CHECKS HER TICKET — Susan Westergaard of Southfield, winner of the "Miss Michigan 1959" title, checks her tickets at Detroit Metropolitan Airport before taking the 10:55 plane last night to Long Beach, Calif. where she will compete in the "Miss Universe Contest" July 16-26.

Industries Feel Crippling Effect of Steel Strike

No Sign of Early Pact as Fact-Finding Plan Gets Rejection

PITTSBURGH (AP)—Union and management negotiators marked time today as the basic steel industry strike spawned growing unemployment in other areas of the nation's economy.

There was no indication of any early break in the two-day strike of 500,000 United Steelworkers — the sixth major shutdown since World War II.

Patches of unemployment have sprung up and will grow daily in such allied industries as rail, coal, truck, inland water shipping, iron ore mining and processing.

Roughly 20,000 or more workers in these industries have been idled.

Joseph Finnegan, director of the Federal Mediation and Conciliation Service, summed up the deadlocked situation when he stated: "I don't think it's susceptible to easy or early solution."

★ ★ ★

At the direction of President Eisenhower, Finnegan had met separately with both sides to explore their positions. He said afterward he plans no formal peace moves until Monday.

Earlier, the union proposed—and the industry rejected—a plan to submit disputed issues to a three-man fact-finding board. The industry said the facts already are well known.

Basically, the union seeks increased wages and improved fringe benefits, contending the steel industry can afford it. The industry says that to grant the demands would be inflationary; it must hold the line on production costs, also have more leeway in effecting operation economies.

★ ★ ★

Steelworkers had been averaging $3.10 an hour. Their old three-year contract expired June 30, was extended two weeks until Tuesday midnight at the request of President Eisenhower.

The President said at his news conference that there is no present emergency which would warrant government intervention under the Taft-Hartley Act.

★ ★ ★

Once again he urged both sides to exercise statesmanship and responsibility to get the strike settled quickly.

The strike has brought to a standstill nearly 90 per cent of the country's steelmaking capacity.

Most major steel users report they have sufficient steel stockpiled to permit uninterrupted production for at least several weeks.

Sky to Give Us Some Moisture This Saturday

Scattered showers and thundershowers are predicted by the weatherman for Saturday with little change in temperature expected before Monday. The low tonight will be about 66.

★ ★ ★

So far this month showers have been sparse with only a scant amount of rain falling on the First and Fifth.

In the 30-day forecast the weather bureau predicts rainfall will not be so heavy as normal over the Great Lakes region.

The bureau said temperatures for the period will be about normal in the Pontiac and Michigan areas. Friday's high will again hit the upper 80s, with mostly fair the forecast.

★ ★ ★

Sixty-five was the lowest recording in downtown Pontiac preceding 8 a.m. The mercury rose to 86 at 1 p.m.

Tax Showdown Due in House

State Dem Vows to Bring Income Levy to a Vote

LANSING (AP) — Tension and confusion hit a peak in the House today as lawmakers braced for crucial showdown votes on the use (sales) and flat rate income tax bills.

"This is it," said Rep. Joseph J. Kowalski (D-Detroit), Democratic floor leader, vowing to bring the 142-million-dollar income tax package to a vote without further delay.

"We can't stop them," said Rep. Allison Green (R-Kingston) GOP floor leader. "If Democrats want to pass the bills, they have the votes to do it."

Republicans lost a skirmish to delay the vote last night in a confused and disorderly 90-minute session taken up entirely with parliamentary maneuvering. But they managed to push their use tax bill to the foot of the agenda, giving it a better chance for passage if the income tax bill gets beaten.

★ ★ ★

Approval of the income tax measure would rout it to the Senate where majority Republicans have vowed to kill all income levies. Twice they have passed use tax bills only to see them die in the House.

EXPECT 54

With two ailing members back in harness, Democrats expected to muster 54 of their 55-member force for the vote. Rep. Josephine D. Hunsinger (D-Detroit) was ill.

Responding to urgent phone calls, Rep. W. H. Thorne (D-Dearborn) left for Michigan from a San Francisco convention and Rep. Gilbert L. Wales (D-Stambaugh) indicated he would take a plane from his Upper Peninsula home.

Wales left his legislative post

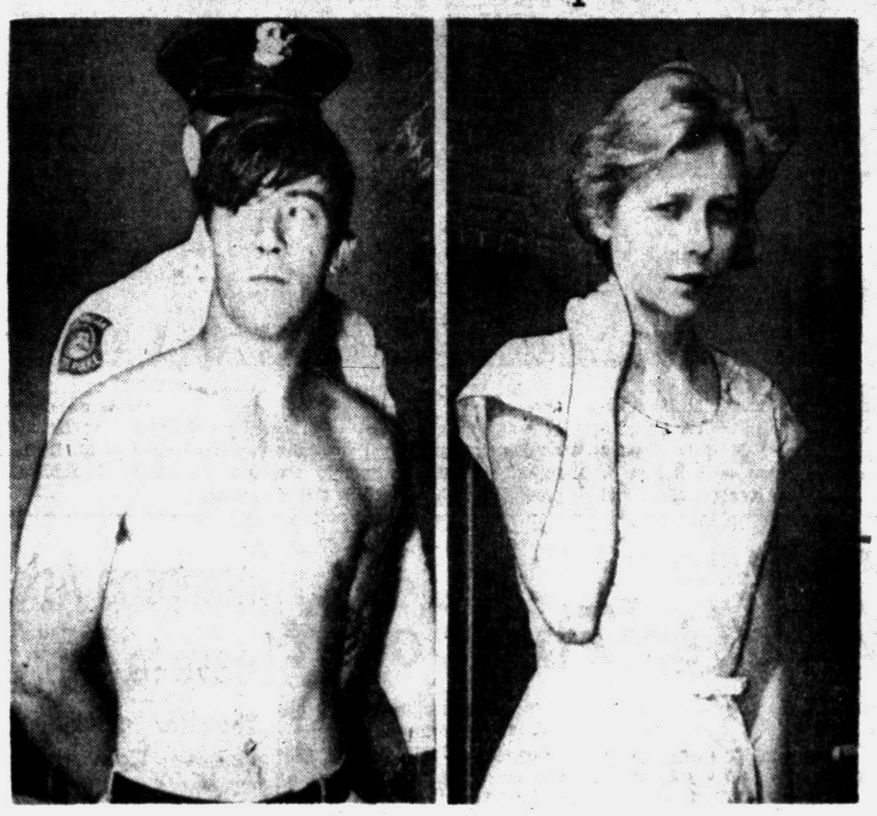
Took Girl at Gunpoint



AP Wirephoto

KIDNAPER, VICTIM QUESTIONED — John Thompson, 22, and his former girl friend, Ann Piri, 17, of Highland Park, arrive at the Redford State Police station for questioning. The ex-convict and his victim were taken to the Redford post after Thompson was arrested in Commerce Township yesterday afternoon by troopers from the Pontiac State Police Post. He was asleep in a wooded area when captured.

Secret Session to Pry Union's 'Flower Fund'

July 27 Investigation Could Spark Dem-GOP Political Row

WASHINGTON (AP) — The Senate Rackets Committee plans to start a preliminary investigation of the United Auto Workers in hearings behind closed doors.

The three-day inquiry, starting July 27, is to determine whether evidence compiled by the committee's Republican members is sufficient to justify public hearings.

The investigation could set off a political row among the senators as a similar one did when the committee investigated the UAW in 1958.

The union traditionally supports Democratic candidates for political office, although it has supported some Republicans at times.

Sen. Karl E. Mundt (R-SD) announced the inquiry. It will deal among other things with UAW "flower funds" — which usually buy few flowers.

UAW President Walter Reuther told the committee last year flower funds really are union campaign funds raised by voluntary contributions from members. He said the funds are used mainly to finance the campaigns of incumbent UAW officers, including himself, and the campaigns of rivals, with each side having its own flower fund.

Mundt and Sen. Carl Curtis (R-Neb) want to know more about the raising and spending of these funds. Mundt said the committee also would look into the affairs and finances of some UAW officials.

★ ★ ★

Reuther told the committee in hearings last year he knew of no corruption in his union but that if the committee could point to some he would start cleaning it out within 24 hours.

★ ★ ★

Mundt said the committee also has agreed on "preliminary ground rules" for another touchy inquiry. This one deals with charges that both industry and labor unions have been circumventing or even flouting federal laws forbidding them to participate directly in financing partisan political campaigns.

Note New Buoyancy, Progress in Pontiac

"After an absence from Pontiac of nine months, I see a tremendous difference in local activities," said Horace F. Brodie, former Advertising Director of The Pontiac Press. "There is a new feeling of buoyancy and an air of progress. I note it on every side."

BRODIE

Brodie is now spending considerably more than half of his time in Florida and only returned to Pontiac this week following his departure last fall. "Retail circles are doing considerably more business than they did in the fall," he asserted, "and I find that this happy condition extends into every line of activity there is.

"The main causes are the great years that Pontiac Motor and GMC Truck and Coach are having. I hear nothing but favorable comments on the Pontiac car wherever I go.

"The general public likes its appearance and owners are happy over the performance. Management and labor are to be congratulated on the great product we are producing here. It's the hot car of the year.

★ ★ ★

"GMC Truck and Coach are necessarily less in the limelight, but a big hauler told me of the grand performance of some of these new South Boulevard products. They've made a great step in all truck construction.

★ ★ ★

"Fisher Body's inside conversion is another reason for renewed activities along with the addition of the station wagons and convertibles."

Brodie and his wife are spending the summer at their cottage on Cass Lake.

Police Dispute Hard on Schools

Difficult for Principals to Remain Neutral; Fight Affects Activities

Pontiac school officials found it difficult to remain on neutral ground today in the controversy between Public Safety Director George D. Eastman and the Pontiac Police Reserve Assn.

The principals of both of the city's senior high schools said they were concerned over the matter, "but prefer not to enter the dispute or take sides."

Francis Staley, Central High principal, commenting on the possibility of no reserve police to handle football crowds this fall said, "I don't know what we'll do. It will be difficult without them."

Philip Wargelin, Northern High principal, was more alarmed. "It isn't a possibility, it's an actuality. The reserves stopped policing our basketball games the middle of last season.

"We asked for regular police patrolmen to fill in. They would not come out and work."

★ ★ ★

For about five years, reserves have been the major force policing student sports and social events. A policy change in the Police Department late last year limited their work.

★ ★ ★

Both principals said they definitely have no plans to cancel or cut down sports events in the future, with or without police help.

They intimated, however, this might become necessary if crowds became unruly or incidents of violence or rowdyism became frequent.

"I have as much praise for our spectators as I do for the reserves," said Staley. "We've never had any trouble and the credit should go to both the students and the officers."

★ ★ ★

"We used about 20 or 25 reserves for each game. If they aren't around this fall, we can replace some with faculty members. I hope the regular police can fill in."

Both Staley and Wargelin em-

(Continued on Page 2, Col. 5)

Capital Airport Named for Dulles by Ike's Decree

WASHINGTON (UPI)—President Eisenhower has named Washington's new international airport after the late Secretary of State John Foster Dulles.

He said in issuing the executive order yesterday that it was fitting that the airport "should bear the name of this distinguished American whose memory is revered wherever men cherish democracy and freedom."

The new 9,400-acre airport, now under construction near Chantilly, Va., is expected to be in service some time in 1961. It will be known as "Dulles International Airport."

Caught in Commerce Twp.

Arraign Abductor Today

A drink-crazed ex-convict who was captured in Commerce Township yesterday afternoon after kidnaping his ex-girl friend and terrorizing her family with a deer rifle was to be arraigned this morning in Highland Park Municipal Court.

The girl, blonde Ann Piri of Highland Park, escaped and called police when her abductor, 22-year-old John Thompson, fell asleep yesterday afternoon in a wooded area near the intersection of Commerce road and Watuga drive.

The kidnap victim, who was described as a "problem girl," told police Thompson had criminally assaulted her.

Thompson was still asleep when his arrest by Pontiac State Police Troopers Gary Powell and Gerald Tafel ended a statewide hunt. Asked about the night's events, he said: "I was drunk. I don't remember a thing."

