

Ike Welcomes Queen to Washington

No Expressway, Mackie Repeats; Toll Road Eyed

By PETE LOCHBILER

LANSING—Pontiac representatives arrived here yesterday talking of free expressways and left thinking of toll roads.

They were told during an hour and a half meeting with State Highway Commissioner John C. Mackie that the likelihood of a Pontiac expressway during the next five years is "extremely remote."

But if a north-south toll road past Pontiac were financially feasible, it would be given the "go-ahead" signal by the state, Mackie said.

"A north-south expressway, either east or west of U.S. 10 (Woodward Ave.) is definitely going to be built."

It could undoubtedly be built sooner as a turnpike than as a freeway," said Mackie.

The state will "very probably" include a north-south freeway past Pontiac in its five-year highway plan beginning in 1962, whether a turnpike is in existence or not, Mackie added.

NO X-WAY IN PROGRAM

But he reaffirmed his stand of two weeks ago, that there is no north-south expressway through Pontiac planned as part of the present five-year program.

Pontiac representatives who had asked if it was possible to include the Pontiac expressway in the five-year plan, turned their attention to a toll-road, after Michigan Turnpike Authority chairman George N. Higgins stressed that hopes for a turnpike are not dead.

"The present five-year plan practically guarantees which highways are going to be built in Michigan during the next five years," said Higgins. "New York investment brokers are studying the five-year plan now, considering whether a turnpike could fit in as a good investment."

Higgins conceded, however, that the market for turnpike bonds is poor at the moment.

U.S. FUNDS DROPPED

He also pointed out that new turnpikes are no longer eligible for designation as interstate highways, with the subsequent 90 per cent federal aid for the construction.

Higgins maintained there was a good chance, however, for a change in federal law so that the proposed Michigan turnpike — 76 miles long from the Detroit Industrial Expressway through north-

Crash Kills Two Berkley Youths

2 Others Hurt as Cars Collide at Telegraph, 12-Mile Intersection

Two Berkley youths were killed and a third injured when their car was struck by another and nearly cut in two at the intersection of Telegraph and 12 Mile Rds. in Southfield Township.

Dead on arrival at William Beaumont Hospital were the driver, Gary Russell Dodd, 16, of 4218 Cumberland St., and Forrest Clark, 17, of 2388 Berkley St.

TWO HOSPITALIZED

A passenger, William B. Chestnut, 17, of 2283 Princeton, suffered head injuries and a fractured right leg.

Driver of the other car, Robert W. Adair, 57, of 4224 Arlington, Royal Oak, was admitted to the hospital with a fractured left leg and possible chest injuries.

The accident occurred at 8:20 p.m. when one of the drivers apparently ran a red light. Adair, in a statement to the Oakland County prosecutor last night, said he had the green light. A witness, who is to make a formal statement today, indicated last night Dodd had the green light, police said.

Adair was traveling north on Telegraph and Dodd east on 12 Mile road when the crash occurred. Adair's car struck Dodd's on the right side. Adair said he did not see the car prior to the accident.

The witness, Donald G. Gregg, of 125 W. Sixth St., Royal Oak, told Redford Post state troopers he had just made a left turn from 12 Mile into Telegraph with the green light when he heard the crash.

Forget Umbrella; Cloudy but Dry Is Area Forecast

Put away your umbrellas. Tonight, the U.S. Weather Bureau says, the Pontiac area will have mostly cloudy and cooler weather. The low will be 42-46.

Tomorrow will be partly cloudy and a little cooler, with a high of 56-60.

The outlook for tomorrow night is fair and cool. Saturday's forecast is for generally fair and warmer weather.

Rainfall is expected to exceed normal over most of the country. There will be less than usual in the Pacific Northwest, and normal rainfall over the Northeast and Western Plateau.

In downtown Pontiac a mild 59 was the lowest recorded temperature before 8 a.m. At 1 p.m., 62 was the reading.

Virginia Pikemen Line Queen's Route

THROUGH HONOR GUARD — Queen Elizabeth walks between an honor guard of halberdiers and pikemen on arrival at Jamestown's Festival Park yesterday. Flanking the queen are Virginia Gov. Thomas Stanley, left, and Wiley T. Buchanan Jr., U. S. Chief of Protocol, right. Behind is Prince Philip and Mrs. Stanley.

Gov. Thomas Stanley, left, and Wiley T. Buchanan Jr., U. S. Chief of Protocol, right. Behind is Prince Philip and Mrs. Stanley.

Paint Grass Green to Please the Queen

WASHINGTON (AP)—Tidying up the capital for company—when the company is Queen Elizabeth II—yesterday meant painting grass green and TV cable white.

It included peering under manhole covers and shaking tree limbs along the two-miles-plus of parade route Queen Elizabeth and Prince Philip follow today to the White House.

The grass around the Lincoln Memorial was spotted with brown after a dry summer. So it received a spraying with green paint.

A broadcasting company obtained permission to mount a television camera atop the memorial. But the government said the trailing cable must be white, so as not to strike a jarring note against the great marble structure. Dutifully, technicians painted the 75-foot cable by hand.

A squad of policemen scouted the parade route, lifting manhole covers to be sure no explosives had been placed beneath them. A squad of tree experts patrolled the route in a jeep, checking tree limbs. Any that showed the least indication they might fall on a royal head were sawed off.

The route, spattered with multi-colored autumn leaves, got special attention from the street sweeping department too. Merchants doled up their store front decorations. The fire department planned a red, white and blue arch of ladders, with 60-foot welcome banners.

The armed services detailed 1,640 servicemen to line the route and the various police departments serving Washington mustered 600 for traffic and crowd control. Court hours were shifted so no police would be tied up testifying while they were needed in the streets.

Egypt's Middle East news agency said all army leaves were canceled and that arms were being distributed to members of "popular resistance" organizations and youth groups in Aleppo. Horns and other northern Syrian towns.

The Arab news agency reported from Damascus "extremely large Turkish concentrations including about 200 tanks" had been seen near the Syrian frontier "within the past few hours."

Syrian Foreign Minister Salah El Bitar informed the U. N. yesterday that Turkish troop movements near the border indicated an "imminent attack" on Syria.

Soviet Foreign Minister Andrei Gromyko, promising Syria full Russian support, charged in the U. N. that Turkey had 50,000 men, 500 tanks and self-propelled guns, aircraft and artillery near the frontier.

The Egyptian-Syrian joint command was reported to have gone into permanent session.

Secretary of State John Foster Dulles warned the Soviet Union yesterday that an attack on Turkey would bring American retaliation against Russian territory.

U. S. Navy headquarters said the Sixth Fleet in the Mediterranean is "on guard" against a Russo-Syrian attack on Turkey.

In Washington, a high administration official said today the U. S. will formally ask the United Nations to act to halt the Middle East's heading plunge toward war.

At nearby Bellevue, commuters were struggling up a long hill, and Bellevue officials came to the rescue with a fire truck and police cars, to provide free rides.

FIRE TRUCK TAXI — Since a streetcar and bus strike began in Pittsburgh three days ago, thousands of additional persons have been riding commuter trains of the Pennsylvania Railroad.

Elizabeth and Philip Given Gala Greeting

President's Personal Plane Carries Royal Pair From Williamsburg to Capital

WASHINGTON (AP)—Queen Elizabeth II of England flew to Washington today to receive from President Eisenhower, in colorful ceremonies, the official welcome of one great nation to the visiting monarch of another.

Eisenhower's personal plane, Columbine III, bearing the Queen from a triumphant visit to historic Williamsburg, Va., touched down at National Airport at 11:12 a.m.

The splash and color and pomp of full military and official honors contrasted with the dull, gray autumnal day. But a light rain which had been falling earlier in the morning had stopped.

Washington, the nation, and the President receive other chiefs of state from time to time, but there was something special about this one which brought face-to-face the heads of the two great English-speaking nations at a critical time in the world's history.

Eisenhower, dressed in gray, arrived at the airport in a limousine two or three minutes before the Queen's plane came into view.

The color guard snapped to present arms, the band struck up ruffles and flourishes, and "Hail to the Chief" echoed out across the airport.

The Columbine came to a stop exactly on the dot of the scheduled arrival hour — 11:15 a.m.

A portable stairway was wheeled up to the rear exit. Wiley Buchanan, U. S. chief of protocol,

preceded the Queen down the steps. Following her Majesty at the customary two paces was her husband, Prince Philip.

The Queen wore an afternoon dress of electric blue in heavy silk crepe.

CLUSTER OF PLEATS
The straight skirt was caught at one side, making a cluster of loose pleats dropping from the waist. The bodice was draped to form a square neckline.

Over the dress Elizabeth wore a loose coat of heavy Yorkshire woolen woven to match the dress. It hung straight from the circular collar with no fastenings. There

(Continued on Page 20, Col. 4)

Other organizations, including several powerful veteran groups, organized counterdemonstrations.

The Communists support Algerian rebel demands for immediate, complete freedom for the North African land. Some veterans organizations are prominent in the right wing, which insists France must hang on to Algeria at all costs.

Beset by unrest and sharp disruption in the nation's political and economic life, most Frenchmen were aware they faced one of the gravest of their many post-war crises. The realization bolstered Pinay's slim chances of ending the Cabinet crisis.

Pinay, a Conservative Independent, agreed last night to form a cabinet. He planned to submit his lineup to the National Assembly tomorrow for approval, which appeared to hinge on whether the Socialists would support him.

