U.S. Raids Hit; Rusk in Saigon

SAIGON, South Viet Nam (AP)—Waves of B52 bombers struck Communist positions in South Viet Nam today in three raids that ranged from near Saigon to the northern edge of the country.

As the bombers flew in from their Guam base U.S. Secretary of State Dean Rusk arrived in Saigon and discounted chances of a prolonged pause in American bombing raids over North Viet Nam.

"We can't just stop half the war," Rusk told newsmen. "They've got to stop their half of it."

In one raid on the North yesterday, U.S. fighter-bombers were attacked by Communist MIG interceptors only six miles northeast of the center of Hanoi.

The MIGs fired heat-seeking air-to-air missiles but failed to score hits, a U.S. spokesman said.

He reported, however, that one U.S. plane was shot down by Communist ground fire over North Viet Nam and two more were shot down in South Viet Nam.

Ground action in South Viet Nam continued light with both the U.S. and Vietnamese military commands reporting only minor engagements.

CLOSE TO SAIGON

Two of the contacts were close to Saigon where allied forces are embarked on a new campaign to clear the Viet Cong from jungle bases from which they mount terror attacks on the capital.

The B52s in their first raid struck before dawn in Tay Ninh Province, hitting enemy trenches, bunkers, foxholes and suspected troop areas 30 miles northwest of Saigon.

A second wave, each plane carrying up to 27 tons of explosives, hammered at a Communist infiltration route 85 miles northeast of the South Vietnamese capital.

Today and tomorrow, a sizable portion of Oakland County residents will be asked to be "good fellows" in the cause of a Merry Christmas for all.

Newspaper sales, including The Pontiac Press, sponsored by various groups in the outlying areas, will afford Christmas baskets for nearly 200 families.

Sales were to be conducted today in Oxford, Lake Orion and Avon Township. In Oxford, the Lions Club has charge of the sale.

A Goodfellows organization will handle sales in Lake Orion, and Metropolitan Spirit 83 of Avon Township will turn salesman there.

Tomorrow's sales include Highland and Pontiac Township and Lake Orion and Avon Township will carry over another day.

Pontiac Township and Highland sales are conducted by the fire departments.

Lame-Duck House Votes Itself Car Use, Mileage Hike

LANSING (AP)—The lame-duck House yesterday voted itself liberalized mileage allowances and optional use of state cars, and wrote the Democratic coledadership plan into its rules.

Delayed until today was action on a compulsory motor vehicle inspection bill that would cost drivers \$2.25 per car per year.

The Senate, meanwhile, met briefly five times and spent most of the day waiting for the House to take action on various measures.

The Senate approved a House bill designed to enable the state to acquire the necessary land if the Ann Arbor area succeeds in attracting a proposed \$300 million federal atom smelter.

The bill, which increases condemnation powers of state agencies which would be involved, was returned to the House for consideration of amendments made in Senate committees.

Adopting a measure identical to one passed earlier by the Senate, House members gave themselves the choice of using state-owned autos or continuing to receive a mileage allowance for use of their own cars.

Poll Shows GOP Governors Cautious on '68 Preference

NEW YORK (AP)—Michigan's Gov. Romney headed today for the Republican governors conference in Colorado Springs, Colo., where Gov. William W. Scranton plans to seek support for Romney for the 1968 GOP presidential nomination.

Romney, in New York yesterday, told newsmen he hadn't made up his mind about running for the presidency yet.

Scranton was quoted by the Washington Post as saying now is the time for Romney to begin his campaign.

Scranton added, however, that Romney "never asked me for my support and I've never pledged it to him."

U.N. Envoys See Hope in New N-Pact

UNITED NATIONS, N.Y. (AP)—Some U.N. diplomats believe the new U.S.-Soviet agreement to ban war and weapons from outer space can open the way to a pact to halt the spread of nuclear weapons.

The agreement announced yesterday by President Johnson was welcomed at the U.N. as a major breakthrough in a 10-year battle for an international legal code to govern space exploration.

"It is the most important arms control development since the limited test ban treaty of 1963," Johnson said, referring to the earlier pact barring testing in the atmosphere, which most nations have ratified.

He predicted the new treaty would "prevent warlike preparations on the moon and other celestial bodies" while guaranteeing "free access to all areas and installations" in space.

Diplomats at the U.N. also viewed the agreement as a good omen for accord on another major issue now under negotiation — a treaty to halt the spread of nuclear weapons to nations that don't have them.

Key to School Closing Is Safety of Children

By PAT McCARTY

When bad weather strikes, schools superintendents begin making decisions earlier in the day than normal.

