussed but neither accepted nor rejected at a closed door huddle of Senate and House Republican leaders last night.

Both budget planners and some GOP members of the bipartisan tax compromise committee took part in an attempt to frame out a kind of package solution for all major tax and spending problems.

The full tax compromise group was to resume GOP-Democratic negotiations later today.

The Legislature may knock off this week on Thursday, instead of the usual Friday, in recognition of Memorial Day Saturday.

Some lawmakers declined to discuss what went on last night, but from others it was learned that among things considered were:

1. The 415-million expenditures blueprint, geared to the GOP use tax increase bill but also an as yet undecided "nuisance" tax or nuisance taxes to raise the revenue ante.

2. Giving up the idea of veterans trust fund rebuilding from whatever new revenues might be agreed on, and a return to the so-called Beadle Plan for restoration over several years starting in 1965.

Thundershowers, Warmer Wednesday

Thundershowers and rising temperatures are predicted for the Pontiac area tonight and tomorrow. Tonight's low will be a mild 65.

Temperatures are expected to soar to 84 degrees Wednesday. Mostly cloudy, a little cooler with some scattered showers is Thursday's outlook.

Tomorrow will be a wet day all over Michigan as scattered showers are forecast for all of the Lower and Upper Peninsulas.

Sixty-one was the lowest recording in downtown Pontiac preceding 8 a.m. The reading at 2 p.m. was 80.

Federal Funds for Welfare to Be Diverted

But Then Next Week There'll Be Scrounging to Cover This Money

LANSING (AP)—Gov. Williams and his Cabinet agreed today to release enough state treasury cash to assure meeting of University of Michigan and Michigan State University month-end payrolls.

Only yesterday, state Treasurer Sanford A. Brown and the governor said there was a question whether university needs could be met on time.

Williams said doubt was removed later this morning when a check for \$5,300,000 in welfare matching funds was received from the federal government.

Accordingly, the State Administrative Board decided to release \$2,600,000 to MSU and three million dollars to the U. of M.

Brown said the general fund balance as of today was credited with \$10,600,000.

After allowances for payout of welfare and debt service obligations ordered yesterday, plus tax receipts expected in the next couple of days, a balance of \$3,300,000 would be left on Thursday, Brown said.

Combined with the federal funds, which may be used for state purposes temporarily, a total of \$8,600,000 would be available in the general fund at that time, he said.

The board determined that Wayne State University was in no immediate payroll difficulty and no money was set aside immediately for that institution.

Williams said the easing of pressure on the treasury would be fleeting.

"The categorical welfare obligations against which the federal check ultimately must be applied are due out between June 1 and June 10, the governor said. Thus, today's relief will become next week's aggravation.

Williams said it was known the (Continued on Page 2, Col. 1)

Mother Insane, Judge Rules

Mrs. Gall Sent to Ionia for Allegedly Murdering Daughter by Whippings

Mrs. Anne Gall today was judged legally insane and unable to stand trial for first-degree murder in the February death of her 12-year-old daughter.

Oakland County Circuit Judge Clark J. Adams ordered the Commerce Township woman committed to Ionia State Hospital "until restored to sanity."

His ruling followed this morning's testimony by four psychiatrists who said Mrs. Gall, 35, is mentally ill and suffering from schizophrenia, or conflicting impulses.

Three psychiatrists — Drs. Philip N. Brown, medical superintendent of Northville State Hospital, Jean F. Chambers of Birmingham and Clinton J. Mumby of Pontiac — said Mrs. Gall was mentally ill prior to, at the time of her daughter's death Feb. 16, and is today.

Less positive was Pontiac psychiatrist Dr. Ivan A. LaCore. He testified under direct examination by Mrs. Gall's attorney Raymond D. Munde, that he couldn't determine the duration of Mrs. Gall's illness.

"Her symptoms are similar to schizophrenia, but I prefer to say she is psychotic and leave it at that," Dr. LaCore answered Munde.

During the long testimony a very pale Mrs. Gall sat immobile between a deputy sheriff and a matron from the county jail. She continuously stared watery-eyed at the floor. She held a handkerchief, with which occasionally she dabbed at her reddened eyes and mouth.

When Judge Adams ruled she is "insane as of this date," she showed no reaction. She covered her face as the matron and deputy (Continued on Page 2, Col. 1)

Waterford Youth Behind Bars

Sentenced in Gang Beating

A 16-year-old Waterford Township youth was behind bars today learning "what it means to lose your liberty."

However, Gregory R. Clover, son of Mr. and Mrs. Frank Clover, 415 Manning St., fared better than his four teenage companions who beat up a 52-year-old man to steal \$55 from him in January. All received prison sentences.

"You differ from the other four only in age and in that you did not actually take part in the beating," declared Oakland County Circuit Judge Clark J. Adams yesterday in sentencing Clover.

Judge Adams ordered the crew

cut youngster to spend four months in the county jail as part of a three-year probation term. "I want you to know what it means to lose your liberty," he said.

The judge said the jail sentence would be shortened if the youth enrolls again in school.

Clover and the four admitted luring Herman Westpfahl, of 5901 Cooley Lake Rd., to a dark spot off Old Orchard drive Jan. 31 and beating and robbing him of the money. Judge Adams said Clover stole Westpfahl's wallet, with the boys later splitting up the money.

CHANGED PLEA
Clover, who originally stood mute to taking part in the gang beating, changed his plea May 11 to guilty of unarmed robbery. Juvenile Court had waived jurisdiction over Clover.

"I'm unwilling to see you become a confirmed criminal," said the judge, "even though you have committed a completely unjustified assault and a very serious battery."

Circuit Judge H. Russel Holland in March handed out prison terms of 1½-to-18 years to Wendell Trager, 17, of 7220 Ida Terrace; Robert Widely, 17, of 2068 Denby Dr.; Glenn Rabdeau, 18, of 4704 Riverview Dr., all of Waterford Township, and a 1-to-18 year sentence to Dale Owens, 17, of 558 Clinton River Dr.

Counties Ask Part of Any New Taxes

(Continued From Page One)

The partisan controversy as to what the new tax should be, said present thinking centers around 30 per cent of it being retained by the counties.

This, Hamlin said, would be divided up between the county and schools. Townships would not be included, Hamlin said.

"However, with the schools and county thus having other revenues outside the 15 mills, this would enable the county to give more of the 15 mills to the townships," he said.

"There just isn't enough money in the 15 mills for the schools and county," he said.

Hamlin said the new proposal would not cost the individual counties anything for collection, which would be done by the state.

Hamlin, who said the letter was to "put them (legislators) on guard on what we've been thinking," urged the Legislature grant a future hearing so the suggestion could be explained more in detail.

"It's going to take some selling," Hamlin said.

"But," he added, "with enough pressure from the schools and supervisors I think we will be able to convince them that we are entitled to a share of whatever tax they collect."

"After all, aren't we an integral part of the state?" Hamlin asked. No consideration is being given at this time under this proposal, the Farmington supervisor said, to change the 15-mill tax limitation law which has been in effect since 1932.

He said he had hope that as soon as the new state tax is adopted—"whatever it may be"—the counties could count on receiving their share almost immediately.

Although his letter does not specify any tax, as such, he said the group feels that the one cent sales tax proposal—favored by the Republicans—"wouldn't be high enough" to bring in money to go around the state.

Besides the SICC and the six boards of education, Detroit Mayor Louis Miriani and the State Association of Supervisors are in favor of the "share and share alike" proposal, Hamlin said.

The SICC went on record favoring the plan at its April 23 meeting. More support was given it when the group met in Detroit last week.

"This is as fair and equitable a solution to the local problem that we can think of," the chairman said.

OK Plan to Finance Courthouse Building

(Continued From Page One)

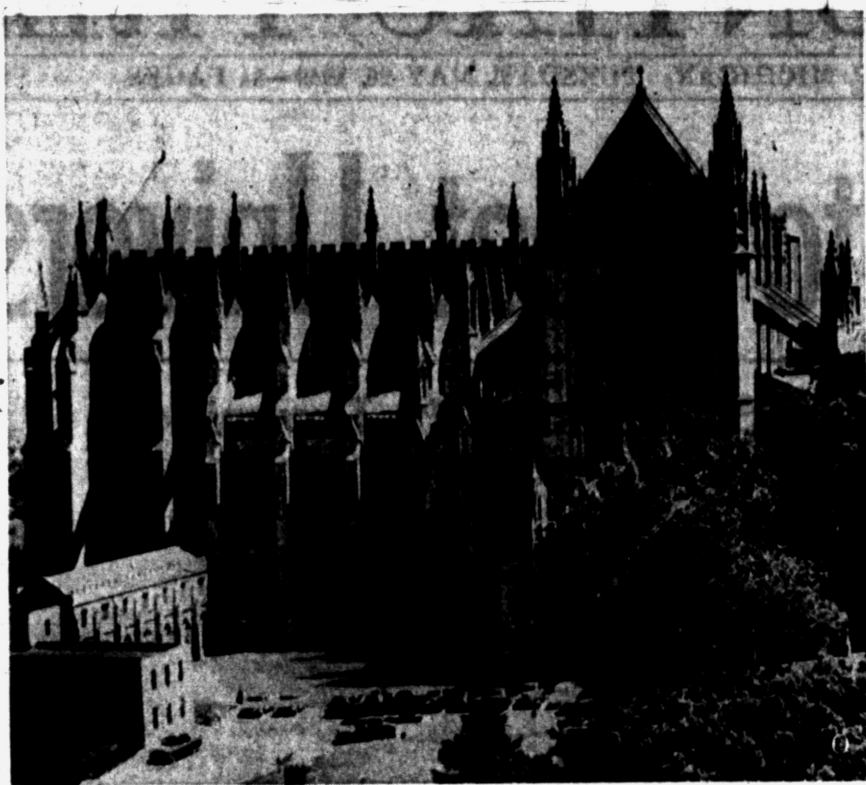

Ways and Means is considering putting into the courthouse.

"I can't tell you that because the Ways and Means Committee won't let me."

Moore said that the rest of the money would come from building funds built up through parking one-tenth of a mill annually out of tax collections for construction purposes.

State law allows the county to earmark the one-tenth of a mill for construction of new building and maintenance of old ones.

Moore said the Ways and Means Committee announcement was issued after a meeting this morning at which bids for construction of the courthouse were reviewed. The county estimated the cost of construction at \$2,875,000, but bids submitted last month put the cost higher.

WASHINGTON NATIONAL CATHEDRAL — Funeral service for John Foster Dulles, former secretary of state, will be held Wednesday in the Washington National Cathedral shown here. The picture shows the north side of the edifice.

Look to City for Advance

Centennial Planners Seek Funds

The Pontiac Centennial Advisory Commission last night looked to city government for funds to get centennial planning under way.

Mayor Philip E. Rowston and Commissioner William W. Donaldson, members of the advisory commission, were asked to consult with other members of the City Commission about an appropriation.

Rowston described the appropriation as a loan that could probably be paid back out of centennial revenues.

"The possibility of an advance in funds has not yet been discussed with the commission," Rowston said, "but I do think that our initial funds should come from the city."

EYE \$50,000
The mayor tentatively set the amount of money needed at \$50,000.

Donaldson suggested that a campaign to win memorial donations to Pontiac General Hospital might offset the amount of money the city advances for the centennial.

"It costs \$1,000 to furnish a room at Pontiac General. If we were able to find 50 subscribers at \$1,000 apiece, that would amount to \$50,000 that the city wouldn't have to spend equipping the new hospital rooms."

John W. Hirlinger, manager of the Pontiac Area Chamber of Commerce, opposed raising funds for the centennial through public solicitation.

"With an advance from the city to get us going, I believe we could raise the rest of the necessary money through centennial money-making events."

Rowston said the advisory commission probably would be asked to incorporate in about three weeks.

A six-member committee headed by Edward L. Karkau was formed last night to study articles of incorporation, by-laws and to draw up a list of prospective officers and general chairman for the centennial.

Also on the committee are Mrs. Dexter Kennedy; Thomas Horwitz; Dr. Milton R. Bank; Mrs. Myrtle Hillerman; Ralph Norvell and Everett C. Sparlock.

Jewelry Thief All Wet

RENO, Nev. (UPI)—A masked intruder held a gun on jewelry salesman Les Garcia while he opened his safe and handed over a heavy load of Mexican silver. Then the gunman stepped out the door and into the deep end of Garcia's swimming pool. He escaped.

Try Safety Formula, Drivers Urged

High Holiday Toll Feared

CHICAGO (AP)—Traffic accidents during the Memorial Day weekend may cause 260 deaths and 10,000 disabling injuries, the National Safety Council said today.

The council estimated more than 40 million automobiles will be on the streets and roads.

The holiday period covered by the calculation will begin at 6 p.m. Friday, May 29 and will end at midnight Sunday, May 31.

If the toll reaches 260, it will be a new record by a wide margin for a two-day observance of the Memorial Day holiday. The record is 241, set in 1953.

During last year's three-day observance 371 motor vehicle fatalities were reported.

But the council said the count can be held down if motorists use a "sure-fire formula for minimizing holiday traffic trouble."

1. Hold your speed to 60 or below on the open road and obey posted speed limits.
2. Put the time of your arrival at your destination last in importance, and your safe arrival first.
3. Stay away from the wheel if you've been drinking.

Lodge Offers New Tax Plan

Measure Would Tag Transactions to Tune of \$60 Million Yearly

A new tax proposal that might net up to \$60 million a year has been thrown on top of the growing pile by Oakland County Sen. L. Harvey Lodge, a Republican.

Popularly known as a transactions tax, the levy would hit stock transfers, insurance contracts, property deeds, leases and borrowing transactions.

The rate would be one mill (one tenth of a cent) on each dollar of consideration involved. The levy would be administered by the State Department of Revenue on the basis of sale of revenue stamps to be affixed to instruments taxed.

Only transactions wholly executed within the state would be affected. Specifically exempted would be transactions involving less than \$10 and checks and transfers of currency.

As explained by Sen. Clyde H. Geerlings (R-Holland), Taxation Committee chairman who introduced it last night in Lodge's behalf, the tax would fall basically on the seller, grantor, insurer, donor or lender.

In exchanges of goods, services and property, the incidence would lie equally on both parties. Geerlings said the levy would raise as much as 16 to 18 million dollars a year from its impact on stock transfers alone.

"Lodge thought it would be good to have the idea in bill form on the table in case it's needed before we get through here," Geerlings said. "He has been thinking about it for some time."

Slight Increase for County Adopts '59 Tax Valuation

The State Board of Equalization yesterday adopted equalized tax valuation figures recommended two weeks ago by the State Tax Commission with only a "slight increase" from 1958.

Oakland County's price tag was set at \$1,822,915,000, an increase of \$14,245,400 over the 1958 valuation of \$1,808,669,600.

Members of the Oakland County Board of Supervisors' Equalization Committee and the Equalization Dept. were in Lansing today for hearings on the Commission's recommendations.

Objections came only from Wayne and Muskegon counties, according to Edward W. Kane, executive secretary of the commission.

Most of the county increases were small, he said, and 19 county valuations were lowered somewhat.

Walled Lake Boy Is Drowning Death

(Continued From Page One)

special drive to confiscate all unsafe boats, such as the one which caused last night's tragedy.

"We will issue an axe to every man and have them break up these boats on sight if that's what it comes to," Irons declared. "It would be much easier if boat owners would make certain their boats are in top condition and remove old unmoored wrecks from the lakes."

He warned that "when children find an old boat floating around, they'll use it without thinking. These should be removed when too old for use."

Deputy Donald Kratt, who heads the water patrol, said: "This boat was not safe for use. There is no excuse for the boy's death except that someone was careless. Parents and boat owners must become aware of the number of unsafe boats on area lakes."

Good Reason Is Given
MUSKOGEE, Okla. (AP)—Fire station 7-550 reported to the telephone company it needed a new telephone. The old one burned in a fire.

The Day in Birmingham

West Lincoln Residents Oppose Wider Pavement

BIRMINGHAM — Residents of West Lincoln avenue, between Pierce street and Southfield road, are battling stubbornly to halt the proposed 41-foot pavement city officials plan to install this summer.

Dean Perry of 508 W. Lincoln Ave., spokesman for the newly formed group of residents, last night told commissioners members feel a 30-foot strip of pavement is sufficient to handle the traffic and would not be opposed.

Perry said the residents believe traffic would increase and lower property values which are already below other parts of the city if a wider strip is laid. He also said proposed downtown planning and development was regarded as a possible encroachment on their residential district.

Commissioner William Roberts said the rumor that the state or county might take over Lincoln avenue if the 41-foot pavement is installed is entirely without foundation.

"Lincoln begins and ends well within the city limits and cannot be pre-empted by any outside department," Roberts stated. Commissioners backed their statement that a 41-foot pavement is necessary by citing traffic safety figures.

The proposed 30-foot pavement is sufficient for ordinary traffic volumes but is not wide enough to accommodate peak-hour loads unless on-street parking is banned, commissioners agreed.

The entire matter will come to a final Monday when a public hearing will be held and the commission's decision handed down.

The assessment role for the Land-Purdy streets paving was approved and spread over five years.

Monday morning is the reservation deadline for the barbecue and annual picnic sponsored by the Women's Fellowship of the Congregational Church. The event will be held at the home of Mrs. Marion Elliott home, 2930 Telegraph Rd., Bloomfield Hills, beginning at 12:30 p.m. Tuesday.

Items for the Country Fair scheduled for November will be on display.

The Senior Men's Club will meet Thursday instead of Friday this week. A guest speaker from the Metropolitan Methodist Church of Detroit will be present.

The Discussion Group has chosen "Weights and Measures" for its topic.

Philip R. Grennan Service for Philip R. Grennan, 39, of 5220 Brookdale Dr. will be at 1 p.m. Thursday from the Northwest Chapel of the William R. Hamilton Co.

Mr. Grennan died Sunday in Atlantic City, N.J., following a heart attack.

He was sales representative for Farmcrest Bakeries Co. in Detroit. He also was a member of Army and Navy Lodge, F&AM and served with the Navy during World War II.

Surviving besides his wife, Nancy, are a son, Philip R. Jr.; two daughters, Carol and Linda, all at home; and his mother Mrs. Violet Grennan.

Lynch Report Causes Row

Governor Holds FBI Information for Grand Jury; Officials Rebel

JACKSON, Miss. (AP) — The governor of Mississippi, the judge who would have presided at the rape trial of Mack Charles Parker and the district attorney were at odds today over what to do with the FBI's report on the lynching of the 23-year-old Negro.

Gov. J. R. Coleman received what he described as a comprehensive report from the FBI Monday after the Department of Justice bowed out of the scene with an announcement it had found no evidence of a federal law violation.

About 40 FBI agents had been concentrated in the area around Poplarville in southwestern Mississippi ever since a band of masked and hooded men seized Parker on April 25, two days before he was scheduled to go on trial on charges of raping a 24-year-old pregnant white mother. His body was found in the Pearl River May 4.

"The proper procedure," Coleman said, "is that I shall make this information available to the next regular session of the Pearl River County grand jury in November. The law requires the grand jury to keep secret all testimony offered before it. Therefore, pending grand jury action, I shall not reveal any part of the contents of the FBI report."

Circuit Judge Sebe Dale of Columbia promptly announced that Coleman was hampering the court by holding the FBI report.

"He has no right to hold it," Dale said. "That report belongs to the district attorney and the county attorney because they have to present it to court."

Dist. Atty. Vernon Brown said at Poplarville he didn't know why Coleman was holding the report but added he wouldn't try to get it.

Coleman then said Dale must not have considered his original statement.

"I said that the FBI report would be submitted to the grand jury," the statement it continued. "The only way I know to do this is through the district attorney and the county attorney. It necessarily follows that I shall be glad to file the report with these officials in plenty of time to get ready for the November term."

Sales Hopes Go Out the Window in Cagey Pitch

PHILADELPHIA (AP)—There's no one with endurance like the man who sells insurance, according to an old ditty, and Don Finengame proves the point.

