## Wilson, Radford to Talk Defense With President

### Military Affairs Meeting 4th Official Conference for Recuperating Ike

DENVER (AP)—Recuperating President Eisenhower takes a look today at how things are going in the national defense field after passing a few more important milestones toward recovery over the weekend.

Secretary of Defense Wilson and Adm. Arthur W. Radford, chairman of the Joint Chiefs of Staff, were flying out from Washington for a military affairs conference with the President at Fitzsimons Army hospital.

Today's 7 a.m. bulletin from the hospital reported that:

**"The President had a good, sound night's sleep of more than eight hours. He awoke refreshed and cheerful.**

"His condition continues to progress satisfactorily without complications."

The meeting — Eisenhower's fourth at the hospital with administration leaders — is part of the program of steadily increasing official activity the doctors are permitting. Sessions with other key government men are scheduled for later in the week.

Wilson and Radford were meeting with the President in the wake of these encouraging new developments in his convalescence from a Sept. 24 heart attack:

1. For the first time since he entered the hospital, Eisenhower on Saturday was out of bed and sat in an easy chair for 15 minutes.

**Yesterday he was in the chair for 30 minutes—and he got a report there on the new floods ravaging the Northeastern states, and on the federal government's relief activities. Attendants lifted the President from his bed and back again.**

2. The President's physicians announced that daily cardiograms — tracing heart repair progress — no longer will be taken because of the steady improvement in his condition. That decision came 24 hours after Friday's cardiogram showed that Eisenhower's heart performance had "stabilized at a satisfactory level" — apparently sooner than the doctors had expected.

3. Col. Thomas W. Mattingly, an Army heart specialist who flew here from Washington a few hours after Eisenhower's attack, is returning to his post at Walter Reed Hospital in the capital.

The doctors also reported that the President's bed again was rolled out onto an open terrace near his eighth-floor room, and that he got 40 minutes of sunshine and fresh air. Mrs. Eisenhower sat with him on the sun deck.

## Sun Is Shining After 72 Hours of Steady Rain

### 38 Dead; Hundreds Are Homeless in Six States; Damage in Millions

By THE ASSOCIATED PRESS

A three-day battle of the elements rained death and property destruction of many millions on six Northeastern states over the weekend.

The toll of persons known or presumed dead rose to 38.

The sun broke through leaden clouds in New York City and other areas today and the New York Weather Bureau said at 11:15 a.m. that the worst was over.

From his sickbed in Denver, President Eisenhower issued assurances of aid to the storm-stricken sectors. Val Peterson, director of civil defense, boarded an army plane to inspect the flooded areas and report back to the President.

**Army, Navy, Coast Guard, civil defense units, police and firemen toiled throughout the weekend in rescue and salvage efforts but their work is far from done.**

The American Red Cross said about 6,900 families have been affected in the storm areas—3,200 in Connecticut, 1,500 each in New York and New Jersey, and 700 in Pennsylvania.

Dozens of bridges and roads are washed out, rail transportation is snarled or suspended, power lines are down, and struggling citizens in many communities face the danger of contaminated drinking water.

**11 INCHES FELL**

The three days of rainfall ranged from 3.75 inches in New York City to more than 11 inches in Danbury, Conn. This compares with a high of 17 inches in some areas during Hurricane Diane last Aug. 18-19.

**Officials said deaths and property damage would be far below that caused by Diane. That hurricane produced flash floods which caught communities unprepared.**

In the latest storm, residents had time to make preparations which saved lives and property. Disaster

## School Possible at State Hospital

### $60,000 to Be Sought for Education Needs of Teenage Patients

The State Department of Mental Health will include $60,000 in its 1956 budget requests which would be used to start a special school for teenagers with mental illnesses housed at Pontiac State Hospital.

If approved by the State Legislature, the money would be available July 1, 1956, Pontiac's State Rep. Leslie H. Hudson (D) said today.

**On a recent trip through the hospital Hudson found that the 38 teenagers there had no educational facilities available.**

"The staff of attendant nurses has been doing a wonderful job in providing recreation for the youngsters and what education they can, but they don't have the special training or equipment needed," Hudson explained.

"Many of these patients are very intelligent, but because of their illness, require an educational program on a higher level than necessary for a normal person."

It's up to the mental health department to provide the facilities needed, because once a youngster is committed the public school system has no jurisdiction over him, the lawmaker added.

**"Probably, at least four educational therapists are needed to work up a well-rounded program of therapy, treatment and instruction," Hudson stated.**

A precedent for the program has already been set, he explained. Ypsilanti State Hospital had $40,000 in its budget last year for a special educational setup.

The project is endorsed by Dr. Ivan A. LaCore, medical superintendent at Pontiac State Hospital, said Hudson.

"There are 200 to 250 teenagers in mental institutions around the state," the representative said. "It might be wise to move them all into one building where a proper educational program could be provided."

## Youth Missing Ten Days Returns After Enlistment

A 17-year-old Walled Lake youth, who authorities feared had committed suicide, returned home early Sunday from Miami, Fla.

Earl White, of 1910 Austin Dr., told his mother, Mrs. Victoria White, that he had abandoned his car on a bridge at Coral Gables, Fla., because he had run out of gas and had little money left. It was found Oct. 6.

The youth had taken a bus from where the car was found, she said. He had left a $75 savings bond in the car so it could be identified as his, Mrs. White added.

A note, found in the car, saying, "Be prepared, beware, so long kid," had been written by a friend of Earl's two months ago, the mother explained.

EARL WHITE

After leaving the car, he proceeded to Miami where he enlisted in the Air Force by giving his age as 19. Mrs. White, who traveled to Florida when the car was discovered, but left there last Tuesday, had asked police to check recruiting stations.

**Earl was found shortly before he was to leave for training. He still intends to enlist in the Air Force, she stated, "and I will sign the papers.**

"It was just the wanderlust, I guess. He said he wanted to see part of the country before going in service."

The youth had been quoted as threatening to drive his car "into the nearest river," before he left. But the statement actually was made over two years ago, the mother explained.

Before the disappearance, Mrs. White last heard from her son Oct. 4 when he called from Waycross, Ga., saying he was coming home. "But he decided to see the Everglades before returning," said Mrs. White.

### Juliana Starts Cruise

SAN JUAN, P. R. (AP)—Queen Juliana of the Netherlands and her husand Prince Bernhard arrived here last night by air to board a Dutch cruiser taking them on a three-week state visit to Dutch territories in the Western Hemisphere.

## Clark Gable to Play New Role as Father

HOLLYWOOD (AP)—Clark Gable, 54-year-old movie idol, will become a father for the first time next May.

His fifth wife, the former Kay Williams Spreckels, said yesterday that she found out the news Friday but wanted to keep it a secret since they had just gotten over denying an earlier report.

"But we went to a big party Saturday night," the former actress added, "and Clark bragged about it to everybody." She said he smoked a big, long cigar and was telling everyone about fatherhood. He really acted like a ham."

The couple married last July 12.

### The Greatest of These . . .

NEW CANAAN, Conn. (AP)—Jack Peach, 35, and his neighbor Mrs. Arden Murphy are polio victims who need help from iron lungs. When the floods here caused a power failure, Peach invited Mrs. Murphy, who wears a portable iron lung, to share a generator he keeps in his cellar for just such an emergency.

## 'Housewives' Drive' Netting Donations for Local Area United Fund Campaign

Women volunteers now calling on all homes for the Pontiac Area United Fund are dubbing their project the "Housewives' Drive."

Its object, says Mrs. A. W. Gault, divisional leader, is to collect the extra gift which many women wish to make in addition to their husbands' contributions at work.

**"We feel the important thing is that even a small contribution from every home will add up to a big total and may put the entire drive over the top."**

Although few completed reports have been turned in to campaign headquarters as yet, Mrs. Gault estimates that better than half her division's quota of $18,500 has been raised so far.

The hours of work put into the project by some women is amazing, Mrs. Gault said.

Many start out each day shortly after breakfast, taking pre-school-age youngsters along. One woman hauls three tiny children in a wagon. Other workers wait until evening so their husbands can baby-sit while they canvass.

**Workers in the widespread Waterford Township area must drive many miles, according to Mrs. Ralph Bump, co-chairman for Waterford.**

All volunteers donate their own time and gasoline. Many must return several times to the same house before completing their calls. "But they do it cheerfully, convinced of the importance of collecting every possible dollar," said Mrs. Gault.

Over 400 women are taking part in the Housewives' Drive. Many of them, in addition to home calls, also solicit contributions from neighborhood businesses in outlying areas.

## Sgt. Provoo Wins High Court Ruling

WASHINGTON (INS)—The Supreme Court unanimously upheld today a decision throwing out wartime treason charges against former Army Sergeant John David Provoo.

Provoo, 38, has been battling the Justice Department since Nov. 17, 1949 when he was given an undesirable discharge from the Army.

**He was indicted on 12 charges of treason stemming from his conduct as a prisoner of the Japanese after the fall of Corregidor, convicted and sentenced to life imprisonment.**

When he appealed, the conviction was reversed on grounds of trial errors. The appeals court held Provoo should have been tried in Maryland rather than New York.

## Partly Cloudy, Cool Weather Seen Tuesday

Partly cloudy and cool is the U.S. Weather Bureau prediction for tomorrow. The high tomorrow will near 55.

Occasional light rain may be expected today, ending by evening.

Today's high in Pontiac is expected to range from 52 to 55 degrees. The low for this evening will be between 40 and 44.

Downtown today's low before 8 a.m. was 48 degrees. The thermometer registered 50 at 2 p.m.

## 14 Convicted as Commies Win High Court Review

WASHINGTON (AP) — Fourteen California Communist leaders today were granted a Supreme Court review of their conviction for plotting to advocate violent overthrow of the government.

The 14 were sentenced by U. S. Dist. Judge William C. Athes in Los Angeles to five years in prison and fines of $10,000 each.

## Meg, Townsend Face Opposition

### Weekend Tryst Ends Amid Growing Concern Over Princess' Choice

LONDON (AP) — Princess Margaret returned to London today from a weekend in the country with Peter Townsend amid reports of increasing opposition to their marriage in royal circles and some sections of the Church of England.

Hundreds of Londoners assembled at the gate got only a fleeting glimpse of the princess as she drove through the Clarence House gates in a Rolls-Royce, accompanied by her lady in waiting, Lady Iris Peake; and her bodyguard, detective Fred Crocker. Only a few minutes earlier, the Queen Mother had returned from Windsor Castle.

**Townsend returned later in the day to the home of the Marquis of Abergavenny in Lowndes Square where he is a guest during his leave from his post in Belgium.**

There still was no official word on whether the Queen's sister and the handsome air force hero will marry — although millions of Britons are convinced they will.

The Duke of Edinburgh, husband of Queen Elizabeth II, was said to be advising strongly against a union between the 25-year-old royal beauty and the divorced Royal Air Force hero, who will be 41 next month.

One newspaper quoted 83-year-old Princess Marie Louise, a granddaughter of Queen Victoria, as saying such a marriage would be unthinkable.

There were unconfirmed rumors that the Archbishop of Canterbury, the top prelate of the established Church of England, would voice his disapproval publicly if the supposed engagement was made official.

## Doomed Author-Convict Is Granted New Hearing

WASHINGTON (INS)—The Supreme Court voted 5 to 3 today to order a new hearing for convict-author Caryl Chessman who was sentenced to death for kidnaping seven years ago.

The tribunal's action gives Chessman a new chance to beat California's gas chamber despite a long series of defeats in his fight for life.

## Adenauer Recovering

BONN, Germany (AP) — Chancellor Konrad Adenauer, ill with bronchial pneumonia, is making "strong steps toward recovery," government spokesman Edmund Forschbach said today. The 79-year-old Chancellor has been in bed 11 days at his home.

## Michigan Takes Back Seat in Traffic Safety March

(This is the first of four articles distributed by the Associated Press on the traffic safety question coming before a special session of the Michigan Legislature. E. C. Hayhow, editor of the Hillsdale Daily News, formerly was assistant executive secretary of the Michigan State Safety Commission, and a member of the staff of the Traffic Safety Association of Detroit.)

By E. C. HAYHOW

Michigan is the home of the automobile and should be the unquestioned leader in the field of traffic accident prevention.

* * *

But the unpleasant fact is that this state is riding in the back seat in the traffic safety parade. Official records show that 27 states last year did a better job than Michigan in preventing traffic accidents.

That's a disgraceful record.

**Among the eight largest states, Michigan's 1954 rate of 6.9 traffic deaths per 100 million vehicle miles traveled earned it a sorry seventh place. Only Illinois had a worse record.**

Pennsylvania, Ohio, New York, California and Indiana all ranked substantially better than Michigan. Pennsylvania had the best record of the big eight, a rate of 4.8.

What did this rate mean in terms of human beings?

* * *

Just this: Last year 233 fewer persons died in traffic accidents in Pennsylvania than in Michigan, despite the fact that the citizens of Pennsylvania traveled six billion more miles in 800,000 more automobiles driven by a million more licensed drivers.

**SMALL STATES BEST**

Some smaller states had even better records than Pennsylvania. These included Rhode Island, with a 2.4 death rate; Connecticut, 3.1; Massachusetts, 3.8, and New Jersey, 4.0.

That was 1954.

**Michigan's record is growing steadily worse. This year, for the first time since 1941 and for only the second time in Michigan history, it appears probable that more than 2,000 persons will be killed on our streets and highways.**

State police records revealed that Michigan traffic deaths in August were higher than in any month since Pearl Harbor. In the first eight months of this year, fatalities shot up 13 per cent, injuries nine per cent.

**HARE'S PROPOSAL**

With this record of death and suffering as a backdrop, Governor Williams has called a special session of the Legislatuure for Nov. 1 to consider ways and means of reducing the dreadful toll. A program labeled "Fourteen Steps Toward Traffic Safety" has been proposed to the Governor by Secretary of State James M. Hare. Prepared from studies and recommendations of traffic safety authorities, this program is expected to serve as the basis of the Governor's recommendations to the Legislature.

**Since the Governor revealed his intention of presenting the traffic safety problem to the Legislature at a special session, where only subjects germane to his message may be considered, two disturbing things have happened.**

First, everyone with an idea for reducing traffic accidents (and that includes a large slice of the population) has been beating the drums for his pet. Some of the ideas have merit, some do not, and some are downright ridiculous.

But good, bad or ridiculous, the result of their intrusion at this point has been to confuse the public and the legislators upon whom rests the responsibility of deciding what is to be done.

Ideas and theories are always desirable.

But not at this point.

**FIRST THINGS FIRST**

The imperative need of the moment is to bolster the shaky foundation of Michigan's traffic accident prevention program by adopting some proved, basic practices and procedures. And giving them adequate financing, of course. There will be plenty of time for gimmicks after this is accomplished.

**First things must come first if the Michigan highway toll is to be appreciably reduced.**

The second disturbing note is the possibility, given strength by reports from Lansing, that the accident prevention program may

# Prison Sentence Given Salesman

## Terms for Bad Checks, Embezzlement Set for Francis E. Miller

A former Pontiac real estate agent, who admitted to embezzlement and bad - check - passing charges, was sentenced to prison terms on both counts today by Oakland County Circuit Judge George B. Hartrick.

Francis E. Miller, 41, former part owner of the Stone Realty Co. at 919 Joslyn Ave., received 2½ to 10 years in Jackson state prison on the embezzlement charge and 2½ to 14 on the check count.

**Miller was charged June 2 with embezzling $2,000 from a Drayton Plains man while negotiating to sell a home. A number of Miller's clients told the prosecutor's office they had been bilked out of sums totaling about $30,000.**

The other charge resulted from a complaint by a Pontiac man that Miller had given him a $600 rubber check as a refund on a property-sale deal which fell through.

# *Wrongly Accused Secretary Hare Let Off the Hook*

IONIA (AP) — It wasn't Secretary of State James M. Hare who got that mysterious parking ticket in Ionia Saturday.

Not only did Winston V. Merrick of Hastings get the ticket, he says the involvement of Hare's name "was all a horrible mistake."

**What happened, as detailed by Merrick, who lost a leg during World War II in France, and Patrolman Glen C. Mason, who issued the ticket, is this:**

Merrick parked in a metered zone in Ionia. Mason ticketed him for overtime parking. The fine for this is 25 cents.

Merrick said he didn't mention Hare's name but did mention a sticker from the Secretary of State's office which gives him, as a disabled veteran, special parking privileges. He can park as long as he wishes in a metered zone without paying with the sticker.

Mason took back the ticket and Merrick drove away. Then, the word spread around that Hare got the ticket. He currently is campaigning to tighten up on traffic violations.

teams, tested by Diane, swung into immediate action this time.

Hardest hit in the current catastrophe was rich Fairfield County in Connecticut, a commuter area of New York City. Forty-eight towns in the region, and in western communities south of Waterbury, felt the brunt of the ravaging flood waters. Most of these areas had been spared by Hurricane Diane's punch which ripped up other Connecticut cities and towns.

The storm blew up in the vicinity of Cape Hatteras, N. C., Friday morning. By night it had centered over the New York metropolitan area.

There it paused, pinned down by a high pressure center over northern New England. As a result there has been a continuous feed of rain-bearing southeasterly winds over the Northeast.

# Hoodlum Battle Rages in Detroit

## Boy Stabbed to Death; Name-Calling Incident Starts Gang War

DETROIT (AP) — A 20-year-old youth with the nickname of "Crazy Fred," sick with a hangover from eight beers, remorsefully admitted today the gang fight knife slaying of 18-year-old Denver E. Powers.

Held for investigation of murder is Frederick Dodge of suburban Van Dyke, who was given a bad conduct discharge from the Air Force 12 months ago for being a chronic AWOL.

His head lowered, "Crazy Fred" related:

**"I'm awful sorry. I didn't mean to kill him. He came after me, and I reached into my pocket for the knife. When I pulled it out and flipped the blade, I cut myself across the left hand. That guy made me do it. I got mad and pushed the knife at him, and then I ran."**

Powers, who came here from Barbourville, Ky., only last May 23, was stabbed near the heart. The blade of a six-inch pocket knife broke off in his chest. He was dead on arrival at a hospital.

**NAME CALLING**

The gang started on Detroit's near West Side. As reconstructed by police, someone in "Crazy Fred's" company yelled "stupid hillbillies" at Powers and his two cousins, William F. McCoy, 19, and John McCoy, 20.

Powers and the McCoys were walking by a confectionary at the time.

William McCoy said he lost sight of Denver after the fight started.

**"The last thing I remember was someone stomping on me," he said. "I woke up five minutes later and saw Denver on the sidewalk with blood all around him."**

Both the McCoys were cut and bruised.

Several youths in Dodge's group were rounded up by police after witnesses gave a description of a car in which they fled. Three of them were held. The other youths named Dodge as the slayer, and he was roused from his bed hours later.

Police said he at first refused to talk but broke down and sobbed out his story at headquarters.

become the victim of partisan politics.

It would be sad, indeed, if that happened.

**Traffic death doesn't recognize party lines.**

Both Democrats and Republicans are its victims.

Not many folks will be concerned whether it's a Republican or Democratic safety program that keeps the crazy driver off their necks. It's the necks they are primarily interested in.

**LACK OF ENFORCEMENT**

The men who know traffic safety best point to three major weaknesses in Michigan's present program.

One is lack of effective enforcement on rural highways.

Another is a driver licensing system which permits blind and illiterate persons to drive automobiles.

The third is an inadequate driver education program in the state's high schools.

# Red Aide Death Termed Suicide

## Gotham Examiner Says Soviet Delegation Clerk Killed Himself

NEW YORK (AP)—The gun death of Alexei Minaev, a Russian clerk, has been officially listed as a suicide.

* * *

Dr. Milton Helpern, the city's chief medical examiner, issued the finding yesterday after an autopsy.

* * *

The clerk's body, a bullet through the brain, was found Saturday afternoon in the plush Park Avenue headquarters of the Soviet United Nations delegation.

* * *

Police were notified six hours later, and then only when the Russians wanted the body removed from the building.

* * *

Helpern accompanied a detective to the delegation headquarters and later, in a preliminary report, said the clerk had apparently placed the barrel of a .45-caliber automatic in his mouth and pulled the trigger.

* * *

Helpern noted he had no authority to be in the building, officially Russian territory, but was acting on a Soviet request. He described the Russians as cooperative.

They told him, he said, that Minaev had come here with his wife Zinaida 10 months ago. Since then, they said, he had been "despondent."

* * *

The Russians had no objection to an autopsy, Helpern said.

# Three Car Collision Injures 5 Persons

BLOOMFIELD TOWNSHIP — A three car collision at Telegraph and Ward Roads injured five persons Saturday night.

Given first aid at St. Joseph Mercy Hospital, Pontiac, were Donald F. Tracey, 35, of 3235 Pontiac Trail, Walled Lake; his wife Mary, 34; and their youngsters, James, 2½, and Sharon, 8, who was admitted with a possible concussion but has since been released.

**Also injured was Loy Smith, 21, of Flint, who, police said, was ticketed for drunk driving and driving with no operator's permit.**

According to police, Smith's auto hit the rear end of Tracey's car which stopped to make a left turn. Tracey's vehicle was then forced into the rear of another stopped auto driven by Roy E. Cuzzort, 39, of 1845 Beechmont, Keego Harbor. He was uninjured.

The body will remain at the William F. Davis Funeral Home until tomorrow afternoon.

Surviving besides his former wife, Rosetta are his mother Nettie Wagner of Port Huron and a daughter Romilta Garner of Pontiac.

Born in Chattanooga, Tennessee, June 20, 1910, he was the son of Arthur and Nettie Allen Wagner.

Coming here from Port Huron, he has been a resident of the city for 15 years and was employed by the American Forging and Socket Co.

## Treat Marlette Women After 2-Car Collision

Mrs. Evelyn Negue, 55, of Marlette was treated and released from St. Joseph Mercy Hospital yesterday after the car driven by her husband, A. B. Negue, 59, was struck from the rear by Robert D. Schilke, 19, of Rochester.

