

2 Plans to Beef Up Military Clear First Hurdle

'Bitter' Dag Flying to NY From Tunisia

Secretary General of U.N. Angry at French Over Bizerte Snub

TUNIS (U)—U.N. Secretary General Dag Hammarskjöld left for New York today after a three-day on-the-spot study of the explosive Bizerte crisis. He did not hide his bitterness at the French snub.

The U.N. Security Council will meet at 3 p.m. Friday to take up the French-Tunisian dispute. The meeting was requested today by the Tunisian delegation.

The meeting was announced by a U.N. spokesman, who at the same time sharply ascribed the action of French paratroopers in halting Hammarskjöld's car Wednesday near Bizerte. The spokesman said his car before allowing him to pass through French checkpoints into the city.

Sources close to Hammarskjöld said he was particularly annoyed by the refusal of Vice Adm. Maurice Amman, French commander of the Bizerte base, to see him. Amman said he acted on orders from Paris. The French government Wednesday accused the secretary general of showing favoritism toward Tunisia.

Hammarskjöld told newsmen he was concerned by what he described as French refusal to withdraw to the base after a cease fire.

"You know my reaction," he said. "I believe that now I have a complete picture of the situation."

"Are you optimistic?" a newsman asked.

"I am," Hammarskjöld replied. "In this world you have to be an optimist."

Hammarskjöld left aboard a special plane for Rome where he is to take a commercial airliner for New York.

KEEPS QUIET

Pursuing his customary policy of unbecoming silence, President Frezza, the U.N. secretary general said nothing about any recommendations he might be taking back to the Security Council. The council is expected to meet soon after his return for further discussion of the crisis between France and Tunisia.

Hammarskjöld was rebuffed in an attempt to see the French commander in Tunisia, and the French foreign office said it would be useless for him to visit Paris.

The French attitude marked a further deterioration in relations between France and the world organization, of which President Charles de Gaulle has grown increasingly contemptuous.

De Gaulle's government, pointedly ignoring the U.N., said in a statement Wednesday night it wanted peace talks soon "between French and Tunisian authorities."

First-Hand Look at Bizerte

QUESTION HAMMARSKJÖLD—Dag Hammarskjöld (right), secretary general of the United Nations, talks with newsmen on board a ferry boat that returned him to Tunis after he inspected the battle-scarred city of Bizerte Wednesday. The governor of Bizerte, Hedi Mokkadem, who escorted Hammarskjöld, stands beside him. In Paris, the French government accused Hammarskjöld of favoring Tunisia in the Bizerte crisis.

Fidel Plans Red-Style Party, Challenges U.S. Over Plane

From Our News Wires
HAVANA—Premier Fidel Castro said Wednesday night he is merging all Cuban political organizations into one Soviet-type party.

He also challenged the United States to try to recover a hijacked airliner by force.

Shouting defiance at the United States, the bearded revolutionary leader told thousands of cheering Cubans massed in civic squares.

"We will not live on our knees," Castro spoke for four hours at the rally highlighting national celebrations of the eighth anniversary of the start of the 25th of July Revolutionary Movement. Hundreds of thousands of Cubans wildly cheered him on.

He shared speaking honors with Soviet Cosmonaut Maj. Yuri Gagarin.

The Soviet major, launching out

into international politics for the first time since he orbited the earth, denounced the United States and pledged to Cuba "the armed help of the Soviet people."

Castro followed Gagarin to the platform as the crowd shouted.

PITTSBURGH (UPI)—Sen. John G. Tower, R-Tex., said today he believes the United States should send troops into Cuba, if necessary, to recover the American airliner held by the Fidel Castro regime.

"down the Calamantes"—the Cuban name for the U.S. naval base at Guantanamo Bay in eastern Cuba.

The premier said the all-inclusive political party would be called "the United Party of the Socialist Revolution." He said the merger was necessary "to unify the discipline and ideology and make the revolution stronger."

Castro said he would return a hijacked \$3.5 million Eastern Airlines turbo-prop plane only if the U.S. government "promises from now on to return every plane hijacked from here."

In Washington U.S. officials saw Castro's announcement that Cuba will become a one-party state as an expected step in Castro's ever-tighter embrace of communism.

They also in effect rejected his

(Continued on Page 2, Col. 5)

Case explained he wanted to make certain that reservists and draftees with the least actual service would be the first called to duty.

He said he hoped to work out an amendment assuring this for Senate consideration later.

Chairman Russell said other senators agreed that "the tragedy of Korea" should not be repeated.

He indicated he referred to the fact that many World War II veterans were summoned back to duty while many younger men escaped military service.

Russell said the committee report would say that "to the extent possible, priority in recall of reservists should be applied to those in a drill pay status and to the six-month trainees rather than former volunteers and draftees."

He explained that only about half of the present reservists receive regular drill pay.

The six-month trainees are those

Committee OKs JFK's Request for Authority

Bills Expected to Pass Senate Friday; Would Allow Reserve Calls

WASHINGTON (AP)—President Kennedy's request for broad powers to call up more combat forces and buy more military hardware won overwhelming approval today from the Senate Armed Services Committee.

However, Pentagon leaders stressed they planned only limited use at present of the powers to call reservists to the colors and extend the tours of duty of men now in the services. They said they recognized the "disruptive effects" on individuals.

After a three-hour closed door session with Pentagon leaders the committee approved two bills without change and sent them to the Senate for expected Friday passage.

The bills would:

1. Let the President call up 250,000 reserves and hold fighting men or units on active duty without their consent.

2. Empower the President to acquire a \$958,570,000 priority list of airplanes, missiles, ships and other items.

Committee Chairman Richard B. Russell, D-Ga., said the latter bill was approved unanimously, while Sen. Francis Case, R-S.D., cast a vote against reporting the manpower measure to the Senate.

Case explained he wanted to make certain that reservists and draftees with the least actual service would be the first called to duty.

He said he hoped to work out an amendment assuring this for Senate consideration later.

Machine Guns Ready in E. Reich

Say Troops Block Flight

From Our News Wires
BERLIN — The East German army was reported today to have thrown up machine-gun roadblocks along highways in an effort to slow the flow of refugees to the West.

Travelers to Berlin said that in addition to roadblocks, East German army patrols equipped with walkie-talkies were roving the highways leading to Berlin — both East and West of the city making thorough checks.

In the past, inhabitants of the East German Communist zone traveled to East Berlin along these highways and then crossed into West Berlin and freedom. The checks were believed designed to stem this flow to this traffic.

It was the first time the Communists were reported to be using units of their 110,000-man "people's army" in support of regular police to curb the flow of refugees.

HALF-MILE LINES
Travelers said that on the 180-mile highway from Berlin to Dresden three road blocks were set up to check traffic. Lines of East Germans as long as a half-mile were reported backed up awaiting clearance.

The army troops were reinforced by Communist police. One traveler said 12-man squads of police were traveling on open trucks.

Despite Communist moves to curb the refugee flow, some 1,000 more East Germans today requested asylum in West Berlin. This raised to about 25,500 the total of East Germans who fled to the West this month.

In Bonn, the West German defense ministry was reported to be considering the call-up of 20,000 reservists. A ministry spokesman

labeled the report "pure speculation."

The newspaper Westdeutsche Allgemeine said that putting this number of reservists back on active duty might be part of West Germany's response to President Kennedy's call for strengthening Western defenses.

West German intelligence experts meanwhile were reported to believe that the Soviet Union is worried about how much loyalty it would get from the East German army in a fight over Berlin.

They caution, however, that any underestimation of the East Germans could prove embarrassing for the West.

At a glance, East Germany's armed forces appear well equipped with modern Soviet weapons to meet combat conditions of the atomic battlefield.

They are composed of a seven-division army, a small air force and a small navy.

On June 17, 1953, when East German workers revolted against the Communist regime, the "baracks people's police" — forerunner of the "people's army" — refused to crack down on them.

Russian troops, part of the 400,000 men the Kremlin has stationed in East Germany, crushed the rebellion.

Pontiac Grows Older, Residents Get Younger

For a city that has just gone all out to celebrate its Centennial, the federal government released some earthshaking news this week.

We evidently passed our milestone going the other way. According to the census, Pontiac is getting YOUNGER.

The final U.S. Census of Population Report states that the median age of Pontiac residents has dropped from 30.2 in 1950 to 28.8 last year.

The data-packed report was released by the U.S. Department of Commerce.

The report shows that some 36.1 per cent of the official Pontiac population last year was under 18 years old. Another 55.7 per cent was 18 to 64 years old and 8.1 per cent, 65 and over.

Among the 82,233 persons in Pontiac, the women have the edge. There are some 42,116 women, compared with 40,117 men.

Last year, when the census was taken, 12-year-old girls were tops in number among teenagers. But if you drop a year in age, the kids take the lead.

As for the youngsters from birth to 12 years, 2-year-old boys were by far most numerous. There were 1,130.

There were more than 8,000 more heads to count in the under-18 age group than in 1950. Senior citizens, 65 and over, grew only about 2,000 in number.

Adults, up to 65 years old gained little more than 500 in number over the past 10 years.

The report also indicates Pontiac will expand in population over the next 10 years at about the same rate as Michigan.

The fertility ratio of Pontiac is 533. The state's ratio is 534.

This is the number of children (Continued on Page 2, Col. 5)

Pigskin Strategy Session

DEFENSIVE CAPTAIN PLOTS — Joe Schmidt (center) defensive captain of the Detroit Lions gives Wayne Walker (left) and Alex Karras, members of the defensive platoon a few words of strategy in regard to the August 5th Lions' scrimmage to be held in Pontiac's Wisner Stadium.

Pontiac Press Photo

The defense will play the offense in a full-dress scrimmage. The players will compete for hundreds of dollars in prize money to be awarded for special running, kicking and passing events. The Lions opened football camp at Cranbrook yesterday.

Other important scenes will be shot in a few days, when construction and financing agreements are signed by the city and state.

If construction gets under way on schedule this fall, film makers will be recording progress on the loop from then until its completion next year.

Before and after views will show how the \$2.5-\$3 million project has radically changed the outlook for

(Continued on Page 2, Col. 3)

Flash

CHICAGO (UPI) — Defending champion Jay Robert, Miami, Fla., and Ernie Vanduser, Oklahoma City, Okla., set the pace for the early finishers in the 43rd PGA Golf Championship today with two under par 68s in the first round.

Two Weeks Off Schedule

Delay Courthouse Move

A breakdown in the air-conditioning system and unfinished parking lots has caused a two-week delay in the move to the new county courthouse.

Most of the departments in the downtown courthouse are now scheduled to move into their \$3.5 million home during the latter part of August instead of the first two weeks of next month.

"It's been just a matter of proving out the system," said Robert E. Lilly, secretary of the board of auditors and coordinator of the big move.

Another cause for concern for officials is to have the \$10,000 relocation job completed and departments in working order in time for the Sept. 9 dedication of the long-awaited building.

The building itself is done, although it hasn't officially been turned over to the county.

Lilly said the register of deeds office and its photo-stating section, now located in the County Office Building, 1 Lafayette St., would be the only department to move on schedule. It will move Aug. 5.

The probate and juvenile courts, including the adoption and mental health sections, are scheduled now to move Aug. 14-15; prosecutor's clerk Aug. 22; five circuit courts, the probation department and office Aug. 24; and Louis E. Fairbrother's assignment clerk's office Aug. 25.

Grocery Prices Aren't Reason for Increase in Cost-of-Living

In the current issue of Look Magazine, an article analyzes grocery prices and their relations to your own living costs. Several "old wives' tales" are knocked into a cocked hat with these figures.

The Look article says in part:

"Almost everybody uses, frets over and talks about the Government's monthly consumer price index, popularly known as the cost-of-living report. But almost nobody except economists and statisticians really understands it.

"What is the truth about price rises in recent years? Here are some popular myths and the facts about our cost-of-living.

★ ★ ★
"Myth: Groceries are the 'villain' in the rising cost-of-living. A Gallup Poll showed that food prices are the most irritating element in the cost-of-living scale.

★ ★ ★
"Fact: Since January 1953, food purchased has risen five per cent, while all consumer prices increased almost 12 per cent. Restaurant meals, however, increased about 20 per cent. Over a longer span, groceries since 1947-49 have risen 18 per cent while prices of the entire consumer index have risen 27 per cent.

★ ★ ★
"Myth: The increasingly large number of dollars most families spend at the grocery store indicates that food prices must be constantly rising.

★ ★ ★
"Fact: Food prices have not risen steeply, because most of them are actually spending more dollars at the grocery store, but they may be buying more and better-quality foods. They may be feeding a larger family and growing children. Other items are added up at the check-out counter along with regular groceries and are paid for all together, so people may mistakenly think of the total as a food bill.

★ ★ ★
"Myth: Increases in grocery-store food prices have outstripped wage increases.

★ ★ ★
"Fact: Hourly wage rates have risen faster than grocery-store food prices. The average American factory worker can buy a sample standard monthly 'market basket' of foods with earnings from 38 hours of work, compared with 51 hours in 1952 and 61 hours in 1947.

★ ★ ★
"Myth: The cost-of-living has doubled in the last decade.

★ ★ ★
"Fact: Consumer prices have increased about 27 per cent since 1947-49. But, the 'real' spendable income of a factory worker with three dependents, for example, has increased 22 per cent. The factory worker's standard of living has improved, despite higher prices.

★ ★ ★
"Myth: The consumer price index records what is happening to everybody's cost-of-living across the country.

★ ★ ★
"Fact: The index records the changes in services purchased only by city workers. It does not tell what is happening to the cost of living for farm families, for families making more than \$10,000 a year after taxes and for large numbers of professional people.

★ ★ ★
"Myth: It cost about three times as much to live today as it did before World War II.

★ ★ ★
"Fact: No major item in the consumer price index has tripled. The largest increase has been in shoes, which have increased 179 per cent. The smallest hike has been in gas and electricity which have moved up less than 20 per cent.

★ ★ ★
"A family's income goes up, and it moves from a city apartment into a home in the country," says Chase. "Instead of a week at the seashore, it spends two. Instead of a used car, it owns a new one — and perhaps a boat. The man of the house complains that his cost-of-living has risen. Indeed, it has, but not nearly so much as his level of living."

The Man About Town

Tour of County Will Give You Some Idea of Its Many Attractions

Tiger: In baseball, an animal which seldom has dull games.

Better devote a whole day for this tour around Oakland County — and take the fixin's for a good meal at one of the many picnic spots.

Go out Ferry Street which merges into Lapeer Road, for ten miles, through the edge of Lake Orion, passing the lake on your left. You might switch over for a drive around the lake, with its many islands.

Continuing on Lapeer Road, only two miles away you go through Oxford, just beyond which you pass through a sample of the gigantic sand and gravel operations of our county.

Three miles north of Oxford you turn left into Oakwood Road. This is a tricky turn, and you must watch carefully or you may miss it, although it is plainly marked. In two miles you pass through Oakwood, and continue five miles further until the signs direct you into Orionville State Park, after a mile or so on gravel roads. This is one of the most scenic spots in our area. Always drive to the right in the park, which has every facility for picnic parties.

Leaving the park, return to Orionville, going through its main street which soon crosses the M-15 pavement, and you enter Grange Hall Road, which takes you over Groveland's scenic hills.

Reaching the Dixie Highway, you may want to turn right for a mile to the left and other attractions at Mt. Holly. The only summer feature of that kind in operation in Southeastern Michigan. The view from the top of Mt. Holly is marvelous.

Then go south on the Dixie three miles to the entrance to the Holly Recreational Area, (very plainly marked), on your left. There you can drive your car to the "Onlook" where you can see a panorama of lakes, valleys, hills, dales, forest and open country that is a world beater.

Better ask a park attendant to direct you to the Overlook, or you may not be able to find it in the maze of spectacular landscape.

Returning that two miles on the Dixie to Grange Hall Road, you turn left (watch all of those Dixie turns) and in three miles you pass the new Hawaiian Gardens resort, through which they might take you, if a guide is available. Tell them you're a friend of mine.

From there you continue on Grange Hall Road, winding between the lakes, cross the railroad and turn left into Holly.

At Holly's traffic light turn left for only one block, then right (beside the railroad), into Broad Street (narrow there), which merges into Milford Road, and three miles south of Holly you turn left into Davisburg Road.

Then follow this seven miles, through Davisburg, to the Dixie Highway, into which you make a right turn, and follow it 13 miles to Pontiac.

All of the above is on paved roads, except the approach to the Orionville State Park.

Verbal Orchids to

Mrs. Augusta Bellman of Auburn Heights; 83rd birthday.

Mr. and Mrs. William E. Frankland of Waterford; 53rd wedding anniversary.

Herman Volkes of Keego Harbor; 83rd birthday.

Howard Hillman of Davisburg; 87th birthday.

Mrs. Fangle Austin of Jackson, formerly of Holly; 81st birthday.

Austin Marks of Walled Lake; 82nd birthday.

'You Were Saying ...'

David Lawrence Says:

JFK Speech Text Late in Europe

IN EUROPE — A great speech was delivered by the President of the United States to the American people on Tuesday evening, but, unfortunately, most of the people of Europe didn't have a chance to read it in full.

This writer telephoned on Wednesday to newspapermen in London, Paris, Copenhagen, West Berlin, and the answer was the same: "We waited and waited, but it came too late for most of our editors."

Some say this doesn't matter, since Kennedy was really talking to Khrushchev and the Soviet Premier will doubtless read the speech twice anyway. But world opinion is of tremendous importance.

Word-of-mouth opinion comes from those who do read a speech and pass their reactions on to others. This even moves across territorial boundaries to peoples in enemy countries.

There was no television or radio during World War I, but the newspapers in Europe did print fully what President Woodrow Wilson said in his famous speeches that thrilled the world. Enthusiasm for his ideals swept Europe.

The responsibility for the failure of the European newspapers to print on Wednesday morning the full text of the Kennedy speech was primarily inside the White House itself. Neither the U.S. Information Agency nor the Voice of America was at fault.

As a matter of fact, the White House staff kept promising the press associations that the full text of the speech would be available for advance distribution and this word was passed on to the newspapermen, who held space in their papers 'til close to the hour when they had to go to press to catch mail trains and other delivery schedules.

The difference in time — at least five hours between Europe and America — was the root of the difficulty, but this was a fact known in advance. Better planning could easily have overcome the obstacle.

It was already 3 o'clock Wednesday morning in London and Paris when the President went on the air at 10 o'clock Tuesday evening in Washington. But early word from the White House was that the text of the speech would be ready, around 4 o'clock Tuesday afternoon, and it had been expected that transmission by the press associations would start not later than 5 o'clock.

This was only 10 o'clock in

Europe, and there was time for translation and for publication in editions of morning papers going to press around midnight.

But it was not until 8 o'clock Wednesday morning in Europe, that the speech was made available to the press and began to move across the Atlantic by cable and radio.

It was too late then for the morning papers to do much with it except to give it brief space in summary form.

Repeating excerpts from the text by television and radio through tape recordings is helpful, but

these do not come to the people in their own language.

The afternoon newspapers in Europe, moreover, are of the feature type and do not give space to full texts. The morning newspapers are not inclined to repeat on the second day news that happened nearly 26 hours earlier.

So, though there has been and will be plenty of editorial comment — nearly all of it favorable, by the way, on this side of the Iron Curtain — it would have been far better if the exact words of the American president had been read by the people in Europe in their own language.

Dr. William Brady Says:

Carbon Monoxide Causes Ill Effects of Smoking

In my opinion the ill effects of smoking are due mainly to the carbon monoxide in tobacco smoke.

The nicotine in tobacco is destroyed by combustion. Even if any of it is present in tobacco smoke it can't be of such serious import as physicians, chemists and health authorities of the 19th century imagined. The danger with the nicotine is that it is a habit-forming drug.

As a matter of fact, the White House staff kept promising the press associations that the full text of the speech would be available for advance distribution and this word was passed on to the newspapermen, who held space in their papers 'til close to the hour when they had to go to press to catch mail trains and other delivery schedules.

Various chemical analyses of tobacco smoke have shown that a small amount of CO is present in every puff. It takes only a small amount of CO in the air one breathes to produce unpleasant or dangerous effects.

Thus, breathing air which contains one part of CO per thousand (one tenth of one per cent) will cause tightness across forehead, headache, throbbing in temples, flushing of face. Slightly higher concentration of carbon monoxide, say two parts per thousand, will cause powerlessness, nausea, dizziness, vomiting, collapse, syncope.

LITTLE EVIDENCE

There seems to be very little scientific evidence that moderate smoking does any adult harm. Moderate smoking, I say.

Any smoking at all is excessive if the smoker has not yet attained full growth and development — which most persons attain between the ages of 22 and 25 years.

One who smokes while working or, pretending to work in the course of a meal or shortly before a meal, or anywhere that smoking may be offensive to other persons in the room, or constantly as a chain smoker, smokes excessively.

Maybe I'm biased about it, but I get the impression from medical literature that pipe smoking is less likely to damage health than either cigarette or cigar smoking. Perhaps because few pipe smokers inhale as do cigarette and cigar smokers.

Cigarette smokers, especially feminine smokers, are least considerate of the sensibilities of non-smokers around them. Also they are apt to cover up damage to carpets, drapes, upholstered

furniture or linen so they can make their getaway without offering to pay for it.

After some years of more or less crapsul smoking I discovered a way to get more enjoyment out of smoking than I had ever had before — smoking only after dinner in the evening if I am at home or at work, and smoking only after lunch if I'm not at work. Try my system.

Signed letters and more than 100 page of 100 words lists pertaining to health and tobacco use, and disease diagnosis or treatment, will be sent by Dr. William Brady, if you stamped self-addressed envelope and sent to The Pontiac Press, Pontiac, Michigan. (Copyright 1961)

Case Records of a Psychologist:

Most Divorces Are Unwarranted

By DR. GEORGE W. CRANE
CASE J-452: Martha M., aged 38, is an attractive divorcee who sat across the table from me at a women's club luncheon.

At 11 a.m. I had addressed about 2,500 women members of the club, speaking on the topic "Sex Problems in Marriage."

In that talk I had stressed the same basic facts you readers of this educational column have seen many times.

For example, I mentioned that most divorces start in the bedroom.

They are usually due to a wife's "sins of omission" rather than to her fickleness or unfaithfulness.

Yet most wives don't even dream that they are at least 50 per cent responsible for their own unhappiness.

In all innocence, therefore, thousands of women finally get a divorce, feeling almost 100 per cent innocent of any wrong doing.

"Why, Dr. Crane," they protest, "I have put up with insults and quarrels and false accusations for years until I finally decided I had had enough, and thus filed for divorce."

MARTHA'S CONFESSION

Martha was quiet during the luncheon. I don't recall her having said a word to me. But she smiled and seemed friendly.

Her talented daughter, aged 35, had presided at the meeting and sat on the same side of the table with me.

That night I received a phone

Voice of the People:

Tells What Will Happen If Kennedy's a Jellyfish

To "Harvard Grad" FDR thwarted Hitler the same way we thwarted Stalin, by letting him take over half of Europe without firing a shot. You need a little wising up. Truman took over where he left off and donated China, Manchuria and Korea. Next comes Laos and Berlin if Kennedy proves to be the same type of jellyfish. D.I.T. Grad

Says Letter Writer Isn't Typical

That letter in the Voice of the People signed "Me," is not typical of this country at all and it sounds like someone that is very pink. This nation backs the President, the military and the outer space work all the way and if you cannot do that why do you not go to Russia or somewhere where you will be very happy?

'Miss Antona's Trip Is Not a Joke'

If "An Old Student of English and History Classes" will contact me and state her qualifications of "outstanding" service to the community, I would be most happy to give her serious consideration for a future project.

The record should be kept straight. Miss Antona is employed part-time by both the city and the board of education for the hours she actually works at the library or the hours she actually teaches at night school.

Each spring at her own expense and with several days of loss she plans a trip to the historic sites at and around our nation's capital and personally guides 30 or 40 of her citizenship students at bargain rates to see the heart of the country they have learned to love.

The New Citizens League is her life. Early in life she learned that it was more blessed to give than to receive.

She has made a host of friends, and judges from the contributions received, or promised, her trip to Italy in recognition for "Outstanding Citizenship" will surely materialize.

William W. Donaldson

The Almanac

Today is Thursday, July 27, the 208th day of the year with 157 to follow in 1961.

The moon is full.

The morning stars are Venus, Jupiter and Saturn.

The evening stars are Mars, Saturn and Jupiter.

On this day in history:

In 1789, the department of foreign affairs, forerunner of the State Department, was established by an act of Congress.

In 1945, at a convention of delegates of the Communist Political Association, members voted to disband the organization and reestablish the Communist party of the United States.

In 1953, a Korean armistice was signed at Panmunjom following the longest truce negotiations in history, two years and 17 days.

In 1953, Austria regained her sovereignty after 37 years of occupation by foreign troops.

Our presidents need recreation. Never Went to Harvard

Smiles

The little kids got their bearings as soon as spring came, on roller skates.

Urges All to Live Christian Life

We are living in the atomic age. Any moment an atomic bomb could be dropped and place and cause terrific destruction.

You might be standing where this bomb fell and your body would be destroyed. Your spiritual body would go on and return to God. Are you prepared for this?

This clearly demonstrates that we should live a good Christian life according to God's laws and always be ready to return to God. Live right and carefully follow God's laws and you will lead a happier life on earth. Don't put it off for another moment.

