

Almont Girl Is 'Miss Detroit'

TO VIE FOR 'MISS MICHIGAN'—Gloria Kirby, a brown-haired green-eyed beauty who was graduated this June from Almont High School, last night was crowned "Miss Detroit." Gloria, who usually brings home trophies from horse shows with her horse, Ginger, poses prettily with Ann Marston (right), "Miss

Michigan" of 1959. Born in Detroit, the 18-year-old beauty moved to Almont seven years ago with her parents, Mr. and Mrs. Bert Kirby, now of Detroit. She measures 55-94-35. Gloria will compete for the "Miss Michigan" title at Muskegon on July 8.

Merchants Backing Tax for Courthouse

County officials received assurances yesterday from a group of downtown businessmen that they would have their support on the Aug. 2 courthouse completion tax.

The old disagreement over location of the new courthouse was settled when the Board of Supervisors was told.

The county will submit to county electors a proposed half-mill tax increase in the county rate for the next four years to raise about four million dollars to provide for construction of four additional courthouse units.

The Board of Directors of the Pontiac Area Chamber of Commerce probably will meet next month to take a stand on the proposition.

STUDY PRESENT BUILDING
Beside Hamlin's educational program on why the favorable vote is needed now, a preliminary discussion was aired on what will be the outcome of the present downtown Courthouse.

No decisions were reached.
Harry J. Woodman, Pontiac Area Chamber of Commerce president, stressed to Hamlin that members of the chamber had not been polled on the question.

"But you can feel sure that we will help you," Woodman said.

Congress Plans to Meet Later

Dems Decide to Recess for Conventions, Return August 8

WASHINGTON (AP)—Democratic leaders decided today Congress should recess for the presidential nominating conventions and return to session Aug. 8. They ran into protests from members, but presumably can make their decision stick.

A postconvention session could present the unusual spectacle of the Republican and Democratic southern congressmen facing each other in the Senate chamber.

There is every prospect that Vice President Richard M. Nixon, who presides over the Senate, will be the GOP nominee.

Front runner now for the Democratic nomination is Sen. John F. Kennedy of Massachusetts. Other contenders are Sen. Lyndon B. Johnson of Texas and Stuart Symington of Missouri.

House Speaker Sam Rayburn (D-Tex) first announced the decision for a recess—which means the scrapping of a drive to wind up the session before the opening of the Democratic convention in Los Angeles July 11.

"We've decided we can't get through in time for people to get to the conventions," Rayburn told a news conference.

Asked how labor felt on the tax plan, Fred V. Haggard, president of the Oakland County AFL-CIO Council, said members were taking a "wait-and-see" attitude.

He urged that a fact sheet on the August vote, to be distributed to organizations and voters, clearly explain the need for the money.

The information, Hamlin said, was being prepared by an industrial concern without any cost to the taxpayers.

The chairman told the gathering at the Waldron Hotel that "it seemed practical and good business" to proceed now with construction of the additional office buildings at the 330-acre County Service Center to escape higher construction costs in the future.

It's the aim of the county, he pointed out, to have all county government offices housed in the center.

MUST DRAW VOTERS
One of two problems facing the county in gaining passage of the measure is to get voters to go to

the polls, emphasized Harold A. Fitzgerald, publisher of The Pontiac Press.

Fitzgerald said it was more economical and would save the taxpayers money to build the entire project in one step.

Rapidly taking shape off Telegraph road is the initial six-story courthouse tower unit.

The new additions would house those county functions currently in the County Office Building, 1 Lafayette St., and in the Annex Building, now housing the prosecutor's office next to the downtown courthouse.

"To build the additional units six years from now, which was our original plan, would cost the county a great deal more," Hamlin said.

The governing bodies of Independence Township and Oak Park already have gone on record supporting the vote.

The Berkley City Council voted 4-3 against supporting it.

Toils 1,000 Hours, Leon Honored at Last

When public recognition finally came to Leon D. Bumgardner it came big.

The modest, quiet-spoken 54-year-old assembly worker who has volunteered more than 1,000 hours to Pontiac hospitals as a Red Cross first aid expert was presented last night with the William W. Donaldson trophy for outstanding citizenship.

The presentation was made by Dr. Dana P. Whitmer, president of the Greater Pontiac Community Council, in a ceremony before the City Commission.

It is the fifth year the trophy has been awarded and the first time that it didn't go to a recognized civic leader.

Bumgardner won the trophy—and the respect of the community—at nights and on weekends.

365 HOURS A YEAR
As a Red Cross volunteer orderly he has put in a minimum of 365 hours a year for the past three years at Pontiac General and St. Joseph Mercy Hospitals.

He often worked as late as 4 a.m. of a Friday, Saturday or Sunday.

He has 200 volunteer hours so far this year and plans to keep up his record for five years.

"It's the goal I've set for the community that's been good to me," explained Bumgardner, 336 E. Beverly Ave. The trophy winner is in charge of assembly of bus windows at GMC Truck & Coach Division.

"My job keeps me from Red Cross work during the week, so only the weekends are left," he observed.

Combined Tax Rate Up \$1.59

Lead Dissolves for Republican in North Dakota

Senate Race Reaches Virtual Deadlock With Rural Tally Still Out

FARGO, N.D. (AP)—A sudden surge of votes from farm districts all but wiped out Gov. John E. Davis' lead over Democratic Rep. Quentin Burdick today, cutting the margin to 1799 votes in the North Dakota special senatorial election.

With 1,968 of 2,310 precincts reported, the hotly fought race stood:

Davis—65,282

Burdick—65,703

It was estimated that some 24,000 votes are still to be reported. The majority are in agricultural districts where Burdick is expected to out-draw the Republican governor.

Burdick and Davis, both noting that the race is neck-and-neck, expressed optimism today after a night of uncertainty.

"It's running so close that I've got to see a few more precincts before we can say anything definite," the governor commented.

Burdick said the great majority of precincts still unreported are in rural areas—where he was expected to run strongest—and he said he was encouraged by the latest reports. He added "but it looks like it will be close."

About one-third of the 2,310 precincts had not reported between 2 and 3 a.m. (EST). In outlying districts, election officials locked the boxes and did not resume tabulating until later in the morning.

The margin between Davis and Burdick remained substantially the same thereafter. Davis had jumped to an early lead, but Burdick captured a heavy farm vote later.

This is the nation's first head-on collision between the two major parties in a farm state.

As such, it may indicate dissatisfaction throughout the farm belt with the agriculture program administered by Secretary Ezra Taft Benson.

Rain and Warmth to Stay Till Saturday

Scattered showers or thunder showers in the afternoons and evenings are forecast through Saturday for the Pontiac area, the U.S. Weather Bureau reports.

Tonight's low will be 60 degrees. Thursday the mercury will climb to a fair 80.

Winds southwest at six m.p.h. recorded at midmorning today will become west 12 to 20 miles and diminish tonight. Some 0.3 inches of rain fell downtown during the past 24 hours.

The lowest temperature reading preceding 8 a.m. was 63 at 6:13. At 2 p.m. the thermometer read 84.

THE FIRST LICK—Surrounded by 30,000 city tax bills that go into the mail tomorrow, Nadine Irwin seals up the first one the old-fashioned way. The City Hall clerk will help seal the others mechanically today.

Taylor Eyes Teamster Affidavits

Say Petition Names Fake

Later today Leann Harrelson, president of the Teamsters Local 614, denied he circulated the petition.

"I must have been my son," he said. The son has the same first name as his father.

Alleged forged signatures gathered by Pontiac Teamsters officials on nominating petitions of Detroit attorney David Kaufman, candidate for Oakland County probate judge, were being examined today by Prosecutor George F. Taylor.

Daniel T. Murphy Jr., a member of the Oakland County Elections Commission, reported that there were between 350 to 500 illegitimate signatures among 2,835 on petitions submitted by Kaufman.

The irregularities, however, will not keep Kaufman's name from appearing on the Aug. 2 nonpartisan ballots for the new two-year probate judgeship.

Kaufman, 27, of 2955 Everett St., Southfield, said the news "came to me as quite a shock."

The reported "phony" signatures, Murphy said, appear on petitions circulated by four members of Pontiac Teamsters Local 614.

Taylor said the four men could possibly be prosecuted on perjury charges.

The four Teamsters involved are Leann W. Harrelson, president of the local and once a state representative from Pontiac; Abby Bush, the local's vice president; Frank A. Orsini, a trustee; and James M. Bane, a business agent.

Murphy, county clerk-register of deeds, said the number of legal signatures required by law to qualify Kaufman for a place on the primary ballot is 1,906.

"There are enough legal signatures on petitions after deleting the signatures that are illegal to qualify Mr. Kaufman to be placed upon the August primary ballot," Murphy said.

Some of the signatures on Orsini's petitions, Murphy said, were "as phony as a three dollar bill."

Kaufman is an associate with (Continued on Page 2, Col. 2)

\$500 Million U.S. Surplus 1st in Years

WASHINGTON (AP)—Uncle Sam will reach the end of his 1960 bookkeeping year tomorrow with a budget surplus of 500 million dollars or more.

This will be the first surplus in three years. It follows two deficits that totaled more than 15 billion dollars.

The surplus will be more than twice as big as the 217 million dollar President Eisenhower predicted in January.

With one eye on election year politics, the administration is debating whether to have Eisenhower announce the surplus as soon as rough calculations are available. This could be done in a week or so.

GLACIER PARK, Mont. (UPI) Gov. Nelson A. Rockefeller, who has been throwing haymakers at the Eisenhower administration, defended his right to speak out on national issues today and said he would keep talking.

HAVANA (AP)—Reports from Santiago said Fidel Castro's government today took over the American-owned Texaco Company's refinery there after many officials refused to refuse Soviet oil.

LEOPOLDVILLE, Belgian Congo (UPI)—An African nationalist demonstrator snatched Belgian King Baudouin's sword from his scabbard at his side today. The demonstrator was quickly overpowered by security officers who at first feared an assassination attempt.

Pontiac Will Put Its Bills Into Mail Tomorrow

Schools Get Biggest Chunk of Gain; County Waits Till December

Combined city, county and school tax rates in Pontiac will be \$1.59 higher this year.

The total tax bill is scheduled to be \$44.88 for each \$1,000 in assessed valuation, compared with \$43.29 last year.

City and school taxes will be mailed out tomorrow, the county taxes in December.

The hike this year is traceable mainly to the schools and partly to the county.

The school tax in terms of assessed values is scheduled to be \$24.01. The school rates applied to assessed values were only \$22.50 last year and \$23.78 the year before.

The city tax rate on tomorrow's bills will be \$13.27 for the fourth straight year.

The combined school and city tax rates will be \$37.31.

When county tax bills go out later, they will carry a rate of \$7.57 on assessed values. This compares with \$7.12 a year ago and \$7.54 in 1958.

The combined city, county and school tax rates were \$44.88 in 1958—30 cents less than this year.

The combined school and city tax on the average \$5,000 home will be \$186.55. Last year it was \$180.85. The increase is due entirely to the school rate.

In December, the county tax on the same home will be \$75.85. It was \$75.60 a year ago.

EQUALIZED VALUES UP
Main reason for the increase in the school and county rates is that state equalized values in Pontiac have gone up for the first time in several years.

The hike this year was big—from \$135 million to \$135.5 million. An adjustment reflecting this increase is reflected in the tax rates.

Commissioners Debate Dismissal of Straley

By PETE LOCHBILER
City Manager Walter K. Willman emerged unscathed last night as the first storm over Police Chief Herbert W. Straley's dismissal rolled on with little thunder and no lightning.

Straley supporters, Milton R. Henry and Robert A. Landry, kept the City Commission table tied up for 75 minutes as they rehearsed the two-year controversy over the police department.

Landry predicted—as he successfully did 14 months ago—that Straley would return.

Henry predicted that the anti-Straley majority of the Commission would be challenged by the police department.

The first is the Henry-Landry suit, challenging legality of the Police Trial Board amendment under which Willman said he fired Straley.

Here are highlights, in question and answer form:
Q: Did the anti-Straley majority of the Commission meet with Willman?
A: Yes.

The second is the suit which up-

It was Mrs. Eisenhower's first social function since she was hospitalized May 31 for asthmatic bronchitis.

Car License Prober Returns to His Job

LANSING (AP) — George Moustakas, Detroit investigator suspended three days ago for his handling of the driver license case of Anthony J. Corrado, returned to work Tuesday.

The secretary of state's office said yesterday that Moustakas will receive back pay for the days he was suspended.

John F. Dodge, deputy secretary of state, said there may have been a question of Moustakas' judgment in handling the case of Corrado, son of the late Detroit prohibition era figure Pete Corrado.

But he said an investigation showed "nothing which would warrant disciplinary action in his (Moustakas') case."

Officials said Corrado had been released with a lecture after being called in three times since 1957 for traffic violations.

Dodge said a check of Moustakas' case load showed he was "overly lenient" to drivers who use their cars in their work.

Nowadays men don't talk about women as much as they used to. Most of today's conversation is devoted to overtime and time-and-a-half.

To Hit Record High in '60

Cigarette Puffing Up

WASHINGTON (AP) — Cigarette smoking is expected to reach a record high this year, with a big boost from feminine smokers.

An Agriculture Department report said Tuesday an increasing percentage of women smokers, a comparatively high level of consumer incomes, and increases in the adult population are putting cigarette production at the 500-billion mark during the year ending June 30. This is a 4 per cent more than in the previous year. The department predicted a continuing increase during the next 12 months.

Smoking of cigars and cigarillos also is showing a percentage gain. Consumption for the year was estimated at seven billion.

Production of pipe tobacco, chewing tobacco and snuff declined. The department said that buying of smoking tobacco for pipes and roll-your-own cigarettes generally goes down in good times but increases during a recession.

The traditional wedding cake derives from ancient Rome. A special cake was broken over the bride's head as a symbol of plenty. The cake was a symbol of plenty, and each of the nuptial guests took a piece.

High Court Kills 'Silver Platter'

Supreme U.S. Tribunal Ends Federal Use of Illegal State Evidence

WASHINGTON (AP)—The Supreme Court voted up its 1959-60 term Monday with a major decision knocking out the old "silver platter" doctrine.

This doctrine permitted use in federal criminal trials of evidence turned over to federal officers after state courts declared it was illegally obtained under state law.

By a 5-4 decision, the high tribunal established a new rule that evidence gathered by state and local officers must meet the U.S. Constitution's ban against unreasonable searches and seizures. If it is used in federal courts.

The ruling on validity of such evidence must be made by federal judges in criminal trials, said Justice Stewart for the majority.

INDEPENDENT INQUIRY
The federal judge must make an independent inquiry and must ignore results of any such inquiry made by a state court.

Justice Frankfurter protested that the new rule threw out a doctrine established by a unanimous decision of the Supreme Court in 1914. Justice Clark, Harlan and Whitaker joined Frankfurter's dissent.

Use of state-gathered evidence in state courts is not affected by the new ruling.

It came on an appeal by James (Big Jim) Elkins and Raymond F. Clark, of Portland, Ore., from their conviction in federal court on wiretap charges.

State courts had barred use of evidence seized in Clark's home by state officers, but the evidence later was admitted in the trial of Elkins and Clark in federal court in Portland.

Elkins made headlines several years ago when he testified before a Senate committee that other gamblers, some of them with Teamsters Union help, had moved into Portland.

5 Dramas, 3 Comedies Also in Lights

Broadway Theaters Ring With Music

NEW YORK (AP)—Broadway's summer theatrical lineup includes 11 musicals, 5 dramas and 3 comedies.

Tickets are generally available on short notice for most of the attractions, but visitors need to order well in advance for the prime hits — "Fiorello," "The Miracle Worker" and "The Sound of Music."

Here is a list of what's playing, with theater, stars and synopsis:

COMEDIES — "A Majority of One," Barrymore — Gertrude Berg and Cedric Hardwicke gently indulge in East-West Romance. Ends long run June 23.

"A Thumper Carnival," Antae — Tom Ewell and an able cast animate James Thurber fables to a music background.

"The Best Man," Morosco — Melvyn Douglas, Lee Tracy and Frank Lovejoy in timely satire of a national political convention.

DRAMAS — "A Raisin in the Sun," Belasco — A family's search for realization of dreams. Frances Williams plays the pivotal role of a matriarch.

"Five Finger Exercise," Music Box — Jessica Tandy dominates an English household in emotional crisis.

"The Miracle Worker," Playhouse — Anne Bancroft and Patty Duke in stunning portrayal of Helen Keller's childhood.

"The Tenth Man," Booth — Paddy Chayefsky's modern version of ancient Jewish legend.

"Toys in the Attic," Hudson — Drama critics prize play for 1960 in which Maureen Stapleton, Irene Worth and Jason Robards Jr., dissect the tensions of a strange southern family.

MUSICALS — "Bye Bye Birdie," Beck — Some smart and lively newcomers caper through Gover Chapman's staging of a rock 'n' roll satire.

"Destiny Rides Again," Imperial — Andy Griffith tames the Wild West in long-running hit.

"Fiorello!," Broadhurst — winner of the year's Tony, Drama Critics and Pulitzer prizes, with Tom Bosley impressive as New York's famous Mayor Fiorello H. LaGuardia.

"Gypsy," Broadway — Ethel Merman shakes the rafters as a stage Mama. Reopens July 9 through Aug. 13 when it moves to the Imperial.

"La Plume De Ma Tante," Royale — Paris gags and gals.

"My Fair Lady," Hellinger — The big one, now in its fifth year.

"Once Upon a Mattress," St. James — A fairy tale spoof. Star Carol Burnett leaves cast June 25.

"Take Me Along," Shubert — 30 people in the United States last year.

Rodgers-Hammerstein account of a famous singing family. Reopens from July 25 through Aug. 6.

"West Side Story," Winter Garden — Return engagement of a rhythmic version of Romeo and Juliet set amid teenage street gangs.

Pittsburgh Steamship Ex-Officio to Be Buried

DETROIT (AP)—Funeral service was scheduled for Saturday for Lawrence B. David, retired chief engineer of U.S. Steel's Pittsburgh Steamship Division.

David, 67, died of injuries sustained in a fall. He retired July 1, 1958, after 45 years of service with the division.

Proposed Postal Department Bill Held Without Justification

Taxpayers have just been confronted in Washington by one of the most active and assertive lobbies in history.

The bill in question provides an average of 8.35% pay increase for more than half a million postal workers and would cost the taxpayers approximately a quarter of a billion dollars a year. The Department is already running behind financially, so this would add \$250,000,000 to the deficit.

Postmaster General ARTHUR SUMMERFIELD believes the bill constitutes a body blow to our national economic situation and feels confident the President will veto it as impractical and beyond justification. Briefly, the measure raises the hiring rate for postal clerks and letter carriers from \$2.00 to \$2.15 cents an hour; regular clerks and carriers from \$2.31 to \$2.49 and the maximum rates of clerks and carriers by 21 cents from \$2.49 to \$2.70.

How many taxpayers are doing this well right now themselves?

The Postmaster General points out that the President's emergency board in the railroad dispute recommends a five cent an hour wage boost for 1960, and some fringe benefits in 1961, in lieu of any additional pay increase then.

Our national economy is headed for disaster unless someone puts on the brakes somewhere. These columns have asked this question before: Do we want to continue until we have bread at \$2.00 a loaf and printing press money? Will that solve anything?

The rates requested by the postal workers are out of line with general scales and would bring about pay inequities in relation to the great bulk of the taxpayers who have to foot the bills. According to Mr. SUMMERFIELD, most American workers would be very happy to have the current pay scales, schedules and benefits of the postal workers without any increases at all.

We Did It Before: Let's Do It Again

Oakland County had no fatal accidents over the Memorial Day weekend.

Didn't that prove something? Didn't it show what careful driving can do?

Another such holiday weekend is coming up.

Isn't it recordable that we can repeat that record.

Let's again show the world that July 4 will not be a new memorial day for anybody.

Get an early start on your trip. A few minutes advance at the beginning may make the difference. Observe the rules as now being daily set down in these columns.

If you speed, remember that the other driver, may be a fool. Keep in mind that you probably were one of the reasons for our Memorial Day record.

And also remember that you do not wish to be implicated in spilling that record on this weekend.

Generally speaking, isn't it all up to you?

wage that means precisely that. Industrial employees don't. Some industrial employees have a form that aims toward the high goal the postal people already enjoy. Also, postal employees have job security such as employees in general do not experience at all. Furthermore, they have from three to five weeks vacation and fringe benefits that total nearly thirty cents an hour. Their financial program is considerably above the national average.

The Congress was almost awed at the demonstration the amateur and professional lobbyists staged in Washington. They succeeded in rushing this bill through both houses by sheer numerical strength. It slipped past without deliberation or study.

Mr. Taxpayer, what do YOU say?

The Man About Town

Of That Other Cornerstone, Inspired by New

Wisdom: The art of keeping secret what a fool you are.

The laying of the cornerstone for the new courthouse has brought a flood of recollections from those who remember the same event in connection with the present courthouse.

That was done by the Most Worshipful Grand Lodge of Free and Accepted Masons of the State of Michigan on August 30, A.D. 1904; A.D. 1904.

With his usual keen remembrance, Jake VanWarner can recount the happenings of that day in 1904 as vividly as if they took place only yesterday.

Helping to build the steps for the 1904 building was William Kreklow, now living at 11 O'Reilly St.

A card just received from Ole A. Knudsen of 17 Stout St., says the laying of that cornerstone 56 years ago is one of his keenest childhood recollections. He is 67.

Kind words come in a long letter from Elmer K. Balfour of Milford, who says he drove to Pontiac with his father when the present courthouse was under construction. The trip was made by two good horses who were put up for the day in the

George Murray ten cent barn on West Pike St. The Michigan State Fair was being held out West Huron St. George wonders if the author of this column is the same tall guy who conducted tall corn contests in connection with his Holly Herald early in the century. Yes, 'tis. The Herald office was so small that it was necessary to stand the corn against the front of the building, and one night a stray cow on the village streets ate the prize winner.

A letter comes from Pierce Buchanan of Detroit, stating that the cornerstone festivities of 1904 were OK, except that all the speakers talked too long.

Coming up from Franklin with his dad, R. C. Cummings attended the 1904 cornerstone doings, and claims he was a cornsore boy then.

There was a heckler at the 1904 ceremonies, according to John L. Garfield of Rochester, who wanted to know "what next will be dreamed up to burden us taxpayers."

Verbal Orchids to—

Smith Oster of Commerce: 83rd birthday.

Mr. and Mrs. Isadore Rosenberg of Oak Park: golden wedding.

David Lawrence Says:

President's Speech Was Masterful

WASHINGTON—It takes moral courage to make the kind of speech President Eisenhower delivered to the American people Monday night. He might have displayed arrogance and resentment. He might have spoken with bluster. He might have traded insults with Nikita Khrushchev. There has been plenty of provocation, including the latest piece of deliberate sabotage by the Soviet Union at the Geneva disarmament conference.

Instead, Eisenhower chose to "turn the other cheek," as the scriptures teach us. He thereby spoke from strength instead of from weakness. The highlight of the speech was the outline Eisenhower gave of what he deems to be the proper course for the United States. He said:

"We must accept the risks of bold action with coolness and courage. We must always be strong, but we must never forget that peace can never be won by arms alone; we will be firm but never truculent; we will be fair but never fearful; we will always extend friendship wherever friendship is offered honestly to us."

This is a legacy to future presidents. It's a passage that will live in history.

Eisenhower's address was couched in phrases of conciliation. He even gently reminded Nikita Khrushchev of a graceful way that the Soviet Premier might have canceled the invitation for the President to visit the Soviet Union. This is often referred to in diplomacy as an out.

FALSE EXCUSES

Eisenhower said: "In Paris last month they (the Communists) advanced false and elaborate excuses to cancel my invitation to visit the Soviet Union, when all that was necessary to say was that they found it inconvenient to receive me."

Eisenhower, moreover, made a significant defense of the idea of reciprocity in personal visits by heads of state. He pointed out that in the past 7½ years, more than 70 heads of state and prime ministers have come to the United States.

Would Americans want their President to disregard the rules of official courtesy and never return those visits, or fail to extend, in the first instance, invitations to the heads of foreign governments to come to the United States?

The President pointed out that, with the exception of summit conferences and meetings of NATO heads of government, these visits were not a substitute for diplomatic negotiation and that the United States had never considered them as such. He argued that heads of state could always exchange ideas on broad issues or give approval to agreements that they reached through diplomatic channels.

Without his saying so explicitly, it was apparent that the latter was the procedure which Eisenhower would have preferred even for the summit conferences.

Everyone knows that the President, on the President to go to the summit came from all sides. The idea was particularly pressed upon the United States by its allies. Somehow the public got the impression that it believed a conference at the top level had something to do with preventing a nuclear holocaust.

Indeed, Eisenhower, stating

this anxiety, says that, while he has no present plans for any more trips, "if any unforeseen situation" arose which would convince him that "another journey of mine would still further strengthen the bonds of friendship between us and others, I would not hesitate a second in deciding to make still an additional effort of this kind."

Dr. William Brady Says:

Every Death Distresses Some Relative or Friend

"I worked the other recovery ward for 20 years" (writes B. E. R. N.) "and cared for more than 7,000 victims of tonsillitis aged from 17 months to 45 years. "Aside from the brutal treatment to which their throats were subjected, the shock to the nervous system was usually pronounced. In view of this, however, that we had only one death in the 20 years—a man whose heart stopped beating under anesthesia."

"After my own tonsils were lost in the massacre I never could eat toast or other dry foods without fear of choking. I still have constant 'sore throat' after 20 years."

Hey, not so loud, nurse. If the butcher boys learn that there was one fatality in more than 7,000 tonsillitons they'll go to town with it and holler "Didn't we tell you so?"

That 45-year-old man who carefully tried to breathe after the dissection finished probing deep into his neck for stray bits of tonsil tissue spoiled what would have been a wonderful statistical club to bat my brains out when I tell the world that tonsillitons endangers life unnecessarily. The man's life was "negligible," as the more vociferous tonsil snatchers say—that is, as long as the victim is a stranger and not a member of your own family.

I'm perfectly willing to lie at any time if I think it will prevent worry or fear, but on the other hand I'll spare no effort to inspire in people, especially the parents of young children, the fear I think they should feel about tonsillitons. Some of the letters from grieving parents who ask why, oh why they discovered any column—as befits a hardboiled character I say they are somewhat poignant.

The saddest part of it is that for the life of me I can't understand why a doctor should attempt

The Country Parson

This habit often starts during the early months of life when a baby isn't getting enough milk. Maybe the mother's supply is inadequate but they fool along, hoping it will increase.

It is common for hungry babies to toss their heads and squirm, mutely, they reach the mouth, and soon the infants are sucking on their fist or fingers, though the thumb seems the preferred object.

After the habit becomes entrenched, even though the child may then be getting a richer milk supply, as from an expanded milk formula, the youngster may still carry on with the thumb sucking.

Many of these nuisance habits

With renewed earnestness, he declared:

"No consideration of personal fatigue or inconvenience, no threat or argument would deter me from once again setting out on a course that has meant much for our country, for her friends, and for the cause of freedom and peace with justice in the world."

(Copyright 1960)

DR. WILLIAM BRADY SAYS:

Every Death Distresses Some Relative or Friend

"To get every bit of tonsil." The sole purpose of tonsil surgery is to prevent or relieve obstruction of breathing, impairment of hearing or other trouble caused by obstruction of the Eustachian tube (connecting nose-throat cavity with middle ear cavity) that houses the hammer, anvil and stirrup, thickening of the voice or difficulty of swallowing due to enlargement of the tonsils.

Signed letters, not more than one page or 10 words long pertaining to health and hygiene, not disease, diagnosis, or treatment, will be answered by Dr. William Brady, M.D., at The Pontiac Press, Pontiac, Michigan. (Copyright 1960)

THOUGHTS FOR TODAY

Wisdom is the high for a fool: in the gate he does not open his mouth.—Proverbs 10:7.

A little group of wise hearts is better than a wilderness of fools.—John Ruskin.

Case Records of a Psychologist:

Thumb Sucking Becomes Habitual

A pair of youngsters of your own are worth a college diploma. For they extort your attention to the problems of the world today, instead of letting you live in your dreams. They force you to read an encyclopedia so you can answer their questions, and they make you more religious.

CASE OF DR. GEORGE W. CRANE

CASE F-403: Timmy T., aged 5, is a bright youngster but timid.

"Dr. Crane, he has always sucked his thumb," Timmy's mother protested unhappily.

"I have tried putting bitter medicine on the thumb and have wrapped it up so that it seemed too cumbersome to be attractive, but he invariably gets it into his mouth."

"Now that he is going to start kindergarten next term, I am afraid his classmates will ridicule him and call him a baby or a sissy."

"So how can we stop Timmy's habit of thumb sucking?"

DIAGNOSIS

This habit often starts during the early months of life when a baby isn't getting enough milk. Maybe the mother's supply is inadequate but they fool along, hoping it will increase.

It is common for hungry babies to toss their heads and squirm, mutely, they reach the mouth, and soon the infants are sucking on their fist or fingers, though the thumb seems the preferred object.

After the habit becomes entrenched, even though the child may then be getting a richer milk supply, as from an expanded milk formula, the youngster may still carry on with the thumb sucking.