★ ★ ★

Thompson entered Miss Piri's home in Highland Park shortly before dawn yesterday, bullied her family with the rifle by firing a shot just above their heads, and forced the girl to accompany him.

DRINKS WITH BROTHER

He told the trooper he and his brother, George, 24, on furlough from the Army, had been drinking in a tavern earlier. They fought, he said, when George tried to get him to stop drinking. He said he got the deer rifle with the intention of killing his brother but couldn't remember what happened afterwards.

Miss Piri, who has been in trouble for delinquency, school truancy and running away from home, admitted seeing Thompson since his release last March from Southern Michigan Prison where he served a year for burglary.

Thompson received an "undesirable" discharge from the Army in 1956.

Police said the girl had broken off with Thompson and was genuinely frightened of him. Miss Piri said he threatened her with the rifle and punched her in the stomach.

Miss Piri, who told troopers she was too scared to call for help, appeared unharmed except for slight bruises on her neck.

"I need rest," she said.

Tafel said the girl appeared to be in a state of shock.

★ ★ ★

She fled from her abductor when Thompson fell asleep. She raced through the woods and across a field to the home of Mrs. Wilma Volinski, 3868 Tahoe St., Commerce Township. Mrs. Volinski called the state police.

When the troopers arrived at the Volinski home, Miss Piri told them of her ordeal after identifying herself.

Leaving the girl there, the troopers searched the woods until they came across Thompson sleeping on a blanket near his car.

Highland Park Police said Thompson appeared at the Piri girl's home about 4:30 a.m. and pounded on the door. Anne's brother, Robert, 19, answered.

Thompson, he said, demanded to see Ann and when Robert told him he couldn't come in he produced the rifle and said: "This says I can."

Once inside Thompson went up the stairs to the second floor. The girl had heard the commotion and had gotten up, putting on a flowered-blue robe.

Ann's aunt, Lillian Piri, 54, and her grandmother, Mrs. Anna Piri, 84, with whom she lives, also were awakened. Thompson herded the family into the grandmother's bedroom and forced them to stand against the wall.

He fired a shot which smacked into the wall just two inches above Robert's head. Then he grabbed Ann by the arm and pulled her down the stairs and into his car.

Highland Park Police said Thompson would be arraigned today on a kidnaping charge.

Parched Waterford Earth Swallows Another Hose

By REBA HEINTZELMAN

Another one of those "nuzzling-nozzles" has buried itself in hard ground in front of the Robert Verhine home, 6641 Manson Dr., Waterford Township.

The strange phenomenon of nature has the entire neighborhood wondering just how and why a garden hose with running water should suddenly begin to work itself through the cement-like earth.

It all started last Sunday afternoon when the Verhines' 5-year-old daughter, Linda, laid the hose down on the parched lawn and went into the house.

One hour later the family discovered the hose burrowing downward, so "just for fun" they let it go.

By yesterday afternoon the hose was beginning to pick up speed in its downward drive, and no amount of pulling or tugging could budge the plastic hose.

Finally in desperation, and because they needed the hose to water their sun-baked garden, Mrs. Verhine got a shovel and started to dig.

It took a pick-axe to break the hard ground around the hose, but after digging down three feet the hose broke loose.

There was nothing unusual about the earth at the bottom of the hole, and the hose did not have a sharp nozzle.

SAME EXPERIENCE

Another family in the neighborhood, the Jack Hascalls, had the same experience last week.

A hose laying in the yard began to bear downward when the water was running.

Ralph Anderson, a next door neighbor, decided to help his friend by laying the Anderson garden hose next to the disappearing Hascall hose.

Both hoses began to disappear before the astonished men. So to put an end to the ridiculous situation they pulled the hoses up out of the ground, shut off the water and forgot about the incident.

Pontiac Press Photo

PULL IT OUT! — No amount of tugging by neighborhood children could budge this stubborn hose that started to burrow its way downward last Sunday in the Robert Verhine frontyard in Waterford Township. Attempting in vain to pull it out are (from left) Linda Verhine, John Hascall, Denise Pendalin and Vickie Lynn Winterbottom.

Modernization Program at Fisher Body Featured

The Fisher Body Division modernization program in Pontiac is one of the biggest industrial events here in recent years.

For a report on the modernization program in words and pictures, see page 13.

Teamsters Plan Active '60 Push

Will Use Mail, Radio, TV to Tell Workers Where Hopefuls Stand

MIAMI, Fla. (AP)—James R. Hoffa says the Teamsters Union will make free use of radio, television and the mails in the 1960 election campaign "to let the American working man know just where all the politicians stand."

Hoffa, Teamsters Union president, said on a Miami visit that city directors throughout the country would be combed to compile a mailing list of 10 million persons.

"The rest of the people we'll reach by television and radio," he said.

Asked about the union's choice of candidates, Hoffa said it is too soon to say.

"The only one we know who seems to be a candidate is Jack Kennedy (Sen. John F. Kennedy, Massachusetts Democrat). I'm against him because he's anti-union and anti-working people."

BACKS STEEL WORKERS

Hoffa pledged Teamsters support of the steel strike, addressed the International Longshoremen's Assn. on the need for labor solidarity, and spurred Teamster efforts to organize Greater Miami workers on his flying visit from Washington Wednesday.

He said his men "won't go through any of their steel strike picket lines."

Accusing business and government of an increasing crackdown on the labor movement, Hoffa said, "Our problems no longer belong to the ILA, the Teamsters, the Steelworkers — they belong to the American workers."

Capt. William V. Bradley, re-elected ILA president, praised Hoffa as "fighting the fight of organized labor in this country."

SALUTE GOODLOE H. ROGERS — Friends and business acquaintances of Goodloe H. Rogers paid tribute to the retired Pontiac industrial leader last night at a Bloomfield Hills Country Club dinner. Pictured at the affair are (from left) Robert J. Dawson, an estate administrator; Rogers, former president and general manager of American Forging and Socket Co.; Louis H. Schimmel, a municipal financing consultant; and S. M. Dudley, retired educator. About 35 attended the dinner. Rogers was presented with binoculars and a camera.

The Day in Birmingham

Small Blaze Overstaffed as 3 Calls Spur Firemen

BIRMINGHAM — Three uncoordinated telephone calls sent the Birmingham Fire Department out in force yesterday to fight one small blaze.

★ ★ ★

At 12:58 p.m. a call from 644 Purdy street reported a burning garage behind the Charles J. Van Horn Real Estate Office at 576 N. Woodward Ave.

An engine truck and a ladder truck from East Fire Station responded.

A minute later a fire report was received from 569 Pierce street, and that call was quickly followed by another from 593 Pierce street.

★ ★ ★

Acting on the possibility of more than one fire, Fire Chief Park Smith sent out another engine truck and a ladder truck from West Fire Station.

When the four trucks converged firemen discovered that the three calls, made from neighboring homes, had all been prompted by the same fire.

Chief Smith sent the West Station equipment back home, and East Station firemen subdued the garage fire.

★ ★ ★

The garage, owned by the real estate firm, was in the process of being torn down and damage therefore was listed as zero, according to Chief Smith.

The fire started when sparks from burning rubbish in an adjoining lot ignited scrap lumber from the garage.

Thanks to a group of mothers in the Wing Lake School District, the Wing Lake School Library is being used this summer by children in the area.

The mothers are donating their time to keep the library open on Mondays and Thursdays from 9:30 to 11:30 a.m.

Wing Lake School is located at the corner of Wing Lake road and Maple road.

Visitors to the Congregational Church of Birmingham Sunday will be Mr. and Mrs. Jack Clark of Ocala, Fla.

It was largely through the efforts of the Clarks that the church was established in Birmingham in 1953.

He was the first moderator of the church, and Mrs. Clark was the first church clerk.

★ ★ ★

Both remained active in the church until moving to Florida in 1956.

Victor E. Lauritsen of 16220 Amherst Dr., Beverly Hills, has been elected vice president of the Motor City Chapter of the Systems and Procedures Assn. of America.

He served as treasurer of the chapter during the past year. Lauritsen is manager of systems and procedures for the Burroughs Division of Burroughs Corp. at Plymouth.

Howard L. Canfield of 446 Wellesley Rd., Birmingham, manager of Detroit Edison Oakland Sales Division, has been elected for a second term as secretary-treasurer of the Michigan Electric Assn.

Gomez Killing Self-Defense

Pontiac Police Detective Absolved in Inquest Asked by Mexicans

A six-man coroner's jury ruled yesterday afternoon that a Mexican citizen shot to death by a Pontiac police detective was killed by the officer in self-defense.

The verdict ended an inquest into the death of Manuel Gomez, 53, of 38 W. Wilson Ave., who was shot June 22 by Det. August R. Martinez.

The inquest had been demanded by the Mexican government after numerous protests from the Mexican community in Pontiac and papers in Mexico.

The inquest ended suddenly when George Mendenez, legal adviser to the Mexican consul in Detroit, announced that the Mexican consulate agreed to waive the calling of a dozen witnesses in the case.

"Most of their testimony would be repetition and largely based on hearsay," Menendez explained.

The jury deliberated for 20 minutes before reaching a verdict. It was unanimously agreed by the panel that Gomez was killed while assaulting police officers and that the lives of the policemen were "in imminent danger."

Murmurs of protest were heard in the Oakland County Board of Supervisors chambers where the second session of the inquest was being held.

After the verdict was announced, Menendez announced that the case was closed as far as Mexico was concerned.

"The killing was a tragic mistake as the police had not received proper training," he said. "But we are convinced no brutality or discrimination was involved."

Gomez was shot in his apartment by Martinez after tear gas had been thrown into the building.

★ ★ ★

Witnesses this morning were Martinez, Patrolman Gerald Navarre, and two of Gomez' neighbors, John Gayton, 19, and his sister, Rosemary, 21, of 30 W. Wilson Ave.

Not Only Seeing Double

FORT WORTH, Tex. (AP)—Don Henry's cat Scat has given birth to a kitten with two noses, about an inch apart, two mouths and four eyes side by side. "Both heads are meowing," Henry said.

Time Running Out on Fenton Attorney

Dye to Appeal to Top Court

As his corps of attorneys announced they plan to take an appeal to the United States Supreme Court, former Fenton village attorney Clifford B. Dye had until 1 p.m. tomorrow to ponder whether this latest legal maneuver would keep him from behind prison bars.

Oakland County Circuit Judge Clark J. Adams yesterday reluctantly granted Dye a 48-hour stay of a 2 to 10 year prison term to allow his attorneys to seek a State Supreme Court bond to keep him free.

Judge Adams earlier in the day had granted a stay also to Herman Kierdorf, former aide to Teamsers boss James R. Hoffa.

The judge told attorneys Andrew J. Transue and Richard Fruit, both of Flint, if when they returned at the specified hour Friday they didn't have notice of a new bond Dye would be shipped off to Jackson Prison.

★ ★ ★

Judge Adams sentenced the 57-year-old white-haired Fenton attorney back in 1956 for assault on a farmer with whom he was having disputes over the management of a farm leased by him from Dye's sister.

SEEMED FINAL

What seemed like the end of legal steps in attempt to prove the conviction "unjust" came when the State Supreme Court affirmed his conviction and this week denied him a rehearing of the case.

★ ★ ★

Judge Adams then ordered Dye to surrender himself at 1 p.m. Wednesday.

Transue appeared before Judge Adams with Dye yesterday afternoon and gave notice of his petition for the emergency setting of bond pending application for a writ of certiorari to the U. S. Supreme Court.

★ ★ ★

He filed it yesterday afternoon with the high court. Since the eight justices are in recess until October, Donald F. Winters, court clerk, said it would take a telephone conference around the state to see if the court would grant the new bond on Dye.

★ ★ ★

After studying the $10,000 bond under which Dye has been freed for more than three years, the judge granted what he said would be the last continuance of his bond in his court.

"When Mr. Dye appears before me again, and if he seeks to be further released, it will have to be on bond from the Supreme Court," Adams warned.

