

Strike Ties Up Busy New York Port

Gardner States County's Stand on Courthouse

Supervisor Declares Need Is Admitted; Only Question Is Finance

A member of the special Courthouse Committee of the Oakland County Board of Supervisors today replied to "a series of statements by various downtown attorneys and businessmen which have been appearing in the Pontiac Press."

James L. Gardner, supervisor from Commerce Township, said he "questioned seriously the thought given by these men to this all important question."

Gardner listed the following statements "in order that the voters not be misled:

"1. That the new proposed county building is an admitted necessity, even on the part of those who oppose the building on other grounds."

"2. That the Oakland County Board of Supervisors and its committees have given due and mature study and consideration over a period of better than two years to all of the factors involved, including the best location of the county building and the question of the legality of the sale of the present courthouse property."

"3. That the vital and only question on the Nov. 2 ballot is, 'How can we most economically build this sorely and admittedly necessary facility?'

"The answer is that the savings in interest costs, as estimated by Matthew Carey, municipal finance expert, will be between \$1,400,000 and \$1,800,000 through the issuance of general obligation bonds as against financing by revenue bonds."

"And that this savings can be made only if the voters on Nov. 2 vote 'yes' on the 1/2-mill county building proposal."

Gardner went on to declare that he felt "nothing but lack of knowledge of the facts could lead to a conclusion that the title to the courthouse is not marketable, but even the suggestion, from prominent people, leaves doubt in many minds."

"It is significant that none have come out squarely and said, 'The title is unmarketable,' but the suggestion unfortunately persists."

"The Michigan Supreme Court has already decided this question," he said.

He said he referred to the opinion of the corporation counsel to the effect that "When the Supreme Court ruled that the reversionary rights of Stephen Mack were extinguished, the title became marketable."

Bloodmobile in City for Donations Monday

Next visit of the Red Cross blood bank unit to Pontiac will be Monday, Oct. 11, when it will be in operation at the Elks Temple on Orchard Lake avenue. Donations at this time will be for community-wide use and anyone can contribute. Hours are 2 to 8 p.m. and appointments now are being made at the Red Cross office, phone FE 4-3375.

Radford Says U.S. Needs World's Strongest Force

SAN ANTONIO, Tex. (UP)—Adm. Arthur W. Radford declared today that the United States must build the best fighting machine in the world because it cannot depend on anything else for its "ultimate security."

Radford, chairman of the Joint Chiefs of Staff, warned that this country's armed forces are relatively small compared to those of the Communist bloc.

To counter this power, he said America must develop more efficient fighting men, superior weapons, and better techniques than any other nation.

He said it also must pursue a vigorous and long pull military program that will assure a "high plateau" of preparedness "for as many years as we can foresee."

"In war there is no intermediate measure of success," Radford told the Texas Mid-Continent Oil & Gas Association. "Second best is to be defeated, and military defeat carries with it national disaster—political, economic, social and spiritual disaster."

He said the administration's defense program avoids "one of the

Doll and Twins for 14-Year-Old Wife

YOUTH GROWS UP—Arthur Pierce, 21, holds his doll in their home on Manhattan's East Side. Beatrice, Denise, born Sept. 24 in New York, while his wife, 14-year-old Beatrice, holds of twins in New York City's history.

Sen. Duff Sees Western Allies in Good Position

PARIS (U-P)—Sen. James H. Duff, (R-Pa.) said today that ratification of the London accords on German rearmament will put the Western Allies in a "magnificent position of strength."

The senator, a member of the Senate Armed Forces Committee, is sailing tomorrow from Le Havre aboard the liner United States after a month's inspection of American military bases in Britain, France, West Germany and Spain.

Duff told a news conference the London nine-power conference had greatly encouraged advocates of Western cooperation and had "changed the atmosphere of confusion" which followed the collapse of the European Army plan.

Duff said the London agreements if ratified, "will meet with great approval in the United States and in the Congress. I do not know of anything which would make such a favorable impression in the United States as this agreement if it is ratified."

Escaped Prisoner Picks Wrong Spot to Hitchhike

REED CITY (UP)—Nathan Garrett, 24, is a casualty of long odds. Garrett, held on a disorderly charge, twisted a bar loose and escaped from the Lake County Jail late yesterday. He was attempting to thumb a ride south of Reed City and picked the wrong spot.

State Police Sgt. Emerson Lake, who was just emerging from the nearby State Police post, spotted Garrett and took him into custody.

Partly Cloudy, Rainy Is Weather Outlook

The Pontiac Area will have partly cloudy skies with rain tonight and tomorrow.

A low of 52-56 is forecast for tonight with a high tomorrow of 56-60. Yesterday in downtown Pontiac the temperature rose to 76. This morning at 8:00 the mercury stood at 51 then started dropping. By 1 p.m. it had reached 48.

Italy and Yugoslavia Settle Nine-Year Trieste Dispute

By STAN SWINSON

ROME (U-P)—Italy and Yugoslavia formally settled their bitter nine-year dispute over the Trieste free territory today and agreed on its division between them.

The division virtually coincides with the occupation boundaries established in 1945, with Italy getting the key Adriatic port of Trieste and Yugoslavia retaining the zone she has occupied since World War II.

The settlement, signed in London at noon today and announced simultaneously in Rome and Belgrade, is expected to make possible the closing of the last gap in the Western defense line across southeastern Europe. Although both Italy and Yugoslavia are strongly anti-Russian, they had refused to cooperate militarily in the past because of their rivalry over Trieste.

The next step may be inclusion of Italy in the Balkan anti-aggression alliance Yugoslavia, Greece and Turkey signed in August.

The agreement was a triumph for U.S. British diplomacy, which prodded the two Adriatic Sea neighbors through long negotiations in London, Washington, New York, Rome and Belgrade.

The two nations' ambassadors to Britain, Manlio Brosio of Italy and Vladimir Velebit, signed the accord in the British capital. It was there that the agreement was drafted into its final form.

"A great day for Italy," said Premier Mario Scelba as he told his Cabinet formally of the agreement this morning. "I am very happy," he added. "Finally we are going back into Trieste." Shortly after the Cabinet approved the agreement and instructed Brosio to sign it.

Trieste itself went on a flag-waving, anthem-singing holiday. About 4,000 Triesteis of all ages were gathered in Piazza del Unità to hear announcement of the settlement. The people were in high, good humor. Thousands of Italian flags hung from apartment houses and store windows.

The 78-year-old Chancellor said the Western allies would retain special rights only with regard to a settlement with Russia over reunification of divided Germany, the security of Berlin and a final peace treaty.

Adenauer stressed the readiness shown by the United States, Britain and France in the London conference to work with the Federal Republic for reunification. They regard the Bonn regime as the only legally constituted government able to speak for Germany.

There was applause when he commended the British for their part in promoting the conference. He described Britain's pledge to keep her forces on the European continent as "the greatest example of British statesmanship."

Chicago Selling 2 Million New Bricks at Bargain

CHICAGO (U-P)—Chicago has a bargain in bricks—two million of them—at a penny each.

They're not gold, but granite block and veneering bricks which cost the city 18 cents each 12 years ago. But the city doesn't need them because it uses asphalt and concrete paving so they are being sold for salvage. They weigh between 7 and 12 pounds each and are, says John Ward, city purchasing agent, virtually weather-proof.

Lost Without Compass

SAN ANTONIO, Tex. (UP)—Pat Holmes, a public address announcer at high school football games, was busy studying the points of the compass today. At the game he covered last weekend he announced that one team would defend the west goal and the other the south.

Army Will Build Two Nike Sites in Pontiac Area

Bids Being Accepted for Construction of New Defense Areas

Two new Nike guided missile sites are to be constructed in Oakland County according to an announcement by the U. S. Army today.

The Army said bids are being accepted now for construction of the two sites, one of which will be located at Eleven Mile and Franklin roads. The other will be built at Squirrel and Hamlin roads near Auburn Heights.

The Army Corps of Engineers also is asking for bids on "investigational work" relating to construction of still another site at Grosse Ile Naval Air Station.

Construction of a missile base costs about one million dollars. It includes an underground concrete launching area, a mess hall, barracks and other buildings and concrete roadways so that a base can operate without outside help.

The Nike is a supersonic missile guided to its target by its own "brain." Information supplied from the ground helps it "find" the enemy.

Public Power Policies Scored

Gov. Clement Says GOP Trying to Wreck TVA Program

Tennessee Gov. Frank G. Clement accused Republicans of attempting to wreck the Democratic public power program in a speech Monday at the Royal Oak American Legion Hall.

The Dixon-Yates bill, bringing private business into the Tennessee Valley Authority (TVA) field, was described by the nation's youngest governor as a "Trojan horse that may sound the death knell for public power in America."

Gov. Clement, 34, was brought here in a two-day drive on behalf of Paul Sutton, Democratic candidate for Congress in the 18th District, represented by Republican Rep. George A. Dondero, of Royal Oak.

He termed the Dixon-Yates measure a subterfuge cunningly devised by the private power lobby to get its foot in the door of the TVA structure so the private interests might eventually absorb TVA.

Terming the Eisenhower administration as one of "bungling, deception and favoritism of big business," Clement said "they (the administration) gave us Dixon-Yates when they promised continuation of public power."

"And where they promised parity they gave us a law which will mean even lower prices to an already depressed farm economy," he said.

The fiery governor labeled the tax revision boasted by Republicans as "an aid-to-the-greedy-rich bill." Most of the reductions in income, excess profits and excise taxes had been charted by the Democratic regime, he stated.

Republicans may claim honestly only 1.4 billion dollars reduction and big corporations were the main beneficiaries, he charged.

Thief Hits the Bottom

KNOXVILLE, Tenn. (UP)—When a teenaged purse snatcher grabbed Mrs. Lilly Mae Hipschire's pocketbook and fled down an alley he really hit bottom. The bag was full of diapers.

This Marriage Is for Keeps

The classified legal notices in daily newspapers often are filled with heartbreaking announcements about broken marriages. Here is one with a different twist, discovered in the Philadelphia Evening Bulletin:

"I am responsible for all debts and obligations of my wife, Selma, both present and future, and am more than happy to be the provider for a woman who has borne me two lovely children, and with an overabundance of love and care has made the past 8 years of married life the nicest years of my life. On this, our 8th anniversary, I wish to publicly express my gratitude.—Henry Burns."

Actress, Crooner to Wed

REVEAL ENGAGEMENT—Italian Actress Pier Angeli and Crooner Vic Damone embrace in Hollywood as they announce their engagement at MGM studio. They've known each other for more than two years, and each is now making a picture at the studio. No wedding date has been set.

Marilyn Waives Contract as DiMaggio Strikes Out

HOLLYWOOD (U-P)—Today's the day that Marilyn Monroe asks waivers on Joe DiMaggio, the former Yankee slugger.

The busty blonde, the movies' hottest property since the Warner studio fires, is slated to file suit for divorce. Her attorney, Jerry Giesler, said yesterday that a conflict of careers caused the rift in the nine-month marriage.

Actually Giesler made the understatement of the year. This was a romance that Hollywood never expected to get to matrimony's first base, so little did the two have in common.

Giesler told newsmen as he left the DiMaggio's English farmhouse in Beverly Hills yesterday:

"The charges will be innocuous—the usual mental cruelty."