Many of these nuisance habits

Voice of the People

'Ordinary Folks Don't Need Wealthy Political Playboys'

At least 30 per cent of we Americans are plain, ordinary folks without benefit of multimillionaire papers, and as a group we are getting pretty fed up on millionaire political playboys who never had to work for a nickel of their great wealth too thoughtless and heedless to become really interested in our political system and get out and vote.

Highly placed Democrats in Congress

Michigan AFL-CIO Executive Board Condemns Constitutional Convention

PORT HURON (AP)—The Michigan AFL-CIO Executive Board has adopted a policy opposing a state constitutional convention and says the attitude of candidates for office who support such a convention is "one of either naive or political expediency."

The board said yesterday the State Legislature was controlled by Republican senators and representatives representing less than a third of the state's residents.

"This basis of representation, which denies hundreds and thousands of Michigan voters representation in the Legislature and imposes upon them taxation without representation, is not only being condoned but advocated by candidates for public office," it said.

"These candidates may be sincere in their belief that a constitutional convention, held on the identical basis of equality which prevails in the Legislature, and particularly in the Senate, will bring about a remedy for this malrepresentation."

HARE ONLY DEN BACKER

"While we recognize their right to their own belief, we cannot help but condemn this attitude as one of either naive or political expediency."

Of the three candidates for the Democratic nomination for governor, Secretary of State James Hare, Detroit Common Councilman Ed Connor and Lt. Gov. John Swenson, only Hare has supported a constitutional convention.

Paul Bagwell, sole candidate for the Republican gubernatorial nom-

ination, also favors a constitutional convention.

Hare said he was not disturbed by the council's action, adding, "This is a question of intent. I am for a constitutional convention and where we differ is in the selection of delegates."

"In doing so," it said, "we cannot reconcile carrying on this campaign and simultaneously working for the election or voting for candidates who do not subscribe to what we believe to be a sacred principle of democracy — majority rule."

"We respect the right of others to disagree with us. But we expect those candidates who seek our support to refrain from being contemptuous of our position on a matter of such major consequence."

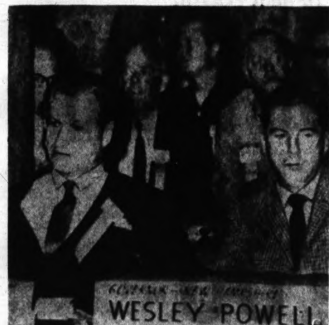

Third Block of Mall Is Started in Toledo

KALAMAZOO (AP)—Construction work started Tuesday on the third block of Kalamazoo's downtown pedestrian mall — the first permanent mall in the nation.

Cost of the mall addition has been fixed at \$25,000, with the city and merchants, splitting the financing. The first two blocks, opened last year, were built at a cost of \$80,000.

Target date for opening the new block is Aug. 15-22, which coincides with the opening last year. A combination dedication and anniversary celebration is planned.

Flights of stone steps serve as streets in cliffside towns along Italy's Amalfi coast, called the Divina Costiera. Houses rise one above the other like the apartments of Pueblo Indians in the American Southwest.

AP Photos

ROCKY'S NAME MISSING — The fancy log nameplate marking Gov. Nelson Rockefeller's place at the Governors' Conference table at Glacier National Park in Montana was missing Tuesday as state executives discussed federal-state relations at their business session. Left to right are Rockefeller of New York and Wesley Powell of New Hampshire. The sign disappeared Monday night.

State Amvets Elect Highland Twp. Man

The Michigan Amvets elected Chester Burton, of 2905 Maple Ridge Rd., Highland Township as state commander for 1960-61 at their state convention at Saginaw Sunday.

Robert C. Adit, of 410 1st St., Pontiac, was named commander of the 3rd District at the meeting, while the 3rd District Auxiliary took first place in the comedy division of the Amvets parade.

The auxiliary won the Ernestine Dale traveling trophy for the third consecutive year which gives them permanent possession of the prize.

Quartz, granite, marble, and colorful gravel are exposed in concrete for decorative purposes. New casting methods create wrinkled and dimpled surfaces, too.

FALLOUT SHELTER PLAN — Within the walls of the \$2½ million high school at Battle Creek will be constructed a huge underground shelter designed to illustrate how easily and inexpensively schools can incorporate the idea as protection against radioactive fallout and tornadoes. The federal government will pay up to \$150,000 of construction costs. In this drawing, the arrow locates the shelter. Details of the shelter are in the inset. The shelter will accommodate 1,200 persons for two weeks.

How Our Solons Voted...

WASHINGTON (AP)—How Michigan members of Congress were recorded on recent roll call votes:

SENATE
On passage, 62-17, of bill to provide 7½ per cent pay increase for federal employees: For—Hart (D). Not voting—McNamara (D).
On passage, 70-5, of bill to authorize 1½ billion dollars worth of water projects: For—Hart. Not voting—McNamara.
On passage, 63-6, of \$4,485,000,000 appropriations bill for labor and health, education and welfare departments: For—Hart. Not voting—McNamara.
On McCarthy (D-Minn) amendment, adopted 49-41, to repeal 4 per cent income tax credit for stock dividends: For—Hart. Not voting—McNamara.
On amendment, rejected 29-55, to allow 10 per cent tax on train, plane and bus fares to expire June 30: Against—Hart. Not voting—McNamara.
On amendment, rejected 30-54, to repeal 10 per cent tax on local telephone service: Against—Hart. Not voting—McNamara.
On Clark (D-Pa) amendment, adopted 45-39, to restrict entertainment expenses which may be claimed as business expenses for Ford, Griffin, Griffiths, Hoffman.

HOUSE
On passage, 258-124, of 3½-billion-dollar foreign aid appropriation bill: For—Broomfield (R), Chamberlain (R), Diggs (D), Dingell (D), Ford (R), Griffin (R), Griffiths (D), Lesinski (D), Macrowicz (D), Mender (R), O'Hara (D), Rabaut (D).
Against—Bennett (R), Johansen (R), Knox (R). Not voting—Bentley (R). Voted "present"—Cederberg (R), Hoffman (R).
On rejection, 170-28, of bill to raise price support on wheat and reduce wheat acreage: For the bill—Diggs, Dingell, Griffiths, Lesinski, Macrowicz, Rabaut. Against—Bennett, Broomfield, Bentley, Cederberg, Chamberlain, Ford, Griffin, Hoffman, Johansen, Knox, Mender, O'Hara.
On passage, 381-23, of bill to extend and improve social security coverage, including limited medical aid-to-the-aged program: For—Bennett, Bentley, Broomfield, Cederberg, Chamberlain, Diggs, Dingell, Griffin, Hoffman, Johansen, Knox, Mender, O'Hara.

Knox, Lesinski, Macrowicz, Mender, O'Hara, Rabaut, Against—Johansen.

Whew! Something's Very Rotten in Denmark

COPENHAGEN (AP)—With 201 garbage collectors on strike 600 tons of garbage a day are piling up in normally spic-and-span Copenhagen.
A Health Board official said another hot spell could be "disastrous." A week-long heat wave subsided Tuesday.

93 Per Cent Turn Down Pact Offer by Lockheed
SAN FRANCISCO (AP)—Striking Lockheed machinists rejected a company settlement proposal today by a 93 per cent negative vote.

Jack Burns, an international representative of the International Assn. of Machinists, AFL-CIO, said the overwhelming rejection came from 8,300 machinists at Lockheed operations in Sunnyvale.

Geneva Walkout Called Propaganda by Western European Newspapers

LONDON (AP) — West Euro-only part of their propaganda campaign against the West. The Socialist Populaire of Paris asserted that the Soviet Union has "casually slammed the door that the West tried to open toward peace."

Some newspapers described it as a deliberate underlining of Nikita Khrushchev's determination not to do business with President Eisenhower's administration. In West Germany, the conservative Frankfurter Allgemeine combined both views with this comment:

"Khrushchev has rid himself of a double responsibility. He now needs neither to disarm, and thus weaken the Soviet Union compared with China, nor be exposed any longer to Peiping criticism that he is flirting with the capitalists."

"His move also aims at the American election. Before long one will hear from the American Democratic party that the West did not make efforts in time to come to terms with the U.S.S.R." Aides of Chancellor Konrad Adenauer said that from the beginning they had expected the talks to get nowhere—that the Soviets had made clear all along that they considered the talks

"Once again, like the day after the summit conference, a question is being asked: Why? said the newspaper. 'And one returns again to the response given a month ago. Moscow doesn't want to deal with representatives of the Eisenhower administration.'"

British editorial observers denounced the walkout as a propaganda stroke that can only heighten East-West tension and another slap at Eisenhower. "Mr. Khrushchev," said the Daily Telegraph, "has made it

intend to do business with the present American administration. Possibly this may simply be an excuse to disguise his own internal problems."

But several British newspapers criticized the Western allies for not coming up with their alternative disarmament proposals more speedily.

"The lesson for the West is to stop the shilly-shallying which seems to greet each and every Soviet proposal," the liberal News Chronicle commented.

British observers believed the Soviet decision to take disarmament back to the United Nations was designed to flatter the small nations of the world and to win their support.

NOW *contact-less* lenses 10 WAYS IMPROVED

Over Old Style Contact Lenses

Says Bosses Should Tolerate Failings

CHICAGO (UPI) — The successful boss must have a "high frustration level," according to a academic knowledge in the art of professor with both practical and bossmanship.

Ray E. Brown, professor at the University of Chicago's Graduate School of Business and superintendent of its 711-bed clinics, said leaders of men must learn to tolerate human failings and inefficiency.

Describing what he called "the all-or-none complex," Brown said one of administrators' most common pitfalls is the "tendency to attempt only perfect solutions instead of the accomplishable."

"The successful administrator must on occasions tolerate conditions of inefficiency rather than court failure by attempting to clear all obstacles with one great push," he said.

"He must determine his goals and evaluate the opposition to them."

AP Photofax
MISS CALIFORNIA — Suzanne Marie Resmo, 19, of La Mesa, Calif., poses at the Santa Cruz Beach bandstand with the trophy she received for being named Miss California. The hard-eyed brunette has measurements of 36-24-35. She will represent California in the Miss America contest at Atlantic City.

Man, 75, Is in Training for Long, Long Stroll

MILL CITY, Ore. (AP) — Paul Smith is training daily for what he says will be his longest walk — from San Francisco to New York, and back again.

"Nobody has ever completed the trip both ways," said Smith. He's 75.

Landscapers Pick Pittsburgh, Pa., for High Honor

NEW YORK (UPI)—Pittsburgh, Pa., was named "American City of the Decade" by the New York Chapter of the American Society of Landscape Architects meeting here for their annual convention.

Oliver A. Denkin, president of the chapter, and Wolcott E. Andrews, chairman of the convention, said that in terms of "city planning and urban renewal" Pittsburgh received the most ranging and favorable attention from the A. S. L. A. members at the meeting.

It was praised for the "boldness in concept and skill in execution" of its building program.

Joseph M. Barr, mayor of Pittsburgh, interviewed before the meeting, said he is confident that urban renewal "can help reverse the trend to the suburbs."

PET DOCTOR

Q. Is it true that our dog will become fat if we have her spayed?

A. Removal of the ovaries (spaying) slows down the endocrine glands and metabolism of the adult dog. However, if the dog is spared before sexual maturity, there is little interference in puppy metabolism.

Early spaying even helps the dog maintain a perennial puppy personality. When the operation is performed after maturity, the female literally goes through "change of life" and there is mental as well as physical change.

In my opinion, any dog who loses her girlish figure and have middle-aged spread if diet and exercise are not wisely observed by the owner.

Pontiac City Affairs

Runway Improvement Plan Okayed

City commissioners last night approved two big moves at Pontiac Municipal Airport.

They accepted the terms of the \$400,000 runway improvement program to be financed this summer under the federal-aid-to-airports formula.

The federal share is \$206,187, the city's \$193,813 and the state's \$35,162. The figures were submitted by the Federal Aviation Agency.

Commissioners also approved lease arrangements concerning the recent purchase of the Flint Line, Inc., hangar by Michigan Aviation Co. Flint Line plans a new hangar and Michigan Aviation plans to expand.

Commissioners accepted a \$12,262 bid from Michigan Mutual Liability Insurance Co. for public liability and property damage insurance on city cars.

BID \$400,000
A \$10,126 bid from National Mutual Insurance Co. was lower, but it was pointed out that Michigan

Mutual has insured the city several years and provides local service. Michigan Mutual's bid was \$400 less than last year.

An informal meeting was scheduled for 7 p.m. Thursday in City Manager Walter E. Williams' office to discuss a report on the city's pay plan study and appointments to the Pontiac General Hospital board of trustees.

Williams won another two weeks in which to try to get right-of-way off three lots at the northeast corner of Walton boulevard and University avenue. The city has been asked to zone five lots there commercial, but right-of-way has been gained from only two.

There were no objections at hearings on plans for curbs and gutters on Clifford, Russell and Seward streets, Auburn to Osburn. Commissioner Winford E. Bottom repeated his request for William to meet with the Pontiac Police Reserve in an effort to reactivate them. Bottom is a former president of the reserve association.

Bottom also complained that

the newest chloride treatment on duty streets was "skippy."

Commissioner John A. Dugan submitted a petition signed by householders in the vicinity of the Pontiac Motor Division plant, complaining of smoke.

Referred to the planning commission was a request from Fisher Body Local 506, UAW, for vacating of the alley behind the site of the new local hall, now under construction on Baldwin avenue.

Also sent to planners was a petition for rezoning from residential to personal service of the northeast corner of Edna street and Telegraph road. It was signed by 31 per cent of the affected property owners.

Exactly the right kind of weather is of paramount importance in producing grapes for wine. Vines need a moderately cool, slightly humid winter; a warm, dry spring; a hot summer with a spot of rain during August; and early-morning fog from mid-September to harvest.

Soviets Call Off Mountain Trip for Their Nikita

VIENNA, Austria (UPI)—The Austrian government today canceled a projected trip by Soviet Premier Nikita Khrushchev to the nation's highest mountain, explaining that the altitude might endanger his health.

"We were approached by the Soviet Embassy," said a government spokesman, "and told the trip to the Grossglockner would be too strenuous for Khrushchev."

The mountain is 8,160 feet high.

The Soviet Premier arrives here Thursday for a state visit. He was to have slept the night of July 3 at the Franz-Josefs-Hotel atop Grossglockner.

Sudden changes in altitude are known to be dangerous to persons suffering from heart trouble. There has been no suggestion, however, that Khrushchev has a weak heart.

Khrushchev will travel around Austria in a private bus equipped with a television set, a bar and other comforts.

He Reverts at Times

BRANDON, Vt. (UPI)—Carl Pierce, 12, says he has a crow that barks and eats dog food and says hello. He said occasionally his pet, Mr. Van Dyke, will even caw like a crow.

Saginaw to Search Out Uncounted Census Folk

SAGINAW (AP)—The Saginaw City Council has authorized the city manager to carry out a full-scale search for Saginaw residents not counted in the federal census. The city manager's decision on the advisability of the plan is expected in the next few days. The search would be carried out by city firemen at a cost of \$8,000.

Ample counts made by firemen in seven census districts have averaged 1 per cent higher than official Census Bureau figures. The Council decided to authorize the search because of a discrepancy between the federal census and the city school census. In addition, four independent estimates of the city's population were all close to 106,000—far above the official count of 97,831.

The Council estimated the city would gain back the \$8,000 if the search turned up 70 persons not counted by the federal government. The Council figures each uncounted person is worth \$12 in state taxes distributed locally on the basis of population.

Persons claiming they were not counted in the official census would be required to sign a certificate. If the U. S. Census Department verifies the certificate, the person will be added to the city's total.

The Council also voted to

place a proposal on the Aug. 3 ballot that would terminate the franchise of the city bus line. If the proposal passes, the bus line will lease equipment from the city at a saving of up to \$20,000 yearly. Tax exemptions allowed the city would make the saving possible.

In other action the Council adopted a 1960-61 budget of \$12,534,000, an increase of three million dollars over last year's budget. Included in the budget are pay

increases totaling \$165,000 for about 830 city employees, an average increase of 3 per cent.

They're Making Area News of Personal Interest

Cora Hoffman, daughter of the Joseph B. Hoffmans of Lansing drive, Waterford Township, was one of five Wayne State University Helen Newberry Joy Scholarship winners.

The scholarship is to be used for the four-year program in the WSU College of Nursing. Miss Hoffman will begin studies in the fall.

This basic professional program in the college of nursing United States which is fully accredited by the National League for Nursing Accrediting Service, as preparing its graduates for both institutional and public health nursing positions.

Mr. and Mrs. Robert John Ensworth Jr. left Sunday for Port Gordon, Ga., where he will begin a tour of duty attached to the Military Police.

He received his ROTC commission and bachelor of science degree in police administration at Michigan State University.

He is affiliated with Alpha Phi Sigma National Honorary Fraternity, Scabbard and Blade, the General Pershing Corps and Spartan Guard.

Mr. and Mrs. Robert John Ensworth of Star avenue are the lieutenant's parents.

Currently visiting at the Oneda road home of Mrs. Frederick Holmes are her cousins, State Supreme Court Justice and Mrs. Eugene T. Black of Port Huron, and the John Martins of Farmington, Conn., the brother and sister-in-law of the late Mr. Holmes.

Eugene Hamilton Pattison of Pontiac Trail, Orchard Lake, has received an honor scholarship at Harvard Divinity School, Cambridge, Mass.

He will be a first-year student in the bachelor of divinity program this fall.

A 1956 graduate of Alma College, Mr. Pattison holds his MA and Ph.D. degrees from University of Michigan.

He has taken summer studies at Union Theological Seminary, New York City and hopes to teach religion and literature in a church-related college.

Connecticut College alumnae who attended the 41st annual reunion in New London, Conn., are Mrs. James A. Aliber of Henry drive, Mrs. Ralph W. Tynon of Pembroke street, Birmingham, Mrs. Robert L. Stevenson of East Long Lake road, Bloomfield Hills, and Mrs. Elmer L. Barker of Motorway drive, Waterford Township.

After mid-afternoon nuptials Saturday in the Walled Lake Methodist Church, Stanley C. Squires and his bride, the former Susan Helen Anderson, departed on a New England honeymoon.

The Rev. Daniel Wallace of Central Methodist Church read the ceremony before an altar flanked by tall standards of white chrysanthemums and gladioli.

French Chantilly lace accented the wide scoop neckline and bouffant skirt of the ballerina-length bridal gown of white silk organza. The fitted bodice extended into a basque waistline. Silk tulle veiling was caught by a jeweled tiara.

The bride held a cascade of white carnations, ivy and stephanotis.

A cascade of pink carnations complemented the green silk organza dress for honor maid Karen Anderson of Pellston. She wore a circlet of matching organza with green veiling.

The bride's brother, Charles, seated guests with Gary D. S.

Mrs. Scott E. Lamb of Southwestern road, Wing Lake, was hostess Sunday at a tea at Boyce Mountain Lodge for 75 wives of insurance executives and representatives attending an annual sales conference.

The four-day convention was dedicated to Mr. Lamb, company president, for his 25 years of service.

Among localities at the tea were Mrs. William D. Zell of South Pine Center, Orchard Lake.

From Birmingham were Mrs. T. S. Edwards of York-shire road, Mrs. Peter A. Cummins Jr. of Ingewood and Mrs. James A. Harper of Ruffner street.

Theodore E. Luderewski of Henrietta street, Birmingham, is participating in the 10th International Dental Conference at Aspen, Colo.

Carol Morse, who will be a Michigan State University freshman this fall, was honored recently at a post-graduation party by her parents the Ciel L. Morse of Cooley Lake road, Waterford Township.

At the first annual honor ceremony at St. Vincent and Sarah Fisher Home for Children in Franklin, Mrs. Charles Unauy of Strathford, Water-

ford Township, was among 33 volunteers cited for outstanding service to the children during the past year.

Awards were made at a recent buffet dinner.

Robert Alan Munz, son of Mr. and Mrs. Elmer George Munz of Halyard drive, Birmingham, and a student at the University of Tampa, was initiated into Pi Kappa Phi National Social Fraternity.

He is majoring in business and will graduate in 1963.

Patricia McAllister, Adrian College senior, is one of three students to accept a position in the chemistry department of the college as an assistant instructor.

She will teach one freshman section during the 1960-61 school year under the direct supervision of the department chairman.

She will attend regular counseling meetings with full-time faculty members.

Mary Fauch of Pine Center drive, Orchard Lake, has been elected corresponding secretary of the Faculty Women's Club of Wayne State University.

Miss Fauch is on the university faculty.

Social Brethren Church Scene for Evening Rite

Lola Sharon Dunbar, daughter of the Albert G. Dunbars of North Johnson avenue, became the bride of William Walter Mabry at an evening ceremony, Saturday, in the First Social Brethren Church. Vows were pledged before the Rev. John Hancock.

A fingertip veil of net edged with lace was attached to a crown of seed pearls in complement to the bride's gown of white Chantilly lace. Wide flat satin bows accented back fullness which fell into a chapel train.

The fitted bodice featured traditional long tapered sleeves and a scalloped sabrina neckline. The hand-casade bouquet included white peonies and carnations.

Mrs. John Paul Wolfe was honor matron, and Joyce Taylor, Mrs. Larry Garris and Patricia Lee Brooks were bridesmaids. Linda Kammerer fulfilled the role of flower girl.

Blue satin cummerbunds and matching blue Dior bow headbands complemented their ball-train-length dresses of white polka-dot cotton. They carried blue-tipped carnations.

Roy Wayne Mabry was his brother's best man. They are the sons of Mr. and Mrs. William Milton Mabry of Henneville avenue, Auburn Heights. Ushers were Robert Cooley, Jerry Norris of Jackson and the bridegroom's brother-in-law Lloyd Pemberton.

At the reception in Roosevelt Temple, the mother of the bride appeared in pink lace and the bridegroom's mother in blue lace.

Wool Will Be Washable Soon

ALBANY, Calif. (UPI) — Forecast for wool: It will be washable, resist soil and wear and hold pleats permanently. The Department of Agriculture reports that research is being done in a new laboratory here. A treatment to make wool washable already has been developed, and scientists are working to develop the other easy-care qualities.

Avoid Malnutrition

Do Remember to Eat Eggs

By JOSEPHINE LOWMAN
The high cost of food makes careful planning, nutrition-wise, even more important. If you have a lot of money to spend on food, you are more likely to get the essentials of nutrition simply because of the greater variety you eat. This is not necessarily true but it is apt to be the case.

The smaller your food budget, the more crucial it is to learn about nutrition so that you spend what funds you have on vital foods. You cannot afford "empty" calories, or those which give you calories only and no health values.

It is poor economy to skimp on essentials since malnutrition can lead to chronic fatigue, inferior accomplishment, unhappiness, premature aging and expensive doctor bills.

NEED PROTEIN

First we must have protein in our daily diet (meat, cheese, milk, eggs, fish and poultry are the main sources). Proteins are composed of amino acids, eight of which we must get from our diet. All eight are found in the foods just named. Proteins are used for body repair and growth.

Everyone requires some protein every day but the need varies with age and size. For instance, a teenage boy should have about 100 grams a day while a man of average size should have 70 and a woman around 60.

We must have some fat in the diet but the average diet usually contains too much rather than too little. However, fat should not be completely cut out of the diet.

The carbohydrates (starches and sugars) supply us with energy and are important in the oxidation of fat and some give us vitamins and minerals. These should be a part of every day's planning.

We must have vitamins and minerals but with a well-balanced diet which includes protein, carbohydrates, fresh vegetables and fruits (including citrus fruits or fruit juice) and some fat.

When planning your meals remember the United States Department of Agriculture's plan of grouping all foods under four headings. These are the milk group, the meat group, the vegetable and fruit group and the bread and cereal group.

Besides these, of course, there are many other foods which add calories and make the meals more appetizing.

We must have protein in our daily diet. The need for this nutrient varies with age and size.

Twelve Area Musicians Study at EMU Session

A summer music conference for high school students on the campus of Eastern Michigan University at Ypsilanti has attracted a dozen Pontiac area musicians. The three-week program which serves hand, orchestra and vocal students from Southeastern Michigan has attracted a record 150 students this year.

Participants live in the dormitories and use university dining and recreation facilities. Morning and afternoon classes include band, orchestra, choir, theory, conducting and sight reading as well as individual study in private lessons on the student's own instrument.

Under the direction of Dr. Maurice Riley, head of the Music Department, a series of recitals and programs is presented to the public during the conference.

Appearing as soloist at the first student recital Tuesday evening was string bass player Paul Eicher of the Walled Lake Consolidated Schools. He presented "L'Elephant" by Saint-Saens.

Other area students attending the session are Linda Lasso of Pontiac; Judy Shoemaker, Judy Redman and Harold Howell of Oxford; Sarah Peterson of Orchard Lake; and Bobbi Bailey, Emilie Beupre, David Boggess, Ruth Cuthbert, Judith Garrels and Wendell Woodard of Walled Lake.

A public concert of all groups in the conference will be presented on the steps of Pease Auditorium Sunday evening at 6:30.

Being Blonde Not All It's Said to Be
(NEA) — She is a blonde in her mid-forties and painfully thin. It's clear that she does the bleach job on her hair herself. The hair is cut into a Kim No-vak halo, all wrong for an older woman.

But she is obviously clinging to the vestiges of youth without realizing that bleached hair makes her look years older. For the lines of her face seem to sag and the pale, brassy hair throws wrinkles into cruel prominence.

And yet, this same woman could be attractive if she gained ten pounds, returned her hair to its normal coloring, used a rinse to give it highlights and had it restyled.

Be Honest; Buy Gift Less Costly

By EMILY POST
Dear Mrs. Post: I asked a relative who is soon to be named what she would like for a wedding present. She mentioned a particular article and I said that I would get it for her.

I had no idea this item was so expensive until I shopped around for it and it is really much more than I can afford to spend.

Having mentioned that I would get it for her, am I obliged to do so, or may I quite properly send her something else? I would appreciate your help in this matter.

Answer: You can certainly tell her that when you said you would give her what she said she would like, you had no idea it was so expensive and that much as you would love to buy it for her, you are sorry you can't afford it and that you will have to give her something within your means.

Dear Mrs. Post: My son is soon to become engaged. He has informed me that his fiancée's mother does not like engagement parties and is not giving one for her daughter. In view of this, I would like to know if it would be proper for me to give an engagement party for the young couple?

Answer: If you mean a party to announce the engagement, it will not be proper for you to give it. If such a party is given it should be the girl's family who give it.

However, after the engagement has been announced by her parents, it would be entirely proper for you to give a party in honor of their engagement.

Dear Mrs. Post: My fiancée smokes a good deal; whereas I smoke only occasionally. When we are out together she takes out a cigarette, it is up to me to light it for her every time, or does she light it herself? We've been having a disagreement over this and I would like you to settle it.

Answer: If you are sitting directly beside her, and have, or can reach, a match or lighter, you would do it for her, but you would not cross a room to do it. Nor would you take a match or lighter out of her hand to do it.

Bonnie Lou Vallad Wed to Gordon E. Mitchell

In a candlelight ceremony at the United Presbyterian Church of the Attnement on Clintonville road, Bonnie Lou Vallad exchanged wedding vows with Gordon E. Mitchell. The Rev. Donald C. Andrews officiated.

Daughter of Mr. and Mrs. Alfred Louis Vallad of Alberta road, Pontiac Township, the bride chose a gown of white Chantilly lace, sequins and set over silk taffeta.

Her fingertip veiling of French illusion was held by a crown of pearls and rhinestones. Resting on her white pearl grayer hair was a corsage of orchids and stephanotis.

Mrs. Allen Wickman of Orion Township wore ballerina-length chiffon and lace. She carried orchid-tipped white carnations for her duties as honor matron.

Attendants in similar gowns of yellow chiffon were the bride's cousin Elmer Vallad, and the bridegroom's sister, Jeanette Mitchell. Cindy Wickman in pink organza and Joanne Betts, in green carried baskets of flowers to match their dresses.

Alfred Mitchell stood as best man for his brother. They are the sons of the Wilfred Mitchell of Jones road, Waterford Township.

Allen Wickman and Gilbert Mitchell were groomsmen and Roger Graves and Richard Vallad, uncles, Alfred Vallad Jr. carried the ring at the sister's wedding.

For the wedding and church reception, Mrs. Vallad chose blue chiffon over flowered taffeta. Her corsage was of red roses. Mother of the bridegroom wore pink roses with her dress of blue and pink lace.

After a brief honeymoon, following the June 18 wedding, the newlyweds are at home on Alberta road.

What'll He Do?

Queen Says: Work, Tony

LONDON (UPI) — Queen Elizabeth has decided that her brother-in-law, Tony Armstrong-Jones, should go to work, the Evening Standard reports.

But it said she had decided he is not a professional photographer, a stage designer and a not very successful dress designer.

The newspaper said he could make a fortune if he reopened his photographic studio "but it is a long tradition at Buckingham Palace that no one should make a penny out of the prestige of royalty."

NOT A 9:30 TO 5 MAN

One suggestion recently was that Armstrong-Jones might go to work in a stock brokerage owned by distant relatives, but the newspaper said Buckingham Palace has decided he was too artistic — "He is not a 9:30 to 5 man by temperament."

