

Eleven Die, Four Survive, in B50 Crash

Ike May Press for Showdown on Dixon-Yates

Tries to Remove Legal Barrier on Proposed Power Deal

WASHINGTON (AP)—The Eisenhower administration showed signs today of pressing for a pre-election showdown on its politically touchy plan to feed private power into lines of the Tennessee Valley Authority.

Calling yesterday for a review by the Senate Atomic Energy Committee of the plan, it asked for the waiver of a legal provision which would keep the contract from taking effect before next year unless the committee okays an earlier date.

Opponents of the plan, known as the Dixon-Yates contract, raised new protests of "skulduggery" and "scandalous."

Reports circulated yesterday that the contract had been approved. An aide said Sen. Fulbright (D-Ark.) had received word to that effect.

The Atomic Energy Commission (AEC), government partner in the proposed deal, said only the contract "has not been signed."

At the Summer White House in Denver, Asst. Presidential Press Secretary Murray Snyder said, "We know nothing about it."

Sen. Langer (R-ND), chairman of a Senate antimonopoly subcommittee which has been looking into some aspects of the proposal, demanded to know from the AEC by mid-afternoon whether the contract has been approved "in any manner whatsoever."

Rep. W. Sterling Cole (R-NY) announced the Atomic Energy Committee, which he heads, will open a public exploration of the contract's terms, probably starting next Wednesday.

Eisenhower has directed AEC to negotiate a contract with the Dixon-Yates group for power which would replace that which TVA supplies to AEC plants. Dixon-Yates would build a 107-million-dollar steam plant at West Memphis, Ark., and the electricity generated would be served to TVA customers over TVA lines.

Making up the Dixon-Yates group are Middle South Utilities, Inc., headed by Edgar H. Dixon, and the Southern Co., headed by E. A. Yates.

Administration spokesmen have termed the plan the most economical and practical way of supplying future power needs of the area. Foes have said it will harm and perhaps eventually destroy TVA and will cost the government more than a TVA steam-generating plant.

Marilyn Upset, Near Collapse

Glamor Girl Red-Eyed as She Leaves Home; Joe Heads for Frisco

HOLLYWOOD (INS)—Marilyn Monroe goes back to work before the movie cameras today—if she is able.

There was considerable doubt that she would be able.

The fabulous blonde was knocked into a state of virtual collapse yesterday when the full impact of the break-up of her marriage to Joe DiMaggio hit her.

Forty-five minutes after the one-time Yankee Clipper walked out of the quaint honeymoon home where they spent the nine months of their married life, the curvy screen beauty emerged from the house to give a news conference and to go to the studio.

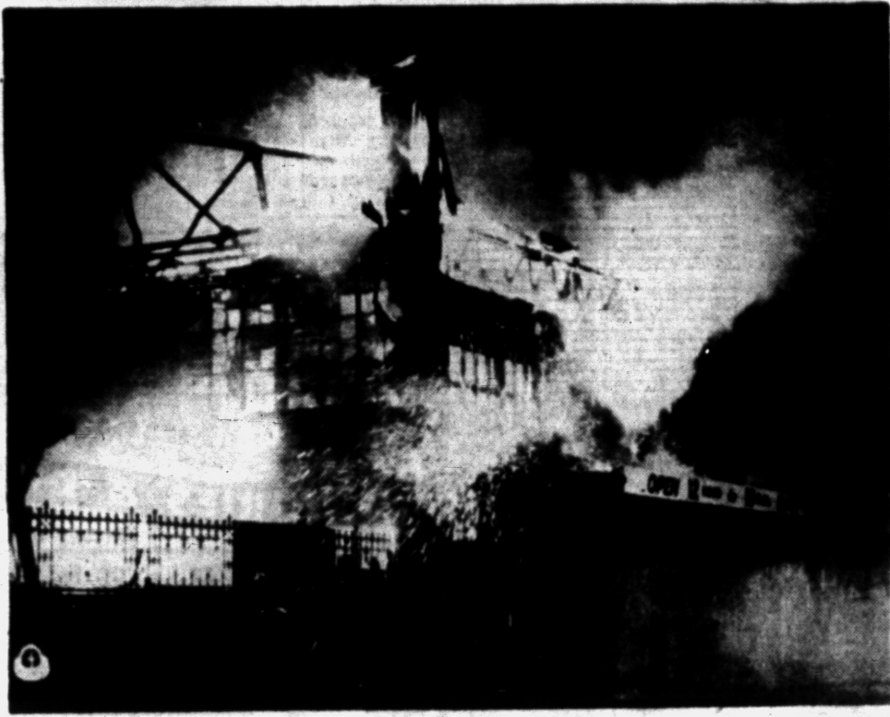

Red-eyed, her knees sagging and her chin quivering, she was a far cry from the pinup girl who zoomed to stardom after she posed for a dazzling nude calendar photo.

20th Century-Fox had announced that she would tell why she was suing DiMaggio for a divorce. So 50 reporters and photographers milled about her. (Continued on Page 2, Col. 8)

Ferry Building Burns in New Jersey

ON CAMDEN'S MARKET STREET—Fiery embers cascade down corner of a roof as a section of wall collapses during fire at old Market Street ferry building along the Delaware River waterfront early this morning. The building was destroyed with loss of about \$100,000. Fire started last night and raged through the night. The building has been used as a produce market since Philadelphia-Camden ferry was discontinued two years ago. Large stocks of clothing, food and other merchandise were lost.

Pontiac Firemen Ready to Show Skill at Eastern Junior High School Tonight

Thirty Pontiac firemen, after last-minute rehearsals Wednesday, set the stage today for a fire fighting demonstration in connection with Fire Prevention Week.

High shooting flames will be the only footlights for the city's fire-fighters when they make their debut at Eastern Junior High School athletic field at 7:30 p.m.

This evening's display will prove an entertaining lesson to local residents that fires are "the cause of greatest destruction to the American people," said Fire Chief John F. Schroeder.

Showing off their latest fire-fighting techniques and equipment, the fire eaters will battle a gasoline truck fire several times in the field.

Two firemen, attired in night clothes of a man and a woman trapped in a blazing building, will jump from the second floor of the school into a rescue net.

Schroeder called attention to the fact that property losses resulting from fires last year reached a record high of \$98,000,000, with over 12,000 persons killed.

Capt. Victor Bodamer and Schroeder both explained that this year's intensive campaign here is intended to make Pontiac the safest city in the nation.

"We want top billing in this country's fire safety record for 1954," said Schroeder. "We know that everyone will help by using more precaution than any other time."

Also cooperating with the fire department's campaign are the Pontiac Chamber of Commerce, Fire Prevention Committee and the Association of Insurance Agents.

Senators Eye Windfall Taxes

Ponder Possibility of More Collections From FHA Profiteers

WASHINGTON (AP)—Senate investigators called on Internal Revenue Commissioner T. Coleman Andrews today to tell of the chances for collecting additional taxes on "windfall profits" from postwar housing projects.

William Simon, counsel for the Senate Banking Committee in its housing probe, said, "I can't help but feel there still are income tax problems" for some builders who reaped fat returns on projects financed with government-insured mortgages.

Additional testimony also is expected about the affairs of Ian Woodner, a Washington and New York builder, this time from Franklin D. Richards, former Federal Housing Administration (FHA) commissioner and now a real estate consultant.

The dapper Woodner told the committee yesterday he had hired Richards, shortly after his resignation as FHA commissioner, to help him win FHA approval to operate a swank Washington apartment hotel project he was building.

The request was granted, despite a contrary FHA policy on its insured projects, in a letter signed in 1952 by Clyde L. Powell, ousted last April as assistant FHA commissioner after 20 years with the agency.

Proposal 2 on Ballot

Conlin Sales Tax Revision Opposed by Schoolmen

The Oakland County Association of School Administrators reaffirmed their opposition to the Conlin Amendment Wednesday in a four-point resolution.

At a meeting in Birmingham, the administrators were unanimous in rejecting the plan which will be presented to the voters on the November ballot as proposal 2.

Pin-pointing their reasons for opposition, they said:

1—The Conlin Plan does not solve any of the schools' present problems.
2—They believe the monies available for operation of schools might be less under the plan than under the existing Sales Tax Diversion Amendment.

This is due to the specification in the Conlin Plan that the cost of sales tax collection be deducted before the schools get their money. Another deductible item is the cost of the teacher retirement fund.

3—This proposed Amendment fixes in the Constitution provisions for financing public school employees retirement fund which the county group believes may be injurious to the fund and in the long run prove inadequate.

4—It transfers the problem of the so-called "time-bomb" from the state legislature to the individual school district.