The lawyer said there would be no alimony and no community property in the settlement. He said both parties remain friendly. Giesler denied reports that recent sidewalk photos of Marilyn's skirt billowing over her head during movie making in New York had anything to do with the split.

Before she married Joe, Marilyn thought a shortstop was something that cross-country bus passengers did. DiMaggio hadn't seen a movie since "Fride of the Yankees," the Lou Gehrig story. He couldn't care less about Hollywood's dizzy whirl.

This breakup, unexpected as it was, is an old, old story. And it (Continued on Page 2, Col. 3)

Crewmen Toss Gear in Ocean to Save Plane

SAN FRANCISCO (U-P)—Eleven men threw all their baggage into the ocean and even tossed out parts of the plane in helping a Navy patrol bomber limp on one of its two engines for half of the 2,400 miles from Honolulu.

The plane landed safely yesterday at Half Moon Bay, south of here.

At that, the fliers heard the one good engine sputter 400 miles out when the Neptune was 1,000 feet above the Pacific. Only a quick adjustment of fuel mixture prevented a crash into the sea.

The port engine caught fire when the Neptune was 50 miles beyond the halfway "point of no return." The pilot, Lt. Robert E. Combs, 25, of Denver, feathered the engine and the wind blew out the fire.

Pickets Patrol Blocks of Docks, List Demands

ILA Asks Back Pay to Year Ago; Two Luxury Liners Due Today

NEW YORK (U-P)—Pickets patrolled the New York waterfront today, starting the second strike against the world's busiest port in six months.

The first pickets, representatives of the International Longshoremen's Assn. (ILA), took up positions at docks between 44th and 57th streets where the large luxury liners dock.

The Cunard liner Queen Mary with 1,809 passengers and the American Export Line Independence with 972 passengers are due this morning. Tied up at docks in the picketed area were the French liner Ile de France and the Cunard's Britannic.

The new strike, called to back up demands for back pay and welfare benefits, threatens to tie up all 159 piers along the port's 350-mile waterfront except military docks in Brooklyn and Staten Island.

The Hudson River piers, where most luxury liners dock, are usually manned by the ILA's big Local 824. This local was the first to report a unanimous vote last night in favor of a strike, rejecting an employers' contract offer.

Report of a similar vote quickly followed from Anthony (Tony) Anastasia, boss of Brooklyn locals with 2,500 dock worker members.

Other locals throughout the huge port quickly fell in line and shortly before midnight ILA President William V. Bradley announced that 19 locals had followed the union's wage scale committee recommendation without a single dissenting vote.

The ILA, an independent union since it was ousted by the AFL more than a year ago as allegedly dominated by racketeers, was certified last August by the National Labor Relations Board as sole bargaining agent for the port's 25,000 longshoremen. It won a slim victory over the AFL International Brotherhood of Longshoremen in a representation election held in May.

Since then the ILA has been negotiating for a retroactive pay increase back to Oct. 1, 1953, when its last contract expired. It demanded that wages, which now amount to \$2.27 an hour, be upped 8 cents and the employers' welfare contribution be increased from 5 to 7 cents an hour.

The union insisted that the back pay issue be settled before considering a new contract. The employers' group, the New York Shipping Assn., sought an agreement including both back pay and a new contract.

Belgian Taxpayer Sets Records Afire

THUILLIES, Belgium (U-P)—A 35-year-old farmer here tried to set the local tax office on fire because "taxes were too high," police reported here.

They said Joseph de Meulemeester broke into the tax collector's office yesterday, emptied a bottle of gasoline in the room and fled after setting desks and records afire. The fire was put out quickly.

When he was arrested and charged with arson, De Meulemeester snapped, "Taxes are too high."

New FHA Hearings Aim at Activities of Ex-Official

WASHINGTON (INS)—The Senate Banking Committee opens new hearings today on Federal Housing Administration irregularities, and particularly on the activities of Clyde L. Powell, ousted FHA official.

The committee has scheduled 11 witnesses to testify today concerning their knowledge of Powell's operations since he became a government official.

Chairman Homer E. Capehart (R-Ind.) announced that one of the witnesses will be Mrs. Rocco Degrazia, whom he identified as the wife of a "reputed Chicago gambler."

He said he wanted to find out from Mrs. Degrazia where her husband is, but he added that up to this time she has insisted she does not know.

The committee hearings will run through Friday. About 30

witnesses will be called. Capehart said the hearings will wind up the first phase of the committee investigations of FHA scandals, but he added that the inquiry will go on.

He said the committee has been regularly turning over information it has unearthed to officials of the Justice Department, the Internal Revenue Service and the FBI for criminal prosecution or for civil action.

The Day in Birmingham

Realtor Hired to Negotiate Land Purchases for Parking

From Our Birmingham Bureau

BIRMINGHAM—What looks like solid determination on the part of the city commission to see that Birmingham develops off-street parking facilities, came more clearly into focus last night, as commissioners approved the hiring of John Knecht, realtor, to handle negotiations for necessary land acquisitions.

Knecht will handle the purchase agreements and options, which will facilitate the city's securing property in the Pierce, Merrill, Woodward and Brown block for a \$250,000 parking lot, at the western portion of the block.

He will negotiate for the purchase of all property within the specified area, except that which the city hopes to acquire from the Detroit Edison Co. A possible exchange of property is in the offing there.

The company owns property to the south and southwest of the Merrill street building, and has expressed a desire to cooperate with the city. This land, coupled with property acquired by Knecht, would provide space for 250 cars.

Still considering passage of the planning board's proposed off-street parking ordinance in conjunction with any off-street parking facilities the city helps to finance, the commission will meet in a closed session with the board Thursday night.

The off-street ordinance has so far met with little approval from residents and merchants, but most of the commission feels it must be integrated with city participation in parking lots.

The proposed ordinance calls for all new or expanding businesses to provide off-street parking in direct ratio to their floor space. Benefiting business property owners and the city would share in assessments for the lot now in question.

An enlarged fall program is being offered present or prospective members of Sara Strengell's Teenage Theatre Workshop, which, now in its second year, will re-open on Oct. 15. Students aged seven and up may register by writing Box 182, Birmingham Post Office, or in person from 3 to 5:30 p.m. this Friday at the Community House.

Miss Strengell, professional actress and dancer, will return Thursday from Europe. While there she studied new children's techniques in the theater, which will be introduced at her classes. New classes include one in radio and television techniques, another in rhythmic dance.

As always, the workshop gives professional training in movement, pantomime and acting.

A two-day rummage sale has been planned by the Women's Society of Our Shepherd Lutheran Church on 24 Mile road, to be held tomorrow and Thursday from 9 a.m. to 3 p.m.

Chairmen of the society's first project of the season are Mrs. Henry Reinhold and Mrs. Richard Strohm.

A regular meeting will be held by members of Pythian Temple No. 94 at 8 tonight at the Community House.

Honoring National Newspaper Week, the Kiwanis Club will have George R. Averill, publisher of the Birmingham Eclectic, as guest speaker following a 6:30 dinner at the Community House tonight. A board meeting will follow.

Yearly plans and a discussion of the Oct. 9 national conference will be taken up by Venture

\$84 Theft Reported

BIRMINGHAM — A tire, tube, rim and bumper jack valued at \$84 were reported stolen from the trunk of a car yesterday outside Carliner Motor Sales, Inc., 666 S. Woodward Ave., police said today.

The Weather

PONTIAC AND VICINITY—Cloudy and cool with rain continuing tonight and Wednesday. Low tonight 32-34, high Wednesday 38-40. Northeast to east winds 10-15 miles becoming easterly Wednesday.

Lowest temperature preceding 8 a.m. 31. At 9 a.m.: Wind velocity 12-13 m.p.h. Direction: Northeast. Sun sets Tuesday at 6:07 p.m. Sun rises Wednesday at 6:34 a.m. Moon sets Tuesday at 11:36 p.m. Moon rises Wednesday at 1:56 p.m.

Downs Temperature: 11 a.m. 32, 1 p.m. 33, 3 p.m. 34, 5 p.m. 35, 7 p.m. 36, 9 p.m. 37, 11 p.m. 38.

Monday in Pontiac (As recorded downtown): High temperature 38, Low temperature 32, Mean temperature 35, Weather—Sunny.

One Year Ago in Pontiac: High temperature 38, Low temperature 32, Mean temperature 35, Weather—Rain.

Highest and Lowest Temperatures This Date in 52 Years: 37 in 1922, 33 in 1933.

Monday's Temperature Chart: Baltimore 55, New Orleans 65, Buffalo 50, New York 55, Chicago 50, Omaha 50, Cleveland 50, Philadelphia 50, Detroit 50, St. Louis 50, Washington 50, Los Angeles 70, San Francisco 60, Honolulu 80.

Club members meeting at 7:30 tonight at the Community House.

A special teaching schedule for the sixth annual Bible Institute at the First Baptist Church has been announced by the Rev. Emil Kozt, pastor. In line with the World Council of Churches' main theme in Evanston, Ill., "Christ, the Hope of the World," the subject of the Wednesday evening studies in October will be, "Revelation, Bible Book of Hope."

A church supper will be served each Wednesday at 7 p.m. and adults and youth will then take up the Bible study together. At the same time there will be graded classes for the children, with the nursery and kindergarten also open.

The study tomorrow will be, "The Most Misunderstood Book of the Bible." The Rev. Mr. Kozt will be assisted by the Rev. F. Robert Wilkie, minister of Christian Education.

"You, Your Children and Hobbies," will be the theme of tonight's membership participation program of the Child Study Group, holding its first fall meeting at 8 at the Adams road home of Mrs. Edgar Eberole.

Those participating and their topics include: Mrs. Eberole, antiquing; Mrs. Noah Blosser, leather craft; Mrs. Robert Eller, rug hooking; Mrs. Thayer Cowman, painting; and Mrs. W. S. Purvis, 4-D Bible story dolls.

Edwin J. Warren Service for Edwin J. Warren, 87, of 209 Daines St., will be held at 1 p.m. tomorrow at the Manley Bailey Funeral Home, with burial in White Chapel Memorial Cemetery. A retired locksmith, Mr. Warren died Sunday at St. Joseph Mercy Hospital, Pontiac, following a brief illness.

There are no known survivors.

Birmingham Boy, 8, Boosts Polio Total

BIRMINGHAM — An eight year old boy who has been reported as the city's 10th polio case this year, is also one of two children stricken who participated in the Dr. Salk tests this spring.

Mrs. Dorris C. Donaldson, of the health department said today it will be at least spring before it is known if the two received the vaccine or a control substance.

The youngster is at the Sister Kenny Polio Center, Farmington, where his case thus far is described as non-paralytic.

100,000 Residents Use Facilities in Pontiac Parks

At least 100,000 people enjoyed some form of recreational activity "from softball and tennis to picnicking or just relaxing under the shade trees—" in the city's parks this year, Parks Supervisor Raymond C. Keller reported today.

The parks had their official closing this week end, when regular caretaker service at the comfort stations was discontinued.

"However," Keller said, "interested groups can still enjoy the parks' facilities the rest of this month by making special arrangements with the Parks and Recreation Dept., at FE 3-7131."

