PREVIEW PEEK—Returning to Longfellow Elementary School to enter the second grade yesterday, Karen Sparkman thoroughly "cased" the place before stepping a patent-leather-shod foot inside. Karen, daughter of Mr. and Mrs. Arthur Sparkman, 61 N. Tasmania, is among Pontiac's first-through-third graders who attended half-day sessions yesterday and today and will begin regular classes tomorrow.

China Rules Out Talks—Japanese

TOKYO (UPI)—Japanese correspondents in Peking said today Chinese Communist Foreign Minister Chen Yi had ruled out the possibility of any U.S.-Chinese talks on the Vietnamese war and that there was no change in Peking's hard line policy toward the United States and Russia.

Japan's Yomiuri and Mainichi newspapers and the Japan Broadcasting Corp. (NHK) released a statement by an 11-man Japanese Liberal-Democratic party mission in Peking in which they "supplemented" Chen's Tuesday statement.

The Chen statement reported previously by Japanese correspondents said China did not

See Analysis, Page B-7

want a "clash" with the United States and was "not necessarily dismissing" the idea of Viet Nam peace talks.

This had roused hopes in Washington of a possible softening of Peking's hard line.

This had caused some amazement in Washington because of a fiery statement issued yesterday in Warsaw by Chinese Communist Ambassador Wang Kuochang denouncing what he called the U.S. "peace talk swindle" and warning that if the United States started a war with China the Chinese would "pursue it to the end."

The Japanese Mission in Peking said they were supplementing Chen's reported statement "because there had been varieties of interpretations of it."

Their "supplement" deleted references to possible U.S.-Chinese Viet Nam talks.

REAL EYEFUL — Nancy Gerada Ackert, Miss Michigan, swishes down a ramp as she parades in last night's evening gown division of the first round of Miss America competition in Atlantic City. (See story, page C-4.)

Ferency Flails While Romney Is All Smiles

Dem Hopeful Admits Swinging From Floor Before State Group

DETROIT (AP) — Zoltan Ferency was "swinging from the floor" at George Romney, but 27 minutes of such swinging brought only smiles and a one-minute rebuttal from Michigan's governor yesterday.

Ferency, Democratic candidate for governor, verbally assailed Romney before 1,000 delegates attending a Michigan Municipal League convention.

The Republican governor smiled when the Democratic state chairman said he expected the audience to tell itself that "There goes Ferency, swinging from the floor again at George."

"Sure I'm swinging from the floor," Ferency said, turning toward Romney. "It takes a little swinging to wake up some of the people of Michigan."

Ferency urged the audience to "take a good look behind the (Romney) image and you will see nothing but another politician who couldn't care less if half the cities of the state burned down."

LOOKS CONCERNED

Michigan politics, he said, "has become" the arena where a governor is elected because

Park Tax Issue Back to Board

More Debate Due on Ballot Levy Revision

Action yesterday by an Oakland County Board of Supervisors committee will reopen debate by the full board on the park development tax election issue.

The board of supervisors last month authorized that a proposal to levy $\frac{1}{4}$ mill for park development payable over 10 years be put to the voters Nov. 8.

This proposal had been recommended to the full board by the ways and means committee.

But two weeks ago the county's parks and recreation commission went on record as favoring a $\frac{1}{4}$ -mill levy over five years.

Commission members felt the lower levy, which would raise about \$2.5 million in local tax revenues would have a better chance for voter approval.

4-4 DEADLOCK

The commission appealed to the ways and means committee for support of this revision but a vote on the change yesterday by the committee was a 4-4 deadlock.

Ways and means members then voted 5 to 3 to bring the matter to the full board again Sept. 19 for open discussion.

More Troops Needed to Win in Viet—Taylor

TOKYO (AP) — Gen. Maxwell D. Taylor said today the Communists have no hope of winning in Viet Nam, but he added that more U.S. troops and more air strikes against North Viet Nam will be needed to bring them to terms.

Taylor, retired chairman of the U.S. Joint Chiefs of Staff and former U.S. ambassador to South Viet Nam, told an audience which included Prime Minister Eisaku Sato that the Communists are depending on a break in the morale or determination of the United States and its allies.

"I am convinced that they

are wrong and that they underestimate the character of the American people and their like-minded friends," Taylor said at a luncheon meeting of the Riji Press Institute in Tokyo.

Taylor, still an adviser to President Johnson on Viet Nam, said the military campaign had gone well this year.

"There have been an estimated 31,000 enemy killed, over 4,000 prisoners taken and over 7,900 defectors," he said. "If one adds some reasonable figure, such as 60,000 to account for the seriously wounded, we see the total enemy manpower losses are in the vicinity of 100,000."

He said "to replace such losses by the painfully slow methods of infiltration under air attack must present a very serious problem to the enemy leaders."

"Surely the latter must be perceiving that there is no further possibility of a military victory in South Viet Nam."

Taylor said the United States believes that so far this year North Viet Nam has infiltrated 40,000 men, while the figure for the whole of 1965 was about 25,000.

Taylor said 54 per cent of South Viet Nam's 15 million people were now securely under Viet Cong control. But he said that more U.S. ground troops will be needed in South Viet Nam before the United States is able to "break the back" of the main force Communist units.

He added that raids against North Viet Nam will continue, since air strategy "constitutes an important incentive to the Hanoi leadership to come to the conference table which, if withdrawn, would greatly reduce the prospects of an early settlement."

SCOUTS RECEIVE CHECK — Area Scouts Randy Joseph (left, center) of 113 E. Fairmont and James Walton of 6251 Willow, West Bloomfield Township, proudly display a check for \$75,000 from General Motors Corp. to the Clinton Valley Council Boy Scouts of America.

America Lost Lake Reservation Development Fund. John Z. DeLorean (left), general chairman of the drive to raise \$550,000, presented the gift to Robert M. Critchfield (right), major gifts chairman.

GM Gives Scouts \$75,000 Gift

A healthy shot in the arm was given to the Clinton Valley Council, Boy Scouts of America, Lost Lake Reservation Development Fund today when General Motors Corp. turned over a check for \$75,000 to the fund drive.

This is the largest single contribution to the campaign and brings to \$450,236 the total amount raised to date.

The drive's goal is \$555,000.

Major gifts division chairman, Robert M. Critchfield, turned over the GM contribution this

morning to John Z. DeLorean, general campaign chairman for the Lost Lake Development Fund.

DeLorean asked two scouts, 10-year-old Randy Joseph and 13-year-old James Walton, to help in the presentation ceremony.

11,000 SCOUTS

The two boys are symbolic of the more than 11,000 scouts in the Clinton Valley Council who will be using the Lost Lake Camp.

The campaign to purchase and develop 2,284 acres of land near Clare for use as a Boy Scout reservation is now nearing completion.

Critchfield reported that a total of \$305,506, or 85 per cent of the Major Gifts Division goal of \$360,000, had been raised so far.

He said all firms in the 33 townships of Oakland and Macomb counties that make up the geographical area of the Clinton Valley are being contacted and asked to contribute.

DRAWS APPROVAL

"This project has received approval, endorsement and enthusiastic support by related United Funds and Councils," Critchfield added.

"Evidence of this support is the Detroit Foundation Grant of \$150,000 toward the land purchase of Lost Lake Reservation. And even though General Motors contributes to the Detroit Foundation, I'm especially pleased that the corporation donated so generously to the Lost Lake Fund."

Weather Summary: Summery

Late summer days in the Pontiac area will continue sunny and mild through Saturday.

Temperatures will continue mild with lows tonight near 48 to 54. Highs will be a little warmer tomorrow, a pleasant 75 to 82.

Light variable winds will continue.

The weatherman reports there's little chance of any rain through tomorrow.

The low prior to 8 a.m. today was 50. By 2 p.m. the mercury had edged up to 76.

Entertainment Threat to Christendom

(EDITOR'S NOTE) — This is the third article in a five-part series by the Rev. David Poling, associate editor of the *Christian Herald*, who has been appointed a special writer and consultant on religious news for the *News-Press Enterprise Association*.

By DAVID POLING
NEW YORK (NEA) — Today many would point to "godless" communism as the biggest threat to Christendom. It isn't. What often seems most obvious, creating alarm and attention, distracts us from the real enemy within. Spell it: entertainment.

The drive-in theater, the slick magazine and the porta-

ble television are pouring out a message, a "gospel" that is capturing converts by the millions.

The big stars, the clever journalists, the swinging musicians are in head-cracking competition with the clergy and the average churchman doesn't even know it.

Right now we have a landslide of entertainment. People young and old are seeking excitement and stimulation in a dozen ways.

POWERFUL GRIP

Those who can provide this stimulation of the senses have a powerful grip on the enter-

tainment industry which rivals the space program when it comes to dollars.

For example, Frank Sinatra and his friends may or may not be years standard of behavior and personal ethics for young people.

Yet their influence on television programming, their power in the recording industry and sales outlets, their participation in movie after movie, their involvement in the activities of Las Vegas culture, gives you a vague idea of how vast one singer's empire can be.

Entertainment has given us a new religion of success and James Bond is its prophet.

The fantastically successful movies of "Dr. No," "Goldfinger," "From Russia With Love" and the stopper of them all, "Thunderball," are pecking people in by the millions.

Yet few, including those within the church, have really challenged the violent anti-Christian suppositions of these films.

The primary thesis of all the films is Bond's right, not duty, to kill.

And the manner in which he kills becomes so absurd in humor and clever devices (ejection seat, attaché case dagger, punched air hose) that children laugh all the way home.

After seeing two films, "Dr. No" and "Goldfinger," I fully expected to see picketing by the Chinese-American or the Japanese-American societies.

For the underlying current of most of the Bond films is Western righteousness versus the Oriental races.

The obligation of destroying evil in the world is the idea — and the villain in one instance is "Oddjob," an Oriental of Korean descent; in another, "Dr. No," a straight Chinese type.

If these films were made in South Africa the villain executed by Bond could be a Negro (Continued on Page 2, Col. 8)

Blast Rips Plant; at Least 6 Hurt

BARABOO, Wis. (UPI) — An explosion ripped through a manufacturing line at the Badger Ordnance Works, manufacturers of gunpowder for the war in Viet Nam, today. An undetermined number of persons were injured.

One of six persons admitted to St. Clare's Hospital — the only one in Baraboo — was in serious condition.

A spokesman at the hospital said some injured had been taken to hospitals in other towns, including some to Madison, 35 miles away. Four doctors were at the scene.

LBJ Welcomes Burma Chief

WASHINGTON (AP) — President Johnson welcomed Burma's chief of state General Ne Win today and declared the American goal in Southeast Asia was to have all countries "develop in peace . . . free from outside interference or aggression."

In a formal welcoming ceremony with military honors on the south lawn of the White House, the President said that Burma's independent foreign policy "is a policy which we understand."

Cong Continue Terror Tactics

SAIGON, South Viet Nam (AP) — The Viet Cong killed the village chief and several other Vietnamese at Binh Hoa tonight, capping a series of wide-ranging terror attacks aimed at sabotaging the election Sunday of a Constituent Assembly. The exact death toll at that hamlet, 100 miles south of Saigon, was undetermined.

Six Vietnamese were killed and more than 20 injured in daylight operations intended to wreck the electoral machinery and frighten away as many as possible of South Viet Nam's five million voters from casting ballots.

While U.S. officials sought to determine whether saboteurs or a short circuit might have caused a million-dollar fire that destroyed one American military warehouse and damaged another before dawn, the Viet Cong tried again to block the main shipping channel to Saigon.

A Communist mine exploded harmlessly in the river channel about 40 yards from a U.S. Navy minesweeper.

Area Strips of Freeway Set for Fall

More than six miles of area freeway costing over \$11 million will open when the Michigan State Highway Department opens \$135 million worth of new highways this fall.

An early October opening is planned for 4.5 miles of M-59 east of Pontiac. Construction cost was \$4.5 million.

A late November opening is scheduled for 1.9 miles of I-75 in two sections from 10 1/2 Mile to Eight Mile, a \$6.6 million highway project.

Archie Ferguson, chairman of the State Highway Commission, said 40 miles of freeway would bring to traffic this past the 800-mile mark in interstate freeways and giving it more than 1,300 miles of state and interstate freeways.

He said completion of a \$10-million, seven-mile segment of I-94 in Macomb County by late November would allow motorists to drive nonstop from the Blue Water Bridge at Port Huron to New Buffalo, 275 miles.

COMPLETION

This would complete Michigan's portion of I-94, he said, except for 15 miles near New Buffalo which can't be used until Indiana builds its connecting link.

The section extends from Verno Highway in Harper Woods through East Detroit and Roseville to 14 Mile Road.

Another major segment, also scheduled for completion in mid-November, is eight miles of I-75 southwest of Detroit.

The \$30-million section, an extension of the Detroit-Toledo Freeway, extends from Pennsylvania Road in Taylor Township through Southgate, Allen Park and Lincoln Park to Schaefer Road on the Detroit-Melvindale City Limits.

The section extends from Verno Highway in Harper Woods through East Detroit and Roseville to 14 Mile Road.

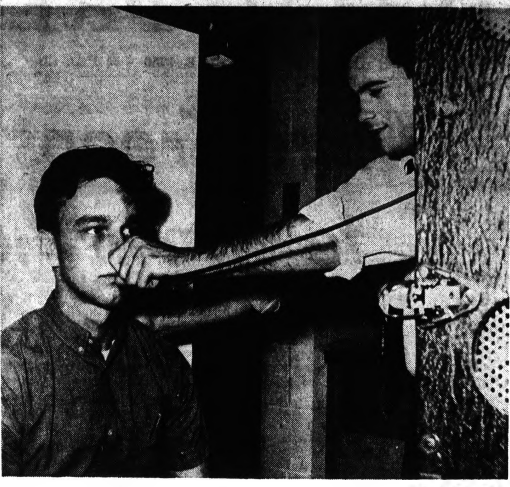

PHOTO FINISH — Robert Proszkowski of Warren gets ready for the last and most simple step in Oakland University's registration, requiring only a smile from him. Lining Proszkowski up for his identification card picture is Chester Allen, Alexandria, Va., junior. Proszkowski is among the last group of freshmen and transfer students going through orientation and registration on the campus this week.

County Committee Urges \$19.1-Million '67 Budget

A proposed \$19.1-million Oakland County budget for 1967 was recommended yesterday by the ways and means committee of the County Board of Supervisors.

The new budget, up \$973,000 over the current one, will require a county tax rate of 5.5 mills to finance.

This rate is two-tenths of a mill higher than that applied to last December's county tax bills and one-tenth mill more than the 5.4 mills allocated to the county for 1967.

Consideration of the proposed budget by the full board of supervisors is scheduled for Oct. 3.

In their final budget review session yesterday, ways and means members set a 1967 salaries expenditure of \$8,530,383, UP \$1 MILLION.

This appropriation is nearly \$1 million more than the current salaries budget and reflects an average 8.5 per cent raise for present employees and provides for 38 new employees.

Department heads had asked for 109 new people.

Among those who fell short of their goal were Sheriff Frank Irons and Prosecutor S. Jerome Bronson, who were both allowed two new employees.

Irons had asked for 10 more patrolmen and Bronson wanted seven additional employees.

Pay Vote Due by Supervisors

Committee Backs Per Diem Increases

Members of the Oakland County Board of Supervisors will decide Oct. 3 whether to vote themselves a 33 per cent raise.

The per diem boost from \$15 to \$20 for attending committee and board meetings was recommended yesterday by the ways and means committee.

It would cost an estimated \$12,000 in next year's budget if approved by the full board.

Ways and means members were unanimous in recommending the per diem hike for the 86 supervisors.

They also called for a per diem increase from \$25 to \$30 for the chairman of the board of supervisors.

8 YEARS AGO

The last per diem increase for supervisors was voted eight years ago when the rate went from \$10 to \$15.

Wages of county employees have increased 51 per cent in the last eight years, according to the County Board of Auditors.

2 City Men Sought for Alleged Threat

The father of a Pontiac man charged with murder and another man are sought by Pontiac police after a witness to the killing told police yesterday he had been threatened by the pair with guns.

Curtis Lewis Sr. of 353 Howard McNeill and Levon Lewis, 37, address unknown, are named in a warrant accusing them of "pointing and aiming a dangerous weapon."

The complainant, 18-year-old Charles Threlkeld of 10 Utah, said the two Lewis men stuck a rifle and shotgun out of a car window as Threlkeld and two companions walked on Howard McNeill Tuesday night.

Threlkeld had testified Aug. 9 at a pretrial hearing that 23-year-old Curtis Lewis Jr. fatally shot another youth in front of the Lewis home July 27.

The younger Lewis had been bound over to Circuit Court Aug. 27 by Municipal Judge Maurice E. Finnegan for trial on a charge of second-degree murder.

OU Enrollment Moving Upward to 3,300 Level

Oakland University's enrollment was expected to take its biggest leap upward today and tomorrow as the institution enrolls more than 3,300 students in its fall semester.

The university's eighth academic year, will begin Monday, following the completion of orientation and registration for new students tomorrow.

The estimated enrollment figure for this year includes 1,200 freshmen and transfer students. Most of the returning students registered by mail this summer.

Newcomers to the campus attended the Freshman Convocation last night in the Howard C. Baldwin Memorial Pavilion.

Schedule for the first week also includes a Saturday night jazz concert by the Dave Brubeck Quartet, also to be held in the pavilion. The 8 p.m. concert is open to students and the public.

He said Michigan and other states have given financial assistance to cities within their boundaries to meet local problems.

CREATED RESISTANCE

But the large outflow of public money to Washington has limited the amount of assistance a state can render and has created local resistance to increased taxes for growing local needs, he said.

"State debt has increased nine times faster than national debt. Even greater state expenditures are required in the future to meet the soaring public demand for state and local services."

Ferency Flails at Governor

(Continued From Page One)

he looks like he is concerned about protesting not because he has solved them."

