Ingredients for Snappy Bowl Game: Two Good Teams and a Pretty Queen

This is the time of the year when Americans by the millions close the books on Christmas and refuse to look into the future until certain pieces of important business are disposed of—the annual bowl games. And what is a bowl game without a queen? To keep you properly posted we present

herewith four of the lovelies who will preside at widely separated festivities this year.

Top left is Lynn Brown, of Fort Lauderdale, Fla., a University of Florida student who will be Orange Bowl Queen at Miami.

Dawn Herbert (top right), a sophomore student at Newcomb college is Queen of the Sugar Bowl in New Orleans. She is the daughter of Rep. F. Edward Herbert, of Louisiana.

At the Cotton Bowl in Dallas, queen of the festivities will be Sally Marie Tull (lower left), of Amarillo, Tex., a senior at Texas Christian.

And Queen of the Tournament of Roses before the Rose Bowl game in Los Angeles will be Joan Culver (lower right), a freshman at Pasadena City College. Games are on Jan. 2 this year.

Ike Kept Indoors by Rain Threat, Paints Picture

President in Key West to Build His Strength for Work Resumption

KEY WEST, Fla. (AP)—The sun played hide-and-seek behind rain clouds today and President Eisenhower turned to indoor painting of a Colorado mountain scene.

The President came to Key West from Washington yesterday to soak up some sunshine and build his strength for resumption of a full work load next month.

He got in some outdoor activity — even hitting a few golf shots — shortly after arriving, and that pleased his doctors.

But it rained most of the night, and the skies were still overcast when Eisenhower got up at 7:30 a.m. today.

Eisenhower activity on government business was at a minimum today.

James C. Hagerty, presidential press secretary, told newsmen he telephoned the White House in Washington this morning and reported to the President there was "no work of necessity" requiring his attention.

Hagerty said a mail pouch probably would arrive from the capital tonight. It may include a new draft of the President's Jan. 5 State of the Union message to Congress.

Eisenhower quite likely will work on that tomorrow.

It will be several weeks before the convalescing chief executive is permitted to lay into a drive, though the irons shots he was prac-

(Continued on Page 2, Col. 7)

Plan to Ease Ike's Job

WASHINGTON (INS)—A high administration source says the White House, the Justice Department, and other federal agencies are working out legislative proposals to lighten the President's work load. The source said a bill to ease some of the President's routine burden of state papers will be submitted to Congress in early January.

Price on 'Hannibal' Slashed to $4,995!

Elephant Catches Store Shoppers' Eyes

PHILADELPHIA (AP) — Anybody want to buy an elephant?

The John Wanamaker department store here has one on sale for $4,995.

"It's a bargain," the salesman said. "Hannibal originally cost $7,800 but we reduced the price in line with the store's two-day Christmas season sale."

At this point, Hannibal, whose 14 months and 550 pounds make her just a tot among pachyderms, lifted her trunk and trumpeted.

As the roar cascaded through the pet shop, a hush fell among the other animals and visiting children. But the salesman smiled confidently.

"Just think of who you could be if Hannibal was yours," he said. "You would be the only private owner of an elephant in the United States.

"I bet you would be surprised at all the things you can do with an elephant. Suppose your garden hose breaks. All you have to do is set out a dozen pails of water. Then call on Hannibal to spray your flowers.

"As for moving furniture or a snowbound car, just have Hannibal put her stout head against anything heavy and she will push it wherever you want it."

"Of course," the salesman admitted, "Hannibal does have a few personal habits that you have to cater to."

One of her habits turned out to be a hearty breakfast and dinner with the day's feeding consisting of one bushel of kale, one bushel of carrots, 10 to 12 quarts of oats and a bale of hay which she alternately uses as a bed and an in-between snack. At present grocery rates this would add up to $42 a week.

Hannibal also is concerned about her complexion and there is nothing she likes more than a nice oily skin. The other day it took four men two hours to give her a beauty treatment using two pounds of pure lanolin.

A store official said the young elephant was purchased in keeping with the store pet shop's motto that it handles anything from a guppy to a gorilla but the animal's king-sized appetite prompted the decision to seek a quick sale.

Slowdown Ends on Grand Trunk

Employes Resume Work After Agreement Ends 'Sick Strike'

A two-day wildcat "sick" strike of Grand Trunk Railroad yardmen at Pontiac and Detroit ended last night according to railroad officials in both cities.

Switchmen in the Detroit and Pontiac yards began returning to work last night after officials of Grand Trunk and the Brotherhood of Railroad Trainmen reached agreement in a six-hour meeting in Detroit yesterday.

Trainmaster Bruce Miller said all 135 switchmen in Pontiac had returned to their normal schedules as of 11 p.m.

He reported the slowdown, which began Monday with over half the switchmen reporting in sick, resulted in approximately 48 hours of backlog of cars arriving in the Pontiac terminal.

Because of this tie-up, R. M. Critchfield, general manager of Pontiac Motor Division, stated yesterday that the Pontiac plant would be shut down today and tomorrow.

"The shortage of supplies due to the lack of sufficient switch engines to bring cars in and out of our plant has been threatening our production schedules for the last few days, and the situation has finally reached the point where we are forced to close down," Critchfield reported.

All plants will resume operations Tuesday, Jan. 3, he added.

The strike forced Detroit to operate with 40 per cent of normal yardmen crews while Pontiac was cut down to 50 per cent of normal strength.

Pre-New Year Falls

TOKYO (AP)—New Year's is Japan's biggest holiday and it starts early. Five persons celebrated so well last night that they fell down stairs at railroad stations.

Rescuer of Aged Woman Describes Dramatic Role

A Pontiac man, who found an elderly crippled woman "standing helpless in the midst of flames," told how he rescued Mrs. Maude L. Jenner, 86, from her burning home Tuesday morning.

Roy Ripley, 55, said he was driving by the house at 366 Oakland Ave. when he saw flames coming from the front door.

"I had to fight traffic to get to the curb and park. Then I ran back, calling for help all the way," Ripley said.

When he got to the door he bent down to look in under the smoke. "I saw the old lady, standing helpless in the midst of flames, looking like a ghost," he related.

"If I had been a second later, she would have been a goner," he declared.

Ripley said he ran in and struggled with the woman, who wanted to save possessions.

"So I picked her up and carried her out. She said there was no one else in the house.

"When it was all over, I started shaking like a leaf. I didn't get hurt, but my hat has holes in it from burning cinders," he added.

Ripley, unemployed at present, lives at 360 N. Saginaw St.

Another man, David Snider, 27, of Waterford Township, helped Ripley take the woman out the front door. Snider, who was driving by on his way to work, later took Mrs. Jenner to Pontiac General Hospital, where she was treated for minor burns.

Firemen said the blaze, mostly confined to the living room where the woman was found, was caused by burning papers falling out of a fireplace. They said there was $1,500 damage.

ROY RIPLEY

Used Car Sales in Detroit Area Off 50 Per Cent

DETROIT (AP) — The Michigan Used Car Dealers Assn. said today a survey of dealers showed sales of used cars in the Detroit area have fallen off about 50 per cent since Dec. 1.

Detroit's three metropolitan newspapers have been closed down by a strike since that date. The newspapers normally carried a heavy volume of used car advertising.

During the first 11 months of this year sales of used cars had shown a gain of 30 per cent over the same period a year ago.

Thomas J. Hart, president of the dealers association, said that despite the gain in sales earlier this year profits of used car dealers in the Detroit area were below 1954 due to discounting and high trade-ins by new car dealers on 1955 and 1956 models.

Japs Hang 32 in '55

TOKYO (AP)—Japan hanged 32 convicts in 1955, the Justice Ministry said today.

Scattered Showers, Snow Is Prediction

According to reports by the U. S. Weather Bureau, it will be cloudy with scattered showers changing to snow flurries tonight. The low tonight will range from 16 to 20 degrees.

Tomorrow it will be partly cloudy and colder with a few snow flurries. The high will be from 20 to 24 degrees.

The lowest temperature preceding 8 a.m. was 34 degrees. The thermometer in downtown Pontiac registered 34 at 2 p.m.

Congressmen React Angrily to Red Charge

Soviet Boss Claims U.S. Interferes and Warns of H-Power

MOSCOW (AP) — Communist party boss Nikita Khrushchev today charged President Eisenhower with "crude interference" in the internal affairs of the Communist-ruled countries of East Europe.

(Members of Congress in the U.S. reacted angrily today to Khrushchev's charge that President Eisenhower was guilty of interference in the internal affairs of Red satellite states. They thought this action by a top Soviet leader may mean the development of a still tougher line in Russian foreign policy. The President declined to be drawn into a name-calling contest with Khrushchev.)

Khrushchev's blast before a joint session of the Soviet Parliament was occasioned by Christmas messages the President and other leading Anfericans broadcast to the East Europeans.

The party boss accused the United States of trying to "re-establish capitalism" in the countries of the Soviet bloc.

Khrushchev also warned the West that the recently exploded Soviet hydrogen bomb "can be considerably increased" in power.

He repeated the statement made in India after the test explosion that the new Russian weapon "was equivalent to many million tons of ordinary explosives."

The Moscow - Frankfurt telephone line over which this story was being dictated was broken by the Soviet censor for five minutes after Khrushchev's statement on the hydrogen bomb was mentioned.

He told the delegates the future belongs to Leninist teachings, that the Socialist camp can never be destroyed, and "we shall sweep out of our way everything that blocks the construction of communism."

Khruschchev drew laughter from the delegates with jibes at U. S. Secretary of State Dulles' recent statement that Portugal's territories in India had been Portuguese for 400 years.

The United States had been a British colony, the party boss declared, and "if we follow Mr. Dulles' logic, the United States should consider itself as Her Majesty's dominion."

Bulganin, given a standing ovation when he rose to speak first, said, "A great contribution has been made to world peace by the development of friendly relations

(Continued on Page 2, Col. 5)

Plan Engineering Studies of Toll Road Interchange

A meeting between city and Michigan Turnpike Authority officials here yesterday resulted in a decision to make further engineering studies of where an interchange will be located in Pontiac's northeast corner.

Discussing the problem were Mayor William W. Donaldson, City Manager Walter K. Willman, MTA Chairman George N. Higgins and Consulting Engineer Murray D. Van Wagoner.

The MTA originally planned to build the interchange (a point where cars could get on and off the toll road) on M24 near Opdyke road.

The city has recommended it be moved west to a site which would pick up traffic from Walton boulevard. "We feel an interchange on Walton would serve better in handling haulaway truck traffic," said Willman.

The officials agreed to obtain traffic counts and other data before making a final decision.

Higgins has said that once the interchange here is located all major route problems from Saginaw south to Eight Mile road will have been ironed out.

Rose Paraders Brace!

PASADENA, Calif. (AP) — A half million automobiles carrying 1½ million persons are expected here Jan. 2 to view the Tournament of Roses parade, says the Auto Club of Southern California.

Port Huron Girl Sent to Join Rose Parade

PORT HURON (AP)—A petite blond who was "never so flattered" will ride in the Parade of Roses as All-America city Port Huron's representative Jan. 2.

Sandra Gough, 21, a disc jockey with a 34-24-35 figure, was chosen Miss Port Huron from a field of 23 finalists.

She'll ride on the Riverside, Calif. float carrying representatives of the 11 All-America cities honored in the recent contest of the National Municipal League.

Mayor Etta Reid will be Miss Gough's chaperon.

Miss Gough is a graduate of Port Huron High School and of a radio, TV and theater school in Boston.

Radford Visits Manila

MANILA (AP)—Adm. Arthur Radford, chairman of the U. S. Joint Chiefs of Staff, arrived from Saigon today on his global tour.

Perfect Traffic Record, but Chief Crosses Fingers

A perfect traffic safety record yesterday in Pontiac, where no reportable traffic accidents occurred, caused Police Chief Herbert W. Straley to compliment city drivers. But he added wryly:

"Perhaps yesterday was accident-free because party-goers are waiting until the holiday weekend to start mixing drinking with driving."

Pointing out that there were no arrests for drunk driving during the mishapless day, Straley said the obvious lesson for drivers is this:

"Celebrate the New Year by all means, but don't celebrate behind the wheel. If you do, you may not live to see Jan. 2, 1956."

Something New in Key West

AP Wirephoto

COP PRESIDENT-HAPPY — This Key West policeman, Armando Perez Jr. scratches his head as he looks at a new street sign installed in Key West — city so many presidents have visited. It's Eisenhower Drive — and located on the same corner as Truman Ave. (concrete pillar lower left) and Roosevelt Boulevard (dark sign next to U. S. 1 marker).

Babson Sees Slightly Quieter Period Ahead for Pontiac

Predicts '56 Will Be Second Best Year

By ROGER W. BABSON
(Business Analyst)

Business in Pontiac has enjoyed another remarkably good year in 1955, with considerable improvement in the over-all situation. This has been due, of course to the vigorous gains made in the automotive field.

Looking across the threshold into 1956, I predict a somewhat quieter span of general activity for your city, with business perhaps averaging 5 per cent to 8 per cent below 1955 levels.

If your economy were dependent entirely upon automobiles, I would frankly be even more pessimistic.

It is my honest feeling that during perhaps the first three-fourths of the new year, there will be downward pressure on your leading enterprise. It may even become severe enough, what with the unnaturally high level of consumer-credit financing, to bring about an earlier-than-usual switch to 1957 models in an effort to step up sales.

Should this happen, it will, of course, act as a shot in the arm for your automotive industry since models are likely to be far more interesting in design than the 1956 models.

Fortunately, Pontiac is not entirely dependent upon this field, so there are optimistic factors in the outlook. I look for a few of your lines to edge slightly higher in 1956: Electric power, some foods, dairy products, and probably public construction.

Support will be given business also by some local endeavors which should hold well during the new year: Molded products, paint, varnish, lacquer, trailers, and commercial building.

Retail sales will do passably well in department and variety chains, but food marts alone are likely to surpass 1955. Wages will edge very slightly upward in some jobs, but employment will be irregular, especially in the automotive plants.

On the national scene I make the following forecasts:

1. If no unforeseen event happens, President Eisenhower will be re-nominated and re-elected in 1956.

2. The Republican party has an excellent chance of winning in 1956 with President Eisenhower making a few key speeches and promising to be an active part of the administration. He is trained to take responsibility and enjoys it; but the President should be relieved of speech making, entertaining, and much of the detail work which goes with being President.

3. Competition will be very severe in 1956, and with a few exceptions will cause business profits to be less in 1956 than in 1955. Too many manufacturers, not satisfied with their present good business, are starting to make other products and undercut standard prices.

4. Higher wages may also be expected in 1956, and these could reduce profits. These higher wages, however, will largely be spent and should increase retail sales.

5. Increased advertising appropriations will be seen in 1956. In fact, advertising appropriations for newspapers, magazines, television, radio, and bill boards have helped our prosperity, or it would not have lasted through 1955.

6. The recent policy of the money managers in the direction of "squeeze" will be shifted to "ease" sometime in 1956. This reversal could put a floor under any business decline that may start next year.

7. Liberal credits to the purchasers of houses, automobiles, washing machines, televisions, and various other things have bolstered prosperity and will continue to be a strong support to many industries, through 1956 at least.

8. If the Republicans are re-elected in 1956, great sums will

4 State Children Perish in Blaze

Report Bottle Gas Stove Ignited Family's House Fire in Newberry

SAULT STE. MARIE (AP)—A fire which snuffed out the lives of four small children was blamed tentatively today to a bottled gas stove.

* * *

Those who died in the fire which destroyed their frame home yesterday at Newberry, 60 miles west of Sault Ste. Marie, were children of Arthur Sevarns: Bernadine, 5; Arthur, 4; Karen, 3, and Robbin Elizabeth, 1.

Newberry Fire Chief Russel Hild said the fire apparently started from a bottled gas stove, but the house also had an oil heater and a wood stove.

Mrs. Joyce Sevarns, 24-year-old mother of the children, said she went to a neighbor's to use a telephone, glanced out a window there and saw flames spouting from her own 3-room home.

Heat and flames kept her and other would-be rescuers away. The father, a 27-year-old woodcutter, was away working at the time.

AP Wirephoto

TONIGHT'S FORECAST — An area of rain west of the Appalachians will be moving eastward tonight followed by colder weather and snow in the western Great Lakes area and generally throughout the Plains states. There will be little temperature change elsewhere. Pontiac area can expect colder weather tonight, with scattered showers changing to snow flurries.

Newsprint Firms Facing Controls Within Canada

QUEBEC (INS)—Quebec Premier Maurice Duplessis repeated today his threat to impose newsprint controls as soon as the Quebec legislature reconvenes Jan. 10.

"I have tried everything to make some of these men in the newsprint industry understand reason, but they seem bent on going ahead with their plans."

Early this month Duplessis warned newsprint producers he would impose price controls and prohibit exports unless the producers canceled recent price increases to Quebec consumers.

* * *

The recent price boost came despite strong protests from U.S. congressmen and others that the Canadian companies were "profiteering" at the expense of American newspapers.

Chicago Club Honors Harvard Auto Victims

CHICAGO (INS) — Two scholarship funds have been established as memorials to the two Harvard university students killed in an auto accident Dec. 21 in which Adlai Stevenson's son was injured seriously.

Establishment of the funds was announced yesterday by the Harvard Club of Chicago at its annual Christmas luncheon. Club President Robert F. Spindell said the action reflected the "intense feeling of sympathy which both Harvard and non-Harvard friends everywhere have for the two bereaved families."

Victims of the crash were William Cowper Boyden III, 19, of Chicago and William Stanley North III, 19, of suburban Lake Forest.

John Fell Stevenson, 19, who was driving the car which was rammed by a truck, was reported improving in Passavant Hospital where he underwent surgery for removal of his shattered right kneecap.

The truck driver, Fred Gill, 29, of Detroit, is under indictment for reckless homicide and manslaughter.

Two Passengers Hurt in Telegraph Collision

Two passengers were slightly injured in a 2-car collision on Dixie Hwy. at Telegraph Rd. last night.

Mrs. Elsie Beamer, 86 Parkhurst St., and Kenneth Mason, 23 S. Paddock St., both were treated and released, authorities in St. Joseph Mercy Hospital said.

The pair were riding in a car driven by Bernard Hoffman, 23, also of 23 S. Paddock St., when it struck the rear end of a car driven by Albert Anderson, of Saginaw, Waterford Township Police said.

The Weather

PONTIAC AND VICINITY — Cloudy and turning colder today and tonight with scattered showers changing to snow flurries. High today 40-44; low tonight 16-20. Tomorrow partly cloudy to colder with a few snow flurries. High 30-35. Light to southwest winds 5-15 m.p.h. shifting to northwest 12-20 late today and tonight.

Steady Business May Cut Taxes

Solons Say Reductions of Third in 10 Years Are Possible

WASHINGTON (INS)—A House-Senate subcommittee states federal taxes can be cut one-third in ten years if the economy keeps growing at a steady rate.

But the group, part of the joint committee on the economic report, warned that a tax reduction next year "in the face of a booming economy might well be inflationary."

The subcommittee's views came in a unanimous report based on two weeks of round table hearings with tax experts from all over the country.

However, one member, Sen. Paul Douglas (D-Ill), urged in a supplementary statement that a half dozen "loopholes" in existing law be closed.

He said that six to seven billion dollars in additional revenue from these sources could be used to give tax relief to low income taxpayers and to reduce or eliminate such excise tax rates as those on communications, transportation and admissions.

The subcommittee, in holding out hope for a major tax cut, said general reduction of rates "will probably be necessary" in the long run to allow consumer spending to keep up with full production.

However, all such hopes would go out the window, the lawmakers said, if the world political situation worsens or if the nation's economic growth fluctuates widely instead of moving at a steady pace.

Accused of Copper Theft

GRAND RAPIDS (AP)—Benjamin H. Zeestraten, 21, was remanded to jail Wednesday to await sentence after pleading guilty before Circuit Judge Dale Souter on a charge of larceny over $50. Sheriff's men said Zeestraten admitted stealing approximately 300 pounds of copper cable, valued at about $880, from Kent County Airport Dec. 14.

. . . And Even More Questions

World Scientists Puzzled Over Mystery of Earth

By ALTON L. BLAKESLEE
AP Science Reporter

ATLANTA (AP)—Imagine living on the skin of a big apple, for only a few seconds of time.

How much would you have learned about the apple, its insides, and everything outside of it?

That's the fix we humans are in in knowledge of this home planet of earth, some scientists said today in telling of worldwide cooperative plans to learn a lot more.

Humans have dug only six miles deep into the solid skin. Other humans have soared only six miles high into the skin of air around us. In written history, humans have been here only a millionth of the time the earth has swung around the sun.

Scientists concerned with the International Geophysical Year, starting in mid-1957 and involving scientists of 40 nations, told the American Assn. for the Advancement of Science of bold plans to crack some mysteries. One project: sending little man-made moons circling the earth and radioing back information.

Our existence has been confined to this thin veneer or skin, and the great events inside and outside must be better understood, said Dr. Lloyd V. Berkner, president of Associated Universities, Inc., in New York, operating Brookhaven National Laboratory, an atomic research center.

How much and how often does the life-giving energy from the sun vary? What causes mysterious cosmic rays? How much does the blanket of clouds vary, and how does this affect weather? How much does each element affect our weather, our radio communications?

What's the sea bottom like, what can it tell us about the interior of the earth, how to look better for oil and coal and other riches? How long does it take deep ocean currents to travel from the antarctic to the Equator and back, how do they affect our weather, the wealth of seafood, asked Dr. Roger Revelle, director of the Scripps Institution of Oceanography at La Jolla, Calif.

Second Breakin Nets Sights, 10,000 Bullets

An area sportsmen's club was looted of 10,000 rounds of ammunition Tuesday night, three weeks after a similar breakin netted thieves two rifles and 3,000 rounds.

Scene of the theft was the Multi-Lakes Gun Club in Commerce Township. According to sheriff's deputies, the bullets were of .22 caliber. Also taken in the Tuesday robbery were two telescopic sights.

Detective Leo Hazen states that the burglars also apparently consumed some liquor at the club's bar.

Military Censors Halt Publication of Brazilian Paper

RIO DE JANEIRO (AP)—One of Rio de Janeiro's leading morning newspapers failed to appear today and blamed delays in military censorship.

An official of Correio da Manha said the proof of page six of the paper still was at the War Ministry hours after the press run usually starts.

Censorship to prevent criticism of the legality of Brazil's provisional government was decreed last month. The opposition newspaper Diario de Noticas was raided yesterday and all copies seized because it published an editorial critical of censorship.

Censorship does not apply to news dispatches sent abroad.

Report Paper Strike Nearing End Today

DETROIT (AP) — Stereotypers, whose walkout 29 days ago closed Detroit's three metropolitan daily newspapers, and publishers were reported near agreement today.

But an immdiate agreement between them would not necessarily mean an immediate resumption of publication. Two other unions since have gone on strike, and a third has been authorized to strike, if it desires, by its international union.

A jurisdictional dispute involving at least three unions also complicates the situation.

Sources close to both sides said after a bargaining session last night that the stereotypers' strike was "almost settled."

George Robinson, president of the striking stereotypers, said he would submit a new offer of the publishers of the morning Free Press and afternoon Times and News to a membership meeting of his local union at 8 p.m.

Robinson emphasized, however, he was neither accepting nor rejecting the offer. Reportedly the offer is for a $3.50 weekly increase in a contract to end next Nov. 30. When they walked out stereotypers had a base wage of $3.08 hourly.

Stereotypers reportedly offered to settle last night for a $3.75 weekly increase, but insisted on keeping Nov. 30 as the contract expiration date.

Publishers say that whatever the outcome on their offer to the stereotypers they currently are caught "squarely in the middle of a dispute between rival unions."

Baseline Girl Uninjured When Auto Leaves Road

A 15-year-old Baseline girl was taken to the hospital last night after the car she was riding in ran off Predmore Road in Orion Township.

But Diane Raymore needed no treatment, authorities in Pontiac General Hospital said.

The driver, Evelyn M. Turcott, 18, also of Baseline, told Sheriff's Deputies she lost control when the car skidded on loose gravel.

Circuit Court Date Set for Two Detroit Youths

Two Detroit youths, charged with breaking and entering, waived examination before Farmington Township Justice Allen Ingle yesterday. Ingle bound the two over to Circuit Court Jan. 9.

He set $10,000 bond for Edward Dixon, 19, and $5,000 bond for Robert Smith, 17. Both youths failed to furnish bonds and were returned to jail.

Quints Entertain Friends as Papa Fumes at Home

MONTREAL (INS) — The four surviving Dionne quintuplets entertained boy friends last night in their Montreal apartment while their father stewed and fretted in Callander, Ont. over the girls' intention to "lead their own lives."

* * *

Yvonne, Cecile, Annette and Marie served dinner to two slim, dark-haired young men about 25 years old.

Later, a Montreal businessman, an official of a trust company who has been acting as adviser to the girls, came to the apartment and was served coffee.

The quints, now 21, wealthy, and living their lives without parental discipline, continued to refuse to talk to newsmen concerning their estrangement from their father, Oliva.

PAPA MAY VISIT

Papa Dionne claimed the quints did not even send a Christmas card to their parents. It was rumored that Dionne is planning to come to Montreal, but there was no confirmation of this report from Callander.

The businessman who gives advice to the quints said they are "meeting boys normally now, but marriage is not on their minds at the moment." He added:

"They are enjoying a normal social life. They have friends of both sexes. They like to dance, listen to music, go to shows, read, and they get a kick out of cooking."

IN NURSE TRAINING

The four girls are living together in a conservatively-modern apartment in the west end of Montreal. Two of the quints—Yvonne and Cecile—are nurses-in-training at Notre Dame L'Esperance Hospital in Ville St. Laurent.

Dr. G. Cousineau, medical director at the hospital, expressed hope that a reconciliation between the girls and their father can be effected.

He thought it possible that when Yvonne and Cecile get their New Year's holiday leave they might go home to Callander and settle matters with their family in private.

The quints, through a spokesman, insisted they are not estranged from their parents or other members of the family.

* * *

"There is a definite estrangement. But my wife and I bear no grudge against our daughters," Papa Dionne said.

According to Dr. Cousineau, the quints were happy and cheerful before Christmas and gave no indication that they were having trouble with their parents.

In Toronto, Ont., Daniel Dionne, 23, said that the break between his quintuplet sisters and his father, Oliva, had sent the father to a sick bed.

The youth charged that "very powerful people" in Ontario and Quebec had caused a breach in the family. He declined to identify these people.

Daniel also indicated that trouble over money was at least one of the reasons for the family split when he said:

"The quints would rather give money to strangers than to their family."

15 Cartons of Cigarettes Stolen From Drive-In

Fifteen cartons of cigarettes were looted from a Pontiac Township drive-in, broken into last night, Sheriff's Deputies said.

They said entry to the establishment at 2000 Pontiac Rd. was gained by smashing the glass in the front door and unlocking it from the inside.

Ah—at Long Last

MUSKEGON (AP)—Officials today promised a boon to motorists using the city's No. 1 lot—automatic coin changers on parking meters — will receive a 30-day trial in January. If successful, the city may purchase the changers for its three off-street parking lots. The changers return five nickels for a quarter.

Williams Moves to Save Timber on Historic Isle

LANSING (AP) — Gov. Williams moved today to save 700 acres of virgin timber on historic Bois Blanc (Bob Lo) Island in the Straits of Mackinac.

* * *

The governor wrote Michigan congressmen urging that the tract be established as a state natural forest preserve.

The tract is now owned by the federal government, which has considered cutting some of the timber but agreed to delay the operation temporarily while the state tries to obtain the land.

Gerald E. Eddy, director of the State Conservation Department, said the state has tried to exchange state lands for the Bois Blanc tract but has been unsuccessful.

* * *

Francis Criqui, president of the Michigan United Conservation Clubs, told the Conservation Commission at its last meeting that Rep. Victor Knox said he would try to obtain the land for the state.

The tract is one of the last remaining stands of virgin timber in the state.

State Home Inmate Found Near Tracks

The body of John Kuehn Jr., 20, was found last night near the intersection of Service Rd., at the Grand Trunk Western Railroad right-of-way on the grounds of the Lapeer State Home and Training School at Lapeer.

Kuehn, the son of Mr. and Mrs. John Kuehn Sr., of 23614 West Fordson, Dearborn, had been missing since 7:30 from the home and a search had been instituted when the body was found. Authorities said he had been killed by a passing freight train.

His parents will claim the body today. He had been at the home since August 1943.

Khrushchev Blasts Ike's 'Interference'

(Continued From Page One)

between the Soviet Union, India, Burma and Afghanistan.

"Nobody can deny that the efforts made by the Sovet Union have been crowned with great success."

He reaffirmed his conviction that in peaceful competition the "superior" Socialist system would eventually win over any other.

He said history would make this decision, but "in our struggle for communism, we will never start an aggressive war."

Both Khrushchev and Premier Bulganin spoke on the fourth day of a special session of the more than 1,400 members of the Supreme Soviet Parliament to report on their recent visit to India, Burma and Afghanistan.

The speeches of both bristled with attacks on "Western colonialism."

Bulganin assailed such Western-sponsored defense alliances for Asia as SEATO and the Bagdad Pact as "colonialism in a new form with aggressive aims."

As far as U. S. officials could recall it was the first time any major Soviet leader had used such critical language about President Eisenhower since the summit conference in Geneva; in fact since the Bulganin regime took over in February after Georgi K. Malenkov quit.

Thief Calls Much-Robbed Victim by First Name

LOS ANGELES (AP)—Market operator Max Linger has been held up by the same man three times and the fellow now calls him by his first name.

"The gall of that guy," says Linger. "He entered my store again yesterday, pulled the same .32 automatic pistol, and says: 'C'mon now, Max, give me the money. No monkey business now.'"

Linger handed over $53, the contents of the cash drawer, just as he did last March, and again in April.

Conlin Still Seeks Mental Care Bill

Legislation With Tighter Curbs on State Patients Sought by Solon

LANSING (AP)—Rep. Rollo G. Conlin (R-Tipton) returned today to his three-year-old fight to obtain a more sensible screening of persons needing state mental care.

Conlin said he was preparing legislation to establish regional diagnostic centers in the State Mental Health Department.

1—He said his program would provide for:

Temporary commitments of not more than 60 days for patients by probate courts to provide time for regional centers to complete mental and physical examination and diagnosis.

2—Recommendations by the regional centers to the probate courts for the treatment and facility best suited to the patient.

3—Action by the probate courts for permanent commitment or other disposition as the courts may deem necessary.

4—A requirement that patients committed to state hospitals by the probate courts, whom the regional centers believe do not require commitment, shall remain the financial responsibility of the county of residence.

Conlin said his plan was an "effort to deal humanely with those suffering from mental illness and a recognition of state responsibility for their treatment."

GOC Members Receive Awards for Long Service

Twenty-five members of the Pontiac Ground Observer Corp were presented with awards based on length of duty with the organization at a meeting held Tuesday night at the County Office building.

The awards were presented by Lt. Jack Saxton of the Air Force, who was the night's guest speaker.

Those receiving honors were: 1000 hour merit bar, Leona Hegeman; Assistant chief wings, Gene Jonas, Ben Morgan, Francis Leroy and Earl Steel; 250 hour merit bars, Donald Graham, Edna Hawley, and Lewis Wood; 100 hour certificates, Leroy Good, Lena Good, Donald Graham, Edna Hawley, Earl Eddy, William Moore, Eugene Mabeus, Juanita Mabeus, Carl Pinkston, Harry Stump, Harry Stickler, Earl Steel, and George Williams, 20 hour wings: Jim Barnowsky, Geraldine Brown, Hilda Graber and Juanita Turnage.

Telegraph Rd. Mom Raps Ziegler's Plan

DETROIT (AP) — A spokesman for mothers who staged a blockade of Telegraph Road seeking a signal light today criticized a State Highway Department solution of the problem.

Mrs. Clara Tharrett disputed traffic figures reported by Highway Commissioner Charles M. Ziegler, saying: "He's full of hot air. His counters must have slipped a sprocket."

