

Record Lows Recorded Around Frigid Nation

By The Associated Press
Intense cold covered most of the nation today, driving temperatures to record lows in many cities.
Readings ranged as low as 47 below zero in Drummond, Mont.
The mercury plunged to zero or below in at least 19 states.
Low marks that had stood for as long as 81 years were erased from the weather books.

The arctic air mass moved south and east, bringing shudders and suffering to added millions. Only Florida, sections of the Carolinas and Georgia and the West Coast escaped the big freeze.
Snow fell in the Middle and South Atlantic States and persisted in snowbound Northern New York.
Snow and cold had a staggering

impact on everyday life. Schools were closed by the thousands. Traffic ran late. Scores of bus runs were canceled.
SNOW HITS CAPITAL
The first major snowstorm of the winter hit Washington on the day Congress opened. One to 3½ inches of snow in 17-degree cold slowed traffic and suspended classes in all suburban schools. Buffalo and Watertown and sur-

rounding areas in Upstate New York still flourished in wind-whipped snow off Lakes Erie and Ontario.
Waterloo and the rest of Jefferson County were almost isolated after an overnight fall of 7 inches raised the snow on the ground to 2 feet. Wind piled drifts 3 feet high. All schools in

the county were closed and many roads were blocked.
Two of Buffalo's major traffic arteries remained closed and scores of automobiles were abandoned in a foot of snow. A railroad train stalled 70 motorists who had been stranded on a waterfront thoroughfare.
The Deep South struggled against a snow cover which

reached almost to the Gulf of Mexico. Elders bent to the task of clearing walks and driveways while children thrilled to the unaccustomed pleasure of building snowmen.
5 INCHES IN SOUTH
Eight inches of snow coated the ground in parts of Arkansas and Tennessee and five inches or more blanketed much of the rest

of the South. Scores of high school and college basketball games were postponed.
Gov. Ross Barnett declared a state holiday in Mississippi because of the storm.
Temperatures were not expected to get above freezing during the day in some sections of Dixie.

Romney, Scholle Let Words Fly on Apportionment

AMC Chief Accuses Unionist of Employing Wrong Figures in Plan

LANSING (AP) — A prominent automaker and a top union leader squared off on the issue of legislative apportionment Tuesday night and engaged in a spirited debate that brought a heated exchange over the accuracy of some statistics.

The protagonists were George Romney, president of American Motors and a vice president of the constitutional convention, and August Scholle, president of the Michigan AFL-CIO.

They debated at a meeting of the Central Michigan Chapter of Sigma Delta Chi, professional journalistic association. The program was broadcast live on radio and filmed for television.

Both Romney and Scholle agreed that the State Legislature should be reapportioned, but differed on how to go about it.

At one point in the debate, Romney said Scholle had used wrong figures in his argument against a plan for reapportionment which Romney has introduced at the convention.

Scholle said Romney, in effect, was accusing him of lying.

"If I lied, you lied," Scholle said, "because my figures came from your own map."

Romney asserted that he had not called Scholle a liar, and added that there were several proposals before the convention which included the principles he would use.

In his opening remarks, Scholle urged that the Legislature be apportioned strictly along "one man-one vote" lines.

Referring to what he called the malapportionment of representation in the State Senate, Scholle declared:

IN SPIRITED DEBATE — George Romney, American Motors president and vice president of Michigan's constitutional convention, waves aside August (Gus) Scholle, Michigan AFL-CIO president, as both tried to claim the victory during their debate in Lansing Tuesday night. The two fell into disagreement over some figures in their debate over reapportionment of Michigan's legislative districts.

Congress Starting New Session Today

WASHINGTON (AP) — Congress got its new session formally under way today with completion of routine organizational duties.

But the real kickoff for an election-year session which could bring heated contests on half a dozen big legislative issues will come Thursday when President Kennedy addresses a joint Senate-House meeting.

In his State of the Union message, Kennedy will lay down, at least in broad outline, what he expects the nation to do in the coming year. He will also reject a parliamentary ultimatum and inform the central government he has no intention of leaving his Stansburyville hotel.

LANSING (AP) — Michigan legislators opened their 1962 session today confronted with a fast-growing state deficit and a multitude of other problems, most of them holdovers from last year.

Ninety of the 110 House members and 31 of the 33 Senators were on hand when House Speaker Don R. Pears and Lt. Gov. T. John Lesinski gave the House and Senate into session at noon.

Asked to Allow Dancing in Bars

City Commission Hears Appeal Renewed for Change in Ordinance

A battle by downtown bar owners to change the city's ancient ordinance prohibiting public dancing in establishments serving liquor by the glass, appears to be taking shape today.

After an action had been taken on their original request for the change made last September, Pontiac attorneys H. Malcolm Kuhn and Arthur W. Kohn renewed the appeal on the City Commission floor last night.

The attorneys are representing Charles A. Gersten and Thomas Reeling, owners of the Pink, Pease Lounge, 21 E. Fifth St.

Since Arthur Murray Dance Studios moved from an adjacent building, also owned by Gersten and Reeling, they have been attempting to add the dance area to their lounge.

Kohn last night said, "There is no such limited law outside the city and Pontiac bars and restaurants cannot compete with outside establishments unless they have equal opportunity."

Kohn ridiculed the present ordinance on grounds that it allows dancing in "beer gardens and taverns where liquor is not served, but not in places where it is."

He indicated willingness to help the city "in every way possible in drafting an ordinance with proper limitations."

A chip off the North Pole fell on this area and the rest of the state overnight, pushing temperatures below zero and dropping up to 18 inches of snow on the west side of Michigan.

And no relief in sight! Thousands of motorists were unable to start their cars this morning, as Pontiac recorded a low of eight below zero while temperatures sank lower in Oakland County.

There were no fatal traffic mishaps in the county. However, police and sheriff's deputies reported dozens of cars abandoned along roads and on parking lots when motorists would not start because of the cold.

The cold is expected to stay, with a few more blizzards forecast for the area.

The high in the area today was to reach a plus nine degree. Lows ranging from five to 10 below were predicted for tonight in situation areas.

Tomorrow, a high of 12 may be expected along with fair weather. Snow flurries were predicted for the entire state today.

SWAMPED WITH CALLS

The Pontiac office of the Automobile Club of Michigan reported it was from three to four hours behind on service calls by mid-morning.

The switchboard at the local AAA office was flooded with requests for assistance from motorists with stalled cars after the rush started about 1:30 a.m.

A 1,000-volt power supply line broke last night in Troy, and left several hundred residents with out heat or light for about 2½ hours.

The break, which occurred on Livermore Road north of Long Lake Road, was repaired by Detroit Edison Co. service men at 11:30 p.m. According to a company (Continued on Page 2, Col. 5)

W. Germany to Buy More British Arms

Bonn Agrees to Berlin Parley, Plus Aid

BONN, Germany (AP)—Prime Minister Harold Macmillan of Britain has won Chancellor Konrad Adenauer's support for Western probes in Moscow to determine whether negotiations with the Russians on Berlin have any chance of success.

Adenauer also agreed to ease the burden of maintaining British forces in West Germany by buying more British arms.

TO CONTINUE

Adenauer said Monday he could not see that U.S. Ambassador Llewellyn Thompson's exploratory talks in Moscow were getting anywhere. A communiqué issued Tuesday after a full day of talks between the aged chancellor and Macmillan said that they "were agreed that the effort to find out whether a basis for negotiation with the Soviet Union exists and should be pursued."

The two leaders also reaffirmed their determination to preserve the Western position in Berlin and to "defend the freedom and viability of West Berlin."

There was nothing in the communiqué about what would happen if the probes with Moscow fail or the Western position seriously menaced.

Macmillan had been reported bringing a U.S.-British proposal for maintaining the status quo in Berlin if the Russians refused to agree to new formal arrangements satisfactory to the West.

MARKS GAIN

Macmillan appeared to have made a substantial gain in solving a problem that has long been a sore between the two countries—the financial drain of maintaining the 51,000-man British Army of the Rhine.

After getting off to a good start, sales of new 1962 automobile license plates are lagging in Pontiac because of bad weather, the manager of the local secretary of state office says today.

licenses for passenger cars, trailers, motorcycles and all vehicles which do not use six-month plates is Feb. 28.

Brewer reported that about 10,000 plates have been sold for 1962 as compared with approximately 6,000 at the same time last year when license tags were issued.

EXPECTS 50,000

Brewer warned that he expects about 50,000 more motorists to show up at his office between now and Feb. 28.

He said there was an early start for the new green and white plates were available Nov. 1 because many motorists had their old licenses since 1959, the last time full-size plates were sold.

Brewer also reminded drivers who purchased license tags between Nov. 1, 1960, and Feb. 22, 1961, that they can reclaim the 35 cents fee paid for reselection plates last year.

Newburgh Continues Fight Over Welfare

NEWBURGH, N.Y. (AP)—After Henry Hirschberg says the city will continue its battle against those it considers welfare chiselers by modifying enforcement of a controversial rule made to a court injunction that all but eliminated it.

Hirschberg, counsel to the city, contended Tuesday there is nothing in State Supreme Court Justice Robert D. Schermer's order which curtails the basic concepts of the rule.

He said enforcement measures will be altered to fit existing state and federal regulations.

Schermer, acting in a case brought by the state, granted a permanent injunction last Dec. 19 against 12 of the 13 points of the rule adopted by Newburgh last summer.

The only rule left standing was one requiring all able-bodied recipients to report each month for review of their cases.

The Day in Birmingham Tax Relief Is Proposed for Homeowners, Firms

BIRMINGHAM — Tax relief for homeowners and businesses hit by local special assessment charges was proposed today by Congressman William S. Brockmeyer, R-Oakland County in the U.S. House of Representatives.

Brockmeyer said he introduced the bill at the request of a number of South Oakland County communities which are asking relief for residents to spur improvements, particularly in business districts.

Birmingham has done much to spark the interest of these communities in asking relief on special assessments.

The city took the initial action in early December by passing a resolution favoring legislative action to permit taxpayers to deduct special assessments from taxes. However, the action was aimed primarily at business district improvements.

Copies of the resolution were sent to 13 South Oakland cities. Brockmeyer's proposal is more general, taking into consideration the homeowner as well as the merchants.

His bill, referred to the House Ways and Means Committee, would change the definition of taxes to include "any tax, special assessment fee, or other charge which is established by or for a municipal entity or other local government for the performance of a service . . . which the taxpayer has no option to reject."

The Internal Revenue Service, the nation's tax collector, ruled originally that special assessments, such as off-street parking lots, were deductible.

But after months of deliberation, the decision was reversed in Washington.

City commissions and councils claim that the adverse ruling was holding up the development of central business district improvements in such areas as Birmingham, Royal Oak and Madison Heights, and that special assessments should be exempt from Federal taxes the same as county and state taxes.

"It is evident that the Internal Revenue Service isn't going to change its mind without action by Congress," said Brockmeyer.

"I'm going to do everything I can to get this bill through committee and out onto the floor as soon as quickly as possible, as I believe that tax exemption for these special assessments would mean a great deal to many communities, businesses and homeowners."

He said that assessments for sewers, drains, water supply and paving would be exempt under the provisions of the bill.

"Those who buy municipal bonds for such improvements do not have to pay taxes on the interest they receive," the congressman said. "It is only fair that homeowners and businesses should receive the same treatment."

'Old Foe' Wins Point With City

Parking-Lot Owner To Get Use of Sewage Treatment Facilities

An old adversary of the City Commission finally won a decision from commissioners last night.

Sam Stolorow, owner of private parking lots in downtown Pontiac, seemingly will get the use of Pontiac sewage treatment facilities for his home and those of his neighbors in Waterford Township.

But it's not a public health hazard to bring commission action.

Stolorow asked permission last summer to tie into that portion of the township's sewer system served by the city's sewage disposal system.

Possibly remembering Stolorow's earlier opposition to municipal parking lots five years ago, commissioners indicating no desire to do him any favors.

GET REQUEST

Last night, however, they were presented with a request from Waterford Township Supervisor Edward R. Johnson, for extension of service to the area around Stolorow's home at 422 Shore View Drive. Revenue his septic tank was overflowing and creating a health hazard.

Commissioners passed a resolution authorizing City Manager Robert A. Silver to draw up the necessary amendments and agreements to the ordinance governing township use of the city's sewers, extending service to residents on Shore View and Calista Drive.

Stolorow, who carried his fight against the city's method of financing parking lots to the State Supreme Court and lost, will get city treatment for his sewage.

FREE PARKING

FREE BUS RIDES

It's always a happy experience to buy something new... and the biggest enjoyment of all comes from Shopping Downtown where there is so much to see and admire. Every time you shop downtown you're sure of seeing the newest and most interesting selections of everything you're looking for. And downtown stores offer you the most bargains every day of the week.

Drive downtown and park in any one of the lots marked with the Blue Medallion. Give your parking stub to the clerk from whom you make your purchases. She will gladly stamp your ticket. The parking lot attendant will then charge you for the difference in the parking fee and the amount stamped on the ticket.

When shopping in downtown Pontiac ask the clerk for your free bus ride token when making a \$2.00 purchase. This will entitle you to a free bus ride on the Pontiac Transit bus in Pontiac, the Bee Line bus from Keego Harbor, Rochester, Commerce, Oxford, Lake Orion and Auburn Heights, and the Airport lines bus from Waterford and Clarkston.

Motor Trend Magazine makes it official:

1962 car of the 'year!

From the very first we knew we had a winner. Happy owners, car enthusiasts raved about the 1962 Buick Special with the history-making Fireball V-6 engine. Now the editors of Motor Trend — one of the country's top car magazines — have made it official. After road-testing and evaluating all U.S. cars, they've named the 1962 Buick Special "Car of the Year!" Here's how they put it...

"Motor Trend's CAR OF THE YEAR AWARD to the 1962 Buick for pure progress in design, originaive engineering excellence, and the power concept for the future expressed in America's only V-6 automobile engine."