The resolution adopted by the county educators puts them on (Continued on Page 2, Col. 3)

1,000 Buyers Attend Fisher Cattle Sale

At least 1,000 prospective buyers from 20 different states were present today at the Edward F. Fisher Hi-Point Farms near Romeo for the auction of Fisher's prize herd of 600 Hereford cattle.

The sale, which will begin later this afternoon, will last three days. Fisher is selling the herd because his 2,300 acre farm has been sold to the Ford Motor Co. and will be part of the new Ford Proving Ground development.

Hurricane Hazel Gaining Force in Caribbean Sea

MIAMI (INS)—Hurricane Hazel prowled the open waters of the lower Caribbean Sea today, building up more force while moving between west and northwest at about 19 miles an hour.

The 6 a.m. advisory from the San Juan, Puerto Rico, weather bureau, located the storm about 140 miles north-northwest of Curacao, Netherlands West Indies.

out that although Wayne as a whole grew by 11.8 per cent, Northern Wayne County, omitting Detroit, expanded its housing units by 32.7 per cent.

"The fact that only one of five additional occupied home units was located in . . . Detroit, which gained a total of 27,595 units against 107,482 for the rest of the metropolitan area, marks a significant feature of the 1950-54 growth," the commission states.

The Detroit rate dropped, they point out, from the 1940-50 pace when Detroit accounted for two of every five new units in the area.

Thus the focus of new building is moving south from Detroit into Oakland and Macomb Counties meaning this area can expect a continued high building rate for years to come.

Mendes Takes 9-Power Plan to Lawmakers

Will Seek Ratification of German Rearmament Pact Next Month

PARIS (AP)—Premier Pierre Mendes-France today carries his blitz campaign to win acceptance of German rearmament before the National Assembly, which killed the earlier European Defense Community.

He indicated he would seek formal ratification of the new pact next month.

The Assembly got its first crack at the London agreements hardly four days after the conference ended, but already some 65 questions have been filed by deputies well aware of how deep feeling on the German rearmament issue runs in France.

The Premier appeared to have carried the first round of his fight yesterday in an active meeting of the Assembly Foreign Affairs Committee.

The Committee did not vote approval or disapproval. But in a communique it praised the Premier's performance at London, where he won a British commitment to keep troops on the European continent and German agreement to West European control of her rearmament.

Quick-moving Mendes-France apparently was counting on the popularity he won at the nine-power conference to give him some kind of speedy approval from the divided, cantankerous assembly.

The Premier also disclosed to the committee he would meet with West German Chancellor Konrad Adenauer on Oct. 20 to resume negotiations on the Saar question. He would like a settlement over the disputed border area before Germany is allowed its sovereignty and the right to rearm.

Strike Silences London Docks

25,000 Longshoremen Leave Jobs in Protest Over Working Systems

LONDON (AP)—A paralyzing strike of dockmen turned London's vast waterfront today into a ghost town of deserted ships and silent derricks.

Nearly 25,000 men and more than two-thirds of the ships in port were idle.

The longshoremen struck four days ago in protest against a new working system which they claim will cut their earnings and for the right to decide themselves when they work overtime.

Another 3,000 longshoremen joined the walkout in protest against the use of 500 East Indian laborers to unload two ships. Additional men were reported joining the walkout hourly.

Britain's state-run railways refused to accept shipments for the docks as piles of dollar-earning exports and food for British larders mounted at the wharves and overflowed warehouses.

Snatched to Safety

WINSTON-SALEM, N. C. (UP)—Firemen broke down the front door of L. C. Bass, rushed into a bedroom and put out a mattress fire. Bass awoke only after he was snatched from the flaming bed.

Wins Gamble for Life

FOR CHILDREN'S FUTURE—Mrs. Ivey Bailey, 42, of Sutton, Ont., who gambled her life in a delicate heart-enlarging operation against the future of her ten foster children, writes to her family from New York last night. With less than a full sized working heart as a result of rheumatic fever, she came here for an operation but told her children she was going on a vacation. The heart operation restored normal action. Her family of foster children was started after her four sons were well on the way to manhood.

Red's Bid for Bonn Unity Wins Only Socialist Favor

BONN, Germany (AP)—Soviet Foreign Minister V. M. Molotov's new bid for four-power talks aimed at unifying Germany won support from German Socialists in Parliament today.

But Chancellor Konrad Adenauer's government coalition parties spurned it.

The Molotov proposal also got a cold shoulder from British Foreign Secretary Anthony Eden, and a French Foreign Office spokesman said the United States, Britain and France had left the door open to constructive Russian proposals on Germany.

However, he said that no such proposals had been found in Molotov's speech last night.

In the United Nations, V. K. Krishna Menon of India called on leaders of East and West Germany to get together on unification. He said the Soviet Union had recognized the sovereignty of East Germany and the Western powers were preparing to do the same in the West.

Therefore, he said, leaders of the two sections should be able to get together and work out unification.

"It appears to us that it should be possible for Germans to talk to Germans in order to find ways—or at least the beginning of ways—to establish the unity of their own country," Krishna Menon said, adding that Germany was a key to peace.

Eden expressed his views at a Conservative party conference in Blackpool, England.

"They, the Russians, have made every effort to draw Germany to their side and prevent us from drawing Germany to ours," Eden said. "They have created German armed forces in their sector long ago. They have consistently refused to agree to Germany being reunited, except on terms which would result in the Communist minority being given the power to subvert the whole state."

"This is the Communist plan as it is still their plan, which you can read in your papers this morning."

Eden said he expected the nine nation conference decision reached in London last week on the rearming of Western Germany to be ratified by the various Parliaments because the consequences of rejection are "so fearful to contemplate."

The forecast for Friday is fair and a little warmer, with a high of 56-60. Low tonight will be 36-40, the U. S. Weather Bureau says.

Downtown temperature at 8 o'clock this morning was 42, rising to 51 by 1 p.m.

Frost Misses City, but Hits Outstate

A protective cloud cover saved Pontiac and vicinity from the expected frost last night, but the rest of Michigan was hit by the coldest weather of the season.

Pellston was the coldest spot in the nation with 18 degrees. Grand Marais had 20, Cadillac 21, Houghton, 27, Sault Ste Marie and Traverse City 28, Gladwin and Jackson 31 and Grand Rapids 32.

Pontiac's lowest temperature was 39 degrees yesterday, but the mercury dropped to 37 at about 5 a. m. today. The high yesterday was 55.

The forecast for Friday is fair and a little warmer, with a high of 56-60. Low tonight will be 36-40, the U. S. Weather Bureau says.

Downtown temperature at 8 o'clock this morning was 42, rising to 51 by 1 p.m.

Ball of Flame Visible for Miles in California

Big Plane on Routine Texas Mission; Two of Crew Missing

WILLOWS, Calif. (AP)—An Air Force B50 weather reconnaissance plane crashed, exploded and burned near here last night, killing at least 11 of the 17 men aboard.

Four enlisted men miraculously survived.

Two crew members are missing and feared dead.

The big plane, on a routine mission from its base at Biggs Air Force Base in El Paso, Tex., dived out of murky skies and hit the earth with a shattering roar at 7:12 p.m. A huge ball of fire burst into the skies, visible for miles.

Sgt. Frank Imely, S. Sgt. Joseph E. Wittene and Airman L.C. John B. Patton parachuted to safety at the last moment.

T. Sgt. Natuidad Vasquez was thrown clear when the plane hit. Their homes were listed as Biggs AFB.

The Air Force gave no hint as to the cause of the crash.

Six hours after the crash, Vasquez was still unconscious in the Willows General Hospital. Wittene, Patton and Imely were also in the hospital, but appeared to be suffering nothing worse than shock.

Air Force officials said 11 bodies had been recovered, some badly burned.

Patton said a fourth man who bailed out plummeted to death. His body was found near the wreckage.

Willows is at the head of Sacramento Valley in northern California.

Owen Lattimore Indicted Again

U. S. Jury Says Asian Expert Falsely Denied Following Red Line

WASHINGTON (AP)—Owen Lattimore, controversial Far Eastern specialist, was indicted today on charges of falsely denying he had been a "follower of the Communist line" and a "promoter of Communist interests."

The new two-count perjury indictment was returned by a federal grand jury before U.S. District Judge Edward A. Tamm. In effect it substitutes for parts of an earlier indictment which had been thrown out by the courts.

U.S. Atty. Leo A. Rover told reporters he will move to have the new indictment consolidated with the five remaining counts of the older indictment returned against Lattimore in December 1952.

Two of the seven counts of the (Continued on Page 2, Col. 2)

Morse Predicts End of McCarthy Heyday

LOS ANGELES (AP)—Sen. Wayne Morse (Ind-Ore) predicts the chairmanship days of Sen. Joseph McCarthy (R-Wis) are over.