Notly Bothered

Believes Presidents Need Recreation

In answer to "Harvard Grad," I never criticized FDR for getting us out of the depression at World War II. If you can't blame FDR for that, you can't blame FDR for that.

Until Pearl Harbor we still had over nine million unemployed.

I got mad when people criticize our presidents for taking time for recreation. It would seem so party gets criticized as he did for playing golf. Woodrow Wilson was the greatest golf enthusiast. He played in the snow with black balls. Hoover got all the criticism for fishing.

Hoover did not fish on a battleship with a convoy of destroyers like FDR. Harry Truman took his break walks to meet a few newsmen and make a few speeches. JFK should have played golf instead of going to Vienna. FDR should have been fishing when he was at the Yalta Conference as Russia put him on the spot.

He was criticized for being out of office so much, but was gone 34 days in the first 6 months, 10 days on business and 24 relaxing.

Kennedy in the same length of time was out of Washington 32 days, 13 on business and 19 relaxing at Palm Beach and Hyannis Port.

Our presidents need recreation. Never Went to Harvard

He's Robbed Blind by Heedless Thug

OAKLAND, Calif. (AP) — James T. Walker heard footsteps behind him as he walked to work along Telegraph Avenue. To Walker, blind for seven years, the darkness is full of footsteps.

But there was something else, a knife in his back and a cold voice which said "Give me your

wallet or I'll cut your ribs out." "Are you robbing a blind man?" Walker asked. "I'm employed by the California Industries for the Blind in Oakland. I'm looking for a room close to work. Are you still there?"

No answer. The knife blade pressed into Walker's coat and a hand jerked the wallet containing \$35 from his pocket.

Then silence. Walker walked on to work and asked someone to call the police.

Asks U.N. Aid in Microwave Explosion Case

CARSON CITY, Nev. (AP) — Bernard Brous, accused of blowing up three telephone company microwave stations in the Nevada-Utah desert, Wednesday asked the United Nations to intervene in his behalf.

Brous, 32, was arrested by Mexican authorities and turned set

over to the United States earlier this year. Acting as his own attorney the self-styled commander of the republican army filed a petition in U.S. District court asking that his plea to the U.N. be made part of the court record.

He said his arrest on a yacht off Mexico was an "international political kidnapping and barbaric revenge."

Dale Jensen, 23, of Reno, is held with Brous in the Washoe County jail on the federal charges. No trial date has been set.

Convicted Killer Victim of Heart Attack in Cell

GRAND RAPIDS up—Robert R. Mulford, 57, itinerant painter, convicted here three years ago as the killer of a 10-year-old girl, was found dead in his cell Wednesday at Southern Michigan Prison.

An autopsy revealed Mulford suffered a heart attack. He was sentenced to life imprisonment last Dec. 27. Mulford admitted the slaying of Sandra Washington.

Call Arms Negotiator
Before Congressmen

WASHINGTON (UPI) — Ambassador Arthur H. Dean was called today as the final witness before a congressional committee looking into ways of detecting test nuclear explosions.

Dean is the U.S. representative to the Geneva conference on the discontinuance of nuclear weapon tests.

Preceding his appearance, the

Joint Congressional Atomic Committee expected to take testimony from a battery of experts on the use of earth satellites to detect explosions in the atmosphere and in outer space.

The sessions, which began Tuesday, so far have dealt largely with methods for detecting underground nuclear explosions.

Although the room occupancy rate of the nation's hotels last year dropped 1 per cent below the 1959 figure, their sales rose slightly.

Soviet Economic Paper to Cut Back Publication

MOSCOW (AP) — The official Economic Gazette, which has been appearing daily except Mondays, will become a 48-page weekly on Aug. 1, Pass announced today.

No reason was given. But one factor may be the fact that the Soviet Union is suffering from a paper shortage. Even ordinary coarse typing paper has been extremely scarce in Moscow recently.

Soviet Assails Israel

MOSCOW (AP) — The Soviet armed forces paper Red Star charged today that Israel's recent launching of a scientific research rocket was part of a campaign of intimidation against the Arab states.

Policeman Shoots Shark

WESTHAMPTON, N.Y. (UPI) — A 35-foot thriller shark washed onto Westhampton Beach was shot and killed Wednesday by a New York City policeman vacationing at this Long Island community.

Pole Thinclads Could Be Tough for Yank Stars

WARSAW (AP) — The meet against Poland—the last on a four-stop swing around Europe—could be the toughest of the entire trip for the United States' touring track team.

In fact, the Poles think they can win it, and if some of the United States stars don't recover from their injuries, it will be very, very close.

"Don't I know it," said coach Jumbo Jim Elliott today. "It might even be closer than the meet with Russia and the boys on the team are beginning to realize it."

Suffers Mishap Injuries

CIUDAD TRUJILLO, D. R. (UPI) — Albert M. Colegrove, correspondent for the Scripps-Howard newspapers, was reported in critical condition today as the result of injuries suffered in an auto crash.

From their injuries, it will be very, very close.

Stands Mute in Court on Abortion Charge

Facing abortion charges, a former Pontiac beauty shop owner stood mute when arraigned yesterday in Royal Oak Municipal Court.

Albert Biccoli alias John Abbott, 46, of Detroit was arrested yesterday by Redford State Police detectives.

The charge stemmed from a bungled abortion reported to authorities by an Highland hospital. Investigation led detectives to

Biccoli who now owns a beauty shop in Detroit where the victim had been employed. He also was self-employed as a door-to-door photographer, Detective Thomas McPhail said.

The abortion was attempted in a motel, according to McPhail.

Found in Biccoli's possession when he was arrested at his home yesterday were surgical instruments "of a sort that would be used for abortion," the detective said.

Royal Oak Municipal Judge Keith J. Leenhouts scheduled Biccoli's pretrial hearing for Aug. 4 and set bond at \$10,000.

Meets Problem (Moving Train) Head On...

COLORADO SPRINGS, Colo. (AP)—Here's how Charley Walker ran head-first into the side of a moving passenger train:

He was riding on a motorcycle operated by another boy when signal lights began flashing on a railroad crossing ahead. The driver of the cycle speeded up and managed to get across safely.

But Charley, 15, leaped off. His momentum carried him head-first against the passing Chicago, Rock Island & Pacific train.

He was hospitalized with head injuries.

Reflectors to Line Miles of Michigan Freeways

LANSING (U)—The State Highway Department says more than \$5,000 worth of amber reflectors are being placed along the shoulders of Michigan freeways. The white reflectors are being placed every 200 feet along the highways and the amber reflectors every 100 feet along ramps and interchanges.

S. Africa Hails 1st Envoy

PRETORIA, South Africa (U)—President Charles Swart turned out a 50-man honor guard Wednesday for the first foreign diplomat to present credentials to him as head of the new South African Republic, the former Union of South Africa. The diplomat was Brazil's minister, Celso Raul Garcia.

Negro, White Youths Battle

Feud Erupts in Virginia Town as 2 Teens Are Wounded by Shotgun

By THE ASSOCIATED PRESS

A smoldering feud between rival gangs of white and Negro youths at Blackstone, Va., exploded into violence as two white teenagers were wounded by shotgun pellets.

The youths were wounded Wednesday night when Negroes fired a shotgun into a milling crowd made up of the two gangs. Police Chief Bruce Farley said they were not seriously hurt. Farley said the feud had been brewing for two or three nights. Wednesday night the Negroes sent two small boys to tell the white youths they were ready to fight. The chief said 51 white boys piled into three cars and met the Negroes near the center of Blackstone.

HELP POLICE

The Volunteer Fire Department heard the melee and rushed to join police in breaking up the fight. State police said the firemen turned hoses on the youths to disperse them. No arrests were made.

At Richmond, Va., a federal judge said Wednesday it would be up to the Virginia Supreme Court to determine whether the Prince Edward County public schools were closed in violation of the state's constitution.

Judge Owen R. Lewis said he was not going to require the reopening of the county's schools, closed two years ago to avoid racial integration.

Lewis' comments came in the third day of a hearing as attorneys for the Negro plaintiffs and the Prince Edward School Board summarized before the judge arguments in a court case testing the legality of the school closures.

Sammy Davis, Dad Must Make Up Taxes

LOS ANGELES (AP)—Entertainer Sammy Davis Jr. and his father face income-tax liens totaling \$35,244. The Internal Revenue Service Wednesday filed a \$12,375 lien for additional income taxes for 1958 against the entertainer and his former wife, Lora, from whom he was divorced in 1958. He is now married to actress May Britt.

A lien for the \$22,869 for the same year was filed against Sammy Davis Sr. and his wife, Rita.

McLouth Remains Idle

DETROIT (AP) — McLouth Steel Corp.'s three Detroit-area plants remained idle for the seventh day today as the United Steel Workers

Union scheduled a safety rally for Monday. The union, however, was hopeful of negotiating with McLouth to settle the issue before the meeting, said Charles Younglove, USW district director.

Former Boxer in Athletic Unit

State Board Member Had 8 Years in Ring, 4 Other Posts Filled

LANSING (AP)—Gov. Swainson Wednesday appointed a 45-year-old former boxer to the State Athletic Board of Control. Named to the board for a term expiring Sept. 26, 1961, was Randall J. Conway of Detroit.

Conway had eight years of ring experience, the governor's office said. He succeeds David Gudeley of Muskegon who was named commissioner July 12. The appointment requires Senate confirmation.

Other appointments announced Wednesday were:

Barton H. Crohn, 35, of Hamtramck, to the State Tennis Com-

mission for a term expiring Oct. 31, 1961, the successor James A. Rinaldi of St. Clair Shores, who resigned.

Alfred M. Pelham, 61, of Detroit, to the State Board of Equalization to succeed Terry L. Trout of Romulus, for a term expiring April 25, 1963. Senate approval is required.

Pelham is an associate professor of political science at Wayne State University, the WSU budget officer and coordinator of the Wayne capital improvement program.

Michael E. Matech, 39, of East Lansing, to the State Water Resources Commission for a term ending June 30, 1963. He succeeds Lynn F. Baldwin of East Rapids.

Senate confirmation is required.

Charles N. Diamond, 66, of Detroit, to the Recorder's Court Jury Commission to succeed Rosemary Dolan for a term expiring Dec. 11, 1962.

An intercontinental missile platform bomber uses 1,788,796 rivets, 205,538 nuts and 189,994 washers.

Southern Rhodesia Negroes Get Voice

SALESBURY, Southern Rhodesia (AP) — Southern Rhodesia's voters have endorsed a proposed new constitution for the British colony that gives Negroes a voice in Parliament for the first time but retains white rule.

Prime Minister Sir Edgar Whitehead, leader of the United Federal Party, heralded the outcome of the referendum Wednesday as a "victory over the extremists of both sides."

African nationalists, demanding Negro domination of the government, and the right-wing White Dominion party, opposed to any relaxation of the color bar, bitterly fought the plan to give Negroes 15 of the 60 seats in the new Parliament.

The voting went off with only minor incidents after three days of rioting and demonstrations in which three Negroes were killed by police gunfire.

Identical Twins Meet on the Road Double in Bash

SUNDSVALL, Sweden (AP) — Two cars of the same make and the same color collided head on outside Sundsvall.

Both drivers were thrown against their windshields and fire.

both were treated at the local hospital for scalp cuts. One driver was Finn Gagner, 25. The other was Dag Gagner, 25.

They're identical twins.

East Africa's prehistoric men did not hunt large animals, making do with tortoises, birds, rats, ducks and flamingos. They ate raw meat, not having learned to make or use

Obligation Lingers After Active Duty

Pool of Men Fills Monthly Draft Call

WASHINGTON (AP)—Here is how the draft and reserve system work out for men who may be affected by the mobilization program: Youths register with selective

service upon reaching their 18th birthday. A pool of men who already have received physical and mental examinations and are classified for service is maintained in the selective service

system. From this pool are drawn men who fill the monthly draft quotas.

Under the law, it is possible to examine and put men in pools when they reach their 18th birthday. However, since the end of the Korean War, the average pool age has been higher, now about 23 years. It could be lowered again under the new mobilization program.

Both draftees and volunteers have military obligations which carry them on into the ready, and then the standby, reserves upon completing periods of active duty.

If a draftee or volunteer was under 28 years of age when the reserve forces act became law in 1955, his obligation totals six years — two of active service, two in the ready reserves, two in the standby reserves.

If he volunteered between the ages of 17 and 18½ years, his total time would be eight years — six months active duty; three years in the ready reserves; four and one-half years in the standby.

READY RESERVE
If, while in the 18½ through 25 age bracket, he volunteers, his total obligation would be six years of which six months would be active duty, the rest ready reserve.

The law says that graduates of reserve officer training schools have a six to eight year obligation. Those needed by the armed forces serve two years active duty followed by three in the ready reserves. All others serve six months of active duty for training and seven and one-half years in the ready reserve.

In the ready reserve, a man is expected to engage in 48 scheduled drills or training periods and not more than 17 days of active duty training annually. Active duty for a ready reservist can be extended in two ways: (1) under Presidential proclamation of a national emergency (or in actual wartime); and (2) under declaration of emergency by Congress.

Standby status in which reservists ultimately arrive requires no active participation in training. Essentially, it merely is a list of names. However, standby reservists can be called, involuntarily, to active duty as a result of congressional action. So far, President Kennedy is making no move to call in Army National Guard units. The Defense Department interprets the National Guard to be a "ready reserve" organization. Thus the obligation.

Executive Dies at Oden

ODEN — Felix S. Mayer, 69, board chairman of two of the nation's largest men's clothing manufacturing firms, died Tuesday at his vacation home in Oden. As head of Joseph and Feiss Co.,

Cleveland, and Michaels Stern and Co., Rochester, N.Y., Mayer controlled more clothing production than any other individual in the country.

There are about 3,300,000 miles of roads in the United States.

Schedule for Echo I

The American satellite Echo I will be visible tonight at 10:21 in the southern sky, moving northeast 53 degrees above the horizon. At 12:27 a.m. it will be in the northern sky at 73 degrees, also

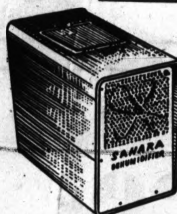

moving northeast; at 2:31 a.m. in the northern sky at 69 degrees, moving southeast; and at 4:36 a.m. in the southern sky at 70 degrees, moving southeast.

Young crows eat their weight in food in a day.

Urban Renewal Intern' to Join Pontiac Staff

A 22-year-old Michigan State University senior has joined the city's urban renewal staff under a federal internship program to ease the shortage of urban renewal specialists in the area.

Daniel B. Sreen, a native of Rochester, is the first intern in Pontiac under the federal program.

A political science major who expects his college degree in January, Sreen will be paid at a \$4,100-a-year rate from federal funds during his six months as a trainee on the job in Pontiac's Planning and Urban Renewal Department.

Afterward, he hopes to join the city's staff as a regular employee. Sreen was a 1957 graduate of Rochester High School.

The Urban Renewal Administration is sponsoring internships like Sreen's in projects across the nation, according to James Bates, planning and urban renewal director. The government hopes to increase the number of urban renewal specialists this way, he said.

Calls on Parents to Get Tough on TV Viewing

WASHINGTON (U)—Secretary of Welfare Abraham Ribicoff called on parents today to get tough to prevent children from absorbing a diet of crime and violence on television.

"Parents must learn to get tough with themselves and their children, as well as with the television industry," Ribicoff told a Senate subcommittee.

He also said "the television industry must fulfill its obligations to its viewers" by providing better programs. He urged intensive research into the impact of TV programs on the nation's youth.

The subcommittee is trying to determine what, if any, relationship exists between crime and violence depicted on TV and rising rates of juvenile delinquency.

Chrysler Board Meeting in N. Y.

Sources Conflict on Claim New President Has Been Decided

DETROIT (U)—The board of directors of Chrysler Corp. meets in New York today for another session of a corporate cliff-hanger which has been running a solid year.

It is familiarly known as "will they name a new president?"

The question has recurred each time the board has met since it fired William C. Newberg last June 26.

On the eve of each board meeting, some claim to know that a name has been found. This time is no exception.

Officially nothing is being said, other than to acknowledge the hunt. The subcommittee, headed by R. E. McNell of New York's Barrow Bank, remains mum.

The corporation some time ago adopted a standing policy of disregarding such speculation.

As for today's meeting all that has been said is that the second quarter will be announced.

L. L. Colbert currently is serving as both chairman and president of Chrysler. He is not a member of the board's subcommittee which has been interviewing presidential timber.

Rowston Hears Governor of Illinois in Chicago

Mayor Philip E. Rowston, in Chicago today as the guest of that city, heard Gov. Otto Kerner of Illinois issue an invitation to Midwestern cities to take a share of Chicago's world trade potential.

Kerner, addressing a gathering of state and municipal officials at Chicago's 1961 International Trade Fair, spoke of Chicago's prospects as a trade center because of the St. Lawrence Seaway.

Louis Schimmel to Speak to Area Community Unit

Louis H. Schimmel will be guest speaker at the Greater Waterford Community Council's meeting Tuesday, Aug. 1, at John D. Pierce Junior High School in Waterford Township.

The meeting is slated to begin at 8 p.m.

Schimmel, former president of the Pontiac Board of Education, and an expert on public finance, will explain financing of sewer and water systems and other township improvement projects.

He will also explain the cost and benefits of such projects to the homeowner.

Also on the agenda will be final reports on the council's fund for school tennis courts. The Waterford Board of Education has scheduled a special meeting to discuss on Aug. 2.

The council had set a goal of \$5,000 for the courts. It was recently reported that \$4,500 had been raised but the fund contains less than \$4,000, according to an audit made this week.

Mrs. E. L. Winder, president, said a check disclosed that some pledges were duplicates, reducing the fund total to under \$4,000.

Reports on the council's bookmobile and exchange student programs are also on the agenda.

Grenade Kills 2 Tots

ADDIS ABABA, Ethiopia (U)—An Italian hand grenade dropped in Bendera Province during the Ethiopian war 25 years ago was exploded Wednesday by the kick of a child at play. Two children were killed and a third injured.

Car Sales Rise Sharply in July

Midmonth Purchases at Their Highest Point for Period Since 1955

DETROIT (U)—New car sales in mid-July reached their highest point for the period since 1955, Ward's Automotive Reports said Wednesday.

Average daily sales of 19,707 from July 11 through July 20 marked only the second time this year that current sales have bettered those of the similar period of 1960, the statistical service reported. The other occasion was the last 10 days of May.

The peak was in sharp contrast to the opening 10 days of the month when sales dropped to their lowest point since February.

Total domestic sales were estimated at 17,268 units, of which a record 37.7 per cent, or 6,504, were compact models.

General Motors, Ward's said, accounted for 43.1 per cent of the sales, compared with 51.2 per cent in the middle 10 days of June; Ford 38.9 per cent compared with 39.2 per cent; Chrysler 11.3 against 10.4; American Motors 5.3 against 7.1 and Studebaker-Packard 0.8 against 1.0.

Hits Aid to Areas Luring Firms by Tax-Free Bonds

WASHINGTON (U)—Rep. Robert P. Griffin, R-Mich., says federal funds under the depressed areas program should not be granted to communities which attract industry by financing plants with tax exempt municipal bonds.

More than \$100 million was earmarked in the program for industrial development in rural depressed areas. Griffin, in his criticism Wednesday, said a large percentage of the areas qualified last week by the Commerce Department are in the South.

"It is unconscionable for the Kennedy administration to stand idly by and allow communities in southern states to lure new industry by utilizing a federal tax loophole and then to reward them with a handout of federal funds," Griffin said in a statement.

In rural development in depressed

Driver Appeals \$10 Fine—but It Costs a Little

LITTLE ROCK, Ark. (AP)—A \$10 fine for running a red light has been appealed to the Arkansas Supreme Court by Ray Garrison of Alpena.

The light in question is on U.S. Highway 63 at Alpena. The highway department contends it shouldn't be there. So does Garrison, who originally was fined on two counts of running the light in June 1960. He appealed and beat one charge but was convicted on the other.

So far he's out \$102 for expenses.

20.5 Billion Argentines

BUENOS AIRES (U)—Provisional figures of the 1960 Argentine census published Wednesday indicated a population of almost 20.5 million. This represents a 25.9 percent increase over 15,897,127 in 1947, the last census.

UAW to AMC: Set a Pattern

Firm's Vice President Opposes That System of Bargaining

DETROIT (U)—Contending that American Motors Corp. made a profit of 12 per cent on stockholder investment for the nine months ended June 30, the United Auto Workers Union says that the firm "now can afford to give leadership in setting new patterns in collective bargaining."

AMC Vice President Edward Cushman, however, told newsmen his company does not want to engage "in pattern bargaining, parallel bargaining or industrywide bargaining" and that both company and union contract proposals "ought to be examined in the light of problems at American Motors."

The exchange of views occurred Wednesday as AMC and the UAW resumed negotiations on a new contract to replace a current three-year pact that expires Sept. 7.

Calling for a pattern to protect existing jobs and at the same time create new job opportunities, the UAW proposed a shorter work week and annual salaries instead of hourly wages at AMC.

It previously had dropped these proposals on the bargaining tables at General Motors, Ford and Chrysler, where current contracts expire Aug. 31.

Negotiators broke into subcommittees at American Motors and Ford negotiations today, but full teams met at General Motors and Chrysler.

Berlin Problem to Be Like Bad Penny

By JAMES MARLOW

Associated Press News Analyst
WASHINGTON—Short of an explosion, you'd better get used to an angry Berlin problem which will boil up again and again for years. It's a mixed-up and, in a sense, an ironic mess. Even President Kennedy isn't expressing hope for a permanent Berlin solution now.

He said in his TV talk Tuesday night there is "no quick and easy solution." Before he was President he said the dilemma would not be solved for years. "This is what's likely to happen if there's no war now: Temporary arrangements to reduce the heat and then another flare-up."

Nothing shows better what a mess it is than Kennedy's statement Tuesday night: "Berlin is not a part of East Germany, but a separate territory under control of the Allied powers. Thus our rights are clear and firmly rooted."

CITIES, NOT 1

Berlin lies 110 miles inside Communist East Germany, over and through which lie all the supply routes to Berlin. But Berlin itself is two cities, not one.

East Berlin is under East German Communist control. In West Berlin, where almost 2½ million people's sympathies are with West Germany, the United States, Britain and France have almost Western support for them.

It's easy to imagine how Americans would feel if, say, Kansas City, in the heart of the United States, was a Communist-run puppet.

town whose links were with Russia and whose supplies and visitors came from there.

What then does Kennedy mean by saying the West has "rights" to Berlin? The U.S. government argues this way:

In agreements made with Russia during and after World War II Allied troops were to stay in Berlin until the division of the city was signed a peace treaty with a new German government.

(The Soviets say, in effect, all this is now out of date and it's about time a peace treaty was finally signed.)

GERMANS

But the trouble is there are two Germanies: the West German government of Chancellor Adenauer, allied to the West; and the East German Communist government which is actually a Russian puppet.

Adenauer insists no peace treaty with East Germany should be signed because this would mean the Allies agreed there could be two Germanies. He wants, and the United States backs him up, just one single German government for all Germany.

(And in fairness: It is understandable that the Russians—after what a single German government did to them in World War II—may genuinely fear seeing a new, all-powerful, single German government again. So long as Germany is divided, its strength is split.)

But even now the East German Communists don't have full control of their territory. For instance, the Russians, not the East Germans, control those supply routes to Berlin.

The Russians threaten—whether or not the Allies do it—to sign a separate peace treaty with East Germany and give control of the Berlin supply routes to them.

COULD BE KICKED OUT

The reason the Russians won't

buy is this: They control East Germany now. In a free election the East Germans would probably vote for a single, non-Communist government.

This would put the Allies in a goody box. They'd have to get permission for sending supplies and people to Berlin from an East German government they don't even recognize as a government.

All kinds of mix-ups could happen then although the East Germans would hardly try to shut off Berlin without Soviet approval since they'd have to depend on Russian support if the West decided to smash its way through.

And here is the note of irony: Not only the Russians but probably millions of people in the United States, France and Britain—remembering what a single big Germany did in the war—don't want to see the two Germanies united.

Nevertheless, the United States keeps telling the Russians Germany must be unified while knowing the Russians won't agree to any such thing.

White House Issues Code

Federal Workers Are Forbidden to Use Status for Private Gain

WASHINGTON (AP)—The White House Wednesday issued a code of "minimum standards of conduct" forbidding government employees to use their official status for private gain.

The code was drafted by the Civil Service Commission as a follow-up to President Kennedy's April 27 message to Congress urging a streamlining of the conflict-of-interest laws.

Applying to all civilian employees, from Cabinet officers down, the code of ethics bars gifts, payments and loans to federal employees where even "a reasonable question of conflict with his public duties and responsibilities" is raised.

"The potential conflict of concern whether it is real or only apparent," the code says.

It provides that employees may not engage in teaching, lecturing, writing or other outside employment "which might reasonably result in a conflict of interest, or an apparent conflict of interest," between official duties and the employee's private gain.

Burroughs Earnings Dip in 6-Month Period

DETROIT (AP)—Burroughs Corp. Wednesday reported its earnings for the six-month period ended June 30 totaled \$184,856,000 compared to \$201,500,000 in the same period of 1960.

Burroughs said its net earnings for the period this year were \$3,185,000 against \$5,043,000 in the first half of 1960.

Second quarter earnings in 1961 were \$1,780,250 compared with first quarter earnings of \$1,405,000.