Ziegler yesterday rejected the mothers' demand for a signal light at the Cypress Street intersection and said school buses would be rerouted to cross busy Telegraph Road (U.S. 24) by a nearby overpass. He said Telegraph carries 30,000 vehicles daily and Cypress only 39 in peak hours.

Mrs. Tharrett said the mothers will keep their promise to Gov. Williams not to resume their blockade but that they plan to enroll their children in different schools Jan. 3 so they won't have to cross Telegraph.

Shots From Air Rifle Cause $100 Damage

About $100 damage was caused when someone shot a B-B gun at a home at 743 Auburn Ave. last night, insurance officials told police.

Police said juveniles are suspected of the act, which destroyed glass panes in a front door and window.

The Day in Birmingham

Drafting Begun to Build Sections of Evergreen

BIRMINGHAM —Drafting of incorporation articles for an authority of the four governmental units north of 14 Mile Road to build their own section of the Evergreen drain was begun yesterday morning at a meeting in the municipal building.

The authority's proceeding with the project will have Birmingham, Bloomfield township, Bloomfield Hills and Troy provided with the temporary measure, which can be adapted when the Evergreen sanitary sewer project is undertaken.

Engineering plans for the Twelve Town storm drain were discussed by city managers of four towns yesterday afternoon. Robert Wright of Clawson, Norman Barnard of Troy, Edward Shafter of Royal Oak and D. C. Egbert of Birmingham attended in Royal Oak.

Royal Oak's manager will ask his commission permit for that city to share guarantee of engineering planning funds up till Jan. 17, as Egbert did with Birmingham on Tuesday. This city's 50 per cent has already been approved.

* * *

Opening of 14 Mile road through the Birmingham Country Club's golf course will be discussed when the planning board meets. The postponed meet will be on Jan. 5 or 10, but date is not set.

"The opening of 14 Mile would just involve the stand of timber that edges the golf course, and if it veers to the south because of the hilly territory it might involve homes," according to Herbert Herzberg, city planner.

"It would best benefit the city as a whole to have the additional east and west road to carry the added burden of traffic now and in the future," Herzberg said, pointing out that experts expect the Detroit area population to jump from its present three million to four and a half million by 1970.

"Our roads would have handled traffic here in 1930," he says, "but just aren't adequate today."

Petitions are on file of homeowners in the area between Maple and 14 Mile Road in favor of the 14 Mile road opening, and others, from residents along the road itself, oppose the through traffic it would make possible.

Widening of 14 Mile from Greenfield east to the Birmingham city limits in cooperation with Royal Oak received the City Commission's nod of approval Tuesday night. Sidewalks are included in the plan between the two cities.

* * *

Home from University of Michigan, Elizabeth Ann Buckner, 18, of 670 Wellesley received bruises on leg and face when she was hit by a car driven by Mrs. Doris M. Loll, 16261 Kirkshire, Southfield Township Wednesay. No ticket was issued by Birmingham police.

* * *

Two boys in their early teens, reported missing from home, were found with sleeping bags, ready to spend Wednesday night in a fire-wrecked home on Quarton road.

William H. Miller

Service for William H. Miller, 81, 647 Henrietta, who died yesterday after a short illness, will be Friday at 2 p.m. at Manley Bailey Funeral Home. Entombment will be in White Chapel Cemetery.

Mr. Miller was born in Rochester, and for the past 21 years has been landscape gardener on the Graham John Graham estate in Bloomfield Hills. He belonged to First Presbyterian Church.

Surviving are his widow, Marion McKinely Miller, a daughter, Mrs. Emma Rogers, of Detroit and two sons, Jess of Birmingham and Irving of Croswell.

Threatening Rain Keeps Ike Indoors

(Continued From Page One)

ticing yesterday are considered excellent exercise at this stage of his recovery.

Back in Washington, the administration reportedly plans to ask Congress for power to commit the United States to a 10-year program of economic aid to friendly nations.

The sum for any country would vary, depending on the size of the project to be backed. A maximum ranging from half a billion to a billion dollars is being considered, with the money to be parceled out in annual installments.

Such a request would be virtually certain to stir up new opposition among members of Congress already critical of the administration's plan to boost its 1956 request for new foreign aid funds to nearly five billion dollars. Congress voted $2,700,000 this year.

Without reference to the new long-term commitment the administration is reported to want, Sen. George (D-Ga) said today he believes "there will have to be a very serious reappraisal" by Congress of the foreign aid situation.

Congress has normally insisted that economic aid be granted strictly on a year-to-year basis, without any long-term commitments.

Seek Blood Donations at Church Tomorrow

Donations to the Red Cross Blood Bank will be sought tomorrow between 3 a.m. and 2 p.m. at facilities sponsored by the Pontiac Press in the First Presbyterian Church, W. Huron St. at Wayne.

The facilities will be available to both employes of the newspaper and the public, according to Mrs. Dorothy Blodgett, chairman.

'Cats Sign Trimble, Toronto Paper Says

TORONTO (AP) — The Telegram said today Jim Trimble, let out as coach of the Philadelphia Eagles of the National Football League two weeks ago, has been signed to a one-year contract by Hamilton Tiger-Cats of the Big Four.

The story says Trimble reached agreement in New York last night with Jake Gaudaur, new Tiger-Cat general manager. Terms of the contract were not announced but Trimble's salary was reported to be $15,000 to $20,000.

There are ten species of the skunk in North America.

Detroiter Pleads Guilty to Theft of Auto Parts

A Detroit man yesterday pleaded guilty to stealing two fender skirts here last week and was sentenced to 30 days in jail by Municipal Judge Maurice E. Finnegan.

Edward M. Biffle, 22, admitted taking the parts from a car parked on Duke Street.

Red Malayan Chief Bolts Amnesty Talks

BALING, Malaya (AP)—Malayan Communist chief Chin Peng stalked back into the jungle today, breaking up the talks on amnesty for his forces to end Malaya's 7½ years of guerrilla war.

* * *

But in walking out, the 36-year-old leader offered to end the fighting when an "elected" Malayan government takes complete control of its military forces from the British, who are now waging much of the fight.

Britain has promised independence or Commonwealth membership eventually to the federation of Malaya, now a protectorate with an elected legislature over which the British high commissioner has veto power. The island crown colony of Singapore also has been given the same promise.

* * *

Prince Abdul Rahman, chief minister of the federation who led the negotiations with Chin, will go to London Jan. 1 to begin talks with the British government on Malayan independence. The Red offer to quit fighting appeared to give him a strong talking point.

Police Chief Struck

LIVERMORE, Calif. (AP)—Police Chief J. R. Michelis was struck by a big truck and trailer as he stepped from a curb into the truck's path. The chief, who has been directing a holiday season campaign against jaywalking, was hospitalized with leg bruises. He said ruefully he was more embarrassed than hurt. The truck driver was not cited.

Rebels May Terrorize French Election Day

ALGIERS (AP)—Nationalist rebels called today for a sharp rise in terrorist activity on France's parliamentary election day Jan. 2.

Clashes between guerrillas and French forces left another five dead in the bloody North African territory. Rebels kidnaped four persons and the French captured 25 Algerians.

The underground Algerian Communist newspaper Liberte issued an appeal to make the election day a "great national day of union and patriotic action. . . to bring closer the day of national liberation."

Election of Algeria's 30 members of the French National Assembly has been postponed indefinitely because of the continuing violence.

Saki Partygoer Punches Jap Reporter in Scuffle

TOKYO (AP)—Tokio Okada, 26, Japan Broadcasting System reporter, popped into the virus and blood plasma section of the Welfare Ministry yesterday and found a saki party in progress.

Welfare official Tetsuhisa Abe, 29, socked Okada on the jaw and chased him upstairs to the press room.

Okada's pals manhandled Abe and turned him over to police.

Japan Broadcasting called Abe's action "unprovoked." Welfare officials were unavailable for comment today. They were enjoying a "yearend-forgetting" holiday.

Yeast is a series of plant-like bodies, each little particle being somewhat less than one three-thousandths of an ich in diameter.

Six states—Maryland, Georgia, North and South Carolina, Virginia and West Virginia—derived their names from former British rulers.

Industrial Atomics Grow as Private Capital Invests

WASHINGTON (AP)—The era of atoms-for-profit moved perceptibly closer in 1955, the first full year of the atom's commercial history.

* * *

Though most companies figure they'll be lucky to break even on nuclear operations for the next five years or more, atomics already has become a major American industry.

It now is getting multi-million-dollar infusions of private capital, and in 1956 expects a major breakthrough—private sales in foreign markets.

Meantime, the cost of atomic power plants is being whittled down by steady technological progress. The most advanced designs now on the drawing boards still are at least twice as costly, per killowatt of capacity, as coal plants.

But experts say the new designs may be only about one-sixth as expensive to construct as the nation's first full-scale atomic power plant, being built jointly by the government and Duquesne Light Co. of Pittsburgh. It will start delivering power in 1957.

There were other major strides toward the goal proclaimed by President Eisenhower—to "strip the atom of its military casing and to adapt it to the arts of peace." They include:

1. The 72-nation conference on peaceful uses of atomic energy, held at Geneva in August under United Nations auspices. Free world observers agreed that it demonstrated convincingly America's sincere desire to share atomic benefits around the globe.

2 The signing of bilateral agreements with 20 nations, and the initialling of eight more, under which nuclear products and know-how may be exported and exchanged.

* * *

3. Disclosure that the United States is launched on a "fusion-for-peace" program, intended to adapt the hydrogen bomb principle to useful applications.

* * *

4. The first atomic industry trade fair was held in Washington in September with more than 70 exhibitors showing their wares to an estimated 7,500 potential customers, investors and technicians.

Germany, France and the other European countries for the most part, plan to buy their initial reactors from the United States and use them as models for home-built reactors.

SOME COMPLAINTS

It appears likely that an act will be opened up in the coming session of Congress for possibly substantial amendment. Some of the complaints concern:

1. The protests of prospective foreign buyers that, even if they obtain U.S. reactors, they will not have assured supplies of fuel; and that they cannot yet buy sizable power reactors under present U.S. regulation.

2. The difficulty of insuring reactors. Private insurance companies are not prepared to underwrite risks of unknown and possibly catastrophic dimensions. Government assumption of part of the risk has been proposed.

* * *

And 3. The thick secrecy with which AEC still surrounds much technical information, despite considerable liberalization in the past year

* * *

Evidently confident that these and other difficulties will be removed before they become crucial, utilities groups are pushing forward under the law which permits them to build, buy and own reactors. They will feed the power into their own systems.

On completion these projects, plus several approved or pending applications calling for very limited AEC help, will represent an investment of some 300 million dollars.

Announcements of smaller reactors—for power, research, testing, or specialized uses—have come in confusingly swift succession.

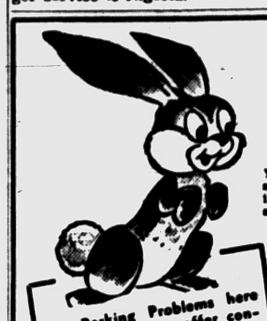

* * *

In other words, by 1980 nuclear power alone will be contributing about half again as much energy as exists today. Meantime, power demand will have expanded so greatly that the atom still will be providing only about half the power used.

Tonga's Queen Salote, who was educated in Auckland, New Zealand, continues to make annual visits there.

A West German air line has been authorized to provide passenger service to Nigeria.

New Zealand expects occasional electric power shortages to continue for several years.

Flash CLEANERS

339 W. Huron (Corner of Palmer)

DRESS UP your mail box with your name in beautiful block letters set in a graceful mounting. All in everlasting aluminum which can *never* rust or rot. Assembled while you wait; locked into a solid, permanent unit. Ends forever ugly hand lettering and constant repainting. Inexpensive, too, and simple to install.

FOR SEPTIC TANKS & CESSPOOLS!

NOW MAKE YOUR PRIVATE SEWERAGE SYSTEM A WELL BALANCED UNIT

- Starts Septic Action
- Stimulates Bacteria
- Eliminates Odors

Camp Cesspool and Septic Tank Conditioner works on a new and proven principle. It starts septic action immediately. It corrects the chemical structure of the material in the cesspool or septic tank. It feeds the bacteria and they work and reproduce by the millions to convert sludge into liquid. If your cesspool or septic tank is too small for your requirements, use Conditioner and see results.

MEMBER OF AUDIT BUREAU OF CIRCULATIONS

THURSDAY, DECEMBER 29, 1955

Library of Democracy Urged as USIA Project

Illinois' Congressman O'Hara and a group of associates have come forward with a suggestion deserving sympathetic study.

Their proposal is that our United States Information Agency be provided with the funds necessary to prepare and publish a short, inexpensive Library of Democracy. It is further suggested by this group that such books be printed in the world's principal languages and be made available for circulation at low cost among the intellectuals of all countries.

★ ★ ★

Among writings on Democracy by Americans which would be drawn upon, are those of Jefferson, Madison, Hamilton, Lincoln and Emerson. Also included would be the ideas of such famous European political philosophers as Rousseau, Locke, Bryce, de Tocqueville and Mill.

Part of the idea for this project came from the obvious success the Russians have had in circulating political propaganda. Such material has been spread around much of the literate world and can be bought at prices as low as 10 cents.

★ ★ ★

Backers rightly point out that we have no inexpensive books or material on democracy to compete with this Soviet political propaganda. Lack of them obviously handicaps us in the very necessary work of spreading the true story of democracy.

This is a condition we should lose no time in remedying.

Steel Demand Growing

The 1956 outlook is bright for our basic industry—steel.

In fact that industry not only is winding up its greatest production year but is looking ahead with confidence born of a still growing demand for its output.

The year's big fact in steel, as the American Iron and Steel Institute emphasizes, is that production reached the all time record total of 116,000,000 tons. No other country ever has approached such a total. This was 4,400,000 tons above the previous record production of 111,600,000 tons in 1953.

★ ★ ★

It is a matter of importance to every American that this total was reached by an industry geared up to maximum possible capacity of nearly 126,000,000 tons as of last January 1. Even more important is the institute's statement that continued strong demand for steel is going to force further plant expansion.

★ ★ ★

At the same time steel employment has climbed to an all time record of 680,000. Moreover, payrolls for the year reached the unprecedented sum of $3.5 billion.

All these facts help explain why steel is our basic industry They also help to make clear the vital contribution steel makes to our dynamic and ever expanding national economy.

Women in Congress

Those who think women don't take enough interest in politics must be forgetting our own National Congress.

In it there is an alert representation of 16 from the distaff side. Besides the only woman Senator, Margaret Chase Smith, Republican of Maine, there are 14 Representatives in the Lower House and one delegate from Hawaii.

★ ★ ★

Sen. Smith has been in the Upper House for seven years after having served 10 years in the lower chamber. House veteran in point of service is Rep. Edith Nourse Rogers, Republican of Massachusetts, who succeeded her late husband in 1925. One of the most widely known members of our National Legislature, Rep. Rogers always has devoted a great deal of attention to veterans affairs.

★ ★ ★

Michigan is represented by two women members of Congress, Ruth Thompson and Martha W. Griffiths. Rep. Thompson, a Republican from Benzie County, has been in Washington since 1950. Rep. Griffiths, Detroit Democrat, was elected in 1954.

Considering the feminine delegation as a whole it has a better record than the men for straight party line voting. Incidentally, the 16 women are evenly divided between the two parties.

It is true that these feminine lawmakers are only a small part of our national Legislature with its total membership of 531. But day by day they are contributing importantly to the work of that great deliberative body.

Truman says Gov. Harriman of New York state is a genius. This will hurt Harriman politically, as most people now translate "genius" into "egghead."

It's said an honest confession is good for the soul, but many people value their reputations (such as they may be) more highly than they do their souls.

The Man About Town

'55 Was Big Year

All Oakland County Parks Drew Record Attendance

Eight: The age when we know all the questions.

Eighteen: When we think we know all the answers.

While the final figures for 1955 of course are not closed, it already is assured that Oakland County's recreational spots were patronized during the year by the largest number in their history. Cass Lake again leads the entire state in the attendance at inland state parks. According to

Manager Paul Rearick,

the 1955 attendance there up to Christmas Day was 1,156,105. This is a big gain over the 1954 total, and is exceeded among the 60 odd state parks only by those at Holland and Grand Haven. A corresponding gain also was made by the other state parks in this county. At Kent Lake Park,

Superintendent David Laidlaw,

speaking for the Huron-Clinton Metropolitan Authority, says the attendance has far exceeded any previous year, numbering in the millions. At the Michigan Conservation Department's Pontiac Lake Area,

Manager John Reagan

states that it has been its largest year, the percentage over 1954 being the largest of any year since the area was opened.

This was the tenth year that

Montgomery Dearborn,

venerable Auburn Heights resident, has received a letter with a $10 bill enclosed, and no means of identifying the sender. It always bears a Pontiac postmark.

The family dog in the home of

Mr. and Mrs. Warren Bergmann

of Waterford broke through the thin ice on the Clinton River, and just escaped drowning. Now he barks at every person that he sees near that stream.

For several years MAT has received a Christmas card from

"The Nuts,"

and wishes they would identify themselves. Perhaps we have something in common.

A parakeet, whose only vocabulary is "Merry Christmas," escaped that day from the home of

Mr. and Mrs. Ransom Merrifield

of Keego Harbor, and has been heard to extend his greeting around the neighborhood, and his owners hope for his return after the season for such remarks has expired.

When a mother recently told

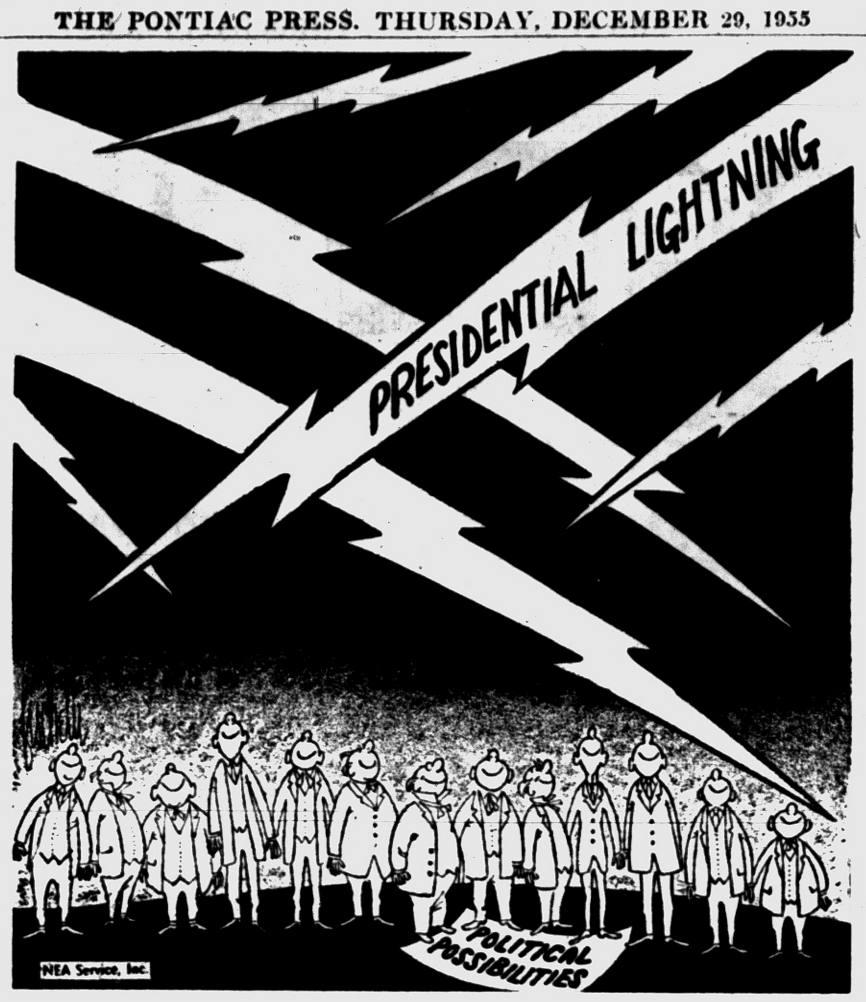

Dr. Tom Malone

of Emmanuel Baptist Church, that it was necessary to warm over her son's lunch three times before he responded to her call to come into the house, he replied, "You warmed the wrong thing."

Verbal Orchids to—

Mr. and Mrs. W. D. Jacobs

of 35 Cooley St.; fifty-eighth wedding anniversary.

Leap Year Is Coming Up

David Lawrence Says:

Present Military Spending and Foreign Aid Prohibit Legislation for Tax Reduction

WASHINGTON — Will Congress vote to borrow money to pay for a reduction in taxes?

This is the biggest question the 1956 session may have to answer unless there's a windfall in tax receipts or sudden lessening of international tension to permit curtailment of arms spending.

Politically, it isn't in the cards a Congress in prosperous times to vote a tax reduction in disregarding the fact there isn't enough revenue being taken in to offset it. Tax reduction demand is strongest during depression or recession, when it creates purchasing power.

Under Truman, the favorite argument against tax reduction was: in good times the budget must be balanced. A majority in both houses against tax reduction would result in a coalition of responsible members voting against an irresponsible group.

PLAGUE THE ECONOMY

Some idea of dangers involved in careless tax reduction, increasing individual personal exemption from $600 to $700, would cost the Treasury about $2,400,000,000 a year in revenue. Yet, exemption increase would benefit each family in tax savings about $40 or $50.

A deficit would be taken as a signal that inflation has returned to plague the entire economy. Prices would begin to rise, and far more than $50 per taxpayer would have to be paid out to meet the higher costs of things bought in the marketplace.

Inflation is the disease which today threatens the economy of the whole world. European nations are struggling against it and some progress is being made. But if America turns to inflation, serious consequences will ensue in the trade between nations. The cost of things bought by Europeans from America would naturally rise. Purchases by foreign nations would be curtailed, and unemployment would show itself in various industries in this country.

POPGUN DEVICE

It is scarcely conceivable that Democratic leadership will take responsibility for starting another wave of inflation. It is more likely that there will be pressure to pass various tax-reduction bills with hope a presidential veto will kill the idea itself and place the blame for refusing tax reduction on the Republicans.

This type of "pop gun" measure is a device frequently used in Congressional politics, but it is doubtful whether voters will penalize the party in power for exhibiting courage and common sense by rejecting irresponsible legislation.

The Eisenhower administration is not expected to show its hand on taxes in the "State of the Union" message next month. It may wait until April 15, when tax receipts from the exceedingly prosperous year 1955 will have been collected.

CHANCES ARE REMOTE

The most important reason for not cutting taxes is that arms spending and foreign aid must be stepped up to insure a continuance of peace. It now is rather generally understood by the American people that the threat by Communist imperialism has not lessened.

There is less danger politically in opposing tax reduction than there would be normally. Since there are new sound financial, economic, international and military reasons for withholding a tax reduction in the face of an unbalanced budget, the chances of enacting any tax legislation affecting taxpayers generally are rather remote.

What is more important to the voter is increased income in 1956 due to increased compensation either through the usual improvements of the wage scale or through overtime work. The total take-home pay in 1956 is expected to increase materially despite any omission of tax reduction.

Some Persons Fail to Ask Doctors About Diagnosis

By WILLIAM BRADY, M.D.

The doctors in this town (in the southwest) are nearly all specialists or "Doctors of Internal Medicine," who do not answer calls to patients' homes. They are always "in consultation" and can't leave the office.

Very often, as I well know (I have worked in several local "kliniks"), the consultation that keeps the specialist tied up consists of a line of patter calculated to persuade the patient to submit to a series of "shots" of one thing or another, which the nurse administers at $5 to $10 a jab.

The foregoing observations were made by the wife of a young suburban physician. She comments further on a peculiar circumstance.

Namely, that many of the "shot" customers never manifest curiosity as to what ails them.

They seem content to coast along without a diagnosis as long as they get their "shots" as scheduled.

HE EVADES

If perchance one should summon the courage to ask the doctor what the trouble is, the doctor can usually evade embarrassment by patting the poor sucker on the shoulder and saying "Now, now, you keep on with your treatment and let me worry about that."

This young woman knows the technique of the "trick specialists" and "klinik racketeers."

From the young woman's letter, I got the impression that it might be a good thing for all concerned if the doctor were required to give the patient, the patient's guardian or next of kin a written diagnosis or at least a signed statement of his opinion of the nature of the ailment before prescribing or administering treatment.

This need not worry the doctors who are quacking it so lucratively as trick specialist and klinik racketeers. They have control of medical education, the hospitals, the licensing of physicians and organized medicine in general.

FOR INSTANCE

For instance Sec. 4 of Chap. III of the Principles (code) of Medical Ethics, written and promulgated by the American Medical Association back in the days when medicine was a profession—the businessmen of medicine have been striving to liberalize the spirit of the code—dealing with advertising, says among other things:

"It is unprofessional to procure patients by indirect . . . advertisement, or by furnishing or inspiring newspaper or magazine comments about cases in which the physician has been or is concerned."

Of course this applies to the small time practitioners who truckle to the big shots of the A. M. A. not to the specialist consulted by a famous man with heart disease.

Always write to Dr. George W. Crane in care of The Pontiac Press, Pontiac, Michigan, enclosing a long 3c stamped, self-addressed envelope and 20c to cover typing and printing costs when you send for his psychological charts and pamphlets.

Voice of the People

Community Club Backs City Parking Ordinance

Letters will be condensed when necessary because of lack of space. Full name, address and telephone number of the writer must accompany letters but these will no be published if the writer so requests unless the letter is critical in its nature

At a recent meeting of the Wever - Owen - Hawthorne Community Club it was voted unanimously to support the Pontiac City Commission in their efforts to provide additional parking spaces for the convenience of downtown shoppers.

In many other ways individuals would benefit also. For instance, as everyone knows, it is getting increasingly difficult to have a doctor call at your home, and therefore you must go to his office.

If one is lucky enough to find a parking space after driving around for quite some time, it may be necessary to carry a sick child, exposing it further to the elements of weather, so that by the time you arrive at your destination, perhaps late for your appointment, you are well on your way to becoming a patient yourself. This is only one example.

It is regrettable that the group seeking the referendum must misinform the general public by stating that the project will increase our taxes, in order to secure signatures on their petitions. Those who have read the proposed ordinance can readily see that only the revenue derived from the operation of the lots shall be used in payment of the bonds.

It is our belief that the City Commission has studied the matter thoroughly and that they are working for the best interests of the majority by passing this ordinance.

Mrs. George W. Gray, President
Wever-Owen-Hawthorne
Community Club

Hal Boyle Says:

Now Let's Take a Squint at What's Coming in 1956

NEW YORK (AP)—Everybody likes an advance peek at what lies ahead.

This curiosity is a human trait, as human as having mothers-in-law or the nosebleed.

Each year the editors of the Oddity Almanac try to satisfy this curiosity by taking a look in their fuzzy office crystal ball and making a few pertinent forecasts for the year coming up.

Here are their picks for '56:

* * *

POLITICS — A drive will be launched to get both the Republican and Democratic parties to back a bipartisan presidential election ticket—but cooler heads will prevail. Both major party platforms will denounce ragweed and endorse motherhood, but each will remain silent on the crying question of the hour, "Shall the dandelion be made America's national flower?" It's too hot an issue for a campaign year.

* * *

BUSINESS—As usual, only more so. The nation will hit a 400 billion dollar income, and 9 out of 10 Americans will ask, "wonder who got my share?"

SEX—It will go on as usual, too. No really significant developments in this important field appear on the horizon, although no slump in its present widespread popularity is expected.

* * *

INTERNATIONAL AFFAIRS — Calm year. The cold war between Elsa Maxwell and the Duchess of Windsor will continue, but no open violence will flare. Babs Hutton will abstain from either divorce or marriage.

AUTOMATION — A new push button slot machine will make its appearance in Las Vegas, so patrons can lose their cash without wearing out their arms pulling those levers.

* * *

INDUSTRY — Motor car sales, after a brief lag, will spurt tremendously after all firms announce they will give a year's free parking space with the purchase of each new automobile. Color television will become so common you no longer will have to run to the back porch to watch a beautiful sunset; you can gallop over to your wealthy neighbor's house and see it on his TV screen. A washing machine will be developed into which you can dump your dirty children as well as your soiled laundry. An oil well will discover a Texan.

* * *

SPORTS — Britain will finally uncover a promising heavyweight boxer with a plastic instead of a glass jaw, but Rocky Marciano will break it in 1957 anyhow. The New York Yankees will lose the American League race and go on a vegetable diet. An attempt will be made to include girl watching as an Olympic sport.

WOMEN'S FASHIONS — The style world will be startled by a revolutionary new corset which zippers up the front, thus enabling a fat wife to dress without asking help from her churlish husband. Some strange new shapes in ladies' hats are in the offing, but is this news?

* * *

MEN'S FASHIONS — Charcoal-white shirts will gain favor among white collar workers who complain they can't afford laundry costs on their present white-white shirts.

HEALTH—A man will be afraid to admit he has a corn or bunion for fear people will think it is a sign he is too poor to buy a car and has to walk to work. Women will go on living longer than men, and men will go on wondering why. Three eminent doctors will say the best way to stay healthy is to avoid emotional tension, and three other equally eminent doctors will say the best way to stay healthy is to blow your top whenever you feel like it.

* * *

THE ANIMAL WORLD — Some rich ally cat will die and leave all its money to a poor old lady who once poured it a dish of cream in its friendless youth. A new dog whistle will be invented which pooches can put in their teeth and blow to inform the master it is time for him to leave the bar and walk them back home.

LABOR — As little of this as possible. New labor-saving devices will give most workers more free company time in which to ask the boss for shorter hours and more pay.

Case Records of a Psychologist

Youngster Who Dislikes School Faces Very Dangerous Childhood Situation

Jerry is in one of the most dangerous situations ever confronting a youngster. He can go on into further naughtiness and even delinquency. Or he can be salvaged in six weeks and made to like school. So you parents or fond in-laws should scrapbook this Case Record and use the vital booklet named below. Boys like Jerry are at the crossroads of their careers, so beware!

By DR. GEORGE W. CRANE

Case Q-334: Jerry P., aged 12, is dragging behind in school and getting an inferiority complex.

"Dr. Crane, it is chiefly because he is a slow reader," his worried mother told me.

* * *

"The school psychologist says Jerry has a good I.Q., but can't read at the normal rate.

"Some of his classmates make fun of him, too, so he has now begun to attract attentiton by shooting paper wads and being naughty.

"What can his daddy and I do to help tutor him at home? He seems to hate school, yet I always loved it."

HATE OR LOVE

On everybody's chest is this indelible motto, invisibly tattooed: "I want to feel important."

Since his failure in school makes Jerry feel unimportant, it is only natural that he is begining to hate school.

His mother made "A" grades and her parents always boasted before guests of their daughter's wonderful scholastic record.

Obviously, that made her feel important, so she naturally liked school.

All of our likes and dislikes, love or hate, go right back to that invisible tattoo.

If anything deflates our ego, we dislike it. If it makes us feel important or like "big shots," then we like it.

So how can we get Jerry to feeling proud of himself with reference to school subjects, and especially his reading?

Well, his parents can get him some of the approved modern comic books, such as Classics

Illustrated. The latter depict the great novels of English literature in colorful, comic book fashion. They are excellent.

GIVE TWO CHOICES

To avoid making a child think you are dictating to him, offer him two choices. This is true, even regarding punishment.

But in Jerry's case, his mother and father can enact a family rule that two of them do the dishes while the third reads a good comic book aloud.

Jerry will soon pick the job of reading, rather than wash the dishes (which includes pans and cleaning up the sink, remember.)

Don't scold him harshly for errors in pronunciation. This 15-minute stint every night will do wonders for every child who is backward in reading.

And to supplement such drill, make flash cards, which are strips of white cardboard on which you print the actual words from his present school reader.

* * *

Place one word on a card. Hold up two and show Jerry the differences between them. Then shuffle, and see if he can identify them correctly.