"I expect the Senate to censure McCarthy," Morse told newsmen yesterday. "Even if the Republicans should win in November—and I don't think they will—I can't imagine more than a handful of senators voting to give McCarthy a committee chairmanship."

The Oregon independent said McCarthy "has cost the Republicans thousands of votes." He said he believes the Democrats will win control of the House by a margin of 30 to 40 seats and take over the Senate with a total of at least 51 seats.

Maybe There's Irish in Their Ancestry

WYNANTSKILL, N.Y. (AP)—Mrs. Meta Yetto raises White Leghorn, Plymouth Rock and Rhode Island Red chickens. But she can't figure out why one—she doesn't know which—is laying green eggs.

Nor could the county farm agent explain it.

When the first green egg appeared Tuesday, she tried to scrub the color off.

"They're real eggs," she said, "but I'm not taking any chances opening or eating them."

Housing Increase Adding to Road Problems

(Editor's note: Recent the Press cited a few of the street and highway needs of Pontiac and Oakland County, and pointed out that heroic measures will be needed to provide for the driving needs of this area's rapidly growing population. Following is the second in a series of articles presenting these needs in greater detail.)

By BURDETT C. STODDARD

A phase of this area's growth which bears directly on the highway problem is the vast increase in dwelling units.

Each new subdivision erected means more new streets feeding cars into already clogged main roads.

According to the Detroit Metropolitan Area Regional Planning Commission, a growth of 135,068 occupied dwelling units took place in Oakland, Wayne and Macomb Counties from 1950 to 1954. An increase of 16.3 per cent.

Oakland County added 35,361 units for a gain of 32.4 per cent. Wayne increased 79,172, or 11.8 per cent. Macomb grew at a rate of 41.5 per cent, with 20,535 new units.

The planning commission points

number of cars into main arteries. As more homes are made available in Oakland County, the number of commuters living here, but working in Detroit, will swell.

These people will use the main arteries daily in getting to and from work.

The Oakland County Road Commission estimates that 40 miles of subdivision roads are added to the county network each year.

An example is a large subdivision located south of Perry Mount Park Cemetery in Pontiac including 154 duplexes. A mile-and-a-quarter of new roads are being developed to serve the subdivision.

Apart from the problem they create in spilling cars onto main

highways, subdivision roads pose a maintenance problem. Most of them should be hard surfaced to prevent their breaking up each spring, road commissioners say.

In a rapidly expanding area such as this, facilities must not be allowed to lag behind.

This area's road system has been losing the race with all other types of population-induced growth for 20 years.

Allenstown, Pa. (AP)—Hundreds of dead and dying birds were carted away by truckload from the runways of the Allenstown Airport yesterday. Officials still are baffled as to what caused their death.

Oman's Tel-Rosen Shopping Center. Open every evening 7 to 9.

Grains Display Mixed Trend

CHICAGO (U)—Grains displayed a mixed trend in routine dealings on the Board of Trade today. Soybeans tumbled lower but wheat recovered from early ease. Feed grains were little changed.

Speculative interest in the market appeared to be slight and there wasn't much commercial demand either. The export trade was practically dead. Milling circles reported four business at a very low ebb.

Wheat near the end of the first hour was 1/4 to 1/2 higher, December \$2.16 1/2; corn unchanged to 1/2 lower, December \$1.51 1/2; oats unchanged to 1/2 higher, December 79 1/2; soybeans 1 1/2 to 2 1/2 lower, November \$2.70 1/2, and lard unchanged to 10 cents a hundred pounds higher, October \$14.57.

Eleven Die, Four Survive, in B50 Crash

Ike May Press for Showdown on Dixon-Yates

Tries to Remove Legal Barrier on Proposed Power Deal

WASHINGTON (U)—The Eisenhower administration showed signs today of pressing for a pre-election showdown on its politically touchy plan to feed private power into lines of the Tennessee Valley Authority.

Calling yesterday for a review by the Senate-House Atomic Energy Committee of the plan, it asked for the waiver of a legal provision which would keep the contract from taking effect before next year unless the committee okays an earlier date.

Opponents of the plan, known as the Dixon-Yates contract, raised new protests of "skulduggery" and "scandalous."

Reports circulated yesterday that the contract had been approved. An aide said Sen. Fulbright (D-Ark.) had received word to that effect.

The Atomic Energy Commission (AEC), government partner in the proposed deal, said only the contract "has not been signed."

At the Summer White House in Denver, Asst. Presidential Press Secretary Murray Snyder said, "We know nothing about it."

Sen. Langer (R-ND), chairman of a Senate antimonopoly subcommittee which has been looking into some aspects of the proposal, demanded to know from the AEC by mid-afternoon whether the contract has been approved "in any manner whatsoever."

Rep. W. Sterling Cole (R-NY) announced the Atomic Energy Committee, which he heads, will open a public exploration of the contract's terms, probably starting next Wednesday.

Eisenhower has directed AEC to negotiate a contract with the Dixon-Yates group for power, which would replace that which TVA supplies to AEC plants. Dixon-Yates would build a 107-million-dollar steam plant at West Memphis, Ark., and the electricity generated would be served to TVA customers over TVA lines.

Making up the Dixon-Yates group are Middle South Utilities, Inc., headed by Edgar H. Dixon, and the Southern Co., headed by E. A. Yates.

Administration spokesmen have termed the plan the most economical and practical way of supplying future power needs of the area. Foes have said it will harm and perhaps eventually destroy TVA and will cost the government more than a TVA steam-generating plant.

Marilyn Upset, Near Collapse

Glamor Girl Red-Eyed as She Leaves Home; Joe Heads for Frisco

HOLLYWOOD (INS)—Marilyn Monroe goes back to work before the movie cameras today—if she is able.

There was considerable doubt that she would be able.

The fabulous blonde was knocked into a state of virtual collapse yesterday when the full impact of the break-up of her marriage to Joe DiMaggio hit her.

Forty-five minutes after the one-time Yankee Clipper walked out of the quaint honeymoon home where they spent the nine months of their married life, the curvy screen beauty emerged from the house to give a news conference and to go to the studio.

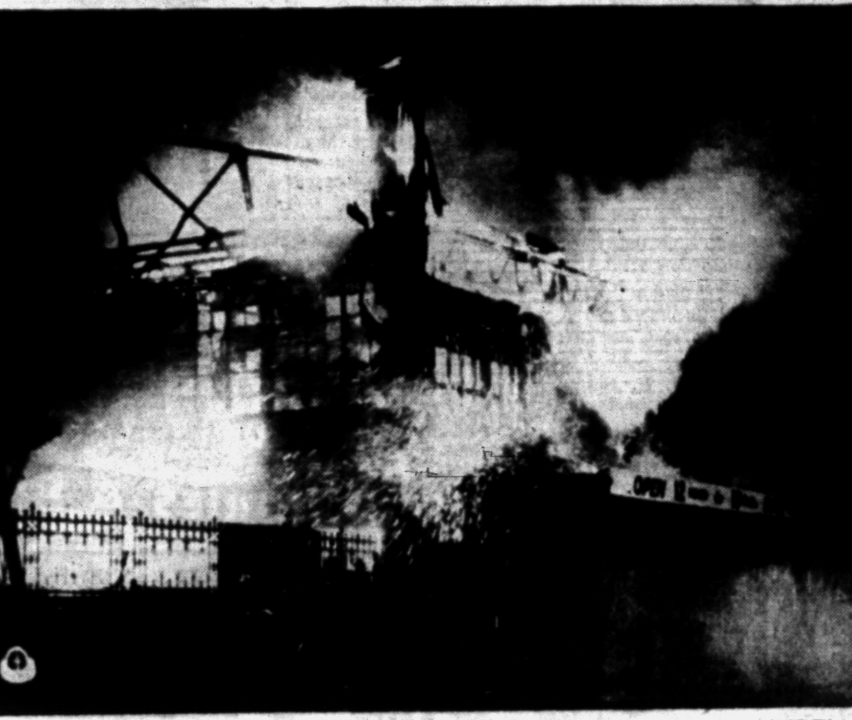

Red-eyed, her knees sagging and her chin quivering, she was a far cry from the pinup girl who zoomed to stardom after she posed for a dazzling nude calendar photo.

30th Century-Fox had announced that she would tell why she was suing DiMaggio for a divorce. So 50 reporters and photographers milled about her. (Continued on Page 2, Col. 8)

Ferry Building Burns in New Jersey

ON CAMDEN'S MARKET STREET—Fiery embers of about \$100,000. Fire started last night and raged through the night. The building has been used as a warehouse since Philadelphia-Camden ferry building along the Delaware River waterfront early this morning. The building was destroyed with loss of clothing, food and other merchandise were lost.