Buick Special V6

Why are the car experts so hot on this exclusive Buick engine? Only a V-6 can combine the extra vigor and smoothness of V-design with the gas savings of a straight six. This 135 H.P. V-6 weighs up to 140 pounds less than other sixes of comparable power. It sips regular gas ever so sparingly.

But why go on? Ask your Buick dealer to let you drive a V-6 Buick Special. There are five beautiful models, including a fabulous new convertible. Drop in soon and see how easy it is to make the "Car of the Year" your very own.

'Ready to Settle Down'

Frank Sinatra to Marry Juliet Prowse

By JAMES BACON
AP Movie-TV Writer

HOLLYWOOD—Frank Sinatra, vowing he is ready to settle down, will marry Juliet Prowse, "one of the nicest girls I have ever known."

Miss Prowse, the leggy actress whose can-can kicks for a movie shocked Nikita Khrushchev, made the announcement. A beaming Sinatra confirmed it.

'WONDERFUL GIRL'

"A great girl. A wonderful girl. I'm very, very happy and very very lucky," he confided to a

newman who found him finishing a round of golf at Hillcrest Country Club Tuesday.

"You really shook us up," the newsmen remarked.

"I'm a little shook up myself," he quipped. "I'm 46 now. It's time I settled down."

Asked when he and the 25-year-old South African beauty will wed, Sinatra answered: "The wedding probably won't be for some time. Whenever she sets the day, that's okay for me. I'll let her call all the shots. That's the way it's done."

WANTS PARENTS TO COME: "I know she wants to have her parents come over from South Africa and I want to have them here, too. They're wonderful people. I met them when they visited her a year ago."

SURPRISES HOLLYWOOD: The announcement caught gossips by surprise. Only weeks ago they had Juliet heading for the altar with young Eddie Goldstone, her agent, and Frank linked with Marilyn Monroe.

"Juliet has been my one romance," said Sinatra. "Our dates have been private, not public."

The proposal took place while the two dined tête-à-tête at Romanoff's Monday night. He put a diamond ring on her finger. Friends who saw the ring said "it was a beauty but not the usual Hollywood block buster."

HER FIRST MARRIAGE

It will be her first marriage, Sinatra's third. His previous wives were Nancy Barbato, his childhood sweetheart, and Ava Gardner. Juliet once said when she married she would give up her career and go into the business of having babies. That's what I want out of life."

Sinatra, however, said she is reading a new Las Vegas night club act to be written by his pals, songwriters Jimmy Van Heusen and Sammy Cahn.

JULIET PROWSE

Army in Top Shape, Reports Secretary

FR. RILEY, Kan. (AP)—Secretary of the Army Elvia J. Stahr, Jr., says the military buildup President Kennedy ordered last July has accomplished a degree of readiness unsurpassed in American peacetime history— "bloodless effort to win a war that must never come."

Stahr reviewed the buildup Tuesday night at a dinner sponsored by the central Kansas chapter of the Association of the U.S. Army.

"Should we succeed in our effort to preserve freedom without war," he said, "it will be because the enemies of freedom can see that our intention to stand firm is backed by the military ability to do so."

Dominican Earthquake Claims 1, Others Hurt

SANTO DOMINGO, Dominican Republic (AP)—One person was killed and an undetermined number were hurt in the town of San Jose de Ocoa during Sunday night's earthquake, according to delayed reports here Tuesday night.

Many homes in the town were reported heavily damaged. Damage was also reported at the nearby town of Azua.

Pigskin Executive Big Boss Without Whistle

By BOB CONSIDINE

NEW YORK — Some months hence, when the 1961 football season ends, we want to do a piece on the most influential man seen on any gridiron during the pigskin year—which began last August.

He's the one who tells the powers when they can't play ball. He doesn't

have a whistle, a horn, a flag, a striped shirt (he wears red) nor even a title.

The program never mentions him. He couldn't coach a child through the ABCs or train a dog as smart as Lassie.

But Lou Groza, Paul Hornung, Pat Summerall and all the other greats of pro football waited for his signal this season before dar-

ing to kick off to start a game or a second half.

The guy in the red shirt works for the sponsor.

His earhorn tells him when the commercial is on the TV screens stretched across America. He keeps tons of heaving gladiators immobilized and at bay simply by holding his right hand across his chest.

When the commercial is two

seconds from its end he drops his hand. The kicker-offer, who has been standing there fidgeting, cynosure of all eyes in the stadium, victim of guys shouting "Wotta y' waiting for, y'bum's, you some kind of nut or yellow or something?" now answers the cue of the dropped hand and instantly kicks off.

"I've got the shortest spot on TV," Summerall complained recently. "On screen and off in two seconds."

SAC READY

McGowan Miller, the King Features artist, confirms a recent essay here to the effect that the Strategic Air Command is "ready."

Mac and some fellow artists look their sketching act on the road not long ago, entertaining the troops, and wound up in the theater of a SAC base in Spain.

He noted, as the show was about to start, that a B47 crew was loitering in the back of the half-empty place. They were

dressed in the jumpers that are worn under pressurized flying suits.

"Come on up front, fellows," he called to them. "You can see the show better, and we can do some sketches of you."

One of them shook his head. "We're supposed to stay near the door," he said.

Thus does SAC hoard secrets.

This was a "reflex" crew, on two-week assignment at the base. Their bomber, loaded with nuclear bombs, was poised on the base's strip. Fifty feet from it rested a parked trailer, for ground crewmen whose job—if an alert was sounded at that moment—would have been to race to the plane and trigger it.

The crew at the theater would have dashed out the nearby door to their station wagon—parked outside in such a way that its hood faced the road leading to the strip.

All traffic on certain roads of

the base would have been shunted to other roads, and to make sure the B47 crew chose the right road to their bomber red lights, would flash from poles all along the proper route.

The B47 would have been on its way to a previously selected target or targets in less than 15 minutes.

3 Dem Representatives, Republican Senator

4 Newcomers Take Seats in Congress

WASHINGTON (AP) — Three new representatives and a senator took their oaths of office today after the Senate and House reconvened.

All three new House members are Democrats, though of varying political spectrums. They are Joe D. Waggoner of Louisiana, Henry B. Gonzalez of Texas and Lucien N. Nedzi of Michigan.

The new senator is Maurice J. Murphy, R-N.H., who at 34 is the youngest in the Senate. He was appointed to fill the vacancy caused by the death of veteran Republican Styles Bridges of New Hampshire.

Murphy technically already is a senator, having signed the roll previously. He could not be sworn in until today.

FOR SEGREGATION

Waggoner, 43, is a staunch segregationist and conservative. He was elected to fill the term of the late Rep. Overton Brooks, D-La., which runs until January 1963. Brooks was chairman of the House Science and Astronautics Committee. Waggoner hails from Plain Dealing, La.

Gonzalez, 45, of San Antonio, defeated conservative Republican John Goode Jr., who had campaign support from former Pres-

Unit to Study Army Education

McNamara Lists Board to Advise on Military Indoctrination

WASHINGTON — Secretary of Defense Robert S. McNamara named a 13-member committee Tuesday to study and advise on special training and indoctrination of military personnel, including their education on Communism.

Sen. Strom Thurmond, D-S.C., who is spearheading an upcoming Senate investigation of what he terms Pentagon "muzzling" of anti-Communist speeches by military leaders, called McNamara's action an admission "of shortcomings."

A Senate special subcommittee is to open public hearings Jan. 23 on this question.

"In view of the forthcoming investigation—the facts for which have already been assembled for the most part—I am not surprised that the Defense Department now proposes to establish a study committee," Thurmond said in a statement.

"I sincerely hope that the committee's action will result in improvements which have been vitally needed for some time. A study committee is, of course, a standard bureaucratic response to publicized revelations of shortcomings."

A Defense Department spokesman said formation of the advisory group is not a "hurry up" effort to get something done before the Senate subcommittee.

World Strangely Quiet After '61 Crises

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON — The world's leaders are acting like automobile manufacturers who have their plants working overtime but aren't saying much until the new models come out.

At this moment the world, compared with some of the feverish moments of 1961, is in a period of tranquility which, of course, won't last.

CRISES SUBSIDE

The crisis over Berlin has died down. Southeast Asia is very troubled but not explosive. The Russians and Chinese aren't happy with each other but are keeping quiet about it.

Fidel Castro is hardly doing more than mumbling. Moslems in Sanazombo where they made surprise raids.

30 Terrorists Killed In Angola Jungles

LUANDA, Angola (AP) — Official sources in this Portuguese West African territory reported Tuesday about 30 terrorists killed in fighting in the northern jungles.

A number of others were reported captured.

Nationalists seeking freedom from Portuguese rule were reported to have taken the offensive in the areas of Banoque and Tala. Moslems in Sanazombo where they made surprise raids.

PRESIDENT SILENT

President Kennedy is almost fully occupied getting ready for the return of Congress Wednesday.

French President Charles de Gaulle, never very noisy, is contemplating the problem of Algeria.

West German Chancellor Konrad Adenauer, figuring that silence is the better part of wisdom, at least temporarily, is waiting to see what Kennedy and Premier Khrushchev work out on

British Prime Minister Harold Macmillan, who had made a habit of being inconspicuous, is indulging his habit: Mao-Tse-tung, the real boss of Red China, is as usual letting others do his talking for him and they're not saying much; and Khrushchev himself, most of the time a kind of inter-

national Fourth of July, including the rockets is as quiet as a Sunday morning.

WHY'S K. QUIET?

Khrushchev, in fact, at this moment is the No. 1 global mystery.

Why has this man, who kept 1961 jittery with talk and tension about Berlin and creating a new status

Outbreak of Influenza Closes School in Iowa

HAZLETON, Iowa (AP) — An influenza outbreak forced the closing of the Hazleton school Tuesday.

Supt. Owen Shively said 171 of the 350 pupils were absent. Absences Monday totaled 136. Hazleton has no practicing physicians.

Medical assistance was provided by doctors at nearby Oelwein and Independence.

But this seems unreal and unnatural and in a few weeks, perhaps in a few weeks, the world should return to normal.

He has been increasingly quiet on Berlin, in fact, since last autumn when the Communists built a wall to seal off East Berlin.

This move forced the West tacitly to admit East and West Berlin and East and West Germany couldn't be unified. It also shut off the flow of valuable East-German non-Communist manpower and brains to the West.

PLEASE SHUT UP

It's almost as if, after the wall went up, Khrushchev had said to East German Communist boss Ulbricht: "You got enough to keep you quiet awhile so will you please shut up."

Listing this catalogue of quietudes is like writing a memo, shoved into a bottle and tossed

Super Strain of Wheat Developed by Russia

MOSCOW (AP) — The Soviet Union claimed Tuesday to have developed a new super strain of wheat.

The Soviet news agency Tass said the wheat, developed in Kazakhstan by Leningrad biologist Svetlana Ostreiko, has 100-150 grains per stalk compared to 40-50 of present good grades.

Convicted of Plotting Against Government

First Head of S. Korean Junta to Die

SEOUL, South Korea (AP) — Chang Do-yung, first titular head of the junta that toppled civil rule in South Korea, was convicted today of plotting against the military government he headed. As expected, the revolutionary tribunal set up by his former colleagues sentenced him to die on the gallows.

Chang, the army chief of staff at the time of the May coup and a hero of the Korean War, agreed only after the coup was an accomplished fact to head the ruling junta and take the country's premiership. Throughout his two months in office the real power was held by Gen. Chung Hye Park, the leader of the coup who replaced Chang as head of the junta.

Condemned to death with Chang on similar charges of counter-revolutionary activity was his former secretary, ex-Col. Lee Hol Yung.

FOUR GET LIFE
The five-man tribunal also ordered life sentences for four other defendants, including two former junta members; gave prison terms ranging from 5 to 15 years to nine persons and acquitted nine others.

Death verdicts automatically go to an appeals court. If upheld there, they must be reviewed by Gen. Park.
The revolutionary prosecutor called Chang "a sly, base opportunist" and accused him of playing both sides of the fence.
He said Chang sent military police to the Han River bridge May 16 to block coup forces from entering Seoul to oust the elected government of Premier John M. Chang. After he joined the junta, the prosecutor charged, Chang condoned efforts of his followers to take over the government by organizing a factional group based on "provincialism" and other personal connections.

The two former junta members given life sentences were Col. Park Chi-ok, commander of the paratroop unit that spearheaded the coup, and Col. Moon Jai-joon, army provost marshal after the coup.

Long OR Short, Says U. of M.

Readers Like Editorials

ANN ARBOR, Mich. — There's no truth to the popular notion that newspaper readers read short editorials but shy away from the long involved ones.

So says the University of Michigan's journalism department which published the results of a study of the subject in its journal quarterly.

Associate Prof. Dean C. Baker and James C. MacDonald, a former U. of M. faculty member now with the Toledo Blade, said their study revealed that readers of editorials generally cover more of them in spite of length or difficulty.

The study showed 22.3 per cent of newspaper readers read editorials, and neither weekday morning nor afternoon papers have an edge in such readership, although both are read more widely than Sunday papers.

Men read editorials more often than women, but long editorials failed to discourage either sex, the researchers said.

The study was based on evaluation of 1,000 editorials.

See Weather Too Bad for Dogs, Not People

MONTGOMERY, Ala. (AP)—It wasn't a fit night out for dogs, but for people, that was different. The city pulled its six police dogs off their beats about 9 o'clock Tuesday night because of sleet and snow. About the same time a street crew was ordered out to put sand on icy bridges.

Boy, 15, Gets Life Term

LOS ANGELES (AP)—Ronald Dennis Wolff, 15, who killed his mother with an axe handle last May, has been sentenced to life in prison. A jury ruled last Dec. 20 that Wolff was sane at the time of the slaying and thus guilty of murder.

Furniture Ordered for Fire Station

Pontiac's new central fire station won't be completed for at least another 60 days but it's starting to get some furnishings and equipment.