Add a third word, and repeat. Keep on till you have him calling off hundreds of new words as glibly as his teacher can do it.

By using the very words from his current reading book, every bit of aid he gets tonight, will pay dividends tomorrow in the classroom, so his ego will rise.

Soon he will be an accomplished reader. That will make him feel important, so he will like school, and decide to go on to college.

You parents, in a mere six weeks, can thus completely alter your child's attitude toward school. But keep the tutoring as a game, and let daddy compete in identifying the flash cards. But have him "pull his punches."

For further advice on this critical matter, send for my booklet "How to Tutor Your Child at Home," enclosing a stamped return envelope plus 20c.

You may change your child's entire future career by the aid of this booklet.

Always write to Dr. George W. Crane in care of The Pontiac Press, Pontiac, Michigan, enclosing a long 3c stamped, self-addressed envelope and 20c to cover typing and printing costs when you send for his psychological charts and pamphlets.

THE BERRYS By Carl Grubert

Chemical, Electric Maps of the Brain May Reveal Basis for Human Behavior

ATLANTA (INS) — Researchers are drawing chemical and electric "maps" of the brain in order to learn the basis of human behavior, including mental illnesses.

"Ultimately," one prominent psychiatrist believes, "we hope to learn what makes the normal person act the way he does — and the mental patient and the genius."

Basic assumption of the mapping work — now being confirmed by experiments — is that there is a definite chemical difference between the brain nerve cells of so-called normal man and the brain nerve cells of mental cases.

Experiments have shown that the different pyschotic states have different "geographic" locations in the parts of the brain — cortex, cerebellum, hypothalmus and medulla.

Two groups of psychiatrists described the "mapping projects" today at the 122nd annual meeting of the American Association for the Advancement of Science in Atlanta.

Dr. Robert G. Grenell, associate professor of psychiatric research at the University of Maryland, Baltimore center, has discovered what he believes to be a chemical guidepost to changes in behavior.

The substance is called adenosinetriphosate (ATP).

With the aid of chlorpromazine, one of the mental "miracle drugs," Dr. Grenell has shown "there is definite evidence for the association of a marked chemical change in specific nerve cells with a marked shift in behavior patterns."

He continued that there is direct relationship between behavior and ATP level. Since ATP level may be raised or lowered by the mental "miracle drugs," the way is open now to "interrupt and change cell cycles so as to correct mental deviations," according to Dr. Grenell.

Dr. Grenell told International News Service:

"We are chemically mapping the brain — just as the anatomist has mapped the brain — and we hope ultimately to find what makes for normal and abnormal behavior."

"We feel strongly that there is a biochemical pattern involved in some way in everyday behavior."

Another group of psychiatrists, working at the Army chemical corps medical laboratories, offered another confirmation of the chemical basis of behavior.

Putting a "wire tap" on the brain's synapses or switchpoints and recording the minute electric currents generated by the "outgoing calls," the Army researchers found:

"The operation of the synapses can be readily improved or impaired by chemicals which are naturally found in the nervous system."

The New Year bells ring out with our best wishes for everyone for '56. We hope this year will be a wonderful one for you . . . rich in happiness, bright with success . . . full to overflowing with warm, lasting friendships and love.

Bob Considine Says:

Red Cross Denies Helping Turncoat GIs

NEW YORK (INS)—The passing show.

Richard Tenneson, the returncoat, said just before he was turned loose by the Chinese Reds that the American Red Cross had sent him, and other renegade GIs, five dollars a month "milk and egg money." I quoted him, on the air.

No such thing, says Dan Romine chief of the Red Cross' news and advertising department.

"The American Red Cross has had no contact with these men nor has it provided any funds whatever for them," Romine writes.

"The Chinese Red Cross, which in times past has often acted for the current government, may have served as an agent for the government in making payments to these men. This is merely a supposition, however, which we could not substantiate.

• • •

"Conversely, we have done as much as possible for those Americans who have been detained against their will in China. We have provided food packages to those civilians whom the Chinese admit they are holding, and we regularly sent food parcels to the American fliers whom the Chinese released.

MEET RETURNEES

"The American Red Cross long ago set up a system through which repatriates are met when they cross to freedom at the Kowloon bridgehead at the border between Hong Kong and the Chinese mainland. Each group is met by Red Cross people.

"They have only to make their needs known and the Red Cross does what it can to fulfill their needs — whether for clothing, a phone call to relatives at home, a cable, or funds to tide them over until personal arrangements are made."

"Uncle Tom" was Josiah Henson, a Maryland slave Harriet Beecher Stowe met at her brother's house in Boston. Henson turned preacher to raise the $600 his master promised would buy his freedom. When he got the $600, the fellow raised the price to $1,200.

Henson escaped, established a cooperative community at Camden, Ont., and in time was received by Queen Victoria.

"Charlie Chan" was Chang Apana, a Chinese-Hawaiian sleuth who worked in Honolulu and came to the attention of Earl Derr Biggers. . . O. Henry drew his character Jimmy Valentine from a fellow con named James Connors. . .

Publisher Horace Liveright inspired several novels, including "The Scoundrel." . . . Tom Wolfe borrowed "Professor Hatcher" in "Of Time and the River" from Prof. George Pierce Baker, Harvard. . .

Budd Schulberg learned enough about Primo Carnera and F. Scott Fitzgerald to write "The Harder They Fall" and "The Disenchanted." Katharine Brush's "Young Man of Manhattan" was mainly Dick Vidmer, though we always thought she had Bill Corum in mind, too.

Edna Ferber used artist Neysa McCein as Dallas O'Mara in "So Big" and Katharine Cornell as Miss Payne in "They Brought Their Women." . . . Lord Byron's love affair with Caroline Lamb moved Benjamin Disraeli to write "Venetia." . . .

Bridge expert Joseph Bowne Elwell's murder was the basis of S. S. Van Dine's "The Benson Murder Case." . . . Robert Hitchens had Oscar Wilde in mind when he wrote "The Green Carnation." All of which is from Irving Wallace's "The Fabulous Originals." But there's much more in that one.

The next time you're in Chicago and want to see the original "Smoke-Filled Room" of U. S. political history, check in at the Sheraton-Blackstone and ask for Suite 408-10.

Harry Daugherty summoned Warren Harding to it at 2 a.m. on a morning of the dead-locked GOP convention and asked him if there was anything in his background that might embarrass the party if he were nominated.

Harding went back to his own room and communed with himself for 10 minutes. Then he returned to the suite, which was heavy with cigar smoke, and said "No."

The die was cast, and an enduring if not very palatable phrase had entered the American language.

Bramuglia: Heir to Argentina

Is He Peron's Successor?

BUENOS AIRES (AP)—Argentine politicians and labor leaders trek these days to a simple brick house at 1682 Juncal St.

• • •

A pretty dark-eyed receptionist shows them down a white-tile hall, then into a parlor. Here, smiling and affable, is the man they've come to see — Juan Atilio Bramuglia. Lots of people call him the "political heir" of overthrown dictator Juan Peron.

Bramuglia, a shrewd politician, apparently is planning a comeback after years in the shadows. He is a man to watch in Argentina's future.

ATTRACTS WORKERS

Once a Peronista stalwart, he quit as the strongman's foreign minister in 1949. It is said he clashed with Peron's wife Eva and several top Peronistas. He faded into obscurity.

Like Peron, he espouses a doctrine aimed at attracting working class support. But, needing all the support he can get, he has been forced to walk a tight rope since the September revolution that ousted Peron.

• • •

He has cultivated an opinion among many anti-Peronistas that he is a moderate compared to his former chief. He has announced he wants to create a new political party, the Popular Union party. Provisional President Pedro Aramburu has told him all political parties have ample guarantees.

POLITICAL HEIR?

Is Bramuglia Peron's political heir? Asked point-blank in an interview, he would not give a direct answer. Neither would he reply directly when asked whether he was glad the September revolution happened. "Things must be judged on their results," he said.

• • •

He says he has had no contact with Peron since the dictator's downfall.

Sees Progress on Israel, Egypt

U.N. Group May Act on Hammarskjold's Peace Proposal for Frontier

JERUSALEM (AP)—Blaming both Israel and Egypt for the delay, the U. N. Palestine truce group has indicated that progress may be made soon on Secretary General Dag Hammarskjold's frontier peace proposals.

In a communique, the truce group said further discussions will be held soon on Hammarskjold's plan.

Hammarskjold's proposals, put forward Nov. 3, are reported unofficially to call for:

1. Completion of the marking of the border of the El Auja-Nizana zone.
2. Evacuation from the border area of Egyptian troops in excess of specific provisions of the armistice agreement.
3. Replacement of Israeli military forces in the zone by policemen for the protection of Israeli settlers.

Wilson Explains Red Claim of Arms Drop

LOS ANGELES (AP)—"I'm skeptical of reports that the Russians have reduced their spending," Defense Secretary Wilson said, commeeting on a Soviet announcement that its 1956 military budget has been cut 10 per cent.

"When you talk about percentages you've got to know where you're starting," he told newsmen yesterday. "We've cut our budget too since the Korean War."

Wilson, who arrived to act as grand marshal for Pasadena's Rose Parade Jan. 2, said the United States has cut defense spending from a peak of 42 billion dollars during the Korean War to a present 35 billion.

"That's a lot more than 10 per cent," he said.

Doubts if States Can Sidestep Court's Race Rule

WASHINGTON (AP)—A high Justice Department official says he doubts a state could sidestep the Supreme Court's school desegregation decree merely by changing the designation of its schools from "public" to "private."

The official said yesterday he believes a court test would upset any such plans if public funds were used to support the "private" schools.

• • •

He made this comment when asked about a proposal by Virginia's Commission on Public Education to permit state subsidy, through tuition payments, of private schools.

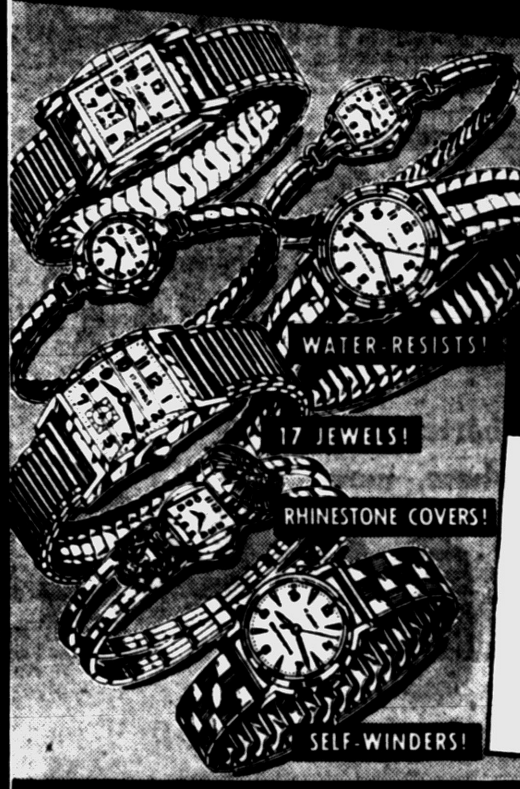

• • •

The official said racial integration is proceeding satisfactorily in the schools and added that, while this situation continues, he doubted the government would initiate any cases aimed at speeding the process.

New Year's Day Menu: Smoked and Fresh Hams

By THE ASSOCIATED PRESS

Those traditional New Year's Day favorites, smoked ham and fresh ham, head the list of week-end specials in the nation's food stores. Turkeys remained a popular feature, too.

There are numerous other good buys, for that matter. Loins of pork and pork chops continue on the bargain counter. Frying chickens will be down two to four cents a pound in some areas. And there will be specials on chuck roast and prime ribs as well as legs of lamb.

Egg prices, on the other hand, are headed higher. One chain is upping prices two cents a dozen in New York, Pittsburgh and Philadelphia, three cents in Detroit and eight cents in Chicago.

The U.S. Department of Agriculture comments that "of the many happy prospects for the new year, the food outlook is one of the brightest." Examining the picture for January, it observes:

"Heavy marketings of pork will keep meat stores well supplies in January. Although supplies may taper off slightly, prices are expected to remain at lower levels during the month. Output of pork for 1956 is expected to be even higher than 1955's large production.

"Beef offerings will remain abundent under continued heavy marketings of fed cattle. All kinds of beef will be plentiful, especially the higher grades. Beef output is expected to continue large in 1956.

In the vegetable market, potatoes and onions, long among the outstanding buys, moved up a bit this week. Canadian turnips also edged up. However, produce men continue to regard these three as about the best buys available.

Also worthwhile purchases are cabbage, bunched carrots, corn, iceberg lettuce, eggplant, peppers, sweet potatoes and bunched beets. Yams are up a little.

You'll find good values in fruits, particularly in oranges, grapefruit, tangerines, limes, avocadoes, apples, and Emperor and Revere grapes.

Church Council Makes Request

Asks Michigan People to Reflect at New Year Instead of Reveling

The Michigan Council of Churches, in a joint statement by its president, Dr. Kenneth G. Neigh, and its executive director, Dr. G. Merrill Lenox, has issued a special New Year's appeal for an observance of the holiday season which is consistent with its basic meaning.

The statement points out that "the closing hours of one year and the dawn of another constitute a period of time when all men should conscientiously examine their own lives and commit themselves anew to doing the will of God." It goes on to say that the meaning of the New Year takes on special importance at a time when our nation and world face problems of gigantic proportions and desperately need to find a sure path to peace."

"There is no rational basis," the Council leaders declare, "for the irresponsible conduct which often accompanies New Year's celebrations frequently resulting in domestic tragedy, traffic accidents and deaths.

"We therefore urge all men of good will, of whatever race or creed or station in life," the ecclesiastical leaders continue, "to make a wholehearted endeavor to keep all New Year's Eve celebrations both temperated and controlled.

"We urge members of all denominations," their appeal states, "to attend New Year's Eve services in their respective churches, many of which will be preceded by congregational and parish parties. We commend the families that will gather in homes for an evening of good fellowship and recreation free of all harmful and objectionable features."

The Council statement concludes "together we exalt the high purpose of a thoughtful and prayerful approach to the New Year 1956 which God in His infinite mercy will present to us on New Year's Eve."

Wade Asks Hearing on Writ for Release

Morrison T. Wade, Orchard Lake resident convicted of charity racketeering, will get a hearing Jan. 13 on his petition to gain a writ for his release from Southern Michigan Prison for retrial.

Federal Judge Thomas Thornton will rule then whether Wade will be granted the new trial. Date for the hearing was set yesterday in federal court.

Wade began a maximum 10-year sentence Dec. 1 after conviction on four counts of conspiracy in 1951 in the operation of the Society of Good Neighbors, a charity organization in Detroit. His wife, Bessie Lou, drew a sentence of five years probation and a $5,000 fine.

Now—Who Won What?

FUJI-MIYA, Japan (AP)—Take one big truck with two men and one small car with five men and bring together from opposite directions on a narrow bridge. It happened here last night. Both groups poured from their vehicles, mixed freely in a heated brawl and were set out to cool in jail.

PERHAPS, AFTER WAITING 20 YEARS, ONE WILL TAKE ROOT. BUT WHAT'S TIME TO A SEED WHOSE PARENT TREE, THE SEQUOIA GIGANTEA, IS 4000 YEARS OLD?

Actress Julie Wilson, Las Vegas Man to Wed

LAS VEGAS, Nev. (AP)—Comedienne Julie Wilson and Las Vegas apartment owner Harvey Bernhard, 31, plan to be married late today at a private home here.

The couple obtained a marriage license yesterday shortly after arriving by air from Omaha, where Miss Wilson had been visiting her parents.

The 31-year-old theater and night club star has been married once before. She divorced her manager, Barron Polan, several weeks ago in Las Vegas.

Mass Tonsillectomy

WEBB CITY, Mo. (AP)—Mrs W. F. Watts, Miller, Mo., and her six children, ranging in age from 3 to 14, entered Jane Chim Hospital for tonsillectomies yesterday.

Why all at once?

"To get it over with," Mrs Watts said.

James G. Freeman Waives Examination

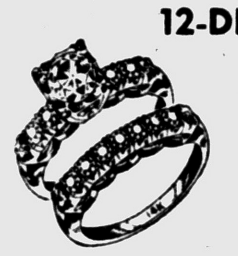

Charged with committing an act of gross indecency, James G. Freeman, 35, of 123 Euclid St., waived examination in Municipal Court yesterday. Judge Maurice E. Finnegan placed Freeman on $1,000 bond and bound him over to Circuit Court for arraignment Tuesday.

Freeman was charged after police said he and another man engaged in an immoral act in the men's lounge of a downtown store.

Denmark trade reports show disappointing declines in exports to Soviet Bloc countries, Copenhagen learns.

Grabs Wheel for Safety but Auto Still Crashes

MARLIN, Tex. (AP) — When his door flew open and a 28-year-old motorist started falling out of his car, he did what you would do—grab something and hold tight.

He grabbed the steering wheel and, as he fought to keep himself from falling, the car veered into a grocery store.

A misprint caused a notice in a newspaper of England's Hertfordshire district to report the birth of "a son, Anthony David, a bother to Richard."

Florida Prison Awaits Returning Escapee

LOS ANGELES (AP)—Former Miami swim instructor Russell Tongay was scheduled to be removed today to Florida, where he was convicted of manslaughter in the death of his 5-year-old Aquatot daughter Kathy.

Tongay escaped while being escorted to a New Orleans hospital and was arrested here last month. He was under sentence of 10 years because his daughter was fatally injured when she obeyed his command to dive 33 feet into a Miami pool.

Meters in City Lot Reach Yuletide High

Christmas shoppers poured a record high $2,948.49 into the 332-car municipal parking lot over a 3-week period in December, Finance Director Oscar Eckman announced yesterday.

This constituted the largest 3-week sum since the lot opened in July of last year.

The first week produced $967.27, the second week $5.95 higher with a total of $973.19 while the last week before Christmas, shoppers dropped $1,008.03 for the highest weekly yield for the lot.

This brought the 16-month total to $41,085.22 for the city's biggest municipal lot.

Bilked Students Get Tuition Back —From the Judge

LONG BEACH, Calif. (AP)—Municipal Judge Charles T. Smith takes a very dim view indeed of what he terms "a school for meat wrappers."

* * *

He granted tuition refunds yesterday to four women pupils and sarcastically suggested to Oliver T. Blake, operator of Blake's California Supermarket Training School:

"Why don't you and I start a school to stuff butterflies and really make some money."

* * *

The four women testified they had paid $85 tuition to Blake only to find the supermarkets got their meat wrappers from a union and never heard of the school proprietor.

Communication Firms Spend Record---Over $2 Billion

NEW YORK (AP) — The communications industry spent a record of nearly 2¼ billion dollars this year expanding its network of wires, cables and microwave links to meet demands of the nation's spurting economy.

* * *

Prospects are for growth at the same or an even greater rate in 1956.

The industry added 3½ million new telephones in 1955, bringing the total in use in the United States to more than 56¼ million. The average number of daily telephones conversations was 305 million—a 22-million jump from 1954.

The telegraph industry expanded its facsimile operations and private wire systems for use by both government and private business.

The American Telephone & Telegraph Co., which operates just over 80 per cent of the nation's phones through its giant Bell system, added more than 2¾ million new phones this year, bringing its total to 46,150,000. This is double the total of Bell phones in service at the end of World War II.

HUGE EXPANSION

AT & T spent $1,700,000,000 on expansion in 1955, surpassing its previous record of $1,406,000,000 in 1954.

The nation's 4,883 independent telephone companies which serve greater geographic areas than Bell, expanded in proportion and now serve more than 10 million customers.

The 700-million-dollar General Telephone Corp., biggest of the independents, acquired the next largest, Theodore Gary & Co., in a merger and now serve about 21 million phones in 30 states.

OTHER IMPROVEMENTS

There were improvements in operating service, too. Eighty-seven per cent of Bell system phones are now dial-operated, compared with 83 per cent a year ago. AT & T television network facilities increased in 1955 to serving 395 black-and-white TV stations in 263 cities and 194 color TV stations in 141 cities.

It was an increase of 38 black-and-white TV stations in 30 cities and 55 new color TV stations in 40 cities over the previous year.

AT & T is at midpoint in its program of laying underwater telephones cables to Europe and Alaska. Both will be completed late in 1956. A California - to - Hawaii cable is scheduled for service sometime in 1958. All these projects have security implications in that they will be less subject to interruption, jamming or interception. All present overseas circuits are linked by shortwave radio.

Almost 80 per cent of the population of Mindanao, next in size to Luzon among the Philippine island chain, are of the Moslem faith.

Police Capture Fugitive After Twenty-Mile Chase

HENDERSON, Nev. (AP)—Hitting speeds up to 100 m.p.n., Jim Bassett led police on a 20-mile chase before he crashed his auto into a fence. Then his escape attempt bogged down completely when he tried to run through an industrial sump filled with caustic soda.

Bassett, 19, of Bakersfield, Calif. was treated at County Hospital for second-degree burns of the legs. He was booked yesterday as a fugitive from California.

No One Injured?

TOKYO (AP)—A speeding taxicab somersaulted twice today on a downtown street and landed on its side on the sidewalk without injuring driver, passenger or pedestrians.

Romeo Press Sale Announced

New Owners to Take Possession From Mrs. Leo Larson

ROMEO—The sale of the local weekly newspaper, the Romeo Observer Press to William J. Eva and his son-in-law C. E. Howard Jr., of Detroit, was announced today.

* * *

The new owners will take possession on Tuesday. They succeed Mrs. Leo R. Larson who assumed the responsibilities of editor and publisher upon the death of her husband in September, 1954.

Eva has been Detroit office manager for the Northern Electrotype Co. for more than 15 years. He will act as co-publisher and business manager of the paper, in addition to retaining his business affiliation in Detroit.

Howard, who will be co-publisher and editor, has been a member of the public relations staff of the Automobile Manufacturers Assn., Detroit, for the past three years. During most of this period he edited the association's monthly publication, "Automobile Facts."

Previously he served for years on Michigan newspapers and in the Lansing and Detroit bureaus of the United Press.

Howard and his wife are both graduates of MSU, having majored in journalism. Mrs. Howard was employed as a reporter by the Midland Daily News and Benton Harbor News-Palladium before returning to her native Detroit in late 1951 to join the public relations staff of the Detroit Public Library.

Mr. and Mrs. Howard have two children, Gregory, 3, and Paul 1, and they will live at Cusic Lake Farms on 32-Mile road.

Ailing Man Burned in Unusual Accident

HIGHLAND — An elderly man was seriously burned yesterday when his bed caught fire as attendants were changing his bedding.

James Baker, 65, 4478 W. Highland Rd., bedridden for the past seven years, was rushed to University Hospital after Dr. Frank Prather administered first aid. The accident occurred at 12:30 when vasoline being used on the patient ignited.

University Hospital reported that from 18 to 25 per cent of his body was burned. His condition is serious, hospital authorities reported this morning.

Highland volunteer fire department extinguished flames from the fire.

Pilgrim Club to Install New Officers for 1956

METAMORA—The Pilgrim Club will hold installation of officers at its Jan. 10 meeting at the home of Mrs. A. F. Burnham.

Mrs. Carl Snover will be installing officer. Mrs. A. F Burnham was re-elected president; Mrs. Ray Hallenbeck, re-elected secretary. New officers include Mrs. Snover, treasurer, and Mrs. Florence Fishell, vice president.

MARY DEAN

Mr. and Mrs. Wade Dean of Clarkston, annotince the engagement of their daughter, Mary, to Thomas Miller, son of Mr. and Mrs. Irwin Miller of Walled Lake. No wedding date has yet been set.

$1,500 Escrow Fund Accepted

Walled Lake Council Insures Completion of Water System

WALLED LAKE—At the recent meeting of the Walled Lake City Council an escrow fund of $1,500 was accepted to insure the completion of the community water system in the Tri-A subdivision. A quit claim deed to the site of the water system was also received from Colwell Homes, Inc. The council received a photostatic copy of the sample water test from Oakland County.

The resignation of Ray Price as a member of the City Planning Commission was accepted. Pressure of his work as Commerce Township fire chief was the reason for the resignation.

Bids on water meters were received and considered, but no decision was made.

A traffic speed survey and a report from the State Highway commission, as well as new speed limits to be installed on Highway 218 through Walled Lake were considered.

The council authorized the clearing of an ice skating area for use during the holiday season.

Other matters discussed were the elimination of certain substandard dwelling units, blacktopping of streets in the business area, establishing a city fire department, and establishment of two-way radio communication between the city office and official cars in the area.

City Manager, A. J. Koenig reported on the progress of an intercommunity recreation program and also the problem of providing relief for the chief of police on his scheduled off-days.

Village Council Extends Loan

Fence Ordinance Put on Third and Final Reading

ROCHESTER—The Village Council received a certified copy of a petition for the taking of a census for city incorporation from County Clerk, Lynn D. Allen at its Tuesday meeting.

A discussion was held on extending provisions of the loan agreement for the North Hill Inc., the village of Rochester and the Manufacturer's National Bank of Detroit from Dec. 30, 1955 to Sept. 30, 1956, for installation of sidewalk, curb and gutter, etc. within the corporate limits. The council voted that the agreement covering the utilities be extended to Sept. 30, 1956.

The council ordered that Fence Ordinance No. 179 be placed on third and final reading. The ordinance was not published within 15 days after its passing and was revoked.

Village president Clarence Burr expressed his appreciation to the council and townspeople for the Christmas decorations this year. He complimented groups responsible for the work.

General government bills amounting to $2,253.74 and water and sewer department bills of $735.34 were allowed and ordered paid.

Announce Winners in Home Decoration

OXFORD—The Christmas decoration contest for homes in the community has been concluded and the following winners announced: Village of Oxford, first, Albert Roberts, 79 Park St.; second, Russell Rebtoy, 77 West Burdick St.; third, Bruce Kessler, 75 West Burdick St.

Oxford Township honors went to LaVern Robinson, Clear Lake; second, Rance Bromley, Lakeville; third, William Martin, 3600 Barber Rd.

Gift certificates were awarded the winners by the Oxford Chamber of Commerce, contest sponsors.

Charge Detroit Man With Armed Theft

OAK PARK — David Thompson, 20, Detroit, stood mute Wednesday morning when arraigned before Judge William Nerm on a charge of robbery armed.

Thompson allegedly robbed John Jackson of Detroit of $70, at the point of a knife Sunday in his Speedway 79 gas station on Eight Mile Road.

Thompson, who was later picked up by Detroit police, has been released on $1,000 bond and will face charges before Judge Nerm Jan. 11 in justice court, Oak Park.

Protection Committee Forms in Avon Township

ROCHESTER—An organizational meeting of the Rochester Avon Protection Committee was attended by approximately 70 persons last night in the Avon Township Hall.

Charles Morrell, 3331 N. Main St., was elected chairman of the group.

Clarence Cadieux representing Rochadale Subdivision was asked to explain facts concerning the issue of changing Rochester from a village to a city.

As the majority of people present were residents of the outlying districts which would not be taken in by the city, the discussion was confined to the question of an increase or decrease in taxation with such a change.

Cadieux stated, "I am not prepared to give exact figures on taxation. The most important thing is for people who do not approve of the change to a city, to launch a voice program and get letters of disapproval to the County Board of Supervisors.

Another meeting of the group was slated at 8 p.m. Wednesday, Jan. 4 in the Avon Township Hall.

Deaths in Nearby Communities

Mrs. John Onaga

ALMONT—Service for Mrs. John Onaga, 67, Almont, will be held at 2 p.m. Saturday at the Muir Brothers Funeral Home with burial in West Berlin Cemetery, Allenton. Mrs. Onaga died Tuesday.

She is survived by her husband, John; two sons, John of Hamtramck, Earl at home; and one daughter, Mrs. George Buck of Detroit; six grandchildren; and four great-grandchildren.

Louis Echevarria

HOLLY — Service will be held Friday at two o'clock at the Bendle Funeral Home, Holly, for Louis Echevarria, 77, who died this week at Pontiac General Hospital. A Puerto Rican by birth, he has been a resident of Holly the past 30 years. He leaves no near survivors.

Mrs. Molly Stowell Gunn

LAPEER — Service for Mrs. Molly Stowell Gunn, 78, was held Tuesday from the J. Moore Funeral Home in Ypsilanti. Burial was in Ridgeway Cemetey following cremation. Mrs. Gunn died Dec. 23 in Lapeer County Convalescent Hospital.

She is survived by two daughters, Mrs. Howard Chase of Lapeer and Mrs. Edward Clarke of Birmingham; four grandchildren and one sister, Mrs. Cass D. Zaluff of Britton.

Mrs. Gunn was a former resident of Ann Arbor until coming to Lapeer to live with her daughter.

Arden LeRoy

LAPEER—Service for Arden LeRoy, ten-day-old infant son of Mr. and Mrs. Marlin Blumerich of 328 Eagle Pass, Lapeer, was held today at the Baird Funeral Home. Burial was made in Mt. Hope Cemetery.

Besides his parents, Arden is survived by three sisters, Venida, Beatrice and Marlene; his grandparents, Mrs. Roy Kohler, Lapeer and Mr. and Mrs. Joseph Fecteau of Windsor, Ont.

Baby Boy Burt

WALLED LAKE — Graveside service for Baby Boy Burt, son of Mr. and Mrs. Max Burt, 1933 S. Commerce Rd., was held Wednesday at White Chapel Memorial Cemetery. The child died at birth.

He is survived by his parents, two brothers, Danny and David at home; grandparents, Mr. and Mrs. Dwight Wiseman of Walled Lake and Mr. and Mrs. Howard T. Burt of Ortonville.

Clawson Council Sets Tentative Election Date

CLAWSON—March 5 is the tentative date set by the City Council for a special election to make certain changes in the present charter.

At a special meeting held Tuesday night, proposed changes were discussed which would make the city's bonds more salable and allow residents to pay for public improvements over a period of time.

Calvary Baptist Plans Night Watch Service

WATERFORD TOWNSHIP—The Calvary Baptist Church will hold a Night Watch service at 9:30 p.m. Saturday at the home of Mr. and Mrs. Norman Russell, 111 Cristy St.

Refreshments will follow the service.

Holly Church Supper to Be Held Jan. 31

HOLLY — The public supper to be served by the Wesleyan Guild at Calvary Methodist Church will be on Jan. 31 instead of Dec. 31, as previously announced.

Utica Girl Engaged

UTICA—Mr. and Mrs. Andrew Schuldt, 11708 19-Mile Rd., are announcing the engagement of their foster daughter, Doris Ann Melow, to Samuel Sperm, son of Mr. and Mrs. Joseph Sperm, 7562 21-Mile Rd. The couple is planning a September wedding.

North Branch Group Observes Holiday Event

NORTH BRANCH — The Christmas party of the Ever Ready Sunday school class of the Methodist Church was held this week at the home of Mrs. Guy Ross.

Featuring the devotional hour, the Rev. Karl Patow recited the Christmas Story, taken from the book, Ben Hur.

Mrs. Patow assisted in devotions and roll call was answered with scripture verses beginning with "Y".

Gifts were exchanged and a cooperative supper was served.

Dr. C. W. Ritchie Opens Dental Office in Utica

UTICA—Dr. C. W. Ritchie, 42101 Mound Rd., has opened a suite of dental offices at 451 Cass Ave., formerly occupied by the Utica Music Shop.

Dr. Ritchie has been associated with Dr. R. A. Howley for the past three years. His new offices consist of two operating rooms, new equipment, reception room, business room and a laboratory.

F&AM Meet Scheduled

METAMORA—The regular meeting of the F&AM will be at 8 p.m. Thursday, Jan. 5 in the Masonic Hall.

Dairymen Set Banquet Meet for January 12

Genesee County Dairymen have slated a banquet and all-day meeting for Jan. 12, at which special forage awards will be presented to farmers exhibiting outstanding hay samples.

The event will be held at the Kenney Auditorium west of Flint and dairy farmers throughout Lapeer County are asked to mark the date on their calendars.