Call for Defense Money Jeopardizing Other Bills

By JACK BELL

WASHINGTON (AP)—President Kennedy apparently has put in jeopardy part of his New Frontier defense spending.

Spurred by the popular support Kennedy aroused in taking his case to the nation Tuesday night, Congress is in the process of giving him the \$5,400,000,000 asked—plus a year's authority to boost military manpower—as speedily as its ponderous machinery can operate.

But the enthusiasm with which members of both parties are backing the Chief Executive in the build up of arms spending in connection with the Berlin crisis is matched by the midwifing with many view the fiscal future.

Republicans have taken the lead in demanding domestic economies aimed at providing what they say otherwise may be a deficit in excess of \$5 billion for the fiscal year ending next June 30. Conservative Democrats are taking in the same terms.

The Republican Congressional Committee made in a statement Wednesday night that "the President cannot have it both ways" and "must shelve unnecessary civilian spending for the duration of the international emergency."

"We cannot afford the fat of social experimentation at this time if we are to develop the present of survival," the statement said.

Sen. Harry F. Byrd, D-Va., called on Kennedy to turn his attention immediately to "curtailment of all non-defense expenditures . . . which may be desirable but not absolutely necessary."

Kennedy has established a fairly good batting average in connecting the traditional Republican—Southern Democratic coalition—and getting Congress' approval of legislation dealing with distressed areas, housing, minimum wage, Social Security and unemployment compensation.

But the increased military outlays have injected a new element in this contest—the prospect of a

whooping budget deficit or increased taxes in 1962, when all House seats and one-third of those in the Senate are up for grabs in the election. Kennedy has left the tax question open but said he wants a strictly balanced budget next year.

Kennedy owes passage of some

Come Up With Many New CD Devices

(Editor's Note: In addition to the new CD devices, what protective devices are being planned by civil defense officials for the average citizen? Starting on page 17, Civil defense officials are examining the survival considerations in this last of four articles.)

By STERLING F. GREEN

WASHINGTON (AP)—Civil defense authorities, concerned about the slow acceptance of the home shelter idea and misconceptions about such factors as evacuation, are working on protective devices for the average citizen.

Too many Americans still conceive of shelter as a costly blast-proof structure with three-foot walls.

Such shelters still are recommended, but the Office of Civil and Defense Mobilization says that in a great many cases an ordinary basement would do if it were provided with a wind-baffle entrance to block contaminated dust.

Current civil defense thinking accepts the idea that millions would be in the wrong place if catastrophe came. These would be killed.

The big idea now is to save those who, having escaped the blast, are still vulnerable to radioactive fallout. The aim is to provide the survivors with shelter from the particles that are sucked up in nuclear explosions, carried on high, strong winds, and deposited on cities and countryside perhaps hundreds of miles away.

ATTEMPTS TO CLARIFY

President Kennedy tried to straighten out this misconception in his message to Congress in May.

"Civil defense," he said, "cannot give an assurance of blast protection."

"And it cannot defer a nuclear

attack. But civil defense can be readily justified as insurance for the civilian population in case of an enemy miscalculation.

"There is no point in delaying the initiation of a nationwide long range program."

There also are misconceptions about evacuation, officials acknowledge. Most city dwellers believe with good reason that an 11th hour mass exodus in private cars would end quickly in a hopeless jam.

Actually, evacuation is not conceived of as a final, panicky flight while missiles streak toward their targets. It is now viewed chiefly as an advance precaution, taken in particularly vulnerable areas if deteriorating international conditions make it seem advisable.

THINK OF CIVILIANS

Assuming the cooperation of the

Congress, authorities have further plans for the average citizen. OCDM research people are working on these items, for instance:

An "air raid alarm in every home." This is the small buzzer box, already under test in Michigan.

President Proclaims U.S. Education Week

WASHINGTON (AP)—President Kennedy Wednesday proclaimed the week of Nov. 5-11 as American Education Week, and urged "that we honor our teachers and school officials, for whom every week is education week."

He suggested that every American take part, through school and community, in observances to focus attention on education as a force for the good in our national life.

gan, which can be wired to the electrical system of the dwelling for \$7.50 or a little more.

A "civilian mask"—a compact and lightweight relative of the gas mask, this device is designed in children and adult sizes to filter out poisons of radiological, chemical or biological origin. OCDM hopes it could be mass produced and sold at low cost.

A do-it-yourself radiation kit. A simple detection kit has been developed but costs \$20. OCDM hopes the cost can be cut.

CONTROL TUSSELE

Until last week's White House order giving the Pentagon major responsibility for civil defense, there was behind-scenes conflict over whether the military establishment should take over the warning, communications and acre reservation there.

research and development programs as well as the management of the shelter drive.

The Governors' Conference and the United States Conference of Mayors—evidently believing that civilians would come off second best if military establishment men were making the decisions—issued strong statements favoring continued civilian control under the OCDM.

But with these issues settled and policy control still in civilian hands, all the disputants apparently have agreed that an all-out drive is worth the effort, under any management. They are hoping it is not already too late.

The Bedouin tribes, which have roamed the Negev since before the days of Abraham and Isaac, have squatters' rights to a 275,000-acre reservation there.

North Central Signs Pact to Buy Air Routes

GRAND RAPIDS (AP)—North Central Airlines has completed negotiations and signed a contract to purchase three route segments in Montana, North Dakota and South Dakota from Frontier Airlines.

Hal N. Gray, North Central president, said the purchase involved 1,376 route miles and 16 cities.

The contract is subject to approval by the Civil Aeronautics Board and stockholders of both airlines.

Brownies Interested in Current Events

ELMIRA, N.Y. (AP)—La Rue Seely, assistant to the city manager, was prepared to answer any question on city government when a group of Brownies toured City Hall.

The first question: "How does the electric light work?"

WILLIAMS AT LAGOS CONFAB—U.S. State Department officials headed by G. Mennen Williams (fifth from left) sit at a table in Independence Hall at the Lagos Federal Palace in Nigeria for the opening conference on the subjects of American policies

and interests in sub-Saharan Africa. Williams is assistant secretary of state for African affairs. Others at the table are from left: Donald Dumont, John Mace, Henry Brodie, Dan Margolies, Williams, Robert Elsenberg, John Abernathy and Norman Olmick.

Sorry for Conduct to Conductor

Tenor Hits a Blue Note

VERONA, Italy (AP)—Handsome tenor Franco Corelli, whose 6-foot-plus of dark, good looks and ringing voice have made him a matinee idol in Italy and New York and whose temper is one of the opera world's quickest.

Sevitsky, 68, longtime conductor of the Indianapolis Symphony, clashed with Corelli and several other singers Tuesday night during a rehearsal of Bitet's "Carmen" for Verona's annual outdoor opera season.

The conductor said he had "a disagreement with several artists concerning the tempo and general execution of the opera." Corelli finally stopped in mid-air, complained Sevitsky was taking things too slow and walked off the stage after an exchange of words with the conductor.

Officials of the opera company tried to mediate but Sevitsky refused to continue. Italian maestro Francesco Molinari-Pardelli was engaged to conduct the performance tonight—with Corelli still in the cast as Don Jose.

"I did not think the conductor would take me seriously," Corelli said last night. "I thought we could have arranged to work together." Sevitsky said he was conducting "strictly according to the desires of the composer" and that he hoped to return to the Verona opera at another time "working with other artists in another edition."

Russian, U.S. Fishermen Have Meeting at Sea

NEW BEDFORD, Mass. (UPI)—A Soviet fishing trawler with a crew pulled alongside an American vessel for a friendly 15-minute meeting earlier this week, the American fishing boat captain said Wednesday.

Capt. Irving S. Hoffman of the Catherine C said the meeting took place near the George's Banks fishing ground.

The Soviet crew, which included several women, exchanged candy, cigarettes and conversation in limited English, Hoffman said. The Russians gave Hoffman's crew herring and received scallops in return.

Hoffman said he saw no excess electronic gear aboard the ship but added that it could have been covered up easily.

2 Plan 4,300-Mile Trip in Ancient Fire Engine

GENOA, Italy (AP)—Two Argentine firemen plan a 4,300-mile tour of Europe in their 36-year-old fire engine "to say hello to all the firemen we meet on the road."

Leonardo Antico, 49, and Enrico Mazzei, 48, said they also hoped to interest the manufacturer (Renault) in placing the old truck in a company museum in exchange for a new one. They termed it the pride of the Buenos Aires fire brigades.

Lord Tennyson was poet laureate of England 41 years, 11 months, before his death in 1892.

CAB Orders Study of Airline Routes

WASHINGTON (U) — The Civil Aeronautics Board has initiated steps to fill in some of the major competitive gaps that may have resulted from the merger of United and Capital airlines.

The board Wednesday ordered an investigation into the need for new or improved air service between Cleveland and New York, conducting an air search for an Cleveland and Chicago, Cleveland and Philadelphia, and Philadelphia and Detroit.

The board made the following Bahia.

airlines, along with United, parties to the investigation: Allegheny, American, Lake Central, Mohawk, Northwest, and Trans World.

It gave the parties 30 days in which to file any additional applications, motions and petitions.

Search for Submarine

RIO DE JANEIRO (UPI) — The government said Wednesday it is conducting an air search for an unidentified submarine reported Tuesday about 15 miles off the coast of the northern state of Bahia.

Ignore the Law? Justice Triumphs With Heavy Hand

ORANGE, N.J. (AP)—Mr. and Mrs. John Clarke were awakened Wednesday by a pounding at their door at 3 a.m.

"Who's there," called out a startled Clarke.

"Open up. This is the police," was the reply.

Clarke didn't believe them. He called headquarters.

"They told me the men were police all right, so I opened the door," Clarke said.

Mrs. Clarke was then served with a warrant charging her failure to pay a dollar parking fine in Morristown last May 17.

Clarke drove his wife to headquarters where she was held while Clarke drove another 18 miles to the home of his father-in-law to borrow \$10 to bail his wife out. Police wouldn't accept his check.

At 4:30 a.m., the Clarks were back home. Several hours later Clarke paid the fine, increased to \$4.

Clarke said it wasn't even his wife's fault. The car is registered in her name but he had received the ticket for overtime parking.

Fine Sarah Churchill

LONDON (UPI)—Sarah Churchill, actress daughter of Sir Winston Churchill, was fined \$5.00 on today. She was released when the court was told a doctor would accept her as "an informal patient."

Slain Man's Widow Identifies Murderer

MUSKEGON (U)—The widow of Michael Markucki, 67, retired watchmaker who was slain July 5, in court Wednesday identified one of two Chicago men as the killer.

Mrs. Josephine Markucki was on the stand for nearly two hours at the preliminary examination of Arthur C. Hartman, 29, and Gaylord L. Stanton, 35. Hartman and Stanton are charged with murder in the slaying.

Mrs. Markucki testified she could positively identify Hartman.

"That's the man over here," she said as she stood and pointed.

"Stand up. I want to point him out to everyone."

"Goodyear Tires Are Made in Michigan by Michigan People"

Over 100 Volunteers at Auxiliary's Membership Tea

Mrs. James Clarkson of Loon Lake (center) welcomes officers of the women's Auxiliary to Pontiac General Hospital to the annual membership tea at her home. Arriving (from left) are Mrs. Socrates Sekles of Ottawa Drive, president; and Mrs. Clark J. Adams of Walton Boulevard, first vice president.

More than a hundred volunteers paused in their round of activities Wednesday afternoon for the annual membership tea of the Women's Auxiliary to Pontiac General Hospital.

Opening her lakeside home on St. Jude Street for the affair was Mrs. James Clarkson. Mrs. Clark Adams was tea chairman, assisted by hostess Mrs. Ray Rapaport.

Orange sherbet colors prevailed in the floral decorations planned by Mrs. H. Russel Holland, Mrs. William Bedard and Mrs. C. T. Ekelund. Table arrangements dominated by massive ice punch bowls in which sherbet-colored carnations and fern were imbedded were planned by Mrs. Palmer Bundy, Mrs. Cecil McCollum and Mrs. E. K. Wellman.

Other committees for the affair were headed by Mrs. William Dean and Mrs. N. E. Durocher, guest book; Mrs. Matt Shelton, membership; Mrs. Robert Lyons and Mrs. Robert Armstrong, reception; and Dr. Mary Guthrie, invitations.

DISCUSS FUND RAISING

Completing the list of chairmen were Mrs. Charles Barrett, pouring committee; Mrs. P. Eugene Miller and Mrs. Everett Garrison, refreshments; Mrs. Floyd Compton and Mrs. Lloyd Tindler, kitchen; Mrs. Everett Reese, social; and Mrs. Forest Wood and Mrs. Edwin McNamara, publicity.

Tes table talk included preliminary discussion of the group's primary fund raising activity, the annual "High Fever Follies" set for Nov. 3 and 4 under the chairmanship of Dr. and Mrs. Lynn Allen Jr. Diversional therapy, inaugurated last year for ambulatory patients has been expanded to include bedside service. Recruitment for this program which continues during the summer months was another tea activity. Diversional therapy chairmen are Mrs. Raymond Mudge and Mrs. James Mellon.

Membership chairman Mrs. Matt Shelton of Charlotte Avenue (at left) provides name tags for tea guests Mrs. Joseph Belant of Ottawa Drive, Mrs. Edwin Ojay of Shawnee Lane, Drayton Plains and Mrs. Allan Denham of Oriole Road. They were among the more than a hundred women who met Wednesday at the lakeside home of the James Clarksons.

Women's Section

You're in a Spot, Says Abby

Ask Clergyman for Advice

By ABIGAIL VAN BUREN

DEAR ABBY: I am being married soon. My parents were divorced last year, but my father is paying for my wedding. I have planned it right down to the last detail, and I want it to be perfect. My problem is my mother. She is 38 and very beautiful. I bought herself a white organza dress that looks almost like my wedding gown.

I showed her in the etiquette book where the bride's mother is not supposed to wear black or white, but she says the book was written 100 years ago, and she'll wear what she likes. Also, she wants to have as her "date" for the evening a man who is much too young for her. How can you tell your own mother what to do? I am terribly upset over this. Can you advise me?

UPSET BRIDE

DEAR BRIDE: YOU can't tell your mother what to do—but your clergyman can make some appropriate suggestions. Tell him your problem and enlist his help. Good luck.

DEAR ABBY: Your advice to "SWEET 16" was excellent, but you were just giving advice from your own thinking. I can back it up with my own experience.

When I was 16 I also had a bad reputation, and ran with a fast crowd. I was lucky enough to convince my mother to move to another state. I had no friends, but I lived a good, clean life for four years and, when I was 20, I met and married a fine man.

I want to tell "SWEET 16" this: I've been through it and, believe me, it's best to move away and not tell anyone about your past. Not even your husband. If he loves you, he won't ask. I've been married for ten years, and have kept my secret from my husband because I love him, and don't want to burden him with my guilt.

I know God has forgiven me because He blessed me with a good husband and five healthy children. So, now I've forgiven myself.

KEEPING QUIET

DEAR ABBY: My little

brother takes violin lessons. He is supposed to practice an hour a day, but he practices TWO hours a day and sometimes more. Abby, he is driving me crazy.

I am 15 and have homework to do. When he plays those exercises, I can't think. When

Radio Executive Heads Business Women's Clubs

CHICAGO (P) — A 35-year-old Kentucky radio station executive is the new president of Business and Professional Women's Clubs.

She is Katherine K. Peden, vice president and director of radio station WHOP in Hopkinsville, whose election made her the youngest president in the history of the 42-year-old organization of 170,000 career women. She was chosen to the post by the 5,200 delegates at the federation's convention which ends today.

Dr. Minnie C. Miles of Tuscaloosa, Ala., was elected first vice president of the organization.

Other officers elected included: Virginia Allan of Wyandotte, Mich., second vice president.

MRS. JOHN WELLMAN

Karen Fletcher, daughter of the Howard Fletchers of Mann Road and Pfc. John Wellman, son of the Lawrence Wellmans of Highland Road were wed Saturday in Waterford, Pfc. Wellman will return to Germany in August.

he stops, I can still hear him for hours afterwards. My parents won't listen to me because they think he's great. He is really awful. Please tell me how to get a little peace around here so I can study.

GOING CRAZY

DEAR GOING: There are two gadgets which might help. A note for your brother's violin, or a pair of wax ear plugs for yourself. Or you could go to the library or a friend's house to study. Don't belittle a beginner's ambition. Practice makes perfect.

What's bothering you? For a personal reply, write to Abby, The Pontiac Press, Pontiac, Mich. Include a stamped, self-addressed envelope.

For Abby's booklet, "How to Have a Lovely Wedding," send 50c to Abby. The Pontiac Press, Pontiac, Mich.

Luncheon Is Held

Mrs. Don Conner of Orchard Lake was hostess to the Countryside Improvement Association Wednesday.

A luncheon and card party followed the business session. Assisting the hostess were Mrs. Eugene Foley, Mrs. A. R. Booth and Mrs. Lynn Johnson.

Discussing the variety of volunteer opportunities available at Pontiac General Hospital are (from left) Mrs. Raymond Mudge of Seminole Avenue, Mrs. William J. Dean Sr. of Ottawa Drive, Mrs. Mel D. Stapp

of Inverness Avenue and Mrs. Edwin McNamara, director of volunteer services and public relations at the hospital.

Comings and Goings Make News

Rev. and Mrs. George Ensworth Jr. will arrive from Philadelphia, Pa., next week with their three children to visit his brother and sister-in-law the Robert J. Ensworths of Starr Avenue.

Former Pontiac resident Mrs. Melvin Ruppels arrived Monday by plane from Dunedin, Fla. She will spend a week with her sister Mrs. Benjamin Backus of West Princeton Avenue and her mother Mrs. Francis LaPortune of Cherryland Avenue, Auburn Heights.

This is Mrs. Ruppels' first visit here in nine years.

The birth of a son, Stephen Douglas, July 18 at Pontiac General Hospital, is announced by Mr. and Mrs. C. Douglas Brown (Linda Lankford) of Olmstead Street, Drayton Plains.

The Cecil Lankfords of North Sanford Street and Mr. and Mrs. Lon Brown of Goring Street are the baby's grandparents.

Mr. and Mrs. Chester Varney of Nelson Street will attend commencement exercises this evening at Western Michigan University, Kalamazoo, when their daughter Mrs. James Chambers (Martha Varney) of East Grand Rapids receives her master's degree in speech therapy.

The David E. Crawford (Vera Murphy)

of Woodmont Street, Drayton Plains, announce the birth of a daughter, Laurie Ann, July 21 at Pontiac General Hospital.

Mrs. Lawrence Murphy of Dover Road and the J. Earl Crawford of Oak Knoll Street, Waterford Township are the infant's grandparents.

Mr. and Mrs. Jack Chettleburgh of Starr Avenue announce the adoption of a six-week old baby boy, Randall William, on July 21.

Maternal grandparents are Mr. and Mrs. Carlton D. Kaiser of Milford and paternal grandmother is Mrs. William Chettleburgh of Walled Lake.

The Jack Stantons (Nancy Barnes) of Durham, N.C., formerly of Pontiac, announce the birth of a son, Robert Scott, July 23 at Watts Hospital in Durham.

Grandparents are Mr. and Mrs. S. W. Barnes of Chippewa Road and the Thomas Stantons of Stirling Avenue. Great-grandparents are Mrs. Robert Blake of LeBaron Avenue and Fred Schiebel of Utica.

A daughter, Suzanne Elizabeth was born to Mr. and Mrs. Stuart R. Hill (Joyce Devey) of Sashabaw Road, Drayton Plains, July 14 at St. Joseph Mercy Hospital.

The baby's grandparents are Mrs. Alonzo Devey of Seward Street, Mrs. Irvin C. Surratt of North Opdyke Road and Hubert G. Hill of Auburn Avenue.

Hong Kong Has Diamonds Going Like Hot Cakes

HONG KONG (P) — The jewelry market is booming here. More than 200 new jewelers have sprung up over the past three years in tourist-crowded areas of this British colony. At this free port, diamonds, pearls and jade pour in without customs duty. At these bargain rates, they sell like hot cakes.

Diamonds are imported wholesale, cut, polished but not set. Designed and set by world standard local workmen, diamonds are sold according to their weight and color.

Prices here for a carat stone start at a few hundred Hong Kong dollars and climb as high as \$4,000, depending on quality.

Make Bath Mitt

If you're the type who loses her washcloth—and her temper—in the tub or shower, why not try a bath mitt which will stay right on your hand. It isn't even necessary to buy one. Just fold any washcloth in half, and machine-stitch, or overcast along one long and one short edge of the cloth. Such a mitt is as easy to lather up and use as it is to make.

Say Vows in Ohio Ceremony Reception and Wedding Is Held in Candlelight

Lighted candles marked family pews for the marriage Saturday of Elizabeth Ann Brandes to John H. Pattison in St. John's Evangelical United Church of Christ, Elmore, Ohio. Rev. Fred Zimmerman performed the candlelight ceremony.

Greeting some 250 guests at a candlelight church reception were the newlyweds and their parents, Mr. and Mrs. George H. Brandes of Elmore, Ohio, and the Harry H. Pattisons of Orchard Lake.

A French cascade of white sweetheart roses, ivy and stephanotis complemented the bridal gown of white silk organza worn with shoulder-length veil attached to a white organza Dior bow.

Attendants in white silk organza applied in geranium pink were matching cummerbunds, white silk picture hats and white silk shoes. Each carried a pink champagne Duchesse rose.

Nancy Ellen Brandes attended her sister as maid of honor, and another sister, Brenda Elaine and a cousin Jane Ann Snyder of Westlake, Ohio, were bridesmaids.

Eugene and Richard Pattison seated guests at their brother's wedding with his fraternity brothers Paul M. Brenton of Dearborn and Dale P. Hedding of Ann Arbor. Robert E. Dennis of Swartz Creek attended his former college roommate and fraternity brother as best man.

The couple attended University of Michigan where Mr. Pattison was affiliated with Triangle Fraternity and Pi Tau Sigma. He is engineer for the David Taylor Model Basin, Carderock, Md. His bride will complete her senior year studies in Washington, D.C.

Pink roses shared dress with Mrs. Brandes' sheath of pink linen. Mrs. Pattison chose aqua-embroidered white linen and corsage of white roses.

Artist Society Plans Outdoor Exhibit, Sale

The Pontiac Society of Artists will present an outdoor exhibit and sale Friday and Saturday at Tel-Huron Shopping Center.

Terra cotta and sculptured pieces will be on display in the store windows, and paintings in oil, water color, pastel and charcoal will be shown. Mrs. Cecil Dumbrie, exhibit chairman, will be in charge of sculpture. Mrs. Herman Bell, cochairman, will supervise the placement of paintings.

SHARON ANN EVERETT

The Ford Everetts of Lowell Street announce the engagement of their daughter Sharon Ann to Ensign Harold E. Cameron, son of the George Camerons of Waterford Township. Her fiancé is stationed at Pensacola, Fla.

MARY ELLEN TURTON

Fall vows are planned by Mary Ellen Turton, daughter of Mrs. Wayne Coons of Fairfax Street and Harry L. Turton of Escondido, Calif., to Thomas L. Wallis Jr., son of the senior Thomas L. Wallises of Omar Street.

MARILYN KAY BELL

September vows are planned by Marilyn Kay Bell, daughter of the Lester Bells of Liberty Street, to Thomas C. Simpson, son of Mrs. Anna May Simpson of Cadillac Avenue and Thomas Simpson of Detroit. Marilyn attended Michigan State University Oakland.

Apply Astringent Often During Day

(NEA) — The oily areas of the face (usually the nose and forehead) can give even a woman with dry skin trouble. In order to avoid blackheads, apply astringent often during the day.

blackheads appear several times a day with astringent cotton dipped in astringent cleanser. You should do this morning, noon and night. If these areas are very oily, you may have to do it more often. But you'll find that this process will do much to dry up blackheads.

No Need to Accept a Candy

By The Emily Post Institute
Q: One of the women in our company retired a few days ago. She brought in a large box of candy and during the course of the afternoon personally passed it around to each employee as she bade them good-bye. As I am dieting, I said "No, thank you" when the candy was offered to me.
One of the young women who works beside me said that I committed a breach of etiquette by refusing this friendly gesture, and that I should have taken a piece even if I did not eat it. Will you please tell me if I was wrong?
A: You committed no breach of etiquette in refusing the candy, but it would have been more polite to have added to your "No thank you," "I only wish I could, but I'm on a very strict diet."

Q: I know you have written on this subject before, but won't you please write something again to the man who habitually sits at the dining table with his face buried in the newspaper, leaving his wife shut out completely.
A: Unless he eats alone, the only time a courteous man is permitted to read his newspaper, even at his own table, is at breakfast, and then it is supposed that his wife will be busy with the younger members of the family or will herself be "buried" in the other half of the paper.

Q: When serving a thin vegetable such as stewed tomatoes in a separate side dish, what implement is one supposed to use—a fork or a spoon? A friend of mine insists that all vegetables must be eaten with a fork, but I can't see how any one could possibly eat thin stewed tomatoes with a fork. Would it be permissible to eat this vegetable with a spoon?
A: Your friend is right in saying that vegetables should be eaten with a fork; but if the stewed tomatoes are so thin that they run through the tines of the fork, a spoon would be permissible.

Q: When finishing soup or cereal or any food served in a dish with a plate under it, should the spoon be left in the dish or put on the side of the plate? I never know.
A: If the dish is wide and fairly shallow, the spoon may be left in it; otherwise it should be left on the edge of the plate underneath.