With the ground floor completed, the City Commission has authorized City Manager Robert A. Slierer to proceed with the purchase of \$8,085.81 worth of furniture and equipment for the new station.

Most of the items will consist of file cabinets, tables, chairs and desks.

Purchase orders will go to low bidders for various types of equipment.

General Printing & Office Equipment Co. of Pontiac will supply \$3,428.74 of the equipment and Gregory & Leonard Office Equipment Co. of Ferndale will get a \$4,182.55 order. The remaining \$453.52 worth of equipment will be bought from Kelly Office Machines Co. of Royal Oak.

The \$375,000 fire station being built on E. Pike Street across from the Public Safety Building is slated to be opened this spring.

tions of editorials in 130 U.S. daily papers. For its purposes, "short" editorials were classed as up to 150 words, "medium length" were 200-300, and 400 and above were "long."

Avoid Extremes in Leadership, Is Nixon Message

WHITTIER, Calif. (AP)—Former Vice President Richard M. Nixon calls for "responsible leadership" which will avoid the extremes of the far left and the far right.

At a banquet honoring him on his 49th birthday Tuesday night, Nixon said: "Radicals of the right and radicals of the left are a small minority in the nation. But their influence is far greater than their number because they are so active and so noisy."

"The answer to the crooks and crackpots in politics is for responsible people, who make up the great majority in every community, to participate more actively in political affairs."

The banquet was sponsored by the Whittier Area Chamber of Commerce at Whittier College, Nixon's alma mater.

Cold Weather Factor in Army Base Crash

FT. HOOD, Tex. (AP)—Military authorities say paralyzing winter weather was a factor in a collision of an Army tank and truck at the army base Tuesday. Five soldiers were killed and 22 others were injured.

Three of the injured were burned seriously when the truck's 70-gallon gasoline tank exploded. The M48 tank and the truck, loaded with soldiers, crashed head-on in early dawn while bound for training areas.

Stops Constipation due to "Aging Colon"

Relief, doctors say, lies in new laxative principle that re-creates 3 essential steps to regularity. As you grow older, the internal muscles of your colon wall also age, lose the strength that keeps waste from the body. Stagnant bowel contents dry out and thicken so they fail to stimulate the urge to purge. Of all leading laxatives, only new Colomaid gives you special relief. (1) Colomaid prevents the formation of dry, hardened waste for easy passage without pain or strain. (2) helps restore baby colon muscles with unique rebalancing action. (3) acts gently on the nerve reflexes that stimulate the "mass movement" of your lower colon. Colomaid relieves even chronic constipation; it's so gentle it's safe even for expectant mothers. Two-Train Collision Kills 2 in Germany

BERLIN (AP) — A collision between two trains in East Germany

Tuesday cost two lives, the official East German news agency ADN reported. It gave this account.

A mail train crashed into a halted empty freight train in the railroad station at Wiedertsch, in the Leipzig district. The engineer and conductor of the

mail train were killed and two employees of the post office slightly injured.

Several cars were derailed and the track had to be closed temporarily. The cause of the accident has not yet been established.

N. J. Man Pays Water Bill With 3,830 Pennies

NEWARK, N.J. (AP)—"This is no gag," John Pesci said as he

paid his 15 months overdue water bill with 3,830 pennies Tuesday. The unemployed truck driver said he raided the piggy banks of his six children to get the water back on in their home.

A City Hall clerk balked at the counting job that faced him, quoting a state law that he need ac-

cept no more than 25 pennies in loose change. The parking meter department came to the rescue with a machine that automatically counts and wraps change.

A gas station air hose inflated two tires at a time with exactly equal pressure.

Women's Committees

To Head One UF Group

Appointment of Mrs. Joseph Fox of St. Clair Street as women's campaign committee chairman of the Pontiac Area United Fund Drive for 1962 was announced today by Mrs. Walter Noffsinger, women's division chairman.

"Mrs. Fox is an enthusiastic and capable leader," Mrs. Noffsinger stated. "Her experience with the United Fund drive during the past year as Pontiac chairman and work as district chairman and solicitor in other years will qualify her for the job ahead."

During the months preceding the annual drive, Mrs. Fox will be selecting and recruiting other chairmen who will assist her in obtaining and training some 1300 women to handle the women's residential campaign this fall.

Pontiac, Waterford and Lake Ann Arbor residents and small business clubs are made through the efforts of volunteer women on behalf of the 54 agencies supported by United Fund contributions.

Present Fine Music Program

By MARY LOUISE LINQSTROM

June Benton, a lyric dramatic soprano, and Rita Sloan, pianist, provided a fine program for the members of Pontiac Tuesday Musicals at their regular meeting and luncheon held at Fellowship Hall of Grace Lutheran Church Tuesday afternoon.

Miss Sloan opened the program with a brilliantly executed group of Chopin's works. For such a young person, she played these beautiful pieces with surprising sensitivity and finesse. Her technique was superbly clean and accurate. Concluding this group, Miss Sloan played a piece written by her own teacher, Julius Chajes, called "Palestinian Dance," which had a gay mood, but with an underlying, almost positive feeling characteristic of Jewish music.

FINE UNDERSTANDING

Mrs. Benton's opening group included three Irish country songs arranged by Herbert Hughes. She sang these numbers with a fine understanding of the haunting melodies.

Returning for her second group, Rita Sloan again opened for her audience with an intense feeling for the works of the composers, all outstanding for their type of music. Lark, Barber, Gershwin and Shostakovich. It was a real joy to hear such expressive playing from a girl who is certain to "go far" in her field.

June Benton concluded the program with a group of songs including Lennon's "Aria from 'Le Tasse'" by Benjamin Godard. She expressed a fine dramatic sense in this beautiful number. A lovely setting by John Duke of the poem "Loveless of Trees" gave the pleasant feeling of an evening, which is a most enjoyable program.

SENSITIVE SUPPORT

Margaret Oakley played the accompaniment for Mrs. Benton. Mrs. Oakley is a fine accompanist and gives the singer a sensitive support which is appreciated by any soloist.

The program was preceded by a short business meeting, conducted by the president, Mrs. J. B. Forman.

Committees for the day were: Don, Mrs. L. E. Wood and Mrs. A. E. Fisher; Ladies, Mrs. W. E. Lacey and Mrs. G. H. Wetherill; and social, chairman Mrs. G. H. Wetherill.

Other elected officers to be installed include Mrs. John Becking, vice; Mrs. Fernan Huston, recording secretary; Mrs. William Fyfe, financial secretary; and Mrs. William Sharp, treasurer.

Appointed officers are Mrs. Nell Curtis, rushing; Mrs. Theodore Marchbanks, singing; Mrs. Mae Thinsland, conductor; Mrs. Mervyn Bacon, right supporter to noble grand; and Mrs. Edna L. Galt, left supporter to noble grand.

Assisting Mrs. James are the following past noble grands, Mrs. Orley Reid, Mrs. Alfred Macdon, Mrs. Thora Beltinger, Mrs. Rich and Robert, Mrs. Harvey May, Mrs. Bernice Brown, Mrs. Lynn Foster, Mrs. Clarence Cox, Mrs. Arthur Foster, Mrs. Wesley Reid, Mrs. William Sutton, Mrs. Wilbur Perry, Mrs. Wallace, Mrs. Ann and Mrs. John Baker.

Serving as alternate officers will be Mrs. Bessie Shaw, Mrs. Schuster, Mrs. Liner Vanhook and Mrs. Russell Lee.

The meeting will begin at 7:30, with installation at 8:00 and refreshments served following the latter.

Abby Advises Wives

Don't Pick His Pockets

By ABIGAIL VAN BUREN

DEAR MISS VAN BUREN: Sixty years ago, when I was a young man, I read in the newspaper that a husband had charged his wife with "stealing" because she had a right to pick his pockets.

DEAR G. G.: I am not qualified to give legal advice. But it is possible for me to be LEGALLY right and MORALLY wrong. I still say it is morally wrong for a woman to pick her husband's pockets.

DEAR ABBY: My husband drives a truck for a living and is gone for a week at a time. I'm pretty lonesome and started thinking about accepting a date with a certain man who told me he didn't love his wife and had had a secret yearning for me for years.

I made the date with him

and was all set to go. Then I read the letter in your column signed HIGH AND DRY. That changed my mind. Abby, I will never get that lonesome again. Thanks for opening my eyes before it was too late. I wouldn't risk losing my husband and children for anything.

JUST IN TIME

DEAR ABBY: My fiancé and I are about to announce officially our engagement. I have seen pictures of a girl and her fiancé together on occasions like this, and I want very much to do the same.

My fiancé is giving me trouble. He says it is coming and signal and I should go ahead and give the society order my own picture and leave him out of it. I had my heart set on a nice picture of both of us but want to know if I am wrong or does he have a point?

GETTING MARRIED

DEAR GETTING: A picture of "the couple" is entirely proper if it is the paper's policy to accept it, some do and some don't. After you've learned this, don't discuss your fiancé's feelings, or more could develop than a picture.

DEAR ABBY: It's not always the woman who gets deceived. I felt for a pretty little red-headed girl who told me she was married. Five months and \$200 later I found out she was married. Please put this for all the men who get blamed for being fools.

FOOLED

DEAR ABBY: The letter from the woman whose husband didn't think he could make it down the aisle at his daughter's wedding said he had come with me. I was a widower when my daughter married and I fully intended to "go away" when she was all that.

She was married in the Protestant Church, and this member said she had to see the bride go in. She said she didn't want to see the bride go in. She said she didn't want to see the bride go in. She said she didn't want to see the bride go in.

The woman who prides herself on being frank is just being caty.
The woman who always does more than her share of the talking isn't nearly as fascinating to others as she is to herself.
The woman who tells you that her children never caused her one bit of trouble either has a short memory, or her children were more adept than most at covering up their mischief.
The woman who can be the funniest at someone else's expense is never able to appreciate a joke on herself.
The woman who isn't happy where she is, isn't happy where she "was," either.

Bethel Church Guild Members Slates Meeting

Bethel United Church of Christ Ladies Guild has slated a missionary meeting for Tuesday.
Mrs. Ralph Gix, president, recently named the following to committees: Mrs. Kurt Wischman, spiritual life; Mrs. Stewart K. Regier, Christian stewardship and Christian education; Mrs. Robert Peterson, Christian service and social action; and Mrs. Raymond Haerter, cards and flowers.
Named to the membership and publicity committee are Mrs. Albert Kugler, Mrs. Henry Heimkamp and Mrs. Clarence Shearsh.
Topic for the Thursday evening meeting at the church parlors was Home Benevolences with the Rev. Donald Gabler in charge. Colportages for the evening were Mrs. Peterson and Elizabeth Gordon.
A regular group meeting is scheduled for Feb. 1.
To prevent book ends or vases from scratching polished tables, glue a pad of foam rubber under the base.

SEW SIMPLE By Eunice Farmer

This week's winner of a Tailor Tix pressing board is, Mrs. Ralph J. Stewart of Royal Oak, who sends this suggestion:
"Whenever I have a blouse with a 'tail' on the side, or a slit or pleat in a skirt, I sew a flat hook from a hook and eye set, just above the opening. This prevents the garment from ripping open from the constant strain and pull on the fabric."

"Dear Eunice,
"Being the mother of four boys, my sewing is not the 'glamour' type, but rather patching and mending. Since they all get new shirts for Christmas, perhaps you can help me with one of my biggest headaches, TORN POCKETS. Among the top repair jobs are replacing buttons, and knee patches."
Mrs. M.R.
Dear Mrs. M.R.:
I think there is a rather simple solution to your "pocket" problems. Baste a strip of muslin across the top of the pocket, on the WRONG side of the shirt. This strip of muslin should be about 2 inches wide and 1 inch longer than the pocket.
From the RIGHT side of the shirt, machine stitch over the previous stitching, from the top corner down about 2 inches. Use a rather small machine stitch and double stitch at the corner. Use a rather small machine stitch and double stitch at the corners. This added piece of fabric under the pocket will do wonders in preventing the pocket tears.
As to replacing buttons: May I suggest you sew them on with a shank, in other words, not too tight or close to the garment. I use button-hole twist for sewing on these buttons, or else heavy-duty thread. Many of our readers have also suggested using ELASTIC thread, you may also try this.
When sewing "knee patches" on jeans, it is best to use the press on type of patches. After the patches have been pressed on, machine stitch close to the outer edges. The machine stitching will not show and will prevent curling up and pulling off in the washer and dryer. When machine stitching any small, hard to get at place, turn this part of the garment wrong side out. In this way, the presser foot will fit nicely in the narrow area since there will be nothing pulling it out of position from under the presser foot.
"MY MISTAKE"
You are really on your "toes"! Thanks to all of you who immediately wrote me about the recent column on handling fur.
It was an omission on my part when I neglected to tell you to use a RAZOR BLADE when cutting the felt. This is absolutely necessary and important in order to avoid cutting the hairs on the fur. Since you have marked your fur on the "felt" side, you would also cut from this side.

"Dear Eunice:
"In pinning a pure silk taffeta fabric recently, I noticed pin marks, even though I had used the finest silk pins available, as you suggested. These marks don't even come out in pressing. Can you give us any help on this?"
Mrs. F.G.
Often a very fine pure silk taffeta or satin will show pin marks more readily than any other fabric. We have figured out a solution. Use No. 9 or No. 10 needles instead of pins and remove them just before machine stitching. These will completely avoid any marks because they are much finer than the finest pin.
While we're on the subject, I might add another tip or two. Be sure and use a new sewing machine needle for machine stitching any silk fabrics. Use the finest needle you can buy and don't sew over pins. Also, when doing any basting, use SILK THREAD, the thread marks will not show if you have to press over the basting.
YOUR SEWING GLASSORY
Underlay: This is usually a piece of fabric placed under other pieces to give the effect of a slot seam. An underlay could also be a separate piece of fabric applied in a pleat.