So, the newspaper said, "The most likely career he will take up is theater design. He has a talent for it and Princess Margaret is herself interested."

Armstrong-Jones designed the sets for a London musical play several years ago, using huge photographic backdrops. The decor was good but the show wasn't and it folded quickly.

Armstrong-Jones and Margaret appeared Tuesday in public for the first time since they returned from their Caribbean honeymoon and received a king-sized ovation.

Try Industrial Designing

Want a Top Job, Girls?

SAN FRANCISCO (UPI) — Any woman looking for a glamorous career in the man's world might consider industrial design.

Few women, other than secretaries and research assistants, are employed in the field, but there are no barriers against the woman industrial designer.

Beauty Clinic

by Edythe McCulloch
RED, WHITE and BLUE

Utilize the three favorite colors for summer in your makeup. RED—your lipstick, of course. But not just one shade. . . .

Have three, at least. One with a touch of copper, one with a good with a sunset. One clear red to wear with black and white and one with a tinge of blue for blue-tone colors.

WHITE—Get acquainted with the rare white makeup. It is for blending color, and while mangle eye shadow. BLUE—for the more popular than ever mascara or eye shadow. From frosty shades to midnight blue it's flattering almost to devastating for mid-summer nights.

Phone Edythe McCulloch Beauty Shop, FE 2-7411, 608 Pontiac State Bank

19 Tables in Play by Duplicate Club

Nineteen tables were in play when the Pontiac Duplicate Bridge Club met Monday evening at Elks Temple for the monthly masterpoint game. Winners were Frank Perryman and Richard Yeager, Dr. Douglas Campbell and Robert Larson, Dr. Charles Patrick and Richard McCarty and Dr. and Mrs. W. H. Barver. Others were Mr. and Mrs. Ludwig Maybaum, Mr. and Mrs. Arnold Richards, Mrs. Sam Cohen and David Utley.

Join Moose Unit

Four candidates have been enrolled in Women of the Moose No. 300. They are Roy Ottmar, Mrs. Roy Williams, Mrs. Lloyd Duckworth and Mrs. Daniel Emery. Twenty-seven members attended Monday's meeting at the Moose Hall. The class was in honor of Mrs. Fernan Huston, College of Regents.

Can Give Help Children Need Urges Parents' Aid in Classroom

EAST LANSING — A Maryland educator has advocated classroom participation of parents in the early elementary grades. Dr. James L. Hymes Jr., the University of Maryland, head of childhood education at told a cooperative nursery school conference at Michigan State University that elementary teachers could offer more varied programs if they had more adult help in the classrooms.

"The cooperative idea in education should not necessarily be limited to children under six years of age," Dr. Hymes maintained.

"Youngsters also need a great deal of individual help in the early elementary grades — the kind of help that parents are ideally equipped to give," he added.

In discussing some of the constant values of good cooperative school programs, Dr. Hymes urged parents be "community resources for concern about children and not only our own flesh and blood."

He also stated that parents can become familiar with child motivation, discipline techniques, the learning process and other evidences of good education through their experiences in cooperative schools.

"Where the cooperative school goes beyond other schools," he said, "is where they attempt to help parents better understand children, and to really enjoy them."

In conclusion, Dr. Hymes contended that no matter what form or shape it may take, a cooperative must, first of all, be a good school.

"Well-trained teachers, interested parents and good school facilities are the vital ingredients for a top-notch cooperative program," he said.

Mrs. Shunck Off to Visit Turkey

A dream of a lifetime—to see the exotic Far East—came true for a Waterford Township woman Tuesday, when Mrs. William A. Shunck boarded a plane at Metropolitan Airport, bound for Istanbul, Turkey.

Mrs. Shunck will see her daughter Sally graduate from Ataturk Kir Lisesi—a high school for girls—in a land famous for its Biblical history, rare art treasures and great cathedrals.

It all began last summer, when the Shunks were hosts to a group of principals and superintendents from Turkey. During the visit, Mrs. Shunck found that she and one of the women, Mrs. Aydin Iligaz, had much in common as far as education, social compatibility and general thinking was concerned.

As the friendship grew, the two families decided to have a student-exchange project of their own. Mrs. Shunck would accommodate Mrs. Iligaz's son, Aydin Jr., and the Turkish woman would see that Sally attended high school in Turkey, for a one-year period.

Aydin is now attending his first year at Michigan State University. The project has been so successful that he will continue to live with the Shunks and finish his college education. Sally will enter Michigan State University next fall.

On her way to Turkey, Mrs. Shunck will have a 10-hour stopover in London to see sights she never expected to see. After Sally's graduation, the two will visit the beautiful mosques of Turkey, see the Passion Play at Oberammergau, Germany, and return home from London July 31.

The Unmentionables

NEW YORK (UPI)—There is plenty mentionable about what a girl spends on unmentionables. One poll of New York career girls showed the annual spending on lingerie at \$150 per year. A lingerie manufacturer talked to hundreds of women along "advertising rows"—Madison Avenue—and found also that the average working girl owned four girdles, six bras, 10 pairs of panties and 12 slips. In sleepwear, the average was six nightgowns, three pairs of pajamas, two robes and one bed jacket.

The sea otter's fur is so fine and the thick that the animal can swim for hours without getting its skin wet in 80 companies.

Pontiac Press Photo

Last-minute packing before taking off for Istanbul, Turkey, yesterday, occupied Mrs. William A. Shunck of Longworth drive, Waterford Township. She will see her daughter Sally, graduate from a girl's school in Turkey on a "personal" exchange program between the Shunks' and a family living in Turkey.

Hosts Group at Boat Club

Mrs. E. M. Rose, Mrs. James Gilchrist and Mrs. William F. Pfeiffer of the Pontiac Woman's Club were hostesses at a dessert luncheon Monday at Oakland County Boat Club.

Some 40 members and guests played cards during the afternoon. Proceeds will be used for the special project fund and a nursing scholarship.

Hostesses were assisted by Mrs. Clarence Myers and Mrs. Albert Simpson.

Falls on slippery surfaces are the leading cause of off-the-job days without getting its skin wet in 80 companies.

'You Are Too Pudgy, Please Lose Weight!'

By RUTH MILLETT

Ten years ago he married a slim, trim, pretty girl. Today he is married to a fatty who seems perfectly content with the way she looks—even though her husband isn't. He asks:

"How can I tell her I wish she would lose weight without hurting her feelings?"

You may have to hurt her feelings—for most overweight women are pretty sensitive about it, even though they may appear to be unconcerned about their size.

But it is far better to hurt your wife's feelings now by letting her know that you aren't happy about the way she has let herself go than to keep still and let her go on gaining more and more weight.

Married couples should be honest with each other when it comes to such matters. Keeping still just gives the marriage partner a false sense of security.

Your wife probably thinks you don't care about her weight gain—since you have never talked to her about it or told her honestly how you feel.

She should know better, of course. But it is easy for a woman to kid herself in such matters. She may even be saying to her friends:

"George likes me just as I am. He doesn't want me starving myself to stay slim."

So let your wife know exactly how you feel about her weight. Encourage her to go on a strict diet. Praise her for every pound she loses.

She may be hurt at first but eventually she will come to see that your concern for her battle against the bulge is an indication of your love for her.

And when she has won the battle she will be happy in your pride of her looks.

No wife should have to be told that her husband needs to feel proud of the way his wife looks—but some do have to be told. And it is the husband's duty to do the telling.

Coordinator of Colors Is New Job

It Pays Well but One Must Work Up Slowly

CHICAGO (UPI)—Women with an eye for color can make it pay up to \$15,000 a year, according to Mrs. Betty Schoenberg, national color coordinator of a large mail order house's home furnishings line.

Mrs. Schoenberg's job is to advise her company on what colors to feature in upholstery, rugs, draperies and accessories.

To do this, she must keep abreast of the changing tastes of homemakers, yet be able to recognize a color trend from a fad.

In Mrs. Schoenberg's case, this ability stems from a natural talent for choosing pleasing combinations of colors, plus both a college and professional education in art, architecture and the theories of color.

She called a natural sense of color even more important than education in its use.

"You have to be able to judge color the way the homemaker does with her eyes," Mrs. Schoenberg said.

According to Mrs. Schoenberg, there is an increasing number of jobs in her field, and women as well as men can get such jobs with furniture manufacturers, fabric and rug mills.

"But many of the opportunities in this field have to be made," she said. She suggested becoming an interior decorator as a start.

"After a decorating course in a home economics college or professional art school, go to work in a department store," Mrs. Schoenberg advised. She began her career arranging table settings in a Chicago department store.

She suggested making the break from interior decorating into color coordinating by taking a job with a manufacturer of furniture, fabrics or carpets.

"You may be hired to arrange showrooms," she said. "But keep coming up with sound advice on color and the manufacturer may recognize the need for a color coordinator."

Partial Mirror Won't Offer Fullest View

(NEA)—When you're dressing for a special occasion, do you make the mistake of looking at yourself in a mirror that only shows part of you at one time? If you do, you're taking a chance on not looking your best.

Your hair may be arranged beautifully. Your earrings may add the perfect finishing touch to your hairdo. And yet, neither may be just right for the dress and shoes you're wearing.

When other people see you, they see the complete picture—not just an attractive hair style or a pretty dress. Everything you wear should comprise the best possible portrait you can present. And unless you have carefully examined yourself in a full-length mirror, you won't know for certain that the clothing, dress, shoes and jewelry you've chosen complement each other as you hoped they would.

In Morning Rites

Janis Paquette Says Vows

The Rev. Francis O'Donnell officiated at the Saturday morning nuptials of Janis Gail Paquette and Chesley E. Drouillard in St. Michael Church.

Mr. and Mrs. Moses L. Paquette of Gillingville, parents of the bride, were hosts at an evening reception in Gillingville, Community Center. The bridegroom who lives on Myrtle street is the son of the Ernest H. Drouillards of Belleville, Ont.

Four attendants in white nylon chiffon and green embroidered bodices over tulle preceded the bride to the altar banked with white gladioli. They carried green and white carnations on white silk fans.

Yvonne Koprince was maid of honor. Serving as bridesmaids were the bridegroom's sister Iva of Belleville, Ont., Maxine Wittler of Lake Orion and Anne Lane.

Six liberal veiling complemented the floor-length bridal gown of embroidered white or-gandy styled with three-quarter sleeves and square neckline. Resting on the bride's white prayer book was a cascade of white roses, ivy and shattered carnations.

Gerald R. Paquette was best man at his sister's wedding. Her brother Neil ushered with the bridegroom's brothers, Clayton and Monty of Belleville, Ont.

Before leaving on a brief honeymoon the new Mrs. Drouillard changed to a yellow and white linen shower dress.

Mrs. Paquette chose rose embroidered linen for her daughter's wedding and the bridegroom's mother appeared in a costume suit of powder blue linen.

Mrs. George Podvin attended her granddaughter's wedding with Mrs. Cary Brandner and Mrs. William Ward, aunts of the bride. All are from Minneapolis, Minn.

Mrs. and Mr. Robert Barney of Riverside, Ont., were guests at their nephew's wedding.

MRS. CHESLEY E. DROUILLARD

Musical Group Presents Awards to Students

Annual awards have been presented by the Senior Group of Pontiac Junior Musicians. Given a partial scholarship for attendance at interloches when members met Saturday at the U.S. road home of the Oscar Schmids was David Allen, violinist.

Mary Jane Holsington received the achievement award for presenting a private recital in dramatics and song.

Attendance prizes went to Sue Diman, Jim Howard, Karen Holstein, Mary Jane Holsington, Jerry Storer, Sherry Scribner, Mary Ann Stephenson and Alice Treece.

The group adjourned to Ted's Restaurant for dinner and later attended the Detroit Symphony Orchestra's concert at the Michigan State Fair grounds.

Parents and guests attending were Mr. and Mrs. Edwin Diman, Nancy and Elaine Diman, Janetta Green, Robert Logan, Mrs. Austin Martin, Mrs. Walter Aluzas and Mr. and Mrs. Schmidt.

Others were Dana Jelsch, Elaine Findlay, Gilbert Stephenson, John Stale, Sherry Aluzas and Karen Martin.

Coeds Can Hit Books in Summer

COLUMBIA, Mo. (UPI) — Summer vacations should be used to prepare college women for marriage and careers, says the president of a women's junior college.

"Confronted with new patterns of early marriage and pressure for early entrance upon careers, women want a more significant summer than one spent in idleness or in contrived activities," Dr. Seymour S. Smith, of Stephens College, said.

"Furthermore, with the rising pressure on educational facilities, too many college plants gather moss on ivy-covered walls for too many idle months each year. College plants ought to be used the year round," he added.

To meet the problem, Stephens, a two-year college, next fall will offer a bachelor of fine arts degree in four fields — music, theater arts, fashion design, and dance.

In courses including two summer sessions, students can: —Study and act in summer stock with the college playhouse company of resident professional actors for eight weeks at Lake Okoboji near Spirit Lake, Iowa.

—Study fashion design in New York at the Parsons School of Design. Also under consideration for summer studies are a fashion design study tour of Europe and approved courses at other colleges.

—Study dancing and acting and work with professionals at the Perry Mansfield School of Dance and Theater at Steamboat Springs, Colo.

—Study music theory and perform on the Stephens campus.

Ei, Ei, Eyes

(NEA) — The eyes have it this season. Subtle emphasis is accepted during the daytime, and, after dark, almost anything goes. One kit, which contains everything needed for eye beauty, even includes a washable "palette" for blending colors.

Rather, the air flies with discussion of drip-dry fabrics, pleats that will hold their own in washing and so on.

These are fine things in their way and a boon to the young mother.

But the woman in her mid-thirties, no longer tied down by small children, is the one who should give some thought to her way of dressing.

Out should go the standard navy blue suit worn with small flowered hat.

In should come a planned way of dressing with loving attention given to each purchase in order to make up an arresting, attractive, special way of looking.

The two-piece look in bathing suits will sweep American beaches this summer according to fashion predictions. Shown on the sun-basking model is a vivid jungle printed cotton piglet

featuring sleek little-boy shorts and halter bra. For contour control, the suit is interlined with quick drying, light weight peltan.

This Lady Deep in Crime

By GAY PAULEY

NEW YORK (UPI) — Mrs. Marilyn Picard is equally adept at cooking a fine French meal or cooking up a concoction to help police catch a criminal.

Mrs. Picard, a bubbly brunette, 28, runs the fingerprinting department of her family's firm which manufactures coats to 1,000 products used for crime detection.

These include fingerprint inks and powders, camera attachments for closeup work at the scene of a crime or accident, narcotics testers, solutions to detect forgeries of alterations of records, a solution to determine whether a stain is blood or just ketchup, and various sizes of laboratory kits equipped with hoses and other tools of the trade.

Often, she is summoned as a consultant to help track down trickery, and travels around the nation fingerprinting employees for various companies, demonstrating baby outprinting to hospital staffs, helping police departments set up their fingerprint classification files, and returning on fingerprinting at meetings of police chiefs or heads of police identification departments.

She is in Asbury Park, N.J., this week for the New Jersey Police Chiefs' convention.

Mrs. Picard is one of the few women members of the International Association for Identification. And, she has just completed the development of an inkless, disposable pad for use in hospitals where state law requires fingerprinting of the newborn.

"I don't like being called an expert," she said. "I may know a lot, but there's a lot I don't know. There was a jet wreck so bad that all they had was part of a man's shoulder, but the FBI made a complete identification from it. Now, that's expert work."

Mrs. Picard was born Marilyn Dondoro, only daughter of John A. Dondoro, a chemical engineer who established Faurst Inc. in 1932.

"By the time I was 14, I was coming in the office on Saturdays to help address envelopes," she said in an interview recently. "When my father saw I was interested in his work, he began coaching me on fingerprinting."

"He loved it so much he used to give evening classes. Occasionally he'd let me substitute for him. But

eventually we gave up the school—it was just too much."

Her father died three years ago and today her mother, Laetie, heads the firm. Also associated with Faurst is her French-born husband, Pierre Picard, whom she met while both were studying business administration at Fordham University.

The Picards have two children, Peter, five, and Phillip, going on two.

Mrs. Picard works in a man's world but is a completely feminine woman who likes to cook and run the home—the family lives in White Plains, N.Y.

"My mother-in-law taught me a lot about French cooking," said Mrs. Picard. "And, how to do needlepoint." She explained that she lived in Paris from 1954 to 1957 while Pierre was on military duty. He now has applied for U. S. citizenship.

Fingerprinting, she said, can be traced to the Chinese 2,000 years B. C., when prints were used as a signature, say on a deed for property. It came into use in criminal identification in the early 1900s.

Today, the FBI has on file in Washington better than 150 million prints of criminals, government workers and people who just plain want to be fingerprinted in case of accident.

"The whole subject is fascinating," said Mrs. Picard. "I got a letter this week from a woman who wrote that she is the reincarnation of her grandfather with the same fingerprints, and before him, Benjamin Franklin."

"She added, 'I may even have had a criminal record I don't know about.'"

WASHINGTON (U-Peter B. Ferrara put this classified ad in the Washington Star recently:

"I am responsible for all debts and obligations of my wife, Vera, both present and future, and am delighted to be the provider for a woman who has borne me three fine children, listened patiently to all my gripes and with an abundance of love and care made the past 15 years the happiest I have ever known."

"On this 15th wedding anniversary I am proud to express my gratitude publicly."

11th-Hour Date Tips Helpful

(NEA) — In this day and age of "instant" wonders, one of them is that a last-minute plea for a date needn't throw you into a panic.

Even though your hair looks a mess, your nails are ragged and you've developed skin bumps, you can still keep that date looking pretty.

This is the way you go at it: When your hair needs a shampoo and a setting into the bargain, brush it first with a hairbrush slipped into an old nylon stocking.

Brush vigorously with head down, from the scalp to hair ends. The nylon will pick up the lint and grime, dry cleaning your hair.

Then dampen your hair with cologne and pinurl it for a fast set. The cologne dries rapidly.

Ragged fingernails can be concealed with the artificial variety. Trim the rough cuticles, apply the false nails and coat with fresh polish.

While your nails dry, lie down for 15 minutes with your feet propped high. Close your eyes and cover the lids with cotton moistened in witch hazel to relieve tired eyes.

For those skin bumps which plague many girls, use a covering make-up in stick form.

This opaque cream will conceal pimples, freckles, strawberry marks and other skin flaws.

And, of course, remember that the permanent way to keep pimples away is via rest, exercise, sound diet and eight glasses of water per day.

Discover Dental Floss: An Ally of Toothbrush

(NEA) — When it's a matter of warding off dental bills and keeping your own sound, white teeth, dental floss is definitely a girl's best friend. It's an ally of the toothbrush and, as such, should be used daily.

But it has virtues that the toothbrush has not. It can be easily toted with you to the washroom in an office after lunch. (Some girls balk at brushing teeth in an office washroom.) It gets into spots that a toothbrush was never meant to reach. And it destroys, on the spot, the possibilities of future decay.

It should stand on your bathroom shelf in a large container and go with you in your handbag to the office in a purse-size container. It should also be a must on your list when you're packing to go on a trip.

Stammer Couple on Trip

MRS. FRANCIS D. STAMMER

Honeymoon plans for Francis Donald Stammer of Garden City and his bride, the former Rose Marie Flanigan, include a motor trip through northern Michigan, Wisconsin and Iowa.

Their wedding vows were solemnized last night Saturday in St. Michael Church by the Rev. Francis X. Cruck.

The bride is the daughter of Mrs. John T. Flanigan of Edison street and the late Mr. Flanigan. Mr. and Mrs. Raymond A. Stammer of Vail, Iowa, are the bridegroom's parents.

The bride's gown was fashioned of floor-length white embroidered English organza. The moid e bodice featured a sabrina neckline, short sleeves and basque waistline.

Fresh silk illusion veiling was caught by a crown of seed pearls. The bride held a cascade arrangement of white carnations and stephanotis.

Mrs. M. W. Flanigan of Waterford Township attended her sister-in-law as matron of honor.

Pink and white carnations in a fan arrangement complemented her street-length dress of blue silk organza. The fitted bodice was styled with a square neckline. Her blue veil was held by an organza clip.

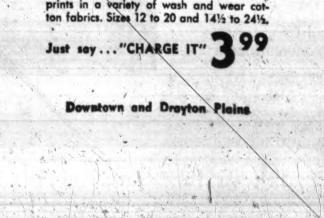

On the esquire side were the bride's brothers William, serving as best man, and James, who acted as the guests with Joseph Berry.

At the reception in her home, Mrs. Flanigan appeared in a gray lace sheath dress over pink taffeta. Mrs. Stammer wore beige Cupini silk. Shoulder corsages of pink carnations completed their ensembles.

On their return from their honeymoon, the newwedded will reside in Garden City.

Cutaways Tops

(UPI) — Little cutaway jackets stopping at the waist or a few inches below and hip-top boxy jackets dominate the sportswear scene. They are shown with slim or pleated skirts for a suit look.

Lake Orion School Post Candidates to Give Stands

LAKE ORION—Candidates for positions on the Lake Orion Board of Education will state their views on school problems at a "Town Hall" meeting at 7:55 p.m. tomorrow in the high school.

The meeting is sponsored by the newly formed Lake Orion Area PTA Council to give school district voters a chance to hear and question the office seekers.

Kenneth Brown, deputy superintendent of the Oakland County school, will introduce the 15 candidates.

Expected to take part in the session are the nine who are seeking election to four-year terms on the Board. They are James Basinger, Clare Berger, Gordon Brown, Charles Carpenter, Robert Hawthorn, Mary Parker, William Porritt, Grace Ruebelman and Warren Smith.

Also invited to air their views and give their qualifications are the six running for the two three-year vacancies.

They are Helen Barnes, Wilson Church, Robert Sheardy, Robert Streible, Mildred Williams and present Board treasurer Richard Young.

MANY QUESTIONS SET

Among the prepared questions to be asked are why they want to be on the School Board and whether they will take the time to learn their jobs as members if elected.

The candidates also will be asked whether they have any ideas how the local school system could be improved, such as in the areas of curriculum, morale of teachers and administrators, transportation and special activities.

Another question will concern provision of equal facilities to all children in the school area.

Federal aid education also will be presented for discussion by each candidate. It will be supplemented by the further question of whether they favor support of the program with local funds.

Mrs. Martin Parker is chairman of the "Town Hall" committee.

She said, "No public position is more important than that of membership on the Board of Education, and the PTA Council wants voters to come to the meeting and judge for themselves the qualifications of the candidates."

Gov. G. Mennen Williams is unable to make his customary appearance at the head of the line of march because of national convention commitments, parade co-chairmen Richard Duncan and Gerald Mott said today.

The day-long celebration will begin at 9:30 a.m. with the presentation of trophies to Miss Utes, Barbara Witke, and members of her court on the grandstand at the intersection of Cass avenue and Auburn road.

STARTING AT 10 A.M.

The parade will start promptly at 10 a.m. and will feature "more floats than ever before," the co-chairmen said.

Also expected to be in the line of march are the Drum and Bugle Corps from Mount Clemens Amvel Post 25, several high school bands and a U.S. Army marching unit from the Nike missile base near Utica.

Prizes will be offered for the most beautiful, most patriotic, best service club and best religious floats.

The other 10 prizes will be presented for best decorated float, best float, most unusual pet, best kiddie and most comical children's entry and for the best marching group and others.

The prizes will be awarded at 12:30 p.m. at Ramona Park.

DANCING TWO NIGHTS

The annual celebration will begin Friday night with dancing at the park. Music will be furnished by the Veto-Tones.

Beer Sales Set Record for Americans in 1959

NEW YORK (UPI)—Americans drank more beer in 1959 than in any previous year in history, according to the U. S. Brewers Foundation.

The brewers said a total of \$7,622,845 barrels of beer and ale last year, an increase of 3,198,126 barrels over 1958. The previous record was \$7,172,845 barrels sold in 1957.

The fourth well was proposed after Holly ran out of water in the summer of 1959.

At first it was thought that one of the wells had developed trouble and needed cleaning and overhauling. This was done, but when the job was finished it was discovered that mechanically nothing serious had occurred. There just wasn't enough water to meet the needs of Holly.

Food Depots Proposed for Population Centers

WASHINGTON (AP)—Food storage depots near major population centers of the country were proposed Tuesday by Rep. Leonard G. Wolf (D-Iowa).

Depots would be stocked with food for use in the event of war, flood or other catastrophe which would destroy the usual channels of food supply.

Senate Passes Resolve for National Voters' Day

WASHINGTON (AP)—The Senate passed and sent to the House Tuesday a resolution urging the President to proclaim the first Tuesday after the first Monday of November each year as National Voters' Day.

Would Deny Licenses to Question-Dodgers

WASHINGTON (AP)—Rep. Francis E. Walter (D-Pa.) introduced a bill Tuesday to deny radio operators' licenses to persons who dodge questions about Communist activities.

PRE-CONTEST COKE — Jo Ellen Schaefer, Miss Rochester of 1960, paid a visit to Romeo yesterday to invite officials of the Romeo Peace Festival Assn. to the Rochester Kiwanis "4th of July" celebration Monday. While there she met Miss Romeo, Sharon Poljan, and shared a coke with her. The two girls will be vying against each other for the Peach Queen crown early in August along with nine more village queens from other Oakland and Macomb county communities.

Lt. Gov. Swainson to Head Column

Expect Thousands at Utica Parade

UTICA — Thousands of spectators are expected to line Utica's main street Monday to witness the local Lions traditional Fourth of July Homecoming parade.

Parade marshal this year will be Lt. Gov. John R. Swainson, who will be accompanied by U.S. Rep. James G. O'Hara (Dem-Utica).

Gov. G. Mennen Williams is unable to make his customary appearance at the head of the line of march because of national convention commitments, parade co-chairmen Richard Duncan and Gerald Mott said today.

The day-long celebration will begin at 9:30 a.m. with the presentation of trophies to Miss Utes, Barbara Witke, and members of her court on the grandstand at the intersection of Cass avenue and Auburn road.

Corrosion is Ruled Out as Milford Water Barrier

MILFORD — Inspection of a 60-year-old water main here shows that corrosion is not responsible in blocking half its carrying capacity. Village Manager Oliver Taylor reported today.

"This is good news for the village," Taylor said. "We thought the entire length might have to be cleaned out or partially replaced."

The eight-inch main runs approximately 2,600 feet north from the pump house to the Summit street water tower.

Estimated cost of eight-inch cast iron pipe per foot is \$5.85 installed.

TO PROBE FURTHER

Taylor said a small section of the pipe had been removed and "it was as clean as a whistle."

"However, something is definitely holding up the water," he added. "Further investigations will have to be made to see what is causing it."

The investigation was made on the recommendation of consulting engineer Robert McCauley in his report to the Council on the village distribution system in the village.

Council had hired McCauley late last year to make the study for \$1,000.

Cleaning out the eight-inch mains was one of five recommendations regarding the water supply made by McCauley.

Another of his recommendations, drilling a new well with a capacity of 1,200 gallons of water a minute, was also approved by Council.

MAINS NEW WELL

McCauley has been authorized to prepare plans and specifications for the new well to be drilled near the present water supply.

He has estimated the well could serve the community until 1980.

The new well is expected to cost approximately \$23,800.

The two present wells will be used for standby service once the new one is in operation.

No date for drilling has been set.

Home Group Elects Officers in Rochester

ROCHESTER — Stanley (Bud) Finston has been elected president of the newly formed Rochester Meadows Homeowners Assn.

Other officers are Donald I. Borck, vice president; Jack Curry, treasurer; Mrs. Borck, corresponding secretary; and Robert E. Cheek, acting recording secretary.

Serving on the board of directors are Thomas Strout, Robert School, Gene A. Garriott, Augustus P. McDade and Glen Mattson.

The association has enlisted the services of local attorney Arthur R. Cox to aid in drawing up the bylaws and charter for the new organization and for general legal assistance.

The general goals of the association are to protect the interests of members with regard to the surrounding areas and to further the social relationships among its neighbors, Finston said.

ORION TOWNSHIP — The WCS of Hawthorn Methodist Church will serve a dinner at 5 tomorrow in the church hall.

Rochester Couple Resides in East Following Rites

ROCHESTER — Now living in Rhode Island following a honeymoon in Northern Michigan are newlyweds, Mr. and Mrs. James W. Wallace Jr.

The bride is the former, Kathryn Lee Hubbard, daughter of Mr. and Mrs. Walter S. Hubbard of 589 Mary Ellen St. Her husband is the son of Mr. and Mrs. James W. Wallace, 176 E. Tienken Rd.

For her wedding in St. Paul Methodist Church, the bride chose a full-length gown of sorrel lace dotted with bridesmaid sequins. It featured a molded bodice and a scalloped, scooped neckline.

Her full-gathered skirt swept into a chapel train. A crown of seed pearls and sequins secured her fingertip veil, and she carried a colonial bouquet of gardenias and stephanotis.

The bride's sister, Ruth, was maid of honor. Bridesmaids were Gloria Decker, Joan Davis and Mrs. Robert Fisk.

Duties as best man were performed by Paul Stewart, Ulaena, wife of the bride's brother, Jay, the bridegroom's brother, Larry, and their cousin, Roger Rowold.

A reception will be held in the student center at Michigan State University, East Lansing, Saturday.