Picnic and playground equipment will not be removed until the end of the month, Keller added. In reviewing the year's activities, Keller said that more than 50 park permits for special activities were issued.

Largest such activity were the annual Fourth of July celebration at Oakland Park and the Labor Day observance at Murphy Park.

"Parks and Recreation Dept. officials want to congratulate the citizens of Pontiac on helping them keep the parks clean and neat. We hope that next season will be as successful as 1954," Keller concluded.

Mayor to Attend Parley

Mayor William W. Donaldson will be among mayors and city officials from throughout the nation attending a top-level Washington conference on civil defense and other national problems Dec. 2-3.

Bluecoats Red-Faced

Steeple-Hanger 'Rescued' by Jumpy Boston Police

BOSTON (U)—While a crowd estimated at 5,000 persons looked on from below, police climbed the scaffolding around the steeple of the Park Street Church last night and brought down a man from a perch 156 feet up.

Police had been summoned by persons who spotted the man on the steeple. "A man is going to jump from the steeple," police said they were told. The same phrase passed from the lips of one person to another as they gazed upward toward the man, who didn't seem to notice the crowd below.

When police finally reached him, he identified himself as Russell

MEETING OF THE MINDS—Billy Kilgore, right, of Miami Beach, Fla., and Moses Ward, of Detroit, meet headon in fifth round of bout at St. Nicholas' Arena in New York last night. Ward gained a unanimous decision in ten rounds after dropping Kilgore in the first and second rounds.

Prince Charlie to Trade Punches With U.S. Boy

LONDON (INS)—In this corner—Bonnie Prince Charles, Duke of Cornwall and the Tiger of Buckingham Palace.

In this corner: Stephen Rutter, American, the pride of Pine Forge, Pa.

It was announced today that 6-year-old Stephen Rutter has been selected to be one of the sparring partners of Prince Charles, heir to the British throne, when Charles starts boxing lessons early this fall.

Stephen doesn't know all this yet. His father, Peter Rutter, second secretary working in the political section of the U. S. Embassy in London, discreetly would like to keep the news from making too much impact on Stephen's chums in the small English private school he attends in the Eaton Square District.

The reason: He hopes to protect Stephen from too much kidding from his schoolmates. Stephen has a slight age advantage on the flaxen-haired Prince Charles Philip Arthur George, who

DiMaggios Heading for Divorce Court

(Continued From Page One)

again raises the question: Why can't Hollywood marriages last?

There are many reasons, but career trouble is the most prevalent.

Monroe is the town's biggest star, if not its best actress. She has to work even harder than some, because it doesn't come easy. Her studio, knowing that each will make more money than the previous, puts her in picture after picture, sometimes starting one before she finishes another.

What free time she has she spends reading and memorizing scripts. If Joe wants a dish of his favorite fodder, spaghetti, he has to tell the cook about it. In his spare time, which has been considerable, he plays poker or watches baseball on TV. He never has escorted his wife to any of the functions a star of her import is expected to attend.

Shortly after their marriage a magazine named her as filmland's most popular star. A press agent escorted her to the affair while Joe waited outside the hotel. Marilyn told friends she was hurt about this, but that she knew she couldn't change the tactful, Hollywood-shy DiMaggio.

It isn't a question of money. The Yankies paid Joe more than \$700,000. The fans now cheer for Dusty Rhodes. Marilyn earns \$3,500 a week, and the fans can't see enough of her.

Sentenced for Illegal Gun

John Cowart, 24, of 535 Montana Ave. yesterday was ordered to pay \$50 or spend 30 days in Oakland County Jail when he appeared before Circuit Judge H. Russel Holland after admitting Sept. 28 that he was in possession of an unregistered gun when arrested June 19 by Pontiac Police.

Dentists Urge Schools to Ban Candy and Pop

PITTSBURGH (INS)—In a move to curb tooth decay among school children, the Pennsylvania State Dental Society has asked that sales of candy and soft drinks be banned in schools throughout the state.

The society's House of Delegates passed a resolution to that effect yesterday and stated that refreshments prepared with fermentable sugar are associated with an increase in dental caries, which are cavities caused by tooth decay.

The resolution is being sent to Dr. Russell Teague, state secretary of health, who will be asked to withhold state aid from schools conducting or permitting sales of candy, soft drinks or other confections.

Tenant Leaves Munitions Behind in Old Rooms

McKEESPORT, Pa. (UP)—Mrs. Sarah James put in a frantic call for the Army Monday after inspecting rooms vacated by a tenant. Mrs. James found a bazooka rocket, a 57 mm anti-tank shell, an anti-aircraft shell and a clip of 30 caliber rifle ammunition. All were live, the Army said.

Wilson to Speed Security Cases

Urges Pentagon to Use New Methods to Avoid Delayed Action

WASHINGTON (U)—Secretary of Defense Wilson has let the military services know he expects them to speed their handling of security cases with machinery he set up for the purpose six months ago.

During a busy day which carried him to Denver for conferences with President Eisenhower yesterday, the defense boss twice told newsmen he is proud because there are so few security risks among the four million or more civilian and uniformed personnel in the military establishment.

Wilson said he believed the Pentagon's security picture was better than that of any other government department, but he also said he had urged faster progress on security cases by use of a procedure designed to guarantee prompt, fair and uniform handling.

"We ought not to start rumors about people, then keep their cases hanging," Wilson said.

Last April, the Defense Department set up a procedure aimed at bringing the security programs of all the military services into uniformity.

In June, Wilson assigned to Wilber Brucker, Defense Department general counsel, the "overriding" responsibility for the personnel security activities of the armed services.

Cancer Society Official Smokes 3 or 4 a Day

DETROIT (INS)—Dr. Charles S. Cameron, vice president of the American Cancer Society which issued a recent study linking cancer with cigarette smoking, yesterday confided he consumes three or four cigarettes every day.

Dr. Cameron, medical and scientific director of the society, told the Detroit Economic Club he gave up cigarettes for 10 weeks after the study showed that smokers die sooner than non-smoking men aged 50-70, mainly from heart attacks and cancer.

"But I'm human, too," he said, "and after the stress and strain of the day, I find myself lighting a cigarette."

Dr. Cameron later told newsmen he doesn't smoke "until after 5 p.m." and he isn't smoking more than three or four cigarettes a day.

Cub Scout Pack Makes Plans for Coming Year

Officers and Den Mothers of Cub Scout Pack 9 met at the home of Mr. & Mrs. Clarke Kimball, 203 Ogemaw Rd., Monday night to make plans for the coming year.

New officers of Pack 9 include Clarke Kimball, committee chairman, and Arnold Thinstad, cubmaster.

Den mothers include Mrs. Elbert Haviland, Mrs. Robert Beauchamp, Mrs. Gary Blaylock, Mrs. Lawrence Taylor, Mrs. Francis Nichols, Mrs. A. H. Osmick, Mrs. William Tiberg, Mrs. Victor Schramm, Mrs. Clarke Kimball, Mrs. David Sidwell, Mrs. Montgomery McGraith and Mrs. William Graves.

Mountain Expedition Marred by 3rd Death

NEW DELHI, India (U)—The death of a third member of the French climbing expedition to 27,700-foot Mt. Makalu near the Tibet border was announced here today.

The French Embassy said a letter from expedition leader Jean Franco reported that Dilli Bahadur Werna, assigned to the team as liaison officer by the Nepal government, died of pneumonia Sept. 23 at the 16,000-foot base camp on Barun glacier.

Two of the team's porters drowned a month ago during the trek from Nepal to the base camp.

George, Gracie Play in Real-Life Comedy

HOLLYWOOD (U)—George Burns and Gracie Allen invited 16 friends to their house last night to watch their first filmed telecast in color on the Burns' color-receiving set.

But when they turned on the set, nothing happened. Investigation showed that their toy poodle Mousie had chewed through the antenna lead-in wire in the living room.

The guests played bridge.

JERRY D. RYAN

MEET YOUR CARRIER — Among the ten carriers being honored by the Pontiac Press this week is Jerry D. Ryan, 16, of 1 Spokane Villa. Jerry has been delivering the Press for two years on Spokane and Murphy streets. He is a Junior at Pontiac High School, plays in the high school band and is a member of Demolay. A life scout, Jerry is a patrol leader of troop seven, and is a junior deacon at the Bethany Baptist Church. His ambition is to attend college and study engineering.

Post Office Appeals Lewd Literature Case

The U. S. Post Office Department today informed Pontiac Police vice squad officials it is appealing a recent injunction allowing a Hollywood publishing company to use the mails for their magazine.

Lt. Davy Gilpin said an original order banning the firm's use of the mails was the result of Pontiac police action on complaints that suggestive and immoral advertising was being mailed to local residents in the Male Merchandise Mart.

Following the order to cease "using the mails for advertising," a Mrs. Violet E. Alberts, named as promoter for the Mart, obtained the injunction from U. S. District Court of Southern District of California.

The publishing company, the letter from the Washington Post department states, "has resumed its advertising through the mails."

The letter also says, "This department has appealed the decision and is now taking steps to close mails to the Male Merchandise Mart."

Gilpin said the advertising material was brought to his attention by "incensed Pontiac residents who objected to receiving lewd literature at their homes."

Largest Lake Ship Will Be Christened

CLEVELAND (U)—Mrs. George M. Humphrey christens the largest vessel ever built on fresh water today in honor of her husband, the secretary of the treasury.

Christening ceremonies for the lake bulk freighter, built by the American Ship Building Co. for the National Steel Co., mark completion of construction, rather than launching. The ship, built in a graving dock, was floated when the hull was completed.

The new SS George M. Humphrey has an overall length of 710 feet, 31,600 long tons displacement and cargo deadweight of 24,000 long tons.

It will be given its final sea trial tomorrow, and will be turned over to its owners, the M. A. Hanna Co., who will operate the ship.

Pontiac Deaths

Frank A. Gaddum

Frank Alexander Gaddum, 69, of 93 Norton Ave., died Monday in General Hospital. He had been ill four months.

Born in Brighton Oct. 25, 1884, he was the son of Julius and Christine Gaddum.

Mr. Gaddum has lived in Pontiac 50 years and is survived by a niece, Mrs. Grace Wagnitz of Wixom.

The funeral will be held Thursday at 1:30 p.m. from Farmer-Snover Funeral Home. The Rev. Fred R. Tiffany of the Bethany Baptist Church will officiate with burial in Calvary Cemetery at Brighton.

William Clarence Brooks

William Clarence Brooks, 44, of 295A Ferry Ave., died yesterday at his home. The son of Charles William and Martha Mallicoat Brooks, he was born May 15, 1910 in Granger County, Tenn. and was married to Meda Brown in Knoxville, Tenn.

Coming here from Knoxville two years ago, he worked for General Motors Truck and Coach Division, and was last employed at the Pontiac Millwork Co. Mr. Brooks was a serviceman in World War II.

Besides his widow and father, he is survived by a brother, Edward B. Brooks of Milford.

Mr. Brooks will be taken from the Kirby Funeral Home this afternoon to Knoxville for service Thursday. Burial will be in Dodson's Cemetery.

Mrs. George T. Duckett

Mrs. George Thomas (Iva) Duckett, 61, of 1149 Stanley Ave. died Monday, after a year's illness.

