

Area Polio Clinics Still Set Saturday

Ike Turns Down Postal Pay Hike of 8.6 Per Cent

President Vetoes Bill but Suggests Passage of Fairer Measure

WASHINGTON (AP)—President Eisenhower today vetoed a bill to boost the pay of 500,000 postal workers by an average 8.6 per cent.

The President told the Senate in a veto message he regretted his action and earnestly hoped and recommended that "the Congress will quickly consider and enact postal pay legislation that will be in the public interest and fair to all the half million employees who man the postal service."

He said the vetoed measure would impose "a heavier burden upon the taxpayer than is necessary."

Eisenhower listed these three reasons for his veto:

"First, the bill creates new discriminations or inequalities which would affect many thousands of postal employees."

"Second, the bill creates grave administrative problems such as of individual pay rates. It forces awkward and unfair administrative practices in a government department whose operations affect every person, every enterprise, every community in the country."

"Third, the bill imposes a heavier burden upon the taxpayer than is necessary to establish salary rates throughout the department which will compare favorably with rates for similar work elsewhere in government and in private industry."

The President has indicated an average 7.6 per cent raise is about as far as he is willing to go.

American Loses British Amateur

Women's Crown Won by Scottish Mother 7 and 6 Today

PORTURUSH, Northern Ireland (AP)—Mrs. Jessie Valentine, 40-year-old Scottish veteran, today won the British women's golf championship by crushing America's amateur champion Barbara Romack, of Sacramento, Calif., 7 and 6, in the 36-hole final.

Miss Romack, 22-year-old U.S. amateur champion, limped over the course on a swollen ankle, which she said was the result of "too much wear and tear" and her usually steady golf game collapsed.

She shot an 88 for the first 18 holes compared with 81 for Mrs. Valentine, mother of a 7-year-old son. The Scottish woman won the British amateur title 18 years ago—when Barbara was just 5—as Jessie Anderson. She was runnerup in 1950. The 6,500 yard Portrush course plays the equivalent of a 77 women's par.

The crestfallen American girl retired to the locker room after the morning round to receive treatment for her ailing ankle.

Before the final round began, Miss Romack, who saved money for three years from her insurance job to make the trip here, waded through stacks of good luck messages from America. She also had a trans-Atlantic telephone call from her home club of Del Paso in Sacramento.

Partly Cloudy Skies Prediction for Area

While scattered showers and thundershowers were forecast for most of Michigan today, the prediction for the Pontiac area is for partly cloudy skies.

Rainfall in Oakland, Wayne and Macomb counties so far this month has been less than a tenth of an inch.

That's better than three inches less than the 31½-inch May average based on the 84 years rainfall has been recorded, the U. S. Weather Bureau said.

Along with the clouds will come a little cooler weather tonight and tomorrow. Low tonight will be 44-48, high tomorrow 64-68. It's to be fair and cooler, Friday night. At 8 a.m. today, the temperature in downtown Pontiac was 64, rising to 76.

Zoo Residents Are Ready for Summer Visitors

AM. PIERRE — Trainer Art Brown lectured "Tommy" the chimp on the evils of excessive drink yesterday after the minstrel agreed to assume a French motif for the photographer. Tommy is one of 12 stars of the Detroit zoo's expanded chimp show this year. Five new acts have been added to do justice to the large stage in the recently-completed Holden Amphitheater.

TOO CLOSE? — "Czarina" the Siberian tiger looked harmless enough, but the photographer stayed close to her cage bars only long enough to get an unobstructed shot yesterday. The 13-month old "cat" this morning was among the animal attractions on display when the Detroit zoo in Royal Oak opened to the public.

Elephants Do Mambo

Zoo in Royal Oak Open for Summer; Chimps Perform in New Amphitheater

By BURDETT C. STODDARD

The zoo's a wonderland you'll find. Whisker you from that daily grind. Mends your eyes and clears your mind. So chuck those tasks and stroll away on. Where seagulls' wings and do the mambo.

Yes, even elephants do the mambo at the Detroit zoo in Royal Oak. Chimps ride ponies and do flips off springboards.

An all-legs-and-neck baby giraffe peeks shyly around a tree while ten bear cubs roll down rock slabs like brown, black and white bowling balls.

Two young kangaroos try out their high-jumping ability while trying to tempt a couple of even-smaller "kangs" to step from man's pouch and have a go at the sport.

"Jim-Jim," the baby gorilla,

clings affectionately in a trainer's arms while across the way two old-faced infant orangutans try their luck at climbing the cage bars.

TIME FOR ZOO TRIPS

All this animal-band activity means that it's the time of year again when Oakland County "parents" will be hearing the familiar question, "Mommy, daddy, can we go to the zoo?"

It might be smart to arrange a trip as soon as possible. Zoo antics seem to have a tonic influence on even world-hardened adults. As one elderly gentleman put it at yesterday's preview of today's opening, "Nothing puts life back into the old arteries like a trip to this institution."

The zoo officially opened this morning, replete with the new 2,600-seat Holden Amphitheater where 12 talented chimpanzees will cavort this summer to delight youthful admirers of every age.

Attached to the amphitheater is the new great ape exhibit where Jim-Jim, the loving little gorilla, is expected to grow into a "you-better-not-touch-me" type weighing 600 pounds.

ELEPHANTS PERFORM

The elephant show will function again with four behemoths slated to come as close to being prima ballerinas as elephants can. The chimp show, starring "Tar-

zan" and "Bobo" with 10 fellow simians accompanying, will also sport four ponies and two pigmy donkeys.

The enlarged troupe is made possible by the new circular, 44-foot stage—three times the size of the old stage.

Housing Project Tenants Must Sign Loyalty Oaths

NEW YORK (AP)—Printed loyalty oaths containing a list of more than 200 organizations designated as subversive by the U. S. attorney general were being distributed today to some 30,000 adult tenants in 28 housing projects here.

Tenants are directed to check the list carefully and sign the oath only if they are not members of any of the organizations. They face eviction proceedings unless the certificates are signed and returned by June 1.

Anyone signing falsely is subject to a perjury sentence of as much as five years in prison and a \$10,000 fine.

The housing projects are low-rent structures financed by the federal government and administered by the New York City Housing Authority.

Instructions given with the oaths explain that tenants are

Driver Drinking, Claims Witness

'Death Car' Passenger Testifies Yesterday in Manslaughter Trial

A witness testified yesterday that Mrs. Erlene Wagenshultz had been drinking previous to a head-on collision on M24 a mile north of Oxford which took five lives last Dec. 5.

Frances Simpson, 19, of 14 Emsley, Oxford, made the statement under questioning in Circuit Court by Assistant Oakland County Prosecutor Homer G. Gerue.

Miss Simpson said she was the only surviving passenger of the car driven by Mrs. Wagenshultz, who is on trial charged with manslaughter.

ASKS INNOCENT VERDICT

Meanwhile, defense attorney Lawrence J. Moloney moved for a direct innocent verdict. Visiting Circuit Judge Archie D. McDonald took the motion under advisement.

Miss Simpson said she was with the accused at three bars previous to the crash. She said she didn't know whether the collision took place in a non-passing zone.

Moloney is attempting to show that the crash took place in an area marked "pass with care."

YELLOW-LINE ZONE

A witness Tuesday, Robert D. Wilson, of Orion Twp., said the accused's car was passing his in a yellow line zone when the accident happened.

Another witness, Mrs. Joanne Misener, of Davisburg, said she was going south on M24 when the car which collided with the Wagenshultz auto passed her heading north.

It approached her on the wrong side of the road, he stated, swerved to avoid her, then appeared to be skidding sideways before the crash. Its driver was killed. The case may go to the jury today.

Bond Issue Bill for School Aid Goes to Senate

Upper Chamber Seen Reluctant to Go Along With Athletic Provision

LANSING (AP)—The second of two bills implementing the 100-million-dollar school bond issue approved by voters last November was back in the Senate today after unanimous House approval.

The upper chamber, however, may be reluctant to accept a House amendment which would permit state loans to be used in building gyms and auditoriums.

When it passed the Senate, the bill prohibited school districts from using the money for swimming pools, gyms, auditoriums, athletic fields or stadiums.

The lower chamber went along with the ban against swimming pools, athletic fields or stadiums, but defeated a motion by Rep. John W. Fletcher (R-Centerville) to prohibit use of the money for gyms or auditoriums.

Declaring that gyms and auditoriums are a "traditional part" of the school system, Rep. John C. McCune (R-East Lansing) pushed through an amendment allowing use of the money for such projects if they are approved by the state superintendent of public instruction.

Long-sought legislation to encourage housing juvenile delinquents in foster homes instead of state institutions passed the House with little opposition.

PARTIES PRAISED

Gov. Williams hailed passage of the five-bill package, already approved by the Senate, as "a tremendous achievement after many years of effort by civic groups as well as Democrats and Republicans."

"These bills mean," he said, "that probate courts will send children to the best agency suited to their needs without concern about who will pay for them. They mean the decision will be made on what is best for the child instead of what is best for the county treasury."

If the Senate goes along with minor House amendments, counties would have to pay half the costs of maintaining children at the Michigan Children's Institute at Ann Arbor, the Boys' Vocational School at Lansing or the girls' training school at Adrian. The state now pays the entire costs of children at these institutions.

In return for county contributions, the state would pay counties half the costs of boarding children at county foster homes. Counties now finance these homes themselves.

Two-Car Crash Fatal to Woman

Mrs. Genevieve Skinner of Bloomfield Township Dies in Accident

A 64-year-old Bloomfield Township woman was killed late yesterday afternoon in a 2-car collision at E. South Blvd. and Crooks Rd., Oakland County sheriff's deputies said.

The victim, Mrs. Genevieve Skinner, 64, of 3518 Franklin Rd., was pronounced dead at the scene by Deputy Coroner Dr. Leon Cobb.

Deputies Harry Jones and William Addis said her car collided with one being driven north on Crooks by Paul A. White, 41, of Dryden. He was treated for leg bruises and released. Pontiac General Hospital authorities reported.

White told officers Mrs. Skinner apparently failed to stop at a stop sign as she headed west on South Boulevard.