MARJORIE GINGRICH

Mr. and Mrs. Hubert Gingrich of 337 Caroline St., Auburn Heights, announce the engagement of their daughter Marjorie to Donald Davis, son of Mr. and Mrs. Robert S. Davis, 3183 Martell Rd., Avon Township. A September wedding is planned.

Police Wait for Chop to Pick Up His Wallet

DALLAS, Tex. (UPI)—Police are waiting for a 20-year-old youth to pick up his lost wallet at the lost and found department.

Officers said the wallet contained four traffic tickets for illegal turns, running a stop sign and running a red light — all while riding a bicycle.

This Family Better Buy Cow, Don't You Think?

TEMPLE, N. H. (UPI)—Mr. and Mrs. Edwin Fiske and their 10 children were selected as New Hampshire's number one milk-drinking family.

The New Hampshire Dairy Month Committee says the family drank 285 quarts of milk in one month.

Utica Man Injured When Truck Crashes

TROY—A 30-year-old Utica man was critically injured early this morning when his pickup truck left the road, hitting a driveway culvert and overturned, pinning him inside.

Taken to Mount Clemens General Hospital with skull fractures was Charles E. Kennedy of 4504 Cornwall St.

Center Line state police troopers, who handled the accident, theorized that Kennedy fell asleep at the wheel.

The mishap occurred in front of 4161 Deguindre Rd. It took 10 minutes to extricate Kennedy from the smashed vehicle, police said.

MRS. CHARLES R. BOHM

Reside in Warren After Honeymoon in Tennessee

MILFORD—Area newlyweds Mr. and Mrs. Charles R. Bohm are now living in Warren following their honeymoon trip through the Great Smoky Mountains in Tennessee.

The bride is the former Ruth Carol Sinnock, daughter of Mr. and Mrs. Harold J. Sinnock, 1075 General Motors Rd. Her husband's parents are Mr. and Mrs. August C. Bohm of 1333 Plumbrook Rd., Utica.

For her wedding in Milford Presbyterian Church, the bride wore a gown of emerald-green silk organza over tulle. Three tiers of ruffles fell into a chapel train.

The square neckline was accented by scallops.

She carried a bouquet of phalaenopsis and stephanotis with a rose corsage center.

The bride's sister Mrs. Charles Hilger of Milford was matron of honor. Bridesmaids were the bridegroom's sister Norrene, Mrs. Patrick Coussens of Utica, Mrs. Wayne Chenoweth of Milford and Sylvia Jones of Birmingham.

Susan Mitchell was flower girl.

Gerald Maus of Utica was best man. Seating guests were Patrick Coussens, Dennis Weier of Utica, Charles Hilger and Wayne Chenoweth. The bridegroom's brother James was ringbearer.

A reception in the church Fellowship Hall followed the evening ceremony.

Senate Passes Resolve for National Voters' Day

WASHINGTON (AP)—The Senate passed and sent to the House Tuesday a resolution urging the President to proclaim the first Tuesday after the first Monday of November each year as National Voters' Day.

Would Deny Licenses to Question-Dodgers

Holly Will Get Pump House

Council Gives Engineers Go-Ahead to Draw Up Plans, Estimate Costs

HOLLY — An engineering firm last night was authorized by the Village Council to draw up plans and specifications for a pump house for the community's fourth well.

Village President Aram Krikorian said he expects to have cost estimates on the housing facilities before the next Council meeting in two weeks.

Authorized to draw up the plans for the Ann Arbor consulting engineering firm of Ayres, Lewis, Norris and May.

The building will house a 250-gallon a minute pump costing \$2,200, Krikorian said.

The well, drilled earlier this year, is on a site leased from the Adelphi Academy. The property is immediately west of the village and north of the Shawansee River.

Tests have shown that almost a million gallons a day could be expected from the new well if needed.

The fourth well was proposed after Holly ran out of water in the summer of 1959.

At first it was thought that one of the wells had developed trouble and needed cleaning and overhauling. This was done, but when the job was finished it was discovered that mechanically nothing serious had occurred. There just wasn't enough water to meet the needs of Holly.

Lt. Gov. Swainson to Head Column

Expect Thousands at Utica Parade

UTICA — Thousands of spectators are expected to line Utica's main street Monday to witness the local Lions traditional Fourth of July Homecoming parade.

Parade marshal this year will be Lt. Gov. John R. Swainson, who will be accompanied by U.S. Rep. James G. O'Hara (Dem-Utica).

Gov. G. Mennen Williams is unable to make his customary appearance at the head of the line of march because of national convention commitments, parade co-chairmen Richard Duncan and Gerald Mott said today.

The day-long celebration will begin at 9:30 a.m. with the presentation of trophies to Miss Utes, Barbara Witke, and members of her court on the grandstand at the intersection of Cass avenue and Auburn road.

STARTING AT 10 A.M.

The parade will start promptly at 10 a.m. and will feature "more floats than ever before," the co-chairmen said.

Also expected to be in the line of march are the Drum and Bugle Corps from Mount Clemens Amvel Post 25, several high school bands and a U.S. Army marching unit from the Nike missile base near Utica.

Prizes will be offered for the most beautiful, most patriotic, best service club and best religious floats.

The other 10 prizes will be presented for best decorated float, best float, most unusual pet, best kiddie and most comical children's entry and for the best marching group and others.

The prizes will be awarded at 12:30 p.m. at Ramona Park.

DANCING TWO NIGHTS

The annual celebration will begin Friday night with dancing at the park. Music will be furnished by the Veto-Tones.

Beer Sales Set Record for Americans in 1959

NEW YORK (UPI)—Americans drank more beer in 1959 than in any previous year in history, according to the U. S. Brewers Foundation.

The brewers said a total of \$7,622,845 barrels of beer and ale last year, an increase of 3,198,126 barrels over 1958. The previous record was \$7,172,845 barrels sold in 1957.

The fourth well was proposed after Holly ran out of water in the summer of 1959.

At first it was thought that one of the wells had developed trouble and needed cleaning and overhauling. This was done, but when the job was finished it was discovered that mechanically nothing serious had occurred. There just wasn't enough water to meet the needs of Holly.

Food Depots Proposed for Population Centers

WASHINGTON (AP)—Food storage depots near major population centers of the country were proposed Tuesday by Rep. Leonard G. Wolf (D-Iowa).

Depots would be stocked with food for use in the event of war, flood or other catastrophe which would destroy the usual channels of food supply.

Pauline Press Photo

The queen and her two attendants, Judi Fidler and Connie Steele, will ride on the local Lions club float in the parade.

Patricia Leidholdt, who reigned for two days as Miss Utica before having to relinquish the crown because of holding another title, will be riding on the Utica Rotary Club float. She is the Rotary Club's Queen.

MSU Prof Seeks to Ease Oil Search

EAST LANSING — Michigan has substantial untapped oil deposits.

"This seems to be the general opinion of many geologists who have made extensive studies of what is referred to geologically as the Michigan basin," according to Dr. William J. Hinz, assistant professor of geology at Michigan State University.

But Michigan is prevented from realizing its full potential as a producer of oil by obstacles that hinder the petroleum explorer in locating oil fields.

Chiefly responsible are the types of subsurface structures, the great depths of producing horizons, and the glacial drift covering the basin in depths of up to 1,000 feet.

Dr. Hinz, who is in the process of developing a strong geophysical program within the MSU geology department, believes that much can be done to ease some of the state's petroleum exploration problems.

With the help of other geologists and graduate students in his department, he has laid out a long-range program of research that promises to provide much valuable information for future oil exploration.

FIELD STUDY INCLUDED

Among the several important facets of this proposed program is a field study leading to a complete magnetic map of Michigan and adjoining areas.

Preliminary studies indicate that the geology of Michigan is both for petroleum and mineral exploration when tied to other physical and geological data.

"New methods of exploration may come from the application of entirely new methods, revision in present methods, and new correlations between geological features and the occurrence of petroleum."

Dr. Hinz said that the aim of the department is to develop a geophysical section to a facility that will be a rich training ground for prospective petroleum geologists and geophysicists and at the same time make substantial contributions to the development of Michigan as an oil state.

This Family Better Buy Cow, Don't You Think?

TEMPLE, N. H. (UPI)—Mr. and Mrs. Edwin Fiske and their 10 children were selected as New Hampshire's number one milk-drinking family.

The New Hampshire Dairy Month Committee says the family drank 285 quarts of milk in one month.

Police Wait for Chop to Pick Up His Wallet

DALLAS, Tex. (UPI)—Police are waiting for a 20-year-old youth to pick up his lost wallet at the lost and found department.

Will Drop Owl Service Running Over Income

BOSTON (UPI) — The Metropolitan Transit Authority, which operates Boston's rapid transit service, has decided to abandon its "owl" service.

This will be dropped effective soon as an economy move. The MTA said it cost \$257,114 last year to run the service between 2 a.m. and 5 a.m. while income from this source was only \$37,212.

Hay Tastes Better

MONTPELIER, Vt. (UPI) — The State Agriculture Department says that to avoid a grassy taste in milk first turn cows out in the fields only and feed hay in the afternoon.

Deaths in Pontiac and Nearby Areas

MRS. JAMES CRAWFORD

Mrs. James D. (Myrtle) Crawford, 71, of 68 Mark St., died yesterday at Pontiac General Hospital. She was a member of the Lydia Group of the Bethany Baptist Church.

Surviving are two sons, Wilbur of Pontiac and James in Italy; one daughter, Mrs. Lou Throop of San Diego, Calif.; and 10 grandchildren and two brothers.

Service will be held at 2 p.m. Friday at Sparks-Griffin Chapel with burial in Roseland Park Cemetery, Berkeley.

EMIL FLURY

Emil Flury, 80, of 4760 Independence, Drayton Plains, died this morning following a long illness.

Mr. Flury was formerly employed with General Motors Truck and Coach Division.

Surviving are two sons, Emil Jr. and Ernest, and two daughters, Mrs. Virginia Livingston and Mrs. Marian Rolfe, all of Pontiac; 10 grandchildren and three great-grandchildren.

His body is at Hulton Funeral Home.

MRS. THOMAS JENNINGS

Service for Mrs. Thomas (Lettie) Jennings, 56, of 85 W. New York Ave., will be held at 1:30 p.m. Thursday at Hulton Funeral Home. Burial will be in Perry Mount Park Cemetery.

Formerly employed with Pontiac Laundry, Mrs. Jennings died at Pontiac General Hospital Sunday after an illness of one week.

Surviving are one son, Harold Wallace in Florida and one daughter, Mrs. Marie Milway of Pontiac; her mother, Mrs. Washington Van Daley and four grandchildren. Eight brothers, the Rev. Donald Crane and James A. Crane of Dexter, Mo., Noah Crane of East Alton, Ill., Ora Crane of Fisk, Mo., Ray Crane of Ashville, Ranson, Ernest, and Otis Crane, all of Pontiac, and one sister, Mrs. Viola Risinger of Pontiac, also survive.

JAMES O. CROSBY

TROY — James O. Crosby, 32, of 8821 Wright St., died yesterday at his home after several months' illness. His body is at Price Funeral Home.

ROY MANGUM

HOLLY — Service for Roy Mangum, 67, of 12400 Dixie Hwy., will be at 3 p.m. Friday at Macedonia Baptist Church. Burial will be in Perry Mount Park Cemetery.

Mr. Mangum died Monday in Dearborn Veteran's Hospital after a short illness.

He was a member of Wake Forest Baptist Church at Wake Forest, N.C.

Surviving are a son James R. Mangum of New York, daughter Mrs. Garnetta Mitchell of Lawrenceville, Ill.; two brothers and a sister.

The body is at the Frank Caruthers Funeral Home.

MARTIN E. MCNEIVE

DAVISBURG — A Requiem Mass for Martin E. McNeive, 81, of 341 Broadway St., will be said at 10:30 a.m. Friday at St. Rita Church in Holly. Burial will be in Lakeside Cemetery.

The Requiem will be said at 8 p.m. Thursday at Dwyer Funeral Home in Holly.

Mr. McNeive died Tuesday at his home after a long illness.

Surviving are his wife Elizabeth; daughter Mrs. Joseph Elzhardt of Flint; sons, Clement and Gene, both of Waterford; Francis of Davisburg; and Raphael of Topeka, Kan.; a sister; seven grandchildren and five great-grandchildren.

MRS. DONALD PIERSON

HADLEY — Service for Mrs. Donald Pierson, 49, of 3863 S. Hadley Rd., will be at 2 p.m. Friday at Hadley Federated Church. Burial will be in Greens Corners Cemetery.

Mrs. Pierson died yesterday at St. Joseph Hospital, Flint, after a lengthy illness.

Her body will be at Baird Funeral Home, Lapeer, until noon Friday.

Surviving beside her husband are a son Charles at home, daughter Mrs. Richard Rhein of Lapeer, brother Clarence Rossman of Saginaw and Ralph Rossman of Allenton and two grandchildren. Memorial donations may be sent to the Michigan Cancer Foundation.

GARY E. RESSLER

HIGHLAND — Service for Gary E. Ressler, 13-year-old son of Mr. and Mrs. Claude Ressler, 1332 W. Livingston St., will be at 1 p.m. Friday at Richardson-Bird Chapel here.

Burial will follow in Highland Cemetery.

The boy died yesterday after a 10-month illness.

He attended Highland Junior High School.

Surviving beside the parents are a brother John at home and grandsons Mr. and Mrs. John Russell of Milford and Mrs. Clara Salas wedel of Lincoln Park.

MRS. ERNEST SELMES

MILFORD — Service for Mrs. Ernest (Thelie) Selmes, 81, of 4083 S. Commerce Rd., will be at 2 p.m. tomorrow at Donelson-John Funeral Home, Pontiac.

Burial will be in Oakland Hills Memorial Gardens.

Mrs. Selmes died of a stroke Monday in Pontiac Osteopathic Hospital.

Surviving are a son Velmere at home and brothers Henry Gabert of Pontiac and Fred Gabert of Caro.

His Votes Didn't Come From Kissing Babies

PORTLAND, Ore. (AP)—Pvt. Mary Owens couldn't get a leave from Camp Roberts, Calif., and thus made no campaign speeches, but still managed to win the Democratic nomination for Congress in Oregon's 1st District.

Says Owens: "I really can't explain where the votes came from."

Hart, McNamara 'For'

WASHINGTON (AP)—Michigan Democratic Senators Philip Hart and Patrick McNamara voted with the majority Tuesday at the Senate vote 61-32 to send the compromise tax extension-debt ceiling bill to President Eisenhower.

Deaths Elsewhere

NEW YORK (AP)—Leon A. Swirbul, 62, a founder of the Grumman Aircraft Engineering Corp. 31 years ago and its president since 1946, died Tuesday night of cancer. When Grumman was formed in 1929, Swirbul became executive vice president and general manager. He was awarded the Medal of Merit by President Harry S. Truman in 1946. Swirbul lived at Brookville, N.Y.

DETROIT (AP)—George E. Heideman, 61, consul for Finland in the Michigan area for 15 years, died Monday night.

SARANAC LAKE, N.Y. (AP)—John Lake, 56, announcer for the Amos and Andy radio show for many years, died Tuesday of tuberculosis. He had been under treatment 11 years.

New York Post Pulls for Dems, Adlai-Kennedy

NEW YORK (AP)—The New York Post today urged a Stevenson-Kennedy ticket.

The Post, which lists itself as an independent politically, said in a first-page editorial: "At this critical moment, we believe the greatest single act of reassurance the Democratic convention can offer to the country and the universe is the nomination of Adlai Stevenson for president and John F. Kennedy for vice president."

"This ticket can not only win the election. It will win the imagination and respect of the free world."

3 Pontiac Men Arrested in Theft of Checks, Cash

Three Pontiac men were arrested last night for investigation of the theft of \$300 in checks and \$71 in cash from Ray's Motorcycle Sales, 203 W. Montclair St.

Pontiac police are holding Robert B. Slusher, 21, and Alvin Slusher, 24, both of 805 St. Clair St., and Charles J. Short, 25, of 9949 Sedlock St.

Bald eagles are so named because of the effect of the white feathers on their heads.

N-Tipped Missiles Pegged to Defend Detroit Area

WASHINGTON (UPI)—The Defense Department shook up its air defense plans Tuesday in a move that will deploy nuclear-tipped Nike-Hercules anti-aircraft missiles around seven metropolitan areas, including Detroit.

The areas are on the East and West Coast and the North-Central part of the country. The missiles previously had been earmarked to protect seven Strategic Air Command bases and the city of Hanford, Wash., site of an atomic explosives plant.

Under the new plan, they instead will help defend Washington-Baltimore, Philadelphia, New York, Detroit, Chicago, San Francisco and Los Angeles against possible bomber attack.

The redeployment plan also calls for the 15 Nike-Hercules batteries involved to replace 15 Nike Ajax batteries.

RANGES DIFFER
The Nike Ajax has a conventional warhead, an altitude ceiling of 60,000 feet and a slant range of 25 miles.

Health Ruckus Next for Rocky

Governor Slaps at GOP Insurance Program for Elderly Persons

GLACIER NATIONAL PARK, Mont. (AP)—Gov. Nelson A. Rockefeller carried his running argument with the Eisenhower administration into the field of medical aid for the elderly today.

Already involved in a Republican ruckus over his criticisms of defense policies, the New York governor invited another fracas by denouncing as "fiscally unsound" an administration measure to subsidize the health insurance of needy persons over 65 years old.

Rockefeller called, in a discussion paper for a final-day governors' conference panel on problems of the aging, for congressional passage of a bill to finance health insurance payments for the elderly through social security payroll taxes.

Rockefeller opposed the "means test" in the administration bill as likely to require "cumbersome and costly administrative mechanisms in all 50 states."

He proposed setting up a "health benefit trust fund" financed by a one-half per cent increase each for employees and employers in payroll taxes. Each social security beneficiary would have the option of receiving health services or a check to meet part of the cost of outside health insurance he carried.

Ready to close up their conference shop for the year, the governors were reported leaning toward Gov. Stephen L. Rice of Colorado, a Democrat, as their new chairman to succeed GOP Gov. J. Caleb Boggs of Delaware.

Many Yugoslavian blacksmiths are so skillful they can forge a horseshoe around an egg without breaking the shell.

Reds Will Again Lob Rockets Down Pacific

MOSCOW (AP)—The Soviets plan to lob a new series of powerful multistage test rockets into the central Pacific next month about 1,000 miles southwest of Hawaii.

An announcement Tuesday night said the new rocket shoot will be held July 5-10 over a 50,000-square-mile target area about 150 miles farther to the southeast than the landing area of the first Soviet Pacific rocket tests last January.

In their first test the Soviets said they fired a rocket some 7,000 miles and came within a mile of the target. The United States subsequently fired a super-Atlas rocket 9,000 miles from Cape Canaveral past the southern tip of South Africa.

The Soviet Union warned other nations to keep their ships and planes out of the test area, which lies about 200 miles west of American-held Palmyra Island and within 600 miles of Christmas Island, where the British touched off their first hydrogen bomb.

Violinist Hopes She'll Drum Up \$15,000 for Boom
BALTIMORE (AP)—A violinist with the Baltimore Symphony Orchestra, claiming she was a "knocked down by a kettle drum," is asking the Philadelphia Orchestra to donate \$15,000 to her.

Dolly Ann Oley asked Superior Court Tuesday to award her \$15,000 for injuries she claims she received when she tripped back-stage at the Lyric Theater after a concert in February 1955.

She named as defendants the Philadelphia Orchestra Association, the Academy of Music of Philadelphia and the Lyric.

The estate was estimated at upwards of \$300,000 for probate purposes. This does not include his ownership of the nation's largest brick contracting firm which bears his name, the Atlantic City Race Track or other corporate holdings.

Kelly, the 1936 Olympic champion of the 100m, who died last week of cancer at 70, dictated the will April 14. It was made public Tuesday.

The will stipulated that the trustees of the estate handle emergencies of his widow, Margaret, \$100,000 as needing a new fur coat or car.

PRINCE OUT IN COLD
He said he hoped Prince Rainier of Monaco and his two other sons-in-law would not feel snubbed.

"I don't want to give the impression I'm against sons-in-law," Kelly said. "If they are the right type, they will provide for themselves and their families, and what I am able to give my daughters will help pay the dress shop bills which, if they continue as they have started out under the tutelage of their mother, will be quite considerable."

The will stipulated that the trustees of the estate handle emergencies of his widow, Margaret, \$100,000 as needing a new fur coat or car.

He Preferred Character to Cash
Kelly's Will Is Philosophical

PHILADELPHIA (AP)—The late John B. Kelly, Philadelphia millionaire and father of Princess Grace of Monaco, told his family in his will he would give his character instead of money if he had the choice.

"The reason I say that is, with character, you will get worldly goods, because character is loyalty, honesty, ability, sportsmanship, and I hope, a sense of humor," Kelly said.

The will, written by Kelly himself, leaves most of his estate to his wife, three daughters, and his son.

He proposed setting up a "health benefit trust fund" financed by a one-half per cent increase each for employees and employers in payroll taxes. Each social security beneficiary would have the option of receiving health services or a check to meet part of the cost of outside health insurance he carried.

Ready to close up their conference shop for the year, the governors were reported leaning toward Gov. Stephen L. Rice of Colorado, a Democrat, as their new chairman to succeed GOP Gov. J. Caleb Boggs of Delaware.

Castro Frantic Against the U.S.

Threatens a Grab of All Investments There in Wildest Tirade

HAVANA (AP)—Prime Minister Fidel Castro threatened in a lowering rage today to seize American investments in Cuba "penny by penny until nothing is left" if the United States cuts its purchases of Cuban sugar.

Castro made this threat to a cheering, post-midnight rally of the giant Sugar Workers' Federation held in Artemisa, 60 miles southwest of Havana. It was his 10th major speech in 24 days and the bitterest anti-American diatribe he has yet delivered.

Strung by the bill now before the U.S. Congress to authorize the President to cut the U.S. quota of Cuban sugar at will, Castro shouted that for every pound of sugar removed from the quota, his regime would take over an American-owned sugar mill.

NOT JUST SUGAR
U. S. interests own 36 sugar mills in Cuba, but Castro made clear his threats extended to all other American investments in Cuba, valued at more than a half-billion dollars.

"We'll take and take until not even the nails of their shoes are left," he told his cheering audience.

The bearded prime minister denounced the new U.S. sugar bill which was unanimously approved by the House Agriculture Committee Monday—as "stupid and criminal" and called the U.S. government "decadent." He repeatedly referred to Americans as "gringos."

The giants of all icebergs come from the Antarctic. An ice mass floating off the Falkland Islands in 1955 was estimated to be as big as the island of Corsica. Its cubic content was probably similar to that of all Swiss lakes combined.

Hot Dog! Poodle Likes Strong Raw Onions

MEMPHIS, Tenn. (UPI)—Mrs. C. C. McElland has an unusual black French poodle. The dog loves kittens, enjoys taking his bath.

As for food, the animal munches on raw onion no matter how strong, and eats apples and grapes.

Most of Crew Leaves Grounded North American

OGDENSBURG, N.Y. (AP)—Most of the crew today departed the cruise ship SS North American, stuck since Friday night on a St. Lawrence River sandbar.

The last of the 347 passengers aboard had left the three decked vessel yesterday for their homes across the country.

Crewmen were given their first night in town last night since high winds blew the cruise ship aground, 100 yards off shore. Restaurants and taverns were busy.

Today most of the crew, college students working as waiters and waitresses, took a train from Prescott, Ont., to their homes in Detroit and Chicago.

A dredge from Brockville, Ont., was scheduled to begin today digging sand from around the North American, in an attempt to free her. Tugs have failed.

Reds Nabbed 15, Nepal Protests

KATMANDU, Nepal (AP)—Premier B. P. Koirala said today that a Nepali border patrol officer has been killed and 15 Nepali captured by Chinese Communist forces operating on the border of Tibet.

His statement corrected an earlier official announcement that 13 had been killed and 12 captured in the incident last week at Mustang.

Mustang lies in a valley of northwest Nepal projecting into Tibet.

The government said the Chinese fired without provocation.

Home Minister H. P. Upadhyaya told the lower house of Parliament that a strong protest has been filed with Peking, which signed a treaty of friendship with Koirala's government in March.

The agreement March 21 to demilitarize the border zone was part of the provisions between Nepal and Red China to define the high Himalayan border.

One of a number of places where the 500-mile border is in dispute is at the Mustang projection.

There were suggestions here that Red China might therewith contain the clash occurred on its territory.

Reuther Calls On Ike to Block 'Recession'

DETROIT (UPI)—United Auto Reuther contends a recession is in the making and he wants President Eisenhower to do something about it.

In a nine-page letter, Reuther told the President the nation may be "poised precariously on the brink of still another recession."

He urged President Eisenhower to call a national conference on the country's "limping" economy.

The request for White House action was sent last Thursday but contents of the letter were not made public by the UAW until yesterday.

"Despite propagandistic claims of prosperity, the hard facts make it all too clear that we do not have today even a reasonable approximation of the maximum employment, production and purchasing power set forth as goals in the Employment Act of 1946," the UAW president wrote.

Tie Vote Snags Housing Bill

House Rules Group Refuses to OK Balloting on New Measure

WASHINGTON (UPI) — The House Rules Committee refused by a 6-6 tie vote yesterday to let the House vote on a 1.36-billion-dollar housing bill considered by Democratic leaders as an election-year "must."

Chairman Howard W. Smith (D-Va.) said the committee did not think it was advisable to clear the complicated measure for action "at this late stage" of the congressional session.

The only way Democratic leaders could get around this roadblock would be to resort to a suspension of House rules that would permit them to bring up the bill for a vote.

But under this procedure the measure would require a two-thirds majority for approval.

To win this vote, the Democrats probably would have to trim down the far-reaching House bill and settle for a less-ambitious measure already approved by the Senate.

Both bills carry federal funds for slum clearance, college dormitories and other government-supported housing programs.

Five Companies Ask to Be Part of Port Huron

PORT HURON, Mich. — Five industries on the outskirts of Port Huron have petitioned for annexation to the city. The companies occupy 28 acres of land in Port Huron Township.

Filing the petition under the Michigan Home Rule Act were Electric Autolite, Little Foundries, Moak Machine, Anker Holth Division of Wellman Engineering and the Ogden Moffett Trucking Co.

ROLL 'EM — Ticket booths and gate entrances at the new Miracle Mile Drive-In Theatre feature this unusual galloping roof design. They give an indication of the modern construction of the theater which can hold more than 1,500 cars. There are 24 tiered ramps. The booths will be put to their first test Thursday at the grand opening which will feature fireworks, and free gifts for every member of the family.

MAY BE WORLD'S BIGGEST — Utterly dwarfing a station wagon, the newly finished Miracle Mile Drive-In Theatre screen may be one of the largest in the world. Eight stories high and 140 feet wide, the curved screen required 56 tons of steel to complete. It is the only outdoor screen in Michigan equipped to handle the Todd-A-O process. Solomon and Sheba, in full 70 m.m. super-techna, will be shown for the first time on any drive-in screen in the country at the grand opening Thursday.

New Drive-In Opens Thursday

The spanking new \$500,000 Miracle Mile Drive-In Theatre at the intersection of Telegraph and Square Lake roads opens Thursday night with a bang. Doors open at 7 at what is the largest drive-in theater in Michigan and possibly the nation.

An atomic fireworks display and gifts for the family are among the features planned for the grand opening, said owner Elton L. Samuels.

"Solomon and Sheba" will be shown for the first time on any drive-in screen in the country. The Miracle Mile Drive-In is the only such theater in the nation equipped to handle the 70 mm Todd-A-O process.

Having taken 10 months to build, the theater has a gigantic screen eight stories high and 140 feet wide. Approximately 56 tons of steel were required to complete it. More than 1,500 cars can be accommodated for one showing.

Ultramodern ticket booths and gate entrances permit quick access into the theater without traffic problems. Samuels expects his concession area to "dazzle everyone."

Ceramic floors and an unusual color scheme are highlights in the concession area. Playground facilities will be available for children.

The trend toward lower cars has accelerated in recent years, Lee pointed out.

To Fit Low Cars Roads Due to Change

AUSTIN, Tex. (UPI) — If America's automobiles continue along any lower than 3.5 feet without the trend of low, underslung design, it wouldn't be long before the driver's eyeballs would be dragging the ground, a civil engineer says.

Clyde E. Lee of the University of Texas surveyed the design of some 2,000 automobiles and found that the driver's scope of vision had dropped more than six inches in the past decade.

But Lee believes engineering changes will be made to ensure good driving visibility and that highway designs will change to meet the changing body styles of automobiles.

The trend toward lower cars has accelerated in recent years, Lee pointed out.

Death Penalty Goes to Slayer of Seven

MIAMI, Fla. (AP) — Dennis Whitney, 37, was convicted Tuesday by a jury of 11 men and a woman of first-degree murder. The death sentence is mandatory.

Whitney, a California drifter, admitted seven slayings. He was convicted of shooting to death Arthur Koeler, one of three killings, he confessed committing in Florida. He had said earlier he killed four persons in a transcontinental hitchhiking trip.

A Palm Beach County jury earlier had convicted Whitney of first-degree murder in the shooting of Virginia Selby, but made a mercy recommendation of a life sentence instead of sending him to the electric chair.