Predawn tours of their districts usually are in order before they decide whether schools will be closed on a stormy day.

The central factor in their deliberations is the safety of the children in their districts.

Thus, for most superintendents in north Oakland County, the question is: Can our buses make it?

In Pontiac, where only 10 per cent of the students ride school buses, the problem is somewhat different.

"At least 50 per cent of the pupils live within walking distance of their schools," said Schools Supt. Dr. Dana P. Whitmer.

The question then concerns a child's ability to walk to school safely.

PARENTS' DECISION

"We feel this really is the parents' decision," Whitmer said.

The blizzard of February 1965 is the only storm which has caused Pontiac schools to close during the 12 years Whitmer has headed the system.

"If even a third of our students show up, then keeping the schools open is worthwhile," he said. "In fact, it's kind of a breathing space when teachers (Continued on Page 2, Col. 3)

16 DAYS TILL CHRISTMAS

Proposed City Budget to Be Presented

By L. GARY THORNE

A lean preliminary budget for calendar year 1967 will be formally presented Tuesday — 13 days late — to the City Commission.

Totaling \$9.2 million, the proposed budget — which should have been presented by Dec. 1 — generally reflects the city's austere financial condition.

City Manager Joseph A. Warren said the preliminary budget was informally presented to the commission before the charter deadline of Dec. 1.

However, the bulky document will be presented Tuesday because there was no meeting this week as commissioners were attending a Las Vegas, Nev. convention.

Although city officials won't speculate until the tax base is

set in the late spring, the proposed budget would not appear to forecast any hike in city taxes.

EXCLUSIONS NOTABLE

The proposed budget, balanced only after severe belt-tightening by department heads, is noteworthy for what it does NOT include.

It does not, for example, incorporate any pay hikes for city employees, although negotiations have begun with four separate employee groups.

The proposed budget generally holds the proverbial line on 1967 municipal spending, keeping it on a par with the current year.

Actually, the \$7.5-million general fund expenditures proposed for next year are slightly under \$8.676, the general fund budgeted for 1966.

At least in the preliminary 1967 budget, city officials project only a slight \$5-million hike in the city's tax base. Of course, this projection could change before the final equalized valuation is set on May 20.

Traditionally, the budget adopted the first of the year — the charter stipulates by Feb. 1 — is only a tentative projection of the year's revenues and expenditures. The annual appropriation ordinance usually is revised after the tax base is known at midyear.

Meantime, Pontiac taxpayers can expect to pay nearly the same amount of taxes in 1967 as they did this year — \$17.78 per \$1,000 assessed valuation.

The projected \$5-million jump in the city's tax base, which would put the city's equalized

value at \$406,000,000, is same figure projected for the current year's budget. The latter ended with an actual tax base of \$401,047,416.

NO PERSONNEL ADDED

The general fund, long at the charter limitation of 10 mills, gains \$10,000 for each million-dollar hike in the equalized valuation, or \$50,000 with a \$5-million increase.

In addition to not including almost certain pay hikes, the proposed new budget does not add any new personnel to the hardpressed police and fire departments.

The police department budget is up \$55,435 over the current one, according to the proposed budget, but most of the increase (\$38,823) is projected to pay for

anticipated increased overtime and holiday pay in 1967.

No manpower increases are contemplated in the projected budget. Police Chief William K. Hanger had requested some 30 men to beef up the manpower strength of his 117-man force.

The fire department, meanwhile, is to have its 1967 appropriations trimmed by \$14,893 compared to 1966, according to the administration's budget proposals.

Total salaries for the department next year are projected at \$1,157,450 or \$25,515 under 1966. Administrations explain the department will be kept at its present strength of 142 men, which is down from the 148 men on the department payroll last April.

Ship Toll 235 Dead, Missing

ATHENS, Greece (AP) — minute passengers may have been aboard.

Shipping officials revised the toll in the sinking of the ferry Heraklion to 235 dead or missing today and expressed fear that a number of unlisted, last-

survivors were reported, but the Ministry of Merchant Marine said three of those were later found to be bodies.

Rescue ships kept up their search, and at noon the Marine Ministry said 37 bodies had been recovered and placed in a morgue in Piraeus for identification.

The sea was littered with debris and thousands of oranges from the Heraklion's cargo.

AT LAST MINUTE

Officials directing the search from Piraeus, the port of Athens, said many persons may have boarded the ferry at the last minute and paid their fare after the ship got under way from the island of Crete.

