

Kennedy Submits Program Asks \$4.8 Billion Foreign Aid

Cuba Must Bear Sharp Cutbacks in Food, Staples

Castro Admits Shame
at Not Fulfilling Vows;
Blames U.S. Embargo

HAVANA (U)—Prime Minister Fidel Castro, admitting his 3-year-old revolution faces serious problems, announced drastic rationing of food and other staples Monday night and declared: "We are ashamed of not fulfilling the promises made."

Castro blamed the current hardships on counter-revolutionary elements and "the brutal economic blockade" — the U.S. embargo. President Kennedy ordered last month on shipments to Cuba of nearly all American goods except medical supplies.

The deposed prime minister also admitted that his regime had made serious blunders in planning "because we made subjective analyses."

"The most serious problem of the revolution is that of supplies," he told the Cuban people in a radio-television speech.

Castro was unsmiling and his tone was often bitter as he reviewed on his promise last July that food rationing in Cuba would end toward the middle of the year.

He said nationwide rationing of rice and all types of beans basic items in the Cuban diet — and of lard and cooking oils will begin next Monday.

Every Cuban will be limited to six pounds of rice and 1 1/2 pounds of each type of beans a month, he said. Lard and cooking oils had already been rationed in most of Cuba.

The stiffest measures will affect Havana's more than one million residents. They will be limited to three-quarters of a pound per person a week. Vegetables, eggs, milk, fish and chicken also will be rationed, but milk cutbacks will be delayed a week "because the milk is a little more complicated."

Weather to Snow --or Not to Snow-- That's a Question!

The weatherman "waved his wand during the night, changing the Pontiac area to a winter wonderland, but pre-spring temperatures turned the snowy white blanket to mush today."

Morning snow was expected to change to rain late this afternoon. Tonight will be cloudy with a low of 30 degrees.

Partly cloudy and a high of 38 was the forecast for Wednesday. Light snow with little temperature change is Thursday's outlook.

Thirty-two was the lowest recording in downtown Pontiac preceding 8 a.m. The mercury had climbed to 38 at 2 p.m.

MEET BASIL BOOTHBY

Newest guest at OUR BOARDING HOUSE is Basil Boothby, as British as a London fog. Having won a tidy sum in the Irish Sweepstakes, Basil is touring the United States and he decides to visit his old friend Major Hoople, whom he met in London in 1938. The Major is impressed with Basil's bank roll and tries to smooth-talk him into investing in a gold mine venture. But Basil is a careful man with a buck, and you'll get many a chuckle as he keeps the eloquent Major at bay. Turn now to OUR BOARDING HOUSE on the comics page.

Shake Between Debates

LUNCHEON WAS GOOD — U.S. Secretary of State Dean Rusk (right) says goody to Soviet Foreign Minister Andrei Gromyko after a good luncheon at the Soviet delegation's villa Monday in Geneva. Between the two men is the U.S. ambassador to Russia, Llewellyn Thompson. Man at the left is unidentified. Rusk and Gromyko met again today on conflicting East-West positions on Berlin, nuclear testing and disarmament in advance of the opening Wednesday of the 17-nation disarmament conference.

But Situation Gloomy

JFK Open-Minded for Geneva

From Our News Wires
WASHINGTON—President Kennedy said today the United States is ready to take immediate action on whatever disarmament measures can be reached at Geneva.

Through Democratic congressional leaders, the President said:

"We believe this to be a realistic approach to the need for a beginning to the end of the nuclear arms race and we hope

it is an approach that will be shared by all the nations at the conference."

Kennedy referred to the 17-nation disarmament conference which opens Wednesday at Geneva.

Secretary of State Dean Rusk and Soviet Foreign Minister Andrei Gromyko conferred again in Geneva for more than three hours amid signs that Russia is stiffening its stand on Berlin.

GROMYKO GRIM
Brusque and unsmiling, Gromyko told newsmen before and after his discussion with Rusk that Russia's proposal for a settlement based on a German peace treaty would be better than an isolated agreement on Berlin.

His emphasis on this point appeared to foreshadow Soviet efforts to push a new campaign for a broad settlement recognizing the sovereignty of Communist East Germany.