Dr. W. E. Peterson of the University of Minnesota will speak at the afternoon and evening programs, on dairying and forage. C. F. Hoffman of MSU will discuss long-time research in Michigan with forage and the digestive system of the dairy animal.

A feature of the day will be a free dairy smorgasbord to be served at noon.

The event is being sponsored by all Genesee County dairy organizations.

SHIRLEY FAY THORPE

Mr. and Mrs. Lloyd D. Thorpe, 4324 Parker, Auburn Heights, are announcing the engagement of their daughter, Shirley Fay, to Robert R. Gisse, son of Mr. and Mrs. Wilson Gisse, 3078 Bathhurst, Auburn Heights.

MARILYN DAVIS

Mrs. Eva M. Davis, 1121 E. Commerce St., Milford, announces the engagement of her daughter, Marilyn Nadine, to Thomas A. Sanford, son of Mr. and Mrs. Fred Sanford of Milford. The couple plans a fall wedding.

87 Avon Area Needy Families Aided by Baskets

ROCHESTER — Eighty-seven needy families were given Christmas baskets this past weekend by the Rochester-Brooklands-Avondale Goodfellows or Metropolitan Clubs.

The baskets contained fowl and a full course dinner for each family. Also contributing baskets were the Rochester Lions and Kiwanis Clubs and several social clubs. Additional funds came from the Goodfellow paper sale.

Each family's name was cleared through the Rochester Police Department under the directiton of Chief Sam Howlett.

PTA Plans Bake Sale

METAMORA — Metamora PTA will hold a bake sale at the Albertson Appliance Shop at 2 p.m. Saturday, Jan. 7. Proceeds will be used toward purchasing an electric mixer for the school.

Service Held Today for Soper Family

FARMINGTON TOWNSHIP — Service was held today for the family of Warren Soper who were burned to death when their home near Vanderbilt, was destroyed by fire Monday.

Dead are Gladys MacArthur Soper, 36, and her five children, Elaine, 14, Marilyn, 12, Lorne, 10, Owen, 3 and Dale, 1½.

The Sopers were Farmington residents until they moved to Vanderbilt 8 years ago. Mrs. Soper is survived by her parents, Mr. and Mrs. Hugh MacArthur, 30156 W. Eight Mile Rd., Farmington; a sister, Mrs. Elmer Pfaff of Cass City; three brothers, Vern of Farmington, Gordon and George both of Livonia.

Kenneth Soper, brother of Warren, lives at 34075 Kirby, Farmington.

Service was conducted at the Spencer J. Heeney Funeral Home, 23720 Farmington Rd., today. Burial was in Oakland Hills Memorial Park.

Crash Injures Solon Cederberg

Mother-in-Law of State Representative Dies; 5 Others Hurt Near Caro

CARO (AP)—Mrs. Myrtle Munro, 60, of Bay City, mother-in-law of Rep. Elford A. Cederberg (R-Mich), was killed last night and six persons, including the congressman, injured in a two-car collision on M81 three miles northeast of Caro.

Mrs. Munro was a passenger in Cederberg's car.

State Police blamed the collision on a third car, which they said drove into M81 from a side road without stopping and caused Charles Dyer, 38, a car mail carrier, to swerve into the path of the oncoming Cederberg car.

Cederberg suffered cuts and bruises, but his condition was considered good. However, his wife, Arlene, suffered a fractured skull and several facial cuts and was rushed to Mercy Hospital in Bay City.

Ernest B. Munro, husband of the woman killed and father of Mrs. Cederberg, was reported in "serious condition" at a Caro hospital. He suffered several fractured ribs and his condition was aggravated by a heart ailment. He was placed in an oxygen tent.

SON INJURED

The congressman's son, Tom, 11, suffered a broken leg, but Tom's sister, Marilyn, 9, escaped with a cut lip and a shaking-up.

Caro is in the Thumb area. Bay City, where he formerly was a is Cederberg's home.

Deputy Sheriff Pat Dillon of Tuscola County said that Dyer swerved to avoid a car which turned from Colwood road into M81 without stopping and collided with Cederberg.

Dillon said Cederberg also swerved, but couldn't avoid the collision.

The deputy said the third car and its driver were being sought.

Dyer suffered fractured ribs and abdominal injuries, but insisted after treatment upon being taken to his home.

Outbreak of Measles, Chicken Pox Drop

Outbreaks of measles and chicken pox in Pontiac and Oakland County leveled off during the past week. There were 84 cases of measles reported as compared with the previous week's 123, and chicken pox dropped to 51 from the previous week's 57 cases.

Scarlet fever rose to 20 cases, most of them outside the city, an increase of eight cases over the previous week.

Following is a breakdown of the communicable disease reports, as released by Dr. John D. Monroe, city and county health director.

PONTIAC

	Past Week	Prev Week	Year Ago
Chicken pox	3	5	30
Measles	27	8	2
Scarlet fever	3	4	2
Tuberculosis	0	5	0
Whooping cough	0	1	0

OAKLAND COUNTY

	Past Week	Prev ek	Year Ago

Scarlet fever	18	8	13
Tuberculosis (all forms)	8	6	7
Whooping cough	1	6	6
Mumps	8	14	80
Rheumatic fever	2	0	0
Mononucleosis	1	0	0

Mom Poisons Sons, Then Calls for Help

NEW YORK (AP)—A 40-year-old mother fed her two young sons 190 aspirin tablets last night following a quarrel with her husband, police said. But she then frantically summoned help when their suffering wrenched her heart.

The two children, Bruce Blackwell, 8, and Keith, 6, were taken to a hospital in serious condition. They later were reported improving.

Police said the mother, Mrs. Dorothy Blackwell, gave the tablets to the children while upset from a quarrel with her husband, Joseph, a Navy seaman.

She was quoted as saying she planned to take her own life after the children died.

She was charged with felonious assault.

After 38 Years, Mother Asks Law to Hunt 'Baby'

CORPUS CHRISTI, Tex. (AP)—Detective C. W. Tackett said a woman phoned and wanted her baby located. Asked the baby's age, she said:

"He was 2½ years old when I last saw him—in 1917."

Seems the 73-year-old mother had heard her son recently had married somewhere in New Mexico. Tackett promised to write New Mexico authorities.

1,212,000 Lbs. of Butter Sold by the Government

WASHINGTON (INS)—The Agriculture Department announced the sale of 1,212,000 pounds of government-owned grade "A" butter at slightly less than 36 cents a pound aboard ship, for commercial export to France.

* * *

The sale was made to Harry Nowell, Inc., N.Y. Funds for the purchase were provided by the International Cooperation Administration.

'Pakwasigaminikew—,' —Knew It All the Time

CHICAGO (INS) — A University of Wisconsin professor comes up with a new meaning of the Indiana origin of the name, Chicago.

Dr. Edward Taube told the American Name Society that Chicago means neither the Algonquin word for "garlic" nor the word for "skunk" as non-residents believe.

Chicato, he said is derived from the Algonquin word "Pakwasigaminikewininug," which in English means "cracked corn makers."

Envoys Called Home

LONDON (AP)—Foreign Secretary Selwyn Lloyd has summoned home Britain's envoys in the turbulent Middle East for consultations next week, the Foreign Office announced today.

Senator Advises Farm Revision

Change in Measurement to Control Production Outlined by Schoeppel

WASHINGTON (AP)—Sen. Schoeppel (R-Kan.) states Congress might well consider establishing bushels, bales or pounds—rather than acres—as the measurement used in attempts to control farm production.

Schoeppel, a member of the Senate Agriculture Committee, outlined his present thinking on farm matters in an interview.

He said he was convinced that acreage quotas have encouraged more intensive production methods "resulting in about as large supplies in crops produced as was the case with more liberal allocations."

With this background, he said, he can see "considerable merit . . . so long as we have large surpluses" in giving consideration to "some practical, equitable approach to bushelage, baleage or poundage quotas rather than acreage quotas."

The Agriculture Department, in response to a request from Congress, has reported on the probable effect of a poundage or acreage-poundage control program on tobacco rather than the existing acreage allotment effort. It made no recommendations, however.

Schoeppel said he also favored "some form of the soil bank" program under which farmers would be paid to retire certain land from crops in surplus supply.

TODAY'S ASSIGNMENT FOR:

JUNIOR EDITORS

HAPPY NEW YEAR—4
American Girl

In America there is much noisy celebrating of New Year's Eve. Revelers roam about the streets with noise makers. There are many parties to "watch the Old Year out."

Here is a Junior Editor at a New Year's Eve party. She wears a dress with the new date on it and has been tossing confetti and colored paper tape. She wears bracelets of bells on her wrists and anklets, she has a funny hat with small balloons on it and she carries a feather duster tickler.

Paste the picture on cardboard and color it with crayons. Cut out the parts carefully. Join the separate arms by fastening them behind the shoulders in the places indicated by holes, using brass fasteners or bent pins.

Now the Junior Editor can put on her balloon hat and wave her tickler. Fold back the ends at the dotted lines and the figure will stand.

Junior Editors pays $10 for any reader's idea that is used. Write your sugegstion to "Junior Editors" in care of this newspaper; if cannot be acknowledged or returned, and in case of duplication of ideas, the first submission shall be accepted.

Tomorrow: An American boy.

This Is the Best Remedy — Enjoy a Sober New Year's

By ALTON L. BLAKESLEE
AP Science Reporter

ATLANTA (AP)—Don't count on a walk in fresh air to sober up quickly if you overimbibe on New Year's Eve.

For getting more oxygen doesn't help you burn up excess alcohol faster, a scientist said today. A few lungfuls of fresh air won't make you a safer driver.

The tip comes from Dr. Theodore Koppanyi, professor of pharmacology at the Georgetown University Medical School, Washington, D.C. Dr. Koppanyi discussed alcoholic poisoning in a paper prepared for the American Assn. for the Advancement of science.

IT TAKES TIME

It takes five to six hours for your body to burn up four ounces of whisky, he said. And experiments indicating that breathing nearly pure oxygen speeds sobering are not borne out by other studies.

There's also disagreement whether injections of insulin or a sugar, glucose, speed the rate of burning up alcohol.

From limited experiments, injections of another form of sugar, fructose, do look promising for making the human body get rid of alcohol faster, the scientist said.

Another study—not mentioned by Dr. Koppanyi in his talk—has reported benefits from eating honey in sobering up and avoiding hangover. Honey contains fructose.

Dr. Koppanyi said enough drinks to make your blood contain from 0.15 to 0.45 per cent (15 to 45 hundredths per cent) alcohol produce inebriation. More drinks than that produce coma. A blood content of from ½ to 1 per cent alcohol "is within the possibly fatal range."

He warned there is a "low margin of safety" between an anesthetic dose of alcohol, and a lethal dose. The fatal dose varies with individuals, but drinking from one to two pints of 100 proof distilled whisky in a short time has killed people.

• • •

There is no specific, reliable treatment for severe alcoholic coma, he said. Good nursing care and use of certain drugs sometimes are very useful.

Cash, Change Taken in Restaurant Breakin

A breakin at Kay's Restaurant, Commerce Township, netted thieves $24 in bills and change from the cash register, Oakland County Sheriff's detective Leo Hazen said yesterday.

The thieves entered through a side door, he said, after breaking a window.

Jaycees Plan Nocturne Dance for Teenage Set

Holding a confab about a poster for the New Year's Nocturne Dance sponsored by the Junior Chamber of Commerce are (left to right) Jerry Steinhelper of Spence street, Rose Rivera of Belmont avenue, Becky Vitasinsky of Franklin boulevard and Ted Wiersema of West Iroquois road. The dance, for teenagers, is Saturday evening in the boys' gym at Pontiac High School from 9 to 1. Proceeds will go to the National Foundation for Infantile Paralysis.

Pontiac Press Photos

Checking the list of patrons and patronesses for the New Year's Nocturne Dance being sponsored by the Junior Chamber of Commerce are James Cornforth of Inglewood avenue (left), Sharon Bedford of Marquette street and Sandra Johnson of Edison street (right). The dance is being held in the gymnasium of Pontiac Senior High School Saturday evening from 9 p.m. until 1 a.m. Proceeds will be donated to the National Foundation for Infantile Paralysis.

Youth Party to Celebrate New Year

Semi-Formal Fete Slated Saturday at Pontiac High

Among the numerous parties being planned for the younger set on New Year's Eve will be the New Year's Nocturne Dance.

* * *

Members of the Junior Chamber of Commerce, under the chairmanship of Richard Poole, are sponsoring the party in the boy's gymnasium of Pontiac High School.

Guests at the semi-formal affair will dance to the music of a local orchestra from 9 p.m. until 1 a.m.

Rose Riviera is serving as youth chairman for the party assisted by Becky Vitasinsky, patrons; Mary Lee Mogg, tickets; Judith Smith, publicity, and James Cornforth, treasurer.

* * *

Arranging decorations are Judy Coffer and members of her committee, including Jerry Steinhelper, Sharon Bedford, Kenneth Wright, Art Scott, Ted Wiersema, Carrie Charles, Larry Jackson, Arnold Edmunds, Sandra Johnson, Linda Burte and Phyllis VerStrate.

Mr. and Mrs. George Yansen, Mr. and Mrs. William G. Wright, Mr. and Mrs. George Putnam and Mr. and Mrs. James Wilkinson are among those who will serve as patrons and patronesses for the affair.

Proceeds from the affair will be contributed to the National Foundation for Infantile Paralysis.

If you've consistent trouble keeping stocking seams straight, abandon them entirely for the seamless kind. Flattering to the leg and no seam worries.

Time for Self-Inspection

New Year's Eve Can Be Ghastly

By PHYLLIS BATTELLE

NEW YORK (INS)—It has long seemed to me that New Year's Eve is the hardest night of the year to live through.

* * *

Some of the loudest people, wearing the funniest hats, are the unhappiest guests at the party.

Yet, if there is no party for a man or woman on New Year's Eve, there is loneliness. For this night of all the 365 is the most heavily weighted with responsibility:

You must—you've simply got to—be gay.

Gaiety comes tough when it is tackled under orders. After a man reaches an age where he feels an underlying pathos in many of the sights he sees, the people he knows, the thoughts he thinks, it is not his nature to laugh and toot paper horns at the drop of the sun on Dec. 31st.

It is more his nature to brood on the past and future because this night, of all nights, he feels time oozing away from him.

There is so much left to be done. Is there time?

Yet tradition says that now it is his obligation to be merry, no matter if the old year pushed him around and the new year looks to him like a nasty little brat. So man makes like Pagliacci on New Year's Eve.

SOME RUN AWAY

There are many I know who dread the forced delight of the last night of the year with such vehemence that they annually escape the city.

They run, sometimes to the mountains where they can ponder life wearily through the wholesome whiteness of snow, and other times to Florida, where they can bake out the old year. But they never escape, really, because gaiety is not the only obligation of New Year's Eve.

It is also the time when not only by tradition—but by logic and the eternal fitness of things—a man must pause and contemplate what's gone and what's to come. For all who think deeply and are not saints, this is emotionally unnerving.

There are always so many selfish things you've done, and wrong decisions you've made, and you realize wistfully that you are not really the great shakes you thought you were only a week ago, on Christmas Day.

The last big "party" I attended on New Year's Eve was five years ago. A man with an oft-filled glass in hand approached, patted my cheek and remarked to his followers, "Looka her — she's thinking. No good thinking tonight."

He was terribly gay, with a wreath of mistletoe on his head. By midnight, though, he was seated on a windowsill crying.

PAST RECALLED

Heading into my 33rd New Year's Eve, I remember the last ones. As a child, they were frustrating because there you were in bed, wishing you were clanging pans with the party downstairs in the kitchen. Then the high school parties. They were probably the easiest, but you were frustrated because you had to be in at 1 a.m.

Then an endless succession of night club blowouts, growing grimmer each year as I grew more philosophical, and finally the quiet, miserable New Year's Eve at home alone because I rebelled at the whole idea. Overcome by self-pity as well as contemplation that was the worst.

I have come to the conclusion that the reason so few people are truly happy on New Year's Eve is that it is the time for self-inspection. And we are seldom happy with what we see.

It's too late for me to do anything about this Saturday. But maybe, if I try real hard all year, I can be a fairly honest celebrant on Dec. 31, 1956.

Christ Church Cranbrook was the scene of the noon wedding today of Antoinette Gossett to Lt. Basil W. Denning. She is the daughter of Mr. and Mrs. William Thomas Gossett of Bloomfield Hills and he is the son of Lady Denning of Wing, Buckinghamshire, England, and the late Sir Howard Denning.

MRS. BASIL WEMYSS DENNING

Antoinette Carter Gossett Repeats Marriage Vows

Wearing a gown of white Italian silk, Antoinette Carter Gossett became the bride of Lt. Basil Wemyss Denning of Wing, Buckinghamshire, England.

* * *

The ceremony was performed this noon at Christ Church Cranbrook by the Rev. Robert L. Devitt in the presence of the immediate families and close friends.

The bride is the daughter of Mr. and Mrs. William Thomas Gossett of Bloomfield Hills and Basil is the son of Lady Denning of Wing, Buckinghamshire, England, and the late Sir Howard Denning.

The waltz-length gown featured a fitted bodice trimmed with Alencon lace and pearls around the V neckline. Alencon lace and seed pearls also accented the three-quarter-length sleeves and were repeated on her small cap, which secured a veil of silk illusion.

* * *

She carried a white orchid with a spray of stephanotis mounted on a white prayerbook.

ONLY ATTENDANT

Elizabeth Evans Gossett was her sister's only attendant. She wore a waltz-length gown of red velvet with a fitted bodice and three-quarter-length sleeves. Her bouquet was of white carnations and ivy.

* * *

Anthony V. Cole of Wing, Buckinghamshire, England, brother of the bridegroom, served as best man. Groomsmen were William Thomas Gossett Jr., brother of the bride, Charles Evans Hughes III, Richard Hughes Waddell and Theodore Hughes Waddell.

At the reception held at the Gossett home, Mrs. Gossett greeted the guests wearing a two-piece gold lame dress with brown accessories. Lady Denning wore a deep wine-colored dress with matching accessories.

The bride attended Pembroke College of Brown University and Basil is a graduate of the Royal Naval College, Dartmouth. A specialist in gunnery, he is at present taking a year's advanced scientific course at the Royal Naval College in Greenwich, London, England.

* * *

The newlyweds are sailing for England where they will make their home at Bromley, Kent.

Blue Star Group Elects Officers

Officers of the Blue Star Mothers Chapter Four, held election of officers Tuesday evening at the YMCA.

Elected for the ensuing year were Mrs. Wilbert Fitzthomas, president; Mrs. Florence MacCrae, first vice president; Mrs. Edward Schram, second vice president; and Mrs. James Dando, recording secretary.

Mrs. Lettie Hancock is treasurer of the organization assisted by the financial treasurer, Mrs. Herman Dennis.

Aluminum Foil Pan Helps Catch Grease

A new aluminum foil broiler pan has high sides and a deep-grooved corrugated bottom to catch grease.

It may be used several times or thrown away after a particularly messy use. If used over just sprinkle with detergent and run the hot water over it.

JEAN LORAINE LUCAS

Mr. and Mrs. Walter Babb of Clawson announce the engagement of their daughter, Jean Loraine Lucas, and Charles William Smith. He is the son of Mr. and Mrs. Stanley H. Smith of Richmond road. Jean is a senior at Western Michigan College where she is a member of Alpha Sigma Alpha sorority.

Job's Daughters to Install Officers

Sharon Livingston is being installed honored Queen of Bethel 40, International Order of Job's Daughters, this evening in Roosevelt Temple.

Others being installed are Carol Venner, senior princess; Patricia Lawrence, junior princess; Andrea Roberts, guide; Marilyn Vernon, marshal; Joan Hertzog, outer guard; Kim Nixon, inner guard, and Muriel Upton, first messenger.

Gloria Cunningham, second messenger; Joy Notch, third messenger; Dotty Hetherington, fourth messenger; Carol Crosson, fifth messenger; Rita Lister, treasurer; Judy Lacy, chaplain; Ruth Ann Tower, recorder, and Judy Oles, librarian, are others.

Sandy Langeland will be installed as senior custodian, Virginia Taylor as junior custodian and Joanne Johnson as musician.

Installing officers for the evening will include Gwen Vernon, queen; Yvonne Shipman, guide; Elizabeth Rockefeller, marshal; Karen Yakey, senior custodian; Joann Whisnant, chaplain; Marilyn Jacobsen, book of gold, and Nancy Lamberton, records.

* * *

Flagbearers for the installation will be Douglas Faust and Paul Hagle. Tom Metzdorf will be soloist, accompanied by Mrs. Meta McIlroy.

SHARON LIVINGSTON

New Member Joins Storyteller Group

Laura Cobb and Julia Dalzell were hostesses to the Pontiac Storytellers League when the group met recently at Adah Shelly Branch Library.

Welcomed into the group was Hazel Gessinger. Mrs. Robert Boggs was program for the evening.

Among those composing and presenting their own stories were Mrs. Theodore Fauble, Mrs. Elmer Hutson, Mrs. Oscar Schmidt, Mrs. Evelyn Cole, Mrs. Boggs, Mrs. J. R. Shaffer and Mrs. Gessinger.

Harold Dearing Claims Bride in Oxford Rite

A Christmas fireplace setting formed the background when Mrs. J. Wesley Brower of Oxford and Harold H. Dearing of Pontiac were married Christmas Eve in the home of her son's family, the Robert W. Browers of Oxford. Only the immediate families were present.

The bride chose a mauve lace over taffeta dress to which she pinned an orchid. Her grandchildren, Barbara and Bobby Brower, served as flower girl and ringbearer.

After a short wedding trip they will live in Oxford.

Coming Events

Ladies Auxiliary 1230, FOE, will hold a business meeting and initiation Thursday at 8 p.m. at 389 W. Montcalm St.

MRS. WALTER O. BRIGGS III

Mr. and Mrs. Walter O. Briggs III were married this noon in St. Hugo of the Hills Church. The bride is the former Gwen Luce, daughter of Mrs. Harvey Luce of Bloomfield Hills and the late Mr. Luce. He is the son of Mr. and Mrs. Walter O. Briggs Jr. of Bloomfield Hills.

Gwen Luce Speaks Vows in Ceremony at St. Hugo

Gwen Luce became the bride of Walter O. Briggs III this noon in St. Hugo of the Hills Church.

* * *

The bride is the daughter of Mrs. Harvey Luce of Bloomfield Hills and the late Mr. Luce. Mr. and Mrs. Walter O. Briggs Jr. of Bloomfield Hills are the parents of the bridegroom.

The bridal gown of white brocade was a sheath style which widened into a chapel train. Her lace bodice featured a portrait neckline.

Bridesmaids Jeanne Luce and Mary Savage wore gowns of white brocade. Red velvet frocks were chosen for the flower girls, Jenny Luce and Kathy Luce.

* * *

James R. Briggs served as best man, and seating the guests were Basil Manly Briggs, Christopher Briggs, Walter B. Fisher and Michael MacManus.

Pontiac Press Photo

Four generations were photographed recently at the home of the Max K. Fells of Fairport road. Shown are (left to right) Mrs. Robert Featherston of Richter road, Mrs. Max K. Fell and Mrs. Robert Fell of Ann Arbor with her daughter, Lynne Alison. Mrs. Robert Fell is a German bride who has just spent her first Christmas in America. She came to this country in June. With her husband and daughter, she is spending the holidays at the Max Fell home.

Warm Climates Call City Residents

A New Year's Eve dance is planned by the Monsignor Sharp Council 600, Knights of Columbus. Pictured are (left to right) Fred Huot Jr., grand knight, who is handling orchestra arrangements; Anthony Stiel, decorations; Eduard Leonard, general chairman; Stanley Evanoff, tickets, and Ray Bernier, publicity. Ernie Zubalik is also working on decorations for the dance, to be held in the Knights of Columbus Hall from 9:30 p.m. to 2 a.m. Louis Koprince is assisting Mr. Evanoff with ticket sales.

Enjoy Visits in California and Arizona

Mr. and Mrs. E. B. Hodges of East Iroquois road are having many enjoyable experiences while vacationing in Sunland, Calif.

They are visiting at the home of their son and daughter-in-law, Mr. and Mrs. James E. Hodges and family, and will attend the MSU-UCLA game in the Rose Bowl at Pasadena on Jan. 2.

They have also visited with Mr. and Mrs. Forrest Kane of West Iroquois road who are spending the winter in LaJolla, Calif. The Kanes recently returned from Hawaii and had many interesting stories to tell about their trip.

* * *

Mr. and Mrs. Norman Prentice entertained friends from Pontiac, Birmingham and Clawson at an open house in their new home in Rochester Wednesday evening. The Prentices have recently moved from Birmingham.

* * *

As a climax to their holiday entertaining, Mr. and Mrs. William Dunseith of Christian Hills entertained friends at an open house in their home Wednesday evening.

* * *

Entertaining three houseguests is keeping Ann Gillies of Mohawk road busy during the holiday school recess. Carol Arvin and Tim Cardwell of Grosse Ile and John Repp of Detroit arrived Wednesday morning.

Joining Ann and her guests at a house party on Wednesday evening were Vicky Sue McLaughlin, Brian Wilcock, Jackie Griffin, Pat Watson, Carol Murphy, Gail Pierce, Bob Colsch, Rick Wert, Gary Miller and Larry Senick.

* * *

Visiting at the home of Mr. and Mrs. R. W. Beebe of Oakwood drive are their son-in-law and daughter, Mr. and Mrs. E. M. Steger and family of Elmhurst, Ill.

* * *

Mr. and Mrs. Irving P. Webb (nee Sharon Jean Mack) of Flint are receiving congratulations on the birth of a daughter, Lysabeth Jean, at Pontiac General Hospital Dec. 26.

Grandparents of the infant are Mr. and Mrs. Francis Mack of Nelson street, Mrs. Betty Webb of Newberry street and Evan Webb of Keego Harbor.

Pink Gives Beauty

Pink is a sparkling shade to bring out the color in your cheeks these brisk and chilly days, yet it holds the unexpected warmth of summer roses. It goes especially well with the myriad new violet tones, such as royal plum, amethyst, burgundy and cranberry.

Hesitates to Call Upon Socialites

By EMILY POST

A reader tells me: "You have always said that the older residents are supposed to call on newcomers to the community. I would like to know if this same rule applies when the newcomers are very important people and their neighbors just average middle-class people.

"A family of high social position has just moved to this community. Heretofore I have always called on newcomers but I rather hesitate to call on this family for fear of being thought a 'social climber.'

"On the other hand, I don't want to be unfriendly. Will you please advise me what is proper in this situation?"

Answer: It is always entirely proper for the older inhabitants to call upon the newcomers. That is being friendly and courteous. Whether the friendship develops further depends upon the interests they have in common.

"Dear Mrs. Post: I am having a 'sweet 16' party shortly and in order to have an even number of boys and girls, I am asking each girl to bring a boy and each boy to bring a girl. Will you please tell me how I can word the invitations?"

Answer: Word your invitations as follows: "Dear Mary (or John), Will you bring a boy (or girl) friend with you and come to my party the 19th of February at 8 o'clock."

MRS. RICHARD C. MOTT

Sally Joyce became the bride of Richard C. Mott in Minneapolis Wednesday afternoon. She is the daughter of Mr. and Mrs. F. S. Joyce of Minneapolis and he is the son of Mr. and Mrs. F. H. Mott of Birmingham.

Couple Goes to Colorado After Rite in Minneapolis

BIRMINGHAM — Richard C. Mott, son of the F. H. Motts, took Sally Joyce of Minneapolis, Minn., as his bride in a 4:30 p.m. ceremony at Our Lady of Grace Church, Minneapolis, Wednesday afternoon.

* * *

The bride, daughter of the F. S. Joyces of Minneapolis, chose pointe d'esprit flecked with brilliants for her wedding gown, and her bridesmaids wore white taffeta gowns. Her bouquet was of gardenias and stephanotis, while her attendants carried Christmas bouquets of red and green.

Maid of honor was Miss Barbara Sittig of Glencoe, Ill., and bridesmaids were the bride's sister, Betsy, and Mrs. Robert D. Rierson of Evanston, Ill.

David Mott of Birmingham was his brother's best man. Ushers were Dean Berry and Edward Stenger, both of Birmingham; Bruce McLagen of Junction City, Kan., and the bride's brother, Michael.

* * *

Following a reception at Edina Country Club, the bridal couple left for a honeymoon trip to Denver, Colo., where they plan to ski, then to Colorado Springs' Broadmore Hotel for New Year's.

After Jan. 5, the Motts will be at home in South Bend, Ind. Both are graduates of University of Colorado.

Attending the wedding from here were the F. H. Motts and the David Motts with their two children, Barbara and Kathy.

* * *

For the wedding and reception, the bridegroom's mother wore a violet-red dress of peau de sole, while the bride's mother wore emerald green.

Paul C. Grants to Make Their Home in Louisiana

Nancy Ruth Lane became the bride of Lt. Paul Cullen Grant Jr. in the First Methodist Church of Birmingham on Dec. 22. Dr. Arnold Runkel read the 7 o'clock ceremony in the presence of 250 guests.

* * *

The bride is the daughter of Mr. and Mrs. Arthur L. Lane of Birmingham and Paul is the son of Mr. and Mrs. Paul C. Grant, also of Birmingham.

A gown of antique silk taffeta fashioned with a pearl-embroidered Alencon lace bodice was worn by the bride. The bouffant skirt extended into a chapel train and her fingertip veil of illusion was secured by a tiny taffeta cap.

She carried an arrangement of white carnations and stephanotis centered with a white orchid.

* * *

Mrs. Hugh G. McKay of Dearborn served the bride as her honor attendant. Mrs. James G. Carr of LaGrange, Ill., Mrs. James E. Haynes of Poughkeepsie, N.Y., Mrs. Harry B. MacCallum of Ann Arbor and Carol L. Ransom of Shaker Heights, Ohio, were the bride's other attendants.

GOWNED IN RED

All wore red peau de faille satin street-length gowns fashioned with sculptured lines. Their bouquets were of Mamie carnations and holly.

* * *

Lt. James L. Buchanan of Birmingham served as best man. Seating the guests were Arthur L. Lane, brother of the bride, Stewart Peak, C. Garnsey Dillon and Hugh G. McKay.

When Mrs. Lane greeted her guests at the reception held in the church parlors immediately following the ceremony, she was wearing a Dior blue silk dress with matching accessories and a corsage of camellias.

Mrs. Grant chose a steel blue dress with matching accessories. Her corsage was also of camellias.

* * *

The newlyweds will make their home in New Orleans where the bridegroom is stationed with the U.S. Army.

A Colorful Fruit Salad Is Frozen

Mrs. Brannack Says She Makes Recipe Often for Company

By JANET ODELL
Pontiac Press Home Editor

If you're wondering what to have for salad with your New Year's dinner, here's the answer. Mrs. Jack Brannack shares her recipe for a beautiful frozen salad that will fit into your plans perfectly.

Mrs. Brannack is interested in a number of clubs. She belongs to the Junior Child Study Club, the Pontiac Junior Women's Club and to the Pontiac Symphony Auxiliary. She also helps with the Crippled Children's Society.

Sewing and making things are her favorite leisure time activities at home. She is interested in painting and intends to start lessons soon.

HOLIDAY SALAD
By Mrs. Jack Brannack

3 small or 1 large package cream cheese
1 cup mayonnaise
1 cup heavy cream, whipped
½ cup red maraschino cherries, quartered
½ cup green maraschino cherries, quartered
2½ cups (No. 2 can) crushed pineapple, drained
2½ cups miniature marshmallows (or 24 large ones, cut)

Combine cheese and mayonnaise, blending until smooth. Fold in whipped cream, marshmallows and fruit. Pour into a one quart refrigerator tray. Freeze. This will keep indefinitely. Serves 8-10.

by Anne Adams

Use a 100-pound feedbag or colorful remnants—make this handy apron to keep you neat and pretty on kitchen duty! See the diagram—sew-easy, thrifty. Non-slip straps, plenty of protective cover — be smart, sew several!