Indians Are Long Gone but Water's in Cellar

GREEN VILLAGE, N. J. (AP) — The Indians have gone but the spring in the basement of Donald Henderson's home hasn't.

The spring fills a three-foot pool in a corner of the cellar of the 20-year-old house. Henderson believes the house was built over the spring so water would be available in case of Indian raids.

If Your Hair Rises, Watch for Lightning

KENT, O. (UPI) — Golfers are advised to hit the dirt or dive for a ditch if hair stands on end during a thunder storm. All golfers are fair targets on open fairways when earth charges try to unite with electrical changes in the clouds, according to a warning from the Dave Tree Expert Co.

Tall objects — steeples, trees, and in the basement. Firemen said homes and you, when you're in the open — are likely targets under these conditions.

Fire in Bowling Alley Kills Man Sleeping There

DETROIT (AP) — Fire swept through a downtown Detroit bowling establishment today, killing a man who was staying there overnight. Police tentatively identified him as Andrew J. Holmes, 37, who had been given permission to remain overnight in the two-story brick building to open it this morning to permit some contractors inside. The establishment, the Washington Bowl, had alleys on both floors and in the basement. Firemen said flames swept through the entire building before they were extinguished.

GHOSTLY COMEDY — Donald Woods and Rosemary DeCamp are the parents in a family which inherits a haunted house and mysterious housekeeper in the picture "13 Ghosts" which

opens at the Strand Theater for a week beginning July 2. Jo Morrow plays the daughter, and Charles Herbert the son, with Margaret Hamilton as the housekeeper, right.

Poor Guy Had Bet on Ingo

Swede Crawls 7 Miles

ARVKA, Sweden (AP)—I will never bet again," Kjell Bildstam said after crawling seven miles on his hands and knees around his home town. He bet on Ingemar Johansson, dethroned heavyweight champion.

Bildstam, 18, a factory worker, started crawling out of Arvika Sunday between two lines of shouting people. He was escorted by policemen and two nurses.

HANDS BLEED

After a mile his toes came through his shoes and his hands began to bleed. He was given a pair of thick leather boots and later a pair of leather kneecaps and leather gloves. He crossed the finish line after nine hours.

The winner, who turned his back on Sweden and bet on Floyd Patterson, was another factory

worker. Crawling seven miles for him would have been a real ordeal—he weighs 265 pounds.

Walter O. Briggs Much Better, Leaves Hospital

BENNINGTON, Vt. (UPI)—Walter O. (Spike) Briggs of Bloomfield Hills, Mich., former owner of the Detroit Tigers baseball team, was discharged Tuesday from a hospital after a cerebral hemorrhage.

Briggs, 48, was stricken earlier this month while awaiting his son's graduation from Williams College in nearby Williamstown, Mass. Putnam hospital said Briggs was "doing very well" and would be able to leave the hospital unaided. It was reported he might go to a summer home in Manchester to Patterson, was another factory

Case Co. Would Resume Negotiations With UAW

RACINE, Wis. (AP)—The J.I. Case Co. has offered to resume negotiations Friday with Local 180 of the United Auto Workers, which has

been on strike at the farm implement plant since March 9. The Union promptly accepted the offer.

The talks were broken off June 15 after two pickets told police they were struck by a car passing through the plant gates.

An investigation of the incident continues.

The farm machinery firm has continued limited production but the major part of its 1,800-member work force has been idled by the dispute over pension improvements and other fringe benefits.

Electric Transit Car System Proposed to Aid Los Angeles

LOS ANGELES (AP)—Consulting dollar-transit system, employing eight months of study, did not engineers have recommended that 34-seat, lightweight electric cars suggest when construction could start nor how long it would take to complete the first segment of 71.9 miles.

The report, issued Monday after Los Angeles would be connected on overhead and grade-level twin concrete tracks with Santa Monica, Long Beach, Covina and Redondo.

The engineering firm of Daniel, Mann, Johnson & Mendenhall estimated that trackage probably would have to be doubled within 20 years.

Additional lines would run from central Los Angeles to Santa Ana, Inglewood, Pasadena and to the city of San Fernando via Glendale and Burbank.

Top speed of the aircraft-type cars would be 80 miles an hour. During peak hours they would average between 35-40, stops included. Average speed of other mass transit systems is 18 miles an hour.

The only subway proposed in the initial system would be 2.3 miles under private property and city streets in West Los Angeles.

Women spent more than \$1 billion in beauty salons in 1958. To gain their share of the beauty market, perfume and cosmetic advertisers last year invested over \$12 million in national newspaper advertising.

Good Films Will Pull in Audiences

Producers Must Quit Making Trash

By BOB THOMAS
HOLLYWOOD (AP) — Feel like going to a movie?

If you lived in Los Angeles, you would have a choice of seeing such attractions as these at first-run theaters: "Battle in Outer Space" and "12 to the Moon," "Macumba Love," "Blood — Just of the Voodoo Queen," and "3 Came to Kill." The sign of "Zorro" feature created from a TV series. "Passed for White" and "The Hypnotic Eye," "Good Girls Beware" and "The Desperate Women," "Hits Abortion Racket," "Around the World in 80 Days," "The Shaggy Dog," "Bridge on the River Kwai," "Sayonara" and "Giant."

Obviously Hollywood isn't making

with reissues. But an increasing number of bills are cheap films, mostly foreign made and designed to shock or titillate. Many of them are scarcely above the peep-show level.

An ancient saying in Hollywood runs: "There is nothing wrong with the movie business that good pictures can't cure. Hallelujah!" The film industry has been assaulted by TV and other demands on the public's leisure time. But that old saying remains true. Hollywood's biggest problem is still from within, not without.

NEED GOOD FILMS

Proof of the potential health of the film business is the fact that hit pictures can make more money than ever before. Fantastic profits can be reaped from films like "The Ten Commandments," "Around the World in 80 Days," "The Shaggy Dog," "Bridge on the River Kwai," "Sayonara" and "Giant."

do a piece of claptrap like "The Fugitive Kind?" The answer is simple: a million dollars.

The decline of producer power is shaking the producers' association itself. Under tough Joe Brown, the production code office kept close rein on morality in films and supplied taste that might be lacking in some movie makers. More adult films were badly needed, but in loosening restraints, the code often gives license for tasteless films of sex and sadism.

Film czar Will Hays used to keep family fights within the family. Now the family shows signs of breaking up. Angered because MGM bought a Christ biography to conflict with his, Spyros Skouras pulled 20th Century-Fox out of the producers' association, effective next year.

For all its tyranny, the big studio was good for the movie business in its time. It provided a healthy competition, it nurtured new talent and it produced a continuing supply of films.

The big studio is dead, never to return. Some new way must be found to continue its functions if the film industry is to survive.

C&NW RR Buys Minn. & St. Louis

CHICAGO (U) — Purchase of the Minneapolis & St. Louis Railway by the Chicago and North Western was approved Tuesday by stockholders of both companies at special meetings.

Directors of the two corporations approved the transaction in April. It still must be okayed by the Interstate Commerce Commission.

Minneapolis & St. Louis shareholders met in Minneapolis and those of the North Western in Chicago to act on the deal.

Under the purchase agreement North Western will pay \$3,488,330 in cash and assume liability for \$17,441,000 in 6 per cent first mortgage bonds on the Minneapolis & St. Louis properties.

The price is equivalent to \$20 a common share.

The 1,500-mile Minneapolis & St. Louis, principally a freight hauler, operates in Minnesota, Iowa, Nebraska and Wyoming.

School Bids Set in Waterford

Board of Education Will Spend Some \$135,000 in Remodeling Building

The Waterford Township Board of Education, at its 7:30 p.m. meeting Thursday will open bids on school construction projects.

Bids will be opened for major remodeling and building at the Waterford Village School. The work will cost an estimated \$135,000. Construction work for estimated \$15,000 will be at the Drayton Plains and Covert School.

The Waterford Village School project will involve tearing down the original center structure and converting the school into a one-story unit. This is the oldest school in the district, and throughout the years there have been three additions to the original building.

Three plans had been submitted for alterations of the school, and after study, the school board chose the one-story plan as the most practical.

Bids will also be opened for a new deep well for the Waterford Village School, according to Supt. William A. Shuck.

Bids for workmen's compensation insurance policies were opened at 10 a.m. today by Assistant Superintendent James Den Herder, and contracts for the policies will be reviewed and awarded at the meeting.

Must Be Catching

HOUSTON, Tex. (UPI)—O. B. Ellis, general manager of the Texas Prison System, said one of the reasons additional facilities are needed is that there are three times as many women in state prisons now as there were 12 years ago.

Husband-Wife Law Changed

High Court Overturns Couple-Conspiracy Rule

WASHINGTON (U) — By a 6-3 vote the Supreme Court Monday overturned an old rule—that a husband and wife are incapable of engaging in a criminal conspiracy and thus may not be charged with that crime.

Justice Frankfurter said for the majority that legitimate business enterprises between husband and wife have become commonplace, and it would be unrealistic to suggest that "man and wife are legally incapable of engaging in illicit enterprises and therefore, forsooth, do not engage in them."

Chief Justice Warren dissented, joined by Justices Black and Whitaker.

Options in 15 cases were announced, along with scores of orders granting or denying hearings in a wide variety of appeals. The court's next session is set for Oct. 3.

Among action's the court:

1. By a 4-4 vote, upheld a Dayton, Ohio, ordinance compelling householders to admit building inspectors even though the inspectors have no search warrants. Justice Stewart, formerly of Ohio, took no part in the case.
2. Refused to review the conviction of Bernard Goldfine, the New England textile magnate, for contempt of federal court in Boston. The denial also applied to Goldfine's secretary, Mildred Paperman, who also was convicted of contempt in the Boston court. Goldfine was sentenced to three months and Miss Paperman to 10 days in jail.
3. Agreed to rule next fall whether the Taft-Hartley Labor Law is violated by operation of some union hiring halls where some union hiring halls where unions have exclusive control over clearing applicants for jobs.
4. Agreed to rule next fall on claims by three soldiers to prison-of-war pay over government

Burglars Can't Read?

Maybe They Didn't Try

LAFAYETTE, Colo. — A department store here has been a pushover for burglars the last two years. So the store placed a placard on a front glass door. It read: "Burgers, Please Don't Come Back." The next strike was through that very door.

THOMAS

Crazed Elephant Army. Quite a selection. Of course, there are also some quality films showing, often on double features

IDENTICAL BEAUTIES — Not yet two years old, Lori Ann and Lisa Jo, daughters of Mr. and Mrs. Norman Klein of Muskegon, took their first ribbons Sunday at the 14th annual Michigan Twins Assn. convention in Alma. They were chosen the most identical twins in the infant to six-year-old class.

Salmonella Will Get You if You Don't Watch Out

LANSING — How'd you like a little Salmonella for lunch? Sound enticing? Like a salad dish, made with salmon, lettuce, mayonnaise, and other tasty morsels, for a hot summer's day?

Well, Mrs. Alice Smith, chief of the public health nutrition section of the state health department, has news for you. Salmonella is the bacteria which causes food poisoning, called salmonellosis. It's most prevalent in the summertime, though there may be cases of it anytime of the year.

The bacteria come in a variety of sizes, shapes and colors, all of which have been given different names and cause different degrees of poisoning outbreaks in restaurants and in the home.

Salmonella thrive and multiply rapidly in warm temperatures. Therefore, refrigeration is of prime importance. Watch the kids. Mom — don't let them leave the sandwich spread, milk, mayonnaise and other foods which spoil easily out on the table.

You've heard of food poisoning outbreaks. If you were a victim, you'd remember how sick you were.

What MO (method of operation) does this villain use? If you learn from this MO, you can help prevent food poisoning outbreaks in restaurants and in the home.

Salmonella is transmitted by man or animal. To help prevent it, always wash your hands thoroughly before handling food.

If any foods which commonly harbor the disease have been left out in the warm air or if you have any reason at all to suspect they may be spoiled or contaminated, throw them away rather than take a chance of contracting food poisoning.

Symptoms generally start with commonly attack. Store mixtures containing milk and eggs in shallow pans in the refrigerator so they become thoroughly chilled. Mrs. Smith advises.

Salmonella is transmitted by man or animal. To help prevent it, always wash your hands thoroughly before handling food.

If any foods which commonly harbor the disease have been left out in the warm air or if you have any reason at all to suspect they may be spoiled or contaminated, throw them away rather than take a chance of contracting food poisoning.

Symptoms generally start with

makes hay while the sun shines, so be particularly careful about food handling and storage in the summertime to avoid contamination and illness.

Can of Fruit Cocktail Called for in Sauce

NEW YORK (UPI)—Fruit salad sauce is tasty on white cake. Drain 3½ cups (one-pound 13-ounce can) of mixed fruit, reserving ¼ cup of syrup. Add water if necessary. Combine syrup and water with 1 tablespoon of cornstarch and 1 tablespoon of sugar.

Cook over low heat, stirring constantly, until thickened and clear. Add ¼ teaspoon of almond extract and mix well. Arrange drained fruit on top of cake slices and pour sauce over. Cool and serve.

Watch out for salmonellosis. It can be very serious and make you extremely ill. There are some deaths from it, but this is the exception rather than the rule.

According to nutritionists, salmonellosis, or food poisoning,

Cereal Dessert Cooks Quickly

Rhubarb or Strawberries — a perfect choice for a summer day dessert. Combine them in a rosy, easy-to-make pudding and add a gay touch and a refreshing flavor to your menu. Serve this dessert warm or cold, with or without toppling. It is delicious both ways.

Strawberry Rhubarb Pudding

1 cup water
1½ teaspoon salt
1 cup quick-cooking rice cereal
1 cup sugar
1 cup rhubarb, cut in 1 inch lengths
1 cup strawberries, sliced

Bring water and salt to a boil in saucepan and sprinkle in cereal so that water does not stop boiling. Let cook over moderate heat until slightly thickened, stirring constantly, about 1 minute. Add sugar, rhubarb and strawberries. Cover and bring to a boil, then let cook 4 minutes. Serve warm or cold with cream or low calorie whipped dessert topping.

Coffee Virtue Recognized by Medical Journal

TRENTON, N. J. — This happy statement appeared recently in the Journal of the Medical Society of New Jersey: "Not a single human fatality has ever been reported from coffee. It makes no one drunk, robs no one of his dignity, leads no one into Nirvana. It is a social lubricant, a versatile medicine, an aid to clear thinking. Here's to the coffee hour!"

Teach a Hot Dog New Tricks This Year

By JANET ODELL
Pontiac Press Home Editor

You just can't get through this weekend without some hot dogs. They're a national institution just like Independence Day.

But you can serve them in some different ways.

Have you served any round dogs lately? They're hot dogs, served on a hamburger bun. How do you make them fit? That's easy. Make several diagonal cuts not quite through each hot dog; heat them as usual.

They'll curl nicely when you put them on the round buns. Some cooks like to spoon baked

beans or chili in the center of the meat.

Hot dogs in a barbecue sauce may be just the meat you are looking for to serve with a fragrant hot of baked beans. If you are picnicking, make up the sauce at home and take it along to the picnic grounds. Then you'll have only to heat the wieners in it.

Wiener-Que

1 tablespoon sugar
1/4 teaspoon salt
1/2 teaspoon chili powder
1/2 teaspoon barbecue sauce
1/2 cup ketchup (ketchup)
1/2 cup vinegar
1/2 cup water
1/2 cup mustard
1/2 cup catsup
Dash of Tabasco sauce

Dash of liquid smoke, if desired
2 people wieners

Combine dry ingredients, add liquid ingredients and stir to blend. Cook over low heat for 30 minutes. Add wieners and simmer until heated through. Serve on toasted buns with additional sauce. Makes 10 servings.

Hot Dog Pizza is a new treat teen-agers will adore. They've put everything else on pizza; now it's the turn of the hot dog.

Hot Dog Pizza

1 hot dog bun
1 hot dog
Butter
1/2 pound sliced mozzarella cheese
1/2 cup pizza or spaghetti sauce
Grated parmesan cheese

Split hot buns and spread with butter. Place strip of mozzarella over half buns. Spread 1 tablespoon pizza sauce over cheese. Split hot dogs lengthwise and arrange on half buns. Top with 1 tablespoon pizza sauce and a short strip mozzarella. Broil till hot dogs are brown and cheese melts. Makes 8 servings.

For a novel way to serve macaroni and cheese fix up a frankfurter crust (frankfurters, wieners, hot dogs — call them what you will — they're about the same thing except for brand names).

Line a deep mold with skinless

Ideas for Dips Call for All Kinds of Food

There's always room for another "Dip" recipe. Try these!

Cafe Orange Dip: Soften one 8-ounce package cream cheese at room temperature. Stir in 1/2 cup orange juice, grated rind of one orange, 1 teaspoon instant coffee and 1 teaspoon lemon juice. Chill. Chill it, cut into cubes, and place garnish with grated orange rind in serving dishes.

Pineapple Lemon Dip: Cook two eggs with one can of pineapple lemon quick-cooking rice cereal. Makes about one cup. If desired, Chill it, cut into cubes, and place garnish with minced parsley.

until smooth. Makes about 2 cups. If desired garnish with sliced maraschino cherries.

Curry Bacon Dip: Combine one 8-ounce package softened cream cheese and 2 teaspoons curry powder. Cook and drain 4 slices bacon. Crumble bacon and stir into dip. Chill. Makes about 1 cup. Serve with Vegetable Rye crackers.

Chili Dip: Mix one 8-ounce package softened cream cheese, 1/2 teaspoon chili powder (or to taste) and 1/2 cup chopped green pepper. Chill. Makes about 1 cup.

Good Old Standby

You'll need two cups of medium white sauce for half a pound of dried beef. Nice over crisp hot-crusted toast for brunch or lunch. Garnish with minced parsley.

Raisin Banana Whip Is Light, Creamy

SAN FRANCISCO (UPI)—Raisin banana whip is a good dessert to follow a heavy meal.

Four boiling water over 1/2 cup of light or dark raisins and let stand five minutes. Drain and chop. Whip 1 cup of whipping cream stiff and blend in 3 tablespoons of sugar, a few grains of salt, teaspoon of vanilla, 3 medium bananas, sliced, raisins and 1/2 cup of sliced almonds. Chill but do not freeze.

Serve plain or with a warm chocolate sundae sauce to six.

News of Service Personnel

Eight area service men recently training at Lackland are Airman

CAMPBELL URSU

Among the graduating airmen are Harold G. Campbell II, son of Mr. and Mrs. Harold G. Campbell of 2295 Evadna St., and Peter M. Ursu, son of Peter M. Ursu, 2836 E. Square Lake Rd., Troy. Campbell, a Waterford Township High School graduate, has been selected to attend the technical course for electronic repairman at Chantre AFB, Illinois. Ursu is attending the training course for utilities maintenance at Sheppard AFB, Texas.

FULLMER ROUSSEAU

Lackland basic graduate Airman Alfrede C. Fullmer, son of Albert E. Fullmer of 2816 Dixie Hwy., currently is attending a technical training course for communications and relay repairman at Sheppard AFB, Texas.

Airman David L. Rousseau, son of Mr. and Mrs. Edward T. Rousseau, 3275 Lexington Dr., has been selected to attend a training course for engineer equipment maintenance at Fort Belvoir, Va., after completing basic training at Lackland.

HARMON FRICK

Attending school for utilities maintenance training at Sheppard AFB, Texas after completing basic

Americans sometimes ease inner tension by twisting key chains. Many Moslems accomplish the same purpose by fingering strings of "worry beads."

TV to Be Free to Rule on Time

Senate Resolution Kills Move Forcing Equality for Candidates

WASHINGTON (AP)—The Senate has decided to let the radio-TV broadcasters donate equal time voluntarily to Democratic and Republican candidates for president and vice president this year.

The Senate Monday passed a resolution to that effect and sent it to the House. It had the effect of killing, at least for the time being, a move to require the networks by law to give the time.

The networks had bitterly opposed any mandatory law.

Broadcasting officials had asked Congress to change present Federal Communications Commission regulations, which say that if free

time is provided for one candidate, it must be given to all candidates, no matter how minor or offbeat.

The networks said if they had to give equal time to a dozen splinter parties, they would be forced to give no time to any party. The Senate resolution exempted the industry from the present FCC rule for this year's campaign.

Astronomer, 67, Dies on Visit in Germany

PASADENA, Calif. (AP)—One of the world's leading astronomers, Dr. Walter Baade 67, died in his native Germany while serving as visiting professor at the University of Gottingen.

The California Institute of Technology said Dr. Baade died Sunday. He retired in 1958 after 27 years with the Mount Wilson and Palomar observatories.

Dr. Baade was best known for finding that there are two fundamental age groups for stars—relatively young "blue giants" and older "red giants."

put "PeP" in your step..

You get energy more quickly from Pioneer and Big Chief sugar than from any other food. They actually help give you more vigor and vitality that make work easier and play more fun. You see sugar supplies energy to the body faster than any other food. 41 Michigan Dem Votes Lined Up for Kennedy

LANSING (U-P) — Sen. John F. Kennedy (D-Mass.) today bagged 41 votes, with the possibility of adding four more, in an Associated Press presidential preference poll of the 51-vote Michigan delegation to the Democratic National Convention.

Sen. Lyndon B. Johnson of Texas, a principal rival, was blanked.

The final tally in a telephone canvass of 102 delegates, each with one half vote, gave this result when converted to whole first ballot votes at the convention:

Kennedy 41, Sen. Stuart Symington (D-Mo.) 3½, Adlai E. Stevenson 2½, Johnson 0, undecided 4.

A majority of the undecided delegates to the Los Angeles convention predeclared themselves loyal followers of G. Mennen Williams, the state's six-term governor, anxious to give him a complimentary vote for president.

"GOOD CHOICE"
Williams endorsed Kennedy after a hurdle with the Massachusetts senator June 2 on Mackinac Island. He has worked hard for him since.

While refraining from any preference, Rep. John Lesinski of Detroit, 10th District congressman, observed that delegation leaders made a "good choice" in Kennedy.

There was no sign of Kennedy hostility among the waverers.

The poll, as compared with one made six weeks ago, showed a marked drift of erstwhile Stevenson supporters to Kennedy.

Even Ivan Brown of Iron Mountain, who asked to be put in the Stevenson column, said "I might

be persuaded to go for Kennedy on the first ballot because I doubt Stevenson will be a candidate."

The second poll also showed a shift in the vote of a group among a dozen or so Negro delegates in the wake of civil rights assurances given a Michigan group at a breakfast conference at Kennedy's Georgetown home June 20.

DOUBTS DISAPPEAR

Some said they had doubts before the personal interview but that these were dispelled.

The outcome tended to support estimates of Williams and his aides, who have claimed 40 to 45 Kennedy votes.

Some delegation leaders have predicted virtually solid support for their choice by balloting time July 15.

A tug of war between Kennedy and Stevenson apparently felt by many delegates was illustrated by Mrs. Mabel Beecham of St. Johns, who said:

"I will vote for Kennedy on the first ballot if it appears that Johnson might get the nomination otherwise. However, I would like to cast a ballot for Stevenson to give him a show of strength and help boost him into the secretary of state's office if we win in November."

By state convention decision, Michigan this year rejected operation under the unit rule of voting.

In 1952, when the unit rule was in effect, Michigan flipped on the third and last ballot to Stevenson.

China Yells Intrusion at U.S. Once Again

TOKYO (UPI) — Communist China charged Tuesday that a U.S. warship "intruded" into its territorial waters south of Hainan Island off Kwangtung Province and issued its "114th serious warning."

"A spokesman for the Chinese ministry of foreign affairs has been authorized to issue the 114th serious warning in connection with

the military provocations of the U.S. warship," the agency, monitored in Tokyo, said.

Idaho Dems Pick Man to Oppose GOP Senator

BOISE, Idaho (AP) — Idaho Democrats picked Robert McLaughlin Tuesday night to oppose Sen. Henry Dworshak (R-Idaho) in next fall's general election. Less than half of the 70,000 eligible

Democratic voters cast ballots in the state's first runoff election.

McLaughlin, 39, a Mountain Home attorney, defeated State Rep. Gregg Potvin, 35, of American Falls, for the Democratic nomination. With unofficial returns from 800 of 886 precincts, McLaughlin had 12,943 votes to Potvin's 12,071.

Life is very much like Christmas — you're more likely to get what you expect than what you want.

Some cathedral chimas in the striking is for people who weren't Indian Quesar's Seychelles Islands quite awake when the chimas first give the hour twice. The second sounded or lost count.

Mine Explosion Leaves 42 Dead

Rescuers Remove Last Victims From 1,000 Ft. Below in Wales

ABERTILLERY, Wales (AP) — Rescue teams slowly moved to the surface today with the bodies of 45 miners killed in an explosion 1,000 feet below ground in a south Wales coal mine.

Miners hacked through a half-mile of debris to reach the last eight bodies.

The dead lay in a mile-wide pocket of lethal carbon monoxide gas. Rescuers wore oxygen masks.

The explosion came with a quick flash and a colossal roar, dumping tons of rock as 700 men worked on the morning shift. Some men died in their tracks, victims of flash fire, while others crouched in refuge manholes only to suffocate from the deadly gas.

Four men escaped miraculously with severe burns. One of them, Harold Legge, 45, said: "There was a roar and a flash. I could not see for the cloud of thick, swirling dust."

Mikoyan Says Russ Can't Back U.S. Candidate

OSLO, Norway (AP) — Anastas I. Mikoyan said today if the Soviet Union openly supported a U. S. presidential candidate it would cost him the race.

A Western newsman asked the Soviet first deputy premier at a news conference if he had any preference in the American election.

"It is not my job to say anything about this," Mikoyan replied. "and if I had a preference, I would not say so. A man who got Russian support would not be elected."

Canadian Senate Okays Red Trade

OTTAWA (AP) — The Canadian Senate Tuesday night approved the new 2-for-1 trade agreement with the Soviet Union.

Under the three-year pact, the Soviet Union agreed to buy 25 million dollars worth of Canadian products each year, including 200,000 tons of wheat, if Canada purchases at least 2½ million dollars worth of goods from the Soviet Union.

Liberal Sen. W. D. Eider of Ontario, a former minister of trade and commerce, noted that Canada last year bought only \$2,291,000 worth from the Soviet Union.

Steady Works Brings U.S. Prosperity

Each Man's Output Is Important

By SAM DAWSON
NEW YORK (AP)—How much a man produces in one hour of work plays a big part in the economic growth of the nation. It also bears on such things as how many jobs are around, how big or small profits will be, whether prices will rise, fall or stay about the same, and the supply of goods for consumers to buy.

Productivity, as man-hour output is called, took a spur last year of four per cent over the year before, seemed to be slowing this year, and has had an average growth of around three per cent a year since 1947.

It is rarely mentioned in the political debate over the rate of economic growth—a debate which Vice President Richard M. Nixon says sometimes sounds like a par-

lor game he calls growthman's chess. Many of his opponents say the concern over the growth rate is anything but a game, but essential to American welfare, and a prime factor in what they see as the economic race with the Communist bloc.

The politicians are mostly interested in the total output of goods and services.

Those who want faster growth see it as a means toward more jobs, more goods and services for Americans to enjoy, more income for taxes the U. S. Treasury could use in promoting still more growth, and more goods to export to markets the Soviets might covet.

Those who counsel what they call normal growth—that is, gains made by private industry with none of a minimum of government pump priming—say it will be healthier in the long run, will minimize the ups and downs of the business cycle, will shore up our financial position without the risks of too speedy or erratic growth, and thus make us stronger in any contest with the Reds. Not to mention less strain on the taxpayer.

With Demand
Barring governmental pump-priming, national output will rise as demand arises. This demand is pushed upward by population growth, by higher income and, now and then, by a drop in prices.

Productivity rises as workers acquire more skill or use more efficient production methods, or as management installs mechanization or automation to reduce the number of workers—and thus man hours—needed to turn out a piece of work.

Hand in Hand
As skills rise, so do wages usually, and the greater productivity

means greater profits or lower prices, or both.

The higher income of workers helps increase demand for goods and services. Greater profits can both increase the income of stockholders and furnish management with the funds for expansion of output. And lower prices could increase demand also.

Thus productivity plays its role in economic growth by increasing demand and providing the wherewithal for building more plants, hiring more workers, and for or-dinarily any hopes consumers may derive more equipment—making

the increase in productivity last year has spurred some labor leaders to ask that labor get a bigger share through higher wages. What they fear is a slowdown this year in productivity growth is causing some companies to list it as one cause for an expected slowdown in the rate of increase in earnings.

And as a slower productivity gain clips profit margins it helps hiring more workers, and for or-dinarily any hopes consumers may derive more equipment—making

Births

Following is a list of recent Pontiac area births as registered at the Oakland County Clerk's Office (by name of the father):

Wesley Benjamin R. Wampler, 2304 W. Maple Keith J. Coykendall, 4873 Pontiac Geo. A. Oravberg, 144 Flamingo.

Guardsmen to Leave for Grayling July 9

Pontiac's National Guardsmen are making plans for their annual two weeks of summer training at Camp Grayling.

The guardsmen of Company E, 2nd Battle Group, 12th Infantry, will leave by bus and motor convoy July 9 for the summer encampment. They will be joined by some 8,500 other guardsmen of Michigan's 49th Infantry Division and attached units at the training site.