Romney, who is running for reelection, followed Ferency and told the league delegates:

"My opponent has left me a little confused about the purpose of our appearance here. I thought we were to attack the problems of the Municipal League, not each other."

Turning to a prepared speech, Romney said high federal taxes are threatening the independence of American cities.

He said Michigan and other states have given financial assistance to cities within their boundaries to meet local problems.

The bill, passed Wednesday by a 299-89 vote, also would extend coverage to 8 million more workers, including for the first time farm workers, employees of restaurants, laundries, hotels, motels and hospitals and tipped employees.

The younger Lewis had been bound over to Circuit Court Aug. 27 by Municipal Judge Maurice E. Finnegan for trial on a charge of second-degree murder.

Birmingham Area News

Citizens Group to Seek School Issues Support

BIRMINGHAM — A group of concerned city residents, calling themselves Citizens for Birmingham Schools, will begin knocking on doors next week in an effort to arouse home owner support for two proposals that will be on the ballot Oct. 6.

The voters will be asked to approve capital bonding totaling \$5.5 million for more buildings and a \$3.9-million operating levy.

The millage request represents an increase of 2.9 mills over the present 11-mill levy due to expire in December.

Schools Administrative Assistant Walter J. Piel said the extra mills will raise approximately \$900,000 in added revenue.

School officials say they have requested the increase in revenue in order to adequately serve a school system that has taken in more than 1,000 new students each year since 1962.

They estimate that 40 new teachers and other professionals plus 40 new classrooms are needed to maintain a quality curriculum.

Twenty committee precinct chairmen this week are holding training sessions for blockworkers.

The blockworkers will contact district voters, outline to them the needs of the Birmingham school district and attempt to explain why new buildings and an increase in operating funds are being requested.

Mrs. Edward Haapa of Pleasant Ridge will be the speaker for the Women's Mission Society of the First Baptist Church of Birmingham on Sept. 15 at 9:30 a.m.

She will be speaking on the topic, "General Missions."

Mrs. Haapa is chairman of Special Interest Missionaries for the Detroit Association of American Baptist Churches and is a member of the Board of Managers for the American Baptist Foreign Mission Society.

City Planners Go on Record

It will be a public year or nay from now on from members of the City Planning Commission. City planners last night voted to abandon their semisecret ballot procedure, which was instituted in June.

A staff spokesman said the change back to the traditional roll-call vote was made because the other method consumed too much time.

In June the planning commission inaugurated a voting method whereby the members wrote their vote on a piece of paper.

The votes were then tallied and the total vote announced with only the commission's secretary knowing how the individual members voted.

The change back to a verbal ye or nay was approved unanimously.

Beach Control Switch Sought

Clarkston Moving to Relinquish Authority

INDEPENDENCE TOWNSHIP — Steps are being taken to turn over the maintenance and operation of the Deer Lake beach area off White Lake Road from the village of Clarkston to the township.

The Township Board has authorized Attorney Paul M. Mandel to begin negotiations with the village.

Possessing inadequate funds and manpower to operate the public area, the village had proposed the beach's control be transferred to the township.

Situated within village limits, the beach area is affected by a multitude of problems.

It is unenclosed, has no sanitary facilities, and needs lifeguards, additional parking spaces and ground maintenance.

SEVERAL DROPOFFS

Plagued by drownings in past years, the lake includes several dropoffs and ledges, according to township officials.

In addition, water craft with powerful motors sometimes present a hazard to swimmers.

Township officials said they would probably restrict use of the beach to township residents and would charge a small fee to users to help support the property.

Deer Lake is one of the largest lakes in the township.

In other recent business, the board rejected a proposed special assessment street lighting district for Stevens Farm Subdivision after several residents objected to the project.

The subdivision is located near the Maybee-Pine Knob Road intersection.

Most of the dissenting residents live on Maybee and Pine Knob roads.

Stevens Road residents, however, favor the project and indicated they will petition the board for lights on their street.

Host on Radio to Talk in Wixom

WIXOM — Ken Wade, host of "The Sacred Hour," a religious music radio program, will be at Wixom Elementary School on N. Wixom Road tomorrow at 8 p.m. to speak on the topic "When Will Christ Be Present?"

A short question and answer period will follow Wade's talk. Admission is free and the public is invited.

School Outlook Good

Avondale Chief Is Optimistic

AVON TOWNSHIP — It was the first day of school and as Avondale's new schools superintendent surveyed the outlook, he was optimistic.

John W. Dickey was hired last April to replace George E. Shackelford, who resigned when his option was not continued.

The action was indicative of Avondale's then general discontent. There had been dissension among school board members and unrest among the parents.

Dickey said yesterday that he sensed a greater spirit of cooperation in the district than he had expected.

He went on to commend Avondale homeowners for their support of millage and bonding proposals and reported that

New Catholic Chapel To Be Dedicated Sunday Morning

Detroit Archbishop to Lead Dedication

PONTIAC TOWNSHIP — His Excellency, The Most Rev. John P. Dearden, Archbishop of Detroit, will officiate at dedication services of the St. John Fisher Chapel, 3665 E. Walton, at 10 a.m. Sunday.

The recently completed building was designed as a Newman Center to serve the Catholic students of Oakland University.

Architects Swanson Associates of Birmingham won an honorable mention for the design in the 1965 Liturgical Conference architectural competition in Houston, Tex., last month.

The \$350,000 chapel contains 14,000 square feet and will seat 750 persons.

On the main floor is a small rectory, a resting sacristy, conference rooms and office area. A social hall, including kitchen facilities and storage area, are in the basement.

The form of the chapel is determined by fan-shaped seating which brings the congregation as close as possible to the altar. The roof rises 40 feet at its highest point above the altar.

Special lighting and natural lighting from a skylight focus attention on the altar.

Single confessionals line either side of the baptistry and are behind colorful screens. Communion stations have replaced the communion rail.

The building consists of rough textured brick, laminated beams and bents and wood deck. The baptismal font and railing, the altar, the pulpit and stations are made of brick and wood to reflect the materials of the chapel.

Minister of the new church is the Rev. John J. Fausner.

VISITING EVANGELIST — Rev. Bill Smith of Columbus, Ky., will conduct evangelistic services this weekend at the Keego Harbor Baptist Church, 1716 Cass Lake. The services will be held at 7:30 p.m. Friday through Sunday.

Union, Board Reach Accord

TROY — The board of education has reached contract agreement with Local 262 Council 23, American Federation of State, County and Municipal Employees, AFL-CIO, representing the district's custodians, bus drivers and cafeteria help.

Ratification is expected within a week.

Custodians' salary schedules will be increased 22 cents across the board plus 4 cents per hour differential for after-evening shift.

Bus drivers' schedules were raised 10 to 22 cents an hour and mechanics will benefit from 32 to 38 cents an hour.

Cafeteria increases range from 8 to 22 cents.

Fringe benefits as now applied to other personnel, including teachers and administration, were extended to the group.

Troy School Innovations Still Costing

TROY — Troy's new school innovations, many of them financed by public and private grants, are still costing the district money.

Dr. Rex B. Smith, superintendent, said this week that the district's deficit at the end of June 1965 was \$70,000.

It was \$97,000 at the end of June this year and appears it will climb to \$200,000 by June of next year.

A large increase in enrollment and the need for new facilities has contributed to the operational expense.

Smith said, "We're hoping that state and federal aid will keep increasing and that the valuation of the school district will continue to rise faster than the requirements of school enrollments."

New High School Promises to Solve Walled Lake Woes

WALLED LAKE — Although Walled Lake's second high school is not due to be considered by the voters for several weeks yet, the district's school officials are becoming increasingly optimistic about the advantages the proposed facility would offer.

Director of Instruction Max W. Burt said the district's present school arrangement has limited the number of new programs the high school can offer and has retarded attempts to increase in-depth instruction.

He explained that the present Walled Lake high school is housing 1,200 students, 500 more than it was designed to accommodate.

Attempts to improve high school curriculum, he said, have been further impaired by the fact that some high school classes are being held in Oakley Park Elementary and Walled Lake Junior High.

The new high school proposal will come before the district voters Oct. 5 as part of a \$3.7-million bond issue request.

TWO PROPOSITIONS

The issue will be divided into two major propositions.

The first proposition will request \$3,150,000 to build and equip a senior high school and two 20-room elementary schools with about \$150,000 earmarked for the purchase of sites for future school needs.

The second proposition will request permission to bond the district for \$550,000 to build and equip a swimming pool in the proposed high school.

It is planned that the new high school will include areas to be used for vocational instruction as well as facilities for advanced study in such areas as the sciences, foreign languages, English and the arts.

"We anticipate that each of our high schools will feature certain programs which, because of cost, will not be duplicated at both schools," said Burt.

BUS SCHEDULES

Transportation arrangements, he said, are planned so that students will be able to take advantage of facilities at both schools.

Another advantage offered by the proposed new school, said Burt, will be specialized areas for large group instruction, individual study and seminars.

A 900-seat auditorium which would serve all four secondary schools in the district is the chief large-group facility planned.

Burt also noted the opportunities the new building would provide for community activities, including an extended program of evening and summer courses for adults.

"Although our present high school facilities have not prevented most aspects of our instructional program from being satisfactory, the new school will provide much more flexibility," he said.

"This will mean more course offerings and more opportunities to use various instructional methods such as team teaching. More important, it will mean greater pupil opportunities."

Bloomfield Miracle Mile Shopping Center

S. Africa Mourns Slain Leader

CAPE TOWN, South Africa (AP) — The body of assassinated Prime Minister Hendrik Verwoerd was to be flown today to Pretoria, South Africa's administrative capital, for a state funeral Saturday.

Verwoerd's widow requested that details of the flight be kept secret. The family requested that the body not lie in state, and it was expected that it would be placed in a private funeral parlor.

Flags flew at half-staff across

the country. All sports events were canceled. Police at Pretoria said calm prevailed in the country of 2.5 million whites and 10 million blacks.

The South African Press Association reported that the ruling Nationalist party would caucus Tuesday to appoint a new leader who automatically will become the next prime minister.

STRONG CONTENDER
Acting Prime Minister Theophilus Dones, Verwoerd's finance minister, was considered a strong contender, having lost

the post to Verwoerd by 12 votes after the death of Prime Minister Johannes Strijdom in 1963. Other likely contenders are Justice Minister Balthazar J. Vorster and Transport Minister Ben Schoeman.

The Nationalist caucus pledged its "unshakable determination" Wednesday to follow Verwoerd's policies, ending any speculation that his death might result in a weakening of South Africa's stringent racial policies.

Without detailing the investigation of the assassination, Justice Minister Vorster said information "indicates it was the deed of one individual and his actions and movements are now being investigated in the finest detail."

Scores of persons were being questioned about the accused assassin, Dimitri Tsefendas, a tall, powerful, gray-haired man in his late 40s who had been working as a messenger in Parliament for a month.

Rep. Powell Packs .38

WASHINGTON (AP) — Rep. Adam Clayton Powell says he carries a .38-caliber revolver strapped under his arm much of the time, but he doesn't advocate gun-slinging for all Negroes.

"For one thing," the New York Democrat told newsmen Wednesday, "they cost too much."
He said he didn't carry the weapon to the news conference "because I feel I'm among friends."

For Wounded Socialists

Detroit Is Asked to Pay Doctor Bills

DETROIT (UPI)—Two youths shot by a deranged taxi driver at a Socialist Workers Party hall last May have petitioned Common Council to pay for their medical and rehabilitation costs.

The attorney for the victims, Ernest Goodman, asked \$5,000 for the pair and \$500 for burial expenses of a third man who was killed in the shooting.

Edward Waniolek was committed to Inaia State Hospital after he shot the trio after telling his wife he was going to "kill some Communists."

Injured were Jan E. Garrett, 22, a Wayne State University anthropology major, and Walter J. Graham, 20, of St. Clair Shores. Leo Bernard, 27, a former biology major at WSU was killed.

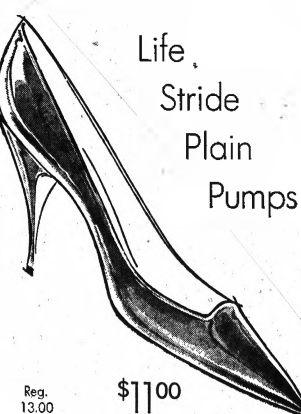

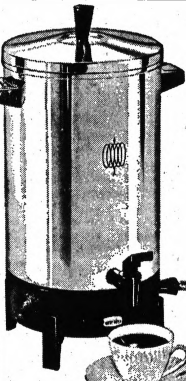

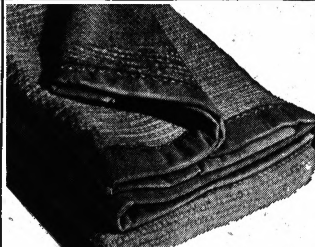

Goodman contended the city was partially responsible for the shooting because police failed to arrest Waniolek or commit him to an institution even though they had previous information he was "potentially dangerous."

Sift Taubman Plan, U. of D. Study

There seems to be some confusion regarding the TAUBMAN plan for a portion of the downtown area, and the University of Detroit study of the entire city.

This confusion is evidenced by statements which make it appear that the two are alternatives the city faces, when in reality they are not.

The Taubman plan is for redevelopment of a certain section of downtown, whereas the Uni-

versity of Detroit survey is a study of the entire city.

The TAUBMAN plan has ready cash backing it up. The U. of D. survey has no cash behind it to make it a reality.

Both subjects are important to Pontiac, and will be given a great deal of study before any final decision is made. But it is important to draw the distinction between the two.

'Copter Frees Treed U.S. Flyer in Viet Nam

Judging by some currently popular television series, World War II was one big ball for everyone concerned, whether they lived it up in a German prisoner of war camp or dodged torpedoes fired by wisecracking Japanese submariners.

Maybe that's the way it ought to be. Human nature can't dwell forever on the horror of such things. LAUREL and HARDY, it may be remembered, made a hilarious movie about the 1917-18 trench fighting, and enough time seems to have decently elapsed that we can try to find the funny side of "Son of World War I."

Even the bitter conflict in Viet Nam is contributing its share to the lore of humorous anecdotes about war. Take what happened to Air Force, Capt. David W. Lester of Detroit.

LESTER'S A-1E SKYRAIDER was shot out from under him over North Viet Nam. He parachuted safely over dense jungle in enemy territory — and came down spang into a tree 100 feet tall, his chute snagging in the upper branches.

Pulling himself up by the shroud lines, LESTER disconnected himself from the chute. After tying himself to the tree, he made contact with fellow pilots circling overhead.

Within an hour, an HH-3 "Jolly Green Giant" helicopter arrived on the scene and lowered a forest penetrator on a cable through the branches. Making like Tarzan, LESTER grabbed the device, which opens to make a seat, and was quickly hauled aboard the 'copter.

It may be the first time a pilot was shot down and never set foot on the ground.

Romney Scores Another Labor Day Victory

Democrats might as well give in and admit that Labor Day is not exclusively theirs anymore.

GEORGE ROMNEY blitzed the defenses again Monday, this time with Sen. ROBERT GIFFIN in tow, and showed up at all the traditional Democratic functions.

This is not new for Romney, — but the Dems haven't figured out a defense for his offensive maneuvers yet, even since a year ago.

Americans Seem Deaf to Words of Warning

Americans have been bombarded the past year with a constant barrage of warnings against the perils of smoking cigarettes.

They responded by puffing their way through 534 billion — an all-time high.

Before and during the recent Labor Day weekend, motorists were beseeched to use a little extra

care to offset the extra dangers of holiday traffic.

They obliged by piling up the greatest traffic death toll ever recorded for any summer holiday period.

What are we trying to prove by such enthusiastic rejection of efforts to keep us alive and healthy?

That we are indestructible? Would you believe hardly? Foolhardy?

De Gaulle's Gall Phenomenal

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON — French President Charles de Gaulle must like it on President Johnson's back. He keeps climbing up on it, until Johnson brushes him off, which is what just happened again.

Once more de Gaulle came up with a suggestion for ending the war in Viet Nam, and Johnson once more promptly rejected it. In view of his own record and French history, de Gaulle's solicitude for Viet Nam is a little two-faced.

De Gaulle was president after World War II when the Vietnamese, sick of French rule for three-quarters of a century, sought independence. French forces went in to crush them.

The war that followed lasted until 1954 when the French were crushed and driven out.

Last week de Gaulle suggested what he had proposed before, with a little variation. He had made his first suggestion to the President when Johnson had been in the White House less than three months.

At that time—Jan. 31, 1964—de Gaulle suggested to a huge news conference that all Viet Nam be neutralized, with the cooperation of Red China. Just four days before he had officially recognized the Red

Chinese as the legitimate government of China, over American protests.

DEFINITE ANSWER
Johnson held his first presidential news conference the next day, Feb. 1, 1964. His answer to de Gaulle was "no." He said the American attitude would be different "if we could expect the Viet Cong to let their neighbors live in peace."

Last Thursday de Gaulle came back to the same theme, taking a dig at the United States along the way by implying this country was an invader.

But he added this: Before there could be a neutrality agreement, the United States would have to promise to pull its troops out. He didn't say the North Vietnamese Reds would have to pull their troops out of South Viet Nam.

De Gaulle, who has been skeptical about the reliability of this country in helping an ally, has been a troublesome ally himself. Most recently he badly weakened the North Atlantic Treaty Organization.

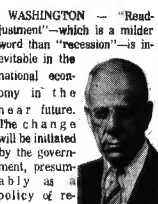

OTHER ANTICS
Some of the other antics, which are many and may in the history books cause him to be pictured as an international eccentric.

He rejected American proposals for a multinational NATO nuclear force; complained American nuclear power would remain exclusively under U.S. control; built his own atomic arsenal; slammed the common market door in Britain's face.