Schilke said he was trying to pass Negue when Negue slowed without warning. Oakland County Sheriff's deputies said today. The accident occurred on Auburn Road near Rochester Road.

About 11,000 people are killed by fire every year in the United States.

## The Day in Birmingham

# *City's Rubbish Contract Up for Possible Renewal*

BIRMINGHAM — Up for renewal is the city's garbage and rubbish contract, with the City Commission to consider bids tonight.

In this connection, recommended changes from Robert Kenning, DPW superintendent, may see the city do away with rear door garbage collections, a decision which heretofore has been left to the householder.

**In line with current landscaping and interior renovation plans for the Municipal Building, lawmakers will discuss the repair and replacement of steps and sidewalks for the building.**

Hearings will be scheduled for the widening of Willits street between Woodward and Bates and pavement between Woodward and Chester. Paving for Bates north of Willits will be included.

Completion of Parking Lot No. 1, U.N. Day plans and reports from the Planning Board on the Hamilton crossover and the Birmingham Athletic Club will also be part of the evening session.

* * *

**Three departmental meetings of the Woman's Club are scheduled for 1 p.m. tomorrow, to get the season under way. Mrs. Norman Porter is chairman of the American Home department, which will have a dessert luncheon at the home of Mrs. W. U. Johnstone, of Ridgedale avenue.**

Members will participate in the program, "Pages From Our Scrapbook," when each tells of a memorable experience from the past.

Another dessert luncheon will be held at the Linden road home of Mrs. Lloyd Lake, when the Fine Arts department, of which Mrs. Ira Brownell is chairman, views colored slides of the Holy Land. They will be shown by Mrs. Carl Binkle.

**Mrs. E. D. Sheley will open her Riverside drive residence to members of the Literature Department, Mrs. E. J. Kempf, chairman. "Problems of Mental Health" will be discussed by Mrs. Marion Fisk of Pontiac State Hospital, who will be introduced by Mrs. John Dufty.**

* * *

Thursday is the day set for Our Lady Queen of Martyrs Church fall rummage sale, conducted at the Pierce street church by women of the Altar Society. Sale hours will be from 8:45 a.m. to 5 p.m. Mrs. James O'Rourke and Mrs. Francis Teats are cochairmen.

* * *

Room mothers at Franklin School have been entertaining mothers and teachers at "Coffee Klutches" for the past week and will finish their get-acquainted hours this week. Third grade classes will be entertained tomorrow by Mrs. Wendell Young of Greenbriar road at 10 a.m. and Mrs. Joseph McCourt on North Cromwell at 1:30 p.m.

**Fifth grade mothers will be at the Ovid drive home of Mrs. J. H. Holmes at 10:30 a.m. Wednesday and at 10 a.m. Thursday. Mrs. George Howard will open her Greenbriar road home to first grade mothers.**

Mrs. William Slaughter of Bingham road will entertain second grade mothers at 1:30 a.m. Friday. Other room mothers taking part have been Mrs. George Loweke, Mrs. Newton Cole, Mrs. John Lackner, Mrs. Kenneth Bailey, Mrs. Paul Rohl and Mrs. Maurice Clemens.

* * *

Lawrence A. Rubin, secretary of the Mackinac Bridge Authority, will discuss the new bridge when he is guest speaker at tonight's 6:30 High Twelve Club dinner meeting at the Community House.

* * *

**A Pontiac man was ticketed by police Sunday for violating a traffic signal and not having his car under control, resulting in an auto accident which sent two local residents to William Beaumont Hospital.**

Ticketed was Juan A. L. Padilla, 31, of 67 S. Shirley, whose car, police said, skidded on wet pavement at the Woodward-Fourteen Mile road intersection. His auto went through a stop light and crashed into one driven by David Bruce, 34, of 1998 Cole St. Bruce suffered skull lacerations and chest injuries. He was treated and released.

## Drunk Staggers Around With Sack Full of Cash

GASTONIA, N.C. (AP) — Police picked up a man on a public drunkenness charge and asked him what was in the paper bag he was carrying.

"Just some money I've been saving up," he replied.

He was able to pay his fine of $5 and $7 costs of court.

Police Chief G. F. Penninger said the bag contained $3,185.

## Troopship Saves Sloop

BRIXHAM, England (AP) — The U. S. troopship Gen. Alexander Patch last night rescued two Britons who had drifted helplessly for 24 hours in their crippled sloop in the English Channel. It took the sloop in tow.

New Mexico has an estimated 176,000 acres of gypsum.

## Westinghouse Struck by CIO

### Walkout Order Affects 44,000 in 29 Factories as Arbitrators Deadlock

PITTSBURGH (AP)—CIO electrical workers struck the Westinghouse Electric Corp. today for the second time in little more than a month.

* * *

Leaders of the CIO International Union of Electrical Workers issued the nationwide strike order at midnight last night after the deadline rolled around with no contract settlement.

* * *

Negotiations continued until 1:45 a.m. There was no indication whether they would resume.

The strike call went out to some 44,000 members in 29 plants. Some 30-odd other Westinghouse operations were not affected.

* * *

Disputed issues include wages, rules for time studies of nonincentive workers and length of contract.

* * *

Both sides turned down 11th-hour proposals which would have averted the strike for a while at least.

Westinghouse proposed a two-week extension of the strike deadline with any wage increase worked out to be retroactive to Oct. 15. It also offered, for the first time in its history, to include a clause in the contract providing for arbitration of disputes.

* * *

The union plan called for a one-week postponement of the strike if the company would guarantee at least a 12-cent hourly pay increase plus inclusion in the contract of what it considered satisfactory conditions under which the company could make time studies. Also, the union suggested a three-year contract instead of the five-year pact advanced by the company previously.

Hal Boyle Says:

## This Century Belongs to the Fringe People

NEW YORK (AP)—Curbstone comments by a pavement Plato:

This has been called the Century of the Common Man, but it is more truly the "Century of the Fringe People."

Are you one?

* * *

The fringe folks are the product of a civilization that tends to put everything in containers. It looks for health in a vitamin capsule and entertainment in canned laughter.

A fringe man is one who dwells on the edges of real knowledge. He knows a little bit about everything, and not very much about anything.

* * *

He skims the surface of life. He wears the kind of suit he has been told makes him look "sincere." He belongs to the political party which is most popular among his neighbors.

If he visits New York, he only wants to see the hit Broadway shows. If he reads a book it has to be on the best seller list, and it has to be in digest form. He watches only television shows that have a high rating, and he attends only those movies he has been told are good. He won't attend a concert by a young unknown. The artist must be famous.

* * *

The fringe man's biggest goal in life is to be popular, but he wants to be popular with everybody. So he tries to placate and please everybody; to do this he naturally has to reduce his own personality to the status of an ever-smiling zero.

This is why so many Americans drink so much at cocktail parties.

The yearning of the fringe people to be liked reduces their conversation to such banal platitudes they find it impossible even to listen to each other's verbal soothing syrup except under the influence of something stronger.

"What do you know?" This is the popular greeting. It should be, "what do you really know?"

* * *

The number of people who have heard something, or read something, increases all the time, and they chatter on endlessly. The legion of half-taught cultural nonentities engulfs our social world. But the number of people who have a solid knowledge of any subject, and who can talk about it well, seems to dwindle.

"Be yourself" is an old and comfortable saying.

It is sound advice, too, mentally and physically. But the current runs the other way today. We seem caught in a pattern of social conformity, and fearful of breaking out.

"Be like the other fellow" more nearly describes our aim—or perhaps, "Be like you think the other fellow expects you to be."

* * *

Such an aim is self-defeating, because it cannot be self-satisfying and can only turn a man into an uneasy smirking clod.

The fringe people seek always to be in the swim and they end up drowning in their own pitiful ignorance. They pretend to culture, and they have no culture.

It is better to write one poor poem than to memorize Shakespeare. It is better to play a musical saw yourself than merely be able to identify every melody in Beethoven. To own the smallest talent is greater than to be a cultural hanger-on.

America is producing too many half-enlightened innocent bystanders in every field, and too few doers.

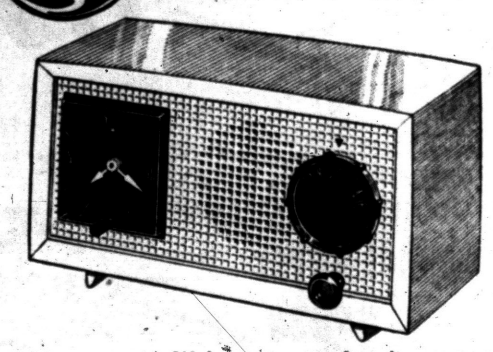

### Now, Try to Remember

SHERMAN, Tex. (AP) — Deputy county clerk O. L. Jones is laughing about the prospective bridegroom who wanted a marriage license but couldn't remember the girl's name. He had to go out to the automobile where she was waiting and check.

U.S. cigarettes made in 1915 contained about 3 per cent nicotine compared to about 2 per cent today.

## Pontiac Motor Division to Boost Output in 1956

There is tremendous news on the Pontiac Motor Division front.

It came during the press preview of the division's models for next year, straight from ROBERT M. CRITCHFIELD, vice president of General Motors and division manager. He told newsmen that 700,000 new Pontiacs in three series will roll off the assembly line during the new model year. This will be 148,000 more than the 552,000 produced this year.

★ ★ ★

Besides necessitating a 10 per cent increase in hourly employment, achievement of this new production goal will give Pontiac a larger share of the automotive market. At present total employment is around 17,000, of whom 13,900 are on the hourly payroll.

Of next year's 700,000 cars, about two-thirds will be hardtops, and more than 80,000 station wagons will be built. Expanded production will increase Pontiac's share of the new car market from this year's 7.5 per cent to 9 per cent.

★ ★ ★

**This announcement not only is good news but important news. It means more jobs at high wages in the giant plant on the City's North side. It also means more business for every firm in Pontiac and more prosperity for everyone in the City and surrounding area.**

## Catchall Appointments of Doctors Irk Patients

A valuable if belated service has been done the medical profession by a survey conducted for the American Medical Association.

This survey, according to a report of the Pennsylvania Medical Association, spotlights the public's greatest single gripe against doctors. Contrary to what some may think, it isn't the fees doctors charge, but the interminable waits in their offices.

★ ★ ★

Blamed for this almost universal condition quite properly has been placed at the door of the so called catchall appointment system apparently used by most members of the profession.

**A patient phones his doctor's office to make what he thinks is an appointment for one p. m. When he reaches the office a few minutes before that hour he finds a half dozen or more patients who have appointments for the same hour.**

★ ★ ★

By the time he has read through the doctor's collection of old magazines it is almost four o'clock and he still hasn't had his appointment. When at last the receptionist says "the doctor will see you now," the patient long since has ceased to care a whoop whether he ever sees that particular doctor again.

There is another and even more serious side to this matter. Not only are the long waits annoying to patients with mild ailments, but are distressing and may even be dangerous to some with greater degrees of illness.

★ ★ ★

This newspaper yields to none in its admiration of the progress made in recent years by the medical profession. But we feel that physicians as a group should make early and earnest effort to solve this pressing problem of appointments.

"THE earth has always existed," says an astronomer. If so, it looks remarkably well for its age.

## Parent Teacher Congress Starts Membership Drive

One of the Nation's best known organizations, the National Congress of Parents and Teachers, is conducting an important membership drive.

Goal of the campaign which runs from October 15 to October 31 is 600,000 new members. This would bring the total enrollment to the impressive figure of 10,000,000.

★ ★ ★

Membership of this 58-year-old organization is as diverse as our national population. It includes families who may have been in the country for generations as well as those which arrived only last month. For all these the PTA serves as a kind of town meeting with its activities being directed from headquarters in Chicago.

★ ★ ★

**Its aims are both commendable and deserving of public support. Objectives include efforts to increase understanding between parents and teachers and to combat juvenile delinquency. PTA also works to improve the number and quality of our schools and to obtain more and better trained teachers.**

The PRESS always has regarded PTA as a splendid influence in our national life. For the same obvious reasons we consider membership in it proof of individual interest in and willingness to contribute to community and national betterment.

### David Lawrence Says:

## Earl Warren Doesn't Intend to Go Back on Pledge to Stay With Supreme Court

WASHINGTON—It is sometimes wondered why politics and political personalities are held in such low repute in America and why a man who isn't a politician and shows his contempt for politics reaches, as has President Eisenhower, such a high point in popularity.

Maybe the basic reason is that the public has come to distrust the sincerity of many candidates who run for office, believing that they don't mean what they say. Chief Justice Warren, for example, issued last April as explicit a pronouncement of his refusal to run for the presidency as any man could. Here is what he said in a written statement to the press just after a Gallup poll showed him high up among Republican favorites:

**"When I accepted that position (of chief justice) it was with the fixed purpose of leaving politics permanently for service on the court. That is still my purpose. It is irrevocable. I will not change it under any circumstances or conditions."**

But the Gallup poll taken since the President's illness and revealed over the weekend shows that Warren would defeat Harriman. Evidently these voters either do not believe the chief justice meant what he said or else they didn't read what he said.

**AIM CLEAR**

The words are plain. When Warren left the governorship of California he had a "fixed" purpose in mind. It was to leave politics "permanently." That purpose, he says, is "irrevocable. He "will not change it," he adds, "under any circumstances or conditions."

* * *

**It will be recalled that criticism along that line of Charles Evans Hughes, who left the post of associate justice of the Supreme Court to become the Republican nominee for the presidency in 1916, helped to bring about his defeat. The return of Hughes to the chief justiceship in 1930 by appointment from a Republican president revived the discussion about the use of the court for political advantage.**

Only a few months ago, when a bill was introduced to permit the chief justice to address Congress annually with respect to the business of the judiciary—appropriations and facilities—still opposition came from Democrats who said it would afford a political rostrum for Warren. There have been amendments to the Constitution proposed which would make members of the Supreme Court ineligible for the presidency until at least two years after they have resigned. Such an amendment would doubtless be revived if Earl Warren changed his mind about running.

**RAN WITH DEWEY**

But, despite all this, the talk persists. One reason is that former Gov. Warren is widely known due to the fact that he ran on the ticket for vice president in 1948 with Dewey. Another reason is that those who want to block Vice President Nixon from getting the presidential nomination think a pitched battle between Warren and Nixon supporters in California now would break up the Republican party there and help the Democrats win the state in 1956.

**It is an open question, in fact it is very doubtful whether any national convention would attempt to draft a man who had so definitely refused to permit his candidacy to be considered. While Warren is popular in many parts of the country he does represent a possible controversy inside the Republican Party on many issues. Hence the unanimity of a draft which would be necessary at least to give the appearance of "a call to duty" would be lacking.**

The chief justice knew last April that there was some doubt whether Ike would run again. He knew also that the Gallup polls at the time showed the chief justice a favorite if Ike didn't run. Warren could have adopted the course Justice Hughes took of discouraging a draft yet not closing the door.

But Earl Warren closed the door and did so because of a conviction that more important than any man's future career is the future of a great American institution—the Supreme Court of the United States. He feels deeply that the court must be removed from any suspicion of political motivation in the writing of decisions and the rendering of judgment on cases arising under the Constitution.

## Quacks Still Pilfer Money From Rheumatiz Victims

By WILLIAM BRADY, M.D.

Any standard medical textbook deals with the disease or diseases which the author or authors feel competent to discuss, in the same orderly way as did the great Dr. William Osler in his famous Practice of Medicine. Thus on the subject of pneumonia Osler first defined pneumonia and told something of the history and incidence of the disease. Next he presented the views or opinions of himself and others about the cause or causes of pneumonia. Then a page of two about the pneumonia germ (Pneumococcus). And then two pages on the pathology — the changes which occur in lungs and other structures involved in the disease.

**But neither Osler nor any recognized authority today, so far as I have been able to learn, deals with "arthritis" or with the rheumatiz or with chronic joint disability of any kind in any such orderly way.**

No, indeed. Authors waste little time or space on pathology, for the good reason that they don't know any more about the nature of chronic joint disability today than the medical authorities knew fifty years ago.

* * *

Osler describes only "rheumatoid arthritis" and "chronic rheumatism," ascribes both conditions (if they are not essentially the same), to "exposure to cold and damp," says that in both the cartilages undergo changes and may show erosions, the ends of bones may become eburnated, muscular atrophy occurs. Neuritis and trophic disturbances may occur. In both there is thickening of capsular ligaments, etc., etc., so that it is hard to tell without turning back to the heading of the chapter, just what the author is describing.

**I am convinced there is just one explanation for the great majority of cases of chronic joint disability — which I call rheumatiz, not rheumatism nor arthritis, and that is physical degeneration of joint tissues.**

If you are personally interested in the rheumatiz or in how to prevent or retard the development of it, I assure you it can do you no harm to send me a stamped, self-addressed envelope and ask in writing, signed, for the pamphlet Calcium and Rheumatiz.

* * *

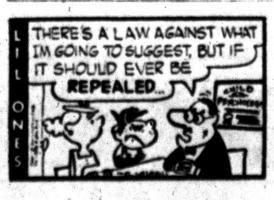

Though I have talked about it until I'm blue in the face, there'll always be plenty of paying customers who smugly think "arthritis" is something only well-to-do people can afford, and plenty of trick specialists and "clinic" racketeers to exploit the poor geeks with the latest wonder drugs at $18.75 a shot.

**Let me remind you what the Bulletin on Rheumatic Diseases, published May 11, '54, by Arthritis and Rheumatism Foundation, said about these latter-day nostrums for which you pay and pay and pay:**

"The principal shortcoming of modern drug therapy" (of chronic joint disability or, as the Bulletin calls it "arthritis and rheumatism") "is that while the results are more dramatic and immediate, they disappear when medication is discontinued. Besides, the various drugs in use today have not shown conclusively that they can alter the natural course of the disease or prevent crippling."

Signed letters, not more than one page or 100 words long, pertaining to personal health and hygiene, not to disease, diagnosis or treatment, will be answered by Dr. William Brady if a stamped, self-addressed envelope is sent to the Pontiac Press, Pontiac, Mich.

Well, thank God for mothers, here we go again fighting for a chance to give our children a place for recreation. We might as well ask for the moon. We would get it just about as quickly.

## U.S. Regulations Influence Stock Market Behavior

By MERRYLE S. RUKEYSER
INS Economic Commentator

The attempt of the fathers at the nation's capital to intervene in free markets in the hope of preventing the fool and his money from being parted alters the ground rules of stock market behavior.

* * *

For example, the current extremely high margin requirement limited the speculative demand for stocks on the last three depressed Mondays when cash investors were concerned about the impact of the President's illness on prospects for duration of the boom.

**In utterly free markets, at a time of momentarily impaired confidence, pure speculators tend to come in with bids in a desire to scalp a narrow profit in return for stepping into the breach and avoiding pandemonium. With high margin requirements, the purchasing power of such traders is restricted.**

When confidence was momentarily impaired, it would have been deemed upsetting if the Federal Reserve suddenly reduced margin requirements to 50 per cent. This would defeat its own purpose, and tend to frighten additional groups.

* * *

The declines in stock prices when headlines are adverse show that the cash buyers—the individual and institutional investors—are themselves not immune to mass psychology.

Accordingly, men tend to think and act in herds at times of sudden and unexpected turns of events and the momentary withdrawal of bids for stocks leaves the market in a vulnerable position. The recent episodes accentuate the extreme thinness of the market.

**EFFECT OF TAX**

By the same token, the impact of the capital gains tax similarly accentuates extreme movements.

* * *

The effect of this tax is to decrease the supply of stock offered for sale when enthusiasm is carrying securities to inflated levels. The reason for this is that the psychology of the holder is to postpone selling on the ground that a sale to realize a profit will impose too heavy a tax liability on him.

**If the seller has to share 25 per cent to 50 per cent of the profit with the taxing authorities, he tends to defer action on the theory that he can ride a slump and be no worse off net after taxes.**

Whether such reasoning is specious is beside the point. The only significant fact is that it is a deterrent to selling at times when it would be normal to consider taking profits.

* * *

On the other hand, after a drastic shakeout, the effect of capital gains tax is to increase the offerings of stock. For at that time the psychology has changed, and, if there are losses, the holder thinks that a large part of his reverses can be absorbed in tax savings. There is a temptation to realize losses rather than profits.

Thus the effect of the capital gains tax is to reduce offerings of stock for sale when prices may be inflated, and to increase offerings of stock after prices have fallen out of bed.

**TWO-WAY STREET**

After some 25 months of advancing stock prices, some new participants in the stock market may have erroneously jumped to the conclusion that speculation is a one-way street.

* * *

There is a tendency to forget that even long-term growth issues occasionally take a step backwards before taking two steps forward.

**The immediate pretext for a new look at whether stock prices were in line with economic prospects came after the shocking and unexpected news of the President's illness.**

Certainly the course of stock prices since the President's heart attack has not reflected the current trend in business, which in the interim has shown seasonal gains, including that the boom is still on.

## Smiles

Silence may be golden, but not to the person who really deserves a pat on the back.

* * *

Every time congressmen return from a vacation they have to go back to work with their relatives.

Careless drivers have brought us the answer to "What is the dangerous age?" It's now!

No matter how often a man changes jobs it's always nice to be working for the same people—the wife and kids.

### Case Records of a Psychologist:

## Dr. Crane Adapts Bible References to Current Outlook of Modern Youth

*Read Job 2:11, and see if you have an American sense of humor. If you don't find the man of the Bible who was only 6 inches tall, then you may have a British sense of humor. Employ that test as a party game, for it will be a lot of fun. "Pep up" Sunday School by the methods outlined below.*

By DR. GEORGE W. CRANE

Case P-367: Newspaper publisher Wilton E. Hall, of Anderson, South Carolina, recently sent me a clever placard, which said:

"The views expressed by the husband in this house are not necessarily those of the management."

* * *

That was intended as a take-off or imitation of a somewhat similar statement which many newspapers run above their syndicated editorial columns.

In the past 20 years, a few editors have canceled my column because they didn't agree with something I may have written.

**But a good editorial feature is not supposed to arouse 100 per cent agreement, or it will do little good.**

"When two men in a business always agree," said William Wrigley Jr., "one of them is unnecessary."