The young salesman had been trying for some time to make an appointment with advertising executive Charles L. Andes. No luck. The other day Finengame had a uniformed messenger deliver a cage containing a pigeon to Andes' office.

On the outside of the cage was a letter outlining Finengame's sales pitch. The letter ended: "If you are interested in discussing our insurance programs further, just throw our representative out the window."

Andes did, the pigeon flew home and Finengame got the appointment.

Change of Venue Sought in Trial of Prosecutor

LELAND — Circuit Judge Charles L. Brown has under advisement a state request for a change of venue in the morals case against prosecutor Glenn Aylsworth of Leelanau County.

The motion for removal of the case to another jurisdiction came from State Atty. Gen. Paul L. Adams who said many Leelanau County residents are disinclined to sit as jurors and feel the trial should be held elsewhere.

Prosecutor Aylsworth, 34, is charged with rape of a 15-year-old ward of Grand Traverse County Probate Court. The girl boarded at the Aylsworth home in Empire. Aylsworth has denied the charge.

Clements, Chandler Forces Tangle

Kentucky Primary Today Could Affect Presidency

LOUISVILLE, Ky. (AP) — An expected record turnout of Kentucky Democrats today picks a gubernatorial nominee — a choice which will affect the 1960 Democratic presidential convention.

If respected Lt. Gov. Harry Lee Waterfield wins — and then beats former Rep. John Robison, the Republican candidate, in November — the presidential ambitions of Gov. A. B. Chandler will be boosted.

Chandler, who cannot succeed himself after a four-year term, supports Waterfield. A Waterfield victory would assure Chandler of the state's 30 votes at the Democratic national convention.

If youthful-looking Bert Combs wins, the prestige and prospects of Earle Clements will be helped. Clements, a former governor and former U.S. senator, is a close friend of Sen. Lyndon Johnson (D-Tex.) also a possible presidential contender.

Chandler and Clements have been political rivals for more than a generation.

Advance predictions were that more than 600,000 of Kentucky's two million voters would cast ballots.

Robison has only taken opposition in the GOP primary—Granville Thomas and Thurman Hamlin. Neither has won previous contests. Robison has the support of all major GOP groups in Kentucky.

Waterfield, from prosperous western Kentucky, has defended the Chandler administration as a paragon of progress.

Combs, from economically depressed eastern Kentucky, has charged the administration is ridden with scandal and guilty of broken promises.

The bitter campaign began 13

Grateful Convict Helps United Fund

OKLAHOMA CITY (AP) — A grateful convict's tip led officers to the recovery Monday of \$2,000 in checks donated to the United Fund.

One man was arrested on a city larceny complaint. Police said he told them he had found another man to alter the stolen checks. But before he could, police explained, the rewrite man was convicted and sent to the state prison for burglary.

Once there, the convict's wife became destitute and was helped by a United Fund agency. It was too much for the convict.

"Because he was grateful," said detective Dan Cochran, "the prisoner tipped us off on the check altering scheme."

Ronald Colman's Estate Tops Million Dollars

SANTA BARBARA, Calif. (AP) — Actor Ronald Colman, who died last May at 67, left an estate of more than one million dollars.

An inventory appraising the estate at \$1,088,234 was filed Monday in Superior Court.

Dulles Never Lacked Critics of His Foreign Policies

(This is the second of three articles on John Foster Dulles by an Associated Press writer who knew him as a lawyer, a senator, a campaigner, and finally as the chief architect of American foreign policy in perhaps the most crucial period of world history.)

By ED CREAGH
WASHINGTON (AP) — Some boys want to be firemen when they grow up. Some want to be atomic scientists.
John Foster Dulles, after a brief flirtation with the idea of becoming a locomotive engineer, fixed his eyes firmly on the job of secretary of state. He made it at the age of 64 and loved every minute of it — until fatal illness struck him down.

Nothing short of his imminent death discouraged Dulles. He was in agonizing pain on his last trip to Europe. But he kept going, usually with the familiar smile on his lips, sometimes with a lawyer's hard-bargaining glint in his eyes, endlessly seeking a shield against the horror of nuclear war.
It will be for history to say how successful his efforts were. But Dulles' warm friend, President Eisenhower, who relied wholeheartedly on his advice, has noted time and again that no American soldier died in combat since the Korean War was stopped in 1953.

Dulles never lacked critics. He brought lightning down on his head from Moscow to Oshkosh, even before he took office, by threatening "massive retaliation" if the Communists started a limited war.
Again he was criticized for making known through a Life magazine article that this country had more than once been steered to the brink of war — a risk he felt had to be taken if Communist aggression was to be kept in check.

GAVE NASSAR GIFT
Dulles did not increase his popularity by presenting the Egyptian prime minister, now President Gamal Abdel Nasser, with a set of pistols — a gesture interpreted by Britishers, in particular, as a symbolic invitation for Nasser to start shooting.

And yet when Dulles became ill, and the seriousness of his condition was widely suspected, his prestige soared throughout the Western world — and not for sentimental reasons only. He had, after all, more experience in dealing with the Soviets than most other Western leaders. If he was stubborn and unyielding, at least he had courage and know-how. And he had the ear of Dwight D. Eisenhower.
No president in memory has relied as heavily on a secretary of state as Eisenhower relied on Dulles. Dulles didn't have to sell

his policies to Eisenhower. The President accepted them, and gratefully, on faith. He never passed up an opportunity to praise Dulles. He paid regular visits to the secretary when Dulles lay dying.

And there were tears in the President's eyes when he called an extraordinary news conference at Augusta, Ga., only a few weeks ago to announce that Dulles had decided the burden of illness was too great for him to continue in office.

SMALL TOWN BOY
Dulles and Eisenhower had much in common. For one thing, neither

lost the small town touch. Eisenhower grew up in Abilene, Kan., Dulles in Watertown, N.Y. Both acquired a good deal of sophisticated education later, but neither forgot his leisurely grade school days in tree-shaded streets where the outside world was remote and people had time to be friendly.

Dulles, like Eisenhower, remained folksy. With his dark suits and his stoop-shoulder walk he could have passed for a country lawyer. But like many a country lawyer he had a sharp, subtle mind—seasoned and enriched by years of practice in international law.

This probably accounted for the fact that — to be blunt — not everybody trusted Dulles. He had been known to give reporters background information, with the understanding they could publish it, and deny the next day that he had even talked with them.

Dulles, a minister's son and an outstanding Presbyterian layman, wouldn't consciously lie. What he probably had in mind was that he hadn't seen the newsmen "officially" and so he hadn't seen them at all. This distinction was sometimes embarrassing to the newsmen.

Words often got Dulles in trouble.
HUNGARIAN TROUBLE
He stirred up an international ruckus by announcing about the time of his appointment that the United States would encourage "liberation" of Soviet satellites. Things didn't work out that way, as such events as the crushed Hungarian revolution showed.

"We revere and honor those who as martyrs gave their blood for freedom," Dulles said after the Soviets put down the revolt in Hungary, "but we do not ourselves incite violent revolt. Rather, we encourage an evolution to freedom."

Until his last days, Dulles was rarely out of controversy. Many thought he knuckled under for too long to the late Sen. Joseph R. McCarthy when McCarthy was accusing the State Department of playing into Communist hands. An aide recalls the day when Dulles decided to stand up and defend his staff.
"He was pacing around his office," the aide says, "rarin' to go and saying 'There is nothing I love more than a good fight.'"

Actually, Dulles spent the greater part of his life trying to prevent fights—in the sense of warfare. But he made it a steadfast principle that this country would fight if necessary to preserve justice and honor.

He was a member of the U.S. delegation to the Versailles Peace Conference after World War I. Later he served as chairman of the Carnegie Endowment for International Peace. He helped organize the United Nations at San Francisco in 1945, and was an American delegate before he became secretary of state.

Dulles graduated at the head of his class from Princeton in 1908 and repeated the feat at Washington's George Washington Law School—sandwiching in an LL.D. degree from the Sorbonne University in Paris.

Tennesseean Gets Welcome

But Williams Suggests He Build Up Industry by Bettering Own State

LANSING (AP) — Gov. Williams has wired a welcome to Gov. Buford Ellington of Tennessee who is in Detroit trying to lure business to the Southern state.

Williams said: "Michigan wishes Tennessee nothing but success in building up her industry and we have no fears that this will be done at the expense of the people of Michigan."

"There is plenty of room for industrial expansion without one state's gain being another's loss," Williams cautioned Ellington against "current propaganda that Michigan is a welfare state or a state which punishes industry with high taxes."

He noted that the Tennessee delegation might be a victim of such "misinformation" and cited Census Bureau statistics that Michigan residents enjoy a better tax and income status than residents of the Volunteer State. The statistics included a per capita personal income of \$2,141 in Michigan compared with Tennessee's \$1,383.

Williams said he would try to arrange a luncheon with Ellington "to share with you the experience Michigan has gained in the promotion of our own great advantages which have made this state one of the industrial centers of the modern world."

El Paso, Tex., (a city of 182,000) was first named Franklin. When it became part of the United States the name was changed to El Paso, referring to a nearby pass through the Rocky Mountains.

Army Man Robs to Patch Up Marital Rift

ALAMOGORDO, N.M. (AP) — An ex-Army sergeant was on his way to his New York home today after being put on probation and receiving an unsatisfactory discharge from the service.
Sgt. Gerald Griffiths, 27, of Oriskany Falls, N.Y., was put on probation Monday by Dist. Judge Ailan Walker. He had sentenced Griffiths to 3 to 25 years in prison on an armed robbery conviction April 20.

Griffiths was silent during his trial and declined to discuss the robbery. A close friend, Sgt. Richard Cowan, convinced Griffiths that he should tell his story.

So Griffiths then explained he had marital difficulties and that by committing the offense he had hoped to be discharged from the service, be put on probation and allowed to rejoin his wife. He said his wife left him because she did not like military life.

Walker placed Griffiths on five years probation and assessed \$200 probation costs, payable at \$25 a month. Then he ordered Griffiths back to his Oriskany Falls home on the next bus.

State District 17 Optimists Pick Flint Man Governor

LUDINGTON (AP) — Robert H. Shelton of Flint is new governor of Michigan's District 17 optimists. Nearly 500 persons registered for the organization's three-day convention which ended Saturday at Ludington.

Shelton succeeds Edward J. Vogt of Battle Creek.
Mark Adams of Ann Arbor won the boys oratorical contest, a convention feature, and will represent the Michigan group in forthcoming semifinals of Kansas City.

\$2 Million Gift to Save 'Palace'

Fine Arts Masterpiece at San Francisco Will Be Preserved

SAN FRANCISCO (AP) — The Palace of Fine Arts, plaster-of-paris masterpiece left over from the 1915 Panama-Pacific Exposition, will be saved from the ravages of time and the elements.

Walter S. Johnson, 74, a former San Francisco newsboy who grew wealthy in lumber and related businesses, announced Monday a gift of two million dollars to the city to be matched by state funds for permanent restoration of the beautiful structure.

The palace covers 130,000 square feet, has a concrete foundation, steel frame and a steel truss roof, but its big rotunda and colonnades are wooden, covered with molded plaster and hemp.

It was conceived originally as a temporary structure for the exposition, but the work of the late architect Bernard R. Maybeck won such wide acclaim that hopes the building could be saved persisted through the years, although nothing was done.

The state's offer was made on condition that it be matched, but in November San Francisco voters rejected a bond issue to provide such funds.

Johnson, president since February of a private subscription campaign, was faced with the prospect of the state's offer expiring Sept. 11.

"I decided to do something about it personally," he said. "I've seen many of the world's most beautiful structures—including the Taj Mahal—but this one tops them all and it should be saved by the world's most beautiful city."

The four million will be sufficient to preserve the building. If its interior is refurbished and equipped for conventions or exhibitions, it will cost \$1,600,000 to \$1,800,000 more. Another bond issue will be proposed for that.

Town Council to Take Test on Lie Detector

SOUTH KINGSTON, R.I. (AP) — The five members of the town council have agreed to put their honesty to a lie detector test.

They volunteered to submit to the test after a row Monday night over drainage pipe purchases.

The question: "During your time in office have you ever been aware or been part of a dishonest transaction involving town monies over which the council has control?"

Tawas Gets \$36,420

WASHINGTON (AP) — Tawas, Mich., today received a \$36,420 grant from the public health service to help finance a \$133,479 sewage disposal project.

HEIGHT OF LOVE — Even the most casual smooch amounts to a lot of necking when two giraffes are involved. This love-dovey couple was smitten by the magic of spring in Paris (where else) and are cuddling up at the Vincennes Zoo.

Cooley School PTA to Be Organized

The first open house of the Thomas Cooley Elementary School in Waterford Township will be held from 7:15 to 8 p.m. Thursday.

At 8 p.m. parents interested in organizing a Parent-Teacher Association will meet in the library. Mrs. Arthur Heiple, president of the Oakland County PTA Council, will conduct the meeting.

A temporary chairman and secretary will be appointed, along with a nominating committee to present a slate of officers and bylaws for the new association.

Mrs. Charles Cox, Ferndale PTA District director, also will be on hand to help organize the Cooley Lake association.

The Cooley boys' and girls' chorus, under the direction of Helen Glenn, will present a musical program.

Mitton Bitten; Decides to Quit Revenue Force

HUNTINGTON, W.Va. (AP) — Harry Johnson will spend up to three years in prison and Marlin Mitton, former revenue officer, has gone into the insurance business.

Here's why: Johnson, 59, was convicted in federal court Monday of biting Mitton on the nose while the revenue man was trying to arrest him for liquor law violations.

It took 15 stitches to close the wound. Mitton decided there were less hazardous ways to earn a living.

Stress Retail Advances

DETROIT (AP) — The latest developments in retail store management will highlight the four-day convention of the National Retail Merchants Assn. which opened here Monday. Some 800 financial officers of major department stores are attending.

Has Personal Interest

KNIGHTSTOWN, Ind. (AP) — Glen Mattix made sure the firemen arrived in a hurry when his restaurant caught fire. He's the fire chief.

Rich Dole-Getter Dies of Starvation

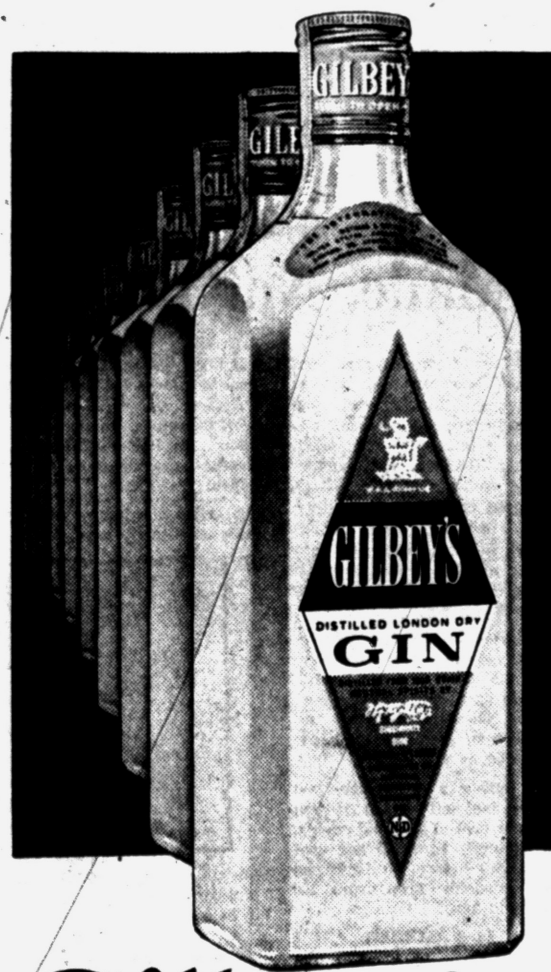

NEW YORK (AP) — A 92-year-old Staten Island man, accused of cheating the New York City Welfare Department of \$14,000 in relief checks while amassing \$30,000 in blue chip securities, died Monday night in a hospital.

A hospital spokesman said James Flaherty apparently died of malnutrition. Dist. Atty. John M. Braisted Jr. said Flaherty's death ruled out any action by his office. The case was referred to Braisted eight days ago when Flaherty was taken from his furnished room to the hospital and his assets were uncovered.

At that time, the Welfare Department attached the securities on a court order. The stocks are being held in the sheriff's office. Flaherty, a native of Ireland, retired as a laborer with the highway department in 1937.

"La Gioconda," the opera by Ponchielli, was first performed in Milan, Italy, in 1876. It is a sorrowful story of a lovely street singer.

"The world agrees on 'Gilbey's, please!'"

Mount Mitchell in North Carolina the highest point in the United States lying to the east of the Mississippi River. Credit life insurance policies covered nearly 34,000,000 individual lives in 1958, about 2,000,000 more than the year before and twice the number of lives insured at the start of 1954.

Honestly Now...

**WOULDN'T YOU
RATHER DRIVE
A '59 ROCKET?**

Well, you can put yourself behind the wheel of a '59 Rocket Engine Oldsmobile—at less cost than you'd probably guess! (Surveys show that many people think an Olds costs more than it actually does.)

Your local Oldsmobile quality dealer can tell you exactly how easy it will be for you to make your move. And he's looking for a great many trade-ins to take care of used car buyers headed his way this Spring. That makes right now the right time to trade your present car in for a '59 Oldsmobile!

Take a demonstration drive in a '59 Rocket... then ask yourself, wouldn't you rather drive a new Oldsmobile... especially now that Spring is here!

SEE YOUR LOCAL AUTHORIZED **OLDSMOBILE** QUALITY DEALER
JEROME MOTOR SALES CO., 280 S. Saginaw St., Pontiac, Mich.

Relations With Nasser Are Improving Steadily

Although Egypt's President NASSER continues to rail against Western imperialism, relations between the United States and the United Arab Republic have been improving steadily.

After the 1956 Suez crisis, this country stopped aid to Egypt, turned down the Aswan Dam project, froze Egyptian funds and materials in the U.S. and ended buying in Egypt.

In the past year President NASSER has reached settlement of most issues between Egypt and Britain, including compensation for the Suez Canal. The U.A.R. and the U.S. are co-operating on a wide front.

The Suez Canal Authority has hired U.S. firms to help widen and deepen the waterway and has leased the big American army dredge "Es-sayons" for work there. Egypt is buying \$25 million worth of surplus wheat for Egyptian currency. The Export-Import Bank has loaned Cairo \$5 million for a chemical factory. Some \$400 million worth of communications equipment have been released by the U.S. for use in Egypt. CARE has resumed its work there with a widespread program of school lunches.

In view of the constant Communist threat, particularly in Iraq, perhaps the best way to help the Middle East is to co-operate, to a degree, with President Nasser. This we apparently are doing.

Like It or Not, More Spending in Sight

Well, they're off and running! The spending, spending, spending Democrats have the bit in their teeth and the taxpayers had better duck and run for cover.

A comprehensive Republican housing bill which had the backing of the President was rejected by the House with liberal Democrats jubilantly leading the way in the "no" vote that rejects the measure.

It didn't spend enough. There wasn't enough pork in the barrel.

So the nation is getting a quick indication of the results of the last election. The inflationary, big spending group is in control. The taxpayers will quake and shudder before this aggregation runs its course, but they can't complain one whit.

They put 'em in office. Like it or lump it!

Uranium Supply Quite Substantial in U. S.

After more than a decade of heavy uranium mining, an Atomic Energy Commission expert says the U. S. is in even better shape than ever with respect to its stock pile of the critical radioactive material.

Uranium is used to fuel nuclear reactors, make A-bombs and trigger H-bombs.

Jessie C. Johnson, director of AEC's division of raw materials, told the National Western Mining Conference that continued long range exploration and develop-

ment programs should hold U. S. uranium ore reserves at a satisfactory level through 1966.

This is good news, since this fuel is vital to our defense program.