When he learned Transue planned to seek the bond from the Supreme Court, the judge asked: "Don't you think they have given this matter enough attention now?"

★ ★ ★

Transue replied that affirmation of Dye's conviction by the court was "a divided opinion" with three of the justices ruling for a new trial for Dye.

Tax Showdown Due in State Legislature

(Continued From Page One)

temporarily and went back to his job in an iron mine to replenish an ailing bank account. The mine shut down yesterday, however, when the United Steelworkers went on strike.

★ ★ ★

The tax battle has tied up the Legislature for six months and 118 workdays. Today it became the longest in history, breaking the record set in 1933.

Republicans want to meet the state's long range revenue needs with a penny increase in the three-cent use tax.

★ ★ ★

Democrats and at least four House Republicans are backing the 11-bill income tax package drafted by Rep. Rollo G. Conlin (R-Tipton, chairman of the House Taxation Committee.

It calls for a two per cent tax on personal income, five per cent on corporation income and seven per cent on banks. Other business taxes would be repealed.

Thompson Asks Leave to Appeal

Teamster Seeking to Reverse Conviction in 'Torch' Arson Case

Legal papers were filed in Genesee County Circuit Court yesterday as attorneys for Jack D. Thompson, imprisoned in the Kierdorf arson case, moved ahead in trying to gain an appeal of Thompson's conviction to the State Supreme Court.

The high court once had refused to step into the case.

Before the court could get the case now, Genesee Circuit Judge Stephen J. Roth, who twice denied Thompson a new trial, must approve a statement of facts submitted by Thompson's attorneys. This will be done Monday.

Yesterday this statement, along with an application for leave to appeal, were filed in Flint.

Thompson, a business agent with Flint Teamsters Local 332, meanwhile is serving a 1½-10-year term in Jackson Prison after his legal appeals collapsed.

His attorneys were expected to continue attempts to seek a stay of execution of the prison sentence should Judge Roth and the Supreme Court look favorably upon the latest legal step.

The eight justices would have to consulted by telephone, as they are currently enjoying a summer recess.

Licked From Beginning

ORLANDO, Fla. (UPI)—Jim Austin nearly fell asleep yesterday when he started his bid to become the world's "stay-awake" champion. Attendants said he was still drowsy from the sleeping tablets he'd taken the night before so he could get off to a well rested start.

School Officials Find Police Fight Difficult

(Continued From Page One)

phasized the importance of uniformed men.

"Arm bands have far less effect on students than do uniforms and arms," Wargelin said.

"We greatly appreciate the help of various civic and fraternal groups, but a uniformed officer has more immediate authority and effect," Staley explained.

Dana P. Whitmer, superintendent of schools, would not commit himself.

"I have no comment until I have studied the situation thoroughly," he said. "Before making any statements I feel it best and fair to consult with those people more closely involved and see just what affect the lack of reserve police might have."

Unchanged School Bill Due to Clear Senate Soon

LANSING (AP) — Republican senators have ordered GOP finance men to strike out of the 1959-1960 school aid bill a 17-million-dollar enrichment factor approved by the House.

The decision meant that with little doubt the school aid bill will clear the upper chamber later this week or next calling for a help formula unchanged from the last fiscal year.

Republicans outnumbered Democrats in the Senate 22 to 12.

However, it was reported the GOP caucus action was intended to set up a House-Senate bargaining situation that ultimately will produce a compromise aid solution based on $197 a pupil with 3 mills deductible.

This would represent a small fraction of the enrichment favored by the House.

Deductible millage is a so-called equalization factor which takes into account local property tax capabilities. The higher it goes the greater proportionately is state help for low valuation districts.

Sen. Frank D. Beadle of St. Clair, GOP majority leader, acknowledged there was some dissent from the majority caucus position.

He said he offered the $197-a-pupil, 3-mill-deductible proposal to his colleagues "but I was told it was impossible."

The Republican action solidified prospects for a stiff fight on the issue, which will have a big bearing on the size of the general fund budget and, accordingly, at least some influence in any tax settlement.

Beadle estimated the $197, 3-mill formula would require 31 million dollars supplementation out of the state's cash-poor general fund.

Assuming 15 million dollars for capital outlay and $12,300,000 for deficit retirement, this would boost the budget to 420 million dollars, he said.

Even this figure would leave no provision for restoration of the veterans trust fund which Beadle holds vital for an easing of the state's steadily deepening cash crisis.

French Out-Pop Us

NEW YORK (UPI)—Americans popped the corks on 16 million bottles of champagne last year, compared with 72 million bottles in France.

Highway Building to Continue in State

LANSING (AP) — The state highway department expects to be able to continue its stepped-up road-building program despite the steel strike.

★ ★ ★

The department reported it has enough steel on hand to keep projects already planned going until fall.

The steel mostly is used in bridge beams and in steel mats to reinforce concrete.

About a year ago, Commissioner John C. Mackie directed the bridge design division to develop standard plans so the department could switch from steel beams to other types, such as pre-stretched concrete, in the event of any extended steel strike.

The switch will be made if necessary, Mackie said.

★ ★ ★

The department said it has not been stockpiling steel in advance of the strike.

But it reported that contractors, anticipating the strike, had been stockpiling on their own to avoid any costly tieups on state jobs.

South Korea Begins Site for A-Reactor

SEOUL, South Korea (AP)—President Syngman Rhee presided at a foundation-laying ceremony this week for South Korea's first atomic reactor.

The reactor is a 100-kilowatt multipurpose device bought from the United States last year. The United States put up $350,000 of the $730,000 cost under President Eisenhower's atoms-for-peace program.

Kalamazoo to Open the First Permanent Mall in the Nation

KALAMAZOO (UPI) — The first permanent mall in the United States will be opened with a four-day ceremony Aug. 19-22 in the heart of Kalamazoo's downtown shopping area.

The mall, which has been under construction for about three weeks, will be completed in its initial phase by opening time, at a cost of $65,000, half paid by the city of Kalamazoo, and half by the merchants along the mall.

The project, conceived about three years ago and designed by Gruen Associates, of Detroit, is part of a campaign to save the downtown shopping area of Kalamazoo from the inroads being made by the growth of suburban shopping centers.

Two blocks of Burdick street, on either side of Michigan Avenue are being repaved with pastel-colored concrete blocks. Two blocks alternate in size, 5 feet by 5 feet in size, with others half that size.

Fountains are being installed, along with shrubbery, masses of flowers and trees including evergreens, crab apples and magnolias.

★ ★ ★

The mall will have the appearance of a park with benches for shoppers to rest. In the center is a bandstand.

There will be no vehicle traffic allowed in the two blocks area.

A "purple highway" is being planned to be built around the central business district for shoppers to park nearest the stores where they intend to shop.

Before the end of the year, it is planned to extend the mall one block further south, with still further extensions next year.

The entire plan for the mall was adopted by the Kalamazoo city commission last spring after being debated for two two years.

Elton Ham, executive secretary of the Downtown Kalamazoo Association, the business group which sponsored the project, announced last night plans for the opening ceremonies.

On August 19, there will be ribbon-cutting ceremonies, and Jimmy Dorsey's band will play in the bandstand.

★ ★ ★

August 20 is Ladies Day, with half a dozen or more fashion shows being held.

August 21 is Southwestern Michigan Day with officials of neighboring towns honored by Kalamazoo, and products of neighboring town factories being displayed.

August 22 is Kiddies Day, with a special program for children arranged including personal appearance of TV personalities.

Interest created by the project already has brought increased business to the downtown district according to some merchants. One shoe store reports its business in June was 24 per cent ahead of last year.

Sec. of Interior Seaton Flying to Cambodia

SAN FRANCISCO (AP)—Secretary of the Interior Fred A. Seaton is flying to Cambodia to represent the United States at the inauguration of a highway there.

Seaton took a plane for Honolulu Wednesday.

The secretary came to San Francisco this week for a couple of talks but suffered a severe sore throat and a fever and barely left his hotel room.

Approximately 121 million Americans now have some sort of health insurance.

Criticizes Selling Plates to Suspended Drivers

GRAND RAPIDS (UPI) — A Grand Rapids circuit judge has criticized the state for selling license plates to persons whose driver's licenses have been suspended.

Circuit Judge Dale Souter said he feels the state is an "accessory" to certain driving offenses because it sells plates to persons whose licenses have been suspended.

Souter said two persons who appeared in his court on charges of driving while their operator's licenses were revoked had had no difficulty buying license plates for their cars.

"A person who buys automobile plates should be forced to show his operator license before the sale is completed," Souter said.

Grain 'Banks' Popular

NEW YORK (UPI)—It is estimated that there are from 1,200 to 11,500 grain "banks" scattered throughout the Midwest handling transactions not in money but in corn, oats and barley. Mostly operated by feed mills, the "banks' accept farmers deposits of grain and make regular statements showing the amounts in storage.

Here's Score on Gains, Losses

Nationwide Steel Strike Is Sixth in USW History

PITTSBURGH (UPI) — The strike of United Steelworkers is the sixth industry-wide walkout in the 23-year history of the union. All occurred after World War II.

The previous walkouts and the settlements:

1956—34 days. A three-year contract which resulted in a package estimated at 45.6 cents per hour per worker over the life of the agreement.

1955—12 hours. Wage increases averaging slightly more than 15 cents per hour.

1952—56 days. Wage increases averaging 16 cents per hour; a modified union shop and elimination of geographical differentials at a cost of about 5 cents per hour.

1949—30 to 42 days. Company-financed pension and insurance programs, but no wage increase.

1946—29 days. A wage increase of 18½ cents per hour.

The steel industry estimated that these walkouts cost the nation 55 million tons of steel production.

★ ★ ★

The first major strike called by the USW, then the Steelworkers Organizing Committee, was against Jones and Laughlin Steel Corp. in May, 1937. The newly founded union already had won contracts with 110 companies, including giant U. S. Steel Corp., without a walkout.

The strike ended after 36 hours when J&L agreed to sign a contract if its employes voted for the union in a National Labor Relations Board election. The union won, 17,028 to 7,207.

But other large independent firms refused to deal with the union. Within a week, the late Philip Murray, then president of the steel union, had called walkouts against Bethlehem, Republic, Inland and Youngstown Sheet & Tube. At its peak, the walkout idled 90,000 workers.

The violence-marked strike continued into the fall, but eventually most of the men went back to work and the union had failed to win contracts. But in 1941, after strikes flared at a half-dozen Bethlehem mills, the company agreed to NLRB elections. Again the union won, and the four companies of so-called "little steel" came to terms in August.

★ ★ ★

Other major strikes in the steel industry occurred in 1889, 1892, 1909 and 1919, but they involved predecessor unions of the United Steelworkers. The most noted was the 1892 strike against steel king Andrew Carnegie's Homestead, Pa., mill. On July 6 of that year strikers and company-hired Pinkerton detectives clashed. Seven strikers and three Pinkerton men were killed in a gun battle.

Hypodermic Needle Small but Successful

DENTON, Tex. (AP) — A glass hypodermic needle so small that 5,000 of them measure only an inch across is providing new clues to the effects of atomic radiation on nerve tissues.

The needle is used in a research project involving microinjection of nerve fibers exposed to X-rays in a North Texas State College biology laboratory.

Kicked Sister, Nephews, but Let Pooch Alone

PHOENIX, Ariz. (AP) — After pleading guilty to kicking his sister and her two small boys, James Walsh, 25, objected to part of the battery charge.

"I didn't kick the family dog like the charge says," he told Superior Court Judge Warren L. McCarthy.

Walsh was given a six-month jail sentence.

Ike, Herter Split on Bohlen Post

Consider Naming Him Adviser on Red Affairs to State Department

WASHINGTON (AP) — President Eisenhower and his secretary of state appeared to be in disagreement today about what has been done toward giving Ambassador Charles E. Bohlen a top-flight post in the State Department.

Eisenhower was asked at his news conference if Secretary of State Christian A. Herter had discussed with him the possibility of naming Bohlen, now the ambassador to the Philippines, as the State Department's chief adviser on Soviet affairs.

The President replied that Herter twice had mentioned this to him because, he said, Herter had seen newspaper stories that such a move was under contemplation.