More pay was demanded by more than 100,000 utility workers who struck yesterday, cutting off electricity and gas service during the day. Communist, Socialist and Catholic unions joined in rare unity in asking 30 per cent raises to keep up with the cost of living.

First Fire Truck Burns
BATTLE CREEK (INS)—The American Fire Apparatus Co. of Battle Creek today was mourning the loss of its No. 1 antique—the first locally built fire truck of 1928. The truck was lost yesterday in a warehouse fire.

Six of the "birds" flew high and far, with results meeting or surpassing advance estimates.

Seven of them didn't. But technicians and scientists insist that even some of the faltering missiles provided valuable development data before their brief seconds in the air ended in explosions or fires.

A much larger number of missiles and test vehicles remain to be fired.

The best that the United States now can offer is that a full-scale firing of three rocket engines will be held in December.

HAPPY COUPLE — Queen Elizabeth and Prince Philip presented this smiling happy picture as they toured the Festival Park in Jamestown yesterday, shortly after their arrival in the U. S. from Canada.

Syria, Egypt Poised for War

Ready Armies for Clash With Turkey; U.S. Will Ask U.N. Action

BEIRUT (INS) — Syria, claiming Turkey has poised heavy concentrations of tanks and men at the frontier, reportedly placed her army under a state of emergency today.

Egypt's Middle East news agency said all army leaves were canceled and that arms were being distributed to members of "popular resistance" organizations and youth groups in Aleppo. Horns and other northern Syrian towns.

The rocket's brightness was an indication that it has lost much of its earlier altitude when it was traveling at the same height and speed as the satellite.

It has moved ahead of the satellite because it is now making a shorter orbit around the earth.

Prof. A. C. Lovell, director of the Manchester University radio astronomy station, said he is convinced that something catastrophic will happen to the rocket very shortly, probably in the next day or so.

The satellite, however, is expected to remain in the heavens for at least another month.

Take Last Ferry Rides
MACKINAW CITY (AP)—Tourist officials here report an increasing number of persons are taking last rides on the soon-to-be-retired Straits of Mackinac ferry boats. The vessels will make their last runs Nov. 1, the day the 100 million dollar Mackinac Bridge is scheduled for opening.

Secretary of State John Foster Dulles warned the Soviet Union yesterday that an attack on Turkey would bring American retaliation against Russian territory.

U. S. Navy headquarters said the Sixth Fleet in the Mediterranean is "on guard" against a Russo-Syrian attack on Turkey.

In Washington, a high administration official said today the U. S. will formally ask the United Nations to act to halt the Middle East's heading plunge toward war.

At nearby Bellevue, commuters were struggling up a long hill, and Bellevue officials came to the rescue with a fire truck and police cars, to provide free rides.

Dies on Motor Scooter

CHARLOTTE (AP) — Rollo De Howard, 15, was killed Wednesday when his motor scooter swerved into the path of a car.

Volcanic steam jets have turned Italy's Larderello Valley into a natural power plant. Larderello has supplied Italy with as much as one-twelfth of its power.

Bermuda's Government Aquar-

ium has a collection of tropical fish ranging from the tiny goby (less than one inch in length) to a 10-foot shark.

200 Cub Scouts Enjoy Early Halloween Party

More than 200 Cub Scouts and their parents attended one of the first Halloween parties in Water-

ford Township last night, at the Community Activities Center.

The little men were dressed in every conceivable type of costume, and as they paraded around the big gym, judges had trouble selecting the five winners.

Pack Master Douglas Rieck, who is in charge of the ten dens and sixty Cubs of Pack No. 131, awarded 43 badges, Bob Cat pins, and service medals.

Williams Backs Gas Demands

Governor to Go to Bat for Pipeline Extensions Into Upper Peninsula

LANSING (AP) — Gov. Williams has promised anew to go to bat for extension of natural gas pipelines into the Upper Peninsula.

He gave his word yesterday at a conference with three representatives of the Upper Peninsula Development Bureau.

The bureau currently is an intervenor in a proceeding before the Federal Power Commission in which two pipe line firms are contending for the right to expand their service areas.

The bureau expects its representatives to be called to testify in late October or early November.

Williams said that he will prepare and send along with the bureau spokesman a statement supporting demands for gas in the U.P.

Specifically, he will urge that any certificate granted either to the Midwestern Pipe Line Co. or the Michigan-Wisconsin Pipe Line Co. be conditioned on a willingness to supply gas to U.P. industries which want it.

Neither Midwestern nor Michigan-Wisconsin is asking this authority in their petition, asking instead for the right to extend operations in Wisconsin and Minnesota.

Gas for the U.P. will be asked "in a manner and in volumes required by the evidence" in the case, Williams said.

Meeting with the governor were Gerald L. Johnson of Marquette, director of the industrial gas division of the development bureau; Victor E. Kral of Iron Mountain, and D. Kelyl Campbell of Ishpeming.

Williams said he understood the Cleveland-Cliffs Corp., Campbell's employer, is ready to use gas for beneficiation of low grade iron ores.

New York Times Head Honored in Formosa

TAIPEI, Formosa (AP)—President Chiang Kai-shek tonight conferred the Grand Cordon of the Order of the Brilliant Star on Arthur Hays Sulzberger, president and publisher of the New York Times.

The presentation was made at a dinner the President and his wife gave in honor of Mr. and Mrs. Sulzberger, who are on a world tour.

NEW YORK CENTRAL ENGINEER MEANS BUSINESS

When he says: "There's nothing left to chance in railroading. We can't risk it. And the same thing goes for me when I'm buying something..."

He's always satisfied most with a BRAND that's made a NAME for itself!

MANUFACTURER

DEALER

CUSTOMER

"I MADE IT... to be the finest, most modern product for the money. That's the way I built my business, and that's how my product made a name for itself. Only by giving people the continued quality they expect, can I stay successful."

"I SOLD IT... because the brand will keep my customers happy. Well-known brands have what it takes to satisfy—known quality, latest improvements, and biggest selection at a fair price. Best of all, customers come back to buy them again."

"I BOUGHT IT... because the name told me I was getting my money's worth. Trying to shop without known brand names as a guide would be risky business—like running a railroad without signals! I know a name brand is a safe buy."

THE BRANDS YOU SEE ADVERTISED IN THIS NEWSPAPER ARE NAMES YOU CAN TRUST!
They stand firmly behind every product and claim they make.

Oil Co. Hosts Firemen for Saving Property

GRAND RAPIDS, Mich. (AP) — Cornell Oil Co. owner Walter W. Alley was host Tuesday at a banquet for about 160 firemen who

took part in extinguishing an explosive blaze at his firm last Sept. 26. The company's bulk storage plant in suburban Wyoming Township was swept by a spectacular fire which caused \$250,000 damage. Firemen managed to bring it under

control and saved a large fuel oil storage tank, the office building and four of the firm's trucks.

An estimated 1.5 billion chicks are hatched annually in the United States, and most of them in the spring.

School Teachers Meet

GRAND RAPIDS (AP) — About 6,500 west Michigan school teachers are expected today and Friday in Grand Rapids for a joint convention of regions 9 and 13 of the Michigan Education Assn.

Schools in the regions will be closed to allow teacher attendance at the convention.

About 47 per cent of the total area of the Philippine islands is covered by commercially important forests.

Late Dean Honored

ANN ARBOR (AP) — Three engineering laboratories on the University of Michigan's new North Campus have been named the George Granger Brown Memorial Laboratories in honor of the late

dean of the college of engineering. Brown died in August after heading the college for six years.

The Union Terminal in Washington, D.C., services seven railroads. It was built in 1907 at a cost of 21 1/2 million dollars.

Wexford Adopts Budget

CADILLAC (AP) — Wexford County supervisors Tuesday adopted a \$225,750 budget for 1958 county operations, an increase of \$19,683 over the budget approved last year.

ROAD WORK — A far cry from the old-fashioned rock pile, these prisoners at the Federal Prison Camp in Mill Point, W. Va., are at work on a useful road-building project.

U. S. Prison System Spawning Suburbia

WASHINGTON (NEA) — The American prison system is spawning its own particular type of suburbia.

MORE CAMPS

The number of convict labor camps is increasing throughout the nation. Confinement of inmates in the great outdoors instead of within towering concrete walls is becoming a regular feature of prison management.

This revolution in convict control is revealed by Myrl E. Alexander, assistant director of the Federal Bureau of Prisons.

"The labor camp is here to stay," Alexander declares. "Prison officials are learning that more and more inmates can be handled in this manner at less expense to the taxpayer and with increased treatment and training values for the inmates."

CONSTRUCT MANY

He says that within the last year new camps were constructed or planned by the state prison systems of Michigan, Pennsylvania, New York, Massachusetts, Wisconsin, California and Ohio.

At the camps no one swings a sledge hammer on the rock pile or digs holes just to fill them up again. Instead, inmates build roads and mountain trails, plant and grow trees, maintain the grounds of Air Force bases, carry out pest control projects and fight forest fires.

Alexander believes the outdoor work pays big dividends in helping to make law-abiding citizens out of the inmates. "We're sure the camp life definitely increases the

likelihood of prisoners not returning to crime," he says.

The prison official tells of one case, however, where a prisoner developed a slightly mixed-up sense of responsibility. The inmate spent three days fighting a raging forest fire. With so much confusion going on, he could have easily escaped. Instead he stuck to the job until the last flame was extinguished.