The Emily Post Institute cannot answer personal mail, but all questions of general interest are answered in this column.

Messiness May Show Need for Attention

By MURIEL LAWRENCE
Newspaper Enterprise Assn.
Tonight Ted's father, detained by a business meeting, will get home late. He'll turn his car into his driveway, his headlights ushering him past his darkened back lawn to the garage ramp.

There, swearing, he'll get out. Slamming the car door, he'll enter the garage and shove aside the express wagon his son has left in the center of its floor, a single roller skate and a carton of old cola bottles with which Ted has been pretending to be a milkman.

Then, after putting away his car for the night, he'll enter the house to roar at his wife:

"How many times does that kid have to be told not to leave his stuff all over the garage floor?"

when he knows very well I need the space for the car?"

Two weeks ago another father had the same experience. A psychiatrist friend of mine was detained by a medical meeting and arrived home late.

At his garage ramp he, too, had to brake his car to get out and remove clutter of his 6-year-old's belongings. But instead of swearing at them, he said to himself, "I've got to make a point of getting home early tomorrow night."

And to his wife he said: "Jeff left me this message again. He's left his toys out again to let me know it's time for some attention."

Was Jeff's father able to read the appeal of the interfering toys in his garage because he's a specialist in the diagnosis of human motives? No.

He was able to read the message in his little boy's intruding toys

because his own self-appreciation enables him to believe in other persons' appreciation of him.

CAN'T BELIEVE IT
Ted's father has little self-appreciation. Secretly regarding himself as an unimportant meal ticket to his wife and family, he can't possibly entertain the idea that Ted could value his companionship.

So in the appealing, intruding toys he sees affront instead of the cry, "Daddy, I'm alive! Look at me!"

Just as our grandparents used to use calling cards to remind their friends of their existence, so children will leave their toys inconspicuously about to remind us of theirs.

The poor lambs keep on hoping we'll be able to like ourselves well enough to be able to perceive that they like us very much, miss us when we are away and want their lives seen and attended to.

Retired Teachers Will Hold Picnic

Members of the Pontiac and Vicinity Retired Teachers Club will meet at the home of Paul Line at Wards Point Drive at 12:30 Wednesday for the annual picnic.

Those planning to attend will bring table service and dishes to pass.

More than 2,000 blind persons help support themselves by operating tobacco stands.

Save Old Records

(NEA) — Don't be hasty about throwing out your old phonograph records. They make interesting wall decorations for a basement play room.

Designers Tighten Silhouette

PARIS (UPI)—The word out of Paris today as the leading fashion houses opened their fall showings was:

After the loose clothes women have worn now for several seasons, more curves are emerging from the haute couture salons.

Skirt hems, slightly dropped, no longer reveal the kneecaps. Two women designers, Gres and Maggy Rouff, are first to raise their silk curtains on the Paris fashion stage. Next in line was Jean Patou who dresses many smart French society women. His star model, Carole, made a sensation because of her resemblance to America's first lady, Mrs. Jacqueline Kennedy.

Pierre Cardin, the most talented young Paris designer in the avant-garde class, climaxes this first day of the Paris fashion showings.

His models have a new evening hairdo, called "First Lady," created by hairdresser Carita. For this sophisticated new style the hair is brushed flat back over the temples with a tuft of locks on the top of the head to look like a soaring, fountain-like pony-tail falling back on itself.

Because of this, we must make a constant effort to avoid slumping. The tendency to slump is stronger at certain ages. For instance, during adolescence the transition from childhood to maturity is accompanied by such rapid growth that the young man or woman may slump. Then, as one grows older, it is even more necessary to fight the urge to give in to gravity.

NATURE'S GIRDLE
It is extremely important that we develop the potentially strong girdle of muscles with which nature endowed us. Otherwise we will be harassed by the many physical disabilities which a protruding abdomen, round shoulders, sway back and a generally poor posture creates strains and causes fatigue.

None of us would like to return to the four-legged state, but we benefit greatly by returning to it for a short time once a day. Crawling is a splendid exercise for you as well as the baby.

Get down on all fours and walk about the room this way. Keep your knees stiff. You will find that you use a lot of muscles which have been lazy. At first you will probably be able to crawl for a very short time. With practice you will be able to lengthen your stride.

By JOSEPHINE LOWMAN

Once man got up from all fours and stood in an upright position, he fell heir not only to obligations, taxes, responsibilities and the

alarm clock, but also to fallen arches, round shoulders, constipation, sway back and a protruding abdomen.

The body had to carry on with the same internal equipment but at a very different angle.

Because of this, we must make a constant effort to avoid slumping. The tendency to slump is stronger at certain ages.

Carolyn Carr Planned Fun at Jamboree

Some 180 parents and children attended the Carolyn Carr Jamboree at the H. T. Gierok farm on West Avon Road near Rochester.

The ranch-type picnic for young children suffering with serious blood diseases and their families was planned by Oakland's Carolyn Carr, chapter of the Children's Leukemia Foundation.

Children were given western hats and handkerchiefs upon their arrival at the farm. The Gierok family and Ed Swanson, farm manager, took the group for hay rides, returning in time for a luncheon.

The Rochester Lions Club clown performed at the Saturday picnic. Many of the youngsters saw farm animals for the first (and for some, the last) time.

Following entertainment by Jerry and Betty's western and country music band, the children were taken for pony rides and given polaroid photographs of their experience.

Pontiac area and Rochester merchants and individual donors made possible the gala event.

Many will remember Carolyn as the Christmas Card Girl from Pontiac who a year ago last Christmas was flooded with cards after an appeal in The Pontiac Press. Some of the ailing children attending the picnic had known Carolyn but were unaware of her passing.

Mrs. J. C. Pickering of Rochester was picnic chairman, and Kerby Croteau was in charge of the "Ranch chow lunch."

Will Dior Bare Knees to Winter?

PARIS (UPI)—The prize question, whether women should raise or drop their skirt hems to look stylish next winter, will be answered today when Christian Dior's successor shows his "new look" to 350 fashion experts from the world over.

The most anticipated show of the Paris fashion week is staged in the House of Dior.

To experienced observers of the Paris fashion scene it would appear illogical to expect Dior to explode a fashion bomb by drastically changing the skirt-length. Marc Bohan introduced last January and which is only now showing a worldwide impact.

Remembering the "new look" the late Christian Dior himself created in 1947, in which he suddenly changed the fashion picture of the previous 10 years, even the most farseeing fashion experts shied away from giving a definite prediction.

Dior's impact on world fashions being as great as it is will once again influence the final trends and fashion silhouette which is to emerge from the creative Paris fashion houses.

The new Paris line so far shaped up to a slender yet sinuous silhouette.

Dior also will have the biggest say on which colors will be most stylish next autumn and winter, and at what strategic point the waistline should be worn.

The fashion in kid gloves for fall tends toward the long look—from 10 to 20 "buttons" in length—and in black, white, or mint-colors. Seaming, bows, buttons, and drapes highlight their distinctive styling.

However, the fashion in glove care hasn't changed a bit. Since modern kid leather is washable, the rule of "wear once, wash once" still applies—using warm soap or detergent suds and rinses.

Baby Has New Bib

For a baby's bib that is easy to slip on and off, choose one which fastens with Velcro, the new adjustable adhesive nylon tape. Just press it to close, pull it apart to open—with no pins, ties, or snaps needed.

For added convenience, choose bibs made of terrycloth. Some come with a pocket to catch crumbs, others with vinyl backing. All are equally washable, no ironing needed.

According to Today's Teen-agers

Parents Wising Up to Exercise of Authority

By EUGENE GILBERT
President, Gilbert Youth
Research Inc.

From the teen-ager's point of view, parents finally are getting wise to the way they should exercise their authority.

"This doesn't mean mom and dad are relinquishing their prerogatives, though a cross-section survey of 918 high school students indicates there could be a trend in this direction.

The main thing the survey shows is that today's parents have adopted a policy of non-interference (with the apparent approval of their teen-age sons and daughters) and that they exercise parental authority mainly

by subtle use of inherent veto power. For example, we asked who decides on the time they should return home from dates—their parents, the teen-agers themselves or someone else?

Shirley Bailey, 17, of Fort Lauderdale, Fla., replied the decision was hers, "although a curfew is set if I make the wrong decision."

Barb Rustenbach, 16, of Davenport, Iowa, said she had to specify time to return from dates, "but I will if I ever get home too late."

When we asked who decided how much money the teen-agers should spend their money, Shirley Johnson, 17, of Dallas, replied, "I do—unless I do something silly." And 17-year-old Keith Bratberg of Lincoln, Neb.,

likewise replied the choice was his, "up to a certain point."

Thus, with certain reservations which showed up in their comments but not in their direct answers, 75 per cent of the teen-agers said they alone decide whether or not to go steady (only 9 per cent consult with their parents); 33 per cent choose their own friends without parental interference; 75 per cent of the girls and 82 per cent of the boys set their own bed times.

Fifty-seven per cent of the girls and 41 per cent of the boys decide for themselves what comes to take to school; 38 per cent determine on their own whether or not to go to college; and 26 per cent of the girls and

75 per cent of the boys are the sole bosses of their money.

In each category, however, there was evidence of parental watchfulness.

"I pick my friends," said 15-year-old Carol Rasmussen of Bakersfield, Calif. Then she added reflectively, "but my parents have to approve."

As Jeff Winnick, 17, of Davenport, put it, his choice of friends was left entirely up to him. "But if my parents disapprove, they tell me about it."

Not all the teen-agers yielded the final word to their parents in all matters, however, or so their answers indicated.

As to whether or not he should go to college, Bill Primm, 17, of Mt. Pleasant, Mich., commented: "After high school I'm on my own."

Similarly, Ellen Sirois, 17, of Oakland, Calif., answered the question of who would choose her career: "I refuse to let my parents lead my future life." And Dick Moore, 16, of Dallas, said he alone decided what clothes to buy and wear because "my parents don't know what I like."

HAVE LITTLE SAY
On the other hand, some of the teen-agers—a minority—admitted

they played very little part in the decisions made concerning them.

Lana Eckles, 16, of Pomona, Calif., said her parents told her what time to return home from dates because "they aren't sure I can decide for myself." And Becky Fresh of Seattle commented: "My parents know what is best for me."

By far the largest area of parental control involved what teen-agers should do during the summer. Even those who felt the choice was basically theirs admitted that, as in other matters, there was considerable influence from their parents.

For instance, 17-year-old Loretta Good of Lincoln said the decision of how to spend her vacation was hers, "but my parents can interfere." And Sharon Scarborough, 17, of Pomona said, "It's my decision—within reason, of course."

Rarely did a third-party enter the decision-making picture at all. In most cases it involved the parents of a girl deciding for her boyfriend what time he should bring her home from a date.

There was one other interesting third-party situation: "My sister advises me what courses to take in school," said 15-year-old Larry Schreiber of Davenport. "She's a high school senior."

Gathering Years Are an Asset

ALICIA HART
Newspaper Enterprise Assn.
The gathering years are as a shock to a good many American women. This is perhaps only natural, since one is young for the first thirty-five years of life.

Suddenly, an adjustment to middle age must take place. This isn't always easy. Some women are panicky at the idea. But this is the wrong way to go to it. Every year successfully lived is an achievement. The comparisons in the form of experience and self-confidence are real assets for you to acquire.

As for the matter of actual looks, well, there never was a day in which women were so fortunate in this respect.

Not all of the wealth possessed by Lillian Russell could be beauty available to the average woman today: marvelous hair tints and dyes, hormone and vitamin creams, electronic facial masks, electronic exercise machines, well-equipped gymnasiums for women, subtle and flattering make-up, excellent hand lotions and creams, wonderful bath oils and water softeners.

The idea should be not to look young forever, but to look attractive AT YOUR AGE.

Have You Tried This?

Scotch Shortbread Can Be Baked in Large Round

By JANET ODELL
Postime Press Home Editor

In summer all homemakers are inclined to do their chores in the easiest way. If there's a simple cookie recipe, it will be more popular with the cook than a complicated one.

Such a recipe is Mrs. Donald Gould's Scotch Shortbread. Mrs. Gould lives in Birmingham. She belongs to her church guild and has been an active member of the Band Parents. This recipe came to her from her mother.

SHORTBREAD

By Mrs. Donald Gould
1 cup butter, don't substitute
1 cup confectioners sugar
2 cups sifted flour
Work ingredients together with the fingers until well mixed. Roll out ¼-inch thick and cut with cookie cutter.

Bake on ungreased pan at 350 degrees until edges of cookies are lightly browned.

If you want to bake shortbread the way it is done in Scotland, you will leave it in a large circle and prick it all over with a fork. It will take longer to bake, naturally. Then you break off a bit as you want to eat it.

Marital Happiness Sags and Recovers

RUTH MILLETT
Newspaper Enterprise Assn.

If you and your husband don't seem as companionable as you were during the first few years of your marriage—

If the children often seem to be driving a wedge between the two of you instead of bringing you closer together—

If business takes up an increasing amount of your husband's time and attention—

Don't despair! There isn't anything too unusual about your marriage.

According to a survey on modern marriage made by a team of University of Michigan sociologists even the happiest marriages don't run a level course.

Starting off on a high plane of mutual happiness, they begin to run downhill after the children come along, responsibilities mount, money grows tight, and neither husband nor wife have as much time to devote to each other as they did when their marriage was new.

But if you just weather these downhill years, you'll probably find that your marriage will reach a new level of happiness when the children are launched in their own lives and when the two of you are left alone.

That is when many couples find a new companionship with each other, turn to each other for understanding, start living to suit themselves and discover that with fewer responsibilities they have fewer worries and fewer reasons for disagreement.

IT'S CHEERING

That realistic picture of marriage ought not to depress wives—it ought to cheer them up. For the "marriage can be one long honeymoon" hokum they have been fed

for so long makes all too many of them feel like failures because they haven't achieved that kind of permanent bliss.

Just knowing that most marriages sag during the early middle years ought to be reassuring.

This is especially true since there is the reassurance that the later years will probably bring a new happiness if they just hold on to their marriage instead of calling it quits because the honeymoon didn't last.

More thoughts for home harmony are in Ruth Millett's booklet, "How to Have a Happy Husband." Send 25 cents to Ruth Millett Reader Service, c/o The Pontiac Press, P.O. Box 488, Dept. A, Radio City Station, New York 19, N. Y.

Let Tot Have Fun

Little children should play for fun and not be forced into competition. Home economists at Michigan State University say the idea of testing skills and enjoying others should overshadow the idea of winning or losing.

Next Rainy Day—

Shake detergent powder in your mop head and hang it on the clothesline during a hard rain. It'll get a good washing. Followed by a thorough rinsing. Leave pinned to the line until dry.

Drop Charges
in Alleged Attack
With Automobile

Charges against a Birmingham man accused of trying to hit a long-time friend with an automobile in May were dropped in Municipal Court yesterday.

Municipal Judge Cecil McCulloch dismissed the case against John W. Hartman, 38, of 130 Brownell St., when the complainant failed to appear for Hartman's pretrial hearing on a \$500 bond.

Police said Hartman's car tore down a fence, struck another car, and hit a tree behind Anderson's home.

Economy Plan
for Lake Orion?Village Eyes Program
for Paving Without a
Significant Tax Hike

LAKE ORION — Village councilmen are considering a plan to finance a large paving project in Lake Orion without a significant increase in taxes.

The village may ask the State Municipal Finance Commission for permission to pay for the street improvement program with a \$50,000 bond issue, according to Dr. Richard A. McNeil, chairman of the council's ways and means committee.

McNeil said the village does not have enough money in its highway operating fund to pay for the entire project.

However, the council has approved paving Washington Street from where the present pavement ends to the village limits with existing funds.

The streets included in the street improvement program which would be covered by the bond issue include Bellevue, Flint, Broadway, Glenn and possibly Atwater. McNeil explained that the council will take no action in this program until it is studied by bonding advisers.

The councilman said the village has delayed requesting permission on "bonding for street improvements, since a large sewage disposal system also may be financed through bonds."

However, the council has decided that action must be taken soon on repaving the streets.

As yet, the village has not been notified of any recent developments on the sewage disposal system which would be installed by the Oakland County Department of Public Works to serve Oxford and Lake Orion and parts of Orion Township and Oxford Township.

Talk With JFK Pleases
Nigeria Prime Minister

WASHINGTON (AP) — Nigeria's federal prime minister, Sir Abubakar Tafawa Balewa, said today he was very satisfied with his consultations with President Kennedy on problems affecting Africa and the world.

The 49-year-old leader told newsmen after a 90-minute White House meeting that he hoped for an increase in American economic assistance to Nigeria.

Service Held at Ortonville

Gwendolyn Vantine Weds

BRANDON TOWNSHIP — Gwendolyn S. Vantine became the bride of John W. Robinson Saturday evening in a candlelight ceremony at the First Baptist Church of Ortonville.

Officiating at the rites before an altar banked with white gladioli and pompons was Rev. Roy B. Ruff.

The bride is the daughter of Mr. and Mrs. James C. Vantine Jr. of Bradley Township.

Parents of the bridegroom are Mr. and Mrs. John W. Robinson of Ortonville. The bride's parents are Mr. and Mrs. Robert Hutchings of Pontiac and Mrs. Robert Gordon of Goodrich.

Richard Robinson of Brandon Township was best man for his brother. The bridegroom's other attendants included Jack Tindall and John Reynolds, both of Lapeer. Robert Deschner of Goodrich and the bride's brother, James C. Vantine Jr. of Brandon Township.

Lisa Laine of Indianapolis, a niece of the bridegroom, served as flower girl, while Richard Pace of Holly, a nephew of the bride, carried the rings.

Following the double-ring ceremony a reception was held in the church parlors for approximately 60 guests.

The newlyweds will reside in Goodrich following a honeymoon in Northern Michigan.

MRS. JOHN W. ROBINSON

Hospital Drive
at 30 Pct. Mark\$84,500 Collected for
Goodrich Area Facility;
Volunteers Needed

GOODRICH — Nearly 30 per cent of a \$250,000 goal for construction of a 25-bed hospital in the area has been reached, it was announced today.

Homer M. Mill of Davison and E. J. Pierson of Goodrich, newly appointed co-chairmen of the hospital fund drive, reported that \$84,500 has been collected to date.

The hospital, which would replace the closed Goodrich General Hospital, will serve sections of Oakland, Lapeer and Genesee Counties.

"Many more volunteers must be specially enlisted in order for the appeal to be carried to every interested citizen in the service area of the proposed hospital," Mill and Pierson wrote in a prepared statement.

MANY REGISTERED

"Our campaign office, which is in the emergency room of the closed hospital at Goodrich, has already registered residents from Ortonville, Flint, Davison and Goodrich and the townships of Brandon, Groveland, Hadley, Burton and Atlas.

"Training meetings are held there daily and evenings from Monday through Friday every week," they said.

"All contributors will become members of the Community Health Foundation and will have full voting rights for the members of the board."

"The board will be responsible for the administration and operation of the proposed hospital," explained the fund drive co-chairmen.

Three-year pledges are being accepted in three groupings, including memorial, \$3,000 and up; sponsor, \$500 to \$2,500; and loyalty donor, \$150 to \$499.

Three-year pledges are being accepted in three groupings, including memorial, \$3,000 and up; sponsor, \$500 to \$2,500; and loyalty donor, \$150 to \$499.

"Push-Button" Missile Scores Second Success

CAPE CANAVERAL, Fla. — A miniature missile, the weapon designed for push-button capability, blasted about 4,000 miles down the Atlantic range today, scoring its second success in three test launches.

The sleek, 58-foot rocket spurted a thick column of white smoke as it lifted smoothly from its pad and pitched quickly toward the southeast.

The three solid-fuel stages fired in quick succession and propelled a nose cone to a broad ocean area in the South Atlantic.

The Air Force reported the missile performed as planned on the nearly 30-minute flight. Exact range was not announced.

Doctor of Osteopathy
Opens Waterford Office

Dr. Albert J. Berg, a doctor of osteopathy, has opened an office at 811 N. Cass Lake Road in Waterford Township.

Dr. Berg is a June 1960 graduate of the Chicago College of Osteopathy. In July he completed his one-year internship at Pontiac Osteopathic Hospital.

One of the bills would prohibit children under the age of 14 from working on farms either during or outside of school hours, with certain exceptions.

State Regulation
of Gas Prices
to Be Proposed

LANSING (AP) — A Democratic legislator said today he will propose state regulation of gasoline prices as a result of an 8-cent-a-gallon price increase in Southeastern Michigan.

Rep. John T. Bowman of Roseville said his bill will call for controls over the industry as a public utility when introduced into the 1962 legislature.

Gasoline prices were jumped by 8 cents in several counties Tuesday.

"The recent action of the industry indicates the need for legislative action if the general public is to be protected from indiscriminate price raising and probable collusion between those who control the gasoline business in Michigan," Bowman said.

Crop Receipts Down

WASHINGTON (AP) — The Agriculture Department's final survey of cash receipts from sales of crops showed Michigan sold \$68,948,000 worth of crops last year compared with \$78,912,000 in 1959. California led the nation for the second straight year in 1960 with \$1,164,865,000.

State Chairman George M. Van Puseur named Mrs. Julian H. Gordon Grand Haven, to head the committee planning the meeting. Other members named were Vice Chairman Mrs. Elly Peterson, Charlotte; National Committeeman John E. Martin, Grand Rapids; Getzinger of E. Michigan; and Berrien County Chairman George Evers, Niles.

TRPHY WINNERS — Posing proudly with the second-place trophy they won recently for "all-around spirit, leadership, appearance and cooperation" in state competition are these six cheerleaders from Clarkson High School. They are (from left) Sharon Gotschall, 17; Vicki Burley, 16; Janet Spangler, 17; Barbara Buzell, 17; Susan Jackson, 16; and Carol Walter, 15. The contest was held at the United States, All-American Cheer Leading Camp at Walden Woods, Hartland.

Entries From Across Nation

Holstein Cattle Show Saturday

The annual Oakland County Holstein Cattle Show will be held Saturday at the 44 Fairgrounds, starting at 11 a.m.

Key Pottenberger, county agricultural agent, said some 50 registered Holsteins are expected to be entered in 20 classes by exhibitors from all over the county.

Any producer of registered Holstein animals in Oakland County can exhibit his animals in the following classes:

4-H fitting and showing, bull calf, yearling bull, 2-year-old bull, aged bull, junior heifer calf, senior heifer calf, junior yearling heifer, senior yearling heifer and 2-year-old cow (dry).

The other classes are 2-year-old cow (milking), 3-year-old cow, 4-year-old cow, aged cow, produce of dam, junior get of sire, senior get of sire, three best females, production class and dam and daughter.

TROPHY CLASSES

Trophies will be presented at the show to the winners of the following classes:

Produce of dam trophy presented by Green Fendly of Pine Row Farm; Get-of-Sire trophy presented by Laura Turner, Devon Acres; best three females trophy presented by Sara Van Hoesen Jones; and champion junior female trophy presented by W. F. Grayson.

Trophies also will be awarded for the grand champion female, presented by O. F. Foster of Orton Township; champion bull trophy, presented by Hutch Farms; and dam and daughter class, presented by Mr. and Mrs. Keith Middleton of Oakland Township.

Judging the animals will be Herb Miller of Williamston.

Visitors to the show will be treated to milk and ice cream. A polk lunch will be served at noon.

The fairgrounds are located at Perry Street and Walton Boulevard.

James L. Reid of White Lake Township is the president of the Black and White Assn.; Lee Hunt of Brandon Township is vice president; and Mrs. Stuart J. Hutchins of Avon Township is secretary.

100 Youngsters
From 'Y' Take
Outing on Train

About 100 youngsters of the Pontiac YMCA Summer Fun Club had an outing yesterday on the Grand Trunk Railroad.

For many, the trip to Durand and back was their first ride on a railroad, according to John E. Miller Jr., YMCA youth work director.

Previous field trips to Bob-Lo Island and Windsor will be followed next week by a tour of Greenfield Village and Henry Ford Museum.

Miller said there are still some openings for girls in the summer program. Age limits are 8 to 14.

Dixie Accident Fatal
to Indiana Woman

An elderly Indiana woman was fatally injured last night when she was struck by a car as she walked across Dixie Highway near Rural Street in Waterford Township.

Mrs. Elta E. Sheffer, 84, of Portland, suffered a skull fracture when struck by a southbound car driven by David A. Walker, 43, of 235 Church St., Ortonville, at 9:25 p.m.

Sheffer had been visiting her son, Mr. and Mrs. Adam R. Mullin of 540 Dixie Highway. She was struck in front of her home.

Senate Passes Watered Farm Bill

McCloy Doesn't Tell
K's Speech Opinion

MOSCOW (UPI) — U.S. disarmament adviser John J. McCloy returned to Moscow today after two days of talks with Soviet Premier Nikita Khrushchev that touched on President Kennedy's Berlin crisis speech.

McCloy, back from Khrushchev's Black Sea vacation retreat, refused to disclose what the Soviet premier had said about Kennedy's message on Berlin.

"I am not here to discuss matters relating to Berlin," McCloy told newsmen.

McCloy said Khrushchev sent his regards to Kennedy but had no special message for the U.S. President.

McCloy, who is Kennedy's special adviser on disarmament, was expected to resume disarmament talks Friday with Soviet negotiator Valerian Zorin.

He told newsmen he still hopes "we can work out something constructive" on long-range U.S.-Soviet disarmament plans.