Imaginative Teener Revamps Old Dress

Teen-agers grow out of their clothes at alarming rates. It's a great shame that one isn't richest when in the teens, for a teener certainly can't do what an older woman can — wear a suit for three years and shoes for two.

Revamping and dressing up old, worn or outgrown garments is one way an imaginative teenager extends her slim budget.

With her sewing machine and occasional aid from her local sewing center, she creates a wardrobe of bright and seasonable clothes each season.

About 400 feature movies are produced in the U.S. annually.

Dust Storms Threaten Plains

Dry Soils, Little Rainfall Make Farmers Anxious in Ten States

WASHINGTON (AP)—The threat of new dust storms hangs over wide areas of the Great Plains, the Agriculture Department reported today.

Reports from the field as of Dec. 1 indicated, the department said, that dry soils and below normal rain and snowfall have left about 20 million acres of land in 10 Great Plains states in a condition to suffer wind damage.

HEAVY CROP LOSS

This acreage, however, is about six million less than that in a similar condition a year ago. Severe dust storms during the past winter and spring caused heavy crop losses and soil erosions, just as they have done periodically for many years.

Of the land subject to blowing, about 13,886,000 acres is in cropland. The balance is largely range grazing land.

"The total amount of land that will actually be damaged during the current blow season will depend," the department said, "on such factors as the intensity of livestock grazing, the type, velocity and duration of windstorms, the amount and frequency of precipitation, and the timeliness of emergency tillage in blow areas."

The department said about 75 per cent of land in a condition to be damaged by storms is in Kansas, Texas and Colorado. The other states include New Mexico, Oklahoma, Montana, Nebraska, North Dakota, South Dakota and Wyoming.

Quarles Says Budget Is Not Retreating One

TOKYO (AP)—Air Force Secretary Donald A. Quarles said today the new U. S. defense budget "is not a retreating budget—and it gives us the wherewithal to do a sound job."

The secretary, who arrived today on a two-week tour of Far East Air Force bases, said he was not completely satisfied with the Air Force share.

U.S. Children Get Belated Thanks on Gifts to Greece

SHAWNEE, Okla. (AP) — Shawnee school children have received thanks for the Christmas packages sent to children in Greece—two years later.

* * *

Packages went out in time to reach Greece for Christmas 1953. Two days after Christmas this year a letter came—in Greek. A retired Greek cafe operator in town, George Theodore, translated it.

"The schools of Greece are poor and we have nothing of material value to send to the American children," the letter read. "Do send our blessings and truly thank the American children."

The gift packages went through the Red Cross, distribution center in Washington and to a distribution point overseas. The letter apparently came back the same way, accounting for the delay.

B'nai Israel Youth to Conduct Service

Friday at 8:30 p.m., Congregation B'nai Israel will hold its annual College Evening Service dedicated to the B'nai Israel young men and women currently on winter vacation from different in and out of state colleges and universities.

The entire service will be conducted by members comprising this group. Featured speaker of the evening will be Stanley Kamper, sophomore student at the University of Michigan, who will speak on "The Place of a Fraternity on the College Campus."

Little America Officially Settled

Geographic Expedition in Antaractica Begins With Hoisting of Flag

LITTLE AMERICA (AP) — The Stars and Stripes were raised again at Little America yesterday. The site of the first two camps built in the antarctic by Rear Adm. Richard Byrd was desolate.

* * *

The buildings of the first camp built in 1928 are covered by an estimated 60 feet of snow and ice. The second camp is about 40 feet below us.

* * *

All we found on the surface at 3 a.m. were the tops of towers and poles.

The experts aboard the icebreaker USS Glacier haven't decided yet where to build the permanent main base of the current United States antarctic expedition. The base will be used during the next three years by International Geophysical Year scientists.

SEEK STABLE SITE

The experts are seeking a site that would be unlikely to break off and float to sea. The right spot would also be free of crevasses and practical for loading cargo for ships from the bay ice up to the ice shelf.

The specific area known as Little America near the Bay of Whales may not be chosen again but no one here will ever forget the macabre scene.

* * *

Sticking up from the wind swept snow are the tops of two steel radio towers built at first Little America. The towers were originally 70 feet high. Today only about eight feet of their peaks are showing.

* * *

Also protruding from the snow like fingers frozen in death are the tops of five wooden poles which were used for radio wires at the second Little America between 1933 and 1935.

The second settlement was built directly over the first.

Belgium's airline Sabena lost $1,070,000 last year, Brussels reports.

East Squad Plots Ground Attack Against West 11

The Month of All — September

By GRANTLAND RICE

You may take your winters southward,
You may have your golden Junes,
You may have your summer mountains
Or your eastern fog-swept dunes;
But I'll take the first red ember,
Where the Painter works his will,
When it's morning in September,
Or it's noon-day in September,
Or it's twilight in September,
And the flame is on the hill.

There is orange down the valley,
There is crimson out the lane;
There's a fleck of purple tinting
Where the maples meet the rain.
For the glow that I remember,
With an everlasting thrill,
Is a morning in September,
Or a noon-time in September,
Or a twilight in September,
When the flame is on the hill.

Flint JC, Adrian Advance in Respective Tourneys

By THE ASSOCIATED PRESS

Detroit Tech lost its first round game in the Adrian College invitational tournament, but it succeeded in doing something last night that no other team has done this season. It held center Roth Rethlake of Huntington (Ind.) College to a mere four points.

Rethlake is Indiana's leading scorer and had a nine-game average of 32.1 points going into the Tech game. But while the Detroiters were concentrating on Rethlake, guard Jim Wiley looped in 29 Huntington points to give the Indianan's a 77-69 victory.

Adrian defeated Assumption, of Windsor, Ont?, 80-69, and will meet Huntington in the championship game at Adrian at 9 o'clock tonight. Detroit Tech and Assumption meet in a consolation engagement at 7:30 p.m.

Flint Junior College advanced to the championship round of the Flint holidays tournament by trouncing Hillsdale of the Michigan Intercollegiate Athletic Assn. (MIAA,) 74-72.

Central Michigan defeated a fellow member of the Interstate Conference, Michigan Normal, 77-63, and will meet the Flint Juniors in the championship game tonight.

Charles Teaberry led the Flint scoring with 33 points and Don Ellis, with 21, was tops for Central.

Pitt Plans to Bank on Power in Sugar Bowl

Panthers Have Ideas of Upsetting Favored Georgia Tech

NEW ORLEANS (AP)—Power and punting are the key weapons in Pittsburgh's plans to upset Georgia Tech in the Sugar Bowl football game Monday.

"We've banked on them all season and they haven't let us down," Pitt Coach John Michelosen said today. "We've gotten most of our yardage on power plays through the line.

"Our line isn't as fast and tall as Tech's," he said, "but were bigger and we're hoping we can get the holes we need for our backs."

• • •

Punting could be a top weapon both on offense and defense.

"Tech's got tremendous speed and uses it best on punt returns," Michelosen said. "We think our punter can get enough height on the ball to give our ends time to get down before their safety man can get his speed up."

• • •

The punter is reserve guard Bill Schmitt, who looked magnificent in practice, in a scrimmage session yesterday, he had several with such height that the ends beat the ball to the safety man.

If Pitt's ground attack falters, Michelosen has two capable passers.

"We've passed only in spots this season," he said, "but we can throw. Quarterback Corny Salvaterra can throw either long or spot stuff."

• • •

Michelosen said films of Tech games made him feel the Georgians would bank on their wide plays.

Pittsburgh football coaches kept a close watch on their squad today to see whether shots against intestinal virus would prevent further cases.

Five players have had the virus since the team's arrival here Monday. Last night team physician Dr. W. K. Smith gave shots to members of the team and staff.

Ezzard Battles Coast Champion

Ex-Heavy King Makes First Appearance in LA Tonight

LOS ANGELES (AP) — Former heavyweight champion Ezzard Charles, at 34 a veteran of many years in the ring, fights in Los Angeles for the first time tonight when he meets young Jack Johnson, local state heavyweight champion.

Last week Charles won a decision in Richmond, Calif., over Bob Albright, and while he is a slight favorite, he faces a tougher foe in the 10-rounder at the Olympic Auditorium.

Charles hopes to land a fight with Floyd Patterson of New York, possibly in Los Angeles next spring. He is still aiming, he says, for another shot at the heavyweight king, Rocky Marciano.

"Another Marciano go is my goal. That's why I'm taking all these fights," the Cincinnati Negro said. "If I don't earn it by the end of next year, I'll quit."

Covers Sports on Air

EAST LANSING — Michigan State's television station, WKAR-TV, lists 14 events on its 1956 winter sports coverage schedule, including telecasts of basketball, swimming, track, gymnastics, wrestling and hockey events.

AP Wirephoto

DUNKS ONE — All-America Bill Russell of the University of San Francisco uses his 6-10 frame to good advantage as he dunks two points through basket against Holy Cross in semifinal game of holiday tournament in Madison Square Garden yesterday. Russell scored 24 points in USF's 67 to 51 victory. With a string of 35 straight triumphs, USF meets UCLA for championship tomorrow.

Includes American

French Quintet Opens U. S. Good Will Tour

CHICAGO (INS)—The University of Paris basketball team, with eight Frenchmen and an American player, opens a goodwill tour of Mid-America at Wheaton College tonight.

The squad is eager to try its book-learned tactics on a real, live American basketball team.

Basketball was brought to France by U.S. soldiers as well as the Harlem Globetrotters and the game has been taken up with enthusiasm.

The Paris team, named as its country's Olympic entry, hopes to gain some laurels for France as well as pick up new pointers on the game.

Besides Wheaton, the team will meet Lake Forest Monday, then North Central Tuesday and Marquette and De Paul later.

The lone American on the Paris team is Martin Feinberg of Cleveland who is studying international relations at Paris University.

He carries on his shoulders most of the burdens of the trip. As "native son," official interpreter, money changer and odd jobs looker-after, Martin has his hands full.

Because the team spent six storm-tossed days on the S.S. America and was late in arriving in New York yesterday, Feinberg won't even get the opportunity to visit his home town in Ohio.

Other members of the team are Capt. Bernard Planque, Roger Antoine, Claude Falguieres, Andre Michi, Jacques Owen and Jacques Huguet.

Their coach, who doubles as manager, is Emile Fresut, a physical education instructor who teaches a class in the theory of basketball.

The Frenchmen wanted to be filled in on the latest activities of big Bill Russell of the San Francisco Dons who scored 24 points last night in pacing the Californians to their 35th straight victory by defeating Holy Cross in the semi-final round of the holiday basketball festival in New York.

Pep Is Given Unanimous Vote Against Arel

Old Master Polishes Off 'Hungry' Fighter for 202nd Win

MIAMI BEACH, Fla. (AP)—Willie Pep polished off another "hungry" youngster last night, but the old master of the featherweights didn't emerge from his battle with Andy Arel without lumps.

It took four stitches to close a gash over Willie's left eye and Pep said the wound probably would keep him out of action about a month.

• • •

"He was a good, tough kid," Pep said after he had scored a unanimous decision over Arel, the ambitious, 22-year-old southpaw from Messena, N.Y. "He'll beat a lot of guys."

Arel, winner of 20 of his previous 25 pro fights, was a game but beaten youngster by the end of the eighth round.

The 33-year-old Pep, who ruled the featherwegiht ranks during most of the '40s and still hopes to fight for the title again, weighed 128¼, Arel 131½.

• • •

The nationally televised fight drew 2,933 fans who paid a gross gate of $7,134.

Pep, a 5-1 favorite, was given a 99-91 margin by Referee Eddie Coachman. Judge Eddie Thal voted it 99-93, Judge Gus Jacobson 99-92 and The Associated Press 98-93.

It was the 202nd victory of Pep's long career. He has lost 6.

3 in MSU Relays

EAST LANSING (AP)—Three crack college swimming teams — Michigan State, Michigan and Iowa State — will be on hand for MSU's inauguration of the Big Ten invitational relays Jan. 7.

The meet, first in the Western Conference, will be a novel 9-event all-relay program.

AP Wirephoto

ADVICE FOR COACH TATUM — Maryland Terps' coach Jim Tatum receives expert advice—on golf—from Bob Toski while Doris Hart (left) and Florence Chadwick (center) stand by to offer hints on tennis or swimming. Tatum is shaping up his squad for the Orange Bowl game Jan. 2nd with Oklahoma.

Hayes Planning Attack by Land Instead of Air

Buckeye Coach Uses Same Tactics Which Won Big 10 Title

SAN FRANCISCO (AP) — Woody Hayes of Ohio State apparently is going to shoot for victory in the East-West Shrine football game Saturday the same way he won his second straight Big 10 title—on the ground.

• • •

Hayes' two quarterbacks—Jerry Reichow of Iowa and Em Lindbeck of Illinois, both among the nation's top 20 passers—didn't throw once in a 40-minute dummy scrimmage yesterday.

Ohio State ripped the Big 10 apart with a crushing ground game pegged on Howard (Hopalong) Cassady — and the All-America halfback is a member of the East squad. So are two linemen who helped make the Buckeyes' running game so powerful, tackle Frank Machinsky and center Ken Vargo.

• • •

Hayes has refused consistently to name a first team, but the group he worked with personally yesterday included the Ohio State trio.

The backfield of the Hayes-handled unit had Lenny Moore, Penn State speedster, at the halfback opposite Cassady. Reichow did the ball handling in the split T, with Notre Dame's Don Schaefer at fullback.

All the quartet did was run, and then run some more.

• • •

With Machinsky and Vargo in the line were Jim Katcavage of Dayton and Will Frye of North Carolina, ends, Dick Murley of Purdue, tackle, and Ray Lemek of Notre Dame and Cal Jones of Iowa, guards.

A second backfield, quarterbacked by Lindbeck, had Bob Pascal of Duke and Tony Branoff of Michigan as halfbacks and Charley Sticka of Trinity at fullback.

• • •

These four backs also were in the initial defensive unit with Sticka playing end and the others in the secondary.

The picture was entirely different at Stanford, where the West squad worked behind closed gates under Coach Jess Hill of Southern California.

Hill has promised to name his starters tonight, with Hayes likely to follow suit. Both have insisted, however, that all 24 men on each squad will play.

Cage Meets Reach Final Stages Across Nation

By THE ASSOCIATED PRESS

When a sophomore can sink 43 points in fast college competition, what is he going to do when he becomes a senior?

Southwest Conference coaches must have nightmares when they think of Rice's 6-10 Temple Tucker, a sophomore center, who, it appears, is just beginning to find his way around a basketball court.

• • •

The towering youngster scored 43 points to set a tournament record last night whils his mates were running up a 110-81 victory over Texas A&M in a first-round game of the Southwest Conference event.

That was the highest score rolled up during the night—a night in which basketballs flew all over the United States. Some 25 tournaments got under way, reached the halfway point or concluded during the night.

• • •

Rice, which now shows a record of 9-0, of course, was installed as the favorite to win the event. In other first-round games, visiting California polished off Baylor 72-59; Texas turned back Texas Christian 66-60 and Southern Methodist whipped Arkansas 67-62.

Only one major tournament was decided. That was the Motor City in Detroit, in which Brigham Young, deprived of its three tallest players at the start of the second half through fouls, defeated Detroit 99-77 in the final.

The big shock of the night took place in Oklahoma City where Oklahoma City University took the measure of the Oklahoma Aggies 48-47 to enter tonight's finals against Tulsa, which upset top-seeded Seattle 68-66.

• • •

Bill Russell, the Dons' heralded center, scored 24 points in leading his team to its eighth victory of the year. The Dons were impressive, indeed, coming from behind to lick the slick Crusaders, who tired badly at the end.

• • •

The Richmond Invitational also is turning into a red-hot battle, and tonight's semifinal between Cincinnati and Seton Hall shapes up as a corker. Cincinnati crushed Virginia 93-69 and undefeated Seton Hall upended Virginia 64-60.

The other semifinal will put William & Mary, which set a tournament record by vanquishing Rhode Island 100-96, against Richmond, 96-84 victor over Army.

The semifinals of the Big 7 Tournament in Kansas City also are slated for tonight, sending Colorado against Iowa State and Kansas against Missouri. The latter pair earned their berths last night, the Jayhawks prevailing over Cornell 75-58 and the Tigers conquering Nebraska 71-66.

• • •

Two first-round games were played in the All-American Tournament last night in Owensboro, Ky. Florida, the fifth highest scoring team of the country, handed Pitt a 98-72 pasting, while Evansville (Ind.) College defeated Hardin-Simmons 79-56.

• • •

Over in neighboring Louisville, the finals of the Kentucky Invitation are scheduled for tonight, pitting top-seeded Western Kentucky against Murray State. The Hilltoppers wiped out a 12-point deficit to humble Louisville 86-77, while Murray gained its berth in the finals with a 98-87 victory over Eastern Kentucky.

To Make Bid

LA Wants to Host Pro Title Game Annually

LOS ANGELES (AP)—Efforts may be made to bring the professional football championship game to the 103,000-seat Los Angeles Coliseum on an annual basis.

Bill Nicholas, Coliseum general manager, said that if the National Football League approves staging the game each year at a fixed date, a bid is expected from Los Angeles.

At the league draft meeting in Philadelphia recently, the idea was broached but there was nothing done officially. The regular league meeting will be held here beginning Jan. 16.

Other cities mentioned as possibilities are Miami and New Orleans.

"I am prepared to present the idea to our Coliseum commission at its next meeting, Jan. 3," Nicholas said last night. "If we were to make a substantial bid, we would insist on a long-term contract."

The general manager said he had no idea how the commission would react or whether it would make a "substantial offer" if and when the NFL takes definite action.

Last Monday's game between the Cleveland Browns and the Los Angeles Rams, played at the Coliseum, drew a record attendance of 87,965 and the players' money shares were the largest ever.

Trophy Returns to Competition

Harmsworth Speedboat Prize Back for Grabs After 6-Year Absence

DETROIT (AP)—The Harmsworth Trophy, a big hunk of bronze emblematic of International Speedboat Supremacy, will be up for grabs next summer for the first time since 1950.

• • •

J. Gordon Thompson of London, Ont., has challenged the United States, which has held the trophy since Gar Wood first won it with his Miss-America-I in 1920.

It is the first challenge since 1950 when Seattle's Stanley Sayres took it west with his powerful Slo-Mo-Shun boats.

• • •

Sayres won the Harmsworth Races in 1949 and 1950, the first two held after a 15 year lapse.

Sugar Bowl Cage Tourney Under Way

NEW ORLEANS (AP)—Utah, Marquette, Alabama and Notre Dame square off tonight to open the two day Sugar Bowl Basketball Tournament.

• • •

The opening night schedule pits Utah against Marquette in the first game and 'Bama against Notre Dame's defending champions in the second. Utah and Alabama are picked to meet in the finals, with Utah the favorite there.

• • •

The Utes have a fast team that makes up for a lack of height. It is built around 6-foot-3 Art Bunte, a clever center who has averaged 20.1 points per game in his team's five victories and losses to Dayton and Minnesota.

LSU Wins 6th Boxing Title

Tigers Defeat Syracuse 6-2, to Capture Sugar Bowl Championship

NEW ORLEANS (AP)—Young Tad Thrash, a title winner in his first outing as Louisiana State boxing coach, today envisioned national honors after his Tigers hung up a 6-2 victory over Syracuse in the Sugar Bowl Tournament.

• • •

Classy Bobby Freeman and sophomore Gilliam McLane steadied the Tigers who own their sixth Sugar Bowl championship. Freeman took his third crown by stopping Orin Lyons in the 139-pound class. McLane all but hammered Ted Flack out of the ring in taking the tournament's 156-pound title in his first collegiate outing.

• • •

Other matches found Bobby Soileau of LSU taking Frank Gueli in the 125 pound class; Tom Coulter of Syracuse decisioning Joe Thornton at 132 pounds; Gary Bowden of LSU whipping Gus Giacco in the 165-pound bracket; Bill Clayton of LSU winning over Lew Iannicello at 176 while Bob Rigolosi of Syracuse drew with John Dusenberry in the 147-pound class and Nick Giorgiade and Mac Buhler of LSU fought to a draw in the heavyweight division.

No Letup for Chiefs During Holidays

These days may be holidays, a period of taking it easy, for some Pontiac High School personnel, but for Art Van Ryzin's basketball club, they're still daily workouts.

Chiefs can't let up because their next opponent is one of the Valley Conference's perennially tough outfits. "They're good, that Bay City crew," says Van Ryzin. "They have experience, and they're about an all-senior squad with some very capable boys."

• • •

Bay City's Wolves come to Pontiac Jan. 6 for the 1st 1956 trial. Upstaters dumped Saginaw's Trojans in their last game, and previously gave the high-scoring Flint Central Indians a rough time before fading in the final five minutes. Wolves had a 12 point lead over the Indians, but went under when Central broke loose to win by an 8-point margin. Central also handed Chiefs their only loss in four starts.

• • •

Wolves boast some good boys in 6-3 center-forward Carl Proffer, their top performer, and Harold Bush, 6-1 either a center or forward. Bush was Bay City's leading point-getter last season, and is rapidly rounding into peak form at this time.

John Krafft, a driving player, good shot, Dick Crampton and all-state gridder Jim Chesney are other regulars who have to be watched closely, Van Ryzin says.

• • •

Chiefs went down to Ferndale Tuesday for a two-hour scrimmage against the 'Dales. "They looked pretty good," the PHS mentor reported. Today they worked out at 1:30 p.m. and on Friday they get a 10 a.m. session.

Van Ryzin wasn't certain about his starters for the Bay City tilt, but indicated he'll probably go with the early setup that had Willie Dewalt and Rod Treais at forwards, either Hud Ray or Jim Skinner at the pivot, Dave Diehm and fast Larry Peet at guards.

From this point there appears to be little difference in the potential of either club. Pontiac will have the so-called "home floor advantage," and maybe will claim a little more height than the Wolves.

These Pontiac-Bay City scraps, like those with Arthur Hill and Flint Central, are always worth seeing. They're fast and hotly contsted from start to finish.

Ex-Pontiac Golden Glover Still Fighting, in U.S. Army

Former Pontiac Press Golden Glover, Warren Scheibner, learned to like the give-and-take of the amateur fistic game here and today, years after his last appearance in Pontiac is still fighting. Warren is doing his leather-tossing now with the U. S. Army, in Germany.

Only recently he was a winner (with the Div. Arty, P10) in an army tournament at Wuerzberg. Warren has stepped up in his fighting. He now battles at around the lightweight limit of 135 pounds. In the Gloves tourney here, he was a featherweight at 118 pounds. Two years ago he won the Detroit CYO 135-pound title.

Scheibner's mother, Mrs. Warren Fleury, 10401 M-59, learned recently that Warren planned to try out for the all-army team in a big fistic event in Austria, in January. Scheibner was selected from among 150 prospects for the Austria trials, his mother reports.

Warren bears the nickname "Rocky," after winning at Ft. Lee Va. early this year prior to his transfer overseas. His coach at Ft. Lee, Mrs. Fleury says, was Vince Marciano, brother of the heavyweight champion, Rocky Marciano.

'ROCKY' SCHEIBNER

Scheibner isn't devoting his entire time, however, to boxing. He is quite an all-around athlete, and led his Caisson baseball team, the Red Sox in batting with a .382 mark. "Rocky" is a shortstop and hopes some day to play professional ball. He was one of the chief factors in his club's divisional championship last fall.

YMCA Gang Cage Meet Swings Into Second Round

With 1st-round games completed the YMCA Gang Basketball Tournament swings into the 3rd day of action today at the YMCA gymnasium. Competition in the vacation tourney is being held in two divisions—prep and junior.

In 1st-round junior division contests yesterday the Y's American Eagles trounced the Lincoln Spartans, 20-10, and Pulver Tire downed Jefferson's Warriors, 20-14.

Isaac Crary All-Stars and the Y's Trojans recorded 2-0 wins as the Falcons and Washington Pea Pickers were forced to forfeit. The Rochester Falcons trimmed Central Athletics, 10-2, Wilson's Red Hawks drew a bye.

Shutouts of all descriptions featured Tuesday's 1st-round prep play. All contests were whitewashings, two via forfeit.

The Crofoot Little Chiefs defeated Central Black Eagles, 43-0; Crofoot Tigers blanked Wilson Little Rascals, 14-0; Webster All-Stars beat Central Steelers, 6-0; and the McConnell Cubs edged Wilson Franks by a single field goal, 2-0.

Central Globe Trotters and Wilson Globe Trotters scored 2-0 victories by forfeit over Emerson Fighters and Malkim Tigers. Dennis Nicely of the Crofoot Little Chiefs grabbed scoring laurels for the day with 20 points.

Winners will enter 2nd - round games today. Twenty-three teams are entered in the tourney.

Harness Race Track Has Financial Loss

VERNON, N. Y. (AP) — Vernon Downs, a harness race track, lost $154,724 in 1955, the third year of operation. Mid-State Raceway Inc., operator of the track near Utica, said it made money the first two years.

Brigham Young Wins Detroit Tourney

DETROIT (INS) — Powerful Brigham Young chalked up new scoring records last night while rolling over the University of Detroit, 99-77, to capture the 4th annual Motor City Invitational Basketball Tournament.

The score was the highest ever posted in the tourney.

The Cougars, with 5-foot-9 guard Terry Tebbs notching 31 points, scored early and often, catching the Titans on a night when they were obviously off form.

A partisan crowd of 5,157 sat stunned as the Utah five built up a 25-point advantage by halftime and then coasted the rest of the way.

Behind 51-26 at the intermission, the Titans bounced back, cutting the Cougar margin to 70-57 at the end of the third frame. It was the only period Detroit showed any of the form which had enabled it to win six of eight previous starts.

The Titans were led once again by junior forward Bill Ebben, who flipped in 26 points for the second night in a row. However, it was Tebbs, the little playmaker, who stole the show.

The classy guard connected on 9 of 16 field goal attempts and 13 of 15 tries from the foul line. Added to the 36 points he scored the previous night, it gave Tebbs a new tournament record of 67. The old mark of 60 was made last year by Penn State's Jesse Arnelle.

Detroit, which had been sinking an average of 48 per cent of its field goal tries, could manage only 25 in 98 attempts last night.

Center Don Hasse followed Ebben among Detroit marksmmen with 16 points. The Titans came within 10 points 83-73 early in the final quarter but another Cougar spurt put the Detroiters hopelessly out of reach.

Each of the Brigham Young starters managed to score at least 10 points. Forward Ed Pinegar counted 14, while center Herschel Pederson managed 12 before leaving the game on fouls early in the third period.

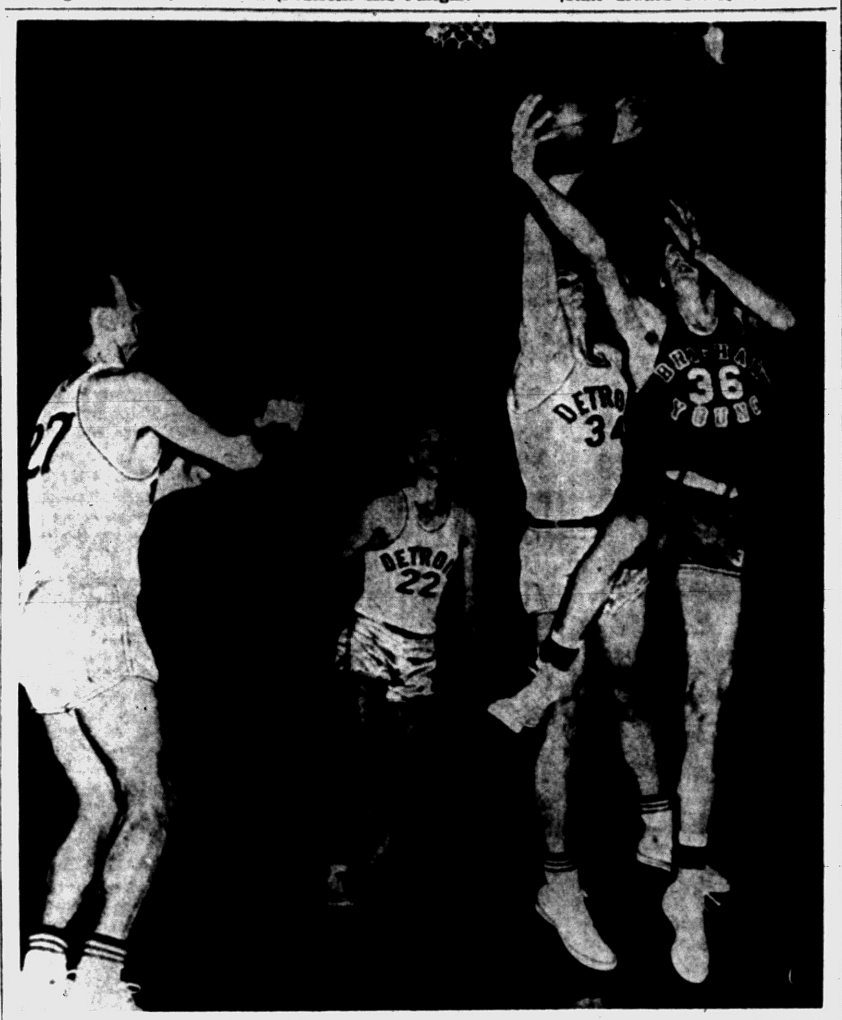

Sophomore guard Mike Walsh collected 8 for Detroit in the brief last half drive.

In a poll of 15 sports writers covering the contest, Tebbs was unanimously selected as the tourney's outstanding player. Detroit's Ebben, second high scorer for the meet, landed a first team berth on the tournament all-star club.

Others to gain that honor, in addition to Tebbs, were Toledo's Jim Ray and Brigham Young's Pederson and Pinegar.

The victory by Brigham Young marked the first time a local team has failed to win the tourney. In 1952, Wayne University was the victor and Detroit subsequently captured the meet two years running.

In a consolation game which pitted opening night losers, Penn State downed Toledo 78-66.

AP Wirephoto

DETROIT SHOT FAILS — Herschel Pederson, (36) Brigham Young center takes the ball away from University of Detroit's Don Haase (34) when Haase attempted to drop one in, in the first period of the fourth annual Motor City Tournament last night. Other U. of Detroit players are at left No. 27 Bob Butka and No. 22 Bill Ebben. Brigham Young won 99-77.

New Hockey Officials

PROVIDENCE, R. I. (AP)—The American Hockey League has two new referees in the circuit this season in Gordon Fevreau and Lou Maschio. Both formerly worked games in the Ontario Hockey Assn.

UCLA Meets Frisco in Holiday Festival Final

NEW YORK (AP)—UCLA, the last team to knock off the dashing Dons of San Francisco, will face a golden opportunity to duplicate the majestic feat Friday night when they meet the nation's top-ranking quintet in an all-California finals for the championship of the Holiday Basketball Festival Tournament at Madison Square Garden.

The UCLANS earned that right last night by sweeping past defending champion Duquesne 72-57 before a capacity Garden crowd after San Francisco had vanquished Holy Cross 67-51 for its eighth straight victory this season and its 35th in succession over a two-year span.

* * *

It was on Dec. 9, 1954 that San Francisco suffered its last defeat, bowing to UCLA 47-40. The Dons reversed the decision in a return game a week later.

UCLA turned in an impressive performance, holding Duquesne's high scoring Sihugo Green to 19 points and flashing a pair of fine performers in Willie Naulls (24 points) and Morris Taft (19). The game, however, was an anti-climax as far as the 18,496 spectators were concerned.

The first Garden sellout crowd since the Duquesne-LaSalle game in the 1953 National Invitation Tournament cheered itself hoarse over the spectacular exploits of Bill Russell and his San Francisco teammates who turned in the finest team performance seen here in many seasons.

* * *

For 28 minutes the Dons had their hands full, fighting an uphill battle most of the way as the determined Crusaders from Worcester, Mass., literally played themselves out. For a stretch of 20¼ minutes—from the 8-minute mark of the first half until 8 minutes and 15 seconds of the second half—Holy Cross, paced by Tom Heinsohn, Joe Liebler and George Waddleton, held firmly onto a lead which at one time was 9 points.