But as soon as he returned to camp, he took off. After the prisoner was recaptured, police asked him why he hadn't escaped during the fire. He answered that it wouldn't have been right for him to run out on his job.

One of the most remarkable features of the outdoor prison camps is that they are virtually unguarded. None of the prison officials carries a gun. Almost all a prisoner has to do to escape is wait until no one is looking and then simply walk away.

In spite of this, Alexander says each camp has only about two or three inmates a year who turn up missing.

The secret of this low escape rate is a modern classification system which enables prison authorities to pick the men best suited for camp work. Men are not assigned who prison officials believe will try to escape or will not benefit from the outdoor projects.

In addition to their value in rehabilitating prisoners, more camps are being constructed because of

the low costs required to build and operate them. Since few guards are needed, more men can be assigned to the important jobs of training and educating the prisoners.

Also labor camps help relieve overcrowded conditions which are blamed for triggering dangerous riots in large prisons.

Alexander looks forward to the day when men who now have to remain behind bars for the duration of their sentences will be able to use the camps.

"Our goal," he explains, "is to

have a many men as possible go out to these camps before they are released."

The U.S. Bureau of Prisons operates prison camps at Allenwood, Pa.; Florence, Ariz.; McNeil Island, Wash.; Mill Point, W. Va.; Montgomery, Ala.; and Tucson, Ariz.

Plastic Icebox Lighter

NEW YORK — New plastic electric refrigerators now being produced weigh 50 pounds less than steel models.

Inspect Trucks Passing Through Mountain City

DUNSMUIR, Calif. — A safety inspection of all trucks passing through this small Siskiyou Mountain city continued yesterday.

Truck traffic was backed up for two miles Tuesday, with 200 safety experts and 60 highway patrolmen manning seven checking points between Weed and Dunsmuir, a U.S. 99 in northern California.

State Sen. Randolph Collier, chairman of an interim committee on transportation problems, said the check was "to assemble basic factual data dealing with the efficiency of truck braking systems."

Inspectors bypassed no trucks, checking everything from size, number and condition of brakes to muffler noise.

Some drivers had a fistful of citations when they reached Dunsmuir, for violations ranging from improper trailer registration to poor brake lining.

The safety inspections came as a direct result of several runaway trucks careening down Dunsmuir's narrow main street.

Pine Output to Rise

ATLANTA — A sixth pine-tree nursery to be opened in Georgia will soon bring the state's annual seedling production up from 150,000,000 to 200,000,000.

Finds Skeleton in Closet

GUTHRIE, Okla. — C. C. Pike was checking a building he had just purchased and was startled when he opened a closet door and found a skeleton. Pike checked with authorities and found that a doctor formerly had his offices in the building. Apparently the skeleton was used for experimental work.

Chile will celebrate each March 1 as National Tourism Day, Santiago learns.

Rite at Our Lady of Refuge Church

Patricia Raupp Weds

MR. AND MRS. RICHARD LAYMAN

ORCHARD LAKE — Our Lady of Refuge Church was the setting for the Saturday morning wedding of Patricia Raupp and Richard Layman.

Following the double-ring ceremony, open house and breakfast was held at the home of Mr. and Mrs. Norman J. Raupp of Orchard Lake, parents of the bride. The bridegroom is the son of Mr. and Mrs. Bryon Layman of Keego Harbor.

For her wedding the bride chose a gown of Chantilly lace over satin, featuring long, tapered sleeves, with tiny covered buttons extending from the scalloped V-neckline to the fitted waist.

A sequin and pearl studded coronet held her double-tier veil of imported French illusion. She carried a bouquet of white carnations and stephanotis, accented with a white orchid. Her only jewelry was a strand of pearls, a gift of the bridegroom.

Attending as matron of honor was Mrs. Leonard Raupp of Mt. Clemens and bridesmaids were Marilyn and Christine Raupp, sisters of the bride and Bernice Umscheid of Walled Lake.

Marvin Ferrigo of Holly served

New Hudson Church Dinner-Bazaar Set

NEW HUDSON — The Methodist Church here is planning a "Thousand Dollar Dinner" today, to be held in the school gymnasium. Serving will begin at 5:30 p.m.

The event is the second of its kind presented by the group and money will be used for church improvement.

Members of the Women's Society of Christian Service will hold the annual bazaar in connection with the dinner.

Tornadoes Head for White Lake

Plano to Take Charge of CD Base in Mock Disaster Sunday

WHITE LAKE TOWNSHIP — Civil Defense Director Andrew Plano will be in charge of CD headquarters at White Lake Town Hall, during the mock disaster here on Sunday, Oct. 20.

Plano has assigned Glenn Smith, first aid instructor, as chairman in charge of casualties for the simulated event.

Medical deputy Marian Soave has assigned Mrs. Thelma McDowell to the post of First Aid Station director at the White Lake Presbyterian Church and Mrs. Patricia Hancock to direct the station at Dublin Community Center.

Two simulated tornadoes will "strike" in the White Lake area between the hours of 1 and 5 p.m. Sunday.

CD officials hope to organize operations at this time so that workers will be able to work efficiently should real disaster ever strike.

Your PTA Is Planning

Meetings at Carpenter, Lee Brooks, Lakeville

LAKE ORION — Carpenter School PTA will meet Monday for Open House of the new addition to the school.

After a discussion in September it was discovered only a portion of the parents were present at the fall opening, so another opportunity is being offered to see the addition.

The general meeting will be held at 8 p.m., when reports concerning the purchase of film strips for classes will be made.

After touring the school, refreshments will be served in the original building.

Lakeville

Lakeville PTA will meet at 8 p.m. Monday, in the Methodist Church basement, due to current construction at the Lakeville School.

Several teachers will speak, and Tom Culbert of the Oxford School system will be present to answer questions on the new school addition.

White Lake Township

Lee O. Brooks PTA will meet at the school at 8 p.m. Monday.

Rotary Anns Set Dance Party for Saturday Night

BRANDON TOWNSHIP — Mrs. Burl Glendinning, president of Ortonville Rotary Anns, has announced the forthcoming Dance Party for Saturday at Brandon Auditorium will be from 8 to 10:30 p.m.

Grades from six through eight are eligible to attend. Mrs. Ralph Kushman will instruct the children in all phases of ballroom etiquette as well as teaching them basic and popular dances. There will be a disc jockey present to give away records at the Saturday event. There is a small membership fee per evening. The club plans to have a dance every third Saturday of the month.

Parents are welcome to attend and persons wishing to serve as chaperones may call Mrs. Glendinning.

St. Martha Guild Meets to Plan Weekend Sale

WALLED LAKE — St. Martha Guild recently met at the home of Mrs. Bernard Guoin of Oakley Park Road, to plan a rummage sale to be sponsored by the Rosary Altar Society of St. William's Church, Walled Lake.

The sale is scheduled to be held from 10 a.m. — 9 p.m., Friday, and from 10 a.m. — 6 p.m. on Saturday, at the Parish Hall basement at Common and O'Harey Roads.

Furniture, appliances, clothing, toys and many other household articles will be available. An added feature will be a variety of home baked goods.

For the occasion, homemade donuts and refreshments will be served. The public has been invited to attend.

Some glass material now being used in the nose cones of U. S. Army guided missiles are harder than steel, lighter than aluminum.

School Board Accepts Ideas

Walled Lake Officials to Use Planning Body's Tips for Junior High

WALLED LAKE — Members of the Planning Committee for the proposed Junior High School again met with the Board of Education this week, offering suggestions which they felt should be incorporated in the plans.

After discussion, the board accepted the ideas and agreed to instruct Walter Anicka, the architect, to incorporate them in the plans, which the board hopes to review at the Nov. 11 meeting.

Anicka was also given the go-ahead to proceed with plans for a seven-room addition at Twin Beach so that bids may be let on Dec. 9.

Roland Langerman presented the difficulty which the district is having in securing transportation for hard-of-hearing children who are enrolled in special classes in the Willis School in Pontiac.

John Williams, also an administrative assistant, gave the financial status of cafeterias for the past month.

Mrs. Mary Worsey was given a contract to teach the first grade at Walled Lake elementary. Three other teachers were given probationary contracts.

The board reviewed custodial and purchasing policies but took no action, wanting further time for study.

In final business they approved the auditor's report and bills for payment.

Free Pancakes Start Big Day

Breakfast to Open Oxford Homecoming

OXFORD — Homecoming festivities for Oxford will begin Friday morning, with a free pancake breakfast for the community at the Veterans Memorial Building. Serving will be from 7:30 to 11:30 a.m.

Presiding will be a well known food personality, aided by the members of Chamber of Commerce.

Joy Beth, daughter of Mr. and Mrs. John Beth, is the homecoming queen. Her ladies-in-waiting, also chosen from high school students, are Nina French, Lois Stoddard, and Bonnie Forsyth.

They will lead a parade beginning at 7 p.m. at the high school and ending at the village park, where coronation activities will be held.

TO DEDICATE POOL

A fountain and pool, recently completed here, also will be dedicated by village officials at the termination of the parade.

Included in the parade will be Romeo Peach Queen Carol Hall of Mt. Clemens, a high school choir group, several floats, veterans organizations and National Guard Artillery Units from Pontiac.