The President said Herter told him he had done nothing about the matter and didn't intend to.

Eisenhower replied he doesn't care what was said at the Herter news conference. He said Herter had told him just what the President had previously reported the secretary said, and that was the last time he saw Herter.

Bohlen's possible elevation to a high level department post has been opposed by Senate Republican leader Everett M. Dirksen of Illinois and Sen. Styles Bridges of New Hampshire, chairman of the Republican Policy Committee.

About three-fourths of the states engage in growing tobacco crops.

But Still Top 900,000

New Car Stocks Drop for 1st Time This Year

DETROIT (AP) — Stocks of unsold new cars in dealers' hands dropped last month for the first time this year.

The dip in dealer new-car inventories, which reversed most trade inventory forecasts, still left a stockpile in excess of 900,000 new automobiles but marked the first time this year that retail deliveries caught up with production.

The slight increase that had been anticipated in June failed to materialize when sales of domestic passenger cars soared to 580,000 units—the best single month the industry has had in nearly four years.

Additionally, imported car supplies leveled off at an estimated 73,000 units last month preventing the combined stockpile from reaching the one-million mark which had threatened in the spring.

Automotive News, in its regular monthly tabulation of field stocks of new cars, set the figure on July 1 at 903,009 domestic cars in comparison with the record load of 911,472 cars which were in retailer hands on June 1.

★ ★ ★

At the current rate of sales the July 1 domestic inventory represents about a 49-day supply which is not regarded by dealers as unmanageable.

The current inventory is about 30 per cent above the total of a year ago when 675,598 new cars were stockpiled. Automotive News said, however, "fewer dealers were dreading the autumn cleanup this year."

Last month's sales push was helped along by timely factory-sponsored contests for Chevrolet and Ford dealers.

Unlike last year when factories cut back sharply after sales skidded, dealers had been receiving steady shipments of domestic-built cars and imports all through 1959.

★ ★ ★

Domestic car inventories stood at 544,099 on Jan. 1. By Feb. 1 they had advanced to 666,725 and continued on up in monthly stages to 706,839 in March, 777,002 in April, 843,185 in May and finally to the June 1 peak before dropping.

This continuing increase in stockpiles has reflected car production months of more than 500,000 units from January onward with the sole exception of February.

Importers also have increased their United States shipments. The Automobile Manufacturers Assn. put April imports at 55,677 units which eclipses March's previous record figure.

★ ★ ★

Dealer consensus is that current stocks are adequate to see the industry through the rest of the model year without great loss of anticipated volume as the result of the steel strike.

Whether new model startups will be affected will depend on the length and severity of the walkout.

★ ★ ★

Meantime, auto builders are progressing with 1959 model shutdowns on schedule. Aug. 21 is expected to mark the final industry phaseout—the earliest close of a model output year since World War II.

The National Bureau of Standards runs the world's largest testing machine. Its capacity is 10 million pounds and it exerts a force equivalant to the weight of a stack of automobiles three miles high.

That's Earl, Brother (With Apologies)

Memory of Brother Huey Inflames 'Mr. Bangs'

(Although the Earl Long story is as bizarre as any in modern political history, the wildest part may lie ahead, a noted Washington correspondent reports in this final article of a series.)

By RUTH MONTGOMERY
Special to The Pontiac Press

BATON ROUGE, La.—The terrible-tempered Mr. Bangs of Louisiana cracker-barrel politics is determined to outshine his assassinated brother, "Kingfish" Huey Long, by running for an illegal unprecedented fourth term.

★ ★ ★

Psychiatrists attending Gov. Earl Long privately advise that he will never be able to stand the rigors of a campaign but their irrepressible patient asserts that "they just don't know ol' Earl."

Should the governor go through with his plan to resign in order to circumvent the law forbidding a chief executive of Louisiana to succeed himself, the rough-and-tumble campaign that is sure to follow is bound to make a Harry Truman "give-'em-hell" affair sound like a Sunday school picnic.

Uncle Earl spares no words and no epithets when he cuts loose at any Louisiana politician who dares to oppose him. He knows everybody's skeletons, exactly what their mammies and pappies were up to before them.

Shortly before his confinement in a mental institution as a paranoid schizophrenic, he told a gubernatorial candidate, State Senator W. M. Rainach:

"You had a fine father—one of the best that ever lived. What was his name? Odum, wasn't it? And then you was brought up by a fine man named Rainach, but somewhere along the line you dropped something and you ain't never picked it up."

★ ★ ★

The diatribe was delivered in the most public of all state forums, a joint session of the Legislature.

Long hurled belittling invectives at several other lawmakers and subsequently patted the entire chamber on the head by declaring:

"Huey used to buy the Legislature like a sack of potatoes. Hell, I never bought one in my life. I just rent 'em. It's cheaper that way."

ENVIES HUEY

Earl Long burns with envy for his colorful brother, who was assassinated in the skyscraper state capitol which he built. From the 23rd floor of the 33-floor structure a spotlight gleams down on the bigger-than-lifesize statue of Huey which marks his glorified grave on the capitol lawn.

The state Legislature appropriated $50,000 for the statue after a popular subscription drive brought only $75 frmo a Shreveport "share the wealth" organization. Huey's birthday, Aug. 30, is an official state holiday.

All of this is too much for younger brother Earl, who is determined that he and he alone will be governor as long as he lives. If he can choose his own death scene he wants to die "a bigger martyr" than Huey.

★ ★ ★

One of the governor's pet peeves is Wade O. Martin Jr., secretary of state since 1940, who supported and fought Long by turns. When Earl learned that Martin had declared for the governor's race he told a political rally:

"Martin reminds me of a rabbit leadin' a pack of dogs. After the race the rabbit is plenty glad to get back in his own hole—and that's what Martin will be."

RACKS MAYOR

Another man who provoked the Long wrath by seeking the gubernatorial nomination is mayor De Lessups Morrison of New Orleans.

The old man, hitching up his galluses, told grinning onlookers:

"I'd rather beat Morrison than eat any of the finest huckelberry pie my mother ever made. He's the easiest man to make a nut of than anybody I've seen. And may God give the little squirt the power to reform before it's too late. As long as there's an Uncle Earl there'll be no Morrison for governor."

The governor saved some of his choicest words for State Senator William J. Dodd, another gubernatorial hopeful. "He ain't for nobody but big bad Bill Dodd," Long told a Fourth of July rally. "He's the biggest faker on God's green earth."

Long blazed with anger when Dodd retorted adroitly: "You'll never have to stand by your TV set and worry about what Bill Dodd is going to say in front of your children. It makes me sick to see 'deadheads' on the state payroll. I know the deadheads are there because I have to pay the bills."

★ ★ ★

Perhaps the candidate most feared by Long is former Gov. Jimmy Davis, now a radio-TV commentator in New Orleans who established a unique record by turning back to the treasury when he departed office in 1948 thirty million unspent dollars.

LONG NERVOUS

Davis has declared for the gubernatorial nomination but has not yet launched his campaign. Long's nervousness about that competition was perhaps best exemplified by a remark to Mrs. Long, overheard by a follower shortly before his temporary incarceration.

"I'm gonna' run for governor," he shouted to his wife, "and you can vote for Davis and I'll beat the both of you."

Another possible candidate for the governorship is Senator Russell Long, son of the late Huey and a nephew hated by Earl Long since he helped the family spirit the old man away to a mental clinic in Galveston, Tex., last month.

Russell is popular with labor in Louisiana but the stigma of the Long name might prove unhealthy at this particular time. "Uncle Earl" has a definite opinion about the youthful senator, but his colorful invectives on that subject are—alas—unprintable.

★ ★ ★

The governor also has a quaint but possibly revealing concept of political fitness. He got off a whimsical bit of philosophy on the subject shortly before his incarceration in a mental clinic. To newsmen he declared:

"There's a difference between character and reputation. Reputation is what people think you are and character is what you really are inside. You can be a son-of-gun, but if people think you're all right you're in pretty good shape. But no matter how good you are, if people think you're rotten, you just about might as well give up."

★ ★ ★

Ol' Earl is by no means ready to give up yet. Firing people right and left, he is taking mischievous delight in "puttin' the fear of God into a few slobs who tried to get me declared crazy."

Great Grandma Is Hoofing It for 2,000 Miles

BOISE, Idaho (AP)—Mrs. Emma Gatewood, 71-year-old great-grandmother of six, stopped here overnight on her trip from Independence, Mo., to Portland, Ore. —on foot.

She bought a new pair of shoes.

★ ★ ★

"People have been trying to scare me out of this for a long time," said Mrs. Gatewood, who lives in Gallipolis, Ohio. "But I haven't had any trouble. I just take things as they come."

She says she is enjoying the trip, making about 25 or 26 miles a day, turning down all offers of rides and staying overnight usually in a motel.

★ ★ ★

She carries some spare clothing, food, water and a blanket in a 14-pound pack. She also carries an umbrella.

Mrs. Gatewood is a widow. She has 11 children, 27 grandchildren and 6 great-grandchildren.

She started the 2,000-mile trek May 4.

BEST ENGINES!

one of 7 Big Bests Chevy gives you over any car in its field

You've got more to go on than our say-so: *Every* motor magazine has given Chevy's standard passenger car and Corvette V8's unstinted praise. SPORTS CARS ILLUSTRATED says it this way: ". . . surely the most wonderfully responsive engine available today at any price." And if you want the thrift of a six, you still get the best of it in a Chevy.

BEST ECONOMY
No doubt about this: a pair of Chevy sixes with Powerglide came in first and second in their class in this year's Mobilgas Economy Run—getting the best mileage of any full-size car, 22.38 miles per gallon.

BEST BRAKES
Not only bigger, but built with bonded linings for up to 66% longer life. Just to prove what's what, Chevy outstopped both of the "other two" in a NASCAR*-conducted test of repeated stops from highway speeds.
*National Association for Stock Car Advancement and Research

BEST RIDE
A few minutes behind the wheel will leave no doubt about this. MOTOR TREND magazine sums it up this way: ". . . the smoothest, most quiet, softest riding car in its price class."

BEST TRADE-IN
Check the figures in any N.A.D.A.* Guide Book. You'll find that Chevy used car prices last year averaged up to $128 higher than comparable models of the "other two."
*National Automobile Dealers Association

BEST ROOM
Official dimensions reported to the Automobile Manufacturers Association make it clear. Chevy's front seat hip room, for example, is up to 5.9 inches wider than comparable cars.

BEST STYLE
It's the only car of the leading low-priced 3 that's unmistakably modern in every line. "In its price class," says POPULAR SCIENCE magazine, "a new high in daring styling."

CHEVROLET
NO WONDER MORE PEOPLE ARE BUYING CHEVROLETS IN '59 THAN ANY OTHER CAR!

Open invitation to excitement, the Impala Convertible . . . and America's only authentic sports car, the Corvette.

Try the hot one—visit your local authorized Chevrolet dealer!

Combine Favorite Fruits in Jam

Summer fruits and berries are now ripening in abundance and some of them should be turned into sparkling jellies and flavorful jams. This can be done with no trouble at all when you use recipes based on either liquid or powdered fruit pectin. These modern products assure a perfect, tender jell, and fine fresh fruit flavor with a minimum of cooking.

You should, of course, follow directions exactly for whichever product you use, because all recipes are carefully developed for the correct balance of fruit juice, sugar and pectin. The following recipes for currently plentiful fruits are based on liquid fruit pectin.

Peach Raspberry Jam

2 cups red raspberries
2 pounds ripe peaches
¼ cup lemon juice (2 lemons)
6 cups (2 lbs. 10 oz.) sugar
½ bottle liquid fruit pectin

First, prepare the fruit. Peel, pit and crush thoroughly about 2 pounds fully ripe peaches. Add enough crushed peaches to raspberries to make 4 cups prepared fruit. Place in a very large saucepan. Squeeze the juice from 2 medium-sized lemons and measure ¼ cup into saucepan with fruit.

Then make the jam. Add sugar to fruit in saucepan and mix well. Place over high heat, bring to a FULL ROLLING BOIL, and boil hard 1 minute, stirring constantly. Remove from heat and at once stir in liquid fruit pectin. Skim off foam with metal spoon.