If you need help with bound buttonholes, send a self-addressed, stamped envelope with your request for "Bound Buttonholes." Address Eunice Farmer in care of The Pontiac Press.

Christian Circles Meet at Church, Tell 1962 Plans

The Christian Women's Fellowship of the First Christian Church met Tuesday evening in the prayer room of the church.
Mrs. John Appleton gave the program, "Attempt Great Things." Expect Great Things.
The group held their 1962 expectations for the church, the fellowship and world missions. On a companion list, each woman outlined her resolutions for arriving at these goals.
Mrs. Harry Kume reported for the Elizabeth Circle, Mrs. William Thompson, the Lydia Circle, and Mrs. Eugene D. Thompson for the Naomi group.
The circles will continue support of the church library and its supervision. The Woman's Day of mission was dedicated to world missions.
The meeting closed with a worship session by Mrs. Harold Brown. Rev. Jack H. C. Clark, pastor, was a guest.

Newlyweds
Back From
Trip South

The Franklin M. Friedmans who were married in Congregation Beth Abraham, Detroit, have returned from a honeymoon at Miami Beach to their home on Salmer Avenue.

The former Rae Goldstein is the daughter of Mrs. Samuel Goldstein of Detroit and the late Mr. Goldstein. The Max Friedmans of Kalamazoo are parents of the bridegroom.

Rabbi Israel Halpern performed the Dec. 24 ceremony, assisted by Cantor Shabtai Ackermann.

Mrs. Sidney Goldstein, Oak Park, attended her sister-in-law as a matron of honor with bridesmaids Annette Guttman, Detroit, Edeline Bloom, Oak Park, and Sue Brul, Kalamazoo.

On the esquire side were Dr. Victor Bloom, Oak Park, his brother-in-law's best man; and ushers, Louis Johnson, Ford Road, Kalamazoo and Dr. Sidney Goldstein, Oak Park.

Child, Adult Lie to Deceive Themselves

BY MURIEL LAWRENCE
Newspaper Enterprise Assn.

In Somerset Maugham's story "Miss Sophie Thompson," you'll recall that a missionary to a tropical island meets a notorious but attractive girl.

A high-minded man married to a cold fish of a wife, he is as

scornful of other people's sexuality as he is of his own. As he looks on undauntedly to save Miss Thompson's soul. But in a climax that his zeal for her soul's salvation has been largely zeal for the possession of her body.

Four Rev. Davidson was a liar. And he lied for the reason that

all of us lie, growpods and children alike, to preserve an image of ourselves as more moral, or more loving or more efficient or more successful than we actually are.

This is my answer to a reader who writes, "When do children's lies become serious? Once when our little girl told us that she'd heard some kittens talking, we did

not punish her as we knew that small children lie out of imagination. But this week she denied that she had broken a bottle of cleaning fluid.

As the Rev. Mr. Davidson felt obliged to present himself to others as a man who was above sexuality, your little girl felt obliged to present herself to you as a child above the breaking of cleaning fluid bottles.

The experts who insist that children's lying is different from our lying do not help parents to understand and deal wisely with youthful falsehood.

It is only when we perceive that fancy lies for the same reason we do that her lie can lose its moral force for us.

Then, when she lies about breaking a cleaning fluid bottle, we don't want our hands or under-take to wrench the truth from her. Instead, we say that she has simply denied the bottle-breaking part of herself in order to preserve an image of herself as a little girl who treats lies as gently.

So, we do not punish. We just say, "Where did you see the idea that I'm against bottle-breaking? Let's set this straight. You're both wrong or later."

Lose With Marathon

Be Kind to Friend Zipper

BY JOSEPHINE LOWMAN

You have to meet a zipper halfway. Even a few extra pounds can put a terrific strain on these little friends of ours who stretch and squeak in our behalf. And if you are 15 or 20 pounds overweight, it's up to you as well as the zipper.

Both of you and your zipper can be much happier just eight short weeks from now if you will follow my 4-Week Self-Improvement Marathon which brings you a loss of from 15 to 20 pounds.

Losing weight is a simple matter of mathematics. You must eat less food than you need for the energy you expend. Then some of those excess pounds will be used to stoke the furnace.

BE SCIENTIFIC

When cutting down on calorie count, it is especially important that you plan your menus scientifically. Build your diet with lean meat, fish, poultry, eggs, cottage cheese and creamed soups, soups, fresh fruits and vegetables, two glasses of skim milk daily, and some whole grain products. Cut down on your carbohydrates and fat intake, but do not cut them out entirely.

You will be surprised by how well you can eat on from 1,200 to 1,400 calories a day.

The most successful reducing is a combination of diet and exercise. Exercise improves tone as the pounds drop away, and it speeds the loss in inches as well as weight. Also, there are many happy by-products.

Often women find, after a period of regular daily exercise, that constipation is no longer a problem, that stiff joints become comfortable and that their chronic fatigue is a thing of the past.

Most of you know about my 4-Week Self-Improvement Marathon. But for new readers should know that thousands of women all over the country join to see how much they can improve themselves in eight short weeks, with no help.

If you would like to join Marathon for a loss of from 15 to 20 pounds (or less if you do not want to lose that much), send 10 cents and a stamped, self-addressed envelope with your request for the Marathon booklet. Address: Josephine Lowman in care of The Pontiac Press.

Chore Bright

(NEAT—The wise homemaker keeps her cleaning supply closet in good order. It's so easy not to clean if getting the supplies ready is a chore in itself.)

You can get your legs and waist in shape with this exercise — left leg and arm go forward, right arm back; alternate. Every measurement can be cut down to size if you follow the diet and exercises outlined in the Marathon.

Assistants Group
to Show Styles

At a monthly meeting of the Oakland County Medical Assistants Society Wednesday in William Beaumont Hospital, plans were completed for a luncheon and fashion show to be given Saturday, Jan. 20. Party will take place at 12:30 o'clock in Kingsley Inn.

Membership Chairman Mrs. William A. Zaleski, of Pine Street, has appointed Mrs. Stanley Dwork of Lathrup Village in charge of tickets.

Handling other details of the luncheon are Mrs. Robert E. Doyle and Mrs. Betty Oakes.

Stay Stitch Helps

(NEA) Machine stitch three-quarters inch away from the edge of garment pieces soon after you have cut them out. This will keep the material, on neck edges for example, from stretching while you work on darts, side seams, etc.

Singing Group Has Resumed Its Activities

Pontiac Women's Chorus resumed activities in the area Tuesday evening.

Directed by George R. Scott, the chorus rehearses at 8 p.m. Tuesdays in Mark Twain School. Charles Wilson is the group's accompanist.

Auditions again are open to any girl or woman who enjoys singing vocal music under excellent leadership with a congenial group of women, according to Beth McCarter, publicity chairman.

Tryouts will be conducted until the end of February with a formal spring concert to inaugurate activities.

Sponsored by Pontiac Parks and Recreation Department, the chorus is available for concerts to all civic associations, school and church groups. Further information regarding membership or performances can be obtained by contacting Mrs. Carl Leonard, who acts as president of the department of parks and recreation.

Club Holds Exercising Session

Mrs. Frank Reichert led exercises when Fashionette Club met for "gym night" Tuesday in Adah Shelly Library.

Discussions on dieting, make-up application and hair styling were conducted by Mrs. Bert Hillock, program chairman.

Mrs. William Ange was trophy winner for losing the most weight this week. Mrs. Frederick Root was last week's winner.

Mrs. Daniel Navarro received an award for winning December's greatest weight loss contest. Mrs. Ange, Mrs. Frank Reichert and Mrs. Martinus Hanson also earned prizes for high weight loss last month.

Committee heads appointed by

newly elected president Mrs. John Reichert are Mrs. Hanson, sympathy and relief fund; Mrs. Frank Reichert and Mrs. Ange, hospitality; Mrs. Root, contest; Mrs. Peter Hernandez, telephone; and Mrs. Albert Lovse, kitchen supplies.

Mrs. Hillock announced that the next six months' schedule of events will include added programs on dieting and improving personal appearance.

White elephants will be brought to a "games night" meeting at 7 p.m. Tuesday in the Shelly Library. Women interested in losing weight have been invited to join the club.

A Rundown of Issues for Congress

WASHINGTON (AP)—Here's a rundown on the second session of the 87th Congress convening at noon today.

EXPECTED BIG ISSUES

President Kennedy's proposal for sweeping power to cut tariffs in dealing with the European common market.

Medical care for the aged under Social Security.

Proposed purchase of \$100 million in U.N. bonds, mostly to help finance U.N. operations in Congo.

Tax revision to encourage business investment and combat unemployment.

Some federal aid to education.

Revision of farm programs, covering several commodities.

The usual rows over spending and foreign aid.

Democrats have big majorities in both Houses, but Republican Southern Democratic coalition is set to give Kennedy trouble.

THE LEADERSHIP

House—Rep. John W. McCormack, D-Mass., tapped for speaker, succeeding the late Sam Rayburn. Rep. Carl Albert, D-Okla., elected majority leader, succeeding McCormack. Rep. Charles Halleck, R-Ind., continues as minority leader.

Senate—Sen. Mike Mansfield, D-Mont., continues as majority leader, and Sen. Everett M. Dirksen, R-Ill., as minority leader. Chairmanship of Republican Policy Committee must be filled because of death of Sen. Styles Bridges, R-N.H. The contenders are Sens. Bourke B. Hickenlooper of Iowa and Leverett Saltonstall of Massachusetts.

State Changing Highway Signs on U.S. 12-112

LANSING (AP)—The State Highway Department started a sign change over this week on the two main routes between Detroit and New Buffalo. Some 1,500 signs will be changed.

Crows will take down all U.S. 12 markers along I-94 freeway and remove all U.S. 112 markers along U.S. 112 and replace them with U.S. 12 signs.

When the shuffle is completed, former U.S. 112 will become U.S. 12 and former U.S. 12 will be come I-94.

The department said the change is being made to permit continued uniform numbering of the U.S. 12 route between Detroit and Yellowstone National Park in Wyoming. Old U.S. 12, being replaced by 194, is open to traffic between Detroit and Sawyer, near the Michigan-Indiana state line.

Norma Knowland Dies

OAKLAND, Calif. (AP)—Norma Knowland, 40, widow of Joseph R. Knowland Jr., former assistant publisher and general manager of the Oakland Tribune, died Tuesday. She was a sister-in-law of former Sen. William F. Knowland, editor and assistant publisher of the newspaper.

Senate—64 Democrats, 36 Republicans; 5 vacant seats, formerly held by Democrats.

House—Rep. John W. McCormack, D-Mass., tapped for speaker, succeeding the late Sam Rayburn. Rep. Carl Albert, D-Okla., elected majority leader, succeeding McCormack. Rep. Charles Halleck, R-Ind., continues as minority leader.

Senate—Sen. Mike Mansfield, D-Mont., continues as majority leader, and Sen. Everett M. Dirksen, R-Ill., as minority leader.

Chairmanship of Republican Policy Committee must be filled because of death of Sen. Styles Bridges, R-N.H. The contenders are Sens. Bourke B. Hickenlooper of Iowa and Leverett Saltonstall of Massachusetts.

U.S. 12, being replaced by 194, is open to traffic between Detroit and Sawyer, near the Michigan-Indiana state line.

Woman Is Fined \$40 or Trick on Relative
PARIS (U. P.) — Mrs. Mariette Leblanc, 34, has been fined \$40 or 30 days (40) for putting marbles under the welcome mat of her sister-in-law's apartment.
The victim, Mrs. Charlotte Courray, 31, suffered serious back injuries when the mat spilled her on court was told.

Take Mondays Off; Get Some Exercise

Scribe Offers Tips on Surviving Bleak Year Ahead

By HAI BOYLE
NEW YORK (AP)—If there is anything the average man feels he needs most in the first few days of a new year, it is probably a survival kit.

BOYLE
"How will I ever make it through 1962?" he asks.

Here are a few survival tips that may prove helpful.
The problem that ages most people long before their time is the killing order of having to face going back to work on Monday.

Ask your boss if, instead of having Saturdays and Sundays off, you can have Sunday and Monday off. Tuesdays are always unmixed with surprise. But this is almost immediately followed by a feeling of bleak despair as he looks at the clock at the end of the week and months ahead.

Are you perpetually annoyed by the number of women who endlessly pursue you? Simple. Quit putting on four dates of the week daily. Use only one day every other day. Even better, use jerk fat.

PIETY THE PRESIDENT
Are you fearful that the government's proposed crackdown on expense accounts will cramp your style of living? Well, be consoled. There are others it may be harder for. Take John F. Kennedy. It is true, he gets up to \$50,000, not taxable, for travel and entertainment. But there's an additional \$50,000 expense allowance he has to justify to the tax people—and him with a new party in the house to feed, too.

If it worries you to borrow money, but you feel you have to in order to make it through the year, borrow from a friend. One ever got ulcers worrying about paying back a true friend. Remember, your health comes first.

GET EXERCISE
Get more exercise. If you run around your bar stool three times for each sip of a true friend, you'll have the chest of a champion in no time. Don't bother to explain this practice to your favorite bartender; he expects odd behavior from his martini customers.

RELAX MORE
Learn to relax more efficiently. Get one hour more of sleep in bed at night, and two hours less in the office swivel chair each day.

cigarette stubs. It's the principle and you'll cure not only your own tension about the boss—you'll ease the boss' tension about you.

Be your own best friend. What everyone needs most is his own self-approval. So have a little photograph record made in which you tell yourself, "The world couldn't go around without you, old pal. Without you I would be nothing. You're the greatest. Keep living! My buddy, my buddy, my buddy!" Play this record over and over—until you believe it.

Follow those tips, tried and true, and you'll easily weather '62. PH. and happy, hale and hearty—you'll be the life of next year's party.

Jet Expert Tells of Bird Danger

SAE Hears Speech on Research Being Done to Change Engine Inlets
DETROIT (UPI) — Jet planes are still subject to engine damage from flocks of birds, federal safety expert said Tuesday.
E. J. Briggs of the Federal Aviation Agency's flight safety service, said there have been over 40 reports of jet engines ingesting birds in the last two years on U.S. commercial jet transport operation.