Born Jan. 22, 1893 in Caro, she was the daughter of Frances and Livonia Phelps McAvoy and was married 45 years ago in Clarkson.

Mrs. Duckett has lived in Oakland County 31 years and was a member of the Wilson Avenue Methodist Church.

Surviving are two daughters and two sons, Mrs. Dorothea Calvin, Mrs. Geraldine Haight, Walter William Duckett, all of Pontiac and Orville who is in Europe. She is also survived by a sister, Mrs. Eva Sprague of Pontiac; two brothers, Orle McAvoy of Sheppard and Sylvester of Lansing.

The funeral will be held Wednesday at 2 p.m. from the Melvin A. Schutt Funeral Home with the Rev. Easton Hazard of her church officiating. Burial will follow in Ortonville Cemetery.

Auto Theft Gets Youth

1 1/2-5-Year Prison Term

Harold V. Kirby, Jr., 18, of 27060 Delton, Royal Oak Township, yesterday received from 1 1/2 to 5 years in Jackson State Prison when he appeared before Circuit Judge H. Russel Holland after pleading guilty to auto theft Sept. 27.

Kirby admitted stealing a car Sept. 21 in Hazel Park. Although Kirby was only charged with the Hazel Park theft, police said he was AWOL from the Army since Sept. 1 and had stolen three or four other autos.

Treated for Scalp Cuts

William H. Thomas, 21, of 1333 Hiller Rd., West Bloomfield Township, was treated at Pontiac General Hospital for scalp cuts which he suffered yesterday when his car overturned on Orchard Lake road in West Bloomfield Township, according to the hospital.

Conscience Payment

DES MOINES, Iowa (UP)—Martin Lauterback, Iowa Tax Commission chairman, said Monday an anonymous person has sent a \$700 conscience payment to cover a shortage in his 1953 return.

No room charge for children under 14!

This plan is in effect every day of the week, every week of the year at Statler

★ If one or more children under 14 occupy the same room with both parents, the regular two-person rate applies for the room. If one or more children under 14 occupy a room with only one parent, the one-person rate applies for the room.

★ If one or more children under 14 occupy a room without a parent—that is, if more than one room is needed for a family—the one-person rate applies for the second room.

Bring the family for weekend of fun at the Detroit Statler

SPECIAL STATLER FEATURES FOR TRAVELING FAMILIES

MEET THE REAL GROUCHO

This week, his son tells why Groucho had to see a psychiatrist. Was it because he sleeps with a BB gun? Throws golf clubs into the ocean? Gets seasick in taxis? You'll find the hilarious answer — and a rare off-the-record view of Groucho — in the Post. Read Arthur Marx's exposé: *My Old Man Groucho*.

I flew my MIG to freedom

After 60 missions against U.S. jets, North Korean Lt. Kum Sok No surrendered his MIG and won our \$100,000 reward. Here's his own story — with testimony on Red atrocities.

Happy Is The Day When Backache Goes Away . . .

Nagging backache, loss of pep and energy, headaches and dizziness may be due to slow-down of kidney function. Doctors say good kidney function is very important to good health. When some everyday condition, such as stress and strain, causes this important function to slow down, many folks suffer nagging backache — feel miserable. Minor bladder irritations due to cold or wrong diet may cause getting up nights or frequent passages. Don't neglect your kidneys if these conditions bother you. Try Doan's Pills — a solid diuretic. Used successfully by millions for over 50 years. It's amazing how many times Doan's give happy relief from these discomforts — help the 15 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!

Bob Considine Says:

'Dashing' Newspaperman May Even Wear Overalls

EDITOR'S NOTE: This is National Newspaper Week and in the following column, second of a special series of five, Bob Considine continues the story of newspapers, their growth and production in the U.S.

NEW YORK (INS)—The public concept of what a newspaperman looks like has been shaped largely by Hollywood and the theater. In truth, he is not invariably in that dashing mold.

He may even wear overalls and a paper cap of his own fashioning and be more closely allied to ink, molten metal and thundering presses than with the occasional drama of the news end or the bustle of the business office.

This, then, will be a glance into the mechanical side of your newspaper, in a Newspaper Week run-down on what makes your paper. It is the least publicized part of the business and the most completely unglorified. Your newspaper could not exist without the mechanical side's contribution.

Let's accompany the leading news story in your paper on its trip through the "back room," or "shop."

In all probability the story first pops out of the end of a pneumatic tube and on to the high desk of the copy-cutter. At that stage, the story has been witnessed by a reporter, written, transmitted over perhaps thousands of miles, pruned by the copydesk, and a "head" and subheads have been written for it. Now it races into the composing room to be transformed into metal. It is a rugged looking object, hardly neat enough to pass muster in a grammar school composition course. But the penciled hieroglyphics, abbreviations, deletions and additions have sharpened the focus of the story.

It must be "set" in a hurry. If it delays the paper's deadline time even by a few minutes it would mean that train, plane and truck schedules would be missed and newsstand deliveries set back—a major defeat in this highly competitive business.

The copy-cutter cuts the longish story into several bits; adds his own identification marks, and distributes the parts among as many linotype machine operators.

A linotype machine is an incredible contraption which was brought to fruition in 1884 by Ottmar Mergenthaler, born just a century ago in Hachtel, Germany. For more than 50 years previously all newspapers, books, magazines and pamphlets had been "set" by hand, as Gutenberg himself would have arranged the iron letters, one after the other.

A worldwide hunger for news and the printed words of the wise and mighty encouraged generations of inventors to seek faster means of reducing creative works to print mass distribution.

Mergenthaler came to this country in 1872 as a watchmaker's apprentice and found em-

ployment in Washington, D.C., at the workshop of a cousin, August Hahl, where electrical appliances and models for new inventions were built.

His work brought him in repeated contact with the U.S. Patent Office. He began to tinker on his own, his special interest being the quick transfer of typewritten or penned words into type.

He dreamed of a machine with a kind of typewriter keyboard which would produce, at an operator's touch, a line of type such as you now are reading.

And in time he built one, a fearsome-looking angular object which dropped brass letters and figures into a neat row, permitted melted lead to run briefly over their faces, and moved the cooled metal aside—graven with the words and numbers the operator had magically summoned from the bowels of the machine.

President Chester A. Arthur marveled at an exhibition of the machine in Washington. The New York Tribune in 1886 produced the first book ever printed with-out handset type, "The Tribune Book of Open Air Sports." And its publisher, Whitelaw Reid, named the machine the linotype. Thomas A. Edison exclaimed, "It is the eighth wonder of the world."

To get back to the course of that news story, it is taken from the linotype machine to the assembly bank, where its several parts are reunited.

A proof is pulled by inking the type and pressing a sheet of paper against it. The proof is carefully read for typographical errors. Corrections made, the type is moved to the makeup bank.

The makeup man from the edi-

torial room, who is not permitted to touch the type because of union rules, instructs a printer as to the proper place to put it in the form.

The form is a steel frame the size of the page you're reading. When it is filled with type, pictures and advertisements, the frame and its contents move to a press which presses a plastic "mat" against the frame's contents.

This leaves an impression on the "mat." The "mat" is quickly baked into half-cylindrical form, fed into a molten machine which reproduces the "mat" on 30-pound curved metal plates.

These are transported to the press room, clamped on the huge rotary presses, automatically inked, and across them at a dizzy speed flies the endless rolls of newsprint. Up to 55,000 full-sized papers thus can be printed, folded, assembled in stacks of 25 or 50, wired, sped to "circulation" and heaved aboard trucks in an hour.

Without the linotype and the presses, hardly more than a single copy of the paper you are reading could have been produced today, and if you were lucky enough to get it the cost would run into thousands of dollars.

(Tomorrow: The incredible daily harvesting of the news.)

Question:

How Far Will a Dollar Go These Days?

Answer:

All the Way to New York by Telephone

Yes, your dollar really goes far when you use the telephone. You can call places a full day's drive away for a dollar or less. These rates will give you an idea of how little it costs to go places by telephone.

YOU CAN CALL FOR ONLY

MILWAUKEE . . . 70¢

WASHINGTON . . . 85¢

NASHVILLE . . . 95¢

NEW YORK . . . \$1.00

(Plus Federal Tax)

These are station-to-station rates for the first three minutes, after 6 o'clock every night and all day Sunday.

Michigan Bell Telephone Company

PROXY BRIDE—Mrs. Barbara Jane Bush Jackson, Jackson Heights, N. Y., talks to her newly-wed husband, Air Force Lt. Philip R. Jackson in Japan, by phone from Harrisburg, Pa., where she was married to him by contract under common law and without the regulation marriage license. A friend of her husband held a power of attorney to "stand in" for Lt. Jackson. Mrs. Jackson will fly to Japan next week where the two will be wed in a religious ceremony. She is a native of Reading, Pa., while her husband is from Harrisburg.

Dairyland Dem's Scent Victory

Hope to Pick Up One or Two House Seats in Wisconsin

Editor's Note—This is another of several stories by roving Associated Press reporters analyzing the campaigns in key states.

By DOUGLAS B. CORNELL
MILWAUKEE (AP)—The political fortunes of Wisconsin Democrats seem to be rising this year—but probably not as high as Democratic hopes.

In an election in which the gain of a single seat will be important in establishing control of Congress, Democrats in dairyland are counting on increasing their representation in the House by at least one or two members. They may succeed, although October signposts sometimes are wrong in November.

The party also is more hopeful of electing a governor than at any time in years.

While Republicans dispute that the opposition will wind up with any significant advances, a good many of them—party officials and candidates, as well as ordinary voters—concede that Democratic chances have improved in the two years since President Eisenhower captured the state decisively.

Democrats racked up their biggest primary vote in history Sept. 11 and their biggest percentage of primary ballots since 1912. For years they consistently have made a better showing in the general election than in the primary. They see no reason why they won't this time.

Furthermore, there is a perceptible, though by no means unanimous feeling around Wisconsin that this is a Democratic year in this traditionally Republican state. You find it in cities hurt by unemployment, on farms where milk checks are smaller, on main streets of country towns where cash registers jingle a bit less merrily.

Of course, there still are some highly prosperous farmers and merchants.

But at this stage of the electioneering, what the sentiment seems to add up to is that the Democrats are likely to keep the two House seats they now have and perhaps yank from the Republicans one or two of the eight the GOP now holds.

MSC's Hannah Takes Federal Reserve Post

WASHINGTON (AP)—The Federal Reserve Board has announced the appointment of John A. Hannah, president of Michigan State College, as a director of the Detroit branch of the Federal Reserve Bank of Chicago.

Hannah was appointed for a term ending Dec. 31 this year. He served as a director of the Detroit branch Jan. 1, 1951, to March 13, 1953, when he resigned to become assistant secretary of defense. He recently resigned his defense post to return to Michigan State College.

Pastor Pays Tickets on 42 Parked Cars

COUNCIL BLUFFS, Iowa (AP)—The Rev. J. T. Moriarty of St. Patrick's Church here paid off \$42 in traffic parking tickets for his parishioners.

During services Sunday, he told all car owners whose cars were ticketed while they were attending services to bring the tickets to him. There were 42 of them at \$1 each.