Pontiac Firemen Ready to Show Skill at Eastern Junior High School Tonight

Thirty Pontiac firemen, after last-minute rehearsals Wednesday, set the stage today for a fire fighting demonstration in connection with Fire Prevention Week.

High shooting flames will be the only footlights for the city's fire-fighters when they make their debut at Eastern Junior High School athletic field at 7:30 p.m.

This evening's display will prove an entertaining lesson to local residents that fires are "the cause of greatest destruction to the American people," said Fire Chief John F. Schroeder.

Showing off their latest fire-fighting techniques and equipment, the fire eaters will battle a gasoline truck fire several times in the field.

Two firemen, attired in night clothes of a man and a woman trapped in a blazing building, will jump from the second floor of the school into a rescue net.

Schroeder called attention to the fact that property losses resulting from fires last year reached a record high of \$900,000,000, with over 15,000 persons killed.

Capt. Victor Bodamer and Schroeder both explained that this year's intensive campaign here is intended to make Pontiac the safest city in the nation.

"We want top billing in this country's fire safety record for 1954," said Schroeder. "We know that everyone will help by using more precaution than any other time."

Also cooperating with the fire department's campaign are the Pontiac Chamber of Commerce, Fire Prevention Committee and the Association of Insurance Agents.

Senators Eye Windfall Taxes

Ponder Possibility of More Collections From FHA Profiteers

WASHINGTON (U)—Senate investigators called on Internal Revenue Commissioner T. Coleman Andrews today to tell of the chances for collecting additional taxes on "windfall profits" from postwar housing projects.

William Simon, counsel for the Senate Banking Committee in its housing probe, said, "I can't help but feel there still are income tax problems" for some builders who reaped fat returns on projects financed with government-insured mortgages.

Additional testimony also is expected about the affairs of Sam Woodner, a Washington and New York builder, this time from Franklin D. Richards, former Federal Housing Administration (FHA) commissioner and now a real estate consultant.

The dapper Woodner told the committee yesterday he had hired Richards, shortly after his resignation as FHA commissioner, to help him win FHA approval to operate a swank Washington apartment hotel project he was building.

The request was granted, despite a contrary FHA policy on its insured projects, in a letter signed in 1952 by Clyde L. Powell, ousted last April as assistant FHA commissioner after 20 years with the agency.

Proposal 2 on Ballot

Conlin Sales Tax Revision Opposed by Schoolmen

The Oakland County Association of School Administrators reaffirmed their opposition to the Conlin Amendment Wednesday in a four-point resolution.

At a meeting in Birmingham, the administrators were unanimous in rejecting the plan which will be presented to the voters on the November ballot as proposal 2.

Pin-pointing their reasons for opposition, they said:

1—The Conlin Plan does not solve any of the schools' present problems.

2—They believe the monies available for operation of schools might be less under the plan than under the existing Sales Tax Diversion Amendment.

3—This proposed Amendment fixes in the Constitution provisions for financing public school employees retirement fund which the county group believes may be injurious to the fund and in the long run prove inadequate.

4—It transfers the problem of the so-called "time-bomb" from the state legislature to the individual school district.

The resolution adopted by the county educators puts them on (Continued on Page 2, Col. 3)

1,000 Buyers Attend Fisher Cattle Sale

At least 1,000 prospective buyers from 20 different states were present today at the Edward F. Fisher Hi-Point Farms near Romeo for the auction of Fisher's prize herd of 600 Hereford cattle.

The sale, which will begin later this afternoon, will last three days. Fisher is selling the herd because his 2,500-acre farm has been sold to the Ford Motor Co. and will be part of the new Ford Proving Ground development.

The dapper Woodner told the committee yesterday he had hired Richards, shortly after his resignation as FHA commissioner, to help him win FHA approval to operate a swank Washington apartment hotel project he was building.

The request was granted, despite a contrary FHA policy on its insured projects, in a letter signed in 1952 by Clyde L. Powell, ousted last April as assistant FHA commissioner after 20 years with the agency.

Hurricane Hazel Gaining Force in Caribbean Sea

MIAMI (INS)—Hurricane Hazel prowled the open waters of the lower Caribbean Sea today, building up more force while moving between west and northwest at about 19 miles an hour.

The 6 a.m. advisory from the San Juan, Puerto Rico, weather bureau, located the storm about 140 miles north-northwest of Curacao, Netherlands West Indies.

The resolution adopted by the county educators puts them on (Continued on Page 2, Col. 3)

Mendes Takes 9-Power Plan to Lawmakers

Will Seek Ratification of German Rearmament Pact Next Month

PARIS (U)—Premier Pierre Mendes-France today carries his blitz campaign to win acceptance of German rearmament before the National Assembly, which killed the earlier European Defense Community.

He indicated he would seek formal ratification of the new pact next month.

The Assembly got its first crack at the London agreements hardly four days after the conference ended, but already some 65 questions have been filed by deputies well aware of how deep feeling on the German rearmament issue runs in France.

The Premier appeared to have carried the first round of his fight yesterday in an active meeting of the Assembly Foreign Affairs Committee.

The Committee did not vote approval or disapproval. But in a communique it praised the Premier's performance at London, where he won a British commitment to keep troops on the European continent and German agreement to West European control of her rearmament.

Quick-moving Mendes-France apparently was counting on the popularity he won at the nine-power conference to give him some kind of speedy approval from the divided, cantankerous assembly.

The Premier also disclosed to the committee he would meet with West German Chancellor Konrad Adenauer on Oct. 20 to resume negotiations on the Saar question. He would like a settlement over the disputed border area before Germany is allowed its sovereignty and the right to rearm.

Strike Silences London Docks

25,000 Longshoremen Leave Jobs in Protest Over Working Systems

LONDON (U)—A paralyzing strike of dockmen turned London's vast waterfront today into a ghost world of deserted ships and silent derricks.

Nearly 25,000 men and more than two-thirds of the ships in port were idle.

The longshoremen struck four days ago in protest against a new working system which they claim will cut their earnings and for the right to decide themselves when they work overtime.

Another 3,000 longshoremen joined the walkout in protest against the use of 500 East Indian laborers to unload two ships. Additional men were reported joining the walkout hourly.

Britain's state-run railways refused to accept shipments for the docks as piles of dollar-earning exports and food for British larders mounted at the wharves and overflowed warehouses.

Snatched to Safety

WINSTON-SALEM, N. C. (UP)—Firemen broke down the front door of L. C. Bass, rushed into a bedroom and put out a mattress fire. Bass awoke only after he was snatched from the flaming bed.

Wins Gamble for Life

FOR CHILDREN'S FUTURE—Mrs. Ivey Bailey, 42, of Sutton, Ont., who gambled her life in a delicate heart-enlarging operation against the future of her ten foster children, writes to her family from New York last night. With less than a full sized working heart as a result of rheumatic fever, she came here for an operation but told her children she was going on a vacation. The heart operation restored normal action. Her family of foster children was started after her four sons were well on the way to manhood.

Red's Bid for Bonn Unity Wins Only Socialist Favor

BONN, Germany (U)—Soviet Foreign Minister V. M. Molotov's new bid for four-power talks aimed at unifying Germany won support from German Socialists in Parliament today.

But Chancellor Konrad Adenauer's government coalition parties spurned it.

The Molotov proposal also got a cold shoulder from British Foreign Secretary Anthony Eden, and a French Foreign Office spokesman said the United States, Britain and France had left the door open to constructive Russian proposals on Germany.

However, he said that no such proposals had been found in Molotov's speech last night.

In the United Nations, V. K. Krishna Menon of India called on leaders of East and West Germany to get together on unification. He said the Soviet Union had recognized the sovereignty of East Germany and the Western powers were preparing to do the same in the West.

Therefore, he said, leaders of the two sections should be able to get together and work out unification.

"It appears to us that it should be possible for Germans to talk to Germans in order to find ways—or at least the beginning of ways—to establish the unity of their own country," Krishna Menon said, adding that Germany was a key to peace.

Eden expressed his views at a Conservative party conference in Blackpool, England.

"They, the Russians, have made every effort to draw Germany to their side and prevent us from drawing Germany to ours," Eden said. "They have created German armed forces in their sector long ago. They have consistently refused to agree to Germany being reunited, except on terms which would result in the Communist minority being given the power to subvert the whole state."

"This is the Communist plan as it is still their plan, which you can read in your papers this morning."

Eden said he expected the nine nation conference decision reached in London last week on the rearming of Western Germany to be ratified by the various Parliaments because the consequences of rejection are "so fearful to contemplate."