Co-chairmen for the event are Robert Green and Donald Hassinger, with Homer Hight as parade marshal.

A football game with Ortonville, which was to be a part of the event, had to be canceled because of illness in the Ortonville team.

Exchange students Joan Cardona and Kenneth Winslow, who spent last summer in Europe, will show pictures and tell of their experiences.

Refreshments will be served.

DIANE KAY GREAL

Mr. and Mrs. Frederick M. Greal of Rochester are announcing the engagement of their daughter, Diane Kay, to George Edwin Kleino. He is the son of Mr. and Mrs. Clarence C. Kleino, also of Rochester. No wedding date has been set.

Drain Problems Occupy Council

Walled Lake Decides on Bond Issue as Only Solution Possible

WALLED LAKE — A good share of the meeting time of the Walled Lake City Council here was spent in discussing the drainage problems of the city. The city engineer presented three plans for consideration but only the third one seemed within the financial possibilities of the city to meet. It was decided a bond issue is the only solution.

This will involve the drainage system which begins at Wolverine Lake, crosses South Commerce, Pontiac Trail, Welch and then leaves the city. The minimum plan is expected to cost about ten thousand dollars.

Nicolet street is being defined and the council is suggesting to the planning commission that parking be allowed only on one side, the north.

The council will hold a special meeting with the new owner of Willow camp on Oct. 22, at 8 p.m.

A drop in the tax rate was reported over last year. The new rate is \$44.96 per thousand as compared with \$65.70 for school and county taxes last year.

The council will urge the state highway department to use as much speed as possible in installing traffic lights at Maple and Pontiac Trail and at Pontiac Trail and Walled Lake drive.

A food handlers' ordinance will be acted upon at the next meeting of the council. Also to be considered at the next meeting is an amendment to the electrical code.

The council acknowledged a petition of the residents of Carole street not be cut through. The City Planning Commission will consider the request.

A written request from the schools is awaited concerning the city supplying water or being an alternate supply for the Decker school.

Stockholders Get Proposal

Merged Firms to Total \$160 Million Resources; With 15 Offices

HOLLY — A proposal to merge the Citizens Commercial & Savings Bank of Flint and the First State & Savings Bank of Holly is to be submitted to the stockholders of each bank.

The merged bank would have resources of \$160 million, with capital and surplus of \$10½ million.

It would bring together the Flint bank with its 12 branches and the Holly bank with its branch at Grand Blanc.

Walter E. Lentz, President of the Holly bank, states that the present board of directors here would act as an advisory board to the local office.

This includes, besides Lentz; Chairman E. A. Hartz, F. M. Hadson, M. F. Hadley, J. L. Montgomery and H. D. Seeley, with M. H. Bennett as secretary.

It is expected that the board of directors of the merged bank will include Mr. Lentz and H. H. Miller of Grand Blanc, also now a local director. There will be no change in the employees personnel here, except that Lentz will devote some time at Flint, in his capacity of vice president of the merged banks.

The Flint bank was established in 1871 and the Holly bank in 1890. Mr. Lentz came here in the reorganization of 1935, and has built the bank assets to nearly \$9 million.

He says, "The merger will provide local residents with many added banking facilities. Our savings customers will receive a higher interest, and we will be in position to be of greater service to the people of this area."

Mrs. Carpenter, Hong Kong Slides to Highlight Tea

ROCHESTER — Louise Halliday Carpenter, coordinator of "Adventures in World Understanding" at Michigan State University, and who recently made a seven month trip to the Far East, visiting 14 countries, will be guest speaker at a silver tea at 8 p.m. tonight in the First Congregational Church.

The public affair is sponsored by the Women's Fellowship and the United Church.

Mrs. Carpenter, former Rochester resident who is well known in this area, will speak on "Christianity Comes to Hong Kong," illustrating her talk with colored slides.

Prior to her appointment at MSU she was War Food Administrator for Oakland County with offices in Pontiac. She joined the MSU staff as assistant director of the American Hotel Assn. Testing Lab in 1945, and in 1952 became assistant counselor of foreign students. She also is adviser to the International Club and the College YWCA.

Proceeds from the tea will go to Lois Armentrout with the United Church of China, in Hong Kong, who has been instrumental in developing, building and operating a Children's Center for refugees from Red China.

Agricultural Society Reveals Fair Profits

IMLAY CITY — Reports of the Lapeer County Agricultural Society, sponsors of the recent Eastern Michigan Fair, shows a net profit of \$11,768.51 made on the fair this year. Total amount put into improvements was \$15,531.42. Total assets were \$55,735.78.

The total gross income this year was \$43,087.90.

A Birmingham, England, cycle firm has a \$2,000,000 order from the United States.

HOW LONG? — That's the question Milford Mayor Joe Gerrard, Dr. E. H. Campbell and Dr. Robert Lawrence ask bewhiskered Frank Healey, (seated). Village males are letting their

beards grow, adhering to a "No Shave" Proclamation celebrating the town's 125th birthday anniversary.

Shaving Is a Sin at Milford

Male Martyrs Moan

By REBA HEINTZELMAN

MILFORD — Bewhiskered, bothered and bewildered is the dilemma of most Milford males, brought about by a brutal Village Proclamation.

In recognition of the Town's 125th Birthday Celebration this month, Mayor Joseph Gerrard has decreed that "shaving is a sin" and all bare-faced shavers will be penalized.

A reprieve has been granted however, in that "No Shaving" licenses may be purchased at the Town Hall for \$2 each.

The Honorable Mayor has regretted the Proclamation more than once lately. He has discovered that he is expected to "set the example" for the male splendor.

Joe has one of the slow growing, salt-and-pepper-mixed with red colored beards. For two weeks he suffered through the agony of pricking hair, itching

skin and having to face himself in the mirror.

When he couldn't stand it any longer, he bought a license and scraped his countenance clean as a whistle.

PRESSURE GROUPS

The Mayor hadn't counted on pressure from organized groups, which made it necessary to "get with the mob," so once again he was forced — by his own decree — to adhere to public opinion.

Many "gents" have been left practically at the starting line by the more determined, since the proclamation was issued.

The uncomfortable feeling of wiry hair growing under their ears, eyes, nose and mouth, is more than some can take, and these men have resorted to the neat Van Dykes.

Some "bewildered" village fathers of the community realize that all of a sudden they have the appearance of criminals, pic-

tured on "Wanted" signs in the village post office.

Harold McCormick was one of the most bewildered. As his beard became more prominent, he discovered that it was pure white on his chin, then as the hair appeared up each side of his face, it was jet black. He is now one of the Van Dykers.

BEWILDERING COLORS

More bewildered is dentist Dr. Robert Lawrence. He has a white goatee, black and gray jowl-coverings, and a flaming red mustache over his upper lip.

One of the most distinguished gentlemen in the whole town, is white-haired, white-goated, Frank Coe. Many people think he resembles movie star Monty Woolley. He operates a cleaning establishment here.

Sam Farley has let himself go as far as his bewhiskered face is concerned. He has not trimmed, worried or allowed himself to become involved in face styles, consequently his beard has grown long, silky and "unhindered."

Milford gals are balking at the immature stubble fields sprouting on the chins of their belabored spouses, who strive to emulate Paul Bunyan.

NO KISSES!

And kissing in the town is at a minimum, according to many of the wives.

How it will end, only time will tell, but for those strong hearts who survive the ordeal, until the Nov. 2 deadline, all honor and glory will surely be bestowed on the long-suffering Milford martyr. So spake His Honor, the Mayor.

104-Year-Old Landmark Burned at Royal Oak

ROYAL OAK (AP) — A 104-year-old frame church was burned to the ground yesterday under the watchful eye of Royal Oak firemen. The one-story building, which has been vacant, was located in front of the new First United Presbyterian Church.

The intentional burning, considered the cheapest method of removing the structure, was used by the fire department as a practice exercise.

Seek Industrial Development

Hot Zoning Controversy May Be Settled at the Polls

By MARY CELINSKE Farmington Correspondent

FARMINGTON TOWNSHIP — This township's hotly contested proposal to rezone 900 acres for light industrial development may finally be settled at the polls.

Interested residents of the area have packed recent meetings of the planning board, vigorously opposing the plan.

For almost two years members of the Township Planning and Zoning Boards have been in agreement with planning consultants that the township is in need of commercial and light industrial development. They have repeatedly pointed out the necessity for such development if the township is to establish a sound tax base.

At present there is little industry in the township and most of the tax burden is borne by the individual taxpayer. The greater part of this burden is the \$3.50 of every tax dollar which goes to build schools for an ever-increasing population.

At their last meeting Planning Board members made it clear that they feel their proposal is for the best interests of the entire township, and that their plan will win the support of a majority of the taxpayers.

Supervisor Frank J. Stephenson has stated that the township board is in favor of the proposed rezoning, and feels that the matter is important enough for a referendum.

The plan, when completed, will

Commerce OES to Install Officers

COMMERCE TOWNSHIP — Commerce Chapter 301, Order of the Eastern Star, will install new officers at a meeting at 8 p.m. Saturday in Commerce Masonic Hall.

Members may bring guests to the meeting.

Newly elected officers are Betty Sharpe, worthy matron; Al Sharpe, worthy patron; Vivian Verkler, associate matron; Thomas Dart, associate patron; Lillian Phran, conductress, and Florence DeFelice, associate conductress.