Then stir and skim by turns for 5 minutes to cool slightly, to prevent floating fruit. Ladle quickly into glasses. Cover jam at once with ⅛ inch hot paraffin. If jars are used, seal. Makes about 10 medium glasses.

★ ★ ★

Tart red cherries make a delicious jam. Not only is it good on breakfast toast, but it makes a super sundae sauce.

Cherry Jam

4 cups prepared fruit (about 3 lbs. ripe sour cherries)
7 cups (3 lbs.) sugar
1 bottle liquid fruit pectin

First, prepare the fruit. Stem and pit about 3 pounds fully ripe sour cherries. Chop fine. Measure 4 cups into a very large saucepan.

Then make the jam. Add sugar to fruit in saucepan and mix well. Place over high heat, bring to a FULL ROLLING BOIL and boil hard 1 minute, stirring constantly. Remove from heat and at once stir in liquid fruit pectin. Skim off foam with metal spoon.

Then stir and skim by turns for 5 minutes to cool slightly, to prevent floating fruit. Ladle quickly into glasses. Cover jam at once with ⅛ inch hot paraffin. If jars are used, seal. Makes about 11 medium glasses.

Note: For a stronger cherry flavor, add a few crushed cherry pits during simmering, or add ¼ teaspoon almond extract before ladling jam.

★ ★ ★

Cherry Jelly

3½ cups juice (about 3 lbs. ripe sour cherries
7 cups (3 lbs.) sugar
1 bottle liquid fruit pectin

First, prepare the juice. Stem (do not pit) about 3 pounds fully ripe sour cherries. Crush thoroughly. Add ½ cup water; bring to a boil and simmer, covered, 10 minutes. Place in jelly cloth or bag and squeeze out juice. Measure 3½ cups into a very large saucepan.

Then make the jelly. Add sugar to juice and mix well. Place over high heat and bring to a boil, stirring constantly. At once stir in liquid fruit pectin. Then bring to a FULL ROLLING BOIL and boil hard 1 minute, stirring constantly.

Remove from heat, skim off foam with metal spoon, and pour quickly into glasses. Cover jelly at once with ⅛ inch hot paraffin. Makes about 11 medium glasses.

Note: For a stronger cherry flavor, add a few crushed cherry pits during simmering, or add ¼ teaspoon almond extract before pouring jelly.

DOUBLE FAVORITE—Peach and raspberry jam is a special treat, combining as it does two of summer's favorite fruit flavors. Get busy now while the berries are in season and store away some of their goodness for next winter.

Square Ones Save Time

Next time you roll out the biscuit dough, skip the round cutter and make square biscuits, suggest specialists at Michigan State University. It takes only a few strokes of your knife. Square biscuits taste just as good, and they save you some time and energy in the kitchen.

Banana Peanut Butter

Here's a catchy number that's in tune with tea time — Peanut Butter - Banana Sandwiches. With a (2-inch) cookie cutter, cut circles from sliced enriched bread. Spread bread circles with peanut butter and cap each one with a banana slice that's been dipped in orange juice.

Give Bread Mix a New Treatment

An excellent way to give a new mix home treatment.

Orange Prune Bread

1 egg
⅔ cup milk
1 package (10 ounces) oatmeal bread mix
⅔ cup sliced pitted cooked prunes
2 tablespoons sugar
Grated rind of 1 orange
¼ cup finely chopped nuts

Beat egg enough to combine yolk and white; add milk and beat to combine. Add oatmeal bread mix; stir just until combined. Fold in prunes; turn into pan that comes with mix; do not grease pan.

Mix together the sugar, grated orange and nuts; sprinkle over top of loaf. Bake in moderate (375 degrees) oven 45 minutes or until cake tester inserted in center comes out clean. Remove bread according to package directions.

Now Apricots Can Be Grown in Michigan

Here's good news for those who like apricots. After 20 years of breeding and selecting work, three new apricot varieties are going into orchards for test production. The new varieties were developed by scientists at the Michigan State University Agriculture Experiment Station.

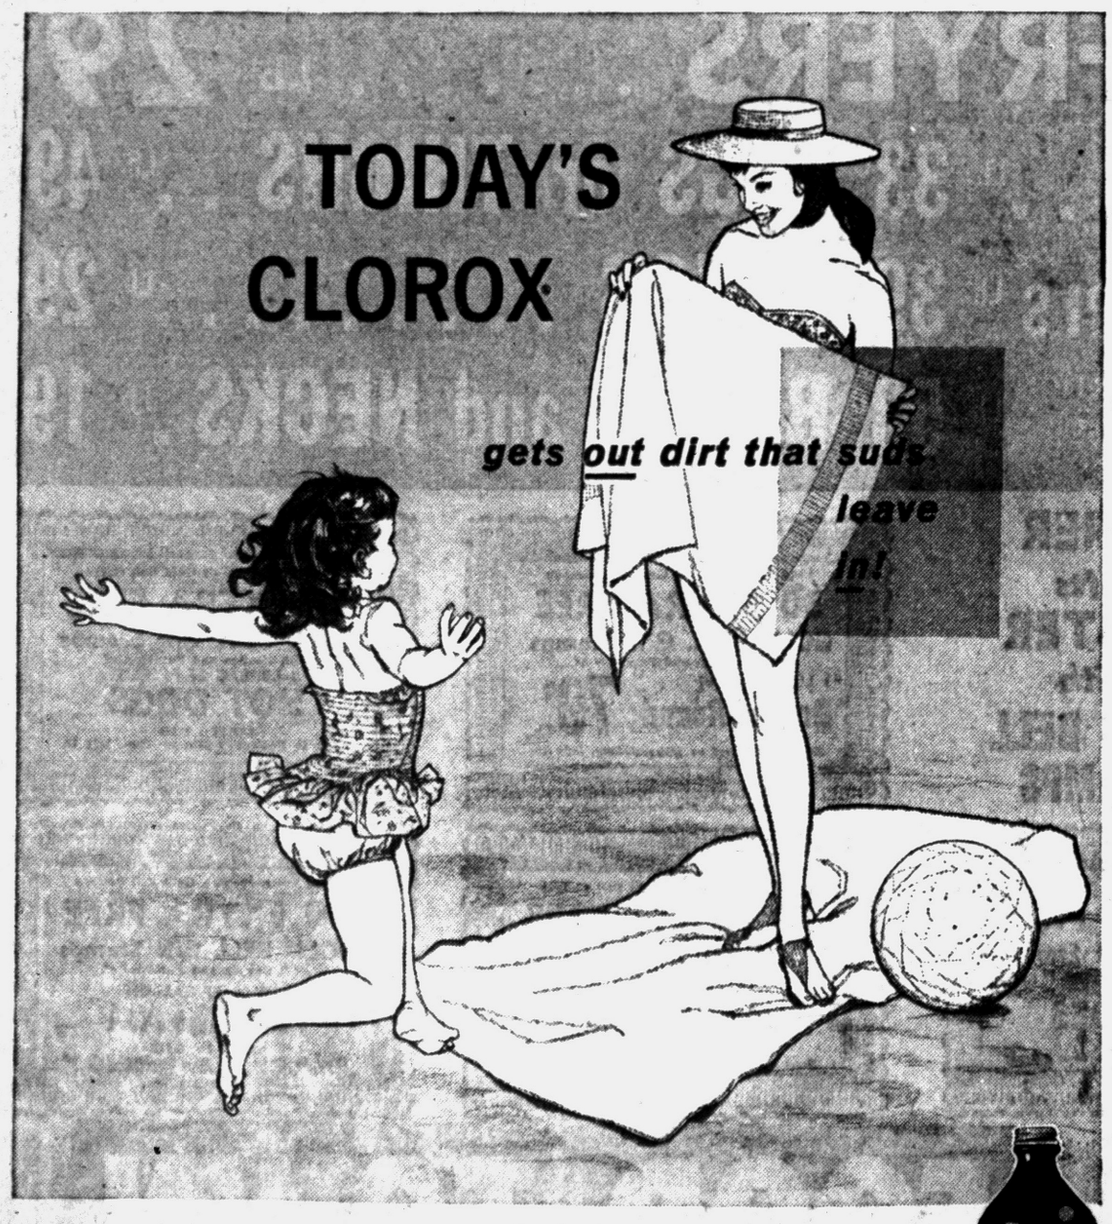
Again the scientists started with the kind of apricot people like and then developed trees that would produce fruits with that coloring and flavor.

Apricots have never produced much fruit when grown east of the Rocky Mountains; standard varieties do not like humid climates. But the Michigan State scientists worked tirelessly until they developed varieties that produced under Michigan conditions the kind of fruit people want.

Impressed With Plight

BUFFALO, N. Y. (UPI) — Thomas Jackson was so impressed with the evidence presented in his damage suit against the Roen Steamship Co. of Sturgeon Bay, Wis., he asked for and was granted permission to boost his claim from $35,000 to $75,000. The jury awarded him $65,000.

NEW WASHING DISCOVERY!



SEE WHAT HAPPENS...

From the Press Box

BY BRUNO L. KEARNS
Sports Editor, Pontiac Press

Rocky Marciano's plans for a comeback are a big joke. Now a pudgy 36-years, Rocky has to shed about 30 pounds and needs a year to do it.

This would make him another year older and could be as poor a venture as Joe Louis' comeback.

Right now the heavyweight division has a real championship. We had all our money on Ingemar Johannsen when he battered Floyd Patterson. We would do it again in the rematch, and even more so if Marciano became the challenger.

Patterson ought to stay in the light heavy class where he really belongs and Marciano should stay in retirement.

THOSE TEMPERAMENTAL GOLF PROS

Many golf pros have been hit with fines in recent tournaments on the state and national level for various reasons, especially for picking up and withdrawing.

During the recent National Open in Mamaroneck, N. Y., the little pro from South Africa, Gary Player, said he thought it was "bad form" to pick up.

He was especially referring to the golfers who did this during the Open but he also considered it a slur to the dignity of pro golf for doing it out of temperament in any tournament.

"I'd never withdraw for any simple or temperamental reason," Player remarked.

If anyone had reason to withdraw during the Open because of the extra day, it was Player. He had plane reservations to England to join his wife and two month old son whom he had never seen.

He was already out of the picture in the Open but he delayed his trip after rain forced an extra day's play.

DITTOS FROM THE PRESS BOX

Hoping to get lights for local baseball diamonds, the city baseball federation and recreation department have adopted the slogan, "a pole a year." They hope to raise enough money from Sunday's amateur day program for the first light standard.

Wally Smith One of 16 Left in National Publinx

★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★

Pontiac Press Photo

MOVES ALONG—Wally Smith, Royal Oak policeman who lives in Pontiac, is the lone survivor from nine Michigan Public Links players in the National Tournament at Denver. Smith won a pair of matches yesterday and is one of 16 still in the tournament.

Pontiac Golfer Lone Michigan Entry in Field

Police Officer Gains Third Round After Two Victories Yesterday

(Special to The Pontiac Press)

DENVER—Wally Smith of Pontiac was one of 16 survivors who moved into the third round of the National Public Links Championship being held in Denver.

The 43-year-old Royal Oak policeman scored a pair of match victories yesterday and was the lone Michigan entry remaining today after two other state publinx players were eliminated.

Defending champion Dan Sikes Jr. of Jacksonville, Fla., led the remaining field but he had to squeeze by two opponents yesterday.

Sikes, failing to play the brand of golf which won him tourney medal honors earlier in the week, edged Al Benefield of Denver 1-up and Marshall Strauss of Highland, Ill., 2 and 1.

His opponent today was Leonard Pietras of Toledo, Ohio.

Smith, who defeated Bob Menary of Northbrook, Ill., 1-up on the 19th hole in his first match, had an easier time of it in the afternoon. He defeated Manuel Quiroz of Tucson, Ariz., 4 and 3.

Today he met Bill Wright of Seattle in the morning.

