

# Adams to Tell Nation if He'll Resign

## 3 Die on County Roads

### Head-On Crash in Lapeer Kills Pontiac Woman

Youth's Car Traveling at High Speed Strikes Abutment on M24

An accident on M24 north of Silver Bell Rd., Orion Township, shortly before 9 a.m. today brought the Oakland County traffic death toll to three since early Sunday.

A Pontiac woman was also killed early Saturday evening in a collision in Lapeer County.

Dead are: Albert Reeder, 18, of 1540 Lapeer Rd., Oxford Township; Mrs. Helen Hough, 47, of 170 State St.; Roy Landon, 16, of Grand Blanc; and Samuel Billingslea, 28, of 1530 Seward Ave., Detroit.

Reeder was dead on arrival at Pontiac General Hospital at 9:35 a.m. today.

He was pronounced dead by Oakland County Deputy Coroner Dr. Isaac Prevette. Reeder was driving south on M24 at a high rate of speed when he lost control of his car, Oakland County Sheriff's deputies said.

The auto was reportedly attempting to pass a gravel truck when the truck pulled out to pass another truck. The car then veered to the right and attempted to pass both trucks on the right shoulder, but lost control striking the abutment, said witnesses.

Injured were two passengers, Joel Clouse, 19, of 800 Highview St., Lake Orion, and his brother Mack, 17.

No reports on the two have been released by the hospital as yet but neither sustained critical injuries, a hospital spokesman announced.

Mrs. Hough was pronounced dead at the scene of a head-on collision on M53 about four miles north of Imley City, in Goodland Township, according to Lapeer County sheriff's deputies.

The accident occurred at 6:05 p.m. Saturday. She was driving. A passenger in the Hough auto, Irene Bergeron, 43, of 41 S. Jessie St., is reported in serious condition at Mariette County Hospital.

The driver of the other car, Norman B. Kloc, 31, of Mariette, is also in serious condition at the hospital.

Deputies said the Kloc auto going south veered into the northbound lane smashing into the Hough car.

The Landon boy was struck by (Continued on Page 2, Col. 5)

GM Strike Deadline in 8 Days

### Negotiate Anew

DETROIT (AP)—The United Auto Workers Union with a strike threat poised over General Motors and Chrysler, today resumes efforts to have the two companies sweeten their contract offers and avert a walkout.

GM and Chrysler offered to the UAW Saturday three-year contracts almost identical to the one which Ford and UAW agreed on Wednesday.

UAW President Walter Reuther said he would not accept from GM or Chrysler a carbon copy of the Ford settlement, but he indicated the offer made Saturday supplied a basis from which to work for ultimate settlement.

The UAW has an 11 a.m. Sept. 29 strike deadline at GM if no contract agreement is reached. Reuther and other top officers of the UAW have been given authority by the union to call a Chrysler strike whenever they feel it necessary.

Reuther said that since GM has four times as many plants and nearly four times as many workers as Chrysler there are many more local problems at GM and that makes negotiation a slower process.

Reuther and his top aides at the GM negotiations made it plain that one of their principal objectives would be the correction of what they called wage inequities of GM workers doing the same jobs in plants less than 100 miles apart. The UAW says that in some of these cases workers in cities less than 50 miles apart have a wage difference of 10 cents an hour.

GM said it could recall no such spreads and asked the union to back up its statements at bargaining talks today.

A strike of skilled tradesmen over wage provisions in a new United Auto Workers contract crippled production anew today at the Ford Motor Co.'s huge Rouge plant.

Pickets carrying signs "We demand equality" were stationed at (Continued on Page 2, Col. 5)

### Autumn Will Debut Warm in Pontiac

Autumn officially will arrive at 8:10 a.m. Tuesday, and with the advent of the season when night becomes longer than day, the weatherman has brightened the outlook somewhat by issuing a pleasant forecast for Pontiac and vicinity.

Tonight will be fair and mild with a low near 55 degrees.

Tomorrow is expected to be partly cloudy and warm with the mercury soaring to a high of 80 degrees.

Wednesday's outlook is partly cloudy and continued mild. The lowest temperature recorded in downtown Pontiac preceding 8 a.m. was 49. At 1 p.m. the mercury reading was 74.

### U.S., Nationalist Military Brass Plan Strategy

Formosa Crisis Grows as 15,500 Red Shells Batter Quemoy Isles

TAIPEI, Formosa (AP)—America's top Pacific commanders conferred with Chinese Nationalist military leaders on the offshore island crisis today.

There was a blackout of news from shell-battered Quemoy.

There was no information on Communist bombardment of the offshore islands beyond the Nationalist Defense Ministry's day-old announcement that 15,500 shells battered Quemoy and her little sister islands from Saturday midnight through 6 p.m. yesterday.

A Nationalist convoy landed supplies on Quemoy beach yesterday for the eighth successive day, the ministry said. It did not disclose the number of ships or volume of material landed.

It was assumed the Reds maintained the barrage they have continued almost without letup since Aug. 23.

Gen. Laurence S. Kuter, commander of all U.S. Air forces in the Pacific, flew in from Okinawa and entered into strategy meetings with Adm. Harry Felt, U.S. commander of all forces in the Pacific; Vice Adm. Roland N. Smoot, Taiwan (Formosa) defense commander; Maj. Gen. Thomas Moorman, 13th Air Force commander from the Philippines; and other U.S. military men here.

The high brass also went into closed session with U.S. Ambassador Everett Drumright, then with Gen. "Tiger" Wang Shun-ming, Nationalist chief of staff and Defense Minister Ya Ts-wel.

Absent from the parleys was Vice Adm. Wallace M. Beakley, commander of the U.S. 7th Fleet guarding Formosa Strait.

For Washington, the next few days may bring the peak of the crisis in the U.S.-Communist bloc conflict over Formosa.

There is grave doubt as to whether peaceful diplomacy can produce a solution.

The prevailing view among U.S. officials is that Moscow and Peking do not want and are not planning a war over Formosa. But no one will rule out the possibility that the Reds might risk starting trouble to test out U.S. determination to stand up to them.

### Rains Flood Southern 3rd of Texas

ORANGE, Tex. (AP)—Downpours soaked the entire southern third of Texas yesterday, causing severe flooding here and scattered flooding east and south across the state. Fourteen inches of rain fell on this southeast Texas city in nine hours, virtually isolating the town and chasing about 150 persons from their homes.

At least 200 homes and dozens of business houses caught the overflow of backwater which lapped up from flooding Adams Bayou.

Rain at Eagle Pass, about 300 miles to the west, closed or made dangerous roads and highways. Merchants boarded up their shops here and left for higher ground. National Guardsmen slogged through hip-deep water in downtown and West Side streets, preventing looting and directing traffic—mostly boat traffic.

No deaths and only one minor injury were reported. Water on some downtown streets rose nearly to the tops of some parking meters.

A serious flood situation also built up in Beaumont, about 3 miles west of here. About 30 homes were flooded up to five feet deep as water slopped over a levee on a canal. National Guardsmen took families from the area.

### No Fire, Discover Still

DETROIT (UPI)—Firemen rushed to a Detroit apartment house last night, looked for a fire, found none, but did discover an illegal 250-gallon still.

### 'I'd Like to See the President'

ARRIVES FOR CONFERENCE — A somber Sherman Adams arrived by helicopter at the Newport, R. I., naval base this morning to confer with President Eisenhower at the vacation

White House. The President's top aide was rumored ready to resign because of the Goldfine case, Adams scheduled a press conference for later in the day.

### 'Sales Up 40 Per Cent'

## Pontiac Festival Response Big

Public response to the five-day Downtown Pontiac Festival exceeded all expectations and continues at a terrific clip, participating merchants report.

Sydney Barnett, of Barnett's Men's Clothes Shop, stated his sales were up 40 per cent during the first three days as compared with a year ago.

The festival continues today ending at 5:30 p.m. Tuesday.

Barnett hailed the festival as "the greatest thing to hit this town."

"The response has been tremendous," he said, "Everyone is in good humor and excited about the whole thing."

Tom Brown, manager of Shaw's Jewelers, termed the five-day festival of fun and bargains "very successful."

"It brought a lot of new people downtown," he stated, "and I'm sure many of them will remain downtown customers."