Mrs. Skinner, an insurance company representative, has no known survivors in this area but a sister at Alma and a niece in New York are being contacted. Funeral arrangements are pending at the Dudley H. Moore Funeral Home here.

Wanted: One Desk

DETROIT (AP)—The suburban city of Harper Woods, which recently hired Civil Engineer Robert McNutt as city manager at \$11,000 a year, hasn't been able to find him a desk in the crowded city offices.

Williams Lake Second Graders Try Commuting

"Come, Jane. See the train. Trains go chug, chug, chug..."

This is pretty old hat for second graders of the Williams Lake School of Waterford Township. Today they had the real thing—an honest-to-goodness journey on a train.

Well, maybe not a journey. A trip anyway. From Birmingham to Pontiac on a Grand Trunk and Western Railroad train.

Only seven of the 33 youngsters had ever been on a train before today.

When the experience came, it was a complete one. Each child bought his own ticket, and carried a suitcase to be checked.

Leaving school at 1 p. m. today, the group was driven to Birmingham by several mothers. After inspecting the station, they boarded the 2:12, and chugged along to Pontiac.

With the train ride comes the inevitable result. A good share of the future policemen, firemen, FBI agents and scientists have now switched their allegiance. A new crop of conductors and engineers also is in the making.

Gas Station Attendant Slain

Brighton Youth, 20, Found Dead; Killer Escaped With \$150

BRIGHTON (INS)—A 20-year-old Brighton gasoline station attendant was kidnapped, shot and left to die along a lonely county road early today by a bandit who escaped with \$150.

The victim, Lawrence Jackson Jr., was found dead on Rickett Road, a mile south of Brighton. He had started working the midnight trick only two weeks ago.

State Police say he had been abducted from his gas station before 3 a.m. There was no sign of a fight or struggle at the station.

The station owner said the \$150 was missing from the cash register. Another \$200 in an unlocked safe nearby had not been taken.

The robbery was discovered when a regular customer stopped in for gas on his way home from work in Detroit. Jackson's body was discovered a short time later by a resident on Rickett Road.

The statewide teletype sent out for the murderer lacks any clue or description of the wanted man, but State Police have alerted all southeastern Michigan.

Just What He Needs

WINSTON-SALEM, N.C. (AP)—Exectrom Fullenwider Springs, 26, is no longer satisfied with his name. He will appear May 24 before Superior Court Clerk William E. Church to ask it be changed to Exectrom Fullenwider Springs Caldwell.

Reds Free 30 POWs

BERLIN (AP)—The Berlin Red Cross announced today that the Russians have released 30 German prisoners of war, including 10 women. They had been serving terms at hard labor for war crimes.

Kidnap, Rape Trial Here May Go to Jury Today

The trial of four men accused of kidnap and rape moved into its eighth, and perhaps final day, before Oakland County Circuit Judge H. Russel Holland today.

Prosecutor Frederick C. Ziem was expected to conclude his questioning of the last of the quartet to take the stand, Oscar Chavers, 26, of Gary, Ind.

Also charged are Joe Williams Jr., 23, of 38 Lake St., Chavers' brother, Richard, 23, of 38 Lake, and Winston Johnson, 25, of 312 Hughes Ave.

The defendants are accused of dragging a 21-year-old Pontiac mother of three from an auto stuck in mud on South Blvd. last March 6 while her escort was summoning a tow truck, and criminally assaulting her during an hour-long ride.

Oscar and Richard Chavers yesterday, repeated statements made previously by the other two defendants. The brothers said the woman asked to enter their car and submitted willingly. Oscar denied having relations with the housewife.

The pair denied knowing the woman was in the mired auto when they allegedly tried to help her. Martin Weiberg, 24, of 102 S. Merrimac St., free it from the mud.

Williams previously testified he did not talk to anyone about the night in question during a two-month stay in Oakland County Jail awaiting trial. Ziem brought out yesterday that the four defendants were housed in the same cell.

The prosecutor also established that when the quartet approached Weiberg's car to push it, the auto was between them and lights from the nearby General Motors Truck and Coach plant.

"Then you deny seeing her in the car even though she would have been silhouetted by lights from the plant," said Ziem.

The case may go into the hands of the all-women jury this afternoon.

County Health Board Gathers Sufficient Serum

Five Cities Will Give Inoculations to 12,784 School Children

Although no new shipments of Salk vaccine have arrived and the U.S. Public Health Service has announced there will be none for several days, second-round clinics in five Oakland cities will be held Saturday as scheduled.

Dr. John D. Monroe, county health director, said today that by pooling leftover shots from the first round of polio inoculations, the health department has gathered enough serum for the slated 12,784 shots.

"But after that we'll be down to rock bottom," he said.

FIVE CLINICS SCHEDULED

The shots will be administered at clinics in Royal Oak, Hazel Park, Oak Park, Berkeley and Clawson. Earlier reports that Farmington was included on the weekend schedule were incorrect.

In Washington last night, Surgeon General Leonard A. Scheele said:

"There will be no further announcement with respect to the release of poliovirus vaccine for the next several days."

"This should not be inferred as reflecting in any way on the vaccine of the companies whose manufacturing and testing processes are under study."

CONFUSING PICTURE

Although Scheele offered no elaboration, a Public Health Service spokesman said the delay was ordered for "another look-see at this whole very confusing picture."

Still approved for use in the mass inoculation program is the (Continued on Page 2, Col. 2)

Ward, Cherry Named to Open Cup Play

ST. ANDREWS, Scotland (AP)—America's best Walker Cup two-some, Harvie Ward of San Francisco and Don Cherry of Wichita Falls, Tex., will meet Joe Carr of Ireland and Ronnie White of England in the opening two-ball match of the 1955 Walker Cup competition tomorrow.

Bill Campbell of Huntington, W. Va., captain of the American team, and Alec Hill, British nonplaying captain, announced their pairings today for Friday's opening round of the two-day international competition.

Campbell, the most experienced member of the American team, left himself out of the foursomes. Other matches Friday will be Billy Joe Patton, Morganton, N. C., and Richard Yost, Portland, Ore., vs. Gerald Mickleim, England, and John Morgan, Wales, Lieut. Joe Conrad, San Antonio, Tex., and Dale Morey, Indianapolis, Ind., vs. Ian Caldwell, England, and Ernest Millward, England, Bruce Cudd, Portland, Ore., and James G. Blair, Scotland, and Robin Cater, Scotland.

Ask \$100,000 of Sigler Estate

Suits Filed On Behalf of Children Orphaned in Ex-Governor's Crash

LANSING (P)—Two suits seeking up to \$100,000 have been filed in Ingham County Circuit Court against the estate of former Gov. Kim Sigler, killed in a plane crash near Battle Creek on Nov. 30, 1933.

The suits were filed by the Central Trust Co. of Lansing, administrators of the estate of John and Virginia Schuyler, in behalf of their three orphaned children.

The Lansing couple and Mrs. Ruth Prentice, Sigler's secretary, were killed along with the flying ex-governor when the private plane he was piloting hit a television tower guy wire.

The two suits, seeking up to \$50,000 each, were brought against victor C. Anderson, Lansing attorney, and Sigler's former law partner and administrator of his estate.

Each charges Sigler with negligence in the operation of his plane and cites financial loss to the three children, Judy Ann, 12; Terry, 9, and Virginia Jean, 7, through the death of their parents. The children are now living with relatives in Barry County.

Court Delays Road Hearing Until June 8th

ANN ARBOR (P)—A Washtenaw County Circuit Court hearing on the right of the Michigan Turnpike Authority to build toll roads through Michigan cities was postponed today until June 8.

Circuit Judge James Breakey said attorneys for the city of Dearborn, the authority and an adjoining party had agreed to postpone the case, originally scheduled for today.

Judge Breakey said both sides needed additional time to gather technical witnesses such as engineers from distant locations.

The city of Dearborn, as enjoined by others, seeks to prohibit the authority from building roads through its corporate limits, claiming that the road would deny the city control of its "streets, alleys and public places" in violation of the state constitutional provision protecting home rule.

UM Zoology Head Succumbs Tuesday

ANN ARBOR (AP)—J. Speed Rogers, 62, professor of zoology at the University of Michigan, died Tuesday night of a heart attack. He was stricken unexpectedly at home.

Rogers also was director of the university's museum of zoology and the Edwin S. George Reserve.

He joined the University of Michigan staff in 1917, coming from the University of Florida. A native of Dayton, Ind., he also had taught at Guilford College (N.C.), Grinnell College (Iowa) and the University of Toronto.

No Laughing Matter When Hyena Escapes

CHICAGO (P)—A 100-pound hyena broke loose in a railroad baggage car today and it was no laughing matter.

Experts had to be called from the Anti-Cruelty Society to catch and cage the snarling animal which devoured a crate of frozen fish.

The animal was snared, recaptured and sent on to Lincoln Park Zoo.

Sprinkler Got Wet

DENVER (P)—Two years of water restriction apparently were too much for one Denver housewife who called the water board at the height of yesterday's rainstorm to complain: "It's raining so hard out here this morning that I can't water my lawn."

The Weather

HARRY VERNON

Pontiac Lions Club Names New Officers

Pontiac Lions Club has elected Harry Vernon president for the coming year. He succeeds John Zeunen as head of the service club. Other officers elected include: Paul Allison, John Irwin Sr., and Lee O. Brooks, vice presidents; directors, Alex Pittsley, Bruce Dains and Robert Stadler; secretary, Tom Kent; treasurer, Alfred Watson; chaplain, George Carver; Lion Tamer, Francis Staley and Tail Twister, John Hurlinger. New officers will be installed at an evening meeting of the club at Highland Manor June 15.

Praises Handling of Polio Program

(Continued From Page One)

relatively small portion remaining unused from the 7,850,000 cubic centimeters produced by Parke, Davis & Co. and Eli Lilly & Co. Because the vaccine shortage, Dr. Monroe early this week called off initial second-round clinics in 14 county areas.

"We felt it would be better to go ahead with the Saturday clinics because it would be harder to re-schedule them," he said today.

He explained that families participating in the weekend clinics by transporting youngsters to the centers where the shots are administered.