Other third round tests over the 5,617-yard, par-71 Wellshire Municipal Course sent William McCool of San Francisco against Hugh Farmer of Toledo; Jack Zimmerman of Dayton, Ohio, against Gene Towry of Dallas; Cliff Brown of Cleveland against Frank Campbell of Jacksonville, Fla.; Bill Tindall of Seattle against Don Kristofitz of Fargo, N.D., and Ray Massey of Miami against Gene Dahlbender of Atlanta, Ga.

★ ★ ★

In his morning match yesterday, Smith was 3-over and 1-down after the front nine, but rallied with a 4-under 32 on the back.

He evened the match with a birdie-3 on 17 and won it on the first extra hole with a drive in the rough, recovery iron to within 4 feet and the putt for a birdie-4. Menary missed a 6-foot birdie putt.

In beating Quiroz in the afternoon, Smith was even par for his best round thus far. He won six straight holes, 7 through 12 to go 5-up and get control.

★ ★ ★

Other Michigan results yesterday saw Veikko Juhola of Clawson defeat Manual Paolos of Bethlehem, Pa., 3 and 2 in the morning, and then lose to Massey 1-up.

Ed Briegel of Ann Arbor bowed to Jack Omuro of Honolulu 1-up in 19 holes in the morning round.

Sharon Miller Leads State Amateurs

18-Year-Old Upsets Sally

JACKSON — Little Sharon Miller is threatening to take the field in the Michigan women's amateur golf tournament apart.

Marshall's 18-year-old redhead, barely out of high school, ran away from defending champion Sally Sharp of Birmingham in yesterday's quarterfinals 6 and 5 for her second big upset victory.

★ ★ ★

AP Wirephoto

BEATS SALLY—Sharon Miller, 18-year old golf star from Marshall, Michigan, scored a 6 and 5 victory over Sally Sharp, defending champion from Birmingham, in the Women's state amateur golf tournament at Jackson yesterday.

In today's semifinals Sharon, a root beer stand carhop at home, faces Mrs. Lewis Goddard of Detroit, housewife who has two children in college and a daughter the same age as Sharon.

On the eve of their meeting, Mrs. Goddard quipped: "It will be like a mother and daughter match."

★ ★ ★

Sharon shot a one over par 37 on the first nine, going 4 up at that point in ultimately crushing Miss Sharp. Mrs. Goddard defeated Mrs. Edgar Reynolds of Lansing in 21 holes

In today's other semifinal, Mrs. C. U. Wilson of Ann Arbor met Mrs. Dwight Anneaux of St. Joseph. Mrs. Wilson won from Mrs. Harold Marquardt of Mount Clemens 4 and 2. Mrs. Anneaux defeated Mrs. Samuel Gawne of Bloomfield Hills 2 and 1. Mrs. Wilson, 1951 champion, is the only surviving former state titlist.

The Goddard-Reynolds match was the tightest of the tourney to date. Mrs. Goddard, who trailed three times, caught up once with the help of a 50-foot chip shot on the 14th.

★ ★ ★

The two were even at 18 and through the first two extra holes. On the 21st, however, Mrs. Goddard settled matters with a par 3.

But Sharon stole the show again

The pert youngster upset favored Mrs. Keith Leclair of Ann Arbor, 2 up, in her first match.

Against Miss Sharp, she was even better. Sharon was just two over par for the 13 holes. She was four strokes better than the field. Against Mrs. Leclair she was four over par.

After being even with Miss Sharp on the first two holes, Sharon won five of the next seven. She had a string of pars and a birdie deuce. She lost the 10th to Sally's birdie but closed off the match with pars on the next two holes

6th Ace at Silver Lake

Silver Lake Golf Club has reported its 6th hole-in-one of the season. The happy golfer is Pontiac's Tony Oliseck, who used an 8-iron to ace the 120-yard 8th hole. Witnesses were his brother, Steve Oliseck, and Steve Keller and Rich Keller. Tony finished the nine-hole round with a 42.

Tigers Drop Another Notch to 6th

Killebrew Raps 31st Homer in Nats' 3-0 Win

Senator Slugger Ahead of Babe Ruth's Pace for Home Runs

WASHINGTON (AP)— The Detroit Tigers are struggling to avert disaster in the wake of their second straight loss to the Washington Senators, 3-0 in a rain-abbreviated five-inning game last night.

The shutout dropped the Bengals into sixth place in the American League.

Homer-hitting Harmon Killebrew smashed his 31st round tripper in the first inning, enough to win the game, as the Tigers succumbed for the 10th time in 12 games since they went into reverse gear.

Helpless before Camilio Pascual, the Tigers got only one hit, a single by Gus Zernial in the fifth inning after the Cuban curveballer had retired 14 men in a row.

★ ★ ★

Ted Lepcio led off the sixth with a double but heavy rain stopped play shortly thereafter.

The Killebrew homer, which put him ahead of Babe Ruth's 1927 rate when Babe hit his record 60 circuit blows, was the 25th of the year off Jim Bunning. The Tiger righthander, losing his seventh game against eight victories, allowed seven blows in the brief battle, including three doubles.

The teams conclude the series with a third night game tonight. Ray Narleski, (4-9) is expected to draw Detroit's pitching assignment against the Senators' Bill Fischer (7-3).

★ ★ ★

Last night's loss dropped the Tigers eight full games off the league pace.

The fact that seventh-place Boston has been coming strong lately makes Detroit's sixth place precarious. Unless they get going again, the Tigers could go home next to last. Four games remain of the road trip. It ends with a three-game set at Baltimore.

The homer by Killebrew, a smash into the left centerfield stands with the bags empty, came in Washington's 85th game of the season. When Ruth set his record, he did not hit his 31st until the New York Yankees' 94th game.

For Bunning it was the 25th homer off him in 22 games. Jim's gopher ball set a Detroit record last year when he allowed 33 homers for the full season.

Rookie Bob Allison's two doubles accounted for the two other Washington scores.

In the third inning Allison doubled home Ken Aspromonte, who also had doubled. In the fifth he doubled home Pascual, who had singled.

TAMING THE TIGERS — Camilo Pascual, Washington curve ball artist, is shown taming the Tigers 3-0 last night on a one hit performance for five innings. It was his 10th win of the season. The game was played in rain and eventually called after a wait of more than an hour. At left, Camilo gets a sign from catcher Hal Naragon and then takes his stretch and follows through with his pitch. The loss shoved the Tigers into 6th place.

Birmingham Top Minor League Team

Boros Leads Tiger Farm Hitters

DETROIT (AP) — Steve Boros is making a strong bid to return to the Detroit Tigers in the unfamiliar role of outfielder.

The Flint resident and ex-Michigan shortstop, who joined the Tigers two years ago as a bonus third baseman, is hitting a handsome .329 for Detroit's Birmingham farm club.

Manager Skeeter Newsome switched Boros to the outfield this season because the Barons were overloaded with infielders. Newsome explained Boros made the move because he has great ability to play anywhere.

Boros gave the Barons the hardest hitting outfield in the Southern Assn. Birmingham won the Double A league's first half pennant and is ahead in the second half. Boros' outfield mates are George Thomas, hitting .280, and George Alusik, hitting .320.

Like Boros, both Thomas and Alusik have had brief flings with the parent Tigers in seasons past, but needed additional seasoning.

Phil Regan and Dave Reed, both Michigan residents, have winning records of Birmingham's pitching staff. Regan, of Wayland, is 5-2. Reed, of Battle Creek, is 4-1.

The only other Tiger Farm affiliate in first place is Montgomery of the Class D Alabama-Florida league. Montgomery's top pitcher is Ron Falkenhagen of Mount Clemens with a 12-4 record.

The Tiger's top farm club—Charleston of the Triple A American Assn.—is in fifth place after winning a pennant last year. Charley Lau of Romulus, who started the season with Detroit, is hitting .277 with the Senators. Tom Yewcis, the old Michigan State quarterback, is hitting .216 with Charleston.

Four of Charleston's pitchers are from Michigan. None has a winning record. Jim Stump of Lansing is 5-9. Bob Bruce of Detroit is 5-8. Hank Aguirre of Dearborn is 2-4. Jerry Davie of Garden City is 1-3.

Both Aguirre and Davie are familiar figures at Briggs Stadium, spending much of this season with the Tigers.

Fort Worth-Dallas OK for Major Club

ARLINGTON, Tex. (AP) — A committee declared Wednesday that the Fort Worth-Dallas area can support a major league ball club.

★ ★ ★

The report was made by a bi-county sports committee which employed an independent market research firm to determine potential public interest.

★ ★ ★

It reported to the joint board of park commissioners appointed by Gov. Price Daniel to consider establishment and supervision of a proposed big league stadium in the Dallas-Tarrant (Fort Worth) County area.

Moore Inks 4th Baltimore Pact

BALTIMORE (AP) — Lenny Moore signed up today for his fourth season of running and catching passes for the Baltimore Colts in the National Football League.

Last season he scored 14 touchdowns to bring his pro total to 35 since leaving Penn State.

In three years, he has run 1,735 yards with the ball from scrimmage and caught it for gains of only eight yards less.

200 Motorboats Vie in Top O' Michigan

CONWAY, Mich. (AP)—More than 200 motorboats are expected to compete for $4,000 in prizes Sunday in the 87-mile Top O'Michigan outboard marathon.

Race officials said a total of 118 entries had been received by yesterday from drivers in eight states.

Boats will speed up the inland water route from Conway to Cheboygan.

Class D entries will push off at noon, followed by Class A and B at 12:10 and class 36 at 12:20. SPORTS

Beverly Hanson Shoots Course Mark in Tuneup

ALLIANCE, Ohio (AP)—Ninety-three of the nation's finest female golfers tee off today for the start of the 72 hole International Open Golf Tournament. Beverly Hanson, who shattered the Alliance Country Club course record in a tuneup yesterday, predicted 283 strokes would win the title.

The blonde Miss Hanson, a touring professional from Indio, Calif., was rated one of the top contenders after firing a two-under par 69 over the 6,253-yard course. It was five strokes better than the former record by Mrs. Zella Bradshaw of the host club.

Coaching Father Sees Record for Swim Ace

REDDING, Calif. (AP) — A proud father, who's also an astute swimming coach, predicts his 17-year-old daughter can break the world record for the 1,500 meter and mile swim tonight.

He is Weikko L. (Finn) Ruuska. His daughter, Sylvia, has bettered 19 American records at varying distances and stroke and 10 world marks, some of them still pending official approval.

Tonight blonde Sylvia defends her mile title in the opening event of the National AAU women's swim meet in this northern California community. No one doubts she'll do it. The only question seems to be how fast she will swim the distance.

Coach Ruuska, who has charge of the Berkeley YMCA team, a group of girls if you will, says:

"Sylvia is capable of swimming 1,500 meters in under 20 minutes."

The world record for the event is 20:03.1 by a Hollander, J. Koster. Should Sylvia surpass this, she'd also set a record for the comparable 1,650 yards and the slightly longer mile distance.

"Conditions here are ideal," said Ruuska in surveying the Redding pool, a 55-yard outdoor layout. "The water is fast because there are solid lanes so no wash from opposing swimmers and the pool with the water at 72 degrees will be flooded to the brim.

"Sylvia is in good condition and ready for her best effort."

The race will be timed officially at 1,500 meters as well as at the mile finish.

★ ★ ★

Sylvia holds the official American record at 21:26.4 but the best time for the National AAU meet is 22:13.6 by Carolin Murray of Los Angeles two years ago.

The mile freestyle, only event on tonight's program, will be conducted in heats with final results judged on times recorded in the heats.

Twenty girls are listed for the mile with a total of 145 entered for the four-evening meet.

On the program Friday are the one-meter diving, 110-yard freestyle, 220-yard breast stroke, 220-yard backstroke and 440-yard individual medley.

Rec Department Slates Archery Program at PNH

The Pontiac Parks and Recreation Department is promoting an archery program at Pontiac Northern High School on Tuesday and Thursday evenings starting at 7:00 p.m. for boys and girls 15 years of age and up and adults.

This program will start July 21, and is open to all interested parties wishing to learn how to shoot or to develop their present skills.

Archery equipment including bows, arrows, finger tabs, and arm guards is available for those who require it.