Senate Democratic leader Mike Mansfield of Montana read newsmen a statement after Democratic congressional leaders discussed international problems with the President at breakfast in the White House.

In the statement, Mansfield said Kennedy had emphasized that the United States wanted agreement on a complete disarmament program "under effective international control."

To accomplish this, he said, the United States would seek "the widest area of agreement at the earliest possible date."

The statement added: "In pursuit of these objectives, the President stated that the United States is prepared to take action on whatever disarmament measures can be agreed upon as soon as such agreement is reached."

This account of Kennedy's position (Continued on Page 2, Col. 8)

Kennedy Insists Every Dollar Vitaly Needed

Bulk of Foreign Help
Would Be Economic
Assistance

WASHINGTON (U)—President Kennedy formally submitted a \$4,878,500,000 foreign aid program to Congress today.

He insisted every dollar is needed vitally to combat threats of communism, chaos and tyranny in other lands.

Kennedy drew a line against cutting the appropriation in a special message to Capitol Hill.

Members of Congress always are inclined to cut the vast program — and show little inclination to break the habit this time.

Some of the appropriations require authorizing legislation. Hearings get under way Wednesday before the House Foreign Affairs Committee.

Except for fresh words of persuasion, the presidential message generally follows in all essentials previous of the aid program for the 1963 fiscal year already presented in Kennedy's budget and the State of the Union message.

The President proposed \$3,378,500,000 of appropriations for economic help and \$1.5 billion for military assistance, to make up the \$4,878,500,000 total.

Last year he asked for a total of \$4,808,000,000 and got only \$3,314,500,000 — a reduction of \$1,493,500,000. Congress provided \$2,314,500,000 for economic and \$1.5 billion for military aid.

EXPENDITURES
Expenditures, which always trail behind appropriations, would go up from an expected \$1,955,000,000 to \$2,235,000,000 for economic assistance for the 1962 and 1963 fiscal years. Those for military aid would remain unchanged at \$1.4 billion for each year.

Kennedy said his recommendations are based on careful examination of urgent needs. The amounts in every category, he said, are essential to achieving the goal of strengthening developing countries to meet the

Right Food to Tell Story

SALT-FREE FORMULA — Nurse in the second floor pediatrics' ward of Binghamton, N.Y., General Hospital feeds a special formula (salt free) to one of the four infants still in critical condition from having eaten salt-filled formula last week. Seven babies have died since Friday, apparently some of them, at least, from sodium poisoning.

Babies May Get Better, Physician Tells Parents

BINGHAMTON, N.Y. (AP) — This stricken city of 75,000 took hope today that four babies critically ill after being fed a salt-laden formula at Binghamton General Hospital would not be added to the death toll of seven.

Prayerful parents had the word of the hospital's chief pediatrician that the four had a chance. Six other babies who were fed the formula were being closely watched. Seventeen others have been discharged.

The reactions of parents who had lost their babies, beginning last Friday, varied.

"The doctors did the best they could," said Mrs. Charles Bower, whose 4-day-old daughter, Michele, died Monday. "It was a tragic error."

"I hope it was lung trouble. It would make me feel better," said Frank Beale, whose 7-day-old daughter died Saturday.

Mrs. Robert Walker, whose 4-day-old daughter died Friday, said: "I tasted the formula — I knew it was salty, but I thought surely they must know what they were doing. My baby was very healthy. The doctors couldn't understand why she wouldn't eat much. . . . I remember a nurse came into the room and said 'I don't know what's the matter with you mothers today. None of the babies will eat.'"

State and local authorities were investigating the deaths, most of which are suspected of having resulted from salt poisoning after salt somehow was placed in a sugar container used for the infants' formula.

Teams of specialists worked to save the survivors. Dr. Lawrence

Finberg of the Johns Hopkins Medical School faculty flew from Baltimore to aid in the round-the-clock effort.

WASN'T FED SALT
Dr. Jason K. Moyer, hospital medical director, said one of the babies who died had not been fed the salt formula.

Dr. Moyer said there would be a general re-evaluation of procedures in the infant department.