JOHNSON reported the 1958 ore reserve picture showed a substantial drop in prospecting and exploration. At mid-year it appeared that newly developed ore would offset ore mined, and that the year would close with U. S. uranium reserves about where they were at the start of the year.

However, figures show that ore reserves increased about 4 million tons after more than 5 million tons were mined. This would mean that 9 million tons were developed.

Mr. Johnson reported "the knowledge and experience gained in exploring for uranium, and the successful results achieved, indicate that the undiscovered uranium resources of this country are far greater than those already developed."

So, as far as uranium is concerned, the United States seems to be in great shape.

The Man About Town

Breaking the Law Wildflowers Being Picked in Many Parts of County

Summer: A season not officially due until June 21, but does that mean anything?

Several reports have been received that wildflowers are being taken by vandals in the Pontiac area. In many cases they are dug up by the roots.

The mere picking of them is clearly a law violation. Many species already are so scarce that they face extinction. That's why laws protecting them were enacted.

These acts of the legislature did not come soon enough to save the beautiful wild orchid, commonly known as lady's slipper, once prevalent in most of our marshes, but now found in only a couple of places, and in very limited quantities.

The trillium also is on its way out. The Jack-in-the-pulpit is nearly gone, violets are scarce and other varieties are diminishing. Our older residents recollect when our woods and roadsides were carpeted with flowers at this season.

What appears to be the absolute limit is reported by

Mrs. M. C. Baird of 7395 Oak Hill Road, who is running down a well-founded report that trilliums are on sale at a flower market.

The celebration of Michigan Week was quite unanimous, according to

Herman Jaenichen of 8877 Dixie Highway, who says that on May 21 at 6:45 p.m., the clouds had a perfect reproduction of our state's lower peninsula.

The observance of the 84th birthday of General Motors

Alfred P. Sloan Jr., reminds me that it was my privilege to be with him when a driver showed us what 80 miles per hour was like, after the speed track on the Milford Proving Grounds was opened.

The Old Farmer's Almanac predicts "Showers" for Memorial Day. But, we'll wait for the Weather Bureau—and doubt both.

Top honors for multiple tulips now rest with

Mrs. Harriett Bellman of Lake Orion, who has nine blossoms growing from one bulb.

Protecting his vines under glass, in spite of the late spring,

Elston Overman of Keego Harbor, expects to pick ripe strawberries next week.

For over a dozen years the family of Mr. and Mrs. Langley Myerson of Waterford have had a rather unique pet. It is a large warty toad that never strays far from their back steps. It has the same hibernation spot every winter.

Verbal Orchids to—

Martin Roundsman of Birmingham; 82nd birthday.

Mrs. John W. Thane of Rochester; 81st birthday.

Mrs. Margaret Daniels of Walled Lake; 80th birthday.

Roscoe Durham of Metamora; 83rd birthday.

Mr. and Mrs. Herbert Ashley of Oxford; 54th wedding anniversary.

Elwood Smith of 1065 Boston Ave.; 83rd birthday.

Help!

David Lawrence Says:

Europe Heaps Eulogies on Dulles

GENEVA — No American since the late President Franklin D. Roosevelt has been given the tributes and eulogies that have been printed in the newspapers of Europe in praise of John Foster Dulles.

The attention which the death of the former secretary of state has attracted both in the press and on the radio is in itself a demonstration of how important the leadership of the United States is today in this troubled world.

Columns upon columns of space, not only recounting the life of Dulles but appraising his many activities in international relations, give some idea of the impact of the news on the peoples of all countries.

Perhaps this is because of the dramatic fight of Dulles against cancer, perhaps it is because of his courageous fulfillment of his duties almost to the very day he became disabled, and perhaps it is because of the discovery at last that the American secretary of state won the respect of mankind for his dedication to principle—but the acclaim has been universal.

Yet it is significant that, along with the praise, criticisms have been repeated in editorials and obituary analyses which illustrate how inadequate are the methods of communication sometimes between policy-making officials of the United States government and the press of other countries such as, for instance, Great Britain.

Thus, the London "Daily Telegraph" in an editorial entitled "Death of a Statesman," pays unqualified tribute to Dulles, but in its obituary article on another page repeats many misinterpretations of American policy in connection with the Suez crisis of 1956. The editorial says in part:

"Statesmen are remembered less for what they do than for how they do it. It is the public image they create rather than their policies that live in the mind of posterity."

"Judged by this yardstick, few would deny that Mr. John Foster Dulles, whose tragic death we mourn today, will be remembered by posterity as a great statesman. For perhaps no American since Franklin Roosevelt has so successfully created a public image which will be remembered long after his particular policies have been forgotten."

"He has stamped his name on history in the only way open to a secretary of state: By symbolizing and expressing in his person those fundamental attitudes to world affairs which dominated the period in which he held office."

"Subsequent events may prove

The Country Parson

"It probably is easier for a man to accomplish something big than to conquer the little things that pester him every day."

him to have been mistaken in part or in whole. But they will never efface his imprint because while he was alive he convinced an overwhelming majority of his own countrymen and of the whole free world that his assessment of the East-West struggle was fundamentally right."

CRUSADING SPIRIT

But the editorial goes on to question whether his "messianic attitude toward communism have denied the West advantageous moments for negotiation, notably at the time of Soviet disarray after Stalin's death when Sir Winston Churchill first advocated a summit conference." Doubt is expressed, on the other hand, in the same editorial whether "without this crusading approach and without Mr. Dulles' conviction of moral rectitude, the West could have maintained 'the will to go on fighting the cold war.'"

Dr. William Brady Says:

Blue Spots on Nails, Skin Could Be Sign of Scurvy

Five months ago an extravasation of blood occurred under the base of my left thumbnail, extending half way across the "half moon," and the spot has grown about two-thirds of the way out to date.

It takes four to six months to grow a nail, depending on (1) the person's age—growth is rapid in young persons, slow in old persons; (2) the state of nutrition—that is, whether the individual gets adequate daily rations of the essentials.

I worried some about that extravasation of blood under the nail. It looked as though I had hit the thumb a hard whack, but I can't remember any such injury.

So, I wondered whether I've been getting enough vitamin C the past winter. Sometimes such extravasations of blood, or "black and blue" spots in the skin, or small hemorrhages here and there under the skin, indicate scurvy, which is due to deprivation or insufficient intake of ascorbic acid—vitamin C.

But living in paradise where fresh fruit, fresh vegetables and greens are available the year around, one would have to entertain some peculiar notions about diet to achieve a shortage of vitamin C, and I'm not THAT queer yet.

There's no evidence that vitamin C promotes the health and growth of the nails. But there is good evidence that nutritional deficiencies are responsible for poor growth and fragility of the nails and for deformities such as ridging, pitting and spooning.

In the pamphlet "Young Folks and Old Folks," I tell how to prevent or correct the deficiencies accountable for faulty growth of the nails. In the pamphlet "The Gray Sickness," I tell how to prevent or correct nutritional deficiency anemia, of which cracked, flattened nails are characteristic.

If perchance not only your nails but also your hair is in poor condition—lusterless, dry, falling, prematurely gray—you should be interested in a third pamphlet, "The Iodine Ration." For any of these pamphlets send me a stamped, self-addressed envelope, for two enclose 25c; for all three 35c in addition.

Persons taking plain cod liver

oil daily the year around for one ailment or another have noticed great improvement in the condition of nails and hair. Cod liver oil is an excellent source of at least two nutritional elements which I recommend in the pamphlets, namely, vitamin D and iodine.

The "Times" editorial repeats the fallacy which so many Britons accept today and which Dulles labored so long to dispel—namely, that recognition of Communist China is desirable even if it means the crumbling of the western bastion of troops in Korea and Formosa and the collapse of the morale of our allies in Southeast Asia.

(Copyright 1959)

oil daily the year around for one ailment or another have noticed great improvement in the condition of nails and hair. Cod liver oil is an excellent source of at least two nutritional elements which I recommend in the pamphlets, namely, vitamin D and iodine.

Send letters, not more than one per or 100 words long, pertaining to personal health and hygiene, not disease diagnosis or treatment, will be answered by Dr. William Brady. If a stamped self-addressed envelope is sent to The Pontiac Press, Pontiac, Michigan, (Copyright 1959)

Case Records of a Psychologist:

Salesmen Are Made, Not Born

Harry wonders if a former engineer can become a star salesman. Yes, for you are never a "born salesman." You must train yourself to sell goods, much as you must also be taught to play the piano. A star salesman deserves as much admiration as a star pianist or violinist, too.

By DR. GEORGE W. CRANE

CASE B-444: Harry B., aged 26, is an ex-engineer. "Dr. Crane," he began, "I graduated from Engineering College, but I prefer to deal with people. So I am tempted to go into the sales field. Would you advise me to do so?"

"And what are the chances of my succeeding therein? I am soon to be married, so I want a profession where I can support a wife and family in modern style."

ADVANTAGES OF SELLING Salesmanship offers you more leverage for a continuous pay check or for better jobs, than any other field!

For example, if you are hired as an engineer or clerk or machinist or even as editor, you have ONE boss. If he dislikes you, you may be out of a job. Your pay then suddenly drops from \$100 per week to zero!

But in selling, you have many bosses, for every customer is, in effect, your employer.

If you work up a sales territory fill you have 100 steady customers,

Voice of the People

'It's a Pleasure to Report Good Side of Teenagers'

Much derogatory comment has been published about our teenagers, so it's a great pleasure to report the following incident:

Recently I was forced into a ditch to avoid a rear-end collision with a motorist who stopped suddenly in front of me. This motorist drove on unmoved by my plight. Traffic was extremely heavy but no one offered to assist me until a teenager stopped. He was courteous and helpful and when his efforts were fruitless he drove me to our farm where help was available.

This boy refused compensation, didn't give his name and only asked that I let people know many of our teenagers are responsible citizens. It's a pleasure to report this incident and I know full well many young men and women drivers would be happy to give the same competent and courteous assistance to a stranded motorist.

Carlos G. Richardson

'Alimony Isn't the Answer'

Who is "Mother Who Would Like Some Answers" to talk? She was given the children when the divorce was granted. If she isn't capable of taking care of them, the court should take them. On the little bit of alimony a man pays a woman, she can get by without it. She has to have other means to support a child anyway.

My husband owes me over \$1,200, but love for my child comes first and "where there's a will, there's a way." A woman couldn't have much love for her children if she's willing to give them up that easily.

Most women use alimony as a way of getting back at the ex-husbands. She knows he can't get married again and raise a new family with her on his neck all the time. It's mostly jealousy and she hates to see him get ahead again. They say they're his kids and he should support them. Right. But how many of the checks do the children really see when the woman gets done with them?

One Who Pays

'We Create Hell Within Ourselves'

The Divine Reason back of everything is God. This Reason has created millions of suns, moons and stars and everything on them. No one lying can comprehend His greatness. This, nevertheless, shouldn't keep us from worshipping Him and trying to understand Him and living according to his Divine laws.

We should surely follow the Golden Rule and do some kindness for some unhappy person at least each day and we'll be much happier. If we live according to the Ten Commandments we're going to be happier than if we break them and create hell right in ourselves. We should all follow Christ's teachings and become one great brotherhood.

This may all be repetitious, but it's the fundamentals upon which all laws and rules are based and we should keep them constantly before us and give them daily consideration. Do this and you'll be surprised how happy and contented your life can be and what peace of mind you can have.

Ralph T. Keeling

Smiles

At least some pedestrians can trust some motorists as much as some motorists can trust some pedestrians.

Another Complain of Supreme Court

Far-reaching implications of the recent Supreme Court ruling on "right to unwarranted search" become more and more apparent.

The "privacy of domicile" is one of the main differences between democracy and totalitarianism. To violate this great American heritage is actually a more unforgivable act than that for which they hung Benedict Arnold.

All good American citizens should send messages of congratulation to the four dissenting Justices guarding our freedom along the Potomac. Among those staunch Americans were Justices Warren and Black.

Harry Dean

Faithful Duluth Reader Renews

I'm renewing The Pontiac Press. I hope next time to renew for a longer period of time, but right now, after taxes, etc., I'm a little short of money.

I haven't missed a copy of The Press since I came to Duluth in 1924 and certainly look forward to getting it every day. I find it most interesting to keep up on the hometown news and think the editorial page is the best of any newspaper I've read.

Georgia R. Gabrielson
Duluth, Minn.

The Pontiac Press reserves the right to edit all letters. They should be under 200 words and must be accompanied by the name and address of the writer. If the letter is not critical of individuals or individual concerns or of a controversial nature the writer's name will be withheld upon request.

Portraits

By JAMES J. METCALFE

Give me the enemy you say. He hates me to the core... Who comes out in the open and declares why he is sore... Who ails his grievance to the world... And let's all people know... Just why he has no use for me... And why he hates me so... At least we are on even terms... If we must have a fight... To find out who is stupid or... Perhaps is somewhat right... But do deliver me from him... Who walks a sneaky track... Who figures to discredit me... And stab me in the back... I'll take on any enemy... Who plays it fair and square... But any underhanded kind... I simply cannot bear.

(Copyright, 1959)

It takes a dentist several years to attain those 500 patients. And the same type of situation holds true in selling autos, or insurance, stocks and bonds or brushes, magazines or furniture polish.

So, after you have called many times and finally won a new cus-

tomers, don't succumb to the "greener pastures" lure, and rush off to a different city.

Hang on to those satisfied clients of the past, for they are your main insurance for easier selling in the future!

Many retired folks past 65 can profitably enter the sales field if they will do so as a stimulating career.

But don't be glorified beggars, who whine, "I'm retired or with a sick wife and 7 children, so won't you PLEASE buy my shoe laces (or razor blades)!"

Send for my booklet "New Psychology of Sales and Advertising," enclosing a stamped return envelope, plus 20 cents (non-profit).

Always write to Dr. George W. Crane in care of The Pontiac Press, Pontiac, Michigan, enclosing a long 4c stamped, self-addressed envelope and 20c to cover typing and printing costs when you send for his psychological charts and pamphlets.

Deaths in Pontiac and Nearby Areas

FORTUNATO BERNEIRO

Word has been received of the death of Fortunato Bernero, father of Giulio Bernero of 1390, Crescent Lake Rd.

Mr. Bernero, 78, died at his home in Temossi, Genoa, Italy after an illness of one year.

ANTHONY LOMBARDO

Anthony Lombardo, 75, of Toledo, a former Pontiac resident, died here yesterday after a long illness.

He was a member of St. Michael Church, Before his illness, Mr. Lombardo had owned and operated a shoe repair business in Toledo.

Surviving are a son, Anthony Jr. of Pontiac, and two brothers.

The Rosary will be recited at 8 p.m. Wednesday at the Brace-Smith Funeral Home. Service will be held at 10 a.m. Thursday at St. Michael Church with burial in Mt. Hope Cemetery.

MRS. CHARLES E. SNIDER

Mrs. Charles E. (Alveretta) Snider of 32 Willard St. died yesterday afternoon of a heart condition at the home of her daughter, Mrs. Frank Dohner, 887 N. Perry

St., after a long illness. She was 83.

She was a member of the First Congregational Church.

Surviving besides her daughter are two grandchildren; three great-grandchildren; a brother, Glenn Zimmerman of Pontiac; and five sisters, Mrs. John Hill of Lansing, Mrs. Bessie Jay and Mrs. Betty Anderson, both of Pontiac; and Mrs. Gladys Steffey and Mrs. John Daft, both of Holly.

Mrs. Snider's body is at the Farmer-Snoover Funeral Home.

MRS. GEORGE T. BOURQUIN

COMMERCIAL TOWNSHIP—Service for Mrs. George T. (Alice Hazel) Bourquin, 73, of 294 Cardinal St., was to be held at 1 p.m. today at Sawyer Funeral Home, Berkley, with burial in Roseland Park Cemetery in Berkley.

Mrs. Bourquin died Saturday at St. Joseph Mercy Hospital, Pontiac.

Surviving are a daughter, Mrs. Frances Harper of Hazel Park; one son, James; a step-son, George F., a step-daughter, Mrs. Florence Hurren; 12 grandchildren and 12 great-grandchildren.

MRS. FELIX GUTIERREZ

IMLAY CITY—Service for Mrs. Felix (Luciana) Gutierrez, 39, of 7708 Newark Rd., will be held at 2 p.m. tomorrow at the First Mexican Baptist Church here under the direction of Muir Brothers Funeral Home. Burial will be in Imlay Township Cemetery.

Mrs. Gutierrez died at home yesterday after an extended illness.

Surviving besides her husband are two daughters, Guadalupe and Oralia, and one son, Elidoro, all at home; her father and one brother.

The body will be moved from the funeral home to the church at 12:30 p.m. tomorrow.

HOWARD FOREST JOHN

TROY — Service for Howard Forest John, 51, of 412 Forest St. Royal Oak, will be at 1 p.m. Thursday at Price Funeral Home. Burial will be in Union Corners Cemetery.

Mr. John died yesterday at William Beaumont Hospital, Royal Oak, after several months illness.

Surviving besides his wife, Dorothy, are three daughters, Mrs. Darrell Ball of Troy; Mrs. Raymond Janess of Berkley and Mrs. Ernest Jacobson in Germany; three sons, Darold and Forest, both of Miami, Fla.; and Glenn of Berkley; a sister, Mrs. Lewis Snyder of Avon Township; a brother, Frank John of Lyons and 10 grandchildren.

CHARLES C. GORSLINE

MARLETTE — Service for Charles C. Gorsline, 83, who died Friday in a nursing home in Caro were held at 2 p.m. yesterday at Marsh Funeral Home. He was buried in Marlette Cemetery.

He is survived by his wife Florence; four daughters, Mrs. Henry Sauder of Silverwood, Mrs. William Provost of Flint, Mrs. Donald Stephens of Brown City; and Mrs. Jacob Younger of Marlette. Two sons, Jule of Pontiac and Hugh of Silverwood, 29 grandchildren and 30 great-grandchildren also survive.

MRS. JOHN SHIELDS

RAY CENTER—Service for Mrs. John (Elizabeth) Shields, 80, of 63601 Wolcott Rd., will be held at 8 p.m. tomorrow at Roth's Home for Funerals, Romeo. Burial will be Thursday afternoon in Gaylord.

Mrs. Shields died Monday at Paradise Rest Home, Romeo, after an extended illness.

Surviving are two daughters, Mrs. Hervey W. Wendt Sr., of Washington, Mrs. Lewis Wolcott of Ray Center; one son, Albert of Detroit; six grandchildren and nine great-grandchildren.

ORIEL W. VOSBURG

HOLLY — Service for Oriel W. Vosburg, 67, of 209 Emily St., will be held at 2 p.m. Thursday at Dryer Funeral Home with burial to follow in Oakwood Cemetery, Fenton.

Mr. Vosburg died Monday at his home after a long illness.

He was a veteran of World War I.

Surviving are his wife, Florence; one son, Chester W. of San Diego, Calif.; one brother, Ward of Flint; four sisters, Mrs. Olive Toomey of Morrice, Mrs. Rhea Van Dorn of Flint, Mrs. Carol Atherton of Detroit, and Mrs. Lyla Piper of St. Petersburg, Fla.

Musical Inventor Dies; Responsible for Spinnet

GRAND HAVEN (UPI)—Joseph Klepac, 80, inventor of a device that made the spinnet piano possible, died Sunday night.

Klepac many years ago designed a harp-like mechanism on which piano strings are attached which made construction of a small piano possible. The mechanism was a 3-foot-9-inch sounding board which allowed a great reduction in size of pianos.

A native of Czechoslovakia, Klepac was a retired superintendent of the Storey & Clark Piano Co. and until recently served as a consultant for piano companies in the United States and Canada.

Kiwanis Club Is Established in Waterford

A first Kiwanis Club has been organized in Waterford Township with a membership of 25 area businessmen, all set to perform service to the community, according to Loren Aris, president.

Other charter officers are Elmer O. Johnson, first vice president; Kenneth Wilson, second vice president; Jerry DeWees, treasurer; and Cletus Mick, secretary.