TRANSPORTATION BY BUSES

"In the rural clinics, transportation is by school buses, which are available five days a week," he said.

Another factor in deciding to use the shots for the Saturday clinics, he said, was the fact these clinics are in larger centers of population, where polio is usually more prevalent.

Whether the rural clinics will be held next Tuesday and Wednesday will depend on the arrival of more serum, he said.

Manufacture and distribution of vaccine was held up for a week recently at the request of the health service for a re-check of its safety.

Meanwhile, a sharp increase in new polio cases was reported by the Public Health Service. For the week ended May 14, new cases totaled 206—up 30 per cent over the previous week.

POLIO RISE NOTED

This compares with 151 for the comparable week last May and an average of 116 for the last five years.

It was noted that for the first time since the anti-polio vaccination program ran into difficulty the number of polio cases among inoculated persons remained unchanged at 77.

The health service also announced that 23 cases have now been reported among people who have come in contact with children given vaccine by Cutter Laboratories, of California. The inoculated children themselves have not contracted the disease in these cases.

Stay Individual, Pope Advises Italian Farmers

VATICAN CITY (P)—Pope Pius XII today urged 35,000 cheering Italian farmers to hold firm to their spirit of rugged individualism.

The 73-year-old head of the Roman Catholic Church received members of the Italian Farmers Confederation—nearly all of them small property owners—in a general audience in St. Peter's basilica.

"Today, there are some who, alas, constantly fear personal risk more and more and seek security even at the cost of independence," he said.

"Remain faithful to a vocation which in a special manner is and will continue to be exposed to risk, but which exactly because of that, is a model of the not yet sufficiently recognized human strength."

"It is this strength which has always given to people the guarantee of hardness and fecundity."

It's Been Quite Awhile

YPSILANTI, Mich. (P)—A group of 75 Cub Scouts visited Byer Memorial Hospital and were shown the delivery room. Asked if they'd seen that part of the hospital before, Bonnie Snider said, "Sure, I was born here." Then, with mild disappointment, "Don't you remember me?"

Zoo in Royal Oak Open This Morning

(Continued From Page One)

the one in the old Jo Mendi Theater.

It's easier to see the animal vaudevillians too. The audience view is unhindered by bars with the actors performing behind a beautifully landscaped moat.

The show includes a "thrilling" western drama in which a chimpanzee version of Daisy Crockett has it out with a flock of chimpindians. Four other new acts have been developed, bringing the total to 20.

The great ape exhibit is the first in the park's history. Former star of the chimp show, "Jo Mendi II" is housed there along with another retired show celebrity, "Rosie."

GORILLAS EXPECTED SOON

The exhibit's complement is completed by Jim-Jim, the two orangutans and a group of white-handed gibbons, late of India. Two more gorillas are expected soon.

Flower and garden lovers will get an added kick from a zoo trip this year. "The zoo is following the modern trend toward the use of more color," explained director, Frank G. McInnis. "We hope this will create a lighter and gay mood for our visitors."

As usual, the baboon exhibit is a hornet's nest of activity. Numerous babies can be spotted in the scurrying, squabbling and playing bunch, some clinging constantly to their mothers, others beginning to get into trouble on their own.

Other lateboms include llamas, bison and aoudads (North African wild sheep). Weekday visiting hours are 10 a.m. to 5 p.m., Sundays and holidays, 9 a.m. to 6 p.m.

"A tour through here certainly gives you a lift," remarked a bystander observing Jo Mendi II making like a jitterbug. "That's the way we all should be once in a while, no worries."

Pontiac, Birmingham Men Named to Parley

Louis Schimmel of Pontiac and Bennett Root of Birmingham will represent Oakland and Macomb counties at the White House Conference on Education to be held in Washington, D. C. this fall.

Named Wednesday in Lansing at the state meeting of the conference, they will carry the recommendations on educational needs of the children of the state to President Eisenhower.

The Day in Birmingham

Irving B. Babcock to Head 3-Area UF Torch Drive

BIRMINGHAM—This year's UF Torch Drive for the Birmingham-Bloomfield-Franklin area will be headed by Irving B. Babcock, president of Dearborn Motors Credit Corp., it was officially announced today.

Babcock will direct a campaign organization of 1,200 to 1,500 volunteer workers, according to William Breech, chairman of the area advisory committee of the United Foundation.

The fund campaign is scheduled for Oct. 18 to Nov. 10. No goals have been set, but it is expected that Babcock's team will be tackling one of the biggest single community efforts to be undertaken in this area.

Babcock, who lives on Lone Pine road in Bloomfield Hills, is a former vice president of General Motors Corp. and was general manager of the GMTC Division in Pontiac. He is a former vice president of Yellow Cab Manufacturing Co. and was president of Avoc Manufacturing Corp. in New York. He also is president of the Abrasive & Metal Products Co.

SEES WIDE SUPPORT

"We do not live on an island," Breech said. "The mutual aid of our needs, as embraced in the nationally famous once-for-all approach of the United Foundation, will continue to call forth, I believe, the same kind of record-breaking support we have had in past years."

Breech announced the appointment of Mrs. Haines P. Walmsley and William B. Bachman Jr. to membership on the advisory committee.

Two Birmingham church groups will hold flower sales in various parts of the city. The three-day annual St. James plant sale at the YMCA grounds on Lincoln opened today, and will continue from 9 a. m. to 6 p. m. daily through Saturday. Tomorrow, the Altar Society of Our Lady Queen of Martyrs Catholic Church will hold its annual sale on the church grounds, to run through Monday.

The Birmingham Rotary Club's old and new board of directors will hold a luncheon meeting today at the Community House. Police Chief Ralph Moxley, a graduate of the FBI Academy, received a word of praise at a Rotary luncheon last week.

Fred McIntyre, FBI chief in

Detroit, was guest speaker. He credited Moxley with having done an "outstanding job" not only as Birmingham's police chief but also as a leading law enforcement officer in Michigan.

The Birmingham Business Women's Club will hold its annual mother and daughter banquet at 6:30 tonight at the Community House.

Michigan National Guard headquarters in Lansing, has announced the appointment of Edwin Pipp, 975 Chestnut, Birmingham, as captain in the guard.

The Birmingham YMCA will hold its annual spring outing at Camp Ohivesa tomorrow and Saturday. Officials said all boys and

girl members of the Y have been invited to attend. A bus is scheduled to leave Birmingham for the camp at 3:45 p. m. tomorrow and return at 3 p. m. Saturday.

Bourbon Bon Bons Allowed in Georgia

ATLANTA (P)—No, Mr. Crispy, it's not against the law in Georgia to sell candy flavored with bonded bourbon whisky.

Georgia Atty. Gen. Eugene Cook so informed Harlan P. Crispy, a Kalamazoo attorney, in an unofficial opinion yesterday.

Crispy wrote to ask Cook if there are any Georgia statutes or regulations prohibiting the manufacture or sale of soft centered candy flavored with bonded bourbon. He said the whisky would be used for flavoring only and would not be included as a liquid either as a center or in a capsule.

It was not disclosed why Crispy had asked for the information.

Mayors Meeting Opens Today in New York City

NEW YORK (INS)—The 19th annual United States Conference of Mayors opens today on a theme of international problems and how they relate to local governments. A message from President Eisenhower will be read to the chief executives of 250 major American and Canadian cities and guests from Germany and Israel at the first business session.

Following Eisenhower's greetings, Mayor Donald H. Mackay of Calgary, president of the Canadian Federation of Mayors,

will read a message from the Prime Minister of Canada.

Gen. Alfred M. Gruenther, Supreme Commander of Allied Forces in Europe, is scheduled to address the conference of 600 city chief executives and officials at the morning session.

Birmingham Man Hurt

Cramer R. Wilson, 49, of 102 N. Woodward Ave., Birmingham, suffered face and leg cuts early today after he lost control of his auto on Oakland avenue about a quarter mile past the viaduct.

Pontiac Police, who said Wilson had been drinking, said the auto side-swiped two utility poles and plunged into a ditch.

Soviet Betrayal of Poles Seen as Likely Red Move

By CHARLES M. McCANN
United Press Staff Correspondent

Polish Communist leaders probably are a worried bunch of people right now.

Little mention has been made of Poland in the surge of diplomatic activity that has resulted from the ratification of the West German armament treaties.

It is true that the Iron Curtain governments met in Warsaw last week to conclude their new military set-up. That was merely a formality.

But Poland may be much more prominent in the news in months to come.

There have long been indications that Soviet Russia would be willing to betray the Polish Reds in an attempt to prevent the materialization of the German armament program.

LOGICAL MOVE
It would be a most logical move for Russia to hold out hope that if Germany made itself a neutral country, Poland would be forced to give up the rich German territory it now occupies.

It is most unlikely—in fact, it is incredible—that Germany ever will accept neutral status for good. Germany is a world power and it is certainly not the neutral type. Its men are born soldiers.

Also, Germans most likely figure privately that they will get back their territory from Poland sooner or later, one way or another.

But there is nothing to keep Russia from trying the neutrality dodge.

NATION DIVIDED
It will be remembered that Nazi Germany invaded Poland from the West on Sept. 1, 1939, to open World War II, and that the greedy Russian Reds invaded it from the east on Sept. 17. Hitler and Stalin then partitioned the whole country between them.

At the Yalta conference in February, 1945, the United States, Great Britain and the Soviet Union agreed that after the war Poland must be given substantial territorial concessions from Germany.

This was decided upon to compensate Poland for the 70,000 square miles of territory Russia had grabbed.

At the Potsdam conference in July-August, 1945, the Big Three agreed that, subject to a final peace settlement, Poland should administer that part of Germany lying east of a line drawn from the Baltic Sea near Swinemünde along the Oder River to the western Neisse River, and thence along the Western Neisse to Czechoslovakia. This territory totals 40,000 square miles.

NO SETTLEMENT
There has been no final German "peace settlement." But the Soviet and Polish governments have treated the German territory as if its fate had been settled irrevocably. Its people have been expelled to Germany proper.

The German population of the area totalled 8,000,000, of these, 3,000,000 fled to West Germany before the Soviet advance in the

Ionia Sheriff, Police Hit by Resignations

IONIA (UP)—Resignations for higher paying jobs continued to plague the Ionia County Sheriff's department and the Ionia City Police force.