With emphasis on perfecting night tactics, the company will spend three evenings in the field on night problems during the first week's training, according to Capt. A. J. Largent, unit commander.

In the second week, the company will join the rest of the 49th Division on a five-day field maneuver.

The guardsmen also will sharpen their marksmanship with machine guns, mortars, rocket launchers and recoilless rifles.

The highlight of the encampment will be the division parade at 10 a.m. July 16, with Gov. Williams reviewing the troops. The camp will be open to the public at that time.

The company still has a few openings for young men who can qualify for enlistment, Capt. Largent said.

Further information on enlisting

Crippled Tanker Sinks Into Ocean

Towline Snaps, Lets Vessel Down But Bow Protrudes 30 Feet

JACKSONVILLE, Fla. (AP) — A struggle to beach the crippled tanker "George MacDonald" was today when the 500-foot vessel plunged stern-first into the Atlantic 50 miles east of Charleston, S.C.

Coast Guard search and rescue headquarters at Miami said a cutter on the scene reported the MacDonald was vertical in the water. The ship snapped a towline shortly before 2 a.m. and a few minutes later only 30 feet of her bow was protruding from the sea.

None of the Sinclair Oil carrier's crew was aboard when the plume came ashore. Another tanker, the J.C. Dyer, had been towing the MacDonald toward Charleston in hopes of bringing her within range of shore pumps and repair crews.

IN A 10-TON PICKLE—Ten tons of pickles and brine were dumped on U. S. R. 91 in Creve, Utah, when the end gate of a train broke away. Result: 200 yards of pickles. Driver James Christiansen shoveled them off the road.

Love's Lana 'Very Much'

Escort Is on Defensive

HOLLYWOOD (AP) — Lana Turner's escort today almost came to blows with a columnist who had criticized Lana's upbringing by her daughter, Cheryl Crane.

Mike Connolly, columnist for the Hollywood Reporter, came over to Lana at a party after Lana's latest picture, "Portrait in Black."

Sportsman Fred May, longtime friend of Lana's, grabbed Connolly as he bade goodbye to Lana.

Almost wrestling the two off Connolly, May said: "I love this girl very much. Why do you print such editorials as you did the other day, attacking Lana and her upbringing of Cheryl?"

May started to swing at Connolly but was stopped by Lana and columnist Arny Archard.

Archard is Connolly's opposition columnist on Daily Variety.

Connolly retreated while Lana took a napkin to wipe away tears from her eyes.

Thousands of visitors and hundreds of cars normally are brought to the islands over the July 4 weekend by the two steamers and a ferry now tied up by their striking crews.

A variety of launches, airplanes, and barges have been attempting to cope with the tourist invasion that began a month ago.

Thousands of vacationers are converging on Cape Cod clamoring to get their cars to the islands.

Grand Rapids Men in New York Hunting Capital

GRAND RAPIDS UPD—Four city officials were to consult with prospective investors in New York today about the furniture city's redevelopment plans.

City Manager Alfred Rypstra, Commissioner Arlen G. Ley, planning director Keith Hone and planning aide Richard Courter left here late yesterday.

Rypstra said the four would outline the city's plan for a 9-acre downtown urban renewal program to several New York investors who were reportedly interested in backing the program.

Voters will decide Aug. 2 whether the city should levy up to 1.75 extra mills for three years to pay the local share of the proposed \$8 million federal clearance and rehabilitation program.

U.S. to Buy Equipment for Institute in India

NEW DELHI (AP) — The United States agreed Tuesday to provide \$1,021,682 to buy equipment and supplies for the Indian Institute of Technology at Kanpur.

The agreement boosts the American contribution to the institute over the past two years to \$3,130,000.

The school is trying to overcome a shortage of engineers and engineering teachers in North India.

How to save money when you don't have much to save
See what just 63¢ a day will do

Maybe you haven't realized it before, but it takes only 63¢ a day to buy an \$18.75 Savings Bond every month. Keep saving this way for forty months, and at maturity your Bonds will be worth \$1,000.

There are two especially good things about this \$1,000 nest egg:

You buy it with money you could easily have dribbled away. It costs you only **75¢** in easy installments.

Results like this make U.S. Savings Bonds one of the best ways in the world to save. Why don't you start saving right now with U.S. Savings Bonds?

Some more advantages you might think about

You can save automatically with the Payroll Savings Plan. Tell your company how much to save for you each payday for Bonds. This way you won't forget to save and your savings will add up automatically.

You now get 3 1/2% interest, at maturity. This new rate, which went into effect June 1, 1959, makes your Bond money grow faster. Series E Bonds now mature 14 months earlier than before—in just 7 years, 9 months. Bonds bought before June 1, 1959, earn more, too—an extra 1/2% from then to maturity.

You can get your money, with interest, any time you want it. Bonds are a ready reserve that you can cash any time at any bank. But it pays to keep them.

Your money is guaranteed safe by the U.S. Government. Bonds are an absolutely riskless investment. The Government promises you that the cash value of your Bond will not drop—it can only grow.

Your money can't be lost or stolen. The Treasury will replace your Bonds, free, if anything happens to them.

You save more than money. You help save the peace with every Bond you buy. Bond money goes for science, education, military strength—the weapons of peace. And the money you save helps keep our nation's economy strong.

Here's how you can reach your savings goal with U.S. Savings Bonds in just 7 years, 9 months

If you want about	\$2,500	\$5,000	\$10,000
Each week save	\$5.45	\$10.85	\$21.70

You save more than money with U.S. Savings Bonds
Buy them where you work or bank

The U.S. Government does not pay for this advertising. The Treasury Department thanks, for their patriotic donation, The Advertising Council and

THE PONTIAC PRESS

Rain and Curfew End 7-7 Knot After 9 Innings

Bucs Rally to Tie Giants
By The Associated Press
Either the Pittsburgh Pirates are running into trouble, or they're running in luck, which isn't as contradictory as it sounds.
Manager Danny Mortuaugh has gone with three of his top four starting pitchers in the past three games and hasn't won any of them. But the Bucs have lost only one game of their lead.

After Vern Law and Bob Friend were beaten in a double-header loss to Chicago's Cubs Sunday, southwest Harvey Haddix was chased in a four-run first inning last night. But the Pirates three times battled from behind and came off with a 7-7 tie against San Francisco in a rain-interrupted game ended by curfew after nine innings.

Second-place Milwaukee moved within 2½ games of the leaders with a comeback, 5-3 victory over the Cubs. Cincinnati jumped past the Reds to fourth place by clubbing the Cards 10-4. And seventh-place Philadelphia made it eight out of 10 with a 2-0 job on Los Angeles as Dallas Green allowed the Dodgers only three hits for his first victory and complete game in the majors.

The third-place Giants never trailed, but had to scrap for a tie in the ninth to stay within six games of Pittsburgh. The Pirates tied it on two walks and Roberto Clemente's RBI single against Stu Miller and Jack Sanford before Sanford retired three in a row with the bases loaded, fanning pinch-hitter Hal Smith for the final out.

Wes Covington got the job done for the Braves. He drove in three runs, beating Glen Hobbie (6-10) with his solo sixth home run in the sixth inning after his

two-run double had tied it 3-1 in the third.

Warren Spahn (6-4), now 6-0 against the Cubs going back to June 1958, gave up eight hits, but blanked Chicago over the last seven frames.

A five-run first inning, capped by Ed Bailey's one-on-one homer, got the Reds rolling at St. Louis against Ron Kline (3-7). Jim O'Toole (6-7) was the winner, but needed relief help from Jim Brosnan and Bill Henry after giving up eight of the Cards' 13 hits.

Green, 24, a 6-foot-5 right-hander up from Buffalo, walked three and struck out three while allowing the Dodgers only a third-inning single by Don Demeter, a double by Charlie Neal in the fourth and a ninth-inning single by Norm Larker.

GMC Truck and Pontiac Dealer Pacts Unchanged

New dealer selling agreements of GMC Truck and Pontiac Motor Division will contain no changes from the basic terms of the current agreement, it was announced today.

The statement was made by Senon E. Knudsen, vice president of General Motors and general manager of the Pontiac Division, and Calvin J. Werner, vice president of General Motors and general manager of GMC Truck and Coach Division.

The five-year agreement expires Oct. 31.

"Our new selling agreement follows the current agreement, with the important economic and operating benefits that are now available being retained without change in the terms of the new agreement," they both said. "However, we have made certain refinements and rearrangements which will improve the workability of the document," they added.

The new agreements will be presented to Pontiac and GMC dealers in a series of individual meetings later in the summer.

"They pointed out that Pontiac and GMC dealers will continue to have the option of signing five-year or one-year or continuing agreements with all new ones starting Nov. 1, 1960.

"In March 1956, when General Motors pioneered in the automotive industry the policy of offering dealers their choice of a five-year, one-year or continuing selling agreement, it was hailed as the most progressive and equitable program of its kind ever developed in the industry.

"The experience of Pontiac and GMC during the past five years has fully demonstrated that such a policy has contributed importantly to the development of good dealer relations. We feel that the refinements and clarifications we are including in the new agreement will provide an even better dealer-factory relationship," Knudsen and Werner said.

Michigan 'Free' in Kenny Row

On the heels of reported irregularities in nationwide fund-raising drives of the Sister Elizabeth Kenny Foundation, the president of the Michigan chapter said the organization "is in no way involved."

"While we are concerned and embarrassed by the alleged administration irregularities indicated in recent press reports," said Dr. John C. Montgomery, "we wish the people of Michigan to clearly understand that the Michigan Sister Kenny Foundation is in no way involved."

Reported irregularities were charged Monday by Minnesota Atty. Gen. Walter Mondale.

He said specific irregularities involve payment of money by a Chicago mailing company to Fred F. Dell and Associates, Minneapolis, public relations agency, and Marvin Elme, former executive director of the foundation's fund-raising drive from 1956 until he resigned recently.

"We are a Michigan corporation," Montgomery said, "operated entirely by Michigan men, and supported by funds obtained through the Michigan United Fund and the United Foundation."

"All monies raised in Michigan have been spent in Michigan, and at no time have any funds been channeled to Minnesota or any other state."

GMC Truck Dealers to Huddle With Firm

Nineteen representatives of GMC Truck's nationwide dealer organization will meet with GMC Truck & Coach Division executives here, July 10-12 to discuss many phases of the truck business of mutual interest to dealers and the manufacturer.

Each participating dealer has been elected by dealers in his sales zone to represent them at the fifth GMC Division Dealer Council meeting.

Council moderator will be R. C. Woodhouse, GMC general truck sales manager.

Reports on the unprecedented popularity of the 1960 GMC line of V-8, Twin Six and Diesel trucks are expected to be given during business sessions.

Scheduled to attend are: F. R. Hunt Jr., Tampa, Fla.; Warren S. Day, Worcester, Mass.; R. B. Hollingsworth, Charlotte, N. C.; Frank M. Byers, Columbus, Ohio; Victor Rhynard, Lansing.

C. H. Huffman, Alexandria, La.; John A. Jensen, Bridgeport, Conn.; Harry M. Schole, Buffalo, N. Y.; Peter DeMiddo, Bradley Beach, N. J.; W. S. Burns, Rockford, Ill.; Edwin Makowski, Waco, Tex.; Marion J. Blaha, Scottsbluff, Neb.

V. E. Lysgrise, Wichita, Kan.; Russell D. Watkins, El Monte, Calif.; D. R. Getchell, Fresno, Calif.; Leo J. Mason, Caldwell, Idaho; Jesse Werner, Springfield, Ill.; James E. Ritt, Sioux Falls, S. D.; and J. R. Beard, Beaumont, Texas.

SCHOOL ON WHEELS—The first of a fleet of six new GMC Mobile Diesel Service Training units leaves the GMC Truck and Coach Division factory in Pontiac to take up the work of training GMC Diesel truck mechanics across the country. With the new

mobile school here are (from left) Calvin J. Werner, general manager of the Division; J. C. Marek, general service manager; and R. C. Woodhouse, general truck sales manager.

Grain Futures Mart Mixed and Dullish

CHICAGO (U-P)—The grain futures market generally posted only minimum price changes today in dull early dealings on the board of trade.

Soybeans worked into a firm range but prices otherwise were mostly mixed. Trade volume was small with commercial demand negligible.

Dealers said there appeared to be some hesitancy among speculators toward extending any commitments either way pending further information on possible crop damage from wind and hail storms last night in parts of the Midwest.

32 Land Parcels
to Be Auctioned
Here Thursday

Thirty-two parcels of landlocked
State Highway Department surplus
property in Oakland, Macomb and
St. Clair counties will go up for
auction in Pontiac Thursday.

The auction will be at 2
p.m. Thursday in the Board of Su-
pervisors chambers in the County
Office Building.

The department said minimum
acceptable prices range from \$25
to \$4,000 and total \$13,335 for the
32 parcels.

All owners of adjoining property
have been individually notified of
the sale.

Most of the 15 parcels in Oak-
land County adjoin on the Bright-
ton-Farmington freeway.

The 32 parcels range in size from
one-tenth of an acre to 102 acres.

GOP Governor Leads by Nose in Dakota Race

Farm Precincts Still Out May Show Trend Against Benson

FARGO, N.D., (AP)—Gov. John E. Davis, Republican, clung to a slim, two per cent lead over Democratic Rep. Quentin Burdick today in the North Dakota special Senate election.

Late returns, trickling in long after the polls closed Tuesday, showed Davis ahead by less than 4,000 votes.

With 1,576 of the 2,310 precincts counted, unofficial tabulations showed: Davis—\$3,561. Burdick—\$0,250.

That gave the GOP governor about 51 per cent of the total recorded so far.

Burdick and Davis, both noting that the race is neck-and-neck, expressed optimism today after a night of uncertainty. "It's running so close that I've got to see a few more precincts before we can say anything definite," the governor commented.

Burdick said the great majority of precincts still unreported are in rural areas—where he was expected to run strongest—and he said he was encouraged by the latest reports. He added "but it looks like it will be close."

About one-third of the 2,310 precincts had not reported between 2 and 3 a.m. (EST). In outlying districts, election officials locked the boxes and did not resume tabulating until later in the morning.

The margin between Davis and Burdick remained substantially the same thereafter. Davis had jumped to an early lead, but Burdick captured a heavy farm vote later.

This is the nation's first head-on collision between the two major parties in a farm state.

As such, it may indicate dissatisfaction throughout the farm belt with the agricultural program administered by Secretary Ezra Taft Benson.

Health Ruckus Next for Rocky

Governor Slaps at GOP Insurance Program for Elderly Persons

GLACIER NATIONAL PARK, Mont. (AP)—Gov. Nelson A. Rockefeller carried his running argument with the Eisenhower administration into the field of medical aid for the elderly today.

Already involved in a Republican ruckus over his criticisms of defense policies, the New York governor invited another fracas by denouncing as "fiscally unwise" an administration measure to subsidize the health insurance of needy persons over 65 years old.

Rockefeller called, in a discussion paper for a final-day governors' conference panel on problems of the aging, the government passage of a bill to finance health insurance payments for the elderly through social security payroll taxes.

Rockefeller opposed the "means test" in the administration bill as likely to require "cumbersome and costly administrative mechanisms in all 50 states."

He proposed setting up a "health benefit trust fund" financed by a one-half per cent increase each for employees and employers in payroll taxes. Each social security beneficiary would have the option of receiving health services or a check to meet part of the cost of outside health insurance he carried.

Ready to close up their conference shop for the year, the governors were invited Tuesday toward Gov. Stephen L. R. McNichols of Colorado, a Democrat, as their new chairman to succeed GOP Gov. J. Caleb Boggs of Delaware.

Gets Citizenship Award

PRESENTED TROPHY—Dr. Dana P. Whitmer (left) presents the William W. Donaldson Trophy for outstanding citizenship to Leon D. Bumgardner, Red Cross first aid volunteer worker, as Mrs. Bumgardner and Mayor Philip E. Rowston look on.

Toils 1,000 Hours, Leon Honored at Last

When public recognition finally came to Leon D. Bumgardner it came big.

The modest, quiet-spoken 54-year-old assembly worker who has volunteered more than 1,000 hours to Pontiac hospitals as a Red Cross first aid expert was presented last night with the William W. Donaldson trophy for outstanding citizenship.

The presentation was made by Dr. Dana P. Whitmer, president of the Greater Pontiac Community Council, in a ceremony before the City Commission.

It is the fifth year the trophy has been awarded and the first time that it didn't go to a recognized civic leader.

Bumgardner won the trophy and the respect of the community at night and on weekends.

AS HOURS-A-YEAR As a Red Cross volunteer orderly he has put in a minimum of 365 hours a year for the past three years at Pontiac General and St. Joseph Mercy Hospitals.

He often worked as late as 4 a.m. of a Friday, Saturday or Sunday.

He has 200 volunteers who so far this year and plans to keep up his record for five years.

"It's the goal I've set for the community that's been good to me," explained Bumgardner, 580 E. Beverly Ave. The trophy winner is in charge of assembly of bus windows at GMC Truck & Coach Division.

"My job keeps me from Red Cross work during the week, so only the weekends are left," he observed.

Mrs. Mildred Bennett, chairman of the Oakland County Red Cross, gave congratulations last night to both Bumgardner and his wife.

Reds Will Again Lob Rockets Down Pacific

MOSCOW (AP)—The Soviets plan to lob a new series of powerful multistage test rockets into the central Pacific next month about 1,000 miles southwest of Hawaii.

An announcement Tuesday night said the new rocket shoot will be held July 5-31 over a 50,000-square mile target area about 150 miles farther to the southeast than the landing area of the first Soviet Pacific rocket tests last January.

In their first test the Soviets said they fired a rocket some 7,000 miles and came within a mile of the target. The United States subsequently fired a super-Apache rocket 9,000 miles from Cape Canaveral past the southern tip of South Africa.

The Soviet Union warned other nations to keep their ships and planes out of the test area, which lies about 200 miles west of American-held Palmyra Island and within 600 miles of Christmas Island, where the British touched off their first hydrogen bomb.

Congress to Halt for Conventions

But Rayburn Indicates Session Will Resume After GOP Conclave

WASHINGTON (AP)—Congress will recess for the presidential nominating conventions and return to session later, Speaker Sam Rayburn said today.

Rayburn told his news conference no date for resuming the session has been agreed on.

Presumably, Congress will return in August. The Republican convention, the second of the two, begins July 25. The Democratic convention in Los Angeles opens July 11.

"We've decided we can't get through in time for people to get to the conventions," Rayburn said. "We will recess some time before that."

Rayburn said no decision has been made whether to recess this weekend or continue in session into next week.

A number of Democratic leaders have said they want to be on the scene several days before the Democratic convention opens.

Almont Girl Is 'Miss Detroit'

TO VIE FOR 'MISS MICHIGAN'—Gloria Kirby, a brown-haired, green-eyed beauty who was graduated this June from Almont High School, last night was crowned "Miss Detroit." Gloria, who usually brings home trophies from horse shows with her horse, Ginger, poses prettily with Ann Marston, (right), "Miss Michigan" of 1959. Born in Detroit, the 18-year-old beauty moved to Almont seven years ago with her parents, Mr. and Mrs. Bert Kirby, now of Detroit. She measures 35-24-35. Gloria will compete for the "Miss Michigan" title at Muskegon on July 5.

Combined Rate Boosted \$1.59 for This Year

School Allotment Main Cause for Hike With County Close Second

Combined city, county and school tax rates in Pontiac will be \$1.59 higher this year.

The total tax bill is scheduled to be \$44.88 for each \$1,000 in assessed valuation, compared with \$43.29 last year.

City and school taxes will be mailed out tomorrow, the county taxes in December.

The hike this year is traceable mainly to the schools and partly to the county.

The school tax in terms of assessed values is scheduled to be \$24.04. The school rates applied to assessed values were only \$22.56 last year and \$23.76 the year before.

The city tax rate on tomorrow's bills will be \$13.37 for the fourth straight year.

The combined school and city tax rates will be \$32.51. When county tax bills go out later, they will carry a rate of \$7.31 on assessed values. This compares with \$7.12 a year ago and \$7.34 in 1958.

The combined city, county and school tax rates were \$41.53 in 1958—30 cents less than this year.

Main reason for the increase in the school and county rates is that state equalized values in Pontiac have gone up for the first time in several years.

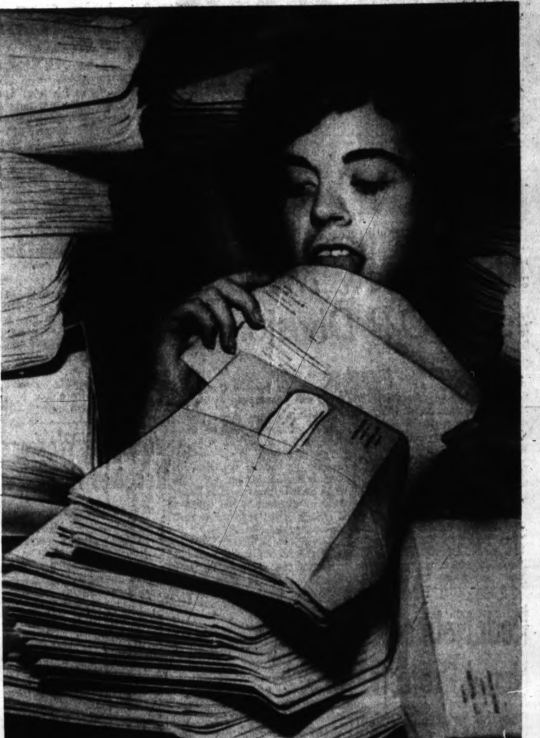

The hike this year was big—from \$219 million to \$32.5 million.

An adjustment reflecting this increase was applied to school and county tax rates before they were figured into the tax bills.

The school tax rate in Pontiac this year is \$18.36 on state equalized values, but \$24.04 on assessed. The county rate is \$3.98 on equalized, but \$7.31 on assessed. This includes 9 cents for special education.

The city treasurer's office has spent the last month preparing tax bills for more than 30,000 property taxpayers in Pontiac.

The July tax collection totals nearly \$104 million. The split is (Continued on Page 2, Col. 7)

THE FIRST LICK—Surrounded by 30,000 city tax bills that go into the mail tomorrow, Nadine Irwin seals up the first one the old-fashioned way. The City Hall clerk will help seal the others mechanically today.

Downtowners Favor Tax Vote

They'll Back Courthouse

County officials received assurance yesterday from a group of downtown businessmen that they would have their support on the Aug. 2 courthouse completion tax vote.

The old disagreement over location of the new courthouse would be forgotten, Debes Hamlin, chairman of the Board of Supervisors, was told.

The county will submit to county electors a proposed half-mill tax increase in the county rate for the next four years to value about four million dollars to provide for construction of four additional courthouse units.

The Board of Directors of the Pontiac Area Chamber of Commerce probably will meet next month to take a stand on the proposition.

STUDY PRESENT BUILDING Beside Hamlin's educational program on why the favorable vote is needed now, a preliminary discussion was aired on what will become of the present downtown Courthouse.

No decisions were reached.

Harry J. Woodman, Pontiac Area Chamber of Commerce president, stressed to Hamlin that members of the chamber had not been polled on the question.

"But you can feel sure that we will help you," Woodman said.

Asked how labor felt on the tax levy plan, Fred W. Haggard, president of the Oakland County AFL-CIO Council, said members were taking a "wait-and-see" attitude.

He urged that a fact sheet on the August vote, to be distributed to organizations and voters, clearly explain the need for the money.

The information, Hamlin said, was being prepared by an industrial concern without any cost to the taxpayers.

The chairman told the gathering.

Hollywood Stars Plan 'Draft Adlai' TV Show

HOLLYWOOD (UPI)—Plans are under way for many of Movie Town's top stars to take part in a televised "Draft Adlai Stevenson" rally on convention eve, it was announced today.

The half-hour show, scheduled to beam over a local station, will be the largest turnout of movie celebrities ever to pump for a presidential aspirant.

Heads Alumni Relations

KALAMAZOO (AP)—Raymond E. Fenwick of Grand Rapids has been named Director of Alumni Relations for Western Michigan University. Fenwick, a 1937 graduate of Western, succeeds Budd J. Norris, who resigned.

Commissioners Debate Dismissal of Straley

By PETE LOCHBILER

City Manager Walter K. Willman emerged unscathed last night as the first storm over Police Chief Herbert W. Straley's dismissal rolled on with little thunder and no lightning.

Straley supporters, Milton R. Henry and Robert A. Landry, kept the City Commission table tied up for 75 minutes as they rehearsed the two-year controversy over the police department.

Landry predicted—as he successfully did 14 months ago—that Straley would return.

Henry predicted that the anti-Straley majority of the Commission would be very sorry some day that Straley was fired—if, that is, the State Supreme Court rules the way he and Landry want it to on two legal matters.

The first is the Henry-Landry suit challenging legality of the Police Trial Board amendment under which Willman said he fired Straley.

The second is the suit which upset legality of the old Trial Board. This hasn't been appealed yet.

Both commissioners predicted that Straley's dismissal Monday would cost the city more money some day—if he returns.

The debate wandered back and forth from the immediate firing to events of two years ago.

ROWSTON, DUGAN REPLY Mayor Philip E. Rowston and Commissioner John A. Dugan answered many of the assertions.

Hege are highlights in question and answer form: Q. Did the anti-Straley majority of the Commission meet with Will-

(Continued on Page 2, Col. 5)

Probe 'Irregularities' in Election Petitions

The Oakland County Election Commission today confirmed reports that it is investigating alleged irregularities in the nominating petitions of Detroit attorney David Kaufman, non-partisan candidate for a new two-year probate judgeship.

Daniel T. Murphy Jr., a member of the Commission as county clerk-registrar, said some circulators of the petitions submitted June 14 were top members of Pontiac Teamsters Local 614.

Murphy said examination of the petitions showed some forgeries and a possibility of "round table" signatures by members of the union.

Con-Con Drive at Crucial Point

Search for Signatures to Be Intensified Over July 4 Weekend

DETROIT (P)—Conceding their campaign "is at the point where it can either succeed or fail," organizations sponsoring petitions to put a three-pronged constitutional convention question on the Nov. 3 ballot called last night for workers to redouble efforts through the July 4 weekend.

Sponsoring groups reported they now have gathered 228,692 of 231,318 signatures which must be obtained by July 8, but said at least 80,000 additional are needed to assure success of their drive.

Experiences in past campaigns have shown, the organizations said in a statement, that an average of 25 per cent of petition signatures are invalidated through technicalities or otherwise.

Since their meeting a week ago, sponsors said there had been a net gain of 40,000 signatures.

Volunteer Worker Receives Honors

(Continued From Page One)

The letter for her enthusiastic support of her husband's civil interest.

"If it weren't for the generous help of people like the Bumgarner, there would be no Red Cross—it can't exist without public help," she said.

Congratulations also came from Mayor Philip E. Rowland, Harold E. Philp, administrator of Pontiac General Hospital; Ralph Lownds, personnel director at St. Joseph Mercy Hospital; and Edward Leiland, executive of the Clinton Valley Boy Scout Council.

The Boy Scouts have a debt to Bumgarner, because he has trained hundreds of scouts in first aid.

Bumgarner holds many scout posts and is scoutmaster of Pontiac Troop 8.

It was after he became a scoutmaster 15 years ago that Bumgarner thought he should become better acquainted with first aid.

TOOK MANY COURSES "He took his first 30 hours of first aid instruction soon afterwards and since then has taken numerous advanced courses, including 20 hours of instruction at both hospitals."

More than 200 adults remember Bumgarner well—it was he who taught them first aid and taught them to use the Red Cross sponsored training programs.

The training of youngsters and adults and the actual practice of first aid are what Bumgarner likes.

"You'll never know the value of first aid until you're able to be of service at the hospital. There, where you really learn that your skills are appreciated."

"LIKE BEING BORN AGAIN"—It was all we could do to keep from bawling, said Alan Wagoner, 36, of Waterford Township, when he and two brothers he hadn't seen for 31 years were reunited at Los Angeles. Wagoner, at center, was split up from his two brothers, Richard J. Wagoner, 41, of Long Beach, Calif., (left), and Charles Wagoner, 42, of Artesia, Calif., when he

and a sister were adopted from a Farmington orphanage in 1929. They also just located the sister, Charlotte. She is the wife of Maj. R. B. McDaniel at Loring Air Force Base in Maine. Wagoner, who lives at 3186 Fernberry Ct. with his wife and their two children, said finding his long-lost family was "like being born again."

Most Administration Requests Granted

OK 40 Billion for Defense

WASHINGTON (AP)—A compromise defense bill of just under \$40 billion today offered the Eisenhower administration most of its major military requests, plus some \$50 million it opposed.

A Senate-House conference committee, compromising differences between the two bodies, gave the bill its final form late Tuesday. The House will take up the revised measure Friday. Senate action also is required.

House spokesmen agreed to 230 million to build a new attack aircraft carrier for the Navy; 244 million to produce B-58 supersonic bombers; and 130 million to speed development of the Air Force's B70 jet aircraft weapons system. The House had voted these down.

PROCUREMENT FUNDS CUT In exchange Senate negotiators accepted a slash of more than 400 million in military procurement funds—a reduction the Senate had rejected. The House said this 3 per cent across-the-board cut was needed to improve military contracting and carve out waste.