Elected to the board were Al Peters, James Walls, Cecil Schemel, William Smart, Basil Thompson, Wayne Tondue and Don Hughes.

The new club will meet at noon each Thursday at the Community Activities Building on Williams Lake road.

Membership is open to all businessmen in the community who aspire to Kiwanis ideals of performing civic service, Aris said.

Iowa Crash Kills 5 Young Persons

FORT MADISON, Iowa (AP)—Five young persons were killed early today when their car struck a bridge on Highway 61 about 5 miles south of here.

The dead were identified as Edward Billings, 16; Patricia Ann Jones, about 23; and Marvin Honcycutt, about 19; Robert Branch, about 20; and Norene Corns, about 18.

Honeycutt was home on leave from Fort Bragg, N.C., and Branch home on leave from Ft. Hood, Tex.

Board Tables Zoning Change

Acts After Waterford Residents Raise Query on Legal Status

After a lengthy discussion last night between Waterford Township Board members and residents protesting a zoning change, the matter was tabled until next week pending legal recommendations.

The Township Board last month had rezoned the northeast corner of Walton boulevard at Clintonville road from residential to commercial. People living in the area then filed a petition protesting the change.

They were represented by Atty. Bernard Girard who raised the legal question of whether a new Township Board could make the zoning change without referring it back to the zoning board.

The zoning board had approved the change in 1957 but a former township board turned it down. Since that time, owner of the property, G. E. Gifford, has been attempting to have the area again zoned commercial for a gasoline station. He was represented by Atty. Thomas Dillion.

In other business, the board adopted a new township building code. It then tabled a request for a used car license because the building on the property at 2561 Dixie Hwy. did not pass the new building code standards.

Fireworks licenses were issued to the Waterford and Pontiac Drive In Theatres for Memorial Day weekend.

Wayne Court to Try Hicks in Lassiter Death

Roy C. Hicks, a former business associate of slain Royal Oak car dealer Parvin (Bill) Lassiter, was bound over yesterday to Wayne County Circuit Court on a first-degree murder charge.

Hicks was described in court by a fellow defendant as the chief plotter in the robbery slaying of Lassiter April 6.

Richard Jones, 27, an ex-convict from Ross, Ga., testified at Hicks' pre-trial examination before Dearborn Township Justice John L. Mokersky.

Jones and the third defendant, prison parolee Charles W. Nash, 41, of Chattanooga, Tenn., had waived lower court examination.

Lassiter was found shot to death April 8 along a private driveway near the Willow Run Airport. Lassiter had taken a ride home from the airport with the three men upon his return from a business pleasure trip to New Mexico and Arizona.

California Class Offers to Help Michigan Out

SACRAMENTO, Calif. (AP)—A high school class offer of \$2.34 to help bail Michigan out of its financial woes has been turned down by Gov. Williams.

Replying to the offer by an American history class at Sacramento High School, the Democratic governor wrote Michigan "is not broke and doesn't need any contributions."

The class said in its offer that

since "California is one of the most prosperous states, its citizens should be willing to share their wealth with one of its less fortunate sister states."

The teacher, David B. Steinberg, said the offer was the class' own idea.

'Capitalist' Nikita Might Have Been President of GM

NEW YORK (AP)—A Florida doctor, returning from a trip to Russia, said today that if Premier Nikita S. Khrushchev were a capitalist "he would be head of General Motors."

"Khrushchev is always thinking; he is the fastest man on his feet I ever listened to," said Dr. Thomas Carney of North Miami Beach.

Carney was among a group of Florida travelers who conferred with the Russian leader for about two hours. The doctor and 12 others of the group of 46 returned aboard an Air France plane from Paris.

Carney said Russia is "way behind in medicine" and estimated it was about eight years behind in antibiotics. The hospitals compare with those in the United States of about 20 years ago and seemed overcrowded, he said. He reported that about 50 per cent of the surgeons in hospitals he visited were women.

The doctor described Khrushchev as in apparently good health, but thought he was "hypertensive maybe."

The U. S. Naval Academy was once located in Rhode Island.

5th Person Gets Prison in Holdup

Sentenced After Plea Is Changed to Guilty in Foiled Pontiac Robbery

Billy J. Short, the fifth person involved in the attempted holdup of a Pontiac grocery store last month, yesterday was sentenced to 1½ to 10 years in Jackson Prison by Oakland County Circuit Judge Clark J. Adams.

Last week Judge Adams sentenced two of his male companions to prison terms also while two women, who provided weapons for the holdup, were sentenced to six months in the county jail.

Short, who had stood mute to assault with intent to commit armed robbery, changed his plea May 15 to guilty.

The 31-year-old Kentuckian was armed with a sawed-off shotgun, April 24 when he and one of his companions walked into the Father & Son Market, 856 Oakland Ave. Much to Short's surprise, owner Antonio Craparotta, 65, risked death and grabbed the gun and beat him into submission.

Short later led police to his four companions.

A railroad line from LaPrairie to St. Johns, Quebec in 1836 was the first to be operated in Canada.

Deaths Elsewhere

WOLFEBORO, N. H. (AP)—Nana Bickford Rollins, 73, an artist for a half century, died Sunday. Her paintings were reproduced on greeting cards. Most of her work, in soft water-color pastels, reproduced New England scenes.

NEW YORK (AP)—Jack Dangle, 60, a New Mexico state senator and wealthy independent oil operator, died Sunday of cancer. Dangle, who was civilian consultant in the Navy Department in Washington during World War II, was chairman of the Board of Regents of Eastern New Mexico University. He was born in Webb City, Mo.

LA PORTE, Ind. (AP)—Lorenz G. Schumm, 67, a prominent authority on history of the Civil War and northern Indiana, died Monday of a cerebral hemorrhage. Schumm, a retired banker, was president and founder of the Chicago Civil War Round Table.

PHOENIX, (AP)—John Cromwell Lincoln, 93, president of the Bagdad Copper Co. and philanthropist and civic leader, died Sunday. He founded and was honorary board chairman of the Lincoln Electric Co., Cleveland. He was born in Painesville, Ohio.

YOU'RE MILES AHEAD WITH MOBIL

Saul Pett, Writing for Hal Boyle, Says:

Suburbia Has No Monopoly on Me Tooism

NEW YORK (AP)—Why is it so many people are attacking the suburbs these days?

I have the impression that every time a novelist, social critic, bearded lecturer, campus rebel or tweedy philosopher tries to explain what's wrong with America he finds that individualism is dying and conformity is in the saddle, and it's all the fault of the suburbs.

What a federal case they've made out against us! And all because we wanted a piece of lawn that didn't belong to a city park and a small view of the sky not hazy with smog.

The latest attack comes from Dr. I. I. Rabi, eminent Columbia University physicist. Scientists, he says, should be "odd balls" and "curious types." When a scientist goes suburban, Rabi says, he becomes a victim of a commuting schedule, has to leave the lab at a fixed time, rushes home to fix his leaky cesspool and that night his conversation concerns only cesspools.

Dr. Rabi misses a profound point. The suburbanite could, if he dared, get home later. But what makes him hurry home is fear—fear of his wife, whether she's an apartment wife or a housewife. He's afraid to miss dinner.

Dinner, as every male mouse knows, is based on a complicated mechanism and precise timing and painful planning, like a three-stage rocket or Bach fugue, and it won't keep, and if the children eat without father they will de-

velop psychic trauma, and if they wait late to eat a soggy, semi-poisonous dinner with father they'll miss piano practice or do their home work poorly or miss the school dance, and how are we ever going to catch the Russians?

Chiefs Urge Nonmilitary Growth Set New NATO Goals

PARIS (AP)—The government chiefs of the United States, Britain, France and West Germany today hailed the North Atlantic Alliance as a military success.

Each said NATO must expand into nonmilitary fields, and each set a different primary objective: President Eisenhower—"We need to strengthen the bonds between our people, and strive to broaden and deepen the bases of our common actions and understandings."

French Premier Michel Debre—"NATO must do more in the fields of economic action, social doctrines and political ideologies," presenting a common Western policy to the whole world.

British Prime Minister Harold Macmillan—"NATO members cannot remain indifferent to the refusal of the six-nation European Common Market to expand into a 16-nation free trade area. We need to insure the same confident cooperation in this economic field as we have achieved" in the military field.

with a nation of underfed emotional misfits?

Dinner, not the suburb, is the villain, and men scamper home for it in the cities as well as the suburbs. Dinner is the emotional

Sec. Benson Urges Water Conservation

WASHINGTON (AP)—Secretary of Agriculture Ezra Taft Benson said Monday the nation must stop wasting water or there won't be enough for sharply rising demands.

Benson said experts predict that wasting water or there won't be usage of water will double in 25 years.

"We have got to stop wasting water," he said. "We have to use it more efficiently in industry, in towns and cities, in general farming, and in irrigation, which is destined to be adopted in all parts of the nation."

In a talk prepared for the Sixth National Watershed Congress, Benson said the nation needs to explore all the possibilities that the sciences now offer.

He listed cloud seeding, forecasting water supplies, converting salt waters, treating waste waters, reducing erosion and floods, cutting down on evaporation, and learning more about how vegetation uses water.

Bohemians can get lost easier in a big city. But we suburbanites have our eccentricities and beatniks and bums and frustrated artists and rummies and neurotics and I just don't see where we have anything to be ashamed of compared to city people.

Postmasters Will Stage Christmas Party in June

SHREWSBURY, Mass. (AP)—The Massachusetts chapter of the National Assn. of Postmasters is going to have a Christmas party at Hardwick during a three-day business meeting June 18-20.

General Chairman Edward C. Moroney of Shrewsbury said 250 members will attend and each bring a gift for exchange.

Moroney explained what every-body knows: Mailmen have no time at Christmas for Christmas parties on account of Christmas mail.

WASHINGTON (AP)—The House Appropriations Committee Monday recommended subsidies of 250 million dollars next year to keep the U. S. Merchant Marine fleet in top shape.

The committee also approved 86½ million dollars to finance the 18th decennial census in 1960 — which is estimated eventually to cost 118 million dollars when all the bills are in.

These were among the major allotments in a bill appropriating \$674,687,390 to finance the Commerce Department and related agencies for the fiscal year starting next July 1.

The total was \$7,504,700 less than President Eisenhower requested. But 50 million dollars of the cut was in the revolving fund for the Small Business Administration, which had sought 200 million for its loan programs, including a 50 million dollar contingency fund which was turned down.

The ship subsidy allotments included 105 million dollars to construct 14 ships in cooperation with private shipping lines, 17½ million dollars to acquire 14 older ships being replaced and 127½ million for operating subsidies for ships already in service.

The committee also recommended payment of 1½ million dollars as the government's share of the cost of design work on two super passenger liners recently authorized by Congress.

House Group OKs Merchant Marine Aid

WASHINGTON (AP)—The House Appropriations Committee Monday recommended subsidies of 250 million dollars next year to keep the U. S. Merchant Marine fleet in top shape.

The committee also approved 86½ million dollars to finance the 18th decennial census in 1960 — which is estimated eventually to cost 118 million dollars when all the bills are in.

These were among the major allotments in a bill appropriating \$674,687,390 to finance the Commerce Department and related agencies for the fiscal year starting next July 1.

The total was \$7,504,700 less than President Eisenhower requested. But 50 million dollars of the cut was in the revolving fund for the Small Business Administration, which had sought 200 million for its loan programs, including a 50 million dollar contingency fund which was turned down.

The ship subsidy allotments included 105 million dollars to construct 14 ships in cooperation with private shipping lines, 17½ million dollars to acquire 14 older ships being replaced and 127½ million for operating subsidies for ships already in service.

The committee also recommended payment of 1½ million dollars as the government's share of the cost of design work on two super passenger liners recently authorized by Congress.

Towers 'Dwarf' Empire State

TV Structures Spring Up Across Nation Like Lattice-Work Forest

WASHINGTON—The Empire State Building held its title for more than 20 years. Now it is by no means the world's loftiest man-made structure.

With the addition of a television antenna in 1950, the Empire State stands 1,472 feet. But the television industry has planted, across the American landscape, a forest of lancelike, latticed towers whose heights exceed or rival that of New York's famous landmark.

The Empire State must look up to TV towers at Roswell, New Mexico (1,610 feet); Oklahoma City, Oklahoma (1,572); San Antonio, Texas (1,536.8); Columbia, South Carolina (1,530); Dallas, Texas (1,531); and Durham, North Carolina (1,504).

The Roswell tower's extreme height can be appreciated when it is realized that it is about as tall as three Washington Monuments set upon each other, the National Geographic Society says. Proposed towers may rise even higher.

The Soviet government has announced plans to erect in Moscow a 1,666-foot tower with studios, a restaurant, and observation decks. Television companies in two American cities—Louisville, Kentucky, and Cape Girardeau, Missouri—have asked the Federal Communications Commission for permits to construct towers taller than Moscow's cloud-scraper.

Seventy-nine existing American TV towers exceed a thousand feet. Outside the United States, there is only one comparable structure. This is Tokyo's new, 1,982-foot TV tower, which closely resembles the Eiffel Tower in Paris.

Despite the need, the mushrooming of TV towers near cities presents a threat to aviation. In fiscal 1958 alone, the FCC processed 14,758 antenna proposals.

To protect both television and aviation interests, a Joint Industry-Government Tall Structures Committee was formed several years ago to review building proposals and make recommendations to the FCC. Cooperation has been excellent, and authorities believe existing towers constitute a minimum hazard to planes.

Architecturally, the skeletal TV antenna is a modern adaptation of an old, utilitarian form. The tower's earliest uses were military and religious. The combination of shelter and height enabled defenders to rain missiles upon attackers. Worshippers of the sun, moon, and stars built high structures, apparently in the thought of lifting their priests as close to the heavens as possible.

Bob Considine Recalls:

Secretary Dulles Would Never Insult a Host

NEW YORK—It was this reporter's privilege to spend a few days with John Foster Dulles at a time when the secretary was wrestling with the explosive Suez situation.

The rules were that I couldn't quote him directly, must paraphrase his views and comments or employ the unwieldy device of "if he were writing his memoirs to-day, he might pen . . ." and then quote him.

The friendship reached back to 1932. Dulles had flown to Wake Island whence he was to be helicoptered aboard the cruiser Helena, on which President-elect Eisenhower was sailing from Guam to Pearl Harbor on his return trip from Korea.

"We're going to pick Dulles off the beach and fly him out to the ship," the top kick of the Helena's chopper operation said, as we neared the island.

"In the meantime, we'd better see if everything's working okay. We don't want to dump him."

He looked me over. "You're about his size, high and wide," the pilot said. "Take a test spin with us."

We told Dulles about it later. He measured my beam with a critical eye, suddenly grinned, and said, "You were a good stand-in."

For a man who was destined to die of the worst of human physical plights, Dulles enjoyed remarkable health over a considerable period of his active life. His vigor utterly depleted men half his age.

His Press Chief Carl McArdle, now with Pan American World Airways, told us how he and other aides would long to stretch out and sleep on some of their endless plane voyages with Dulles.

But, invariably, Dulles would have secured a copy of the pilot's maps, and he would discourse by the hour on the nature of the lands and the peoples over which the plane was flying.

The man didn't seem ever to tire. He could stay up as long as the clock permitted, or there was work to be done, then rise hours before the others and find a place to swim.

He thrived on cold water, and he told us that the greatest joys of his life were his trips to his remote island in Canada, where he roughed it through all kinds of weather—and cooked his own food.

Travelers who stock up on bottles of cure-all pills and ointments before sailing forth even to, let's say, London, Paris or Rome, and wouldn't dream of drinking the

water of Cuba or Mexico, caused genuine confusion in Dulles.

He had just returned from a trip to Laos and Cambodia at the time I asked him how he managed to stay so fit. I asked him if he carried his own food and water with him.

"I wouldn't think of doing such

a thing," he said shocked. "I eat whatever's placed before me. I drink the water my hosts drink. If I did anything else, why, it would offend them."

Dulles was a man who impressed you as never having looked down at a plate to see what had been spread before him. He just ate it, not so much in the dazed mood

of the absent-minded professor as in the manner of a man who saw no reason to let so basic an act intrude itself into his conversation or thought.

When left to his own devices, as when he ordered lunch in his semiprivate dining room in the State Department, he'd select an

apple and a cup of tea—or some such anemic fare.

His luncheon guests from the good-eating countries often fled his luncheons, after they were finished, in search of food.

There was no idle banter in this man. He was a no jokes man, though he was quick to smile and even to laugh. He was hard to hurt.

Indeed, he said to me, "I think the most amusing thing I've heard in a long time as a description of me which goes 'Dull . . . duller . . . Dulles.'"

We may never know how he took the torrents of abuse, inside. During the period we spent with him he was being roundly cursed in Britain—denounced with a vigor that hardly had a parallel in even the Russian propaganda marts.

Yet his manner was that of an indulgent parent patiently letting a headstrong child spend his way through a tantrum.

He seemed to reach up and pat the stalwart British ambassador, Roger Makins, on the shoulder and say, "There, there, now. Get it out of your system and you'll feel better . . . and, one day, you'll understand why you can't have the car tonight."

He may have suffered cruelly, for all we know. But he faced ridicule and slander with the same calm demeanor with which he faced death. The years can only add to the image of his greatness.

Gravestone Used in Printing Shop

BOSWELL, Pa. (U) — Publisher Charles Long of the weekly Boswell News found stones in his printshop were something special.

The stones are large flat table-tops on which pages are assembled before they are sent to the press for printing. Long decided to clean them, found it was too big a job and decided to turn them over to use the other side.

He found lettering on the underside of one identifying it as a grave marker nearly a century old. He said he had no idea how the gravestones became part of the equipment in his print shop.

Superhighway Is Told It Can Hit the Road

RICHMOND, Va. (UPI) — Almost every community in the state wants to be on "Interstate 64," a new east-west superhighway to be built in Virginia, but not Albemarle County.

Albemarle consists of lush, rolling countryside which its citizens fear would be marred by a busy, modern road.

The State Highway Commission recently received a petition signed by 1,800 residents of the county saying they don't want any part of the superhighway.

"I urge that the state flower not be changed from the dogwood to the concrete cloverleaf," said spokesman John Rogan.

He warned that a highway through Albemarle would spoil the traditional fox hunts, horse shows and garden club activities.

Elks Install President

PORT HURON (UPI) — The new president of the Michigan Elks Assn. is Frank Pattee of Owosso. Pattee was installed Sunday at the Elks' 55th annual convention here.

Cane supplies about two-thirds of the world's sugar.

Door Opens in Flight, Hostess 'Saves' Pilot

PRESCOTT, Ariz. (AP) — A four months ago, found it more than a mile above this northern Arizona city.

It started when a passenger door on the DC3 suddenly whipped open. Graham struggled vainly to close it. Several passengers on the Denver-to-Phoenix flight thought he was caught in the suction.

"My heart stopped when I saw him so close to that door. I grabbed his arm," Miss Hanna said. Both fell to the floor. She anchored herself by wrapping an arm around the bottom of a seat.

Graham, unable to close the door, then moved back to take the controls from co-pilot Wesley Morris and, despite the door banging and bouncing on the runway, made a perfect emergency landing at the Prescott airport.

The 118-pound hostess, who said she has been hoping for some excitement since joining the airline

Storm Sewers Work Slated

Rochester Council OKs Construction Plans in 3 Sections of Village

ROCHESTER — At last night's regular meeting, the Rochester Village Council approved Village Manager Paul York's plan for new storm sewer construction in three sections of town.

The particular areas where relief storm sewers will be constructed this summer have been trouble spots during heavy rains and spring thaws York said.

The first section is located on W. Fourth street W. Alley street south of Fourth and at Fourth and Water streets. The second is at the intersection of Drace and Griggs streets, and the last on Woodward avenue, adjacent to the Avon Dairy.

Money for the project was included in this year's budget for the department of Public Works and earmarked for storm sewer construction.