Clarence Aldrich, chief deputy, handed his resignation to Sheriff Peter Van Vleck and City Officer John Thalison also submitted his

resignation, both because they could earn more by doing other work.

Five members of the two departments have resigned during the past month, one to drive a garbage truck and another to dig ditches.

An octopus can make drastic changes in the color of his body to match its background.

Son Beats Father

STARKVILLE, Miss. (UP)—Calvin Hull Sr. came in for good-natured ribbing about his grades at Mississippi State College, even though he made the President's List. Hull's son, Calvin Jr., is in the same class as his father and made slightly better grades to top his father on the list.

Prisoners in Iowa Building Sports Car

FORT MADISON, Iowa (UP)—Prisoners in the automotive school at the Iowa State Penitentiary here are building a streamlined sports car from the shell of a 1940 Hudson purchased for \$12.

Building the car became a spare-time project a year ago when prison officials decided there wasn't enough regular work to keep the inmates occupied.

When finished late this spring, the car will be cameo pink and upholstered in imitation zebra skin. Second-hand parts from 12 different cars have gone into its makeup and prison officials said the total cost will be about \$500.

Club Will Hear Brownell

DETROIT (UP)—U. S. Atty. Gen. Herbert Brownell will be guest speaker at a meeting of the Economic Club of Detroit next Monday. He will discuss tax evasion and how it adds to the burden of taxpayers.

Argentina Near Vote on Church

House Ending Debate on Proposal Curbing Catholic Power

BUENOS AIRES, Argentina (AP)—Debate was expected to wind up in the Argentine Congress' lower house tonight on the government-backed proposal to end Roman Catholicism's favored position as the state church.

The Catholic faithful, meanwhile were summoned to masses tonight in the Buenos Aires Cathedral and 70 of the capital's churches.

Ostensibly the multiple services were to commemorate the Feast of the Ascension and pray for the success of the 26th International Eucharistic Congress opening July 19 in Rio de Janeiro. But the unusual number of masses made apparent they were scheduled to demonstrate support for the church in its hot controversy with President Juan Peron.

Another Latin-American controversy between church and state loomed in Guatemala. There President Carlos Castillo Armas told newsmen last night he personally opposed demands by Roman Catholic Archbishop Mariano Rossell that the new constitution now being drafted give his church preeminence and provide for religious education in the public schools.

The bill to write the church out of the Argentine constitution aroused only one opposing speaker in the opening round yesterday of the Argentine congressional debate. Boos and catcalls drowned out most of his speech.

With the Peronista party controlling 149 of the lower chamber's 166 seats and all 34 of the Senate seats, approval of the measure in both houses is certain.

The bill calls for a special election, probably in November, to take out of the constitution the provision establishing Catholicism as the state church. It is an outgrowth of Peron's charges last November that some clergymen were trying to undermine his regime.

Ninety per cent of the Argentines are Catholics and the constitution requires that the President be a member of the church.

4 Koreans Killed

PUSAN, Korea (AP)—A U. S. Army gasoline pipeline blew up with a roar today and four Koreans were killed. Seven houses burned before the fire was checked by Korean and army fire fighters.

Violation-Prone Motorists Need School, Not Jail

LOS ANGELES (UP)—Traffic engineering specialists believe that habitual traffic violators should be sent to school rather than to jail. A recent study of 300 persons who averaged six violations each in a single year showed they were just as intelligent, just as normal and had the same amount of respect for law as good drivers.

But the one big difference, according to Dr. Harry Case of the University of California here, was that the bad drivers were victims of bad driving habits.

Case, who is on the staff of the Institute of Transportation and Traffic Engineering at UCLA, said that of the 300 habitual violators studied, 90 per cent of them were men, mostly skilled or semi-skilled workers or white collar workers.

The institute's study showed that intelligence and personality evaluations were normal and that "in general, their respect for the law is apparently about the same as that of the average driver," Case said.

And yet, Case said, "the group had an average of six violations each during 12 months." He added that "of these, 76 per cent were moving violations such as running a red traffic light or speeding."

Case said the study indicated that "proper training instead of punishment" would do more to eliminate bad habits.

Sharp Drops Noted in Diseases Here

Sharp drops in cases of mumps and chickenpox appeared in communicable disease reports for last week in Oakland County and Pontiac, released today by Dr. John D. Monroe, county health director. Breakdown of both reports, with comparative figures for the previous week and a year ago follows:

PONTIAC	WEEK ENDING	Last Week	Prev. Year
Chickenpox	13	15	15
Mumps	13	8	9
Scarlet Fever	2	5	32
Rubella	1	1	1
Scarlet Fever	12	13	0
Tuberculosis	2	0	2
Pink Eye	1	0	0
Impetigo & Ringworm	0	0	1
Strept Throat	0	0	1

OAKLAND COUNTY	WEEK ENDING	Last Week	Prev. Year
Chickenpox	102	141	80
Mumps	51	60	90
Pneumonia	0	0	1
Poliomyelitis	3	0	0
Scarlet Fever	31	22	12
Tuberculosis	3	15	3
Whooping Cough	1	1	10
Mumps	102	204	150
Erysipelas	1	0	0

Postman Rings Bell

LONG BEACH, Calif. (AP)—The 46th birthday party that the women on mail carrier Joseph Pugliese's route held for him was the most! Pugliese kissed every one of them — and there are 528

women on the route. In addition to the kisses he got a cart on which to tow his mailbag, plus \$115 in cash.

Fishing is outdoor recreation for approximately 12,000,000 Americans.

Bird Without a Song

ALBUQUERQUE, N.M. (AP)—Eight-year-old Emilio Candellario's canary Trixie hasn't sung a note since the youngster went to a Denver hospital two weeks ago for a heart operation. Emilio's parents,

Mr. and Mrs. Sixton Candellario, expect him home soon and predict the bird will start singing again.

Would Aid Rebels

WASHINGTON (AP)—Rep. Jennings (D-Va.) has introduced a bill to pay all future medical expenses of the three surviving Confederate Army veterans. The House passed a similar bill Tuesday for the sole

son, 108, of Duluth, Minn.

Girls' Cuddling Rhumba Suits

Only **2.98**

Nothing more adorable than these ruffy bloomer suits. And they're in gay cottons that need no ironing. 3-6x.

154 N. Saginaw St. Phone FE 5-4171

FOR CHARITY — Actress Gloria Swanson appears at a New York City fund-raising meeting for the Hemophilia Foundation with writers Richard Stapley, left, and Richard Hughes. The writers have adapted Miss Swanson's hit movie, "Sunset Boulevard," into a musical for her. At the meeting the three of them did some scenes from the show, which is expected to open on Broadway next winter.

Veteran vs. Youngster

George, Talmadge Girding for Battle in Georgia Race

WASHINGTON (UP) — Walter F. George of Georgia, who came to the Senate when the League of Nations and prohibition were big issues, has drawn his toughest opposition in next year's election—and that's bad news for the Eisenhower administration.

It was 33 years ago that George began a span of service which finds him now the senior senator, loaded with honors and burdened with great political power.

He battled the Roosevelt and Truman administrations on many a domestic issue. FDR campaigned Georgia in 1938 to beat George in the Democratic primary, but failed. But the senator gets along fine with the Eisenhower administration on most things.

Down home is Georgia a 41-year-old political fireball is ablaze with zeal to relieve the senior senator from his chores. And young Herman Eugene Talmadge may do it, too, if the contest actually takes place next year.

ONE MAY QUIT

The hushed word around Washington, however, is that the top political elements which would be involved in a George-Talmadge contest may have little stomach for it—that the withdrawal of one man or the other from the race might come about.

Walter George is 76 years old.

Talmadge is the son of old Gene who used to raise the red Georgia dust with his mighty political bellows. And the son has the old man's talents, refined somewhat, plus a few of his own.

Herman was nine years old when George came in 1922 to a Senate distinguished by such as Borah, Hiram W. Johnson, the elder LaFollette, the elder Lodge.

HONORED BY SENATE

Of the senators who were in that 67th Congress, George alone has remained continuously in the Senate since then. In the current 84th Congress, George's colleagues accorded him the highest honor within their power by choosing him to be their president pro tempore.

George is considerably more valuable to President Eisenhower than some—more likely, most—Republican members of the Senate. He's a conservative Southerner.

It was George who licked Speaker Sam Rayburn's \$20-per-head income tax cut when it finally reached the Senate, a reverse which considerably shook the Democratic left wing.

MOST INFLUENTIAL

He is a former Finance Committee chairman and presides now over the committee on foreign relations where his influence in and out of the administration and in both major parties is vastly effective. George of Georgia is

judged by many persons as far and away the most influential member of the Senate.

Talmadge, like his father, has been governor of his state. The young man was a good one, too. Like his dad he plows a deep and wide furrow in the back country

communities which are more powerful in Georgia than in any other state.

Georgians elect their statewide officials by county units. A candidate may poll 10,000 or more votes above his opponent and yet lose a Georgia election.

Down With Elevators!

PUEBLO, Colo. (AP)—Reporter Terence Curran, tired of climbing stairs on his City Hall beat, started campaigning back in 1940 for elevators in the structure. In 1954 they were installed. The elevator recently stalled for

15 minutes between floors. The lone occupant, Terence Curran. Now he's launched a one-man drive for escalators.

The electrolytic process of making aluminum was discovered in 1886.

Comics Not So Funny

PORTLAND, Me. (UP) — High school sophomore Peter Panagos, 16, caused consternation in his home when a comic book he was reading in bed fell to the floor. His head became wedged

in the bars at the top of the bed when he leaned over to retrieve it. His parents and four brothers pushed and pulled him for half an hour to no avail. Brother Nick then extricated him by getting a hacksaw and sawing through one of the bars.

Alfred P. Sloan Will Be 80 Monday

Career of GM Official Parallels Auto's Rise

Alfred P. Sloan Jr., chairman of the board of General Motors, will observe his 80th birthday Monday, May 23.