Clerks worked late computing these reductions in scores of separate items for missiles, aircraft, tanks, ships, submarines and the vast new Pentagon shopping lists. They expected to have details ready for filing in the House sometime today.

SLASHES AND ADDS President Eisenhower had asked a military outlay of about 39.1 billion for the fiscal year that begins July 1. The House kept this total but cut out more than a billion of Pentagon requests and then added an extra \$50 million for its own ideas.

The Senate restored many of the House cuts and approved its own additions to push the amount 1 1/2 billion above the House. The compromise cuts this back about one-half.

The 230 million for the carrier was rejected by the House as was

the 244 million for the Bomarc anti-aircraft missile, which has had a spotty record in early tests.

The compromise provides full money for the carrier but eliminates 50 million of the Bomarc funds and another 75 million the Senate had added to equip two bases in the Pacific Northwest.

It also includes 162 1/2 million to speed up modernization of tanks, guns and other equipment for the Army, about 100 million less than the Senate had approved.

The Senate had voted 265 million extra to hasten development of the 2,000-mile-an-hour B70. The compromise holds this to 190 million out of 85 million asked by the administration and voted by the House.

The bill also carries authority to transfer or spend extra millions if there is a scientific breakthrough on satellites or missiles, or the President decides to put a full airborne alert into operation.

Commissioners Debate Dismissal of Straley (Continued From Page One)

date hinges on the more than 300 days in compensatory time which Straley claims the city owes him.

A. "We've had discussions, but no meetings." —Rowston, "No commissioner gave me any orders." —Willman, "Didn't Mr. Landry and Mr. Henry meet by themselves to discuss their bill before they filed it?" —Dugan.

Q. Why did Willman tell Straley he was acting under orders?

A. "I never made any such statement. I said that I believed I had reasonable support of the Commission behind me." —Willman.

Q. Why, then, were there reports Monday morning that Straley would be fired that day?

A. "Rumors. They've been going around for a week." —Willman.

Q. Did a group of high-ranking officers meet recently with Willman and advise him that dissension in the ranks was causing most of the troubles?

A. "Yes, but I didn't buy it." —Willman.

Q. Why has Straley's replacement—Acting Chief Joseph K. Dugan—been given more power than Straley?

A. "He hasn't. He has the same free hand Straley had." —Willman.

Q. Did you (Willman and Rowston) attend a celebration banquet Monday evening which about 20 Pontiac Police Officers, many members attended? What was the purpose of the meeting?

A. "I attended a banquet. There were no officers present. There was no jubilation over Straley. I wasn't at what the meeting was for." —Willman. "I attended it." —Rowston.

CHARGE ASSELY? Q. Do you think charges should be brought against Police Capt. Dugan Ashley (an admitted foe of Straley) for asserting to the Commission two weeks ago that poor traffic enforcement was due to poor morale under Straley?

A. "I do not care to comment." —Willman.

Most of the questions were asked by Landry, who had a sheet of typewritten notes in his hand for reference.

Henry raised the question about Ashley's comments and later named him as among officers Henry believed were "sabotaging" the police department.

Fidel Threatens Texaco Refinery

Says He'll Confiscate if It Refuses to Process Russian Crude Oil

HAYANA (AP)—Prime Minister Fidel Castro today ordered immediate confiscation of the American-owned Texaco, Inc., refinery in Santiago if the company refuses to process Soviet/crude oil there.

In New York, a Castro spokesman said the company had no notification from the Cuban government.

Texaco is one of three oil companies of two American and one Dutch-British—operating in Cuba that since June 11 have faced a Castro order to refine Soviet crude or suffer confiscation. The other two are Esso Standard and the Shell Oil Co.

At stake is a 75-million-dollar investment the three companies have in their Cuban refineries, plus an estimated 60 million dollar in foreign exchange the Castro government owes them.

Most of the crude now processed for Cuba comes from Venezuela. Castro is buying the crude oil from the Soviet Union in exchange for Cuban sugar. He contends a Cuba can buy the Soviet oil for about \$1 a barrel under the Venezuela price.

Pontiac Tax Rate Up \$1.59 This Year (Continued From Page One)

\$3.7 million for the city and \$6,692,000 for the schools.

OFFERS BREAKDOWN A breakdown of the city and school tax schedules will accompany bills for the third straight year, said Walter A. Giddings, city treasurer.

The breakdown shows the city is levying \$11.42 for general purposes, 62 cents for debt and \$1.63 for sanitation and waste.

The Board of Education is levying \$10.88 for general purposes, \$1.98 from yotied mileage and \$1.98 for debt.

Property taxes on real property escape a penalty of 1 per cent until next March, when the County treasurer's office for a tax sale.

Delinquent taxes on personal property can lead to seizure action after Aug. 1, Giddings said.

Commissioners renewed their offer Thursday for a state visit, they met privately six months ago in Willman's office to hear terms of a settlement under which Straley would return to office; about the time they met privately 18 months ago to hear Eastman renege his charges against Straley; about the time they met informally to hear Straley's charges against the Public Administration report, to decide whether to hire a Public Safety Director, and to hire Eastman for the job.

There were claims and counter-claims about who was called at the meetings because no minutes were taken.

Henry recalled that he once had opposed Straley, had cited him before the Trial Board in 1954; had called for his dismissal at the City Commission table in 1958.

Henry then went on to explain that his sympathies had changed because he was taking "a long-range view" nowadays.

Landry demanded to know whether any of the anti-Straley commissioners had had any serious discussion with Straley in the past two years. Only Rowston had.

Rowston and Dugan recalled they had supported Straley up to the time of the Public Administration Service report and subsequent recommendations by the manager and public safety director.

They said they decided then that Straley must go.

Dugan recited the long history of the police department during the past two years.

He recalled the informal meeting of 19 months ago when "pressure" was brought to bear on Willman to bring charges against Straley.

"After Straley was put on the shelf he kept stalling on the question of resigning until the very last day of the 90-day period in the statute of limitations," Dugan continued.

"And everyone knows full well that it was because of the 90-day period that the charges eventually were dismissed."

Dugan concluded his narrative with the hope that the police department would settle down.

"And maybe we can talk about something else at the Commission table. We've been talking about the police department for more than two years now."

Wood made the final comment. "We're supposed to be acting like gentlemen. But we've been acting like kids."

S-P Names Indiana Man

SOUTH BEND (U-I.) E. Minkel has been named to the newly-created post of Vice President of Marketing by Studebaker-Packard Corp. The firm said Minkel will head an accelerated program related to the sale of cars, trucks, parts and accessories to both foreign and domestic markets.

PERRY A. VAUGHAN

Ex-Bloomfield Supervisor Dies

Perry A. Vaughan Was on Township's School Board 45 Years

Former Bloomfield Township Supervisor Perry A. Vaughan, 80, died Monday in St. Petersburg, Fla., after a long illness.

Vaughan, who resigned his supervisors post in 1950, has lived in Florida his last two years.

Until his retirement from civic affairs, Vaughan had been a member of the Bloomfield School Board 45 years and served on the Oakland County School Board.

He was a member of Birmingham Masonic Lodge 44, a past pastor of OGS 220, a member of the White Shrine of Royal Oak, the Lost Lake Woods Club and honorary member of the Birmingham Exchange Club.

ATTENDED MIT He attended the Massachusetts Institute of Technology and the Colorado School of Mining in Aspen.

Mr. Vaughan is survived by his wife Mabel; son Perry A. Jr., daughters, Mrs. Walter Guthrie and Mrs. John B. Hammond, both of Bloomfield Hills, and Mrs. Albert M. Guthrie of California and six grandchildren.

Service will be at 3 p.m. Friday at First Presbyterian Church in Birmingham. Burial will be in White Chapel Memorial Cemetery.

The body will be at Manley Funeral Home Thursday morning.

Memorial tributes may be made to the Vaughan School Library Fund.

Says Trampoline Noise Disturbs Funeral Home

The trampoline problem bounced back into the City Commission again last night.

There were complaints of noise and late hours again for the third straight week—this time from Farmer-Snover Funeral Home, 180 W. Huron St.

Mortician Paul M. Snover complained that "shouting and screaming" from bouncing youngsters at the center around the corner on State street was disrupting the "quiet and dignity" of the funeral home.

Commissioners also asked the city manager to check late hours noise and parking problems at the centers on Baldwin and Auburn avenues.

Name New Manager for B-O-P Division

Appointment of Kenneth N. Scott as general manager of the Buick-Oldsmobile-Pontiac Assembly Division was announced today by John F. Gordon, president of General Motors. The appointment is effective July 1.

Scott will succeed James L. Conlon, 1065 James K Blvd., who is retiring under the General Motors retirement program.

Scott has been manager of the B-O-P plant at South Gate, Calif., since 1953. The division assembles Buick, Oldsmobile and Pontiac passenger cars at South Gate and in plants at Arlington,

Texas; Atlanta, Georgia; Linden, New Jersey; Kansas City, Kansas; and Wilmington, Delaware.

Conlon has been general manager of B-O-P since 1952. He joined General Motors in 1925 with the Terrest Division. He served that division in various positions, including chief draftsman, until 1934, when he was transferred to Fisher Body as assistant to the engineer in charge of the mechanical parts engineering department.

He returned to Terrest in 1938 as chief engineer, and subsequently served that division as works manager, manager of the Detroit plant and manager of the Columbus, Ohio, plant. Conlon was general manager of Terrest from 1949 until his appointment as general manager of B-O-P.

Conlon was born at Port Lambton, Ont., Can. He attended the University of Detroit.

Scott joined General Motors as a maintenance clerk with Fisher Body Division in 1935.

He held various positions with that division until 1947, when he was appointed administrator of manufacturing studies for B-O-P in its Detroit office.

He became director of works standards in 1948 and was appointed production manager of the B-O-P plant at Wilmington in 1952. He was named manager of the division's Arlington plant in 1954, a position he held until his transfer to a similar position at South Gate, B. O. P., in 1957.

On June 21, 1957, at Amesbury, Mass., Scott was graduated from Phillips Andover Academy and received a bachelor of science degree from the University of Vermont in 1955.

Violinist Hopes She'll Drum Up \$15,000 for Boom

BAITMORE (P)—A violinist who led the Baltimore Symphony Orchestra, claiming she was a knocked down by a kettle drum, is suing the Philadelphia Orchestra.

Dorothy Ann Okey asked Superior Court Tuesday to award her \$15,000 for injuries she claims she received when she was killed back in the city of Philadelphia.

She named as defendants the Philadelphia Orchestra Assn., the Academy of Music of Philadelphia and the Lyric.

The storms broke out first in Minnesota, ranged into Iowa, Illinois and Missouri and roared into the Ohio River into Kentucky before dawn.

They left one person dead and numerous others nursing injuries. Winds clocked up to 125 miles an hour buffeted Ottumwa, Iowa, and uprooted trees, smashed buildings and caused minor injuries. hail and heavy rain lashed the city of 35,000-1.2 inches fell in half an hour.

Also hard hit were the southeastern Iowa communities of Osakoska, Fairfield and Krokuk.

The storm plucked up trees and heaved them against homes, buildings and cars. Hail up to three inches in diameter pulverized field crops. It shattered skylights, greenhouses and neon signs at Boone, Iowa.

Also hard hit were the southeastern Iowa communities of Osakoska, Fairfield and Krokuk.

Winds up to 80 miles an hour ripped into Quincy, Ill., across the Mississippi River. Falling trees knocked out power and telephone service and left most of the city of 42,000 without electricity.

Edna Gruse was killed when a portion of the apartment building where she lived in Quincy was caved in by the winds.

The city of Macomb, also in west central Illinois, was hit by winds in excess of 90 miles an hour. Considerable tree and utility damage was reported.

Illinois state police urged motorists to stay off highways in the state's west-central section.

The storm hit the northern Illinois city of Rockford emphatically and quickly, in half an hour it dumped an inch of rain. Hail stones two inches in diameter smashed thousands of windows.

Terrific Storms Smash Across Five-State Strip

By The Associated Press

A vast outbreak of thunderstorms, striking with hurricane-like ferocity, pounded the Midwest Tuesday night and today and carved a wide path of destruction across parts of five states.

Southeastern Iowa alone counted its damage in millions of dollars.

Test YOUR Driving Skill

Skillful Driving

How to master 30 of the most crucial situations of modern traffic

By MAXWELL N. HALSEY

AVOID ATTACK FROM THE REAR Turning requires you to stop in front of some drivers and get in front of others; you have to tell them that you are going to turn and be sure that everyone behind the message. A flashing light will attract attention more effectively than will a light which is merely turned on and kept burning. By pumping your brake pedal your flashing stop lights have a superior chance of waking up a driver behind you who is not alert.

Henry and Landry bemoaned the fact that Straley was fired now, although he could have retired in November.

CITY FILES 1961 Finance Director Marvin Alward said, however, that he couldn't retire until November 1961.

The question of a retirement

MISS CALIFORNIA — Suzanne Marie Reams, 19, of La Mesa, Calif., poses at the Santa Cruz Beach bandstand with the trophy she received for being named Miss California. The hazel-eyed brunette has measurements of 36-24-35. She will represent California in the Miss America contest at Atlantic City.

Man, 75, Is in Training for Long, Long Stroll

MILL CITY, Ore. (AP) — Paul Smith is training daily for what he says will be his longest walk — from San Francisco to New York, and back again.

"Nobody has ever completed the trip both ways," said Smith. He's 75.

Geneva Walkout Called Propaganda by Western European Newspapers

LONDON (AP) — West Euro-only part of their propaganda campaign against the West. The Socialist Populaire of Paris asserted that the Soviet Union has "casually slammed the door that the West tried to open toward peace."

Some newspapers described it as a deliberate "understanding" of Nikita Khrushchev's determination not to do business with President Eisenhower's administration.

In West Germany, the conservative Frankfurter Allgemeine combined both views with this comment:

"Khrushchev has rid himself of a double responsibility. He now needs neither to disarm, and thus weaken the Soviet Union compared with China, nor be exposed any longer to Peiping criticism that he is flirting with the capitalists."

His move also aims at the American election. Before long one will hear from the American Democratic party that the West did not make efforts in time to come to terms with the U.S.S.R.

Aides of Chancellor Konrad Adenauer said that from the beginning they had expected the talks to get nowhere—that the Soviets had made clear all along that they considered the talks

abundantly clear that he does not intend to do business with the present American administration. Possibly this may simply be an excuse to disguise his own internal problems."

But several British newspapers criticized the Western allies for not coming up with their alternative disarmament proposals more speedily.

"The lesson for the West is to stop the shilly-shallying which seems to greet each and every Soviet proposal," the liberal News Chronicle commented.

British observers believed the Soviet decision to take disarmament back to the United Nations was designed to flatter the small nations of the world and to win their support.

Says Bosses Should Tolerate Failings

CHICAGO (UPI) — The successful boss must have a "high frustration level," according to a academic knowledge in the art of professor with both practical and bossmanship.

Ray E. Brown, professor at the University of Chicago's Graduate School of Business and superintendent of its 111-bed clinics, said leaders of men must learn to tolerate human failings and inefficiency.

Describing what he called "the all-or-none complex," Brown said one of administrators' most common pitfalls is the "tendency to attempt only perfect solutions instead of the accomplishable."

"The successful administrator must on occasions tolerate conditions of inefficiency rather than court failure by attempting to clear all obstacles with one great push," he said.

"He must determine his goals and evaluate the opposition to them."

NOW contact-less lenses 10 WAYS IMPROVED

- Over Old Style Contact Lenses**
1. Made to fit the individual curves of the cornea and to rest securely on a natural layer of tear.
 2. Made to be worn by thousands from rising to bedtime.

Landscapers Pick Pittsburgh, Pa., for High Honor

NEW YORK (UPI)—Pittsburgh, Pa., was named "American City of the Decade" today by the New York Chapter of the American Society of Landscape Architects meeting here for their annual convention.

Oliver A. Deakin, president of the chapter, and Wolcott E. Andrews, chairman of the convention, said that in terms of city planning and urban renewal, Pittsburgh received the most wide ranging and favorable attention from the A. S. L. A. members at the meeting.

It was praised for the "boldness in concept and skill in execution" of its building program.

Joseph M. Barr, mayor of Pittsburgh, interviewed before the meeting, said he is confident that urban renewal "can help reverse the trend to the suburbs."

PET DOCTOR

By A. W. Moller, D.V.M.

Q. Is it true that our dog will become fat if we have her spayed?

A. Removal of the ovaries (spaying) slows down the endocrine glands and metabolism of the adult dog. However, if the dog is spayed before sexual maturity, there is little interference in puppy metabolism.

Early spaying even helps the dog maintain a perennial puppy personality. When the operation is performed after maturity, the female literally goes through "change of life" and there is mental as well as physical change.

In my opinion, any dog can lose her girlish figure and have middle-aged spread if diet and exercise are not wisely observed by the owner.

Parents Defend Teacher of Sex

Two Women Say Vital Information Was Given by Suspended Educator

MILWAUKEE (UPI)—Two women testified last night they saw nothing wrong in their sons taking part in discussions about sex in a high school classroom.

The women testified on behalf of Edwin M. Wasilewski, 34, English and speech teacher at Boys Technical High School suspended for discussing sex with his male classes.

"I'm very happy that my son had a man's opinion on things like prostitution and houses of prostitution," Mrs. Dorothy Kosanke said.

She said she was "very pleased someone took an interest and explained the things the boys had been hearing on street corners."

Mrs. Herbert S. Russell said she had no objections to the discussions that were carried on in the classroom.

She said her son had brought up matters of sex at home and the family had discussed them "at quite some length."

"We thought he should know both sides of any question," she said. "After all, that's why we send him to school, to learn everybody's views."

Three former students, John Smith, William C. Anderson and Allen Zehn, all 18, also testified for Wasilewski, charged with inefficiency and lack of good behavior.

The three said they spoke to their parents about the discussions and their parents felt they would rather have their sons learn of such matters from an adult instead of picking up the information in the streets.

Bus Drivers' Strike Still Plagues NY

NEW YORK (AP)—A wildcat strike by disgruntled bus drivers threatened to plague the city for the second straight day today.

Negotiate on Rail Merger

Two Roads Court B & O

NEW YORK (AP)—Stockholders of the Baltimore and Ohio Railroad today found themselves courted by directors of both the New York Central and the Chesapeake & Ohio Railroads.

Both the Central and the C&O directors want the stock owned by the B&O shareholders. The Central directors Tuesday offered 1 1/2 shares of Central stock, plus \$9 in cash, for each B&O common share. That was equal to about \$43 a share at current market level. B&O common closed at \$28.25 Tuesday on the New York Stock Exchange.

Previously, the C&O had offered one share of C&O common for each 1 1/2 shares of B&O common. That was equal to about \$35 a share.

C & O RECORD BETTER
However, the C&O has a much better record of dividend payments on its common stock than the Central. The C&O also offered one share of common stock for each share of B&O preferred stock. The Central made no offer for the B&O

preferred, and said it would limit its common purchases to 1,500,000 shares.

There are 599,998 shares of preferred and 2,546,951 shares of B&O common outstanding. Each has equal voting rights.

The Central wants a three-way merger with the B&O and the C&O. Its president, Alfred Perlman, said the road would be receptive "to any appropriate agreement to accomplish this greatly desired result."

The C&O is thinking in terms of eventual merger with the B&O, but does not want to bring the Central into the picture. The C&O wants a two-way merger.

In its petition to the Interstate Commerce Commission seeking approval of its offer, the C&O said, "the inclusion of any additional Eastern railroad in this two-way affiliation would destroy this constructive movement at this time."

The Central wants to get in any B&O and C&O merger because of Perlman's stated belief that the

See Price Drop for Feed Cattle

Egg Output Expected to Decline More Than Usual; Hog Kill to Fall

WASHINGTON (UPI)—U.S. Department of Agriculture economists predict prices of feed cattle probably will decline moderately this summer and hold little promise of much recovery this fall. Feeder cattle prices will weaken seasonally this fall.

Hog slaughter this summer will be significantly smaller than last year.

Egg production is likely to decline more than seasonally later this year, with a more than seasonal price increase expected. Recent turkey hatchings have fallen below 1959, and the outlook now is for a total crop about the same as the \$2 million birds raised last year.

Deciduous fruit prices for the coming season probably will be higher than in 1959. Total cold storage stocks of frozen deciduous fruits and berries on June 1 were down 12 per cent from a year ago.

He Reverts at Times

BRANDON, Vt. (UPI)—Carl Pierce, 33, says he has a crow that barks and eats dog food and says hello. He said occasionally his pet, Mr. Van Dyke, will even caw like a crow.

Mrs. Shunck Off to Visit Turkey

A dream of a lifetime—to see the exotic Far East—came true for a Waterford Township woman Tuesday, when Mrs. William A. Shunck boarded a plane at Metropolitan Airport, bound for Istanbul, Turkey.

Mrs. Shunck will see her daughter Sally graduate from Ataturk, Kiz Lisesi—a high school for girls—in a land famous for its Biblical history, rare art treasures and great cathedrals.

It all began last summer, when the Shunks were hosts to a group of principals and superintendents from Turkey. During the visit, Mrs. Shunck found that she and one of the women, Mrs. Aydin Igar, had much in common as far as education, social compatibility and general thinking was concerned.

As the friendship grew, the two families decided to have a student-exchange project of their own. Mrs. Shunck would accommodate Mrs. Igar's son, Aydin Jr., and the Turkish woman would see that Sally attended high school in Turkey, for a one-year period.

Aydin is now attending his first year at Michigan State University, Oakland. The project has been so successful that he will continue to live with the Shunks and finish his college education. Sally will enter Michigan State University next fall.

On her way to Turkey, Mrs. Shunck will have a 10-hour stopover in London to see sights she never expected to see. After Sally's graduation, the two will visit the beautiful mosques of Turkey, see the Passion Play at Oberammergau, Germany, and return home from London July 31.

The Unmentionables

NEW YORK (UPI)—There is plenty to mention about what a girl spends on unmentionables.

One poll of New York career girls showed the annual spending on lingerie at \$150 per year. A lingerie manufacturer talked to hundreds of women along "advertising rows"—Madison Avenue—and found also that the average working girl owned four girdles, six bras, 10 pairs of panties and 12 slips. In sleepwear, the average was six nightgowns, three pairs of pajamas, two robes and one bed jacket.

The sea otter's fur is so fine and thick that the animal can swim for days without getting its skin wet.

Here's a solution to the problem of negotiating sidewalk grating in stiletto heels. A Nuernberg, West

Germany department store placed foot-shaped plates over the grill at the store's entrance.

Coordinator of Colors Is New Job

It Pays Well but One Must Work Up Slowly

CHICAGO (UPI)—Women with an eye for color can make it pay up to \$15,000 a year, according to Mrs. Betty Schoenberg, national color coordinator of a large mail order house's home furnishings lines.

Mrs. Schoenberg's job is to advise her company on what colors to feature in upholstery, rugs, draperies and accessories.

To do this, she must keep abreast of the changing tastes of homemakers, yet be able to recognize a color trend from a fad.

In Mrs. Schoenberg's case, this ability stems from a natural talent for choosing pleasing combinations of colors, plus both a college and professional education in art, architecture and the theories of color.

She called a natural sense of color even more important than education in its use.

"You have to be able to judge color the way the homemaker does, with her eyes," Mrs. Schoenberg said.

According to Mrs. Schoenberg, there is an increasing number of jobs in her field, and women as well as men can get such jobs with furniture manufacturers, fabric and rug mills.

"But many of the opportunities in this field have to be made," she said. She suggested becoming an interior decorator as a start. "After a decorating course in a home economics college or professional art school, go to work in a department store," Mrs. Schoenberg advised. She began her career arranging table settings in a Chicago department store.

She suggested making the break from interior decorating into color coordinating by taking a job with a manufacturer of furniture, fabrics or carpets.

"You may be hired to arrange showrooms," she said. "But keep coming up with sound advice on color and the manufacturer may recognize the need for a color coordinator."

Partial Mirror Won't Offer Fulltest View

(NEA)—When you're dressing for a special occasion, do you make the mistake of looking at yourself in a mirror that only shows part of you at one time? If you do, you're taking a chance on not looking your best.

Your hair may be arranged beautifully. Your earrings may add the perfect finishing touch to your hairdo. And yet, neither may be just right for the dress and shoes you're wearing.

When other people see you, they see the complete picture—not just an attractive hair style or a pretty dress. Everything you wear should comprise the best possible portrait you can present. And unless you have carefully examined yourself in a full-length mirror, you won't know for certain that the clothing, coiffure, shoes and jewelry you've chosen complement each other as you hoped they would.

In Morning Rites

Janis Paquette Says Vows

The Rev. Francis O'Donnell officiated at the Saturday morning nuptials of Janis Gail Paquette and Chesley E. Drouillard in St. Michael Church.

Mr. and Mrs. Moses L. Paquette of Gingiville street, parents of the bride, were hosts at an evening reception in Gingiville Community Center. The bridegroom who lives on Myrtle street is the son of the Ernest H. Drouillards of Belleville, Ont.

Four attendants in white nylon chiffon and green embroidered bodices over taffeta preceded the bride to the altar banked with white gladioli. They carried green and white carnations on white silk fans.

Yvonne Konrince was maid of honor. Serving as bridesmaids were the bridegroom's sister Iva of Belleville, Ont., Maxine Wittler of Lake Orion and Anne Lane.

Silk illusion veiling complemented the floor-length bridal gown of embroidered white organza styled with three-quarter sleeves and square neckline. Resting on the bride's white prayer book was a cascade of white rosebuds, ivy and shattered carnations.

Gerald R. Paquette was best man at his sister's wedding. Her brother Neil ushered with the bridegroom's brothers, Clayton and Monty of Belleville, Ont.

Before leaving on a brief honeymoon the new Mrs. Drouillard changed to a yellow and white linen sheath dress.

Mrs. Paquette chose rose embroidered linen for her daughter's wedding and the bridegroom's mother appeared in a costume suit of powder blue linen.

Mrs. George Polvina attended her granddaughter's wedding with Mrs. Cary Brandt and Mrs. William Ward, aunts of the bride. All are from Minneapolis, Minn. Mr. and Mrs. Robert Barney of Riverside, Ont., were guests at their nephew's wedding.

Musical Group Presents Awards to Students

Annual awards have been presented by the Senior Group of Pontiac Junior Musicians.

Given a partial scholarship for attendance at Interlochen, when members met Saturday at the Ulica road home of the Oscar Schmids was David Allen, violinist.

Mary Jane Holington received the achievement award for presenting a private recital in dramatics and song.

Attendance prizes went to Sue Dunham, Jim Howard, Karen Holstein, Mary Jane Holington, Jerry Stoner, Nancy Scribner, Mary Ann Stephenson and Alice Treece.

The group adjourned to Ted's Restaurant for dinner and later attended the Detroit Symphony Orchestra's concert at the Michigan State Fair Grounds.

Parents and guests attending were Mr. and Mrs. Edwin Dinan, Nancy and Elaine Dinan, Janetta Green, Robert Logan, Mrs. Austin Martin, Mrs. Walter Aluzas and Mr. and Mrs. Schmidt.

Others were Dana Jelch, Elaine Findlay, Gilbert Stephenson, John Slade, Sherry Aluzas and Karen Slade, Sherry Aluzas and Karen Slade, Sherry Aluzas and Karen Slade.

Coeds Can Hit Books in Summer

COLUMBIA, Mo. (UPI) — Summer vacations should be used to prepare college women for marriage and careers, says the president of a women's junior college.

"Confronted with new patterns of early marriage and pressure for early entrance upon careers, women want a more significant summer than one spent in idleness or in contrived activities," Dr. Seymour S. Smith, of Stephens College, said.

"Furthermore, with the rising pressure on educational facilities, too many college plants gather moss on ivy-covered walls for too many idle months each year. College plants ought to be used the year round," he added.

To meet the problem, Stephens College, a four-year women's college, will offer a bachelor of fine arts degree in four fields — music, theater arts, fashion design, and dance.

In courses including two summer sessions, students can:

— Study and act in summer stock with the college playhouse company of resident professional actors for eight weeks at Lake Okoboji near Spirit Lake, Iowa.

— Study fashion design in New York at the Parsons School of Design. Also under consideration for summer studies are a fashion design study tour of Europe and approved courses at other colleges.

— Study dancing and acting and work with professionals at the Perry Mansfield School of Dance and Theater at Steamboat Springs, Colo.

— Study music theory and perform on the Stephens campus.

Ei, Ei, Eyes — The eyes have it this season. Subtle emphasis is accepted during the daytime, and, after dark, almost anything goes. One kit, which contains everything needed for eye beauty, even includes a tiny washable "palette" for blending colors.

Rather, the air flies with discussion of drip-dry fabrics, pleats that will hold their own in washing and so on.

These are fine things in their way and a boon to the young mother.

But the woman in her mid-thirties, no longer tied down by small children, is the one who should give some thought to her way of dressing.

Out should go the standard navy blue suit worn with small flowered hat.

In should come a planned way of dressing with loving attention given to each purchase in order to make up an arresting, attractive, special way of looking.

MICHAEL R. KOPCSIK

A recent graduate of the University of Notre Dame is Michael Robert Kopcsik who earned a Bachelor of Business Administration degree, majoring in business organization and management. The son of Mr. and Mrs. George Kopcsik of Lari court, Orchard Lake, he plans to enter the Naval Officer Candidate School this fall.