Shaw's is giving away a \$110 wristwatch to the person most accurately guessing the number of old trade-in watches in a fish bowl as part of its Festival Days program.

Diem's Shoes also has had outstanding response. Irving Diem said today that he considers the festival a "terrific idea."

His store is offering free foot massages on the sidewalk and reports business triple that of the same period of last year.

Norman Pattison, chairman of the event for the Downtown Merchants Assn., the sponsor, said the smaller of the two carnivals set up on city parking lots will come

down tonight to fill an engagement in Ohio.

The rides at W. Lawrence and Wayne streets will finish tonight, but the larger carnival at E. Pike and Hill streets will continue through Tuesday night, he said.

Stores will stay open until 9 p.m. today and will close at 5:30 p.m. tomorrow to end the Festival Days, he added.

"Outstanding buys and lots of fun and prizes still remain," Pattison said, "and we all hope to see many more of our friends in the next two days."

## 2 Unions Clash at Pontiac Motor

### Jurisdictional Dispute Threatens Production Across Nation

A jurisdictional dispute erupting between two UAW locals caused a strike this morning at Pontiac Motor Division plant 16 affecting approximately 140 employees.

Pickets from Pontiac local 653 appeared at the plant gates at 6:30 a.m. in protest of work being carried on inside the plant by members of Fisher Body Local 594, the company said.

"This untimely and unwarranted strike threatens to halt all Pontiac assembly operations across the country at a time when the division is attempting to reach volume production in order to supply its dealers with sufficient cars for their unveiling Oct. 9," said S. E. Knudsen, general manager.

According to the company, the dispute centered over paint repairs that Fisher Body workers perform in plant 16.

Gerald W. Kehoe, president of local 594, said that approximately 35-40 workers usually assigned to repairs in plant 16 were idled in observance of the picket lines.

Kehoe said that Fisher Body workers customarily perform the work within the Pontiac plant and believed his union was not infringing upon the territory of the Pontiac local.

Local 653 officials went into a huddle with company representatives this morning and were not available for comment.

Pontiac Motor Division said approximately 100 of its workers were affected. In accordance with established policy, the company said, these workers have been temporarily assigned to other jobs.

### Ike's Assistant to Make Speech on TV Tonight

Confers With President Behind Closed Doors, Refuses to Comment

NEWPORT, R.I. (AP)—Sherman Adams will make a nationwide television-radio address tonight from Washington to announce whether he is going to resign or stay as President Eisenhower's chief aide.

The announcement of Adams' plans came after he held a dramatic surprise conference with Eisenhower at the summer White House.

Reports circulated that Adams was bowing to Republican clamor and had resigned, but neither Adams himself nor James C. Hagerty, Eisenhower's press secretary, would say.

Adams emerged unsmiling from an hour's conference with President Eisenhower and strode into a security-restricted area barred to newsmen by a Marine guard.

He had arrived unexpectedly by helicopter from Washington at 8 o'clock this morning. Newsmen shouted questions to him over the roar of the copter engine, and he shouted back that he had no statement.

Adams was greeted by Hagerty and Capt. E. F. Aurand, Eisenhower's naval aide.

The wiry, 55-year-old Adams, turned on his heel and walked off without a word when newsmen asked whether he had quit.

Adams apparently saw Eisenhower at least a second time before flying back to Washington for tonight's TV-radio address.

Asked whether that in that address Adams will disclose whether he plans to quit or stay, Hagerty replied that is the case.

Hagerty dictated this prepared statement to reporters at a tense news conference:

"I have asked the radio and television networks to turnish time this evening for Sherman Adams to make a statement."

"In connection with the controversy surrounding him, others have expressed themselves through the media of national circulation and Mr. Adams now wishes to have a similar opportunity."

"This request is being made with the knowledge and approval of the President."

Hagerty said details had not been worked out yet on the time of Adams' talk, or with respect to which networks will carry it.

Hagerty is returning to Washington with Adams to help with the arrangements, and possibly the text.

Eisenhower walked with Adams (Continued on Page 2, Col. 2)

### Tries to Prove Use of Phones on Sunday Illegal

SADDLE RIVER, N. J. (UPI)—It will be illegal to make a call from a telephone booth on Sundays in this suburban community of 1,405, if Robert G. Brown has his way.

Brown, trying to prove a rigid new Sunday blue law "ridiculous," said he would take his case before a town magistrate tonight.

"Everything else is closed in this town," Brown, a sales manager, said last night.

Mayor G. Tapley Taylor, a supporter of the blue law which has stopped all Sunday work except pounding a police beat, said he thought it would be all right to use the telephones "in an emergency only."

Stopping pay phones, Taylor said, was "as silly as to ask the public service to shut off the gas or the water company to stop the water."

DEATH CAR — This auto, the front end of it completely demolished, carried an Oxford Township youth to his death early today and injured two other youths. An unidentified man is shown here inspecting the inside of the car. Witnesses

said the car went out of control while attempting to pass a gravel truck. The driver, Albert D. Reeder, 18, was dead on arrival at Pontiac General Hospital.

# Negro Pupils in Van Buren to Try Re-Entering Schools

By The Associated Press

Another integration test appeared in the making at Van Buren, Ark., today while Little Rock pupils studied lessons on television and youngsters in some Virginia localities considered attending temporary facilities.

More than 6,000 pupils in the two states were affected by orders closing some of the schools. Indications were an additional 10,000 would be idled at Norfolk next week.

In Van Buren, Negroes planned

## Ad Executive Stricken at 59

### Vice President Froehlich of McManus Firm Dies of Heart Attack

Elmer W. Froehlich, 59, of Detroit, vice president and media director of Wayne State University, died Saturday of a heart attack at his home.

Chairman of the Advertising Research Foundation, Mr. Froehlich had been with the advertising agency since 1922. He was a graduate of Wayne State University and acted as co-chairman of the magazine and film publications chapter of the Association of American Advertising Agencies, as well as guiding the media selection for several auto companies.

Surviving are his wife, Florence; two daughters, Mrs. Dolores Scher and Mrs. Arlene Hawk; two sons, Elmer Jr. and Jerome; and six grandchildren.

Service will be held at 11 a.m. Wednesday at the Whitebaker Funeral Home, Detroit. Burial will be in Mt. Olivet Cemetery.

## Summer Bids Sunny, Pleasant Adieu to Nation

Summer's farewell was sunny and pleasant in most sections of the nation today.

Except for coastal cloudiness, generally dry and somewhat cooler air cleared a diagonal path across the country. Only the Northwest and Southeast remained in the showery snare that held broad areas of the nation yesterday.

The letup of rain was especially welcome in south central Texas, where storms late yesterday flooded lowlands and made many roads impassable.

ENDING HISTORIC VOYAGE — The raft here below the pontoon of a hovering Coast Guard plane off the island of Maui, Lehi IV carried a crew of five (including a mongrel dog).

## After 69-Day Voyage 4 Men Arrive in Hawaii on Raft From California

HONOLULU (AP) — An adventurous Mormon elder and his three young crewmen—who drifted to Hawaii from California aboard the raft Lehi IV—fly here today from the island of Maui.

Skipper De Vere Baker, 42, boat-builder from Petaluma, Calif., near San Francisco, will be reunited with his wife Nola and three children, who are flying from the mainland.

The raft arrived off Maui Saturday afternoon after a 69-day voyage from Long Beach, 2,100 miles to the east. When Baker and his bearded crew and their dog Tar-goria were sighted, they were down to their last four cans of spinach and tomatoes.

The raft was towed into port at Kahului by a tuna boat. All the mariners were in good condition. Asked what his trip proved, Baker told newsmen: "The Coast Guard put it very nicely when they congratulated us on proving Hawaiians thousands of years ago came from the Americas, the same way we did."

The voyage was a shakedown, preparatory to a raft expedition from the Persian Gulf next year. Baker hopes to prove that the prehistoric settlers of Central America drifted on crude craft from the Middle East. The Book of Mormon relates that the prophet Lehi used rafts to move the Lost Tribes of Israel from the Red Sea.

With Baker were Larry Fogino, 31, a UCLA psychologist; Don McFarland, 27, University of New Mexico student; and Ed Kekuala, 27, a Brigham Young University dental student.

Earlier attempts by Baker to drift to Hawaii had failed.