The life story of Mr. Sloan parallels in interesting manner the span of years during which the automobile has enjoyed its spectacular development. His rise to high position in the industrial world represents a progressive and logically developed career unique of its kind.

Born in New Haven, Conn., his family had a background of learning and culture but was in no sense one of wealth. His father, Alfred Pritchard Sloan Sr., came from an old upstate New York family. His father's father had been a schoolmaster. His mother was Katharine Mead, daughter of a Methodist minister. Mr. Sloan Sr. was an importer and distributor of tea and coffee.

The family moved from New Haven to Brooklyn, N.Y., when Alfred, the eldest of five children, was 10. There he grew up, prepared himself for college.

4 YEAR COURSE IN 3

He graduated from Massachusetts Institute of Technology in 1895 with the degree of Bachelor of Science in electrical engineering. Age 20, he was youngest in his class, completing his course in three years.

Despite considerable discouragement in first efforts at obtaining a job, which came in the period immediately following the depression of the early nineties, he located a position before too long as a draftsman with the Hyatt Roller Bearing Co., then located at Newark, N.J., a company later to become a division of General Motors.

At this time the motor industry was becoming more active. The increased speed of the motor vehicle put an end to the assumption of the early makers that the new machine could operate with a single greased axle, like a wagon. Experience proved that a steel bearing of the roller type was needed.

The Hyatt bearings would do such

ALFRED P. SLOAN JR.

jobs, Sloan was convinced, but the company was in rather poor financial condition for a venture into a new field.

Finally, after more work on the product and demonstration, it was agreed by an associate of the backer and Sloan's father that they would provide additional financing between them to the amount of \$5,000, to be spread over a trial period of six months, and that young Alfred Sloan was to have the responsibility of determining the issue by being given the direction and control of the business.

He was named general manager of the Hyatt Roller Bearing Co. in 1899.

In the first six months of operation the company made a profit of \$12,000. At the time of his first association with the company a gross business of \$2,000 a month was large.

One of the first automotive inquiries on the Hyatt roller bearing came from Elwood Haynes, who was getting into the field with the vehicle known later as the Haynes-Apperson, and both that car and the early Olds first took

the road with Hyatt bearings. Henry Ford and others picked the Hyatt product when they came into the field.

From the start Mr. Sloan's activities brought him into direct contact with automobile leaders. In the period of his active direction of Hyatt, about 17 years, the company's business passed the \$10,000,000-a-year mark.

In 1916 W. C. Durant proposed a combination of a number of accessory companies, in which Hyatt was wanted. As a result the United Motors Corporation was formed, with Sloan as president, to supply certain parts and accessories for General Motors.

In 1918 United Motors Corporation became a part of General Motors Corporation.

Sloan was named a director and vice president of General Motors in charge of accessories, and was made a member of the executive committee.

On May 10, 1923, he was elected president to succeed Pierre du Pont, who remained as chairman of the board.

General Motors went on to become one of the greatest industrial enterprises of all time, building on the principles that Sloan established soon after becoming president. These he summed up as follows:

"Get the facts. Recognize the equities of all concerned. Realize

the necessity of doing a better job every day. Keep an open mind and work hard. The last is most important of all. There is no short cut."

In later years he has restated the principle of equity, thus: "We must respect the equities of others in all our relationships both inside and outside General Motors. In this we have made great strides. All our people are, I believe, more equitably dealt with as a result of the development of thoughtfully worked out programs. Higher standards have been developed in our relations with our employees, our stockholders and our suppliers."

"Our relations with our dealers—and they are very important—have been developed to a high standard of equity and opportunity. Our dealers are taken into our councils on matters of broad distribution policy."

Sloan served as president of General Motors nearly 14 years, until May 3, 1937, through the crucial depression years when many large business enterprises tottered and fell. It is noteworthy that in every one of those years, not even excepting 1933 when the automotive industry lost 75 per cent of its 1929 volume, General Motors made a profit and paid dividends to stockholders, both common and preferred.

Sloan was elected chairman of General Motors in 1937.

An indomitable worker himself Sloan does not believe in too great a burden on the individual. He holds that one man's mind and body are too fragile for all of the loads of modern business. When the world learns this, he thinks, men will live longer.

PLANNED FOR DEFENSE

Before the actual date of the United States' entrance into World War II, when the need for armament became apparent, Sloan was a leader in planning conversion for defense production.

The strength and effectiveness of the General Motors organization became apparent to the nation in the war years as never before, through the part it played in winning "the battle of production" that was so necessary to victory.

Sloan has repeatedly emphasized his belief that technological progress, through research, is the only way to expand employment. He has said:

"Modern science is the real source of economic progress. It has brought within the reach of more and more people more comforts and conveniences, more leisure and more and better job opportunities. There can be no ceiling on opportunity if science continues to move forward."

Of future opportunities Sloan declared:

"What the industrialists of the

past 100 years have done is a mere beginning. The greatest opportunity for enterprise still lies beyond the horizon. That will always be so as long as our scientific knowledge continues to expand. The future world belongs to the young, the adventurous. But they must have the courage and initiative to reach out and grasp it, and then the willingness to work to retain it."

On Dec. 13, 1937, Sloan announced a personal endowment of \$10,000,000 to the Alfred P. Sloan Foundation, which he had established some time earlier "for the purpose of promoting a wider knowledge of basic economic truths."

CAREER RESEARCH

In 1945 an undertaking somewhat different in basic purpose from

others was made possible by the foundation. This was the Sloan-Kettering Institute for Cancer Research, established by provision of \$2,500,000 for a research building erected in New York as a component of the Memorial Cancer Center. The foundation also undertook to help finance the research project by grants of \$300,000 annually for an indefinite period.

Mr. Sloan was married Sept. 28, 1898, to Irene Jackson of Roxbury, Mass., with whom he had become acquainted while attending M.I.T. The Sloans have a home at Great Neck, N.Y., and an apartment in New York. Mr. Sloan's three brothers, Harold S. Sloan, Clifford A. Sloan and Raymond P. Sloan, also live in New York. His sister, Mrs. Katherine Sloan Pratt, lives in Syosset, N.Y.

Kansas Wheat Lends Its Delicate Flavor to Candy

DODGE CITY, Kan. (NEA)—as long as wheat has been harvested in the golden fields of the West there has been a typical treat for the workers. It is a common sight to see a harvest worker dip his hand into the combine bin for a handful of wheat to chew. Thanks to the ingenuity of a housewife, this delicate taste treat is now being passed on to the public.

With the idea of a wheat candy in mind, Mrs. A. G. Schroeder-meier spent several years studying cookbooks, reading every available candy recipe, talking to anyone who knew about candy-making, writing companies that process candy ingredients and plain trial and error.

After all that study, she decided the only way to achieve her goal was experimentation. Her kitchen became her laboratory.

TYPICALLY WESTERN
For two years Mrs. Schroeder-

meier labored in her kitchen. She was hunting something typically Western in the food line to present to visitors and to send as gifts to relatives.

Her modest project got so far out of hand that she now finds herself a manufacturer of a new candy, WheatSweets.

Her kitchen is now a "plant" and if her product gets much more popular she will have to expand.

Wheat is the main ingredient of the candy, glamorized to the point it is unrecognized as the relative of bread and breakfast cereals.

While the formula is secret, the inventor says that marshmallows, syrup, butter and nuts are parts of it.

KANSAS PRODUCTS
Since she wanted a Western sweetmeat she sticks to Kansas products as closely as she can.

Her beet sugar and the milk products come from her locality as well as the wheat.

Standards Given for Best Cooking of Vegetables

Standards for properly cooked vegetables, as outlined by Institutions Magazine of Mass-Feeding and Mass-Housing:

Appearance: Color as close to natural as possible, retaining of shape, uniform pieces if cut.

Texture: Tender, yet having some of the crispness of the raw vegetable.

Flavor: Natural flavor developed, well seasoned, avoid development of off flavors.

Nutrition: Loss as little nutrient value as possible.

Service: If to be served hot, do not allow to cool.

The letters 'K-A' which adorn the boxes in which her candy is marketed are the first letters of the names of Mrs. Schroeder-meier and her husband—Kathryn and Alvin.

Her husband, former superintendent of Dodge City schools, hasn't had much of a part in the project. Just a few suggestions. One of them, a "gun" he discovered, pops out bite-sized portions of candy mix and cuts down his wife's work.

Mrs. Schroeder-meier is considerably surprised that her search for a souvenir has developed into a business for her. She finds herself consulting with an attorney so that her WheatSweets can be marketed elsewhere.

Everywhere her wheat flavor gains followers. Even her lawyer and many of his friends have become regular customers. State legislators got some samples and put in standing orders.

Put Pickles in Patties
Cut small sweet gherkins into thin lengthwise slices. Sandwich the pickle between two flat patties

of ground beef, pressing edges of meat together well. Fry in skillet and serve on hamburger buns for a pleasant surprise.

give yourself a holiday when you use...

NEW FASTER Sani-Flush
favorite toilet bowl cleaner

EASY-TO-OPEN TOP
Press thumb under tab. Off it snaps. Snaps back on to close. Spill proof. Container will not break if dropped.

FAST-ACTING FORMULA
Improved, and more effective. Makes stubborn stains disappear in a jiffy. Cleans toilet bowls faster. No mopping, no scrubbing. Disinfects too. Follow directions on familiar yellow can.

NEW Sani-Flush has been proved safe with any septic tank system. No slowing-down effect on bacterial action. Will not harm tanks themselves.

The Hygienic Products Co., Canton 2, Ohio

MINCEMEAT-MOCK CHERRY PIE—Cherries won't be ripe for a long, long time, but in the meantime a new kind of mock cherry pie, made with condensed mincemeat and canned cranberry sauce, is yours for the making. It's sure to be a family favorite.

Try This Appealing Pie

Mincemeat, Cranberries Masquerade as Cherries

If you never tried a mincemeat-cranberry pie, try one now, in the long wait between fruit blossoms on the trees and the time when cherries, ripe and red, are in the market.

This pie is an extra special mock cherry pie, with a flavor all its own. The cranberries contribute their characteristic tang and add a bright touch of color to the filling.

