Ziegler to Meet County Group

To Pose 20 Questions on Expressway Plan to Road Chief

Meeting last night, the Southfield-Bloomfield Assn. planned to play a hot game of "20 Questions" with Michigan Highway Commissioner Charles M. Ziegler, who will meet with the group Wednesday night.

The Association, formed to oppose Ziegler's announced plan for a Southfield Expressway route through the two townships, has invited Ziegler and his chief deputy, George M. Foster, to the meeting to answer questions on the route.

Consisting of representatives from some 16 neighborhood civic groups, the Association claims to represent 5,000 residents along the proposed route who would be affected by the new road.

Last night, members decided to condense questions submitted by the member groups to 20, and pick a forum of representatives to toss the queries at Ziegler.

TO USE HIGH SCHOOL

The group has arranged to use Southfield High School gymnasium, with a seating capacity of more than 3,000, for its meeting Wednesday.

A "Paul Revere" movement was launched last night to acquaint area residents with the "threat" posed by Ziegler's announced route.

Adopting a "platform," members last night went on record opposing the route on 11 specific grounds. The platform hammers at the high condemnation cost of a route running through some of the most exclusive residential land in the county, and stresses inconveniences posed by a limited-access road cutting across community and school district boundaries.

After the official forum has posed its 20 questions, written questions from the floor will be accepted and relayed to Ziegler, according to Chairman Daniel T. Garan.

Invitations to the meeting will be sent to Sen. Charles F. Potter, State Sen. William S. Broomfield, County Planning Commission chairman J. Robert F. Swanson, county road planner Robert Larson, and Southfield land planner James Hickey.

Mother, Tot Injured as Car Rams Truck

A teenage mother and her five-month-old baby received minor injuries when their car rammed into the rear of a stopped truck in Waterford Township Thursday afternoon.

Mrs. Frances DeGroot, 17, of 2327 Hartford Dr., Waterford Township, was released after treatment at St. Joseph Mercy Hospital for chest bruises. The baby, Lorri Ann, was treated by a local doctor for a minor head injury.

The car crashed into the truck in front of 4379 Dixie Highway, near Sashabaw road.

Trucker John Galazka, 32, of 47686 Winthrop Ave., Utica, told investigating Township police he was sitting in his parked truck off the right side of the road when struck from behind.

Ex-Station Attendant Waives Examination

A former gas station attendant who Pontiac police say admitted taking $100 from his employer, yesterday waived examination at his arraignment on a charge of breaking and entering.

Pontiac Municipal Judge Maurice E. Finnegan freed Charles A. Woodward, 24, of 375 Fourth Ave. under $1,000 bond. Woodward was bound over for arraignment in Oakland County Circuit Court Oct. 8.

Police say Woodward took the money Aug. 28 from a barrel of sweeping compound in a rear storage room of the station at 688 W. Huron St.

TOO MUCH CONFETTI — Adlai E. Stevenson (right) grimaces after being hit in the face with a wad of confetti while riding through the streets of St. Louis yesterday. The Democratic candidate for President was returning to his hotel after making an appearance at the Mid-America Jubilee, an industrial exposition. Seated next to Stevenson is Sen. Thomas C. Hennings.

Colombian Indian, 167? Causes Minor Volcano

NEW YORK (AP)—Javier Pereira, Colombian Indian who some people claim may be 167 years old, erupted like a pint-sized volcano yesterday. During a 20-minute news conference he swung at a press agent, a blonde, a photographer and a reporter.

* * *

Pereira appeared at the session in conjunction with a report by New York Hospital that he is a very old man and "possibly may be more than 150 years of age."

Four feet, four inches tall and weighing 82 pounds, Pereira kept things in an uproar until he told his interpreter: "I'm getting the hell out of here."

* * *

Pereira had accepted the suggestion that he sit on a sofa and pose with a blonde reporter. The blonde held his hand fervently and both were beaming until photographers' flash bulbs went off.

This was it! Pereira snapped to the girl in Spanish: "Don't steal the ring" (on his finger). He sent a hearty slap in her direction. A press agent stepped into the breach and got a sock. The Indian then leaped up and swung at a photographer. He took a final swing at a male reporter trying to quiet him down.

* * *

Commented the reporter: "Believe me, it hurt."

New York Hospital said in its report — issued after tests:

"Although medical science possesses at present no method of determining the exact age of any adult, nonmedical evidence indicates that Mr. Pereira is indeed a very old man, and that possibly he may be more than 150 years of age.

"Under such circumstances, his physical condition and his diet are of lay as well as medical interest. Examination has revealed him to be vigorous, alert and observing.

"His eyesight is impaired, but he is still able to find enjoyment from Westerns on television. He likes to listen to music and can dance in rhythm.

"His skin is like that of an old man, but shows no more of the effects of age than that of most men of 70."

* * *

Pereira has no teeth but does sport a complete crop of dark hair only interspersed with grey.

Despite his somewhat antisocial get-together with the press at the Hotel Biltmore, the hospital report said:

"He is gregarious and likes to meet people."

2 School Children Struck by Auto

Two school children were struck by a car on N. East Blvd. yesterday as they crossed the street after classes.

* * *

Henry A. Laidlaw, 8, of 617 Valencia Dr. and Joan M. Johnson, 10, of 595 Granada Dr. both were treated for minor bruises and released from St. Joseph Mercy Hospital, authorities said.

The driver, Joseph C. Caldwell, 42, of Drayton Plains told Pontiac police the children darted into his path in the middle of the block south of Perry street.

The girl explained that another driver had stopped and motioned for them to cross, police said.

Ask Drivers to Help Catch Fur Thieves

Birmingham Police are seeking the aid of local motorists in solving the Wednesday night theft of $12,000 worth of furs from a Woodward avenue store.

Lt. Merlin H. Holmquist, of the detective bureau, issued a request today asking anyone who may have seen a suspicious truck or car near the burglarized Furs By Robert store to notify police.

The breakin occurred about 9:45 p.m.

establish diplomatic relations with Japan, which occupied Korea for years before World War II.

Convention delegates beat Kim savagely before police guarding the hall could get to him to make the arrest. He was taken to a police hospital.

Democratic party leaders said a second unidentified man with the assassin was arrested as he tried to escape.

Chang, 56, and regarded as a mild politician, has been a storm center of Korean politics since the campaign last spring.

As vice president, Chang has no power but would take over the presidency if Rhee, now 81, should die.

Rhee and Chang share an intense hatred of communism and a desire to take North Korea away from the Reds. But Chang charged Rhee's government was inefficient, autocratic and incapable of wisely using aid funds to rebuild Korea.

Rhee has always been extremely sensitive to political criticism. In the past, toughs have beaten and roughed up opposition candidates who spoke against the Rhee administration.

Actor Flying Low

HOLLYWOOD (INS) — Actor Steve Cochran has been accused of "hedge-hopping" his light plane over the Hollywood Hills area. Policemen on a helicopter patrol said yesterday Cochran was flying the craft at less than 100 feet above ground level.

147 Vatican's Guards Killed in One Battle

VATICAN City—May 6 is the date when new members of the Swiss Guards at the Vatican are sworn in. It was on May 6, 1527, that 189 Swiss Guards held St. Peter's Square against 1,000 German and Spanish mercenaries of Emperior Charles V during the sack of Rome.

Only 42 guardsmen survived.

Soldiers from Switzerland and mercenaries for the popes as early as the 14th Century. After the 1527 battle the Swiss Guard passed out of existence. It was revived 21 years later by Pope Paul III.

Freight Train Crash Kills Two in Alabama

CROMWELL, Ala. (AP)—A Frisco freight train slammed into another freight which had stopped ahead of it today, crushing two trainmen in the shattered caboose and critically injuring another man.

* * *

The wreck occurred six miles south of this southwest Alabama town, about 70 miles north of Mobile.

Oldest West Point Grad Peter Traub Dies at 92

MANCHESTER, N. H. (INS)—Funeral service will be held tomorrow for Maj. Gen. Peter E. Traub, 92, who was the oldest West Point graduate. Burial will be at the military academy from which he was graduated in 1886.

U.S. Invites Reds to Watch Elections

WASHINGTON (INS)—The U. S. has invited Russia and four of its European satellites to send representatives as observers of the "free electoral processes" in America next month.

* * *

The State Department announced today that the five Red nations were asked to send two or three observers each to arrive in the U. S. around Oct. 21 and remain until after election day Nov. 6.

In addition to Russia, they would be from Czechoslovakia, Poland, Hungary and Romania, the four Iron Curtain countries with which the U. S. maintains diplomatic relations. Albania, Bulgaria, Red China and East Germany were left out.

A department spokesman said the invitations were issued eight or nine days ago, but they have not yet been answered.

County Woman Wins $14,000; Not Sure What Did It

Mrs. Orlin E. Bowman, of Royal Oak, won her baby's weight in gold today in a baby-naming contest, but even she doesn't know which name won the $14,000 check.

* * *

Mrs. Bowman submitted six names in a contest sponsored by a baby food manufacturer—and won a check representing what her 25-pound son, Orlin III, would have been worth if he were made of solid gold.

The prize-winning name was selected by Northwestern University Professor Lloyd Harrold, but nobody else knows what it is, a company representative said.

To avoid counter-claims by disappointed contestants the name will not be made public, he said.

2 Receive Minor Injuries in Crash

Two drivers were slightly injured when their cars collided as one turned left last night on Elizabeth Lake road, Pontiac Police said.

Franklin C. Owen, 18, of 17 S. Midland Dr., was treated for a bruised forehead at Pontiac General Hospital, authorities said. William G. Sinclair, 33, of 60 Osage Circle was treated for cuts on his head and ear.

Owen's car, headed east on Elizabeth Lake, rammed the right side of Sinclair's turning left at Neome drive, police said.

Fastest Plane Kills Test Pilot

Record-Smashing X2 Crashes Mysteriously in California

EDWARDS, Calif. (INS) — Mystery today surrounded the cash of the world's fastest and highest-flying airplane, the Bell X2.

* * *

The Air Force is appointing a board of officers to investigate.

The rocket-powered research plane, which set an unofficial speed record of 1,900 m.p.h. in July and flew to an altitude of 126,000 feet three weeks ago, crashed at Edwards Air Force Base yesterday.

The accident claimed the life of Capt. Milburn G. Apt, an Air Force test pilot at Edwards since 1954. He had no chance to bail out. His body was found in the wreckage.

FIRST TIME OUT

Although Apt had tested many other planes, it was his first flight in the X2.

The sleek little plane was taken aloft under the belly of a B50 bomber for a "routine indoctrination flight."

It was cut loose at 30,000 feet and Apt flipped the switches to start power in the plane's two rockets chambers.

Diana Dors to Swing Home Over Holidays

HOLLYWOOD (INS) — Diana Dors, the British beauty who came to Hollywood to cash in on her photogenic talents, admits she is "quite homesick" for England.

* * *

The blonde film star said yesterday she plans to return to London "for Christmas and the holidays" but will return here to resume her lucrative career.

Miss Dors made her announcement after her husband, Dennis Hamilton, said in London she had decided to give up Hollywood and return to England.

Hamilton said he wanted to remain in Hollywood but his wife insisted on returning to London.

* * *

Miss Dors' reply was:

"I'm not going to sell my home in Hollywood, although I am quite homesick."

Judge Throws Out Costello Deportation

NEW YORK (AP)—Federal Judge Edmund L. Palmieri today dismissed a government proceeding to take away gambler Frank Costello's citizenship.

Palmieri threw out the case "without prejudice" — meaning that the government may renew the proceedings.

U. S. Atty. Paul W. Williams announced an appeal would be taken.

Palmieri ruled that the government's case rested on documents containing references to wiretaps, and that use of such evidence is not admissible in federal proceedings.

Driver Hospitalized by Collision in Troy

One man was hospitalized and another slightly hurt in a collision in Troy last night.

Andrew Hastings, 66, of White Cloud, is in good condition at St. Joseph Mercy Hospital today with a fractured left leg and bruises of the right leg.

Orval Renaud, 50, of Troy, was treated for a minor foot injury.

Hastings was driving a car which was struck from behind by one driven by Frank Sinacola, 31, of Royal Oak, at Colbrook and Rochester roads.

Government Witness Gets Five-Year Term

NEW YORK (AP)—Harvey M. Matusow, turnabout witness convicted on five counts of perjury, today was sentenced to five years in prison.

Federal Judge John F. X. McGohey assessed a five-year term on each of the counts against Matusow, but ordered that they be served concurrently.

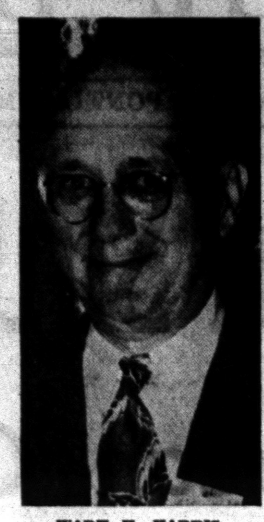

Three Violations, Three Sentences, Thirty Days

Three violations involving driving licenses resulted in three jail sentences of 30 days each for a Detroit man yesterday.

Darthus Moss, 24, of 14008 Fleming St., was lodged in the Oakland County Jail after pleading guilty to the violations at an arraignment before Farmington Township Justice Allen C. Ingle.

He was reportedly arrested for driving without a license in both August and September and then nabbed for displaying another person's license.

The outdoor poster or billboard advertising came into use in the U.S. in about 1850 when P. T. Barnum announced the Jenny Lind concert series.

WADE H. HARRIS

Township Man Succumbs at 69

Wade H. Harris Dies After Having Ill Health Several Months

Wade Hampton Harris, 69, member of Pontiac Township school board, was dead on arrival this morning at Pontiac General Hospital. He had been in ill health several months.

* * *

He was the son of the late William and Sara Pinkerton Harris. His father died earlier this month at the age of 95.

Mr. Harris was born in Marietta, O. on Aug. 12, 1887 and married Mary A. Walters on April 5, 1919 in Detroit.

A graduate of Harvard University, he came to the Pontiac area 35 years ago from Marietta and was employed in the purchasing department of the Pontiac Motor Division 34 years, retiring in August, 1952.

MEMBER OF LODGE

He was a member of the Roosevelt Lodge F & AM No. 510 and the High Twelve club.

Surviving are his wife, two children, William W. Harris of Rochester, Walter E. Harris at home; two grandchildren and a brother, Deward B. Harris of Marietta. The family home is at 2306 Pontiac Road.

* * *

Service will be at 1 p.m. Monday from the Donelson-Johns Funeral Home with the Rev. Edward D. Auchard, associate pastor of the First Presbyterian Church, officiating.

His lodge will conduct the graveside Service at Lakeview Cemetery, Clarkston. Friends may call at the funeral home after 7 o'clock this evening.

Pontiac Deaths

Mrs. Minnie B. McBride

Mrs. Minnie B. McBride, 76, of 244 West Chicago Ave., died yesterday morning at St. Joseph Mercy Hospital. She had been ill several months.

Born in Johnson County, Ill., on April 2, 1880, she was the daughter of Joseph and Ann Gay Thomas.

Mrs. McBride, an employe at the St. Joseph Mercy Hospital, came here from Illinois in 1941.

Surviving are a daughter, Mrs. Idell Houston of Pontiac, a son, Wayne McBride with whom she made her home; two grandchildren; two great-grandchildren and a brother, Henry Thomas of Lafe, Ark.

The Rev. David Mortensen of the Marimont Baptist Church will officiate for the service at 1:30 p.m. Saturday in the Huntoon Funeral Home. Burial will be in Perry Mount Park Cemetery.

Driver Given 10 Days for Pair of Violations

Joseph H. Whipple, 23, of Ferndale, is serving two sentences totaling 10 days in the county jail for traffic violations.

He pleaded guilty Thursday to charges of straddling traffic lanes and driving without an operator's license. Arraignment was before Oak Park Justice William F. Nern.

The Day in Birmingham

Clear Old Structure; Plan Gulf, Howard Johnson's

BIRMINGHAM — Ground clearing took down an old eyesore on the corner of Maple road and Telegraph road in Bloomfield Township this week and made room for a Gulf super-service station and a Howard Johnson restaurant.

It also indicated the two firms' faith that a highway would not be routed through that sector. The turnpike route had been traced through the property, but according to the franchiser "apparently will never be built though no one has a 100 per cent guarantee."

The restaurant will be operated by the Central Continental Corp., a Royal Oak Firm that operates the present Howard Johnson's in Royal Oak under the Johnson franchise. Edmund Boks of the firm said today that construction of the restaurant building may be soon or may wait till spring.

The Gulf station will probably be built at once on the corner lot the CC Corp. has sold to Gulf Refining Co. of Detroit. Clearing of the whole lot seemed advisable, according to Boks.

The old restaurant, long a favorite for posters and political signs, had been closed for several years. It was torn down, two-foot thick oaks fell, and rubble blazed for hours in the mid-week clearing.

Fourteen scene shifts are being tackled by the Village Players, whose technical staff for the production of "Solid Gold Cadillac" was revealed this week.

The comedy will be staged the weekends of Oct. 19-20 and Oct. 26-27, according to Mrs. Arthur S. Greiner, assistant director.

Busiest man behind the footlights will be Douglas A. Brown, stage manager, and his aids will be Horton Allen, Norman S. Gustafsson and Thomas Klingensmith.

Set designer is Mrs. John A. Parkes; scenic chairman is Mrs. John K. Kleene, and special effects designer is Earle B. Wilson.

It will be the first public show of the Players' 34 season at their Chestnut street Playhouse.

* * *

The Birmingham Child Study Club will open its fall season at Mrs. Malcolm Cameron's home, 519 Rivenoak, at 8:15 p.m. Tuesday. Co-hostesses will be Mrs. Carl Anderson and Mrs. Edward Koran.

Speaker will be Mrs. Earl Gormaine of the Huntington Woods Nursery Schools, on "Music Can Be Fun."

New officers are Mrs. Edward Hewitt, president; Mrs. Noah Blosser, vice-president; Mrs. Cameron, secretary, and Mrs. Melvin Dadd, treasurer.

The Young Adult Dinner Dance Group of the First Congregational Church plans an outing at the Orchard Lake home of the Lester Olmsteads next Thursday. Young adults between 18 and 35 are invited, with contacts being the James Isbams or the church office.

The church's Supper Club will meet next Friday for a 6:45 p.m. dinner and Treasure Hunt, under the Ted Suras chairmanship. The Hugh Augheys are arranging the hunt.

Whose Business Is Who's Who Anyway!

CHICAGO (INS) —Whose is "Who's Who?"

That's the question before the Circuit Court today.

* * *

Jackson Martindell of Princeton, N. J., president of the American Institute of Management in New York, filed a second suit seeking to gain control of the publishing firm that prints "Who's Who in America."

Martindell charges that an agreement he had in 1952 with the late owner of Who's Who, Wheeler Sammons Sr., gave him the option to buy the firm's building for $125,000. He asks that Sammons' widow turn over the deed.

An earlier suit, decided in Martindell's favor, gives him the right to purchase a controlling interest in the firm for $284,000. This suit now is in the appellate court.

Adlai in Indiana Hits High Cost of Living

INDIANAPOLIS (INS) — Adlai Stevenson carried his campaign to the American housewife today denouncing the high cost of living under the Eisenhower administration.

He moved into Indiana after receiving optimistic reports from his running mate, Sen. Estes Kefauver of Tennessee, that Democratic sentiment is on the rise in Indiana and Illinois.

Stevenson planned later today to deliver a major campaign speech on education to a nationwide television audience. The address will be made in Milwaukee.

Stevenson, who received the most tumultuous and colorful welcome of his 1956 presidential campaign in St. Louis last night, conferred by telephone with Kefauver, who was campaigning across the Mississippi River in Belleville, Ill.

New Breed of Pigs Gives Leaner Chops

PULLMAN, Wash.—A new breed of pig, one that give leaner chops without a lot of wasteful trimming, and leaner bacon has been developed during the past 11 years at Washington State College. The name is Palouse. The pig is the result of crossing Danish Landrace boars with Chester White females.

The Palouse, a white pig, gains 1.3 pounds a day. The carcass is one to 2 inches longer than the Chester White and each carries 5 pounds less weight in the important cuts — such as loin, hams, and bacon—than the parent line.

Some litters require under 300 pounds of feed to make 100 pounds of gain.

Buying Its Own Gas

GRAND RAPIDS (AP)—Michigan Consolidated Gas Co. has become one of its own space heating customers in Grand Rapids, converting from coal-fired steam heat. Officials said new pipelines, increasing the gas supply to the area, allowed the conversion.

Third Suspect Pleads Guilty to Forgery

The final suspect in a three-man check-printing ring, nabbed June 22 in Farmington Township, has pleaded guilty to forgery in Oakland County Circuit Court, and all three are scheduled for sentence in the next two weeks.

* * *

John F. Weightman, 39, of Farmington, pleaded guilty to the charge as his jury trial was about to begin. Judge H. Russel Holland set Weightman's sentence date for Oct. 8.

Fred Bartz, 40, of Farmington, and John Freeman, 48, of Berkley, arrested as Weightman's accomplices in the printing and passing of more than $10,000 in bogus checks this year, already had pleaded guilty and were scheduled for sentencing Monday.

Police and Sheriff's Deputies who arrested the trio confiscated a printing press, printing plates for checks similar to payroll checks from a Livonia auto firm, and several false identification papers.

Nab Local Car Thieves in Grand Rapids Crash

Two juvenile Pontiac boys were held in Grand Rapids last night after they smashed up a car stolen here yesterday noon, Pontiac Police said today.

Grand Rapids Police said the car was "not driveable." Neither boy was injured.

The car was stolen from a lot near the Fisher Body plant. Officers were to pick up the boys today.

Detroit Group Seeks Daylight Time Vote

DETROIT (AP)—The Detroit Retail Merchants Assn. is seeking signatures to force a spring-time referendum on possible adoption of Daylight Saving Time by the Motor City in 1957.

* * *

Charles E. Boyd, association secretary-treasurer, said yesterday that "a considerable number" of signatures already has been obtained and that there seems to be "strong support" within the association.

Detroit currently operates on Eastern Standard Time throughout the year.

Louis A. Urban, city elections director, said a minimum of 19,834 signatures would be required to put the question of daylight saving time on the ballot.

It's OK to Break Law in Eau Claire —but Don't Try It

EAU CLAIRE (AP)—It's possible—but not in the least permissible—to break the law in Eau Claire.

* * *

The village council has approved a complete new set of ordinances after two years of work in replacing the original set which somehow disappeared.

Village President Harold Van Dyken said no one seems to know when or where the old ordinances were last seen. The council was guided by Niles and Berrien Springs ordinances in drawing up the new Eau Claire code.

Copies of the 40-page document will be posted in the post office, the library and the village hall. The ordinances automatically take effect after 90 days.

Until the council approved the ordinances Monday night, offenders were prosecuted under state law. Fines went to the state instead of the village treasury.

Eau Claire recently hired a fulltime policeman to enforce its new laws.

Blast Kills Sailor, Hurts 9 off Japan

YOKOSUKA, Japan (AP)—An exploding shell killed one American sailor and injured nine others aboard the U.S. destroyer Buck yesterday.

A Navy announcement said apparently the time mechanism in the fuse of a fragmentation shell exploded prematurely.

The dead sailor's name was withheld.

The shell pierced the ship's hull.

The destroyer, operating off Sasebo, Japan, returned to port.

Ike Scared He'll Lose, Mrs. Roosevelt Says

SAN FRANCISCO (AP) — Mrs. Franklin D. Roosevelt says President Eisenhower is revising his plans and stepping up the tempo of his campaign because he "recognizes there is a Democratic trend."

The widow of the late President told a news conference yesterday that her campaign tour on behalf of Adlai Stevenson has convinced her "the Democratic trend is rolling up as time goes on." She addressed a $50 a plate Democratic dinner in Oakland last night.

Study Views on Integration

House Group Hears School Administrators Describe Program

WASHINGTON (AP)—A House subcommittee arranged to hear today the views of more top Washington school administrators, one of whom described racial integration here as "a miracle of social adjustment."

Carl F. Hansen, assistant superintendent in charge of senior high schools, gave that description yesterday under questioning of the predominantly Southern House subcommittee which is investigating the schools. It was one of the most favorable estimates the group has yet received of Washington's quick integration program two years ago.

The subcommittee so far has heard mostly principals and teachers, but Counsel William E. Gerber said more administrators will be called.

Hansen testified he thinks the Board of Education might allow school officials more discretion in permitting pupils to transfer out of schools in which their race is a small minority.

In general, he said, such transfers now are permitted on medical advice that a child has been placed under undue strain by the school circumstances.

Hansen said he thinks the experience of attending school with a majority of a different race might be valuable to a child so constituted as not to suffer mentally or emotionally from the situation.

Hansen expressed the opinion that some of the alleged shortcomings of the former all-Negro schools about which the subcommittee has heard testimony may be attributable to segregation itself "because there was an isolation between the two systems relation between the two systems."

Regular Airline Service Within Pontiac's Grasp

Every resident in the whole Pontiac area should be interested in the brightening prospect that regular commercial airline service may soon come to Pontiac.

★ ★ ★

Improvement of Pontiac's Municipal Airport through construction of a new 4,000-foot paved and lighted runway is now being completed. This will make the airport safe for DC-3 twin engined planes. Already representatives of one company, North Central Airlines, have expressed an interest in adding Pontiac to their schedules.

HOSKINS

★ ★ ★

This is good news indeed. Many Pontiac residents use airplanes, and so do many more residents of the area roundabout the city. The long drive to Willow Run, however, requires so much time that unless the trip is a fairly long one a traveler is apt to use so much time getting to and from the airport that he could go as quickly by train or car.

In addition to the passenger service that may be attracted, greatly improved air freight service will be possible also, since the new runway will make it safe for regular cargo carriers to use the airport. This will benefit business and industry throughout the Pontiac area.

Pontiac's City Commission has displayed real vision in making possible this improvement in the Municipal Airport. Years ago their predecessors on the Commission built an airport that was one of the finest in the country for that day.

Then came other commissioners who had no interest in air travel. They were unable to see the benefits that would accrue to the city that kept its airport up to date and in the forefront in facilities, safety and size.

★ ★ ★

As a result, Pontiac's Airport sank from near the top to close to the bottom in its ranking. So the record of the present City Commission in its rebuilding program is an outstanding one. All of the Commissioners have backed the expansion of the airport. So has City Manager Willman.

★ ★ ★

All through the years Homer C. Hoskins, the airport manager, has been the sparkplug who has kept alive the vision of an up to date airport providing efficient, modern service to the people of the whole Pontiac area.

For some years he was a voice crying in a wilderness. But in more recent years he has been given the whole-hearted support of the City Fathers. Today his prediction that regular airline service may soon be brought to Pontiac will be welcomed by the entire area.

We Dislike Starlings; Denver Hates Pigeons

Pontiac has its starlings. Other cities are troubled by pigeons.

The starlings gather in huge flocks, usually in residential neighborhoods. They make a lot of noise which is disturbing to the people living in that area, and their droppings constitute a nuisance. Several different methods have been used in the effort to drive them out of Pontiac.

★ ★ ★

Pigeons more generally gather on and about public buildings. Campaigns to eliminate them have been waged in Denver, Chicago, Baltimore, New Orleans and many other cities in this country and abroad.

Denver tried a chemical which gives the birds a hot foot. The Chicago Transit Authority hired a Pigeon Eliminating Company to clean up its elevated stations. The company placed sharp toothed metal stripping along the beams on which the pigeons were roosting, but they did not go away. Apparently they liked the rumble of the elevated trains.

★ ★ ★

In Montreal a gluey substance has been tried as a pigeon repellant. New Orleans and Cincinnati have also used a chemical compound. New York is trying to halt the feeding of the pigeons by reminding the public that this practice is a violation of the litter ordinance. That city also is shocking electrically the pigeons that gather on the stonework of its city hall.

So it goes across the nation. When the United States Municipal News started out to survey this field it found pigeons and starlings are not the only birds that American cities are trying to eliminate. In some areas woodpeckers and even squirrels have been found to be pests.

★ ★ ★

This information will not help Pontiac to get rid of its starlings. But it may lessen the anguish of local citizens to know that their feelings are being shared in many cities, and that, so far, complete cures seem to be hard to discover.

Final Call for Contestants; Don't Let $300 Get Away

Easy Street: Where $300 will help put you: see below.

Our football contest closes Saturday noon—

and that's TOMORROW.

All entries not RECEIVED in The Pontiac Press Office by that hour will be disqualified.