But in the end, the taller and more durable Dons, proved just too strong and too deep for Holy Cross. As expected, Russell, the brilliant 6-10 All-America center, was a tower of strength on defense, and acquitted himself nobly on offense with 24 points.

Martinez Faces Mueller Tonight

MILWAUKEE (AP)—Vinc Martinez who would like to build his No. 3 ranking into a shot at the welterweight crown, goes up against short punching and strong Peter Mueller of Cologne, Germany, in a scheduled 10-rounder tonight.

It's the first visit here for the Paterson, N.J., ringmaster but a return to old and rich stamping grounds for Mueller. Martinez was rated a 3-1 choice to hang up his 20th straight victory. A crowd of 7,500 was expected to watch in the Milwaukee Arena.

Rams Sign Roberts

LOS ANGELES (AP)— The Los Angeles Rams announced yesterday that Willie Roberts, pass catching ace of Calgary in the Western Canadian League this past season, has signed a contract to play with the Rams in 1956.

Publication Tabs Marciano as 'Fighter of the Year'

NEW YORK (AP) — Heavyweight champion Rocky Marciano has been named "Fighter-of-the-year" by Ring Magazine and the Nov. 30 rematch of Carmen Basilio and Tony DeMarco for the welterweight title has been selected "fight of the year."

Digging deeper into the year's boxing schedule, the magazine also selected the third round of the Archie Moore-Bobo Olson bout for the light heavy crown as the "round of the year."

Marciano was selected over Sugar Ray Robinson after long deliberation. The Rock knocked out England's Don Cockell and light heavy champ Moore in two defenses to remain undisputed ruler. Robinson's "comeback" included a defeat by Tiger Jones before he made history by knocking out Olson, Nov. 30, becoming the first man to hold the middleweight title three times.

Basilio, who won the welter title by knocking out DeMarco at Syracuse, N. Y. June 10 and stopped DeMarco again in the 12th round at Boston, Nov. 30, was third in line.

Basilio recently was voted "Fighter-of-the-Year" by the Boxing Writers Assn. and will receive the Edward J. Neil memorial plaque at the annual dinner, Jan. 19.

Wyoming Tennis Champ Becomes Grandmother

CHEYENNE, Wyo. (AP)—Wyoming's state women's tennis champion is a grandmother.

Mrs. Roberta Thomas of Cheyenne won the crown in 1954. A couple weeks later her daughter gave birth to a son.

Mrs. Thomas retained the championship for another year when no entries showed up for the state women's tournament in 1955.

OCSC Shooters Win 6th in Row

The Oakland County Sportsmen's Club rifle teams defeated the Lincoln Park Gun Club sharpshooters Tuesday night at the OCSC range for their 6th straight victory.

OCSC's No. 1 and No. 2 squads recorded impressive wins in both actual and handicap shooting. The 1st team posted scores of 936 and 1006 compared to the opponent's 922-1003.

Roberta Gubbins fired an actual 192 to lead the OCSC riflemen while Howard Collins was runner-up with 190. Art Erickson's 208 was the top handicap effort. Kurt Kromrei with 188 and W. Anderson with 202 were high for the losers.

Frank Brusha and Frank Stephens each shot 179 to spark the OCSC's 2nd team to their 875-763 triumph over Lincoln Park. M. Chatel and H. Campau totaled 171 apiece to lead Lincoln Park.

Title Battle Delayed

BUENOS AIRES (AP)—The world flyweight title fight between champion Pascual Perez and Leo Espinosa of the Philippines has been postponed from Jan. 7 to Jan. 11. Managers of both fighters agreed today on the postponement because of the year-end festivities.

The 1951 Rams set a pro football league record with 5,506 yards gained.

Rose Bowl Camps Physically Fit

PASADENA, Calif. (AP) — There hasn't been a pessimistic note from either the Michigan State or UCLA camp this week as the Rose Bowl contestants approach peak fitness for their New Year's football game.

* * *

Both coaches, Duffy Daugherty of the Spartans and Red Sanders of the Bruins, are well satisfied with the progress their squads have made since practice started. Daugherty said today there's a little sharpening to be done, physically, "but we know we won't have trouble getting them worked up emotionally by Jan. 2." He has workouts scheduled today, tomorrow and Saturday, with a 30-minute limbering up period Sunday.

Daugherty said he would start Leo Haldys, a 210-pound senior, in place of Pat Burke at right tackle. Haldys is 8 pounds heavier than Burke, a sophomore.

* * *

Sanders was informed by Dr. Walter Scott that star passer Ronnie Knox, who suffered a broken ankle bone in the Washington game Nov. 12, was available for service. X-rays showed yesterday that the break has healed properly.

* * *

But Sanders isn't planning to start Knox, regardless. He said: "Just because the doctors say he's available doesn't mean he'll play. If he doesn't move around well he won't be playing much. He can't pass flat-footed."

The coaches were paying their rival players all sorts of compliment yesterday. Daugherty pais high tribute to the Bruin blockers who pave the way for tailback Sam Brown and Sanders said Spartan quarterback Earl Morrall's passing and running and the power cruising of Walt Kowalczyk impressed him greatly. Kowalczyk, he said, is the "hardest running back I ever saw; why he even hurts you with his stiff arm."

* * *

Daugherty was guest at a luncheon of the UCLA alumni yesterday, and never at a loss for a quip, he said that after listening to the Bruin fight song he was "ready to play the game right now." Sanders said the Bruins may be facing the best team in the country. "Being undefeated doesn't mean a team is one of the best," said Sanders. "Juniata and Centre were just as undefeated as Oklahoma and Maryland."

OLD PRO — NEW PRO — Jack Kramer (left) the old pro among tennis players has a few words with the newest netter to the pro ranks, Tony Trabert. Kramer and his touring troupe, highlighted by the Trabert-Pancho Segura matches visit Detroit next Tuesday Jan. 3rd. The matches will be played at the University of Detroit fieldhouse. Australian Rex Hartwig meets Pancho Segura in the other singles match, with Trabert and Hartwig teaming for the doubles.

European Netter to Get Test in Junior Tourney

MIAMI BEACH, Fla. (AP) — Erik Lundquist, Europe's top junior tennis player from Stockholm, faces his first serious test today in the Orange Bowl Junior tennis tournament when he plays Leslie Dodson of Kalamazoo, Mich.

Lundquist is fourth seeded in the tournament; Dodson is seeded sixth.

Jose Ochoa, 19-year-old Mexican, faces David Harum, Coral Gables and University of Miami player, in another outstanding match.

Yesterday's matches went according to form in the boys division with the four top seeded players moving into semifinals. They are Ned Neely of Atlanta, Earl Buchholz of St. Louis, Jimmy Shaffer of St. Petersburg and Jerry Dubie of Hamtramck, Mich.

Pilar Herrero of Havana continued her upsetting ways by downing Marilyn Stock of Coral Gables, defending junior girls champion, 8-6, 10-8. Rose Maria Reyes of Mexico City, and Mimi Arnold of San Francisco, top-seeded junior girls, have not been extended in going to the semifinals.

Million-Dollar Offer Scorned by NFL Giants

Bell Says He Made Offer to Maras for Unidentified Group

PHILADELPHIA (AP) — Commissioner Bert Bell of the National Football League says the owners of the New York Giants have turned down a million-dollar offer for their franchise.

Bell said yesterday he had made the offer on behalf of a group of men, whom he declined to identify, to Giant Owners Tim Mara and his sons Wellington and Jack.

The Giants, although a losing proposition in recent years, have the league's largest population area from which to draw crowds plus potentially large television revenues. In addition, the club appears to be back on the way up.

Tim Mara bought the Giants franchise in 1925 for $2,500.

Leafs Shut Out Canucks to Tie for 4th Place

Three-Way Scrap for 3rd, 4th NHL Spots Involves Wings, Too

By THE ASSOCIATED PRESS

The end of the National Hockey League season is still some three months away, but a three-team battle for the third and fourth playoff spots already is shaping up.

* * *

As of today the Detroit Red Wings hold down third but only by a margin of 2 points over the Toronto Maple Leafs and the Chicago Black Hawks.

The Leafs moved into a tie with the Hawks for fourth place last night as they blanked the league-leading Montreal Canadiens 2-0 in the circuit's only game.

* * *

Goalie Harry Lumley turned in his second shutout of the season as the Leafs made second-period goals by Ron Hurst and George Armstrong stand up. Lumley's other shutout was against the Hawks Oct. 29.

* * *

The Canadiens tested Lumley 28 times with his best stops coming in the second and third periods on attempts by Maurice (Rocket) Richard, seeking the 500th goal of his career, and Jean Beliveau, the league's No. 1 marksman.

Crack Two-Miler May Be Out of Olympics

LOS ANGELES (AP) — Fernando Ledsema, crack collegiate two-miler, will be lost to the university of Southern California track team next season and may not attempt to qualify for the U. S. Olympic team next June.

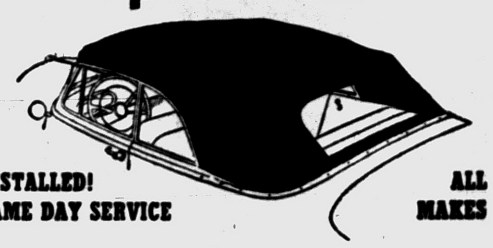

Coach Jess Mortensen said yesterday the speedy senior is still recovering from a liver infection.

Last spring, Ledsema set a national collegiate record when he ran the two-mile in 8:57.7.

New Year's Snacks Star Lamb

Looking for the unusual by way of accompaniments for the beverages of the holiday season? Do try serving bite-size Open-Face Lamburgers—miniature patties of seasoned ground lamb, quickly pan-browned in butter, and centered on a hot toasted bread round.

• • •

And Lamb Riblets, treated to an overnight bath in your favorite barbecue sauce or a tangy French dressing, with a basting of the same as the riblets cook to a crispy goodness under the broiler.

Quick, easy, inexpensive — this sort of hearty nibbling, enjoyed by all ages, lends itself well to the traditional hot drinks of the season and to many another beverage throughout the year.

NEW YEAR'S EVE NIBBLING — "Here's to the New Year!" Drink a toast to 1956 with steaming mugs of Mulled Wine, teamed with bite-size Open-Face Lamburgers and Broiled Lamb Riblets served piping hot. You and your guests will enjoy these unusual appetite-pleasers which will provide hearty nibbling for many occasions throughout the year.

Little Lamburgers, Open-Face Style

1 pound lean lamb, ground
1 teaspoon salt
¼ teaspoon powdered thyme or
1 tablespoon minced onion
1½-inch rounds of bread
Butter

Mix together lightly the lamb and seasonings, then shape in small balls about the size of a walnut. Flatten out to form little cakes about 1½ inches across. Cover with waxpaper and refrigerate until ready to use. Makes about 20 patties.

Cut bread in 1½-inch rounds. Brown in butter on one side only. This may be done in advance. Place rounds on cookie sheet, browned side down. Cover to keep tops from drying.

When ready to serve, using a lightly buttered griddle, quickly brown the lamb patties on both sides. They should be slightly pink inside. Place atop the bread rounds. Sprinkle with Parmesan cheese.

Slip cookie sheet under heated broiled unit for just a minute or until cheese is lightly browned. Serve piping hot — or not at all!

Broiled Lamb Riplets

Lamb riblets, about 4 pounds
French dressing or favorite barbecue sauce—1½ cups or more

For easy handling, a bit of the meat may be trimmed from the rib ends. Place riblets close together in shallow pan. Pour over all your favorite French dressing, barbecue sauce, or special wine marinade.

Allow to stand several hours or overnight preferably, in the refrigerator. If not completely covered with the dressing or sauce, turn riblets once or spoon sauce over them.

To use: Remove riblets from sauce. Place on broiler pan. Set oven regulatorm for broiling. Place riblets 2 to 3 inches from heat. Broil until top of meat is crisp and brown, about five minutes. Turn, brush with dressing or sauce. Brown another five minutes.

To serve: Slip a little chop frill or circle of soft paper over each riblet. Serve at once. Keep in warm oven or on warmer or in chafing dish. Always serve piping hot.

Special Riblet Sauce

1½ teaspoons salt
2 medium-size cloves garlic
½ teaspoon coarse-grind black pepper
¼ teaspoon each dried thyme, marjoram, and oregano, if desired
½ teaspoon Worcestershire sauce
Dash or three of Tabasco sauce
1-3 cup salad oil or olive oil
1 cup dry red wine, such as Burgundy
or
1 cup dry white wine, such as Sauterne
1 bayleaf
1 medium-size onion thinly sliced, if desired

Using a wooden spoon or handle of ice pick, mash garlic cloves into salt. Add seasonings. If using fresh herbs, minced, double the amount. Stir in oil, then the wine. (The alchol in wine passes off in cooking just as it does from vanilla, leaving only a rich fine flavor.)

Then add bayleaf and onion slices. Pour over riblets. Place in refrigerator, for several hours or overnight.

Float Ice Mold in Punch Bowl

Do you know something? When it comes to chilling punch—do use a large block of ice rather than a few cubes. It melts more slowly.

Of course, if you want to go really fancy, use a mold that's in keeping with the Christmas to New Year season—say a bell mold, or maybe a star. Plain water, colored red or green if you like, will do nicely, but you can use ginger-ale if you're so inclined—or use one can frozen pineapple juice diluted with enough water to fill the mold.

Freeze it overnight in your mold. To remove, just dip briefly in cold (yes, cold, not warm) water, and you should be able to remove it easily. Float atop your punch to help it set the holiday motif.

For an added decorative touch, place cones and holly leaves around the base of your punch bowl. Happy holiday, everyone!

Sparkling Fruit Punch

1 can (12 ounces) frozen orange juice
2 cans (6 ounces) frozen pineapple juice
2 tablespoons frozen lemon juice (thawed)
2 (7 ounce) bottles sparkling water

Blend fresh-frozen orange juice and pineapple juice with water following label directions. Mix juices together and stir in fresh-frozen lemon juice, thawed. Allow juices to remain in covered container in refrigerator at least one hour.

Just before serving, pour over block of ice in punch bowl and stir in sparkling water. Approximately 25 4-ounce servings.

Hearty Chowder Is Just Right for Cold Nights

This dish makes a whole meal—wonderful for cold nights.

Hearty Chowder

4 tablespoons butter
½ pound lean smoked ham, cut in small cubes
½ cup finely diced celery
½ cup finely chopped onion
2 cups cubed, partially cooked potatoes
4 tablespoons flour
4 cups milk
Salt, if needed
Dash of pepper
Chopped parsley for garnish

Melt butter in heavy kettle or Dutch oven. Add ham cubes and cook over low heat for about five minutes. Add celery and onions and continue to cook over low heat until vegetables are soft but not brown.

Cook potato cubes in boiling salted water until nearly tender. Drain.

Blend flour into ham-vegetable mixture. Add milk slowly and continue to cook and stir until mixture is smooth and thickened. Add potatoes.

Add salt if needed, and a dash of pepper. Cook over very low heat for several minutes, until chowder is piping hot and potatoes are just tender.

Serve in hot soup bowls, with a sprinkle of chopped parsley. Makes six servings.

Here's a satisfactory way to heat cooked leftover rice. Put it in a saucepan and cover it with boiling water; bring quickly to a boil. Drain and return to saucepan; dry a few minutes, shaking the pan, over low heat.

Bottled Eggnog Makes Airy Pie

A chiffon pie calling for commercially prepared eggnog has a ready-made start. The eggnog, a rich blend of eggs and milk, saves the home cook the effort of making the custard base for this no-bake holiday pie filling.

The eggnog is merely heated in a saucepan over low heat with unflavored gelatin and sugar. Heavy cream, whipped and added to the eggnog and gelatin, gives additional smoothness and richness.

Then in go flavorings and the fruit cocktail with its taste medley of peaches, pears, pineapple and cherries. The filling is ready to be turned into a baked pastry crust . . . home assembled or from a mix.

The chiffon pie can be wreath-trimmed with more fruit for its holiday decor.

• • •

On sampling, it is light and melting to the tip of the tongue as unflavored gelatin captures the air beaten into the whipped cream.

Fruited Eggnog Pie

1 envelope unflavored gelatin
¼ cup sugar
½ teaspoon salt
2 cups commercially prepared eggnog
1 cup whipping cream, whipped
1½ teaspoons vanilla
¼ teaspoon almond extract
1 can (20 ounces) fruit cocktail, thoroughly drained
1 baked 9-inch pie shell

Mix gelatin, sugar and salt. Gradually stir in eggnog. Warm over direct low heat until gelatin is dissolved. Chill until mixture mounds. Heap into baked pie shell.

Fold in whipped cream, flavorings, 1½ cups drained fruit cocktail. Chill again until mixture mounds. Heap into baked pie shell.

Decorate with remaining fruit cocktail. Chill two to four hours. Yield: One 9-inch pie.

Keep Potatoes in Dark

Maybe you turn a healthy looking brown with a good suntan, but not the potato! A healthy potato can't look the sun in the eye without turning green! Too much light in storage will produce the same colorful effect. Your cue? Keep potatoes in the dark! Avoid buying green-tinged potatoes at the market . . . a potato that's sunburned is apt to have a bitter taste.

Simple Puddings Are Satisfying to Sweet-Tooth

With all the emphasis on the new and different, let's not lose sight of the excellent old-fashioned recipes that never fail to delight. For those with a sweet-tooth here are two simple puddings made from ingredients most apt to be on your pantry shelf.

Pumpkin Custard

2 egg yolks
1 cup sugar
1½ cups milk
2 cups canned pumpkin
1 cup soft enriched yeast-raised bread crumbs
½ cup shredded coconut
3 tablespoons melted butter or margarine
¼ teaspoon salt
1 teaspoon orange flavoring
2 egg whites
2 tablespoons sugar

Beat egg yolks, stir in sugar and milk; then pumpkin, bread crumbs, coconut, butter, salt and orange flavoring. Blend well. Pour into a buttered baking dish. Bake at 325 degrees until thickened and slightly brown.

Beat egg whites until stiff but not dry. Beat in 3 tablespoons sugar. Spread on pumpkin custard and continue baking until meringue is lightly browned. Serve hot or cold.

Serve Versatile Rice in Many Combinations

According to consumer marketing information agents, rice is thrifty and very versatile for all main meal mixtures to desserts. Rice blends with many food flavorings.

For a new treat in taste and texture try toasted slivered blanched almonds with cooked rice to serve with chicken dishes or fish. Or add chopped olives to buttered rice to serve with tomato or cheese dishes.

Orange marmalade added to cooked rice gives you a dish that goes well with many meats. Add chopped onion and parsley to rice and you'll have a dish that goes well with seafood or meat loaf.

Raisins With Curry

Gourmet fare: Plump raisins in a little cooking sherry and serve as an accompaniment to chicken or shrimp curry. Other good curry accompaniments are salted nuts; fresh tomatoes and onions dressed with salt, pepper, vinegar and a little sugar; crisp crumbled bacon.

Michigan Rivals Sunshine States

GRAND RAPIDS (AP) — Michigan may be shoving aside the sunshine state of Florida and closely pursuing California in the production of fruits and vegetables.

The development was revealed by a Michigan State University vegetable specialist in a recent address at the convention of the Michigan State Horticultural Society.

The speaker, John Carew, said Michigan has begun a horticultural expansion which may push past Florida and into a position second only to California in national ranking.

He cited four reasons for the advance, particularly along the Lake Michigan coastline.

Carew named a "tremendous quantity of the sandy soil" desirable for fruit and vegetable culture; plenty of water; proximity to large population centers for good markets and low freight costs, and plenty of room for expansion.

H. D. Tukey, director of the MSU Horticultural Department ranked California, Florida and Michigan as the states with the largest horticultural potentialities. He predicted Michigan eventually will rank second only to California.

He believes the expansion will cover the Lake Michigan shoreline into the Upper Peninsula. Tukey said the expansion already has started, citing northern Michigan's booming strawberry acreage and the state's position as the nation's top blue berry producer less than 10 years after the first major plantings of the berries in Michigan.

Seafood Snacks Hearty Enough to Please Men

Here are hot canapes for your holiday snack tray from the National Fisheries Institute.

These little snacks are hearty enough to please some hungry male who might scoff at food which is too "bite-size." And there's enough interesting variety to please the gourmets among your acquaintances.

Shrimp In Bacon

Wrap shelled and deveined shrimp in half slices of bacon. Fasten each with a toothpick. Grill in broiler or bake in hot oven until shrimp is pink and bacon is crisp. Replace burnt toothpicks with fresh cocktail picks.

Clams Casino

Open clams carefully to retain the juice. Remove upper shells, leaving clams in deeper halves. Sprinkle each with a few drops of lemon juice and bits of finely minced green pepper, chopped onion and chopped bacon.

Season with salt and pepper. Place in a shallow pan or on a cookie sheet and bake in a hot oven (450 degrees) until bacon crisps.

Cocktail Fish Balls

Shape canned codfish cakes into tiny round balls, three-fourths inch in diameter, and fry to a golden brown in deep hot fat. Serve with a cocktail pick stuck into each.

Anchovy Toast Fingers

Cut crusts from thinly sliced bread, and cut bread into strips about 1 inch wide. Toast on one side. On untoasted side, place anchovy strips and slide under broiler. When anchovies are heated, brush with butter and sprinkle with chopped parsley.

BEAN CASSEROLE—Cans of baked beans are wonderful to have on your supply shelf, they can be dressed up in any number of interesting ways. Served with brown bread or hot muffins and a salad, they're a whole meal.

Top Doughnuts With Maple Puff

During the holiday season, teenagers home from school on vacation like to meet their friends at informal get-togethers—which leads us to the subject of doughnuts.

Every young person welcomes doughnuts — either plain, sugared or frosted. And certainly they make things easy — nearly every food store now carries good ones.

Pile them high on a platter. Serve lots of hot coffee — and let the crowd dunk to their heart's content.

* * *

Cider, of course, is welcome at a doughnut party. So is hot chocolate. If you want a fancier way to use doughnuts, try this recipe.

Maple Puff

1 tablespoon unflavored gelatin
¼ cup cold water
¼ cup hot milk
2 eggs, separated
1 cup maple syrup
⅛ teaspoon salt
¼ cup chopped nuts
½ teaspoon vanilla

Soak gelatin in cold water about five minutes. Add hot milk to slightly beaten egg yolks and cook over low heat until mixture thickens slightly, stirring constantly.

Remove from heat and add softened gelatin. Stir until thoroughly dissolved. Add maple syrup, salt and vanilla. Cool. Beat eggs whites until stiff and fold into cooled mixture.

Add chopped nuts. Pour into mold. Chill. As mixture begins to congeal, pour into individual serving dishes over cut up doughnuts. Serve with whipped cream.

Gray Days Brightened by Tossed Fruit Slaw

A colorful salad helps to brighten gray days and this tossed fruit slaw will be a family favorite.

To 2 cups shredded cabbage, add 1 cup diced oranges and 1 cup sliced, unpeeled red Delicious apples. Toss together lightly and add 2 teaspoons grated onion, 1 tablespoon lemon juice, one-half teaspoon sugar and one-third cup mayonnaise. Mix thoroughly and serve on crisp salad greens.

Hearty Bean Casserole Saves Both Time, Work

Home entertaining is part of the fun of the winter evenings, and the late snack can be delicious and hearty with no burden to the hostess.

* * *

Whether guests are expected or just drop in, the wise homemaker has staples on hand that magically turn into a quick and easy buffet supper.

Your favorite brand of baked beans provides one of the truly versatile dishes you can serve. Add the special seasonings which make the dish your very own, such as a pinch of thyme, honey or molasses, a touch of mustard, chili sauce, a dash of tabasco or Worcestershire.

Mix and heat. Serve in individual dishes or from the pot with sliced cheese, pickles and cold cuts.

* * *

Another bean dish that's ready in a jiffy is this simple casserole with a new look.

2 1-pound cans baked beans
2 tablespoons prepared mustard
2 medium tomatoes, sliced
1 medium onion, sliced
1 large green pepper, sliced
3 tablespoons brown sugar

Mix beans and mustard in a casserole. Top with alternate slices of tomatoes, onion and pepper. Sprinkle with sugar. Bake in moderate oven about one-half hour or until beans are thoroughly heated. So good served with cole slaw or a mixed green salad.

Serve Mushrooms With Planked Steak

Have meat dealer cut a 2-pound sirloin steak about 1 inch thick. Score the fat. Blend together 2 teaspoons kitchen bouquet, 1 teaspoon ginger and one-half teaspoon each of garlic salt and onion salt. Brush mixture over the steak. Let season at room temperature for one hour.

* * *

About 20 minutes before serving time, place steak on rack in preheated broiling compartment. For a medium rare steak, broil 4 inches from moderate heat for five minutes. Turn and broil five minutes longer.

Meanwhile pre-heat a seasoned oak plank, or heat-proof platter, in very hot oven, 425. Remove steak from broiling compartment and place on plank.

Arrange ring of mashed potatoes around steak. Place in oven and bake until potatoes are lightly browned, about 10 minutes.

Serve immediately, garnished with a 3-ounce can of broiled mushrooms heated in their own juice. Serves four generously.

Canned Pears Are Big Help to Homemakers

Having several cans of Bartlett pears on hand is as good as extra help in the kitchen, because no matter what the menu emergency, canned pears can help solve it.

* * *

If your family is lackadaisical about breakfast, a serving of canned pears will give them a good start on their day's supply of vitamins and minerals, and the simple sugar in the pears will give them that extra energy boost everyone needs in the morning.

When lunchtime comes, team canned pears with other fruits, vegetables or cottage cheese in a delicious and eye-appealing salad. You can amuse the youngsters with funny face pear salads and the tiny toddlers, of course, love gelatin salads dotted with tender pear bits.

When dinnertime rolls around, you can let your imagination have free rein. The results will be new, exciting desserts such as Dutch Paradise Pie or old-fashioned tried and true favorites such as Ginderbread Upside-down Cake.

* * *

Yes, and when someone in the family is home sick with a cold or upset tummy, a mellow canned pear half, swimming in its own juice, will go a long way toward tempting a lagging appetite.

So don't let your stock get too low. Pick up a few cans of Bartlett pears every time you shop.

New Year's Parties Call for Informal Food Service

By JANET ODELL
Pontiac Press Home Editor

This coming weekend you will probably do more informal entertaining than at any other time of the year. We should like to offer a suggestion or two about food to serve.

Whoever invented "Dips" did hostesses a great service. Make up several bowls of Dips; set out various kinds of crackers and potato chips, and everyone's happy.

The Dip-of-the-year is the one made with a package of onion soup mix and a pint of sour cream. It's been named California Dip. You can vary it by making it with cottage cheese instead of sour cream. Dieters, take heed! Another variation is to add ¼ cup of finely chopped mustard pickles to one cup of the Dip.

A meat-flavored dip you may not have thought of making uses chopped baby lamb. You will need two cans of the lamb for this recipe.

Lamb-Cream Cheese Dip

1 (3 oz.) package cream cheese
2-3 cup junior lamb
½ teaspoon onion juice or scraped onion
2 tablespoons mayonnaise or salad dressing
⅛ teaspoon Worcestershire

Soften cheese, add chopped lamb, onion, mayonnaise and Worcestershire. Blend thoroughly. Chill. Makes about 1¼ cups.

How about a Holiday Red Devil Shell for a conversation piece?

Simply hollow out the center of a red cheese ball. (Zigzag the slice across for a decorative effect.) Then put the scooped out cheese through a grinder or chop up finely; mix it with two Family Size cans of deviled ham, add onion to taste, teaspoon of prepared mustard, two tablespoons mayonnaise for easy spreading. Heap filling back into hollow cheese ball and sprinkle top with paprika.

Surround the Holiday Red Devil Shell with melba rounds and assorted crackers for serv-yourself spreading, and don't forget a few cheese knives for those who will want to prove that this holiday treat is good to the last shred!

Have a very pleasant New Year's weekend. Do be sure to make that "one for the road" a cup of coffee.

How to Brown Meat Cooked With Low Heat

Kitchen bouquet is the answer to those who think low meat cookery temperatures result in an unattractive finished product. Brush meat for stews, braised dishes or pressure cooking with plain kitchen bouquet before browning over moderate heat. This will give your meat a rich brown, luscious appetizing look.

* * *

Brush lean meats like hamburger, steaks as well as fish or poultry, with a mmixture of fat and kitchen bouquet before cooking by any of the dry heat methods. Fat meats, such as pork cuts or Long Island duckling, are delicious when brushed with a mixture of honey and kitchen bouquet about 30 minutes before they are done.

For Friday Luncheon

A Friday luncheon salad, that offers tempting flavor contrast is made with tuna, celery and unpeeled red Delicious apples. Chop the apples and celery, combine with tuna and dress with mayonnaise. Thin cucumber slices make a good garnish for this salad, too.

Use Leftovers in Supper Salad

Leftovers following holiday dinners need not pose a problem in menu planning. Why not serve what is left of the Christmas turkey or the New Year's ham in a hearty salad?

* * *

Green Olive Supper Salad, a recipe which combines turkey or ham with pimiento-stuffed green olives, onion, celery and green pepper, fills the bill on two counts.

It's delicious to eat and simple to prepare . . . a feature homemakers appreciate after the fuss of holiday meals.

Green Olive Supper Salad

2 cups diced cooked turkey or ham
½ cup chopped celery
2 tablespoons finely chopped onion
2 tablespoons finel chopped green pepper
½ cup sliced pimiento-stuffed green olives
½ cup mayonnaise
2 tablespoons French essing
Crisp salad greens

Combine turkey, celery, onion, green pepper and olives; toss lightly and chill. Combine mayonnaise and dressing; blend well. Add dressing to turkey mixture and mix well.

Serve with crisp salad greens. Garnish with slices of garlic-flavored cheddar cheese and additional olive slices, as desired. Makes four servings.

Tuck Sausages in Yam

Tuck a few Vienna sausages into the heart of a baked sweet potato. Place back in the oven just long enough to heat the sausages. A nice dish for Sunday night supper.

GREEN OLIVE SUPPER SALAD — An inviting supper menu consists of turkey salad made with sliced pimiento-stuffed green olives and garnished with slices of garlic-flavored cheese, corn chowder, carrot curls and cucumber slices.

Diet Can Be Built on Milk Foundation

Do you know that . . .

The unique composition of milk makes it a foundation on which to build an adequate diet for infant, child, adult and oldster.

You can become an expert in making such inexpensive and nutritious cheese standbys as: Macaroni and cheese, potatoes au gratin, vegetables with cheese, sauces, souffles, rarebits and a variety of cheese sandwich combinations.

If you soften butter at room temperature for spreading bread and sandwiches, it will spread more evenly and keep sandwich filling from soaking into the bread.

Examine a head of lettuce before you store it. If it has any withered leaves, discoloration or indication of decay, be sure to remove these.

Salami Cornucopias Are Tempting Snacks

The crowd coming in for a snack? Roll halves of very thin slices of salami around stuffed olives and fasten with toothpicks. Serve the salami cornucopias with stuffed eggs garnished with anchovies and pimiento.

Round out the platter with assorted cheese and have lots of hot rolls and coffee on hand.

Babson Sees '56 as 2nd Best Year

(Continued From Page One)

continue to be spent on research and new plant expansion. The effect could well be another "turn up" in the Babsonchart Index of Business.

9. Despite the decline in family formations, the baby boom will roll merrily on through 1956. The reason: More parents are willing to have four, five, and even more youngsters.

The result: A tremendous, sustained demand for all kinds of necessities,—housing, food, clothing new schools, etc.

10. All told, I look for 1956 to be the second best business year in history—just a shade off from 1955. Predicted declines in the key auto and residential building industries will largely be offset by rising expenditures for roads, sewers, and schools—and by increased demand for electricity, natural gas, and foods.

11. The main handicap to retail business in 1956 will be intensification of the parking nuisance, but this is getting so terrible that a revolutionary solution may be in sight. Shopping centers are a partial remedy and will help suburban property. But only 15 per cent of the people will live in the suburbs in 1956.