The cars were ticketed because they were parked on the wrong side of a street past the church

on which parking is limited to one side only.

Mayor William Keenan said he out the limitation on the church will ask the City Council to strike street.

List Safe Driving Days

CHICAGO (INS)—Driving somewhere? Then take advantage of reduced accident rates by traveling on Monday, Tuesday or Wednesday. "Accident Facts," the National Safety Council's statistical yearbook, says that nearly two out of five fatal motor vehicle accidents occur on Saturday and Sunday and that the fewest occur on the first three weekdays.

Breaking, Entering Brings 1-Year Probation

In Oakland County Circuit Court yesterday Richard Lance, 20, of 121 Lafayette Ave. was placed on three years probation

and assessed \$200 court costs after pleading guilty to breaking and entering Sept. 28 before Judge H. Russel Holland.

Lance admitted being involved in a series of break-ins this summer before his arrest Aug. 29 by Waterford Township police.

How Gulf's cleaner-burning, super-refined gasoline gives you thousands of extra miles of full engine power!

Now Gulf refines out the "dirty-burning tail-end" of gasoline—the No. 1 troublemaker in high-compression engines. And here's what it means to you:

LABORATORY TESTS PROMISED...

this new, super-refined, super-powered fuel will give you these immediate and lasting benefits:

► **More complete engine protection** than the so-called "miracle-additive" gasolines. Why? Because Gulf refines out the "dirty-burning tail-end" of gasoline, the No. 1 troublemaker in high-compression engines—and then treats this new Super-Refined NO-NOX to give it a complete range of protective properties.

► **Extra gas mileage.** Why? Because new NO-NOX is specially blended for the short-trip, stop-and-go driving motorists do most.

► **No knock, no pre-ignition**—even in today's super-compression engines. Why? Because the anti-knock power of new NO-NOX has been stepped up to an all-time high.

► **Stall-proof smoothness**—no more worries about carburetor icing in chilly weather, or vapor lock on warm days. Instant starts, too—and fast, fuel-saving warm-up.

That's why—whether your car is new or old—new Super-Refined Gulf NO-NOX gives more power-with-protection than you've ever had.

ROAD TESTS PROVED...

these cars, powered by new Gulf No-Nox, actually performed better than new... after 15,000 miles!

TRUE! After 15,000 miles per car—covering all conditions of city and country driving—Gulf test cars showed these results:

► Higher-than-new horsepower!

► Better-than-new on gasoline mileage!

► And not a single trace of carbon knock or pre-ignition at any time—even on the steepest mountain grades!

COMPLETELY NEW! SUPER-REFINED

New Gulf No-Nox

Notables Called in Paris Probe

Laniel and No. 2 Red Among Those to Testify on Leaks of Secrets

PARIS (AP)—High French political figures of the right, left and center lined up today to testify in the investigation of how vital French secrets fell into Communist hands.

The prospective witnesses included several former Cabinet ministers as well as Jacques Duclos, No. 2 man in the French Communist party. Former Premier Joseph Laniel was due to testify today.

A partial listing of future witnesses was disclosed as a former woman employee of the Defense Ministry's code department said the Reds knew the key to the military code used during the Indochina war.

In a long written statement to the investigating magistrate, Mrs. Mativier Lasseron said ciphered cables received at the Defense Ministry were submitted to "strange handling."

Because the Communists knew the code, she said, they would "decipher communications from the Indochina war, notably during the Dien Bien Phu siege."

The scandal over the leaks of secret information from meetings of the National Defense Council

Show Business

Movie Trailers Always Promise Tremendous Picture Next Week

By EDDIE CANTOR

This may sound a little unusual for a man who makes his living out of radio and television, but movies are a great source of relaxation. I mean a good movie.

Of course, you can be annoyed, too. Don't you hate the people who talk in a movie? Some of them even hum the songs. Disgusting! Me, I just open a bag of peanuts—crack 'em—eat 'em—and mind my own business.

This reminds me of the man in the theater who was annoyed by the conversation of the man in the row behind him. He turned and said, "Excuse me, but I can't hear a word!" "Oh," replied the noisy one, "and is it any business of yours what I'm telling my wife?"

Seeing a movie actually puts you in a dream

world. Many a man, watching Clark Gable making love to Lana Turner, imagines himself as Clark. He thinks he's putting something over on his wife in his thoughts.

Little does he know that his wife is imagining herself as Lana Turner in the arms of Clark Gable!

What always amuses me in the picture theaters, are the trailers of the coming attractions. Always they tell you in letters three feet high, and with fireworks:

"It's stupendous—it's tremendous—it's colossal—it's the greatest!" Ida's father once said to me, after watching one of them, "Eddie, my boy, tell me—why is it—that always next week is coming a good picture?"

(Copyright 1954)

Sees Approval of 9-Power Pact

Wiley Believes Senate Would OK Agreement Next Month

By JOE HALL

WASHINGTON (AP)—Sen. Wiley (R-Wis.) said today he thinks the Senate would quickly approve the new nine-power agreement to re-arm West Germany if the administration should submit it at next month's session.

Wiley, chairman of the Senate Foreign Relations Committee, said in an interview he had not discussed the question with Secretary of State Dulles but that he thought the administration might seek early Senate action to give the whole plan added impetus in Europe.

"We would be glad to get it," he said. "My view is that the agreement substantially meets the desires of the Senate."

The agreement worked out in London to restore West Germany's sovereignty and permit her to re-arm involves a complicated series of treaties and revisions to existing treaties.

The Senate presumably will be

asked, diplomatic sources said, to give its consent to the entry of West Germany into the North Atlantic Treaty Organization. It may also have to pass on a rearrangement of relations between Germany and the present occupying powers, the United States, Britain and France. Other portions of the agreement probably will call for action only by European parliaments.

The nation's most important deposits of chromite are in Stillwater and Sweetgrass Counties in Montana.

Two Car
Family

YOU NEED
THE BUS!

89 per cent of all car owning families have only one car. If the car stays at home the working members need public transportation. If it goes off to a parking lot all day the other members of the home are without transportation.

There are days, too, the car can't or won't run. There also are bad weather days when the car should stay in the garage.

If you want to be sure to have your Bus Service, When You Need It... Use It Now — At Least Once a Week!

**Medical Science Now
Stops Bleeding Piles
Without Surgery**

New York, N. Y.—(Special)—Medical research has developed a harmless, pleasant, quick-acting wonder drug called RECTORAL, that is taken internally and goes right to the seat of the trouble. It does away with the old-fashioned misery, discomfort, and embarrassment of hemorrhoids, etc., that give little or no relief. Usually in just a few days, bleeding with any accompanying irritation and soreness begins to disappear and in a few days more is completely gone. It has been tested in thousands of cases without any return of bleeding, even years afterward!

RECTORAL can now be obtained without prescription at Simms, J. & V.; Haines Drug; Lott's Pharmacy; Walgreen's; Thrifty; Blankster and Jones; Dunsmuir; Cole's; Putney's; Rube; Quality; Keno Drug; Keno Harbor; Drayton Plains; Auburn Heights.

HONORED—Gen. Maxwell D. Taylor was presented Nationalist China's highest military award for distinguished service in resisting communism in Korea. He is the U.S. 8th Army commander.

UM Believes Bones Belong to Mastadon

ALMA (U)—Geology experts from the University of Michigan expect this week to give proper identification to bones of a large animal found some five miles southeast of Alma in the swampy section of the farm owned by Joseph Ruskovic.

Location of teeth of the animal, tentatively identified as a prehistoric mastadon of some 9,000 years in age, will be necessary before proper identification can be made, the visiting geologists explained over the weekend, and digging for these will probably start early this week.

The bones were discovered by Ruskovic's son, John, while plowing last week. The bone first unearthed was some 4 feet in length, 10 inches through and weighing 37 pounds.

Since then he has uncovered backbones, ribs, hipbones and others in an area 12 by 10 feet but has allowed them all to remain in the ground until the U. of M. Experts could take what action they desired.

If these are remains of a mastadon, it will be the first ever found in the grout area, though others have been discovered near Owosso and Bridgeport.

Beaver Island Loses Its Ferry; Plane Substitutes

CHARLEVOIX (U)—Beaver Islanders have been stranded, temporarily, without ferry service.

The motor ship North Shore which made the run between here and the Lake Michigan island was pulled out of service yesterday when the Coast Guard refused to reissue a certificate of inspection. The Coast Guard said the ship wasn't seaworthy.

The Beaver Island Transit Company, which owns the ship, said it planned to replace the North Shore with another craft and continue ferry service until the traditional season closing Dec. 30.

In the meantime, passengers and supplies will be carried by a Charlevoix flying service.

Islanders were able to stock up with heavy supplies and provisions before the North Shore went out of service.

Beaver Island is virtually isolated from January until mid-April when ferry service reopens.

Marriage Talk Riles Up Babs' Newest Escort

MADRID, Spain (U)—Barbara Hutton's new escort got mad and slammed down the phone today when asked if he and the Woolworth heiress would marry if and when she gets a divorce from husband No. 5, Porfirio Rubirosa.

Miss Hutton arrived here by plane from her home in Tangier last Friday. She was accompanied by Daniel Rudd, described by hotel employees as a young American art dealer. They are staying in the same exclusive hotel, in rooms registered under the name of Princess Barbara Troubetzkoy, the name she divorced her fourth husband, Prince Igor Troubetzkoy.

Asked by telephone if he and Miss Hutton intended to marry,

Rudd replied, "that's ridiculous," and slammed down the receiver. He would not answer further calls. Miss Hutton could not be reached by phone and refused to receive newsmen.

King Size Cigarettes Help Prevent Fires

GRAND RAPIDS, Mich. (U)—Grand Rapids has endorsed king sized cigarettes—big ones 17 feet long and 18 inches in diameter.

They have been placed throughout the city in observance of Fire Prevention Week.

Each carries the slogan "chaperone your cigarette; don't let it go out alone."

Fire Chief Frank N. Burns said 80 per cent of the city's fires in an average year are traceable to a carelessly discarded cigarette.

Prosecutor's Work Must Not Conflict

LANSING (U)—The State Supreme Court held yesterday that a county prosecuting attorney may not act as an attorney in a private suit conflicting with his public duty.

The suit involved Chester A. Ray, former Allegan County prosecutor, who represented a group of Gun Township taxpayers in a suit to stop improvements to the Gun River drain.

The court said Ray was hired by the citizens individually, received \$312 and sued both the citizens and the township for \$2,000 additional fees. He won a lower court award of \$1,000 against the township alone.

The Supreme Court upset the fee award and said it was not interested in who had hired him or whether he had been hired legally.

Group life insurance dates back to 1911.

INDIGESTION OVERCOME BY O-JIB-WA

Chesley McFarland, Scottville, Michigan, found relief from gas, indigestion, and bloating after 10 years suffering.

"I have been taking O-JIB-WA BITTERS for about a year now and can truthfully say that it has made me feel like a new man. I have suffered with indigestion and stomach distress for about 10 years, during which time I tried dozens of patent medicines with little relief. Mr. McFarland was beginning to feel as though there was nothing I could do about it. I read so much about O-JIB-WA BITTERS in the newspapers that I decided to try it too. Frankly, the results were surprising for I began to get good results in just two weeks. My stomach trouble is over and it really is great to be able to eat anything again without worrying about the after effects. I can't say enough for the good that O-JIB-WA BITTERS has done for me, and would highly recommend O-JIB-WA to anyone with the same troubles I had." Available in all leading drug stores in Michigan.