It now is so late that you'd better make personal delivery. If you cannot come during business hours, drop your entries through the slot in the cement post at the side of the outside front doors.

That method is available 24 hours in the day. Just lift up the handle and deposit what may mean $300 to you. Last year 73 entries came too late.

Do not be caught that way. It's an easy method of losing $300.

I like that paragraph in a letter received from

"Hey! How About Another Summit Meeting?"

David Lawrence Says:

Neither Party Can Boast Unity

WASHINGTON—The campaign has gone far enough to establish that both parties are in serious trouble internally. It means disunity and confusion in Congress no matter which presidential candidate is elected. It points to a major crisis in American government beginning in January.

* * *

Judging by the heavy mail I have received the past three weeks from all parts of the country, the disaffection in the Democratic party in the South is far more extensive than has hitherto been conceded, and there is a deeper cleavage than is generally known inside the Republican party in the North.

The bitterness of regular Republicans against so-called "liberal" Republicans, on the ground they have been extolling New Dealism and wrecking their own party to the delight of the radical Democrats, is also far more extensive than I had believed. Many Republicans have been alienated by "liberals" inside Republican ranks and now say there's no difference between the parties. Hence they don't intend to vote.

As for personalities, the steady decline of Adlai Stevenson in his speeches from a position of principle and apparent conviction on public policies to one of trickiness and mud-slinging is perhaps the most significant thing turning up in criticisms from Democrats. They say he is indeed a "new" Stevenson—a growing disappointment to many who voted for him in 1952.

MARGIN WILL DROP

On the other side, while there is a decline in President Eisenhower's political popularity, especially in certain depressed areas here and there where economic conditions are not good, there is no material change in his personal popularity. People still "like Ike" even though his majorities in several states he carried in 1952 will go down precipitately this time and some of them may be wiped out altogether.

What's happening inside the Democratic party in the South and in the border states will never be measured by polls or even finally by the electoral votes that virtually all the Southern states will cast for Stevenson. The truth is that public sentiment in the South growing out of the "civil rights" issue is far more antagonistic to Stevenson than appears on the surface.

The regular Democratic leaders in the South, however, have persuaded themselves they cannot desert the party this time for a variety of practical reasons. They see their only chance to frustrate "civil rights" legislation by retaining possession of important committee chairmanships in Congress, which will help them in their filibusters inside and outside of committees.

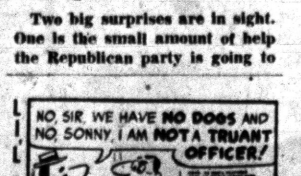

* * *

But while such dissension will not affect the Stevenson electoral vote—which will be nearly solid for him in the South—the trouble inside the Republican party in the North is far more serious and menacing for Ike.

Two big surprises are in sight. One is the small amount of help the Republican party is going to get from the so-called "Negro vote." This vote has been heavily Democratic ever since the 1932 depression. It was strongly Democratic in 1952, not because of what Truman did on "civil rights" but for economic reasons. The Republicans will be astonished this autumn when they find how little they have gained in the northern Negro districts despite the political gestures made by the President in the integration policy which he impulsively ordered in District of Columbia schools and in public statements enthusiastically endorsing the Supreme Court decision on segregation.

The other upset will be noted when the regular Republican vote is counted. The most injurious factor to the Republicans is the lack of enthusiasm which the regulars have for the ticket. They are pleased with the renomination of Nixon, but they keep saying the White House leadership is the same as under the Democrats and there isn't much to choose between the two candidates. Some of these Republicans will vote for Ike reluctantly, but what's important is that too many of them will not work as enthusiastically or as energetically as they did in 1952 when Taft led them in the final weeks of the campaign.

(Copyright 1956, New York Herald Tribune Inc.)

Dr. William Brady Says:

Daily Calcium Requirement Will Benefit in Long Run

There are about 2½ pounds of calcium (lime) in the body, 99 per cent of it being in the bones and teeth. The rest of it, say two spoonfuls, is distributed among the nerves, muscles, glands and blood.

The proportion of calcium in bones, teeth, blood and soft tissues generally is not fixed. It varies considerably under both natural or normal and pathological or abnormal circumstances.

The bones, as physiologists, nutritionists, and physicians of recent vintage are aware, serve as the storehouse for calcium. So do the teeth, although some of the older and superficially trained dentists take a monolithic view of the teeth—they believe, and even blurt out, that once a permanent tooth has formed, its chemical composition can never vary. Touching on this point, Prof. Henry C. Sherman, author of the famous Chemistry of Food and Nutrition (MacMillan Company) stated:

"The weakening of the bones and teeth, which is said to be a common accompaniment of pregnancy and lactation is doubtless largely due to a withdrawal of calcium from these structures to meet the nutritive requirement of the fetus or the nursling."

In the pamphlet Calcium and Pregnancy I tell how to protect the expectant mother's or nursing mother's bones and teeth against calcium depletion and at the same time provide what it takes to build strong bones and good teeth in the baby.

The daily calcium requirement of a woman is greatly increased by maternity. She must get enough, preferably from high calcium diet, or, if necessary, from a suitable supplement, not only to satisfy her own needs but to provide an abundance for the rapidly growing skeleton of the little stranger.

In prolonged illness or confinement to bed or chair from any cause, the bones slowly atrophy through being thus drawn upon, and hence become more fragile. This explains why chronic invalids so easily break a bone in some comparatively slight accident.

All this may be avoided, whatever ails the victim, if (1) the diet is a high calcium diet and-or (2; the diet is supplemented daily as I describe in the pamphlet.

A high calcium diet consists essentially of not less than 1½ pints of milk, skim milk, separator milk or buttermilk every day, and a reasonable variety of other high calcium foods, such as egg yolk, cheese, peas, beans, leafy vegetables, salad greens, nuts, peanuts, oatmeal, plain wheat. Of course, the invalid must get a good daily ration of vitamin D to insure assimilation and utilization of calcium, from fish liver oil or a synthetic D or from manufacture of D under daily exposure to sunlight or sky shine or an ultraviolet lamp.

Signed letters, not more than one page or 100 words long pertaining to personal health and hygiene, not to diseases, diagnosis, or treatment, will be answered by Dr. William Brady, if a stamped self-addressed envelope is sent to The Pontiac Press, Pontiac, Michigan.

Voice of the People

Asks Everyone to Register, Then Vote on November 6

Letters will be condensed when necessary because of lack of space. Full name, address and telephone number of the writer must accompany letters but these will not be published if the writer so requests unless the letter is critical in its nature.

The non-thinking citizen who neglects to vote is weakening and jeopardizing our American system of representative government. A great outpouring of voters at the polls is needed Nov. 6. To achieve this, we must remember the last day to register is Oct. 8. You cannot vote if you don't register.

Voting Nov. 6 will convincingly demonstrate to the rest of the world that we cherish our precious freedoms and are determined to defend them.

An American election today is not just an American event. It is a crucial, international event. At no time in the history of the nation has it been more imperative that Americans understand the vital problems being faced by our government and the great need for every American to participate in their solution.

World leadership is thrust upon the shoulders of the United States at a time when freedom in the world is in great jeopardy. I feel sure that the American in his vitally important roll will help get out the vote. For information on registration, call your City Hall or Pauline Mott, LI 8-0121.

France Backs Pipelines as Solution to Suez Row

By JOSEPH L. PEARLMAN
INS Staff Writer

France is talking up the idea of using oil pipelines as a possible weapon in the struggle against control of Suez by Egyptian President Gamal Abdel Nasser.

* * *

The French are toying with proposals to pipe Arab oil to eastern Mediterranean ports through new lines, short-circuiting the regular tanker route through the canal.

Reports leaking out of Paris say some thought is being given to a plan under which a French pipeline would be constructed through Israel and a British pipeline through Turkey.

The French say it could cut about one-third off the cost of tanker transportation.

* * *

This is one of the possibilities the canal user nations had in mind at the second London conference when they wrote their draft agreement on the powerless association to deal with Nasser.

LESS DEPENDENCE

The users decided on an immediate study of "means that may render it feasible to reduce dependence on the canal."

* * *

A pipeline project, if one is undertaken, would be costly to start, but in the long run would not have the punishing economic effects on the user nations that diversion of shipping to the longer route around Africa would produce.

So far, however, there has been no wave of enthusiasm for such a project, and it could well wind up in the heap to which other proposals have been relegated in the struggle against Nasser.

France, most disappointed of the London conference nations, would be willing to try anything once if there was some reasonable chance of relaxing Nassers' grip on the canal.

* * *

The French consider the Suez problem to be extremely pressing. With an Algerian rebellion still to be put down, they consider Nasser's bid for dominance in the Arab world a real threat.

HARSH RETALIATION

Economic attrition of Egypt would be a harsh but slow process of fighting back, without resorting to military force. And there is little hope held out for a quick and clear-cut decision in the United Nations that would settle the Suez problem once and for all.

* * *

What the French are now considering is the next step in the dispute after the U. N.

British Prime Minister Sir Anthony Eden, British Foreign Secretary Selwyn Lloyd, French Premier Guy Mollet and Foreign Minister Christian Pineau are working on a coordinated Suez policy.

One thing is clear: Both the British and French are determined to use to the full the restricted means left open to them to try to get Nasser to retreat from his command post atop Suez.

Case Records of a Psychologist:

Husbands, Where Do You Stand?

Fritz rates low on his "empathy" score. If you wish to be a good salesman, as well as popular with women, then indulge in some empathy calisthenics frequently. You need not be a paragon of proper behavior at all times, but at least show a little gallantry when out in public. Girls love it. And why not make your sweetheart happier? If you ove her, that should be your goal.

By DR. GEORGE W. CRANE

Case S-377: Fritz W., aged 24, is engaged to a girl named Irma.

"Dr. Crane," Irma began, "Fritz is a wonderful boy except in a few things.

* * *

"He is a man's man, so he fails to show the galantry to me that most boys offer their girl friends when they are out in public.

"For example, he rarely opens a door for me or helps me with my coat. When he unlocks the car door, he just hops in and lets me look after myself.

"Oh, I'm able bodied enough to do so, but I'd like to have him show a little more attention to me when my girl friends are looking on.

"But I don't know how to correct him, for I realize it makes people angry to be criticized. So what can I do?"

LOW IN "EMPATHY"

"Empathy" is a term in psychology which refers to one's ability to project himself into the shoes of another.

It is just another way of describing the Golden Rule. Fritz has a low empathy score. He fails to understand a girl's point of view.

Millions of American wives wish their husbands would also listen to Irma's comments today.

"But my wife's an athletic girl so it's silly for me to help her into the car," such a husband may protest.

Nevertheless, wives like to show off their mates in public. So, men, even if you fail to hold your wife's coat for her in private, and let her open her own doors at home, when you are out in public, do a little acting.

Put on a show of gallanry, at least for the sake of the neighbors. Your wife will love you much more for this thoughtfulness. If you doubt me, just ask her.

"SANDWICH" METHOD

When you have occasion to reprove or criticize anybody, even

for the latter's own good, be sure to employ the "sandwich" method.

Nobody relishes having his mistakes brought to light. For it is deflating to our ego to be shown up.

Yet there are times when it is vitally necessary for us to see our errors. Somebody must correct us. But that critic may fall heir to our dislike thereafter, unless he uses the strategy of the "sandwich" method.

To employ this technique properly, Irma should start out by giving Fritz an honest compliment concerning one of his virtues.

Then deftly lead into the "meaty" or critical layer by smiling, and casually saying: "Fritz, don't you think it would make all the girls more envious of me, if you gallantly opened the door for me?"

Lest this critical layer deflate him, even in spite of her smile and casual lead-in, then fade out with the final layer of the psychological sandwich, which is another sincere compliment.

This sandwiching of reproof between two layers of compliments is the only foolproof method we psychologists have devised for this delicate situation.

STOP, LOOK, LISTEN

Boys, stop, look and listen to this column, plus the other helpful features in this daily newspaper.

The smart fellows who have a way with women, don't ignore any chance to pick up new slants about the feminine viewpoint.

So read the sports pages first, but don't fail to skim over the other segments of this newspaper, even including the women's features.

Women really are the major sex as regards civilization. And they own a majority of stock in American corporations at this very minute.

* * *

So a smart man should engage in a little empathy calisthenics every week and learn how to stretch his imagination so he can appreciate more fully the attitude of women.

Include your mother and sister, as well as your sweetheart or wife.

Always write to Dr. George W. Crane in care of The Pontiac Press, Pontiac Michigan, enclosing a long 3c stamped, self-addressed envelope and 20c to cover typing and printing costs when you send for his psychological charts and pamphlets.

Flares Up in Cardin Suits

Red Sign of Chic in Paris

PARIS (INS) — A red suit has become a sign of chic sophistication in Paris.

"More than ever before the Parisienne is going in for color in her outfits for daytime," said designer Pierre Cardin, whose red suits have been a hit both with photographers and buyers.

"Red clothes are most flattering. They have a make-up quality," he stressed. "Any woman, blonde or brunette, can wear them. But ladies over 60 should choose wine-red in preference to scarlet or raspberry red."

While tailored and neat, Cardin's suits have nothing in common with the former man-like style which used to be the basic outfit of social and career-minded women.

SHETLAND SUIT

One of Cardin's red suits is of shetland wool in a flame shade. It has the short cropped jacket reaching just to the hip-bone, characteristic for 1957. It has the semi-fitted front which is also favored by Balenciaga and a four-inch-wide Peter Pan collar on a neckline which slightly stands away from the throat.

Another suit by this young, talented designer is made of lobster-red wool with a basket weave and is fastened by five buttons. Its collar dips to a V point at the back.

Still another red tweed suit has a wide, round collar with a button on one side and a buttonhole on the other, so it can be worn standing up high to look like a turtleneck.

* * *

Cardin said that red also is a safe bet for home seamstresses.

"Red fabrics are easy to work," he advised, "since the bright shade steals the show from the cut. In red you can choose a simple, easy-to-make style and still be dashingly chic."

Miners Benefit by Secret Talks

$2 Daily Wage Boost, More Vacation Pay Won by Lewis

WASHINGTON (AP) — Secret negotiations reportedly have brought agreement on a new $2 daily wage increase and additional vacation pay for many of the nation's coal miners.

* * *

There had been no prior announcement even that negotiations were under way between President John L. Lewis of the United Mine Workers and Edward G. Fox, new head of the Bituminous Coal Operators Assn. In the past, agreements between the two groups have set the pattern for the soft coal industry.

* * *

Formal announcement that they have agreed on terms of a new contract is expected next Tuesday, when the independent UMW opens its convention in Cincinnati.

UMW officials declined to comment, but sources close to the coal industry said Lewis and Fox already have initialed a memorandum of understanding.

It reportedly calls for the same two-step increase given the miners last year—a raise of $1.20 a day effective Oct. 1 and an additional 80 cents effective next April 1. The miners' present basic daily wage is 20.25.

License Plate Buyers Save Time in Lineup?

GREENVILLE, S.C. (AP) — A newspaper reporter, curious to find out why people spend hours in line to buy their 1957 automobile license plates, asked several why they didn't send a check to the State Highway Department instead.

The reporter said many people told him they just "didn't have time to write a letter."

Toastmasters to Install

Installation of officers will be conducted by the Toastmasters' Club Tuesday at 6 p.m. at the YMCA.

Members and their wives are invited.

Gas Station Training

BIG RAPIDS (AP)—Ferris Institute has announced a short course in service station management, beginning Oct. 2, with registrations accepted from service station managers within a 50-mile radius of Big Rapids. The course is offered in cooperation with the Office of Vocational Education of the State Department of Public Instruction and the Retail Gasoline Dealers Assn. of Michigan.

New State Police Post

WAYLAND (AP) — Michigan's 51st State Police post, and the first in Allegan County, is scheduled for activation Oct. 14 at Wayland. The post complement includes a sergeant and seven troopers.

The proportion of Negroes in the population of the U.S. has decreased from about one-fifth in 1790 to only about one-tenth today.

New Course Offered

ANN ARBOR (AP)—The University of Michigan School of Business Administration is offering its first course in electronic data processing to seniors and graduate students this fall.

To Help Youths With Poor Home Atmosphere

Michigan to Open High Class Penal Camp

LANSING (AP)—A bold experiment in penology will begin Tuesday when Michigan dedicates its first probation recovery prison camp north of Cadillac.

* * *

The state has had prison camps for years, but this one will be different—a forested limbo between home and prison for a special kind of prisoner.

"This camp will take care of youthful offenders who might have been placed on probation if their home atmosphere were satisfactory," explains Gus Harrison, director of the State Corrections Department.

* * *

"This is an experiment. We don't know how successful it is. If it works, we'll probably ask for funds to build one or two more," he said.

HONORS PUGSLEY

Among guests of honor Tuesday will be Circuit Judge Earl C. Pugsley of Hart, leader of a group of judges who long pressed for such a camp and the man the camp is named for.

Pugsley and his colleagues contend some youths don't deserve prison sentences and yet can't be put on probation because of unfavorable environment at home.

These youths will begin arriving at Camp Pugsley Oct. 15. Eventually, the camp will house 100 of them.

"Judges can sentence a youth to Camp Pugsley specifically," Harrison says. "But we reserve the right to refuse them admission."

As Harrison puts it, the camp will hold the "better type" youths. There will be no drug addicts, no sex offenders. All will be under 23 years old.

The camp will serve more than its primary purpose: To provide a home where youths can start down the path to a new life unaccompanied by hardened criminals.

RELIEVE CROWDING

It also will take some of the pressure off the overcrowded State Prison of Southern Michigan at Jackson. And it will double as a proving ground for new ideas in penology.

"We hope to try some things that can't be tried at other camps and prisons," Harrison says.

For one thing, the camp may institute furloughs so deserving youths can spend a weekend home. Also sentences will remain flexible—when a prisoner is considered ready to return to society he'll be released.

* * *

The camp also may give inmates a chance to study under faculty members from Northwestern Michigan College in Traverse City.

"We've approached the college on the idea already and we've got a favorable reaction. We may be able to exchange the labor of our boys at their campus for instruction from their faculty," Harrison said.

At Camp Pugsley, life will center around hard work on conservation projects in the area. With the exception of two cooks and camp supervisors, all work will be done by inmates.

SOCIAL STUDIES

Nights and Sundays, Harrison says, will be devoted to social education—with emphasis on group discussion.

The camp was built for $60,000 which Harrison says he considers a bargain.

Located 23 miles southeast of Traverse City in heavily wooded country, it consists of only two buildings—a one-story H-shaped structure with two dormitory wings which contains offices, laundry power plant and mess hall and a smaller building for storage and hobby work.

Navy Trainees Given Sailboat to Use in Races

TOLEDO (AP)—Sailors from the Great Lakes, Ill., Naval Training Center have been given a 48-foot auxiliary ketch.

The racing vessel, "Surazo," is a gift from Milton Knight, president of the National Bank of Toledo and a lieutenant commander in the Naval Reserve. Knight said he hopes men at Great Lakes will use it to compete in racing events.

Knight bought the boat in 1952 in Miami. It was built in Chile in 1948. When its first owner was exiled by Mussolini, he married a Chilean heiress and sailed the "Surazo" from Chile to Miami where he traded it on a 110-foot scooner.

Knight installed a 125-horsepower engine and has raced it in America and Canada.

A crew from Great Lakes was in Charlesvoix yesterday to take over the vessel.

Declares Labor Is Dems' 'Baby'

Nixon Says Opponents Regard Unions as Special Property

CINCINNATI, O. (AP)—Vice President Nixon today said Democrats regard organized labor as their "special property, as something to manipulate and manage," and as "a private preserve, for their private exploitation."

* * *

He predicted that "a majority of union members, as well as other wage earners, in the country will vote for President Eisenhower in 1956 . . . because they know that despite all the talk they have heard to the contrary, the actions of this administration have been good for labor."

* * *

Nixon chose Cincinnati as the site of his first public speech on labor during the current campaign because it was the home of the late Sen. Robert A. Taft, co-author of the Taft-Hartley labor relations law.

He defended the law although he admitted it was "not a perfect law" and "it needs amending."

"But it cannot be hurting too much," he said, "because certain union leaders apparently prefer to keep it as a political issue, rather than secure passag e of amendments they favor."

* * *

Nixon said opponents of the Taft-Hartley act claimed it would "wreck the labor movement.

"If organized labor is wrecked today it has managed to keep the fact secret," he commented, adding that the number of union members has risen from 15 million to 18 million since the law was enacted.

Ex-Red Captive Bishop Visits Home

OMAHA (AP) — Roman Catholic Bishop Ambrose Pinger, released recently by the Chinese Communists after five years imprisonment, arrived in his home state of Nebraska for a visit late yesterday.

Bishop Pinger, 59, flew from Chicago and planned to stay at the home of a niece, Mrs. Bill Brunken, until sometime today or tomorrow. Then he will go to Lindsay, home of a brother, Edward, and other relatives.

Bishop Pinger arrived in San Francisco Sept. 7. He had been in Chicago since Sept. 9.

Beauty Promises Not to Become 'Waddly' Wife

DENVER (AP) — Honeymooning Miss America of 1956 says to "tell all the girls I'm not going to become a waddly housewife just because I'm married."

Now Mrs. Don Cherry, the former Sharon Kay Ritchie, dug into a steak as she told a reporter:

"I should really be watching my figure. But after all, this is my honeymoon."

The former Colorado Women's College freshman was married here last Saturday night to singer-golfer Don Cherry of Wichita Falls, Tex.

The couple stopped in Denver overnight after spending several days in a lodge at Estes Park, a mountain resort.

They planned to leave today for Dallas, Tex.

Red Papers Start to Topple

Circulation of Western Europe's Communist Dailies Drops Off

By ANDREW BOROWIEC

PARIS (AP)—Every day some 40 Communist and fellow-traveling dailies hit the newsstands of Western Europe despite financial troubles and ideological problems.

* * *

Their combined circulation has toppled to about one third of what it was in the first postwar years.

Their lot has become more difficult ever since Russia's bosses launched the current de-Stalinization party line. Confusion as to what's going on in the Kremlin was so acute that even L'Humanite, top Communist party organ in France, complained Moscow was not keeping the faithful informed.

L'Humanite — and other Red papers in the West — protested that the first authoritative abstracts of party boss Nikita Khrushchev's anti-Stalin speech to the 20th party Congress came from the U. S. State Department.

Other Communist newspapers for a long time refused to follow Moscow's Pravad in attacking Stalin. Some did it months later, others are still groping.

* * *

Lack of advertising and lack of readers plague Western Europe's Red press just as badly as the shifting party line. Every few months one of the smaller papers discovers that it cannot compete with the independent press or the journals of other parties.

Most recent collapse is Vienna's Der Abend.

In Italy, three important Communist dailies collapsed financially in the past two years—in Milan, Florence, Leghorn. The most important Italian Communist daily, L'Unita, is published in Rome, Milan, Turin and Genoa. Its combined weekday circulation varies between 275,000 and 285,000.

In France L'Humanite is still relatively strong. Its circulation now stands at about 167,000. An important Paris Communist-line daily is Liberation, with a circulation of about 134,000. There are 11 Communist dailies outside Paris.

* * *

The most influential English-language daily is London's Daily Worker, which has a circulation of 80,000 compared with 250,000 just after the war.

Girls, Give a Big Cheer for Gloria Schuld!

By PHYLLIS BATTELLE

NEW YORK (INS) — Gloria Schuld is a platinum blonde of undetermined age but extremely determined temperament, and she is giving the state of New York a hard time.

She refuses to reveal how old she is because she doesn't want it recorded on her driver's license for all the world — particularly those snoopy highway patrolmen — to see.

"Don't tell me the bureau (of motor vehicles needs to know my age for identification purposes!" she is snapping. "I change my hair color every three weeks. Do they want to know that too?"

All I can say is hooray for Gloria Schuld and let's all come to the fore, wagging our tongues before us, to accept this ageless challenge.

* * *

Too long have we hidden our fight under a barrel and docilely exposed our relative state of decay to every old bureau that asked for it.

MUST THEY KNOW?

Why, indeed, need the nosy government, passport people, police department, social service office and friendly neighborhood loan company know how long ago we dangled, upside down, in the doctor's hands?

This is a very personal matter between our mother and us, and to continue pressing us for facts and figures on our birth date is only going to lead to greater and greater nationwide deception and a growing mass guilt complex among the feminine sex.

As if we didn't already have enough to f-e-e-l conscience-stricken about — as everyone knows, guilt complexes are growing bigger and more fashionable every year — they saddle us with this one: Lying about age.

It is totally unnecessary and, personally, I resent every public officer and private inquirer who has forced me for years to bite my tongue and utter hoarsely (lying always makes me hoarse) the deceitful words, "Twenty-eight."

* * *

Miss Schuld, in asking for a special dispensation to avoid giving her vital statistics to the vehicle bureau, said what she was especially fed up with were men grabbing her handbag at parties and reading her age, not to mention her hair color.

She insists that her age, if any, be listed as "born before 1934," and that the hair color be inserted in pencil so that it — like her coiffure — can be touched up occasionally.

THE HONEST WAY

This, of course, is the honest way of approaching a far-reaching problem among women whose age is "over 21."

I would venture to guess that, as of the present writing, a good 90 per cent of the documents filed by women in bureaus and card indexes coast to coast are incorrect.

If they are not false in the "age" category, they are most certainly questionable in the "weight" tabulation.

No woman in her right senses would be completely accurate in filling in such details; unless, of course, she's a neat 115-pounder of 18 summers, or she just doesn't give a hoot.

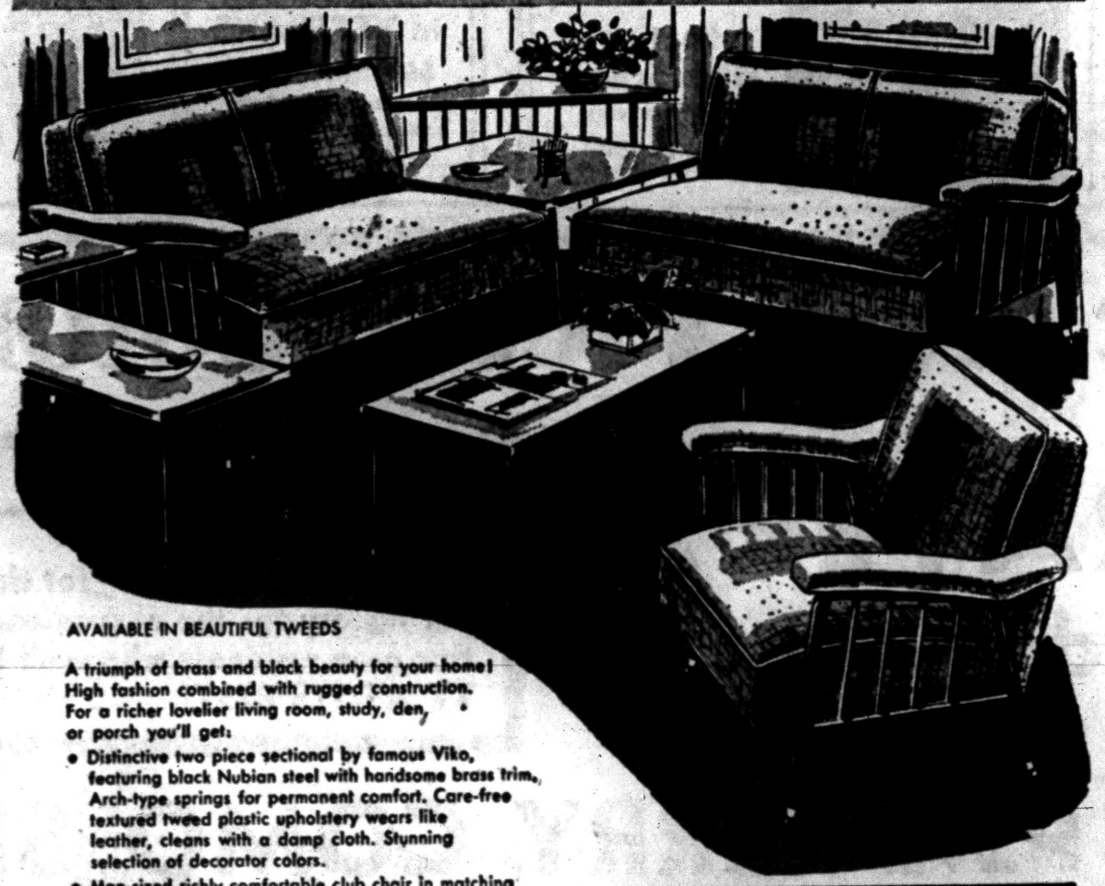

Let us all rally our resources behind Miss Schuld in whatever way we can. Let us stop being deceitful and start being mum. Write today to Gloria Schuld, care of the Chez Chameleon Beauty Shoppe.