McCloy said his visit with Khrushchev at the resort of Pitsunda, near Sochi, was freshened by a misunderstanding of the Black Sea with the Soviet premier.

McCloy said he forgot to bring along a swim suit and had to borrow one from Khrushchev. McCloy, who is somewhat portly himself, said Khrushchev's bathing trunks fitted him well because they had an elastic band around the waist.

Arthur W. Himmel was fatally wounded in Ferndale by Oak Park Patrolman Roland Hughes after the policeman pursued a fleeing car at speeds up to 80-miles-per-hour.

Himmel was a passenger in a car driven by Robert McFarlan, 21, also of Detroit, who tried to elude police and twice tried to run Hughes' patrol car off the road.

Another passenger, Stephen Maszynski, 21, of Detroit, was shot in the arm. He was released after treatment at William Beaumont Hospital, Royal Oak.

McFarlan is being held on charge of felonious assault in the County Jail. He will appear Aug. 3 for examination in Ferndale Municipal Court.

The inquest was ordered yesterday by Coroner Dr. John D. Morone.

Pontiac Bust
to Enter Hall
at Exposition

The bust of Chief Pontiac which Pontiac Motor Division gave to the National Hall of Fame for Famous American Indians will figure in ceremonies leading up to the American Indian Exposition in Anadarko, Okla., next month.

The presentation to the hall of fame occurred during the Greater Pontiac Centennial in June.

The bust is modeled on the famous portrait of Chief Pontiac created by New York artist Jerry Farnsworth for Pontiac Motor Division in honor of its 50th anniversary.

The bust will be dedicated at the hall of fame in Anadarko Aug. 13 as a tribute to "repeatedly the greatest political and military strategist of the known Indian leaders."

The exposition, in which some 3,000 American Indians will revive their colorful traditions, will run Aug. 14-19 in Anadarko.

Teen Forced to Give
Change From Pocket

A 15-year-old reported to Pontiac police that two teen-agers, armed with a switchblade knife, forced him to give them change from his pockets as he and a companion — were leaving Murphy Park last night.

Marvin Givens, 38 S. East Blvd., told officers he and Linda Spurgeon, 16, of 465 S. Marshall St., had attended a movie and were on their way home when the pair stopped them at 9:45 p.m.

He said the pair threatened to harm the girl. They demanded cigarettes, then made him give them 50 cents before letting him and the girl leave, the boy said.

Car Output Will Dip
for Model Change

DETROIT (AP) — Auto production this week will drop 25.5 per cent from a week ago as more and more manufacturers end 1961 model production, Automotive News said today.

The trade paper estimated the week's output of passenger cars at 53,641 compared with 107,970 last week and 107,108 in the similar week of 1960.

This was the final week of production for Chrysler Corp., Ford, Ramblers and six Chevrolet plants.

Mr. S. Sheffer had been visiting her son, Mr. and Mrs. Adam R. Mullin of 540 Dixie Highway. She was struck in front of her home.

House Slated
to Vote TodayGOP Expected to Try
to Kill Part Limiting
1962 Feed Grains

WASHINGTON (UPI) — The House was set to begin voting today on a pared-down version of President Kennedy's omnibus farm bill. The Senate last night approved the measure by a voice vote.

The House debated the legislation Wednesday and Republicans were expected to make an effort to kill a section limiting 1962 feed grain production.

Before passing the bill, the Senate struck out a provision granting farm cooperative broader power to merge with and acquire non-cooperative businesses.

The legislation as approved by the Senate includes administration programs to cut 1962 production on surplus wheat and three feed grains — corn, grain sorghums, and barley.

Democratic senators said the feed grain programs would save hundreds of millions of tax dollars by trimming surplus grain stocks and at the same time raise farm income.

PROVISION SCRATCHED

Sen. Estes Kefauver, D-Tenn., led the fight to eliminate the provision giving farm cooperatives broader economic powers. It was defeated on a 50-39 roll-call vote.

Kefauver argued approval of the proposal would lead to giant cooperative trusts.

A GOP move to block the 1962 feed grain program was beaten on a 50-36 roll call vote. This is an extension of the administration's emergency 1961 program for cutting corn and grain sorghum outputs.

The Republicans said that extension should be delayed until full returns on 1961 operations are in next year's crop.

In a letter made public Wednesday, President Kennedy appealed for quick passage of the bill even though it ignored his proposal for a long-range plan to develop crop-bring market controls.

Only a shadow of his original request survived in this portion of the Senate bill. It expands the list of commodities, eligible for marketing orders to include turkeys, beans, hatching eggs for turkey and chickens and a number of minor crops. Lamb and wool were stricken from the committee-approved bill by the Senate after brief debate.

The bill also includes a "three year extension" of the wool price support program and the "peace of peace" legislation. It also liberalized credit terms for low-income farmers and extended for 10 years the great plains conservation program.

Reserve Recruiter
to Be in Orion Twp.

Claude M. Breeding, chief aviation ordnanceman, USNR, will be on recruiting duty for the Naval Air Reserve in Eastern Oakland County through Aug. 4 in Orion Township.

Breeding will be available to answer questions on military obligations at his home, 600 Hemmingway Road, in Orion Township.

Garage Owner
Sees Red —
Gets His Man

Attention to car colors led a garage owner to solve the burglary of his business place, Pontiac police said today.

Three tires and wheels were stolen in a burglary of Burton's Garage, 21 Weston St., July 4. The wheels were red.

James Burton, the owner, recently spotted three red wheels on a green car. He checked on persons using the wheels and was green. He notified police.

John Reed Jr., 18, of 53 Jackson St. was arrested and admitted the burglary. He waived examination yesterday before Municipal Judge Cecil McCulloch and was released on personal bond pending arraignment in Circuit Court Monday.

A Brewed Awakening?

LOUISVILLE, Ky. (AP) — Charles Dickerson, 58, was awakened twice in the same day for drunken driving—10 hours apart. In traffic court Wednesday he was fined \$100 on the first arrest and \$150 on the second.

NOW OPEN! New Food Town Union Lake Store

You are invited to visit Food Town's beautiful new store in Union Lake Village... 3275 Cooley Lake Road... next door to Union Lake Post Office and bank. Store hours for this new Food Town Market — open daily 9:00 a.m. to 9:00 p.m. — Closed Sundays.

Cool Peppermint Sauce. Yummy on Ice Cream

Evaporated milk blends to gether a Peppermint Stick Sauce that is a tempting topper for chocolate or vanilla ice cream. To prepare place 1/2 cup white corn syrup, 1 cup sugar and 1/4 cup water in a small saucepan. Blend well, then boil to soft ball stage (235 degrees). Remove from heat and stir in 1/4 cup finely crushed peppermint stick candy. Stir until

the candy is dissolved, then stir in 1/2 cup evaporated milk. Cool. When ready to serve, stir in an additional 1/4 cup of the crushed peppermint candy. Makes 1 1/2 cups sauce.

French Honey

Beat together a half-cup of sugar and a half-cup of butter until very light; then add one egg and beat again, add the juice and rind of one lemon, and stir the whole over the fire until it thickens and comes to a boil. Turn out to cool.

Corned Beef Gets Needle Treatment First

CHICAGO — Who put the corn in corned beef? Why the meat packer, probably, because in this case "corn" means to preserve and season with salt. Unless you have a family recipe for curing beef at home, the corned beef you serve might have been prepared in the following method described by the American Meat Institute: First the meat is selected. British

beef is especially good for "coring" because it seems to combine the most satisfactory texture and desirable proportion of fat and lean. Rump pieces are also used. The meat is cut into desired sizes and is then cured.

In Grandpa's day, curing was a long, involved process. The meat had to be packed in salt for a week or more to insure that the salt soaked completely

through the meat. Today a pickle solution containing sugar, salt and other approved preservatives is injected throughout the meat with a stainless steel multi-needle injection device. In this way, the curing ingredients are immediately carried to every morsel of meat.

The meat is then placed in a curing container and covered with a pickle solution for several days.

After it is cured, the meat may be wrapped in individual film bags to be sold to retailers. As a service, some processors also cook, slice and package the corned beef. Together corned beef is processed in much the same way except that the animal and meat comply with Kosher laws. The meat is covered with salt before it is cured and all processing is performed under the supervision of a rabbi. The

finished product may have the added flavor of garlic and other spices and a sprinkling of paprika on the surface.

The mild, tender product of today is a far cry from its ancestor, "bully beef," a dry, salty accompaniment to hardback that kept the British navy afloat for years. Remember this and simmer corned beef slowly and gently for best flavor.

Besides the traditional corned beef and cabbage and the tasty corned beef on rye, this versatile

meat is especially good simmered and then baked with a maple glaze. Or serve it with cornmeal dumplings or in a casserole.

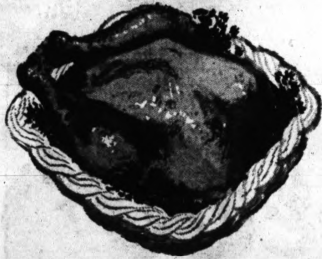

Bake Sweets on Grill

Wrap 8 sweet potatoes in aluminum foil and bake on coals for about an hour. When ready to serve, leave in foil, split tops and add a ball of honey butter (1/4 lb. butter mixed with 2 tsp. honey, molded into balls and refrigerate till needed).

Baileys Hold a Luau

By JANET ODELL
Pontiac Press Home Editor

Because the Wallace Baileys couldn't go to Hawaii and attend a native luau, they brought a reasonable facsimile to their home on Richview Road. Saturday night they entertained 25 friends at a Hawaiian party.

For months the Baileys have been working to get ready. The 13-year-old twins, Mike and Pat, made hundreds of cleansing tissue flowers to decorate the house and the boat. This boat, painted aqua, had tree branches arched over it to look like a native boat. The senior Bailey had hollowed out a pine log to make a dugout canoe (nearly cut his leg off in the process).

Luau lights were placed at both ends of the lagoon in front of the Bailey home. Paper lanterns hung in the trees.

The feast was served on a low table placed under a thatched roof. Thatched in Oakland County consists of green cattail leaves which look authentic after they have dried out.

Mrs. Bailey sent right to Hawaii for recipes, bamboo eating utensils, paper leis, real orchids and gardenias, fish nets, shells and starfish to decorate the hut, a grass skirt and a lava lava, place mats, dishes, and many other party accessories.

The twins, dressed like beach

boys, made themselves generally useful. They had made seats for everyone covering them with tapa cloth. And they helped their father roast the pig.

A whole roast pig was the piece de resistance of the meal. Weighing 75 pounds, he was cooked over a hickory pit fire on a revolving spit. Mrs. Bailey put salt on the pig while it cooked, then served a barbecue sauce separately.

Sweet potatoes, fried rice, cucumber outrigger salads, orange cups filled with fruit and fortune cookies completed the meal. Appetizers were served first with Hawaiian drinks.

One of the appetizers was made with salami.

SALAMI SHELLS

1 pound or 100 very thin slices salami
2 sauce packages (any sauce)
1 can (No. 2) crushed pineapple

Mix cream cheese and pineapple. Spread thickly on salami and roll into shell shape. Arrange on a platter lined with ti leaves. Makes 30 servings.

This sweet potato casserole

should be popular with many meals.

HAWAIIAN SWEET POTATOES

1 medium sweet potato
1 cup melted butter or margarine
1/2 cup orange juice
1 teaspoon salt
1 cup brown sugar
1 cup grated crushed pineapple

Cook, peel and mash sweet po-

tatoes. Mix butter or margarine, orange juice, salt, sugar and 3 cups of the pineapple. Add potatoes. Put into a well-buttered casserole and decorate with the remaining cup of pineapple. Bake 30 minutes at 375 degrees. Serves 16.

Many readers will enjoy this fried rice also. It is the kind of dish you serve at a buffet. It is just enough out of the ordinary to appeal to gourmets.

ALMOND FRIED RICE

1 cup cooked rice
2 cups cooked onion
3 cups chopped green pepper
3 cups garlic, grated finely
1 teaspoon salt
1 teaspoon pepper
1 cup soy sauce
2 cups almonds, blanched and cut lengthwise

Saute onion, green pepper, garlic, salt and pepper in salad oil until light brown. Add rice, soy sauce and almonds. Saute 10 minutes. Serve at once. Makes 20 servings.

Creamy Fish Mold Holds Olives and Crab Meat

In Spain it's "pescaudo" in America, it's fish. But no matter what it's called, fresh water delicacies have been long-time favorites on both continents.

Spain is surrounded by water, and fish are plentiful. The Spanish know how to make the best of their fish favorites for both lunch and dinner.

Americans, too, are surrounded by waters which yield an endless array of fish. People in our country can also take advantage of another famous Spanish food tradition . . . pimiento-stuffed olives. This sparkling red and green treat has been cultivated and eaten in Spain for hundreds of centuries. It can do for Americans dining what it does for the Spanish . . . transform an ordinary fish dish into something to be savored by gourmets.

For a summer refresher that looks as delicious as it tastes, try an Olive-Crab Mold, with sliced pimiento-stuffed olives adding a creative touch to the fish design. Serve with a Paprika Dressing, a light pink sauce which completes the cool summery look of the meal.

Olive-Crab Mold

1 envelope unflavored gelatin
1 cup water
1 cup lemon juice
1 teaspoon celery salt
2 cups mayonnaise
1 cup sliced olives
1 cup sliced pimiento-stuffed olives
1 cup crab meat
1 teaspoon paprika
1 teaspoon sugar
Paprika

Sprinkle gelatin over water. Cook over low heat, stirring constantly, until gelatin is dissolved. Stir in 2 tablespoons lemon juice and celery salt. Cool. Blend together gelatin mixture and 1 cup mayon-

naise. Chill until slightly thickened. Fold in celery, 1/4 cup sliced olives, crab meat and tarragon; mix well.

Turn into 1-quart mold or fish mold. Chill until firm. Unmold. Garnish with some of additional sliced olives.

Combine remaining 1 cup mayonnaise, remaining 2 tablespoons lemon juice, paprika and sugar; mix well. Garnish with remaining additional sliced olives and parsley. Serve mayonnaise-paprika mixture with crab meat mold. Makes 4 servings.

Milk in Baked Beans

What man doesn't love Extra-Good Baked Beans? In small saucepan mix 2 tablespoons firmly packed brown sugar and 2 tablespoons flour. Blend in 3/4 cup evaporated milk and 2 tablespoons prepared mustard. Stir in 1 8-ounce can pork and beans. Cover and cook over low heat 10 minutes, stirring once during cooking period. Serve with butter grilled hamburgers or frankfurters.

OLIVE CRAB MOLD—Sliced pimiento-stuffed olives used in the recipe and garnishing this enticing fish design add a special creative touch to an Olive-Crab Mold. A Paprika Dressing completes this summer refresher, which looks as delectable as it tastes.

FRESH CORN AND ASPARAGUS—Combine plump kernels of fresh sweet corn and crisp-tender asparagus tips for a quick, colorful and delicious vegetable. Fried chicken and salad-stuffed tomatoes complete the meal.

Fresh Corn Has No Equal On or Off the Cob

The all-American gourmet, when asked by his wife what other dishes he would enjoy with corn-on-the-cob, "Why can't we just have corn-on-the-cob with more corn-on-the-cob — and, of course, plenty of butter?" he suggested.

When a real corn-eater — and there are millions in this country — tucks napkin under chin and settles down before a platter of steaming hot sweet corn, he has little time for other foods. We have, in fact, watched a Frenchman, a dues-paying member of a society of gastronomes, put away eight ears of sweet corn, then settle back contentedly, happily full.

It's prompt and constant chilling which keeps sweet corn really sweet and tender. The ears are rushed from the field to an icy bath in a hydrocooler, then heaped with snow-ice before they are shipped the shortest, fastest way by truck or train.

Fresh corn was primarily a summer crop until after World War II. Suddenly, during the 1940's there was a phenomenal development in the production of fresh corn in the early months of the year. In fact the whole year round. New hybrid sweet corn was produced, corn which grew in the heat of the southern day, wasn't set back by the longer, cooler nights.

Fresh Corn and Asparagus
1 cup freshly shucked onion
1/2 cup butter or margarine
1/2 cup sliced fresh corn
1/2 cup sliced frozen asparagus
1/2 cup sugar
1/2 cup milk
1/2 cup ground black pepper
1/2 cup heavy cream

Saute onion in butter or margarine. Add corn and water. Cover and cook 10 minutes. Add asparagus and cook 5 more minutes. Stir

in sugar, salt and black pepper. Serve hot. Yield: 6 servings.

Baked Fresh Corn Casserole
2 cups fresh corn, cut off-the-cob
1/2 cup butter
1/2 cup sugar
1/2 cup milk
1/2 cup ground black pepper
1/2 cup heavy cream

Combine all ingredients. Turn into a buttered 6-cup casserole. Place in pan hot water. Bake in a preheated slow oven (325 degrees) 1 1/2 hours. Yield: 6 servings.

Fresh Corn Cakes
3 to 4 ears fresh corn, cooked
2 eggs, separated
1/2 cup butter or bacon fat
1/2 cup sugar
1/2 cup milk
1/2 cup ground black pepper
1/2 cup all-purpose flour

Cut cooked corn off the cob. Measure, there should be 2 cups. Beat egg yolks and add to corn along with bacon fat, cream, salt and black pepper. Stir in flour. Beat egg whites until they stand in soft stiff peaks. Fold into corn mixture. Drop a tablespoon at a time on a hot greased griddle. Cook until done, turning to brown both sides. Serve plain with fried chicken or with syrup. Yield: 3 dozen.

South African Escalloped Meatloaf
2 cups fresh corn, cut-off-the-cob
2 eggs, beaten lightly
1/2 cup butter or margarine
1/2 cup sugar
1/2 cup milk
1/2 cup ground white pepper
1/2 cup ground nutmeg
1 cup milk

Combine all ingredients. Turn into a buttered 1-quart shallow baking dish. Place in pan hot water. Bake in a preheated moderate oven (350 degrees) 50 minutes or until firm in the center. Serve hot. Yield: 6 servings.

Meals Aloft Present Some New Problems

ANN ARBOR—Ship Aho! It's boating time, and that means time to plan those picnic meals to eat aboard. Dietitians at the University of Michigan Medical Center advise to use items which will not spoil easily in frequently opened "iceboxes" or insulated bags.

Keep the menu simple with most of the preparation done at home. Remember, too, that this meal will be served on a rocking and slanting table. Plan to serve with disposable plates, cups and tableware. This eliminates the chore of washing and insures good sanitation.

A sample menu might include:

Cheese or Corned Beef Sandwiches with Mustard (no mayonnaise), individually wrapped
Dill Pickles, Carrots, and Celery.
Small Bags of Potato Chips, Apples, Bananas, Peaches, Plums, Canned Soft Drinks or Fruit Juices.

Canned Ingredients Make Unusual Spaghetti Dish

NEW YORK (UPI)—Shrimp and mushroom sauce for rice or spaghetti is no trouble to make when you use canned ingredients. Drain, rinse and drain again (1 1/4-ounce) can of cleaned shrimp. Mix with 1 (10 1/2-ounce) can of mushroom gravy. Heat, stirring occasionally.

Add one-third cup of commercial sour cream. Heat to serving temperature but do not boil after cream has been added. For extra flavor, add a pinch of dried thyme.

A Lamb Isn't All Chops!

There are many interesting ways to prepare lamb. Lamb roasts and chops, of course, lead the parade. But try these variations on the lamb theme, also. You'll enjoy them.

Curried Lambburgers
1 pound ground lean lamb
1/2 cup onion (optional)
1/2 cup butter or margarine
1/2 cup sugar
1/2 cup milk
1/2 cup ground black pepper
1/2 cup heavy cream

Shape unseasoned ground lamb into 3-inch patties, 1/2-inch thick. Sprinkle both sides with the seasoning salts. Place in a folding wire broiler. Grill over hot bed of charcoal or under broiler, until brown (15 to 20 minutes), turning to brown both sides.

In the meantime, combine butter or margarine with curry powder and spread generously on both sides of the patties. Serve between warm hamburger buns. Makes 5 patties.

Hot Chili Lamb Sandwich
1/2 pound ground lean lamb
1/2 cup onion
1/2 cup butter or margarine
1/2 cup sugar
1/2 cup milk
1/2 cup ground black pepper
1/2 cup heavy cream

Arrange lamb on toast. Combine remaining ingredients; mix well. Heat chili sauce mixture over low heat to serving temperature. Pour chili sauce mixture over lamb. Makes 4 servings.

Food Mite Is Friend to Potato Soup Lovers

NEW YORK (UPI)—Here's a slightly different version of a classic summer soup, vichyssoise.

Force 1 1/2 cups of diced, cooked potatoes through a food mill and mix with 3 cups of chicken stock or bouillon, or puree the potatoes with soup in an electric blender. Add 1/4 teaspoon of pepper and 2 tablespoons of chopped chives. Chill. At serving time, stir in 1 cup of heavy cream and 1/4 cup of sliced pimiento-stuffed olives. Serve 6 to 8.

Lemon Drinks and Cookies Seem Cooler

When summer arrives, many hostesses immediately think of serving lemonade as their party refreshment, afternoon beverage, or to folk who just drop in.

This summer, why not pep-up lemonade drinks with ice cubes made with Lemonade Concentrate or bottled lemon juice lemonade. Pour lemonade into ice-cube tray. When practically frozen, add maraschino cherries, fresh leaves or fresh fruit.

You may want to try something different in the line of lemonade drinks. A new, delicious and attractive drink will stir up interest in your creative ability as well as bring on calls for more.

Following are recipes for several summertime drinks that feature a lemon juice flavor — each one unique and yummy.

Grape Lemonade Treasures
 1/4 cup orange juice
 1/4 cup bottled lemon juice

1 1/2 cups chilled grape juice
 1/4 cup sugar or to taste
 1/4 cup ice water

Mix orange juice and bottled lemon juice. Stir in sugar until dissolved. Add grape juice and ice water. Place 2 tablespoons of crushed ice in each 8 ounce glass and fill with the grape lemonade. The teasing touch is a cluster of colorful grapes arranged over the rim of each glass. Serves three.

Fruit Juice Delight

1 cup pineapple juice
 1/2 cup orange juice
 1/2 cup lemon juice
 2 cups ice water
 Sugar to taste

Combine pineapple juice, orange juice and lemon juice with ice water. Add sugar as desired. Serve well chilled. Makes 5 to 6 servings.

To make each glass of Fruit Juice Delight look even more attractive, float a very thin slice of orange atop each serving, with half a maraschino cherry in the center of the slice. Serve a long-handled spoon to fetch the fruit.

Lemon Egg Nog

4 egg yolks
 1/4 cup sugar
 1/2 cup lemon juice
 1/2 cup whipping cream
 1 cup chilled milk

Beat egg yolks until smooth. Add sugar, lemon juice, salt, and beat again until thick and foamy. Whip cream and fold into lemon mixture. Add milk and stir. Pour into tall glasses. Garnish each glass with a small pyramid of maraschino cherries sprinkled lightly with cinnamon. Serve at once. 4 servings.

With a tall glass of thirst-quenching coolness, a bite sized crunchy cookie blends just right. Lemon-Nut Cookies are ideal for serving with any of your favorite summertime beverages. They're easy to make, and their slight lemon tang will add zest to your refreshment menu.

Lemon Nut Cookies

2 cups all-purpose flour, sifted
 1/2 cup baking powder (sifted)
 1/2 teaspoon salt
 1 cup soft butter
 1/2 cup shortening
 1 cup sugar
 1 egg
 1/4 cup chopped nuts

Grease baking sheets lightly. Preheat oven 10 minutes before baking to 400 degrees.

Sift flour, measure, resit three times with baking powder and salt.

Cream butter and shortening until shiny and smooth. Add sugar in two portions, creaming well. Beat in egg until fluffy, then stir in lemon juice and beat again.

Sift in flour in 2 or 3 portions, mixing until smooth. Fold in chopped nuts and blend well. Measure level tablespoons of dough, and shape into balls.

Place dough balls 3 inches apart on prepared sheets. Stamp cookies out to even thickness (about 1/2 inch) with a chilled flat-bottomed glass.

Bake 10-12 minutes or until delicately browned around edges. Remove immediately to cake racks to cool. 4 dozen cookies.

Cool Fruit Soup Is Low Caloried

In Scandinavian cookery, soup making is regarded as an art. Of all their many well-known soups, one that is becoming popular in the United States is fruit soup.

Colorful and delightfully refreshing, this delicacy may be served as an appetizer or dessert. For weight-watchers, though, it's especially suitable because it contains sugar. Sugar-containing foods, according to medical and nutritional experts, help the dieter stay on the diet by satisfying the appetite.

If there are weight-watchers in the family, plan to treat them to this delicious tasting fruit juice soup, either chilled or warm with a garnish of lemon. One serving contains only 87 calories.

Fruit Juice Soup

1 1/2 cups water
 1/4 cup sugar
 1/4 cup sliced cinnamon
 1/2 cup cranberry juice
 1/2 cup peach juice
 1/2 cup pineapple juice
 1/2 cup orange juice
 1/4 cup quick-cooking tapioca

Combine water, sugar and cinnamon in saucepan. Bring to a boil and simmer for 5 minutes; remove cinnamon stick. Add cranberry juice, peach juice, pineapple juice and orange juice. Bring to a boil. Gradually stir in tapioca, stirring constantly. Simmer 5 minutes until thick. Chill. Yield: 12 servings. Calories per serving: 87.