MILE-maker
gasoline

—with more "mile-makers"
(BTU's) in every gallon!

Outstanding Mileage and Power!

MILE-maker is actually a heavier fuel. It weighs more per gallon because it is more concentrated. More fuel is packed into it—more BTU's (the energy and power units) which your car transforms into extra mileage and power. MILE-maker is equipped to make more miles! MILE-maker tips the scales in your favor!

Greater Anti-Knock, Highest Octane, Modern Additive!

MILE-maker has the highest octane now available to you in this area plus a remarkable new additive which gives you ALL this power to burn by eliminating the wasted power of engine misfiring caused by deposits. This greater efficiency of burning results in more usable power, more mileage for you!

We've Improved on Nature!

Up to now gasoline has been made by distilling and "cracking" crude oil into various parts—in other words, taking just what nature offered. Our new process goes a step beyond. The petroleum "parts" (hydrocarbon molecules) are put together again in new combinations through the use of platinum and other reforming agents. The gasoline is "built up" to fit desired specifications of performance.

Your Marathon Man has this remarkable new gasoline in his pumps right now. Stop by, try a tankful of Marathon MILE-maker... the gasoline with more "mile-makers" in every gallon!

Huskin' Bee Nets Harvest for Church

64th Annual Affair Is Attended by 500 First Methodists

More than 500 people gathered at First Methodist Church Friday for the 64th annual Harvest Home Banquet.

The side of a red barn was built over and around the dining room entrance with a hen in the hay-mow above. The tables were decorated with fall fences, red candles and roosters.

Mrs. John Hawley, general chairman, introduced the toastmaster, Harvey Perry.

The Koraliers, composed of Rose Jorgenson, Joyce Stephens, June Lewis, Wanda Kratt, Jeanette Church, Jo Davis and Kenn Stephens, presented musical skits from "Oklahoma", in costume, accompanied by Maxine Murphy and Ray Ebey.

"Nothing Can Stop You," was the topic chosen by the speaker, Ray Labbitt of the First Methodist Church in Royal Oak. He spoke of several clubs organized in his church to help the church member and the new member.

The Fishermen's Club is comprised of laymen who are trained to make calls on non church-goers. They go in pairs to invite people to come to church. Those who come, are welcomed by the Shepherd's Club, a follow up group which helps the new member become a part of the church by giving him something to do.

The Stewards Club shows new members how to give back to God, the gifts of time, talent and treasure that He has given them.

Mr. Labbitt stated "Laymen should urge young men to enter the ministry and should take it upon themselves to see that Christian Educators are well paid."

Groups of the church and the Sunday School work through the year to bring their harvest to this banquet. The gift of each organization was placed in an ear of corn and taken to the corn crib. The harvest reaped was \$3,750.00.

Harry Going, treasurer of the church, helped his mother serve at this yearly banquet when he was a boy.

Mrs. Rawley was assisted by the following committees: program—Oliver Dunstan, Florence Church, Beatrice Arnold, Gertrude Lake and George Mallen; decorations—Kenn Stephens, Ruby Dunstan and the M.Y.F.; publicity—Gladys Ruffing and Gladys Huffman; gifts—Harry Going; tickets—Perc Parsons and Norman Legge; costumes—Mrs. Mabel Proffitt and Wanda Kratt; lighting—Warren May and Paul Hickman.

During the dinner hour, Ray Ebey entertained with selections on the organ.

Mrs. George Wellington Smith of Franklin Hills (center), daughter of the late Mrs. John Shaw, a charter member of Bloomfield Hills branch of Women's National Farm and Garden, cut the anniversary cake at a tea given Monday. The event was held in celebration of the group's 25th year. Mrs. Leslie H. Green was hostess in the Green estate on Turtle Lake. Watching the ceremony are Mrs. Horace P. Shaw (left) and Mrs. J. Hawley Otis both of Bloomfield Hills.

Dorsene L. Goodwin Wed in Gown of Tulle and Satin Presidents Are Honored at Meeting

To reside on North Perry street following a honeymoon in northern Michigan are Mr. and Mrs. Paul F. Morse.

The bride is the former Dorsene L. Goodwin, daughter of Mr. and Mrs. Wilburn L. Black of North Perry street. He is the son of Mrs. Andrew Morse of Gardena, Calif.

The altar of the Christian Temple was decorated with white gladioli and a pink rose arbor as the Rev. Leland L. Marion performed the 7:30 ceremony.

The bride approached the altar wearing a gown of white nylon tulle and Chantilly lace over blush pink satin. The gown was fashioned with a cathedral length train of tulle and her headpiece secured a veil of pink tulle. The bride carried an arm bouquet of white calla lilies.

Betty Dunlap was honor attendant. Other attendants were Colleen Bex, Lois Cole of Bancroft and Shirley Plake. They all wore gowns of pink nylon tulle over taffeta.

Flower girl, Lois Gibson wore a dress of pink tulle over white satin. The attendants carried gold rings with pink carnations. Jimmy Dunlap was ring bearer.

Marvin Morse was best man and seating the guests were William Goodwin, Donald Cole of Bancroft and Elmer Dunlap.

For her daughter's wedding Mrs. Black wore a purple dress with beige accessories and a corsage of pink tea roses.

A charcoal suit with avocado-colored accessories was worn by the bride for the honeymoon trip.

The bride attended Bob Jones University where she was a member of Sigma Lambda Delta sorority.

The world's population has been estimated by the United Nations to be 2,351 millions.

MRS. PAUL F. MORSE

Garden Club Has 25th Anniversary

Mrs. J. Hawley Otis was chairman of the day when members of Bloomfield Hills branch of Women's National Farm and Garden met Monday to celebrate the branch's 25th anniversary.

In charge of the program for the tea, held at the Turtle Lake estate of Mrs. Leslie H. Green, was Mrs. Paro M. Thomas. One of the day's speakers was the Rev. Perry Williams of Christ Church Cranbrook who talked on the relationship of gardens and religion.

The first meeting of the group was in October 1929. The late Mrs. William D. Thompson organized the branch with the guidance of Mrs. Henry Ford who was then president of the Women's National Farm and Garden Association.

Reginald Lamonts Travel in South Following Rite

Reginald Lamont, son of the John Lamonts of Nelson street, claimed Margaret Harrison of Hamilton, Ont., as his bride Saturday evening at a ceremony performed in St. John Presbyterian Church of Hamilton.

The bride, who is the daughter of the Samuel Harrisons, approached the altar for the for o'clock ceremony wearing a floor-length gown of silk fashioned with a scoop neckline and long sleeves.

A tulle headpiece trimmed with pearls secured her fingertip veil of illusion and she carried a bouquet of stephanotis centered with a white orchid.

Mrs. Kenneth Harrison attended the bride as matron of honor wearing a ballerina-length gown of beige silk. Other attendants were Mrs. Ian Harrison and Mrs. Ronald Weston, wearing gowns of green silk in ballerina-length.

The attendants, who were all of Hamilton, carried cascade bouquets of yellow chrysanthemums.

Ian Lamont served as his brother's best man and Joe Swift and Marvin Bandlow seated the guests.

Mrs. Lamont wore a rosewood pink dress with black accessories for her son's wedding and Mrs. Harrison chose a blue dress which was topped with a matching bolero jacket.

Following a reception held at Hotel Royal Connaught in Hamilton the new Mrs. Lamont changed to a charcoal suit with light blue accessories for a wedding tour of Washington, D. C. and the southern states. Upon their return they will reside on Hammond St.

Forty Pontiac residents attended the ceremony.

Here's How Hands Are Cared for

Not many girls are blessed with beautiful hands. Delicately shaped hands with slender, tapering fingers are assets any girl would be proud to own.

Regardless of their shape, your hands should be satin-smooth. And it seems peculiar that some girls who wouldn't think of letting a day pass without creaming their face (to prevent wrinkles) neglect their hands.

Hands are particularly subject to damaging elements and are therefore, loud tellers of age.

For career girls, it's sometimes just a matter of remembering to apply hand lotion during the day. The secretary, what with typewriter ribbons to change and carbons to handle, finds it necessary to wash her hands several times a day.

To remove ink stains from her hands, she has to use a rather strong "office" soap.

Her hands need a rich, emollient type hand lotion, one that is easy to apply and will penetrate the skin quickly so that daily hand care time is simply a matter of minutes.

One firm is offering such a hand lotion. They've assembled a trio of small lotion bottles. The bottles come in three different tints—cream, pink and blue.

You can assign one bottle to a section where you'll be reminded to use it. Place one in the bathroom, one on your dressing table and one in your desk drawer.

This hand lotion has a double-action effect. While you apply it to soften and smooth your hands, you'll notice it has a refreshing floral scent.

Remember, a few minutes of pampering each day will reap rewards in soft, young looking hands you can display with poise and confidence.

'Tufted' Squares Are a Big Help

Even a novice do-it-yourself fan could rejuvenate a headboard or furniture—or decorate wood cornice boards, doors, or room dividers—with "tufted" plastic squares.

These 4 inch squares, which come in a choice of eight colors, have their own nailheads, and are easily installed to add leather-like luxury to any flat wooden surface. As an added attraction, this kind of plastic "upholstery" can be washed off with soap and water.

Richarda Beaudoin Has Birthday Party

Mrs. Richard Beaudoin was hostess in her South Shirley street home Saturday afternoon honoring her daughter, Richarda on her seventh birthday.

Guests included Sandra Cunningham, Evva Carlson, Sharon Fitzgerald, Peggy Fitzgerald, Mary-Elleen Landry, Paulette Taylor, Julie Ann Valiere, Irene Verhanovitz and Kathleen Withum.

Cardigan Colorful

The blazer-stripe cardigan worn over a black wool sheath is a smart ensemble. The colors combined in the cardigan make it fashion news—tangerine, gray and black stripes on tangerine ground, or turquoise, cocoa and brown on turquoise ground.

PTA Activities

Waver Junior High School PTA will meet Thursday at 7:30 p.m. in the school library.

Executive board and home room mothers of Emerson PTA will meet Thursday at 8:30 a.m. in the school basement. Plans for the Oct. 25 fair will be made.

National Hockey Loop Opens Season Thursday

TORONTO — The National Hockey League opens another 70-game season Thursday and it won't be long before everybody knows who made the smartest off-season deals.

The 1954-55 season, with the earliest opening in league history and running to March 20, officially starts when the Toronto Maple Leafs meet the Red Wings, defending Stanley Cup champions, at Detroit while the Chicago Black Hawks clash with the Canadiens at Montreal.

Just about every club has been dabbling around the trading block but few fans expect any dark-horses in the six-team league.

It's no secret that most coaches figure Dick Irvin and his Canadiens will be hard to stop and the Leafs

will be considerably stronger than their third-place finish last season. The Montrealers will be riding with substantially the same team that carried them to the Stanley Cup finals against the Red Wings last season.