Briggs, here to attend a meeting of the Society of Automotive Engineers, said that in 12 cases there was damage to varying degrees but no resulting accidents.

On Nov. 2, 1960, an Electra crashed near Boston Airport after striking a flock of starlings on takeoff. Bird wreckage was found in three of the four engines.
But Briggs said it was determined that at the time of the crash, three engines were producing substantially full take-off power with the fourth engine fully feathered.

Information gathered by the Air Force, he added, showed that from 1956 to 1960, jets ingested with military aircraft engines on 73 occasions with 19 accidents resulting.

Briggs said plans are under way to study ways of designing engine inlets to minimize or prevent such accidents.

42 Arrested in Canada on Narcotics Charges

VANCOUVER, B.C. (AP)—Police seized 12 suspected narcotics peddlers and distributors in three western Canadian cities Tuesday. Thirty-eight of the arrests were made here. Two others were in Victoria, B.C., and two in Calgary, Alta.

Past 40? Better Not Try Chubby Checker Cha-Cha

CHICAGO (U. P.)—The gyrations of the Twist dance are not for the geriatric, the American Medical Association says.

"If you are past 40 and if you most vigorous exercise consists of walking from the parking lot to the office, think twice before you throw yourself into a vigorous session of the Twist on Saturday night," the AMA advised.

The medical group said the new fad varies with the hula hoop as possible cause of dislocated joints, slipped discs, muscle sprains and sacral fracture damage.

GR Furniture Market Re-Elects President

GRAND RAPIDS (U. P.)—John W. McDermott Co. Vice President Gordon Stuart Tuesday was re-elected president of the Grand Rapids Furniture Market Association. Members at the annual board meeting also confirmed June 14-23 as dates for the summer market.

"I'm in High School and I've read those ads telling how The Pontiac Press covers this area better than any other paper. That's the truth, too, and I have a special interest myself."

You Have? What's That?

"Only The Pontiac Press gives us All-County and All-Area athletic teams with every player considered and every player having an equal chance. These selections are terrific and it's a big honor."

The young man's right. No other paper covers this area in such detail and yet carries all the sport news of the whole world, plus wonderful photographs. Pontiac Press sports pages are a "must" in any group.

MOUSE SALAD — For buffet entertaining double the recipe for one large impressive, 4-cup mold and eight individual, 4-ounce size molds. With salad greens on your loveliest serving dish, set the big mold in the center with individual molds circled around it. Nestle three stuffed olives in between each individual mold as shown in the picture. Serve a cloud of mayonnaise for those who would like some, and an assortment of piping hot rolls.

Cranberries, Chicken Molded Together

Since the holidays you have seen recipes. Now you'll want to probably read most of your left this good idea for Mr. Chick's second appearance. This food with the bird is so good, you will find everyone gobbling it up in a hurry. Someday with the roast chicken around you'll even use canned chicken.

For an easy Sunday supper or any other business this chicken Cranberry Mousse will be the most compliments. Even those who are diet conscious will be brought to take just a little bit more.

A mold is always considered rather elegant and a bit special, but the secret here is in the wonderful contrast of flavors. The top half is a juicy cranberry crown set on top of a creamy chicken mixture. The three purposes of the instant powdered chicken makes the chicken part of the mold contrast delightfully with the tart acid of the cranberry.

Chicken Cranberry Mousse
1 chicken layer
1 tablespoon oil envelope until covered
1 cup water
1 (16 oz.) can whole cranberry sauce
1 cup chopped nuts
2 tablespoons lemon juice
Sprinkle gelatin on water to soften. Place over low heat and stir until gelatin is dissolved. Combine cranberry sauce, half meats and lemon juice. Add the softened gelatin and stir. Blend. Pour into 8 4-oz. individual molds and chill until firm.
Chicken layer
1 tablespoon oil envelope until covered
1 cup chicken stock
1 cup instant powdered cream
1 1/2 cups lemon juice
1 1/2 cups finely chopped cooked chicken
1 cup finely chopped stuffed olives
Sprinkle gelatin on chicken stock to soften. Place over low heat and stir until gelatin is dissolved. Combine cranberry sauce, half meats and lemon juice. Add the softened gelatin and stir. Blend. Pour into 8 4-oz. individual molds and chill until firm. Then turn out onto a cooling rack to cool. Makes 1 small loaf.

To serve: Unmold on serving plate 3 to 5 minutes or until peaks form and garnish with salad greens. Cold in remaining ingredients. *One chicken bouillon cube dissolved into molds on top of cranberry in a cup of hot water may be used instead of chicken stock.

Orange Dressing
Good on Avocado
This interesting new salad dressing is a delightfully flavored combination that is delightful with avocados.

Take a New Look at What Goes Into the Lunchbox

BY JANET ODELL
Pontiac Press Home Editor
It seems to me that this is a good time to present you with some new ideas for lunch boxes. The holidays are over and the long winter pull is still ahead of us. Even if the family isn't tired of the same food, Mama is probably weary of fixing it.

Onmeal sandwich bread can be made as a quick loaf if you use our recipe. Not only the loaf, but the cup of evaporated milk makes this bread a truly nutritious one. If you use peanut butter and raisins for the filling, your child will have a sandwich high in food values.

We suggest your making this bread the day before you intend to use it. It will taste better, you know.

Quick Onmeal Bread
1 cup evaporated milk
2 tablespoons vinegar
1 cup uncooked quick cooking rolled oats
1 egg
1/2 cup firmly packed brown sugar
2 tablespoons butter, melted
1 cup sifted flour
1 teaspoon salt
1 teaspoon soda

Stir vinegar into evaporated milk. Pour over rolled oats in a medium size mixing bowl. In a small bowl, beat egg until light. Add sugar and beat until fluffy. Stir egg mixture into oat mixture, then stir in melted butter, sifted flour and soda together into the oat mixture. Stir only until dry ingredients are moistened.

Turn into a well greased loaf pan 8 1/2 x 4 1/2 x 3 inches. Bake in preheated moderate oven (350 degrees) until a toothpick inserted in center comes out clean, about 30 minutes. Cool 10 minutes in pan, then turn out onto a cooling rack to cool. Makes 1 small loaf.

Start of Meat Curing Is Lost in Ancient Times

NEW YORK (UPI) — Primitive methods of meat curing included burying fresh pork legs along the seashore to be cured by the action of salt water, says the American Meat Institute.

Meat curing itself is so ancient an art that its origins are unknown, the institute added. Some authorities think curing originated when primitive man handled meat on salty ground. Others speculate that man's natural hunger for salt brought about the discovery, and that hunting parties may have rubbed salt directly on meat rather than carry the two supplies separately on their trips.

Another early meat curing process called for meat to be packed in barrels of salt. This created the name of meat curing, but the method produced a dry, heavily and unevenly salty product.

With the invention of mechanical refrigeration, brine curing was adopted. Meat was rubbed with dry curing ingredients, then induced in a vat with a briny liquid

cheese, but with a difference. This is a highly seasoned spread that adults will no doubt like better than children. It can be used as a dip instead of a spread if you like.

Force 1 cup cottage cheese through a fine sieve. Blend in 1 tablespoon minced anchovy or anchovy paste to taste. Add 1 tablespoon powdered mustard, 1 tablespoon whole caraway seed, 1 tablespoon rapeseed or minced sour pickle, 1 teaspoon instant minced onion and mix well. Add 1 cup (1/2 pound) softened butter or margarine and mix well. Mound on a serving dish. Garnish with parsley and a dash of paprika. Makes about 2 cups mix.

Lots of flavor-filled dates in the stores at this time of year. We realize how fortunate they are to have dates all pitted. It certainly does make cookie making easier. Date cookies will taste good with that vacuum bottle full of hot cocoa that you send in Junior's lunch box.

Soft Date Clusters
2 cups dates
1/2 cup shortening
1 cup sugar

1 egg
1 teaspoon vanilla
2 cups sifted all-purpose flour
1 teaspoon salt
1/2 teaspoon soda
1/2 cup buttermilk

Slice dates. Cream shortening and sugar together thoroughly. Add egg and vanilla and beat well. Stir flour with salt and soda. Blend into creamed mixture alternately with buttermilk. Stir in dates. Drop by teaspoonfuls onto greased baking sheet. Bake in moderately hot oven (375 degrees F.) 10 to 12 minutes. Be careful not to overbake. These cookies should not be brown. Makes 3 1/2 to 4 dozen cookies.

Grapes a Nice Plus in Chicken Salad

When you want to serve a salad at an evening party, this is a good one to choose.

Chicken Salad Plus
4 cups cubed cooked chicken
1/2 cups finely diced celery
1 cup halved seeded grapes
1/2 cup (or more) mayonnaise
2 tablespoons lemon juice
Salt and white pepper to taste
Mix all the ingredients; cover and refrigerate for several hours (or longer) before serving so flavors combine. Serve on salad greens and garnish as desired. Makes 6 servings.

NEW FOR COCKTAILS—Tidbits of canned pineapple and whole shrimp are skewered together to make a flavorful hors d'oeuvre. The combination is dipped into a pineapple batter, then fried quickly in hot fat. It's new, different and delicious.

Canned Cherries Flood Market

"It's cherry time all the time" says the Marketing Agent, Mrs. Josephine Sawyer. And there's no better time than a wintry day to include this bright colored fruit in your menu plans.

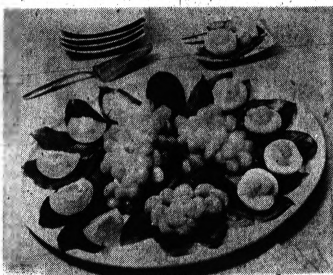

The 1961 red cherry crop was about 23 per cent larger than estimated at harvest time. About half these cherries were packed with sugar in 30 pound tins, then frozen. This is good news for the quality-conscious consumer, for cherries packed in this way maintain much of their natural color and improved in flavor and hold their firm texture.

These frozen cherries will appear at the grocers in many different forms. Prominent among these are frozen pies, tarts and dumplings; jellied cherry sauce and whole cherry sauce; cherry pie filling; and cherry-apple juice.

The jellied cherry sauce is an excellent accompaniment for meats, adds color and flavor to salads, and makes appealing side dishes. Add it to mayonnaise for use as a dressing in Waldorf salad.

The cherry pie filling is conveniently ready to use. A can fills an 8-inch pie shell, 4 small tarts, or makes enough filling and topping for an average size angel cake.

Whole cherry sauce may be used as a ham sauce or glaze. Or serve it with poultry meats. Cherry products are more generous in supply than at any time since the early 1930's.

FRUIT LAZY SUSAN—Canned Muscat Grapes, gorgeous glistening ones, are certainly a convenient food delight. So many ways to use them: as garnish, in delicate meat sauces or fine fruit cups or on these lovely cheese rounds shaped to form grape clusters, shown here as the center-piece for our Lazy Susan of Japanese Fruits.

Fruit Combination Excellent for Dessert

A favorite dessert on many tables today is a fruit bowl with cheese. Here is an adaptation of this idea, using a variety of interesting canned fruits from Japan and a mound of cream cheese. Beautifully arranged on lemon or grape leaves, it is like bringing the bounty of the summer's sun to brighten a winter table.

These canned Japanese fruits offer a fascinating change of pace from the canned or fresh fruits we are accustomed to eating. 20th Century fruits have been developed in Japan and are packed in quarters for shipment here. Firm and sweet, you will find them surprisingly crisp as compared to the softness of our domestic canned peaches.

Canned Mandarin Oranges—plump, golden segments packed in light syrup with no seeds, rind or membrane—have already won a favored place in American homes. There are innumerable ways to use these handy orange sections but there they are spooned onto a plate with other fruits and a helping of cream cheese, to be used as a garnish for white peach halves.

These delightful white peaches, sometimes called Snow Peaches, also come from Japan. They are packed in halves. Here each half is filled with two little Mandarin orange sections. This is a colorful, unusual and delicious dessert which you will be proud to serve your family or guests.

- Japanese Fruit Lazy Susan**
- 1 15-ounce can Japanese Muscat grapes, drained
 - 1 large package cream cheese
 - 1 tablespoon Japanese pickled ginger sprouts or preserved ginger, chopped
 - 2 tablespoons cream
 - 1 11-ounce can Japanese 20th Century pears
 - 1 jar cheddar cheese spread
 - 1 15-ounce can Japanese white peaches
 - 1 11-ounce can Mandarin oranges
 - Lemon leaves or Grape leaves

Meat Names Trace History of English

CHICAGO—"Beef," "calf" and "pork" are common words to us today. But did you know that they traced the growth of the English language in these names for meat?

After the Norman conquest of England, the language of the court was Norman-French. The magnificent roasts that graced the tables of the feudal masters were called by Norman names, the American Meat Institute tells us.

The common people, who tended the livestock of the conquerors, continued to speak their native Middle English dialects. What the herders called him, calves, swine and sheep became "beuf" (beef), "vielle" (veal), "porc" (pork) and "mouton" (mutton) when it reached the rulers' kitchens.

Gradually the nationalities merged, and we acquired two useful sets of words to describe the live animals and their meat. The modern French have borrowed back at least one term lent us by the Norman-French: "Roast," the tables of the feudal masters' "bit" on a French menu is only an adaptation of "roast beef."

Tempura Appetizers Are Batter Dipped and Fried

Canned pineapple chunks add a refreshing touch to this exotic hors d'oeuvre. Skewer the pineapple with prawns or shrimp on small wooden picks. Roll in seasoned flour, then dip in a pineapple batter lively accented with ginger. Fry quickly in shallow fat to a rich, golden brown. This interesting and unusual new appetizer is excellent served with soy sauce or your favorite seafood dip.