Russian Dressing Adds Zip to Tuna Sandwich

Venture into real flavor with this sandwich idea — it's simple but terrific. Russian Tuna Sandwich is just what its name suggests: tuna with Russian dressing.

Combine 2 tablespoons Russian dressing with 1/4 teaspoon Worcestershire sauce, then add 1 cup flaked tuna (1 1/2-ounce can). Just as quick as that you have enough filling for 6 sandwiches. Next spread 12 slices rye bread with softened butter or margarine, and slice 2 medium tomatoes into 12 thin slices. Spread the tuna mixture on 6 slices of the bread. Top each with 2 slices of tomato and a lettuce leaf. Cover with the remaining bread slices and you have a new sandwich sensation.

CORRECTION

In Thursday's Pontiac Press, the portion of Hoffman's Pontiac Freezer Foods at that read: "Lean Ground Beef, 4 lbs. 99c" and "Lean Beef Short Ribs, 3 lbs. 99c" were reversed and should have read: "Lean Ground Beef, 3 lbs. 99c" and "Lean Beef Short Ribs, 4 lbs. 99c".

The only flour that promises you

no more sifting and better baking, too!

You need never sift again no matter what you bake with Robin Hood Pre-sifted Flour. But that's not all. When you bake this new Robin Hood way you will actually get better baking. We have proved this in tests with hundreds and hundreds of women. Think of that — with Robin Hood, easier baking and better, more flavorful baking, too!

This famous "no-sift" method was originated by Robin Hood Flour and introduced last January. It is the result of three years of research and consumer testing. Its basis is Robin Hood's unusually high quality and uniformity, and the fact that every bit of Robin Hood Flour is pre-sifted through micro-fine silk.

Try baking the wonderful Rita Martin Sunshine Cake shown here this easy, "no-sift" way. Notice how much more delicious it tastes. And because of Robin Hood's High Protein Richness, it stays fresh longer, too.

Try Rita Martin's
ROBIN HOOD SUNSHINE CAKE
 (This is a Robin Hood Pre-sifted Flour recipe)

8 egg whites 6 egg yolks 2 tbsp. cold water
 3/4 tsp. cream of tartar 1/2 cup sugar 1 tsp. vanilla
 3/4 tsp. salt 1 cup ROBIN HOOD extra
 1 cup sugar All-Purpose Flour 1 tsp. lemon

BEAT ... egg whites until foamy. Add cream of tartar and salt and mix well.

ADD ... sugar gradually, continuing to beat until stiff peaks are formed.

LET ... meringue stand while preparing egg yolk mixture.

BEAT ... egg yolks until thick and light colored. Add sugar gradually and continue to beat until fluffy.

ADD ... flour (not sifted) alternately with water and flavorings, beginning and ending with flour.

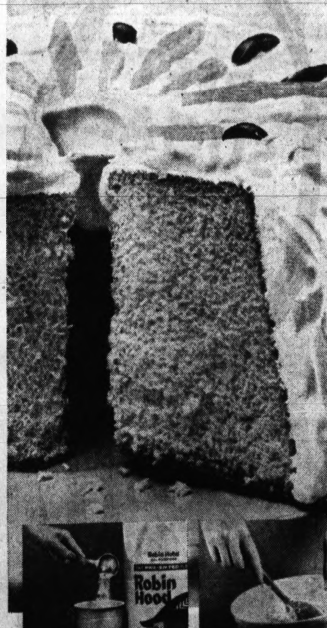

FOLD ... in the egg white meringue.

POUR ... into ungreased 10-inch tube pan.

BAKE ... at 325° for 60-65 minutes.

FROST ... with fluffy white frosting and decorate with pineapple and cherries, or as desired.

*If you use ROBIN HOOD Pre-sifted Self-Rising Flour (sold in some sections of the country) omit salt.

Spoon Robin Hood Flour right from the bag into your measuring cup. You don't have to sift ever because Robin Hood Flour is already pre-sifted through micro-fine silk.

Just stir the other dry ingredients together with Robin Hood Flour to blend. You don't have to sift at this stage, either. Another step saved on your way to better, easier baking.

You will be delighted with the results you get. Not only does this new way of baking with Robin Hood, the pre-sifted flour, save time and trouble, but everything tastes better, too.

THE PRE-SIFTED FLOUR

A Product of International Milling Company

FRUIT JUICE SOUP—Gourmet dining with low calorie food? Hard to believe but true if you serve the family this delicious, flavorful fruit soup, a Scandinavian delicacy. As an appetizer, one serving contains only 87 calories.

Beans Dressed Up

Serve garden-fresh green beans with butter-shredded water chestnuts for a vegetable treat. Heat 1/2 cup sliced water chestnuts, 1/2 cup melted butter until butter just begins to brown. Toss lightly with 1/2 cup cooked drained green beans. Serves 4.

teaspoon salt, 1/2 teaspoon pepper and 2 teaspoons lemon juice in 1/2 cup melted butter until butter just begins to brown. Toss lightly with 1/2 cup cooked drained green beans. Serves 4.

JFK's Talk Touches Off Big Day at Army Centers

By United Press International
Americans flocked to enlistment centers to ask what they could do for their country and flooded city defense headquarters to ask what they could do for themselves today in an outpouring of response to President Kennedy's call for an arms build-up.

A UPI survey of man-in-the-street reaction to the President's firm stand on Berlin indicated awareness by far more Americans than actually heard or read Kennedy's Tuesday night message.

Enlistment centers reported more inquiries than at any time since the Korean conflict. Draft boards geared for a 5,000-man boost above an earlier August draft call of 5,000.

In Boston, M. Sgt. Frank J. Carr said enlistment inquiries were up 500 per cent over a normal day. "It reminds me of World War II," he said. San Francisco Army recruiters said the "phone hasn't stopped ringing all day."

"We even had a request for information from a guy discharged

in 1948 with 100 per cent disability. He wants back in," a spokesman said.

"BUSINESS WILL PICK UP" Similar reports came from Birmingham, Atlanta, Des Moines, San Diego and perhaps the nation's best known recruiting center in New York's Times Square.

A St. Louis Air Force recruiter said there generally is a few days' delay between inquiries and enlistments. "Business will definitely pick up," he said. Another spokesman predicted "a week or so" before a flurry of actual enlistments.

Many callers were interested in how much they would have to do for their country, and how soon. Spec. 4 Thomas Lucas at the Pittsburgh enlistment center said dozens of questions involved reservists' status.

"Apparently the people are a little shook up," Lucas said. "Mothers were asking about their sons. Girls were asking about their boy friends. Some were veterans of World War II and Korea asking about how-or if-they could enlist."

A Birmingham Marine recruiting sergeant said, "Lots of boys who've missed the draft so far are all of a sudden worried." In Detroit, 25 men applied for the Navy Wednesday.

Age appeared to alter the outlook in Memphis, a Marine recruiter said. "I don't think it has really sunk in with the younger people yet," Sgt. L. G. Eaves said. "The young ones who have come in to volunteer seem to be more indignant about our airplane in Cuba than about Berlin. They want to go in there and bring back that airplane."

"They seem to understand that better."

FLOOD OF CENTERS
Fallout shelters were a No. 1 topic at civil defense centers. CD Director Col. U. N. James at Birmingham said he would "need an adding machine to get the total" number of inquiries. "The calls started before 7 a.m. and have been continuous all day."

Pittsburgh civil defense reported a "terrific" number of calls numbering in the hundreds. The normal load is 10 calls a day.

At Columbus, Ohio, the first application for a fallout shelter building permit Wednesday hit a snag. Authorities turned down a permit request to build a \$1,700 shelter at the home of Mr. and Mrs. Neal J. Bates because shelters were not covered by the building code.

Man-in-the-street reaction generally supported the President's stand. There were these comments:

—Dale Nelson, Bountiful, Utah, Army reservist: "It is about time we got tough because we have given ground long enough."

—John Ziemski, 30, Pittsburgh shipping clerk: "I think it's right to protect Berlin. . . . We don't

want the Communists to take it over."

—John Carlin, 55, Pittsburgh doorman: "In plain words that guy (Kennedy) is one hell of a man."

Public figures and legislators wiped the President their support. The Texas Senate voted to "congratulate the President of the United States for his great leadership." Maryland Gov. J. Millard Tawes said, "The citizens I spoke to today in Maryland are ready to back the President to insure peace in the world."

The dominant flavor in good coffee brands is invariably Colombia's shade-grown coffee. Colombia is the world's largest producer of mild coffee.

ANNIVERSARY STAMP — The Post Office has released this photograph of a special stamp marking the 50th anniversary of naval aviation. The stamp goes on sale at San Diego, Calif., Aug. 20.

Travelers' Want Freight Timetable

TRINIDAD, Colo. 26 — The railway station agent here got a call from someone who wanted to know when the next southbound train would leave town. The agent told him.

Next question from the caller: "Will it have some empty box-cars?"

"Yes," the agent replied. "Thanks for the information," said the caller. "Several of us are heading home on vacation and we've made it okay this far."

About 90 per cent of U.S. babies are born in hospitals.

WALT DISNEY'S
"THE ASSENT-MINDED PROFESSOR"Gaming Shipping Bill
OK'd by Committee

WASHINGTON (AP)—The Senate Judiciary Committee Wednesday approved a bill to ban the shipment across state lines of roulette wheels and other gambling machines and devices.

It is the seventh and last of a series of bills approved by the committee at the request of Atty. Gen. Robert F. Kennedy for a stepped-up drive on racketeering and underworld activities. Kennedy, who sat in on the committee's deliberations, told a reporter he was "very, very pleased" with the outcome.

State's CD Plan
Due for Revamp,
Says Swainson

LANSING (AP)—Gov. George W. Swainson in the wake of President Kennedy's nationwide defense and military preparedness speech, said Wednesday Michigan's civil defense program is due for re-evaluation.

He said: "It is my opinion that the nation's civil defense operation will have to enter a program of community fallout shelters. The program of personal shelters has met with little success."

Swainson said he would meet soon with state Civil Defense Director Walter Nummiker for the re-evaluation of the state program.

In a telegram to the President, Swainson assured Kennedy of Michigan's cooperation in the program "to strengthen the armed forces and to provide the necessary military hardware."

Will Present Helio-Courier
to People of Philippines

There will be a big celebration some 10,000 miles away on Aug. 15, and all because of the generosity of Pontiac area residents.

On that date, a \$30,000 airplane will be officially presented to the people of the Republic of the Philippines from the people of Pontiac.

The ceremony will take place in Manila.

Funds for the versatile Helio-Courier, "The Spirit of Pontiac," were raised here last year by a group of civic-minded residents interested in promoting people-to-people projects.

Clyde R. Haskell was chairman. He will leave Pontiac Aug. 8 to make the official presentation to President Carlos T. Garcia.

The plane is owned by the government and flown and maintained by the Summer Institute of Linguistics. It is one of many planes

Railroad Job Gave Manfred the Inside Track

How One Family Fled From Behind the Iron Curtain

(Editor's Note: There have been many stories about the numbers of refugees fleeing out of East Germany. Here, to show some of the why and how behind these figures, is the story of just one refugee family.)

By CARL HARTMAN
BERLIN (AP)—Some people look at their daughter Angela after fleeing a West Berlin refugee camp. Their last name is withheld to protect relatives still living under Communist rule.

Manfred H., like the majority of Communist rule in nothing more dramatic than a communist's traits. He came with his wife Luise, a pretty blue-eyed brunette and Angela, a year old and has a nasty bruise on her nose because she does not yet walk very well.

DOESN'T HAVE TO
She does not have to. The H's brought a surprising amount of baggage, and Angela's streamlined baby carriage.

"It's hard on the nerves, though," said Luise.

Manfred explained how it was done. He is a train dispatcher and knows all the angles. He is a good-looking man of 28, carefully dressed in a shabby sports jacket and slacks, with a necktie to show he isn't an ordinary workman.

When I met the family on a bench in the yard of the Marienfelde refugee camp, Manfred and Luise were munching bananas. In Leipzig you only get bananas twice a year, when the big International Trade Fair is on.

The H's lived in Leipzig, in a 2½ room apartment on the third floor of a four-story house. There was no bathroom or kitchen. Manfred explained, but from neglect—that the people on the top floor had to move out and the rain came through the third-floor ceiling.

Outside of that, it wasn't a bad heavy suitcase that held some of their most precious belongings. At Schoenefeld, on the southern edge of the city, there was a police check.

"Where are you going? Why? What have you got in your suitcase for, instead of that?" They wouldn't believe his story and sent him back to Leipzig. Before he got there, the police visited Luise.

SHE CONVINCED THEM
She succeeded in convincing them that she knew nothing about any plan to get away.

When Manfred got home they put a note in his workbook that he had been found trying to reach Berlin under suspicious circumstances.

So they went about things more carefully. They planned a vacation on the Baltic Sea. Manfred arranged the tickets so they could slip out of Berlin and see some relatives.

Knowing the schedules, he fixed it so they would have to take a local train into Berlin that passed through the Western sectors, Berlin.

NEW YORK (AP)—What started out as a quiet pro-Castro parade Wednesday outside the United Nations ended with the arrest of six persons.

About 200 Cubans, celebrating the eighth anniversary of Fidel Castro's revolutionary movement, marched peacefully in front of U.N. headquarters for about two hours. They chanted such slogans as "Hands off Cuba."

As they prepared to disband, a patrolman sought to hasten one woman picket from the scene. A male picket intervened. About 20 other demonstrators converged on the officer, and then about 100 policemen, mounted and on foot, broke into the ranks of the demonstrators.

Before the demonstrators were disbanded, a half-dozen were arrested and charged with disorderly conduct. However, there were no injuries.

Red Take-Over Feared by Dodd

Solon Wants U. S. to
Stop Commie Threat in
British Guiana

WASHINGTON (UPI) — Thomas J. Dodd, D-Conn., said today the United States should act at once to forestall threat of a Communist take-over in British Guiana.

He said Secretary of State Dean Rusk should consult immediately with the British on the implications of next month's elections in Guiana, a British colony moving swiftly toward independence.

Dodd warned that an election victory for Dr. Cheddi Jagan and his Peoples Progressive party would give the Soviet Union a beachhead on the South American mainland.

Jagan, his Chicago-born wife, and many of his chief lieutenants are avowed Communists, Dodd said. He said Jagan, working in tandem with Cuban Premier Fidel Castro, would bring the United States to the brink of catastrophe in Latin America.

"At least we ought to be talking to the British," he told United Press International. "This is a terrible dangerous situation."

Dodd said he wrote Rusk last week and planned to press his point in a talk with the secretary today. The United States and Britain should agree on steps to preserve Guiana's freedom, he said.

Pontiac, Nearby Area Deaths

MRS. WILLIAM STRONG

Service for Mrs. William (Ada) Strong, 80, of 218 S. East Blvd., will be held at 1 p.m. Saturday at the Donelson-Johns Funeral Home. Burial will be in the Perry Mount Park Cemetery.

Surviving are two daughters, Mrs. A. C. Campbell of Utica and Mrs. Charles Case with whom she made her home; four grandchildren; and two great-grandchildren. Mrs. Strong died of a stroke Saturday after an illness of six years.

EDWIN J. BEHM

ROCHESTER—Service for former Rochester resident Edwin J. Behm, 64, of Port Austin, will be at 2 p.m. Saturday at the Pixley Funeral Home. Burial will be in Mount Avon Cemetery.

Mr. Behm, former owner of Behm's Dairy Bar in Rochester, died unexpectedly yesterday of a heart attack at his Port Austin home.

Surviving besides his wife Sylvia are a son, Stanley of Port Austin;

a daughter, Mrs. Kathryn Ashbaugh of Royal Oak; a brother, Walter of Rochester; and five grandchildren.

EDWARD BENJAMIN
ROCHESTER—Service for Edward Benjamin, 67, of 200 Fraser St., will be at 11 a.m. Saturday at the William R. Potere Funeral Home. Burial will be in Mount Avon Cemetery.

Mr. Benjamin died yesterday of an apparent heart attack. Surviving besides his wife Hattie are four daughters, Mrs. Marion Garnett of Rochester, Mrs. Florence Wilkinson of Algonac, Mrs. Lillian Thurnham of Washasha, Wis., and Nancy Benjamin of Rochester; four sons, Irving and Edward, both of Pontiac, Robert of Pontiac and Merle of St. Louis; 24 grandchildren; and eight great-grandchildren.

FAY A. BUTLER
OXFORD — Service for Fay A. Butler, 48, of 90 Park St., will be at 11 a.m. Saturday in the Union Funeral Home, Pontiac. Burial will be in Perry Mount Park Cemetery, Pontiac.

Mr. Butler, a member of the Auburn Heights American Legion Post, died yesterday of an apparent heart attack.

Surviving are his daughter Mrs.

Howard Rubin of Ann Arbor; two brothers, Charles and Raymond, both of Pontiac; and two sisters, Mrs. Nathan Griffith of Drayton Plains and Mrs. Elma Stapleton of Waterford Township.

OTTO A. PUSCH
TROY — Service for Otto A. Pusch, 68, of 4282 Rochester Road, will be 1:30 Saturday at the Pusch Funeral Home. Burial will be in Oakview Cemetery, Royal Oak.

Mr. Pusch died yesterday at his residence after a brief illness. Surviving is his wife Margaret.

MRS. LEO F. STONE
LAKE ORION — Service for Mrs. Leo F. (Dora E.) Stone, 60, of 46 W. Shadbolt St., will be at 11 a.m. Saturday at Allen's Funeral Home followed by burial in Evergreen Cemetery.

Mrs. Stone, a member of the Lake Orion Methodist Church, died yesterday at her residence after a seven-week illness.

She is survived by four sons, Leo F. Jr., Arthur R., Richard E. and John O., all of Lake Orion; five daughters, Mrs. Edward Bretzlaff, Mrs. Irving Walters, Mrs. Neil Koopen, Mrs. William Wilson and Mrs. Rex Tabor, all of Lake Orion; a sister; and 24 grandchildren.

Report Gizenga Faction
Exerting Dominance in
Meeting of Parliament

LEOPOLDVILLE, the Congo (UPI)—The Congolese parliament today entered its second day of secret sessions designed to achieve a broadly based government of national unity.

United Nations troops supported by artillery, armored cars and war dogs kept a tight security guard around Lovanium University where the deputies and senators were meeting for the first time in a year.

From merger reports that slipped through the cordon, it appeared that Katanga Province had estimated itself by boycotting the session.

Followers of the late Premier Patrice Lumumba, who now accept the leftist leader of Stanleyville, Antoine Gizenga, as their guiding star, were reported exerting dominant influence in the session.

Central Government President Joseph Kasavubu had hoped to counteract this influence through cooperation from Katanga, but provincial President Moise Tshombe refused to send a delegation.

Both Kasavubu and Tshombe have been strongly anti-Communist although Tshombe's interior minister, Godefroid Munongo, said earlier this week that Katanga was seeking help from Ginega, Czechoslovakia and Yugoslavia.

McLouth Steel Earnings
Rise in Second Quarter

DETROIT UP — The McLouth Steel Corp. today announced earnings of \$4,991,476, or \$2.38 per common share for the second quarter of 1961.

This compares with earnings of \$2,175,975, or 58 cents a share, for the first quarter of the year and earnings of \$3,848,333, or \$1.04 a share, in the second quarter of 1960.

Earnings for the first six months of 1961 were \$7,167,451, or \$1.96 a share, compared with \$6,675,307, or \$2.64 a share, in the similar period of 1960.

Why is the whiskey on the right insured for One Million Dollars?

SOLID-GOLD BARS loaned through the courtesy of a U. S. Treasury Department gold licensee.

Answer: The whiskey on the right is insured because it is Calvert's one million dollar "Standard of Excellence"—the lightest, finest, smoothest-tasting whiskey, we believe, ever created.

The Calvert Reserve on the left—and every bottle you buy—must match this "Standard of Excellence" for lighter taste, finer taste, smoother taste. Taste that never varies. Always "good as gold." Shouldn't you enjoy it tonight?

For *lighter* taste...

finer taste...

smoother taste...

Prosecutor Suspects Increase in Frauds

Probes Shady Deals for Homeowners

Prosecutor George F. Taylor suspects that a growing number of homeowners are being "milked" by shady mortgage deals.

Just before he departed Tuesday for a four-day conference of the Prosecuting Attorneys Association of Michigan at Mackinac Island, Taylor said he planned to huddle at the meeting with state law enforcement officials on how these deals can be stopped.

Complaints on such deals "have been coming in for two and three years," Taylor said. He added that three were received on Monday alone.

Two men reported they had made deals with an Oak Park firm "to trade" their homes in the Herrington Hills Subdivision on Pontiac's East Side for two new homes, one being in Avon Township and the other in Roseville.

Taylor said the two were told by the firm that the mortgages on their former homes "would be taken care of" by the firm. They never were, however, Taylor said the men told him, and the mortgage companies have started foreclosure proceedings against the two men.

The men did not receive written contracts that the firm would "take care" of the mortgages, Taylor said.

The prosecutor said the practice is "one of many frauds upon the consumer" because the firm usually rents the former homes

but does not pay a penny on the mortgage.

Taylor produced a newspaper clipping showing that a former Oak Park man, Milton Silverman, 57, received 4½ to 5 years in prison from Genesee Circuit Judge Donn D. Parker for conspiracy to defraud homeowners in a similar mortgage deal in Flint. His accomplice from Garden City was placed on probation.

The pair, police said, would promise to take over the mortgage of a couple having trouble meeting payments. They would collect rents until the mortgage holders would foreclose and the original owners discovered they were still liable for the payments.

Police believe Silverman and his

accomplice "cheated" at least 22 homeowners in Genesee County "and others in other counties." He'll meet with Asst. Atty. Gen. Maxine Virtue, in charge of all type of consumer frauds, on Thursday in hopes of finding the means and the proper law "with which we can stamp out this type of consumer fraud."

In the past, Taylor said, his office has been unable to prove a conspiracy in the schemes.

"I'm not going to move on the recent complaints until I talk with the attorney general on Thursday," Taylor said.

"What I want to know is what kind of charge to make," he said. In the meantime he issued a warning to citizens to beware of any such schemes here.

'Flying Grass' Top Concern of Golfers

By DON WEISS

Associated Press Sports Writer
 CHICAGO (AP)—There's green grass, blue grass, brown grass, crab grass and quack grass, but the brand that has the golfers at the PGA championship talking to themselves today is another kind—flying grass.

It doesn't have wings, but golf balls hit out of it on the lush, soft fairways at Olympia Fields' famed North Course act like they do.

The way balls jump out of the flying grass on approach shots at the 6,722-yard, par 35-35-70 layout has been the main topic of conversation among the professionals who today played the first round of the 72-hole medal play tournament.

Defending champion Jay Hebert, the swarthy ex-Maine from the Louisiana Bayou, Arnold Palmer, the 5-1 favorite to add the PGA to his 1960 U.S. Open and Masters and 1961 British Open titles, South Africa's Gary Player, former PGA champion Bob Roebuck, former Masters champ Art Wall, and top tourists

Ken Venturi and Bobby Goalby—each seems to feel the fellow who masters the grass will reach for the winner's check of about \$10,000 late Sunday afternoon.

"Flying grass," said Roebuck, "is the term we use for grass that doesn't hold the ball. Some types of grass are strong enough to hold up a golf ball. It sits nice and high and you get a good clean shot at it on your fairway approaches."

"The grass here is a bent type and it's so thin bladed that the ball settles down in it. On your 6, 7 and 8 iron approaches, it's almost impossible to get any backspin on the ball—so you can't control the shot. There's overspin and the ball flies much further than you expect it to."

"You can't take a decent divot in it, either," said Venturi, who ranks with Roebuck as one of the master technicians of golf. "If you go down the turf, the ball just bounces out. So you're either going to hit the ball farther or shorter than you want to most of the time and you're never quite sure which it's going to be."

Wall, back to championship golf after recovering from a se-

ries of ailments that struck him after he won the Masters tournament in 1956, feels the jet-propelled grass affects long iron shots, too.

"They've gone to a lot of trouble to make this a fine championship," Wall said. "This isn't a complaint—but it's a fact that the ball flies on you. I think it flies just as much on long irons as on the short ones."

Players, who teed off on their first round with Palmer and Don January at 9:45 a.m. EST, felt the grass was affecting his chipping. So did Hebert and Goalby.

Palmer was asked his opinion during his final warmup for this championship that he needs to complete within 16 months pro golf's grand slam of the U.S. Open, Masters, British Open and PGA—achieved by only Ben Hogan and Gene Sarazen.

On the previous role, his 8-iron chip from about 25 yards off the green hit 15 feet short of the cup and kangaroo-bounced all the way to the back fringe—about 10 feet beyond the hole. Overspin out of the flying grass and caused a good chip to be a bad one.

"Did you see the last hole?" Palmer asked. Told yes, he grinned: "Then I guess you saw my answer."

"I was supposed to present this trophy to somebody and now I'm stymied," said The Hag, resident in a yellow silk jacket and even yellower slacks. His throat was wrapped in a yellow-black scarf.

Hagen received the first Walter Hagen Award, to be given annually to any person who has made the most distinguished contribution to the furtherance of Anglo-American golf.

Sweetman Nurses Lead in Left-handed Play

GREENSBORO, N.C. (AP)—Ed Sweetman, perhaps the busiest man in the field, nursed a one-stroke lead going into today's third round of the 72-hole amateur championship of the National Association of Left-handed Golfers.