I believe she's again proving her point that you can't tell a lady by her driver's license.

Hal Boyle Says:

Big Businesses Try Carnival-Type Stunts

NEW YORK (AP)—The daffy season is in full swing!

One corporation paved a Manhattan street with soap this week, another made a nationwide offer to buy male beards at $5,000 an ounce.

The two events highlighted a fact little noted by the public—the increasing tendency of big business to adopt carnival-style press agent stunts.

Phineas T. Barnum, father of the circus-type school of promotion in America, today would rank as a piker in the field.

Even the fabulous Jim Moran now looms as an amateur. After all, Jim merely performed such toy feats as becoming the first man in history to find a needle in a haystack, sell an icebox to an Eskimo, and hatch an ostrich egg by sitting on it himself.

Neither Barnum—who said "There's a sucker born every minute"—nor Moran had the funds for off-beat promotions now available to a modern corporation.

To launch an old brand soap in a new pink color—and incidentally open the annual civic drive "for a cleaner New York"—Procter & Gamble donated 109,000 bars of the stuff to pave a block of Rockefeller Plaza.

The soap, enough to wash a family of four for 4,154 years, had a retail value of some $12,000.

It was put down by 40 Hunter College girls, then picked up after a few hours by 30 Boy Scouts as their good deed for the day. The soap then was donated to various charities.

Throughout the strange exhibition many bystanders hoped for a big rain. All were sure the resulting suds would drown the RCA building.

* * *

The Ronson Corp. was the other entrant in the business stunt-of-the-week contest. To launch a new electric shaver, Ronson advertised in 28 major cities for men willing to sacrifice their beards—at $5,000 an ounce—on a weekly television program it was sponsoring.

The offer was made only after a preliminary test showed that even a Rip Van Winkle beard would tip the scales at less than a full ounce.

Within a day after the ad appeared, hundreds of replies came by mail, phone and wire.

They ranged from a college professor in Philadelphia to a department store's professional Santa Claus, who makes his living in the off-season selling vitamin pills.

"The Santa Claus demanded $50,000 for his beard—said he'd spent 10 years landscaping it," reported Bernard Dwortzan, the company's ad manager.

* * *

"A Brooklyn seaman wanted to sell his beard so he could go visit his wife in England. He told us he hadn't seen the girl since 20 minutes after he married her, as he had to leave to catch his ship. "I don't know just how much this thing will cost us. Every man in America now seems to be wearing a beard, particularly out West where towns are celebrating their centennials."

* * *

Dwortzan has reason to feel worried. James W. Bowser, managing editor of the Barber's Journal, estimates there are at least 140,500 beard wearers in the nation.

"What if a bearded lady shows up?" he said. "We specified male beards, but if a bearded lady showed up and demanded equal rights she could cause us a lot of trouble."

Someone Stepped on Paw

Paris Pooch Panics! Starts Chain Reaction

PARIS (INS) — Bob, a German police dog, normally is a good natured, playful pet, but he hates having people walking on his paws.

Someone did just that the other day in front of a Paris butcher shop and this is what happened:

Bob let out a yelp and tugged on his leash.

The leash got tangled with the butcher's stall.

The stall toppled and crashed through a plate glass window.

The dog panicked and ran, colliding with three women, who fell on the glass strewn pavement.

Later, Bob, his owner, Mme. Maurice Francois, the butcher and the three bruised and lacerated women were brought together at the local police station.

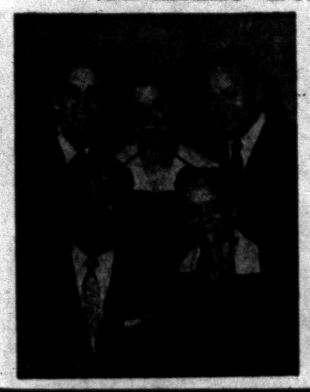

The butcher wanted Mme. Francois to pay for his broken plate glass window.

The women wanted to collect damages for physical pain and mental anguish.

Mme. Francois wanted police to find the person who had stepped on Bob and to make him pay.

The affair was peacefully settled, when it was found that Bob carried an all-risks insurance policy. The unhappy insurance company agreed to pay.

'Take My Eye'—Cancer Victim

Tells Mom He Prefers Chance to Go On Living Even Though Blind

ATLANTA (AP) — A child's small voice has been added to the debate between his divorced parents as to whether they should trade his remaining cancerous eye for a chance to live.

* * *

"I would rather be operated on than die," 5-year-old Johnny Pair was quoted last night by his mother.

Doctors have said that unless Johnny's right eye is removed soon, he will lose what vision he has left and it then will be too late to save his life.

Johnny's left eye was removed two years ago when he first was found to be a victim of cancer.

* * *

The mother, Mrs. Bessie Pair, favors the operation. Arnold Pair, the father, at first said he disapproved, but now says he is "thinking it over."

Doctors have told the parents that the consent of each must be given for the operation. And even if the operation is performed, they added, there is no assurance of Johnny's survival.

"Johnny told me that the doctor told him he had to be operated on or die," Mrs. Pair said. "I told him I knew the doctor didn't tell him, but he insisted and said, 'I'd rather be operated on than die.'"

* * *

Then the mother added: "I don't know how he found out about it."

Friends surmised that Johnny apparently learned of his condition and the question of an operation from classmates at his nursery school or heard it reported on radio or television.

Convict Detroit Doctor in Abortion Death

DETROIT (INS) — A jury convicted Dr. Clayton Halcomb, 58, of Detroit, of manslaughter yesterday in the death of a 20-year-old woman upon whom he performed an illegal abortion.

The verdict was handed down after three weeks of testimony before Recorder's Judge Paul E. Krause.

Halcomb will be sentenced Oct. 13.

Accident Kills One

MARINE CITY (AP)—Peter Tashjian, 39, of Marine City was killed Thursday night when his car struck a tree and overturned pinning him beneath on the Broadbridge road, five miles southwest of Marine City.

Zeros Add Value If Money's Involved

DETROIT (AP) — Six-year-old Linda Charvat casually told her mother yesterday she had found a dollar bill with two zeroes after the one.

"She's learning arithmetic," Mrs. Jane Charvat said, "and I thought she had just made a mistake . . ."

It was no mistake. Linda, a second grader in Grosse Pointe, found the bill during a school recess.

The principal guessed some child, needing lunch money, had been told to take a dollar from his mother's purse, but had taken the larger bill instead. It was given to police for safe keeping.

Hyman Fink, 59, Dies

HOLLYWOOD (AP)—Veteran photographer Hyman Fink, 59, suffered a fatal heart attack yesterday while making a layout of pictures of Jane Wyman on the set of her filmed television show.

Fink, staff photographer of Photoplay Magazine for 23 years, was on a first-name basis with most of Hollywood's stars.

U.N. Reports on World's Food

Urges Increased Use of Surplus to Feed Undeveloped Nations

ROMEO (INS)—The annual report of the United Nations Food and Agriculture Organization paints a picture of surplus and scarcity existing side by side in the world today.

"At the same time large surpluses of some agricultural products have accumulated, primarily in the dollar areas, and there has been a marked fall in farm prices in many countries," the report adds.

The organization's food specialists called for more careful planning by governments to avoid such surpluses. They urged further consultation among governments facing similar problems, along the lines of regional agricultural conferences arranged by the FAO in Latin America, the Near East and the Far East.

ANSWER SEEN

As an answer to current surplus problems, the FAO report recommended increased use of the Committee on Commodity Problems, which seeks to use existing surplus stocks to feeding underdeveloped countries, creating reserve against famine and financing economic development schemes.

The report also requests that "national system of price support and other methods of maintaining farm incomes be analyzed with references to their effects on the flexibility of production, on domestic consumption levels and on level of international trade."

Finally, the report calls for efforts to increase agricultural productivity so that a "declining rural labor force" can feed an ever-growing urban population and at the same time raise farm incomes.

Army Buys in Michigan

ELK RAPIDS (AP)—The Elk Rapids Packing Co., has received an Army Quartermaster contract for 42,666 dozen cans of cherries worth $216,452. Other contracts ranging from 19,000 to 3,000 dozen cans went to Michigan firms in Traverse City, Fennville, New Era and Ishpeming.

Estes Hits GOP World Gambles

Charges Foes Boasting of Brink of War Policy 'Again and Again'

By JOHN CHADWICK

ERIE, Pa. (AP)—Sen. Estes Kefauver said today the Eisenhower administration has "gambled" with the life of the nation and Western civilization in its handling of world affairs.

* * *

"For four years," the Democratic vice presidential candidate said, "we have seen the present administration take us to the brink of war again and again, and boast of it."

Calling for a halt to a diplomacy he described as based on "threats of force and the lure of dollars," Kefauver said in a speech prepared for a rally here:

"To achieve peace let us turn once more to the methods of peace. Let us once again turn on the beacon light of American freedom and good will."

* * *

The rally here was the first of a series scheduled in Pennsylvania by the Tennessee senator for the next to last day of his current cross-country political tour.

Kefauver strongly endorsed Joseph C. Clark, former mayor of Philadelphia and the Democratic candidate opposing Sen. James H. Duff's re-election bid. In doing so, he took a dig at Duff.

He described Duff as "my neighbor and a good man." But he added, "I have never felt that he was much interested in being in the United States Senate."

"He has not introduced any serious legislation and neither has he worked hard to support legislation offered by others," Kefauver said.

Turkey now sells pistachio nuts direct to United States users, for the first time.

Honduras Guards Nicaragua Border

MANAGUA, Nicaragua (AP)—The progovernment newspaper La Hora reported today that Honduras has closed its frontier with Nicaragua to prevent "suspicious" persons from crossing into Nicaragua.

It was the first response reported to Nicaragua's request that other Central American countries clamp down on alleged revolutionary activities by Nicaraguan exiles. The Managua government has charged these exiles were behind the assassination attempt against President Anastasio Somoza a week ago.

Traffic Engineers Elect

EAST LANSING (AP) — J. Carl McMonagle, assistant director of the Highway Traffic Center at Michigan State University, was elected president of the Institute of Traffic Engineers Thursday at San Francisco. Detroit was voted the 1957 convention city.

Classically Nude Statues Perplex Detroit Officials

DETROIT (AP) — A classically nude mermaid cavorting with a dolphin is posing new problems for Detroit city councilmen already perplexed about the Indian clad only in a suntan.

The two statues, both by the late Swedish sculptor Carl Milles, have been offered to the city for permanent display in the new civic center.

The Indian, labeled the "Spirit of Transportation," was called "too racy" by critics. Remembering that still unresolved furore, the councilmen cautiously called for a look at "Sunglitter," the mermaid, before accepting it.

After inspecting a picture of the new offering, about all the councilmen could agree to yesterday was that Milles' statues are unquestionably male or female.

Begin Dental Health Treatment at Utica

Rocky Meets Detective Who Almost Shot Him

By EARL WILSON

NEW YORK—"I gotta tell you a story," Rocky Graziano said. "I told all the guys I'm on 'Studio One' Monday. They says 'Come on, get outa here, whatta you outa your mind?' I says 'I swear to God.'

"It's a big dramatic show called, 'A Man's World.'" Rocky sipped some beer. "It's my first chance to be an actor and not play just a stumble-bum fighter.

"I ain't scared. It's like the beginnin' of a fight when you say 'Lemme see if I can knock this guy out.'

"I guess I got confidence from bein' on Martha Raye's show for four years and from Nat Hiken, the guy that gimme the idea of bein' an actor.

ROCKY

★ ★ ★

Rocky shrugged his sweat shirt. "I made over a million dollars fightin'. I made a little more as an actor in a third of the time.

"Anyway, about the story. I'm walkin' into CBS to rehearse for 'Studio One' and a big guy says 'Hello, Rocky!'

★ ★ ★

"I says 'Detective Curry!' He arrested me, he musta picked me up 25 times when I was a kid. I says, 'Whatta you doin' here? I didn't do nuttin' wrong.'

He says, 'Nuttin', Rocky. I'm retired now. I work here.'

"Now I love the guy. But one time when I was 14 or 15, the guy threw a couple of shots at me on a 'fire escape.

"Yeah, actually. Maybe for breakin' into a school or sumpin'. I hate to reminisce about charges.

"It's funny, a guy shoots at you, then you say he's a great guy. But the guy was always preachin' to me to behave.

★ ★ ★

"I'm not that big a star yet to preach myself. But the guy helped me get over that hump.

"Very, very few guys that I hung with ever got over that hump. I mean about 40 guys that's doin' 30 to 60 years, that's thieves, that's bookmakers, that got the chair. I'm lucky, that's all.

"Anyway, this Detective Curry's gotta kid and the kid says he's so happy to meet me.

"I say, 'Yeh, your old man tried to kill me one day.'' Now his kid's got to have my autograph.

★ ★ ★

"Funny, huh?" Rocky Graziano shook his head and finished the beer. "It's a hell of a country. I'm glad the old man took the boat."

2 RAF Men Slain by Rebels on Cyprus

NICOSIA, Cyprus (AP) — Two Royal Air Force men were shot in the back and killed in Nicosia's "murder mile" today. A third RAF man was wounded but drew a gun and returned the fire.

* * *

The death of the airmen brought to 49 the total of British servicemen killed since the EOKA underground 18 months ago began its campaign of violence against British rule of the Mediterranean island colony. EOKA has slain 86 Greek Cypriots.

The three Britons were sauntering down Ledra Street in civilian clothes when a small group of men opened fire on them from behind. The gunmen escaped.

Ledra street is known as "murder mile" because of the number of British servicemen and other persons shot in its crowded sidewalks by EOKA union-with-Greece extremists.

Team of 50 Works for Solution to Kidnaping Case

Long Hours Go Into Ruotola Murder Investigation

By ED BUTLER

HAMDEN, Conn. (AP) — There's a long, narrow room in Hamden's red brick police headquarters. Men come in and go out all day long. Its lights burn all night.

* * *

This room, once used for routine police paperwork, has been borrowed indefinitely by a New Haven County detective and a team of 50 investigators. Their work is costing $1,000 a day.

They are working for a solution to the kidnap-murder of a chubby little infant — 6-week-old Cynthia Ruotolo, daughter of an $80-a-week paint salesman and his wife, who have lost two previous infant children. One died of pneumonia; the other in an accident.

Nearly a month ago, Cynthia was taken from her carriage in a department store and thrown, apparently shortly afterward, into a lake a mile away in this New Haven suburban area.

* * *

Three boys found the body five days later, stuffed into a plastic bag, and weighted down with a rock.

An autopsy showed she died of suffocation, but police couldn't tell whether from drowning or from being stuffed in the air-tight bag.

She also had a bruise on the left side of her head. But a pathologist said the bruise, suffered before she died, did not cause death.

Police say they have rehashed the case from start to finish repeatedly. Cynthia's mother Eleanor Ruotolo, 33, and a neighbor went to the store Sept. 1 and parked not far from the foyer. Mrs. Ruotolo put Cynthia in a folding carriage and attached a heavy netting over the top.

* * *

She wheeled the carriage into the foyer. Then she and the neighbor, Mrs. Paul Rebucci, went off to shop.

"We went in together and shopped for about 15 minutes," Mrs. Rebucci said. "She got a toy for the baby, plastic bells to hang across the crib.

"After that she checked the baby and we had a hot dog at the snack bar."

Mrs. Rebucci said Mrs. Ruotolo then went to the second floor of the store while she went to the men's department to visit her husband, a salesman there.

"Finally, we went to get the baby and leave. Mrs. Ruotolo pushed the carriage out to the sidewalk. Out there she lifted the netting and we discovered the baby was gone.

"It's pretty confused from that point. She didn't scream, but she became incoherent. She went frantically looking for the baby and she said, 'Where's my baby?' "

Police came shortly afterward and went swiftly through their routine — setting up roadblocks, searching cars, dragging ponds, combing the woods.

Store officials estimate there were 4,000 people that day at the store.

* * *

From half a dozen of those people, police pieced together a description of a woman carrying a baby "awkwardly" across the store parking lot or taking a baby out of a carriage. She was dark, short and stocky, they said.

Detective Edmund Flanagan says his 50-man team will question 1,100 people who were at the store Sept. 1. Their names were taken from credit purchase lists or from checks cashed at the store.

Flanagan said the investigators will try everything to solve the case. It may look like a blank wall, he said, but added:

"We're not back where we started from. We've cleared up a lot of angles but we can't say what they are."

Ellis Island, Ist U.S. Home for Millions, Outlives Its Usefulness, Future Is Dim

By MARTIN POST

NEW YORK (AP) — The little island many cherish and nobody claims has become a symbol of America.

* * *

Standing within the shadow of the Lady of Liberty, the island was the first soil of the new world trod by millions of the "huddled masses yearning to breathe free."

Now its future is as bleak as its past was bright. The government until Monday had intended to sell the island to private interests but the President said no.

The island, of course, is Ellis Island, bearing the name of the man who owned it in the days of the War of the Revolution.

LITTLE CLAIM TO FAME

In those days Ellis Island could boast only of having served as a pesthouse, a picnic ground and a site for hangings.

The United States bought Ellis Island from New York State for $10,000 in 1808, and the State of New Jersey still isn't sure if she wasn't the victim of a fast deal.

For Ellis Island — once but three acres in size and now, with man's help, 27½—is but 900 feet from the New Jersey shore of New York Bay. It is a mile from the Battery, the southern tip of Manhattan Island.

Until 1890 the U.S. government's use of the island was mostly military. But then, hard pressed to cope with the tide of immigrants requiring processing, the United States assigned a new task to Samuel Ellis' old property.

The tide became a flood, which crested at the rate of 5,000 newcomers a day in the early years of the century.

The records for some years are inexact and estimates vary as to how many immigrants were received at Ellis Island before streaming into distant corners of the country. Estimates range from 15 to 20 million. The total in peak 1907 was 1,285,349.

By contrast, immigrants entering the United States in all ports last year numbered but 237,000. Half of these came through the port of New York.

But it has been a generation since any immigrant admitted to this country in routine manner has had to tsop at Elils Island.

Recently the executive offices of the Immigration Service, a branch of the Justice Department, were moved from the island to midtown Manhattan.

Finally it became apparent Ellis Island's usefulness for immigration purposes was at an end.

And Nov. 12, 1954, the last alien came off Elils Island and District Immigration Officer Edward J. Shaughnessy, announced "business is closed."

With that began the search for some fruitful use for the little island in the bay.

Town in France to Have Church Below Ground

LOURDES, France (AP)—An underground church is being designed for this Roman Catholic shrine town.

* * *

To be known as the Basilica of Pope Pius X, the church will open its doors on Easter 1958—the hundredth anniversary of the year when, tradition says, the Holy Virgin appeared before 14-year-old Bernadette Soubirous. Since 1858, Lourdes and its spring have been the object of mass pilgrimages. Crippled and paralyzed persons have reported cures from bathing limbs in the spring.

* * *

The new basilica, 660 feet long, will accommodate 20,000 persons. Ecclesiastic and lay authorities decided on the underground construction to preserve the beauty of the scenery. The structure will cost about $2,850,000.

The name of this important Pennsylvania city is one of the most frequently misspelled in the U. S.

Why Sit Back? All That Money Can Be Yours

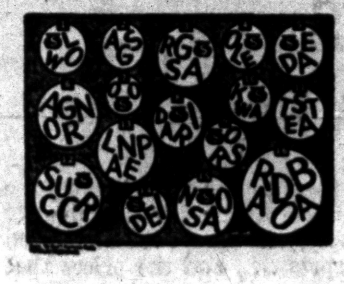

Pennies from heaven may be all right for some, but more enterprising individuals are concentrating on the dollars in Pot-O-Gold. With nothing to lose and possibly $1,125 to gain, why don't you get busy on the clues and rules and see if you can come up with the right answers? Sixteen words are all between you and at least $100.

The puzzle consists of (1) a number of circles which contain a few scrambled letters, and (2) a corresponding list of clues to these words printed below. The object is to arrange each group of circled letters into a word that best fits its clue. The word which you select for Circle No. 1, then would be the one which you would print in the space to the right of (1) below.

You'll notice that some circles contain $ signs in pots of gold. You may use such a symbol as any letter you wish. However, it and all letters in that circle must be used. The $ sign, of course, can represent ANY letter in the word.

Do the same in all the other circles. Study the clues carefully and arrange all the letters into words that you believe best conforms to these clues. Use your $ signs to help you spell out the right words.

OFFICIAL CONTEST RULES

1. Anyone is eligible to enter the POT-O-GOLD contest with the exception of Pontiac Press employes or their immediate families.

2. A contestant may submit as many entries as he or she wishes but they must be on official entry blanks printed in this newspaper.

3. To submit an entry the contestant must print his answer words in the proper spaces, cut out the area enclosed by dotted lines and attach it securely to a 2-cent postcard. No entries will be accepted if they are in envelopes. Entries for Puzzle No. 17 must bear a Tuesday, Oct. 2, postmark (or before). No entries received after that time, whether mailed or delivered by hand, will be declared eligible. The Press is not responsible for entries lost or delayed in the mail.

4. Sorry, telephone calls or mail concerning details of the contest cannot be answered or acknowledged.

5. The Pontiac Press will award a cash prize of $100 a week to the winner of each weekly POT-O-GOLD contest. If more than one winning answer is received the prize will be divided equally among the winners. If any week or weeks should pass without any winners, the prize will be added weekly until a winning solution is submitted.

6. Winners will be awarded an extra cash bonus of $25 each if they are Pontiac Press subscribers of record on the day winners are announced. Only one such bonus can be awarded to each prize-winner, no matter how many weekly prizes may accumulate.

7. Each week's puzzle will be published Monday, Wednesday and Friday until the contest's end. Either or all will be considered as official entry blanks.

8. Winners and correct solutions will be announced each Friday of the week following individual contests. Official keeper of answers will be Frederick C. Ziem, prosecutor for Oakland County. Only the General Features Corp., originators of the puzzles, will know the solutions until after each contest is over. Answers will be delivered to the Press judges by Mr. Ziem after the final deadline.

9. There is only one correct solution to the POT-O-GOLD puzzle, and only that correct answer can win. The decision of the judges is final and all contestants agree to abide by the judges' decision. All entries become the property of The Pontiac Press and none can be returned.

10. Completed puzzles must be addressed to POT-O-GOLD, POST OFFICE BOX 58, Pontiac, Michigan. Winners will be notified either by telephone or in the mails.

Martha Raye Faints During Act, Recovers

PHILADELPHIA (AP) — Entertainer Martha Raye fainted last night during a performance in a night club here but after being revived came back to go on with her scheduled second show of the night.

After she had been examined by a physician, Miss Raye returned for her second performance — without incident.

The comedienne dismissed the incident with the remark "it was just one of those things."

'Striking Difference' in 2 Thefts—Martin

GRAND RAPIDS (AP)—Republican John B. Martin Jr., running for Secretary of State, says there was a "striking difference" between embezzlements committed under administrations of James M. Hare, his Democratic opponent, and Republican Albert E. Cobo.

He said negligence was responsible for the loss through theft of $80,000 from the Department of State branch office in St. Clair Shores last spring.

Martin said the Detroit embezzlement had been goin gon before Cobo became treasurer in 1936.

"After he took office, he uncovered it and brought it to public attention. His action resulted in prosecution and recovery of the funds," Martin said.

"In the case of the Secretary of State, the audits show the failure of his office to get reports from his fee office for six days actually made it possible for Mrs. Thorpe, the fee branch managr, to accumulate and abscond with $8,000."

Russian Dancers Going to London

Bolshoi Troupe Drops Threats to Stay Home Because of Nina

By ROY ESSOYAN

MOSCOW (AP)—The Bolshoi Theater ballet troupe, one of the world's greatest, is going to London after all, despite British refusal to drop shoplifting charges against a Soviet woman discus champion. The Russians previously had threatened to cancel the appearance, which will be the famed company's first in the West.

* * *

A spokesman for the Ministry of Culture told a reporter today that one planeload of dancers would leave by air tomorrow and another on Sunday. The troupe has 120 members including top ballerina Galina Ulanova.

Word that the trip to the West was on again and had been expected since the troupe's director, Mikhail Chulaki, said yesterday he had decided "personally" that the company should keep its British engagement.

Members of the troupe wrote the government paper Izvestia last week that they would not go to London because they feared similar treatment to that accorded athlete Nina Ponomareva.

* * *

The woman athlete was arrested on charges of trying to steal five cheap hats from a London store Aug. 29, as she and other Soviet athletes were about to compete.

The Russians called the arrest "dirty provocation" and pulled out of the track meet. The British Foreign Office said yesterday it had rejected a Soviet request that the charges be dropped. It said the government could not interfere with the courts.

Chulaki said he changed his mind because of the "warmth and friendliness" of a letter the British Council, a government-sponcered culture promotion group, had sent to the Soviet Culture Ministry.

Child Dies of Burns While Parents Pray

DETROIT (INS) — The bravery and prayers of 34-year-old Mrs. Helen Salzman of Detroit proved no match for death today. Her 11-month-old son, Richard who she pulled from a blazing rubbish fire, died this morning of burns.

The heroic mother and her husband, Henry, 36, kept a bedside watch in Children's hospital praying for a miracle.

Mrs. Salzman pulled Richard from the fire Wednesday evening in an alley behind their home. She said he apparently got too close to the unattended fire and his clothes caught fire. In his fright and pain he must have stumbled into the center of the flames.

Conveyor Belt Moves 500,000 Library Books

DENVER (AP)—More than 500,000 books from Denver's main public library are being moved on a 700-foot long conveyor belt to a new $3,300,000 library.

Books in the old library are placed in boxes which are then put onto the conveyor. It transports them across Civic Center. On the way it rises to a height of 14 feet to bridge traffic over busy 14th Avenue.

Three-Against-One Too Much for Driver

DENVER (AP) — It was three-against-one for taxi driver Myron Gerber, 40, he told police yesterday in reporting loss of $55.

Gerber said he picked up three men fares.

At their destination, one put a headlock on him, a second held a knife to his body and the third took his $55.

Throughout the year members of the Carol Brooks Section of the Needlework Guild spend many hours making layettes to be distributed to local charitable organizations. Pictured at the first fall meeting of the group held at the YWCA are (left to right) Mrs. Carroll Braid of Rosewood drive, Mrs. Vaughn Garrison of West Iroquois road, Mrs. William Isgrigg of Cherokee road and Mrs. Carl Dahlgren of Garland avenue.

Needlework Guild Benefit

Bridge Parties Set

Each year members of the Carol Brooks Section of the Needlework Guild sponsor a group of bridge parties, held in the homes of the individual members. Plans for this year's parties were completed at a recent meeting of the group at the YWCA.

* * *

Proceeds for the annual event scheduled Oct. 5, are used to purchase materials for the layettes members make during the year. These layettes are distributed among local charitable organizations following the Needlework Guild Ingathering held the early part of November.

Mrs. William B. Hartman, general chairman, announced that layettes will be displayed in the hostesses' homes at the time of the card parties.

Hostesses who will open their homes are Mrs. Robert B. Oliver, Mrs. Bruce J. Annett, Mrs. Harcourt S. Patterson, Mrs. Milo J. Cross, Mrs. Stephen J. Cloonan, Mrs. George H. Crane and Mrs. Addison K. Oakley.

Assisting at the West Iroquois road home of Mrs. Oliver are Mrs. George L. Hawn, Mrs. Philip M. Hubbard and Mrs. Alfred Hubbard. Committee members who will assist Mrs. Annett in her home on Sylvan Shores drive are Mrs. D. B. Eames, Mrs. Glenn Griffin, Mrs. Charles C. Corwin, Mrs. Norman Kuijala and Mrs. Vaughn S. Garrison.

* * *

Mrs. Russell H. Galbraith and Mrs. Arthur Harrington will serve with Mrs. Oakley in her home on Cherokee road.

At the Patterson home on North Hammond Lake road, committee members include Mrs. Carroll C. Braid, Mrs. Walter K. Willman, Mrs. William S. Isgrigg, Mrs. Donald S. Smith, Mrs. Herbert J. Wettlaufer and Mrs. Carl W. Dahlgren.

Guests arriving at the home of Mrs. Milo Cross, also on North Hammond Lake road, will be greeted by Mrs. Harold E. Howlett, Mrs. James Corwin and Mrs. Verne C. Hampton.

At the Christian Hills home of Mrs. George Crane, Mrs. Arthur R. Young, Miss Jeannette Hubbard, Mrs. Palmer Bundy and Mrs. Hartman will assist. Mrs. W. Arthur Taylor and Mrs. Robert R. Eldred will serve with Mrs. Cloonan in her Watkins Lake home.