## 3 Persons Killed in County Accidents

(Continued From Page One)

an auto on Telegraph Rd. just south of Square Lake Rd., Bloomfield Township, while hitchhiking home at 11:45 p.m. Sunday.

He was pronounced dead at the scene by Oakland County Deputy Coroner Dr. James Green, of Birmingham. Township police said the boy was returning from visiting his girl friend in Detroit.

Officers said he evidently stepped out into the path of a southbound auto driven by Harry Mitchner, 57, of 15341 Artesian St., Detroit. Mitchner was not held.

Billingslea was dead on arrival at Pontiac General Hospital at 2:40 a.m. Sunday. He suffered head and chest injuries when the auto he was riding in struck another, veered off U.S. 10 on Waterford Hill and overturned.

Listed in fair condition at the hospital is Louis Billingslea, 45, of 15809 Log Cabin St., Detroit, who was driving.

The other driver, John Fleury, 18, of 3295 Coolidge St., Avon Township, was uninjured. Deputies said the Billingslea auto apparently veered into the Fleury car while the latter was passing and then went out of control.

## UAW Renews Talks With GM, Chrysler

(Continued From Page One)

all gates as the first shift departed and 12,000 were idled.

Only the Dearborn assembly line was operating with its normal work force of 2,000.

Other Ford plants were reported almost back to normal following last Wednesday's nationwide walk-out. But some 10,000 auto workers were off the job at General Motors and Chrysler of the auto industry's big three.

Wildcat walkouts ended at GM plants in Oakland, Calif., Tarrytown, N.Y., Danville, Ill., Grand Blanc and Flint, Mich., and Sandusky, Ohio. Only 1,400 were still out at a GM plant in Kansas City, Mo.

## State Traffic Claims 15 Lives on Weekend

By The Associated Press

Highway crashes, including three double-fatality accidents, killed 15 persons in Michigan over the weekend.

In the Upper Peninsula, two separate accidents took the lives of three relatives.

In a Detroit expressway crash, a woman was hurled through the closed window of a car and run over by two other autos.

Two of the double death accidents occurred when cars ran off rural roads and hit trees.

The Associated Press weekend traffic toll is counted from 6 p.m. Friday to midnight Sunday.

Victims were:

Ronald Peters, 24, Munising, killed when his car rolled over west of Marquette Friday.

Some 60 miles east in Inwood Township, Peters' uncle and cousin also were killed Friday when their car ran off a rural road and smashed into a tree. They were John Yokeum, 39, and Jack L. Yokeum, 22, both of Deerton.

Michael G. Flores, 26, Detroit, and Edward E. Roeder, 18, Scottsville, killed when their car left a Mason County road Saturday.

Vurl N. Mackersie, 39, Barryton, and Patsie A. Mortensen, 18, Vestaburg, killed when their cars

## Progress Reports on Agenda Federated Civic Assns. of Bloomfield Will Meet

BLOOMFIELD TOWNSHIP — Federated Civic Associations of Bloomfield Township will hold a general membership meeting at 8:30 p.m. tomorrow for the presentation of progress reports by the organization's committees.

Associations not already affiliated with FCA have been invited to send two representatives to the meeting, which will be held in Bloomfield High School cafeteria. An effort will be made to acquaint non-members with the aims of the FCA, according to Mrs. Margaret Begovich, publicity director.

Non-members may join the FCA at this time.

An addition to the FCA by-laws recently was approved by the Board, which states that the FCA is a fact-finding body and is non-partisan and non-political in nature.

After committee reports are read the floor will be open to questions and discussion. Mrs. Begovich said, George Petzer, president of the FCA, will act as chairman of the evening.

Three special assessment districts will come before the Birmingham City Commission for confirmation at its meeting tonight.

Five property owners on Hendricks street are protesting sidewalk construction there. Pedestrian traffic on the street doesn't warrant the expense, they claim.

The sidewalk on Bates street near the Community House and the access drive on Woodward avenue at Redding road are unopposed.

The Michigan Motor Bus Assn. is asking commissioners to go on record seeking tax relief for city and suburban lines operating within the state.

City Engineer Grover R. Serenbetz has estimated the cost of sewer repairs in the Forest Hills subdivision at approximately \$14,000. He will present several plans to eliminate the obnoxious odors from the sewer.

The Men's Club of the First Methodist Church of Birmingham will hold its annual chuck wagon dinner at the church hall at 6:30 p.m. tomorrow.

W. Ralph Hileman, general secretary of the Detroit YMCA, will speak on the role a "Y" plays in a community.

The Little Gallery on E. Maple avenue is featuring the works of three Birmingham area artists in a special display which will last through Oct. 4. Kay Sanderson, Jerry Rudquist and Kenneth Wynans, whose paintings are being shown, all are former Cranbrook Art Academy students.

The Past Matron Club, Birmingham Chapter 220, OES, will meet at the home of Mrs. James L. Green, 1331 Cedar St., Birmingham, for a dessert luncheon at 1 p.m. tomorrow. Members unable to attend should notify the hostess, she said.

## St. Joseph Hospital to Alter News Code

An ambitious undertaking which is proceeding very well is a code of cooperation between working news-men and officials of St. Joseph Mercy Hospital and the medical profession.

Several months ago reporters and editors sat down with the top personnel of the hospital and discussed mutual problems and responsibilities.

On the heels of this session came the burning of Flint Teamsters FRANK KIERDORF, a news story of nationwide prominence. Hospital staffers and officials outdid themselves in making the newsmen's tasks easier. A press room was quickly made available, and the hospital adjusted to the routine of being in the spotlight.

Working with an outline supplied by the American Medical Association, the hospital has drafted its own co-operation code. The discussion sessions alone have done much to clear the air between the newsmen and the doctors and facilitate mutual understanding.

The preamble of the code says, in part: "The press cannot carry out its traditional responsibility of informing the public in the area of medical and patient news without the cooperation of the medical society, the hospitals and individual doctors. The inevitable penalty of silence is public ignorance and misunderstanding. The revised code of the medical ethics of the A.M.A. stresses the responsibility of the physician and the medical society to see that accurate information reaches 'the public.'"

When completed, the code will be submitted to the Oakland County Medical Society for approval and to other area hospitals for their cognizance.

## 'Y' Membership Benefits You and Many Others

One of the greatest bargains in Pontiac is now available with the annual adult membership drive of the YMCA taking place. If you are looking for activities for the entire family, the Pontiac "Y" is the place.

The YMCA needs your help. Membership in the "Y" entitles your family to recreation the year around. This is important since much of our weather prohibits active outdoor sports.

Last year's attendance at the "Y" was 91,882 for the year. This figure alone should help prove the financial worth of the "Y" program.

The Pontiac YMCA receives some aid from the Pontiac Area United Fund, but it also depends to quite an extent on its own yearly membership drive.

This adult membership campaign is important since it supports the ever increasing youth program which is not self-supporting. If you do not feel that you will actively use the facilities yourself, think of the youngsters.

Last year over 2,000 boys and girls who pay a small membership fee participated in the

various activities largely financed from adult membership. Join up now and help support our Pontiac YMCA.

## Finance Director Has Fine Record

Retirement of OSCAR ECKMAN as city director of finance removes from the City Hall one who has been closer than any other one individual to the city's financial problems over a quarter of a century.

Responsible directly to the City Commission, which appoints the director of finance, he has played a major role in molding the City's financial policies.

The excellent rating that the City has achieved and maintained in municipal financing is evidence of the manner in which he performed his duties over the years.

Under his supervision the City's accounting system and bookkeeping procedures were completely revised, and the City won national recognition among municipal finance officers for its modern methods in this respect.

Mr. ECKMAN is beyond the normal retirement age and steps out of his post as a health precaution.

His retirement is well deserved. The community owes him sincere thanks for a job well done.

## The Man About Town Visitors Are Back

Rare Birds Guests in Our City for Annual Sojourn

Procrastination: What may beat you out of \$300 in our football contest.

A family of crested night herons that have visited Pontiac at the same time for several years have arrived, according to John M. Beaudin

of 504 Avon Road. They roost during the day in the same tree and do their foraging at night. They always arrive with the coming of the fall season and depart for the south with the first cold weather. They have definitely been identified as crested night herons by

Walter P. Nickel, Ornithologist at Cranbrook. Visits of such birds to this area on a regular schedule has heretofore been quite unknown.