More Parking Lots Will Aid Business

12. Cities will condemn old buildings and provide thousands of parking lots in 1956. As this is done, city property will again come back. Until then we see no price improvement during 1956 in city business property.

13. Building costs will average higher through at least the first half of 1956. This means that fewer new homes may be built next year.

14. With demand falling and money more expensive, speculative builders of new homes will have to watch their step more closely in 1956 than in any year since the ending of World War II.

15. Duplex dwellings will probably continue in demand through the whole of 1956 if they are well located. The limiting of rents will probably be totally abolished during 1956.

16. With the trend of vacancies showing a tendency to rise, owners of the newer and more costly apartment buildings will find their profit margins squeezed harder in 1956 than at any time in recent years.

17. Commercial farms need not suffer during 1956. Increased efficiency and new machinery should offset price declines.

18. Owners of small scattered farms will suffer during 1956. They have not the volume or capital to cut their costs to offset the reduced prices for their crops.

19. Farmers within ten or fifteen miles of a city can "beat the game" by selling out at the increased prices which their land will bring for subdivisions. Many more well-located close-in farms will become subdivisions during 1956.

20. Taken all in all, the real estate situation should average only moderately below the good level of 1955. However, activity promises to be less and those who have been holding real estate for speculative profits might do well to consider selling.

No War With Russia Expected in 1956

21. Russia will keep out of war with us during 1956.

22. There will be one or more small wars during 1956. Both sides of the conflicts will try to secure help in the form of munitions from both Russia and the United States, but none of these will develop into serious conflicts.

23. The "cold war," now existing between Russia and the United States, will continue through 1956.

24. The hydrogen bomb and the guided missile will be the greatest international factors for diplomatic trading during 1956. This trading will hold down the price of big-city property.

25. The Republicans will turn slightly "New Dealish" during 1956 and this will bring on a lively and heated Presidential campaign.

26. Democrats are uncertain as to what their policy will be in 1956. Stevenson is a liberal; but more conservative than many Democrats. Kefauver appeals to the masses while Harriman leans to the left. However, some "dark horse" may run off with the Democratic nomination.

Limited Tax Cuts May Be Realized

27. Some taxes will be reduced during 1956. These cuts will try to favor all voters slightly; but the largest benefits will go to low-income groups.

28. The farm problem — concerning higher price parities — will be the center of most political fights.

29. The cost of living will increase only slightly during 1956. We, however, must not forget what weather can do to production, prices, and even to the stock market.

30. All the above means that there is now in sight no reason for further inflation during 1956. Certainly, I look for no runaway price climb.

31. I am not a crop expert, but my associates' forecast for 1956 is as follows: (1) Further acreage reductions that will be largely offset by soaring yields resulting from intensified cultivation; (2) expanded farm subsidies that will mildly bolster crop prices and farm income compared with the 1955 averages.

32. Although wheat and corn prices depend upon both shifting weather and foreign conditions, for 1956 I forecast moderately higher prices for the major grains, based on increased subsidies to be voted by Congress.

33. Industrial prices will enter the new year on a high plateau and should be well maintained to possibly firmer during the forepart of 1956. Later, as business falters, look for selective easing in this group.

34. Steel in 1956 will average higher in price than for all of this year. Do not look for any price cut in this key metal, even if business slackens.

35. Nonferrous metals in 1956 should move with the Babsonchart Index. High prices in early weeks may be followed by selective weakness. Zinc and lead may be the first to give a tip-off on the coming downtrend, but copper eventually is riding for the greatest fall.

36. Processed and frozen foods should advance only slightly in price as increased labor costs are offset by new machinery and competition intensified. Early firmness in textiles should be followed by some late-year weakness.

More Leisure Time Helps Some Groups

37. There will probably be more leisure time during 1956. This should help the entertainment group, including sports, travel—and possibly the petroleum industry.

38. During 1956 I hope that school teachers will be paid more money. But, in order not to have increased municipal taxes, school committees must develop some method of either improving the efficiency of the schools, or reducing the time necessary for completing studies.

39. More people will continue during 1956 to return to the help of religion. However, statistics on church membership unfortunately cannot be entirely depended upon.

40. Interest rates will start the year at high levels, but later I look for some easing to help the building industry. The present Administration will not allow high money costs to bring about unemployment.

41. Seasoned dividend-paying stocks will do better in 1956 than the more speculative issues. Stocks will follow individual prospects more closely, rather than the curve of business entirely.

42. There will be one or two bad breaks during 1956. Railroad stocks will move lower. Biggest declines are likely in auto and residential-building-materials stocks. Utilities will hold up best.

43. I am not making any extensive recommendations, but prefer to select smaller, well-seasoned, undervalued situations for security and good long-range prospects. Those in which I have great confidence are the top-ten group of variety chain-store stocks.

Stock Margins Face Possible Reduction

44. If the rallies continue to be less impressive than the declines in the stock market, I feel that the money managers will reduce stock margins before long.

45. Bank, insurance company, and certain investment trust stocks should continue to be a refuge for the uncertain investor and for those who seek security and income without reference to prices or market-ability.

46. Aircraft stocks in 1956 may suffer from increased government renegotiation. This will be a serious threat if the Democrats win next autumn.

47. Soundly financed natural gas stocks should continue to enjoy good growth during the year ahead.

48. We will hear much more about new industry and new inventions during 1956. Many very important developments are on drawing boards and in test tubes.

49. Canadian stocks have reached their peaks for this cycle. This includes the uranium craze. On the other hand, the time is coming when the greatest stock market profits will be in connection with Canadian stocks.

50. Economic education will continue more and more a factor throughout 1956. The advertising which the New York Stock Exchange is now subsidizing will continue. This will be followed by labor-union and educational programs. The growth of colleges and institutes of business administration will continue.

I now see no depression ahead for 1956, but, of course, stock prices will not "grow to the skies" and there must be a sad readjustment some day. Investors are already beginning to switch from common to preferred stocks, and especially to non-taxable bonds.

Recipe for Rolls Brings $25,000

NEW YORK (AP)—Mrs. Henry Jorgensen of Portland, Ore., has won the $25,000 annual cooking prize of the Pillsbury Flour Mills with a recipe for an easy-to-make sweet roll.

The Pillsbury concern said Mrs. Jorgensen "ran circles around other entries" in the firm's seventh annual "Bakeoff," in which she and 99 other women vied at the Waldorf-Astoria Hotel.

She said her recipe came from her mother.

Mrs. Jorgensen, wife of a Portland city employe and mother of an 18-year-old son, had entered the Pillsbury contests each year previously but never qualified for the final round.

She said she would use part of her prize money to send her son to college.

* * *

Second prize of $7,500 went to Mrs. Claude E. Hughes of Orange, Va., for her "Regency Ribbon Cake"—a one-bowl, one-batter affair.

Mrs. Nicholas Suciu of Otter Lake, Mich., won third prize of $2,500 with her "Apple Dimplings."

Bake Ham Butt With Peaches for Fine Flavor

Your family will enjoy this dish if they go for ham served with fruit.

Smoked Shoulder Butt With Peaches

1 small (about 1½ pounds) boneless smoked pork shoulder butt
Whole cloves
¼ cup honey
1 tablespoon prepared Bahama-type mustard
1 can (29 ounces) peach halves (thoroughly drained)

Cover butt with water and bring to boil. Simmer, covered, until meat feels tender when long-handled cooking fork is inserted in center — use 45 minutes per pound as a cooking guide.

Drain butt thoroughly and place in baking pan — an 8-inch square heat-resistant glass dish is a good choice because it may be brought to the table.

Insert cloves, about 1 inch apart, over top and sides of butt. Stir honey and mustard together; spoon most of mixture over butt.

Arrange peach halves, cavity side up, around butt; spoon remaining honey mixture into peach cavities.

Place in very hot (450 degrees) oven to brown butt and heat peaches through — 10 to 15 minutes.

Serve at once, using small amount of liquid in baking dish as a sauce for the sliced ham. Makes four to six servings.

Wonderful topping for cauliflower: A half cup of fine dry bread crumbs browned in half a cup of butter.

IGLOO CAKE — You can have your igloo and eat it too. This attractive holiday centerpiece is a good-eating fruitcake. It's an ideal table decoration for children's parties or bridge luncheons. After the oh's and ah's are over, cut generous wedges for dessert and enjoy the compliments this delicious homemade cake is sure to bring.

You Won't Need Any Ice to Make This Igloo Cake

Making holiday fruitcake is a happy tradition in many families. Most of us can remember when it was a day-long job with the fragrance of spices and fruits filling the house from morning until night.

* * *

Today, there are many shortcuts to making fruitcake, so that even the busiest homemaker can recreate the atmosphere of her childhood and let her family savor the spicy baking aroma, and enjoy the heart-warming thrill of seeing the fruitcake come from mother's oven.

A very easy and never-fail recipe for fruitcake uses graham cracker crumbs and nut-like wheat germ as the basis for a fruit-loaded cake that's as good as the kind grandma used to make.

The cake itself can be tossed together in a very few minutes, so you'll have extra time to indulge your artistic flare in decorating it.

* * *

This recipe can be used for plain loaf cake, or you can bake it in a ring mold and decorate it as a holiday wreath. Or bake it in a round bowl to make an intriguing Igloo Cake centerpiece like the one pictured. The instructions are simple and easy to follow.

Igloo Cake

3 cups fine graham cracker crumbs
1½ cups light brown sugar
1 cup wheat germ
3 teaspoons baking powder
1 teaspoon salt
½ teaspoon cinnamon
¼ teaspoon nutmeg
1 cup dates, cut up
1 cup nutmeats, coarsely chopped
½ cup maraschino cherries, well drained and halved
1 cup milk
1 teaspoon vanilla
3 eggs, well beaten

Combine cracker crumbs, sugar, wheat germ, baking powder, salt, spices, dates, nutmeats, cherries; stir well. Add milk and vanilla to beaten eggs. Blend milk-egg mixture into dry ingredients. Batter will be very thick.

Pour into greased 3-quart ovenproof bowl lined with well-greased waxed paper. Fill small well-greased fruit juice can two-thirds full of batter for igloo entrance.

Bake in moderate oven (350) for 1½ hours. Remove cake for entrance from oven after 45 minutes. Turn cake out onto wire rack, peel off waxed paper immediately.

Decorate cooled cake with cream cheese frosting. Above recipe makes one 8-inch Igloo Cake, or two 9¼x5¼x2¾-inch loaf cakes or two rings (6-cup molds). Bake loaf and ring cakes in moderate oven (350) for one hour, or until firm.

Cream Cheese Frosting

1 3-ounce package soft cream cheese
½ teaspoon vanilla
1½ tablespoons milk
2½ cups sifted confectioners' sugar

Cream together cheese, vanilla, milk. Add sugar gradually, blend in well. Attach igloo entrance to cake with toothpicks. Entrance should be 2 to 3 inches long. Frost cake smoothly and heavily, leave opening to entrance plain.

Let frosting set about 20-30 minutes. With blunt side of kitchen knife draw lines around cake about 1 inch apart. Then put in vertical lines to form ice blocks. Insert candy cane for chimney.

Olives, Mushrooms Baked With Turkey

You can get this main dish ready ahead, bake at last minute.

Quick Turkey Treat

1½ cups liquefied instant nonfat dry milk
3 tablespoons flour
½ of an 8-ounce package sharp processed cheese food (coarsely grated)
1½ cups diced cooked turkey
1 cup chopped olives
2 cans (3 ounces each) sliced mushrooms (drained)
2 tablespoons diced pimiento
3 cups cooked rice.

Pour liquefied instant nonfat dry milk into top of double boiler; sprinkle flour over surface. Beat with rotary beater until just blended. Cook and stir constantly over hot water until thickened.

Add cheese, stirring constantly, until cheese melts. Remove from heat.

Arrange alternate layers of turkey, olives, mushrooms, pimiento and rice in a 2-quart casserole. Pour cheese sauce over.

Bake in moderate (350 degrees) oven 30 minutes or until cheese sauce bubbles. Makes six servings.

Buttermilk Adds Flavor Interest to Many Dishes

Do you know that . . .

Buttermilk will give new and interesting flavor to many dishes. Extra tenderness is given to pancakes, waffles, biscuits and muffins if they are made with buttermilk.

* * *

One-half cup of cottage cheese supplies as much high quality protein as one serving of meat. It makes delicious main dishes, whole meal salads, and desserts.

* * *

Ice cream is a family food. It is suitable for all ages and is a perfect dessert, a "pick-me-up" after shopping and a nutritious after-school snack. Chocolate ice cream is one of America's favorite flavors.

* * *

A spoonful of lightly salted whipped or sour cream is just the thing to dress up any creamed soup. Sprinkle a bit of paprika on top for color.

Fill the cavities of fresh pear halves with a mixture of diced ham, diced celery and mayonnaise. Sprinkle with paprika and serve on greens.

California Dip Accents Tuna

Combine a package of onion soup with sour cream—then add this to your noodle and tuna casserole. Result—wonderfully good.

Noodle and Tuna Casserole

1 package (8 ounces) wide noodles
1 can (7 ounces) tuna fish
2 tablespoons butter
1 teaspoon salt
⅛ teaspoon pepper
1 cup "California Dip"
1 cup milk
¼ cup buttered cracker crumbs

Cook noodles according to package directions. To drained noodles add tuna fish, butter, salt and pepper. Heat "California Dip" to boiling and whip with rotary egg beater; slowly add milk. Add this sauce to tuna fish noodle mix.

* * *

Pour into a 1½-quart casserole and sprinkle with cracker crumbs. Cover and bake 30 minutes in moderate oven (350 degrees) removing cover the last 10 minutes so crumbs will brown. Makes six to eight servings.

California Dip

Combine 1 pint sour cream and 1 package onion soup mix just as it comes form the package. For 1 cup of dip use one-half pint sour cream and 3 tablespoons (one-half package) well-blended onion soup mix.

This Is the Season for Navel Oranges

California navel oranges are in season, so you can plan on big fresh orange salads.

November to May is the season for what are often called "the world's best eating oranges," though this year the crop will mature slightly later than usual. It will be somewhat smaller than in 1954, but the fruit is expected to be clear-colored and the texture good.

California navel oranges have always been very popular for making fresh fruit dishes in the wintertime, but are used equally as much for decorations and eating whole.

Children traditionally expect one of the big, colorful orange balls tucked into the tip of a Christmas stocking, and are happy when Mother leaves a bowl of oranges within easy reach.

Another use for naturally bright-colored navel oranges is in sparkling decorations around the house. Arrange oranges with greens, other fruits, or tie them to some holly for an inviting door decoration.

The California navel is a fruit of many uses; be sure to include many of them in your Christmas planning.

Loaf Uses Nuts and Vegetables

The time comes after every holiday feast, when the great bird goes its way in dozens of tasty leftover dishes

Sometimes the leftover vegetables still hang on, and here's a delicious dish tailor-made for leftover mashed potatoes, celery, carrots, and even those chopped nutmeats!

Quick and easy to prepare, your leftover vegetables will go in a flash when this loaf is put on the table.

Leftover Vegetable Loaf

1 cup cooked carrots
3 cups mashed potatoes
2 teaspoons chopped onion
1 egg
¾ cup chopped nutmeats
3 tablespoons fat
1 teaspoon salt
¼ teaspoon paprika

Preheat oven to 350-400 degrees (moderate). Mix all ingredients in large bowl. Pack into a greased loaf pan. Bake 35 minutes in the oven.

Serving tip . . . pour tomato sauce over each serving. Make sauce by using tomatoes instead of milk in a white sauce recipe.

Substitutions . . . use leftover celery instead of carrots.

Pears Go With Lamb

Baker or broiled pear halves (fresh or canned) make a fine accompaniment to roast leg of lamb; fill the pear cavities with mint jelly. Or use currant jelly for the garnish.

LEMONADE-RHUBARB DUMPLINGS—These dumplings are easy to make and are a delicious hot dessert. Lemonade and rhubarb combine to make the tasty sauce. They'll be just the thing to serve on a cold winter's evening.

Lemonade and Rhubarb Flavor Dumpling Dessert

Here's a dessert the family will ade, water, and sugar. Mix well particularly like on a cold winter and let come to a full rolling boil, evening: Delicious hot dumplings then drop the dumplings into it. with a new Lemonade-Rhubarb Sauce.

Here's the recipe:

LEMONADE-RHUBARB DUMPLINGS

Sauce

1 (12 ounce) package frozen rhubarb
1 (6 ounce) can frozen concentrate for lemonade
1 canful water (fill lemonade can once)
3 tablespoons sugar

Thaw rhubarb and place in large skillet; add concentrate for lemon-

DUMPLINGS

2 cups biscuit mix
1 tablespoon sugar
⅔ cup milk

Combine ingredients and mix lightly. Drop by tablespoonsful into the hot lemonade-rhubarb syrup. Cook uncovered for 10 minutes over low heat, then cover tightly and cook 10 minutes longer.

Serve hot. Top with plain or whipped cream, if you like. (Serves six to eight.)

Broil Peach Halves With Tasty Filling

Here are a few suggestions for platter accompaniment to enhance your Christmas ham.

Cling peach halves broiled with any of these fillings:

1 tablespoon well-drained sweet pickle relish
1 teaspoon brown sugar moistened with a few drops of mild vinegar
A bit of jelly
A marshmallow, or ready-prepared marshmallow whip
Finely chopped nuts, and a teaspoonful of honey

Place on broiler pan, about three inches from the source of heat; broil about five minutes.

Cheese-Stuffed Dates Offer Unusual Nibbling

For a change from the conventional nut-stuffed date, try this variation which "tastes much better than it sounds."

Fill dates with small strips of strong-flavored cheddar cheese, and roll the dates in granulated sugar. If they are not quite sticky, rinse them in boiling water before stuffing to soften the skin.

Coffee Coronet Crowns Table or Buffet for Party

Here is a delectable confection that looks regal on a party dinner table, a gala buffet board.

Your friends and family will recognize a royal dessert when they see one—and you won't have to tell them that it demands a minimum of time spent in the kitchen.

As its title indicates, coffee is the main ingredient in this Coffee Coronet. There's coffee combined with gelatin to make the molded filling, finely ground coffee and sugar sprinkled on the top as a lovely last touch.

Need we add that piping coffee in the cup should accompany a Coffee Coronet? It's just a case of bluebloods complementing each other, that's all.

But coffee isn't the only flavor in Coffee Coronet. There's suave chocolate present, a sprinkling of pecans, a touch of rum flavoring, a dash of whipped cream. A wreath of ladyfingers forms the "coronet"—more ladyfingers hide in the center.

* * *

Now's the time to make this handsome Coffee Coronet—plus a pot of your best demitasse coffee. You'll find they're two of the brightest jewels in your culinary crown.

Coffee Coronet

2 envelopes unflavored gelatin
¼ cup strong cold coffee
1½ cups strong, hot coffee
1 cup sugar
1 cup broken pecans
2 dozen ladyfingers (about)
½ package (3 ounces) semi sweet chocolate pieces, melted
2 cups heavy cream
1 tablespoon rum flavoring

Sprinkle gelatin on cold coffee. Add hot coffee, sugar, and stir until sugar and gelatin dissolve. Chill until consistency of unbeaten egg white. Meanwhile split 9 or 10 ladyfingers and dip one end of each in melted chocolate. Whip chilled gelatin mixture until light and fluffy. Whip cream and fold in with pecans and rum flavoring.

Spoon into spring form pan to a depth of about one-half inch. Stand chocolate-tipped ladyfingers upright around edge of pan, chocolate tips upmost. Add about one-third gelatin mixture and layer with plain split ladyfingers.

Add another third of gelatin mixture, another layer of split ladyfingers and a top layer of gelatin.

Chill until firm. Remove from pan. Just before serving, sprinkle with a mixture of 3 teaspoons sugar and 1 teaspoon very finely ground coffee.

Garnish with additional whipped cream and sugar-coffee mixture. Makes 12 servings.

Try Garnishing Salad With Cheese Carrots

Ever garnish a vegetable salad with cheese carrots? For each carrot use about 2 tablespoons of a processed yellow cheese that molds easily.

Have the cheese at room temperature, of course, so it will be soft enough to shape.

Roll the cheese between your palms, making it a carrot shape. Fork tines will make carrot markings. Chill. Before serving, insert a parsley sprig at the top of the carrot.

Buy Cranberries Now and Freeze Till Yule

Consumer marketing information agents suggest buying your Christmas cranberries now. Buy them when the price is good, put them in freezer containers and place them in the food freezer till ready to use.

Cranberries which have been frozen may be used just like fresh except for raw cranberry relish items in which extra juice would be undesirable. The frozen cranberries can be used satisfactorily in gelatin-base salads and for making cooked cranberry dishes.

Leftover vegetables combined with a cream sauce and served over crisp toast will be especially welcomed as a luncheon dish by your family if you add a topping of crisp bacon.

Backward Glance at '55 Notes Many New Foods

By JANET ODELL
Pontiac Press Home Editor

Let's look back over 1955 and see what new ideas the food people have dreamed up. After a short time we take for granted something that at first was a luxury.

I think that the manufacturers of the various frosting mixes have improved their products immensely. They have made a greater variety and have bettered their original ones.

New flavors of instant puddings have enabled homemakers to serve a wider selection of desserts. Chocolate Angel Food Mix is now put out by at least two companies, giving us a change of flavor in that line.

Wrapping meat has become a science. Now that many stores have open meat counters where the different cuts of meat are always on display, it is necessary to have a moisture-proof wrapper. A new plastic called Cryovac is working wonders in this field. You can even cook some meats in this miraculous material.

The new instant chocolate milk drink encourages milk laggards to consume more than of yore. I don't advocate a steady diet of chocolate milk. But this packaged milk is useful.

Whenever you're inclined to grumble about the monotony of meal planning, remember you have over 5,000 items in the average supermarket from which to choose. The food manufacturer is doing all he can to keep us satisfied. Let's appreciate our excellent standard of living. Happy New Year!

Easy, Delicious Punch Designed for Holidays

A delicious—and deliciously simple — punch to feature during the holiday festivities is made this way:

Combine 1½ quarts chilled apple juice and 1 quart gingerale and pour into punch bowl over ice cubes. Garnish with lemon and lime slices topped with quarters of green and red cherries. Allowing one-half cup per serving, this will yield 10-12 servings.

Jovial Bandit Holds Up Store With Broad Smile

ATLANTA (AP)—A happy gunman held up six persons in a northwest Atlanta grocery store last night and escaped with $703.

Police said the short, stocky man lined up employes and customers at gunpoint and calmly took the money from two cash registers.

Then, witnesses said, he strolled to the door, tipped his hat to the victims and with a broad smile waved goodbye.

Police said he answered the description of a man wanted for three other robberies in the area in recent weeks.

Hayworth's Job Facts Revealed

Suit Against Columbia Showing Rita's Salary to Be $12,500 Weekly

LOS ANGELES (AP)—Rita Hayworth's movie salary is $12,500 a week.

She must always be portrayed sympathetically on the screen.

Her fourth husband blocked the Hollywood comeback of her second husband.

These were among the disclosures made in federal court testimony yesterday relating to the problems arising between big studios and big stars.

Miss Hayworth is suing her longtime employer Columbia Pictures for breach of contract. Columbia has a countersuit against Miss Hayworth.

B. B. Kahane, vice president of Columbia, was a witness. He told how her fourth husband, crooner Dick Haymes, took over the dealings between Miss Hayworth and the studio. And, he said, the studio loaned Haymes $50,000 last year with a provision Rita would pay it back at $10,000 a year.

• • •

The actress divorced Haymes a month ago.

Kahane said that the second husband, Orson Welles, whom he described as an "actor of great stature," was first choice for a top role in "Joseph and His Brethren," in which Rita was to have starred.

"I felt it rather a delicate matter," Kahane said," so I suggested to Haymes that he ask Miss Hayworth how she felt about it. He replied: 'She wouldn't even consider it. Forget it.'

"So we did," added Kahane.

• • •

Other disclosures by Kahane were:

That Miss Hayworth's role in any picture must be the leading one; that the role must be sympathetic for her; that the picture must be made in technicolor and that the budget must be $700,000 or above.

Newsmen to Attend Veteran's Hearing

WASHINGTO (AP) — A hearing open to newsmen has been granted to James Kutcher in his battle to retain a $329 monthly veterans compensation payment once suspended on loyalty grounds.

The Veterans Administration announced yesterday that Kutcher's "wishes will be honored" to the extent of permitting newsmen to cover tomorrow's hearing before the VA's Central Committee on Waivers and Forfeitures.

Kutcher is a 44-year-old Newark, N. J., man who lost both legs under German mortar fire in World War II. His disability payment for that injury was suspended by a VA regional office as of Nov. 30 pending a loyalty hearing, but was reinstated temporarily by VA headquarters here.

Best Laughs of 1955 — According to the 'Oil'

By EARL WILSON

NEW YORK—"The Best Laughs of 1955"—which I will now fearlessly choose—emphasize how most Americans have just had a crazy year of pleasure-hunting.

★ ★ ★ ★

Oscar Levant told how a man came home unexpectedly and found his wife. The "Davy Crockett" song inspired Comedian Eddie Hanley to name a drunken friend "Davy Crocked." A college football coach was quoted by Matt Weinstock as saying, "Things were so tough this season, we had to use students on the team."

PEGGY

People didn't have to worry about wars and depressions.

Red Skelton asked Conrad Hilton at the opening of his $11,000,000 Beverly Hilton Hotel, "Hilton, did you really build all this on a GI loan?"

John Steinbeck commented that at the worst, Rodgers and Hammerstein's "Pipe Dream" would be "a two-year flop." Wall-to-wall carpeting was funny somehow. A toupee-wearer was said to have "ear-to-ear carpeting."

★ ★ ★ ★

Joan Blondell told of a subway rider telling another one, "Sir, do you know you have a banana in your ear?" Whereupon the other man shouted, "Speak louder, man!" Can't you see I have a banana in my ear?"

When Peggy King came out leading a dog the same color as her new fur coat, George Gobel said, "What pretty fur. And you had enough left over to make a dog."

DOROTHY

Comedian Joe E. Lewis, ill, declined to answer when his doctor asked if he'd been smoking and drinking. "Doc," he said, "I'm no stool pigeon!"

Fred Allen in his book "Treadmill to Oblivion" mentioned a man "who had claustrophobia so bad, he couldn't live in Rhode Island."

Walt Disney's success was such that Mike Connolly quoted somebody asking, "How long can that Disney get by only on talent?"

★ ★ ★ ★

President Eisenhower didn't figure much in the laughs because of his illness. The TV stars took his place. Dick Shawn, who opened at the Copacabana with Dorothy Collins of "The Hit Parade," told how his agent had booked him on the Ed Sullivan show.

"I was surely surprised," Shawn said. "I'd never even worked for Arthur Godfrey."

★ ★ ★ ★

THE MIDNIGHT EARL . . .

Steve Allen and Jayne Meadows flew to L.A. and spent Christmas with his sons . . . Band manager Cress Courtney and model Fran Keegan got the license . . . Imogene Coca was asked to star in a "Pinocchio" TV spectacular . . . The Concord will present prominent foreign entertainers. First one: English singer Dinah Kaye.

DINAH

Farley Granger and Janice Rule may make it a New Year's Day ceremony . . . Norman ("Naked and the Dead") Mailer turned down H'wood script offers—he's too busy publishing a Greenwich Village newspaper . . . The TV Academy awards—in color—will be televised March 17 . . . Danny Scholl's up for the lead in the London company of "No Time for Sergeants."

Joe Louis—who's getting hitched—asked Sarah Vaughan to sing "Love and Marriage" at Birdland . . . Lilo, ze French singaire, returns from Paris next month for night club work.

Jackie Miles wires from the Monte Carlo Hotel, "As the New York temperatures go down, the Miami prices go up." That's earl, brother.

Hollywood Headlines

Ann Sheridan Commutes to Filmland From Mexico

By BOB THOMAS

HOLLYWOOD (AP) — Remember the old song "Annie Doesn't Live Here Any More?" Well, that applies to Ann Sheridan, one of Hollywood's most durable glamor girls.

• • •

Ann now spends all of her leisure time in Mexico City, where she has a home. She also owns a home here, but occupies it only while she's working in films.

Why this double residence?

• • •

"I fell in love with Mexico long ago," she reported. "I like the people and I like the living. It's a much easier life, although it is changing somewhat. The Northern culture has been moving in, and they have their ulcer and heart cases too. It's not quite the gentle pace it used to be, but it's still a lot more restful than the way of life up here."

• • •

Ann might spend all her time in Mexico except for the matter of earning a living. So she commutes to film jobs here, usually driving the long journey in her car. "It's a beautiful trip," she remarked. "The roads are getting better all the time."

Sh is here now for another burst of film activity. She was doing a TV drama for Screen Gems' Celebrity Playhouse. Next she goes to MGM to join June Allyson, Dolores Grey, Ann Miller and others in the musical remake of "The Women."

• • •

Ann is on the prowl for a TV series. She did a pilot film for one based on the exploits of a Las Vegas hotel press agent. But it struck resistance from sponsors who declined to foster a series that concerned gambling.

Bad Weather May Halt Post-Yule 'BB Bandits'

OKLAHOMA CITY (AP) — Oklahoma City's "BB bandits" have started their annual post-Christmas war with the police.

Officers have answered more than 40 complaints since Monday of small boys shooting at everything in sight with air rifles brought by Santa Claus. There is an ordinance against shooting a BB gun inside city limits.

Commented detective Ralph Richards:

"All we can do is pray for bad weather."

3 Elderly Brothers Ruled Gas Victims

ST. LOUIS (AP)—An autopsy today disclosed that three elderly bachelor brothers found dead in their old-fashioned home here died of carbon monoxide poisoning.

Authorities reported the home was tightly closed and a fire in a coal heating stove had burned out. The bodies of the Hoening brothers—Charles, 62, George, 64, and Henry, 67—were discovered Tuesday. The bodies, clad in underclothing, were in beds.

Police returned to the home after the autopsy in an effort to locate the source of the fumes in the three-story brick house.

Market Demand

DALLAS, Tex. (AP)—Officers who arrested eight men and charged them with burglary explained yesterday why the ring was able to dispose of its loot so quickly: the men would "take orders," then would go out and steal merchandise to fill them.

Railroads in the U.S. use about 130 million rail ties every year, enough to build 43,000 miles of track.

Indiana NG Request Rejected by Williams

INDIANAPOLIS (AP) — Gov. G. Mennen Williams of Michigan has rejected Gov. Craig's request for continued use of Camp Grayling, Mich., for training the Indiana National Guard each summer.

* * *

In a letter to the Indiana governor, Williams said Michigan permitted Indiana's 38th Infantry Division to use the camp "to be helpful in time of an emergency." But Williams said he believes the state may not have had legal authority to do so.

* * *

He said Michigan National Guard leaders disapproved the joint use of Camp Grayling except in time of war or other emergency. Any future use, he said, would require legislative approval and payment by Indiana of part of the operating cost of the camp.

Killed in Car Crash

DETROIT (AP)—Gerald D. Reid, 47, of Gibraltar, was killed last night when he apparently lost control of his car and struck a tree on Middle Gibraltar Road in Wayne County.

NOTICE OF HEARING

Notice is hereby given that the Bloomfield Township Zoning Board will hold a public hearing at the Bloomfield Township Hall, at 4200 Telegraph Road, on Monday, January 9, 1956, at 8:00 o'clock p.m., on the following petition filed with the Zoning Board:

Petition to rezone the following described property from Residence 1 and 2 zones to Commercial zone:

T2N, R10E Sec. 4, Part of the South West ¼ beg. at pt. dist. S. 1°48'21" E. North 87°32'19" E. 1357.7 ft., thence N. 87°32'19" E. 1357.7 ft., thence South 0°58'31" East 403.45 ft., to Northerly line of "Bloomfield Terrace Subdivision"; thence South 88°27'39" West 1354.30 ft.; thence North 1°48'21" West 384.25 feet to beginning, containing 12.25 acres.