Zonta Club Hears Talk on Red Cross

"The Red Cross In Natural Disaster" was the talk given Zonta Club members at their Thursday luncheon meeting, held at Hotel Waldron. Mrs. Mildred Bennett, executive director of Oakland County Chapter of Red Cross, was the speaker.

Mrs. Bennett gave a resume of the needs the Red Cross is responsible for and how it meets them. She stated the Red Cross responsibility would be to individuals and families.

Announcement was made of a money-making project Oct. 17-19, with details to be announced later.

Following the recent business meeting of Carol Brooks Section of Needlework Guild, Mrs. Verne Hampton of Cherokee road (center) pours tea for Mrs. Glenn Griffin of Ogemaw road (left) and Mrs. Norman Kuijala of West Iroquois road. They are members of the committee who will assist at the bridge parties being held Oct. 5.

Mrs. George Crane of Christian Hills, Rochester, (right) shows Mrs. Harcourt Patterson of North Hammond Lake road and Mrs. Stephen Cloonan of Watkins Lake (left to right) the kimona she completed for the infant layettes being made by members of the Carol Brooks Section of the Needlework Guild. The three members will also open their homes on Oct. 5 for the bridge parties being held by Carol Brooks Section. Proceeds from the parties will be used to purchase materials for more layettes.

Initiate Two at Meeting of Sorority

Delta Kappa Gamma Chapter Also Plans Theater Party

Xi Chapter of Delta Kappa Gamma, national educational society, met Thursday evening for a dinner-meeting at Haven Hill.

The society's initiation committee members, Mrs. Charles E. Wait, Mrs. Roy N. Law, and Mary Gibbs, arranged for the dinner and later conducted initiation ceremonies assisted by Florence Goldstrand, president.

Jean Kimple and Grace McLaughlin were received into the group.

Officers presiding for the first time were Mrs. Oscar Forslund, first vice president; Mrs. Thomas Turner, second vice president; Katherine Baker, secretary; Mrs. Elmer E. Huntley, treasurer; Violet Crawford, corresponding secretary and Mrs. Everett Hathaway, parliamentarian.

Reports from the regional meeting held Saturday at Ingleside Club, Detroit, were given by Mrs. Alfred Rothweiler, Mrs. Claire Hinckley, Mrs. Erwin Gottschalk and Mrs. Everett M. Peterson.

The November meeting will be a dinner and theater party in Detroit with the executive board acting as hostesses.

Mrs. D. B. Eames of Cherokee road (left), president of Carol Brooks Section, and Mrs. William B. Hartman of Pitt road, chairman of the Oct. 5 bridge parties scheduled by the group, arrange the completed layettes made by members. Each bundle contains a complete infant layette that will be contributed by the group to the Needlework Guild Ingathering being held in November.

At Reception in Longfellow School

Local ACE Honors New Teachers

Two hundred members and guests of the Pontiac Association of Childhood Education met Thursday at the annual fall tea honoring new elementary staff members of the Pontiac Public School system.

A colorful array of fall flowers provided a festive background for the affair, held in Longfellow School.

* * *

Mrs. Harold Muldowney, program chairman, gave a brief history of the organization and an outline of events scheduled for this year.

HAS 80,000 MEMBERS

The Association for Childhood Education International, to which the local group is affiliated, was founded in 1892. A non-profit organization, it is proud of its membership of 80,000 teachers, parents and community workers interested in education and the well-being of children from 2 to 12 years of age, Mrs. Muldowney said.

Oct. 16-17-18 are dates of the annual Children's Theater, to be presented by the Pontiac High School Drama Workshop under the direction of Mary Parrish.

During November the organization will sponsor a drive for funds for construction of a building in Washington, D. C., as a national headquarters. Mrs. Steinbaugh and Mrs. Ralph Dawe will serve as cochairman for the Pontiac ACE.

* * *

"World Relations" will be the theme of programs scheduled for January and February.

SPEAKERS SLATE

Mrs. Alfred Rothweiler, UNESCO chairman, has arranged to have as guest speakers Rachel Andreason, member of the Michigan Council for the United Nations, and Carl Hanna, Michigan representative for the American Field Service heading the placement and activities of foreign students enrolled in Oakland County Schools.

Plans have been initiated by the group for a Pontiac Children's Museum. Arthur Bell and Josephine Stillwell will serve as representatives to the Greater Pontiac Council, where a further study of the plans will be made.

CAROLYN ANN LUTTRELL

Mrs. Melville Harold Luttrell of Bloomfield Hills announces the engagement of her daughter, Carolyn Ann, to Richard DuBois Young Jr., son of the Richard Youngs of LaJolla, Calif. Both are seniors at Michigan State University where she is a member of Kappa Alpha Theta sorority and he is affiliated with Alpha Tau Omega. A Dec. 21 wedding at Christ Church Cranbrook, is planned.

Committee chairmen serving this year are Mrs. David Seese, legislation; Elsie Welch, publications; Mary Mitchell, membership and Mrs. Frederick Holmes, publicity.

William Wright will serve as principal representative while Dorothy Hollister, Mrs. Fred Steinbaugh and Mrs. Harvey Bidstrup serve as directors.

SIX PRESIDE

Presiding at the silver services during the tea were Dorothy Virtues, president; Mrs. Wayne Yager, recording secretary; Mrs. Florence Pappert, vice president; Katherine Hayes, treasurer; Sue Moore, corresponding secretary, and Mrs. William Mihalik, president of Pontiac PTA Council.

Background music for the affair was furnished by George Woodworth, elementary vocal music instructor. Vocal selections were given by the Longfellow Glee Club under the direction of Mrs. John Zell. Co-chairmen for the event were Mildred Gingell and Esther Roth.

MANY ASSIST

Assisting were Harriet Young, Luey Edwards, Mrs. Leon Bogan, Mrs. Morris Harpham, Mrs. Peter Spring, Mrs. Howard Wideman, Mrs. Melvin Small, Mabel Brown and Marjorie Cotterman.

Also assisting were Lucille Edwards, Margaret LeCocq, June Voss and Faye McNamara, the executive board of Longfellow School PTA and Adeline Hook, principal.

The faculty of Webster School provided corsages for the new teachers.

Among guests present were Dr. Dana P. Whitmer, J. Cecil Cox, Dr. Otto E. Hufziger and Harriet Ratliff, former supervisor of elementary education and founder of the local ACE branch.

Joyce Ann Hayward Honored at Shower

Mrs. Charles Wheeler entertained at a miscellaneous shower in her Dover road home Thursday evening honoring bride-elect Joyce Ann Hayward. Cohostesses for the affair were Mrs. David Wells, Mrs. Harold Hall and Marilyn Wells.

Joyce, daughter of Mr. and Mrs. Floyd L. Hayward of Grandee avenue, will become the bride of Donald Reichard in a ceremony to be performed Oct. 13 in the United Missionary Church. He is the son of Mr. and Mrs. Gordon Reichard of Port Huron.

Mrs. Hollis Joins Rebekah Lodge 246

Mrs. Leo Hollis was welcomed to membership in Welcome Rebekah Lodge 246 at the Thursday evening meeting of the group held at Malta Temple. Mrs. Randall Wilson, noble grand, conducted the meeting.

Mrs. Eva Strebe, Mrs. Russell Hetzer and Mrs. Vera Hetzer were in charge of the social hour attended by 40 members.

Oakland Church Women Meet

Eighteen members of the Ladies Aid Society of Oakland Avenue United Presbyterian Church met Thursday at the home of Mrs. Edith Hillman on Short street.

Devotions were given by Mrs. LeRoy Koch and the business meeting was conducted by Mrs. Guy Caswell.

Following the dessert luncheon served by Mrs. Howard Hall and Mrs. Ada Mortenson, members sewed cancer pads for the American Cancer Society.

Mrs. Howard Hall invited members to meet at her home on Delaware drive for the October meeting.

Coming Events

Women of the Moose, chapter 360, will hold a bake sale Saturday afternoon at the Moose Hall, 350 Mt. Clemens St.

Baraca-Philathea State Convention is being held at First Baptist Church on Saturday. Sessions open at 9 a.m. and will conclude with dinner at 6 o'clock. Dr. David Mitcham of Indianapolis, Ind. will be the banquet speaker.

Picnic Supper Held by Altrusa Club

Mrs. Carl Wonnberger of Faculty Row, Bloomfield Hills, was hostess to members of Altrusa Club Monday evening. Assisting the hostess with the picnic supper were Mary Helen Holmes and Mary Spaulding.

The district meeting of Altrusa International will be held Oct. 5-7 at the Hotel Sheraton-Cadillac in Detroit. Delegates are Muriel Brisie, president, and Mrs. Millard Newcomb, vice president.

The Country Store at Sarah McCarroll School PTA Fair being held Saturday promises to be a busy place. Carol Kasten (center) found a doll that interested her and made a special effort to see that her mother, Mrs. Lester Kasten of Oliver street, (right) is aware of her choice. Showing the doll is Mrs. Dean Lacy of North Perry street (left) while Larry Galbraith of Raskob street looks on. The fair is open to the public from 11 a.m. to 4 p.m.

McCarroll PTA Slates Fall Fair

Promise Fun, Food for All at Saturday's School Festival

Lots of activity, fun and food are in store for everyone who attends the fall fair at Sarah McCaroll School Saturday. Members of the PTA of the school are sponsoring the 11 a.m. to 4 p.m. affair.

Luncheon will be served at noon by mothers of the students in grades one and five, with Mrs. John Horton and Mrs. Herbert Johnson serving as cochairman.

A real treat for the children will be the hayride arranged by Mrs. George Brash, homeroom mother of the second grade. Mrs. Joseph Carry will be in charge of the parcel post window and the pony rides planned by mothers of the fourth grade.

Aprons, home made candy, popcorn balls and crackerjack will be available at the booth being supervised by Mrs. Ferris Stevens, homeroom mother of the second grade.

FISH POND, TOO

Mrs. William Killen will be in charge of the fish pond and cherry tree laden with gifts, and the white elephant booth is the project of the sixth grade under the direction of Mrs. Harvey Bidstrup.

Movies and games are being arranged by fifth grade students and their homeroom mother, Mrs. Roy Jackson. Mrs. Wayne Weaver will be in charge of the ice cream bars, dixie cups and popsicles being sold by sixth grade students.

Mrs. Lester Kasten and Mrs. Dean Lacy have plenty of home canned foods, toys and linens available at the country store and home made pastries will be sold at the baked goods booth where Mrs. William Saranen will be in charge.

Fashionettes' Trophy Goes to Mrs. Mertz

Mrs. Andrew Noell, Mrs. Clifford Mercier and Mrs. Ted Alspaugh were guests at the Tuesday evening meeting of Fashionette Club held at Adah Shelly Library.

Following the business meeting, members participated in a guessing game trying to identify baby pictures of the members. The weekly trophy was won by Mrs. Edna Mertz.

Hills Folk Ready for Football Game

By DOROTHY JEAN ZACK

BLOOMFIELD HILLS—It's football season again, and tomorrow many Bloomfield families will be making trips to various campuses to root for their favorite teams.

For the Maynard Andreaes, a trek to the Michigan-UCLA game in Ann Arbor will be an outing with the children included. At succeeding weekends, Mr. and Mrs. Andreae will be entertaining couples from New York and Chicago for other games at his alma mater.

Also heading for Ann Arbor tomorrow will be the Harvey Greenes, including Avery and Jennifer, and the George Romneys and their two boys, Scott and Mitt.

The Greenes plan to go on to see Victor Borge's program in Detroit that night.

The Russell Stricklands have returned from a Chicago convention.

PLAN 3 EVENTS

Bloomfield women are busily collecting new clothing for the Needlework Guild's Ingathering, preparing harvesttime wares for the Garden Club fair, and looking towards the TB benefit Cinderella Ball in Detroit.

Deep in such activities is Mrs. Edgar B. Flint of Glengarry road, who is decorations chairman for the Cinderella Ball Nov. 3. Mrs. Roy Fruehauf of Middlebelt road is heading all Detroit area workers for the ball.

Mrs. Flint is also canning her special chili sauce, to be among the home canned goods at the Garden Club fair Monday at Mrs. William Kahn's home on 14 Mile Road near Franklin road.

Also, she's working on plans for the Oct. 6 Denim Ball for St. Joseph's Hospital. It will be held at the Bloomfield Open Hunt Club, with Mrs. James Goudie in the chairman's post.

CARNIVAL TYPE FOODS

Mrs. William Ferguson's committee for the Garden Club event has decided to make hot dogs and informal foods fit in with the fair's carnival mood. A tent is to be erected to shelter the flower arrangements, farm produce and bake sale booths.

The Needlework Guild's fall campaign will climax with the Ingathering at the Birmingham Community House, along with a brunch and annual meeting.

"One to wear and one to wash," continues to be the Guild's slogan for donors, seeking clean, identical duplicates of clothing or household gifts.

MEMBERSHIP WITH GIFT

Mrs. Robert Woodruff and her board are accepting offers of gifts, which make the donors automatic members of the Guild.

Mrs. E. E. Hammonds entertained the board this week at tea, and last week the board lunched at Bloomfield Hills Country Club.

New directors are Mrs. Leroy C. Biske Jr., Mrs. Hammonds, Mrs. C. Mark Harper Jr., Mrs. Donald Neill, Mrs. Frank Reschke, Mrs. Chad M. Ritchie, Mrs. Stephen Rogers, Mrs. Robert Roth, Mrs. William Saunders, Mrs. Harry Swan and Mrs. Charles Wilder.

Now's the time to plan on making daughter's favorite doll a new set of clothes as a holiday surprise. Each of these is just one pattern piece.

No. 8319 is for dolls 14, 16, 18, 20, 22, 24 inches. For exact requirements, consult pattern.

For this pattern, send 35c in coins, your name, address, size desired, and the pattern number to Sue Burnett, The Pontiac Press, 372 W. Quincy Street, Chicago 6, Illinois.

You'll be delighted with the latest edition of our pattern catalog. The Fall & Winter '56 book contains dozens of smart, easy to sew styles in every size range. Send for your copy today—it's just 25c.

Beta Sigma Phi Gathers at Home of Mrs. Benson

Mrs. Constance Benson opened her home on Cadillac street for the first meeting of the fall season of Alpha Omega Chapter of Beta Sigma Phi sorority.

Plans for the Rush Tea, to be held in October, were made and committee chairmen for the year were named.

Mrs. Michael Gollogly will serve as chairman of the program committee, Mrs. Duane Chamberlain, membership chairman; Mrs. Vincent Schneider, social; Barbara DeWolfe, publicity; and Mrs. Murl Dodge ways and means.

Guests attending the evening meeting were Mrs. C. M. Beeners and Mrs. John Harris of Walled Lake. Mrs. Kenneth Miller will entertain members at her home on Lincoln avenue for the Oct. 10 meeting.

'F' Is for Feminine

Fall hats are feminine with a capital "F"—for feathers, fabrics, furs and fluff!

Sumptuous materials, rich colors and dramatic silhouettes make beautiful hats the focal point of every costume. On that both American and European couturiers agree.

Mrs. Nance Entertains Opera Women

Mrs. James Nance of Lone Pine road, Bloomfield Hills, entertained members of the Women's Committee for the Detroit Grand Opera Association at her home. Mrs. Theodore O. Yntema, Mrs. C. Henry Johnson and Mrs. John W. Adderley assisted the hostess.

Sylvia Stahlmann of the New York City Opera Company was a guest of the group. She will appear at the opening performance Nov. 7 at the Masonic Temple.

Her role will be that of Gilda in Verdi's "Rigoletto". Jessl Bjoerling also will be featured in the show.

The Nov. 7 performance will mark the 14th annual opera festival. Operas to be presented this season are "Mignon," "Carmen," La Boheme," "The Tempest," "La Traviata," "Il Trovatore," "Orpheus in the Underworld," and "Die Fledermaus."

Pouring at the recent gathering in the Nance home were Mrs. Leslie C. Allman, Mrs. Philip C. Baker, Mrs. Matthew Commarerl, Mrs. Herbert H. Gardner, Mrs. Lester A. Colman and Mrs. John F. Gordon.

The tea table was arranged with a floral centerpiece of chrysanthemums in fall shades flanked with matching colored tapers.

Widower Has Dating Problem

Wife Died in Spring; Advised Occasional Outings Proper

By EMILY POST

"Dear Mrs. Post: I've been a widow for the past five years. This spring, a man I've known for a long time lost his wife. She had been ill for many months.

"Will you please tell me how long we must wait before we can begin going out together without being talked about? We do not wish to cause any unpleasant talk."

Answer: You certainly could go out occasionally now and after six months you may slowly increase the frequency.

"Dear Mrs. Post: Does the receiving line which sometimes forms at the back of the church after the wedding eliminate the necessity for receiving at the house?"

Answer: The only time the bride and bridegroom receive at the church (in the vestibule) is when the reception at the house is so very small that only relatives and fewest intimate friends are invited. In this case, those invited to the house should go directly there and wait to be received.

Dear Mrs. Post: "Is it always incorrect for a boy to give a girl jewelry as a gift? Wouldn't it be all right for a boy to give a girl a bracelet or pin if he knows that is what she wants most of all."

Answer: In this present day, trinkets may be given by a boy to a girl on her birthday or for Christmas, if they are trinkets and not jewels. Jewelry of real value is not given by a man to a girl unless they are engaged to be married.

"Dear Mrs. Post: I am a teacher in a junior high school. I would like to know if I should rise whenever the principal (a man) comes into my classroom. I am in my late twenties and he is in his mid-fifties, if that makes any difference."

Answer: You should rise because your position is really that of a hostess.

GOP, Dem Leaders Talk

Voters League Hears 2 Speakers

Speaking at the opening meeting of the Pontiac League of Women Voters Wednesday evening at the YWCA were Mrs. Neil Staebler of Ann Arbor, an active member of the Democratic party, and Mrs. Robert Stacey of the State Republican Central Committee.

"It is the job of every woman who believes in good government to participate in the work of a political party," Mrs. Staebler said.

The history of political parties' origin and their functions in our government were outlined by the speaker. Reasons given by Mrs. Staebler for women being active in political parties were: To learn the hard facts of government, to get acquainted with candidates, and to improve the quality of government.

Mrs. Stacey praised the progress of the League of Women Voters in nonpartisan educational work and said that facts learned in the league led her to work in her party.

ALL ARE IMPORTANT

Discussing the organization and financing of political parties from the national chairman through the state level and on down to the precinct organization, Mrs. Stacey said one should never underestimate her job no matter how small it may seem.

"Without work at the precinct level, county and state political committees would fail to carry out their plans," she said.

Both speakers agreed that work in a political party was fascinating and rewarding, and urged all women to work in the party of their choice.

3 NEW MEMBERS

Mrs. William Wright presided at the business meeting at which time Mrs. Fred Steinbaugh announced that Mrs. F. J. Bailey, Mrs. David Simmons and Mrs. Marvin Talan were received as new members of the group. Mrs. Harry Aten briefed members on the progress of the current finance drive.

Announcement was made of the **Candidates' Rally being sponsored by the league at Lincoln Junior High School Oct. 29 at 7:30 p.m. This meeting is open to the public and will provide an opportunity for the voter to meet the candidates and hear their comments on issues involved.**

Arrangements for the dessert hour which preceded the meeting were made by Mrs. Glenn Griffin assisted by Mrs. D. B. Eames and Mrs. Frank Holechek. Betty Halsey and Mrs. John Borsvold were in charge of hospitality.

Others assisting were Laura Belz, Mrs. Aten, Mrs. Frank Hilfebrand, Mrs. Arnold Dennison, Mrs. Donovan Gillmore and Mrs. Roy MacAfee. Mrs. George Wyman and Mrs. Floyd Smith handled publicity.

Try Stuffing an Eggplant This Way

Spanish Recipe Calls for Chicken and Tomatoes

By JANET ODELL
Pontiac Press Home Editor

Fall is the time of year when eggplant is plentiful. An interesting way of preparing it is a Spanish way, suggested by Mrs. Margaret Terreault.

Mrs. Terreault uses her leisure time to do volunteer work in a number of civic organizations. Square dancing and handwork are favorite activities. Her family includes one teenager, still at home, and fourteen grandchildren.

STUFFED EGGPLANT
By Mrs. Margaret Terreault

1 eggplant
1 onion, chopped fine
2 tomatoes skinned
2 cups cooked chicken, chopped
Salt and pepper

Cut eggplant in half lengthwise. Place in boiling water for 10-12 minutes. Remove and scoop out pulp without breaking skin.

Lightly brown onion, tomatoes, chicken and some of the eggplant pulp in cooking oil. Season. When mixture is cooked slightly and well mixed, stuff eggplant shells.

Bake in casserole in a 350-degree oven for 15 minutes. Garnish with chopped parsley and serve at once.

"The miracle called Mira-col can happen to you free, too"

by Dorothy Davis Smith

As a fashion magazine editor and an advertising woman, years of experimenting with new beauty products had disillusioned me, until last week!

Last week a miracle called Mira-col came into my life and I look like a new woman after three applications. My first Mira-col beauty treat was free. Yours can be, too.

Developed by famed cosmetician Merle Norman, this cool liquid instantly improves skin problems (see below) by normalizing the activity of skin glands.

Naturally, when all glands are performing perfectly (as in baby's skin) problems disappear. Suddenly the complexion is brighter and younger than in years. I know. I saw it happen in my own mirror. Once again my skin is healthy, alive, glowing.

Since that first application I've used Mira-col twice more — the first thing in the morning, so it could work while I had breakfast.

The first time my skin tingled almost to the point of stinging. Each time after that it tingled pleasantly. The degree of tingle depends upon the individual skin and indicates that Mira-col is doing what the skin, unaided, has been unable to do. That is, function properly as an organ of elimination.

There's so much more you'll want to know about this wonderful physiological discovery, your Merle Norman Studio invites you to learn, free, how to use Mira-col effectively. Before your skin gets another day older, come in for your Mira-col beauty treat, part of the famous "three steps to beauty" Merle Norman Method. Free, without obligation.

**Normalizes excessive dryness, excessive oiliness, clogged pores, eruptions, enlarged pores, premature wrinkles.*

Classes Start, Campus Comes to Life at UM, MSU

By CECILLE DUMBRIQUE
U. of M. Correspondent

On the campus of the University of Michigan, all the beauty of the fall season has blossomed forth and is enveloped in an air of excitement and anticipation as campus activities come to life.

The serious business of orientation for freshmen and class registration for undergraduate and graduate students has been completed, and classes are now following regular University schedules. With campus life back to normal school activities gain the spotlight.

The magic word on campus is "football," and school organizations pay their respects to it by preparing for the coming season which starts officially at the sound of the first kickoff of the UCLA game, Saturday afternoon.

The traditional card section, "Block 'M'," has been holding mass meetings for practice. Among those participating are, Helen Rendziperis and Mary Sarros, daughters of Mr. and Mrs. Louis Rendziperis of Auburn avenue and Mrs. Afrodite Sarros of Palmer Street, respectively. The girls are in their first year of college.

DANCE PLANNED

The post-game activities will include open house at some of the residence halls and houses and the "T-Hop," September 29 from 9 to 12 p.m. which is the first big social event of the Independent Women's Association. It has been formally named the "College Kick-off," music will be supplied by the bands of Paul Brody and Don Kenney.

* * *

It isn't only football season, but also "Rushing" season. Rushing is the process through which the fraternities and sororities on campus choose new pledges.

This week and next is the sorority season, to be followed by the separate fraternity two-week season.

In the midst of rushing is sophomore Esther Diem, daughter of Mr. and Mrs. Irving Diem of Utica Road. Greta Phipps, daughter of the Harold Phipps of Oneida Road, is also a sophomore rushee.

Mr. and Mrs. Irving Prizant of West Iroquois road announce the engagement of their daughter, Binnie Joan, to Herbert Reiner, son of Mr. and Mrs. Sam Reiner of New York City. Binnie attended Miami University and Herbert was graduated from New York University. They will be married in New York City.

BINNIE JOAN PRIZANT

Three Pontiac girls who are rooming together in Moaher-Jordan Hall are Madeline Van Matres, daughter of the Harry C. Van Matres of West Huron Street; Joanna Sherman, daughter of the Glen Shermans of North East Boulevard; and Carey Charles, daughter of the B. D. Charles of Avondale Street.

Madeline is rushing, but Joanna and Carey are for the present remaining unaffiliated. All three are first term freshmen.

Football tension is mounting, but not about the UCLA game. It is only the appetizer to the next scheduled game on Oct. 6, with Michigan State University, where once more the Wolverines and Spartans will encounter each other on the gridiron battlefield.

By VICKY MICU
M.S.U. Correspondent

Over 18,000 students this week attended classes for the first time, kicking off the fall term here at Michigan State University. Coeds were pleased to discover that the male population outnumbers the female over 2 to 1.

In addition to an abundance of gentlemen, State has an abundance of activities lined up in the near future. High points are the coming football games beginning Saturday when State takes on Stanford.

Of course, the Big, BIG one is next Saturday's game between Michigan State and the University of Michigan. A big pep rally the day before the game will send the football squad off.

Monday, Salk polio shots will be available to all State students at a nominal cost. This program is the first of its kind in the nation by a major university.

CAREER CARNIVAL

Carnival time—Career Carnival, that is—will begin Monday and continue through Tuesday to afford students an opportunity to learn about vocations available. Theme of this year's affair is "Let's Talk It Over."

Freshmen are by far the most active group on campus this week as they locate classes and the ins and outs of activities. Petitioning for freshman class officers began Thursday, and primary elections will be held Oct. 18. Final elections will be Oct. 25.

Among the many representatives from Pontiac, Birmingham, and area are freshmen Betty Andres, Connie Sabot, Marsha Stapp, Janette Weber, Carol Trudell, Dorothy Rossman, Carolyn Premo, and Elona Ridge all residing in Phillips Hall.

FURNITURE COMING

This is the first year the dorm has been a women's resident hall, and girls are awaiting the October arrival of new, more feminine furniture.

Abbot Hall is this year's home of Pontiac area students Sue Harrison, senior; Kathie Armstrong, sophomore; and underclassmen Pat Lawrence, Marilyn Long, Wanda Nickerson, Marjorie Oliver and Nancy Oliver.

Jeanette Cockle and Marilyn Glennie are residing in Snyder Hall, and in Mason is Dorothy Bell.

At the other end of the campus in Yakeley and Landon Halls are Marianne Crozier and Ann MacDonald, Pat Skelley, and Jo Uligian.

Meeting Is Held by Ruth Circle

Mrs. Leonard Cotter entertained members of the Ruth Circle of the Joslyn Avenue United Presbyterian Church Wednesday afternoon in her home on Second avenue.

"Challenge Accepted by Timothy" and "Challenge Accepted by Paul" were the topics of devotions presented by Mrs. Francis Oak. Mrs. Lunsford presided at the prayer cycle. Further study on "Missions, USA," was the program presented by Mrs. Walter Hubner.

Following the business meeting, members participated in a silent auction. Mrs. Glenn Hoisington will be hostess at the October meeting.

Symphony Unit to Open Season

Pontiac Symphony Women's Association will hold the first meeting of the season with Mrs. Harold B. Euler of Ottawa drive, Monday at 1 p.m.

Mrs. Donald B. Hogue will speak on the differences in tone and size of string instruments in orchestra. Mrs. Ferdinand Gaensbauer also will be on the program. She will speak on the different forms of music and will play "Schumann's Piano Concerto" as an example to point up her talk.

* * *

Ticket sales for the Oct. 23 performance of the Pontiac Symphony Orchestra will be discussed at the meeting. The Symphony's opening performance will feature Stanley Lock, New York concert pianist as guest artist.

Job's Daughters Hold Initiation

International Order of Job's Daughters, Bethel 40, met recently at Roosevelt Temple.

Members initiated into the order were Mary Lynn Mitchell, Geraldine Frances Daniel and Jerilyn Dean Gallaher. Installed in the guardian council were Mrs. Lester Oles, Louie King, Mrs. Harry Vernon, Mrs. Lyle Venner, Edward Pritchard, Mrs. Theron Taylor, Mrs. Royal Clark, Mrs. William Roberts and Mrs. Harry Eaton.

Refreshments were served at the close of the meeting.

Small women lack the statuliness to carry off the long, slinky gown. A gently balled skirt is best if you're tiny.

Completely romantic versus entirely modern accent was displayed in the new fall evening gowns. Another aspect of the 1912 influence is seen in the ankle or instep length for dinner and evening dresses. This is good news if you need height.