A cabbage that weighs 35 pounds grew in the garden of

Jack Niesman of Keego Harbor, who estimates it would make the sauer kraut for 100 helpings of pig hocks.

This is the final week of our football contest. All entries must be received in The Pontiac Press office by Friday noon. That \$300 hangs in the balance. The list of games will be repeated tomorrow. Get busy.

An eggplant in the garden of Mr. and Mrs. Alan Sidney in Auburn Heights has "fruit" that measures 18 inches round.

Apples of the Wolf River variety from the trees of

Ambrose Luscombe of Commerce weigh nearly a pound and are 13 inches around.

Several reports have been received on those snake-like Italian cucumbers, the longest being from the garden of

Mrs. Almira Ferrone of Waterford. It is four feet long and still growing.

Now leading in hula loop spinning is Denise Smylie of Drayton Plains, 10 year old daughter of

Mr. and Mrs. Elmer Smylie, whose mother counted 5,806 whirls without stopping.

Verbal Orchids to—Mrs. Mary Jackson of 304 Michigan Ave.; eighty-eighth birthday.

Mrs. Carrie Decker of Oxford; eighty-ninth birthday.

Mrs. William Shields of Marlette; eighty-ninth birthday.

Mr. and Mrs. Fred Ostrom of Lapeer; golden wedding.

Mrs. Minnie Rohn of Davisburg; eighty-first birthday.

Books

## David Lawrence Says: U.S. Firmness Can Prevent War

WASHINGTON — There is a commendable firmness in the heroic way by which President Eisenhower and Secretary of State Dulles are conducting American policy toward Red China and its military ally, the Soviet Union.

It's a firmness that can save mankind from a world war. Had the same firmness been exhibited by the West toward Hitler in the 1930s, World War II might never have happened.

The same kind of influences, unfortunately, which were prevalent in Europe and brought on the second world war have been manifest in recent weeks in this country. There has been unwitting and unintentional encouragement given to the dictators in Moscow and Peking.

Whether motivated by political partisanship or by misguided pacifism or by some of the "let's-do-business-with-Hitler" selfishness that today is calling out for recognition of Red China "as a fact," the truth is this apparent acceptance of the Communist viewpoint has afforded Nikita Khrushchev an opportunity to take advantage of American dissension and disunity.

Close examination of the latest letter from the Soviet premier shows that he adopts virtually every one of the points which have been made by the anti-administration spokesmen in this country when they argue the China problem.

There are, for instance, the claims, frequently reiterated, that Chiang Kai-shek represents no one but himself, or that the offshore islands belong to the mainland of China anyhow, or that they aren't worth fighting for, or that the President and Dulles do not represent true American public opinion as they are trying to provoke a war.

Emphasis on this line of argument has misled many a man on the street in this country.

The Soviet premier repeats all this with a confidently expressed feeling that he has American public opinion back of him. But where Khrushchev miscalculates is in his demand that the United States get out of Formosa.

Up to now there have been in this country some serious advocates of "two Chinas"—that is, a trusted Formosa and a Communist China on the mainland, each independent and each to be admitted to the United Nations.

This plan has been urged as a compromise. But from the pen of Khrushchev comes now the word that it is all or nothing and that he wants America to cease aiding the Nationalist government on Formosa.

He warns that the Red forces intend to take Formosa over completely. It's a demand for unconditional surrender.

In a sense Khrushchev confirms the soundness of the point made all along by President Eisenhower and Secretary Dulles that the offshore islands were really sought by Red China as a base from which to attack and conquer Formosa.

The United States, however, has a mutual protection treaty with the Nationalist government on Formosa, which now holds the offshore islands. Hence, an attack on

Quemoy could be the beginning of an attack on Formosa.

This is a simple piece of military strategy. Yet many Americans, apparently anxious for peace at any price, have overlooked it and have tried to make it appear that Quemoy by itself could be surrendered without causing the collapse of the Nationalist army of 500,000 and of the military forces of the free governments of the Philippines, South Korea and Viet Nam.

## Dr. William Brady Says: Way to Prevent Wrinkles Is to Get Proper Food

Numerous fine furrows, markings or wrinkles in the skin on the front (palmar surface) of the wrist of a young person, or on the back of the wrist of an elderly person, give the appearance of a pavement of diamond or lozenge shaped tiles. Even a person of better-than-average nutritional condition

wants to prevent premature wrinkling of the skin. Many complaints about the poor condition of skin, hair and nails are manifestations of the national malnutrition, due principally, I believe, to inadequate daily intake of three vitamins and three minerals. In the free pamphlet, "Young Folks and Old Folks," for which send stamped, self-addressed envelope, I tell how everyone who has to subsist on the ordinary refined diet of most Americans can supplement his diet with these six essential factors—essential for good nutrition.

Signed letters, not more than one page or 100 words long pertaining to personal health and hygiene, not disease, diagnosis, or treatment, will be answered by Dr. William Brady, if a stamped self-addressed envelope is sent to The Pontiac Press, Pontiac, Michigan. (Copyright 1953)

Whether these incipient or potential wrinkles will mature early or late depends, not on what kind of soap or cream you use, but on your nutritional condition.

Nutritional deficiency—which the old-timers called "malnutrition"—whether from illness, ill-advised "dieting" or substituting the tea-and-toast, coffee-and-roll or hot-dog-and-pop snack for an adequate breakfast—inevitably changes the smooth, soft skin of youth into the wrinkled, dry parchment-skin of age.

Wrinkles cannot be rubbed or massaged away. No oil, cream or hormone applied to the skin can be absorbed and utilized as food or nourishment for the skin or any other part of the body. No lotion or liniment applied to the unbroken skin "penetrates" the skin or enters the body to "get to work."

In fact no medicine, drug, chemical, food, oil, vitamin, mineral or other substance that does not itself burn, blister or break the skin is absorbed when applied to or rubbed on the skin. Many times I have offered to submit my skin to a properly controlled test of this, before any scientific committee but it seems that the people who profit from the notion that the skin absorbs things had rather let the lie lie.

In an earlier piece I said that milk is the best food source of riboflavin (formerly called vitamin B2 or vitamin G)—Grade A Raw from tuberculin-tested herd, any milk scalded (brought to a boil for one minute or less) or pasteurized (which means pasteurized, heated to about 145 degrees F. for 30 to 35 minutes and then cooled again), evaporated milk or dried milk.

I quoted the dictum of McCollum that an optimal intake of riboflavin "tends to preserve the characteristics of youth." One of the characteristics of youth is a good complexion. So the daily consumption of at least three glasses (1½ pints) of milk is a must for anyone who

completely. It's a demand for unconditional surrender.

completely. It's a demand for unconditional surrender.

## Case Records of a Psychologist: Don't Use Children for Own Benefit

Biblical Jephthah made a living sacrifice out of his only daughter to maintain his pride. And Lila's mother is trying to do a similar thing. So study this case carefully. Then send for the "Parents' Tests" below and use them for PTA discussion or personal inventory.

By DR. GEORGE W. CRANE Case Z-325: Lila B., aged 22, is a very talented violinist.

"But, Dr. Crane," she began, "I am involved in constant quarreling with my mother."

"It all began when I told her I wanted to marry a young dentist in our city."

"Prior to that time, I had dated several boys. And Mother seemed to be quite happy that I was popular, at least till I centered my affection on just one man."

"Since then she has made several threats and threatened me. And she says she will never attend the wedding!"

"She thinks marriage will spoil my career in music. But can't I help out with church music and otherwise carry on, even after my wedding?"

"Why is she so upset over my marrying? It seems abnormal to me."

CAT'S PAW LILA Well, here are some additional facts which will help explain this mother's frenzied attempts to stop the wedding.

Lila's father ran away with another woman, leaving Lila as a child of three years, and no

## Voice of the People Disappointed Fans Discuss Tigers' Unfortunate Plight

As a Tiger fan it's very gratifying to see they beat the Yankees, but I can't get too excited about it when the Yankees have already won the pennant by such a wide margin over our Tigers.

Some people seem to be satisfied just so long as we have a good record against the Yankees, but I want a pennant or nothing at all. I have no love for the Yankees, but I do wish we had a team as good! You gotta give them credit. With every other team against them every time they come to town, they still win. Let's face it, they're too good. If our Tigers played under the same setup, I'm afraid they'd finish in the cellar.