Sweetman, who won the national title two years ago, shot a one-over par 72 Wednesday over the 6,800-yard course to slip into the lead with 146, a stroke ahead of Buddy Briggs of Raleigh, N.C. Briggs, just turned 21, shot 72 for his 147 total. Each had a 34-card against par of 35-36.

Tei Olase of Grand Rapids, Mich., stretched his senior lead to 10 shots with a 165.

TIES RECORD—Yankee John Blanchard flashes smile in clubhouse at New York after two home runs in Wednesday's 5-2 win over Chicago. The blast gave him four circuit clouts in consecutive appearances.

Show Strong Passing, Defense

Stars Tie Bears, 14-14

RENSSELAER, Ind. (AP)—The college All-Star squad is the best in at least 11 years," says George Hales, whose Chicago Bears are willing to agree with him.

Head coach Otto Graham brought the collegians to the Bears training site at St. Joseph's College Wednesday for a full-game scrimmage and they unleashed a passing attack to battle the Bear to a 14-14 stalemate.

It was the All-Stars main tune-up for their game with the Philadelphia Eagles, 1960 National Football League Champions, in Soldier Field Aug. 4.

Defensively, the collegians—fortified by such players as Emil Habib of Texas Tech, Joe Rutgers of Illinois, Claude Gibson of North Carolina State and Marlin McKee of Southern California—held the Bears to 17 yards running and 103 passing.

Offensively, quarterback Bill Kilmer of UCLA, Norman Sneed of Wake Forest and Tom Matte of Ohio State blew up quite a storm. After spotting the Bears a 14-0 lead, Kilmer completed eight out of 11 passes in an 80-yard

scoring surge. His targets were Aaron Thomas of Oregon State, Mike Ditka of Pittsburgh, Pervis Atkins of New Mexico State and Blynn Gregory of Southern Methodist.

He took turns hitting them, with Pervis catching a 22-yard toss for the touchdown.

The collegians evened it up in the fourth period on a 78-yard drive in 12 plays. Matte, working well with the option play, started it and led the team to the Bear 35 with a 13-yard flat pass to Navy's Joe Bellino.

Then Kilmer came in again, spearing the elusive Bellino twice to reach the 4. From there, Atkins barreled across.

George Fleming of Washington booted both extra points.

Bill Wade and Ed Brown alternated at quarterback for the Bears. Brown's 11-yard toss to Jim Dooley gave the Bears their first touchdown. Wade spent the second on a one-yard rush after setting it up with a 12-yard pass to rookie Jason Harness of Michigan State.

Gets Shot in Arm From Washington

Business Mulls Blow by London

By SAM DAWSON
AP Business News Analyst
NEW YORK—In a one-two punch, Washington and London this week jabbed at U.S. business and financial plans and prospects. In time, American consumers and taxpayers may feel it.

President Kennedy is dealing with the Berlin crisis by strengthening U.S. defenses. Prime Minister MacMillan is bolstering the English pound. Together their proposals add some new items to the American business score cards—and in some things Washington and London are pulling in opposite directions.

Here are the new things American businessmen, consumers, stock traders and investors must take into account.

Congress is asked to raise U.S. military and civil defense by about \$3.5 billion. This will send the official estimate of the Treasury deficit up above \$5 billion, and the unofficial predictions even higher.

ENGLAND CUTS SHARE
At the same time, England is cutting its share of Western defense spending. And France has much of its military attention centered on the Algerian and Tunisian trouble spots and the threatened Sahara oil fields.

But to business, the Washington moves means more defense orders. This will change stock market opinion of some industries. And deficit spending will fire another rocket in the series already timed to boost the economy in

general to a higher level starting in the fall.

If business is souped up as expected, Treasury revenues may be enough to make a tax hike unnecessary, the President hopes. He also hopes deficit spending and booming business won't mean more inflation. Washington has just reported that the cost of living has hit a new high, with a very modest rise in prices.

BRAKES IN LONDON

But while Washington is trying to spur consumer spending and business expansion, London is trying to put a brake on its inflationary boom. And the steps it is taking are giving American businessmen pause.

Higher sales and import taxes on American goods will stop the flow of some to England and undoubtedly cut back sale of others. U.S. firms with plants there also will feel the move to discourage British consumer spending. Some may take a second look at their plans to expand their operations.

A chief aim of the London moves is to beef up British exports. This could lead to more competition here with domestic producers, and to keener sales drives in world markets.

By hiking its bank rate to 7 per cent from 5 per cent London is offering a new challenge to the American drive to trim its deficit in balance of international pay-

ments and to prevent a return of the outflow of U.S. gold.

FIGHTS ITS OWN FLOW

London is trying to halt its own outflow of investment money and the drop in its reserves of gold and dollars. With higher interest rates obtainable there, short-term investors may turn again to the British market.

In recent weeks the firmer interest rates here have kept U.S. money markets stable. But Wednesday the price of gold in London rose to \$35.175 an ounce, compared with the \$35 official U.S. price—a spread that could tempt some holders of U.S. dollars abroad.

New York bankers are also watching the effect of the London move on Washington's hopes of cutting long-term interest rates here as a means of encouraging business expansion. Higher rates abroad will make it even harder for Washington to achieve this goal.

If stock prices here rise in response to the promise of more government spending, and bond prices weaken, dear money could come back to the American scene. U.S. businessmen, stock traders, consumers, financiers, all will have to readjust to the new moves—keeping in mind that a new cent from 5 per cent London is offering a new challenge to the American drive to trim its deficit in balance of international pay-

Madison Ave. Lifts Voice in Protest

NEW YORK (AP)—Are advertising men lecherous, treacherous, hawdy villains—ingrates who sip martinis with shapely blondes while the upper grows cold on the family stove over in suburbia?

"No, no, no," the man in the gray flannel suit screamed back today. "If you think so, you're been reading too many novels. We love our wives."

Madison Avenue made known its feeling in an article called "Do Ad Men Make Good Mates?" in the trade organ "Printers' Ink." The article said 90 per cent of 383 advertising men surveyed felt their marriages were happy.

MODEST CLAN
So modest were the replies, in fact, that only 10 per cent

Peebles' Privileges in Jail Restricted

GRAND RAPIDS (AP)—Jail privileges of J. Otto Peebles, Rockford industrialist charged with the murder of his wife, Louise, March 18, were restricted Wednesday.

Sheriff Arnold O. Pigorsch imposed the restrictions after it was disclosed that Peebles had violated jail regulations by smuggling a letter to a woman juror who refused to return a manslaughter verdict against him.

It was also revealed that the juror, Mrs. Guy A. MacDonald, had answered Peebles' letter and assured him "You will always have a mother's blessing from me."

Pigorsch said his office intercepted Mrs. MacDonald's letter July 24 and thereby learned of Peebles' letter to her.

The sheriff said "I informed him of this and he said he knew it was a violation and that he now was sorry for his action."

JKF Not Sticking to Eisenhower Program

Small War Plan Veers From A-Arms

By ELTON C. FAY
WASHINGTON (AP) — The Kennedy administration does not preclude the possibility that atomic weapons might be used in limited wars, but its new mobilization program veers somewhat away from previous doctrine.

That doctrine, as adopted by the Eisenhower administration, was predicated largely on the in-coming of atomic firepower to offset the military manpower advantage of the Communist camp.

The program outlined by President Kennedy and explained in detail to a Senate Appropriations subcommittee Wednesday by Secretary of Defense Robert S. McNamara is threatened with repeated references to augmenting weapons firing standard, conventional explosive.

McNamara says this is for the purpose of providing greater versatility, to give the U.S. military more choice in the arms it would use to cope with less than nuclear war.

FIND EXAMPLES
Examples of the changing doctrine are found among several references in McNamara's long presentation to the Senate subcommittee.

In discussing the request for an increase of \$192 million for Army tactical missiles, McNamara said this would provide for more non-nuclear warheads for the Honest John rocket. This weapon, with a range of about 12 miles, always has been billed as having twin capability: It can fire either a conventional or atomic warhead.

He also said the new requests included money for non-nuclear warheads for the Nike Hercules missile. So far as is known, all Hercules warheads have been atomic to expand the lethal range of an airburst near or within a group of enemy bombers.

Fundamentally, the worry of U.S. military men over extensive use on the battlefield of atomic weapons is that this might develop into all-out nuclear exchange between nations, on a strategic attack basis.

American ground forces are far outnumbered by those of the Soviet Union. The United States now has only 17 ground combat divisions—14 effective Army divisions and 3 Marine divisions. Five of the U.S. Army divisions are stationed with NATO forces in Europe. The Communists now

have up to 150 divisions in Europe. The Kennedy-McNamara program so far calls only for added military manpower to fill out the present 17 divisions, but the way may be open to build up to 19 said Kita has gotten rid of the tennis ball which had lodged in

Elephant Kita, Ball Swallower, Feeling Better

DETROIT (AP) — Kita, the baby elephant that swallowed a ball, is getting better.

Frank McNina, zoo director, said Kita has gotten rid of the tennis ball which had lodged in

her stomach and caused an inflammation.

Kita swallowed the ball a couple of weeks ago when it rolled into her pen at a children's zoo.

McNina said "now" we can probably get her cured. Her temperature has been dropping the last two days, and she feels better. We're still feeding her liquid, though.

Lumumba to Reappear, Say Rumors in Congo

LEOPOLDVILLE, the Congo (AP) — Patrice Lumumba's name still is magic in the Congo.

Rumors swept the city this week that the fiery premier, killed in Katanga last January, would reappear before Parliament.

A hospital confirmed that one

Patrice Lumumba had been admitted suffering from influenza.

But a spokesman said he was only a 2-month-old namesake and not the former Congo leader, who is still believed by thousands of followers somehow to have escaped death.

Barber Wants a Deal He Can Sink Teeth Into

KANSAS CITY (AP) — Dale Gasper, 24, needs an upper dental plate and he wants to make a deal with some dentist.

He'll give a dentist two years of barber service in return for the choppers.

Warm Weather Snaps Tourism Out of Its Slump

LANSING (UP)—Cool June weather got Michigan's tourist season off to a sluggish start, but a warm, bright July has improved the picture, the State Tourist Council reports.

Council Director Robert J. Furlong, said continued good weather should bring business up to the summer, 1960 level—although some tourist group spokesmen still see clouds on the horizon.

"Interest in Michigan vacations is holding up well, considering the fact that rising costs have forced curtailment of our advertising program and other promotional efforts," Furlong said.

The 1960 record, however, has been studied with some concern, one tourist council spokesman said. It remained at the 1959 level, while the rest of the nation improved by about 5 per cent.

Greatest optimism has been voiced by Leonard Thomson of the Southeastern Michigan Tourist Assn., Detroit, who predicted what may be "the greatest year ever."

NAACP Head in LA Arrested for Ruckus

LOS ANGELES (AP)—The president of the Los Angeles chapter of the NAACP was convicted Wednesday of interfering with a policeman and refusing to obey an officer's lawful command.

Attorney Edward D. Warren, 47, was booked June 3 after he interceded with two officers, as they were arresting two Negro women for drunkenness.

The violations charged to Warren are misdemeanors. Sentencing was postponed pending argument on a motion for a new trial.

Officer Sam Hunter, a Negro, said he arrested Warren because he defied the NAACP officials' loud remarks about his method of arrest might inflame a surrounding crowd of 150 persons.

Says Revolt Hurt U.S.

TOKYO (UPI)—Communist Chinese Foreign Minister Chen Yi said the Cuban revolution "marked the beginning of the collapse" of U.S. domination over Latin America, the New China News Agency reported today.

The State of California has allocated \$200 million in aid to local school districts for the 1961-62 school year. The State Department of Education points out that the figure is almost triple the \$202 million granted a decade ago.

First-Hand Look at Bizerte

QUESTION HAMMARSKJÖLD—Dag Hammarskjöld (right), secretary general of the United Nations, talks with newsmen on board a ferry boat that returned him to Tunis after he inspected the battle-scarred city of Bizerte Wednesday. The governor of Bizerte, Hedi Mokkadem, who escorted Hammarskjöld, stands beside him. In Paris, the French government accused Hammarskjöld of favoring Tunisia in the Bizerte crisis.

Dag Flying From Tunisia, Bitter Over French Snub

UNITED NATIONS, N.Y.—The U.N. Security Council will meet tomorrow at 3 p.m. EDT to hear a French complaint by Tunisia against France, a U.N. spokesman announced today.

TUNIS—U.N. Secretary General Dag Hammarskjöld left for

New York today after a three-day on-the-spot study of the explosive Bizerte crisis. He did not hide his bitterness at a French snub.

Sources close to Hammarskjöld said he was particularly annoyed by the refusal of Vice Adm. Maurice Amman, French commander of the Bizerte base, to see him.

Amman said he acted on orders from Paris. The French government Wednesday accused the secretary general of showing favoritism toward Tunisia.

Hammarskjöld told newsmen he was concerned by what he described as French refusal to withdraw to the base after a cease fire.

"You know my reaction," he said. "I believe that now I have a complete picture of the situation."

"Are you optimistic?" a newsman asked.

"I am," Hammarskjöld replied. "In this world you have to be an optimist."

Hammarskjöld left aboard a special plane for Rome where he is to take a commercial airliner for New York.

KEEPS QUIET
Pursuing his customary policy of uncommunicativeness to newsmen, the U.N. secretary general said nothing about any recommendations he might be taking back to the Security Council. The council is expected to meet soon after his return for further discussion of the crisis between France and Tunisia.

Hammarskjöld was rebuffed in an attempt to see the French commander in Tunisia, and the French foreign office said it would be useless for him to visit Paris.

The French attitude marked a further deterioration in relations between France and the world organization, of which President Charles de Gaulle has grown increasingly contemptuous.

Hammarskjöld, who came here at the invitation of Tunisian President Habib Bourguiba, said he hoped "common sense and human wisdom" would prevent any further fighting around the French naval base.

As for the youngsters from birth to 12 years, 2-year-old boys were by far most numerous. There were 1,129.

There were more than 5,000 more. (Continued on Page 2, Col. 5)

Pontiac Grows Older, Residents Get Younger

For a city that has just gone all out to celebrate its Centennial, the federal government released some earthshaking news this week.

We evidently passed our milestone going the other way. According to the census, Pontiac is getting YOUNGER.

The final U.S. Census of Population Report states that the median age of Pontiac residents has dropped from 30.2 in 1950 to 28.8 last year.

The data-packed report was released by the U.S. Department of Commerce.

The report shows that some 36.1 percent of the official Pontiac population last year was under 18 years old. Another 35.7 per cent was 18 to 64 years old and 8.1 per cent, 65 and over.

Among the 82,223 persons in Pontiac, the women have the edge. There are some 42,116 women, compared with 40,117 men.

Last year, when the census was taken, 15-year-old girls were tops in number among teenagers. But if you drop a year in age, the lads take the lead.

As for the youngsters from birth to 12 years, 2-year-old boys were by far most numerous. There were 1,129.

There were more than 5,000 more. (Continued on Page 2, Col. 5)

Movie to Laud Pontiac Loop

State Highway Dept. Impressed With Vision of Local Plan

So impressed in the State Highway Department with ramifications of Pontiac's upcoming downtown loop highway, they're going to make a movie about it to publicize the feat throughout the state.

The movie will show how Pontiac is years ahead of the average city, according to Robert Van Hoef, director of the planning division of the highway department.

Van Hoef thinks Pontiac is a classic example of how local leadership can gain the help of state and federal authorities in a problem that is now being recognized as a national phenomenon—deterioration of the core, or downtown, area.

The film should get started in a few days when an airplane flies over the city and aerial views are taken of the central business district.

Other important scenes will be shot in a few weeks, when construction and financing agreements are signed by the city and state.

If construction gets under way on schedule this fall, film makers will be recording progress on the loop from then until its completion next year.

Before and after views will show how the \$2.53 million project has radically changed the outlook for the central business district, Van Hoef said.

The estimated \$5,000 cost of the film will be absorbed largely in highway department budgets.

NATIONAL MODEL
Not only will Pontiac be a "good model" in Michigan, but federal officials want to make the city "a national example of what one city can do if it is really aggressive, imaginative and daring," Van Hoef said.

Many agencies, both state and (Continued on Page 2, Col. 2)

Industry Sticks to Plans
NEW YORK (U)—The Berlin crisis is having little effect on management planning for the future of American industry, the Wall Street Journal said today.

Defense Chiefs Say:

Will Go Slow on GLs

Report E. Reich Troops on Duty at Roadblocks

Armed With Machine Guns in Effort to Stem Flow of Refugees

BERLIN (UPI)—The East German army was reported today to have thrown up machine-gun roadblocks along highways in an effort to slow the flow of refugees to the West.

Travelers to Berlin said that in addition to roadblocks, East German army patrols equipped with walkie-talkies were roving the highways leading to Berlin—both East and West of the city making thorough traffic checks.

In the past, inhabitants of the East German Communist zone traveled to East Berlin along these highways and then crossed into West Berlin and freedom.

The checks were believed designed to stem this flow to this traffic.

It was the first time the Communist zone reported to be using units of its 110,000-man "people's army" in support of regular police to curb the flow of refugees.

HALF-MILE LINES
Travelers said that on the 180-mile highway from Berlin to Dresden three road blocks were set up to check traffic. Lines of East Germans as long as a half-mile were reported backed up awaiting clearance.

The army troops were reinforced by Communist police. One traveler said 15-man squads of police were traveling on open trucks.

Despite Communist moves to curb the refugee flow, some 1,000 more East Germans today requested asylum in West Berlin. This raised to about 26,500 the total of East Germans who fled to the West this month.

West German intelligence experts meanwhile were reported to believe that the Soviet Union is worried about how much loyalty it would get from the East German army in a fight over Berlin.

They caution, however, that any underestimation of the East Germans could prove embarrassing for the West.

At a glance, East Germany's armed forces appear well equipped with modern Soviet weapons to meet combat conditions of the atomic battlefield.

They are composed of a seven-division army, a small air force and a small navy.

On June 17, 1953, when East German workers revolted against the Communist regime, the "bar-kassars" of the "people's army"—refused to crack down on them.

Russian troops, part of the 400,000 men the Kremlin has stationed in East Germany, crushed the rebellion.

DEFENSIVE CAPTAIN PLOTS—Joe Schmidt (center) defensive captain of the Detroit Lions gives Wayne Walker (left) and Alex Karras, members of the defensive platoon a few words of strategy in regard to the August 5th Lions scrimmage to be held in Pontiac's Wm. S. Winder Stadium.

The defense will play the offense in a full-dress scrimmage. The players will compete for hundreds of dollars in prize money to be awarded for special running, kicking and passing events. The Lions opened football camp at Cranbrook yesterday.

Fidel Plans Red-Style Party, Challenges U.S. Over Plane

From Our News Wires
HAVANA—Premier Fidel Castro said Wednesday night he is merging all Cuban political organizations into one Soviet-type party.

He also challenged the United States to try to recover a hijacked airliner by force.

Shouting defiance at the United States, the bearded revolutionary leader told thousands of cheering Cubans massed in civic square:

"We will not live on our knees." Castro spoke for four hours at the rally highlighting national celebrations of the eighth anniversary of the start of the 25th of July Revolutionary Movement. Hundreds of thousands of Cubans will cheer him on.

He shared speaking honors with Soviet Comsatcom Maj. Yuri Gagarin.

The Soviet major, launching out into international politics for the first time since he orbited the earth, denounced the United States and pledged to Cuba "the armed help of the Soviet people."

Castro followed Gagarin to the platform as the crowd shouted "down the Gagarins!"—"the Cuban name for the U.S. naval base at Guantanamo Bay in eastern Cuba."

The premier said the all-inclusive political party would be called "the United Party of the Socialist Revolution." He said the merger was necessary "to unify the discipline and ideology and make the revolution stronger."

WANTS PLANE TRADE
Castro said he would return a hijacked \$5.5 million Eastern Airlines turbo-prop plane only if the U.S. government "promises from now on to return every plane hijacked from here."

But in Washington, an attorney representing U.S. creditors of the Cuban government said he will continue seeking court seizures of Cuban planes or other property to satisfy the debt.

Charles Ashmann, attorney for Harris & Co., a Florida advertising firm, said Castro's offer constituted "an admission of piracy and blackmail."

He said seizure of 10 Cuban planes in this country in connection with the debt to his client was carried out legally by court judgment.

Castro brushed aside suggestions from some U.S. congressmen that Marines should be sent to recover the airliner commandeered at gunpoint by a pro-Castro Miami waiter last Monday.

"If they want to invade us, they don't need such an excuse," Castro declared. "Let them come if they want to. If our destiny is to be a bloody one, let them come."

Committee May OK 2 Kennedy Requests Today

Would Allow Placing Reserves on Duty and Approve Arms Cash

WASHINGTON (U)—Top defense officials told Congress today they plan only limited use now of powers President Kennedy asked to call up 250,000 reservists or hold servicemen on duty for a year beyond the terms for which they volunteered or were drafted.

"We plan to use this authority sparingly," Secretary of Defense Robert S. McNamara told the Senate Armed Services Committee at a closed door session.

Chairman Richard B. Russell, D-Ga., has said the committee may approve later today two of Kennedy's emergency requests for wide authority to deal with the Berlin crisis or any future Communist threats.

One would let the President call to immediate active duty any of the various groups of trained reservists during the next year, or hold necessary units and individuals now in the armed forces for extra 12 months of service.

The other would stamp approval on a \$58,570,000 priority list of military hardware, including aircraft, missiles and ships.

Republican congressional leaders, meanwhile, formally pledged their "complete support" of Kennedy in the Berlin crisis.

But they denounced cuts in domestic spending to offset the military build-up.

This stand was announced by Sen. Everett M. Dirksen, R-Ill., Senate minority leader, and Rep. Charles A. Halleck, R-Ind., House minority leader, at a news conference that followed a meeting of top members of Senate and House.

They warned Soviet Premier Khrushchev against falling into the "mistaken belief" that the United States will not go "all the way." (Continued on Page 2, Col. 3)

Dixie Accident Fatal to Indiana Woman
An elderly Indiana woman was fatally injured last night when she was struck by a car as she walked across Dixie Highway near Rural Street in Waterford Township.

Mrs. Etta E. Sheffer, 84, of Port Clinton, suffered a broken neck and skull fracture when struck by a southbound car driven by David A. Walker, 43, of 253 Church St., Ortonville, at 9:25 p.m. last Monday.

Mrs. Sheffer had been visiting relatives, Mr. and Mrs. Adam R. Mullin of 5460 Dixie Highway. She was struck in front of her home.

Walker said he walked in front of his car and he couldn't avoid hitting her. He was not held.

Only a Few Steps Away

Admiral Burke Leaves Navy a Living Legend

By BOB CONSIDINE

NEW YORK — That grand old salt, Arleigh Burke, retires as chief of naval operations Aug. 1, leaving behind a tabbed career.

He won his name, "31-Knot Burke," in 1943 while commanding Destroyer Squadron 23 in the Pacific—a post he reached only by a series of verbal depth charges he dropped in Washington when, for a time, it appeared that he might serve out the war at the Naval Gun Factory.

This "Little Beavers" Squadron Four took part in 25 separate engagements between November 1943, when it covered the landings on Bougainville, until February 1944.

During that stretch Burke ordered his ships steamed at just below the boiler-breaking point—hence the nickname. The squadron wheeled out a Japanese cruiser, nine destroyers, a submarine, 30

meres and a small navy of smaller ships.

He moved on to carriers, under Marc Mitscher, flew hosts of missions while holding the rare rank of commodore, and survived the kamikaze bombing of the carriers Enterprise and Bunker Hill during the Okinawa campaign.

Burke was back in the war business during the Korean conflict, commanding Cruiser Division Five. He kept up his hat after 37 years, and a flock of medals and awards.

They'll be quoting Burkes around the wardrooms for a long time to come:

"Boredom comes from lack of work," he wrote in an open letter to an ensign. "Outline for yourself work to do each day. Make sure that you achieve something in your career each day. Never let a day go by when you don't do something good—not for yourself but for somebody else and, more importantly, for your Navy and your country."

In reference to his nickname: "I only know that the enemy has less chance of hitting you at 31 knots or better than he does at slower speeds."

On punctuality: "It's undesirable to be early—inexorable to be late."

OTHER CHOICE COMMENTS

"If anybody has a choice between choosing an organization and choosing people, they should choose people and the organization will take care of itself."

"Lots of things money won't buy. Money won't buy the loyalty of a dog nor the loyalty of a wife..."

"When you're trying to get something done don't worry too much about stepping on someone else's toes. Nobody gets his toes stepped on unless he's standing still or sitting down on the job..."

"The only person who had his back done by Friday was Robinson Crusoe..."

"Please don't talk while I'm interrupting."

Asked where the Navy would be if Russia threw 300 ICBMs at America, Burke scratched his jaw and said, "At sea, I hope."

A reporter asked him if there would ever be an "ultimate weapon."

"There's no such thing as an ultimate weapon any more than there is an ultimate wife," Burke said. "People have been searching for both for a long, long time. They always find they're not quite perfect."

The Navy went atomic, and the Polaris system was perfected, while Burke was at its helm. It gave some of its know-how to friends, too, Charles de Gaulle, for

toward a common end in order to be reliable. But it doesn't mean that your friends will always do exactly as you would like to have them do. They won't."

Burke dominated a big section of the world's biggest office trap, the Pentagon, but it never threw him. "There are a lot of poisoned wells in this desert," he liked to say. "Good fishing, sir, you truly earned your rest."