Council members also authorized the purchase of a portable generator for DPW or emergency use from the Homelite Co., Detroit at a cost of \$429.

Local physician, Dr. William E. Bennett, of 200 South St., requested the council to rezone his property from residential to mercantile business so that he can build a medical building to house his offices.

The request was tabled until Dr. Bennett turns in a petition signed by all residents in his immediate area approving the rezoning.

Practically all crude oil contains some impurities, one of the most important of which is sulphur.

Southfield OKs Route for Xway

SOUTHFIELD — Approval of the Southfield expressway route as proposed by the State Highway Department, was given last night by the City Council.

The expressway will be between Eight-Mile and Nine-Mile roads as a part of the overall metropolitan super highway project.

Council members had previously refused to consider the expressway until they were sure where three lanes of northbound traffic from the six-lane highway would go after it reached Nine-Mile road.

"All the Council did at this time was agree that an expressway was necessary in that location," said Patrick Flannery, city clerk. "Further details will be worked out later."

The State Highway Department last night indicated that there will be funds by 1962 for the widening of Southfield from Nine-Mile road to 12-Mile road.

This would solve the dumping of three lanes of traffic from the expressway. There is only one lane each way at the present time.

The Hazel Park City Commission agreed at last night's meeting to consider a state resolution for permission to build the Walter Chrysler expressway.

State Highway Commissioner John C. Mackie presented maps of the proposed routes to the Council, the Planning Commission and approximately 250 residents present at the meeting.

The Council is expected to accept or reject the proposal at the June 8 council meeting, said Mrs. Robert Parrish, acting city clerk.

Teacher Challenges Milford Pond Action

By REBA HEINTZELMAN
MILFORD — A Milford High School teacher, Dennis Boyle, last night challenged millionaire James Robbins' action in draining three scenic ponds in the heart of town. Three odious mudholes have been the result of opening of dam floodgates six weeks ago by the present owner of the old Ford Motor Co. property.

Neither Robbins nor his representatives were present at last night's council meeting, designed to settle the controversial pond problem, which has this town in an uproar.

In a 20-page letter read at the meeting, Boyle said, "Robbins has indicated that the ponds were drained for insurance inspection. It does not take two months to inspect three dams, and it should be pointed out that there is a difference between business, sentiment and outright pressure play."

The Erin Metals Corp. of Detroit has purchased a six-acre site, adjoining the old Ford plant, from Robbins and is now in the process of leveling a hill on the property. The firm wants the area rezoned from heavy industrial to commercial, for construction of a shopping center, and the council

has postponed action on such since September. Village Manager Oliver Taylor told the council last night that one of the ponds has been refilled with water and floodgates on the main Huron River dam closed "for flushing purposes only."

In relaying a message from Robbins, Taylor said "The water will be high in from 6 to 24 hours but will be drained again as soon as stones and debris have been cleared from cleanout valves of the dams."

The council voted five to two in favor of tabling the rezoning issue for another two weeks.

Church Bazaar Slated

ORION TOWNSHIP — The WSCS of the Howarth Methodist Church, located on Silver Bell road, will sponsor a bazaar and dinner at 5 p.m. tomorrow at the church. General chairman of the event is Mrs. Stuart Braid.

Someone figured out why women cry at weddings: "It's either because they are married — or because they aren't." It's just about the time of year when wives start whispering those three little words to their husbands: "Mow the lawn." — Earl Wilson.

Roundup Set Friday at Dublin School

COMMERCE — A kindergarten roundup will be held Friday at the Dublin Elementary School. Superintendent of Schools Nelson O'Shaughnessy announced today.

Parents will register their youngsters, to start kindergarten this fall, starting at 9 a.m. They must bring birth certificates for the youngsters who will be 5 years of age on or before Nov. 30.

Registration will be held in both kindergarten rooms of the school. There will be no classes conducted for the tots that day.

PTA Sets Clinic for Polio Shots at Clarkston

CLARKSTON — A second polio clinic will be sponsored by the Clarkston and Andersonville PTA from 1 to 4 p.m. and from 6 to 8 p.m. tomorrow at the Clarkston Elementary School.

Five weeks must elapse between the first and second shot, then there is a waiting period of seven months before the third shot, and at least one year before the fourth, or booster shot is given. After that a person can have another booster shot every second year.

All children must be accompanied by their parents when getting shots. Any one of the four shots will be available at this time.

More than one million persons in the U.S. are said to be suffering from rheumatic heart disease. Water stored behind the Hoover dam would fill four-fifth of Lake Erie.

Launching 4th-O-Ram-A Ticket Sales

BUYS FIRST TICKET — The first ticket to the Rochester Kiwanis Club's forthcoming "4th-O-Ram-A" celebration is purchased by William P. Slavin, right, co-chairman of the event, from Milton F. Weaver, club president and ticket chairman. Looking on, center, is Carl A. Lehnen, chairman of the program committee.

By LEE WINBORN

ROCHESTER, — Ten thousand tickets to the local Kiwanis Club's "Family 4th-O-Ram-A" celebration will go on sale Monday, Milton F. Weaver, club president and ticket chairman, announced today.

The Rochester Community High School athletic field will be transformed into a theater-in-the-round for the Kiwanis event.

An amateur show consisting of eight acts of top variety entertainment will start the mammoth show rolling at 5:30 p.m. on July 4.

"Miss Rochester," to be selected June 3, will reign over the celebration. She and members of her court will ride up to the stage in an open convertible after the amateur show.

The presentation of "her majesty" and her coronation will take place at 7:30 p.m. A professional stage show will follow.

Entertainment will feature the Royal Jokers, a rock 'n' roll recording group; the Shanghai Twins; Captain Reynolds and his trained seals; a balancing and high wire trapeze act; the Dancing Debs, acrobatic tumblers and other talent.

Rochester's own Paul Lennon, professional master of ceremonies, will emcee the program. Organ music will be played throughout the entire show.

The Rochester Volunteer Fire Dept.'s fireworks display is scheduled for 9:30 p.m. at the athletic field. Admission is free to this portion of the Independence Day program.

For the rest of the show, admission will be charged to defray expenses and benefit year-around.

Kiwanis youth activities, Weaver said.

Tickets will be available from any member of the Kiwanis Club or Planters' Club or at any one of 12 depots to be set up in the Rochester area.

One hundred door prizes, contributed by local merchants, will be given away between acts of the giant stage show.

Local restaurateur Leonard Bebout will barbecue four rounds of beef to be served by some 30 Kiwanians and members of their families from a large refreshment booth. Soft drinks, coffee and ice cream also will be available.

Cochairmen of the event are

Jack Mitzelfeld and William P. Slavin.

Members of the Planning Committee gave progress reports after the Honor Night Banquet which the club sponsored last night at the Avon Park Pavilion. Special guests were 56 outstanding seniors at Rochester Community High School, who were either letter men, members of the National Honor Society or Student Council or class officers.

Kiwanis youth projects include aid to needy pupils, family Christmas baskets and assistance with scouting, Little League baseball, Boys' State, Girls' State and The National Music Camp at Interlochen.

Kiwanis events include Junior Ice Skating Olympics, field day, tennis tournaments, Halloween treats and parties and other activities.

Final Meeting Set Tonight for Morse PTA

TROY — The Morse Elementary School PTA will hold its last meeting of the school year at 7:30 tonight in the school.

Mrs. William Porter, president of the East Oakland Area Council of PTAs will install new officers for the coming year tonight. Also, retiring officers and chairmen will give their annual reports.

Candidates for election to the school board June 6 have been invited to attend the meeting.

A tape-recording commemorating Michigan Week will be played by Ruth Bamford. Refreshments will be served by first-grade mothers.

LINDA MARIE STOKES

Mr. and Mrs. David Stokes of 1848 Auburn Rd., Rochester, announce the engagement of their daughter, Linda Marie, to Roland William Elkins, son of Mr. and Mrs. Raymond Elkins of 1030 Beverly Dr., Lake Orion. The wedding is set for Sept. 26.

Junior High Students Featured Romeo Concert Tonight

ROMEO — More than 300 students will participate in the Spring Music Festival to be presented at 7:30 tonight by the junior high music department in the auditorium of the new Romeo Community High School.

The program will be directed by Lathrop P. Morse, head of the junior high music department.

All participating groups will join in singing three songs to open the program. The combined seventh and eighth grade bands will then play four numbers to be followed by choral groups singing several selections.

A special feature of the choral

portion will be a minstrel show being staged by a group of seventh grade boys.

The program will close with selections by the Cadet Band, the most advanced instrumental group in the junior high school.

No admission will be charged, but an offering will be taken.

Old West Lives Again

FINDLAY, Ohio (U) — Investigating a break-in at a storage building, police found a piece of paper with the signatures, Jesse James, Billy the Kid, and Black Jack Wilson.

Keego Post Office Has Job Openings

KEEGO HARBOR — Job openings as postal clerks and carriers at the U.S. Post Office here were announced yesterday by Acting Keego Harbor Postmaster Paul L. Beyett.

Candidates must pass a Civil Service examination, be at least 18 years of age and a resident or bona fide patron of the Keego Harbor Post Office, he said.

Application forms may be obtained from the post office here or from the Board of U.S. Civil Service Examiners in the Federal Building, Detroit.

This city's big ocean port is actually about 1,000 miles from the sea.

TOM THUMB NUPTIALS — A cast of 26 children from the first and second grades of St. Frederick School will present a "Tom Thumb" wedding at 8 p.m. Wednesday at St. Thomas Hall. "The Rev." Vincent Holland will officiate at the unusual ceremony.

ceremony. Standing solemnly before him are (from left) Barry Burch, best man; Mary Bard, maid of honor; Gerard Holland, bridegroom; and Sharon Jackson, bride.

Youngsters Will Stage 'Tom Thumb' Wedding

The Blessed Martin DePorres Guild of St. Vincent de Paul Catholic Church will sponsor a "Tom Thumb" wedding Wednesday. Curtain time will be at 8 p.m. at St. Thomas Hall. A cast of 26 children from the first and second grades of St. Frederick School will be featured.

Participants will include Vincent Holland, priest; Sharon Jackson, bride; Mary Bard, maid of honor; Gerard Holland, bridegroom; Barry Burch, best man; Frank Metoyer, ringbearer and Twyla Holland, flower girl.

Bridesmaids from the second grade will be Phyllis Green, Betty Clemens, Rebecca Ellsworth, Joanne Cook, Judith English, Charlotte Carey, Susan Thompson and Alice Jones.

Portraying ushers will be Douglas Pizzala, Stephen Miller, Thomas Lee, Trine Martinez, Joseph Ewald, Ronald Fournier, Erwin Wilson and Charles Gallagher.

Roles of the bride's parents will be enacted by Stephanie Williams and Lowry Holland. Amelia LeDuff and Frederick Jackson will act as the bridegroom's parents.

Sister Marie Mark, second grade teacher, is assisting the guild with the production. Piano accompaniment will be provided by Bonnie Metoyer.

Proceeds from the affair will benefit the general church fund. Tickets may be purchased by contacting Mrs. Wallace Holland of South Paddock street.

Mexican 'Quake' Worse Than Thought

OAXACA, Mexico (AP)—Belated reports today raised the deaths to five in the earthquake which shook southern Mexico Sunday. The damaged proved much greater than at first believed.

An 80-year-old man was hit by falling church towers at Etla and died in a hospital today. A child was reported killed at Faustina Olivera when the quake tumbled a big rock upon her. Three deaths had been reported previously.

Officials now estimate that 70 per cent of all Oaxaca's buildings are damaged to some extent. A crack half a mile long appeared on the main highway to Mexico City. In places the crack is two inches wide. Landslides blocked some highways.

Fever Widespread Among State Cows

LANSING (UPI)—More heat in milk pasteurization and closer attention to farm sanitation was urged today by health authorities who have discovered widespread cases of "Q fever" germs in Michigan cows.

Dr. Albert E. Heustic, state health commissioner, said the germ doesn't seem to hurt farm animals but causes sickness much like flu or pneumonia in man.

Heustic said traces of the virus-like germ were found in the milk of more than one out of 10 of 525 dairy herds checked in Macomb, Allegan, Barry, Calhoun, Eaton, Kalamazoo, St. Joseph and Van Buren counties.

Railroad Engineer Injured in Pontiac

An engineer for the Grand Trunk Western Railroad was injured last night when he fell from his engine in the Johnson Street Yards. Ellis R. Martin, 41, of Detroit, was operating the engine at a slow speed when he accidentally fell from the cab, according to Pontiac Police.

Martin was taken to Pontiac General Hospital where he was in fair condition today with shoulder, knee and back injuries.

Texas Killer Had Crazy Plot

Machine-Gunned After Hostages Escape in Revenge Scheme

DALLAS, Tex. (AP)—A drunken killer was slain by police Monday after he held his elderly landlady and three other persons hostage during a crazy plot to kill a former Texas governor and U.S. senator.

Frank Windsor, 43, was machine-gunned to death inside a small frame house after his hostages plunged from windows, screaming and retching from tear gas fired into the house by a small army of police.

Jane Dickinson, 68, owner of the house, and her neighbors, Mr. and Mrs. Leslie Darter, were held all night at gunpoint.

Alfred Webb, 44, was forced into the house as he arrived at 6 a.m. to go to work with Darter.

Windsor shot M. G. Hassell to death as he ran from the house after he arrived to paint another house owned by Mrs. Dickinson. Hassell's partner, Boyce Harper, ran from the house and called police.

Webb said Windsor told the hostages he hoped to lure former U.S. Senator and Texas Governor W. Lee O'Daniel to the house, where Windsor planned to shoot him for evicting Windsor from an apartment house in 1958. O'Daniel said he never saw Windsor. He said his records show employees of an O'Daniel-owned company once evicted Windsor and his wife (since deceased) for failure to pay rent.

Mrs. Dickinson was talking to the Darters Sunday night when Windsor came to her house and asked to use the telephone. Then he pulled out a gun and ordered the three to lie on the floor.

He bound the Darters with a chain, then handcuffed them. Webb arrived the next morning, then Hassell. When Hassell fell dead in the yard, Webb and Darter were forced to drag his body to the porch and cover it with bags and newspapers.

"I shouldn't say so, but I'm glad," Mrs. Dickinson said when she learned Windsor was dead. "He deserves to be dead."

Chrysler Reshuffles Its Sales Divisions

DETROIT (AP)—Chrysler Corp. today reshuffled its divisions for sales purposes and in effect merged Plymouth and DeSoto.

Three sales divisions, each handling two lines of vehicles were set up. They are Chrysler-Imperial Dodge cars and trucks, and Plymouth-DeSoto.

H. E. Chesebrough, who has been general manager of Plymouth since 1958, was named to handle Plymouth and DeSoto.

J. B. Wagstaff, general manager of DeSoto since last year, was put in charge of a corporate sales staff.

All three sales divisions will be under E. C. Quinn, who has been vice president and general sales manager of the corporation since 1958. The new set-up becomes effective June 1.

Fewer Taverns Planned to Hike Farm Production

BACOBAMPO, SONORA, Mex. (AP)—There'll be no new taverns in

the area around Bacobampo, on the Gulf of California coast in central Sonora.

Dr. Carlos Perez, district health officer, said his order is aimed at raising farm production.

(Advertisement) DOES MORE THAN JUST "SHRINK" PILE TISSUES! NO SURGERY NEEDED TO

Put Nerves To Sleep—Stop Pain Of Swollen Piles In Minutes!

To stop nagging discomfort of swollen piles in minutes, thousands use **Stainless Pazo**. Not only reduces tissue swelling but stops pain at once, promotes healing of inflamed tissues too—all without surgery! Preparations that just act to "shrink" piles can't offer complete symptomatic relief. For real comfort, fast, you need this more complete medication. In doctors' tests, patients had immediate relief. That's because **Stainless Pazo** combines the most effective ingredients known for piles. Thus works 3 ways at once: (1) stops pain itching in minutes; (2) shrinks tissue swelling, congestion; (3) promotes healing of raw tissues. You get immediate new comfort while Nature's own healing magic goes to work! Don't suffer needlessly. Get **Stainless Pazo** Suppositories or Ointment at druggists. Get relief without surgery or money back!

What Rambler's Success Means to Every Motorist

"Leave off the wings...and you've got the Rambler Idea!"

YES—they're sisters under the skin, that big jet we're building and my compact Rambler out there in the parking lot. And those two are making the hot transportation news today.

Why, I read last week that Rambler now outsells most of the big cars and is outselling all five of the most popular foreign cars combined.

Like this DC-8 (and all other modern jets), Rambler is built with aircraft-engineered Single Unit Construction*, which American Motors pioneered in American cars in 1940. After ten years of experience in building cars with Single Unit Construction, the first modern Rambler made its bow in 1950. The Compact Car was born.

COMPACT* CAR REVERSES TREND Other cars continued their size and horsepower race, but Rambler stuck to its guns, betting on a sure thing—the basic intelligence of the American motorist. Thanks to Single Unit Construction, Rambler was able to give him more of what he really wanted.

WHAT RAMBLER'S SINGLE UNIT CONSTRUCTION GIVES TO ME

1. **DEPENDABILITY**—All-welded Rambler construction takes greater punishment and remains like new, free of rattles and squeaks.
2. **MORE ROOM** inside with less bulk outside.
3. **ECONOMY**—Rambler costs least to buy and run, gives better resale value than any other low-priced car.
4. **PERFORMANCE**—Single Unit Construction eliminates the drag of dead weight to give a better power-to-weight ratio.
5. **COMFORT**—Single Unit Construction makes possible the ample head-room, comfort-height seats and riding comfort unequalled by many bigger cars.

6. **MANEUVERABILITY**—Free of excess length and bulk, Rambler turns sharper, steers easier.

IN JET AIRCRAFT, STRUCTURAL MEMBERS AND FUSELAGE ARE ONE AND THE SAME. IN RAMBLER, STRUCTURAL MEMBERS AND BODY ARE ONE AND THE SAME.

ORDINARY CONSTRUCTION USED BY OTHER CARS—BODY IS BOLTED ON SEPARATE FRAME LIKE THE OLD-FASHIONED WAGON.

7. **STRENGTH AND SAFETY**—Rambler surrounds the entire passenger compartment in a "safety cage" of rugged, steel box-girders forming a structure that is far stronger than ordinary construction.

Last year, I woke up to the advantages of the Compact Car. I was one of the hundreds of thousands who got the Rambler Idea.

THE EXCELLENCE OF BEING BASIC

The Rambler Idea is basic, because Rambler fulfills all my basic transportation needs. And because Rambler understood my basic needs, I have a greater and better choice of cars today. I have a car that's backed by 20 years of experience in building cars the better, Single Unit way, so I benefit from an unmatched standard of quality and workmanship. And I'm getting my share of the billions of dollars in savings that Rambler has made possible for American motorists.

Think it over. Wouldn't it make a lot of sense if you, too, got the Rambler Idea? It's basic!

Plan to Extend E. Huron Street

Would Provide a New Route to East Side of City

Extension of E. Huron street as a gravel drive through Richardson Park will be formally proposed tonight to the City Commission.

The Engineering Department has estimated it would cost \$4,551 to extend the street through the park between Douglas and Paddock streets, with \$2,043 coming from special assessments and \$2,508 from city funds.

The block-long extension would become a link between Huron on the west and Michigan avenue on the east, providing a new route from downtown to Pontiac's east side, said Lewis M. Wren, city engineer.

City commissioners have already tentatively approved the work this year.

Wren said the gravel road would be 22 feet wide, but added that ultimate plans call for a 44-foot paved, four-lane highway.

He said that the city has much of the right-of-way required to extend the four-lane road as far east as Opdyke road.

City workers straightened out a curve in the Clinton River in Richardson Park several years ago so that the Huron extension would not have to bridge the stream.

Commissioners will also be asked to declare three other graveling projects public necessities tonight, including Kettering avenue, between Madison and Baltimore; Manhattan street, Emerson to Parkwood; and the alley north of Auburn avenue, Sanford to Ardmore.