This program will combine both instruction and competition for all those who register at Pontiac Northern High School Recreation Program. Those interested should see Eldon Johnson or Richard Hall. There is no charge for this program.

Tough Foe for Mexican

LOS ANGELES (AP) — Mauro Vazquez, a boxoffice favorite from Mexico, faces a stiff test tonight when he fights Paulie Armstead of Los Angeles in a 10-round bout at the Olympic Auditorium.

Sawchuk Signs Wing Contract

DETROIT (AP) — Terry Sawchuk, Detroit Red Wing goalie and six times a member of the National Hockey League's all-star team, was signed to a new contract yesterday.

Sawchuk, who holds the NHL record of 76 shutouts, begins his 10th season in the league and his eighth as a RedWing. The 1959-60 campaign will be his third with Detroit since returning after two seasons with the Boston Bruins.

Terms of his new contract were not disclosed.

The Red Wing veteran began his NHL career with Detroit in 1950 when he was named league rookie of the year. He has three times won the Vezina Trophy for fewest goals allowed.

Stadium Tops Elks to Near League Lead

Stadium Inn moved within half a game of front-running Sno-Bol last night in the City Softball League's American division race with a 6-2 victory over Elks No. 810 at Beaudette Park.

Jake Mazur hurled five-hit ball for Stadium, which utilized four timely hits and four Elk errors to defeat Gary Boe who struck out 14 batters.

Roger Reynolds outpitched Chuck Long as Casa Mia whipped Deni's & Herk's, 3-1. Reid's two-run double in the 7th inning broke a 1-1 tie and won the game for Casa Mia. Reynolds fanned 11 and gave up two hits while Long allowed five.

In the only contest at Northside Park, Griff's Grill walloped Rogers Electric, 9-2. Tony Pfeiffer homered for Griff's and Don Plumb twirled a four-hitter.

Doctoring Your Golf

By DR. CARY MIDDLECOFF

PATIENT'S COMPLAINT: Putting jitters.

DIAGNOSIS: Mental problem.

TREATMENT: Since golf began, no doubt, golfers have been trying to blame their mistakes on everything but themselves. "Somebody talked (or coughed) just at the time I was hitting a putt," is a frequent complaint.

Many golfers are overly sensitive to outside noises or movements when they are putting. Some, in fact, are just plain nuts on the subject.

The indicated cure here, if you are this type, is to put everything out of your mind except MAKING THE PUTT. Really concentrate on the problem at hand. Never be guilty of looking for an excuse in case you miss a short one.

This may seem hard to do. But if playing professionals can putt—and play other shots, too, for that matter—while crowds are cheering other players quite audibly on other parts of the course, surely the average player doesn't have to be unduly disturbed by a coughing caddy or some other minor noise.

NOTICE OF REVIEW OF SPECIAL assessment roll for the Township of Bloomfield.

To the owners or other persons interested in the following described lots and parcels of land:

Lots 1 thru 9 inclusive; Lots 11 thru 110 inclusive of Charing Cross Estates, Section 24, Bloomfield Township, Oakland County, Michigan.

Please take notice that a Special Assessment Roll has been prepared and is on file in the office of the Township Clerk for public examination. Said special assessment roll has been prepared for the purpose of assessing the cost of the following described improvement to the property benefited therefrom:

For the proposed improvement to the existing water system in Charing Cross Estates, including the construction of 3725 l.f. of 6" C. I Water Mains; 19 Hydrants; and such other necessary equipment for this improvement, in Charing Cross Estates, Section 24, Bloomfield Township:

Take further notice that the Township Board will meet at the Township Hall in the Township at 8:30 o'clock p.m., on Monday, July 27, 1959, for the purpose of reviewing said special assessment roll and hearing any objections thereto.

ROBERT H. DUDLEY,
Township Clerk
July 16, 23, '59.

NOTICE OF INTENTION TO CONstruct sidewalk on east side Stirling Avenue.

You are hereby notified that at a regular meeting of the Commission of the City of Pontiac, Michigan held July 14, 1959 by resolution it was declared to be the intention of the City Commission to construct sidewalk on the east side of Stirling Avenue from Baltimore Avenue to Mt. Clemens Street at an estimated cost of $14,413.36, and that the plan, profile and estimate of said improvement is on file for public inspection.

It is further intended to construct said improvement in accordance with the plan, profile and estimate, and that the cost thereof shall be defrayed by special assessment according to frontage and that all of the lots and parcels of land fronting upon the east side of Stirling Avenue from Baltimore Avenue to Mt. Clemens Street shall constitute the special assessment district to defray $5,767.62 of the estimated cost and expenses thereof and that $8,645.74 of the estimated cost and expenses thereof shall be paid from the Capital Improvement Fund.

NOTICE IS HEREBY GIVEN

That the Commission of the City of Pontiac, Michigan will meet in the Commission Chamber on July 28, 1959 at 8 o'clock p.m. to hear suggestions and objections that may be made by parties interested.

Pontiac Student Gets 1-Year Scholarship

Richard E. Gustavson, 2361 Mount Royal St., has been awarded a Consumer Power Co. engineering scholarship at the University of Michigan for the coming school year, according to Edward L. Karkau, manager of the company's Pontiac district.

Gustavson is a sophomore at the University of Michigan in mechanical engineering and has maintained a high scholastic average and has an excellent reputation as a student. The award is worth $750.

He said the scholarship is included in the company's annual awards to students in 19 Michigan universities and colleges.

Pontiac Youth Awaits Trial for Assault

A 17-year-old Pontiac youth was bound over to Oakland County Circuit Court yesterday for trial on a charge of assault with intent to do great bodily harm.

James E. Rosser, 17, of 650 North View Ct. is accused of stabbing a night watchman at the Bedford Moving Co., 660 Oakland Ave., on July 3.

The watchman, Hosie Conley, 28, was knifed in the left arm. He was treated and released from Pontiac General Hospital.

Conley lives in the building.

Conley had told the owner of a gas station from which Rosser was fired that he had seen the defendant stealing gasoline.

★ ★ ★

Rosser has denied any knowledge of the attack.

He will be arraigned in Circuit Court Monday.

Rosser is being held in the Oakland County Jail, unable to furnish bond of $200 set by Municipal Judge Maurice E. Finnegan.

Steel Strike Hits Rail's Advance

NEW YORK (AP) — The stock market moved cautiously with prices uneven early today. Trading was active.

Gains and losses of most leading stocks were fractional.

The second day of the nationwide steel strike generated some fears that the strike may be prolonged. At the same time, the strike was regarded by some traders as spoiling the chances of the rails for a test of their 1929 high.

Steels, rails and aircrafts drifted lower.

The omission of a dividend by Douglas Aircraft was a depressant to the latter. Douglas fell 2½ to 45¼ on an opening block of 6,000 shares.

Fractional losses were taken by most other aircrafts.

The nonferrous metals section continued on the upside but by a narrow margin. Miami Copper and American Smelting gained about a point each while other leaders in this group rose fractionally.

★ ★ ★

Among steels, Jones & Laughlin dropped about a point, Bethlehem eased and U.S. Steel fell a fraction.

United-Car Fastener rose more than a point following news of its 2-for-1 stock split proposal but dealings were light and there was little follow-through.

Chesapeake & Ohio and Pennsylvania Railroad were small losers.

The ticker tape was late for a five-minute spell in an active opening.

Police Recover Body of Drowned Detroiter

The body of a Detroit youth was recovered today from Walled Lake.

Norman Payne, 19, of 19618 Fenkell, drowned July 1 while retrieving an oar from a rowboat about 100 yards off the east shore of the lake.

James Decker, Walled Lake police chief, recovered the body floating on the surface of the lake. Dragging and skin-diving operations had failed to locate it after the drowning.

The body was taken temporarily to Richardson-Bird Funeral Home in Walled Lake.

Death Notices

BRYANT, JULY 15, 1959, LEO James, Wixom; age 62; dear brother of Mrs. Isabel Gaedt and Ted Bryant. Funeral service will be held Saturday, July 18, at 1:30 p.m. from Huntoon Funeral Home with Rev. Lula Marion officiating. Interment in Wixom. Mr. Bryant will lie in state at the Huntoon Funeral Home.

McDONALD, JULY 15, 1959, EMMA H., 4160 South Shore Dr., Watkins Lake; age 82; dear sister of William J. Smith; dear aunt of Carl Bird, Mrs. Raymond Sampson, Ross Porritt, Carroll Porritt and Mrs. Asenath MacAdams. Funeral service will be held Friday, July 17, at 2 p.m. from the Sparks-Griffin Chapel with Dr. Milton H. Bank officiating. Interment in Oak Hill Cemetery. Mrs. McDonald will lie in state at the Sparks-Griffin Funeral Home.

SMITH, JULY 14, 1959, RICKY Duane, 89 Seneca St.; beloved infant son of Kenneth and Sharon Smith; dear grandson of Mr. and Mrs. Russell Smith and Mr. and Mrs. Vern Hudson. Funeral service will be held Friday, July 17, at 2 p.m. from the Moore Chapel of Sparks-Griffin Funeral Home, Auburn Heights, with Rev. William Palmer officiating. Interment in Aaron Webster Cemetery, Auburn Heights.

In Memoriam 2

IN LOVING MEMORY OF PRESTON Hibler who left us July 16, 1944.
When the sun is sinking in the West,
We think of those we love the best,
Although he has gone, beyond heaven's shore,
We still love him more and more,
Sadly missed by son and parents.

HOLLYWOOD NEEDS MORE GLAMOUR—So says film star Carolyn Jones as she sits at the center of the huge, white-carpeted living room in her $200,000 hilltop home.

Hollywood Headlines

Carolyn Jones Leading Return of Glamour Era

By BOB THOMAS
AP Movie-TV Writer

HOLLYWOOD (AP) —Everyone talks about putting some glamour back into Hollywood, but Carolyn Jones is doing something about it.

THOMAS

The actress and her producer husband, Aaron Spelling, have just moved into an all-white $200,000 hilltop home that harks back to the way movie stars lived when they really lived.

"Glamour is a basic element of this town, and anybody who tells you different is crazy," she says boldly. "I think one of the reasons that the movie industry has had so much trouble is because the sense of glamour has been lost.

★ ★ ★

"The trouble is that glamour costs money. The ones who can afford it — the established stars who have made their pile — don't want to live glamorously any more.

"The young kids who could put some glamour in the town don't have the money to afford it. And too many of them think blue jeans are better than gold lame."

No blue jean kid is Carolyn. I could tell that by a visit to her new home on an Encino hilltop overlooking the broad sweep of the San Fernando Valley. It was one of the hottest days of the year, yet the house looked white and cool, like a vanilla ice cream cake.

★ ★ ★

Inside, it's all white, too. How come?

"Which is more expensive to keep clean—a white suit or a dark suit?" she asked. "A white suit, of course. White is more glamourous because it is more expensive to maintain."

She took me on a tour through the place, which is still largely unfurnished. The den and dining rooms have white terazzo floors, the living room a lush white carpet. Carolyn is especially proud of the green Italian marble fireplace with suspended chimney.

★ ★ ★

Other features: door handles of American jade; a swimming pool shaped, according to a friend, like a mummy box; a pergola where the Spellings can play chess and gaze down at the teeming valley. Her pride is the spacious bathroom with a sunken tub. It even has radiant heating.

Both Carolyn and Spelling are in the beginning of what appear to be highly promising screen careers. She admitted that some might deem them foolish to put so much money into a house.

TV Addiction of Hubby Wins Divorce for Wife

HOLLYWOOD (AP) — Actress Caroline Van Dyke won a divorce Wednesday on testimony that her husband was a television addict who sat in front of the TV set completely hypnotized.

She said Bernhard A. Goetke III, an accountant, sat for hours while she did all the household chores. And to top it off, she said, Goetke insisted on watching Westerns — which she hates.

Under a property settlement, Goetke took the living room furniture, including the TV set. Miss Van Dyke acts on television — sometimes in Westerns.

Screen Writer Is Free to Wed Deborah Kerr

SANTA MONICA, Calif. (AP)—Screen writer Peter Viertel now is free to marry British actress Deborah Kerr.