The 8,900-ton Heraklion sank swiftly in a boiling storm at 2 a.m. Thursday, halfway on an overnight crossing from Crete to Piraeus with 206 passengers listed aboard and 75 in the crew.

Crewmen told rescuers trucks and cars, torn from their lashings as the 17-year-old ship tossed in the storm, smashed loading doors that had been weakened by waves.

Chief Mate Nikos Theodorakis, 33, said he ran below deck after the alarm sounded.

"Water was already pouring in," he said. "Automobiles were piled up to one side of the ship in the forward quarter. The heaving of the ship had snapped their retaining stays."

Commission Will Receive Preliminary City Budget

fire departments is generally true of the rest of the city's general fund and special millage departments.

The budget, as proposed, does allow for the hiring of replacements for some existing vacancies, such as added personnel for the engineering department which now has only 13 persons, down from 27 people last year.

Also, the proposed budget provides for filling a vacancy in the purchasing department and the library.

Those funds, outside of the general fund, supported by special service charges or separate, earmarked millage, do show increases in the budgets. Most of these hikes are met through projected increases in revenue.

These funds do not operate from the general fund, but are separate budgets in themselves.

Estimated revenue for the city's sewage disposal system is \$913,000, up \$90,000 over 1966, according to the proposed budget.

The balanced revenue and appropriations for the water department are up \$222,900 over 1966 in the preliminary budget, while the sanitation budget is up \$75,499 over the 1966 budget of \$602,956.

Included in the proposed sanitation budget for 1967, which is supported by a separate earmarked millage, are expenditures totaling \$101,000 for the new sanitary landfill site on Collier.

City officials plan to prepare the landfill site for an early 1968 use. Proposed expenditures include \$65,000 for a greenbelt, \$10,000 for fencing and \$80,000 for a building and utilities.

The city can levy up to two mills for sanitation purposes. About 1 1/4 mills were levied this year. The final levy for 1967 will be determined both by the revenue needed and the tax base.

Coast Guard Probes Sunken Ship's Sister

SAULT STE. MARIE, Ont. (AP) — Coast Guard investigators today probed an 18-inch crack in a deck plate of the E.Y. Townsend, freighter which survived a vicious storm that sank a sister ship.

Coast Guard Cmdr. Robert P. Chrishide and Lt. Richard J. Alridge Jr. were assigned to study the Townsend's damage. The fractured deck plate was discovered after the 602-foot Townsend weathered the storm that sank the Daniel J. Morrell in Lake Huron Nov. 23, with 28 crewmen killed.

The Townsend, last vessel to report having been in contact with the Morrell, is anchored at Sault Ste. Marie for the winter. Its sailing papers were lifted by the Coast Guard after its captain reported the split deck steel.

Meanwhile, the lone survivor of the Morrell disaster, said Bethlehem Steel Corp. Thursday for \$150,000.

Hale alleged that the Morrell was unseaworthy and that operators of the vessel failed to provide adequate inspections, repairs or emergency equipment.

He charged that structural steel was deteriorated on the Morrell. The suit said it was rusted, corroded and weakened by continuous pounding from weather, water, minor collisions and loading and unloading operations.

It said "numerous rivets in critical portions of the vessel" were missing, ballast tanks were damaged and neither emergency radios nor emergency power sources were available.

The suit, filed by two attorneys on Hale's behalf because he is hospitalized at Ashland, alleged that his "extremities are numb and he is unable to walk."

"Normal circulatory function of the extremities has been permanently impaired and is expected to cause plaintiff severe disability for the remainder of his life," the suit charged.

It said that Hale, who was clad only in undershorts and a pea jacket when rescued by a helicopter, suffered excruciating pain which caused hallucinations and a wish for death, upset his emotional equilibrium and permanently disabled him from working as a seaman.

Both the Morrell and Townsend were upbound toward Taconite Harbor, Minn., when the storm struck, with waves of 25 feet and winds of 70 miles an hour reported.

The Gazette said trouble is brewing between two factions of the local crime syndicate, but added its sources discount reports the American came to Montreal to look into the reported disappearance of a Mafia associate with \$250,000 in loan shark funds.

MANILA (AP)—Philippine Foreign Secretary Narciso Ramos warned today there has been a resurgence of communism in the Philippines backed by Communist China.

"Those complacent in the thought that the Communist threat in the Philippines had been broken in the early 1950s have been jolted by the revelations of our intelligence agencies on the extent of the Communist presence among us."