The purpose of good journalism is to stimulate intelligent thinking. It is to challenge and provoke debate.

* * *

So I never expect all of you readers to agree with me 100 per cent, either, for if you did, I'd not be revealing anything new to you.

**Sometimes I am deliberate in making statements that don't jibe precisely with your past conventional thinking. My purpose is obviously to wake up the reader and make him more analytical.**

"There is no future in any job," I have thus stated, and that seems a little startling until you then see the follow-up: "For the future is always in the worker who holds the job."

"Always be true to your teeth or they'll be false to you," is another terse sentence that helps

wake up readers to the value of placing plenty of elbow grease on the butt end of their toothbrush.

**BIBLE UP-TO-DATE**

When I make Bible references, I often adapt them to the current outlook of modern youth. Perhaps you recall my asking:

Which Biblical man bought his wife on the installment plan? (Genesis, Ch. 29).

* * *

Who was the Sherlock Holmes of the Bible? (Esther, Ch. 2).

Who was the "hot rod" or reckless driver of the Bible? (II Kings 9:20).

Who started the "Compliment Club" in the Bible? (Judges 8:2).

**Having taught a Bible Class for over 35 years, I have gleaned some of the strategy for making the Bible more intriguing to teenagers.**

But some readers dislike this way of dramatizing ethics and showing modern youth that the Bible still beats the modern best sellers.

In trying to be facetious I once asked: "Which man in the Bible was only about 6 inches tall?" (Job 2:11).

* * *

Hundreds of conscientious Bible students soon deluged me with postal cards and letters, saying:

"Dr. Crane, I have read Job 2:11 several times and I can't find any man mentioned who was only 6 inches tall!"

**So I'll make that a test of your sense of humor. If you can find the 6-inch man inside of two minutes after turning to Job 2:11, then I'll credit you with an American sense of humor.**

If not, perhaps we should catalogue you as having a British sense of humor. You can then employ this test on your friends and guests, as a party game.

**LET CHIPS FALL**

When I point out the folly of stampeding our teenagers into using cigarettes and whisky, I get criticized by the tobacco and liquor people.

If I explain the value of using animals in medical research, then I am the subject of a nationwide campaign of vituperation launched against me by the anti-vivisectionists.

But I hew to the line of scientific truth and let the chips fall where they may. And that is the basic code of good American journalism, too.

Always write to Dr. George W. Crane in care of The Pontiac Press, Pontiac, Michigan, enclosing a long 3c stamped, self-addressed envelope and 20c to cover typing and printing costs when you send for his psychological charts and pamphlets.

## Demolish Dancing School

EAST PAKISTAN — As a protest against a dancing girl's participation in a school concert at Cox's Bazar, 300 mullas (religious teachers) attacked and wrecked the school.

Shouting "down with dancing girls," they tore up library books and school records, destroyed musical instruments and broke up the stage.

They thought the dancing was "obscene" and earlier had demanded that the girl be kept out of the show. The students refused, after consulting school authorities.

## He Fixes Broken Eggs With Gummed Tape

LANSING (AP) — Add to the list of scientific tools and complicated equipment of a wild game biologist: gummed tape.

Roy Hunt of the Conservation Department's Mason game farm was brought a clutch of wild turkey eggs that had been run over by a mowing machine. Several had been broken, but Hunt fastened the shells back in place with tape.

And five of eight eggs, including two of those taped, hatched into healthy poults.

## New Floor, Table Lamps

BRIDGEPORT, Conn. — A national electric-appliance company's Bridgeport plant has developed electric floor and table lamps that can be turned on or off by touching them.

Contact of the fingertips with two metal surfaces triggers a special electronic tube that operates a relay that turns the lamp on or off, the firm says.

It asserts the touch-control device poses no hazards of shock and isn't affected by temperature or humidity.

## Wants Oregon to Permit Smoking Among Minors

SALEM, Ore. (AP)—James Lamb, superintendent of the Oregon school for delinquent boys, thinks the state should repeal a law which prohibits minors from smoking.

He said of 119 boys checked at the reformatory, 112 had smoked continuously for two years. This has resulted in "almost a mass resistance to the no smoking rule," he said.

He proposed controlled smoking periods for inmates.

## Argentinians Brace for Peronist Holiday

BUENOS AIRES (AP)—Argentina's new government braced itself today for its toughest test so far—observance of the first Peronista "Loyalty Day" without Juan Peron himself around to hear the cheers of his supporters.

* * *

The regime of provisional President Eduardo Lonardi continued it press and radio warnings that tough police and army action would be used at once on any attempt to demonstrate or make trouble.

* * *

Peron's labor union supporters have celebrated Oct. 17 annually in commemoration of the 1945 date, when their general strike forced a military clique to free him for arrest and started him on his road to dictatorial power.

### Watered Down by Police

NEW YORK (INS) — Two men who thought it might be pleasant to take a pre-dawn dip in New York's East River had cold water thrown on the idea by police yesterday.

Robert Saville, 35, and Joseph Jankowski, 44, were having a nice little swim, when suddenly nine police cars converged on the scene and the officers informed the men they'd better "dry up" and come along.

### Rescue Workers Busy

## Flood Pulls 4 Off Bridge

STAMFORD, Conn. (AP)—It was so dark that you couldn't see the waters of the Noroton River sweeping over the Camp Avenue Bridge. And the howling of the wind made it impossible to hear them.

Mr. and Mrs. William Fox of New Canaan started to cross the bridge on foot. They walked right into the water, which swept them into the river.

Fox grabbed a tree near the road. His wife was swept downstream about 100 feet until she grabbed some bushes and hung on.

Manuel Caccavello, who lives nearby, heard their screams above the howl of the wind. He tied clothesline around his waist and with the aid of other rescuers, waded into the river.

He reached Mrs. Fox and held her up for about half an hour before volunteer firemen came along and pulled all three out. Just after this, while rescuers were still standing on the shore, playing flashlights on the angry water, a car drove onto the bridge.

* * *

Mr. and Mrs. Martin Murphy of Stamford didn't know they were in trouble until it was too late.

As Mrs. Murphy tells it: "It was very dark and we had just about got onto the bridge when we realized that this wasn't just one of those puddles like the others we'd been going through.

"Almost immediately, the car started to swerve. My husband said, 'We'll have to get out. This is one of those things you read about.'

"As soon as we were out of the car," she continued, "the force of the water swept us off our feet."

She said they were thrown against the iron fence of a nearby cemetery. Her foot became wedged in the fence.

* * *

She was forced under water by the current, but she and her husband hung together until she got her foot free. Then their grip was broken, and Mrs. Murphy said, "We went tumbling and tossing in the water for about 100 yards downstream."

Her husband grabbed a tree and they both hung on until rescuers reached them.

## Another Mystery Soldier Reported in Soviet Prison

HEIDELBERG, Germany (AP) — The U. S. Army checked its files today for clues to another mystery American reported in a Soviet prison camp.

* * *

Army headquarters here said it had no record of Lt. Eugene Stanley Fabian, 36, of Chicago, but suggested he might have been with the U. S. forces in Austria. Those records have been sent to Washington.

German prisoners released from the Soviet Union reported that Fabian said he was serving in the Army Counterintelligence Corps.

An ex-prisoner also reported having seen Mrs. Erika Field Wallach, German-born adopted daughter of former state department employe Noel Field and wife of an American veteran. Mrs. Wallach disappeared in East Berlin in 1950.

* * *

Previous returnees reported seeing four other Americans in Soviet prisons but American officials said three were not American citizens. The fourth is a fugitive soldier.

# Fete Rev. E. A. Lucas at Rochester Event

ROCHESTER — Rev. Edgar A. Lucas, ("Cap") rector of St. Philip's Episcopal Church, was honored at the recent Annual Harvest Festival Dinner here in commemoration of his 25th aniversary in the Diocese of Michigan.

* * *

Two hundred parishioners of the Diocese, former associates, and friends attended the dinner, which was served by the Altar Guild of St. Philip's in the undercroft of the church.

**Bishop Archie Crowley was the guest speaker, Mrs. Richard Eberline was program chairman, and Donald C. Balswin, Senior Warden of St. Philip's was master of ceremonies.**

Other guests and close associates of "Cap" through his quarter century of work were the Rev. David Thornberry, Birmingham; Rev. William Hamm of St. Mary's, Lake Orion; Father John Mangrum of St. Peter's Home for Boys, Detroit, and Frederick Baxter, associated with "Cap" in the Detroit Federal Court and Rev. W. H. Collycott, Rochester.

Included in the local organizations represented at the dinner, and who spoke briefly were Earl Dean, Mason A. Case, Henry Purdy, Fred Noyes, Robert Twydell.

# Stock President Speaks to Clubs

## G. Keith Funston Tells Fifth Annual Convention of Association's Growth

"Investing is a deadly serious business," said G. Keith Funston, president of the New York Stock Exchange Saturday when he spoke to the nearly 800 members of the National Association of Investment Clubs gathered for the 5th annual convention in Detroit.

Approximately 40 from Oakland County attended the meeting held in the Rackham building. Oakland County boasts 35 clubs. Pontiac has 22.

**Just four years ago, 40 persons in four clubs gathered in Detroit for the first annual convention. Today there are 878 clubs with 13,000 members. The movement has spread to all 48 states, Canada, Alaska, Hawaii and Brazil.**

The movement is composed of small groups who meet each month for study of growing companies and who invest an average of $10 each in the company chosen. This accomplishes two aims, building up the individual's own financial future, and encouraging American industry.

Funston predicted that this trend of small investors will change the pattern of American industrial growth, that it is going to be a tremendous aid toward the $80 billion in new equity money needed in the next decade. He said that inasmuch as this is no longer the land of the big rich, the man in the street must help financially with U. S. economic development.

**The Exchange president stressed the philosophy of long-term investment with broader share ownership.**

It is significant, it was agreed that the growth of the investment study clubs has attracted the attention of the New York Stock Exchange. All the speakers talked at length on the educational angle of the movement. Oakland County Council was listed among those which puts on an educational clinic once a year.

William Minot Thomas, securities analyst of Albany, N. Y., demonstrated his method of research into a company's growth and worth.

Carl A. Gerstacker, vice president of Dow Corp. of Midland, told the growth story of his company. He foresaw stimulating progress, and he said the stock market is not an accurate barometer inasmuch as it often acts like a usually good child but one who misbehaves sometimes in public.

The "father of investment clubs," George Nicholson Jr. of the brokerage firm of Watling, Lerchen & Co., Detroit, and Thomas O'Hara, chairman of the NAIC board of trustees, spoke briefly.

Nicholson predicted one million members in the next five years.

O'Hara said: "Yesterday this was a hobby, today it is a great national movement."

# Patricia Hartung Chooses Gown of Lace Over Satin

MRS. CALVIN DIEM

ROCHESTER—Married Saturday morning in St. Andrew's Catholic Church were Patricia Ann Hartung and Joseph Calvin Diem. Patricia is the daughter of Mr. and Mrs. Clarence Hartung of 332 Highland Ave. and Joseph is the son of Mr. and Mrs. Calvin Diem of 342 Highland Ave.

* * *

For her wedding Patricia chose a gown of white Italian lace over satin falling into a chapel train. Her headpiece of pleated tulle with seed pearl and iridescent sequin trim held her shoulder length veil securely. Snowdrift mums and white fugi mums topped the cover of her white missal.

**Carolyn Hartung served her sister as maid of honor and Anne Louise Anderson was bridesmaid.**

James Madden acted as best man and seating the guests were Grahame Hartung and Robert Swarthout.

* * *

A breakfast followed the ceremony in the Club Rochester.

Following a motor trip to Quebec, Mr. and Mrs. Diem will reside in Oscoda until January.

# Police, Deputies, Cabbie Complete Speedy Arrest

In what Pontiac Police inspector Clark Wheaton described today as "an outstanding example of police work," Pontiac police and Oakland County sheriff's deputies teamed up with cab company officials Saturday night to solve a holdup in less than an hour.

Report of the holdup, at the Up-To-Date Grocery at 340 E. Pike St., was received at 9:55 p.m. A description of the robber was immediately circulated to all Pontiac police cars, and detectives Herbert Cooley and Eugene Hendren, in the car nearest the area, turned to investigate.

**Since the bandit had been reported to be without a car, Cooley and Hendren stopped a Yellow Cab and asked the driver to relay his description to all Yellow Cab drivers. All cab companies in the city were called with the same request.**

In less than half an hour, a Yellow Cab driver reported that he had taken a man who matched the description to an address in Lake Orion.

He, detectives Cooley and Hendren, and Sheriff's Deputies Thurman Savage, Homer Hay, Stephen Navarre and Carl Raymond drove to the address and arrested the suspect, Richard L. Inglsbee, 23, of no fixed address, after he was unable to answer their questions satisfactorily.

Spiros Govenis, owner of the grocery store, picked Inglsbee out of a police lineup. Under further questioning, Inglsbee confessed to the stickup. A warrant is expected to be issued this afternoon by the Oakland County Prosecutor's office.

# Science Shrinks Piles New Way Without Surgery

**Finds Healing Substance That Does Both—Relieves Pain—Shrinks Hemorrhoids**

New York, N. Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids and to relieve pain—without surgery.

In one hemorrhoid case after another, "very striking improvement" was reported and verified by doctors' observations.

Pain was relieved promptly. And, while gently relieving pain, actual reduction or retraction (shrinking) took place.

And most amazing of all—this improvement was maintained in cases where doctors' observations were continued over a period of many months!

In fact, results were so thorough that sufferers were able to make such astonishing statements as "Piles have ceased to be a problem!" And among these sufferers were a very wide variety of hemorrhoid conditions, some of 10 to 20 years' standing.

All this, without the use of narcotics, anesthetics or astringents of any kind. The secret is a new healing substance (Bio-Dyne®)—the discovery of a world-famous research institution. Already, Bio-Dyne is in wide use for healing injured tissue on all parts of the body.

This new healing substance is offered in *suppository or ointment form* called *Preparation H.®* Ask for individually sealed convenient Preparation H suppositories or Preparation H ointment with special applicator. Preparation H is sold at all drug stores. Satisfaction guaranteed or money refunded.

## Boulders Pound New York Town as Creeks Flood

ELLENVILLE, N.Y. (AP) — New floods over the weekend brought another bombardment to Ellenville—by boulders.

They swept down the Catskill mountainsides in torrents of water. They undercut banks and embankments, filled creek beds and thudded into buildings and automobiles. Some of them weighed as much as half a ton.

* * *

Day and night their dull booming echoed through the valleys.

Col. John T. O'Neill of the Army Engineers said the boulders were something unique in his flood control experience. There was a siege of them in the floods that followed Hurricane Diane last August.

When the first boulders were heard during the weekend, people were quickly evacuated from a residential area on the east side of town where a brook flows. The stream rose. Boulders ate at its banks and undermined buildings. When the water spilled over, the boulders crashed into cars and houses.

They battered a bottling plant previously damaged by Diane's floods. O'Neill said they "chewed the framework up like putting it through a meat grinder."

## Announce Promotions of Two County Men

The Army ROTC Department of Michigan College of Mining and Technology has announced promotions of two area men.

David A. Lee, son of Mr. and Mrs. Alfred Lee, 26 Clarkston Rd., Clarkston, has been promoted to the grade of cadet second lieutenant in the Army ROTC and David E. Crawford, son of Mr. and Mrs. J. Earl Crawford, 3879 Oak Knoll Rd., Pontiac, was promoted to cadet private first class.

Accidents cause the deaths of about 6,000 school-age children a year in the United States.

# Floods Ravage Connecticut City

### Norwalk Citizens Stare in Disbelief as Crews Rally to Aid Homeless

NORWALK, Conn. (AP) — Helicopters hovered overhead. Weary policemen, firemen, National Guardsmen and auxiliary police patrolled the road. Throngs of the curious milled around the city, creating traffic jams.

* * *

Where the bridges were down and houses demolished, crowds stood staring in disbelief. The principal business area was hit hard. Stores and houses hung precariously over the swirling Norwalk River.

This was Norwalk, a city of 60,000 that has suffered the backlash of hurricanes but which until this sneak attack had escaped comparatively unscathed.

The greater part of the city was without light and power. Some 400 citizens were bunking down in schools and other civic centers, living on Salvation Army and Red Cross rations and not knowing whether they could get back into their homes or whether their homes any longer existed.

* * *

There were evacuations going on by helicopter, by boat, by Army Snorkel trucks and every other possible means.

In the business area, the Norwalk River tore away at factory and house foundations, hurled automobiles against embankments, bashed down a stone bridge.

The building that housed the local radio station collapsed. WNLK operated from its transmitter station on a 24-hour basis, giving bulletins almost every few minutes.

From all over the city area came frantic calls for help.

Mayor Irving Freese, touring the stricken area at night, shone his car searchlight on a pond in a city parking lot. He saw a woman clinging to a part of the porch wrenched from her home.

* * *

Lt. Stuart Black of the National Guard, who was with Freese, dived in and brought the woman near shore. The mayor dragged the exhausted guardsman and the woman to safety.

## 'Ghost' Photographed

LONDON, Eng.—A British peer has taken a photograph of a ghost. Under floodlights, 52-year-old Marquis of Ely posed a woman beside the Adam fireplace of her London home.

"The figure was on the other side of the fireplace from my friend," he says.

When he developed the print there were two women on it—his friend and a beautiful woman dressed in Elizabethan costume.

## Flying Rubirosa Makes Big Detour to Visit Zsa Zsa

LOS ANGELES (AP)—Porfirio Rubirosa flew in yesterday — a few thousand miles out of his way — to see actress Zsa Zsa Gabor.

The Latin diplomat and sportsman said he was on the way home from Paris to the Dominican Republic but added that the detour was worth it.

"I love her," he told a reporter. When asked if Zsa Zsa loves him, he shrugged and sighed, "I don't know, I hope so."

Rubirosa found the actress at the wheel of a sleek yellow sports car. They greeted each other with restraint. When the reporter told her Rubirosa didn't know if she loved him, she laughed and said, "I don't know either." Then they drove away.

"Ben-Gay gave me a new lease on life—relief from pain!"

Says Mrs. Louise Pirz of Lynbrook, Long Island.

"I had tried many other products before I discovered Ben-Gay", writes Mrs. Pirz, "but they didn't give me the real relief I wanted from the pains in my shoulder and arm. To tell the truth, I felt as though I were only half alive. The pain bothered me that much!

"What a difference with Ben-Gay! The pain eased up in no time. I wouldn't be without it!"

Yes, there's nothing like BEN-GAY! Its world-famous scientific formula contains up to two and a half times more of two famous pain-relieving agents than any of five other widely offered rub-ins. BEN-GAY's exclusive medication works *two* ways: First, it stimulates the blood supply to the painful area. Second, its pain-deadening action goes to work instantly to bring warm, soothing relief.

If you suffer the distress of muscular or rheumatic pains see what welcome relief Ben-Gay can bring. Ben-Gay acts *fast* where you hurt!

When someone's counting on you...

you can count on life insurance

The look of trust in your youngster's face . . . the way your wife's eyes mirror her faith in you . . . these mean big responsibilities.

Your life insurance helps you meet these responsibilities. From the day you get a policy, your family is protected for the full amount of the contract. This is a unique feature of life insurance. Every year, about $35 millions are paid to American families as death benefits on policies less than a year old.

This is one of the reasons why *you* can count on life insurance . . . and why it is America's most widely used form of thrift.

A life insurance program can guarantee that money will be ready when the family needs it most . . . in case of the father's death . . . when the children go to college . . . to meet emergencies . . . for retirement. Using your life insurance wisely calls for experienced help. The best person to see, of course, is your own agent.

You'll also find many helpful suggestions in the new booklet, *Your Life Insurance—and How to Use It.* Your free copy will be mailed promptly; simply send your name and address on a postcard to Dept. A.

488 MADISON AVENUE, NEW YORK 22, N. Y.

Bob Considine Says:

# Birds Are Cowardly Compared to Planes

NEW YORK (INS) — Are birds cowards? I'm beginning to think so. While taxiing out to the starting line on a couple of recent flights I peered through the clouded, rain-streaked windows of the plane and saw a number of pigeons, terns, gulls, geese and crows walking.

A mynah asked, "Is this trip necessary?" A vulture shushed him, then glanced evilly from side to side.

**A whooping crane clucked, "Fly on a day like this? Are you nuts? There are only a few of us left. Remember what happened to the dodo and the passenger pigeon. They were fools enough to fly in weather like this." The vulture et him.**

All of which is an involved way of saying that I'm constantly amazed by the ability of the airlines to zip here and there safely in weather that is not fit for man nor beast.

There's nothing like the snug efficiency of a train in foul weather. But on the recent occasions I speak of there was a matter of time involved—work to do in New York beforehand. The need to be in another city later in the day.

**LOW VISIBILITY**

In the first case it was a trip from New York to Omaha. I wish I could remember the name of Pat Patterson's airline but I couldn't see the trademark on the wing. Visibility wasn't that good.

We could barely see the ground while waiting to take off from LaGuardia and never saw it again until just before we touched down gently at Chicago.

**While waiting to take off on the final leg of the trip, the vile weather at the airport turned bad. Real bad. The water did not come down in drops. It came down as it does at Niagara. One feared for the roof of the fuselage.**

Outside the plane it was as black as night, though this was mid-afternoon. So what? So the props started spinning, we slopped and skidded to the starting line and the imperturbable hostess said that our flying time to Omaha would be one hour and umpteen and three-fourths seconds.

The chief concern in the breast of the occupant in seat 13-Z was "Okay, doll, but how you going to get this crate off the water?"

* * *

Airplane engines certainly are strong devils. Ours overcame the water on the runway, the surge of the storm, the weight of that great iron bird, the reservoirs of gas and oil, the fat patrons and their stout baggage, and a ton of magazines and instruments and gear — and off we went into the wild gray yonder.

**EVEN FOULER**

If possible it was an even fouler day Friday on a trip to Lowell, Mass., for a nice bloke named Dave Conors of the Lowell Sun.