The forecast for Friday is fair and a little warmer, with a high of 56-60. Low tonight will be 36-40. The U. S. Weather Bureau says.

Downtown temperature at 8 o'clock this morning was 42, rising to 51 by 1 p.m.

Frost Misses City, but Hits Outstate

A protective cloud cover saved Pontiac and vicinity from the expected frost last night, but the rest of Michigan was hit by the coldest weather of the season.

Pellston was the coldest spot in the nation with 18 degrees. Grand Marais had 20, Cadillac 21, Houghton, 27, Sault Ste Marie and Traverse City 28, Gladwin and Jackson 31 and Grand Rapids 32.

Pontiac's lowest temperature was 39 degrees yesterday, but the mercury dropped to 37 at about 5 a. m. today. The high yesterday was 55.

The forecast for Friday is fair and a little warmer, with a high of 56-60. Low tonight will be 36-40. The U. S. Weather Bureau says.

Downtown temperature at 8 o'clock this morning was 42, rising to 51 by 1 p.m.

As more homes are made available in Oakland County, the number of commuters living here, but working in Detroit, will swell. These people will use the main arteries daily in getting to and from work.

The Oakland County Road Commission estimates that 40 miles of subdivision roads are added to the county network each year.

An example is a large subdivision located south of Perry Mount Park Cemetery in Pontiac including 154 duplexes. A mile-and-a-quarter of new roads are being developed to serve the subdivision.

Apart from the problem they create in spilling cars onto main

Ball of Flame Visible for Miles in California

Big Plane on Routine Texas Mission; Two of Crew Missing

WILLOWS, Calif. (U)—An Air Force B50 weather reconnaissance plane crashed, exploded and burned near here last night, killing at least 11 of the 17 men aboard.

Four enlisted men miraculously survived. Two crew members are missing and feared dead.

The big plane, on a routine mission from its base at Biggs Air Force Base in El Paso, Tex., dived out of murky skies and hit the earth with a shattering roar at 7:12 p.m. A huge ball of fire burst into the skies, visible for miles.

Sgt. Frank Imely, S. Sgt. Joseph E. Wittene and Airman 1c John B. Patton parachuted to safety at the last moment.

T. Sgt. Natulad Vasquez was thrown clear when the plane hit. Their homes were listed as Biggs AFB.

The Air Force gave no hint as to the cause of the crash.

Six hours after the crash, Vasquez was still unconscious in the Willows General Hospital. Wittene, Patton and Imely were also in the hospital, but appeared to be suffering nothing worse than shock.

Air Force officials said 11 bodies had been recovered, some badly burned.

Patton said a fourth man who bailed out plummeted to death. His body was found near the wreckage.

Willows is at the head of Sacramento Valley in northern California.

Owen Lattimore Indicted Again

U. S. Jury Says Asian Expert Falsely Denied Following Red Line

WASHINGTON (U)—Owen Lattimore, controversial Far Eastern specialist, was indicted today on charges of falsely denying he had been a "follower of the Communist line" and a "promoter of Communist interests."

The new two-count perjury indictment was returned by a federal grand jury before U.S. District Judge Edward A. Tamm. In effect it substitutes for parts of an earlier indictment which had been thrown out by the courts.

U.S. Atty. Leo A. Rover told reporters he will move to have the new indictment consolidated with the five remaining counts of the older indictment returned against Lattimore in December 1952.

Two of the seven counts of the (Continued on Page 2, Col. 2)

Morse Predicts End of McCarthy Heyday

LOS ANGELES (U)—Sen. Wayne Morse (Ind-Ore) predicts the chairmanship days of Sen. Joseph McCarthy (R-Wis) are over.

"I expect the Senate to censure McCarthy," Morse told newsmen yesterday. "Even if the Republicans should win in November—and I don't think they will—I can't imagine more than a handful of senators voting to give McCarthy a committee chairmanship."

The Oregon independent said McCarthy "has cost the Republicans thousands of votes." He said he believes the Democrats will win control of the House by a margin of 30 to 40 seats and take over the Senate with a total of at least 51 seats.

Maybe There's Irish in Their Ancestry

WYNANTSVILLE, N.Y. (U)—Mrs. Meta Yetto raises White Leghorns, Plymouth Rock and Rhode Island Red chickens. But she can't figure out why one—she doesn't know which—is laying green eggs.

Nor could the county farm agent explain it.

When the first green egg appeared Tuesday, she tried to scrub the color off.

"They're real eggs," she said, "but I'm not taking any chances opening or eating them."

Housing Increase Adding to Road Problems

(Editor's note: Recent the Press cited a few of the street and highway needs of Pontiac and Oakland County, and pointed out that heroic measures will be needed to provide for the driving needs of this area's rapidly growing population. Following is the second in a series of articles presenting these needs in greater detail.)

By BURDETT C. STODDARD

A phase of this area's growth which bears directly on the highway problem is the vast increase in dwelling units.

Each new subdivision erected means more new streets feeding cars into already clogged main roads.

According to the Detroit Metropolitan Area Regional Planning Commission, a growth of 135,068 occupied dwelling units took place in Oakland, Wayne and Macomb Counties from 1950 to 1954. An increase of 16.3 per cent.

Oakland County added 35,361 units for a gain of 32.4 per cent. Wayne increased 79,172, or 11.5 per cent. Macomb grew at a rate of 41.5 per cent, with 20,535 new units.

The planning commission points

out that although Wayne as a whole grew by 11.8 per cent, Northern Wayne County, omitting Detroit, expanded its housing units by 32.7 per cent.

The fact that only one of five additional occupied home units was located in . . . Detroit, which gained a total of 27,586 units against 107,482 for the rest of the metropolitan area, marks a significant feature of the 1950-54 growth," the commission states.

The Detroit rate dropped, they point out, from the 1940-50 pace when Detroit accounted for two of every five new units in the area.

Thus the focus of new building is moving south from Detroit into Oakland and Macomb Counties meaning this area can expect a continued high building rate for years to come.

A corresponding increase can be expected in miles of subdivision roads emptying an ever larger

New Chinese University to Counter Brain Washing

By W. G. ROGERS
Associated Press Arts Editor
NEW YORK (AP)—A plan for a new university in Singapore to save young Chinese brains from the brain-washing which thousands of them, it is said, have been getting in Red China has been announced here.

Dr. Lin Yutang, one of China's most distinguished expatriates, and the Chinese writer with undoubtedly a larger American following than any of his compatriots could claim, will be president.

The sons of Chinese away from home have always gone back to the "mainland," as Dr. Lin called it, to study.

That used to be fine, but now, he asks, what could be worse. He does not know just how many, perhaps thousands yearly, return there now. The Communists promise them a free living at Red universities; many of them, perhaps almost thousands yearly, stay there, lost to their parents and to the free world.

Nearly two years ago some wealthy Chinese in Singapore decided to offer their young men and women a counter opportunity. They pledged just under seven million U. S. dollars, and made a gift of 500 acres of land only a few miles outside Singapore, and invited Dr. Lin to be president.

"The unique privilege has been given me," he said, "to create a first class Chinese university outside China."

Some buildings are already going up, but most of the work will await Dr. Lin's arrival in the fall—he has left New York, his home for many years, on a leisurely trip to Malaya.

Total enrollment will reach perhaps 1,000. Nanyang university, as it will be called, is intended to keep Chinese culture

alive. It will be open to all races, and instruction will be mainly in English.

"There are a lot of Chinese Ph.D's," said Dr. Lin, "who have not been able to get better jobs than running groceries on Broadway, or working here as waiters, or raising poultry. They are going to be the teachers."

The number of U. S. students will probably be small. At present there is no financial backing from this country, but Dr. Lin hopes some day he may be able to interest one of our rich foundations. In drawing up his plans he has received the advice of several American university officials.

His appointment was announced at a lunch given by his publisher, Prentice-Hall, which has received the manuscript of another of his novels and intends to bring it out in the spring.

Born in China in 1895, Dr. Lin studied there, in Germany and at Harvard, which gave him his M.A. in 1922. Linguist and scholar, and also the inventor a few years ago of a Chinese typewriter, he taught for some years, from 1916 on, in Peiping—as an unrelenting foe of the present Chinese rulers, he says Peking, not Peiping. "The Importance of Living," published in 1937, was the first of his two dozen books in English to win him his big audience in this country.

Hurt in Freak Accident

SOMERVILLE, Mass. (AP)—Mrs. Mary Parker was walking along the street. A rope was dangling from a tree branch. The rope caught on a passing milk truck and pulled down the branch on Mrs. Parker's head. She had minor cuts.