David Lawrence Says:

Economic 'Readjustment' Near

WASHINGTON — "Readjustment"—which is a milder word than "recession"—is inevitable in the national economy in the near future. The change will be initiated by the government, presumably as a policy of restraint with

the avowed LAWRENCE. This is a synonym for an excessive business volume within a given period. But to introduce as its sequel a "cold economy" could be infinitely worse for millions of citizens. The ideal thermometer for government to employ in measuring the economy is one

ly or indirectly dependent on consumption.

The basic question is how far the government may go with its restrictive measures without interfering to such an extent with a prosperous economy as inevitably to bring on the very depression nobody wants.

Frequently heard is the expression "an overheated economy." This is a synonym for an excessive business volume within a given period. But to introduce as its sequel a "cold economy" could be infinitely worse for millions of citizens. The ideal thermometer for government to employ in measuring the economy is one

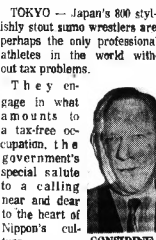

that can maintain an even temperature in place of extreme changes either way.

But to achieve such stability, the administration and Congress have to forget about politics and elections and do what is best for the country as a whole.

There must be less reliance on the doctrines of the "new economists" who have been calling for more and more deficit spending as the way to build a "great society." Experience has been proving that these fallacious doctrines of the last few years have moved the nation more and more toward a disordered economy, which is what happened in the 1930s.

Bob Considine Says:

Sumo Wrestlers Live in World Without Taxes

TOKYO — Japan's 800 stylishly stout sumo wrestlers are perhaps the only professional athletes in the world without tax problems. They engage in what amounts to a tax-free occupation, the government's special salute to a calling near and dear to the heart of Nippon's culture.

CONSIDINE
"I envy the boxer with his percentage of the gate," former grand champion Kasugano sighed heavily the other day at the headquarters of his stable of 50 wrestlers.

But like the others, he would not feel at ease in an environment where money was the ruling factor.

As a younger man he was offered a comparative fortune to sign up with an American pro wrestling trust. He turned them down because the stable — which had overfed and under-dressed him since boyhood — would have been hurt if he forsook it.

Rick Doan, who succumbed to the American overtures, was later stabbed to death in Tokyo, Kasugano noted.

The four current reigning grand champions of sumo receive a basic pay of \$700 a month from the Japan Sumo Association. "The Establishment" which runs things, schedules the six annual 15-day tournaments, rates the performers and guardedly designates grand champions.

Only 50 have been crowned in the past 300 years. The government wouldn't think of making life any harder for these fellows, so there is no need for the association to live by the tax rules which guide other endeavors.

It's not an old man's game. By the time they are 30 they've had it.

The years of carrying around that necessary fat (it makes them harder to throw out of the ring) take their toll. Diabetes is a common occupational disease as careers draw to a close.

A few lucky ones marry the boss's daughter. Others open restaurants featuring good fattening dishes.

And they die, as a rule, just about the time in life when fragile little contemporaries are beginning to live it up, taxes and all.

In Washington:

Cong Threaten Death to Voters

By RAY CROMLEY

WASHINGTON (NEA) — September 11, election day in South Viet Nam, will be major test of Viet Cong power.

For the first time, on one day all over South Viet Nam, the Communists have decided to put their chips on one coordinated objective — to keep candidates from running and people from voting. This is disclosed in a series of agent reports and captured documents.

The Viet Cong leaders have decided that if they can frighten off most candidates and most voters they will convince the Vietnamese the government is weak and that the VC are the real power in the country.

The captured documents and agent reports don't make it clear how the Communists expect to explain away failure.

For a heavy vote on Sept. 11 — despite widespread Communist terrorism to keep Viet-

Voice of the People:

Congratulations Offered in Waterford Settlement

Monday, the teachers of Waterford Township met together with the school board and ratified a new contract, thus averting the threat of a most damaging teachers' strike.

My congratulations to the School Board and the W.E.A. negotiating team for their fine work.

RODNEY E. REINHART
WATERFORD-KETTERING

Patient Praises General Hospital Employees

After spending two weeks as a patient at Pontiac General Hospital, I would like to express my gratitude for the wonderful nursing care I received while there.

The nurses and orderlies were cheerful and kind, and so willing to do anything that would aid in my comfort or help me in any way. The food was very good and was served hot.

MRS. HAZEL RICH

Says Took Good Care of Rented Properties

We have rented three houses and one apartment in the last three years here. Each time we have moved leaving the place in better condition than when we arrived. We have painted and made small improvements. Twice we have been forced to move because the houses were sold.

Many rentals are in deplorable condition. Very few will take children and most of the decent places rent for from \$125 a month up.

A FORMER RENTER

Says Escalator Clauses 'Built-In Inflation'

Escalator clauses in labor contracts should be eliminated. They call for increases in wages if the cost of living index rises. Those benefiting, therefore, are indifferent and offer no resistance to higher costs, and management can raise prices directly or indirectly to influence the cost of living index.

Millions of citizens are not covered with this type contract but are affected by rising costs and are taxed for the benefit of those who do have this escalation protection. Witness the present unrest of teacher and public service employees for salary and wage increases. One section of the economy is not going to stand still while the other escalates.

Escalator clauses are "built-in inflation" and are unfair and unrealistic.

NO NAME PLEASE

Question and Answer

Is there a scheduled program of inspection for those overhead crosswalks? To whom should we report damage if we see it?

NERVOUS MOTHER

REPLY

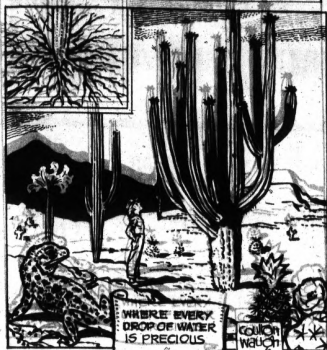

The last minor adjustments of the one on Huron are being made this week before final painting by Department of Public Works, which will keep it under routine surveillance. Report any damage to that department. City Engineer Neipking tells us that despite its deceptive appearance, the "cage" is designed to carry the same load as major office buildings.

The Better Half

"I'm all out of papaya juice, hummingbird's eggs and kangaroo bacon, but you don't really want them anyway — you're just being greedy again."

A Junior Editors Quiz About A Junior Editors Quiz About CACTUS

QUESTION: How can plants survive in a desert without water?

ANSWER: A desert is an area where fewer than 10 inches of rain fall every year.

If there were no rain whatever in a desert area, one would find no plants and animals there, except such animals as used by travelers.

But in many deserts, such as the American one shown in the picture, a certain amount of rain does fall.

The plants and animals living there have means of making this moisture go a long way.

Desert plants have several ways of getting water. Plants such as yuccas and mesquites send down very long tap roots which can penetrate to an underground water source.

Others, of the cactus family, such as the giant saguaros we show, spread out a wide fan of roots just below the surface to gather the last drop when rains do fall.

Desert flowers grow furiously during a damp spell, quickly flower and come to seed in a month.

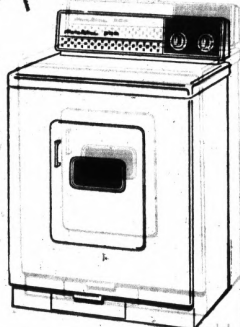

Many desert animals get the water they need as they digest their food.

Computers Aid Epilepsy Fight

By Science Service
WASHINGTON — Severe epilepsy that does not respond well to drugs may be attacked by computers in combination with surgery.

The Vocational Rehabilitation Administration (VRA) announced it has awarded \$67,678 to the University of California to study whether or not computers can be used in pinpointing the exact location of brain malfunction.

Once located, the malfunctioning pathways can be interrupted by surgery and the epileptic attacks blocked.

In its announcement, the VRA said the computers would register information coming from electrodes implanted in the patient's brain.

By reading the computer, the surgeon might then be able to spot the site of "electrical storms" which cause epileptic seizures.

The research is aimed at 15 per cent of epileptics who experience so many seizures they can work only under sheltered work-shop conditions.

The other 85 per cent, said the VRA, is usually treated successfully with drugs and the patients are able to work at normal jobs.

To Get Taken Down a Peg

There's No Place Like Peyton

By DICK WEST

United Press International
WASHINGTON—It says in her studio biography that Patricia Morrow, one of the seven stars of "Peyton Place," is "considered a shark in the art of mumblepeg."

By whom, I'd like to know? I'm not pretending I'm in Olympic form, but I do play enough mumblepeg, more formally known as "mumble-the-peg" or "mumblety-peg," to keep my hand in. It took me only a couple of questions to recognize that even by my standards Miss Morrow has only an elementary knowledge of the game. This was a big disappointment.

I was counting on her reputed expertise to provide a topic of conversation at a

press luncheon in Miss Morrow's honor. Otherwise, I knew I would be hopelessly out of it.

It has been several months since I have seen an episode of "Peyton Place," and that puts you at a disadvantage.

I figured that if I could work the conversation around to mumblepeg, I could hold my own with the other guests, who were television critics. But, as previously noted, Miss Morrow let me down.

"Why did they kill Ann Howard?" asked one of the critics.

"She wanted out of the cast," replied Miss Morrow, who plays the part of Rita Harrington.

"Well, they could have let her wander off, like Alison," the critic said.

You can see where this left me. I didn't even know that Ann had been killed and that Alison had wandered off. So I broke in with a question about mumblepeg.

Miss Morrow mumbled something vague about her brother having taught her to flip the knife from her elbow. I could tell immediately that she had mastered none of the fine points of the game.

There was nothing I could do but sulk in silence for the rest of the luncheon while my colleagues explored the ins and outs of "Peyton Place."

With Ann and Alison out, a new character named Rachel is coming in, Miss Morrow said.

"Rachel is a farm girl who has been in slave labor most of her life," she explained. "We find her in a barn. She has been crying and stabbing herself."

This sounds like real meaty stuff and I plan to be in front of my set when Rachel makes her first appearance in an episode next October.

By that time, mumblepeg will be out of season anyway.

They Came . . . and they came . . . and they came.

Mrs. James Clarke and Mrs. Morgan Siple are a happy looking pair.

Won't Solve Traffic Jam With Horn

By ELIZABETH L. POST
A polite driver would no more chest at a red light or stop sign than he would chest in a game of cards. The man who tries to force his way ahead of others in a line of cars would not think of trying to force himself ahead of others in a box office line.

If he accidentally did such a thing he would be mortified by his own rudeness, but let him get behind the wheel of a car, and his courteous instincts may fly right out the window.

USING HORN

If more people realized that the horn, as the voice of the car, is in reality the voice of the driver, there would be less thoughtlessness in its use.

If it is necessary to prevent an accident, use your horn, of course, but no polite driver ever charges at an individual, a crowd of persons on foot, or other automobiles blowing the horn as if to blast them out of the way.

In other words, a courteous driver sounds his horn as a warning only in emergencies. Otherwise, he keeps it gently as a polite signal.

No well-mannered young man would announce his arrival at his date's house by standing at the curb and yelling at her. Yet this is just the impression given by he who, arriving by car, sits at the wheel and blasts away at the horn.

I have the greatest sympathy for the man in the following story. His car had stalled in heavy traffic, and although he was obviously trying to find and remedy the trouble the driver behind was impatiently honking and swearing at the embarrassed victim.

After standing the noise and rudeness for as long as he could, our driver walked back to the other's car and said, "Sir, if you would be kind enough to start my engine for me, I would be delighted to stay here and sit on your horn for you!"

Women Crowd OU Fashion Event

By JANET ODELL
Pontiac Press Women's Editor
From the perfect day to the almost unbelievable sum of \$30,645 raised for scholarships, the first fashion show in the Howard C. Baldwin Pavilion on Wednesday was a success.

Sponsored by Oakland University scholarship committee and under the capable leadership of Mrs. Alfred C. Girard and Mrs. George T. Trumbull, the show attracted over 1800 women from all parts of Metropolitan Detroit.

COLORFUL FOLIAGE

They were there when the tea and coffee was served at 1 p.m. Some of the tea tables had rose topiary trees adorning the middle; others held bouquets of chrysanthemums.

Over Trumbull Terrace was a pink and white tent — just in case the weather man couldn't cooperate.

The Scholar Shop was open and did a rushing business.

A few members of the Detroit Symphony Orchestra started to play as the women found seats in the pavilion.

The ushers were pretty young girls who wore green ribbons and white feather corsages tied with the same shade of green. All the adult hostesses had similar corsages.

On the stage, masses of live evergreens with tall white feather 'trees' made an attractive background for the 18 models who showed clothes from Julie, Inc. in the Fisher Building. It was her first fashion show in 11 years.

Baron Vincent Von Berg of Vincent Harmik, custom hat designers in New York City, commented on the clothes.

Before the first model ap-

peared, he counseled his audience, "If it's wrong for you, don't wear it!"

Seldom have such exotic fashions been displayed in such pastoral surroundings.

During pauses in the music the cawing of a distant crow could be heard.

Butterflies a thousand times bigger than life were printed on some of the clothes. An original winged its way over the audience.

MRS. ROMNEY

A telegram came from Mrs. George Romney who was represented at the show by her daughter, Mrs. Loren T. Keenan.

Chancellor D. B. Varner greeted the women before announcing the amount of money raised for scholarships.

This year, he said, more than 100 students will benefit from the funds raised through women's love of fashion.

Mrs. James Roche (left) stops to chat with Mrs. George T. Trumbull who wore her favorite color—pink.

Mrs. Alfred C. Girard wore brown and a mink hat.

Early arrivals are (from left) Mrs. Daniel T. Murphy, Mrs. Merle R. Voss, Mrs. Fred Hoenstine, Mrs. Neil Fletcher, and Mrs. William Furlong.

Will Meet on Monday

Kurt Wheelock of Detroit will speak on "Modern Memory Methods" at the 8 p.m. meeting of Beta Chi chapter, Epsilon Sigma Alpha sorority. The group will meet Monday at the YWCA.

This year's philanthropic project will be raising funds for women in the Ward at Pontiac State Hospital.

Michigan Lucia to Be Chosen

By SIGNE KARLSTROM

Once again plans are being made to select a Michigan Lucia. The event occurred for the first time last year. According to the Detroit-Swedish Council, it proved such a success that a repeat performance is called for.

Lucia is known as the Queen of Light and, on Dec. 13, the day of her martyrdom, she is celebrated throughout Sweden in homes, hospitals, offices, plants and wherever people gather.

Lucia Day is the beginning of the Swedish Christmas season.

At a meeting in Detroit Athletic Club last evening board members and guests of Detroit-Swedish Council gathered to hear about this year's plans. Present were Mr. and Mrs. Elving N. Anderson who are co-chairmen of the Lucia festivities.

Others from this area were Mr. and Mrs. Glen A. Carlson, the is president of the Council) Mr. and Mrs. Lawrence R. Nelson, Mr. and Mrs. Ernest A. Jones, Mrs. Edward Johansson (wife of the Swedish consul), Mr. and Mrs. Karl-Gunnar Aronson, Danish consul Marshall Fredericks and Mrs. Fredericks.

All girls of Scandinavian

descent, between the ages of 19 and 23, are entitled to enter the Lucia contest. They can do so by contacting the Detroit-Swedish Council for an application.

The contest ends Oct. 29. Twelve contestants will then be selected to appear before the jury for interviewing and to give a three-minute talk on "What is charity?"

Supersonic Jump Suit

The hostess of the supersonic planes will little resemble today's airline stewardess with her slim skirt-jacket costume and jaunty small hat.

The house of Christian Dior, to commemorate Air France's 20th anniversary of trans-Atlantic flights put the stewardess of tomorrow in an ankle length jump suit in navy blue stretch trimmed with light blue metallic-finish leather.

The jump suit has slash pockets, long cuffed sleeves, and is worn with fitted helmet hood with light blue plastic visor.

Necessary to Oil

The manual with your sewing machine will give you oiling instructions — how, when, and where to oil the machine. One drop in each designated place usually is enough.

Mr. and Mrs. Ralph Crook had as their house guests over Labor Day weekend, Mr. and Mrs. I. Walter Meisner of Chicago. Among the activities planned while they visited with friends in Birmingham-Bloomfield was a cocktail party and supper in the Crooks home.

Mr. and Mrs. William Kahn and Mr. and Mrs. Henry DeMant entertained recently in the Kahn home for supper, inviting some 40 friends.

Among them were Mr. and Mrs. Noel Buckner who were delighted that their son, Noel Jr. had just returned home for a summer in Madrid, Spain.

The Buckners' house guest, Goran Tamm of Stockholm, Sweden, leaves on Saturday for his studies at the University of California.

Mr. and Mrs. Robert Livey have returned to their home after a visit to Green Briar, S.C.

July 1967 vows are planned by Connie-Lee Clinton and James D. Absher. Their parents are Mrs. Florence Clinton of Hanford Street, Mrs. Della D. Absher of Percy King Drive and Frank Absher of Genes Road, Pontiac Township. She is a senior at Michigan State University.

Mid-October vows are being planned by Betty Jean Houvell of Moreland Street and P. Robert Clarkson. Their parents are the Delbert Houvels of Reese, Mrs. Eloise Clarkson of West Rundell Street and Peter Clarkson of Indianwood Road, Orion Township.

Polly's Pointers

Tie Bright Red Bow

DEAR POLLY — When staying overnight in a motel with children, identify your room to make it easy for them to locate, since all doors usually look alike. Tie a bright red bow to the outside door knob. This will be easy to see and can be removed when leaving and used over and over.

The children will find it much easier to work with modeling clay if you first rub their hands with soap.

Cut a strip of sponge rubber and push it into the ends of spools of thread that are often used, like black and white. Put a needle of the right size for the thread in the end of the sponge. — WILDA

DEAR POLLY — My husband spilled iodine on a white shirt with blue stripes. A commercial on television had said that a certain tablet denture cleaner would remove iodine stains from dentures, so I tried it on the stained shirt.