So let's forget the Yankees and concentrate on winning a pennant. If we have to get old Casey, let's get him.

Old Timer

The fact the Tigers have been pretty sour in 1953 doesn't worry me nearly as much as the fact it looks as though they'd be sour in 1959, 1960, 1961 and 1962. The only new players they get are castoffs and outfielders that bat .275 in a minor league. They haven't over six real ball players out of 25 on the roster.

Unhappy Fan

## 'What's Best Way to Mow Terrace?'

I have had trouble all summer cutting terraces with a power mower. Will some skillful and scientific engineer tell me whether I should cut up and down or sideways?

Exasperated

## 'He Did Good Deed by Helping Parolee'

Why all the fuss because our chief helped a man get a parole. This man has gambled all his life. Are all men who gamble or are connected with gambling criminals?

Why don't the state troopers and the rest of the deputies and our four Pontiac policemen who were in on this go to Hazel Park and round up the thousands and bring them back and call them criminals?

When a man has paid his debt to society, society has an obligation to provide him an opportunity to prove himself, and society must recognize that jobs are necessary for complete rehabilitation. We must remember men in prison come from no particular group. They represent every financial, social and educational level and range from morons to geniuses.

Statistics show that more than 70 per cent of men released on parole turn out to be successful. It costs taxpayers \$1,270 to keep a man in jail one year, so let's help these men on parole, not run them down or the chief of police for doing a good turn to help a man on parole who has paid his debt to society. There are lots worse crimes in our great country than being a gambler.

## 'We Should Feel Sorry for South'

We should feel sorry for the people in Arkansas. When I went to high school, there were Negroes there and I didn't mind a bit, but down South their whole life has been spent differently. If they started now to educate the younger children like we do, in 10 years there would be no problem.

L. B.

## Case Records of a Psychologist: Don't Use Children for Own Benefit

supported for herself and her deserted mother. Her mother got a job and worked like a Trojan to rear Lila properly. But the mother's ego had been seriously deflated because she had been cast off by her husband in favor of another woman.

There are several ways in which such a mother might have mollified her own wounded sex ego. For example, she might have married a popular, wealthy man much superior to her former mate.

Then she could have gloated in her own mind by thinking:

"See how desirable I am! I have been able to win a husband far better than you!"

But she never made such a match, so Mama fell back on a second means of inflating her pride.

She would make Lila an accomplished musician! And then Mama could bask in the reflected glory of Lila.

"See what you missed by deserting us," she could then think, gloatingly.

Lila was thus a cat's paw, as it were, for helping reflate the punctured ego of her mother.

And that was one reason why her mother made such an ado about Lila's getting married, for Mama would then be without her secret weapon for making her former husband sorry!

DANGEROUS PARENTS All parents should analyze themselves to make sure they are not using their children as cat's paws for their own secret urges.

Many a dominant father thus tries to drive his son into taking up the same business or profession as Papa, so the latter can add

superlative job in rearing her daughter and financing Lila's musical training.

But she should look around for re-marriage and pick a more suitable mate than her first husband.

Then she would vindicate her own sexual ego and not require Lila as a living sacrifice on the altar of her own wifely pride.

So send for my 200-point "Tests for Good Parents," enclosing a stamped return envelope, plus 20 cents (non-profit). Use them for frequent self-inventory.

Always write to Dr. George W. Crane in care of The Pontiac Press, Pontiac, Michigan, enclosing a long 44 stamped self-addressed envelope and 20¢ to cover typing and printing costs when you send for his psychological charts and pamphlets. (Copyright, 1953)

## Alcoholics' Families Can Get Help Too

By MURIEL LAWRENCE

Mrs. F. writes, "My husband is an alcoholic. We live with his mother, who calls his drunkenness his 'stomach trouble.' Though there's an AA group in our city, he won't ask their help. So night after night I have to ask my 8-year-old kid to help me get his drunken father to bed."

### Council of PTA Hears Speakers

Pontiac Council of PTA and a number of parents met at Bethune School Wednesday for a tea and panel discussion on the subject "Library Services in Pontiac Elementary Schools."

Mrs. Mary Killian greeted guests at the affair. Mrs. C. M. Davies, panel chairman, discussed books and introduced other speakers — Margaret Scott who spoke on audio-visual material, Lula MacGregor whose topic was services to children and Doris Haynes who explained services to teachers.

### Hairdressers Hold Smorgasbord Dinner

The Pontiac Branch of the National Hairdressers Association met Tuesday at Pontiac Federal Savings and Loan Building for a smorgasbord dinner.

Nora Slade of Detroit and Oak Park, guest of the evening, presented current hair styles to the group.

### Introduces Staff of Wever PTA

Arthur Bell, principal, introduced the staff of Wever School PTA at a cooperative dinner held at the school Thursday.

Committee chairmen were Mrs. Herbert Blom, Mrs. Charles Norman, Mrs. Barton Schmucker, Mrs. William Lawrence, Mrs. Chris Hall, Mrs. Robert Burton, Mrs. Eugene Taylor and Mrs. Willard Head.

### Jolly Ten Meet

The Jolly 10 Club met at the Shelby road home of Mrs. Arnold Orr Wednesday evening for a business meeting and social hour.

MRS. DOUGLAS AUSTIN

### Officers Named by Trabajamas

New officers of Trabajamas Alumnae Chapter I are Mrs. Douglas Austin, president; Mrs. Robert Laity, vice president; Mrs. Lowell Satterlee, recording secretary; Mrs. Robert Haire, corresponding secretary, and Mrs. William Lembke, treasurer.

Mrs. Edward Shaw and Mrs. Paul Valentino are sergeants at arms; Mrs. Richard Kistner, historian, and Mrs. Donald Ostrander, publicity chairman.

### Pontiac DeMolay to Install Officers

The semi-annual installation of officers of Pontiac Chapter of the DeMolay will be held at 8 o'clock Wednesday evening at Madison Junior High School.

A dinner will precede the affair at 6:30 p.m. and dancing will follow the installation. DKanny Reynolds will be installed as master counselor.

Why do you put up with your husband's drinking, Mrs. F.? Duty? Need of his mother's financial support? Of a wife's duty to an alcoholic husband psychiatrist Karl Menninger has written some words which merit wide publicity.

They are, "Time after time in my professional experience a wife could have put a stop to the drinking or compelled her husband to get treatment had she been willing to take a firm step — and refuse to tolerate it."

Unlike you, Mrs. F., AA begs nobody to seek their help. They wait until suffering has broken the addict into humility that enables him to confess his own need for help. That is why they are successful. They know that the alcoholic must thirst for his own salvation before he can find it. It is when he confesses his weakness that AA rushes supporting strength to him. Sometimes a wife shares her al-

coholic husband's real problem — the egotistical refusal to acknowledge limitation. So intent may she be on being the other fellow's salvation that she cannot relinquish pride in her noble mission to say, "This is too much for me. I don't possess the understanding or experience to work it out."

I think that Mrs. F. is close to this brave admission of her own limitations. And may be ready to write to the organization that gives the same kind of support to alcoholics' families that AA gives to the addicts themselves. It's Al-Anon Family Group Headquarters, P.O. Box 182, Madison Square Station, New York 10, N. Y. It will put her in touch with its group nearest her.

Her husband may profit by her example of humility. Her ability to say "I've reached the end of my rope" may encourage him to think, "I have reached the end of mine — and need help too."

The Al-Anon people will be waiting to hear from her.

## Delores Carter Becomes Bride of Karl E. Rhodes

Central Christian Church was the scene of the Saturday evening wedding of Delores Carter and Karl E. Rhodes Jr. The Rev. G. W. Gibson officiated before 300 guests.

Parents of the couple are Mr. and Mrs. Will M. Carter of Wisner street and Karl E. Rhodes of

The bridesmaids were dressed like the matron of honor but in pink and they carried cascade bouquets of white button chrysanthemums and pink roses.

Claudia Christie, niece of the bride, was flower girl. She wore a light aqua gown with a white eyelet overskirt. Her headpiece was aqua ruffles and she carried a miniature nosegay of white chrysanthemums and pink roses.