Ramos cited "the renewed activities of professional agitators, the defiance of law by certain youth groups, the increasingly strident propaganda in favor of the Communist system, the enticements dangled before our impressionable students by the hostile regime in Peking," and armed clashes between government forces and Communist dissidents.

City Surgeon Elected to Post Will Head County Medical Association

A Pontiac surgeon has been elected president of the Oakland County Medical Society, succeeding Dr. Worth Henderson of Royal Oak.

Dr. Kenneth Vandenberg, 45, whose offices are at 35 S. Johnson, will serve a one-year term as head of the medical society.

Dr. Vandenberg, who formerly served on the county society's board of directors and was treasurer of the society, is a graduate of the University of Michigan Medical School.

He is married and has one child. He and his family reside at 3118 Erie, Orchard Lake.

Dr. Vandenberg was chief of Staff at Pontiac General Hospital in 1961.

OTHER OFFICERS

Other officers elected at the annual December meeting included Drs. Edwin J. Westfall of Royal Oak, president-elect; Frederick W. Bryant of Royal Oak, secretary; and Ferdinand Gansbauer of Pontiac, treasurer.

Elected to three-year terms on the board of directors were Drs. Dale R. Drew and James R. Quinn, both of Pontiac; and Paul T. Lahti of Royal Oak. Elected to a two-year term was Dr. Ruben Kurnetsky of Oak Park.

Cheyz Trial Hears a Key Witness

By JIM LONG

The Circuit Court bribery trial of White Lake Township Supervisor Edward Cheyz was adjourned yesterday until Tuesday when a prosecution witness, granted immunity by the Oakland County grand jury, returns to testify.

The witness, Richard H. Hanson, spent all yesterday afternoon recalling incidents involving him, Cheyz and Mrs. Estel Dawson.

Cheyz is charged with conspiring with Hanson in a \$3,000 bribe to use his influence as supervisor to have a parcel of property rezoned to permit Mrs. Dawson to construct apartments. The rezoning was never approved.

The allegations were leveled in April by grand juror Philip

Pratt, who granted Hanson immunity from the charges. Hanson, 35, of 2771 North Lake, Waterford Township, is a technical writer with the Waterford Township engineering firm of Johnson and Anderson, Inc.

DISCUSSION Hanson said he couldn't recall if Cheyz said anything after that.

"The usual greetings were exchanged," said Hanson. "I asked how things were going and he said not too well, and explained by telling me the high cost of being a supervisor."

Hanson said that Cheyz asked him if he was in any position to do outside work and told him about Mrs. Dawson.

"He asked me what I could do for her," said Hanson, "and I told him I could prepare advertising for her brochures."

"He asked me how much I would charge her. I did some fast calculating and said about \$3,000."

"I also told him that if I got the job and \$3,000 I would give him \$1,000."

Hanson said he couldn't recall if Cheyz said anything after that.

Two or three weeks later, according to Hanson, he was contacted by Mrs. Dawson, and a meeting arranged where he outlined the services he would provide.

LUNCH TOGETHER

Hanson said that he and Cheyz had lunch together frequently because of their long friendship.

On one of these occasions, after Cheyz had once told him that the County Coordinating Zoning Committee had refused to recommend the rezoning, Hanson said he asked if he thought the

property could be rezoned and later gave him some instructions to give to Mrs. Dawson.

"I was concerned at that time if there was going to be any job," said Hanson.

Hanson said Cheyz later told him that "If I collected the money he would take care of the rezoning."

There was a question if we could trust Mrs. Dawson," said Hanson.

BEFORE AND AFTER

Hanson said that Cheyz told him this could be overcome by getting \$1,500 before the rezoning and \$1,500 later.

"He said he would contact Mrs. Dawson again and that I could expect to hear from her."

According to Hanson, Cheyz

had given him some instructions to give to Mrs. Dawson. The instructions, according to Hanson, included "verifying the fact that the rezoning had been tabled, telling her that he (Cheyz) would get it rezoned, and that she must provide a set of plans with a mortgage stamp."

NO CONTACT

Before the trial was concluded for the day, Hanson told assistant prosecutor James Roberts that he had never contacted any printers about the advertising.

Hanson was arrested Feb. 11 by two grand jury investigators minutes after a meeting with Mrs. Dawson where she gave him \$500 cash and a \$1,000 check.

Report Says State Reports Bugged Tito

BELGRADE, Yugoslavia (AP) — The government told Parliament today the secret police once bugged the office and apartment of President Tito.

This was part of a voluminous report on abuses of the secret police controlled by ousted Vice President Alexander Rankovic, which the government submitted to Parliament.