FOURTEEN MAKE OVER DAD, POP, POOPSIE Agree Adoration Beats Adulation

By PHYLLIS BATTELLE

NEW YORK (INS) — They're jolly well upset in England these days over whether it's proper and respectful for kids to call their parents "mum" and "dad."

Seems a London vicar was shaken to his British walkers to discover that some of the young people coming in to post their marriage banns couldn't recall their parents' first names. Too much mum and dad-ing going around for legal efficiency, implied the vicar, much less lineal reverence. Well now, isn't that remarkable?

As an American of the informal school, I'd say these Britishers don't know when they're well off. Most U. S. parents consider themselves fairly revered if they're called anything the flattering side of "the Old Lady"—or its parental counterpart.

And to show you how the American mind works, the ones I know even sorta like that!

"I'll tell you what," said my dad once, when I was in the 10-year-old, melodramatic formal stage and was calling him father in private and sir in public. "I think it's very kind of you to be respectful, but it makes me feel quite old when you call me father. And I feel like a tyrant when you call me sir. Couldn't you make it less formal?"

I did. It was informal. So informal that deference to his present business and social standing makes it impossible to reveal; but at home—at the heart of the hearth—he loves it. Mother, not to be sloughed off by this lovely nonsense, became known as Toots. And Toots she remains, though her hair has turned a pretty silver and she is president of the Kiwanis women's club.

Other kids, throughout the country, have pulled similar parental punches.

There's been a great movement toward addressing parents by their first names, a trend which would cause Britishers to quail, no doubt (except perhaps for the vicar, who could at least keep his records straight). But the U. S. parents thus addressed seem to think it's great.

The American parent seems to lean toward love, rather than strict reverence, from his offspring. And through experience, he feels that cameraderie brings love.

There's also the matter of personal pride—the youthful glow a parent feels from being greeted, devotedly, as if he were almost age-for-age with the young 'un.

The pride often increases with increasing age. My grandfather, a civic and business leader in Dayton, Ohio, called a family pow-wow on the subject in the mid-30's.

"Now that my eldest grandchildren are in their teens," he announced flatly, "I think I should stop being referred to as grandpa, don't you?" It reflected on his age and he would prefer to be called by his initials, "L. G."

Reborn under his convivial nickname, L.G., is still tending to his business, playing golf, and has just written his second book at the age of 88.

Over in England, where the controversy is pip-pipping along.

Four Escape Injury in Runaway Ambulance

LONG BEACH, Calif. (AP)—A runaway ambulance. It brakes useless, rolled more than 60 miles an hour down the main coast highway and came to a stop without injuring the driver or the three occupants.

Fire chief R. A. Jenkins said the ambulance even got a green light at one intersection. Unaware that the vehicle was out of control, the two patients thanked the driver for the fast ride.

The ambulance was towed to a garage for repairs to a ripped brake lining.

The replacement of railroad ties runs to an average annual bill amounting to more than \$250 million.

New Indark Tomato Is Big, Disease Resistant

FAYETTEVILLE, Ark. (AP)—A new tomato, combining the better qualities of older varieties, has been developed by Dr. Victor M. Watts, horticulturist at the University of Arkansas. Dr. Watts said the tomato is strongly resistant to disease and produces larger, rounder and meatier fruit.

The new tomato is called Indark

—derived from the names of the states in which it has been tested, Indiana and Arkansas.

Indark seeds are expected to become available commercially in 1955.

Ambulances Metered

LOS ANGELES (AP)—A fleet owner here has borrowed an idea from taxis. He put 22 taxi meters on his ambulances.

Elaborate Plan Goes to Waste in Easy Arrest

ATLANTA, Ga. (AP)—Revenue agents, tipped a bootlegger was driving out of the hills with a big load, worked out an elaborate plan. One agent, posted by the road, was to fire a shot into the air as the car went past him. This was a

signal to another agent a quarter of a mile away to prepare to shoot the tires on the car if it wouldn't stop on a signal—and they were sure it wouldn't.

Another quarter of a mile farther along, were two more agents in a fast car ready to chase what they hoped would be a crippled vehicle.

All four heard the car and the first shot was fired. The engine's

sound halted abruptly. After several minutes the three agents made their way to the first one's station and found he had made the capture single-handed. The bootlegger thought the shot was a blowout, stopped his car and climbed out to lock.

The Caspian sea has a drainage basin about three-quarters the size of that drained by the Mississippi river.

Club Salutes Navy Flag

SAN DIEGO, Calif. (AP)—The South of Broadway Assn. at its luncheon meeting reached the time to pledge allegiance to the flag. But no flag. A member looked out the window, spotted a destroyer tender in the harbor with the Stars and Stripes flying. Members turned right-face, eyed the distant flag and pledged allegiance.

Triple tempered innerspring unit.

Plastic handle for easy turning. Air vents.

ROBERT L. O'CONNELL

FREDERICK C. ZIEM

This is the second of a series of articles on political candidates in Oakland County. Frederick C. Ziem, Republican incumbent, is opposed by Democrat Robert L. O'Connell for the office of prosecutor. Short biographies on the two men and their statements on how they will perform their duties follow:

Know Your Candidates

Ziem, O'Connell Opposed in Race for Prosecutor

Frederick C. Ziem
Incumbent Oakland County Prosecutor Frederick C. Ziem is seeking re-election for a second term. Ziem, 38, of 2172 Garland Ave., Sylvan Lake, is a Republican.

A resident of Oakland County for 32 years, he graduated from Pontiac High School and received both A.B. and law degrees from the University of Michigan.

He served as assistant prosecutor in 1947, chief assistant prosecutor in 1950 and was named special prosecutor for the grand jury in 1951. He has also engaged in private law practice.

A World War II veteran, he is married and has two children. He is a member of the Oakland Avenue United Presbyterian Church, the county and state bar associations, Masons, Elks, U. of M. athletic lettermen club and the Civitan Club.

He is a past commander of Jimmy Day Post 12 Amvets and the Pontiac Council of Veterans.

His statement:
"Without good, sound law enforcement there would be chaos. With the tremendous growth in the population of Oakland County, which trend promises to continue, it is vitally necessary that this county continue to have an experienced prosecuting attorney and a highly capable staff of assistants. I have served Oakland County continuously since January 1947 as an assistant prosecutor, chief assistant prosecutor and as prosecuting attorney."

Prior to 1947 I was engaged in the private practice of law both before and after World War II. I also served as special prosecutor of the grand jury in 1951.

"As a result of this experience, in which I have participated in the trial of almost every type of criminal case, I feel I have the experience, ability and temperament essential to carrying out the duties of this highly important office. I am also thoroughly familiar with all the problems facing a prosecutor in Oakland County."

"I will make no artificial campaign promises, but if re-elected, I pledge the following:

1. Vigorous and impartial prosecuting of criminals, never however losing sight of the protection of the rights of innocent persons.

2. Complete co-operation with the various other law enforcement agencies of the county, state and nation, and with juvenile authorities, without interfering in the operation of these other departments.

3. I will owe allegiance solely to the people of Oakland County with no obligations to any person, special group or faction."

U. S. coal production since 1800 has exceeded 26 billion tons.

Texas has 15,670 miles of railroads, more than in any of the other states.

ANNE ZOLLNER
Mr. and Mrs. Ramon H. Zollner of Rochester have announced the engagement of their daughter, Anne Virginia, to Alan E. McMillan Jr., son of Mr. and Mrs. Alan E. McMillan of Oxford. No date has been set for the wedding.

Musicale to Fete District Clubs at Rochester

ROCHESTER — The Rochester Tuesday Musicales will be held at the Southeast District meeting of the Federation of Music Clubs, Oct. 14.

The district is comprised of clubs from Lansing, Jackson, Monroe, Detroit, Pontiac, Birmingham, Royal Oak and the downriver communities.

Mrs. Frank Coolidge, state president, will give the luncheon address at the First Congregational Church at 12:30 p.m. Following will be a program of folk songs and costume dances by the Rochester Musicales Chorus.

PTA Council Maps Coming Year Plans

MILFORD—The newly organized Huron Valley PTA council, with 22 representatives from White Lake, Highland and Milford, met at Highland last night to formulate plans for the coming year.

Purpose of the council is to act as a liaison to the three units, and to coordinate solutions of current problems.

Louis Oldenburg stressed the importance of PTA organizations supporting the new Oakland County courthouse, with a favorable vote, and cited several reasons for the new location.

A resolution was approved by the council permitting parents to pay the 50 cent membership dues to only one PTA, which will allow them to belong to all Huron Valley PTAs.