Hearing will be held on the city's intention to widen Cass avenue from Oakland to Wisner Stadium and East boulevard, Mt. Clemens to Michigan.

There are other hearings scheduled on the special assessment roll drawn up to cover unpaid bills resulting from last summer's weed cutting program and on four recapping projects.

These include recapping of Cass avenue, Pike to Orchard Lake; E. Huron street, Saginaw to Perry; Prall street, Huron to Washington; and Sanderson street, Oakland to Cass.

A petition will be presented calling for the rezoning of the northwest corner of Perry street and Walton boulevard from residential to commercial. Another neighborhood petition before the commission opposes installation of curb and gutters on Tennyson avenue, Hollywood to Bonnie Briar Bush subdivision.

See, Hear Magazine

NEW YORK (AP)—A "magazine of sight and sound," designed so you can read a while and then put it on your turntable and listen is to go on sale within two weeks. Publisher Barrie L. Beere and editor John Wilcock said the first issue contains five five-minute recordings.

Detroit Driver in Hospital

Speeding Car Rams Truck

A Detroit man was in Mt. Carmel Mercy Hospital, Detroit, in fair condition today after his car rammed the rear of a trailer-truck yesterday afternoon while traveling at an estimated 110 miles an hour on the Farmington-Brighton Expressway in Novi Township.

State Police at the Redford Post said William G. Matheson, 56, suffered head, chest and possible internal injuries.

Geneva Talks Stop for Dulles

Four Fly to Funeral; Gromyko Will Return With Herter, Lloyd

GENEVA (AP)—The Big Four foreign ministers suspended their conference on Germany today and took off for Washington to pay their last respects to the memory of John Foster Dulles.

A U.S. Air Force Constellation carrying Secretary of State Christian A. Herter, British Foreign Secretary Selwyn Lloyd and Foreign Minister Maurice Couve de Murville of France thundered into the sunlit sky here at 3:52 p.m. It is due in Washington at 9 a.m. Wednesday.

Soviet Foreign Minister Andrei Gromyko led the exodus from this conference city in early afternoon. He was traveling by commercial aircraft but will return to Geneva with Herter and Lloyd Thursday night. Couve de Murville will return alone.

Departure of the Western ministers came after an 80-minute session of the conference at the Palace of Nations at which Herter spelled out details of a seven-point plan for unification of Berlin as a first step toward German unity. The plan had previously been presented to the Soviet Union and rejected.

Herter, Couve de Murville and Lloyd, wearing dark gray suits, went directly from the palace to the airport. They made no statements. Mrs. Herter accompanied her husband on his sad mission to the Dulles funeral.

Meanwhile, Western diplomats reported that American, British, French and West German experts are dusting off and updating the 10-year-agreement for Big Four control of divided Berlin. The idea is to adapt it to serve as a basis for a new accord.

East German officials, clearly with Soviet consent, are circulating informally a plan for a new Berlin deal that calls for Western recognition of the East German regime's authority in and around parts of the city.

Informants stressed the Western powers have yet to agree on precise proposals to offer the Soviets.

A lot depends on the readiness the Soviets show for negotiating a workable and acceptable deal.

Tomorrow is the deadline Soviet Premier Nikita S. Khrushchev originally set for ending the military occupation of West Berlin. But the Soviet embassy in Berlin gave assurances today that nothing will be done to disturb the city during negotiations.

Hoffa Charges Reuther Coward

UAW Leader Refuses to Dignify Blasts of 'No Brains, No Guts'

DETROIT (AP)—James R. Hoffa and Walter P. Reuther are at verbal swords points.

Hoffa, president of the Teamsters Union, said in Boston Monday that Reuther, president of the United Auto Workers, has "no brains, no guts." He asserted that Reuther "hid out" from Detroit picket line battles in the 1930s.

Reuther, in Detroit, was silent. An official UAW spokesman said Reuther would not dignify what he called Hoffa's "absurd allegations" with a reply.

However, the union spokesman, Frank Winn, director of UAW public relations, went on to carry the lance for his boss against the Teamsters chieftain.

In recent years the two Detroit presidents of the powerful labor unions have made it clear there was little love lost between them.

Asked his reaction to Reuther's recent statement that Hoffa thinks "with his muscles," the Teamsters leader said: "Walter Reuther had no brains, no guts and hid out in an office during the picket line battles in Detroit in the 30s."

"Then he capitalized on the sweat and blood of the pickets who did the job in setting up the CIO union."

Winn, replying on his own to Hoffa, said Reuther did not get

beaten up in the UAW's strike against the Ford Motor Co. "by hiding out in an office."

"And he wasn't hiding out in an office in 1948 when his right arm was nearly shot off in a shotgun blast in an attempt to kill him," Winn said.

On that occasion, in a mysterious assault never yet solved, Reuther was shot through a window of his home.

Area Man Bound Over to Court in Wife's Death

A 47-year-old Commerce Township man charged with manslaughter in the February shooting of his wife was bound over to Oakland County Circuit Court today by West Bloomfield Township Justice Elmer C. Dieterle.

Pre-trial examination of Elmo Marshall, which began yesterday, ended this morning.

His arraignment in Circuit Court was set for 9:30 a.m. June 2. Marshall, of 1841 Point Dr., stood mute when he appeared before Dieterle April 10 on the manslaughter charge.

The shooting took place at the Marshall home on Feb. 15. Marshall was originally charged with careless use of firearms but the charge was upped to manslaughter when his wife, Mabel, 44, died nearly two months later at Pontiac General Hospital.

Marshall claimed the shooting was accidental. He is free on \$2,000 bond.

A color used on a large area looks much darker than it does on a small one.

Renews Fight for Rezoning

City to Study Request to Allow Car Haulway Firm on Second Avenue

Efforts will be renewed tonight to win rezoning of part of a north-side neighborhood to make way for a storage terminal for an auto-haulway firm.

Arthur W. Kollin, a Pontiac lawyer, said he would ask the City Commission to give consideration to the proposal to rezone 26 lots on both sides of Second avenue, Highland to Laurel, from residential to manufacturing.

The proposal, which was dropped from the commission's month and finally shelved after residents voiced strong opposition, is being made on behalf of the owner of the 26 lots, said Kollin.

The attorney said the land in question was once part of a swamp and not suitable for residential building.

He said that the residential zoning was prohibitive and hinted that a court suit may be brought if the city won't consider rezoning.

Kollin said that the land had been tested by engineers and their findings would be presented to the commission tonight.

A newly designed wall switch has appeared on the market. It is a straight-sided rectangular plate. You touch the top of it for "on" and the bottom for "off."

Tours MSUO With Eye for Religious Needs

The Rev. Myrvin De Lapp of Chicago visited the campus of Michigan State University Oakland yesterday and later discussed problems relative to the opening of MSUO next fall with committees of the University Presbyterian Church here.

The Rev. Mr. De Lapp suggested all denominations work together to welcome students, put the resources of their churches at the students' disposal, provide worship services and integrate students into church life.

Ultimately, the religious group should provide a full-time advisor or campus minister, he said.

The Chicago minister is associate secretary of the Campus Life Division of the Board of Christian Education of United Presbyterian Church.

To illustrate his remarks, he showed a 30-minute documentary film entitled "Campus Encounter" to members of the Session and Christian Education committees of the local church.

The film, photographed in various sections of the United States, pointed out that the university campus offers a wide frontier for the Christian ministry.

The Rev. Mr. De Lapp emphasized that religious counseling on campus must meet the ever-changing needs of today's campus life.

No Hesitating Here

SAN DIEGO, Calif. (AP)—Mrs. Kenneth Porter was quite frank about her age after she found it was listed at 155 in her new driver's license. She admitted she was 33.

then a coffee break from 5 to 7, followed by the dance. Tickets may be purchased at the door.

Ex-Pontiac Man Wins Ohio Journalism Award

A former Pontiac resident and graduate of St. Michael's High School, Tom Duross, Springfield Daily News staff writer, has been named the best reporter of Ohio public affairs in 1958.

The contest was open to all newspapers in the state, daily or weekly as well as wire services. The School of Journalism at Ohio State University administers the annual Heller Award competition established in 1954.

Mr. Duross won the award for his series of articles on urban renewal which resulted in the formation of an Urban Renewal Committee in Springfield.

In an eight-part, front page series, he interviewed city officials, city planners, community leaders and others. The series led to a crack-down on sub-standard housing and renewal became a major city issue.

A 1955 graduate of the University of Detroit with a B.S. in journalism, Mr. Duross was honored at a luncheon in Springfield. In addition to receiving a certificate, he will have his name placed on a permanent bronze tablet in a corridor of the School of Journalism at Ohio State University.

Mr. Duross was a lecturer with General Motors "Parade of Prog-

ress," the show which toured the United States and Canada. He joined the Springfield Daily News staff in August 1956 and handles city government reporting.

Mothersingers Banquet Held

Pontiac Mothersingers held their annual banquet Thursday evening in Flint. Following the dinner, the 18 members returned to the Sashabaw road home of Mrs. Ranson Robb for entertainment.

Mrs. Roy Parden, president, and Mrs. Edward Muschell, vice president, were re-elected. Others elected were Mrs. Lloyd Marks, secretary; and Mrs. Russell Jacobson, treasurer.

Pins, Badges Given at Whitfield

Girl Scouts Hold Awards Meeting

Intermediate Girl Scouts and Brownies with their parents met at Whitfield School gymnasium Friday evening for the presentation of pins and badges to neighborhood Girl Scouts.

Troop 268 opened the program with the flag ceremony.

A new Brownie troop, under the leadership of Mrs. R. D. Westlake and Mrs. C. A. Dornton was invested. Brownies in troops 30, 436 and some girls from Troop 422 and 426 "flew up" to Intermediate scouts.

Badges were awarded to girls in Troops 163, 400 and 323. Girls in Troop 268 received membership stars. This troop has plans for a European trip. Karen Herbolts gave a talk on International Friendship.

Announcer for the program was Doreen Beacco of Troop 323. A tribute to mothers was given in the form of a pantomime by Troop 230. Girls then presented all mothers with roses.

Mrs. V. J. Sutt was general chairman. Special guests were Mrs. Fred Bisballe, president of Northern Oakland County Girl Scout Council. She presented a

Thanks Badge to Mrs. Allan Monteth, leader of Troop 400. The girls of her troop had requested that she be given this award.

A present was given to retiring neighborhood chairman, Mrs. Leonard Doub. She has been instrumental in building the Whitfield Neighborhood Association into a group of registered adults. Mrs. Sutt will assume her duties in the fall.

Why is it the only men who know how to manage women are bachelors?

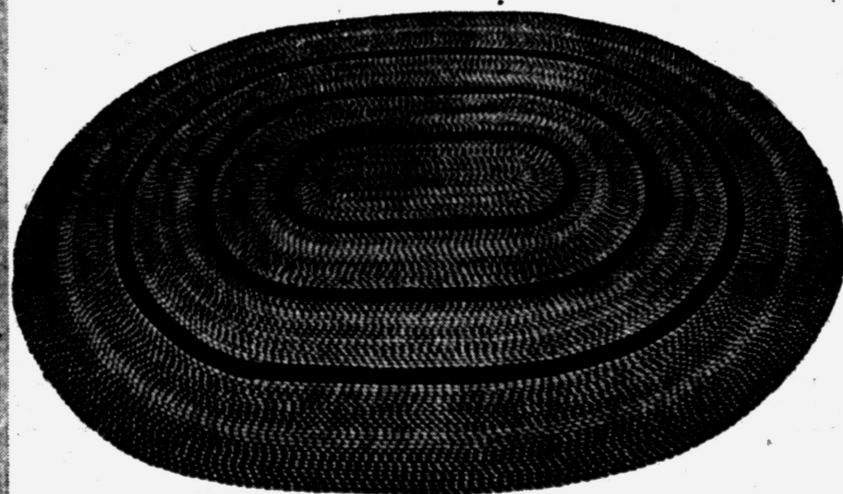

Church Women Listen to Guest

Capt. J. William Heaver of Salvation Army was chief speaker at the meeting of Women's Fellowship of First Congregational Church held Friday at the church. Mrs. Helen Teitgen also took part.

Mrs. Byron Arkles sang a solo, accompanied by Mrs. Karl Ostberg. The luncheon was served by Mayflower group under the direction of Mrs. Sydney Olson.

Have You Tried This?

Cream, Cottage Cheese Blend in Luscious Cake

By JANET ODELL
Pontiac Press Home Editor

Most of you have eaten cheese cake made with cream cheese. Some of you have eaten old-fashioned cottage cheese cake. But have you eaten a cheese cake that uses both kinds of cheese? This is a new recipe to us.

Mrs. Richard Boyer came to Pontiac a couple of years ago from Ohio. She is a member of the Newcomers Club. Most of her time is devoted to her home and her two small children. Knitting and indoor gardening are hobbies.

CHEESE CAKE

By Mrs. Richard Boyer

Filling:
2 cartons (12 oz.) cottage cheese
15 ounces cream cheese
1 1/2 cups granulated sugar
4 eggs, well beaten
Juice and rind of 1 lemon
2 teaspoons vanilla
2 tablespoons cornstarch
2 tablespoons flour
1/4 pound butter, melted (do not try to substitute here)
1 pint sour cream

Beat together cheese and sugar gradually. You might do this in a blender, if you have one, to get all the cheese well mixed. Add eggs and beat well. Then add lemon juice and rind, cornstarch, flour and melted butter. Blend in sour cream and vanilla.

Crust:
10 graham crackers
1/4 cup sugar
1 stick butter, melted
1/2 teaspoon cinnamon
Roll crackers fine and mix with other ingredients. Butter an 8-10 inch spring form or angel food cake pan (with removable bottom). Press crumb mixture firmly on bottom of pan. Save some for topping.

Pop in cheese mixture and top with remaining crumbs. Bake one hour at 325 degrees. Turn off oven and let cake stand in oven for one more hour. Leave oven door slightly open. Remove from pan when thoroughly cooled. Chill to serve. Serves at least 16, as you want only a small piece.

Paris has a new use for jeweled ear clips: they're worn in the hair rather than on the ears.

Need Summer Care

Feet Ills Can Move Upward

By JOSEPHINE LOWMAN

Our feet need special care in hot weather if they are not going to spoil our summer fun.

To begin with nine out of 10 women over 40 have foot problems. The main causes of troublesome feet are the incorrect choice of shoes or socks or stockings and the composition of the material of the shoes. You may start out with complaints which are minor enough—corns, calluses, ingrown toenails, bunions, weak arches and tired muscles.

If these complaints ended there, they would be merely annoying and uncomfortable. Too often they produce aches and pains in the legs, backaches, headaches, acute general fatigue and circulatory problems.

Minor foot troubles even can lead to arthritis. A woman may compensate for foot discomfort by changing her stride and her posture, thereby placing a strain on the muscles and affecting the relationship of joints, bones and ligaments.

Doctor Joseph Lelyveld, Chairman of the National Foot Health Board said, "Nothing adds lines to the face of a woman faster than a pair of aching feet, and housewives, as a group, have the worst feet in the country."

There are several reasons why our feet may give us discomfort in the summer although they behave very well most of the year. One reason is the habit of going without stockings or socks. These protect the feet from bacteria, fungi and the effects of perspiration.

Dr. Lelyveld feels that the best sock to wear for fairly informal occasions is a merized cotton sock. For dress up times you can wear nylon hosiery with cotton soles. Proportionately the feet have more sweat glands than any other part of the body. The cotton soles are fine for absorbing perspiration. Every sock or stocking should be one-half inch longer than the longest toe. A sock which is too short can make you as uncomfortable as a short shoe.

Many people suffer with sore, burning feet in hot weather. This may be due to the habit of wearing soft play shoes or canvas shoes with rubber soles for too long. Putting any shoes on without stockings may cause chafing or blisters and the feet may pick up infections from the shoes since the latter cannot be cleaned or laundered.

The older we get the smaller our blood vessels become. This makes it harder for the blood to circulate effectively. Contrast plunges—alternate dipping of the feet into hot and then cold water—is stimulating to the circulation and refreshing to the feet.

Be especially careful in warm

The main causes of troublesome feet are the incorrect choice of shoes or socks or stockings and the composition of the material of the shoes.

weather to dry the feet thoroughly after your bath. Be sure to dry well between the toes. Dampness is irritating. Afterward powder the feet and do not neglect the in between toe area. Camphor ice is restful and cooling to tired underpinings. This is a combination of oils and camphor.

The feet can swell during a day (especially a hot one) to one size

larger than they usually are. You might be more comfortable this summer if you wear shoes slightly larger than usual.

If you would like to have my exercises for the feet, send a stamped, self-addressed envelope with your request for leaflet No. 14. Address Josephine Lowman in care of this newspaper.

Tomorrow: "Those Little Lines Around Lips Discourage Women."

Students Present Recital on Piano, Organ at PNH

Students of Mrs. Walter Schmitz presented a piano and organ recital Friday evening in the Little Theater of Pontiac Northern High School.

Piano solos were given by Nancy Taylor, Carol Taylor, Nancy Schmitz, Agatha Childers, Polly Schmitz, Jeannette Powley, Robert Powley, Helena Csiki and Cheryl Stagg. Others were Vicki Muttersbaugh,

Linda Pickett, Linda Schultz, Nancy Hodges, Denton Carlson, Kaye Hudson, Sarah Raymond, Marilyn Van Burskirk, Charlotte DeRousse, Joanna Lovett, Colleen Richardson and Sue Franklin.

Jo Ann Tillson and Lane Morris gave organ selections. Awards were given for individual student accomplishments.

Local PEO Meet at Chapman Home

Chapter CL of PEO sisterhood met at the home of Mrs. Harry W. Chapman of Maybee road Monday afternoon for luncheon.

Assisting the hostess were Mrs. V. M. Lindquist, Mrs. Russell Curtis, Mrs. Burton M. Mitchell, Mrs. George H. Putnam and Mrs. L. G. Rowley.

Malta Club Dines With Daughters

"Pattern for Living" was the theme of the mother and daughter banquet held by Corinne Sisterhood, Dames of Malta recently at Malta Temple.

Mrs. Merle Curless, Queen Esther, gave the "Pattern of Welcome" and introduced toastmistress, Mrs. Elmer Beardsley.

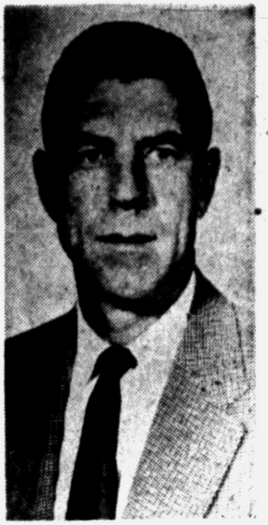

Mrs. Geoffrey Day, guest speaker, spoke on "Pattern of Living for Mothers and Daughters."

Toast to mothers was given by Linda Chambers and Mrs. Edward Coombs toasted the daughters.

Songs were sung by the temple trio made up of Mrs. Day, Mrs. Stewart Gray and Mrs. L. G. Stewart. Mrs. Don Bussard accompanied and sang several solos.

Mrs. Betsy Shoulds received a gift for being the oldest mother. Others receiving gifts were Mrs. Alma Cowley for the most daughters and Mrs. William Harvey as the youngest mother.

Mrs. Richard Lang was chairman and Mrs. James Schramm, cochairman of the affair. Assisting them were Mrs. Christian Theis, master designer; Mrs. William Daugherty, reservations; and Mrs. Albert Clark, publicity. Knights of Malta served dinner.

BRUCE J. THOMAS

Graduating Wednesday from the University of Arizona with a B.S. in geological engineering is Bruce James Thomas of Tucson, Ariz., formerly of Pontiac. He is married to former Pontiac resident, the former Marjorie Meade. They have four children.