John Rhodes, brother of the bridegroom was best man. Ushers were Elmer Rhodes, of Drayton Plains, another of the bridegroom's brothers; John Voorheis of Bloomfield Hills, John Christie of Clarkston and James Melton, Mark Christie, the bride's nephew, was ringbearer.

Following a reception in Roosevelt Lodge, the couple left for a honeymoon through the southern states. They will live on West Howard street. The bride wore a black shantung sheath dress with black outfit.

For her daughter's wedding, Mrs. Carter wore an avocado paisley print sheath dress with avocado and dark brown accessories and a corsage of yellow tea roses.

The bridegroom's stepmother wore a light blue crepe dress with satin trim and black and white accessories. Her corsage was pink tea roses.

### Child Study Club Holds Meeting

Bloomfield Hills and the late Mrs. Rhodes.

The bride wore a gown of antique ivory satin featuring a satin pointed neckline. Her full skirt fell into a sweeping fan train. A pearl-trimmed Juliet cap of antique ivory satin held her silk illusion veil and she carried a bouquet of white roses, stephanotis and ivy.

Mrs. John H. Christie of Clarkston was her sister's matron of honor. Bridesmaids were another of the bride's sisters, Mrs. Richard Porter, and the bridegroom's sister, Mrs. John Voorheis of Bloomfield Hills.

The matron of honor was dressed in a beige Chantilly lace sheath dress with a taffeta harem overskirt. Her headpiece was a full face veil and she carried a cascade of rust chrysanthemums and gold roses.

### Hold Indoor Picnic to Get Acquainted

A "Get Acquainted" indoor picnic held Thursday evening was the first affair of the season of the Hawthorn School PTA. The picnic was held in the multi-purpose room of the school.

Mrs. Norbert Hoffman was chairman assisted by Mrs. Vern Rollinson.

## ... and 'Round They Go

More than 200 youngsters — ages 1 to 18 — gathered Saturday afternoon at the North Hill Plaza just north of Rochester for the wind-up of a marathon Hula Hoop contest. It started a week before but the kids proved so adept at keeping the colorful hoops twirling, the contest had to be held over. Longest time recorded was 2 hours and 45 minutes.

CAN I DO IT? — That's what 5-year-old Randi Van Auker of 144 Northwood St., Rochester, appears to be thinking as she waits her turn.

SURE, IT'S EASY — And Randi proves it. She performed just

AND IT'S FUN, TOO — Says Linda Black of 4 De Baene Ct., Rochester. She has mastered the Hawaiian technique, with a minimum of foot work, that is.

HOOPS A'FLYING — Carol Birmingham of 240 Winry Dr., Rochester, has her Hula Hoop twirling so fast, it appears to be suspended in mid-air. Definitely an expert, this one.

## Device Traces Waves of Brain

Electroencephalograph — or EEG — Can Locate Tumors, Blood Clots

SOUTH WOODSTOCK, Vt. (UPI) — Electroencephalograph is a big word for the brain to absorb, but that's just where it belongs.

For Lovett Garceau, who manufactures the EEG, as it's more popularly called at his Electro-Medical Laboratory, said "it's a boon to medical science."

"Basically the EEG is a very sensitive amplifying and recording device," said the former Bostonian who graduated from Harvard College in 1929.

"The electric waves generated by the brain are picked up by electrodes on a patient's scalp. The instrument causes a recorder to write down a trace corresponding to these waves on a moving paper chart. By analyzing the shape of the traces, experts can diagnose epilepsy and locate the position of brain tumors, blood clots and other lesions and determine where and how to operate if necessary."

Garceau, who manufactures this and other electronic equipment in a 105-year-old barn, has sold his wares to 55 countries.

One EEG is working for the Atomic Energy Commission in California and another is on order for Mary Hitchcock Memorial Hospital at Hanover, N.H.

## OTHER PROJECTS

But the former Harvard psychologist, who moved to Vermont "to find more room" for the dogs and horses he raises for relaxation, doesn't have all his brainpower wrapped up in one project.

"For hospital patients and handicapped persons," he said, "I've developed a chin-operated page turner. Also, I have a chronograph working at White Sands, N.M., recording short time intervals for the arrival and departure of rockets."

"International Business Machines is using the instrument to line up electric typewriter machines."

The 51-year-old Garceau added that "while the work is fascinating, it also has its dangerous moments." And its odd ones.

"When the laboratory was in Holliston, Mass.," he recalled, "my wife was lying down testing a respirator I was making. A neighbor happened to look in and passed out with fright."

"Rumors immediately began circulating that he was a murderer," added Mrs. Lovett. "And they were intensified when the respirator was packed in a coffin-sized box and carried out of the house."

## Women's Club of Clarkston to Open Season

CLARKSTON — Clarkston Community Women's Club will open its fall program Wednesday at the Community Center in Clarkston.

The meeting, "Catching Up With the Times," will begin at 8 p.m. Dr. Leslie Greene, superintendent of Clarkston Community Schools, will speak briefly on the prospects of the new high school building.

Mrs. Cornelius Migan will speak on the legal developments in the Caribou Inn condemnation proceedings. Duane Hurst, Independence Township supervisor, is slated to talk about township problems and conditions.

## Two Detroit Nurses Injured in Accident

ROMEO — Two Detroit nurses were injured when their car careened off a tree and crashed into a house Saturday afternoon at the intersection of W. St. Clair and Morton street.

Miss Catherine R. Ferguson, 61, told Romeo Police she was turning the corner and put her foot on the accelerator instead of the brake. She had only been driving a month, police said.

Miss Ferguson suffered a fractured rib and cuts on her face, arm and leg.

Her passenger and owner of the car, Miss Leah L. Baker, 52, received cuts on her forehead and nose and a bruised right knee. Both were treated by a Romeo physician.

The wooden siding on the house, owned by Mr. and Mrs. A. M. Bower, was splintered and the plaster walls in the dining room cracked.

Damage to the car was estimated at \$400.

## 'Mackinac Bridge Diary' to Be Shown in Clarkston

CLARKSTON — The film "The Mackinac Bridge Diary" will be shown by the Clarkston Rotary Club at their dinner this evening at the Community Center.

The film, prepared by the United States Steel Corp., shows the progress of the bridge from beginning to completion.

Manatees, popularly called sea cows, eat up to 100 pounds daily of vegetable items from the sea.

**BREAK GROUND FOR ORION CENTER** — A chrome-plated shovel was used Sunday in ground-breaking ceremonies, officially launching building of the Orion Community Center. Handling the spade is Charles Starrs, chairman of the building committee. Looking on are Louis Gudemoos (left), president-elect of same committee, and Dr. Richard McNeil, first president of

the Community Center organization. In background are James Sheldon, vice president, and Mrs. David Erlandson, who are waiting their turn to turn some dirt. Following the preliminaries, Fred Fernsemer, Lake Orion contractor, donated his labor and tractor to dig ground for the basement of the building.

## Beach-Aris Nuptials Said at Drayton

DRAYTON PLAINS — The United Presbyterian Church here was the scene recently of the marriage of Elizabeth R. Aris to Everett G. Beach. The double-ring candlelight rite was performed by the bridegroom's brother, the Rev. Harvey Beach of Viola, Kan., assisted by the Rev. Walter Teeuwissen.

The bride is the daughter of Mr. and Mrs. Loren D. Aris of 4080 Joyce St. The bridegroom is the son of Mrs. Ora E. Beach of 4269 W. Walton Blvd.

Given in marriage by her father, the bride wore a gown of white tulle, with a Sabrina neckline trimmed with pearls and sequins. Her waist-length veil fell from a tiara of sequins, and she carried a bouquet of white roses and lilies of the valley.

Maid of honor was Shirley Tipolt, Margaret Aris, the bride's sister-in-law, and Karen Servant were the bridesmaids.

Best man was the bridegroom's brother, Robert. Ushers were the bride's brother, Peter, and Lawrence Benscoter.

A reception was held at the church following the ceremony. The newlyweds are honeymooning this week in northern Michigan.

## Vote Will Increase School Taxpayers

ALMONT — Voters in the Almont Community School District turned out in a small number Saturday and approved the inclusion of the former Robb and Muir districts on the Almont district debt tax roll.

In the special election, the proposal was passed by a margin of 100 to 4.

