GrizzLink is the place to be for OU alumni!

GrizzLink is the place to be for more than 2,850 OU alumni who are members. OU alumni join for many reasons: to find past OU friends, post their resume or Class Note news, or because they need their Grizzly ID to access OU SAIL transcript information. It's easy to join and free to OU alumni. The OU Magazine includes an ID number that you will need to login to **GrizzLink**. The ID is on the address label of your magazine, directly above your name, after the # sign and before the ///s. The next issue should arrive in your mailbox by late spring.

GrizzLink has all the latest Class Notes, including those that will be in the upcoming OU Magazine. Reconnect with OU alumni and former classmates by using the "blind" e-mail feature of GrizzLink. Post your resume on GrizzLink and watch for the job postings to grow. Or showcase your business in the Business Card section of GrizzLink and use the services of other OU alumni who have posted their business cards!

Have you ever tried to login to the Oakland University SAIL system to view your unofficial transcript, but didn't know your OU Grizzly ID? You can locate your Grizz ID in your personal profile of GrizzLink. Simply join **GrizzLink** and review your personal profile page under the "Account Information" section. Your Grizz ID is displayed, along with a direct link to the OU SAIL webpage.

If you just can't wait for your OU Magazine to arrive to join GrizzLink and do not have your ID, you can join GrizzLink as a new user or contact (248) 364-6140 for assistance.

SUMMARY

GrizzLink is the place to be for more than 2,850 OU alumni who are members. OU alumni join for many reasons: to find past OU friends, post their resume or Class Note news, or because they need their Grizzly ID to access OU SAIL transcript information. It's easy to join and free to OU alumni. The OU Magazine includes an ID number that you will need to login to **GrizzLink**. The ID is on the address label of your magazine, directly above your name, after the # sign and before the ///s. The next issue should arrive in your mailbox by late spring.