Use canned whole cranberry sauce and a 9-ounce condensed package of mincemeat for a 9-inch pie, one that is delicious in flavor, beautiful in appearance.

A criss-cross crust, with its appetizing glimpses of the filling, adds beauty to the pie. It is fun to arrange. The pie will taste as

good if the strips of crust running in one direction are put on first, and those at right angles put on next. You will have a real criss-cross crust.

But a little practice at weaving the strips basketwise will give the pie maker an expert touch and the pie a greater beauty.

Make the pie in the morning. Serve it cold if the mercury decides to climb. But if a chill wind is in the air, pop the pie in the oven long enough before dinner to heat it thoroughly.

Mincemeat Mock Cherry Pie
1 9-ounce package condensed mincemeat
1 1/2 cups water
3 tablespoons sugar
1 1/2 cups whole cranberry sauce (or 1 1/2 cups cranberries sweetened with 1/2 cup sugar)
1 recipe pastry

Break condensed mincemeat into small pieces. Add water and sugar. Place over heat and stir until lumps are thoroughly broken. Boil briskly for one minute. Cool.

Line a 9-inch pie plate with pastry. Fill with mincemeat combined with cranberry. Moisten edge of pastry.

Cover pie with criss-cross strips, adding a rolled strip of pastry around edge, if desired. Bake in hot oven (425 degrees) 30 minutes, or until golden brown.

Avoid Mineral Oil

It is not wise for weight-watchers to use mineral oil in salad dressings because the oil absorbs vitamins A and K and so they are not available for body use. Yogurt tastes good with salad greens, or dressings may be concocted from buttermilk or tomato juice.

Happily, Enjoying Life to the Hilt Is Infectious

By MARY MARGARET McBRIDE
Dear A: Yesterday I was trying to describe you to a woman who came to ask my advice.
"I am so depressed that I just feel like jumping out the window," she kept saying. "Nobody and nothing interests me any more."

That was when I thought of you and it seemed to me that hearing about you might help the woman who is sick and tired of her life.

I began with your 10th birthday, for I've always been fond of the story your mother used to tell. Seems you got up that morning at 4 (because you'd heard that you were born at 4 a. m.) and went bounding down stairs, waking everybody on the way.

You said you had waited so long to have an age with two figures that you didn't want to miss a single minute of it. I know just what happened, too. At first the family, drowsy and cross at being waked up so early, would have been inclined to scold.

But then they would have caught the infection of your joyous spirit and begun to help you celebrate.

That 10th birthday is typical of you, my dear. You have such a tremendous zest for life that you carry other people along with you when you begin to enjoy.

The day I met you, I remember, it had most disappointingly rained. I was visiting a friend in your home town and she had planned a picnic.

Everybody gathered at her house and we were all as gloomy as the day. Until you came.

I can still see you—hurrying in as if you still didn't want to miss a minute of what was going to happen.

"Oh good," you said happily to the hostess. "You've got the fire going. Isn't it wonderful? Now we can all sit around on the floor, toast sandwiches and tell fortunes in the fire!"

I can't remember how the for-

tune-telling turned out but I know we had a perfectly lovely time on the picnic that we had thought was spoiled by rain.

Someday told me the other day about the father of poet Emily Dickinson, who once rang the fire

bell to get people out to see a particularly beautiful purple and gold sunset.

That's what you're always doing—finding beauty in a garden, a view or a human being

and then ringing a bell to call everybody out to see.

I hope the woman to whom I described you didn't get the idea that you are one of those irritating Pollyanna-creatures who struggle and strain over being cheerful.

The charm of you is that you are so busy having fun you haven't time to magnify trifles the way the rest of us do.

Even when you went to the hospital for that bad operation, you never talked about your pains or fears, only about the camping trip you were planning for your Girl Scout troop and the new baby your sister was expecting.

After the operation you somehow got to know nearly everybody

on your floor and when you left the hospital, nurses and patients behaved as if they'd lost something precious. As indeed they had!

When so many people seem just half alive, contact with one who eagerly enjoys every minute is an experience to be appreciated. Bless you and long may you live—full-tilt!

Mother, Daughter Banquet Is Held

Corinne Sisterhood 184, Dames of Malta held a mother and daughter banquet at Malta Temple.

Taking part in the program which followed dinner were Margery Bussard and Edna Siller. Ona Bixler gave the toast to mothers and Margaret Ballard responded with a toast to daughters.

A program of dances was presented by students of a local dance studio. Karen Hayden was accompanied at the piano for her number by her sister, Ruth Ann. Mrs. Charles Barrett was speaker.

sent by students of a local dance studio. Karen Hayden was accompanied at the piano for her number by her sister, Ruth Ann. Mrs. Charles Barrett was speaker.

Coming Events

Ladies Auxiliary FOS 1230 will meet Thursday at 8 p.m. in the hall, 380 W. Montclair St. Birthday Night will follow meeting.
Pontiac Rebekah Lodge 486 will meet Friday at 8 p.m. in Malta Temple, 62 Perkins St. Degree practice will follow meeting.

Tricks With Wallpaper Create Room Airiness

By ELIZABETH HILLIER

A white background wallpaper, lightly patterned in one color or two, so often is the answer to what's best for a bedroom.

It's a good solution to Mrs. C. T.'s problem.

She writes, "Wall and woodwork the same color makes a room look larger, I know, but my tiny bedroom has white woodwork which can't be changed, and the walls are no condition to paint."

"They must be papered. Can you help me to make this room look larger and as attractive as I can?" Wallpaper that shows plenty of

white background, and to match the woodwork, is the next best thing to make the room look larger.

And it can decorate the kind of room you might choose anyway, without the restrictions you name.

Two shades of blue, for example, on white create an effect that's as fresh and crisp as a party china plate.

Or you might like pink, brist and smart, or dainty. Clear leaf greens on white are delightful to live with, too.

You're in luck, because papers of this type are now easy to find.

Animal Welfare Unit to Hold Thrift Sale

Members of the Oakland County Animal Welfare Society will hold a benefit thrift sale Wednesday from 1 until 8 p.m. and Thursday from 10 a.m. until 8 p.m. at Knights of Columbus Hall on South Saginaw street.

Proceeds will be used toward the support of the humane officer and upkeep of the animal ambulance.

The society does not receive county appropriations or funds from any community chest. Membership contributions and bequests are the society's only source of income.

3 Runs in 10th Give Bengals 6-3 Win

BALTIMORE (AP)—Detroit Tigers were headed back to friendly Briggs Stadium today after their first and not-too-successful road trip

and saw them drop from a 1st place tie to 4th position in the American League.

A road record of four victories and eight defeats left the Tigers 4½ games behind the leading Cleveland Indians.

Indians furnish the 1st home opposition, confronting the Tigers in a night game in Detroit tomorrow and in single games Saturday and Sunday.

The swing through the East ended on a successful note yesterday with the Tigers grabbing a 6-3 decision in 10 innings from the Baltimore Orioles.

Rematch Wanted as Dupas Gives Ryff First Loss

NEW ORLEANS (AP)—The striping Louisiana Boxing Enterprises and the powerful International Boxing Club of New York today competed for a return match between top-ranked lightweight Ralph

Dupas of New Orleans and New York's Frankie Ryff. Dupas won a bloody, 10-round split decision in handing the No. 3 ranked Ryff his first professional defeat Tuesday night before the largest paid crowd in New Orleans history. But many of the 9,200 fans disagreed with the decision.

Pitcher Ray Moore of the Baltimore Orioles is a tobacco farmer during the off-season.

Cranbrook Site for Regional Tennis Tourney

Six 'A' Teams, 8 in Class B Are Listed for Two-Day Test

Pontiac High School's tennis team will find the going rough this week-end in the MHSAA regional tournament at Cranbrook in Bloomfield Hills on Friday and Saturday, May 20-21.

Classes A and B will compete for regional titles. Class A schools entered are Royal Oak, Port Huron, Birmingham, Mt. Clemens, Berkley and Pontiac.

Chiefs' netters, winner of only one meet this spring in nine attempts, are not conceded much chance at Cranbrook. Art Van Ryzin, coaching PHS during the Linquist's absence, will rely on the same boys who have carried the burden thus far.

Singles players Eddie Macadaeg, Kent Mills, Ted Wiersma, Gary Thomas and Kurt Lauchner are slated for duty, while Bill Bonner, Bob Erb, Gary Wylie, Paul Kamper and John Harrington will play in doubles.

Class B teams are Livonia Bentley, Van Dyke Fitzgerald, Northville, St. Clair, Port Huron, St. Stephens, Clarenceville and the host school, Cranbrook.

Regional winners move on to the state championships in Kalamazoo, June 3-4.

Five 'Seeds' in 1st Round Wins

Birmingham Girl Also Advances in Kingswood Net Test

Five seeded netters came through unscathed in Wednesday's opening round of the Michigan State Girls' Open tennis championships for 18-year-olds at Kingswood School, Cranbrook, in Bloomfield Hills.

Joyce Pniwski, Gwen McEvans, Darnella Everson and Virginia Hesse, all Hamtramck girls, were winners, as was Judy Hagan, from Middletown, Ohio. Remaining seeded stars will see action today.

One Oakland County player, Birmingham's Jane Collier, survived, but three other area entrants were casualties. Nancy Buston, Katherine Sherby and Susan Webb, all of Rochester, dropped 1st round decisions.

Wednesday's results:

Virginia Dykes defeated Judy Knudsen, 6-2, 6-0; Eleanor Hauser def. Nancy Buston, 6-4, 6-1, 6-1; Darnella Everson def. Marilyn Burkhardt, 6-0, 6-0; Gwen McEvans def. Jill Arnold, 6-0, 6-2; Virginia Hesse def. Jane McKenzie, 6-0, 6-0; Barbara Costin def. Katherine Sherby, 6-2, 6-0; Carolyn Wolf def. Sally Roman, default; Mary Frazzelli def. Heather Rayburn, 6-0, 6-2; Barbara Knoblock def. Renee J. Berns, 6-2, 6-1.