Police Trace Wreck, Find Accident Victim

BERKLEY—Lester Wright, 47, of 2180 Princeton Rd., is in Mt. Carmel Mercy Hospital suffering from facial cuts and loss of blood today after Berkley police found his wrecked car and traced it to his house to find him cut and bleeding.

Tool shop owner Wright and an employee, Paul Neilson, 24, of 2130 Princeton, were returning from a 14 hour workday when they struck a parked dump truck at 11 Mile Road and Coolidge.

Although the force of the collision put Wright's head through the windshield, he had walked two blocks to his home, where police found him. Neilson was uninjured.

Overcrowding Is Issue in Lakeville School

ADDITION TOWNSHIP—Whether the school district shall close grades 7 and 8 and transport the children to Oxford schools because of overcrowded conditions and half-day sessions will be the subject of a meeting of the voters of school district No. 5 of Addition Township.

The meeting will be held at 8 p.m. Saturday at Lakeville School.

At a pressure of 328 times that of the atmosphere, ice will melt at 27 degrees, Fahrenheit.

Walkout Fails to Upset Prison

Indiana Official Claims Strike Is Flop; Many Guards Still Working

MICHIGAN CITY, Ind. (AP)—A walkout of guards at the Indiana State Prison failed to affect the smooth operation of the big penitentiary today, and a state official said, "The whole strike is a flop."

The opinion came from Hugh P. O'Brien, chairman of the State Correction Department, who added that the walkout "had fizzled out."

However, pickets paraded for the second day at the prison's two main gates, and Merlin Griffith, vice president of the International Guards Union, said, "We'll whip O'Brien one way or another."

Griffith said he was satisfied with the way things were going and added, "If picket lines stay in operation as they have been we'll gain five men a day."

An undisclosed number of guards assigned to the midnight to 8 a.m. shift entered the prison on schedule last night by some entrance other than the picketed gates.

Prison officials had said a full shift of guards went on duty on schedule at 4 p.m. yesterday. They could not be reached early today for a report on the number working on the midnight shift.

The guards at the big prison, which houses 2,274 inmates, are seeking a 40-hour week, improvement of working conditions and reinstatement of four guards fired last week. State officials, however, have refused to meet with the union, citing a state policy against official recognition of a union at a state institution.

County Deaths

Zella Billings
FERDALE—Service for Zella F. Billings, 52, 410 Pearson St., will be held at 1 p.m. Friday at Spaulding and Son Funeral Home. Additional service and burial will be Saturday at Fernville. She died Tuesday at her home.

Surviving are her mother, Mrs. M. Florine Billings of Ferndale; her father, James Billings, of Hart; two brothers, Norman F. of Lansing, George E. of Columbia, S. C.; and a sister, Miss Agnes A. Billings of Ferndale.

Mrs. Albert Higgins
CASS CITY—Service for Mrs. Albert (Evelyn) Higgins, 65, was held Monday at the Douglas Funeral Home with burial in Elmhurst Cemetery. She died Saturday.

Surviving are two sons, Dr. Kenneth Higgins of Allen Park and Leland Higgins of Fort Wayne, Ind.

Charles Phillips
BERKLEY—Rosary for Charles M. Phillips, 72, 2862 Kenmore Ave., will be recited at 8 p.m. Friday with prayer service at 9 a.m. Saturday at Sullivan and Son Funeral Home, Royal Oak. Requiem Mass will be at 9:30 a.m. at Our Lady of La Salette Church with burial in Holy Sepulchre Cemetery. He died Wednesday.

Surviving are his widow, Theresa; four sons, William of Mt. Clemens, James of Redford, Richard and Marion of Clawson; three daughters, Mrs. Frank Hardy and Mrs. Walter Ginzins of Detroit, Mrs. Fred Holloway of Belleville; one sister; 40 grandchildren and six great-grandchildren.

Orin Shell Takes Clarkston Bride in Angola Rites

CLARKSTON—Mary Lou Alt-house and Orin M. Shell repeated wedding vows Saturday in the Church of the Nazarene, Angola, Ind.

The bride is the daughter of Mr. and Mrs. Ami Alt-house, of Clarkston, and the bridegroom is the son of Mr. and Mrs. Carl Shell, of Drayton Plains.

Attending the bride was a sister of the bridegroom, Marcelle Shell. Robert Turnbull served the bridegroom as best man.

A reception was held in the home of the bride's parents in Clarkston after the ceremony.

Missionary to Speak

ROCHESTER—The WSCS of St. Paul's Methodist Church will have Mable Lawrence, for 29 years a missionary in India, as their speaker at the 7:30 p.m. Oct. 12 meeting.

Play Programs Urged by Belton

Waterford Recreation Chief Reports to Board on National Meeting

WATERFORD TOWNSHIP — "Without doubt, community recreation is now recognized as an important component with education and religious training in helping society form the well adjusted American citizen," Thomas Belton told the township recreation board recently.

Belton, township recreation superintendent, was reporting on the National Recreation Congress held in St. Louis which he attended.

"With the increase of leisure time, organized recreation programs country-wide are helping people to plan constructively and promote, to participate in and enjoy the countless activities that can so well serve their leisure-time desires," Belton stated.

At the conference, Belton attended a meeting on land construction and use for recreation. "It is time now for our community to give further thought to ward a long-range plan for purchasing and developing land and the other facilities for public recreation," he concluded.

Extension Club Plans Rally Day Program

SOUTH LYON—Rev. Dudley C. Masure, chaplain of the Goodwill Industries in Detroit will be the speaker of the Rally Day program of home demonstration extension club of the Milford district which will be held in the First Methodist Church in South Lyon Friday.

Mrs. Frieda Bennett, home demonstration agent of Oakland County and Mrs. Walter Brown of Davisburg, chairman of the Oakland County council will attend.

A training school for officers will be held from 9:30 to 11:30 a.m. Project leaders will also attend this session.

The Rev. Mr. Masure will give a kodachrome illustrated talk, open to the public, depicting the work of the more than 330 handicapped employees in the Goodwill Industries. All members of extension groups in the district have been invited to attend the Rally Day program.

Technically, a duck always is a female, the male being a drake, but in common usage, both sexes are called ducks.

ARLENE DECKER
Mr. and Mrs. Leon Decker of Clarkson have announced the engagement of their daughter, Arlene, to Robert Wolven. He is the son of Mr. and Mrs. John Wolven, of Troy.

Class in Reading to Begin Tonight at Rochester High

ROCHESTER—Adults and high school students who wish to improve their reading skills will be treated to a special class beginning tonight at 7:30 p.m. in room 213 of the Rochester High School.

Part of the adult education program, this class is designed to improve reading rate and comprehension, according to Roger Seager, director.

The instructor will be Dr. Judson Perkins, Michigan State College, who, Seager said, has been particularly successful in this type of adult education work.

To last through December 9, the class will meet each Thursday.

Garden Club to Hear Talk on Conservation

TROY TOWNSHIP—The October meeting of the Stiles Branch of the Woman's National Farm and Garden Assn. will be held at the home of Mrs. Daniel Bowers, 6622 Crooks Rd., at 8 p.m. Monday.

Mrs. Lance Nutter, a teacher in the Avondale School system, who attended a week-long conservation training school at Higgins Lake this summer, will talk on conservation.

Circles Plan Dinner

BROOKLANDS—Combined Deborah, Martha and Dorothy K. Circles of Gethsemane Lutheran Church will serve a roast ham and sauer kraut dinner in the parish school 2930 Hessel from 1-3 p.m. Sunday.

Hill Road PTA Fall Roundup Set for Saturday

MILFORD—It's roundup time at the Hill Road School, for parents and friends in the White Lake District.

Sponsored by the PTA, festivities will begin with dinner served at 5 p.m. Saturday. Movies, games, cake walk, and a white elephant sale will be featured in the entertainment for the evening.

Eleven saddle horses will be available for children to ride. Kenneth Goodall is in charge of the roundup. This annual affair provides the operating expenses for the year's PTA work.

Atkins-Taylor Vows Repeated Saturday

MARLETTE — A candlelight ceremony Saturday evening in the Methodist Church united Cora Jean Taylor and Donald Atkins before 250 guests.

The bride is the daughter of Mr. and Mrs. Stewart Taylor of Marlette Township. Mr. and Mrs. Jason Atkins of Memphis, Tenn., are the parents of the bridegroom.

The bride wore white satin, with a cathedral train and a finger tip veil.

Mrs. Joseph Ross was matron of honor, and Janice Sue Taylor, the bride's sister, was a bridesmaid.

Phillip Atkins served his brother as best man, with Donald Fraleigh also attending. Ushers were Joseph Ross, Robert Hodge, Wayne Adams and Martin O'Shea.