I put the stained part in cold water with no effect and then put the denture cleaning tablet on the stain and let it stay for a few minutes. It completely removed the iodine without hurting the blue in the shirt. — ALETA

DEAR POLLY — Today's news is tomorrow's history, so I have

a large box in which I keep all the articles and clippings that I think will be useful to the children later on in school. I take particular care to get all those about space flights. — PEGGY

DEAR POLLY — Soon after I bought them, I learned that my red Turkish towels and washcloths dripped bright red suds, even when I used pure bar soap. I tried washing them all (by themselves) in the washer several times but the sudsy water remained as red as ever. I not only am unable to use them at all but I am afraid they will never mix with other clothes in the washer. Does anyone know of a solution? — MRS. E.M.C.

DEAR POLLY — My Pointer is for those who exhibit their roses at flower shows. A handy way to carry your prize roses to the show is to put each one in a soda pop bottle and carry those bottles in the handy six-pack carton they came in. This keeps the roses separated so they will be in top condition for exhibiting. — MARY.

Anyone submitting a Polly's Problem, a solution to a problem or a favorite homemaker idea will receive a dollar if Polly uses the item in Polly's Pointers.

Shaver Is Saved

Fold a pipe cleaner double and use it as a substitute when you mislay the little cleaning brush for an electric shaver.

Sorority Will Meet Thursday

The first General Meeting of the year for the Oakland County Alumnae of Delta Zeta Sorority will take place next Thursday at the home of Mrs. Winfield G. Hinman of Franklin Village.

Dessert and coffee will be served by Group III (Utica-Rochester), the co-hostesses for the evening.

A report will be made to the group on the June national convention, attended by several members. At the convention, Mrs. Hinman was elected one of the five directors of the national council.

Berry Good New Recipe

Make your own new cranberry product by combining pears with ready-made cranberry-orange relish.

Mix well together the contents of 1 (14-ounce) jar of cranberry-orange relish, 1 cup of peeled, cored and chopped firm fresh pears, ¼ cup of chopped celery, 2 tablespoons of lemon juice, 2 teaspoons of lemon rind and ¼ teaspoon of nutmeg. Chill before serving with barbecued meats or chicken. Makes about 3 cups.

Large Renovations

More than two-thirds of the nation's urban renewal programs are being carried out in cities with populations of less than 50,000.

New Hope for Victims of Handicap

EAST PALO ALTO, Calif. (UPI) — Stan Radford is running an employment agency for persons with "hidden handicaps."

A person with a "hidden handicap," Radford says, is someone who has been behind bars or in a mental institution.

He says that if an ex-convict cannot get a job, he usually takes to crime to get money. If an ex-mental patient cannot gain employment, Radford adds, he becomes despondent and lands back in the hospital. Radford is confident that his organization, called Teamwork Associates, will help anyone with a "hidden handicap" as long as that person wants to help himself.

He speaks from experience. He said he has had three mental breakdowns, and he knows how difficult it is to find a job after being released from a hospital.

Paul T. Schabaker, director of the San Mateo County Health Association, has praised Teamwork Associates as "a fine example of efforts in self help."

Summer Skin Care

It is easy to have a smooth lovely complexion, despite the skin-coarsening effect of summer. The pores open much wider in the heat so it's essential that they have free movement to open and close without being clogged. Protect from cosmetic pigments, dust and powder by smoothing on your oil of Olay. This will also protect the complexion from harsh sun rays and will give the skin a cool, milky bloom even on the hottest days. Your druggist can supply you with oil of Olay for your personal needs.

... Margaret Merrill

Women Need More Dough for Rising Bread Prices

DETROIT (AP) — Michigan housewives will spend more dough on bread in the near future, predicts a spokesman for the state's breadmakers.

“With costs of everything going up, it seems inevitable that something will have to be done,” Jim Hayes, secretary of the Michigan Bakers Association, declared today.

“I just don't see how bakers can go on the way they have been,” Hayes added.

PRICE HIKES

One Detroit baker already has announced an increase in prices, and others are expected to follow suit. Price hikes may range from one to three cents per loaf, depending on the size.

But even with the anticipated boost, bread prices in Michigan will still be below the national average, industry spokesmen insist.

According to federal government statistics, Detroit is at the bottom of the list of major cities when it comes to the price of bread. And Detroit usually sets the pattern for other Michigan communities.

Bread prices, as listed in the latest U.S. Labor Department's monthly consumer price index, show that the national retail average for a one-pound loaf of bread is 21.8 cents.

In Detroit, the price was 18.5

cents. Other comparative prices showed Los Angeles, 23 cents; Chicago, 21 cents; Cleveland, 22.1 cents; St. Louis 21.6 cents and Philadelphia, 21.9 cents.

Hayes said the 1965 statistics show Detroit's average price for the year was 18 cents. Nationally, it was 20.9 cents, he added.

COMPETITION

“Bakers in Michigan average a profit margin of only about one and a half cents on gross sales,” Hayes contended. “The picture is very competitive.”

Industry sources said that major reasons for Michigan's bread situation include labor shortages, overbuilding of facilities, and a policy of generally selling to stores on consignment.

Unsold bread — about five per cent of the total — is returned to the baker, who in turn retails it at a reduced

price, taking nearly a 60 per cent loss in the process.

“Labor costs for bakers are up from five to 10 per cent over a year ago, depending on when they signed their contracts,” said Hayes. “Wages for the leaves are higher by about 10 per cent, and the price of milk has gone up 30 per cent in the past two years.”

“There has been a 60 per cent increase in the price of flour recently, which adds about 1/2 of a cent to the cost of producing a loaf of bread.”

“Although I don't see any move at the present for a general price increase, ultimately and inevitably something must be done.”

All Seasons

Prints once the tradition of spring and summer fashions now go through all seasons. New York designers use splashy print, Op prints, subtle prints, and big and little prints in winter silks for daytime as well as evening.

A Vacation to Beauty

It may seem vain, self-indulgent—even outrageous. But, the fact remains that more and more women are flocking to exclusive and secluded spas for rest and beauty. Each year some 3,500 American women spend anywhere from \$50 to \$1,000 a week at one of the country's four splendorous spas, reports Business Week.

Is this any way to spend a vacation? Lots of ladies think so. Despite male guffaws, the ladies are willing in a week for a chance at a line or two in these pleasure domes of the deep knee bend, the stomach growl, the strawberry facial, and the Swedish massage.

The Brady L. Freedlands of Avalon Street, Avon Township, announce the engagement of their daughter, Patricia Ruth, to James William Broadwell. He is the son of the Hiram W. Broadwells, Bloomfield Village. She is a graduate of Michigan Christian Junior College and he is a senior at Adrian College. A January 1967 wedding is planned.

The Troyers Are Married in California

Sandra Jean Johnson and Michael Lewis Troyer, both of Long Beach, Calif., were wed recently in St. Matthew's Church in Long Beach.

A reception in the Edgewater Beach Marina Hotel followed the ceremony performed by the Rt. Rev. Msgr. Joseph Lynch.

Parents of the couple who left for a Las Vegas honeymoon are the Alfred M. Johnsons, Glen Ellyn, Ill. and the Lester H. Troyers of Ortonville.

LACE AND PEARLS

Sculptured lace touched with pearls fashioned a yoke and sleeve cuffs for the bride's gown of white peau de soie with cathedral train.

She donned a shoulder veil of illusion net and held an arm bouquet of white roses.

With Linda Johnson, her sister's maid of honor, were Nancy Johnson, Lisa Taylor and Tracy Ellen Johnson as bridesmaids.

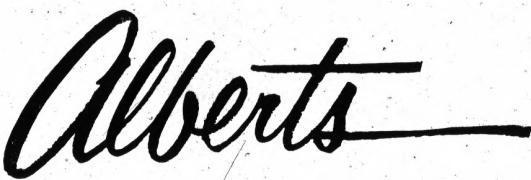

Thomas Troyer was his brother's best man with Steven, Scott, and Christopher Johnson, sealing the guests.

The bride is an alumna of Purdue University and her husband is a graduate of Michigan State University.

Diversified Clubs Meet in Week

Mrs. Ralph Dean Sr. and Mrs. Harry Isenberg gave reports on the recent national convention of Metropolitan Clubs at a meeting of Auxiliary No. 6 Tuesday. The unit met in the club rooms on Yale Street.

Hostesses were Mrs. Henry St. John, Mrs. Dean, Mrs. Isenberg and Mrs. Harold Wright. Two guests attended, Mrs. Maude Downer and Mrs. Dallas Rode.

Jaycee Auxiliary

"New Trends in Children's Fashions" was discussed by Mrs. Philip Zachar of the Tel-Huron Children's Shop at Tuesday's meeting of the Pontiac Junior Chamber of Commerce Auxiliary.

The combined dinner-meeting was held in Fortino's.

Beta Sigma Phi

Mrs. Michael Ryan of Point-view Drive entertained members of Zeta Eta chapter for the first meeting Tuesday. Assisting the hostess was Mrs. Clifford Wilcox.

Spring votes are planned by Judith Ann Oles, daughter of Mr. and Mrs. Lester Oles of Knollwood Drive and Philip Lorenz Schmidt, son of the Lorenz Schmidts of Waterloo, Iowa. They are alumni of Wayne State University and the State College of Iowa, respectively.

JUDITH ANN OLES

Why Grow Old?

Q. If you once use a depilatory, do you have to continue to use it for the rest of your life?

A. No, not unless you wish to continue to remove the superfluous hair. In other words, a depilatory does not stimulate

late or increase hair growth. It simply melts the hair off at skin level. However, it is only a temporary measure, and the hair will reappear.

Many women make the mistake of thinking that shaving or a depilatory increases the growth of hair when the truth is that the hair would have increased anyway. Shaving and depilatories have no effect on the root, or living part, of the hair.

Q. I am 13 years old and 5 feet 2½. I weigh 104 pounds. Is that good? Should I diet? I think I should lose some weight. Also is gum chewing all right? Is a pack a day too much?

A. Your weight is perfect. Maybe chewing that much gum a day is exercise enough to keep you slim. Seriously, in my opinion it isn't good for your teeth. There aren't that many places where it is appropriate to chew gum.

Q. How many calories are there in a chocolate milk?

A. About 225 in a cup.

Q. I perspire a lot and am active in sports during the summer months. How often can I shampoo my hair without injuring it?

A. As often as need be. Use a mild soap and if possible sun-dry it. The only danger in shampooing too often is, if you have very dry scalp and hair. The soap and the heated driers tend to rob the scalp of its natural oil.

Adopted Children Are Curious About Their Natural Parents

By ARIGAIL VAN BUREN

DEAR ABBY: I have always thought your advice to be very sound until I read the answer you gave "JUST CURIOUS" who was adopted in her infancy. I had grown up and married, and had finally tracked down her real mother.

She asked you if she should go to see her real mother, and you advised her not to.

Abby, how could you?

I gave my baby up for adoption 29 years ago, not because I didn't want her, but because I had no husband, and could not afford to keep her. And everyday I pray that my doorbell will ring and she will be standing there.

A MOTHER

DEAR ABBY: I hope that woman who is all fired up about meeting her real mother has better luck than I had.

I, too, was adopted, and after many years of searching, I finally located my real mother, so I wrote her a letter telling her that I wanted to meet her.

I also asked her to please tell me where she got the name that appeared on my birth certificate. She replied with a postcard, written in pencil: "Don't bother me. I don't know nothing."

NO LONGER CURIOUS

DEAR ABBY: The question of whether an adopted person should, out of curiosity, try to establish contact with his natural parents is one of considerable interest to me, because I did just that four years ago.

And I would like to go on record as saying that it was the gravest mistake of my life. I will not dwell on the unfortunate and ugly repercussions that followed, but your original advice to abandon the idea was indeed wise. I shall always regret having poked around in my past. Sing this

ALSO CURIOUS

DEAR ABBY: Re the letter from the woman, adopted in infancy, concerning her "real" mother: I feel that I must protest the use of the word "real" in this instance. Just what is a "real" mother,

Abby? Is she the one who conceives the child, carries it and gives birth to it?

Or is she the one who nurses the child through his first shots, teeth, and first steps? Isn't motherhood boiling bottles and folding diapers, and being available 24 hours a day to kiss away the hurt, and to listen to the stories of his small victories, defeats, disappointments, and aspirations? And raising him to adulthood?

Of course, the "natural" mother shows great love for her child by giving him up to be raised in a home with a mother and father who can provide him with a good life.

But out of respect for adoptive parents, and primarily to the adopted child to whom the "reality" — let us use the proper terms. Either "natural" mother, or possibly, "biological" mother. Sincerely,

A "REAL" MOTHER

DEAR ABBY: I wish that

woman who found out how to get in touch with her real mother after all those years, would tell me how she did it.

We have adopted children, and the attorney who handled the adoptions told us that there was NO way for the children to locate their real parents.

24.98 to 34.98

Determine Your Desk Needs

The table desk has a charcoal black 'Formico-leather' top which brightens the warmth of the distressed pecan wood. Made in Italy, the chair has a hand-woven rush back and seat. Desk, chair and work units are from Directional's American Renaissance collection. Line available locally.

A shelf can be a desk. The canted shape and recessed lower shelf of this one, with an accent mirror, minimizes it visually. It's from Stanley's Theme II collection and is available in pecan or blue-gray finishes. Line available locally.

New Bride Is Honored at Shower

Gifts were opened at a bridal shower last evening at 40 Virginia Avenue by honoree Mrs. Kendall Ball Jr. Co-hostesses for the event were Mrs. Richard Rompa and Eleanor Ball. The bride is the former Vickie Robitaille, daughter of Mr. and Mrs. Calvin Robitaille of Clarkston. His parents are Mr. and Mrs. Kendall Ball Sr. of Cooley Lake Road.

Lint Remover Washes Clean

A new lint remover is washable. Made of perma-tac adhesive bonded to an aluminum roller, the lint can be rinsed off the roller with water and the roller is ready to work again. The gold-colored aluminum top attaches to the base of the roller to form a long handle when in use. When the top is put back on, the roller becomes a sleek bureau top or travel accessory.

TRADING BOATS IS EASY WITH A

The manuscript desk with its massive lines and deep carving has a worldly look which adds charm and character to a room. Behind the doors are two wood file drawers. Note the Spanish design influence. From Stanley's Tour Navaca collection in three finishes, about \$225. Line available locally.

Super Strength Clothesline

For the homemaker who prefers to line-dry at least part of the wash, there is good news about a new cord with greater strength and durability. The familiar outer cover of braided cotton conceals an inner core of tough nylon fibers.

Becker's SHOES
Pontiac Mall

Like all clotheslines, this one should be wiped off with a sudsy cloth before each use to avoid soiling clean damp laundry.

Automatically Turns Off

The newest in cooking is an automatic electrical appliance that prepares several foods at once and even bakes apples and stews fruits.

Product Engineering, the trade publication reporting on the cooker, said that basically it's a steamer with three cooking pans and a water holder.

A measured amount of water, depending on desired cooking time, is poured into the unit. As it boils, the steam does the cooking and when the water is gone, the unit shuts off automatically.

Draft Call Set for November by Pentagon

WASHINGTON (AP) — The Pentagon announced yesterday a draft call of 43,700 men in November and a boost to 49,200 men for October, 3,000 over the originally announced figure.

The Defense Department also said induction standards will be lowered effective Oct. 1 to get under way Secretary Robert S. McNamara's program for training 40,000 men this year who could not meet previous requirements.

The 3,000-men increase in the October draft call raised the manpower request close to the 53,000 called in May 1953 as the Korean war approached an end.

Peak calls during the Korean conflict reached 80,000 a month. All men drafted in October and November will be assigned to the Army.

SUBSTANTIALLY LOWER

The Pentagon said it expects a substantially lower draft call in December when Army training operations "will be scheduled to avoid the entrance of new inductees into active duty during the holiday season."

This month, 37,300 men are being drafted. The September draft call also had been revised upward by 6,000 men over the figure announced last month.

at the center, plants a kiss on the cheek of the newly married Humphreys as his wife, the former Donna Erickson, and Jubilee Kawika Logan, chief of the center's Hawaiian village, look on. The Humphreys plan on returning to Minnesota this weekend.

Peking Leaders Prodding Soviet Enmity

By WILLIAM L. RYAN
AP Special Correspondent

Red China's actions and words these days suggest that the men now emerging at the top of the heap in Peking consider Moscow a threat to their chances of nailing down and insuring their power.

Foreign Minister Chou Yi's statement in Peking about the possibility of talks with the United States on Viet Nam and the statement by the Chinese ambassador in Warsaw, full of belligerence toward the Americans, are not so contradictory as they might seem.

It all seems to mean that the Peking regime does not want to get involved in war with the United States. But it badly needs an outside enemy to excuse internal measures. It could hardly do without the United States as an enemy now and apparently wants to add the Soviet Union to its list of foes for good measure.

Whoever controls Red China now — and Defense Minister Lin Biao seems to be calling the shots — the regime seems bent on collision with Moscow. Meanwhile, around the Red world, everybody is getting into the act. Peking may be happily anticipating an all-Communist donnybrook of global proportions.

OPEN COMMENT

Communist parties in Europe now comment freely, frequently and acridly on Red Chinese antics. At the same time, all display worry that a contagion which has swept China might spread beyond its borders and prove, as the Bulgarian party said, "most dangerous" to Communist world aims.

The Bulgarian party, faithful echo of Moscow, warns that Chou's purge, which Peking calls "the great proletarian cultural revolution," might spread to other countries and "create difficulties in uniting the people's masses." In Communist language, "people's masses" means Communist parties. The statement reflects Moscow's worry that more splintering and confusion are in prospect under the hammer blows from Peking.