However, the government proposed and the Parliament agreed that Rankovic and his group should not be criminally prosecuted because of humanitarian reasons, and because of his merits in the past.

Rankovic and his group were purged from the Communist party earlier this year. He was accused of forming a group with the aim of taking over power.

MICROPHONES

The report said the group controlled telephones and installed microphones in offices and apartments. It said Tito's residence in the Belgrade suburb of Dedinje and his office in the government palace were covered with eavesdropping devices.

Lines of Premier Petar Stambolic; Edvard Kardelj, president of Parliament, and other high officials, including army leaders, also were bugged, the report said.

It stressed the group around Rankovic used its position "to spread doubts in the efficiency of the democratic system and self-management."

The report said all these abuses were possible because Rankovic enjoyed full confidence.

The secret police also interfered in all fields of activities, the report said, infiltrated the Foreign Ministry with the aim to dominate it and tried "to link to itself certain army people."

The report said the secret police tried also to control the administration and the Communist party.

Colts Must 'Shoot Works' at Packers

West Division Title at Stake for Green Bay

John Unitas Troubled by Shoulder, is Key to Big Clash

BALTIMORE (AP) — John Unitas and the Baltimore Colts, ranked by four straight defeats by Green Bay, are primed for one big shoot-the-works effort Saturday against the favored Packers, who can clinch the Western Conference title of the National Football League with a win or tie.

Green Bay, which has been working out all week in seclusion in Gathersburg, Md., is in the driver's seat with a two-game lead and two games to play.

Bart Starr has been having a fantastic year with his pinpoint passing and low interception percentage. Unitas, the old master, has been having trouble with a sore shoulder and is off his usual super pace. But John usually rises to the occasion.

The long-awaited rematch will be beamed across the nation on network (CBS) television, starting at 3:15 p.m., EST.

The Colts squirmed all winter after losing that sudden death playoff game at Green Bay, complaining that Don Chandler's controversial field goal that tied the score was not good. A recent television film was cited as evidence in their favor.

CASHED IN — Green Bay has been sitting back quietly, having cashed their 1965 winning checks long ago, but there is evidence that the Colts' complaints have not gone unnoticed in Packerland. The leather will be popping Saturday.

Baltimore psyched up so high for the first game with the Packers, Sept. 10 that it was almost a crusade. The bottom fell out for the Colts when Leroy Casey and Bob Jeter intercepted passes by Unitas and ran them back for touchdowns on the way to a decisive 24-3 victory.

With Starr having an exceptional year and the sturdy Packer pass defense leading the league, Green Bay is only one step away from winning its fifth conference crown in eight years under Coach Vince Lombardi.

Elijah Pitts took over from Paul Hornung when the Golden Boy suffered a pinched nerve in his neck and has become a regular. Hornung, who scored five touchdowns against the Colts at this same time last year, has been used sparingly.

Many think Lombardi will take the covers off Paul on Saturday. Dependable Jim Taylor still is the bread-and-butter runner.

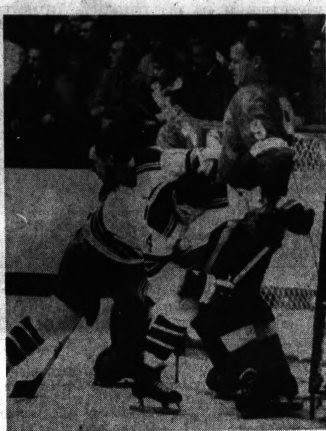

The Colts have been inconsistent with Unitas having shoulder trouble. They went into a two-game losing tailspin against Detroit and Los Angeles and practically dropped out of the race. Unitas saved them last week with a last-quarter bomb to Raymond Berry and a thinly sliced 21-16 edge over Chicago.

Baltimore's offensive line, which played indifferently for two weeks, came to life against the Bears. The defense seemed to spruce up with the return from retirement of 42-year-old Gino Marchetti as a part time defensive tackle.

"We use Gino on goal line stands and as a replacement for Billy Ray Smith and Fred Miller," said Coach Don Shula at Thursday's workout. "All in all, we are the healthiest now that we have been in many weeks."

The Green Bay-Baltimore game is Saturday's only pro football action. The rest of the National League and the American League swing into action Sunday.

St. Louis, trailing first place Dallas by one game in the Eastern race with two remaining, plays at Atlanta while the Cowboys entertain Washington. Both the Cardinals and Dallas are heavy favorites. Elsewhere, Pittsburgh visits New York, Minnesota is at Detroit, Cleveland plays at Philadelphia and San Francisco hosts Chicago.