They have a new center in rookie Jackie LeClair, a 25-year-old product from Quebec City. He may step into the spot left by the retirement of Elmer Lach, one of hockey's all-time greats.

Then there is Jean Beliveau, the glamor guy of Quebec hockey who joined the Canadiens last year for a whopping salary. The 23-year-old center is on a line with Bernie (Boom Boom) Geoffrion and Dickie Moore. He's showing well so far.

Jacques Plante will be in goal, taking over from the retired Gerry

McNeil. It adds up to a formidable team.

The Leafs added scoring punch when they picked up leftwinger Dave Creighton, a 20-goal performer, from the Boston Bruins in exchange for defenseman Fern Flaman and an undisclosed sum of cash.

Detroit, says Coach Jim Skinner, will perhaps be a little stronger than last year, but he sees the whole league as promising tougher competition.

Only Jimmy Peters, the valuable utility man, is missing from the Detroit lineup that beat the Canadiens in the Stanley Cup final last spring. Peters has retired.

Flaman will give the Bruins a

lot of strength on defense. And Coach Lynn Patrick, starting his fifth season at the Bruins helm, believes his mixture of youth and veterans will make Boston a threat for the NHL title and Stanley Cup.

Things don't appear too hot for the Hawks and the Rangers. Chicago ran into some pre-season injuries, notably an elbow fracture for rearguard Lee Fogelin. Coach Frankie Eddolls says: "We have to improve—there is no other way to go."

Eddolls, who succeeds Sid Abel this season after coaching the Buffalo Bisons of the American Hockey League, has such newcomers as forward George Sullivan, former Boston farmhand, center Bob Hassard from the Leafs and center

Johnny McCormack, with the Canadiens last year. The Hawks also acquired right-winger Frank Martin from the Bruins and leftwinger Ray Timmer from the Leafs yesterday.

The Rangers haven't strength-

ened much since last spring, when they finished fifth. They got center Danny Lewicki in a deal with the Leafs but lost such veterans as Eddie Kullman, Leo Reise and Max Bentley. It could mean

Determine Joins High Gun in International Race Nov. 3

LAUREL, Md. — Determine, who has the Kentucky Derby crown in his stall and \$302,400 in his bank account, will be one of two horses representing the United

States in the 3rd Washington, D.C., International Nov. 3.

A committee of newspapermen selected Andrew J. Ciolek, another great 3-year-old as the other U.S. representative.

Determine and High Gun will compete in the mile-and-a-half race against Queen Elizabeth's Landau, and King of the Turf from England and Zarafustra from Ireland. Two French horses will be named later this week.

The United States' alternates for the \$65,000 race will be Jacyln Stable's Closed Door and Stanley Mikell's Brush Burn.

Determine's owner, Credo, is under suspension by the California Racing Board at present. None of his horses will be allowed to race until Oct. 30 because of some remarks Credo made in an article about horse racing that didn't rest well with the California commission.

Despite Determine's inactivity, both Credo and trainer Willie Molter believe they can have the gray son of Alibhai ready for the Nov. 3 classic.

In addition to the derby, Determine won the San Gabriel, San Felipe, San Anita Derby, San Jose Handicap, Peter Clark Handicap, Bay Meadows Derby and the Debonaire Stakes.

ANN ARBOR — It was evident to everyone that Michigan was not playing very good football. It was also evident that Army was.

After the Cadets had whipped the Wolverines, 25-7, last Saturday one Army staff man said:

"You know how we played against South Carolina last weekend? Well, that's the way Michigan played today."

Army rebounded from the 34-50 licking by South Carolina to beat Michigan, 40-14, Saturday.

The answer may lie in University of Michigan training rooms and hospitals.

Fullback Lou Baldacci, who missed the Army game because of a shoulder bruise, is now laid up in a hospital by an attack of dysentery.

Right halfback Tony Branoff, who left the Army game in the first quarter, is still having knee trouble.

But Michigan's defensive game should have some help from center and linebacker Jim Bates, who is gaining strength after a bout with pneumonia and will probably be ready for Iowa.

Actually these three men are very important to the Michigan cause. Baldacci and Branoff are part of Michigan's first string of offensive unit. Bates and Baldacci are Michigan's two big defensive kingpins. As they go, so goes Michigan's defense.

Tartar Coach Worried

DETROIT (UP)—Wayne University football coach Lou Zarza said today he was worried about scouting reports on Washington University of St. Louis, Wayne's opponent for Saturday.

"Any team that scores 110 points in two games doesn't sound very weak," Zarza said.

Bears will be seeking revenge against Wayne. Tartars upset them, 33-13, last year.

Rams Accused of 'Dirty Play'

SAN FRANCISCO — Tony Morabito, owner of the San Francisco 49ers, accuses Los Angeles professional Rams of "dirty football" and "warms."

"If that's the kind of football they want, that's what they'll get," Morabito spoke out following Sunday's dramatic 24-21 tie be-

tween the two clubs in Los Angeles — with three key 49ers injured, two so severely they may be out for the season.

Ram Coach Hampton Pool vigorously denied Morabito's charges. "I didn't see anything bordering on dirty football. I think Morabito's statement was due to his strong

disappointment over the tie. Otherwise he wouldn't have made it."

Pool, who also had one player injured, said he talked to 49er Coach Buck Shaw and his assistants after the game "and they made no mention that they thought the game was dirty."

Morabito and 49er Captain Bruno Banducci took a much different view, however.

"I never saw a dirtier bunch of guys in my life," said Banducci. "The next time we play them, we'll eat nails before the game, not to get rougher, but to get dirtier."

The two teams meet in San Francisco Nov. 7.

Two 49er players, middle guard Art Michalik formerly of St. Ambrose (Iowa) College and line-

backer Don Burke from USC, go on operating tables today to correct torn knee ligaments. Doctors say they probably are lost for the season.

And star quarterback Y. A. Tittle suffered a broken left hand. It was placed in a cast. He may be able to play Sunday against the Green Bay Packers at Milwaukee.

Two other 49ers, fullback Joe (Jet) Perry and center Bill Johnson, were shaken up badly but have been cleared for Sunday's game.

The injured Ram is offensive end Bob Carey, a possible broken leg. The Rams meet the NFL champion Lions in Detroit Sunday.

3 Area Gridders Bid for Spots on Bronc Frosh 11

John Xenos and Jack Hopkins, Pontiac High School grads, and Pat O'Neill of Waterford High are candidates for the freshman football team at Western Michigan College.

Xenos is the son of Mr. and Mrs. S. Xenos, 104 West New York street. An end candidate, Xenos is 19, 5-10 and 170 pounds. Hopkins is the son of Mr. and Mrs. Daniel Hopkins, 2420 Harvey Lake Road.

The 6-2, 225-pound Hopkins, 19, is a tackle. O'Neill is the son of Mr. and Mrs. Owen O'Neill of 5305 Walling. He is a 17-year-old, 5-9, 165-pound fullback.

Americans Gain Australia Trip

Mexicans Eliminated by Seixas, Trabert; Swedes Next on List

MEXICO CITY — The United States Davis Cup players can start planning for the long trip to Australia now that they have eliminated Mexico. But they'll need to produce a better brand of tennis if they want to get past Sweden and into the challenge round against Australia.

The inter-zone finals will be played at Brisbane Dec. 17-19 with the winner challenging the Aussies for the coveted international trophy Dec. 29-31 at Sydney.

Vic Seixas of Philadelphia, U. S. singles champion, and Tony Trabert of Cincinnati, 1953 national titleholder, combined to defeat Mexico 4-1 in the North American zone finals. But they had some bad moments before wrapping up the expected triumph.

Jordan Winner of California Ring Title

LOS ANGELES — Young Don Jordan, 134, Los Angeles, won the California lightweight title Monday night by gaining a unanimous decision over Art Ramponi, 135, Oakland, in a 12-round fight for the vacant state crown.

The California 135-pound throne has been vacant since Johnny Gonzales was stripped of the title for not defending it.

Badgers Gain Third Place in National Poll

This Year's Team May Be Best Wisconsin Has Had at Wisconsin

MADISON, Wis. — Take a smashing fullback who has gained an average of nearly 100 yards in every game he's played, add a strong line, throw in two smart top-notch quarterbacks and you've a football team that won't bow to many.

That's the University of Wisconsin Badgers, ranked the third best team in the nation in yesterday's Associated Press poll.

The fullback of course is Alan (The Horse) Ameche, a 6-foot, 210-pound charger who has picked up 2,928 yards in 30 games. Saturday The Horse ripped off 127 yards in 17 carries against Rose Bowl champion Michigan State — 16 times more yardage than the entire Spartan backfield could gain.

He went 28 yards for the game's only touchdown and the victory that boosted the Badgers up two notches in the national spotlight.

And while most coaches will settle for one good quarterback Wisconsin has two — Jim Miller, top passer in the Big Ten last year, and Jim Haluska, the Badgers' 1952 Rose Bowl quarterback who was out last season because of a broken leg.

That's the nucleus of the team that might be the best Ivy Williamson has had in six successful years as Wisconsin coach.

Last Saturday's game was "one of our greatest," Williamson said.

The Badgers opened the season by crushing Marquette, 52-14. Michigan State was regarded as the big test and the Wisconsin victory brought optimism to the campus here. But a tough schedule lies ahead.

After playing host this Saturday to Rice, last year's Cotton Bowl champion, Wisconsin faces six Big Ten foes — four of them yet to be beaten. The slate for the Badgers reads in order: Purdue, Ohio State, Iowa, Northwestern, Illinois and Minnesota.

Bad News for UM, MSC

CHICAGO — Midwest football briefs:

Iowa — The Hawkeyes went through their roughest practice of the season in order to sharpen their offense. . . . Bill Reichow, out with a broken shoulder, worked with the team and may be ready for the Michigan game Saturday.

MICHIGAN — Injuries continue to hamper the Wolverines. Lou Baldacci, who missed the Army game, is suffering from an intestinal ailment and Tony Branoff's injured knee is not coming around. . . . Both may miss the Iowa game.

Wisconsin — A light, loosening up drill was the Badger order of the day. . . . No serious injuries were reported from the Michigan State game.

Ohio State — "We'll probably be favored again," said Coach Woody Hayes. "But we won't forget last year's Illinois game. . . . Last year the Illini knocked off a favored OSU team, 41-20."

Illinois — Sophomore Miles Stout

Perez Defeats Bobby Woods

NEW YORK — From now on it's the lightweight for Lulu Perez, the little Fancy-Dan boxer from Brooklyn.

The 21-year-old speed demon cast aside his No. 5 ranking among the featherweights after defeating Bobby Woods, the babyfaced lightweight from Spokane at Parkway Arena last night for his second straight victory in the heavier division.

Next on Lulu's agenda is a Nov. 26 meeting in Madison Square Garden with Frankie Ryff, unbeaten and ninth-ranked lightweight contender from Perez' own neighborhood.

In the other network television bout of the night, Moses Ward, hard-hitting Detroit, middleweight, floored Billy Kilgore twice en route to a unanimous 10-round decision the St. Nicholas Arena.

'Shoe' Gets Triple 8th Time in 19 Days

SAN BRUNO, Calif. — For the 8th time in 19 days, world champion jockey Willie Shoemaker has won three winners at Tanforan yesterday.