Peking's latest official actions seem incomprehensible, unless one considers two probabilities: — That there has been a strong pro-Moscow element in the Peking leadership and that the Kremlin must be represented as wholly wicked if the "and revisionists" leaders are to nail down their authority for good. — That in the midst of the struggle and confusion in Red China, the emerging leadership wants to force Moscow to make the first move and take the blame for breaking the slender "the great proletarian cultural revolution" still holding the two together.

Candidates Told to Keep Signs off State Roads

LANSING (AP) — Keep your campaign signs off state highway right-of-way — it costs money to tear them down, the State Highway Commission told candidates of both major political parties Wednesday.

"All Highway Department maintenance employees have been instructed to allow no (political advertising) signs to remain in the right-of-way, whether in rural or city areas," the commission said.

And, it said, "the cost of removing political advertising signs cuts into the maintenance division's budget, thereby reducing the amount of money available for much-needed repair and other maintenance work on state highways."

Falls account for the largest number of accidents in the state.

Councilman's Ouster Upheld

Court Rules Removal in Sylvan Lake Okay

A suit charging that a Sylvan Lake Councilman was illegally removed from office by other council members was dismissed yesterday in Circuit Court.

Judge Clark J. Adams issued a no cause for action judgment after hearing arguments.

The suit was filed by John D. McKinlay who was removed from office last month after a year and a half dispute over his eligibility.

It has been alleged that McKinlay did not meet the residency requirement of the city charter when elected in 1964.

Adams said the council had the right to rule on the eligibility of a council member.

Carl O'Brien Helps Save Boy in River

A pair of state senators, one of them from Pontiac, rescued an 11-year-old boy yesterday from the Detroit River.

The senators were cruising the river looking for pollution. The boy had fallen from a pier while fishing.

Police said Norman Sinclair of Detroit fell into water about 20 feet deep and Bobby Jewel, 18, of Detroit threw him a line. But, they said, Jewel wasn't big enough to pull Sinclair out of the river.

Sens. Basil Brown, D-Highland Park, and Carl O'Brien, D-Pontiac, came by on a water pollution study tour, pulled Sinclair into their boat, and took him to the harbormaster's office.

The two are members of the Senate Conservation Committee, which started in Detroit yesterday on a four-day study tour to learn how well industries and municipalities are complying with the state's toughened pollution control laws.

Broomfield Views S. Viet Election

Congressman William S. Broomfield, R-18th District, said yesterday some pundits are attempting to explain South Viet Nam's election next week in terms of "right versus left," but it is a question of "right versus wrong."

The Viet Cong, Broomfield said in a House speech, have unleashed a wave of terrorism and assassination in an attempt to stop the election or to do so despite it that "foul" can be called on the results are counted.

The reason for this, he said, is the realization that this first toward self-determination, election of an assembly to a national constitution, well mean the eventual rebel sanctuaries in the Vietnamese countryside.

Waterford Teen Injured After Car Crack-Up

year-old Waterford youth was injured yesterday in a three-car collision on a road in Waterford Township.

The mishap occurred when a car owned by Elizabeth Lake Road, N. Waterford Township, collided with a car driven by Virgil J. Becker of 4561

Waterford Township, owned by Virgil J. Becker of 4561

State Drives to End 3 Teacher Disputes Disrupting Classes for 21,000

By the Associated Press

State officials today intensified efforts to end three teacher work stoppages disrupting classes for nearly 21,000 Michigan students.

Meanwhile, some 1,300 teachers were to report for classes in Grand Rapids, working with-

out a master contract. Negotiations for a contract were stalled in the west Michigan city until the Michigan Labor Mediation Board rules on unfair labor practice charges. Without the rulings it is not known which of two groups will become collective bargaining agent for the teachers.

Officials of Henry Ford Community College in Dearborn, Detroit suburb, called off registration which had been scheduled for today for an expected 12,300 students.

Local 1650 of the American Federation of Teachers (AFT-CIO) has picketed the school for

two days in what it describes as "the first college teachers' strike under collective bargaining in the United States."

NO CLASSES

Classes were called off today for the 3,900 pupils in Riverview School District south of Detroit.

State labor mediators met until late Wednesday night with Riverview School Board members and representatives of the district's 150 teachers in a marathon effort to reach agreement on a new contract. More than 100 teachers stayed away from work Wednesday.

In Traverse City, a fruit-growing community in northwestern Lower Michigan, a new bargaining session on a contract was set today between the school board and officials of the Traverse City Education Association.

The mediation board, planned to attend the meeting with other board employees. The district's 5,400 children faced their third day of half-day sessions today, caused by the walkout of 104 of the 143 teachers.

Diseased Lungs Show Work of Emphysema

(EDITOR'S NOTE—Emphysema is a disease of the lungs, a disease rapidly becoming one of the country's

most crippling. There is no drug or cure for emphysema, but some hospitals are finding success in rehabilitating and

helping victims. Here is the third in a four-part series on the ailment.)

By FRANK CAREY
AP Science Writer

DENVER, Colo.—In a laboratory within sight of the Rockies' foothills, there's a mechanical apparatus that looks and sounds like a prop for a chiller-movie on the late-late TV show.

It's a breathing exhibit of two human lungs taken from the

bodies of dead men, but now working for science.

Encased in a glass chamber, and powered by an airflow pump, the two bodyless lungs hang side by side and alternately inflate and deflate—swell and droop—just as the living lung does.

Neither is pretty to see. Upon inflation, each looks like a grotesque, roughly triangular, flying machine that has nothing but wings. Deflated, each resembles

a limp jelly fish.

But there's a difference between them.

One is a normal lung—from the body of a 70-year-old auto mechanic who died of a brain tumor but had healthy lungs throughout life.

The other is a diseased lung—taken from the body of a 72-year-old laborer who had suffered for years from a tissue-destroying lung disease called emphysema.

Although emphysema is a common killer, this man died of something else.

GRIM LEGACIES

But scientists here at Webb-Waring Institute for Medical Research—for the University of Colorado Medical Center—say his lung reveals many of the telltale grim legacies of emphysema. For example:

—Even at rest, it's abnormally distended and lacks the elasticity of a normal lung.

—When it exhales, it empties much more slowly, and much less completely, than does the lung on the other side of the chamber. It still holds trapped air—a hallmark of emphysema.

—Its surface is richly and nastily spotted with a coal black pigment—another characteristic of most emphysematous lungs—whereas the normal lung in the exhibit has few such spots.

TEACHING AID

The eerie demonstration is used to help teach medical students about emphysema. It's also used by Webb-Waring scientists to help spread to laymen visitors, including schoolchildren, their readily offered gospel: that heavy tobacco smoking, especially cigarette smoking, is at least an aggravant of emphysema—if not, indeed, one of its contributory causes.

As yet, there's no drug or other cure for emphysema, and victims of it can go for years, battling for breath. Certain treatments are available, though, to ease their plight.

Nevertheless, it is respiratory failure that kills emphysema

victims—and the Colorado hospital is cited by the U.S. Public Health Service as having one of the best reported records in saving such emergency cases.

PIONEERING

He says the hospital is employing some pioneering modifications of existing emergency techniques such as:

—More frequent use of tracheostomies—the cutting of a hole into the windpipe and inserting a breathing tube.

—Use of various mechanical ventilators, including a still experimental one, to deliver an increased volume of air to the lung.

—Encouraging patients to get out of bed for brief periods daily as soon as possible after their emergency—and walk up and down a ward corridor "so as to exercise their breathing muscles, and also get a look at the Rockies to help their morale."

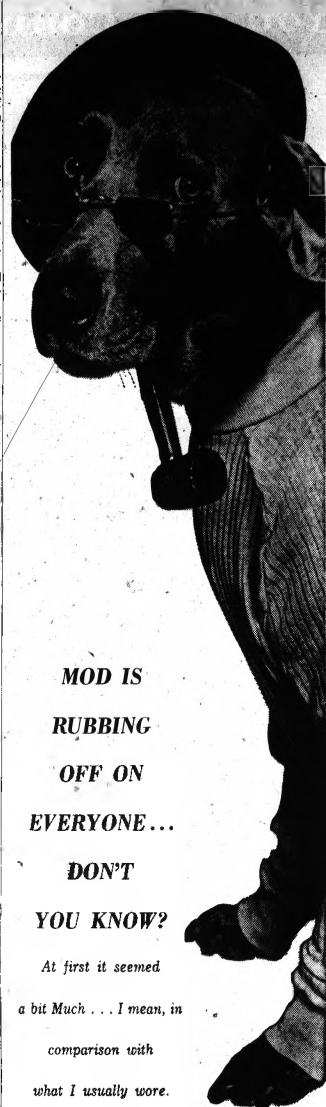

—Greater use of oxygen, in low and controlled concentrations, for treating both emergency cases and patients at home—including still experimental portable liquid oxygen tanks which some patients carry constantly away from the hospital.

Post-mortem studies at Webb-Waring indicate that those overweight are much more likely to derive most of their trouble from changes in their air tubes, as distinguished from destruction of lung tissue that characterizes emphysema. And this, too, may help family doctors in diagnosis.

Head: Tracheotomy and tube inserted into

Camper Finds It's Un-Bearable

GATLINBURG, Tenn. (AP)—Mr. and Mrs. Francis M. Bass Jr., of Nashville, didn't savor the idea of being near growling black bears which tore a car seat and ripped a gash in the Bass tent in the Great Smoky Mountains National Park. "I think they were hungry," Bass said, as he and his wife headed for a motel.

MOD IS
RUBBING
OFF ON
EVERYONE...
DON'T
YOU KNOW?

At first it seemed
a bit Much... I mean, in
comparison with
what I usually wore.

But how can you resist that lean look,
that close-fitting Edgordian line,
that British Military influence? Soon
I was wearing Carnaby caps,
berets (Mod goes to your head before
you know-it). Then I really
shifted into Gear. My coats had epaulets
and deep side vents, suppressed
waists and buttons everywhere. My pants
were cut low, long and
lean: belted on the hips and heading
downward in a tight, straight
line. My shirts had long collars, my ties
were wide as an ascot. When I
added a black vinyl double-breasted vest,
the Look was so smashing
I began barking with an English accent.
And where did I go so right?
Where you can't go wrong: in the
Red Hanger Shops at HHS.
If you feel like a dog who's been barking
up the wrong tree, trot
yourself in. It's the fabbest thing
since Raleigh's caper.

Bloomfield Miracle Mile — S. Telegraph at Sq. Lake Rd.

U.S. Needs \$200 Million for Current Viet Building

SAIGON, South Viet Nam (AP) — The expanding war has altered initial estimates of U.S. construction programs in Viet Nam that another \$200 million is required to complete projects already on the books, U.S. Navy officials said today.

The money is needed to finance projects currently being built by the RMK-BRJ Consortium, a group of U.S. construction companies that holds contracts worth \$800 million.

The U.S. Navy supervises the construction.

One example of the expanding war is the improvement of the Saigon port, where the initial estimate of \$10 million has been upped to \$50 million. The increase was caused by demands for more wharf space to handle the vastly increased sea traffic to Viet Nam from the United States.

The Department of Defense is now considering increased allocations to enable completion of current projects.

NOT CRITICAL

The deputy officer in charge of construction, U.S. Navy Capt. W. R. Rogers, said today: "This is not a critical situation. Building is going ahead all over Viet Nam by our civilian contractors. This money is needed because the needs of our customers, the Army, Navy and Air Force, have expanded."

RMK-BRJ operates on a cost-plus basis ranging from 1.7 to 2.46 per cent of the eventual cost of a project. It is building jet airfields, deepwater ports, warehouses, power plants, ammunition storage depots, troop cantonments, hospitals and a wide variety of other projects.

At its peak, the combine's work force numbered 51,700, the largest force ever assembled for an American construction program.

NOT ENOUGH WORK

While some projects are costing more because of the expanding war, the over-all programming in Viet Nam is less at this point than envisaged a year ago, U.S. Navy officials said. For this reason, RMK-BRJ is geared up for more work than they are getting.

Four companies make up RMK-BRJ — Raymond International, Inc., of New York, Morrison-Knudsen of Boise, Idaho, Brown and Root of Houston, Tex., and the J. A. Jones Company.

Price of Booze Likely to Rise

Tavern Spokesman
Points to Inflation

LANSING (AP) — If it hasn't gone up already, the price of a shot or a beer is likely to rise by a nickel soon in bars throughout Michigan, says a spokesman for state tavern owners.

Eddy Shepherd, coordinator for the Michigan licensed Beverage Association, said price hikes are on their way because "the bar owner is caught in the inflationary squeeze the same as businessmen dealing in bread, milk and everything else."

The last widespread increase was four years ago when the state adopted a new tax on liquor, he said.

Generally, increases are expected to boost prices to 20 cents a glass for local draft beer, 40 cents for a bottle of beer and 45 to 75 cents, depending on quality, for a shot of whisky or Scotch.

ALREADY HIGHER

Shepherd said a survey showed a number of drinking establishments already have increased their prices.

A number of east side Detroit taverns raised prices a nickel shortly before the Labor Day weekend and more will follow suit Sept. 15, the Michigan Beverage News reported.

The paper said more than 100 bar owners agreed on the price hikes.

Shepherd said causes of the price boosts include increases in wages, Social Security taxes, payments for unemployment.

Loser in GOP Bid Renamed to Post

LANSING (AP) — Armand Bove of St. Clair Shores, an unsuccessful candidate for the Republican nomination for attorney general, was reappointed by Gov. George Romney Wednesday to the State Liquor Control Commission.

Bove, 34, an attorney, was appointed for a three year term expiring June 12, 1969, in the \$14,000-a-year job. Senate confirmation is required.

The Nelsons uncovered solid Yellow

Elmer and Ed Nelson, owners, Nelson Brothers Sewer & Plumbing Service, Royal Oak

Elmer and Ed Nelson, owners of Nelson Brothers Sewer & Plumbing Service, write: "We started in business 40 years ago with one truck. Now, thanks to our advertising in the Yellow Pages, we have an entire fleet that is constantly on the go. When people need sewer or plumbing service they look in their Yellow Pages and see our ad. It really pays off."

Solid yellow, pure gold, or whatever symbol you want to choose, it well describes the results of Yellow

Pages advertising. The Nelson Brothers' story is typical. The fact is that 43% of all the people who looked for Home and Building Repairs (builders, painters, plumbers, electricians) in Michigan during a 12-month period consulted the Yellow Pages before making a selection. 98% of these took action.

Be sure your Yellow Pages advertising tells these ready-to-buy prospects enough about you to make them your customers. Call 883-9900 today—Michigan Bell Telephone Company. ADVERTISE FOR ACTION

*These figures are from a survey conducted by one of America's largest independent research organizations: Audit & Survey Co., Inc., 640 Fifth Avenue, New York.

a tremendous selection
of **PURE WOOL**
SHARKSKIN SUITS
with **2 PAIRS OF**
TROUSERS Budget Buy
priced at **57⁸⁵**

The beginning of the season isn't the time you'd expect the most popular suit to be priced at savings, but right now, you can buy yourself a luxurious sharkskin suit at much less than you'd normally pay. The fabric is both elegant and long-wearing, and it's of unusually fine quality: smooth, lustrous, long-wearing pure wool. This collection features carefully tailored, trim 2- and 3-button models, with **TWO PAIR OF TROUSERS**: plain-front or pleated. Choose from smart solids and lustrous iridescent shades of medium grey, dark grey, navy, brown, or olive. A complete range of proportioned sized for regulars, shorts, longs, extra longs, portlies, and portly shorts.

AND THERE'S NO CHARGE FOR ALTERATIONS

H-H-S
BUDGET
BUYS

THE PROOF OF VALUE IS MORE THAN JUST THE PRICE

Our Budget Buys are selected because they give you more for your money than you'd normally expect—and it's what you get for your dollar that proves a value. We select each Budget Buy with great care; many are made to our exacting specifications. Take a moment to read exactly what a Budget Buy means to you.

- It means low prices; lower than we normally carry
- It means satisfaction in fit, wear; in every respect!
- It means better quality than you'd expect at the price
- It means fresh, new apparel... in... full selection.
- It means top value
- It means no charge for alterations.

And it means you'll buy it in a store you know and trust — where you can be sure of quality, of origin, of satisfaction — not just when you buy, but after the purchase, too. It means full selections and complete size ranges. It means proper fit by trained clothing experts, and courteous attention.

LOOK AT THESE BUDGET BUYS. SHOP THEM, COMPARE THEM, SEE IF YOU CAN MATCH THEM, AND REMEMBER YOU CAN CHARGE THEM, TOO—AT ANY HUGHES-HATCHER-SUFFRIN STORE

At Last! A Hangover Cure Goes on Sale

LONDON (AP) — "This is," said the man behind the drug-store counter, "the first hangover cure we've ever offered the public."

He held up a small plastic tube of pills and smiled.

"Does it work?"

"We would hardly be selling it, sir, if we didn't believe it."

His drugstore — called a chemist's shop in Britain — was one of a chain, a big chain with a long and respected reputation. In a voice softened by years of discreet inquiry into the aches and pains of men, women and children, he asked ever so gently.

"Are you, sir, as they say, 'hanged over'?"

"Let us say that I was chewed a bit by Old Rover last night."

"Beg pardon?" He looked puzzled.

"Yes, I'm not feeling very well, but we say 'hanged over,' not 'hanged over.'"

"SAME THING"

"Really, sir?" he chuckled. "Comes to the same thing though, what?"

"What what?"

"Hanged over and hung over," he answered, and then down to business.

"The pills are three and six — three shillings six pence or 49 cents, for four."

On the side of the little tube, in black letters, the makers say the pills are for hangovers.

Orange in color, the pills are

about the size of an average sized man's little fingernail.

Back home this consumer consumed not one but two, and waited.

15 MINUTES

In about 15 minutes the end of the world seemed less imminent, the little man with the hammer stopped his violent

pounding inside the skull, the brown furry taste in the mouth

tasted less brown and furry and the cat moving across the carpet

ceased stomping.