MR. AND MRS. DONALD P. JONES

MARRIED — Oxford's Holy Cross Lutheran Church was the scene of the recent wedding uniting Elizabeth Scheurlein and Donald P. Jones. Upon their return from a Northern Michigan honeymoon, the couple will reside at 151½ South Washington St., Oxford. The bride's parents are Mr. and Mrs. Alvin Scheurlein of Oxford and the bridegroom's parents are the Oscar Wenzlaffs of Clarkston.

Deaths in Pontiac and Nearby Areas

Queen Is Welcomed to Washington

HAROLD V. POND
Harold V. Pond, 60, of 137 Oliver St. died suddenly yesterday morning at his home.
A member of Silvercrest Baptist Church, he had been a gauge inspector at General Motors Truck & Coach Division for 27 years.
Besides his wife, Ina, he leaves four children, Mrs. Frank Merwin and Norma Pond, both of Pontiac; Mrs. Leonard Barton of Union Lake and Mrs. John Combe of Drayton Plains; and two brothers, Robert of Pontiac and Arthur of Drayton Plains.
Mr. Pond's body will be at the Voorhees-Siple Funeral Home until Friday morning when it will be taken to the Silvercrest Baptist Church for service at 2 p.m. The Rev. James H. Luther, his pastor, will officiate with burial in Perry Mt. Park Cemetery.

MRS. WILLIAM RUBY
Mrs. William (Wilhelmina) Ruby, 77, of 493 Ferry Ave. died at her home yesterday after a brief illness.
She was a member of the Walled Lake Baptist Church.
Surviving are a son, Ray Ruby of Pontiac; two sisters and two brothers, Frank Guenther of Pontiac, Mrs. Nina Olmsted of Walled Lake, Mrs. Emma Smart of Clearwater, Fla. and Ed Guenther of Chippewa Lake.
Service will be at 2 p.m. Saturday with the Rev. Gerald Rapelli of Memorial Baptist Church, officiating. Burial will be in the Walled Lake Cemetery.

FRED C. BRECHT
LAKEVILLE — Service for Fred C. Brecht, 74, of 5300 East Draher Rd., will be at 2 p.m. Saturday from Bossardet - Mabley Funeral Home, with burial in Lakeville Cemetery. Mr. Brecht died suddenly of a heart attack Wednesday morning while at Algonac.
He is survived by his wife Rosina; four sons, Emil, Fred and William, all of Lakeville, and Edward of Metamora; two daughters, Mrs. Dorothy Adair of Delaware, Ont., and Mrs. Arthur Burney of Lakeville; four brothers and two sisters; 25 grandchildren and 10 great-grandchildren.

JOSEPH M. DEACONS
LAPEER — Service for Joseph M. Deacons, 69, former Lum area resident, will be at 2 p.m. Friday from Muir Brothers Funeral Home, with burial in Lum Cemetery. The Rev. Frank S. Hemmings will officiate. Mr. Deacons, World War I veteran, died Tuesday at the Veterans Facility, Grand Rapids.
He is survived by a son and two daughters, Edward Deacons of Metamora, Mrs. Joyce Arent of St. Joseph, and Mrs. Catherine Ewalt of Brown City; nine grandchildren; four brothers and two sisters, Earl of Lapeer, Ernest of Inlay City, Hugh of Fort Huron and Floyd Deacons of Flint, and Mrs. Florence Jackson of Flint and Mrs. Edna Goolian of Detroit.

GARY RUSSELL DODD
BERKLEY — Service for Gary Russell Dodd, 16, 4218 Cumberland,

who was dead on arrival at William Beaumont Hospital after an accident at 12 Mile and Telegraph roads yesterday, will be at 2 p.m. Saturday from the Sparks-Griffin Chapel, Pontiac.
Gary, active in athletics at Berkley High, where he was a student, was an all-star short stop in Babe Ruth League and member of the "Team Club" at Berkley High. He is survived by his parents, Mr. and Mrs. Russell Dodd; a brother, Mark, at home and his grandmother, Mrs. Clara Galbraith of Waterford.

500,000 Japanese Strike for More Pay

TOKYO (U)—Half a million Japanese workers walked off the job today and 400,000 others quit for an hour to back up a drive for general increases in pay and retirement allowances.

The General Council of Japanese Trade Unions called the strikes—of varying duration—in the shipbuilding, iron and steel and coal industries.

A union of government workers promoted the one-hour stoppage by express workers in the transport industry. The tieup was slight. Demands by railway workers are already under conciliation by the labor relations board.
Coal workers went out on an "indefinite" strike. The iron and steel men struck for 48 hours and the shipbuilders for 24.

Predicts Queen to Be Dethroned

BONN (INS)—A noted West German astrologer has looked at Queen Elizabeth's stars and concluded that she will be dethroned within a few years.

Carl Heinrich Huter, in the forthcoming issue of the astrology weekly Neue Weltanschauung, claims an analysis of the "critical constellations" in Elizabeth's horoscope bears disquieting similarities to the horoscopes as such fallen leaders as ex-King Leopold of Belgium, Napoleon and Hitler.

Huter concluded: "She will be the last queen who will see both the glory of the crown and her own downfall... Elizabeth, between 1958 and 1960, is facing her fateful years. The sword of Damocles is hanging disastrously over her head."

for Aiding in Theft

Andy Guton, 22, of 19 Hibbard Ct., pleaded guilty in municipal court yesterday to aiding a theft and receiving stolen property. Judge Maurice Finnegan sentenced him to 90 days in the Oakland County Jail.

Deaths Elsewhere

TOPEKA, Kan. (U)—Dr. Parley Paul Wormer, 57, president of Washburn University from 1915 to 1931, died yesterday. Previously he had been pastor of churches in Glasgow, Scotland, Syracuse, N.Y., and St. Paul, Minn. He was born in Osceola, Pa.

WASHINGTON (U)—Maj. Gen. Upton Birnie, 80, former chief of Army artillery, died Tuesday. He retired in 1938 after an Army career of nearly 40 years. He was born in Osceola, Pa.

CHICAGO (U)—Charles M. Hayes, 80, a pioneer in traffic safety and president of the Chicago Motor Club since 1914, died yesterday. He was born in Cincinnati.

RIVER FALLS, Wis. (U)—James I. Malott, 83, a member of the River Falls State faculty for 32 years, who retired in 1943, died yesterday.

SAN JOSE, Calif. (U)—Prof. Ernest Andrew Rogers, founder of the exclusive Montezuma school for boys at Los Gatos, Calif., died last night at 76.

Pontiac Expressway Out, Says Mackie

(Continued From Page One)

fast Pontiac to the southern edge of Flint — would be eligible for the federal funds.

3 YEARS TO BUILD

He said it would take three years to build the turnpike, once the bonds were sold.

The meeting was arranged by the Pontiac Area Chamber of Commerce and attended by Mayor William W. Donaldson, Willis M. Brewer, manager of the Pontiac branch of the Secretary of State's Office; J. Robert F. Swanson, chairman of the Oakland County Planning Commission; George N. Scrubb, planning commission director; Fred V. Haggard, president of the Oakland County CIO Council; James F. Spence, secretary-manager of the Pontiac Manufacturers Association; Howard O. Powers, president of the chamber; John A. Riley, chamber vice-president; John A. Hurlinger, chamber manager; and William Belaney, assistant chamber manager.

Pontiac Man Convicted of Getting Stolen Goods

Milto Furney Jr., 25, of 124 Monterey Blvd., was found guilty of receiving stolen property by Municipal Judge Maurice Finnegan yesterday.
He was sentenced to 15 days in the Oakland County Jail.

The White Sox had eight managers in 11 seasons.

(Continued From Page One)
were cuffs of-phantom beaver on the three-quarter length sleeves.

Elizabeth wore closed-toe pumps in suede of beaver brown, with grosgrain stripping. The costume was topped with a close fitting hat in draped electric blue velvet.

The brilliant blue of Elizabeth's coat contrasted with the gray of her husband's suit.

A murmur arose from the crowd as the Queen slowly descended the ramp and shook hands with Eisenhower. Mrs. John Foster Dulles, wife of the U. S. secretary of state, handed her a bouquet of two dozen red roses, tied with a red, white and blue ribbon.

FORMAL INTRODUCTION
Buchanan formally presented her Majesty to the President and

then introduced Prince Philip. "Welcome to Washington and the United States, your majesty," Eisenhower said with a little bow from the waist.

Then he took the Queen by the elbow and gently pivoted her around for photographers.

Eisenhower gestured in the direction of the cameramen and said to the Queen: "That's the nearest thing we have to a dictator in this country."

They all enjoyed the gulp. The party smiled and chatted momentarily, posed for pictures and then headed down the receiving line of American and foreign dignitaries.

WOMEN CURTSEY

The men for the most part bowed and the ladies curtsied. At the end of the red-carpeted receiving line, Eisenhower and the Queen took two steps onto a raised platform to receive formal honors. The honor guard came to pre-

sent-arms, the band struck up "God Save the Queen."

Then, side-by-side, a foot apart—the President with his gray felt hat over his heart—the two chiefs of state stood while the band rolled out "The Star Spangled Banner."

In the distance a battery boomed out the 21-gun royal salute.

Standing immediately behind the President and Queen were Prince Philip, Prime Minister Diefenbaker of Canada, Secretary of State Dulles, Gen. Nathan F. Twining, chairman of the Joint Chiefs of Staff, and Robert E. McLaughlin, president of the District of Columbia commissioners. McLaughlin was there to present a key to the city.