PTA Magazine to Emphasize Mental Health

"Horizons of Mental Health" was chosen as this year's theme of the National Parent-Teacher magazine because of the large agreement among its readers on the need to know more about healthy personality development.

NPT Magazine stresses effective juvenile protection, brings out the forewarnings of delinquency, and suggests how it can be prevented and treated.

The publication also presents a program of parent education to help interest all parents in the children, so that youth will develop the character necessary for meeting needs as they arise.

Pontiac PTA Council magazine chairman, Mrs. George W. Gray, has urged all local unit magazine chairmen to begin their drive for new subscriptions early in the school year, so that all may benefit from the study discussion programs.

"Have the satisfaction of having made a worthy contribution to the welfare of children and youth by acquainting our parents with the National Parent Teacher magazine," is her plea.

To These Pontiac Students

College Life Is Now Just 'Old Stuff'

As the two articles here show, things are really buzzing on at least two local campuses. And we feel sure the same round of activities; rushing, football pep rallies and card section practices are the order of the day in all colleges. Too, probably most frosh have already learned the "old college song" and its several parodies.

* * *

There's no more excuse this week for students rushing to class late with the excuse, "I got lost." By now they have all visited or at least heard of all campus buildings and schedules from the upperclassmen.

Learning the campus routine at Michigan State University are freshmen Jack Reynolds of Elisabeth Lake road, Ann McDonald of Oriole drive and Bill Wiltfang of Eileen drive. Sophs now are Roland Cornell of Dwight avenue, Barbara Lee Albertson of East Chicago avenue and Mary Mapley.

Patricia Ann Shelley of Woodland drive is a junior at State this year. Marilyn Glennie of Montroyal street is also attending State.

A freshman at University of Michigan is Shirley Arnhart of Glendale avenue. Wally and Fred Roeser of Monroe street are both attending the University this year. Wally is in his first year of medical school and Fred has started his freshman year.

* * *

Dave Tarr of West Iroquois road has returned to Michigan as a sophomore and Judith Allen of Dakota drive is a junior. Other Michigan frosh are Lorraine Jean Kuscera of Emmett road, Larry Sampson of South Shore drive and Jim Wager of Dixie highway.

* * *

Other Pontiac students are Bill Price of East Colgate street, a freshman at Eastern Michigan College. Marjorie Challis has enrolled for her senior year there. Nancy Austin of West Huron street is a freshman now at Eastern and her sister Lois is a senior at Henry Ford School of Nursing.

Judy DeLauder of Berkley drive and Gerald Young of Wolfe street are freshmen at Western Michigan College in Kalamazoo. Joe C. Walker of West Iroquois road is a junior at Western.

Enrolled at Wheaton College for her sophomore year is Karen Yeager of East Howard street. Stewart Nutter of Crooks road, David Rives of Cameron avenue and Kirk H. Hobioth of North Johnson avenue are juniors at Wheaton this year.

* * *

A sophomore at Michigan College of Mining and Technology at Houghton is Nelson Fizzard of Lowell street. He is a member of Phil Eta Sigma and Tau Beta Phi, honorary fraternities.

* * *

Jane Tuohey of Winthrop road is attending Parsons School of Design in New York City. Elinor Schutt of Auburn avenue is a sophomore at Siena Heights College in Adrian now.

Traveling to Alton, Ill. for school was Carolyn Jane Cooper of Middlebelt road. She is a freshman there. At Highland Park Junior College is Irene Kamachus of Oakland avenue. Michael J. Wells of Pingree street is in his second year of medical school of University of Detroit.

* * *

Attending Bethel College of Hopkinsonville, Ky. is Sally Ann Spragg of Strathmore avenue. Ferris Institute was the choice of Bob Baynes of Marquette street, a freshman there.

Other freshmen at Ferris are Dorothy Ostrander of Parkway drive, Ruth Ann Bandy of Lowell street and Jackie Dubay of Stanley avenue.

Kenneth Kelley of Collingwood avenue is a junior at Eastern Michigan in Ypsilanti this year. He is a member of Kappa Phi Alpha.

Dismiss Official for 'Indiscretion'

Health Officer Losing Job for Having Lunch With Negro Nurse

MONTICELLO, Fla. (AP) — Florida's only woman county health officer, Dr. Deborah Coggins, is being fired because she had a business lunch with a Negro nurse.

The Commissions of Jefferson, Taylor and Madison Counties agreed at a joint open meeting here last night to dismiss her.

* * *

Dr. Coggins, 32, blonde and the mother of three children, has been health officer of the three rural north Florida counties, just east of Tallahassee, since April. Her husband, Dr. Wilmer J. Coggins, practices at nearby Madison where they live.

The three commissions acted amid audience shouts of "fire her" which drowned out pleas from two women to overlook what they called the "indiscretion" of the white doctor.

A suggestion from one of the commissioners that final action be deferred until after a meeting Oct. 3 of the Madison Board, when Dr. Coggins has been promised a hearing, was overriden.

Dr. Coggins was not present last night, and the only support she had came from two white women in the audience.

* * *

Dr. Coggins says she had lunch with the Negro nurse, Ethel Kirkland, midwife consultant for the state board of health, in a private dining room of a Madison restaurant on Aug. 22.

The nurse had opened a class for Negro midwives two days earlier, she explained, and she wanted to discuss problems of the class but her morning and afternoon schedules were full. So, she said, she arranged a conference over lunch.

$200 in Tree Trunk Plagues Retrievers

GEORGETOWN, Ky. (AP)—Money doesn't grow on trees, but officials are stumped by reports that $200 is in a large maple right on the courthouse lawn.

A Kentucky village official, who asked not to be named, said an escapee from the institution for juveniles hid the cash in the tree just before being recaptured.

* * *

The youth didn't know the tree was hollow all the way from the crotch to the ground—a distance of about eight feet.

Efforts to retrieve the money failed yesterday.

Watch-Smashing Official Puts Point Across

PROVIDENCE, R.I. (AP) — State Rep. G. Ellsworth Gale of East Greenwich told his fellow Republican legislative candidates last night that just as a watch is useless unless its parts are coordinated, so is a political party unable to operate unless it is a well-organized team.

To emphasize his point, he took off his wrist watch and smashed it.

Later, he said the watch was an inexpensive one.

Seek Funds to Build Liberty Island Museum

NEW YORK (AP)—A drive for five million dollars to build a museum of immigration at the foot of the Statue of Liberty will start next month.

Sponsors of the campaign said yesterday the drive will open Oct. 28, the 70th anniversary of the unveiling of the statue in New York harbor.

Rename Nurse to Board

LANSING (AP)—Gov. Williams has reappointed Mrs. Ethel I. Scymkowski, a practical nurse from Kalamazoo, a member of the Michigan Board of Nursing for a term ending in September, 1959.

Check Your Pot-O-Gold Answers Here

Here are the explanations for the correct answers to Puzzle No. 16, which appeared in last week's Pontiac Press.

1. A **SODA** would perhaps be taken by an underweight child on the doctor's orders; usually an ice cream SODA is taken just because it tastes good. A **Dose**, or prescribed quantity of medicine, is not generally used without further explanation. A dose of what?

2. Kicking an **EGG** in the dark is likely to make you slip—on the contents of the EGG. Spilled on the floor, that is pretty slippery! A **Keg**, or a **Leg**, is more likely to trip you than to make you slip.

3. Seeing a **SNEAK** in the house—a prowler who has come in furtively—is certainly frightening. It is clear that he didn't drop in to say hello, but to steal something. A **Snake** could be one of Junior's pets; and many **Snakes** are harmless.

4. An **ECHO** of her younger days sometimes makes a faded belle feel sad. It reminds her of the years when she was sought after; the ECHO may be a special piece of music, or a voice on the telephone, etc. A **Hero** of her younger days is hardly likely to be more romantic now than she is. **Shoe**, or **Hose**, do not fit the context very well, nor does **Hope**. Home is possible, but not as comprehensive as ECHO.

5. Its **MENU** certainly is responsible for the success of a restaurant. No matter how well known the **Name** is, success does not last long unless the food is good.

6. **SAUCE** takes time to make, and the overworked housewife could hardly be expected to bother with it often. A **Cause** usually represents something worthwhile, or at least something in which one is deeply interested. The time spent on it, therefore, would not seem "wasted."

7. A **FUR** would seem enchanting to a playfully destructive puppy, who would chew it to shreds in no time. A **Rug**, lying flat on the floor, does not offer as much scope and can't be gotten at so easily.

8. The **PIANO**, of course, is likely to be the center of activities at a party, since people love to gather around it and sing. A **Patio** is only pleasant on a balmy day; also guests could hardly be said to "gather around it." They are more likely to be all over it.

9. A **SURE** scheme for making money — a "SURE thing" — often turns out to be not SURE at all, and therefore this fits the clue of "may not prove to be up to expectations," because something really was expected. A **RUSE**, or a trick, for making money holds out hope for success, of course, but hardly a solid "expectation" of it.

10. An isolated **RAFT**, in rising flood waters, would be a dangerous place to be. A RAFT would be pushed around like a match stick in the raging currents of water, with heavy debris floating all around. An isolated **Fort** is likely to stand on high ground, so at least its upper story would be dry. Though cut off from food and drinking water, those in the fort should be physically safe during the emergency.

11. **SCOPE**, or room for action, would be most helpful to a fugitive fleeing through the woods. The larger the woods, the more difficulty the pursuers would have in tracking him down. While the fugitive might hide in a **Copse**, or thicket, the posse would certainly examine such a logical hiding place as thoroughly as possible.

12. **FLIMSY** objections to a marriage often persuade a couple to elope. Trivial objections would be dismissed by the couple as a lot of nonsense and make them more defiant. An elopement is often the answer. **Family** objections might be trivial, but would be more likely to have a solid reasoning behind them, such as disapproval of character. Such objections would be respected, and sometimes defied, but less often.

13. **AGONY** would surely arouse a bystander's sympathy. Few people stand by idly when someone is in torment, if they can be of any help. A **Groan** is a sound of pain, but not necessarily serious suffering.

14. A heavy **CASK**, being round, is especially difficult to carry because it is hard to hold. A heavy **Sack** could be slung over the shoulder and would require less strength.

15. Having a **RANCH** would make a man quite a catch to "some" girls, who might like living on a RANCH. Others prefer the big city. **Charm** would appeal to almost any girl.

16. The **CLIMAX**, or the high point of the trial, would be of great interest to the public eager for details of a sensational damage suit. The **Claims** involved, or the **Malice** behind the suit, would be interesting aspects of it, but most of all everyone would want to know how it all comes out!

Area Students Plan Homecomings, Elect Officers

Homecoming plans have mushroomed through area schools this week along with elections of class officers and plans for dances.

AT LAKE ORION

The Homecoming game tonight claims the title of biggest fall event at Lake Orion High School.

At least 10 floats will parade through town and during the game half in celebration of the event.

The pre-game pep rally will be on the main corners of town tonight instead of at the school. Victory over Fitzgerald, the opponents, seems certain if the enthusiasm that has pervaded the various clubs and classes prevails.

The main hall displays at the school this week have an impressive array of trophies brought home by teams in recent years. The jugs containing the pictures of the homecoming hopefuls are also near the entrance.

This sale of votes will continue until gametime, so no candidate will be certain of victory until the announcement is made at halftime.

The dancing majorettes who are popular throughout the state are going to perform during the festivities too. Sandra Sheldon, one of Orion's local girls, will be among their stars.

The Victory Dance, sponsored by the O Club, is featuring disc jockey Don Zee. The Youth Center, scene of the dance, will be a busy place following the game, win or lose.

* * *

Fitzgerald's Junior High team is also playing Orion this week Thursday at 4 on their own field, and the Junior Varsity plays them on Monday at 4, there also.

The seniors are selling magazines, to attempt to finance their senior trip.

AT ST. MARY'S

Orchard Lake St. Mary's annual football pep rally preceding the Eaglet game started with a noisy march of the students on the campus grounds. A float arrayed with football players trailed at the end. The students proceeded to a parking lot for a bonfire.

After cheers, the task of lighting the wood was given to the head coach, the Rev. John Rakoczy.

When the bonfire reached its peak, the group gathered around the float, where Richard Oszustowicz presided.

A movie, "Night People," was shown in the gym following the rally with a number of parents attending.

Bede Slominski, "Audio Visual Department" director, announced that CinemaScope lens and screen were procured for the evening and all present would witness the first showing of CinemaScope on the campus.

AT AVONDALE

Class elections, which were held last Friday, have been the main topic of discussion at Avondale this week.

Seniors chose Jim Greenlees to act as president for the final year. Assisting Jim are: Amy Carol Cooper, vice president; Mary Lou Ehrmann, secretary; and Ken Sheehy, treasurer. Larry La Forge was elected to the student council.

Jerry Poynter was elected president of the junior class with Bob Moshier as vice president. Secretary and treasurer posts were filled by Carol Bristol and Sharon Wiles. Chuck Nurek will represent the juniors in the student council.

Chosen president of the sophomore class was Don Barnhart. Don's co-officers are: Pat Parker, vice president; and the twins, Avis and Mavis Spencer as secretary and treasurer. Carol Mazurek was chosen delegate to the student council.

* * *

Plans for the homecoming celebration are rapidly taking shape with candidates for Homecoming Queen having been chosen already.

* * *

Candidates are seniors, Pat Black and Judy Bennett; juniors, Carol Bristol, Carol Eppler, and Sharon Wiles. The queen and her court will reign over the festivities Friday, Oct. 12.

* * *

Varsity gridders will travel to Royal Oak Madison tonight for the second league game of the season for both teams.

* * *

Seniors are still occupied with play tryouts. Director Margaret Rose expects to start rehearsals with her cast next week.

Activity cards went on sale yesterday for the first time in the school's history. Nearly 400 students are expected to purchase the cards which cover all home athletic events, the student council dances, the school papers, and a copy of the year book.

* * *

Avondale's Future Homemakers of America have been planning for the region meeting to be held at Avondale, Oct. 13. Local advisor Gertrude Swartz is the region advisor and junior Nancy Riggle of Avondale is the region president.

AT WALLED LAKE

With large slates to choose from, Walled Lake students this week elected class officers for this year. The seniors selected classmates with records of leadership to head their class.

* * *

John Walker is the president. He is a member of the National Honor Society, has won letters in football, baseball, and basketball, and is a co-captain of the football team. John is treasurer of the student council after serving as a member since entering high school.

Alfred Boston is the vice president. He has been a homeroom officer in previous years, served as a member of the library staff, has been active in the Bibliophiles and Latin Club, and was elected to membership in the National Honor Society last spring.

The secretary, Janice McBroom, is experienced in that position as she held that office in the student council last year and again this. She, too, belongs to N.H.S. and has been a member of the Echo staff and also the Viking. Her other big interest is music and she is a member of the chorus.

* * *

Sheila Huebler will not have to get acquainted with her job either as she has served the class as treasurer all three years. Sheila has been a cheerleader, a representative to the student council, and a home room officer in previous years.

Heading the junior class is John Muth; the vice president is Nancy McKaig. Reelected secretary is Judy Holt and Kay Stewart was reelected treasurer.

The sophomores elected Paul Haight, president; Susan Alm, vice president; Carol Hueston, secretary, and Janet Welch, treasurer.

AT CLARKSTON

Following tonight's football game with Brighton, there will be a Sock Hop in the gym, sponsored by the Junior Class. The event will observe the opening of football.

HOMECOMING LOVELIES — Candidates for Homecoming Queen at Lake Orion High School were chosen by 9th, 10th and 11th and 12th graders this week. Representing their classes are (left to right) Ruth Ann Watkins, Mary Lynn Shoup, Gail Cook and Barbara Bowers. The queen will be named tonight.

New Officers, Football Top St. Michael News

By JUDITH NIEDJELSKI

Election of class officers, football games, pep rallies and the selection of class rings were among the top-interest topics in Saint Michael's High School during the past week.

* * *

Juniors and Seniors had the opportunity to join the Junior Achievement at the J. A. Assembly on Tuesday.

The all-school assembly took part in a program honoring the Rev. Father Michael J. O'Reilly on his feast day.

Highlight of the program came when the Rev. Mr. O'Reilley ascended the stage, took his place at the piano and accompanied the assemblage while they sang their school song, as well as many of his own melodies.

The annual encounter with the Rams, Sunday, draws the enthusiasm of every student, athlete and spectator alike.

* * *

The "freshies" are gradually falling into line under the watchful eyes of the seniors who are plotting and planning the "Freshman Welcome Dance."

* * *

Donald C. Weaver of the University of Michigan visited our high school Wednesday.

An extra opportunity was given to Saint Michael's students to obtain a blessing on their work as the Forty Hours Devotion opened Sunday with a Solemn High Mass.

Congratulations go to Elaine Neussendorfer, alumna '56, who has been awarded a Detroit Edison Scholarship by Aquinas College.

Pastel colored walls, polished floors, new drapes, convenient cabinets, are some of the attractive features of our clubhouse where the clothing and drafting classes are held this year.

St. Fred Eyes Football Game

Sunday Contest With Favorite Rival to Draw Many

By MARGARET DRAKE

Monday morning assembly at St. Frederick's started off with a cheer by the cheerleaders whose spirits weren't dampened by the rain at Saturday night's game.

Varsity cheerleaders will be displaying their new white, crew-neck sweaters at the game Sunday. Enthusiasm is high among students and players as they look forward to the football game Sunday with St. Michael, the favotire rivals.

The Teenage Representatives were chosen to map out team activities for the coming year.

They are: Seniors: Michael Morrow, Wally Quarles, Marie Lewandowski, and Pat Smith: Juniors; Patricia Saghy, Jack Sharpe, Ingrid Soderberg and Dick Nickerson: Sophomores; Cynthia Maloney, Patricia Meeger, Bob Morrow and Chuck Levering; and Freshmen; Christine Lewandowski, Diane Palopoli, Steve Poach and Dennis Parle.

To celebrate Constitution Day this week a discussion was held, led by Mike Malloy on the cause and effect of the Bill of Rights.

It wasn't a laughing matter, but unusual to say the least. Martin Koenig drove himself to the hospital to check on a leg injury. He didn't drive home again. His leg was broken.

Junior High Schools Name New Leaders to Top Extra-Curricular Activities

New leaders were chosen for school activities in the junior highs this week while formation of clubs continued.

AT ROCHESTER

In the third week of school at Rochester Junior High, some activities are beginning to show signs of life.

Eighteen girls competed for ninth grade cheerleading tryouts Monday. Winners were Barbara Curtis, Carolyn Dando, Nancy Ebbery, Lorinda Hanke, Nancy Hunt and Anne Kelly.

Opening game for the Junior High football squad was Thursday.

AT EASTERN

Two new clubs have been organized at Eastern for the first time this semester. They are the Latin Club sponsored by teacher George Emmans and a camping club for eighth graders sponsored jointly by teachers Edwin Rydell and George Emmans.

Eastern's prize-winning school paper, "The Arrow," will again be edited by Carol Cox; assistant editor, Nancy Wells; business manager, George Holsworth; exchange, Sharon Spangler; and first, second, third, and fourth page editors: Sonja Cox, Pat Hotra, Susanna Nichols, and Larry Chambers.

On Thursday, the four Science classes of Mrs. Iris Ocetnik enjoyed a field trip to Pearce Floral Company to learn about plant growth. The trip was very successful and was climaxed by a gift of red roses for Mrs. Ocetnik and the pupils.

New Library assistants for this semester at Eastern are: Diana Butler, Connie Crocker, Patsy Johnson, Violet Putnam, Kay Slater, Nancy Serra.

AT LINCOLN

The big event at Lincoln Junior Hi this week is the first football game of the season, a game with Washington Junior on Wednesday afternoon.

Every one of the nearly 1,000 students at Lincoln have chosen a hobby to follow by joining one of the 35 clubs offered this year by teachers who are sponsoring clubs on their hobbies. Fun and good training is offered in a variety of clubs from dancing to ping pong.

Five new teachers have come to Lincoln. Susan Eckley and Julius Middledorf teach music; Robert Morse, speech; Norbert Daul, math; and Bobby Comparoni, homemaking. They all find Lincoln students friendly and cooperative.

All the neighbors around Lincoln are being entertained at breakfast by frequent rehearsals of the band, as the members meet before school to parade on the football field.

CLASS TOUR — Eastern Junior High students took a tour through Pearce Floral on Orchard Lake Avenue last week as part of science studies. Here students see the house plant greenhouse at Pearce's. They learned how plants grow and how they're cared for.

It's Just Pure Confusion at PHS

By JACK HENDRICKSON

It was pure confusion this week at Pontiac High or else a saboteur from some other school was at work.

Three boys were trapped between floors in the service elevator at Pontiac High School last Friday, when a short circuit cut off the power.

The boys (Carl Code, Nick Sekles and Lynn Carson), were detained for almost an hour, while the maintenance men searched for, and repaired the short.

Monday, shortly after the lunch hours, found a rash of fuses being blown, leaving the classrooms and halls in almost complete darkness. To add to the confusion the clocks and bells were thrown out of synchronization.

Wednesday brought peace back to the classes, credited to the resetting of the clocks and bells.

The Camera Club held its first meeting of this semester last week. A picture contest for the members was featured at this meeting, supervised by adviser Ben Meninga.

Officers were also installed. They are: Richard Singleton, president; Jack Hemming, vice president; Alex Sekles, secretary-treasurer; and Dick McLaughlin, sergeant at arms.

The club takes pictures regularly at plays, concerts, and the proms. They meet every first and third Wednesday of the month. There is still room for new members.

Elma Waterman officiated along with Mrs. Ann Morrow, advisor to the association.

Receiving the installations were: Joyce Schnorkian, president; John Osler, vice president; Gail Sedrick, secretary; Myra Geinis, treasurer; and Sylvania Wallis, librarian.

Plans for the members include helping teachers with school activities, a visit to the Oakland County Home for Crippled Children, attending teachers dinners and teas, and trips to Wayne State University and Michigan State Normal.

Twenty-one hundred members goal of the Student Union this year, has not been reached. There are still 324 new memberships to go.

The Student Union is organized to give to the students, at a small cost, many extra benefits.

Tickets will remain on sale until the end of next week.

Library Assistants help the librarians in the fundamental operations of the library.

These assistants are kept busy "behind the scenes" with various duties.

A dance after the Bay City game Friday, Oct. 12, will be sponsored by the Student Council.

Don Sayles (organizer of local teen club), and his band will provide music for the occasion.

The festivities will start immediately following the football game. Entertainment will continue until 12:30 a.m.

The cheerleaders, aside from selling sweatshirts and decals, and cheering at our home games, put on pep rally assemblies with the help of the Boosters Club. Some of the girls go to the games the Chiefs play away, to cheer them on.

Yell leader tryouts were held Thursday for two boys to join the Cheerleader squad. They will announce the cheers and help the girls.

SWEATSHIRTS FOR SALE — Pontiac High School cheerleaders to support their cause are selling their traditional sweatshirts and decals. Barbara Fair (left) checks the new shirts over while Marcia Petrie (center) and Muriel Upton try to make a sale.

Waterford PTSA Opens School Year Wednesday

By SANDRA WHITE

Slated for this Wednesday evening, at 7:30, is the first of three Waterford Township High School Parent - Teacher - Student Assn. meetings for 1956-57.

* * *

Procedure will follow much the same program as previous meetings. At 9:15, all will meet in the gym for an assembly where the Acapella Choir, under the direction of Martha Smith, will present a twenty minute vocal program.

* * *

Thadd Carr, principal, will introduce administration members who are new to the public. To conclude the meeting, refreshments will be served in the cafeteria.

* * *

Majorettes, Connie Lane and Karen Wessman will add to the sparkle of the half-time exibition to be displayed by the High School Band, under the direction of Bruce Orr. Skippers have fingers crossed to take their third win in a row when they meet Van Dyke tonight at 8.

* * *

During the past two weeks the senior class counselor, Byron Merritt, has been discussing scholarships to eligible and interested 12th grade students. Those being offered presently are the H. A. Powell, the Betty Crocker, the Merritt, and the NROTC scholarships.

An orientation assembly was presented to students last Friday.

Taking part was Norma Sandoval, foreign exchange student, who opened with a message to students and Principal Carr who delivered an informal greeting to both old and new students.

Introduced to the student body were the new members of the faculty staff. Student council officers and representatives formally took their oath of office.

Senior, junior and sophomore class officers for '56-'57 are: seniors; president, Ted Colum; vice president, Lyndie Salathiel; secretary, Joanne Doyle; treasurer, Gail Mitchel: Juniors; president, John Richardson; vice president, Jerry Nelson; secretary, Carole Moore; treasurer, Connie Lane. Sophomores: president, Mike Penn; vice president, Jane Dovletian; secretary, Judy Moran; and treasurer, John Studt.

* * *

Sue Houghton, junior class counselor, attended a meeting of the State Curiculum Committee, this week at Saint Mary's Lake MEA Camp in Battle Creek. She has been appointed chairman of the guidance committee.

* * *

Oct. 1, 2, and 3, are dates scheduled for individual school pictures. Senior pictures will be taken later in the month.

LEADS WTHS BAND — Smartly stepping are these Waterford Township High School majorettes, Connie Lane (left) and Karen Wessman. They will join the band at half time exhibitions through the year.

Brownell Calls Adlai 'Indecisive' on Draft

OAKLAND, Calif. (AP)—Atty. Gen. Herbert Brownell Jr. said last night that Adlai Stevenson had shown "indecisiveness" on the military draft.

Brownell told a $100-a-plate Republican fund raising dinner that the "general interpretation" of Stevenson's recent speech before the American Legion national convention at Los Angeles "was that he would end the draft in event of his election."

He accused Stevenson of "backing and filling" on the issue 10 days later when he "adopted the very proposals made by President Eisenhower that there be greater incentive to enlistment and more adequate fringe benefits for those making a career in the armed forces."

35-Year Trooper Retiring to Farm

EAST LANSING (AP)—William D. Hansen, deputy commissioner of State Police and commanding officer of the Uniform Division, will retire Oct. 6 after completing 35 years of service.

Hansen has been head of the Uniform Division, largest in the department, since May 1, 1947.

Hansen, who has been ill the past three months, is recovering and plans to retire to his farm near Jackson to follow his hobby of raising beef cattle and horses.

A native of Highland Park, Hansen served as a combat Marine overseas during World War I. He joined the State Police Oct. 6, 1921.

During his long service he has been stationed at East Lansing, at the Ionia Reformatory after riots and a fire in 1921, and at Farmington, Dearborn, Wayne, Royal Oak, South Haven, Kalamazoo, Detroit and the prison camp detail at Lansing.

Monel, a nickel-copper alloy, is used for applications that require a high strength material such as in the handling of certain liquids, among them the acids, brines and some alkalies.

Bob Considine Says:

Fund Studies the Future of Educational TV

NEW YORK (INS) — One of the least publicized but most significant activities of the Ford Foundation is its sponsorship of educational TV.

* * *

This is a time of critical teacher shortages. If one teacher can effectively reach thousands of students in school or at home by means of television, we will have gone a long way toward solving a mighty problem.

Between 45 and 50 per cent of the nation's high schools teach no course in physics. The foundation's Fund for the Advancement of Education has, in this case, engaged one of the country's top instructors, Prof. Harvey White of the University of California, to reach high school physics to Pittsburgh youngsters.

The filmed show is now offered in Chicago, too. St. Louis children also have been exposed to electronic learning.

* * *

The future holds tremendous promise of a day when a panel of the traditional blackboard will be a TV screen and learned men and women teach from afar.

If you live within range of WTTW, Chicago, you can attend Chicago City Junior College without once appearing on any of the school's four campuses.

* * *

The current semester offers courses in general biology, freshman English, social science and national government.

Students enrolled for credits toward a degree are required to complete exercises and assignments given in a study guide, read the textbooks, and take midterm and final examinations.

It has its flaws, of course. TV teaching is admittedly a one-way affair. It falls the lot of the teacher in the classroom to answer the questions raised by the ghostly expert on the screen.

* * *

Some teachers have found it most difficult to perform in front of a camera. They don't come through.

USUALLY WORKS

But by and large it works. The Chicago Board of Education says, "It is only fitting that education which creates technological advance, which makes it possible for our engineers, scintists and scholars to invent and create new media, should take advantage of some of its products and attempt to use these new advances in the instructional process."

The government and private industry are thousands of engineers short, but the number of youths available for training in physics right now is about twice as great as the number receiving training.

By 1970 there will be 50 per cent more college students than now, but the rise in the teacher population will be not nearly as great. Is TV the answer? The fund will soon find out.