Britain's newly advertised hangover cure is the brain child

of Howard L. Rice. He says he has clinically tested it on 1,000

men and women all suffering from hangovers.

The Dunlop-Committee on Safety of Drugs, a standing

committee, tested it for any possible side effects. The committee

reported it found none, and passed the pills for sale and

consumption.

Said Rice: "It is a simple fact that something gets lost when

you drink. So, what we've tried to do is to replace what has

been lost."

B GROUP VITAMINS

He said the lost things are vitamins in the B group.

"We've put them in the pills," said Rice.

Eddie Condon, the jazz musician, once said: "To cure a

hangover, take the juice of a quart of whisky."

Actor Robert Mitchum suggests brandy and bread.

Others have advocated everything from beer laced with raw

eggs to the hair of the dog that bit you.

Still others maintain there is no cure for a hangover.

Howard L. Rice is challenging them.

Mrs. Hattie W. Caraway of Arkansas was the first woman

from any state to be elected to the United States Senate.

Not Boyle is on vacation.

Delicate Flavor of Chives Used

Chives, the most "polite" member of the onion family, is one of our favorite seasonings. Because of its mild, delicate flavor, chives may be used alone or in combination with other herbs. Chives, a trust for Vichyssoise, is excellent in egg dishes, salad dressings, vegetables and sour cream dips and toppings.

You'll find freeze-dried chives will become one of your more popular seasonings, for it is easy to use and is readily accessible on the shelf. Its subtle flavor has a delicious "teasing" of onion, and the bright green color adds so much eye-appeal that you'll want to use it as a garnish, too!

Potato Appetizers With Sour Cream-Chive Dip

2 tablespoons butter
1 teaspoon chicken seasoned stock base
1 No. 303 can tiny whole potatoes
Paprika
1 tablespoon freeze-dried chopped chives
1 cup commercial sour cream

Melt butter and add seasoned stock base. Drain potatoes and add to butter. Cover and simmer until heated through. Put in chafing dish, candle-warmed dish, or you may use an electric skillet. Sprinkle with paprika.

Stir chives into sour cream. Garnish top with additional chives, if desired. Have toothpicks handy to serve the hot bite-size potatoes. Dip in sour cream and chives. Serves 6 to 8.

POTATO APPETIZERS—Heat tiny whole canned potatoes in chicken seasoned stock. Serve piping hot with sour cream and chives. Guests will enjoy this unusual appetizer. You'll like it because it's inexpensive.

Michigan Peach Stars in Attractive Salad

Golden skinned, touched with the "blush" of summer sunshine, Michigan peaches have the firm texture and full tree-ripened flavor that can raise the lowly molded salad to a gourmet delight.

This Sunset Michigan Peach Salad not only adds sparkle to

your table with its red and orange layers but offers a taste surprise when served with its own Peach-y Dressing.

MICHIGAN SUNSET PEACH SALAD

1 package orange gelatin
1 package strawberry gelatin
6-8 fresh peach halves, peeled
Almond extract

Lightly grease a 6-cup mold. Prepare orange gelatin according to directions on package, adding 1/4 teaspoon almond extract. Pour into mold. Arrange peach halves, cut side up, to cover surface of the gelatin. Chill in refrigerator until firm.

Make strawberry gelatin according to directions, adding 1/4 teaspoon almond extract. Cool and then pour over firm orange gelatin. Arrange remaining peach halves in strawberry layer. Chill until firm and unmold. Serve on a bed of greens, garnished with a few slices of fresh peaches. Pass Peach-y Dressing.

PEACH-Y DRESSING

1 fresh Michigan peach finely chopped
1/2 cup light brown sugar
1 cup dairy sour cream
Cook chopped peach and brown sugar in saucepan over medium heat 6-8 minutes, stirring constantly. Remove from heat and cool. Stir peach mixture into sour cream and chill before serving.

Ever combine canned chicken noodle soup with canned tomato soup?

Spiced Drink a Reminder of Rome

There are ways to enjoy a bit of foreign fancy—without taking a trip. One of the pleasantest of these is to savor a delectable foreign coffee—in this case, Coffee El Greco.

Named for Rome's most ancient coffee house, Coffee El Greco is a spicy, slightly sweet coffee-house coffee with plenty of appeal for you people.

Poured from the most unusual coffee pot you can find, served in tall, colorful cups, you'll find it has an exotic mood all its own.

To go with the coffee, a quickly assembled dessert is sliced pound cake topped with whipped cream cheese and a dollop of currant jelly. Simple—and very good indeed.

COFFEE EL GRECO

2 tablespoons butter
1 cup brown sugar, firmly packed
1/4 teaspoon each allspice, nutmeg and cinnamon
Lemon peel
Orange peel
Heavy cream
Hot, freshly brewed coffee
Prepare Spice Base by thoroughly creaming butter with brown sugar, spices and a pinch of salt. (This Spice Base is enough for about 24 servings and may be kept indefinitely in covered container in refrigerator.)

6-oz. cup or mug, place

2 tablespoons Spice Base, a strip of lemon peel and orange peel and a tablespoon of heavy cream. Fill with hot coffee and serve at once.

Seedless Grapes Star in Pie

BY JANET ODELL

Pontiac Press Food Editor
1966 is an excellent year for California fruit. Thompson seedless grapes, for instance, are in good supply and are bigger and juicier than ever.

It is interesting to note that all these grapes come from just one vine. In 1872, a grape grower noticed four unusual vines in a shipment of other grapes he had purchased. He grew them apart from his other vines, but only one survived the season. Recognizing that the seedless grapes were rare and valuable, Thompson made cuttings from the canes. Today, there are over 220,000 acres of these grapes.

FRESH GRAPE AND PEACH CHEESE PIE

1 baked 9-inch pie shell
1/2 packages (8 ounces each) soft cream cheese
1/4 cup sugar
1/4 teaspoon pure vanilla extract
2 teaspoons grated lemon peel
1 teaspoon fresh lemon juice
1 1/4 cups heavy cream, whipped
1 1/4 cups halved Thompson Seedless grapes
3 medium-size fresh peaches
1/2 cup apricot preserves or jelly
Beat softened cream cheese; gradually add sugar, continuing to beat until fluffy. Stir in vanilla, lemon peel and juice. Fold in whipped cream and 1 cup of the grapes.

Turn mixture into pie shell. Chill in refrigerator 1 hour. Peel and halve peaches; remove pits. In small saucepan, melt preserves over low heat; add peach halves and simmer gently until tender, about 2 minutes.

Place peach halves, cut side

up, into filling of pie at equal intervals. Use remaining grape halves to fill peach halves. Cool jelly; spoon over peaches and grapes.

Chill thoroughly, at least 4 hours. 6 servings.

Seedless grapes may be dipped into a curry mixture.

FRESH CARROTS WITH 'MINTED' GRAPES

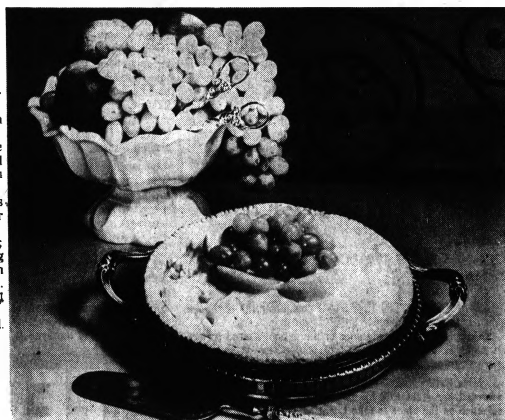

1 1/2 (about 8 medium) fresh carrots
2 tablespoons butter
1 tablespoon light brown sugar
1/2 teaspoon salt
1/4 teaspoon ground black pepper
1/2 cup boiling water

Mash cheese and mix with cream. Add seasonings and beat well. Serve as a dip for Thompson Seedless grapes. Makes 1/2 cup.

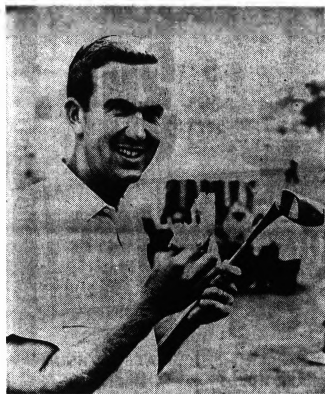

Glazed grapes add lovely color to a dish of fresh buttered carrots.

Scrape carrots and cut in thin strips. In a saucepan melt the 2 tablespoons butter. Add carrots. Sprinkle with sugar, salt and black pepper. Add boiling water. Bring to boiling point, reduce heat, cover and simmer about 15 minutes or until crisp tender.

Meanwhile in small skillet melt remaining 1 tablespoon butter. Add grapes and mint. Cook over low heat, stirring gently, until lightly glazed and heated. Serve over carrots.

GRAPE AND PEACH CHEESE PIE

PEANUT BUTTER FAN—Al Geiberger, PGA champion, has given new status to the peanut butter sandwich made with raspberry or strawberry jam. He carries it in his golf bag and eats it during the rounds of a tournament. On September 10-11, Al Geiberger will be playing with Gene Littler, Jack Nicklaus and Billy Casper in the televised World Series of Golf played at the Firestone Country Club in Akron, Ohio.

A PAIR OF WINNERS — Winners in two categories of the Miss America contest under way in Atlantic City, N.J., were announced last night. Nancy Naylor (left), 19, Miss New Hampshire, won the swimsuit division, and Charlene Dallas, 19, Miss California, won the talent division.

Tears and Laughter at Beauty Pageant

ATLANTIC CITY, N.J. (AP) — One beautiful teen-ager sobbed with joy and another bubbled with happiness. The girls, from opposite ends of the nation, shared honors last night in the opening round of competition in the Miss America contest.

Miss California, Charlene Diane Dallas, 19, who was awarded her state title by default, performed a classical selection on the piano to take talent honors.

Miss New Hampshire, Nancy Anne Naylor, 19, won the swimsuit competition. Her father, an Air Force pilot stationed in the Philippines, flew in as a surprise after a year's absence. He brought along her 15-year-old brother, Steven.

Nancy said she spotted her father, Lt. Col. Harold Naylor, as she paraded down the 120-foot runway in Convention Hall.

SAW FATHER
"I saw him there waving over the floodlights," she said backstage later. "I was thrilled."

Mrs. Naylor has been with Nancy at the family's home at Nashua, N.H.

Nancy, who lived and traveled throughout Asia and 42 states in this country, hopes for a career in the diplomatic service. She is a sophomore at the University of Colorado.

Clutching a gold trophy, she smiled and posed in her aqua bathing suit for photographers. Her 35-22-35 figure was viewed by 6,000 spectators and 11 judges in the huge auditorium.

While calm and sure of herself onstage, the statuesque brown-haired beauty broke down in tears afterward. "I am ecstatic," she sobbed.

Genetics Aid for Mankind Limited Now

By Science Service
CHICAGO — Optimism concerning application of genetic experiments to improve mankind is unwarranted now, a Canadian pediatrician told the Third International Congress of Human Genetics here.

"The success of experiments in genetic transformation and transduction in microorganisms has encouraged some to hope that techniques of directed mutation could become available to benefit man," Dr. Charles R. Scriver of the Montreal Children's Hospital said.

Although striking and sometimes controversial experiments in genetic surgery have in fact been performed in multicellular systems, he explained, public demand seems likely to outstrip scientific resources for the detection and treatment of many forms of genetic disease.

One really practical example exists where basic principles have been used to control gene replication and transcription to advantage in man, he conceded.

"This is the control of viral ophthalmia (eye inflammation) through the use of a uridine analogue" placed on the conjunctiva, or mucus membrane lining the eyelids and covering the front surface of the eyeball.

Musicians Get
LBJ's PraiseYoung Yanks Won
Prizes in Moscow

WASHINGTON (AP) — President Johnson hailed 13 young American musicians — winners of an international competition in Moscow — for doing more than diplomats to inspire understanding between the United States and the Soviet Union.

He bestowed the title "national treasures" on the winners Wednesday night before a White House audience that included some of the elite of America's world of music and the performing arts. With the Soviet minister counselor, Alexander I. Zinchkov, in a front row East Room seat, Johnson declared:

"I hope history will record this example of how music has reached across the oceans, the walls and the ideologies that separate us, and found response in the hearts of the Russian people. I hope that it will be followed by other actions in other fields so that other threads of understanding can be strung across the space between us."

Afterwards, mingling at a buffet supper in the state dining room, Zinchkov said Johnson's remarks were "very true."

In order to vote and hold office in Liberia, a person must be of the Negro race.

FIRST HOLLYWOOD FILM — Anthony Newley, British actor-director, is making his first Hollywood film with a starring role in "Dr. Dolittle." He plans to stay in Hollywood to give his family a permanent home for a while.

Broadway Losing
Newley to Movies

By BOB THOMAS
AP Movie-Television Writer

HOLLYWOOD — No more Broadway for multitalented Anthony Newley, who conceived, authored and directed and starred in "Stop the World — I Want to Get Off" and "The Roar of the Greasepaint — The Smell of the Crowd."

Newley is here for his first Hollywood film, "Dr. Dolittle," with Rex Harrison and Samantha Eggar, and he plans to stay at least two years to pursue his second movie career.

This may well be considered a blow by the London and New York theaters since Newley has been one of the more promising actors in the construction of a new form of stage musical. Not that his efforts have been completely successful. But at least he attempted innovations in an art form that has long been tied to tradition.

HAD TO LEAVE

"That was the trouble," Newley reflected at 20th Century-Fox. "What I was doing was generally conceded to be avant garde. Because of that, the offers for work in other fields simply did not come. I decided I had to get out of the theater in order to be able to do other things."

So he chose "Dr. Dolittle," in which he and his fellow stars are up to their elbows in animals — 1,500 in all. Newley has moved his wife, actress Joan Collins and their two young children to California, and he intends to stay.

"Like all actors, I harbor the urge to direct," he remarked.

Atlanta Campaign

'Black Power' Opposed

ATLANTA (UPI) — A "good neighbor" association campaigned against "black power" today in a Negro tenement district shaken by the worst racial outbreak in modern Atlanta history.

Formed during a grievance session with city officials last night, the association pledged to tell poverty-stricken Negroes their best hope lay in cooperating with authorities.

Another group, composed of Negro civic, religious and professional leaders, went from door to door yesterday in the Summerhill area where 1,000 persons rioted following the shooting of a Negro suspect by police Tuesday.

"I told the people that there was no sense in rioting that the police were there to help them and not to hurt them," said one member of the group, Dr. William H. Borders, pastor of Atlanta's largest Negro Baptist church.

"We were received graciously in every home and I have high hopes something good will come of this trouble."

GATHER ON PORCHES

Hundreds of Negroes gathered on front porches in Summerhill, a random area within sight of the gold-domed Capitol and only four blocks from the new \$13-million sports stadium, yesterday afternoon.

A police emergency squad, armed with shotguns, sub-machine guns and tear gas, rushed in to keep a mob from forming and 10 persons were arrested.

Last night, police went to Vine City, one of Atlanta's worst slums, when about 400 Negroes spilled into the streets, some fighting each other.

Negro officers and a Negro leader, the Rev. Clyde Williams, restored order.

Aid Authorization Goes to President

WASHINGTON (AP) — President Johnson's foreign aid program is over the hill for this year—but not out of the woods.

After weeks of debate and fusing, a compromise \$1.5-billion aid authorization was on its way to the White House today.

But the measure, which previously had been approved by the House, cleared the Senate Wednesday by only eight votes—33 to 25. Sen. J. W. Fulbright, chairman of the Senate Foreign Relations Committee which handled the measure, wasn't even there to vote either aye or nay.

But before the Senate gave its approval, one foreign aid critic, Sen. Allen J. Ellender, D-La., was urging that the appropriation measure providing the funds be slashed down. The appropriation follows the authorization bill, which sets ceilings

and restrictions on the program, and may set off a new round of debate.

COMPROMISE VERSION

The measure as finally approved was a compromise worked out by a conference committee that reconciled dozens of differences between the Senate and House versions of the program.

As a result of the compromise, the administration actually got a little more money over all than it asked.

Originally, the President had asked for \$3,367,000,000 for the aid program—both military and economic. The House had authorized \$4,109,119,000. But the Senate, in an obviously rebellious mood, chopped the request to \$2,832,782,000.

see our double-breasted blazer that sets the fashion pace for Fall

Stage center on the sportswear fashion scene this Fall is our avant-garde double-breasted blazer. Wider, peaked lapels, slight shaping and double vents in back all attest to its right-now fashion newness. But all the authentic, traditional blazer touches remain.

Lady Bird Sets Western Trip

WASHINGTON (AP) — Mrs. Lyndon B. Johnson launches a four-day, pre-election trip to three Western States Sept. 20 to boost scenic highways, parks, dams and Indian crafts.

The trip—the First Lady's first beauty and conservation journey since mid-June—will take her to California, Arizona and New Mexico.

Sources said it is hoped the visit, billed by the White House as solely in the interest of improving America's visage, would help California Democratic Gov. Edmund G. Brown in his race for reelection against Republican Ronald Reagan.

The general outline of the cross-country trip was announced today by the White House. Elizabeth Carpenter, press secretary to the First Lady, said more details will be announced later.

Fatal Shooting

DETROIT (AP)—Mrs. Mary Meadows, 50, was shot to death Wednesday during what police described as a family argument at her home. A 61-year-old man was arrested.

FDR Jr. in New York Race as Liberal

BUFFALO, N.Y. (AP) — from upstate New York delegations, O'Connor, 54, president of the New York City Council, hunched past his only opponent today vote cutting opposition on the convention floor, millionaires from a Liberal party ticket headed by Franklin D. Roosevelt Jr.

O'Connor, pledging a "mighty effort" to unseat Republican Gov. Nelson A. Rockefeller, at the Republican convention in Rochester tonight. He seemed certain to benefit by Roosevelt's acceptance late Wednesday of an invitation to run for governor on the Liberal party's ticket.