RANGERS CHECK GORDIE — New York Rangers' defenseman Arnie Brown (4) checks Detroit Red Wings' Gordie Howe (9) as Howe, playing in his 1,500 game stretch, ing over 20 years, waits for a pass that failed to come in a game last night in Detroit. Also keeping an eye out for the pass is N.Y. goalie Ed Giacomin. New York won, 4-2.

Red Wings Decked, 4-2

DETROIT (AP) — When the Detroit Red Wings are losing, they can't even win a fight. New York slammed the Wings 4-2 for Detroit's eighth loss in nine starts and Orlando Kurtenbach decked Bert Marshall with a powerful right hand Thursday night.

The two collided, shoved a bit, and the gloves came off.

"I got him the first two punches, but my arms were out as far as I could reach and it just grazed him," Marshall said afterward, removing a chunk of ice from his swollen lip. "Then he got me."

Marshall pressed the ice against his lip, festooned with fresh stitches. "I guess a tooth came right through," he mumbled.

"We were very bad defensively in the second period," said Red Wing Manager Sid Abel.

and he wasn't referring to Marshall's failure to duck. "We got all disorganized," Abel said.

WINNING SHOT

The second period was when Don Marshall scored his 12th goal of the season and Earl Ingarfield pumped in what turned out to be the winner.

Marshall caught the Red Wings out of position, took a pass from Bob Nevin and came in from the right wing on Roger Crozier. Crozier came out to block the shot and got a piece of it, but the puck bounced in. Ingarfield made it 3-1 when he broke in from left wing and fired into the cage, catching the corner behind Crozier.

"We came back in the third period, then they got another bad goal," Abel said.

Ted Hampson took a pass from Gordie Howe and snapped a shot into the net from close in to make it 3-2 in the third period. But less than two minutes later, Rod Gilbert caught the Wings out of position and blasted in a shot from the right wing after coming in alone on Crozier.

Harry Howell scored the first goal with a long, screened shot that zipped by Crozier. Howe got even less than a minute later, however. He took a pass and skated around in front of the net, waiting for an opening, then fired, beating Ed Giacomin cleanly.

Detroit outshot the Rangers 36-26.

"We had the chances to score and didn't score and they didn't seem to have any trouble scoring," said Abel.

Chicago beat Boston 9-2 in the other NHL action. The victories left Chicago and the Rangers tied for first place with 36 points each. Detroit is mired in the cellar with 12 points, four behind Boston.

Doug Mohs scored two goals and had another apparent score nullified by the final buzzer. Stan Mikita connected for his 12th goal and picked up three assists. Mohs put the puck in the net as the buzzer ended the game and referee Vern Bueffey awarded him a goal. Bueffey later reversed his decision.

Saturday the Red Wings are at Montreal and Chicago at Toronto.

SWITCHING CLUBS — Charlie Smith (left) of the St. Louis Cardinals and Roger Maris (right) were involved in baseball's latest trade. News of the swap found outfielder Maris and his wife wrapping Christmas presents at their home in Independence, Mo.

Yankees' New GM Dealing

NEW YORK (AP) — Lee MacPhail, working feverishly over the shattered New York Yankees, continues to operate at his favorite market place — the National League.

The new Yankee general manager shipped Roger Maris and his \$75,000 salary tag to St. Louis for third baseman Charlie Smith Thursday.

It was MacPhail's second deal since being hired to help rebuild the Yankees, who finished the 1966 season mired in the American League cellar for the first time in 42 years. Ten days ago he swapped third baseman Cleo Boyer to Atlanta for outfielder Bill Robinson.

It was MacPhail, then working for Baltimore, who engineered the biggest inter-league trade of 1965 when he dealt three players to Cincinnati for Frank Robinson.

THIRD SACKER

MacPhail can hardly expect the same kind of instant success for the Maris swap that Robinson brought to Baltimore. Smith is a journeyman third baseman who carries a lifetime batting average of .243.

But the deal does open up the

Bowlers Have 'Last Chance'

Are you one of the 18,000 bowlers in the Pontiac area with an average between 107 and 207?

Are you going to bowl three games Sunday somewhere just for kicks?

Wouldn't you like to have fun competing in a tournament and taking a chance on winning one of a couple hundred prizes?

Couldn't you use a little extra cash for Christmas?

There are a lot more questions posed for bowlers of any average which must come first and that is — Sunday is the last chance to try to qualify for the Pontiac Open Bowling Tournament.