INSPECTS GUARD

Philip chatted with Twining, Diefenbaker, Dulles and Buchanan while Eisenhower and the Queen inspected the guard of honor.

mander, they strode along the ranks, taking a slow pace.

Eisenhower made a brief, welcoming address and the Queen responded with her prepared remarks:

"Thank you for this kind and generous welcome. We are delighted to be here in Washington again."

"I have come to the United States from Canada and it is as Queen of Canada that I bring you the warm greetings of a friendly neighbor and a staunch ally. I express to you the friendship and respect felt by my peoples of every race and creed in the British Commonwealth of Nations."

"It has been a moving experience for us to visit Jamestown, the site of the first English-speaking settlement in North America, and the old Colonial capital of Williamsburg.
"We are both looking forward

greatly to our visit to Washington and to New York. It is going to be a memorable experience for us. I am very sorry that we cannot visit other parts of this great continent on this occasion but I would like the whole American people, north, south, east and west to know how happy we are to be here and I send them all my warmest good wishes."

In his formal greeting Eisenhower told Elizabeth her visit is important because it will help strengthen the "ties of friendship between these two countries."

These British-American ties, Eisenhower said, "have been tested in the crucible of war when we fought side by side."

Starts Ouster Action

MOUNT CLEMENS (INS)—The Macomb County Grand Jury today started action to oust Thomas S. Welsh as mayor of St. Clair Shores. Welsh was charged with misusing his job as mayor to further his real estate business.

- Easy financing—up to 3 years to pay
- Efficient—no heat wasted up a flue

All this adds up to the best water heating service ever provided in Southeastern Michigan. Ask your plumber or appliance dealer • **DETROIT EDISON**

Houston Monorail Being Built in Miami

MIAMI, Fla. (U)—A huge monorail car is being built in Miami, but it won't see service here.

The 60-seat, \$45,000 vehicle is being built for the Monorail Co. of Houston, Tex., at the Willard Aircraft Corp.

Workers hope to have the car ready for shipment Friday. It may be the first monorail car in the United States to carry passengers on a scheduled basis.

Monorail is a system of high-speed passenger cars suspended from a single rail high above the ground.

Dallas has a monorail system but it does not yet carry passengers. Houston hopes to beat Dallas with the first scheduled car.

U.S. Population Rises 13.7 Pct.; at 171,790,000

WASHINGTON (U)—The Census Bureau today estimated the population of the United States Sept. 1 at about 171,790,000, including the armed forces overseas.

The figure represents a rise of 20,657,000 or 13.7 per cent, since the 1950 census and a gain of 3,053,000, or 1.8 per cent, over the estimated population Sept. 1 last year.

Efforts to develop an atomic airplane engine are under way in France.

Philip Speaks His Mind as Britons Wince

By PHYLIS BATTLE

WASHINGTON (INS)—If Prince Philip were permitted to write the speeches for his sovereign spouse, as he long has desired to do, she'd be the hit of lecture circuits from Hogshead to Hackensack.

Instead in her fabulous gowns and her innocuous government-written messages, she's only a beautiful woman saying very little in very big words.

The British prefer it that way.

Philip is a Greek god in most ways, but not in his speech. When he speaks, the words are Greek to nobody.

He is rotarian, thoughtful, amusing, forthright. His messages usually aren't headline material, because the royal censors are infinitely more forbidding than the Hays office. But as much as he can get by with, Philip will get by with.

WRITES HIS OWN

Informed sources tell us that when the British government hands him speeches to mouth, on occasions like those of the royal U.S.-Canada tour, the prince will look them over solemnly. And then, almost always, say amusedly: "Thank you very much. I think I'll write my own."

The result, even though it be "edited" by those on guard against

frivolity, politics, etc., is always exhilarating at state occasions.

Sometimes, it is said, the prince's sense of humor becomes less sedate than authorities with the blue pencil would like, and small enlivening quips are cut from his copy.

But there is nothing to prevent his remembering them—and forgetting to mention them on an off-cuff basis when speech time arrives.

During a trip to England this spring, I was told by a number of people that, by a long tradition of

the democratic British people, one "reverses the royal family" and wants to keep them "above the world of ordinary man."

BRITISH LEERY

Thus, Britishers are "leery" of Philip whenever he arises to speak; he is too interested in science, too concerned with the plight of the poor (which is closely tied in with politics, of course), too frank and open to keep his thoughts to himself when he has the floor.

"So far everything's been all right," one high-stationed gentleman reported, "but someday, ev-

erybody fears, the duke will put his foot in it."

What he means was that the prince will show himself to be too much of the world—rather than above it.

In a speech at Ottawa before a group of men whom he had called to Oxford last summer for a "Duke of Edinburgh study conference on the human problems of industrial communities," Prince Philip used a phrase which—to me, at any rate—gave away what he feels. He said, in referring to British industrialists, that they "were given furiously to think."

It wouldn't be at all proper—but it certainly would be more stimulating—if a prince were allowed furiously to think for a queen.

Sentenced for Rape

GRAND RAPIDS (U)—Thomas Clayton, 19, convicted of the rape of a 16-year-old girl, was sentenced Tuesday by Circuit Judge Fred N. Searle to 15 to 30 years in prison. Clayton was one of three youths charged with assaulting the girl last Aug. 10. Alex Jackson, 21, and Walter Lewis, 18, have pleaded innocent and wait trial. All involved are Negroes.

At present rates, 90 per cent of Society. But 95 per cent are now skin cancer patients are saved, as saved when the disease is diagnosed by the American Cancer Society and treated in time.

KAREN ELLSWORTH FASHION OF THE MONTH

Dr. Spencer Oates, Optometrist
13 No. Saginaw Street CREDIT

From Section of Stomach

Forms Artificial Bladder

ATLANTIC CITY, N.J. (AP)—Production of an "artificial bladder" from a section of the stomach has been reported by a Chicago surgeon.

Dr. Edwin S. Sinaiko of Loyola University said the substitute bladder was fashioned to aid a woman whose natural bladder was affected by an inoperable cancer.

He said the operation—in which a pouch of the stomach was cut away and resewn into place as a functioning bladder—might be useful in the case of paraplegic patients where there is a loss of the normal muscular control.

Also, "it may be useful whenever the true bladder must be sacrificed," he said.

The surgeon said the only patient who so far has undergone this operation—a 38-year-old housewife and the mother of six—experienced a good result.

Function of the main part of the stomach was not impaired as a result of these surgeries. The patient experienced no gastro-intestinal symptoms. She gained eight pounds in six months. Her digestion was faultless, and restoration of kidney functions took place 24 days after surgery.

MONSTER MOLDS — These twin aluminum tire mold sections were cast to cure giant tires for construction equipment. They weigh almost eight tons and are nine feet in diameter.

Businessmen Seek Solution

Leaders at Little Rock Pledged to Law, Order Take Hand in Impasse

LITTLE ROCK, Ark. (U) — A Little Rock business man who took part in a closed meeting with Gov. Orval Faubus will deliver a report today that might cause a far in the integration deadlock here.

Walter C. Guy, member of a committee of 24 business leaders pledged to uphold law and order in the crisis, said the report to the committee this afternoon "May have national impact."

"I think there is hope of resolving the problem without either political segment retreating," Guy said yesterday.

By political segments, he explained, he meant Faubus and President Eisenhower.

Guy would not say what was in the report. However, he said he probably either would make a statement or release the entire report after the committee meets behind closed doors.

Guy, a printing company executive, is chairman of a six-man businessmen's subcommittee that met with Faubus Tuesday. The governor has refused any comment about the meeting other than to say that the discussion stayed in the exploratory stage. Neither Guy nor other subcommittee members revealed what took place.

The only report about what happened came from the Arkansas Democrat, which said yesterday it learned that Faubus told the businessmen the White House would have to change its attitude before there could be any basis for mediation.

Seven of the nine Negro children at the storm-center of the integration dispute attended Central High yesterday without incident. The two others have been ill with influenza.

Plans Industrial Area

DETROIT (U) — Acting Mayor Louis Miriam announced plans to develop a 300-acre area in the city's west side for future industrial use. The land is located in the Milwaukee - Junction region. The Common Council approved the initial clearing of 15 acres at a cost of one million dollars.

Moose, elk and wapiti are all members of the deer family.

R. D. Heitsch Jr., Named Manager at Rock Island, Ill.

A past Pontiac resident, Robert D. Heitsch Jr., 44, has been named to the \$11,500 a year position as city manager of Rock Island, Ill. It was announced late yesterday.

Heitsch graduated from Pontiac High School in 1929 and then went to the University of Michigan where he graduated with a degree in Engineering. He later enrolled in graduate classes in Political Science.

Heitsch, who is married to the former Josephine Davidson, of 18 Lorraine Ct., was city manager of Mt. Clemens until leaving to work with the Public Administration Service in Des Moines, Ia. just last month. He had been manager of Mt. Clemens since 1954.

Other cities where he was manager are Wayne and Davison, and Farmington, Conn., where he served as manager for seven years before coming to Mt. Clemens.

His parents, Mr. and Mrs. Robert D. Heitsch, live at 337 W. Iroquois Rd.

