Admission price is a toy worth \$1.50 or \$2, or a donation of \$1.50. The toys will be given to the children from the Oakland County Children's Home at the AWS Christmas party for them on December 19. There will also be a Community Christmas Carol Sing.

SPECIAL OPEN MEETING: A special meeting of the Developmental Programs Committee will be held at 10:30 a.m. Saturday, December 10, in the conference room (141) behind the secretarial department. LIBRARY ACQUISITIONS: The thousand-volume medieval history collection of the late Dr. Sidney Painter, History Department head at Johns Hopkins University, is now in crates in the basement. This collection provided much of the material for several standard works on medieval France and England. It was acquired through a chance visit by Mr. Matthews to an old friend, John A. Berthel, Johns Hopkins librarian, while on an Eastern trip. Mr. Berthel mentioned the historian's recent death and availability of his collection. *** The Cambridge (Mass.) Public Library has donated a nearly complete run--38 volumes--of the scholarly journal, Musical Quarterly. This gift was arranged by Mr. Holmes, late of Boston University, who learned of the library's willingness to part with the collection.

REQUEST FROM LIBRARY: All books should be returned to the library by Thursday, December 8, for a regular between-term inventory. Materials may be borrowed for the vacation period beginning Saturday, December 10.

UNIVERSITY VEHICLES: Because of Jim Alexander's many duties he is not always immediately available for assignment of University vehicles. To alleviate this problem, the switchboard will take messages for Mr. Alexander when he is out of his office. Please make requests for vehicles as far in advance as possible.

ART EXHIBIT: The collection of tempera paintings and block prints of Rudolf von Huhn now hanging in the Student Center is a special display arranged by the Art Faculty and the Cultural Programs Committee. Mr. von Huhn is a late bloomer. A Washington artist who was born in San Francisco, he was educated in Germany as an engineer and has been a clairvoyant statistician (in predicting World War I U-boat tolls). Mr. Galloway, then teaching at American University in Washington, arranged von Huhn's first one-man show in the Watkins Memorial Gallery in 1947. He had been undergoing a gradual metamorphosis from engineering since the 1920's. Since 1947 he has had innumerable shows, several of them in the Nation's principal galleries. The collection will be on display until December 30.

McKAY AND EKLUND TO SPEAK: On Thursday, December 8, the Detroit Chapter of the Scientific Writers' Association will hear Messrs. McKay and Eklund speak on MSUO's science program and opportunities for professional development and education, respectively. *** On Friday, December 9, Mr. Eklund will speak to the Michigan Association of Public School Adult Educators at Haven Hill on the subject, Adult Education Program Advisory Councils.