Any bowler regardless of average can win the title of Pontiac Open Champion, and squads at four sites will be going most of the day for those who will be trying to hit the qualifying target score of 600 or better.

When Jim Sawyer, a 160 average bowler entered the tournament in 1965, little did he realize he would walk off with the top prize. Sawyer is back to defend his title, and he qualified last week after trying for the second time to hit 600.

Sawyer and possibly 300 bowlers who reach the semifinals Sunday morning December 10th will be shooting for one of the top guaranteed prizes starting with \$800.

TOP PERCENT

From the Huron Bowl in the semifinals, the top percentage of bowlers will then move to 300 Bowl for the Actual's Invitational and the Pontiac Open Finals.

To qualify for an invitation to the Actual's, a bowler must enter the Pontiac Open. The top actual scores and the top average entries then are invited to this prestigious portion of the tournament, which nets the winner a handsome trophy and \$50.

SOUTH BEND, Ind. (AP) — All-America halfback Nick Eddy was named Notre Dame's most valuable football player of the 1966 season Thursday night and junior halfback Rocky Bleier was chosen 1967 team captain.

Announcement of the honors came at the 47th annual Notre Dame football banquet attended by 1,200. During ceremonies, the university received from The Associated Press a trophy symbolic of the national title as top rusher in the AP poll.

Eddy, a senior from Lafayette, Calif., did not play in the Irish's memorable 10-10 tie with No. 2 Michigan State. He led the Irish in scoring with 10 touchdowns, in rushing with 553 yards in 78 carries for a 7.1 average, in average kickoff returns with four for 193 yards and four touchdowns, and was third in pass receiving with 15 catches for 123 yards.

Duke Travels West to Try UCLA Ace

By The Associated Press
Can Lew Alcindor do it again for UCLA against Duke tonight? The 7-foot-1 1/2 inch sophomore, hailed as the greatest player in present day college basketball, made an awesome varsity debut by scoring 56 points against Southern California last Saturday. Whether he can do it against the tougher Blue Devils from the Atlantic Coast Conference remains to be seen.

"We're not conceding UCLA anything," said Vic Bubas, Duke coach, before the Blue Devils left Durham, N.C., for the game at Pauley Pavilion on the UCLA campus in Los Angeles.

"I think we've got a chance. I know they're a great ball club, but we've got some pretty good players and we're sure going to try to win. I think we've got a chance."

The Blue Devils, seventh-ranked nationally to the top-ranked Bruins in The Associated Press poll, would dearly love to repeat their two victories over UCLA last season.

The Duke triumphs by 82-66

and 94-75 last December when UCLA came East, started the Bruins on the downward path that cost them the national championship.

Duke was upset by Virginia Tech last Friday, but came back on Saturday to beat Michigan. "If we had lost to Michigan it would have been bad," Bubas said. "I think we're mentally ready for UCLA now."

Oakland Plays Saturday Tilt

Chuck Clark a junior from Blissfield leads the Oakland University basketball scoring after three games in the school's initial season in the sport.

With a record of 2-1 in three games, OU will face Calvin College Jayvees Saturday at 3:00 p.m. on the Oakland court.

Close behind Clark in the 3-game scoring totals is Jon Blocker of Pontiac, a junior with 44 points.

Local Entry Vies in PPK at Baltimore

Six boys in different age brackets will represent the Detroit Lions Saturday in Baltimore for the semi-finals of the Ford Motor Punt, Pass and Kick contest.

The youngest of the contingent is 8-year-old Tim McKay of 2725 Edgefield, Pontiac, a student at Donelson School who in regional competition at Tiger Stadium, Sunday, Nov. 20.

Tim is an entry of John McAuliffe Ford of Pontiac. More than 300 boys competed in the local eliminations under the guidance of Tom Kennedy, of the Pontiac Optimist Club.

In the regionals in Tiger Stadium, Tim won over Lansing entry Martin Smallbone, by totaling 178 points compared to the loser's 132.

In Baltimore he will compete against 8-year-olds from all of the other Western Division cities of the NFL, and from here the winners of all age brackets will compete in the finals against Eastern Division winners Jan. 8, 1967 at the Playoff Bowl in Miami, Fla.

Tim leaves today with his parents Mr. and Mrs. Jerry McKay and dealer John McAuliffe for Baltimore.

Buffalo — The War Memorial stadium here has a seating capacity of 36,000.