Following three years without a debt tax burden, the taxpayers of these two districts will now assume their share of the 6.4 mills debt retirement.

## Civic Association in Huron Woods Names Officers

COMMERCE TOWNSHIP — Huron Woods Subdivision's newly-organized Civic Association has announced the election of its Board of Directors.

Named were Vaughn E. Davis, president; Harvey W. Shooltz, vice president; Jacqueline Laschen, secretary; Harvey W. Stoll, treasurer, and Day F. Perry, director at large.

Serving as honorary chairman of the Board will be Anthony Kratage.

## County Calendar

Rochester — The Women's Guild of St. Philip's Episcopal Church will sponsor a Chinese auction from 10 a. m. to 3 p. m. Wednesday at the home of Mrs. William D. McCullough, 1750 W. Tienken Rd. Co-chairmen are Mrs. Florence Hoyt and Mrs. Harry O. Lang. The Media Hadden Guild will serve coffee. The public is invited.

The Women's Relief Corps of Rochester will hold its annual bazaar and turkey dinner Friday at the Avon Township Hall. Serving will begin at 5 p. m. The Thimble Club is in charge of the bazaar.

Orion Township — The Orion Township WBSOP will sponsor a dinner at 5:15 p. m. Wednesday at the Church Hall on Silver Bell road, just east of M34. Proceeds will be used to purchase chairs to replace benches in the hall.

MR. AND MRS. EVERETT G. BEACH

## Drayton Residence Awaits Couple After Honeymoon

WATERFORD — Upon return from their honeymoon in Northern Michigan, Mr. and Mrs. Daniel J. Revoir are making their home at 3660 Hatfield St., Drayton Plains.

The marriage took place at the Waterford Community Church. The double-ring, candlelight rite was performed by the Rev. Wright Van Plev, former pastor of the church, who was assisted by the Rev. Robert D. Winne, present pastor.

The former Martha Jane Powell, the bride is the daughter of Mr. and Mrs. Wilbur K. Powell of 7275 Sandy Beach Dr., Waterford. Parents of the bridegroom are Mr. and Mrs. Percy J. Revoir of 6270 Barker St., Drayton Plains.

For her wedding, the new Mrs. Revoir wore a floor-length gown of lace and nylon net, featuring a fitted bodice and a lace peplum.

It had a Queen Mary collar and long lace sleeves tapering to points over the wrists.

Her fingertip veil was held in place by a lace crown, trimmed with rhinestones, and she carried a cascade bouquet of white carnations, roses and step anolis.

Maid of honor was Carol Hillmar of Drayton Plains. Beverly Swift of Waterford was the bridesmaid.

William McPheters of Pontiac was the best man. Ushers were Wayne Dawson of Waterford and John Cameron of Alma.

The reception was held in the church parlors following the ceremony.

MR. AND MRS. DANIEL J. REVOIR

## Follows Decker PTA Meeting

## Square Dance Scheduled

WALLED LAKE — A square dance will follow the first fall meeting of the Decker Elementary School Parent-Teacher Assn. tonight.

At the meeting beginning at 8 p.m., Principal Cecil G. Scott, will introduce the teachers to the parents and discuss types of school clothing preferred. The group will then tour the classrooms and review school activities and the curriculum for the coming year.

Mrs. Allen West, Mrs. Richard Cottrell and Mrs. E. Hafner are the hospitality committee.

Other committee chairmen for the year are Herbert Holman, program; Wilson Collins, ways and means; Mrs. Richard Melvin, publicity; Mrs. Albert Lesko and Roland Getts, council delegates; Donald Lamb, safety; Mrs. Robert Fellows, legislation and Mrs. Lee W. Bettie, health.

**LAKE ORION** — The Lake Orion Community High School Parent-Teacher-Student Assn. will meet at 8 tonight instead of next Monday.

Sgt. Steven Navarre of the Oak-

## Racial Strife Erupts in London Again

LONDON (UPI) — Racial strife broke out again in the Notting Hill slum area of West London last night when a gang of 20 white youths chased four colored men and threw milk bottles at them.

The colored men dashed for safety into a house and closed the door. Outside the white "Teddy boys" flung bottle after bottle at the house. Broken glass littered the pavement and roadway.

The colored men suddenly flung open the door and rushed out with dozens of empty milk bottles to throw at the fire. A white couple wheeling a baby carriage were injured in the exchange.

The arrival of police patrol cars sent the white youths rushing to side streets. None was caught.

Notting Hill was the scene of the worst riots in the recent racial outbreaks in Britain. It had apparently returned to normal following the passing of severe jail sentences last week on white youths caught with weapons during the rioting.

## Ham Operators in Oakland Help Bring Glad News

Two members of the Oakland County Amateur Radio Club last night assisted in bringing good news all the way from Jerusalem to a Detroit woman.

Keith Hills, a Pontiac barber working his receiver in his home at 36 Union St. around midnight, heard a call from a man in Jerusalem asking someone to assist him in contacting a Mrs. Mitchell Levitt, of 19451 Schaefer Rd., Detroit.

Hills immediately got club president Mitchell L. Baow, of 34 Cherokee Rd., out of bed. Baow hurriedly warmed up his set and by means of a "phone patch" linked Mrs. Levitt by telephone with her niece, a Mrs. Shami, in Jerusalem.

Mrs. Shami brought news that Mrs. Levitt's sister, believed dead for many years, was alive and that she (Mrs. Shami) had just received a letter from her from Leningrad.

"They talked for about 20 minutes," said Baow, "but most of this was drowned out by the crying over the happy news."

Sand dunes having crests as high as 800 feet, tallest in the inland United States, can be seen at the Great Sand Dunes National Monument in Colorado.

## Area Newlyweds Leave for Florida, New York

WEST BLOOMFIELD TOWNSHIP — On a honeymoon trip which will take them to Florida and New York are Mr. and Mrs. Daryl E. Wittenberger.

They were married Sept. 12 at St. George's Episcopal Church in Milford. Performing the double-ring rite was the Rev. Bertram White.

The former Ellen Suzanne Sharp, the bride is the daughter of Mr. and Mrs. Joseph W. Sharp of 2668 Bay Dr. Parents of the bridegroom are Mr. and Mrs. Emil P. Wittenberger of Nampa, Idaho.

For her wedding, the new Mrs. Wittenberger chose a gown of peas de sole with a long bodice and full sweep train. Her fingertip veil fell from a lace cap, and she carried a French rose bouquet.

Mrs. Paul Depl was matron of honor, and bridesmaids were Miss Aileen Fitzpatrick and Miss Ellen McJunkin.

Frank W. Shriver of Arcadia, Calif., was the best man and ushers were Torwald Torgenson

GLORIA JEAN MCKIM

Mr. and Mrs. William McKim of 3435 Walnut Lake Rd., Orchard Lake, have announced the engagement of their daughter, Gloria Jean, to Lt. Thomas Kratt, son of Mr. and Mrs. Theodore Kratt of Dearborn. The bride-elect attended Michigan State University where she was affiliated with Alpha Gamma Delta. Her fiancé is a graduate of Michigan State and was affiliated with Alpha Tau Omega. He is stationed with the Air Force in Malden, Mo. The wedding has been set for Nov. 22.

MRS. DARYL WITTENBERGER

## New York College Girl Leads Dressage Riders

An 18-year-old New York college girl, riding two different mounts in the first National Open Dressage Competition at Bloomfield Open Hunt, took top honors in this new equestrian event, Sunday evening.

Personable Karen McIntosh, Briarcliff Junior College student from Bedford Village New York, compiled 240 points in Sunday's Class 11 event to go with 172 as winner also, in Class 1-A on Saturday. For good measure she added a 3rd place in Class 11, to win the handsome Col. H. E. Tuttle Challenge Trophy.

Event is designed by the United States Equestrian Team, Inc. to develop riders and mounts for Pan-Am. and Olympic competition, as U.S. representatives. The two-day test here was the first of its kind, and drew a

field of 27 horses and riders from the Eastern coast, West coast, and the South. The U.S. E. T. has been invited to return to BOH for the next annual competition.

Miss McIntosh gave superlative performances, winning both top events with high skill and aplomb. She rode two horses, imported from Germany, a chestnut gelding (Scipio) and a bay (Maltassar).