Kay Currier def. Cathy Bemis, 6-0, 6-0; Joyce Pniwski def. Beverly Mike, 6-1, 6-0; Jane Underhill def. Sue Mann, 6-2, 6-1; Joy Staunton def. June C. King, 6-2, 6-1; Jane Collier def. Christine Andrews, 6-1, 6-3; Margie Thorp def. Joyce Brooke, 6-8, 6-3; Jane Vert def. Susan Webb, 6-1, 6-1; Judy Hagan def. Barbara Brownell, default; Loris Alto def. Carol Remien, default.

Solons Reject Senate Ice Fishing Measure

LANSING (AP)—The House has dealt a serious blow to a Senate-approved bill to repeal an old ban against non-resident ice fishing in six southwestern Michigan counties.

Led by Rep. John W. Fletcher (R-Centerville), the lower chamber amended the bill to permit ice fishing by only those out-of-state anglers who own property in the state.

The fishing ban applies to Berrien, Branch, Cass, Hillsdale, St. Joseph and Van Buren counties.

Tartar Stars Honored
DETROIT (UP)—Walter Jenkins, a senior tackle, and Clarence Straughn, a freshman guard, were named the "most valuable" players on Wayne University's football and basketball squads at the Wayne All-Sports Day banquet last night.

Larsen Hurls Chiefs' 9 to 3-1 Win Over Skippers

Pontiac High's baseball squad scored a 3-1 victory over the Waterford Skippers at Wisner Stadium Wednesday afternoon for its 9th win of the season against three setbacks.

Arnold Larsen hurled for the

VIKINGS BEST—Walled Lake High School track captain Don Pounds has been named the school's outstanding athlete for 1954-55. Selection was announced by athletic director Tom Evans. Pounds has set school and conference records in cross country, and he has been named to the all state cross country team in both 1953 and 1954. He also is an outstanding member of the Viking Track Team.

Pre-Game Fears Wrong, Hurler Tosses No-Hitter

GRACEVILLE, Fla. (AP)—Despite a pre-game premonition that he was in for a bad night, Panama City pitcher Bill McNeil hung up an Alabama-Florida League no-hitter Tuesday night with a 9-0 victory over Graceville.

The curve ball artist faced only 29 men in the Class D contest. He struck out six and walked two.

In the dressing room before the game, McNeil complained of a sore arm. He predicted a rough time on the mound because "I just don't feel like pitching."

Baptists, Christians Win League Openers

Marimont Baptist outslugged First Presbyterian, 19-17, at Wever Junior High, and Central Christian defeated Memorial Baptist, 7-2, on Emerson's field, in Tuesday's opening games of the Pontiac Church softball league.

Action will resume tonight with another pair of games. First Baptist faces Church of the Brethren, at Wever, and First Presbyterian meets Memorial Baptist, at LaBaron. Starting times are 6 p.m.

The swing through the East ended on a successful note yesterday with the Tigers grabbing a 6-3 decision in 10 innings from the Baltimore Orioles. Four Detroit errors and a little wildness on the part of rookie right-hander Frank Lary made the victory a little harder to come by than it should have been.

Lary held the Orioles hitless until the 6th, but the 1st blow—a triple by Billy Cox—netted Baltimore two runs since Lary had put two men on base with walks. A looping single by Eddie Waitkus brought Cox home and tied the score at 3-3.

Baltimore loaded the bases on Lary in the 9th but the rookie refused to wilt.

Lary helped himself with three singles, the last one coming as leadoff man in the 10th. He was erased on a force play but Bill Tuttle drew a walk and Al Kaline drove home the tie-breaking run with a single.

An intentional walk to Ferris Fain loaded the bases. Ray Boone's sacrifice fly scored the 2nd run and Freddie Hatfield drove in the 3rd with his 3rd single.

On the road trip Tigers lost five games by a single run and twice were beaten after holding leads going into the last of the 9th.

Kaline started the trip as the league's leading hitter but has slipped off to 3rd with an average of .379. Harvey Kuenn, who cooled off yesterday with a one-for-five performance after a sen-

sational streak of 10 for 13, is the league's No. 2 hitter at .391 behind Vic Power's .398.

Pontiac Team Loses Polo Tourney Opener

Bob Cameron and Larry Williams each scored 3 goals Wednesday night as the Detroit Majors defeated the Pontiac Chiefs, 8-4, in the Michigan polo tournament opener at Ivory Polo Grounds.

In the night's other contest, Birmingham's Ramblers routed the Toledo Polo Club, 14-6, with Jackie Stefani and Gwen Brown tallied 6 times each. It was the first of a double round-robin program to crown a state polo champion.

Design for Rochester High School Is New, Functional

Completion Set for July 1, 1956

Removable Partitions Provide for Expansion; Model on Display

By HAZEL A. TRUMBLE

ROCHESTER—Cooperative planning—with school staff, administration, community people and the architect—is giving the Rochester Community School District a new high school which will be flexible and functional as well as aesthetic. Scheduled for completion by July 1, 1956, the new school will go out for bids on July 25 of this year.

"A lot of time has been involved in the study of the details and operations of a desirable high school plant and program," said Donald C. Baldwin, superintendent of Rochester schools.

The results are now nearing completion in the architectural and engineering offices of H. E. Beyster and Associates, Detroit.

MODEL ON EXHIBIT

A scale model of the new school is on exhibit in Rochester, showing the innovation in design which fits this one-story building to the contour of the rolling site at Walton and Livernois Rds.

The cafeteria, designed to serve students at lunch hours and to play the role of an assembly room until an auditorium is constructed, also will be used for community activities. This is a long room with adjacent kitchens.

An open court in the center of the structure, with wide walls of glass windows showing the academic classrooms, science laboratories, home economics department, commercial, music and art divisions, library and shop area.

ROOMS CONNECT

New in design and function will be the classrooms, with each two being connected with a conference and teachers' office for the joint use of two teachers.

Classrooms are extra large, with class time extended to allow the students to study in the same room and under the same supervision for each subject.

This dispenses with the necessity for large study halls and is a new concept in education.

INCLUDES CLINIC

There is also a guidance and counseling area, and a health clinic.

The architect has incorporated flexibility by designing the building in 10-foot sections which will allow for wall partitions to be easily moved at any time for future expansion. These partitions allow for the ultimate in construction economy.

County Deaths

William John Goward

LAPEER—Service for William John Goward, 72, of 1100 Angle Rd., will be held at 1 p.m. Friday at the Muir Brothers Funeral Home, with burial in Woodmere Cemetery, Detroit. He died Tuesday.

Surviving are a son Lee of Lapeer, a daughter, Mrs. Catherine Daly of Detroit, three grandchildren and four great-grandchildren.

Mrs. George C. Johnson

HIGHLAND—Service for Mrs. George C. (Marian J.) Johnson, 69, of 224 Center St., will be held at 2 p.m. Saturday from the Richardson-Bird Funeral Home, Milford, with burial in West Highland Cemetery. She died Wednesday.

Surviving are her husband; a daughter, Mrs. Clarence Purdy of Ann Arbor; two sisters, Mrs. Edna Hewitt of Highland, Mrs. Jennie Casey of Oxbow Lake; two brothers, J. H. Lemmon of Highland, J. E. Lemmon of Harrington, Del.; and one granddaughter.

Church Guild to Hold Banquet Friday Night

ROCHESTER — A Mother and Daughter Banquet, sponsored by the Mary and Priscilla Guilds of St. John Lutheran Church, will be held at 6:30 p.m. Friday, in the Fellowship Hall of the church.

Tickets are available from any of the guild members and also at the door.

RETIREMENT ENDS RECORD—For the first time in its 57 years, this week's issue of The Oxford Leader will not be put out by E. Henry Congdon. Its new owner, James A. Sherman, formerly of St. Johns, will be in charge. Establishing the paper in 1898, Mr. Congdon has been its publisher ever since. In 1904 he married Myrtle Boice, and together they have worked on the paper for more than half a century. They are now retiring, although he will continue with the new owner for a few weeks.

Milford Parking Critical, Officials of Village Claim

MILFORD — Due to the sharp increase in population and influx of summer vacationists, the problem of parking cars in Milford has become critical.

This is the conclusion reached by village officials who are working together with the Milford Chamber of Commerce in an effort to regulate off-street parking, and provide city parking lots.

This week Village President Bartlett Smith and George Richardson, president of the Chamber of Commerce met with Robert Heiden and R. S. Larsen, engineers from the Oakland County Planning commission.

Nine high school seniors have been recruited to help in a survey which will begin at 10 a.m. Friday and continue until 9 p.m. when stores close.

Parked cars will be tabulated from 3 p.m. until store closing time in order to estimate the amount of parking space needed. 137 parking meters have been installed since 1948 but have proved inadequate for this rapidly developing area, according to Smith.

A report will be presented by the Oakland County Planning commission at a meeting of the local Zoning and Planning commission tonight.

Report Troy Census Not Yet Complete

TROY TOWNSHIP — Spiking rumors to the contrary, a spokesman for the Troy Township Incorporation Committee said today that the results of the census in the area are not yet complete and official.

"There is reason to believe that all of the inhabitants of the proposed city have not been counted, and the committee is asking that any persons who have not been contacted call the township hall," chairman Ernest W. Gray said today.

Residents of the area will vote June 7 for incorporation as a city. A state requirement for incorporation is that the area have a population of 500 per square mile.

The census began four weeks ago, Gray said, and is now in the process of being checked. Copies are being prepared for state, township and county officials, he added.

The Rochester Women's Relief Corps No. 227 will sponsor a rummage sale Friday and Saturday in the Pleasant Garage, Walnut and Fifth streets.

Waterford Township
The Sunday School Council of the Waterford Community Church will meet at 7:30 p.m. today at the church.

Hudson Covert Girl Scouts Set Court of Awards

WATERFORD TOWNSHIP — Brownie and Intermediate Girl Scouts of Hudson Covert School will hold a court of awards at 6 p.m. Friday at Haven Hill Lodge.

Presentation of awards and entertainment will follow a picnic supper and a Flyup ceremony for Brownie troop 338. Mrs. Harmon Gillen is general chairman for the event.

Families and friends of the girls have been asked to bring a picnic supper for their own group. In case of rain, the meeting will be held Saturday.