MG's OCTAGON SPIRIT MAKES IT A PLEASURE TO HEAD FOR THE HILLS

You don't have to be a ski buff to appreciate the winter handling of the MG marque. The MGB proved it handsomely—by winning the Monte Carlo Rally GT category, 2700 punishing miles—much of it over mountain snow and ice—from Oslo to Monte Carlo. A competition-proved 1798 c.c. engine, positive rack and pinion steering, non-fade disc brakes, and firm suspension make the MGB a car that "keeps its feet on the ground", free of the vicious tricks which careless design can permit. MGB is a car you can trust. And one you can drive in comfort: an efficient heater, light-roll-up windows, bucket seats in English leather, and a snug convertible top. Winter or summer, MGB is easy on the eyes. Easy on the wallet, too. Practically maintenance free, and up to 30 miles a gallon. Test drive an MGB and prove to yourself that in sun or snow, the octagon spirit makes giving a pleasure.

Pros Batter Par in Team Cuting

PALM BEACH GARDENS, Fla. (AP) — A pair of gambling golfers and two hungry teammates who grew up in the game have shattered par by 17 strokes to lead midway through the richest tournament in golf — the PGA National Team Championship.

The teams of Babe Lichardus and Billy Farrell, Doug Sanders and Al Besseling came home with second rounds of 62 Thursday.

The sharpshooters Hebert brothers, Jay and Lionel, were three strokes off at 130.

The leaders are paired to start today's third round. Farrell and Lichardus are a foursome with Nicklaus and Palmer. Sanders and Besseling join Johnson and Blocker. Starting times will bring them back to the PGA National Golf Club's 18th hole late in the afternoon.

Warriors Pad Division Lead

Barry Hits 50 Points in 124-106 Win

By The Associated Press

Rick Barry's one-man point-making performance kept the Western Division a one-team show Thursday night.

The sophomore forward, a runaway scoring leader in the National Basketball Association, pumped in 50 points as he led the San Francisco Warriors to a 124-106 victory over the St. Louis Hawks in Phoenix, Ariz.

The triumph increased the Warriors' lead to 5 1/2 games over the Hawks and left San Francisco the only team in the division over .500 at 18-4. The Hawks missed a chance at the break even point and fell from second to third in the West at 11-13.

In the only other game, Chicago pulled away to a 132-120 decision over Baltimore behind Bob Boozer, Guy Rodgers and Jerry Sloan in a struggle between the last-place clubs in each division.

BIG LEAD

Barry, who hit 57 points earlier this season, scored his 1,000th point early in the first half as the Warriors built a 69-43 halftime bulge.

Maris Latest Trade of New Yankees' GM

Outfielder Is Shipped to St. Louis Cardinals for Charley Smith

(Cont. From Page D-1, Col. 6)

Yankees' outfield picture quite a bit. "We want to make a fresh start," said New York Manager Ralph Houk. "With two fine young outfielders, Steve Whitaker and Bill Robinson, vying for jobs, we want to give them a chance."

It was an open secret that the Yankees were ready to unload Maris, who only five years ago broke Babe Ruth's record for home runs when he hit 61 in a 162-game season.

"I wasn't at all surprised," the slugging outfielder said after being told of the deal. "I rather expected it. In fact, I expected to be traded ever since 1962."

Smith, who has played for the Los Angeles Dodgers, Philadelphia Phillies, Chicago White Sox and New York Mets as well as St. Louis, wasn't nearly as composed. "I'll be darned," he exclaimed.

Maris, twice chosen the American League's Most Valuable Player, dominated baseball in 1961 with his blistering home run pace. His smooth left-handed swing was tailor made for the Yankee Stadium fence at 408 feet.

HIGH SALARY
After his record-shattering season, he rocketed into baseball's higher salary class but his production slipped noticeably. He hit 33 homers in 1962, 23 in 1963 and 26 in 1964.

He was crippled by injuries through most of 1965, appearing in just 46 games and hitting only eight homers. He underwent surgery for the removal of bone chips at the base of his right hand after the season and played in 110 games last season, managing only 13 homers.

The Cardinals feel that Maris can come back for them just as Orlando Cepeda did last year after they acquired him from San Francisco. Cepeda, considered washed up by many baseball men, batted .301 for the Cards after being traded for pitcher Ray Sadecki, who won only six games.

"Roger will give us the extra power we've been looking for in our line-up," said St. Louis General Manager Bob Howsam. "Not only is he a fine hitter but he's also a good outfielder and, if necessary, has the ability to come off the bench cold as a pinch hitter."

Smith, who with pitcher Al Jackson was traded by the Mets for Ken Boyer last winter, figures to be the front runner in the battle to replace Ken's brother, Cleo, as the Yankee third baseman.