* * *

Once again it is impossible to identify the airline. Seeing-eye dogs led me to the plane, though it was parked within 30 feet of the desk where the man looks at your ticket and grudgingly admits that you have the right one.

**The wind howled like a banshee. The rain wasn't falling, it was going by sideways at just beyond the speed of sound. Birds marched by four abreast.**

I climbed the steps of the plane with the pride of a man going to the gallows for a cause. Plainly, I would be the only passenger. No one else would dare fly on a day like this. I wondered if even the pilot would appear.

* * *

I was lucky to get a seat. The plane was filled with people reading the New York Journal American, children playing in the aisles, a couple of commuters playing gin. At the appointed time, the young man in the driver's seat touched the buttons and the pinwheels started. Off we hammered.

**We flew through weather which, had it happened in the 1770's, would have caused a cancellation of the Boston Tea Party with the result we'd all now be speaking with a British accent.**

It was like swimming underwater. In milk. Except that there were waves. I wrote this piece on the plane, with the help of a little portable on my lap and a little potable in my hand. It was tough typing. First time I ever spelled my first name with two O's.

**MODERN MARVELS**

Still, it's a miracle. We in the cabin were lost—people beyond poled across the Styx. But the fellow up front was driving down an uncluttered four - lane highway, thanks to the utter marvels of modern communications.

* * *

A man sitting across the aisle from me had only one comment after the boy put the plane down at Logan Airport like a feather. He looked at his watch and said, in a most disapproving manner, "Five minutes late."

## Governor of Kentucky Predicts Adlai Victory if Ike Doesn't Run

POINT CLEAR, Ala. (AP)—Kentucky's Gov. Lawrence Wetherby said today the odds are heavily in favor of the South voting solidly Democratic in 1956. And he picked Adlai Stevenson to win the presidency if President Eisenhower doesn't run again.

* * *

Asked about the possibility of a Southern Democratic revolt such as those who split the party in 1948 and 1952, Wetherby said:

"All the sentiment I get in my talks with Southern leaders is that the South will be solidly Democratic without Eisenhower in the race. I don't find any sentiment strong enough to bring about a defection such as that in 1952 which cost the Democrats four Southern states (Texas, Tennessee, Florida and Virginia)."

Wetherby said Stevenson was the strongest potential Democratic candidate in Kentucky. Gov. Averell Harriman of New York is second choice, well ahead of Tennessee's Sen. Estes Kefauver, he said.

* * *

The three-day conference will discuss problems of highway construction, finances, water conservation and development, and industrial development. But whether the question of segregation will be injected into the meeting remains to be seen.

Alabama's Gov. James E. Folsom was host to the conference. Other governors to attend are from Arkansas, Delaware, Florida, Georgia, Kentucky, Louisiana, Carolina, Oklahoma, South Carolina, Tennessee, Texas, Virginia and West Virginia.

# Coca Thinks Money Is Nice to Have, but - - -

By PHYLLIS BATTELLE

NEW YORK (INS) — Imogene Coca, with her sad urchin's face that can light up brighter than all Times Square, has always been the enigma of show business wiseguys. No ham in her, this kid. No respect for the better things, like money and parties.

* * *

"And now," she said today, sitting hunched and small in the corner of a midtown rehearsal hall, "they think I'm crazy, lots of them, and it DOESN'T seem to make much sense. But there are things a lot of people don't consider . . ."

**And with that, Coca explained quietly and patiently why she tore up her one-million-dollar contract with NBC and its comforting 10-year guarantee of security.**

"Security," she said, "is something I never really got till I got on television (in 1949) and I have a great respect for it, and for money, too.

"I have figured out that in my case, well," she screwed up her eyes in concentration, "the money part doesn't mean security. It's what you're doing, and I want to be doing many things."

* * *

She was temporarily without a show at NBC, and with none in prospect. This, she said, frightened her. So now she is headed for Las Vegas, where she will open Nov. 1 with her own personally-financed Variety show.

**EXPENSIVE WORLD**

"You would probably think I was crazy too, well maybe," Imogene continued, wistfully, "if you knew how little money I had saved. It was an expensive world last year.

* * *

Within weeks last spring, Imogene's mother and her husband of 20 years, Bob Burton, died. Each of them suffered costly illnesses. Their passing must have influenced her decision to break from her well-paid ennui and get back to work?

**"Well, that's possible." She concentrated her attention on her clasped hands. "That's quite possible. I guess you could say I'm beginning again, a sort of new life. There's nothing to keep me always in New York now."**

Except of course—Coca brightened—the monstrous French poodle, "Apri," and the two destructive cats, and the red squirrel somebody gave her. She will leave them in the apartment she rented on Central Park West while she investigates her new life on the stage.

* * *

Actually, it's an old life revived for the comedienne. She began her career on the stage, and has played sophisticated supper clubs for years. "I have had salt cellars tossed at me often." But she doesn't think that could conceivably happen in Las Vegas.

**GO FOR THE SHOW**

"Out there, they go to the clubs to see a show, and they concentrate on it, they don't get drunk like at some night spots," she says. "I don't expect to be interrupting people's emotional spats, which is what leads to the throwing of salt cellars."

* * *

Coca and company (three dancers, a pianist-conductor, two dressers) will receive $70,000 for a three-week stint. "I'm told you're supposed to lie about how much you make at Las Vegas," she says seriously, "But I am not making $500,000 and that's that."

**This "that's that" attitude of honesty reminded me of what her late husband, Bob, told me a year ago. "To Coca," he said, "money is wampum. Nice to have, but what does it buy?"**

She's proving him right. "Maybe I'm the goon girl of all time," she said, "but I think my days of sleeping on park benches are over, and I feel if I've devoted enough time and effort to whatever it is I do, I'll get along all right."

Suddenly she looked up and grinned. "My lord, I hope I don't sound like Little Orphan Annie . . ."

## Bomblike Oil Field Explosion Kills Three

WILSON, Okla. (AP)—A bomblike oil field explosion, common more than 25 years ago but rare now, killed three Oklahoma City oil well shooters and injured six others near here Saturday night.

The three men were blown to bits when 100 quarts of nitroglycerin exploded with the force of a 5,000-pound bomb as they prepared to loosen underground oil sand from the well.

What caused the explosion probably will never be known. Police think the nitro, a jelly-like substance, was detonated when wires accidentally touched it before it was lowered into the well.

The victims were William G. Chandler, 28; Russell G. Sullivan, 48; and Harold E. Brill, 34.

# Future Jet Airliners Will Chug Along at 550 M.P.H., Circling Globe in Day

By J. M. ROBERTS
Associated Press News Analyst

A friend of mine was talking to his wife the other day about their children.

"Why, Hon," he said, "do you realize that boy (now 8) will probably come in some day when he's 18 and announce that he's off for a dinner party in Cairo, but for us not to worry because he'll be back by midnight."

* * *

Such expressions have become common in the last 20 years, and even more so since the British produced a few of their Comet jet-liners, which made amazing performance records, were found to be unsafe, and are now about to stage a comeback.

Twenty-eight years ago Pan American airways made its first scheduled flight, 90 miles from Key West to Havana, in one hour. Today Pan-American has a flight which makes it from Tokyo to Honolulu, 4,000 miles, in 9½ hours. But that's with the aid of the "jet stream," a high and fast air current over the Pacific. That plane has a true speed of 425 miles an hour, and takes 12½ hours New York to London.

Now Pan American has ordered 45 jet planes which will fly 30 per cent farther, (about 4,000 miles unassisted by the jet stream) at 550 miles an hour. They will go into service in 1958.

But the most significant thing is not the advance in air performance which will be accomplished in Pan American's first 31 years. That has become an expected commonplace.

The true significance is two-fold: that these planes and others like them are the products of military research and the descendants of military planes; and that they will produce an age of 24-hour round-trips between any cities in the world.

And today's jet-liners are only a beginning, as PAA's first 90-mile-per hour Fokker was only the beginning of the first airline to girdle the earth from one coast of the United States to the other.

This contributes to the political impact already created by the vast ranges and speed of the big bombers.

* * *

The effects of a shrinking world have long been recognized and understood, but the fact that all capitals can become physical suburbs of any one capital drives the implications home with great force.

## 103 Descendants Honor Woman, 100

BARRY, Ill. (INS)—Mrs. Cerena Harelson of Barry, Ill., celebrated her 100th birthday with a family dinner the likes of which probably has never before been seen.

One hundred and three direct descendants of the centenarian were present, and there are still eight others who could not attend. The family get-together yesterday was so large it had to be held in the Methodist church.

Mrs. Harelson, a native of Broth County, Ohio, had nine children, eight of whom are still living. In five of her children's families, there are five living generations.

RICHARD GUSTAVSON

One of ten Pontiac Press carriers recently honored for outstanding service to their patrons is Richard Gustavson, 14, of 2361 Montroyal, who delivers the Press at Loon Lake. A Washington Junior High School student, he is active in football, hockey and baseball, and has been a Press carrier for the past two years. The son of Mr. and Mrs. Gunnar Gustavson, his ambition is to become a draftsman.

## Journalism Award for Jackson Editor

CHICAGO (AP)—Carl M. Saunders, editor of the Jackson "Citizen Patriot," will be awarded the University of Minnesota 1955 Award for "distinguished service in journalism" tonight at the annual meeting of the Inland Daily Press Assn. here.

Dr. Ralph Casey, director of the Minnesota School of Journalism, who will make the award, said Saunders wil be cited for "his continuous career which began in Grand Rapids in 1909 as reporter."

Dr. Casey said Sanders "brought to his newspapers a devoted kind of citizenship and helped lead the fight which preserved the rivers and lakes of Michigan for the people of Michigan."

# Reputed Terror Gang Boss Dies

## Virgil H. Effinger Denies Black Legion Activities on Toledo Deathbed

TOLEDO, Ohio (INS)—Virgil H. Effinger, reputed head of the Black Legion terrorists during the 1930s, died yesterday in a state hospital here. He was 82.

Effinger, a retired Lima, Ohio, electrical contractor, denied even on his death bed that he was national commander of the hooded order whose members committed two murders in Detroit and flogged other victims.

He was indicted by a one-man grand jury in 1936 on charges of possessing a bomb and criminal syndicalism. Effinger fled to Ohio, where he was a fugitive for 15 months. He was eventually returned to Michigan, but the state's case wasn't strong enough to bring him to trial.

Effinger dropped out of sight in 1940 after he was fined $200 in Lima for contempt of court.

He was never charged in the 1936 murders of Charles Poole and Silas Coleman. Fourteen men were sentenced to prison for the slayings and nine of them are still serving life terms.

Poole was killed on the false report that he had beaten his wife. Coleman met death at the Legion's hands merely to "Give the boys a little excitement."

The Black Legion, often called a rebellious offspring of the Ku Klux Klan, rode through the night in black robes.

## India Stamp Wins

NEW DELHI—A postage stamp issued in 1953 by India to mark the conquest of Mount Everest has won a prize awarded by the National Italian Olympic Committee. This is the first Indian stamp to win an international prize.

## Cypriots to Resistance

NICOSIA, Cyprus (INS)—Archbishop Makarios has called for an "unceasing struggle" against British rule of Cyprus.

The spiritual leader of the Cyprus Union-with-Greece movement said yesterday Britain was mistaken if it thought "our movement can be suppressed with troops, illiberal laws and arrests."

Eight out of 10 fires that will occur in Michigan this year can be prevented by cleaning rubbish and correcting faulty electrical wiring, says an MSU farm safety specialist.

HUNTING for a BETTER QUALITY FUEL?

What a thrill to bag a beautiful bird! What sport! Yes, you travel miles to good bird country, and it's worth it.

But there's no need to hunt for miles to find complete heating satisfaction this Winter . . . just call FEderal 5-8181 and order a binfull of better quality

GEE Deep-Mined COAL

Check These Features:

- CLEANER BURNING — Gee Deep-Mined Coal is a better quality fuel that allows perfect and complete combustion. This means less smoke, far less ash and clinker content . . . and a much cleaner home.
- MORE ECONOMICAL—Gee Coal is a "high heat" fuel that produces more B.T.U's (heat units) per ton, and it will burn hotter . . . longer. Three tons of Gee Deep-Mined Coal will last as long as four tons of inferior grade coal. This means a lower fuel bill!
- CLEANER DELIVERY — Gee Better Quality Coal is delivered to your home in modern conveyor type trucks, by courteous, careful drivers. The coal is placed in your bin evenly . . . without muss or dust!

# Fox Wins Chase as Bloomfield Hunt Season Starts

Pontiac Press Photos by James Mahar

*Members of Bloomfield Open Hunt Club are shown leaving the Edward E. Wilson farm Saturday for the beginning of the hunt. The huntsmen are all wearing pink coats and hard hats for the occasion, the opening of the fall hunt season. The cool, clear fall weather was a perfect setting for the hunt. Roads, byways and woods were well covered by huntsmen "on the chase." Attending the hunt were several father and daughter groups.*

*On the chase are (foreground) Tom Wilson, master of the hunt; (left) Carleton C. Patterson, joint master of the hunt; and (background) Fred Morris, David Glefke and Carney Mathison. They are anticipating the "brush" that never came. The fox won at the Bloomfield Open Hunt Club Saturday.*

*Arthur Kirby, master of the hounds, calls dogs for the beginning of the hunt. The keeper of the hounds has just unleashed them and they are ready for the scent.*

*Riding the road before the serious business of the actual hunt are (left to right) Mrs. Carney Mathison, Violet Hopkins, Hildreth Budabaugh, Nancy Kershell and Janet Polk. Saturday's hunt marked the beginning of the hunt season at Bloomfield Open Hunt Club.*

## Teachers See Orient Via Slides

Margaret Steward of Washington street was guest speaker at the dinner meeting held by Teachers' Exchange Club at Pontiac High School.

Taking her guests on an imaginary trip to the Fiji Islands, Miss Steward showed colored slides depicting the life of the natives.

A highlight of the tour was the children dancing their native dances.

**Then the group was taken on another imaginary trip to Thailand. They took a boat up the river where they saw all phases of life.**

The natives living in houseboats built on the edge of the river sell all sorts of wares from their boats.

***There are four pages in today's Women's Section***

A floating school bus, coal boats and boats carrying rice were seen coming down the river, sometimes making the river quite congested.

Here they noted the cheapness of human labor and the more than 10,000 beautiful temples. Particularly impressive was the Temple of the Dawn or (porcelain temple).

Following the recent program members held a business meeting with Mrs. Mary Wagner, president conducting.

## Shower Honors Betty J. Ryan

Jeanette Ashton, Janice Moriarity and Sue Barks were hostesses at a personal shower honoring bride-elect Betty J. Ryan, who will exchange vows with Robert C. Gifford on Oct. 22 in St. Michael Church.

Betty is the daughter of Mr. and Mrs. F. M. Ryan of North Johnson avenue, and Robert is the son of Mr. and Mrs. Carl Gifford of Lexington place.

Guests present at the recent shower were Mrs. Ryan, Mrs. Gifford, Mrs. Bruce Zollner, Mrs. Kathryn Davis and Joelma Dempsey.

Others were Valerie LaBarge, Mrs. Del Haskell and Marge Carr.

## Mrs. Coppersmith Luncheon Hostess

Mrs. Charles Coppersmith of Woodland avenue was hostess to 26 members of the Colonial group of First Congregational Church for a dessert luncheon Friday afternoon.

Assisting Mrs. Coppersmith were Mrs. Earl Treadwell, Mrs. Robert Armstrong, Mrs. F. C. Castell, Mrs. Arthur MacFayden, Mrs. Richard Gavette and Mrs. Harold Haskins.

Devotions were given by Mrs. C. J. Barrett. Mrs. Fred Boeller, president, appointed Mrs. Russ Walls chairman of the nominating committee assisted by Mrs. John P. Niggeman and Mrs. Treadwell.

The group sewed for the American Cancer Society during the afternoon.

## Fellowship Class Names Committee

Fellowship Class of Baldwin Avenue United Brethren Church met Friday at the William Gaddes home on Baldwin avenue. Mrs. Kenneth McQueen acted as cohostess.

Devotions were led by Mrs. Lewis Ball. Mrs. Albert Lovse was appointed chairman of the nominating committee with Howard Groome, Ray Ritter, and Mrs. Emerson Kirby.

The Clarence Winklers of Beechgrove street will be hosts for the November meeting.

## Teeners Attend Party

Mary and Judy Inman entertained 44 guests at their home Friday evening. The party was an occasion for their guests, members of the tenth, eleventh and twelfth grade classes at Pontiac High School, to become better acquainted.

*MR. and MRS. GERALD LEE EVANS*

*Married Thursday evening were Mr. and Mrs. Gerald Lee Evans. She is the former Barbara Jean Robinson, daughter of the Francis Robinsons of Hudson avenue. He is the son of Mr. and Mrs. J. Lee Evans of Hudson avenue.*

## *Barbara Jean Robinson Is Wed in Candlelight Rite*

The Rev. Theodore R. Allebach of Oakland Avenue United Presbyterian Church officiated at the wedding ceremony uniting Barbara Jean Robinson and Gerald Lee Evans.

They were married at a candlelight ceremony Thursday evening in the presence of their immediate families.

Mr. and Mrs. Francis D. Robinson of Hudson avenue are parents of the bride, and he is the son of Mr. and Mrs. J. Lee Evans of Hudson avenue.

**For her wedding, the bride chose a princess style ballerina-length gown of white corded satin. She wore a velvet hat and matching shoes. Her pearls were a gift of the bridegroom. A corsage of red and white roses completed her bridal costume.**

Mavis Johnson wore a gown of iridescent taffeta for her duties as maid of honor. Her flowers were pink roses. Harold Evans served as best man.

Two hundred and fifty guests attended the reception held at Knights of Pythias Hall immediately after the ceremony. Mrs. Robinson wore a brown knit dress with matching accessories for receiving the guests. Mrs. Evans wore a white knit dress with black accessories. Both mothers wore corsages of yellow chrysanthemums.

The bride chose a powder blue wool suit with red accessories for her going-away costume. The couple will honeymoon at Niagara Falls and Boston, Mass.

## Flora Shelly Group Meets for Dinner

# Babysitting Parties Are Appealing

By ANNE HEYWOOD

**"I'm at home anyway, taking care of my own small children, and I do wish I could take care of a couple more for somebody, and make some money."**

**Many, many women have said this to me, in person or in letters.**

**I know it is a pretty universal feeling, particularly among the many young mothers who worked before their marriage and miss having money of their own. But many times it is a complicated thing to do.**

In the first place, in many states it is necessary to have a license from the department of welfare if you are to board other people's children.

You have to have a certain required amount of space and meet many other specifications.

If, on the other hand, you plan to take children by the day, there are still many red-tape angles to be considered.

**PREFER OWN HOME**

If you decide, instead, to do babysitting on your own premises, it is hard to get customers because most people want their children cared for in their own home. And there are usually many teenagers and older women able and willing to do so.

One good solution is to take care of several childen, one day per week, with a special all-day party.

**A painting party or a cooking party, where you teach groups of children together and give them sandwiches and a party spirit, is often a profitable venture.**

The mothers welcome a day off, particularly if the fee is modest. And it can be, if you have 6 or 12 youngsters together with your own.

One young mother I know solved her problem admirably with her weekly toy-repairing parties.

She has three boys of her own and has always been good at repairing and repainting toys and passing them down from child to child.

Using simple tools and equipment and some big old kitchen tables to work on, she charges one dollar per child for the whole day from 9 to 5.

**REPAIRING IS FUN**

The children bring their old toys, and, with the help of this young mother, have a fine time learning to repair them.

Even deducting for the simple refreshments, she usually clears about $10 a week.

**Her toy-repairing parties are very popular. In addition to the many occasional children, she has many regulars whose mothers look forward to this one day off.**

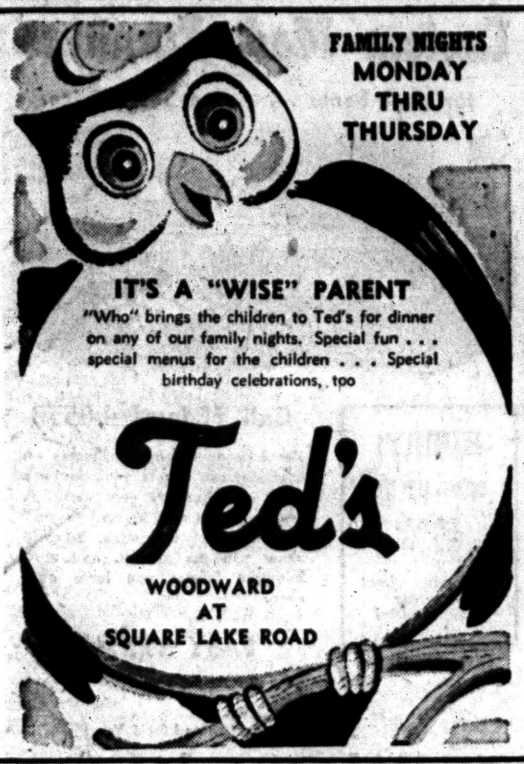

If you would like to make money taking care of children, add to the plain babysitting feature one additional fillip and you'll have plenty of takers!

# Spicy Headlines Puzzle Teenagers

By MURIEL LAWRENCE

In my town certain policemen will soon face trial on charges brought by young girls. Their trial will be called a "vice probe." Your 12-year-old Barby will read about it. What will she make of this "vice probe?"

* * *

What do our young adolescents generally make of all the sex news they hear and read about? It's often pretty sensational. It tells Barby as much as it can about "abortion rackets" and "love nests." It refers to pretty young women as "call girls"—an promises more facts on a new "paternity suit."

I think they find it fascinating—but very confusing.

**Why wouldn't it confuse them? This sex information bears not the slightest resemblance to the kind we've given them. Its sensationalism hints at the existence of a strange, cold underworld of sexuality utterly unlike the happy kind we've talked about. So the youngsters wonder and puzzle.**

We said that sex created love, shelter and children for parents to care for, didn't we? Then how come it also creates "love nests" and "call girls?" Are there different kinds of sexuality? How can there be? And what is a "call girl" anyhow?