Leading riders: CLASS 11—Karen McIntosh (Scipio), 240 points; 2. Mrs. William J. Barney, Southport, Conn. (Maltassar), 235 points; 3. Miss McIntosh (Maltassar), 229.5 points; 4. Charles (Chuck) Grant (Shining Gold), 217.3 points; 5. Major Robert West (Barnet Sabina) 204.5 points; 6. Frank H. Duffy (Reno Overdo), 203.6 points.

CLASS 1-A—Miss McIntosh (Scipio), 172 points; 2. Mrs. Barney (Maltassar), 168 points; 3. James M. Jones, Birmingham (Miss Prince), 148 points. CLASS 1—Mrs. Franklyn Downton, Aberdeen, Calif. (Golden Arrow), 147.5 points; 2. Mrs. Downton (Sisal), 142 points; 3. Major Borg (Drop Dead), 129 points.

# Tigers Lose Home Final to Cleveland, Tied for 3rd

**TOP HONORS** — Competing in a nationally-rated field of riders and mounts, Karen McIntosh, 18-year-old college student from Bedford Village, N. Y., yesterday won the Col. Hiram E. Tuttle Challenge Trophy at the National Open Dressage Competition at Bloomfield Open Hunt club. She rode Maltassar in the difficult, two-day event.

## Red Sox Sign Mike Higgins for 4th Season

BOSTON (AP)—The Boston Red Sox have given Manager Mike Higgins another chance to make it next year.

He signed a one-year contract for 1959 yesterday after the Red Sox had taken their third straight 2-0 victory from the Washington Senators.

The victories came in the wake of a disastrous Western trip which caused some observers to believe that Higgins would not be re-signed. He is finishing a three-year contract with the Sox.

Higgins told newsmen that he was "delighted with the contract."

## Pontiac Women Regain Crown

**Zadah DeBolt Medalist as City Golfers Take State MRA Title**

With 1958 city champion Zadah DeBolt leading the way, Pontiac's five-member golf team regained the women's Michigan Recreation Association championship here Saturday at Municipal course.

Mrs. DeBolt, a six-time city champ, fired 41-41—82, seven over par, as the Pontiac golfers compiled an 18-hole total of 457 for a 20-stroke bulge over runnerup Lansing. Pontiac won the state MRA title in 1956.

It was the 2nd straight year that Mrs. DeBolt took medal honors. She was medalist here last year when the Pontiac team finished 2nd to Lansing. This time she starred again as the two teams swapped places.

Bobbie Miller, substituting for Sue Oesch, was Pontiac's next best player with 45-43—88. Other city scores were Phyllis Boyer, 47-43—90; Edith Wright, 46-45—91; and Ann Wilson, 53-53—106. Women's par at Municipal is 37-38—75.

A total of five teams entered the meet. Team scores: Pontiac 457, Lansing 477, Dearborn 499, Plymouth 542 and Midland 559.

## Regan Joins Bullets

BALTIMORE (AP)—Richie Regan, who has played three years with the Cincinnati Royals of the National Basketball Assn., has signed with the Baltimore Bullets of the Eastern League.

## Indians Defeat Bunning 3-1 Aided by Error

**Attendance Is 173,222 Off Last Year; Conclude Season This Week**

DETROIT (AP)—Now that they have their home fans sufficiently frustrated and disappointed, the Detroit Tigers are leaving town to complete the 1958 season.

They ended the 1958 home season yesterday just as they had begun it—with a loss to the Cleveland Indians. Yesterday's score was 3-1.

Ending things on an all-too-familiar note, the Tigers made an error that gave the Indians three unearned runs in the first inning, then wasted one scoring chance after another.

Reno Bertola bobbled a grounder with two out in the first, and Minnie Minoso promptly lashed a three-run homer into the upper left field seats.

The final-day crowd of 11,628 got no surprises at all.

The home run, Minoso's 23rd, came off Jim Bunning. It was the 27th off the Tiger right-hander this season, giving him 60 "go-phers" in two seasons.

Tiger batters left nine runners stranded — making a total of 42 runners left on base and only seven runs scored in the four-game series.

Dropping three out of four to the Indians dumped the Tigers back to the .500 mark and into a tie with Cleveland and Boston for third, fourth and fifth places in the American League standings.

With six contests remaining, the Tigers must win four to finish with as many victories as last year. They cannot match the 82 victories of 1956 when the front office fired Bucky Harris for finishing fifth.

But finishing third will mean extra money to the players and manager Bill Norman said he will pull out all the stops, using Paul Foytack, Frank Lary and Bunning in the series opening in Chicago Tuesday night. The final three games will be in Cleveland.

The Tigers must show a vast improvement in road play to accomplish third place. They won 43 and lost 34 at home. The road record currently is a poor 31-40.

Chances of finishing second are next-to-nothing. And, only a real talisman plus a Kansas City spurt could put the Tigers as low as sixth. They are three and one-half games up on the sixth-place Athletics.

The Indians, in winning yesterday's rain-delayed contest, had only four base hits — and none after the fifth inning.

The crowd increased the Tigers' home attendance to 1,088,924. This is a drop of 173,422 from last year. Kuenn stayed in the batting race with two singles in five trips. He gained a point to .319 while teammate Al Kaline, with one hit in four trips, lost a point to .310.

## After 1st Experience

## Most Coaches Against New Conversion Rule

By The Associated Press

Most college football coaches who had their baptism under the new conversion scoring rule said today they still don't like it.

But an Associated Press survey also revealed no definite trend toward or away from the rule which provides for two points if a conversion is made by a pass or run and one point if it is made through a kick.

Here is a sampling of coaches' comment:

Bill Murray, Duke—"I guess the extra-point rule is going to take a lot more guess work on our part than before."

Blanton Collier, Kentucky—"I think it is smart strategy to kick for one point in the early stages, especially if you're ahead."

Wally Butts, Georgia—"It definitely makes the game more interesting to the fans."

George Dickerson, UCLA—"It will depend on the situation in the game."

Jack Mitchell, Kansas—"Generally, we'll kick for conversions since the percentage seems to be in that direction."

Darrell Royal, Texas—"I still don't like the rule. I think when we score first it is right for us to go for the kick. I don't think we can do anything right unless we go for two and make it."

Bobby Dodd, Georgia Tech—"I think one point attempt will prevail for most teams. Some will be trying for two early in the year, but I think the percentage is with one point."

Andy Pilney, Tulane—"If the

situation warrants, I'll go for two every time."

John Micholosen, Pitt—"We will try for two pointers, but it will depend on the game situation."

Abe Martin, Texas Christian—"It could become a key play in football and as the season wears on it could put added pressure on the coaches."

Bob Woodruff, Florida—"We will let the situation determine what we will do each time."

Warren Giese, South Carolina—"When we made a two-pointer against Duke, it put Duke in the position of having to go for two even if they had scored. Had we missed the try and made only one point, we might have had more pressure on us to go for another touchdown as we would have had the two-point possibility hanging over our heads." (South Carolina won, 8-0.)

Warren Giese, South Carolina—"When we made a two-pointer against Duke, it put Duke in the position of having to go for two even if they had scored. Had we missed the try and made only one point, we might have had more pressure on us to go for another touchdown as we would have had the two-point possibility hanging over our heads." (South Carolina won, 8-0.)

THEY WERE READY—Nearly nine inches of rain made Port Arthur, Tex. look more like Venice Sunday, so these three residents put their gondola (canoe) into action for a trip down this usually busy thoroughfare. Two feet of water flooded many business places. Also hard hit by heavy rains were Beaumont and Orange, Tex.

## Soybean Report Firms Price

CHICAGO (AP)—Grain futures prices were mixed in slow early dealings today on the Board of Trade.

Wheat and soybeans showed some firming tendency while corn and oats were steady to easier.

A report that processors crushed more than 31 1/2 million bushels of soybeans in August imparted some strength to that commodity. The August crush was more than 1 1/2 million above the July crush and about 6 1/2 million over the same month last year.

Near the end of the first hour, prices were generally steady to strong with wheat unchanged to 1/2 cent a bushel higher, December \$1.92 1/2; corn 1/4 to 1/2 higher, December \$1.15 1/2; oats unchanged to 1/4 lower, December \$1.34; soybeans 3/4 to 1/2 higher, November \$2.20.

| CHICAGO GRAIN |          | — Opening |       |