T2N, R10E Section 4: North 9 acres of South 29 acres of the West ½ of the South West ¼, containing 9 acres.

T2N, R10E Section 4 all of Bloomfield Terrace Subdivision.

The above property is located on the East Side of Franklin Road and North of Square Lake Road, Bloomfield Township, Oakland County, Michigan.

All persons interested in the above change of zoning are requested to be present.

E. PROCTOR,
Chairman
Bloomfield Township
Zoning Board.
Dec. 16, 29, 1955

Four Democrats Assume State Positions on Sunday

LANSING (AP) — Four new state officials, all of them Democrats, take office Sunday as a delayed result of last spring's state election.

The top Democrat to take his oath of office, is Circuit Judge Eugene F. Black of Port Huron, a former Republican attorney general who broke with his party and was rewarded with the Democratic nomination for State Supreme Court justice.

He will replace Justice Henry M. Butzel of Detroit, who will be 84 years old next May and who declined to seek another term.

Butzel has the third longest tenure of any supreme court justice in state history. He was appointed to the state's high court in 1929 and has been re-elected by the people ever since.

Associate Justice Leland W. Carr of Lansing, Republican, starts another term Jan. 1 because he survived the Democrats' "little landslide" of 1955.

The Democrats elected two Democrat members of the Board of Regents of the University of Michigan — Paul L. Adams of Sault Ste. Marie and Eugene B. Power of Ann Arbor and Traverse City.

ALL MALE PANEL

They, too, take office Jan. 1. Adams and Power succeed J. Joseph Herbert of Manistique, veteran Republican regent, and Kenneth M. Stevens of Detroit, who did not seek renomination.

For the first time in more than 30 years, the State Board of Agriculture, governing body of Michigan State University, will be an all-male board because of last April's Democratic successes.

William E. Baker, Mesick school teacher, will succeed Sarah Van Hoosen Jones, Rochester Republican. Dr. Connor D. Smith of Tawas, a Democrat whom Gov. Williams appointed to the board twice to fill a vacancy, will return to the board under a voters' mandate for the first time.

Dr. Clair F. Taylor, Republican state superintendent of public instruction, will start a new term Sunday, as will Stephen J. Nisbet of Fremont, Republican member of the State Board of Education, governing body of the teacher colleges.

Firms to Observe Regional JA Week

More than 185 business and industrial firms located in the Southeastern Michigan area will join Jan 29 through Feb. 4 in supporting the region's annual observance of Junior Achievement Week.

Purpose of the event, according to plann ers, will be to call attention to the aims and activities of the nearly 6,000 teenagers who belong to 274 JA companies.

E. O. GEORGE

Chairman of preparations is E. O. George, sales manager of the Detroit Edison Co.

The celebration will also highlight JA's annual fund-raising effort, scheduled to last from Jan. 12 through Feb 23 under John F. Gordon, General Motors vice president. Goal of this year's drive will be $230,000.

The region comprises the largest JA area in the U.S., and is made up of centers located in 13 centers. The Pontiac center is headquarters for 11 companies.

CNR Expands Intercity 'Piggy-Back' Operations

Extension of Canadian National Railways trailer-on-flat-car freight service to provide a link between Toronto and Windsor was announced yesterday. The move makes Windsor the fifth city to come within the orbit of the CNR's growing "piggy back" operations.

Inaugurated in 1952 between Montreal and Toronto, the service was expanded earlier this year to Hamilton and London. The original fleet of 12 trailers and six flat cars has been increased to 50 trailers and 25 flats.

Killed in Truck Crash

PERRY (AP)—Charles Haag, 21, of Route 2, was injured fatally last night in the collision of his car with a tractor trailer truck on M78 near Perry Junction in Shiawassee County.

GEORGE A. DELANEY

GMC Official Heads U.S. Auto Engineers

George A. Delaney, chief engineer of the Pontiac Motor Division will assume the duties of president of the National Society of Automotive Engineers at the January 11 meeting of the society at the Masonic Temple in Detroit.

Delaney has been a member of the S.A.E. since 1936. He has been connected with the automobile business most of his life, entering the industry in Detroit in 1920 as a product engineer for the Paige Motor Car Company.

He joined General Motors and the Pontiac Motor Division in 1934 as an electrical engineer. From 1939 until 1942 he was assistant chief engineer. During World War II he moved to the Fisher Body Division as supervisor of aircraft engineering.

He returned to Pontiac at the close of the war and was made chief eingineer in 1947.

Grain Dealings Still Lethargic

CHICAGO (AP)—Grains hung close to previous final prices in early dealings on the Board of Trade today. Trading continued at a lethargic pace.

Several wheat contracts moved higher early as there appeared to be less selling pressure in this grain than in any other. Portugal purchased three cargoes of feed wheat overnight. Rye also moved ahead but met more resistance than yesterday.

Wheat near the end of the first hour was ⅜ to ½ higher, March $2.09¼; corn unchanged to ⅛ lower, March $1.28⅝; oats unchanged, March 63⅜; rye unchanged to ½ higher, March $1.21⅝; soybeans unchanged or ⅜ lower, January $2.39½, and lard 5 to 10 cents a hundred lower, January $10.82.

Grain Prices

CHICAGO GRAIN

CHICAGO, Dec. 29 (AP) — Opening grain

Wheat		Oats	
Mar	2 09	Mar	65¼
May	2 04¼	May	64½
July	1 94⅜	Rye	
Sep	1 96½	Mar	1 21
Corn		May	1 21
Mar	1 28⅜	Lard	
May	1 31⅝	Jan	10 90
July	1 34¼	Mar	11 30
		May	11 60

Truck Firms Plan Output of 330,500

The nation's truck builders plan to produce some 330,500 units during the first quarter of 1956, highest quarterly volume since April-June of this year, according to Ward's Automotive Reports.

* * *

Scheduling for the coming period is pegged about five per cent above the final three months of 1955, the periodical said, and 25 per cent higher than 1955's January-March production.

Ward's stated, however, that GMC, Ford, Chevrolet and Dodge plan first-quarter monthly levels as much as 32 per cent below their best 1955 yields.

* * *

Independent truck producing companies are expected to account for about 25 per cent of the industry's total during the first quarter.

Wholesale Food Cost Up 1st Time in Weeks

NEW YORK (AP)—Wholesale food prices as measured by the Dun & Bradstreet Index edged up slightly this week in the first rise in six weeks.

* * *

The index moved to $5.96 a week ago. The latter figure was the lowest since June 20, 1950, when the Korean War began. A year ago, the index was at $6.78.

The index represents the total cost at wholesale of one pound each of 31 foods in general use.

Up this week were corn, lard, cottonseed oil, eggs, steers, hogs and lambs. Lower were flour, wheat, butter and cocoa.

1 Had Vodka in Coffee, Another, Syrup and Beer

HOT SPRINGS, Ark. (INS) — Three defendants brought before Judge John Lewis on drunk charges gave three varied versions on imbibing.

The first said, "All I had was vodka in my coffee." The next piped up, "Your Honor, I just had cough syrup and Hadacol and a wee spoonful of beer." The third admitted indulging in something stronger by saying, "No whisky judge, just some beer, then a dash of sherry wine and a shot of gin."

City Hall Gets Cleaning

GRAND RAPIDS (AP)—Seven highway department employes Wednesday took over a "housecleaning" job in the city hall attic. The task force removed ballot boxes, furniture and other miscellaneous equipment from the city hall attic to a nearby annex where it awaits disposition at public auction early next year. The stored material had been termed a city hall fire hazard.

County Deaths

Anna W. Thayer

LIVONIA — Service for Anna W. Thayer, 82, 18819 Shadyside, will be held at 2 p.m. Friday at the Thayer Funeral Home with burial in Oakwood Cemetery. Miss Thayer died Tuesday.

Livestock

DETROIT LIVESTOCK

DETROIT, Dec. 29 (AP) (USDA)—Hogs salable 150. No early sales.

Cattle salable 100. Receipts mostly cows, general market steady today. Compared last Thursday receipts small but about ample for restricted outlet; steers and heifers steady to weak; very broad demand for small supply cows fully 50-75 cents higher, instances up more considering quality and finish; bulls scarce, steady; stockers and feeders virtually absent, nominal; six head prime 1141 lb steers 22.75, load 1093 lb prime steers 22.50; part loads mostly prime 1103 lbs and 1100 lbs 22.25 bulk mostly choice fed steers 21.00-22.00; choice and prime 1287 lbs and 1370 lb steers 20.50; bulk good and low choice steers 18.00-20.50, no high good to prime heifers noted limited supplies utility and commercial steers and heifers 12.00-16.00; bulk utility cows 11.00-11.50, few better kinds 12.00; canners and cutters 9.00-11.00, not many below 9.50, most utility and commercial bulls 13.00-15.00, cutter bulls down to 10.00.

Calves salable 25. Market steady today. Compared last Thursday dependable outlet for rather small receipts, market fully steady, bulk good and choice vealers 20.00-27.00; high choice and prime very scarce, scattered individual head sales 28.00-32.00 few higher utility and commercial grades mostly 14.00-20.00; cull and low utility 10.00-14.00.

Sheep salable 100. Market steady today. Compared last Thursday broad and aggressive demand for comparatively large receipts; supply mostly wooled slaughter lambs, including many over 100 lbs. Slaughter lambs fully 50 cents higher, instances up more considering weight; sheep very scarce, firm; few small lots, totaling less than 100 head, choice and prime 90-95 lb wooled lambs 20.20-21.00; about 200 choice and prime 85-101 lb wooled lambs 20.00; bulk high good to prime under 111 lb wooled lambs 18.50-19.50; some utility and low good lambs 16.50-18.00; choice and prime under 108 lb shorn lambs No 1 pelts 17.00-18.35; cull to choice sheep 4.00-8.00.

CHICAGO LIVESTOCK

CHICAGO, Dec. 29 (AP)—Salable hogs 18,000, moderately active and uneven, generally around 25 lower than Wednesday's average on butchers, instances as much as 50 lower on weights under 220 lb such as sold up to 12.50 on Wednesday, sows steady to 25 lower; only fair shipping outlet but all local interests in trade; most U.S. No. 1 to 3s 180-230 lb butchers 11.25-12.00; mostly No. 2 grade at 11.50 and below, a few hundred mixed mostly No. 1 and 2s 12.25, and around 150 head at 12.50; a 54 head lot mostly No. 1s 209 lb at 12.75; mixed No. 2 and 3s 230-290 lb 10.75-11.50; bulk 260-310 lb 10.00-75; most 350-600 lb sows 8.25-9.50; a few lighter weights to 9.75.

Salable cattle 2,500; salable calves 200; steers high good and better under 1,200 lb fairly active and fully steady; other weights and grades slow, about steady; heifers about steady; cows steady to 25 higher, mostly steady; bulls firm; vealers active 1.00-2.00 higher; a load of prime 1,157 lb steers 22.25, good and choice steers 1,200 lb down 15.75-21.50; a load of prime 1,545 lb 19.25; a load of 1,600 lb 19.00; a load of choice 715 lb averages 17.50; a few utility steers down to 12.00; a few good and choice heifers 15.00-20.00; utility and commercial cows 10.50-12.75; canners and cutters 8.50-10.50; utility and commercial bulls 14.00-16.00; vealers 29.00 down; a few very light culls as low as 10.00; stockers and feeders about steady; a load of good 875 lb feeding steers 17.60; a load of medium 950 lb weights 14.75.

Salable sheep 4,000; slow, slaughter lambs steady to 25 lower and sizable share of the run unsold; slaughter sheep about steady; most sales good to prime, mainly good and choice wooled lambs 110 lb down 17.50-19.00; a small package 19.25, no criterion of the general market; a few lots around 115-120 lb wooled lambs 17.00-17.50; cull to low good lambs 10.00-16.50; cull to mostly good slaughter ewes 4.50-6.00.

Market Moving Ahead Slowly

NEW YORK (AP)—The Stock Market moved quietly along a narrow range today in early dealings.

Small fractional changes were the rule in key areas of the list. Trading started briskly enough but then turned quiet.

Steels were up a shade. Motors were steady in contrast to their recent weakness. Aircrafts were narrowly mixed and quiet.

Railroads displayed narrow plus and minus signs. Delaware & Hudson was an exception, up between 1 and 2 points following a proposal for a three-for-one split of the stock.

Among advancing stocks were Bethlehem Steel, Consolidated Edison, Texas Co., Douglas Aircraft, Union Carbide and General Electric.

Lower were Boeing, Allied Chemical, Southern Railway, Baltimore & Ohio, and Standard Oil (NJ).

The market yesterday was lower with the Associated Press average of 60 stocks off 40 cennts at $179.40.

Williams Names Popkin to Hospital Survey Post

LANSING (AP)—Gov. Williams today appointed Jordan J. Popkins of Lansing as director of the Office of Hospital Survey and Construction.

Popkin served as administrative analyst for the office under Marvin Tableman, former director who resigned because of ill health.

Popkin attended the University of New Hapmshire and the University of Michigan, where he received a master's degree in public administration. He served in the Air Force during World War II.

The director's job pays $7,500 a year.

Air Force Cadets Fly —in Denver Ski School

ARAPAHOE BASIN, Colo. (INS) —Some of the cadets of the U.S. Air Force Academy may be airborne long before they complete their military training.

About 50 cadets every day during the holiday season are taking ski instruction at Arapahoe Basin Ski School, astride the continental divide about 70 miles west of Denver.

Coach Willy Schaeffler of the Denver University ski team is chief instructor.

Firm Declares Dividend

NEW YORK (AP)—Parke, Davis & Co., pharmaceutical manufacturers, yesterday increased the quarterly dividend to 40 cents a share from 35 cents and declared an extra 10 cents.

Both dividends are payable Jan. 31 to stockholders of record Jan. 9.

Nine volcanic islands comprise the Azores chain.

Senator Hints Probe of Ford Stock Sale

WASHINGTON (INS) — Sen. Joseph C. O'Mahoney (D-Wyo), said today there is concern in Congress over terms of the first public offering of stock in the Ford Motor Co.

He said House and Senate members he has talked with about the offer of 10,200,000 shares of Ford stock are interested in the question of corporate control. O'Mahoney said he has "no doubt" the matter will be brought up in the Senate Banking Committee.

The public will hold 60 per cent of the voting power while the Ford family will have 40 per cent — enough for control of the company—after the sale of stock which is being placed on the market by the Ford Foundation.

Amputates Buddha Arms

KOICHI, Japan (AP)—Toshio Yokota, 30, a vagrant, today confessed that he stole two arms from the 1,145-year-old wooden statue in an Osaka temple. He said he thought the statue's six arms were too many even for Buddha.

1955 Strikes Up 21 Pct., Lost Time Rises Over 1954

WASHINGTON (AP)—The Labor Department estimated today that 4,200 strikes caused 28 million man-days of idleness in 1955.

* * *

The number of work stoppages was 21 per cent greater than the 3,468 reported in 1954. Lost time in 1955 was nearly 24 per cent more than last year.

The review noted that while strike idleness this year exceeded 1954, it was the third best year since the end of World War II. The number of strikes in 1955 was about 20 per cent less than the postwar peak of 5,117 stoppages recorded in 1952.

* * *

Approximately 2¾ million workers were involved in the 1955 stoppages, nearly 80 per cent more than the 1,530,000 in 1954. The department said a substantial part of the increase resulted from one or two-day work stoppages in the steel and automobile industries at the time of contract negotiations.

* * *

The 1955 estimates were given in a preliminary review of labor-management disputes by the Bureau of Labor Statistics.

Partly as a result of long-term agreements expiring during this year, the number of work stoppages involving 10,000 or more workers rose to 26 compared with 18 in 1954. The average worker involved in these stoppages was idle about 11 working days in 1955 compared with 17 in 1954.

* * *

Disputes over wages and related issues were a major cause in 19 of the 26 largest strikes in 1955.

Market Moving Ahead Slowly

NEW YORK (AP)—The Stock Market moved quietly along a narrow range today in early dealings.

Small fractional changes were the rule in key areas of the list. Trading started briskly enough but then turned quiet.

Steels were up a shade. Motors were steady in contrast to their recent weakness. Aircrafts were narrowly mixed and quiet.

Blames 'Fight' for Nickel Probe

National Lead Co. Offi States Rivals Caused Lead Company Official

CHICAGO (AP) — Insurance man William Balmer says a planned congressional investigation of the government's nickel operation in Cuba stems from what he called "a fight between would-be interests and National Lead Co."

Balmer commented to newsmen on reports that he was among those named for possible questioning by a special Government Activities subcommittee which said it intends to explore financial and legal details of the big government expansion program.

* * *

Rep. Jack Brooks (D-Tex), head of the committee, said in Washington that Balmer's firm, Balmer & Moore of Chicago, receives two thirds of the insurance brokerage fee in connection with workmen's compensation insurance on the project.

* * *

Brooks described Balmer as a "long-time political friend" of Edward F. Mansure, head of the General Services Administration, which is the government agency holding ownership of the nickel plant.

"They've been over this five times," Balmer said. "This was bid on. We were the low bidders. . . . If we hadn't been low bidder, we wouldn't have gotten the business."

ADMITS FRIENDSHIP

Referring to the nickel plant, Balmer said:

"It appears to me the government is getting ready to sell it and a power play is on. This is a fight between the would-be interests and National Lead Co."

Balmer agreed Mansure was a long-time friend.

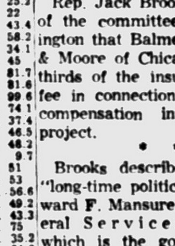

The government spent 100 million dollars to build the plant at Nicaro, Cuba, during World War II. Shut down in 1947, it was reactivated in 1951, and now is being expanded at a cost which Rep. Brooks estimated at 43 million dollars.

* * *

National Lead Co. has management of the expansion program. The plant is being operated by the Nickel Processing Co., a subsidiary of National Lead.

Prudential Manager Reaches Retirement

Arthur L. Norris, Pontiac district manager of the Prudential Life Insurance Co. since 1940, has announced plans to retire Feb. 1 after more than 35 years with the firm.

NORRIS

He will be succeeded by Clifford Mason, of 26 Illinois Ave., staff manager here and a member of the Pontiac office since 1932.

A resident of 51 Seminole Ave., Norris is a past president of the Life Insurance Managers and General Agents Association of Pontiac. The organization honored him yesterday at a noon luncheon in the Waldron Hotel.

Norris joined the firm in 1920 and was assigned to its Detroit office where he held positions as agent and finally staff manager before his transfer to Pontiac as district manager. He will be 65 next month.

He and Mrs. Norris plan to leave for Ft. Lauderdale, Fla., tomorrow where they will make their home after a month's vacation.

First Self-Locking Top to Go on Lincoln Cars

DETROIT (AP)—The Robot Top, first self-locking convertible top in the automotive industry, was announced yesterday by the Lincoln Division of the Ford Motor Co.

The locking device, electrically operated, is standard equipment on new Lincoln convertibles. It replaces the old-style band clamps.

As the robot top opens, a pair of motorized screws in the leading edge of the top are disengaged automatically from the header bar of the windshield. As the top closes, the driver guides the screws back into position for locking.

Schedule First Aerotrain Run

Railroad to Shakedown New Aluminum Coaches Next Month

New York Central's new lightweight Aerotrain, scheduled to go into regular operation between Detroit and Chicago next spring, will make its "maiden" run between the two cities Jan. 5.

Built by the Electro-Motive Division of General Motors, the train's 10 aluminum coaches are drawn by a 1,200 horsepower diesel engine which will travel at speeds of over 100 miles an hour.

The Aerotrain was unveiled at the "Powerama" in Chicago last September. It will operate nonstop when regular runs begin in the spring.

The train weighs only about 1,000 pounds per passenger, and is said by its builders to literally "ride on air" because of a unique system of spring cushioning provided by rubber bellows filled with air.

Leading exponent of the train has been Robert R. Young, board chairman of New York Central.

Lodge Calendar

Special communication of Pontiac Lodge No. 21, F. & A. M. Fri., Dec. 30, to confer E. A. degree. Samuel E. Smith, W. M. Adv.

News in Brief

Charged with driving under the influence of liquor, Herbert L. Fraser, 48, of 161 Summitt Ave., yesterday was fined $100 or 30 days in jail by Municipal Judge Maurice E. Finnegan.

Last night someone stole a tire displayed outside a gas station at 290 State St., owner Buddy N. Herbert, of Drayton Plains, reported to police.

John Mulverhill, 18, of Detroit, charged with leaving the scene of an accident, pleaded guilty yesterday before West Bloomfield Township Justice Elmer C. Dieterle and was sent to jail for 90 days.

While his car was parked in the Fisher Body Division parking lot last night, someone stole four hub caps from it, Edward Remback, of Holly, told Pontiac Police.

Stanley Cannon, of Lake Orion, reported four hub caps stolen from his car while parked in the Fisher Body Division parking lot yesterday.

Frederico Saenz, 29, of 15 W. Wilson St., charged with reckless driving, was fined $100 or 30 days in jail by Municipal Judge Maurice E. Finnegan yesterday.

Tried yesterday for drunk and disorderly conduct, Parker Luker, 53, of 439 Orchard Lake Ave., was fined $100 or 30 days in jail by Municipal Judge Maurice E. Finnegan.

If your friend's in jail and needs bail. Ph. FE 5-9424 or MA 5-4031. —Adv.

Stevenson Seen as Winner in Informal Democrat Poll

By ARTHUR EDSON

WASHINGTON (AP) — An overwhelming majority of Democratic leaders believe Adlai Stevenson is now the best bet to win their party's presidential nomination again in 1956.

The Associated Press today toted up the results of a poll of 126 Democratic governors, state chairmen and members of the party's national committee.

The Democrats were asked:

"Whom do you consider the leading candidate in your state for the presidential nomination?"

Their replies were broken down this way:

Stevenson	76
Kefauver	5
Lausche	3
Harriman	3
Others, or no comment	39

The poll isn't as one-sided as it might seem.

Some who voted for Stevenson stressed that his margin is so slight it may vanish before the convention is held in August.

At least five politicians couldn't make up their minds, and decided the race was a tossup between Stevenson and Sen. Estes Kefauver of Tennessee.

Gov. Averell Harriman of New York, an "inactive" candidate so far, got but three votes. One of these was from Carmine G. DeSapio, who as a national committeeman and chief of Tammany Hall, should have much to say about how New York's 98 votes are cast in the convention.

Gov. Frank J. Lausche of Ohio, running both as a favorite son and for the U.S. Senate, picked up a home vote, plus one from Massachusetts and one from Texas.

Others mentioned as presidential possibilities:

Sen. Lyndon Johnson of Texas, Sen. Richard Russell of Georgia, Sen. Stuart Symington of Missouri, Gov. Robert B. Meyner of New Jersey and Gov. G. Mennen Williams of Michigan.

* * *

If the politicians are right, the 1956 race will be a replay of 1952, with Stevenson, former governor of Illinois, against President Eisenhower.

* * *

Yesterday, in a similar poll of Republicans, the question was asked: Will Eisenhower run again? Their answer, by a big majority, was yes.

Reuther's Fund Plan Assailed by Feikens

LANSING (INS) — Republican State Chairman John Feikens told GOP leaders in Lansing today that UAW President Walter P. Reuther wants to return to the era of "political slush funds and political bossism."

Feikens' remarks were directed at Reuther's defense of union contributions for political purposes.

Westinghouse Pays $3 Million to Idled

PITTSBURGH (AP)—Westinghouse Electric Corp. said today it paid out nearly three million dollars in Christmas loans to members of two striking unions and other employes idled by the dispute.

A spokesman said that during the week of Dec. 19-23, nearly 30,000 workers received checks for $100 to tide them over Christmas.

The loans were offered to all Westinghouse employes on strike or furloughed for more than 30 days as a result of the strike.

Largest disbursement at any one plant was at East Pittsburgh where over 7,100 checks were distributed, the spokesman said.

Some 55,000 members of the AFL-CIO International Union of Electrical Workers and the independent United Electrical Workers have been striking since October in contract disputes. Another 40,000 workers have been furloughed or are only working part-time.

Whitman Diary Mailed Back in Good Shape

DETROIT (AP)—The $25,000 Walt Whitman manuscript diary, stolen from a Detroit Public Library exhibit last March 4, was returned by mail yesterday.

Ralph A. Ulveling, library director, said the valuable diary, owned by Charles M. Feinberg of Detroit, was returned to the main library in a plain brown manila envelope. It was postmarked yesterday from suburban St. Clair Shores.

• • •

Ulveling said an unsigned note was stuck between the pages. It read:

"Dear sir.

"This book was not stolen. I am sorry I didn't return it sooner."

The library director said the book was in "good condition."

• • •

Feinberg, a Detroit oil executive, reportedly owns the world's largest collection of the works of the noted American poet of the last century. He had loaned the manuscript to the library for an exhibit marking the centennial of the publication of Whitman's "Leaves of Grass."

Grass."

The diary, which covers the years of Whitman's life from 1876 to 1889, is entitled "Commonplace Book." Feinberg said its main value was as source material for scholars.

• • •

It was taken from an exhibit case.

"Isn't this a fine Christmas present," Feinberg said when informed of the book's recovery.

Freed Red Returns to Daily Worker Post

NEW YORK (AP)—John Gates, one of 11 Communist leaders jailed in 1951 on Smith Act charges, will resume his post next Tuesday as editor in chief of the Daily Worker, Communist party organ.

Gates, accused of teaching and advocating violent overthrow of the government, was released from the federal penitentiary at Atlanta, Ga. last March 1.

The Daily Workers said terms of his conditional release, preventing him from resuming his job, expired at midnight Monday. He no longer is under probationary supervision.

Gates was released after serving three years and eight months of a five-year term.

The state of Wyoming has about 97,914 square miles.

Holiday Shows Were Overdone

Same Music, Cliches Spouted Forth From All Programs

By CHARLES MERCER

NEW YORK (AP)—We Americans used to observe Christmas. Now we celebrate it.

• • •

The nation secretly sighs with relief when Christmas is over. Nearly everybody ate too much and many drank too much. Nearly all received too much and most wonder if they gave enough. There was much conspicuous consumption and vying for prominence; children debated over who received the better gifts, and suburban householders tried to string up more lights than their neighbors.

The lip service paid to peace on earth and good will toward men would have caused Isaiah to cover his face with his cloak and Jeremiah to raise both hands to heaven.

• • •

Television and radio shared in the general immoderation. Each station, network and program seemed bent on outdoing all others in pouring forth the same music and the same seasonal cliches.

By my count Charles Dickens' "A Christmas Carol" was seen or heard at least four times on national networks. It was too many. Dickens himself grew excruciatingly bored with giving readings of his story.

• • •

Nearly every program was assailed by a painful sense of necessity to do or say something about Christmas. Filled with food and a sense of peace and good will, one twirled the dial here and there seeking something that avoided the seasonal cliches. There was pleasant respite on NBC-TV in seeing "Assignment: India" repeated on the screen.

• • •

Yet this was an exception. Even Dr. Benjamin Spock, who normally talks intelligently about children over NBC-TV Sunday afternoons, was belaboring Christmas. And on CBS-TV they were zealously burning the yule log at both ends nearly all day long. Once I almost turned to Hopalong Cassidy, who was routinely rounding up bad guys.

Americas' dairy cows supply at least one-fourth of all the food consumed by America's growing families.

Williams Asks Dems to Back Wayne Plan

LANSING (INS) — Gov. G. Mennen Williams met yesterday with Democratic members of the Legislature and asked the lawmakers to support a proposal which would have the state take over financial support of Detroit's Wayne University.

Williams received no opposition from his fellow Democrats.

Iran had a short apricot crop in 1955.

WILLIAM H. DENMARK

Police Shrine Club installed 1956 officers recently at their annual installation and Christmas party held in the Waterford Community Activities Building.

Plans were made to take crippled children from the Pontiac area to the Shrine Circus this year. The expedition has become traditional for the club.

Officers are:

William H. Denmark, president; Charles H. Krehler, first vice president; Forest B. Taylor, second vice president; John A. Zell, secretary; Robert E. Tallman, treasurer; David S. Neal, chaplain, and Thomas R. Corbin, trustee.

Lawyer Says Hague Is 'A Very Sick Man'

JERSEY CITY, N. J. (AP) — Former Mayor Frank Hague was described today by his attorney as "a very sick man."

Hague, now 79, was released Christmas Day from a New York City hospital where he had been since October.

John Milton, Hague's lawyer, issued a statement here today in behalf of the Hague family in which he said Hague was "a very sick man and that while his family and friends were hoping and praying for his recovery, it was impossible to forecast what the immediate future would bring."

Milton said Hague had been transferred to quarters in New York City temporarily occupied by the family.

Friends had said Hague had suffered a second heart attack in a period of 18 months, but this was denied by the family and hospital sources.

Hague resigned as state Democratic leader and boss of Jersey City for many years.

Stepfather of Boy, 14, Cleared in Strangling

LITTLE ROCK, Ark. (AP)—The stepfather of Joe King, 14-year-old victim of a strangler, has been cleared, at least temporarily, in the youngster's death, and police are searching for a new lead in the case.

T. Sgt. James R. King was released from custody last night after taking a lie detector test. Chief Deputy Sheriff Sam Hallum said he had been "cleared for the time being." Sheriff Tom Gulley said the Air Force sergeant would be questioned again.

The boy's body was found Monday in a remote section south of Jacksonville, where he lived in a trailer with his mother and stepfather.

Prof Given Award

LOS ANGELES (AP) — Dr. Frank of the University of Southern California, television's Shakespeare professor, has been presented the Speaker of the Year award by Tau Kappa Alpha, national forensic society.

Is the Soviet Military Budget Camouflaged?

By JOHN H. MARTIN
INS Foreign Director

The 1956 Soviet budget is presented as a move to reduce international tension through cuts in the huge Russian military service—but naturally Western observers see lots of camouflage.

Soviet Finance Minister Arseny Zverev said the defense budget of 102,500,000,000 rubles represents a reduction of approximately nine per cent over the previous year, and approximately 18 per cent of the total budget.

"The reduction in military expenditure," he told the parliament in Moscow, "means the Soviet Union is showing concern, not in words, but by deeds, in reducing international tension and guaranteeing peace and security."

The phrase about deeds, not words, being needed from Moscow, is a reflection of the long-standing American official attitude.

REDUCED ARMY?

But has Moscow actually cut its forces?

It says that it has reduced its army by 640,000 men. This may be true but Western observers do not think that the big Red army machine has been reduced in military effectiveness.

Conventional troop sizes and weapons may have been pared somewhat, but the Soviets may be switching more and more to the neuclear age of producing terrifying weapons that do not need as much manpower to operate.

The Soviet budget clearly shaws that the accent still is on heavy industry. And heavy industry in Russia means to a great extent war potential rather than consumer goods production.

BOAST OF H-BOMB

Nikita Khrushchev, Communist party secretary, proudly announced during his tour of India that the Soviets had tested their most powerful hydrogen bomb weapon.

The Kremlin leaders also have not been the least bit shy in exhibiting long-range jet aircraft capable of carrying nuclear weapons.

There also is an intriguing figure in the new budget. It is labeled "social and cultural development," and this elastic department is to get more than one-third of the total expenditures of some 568,800,000,000 rubles.

This category may be one of the biggest bits of camouflage in concealing the true nature of the budget.

* * *

Western experts long have contended that the Russian leaders mask their true expenditures on armament under such misleading titles as "social and cultural development."

No other nation has such a big category under such an uplifting label.

* * *

If the Soviets are shifting much of their money and energy into nuclear weapons and guided missiles this would not be surprising. That is the trend also in the West. But in the West under the ruling governmental systems there tis not as much chance of concealing armaments under resounding titles. The budget makers must do very thorough explaining to the taxpayers.

A 1,700-acre tract near Suva has been set up as a Fiji Island forest reserve.

A radio telephone system is planned to link Accra and Kumasi, Gold Coast.