Bell Aircraft's helicopter division at Fort Worth received an eyebrow-raising inquiry in the mail the other day. The writer said he was interested in buying a helicopter.

The letter was from an inmate of a federal penitentiary.

Summing up his vigorous tract on why Red China should not be admitted to U.N., former U.S. Ambassador to Japan Joseph C. Grew writes:

"There are five members on the Security Council, and the voting lineup today is four to one for the free world: The U.S., Britain, France and Nationalist China against Soviet Russia.

"Substitute Soviet China and the lineup becomes three and two. Add a great neutralist power—as those who are proposing Red China are also asking—and the vote is three-three. Then, in stalemate, the United Nations is dead."

Polio Rate Halved, Health Service Says

WASHINGTON (INS)—The Public Health Service reports there were 765 new polio cases across the nation last week, less than half the number the same week a year ago.

Last week's toll compares with 968 cases reported a week earlier. In the same week of 1955, there were 1,604 cases.

The health service said there have been 11,503 polio cases this year, compared with 21,751 at the same time in 1955.

The present calendar year makes an error of gaining one full day in every period of about 3,000 years.

Press Club to Meet

Tulips for Holland

HOLLAND (AP)—Michigan's home of the annual tulip time festival waits Oct. 1 delivery of 114,000 tulip bulbs ordered from The Netherlands for renewing city tulip lanes and for special plantings in municipal parks. The imported replantings are conducted on a three-year basis.

Waterford Recreation

Slate Dances, Class Series

WATERFORD TOWNSHIP—Social dancing instruction begins next week at the Waterford Township Community center, while later plans of the Recreation department call for high-school youth nights on Thursday and a ladies exercising series on Tuesdays.

Fundamentals in popular social dances are offered in 12 weekly sessions, with classes for boys and girls. Director is Carol Wolfe, recreation dance instructor who will be accompanied by piano music.

Registration for this and the women's exercising course may be made by calling the Community Center on Williams Lake road.

Sixth grade class in dancing is Monday from 7 to 8 p.m., seventh grade on Tuesday from 7 to 8, eighth grade Wednesday 7 to 8, ninth grade Monday from 8 to 9, tenth grade Wednesday from 8 to 9, and eleventh and twelfth grades Tuesday from 8 to 9.

The Youth Night program begins next Thursday, with the recreation-department-sponsored events running from 7:30 to 9:40 p.m.

Dancing, games and a dairy bar will be featured, with a committee of teenagers mainly planning the program.

About 400 boys and girls took part in this program last year with disk jockeys, records and popular bands on programs.

MR. AND MRS. RAYMOND C. BLOCK

Ramon Blocks Travel in North, After Wedding

ROCHESTER — Mr. and Mrs. Ramon C. Block are honeymooning in northern Michigan and will reside here on their return.

The bridegroom is attending Wolverine School of Trades, Detroit, having served two years in the Army, and the bride is also employed in Detroit.

The bride is the former Betty J. Quick, daughter of Mrs. Ina E. Quick, 111 W. 4th. The bridegroom's mother is Mrs. Greta V. Block, 734 Squirrel Rd., Auburn Heights.

The couple spoke their vows recently in St. Paul's Methodist church here, with 200 guests attending. Later, they received guests at the church.

White nylon tulle formed the bride's gown, which was appliqued with a wild rose pattern. White mums formed her cascade bouquet and tulle gauntlets and a Juliet cap and tulle veil completed the costume.

Her matron of honor was her sister, Mrs. Donna Newman of Pontiac. Bridesmaids were Helen Blackwell of Rochester and Jean Robertson of Pontiac.

Best man was Jack Ferguson of Auburn Heights, here from Pope Air Force Base, N. C. and groomsmen were Bill Navarre of Detroit and Keith Arnold of Auburn Heights. Maynard Newman, the bride's brother-in-law, gave her in marriage.

Vocalist was Mary Lynn Johnson, former vocal instructor at Rochester High School.

New membership cards can be purchased at the door.

The women's exercise class will be from 8 to 9 p.m. Tuesday evenings, starting Oct. 9, with Carol Wolfe, directing.

Detroit Told to Check Plans

Dequindre Rd. Airport Is Being Expanded for Executives' Use

DETROIT (AP) — Detroit has been asked to get state approval for its proposed airport at 14 Mile and Dequindre before asking for Federal funds to construct it.

The city has purchased an airport at 14 Mile and Dequindre and condemnation proceedings are under way to acquire an additional two square miles for a major airport there. The port would cost about 18 million dollars.

The advice came from the Civil Aeronautics Administration. W. M. Packer, president of the Detroit Aviation Commission, said the CAA also asked for clarification of technical details in the airport plans.

Packer said the commission will meet with the Michigan Aeronautics Commission soon to discuss state approval for the facility. The city will request an airport to handle executive type aircraft which could be expanded as need arises.

"We believe that soon after the executive airport is completed the air traffic will require expanding it into an airline terminal, Packer said.

Mr. and Mrs. Richard B. Oliver

Doris Lindeberg Is Wed to Richard B. Oliver

OXFORD—Doris Shirley Lindeberg, daughter of the R. G. Lindebergs, 1621 Opdyke Rd., became the bride of Richard B. Oliver, son of the Thomas P. Olivers, 32 East St., Oxford, in a recent ceremony at St. Joseph's Church, Lake Orion.

The couple are honeymooning in Florida and will reside in Pontiac.

The bride wore an Italian Dupponi silk gown styled with chapel train, fitted bodice, and scoop neckline edged with seed pearls and sequins. A Juliet cap held her fingertip veil and an orchid and stephanotis docked her prayer book.

Her sister-in-law, Mrs. Charles Lindeberg of Otter Lake was her matron of honor; and maid of honor was Gloria Oliver of Oxford, sister of the groom; bridesmaids were her sister, Floyd D. Chick and Margaret Yaghlain of Pontiac, and flower girl was Wendy Chick, her niece.

Aiding the bridegroom were William Oliver of Pontiac, his brother, as best man, Norman Lindeberg of Pontiac, brother of the bride, and two other brothers, Thomas and Timothy Oliver. Another brother, Michael, was ring bearer.

Later, a reception was held at the Knights of Pythias Hall on Voorheis road, Pontiac.

Battle to Save Topsoil From Land-Leveling Cited

WATERFORD TOWNSHIP—This township's garden club women were cited yesterday for their drive to keep subdivision leveling of land from removing trees, burying topsoil and erasing wild plants protected by law.

The Waterford Township Women's National Farm and Garden Association's drive for such conservation of natural resources was cited at a Michigan division meeting yesterday at the Grosse Pointe Yacht Club.

The local club also advocates maintaining the natural contour of the land to insure good water supply and good drainage.

"When natural means of drainage are wiped out because the land has been leveled for homes, grounds are easily flooded by heavy downpours, roads gutted and so on," said Mrs. William L. Lowrie of Birmingham.

Mrs. Lowrie, conservation chairman of the Michigan Division, noted that standing water also creates a health hazard.

She urged the division members to help form health "authorities" in their communities.

The problem of indiscriminate roadside spraying by the road commission, was taken as a working point for the conservation group.

Although the spraying does away with weeds, it kills the good plants and animal wild life as well, opinions expressed indicated. The spray also blows over onto home grounds, damaging plantings there.

The group is planning a meeting for this area on the third Monday of January. It will focus on conservation and atomic power.

The Waterford branch members have taken the conservation effort as a prime concern, under Mrs. Edmund Windeler as conservation chairman. She and other localites were at the convention yesterday.

Post Schedule for Sashabaw

Clarkston Board Slates School Hours Following Survey

CLARKSTON—The Board of Education of the Clarkston Community Schools made a survey of the Sashabaw area this week. Purpose of this survey was to determine the people's desire as to the length of the half-day sessions.

This survey resulted from a panel discussion held at the regular monthly meeting of the Sashabaw PTA on Sept. 17.

The results of the survey indicate that a large majority of the people favor the morning students going from 9 o'clock to 12 noon and the afternoon students going from 1 p.m. to 4 p.m.

This schedule will become effective on Monday, Oct. 1.

* * *

Clarkston football team plays its first home game on Friday night and at that time the new 1200 capacity elevated bleachers will be in use as well as the new press box and the refreshment stand recently erected at the field.

Clarkston now has one of the outstanding lighted football fields in the district, school officials say.

Part of the funds for the lighted football field were raised by students of the school and the alumni.

Farmers: 3 Days Left for Tax Claim Filing

There are only three days left for farmers to file claims for refund of the Federal excise tax on gasoline used for farming purposes during the first six months of 1956.

In order to obtain refund of the tax for this period, claims must be filed not later than Oct. 1. This refund is authorized by Public Law 466 to relieve farmers from excise taxes in the case of gasoline and special fuels used on the farm for farming purposes.

Claims must be made on Form 2240, a brief, easily-prepared refund form containing complete instructions. Forms are available at Internal Revenue offices, county agricultural agents' offices, and many banks and post offices. The filled-in claims should be taken or mailed to the local District Director of Internal Revenue.

Farmers who need assistance in preparing their claims should contact the nearest office of the Internal Revenue Service or their County Agent at once.

DONN AA. GINGELL

Dr. Ira McCoy Named for Place of Jacob Theut

IMLAY CITY (AP)—Dr. Ira D. McCoy, Bad Axe physician, was named Wednesday as the Seventh District Democratic nominee for Congress in place of the ailing Jacob Theut.

District Democrats, meeting here in special session, made Dr. McCoy a unanimous choice.

He lost out to Theut by about 900 votes in the primary election, but Theut resigned the nomination last Monday because of ill health.

At Pointe Conference

AVON TOWNSHIP—Members of the Stiles branch of the National Women's Farm and Garden Assn. who attended the Michigan Division Council meeting and luncheon at the Grosse Pointe Yacht Club yesterday were President Mrs. James Clelland, Mrs. Frank Gorang, Mrs. Charles Abernathy, Mrs. Clarence Russell and Mrs. Joseph Fritz.

To Dedicate Post Office

IMLAY CITY — Imlay City's new post office will be officially dedicated on Saturday at 11 a.m. There will be a short program with music by the high school band, and an open house. Refreshments will be served by the employes. The public is invited. Earl E. Secor is postmaster.

Lyon Faculty Taking Part at Conference

SOUTH LYON—"Building Classroom Morale in Changing Times" is theme of the Southeastern Area Curriculum Conference under way this weekend at Waldenwoods Conference Camp. Three-day sessions began today.

The conferences, having become an integral part of the in-service training program for many of the school districts in this area, are supported by Wayne, Michigan and Michigan State universities and Eastern Michigan College, which furnished resource personnel.

Attending are teachers, principals, superintendents, supervisors and interested people in the communities.

Attending from the Lyon Township staff are Mrs. Jeanne C. Longyear, social studies instructor at the Junior High School, and Mrs. Wanda M. Easom, 5th grade teacher at the South Lyon Elementary School. Superintendent Frank Bartlett will also attend some of the meetings although he does not intend to stay at Waldenwoods for the entire conference period.

Cub Pack to Form as Williams Lake Unit

WATERFORD TOWNSHIP—The organizational meeting for Cub Scouts of Williams Lake Pack 31 will be held at the school Tuesday, October 2, at 7:30 p.m.

This meeting is for all parents of boys who are now in Cub Scouts and for parents of boys who wish to become Cub Scouts this year. The age limits for boys in this program are eight to ten, inclusive.

Disco Methodists Set Reunion on Sunday

DOROTHY ANN WALSH

At a family dinner Saturday, the Walter J. Walshs of Hamlet road, Royal Oak, told of the troth of their daughter, Dorothy Ann Catherine, to Harold C. L. Jackson Jr., son of Mrs. H. C. L. Jackson of Grosse Ile and the late Mr. Jackson. A January wedding is planned by the pair. She attended Highland Park Junior College while he is a University of Michigan graduate affiliated with Psi Upsilon.

Two-Night Smorgasbord Slated in Walled Lake

WALLED LAKE—Eighth annual smorgasbord sponsored by the Semper Fidelis Class of the Walled Lake Methodist church will be on two nights this year to meet the ticket demand.

The food specialty meal will be on next Wednesday and Thursday, from 5 to 8 p.m.

The event, which annually draws patrons from as far as Flint, began in 1950 and the committee has remained the same for each event. First event was such a success that it was repeated that same fall.

Mrs. Harold McVey headed that first effort and her aides, as they still are, were Mrs. Alfred Watkins in charge of soliciting and kitchen activities, Mrs. Don Watkins heading the dining room committee and Bob Philp in charge of publicity and ticket selling.

A ceiling blackened by an explosive fire in 1905 and left exposed in an incomplete remodeling project was ignored by diners at that first event, but their funds went for a new ceiling.

Second dinner provided a new tile floor. Ultimately, the first Wednesday of October became annual smorgasbord night.

Over 200 persons have contributed, with gifts ranging from a jar of olives to $100 in cash.

Cooks are contributing their specialty foods, fresh caught salmon is being flown in from Seattle, and corned beef from a famous Detroit restaurant, 20 whipped cream cakes, 300 each of cream puffs, pecan tarts, and cinnamon apples are being obtained.

Tickets are available from Robert and Lee Philp, Stanley Voorheis, Keith Anderson and Don Watkins.

ROCHESTER — The opening fall meeting and luncheon of The Rochester Woman's Club is being held today at the Adah Shelly Library, 251 East Rundell St. in Pontiac.

In observation of President's Day, Mrs. Harry G. Rouse, former district chairman for the Northeastern Michigan Federation is speaker. Mrs. Louis Steib, incoming president of the local club is slated to present her president's address, according to Mrs. Glenn Hall, chairman.

Road-Library Being Located in Marlette

MARLETTE — Marlette Community High School has been chosen to receive during 1956-1957 the Traveling High School Science Library, sponsored by the National Science Foundation and the American Association for the Advancement of Science, both located in Washington, D.C.

"This program," said Wendell E. Brenner, principal of the local school, "recognizes that most sciences careers begin in high school. Therefore it is important that the superior students receive every facility and encouragement to broaden their scientific and mathematical knowledge, and to deepen their interest."

The Traveling Library consists of 200 books chosen by leading scientists, mathematicians, librarians, and science teachers.

Lost: 500-Ft. Sewer in Madison Heights

MADISON HEIGHTS (AP)—Sweating, tired workmen leaned on their shovels today, a helpless look in their eyes. For two days they've been searching for a 500-foot sewer, and they can't find it.

Although its shown on a sewer map, several ditches dug across streets and the efforts of an electric pipe locater have been to no avail.

If it can't be found says Madison Heights City Manager Donald Smith, a new sewer will have to be laid — at a cost of $5,000.

Clarkston Chapter Sets Annual Event

CLARKSTON — Annual meeting and election of officers of Joseph C. Bird Chapter will be held on Monday at 8 p.m. in Clarkston Masonic Temple. A potluck dinner will be served at 6:30 p.m. All members of the chapter are urged to attend.

JUNIOR EDITORS

FAMOUS INDIAN CHIEFS — 5

Sitting Bull

Sitting Bull was a great leader and holy man of the Sioux, most warlike of the Indian tribes. He is credited with planning the battle of Little Big Horn in which General George Custer and his men were killed.

After this battle Sitting Bull escaped to Canada, but returned four years later and surrendered. Later he traveled with "Buffalo Bill" Cody's circus. He was killed resisting arrest when he was suspected of trying to rouse the Indians again.

Use your crayons to color this picture of Sitting Bull, paste it down on cardboard, and then cut it out. Fold back the ends so it will stand.

You can make a war bonnet like Sitting Bull's with paper, crayons and the top cut from an old stocking. Gather the cut edge of the stocking tightly with a needle and thread or string (A and B). Cut a long strip of heavy paper and cut holes along the edge at intervals (C and D).

From heavy paper or flexible cardboard cut feathers, paint the ends black and notch them along the edge (E). Slip the ends into the slots along the band, and fasten them firmly with gummed tape. Fasten the band to the stocking cap with safety pins on the inside of the cap.

(First to contribute this idea was Margaret Gibson, Roanoke, Va. Junior Editors awards $10 for a useable idea, so send your suggestions in care of this newspaper. Violet Moore Higgins: AP Newsfeatures.)

Give the Tigers credit for a valiant try in their bid for a first division berth with a great September surge, but picking up two of the three games, coupled with Boston losses in order to gain even a tie for 4th, seems somewhat improbable.

One guy however who deserves a lot of credit for the late summer drive is Frank Lary, a hard-working pitcher who recently became the first Tiger 20-game winner since Hal Newhouser.

★ ★ ★

In his last 19 games, Lary's record shows an impressive 16-3.

When you look at the combined records of Lary, Billy Hoeft and Paul Foytack, it's hard to figure how a team could stay out of the first division.

These three have won 54 of the 80 Tiger victories.

★ ★ ★

One hurting factor for sure was Ned Garver. Just think, if Garver had come through at only 50 percent of his 1955 record of 12 wins, the Tigers could have been sitting as high as third.

But, it's all over, and Tiger fans may feel confident in saying, "wait till next year," . . . we hope.

DODGERS MUST HATE PENNSYLVANIANS

Pennsylvanians take heed, stay out of Brooklyn! It wouldn't be a surprise to see such slogans around sorrowing flatbush these days.

After the lowly Pittsburgh Pirates wrecked the Dodgers in three games at Forbes Field, the loss Wednesday to another Penn team, the Phillies, at Ebbets Field, must have been a hard pill to swallow.

And just think how the Pirates feel. They have to play their last three games at Ebbets Field this weekend.

LIPPY LEO AT ANN ARBOR

Saturday's football game from Ann Arbor between UCLA and Michigan will be telecast back to the coast as part of the regional TV schedule this weekend.

Doing the narrating will be none other than Lippy Leo Durocher, former fiery manager of the Brooklyn Dodgers and New York Giants.

Speaking of Durocher, now that Bucky Harris has resigned, there are still some who think Lippy is a good possibility for the Tiger job.

DITTOS FROM THE PRESS BOX

Many high school coaches in farming areas often feel it's hard to get a good football team assembled because most of the boys have too much trouble getting back to their farms after practice hours.

Coach Fred Bernat at Dryden doesn't complain about his team's record and he makes sure all of his boys get back to their homes. He loads up his car and drops them off one at a time.

Flint is getting ready for a big weekend in high school football. A crowd of 20,000 is expected when the state's number one ranked team, Ann Arbor tangles with 3rd ranked Flint Northern tonight at Atwood Stadium.

Another top billing for Saturday has 4th ranked Arthur Hill visiting 9th ranked Flint Central.

Numerous Names Mentioned as Harris' Successor

AP Wirephoto

MILWAUKEE HOPES — Fred Haney (center) manager of the Milwaukee Braves, pound the ball into Bob Buhl's glove after naming him to start against St. Louis in the first of three games in a crucial series. Warren Spahn (left) is the choice for the second game Saturday in St. Louis.

DETROIT (AP) — Names were dropped like autumn leaves today in the wake of Bucky Harris' announcement that he was stepping down as manager of the Detroit Tigers.

The announcement of the resignation of the 59-year-old manager had barely settled when nearly a dozen names were being tossed about in discussions of a possible successor to the easy-going Harris.

Many of the names are familiar to fans in this red-hot baseball town, who have experienced one of the most interesting, if disappointing seasons in its 56 years in the American League.

Although picked by the "experts" to finish 5th as in 1955, club officials — with an eye toward such fine young performers as Harvey Kuenn, Al Kaline, Bill Hoeft and Frank Lary — expected something better.

* * *

Even with rousing performances from veteran outfielder Charlie Maxwell, young righthander Paul Foytack and the steady work of third baseman Ray Boone, the Tigers apparently will do no better than 5th.

* * *

There was steady criticism of Harris and reports that he would not be retained. But Harris, reported headed for the Boston Red Six as assistant general manager, beat the new owners to the punch.

Leading support to the report that Harris would go to Boston was the announcement that Harry McGrow has quit as assistant to general manager Joe Cronin of the Red Sox. And one high official in the Detroit organization said the Red Sox had asked permission several weeks ago to talk with Harris.

Most of the talk about Harris' successor centered around Jack Tighe, the club's 43-year-old first base coach who makes no secret about a desire to manage the Tigers.

Tiger officials asked permission to talk with Fred Hutchinson, former Tiger pilot who has a year to go on a contract with the St. Louis Cardinals, and Birdie Tebbetts, one-time Detroit catcher who is "in solid" as manager of the Cincinnati Redlegs.

The new owners say they plan no announcement until after the World Series. Meanwhile, the fans are having fun throwing back and fourth the names of Hutchinson and Tebbetts along with those of Billy Hitchcock, Leo Durocher, Mickey Cochrane, Paul Richards, George Kell, Al Lopez, Eddie Stanky and Mel Ott.

No Deal for Tigers

'Hutch' Stays With Cards

ST. LOUIS (AP) — Frank Lane general manager of the St. Louis Cardinals, last night denied rumors Fred Hutchinson might be headed back to the Detroit Tigers.

* * *

Bucky Harris resigned as field boss of the Tigers yesterday.

Hutchinson, Cardinals manager, preceded Harris as the Detroit pilot.

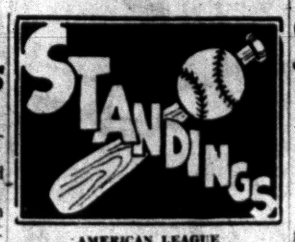

* * *

Lane acknowledged he had heard indirectly Detroit might be interested in Hutchinson and said he heard the club might ask permission to negotiate with him.

Asked if this permission would be granted, Lane snapped:

"Definitely not. They had Hutch once before and let him get away. I think Hutch has done a fine job in his first year in a strange league. Next year I expect better results."

The Cardinals, after a 1955 seventh-place finish, wound up in the No. 4 spot this season. Hutchinson has a year to go on a 2-year contract with St. Louis.

This Is Weekend of Decision

Showdown in NL Is at Hand

By THE ASSOCIATED PRESS

This is it. Forget those past 151 games in the National League season. It's Milwaukee at St. Louis for three, Pittsburgh at Brooklyn for three—and all of them, or any one of 'em, could decide the pennant.

Milwaukee's Braves, holding the lead by one game, need a sweep against the Cards to nail it without worrying about what Brooklyn does.

"It's Bob Buhl tonight, Warren Spahn tomorrow night," says Milwaukee Manager Fred Haney, "—and the whole darn bunch on Sunday!"

The Dodgers, supremely confident all season that they would catch the Braves and repeat as champions, no longer can do it alone. The best they can do is sweep the Pirates and hope St. Louis can take at least one from the Braves. That would leave it a tie — calling for a best-of-three playoff beginning Monday in Brooklyn.

Manager Walt Alston sees his Dodger chances like this:

"We've got to have help. If the Cards win one, we'll be all right. We haven't any reason to give up yet," but he added: "I'm not worried about the Cardinals easing up. The thing that worries me is that we've looked pretty lousy lately."

"Lousy" describes a 2-4 record in the last six games, a slump that dumped the Brooks out of the lead.

Cincinnati's chances are more than slim. The Redlegs, fooling everyone and even themselves by hanging on to the final three days of the season, need a sweep of their two games with Chicago beginning tomorrow — and three Milwaukee defeats and at least two Brooklyn defeats to gain a tie.

The Braves, a 1-3 favorite to take the flag (although the same money man will lay you 12-5 they don't), have picked Buhl, not effective of late, and Spahn, a 20-game winner who has a 44-34 lifetime edge over the Cards, over Lew Burdette and the youngsters.

* * *

Buhl, 28 and a righthander is 18-8 for the season. But he hasn't pitched a complete game since August 30 (a 1-1 tie with Pittsburgh) and is only 2-3 for the month, winning one in relief against the Dodgers. He's 1-1 vs. St. Louis, giving 9 hits and 3 earned runs in 17 innings. Of the 17 home runs Buhl has allowed, only one was socked by a Cardinal — a pinch-hit job by Rocky Nelson that beat the Braves.

* * *

Cardinal Manager Fred Hutchinson, figuring "we'll give them a tumble," has named righthander Tom Poholsky for tonight's opener. Poholsky is 9-14 for the season, 2-2 vs. Milwaukee with one complete game in five starts against the Braves, allowing 40 hits (three homers) and 10 earned runs in 38 innings.

* * *

He's tougher than his over-all record looks. Against Brooklyn, for instance, he was 1-5, but a whomping 12 of the Brooks' runs against him were unearned. Without the poor fielding, he would have had a 4-2 record against the Dodgers.

Big Ten Teams Seen in Sweep

New Coaches to Make Debuts at 3 Western Conference Schools

CHICAGO (AP) — If everything goes according to form, Big Ten teams should just about make a clean sweep of their football openers tomorrow.

Topping the full schedule is the championship-bearing game that sends Iowa to Indiana. The regionally telecast affair is the only Big Ten contest of the opening Saturday.

The experts have made Iowa a touchdown favorite.

Intersectional rivalries spice the remainder of the programs as Big Ten teams climax their longest fall practice in history against opponents who already have a game under their belts.

Pacific Coast Conference outfits provide competition for four Big Ten elevens and the Big Seven for three. Marquette is at Wisconsin for its traditional intra-state engagement. The Badgers are favored by 14 points.

Of all the other games, Minnesota is rated an underdog by the dopesters. They favor Washington by a touchdown at Seattle.

UCLA is at Michigan, Michigan State at Stanford, California at Illinois, Iowa State at Northwestern, Missouri at Purdue and Nebraska at Ohio State.

Three new head coaches will be making their bow. Ara Parseghian is at the helm at Northwestern after compiling a great record at Miami of Ohio. Moving up from the assistant ranks to the head post are Jack Mollenkopf at Purdue and Milt Bruhn at Wisconsin.

State Grid 11's Play Full Slate

Hillsdale Meets Olivet With Aim to Protect 18-Game Streak

By THE ASSOCIATED PRESS

Five league contests are on tap in a weekend of stay-at-home football games for Michigan's small colleges.

Fourteen Michigan teams will be in action, with three games kicking off the 1956 campaign in the MIAA. Kalamazoo will be at Alma, Hillsdale at Olivet and Adrian at Albion.

Southern Illinois comes to Central Michigan for an IIAC game that may play a big part in deciding the league title — even at this early stage — and rough-and-ready Bowling Green journeys to Western Michigan for the Mid-American Conference curtain raiser.

In other games, Northland visits Northern Michigan, Baldwin-Wallace is at Eastern Michigan, University of Illinois Extension comes to Ferris, St. Norbert plays at Michigan Tech and Wabash comes to Hope.

Kalamazoo, 7-6 loser to Valparaiso in its opener, meets an Alma club that is even in two starts. Northern Michigan will be favored to whip Northland and avenge last season's 14-13 loss. Northern was a 32-0 winner over Alma last week. Northland dropped a 39-0 verdict to Oshkosh, in its opener.

2nd Straight Victory for Junior Chief 11

Pontiac Junior Varsity grid squad demonstrated a lot of power yesterday when it won its 2nd straight game, at Wyandotte, 39-0. Score was almost exactly that of the varsity win over the 'Dots in the opener two weeks ago (39-7).

Larry Douglas, John Herron and Harrison Munson again shone for the crew coached by Ed Heikkinen and Tony Pizza. Douglas scored twice, on a 45-yard dash up the middle and on a 40-yard sprint over end. Herron went 16 yards for his TD and Munson took a Bill Davis pass for a 70-yard TD play. Ray Smith got the 1st TD on a 10-yard pass and Davis sneaked a yard for the final marker. JV's missed 3 point-after tries.

Jayvees dumped Port Huron 26-13; meet Bay City Central Cubs next Thursday at Bay City.

UCLAN STALWART — Jim Matheny, center on the UCLA football team, is one Uclan who can play all of the games on the Bruin schedule this year. He is a 190 pound junior who plays the linebacker post on defense. He will be in a starting role against the Wolverines at Ann Arbor Saturday afternoon as the University of Michigan opens its 1956 season.

Season Opens Monday

Good Hunting Afield

LANSING (INS) — Harry Ruhl, director of the game division for the Michigan Conservation Department was very optimistic today in forecasting "good hunting" for sportsmen who plan to make October 1 their first day afield.

Ruhl said waterfowlers opening the season a half-hour before sunrise Monday can expect a "good to excellent" hunt.

Bert W. Cartwright, chief naturalist for Ducks Unlimited reported from Winnipeg that an "impressive build-up of waterfowl in the Western Canada prairie region is elating the spirits of shotgun artists."

In Lansing, the game chief said waterfowl "are carrying over a good breeding stock which is up from a year ago. You might see and bag a few younger ducks this year."