* * *

They want to ask us these questions terribly. Just as they once wanted us to tell them what we thought about physical sex difference, they now want to know our opinion on difference in sex behavior. They not only want to know what a "call girl" does—but what we think about what she does.

**COMFORTING ANSWERS**

In the September Ladies Home Journal there was a fine piece on this subject by Dr. Milton I. Levine. First, he makes the point of young adolescents' need for reassuring answers to their sexual curiosity and fears.

Then he makes the point of new, special interest to us. Our children do not scorn our sex values. Instead of scorning them, they are anxious to learn what they are. The Barby who wants to ask us if boys "respect" girls with pre-marital sex experience also wants to know if we respect them.

**Writes Dr. Levine, "The helpful answer is the whole answer. The early adolescent, looking at a strange, perplexing world, needs a frame of reference in order to form his thoughts. It is to his parents that he looks for this frame of reference."**

The children want our moral measurements.

This is exciting news for parents.

* * *

Think what it would mean if we could all know that the young prize our moral values! Why, things would straighten out between us overnight.

For knowing our moral standards to be prized and respected, we could offer them gently, kindly without anxiety and suspicion.

## Gardeners File for Membership

Following a talk on the origin and objectives of the Women's National Farm and Garden Assn. by Mrs. William McCallum of Birmingham, members of the Sylvan Lake Garden Club submitted an application for associate membership to the national organization.

Mrs. McCallum addressed the group at their October meeting, held Friday at the home of Mrs. Charles L. Coppersmith on Woodland avenue. Assisting the hostess were Mrs. Max Kerns, Mrs. Clarence L. Hardenburg and Mrs. Arthur J. MacFadyen.

Welcomed as new members were Mrs. H. J. Green, Mrs. B. R. Eastridge, Mrs. LeRoy Smith and Mrs. Louis L. VanMeter.

Devotions based on the 23rd Psalm were given by Mrs. Roy Kibbey.

**Lucy Webb Hayes**

Mrs. Allen Cline told about the Navajo Indians when the Lucy Webb Hayes Unit met at the home of Mrs. Gene Calhoun on Spokane drive. Devotions were given by Mrs. Donald Kibbie.

**Gertrude Howe**

Mrs. Harold Sibley showed colored slides on India when members of the Gertrude Howe group met at the home of Mrs. E. B. Denham on Elsinore drive. Mrs. Clarence Huemiller gave the devotions.

**Mary Reed**

Twenty-four members of the Mary Reed group were present for a cooperative luncheon at the home of Mrs. Lloyd Pardee on Wenonah drive. Assisting the hostess was Mrs. Jane Baldwin.

Mrs. George Fisler told about the work of the missionaries in Africa and Rose Bradley led devotions. Mrs. Howard Grattan is a new member of the group.

**Susannah Wesley**

Mrs. Cecil Choate was hostess to members of Susannah Wesley Unit at her home on James street. Mrs. C. E. Currah gave devotions using "Christian Women" as her topic, and the program was in charge of Mrs. John Thors.

**Fern Bank**

Mrs. Harry Hayes entertained members of the Fern Bank group at her home on Franklin boulevard. Iama Hook gave a book review and Dr. Pauline Spring led the devotions. Following the meeting the group sewed on cancer pads.

## Top-of-Stove Barbecue Is Delicious

### Old-Time Cookbook Yields Spicy Recipe for Round Steak

By JANET ODELL
Pontiac Press Home Editor

This generation approves of any meat in the barbecue style. We think you'll like this recipe for barbecuing round steak. It comes from an old-fashioned cookbook kept by the mother of Mrs. John R. Gilchrist of Union Lake.

Besides raising a family of four children, Mrs. Gilchrist is active in school and community work. She is a member of her daughter's Girl Scout troop committee and secretary of the neighborhood association. She likes to sew and is currently taking swimming lessons.

**BARBECUED ROAST**
**By Mrs. John R. Gilchrist**

2 pounds round steak
¼ cup olive or salad oil
2 tablespoons vinegar
2 tablespoons lemon juice
1 tablespoon grated onion
¼ cup celery, diced fine
½ teaspoon salt
Pepper
1 teaspoon prepared mustard
1 tablespoon worcestershire sauce

Combine all ingredients except meat and bring to a boil. Cool. Place the meat in this liquid and marinate for two hours. Sear meat in hot fat, reduce heat, pour barbecue sauce over it. Let simmer 30 minutes.

The original recipe suggests serving this meat with cabbage cooked in milk.

## April-May Group Elects 4 Officers

New officers were elected when members of the April-May group of the First Presbyterian Church met Friday at the home of Mrs. John Livingston on Berrshire road.

Mrs. John Heitsch will serve as chairman. She is assisted by Mrs. Floyd Short, vice chairman; Mr. Floyd Martinson, secretary, and Mrs. Quentin Sweet, treasurer.

"The Christian Woman and Her Household" was the topic of devotions, led by Mrs. Edward Bennett.

Mrs. Edward D. Auchard was a guest at the meeting. Assiting the hostess were Mrs. Daryl Lemaux, Mrs. Lyndon Salathiel and Mrs. Grace Birge.

## Group Helps Plan Smorgasbord

The Standish Group of First Congregational Church met Friday at the home of Mrs. Howard Losee of North Perry street.

A dessert luncheon was served by the hostess and plans were made to assist with the smorgasbord which the Women' Fellowship will serve at the church Oct. 19.

Mrs. Ruby Dunstan gave a demostration of floral arrangements for the group.

The November meeting will be at the home of Mrs. John Morrison of East Huron street.

For giving breakfast food a different flavor, try sprinkling tiny bits of crisp bacon over cooked cereal.

"Smart gal, my Susie!"

A lot of wives complain about housework, but not my Susie. She uses her head instead of her muscles. For example, some women spend a whole day just scrubbing and waxing wood floors. My Susie cleans and waxes them in one easy operation with Bruce Cleaning Wax. It takes only half the time and a lot less work. Yet our beautiful wood floors are the envy of her friends. My hat's off to Susie and her Bruce Cleaning Wax for making a tough job so easy. And I can't help but feel proud of both of them.

P.S. For lighter waxing on linoleum and wood, Susie uses Bruce Floor Cleaner.

# Fall Brings End to Casual Summer Dating

By ELIZABETH WOODWARD

"Dear Miss Woodward: I went out with him three times during the summer though he came down to my house almost every night. His gang says I'm the only girl he has ever dated. He never looks at other girls, he just worries about his car.

"Now that we're both back at school I don't see him any more. I try to be around when he is coming home from school, but he either just blows the horn or goes right on by. How can I make him notice me and come around again?"

**Answer: During the summer he was relaxed and free, with nothing much in particular to do. He found it easy to come around to your house; found it fun to take you out now and then.**

But now he has things on his mind. His days are full with school, sports, activities of one kind and another—his days and evenings aren't free.

And his spending money is scarce. It has to cover a flock of these and those and still buy gas, oil and insurance for his car. He's probably broke most of the time. In which case, beauing a girl around is very hard to manage.

Another thing: Dropping around in the summer is informal and effortless. You hang around on the porch, sit out under the trees, romp around outdoors.

**But come fall and winter, dropping around means sitting in the living room with your family perhaps. That's not quite so informal and effortless. Makes a boy feel less free and easy.**

But he'd undoubtedly come over if you invited him. So start a new routine of having two or three couples over on Friday or Saturday night for games, a bit of dancing, some food and fun. Include members of his gang.

You acn make quite a thing of it, and tempt him into making it rather regular. You know the kind of fun he enjoys, so provide it for him indoors at your house by invitation.

---

"Dear Miss Woodward: I'm 14 and I like a boy who is 16—he owns his own car. But my dad won't let me go for rides with him because he doesn't like the way the boy drives, and thinks the minute he (my dad) takes his eyes off me that I'll get into trouble.

**"This boy is a careful driver, though. How can I persuade my father? Or should I try to avoid him, or go on rides with him anyway when I get a chance?"**

Answer: Fathers have a way of saying one thing and meaning another. Yours doesn't want you joyriding in anybody's car. Just aimlessly riding around for no good purpose. In that there can be trouble. So avoid those rides.

But see what your father would say to going in the boy's car when it's transportation for a real date. He might not consider that so aimless.

## Regularly Clean Powder Puffs

The puffs that put powder on your nose pick up soil and facial oils every time they're used.

The big dusting puffs do the same. If they're not kept clean, they are a unsightly comment on your habits and may eventually mean infection.

The velours puffs that come in compacts and powder boxes should be washed well in soapsuds, rinsed and dried.

**Then they should be kneaded to restore their pile. This should be done once a week.**

Foam rubber or sponge puffs used with cake make-up must be washed every time they're used, then allowed to dry in the air.

The fluffy, pretty puffs of lambswool or swansdown need to have their deep pile restored to its cloudy condition after washing.

**One way is to give the puff a combing when it's almost dry. Another way is to safety-pin the puff to a shade pull at an open window and let the breeze fluff it.**

One dryer owner pops the freshly-washed puffs into the automatic dryer for a minute of heated fluffing.

## Mrs. Tremper Elected to Head Yomar Group

Mrs. George Tremper was elected president of the Yomar group of First Presbyterian Church when the group met at the Henry Clay avenue home of Mrs. Fred Hoenstine.

Other officers elected were Mrs. Richard Wright, vice president; Mrs. Ralph Marson, secretary; and Mrs. L. Verne Ostrander, treasurer.

**Mrs. Howard Windeneau led the group in a discussion of the "Christian Woman in the Home" and Mrs. J. E. Frankenfield gave the Bible study.**

Mrs. Pierce Boutin was received as a new member and guests were Mrs. Donald Robertson, Mrs. Oliver Drimheller, Mrs. Elizabeth Seelye, Mrs. Myrtle Franches and Mrs. Edward Auchard.

Assisting the hostess at the Thursday meeting were Mrs. Olive Hoffman, Mrs. Harry Pattison and Mrs. Glen Foss.

The group will hold its annual birthday dinner at Hotel Waldron, Nov. 3 with Mrs. George Stinnett as chairman.

## Coming Events

Daughters of Pontiac 186 will meet tonight at 8 p.m. at 82 Perkins St.

Ladies Auxiliary to Metropolitan Club Spirit Six will meet with Mrs. John DePauw, 995 Argyle Ave., Tuesday at 8 p.m.

Group Four OES will meet with Mrs. Brice Rockwell, 47 Gingell Ct. Wednesday day at 7:30 p.m.

MOMs of America Inc., Unit 2, will meet Tuesday at noon for a schoolgirl luncheon and social afternoon at the home of Mrs. J. E. Huttonhower, 3170 Orchard Lake Ave.

## GOP Women's Club Holds Benefit Party

The Pontiac Republican Women's Club held a benefit card party Friday at the Adah Shelly Library. Proceeds were used to assist in furnishing the kitchen of the Library.

Serving as chairman of the affair was Mrs. Emma Pelican, assisted by Mrs. George Brown, Mrs. Harry Place, Mrs. Lulu Luby and Mrs. Duncan McVean.

## Good Chair Useful

A major reason for muscular pain is poor seating design. A good chair is good because it is well proportioned for an individual's particular stature and supports him where it is needed.

For him it is a good conversation chair. He can sit comfortably for a long time without having his neck get stiff or his legs "fall asleep."

## This SAMPLE PUZZLE Will Give You the Idea!

THE SOLUTION IS ONE OF THE LAST NAMES BELOW:
Edward W. BOK · Peter PAN · Franz ABT
Robert E. LEE · Francis Scott KEY · Edgar Allan POE

***Read Explanation Below***

Before you try solving Puzzles 1, 2 and 3 above, let's get the idea by solving this Sample Puzzle together:

Note, first of all, the various letters and objects pictured, and the plus and minus signs: C *plus* OWL *plus* EYE *plus* TANK. Add 'em together and we've got COWLEYETANK . . . after which we see *minus* TOWEL *minus* CAN . . . which means that from COWLEYETANK we take away the letters TOWELCAN, leaving only the letters YEK.

So we now scan the list of names under the puzzle and sure enough, there we see the last name of Francis Scott KEY, and we note that by rearranging the letters Y E K into K E Y, we have KEY as the correct solution to this puzzle.

Now, see how well you can do by yourself with Puzzle 1, 2 and 3 above . . . and then send in your answers on the coupon that appears at left, so that we can send you Free details on how you can enter the Opportunity Puzzle Contest.

**HORSES' HORSES' HORSES'**
**The War Horse 1**

Have you ever petted a horse, or ridden one? Then you know why they are among man's best loved animal friends.

The very earliest horses were about the size of foxes. But through the ages they have become the big animals we know today.

One of the first uses of the horse was in war. Knights in the days of chivalry used horses in tournaments and in battle. The war horse had to be a very large and powerful animal to carry the great weight of a knight in full armour. Now big horses are called draft horses.

Here is a small boy named Cedric, the son of a knight, mounted on his father's charger, Lionheart. Cedric has a small suit of armor made to fit him and when he is grown he will have a large suit for tournaments. Lionheart will wear special armor too.

Paste this picture on cereal box cardboard and color with crayons. Cut out along the heavy outlines. Fold back the end panels along the dotted lines and Lionheart will stand up. Cut out the banner along the outlines. Cut the small slits and insert a toothpick in them. Then you can push the toothpick into a slit in the saddle just in front of Cedric and let the banner float out behind his head.

You can save this and begin your collection of different type horses.

## '20 Million More Jobs Needed by 1975'

NEW YORK (INS)—Sen. George H. Bender (R-Ohio), said today 20 million more jobs will be needed in the next 20 years.

Bender told a meeting of the National Association of Assessing officers that the nation's economy will have to double its productive capacity in that period.

**Noting predictions of a population of 220 million by 1975, the Ohio Republican said maintaining the standard of living means "A tremendous task confronts us."**

Bender said: "To live up to our potential goals, we shall have to turn out a total of goods and services of the value of some 700 billions of dollars annually by 1975."

The average per capita income should then be about $3,000 or more—compared with about $2,000 in recent years."

## Says Russia Still Hopes to Win World Peacefully

WASHINGTON (INS) — Presidential disarmament aide Harold E. Stassen says there is 'increasing evidence" that Russia hopes to win its goal of a Communist world without resorting to war.

He told a nationwide television audience yesterday the Reds are "increasingly realizing" how disastrous a nuclear war would prove for them and the rest of the world. He also said an international disarmament program would aid U.S. economy.

## Dirksen Claims Nixon 'Man to Beat' for GOP

CHICAGO (INS)—Sen. Everett M. Dirksen (R-Ill) says vice President Richard M. Nixon is "the man to beat" for the GOP presidental nomination in 1956 if President Eisenhower does not run.

Dirksen said Nixon is "out in front by virtue of his position in the administration" and predicts the vice president will capture the nomination "unless another candidate emerges who has considerable strength."

Scientists estimate that 400 billion tons of carbon dioxide from the air are absorbed by ocean plants every year.

## Brownell Excoriates Hatemongers in U.S.

NEW YORK (INS) — Attorney General Herbert R. Brownell has tongue-lashed hatemongers who do not tolerate minority groups in what was believed to be one of the strongest civil-rights speeches by a member of the Eisenhower cabinet.

* * *

Brownell appealed in a New York address yesterday for a "golden age of civil rights," stating that "a small crust of freedom for a few" will not sustain the American way of life.

Brownell said "we are just beginning to make the concept of equality assume practical reality. We are coming to the realization that there are bloodier punishments than segregation but few more degrading."

## Ex-Convict Confesses Slaying Stepmother

RENO (AP)—"I hated her guts."

That, said police, was about all Ralph H. Reno, 25-year-old ex-convict, would say after admitting he strangled his young stepmother, Mrs. Stella Reno, in Los Angeles.

Reno Police Chief Ted Berrum and Los Angeles Police Sgts. Edward Kruger and C. C. Ford said yesterday Reno refused to give a reason for hating the 36-year-old reddish-blonde woman but asserted "trouble at home has been going on since I was 17."

Reno led officers Friday night to the body, stuffed in a concrete culvert.

The woman's husband, Andrew, 57, had told Los Angeles police his son stabbed him with a butcher knife when he asked about the missing woman.

## DeSoto Shows Cars Oct. 19

### Horsepower Is Boosted; Safety and Comfort Features Added

DeSoto Division of Chrysler Corp. will display its increased line of 11 new 1956 models next Wednesday. Substantial increase in horsepower, new peak performance and additional comfort and safety are claimed for the new cars.

Both the Fireflight and Firedome models are powered by new, larger engines, the Fireflight providing 255 horsepower and the Firedome 230. Crankcase oil capacity is reduced to 4 quarts.

**On models equipped with automatic transmission a mechanical push-button drive selector is on the left of the instrument panel.**

A new braking system will be standard equipment on all DeSoto models, with or without power brakes. Power brakes are optional on all models.

Available also as optional equipment is a high fidelity record player, using seven-inch records which play 45 minutes to a side.

A record 84 color combinations, including 14 solid colors, will be offered.

Body styles include in the Fireflite models four-door sedans, two-door Sportsmen coupes (hardtop), four-door Sportsman sedan (hardtop) and convertible coupe. Firedomes include four-door sedan, two-door Seville coupe (hardtop), four-door Seville sedan (hardtop), two-door Sportsman coupe (hardtop), four-door Sportsman sedan (hardtop), convertible coupe and station wagon.

## It Didn't Pay Wesley

## Tots and Li'l Pup Alert Baltimore Rescue Parties

BALTIMORE (AP)—A sizable portion of suburban Baltimore was thrown into a tizzy by six little feet and four little paws covering much more ground than they were meant to.

* * *

Thomas, Debbie and Jonathan Neale and their Dalmation Vickie left home and baby sitter at Rockland, just north of the city, about 9 a.m. They turned up at 5 p.m. at Mount Royal train station in the heart of the city. They told police they wanted to meet their mom and dad, Mr. and Mrs. H. T. Neale, who were due back from a weekend trip to New York.

They had walked eight miles.

Thomas is 7. Debbie and Jonathan are 5-year-old twins. Vickie is just a pup.

From 1 p.m. until 5, they were hunted by the entire Baltimore County police detachment at Towson, a troop of Boy Scouts and at least 300 volunteers.

## Observant Resident Averts Catastrophe

LOS ANGELES (AP)—Paul Esacove noticed that cars were bouncing as they passed his home. He couldn't recall there being a bump in the street.

Esocove, 18, told his parents. They called police, who summoned gas company employes and firemen. Gas leaking from an underground pipe had made the pavement rise as much as 18 inches at one point.

Twelve families in the block were evacuated. Then workmen dug through the pavement and reached a turnoff valve.

## Blast Kills Eight

HAVANA, Cuba (AP) — Leaking gas is blamed for a violent explosion which destroyed a two-story building in downtown Havana, killing at least eight persons and injuring 50. Police estimated property damage at $500,000.

## Power Usage Triples in American Homes

NEW YORK — Sales of electricity for residential use throughout the nation climbed to more than 108.4 billion kilowatt hours in 1954 compared with less than 31.3 billion K. W. H. in 1944.

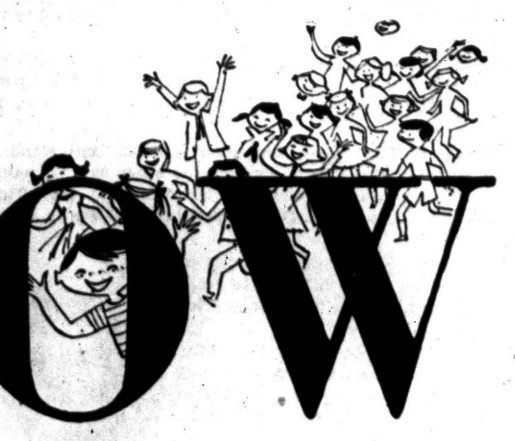

Electric-generating capacity, the power industry reports, has doubled since the end of World War II.

## Jet Airliner Flies Across Nation in 238 Minutes

SEATTLE (AP)—Boeing's 707 stratoliner flew round-trip across the country yesterday in less time than it takes conventional airliners to cross the nation one way.

The 707 took 3 hours and 58 minutes to fly from Seattle to Washington, D.C., at an average speed of 592 miles per hour.

After a brief stopover in the national capital, the first American commercial jet air transport flew back to Seattle in 4 hours and 8 minutes at an average speed of 570 miles an hour.

This means that it took 8 hours and 6 minutes of elapsed flying time at an average of 581 miles per hour for the transcontinental roundtrip.

The Boeing test pilot, A. M. (Tex) Johnston, 42, of Emporia, Kan., called it an "uneventful" flight in the four-jet job. He predicted it will be common in three years.

## $40-a- Model

## She Just Can't Afford to Take Screen Roles

**Anyone who can swallow a pill at a drinking fountain deserves to get well.—Quote.**

By EARL WILSON

NEW YORK—A Hollywood producer long-distanced a New York model and instructed her to rush right out—he was using her in a picture.

"What about the money?" she asked.

"We'd start you at $150," he said.

The model yawned. "I'm terribly sorry, but I make $500 to $750 a week here."

Katherine Cassidy, a $40-an-hour New York model whose picture you see all over, has licked that problem. Her parents live in Hollywood. When she goes home on a vacation, she sneaks in a movie job.

**"I was in 'The French Line' for 2½ weeks," tall, slender but not bony Miss Cassidy told me the other day. "I made $270. My salary as a model here last week was $650. The week before it was $525. It's not profitable for me to be in the movies."**

I took my camera along inasmuch as I don't get many opportunities to get a $40-an-hour model to pose for me for nothing.

The strange part was that Miss Cassidy—who poses all week—for that big pay—didn't seem to mind posing for me for nothing. (Maybe she's just a good actress.)

"I wanted to be an actress so much, too," the young lady said. She was a Howard Hawks protege. They thought she looked like Lauren Bacall.

**"I studied for 2½ years. I thought it'd be very good for me to see New York and see some plays. The day after I got here I started modeling at $25 an hour—I loved it and decided I'd stay here.**

"Howard Hawks naturally got disgusted with me. He said, 'You're more interested in the fashion world—and I was.