Two Parties Will Solve Problem

By EMILY POST

"Dear Mrs. Post: I was married two months ago and at that time received a very handsome wedding present from my fellow-employees. Now that I am settled I would like to entertain them some evening at my house. Some of them are married and I would like to know if it is necessary to include their wives (or husbands) who are strangers to me. We only have a three-room apartment and cannot accommodate too many at one time. I would appreciate hearing from you on this matter."

Answer: It will be better to give two parties so that you can include the husbands and wives, which you really should do.

"Dear Mrs. Post: My husband has been asked to be the best man at a friend's wedding. He would like to give a stag party for the bridegroom-to-be. Since we are of moderate means and this will be quite a strain on us financially, we were wondering if it would be possible to ask the men to bring their own liquor to the party. My husband does not drink but most of the other men do."

Answer: There is no requirement for the best man to give a bachelor dinner which is, in fact, usually given by the bridegroom-to-be. In your husband's case he certainly should not think of it.

"Dear Mrs. Post: When invited to a friend's house for an evening of cards and this hostess usually serves refreshments after the game, is it proper to ask her to serve them before 12 o'clock if the next day happens to be a fast day and you will not be able to eat them later?"

Answer: If the hostess is an intimate friend, it will be quite proper to tell her when you arrive that the next day is a fast day for you and that if she is planning to serve her usual refreshments, would she mind serving them before 12 o'clock so that you can eat some?

Art Club Meets

Mrs. Anu Kilpela of Labrosse drive opened her home for a board meeting of the Pine Lake Art Club today. The club will hold its last luncheon for the term at Rotunda Inn Wednesday at 1 p.m. Members have been invited to bring guests.

Stop Believing Everything . . . Abby

Don't Mind Chrome Dome, Just Check Up on Power

DEAR ABBY: I am considering remarriage after twelve years of widowhood. This man I have in mind is 61 (I am 48, but am still a young woman in many ways) but here is my question. He is very bald and has been for years. I heard that that means he is not what he used to be as far as romantic ability goes. He is full of fun and very affectionate, so I don't know what to believe. Is what I heard true or not?

ABBY

DEAR ABBY: What do you think of a school teacher who makes the kids go out into the

her letters asking her to please give my "wings" back. She says she is keeping them as a souvenir. Please tell me how I can get my "wings" back without breaking into her apartment and repossessing them?

DEAR WITHOUT: Let the girl keep the wings. Appropriately enough—she is for the birds.

DEAR ABBY: What do you think of a school teacher who makes the kids go out into the

auditorium and pick the old chewing gum off the bottom of the seats as a punishment?

STUDENT

DEAR STUDENT: I would not care to get stuck with a teacher like this. If true, the "punishment" is revolting and unsanitary.

For your copy of WHAT EVERY TEENAGER WANTS TO KNOW send 25c and a large, self-addressed, stamped envelope to Abby in care of this newspaper.

Anti-JD Crusade Must Start at Home

By RUTH MILLETT

One fifth of all boys in this country between the ages of 10 and 17 now have a court record for misbehavior. Twelve per cent of the total youth population — both boys and girls — have been brought before a court and charged with delinquency.

"Unless the rising trend is reversed, we can expect a little over one million children to appear before the courts in 1965," says the Senate Juvenile Delinquency subcommittee.

Well, as parents what are we going to do to help reverse the trend?

We might start by saying "Nuts" to the commonly accepted idea that youth must be happy at all costs. Instead of giving Junior everything he thinks he wants, including more freedom than he knows how to handle, we might forget about his happiness and concentrate on his character.

We might wake up to the fact that kids growing up don't need luxuries provided by a working mother's pay check added to the

father's nearly so much as they need a mother at home to keep an eye on them.

We might reclaim the notion, now considered old-fashioned, that parents are more likely to know what is best for their kids than the kids themselves. That would keep us from pussy-footing around, being scared to death to say "No" or to put our foot down, or to have certain inflexible rules for our children's behavior.

We can stop sending our children to Sunday school while we rest up from Saturday night's party and make church a family "must."

We can start insisting that our children be contributing members of the family, instead of just takers who never give anything in return. But above all, we can stop being afraid of the critical attitude of our own teen-agers and the teenage world and stick together as parents.

If we are going to curb juvenile delinquency we've got to curb it where it starts — in the home.

Restaurateur Takes Freeloaders in Stride

By PHYLLIS BATTELLE
NEW YORK — Lawton Carver was a newspaperman for 30 years before he decided he was being grossly unfair to the Internal Revenue Department and should make it up.

It was just before the world series of 1954 that he resigned from the grand life of meeting all those interesting people and getting all the free pencils you could chew, and became a restaurateur.

Many people thought that Lawton was crazy, as it is well known if you want to be stole blind and left without the first pot you invested, it's in the steak and saloon racket that you get the best opportunity.

We fellow reporters at the late International News Service, where he had been sports editor, particularly thought Lawton was crazy because we had stolen him blind for years — lending him money to buy us drinks; he always man-

aged somehow to return the loan, with enough left over to buy more drinks for the somewhat crooked money lenders.

Carver was a man of fabulous interest, in both definitions of the word.

This familiar free hand with the handouts to newspapermen and sports guys resulted in a very fine restaurant on which, because of his basic character, Lawton brought little new joy to the hearts of the revenue bureau.

Finally he sold out and went fishing, a relatively safe pastime where the only thing you can give away, to friends who want to "tie one on," are flies.

Last week, however, the Santa Claus of the saloon people came back. He opened a restaurant, aptly called "Carver's," around the corner from the Daily Mirror building where he worked for 20 years, and the freeloaders dropped around to see how he is.

He is, as usual, a bulk of man with abundant salt-and-pepper hair and the look of a pixie who's been around. The restaurant is as svelte as Carver's wife (whose name quite properly is Lily), and in it he looks like what he is — a sportswriter mildly in awe of his surroundings.

"This joint," he said, pasting a last-minute fly on the fisherman mural in the bar, "is not just for celebrities, and not just for sports guys and newspapermen. I'm catering to anybody who's got the money for a good meal." He grinned, and told the waiter to bring a round of drinks.

"Having been dead broke—hav-

ing dropped from 'who's who' to 'who's he', I am now \$35,000 in the red." But he'll get it back, he said, because what us newspaper slaves don't realize is that he was a restaurateur the first time at the age of five.

HELPED COOK

"My pop was a steamshovel operator and wherever he went mama went along and did the cookin' for the commissary, and I had to help. Later on we sort of settled down in Ocean Springs, Miss. And when my old man didn't work, which was whenever he got a job, he'd come home and sit under the honeysuckle and fish."

"If he got something, we'd open

a restaurant and I'd do the dishwashing. If he didn't get a fish, we didn't have a restaurant."

He later whiled away three decades in the newspaper business and, not until they developed the automatic dishwasher, did he return to his first career. He still would like to make a respectable showing in Washington next April, of course, but money isn't everything, he said, as he showed the freeloaders to the lobster-caviar buffet.

Having a nice office is a consolation. And like Carver said, "this joint is a damn sight cozier than a city room."

\$100,000 Offer Made for Table at Geneva Talks

PARIS (UPI) — A self-made Paris caterer has declared himself ready to buy the Geneva conference "round table" for 50 million francs (about \$100,000).

Charles Bourgeon, 46, whose canteen service feeds 120,000 persons a day, said his aim was to put the table to work in the cause of world peace. He said he planned to leave for Geneva today to place his bid for the table.

Bourgeon has a chest full of medals and 32 wounds from 15 years of service with the French army all over the globe. But since he turned civilian and made a fortune with his catering, he wants to see an end to all war.

DEMURE DEADEYE — Beverly Mackey, 15-year-old straight A student at Roy, N. M., High School, stands proudly by the Big-horn she felled at 150 yards with one shot.

Modern Day Annie Oakley

New Mexico Lass Bags 3rd Place in Sheep Shoot

ROY, N.M. (AP)—Beverly Mackey is about as frilly and fancy a teenager as can be imagined.

So when she recently bagged the third largest Barbary sheep in a special hunt in northwestern New Mexico, it came as somewhat of a shock to the males who normally dominate the field.

At the same time, she hung up a record of being the youngest hunter — man or girl — ever to shoot one of the tricky animals in this country.

Everyone else was surprised — except the people who know Beverly.

Beverly Mackey is a demure 15-year-old student at Roy High School. She's had more than her share of honors. She's the 1958-1959 Future Farmers of America sweetheart.

Dog Best Friend of Law, Claims State Trooper

MOUNT CLEMENS (AP)—State Trooper Philip Nadeau is willing to concede that dog is man's best friend — and a mighty effective arm of the law in a pinch.

Nadeau said he spotted a stolen truck west of here Sunday and took off in pursuit. The vehicle stopped suddenly and two young men jumped out and ran in opposite directions.

The officer said he ran after one who was cutting across a field and, despite two warning shots fired in the air, was losing the chase when Donald Bernardi called from his yard nearby and offered to help.

Bernardi spoke to a huge shepherd beside him. The dog streaked in front of Nadeau, leaped and grabbed Thomas Hamalainen, 18, of Detroit, and held him by the clothes until the trooper came up with handcuffs. Hamalainen offered no resistance.

Minutes later, Nadeau took David Johnstone, 17, of Detroit, into custody after a passerby spotted him hiding in some bushes.

Hamalainen and Johnstone were held at the Macomb County jail for questioning. Neither was injured.

She goes steady with a guard on the high school basketball team. She was this year elected most beautiful girl in the sophomore class. She is now — and always has been — a straight A student.

And she packs a mean rifle. She's been hunting since the age of 9. That year she went with her father strictly as an observer. The next year she went out with her 30-30 Winchester but got so excited she couldn't shoot.

At the age of 12, she bagged her first deer — a nine-point buck weighing 155 pounds.

Last year, Beverly entered the annual Harding County Lions Club turkey shoot. She hit the bullseye every time. For the rest of the day, the other women declined to compete against her and she went against the men — winning four out of five times.

Starting the Barbary sheep hunt season this year, she went alone the first day and saw nothing. The next day, accompanied by Curtis Mackey, her father, and Alfonso Lujan, she bagged her record maker at 150 yards from a kneeling position, in the roughest possible country. And with only one shot.

Next year, just to make things interesting, she plans to hunt with bow and arrow.

They'll Grow Best in Michigan Moss

WASHINGTON (AP) — Senator after senator has made a pitch this session for some flower to become the national emblem. Usually the flower blooms in his home state.

Sen. Philip A. Hart (D-Mich) has decided to stay out of the controversy and boost his home state at the same time. He recently sent each senator a note that read: "No matter what your candidate for the national floral emblem, we of Michigan are confident it will grow best in Michigan peat moss."

Insists She's 'Mr. Mayor'

ST. ALBANS, England (UPI) — Mrs. Stela Dunham, 68, mayor of this town, insists that her proper title is "Mr. Mayor" — "because I'm doing a man's job."

Elisian Handed OK a Day Late for '500' Race

INDIANAPOLIS (AP)—Race driver Ed Elisian of Oakland, Calif., was reinstated Monday by the U. S. Auto Club, but the reinstatement won't become effective until after the Indianapolis 500-mile race.

The USAC Board of Control announced it was lifting the 32-year-old driver's suspension effective June 1 or one day after the 500-mile race, whichever comes later. The race is scheduled for May 30, but could be postponed a day because of bad weather.

Elisian was suspended by USAC last September for "conduct detrimental to racing," after he was charged with passing fraudulent checks.

First Round Victory

PROVIDENCE, R.I. (AP)—Willie Greene knocked down Philadelphia's Charley Alford four times Monday night and registered a first round knockout in their scheduled 10-round middle-weight bout. Greene, of Providence, weighed 157, Alford 160.

Tokyo Named Site for '64 Olympics

Detroit, Vienna, Brussels Lose to Asian City

Impressive Program Offered by Japanese Delegation

MUNICH, Germany (UPI)—Tokyo, which was done out of the 1940 Olympics by World War II, was picked today by the International Olympic Committee to stage the 1964 summer games.

Innsbruck, Austria got the nod for the winter games getting 49 votes to 9 for Calgary, Canada.

Tokyo beat Brussels, Detroit and Vienna in its second bid to become the first Asian city to stage an Olympics.

The breakdown of the voting was not announced by the Olympic committee "out of consideration for the prestige of the other three candidate cities, Brussels, Detroit and Vienna," German Olympic Committee president Ritter Karl Von Hal said.

Tokyo was elected on the first ballot.

Authoritative sources said Tokyo got 34 of 58 votes cast, Vienna 10, Brussels 9 and Detroit 5.

Tokyo was picked as the host after presenting an impressive program for the 16-day meet which, it suggested, should be held either July 25 to Aug. 9, or Oct. 17 to Nov. 1.

The city said it will stage the full program of 21 official Olympic sports, plus the following "exhibition sports" not being officially part of the program—either judo or kendo, two traditional Japanese sports, and either rugby, baseball, table tennis or badminton.

The Tokyo delegation making the bid announced total costs of running the games will be approximately 6,000,000,000 yen (\$16,667,000). One-third will be covered by gate receipts and "contributions," and two-thirds by the national and Tokyo metropolitan governments.

Japan based its case on the fact that it was awarded the 1940 Olympics, which were canceled because of the war; that it proved its Olympic ability by staging the Asian games; and that Asia never before has been the scene of the Olympics although it has produced many great athletes.

Detroit officials came armed with a message from President Eisenhower, assuring the I.O.C. that the United States would give the Olympics a warm and enthusiastic welcome. They argued that the United States, although a top Olympic athletic nation, has not staged the summer games since the 1932 Olympics in Los Angeles.

DECIDING BLOW—Detroit's Gail Harris jogs across the plate with what proved to be the deciding run after belting his 4th homer of the year at Kansas City last night. The 7th inning clout also scored Rocky Bridges (8) in the 4-3 win. Also congratulating Harris is Frank Bolling (2).

Nicklaus, 4 U. S. Mates, Win 1st British Tests

SANDWICH, England (AP)—Jack Nicklaus, 19-year-old American sophomore, went out today for his second-round match in the British Amateur Golf Championship with a new tag—"first time lucky."

He got the nickname after Britons watching him play in the tournament had heard about his successes in several bigtime competitions at the first attempt.

The Columbus, Ohio, youngster won the North and South, the Trans - Mississippi, Ohio Open both his Walker Cup matches and the St. George's (Sandwich) golf vase competitions all at his first go.

Nicklaus and three other U.S. Walker Cup players all won first-

round matches yesterday. Nicklaus defeated Henry Hubble of England 8 and 6 in his first match ever in the British competition; Bill Hyndman of Philadelphia beat Tom Hartwright of England 9 and 8; Charlie Coe of Oklahoma City beat Eustace Crawley of England 5 and 3, and Billy Joe Patton of Morganton, N.C., beat Nigel Howard of England 7 and 5.

Another U.S. Walker Cup player, 22-year-old Tommy Aaron of Gainesville, Ga., lost at the 21st hole to the little known 48-year-old Englishman Leslie Randall.

Altogether 19 Americans were left in the 128-strong field for the second round matches over the 6,728-yard Royal St. George's links on the south-east corner of England.

Church Softballers Get Runs Aplenty

High-scoring featured another night of church softball in Pontiac and Avondale leagues last night. First Presbyterian walloped Salvation Army 12-2 and St. Johns Lutheran trounced St. Pauls Lutheran 12-1 in a pair of city contests. Floyd Hicks hurled First Baptist to a 6-3 win over Liberty Baptist in the other.

Nike outscored Elmwood 13-8, Stone Baptist whipped Avondale Baptist 16-9, Church of God won a forfeit, United Presbyterian hammered Auburn Free Methodist 15-4 and Lake Orion RLDS remained the only unbeaten Avon team by downing Pontiac RLDS 6-2.

Herb Coder homered and Al Remington kept his average at 1.000 for Nike. Dick Hutchinson homered for Elmwood. Max Van Keuren had 7 rbis on a homer, triple and two singles for Stone. Frank Crowell had a home run for Avondale. Orion victor Earl Koonce batted in 4 runs and Larry Bell socked a two-run homer.

Negroes Attend N. Orleans Game Court Lifts Racial Ban on Sports in Louisiana

NEW ORLEANS (AP)—A top will profit from the U.S. Supreme Court's decision ruling unconstitutional Louisiana's law banning racially mixed sports events.

The decision generally met mixed reaction.

The law also required segregated seating for spectators and on the heels of the decision, six Negro fans attended last night's New Orleans-Mobile baseball game in City Park Stadium here. It marked the first time in the city's history that an integrated audience watched a Southern Assn. game.

The Court took only 11 words to affirm a decision given last November by a three-judge federal court in New Orleans:

"The motion to affirm is granted and the judgment is affirmed."

The immediate effect of the action is to bring boxing within the area in which a state may not discriminate on racial grounds.

However, the lower court had said the 1956 Louisiana law covering athletic contests generally was unconstitutional in that separation of Negroes and whites solely because of race violated the constitution's equal protection clause.

Athletic directors of the state's two leading universities, Tulane and Louisiana State, said they looked for no immediate change

West Michigan Gains NCAA Tourney Place

KALAMAZOO, Mich. (UPI)—Western Michigan's baseball squad went into drills today to prepare for Thursday's NCAA baseball tournament at South Bend, Ind.

The broncos gained a berth in the tourney with a 6-3 playoff win over Ohio University yesterday.

Western will meet Big Ten champion Minnesota in the first game of the District IV playoff at Notre Dame.

University of Detroit, which opens in the tourney the same day against Notre Dame, closed its regular slate Monday by tripping Wayne 6-4. The 14th victory set a school record.

The brothers Bosquez got together in their weekend mound chore for Aztecas, and defeated Port Huron 7-4 in a Latin-American loop contest. Joe was the winner, with Raymond helping out in the 7th. Winners got 13 hits off PH hurlers.

It was just a practice session for the other city L.A. nine as Los Mayos blasted Capac 26-2.

Brother Moundsmen Combine for Victory

It was just a practice session for the other city L.A. nine as Los Mayos blasted Capac 26-2.

Jets, Jewelers in 'A' Opener

The Class A City League baseball season gets under way at Wisner Field when the defending champion Jets collide with Shaw's Jewelers. Game time is 5:30 p.m.

Claude (Monk) Simon, president of the Mid-Winter Sports Assn., declined to say how the ruling might affect the Sugar Bowl football game. The Sugar Bowl had tried to persuade Gov. Earl Long to veto the 1956 bill.

Would Be Separate from German Package

Herter Urges Pact on United Berlin

GENEVA (AP) — With secret Big Four talks on Germany scheduled to start Friday, U.S. Secretary of State Christian A. Herter urged the Soviet Union today to negotiate a Berlin settlement which would unite that divided city under its own constitution pending German unification.

Diplomatic informants said Herter spoke at the outset of today's brief session of the four-power foreign ministers conference in advance of his departure for Washington with the British and French ministers to attend the funeral of John Foster Dulles.

The Soviet Union was represented at the session by Valerian Zorin because Soviet Foreign Minister Andrei Gromyko already had taken off for Washington.

Herter spelled out details of the Berlin proposal previously presented as part of the Western package for German reunification, European security, and disarmament. Gromyko has already rejected the Western plan.

Herter noted the connection between the Berlin proposal and the package but did not stress it. Western officials have said they recognize they may have to make an interim arrangement for Berlin outside the package.

A spokesman for Communist East Germany's delegation declared at once that discussions of German questions by the Big Four could only be held when East and West German representatives were present.

The West German delegation made no immediate comment. West German officials have said they favor any type of Big Four negotiations that might lead to progress on the German question.

The Soviet Union, Herter said, has no right whatever to treat Berlin as a part of East Germany and it cannot by any move of its own impair the rights of the Western powers in maintaining their forces in West Berlin and using access routes to it.

Herter declared that Soviet action in 1948 broke up four-power control of Berlin and divided the city. This violated wartime and postwar Allied agreements, he said, but did not remove the Soviet obligation to work with the United States, Britain and France in treating Berlin as a united city.