Viertel's wife divorced him Wednesday, saying he deserted her because of love for another. She did not mention Miss Kerr, whom Viertel is expected to marry. Mrs. Viertel, 43, said of her 38-year-old husband: "He didn't say very much (when he walked out). He said he was in love with another girl."

Miss Kerr, 37, won a divorce from her husband, British TV producer Tony Bartley, in Santa Monica last week. Bartley once sued Viertel, charging he enticed Miss Kerr away from him. The suit was dropped.

Find Pontiac Man Guilty

Clifton Clark, 31, of 517 Harvey St., was found guilty of simple larceny yesterday by Municipal Judge Maurice E. Finnegan.

Clark was fined $5 and $25 costs. He was accused of stealing two tires from the Don R. McDonald Tire Service store at 370 S. Saginaw St. on July 7.

Star Market Seems Pretty Well Cornered

By EARL WILSON

LAS VEGAS—I came out here to these burning sands — really the new capital of show business—and found it heating up a little. It got to around 125 degrees down by all the new swimming pools the last few days, then there was a little sandstorm. The Chamber of Commerce was boasting about the climate, and comedian Jackie Miles said, "That's right . . . . where you gonna find this kind of climate—unless you dig for it?"

WILSON

Vegas must be paying entertainers—stars, chorus girls and musicians—$300,—000 a week, maybe $500,000. All these are appearing here now: Red Skelton, Lena Horne, Louis Prima and Keely Smith, Milton Berle, Sophie Tucker, Jayne Mansfield, Peggy Lee, Jack Carter, Frankie Laine, the Ames Brothers, Dorothy Collins, Hank Henry, Benny Fields and Blossom Seely, Ed Sullivan, Phil Ford and Mimi Hines, the Paris Lido Show, Roberta Sherwood, Corbett Monica, Sally Rand, Perez Prado, Dick Contino, Betty George—Wonder how many I forgot?

Cary Grant flew over to woo the beautiful nude German dancer, Sheilah Moser (nickname "Yellowbird") who's famous for her Jayne Mansfield area . . . Frankie Laine said that he's leaving his agents (G.A.C.) "Unless they get a television show for me".

Lili St. Cyr's divorcing Ted Jordan . . . Marie McDonald and bridegroom, Lucille Ball and Buddy Hackett ganged up for Milton Berle's 51st birthday party. Marie was mourning her father who died that day, and was taking the first plane home . . . When Joan Crawford went out with the Benny Goffsteins, Benny toted a bottle of 100 proof vodka for Joan who drinks nothing else.

★ ★ ★

Famous gambler Nick the Greek, who's periodically reported broke, was $20,000 ahead in a high-stake poker game in a downtown hotel yesterday. Nick has proved again his uncanny ability of—as the gamblers say—"Coming up with some fresh." What they'd love to know is where Nick finds this fresh.

THE MIDNIGHT EARL IN N. Y. . . .

Wealthy **Walter Trautman** phoned **Rhonda Fleming** in L.A., offered to fly there from Texas for a dinner date . . . The four **Crosby** boys'll appear on **Bob Hope's** first fall TV'er . . . **Jonathan Winters'** first stage appearance — after his European trip — will be in summer stock in his home town, Dayton . . . Greek actress **Maria Demas** was signed by Jim Henagan; she'll appear in "Alamo," with John Wayne.

Harold Lloyd's son **Duke** is entertaining aboard a South American cruise ship . . . The Clark Gables rented a ten-bedroom house in Rome . . . Author **Thornton Wilder** is second understudy in the Village production of his "Our Town".

MARIA

TODAY'S BEST LAUGH: Jack Herbert boasts that his cousin grew a beard and got a lot of attention: "But then again, she always was attractive."

WISH I'D SAID THAT: Hollywood is where the skeletons in the closet are sometimes ashamed of the people in the house. . . . **That's earl, brother.**

Forestry Has Great Future

Editor of Escanaba Press Warns Tree Farmers to Face Responsibility

LORETTO, Mich. (UPI)—Forestry in Michigan and Wisconsin has a tremendous future as well as a great past, but too many private landowners fail to recognize their responsibility to make their lands productive, Jean Worth, editor of the Escanaba, Mich., Daily Press, said Wednesday.

Addressing a group of tree farmers at a Michigan-Wisconsin tree farm dedication ceremony here today, Worth said "our greatest failure has been in forestry education."

"We are proud of the teaching of conservation in our schools and yet, despite our impressive gains in forestry, we have not been able to give the public the true understanding of the importance of our forests to our economy and to our recreation and indeed to our culture," said Worth.

"Not even the example of great growth of forestry in our southern states, posing a serious competitive situation for lake states forestry, has caused us to mend our ways sufficiently."

Worth traced the growth and decline of forestry in this region, from its development after 1860 to its peak in 1889 when 640 million board feet of lumber were shipped, and downhill to the development of pulp and paper mills for the conversion of wood.

The Upper Peninsula newspaper editor also criticized bad taxing policies for forest land, and added "we appear about to repeat the same errors that drove one-third of Michigan lands into tax delinquency in the 1930's, cracking on taxes without thought of ability to earn, and unmindful of the fact that good forestry cannot survive bad forest taxation."

"There can be no sensible objection to equitable taxation of mature timber," said Worth, "but if plantations and young growth are to be taxed on a basis of hope for eventual profitable harvest, the result must inevitably be that our forests will be government owned."

Bob Hope Breaks Pledge to Rest for Orphanage

LONDON (UPI) — Bob Hope is breaking his take-it-easy pledge to do a benefit performance for English orphans next week.

Hope, 56, came to Europe for a long rest to ease eye trouble which doctors said was caused by overwork. He was threatened with blindness in his left eye from a blood clot and suffered dizzy spells.

Only two months ago Hope said he would have to give up his lifelong practice of appearing in charity shows because of his illness.

"From now on, I'll be playing a long-term Bob Hope benefit," he said.

But when Hope was asked by Sir Laurence Olivier, president of the Actors' Orphanage, to join next for the charity, he accepted.

"I'll be delighted to appear for the orphans — although they've never done a thing for me," he cracked to Olivier.

The benefit will be one of the highest-powered shows staged in London in years.

Eddie Fisher, here while his wife Elizabeth Taylor makes a movie, Paul Robeson, who is appearing in Shakespeare's Othello at Stratford; and Eva Bartok are among the visiting stars on the bill. The British contingent is topped by Olivier, Bea Lillie, Sir Alec Guinness, Audrey Hepburn, Sir John Gielgud, and Sir Ralph Richardson.

Little Girl Glad She Lost Leg, Not Another Child

SEDALIA, Mo. (AP)—"I'm glad this happened to me instead of some other little girl or boy," 7-year-old Donna Stapel told her mother.

Donna's right leg had just been amputated above the knee by a motorboat propeller at a Lake of the Ozarks resort Wednesday.

Donna screamed in terror when the boat backed into her. But the little blonde didn't shed a tear during the 60-mile ride to a Sedalia hospital.

And after undergoing surgery she managed to smile at a newsman as she was wheeled to a hospital room. Her condition is satisfactory.

John Beaver, resort operator, said his boat struck Donna as he backed it away from a dock. He is a friend of the child's parents, Mr. and Mrs. Elmer Stapel, who are vacationing here.

Upside Down Painting Bothered No One Else

LOS ANGELES (AP) — While viewing a Joan Miro exhibit at the county museum, Allan Packler took a long look at the contemporary Spanish artist's painting, "Composition—Oil, Rope and Plaster on Canvas."

"That painting is upside down," he told officials.

And it was.

A museum crew rehung it right side up Wednesday.

TV Networks Way Ahead of Us

Plan 1962 Programs

By CYNTHIA LOWRY

NEW YORK (AP)—When most of us were packing the first picnic baskets of the season, the McGuire Sisters, bundled in furs under hot lights, were busy making a Christmas commercial.

★ ★ ★

Long before favorite sons dared make noises like candidates, the three major television networks were planning their coverage of the 1960 political conventions and subsequent presidential campaigns.

★ ★ ★

Right now, before the networks have confided to us viewers all the goodies their 1959-60 season holds, the creators of television programs are working on the 1961 and even 1962 menus.

What will we be looking at 18 months or more hence?

Richard Dorso, former Hollywood actor's agent and now director of new program development for Ziv Television Programs, predicts that, basically, it won't be much different from what we'll be looking at next season—only better: Westerns, adventure, suspense, drama, variety and so on.

★ ★ ★

Sources for new ideas for TV shows, Dorso confesses, come from a wide variety of sources—newspaper items, magazine articles, even casual conversations. They also come, as every viewer must know, from successful shows—as witness the flood of copycat Westerns and now crime adventure shows with music.

★ ★ ★

And ideas also are borrowed from big mouths who tell what their companies are planning in the future—which is the reason Dorso is as close-mouthed as Greta Garbo about his current planning. Just about the only show idea he will discuss is one called "Challenge," scheduled to bow onto NBC in September — but so long off his drawing board he's practically forgotten it.

"I'll tell you one place that show ideas never come from," he adds, "From amateurs. Invariably the people who tell you they have a great idea turn up something that's already been done or is absolutely impractical to do."

Belgian Liner Forced Down

Hungarian Jets Meet Plane After It Strayed Off Course in Storm

VIENNA, Austria (AP) — Hungarian jet fighters forced a Belgian airliner carrying 55 persons to land in Communist Hungary Wednesday after it strayed off course during a storm.

The plane was allowed to continue its flight to Vienna after an inspection.

An American missionary dentist, Dr. Charles Hurlburt of Wheaton, Ill., and his wife and two children, were among the passengers. They are on their way home after five years in the Belgian Congo.

A Sabena Airlines spokesman said the DC6 was on a regular flight from Athens to Vienna when the MIG fighters signaled the pilot to land. The plane put down at Veszprem.

TV News and Reviews

Expediency Brings Crash of 'Madame Butterfly'

By FRED DANZIG

NEW YORK (UPI)—Music for a Summer Night, faced with the apparently impossible chore of squeezing Puccini's opera, "Madame Butterfly," into its hour on ABC-TV last night, solved the problem in the most expedient way.

★ ★ ★

They just offered "highlights" of the opera strung together in three brief acts.

This meant discarding subtle, poignant subplot and character overtones and leaving in the more familiar refrains. Like so many expediencies, this one left much to be desired.

The cast, led by Elaine Malbin and Davis Cunningham, handled what was left of the opera beautifully, for the most part.

★ ★ ★

But the production, apart from its built-in handicaps, also was slowed by unimaginative camera work and a narration that contributed virtually nothing to a better understanding of the tragic story or the "highlights" shown.

★ ★ ★

I realize that the choice was either a little bit of a classic or none at all—it's always that way on TV, it seems—but I feel last last night's little bit had too much expediency and not enough production artistry.

THE CHANNEL SWIM: Tom Poston is slated to emcee a new Goodson-Todman audience participation show called Split Personality which may replace Country Fair on the NBC-TV daytime schedule this fall . . . Monique Van Vooren will sub for vacationing Kitty Carlisle on CBS-TV's To Tell the Truth on Aug. 4.

★ ★ ★

Another vacation note: Jim Backus for Dave Garroway on NBC-TV's Today for two weeks starting Monday July 20.

Chief Counsel Robert F. Kennedy of the Senate Rackets Committee is ticketed in for an appearance on the Jack Paar Show on Wednesday, July 22 . . . another Evening With Fred Astaire, the dancer's second NBC-TV special, is set for Wednesday, Nov. 4 at 9 p.m. (EST) . . .

Gene Nelson has signed to appear in the Sept. 18 NBC-TC special, America Pauses for Summer's End . . . Jesse Zousmer and John Aaron, who announced they were leaving as producers of Person-to-Person, are now close to a deal that would return them to the show for CBS-TV.

★ ★ ★

The show, besides getting a new host in place of Edward R. Murrow, also will have a "new gimmick" in the fall.

There is one set of twins in every 92 births. For triplets, the ratio is one in 9,600 and for quadruplets one in 657,000.