Pineapple Cocktail Tempura
10 prawns, uncooked fresh or frozen 4x2 1/2 to 3 dozen large shrimp
1 No. 211 can pineapple chunks 1/2 cup sifted flour
1/2 cup water
1 egg, beaten
1 teaspoon ginger
But oil for frying

Remove shell and tail and devein prawns; cut each prawn into thirds. If shrimp are used, leave whole. Drain pineapple, reserving syrup. Skewer a piece of prawn or whole shrimp and a pineapple chunk on small wooden picks. Roll skewers in 1/2 teaspoon salt.

Beat remaining flour and salt with water, 1/2 cup pineapple syrup, egg and ginger to a smooth batter. Dip drained skewers into batter, drain slightly and drop into heated shallow fat. Fry until shells browned, turning once. Fat should be 1/2 to 3 inches deep and about 365 degrees F. on a deep fat frying thermometer.

Drain appetizers on rack or absorbent paper and keep hot until served. Serve plain or with a dip of any sauce or hot catsup or your favorite seafood dip. Makes about 2 1/2 to 3 dozen appetizers.

Peppier Fritters With Tabasco

Here's a menu that you could serve three times a day—breakfast, lunch and supper. Not all in the same day, of course! What we mean is that a meal begun with glasses of rosy red tomato juice and followed by a hot platter of crisp, browned appetizers and golden fried corn fritters is something to get up for on Sunday morning. It's also an easy-to-fix Saturday lunch, and it could well serve as supper any night in the week.

Thanks to the marvels of our canning industry, corn is one of the best packed foodstuffs we enjoy all year round. These corn fritters are made with eggs, flour, salt and a touch of the spice that's Tabasco, the liquid red pepper seasoning for use instead of black pepper. With Tabasco, no specks mark the smooth yellowness of the corn fritters. Serve them with your favorite brand of sausages for a flavonous main dish.

And—oh, yes! If you haven't tried it, discover what a little spark of Tabasco can do when you add it to a cool glass of tomato juice!

Tabasco Corn Fritters
2 eggs, separated
2 cups cooked corn
1 teaspoon salt
3/4 teaspoon Tabasco
1/2 cup flour
6 tablespoons fat or salad oil
Beat egg yolks until light; mix in corn, salt, Tabasco and flour. Beat egg whites until stiff but not dry. Fold in corn mixture. Drop by tablespoons into hot fat in skillet. Cook fritters until brown on both sides, 4 servings.

Colorful Dish Comes From Classic Cooks
This classic combination of spinach, eggs, ham and cheese makes a fine breakfast dish.
Ham and Eggs Florentine
1 1/2-lb. (10 ounces) washed, trimmed spinach
1/2 teaspoon salt
6 tablespoons heavy cream
1 egg
2 tablespoons grated Parmesan cheese
Wash spinach and drain, in a large saucepan over medium heat cook spinach with salt in water that clings to leaves; when water shows in bottom of pan, reduce heat, turn spinach with a fork several times and cook covered until wilted—5 to 10 minutes.

Remove and set aside; then blend dry mushroom soup into frying pan drippings and gradually stir in 1 cup, each, water and milk. Cook until sauce thickens and comes to a boil. Add bulk to sauce, cover and simmer for 15 minutes. Out of this world! 2 servings.

Indiana to Ask Review of Probation Status

Arizona May Remain in NCAA's Dog House

CHICAGO (AP)—Arizona's probationary period may be extended and toughened today at the 30th NCAA convention.

NCAA Executive Director Walter Byers would confirm only that a representative of the school would appear before the powerful NCAA Council during a morning session.

But speculation was lively that Arizona's one-year term, imposed a year ago for football recruiting violations, may not be terminated as scheduled.

Athletic director Dick Clouson of Arizona said he had been invited to appear before the Com-

mittee but insisted he had no idea of what would be discussed.

TERMED REVIEW
"As far as I know it is a routine appearance," Clouson said. "Just that of a representative called in as part of a review of the case."

Bill Orwig, Indiana's athletic director, also will appear at the closed session. Indiana was placed on NCAA probation for four years on April 27, 1959, also for football recruiting violations.

The Big Ten, which had taken similar action, restored the Hoosiers to good standing last spring.

and Indiana has appealed to the NCAA for a review of its penalty.

When Arizona was placed on probation a year ago, the NCAA limited it to one year, without additional sanctions, Byers said, "because of the corrective program undertaken by the university and its promise to take disciplinary action against the parties involved."

COACH REQUIRED
One assistant coach who was involved in the censured recruiting, Ron Marinich, was subsequently rehired when his contract was due to expire. Another coach

acted in the probationary report, Van Howe, resigned.

It also was learned that Arizona apparently did not notify the NCAA that Marinich had been kept on the coaching staff until last October, six months after he was given a new contract.

Arizona's one-year term was scheduled to be terminated this week, along with the probationary terms of North Carolina and Loyola of New Orleans. Both North Carolina and Loyola were restored to good graces Tuesday after a year in the dog house for basketball violations.

Asked why North Carolina and Loyola were restored to full privi-

leges while Arizona was not, Byers said:

"The review of Arizona's probationary status has not been presented to the Council."

He refused further comment and, in keeping with NCAA policy on infractions, declined to reveal whether any other member schools faced possible penalties this week.

ASK FOR CHANGES
The American Football Coaches' Association rules committee, meanwhile, is expected to make its recommendation today concerning the relatively high number of fatal injuries among sand-

lot, high school, semipro and college players last season.

Jack Curfies of Stanford, president of the AFCA and acting chairman of the group's rules committee, said the 24 members are inclined to feel—after studying reports dating back to 1951—that injuries run in cycles. He said, nevertheless, that thorough consideration was being given to possible changes in equipment.

Blamed in some quarters for many of the 37 football deaths last season.

The football coaches made six recommendations Tuesday to

changes they hope will be adopted by the NCAA rules committee which meets in Miami Beach, Fla., starting next Monday.

The six changes the coaches asked would:

1. Require stricter enforcement of the penalty for punting on when the ball carrier is clearly downed.
2. Make an identical 5-yard penalty for the illegal shift (now 15-yard penalty) and illegal motion 15 yards.
3. Permit the downing of a punt anywhere on the field instead of between the 35-yard lines as now permitted. Now, if the ball is downed inside the 35-yard line it is returned to the 35.

4. Allow the coach to confer with one player on the sidelines during a timeout.

5. Clarify the defensive signaling, to avoid distracting the offense by the defense before the ball is snapped.

6. Require that a penalty on a double foul be charged against the first man to make the illegal move.

Curfies said the subject of a disputed rule underscored in Notre Dame's 17-15 victory over Syracuse was not to be discussed by his group because it already had been placed on the agenda of the NCAA rules committee.

LOOKING AHEAD—John E. Fetzer (left), owner of the Detroit Tigers, huddles with manager Bob Scheffing (center) and new 3rd base

coach George Myatt at the Tigers' annual winter party in Detroit last night. Scheffing is optimistic about the 1962 season.

Cincinnati 5 Meets Bradley Tonight in Collegiate Headliner

4 Major Contests Scheduled

By The Associated Press

Four members of college basketball's elite are involved—perhaps with their fans and fortunes at stake—tonight in games that have developed into "fuss" and a bit of fight in the west.

Firstmost is the Missouri Valley Conference clash between Cincinnati, ranked No. 2 in the current Associated Press poll, and the Bradley Braves at Peoria, Ill., a meeting in past years that has always produced dogged

battles. Cincinnati's 26 points, took over complete control of the Southwest Conference by whipping Arkansas on the latter's court, 71-70. The Mustangs have a 3-0 mark, while Rice lost its first in league play, 83-66 at Texas Tech.

SMU's victory over Rice and a second place in the Big 12, which should have 82-61 at South Bend, Ind. Jeff Hays and Jerry Williams, each tallied 26 points to pace Baylor while Armand Beauchamp led the Fighting Irish.

Marquette's victory over Loyola of Chicago, 62-42, was a 21-point margin in the closing minutes, and led the winners with 11 Jerry Harkness of Loyola led all scorers with 20 points.

Barber was in full in a row and handled Notre Dame's sixth straight loss 82-61 at South Bend, Ind. Jeff Hays and Jerry Williams, each tallied 26 points to pace Baylor while Armand Beauchamp led the Fighting Irish.

Expect NFL to Approve Pact

\$9.3 Million TV Package for 2 Years

League Rejects Move to Make Scoreboard Clock Official

MIAMI BEACH, Fla. (AP)—Commissioner Pete Rozelle of the National Football League is expected to sign a new \$9.3 million television contract today, giving a single network (CBS) exclusive rights to all regular season games for the next two years.

The new contract, calling for \$4.65 million per year, would bring each of the 14 clubs about \$329,000 after certain fees were deducted. This share-the-wealth plan differs from baseball's TV deals in which each club draws up its own contract and pockets the proceeds.

MEETING KIDS TODAY
Only a few details involving conflicting sponsorship in certain areas remained to be resolved before the papers could be signed.

The NFL expected to end its four-day meetings today if a pre-season exhibition schedule can be completed. However, the schedule will not be announced until later.

The NFL permits such contracts by pro football, basketball, baseball and hockey leagues.

Five-Year Contract Handed AFL's Foss

SAINT DIEGO, Calif. (AP)—The American Football League today voted complete confidence in its commissioner, straight-talking Joe Foss, in the form of a brand new five-year contract with an undisclosed raise in salary.

The ballot was unanimous. This meant that Foss' severest critic, Harry Wisner, president of the New York Giants, approved the move.

Only a few weeks ago, Wisner was publicly crying for Foss' resignation in protest of a move by the commissioner that nullified a secret draft of college players ahead of schedule by member clubs.

Wisner was on hand as the after-midnight announcement was made by the league's new president, Wayne Walsh of the Oakland Raiders.

Walsh also recently demanded that the league headquarters be moved from Dallas to New York. This was defeated, in effect, when the owners voted not to revise the constitution to add Chicago.

Handy Coach Accepts Post at Arthur Hill
SAGINAW (AP)—Cliff Handy, who built Bay City High into the 1961 Class A and Saginaw Valley champion, has been named football coach at Saginaw Arthur Hill.

Appointed to the post of coach, Handy was announced last night by Charles C. Coater, Saginaw's Superintendent of Schools.

Becker succeeds Karl Kumpke, who resigned after the past football season and remains at Arthur Hill as director of physical education.

Becker coached two seasons at Bay City High. In that time he built the team to a state championship.

Becker was named to the post of coach at Arthur Hill, where he had coached for 12 years. A product of Saginaw High, Becker attended Central Michigan University.

Young Huron Bowlers Win Tourney Prizes

Four young bowlers have won awards for outstanding showings in a holiday tournament at Huron Bowl.

Bruce Coleman won the Junior Boys' tournament, group B, with 577. Bill Pointer took Junior High Junior group honors with 607. Bob Pierce placed first in Junior 18 and over group with 498. Fox headed girls with 498. All are handicap totals.

Adrian Cagers Drubbed
ADRIAN (AP)—Bradley of Wayne of Ohio soundly drubbed Adrian College 22-9 last night in a non-conference basketball game.

The Hawks never really got into contention despite 30 points by Cliff Hagan, back in action after being out intermittently with an ailing sufferer.

Shupe led the Detroit attack with 24 points. Ohl had 21 and Ferry 20.

Bob Pettit scored a St. Louis record of 50 points in the third period and the Hawks even led for second seconds 71-70. But then the Pistons scored 12

Victor's Win Helps Trotters Take Lead

A timely assist from Victor Points has moved Victor's Trotters into first place in the City Basketball League's Class D race.

Spearheaded by Gary Lee's 22 points, Victor's quiet handed previously unbeaten Jo-Jo's a 56-53 defeat last night at Lincoln to drop the losers into second spot. Missford Hulse tallied 18 in a losing cause.

The Trotters, capitalizing on Jo-Jo's misfortune, took the lead with a 43 record by defeating New Hope 85-51. Larry Barkman had 26 points for the Trotters, while New Hope's Chuck Rollins made 10.

In National loop games yesterday at Marlboro, Bob Devine scored 27 points to feature Columbia University's 68-57 victory over Bourneville. Trunks and Gary Holz had 20 points in 300 Bowler's 55-57 rout of Michigan Bowl. Dave Briggs led 10 for the Bell brothers and Bourneville's Tom Hart scored 20.

M' Skaters Triumph
ANN ARBOR (AP)—Larry Babcock and Bert Remmen each scored two goals to lead the Michigan team to an 8-1 victory over Colorado College last night.

Pistons Triumph, 122-112

PHILADELPHIA (AP)—Gene Shue, straight points and went ahead to Don Ohl and Bob Ferry combined.

Pettit scored 16 of his 25 points in leading the Hawks' upstart St. Louis made 55 of 38 foul tries, but the Hawks had one of their poorest shooting nights, getting only 39 of 113 attempts from the floor.

At Indianapolis, in the only NBA game, Oscar Robertson pummeled 33 points as Cincinnati turned back the Chicago Packers 113-106.

ST. LOUIS (AP)—The Pistons, 122-112, won the game of the week in the National Basketball Association doubleheader.

Shupe led the Detroit attack with 24 points. Ohl had 21 and Ferry 20.

Ten Men Face Gambling Trial

ARRESTED IN SIX INQUIRY—Steve Lott (left) and David Goldberg, arrested in a basketball fix indictment by a federal grand jury, are shown being booked at a St. Louis County police station in Clayton, Mo.

Standing behind Goldberg is Capt. H. C. Harnes and 14 Austin Blair, who's at the right. The year was moved to 21 counts of the indictment in connection with the fixing of two college basketball games in 1959.

Four-time champion Dan Carey, Dick Thompson, Bill Latt, Dick Weber and Ray Bluff, all of St. Louis, are among the survivors from an original field of 200 men. Defending champion Bill Tucker of St. Louis was eliminated when he finished 24th in the qualifying.