Bow and arrow deer hunters, said Ruhl, are also in for a good season which opens Monday and runs through November 5. About 41,000 bowmen are expected this year.

Conservation workers — using past records—predict that only one out of every 20 bow hunters will bag deer.

Prairie chickens and sharptailed grouse — open only in the U. P. during October—will be as scarce as hens' teeth.

Other game which becomes legal October 1 include fox, gray and black squirrels in zone two and ringneck pheasants which go before the gun in sections of the U. P.

Tracy Put on Waivers; Talks Pact With Lions

OTTAWA, Ont. (AP)—Unless some other member of Canada's Big Four football League claims him for $750 within the next three days, halfback Tom (the Bomb) Tracy may end up yet in the backfield of the Detroit Lions.

The Ottawa Rough Riders put Tracy on waivers last night. Unless the Toronto Argonauts, Montreal Alouettes or Hamilton Tiger-Cats post $750 for him within 72 hours after the waiver posting he becomes a free agent.

Outside of Ottawa no Canadian team has shown an interest in Tracy, who has indicated since the end of last season he'd like to play "south of the border."

Nick Kerbawy, general manager of the Lions, announced in Detroit last night Tracy would show up today to sign a Lions' contract.

But coach Frank Clair of Ottawa said Tracy had been placed on waivers, not released.

Clair said the 21-year-old halfback from Pontiac, Mich., a former star at the University of Tennessee, had not measured up to expectations or past performances.

Tracy returned to Ottawa this season after a tussle between the Lions and Rough Riders over his services. Detroit claimed Tracy as a draft choice when his class graduated at Tennessee this year.

But National Football League commissioner Bert Bell ruled that since he had signed ahead of graduation and had played one season with Ottawa, Tracy still was under option to the Rough Riders. Bell nixed Detroit's claim.

The Lions placed a man of their own on waivers yesterday. He is Lee Riley, a defensive halfback and end from the University of Detroit.

Pee-Wee Loop Games Saturday

Football action resumes Saturday night in the newly-formed Pee-Wee League, with three games on tap.

This week's games, originally scheduled at Beaudette Park, have been moved to the gridiron at North Side Park, Edison and Montcalm streets.

Tomorrow's activity will send Bagley against the Rams at 6 p.m., Cubs against the Lions at 7, and Webster against the Crusaders at 8 o'clock. The Scotch School Red Devils are idle.

League standings:

	W	L	T		W	L	T
Rams	1	0	0	Bagley	0	0	0
Crusaders	1	0	0	Lions	0	1	0
Webster	0	0	1	Cubs	0	1	0
Red Devils	0	0	1

TESTING THE TOE — The same toe of Dave Kaiser which brought last New Year's Rose Bowl victory to Michigan State gets tested at Palo Alto where the Spartans face Stanford tomorrow. Holding the ball is quarterback Pat Wilson, as couple teammates look on.

Dublinski May Be Done With Canadian Pros

TORONTO, Ont. (AP) — Quarterback Tom Dublinski, over whom the Detroit Lions and Toronto Argonauts have fought a running battle for two years, may be through for the season in Canadian football.

"I'm beginning to despair whether I can get him ready by Oct. 15," Toronto's club physician, Dr. Larry Eckert said yesterday.

Oct. 15 is the date on which all teams in the Canadian big four union must declare the U. S. imports they will keep the rest of the season.

The Detroit Lions went to Canadian courts in an unsuccessful attempt to reclaim Dublinski. They lost.

Dr. Eckert said x-rays confirmed Dublinski tore a knee cartilage as well as ligaments in a pre-season game.

UCLA Visits Ann Arbor

Rose Bowl Flavor at 'M'

ANN ARBOR (AP)—Michigan and UCLA, perennial powerhouses in their own backyards, meet for the first time tomorrow in an intersectional football clash with Rose Bowl flavor.

Michigan will haul out a rejuvenated single wing attack in its opener against the defending champions of the Pacific Coast Conference. The Wolverines, who need only a third place finish in the Big Ten to gain a trip to the Rose Bowl next January, will field a big, powerful club that depends on two sophomores in key backfield positions.

UCLA, on the other hand, must go with an almost entirely green unit that scraped past Utah 13-7 in the opener last Saturday. The Bruins will field a starting 11 composed of two seniors, five juniors and four sophomores.

Hurt by graduation and by conference penalties for illegal aid to athletes, the Bruin squad is the most inexperienced in eight seasons under coach Red Sanders. But Sanders was impressed with the Bruin defense in the opener and said his club will be "up" for the encounter that is expected to little more than half fill Michigan's 100,001-seat stadium. The game will be televised only in the Pacific Coast region.

UCLA won seven and lost five a season ago, dropping a 7-6 decision early in the year to Maryland and bowing 17-14 to Michigan State in the Rose Bowl.

The Wolverines, too had a 7-3 record, losing to Illinois and Ohio State, the Ohio State defeat, a 17-0 lumping in the final game of the season, prevented the Wolverines from grabbing off the Rose Bowl trips.

* * *

Size, speed and experience — that's the story of the Michigan line. From end to end it will average about 205 pounds with a letterman starting at each position. And ever-cautious coach Bennie Oosterbaan could not conceal a smile of satisfaction as he sent his charges through their final heavy drills yesterday.

There is a feeling this may be "the year" at Michigan. Oosterbaan admits he has a bunch of "hungry" seniors and a promising crew "that could produce a fine season."

Boyd Favored Over Giardello

CLEVELAND (AP)—Lanky Bobby Boyd of Chicago is an 8-5 favorite to extend his winning string to 10 tonight in a 10-rounder against Joey Giardello of Philadelphia at the Arena.

* * *

The middleweight scrap will be carried nationally on NBC radio and TV, starting at 10 p.m., EST.

For the 26-year-old Giardello, twice outpointed by Charlie Cotton for the only losses in his last 14 fights, tonight's bout is "one that I just got to win."

It's just as important to the middleweight ambitions of Boyd, who moved into the No. 2 spot ahead of Joey after Giardello's losses to Cotton.

* * *

Boyd had hopes that a victory tonight might earn him a crack at Sugar Ray Robinson's title in December, but yesterday Sugar Ray signed to meet Gene Fullmer of West Jordan, Utah, Dec. 12 in Madison Square Garden.

Warriors Blank Madison; Eastern Edged by Falcons

Jefferson, expected to be defending champion Washington's stiffest challenger for the Pontiac Junior High League football championship, started living up to its pre-season rating by defeating Madison, 13-0, Thursday at Wisner Stadium.

Dick Craig's Warriors scored twice in the 1st half, then coasted through the final two quarters to chalk up their opening league victory.

Bill Ratcliff scored the 1st touchdown in the 1st quarter when he took a pitchout from Allen Howze and rambled 25 yards unmolested. Jefferson's 2nd TD came in the 2nd period on a 45-yard punt return by Joe McCauley. Charles Brown kicked the only conversion.

Eastern Junior High was nipped by Rochester, 7-6, in a non-league game yesterday at Rochester. Stan Hertel's 35-yard gallop for a touchdown in the 3rd quarter failed to offset Rochester's 12-yard TD pass and successful extra point attempt in the 2nd stanza. Defensive end Tony Rubio was outstanding for Eastern.

For the 2nd time in as many days, the junior high JV teams battled to a scoreless deadlock. Washington and Lincoln turned the trick yesterday at Lincoln, spending most of their time around midfield.

MSU on Guard for Passes

Stanford Air Minded

PALO ALTO, Calif. (AP)—"I'm going to throw more passes than you'll see all year," promised Stanford Football Coach Chuck Taylor.

* * *

"Throw a few our way," urged Michigan State Coach Duffy Daugherty. "We like those easy touchdowns."

The coaches of the rival Pacific Coast and Big Ten teams sat chummily tearing into steaks together and amiably trying to outbluff each other on what they will do come Saturday.

It was the first time the two former "Coaches of the Year"—Taylor in 1951 and Daugherty last year—have met since MSU bushwhacked Stanford 38-14 last season.

"We're likely to pass every other time," said Taylor honesty. "We've got mediocre runners but we have got great passers and receivers."

* * *

Taylor was asked if he thought his star quarterback, John Brodie, would get the same iron-clad protection by the line as he did a week ago against Washington State.

"We may move out of the pocket if Michigan State starts crashing in," he said. "We can drift and pass from either side too."

"Can Pat Wilson throw?" Taylor queried Daugherty about the starting Spartan quarterback.

* * *

"Sure," assured Daugherty. "High and wobbly. But we'd rather have him pick up 10 yards running."

Then it was Daugherty's turn to turn serious. "We'll throw some," he said. "But with the runners we've got we're going to try to run you."

* * *

Daugherty was asked about the condition of right-half Walt Kowalczyk, voted most valuable in the last Rose Bowl game and a question mark character since his ankle injury.

"We'll use him in spurts," Daugherty said. "He's running as fast as ever but he lost two weeks conditioning so we won't start him."

"Those big backs of yours scare me," kidded Taylor. "If it wasn't that I didn't want to disappoint some 65,000 people we wouldn't even show up for the game."

* * *

The Michigan State squad, three quarters of an hour late after being delayed by head-winds, settled down at San Francisco airport Thursday afternoon after a 9-hour plane trip from Michigan.

The team had a brief limbering up session in the Stanford Stadium at sundown.

Crosstown Rivals to Meet in 22nd Game of Series

It will take a lot of courage and a lot of heart for St. Frederick to upset St. Michael when the two cross-town rivals lock horns for the 22nd time Sunday at Wisner Stadium.

St. Fred's football forces, badly depleted by a rash of injuries, seem hopelessly outgunned for Sunday's annual struggle as the two parochial schools go after the Steve Griffin Memorial Trophy.

But when two city foes like these get together for a gridiron outing, records can be tossed out the window. Anything can happen—and usually does.

The Rams have not tasted victory over St. Mike since 1949 when they posted a 26-7 decision. On top of that, they are currently in the throes of a long losing streak which has now reached 27 games.

* * *

Gene Wright's gridders could think of no better way to snap their prolonged slump than by upending the Mikes.

Up for grabs is the Griffin award, the 4th to be entered in the intra-city series since the traveling trophy was instituted in 1942. The Shamrocks have retired the last two cups while St. Fred's latest claim to the award came in 1946.

Sunday's game, which begins at 2:30 p.m., will also be an important Suburban Catholic League affair, especially for the Shamrocks who got off to a winning start in the circuit last Sunday with a 7-6 win over St. Benedict.

Orchard Lake St. Mary's rampaging Eaglets, sensing an excellent chance to win their 2nd consecutive SCL title, clash with St. James Sunday afternoon at Ferndale.

* * *

The Eaglets opened their league campaign last Saturday with a 31-0 victory over St. Fred. The Dales, riddled by graduation this season, are still looking for their 1st triumph.

Wood Ducks Off Hunters' Lists

Nimrods Told to Look Out for Prohibited 'Woodies' Oct. 1

LANSING (AP) — Michigan hunters are urged to keep a sharp lookout for wood ducks when the migratory waterfowl season opens Oct. 1.

Taking of "woodies," allowed last year, is prohibited this year throughout the Mississippi Flyway, the 13-state waterfowl management area of which Michigan is a part.

Last season, hunters were permitted one wood duck a day and to have one in possession, the conservation department explained.

The ban this year, conservation officials said, stems from the fact that wood duck numbers have declined a great deal in the last 10 years and from the desire to rebuild their population.

In some northern parts of the flyway, there is only one wood duck where there were five a decade ago.

The wood duck may be recognized by its high-pitched "weep-weep" call, by its characteristic white underparts and by a long tail that makes the proportion fore and aft of the main body appear equal.

INDIANAPOLIS—The Memorial day 500 mile race classic here has taken a toll of 43 drivers since the first race was run.

Babe Ruth won the American league home run title 10 years and shared it with another an 11th year.

As 1956 neared its close, nine men had run the mile under 4 minutes.

Cardinal infielder Ken Boyer started his baseball career at the pitching mound.

Pontiac After 3rd Straight Win

Ferndale Boasts Experience

By BRUNO L. KEARNS
Sports Editor, Pontiac Press

Put 10 seniors, each with two years experience, and a junior on a football field as a unit and eventually they may break out in a rash of errorless football.

This is the type of grid squad Ferndale has this year and coach Ted Meister is hoping that tonight against Pontiac will be the time for this experience to pay off.

"We have better speed in the backfield and at the tackle posts this year," said Meister, "and if a few breaks go our way for a change it may help jell this squad into good working unit."

Pontiac will be after its third straight victory of the season before moving into Saginaw Valley Conference competition next week against Bay City Central.

Last year the Chiefs romped over the Railsplitters, 33-0, but several members of the squad still remember the visit to Ferndale's Jefferson Field two years ago.

The Dales took a 7-6 decision that hectic night in a constant downpour when a lineman went 92 yards after picking up a fumble in the final minutes of play.

Freeman Watkins, a sophomore that year, scored Pontiac's lone six-pointer.

* * *

Coach Ed Graybiel has made several changes in the starting offensive and defensive lineups to counter Ferndale's speed.

Jim Shorter will start at left half on offense and will be back at safety on defense.

At the defensive right half slot, Graybel hopes to stop the potent outside running attack of the Dales with speedy Jimmy Hawkins.

* * *

Larry Lamphere will make his first start at the defensive right linebacker post after sitting out the first two games with a hand injury.

Ferndale has shifted its backfield around as result of the injury to starting quarterback Ken Schultz, who was hurt in the Grosse Pointe game last week.

Dick Serfozo, a fullback the past two games, will start at quarterback with veteran Dick Sherwood, the regular fullback last year back at the linebucking post.

Another fullback, now off the injured list, who will see his first action of the season is Luther Graham, a 185 pound sophomore who is highly touted by coach Meister.

Jefferson Field in Ferndale is located at Republic Avenue and 9-Mile road about one and a half miles west of Woodward.

Fullmer, Sugar Sign

Moore, Patterson Bout Now in Sight

NEW YORK (AP)—With the Ray Robinson - Gene Fullmer middleweight title fight all set for Dec. 12 in New York, Promoter Jim Norris is expected to announce within the next few days the signing of Archie Moore and Floyd Patterson for the heavyweight championship in Chicago, Nov. 30.

* * *

Norris, president of the far flung International Boxing Club, wound up four months of negotiations with Robinson yesterday by getting the 36-year-old champion to agree to risk his crown against the 25-year-old Fullmer at Madison Square Garden. Broadway bookmakers made it an even fight—6-5 and take your pick.

* * *

As for the heavyweights, Norris said, "We're agreed on most everything but the site. Moore wants it in Los Angeles and Patterson wants it in New York. I prefer Chicago."

There was good reason to believe it will be held in the Chicago Stadium, Nov. 30, a Friday night, with home television and radio.

* * *

Robinson and Fullmer will clash on a Wednesday night with home television and radio over the ABC networks. New York and Philadelphia will be blacked out of TV.

Sugar Ray, a shrewd bargainer, got everything but the Garden fixtures for agreeing to take on the strong, agressive Fullmer. Ray will get 47½ per cent of the gate, which Norris predicted would be a $200,000 sellout at $5 to $30 prices, and 60 per cent of the $100,000 radio-TV package. Fullmer will get 12½ per cent of the gate and nothing for radio-TV. Robinson gets both fighters' share of the air receipts.

* * *

"I would have fought him for nothing to get the chance at the title," said Fullmer. "Now I only hope that nothing happens to him between now and fight time because I'm confident I'm going to win the title."

Even at 12½ per cent, Fullmer will collect about $20,000 if Norris' prediction comes true. That would be the biggest purse of his career. Robinson figures to earn about $140,000.

UCLA Loses Tailback

LOS ANGELES (AP) — Tailback Edison Griffin was dropped off the UCLA traveling squad bound for Michigan today because of injuries received in the Utah contest last week.

Gary Blaylock Holds Hope for Rochester Win

ROCHESTER, N.Y. (AP) — Gary Blaylock, a righthander with an 8-5 record during the regular season, was Manager Dixie Walker's pitching choice to get Rochester square with Indianapolis in the second game of the Little World Series tonight.

* * *

Dick Tomanek, a southpaw who compiled a 2-3 record in seeing very little action with the American Assn. champions, was expected to get the mound call from Manager Kerby Farrell.

* * *

The Indians won the opener 3-2 last night with John Gray getting credit for the victory although he needed help from Bud Daley to retire the last batter.

Ram Called Home by Mother's Illness

LOS ANGELES (AP)—Paul Miller, defensive end for the Los Angeles Rams, has been summoned to Baton Rouge, La., where his mother is seriously ill.

* * *

Miller left yesterday and may fly back in time for the Rams' opening game of the National Football League season here Sunday against the Philadelphia Eagles. If not, Hugh Pitts and Jack Ellena will fill in for him.

Returnees Aid Lions in NFL Opener

DETROIT (INS) — The Detroit Lions launch their 1956 National Football League campaign Sunday against the same team that started their plunge from the top to the bottom of the Western Division last year.

* * *

The Lions journey to Green Bay, Wis., to oppose the Packers, who scored a 20-17 win over the Detroit grid pros in a 1955 NFL opener.

Detroit, after winning the Western Division title in 1954, dropped to the cellar last year with a 3-9 record.

Coach Buddy Parker, after Detroit's 4-2 exhibition record, said:

"On the basis of our pre-season showing, and if we avoid injuries to key men, I think we can give them all a fight. We have a much better defensive team than last year, good as any in the league."

Parker looks for the 1956 Lions to be bolstered by returning army vets Yale Lary, Gene Gedman, Bill Bowman Oliver Spencer and Jerry Perry, and the addition of newcomers Howard "Hopalong" Cassady, Don McIlhenny, Jerry Reichow and Gene Cronin.

* * *

Furthermore, quarterback Bobby Layne appears to have fully recovered from the shoulder injury that hampered his play in 1955.

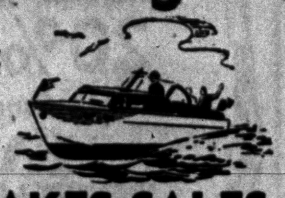

The Detroit mentor predicts the NFL race this year will be a "dog fight," explaining:

"The teams in our division today are better than at any time in history, at least in the 21 years I have been in the pro game. Any team could win it, any team that gets good quarterbacking."

* * *

The Packers, under the guidance of coach Lisle Blackbourn, lost only one of five preseason games. They will be led by quarterback Tobin Rote, fullback Howie Ferguson and halfback Breezy Reid.

Green Bay leads the Packer-Lion series, 27 to 18, but the Lions have won 12 of 13 contests since 1949.

PHS Harrier String Snaps

After three and a half years of unbroken victories, over a string of 38 dual cross country meets, PHS Chiefs have lost a distance contest.

* * *

Wyandotte's squad turned the trick yesterday over the Detroit suburban school's course, placing six 1st 10 finishers to four for the Chiefs. 'Dots winning score was 25-34 (low total wins).

Chiefs' loss came on the first time the squad has run the two-mile distance this fall. Other (practice) meets this year were over shorter distances.

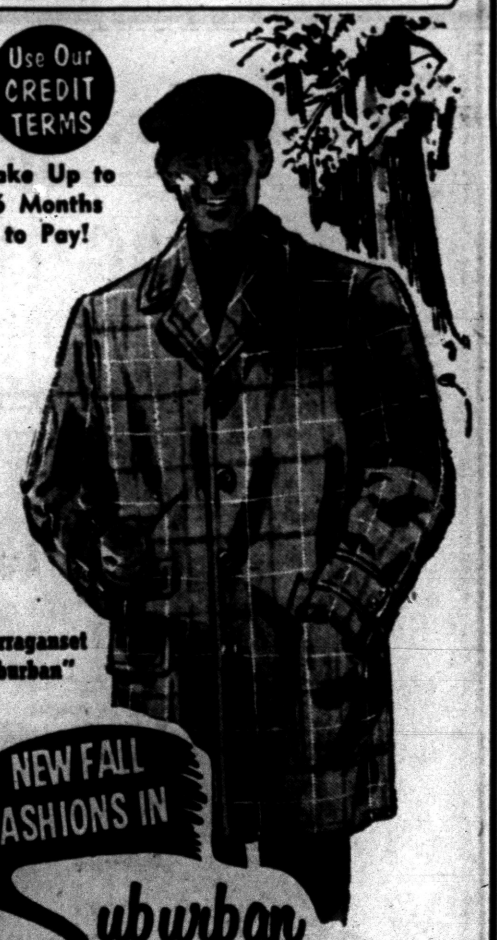

Wyandotte's Roger Simpson was 1st in at 10:40 with Chief's Roger Coats 2nd at 11:00 and Pete Cox (PHS) 3rd at 11:17. Dave Roddy, Sherry McCoy, both 'Dots, Tom Sampey (P), Dave Reiger, Bob Farrell (both 'Dots) and Don Evans (PHS) completed the top 10.

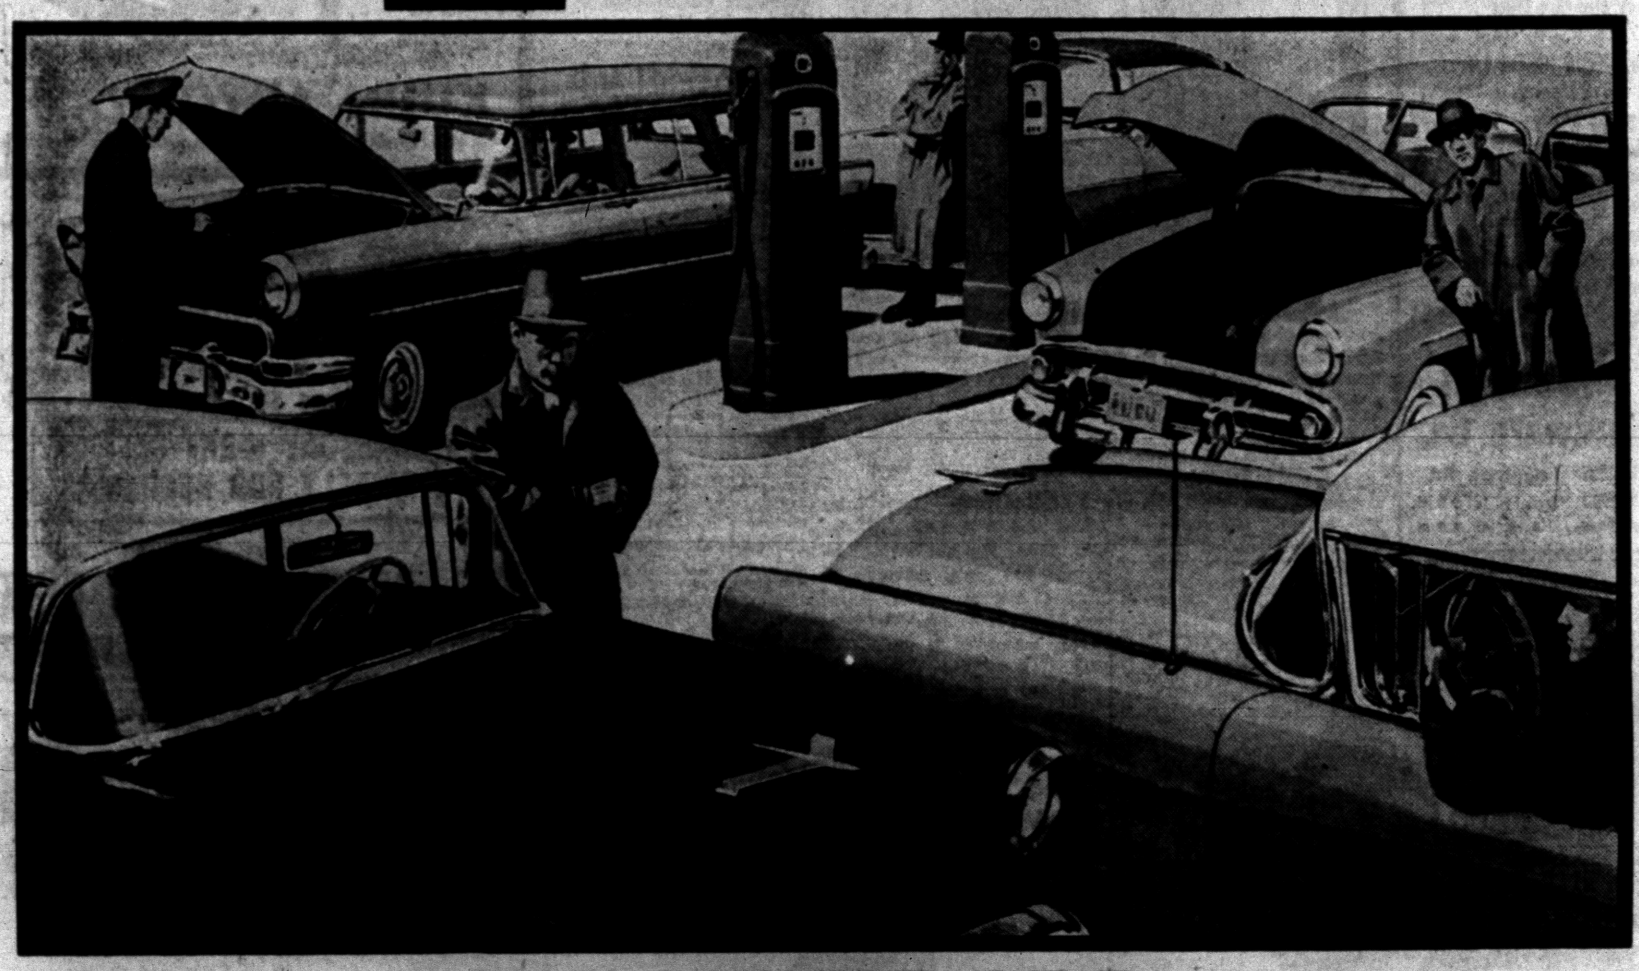

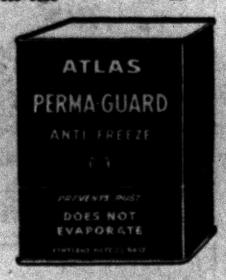

* * *

PHS Jayvees also lost, to junior 'Dots, 26-29, but three squadmen were elevated today to the varsity because of better performances than some of the varsity runners. They included Charley Johnson (1st home at 11:41), John Jefferson (soph) 3rd, and Russ Rentfrow (6th). Other PHS runners in top 10 included Art Stevens (9th) and John O'Dea (10th).

Top Prep Attractions on Tap

By BILL CORNWELL

There should be football thrills galore today on Oakland County high school gridirons. A close look at the schedule reveals numerous outstanding attractions scattered around the area.

* * *

A few games bring together undefeated teams; another handful matches teams that have yet to win; others involve squads at both ends of the won-and-lost ladder.

* * *

Many games unite league foes in the various conferences while some feature important tests of strength between loop members and strong independents.

Headlining today's league action are three contests in the Inter-Lakes Conference — Van Dyke at Waterford, Berkley at Walled Lake and Southfield at Farmington.

Dave Freeman's Skippers will be seeking revenge for the only league loss they suffered last year when they tackle the defending champion Abes. Walled Lake runs into a victory-starved Berkley squad which has lost its last 11 starts and the Jays look like top-heavy favorites over Farmington.

Birmingham opens defense of its Eastern Michigan League crown at home against stubborn Mt. Clemens while three Oakland B encounters send Avondale to Madison, Fitzgerald to Lake Orion and Clawson to Roseville.

Tonight's top engagement in the Wayne-Oakland Conference pits West Bloomfield against Clarkston on the latter's field. Both schools are winless in two attempts. Holly, rested after a week's layoff, searches for its 1st triumph against invading Brighton and Northville visits Milford in other W-O tilts.

Oxford aims for its 2nd victory in the South Central circuit at Millington while Utica and Center Line, both unbeaten, collide in a crucial Bi-County test at Utica.

Bloomfield Hills invades Huron Township for a Southeast Suburban game and the Acorns of Royal Oak host strong Grosse Pointe in Border Cities play. Southern Thumb activity features Capac at Dryden, Brown City at Memphis and Armada at New Haven.

The No. 1 non-league attraction tonight will be seen at Romeo when Ted Engdahl's Bulldogs clash with revitalized Troy. Both teams are undefeated in two tries and an interesting battle should develop.

Additional games of area interest today include Imlay City at Almont, Ortonville at Flint Hoover, Flint St. John at North Branch, and Owosso at Lapeer. The Panthers hope to avenge the lone blot on their 1955 record against Class A Owosso.

Cranbrook will be shooting for its 1st win Saturday afternoon against Lake Forest Academy in their game at Lake Forest, Illinois.