He scored with O. U. Kid \$2.90, Floating Mine \$3.30 and No Tellin' \$3.40.

Shoes has won 44 of 127 races at Tanforan, a sensational 35 per cent.

Titans Get Lineman, Lose Him for Season

DETROIT — Drafted into the army last Wednesday, but released in time to play football with the University of Detroit Friday night, guard Martin Foley, 19, of Fenton, was lost again Monday by the Titans. This time the loss apparently is for the season.

Foley was rejected by the army as 4F because it found he was suffering from a kidney stone. Yesterday he was taken to a hospital. Today doctors decided they would have to operate to remove the stone.

Can't Pick 1 Queen, So Writers Name 5

INGLEWOOD, Calif. — Five beauties lined up yesterday as contestants for the queen of the approaching Western Hollywood Race Assn. meeting at Hollywood Park opening Oct. 15.

The judges — five sports writers — could not decide on a winner. The result will find all five beauties reigning for the five-week race meeting, one each week.

The girls are Jean Lewis, Ft. Worth, Texas; Beverly Kidd, Houghton Lake, Mich.; Renate Hoy, Munich, Germany; Cathie Righter, Glendale, Calif., and Eleanor Bender, Los Angeles.

Moegle's Record Saturday: 6 Carries, 4 Touchdowns

By MAX B. SKELTON

HOUSTON, Tex. — Rice Coach Jess Neely says Dicky Moegle makes few mistakes.

"I've never had a man who takes such advantage of his blockers," the dean of Southwest Conference coaches said about his

speedster halfback who scored four touchdowns while carrying the ball only six times Saturday against Cornell.

The baby-faced, crewcut blond from Taylor, Tex., finished the game with 168 net yards rushing, an average of 28 yards per try.

This exceeded his busy afternoon of scampering last New Year's Day in the Cotton Bowl when his 265 yards in 11 carries against Alabama left him with a 24-yard average.

Moegle and the undefeated Rice team return to the nation's television screens again next Saturday, meeting Wisconsin at Madison, Wis. is also undefeated.

Wisconsin's five touchdowns and 13.7-yard average in 16 chances in early season games against Florida and Cornell have not taken Owl followers by surprise.

Cage Star Back in School After Pro Conference

MORGANTOWN, W. V. — Unpredictable basketball star Rod Hundley, who left West Virginia University last month to seek his fortune as a professional, returned to the campus last night to resume classes.

Hundley notified Coach Fred Schaus he had signed no pro contract, although he did confer with officials of the Philadelphia Spahs pro team during his absence.

Classes already have been in session three weeks and the 19-year-old sophomore from Charleston has used up his allowance of unexcused absences. Basketball Coach Fred Schaus said Hundley cannot have another unexcused absence if he is to remain eligible for basketball and must make up his back work.

The student manager went to Pittsburgh, met Hundley there, and returned to Morgantown with him.

YOU BE THE QUARTERBACK

By WARREN GAER

Head Football Coach, Drake University

Columbia trails Yale, 7-0 in the 2nd quarter.

The Lions' usually potent T-formation offense has been throttled thus far by the sparkling play of the Yale right end. This end, who has a tremendous charge and the speed of a top sprinter, has been crashing hard off a 6-2-2 defense (six men in line, two linebackers, two halfbacks, and the safety).

The tackle beside the end often floats to the side to protect against pitchouts, and the Yale left end plays orthodox defense, varying his charge with the situa-

Suit Against Major Leagues Slated for '55

Trial Isn't Expected to Take Place Before Next April

CHICAGO — The \$12,000,000 anti-trust suit against 13 major league baseball clubs will not be tried until Jan. 3, and probably later, attorneys have disclosed.

The case, filed Feb. 21, 1952, by the now bankrupt Liberty Broadcasting System of Dallas, had been set, after a series of continuances, for Oct. 13. However, attorneys said yesterday, although the new trial date of Jan. 3 was set yesterday, they believe it will be April at the earliest before the suit will be heard.

All major league teams except the Brooklyn Dodgers, Cincinnati Redlegs and Chicago White Sox are defendants in the suit. The suit charges violation of the Sherman and Clayton Anti-Trust Laws and a "continuing conspiracy to monopolize and restrain competition in broadcasting and recreating play-by-play accounts of professional baseball games."

A pre-trial has been set for Nov. 4 when Judge Julius Hoffman of the U. S. District Court and attorneys for both sides will attempt to limit issues, decide if the trial will be by jury or the court, and map plans to shorten the trial.

Detrioter One Favorite in Weight-Lifting Test

VIENNA (UP) — Detrioter Norbert Schemansky was among the favorites today as seven United States musclemen prepared for the world weight-lifting championships, which open at Vienna's Concert House Thursday.

Although 28 nations are entered, the Americans and Russians are considered by far the strongest teams.

Big Seven's New Coaches Match Strategy Saturday

KANSAS CITY — The two new coaches in Big Seven Conference football circles—Vince Di Francesca of Iowa State and Chuck Martini of Kansas—match their teams at Ames, Iowa, Saturday.

Neither team figures in the conference championship picture. Both are in the midst of rebuilding programs and it's a matter of who can rebuild fastest.

Iowa State won handily over South Dakota State in its opener, then played well before losing in the last quarter to both Northwestern and Nebraska.

Kansas made a contest of its opening games with TCU, UCLA and Colorado before losing steam

in the last half of all three tilts.

Another conference game will match Kansas State and Nebraska at Lincoln Saturday. On the non-conference side Oklahoma has its annual squabble with Texas at Dallas, Missouri is host to Southern Methodist University at Columbia, and unbeaten Colorado plays Arizona in a night game at Tucson.

At Norman, Okla., Coach Bud Wilkinson juggled his first and second Oklahoma teams yesterday. Bill Pricer moved into the first-string fullback spot in place of Jerry Tubbs, while Don Brown replaced Cal Woodworth as first-team right tackle, and Bob Burris moved from third to second-string right halfback.

Junior High 11's in Action Today

Lincoln and Jefferson Meet; Braves to Face Eastern Tomorrow

City junior high schools open their 11th football season this week, with one game scheduled this afternoon and another on tap tomorrow.

Lincoln and Jefferson tangle in the league's curtain-raiser at 4 p.m. today at Winner Stadium. Tomorrow's game, also at 4 p.m. at Winner, matches defending champion Washington and Eastern.

Braves, who have won the title five times in the past 10 years, currently boast a 10-game undefeated streak. They were tied by Eastern in the last game of the 1953 season to snap a 9-game winning string.

Fifth team in the league, Weaver, has a bye this week.

Brisk Wind Clears Fog and Rain for Hunters; Outlook Brightens for Both Bowmen, Gunners

By JACK PATTERSON

(Pontiac Press Outdoor Writer)

SAULT STE MARIE — A brisk northwest wind did away with the fog and rain that have hampered bird hunters' operations since the opening. Grouse covers have begun to look the way magazine illustrators depict them, instead of like the type of country usually associated with the headwaters of the Amazon.

Bow hunters have been having their troubles with water in the lowlands, too, with many impassable cedar swamps and other types of cover pressed. But a few days of dry weather will help this situation very much.

Some of the best past territory we've run into is near the Lake Huron shores in Presque Isle and Cheboygan counties. Birds are plentiful, at least as plentiful as last year in this area.

We broke a solemn promise nev-

Eastern Confab Called to Study Boxing, Wrestling

NEW YORK (UP) — The conduct of boxing and wrestling in Michigan and 10 other key states will be discussed at a meeting of the chairman of the athletic commissions of the states in New York later this month, New York Commissioner Robert K. Christenberry announced late Monday.

Decision to hold the session was made at a meeting attended by Christenberry and athletic commission chairmen from Illinois, Maryland, Connecticut and Minnesota.

Athletic officials from Michigan, New York, Connecticut, Maryland, Massachusetts, New Jersey, Rhode Island, Pennsylvania, Illinois, Minnesota and Indiana will attend the meeting, Christenberry said.

Jockey Sues Inglis

DETROIT — David A. Licata of Waco, Tex., filed suit in a move to lift a ban on his jockey license imposed by state racing commissioner James Inglis.

Licata charged Inglis acted "without sufficient proof" in revoking his license Sept. 29.

Licata was accused by stewards at the Hazel Park race track of shaking a box of pebbles in the ear of his mount, Cockatowalk, to improve the horse's speed during a race Sept. 28.

in the hay in fair numbers, and some geese are being taken there too.

Bird hunters passing this area, could do worse than to put in a day in the marshes, particularly if we get a repeat on the last few days' weather. With reasonably good shooting at this early date, the outlook for later in the season is very optimistic.

Right now we're interested in possibilities for sharpshooting to the West. We've got some supposedly very good (and secret) territories on file which we plan to investigate in the next day or so and be in a position to give a personal report.

We also have a few pet partidge areas in the direction we're heading, and know of one in particular where the birds are so indifferent to hunters that we dare say we can knock off a few even if our aim doesn't improve.

Grains Thrown Back on Board

CHICAGO (AP)—Grains started out strong and then were thrown back on the Board of Trade today when buying power ran out. Trading was quite active in all pits.

At the outset soybeans ran up a few cents, again being propelled by light receipts of cash beans at Chicago and more moisture in northern and central Illinois. Receipts totaled only nine cars.

Oats were bought following announcement of renewed import restrictions on Canadian oats. A strong demand for cash corn helped that cereal. Wheat moved up with the general market but rye could get nowhere. In all pits, however, early gains were reduced or eliminated.

Wheat near the end of the first hour was 1/4 to 1/2 lower, December \$2.17 1/2, corn 1/4 lower to 7/8 higher, December \$1.52 1/2, oats unchanged to 1/4 higher, December 79 1/2, rye 3/4 to 3/8 lower, December \$1.41 1/2, soybeans 1/4 to 1/2 higher, November \$2.72 3/4 and lard unchanged to 5 cents a hundred pounds lower, October \$14.57.

IN COMMAND—Comdr. Eugene P. Wilkinson is the new commander of the world's first atomic submarine, the Nautilus. The vessel was formally accepted by the U. S. Navy in ceremonies at Groton, Conn.

New Battle Cry Is 'Let's Teach'

UM Professor Notes Increase of Enthusiastic Future Educators

ANN ARBOR (U) — A fever of "enthusiasm," spreading across the state, is drawing many young men and women to college with one thought: "Let's teach."

"It's difficult to ascribe it to a single cause," Willard Olson says. He is dean of the School of Education at the University of Michigan.

"But perhaps, three causes are the largest and foremost in the current trend," Prof. Olson adds.

He says the first and perhaps most important cause is "schools are catching up with the lag between the economy and their pay plans."

Secondly, Prof. Olson says, "the widespread discussion of the problem caused by increased enrollments and little or no increase in the supply of teachers" has brought more interest.

Lastly is the general increase in college enrollment since "it hit an all-time low in 1951."

Prof. Olson said enrollment figures at the university showed that the number of students aiming for teaching degrees has increased far beyond the general rise in college enrollments.

"This indicates," he says, "that education is getting more than its usual share of new students."

And Prof. Olson adds, "I have never seen such enthusiasm as we have in our undergraduates."

He says that they are more active in education affairs and "more proud of their calling."