"I gave up studying acting. I felt terrible about it, but I decided this, not acting, was my career."

On another vacation, however, Miss Cassidy appeared in "Son of Sinbad," a picture about the 40 thieves in which the 40 thieves are all women.

**Miss Cassidy — originally from Clinton, Ill.—is proud of being called a model even if the word has been cheapened by a few phonies.**

"There's also the girl who says 'I could have been a model, too, but I found the photographers very fresh.'

"Maybe, if he was a photographer for a girlie magazine," said Miss Cassidy, "but no high-fashion photographer would make a misstep, because he'd never be able to get another model!"

Anyway, Miss Cassidy, thanks for posing for me. Thanks $40 worth.

## Reuther Urges Four-Day Week

### CIO Leader Advocates Controls on Increases in Automation

WASHINGTON (INS)—CIO president Walter Reuther advocated today that a four-day work week, higher minimum wages and earlier Social Security retirement be adopted in the U.S. to meet the problems of automation.

* * *

Reuther made his recommendations in prepared testimony before a congressional committee which is studying the possible impact on the national economy of automation or the expanded use of electronic machines to do work now done by manpower.

**The CIO leader urged a gradual reduction of the work week from the prevailing 40 hours to 35 speedy increase in consumer buying power to "cushion" the effects of automation.**

Reuther also proposed that the federal minimum wage, now a dollar an hour, be boosted to $1.25 "without delay" and an early retirement age under Social Security be adopted.

**RETRAIN WORKERS**

He also recommended expanded government programs in health, housing, schools, highways and other services, special aid for small businesses and retraining of workers to cope with increased use of electronics to replace men.

**The labor spokesman emphasized the CIO "welcomes" automation if proper steps are taken. He commented: "If we accept the challenge of the new technology, we can help to usher in an age of abundance and freedom the like of which the world has never known."**

However, he warned that failure to make adequate plans could lead to a "heavy price in unemployment and human suffering." Reuther testified:

* * *

"We oppose those who would introduce automation blindly and irresponsibly with no concern for any result except the achievement of the largest quick profit for themselves."

## Viet Nam Sect Ousts Aging Religious Leader

SAIGON, South Viet Nam (AP)—Military leaders of the Cao Dai religious sect have decided to oust their aging pope, Pham Cong Tac, reliable sources reported today.

Gen. Nguyen Thanh Phuong, Cao Dai commander in chief, was said to have held a secret meeting with other military leaders and reached the decision because of Tac's opposition to South Viet Nam Premier Ngo Dinh Diem. Phuong supports the Premier.

## Hollywood Headlines:

## Jersey Joe to Take Role in 'The Harder They Fall'

By LOUELLA O. PARSONS

HOLLYWOOD (INS)—Jersey Joe Walcott, who made the sports world stand still when he defeated Ezzard Charles for the world's heavyweight championship in 1951, is headed for Columbia Studios.

His first role will be with Humphrey Bogart in "The Harder They Fall." He'll be called El Toro in the film and will play an ex-prize fighter of giant size.

Jersey Joe believed his prayers were answered when he defeated Charles, and he had the whole world with him because of his fine religious spirit.

**HOLLYWOOD SAINT**

Eva Marie Saint, who's living up to her name and being so cooperative in "That Certain Feeling" which she's making with Bob Hope at Paramount, has "that certain feeling" for Hollywood. She is moving here permanently beginning right now.

It's not alone because she likes California and its way of life so much, but more importantly, because her husband, Jeffrey Hayden, has been signed to a director contract at MGM.

**"Wherever my husband's career is, that's where I'll be," very wisely says Eva Marie. This means she's giving up several Broadway show offers, but how smart she is to put her marriage first.**

Eddie and Debbie Fisher told me they are going to buy a farm—or a ranch I should say—in California. They want to own some horses.

They went horseback riding while they were in Kansas City and were crazy about it. So instead of a house in Beverly Hills it will now be a ranch in the valley.

I talked with them in New York and Kansas City before they came on for the big party Mike Todd gave them at Joseph Schenck's house. The whole town turned out and Debbie and Eddie were nice even to those who said they would not marry.

## Persistent Briton Trying to Teach Cuckoo to Cuckoo

LONDON (AP) — George Layer reports that he's trying to teach cuckoo to say "cuckoo" and is making some progress.

Layer found the bird when it was a fledgling last spring and made a pet of it. Bird experts say young cuckoos learn to say "cuckoo" by listening to old cuckoos who know how to say "cuckoo," Layer explained.

He didn't say how the first cuckoo learned, but then which came first, the egg or the chicken?

Having no old cuckoo handy, Layer has been trying to fill the gap by saying "cuckoo" whenever he meets his pet around the house.

"Only a cock cuckoo cuckoos," Layer told a reporter. "I am pretty certain from my cuckoo's reaction to my cuckooing that he's a cock. He's beginning to show more interest in the call, and I'm confident that by next spring, he'll be cuckooing like any other cock cuckoo."

OKLAHOMA CITY (AP) — There was a train derailment in Oklahoma City yesterday. The locomotive of Lincoln Park's minature railroad train ran off the track after striking a rock on one of the rails. Fifty youngsters riding in the open-air coaches behind were uninjured. In fact, they howled with glee.

## 4 Killed as 9 Vehicles Chain-Crash in Florida

PENSACOLA, Fla. (AP)—Four persons were fatally injured in a traffic accident involving nine vehicles on heavily traveled U.S. Highway 90 about four miles west of Pensacola late Saturday night.

Patrolman Fred Parish said a fast-moving automobile slammed into a line of cars halted for a truck making a left turn off the highway.

James W. Brockway and Billy McKinney Cooper, both 25, of New Hope, Ala., died at the scene. Malcolm S. Best, 27, and James E. McCloskey, 26, both of Pensacola, died later of severe burns.

# Busy Community Activities Building Included in UF Campaign This Year

By JANE WINDELER
Waterford Correspondent

Community Activities, Inc., with headquarters in the CAI Building at 5640 Williams Lake Rd. in Waterford Township, is the only newcomer this year to the Pontiac Area United Fund.

More than 1000 youngsters use the building weekly, in activities sponsored by the township recreation department or other adult groups.

The Saturday morning fun program, for boys and girls from 7 to 14 years old, includes gym games, arts and crafts, table tennis, shuffleboard and checker.

**Ballet classes for girls from 3 to 16 years are held Thursdays and Saturdays and ballroom dance instruction is offered boys and girls in grades 6 through 12 Mondays, Tuesdays and Wednesdays.**

The Young Mens' Athletic Club, for boys in grades 9 through 12, meets Monday nights and many family activities—archery lessons, camera guild, and fashion classes—are scheduled throughout the week.

Local service clubs and many other adult groups meet in the building regularly.

The CAI was launched in 1943 by the Waterford Women's Club, which had $1,000 in its treasury and a goal in mind—a community center for the area.

But the three-acre site and building they had settled on was going to cost $8,500 so they called for help. A Century Club was formed—seventy-five people, or families, each loaned $100, and the center was on its way.

* * *

The original building burned in January 1947. The present structure, constructed entirely by volunter labor, was ready for use the following New Year's Eve.

**On the main floor is located a gym-auditorium, kitchen, dining room, dairy bar, library (supported by the Book Review Club,) the women's club room and the CAI and Recreation Board offices.**

The second floor has four rooms, now used by the Waterford Board of Education, and a small auditorium. A basement room is used for arts and crafts and also outfitted with some Athletic Club equipment.

* * *

The CAI is managed by a Board of Directors, elected from its membership. Its operating budget this year will total nearly $30,000.

**LEARNS FUNDAMENTALS**—Instructor Byron Merritt points out fundamentals of basketball to a pupil in his class at the Waterford CAI Building. The CAI is included in the Pontiac Area United Fund drive for the first time this year.

## Kabaka of Buganda Returns From Exile

KAMPALA, Uganda (AP)— King Freddie, the 31-year-old Kabaka of Buganda, returned home to a tumultuous welcome today after two years exile in Britain.

Thousands of Africans roared out their tribal victory cry as the dapper young monarch stepped from a plane at Entebbe airport.

The Cambridge-educated Kabaka, Frederick Mutesa II, was exiled in 1953 when he opposed Britain's plans to federate his kingdom more closely with the three other provinces of the Uganda protectorate.

* * *

He was allowed to return under a new agreement which leaves him with fewer powers and puts more responsibility on his parliament.

## Lady Legh Dies Eight Hours After Spouse's Demise

LONDON (AP) — The American-born wife of longtime royal aide Sir Piers Legh died today, only eight hours after her husband succumbed. Ailing Lady Legh had been unconscious for several days and did not know of Sir Piers' death.

* * *

Sir Piers, 64, died yesterday at King Edward VII Hospital. His wife, 60, died at her apartment in St. James' Palace.

Legh married the former Sarah Bradford, daughter of a Nashville, Tenn., judge, in 1920, the year after he entered royal service. He served 17 years as equerry to the Duke of Windsor when he was Prince of Wales and later King Edward VIII.

* * *

He served as master of the royal household for King George VI and then for Queen Elizabeth II, until his retirement in 1953.

Sir Piers and Lady Legh are survived by one daughter, Mrs. N. R. Colville.

## New Chevrolets Go on Display on Nov. 4

DETROIT (AP)—Chevrolet says its 1956 model cars will go on dealer display Nov. 4.

Styling and engineering details of the new models are being withheld until the public introduction, W. E. Fish, general sales manager, said however, that the new line is the "most diversified in Chevrolet history."

He added that dealers are planning numerous special features for the introduction day. "The expense in showroom trim alone," he said, "will run well over three million dollars."

# ADA 'Advises' Major Parties

## For GOP, 'Drop Nixon'; Dems, 'Keep Principle of Liberalism'

By THE ASSOCIATED PRESS

Prospects for the Republican presidential nomination figured prominently in political talk yesterday.

* * *

And "advice" to both parties came from Chairman Joseph L. Rauh Jr. of Americans for Democratic Action, a political action group espousing New Deal and "Fair Deal" principles. Rauh told a New Jersey state ADA convention:

Republicans should "drop" Vice President Nixon as a 1956 presidential possibility because, Rauh said, the independent voter will "never swallow him." And:

**PARTY OF LIBERALISM**

Democrats should remember they are the "party of liberalism and that compromise and timidity have never won elections for them in the past, any more than they will in 1956."

Nixon's name cropped up in New York with the arrival of California's Gov. Goodwin J. Knight for a series of speeches at GOP meetings. Knight had been criticized by Nixon supporters in California for his announced plan to lead the state's big delegation to the Republican National Convention next year as a nominal candidate for president, even if that pitted him against a nixon-pledged slate.

* * *

Knight said "I'm not a candidate for president" even if President Eisenhower doesn't seek re-election, and "Nixon is all right with me if he's nominated. It depends on what the President's wishes are."

New York's Republican Atty. Gen. Jacob K. Javits said on a TV program it would be "logical" to assume his state's GOP delegation to the convention would offer former Gov. Thomas E. Dewey as a "favorite son" candidate for president.

* * *

Harold E. Stassen, the President's special assistant on disarmament, said on a separate TV program that "I do not consider myself a candidate" even if Eisenhower doesn't run.

# Boastful Swimmer Drowns Showing Off

NEW HAVEN, Conn. (AP)—A man who tried to prove he was a strong swimmer disappeared last night in the murky Quinnipac River.

* * *

Police Capt. John L. McSherry said the man, Joseph Baltzegar, 25, Orangeburg, S.C., dived into the water after getting out of a car in which he was traveling with Joseph G. Hammond of Miami, Fla. Hammond said his companion claimed he was a strong swimmer and dived in to prove it.

* * *

An officer saw him go under three quarters of the way across the 500-yard-wide river.

# MSU Slams Irish in Upset; 'M' Gets Scare, Wins

EAST LANSING (AP) — Michigan State, which was rated the nation's No. 1 football team in 1952 in the Associated Press poll, made a big bid to get back among the top ten teams with Saturday's convincing 21-7 victory over Notre Dame.

**Last week the Spartans were ranked 13th. It should be difficult for the nation's sports writers and sportscasters to overlook them in this week's balloting.**

In beating Notre Dame, the Spartans knocked off the No. 4 team. It may drop the Irish clear out of the top ten.

"It makes you feel like you're in the big leagues when you beat them," said MSU coach Duffy Daugherty after the game. "There isn't any team we feel prouder about beating than Notre Dame."

Michigan State gave a sharp, hard-hitting performance before the national television cameras. The game was beamed throughout the land in both color and black-and-white. After 60 minutes of slashing football, black-and-blue might have been more appropriate.

**Fullback Jerry Planutis was the Spartan star. The goat in last year's 29-19 loss to Notre Dame, Planutis scored the winning touchdown, set up the clincher with a recovered fumble and kicked all three extra points.**

Last fall Planutis missed two extra points — the difference between victory and defeat.

"We weren't worried about extra points this time," the elated senior from Hazelton, Pa. said in the MSU dressing room. "We knew we were going to win by touchdowns this time."

And, indeed, Michigan State played just that way—as though it was going to win.

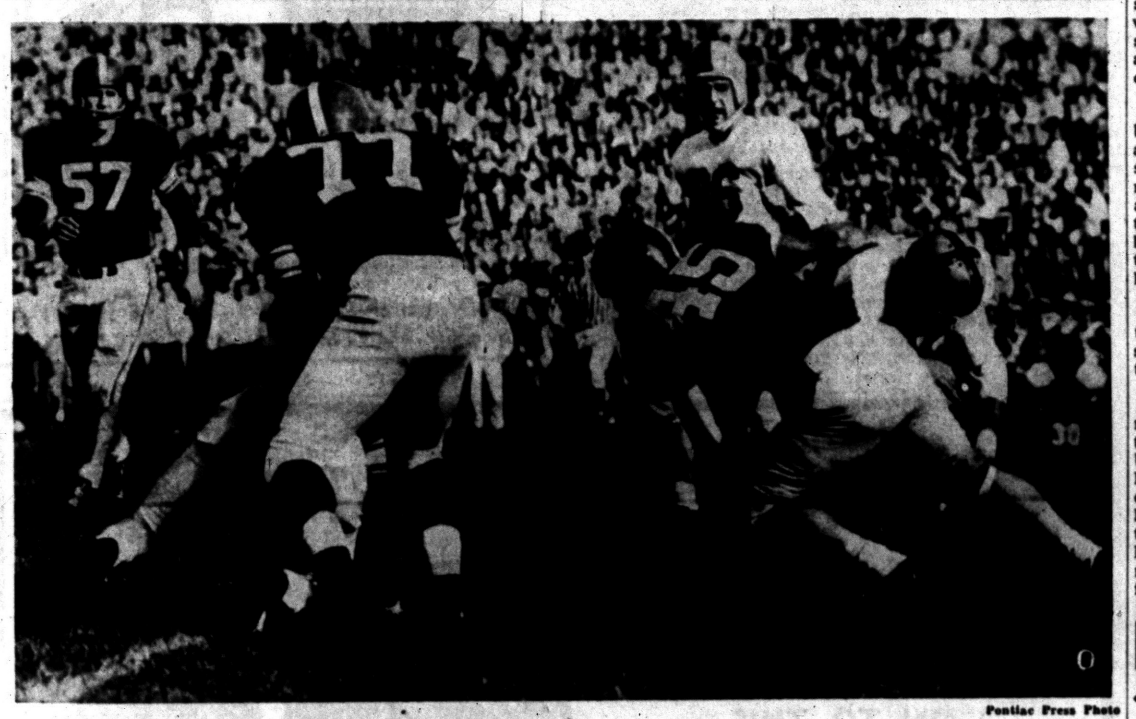

Clarence Peaks sent the Spartans into a 7-0 lead in the 2nd quarter, going over from the 3 after setting up the score with a brilliant 24-yard punt return.

Notre Dame tied it on a 40-yard pass play from quarterback Paul Hornung to Muskegon's Jim Morse.

**But Michigan State, refusing to rattle, moved 80 yards in the 3rd quarter for the winning touchdown, Planutis hammering in from the one—the 4th time this season he had scored from that point. As insurance, Earl Morrall scored from the one in the 4th quarter after Planutis recovered a ND bobble on the 16.**

Michigan State plays its homecoming game this Saturday, meeting Illinois.

* * *

Pontiac Press Photo

**SPARTAN STOPPED**—Gerry Planutis (No. 45, with ball) was stopped in this 2nd period action by Notre Dame's Bob Scannell, end, in Saturday's upset win by MSU, 21-7. No. 77 is MSU's Embry Robinson, No. 57 State's Norm Masters. The white-shirted Irish player is (No. 86) Paul Schram, end. This action followed the Irish TD in the 2nd period.

## McDonald Sparks Sooner 23-Game Winning Streak

NORMAN, Okla. (AP)— Tommy McDonald, Oklahoma's fleet left halfback, adds the spark that detonates the explosive ground attack of the third-ranked Sooners.

The junior from Albuquerque, N.M., started the 1955 football season with little fanfare. But in four winning games, McDonald has scored 42 points on 7 touchdowns and rushed 334 net yards in 41 carries for an average of 8.1 yards.

* * *

Lightning-like speed isn't all the blond bullet has to offer to keep alive Oklahoma's 23-game winning streak. He's completed six out of nine passes with a peculiar side-arm peg as he sweeps right after taking the pitchout. McDonald hasn't had a toss intercepted and the option pass play has earned him 106 yards.

* * *

Last Saturday, he crashed through to block a Kansas conversion attempt as the Sooners romped to a 44-6 victory.

* * *

As a sophomore, McDonald rushed for 128 yards and tallied two touchdowns. Asked why he has blossomed forth this season, McDonald says he's trying much harder. "But I wouldn't gain a foot if Billy Pricer, our fullback, wasn't there to throw the block and if Robert Burris, our right half, didn't make a great fake to hold the defense in until I can get around it."

By H. GUY MOATS

ANN ARBOR—There was color galore in the big University of Michigan stadium, Saturday afternoon. But most of it was in the kaleidoscopic gathering of some 183 high school bands — little in the big Ten game between Michigan's Wolverines and Northwestern's Wildcats.

But what there was in the game, Michigan's 4th straight win, came at the proper moments to give Maize and Blue a 14-2 victory.

**Wolverines, strangely lacking in aerial offensive power, came up with an alert defense that early in the opening period set the stage for what proved the winning tally. Then as the game faded into the final minutes Terry Barr, the ace for U. of M. in the Army tilt, set off a spectacular bit of fireworks, to account for Michigan's 2nd, and final scoring effort.**

In the meantime Wildcats caught Tony Branoff back of the goal line in the 2nd period, following a fumble, for a 2-point safety. Tony made up for this as the 4th period opened, with a startling "soccer" kick that caught Wildcat safety men way up front. Branoff dropped a pass from center, on what was to have been a punt from his own goal line. He tried to run it out, saw he was going to be trapped, booted the ball on the dead run. It sailed over the Purple defense, rolled to the NW 27.

Michigan scored in the 1st 5 minutes after tackle Al Sigman recovered a Purple fumble on the 15. Barr drove to the 2 in two tries and Earl Johnson drilled over for the TD. Maddock converted.

Three times in the second period Northwestern piled into Michigan territory, but the hard-working Wolverine front wall rose to the occasion each time to stave off the theat. First drive went to Michigan's 10. In the 3rd session the white-clad 'Cats rammed down field from their own 20 to Michigan's 5 where Sigman and Captain Edgar Meads (Oxford) stopped the NW workhorse, Jerry Weber.

That's where Michigan stood at the start of the final in the 1st minute of which Branoff got off his spectacular boot.

**One other brilliant piece of work by the Wolverines was Jim Pace's broken field dash at the midpoint of the 4th period. But, like in the Army game, it didn't count. Pace slipped through the Wildcats from the 13 for a TD, but Michigan clipped a 'Cat and the run went for naught.**

As in every other game of the year so far, "M" lost the statistical scrap. Wolverines made only 6 1st downs, to 10 for Northwestern.

There was little doubt but that the absence of All-America hope Ron Kramer had a profound effect on the Michigan aerial attack.

Wolverines' alert defenders included, besides Meads and Sigman, such stalwarts as Tom Maentz, Jim Orwig, Jim Bates of Farmington, Jerry Goebel (who was hurt during the contest) and Johnny Morrow.

## Gophers Give Major Test to Wolverine 'Flat Team'

ANN ARBOR (AP) — Michigan's "flat" football team gets a major test Saturday when it leaves friendly Michigan stadium for the 1st time this season for a visit to Minnesota.

**Michigan will be favored over Minnesota in the 46th renewal of this storied "Little Brown Jug" series, But the Wolverines won't have the home field advantage riding with them, considered by some as good for one or two touchdowns in any game.**

The last time Michigan journeyed to Minneapolis was in 1953. That was the year the Grophers, behind a brilliant performance by Paul Giel, beat the Wolverines for the 1st time in 11 games. The score was 22-0.

But last fall it was quite another story in Michigan stadium. Wolverines gave their peak performance, wrecking a good Minnesota team, 34-0. That was the game which gave rise to Michigan's faint Rose Bowl hopes, later crushed in the season's final game against Ohio State.

Michigan's Rose Bowl ambitions also will be on the line Saturday.

Following Saturday's 14-2 squeaker against Northwestern, the Wolverines are tied with Wisconsin for 1st place in the big Ten. Each is 2-0.

Michigan coach Bennie Oosterbaan said his team was "flat all the way" against Northwestern.

## Auburn Students Go Wild About Team's Victory

### Celebrate 14-12 Win Over Georgia Tech in School's Top Day

AUBURN, Ala. (AP)—Some 7,900 students were still celebrating today the greatest victory in Auburn's 64 years of football—a tremendous 14-12 triumph over Georgia Tech.

For Auburn, Saturday was the end of an era of frustration. It was the first Tiger victory over Georgia Tech since 1940. It put the East Alabama entry at the top of the Southeastern Conference standings with good chances of staying there. And it gave Auburn a string of 11 games since its last defeat, a 14-7 loss to Georgia Tech last season.