The two-piece look in bathing suits will sweep American beaches this summer according to fashion predictions. Shown on the sun-basking model is a vivid jungle printed cotton pique

featuring sleek little-boy shorts and halter bra. For contour control, the suit is interlined with quick drying, light weight peltan.

This Lady Deep in Crime

By GAY PAULEY

NEW YORK (UPI) — Mrs. Marilyn Picard is equally adept at cooking a fine French meal or cooking up a concoction to help police catch a criminal.

Mrs. Picard, a bubbly brunette, 28, runs the fingerprinting department of her family's firm which manufactures close to 1,000 products used for crime detection.

These include fingerprint links and waders, camera attachments for law enforcement at the scene of a crime or accident, narcotics testers, solutions to detect forgeries or alterations of records, a solution to determine whether a stain is blood or just ketchup, and various sizes of laboratory kits equipped with these and other tools of the trade.

Often, she is summoned as a consultant to help track down tricksters and travels around the nation inspecting employees for various "suspicious" demonstrating baby-sitting to hospital staffs, helping police departments set up their fingerprint classification files, and returning on fingerprinting at meetings of police chiefs or heads of police identification departments.

She is in Asbury Park, N.J., this week for the New Jersey Police Chiefs' convention.

Mrs. Picard is one of the few women members of the International Association for Identification. And, she has just completed the development of an index, disposable pad for use in hospitals where state law requires fingerprinting of the newborn.

"I don't like being called an expert," she said, "I may know a lot, but there's a lot I don't know. There was a let wreck so bad that all they had was part of a man's shoulder, but the FBI made a complete identification from it. Now, that's expert work."

Mrs. Picard was born Marilyn Dandere, only daughter of John A. Dandere, a chemical engineer who established Fauriol Inc. in 1932.

"By the time I was 14, I was coming in the office on Saturdays to help address envelopes," she said in an interview recently.

"When my father saw I was interested in his work, he began coaching me in fingerprinting."

"He loved it so much he used to give evening classes. Occasionally he'd let me substitute for him. But

eventually we gave up the school. It was just too much."

Her father died three years ago and today her mother, Lisette, heads the firm. Also associated with Fauriol is her French-born husband, Pierre Picard, whom she met while both were studying business administration at Fordham University.

The Picards have two children, Peter, five, and Phillip, going on two.

Mrs. Picard works in a man's world but is a completely feminine woman who likes to cook and run her home—the family lives in White Plains, N.Y.

"My mother-in-law taught me a lot about French cooking," said Mrs. Picard. "And, how to do needlepoint." She explained that she lived in Paris from 1954 to 1957 while Pierre was on military duty. He now has applied for U. S. citizenship.

Fingerprinting, she said, can be traced to the Chinese 2,000 years B. C., when prints were used as a signature, say on a deed for property. It came into use in criminal identification in the early 1900s.

Today, the FBI has an file in Washington better than 133 million prints of criminals, government workers and people who just plain want to be fingerprinted in case of accident.

"The whole subject is fascinating," said Mrs. Picard. "I got a letter this week from a woman who wrote that she is the reincarnation of her grandfather—with the same fingerprints, and before him, Benjamin Franklin."

"She added, 'I may even have had a criminal record I don't know about.'"

Husband's Ad a Real Switch

WASHINGTON (UPI)—Peter B. Ferrara put this classified ad in the Washington Star recently:

"I am responsible for all debts and obligations of my wife, Verla, both present and future, and am delighted to be the provider for a woman who has borne me three fine children, listened patiently to all my gripes and with an overabundance of love and care made the past 15 years the happiest I have ever known."

"On this our 15th wedding anniversary I am proud to express my gratitude publicly."

Discover Dental Floss: An Ally of Toothbrush

(NEA) — When it's a matter of warding off dental bills and keeping your own sound, white teeth, dental floss is definitely a girl's best friend. It's an ally of the toothbrush and, as such, should be used daily.

But it has virtues that the toothbrush has not. It can be easily tided with you to the washroom in an office after lunch. (Some girls balk at brushing teeth in an office washroom.) It gets into spots that a toothbrush was never meant to reach. And it dislodges on the spot, the possibilities of future decay.

It should stand on your bathroom shelf in a large container and go with you in your handbag to the office in a purse-size container. It should also be a must on your list when you're packing to go on a trip.

11th-Hour Date Tips Helpful

(NEA) — In this day and age of "instant" wonders, one of them is that a last-minute plea for a date need't throw you into a panic.

Even though your hair looks a mess, your nails are ragged and you've developed skin bumps, you can still keep that date looking pretty.

This is the way you go at it: When your hair needs a shampoo and a setting into the bargain, brush it first with a hairbrush slipped into an old nylon stocking.

Brush vigorously with head down, from the scalp to hair ends. The nylon will pick up the lint and grime, dry cleaning your hair.

Then dampen your hair with cologne and pin it for a fast set. The cologne dries rapidly.

Ragged fingernails can be concealed with the artificial variety. Trim the rough cuticles, apply the false nails and coat with fresh polish.

While your nails dry, lie down for 15 minutes with your feet propped high. Close your eyes and cover the lids with cotton moistened in witch hazel to relieve tired eyes.

For those skin bumps which plague many girls, use a covering makeup in stick form.

This opaque cream will conceal pimples, freckles, strawberry marks and other skin flaws.

And, of course, remember that the permanent way to keep pimples away is via rest, exercise, sound diet and eight glasses of water per day.

Stammer Couple on Trip

Honey-moon plans for Francis Donald Stammer of Garden City and his bride, the former Rose Marie Flanigan, include a motor trip through northern Michigan, Wisconsin and Iowa.

Their wedding vows were solemnized at noon Saturday in St. Michael Church by the Rev. Francis X. Drak.

The bride is the daughter of Mrs. John T. Flanigan of Edison street and the late Mr. Flanigan. Mr. and Mrs. Reynold A. Stammer of Vail, Iowa, are the bridegroom's parents.

The bride's gown was fashioned of floor-length white embroidered English organdy. The molded bodice featured a sabbina neckline, short sleeves and basque waistline.

Fresh silk illusion veiling was caught by a crown of seed pearls. The bride held a cascade arrangement of white carnations and stephanotis.

Mrs. M. W. Flanigan of Waterford Township attended her sister-in-law as matron of honor.

Pink and white carnations in a tan arrangement complemented her street-length dress of blue silk organdy. The fitted bodice was styled with a square neckline. Her blue veil was held by an argan clip.

On the espire side were the bride's brothers William, serving as best man, and James, who seated the guests with Joseph Berry.

At the reception in her home, Mrs. Flanigan appeared in a gray lace sheath dress over pink tulle. Mrs. Stammer wore beige Cupini silk. Shoulder corsages of pink carnations completed their ensembles.

On their return from their honeymoon, the newlyweds will reside in Garden City.

6 Others in U.S. Reshuffle

N-Tipped Missiles Pegged to Defend Detroit Area

WASHINGTON (UPI) — The defense department shook up its air defense plans Tuesday in a move that will deploy nuclear-tipped Nike-Hercules anti-aircraft missiles around seven metropolitan areas, including Detroit.

The areas are on the East and West Coast and the North-Central part of the country. The missiles previously had been earmarked to protect seven Strategic Air Command bases and the city of Hartford, Wash., site of an atomic explosives plant.

Under the new plan, they instead will help defend Washington-Baltimore, Philadelphia, New

York, Detroit, Chicago, San Francisco and Los Angeles against possible bomber attack.

The redeployment plan also calls for the 15 Nike-Hercules batteries involved to replace 15 Nike Ajax batteries.

RANGERS DIFFER

The Nike Ajax has a conventional warhead, an altitude ceiling of 80,000 feet and a slant range of 25 miles.

The nuclear tipped Hercules can reach targets 150,000 feet high at a slant distance of more than 75 miles.

The army, which developed and operates the missiles, said it would start to modify missile sites in the areas, concerned "in the near future."

A missile battery has 12 launchers and about 100 officers and men. (Oakland and Macomb counties in Michigan have several such sites.)

The Pentagon said the change in air defense plans had been recommended by Air Force Gen. Laurence S. Kuter, as continental air defense commander.

He has charge of Army, Navy and Air Force units assigned to air defense missions.

PART OF BIG PLAN
While the announcement did not mention it, a key factor apparently was the retirement in air defense begun some months ago.

At that time both Navy picket ships and Air Force interceptors were withdrawn from locations on the continent's periphery.

Pentagon sources said Kuter decided, in view of the reduced forces available for air defense, that missile bases should be predominantly on the periphery of the country.

His reasoning was that in the event of airplane attack, this country's retaliatory bombers would have sufficient warning to get off the ground before they could be brought under attack.

Pioneer Industrialist, Charles Coryell Dies
BAY CITY — Charles Coryell, pioneer industrialist and banker, died Sunday at his home here. He was 94 and had been in failing health for three years.

Coryell organized the Robert Gage Coal Co. here in the early 1900s and later formed the Monitor Sugar Co. He was also a director of the Peoples Bank and Trust Co.

The commission wants citizen reaction so it can embody the best features of each plan to the satisfaction of the most people.

Property values downtown have declined and businesses have moved out into fringe areas. It was figured in long range planning that 600 million would be needed to restore downtown.

However, furniture manufacturers' showrooms remain in Grand Rapids and the annual winter and summer showings still attract buyers from coast to coast.

Playing host to conventions has become a multimillion-dollar business for the city. Last year 52,865 convention visitors spent more than \$7,288,000.

New featherweight concrete containing pumice, expanded shale or slag, can be sawed and nailed, resists heat, and absorbs sound. It will even float.

LIKE A BIG DADDY — Elvis Presley, apparent rival of Frank Sinatra for the affections of dancer Juliet Prowse, looks chummy with her and three sets of twins who appear in his new movie, "GI Blues."

Ex-GI Elvis has every reason to be blue. While Sinatra was in Asia, the younger lad minded Juliet on the home front. But Sinatra brought her back a string of Japanese pearls, which didn't help the Presley disposition. Juliet is Sinatra's main romantic interest since his divorce from Ava Gardner.

Glamor Wagon Helps Women in Hospitals

ENGLEWOOD, N. J. (AP) — Englewood hospital, working on the theory that women feel better when they look their best, has instituted a "bloom closet" for dispensing beauty service.

Women patients receive the beauty treatments either at the hospital's modern salon or at their beds by means of a "glamor wagon."

The project is sponsored by the hospital's auxiliary.

Horse Marines Are Still Riding, But Not to Glory

CAMP PENDLETON, Calif. (UPI) — The famous Leatherstock on horseback, who became subjects of many songs and stories for their exploits in China in the 1920s and 1930s, have, not disappeared completely.

But, the U.S. Marine on horseback today isn't very glamorous.

Camp Pendleton's horse troops serve as game wardens who ride miles of fence searching for persons who violate state or base game laws on the sprawling 125,000-acre military post.

They never get a chance to step out on parade in dress blues and fancy saddle trappings which made their predecessors famous.

And, the only protection they provide is for herds of deer and other wild life which populate the barren mountains of the base.

U.S. Explores Problems

Studies Reveal Feasibility of Military 'Death' Ray

WASHINGTON — (NEA) — A military "death" ray or "death" beam now seems feasible.

That's the finding of new secret studies sponsored by the Department of Defense.

Work has already started on some of the basic problems, although practical "death" beams are probably 10 years away.

These killer rays would probably consist of billions of tiny atomic particles, possibly the hearts of small atoms or perhaps individual particles that go to make up atoms.

The rays may consist of X-rays like those your doctor uses to look inside your chest.

INTO NARROW BEAM

They would be focused into narrow beams and shot out by some sort of powerful electronic gun. These sound harmless, but they could kill missiles and men.

They probably would be fired from a space station. They could be shot at intercontinental ballistic missiles.

They would aim at causing changes in the atomic warhead that would make the missile harmless.

The small atomic particles would cause the atomic innards

Trip Wasn't Necessary

HARTFORD, Conn. (UPI) — Michael Silverstein was so optimistic when he journeyed 50 miles for a court appearance that he bought a round-trip ticket. He got a \$1.85 refund before being taken to prison to serve a 30-day sentence as an illegal alien.

Grand Rapids Lawyer to Head Crime Council

LANSING — John B. Martin, Grand Rapids attorney, is the new chairman of the Michigan Crime and Delinquency Council.

Election of Martin, who also is Michigan's Republican national committeeman, was announced yesterday. He succeeded Byron J. Nichols of Detroit, Chrysler Corp. vice president, who held the post four years.

The new vice chairman is Lester K. Kirk, Detroit insurance executive.

The group's parent agency has changed its name from the National Probation and Parole Assn. to the National Council on Crime and Delinquency.

Good Films Will Pull in Audiences

Producers Must Quit Making Trash

By BOB THOMAS

HOLLYWOOD (AP) — Feel like going to a movie? If you lived in Los Angeles, you would have a choice of seeing such attractions as these at first-run theaters:

"Battle in Outer Space" and "12 to the Moon," "Macumba Love," "Blood — Just a Queen" and "3 Came to Kill."

"The sign of Zorro" feature created from a TV series, "Passed for White" and "The Hypnotic Eye," "G's and Girls Beware" and "The Desperate Women."

"His Abortion Racket," "Hannibal and His Crazy Elephant Army." Quite a selection. Of course, there are also some quality films showing, often on double features

with reissues. But an increasing number of hills are cheap films, mostly foreign made and designed to shock or titillate. Many of them are scarcely above the peep-show level.

An ancient saying in Hollywood runs: There is nothing wrong with the movie business that good pictures can't cure. Hallelujah!

The film industry has been assaulted by TV and other demands on the public's leisure time. But that old saying remains true. Hollywood's biggest problem is still from within, not without.

NEED GOOD FILMS Proof of the potential health of the film business is the fact that it pictures can make more money than ever before. Fantastic profits can be reaped from films like "The Ten Commandments," "Around the World in 80 Days," "The Shaggy Dog," "Bridge on the River Kwai," "Sayonara" and "Giant."

Some stars use this power well. Grant hand-tailors his vehicles as deftly as his \$300 suits, and "Operation Petticoat" made money for everyone.

Obviously Hollywood isn't mired in the sludge of trash. But why would Marlon Brando

do a piece of clatrap like "The Fugitive Kind"? The answer is simple: a million dollars.

The decline of producer power is shaking the producers' association itself. Under tough Joe Breen, the production code office kept close rein on morality in films and supplied taste that might be lacking in some movie makers. More adult films were badly needed, but in loosening restraints, the code office gives license for tasteless films of sex and sadism.

Film czar Will Hays used to keep family fights within the family. Now the family shows signs of breaking up. Angered because MGM bought a Christ biography to conflict with his, Spyros Skouras, as pulled 20th Century-Fox out of the producers' association, effective next year.

For all its tyranny, the big studio was good for the movie business in its time. It provided a healthy competition, it nurtured new talent and it produced a continuing supply of films.

The big studio is dead, never to return. Some new way must be found to continue its functions if the film industry is to survive.

C&NW RR Buys Minn. & St. Louis CHICAGO (AP) — Purchase of the Minneapolis & St. Louis Railway by the Chicago and North Western was approved Tuesday by stockholders of both companies at special meetings.

Directors of the two corporations approved the transaction in April. It still must be okayed by the Interstate Commerce Commission.

Minneapolis & St. Louis shareholders met in Minneapolis and those of the North Western in Chicago to act on the deal.

Under the purchase agreement, North Western will pay \$3,488,330 in cash and assume liability for \$17,441,600 in 6 per cent first mortgage bonds on the Minneapolis & St. Louis properties.

The price is equivalent to \$30 a common share.

The 1,500-mile Minneapolis & St. Louis, principally a freight hauler, operates in Minnesota, Iowa, Missouri, Wisconsin, Illinois, Nebraska, Kansas, Oklahoma, Arkansas, Louisiana, Texas, Kentucky, Tennessee, Mississippi, Alabama, Georgia, Florida, South Carolina, North Carolina, Virginia, West Virginia, Maryland, Delaware, Pennsylvania, New Jersey, New York, Connecticut, Rhode Island, Massachusetts, Vermont, New Hampshire, Maine, New Brunswick, Nova Scotia, Prince Edward Island, Newfound Land, Newfoundland, Labrador, Yukon, Northwest Territories, Nunavut, Canada, United States of America.

The North Western operates 9,363 miles of line in Illinois, Wisconsin, Michigan, Iowa, the Dakotas, Nebraska and Wyoming.

School Bids Set in Waterford

Board of Education Will Spend Some \$135,000 in Remodeling Building

The Waterford Township Board of Education, at its 7:30 p.m. meeting Thursday will open bids on school construction projects.

Bids will be opened for major remodeling and building at the Waterford Village School. The work will cost an estimated \$135,000. Construction work for additions is under way at the Drayton Plains and Covert School.

The Waterford Village School project will involve tearing down the original center structure and converting the school into a one-story unit. This is the oldest school in the district, and throughout the years there have been three additions to the original building.

Three plans had been submitted for alterations of the school, and after study, the school board chose the one-story plan as the most practical.

Bids will also be opened for a new deep well for the Waterford Village School, according to Supt. William A. Shuck.

Bids for workmen's compensation insurance policies were opened at 10 a.m. today by Assistant Superintendent James Den Herder, and contracts for the policies will be reviewed and awarded at the meeting.

Must Be Catching HOUSTON, Tex. (UPI)—O. B. Ellis, general manager of the Texas Prison System, said one of the reasons additional facilities are needed is that there are three times as many women in state prisons now as there were 12 years ago.

Husband-Wife Law Changed

High Court Overturns Couple-Conspiracy Rule

WASHINGTON (AP)—By a 6-3 vote, the Supreme Court Monday overturned an old rule—that a husband and wife are incapable of engaging in a criminal conspiracy and thus may not be charged with that crime.

Justice Frankfurter said for the majority that legitimate business enterprises between husband and wife have become commonplace, and it would be unrealistic to suggest that "man and wife are legally incapable of engaging in illicit enterprises and therefore, forethought, do not engage in them."

Chief Justice Warren dissented, joined by Justices Black and Whitaker.

Opinions in 15 cases were announced, along with scores of orders granting or denying hearings in a wide variety of appeals. The court's next session is set for Oct. 3.

Among action's the court:

1. By a 4-4 vote, upheld a Dayton, Ohio, ordinance compelling householders to admit building inspectors even though the inspectors have no search warrants. Justice Stewart, formerly of Ohio, took no part in the case.

2. Refused to review the conviction of Bernard Goldfine, the New England textile magnate, for contempt of federal court in Boston. The denial also applied to Goldfine's secretary, Mildred Paperman, who also was convicted of contempt in the Boston court. Goldfine was sentenced to three months and Miss Paperman to 10 days in jail.

3. Agreed to rule next fall whether the Taft-Hartley Labor Law is violated by operation of some union hiring halls where unions have exclusive control over clearing applicants for jobs.

4. Agreed to rule next fall on claims by three soldiers to prisoner-of-war pay over government

Burglars Can't Read? Maybe They Didn't Try

LAFAYETTE, Colo. — A department store here, has been a pushover for burglars the last two years.

So the store placed a placard on a front glass door. It read: "Robbery, Please Don't Come Back." The next strike was through that very door.

News of Service Personnel

Eight area service men recently completed the initial course of Air Force basic training at Lackland Air Force in Texas.

CAMPBELL URSU

Among the graduating airmen are Harold G. Campbell II, son of Mr. and Mrs. Harold G. Campbell of 2295 Evadna St., and Peter M. Ursu, son of Peter M. Ursu, 2836 E. Square Lake Rd., Troy. Campbell, a Waterford Township High School graduate, has been selected to attend the technical course for electronic repairman at Chanute AFB, Illinois. Ursu is attending the training course for utilities maintenance at Sheppard AFB, Texas.

FULLMER ROUSSEAU

Lackland basic graduate Airman Alfred C. Fullmer, son of Albert R. Fullmer of 2818 Dixie Hwy., currently is attending a technical training course for communications and relay repairman at Sheppard AFB, Texas. Airman David L. Rousseau, son of Mr. and Mrs. Edward T. Rousseau, 3275 Lexington Dr., has been selected to attend a training course for engine equipment maintenance at Fort Belvoir, Va., after completing basic training at Lackland.

HARMON FRICK

Attending school for utilities maintenance training at Sheppard AFB, Texas after completing basic

Americans sometimes ease inner tension by twirling key chains. Many Moslems accomplish the same purpose by fingering strings of "worry beads."

TV to Be Free to Rule on Time

Senate Resolution Kills Move Forcing Equality for Candidates

WASHINGTON (AP)—The Senate has decided to let the radio-TV broadcasters donate equal time voluntarily to Democratic and Republican candidates for president and vice president this year.

The Senate Monday passed a resolution to that effect and sent it to the House. It had the effect of killing, at least for the time being, a move to require the networks by law to give the time. The networks had bitterly opposed any mandatory law. Broadcasting officials had asked Congress to change present Federal Communication Commission regulations, which say that if free

time is provided for one candidate, it must be given to all candidates, no matter how minor or offbeat.

The networks said if they had to give equal time to a dozen splinter parties, they would be forced to give no time to any party. The Senate resolution emptied the industry from the present FCC rule for this year's campaign.

Astronomer, 67, Dies on Visit in Germany

PASADENA, Calif. (AP)—One of the world's leading astronomers, Dr. Walter Baade, 67, died in his native Germany while serving as visiting professor at the University of Göttingen. The California Institute of Technology said Dr. Baade died Sunday. He retired in 1958 after 27 years with the Mount Wilson and Palomar observatories.

Dr. Baade was best known for finding that there are two fundamental age groups for stars—relatively young "blue giants" and older "red giants."

put 'PeP' in your step..

You get energy more quickly from Pioneer and Big Chief sugar than from any other food. They actually help give you more vigor and vitality that make work easier and play more fun. You see sugar supplies energy to the body faster than any other food.

Let the big red "Michigan Made" seal on every red, white, and blue bag remind you that Big Chief and Pioneer give you more flavor—faster energy. Take home Big Chief or Pioneer sugar next time you shop!

MAKE OVER PACES 41 Michigan Dem Votes Lined Up for Kennedy

LANSING (AP)—Sen. John F. Kennedy (D-Mass.) today bagged 41 votes, with the possibility of adding four more, in an Associated Press presidential preference poll of the 51-vote Michigan delegation to the Democratic National Convention.

Sen. Lyndon F. Johnson of Texas, a principal rival, was blanked.

The final tally in a telephone canvass of 102 delegates, each with one half vote, gave this result when converted to whole first ballot votes at the convention:

Kennedy 41, Sen. Stuart Symington (D-Mo.) 31, Adlai E. Stevenson 25, Johnson 6, undecided 4.

A majority of the undecided delegates to the Los Angeles convention proclaimed themselves loyal followers of G. Mennen Williams, the state's sixteen governor, anxious to give him a complimentary vote for president.

'GOOD CHOICE'
Williams endorsed Kennedy after a huddle with the Massachusetts senator June 2 on Mackinac Island. He has worked hard for him since.

While refraining from any preference, Rep. John Lindsay of Detroit, 16th District congressman, observed that delegation leaders made a "good choice" in Kennedy.

There was no sign of Kennedy hostility among the waverers.

The poll, as compared with one made six weeks ago, showed a marked shift of erstwhile Stevenson supporters to Kennedy.

Even Ivan Brown of Iron Mountain, who asked to be put in the Stevenson column, said "I might

Mine Explosion Leaves 42 Dead

Rescuers Remove Last Victims From 1,000 Ft. Below in Wales

ABERTILLERY, Wales (AP)—Rescue teams slowly moved to the surface today with the bodies of 45 miners killed in an explosion 1,000 feet below ground in a south Wales coal mine.

Miners hauled through a half-mile of debris to reach the last eight bodies.

The dead lay in a mile-wide pocket of lethal carbon monoxide gas. Rescuers wore oxygen masks.

The explosion came with a quick flash and a colossal roar, dumping tons of rock as 700 men worked on the morning shift. Some men died in their tracks, victims of flash fire, while others crumpled in refuge manholes only to suffocate from the deadly gas.

Four men escaped miraculously with severe burns. One of them, Harold Legge, 45, said: "There was a roar and a flash. I could not see for the cloud of thick, swirling dust."

Mikoyan Says Russ Can't Back U.S. Candidate

OSLO, Norway (AP)—Anastas I. Mikoyan said today if the Soviet Union openly supported a U. S. presidential candidate it would cost him the race.

A Western newspaper asked the Soviet first deputy premier at a news conference if he had any preference in the American election.

"It is not my job to say anything about this," Mikoyan replied, "and if I had a preference, I would not say so. A man who got Russian support would not be elected."

Canadian Senate Okays Red Trade

OTTAWA (AP)—The Canadian Senate Tuesday night approved the new 2-for-1 trade agreement with the Soviet Union.

Under the three-year pact, the Soviet Union agrees to buy 25 million dollars worth of Canadian products each year, including 200,000 tons of wheat, if Canada purchases at least 12½ million dollars worth of goods from the Soviet Union.

Liberal Sen. W. D. Eldor of Ontario, a former minister of trade and commerce, noted that Canada last year bought only \$2,291,000 worth from the Soviet Union.

China Yells Intrusion at U.S. Once Again

TOKYO (UPI)—Communist China charged Tuesday that a U.S. warship "intruded" into its territorial waters south of Hainan Island off Kwangtung Province and issued its "14th serious warning."

"A spokesman for the Chinese ministry of foreign affairs has been authorized to issue the 14th serious warning in connection with

the military provocations of the U.S. warship," the agency, monitored in Tokyo, said.

Idaho Dems Pick Man to Oppose GOP Senator

BOISE, Idaho (AP)—Idaho Democrats picked Robert McLaughlin Tuesday night to oppose Sen. Henry Dworshak (R-Idaho) in next fall's general election. Less than half of the 70,000 eligible

Democratic voters cast ballots in the state's first runoff election. McLaughlin, 39, a Mountain Home attorney, defeated State Rep. Gregg Potvin, 35, of American Falls, for the Democratic nomination. With unofficial returns from 800 of 886 precincts, McLaughlin had 12,943 votes to Potvin's 12,071.

Knudsen Picked for MIT Post

Gets 5-Year Alumni Membership on Alma Mater's Corporation

S. E. Knudsen, vice president of General Motors Corp. and general manager of Pontiac Motor Division, has been named to an alumni membership of five years on the Corporation of the Massachusetts Institute of Technology.

The corporation, numbering 67 members prominent in industry, business, research and education, is the governing body of MIT.

Knudsen is a 1936 graduate of MIT with a degree in general engineering.

He was a member of the school's visiting committee on mechanical engineering, 1958-59, and a member of the School of Industrial Management last year.

James R. Killian Jr., chairman of the corporation, announced three other elections.

Laurence S. Rockefeller, chairman of Rockefeller Center in New York City, and George P. Edmunds, chairman of the board of the Washington Trust Co., Wilmington, Del., were elected to special five-year term memberships on the corporation.

Bennett Archambault, board chairman and president of Stewart-Warner Corp., of Chicago, was elected to an alumni five-year membership.

News in Brief

James P. Harrington, 39, of 2216 Hartford St., Waterford Township, pleaded guilty to a reduced charge of reckless driving yesterday before Municipal Judge Cecil McCallum. He was placed on six months probation, ordered to pay \$75 court costs and \$10 probation costs.

Someone stole a 100-foot water hose and one sprinkler with a total value of \$45 last night from the Municipal Golf Course, it was reported to Pontiac police.

Six auto transmissions at a combined value of \$200 were stolen yesterday from Bagley Auto Parts, 170 Bagley St., it was reported to Pontiac police. The thief entered the building through a window, officers said.

Hot Dog! Poodle Likes Strong Raw Onions

MEMPHIS, Tenn. (UPI)—Mrs. C. C. McLehland has an unusual black French poodle. The dog loves onions, enjoys taking his bath, deters to make preliminary plans.

As for food, the animal muzzles on raw onions no matter how lion inter-connecting water system, strong, and eats apples and grapes. The program calls for laying

Elect 12 Men to Auto Council, Bridge Reveals

Pontiac Motor Division's nationwide dealer organization has elected 12 representatives to serve on the Pontiac National Dealer Council. It was announced this week by Frank V. Bridge, general sales manager.

The new council will meet at the home plant July 19-20. Council members include: M. H. Yager, Yager Pontiac, Inc., Albany, N. Y.; Hugo L. Sepp, Hugo Pontiac, Inc., Newton Centre, Mass.; Walter Grabicki, Walter Grabicki Company, Cleveland, Ohio; Carl E. Fribrey, Benedict Corp., Norwich, N. Y.; Earl M. Michigan 'Free' in Kenny Row

On the heels of reported irregularities in nationwide fund-raising drives of the Sister Elizabeth Kenny Foundation, the president of the Michigan chapter said the state organization "is in no way involved."

"While we are concerned and embarrassed by the alleged irregularities indicated in recent press reports," said Dr. John C. Montgomery, "we wish the people of Michigan to clearly understand that the Michigan Sister Kenny Foundation is in no way involved."

Reported irregularities were charged Monday by Minnesota Atty. Gen. Walter Mondale.
