

Mike Rogers

It is a real pleasure to be able to introduce our guest speaker. U.S. Representative Mike Rogers is the Chairman of the House Intelligence Committee in the United States Congress. His committee is responsible for authorizing the funding for and overseeing the execution of the intelligence activities of the United States government.

Mike is a strong leader on intelligence and cybersecurity issues. He is pushing for a stronger posture against Russia given their recent aggression in Ukraine. Additionally, he continues to bring focused attention to China's emergence, and to threats posed by terrorist organizations like ISIL, Al-Qaeda, and rogue nations like Iran and North Korea.

Mike was a commissioned officer in the United States Army, he continued to serve his country as an FBI special agent. After being elected to the Michigan Senate in 1995, Mike was elected to Congress in 2000.

Please join me in welcoming a real friend and supporter of a strong U.S./U.K. relationship, the Chairman of the House Intelligence Committee, Mike Rogers.