Walled Lake Senior Given Scholarship

WALLED LAKE — High school senior Charles D. Potter has been granted a \$150 summer surveying scholarship by the University of Michigan for Camp Davis, Wyoming.

In the fall he will enroll in engineering courses at the University. A high school honor student, he is a member of the National Honor Society, the Science Club, president of the Photography Club, and chief photographer for the school yearbook.

Statue of Liberty in New York harbor dates back to October 28, 1886.

Park Authority OKs Land Sale

Milford Council Asks for Move Permitting Village Expansion

MILFORD — At a recent meeting of the Huron Clinton-Metropolitan Authority commissioners, authorization to sell 119 acres of land to the highest bidder was approved. This was done at the request of the Milford village council.

The release of this much needed land will be a great boon to Milford, as it permits expansion of home building and business on the west side, officials said.

The land fronts the General Motors road, and runs along the North Milford road to the south.

A meeting of the Huron-Clinton authority staff has been arranged for May 25, at which time the council members will discuss the land sale, possible land use and restrictions to be imposed.

A further request was made by the village regarding the release of lands along the Huron River and Peters road, now held by the Authority. P. K. McWethy, secretary of the commission, stated that this land is not available, due to definite plans for development.

Bloodmobile Scheduled

NORTH BRANCH — The Lapeer County Red Cross Bloodmobile will visit North Branch June 6.

School Board Candidates Will Air Views at Romeo

ROMEO — The two candidates for the single vacancy on the board of education have been invited to air their views tonight at the final meeting of the Elementary Schools Club.

4 Seek South Lyon School Board Posts

SOUTH LYON—Five candidates are seeking the two Board of Education posts in the June 13 election. Petitions have been filed for Samuel Bailo, Robert Eckert, Robert F. McCrory, O. R. McGary and David C. Taylor. McCrory and McGary are incumbents.

Election at the polls will also face the question of whether the Board of Education should lease school property for the drilling of oil or gas.

The voting will be in the elementary school building from 10 a.m. to 7 p.m., with the annual meeting to follow the election.

Senior Prom Scheduled Friday at Rochester

ROCHESTER—"Viva La Prom" is the theme for the senior prom to be held in the high school gym Friday night.

Senior class president Eddie Bachelor and Ellen Purdy will lead the grand march. General chairman is Pat Norman.

The meeting will be held at 8 p.m. at the South School.

Mrs. David E. Pettibone and Philip A. Berthelme have received questionnaires asking them specific questions concerning their qualifications and their opinions on several school problems.

They will be given a certain length of time to read their answers, and then the meeting will be opened to questions from the floor.

The election and annual meeting will be held June 13. Also on the evening's agenda is the inspection of new classrooms which are now in the final stages of completion.

Brief reports of summer recreational activities in Romeo will be presented in response to letters mailed to interested organizations.

The new officers of the club elected at the April meeting will assume their duties at the close of the program.

All interested citizens have been invited.

Set 64th Alumni Dinner

ORTONVILLE—Reservations for the June 4 64th annual alumni banquet and business meeting are being made with Evelyn Hauer of Holly.

Cows Rate High in Tests

Locally-owned cattle and cows have recently completed long period tests, according to two dairy associations.

The Marine City Ayrshire herd owned by Harry J. Klingler of Bloomfield Hills has completed its 11th year of herd testing, with an average of 9,759 pounds of milk and 402 pounds of butterfat, on

The highest butterfat producer in the herd was Glen Urquhart Beatrice, with 11,509 pounds of milk and 568 pounds of butterfat.

Generalissimo's Arline Sandra, a ten-year-old registered Ayrshire in the Long Lane Farm of Klingler has completed a record of 12,489 pounds of milk and 491 pounds of butterfat.

LAKE ORION COW CITED
Glencoe Lady Hopeful 16th, a nine-year-old registered Ayrshire in the Sky Light Farm of Marvin Ludwig and Sons, Lake Orion, has completed a record on official test, producing 14,346 pounds of milk and 544 pounds of butterfat in a 305 day test.

In making this announcement, Chester C. Putney, secretary of the National Ayrshire Breeders Assn., advises the record is equal to 6,673 quarts of milk.

The 28 Holstein-Friesian cows of Greene Fenley, Jr. of Pine Row Farm, Lake Orion, have recently ended a year's testing under the official herd improvement registry program of the Holstein-Friesian Assn.

The 28 cows averaged 12,225 pounds of milk and 428 pounds of butterfat.

The 42 cows of Lakefield Farm, Clarkston, averaged 15,536 pounds of milk and 592 pounds of butterfat.

CAROL WAHL

WANDA HOLLAND

Graduating Class Leaders Named at Auburn Heights

AUBURN HEIGHTS—Carol Wahl and Wanda Holland have been named valedictorian and salutatorian of the Avondale High School graduating class of 1955.

The deciding margin of grade averages was the slight edge of three-hundredths. Carol received a 3.81 average, while Wanda attained a 3.78 record.

Carol is the daughter of Mr. and Mrs. Roy Wahl of 3136 Margaret St.

Mr. and Mrs. Phillip Holland of 43 Cherryland are the parents of Wanda.

Active in her class and school organizations, Carol was junior class secretary, a member of the National Honor Society, member of the Future Homemakers Assn., a cheerleader, and also a member of the glee club.

She plans to attend Michigan State Normal College at Ypsilanti.

Wanda was a member of the student council for two years, the National Honor Society, a cheerleader, and was also busy in the band, debating, choir and dramatics. She plans to attend Central Michigan College of Education.

Witty Actress Never Worries

Says Life Is Gift of God, 'What I Do With It to Be My Gift to Him'

By JOAN HANAUER

NEW YORK (INS)—Interested in the secret of how to stay young? Just follow the example of 90-year-old Georgiana Carhart and don't grow up.

"I never grew up inside," says Georgiana, star of the television program "Life Begins At 80."

Georgiana stays up many nights until four in the morning, sleeps her eight hours and is fresher than most people half her age.

She attributes her prolonged youth to the fact that she never worries, gets eight hours sleep a night, has good health and "a wonderful time."

"I've got a bad knee right now," she said without complaint, "but I'd rather have a crick there than in my head."

The wary, witty and womanly lady was born in Baltimore in 1865, the year the Civil War ended. Her father had been killed in the war and she was brought up by an aunt and uncle.

As a young girl she made music her career and then married an editor on the Kansas City Times. On his death she came to New York and has lived here ever since.

She became a television star because she accompanied a friend who was being interviewed as a possible "Life Begins At 80" panelist. Georgiana came along for the ride but ended up with the job.

The lady has become known for the laughs her quick wit brings, and she can be witty in silly or quite serious fashion, depending on the circumstances.

For example when she was a mere 87 she was asked why she didn't go out with men her own age.

"That's just what I do," she replied. "I go around with three men—each 29."

On the more sober side, the question once arose as to where youngsters become prejudiced.

"Usually at their mother's knee—and other joints," was the Carhart gal's quick answer.

Georgiana has one trait besides youth that's most noticeable. She talks charmingly but incessantly—so much so that friends speak of her as "perpetual motion." There are just three things she avoids in conversation—politics, religion and herself.

She finds that times have changed considerably since she was young in years—people worry about "the bomb" and in general "live too fast—it must be hard on the children."

One thing she's very strong about is women who wear slacks, cut their hair short and smoke.

"I have no masculine habits," she boasts. "I believe in lace, petticoats and smiles for women."

She does drink occasionally, although in general doesn't approve of it. She had her first drink when she was over 60.

"I don't have to put spirits down to keep mine up," she says, adding that alcohol "does not drown sorrows—it irrigates them."

"In my day," she continued, "a girl couldn't have done what they do today—if she drank she'd probably be considered fast and run out of town."

"Girls today who want to be bad run to the city, and then blame everything on the city."

"Most of our troubles today come from people getting too far away from spiritual things. I'm not a member of a church, but I have a deep religious streak. Lately I've been having talks with Bishop Fulton Sheen—the

GETTING GEORGE GORGEOUS — George Gobel gets all spiffed up for a special occasion by a very high-priced tailor. He is filmdom's best-dressed man, Adolphe Menjou, who guest-stars on the NBC Gobel show at 9 p. m. this Saturday.

Yugoslavian Papers Deny Neutrality Plan

BELGRADE, Yugoslavia (AP)—Two of Yugoslavia's major newspapers declared last night that their nation does not intend to become part of a neutral buffer chain of states "behind which some big power could shelter itself in order to conduct its policy without being disturbed."

The editorials in Borba and Politika apparently were sparked by Western speculation the coming visit of Soviet leaders to Belgrade was part of a Russian plan to create a chain of neutral states, including Yugoslavia, across central Europe.

Brakeman Hurt as Train Derails at Wyandotte

WYANDOTTE (UP)—A railroad brakeman suffered minor injuries yesterday when an axle snapped under a sand-filled box car, causing 14 cars of a 62-car freight train to derail.

The brakeman, John Rockwell, Port Huron, was injured when he was tossed around in the caboose while freight and box cars were tipping over.

Tons of coal was spilled over the tracks and watermelons from refrigerator cars were scattered about the scene.

Financial Miracle Man Wasted in Tennessee

KNOXVILLE, Tenn. (AP)—A man was selling cigarettes on the streets for 20 cents a pack—five under the going rate—and a detective asked him where he got them.

"I put quarters in a cigarette machine," the man replied.

After questioning him at city jail, Detective Chief Bernard Waggoner said he couldn't find where the smokes came from but observed, "If he can make money by buying them for a quarter and selling them for 20 cents, he ought to be in Washington."

Blazing 1924 Engine Damages Fire Station

INGLEWOOD, Calif. (AP)—Two firemen were injured last night when a 31-year-old fire engine burst into flames—in the fire station.

Damage to the station and equipment was estimated at \$7,000 to \$10,000. Fireman Charles Phillips, 26, suffered first, second and third-degree burns of the hands and

Arms and Engineer Harold Kingery, 47, received slight burns.

Fire Chief Basil Roberts said Phillips and Kingery were cleaning a gasoline sediment bowl on an old engine used for standby service when the fuel ignited.

An average American auto owner drives 10,800 miles per year today as compared with 6,600 miles in 1929.