Opposes Revealing CAB Personal Files

WASHINGTON (U) — James R. Durfee, chairman of the Civil Aeronautics Board, said today the personal files of board members should not be divulged to Congress.

He said that "once a congressional committee has, by compulsion, probed the personal thought processes of the members of an 'independent' agency, independence of judgment is destroyed forever."

"Once this independence is gone, the integrity of judgment is lost forever," Durfee added in testimony prepared for a special House Committee on Legislative Oversight.

The CAB chief was summoned before the House group which was appointed to determine whether regulatory agencies are carrying out the intent of Congress.

Rep. Moulder (D-Mo), committee chairman, has said the CAB has refused to allow access to pertinent files and records.

Gets CAA Contract

WASHINGTON (U) — The Civil Aeronautics Administration has announced the award of an \$876,934 contract to the Warner and Swasey Co. of Lansing, Mich., for 163 engine generators.

Bally Good Show on London TV — Eh, What!

LONDON (U) — Three dusky girls, nude from the waist up, danced before British television viewers last night.

One girl sat on the floor in front of the TV cameras and stayed there several minutes, writhing and wriggling for a closeup shot.

The show was on commercial television, and the dancers were from the African Ballet currently appearing in London.

"We decided to let them dance exactly as they do normally," said a TV official.

"We have had only two calls from viewers. One was disgusted and the other thought it was all very nice."

The nation's lord chamberlain, who censors stage shows, said: "Ballet is not entertainment of the stage within Section 23 of the Theater Act."

Under Section 23 he can ban plays, or sequences from them.

The first earth satellite may stay up for nine years, predicts Dr. Theodore E. Sterne of the Smithsonian Astrophysical Observatory.

Gov. Faubus Called 'Small Time Dem'

HOWELL (U) — Gov. Orval Faubus of Arkansas was described by Rep. George Sallade (R-Ark) as a "small time Democratic politician who puts his hopes for another term in office above his respect for the law."

Sallade told a Lions Club audience here yesterday that "it will take a long time to remove the after-effects of the scar inflicted on our moral leadership" by Gov. Faubus.

Sallade has been mentioned as possible GOP candidate for governor in the next election.

The legislator told the service club that "The civil rights dispute in Arkansas and scientific advancements of the Soviet Union have exacted a heavy toll on our prestige throughout the world."

"Sputnik has dealt a lasting blow to the advocates of smaller defense and federal aid budgets. We cannot compete with the leaders of the Kremlin without the men and tools to do the job."

"A hamlet is a little pig," a South African student wrote, answering a question.

UAW Elects Horner Chief GM Bargainer

DETROIT (U) — William Horner of Tarrytown, N. Y. was elected chairman of the General Motors National Negotiating Committee of the United Auto Workers union yesterday.

The committee will represent more than 350,000 UAW members in collective bargaining sessions with General Motors Corp. next year.

Court Finds Woman Guilty of Soliciting

Dorothea Williams, 38, of 92 1/2 Bagley St., pleaded guilty to soliciting for prostitution and was fined \$25 or five days in jail by Municipal Judge Maurice Finnegan yesterday.

"Think before Lighting" should be every smoker's motto, according to the Institute for Safer Living. Unthinking acts of smokers in disposing of matches and cigarettes ranks chief among all fire hazards. Always think what you do. A fatal spark often becomes one doing when handling matches and inferno.

A Coffee Break Isn't Breakfast

One fact about food that perhaps cannot be over-emphasized is the value of a good solid breakfast. And a coffee break isn't breakfast. Many people find that the demands of their job in the home or in the office take so much out of them, they feel all used up by the end of the day. This is apt to be literally true, and especially so if they haven't had a good breakfast.

Many times an "all-gone" feeling in the late morning comes about something like this: When you get up in the morning, you've been without food for a good many hours. You're empty of food, which your body requires as fuel to keep you going. And yet you are not likely to know it—at least not in the sense of feeling hungry.

You seem to get along for a few hours on a sub-standard breakfast, but sometime around 11 o'clock, you can't wait for lunch time. Errors and mistakes in working are most apt to happen at this time.

To forestall fatigue, to reduce errors, to assure yourself of a steady level, fortify yourself with the sure combination: A good night's sleep and a really basic breakfast, such as fruit, toast, eggs or breakfast meat, cereal and milk.

When you are having company for supper and you don't want to serve a salad, have a bowl of water cress, carrot curls or strips and black-olives instead.

DATE BAR PIE — Luscious Date Bar Ice Cream pie makes a mouth-watering display — and wonderful eating, too! It's perfect to serve to guests, because it can be prepared ahead of time and kept in the freezer.

Date Bar Mix Makes Glamorous Frozen Pie

Here (for you men who enjoy an occasional cooking stint) is a dessert you can prepare and serve come next vacation or weekend!

It's Date Bar Ice Cream Pie, and though it looks like the masterpiece of a trained chef, it's fun and easy to make. Friends and neighbors expect father to come forth as a barbecue chef, but when he also creates dessert — admiration doubles!

(Of course, if the lady of the house bakes the pie, the men will love eating it!)

This pie has a blending of flavors and textures which combine to produce complete deliciousness. The basis is a date bar mix — the crumbly mixture is used as a crust, and date mixture as a topping, and more crumbs form the swirled pattern on top. In the center — vanilla ice cream.

Date Bar Ice Cream Pie
1/2 cup butter
1 package date bar mix
1 pint vanilla ice cream
Heat oven to 400 degrees. Mix 1/2 cup softened butter and crumbly mixture from date bar mix package with fork. Spread in oblong pan, 13x9 1/2 x 2". Bake about 10 minutes.

Take from oven; stir with spoon. Press hot crumbly mixture against bottom and sides of 9" pie pan, reserving 1/2 cup for topping. Cool. Add 1/2 cup hot water to the date filling mix. Cool.

Mold cooked hot cornmeal in a loaf pan and chill. Slice and reheat with melted butter and grated Italian-type cheese. Serve with broiled chicken.

Spoon 1 pint vanilla ice cream into pie shell and spread date filling over ice cream. Sprinkle remaining crumbly mixture over pie. Serve immediately or freeze until firm.

Poultry Is Better Buy Than Pork This Week

Large supplies of fryers mean low prices for shoppers again this week. Some pork cuts are up, due to an unusual lack of supply. Some stores are featuring beef and lamb cuts so it will pay to think through the meat order before making the market list. Frozen cod, haddock and perch are thrifty fish selections.

Apples lead in the fruit department with good supplies of pears and grapes listed at reasonable prices. Cider, dates and nuts are news in the produce department.

Place cabbage at the top of the vegetable list. Quality is excellent, supply is large, price is low. Michigan potatoes are the best choice if price is a consideration. Broccoli supply is increasing.

MEATS—Fryers hold the attention of most shoppers because of low price. A difference in 10 to 14 cents a pound can be found with the higher prices for the service of cutting up.

The largest turkey crop on record means lots of turkeys. Price-wise they continue to be a top-flight protein choice.

Pork prices are not expected to

be down until the unusual situation of light supply is corrected. In some stores you will find spare-ribs, bacon and sausage wearing lower price tags this week. Hams and loin roasts are reasonably priced compared to other red meats.

Some lamb and beef cuts are specially priced at 10 to 20 cents a pound less than a week ago. Frozen fish fillets are among the thriftiest of meats.

Besides price, smart shoppers will consider the number of servings per pound before selecting meat cuts. Meats with a large amount of bone such as spare-ribs serve only one or two per pound. Boneless meats such as a rolled rump of beef serve 3 per pound. Meats that are boneless and already cooked will serve 3 or 4 per pound.

FRUITS & VEGETABLES—Michigan apples are the shining contributor in produce. Firmness is a sign of high quality. Soft bruises are wasteful for they turn dark and soon cause decay.

The "big four" Jonathan, McIntosh, Northern Spy and Delicious varieties, make up about two thirds of the apples grown in Michigan. The first three may be used for all purposes, but Delicious is really best for eating and salads. You may find Snow apples in the market. These are excellent for eating.

Supply and price are good reasons for selecting top quality cabbage at this time. To get the best in flavor and the most in nutrition, treat cabbage well during cutting, cooking and serving. Use a sharp knife for slicing. Studies have shown that bruising during cutting causes loss of Vitamin C. Keep cabbage cold and covered. For crisp cabbage, add the dressing to slaw or any cabbage salad just before serving.

Unfavorable weather conditions are responsible for the poor quality lettuce and the higher prices you may find this weekend.

Some canned food items you might wish to check include peaches, pears, apple sauce, beans, peas, tomato juice and corn. Frozen peas are offered at special prices for the freezer or for next week's meals.

Powdered saffron is prepared to Spanish dishes of chicken and from a flower stigma and adds rice with or without seafood and wonderful color and delicate flavor vegetables.

Marinate steak in olive oil, lemon juice, crushed garlic, salt and pepper before broiling.

Some cooks like to add minced parsley and anchovy fillets to a sauce for steak.

Remove the stems or not, as you prefer, when you are cooking fresh spinach.

Church Prepares for Nov. 7 Bazaar

Members of Guild Two of All Saints Episcopal Church have been busy dressing dolls for their Nov. 7 bazaar. Mrs. Harold A. Furlong, Mrs. Bertil Larson,

Mrs. Loren Sheffield and Mrs. Harold St. John (left to right) show some of the dolls they have finished.