Clutch play by a sophomore end, a junior quarterback and a senior fullback plus a "Wreck Tech" formula devised by the coaching staff were the chief factors in the victory over the nation's fifth-ranked team.

## Spotlight Put on Texas Aggies in Southwest

### Upset Win Over TCU Brings Fourth Straight Plus Favorite Roll

COLLEGE STATION, Tex. (AP) — The youthful Texas Aggies, of whom their coach, Paul (Bear) Bryant, once said, "Nobody wants them but I'll take them," are the darlings of the crowd today.

The team that dropped nine games out of 10 last year, leading to Bryant's statement, has just finished winning four in a row—the first time an Aggie outfit has accomplished this feat in four years. They capped their comeback drive with a glittering 19-16 upset of undefeated, untied and nationally seventh-ranked Texas Christian last Saturday.

* * *

With only 11 lettermen and with two-thirds of the 56-man roster composed of sophomores, A&M wasn't expected to beat anybody much this season as Bryant entered his second season of rebuilding football at Aggieland. So, as the Aggies are elevated to the rank of favorites for the Southwest Conference championship, the big question is: "How was this team developed so quickly and from so much unknown and untested material?"

Bryant had this answer today. "They've got good fathers and mothers and they're just good kids and try hard."

* * *

With what Bryant describes as the smallest line in college football, the Aggies whipped Texas Christian's massive Horned Frogs in a game that drew the first sell-out of Texas Christian's enlarged stadium.

Bryant did a good recruiting job last year and he didn't confine his attentions to Texas—he brought in 13 boys from other states—but few of the youngsters were of the publicized variety. And Bryant hastened to say that it's his juniors who have performed better than expected, rather than the sophomores.

The Aggies meet Baylor here Saturday in the conference's headline game. A crowd of 42,000 — capacity—is expected. It will be a far cry from the turnouts of last season when A&M was playing them all hard but just didn't have enough to win.

## Planutis Grabs 2nd in Big Ten

### Gerry Close Behind OSU's Cassady With Ron Kramer 3rd

CHICAGO (AP) — Gerry Planutis, Michigan State's big man in the 21-7 victory over Notre Dame, moved into 2nd place in the Big Ten scoring race with Ohio State's Howard Cassady clinging to 1st place.

**Planutis scored one touchdown and added three extra points against the Irish to run his point scoring total to 32, four less than Cassady's 36.**

Cassady scored one touchdown against Duke to retain his lead while the injured Ron Kramer of Michigan slipped to 3rd with 5 points.

* * *

Wisconsin fullback Charley Thomas added two touchdowns in a losing cause against Southern Cal to move into 4th place with 24 points.

## Carter Captures Race; '55 Honors to Hinnershitz

WILLIAMS GROVE, Pa. (AP)— Duane Carter, Speedway City, Ind., rode to a record-breaking victry in the last AAA big car race at Williams Grove Speedway yesterday but it was Tommy Hinnershitz who walked off with 1955 honors.

* * *

Carter sped around the 50-lap, 25-mile course in 22 minutes, 14.83 seconds, almost four seconds faster than his previous record.

But Hinnershitz, of Reading, picked up 40 points for second place and 10 points for winning a heat to win the 1955 AAA Eastern championship with a point total of 540.

This was the last year for AAA-sanctioned racing.

ANN ARBOR—There was color galore in the big University of Michigan stadium, Saturday afternoon. But most of it was in the kaleidoscopic gathering of some 183 high school bands — little in the big Ten game between Michigan's Wolverines and Northwestern's Wildcats.

But what there was in the game, Michigan's 4th straight win, came at the proper moments to give Maize and Blue a 14-2 victory.

**Wolverines, strangely lacking in aerial offensive power, came up with an alert defense that early in the opening period set the stage for what proved the winning tally. Then as the game faded into the final minutes Terry Barr, the ace for U. of M. in the Army tilt, set off a spectacular bit of fireworks, to account for Michigan's 2nd, and final scoring effort.**

In the meantime Wildcats caught Tony Branoff back of the goal line in the 2nd period, following a fumble, for a 2-point safety. Tony made up for this as the 4th period opened, with a startling "soccer" kick that caught Wildcat safety men way up front. Branoff dropped a pass from center, on what was to have been a punt from his own goal line. He tried to run it out, saw he was going to be trapped, booted the ball on the dead run. It sailed over the Purple defense, rolled to the NW 27.

Michigan scored in the 1st 5 minutes after tackle Al Sigman recovered a Purple fumble on the 15. Barr drove to the 2 in two tries and Earl Johnson drilled over for the TD. Maddock converted.

Three times in the second period Northwestern piled into Michigan territory, but the hard-working Wolverine front wall rose to the occasion each time to stave off the theat. First drive went to Michigan's 10. In the 3rd session the white-clad 'Cats rammed down field from their own 20 to Michigan's 5 where Sigman and Captain Edgar Meads (Oxford) stopped the NW workhorse, Jerry Weber.

That's where Michigan stood at the start of the final in the 1st minute of which Branoff got off his spectacular boot.

**One other brilliant piece of work by the Wolverines was Jim Pace's broken field dash at the midpoint of the 4th period. But, like in the Army game, it didn't count. Pace slipped through the Wildcats from the 13 for a TD, but Michigan clipped a 'Cat and the run went for naught.**

As in every other game of the year so far, "M" lost the statistical scrap. Wolverines made only 6 1st downs, to 10 for Northwestern.

There was little doubt but that the absence of All-America hope Ron Kramer had a profound effect on the Michigan aerial attack.

Wolverines' alert defenders included, besides Meads and Sigman, such stalwarts as Tom Maentz, Jim Orwig, Jim Bates of Farmington, Jerry Goebel (who was hurt during the contest) and Johnny Morrow.

## Cranes Defeat Ohioans, 14-6

### Cranbrook Posts First Inter-State Victory Over Western Reserve

Quarterback Pete Hubert scored both touchdowns on plunges of one yard Saturday afternoon at Cranbrook to pace the Cranes to a 14-6 win over Western Reserve in their 1st Inter-State Prep League game of the season.

**Hubert's 1st score in the 1st period climaxed a drive of 55 yards and his 2nd tally in the last quarter completed a 71-yard sustained march. Bob Machus placekicked both extra points.**

The Ohio school scored its only TD in the 4th period on a nine-yard run by Tom Marks following the recovery of a Cranbrook fumble. Saturday's victory, witnessed by a homecoming crowd, was the Cranes' 3rd in four games.

Cranbrook's soccer team blanked Western Reserve, 3-0, on a 1st period goal by Jerry Dobson and last period scores by Jim Maas and Bruce McCaul. It was Reserves' 1st loss, giving both soccer clubs a 3-1 record.

## Halas Sees Title for Chicago Bears

CHICAGO (AP) — George Halas, owner-coach of the Chicago Bears, has high hopes his team will still win the Western Conference title in the National Football League.

The Bears finally broke into the win column yesterday by blasting the Baltimore Colts, 38-10.

## Lions Blow 4th Straight Tilt

DETROIT (AP)— For three quarters yesterday the Detroit Lions almost looked like the champions of old.

Then the illusion faded.

**Coach Buddy Parker's Lions blew an 18-point lead in the final quarter and were overhauled by the San Francisco 49ers, who dramatically pulled out a 27-24 victory with a three-touchdown surge in the final 15 minutes.**

Trailing by a 24-6 count, the 49ers struck for two quick touchdowns at the start of the final period, then won out in the final two minutes of play on one of the most unusual plays ever seen in Briggs Satdium, or any stadium.

Quarterback Y. A. Tittle of the 49ers fumbled a 4th-down pass from center on Detroit's 5, but recovered and pitched out to fullback Joe Perry, who skirted left end for the winning touchdown.

The weird play, stunning a crowd of 51,438, dealt the Lions a crushing 4th straight setback and virtually knocked them out of the Western Division race in the National Football League.

It is the worst start by the Lions since 1949, when they also dropped their 1st four games and wound up with a 4-8 record for the season.

The Lions not only lost the ball game, but lost the services of Bobby Layne. The veteran Texan was injured in the 2nd quarter. He suffered torn ligaments in his knee and doctors say he'll miss next Sunday's game in Los Angeles for sure, and possibly others.

**Layne's loss leaves the Lions with practically no offensive punch for their invasion of the West Coast in the next fortnight.**

Moreover, Detroit's pass defense—once the best in the circuit—is sadly lacking.

Throwing a wet ball on a muddy field, Tittle continually harassed the Detroit defense, completing 15 of 31 passes for 316 yards. He passed for one touchdown and set up two others.

* * *

Lions broke into a 14-0 lead in the 1st 20 minutes, capitalizing on a San Francisco fumble on the opening kickoff to knock the 49ers off balance.

* * *

Lions scored on five plays, Hoernschmeyer going over. They got their 2nd in the next period, Dave Middleton making the counter. Their third tally came in the 3rd following a 56-yard march.

A 17-yard field goal by Doak Walker provided the other Lion points.

Dick Moegle, Rex Berry got other 49er tallies.

## Ivy League Needs Crying Mop as Floods Hurt Receipts; Woody, Terry Criticize Officials

NEW YORK (AP)—Monday's football wash, and if there's anybody who doesn't need one, it's the Ivy League:

The torrential, flood-bringing rains which poured over the Atlantic Coast and New England area marked the fourth straight miserable weekend for Eastern football . . . Gate receipts are off and athletic associations are crying . . . But tears aren't confined to the business offices . . . Ohio State's Coach Woody Hayes says his boys were beaten by Duke on an illegal touchdown . . . He says movies show Duke halfback Bernie Blaney touched his knee to the ground two yards before he went over for one of the touchdowns which gave Duke a 20-14 victory . . . And Notre Dame's Coach Terry Brennan says the Irish once were caught with 10 men on the field, instead of 11, because of an official's error in the 21-7 loss to Michigan State . . . The official told Brennen he had 12 men on the field, Brennan pulled one and then counted . . . He was one short . . . "As it was it didn't matter," the young Notre Dame tutor said. "But it could have been costly."

* * *

With the departure of two-platoon football, the game is producing more players of varied talents . . . Fullback Gerry Planutis of Michigan State scored one touchdown against Notre Dame, set up a second and kicked three extra points . . . Dick Belton of Davidson threw two touchdown passes, scored another on a running play and made four placekicks in the 54-0 triumph over Washington & Lee . . . Purdue's Len Dawson pitched three touchdown passes, one on the final play of the game, and made good on two conversions in the Boilermakers' dramatic 20-20 tie with favored Iowa . . . Frank Sarno marshalled a 67-yard march and booted a 28-yard field goal for Washington State's points in the 9-0 win over Idaho . . . Sarno is a 25-year-old veteran of the Marines so such things come easy for him. . . . But one-man shows apparently aren't tolerated by Coach Art (Pappy) Lewis of unbeaten West Virginia . . . The Mountaineers rang up six touchdowns in beating William & Mary 39-13 and each was by a different man.

## Wings Rebound, Win 2

DETROIT (AP)—Led by big Gordie Howe, the Detroit Red Wings quickly checked their early season slide with a pair of convincing weekend victories.

With Howe scoring twice in each game, the Red Wings whipped Chicago 4-1 Saturda night and blanked Toronto 6-0 last night.

**It ended Detroit's 3-game losing streak and lifted the Red Wings out of last place in the National Hockey League. They're 5th but still five points behind the league-leading Montreal Canadiens, who haven't lost a game.**

Montreal has a 4-0-1 mark in a quick getaway aimed at ending Detroit's 7-year domination of the NHL championship.

Red Wings crammed all their scoring into the 1st two periods last night, then settled down to a lively fistic duel with the Maple Leafs.

Referee Frank Udvari handed out no fewer than 24 penalties—15 minors, 5 majors and 4 misconducts, a total of 95 minutes.

Howe drew a minor and misconduct midway in the final quarter, and left the game, but not before the right winger triggered two goals and picked up two assists. It gave him nine points for the season and the early league scoring lead.

Detroit's other marksmen were Ted Lindsay, Marcel Pronovost, Norm Ullman and Alex Delvecchio.

Rookie goalie Glenn Hall was called on to make only 16 saves while recording his 1st shutout as successor to Terry Sawchuk.

Two main events featured the final period of punching.

**Detroit's mild-mannered Red Kelly squared off with Eric Nesterenko in one match, while that veteran warrior, Lindsay, swapped punches with Jimmy Thomson in the other.**

Thomson tossed Lindsay's stick high into the crowd, and the Wings' fiery captain responded by grabbing Thomson's stick and giving it the same heave-ho.

The crowd of 12,543 got a pretty good show.

## Rain and St. Rita's Eleven Too Much for St. Frederick

A steady downpour of rain and St. Rita's football team were too much for St. Frederick's gridders Sunday afternoon at Hazel Park. Gene Wright's Rams dropped a 19-7 decision for their 18th setback in their last 21 games. The other three ended in ties.

**After sloshing through a scoreless 1st quarter St. Rita broke the scoring ice early in the 2nd period with one lightning thrust. Left halfback Jim Jacobs skirted right end and raced 50 yards for the touchdown.**

With four minutes remaining in the 1st half Ritas struck again behind the elusive running of Jacobs. The Parkers' halfback broke through the middle and dashed 30 yards for the tally.

Right halfback Jerry Trudell scored St. Rita's final touchdown near the end of the 3rd quarter. Trudell found an opening in the center of St. Fred's line and sprinted 12 yards for the six-pointer. An end run added the extra point.

St. Frederick tallied its lone score with four minutes left in the game. Dick Doyon, running from the halfback post, took a pitchout from quarterback Tom Derocher and galloped 48 yards around end for the touchdown.

Doyon converted on another circle of St. Rita's end to continue his heavy scoring this season. Of the 10 touchdowns scored by the Rams to date, Doyon has accounted for eight to lead the Catholic League in that department.

### 20 Points in 4 Minutes

## Eaglet Opportunists Scent SCL Title After 27-13 Victory Over St. Clement

An alert band of opportunists from Orchard Lake St. Mary racked up 20 points during a wild four minutes in the 2nd quarter Sunday afternoon at Orchard Lake, then coasted to a 27-13 victory over St. Clement in the "big one."

**Playing heads-up football, St. Mary's offensive-minded Eaglets capitalized on enemy errors plus creating a few breaks of their own to gain the inside track for the 1955 Suburban Catholic League championship.**

Sparked by quarterback Ted Kopacki, who gained 77 yards in four carries for a 19.2 yard average per try, Rev. John Rakoczy's club rolled to a 20-6 halftime advantage and added a 4th TD for good measure before flooding the lineup with substitutes in the last quarter. It was the unbeaten Eaglets' 4th straight win.

Center Line St. Clement scored 1st and last yesterday, but during the interim St. Mary continued its heavy point-making to bury the visitors. St. Mary yesterday maintained its average of four touchdowns per game.

Fullback Dick Daledine broke the scoring ice in the 1st quarter to give the Clements a 6-0 lead.

Orchard Lake took a lead it never relinquished in the 2nd period with four minutes remaining. Kopacki skirted left end for a 51-yard touchdown run. Gerry Leszczynski ran for the point and Eaglets led, 7-6.

**Then began the chain of events that broke the back of St. Clement. On the visitors' 1st play from scrimmage following kickoff, Daledine fumbled and end Pete Madelans scooped up the ball and dashed 31 yards for the score.**

After the next kickoff Daledine's pass on the 3rd play was picked off by Leszczynski. The Eaglet fullback went 37 yards for a TD. Kopacki passed to Stan Majewski for the point.

St. Mary tallied its last touchdown near the end of the 3rd quarter. Paul Franckowiak, left halfback, sprinted 31 yards for the tally. He then passed to end Pete Krystek for the conversion.

St. Clement tallied its 2nd touchdown against St. Mary's 2nd-stringers. A blocked punt handed the Clements possession on the Eaglet eight. Three plays later Daledine bucked over from the one and added the extra point in the same manner.

# Packers Share Top After Win Over LA Rams

## Cone's Late Field Goal Boosts Green Bay Into 3-Way Tie for 1st

By THE ASSOCIATED PRESS

It's been eight years since the Green Bay Packers have had a winning season in the National Football League, but now they're in a three-way deadlock for the Western Conference lead thanks to Fred Cone, who seldom has been spotlighted since leaving the Clemson campus five years ago.

It was Cone, a 29-yeár-old Alabama listed as a fullback on the Packers' roster but specializing as a placement booter, who kicked a 26-yard field goal in the final 24 seconds Sunday, snatching victory from the previously unbeaten Los Angeles Rams 30-28.

* * *

The victory sent the Packers into a tie with the Rams and the Baltimore Colts, themselves upset by the Chicago Bears 38-10, for the conference lead. The last time the Packers were eating that high off the hog was in 1947 when they finished with a 6-5 mark. The best they've done since was a 6-6 showing in 1952.

In the other Western Conference game, San Francisco's 49ers piled up 21 points in the last quarter to defeat winless Detroit, erstwhile conference champion, 27-24.

Cleveland Browns gained a share of the Eastern Conference lead with Pittsburgh by whipping the Washington Redskins 24-14 while the New York Giants finally turned the trick with a 10-0 victory over the Chicago Cardinals. It was the Giants' first 1955 success.

Pittsburgh beat Philadelphia 13-7 Saturday night to match Cleveland's 3-1 first-place record.

* * *

Cone was practically the whole show at Milwaukee as the Packers gained their 3-1 record. After booting only nine field goals all last season, Cone sent three through the uprights against the Rams—for 34, 45 and 26 yards.

The payoff placement lifted Green Bay from seeming defeat. Three minutes before, Jim Cason hauled in his third interception of the day for the Rams and ran it back 25 yards for a TD that put them ahead 28-27.

Quarterback Tobin Rote fired three touchdown strikes for the Packers, surpassing the team record hung up by the pass master Cecil Isbell. Rote now has 61 TD passes. Isbell tossed 59.

* * *

Big Ed Modzelewski powered for two touchdowns as the Browns knocked Washington out of a chance for a share of the Eastern lead. He bulled 6 yards for one and took a 5-yard pass from Otto Graham for the other. Two TDs within 3 minutes in the third period broke Washington's back.

The Giants took to the mud and slop much better than the Cards in New York and scored the first shutout in the NFL this season on a 28-yard field goal by Ben Agajanian and 6-yard scoring slide by Frank Gifford.

# Fallen Grid Giants Strew College Lists

The Associated Press

Out of the rubble of fallen giants of college football today there emerged three shining lights—three teams that well could fight it out for the mythical national title.

Michigan, Maryland and Oklahoma, all undefeated and all powerful, could go all the way. Yet, with the season only half over and most of the big names dumped along the way, even these three are not invulnerable.

The Wolverines still have a solid five-game Big 10 schedule to face starting with Minnesota this week. After that, they have Iowa, Illinois, Indiana and Ohio State, any one of which could rise up and whip them.

Maryland heads northward this week for a game with fired-up Syracuse, the same Orange team that unceremoniously trounced Army, a three-touchdown favorite, 13-0, last Saturday. If the Terps get by Syracuse, they'll have a clear path.

Oklahoma, with a streak of 23, goes against another undefeated outfit this week—Colorado. The possibility of another Big Seven team beating Oklahoma seems remote.

But then, look what happened to Notre Dame, Georgia Tech, Texas Christian, Washington, Rice and Princeton. All were favored at from one to three touchdowns and all had been undefeated. But when the blackest Saturday of the football season was over, all had tumbled into the debris of fallen giants

* * *

Notre Dame hadn't even had its goal-line crossed until the Irish came upon Michigan State. The Spartans cracked Notre Dame's 11-game winning skein and did it emphatically, 21-7.

Georgia Tech, the scourge of the Southeastern Conference, dropped a 14-12 decision to Auburn, and its Southeastern Conference lead along with it. Auburn, undefeated but tied by Kentucky, moved into the lead and favored spot for the Sugar Bowl plum come Jan. 1

* * *

Texas Christian, boasting one of its best teams in years, came a-cropper at the hands of a young Texas A&M team, 19-16. Bear Bryant, in his second year as head coach of the Aggies has done a fine job and his club almost certainly will be installed as conference favorite next year.

Washington, still at least one of the favorites for the Pacific Coast Conference championship, was beaten by Baylor, 13-7, while Rice, another Southwest Conference powerhouse, was shut out by Southern Methodist, 20-0. This, combined with Arkansas' 29-20 victory over Texas, threw the Southwest Conference race into merry confusion, as usual.

* * *

Princeton, which shaped up as the class of the Ivy League, couldn't cope with Colgate in a non-league tussle, 15-6. Yale moved to the front of the loop by nailing Cornell, 34-6. The Princeton-Yale game Nov. 12 could decide if it Princeton gets by Cornell this week.

Perhaps the most startling upset of them all was engineered by Syracuse over Army. Or perhaps it wasn't quite the reversal everyone would believe. The Cadets don't have a passer and the opposition can gang up on their runners. Don Holleder, the converted end, completed only one pass a game for three straight weeks. And against Syracuse he was shut out.

* * *

Michigan, the No. 1 team in this week's Associated Press poll, had to do some pulling and tugging before defeating Northwestern, 14-2. Maryland extended its winning streak to 10 over two years by turning back North Carolina, while Oklahoma rolled to a routine 44-6 triumph over Kansas.

So, going into the second half of the season, there are only 10 major undefeateds. Besides Michigan, Maryland and Oklahoma, there are Navy, Duke, West Virginia, Yale, Colorado, Boston College and Holy Cross.

Navy, probably the best of the East, battered Penn State Saturday, 34-14 and will be a prohibitive favorite over Army in the annual service game Nov. 26. Duke rolled past Ohio State, 13-7; West Virginia dumped William and Mary, 39-13; Colorado bumped Kansas State 34-13, Boston College shut out Detroit, 23-0, and Holy Cross defeated the Quantico Marines, 7-0.

COWBOY STYLE—End Dorne Dibble of the Detroit Lions leaped to take a pass ruled incomplete in 2nd period Sunday and appears to be comfortably seated on the head of George Maderos (40), San Francisco 49ers halfback. At left is 49ers back Hardy Brown. San Francisco won 27-24.