Drawing heavily on votes on the Liberal party's ticket.

The Liberals, a splinter group that broke away from the Democratic gubernatorial fold for the first time in its 23-year history, meets in New York tonight to make the nomination formal.

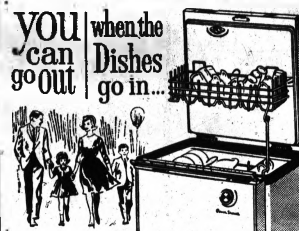

Alex Rose, Liberal party chairman, said the party's own poll, taken about 10 days ago, showed that O'Connor would defeat Gov. Rockefeller and splinter party candidates by about 600,000 votes, despite the Roosevelt candidacy.

His comment came in reply to a newsmen's question asking if

Roosevelt's candidacy would wreck O'Connor's chances and insure Rockefeller's reelection. "No," Rose said, adding "of course, O'Connor might kick it away in the campaign. But our intention is not to ruin O'Connor or the Democrats. We are fighting for principles."

CONSERVATIVES

Another splinter group, the Conservatives, nominated Paul Adams, dean of Roberts Wesleyan College, in a one-day convention at Saratoga Springs, as "an independent Depo- The Conservatives, newest of, cr."

2 Men Face Charges in Mail Holdup

DETROIT (UPI) — A former Royal Oak Township policeman was one of two men scheduled to be arraigned today in connection with the holding up of a mail truck and the shooting of a guard.

U.S. Attorney Lawrence Gubow said teams of postal inspectors and Detroit policemen late yesterday arrested Ollie J. Banks, 36, and Sylvester Copeland, 36, on charges of aggravated assault in the commission of a robbery of a small truck.

Conviction on the charge carries a mandatory 25-year prison sentence.

Postal Inspector M. P. Wood said Copeland had been dismissed from his job with the township police department in June when it was revealed he had a criminal record in Rochester, N.Y.

Four mail sacks were stolen Sept. 1 when two gunmen flagged down a mail truck near downtown Detroit, shot and seriously wounded one guard and abducted the second guard, who was later released unharmed.

Earhart's Plane to Smithsonian

PHILADELPHIA (AP) — The little, red Lockheed airplane that carried Amelia Earhart on her solo flight across the Atlantic in 1932 was on the move again briefly recently. It was lowered from its hanging display at the Franklin Institute to the floor.

The plane, in which Miss Earhart became the first woman to fly the Atlantic solo, is being turned over to the Smithsonian Institution.

Confused situation. Look for a new beginning. Know the situation in realistic light. Confused situation. Look for a new beginning.
GENERAL TENDENCIES: Cycle high for CANCER, LEO. Special word is CAPRICORN. Be wary when it comes to finalizing agreements. Study time. (Copyright 1966, General Features Corp.)

and proceeded to set South with two more spade tricks. South proceeded to criticize North's raise to three hearts. South pointed out that North had shown at least 10 or 11 points when he bid two diamonds and that 11 points did not warrant the raise with only two trumps.

North pointed out that South had gone right on to game with his own 11 high card point opening and that, in any event, the game contract would have made if West had started with three or more diamonds.

We aren't going to get involved in the merit or lack of it in North's three-heart bid. It is the best raise ever given but it did have some merit. It is the sort of raise we give or withhold depending on how we feel about conditions in general at the time.

As for South's rebid to four hearts, we are all in it. He held a strong distributional hand and his partner had given him a delayed raise. The partners failed to discuss diamond suit, the one real point of interest which is that South should have discarded one heart. He had to lose a trump trick third diamond while he still could keep a trump in dummy to guard

Ky Will Address Newspapermen at Contab in Fall

TAY NINH, South Viet Nam (AP)—South Vietnamese Premier Nguyen Cao Ky said today he has accepted an invitation to address The Associated Press Managing Editors convention in San Diego, Calif., in November.

Ky told newsmen he also planned to show his wife some of the United States during the trip. "She has never been and is anxious to go," he said. The premier said he would make a private visit to the United States.

Computer Keeps Family Together

RICHMOND, Ind. (AP)—A computer used for the first time by Richmond High School to figure class schedules placed Sherry Pemberton, 16, a junior, in a social science class taught by her father, John. The computer could have picked 10 other science teachers.

Artist Says His Work Is 'Crate'

LOS ANGELES (AP)—Seymour Rosen, 31, is an artist who is proud of what he crates. His crates, obtained from a piano factory and a shipping company, hold his exhibit, "Am Alive," now in display at the Los Angeles County Museum of Art.

In one crate there are kitchen utensils from the past—strainers, spoons, a lantern, a meat grinder.

Another crate holds 30 different kinds of bread in 30 different shapes—large, small, twisted, animal-like.

One box contains only light bulb filaments.

"Everyone sees the light, but who sees the filaments?" Rosen asked. "Look at these shapes. See the ballet dancers inside our lights, see the wonderful pieces of sculpture."

Money Orders to Resemble Bank Checks

WASHINGTON (AP)—Postal money orders will take on a new look next month—they'll resemble regular bank checks.

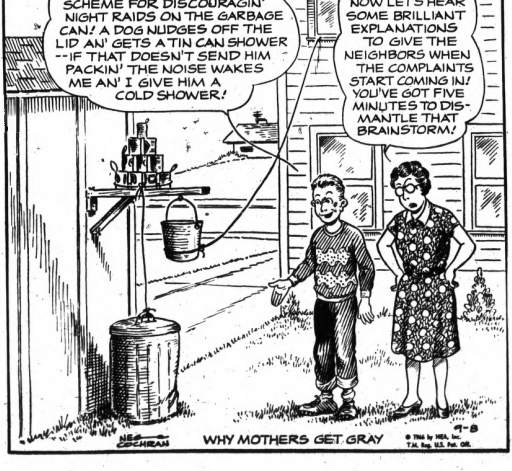

The money orders will have new magnetic ink numbers at the bottom allowing them to be machine processed by banks in the same manner as checks.

The new, gray-tinted money orders will go on sale Oct. 8, marking the first major change in their style since 1963 when the Post Office Department began using punch-type money order issuing machines.

Viet Objector Gets 3 Years

Court-Martial for 2nd Soldier Starts Today

FT. DIX, N.J. (AP) — A second soldier faces general court-martial today for refusing to go to Vietnam. The first P.V. Dennis Mora of New York, was sentenced to three years of hard labor, a dishonorable discharge and forfeiture of pay.

Mora, 25, said at attention Wednesday as his sentence was passed by a 10-officer court after 18 minutes of deliberation. Seconds later, he was smiling at his family in the courtroom.

A defense attorney said the verdict would go through military appellate procedures, then would be appealed to the U.S. Military Court of Appeals, composed of three civilian judges appointed by the President.

Today, Pfc. James Johnson, 20, also New York, goes on trial for the same charge. Both soldiers told a news conference in New York June 30 that they would not fight in Vietnam. A week later, Army authorities picked them up and brought them here.

A third soldier, who also attended the news conference, is being held in the Ft. Dix stockade awaiting trial on similar charges. He is Pvt. David Samas, 20, of Modesto, Calif.

During the trial, the defense has sought to prove that the United States presence in Vietnam is illegal but law officer Col. Robert F. Maguire ruled to the contrary and did not permit Mora's lawyers to discuss the point before the court.

2 ARMY LAWYERS

Mora was defended by Stanley Faulkner, a civilian lawyer from New York, and two Army lawyers, Maj. Edward A. Lasswell and Lt. Jason M. Cotton.

A fourth soldier was apprehended with the three last July but was later cleared. He is now in Vietnam.

The court said Mora's sentence could be reduced for good behavior.

Kresge Sales Up No Quibble, No Quorum

DETROIT (AP) — S. S. Kresge Co. yesterday reported its sales in August rose 38 percent over the same month of 1965.

H. B. Cunningham, Kresge president, said sales last month with \$65,728,103 in August 1965.

The company's sales in August 1965 were \$65,728,103.

The company's sales in August 1965 were \$65,728,103.

NEW FORD TRUCK—Among 1967 truck models introduced today by Ford Motor Co. is this F250 pickup. Company officials said new Ford pickups will have passenger car

comforts as well as heavier truck-type frames. Ranchero models are available with color-keyed interiors.

'67 Ford Truck Line Both Sporty, Heavy

A sport-type Ranchero with interior fashion options for women drivers and a heavy-duty work-truck line for the 1967 line.

The new trucks will make their appearance in the next few days at the following Pontiac area dealers:

Beattie Motors, Inc., 215 Main, Rochester, N.Y. 14603; John D. Cramer, Inc., 215 Main, Rochester, N.Y. 14603; Shuman Ford Sales, Inc., 215 Main, Rochester, N.Y. 14603.

Also included in the company's new line are medium weight trucks with redesigned steering and axle assemblies; pickups with a roomier front seat; and a light truck series featuring Ford's Econoline and Econoline models.

The Ranchero line of pickup trucks — available with color-keyed interiors and bucket seats — is part of the company's expanding light truck line.

Highlights of Ford's "heavy" line include restyled grilles and use of new sheet metal on cabs; a 6-cylinder diesel engine for city delivery work; and wide beam front axle for extra heavy and school bus chassis.

A transistorized emergency lamp flasher, nylon cord tires, improved seat anchorages, padded dash and sun visors and two-speed electric windshield wipers are standard for all cab models.

Standard engines in the medium truck line include both 150- and 170-horsepower models, with an optional V8 available generating 210 horsepower.

Introduced by Ford last year, has been bolstered with the addition of two new models. The compact Econoline continues in three models and two engine options.

Current president is Elmer R. Johnson, the Republican candidate for Waterford Township supervisor in the Nov. 8 election.

He noted that 10 years ago Oakland County experienced a breakdown in sanitation and was under indictment from the State Health Department for pollution of streams.

This condition brought construction to a near standstill, he added, because oil in many areas was unsuitable to support septic tank systems.

Establishment of the County Department of Public Works in 1967 gave the county the vehicle for solution of sanitation problems, said Hamlin.

He also pointed out that Oakland was the first county in the state to establish a health department and that this unit had countywide responsibility for public health.

Hamlin said he would not like to see the county take over the services that municipalities can do on their own.

He added, however, that he feels the county has a responsibility to perform those services that municipalities are unable to provide effectively and economically.

'67s Previewed by GMC Truck

GMC Truck & Coach Division's dealers were given a preview showing of the 1967 line of light, medium- and heavy-duty trucks today in a nationwide closed-circuit television telecast to 22 cities.

Originating from the General Motors Technical Center in Warren, the luncheon TV program consisted of messages from Martin J. Caserio, a vice president of General Motors and of the division; Robert C. Steller, general sales manager; and other staff members.

Among those attending the telecast were executives from GMC Truck & Coach Division's main manufacturing plant in Pontiac.

Those watching the division's first closed-circuit TV dealer announcement were briefed on the numerous product improvements in the upcoming line and other business matters of vital concern to the dealer organization.

UAW Board Meets in Wake of Skilled Trade Unrest

DETROIT (AP)—In the wake of recent manifest unrest among the union's skilled tradesmen, the 24-member International Executive Board of the United Auto Workers opened a three-day session here Wednesday.

There were reports the board likely will act on recommendations of a skilled trades advisory committee to give the skilled a larger voice in a union in which they are outnumbered some seven to one.

The committee favors requiring each local union with skilled tradesmen to elect a chairman and secretary for the skilled ranks.

These two would be responsible for calling monthly meeting of the skilled within the local. This group then would choose delegates to a quarterly skilled trades council meeting, which would have direct access to the executive board.

'HOUSEKEEPING'

A spokesman, however, said the initial session was confined to "housekeeping chores," pointing out the board's last regular meeting was held in May, immediately prior to the UAW's 1966 convention at Long Beach, Calif.

A quickly called, one-day session was held Aug. 27, immediately after refusal of the Big Three automakers—General Motors, Ford and Chrysler—to reopen contracts for the possible immediate raising of wages for skilled workers.

The UAW had promised to

consider any increase "a down payment" on demands it will make in bargaining next year. Current contracts run to Sept. 6, 1967.

The Big Three pointed to automatic wage increases which became effective Labor Day under current contracts, along with an additional two cents hourly under the contracts' cost-of-living escalator.

STICKS TO CONTRAST

The executive board's special session said the union would live by its contracts, demanding what it termed "equity" for the skilled in next bargaining.

The Borinqueno Indians were the first inhabitants of Puerto Rico.

The DRC Story

HOW A MAN WITH SHORT LEGS REVOLUTIONIZED A LONG-LEGGED SPORT

The Odd Man On Horseback.

Stardom in athletics comes to many. It is only a select few, however, who, by their individual brilliance and flair for the unusual, set styles which help change the pattern of sports.

"A Monkey On A Stick" is the apt and colorful phrase used to describe the basic riding style of jockeys in the United States. It is a style started 70 years ago because a young man with great talent had abnormally short legs. The young man was Tod Sloan, now a member of The Jockeys' Hall of Fame.

If you visit the Detroit Race Course—and we race daily except Sundays, from now through November 5—you will see the widespread application of the technique Sloan brought to Thoroughbred racing.

"Monkey On A Stick" is the style derived from the use of extremely short stirrups and the marked crouch which puts the rider virtually on his horse's neck.

From Sloan's day to the present, there's been only one major refinement in riding styles. The great Eddie Arcaro is credited with it. Arcaro introduced the "acey-deucey" seat, whereby the jockey uses an extremely short outside stirrup and has his inside stirrup approximately two to two and one-half inches longer.

William Kelly, an old-time rider and one of the most respected officials in racing, is Paddock Judge at the Detroit Race Course. He is an authority on riding techniques.

"In my day," Kelly relates, "our style was more like that of today's steeplechase riders. A jockey might drop his inside stirrup a notch, but the difference never was marked until Arcaro came along. Now, you see almost every rider with his right stirrup so short his knee almost touches his chin."

What's the reason for the technique?

"It is a sound one," Kelly says. "Watch a horse as he goes into a turn. Notice how he leans toward the rail. With the lower inside stirrup the jockey is able to shift his body in the same direction and achieve greater balance. That's the value of the 'acey-deucey'—balance."

Larry Snyder, the youthful riding star who is a top contender for the DRC Jockey championship and ranks seventh in the national title race, daily gives excellent displays of the patterns pioneered by Sloan and Arcaro.

"The style of each rider may vary, but the most important thing is to be comfortable in the saddle," Snyder says.

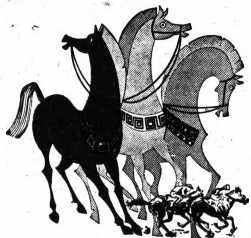

I believe the more Fans know about Thoroughbred racing and the People in it, the greater enjoyment they will derive from it. Watching the riding techniques at the DRC of talented stars like Snyder, Bob Gallimore, Ronnie Campbell, Tommy Barrow, Donald Holmes, Eddie Truman, Dick Lawless, Jack Fisselman, Joe Lopez and Earl Knapp will put a new spice into the racing pleasures.

Your pleasure is our constant objective. At the Detroit Race Course, we have a magnificent new \$3,000,000 Clubhouse, with two beautiful Dining Terraces which offer the finest in food and beverages. There is the unique old English pub, Ye Olde Tired Horse Pub, where you can have a snack or a refreshing drink. There is never a cover or a minimum in Ye Olde Tired Horse Pub.

We have close-in parking for 12,000 cars. There are three Easy-In, Easy-Out entrances and exits off Middlebelt, Schoolcraft and Inkster Roads.

I hope you will plan to visit us soon.

Lone U.S. Netman Still-Contending

FOREST HILLS, N.Y. (AP) — The lonesomest man in the National Tennis Championships today — and perhaps the proudest — is Clark Graebner, the 26-year-old son of a Cleveland doctor.

He's the lone American in a batch of invaders — five Australians, a Spaniard and an Englishman — who square off in men's quarter-final matches today and Friday.

"I'm glad I won, but gee, I'm sorry our other guys had to lose," Graebner said after he had survived a two-hour duel with England's Graham Stilwell 9-11, 8-6, 6-3, 7-5.

The good-looking 6-footer, who doubles mate from Evanston, Ill., yielded a tough one to two-time champion Roy Emerson of Australia, 2-6, 6-3, 7-5, 6-3.

Chuck McKinley of Portland, Wash., N.Y., bowed to Wimbledon champion and the defender, Manuel Santana of Spain 9-7, 9-7, 8-6.

THREE OUSTED

The nation's No. 1 player, Dennis Ralston of Bakersfield, Calif., lost in straight sets to Australia's Fred Stolle 7-5, 6-3, 7-5.

Marty Riessen, his longtime Cal, the U.S. captain, Graebner said, "I just want to do anything I can to help the team."

This is a big year for Graebner. He won the Pennsylvania championships at Merion and went to the final of the Eastern at Orange, N.J. He teamed with Ralston to defeat the Mexicans in the American Zone final at Cleveland 5-0.

Graebner's big moment comes Friday when he plays Stolle, Ralston's conqueror, in the quarter-finals. If he wins, he gets a shot at the Emerson-Owen Davidson winner, another Aussie test.

BRITISH BOMBER

The top half of the men's bracket was scheduled today with Santana facing Bill Bowrey, a 22-year-old Australian, and Mark Cox, the blond British bomber, opposing Australia's John Newcombe. The latter put out America's Arthur Ashe Tuesday.

Two American girls — Nancy Richey of Dallas, Tex., and Rosemary Casals of San Francisco — remain to challenge former champion Maria Bueno of Brazil in the women's division.

BIG DIFFERENCE

Coach Duffy Daugherty was encouraged by the first team's performance, but added that the 10-touchdown victory over the reserves underscored a drastic dropoff in the talent between the first and second stringers.

"We came out without any major injuries, which is probably more important than anything else," said Daugherty. The lack of depth, he said, has made him especially fearful of injury to key players.