Halloween Hop Set Saturday

Members of the Hoedowners Square Dance Club will promenade at the Halloween Hop to be held Saturday evening at Owen School.

Master of ceremonies for the affair will be Fred Froede, and callers will be Cecil Elsholtz, Howard Hatfield, Ted Hoyt and Duane Brown. Larry Bolva, B. D. Hart, Annette Buzz and Mr. Froede will assist in calling the steps. Novelty dances and mixers will be featured on the program, with music furnished by an orchestra.

Slides Viewed by Pillar Club at Tarr Home

Members of Pillar Club met for a cooperative dinner at the home of Mrs. Robert B. Tarr on West Iroquois road.

For the program Mrs. J. A. Rammes showed colored slides of her recent trip to the northwest, including pictures of Glacier Park, Lake Louise and Jasper National Park.

Chairman for the Tuesday evening event was Mrs. Arno Hulet, assisted by Mrs. Frank Allen and Mrs. Fred Voelker.

Committee Named by Church Group

Mrs. Christopher Wright, Mrs. D. R. Lazelle and Mrs. Smith Falconer were named to the nominating committee of January-March Group of First Presbyterian Church.

Mrs. H.E. McCallum of Silver Hill road hosted the Tuesday luncheon. She was assisted by Mrs. David Brown, Mrs. Russell Hoyt and Mrs. L. V. McCann. Mrs. Galen Hershey and Mrs. George Cram Jr. were guests.

VERNA LEE WOSZCZAK

Mrs. and Mrs. Edwin Woszczak of Indiana announce the engagement of their daughter, Verna Lee, to Ronald Keith Leighton, son of Mr. and Mrs. Fred Leighton of East Montclair street. The bride-elect is a senior at the University of Michigan and her fiancé is completing work on his master's degree at U. of M. after being graduated from General Motors Institute. He is a member of Alpha Gamma Upsilon fraternity.

Packages such as the ones on this table will be in the package booth on Nov. 7 when All Saints Episcopal Church holds its annual bazaar. Here (left to right) Mrs. Paul D. Clement, Mrs. Harold N. Stein-

baugh, Mrs. William S. Wolfram and Mrs. Robert E. Nienstedt, all members of Guild Seven, discuss arrangements for their booth.

Misfortune May Be Good Break

By ANNE HEYWOOD

It used to infuriate me when older and wiser people would tell me that what happens to us in life isn't important. The important thing is how we react to what happens.

I used to think, rather bitterly, that despair and misery were the results of misfortune and that it was ridiculous to say we should be cheerful in the face of misery.

TURN BAD INTO GOOD

But after studying and listening to hundreds of people as they face their lives, I have found that the really successful, happy and effective ones are those who quite literally capitalize on the kind of bad breaks that would throw a lesser person.

Take, for example, a young woman whom I'll call Sue.

Sue is a mother of four. She has a wonderful husband who will one day be making a million, no doubt, but at the moment he just barely makes enough to pay for the basic necessities.

For a long time, things went well for them because Sue had a thriving home baking business which took care of the extras.

EVERYONE DIETING

"But then," she writes, "one of those awful things happened. Everybody began to diet."

"Most of my friends and customers were in the late 30's and early 40's and weight was

beginning to be a problem. First thing I knew, my sales were really falling off."

"I'd love to keep getting the weekly pie and cake," one of my steady customers said, "but it's too much of a temptation." "My doctor told me they were all being silly and said everybody should have some sweets, but I couldn't convince my customers."

NO MORE EXTRAS

"The family wasn't too happy, either. It meant we could no longer have those nice extras."

"Suddenly, I had a good idea. I'm supposed to be a creative cook. I began thinking, so why not turn my wits to low-calorie baked goods? There must be substitutes, ways of using low-calorie ingredients."

"Well, after much investigation and work, I came upon a couple of really good recipes. One was for a low-calorie pie, one for a cake and another for cookies. They went over with a big bang."

"In fact, I have more cus-

tomers now than I ever had before. It's a way for me to eat my cake and sell it, too!"

If you're interested in making money at home, send me

a stamped, self-addressed envelope, care of The Pontiac Press, and I'll send you a list of good books on the subject. (Copyright 1957)

"1957 Curtain Calls" of Marbach Group. First Presbyterian Church will be presented Tuesday at 8:15 p.m. The group will present skits and musical numbers such as "Ladies of the Mop," which is being

Mrs. Henry F. Smith (left), president of Guild Nine, and Mrs. James R. Jenkins will help prepare food for the

bazaar luncheon, which will be served from noon until 2 p.m. on Nov. 7.

Mrs. Robert C. Tricker (left), chairman of the 5 to 7 p.m. smorgasbord dinner, and Mrs. Fred J. Cockle, president of Guild Six, are preparing delicacies for the dinner.

Great Seal Treasured by Keeper

Mrs. Richardson Says It Signifies Sacred Heritage

By JANE EADS

WASHINGTON — To Mrs. Clydia Mae Richardson the Great Seal of the United States is second only to our Flag in symbolizing the "sacred heritage of this country and its great strength and vision."

This little woman, born and raised in Highmore, S. D., has been the dedicated keeper of the seal since 1943. The seal is affixed to proclamations of the President, ratifications of treaties, the commissions of members of the Cabinet, and of American ambassadors, Ministers and Foreign Service officers, and to certain other documents.

ON PAPER WAFER

All the above documents must first be signed by the President and the secretary of state before the design is impressed on a paper wafer which has been glued to a document.

Celebration of the earliest impression of the seal, 173 years ago, was observed recently in the mezzanine of the State Department building where the original Great Seal, with its press and cabinet, is housed in a glass cabinet.

As chief of the presidential commissions branch of the titles and commissions staff of the State Department, Mrs. Richardson's job is a complicated one.

When Congress is in session, the section prepares the nomination of a government official on a handsome handwritten form which is signed by the President.

PROCLAIMS MESSAGE

A presidential secretary then takes it up to the Senate. The secretary of the Senate takes it to the president of the Senate, who interrupts Senate business to announce that a message has been received from the President of the United States.

When the nomination is confirmed, another paper called a "Senate resolution" is drawn up and stamped by the White House and State Department where it is filed.

A commission is prepared, equally beautifully embossed, again sent from State Department to White House and back, for the secretary of state's countersignature. Finally the seal is affixed.

Mrs. Richardson has the sole privilege of using the keys to open the locks guarding the seal. Accompanied by two aides, she first unlocks the doors to the glass room.

SERIES OF LOCKS

She uses two keys to unlock the cherrywood cabinet in which the seal is kept. Then she unlocks the press and finally the special lock on the seal itself. The keys are locked in a safe when not in use.

"My work is far from humdrum," Mrs. Richardson said. "Every time I swing the arms of the press into position, and impress the Great Seal of the United States on an official document, I feel that I am taking part in the making of history and the progress of this nation."

rehearsed above by Mrs. Donald McColl, Mrs. Stephen Napier, Mrs. Daryl Donaldson and Mrs. Raymond Banwell.

The American Cancer Society radioactive substances that have says that research has developed proved extremely valuable in treatment, certain drugs and some in certain cancers.

By CHUCK ABRA

Two of the four remaining Oakland County teams with perfect records clash head-on Friday night in a game which could determine the eventual Oakland B League champion. It will be Clawson at Lake Orion.

Both will take identical 3-0 season records into the contest with Lake Orion having the league edge of two wins to one. But neither team has really been tested yet. All six games have been by lopsided margins.

Clawson, which will start this season, is rated the slight favorite despite having to play on foreign soil. The chief reason is that the Trojans will have a big overall weight advantage and a more experienced line.

Lake Orion is expected to be outweighed 9 1/2 pounds per man with Clawson fielding a starting unit averaging 180.

The Dragons have outscored Clawson 94 to 93 but have allowed opponents 25 points while the Trojan line, led by 215-pound Larry

Unbeaten Orion, Clawson Tangle

Lomako and linebacker Pat Haley, has given up just one TD. Both schools were tied by the flu last week and should be well-rested for their crucial meeting although some of the players on each team are not fully recovered as yet. One of these is Jim Drake, fleet Lake Orion halfback who leads the county in scoring.

Drake will not start but is expected to see considerable action. Big question mark for Clawson is fullback Lowell Acton, who suffered a leg injury two weeks ago.

Trojan boss Bob Acton summed up the importance of the tilt today with his statement: "Whoever wins the game will probably be sure of at least a share of the title."

There will be several other important games around this sector this weekend. They include unbeaten Hazel Park at Birmingham in the Eastern Michigan loop, power-packed Romeo at Lapeer in the Tri-County opener and Saturday's Armada - Almont duel for the Southern Thumb Lead.

MAKE OVER PAGES

Both schools were tied by the flu last week and should be well-rested for their crucial meeting although some of the players on each team are not fully recovered as yet. One of these is Jim Drake, fleet Lake Orion halfback who leads the county in scoring.

Drake will not start but is expected to see considerable action. Big question mark for Clawson is fullback Lowell Acton, who suffered a leg injury two weeks ago.

Trojan boss Bob Acton summed up the importance of the tilt today with his statement: "Whoever wins the game will probably be sure of at least a share of the title."

There will be several other important games around this sector this weekend. They include unbeaten Hazel Park at Birmingham in the Eastern Michigan loop, power-packed Romeo at Lapeer in the Tri-County opener and Saturday's Armada - Almont duel for the Southern Thumb Lead.