Don Lown, the grand southpaw from El Paso, Tex., won the qualifying trophy with a 6,874 total for 32 games. Lown, 31, has upped his mark to 10,000 in the tournament before last which will be his last try to the finals.

Marion Ladewig, seven-time champion from Grand Rapids, Mich., won the women's qualifying trophy for the second straight year with a 4,885 total for 24 games. The formidable grand mother set a record when she piled up 488 in the qualifying round.

Each were indicted on 34 counts of actual bribery, attempted bribery or conspiracy to bribe. Raleigh District Solicitor (prosecutor) Lester Chalmers fingered Goldberg as a top "bucker," a man who tips the supplier of payoff money in a rigged athletic contest. Chalmers said LeComet was an associate of Goldberg's.

Mrs. Ladewig Leads Women

MIAMI BEACH, Fla. (AP)—The grueling round robin finals of the \$100,000 ABN-Sky Bowling Tournament got under way today after six days of qualifying, during which the record field of 120 bowlers was whittled to 36 men and 36 women.

Don Lown, the grand southpaw from El Paso, Tex., won the qualifying trophy with a 6,874 total for 32 games. Lown, 31, has upped his mark to 10,000 in the tournament before last which will be his last try to the finals.

Marion Ladewig, seven-time champion from Grand Rapids, Mich., won the women's qualifying trophy for the second straight year with a 4,885 total for 24 games. The formidable grand mother set a record when she piled up 488 in the qualifying round.

Each were indicted on 34 counts of actual bribery, attempted bribery or conspiracy to bribe. Raleigh District Solicitor (prosecutor) Lester Chalmers fingered Goldberg as a top "bucker," a man who tips the supplier of payoff money in a rigged athletic contest. Chalmers said LeComet was an associate of Goldberg's.

ST. LOUIS (AP)—The Pistons, 122-112, won the game of the week in the National Basketball Association doubleheader.

Shupe led the Detroit attack with 24 points. Ohl had 21 and Ferry 20.

Bob Pettit scored a St. Louis record of 50 points in the third period and the Hawks even led for second seconds 71-70. But then the Pistons scored 12

Southpaw Tops Qualifiers

MIAMI BEACH, Fla. (AP)—The grueling round robin finals of the \$100,000 ABN-Sky Bowling Tournament got under way today after six days of qualifying, during which the record field of 120 bowlers was whittled to 36 men and 36 women.

Four-time champion Dan Carey, Dick Thompson, Bill Latt, Dick Weber and Ray Bluff, all of St. Louis, are among the survivors from an original field of 200 men. Defending champion Bill Tucker of St. Louis was eliminated when he finished 24th in the qualifying.

Named Deputy Chief of Foreign Aid Unit
WASHINGTON (AP) — The
executive vice president of Pro-
ctor & Gamble Co., Walter L. Lin-
gle Jr., has been named No. 2
man in the foreign aid agency.

His appointment by President
Kennedy was announced Tuesday.
As deputy administrator of the
Agency for International Develop-
ment, Lingle will have responsi-
bility for general administration
and management under adminis-
trator Fowler Hamilton.

Frank Coffin, who has been act-
ing deputy, was named deputy
administrator for program, the
White House announcement said.

WASHINGTON (AP) — Televis-
ion's once-sacred Sunday after-
noon klatch has been quietly
disbanded. Strangely enough,
the Detroit Free Press is not
inside and outside the industry
don't know it.

More than anything else, it in-
dicates that some of those im-

Full-Page Ad to
Deny Sale Rumor

DETROIT (UPI) — The Detroit
Free Press in today's editions ran
a full-page ad under the heading:
"The Detroit Free Press Is NOT
For Sale."

The ad stated, "vicious, malici-
ous rumors were broadcast
Monday night that the Detroit
Free Press has been or is about
to be sold."

"Any such rumor is a lie."
Such false reports are damag-
ing to the newspaper.

"If any competing medium or
its representatives or any others
continue to spread them, by

Rep. Griffiths
Pushed for SeatWould Be First Woman
on House Ways, Means
Committee

WASHINGTON (AP) — Rep. Mar-
tha W. Griffiths' Michigan Demo-
cratic colleagues have endorsed
her for a seat on the tax-writing
ways and means committee.
If the House agrees, Mrs. Grif-
fiths would become the first wom-
an ever to sit on the committee.

Her endorsement Tuesday
came after a rumored conflict
within the Michigan delegation
over a successor to former Rep.
Thaddeus M. Macarow, now a
federal judge.

Reps. John Dingell and James
G. O'Hara also had been reported
aspiring to the ways and means
seat. But they joined Reps. John
Charles Diggs in backing Mrs.
Griffiths, who said the Michigan de-
legation was unified behind Mrs.
Griffiths.

Leola, dean of the Democratic
group, said he expected no op-
position for the seat from other
Griffiths.

The delegation now will nomi-
nate Mrs. Griffiths, who is in her
fourth term in the House Demo-
cratic caucus, where confirmation
is expected to be a formality.

CHRISTMAS TOYS BURNED — The Christmas doll of Helen

Rebecca Whisenand, 11, of Nashville, was only slightly dam-
aged when fire hit the closet in which the Christmas
toys of the four children of Mr. and Mrs. Boyd Whisenand
were stored. Unfortunately, a doll's bed, football, games and
other toys were destroyed. Defective wiring was blamed for
the blaze. Helen clutches the doll after rushing home from
school.

PETERBOROUGH, N.H. (AP) —
Rep. Perkins Bass today an-
nounced his candidacy for the Re-
publican nomination as candidate
for the U.S. Senate. He will seek
the last four years of the term of
the late Sen. Styles Bridges.

The Peterborough attorney, 48,
serving his fourth term in Con-
gress, became the first to officially
announce.

Bass was expected to have
plenty of company in the Septem-
ber GOP primary, including
Bridges' widow, Dolores Bridges;
Sen. Maurice J. Murphy Jr., serv-
ing an interim appointment in
Bridges' seat; and perhaps the
state's other congressman, Rep.
Chester E. Merrow.

JFK Ends Bid
to Join ClubSponsor for Kennedy
Resigns After Negro
Refused Membership

WASHINGTON (AP) — This
town's top citizen—President Ken-
nedy—apparently is no longer a
candidate for membership in the
exclusive Cosmos Club.

John Kenneth Galbraith, U.S.
ambassador to India, resigned his
membership Tuesday in the wake
of the club's refusal to ap-
prove a Negro for membership.

Galbraith said his action auto-
matically cancels his nomination
of Kennedy for membership.

The decision by the club's mem-
bership committee not to approve
the application of Carl Hovnan,
deputy assistant secretary of state
for public affairs, led to some
other withdrawals.

The office of Edward R. Mur-
row, director of the U.S. Informa-
tion Agency and a former tele-
vision and radio news executive,
announced that Murrow had with-
drawn his application for mem-
bership.

Two club members—television
commentator Howard K. Smith
and radio commentator Raymond
W. Winz, who with the Voice of
America—resigned outright.

The club is made up of 2,500
men who have made contributions
in science, literature, fine arts or
public service or are recognized
as distinguished in a learned pro-
fession.

Cosmos Club President Paul A.
Schreier said the decision of the
membership committee is final
and cannot be overridden.

Nation Clenched in Icy Cold Vise; Schools Shut

By The Associated Press
A mass of bitter cold weather held wide sections of the country in an unrelenting grip today.

In some sections, the cold weather was accompanied by heavy snow—up to 24 inches in a continuous fall.

Hundreds of schools were forced to close because of the weather. The drain on over-taxed heating

facilities—mostly by natural gas—was astronomical.

Scores of deaths were attributed to the weather. Some of the deaths were caused by over-exertion and others in traffic accidents resulting from icy, snow-covered surfaces.

Only a few sections of the country were outside the freezing cold. These included the extreme western portions of

Oregon and Washington, most of California, southern sections of Nevada and Arizona, sections of Georgia and the Carolinas and Florida.

Elsewhere temperatures ranged from freezing, or 32 degrees, to -42 at Drummond, Mont., early today.

MIDWEST HIT WORST

The Midwest was by far the widest area in the grip of the bit-

ter cold, the worst of the new year.

Chicago's -11 degrees at 2 a.m. was the lowest, rising for the date in 74 years when -10 was recorded. Dulhart, Tex., had -2, Cincinnati -3, Louisville -1 and St. Louis 4.

It was the second day of sub-zero cold for the Midwest. Most of the area was already covered by snow ranging up to 30 inches

in Michigan. New snow Monday and Tuesday added to the difficulties of transportation and utility services.

In Nebraska, a natural gas company asked that gas be conserved for home heating and school superintendents in more than 20 areas responded by closing schools. The company said the cold and high winds had brought

the greatest demand for heating gas in company records.

A wide section of the South was under snow that ranged up to 18 inches in depth. The snow forced closing of roads 100 miles from the Gulf Coast in Alabama and in Mississippi, Northern Georgia, the Carolinas and Tennessee.

Schools in many counties were ordered closed and in Mississippi

a state holiday was declared because of the inclement weather.

A wild blizzard driven by winds of 32 miles an hour pushed into the Texas Panhandle, bringing a serious threat to vegetable and citrus growers in the lower Rio Grande Valley.

In Northern California, an unseasonable warm spell produced a reading of 73 degrees in San Francisco.

IN SPIRITED DEBATE — George Romney, American Motors president and vice president of Michigan's constitutional convention, waves aside August (Gus) Scholle, Michigan AFL-CIO president, as both tried to claim the lead during their debate in Lansing Tuesday night. The two fell into disagreement over some figures in their debate over reapportionment of Michigan's legislative districts.

Romney and Scholle in Heated Argument

LANSING (AP) — A prominent automaker and a top union leader squared off on the issue of legislative reapportionment Tuesday night and engaged in a spirited debate that brought a heated exchange over the accuracy of some statistics.

The protagonists were George Romney, president of American Motors and a vice president of the constitutional convention, and August Scholle, president of the Michigan AFL-CIO.

They debated at a meeting of the Central Michigan Chapter of Sigma Delta Chi, professional journalistic society. The program was broadcast live on radio and filmed for television.

Both Romney and Scholle agreed that the State Legislature should be reapportioned—but differed on how to go about it.

At one point in the debate Romney said Scholle had used wrong figures in his argument against a plan for reapportionment.

Zoom to Press for Tickets to 'Galaxy of Food'

It's time to get your free tickets for the Pontiac Press Coding School, "Galaxy of Food" to be held Jan. 23-26 at Pontiac Central High School.

You will find a coupon on page 2 of today's paper. Send it by mail or come in person to the front office of The Press. You may have tickets for each day's performance, but there is a limit of four tickets per person for each day.

Two home economists from the National Livestock and Meat Board Mary Meigs and Anne Stetzel will conduct the cooking demonstrations.

Doors at the high school will open each day at 1 p.m. From 1:30 to 2 p.m. Cliff Weigand will play on the electric organ. The show starts at 2 p.m. and lasts about 2 hours. Prizes will be awarded every day with the grand prize of two new ranges being given on Friday. You need not be present to win. A list of prizes will be given later.

Partisan Battles Seen

Congress Begins Today

WASHINGTON (AP) — The 87th Congress begins its new session today with President Kennedy's inaugural address and the House of Representatives opening its session.

With only organizational matters to be disposed of, the Democratic-controlled national legislature will mark time until Thursday when Kennedy delivers in person his State of the Union Message.

In the House, Rep. John McCormack, D-Mass., takes over the speaker's gavel, replacing the late Sam Rayburn, D-Tex. Carl Albert, D-Okla., steps into McCormack's shoes as majority leader.

In the Senate, Republicans choose between Sens. Bourke B. Hickenlooper of Iowa and Leverett Saltonstall of Massachusetts to fill the chairmanship of their party policy committee vacated by the death of Sen. Styles Bridges of New Hampshire.

Kennedy's outline of world conditions and his domestic proposals probably will touch off explosive partisan reaction in an election-year session likely to be steeped in controversy.

Ken expects the President to be more than minimally optimistic in his report on the prospects for easing international tensions in 1962.

He is likely to hear down in his message on a request for broad authority to revise American tariffs to spur trade. Sen. Harry F. Byrd, D-Va., chairman of the

There remains doubt that Kennedy aides can muster the votes in the Ways and Means Committee to get this program to the House floor. Byrd has announced he will oppose it.

MORE SPENDING SEEN

In a budget message scheduled for Jan. 18, Kennedy is expected to propose spending, topping \$100 billion in the fiscal year beginning July 1. Balancing of this would be dependent on increased revenues and congressional action to boost postal rates.

Because spending has now reached high levels, Kennedy has asked for action to increase the \$200-billion debt limit. Byrd predicted the deficit for the current year may reach \$10 billion instead of the administration's \$6.9 billion estimate.

Republicans expect to make a key political issue of budget aid, saying they hope their internal coalition with Southern Democratic conservatives will operate to defeat the Social Security and aid plan.

State Legislature Opens; 'State of State' Tomorrow

LANSING (AP) — Michigan's legislature, harried by a mounting state deficit, opened its 1962 session today and got set to tackle a host of problems old and new.

House Speaker Don R. Pears, R-Buchanan, gavelled the house into session at noon and Lt. Gov. T. John Lesinski did the same in the Senate.

Lawmakers met only briefly today, taking care of opening day formalities. Then adjourned to do so on Tuesday. The state message scheduled for delivery Thursday morning.

The state's financial troubles throughout their scheduled 16-week session. Talk of new taxes was heavy as Republicans met last night for a pre-convention caucus to map strategy for the new session.

Republican leaders, most of them staunch foes of a state income tax, urged Michigan's fiscal crisis, driving generally that GOP opposition to an income tax is softening.

"Although I wouldn't venture to say what the legislature will do in the way of taxes this year, people are starting to believe that an income tax is the only way out," said Sen. Frank D. Beidle, R-St. Clair, Senate majority leader.

"The feeling against an income tax is not nearly as strong as it was in 1959," he said.