Pontiac Press Photo

VAN DYKE IS COMING — Coach Dave Freeman of Waterford does some brushing up with quarterback Warren Miksch and center Bob Masters in preparation for defending Inter-Lakes champion Van Dyke. The Skippers' lone loss last year was to Van Dyke. They meet under the lights at Waterford tonight.

Dog Obedience Demonstration Set for Monday

A preliminary program, prior to the start of the 2nd year's dog obedience training class at Bloomfield Hills High School will take place Monday at 8 p.m. Regular class work begins Oct. 15. School is at West Long Lake and Telegraph road.

The Bloomfield demonstration, similar to others under Southern Michigan Obedience Training clubs, will include work with trained dogs, exhibition of techniques and so on. SMOTC trainer Henry J. Thornton will be in charge.

Those planning to attend should not take their dogs. For further information call Thornton at FE 4-9912 or FE 4-0871.

3-State Premiere

Unveil New Pin-Spotters

One of the most unusual gatherings of bowling personalities will occur in Pontiac on Saturday. The three-state premiere of new, automatic pinspotters (Brunswick) will be held at Pontiac's Huron Bowl, 1124 West Huron street and a jammed "house" is expected.

The 24-lane installation is the 1st in Michigan, of its type. It is also the 1st for Indiana and Ohio, officials report, and in this connection many BPA member owners from the three states are expected to attend the opening. More than 600 invitations to BPA operators were sent out. Public is also welcome, says Joe Bonfiglio, Bowl operator.

Two national champions and several area stars will appear in exhibition matches. Pontiac's mayor, William Donaldson, Frank Mitzel, DBA's head and 1955 ABC prexy, Lillian Jacobs, W. W. Edgar (BPA secretary), PWBA's Peg Bender and others will be guests.

In an afternoon match (3 p.m.) Dick Hoover, All-America, bowling team member in 1955-56, last winter's world champion, and Marion Ladewig, 5-time national women's match champion will roll against Les Rothbarth and Genevieve Bradley respectively. For the evening match (7 p.m.) Bradley and Hoover will take on Ladewig and Rothbarth. Rothbarth carried a 193 average, Bradley 175.

Feature Film Boosts Safety With Firearms

Art Van Ryzin, coordinator for the coming "Hunt and Live" program at Pontiac High School, Oct. 10, has secured a fine film as a highlighted feature.

Program is a joint endeavor by the PHS Physical Education department and The Pontiac Press designed to promote hunting and outdoor safety.

The film is entitled "Trigger Happy Harry." It is a 20-minute entertainment and instructional pictures that touches on gun safety training, hunting and plinking and range shooting. It is rated equally interesting and informative for both adults and youngsters.

THURSDAY'S FIGHTS
LOS ANGELES — Reuben Hernandez, 150, Los Angeles, knocked out Eddie Jenkins, 157, Los Angeles, 8.
CHARLOTTE, N.C.—Richard Kelly, 127, Florence, S.C., knocked out Chico Varona, 130½, Havana, 8.
PHILADELPHIA — Cortes Jackson, 140½, Philadelphia, outpointed Frankie Alotis, 139½, Allentown, Pa., 8.

Brooklyn Hangs Up 'Help Wanted' Sign

BROOKLYN (AP) — Brooklyn's world champions, facing a Friend who isn't, go into the final three games of the National League season tonight, knowing all they can do is win and pray.

They need help. No longer can they repeat as pennant winners on their own.

Trailing first-place Milwaukee by one game, the Dodgers must sweep their remaining three with Pittsburgh and hope St. Louis can take at least one from the Braves in their wrapup three. That would mean a tie, and a pennant playoff. A sweep over the Pirates plus two Milwaukee defeats would make them champs again.

* * *

Manager Walter Alston said only "we've got to have help. If the Cardinals win one, we'll be all right."

But he added, in that slow, soft manner of his:

"I'm not worried about St. Louis easing up. The thing that worries me more is that we have looked lousy ourselves."

"Lousy?" Well, the Brooks have lost four of their last six games—dropping three of four to the Pirates last weekend, then losing to Philadelphia after Sal Maglie's no-hitter beat the Phils Tuesday night.

* * *

The Friend they'd rather not meet, is Bob — Pittsburgh's 25-year-old righthander, the All-Star game winner, a quick-smiling youngster who has whipped the Dodgers in four of five decisions.

It was Friend, hanging on through a 10-hitter, who dumped the Dodgers out of first place Monday with a 6-5 victory. That gave him a 17-16 season mark.

Crackers Play Houston

ATLANTA (AP) — The Atlanta Crackers, Southern Assn. champions, meet Houston, the best in the Texas League, in the best-of-7 Dixie Series at Ponce de Leon Park here tomorrow night.

The Crackers rode past Memphis last night 4-1 on Earl Mossor's pressure six-hit pitching in the seventh and deciding game of the Shaughnessy playoffs.

Marilyn Can Have Role in 'Brothers Karamazov'

By LOUELLA O. PARSONS

HOLLYWOOD (INS) — MGM is bringing "The Brothers Karamazov" to the screen and if Marilyn Monroe is serious about yearning to star in the Fedor Dostoyevski classic, it's all hers, providing her price is not too high.

Dore Schary has already started pre-production preparations on the famous Russian novel.

In Dostoyevski's dramatic novel, written in 1879-1880, he gives a psychological analysis of three Russians of his day — the brothers Karamazov — one a soldier, one an intellectual and the other a religious mystic, who became involved in a conflict with their father. Dore tells me he will have only top stars.

Bright and early, Bill Perlberg called to tell me that he's signed that wonderful little boy Michel Ray for "The Tin Star."

Said Bill, "I read your rave over 'The Brave One' and how fine this youngster is. So, I called RKO and asked them to show me the picture. I so thoroughly agree with you about Michel that George Seaton and I are giving the boy the role next in importance to Henry Fonda and Tony Perkins. Thanks for the tip."

You're welcome, Bill. And, you, too, Michel. I think this boy is the best child actor since Jackie Coogan and Jackie Cooper.

"Home never looked so good," Jack Lemmon told me when he returned from 4½ months in Europe.

"Does that mean a reconciliation between you and Cynthia?" I asked him.

He said, "We're working on it, but so far nothing has happened."

Cynthia and the baby met Jack at the airport and he said it looked to him as if his son had grown a foot.

Jack was supposed to tour Europe after he finished "Fire Down Below" with Rita Hayworth and Robert Mitchum, but he was so eager to come home he only went to Paris.

OK Leasing Bus Lines to Save Tax Expenses

JACKSON (AP)—In a move designed to slash tax payments, the city commission has authorized the mayor's Mass Transportation Study Committee to lease the Jackson Bus Co. to National City Lines of Chicago. Agreement is subject to commission approval.

The study committee reported leasing the bus company would eliminate state and federal gas taxes, federal excise taxes and state weight taxes. It said the saving would be about $35,000 a year.

The city limits of London encompass about one-third as much area as New York City and about one-half as much as taken by the city of Chicago.

Start Work on Memorial

GRAND RAPIDS (AP) — Ground breaking ceremonies this week signified a start of work on the $75,000 monument to Kent County war dead in Veterans Memorial (Fulton) Park in downtown Grand Rapids. Dedication of the new structure is scheduled Memorial Day, 1957.

One of three workers in the U. S. today is a woman.

Two tons of electronic sound amplifying equipment are needed to serve the Republican and Democratic national conventions so that both speeches and music can be heard by the huge throng of delegates.

Famed Indian Chiefs Had Atomic Power?

BOULDER, Colo., (INS)—An oil and uranium machine manufacturing company executive asserts two of the West's most famous Indian chiefs probably were radio-active warriors.

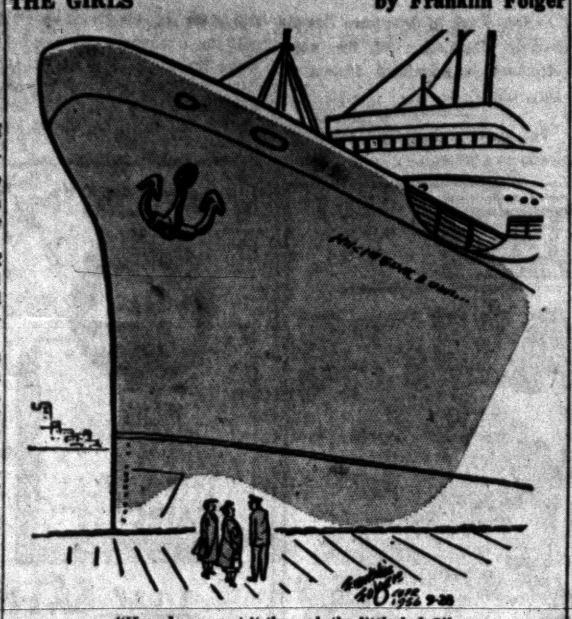

Howard J. Andersen of Boulder notes both Sitting Bull and Crazy Horse ate, slept and walked on ground rich in radio-active minerals.

Andersen says the campgrounds where both chiefs spent much time near Craven's Canyon in South Dakota is now heavily mined and producing low grade uranium ore.

He says carnotite, a uranium-bearing yellow ore, was one of the coloring cosmetics used by the warriors when painting their bodies for combat. Andersen adds:

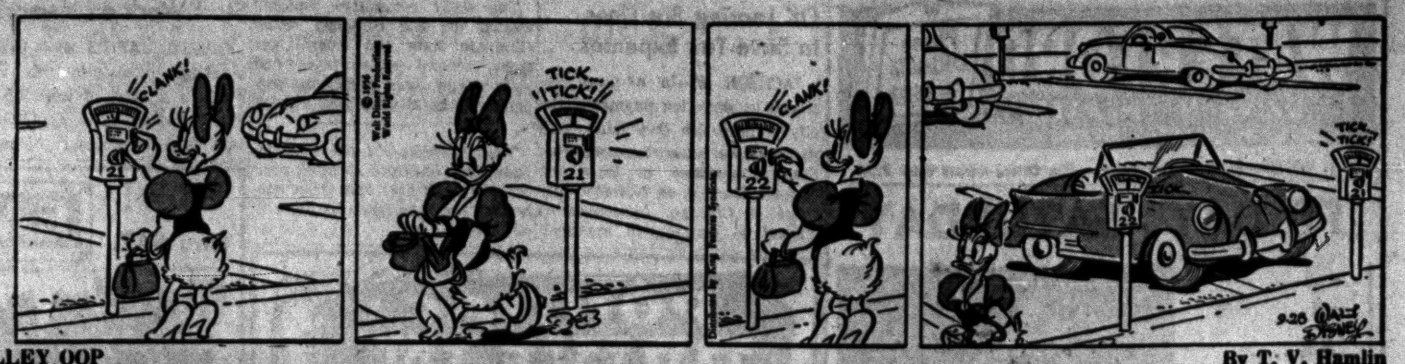

"Although this ore is low grade, without doubt Sitting Bull and Crazy Horse would have made a Geiger countr go crazy."

REGISTRATION NOTICE FOR THE GENERAL ELECTION
Tuesday, November 6, 1956
To the qualified Electors of the Township of Brandon, County of Oakland, Michigan.
Notice is hereby given that in conformity with the "Michigan Election Law," I, the undersigned Clerk, will, upon any day except Sunday and a legal holiday, the day of any regular or special election or primary election, receive for registration the name of any legal voter not already registered who may apply to me personally for such registration. Provided, however, that I can receive no names for registration during the time intervening between the thirtieth day before any regular, special or official primary election and the day of such election.
Notice is hereby given that I will be at my office Monday, Oct. 8th, 1956 last Day for Registration, from 8 o'clock a.m. until 8 o'clock p.m. on said day for the purpose of reviewing the registration and registering such of the qualified electors as shall properly apply therefor. In any township or city in which the clerk does not maintain regular daily office hours, the Township Board or legislative body of such township or city may require that the Clerk of such township or city shall be at his office or other designated place for the purpose of receiving applications for registration, on such other days as it shall designate prior to the last day of registration, not exceeding five days in all.
Notice is hereby further given that I will be at my home, 105 Church St., Ortonville, (Cor. Church & Schoolhouse Sts.) on October 3rd, 4th, 5th, & 6th from 8 a.m. to 8 p.m. each day. The name of no person but an actual resident of the precinct at the time of said registration, and entitled under the Constitution, if remaining such resident, to vote at the next election, shall be entered in the registration books.
HELEN M. JENCKS,
Township Clerk.

Grains Follow Narrow Range

CHICAGO (AP) —Grains held within a very narrow price range in moderately active dealings on the Board of Trade today.

At the outset a firm tone prevailed, particularly in soybeans. Some buying of beans was traced to export business overnight with France. Wheat also was a little ahead. But as trading progressed these gains were either reduced or canceled.

* * *

Wheat near the end of the first hour was ¼ lower to ¼ higher, December $2.29½, corn ⅛ lower to ⅛ higher, December $1.37⅝, oats ⅝ lower, December 75⅝, rye ¼ [illegible]er to ! &%&?%Z s lower to ¼ higher, December $1.53; soybeans ¼ lower to ⅛ lower, November $2.38, and lard unchanged to 5 cents a hundred pounds lower, October $11.57.

S-P Asks Stockholders to OK Curtiss Merger

SOUTH BEND, Ind. (INS) — Harold E. Churchill, Studebaker-Packard Corp. president, urged stockholders today by letter to vote for the proposed merger with Curtiss-Wright Corp.

He also announced a special shareholders' meeting will be held in Detroit Oct. 31 to vote on the recently announced merger.

Churchill, said in his letter the merger "is essential in the protection of the interests of stockholders."

Absentee Ballot Requests

Absentee ballot applications have been printed and distributed to city and township clerks, County Clerk Lynn Allen said today.

County residents who will be away Nov. 6 may apply to their township or city clerk for the necessary formers to cast absentee ballots, Allen added.

Mail Time Changed

Stocks Lower in Dull Trading

NEW YORK (AP)—Dull trading and lower prices prevailed on the stock market early this afternoon.

Losses of fractions to around 2 points were taken by leading issues. Turnover, however, was about as slow as it has been all year.

Trading was fairly brisk at the opening when prices were mixed. But losses soon outnumbered gains as the pace slackened. There was slight improvement later.

* * *

The losses spread to all major divisions despite a fairly bullish news background which included a forecast of record freight traffic, an increase in store sales and reports of booming cigarette and cigar consumption. On the depressing side was the week's news of higher rates on commercial paper.

The losses were somewhat steeper among aluminums, coppers and miscellaneous manufacturing stocks, but there seemed to be no great selling pressure anywhere on the list.

Reynolds Metals was down well over a point, both Anaconda and Kennecott around a point or so and International Paper around 2.

Dresser Industries, which gained yesterday on stock split news, was off around 2 points, as was Du Pont.

Bethlehem Steel dropped around a point. U. S. Steel, Republic Steel and Youngstown dropped fractions.

General Motors eased and Chrysler erased a fractional gain. Goodyear and Goodrich were steady. Zenith dropped around 2.

National Parks Are Improved

Multi - Million - Dollar Face Fifting Enhances Beauty, Facilities

WASHINGTON (AP) — The Nation's home town is settling down to normal after a welcome stint; the care, feeding, and entertainment of 3,620,000 friends and relatives in the vacation season of 1956.

Never before have so many visitors trekked into Washington during a spring and summer. Some of them, according to the National Capital's newest guidbook, Dorothea Jone's briskly entertaining Washington Is Wonderful, will never leave. For Washington is largely a city of assimilated outlanders and every American citizen has a vested interest in these 61 square miles on the Potomac River.

As evidenced by the 1956 visitation, Americans come in droves to look over their property. While a third of the employed among the Washington area's 1,872,000 residents work for the Federal Government, hosting some 5,000,000 visitors a year is the second largest industry, the National Geographic Society says.

Some 750 airplanes land and take off from National Airport every day. About 230 trains thunder in and out of Union Station.

Despite the bustle and a glittering cosmopolitan veneer, Washington at heart remains a small town that has never lost its country accents. Not too many years ago, only 1½ centuries in fact, the capital area was a rolling wilderness of individual holdings, among them Widow's Mite, Poor Tom's Last Shift, Beall's Levels, and Duddington Pasture.

CORN OBSTRUCTS ROUTE

The Nation,s parade ground—Pennsylvania Avenue, the broad, tree-lined link between the White House and Capital—was a bit late in opening because farmer David Burnes had planted corn on the route.

As Mrs. Jones relates in her book, more livestock seemed to roam Washington than any comparable metropolis. One Senator, who took a dim view of the carefree pigs uprooting his lawn, declared publicly and petulantly, "I am going to introduce a bill to have the Capitol removed!"

The Capitol rose so slowly that another member of Congress complained to the House Speaker in 1827: "It is a curious fact, sir, I occasionally meet, in my district, old men who worked upon this building in their youth, who are utterly astonished to learn that the Capitol is still unfinished."

Today's Washington is growing at an astonishing pace, but it remains an easy-going amalgam of all the people who came—and stayed. To the outlander, it is somehow reassuring to recall that Abigail Adams once strung out her wash in the White House's East Room—a present-day mecca of society and diplomacy.

Walls Made of Plastic

GRAND RAPIDS — Laminated panes made of glass-fiber-reinforced plastic sheets bonded to a foam-plastic core are being used as the outside walls of a Grand Rapids plant. The 2¼ inch thick panels have finished inside and outside surfaces and require no painting or other finishing. They are said to be noncorrosive and nonwarping, impervious to moisture and vermin, and highly resistant to impact.

Chrysler to Build Center in Memphis

MEMPHIS, Tenn. (AP) — Chrysler Corp. will build a three-million-dollar personnel training center here in the next year or 18 months, a company official said yesterday.

He said the center will offer training facilities for dealers, salesmen, mechanics and other personnel.

The company already has completed a training plant in Detroit. Eighteen others are to be built throughout the country.

Resident Feels Telegraph Walk Costs Are Unfair

In a suit filed yesterday in Oakland County Circuit Court, Pontiac Attorney Willam F. Dohany complains the city of Pontiac is "unfair and inequitable" in intending to assess him $510 for a sidewalk in front of property he owns at Telegraph road and Glendale avenue.

Dohany describes the property as a triangle, running 254 feet along Telegraph road.

But its deepest point, on Glendale, is only 27 feet, he says, and at the point of the triangle the property is only one inch in depth.

Dohany says Pontiac proposes to build a sidewalk along the entire 254 feet of Telegraph frontage, assessing him at the standard rate per foot of frontage.

There isn't any pedestrian traffic along Telegraph, he says, and there aren't any houses which the sidewalk would serve.

Circuit Judge H. Russel Holland yesterday signed an order requiring the city to show cause why it shouldn't be ordered to refrain from assessing Dohany for the sidewalk.

Earnings

NEW YORK (INS)—National Airlines reports net earnings of $4,300,143, equal to $4.14 per common share, in the fiscal year ended June 30, compared with $3,075,778, or $3.01 a share, the previous year. Operating revenues gained 14 per cent, totaling a record $55,468,848.

YOU'D LIKE TO BUILD EXCEPT YOUR MONEY IS TIED UP IN YOUR OLD HOME.
It is paid for or nearly so. Naturally you would like to get as much for it as you can. There are several ways this can be done. Let's see which way will be best suited to you and your old home.

COMPARE THIS FUNCTIONAL 4 BEDRMS. & 2 BATHS
No. 62 Contemporary 60 ft. by 48 ft. O. Has restful style entry and closet. A living room and dining area combination of 27'6"x 13.' O. A. Has one of those desirable U-shaped kitchen arrangements with beautiful birch cabinets, with a center hall that eliminates all cross room traffic. The 2 bath layout is exceptionally nice, one leading off the hall and the other off the master bedroom. Functional 4 bedrooms are all nice size. With a unique but practical room arrangement. Just imagine, 9 closets. One exceptionally attractive breezeway and carport arrangement. Has a pleasant eye-appealing exterior with well balanced lines of brick, glass and frame. All this for only $16,900, built on your lot.

We'll help you with financing or securing a lot.

None Injured in Film Fire in Detroit Theater

DETROIT (INS)—Some 100 patrons of a Detroit theater scurried to safety last night when a two-alam fire started in the projection room.

Carrol M. Gates, the projectionist said the film burst into flames and he was unable to put the fire out. None of the patrons was injured and damage was not estimated.

Humorist Drops Quiz Program

Informal Variety Show Makes Tuesday Debut on Television

By OLGA CURTIS

NEW YORK (INS)—Hoosier humorist, Herb Shriner, who spent the past four years on television giving away money, will try something different this season.

* * *

On his new half-hour show starting Tuesday, Shriner will hand out nothing but "conversation and entertainment."

"I'm just going to stand there and talk," Shriner explained today. "Every so often I'll play the harmonica, sing a little, show some homemade movies and introduce some guests.

"You can call it informal variety—but there won't be any blaring trumpets or fancy acts."

* * *

As a result "The Herb Shriner Show" over CBS should be very much like Shriner—easy to look at and fun to listen to.

LIKES TO TALK

The 6-foot-2, green-eyed humorist from Fort Wayne, Ind., likes to talk both on camera and off, and even his casual over-the-lunch conversation is amusing.

* * *

In explaining what he would do on his new live show, for instance, Shriner said:

"I'm planning to have a harmonica orchestra because the harmonica was very popular when I was a kid, and I probably helped stamp it out."

He described his singing voice as a "gravelpit baritone" and said solemnly:

"It's a shame but I am going to sing."

ONE AMBITION

The 38-year-old monologist, who writes his own lines and takes his own "goofed-up" home movies, has one ambition: To do a TV show in which the entertainment consists entirely of one man's talk.

* * *

"I'm signed to do a full hour's show in 1957," he revealed, "and maybe sometime before the end of that season, I'll get a chance to try it out."

Meantime, Shriner is perfectly happy to share the spotlight with guest stars like Jackie Gleason and Red Skelton, who will both appear on his first show.

The Hoosier conversations which made Shriner a TV and radio favorite have not yet impressed his 5-year-old daughter and twin 3-year-old sons.

* * *

"My daughter thinks Indiana is where daddy goes to tell jokes," Shriner sighed. "That's what happens to children born in New York."

At home in suburban New York, Shriner's wife, children, dog, cat and pet fish know him primarily as a gadget and oddity collector.

Some of his odd clocks, unique nautical instruments and strange harmonicas may wind up on his TV show, but Shriner is somewhat stumped as to the TV value of his newest bargain: Genuine dinosaur footprints.

Intended to Nominate Secretary of Interior

'Terrible Terry' Carpenter Attributes Joe Smith's Name to Divine Guidance

SCOTTSBLUFF, Neb. (AP)—Terry Carpenter, who startled the 1956 Republican National Convention by attempting to nominate a mythical "Joe Smith" for vice president, attributes his use of the name to Divine guidance.

When he got to his feet in San Francisco he intended to nominate Secretary of the Interior Fred Seaton, a fellow Nebraskan, but says that maneuver was blocked by Chairman Joseph W. Martin of Massachusetts. Then, Carpenter adds, Martin demanded he name his candidate and "Joe Smith" tumbled out.

Carpenter views the moment as the climax to events which started when he said last April he would oppose renomination of President Eisenhower. He argued then that "no man ought to be required to die for his political party." Afterward, he was elected a delegate-at-large to the GOP national convention in the Nebraska Republican primary—just as he had been in 1952 when he was supporting Ike.

Then came the Democratic convention with its wide open contest for the vice presidential nomination and statements that Republicans would have the same free selection. Carpenter says this didn't occur.

* * *

At a Nebraska caucus, he relates, he was urged to drop opposition to Eisenhower.

"I agreed," he says, "but they weren't satisfied with half a loaf. Then they wanted to tie the delegation to the nomination of Vice President Nixon."

Carpenter said in an interview: "It is my opinion that the Lord himself created those events and that he himself gave me the words 'Joe Smith.'"

The suggestion is unexpected, coming from a rough and tumble political scrapper whom Nebraskans have dubbed "Terrible Terry" for two decades. Reared a Methodist, he hasn't been particularly active in church work.

* * *

Carpenter, now a graying and stocky 56, has been a Democratic congressman, mayor of his home town and a state senator. He has been defeated three times for for United States senator and lost once for governor.

Now he's running for Nebraska's non partisan Legislature.

Originally a Republican, Carpenter turned Democrat in 1932 and swung back in 1952, criticizing President Truman's Korean War policy. Even in 1952, however, he demanded that Nixon be dropped from the GOP ticket.

Carpenter reports he supported Eisenhower four years ago because he felt the need for a change. He appends: "We sure as hell got one."

To him, "Joe Smith" is no joke and no publicity stunt.

He defines "Joe" as any American who earns just enough money to live on after meeting his expenses and who has no one to speak out for him.

* * *

Carpenter believes Democrats were shrewd in capitalizing on "Joe" by naming Adlai Stevenson's special plane for the character and by forming "Joe Smith" clubs.

Feeling No Sprain After 20-Foot Fall

RENO (AP)—University of Nevada student Dave Lowe of Las Vegas is undeniably a sound sleeper.

He tossed while sleeping in his upper bunk at the Theta Chi fraternity house and pitched himself out an open window.

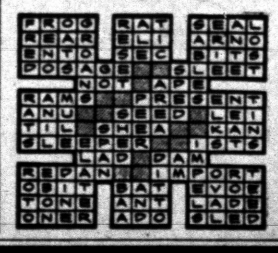

Lowe fell to the law 20 feet below. A fraternity brother saw him get up and return to his bunk.

Lowe woke up yesterday morning with bruises but no recollection of the fall.

Killed Ramming Train

DETROIT (AP) — Clarence Davis, 22, of Inkster, was killed Thursday night when his car and a train collided at an Inkster crossing.

PICKETS' TIME OUT — Five daughters of Long Island potato growers are shown taking a break from the picket line after joining their mothers in a march before the Department of Agriculture, protesting potato prices. Halted earlier by police, their picketing was resumed when permission for the demonstration was granted.

Doctor Attending Nixon Hasn't Stopped Working

EN ROUTE WITH NIXON (INS) — Dr. Malcolm Todd of Long Beach, Calif., started his "vacation" about ten days ago and hasn't stopped working yet.

* * *

Dr. Todd is the 43-year-old chief surgeon at Seaside Memorial Hospital in Long Beach who is the first of three doctors looking out for the health of Vice President Richard M. Nixon and a group of more than 50 criss-crossing the country in a chartered airliner.

The three, each of whom is taking one of the Nixon campaign stints, have volunteered their services as their contribution to the Republican party. The on board otherwise would be spent lolling at a beach with their families.

Actually, says Dr. Todd, the rugged trip is a sort of vacation in that it is a break in routine. Besides, he says, he enjoys meeting new people.

NORTHWESTERN GRADUATE

But the doctor, who is a 1937 Northwestern University Medical School graduate, has had his hands full since coming aboard—even before, as a matter of fact.

Todd joined the Nixon party when the vice president spoke in Whittier, Calif., near Long Beach. That evening, Vernon Lyons, Nixon's research assistant, fell from the steps of a bus and suffered a cerebral concussion. Todd put six stitches in Lyons' head.

* * *

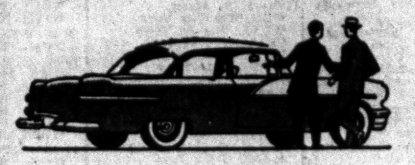

The doctor had been giving Nixon daily check-ups injecting vitamins and watching his health even before Nixon came down with virus influenza and laryngitis. He is prepared for almost anything except a major emergency that may occur aboard a plane.

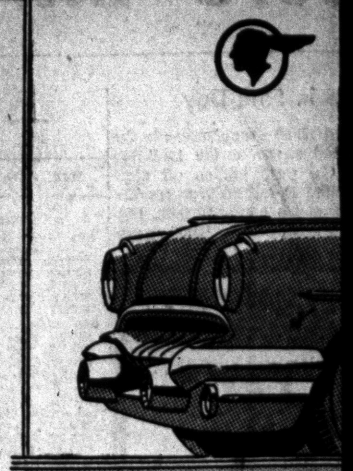

The doctor administered the latest antibiotics to knock out the illness. It took only about 48 hours for it to be controlled despite the fact that Todd's "orders" to his patient to rest and not to talk were almost completely ignored.

But that wasn't the only work Todd has found. Among the 30 newsmen and 20 or so staff members aboard, Todd has treated two cases of upset stomach, two cases of airsickness, several cases of flu virus similar to the vice president's, two cases of dysentery, one serious case of sinus trouble, one case of skin rash due to nerves and several cases of stoppage of the tube leading from the ears to the throat—due to change of pressure in landing and taking off.