Gwen Kinney Marries David Wise at Lum

LUM—The Turner Free Methodist Church was the site Saturday evening of the wedding of Gwen Kinney and David Wise.

The bride, daughter of Mrs. Vera Kinney, wore a gown of white satin. The bridegroom is the son of Mr. and Mrs. David Wise of Traverse City.

Set Day to Organize Education Classes

AVONDALE — Adult education classes for Avondale district will be organized Oct. 11 at 7:30 p.m. in the Avondale High School.

Roscoe V. Crowell, director of the program for this year, said that shorthand, sewing, typing and driver training classes will be offered as well as several other classes who have the minimum enrollment of 15 persons.

Any resident of the school district may enroll by calling FE 4-9567 by 3 p.m. Oct. 11.

New Policeman Hired at Holly

Full-Time Patrolman Robert Prose Will Boost Force to Three Men

HOLLY—Approval of the village council to increase the police force to three men, was put into action today with the appointment of patrolman Robert Prose, by Police Chief James Parker.

Parker, acting on the authority given him by the council appointed Prose after a week of screening the four applicants for the job.

Prose was hired for \$3,900, \$300 less than previous patrolmen received.

All patrolmen took a cut in pay when Parker was appointed chief Sept. 28, in an effort to cut police expenditures and increase the force to three full-time men.

Prose has worked as a part-time patrolman for the past 2 years.

Almont PTA to See Safety Patrol Movie

ALMONT—Health and safety will be the subject of the second PTA meeting of the year, to be held this evening at the high school.

Mrs. Frank Trott will speak on "Safety in the School," and Gil-dreth Glover will show colored movies on the work of the safety patrol.

Following the program, an open meeting will be held to discuss the building problems coming up, caused by the increased enrollment.

Models of the proposed buildings recommended will be on display, with detailed layouts by the architect, Charles W. Lane.

Polio Drive Nets \$225

ROCHESTER — The Emergency March of Dimes which just closed netted \$225, according to director Mrs. Henry McNailey.

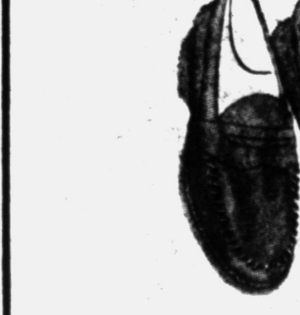

NANCY JANE HOWLAND
Mr. and Mrs. Arthur Howland of Walled Lake have announced the engagement of their daughter, Nancy Jane, to James Childs. He is the son of Mr. and Mrs. Alfred Childs of Walled Lake. A Dec. 18 wedding is planned.

**TUBERCULOSIS SANATORIUM
COMMITTEE REPORT**

1. Has the organizational changed?
Yes. A new chart was approved by the Board of Trustees October 1, 1934.
The Medical Director, Business Administrator and Trustees are well acquainted with the Sanatorium's operation and this chart.

2. Does the Medical Director have authority?
Yes. Doctor Webber has authority.

charge of the medical end of the torium's functions and reported Committee that he has all the s he needs or wants.

3. Is a Doctor a member of the Trustees?
The authorities in health administration recommend that they should not be appointed to such a position.
4. Are the supervisors responsible for the medical directors?
No. The medical supervisors are on the Board of Trustees who are set up as a corporation, whose duty is to run the Sanatorium. This is the appointment of the Medical Director in addition to these answers.
5. Is it a mistake to have a Sanatorium for the sake of the patients at the expense of the community?
The Sanatorium who are always stirred by their recovery retarded by such publicity has been had in this country for the future of the community to be taken to the Chairman.

Committee directly. Any valid
will be promptly investigated.

Report.
By Mr. Clawson.
Mr. Chairman, Ladies and Gentlemen:
Your Special Court House Committee has had several meetings since the report of April 13 of this year, and has reported at the April meeting.

William J. Jory, Secretary of the Chamber of Commerce of Royal Oak, employed to handle the advertising publicity in connection with the House matter. Working in connection with the Committee, Dr. Freddie Skrubbe and Mr. Merritt, an educational campaign was worked out to be concentrated in the last five weeks.

At our meeting of June 17, following budget of appropriations approved for expenditure in the following manner:
For newspapers, both dailies and weeklies

For transportation advertising in the following bus lines. Greyhound Suburban Lines, Martha's Lines and Pontiac City buses. For radio, stations WCAR and WEXL.

For re-run of the brochure "Facts".

The above media were chosen as a result of a survey made to

the best possible coverage for the funds remaining in the appropriation. To acquaint the Supervisors with the coverage above quoted media, it is to note that the expenditure, thing is a breakdown of the persons who will see and hear sons for a new Court House in County:

Bus cards will suggest the r over \$72,000 riders during the campaign, using the facilities (Greyhound lines)

The weekly newspapers will in which a potential of 162,000 will have the reasons for a House brought to their attention. The daily papers, Pontiac Daily Tribune, will add over and a half potential readers. With the two radio stations

In the estimation of the C the expenditure has been well order to bring the message greatest number of voters. I stated that the members of t of Supervisors also contribut campaign by using a part of t lar advertising space in ei newspapers or radio used by their individual advertising. port also brings to your atte fact that over two hundred

such as Civic Groups, PTAs, Clubs, etc. have been sent material relating to the building of the new House, radio interviews have been made before local groups. The United Speakers Bureau will continue function until August 3, 1960. member of the Board of Supervisors has been sent business cards to County Officers, Departmental Townships, Superintendents, and a

more. The total number of cases available for distribution was 1,000. The Special Building Committee requests each member of the Board of Supervisors to assist in brokering the need and necessity of more adequate facilities for the County business. The Board used by the Special Building Committee in all of its program carried out the suggestion that "You Can't Conduct 30th Century Business in 19th Century Facilities". The reason for

The entire program above is within the original appropriation of \$10,000 allocated to educate the public on the whys and wherefores of the Court House.

ago, this Board voted to make provision for some Hill-Burton money in the construction of a Health Center, the construction of which was coordinated with the Court House. I am pleased to advise that on April 14, 1954, Dr. Lambie received

munication from Deputy Director Hommings of the Office of Survey and Construction, his attendance at a June 31 meeting. Your Chairman sent a Commissioner to attend that meeting. As a result, we are happy to report that the Commissioner will participate in the construction of the Health Center and the matter will be later brought to your attention. In detail so plans may be made to coordinate any activity in this regard with the Court House project.

Your Committee urges each a

one of you to familiarize yourself with the facts concerning the Court House project, the Bond Issue, etc., and then may pass the information on to your constituents. The formative work has been passed and now the active work must be done by all of us. The question in the Committee's mind is that if the people of Oakland understand the imperative need for the Court House, they will support the Bond Issue to the end that our city may have adequate facilities for the present large and ever-growing population.

Your Committee requests that every member of the Board visit at sometime within the next few days, make a personal inspection of the Court House so that you may be fully informed of its dilapidated condition. Its neglect and the folly of wasting money in trying to rehabilitate an old worn-out building. The Board members, upon your request, will allow some of the janitors to come through the building so you may see this important first hand information.

County Building Committee, I
this report be adopted and ma
of the minutes of this Board.

Probate Judge Rejects Part-Time Name Change

DETROIT (UP) — Stanislaw Strzempke, 47, wanted to change her first name to Stella, but for working hours only. She explained to Probate Judge

James H. Sexton the switch would be a convenience for the 100 customers she serves daily as a fitter for a downtown department store. By night, she said she would just as soon remain Stanislaw. When Judge Sexton said this couldn't be done, she changed both names to become Stella Stempke.

Card Party Guests Find No Hosts to Meet Them

HARRISBURG, Pa. (UP) — The guests arrived—but there were no hosts. Officers of the West Shoremen Drum and Bugle Corps, in a newspaper advertisement, had issued

invitations to anyone interested to come to a public card party to be held at the West Shore VFW Post Home.

About 80 persons responded, only to find the card tables folded and no cards in sight. A redacted spokesman for the corps explained: "We're sorry. Please blame it

on the busy season, we're in the midst of. Another date for a card party will be scheduled later."

CONCORD, N. H. (UP) — New Hampshire was seventh in the nation in the number of out-of-state hunting licenses sold during 1953. It sold 18,064.

Oregon Solon Debunks Old Saying About Books

HELENA, Mont. (UP) — An Oregon state senator and free lance writer debunks the saying that a book "can't be good if it's popular." Richard L. Neuberger spoke dur-

ing the three-day Northwest History Conference in Helena. He described people who make life difficult for writers of "popular" histories, classifying them as "the fiends for accuracy cult and the purists."

Almost four million babies were born in the United States in 1952.