The Soviet Union, Herter said, has no right whatever to treat Berlin as a part of East Germany and it cannot by any move of its own impair the rights of the Western powers in maintaining their forces in West Berlin and using access routes to it.

School Course Blamed

Young Genius Goes Nazi

CLEVELAND (AP)—The boy is 15, has an IQ in the genius range and when he goes into something he pours his soul into it.

When he took up piano, he practiced four hours a day. Then it was nothing but rockets. That lasted until one of his gang was injured while building a launcher. This time he went in the wrong direction and too far.

He and his three companions planned to organize a Nazi-like party. The boy said in Juvenile Court Monday the plan was to overthrow the U.S. government.

What they actually did, the court was told, was to raid the Bonds for Israel office in downtown Cleveland April 11, cutting up an Israeli flag and painting swastikas on the walls.

The Rev. Everett Ostrom, who appeared with the four in court, blamed a "special study class in politics" at Collinwood High School. The "fuehrer" of the group is a straight-A student at Collinwood and has an IQ of 148, the minister said.

The Rev. Mr. Ostrom, pastor of the First Covenant church, said the boy showed no interest in political ideologies before taking the special course about two years ago. He said he felt the course failed to present democratic ideology adequately.

At Collinwood, Clarence Hudson, an assistant principal, retorted that the school's 3,200 pupils all take social or political study courses and the four "are the only ones who wound up thinking in Nazi terms."

The youths — three 15 and one 16 — were investigated after authorities learned they had distributed subversive literature at the school.

The minister asked Judge Margaret J. Spellacy to let him take the boy into his own home for a year, but the judge ordered psychiatric examination prior to passing sentence.

Judge Spellacy ordered the other three to write 10-page compositions on the best form of government and put them on 10 p.m. curfew.

Acid-Blinded Coed Regains Part Sight

DENTON, Tex. (AP) — A 20-year-old coed who was threatened with blindness and disfigurement when silver nitrate was thrown into her face May 20 has regained normal vision in her left eye, her doctor says.

But the physician said Sheila Rene Nelms still sees only a little light with her right eye.

The doctor said scars on the girl's face and body are clearing up and there apparently will be no permanent disfigurement.

Tommy Ray Lester, 19, a fellow North Texas State College student who admitted throwing the caustic on the girl, is free on bond on charges of aggravated assault. Lester claimed the incident was a practical joke which backfired.

Stringham School Sets Kindergarten Roundup

The Stringham School kindergarten roundup will be held from 10 to 11:30 a.m. and from 2 to 3:30 p.m. Wednesday at the school in Waterford Township.

Residents west of Stringham School have been invited to the morning session. Those living east of the school will meet in the afternoon.

Instructors will be present to acquaint parents with the curriculum, and kindergarten teachers will show the parents kindergarten class operations.

Hollywood Headlines:

Ernest Borgnine Plans
New Marriage, New Life

By BOB THOMAS
AP Movie-TV Writer

HOLLYWOOD — "You can't realize how much my life has changed. I used to be shy and

afraid to talk to people. I'm so much happier now. A whole new world has opened up for me."

These words came from a man in love. If they sound somewhat Marty-like, it's only natural. The man is Ernest Borgnine. The love of his life is Mexican actress Katy Jurado.

Nation Facing
Dollar Choice

GE Chairman Notes
Alternatives of Inflation
or Economic Growth

DETROIT (UPI)—Economic growth or inflation is the great choice facing the nation today, and we're already off on the wrong foot, Ralph J. Cordiner, General Electric board chairman declared Monday.

"Current trends in the direction of bigger government must inevitably lead to inflation, loss of incentive and loss of freedom of individual action," Cordiner told a luncheon meeting of the Economic Club of Detroit.

The idea of some of "growth with inflation," said Cordiner, is "a mirage that will disappear into the desert of economic stagnation."

The GE executive declared that a strong economy is inseparable with a strong defense against the challenge from enemies of the Western world.

"The great challenges of today's world are in an area where businessmen can make an important and perhaps decisive contribution," he added.

Cordiner called "illogical" current attempts to tie pay increases with improvements in productivity because, he said, they disregard the real sources of increased productivity.

Moreover, said Cordiner, advances in productivity from company to company vary considerably while pay increases tend to spread rather generally across a community or industry.

New pay rates granted by one industry are forced rather generally on other employees whether their productivity is improving or declining, said Cordiner.

When this happens, he said, these companies or industries have started a new inflationary spiral.

"We've got a lot in Cuernavaca and another in Acapulco, and we plan to build homes on both," he said. "I like living down there."

"The Mexican people have a way of life that is entirely different from ours. Here, we work like crazy, we fight the traffic on the freeway, we hurry home for that before-dinner martini so we can calm our nerves."

"Life isn't that rushed in Mexico. The people there know how to relax and enjoy the pleasant things of living. I go down there tense and keyed up from working. Soon I learn to take it easy."

Whether Ernie will have time to enjoy the manana life is problematical. In the past few months, he has gone from making "The Rabbit Trap" here to "Summer of the 17th Doll" in Australia to "Man on a String" in Berlin.

The latter is a slightly fictionalized account of Boris Morros' adventures as a counterspy, and it was made right under the noses of the Soviets.

Upjohn Names Gauntlett
KALAMAZOO — J. C. Gauntlett has been named executive vice president of Upjohn International Operations, Inc. He will succeed E. H. Coleman, who will continue as a director of the pharmaceutical firm's international division.

What this country needs is more people who will show in their jobs the same determination to get ahead that they show when driving in traffic. . . . Among the hazards of modern living is lighting the wrong end of a filter cigarette. —Earl Wilson.

Judge Demands
U. S. Narcotics
Chief Resign

NEW YORK (UPI)—Chief Magistrate John M. Murtagh of New York City has called for the resignation of Federal Narcotics Commissioner Harry J. Anslinger.

Murtagh said that "vicious" and "sadistic" administration of federal narcotics laws has "literally created the underworld" Mafia which is growing rich on "junk-running."

He said Anslinger should be replaced by "a distinguished public health administrator of vision and perception."

In Washington, Anslinger said he had no intention of resigning. He charged that Murtagh's suggested reforms would commit thousands of drug addicts to "a life of slavery to drug addiction" and "slow murder."

Murtagh's statements were made at a press conference preceding publication today of a book on the drug problem, "Who Live In Shadow." He wrote the book with Sara Harris, a professional writer.

"Just as rum-running made the Mafia rich when liquor was outlawed in this country, so junk-running makes the new Mafia rich and powerful today," he said. "Our drug laws are immoral in principle and ineffectual in operation."

A-Pact With Canada
for Defense Told

OTTAWA (UP)—A Canada-United States agreement providing for cooperative use of atomic energy for mutual defense purposes was announced today by Prime Minister Diefenbaker.

He informed the House of Commons that the agreement will open the way "for the transfer at some future time to Canada of military reactors and any special nuclear materials required for them."

The reference to military reactors was believed related to Canada's present study of the economic and military feasibility of building atomic-powered submarines or other vessels in this country (Canada).

It was understood a separate agreement will be required to cover the storage of American nuclear warheads in Canada.

Plastic Bag Kills Again;
Will Slaughter Cease?

CLEVELAND (UP)—Three-month-old Vincent David Fitch was suffocated Monday by a plastic cleaning bag used as a sheet.

It was the first reported death in Ohio since the danger of plastic bags was widely publicized.

The child, son of Mrs. Lilly Fitch, was at the home of a babysitter, Mrs. Gladys Johnson, 45, when the accident occurred.

Mrs. Johnson told County Coroner Samuel R. Gerber she put the plastic bag on a double bed to protect the bedding and topped it with a light blanket.

Ten minutes after giving him a bottle at 7:30 a. m., Mrs. Johnson said, she returned and found the infant had rolled over on his left side and had pulled the bag over his head. The coroner ruled death was accidental and due to asphyxiation.

House Authoring
Its Own Aid Bill

WASHINGTON (AP) — The House Foreign Affairs Committee was reported today almost ready to produce its own version of a foreign aid bill.

There were indications its total would not be too far below President Eisenhower's \$3,930,000,000 proposal, informed guesses ranged around \$3,600,000,000.

"We're trying to agree on the last items today," Chairman Thomas E. Morgan (D-Pa) said before the committee went into closed-door session.

"Prospects of agreement brightened when Rep. Wayne L. Hays (D-Ohio), who has been arguing for drastic cuts in military aid

British Press Differs on Herter

Conservatives Applaud
but Liberal Newspaper
Is Critical

LONDON (UPI) — British newspapers differed today on the issue of Secretary of State Christian A. Herter's fitness to succeed the late John Foster Dulles.

The Conservative Daily Express and Daily Mail found Herter "formidable," even potentially "great," but the Liberal News Chronicle said neither he nor any other likely prospect could fill Dulles' place.

"The signs are increasing that Herter is a formidable figure," the Express said. "He has already won the profound respect of the other Western foreign ministers (by his firmness in dealing with the Russians in Geneva)." . . .

"It is much too soon to assess the true stature of this newcomer . . . But the principles of the Dulles foreign policy seem certain to remain. It will be the same mantle—only worn with a more delicate air."

"Herter gives the impression of a man easing himself into the international arena, even into greatness . . ." the Mail said. "(He) will emerge from this baptism of humid power politics as a natural leader of the Western alliance."

The News Chronicle said, however, that it would be impossible to find a satisfactory replacement for Dulles in the 26 months remaining to President Eisenhower's "lame duck" administration.

"There are no new men of vision on the horizon," the Chronicle said. "The atmosphere, at times, is heavy with a stale negativism."

"The military maxim of delegating leadership has finally failed Eisenhower. Now all the delegated powers have been returned to him. He is a lonely figure, with the opposition controlling Congress."

Spillway Plunge Fatal to Couple, 65

FORT COLLINS, Colo. (AP)—Mr. and Mrs. Lewis Brown, both about 65, plunged to death Monday when their fishing boat was caught in a current and hurled down a 65-foot spillway at Seaman Reservoir.

Mrs. Brown's body was recovered a quarter of a mile downstream. Her husband's body and the boat were retrieved at the base of the spillway.

Investigators said the couple apparently was so intent on fishing they did not notice their boat was drifting into the spillway current.

Professor Fakes Death Following Affair With Coed

PITTSBURGH (AP)—A married University of Pittsburgh instructor who allegedly faked his death and disappeared after a reported romance with a coed has been located on the West Coast, according to a relative.

The relative was quoted by the Pittsburgh Post-Gazette Monday night that Ronald T. Field, 27, phoned his parents last Saturday and they left to see him. Field's exact whereabouts was not disclosed.

Field, an instructor in insurance at Pitt and a supply minister of the Methodist Church, disappeared May 12. His auto was found wrecked at the bottom of a steep Monongahela River embankment near here.

Last week Allegheny County detectives reported that Miss Carol Hickey, 18, of Columbia, Pa., said Field had faked his death. Detectives quoted Miss Hickey that she had carried on a romance with Field since last February.

Beware! Swindling Time

LANSING (AP)—Summer is coming to Michigan and so are quick change artists, pickpockets, swindlers, fake jewelry salesmen, dishonest repairmen, phony doctors, fortune tellers, cheating barn painters and money blenders.

That was the warning today from State Police Commissioner Joseph A. Childs.

Warm weather seems to bring out confidence men, he said. From April through September, their activities in Michigan are 80 per cent greater than in the cooler months, he said.

Businessmen, citizens and tourists are fleeced out of thousands of dollars annually. To avoid being victimized, he said, you should: Check business firms with Better Business Bureaus or the local Chamber of Commerce. Deal only with reputable firms.

Call the police if you're suspicious of a deal. Don't sign a contract for any work to be done unless you know what you're signing.

If you're taken, call police immediately.

No Room for His Staff

Gromyko Rejects Flight With Western Ministers

GENEVA (UPI)—Soviet Foreign Minister Andrei Gromyko asked and was granted permission to fly to Washington with Secretary of State Christian A. Herter but refused because he would have to leave his advisers behind, it was disclosed today.

Gromyko's decision to take a commercial plane to the John Foster Dulles funeral instead of flying with Herter and the other two Western foreign ministers aboard a U.S. Air Force plane meant there would be no East-West talks on the long flight to Washington and return.

Andrew Berding, assistant secretary of state and official U.S. spokesman, said Gromyko asked Herter last night if he could fly on an American plane to Washington to the Dulles funeral and that Herter told him he would have to check for space.

Herter then sent word there would be one seat available on the 10-passenger V.I.P. American plane and that Gromyko would be welcome.

Gromyko's answer was that he would need additional space for his advisers. He was told this was not available on the craft and that both British Foreign Secretary Selwyn Lloyd and French Foreign Minister Maurice Couve de Murville were traveling alone.

Gromyko's final reply was that in this case he would travel by commercial plane.

Swissair said three spaces had been booked on the 8:45 a.m. EDT flight to London for Gromyko.

House Approves of Smoking for 18-21 Age Set

LANSING (AP)—Though it's a law seldom enforced, you can't legally smoke in Michigan until you're 21 years old.

Rep. John C. Morris (R-Midland) called it a "silly and slightly ridiculous" law and urged passage of a bill to lower the minimum age to 18. It cleared the House 66-14 and moved to the Senate.

Rep. Holly E. Hubbell (R-Saginaw), who led a successful fight against an identical measure four years ago, acknowledged the law was unenforceable. But he said State Police and other law enforcement agencies could utilize it as a weapon to arrest young people suspected of peddling marijuana and other narcotics.

"I don't object to smokers or smoking," said Rep. Fred O. Olsen (R-Sheridan), another opponent. "But this just lowers the gate a little bit further for teenagers to get into trouble. Next thing you know we'll be lowering the age to 14 or 12."

Police sometimes resort to the ban to break up teen-age gangs loitering on street corners.

Moscow, Peiping Closer

TOKYO (AP)—Moscow and Peiping came 700 miles closer by train June 1. On that date a Peiping broadcast said, the first through train will use the new short cut via Ulan Bator, capital of Mongolia. The trip will take 9½ hours less than the present route via Manchouli, in northeast China, the report said.

HAD ALL YOUR POLIO SHOTS ?

Polio isn't licked yet . . . and the 1959 polio season is just around the corner. Millions of Americans are still unprotected against this feared disease.

Paralytic polio cases actually increased in 1958 over 1957 among those not vaccinated. Play safe . . . make sure you and your family get all your shots. Remember—polio strikes all ages. See your doctor or health department NOW.

DON'T TAKE
A CHANCE—

TAKE YOUR
POLIO SHOTS!

Shovels to Turn on Big Canada Dam

OUTLOOK, Sask. (AP) — Construction of the 184-million-dollar South Saskatchewan River dam officially begins Wednesday.

Prime Minister John Diefenbaker and provincial Premier Thomas C. Douglas plan to attend the dedication ceremonies. Work actually has been under way since December.

When completed, the earthen dam will back up water to irrigate 500,000 acres and produce 375 million kilowatt hours of electricity annually.

The project probably will take

at least six years to finish. Officials hope to wrap up 10 per cent of the work this year. The federal and provincial governments are sharing construction costs.

Court Rejects Transfer of Gas Pipeline Suit

CINCINNATI (AP)—The U. S. Court of Appeals, sixth circuit declined today to order a damage suit against the Panhandle Eastern Pipeline Co., of Kansas City transferred from the eastern Michigan U. S. District Court to one in western Missouri.

The damage suit was filed by the Michigan Consolidated Gas Co., of Detroit against Panhandle. It charged Panhandle has refused to sell it gas over a period of six years.

Purse-Snatcher Gets 1 to 10 Years in Jail

An 18-year-old confessed purse-snatcher from Troy was sentenced to 1 to 10 years in Jackson Prison yesterday by Oakland County Circuit Judge Clark J. Adams.

Roger Retell of 2900 Iowa St. pleaded guilty May 11 to larceny from a person in the theft of a purse containing \$45 from a woman on a Royal Oak street last month. The theft was uncovered when police later stopped Retell for a traffic violation.

The top flaps of certain cardboard cartons can be used as trays when you are painting around the house.

Cape Canaveral Work Resumes

Building Strike Ends

CAPE CANAVERAL, Fla. (AP)—Union carpenters removed picket lines today and 1,650 building tradesmen returned to their jobs at the missile test center and nearby Patrick Air Force Base.

Several million dollars worth of construction was halted by the 10-day strike of 115 carpenters, who came to terms Monday night with their employers, the Associated General Contractors. Other union men had observed picket lines.

Missile launchings were not affected by the work stoppage which

came May 15 when an old contract expired.

At one time about 5,000 men were off their jobs.

It was learned the carpenters and the contractors agreed to a 40-cent pay package in a two-year contract. The carpenters, who average \$2.85 an hour, wanted a retroactive 25-cent raise in a one-year contract.

The contractors at one time offered a 35-cent raise, not retroactive, in a two-year pact.

In Death, Dulles Achieves East-West Unity on May 27

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON (AP)—Tomorrow — May 27—had been an important day on the calendar of Secretary of State John Foster Dulles. He never dreamed how truly important it would be in a more personal sense.

It was to have been the cold war's day of crisis and showdown with the Soviet Union over Berlin. But there is no crisis.

Instead, it will be the day of Dulles' funeral with his old-time antagonist and opposite number, Soviet Foreign Minister Andrei Gromyko, flying the ocean to pay his last respects to him.

Last Nov. 27 Premier Nikita Khrushchev gave the Western Big Three—the United States, Britain and France—six months to get their troops out of West Berlin or face a showdown. That placed the six months' deadline at May 27.

It meant a new crisis, but only the latest of many, for Dulles who was still the busy, bustling and seemingly indestructible secretary of state. He had no reason then to suspect May 27 would be his own personal deadline.

On the contrary, he immediately began a long, diplomatic battle against the Soviet demand to "free" Berlin. He was firm against abandoning the West Berliners but he was not defiant. This time he thought it better not to be.

Rather he was conciliatory. He made tremendous efforts to line up the West for a stand against the Soviet pressure.

Eventually, he proposed that the West and the Soviet Union talk things over. Out of this proposal came the present talks in Geneva, between the Western foreign ministers and Gromyko, to find a peaceful solution to the Berlin dispute.

Dulles helped shape those talks and plan them. They began three weeks ago. They have accomplished absolutely nothing except to get over the May 27 deadline without crisis.

They may go on for weeks. In the end there may be crisis. But it was only after the West had proposed these Geneva talks that Khrushchev backtracked a bit and said he really didn't mean, back in November, to make May 27 a deadline.

But today the foreign ministers suspended their talks for two days so all of them—including Gromyko—can fly here for Dulles' funeral. So even in death Dulles is having some effect on relations with the Soviet Union.

If Gromyko had stayed in Geneva, while the Western ministers flew here as a final tribute to Dulles, the U.S.S.R. in the world's eyes would have looked guilty of sullen bad taste.

solid footing!

WIDE-TRACK PONTIAC!

Wheels are five inches farther apart. This widens the stance, not the car, gives you road-hugging stability, less lean and sway. Only Pontiac has it!

Judge Turns Down Plea by Connie for New Trial

INDIANAPOLIS, Ind. (UPI)—A motion for a new trial for Mrs. Connie Nicholas was overruled Monday by Judge Thomas J. Faulconer.

Faulconer, who sentenced Mrs. Nicholas to 2 to 21 years imprisonment last month in the slaying of wealthy drug executive Forrest Teel, ruled that the 46 contentions of trial error contained in her 39-page motion were not grounds for a new trial.

Iron Industry Gives Honor to GM Foundry Director

HOT SPRINGS, Va. (AP)—Carl F. Joseph of Saginaw, Mich., technical director of General Motors Corp.'s Central Foundry Division,

Monday received the highest honor offered by the malleable iron industry.

Joseph received the McCrea Medal from John A. Wagner, president of Wagner Castings Co., Decatur, Ill. The presentation took place at the Malleable Founders' Society annual meeting here.

Joseph was cited for having "done more to make it possible for younger men to become interested in producing castings of better metallurgical characteristics than anyone who has been associated with the industry."