Republicans, who control both the House and Senate, gathered at line broke last night in Lansing and closed their caucus Tuesday night only to adjourn for the day.

It is to be noted that the state's general fund budget in the fiscal year starting July 1 will approach \$1 billion for the first time.

Congress Highlights, Page 17

Senate Finance Committee, which would handle any House-passed bill to accomplish this result, said the committee has passed a bill to amend the Internal Revenue Code.

Kennedy's No. 1 domestic objective is to win approval of a medical care program for the elderly, financed through Social Security taxes.

Democratic National Chairman John Bailey has tabbed this as his party's principal issue in this year's elections in which 37 Senate and all House seats will be filled.

Since Arthur Murray Dance Studios moved from an adjacent building, also owned by Gersten and his wife, they have been at the Pink Poodle Lounge, 21 E. Pike St.

A chip off the North Pole fell on this area and the rest of the state overnight, pushing temperatures below zero and dropping up to 18 inches of snow on the west side of Michigan.

And no relief in sight! Thousands of motorists were unable to start their cars this morning, as Pontiac recorded a low of eight below zero while temperatures slunk deeper in Oakland County.

There were no fatal traffic mishaps in the county. However, police and sheriff's deputies reported dozens of cars abandoned along roads and on parking lots when the state message scheduled for delivery Thursday morning.

The cold is expected to stay, with a few snow flurries this and for the area.

The high in the area today was to reach a plus six degrees. Low, ranging from five to 10 below, was predicted for tonight in suburban areas.

Tomorrow, a high of 12 may be expected along with fog and snow. Snow flurries were predicted for the entire state today.

SWAMPED WITH CALLS
The Pontiac office of the Automobile Club of Michigan reported it was from three to five hours behind on service calls by mid-morning.

The switchboard at the local AAA office was flooded with requests for assistance from motorists with stalled cars after the rush started about 1:30 a.m.

A 1,800-volt main power supply line broke last night in Troy and left several hundred residents without heat or light for about 20 hours.

The break, which occurred on Lexington Road north of Lake Road, was repaired by Detroit Edison Co. service men at 11:30 p.m. According to a company spokesman, service to other communities resumed the regular work.

No cause has been determined yet for the break. The spokesman (Continued on Page 2, Col. 5)

Tickets Put on Sale for Willman Dinner

Plans for a communitywide retirement dinner Jan. 24 honoring Walter K. Willman moved ahead today, with tickets being placed on sale at two downtown banks and the chamber of commerce of the city.

General Chairman Monroe M. Damin sold today tickets for the testimonial dinner are available at the downtown offices of Community National Bank and Pontiac State Bank.

Tickets are also on sale by members of the testimonial dinner committee, and service club and women's club members. The event will be held at 6:30 p.m. at the Elks Temple, 111 Orchard Lake Ave.

Proceeds from the dinner will be used to establish a student loan fund at Michigan State University Oakland.

Willman has retired after serving the city of Pontiac as manager since 1950. Robert A. Steyer is the new city manager.

Members of the executive committee of the dinner are Bruce J. Annett, Robert E. Edlund, Harold B. Edler, Fred V. Haggard, John W. Hittler, Philip E. Rowston, Steyer, Duward B. Varner, Stuart E. Whitfield, and Dana P. Whitmer.

FRIGID PONTIAC — This series of pictures shows Pontiac today as residents shivered through the coldest day of the winter. Randy Stiles of 261 S. East Blvd. (top) is shown with cap pulled over his ears, appropriate headgear for the subzero weather. David H. Curney, 180 Mohawk St., donates skates to deliver The Pontiac Press. Radiators boiled over and hundreds of cars were stalled. But the icy snow and cold did lend an artistic touch to the area as evidenced by the scene of the Drayton Woods home in the bottom scene.

The Day in Birmingham

Tax Relief Is Proposed for Homeowners, Firms

BIRMINGHAM — Tax relief for homeowners and businesses hit by local special assessment charges was proposed today by Congressman William S. Broomfield (R-Oakland County) in the U.S. House of Representatives.

* * *

Copies of the resolution were sent to 13 South Oakland cities. Broomfield's proposal is more general, taking into consideration the homeowner as well as the mer-

Broomfield said he introduced the bill at the request of a number of South Oakland County communities which have asked for tax relief for residents to spur improvements, particularly in business districts.

Birmingham has done much

The city took the initial action in early December by passing a resolution favoring legislative action to permit taxpayers to deduct special assessments from taxes.

However, the action was aimed

But after months of deliberation, the decision was reversed in Washington.

City commissions and councils claim that the adverse ruling was holding up the development of central business district improvements in such areas as Birmingham.

Has New Life

**Commission to Redstudy
Plan to Deny Rezoning
on North Perry**

The prospect of a new \$3-million shopping center on North Perry Street at Arlene — all but dead last week — had new life today.

★ ★ ★

City Commissioners last night deferred action two weeks on a resolution to concur with a plan-

ning commission recommendation denying rezoning of the 37-acre site from residential to commercial use.

Deferral came after John Ridgway, president of National Business Brokers, of Potlatch, warned commissioners his clients, businesses and homeowners.

He said that assessments for sewers, drains, water supply and paving would be exempt under the provisions of the bill.

"Those who buy municipal bonds for such improvements do not

Ridgway charged that reasons given for the denial were "unfair and unconstitutional."

"You are basically denying my clients the right of free enterprise. You are denying them the right to have to pay taxes on the interest they receive," the congressman said. "It is only fair that homeowners and businesses should receive the same treatment."

This constitutes a monopoly," Ridgway said.

TOO MANY SHOPS

Planners had based their decision on a study that revealed too much shopping center activity in the area already and the premise that the land was ideally suited for a shopping center.

The child died Monday at Herman ~~Ridgway~~ Hospital, Detroit.

Surviving besides his parents are 6½-week-old son and Mr. and Mrs. Kenneth Sandness of 1363 Webster St., who at 2 p.m. tomorrow at the Voorhes-Spie Funeral Home, Pontiac. Burial will be in Perry Mount Park, Pontiac.

Ridgway's firm represents the Contract Cartage Co., of Pontiac and Perry Mount Park Cemetery Board, each owning about half the property.

Motor Trend Magazine makes it official: 1962 car of the year!

From the very first we knew we had a winner. Happy owners, car enthusiasts raved about the 1962 Buick Special with the history-making Fireball V-6 engine. Now the editors of Motor Trend — one of the country's top car magazines — have made it official. After road-testing and evaluating all U.S. cars, they've named the V-6 Special "Car of the Year!" Here's how they put it... "Motor Trend's CAR OF THE YEAR AWARD to the 1962 Buick for pure progress in design, imaginative engineering excellence, and the power concept for the future expressed in America's only V-6 automobile engine."

Why are the car experts so hot on this exclusive Buick engine? Only a V-6 can combine the extra vigor and smoothness of V-design with the gas savings of a straight six. This 135 H.P. V-6 weighs up to 140 pounds less than other sizes of comparable power. It sips regular gas ever so sparingly. But why go on? Ask your Buick dealer to let you drive a V-6 Buick Special. There are five beautiful models, including a fabulous new convertible. Drop in soon and see how easy it is to make the "Car of the Year" your very own.

Two-Train Collision Kills 2 in Germany

BERLIN — A collision between two trains in East Germany

Tuesday cost two lives, the official East German news agency ADN reported. It gave this account:

A mail train crashed into a halted empty freight train in the railroad station at Wittenberg, in the Leipzig district.

The engineer and conductor of

the mail train were killed and two employees of the post office slightly injured.

Several cars were derailed and the "track" had to be closed temporarily. The cause of the accident has not yet been established.

Child, Adult Lie to Deceive Themselves

BY MURIEL LAWRENCE
Newspaper Enterprise Assn.

In Somerset, Maugham's story "Miss Sadie Thompson," you'll recall that a missionary to a tropical island meets a notorious but attractive girl.

A high-minded man married to a cold fish of a wife, he is as scornful of other people's sexuality as he is of his own.

So he insists on undertaking to save Miss Thompson's soul. But in a climax that his soul for her soul's salvation has been largely real for the possession of her body.

Poor Rev. Davidson was a liar. And he lied for the reason that all of us lie, grownups and children alike: to preserve an image of ourselves as more moral, or more loving, or more efficient or more successful than we actually are.

This is my answer to a reader who writes, "When do children lie become serious? Once when our little girl told us that she'd heard some kittens talking, we did not punish her as we knew that small children lie out of imagination. But this week she denied that she had broken a bottle of clean-REFUSES TO ADMIT

"She still refuses to admit the truth though her dress and the bathroom mat were wet with the fluid."

Madam, a child who tells us that she has heard kittens talking lies because she wants to be a person who CAN hear kittens talking. And a child who lies about breaking a bottle denies the truth because she wants to be a person who CAN'T break bottles.

As the Rev. Mr. Davidson felt obliged to present himself to others as a man who was above sexuality, your little girl felt obliged to present herself to you as a child above the breaking of cleaning fluid bottles.

The experts who insist that children's lying is different from our lying do not help parents to understand and deal wisely with youthful falsehood.

It is only when we perceive that Janey lies for the same reason we do that her lie can lose its moral thrust for us.

Then, when she lies about breaking a cleaning fluid bottle, we don't wring our hands or undertake to wrench the truth from her. Instead, we see that she has simply denied the bottle-breaking part of herself in order to preserve an image of herself as a little girl who treats bottles carefully.

So, we do not punish. We just see. "Where did you get the idea that I'm against bottle-breaking? Let's get this straight. Everybody saunters at later."

Lose With Marathon

Be Kind to Friend Zipper

BY JOSEPHINE LOWMAN

You have to meet a zipper half-way! Even a few extra pounds can put a terrific strain on these little friends of ours who stretch and squeak in our behalf. And if you are 15 or 20 pounds overweight, it's up to you as well as the zipper.

Both of you and your zipper can be much happier just eight short weeks from now if you will follow my 8-Week Self-Improvement Marathon which brings you a loss of from 15 to 20 pounds.

Losing weight is a simple matter of mathematics. You must eat less food than you need for the energy you expend. Then some of those excess pounds will be used to stroke the furnace.

BE SCIENTIFIC
When cutting down on calorie count, it is especially important that you plan your menus scientifically. Build your diet with lean meat, fish, fowl, eggs, cottage cheese (not creamed), seafoods, fresh fruits and vegetables, two glasses of skim milk daily, and some whole grain products. Cut down on your carbohydrates and fat intake, but do not cut them out entirely.

You will be surprised by how well you can cut on from 1,200 to 1,400 calories a day.

The most successful reducing is a combination of diet and exercise. Exercise improves tone as the pounds drop away, and it speeds the loss in inches as well as weight. Also, there are many happy by-products.

Often women find, after a period of regular daily exercise, that constipation is no longer a problem, that stiff joints become comfortable and that their chronic fatigue is a thing of the past.

Most of you know about my 8-Week Self-Improvement Marathon. But you new readers should know that thousands of women all over the country join to see how much they can improve themselves in eight short weeks, with my help.

If you would like to join Marathon for a loss of from 15 to 20 pounds (or less if you do not want to lose that much), send 10 cents and a stamped, self-addressed envelope with your request for the Marathon booklet. Address: Josephine Lowman in care of The Pontiac Press.

You can get your legs and waist in shape with this exercise — left leg and arm go forward, right arm back; alternate. Every measurement can be cut down to size if you follow the diet and exercises outlined in the Marathon.

Assistants Group to Show Styles

At a monthly meeting of the Oakland County Medical Assistants Society Wednesday in William Beaumont Hospital, plans were completed for a luncheon and fashion show to be given Saturday, Jan. 20. Party will take place at 12:30 o'clock in Kingsley Inn.

Membership Chairman Mrs. William A. Zabriski, of Pine Street, has appointed Mrs. Stanley Dwork of Lathrup Vil-

lage in charge of tickets. Handling other details of the luncheon are Mrs. Robert E. Doyle and Mrs. Betty Oakes.

Stay Stitch Helps

(NEA) Machine stitch three-quarters inch away from the edge of garment pieces soon after you have cut them out. This will keep the material, on neck edges for example, from stretching while you work on darts, side seams, etc.

Singing Group Has Resumed Its Activities

Pontiac Women's Chorus resumed activities in the area Tuesday evening.

Directed by George R. Scott, the chorus rehearses at 8 p.m. Tuesdays in Mark Twain School. Charles Wilson is the group's accompanist.

Auditions again are open to any girl or woman who enjoys singing good music under excellent leadership with a congenial group of women, according to Beth McCarthy, publicity chairman.

Tryouts will be conducted until the end of February with a formal spring concert terminating activities.

Sponsored by Pontiac Parks and Recreation Department, the chorus is available for concerts to all civic associations, school and church groups. Further information regarding membership or performances can be obtained by contacting Mrs. Carl Leonard, chorus president, or the department of parks and recreation.

No Present Necessary; Do Write

Q. My daughter and a friend have been invited to a dance at a military school next month by two boys. The mother of one of the boys has written to me and the mother of the other girl, inviting them to stay overnight at her house after the dance.

A. My husband and I will drive the girls to the boy's home and return for them the following day. I would like to know if the girls should each give a gift to their hostess or would one gift between them suffice?

Also, should they take it with them or send it to her after they have returned home?

A. No gift will be necessary or expected. Your daughter and the other girl must, however, each write a brief and lullaby letter to the boy's mother when they return home.

Q. My parents died many years ago and I have been living at home with an older brother and sister. Both are unmarried. We always get on very well together and I am devoted to both of them.

A. It would be unusual but not improper to have the invitations read:

Miss Mary Smith
Mr. John Smith
request the honor of your presence at the marriage of their son
Judith Anne

Q. If there is a John Smith Sr. and a John Smith Jr., in a family, is the next person to be given this name John Smith, 2nd or John Smith, 3rd? There has been quite a big disagreement in our family over this.

A. If he's the son of Jr., he is "third." If he's a cousin or nephew, he would be "2nd."