The Spartans have one more scrimmage scheduled, on Saturday, before meeting North Carolina State Sept. 17 at East Lansing.

Meanwhile, at Raleigh, N.C., North Carolina State continued its preparations for the Spartans. The Wolfpack's defensive unit worked against a Michigan State-type offense in its Wednesday morning session.

ROYAL AUTO PARTS
1100 Mt. Clemens Pk. 4-4900

That should settle whether he can stand up to the rugged tuff from down under.

Miss Richey defeated Esme Emanuel of South Africa 6-2, 6-4, and today goes against seventh-seeded Virginia Wade of Britain.

If Miss Richey wins, she plays the winner of today's other quarter-final between 19-year-old Kerry Kelville, conqueror of Wimbledon champion Mrs. Billie Jean King, and prettiest Madonna Schacht, both Australians.

The other half of the women's draw, scheduled Friday, sends Miss Buenos seeded No. 2, against Norma Baylon of Argentina, No. 6, and Miss Casals, No. 5, against fourth-seeded Francoise Durr of France.

World Oarsmen Begin Padding Despite Dispute

LED, Yugoslavia (AP) — Five hundred athletes from 31 nations, including the United States, opened competition today in the second World Rowing Championships.

The competition was being held in the shadow of a dispute involving East and West Germany.

The International Rowing Federation ruled that the East and West Germans were to wear only the emblems of their national rowing associations, but the East Germans appeared at Wednesday night's official opening wearing the emblem of their country.

The two teams stood far from each other during the ceremonies.

The federation also banned the playing of any national anthem because of the German dispute and also said teams will be represented on scoreboards by the names of their associations, not their countries.

'M' Stresses Oregon Plays

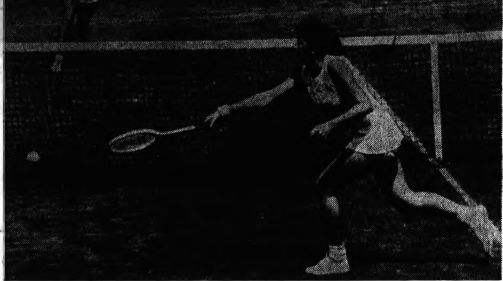

ANN ARBOR (AP) — Veteran halfback Carl Ward was expected to return to practice today with Michigan's football Wolverines.

Ward, a key figure in Coach Bum Elliott's plans for the team, has been out since Monday when he suffered a bruised leg in scrimmage.

The Wolverines Wednesday continued to acquaint themselves with patterns expected to be used by Oregon in their season opening game Sept. 17. The team watched Oregon plays in movies and pitted their own plays against Oregon type defenses and offenses employed by the reserves.

Rick Volk, senior defensive halfback, started the scrimmage as quarterback. But Elliott replaced him with No. 1, signal caller Dick Vidmer, and later gave Dennis Brown and John Thomas tries at the key position.

UPSETS CONTINUE — Kerry Melville (upper court), 19-year-old Australian who defeated top seeded U.S. player Billie Jean Moffitt King, drives the ball past her fellow

Australian, Judy Tegart, foreground, in the U.S. National Tennis championships. Miss Melville won in three sets, 2-6, 6-2, 6-4, to send her into the quarter-finals.

'STOLLE' THE SHOW — Australia's Fred Stolle, foreground, defeated the top ranked U.S. tennis player Dennis Ralston in straight sets yesterday, 7-5, 6-3, 9-7, at Forest Hills, N.Y. Prior to the tournament Stolle was upset because he was not seeded and got his vengeance by defeating Ralston, one of the top seeded players.

Newcomer Progresses as Passer

CHICAGO (AP) — Midwest football briefs:

Ohio State-Rookie Bill Long shows progress as No. 1 quarterback, passing effectively to halfbacks Bo Rein and Arnie Pontes in a workout that was free of injuries.

Wisconsin — Fullback Wayne Todd impressed coach Milt Bruhn in the Badgers' first scrimmage of the season. Quarterback John Boyajian and halfbacks Lynn Buss and Vic Jarville were with Todd in the No. 1 backfield.

Purdue — Juniors Bob Corby and Dennis Cirbes were cited in an improved secondary that stood out in a 90-minute scrimmage.

Iowa-Fullback Silas McKinzie, out of contact work with a leg injury, returned to heavy duty as the squad pointed for a game-type scrimmage Thursday.

Minnesota — Veteran end Chet Anderson joined the Gophers' rising injury toll with a strained foot ligament.

Indiana-Center Harold Mauro, guard Mickey Parmelee and end Rick Spickard were singled out by coach John Pont for their offensive blocking work.

Illinois-Additions to the minor injury list include center Kai Anderson, linebacker Herschel Johnson, guards Ron Guenther and Larry Jordan, tackle Dick Stone, end Mike Murawski and backs Cyril Pinder and Doug Harford.

Northwestern — Pass catching by end Roger Murphy and Cas Banaszew highlighted a full scale scrimmage. Two sophomores, tackle Tom Ziolkowski and halfback Chico Kirsawski, were promoted to the No. 1 offensive unit.

Daily Double Payoff Large

DETROIT (AP) — Springs Arrival galloped home a 61-1 shot in the first race at Detroit Race Course Wednesday and set up the largest daily double of the 33-day-old DRG meeting.

Dick Lawless rode Springs Arrival to pay \$123.20. Do's Last Day paid \$17.80 in the second race and a double payoff of \$1,034 on the 7-9 combination.

K. of C. Golfers Play

The 22nd annual State Knights of Columbus Golf Tournament will be held Saturday and Sunday at Bob O'Link Golf Club in Nor.

More than 400 hundred entries are expected in the tournament hosted this year by St. Francis Council No. 4401 of Farmington.

How to keep your head behind the ball ...

Mildenberger Says He Sees 'Something'

FRANKFURT, Germany (AP) — Karl Mildenberger says he sees something to worry Casius Clay, but Clay isn't letting it bother him.

Just as Max Schmeling said, "I see something" before knocking out Joe Louis in 1936, Mildenberger said Wednesday, "I've seen all Clay's fights and I think I have found something to make him worried."

Schmeling had referred to a weakness in Louis' style that enabled him to upset him, but Joe corrected the situation in their second meeting in 1938, knocking Schmeling out in a round.

Louis, an advisor to Clay, also saw a comparison between the upcoming fight and his loss to Schmeling.

EASY WINS

"Clay won his last three or four pretty easy," the former champion said. "Clay might let down a little on this one, just like I did."

Also unaffected by Mildenberger's pronouncement were the bookies here who list Clay as a 1-10 betting favorite.

Federal Action Is Opposed

WASHINGTON (U) — No federal action is necessary to preserve the natural wonder of the Indiana dunes along Lake Michigan, Rep. Charles A. Halleck, R-Ind., said today.

Series Golf This Week

AKRON, Ohio (AP) — Practice rounds get underway Friday in the \$77,500 fifth World Series of Golf at Akron's Firestone Country Club. Thirty-six under-par score of 135 in the 1962 inaugural still is the low total for the 36-hole event.

Masters and British Open champ Jack Nicklaus seems to be the man to beat, judging from past performances on the tour. Al Geiberger, a slim California, is expected to give Nicklaus a run for the \$50,000 first prize money.

The dunes now are protected sufficiently by the state and by local zoning laws.

Geiberger, who will be playing his first series, started winning here just 13 months ago when he took the \$20,000 first prize in the American Golf Classic. Last July, he added another \$25,000 by winning the PGA tourney.

Rounding out the Big Four are U.S. Open champion Billy Casper, and Gene Littler, winner of the Canadian Open. Casper and Littler tied in prize money during his last two visits to Firestone.

Great traveling companion!
The Sharkeye Suit
by Hart Schaffner & Marx

Whether you commute by 720 jet or the 5:21 train, HS&M's Sharkeye suit is a congenial traveling companion that keeps its fresh, well-pressed look.

Sharkeye is sharkskin with a new twist. Look closely at this handsome fabric and you see dark threads sparked with light ones for a rich but subdued luster.

Sharkeye's strong on wear and HS&M tailoring keeps it going in style. The well-dressed look you buy, you keep.

Take a tip from experienced (and best-dressed) travelers. Choose an HS&M Sharkeye suit from our Fall '66 collection today. \$100

Torch Drive Goal Set

DETROIT (AP)—The city's United Foundation yesterday set a record goal of \$24.6 million for its 1966 Torch Drive.

Avon Accident Hurts Woman

A 26-year-old Avon Township mother is in poor condition at St. Joseph Mercy Hospital following a two-car collision about 1:30 p.m. yesterday.

Mrs. Gordon D. Friese of 1306 Greenwood was admitted to the hospital after a car driven by her husband collided head-on with another automobile.

Oakland County Sheriff's deputies said Friese was westbound on Auburn in Avon Township when his car collided with a car driven by Mrs. Mary Jo Hammond, 23, of 885 Deas, Troy.

Mrs. Hammond told deputies she was turning left onto Rochester Road at the time of the accident. She and two passengers in her car escaped serious injury.

Friese told deputies he was unable to avoid the collision. He and the couple's 6-year-old son were treated at St. Joseph Mercy and released.

103 Attending Adventist School in Waterford

One of the smallest schools in the Pontiac area—the Seventh-day Adventist—operated Pontiac Junior Academy—opened its doors to 103 students this week.

Located at 5725 Pontiac Lake, Waterford Township, the school provides classes for grades 1 through 10.

Upon completion of 10th grade, secondary students often attend at Adelphi Academy in Holly, another Seventh-day Adventist facility.

A new bus has been acquired by the school this year to transport children from outside Pontiac.

Waterford Teens Plead Guilty to Simple Larceny

Four Waterford Township youths pleaded guilty to a reduced charge of simple larceny yesterday at their examinations before Township Justice Patrick K. Daly.

They had been charged with attempted larceny from an automobile on Tyrone Avenue Aug. 28. The car is owned by Mrs. Ollie Krier of 754 Tyrone.

Slated to appear before Daly for sentencing on Monday are Roger D. Conway, 18, of 2825 Oldsmobile; Roger M. Shastal, 18, and John Shastal, 19, both of 2883 Chrysler; and James D. Judd, 17, of 3138 Watkins Lake.

State Police arrested the four youths after being summoned by Mrs. Krier.

Week Is Set Aside for Aviation, Space

Delos Hamlin, chairman of the Oakland County Board of Supervisors, today proclaimed Sept. 10 through 18 as Michigan Aviation and Space Week for Oakland County.

Noted in the proclamation was that Oakland County has more registered aircraft owners than any county in the state.

An open house will be held this Saturday and Sunday at Pontiac Municipal Airport.

Kuhn, Schmier Recounts

Recounts of the Aug. 2 primary voting petitioned by two Oakland County candidates before yesterday and are still in progress with little change reported.

Richard D. Kuhn, who finished 1,071 votes in the race for the 19th Congressional District Republican nomination, asked for a recount of 49 Redford Township precincts.

Mrs. Margarette Montgomery, chairman of the Wayne County Board of Canvassers, said 39 of the precincts have been recounted and Kuhn has gained nine votes.

Motorcyclist, 19, Listed Fair

A Bloomfield Hills youth is in fair condition in St. Joseph Mercy Hospital, Pontiac, today with injuries suffered in a motorcycle accident Tuesday night.

Bloomfield Hills police said Craig A. Chick, 19, of 210 Woodbury was traveling east on Lone Pine near Academy Way about 5:30 p.m. when he struck a westbound car that was making a

Area Deaths

Driver of the car was Georgia Mitchell, 14, of 2323 Bedford, Bloomfield Township.

Chick suffered a fractured leg and cuts.

Chick was assisted until the ambulance arrived by Rev. Robert Darwall of 500 Lone Pine, Bloomfield Hills, whose son, Stephen, 19, received minor injuries in another motorcycle accident that night.

Story of Death Was Incorrect

Yesterday The Press published an obituary of Mrs. Alvah (Francis) Tibbels, 24, of 7194 Maple. That was based on a false information furnished this newspaper.

Mrs. Tibbels is not dead. The Press regrets the error.

Area Deaths

Mrs. Arthur Blynn

Service for Mrs. Arthur (Frances M.) Blynn, 55, of 251 Osmon will be 1 p.m. tomorrow at Sparks-Griffin Funeral Home, 1100 N. Oak Hill Cemetery, with burial in Oak Hill Cemetery.

Mrs. Blynn died Tuesday after a short illness.

Surviving is one brother.

Area Deaths

Lawrence Brooks

Service for Lawrence Brooks, 54, of 397 South Blvd. will be 2 p.m. Saturday at Liberty Baptist Church with burial in Oak Hill Cemetery by William F. Davis Funeral Home.

Mr. Brooks, a school maintenance employee, died Tuesday after a short illness. He was a member of Liberty Baptist Church.

Surviving are his wife, Gladys; three daughters, Carrie and Rita of Pontiac and Olivia of Indianapolis, Ind.; his mother, Mrs. John T. Brooks; two brothers; and four sisters.

Area Deaths

Dwayne A. Welch

Prayers for Dwayne A. Welch, infant son of Mr. and Mrs. Wesley D. Welch of 114 S. Merriwell, will be offered at 11 a.m. tomorrow in the Huntton Funeral Home with burial in Highland Cemetery, Milford.

The 3-week-old baby died yesterday.

Surviving are the parents and grandparents Mr. and Mrs. Wesley T. Welch of Pontiac and Mr. and Mrs. Owen Coffel of Waterford Township.

Area Deaths

Herbert M. Bishop

ORION TOWNSHIP—Herbert M. Bishop, 85, of 960 Leitch died yesterday. His body is at the Flumerfelt Funeral Home, Oxford.

Everett A. Jones

SOUTH LYON—Service for Everett A. Jones, 63, of 334 W. Lake will be 2 p.m. Saturday at Phillips Funeral Home. Burial will be in South Lyon Cemetery.

Mr. Jones died yesterday after a short illness. Owner and druggist of Jones Drug Store, he was a member of Lodge No. 319, F&M, and Shrine of Bay City and was past president of the Kiwanis Club.

Surviving are his wife, Eldora; two daughters, Mrs. James Wallace of South Lyon and Mrs. Roy Bakhaus of Brighton; a son, Robert of Wall Lake; a sister; and 10 grandchildren.

GM to Present Traffic Safety Show on TV

A broad look at traffic safety will be shown at 10 p.m. tomorrow over WJBK-TV, channel 2.

Presented by General Motors as a public service, the program will be uninterrupted by commercials.

Entitled "Destination Safety," it will emphasize what's being done to make cars safer, law enforcement more effective and drivers better trained and will review licensing practices. More than 150 agencies and experts in the field of traffic safety were consulted in the preparation of this David L. Wolper production.

Shelving of Rights Bill Likely

WASHINGTON (AP) — The near-certainty that the Senate will not vote before the November elections on the hotly disputed open housing section of the civil rights bill is bringing quiet sighs of relief from some senators up for reelection.

As matters stand, the Democratic leadership is likely to have to put the House-passed bill on the shelf after a couple of weeks of snail-paced filibustering by its opponents.

Even if the measure is revived later, it would be in a postelection session.

In two days of maneuvering, supporters of the legislation have not been able to keep enough senators on hand to transact business.

After a 75-minute call of the roll produced the required 51 yesterday, Sen. Philip A. Hart, D-Mich., managed to get in a motion to take up the bill.

But the Senate quickly turned to a \$2.5-billion foreign aid authorization. After it sent that bill along to President Johnson by a 33-25 vote, the quorum vanished.

When an hour's effort failed to get enough members back, Hart gave up and moved for adjournment for the day.

Democratic leader Mike Mansfield called the outcome "a disgraceful exhibition of doing nothing."

'EQUALLY GUILTY'

He said opponents and proponents of the bill were equally guilty of absenting themselves.

"Unfortunately," he said, "you've got a lot of them campaigning and that seems to be taking precedence."

Senate Republican leader Everett M. Dirksen, who had waited patiently to assail the housing provision but didn't get to speak, told reporters the absentee list indicated "a cyclonic enthusiasm for something other than this bill."

Mansfield said with Dirksen opposing it, the measure's chance of ever becoming law is just about zero.

Piggins Willing to Tell His Data

DETROIT (UPI) — Former grand juror Edward S. Piggins said yesterday he would be "very glad" to give all the information he has on Detroit area organized crime to his successor.

Piggins, whose possible testimony before George Bowles' new grand jury has been the object of a legal question, said, "If there is a decision that allows me to testify or tell him under oath privately, I would be very happy to do it in the interest of the protection of the general public."

Asian Urges Force in Rhodesia

LONDON (AP) — Prime Minister Lee Kuan Yew of Singapore proposed Wednesday night that guerrilla units of black Africans be formed to bring down the white minority government in Rhodesia.

Earlier Wednesday, Lee told the 22-nation Commonwealth conference that the Royal Air Force should bomb railroad junctions and other selected targets in Rhodesia. He said destruction of four railroad junctions would be enough to bring the economy to a grinding halt.

Speaking on a television program, Lee said two guerrilla

battalions "roaming around Rhodesia," with more in training outside the colony, would be sufficient.

Logging Hamlet Needs Teacher

SOMESBAR, Calif. (AP) — Unless a teacher is found, school bells won't ring this year for the 30 children in this Siskiyou County logging hamlet.

The job pays \$5,500 a year, and the town pays for lodging in a trailer, water and electricity. There's another \$2,000 if the teacher can drive a school bus.

Lee acknowledged that it would be unthinkable for British ground forces to invade Rhodesia to fight "eyeball to eyeball" against white Rhodesians. He told the Commonwealth conference this would be avoided if RAF bombers made low-level strikes against Rhodesia.

Although British Prime Minister Harold Wilson has been adamant in his refusal to use force against the white Rhodesians, only the other three white members of the Commonwealth—Australia, Canada and New Zealand—and Malaysia have expressed flat opposition also.