PUSH BALL OUTWARD—Let me caution against a mistake that is common with beginners. Don't lift the ball upward as you go into stride. Push it straight out in front of you, as if handing it to someone. Lift it high, as sketch shows, and it's sure to throw you off-balance as it drops downward and into the backswing.

It's the desire to get speed that induces the lift. Actually speed is regulated by the amount of push-away used. The further the arms are extended on the push-away, the larger will be the swinging arc, and the greater will be the natural speed.

If you are short, I suggest you hold the ball about chest high to begin with. If you are of medium height, hold it waist high, and if you are tall, drop it a little lower. In this way you'll generate medium speed, which is preferable for control.

# Rosewall and Hoad Reject Kramer's $50,000 Bids

SYDNEY, Australia (AP) — Ken Rosewall and Lew Hoad, Australia's 20-year-old Davis Cup twins, turned their backs on lucrative professional contracts today and announced they would remain amateurs.

* * *

American Promoter Jack Kramer had offered the two $50,000 each to join his troupe. Only last week, Kramer signed America's No. 1 Davis Cupper Tony Trabert, for an estimated $75,000.

But Rosewall and Hoad decided to stay with the sporting goods companies for which they work. In addition, Rosewall has been freed to do part-time work for a mine company, which will bring his salary to an estimated $6,600 a year.

* * *

"I'm going to remain an amateur at least two more years," said Rosewall. "It's been a worry and I'm glad the decision has been made. Lew made his and I made mine. We didn't influence each other."

When he heard of their decision in Los Angeles, Kramer admitted he was stunned.

"It hit me like a ton of bricks," he said. "But I still have Trabert and the obligation to make the best possible tennis show with him."

* * *

Kramer said he is considering asking pros Pancho Gonzales and Frank Sedgman, himself a former Aussie Davis Cup star, to join the troupe. Both have played for Kramer before.

## Jaguar D. Captures President's Trophy

HAGERSTOWN, Md. (AP) — The President's Cup, feature of the national sports car races, was won here yesterday by Sherwood Johnston, of Greenwich, Conn., who drove his Jaguar D at an average 87.9 miles per hour speed.

Co-feature with the 100 mile race was the Gov. McKeldin Purse, a 41-mile contest which was won by Paul O'Shea, Rye, N. Y., who averaged 76.5 m.p.h. in a Mercedes 300 SL. The races were held at the Fairchild Aircraft course at the airport here.

## Jersey Begins Work on Prize-Fight Film

HOLLYWOD (AP)—"Jersey Joe" Walcott, former world heavyweight boxing champion, reports to Columbia Pictures today for his movie debut in "The Harder They Fall."

Walcott will play a trainer in a prize-fight story starring Humphrey Bogart. Camera work will start in New York Oct. 31 and move later to Chicago.

## Kaline Named Best in American League

ST. LOUIS (AP)—Al Kaline, the Detroit Tigers youthful right fielder, has been named outstanding American League player of the 1955 baseball season in an annual poll by Sporting News.

Centerfielder Duke Snider of the world champion Brooklyn Dodgers was named the National League's most valuable player.

Former Michigan State pitcher Robin Roberts of the Philadelphia Phillies and Whitey Ford of the New York Yankees were selected as the outstanding pitchers in the two leagues.

Kaline, who paced both leagues with a .340 batting average, had only a 10-vote advantage over the Boston Red Sox' Ted Williams.

## Nelson Winner as Pileup Halts Stock Car Race

LAS VEGAS, Nev. (AP)—A scheduled 200-lap stock car race was halted yesterday because of an 11-car pileup and Norman Nelson of Detroit, driving a 1955 Chrysler, was declared the winner.

The pileup occurred on the 75th lap and the field continued at a slow pace. When the jam could not be cleared the race was stopped at the 111th lap.

No one was badly injured.

## Davey Eyes Bid After 2nd Comeback Victory

DETROIT (AP)— Chuck Davey, who punched out a unanimous 10-round decision over Alan Kennedy for his 2nd comeback victory, is biding his time about lining up another fight for the immediate future.

"But I'm always looking and will always listen to any reasonable offer," the 30-year-old former Michigan State University boxer said yesterday.

Davey looked good in his victory over Kennedy. He said he found the Bay City fighter "rugged" and that Kennedy "had a good punch."

# 'Jug' Battle Tops for Week in Big 10

CHICAGO (AP)—The Big Ten's only undefeated team, Michigan, battles Minnesota Saturday in the tradition-loaded grid game featuring the Little Brown Jug.

While these ancient rivals hack away at each other, Wisconsin clashes with Ohio State in a game of undefeated conference rivals.

**Wisconsin suffered its only loss at the hands of Southern Cal Friday night and Ohio State, winner of its only Big Ten game, has lost twice to intersectional foes.**

Michigan State, victor over Notre Dame, goes against Illinois and Indiana and Northwestern stage another conference battle at Evanston.

Notre Dame, smarting from its upset loss to Michigan State, meets Purdue at Lafayette. The Irish have several reasons for wanting this victory. First to rebound after their 21-7 loss to the Spartans, and, secondly, to avenge last year's only defeat which was administered by Purdue.

Michigan, the nation's No. 1 team, will be a bit more wary of the Gophers following its close shave against Northwestern. Wolverines beat the Wildcats 14-2 but the victory was not assured until the 4th quarter after Michigan had turned the Wildcats away from its goal twice.

**Illinois and Michigan State battle to break a tie for 4th place in the Big Ten standings. The situation is ripe for an Illinois upset but the Spartans show no other signs than improvement.**

Illinois beat Minnesota, 21-13, but Michigan State will prove to be a much tougher foe.

Purdue comes off a 20-20 tie with Iowa in its battle against Notre Dame. The Irish will be up for this one but the Boilermakers always play their best against Notre Dame.

Iowa goes to UCLA Friday night and Big Ten teams haven't shown too much on the coast. Illinois beat California out there but Minnesota, Ohio State and Wisconsin all met with defeat against Pacific Coast foes.

Unless the Indiana-Northwestern game ends in a tie, only one conference team will remain without a Big Ten victory. Both have lost two conference games and the Wildcats are the only team in the league without a single triumph this season. Indiana scored its only victory against Villanova, 14-7.

RUN PETERS OUT—This was the 2nd attempt in the 2nd quarter of Saturday's U. of M., Wildcat game at Ann Arbor by Northwestern Halfback Oliver Lindborg to run around right end but he was knocked out of bounds seconds later. It netted him 3 yards. A previous run gained only 4 yards as he met the Michigan line. Nearest Lindborg is Michigan back Lou Baldacci.

Bluebird Sinks in Lake

# Campbell Fails to Break Speed Record as Rising Swells Hamper Hydroplane

LAS VEGAS, Nev. (AP) — Don Campbell of England and his watersoaked, jet-propelled hydroplane, the Bluebird, hope for another day of speed, but not like yesterday.

What happened?

The Bluebird failed to break its own world record.

And then it sank in Lake Mead while being towed back to shore an hour after the attempt.

Vicious swells brought on by Sunday pleasure craft drivers in scores of boats probably were the reason for the twin misfortunes. Campbell and his crew of many helpers, working far into the night, pulled the 4,000-pound craft out of the water from a depth estimated at 50 feet or more and hauled it back ashore.

The engaging young Britisher, who set the international record in England last July with a speed of 202.32 miles an hour, said it would take about four weeks to get the Bluebird ready for any more speed trials.

Events yesterday, before a national television audience, climaxed a run of bad luck for the 34-year-old son of the late speed king, Sir Malcom Campbell.

The first run of the Bluebird over the measured mile course in front of desolate Buror Island was timed in 147.179 m.p.h. As Campbell refueled the 50-gallon tank for the second run he flatly announced he had no hopes of breaking the record.

The second blast away was timed at 162.822, and the official average for the attempt for a new record was a flat 155 miles an hour.

* * *

Even before the two runs he told intimates he did not fancy the prospects. There were too many boats swishing around on the lake. The least commotion of the water can be fatal for a jet boat banging away at 200 miles an hour.

After the second run was over, the Bluebird flamed out, which means in simple language that the turbine engine died. This is not unusual for this type of boat. Campbell and the Bluebird floated around while patrol boats tried to keep other craft from getting near.

Then they started to tow the Bluebird in. Apparently the choppy waters, even heavier by this time, sloshed into the jet pipe at the rear and overbalanced the boat. It went down by the stern.

## Sauer, Jensen Shine in Benefit Contest

MODESTO, Calif. (AP) — Hank Sauer and Jackie Jensen hit home runs last night as major leaguers defeated minor leaguers, 12-1, in Modesto's annual charity baseball game.

Jensen, of the Boston Red Sox, connected with a man on base in the first inning. Sauer, of the Chicago Cubs, hit his with the bases full in the second.

## Gigantic Outlines of Chalk Statues Seen in Britain

LONDON, Eng.—The outlines of gigantic chalk figures cut centuries ago in a Cambridgeshire hillside in England have been revealed by soundings made to find hollows in the chalk.

One giant near Stapleford had been overgrown and not seen for 100 years. Alongside are other figures believed to have been cut at least 1,800 years ago. One is a female giant with a chariot and a horse.

Discoverer is T. C. Lethbridge of the Cambridgeshire Museum of Archaeology and Ethnology. After making his soundings he placed sticks in the hollows and thus formed pictures of the figures.

A male giant, 100 feet high, is wielding a short sword or dagger. Even the man's nostrils have been plotted.

STATE OF MICHIGAN
IN THE CIRCUIT COURT
FOR THE COUNTY OF OAKLAND
In the matter of the petition of the City of Pontiac for condemning of private property for the acquisition of certain lands in Assessor's Plat 119, City of Pontiac for the establishment of a Municipal Parking Lot for off-street parking in the vicinity of Lafayette, Wayne and Pine Streets in the City of Pontiac as a necessary public improvement for the use and benefit of the public. No. L-38841.
ORDER FOR APPEARANCE OF MRS. FRANCES N. SWISHER
To: Mrs. Frances N. Swisher.
15 Ledyard Road,
Winchester, Massachusetts.
At a session of said court held at the Court House in the City of Pontiac, County of Oakland, State of Michigan, on Monday the 26th day of September, A.D. 1955.
Present: Honorable Frank L. Doty, Circuit Judge.
This date being the return day of the Summons issued by the Clerk of the Court and it appearing from the return of the Deputy Sheriff on file in said cause that the respondent, Mrs. Frances N. Swisher cannot be found within the County of Oakland and has not been served with the Summons heretofore issued by the Clerk of this Court, and
It further appearing that said respondent, Mrs. Frances N. Swisher, is a non-resident of the County of Oakland and State of Michigan and is a resident of Winchester, Massachusetts and has not voluntarily appeared in said cause according to affidavit on file, and
It further appearing that said respondent, Mrs. Frances N. Swisher, is the owner of Lot 79 of Assessor's Plat 119 of the City of Pontiac and that service of Summons has been made on the other respondents.
It is therefore ordered that, said respondent, Mrs. Frances N. Swisher appear on October 31, 1955 and show cause why the prayer of the petition on file in this cause should not be granted.
It is further ordered that a certified copy of this order be personally served on such respondent wherever found if practicable at least six days before October 31, 1955 the time named in this Order for Appearance of said respondent.
It is further ordered that a certified copy of this order be published for three successive weeks at least once in each week in a newspaper published within the City of Pontiac, the last publication to be at least six days before the date fixed in the Order for Appearance.
It is further ordered that the Affidavit of due service and the publication of the Order for Appearance shall be filed in the Clerk's office and shall be sufficient evidence of service on the respondent, Mrs. Frances N. Swisher, and of the manner of such service.
FRANK L. DOTY,
Circuit Judge.

STATE OF MICHIGAN,
COUNTY OF OAKLAND, ss.
I, Lynn D. # Corn, Soy Up Despite Volume

CHICAGO (AP) — Corn and soybeans scored small gains on the Board of Trade today even though cash arrivals of both cereals were very large.

The upturn in these two grains was not matched by the rest of the list. Wheat had a distinctly easy undertone at the opening, although managing to recover most of its loss as trading progressed. Dealings were fairly active in soybeans but slow elsewhere.

Wheat near the end of the first hour was ⅛ to . lower, December $2.02 6-8; corn unchanged to ⅜ higher, December $1.27⅛; oats . to ½ lower, December 62⅝; rye ¼ lower to ½ higher, December $1.06½; soybeans ¼ to 1¼ higher, November 2.33¼, and lard 17 cents to 15 cents a hundred pounds higher, October $13.00.

## City Youth Injured in Two-Car Smashup

ROMEO—Leon Johnstone, 17, of 4960 Estes Dr., Pontiac, was reported in "good" condition today at Pontiac General Hospital after he suffered a concussion in a two-car crash on 32-Mile Road near Townsend Road early Sunday morning.

The car in which Johnstone was riding, driven by Jose Garcia, 15, of 4791 Georgia Dr., Pontiac, was stopped at the side of the road while Garcia tried to help a man whose car was in the kitch, Romeo State police said today.

As he stepped back into his own car, it was struck from behind by Kathleen J. Brough, 26, of Oxford.

Dogs rarely live beyond 20 years, cats live longer.

# Mart Scores Modest Gains

NEW YORK (AP) — Modest gains were scored today in the stock market in early dealings.

Prices were up around a point at the best. Losses usually were small. Trading started with its customary rush and then subsided.

Du Pont, which has been unusually strong in recent session in the midst of Wall Street split rumors, opened on 1,900 shares up 7½ at 220.

There were several other good blocks on the tape. Chrysler gained a point at 93½ on a starting block of 1,000 shares, and General Motors was up ⅝ at 131⅞ on 1,000 shares. Westinghouse Electric, faced with a strike, opened off ½ at 55½ on 2,500 shares.

Most major divisions were higher. There were no definite losers. The best showing was made by steels, motors, aircrafts, chemicals, and oils.

## Quiz Sponsor Gets a Bargain

### Highest-Rated $64,000 Program Costs Only $74,000 Weekly

By JACK O'BRIAN

NEW YORK (INS) —Bishop Fulton J. Sheen has brought his talks back to ABC-TV with a tasteful new setting, all classical lines and columns and class.

**His reasonable analysis of the Communists was brilliant as he traced the shift not in Red philosophy but in tactics . . .**

His capsule analysis of their loudly publicized smoking of propaganda peace pipes: "I would advise our Western diplomats to watch and see if they are inhaling."

Bishop Sheen's radio version of his TV talks start Thursday . . .

**CHEAPEST SHOW**

The $64,000 Q. costs the sponsor $74,000 a week, for everything, network included . . .

Cheapest big-rated show on TV. Its new problem is a dandy—finding contestants who fail: too many smarties spoil the show, brilliance becomes monotonous.

**The show is the unquestioned leader of all TV surveys and has posted the highest ARB ever encountered in New York City—73.5 . . .**

The figure is a 61-point boost over its debut last June . . . just 23 points ahead of the No. 2 show, Ed Sullivan.

If the $64,000 Q. didn't air so many commercials there would have been time for Paddy Keogh to be asked his $32,000 puzzler . . .

It seemed a disservice to Don Self, who selected "Mythology" as his march to the bank and got close to $8,000 last week, to leave him off while the show dawdled through sales pitches and small talk . . .

**GOBEL TOO CUTE?**

George Gobel will have to be very cautious this season — his stylized cuteness is close to parody and his tricks could suddenly grow very transparent . . .

Peggy King is awfully cute, but you can see her arranging the cuteness like a precision instrument. the studied slow drop of the head and the carefully shy raising of the yes . . .

**Gobel's description of TV dramatist Paddy Chayevsky was a dilly: "The Zane Gray of the Bronx."**

It's the 8th TV network birthday of Kukla, Fran & Ollie and many happy sponsored returns of the day to the nicest gang in TV . . . they've been in TV since 1939, by far the longest established floating fun game in the channels.

Because he's twice as smart as most anyone, NBC will make its Nov. 6 "Elder Wise Men" telecast conversation with Herbert Hoover twice as long as its customary half hour.

**The entire film was considered so superior that it was decided not to cut it to the customary 30 minutes, but to give the nation twice as much of the great gentleman's comments and opinion.**

"Climax" is clobbering "Dragnet" in the ratings . . .

There is a foolish preponderance of commercials in "Mickey Mouse Club" but it is out-rating its competition . . .

**POOR MILTIE!**

While Milton Berle was bemoaning the physical drain of his 13 colorcasts this season he was in negotiation with the Riviera Hotel in Las Vegas for two Christmas holiday weeks at $100,000.

Peter Lind Hayes will star on Godfrey's "Friends" next time he vacations, in November . . .

The new "Talkaround" CBS-TV chattercast for youngsters was fascinating. Katherine Copeland controlled the klatch in firm fashion, seemed almost as young as her charges, whose earnest, intelligent faces formed wonderful TV pictures of young attractive enthusiasm.

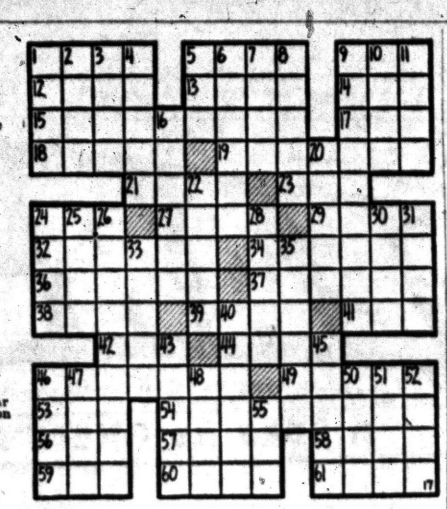

**NBC-TV gets the Nov. 4 Sugar Ray Robinson-Bobo Olson fight. Theater-TV almost got it . . .**

"Lucy" will stay on CBS through the '56-'57 season if CBS wants it that way; Desi wants to switch to a full-hour "spectacular" with music and guests stars and, of course, more money.

If you think you've seen Patricia Cutts of "Down You Go" before, you have: She was Patricia Wayne when she acted in movies (such as "Eye Witness," with Bob Montgomery) . . .

About 654 pounds of various raw materials are needed to produce one 376-pound barrel of Portland cement.

## Santa Cruz Damsels Prove to Be Bashful

NOGALES, Ariz. (AP) — There's plenty of local pride in the manly hearts of the Nogales Elks Club, but it appears that the maidens of surrounding Santa Cruz County are a bit bashful.

Last week the Elks announced a contest to name Miss Santa Cruz County, who'll compete in the Miss Arizona contest at the state fair.

No one showed up.

Contest Chairman Carlos Jury announced another contest yesterday for Oct. 25. Just to make sure the county is represented at the fair, Jury said, Margaret Davidson, 18, agreed to compete.

So far, she is the only entrant.

## 'Quick-Draw' Contest Ends in Lad's Death

UNION, Mo. (AP)—Sheriff H. Bill Miller says an 18-year-old youth was accidentally shot and killed as he and a friend held a "quick draw" contest.

He identified the victim as Charles G. Muehling, who was shot Saturday night at a Bourbeuse River clubhouse where he had gone for a weekend outing with two companions, Frank Laura, 21, and Vincent Oliver Baum Jr. All were St. Louis youths.

The sheriff said Baum and Muehling began practicing "quick draw" with .22-caliber target pistols.

Muehling was struck in the chest when Baum's pistol accidentally discharged, Miller said.

## Deaths Last Night

CHICAGO (AP)—Prof. Carl R. Moore, 62, internationally known authority on the biology of sex and a pioneer in hormone studies.

LONDON—Dr. Thomas H. Jones, 85, mystery man of Whitehall who served as adviser to four prime ministers.

ATHENS, Greece—Former Greek Premier Demetrius Maximos, 82.

DES MOINES—Roy Meadows, 62, nationally known trapshooter.

SAN DIEGO, Calif.—Capt. John Wesley Timmons, 77, former naval aide to Presidents Taft and Wilson.

TEL AVIV, Israel—Prof. Mark Wischnitzer, 73, Jewish historian.

SALEM, Mass.—Christian Lanz, 89, one of the founders of the playground system in the United States and former general manager of the Salem YMCA.

PORTLAND, Maine—Constant Southworth, 82, Portland and New York city industrialist.

NEW YORK—Miss Kate Wollman, 85, philanthropist and member of a pioneer Leavenworth, Kan., family.

WASHINGTON—William T. Polk, 59, associate editor of the Greensboro (N.C.) Daily News.

## Half of Swimming Pools in U. S. Listed Private

CHICAGO — Almost half of the 23,000-odd swimming pools in this country are privately owned.

At the end of World War II there were only 8,000 pools in the nation. Two years later the total had climbed to about 11,000, four fifths of them public.

Builders estimate 1955 pool construction at a record 7,200 jobs costing about $160,000,000.

## Widower Makes Hobby

SPANISH FORK, Utah (AP)—Roger Beck, 85-year-old widower, has a hobby which he describes this way:

"I help old people."

Beck, whose invalid wife died earlier this year, does such things as chopping kindling and preparing meals for widows, widowers and elderly people whose health isn't as good as his own.

Beck doesn't quote Scriptures or philosophy in talking about his hobby. He says he just does it "because they need a little helping out."

## Province Needs Painters

BELFAST, Ireland—While many Northern Ireland painters are unemployed there is painting work all over the Province "just crying to be done," P. Duffy, spokesman for the National Society of Painters, said in Belfast.

"If all the work that should be done was carried out there would not be enough painters," he said. "The government and leading industrialists do not appreciate the value of paint — how it can prolong the life of property and machinery and cut maintenance costs."

## Handsome Italian Wooer Riddled With Bullets

ROME, Italy—Vittoriano Dernadini, handsome and 20, didn't last long in the hamlet of San Nicandro, Italy.

He rode in on his bicycle, with a permanent wave kit in his satchel, and set up a hairdressing shop. Soon the village girls—married or single—were queueing for hair-dos.

The belle of Nicandro jilted her other suitor for him. One night as he rode home he was riddled with bullets. Police have made no arrests.