A Brewed Awakening?

LOUISVILLE, Ky. (AP) — Charles Dierking, 58, was arrested twice in the same day for drunken driving—10 hours apart. In traffic court Wednesday he was fined \$100 on the first arrest and \$150 on the second.

"Are you married?" Burke asked the newsmen. When the reporter nodded the admiral continued. "Well, it's the same. I am too. It's sort of like dealing with a wife. She doesn't always do the things you want her to do."

"She sort of goes off and has her own mind made up sometimes that she's going to do it her way. And sometimes you know it's wrong, but you don't cut off her allowance and tell her that you don't like that new hat."

"Friends are just that way, too. They always do something sooner or later that you don't like very much. But it doesn't mean that you're no longer friends."

"You don't strike them off your list. You've got to work

A combination of earphones, been found to be almost as effective as an anesthetic in eliminating the pain of dentistry.

Call for Defense Money Jeopardizing Other Bills

By JACK BELL

WASHINGTON (AP)—President Kennedy apparently has put jeopardy part of his New Frontier program by his call for additional defense spending.

Soured by the popular support Kennedy aroused in taking his case to the nation Tuesday night, Congress is in the process of giving him the \$3,654,000,000 he asked—plus a year's authority to boost military manpower—as speedily as its ponderous machinery can operate.

But the enthusiasm with which members of both parties are backing the Chief Executive in the build up of arms strength in connection with the Berlin crisis is matched by the misgivings with many over the fiscal future.

Republicans have taken the lead in demanding domestic economies aimed at pruning what they say otherwise may be a top priority. Social Security and deficit in excess of \$5 billion for the fiscal year ending next June 30. Conservative Democrats are talking in the same terms.

The Republican Congressional Committee said in a statement Wednesday night that "the President can't have it both ways" and "must shelve unnecessary, civilian spending for the duration of the international emergency."

"We cannot afford the fat of social experimentation at this time if we are to develop the sinews of survival," the statement said.

Sen. Harry F. Byrd, D-Va., called on Kennedy to turn his attention immediately to "curtailment of all non-defense expenditures... which may be desirable but not absolutely necessary."

Kennedy has established a fairly good batting average in combating the traditional Republican—Southern Democratic coalition and getting Congress' approval of legislation dealing with distressed areas, housing, minimum wage, Social Security and unemployment compensation.

But the increased military outlays have injected a new element in this contest—the prospect of a

whooping budget deficit or increased taxes in 1962, when all house seats and one-third of the Senate are up for grabs in the election. Kennedy said he wants a strictly balanced budget next year.

Kennedy owes passage of some

Hospital Drive at 30 Pct. Mark

\$84,500 Collected for Goodrich Area Facility, Volunteers Needed

GOODRICH—Nearly 30 per cent of a \$250,000 goal for construction of a 25-bed hospital in the area has been reached. It was announced today.

Homer M. Mill of Davison and E. J. Pierson of Goodrich, newly appointed co-chairmen of the hospital fund drive, reported that \$84,500 has been collected to date.

The hospital, which would replace the closed Goodrich General Hospital, will serve sections of Oakland, Lapeer and Genesee Counties.

"Many more volunteers must be speedily enlisted in order for the appeal to be carried to every interested citizen in the service area of the proposed hospital," Mill and Pierson wrote in a prepared statement.

MANY REGISTERED

"Our campaign office, which is in the emergency room of the closed hospital at Goodrich, has already registered residents from Ortonville, Flint, Davison and Grand Blanc and the townships of Brandon, Groveland, Hadley, Burton and Atlas.

"Training meetings are held there daily and evenings from Monday through Friday every week," they said.

"All contributors will become members of the Community Health Foundation and will have full voting rights for the members of the board.

"The board will be responsible for the administration and operation of the proposed hospital," explained the fund drive co-chairmen.

Three-year pledges are being accepted in three groupings, including memorial, \$3,000 and up; sponsor, \$500 to \$2,500; and loyalty donor, \$150 to \$499.

Reserve Recruiter to Be in Orion Twp.

Claude M. Breeding, chief aviation ordnanceman, USNR, will be on recruiting duty for the Naval Air Reserve in Eastern Oakland County through Aug. 4 in Orion Township.

Breeding will be available to answer questions on military obligations at his home, 690 Hemmingway Road, in Orion Township.

A member of the Naval Air Reserve since 1950, Breeding is on temporary active duty with the Naval Air Station at Graysville. He is employed by the Baldwin Rubber Co., Pontiac.

Crop Receipts Down

WASHINGTON (AP)—The Agriculture Department's final survey of cash receipts from sales of crops showed Michigan sold \$698,940,000 worth of crops last year compared with \$728,932,000 in 1959. California led the nation for the second straight year in 1960 with \$3,164,885,000.

Service Held at Ortonville

Gwendolyn Vantine Weds

BRANDON TOWNSHIP—Gwendolyn Vantine became the bride of John W. Robinson Saturday evening in a candlelight ceremony at the First Baptist Church of Ortonville.

Officiating at the rites before an altar banked with white gladioli and pompons was Rev. Roy Bottruff.

The bride is the daughter of Mr. and Mrs. James C. Vantine of 400 Highway Road, The Arthur.

Robinsons of 13131 Ray Road are parents of the bridegroom.

For her wedding the bride chose a floor-length gown of Chantilly lace over tulle with a pearl-and-sequin-trimmed scalloped neckline, long pointed sleeves, a fitted bodice and bouffant skirt of tulle lace which fell into a chapel train.

The bride's crown secured her veil of illusion. The bridal bouquet was a cascade of white orchids, carnations, stephanotis and ivy.

Mrs. William Zion of Monroe served as matron of honor. Bridesmaids were Kay Uloth of Ortonville, Lynda Schlicht of Ortonville, Mrs. Robert Hutchings of Pontiac and Mrs. Robert Gordon of Goodrich.

Richard Robinson of Brandon Township was best man for his brother. The bridegroom's other attendants included Jack Tindall and John Reayard, both of Lapeer, Robert Deschner of Goodrich and the bride's brother, James C. Vantine Jr. of Brandon Township.

Lina Rainey of Indianapolis, niece of the bridegroom, served as flower girl, while Richard Pacer of Holly, a nephew of the bride, carried the rings.

Following the double-ring ceremony a reception was held in the church parlors for approximately 400 guests.

The newweds will reside in Goodrich following a honeymoon in Northern Michigan.

NOT IN DANGER—Hamming it up to promote the annual roast beef dinner and fair at St. Anne Church in Brandon Township are Mrs. Martin Groux (left), Jerry Dark and Mrs. Helen Kessler. The fair opens at 6 p.m. tomorrow and will run through Sunday. The dinner at Brandon School will be served from noon to 6 p.m. Sunday. Dark, general chairman, said there will be fireworks Sunday at 9:30 p.m. The carnival and booths will be across the road from the church. The call-well, it will be fatened up for next year.

Entries From Across Nation

Holstein Cattle Show Saturday

The annual Oakland County Holstein Cattle Show will exhibit its animals in the following classes:

4-H fitting and showing, bull calf, yearling bull, 2-year-old bull, aged bull, junior heifer calf, senior heifer calf, junior heifer, senior heifer, yearling heifer and 2-year-old cow (dry).

The other classes are 2-year-old cow (milk), 3-year-old cow, 4-year-old cow, aged cow, produce of dam, junior get of sire, senior get of sire, three best females, production class and dam and daughter.

TROPHY CLASSES
Trophies will be presented at the show to the winners of the following classes:

Produce of dam trophy presented by Green Fenely of Pine Row Farm; Get-of-Sire trophy presented by Laura Turner, Devon Acres; best three females trophy presented by Sara Van Housen Jones; and champion junior female trophy presented by W. F. Grayson.

Trophies also will be awarded for the grand champion female, presented by O. F. Foster of Orion Township; champion bull trophy, presented by Hutch Farms; and dam and daughter class, presented by Mr. and Mrs. Keith Middleton of Oakland Township.

Judging the animals will be Herb Miller of Williamston.

Visitors to the show will be treated to milk and ice cream. A potluck lunch will be served at noon. The fairgrounds are located at Perry Street and Walton Boulevard.

James L. Reid of White Lake Township is the president of the Black and White Assn.; Lee Hunt of Brandon Township is vice president; and Mrs. Stuart J. Hutchins of Avon Township is secretary.

OTHER MEMBERS
Other members include Nellis J. Clark of 6440 Romeo Plank Road, Philip A. Berthiaume of 429 N. Main St., William G. Lee of 171 Tison St., Robert M. Howland of 400 Morton St., Jerome E. School of 7060 Camp Ground Road, Owen W. Kirkwood of 11220 Thirty Mile Road, John Fowler of 339 E. St. Clair St. and James Ligon St. of Allen.

Jacob said commissions similar to the local one are being formed across the country to get persons from all walks of life to help develop their areas.

It is part of a national program to get people, no matter what their religion, occupation or political affiliations, to work together for the betterment of their communities, Jacob said.

The commission, according to its new chairman, will take over none of the duties of the Village Council or township boards.

Members of the group will present ideas to develop the area and support programs which will help carry them out, Jacob said.

No date has been set for the first meeting of the urban development commission.

Barracks 49 to Meet
Oakland County Barracks No. 49 of the Veterans of World War I of the U.S.A. meets Sunday at 1:30 p.m. for potluck supper at 371 E. Pike St. Reports of the department convention in Jackson will be made by delegates.

Roseville Youth Drowns
ST. CLAIR—Ronald Bellisle, 15, of Roseville, drowned Wednesday in the St. Clair River. His body was recovered.

Birthday Party Helps Swainson Celebrate Early

DETROIT (AP)—"I like being 35 better than 36-35 is a much better, round number."

So said Gov. Swainson, still boyish-looking, as he celebrated his 35th birthday last night ahead of schedule at a fund-raising party. His birthday isn't until Monday.

Swainson was honored at a \$200-a-plate dinner at Detroit's Cobo Hall. The goal was \$30,000-\$40,000 to be used to finance a governor's research program to study problems facing Michigan.

The governor came down from Lansing unaware that the affair would be a birthday party for him.

"It was a surprise," he said, expressing his distaste for becoming 36.

Those dishing out \$50 a plate were mostly businessmen.

Robbie Martin, president of the Dundee Cement Co., urged them to develop a constant flow of new ideas for Michigan.

Economy Plan for Lake Orion?
Village Eyes Program for Paving Without a Significant Tax Hike

LAKE ORION—Village councilmen are considering a plan to finance a large paving project in Lake Orion without a significant increase in taxes.

The village may ask the State Municipal Finance Commission for permission to pay for the street improvement program with a \$60,000 bond issue, according to Dr. Richard A. McNeil, chairman of the council's ways and means committee.

McNeil said the village does not have enough money in its highway operating fund to pay for the entire project.

However, the council has approved paving Washington Street from where the present pavement ends to the village limits with existing funds.

The Republicans said that extension should be delayed until final action on 1961 operations are in early next year.

In a letter made public Wednesday, President Kennedy appealed for quick passage of the bill even though it ignored his proposal for a long range plan to develop crop-by-crop marketing controls.

Only a shadow of his original request survived in this portion of the Senate bill. It expands the list of commodities eligible for marketing orders to include turkeys, beans, hatching eggs for turkey and chickens and a number of minor crops. Lamb and honey were stricken from the committee-approved bill by the Senate after brief debate.

The bill also includes a three-year extension of the wool price support program and the "food for peace" legislation. It also liberalized credit terms for low-income farmers and extended for 10 years the great plains conservation program.

Dryden Group to Hear Report on Boom Day
DRYDEN—A financial report on the success of the recent Boom Day celebration here will be given at the Aug. 3 meeting of the Dryden Area Development Association, which sponsored the three-day program.

Dinner will be served at the Dryden Hotel at 7 p.m. A business meeting and evening of entertainment will follow.

Bagwell Head of Drive
DETROIT (AP)—Paul D. Bagwell, prominent Michigan Republican leader, today was named state chairman for the 1961 March of Dimes campaign.

State Farm Teachers Elect Bangor Man
EAST LANSING (AP)—A Bangor high school teacher today is the new president of the Michigan Association of Teachers of Vocational Agriculture, spokesmen have announced.

Elected to the 42nd annual conference of the group at Michigan State University, was Walter L. Bromell. Gordon S. Struble of Temperance was elected vice president.

Elected to the board of directors were Theodore N. Knopf of Hastings, Edward R. Noll of Goodrich, William J. Van of Bay City, Clark H. Bullen of Portland and William J. Garvey of Bellevue.

Walled Lake Jaycees to Hear Michigan VP
WALLED LAKE—Robert Beard, vice president of the Michigan Junior Chamber of Commerce, will be the guest speaker here tonight at a dinner meeting of the Walled Lake Jaycees.

His talk, following the 8 p.m. program at Adkins Hall, will cover the work of the service organization in the United States, the Junior Chamber International, and the functions of the auxiliary on local and state levels.

Trophy Winners—Posing proudly with the second-place trophy won recently for "all-around spirit, leadership, appearance and cooperation" in state competition are these six cheerleaders from Clarkston High School. They are (from left) Sharon Gotschall, 17; Vicki

Burley, 16; Janet Spangler, 17; Barbara Buzzell, 17; Susan Jackson, 16; and Carol Walter, 15. The contest was held at the United States, All-American Cheer Leading Camp at Waldon Woods, Hartland.

House Slated to Vote Today

GOP Expected to Try to Kill Part Limiting 1962 Feed Grains

WASHINGTON (UPI)—The House was set to begin voting today on a pared-down version of President Kennedy's omnibus farm bill. The Senate last night approved the measure by a voice vote.

The House debated the legislation Wednesday and Republicans were expected to make an effort to kill a section limiting 1962 feed grain production.

Before passing the bill, the Senate struck down a provision granting farm cooperatives broader power to merge with and acquire non-cooperative businesses.

The legislation as approved by the Senate includes administration programs to cut 1962 production of surplus wheat and three feed grains—corn, grain sorghums, and barley.

Democratic senators said the feed grain programs would save hundreds of millions of tax dollars by trimming surplus grain stocks and at the same time raise farm income.

PROVISION SCRATCHED
Sen. Estes Kefauver, D-Tenn., led the fight to eliminate the provision giving farm cooperatives broader economic powers. It was an extension of the administration's emergency 1961 program for cutting corn and grain sorghum outputs.

The Republicans said that final action should be delayed until extension on 1961 operations are in early next year.

In a letter made public Wednesday, President Kennedy appealed for quick passage of the bill even though it ignored his proposal for a long range plan to develop crop-by-crop marketing controls.

Only a shadow of his original request survived in this portion of the Senate bill. It expands the list of commodities eligible for marketing orders to include turkeys, beans, hatching eggs for turkey and chickens and a number of minor crops. Lamb and honey were stricken from the committee-approved bill by the Senate after brief debate.

The bill also includes a three-year extension of the wool price support program and the "food for peace" legislation. It also liberalized credit terms for low-income farmers and extended for 10 years the great plains conservation program.

Himmel as Passenger in a Car Driven by Robert McFarlan, 23, also of Detroit, who tried to elude police and twice tried to run Hughes' patrol car off the road.

Arthur W. Himmel was fatally wounded in Ferndale by Oak Park Patrolman Roland Hughes after the policeman pursued a fleeing car at speeds up to 80-miles-per-hour.

Himmel was a passenger in a car driven by Robert McFarlan, 23, also of Detroit, who tried to elude police and twice tried to run Hughes' patrol car off the road.

Another passenger, Stephen Maszynski, 21, of Detroit, was shot in the arm. He was released after treatment at William Beaumont Hospital, Royal Oak.

McFarlan is being held on a charge of felonious assault in the County Jail. He will appear Aug. 3 for examination in Ferndale Municipal Court.

The lawsuit was ordered yesterday by Coroner Dr. John D. Monroe.

SUSAN LAURENT Pontiac Press Photo

Almont's Queen in Peach Contest

ALMONT—A comely blonde with blue eyes has entered the ranks of area girls who will compete for the Peach Queen crown Aug. 12 in Romeo.

She is 17-year-old Susan Laurent, daughter of Mr. and Mrs. C. William Laurent of 419 Almont Ave., who has been named Miss Almont of 1961.

A senior at Almont Community High School, Susan is a major-ette and a member of the mixed chorus at school. She is an alto.

To display her talent in the Peach Queen contest, Miss Almont will play the accordion. Her other major hobby is sewing—she makes many of her own clothes.

REHEARSAL AUG. 7
The 11 area candidates for the Peach Queen crown will rehearse for the competition Aug. 7 at Romeo Junior High School.

Other communities to be represented to date, besides Almont, are Lake Orion, Oxford, East Detroit, Utica, Roseville, Waterford Township, Roseville and Romeo.

Mrs. Lester W. Fosch, who is the contest chairman, said word from the other two neighboring towns sending their queens is expected within the next few days.

A panel of out-of-town judges will pick a winner and two maids of honor to reign over the 26th annual Peach Festival in Romeo Sept. 24.

The other eight girls who competed for the coveted crown will be members of the queen's court. All 11 will be guests in Romeo homes during the entire three-day celebration.

State Regulation of Gas Prices to Be Proposed
LANSING (AP)—A Democratic legislator said today he will propose state regulation of gasoline prices as a result of an 8-cent-a-gallon price increase in Southeastern Michigan.

Rep. John T. Bowman of Roseville said his bill will call for controls over the industry as a public utility. The bill introduced into the 1962 legislature.

Gasoline prices were jumped by 8 cents in several counties Tuesday.

"The recent action of the industry indicates the need for legislative action if we are to be protected from indiscriminate price raising and probably collusion between those who control the gasoline business in Michigan," Bowman said.

Voters Reprimanded by Van Peursem

LANSING (AP)—Michigan voters have been reprimanded for the lack of interest shown in Tuesday's primary election.

The criticism came from Republican State Chairman George M. Van Peursem.

The GOP chief voiced hope for the next in the constitutional convention election series, saying:

"We can only be hoped that the people of Michigan will make a determined effort to familiarize themselves with the issues at stake so as to prepare themselves adequately to vote wisely in the Sept. 12 election."

Union Lake Teacher Attends WSU Session

UNION LAKE—Robert W. Scribner, of 265 Lusk Drive is among 51 teachers participating in Wayne State University's summer institute for teachers of high school mathematics.

The Institute, sponsored by the National Science Foundation, will continue through Aug. 11. It was established as a means of strengthening and modernizing the instruction of secondary school mathematics.

Baileys Hold a Luau

Roast Pig Was Star Attraction

By JANET ODELL

Pontiac Press Home Editor
Because the Wallace Baileys couldn't go to Hawaii and attend a native luau, they brought a reasonable facsimile to their home on Rochawee Road. Saturday night they entertained 25 friends at a Hawaiian party.

For months the Baileys have been working to get ready. The 13-year-old twins, Mike and Pat, made hundreds of charming floral flower to decorate the house and the boat. This boat, painted aqua, had tree branches arched over it to look like a native boat. The senior Bailey had hollowed out a pine log to make a dugout canoe, neatly cut his leg off in the process.

Luau lights were placed at both ends of the lagoon in front of the Bailey home. Paper lanterns hung in the trees.

The feast was served on a low table placed under a thatched roof. Flank in Oakland County consists of green cattail leaves which look authentic after they have dried out.

Mrs. Bailey sent right to Hawaii for recipes, bamboo eating utensils, paper leis, real orchids and gardenias, fish nets, shells and starfish to decorate the hut. A grass skirt and a lua lua, place mats, dishes, and many other party accessories.

The twins, dressed like beach boys, made themselves generally useful. They had made seats for everyone covering them with tapa cloth. And they helped their father roast the pig.

A whole roast pig was the piece de resistance of the meal. Weighing 75 pounds, he was cooked over a hickory pit fire on a revolving spit. Mrs. Bailey put salt on the pig while it cooked, then served a barbecue sauce separately.

Sweet potatoes, fried rice, cucumber outrigger salads, orange cups filled with fruit and fortune cookies completed the meal. Ap-

petizers were served first with Hawaiian drinks.

One of the appetizers was made with salami.

SALAMI SHELLS

1 pound or 100 very thin slices salami
2 6-ounce packages cream cheese
1 can (No. 3 1/2) crushed pineapple
Mix cream cheese and pineapple.

A Salad for Two Features Beans

Buffet-size cans of vegetables are convenient to use when a family is small.

Snap Beans, Farmer Salad

1 can (8 ounces) small-size cut green beans
1 cup thin celery crescents
1 medium-sized tomato
1 cup (about) mayonnaise
Seasoned salt and pepper
Drain beans; add celery to beans.

Remove stem end from tomato; cut in half horizontally; gently squeeze out seeds; dice tomato and add to beans and celery. Mix in gently the mayonnaise and seasoned salt and pepper to taste. Serve on salad greens. Makes 2 servings.

ple. Spread thickly on salami and roll into shell shape. Arrange on a platter lined with ti leaves. Makes 40-50 servings.

HAWAIIAN SWEET POTATOES

16 medium sweet potatoes
1 cup melted butter or margarine
1 cup orange juice
1 teaspoon salt
1 cup brown sugar
1 cup heavy cream
1 cup drained crushed pineapple

Cook, peel and mash sweet potatoes. Mix butter or margarine, orange juice, salt, sugar and 3/4 cup of the pineapple. Add potatoes. Put into a well-buttered casserole and decorate with the remaining cup of pineapple. Bake 30 minutes at 375 degrees. Serves 16.

Many readers will enjoy this fried rice also. It is the kind of dish you serve at a buffet. It's just enough out of the ordinary to appeal to gourmets.

ALMOND FRIED RICE

4 cups cooked rice
1 cup melted oil
2 cups cooked onion
1 cup chopped green pepper
2 cloves garlic, grated finely
1 teaspoon salt
1 teaspoon pepper
1 cup soy sauce
2 cups almonds, blanched and cut lengthwise

Saute onion, green pepper, garlic, salt and pepper in salad oil until light brown. Add rice, soy sauce. Put into a well-buttered casserole and decorate with the almonds. Serve at once. Makes 20 servings.

FIG ON A SPIT — This little pig went to a luau at the Wallace Bailey home near Rochester, last Saturday night. Shown putting him on the revolving spit are the 13-year-old twins, Pat and Mike. Pat's the one on the left, according to

his mother. The pig weighed 75 pounds and cooked over a charcoal fire about 5 or 6 hours. The Baileys had asked 25 of their friends in to eat roast pig and other luau food.

Why is the whiskey on the right insured for One Million Dollars?

Answer: The whiskey on the right is insured because it is Calvert's one million dollar "Standard of Excellence"—the lightest, finest, smoothest-tasting whiskey, we believe, ever created.

The Calvert Reserve on the left—and every bottle you buy—must match this "Standard of Excellence" for lighter taste, finer taste, smoother taste. Taste that never varies. Always "good as gold." Shouldn't you enjoy it tonight?

For lighter taste...

finer taste...

smoother taste...

Prosecutor Suspects Increase in Frauds

Probes Shady Deals for Homeowners

Prosecutor George F. Taylor suspects that a growing number of homeowners are being "milked" by shady mortgage deals.

Just before he departed Tuesday for a four-day conference of the Prosecuting Attorneys Association of Michigan at Mackinac Island, Taylor said he planned to huddle at the meeting with state law enforcement officials on how these deals can be stopped.

Complaints on such deals "have been coming in for two and three years," Taylor said. He added that three were received on Monday alone.

"Two men reported they had made deals with an Oak Park firm "to trade" their homes in the Harrington Hills Subdivision on Pontiac's East Side for two new homes, one being in Avon Township and the other in Roseville.

2 WERE INFORMED

Taylor said the two were told by the firm that the mortgages on their former homes "would be taken care of" by the firm. They never were, however, Taylor said the men told him, and the mortgage companies have started foreclosure proceedings against the two men.

The men did not receive written contracts that the firm would "take care" of the mortgages, Taylor said.

The prosecutor said the practice is "one of many frauds upon the consumer" because the firm usually rents the former homes

but does not pay a penny on the mortgage.

Taylor produced a newspaper clipping showing that a former Oak Park man, Milton Silverman, 37, received 4 1/2 to 5 years in prison from Genesee Circuit Judge Donn D. Parker for conspiracy to defraud homeowners in a similar mortgage deal in Flint. His accomplice from Garden City was placed on probation.

The pair, police said, would promise to take over the mortgage of a couple having trouble meeting payments. They would collect rents until the mortgage holders would foreclose and the original owners discovered they were still liable for the payments.

Police believe Silverman and his

accomplice "cheated" at least 20 homeowners in Genesee County "and others in other counties." He'll meet with Asst. Atty. Gen. Maxine Virtue, in charge of all type of consumer frauds, on Thursday in hopes of finding the means and the proper law "with which we can stamp out this type of consumer fraud."

In the past, Taylor said, his office has been unable to prove a conspiracy in the schemes.

"I'm not going to move on the recent complaints until I talk with the attorney general on Thursday," Taylor said.

"What I want to know is what kind of charge to make," he said. In the meantime he issued a warning to citizens to beware of any such schemes here.

Cruiser Flips, 16 Drown
SANTIAGO, Chile (UPI) — Reports from Punta Arenas said Wednesday night that 16 Chilean marines were drowned when a launch from the cruiser O'Higgins capsized in heavy seas.

Reds Promise Sudan Aid
MOSCOW (U) — Premier Khrushchev said Wednesday that the Soviet Union would visit to the Soviet Union Wednesday with a Soviet promise of financial aid.