"We are not sure whether sodium intoxication salt poisoning was responsible for these deaths," Moyer told a news conference Monday night.

The cause of the deaths, he said, will not be known definitely until autopsies and laboratory tests are completed.

Finberg is an expert in dialysis, restoring chemical balance to the body. He joined Dr. John E. Kiley of Albany Medical College in directing the teams attempting to save the four. The treatment consists of removal and replacement of the infants' blood by transfusion.

Dr. John Ford, chief pediatrician at the hospital, said reports were more favorable that the infants would survive.

Ford said two of the infants were down to normal sodium salt levels and the salt levels in the blood of the other two were dropping.

The bodies of six of the dead children — three boys and three girls ranging in age from 3 days to 8 months — were "apparently loaded with common table salt," a physician said.

Identify Man as Bandit Linked to Market Holdups

A Flint man was identified in a police line-up here yesterday as one of two bandits who robbed two Pontiac supermarkets of \$9,500 while holding the market owner and his family at gunpoint.

Charles R. Thomas, 26, was identified in the police line-up at the Flint Police Station by Joseph O. Gagne, 40, owner of People's Food Market, 263 Auburn Ave., and People's Food-O-Mat, 465 E. Pike St.

Gagne's wife Guida provided further identification of the suspect today at the Oakland County Jail where Thomas is being held for investigation of armed robbery.

He was returned to Pontiac last night by Pontiac police.

Police were actually seeking a friend of Thomas', Jack V. Young, 30, of 2248 Willow Beach St., Keego Harbor, when they picked up the robbery suspect.

Young, who stayed with Thomas in a trailer in Grand Blanc, was being sought for jumping bond in his store by the other gunmen and forced to hand over the money in the safes.

The thieves escaped, leaving Gagne and his wife bound and foot in the couple's home after the robbery. The Gagnes were freed by their two sons, Thomas, 13, and Eugene, 11, after the thieves left.

Last Friday night state police surrounded the trailer in Grand Blanc and captured both men. Two guns, one similar to the one used in the supermarket robbery Feb. 25, were found inside.

Police were holding Thomas for violation of parole on a bed check conviction when he was picked out of the lineup yesterday by Gagne.

Gagne's wife was held prisoner Feb. 25 by one of two bandits who came to their home at 4575 W. Utica Road, Shelby Township. Meanwhile, Gagne was taken to his store by the other gunmen and forced to hand over the money in the safes.

The thieves escaped, leaving Gagne and his wife bound and foot in the couple's home after the robbery. The Gagnes were freed by their two sons, Thomas, 13, and Eugene, 11, after the thieves left.

'Walton River' Forded

TRUCKS MADE IT — Some cars had trouble swooshing through 2 and 3 feet of flood waters on East Walton Boulevard near Joslyn yesterday in Pontiac Township. This scene was repeated throughout the county as workmen, residents and motorists helped clear drains to handle the fast-melting snow.

Floods Situation Eases

Good old snow. It was back in the Pontiac area this morning much to the joy of city and county Department of Public Works and road crews.

In fact, some officials even had kind words for yesterday's rain fall.

The melting snow and ice combined with a steady, but relatively light rainfall created problems, but, as one spokesman for the

Pontiac Press Photo

county put it, "a torrential rain would have made yesterday's flood look like a small puddle."

At the same time, other parts of Michigan were facing much worse. The Upper Peninsula was hit by one of the worst snow storms of the season and more snow is on the way.

Eight inches and more fell along the Lake Superior shoreline and

DPW Glad to See Snow

Police Keep on Hunt for Car, Bandits

A statewide search continued today for two masked gunmen who escaped yesterday after holding a Montgomery Ward Department Store manager and his family hostage in an attempt to rob the store in the Pontiac Mall Shopping Center.

A major object of the search is a car which police believe the bandits used for their getaway from the area of Elizabeth Lake and Telegraph roads in Waterford Township.

All-points bulletin was sent out yesterday after the car was reported stolen from the Chicken Delight Restaurant, 1389 W. Huron St., Waterford Township. The restaurant is only three blocks from where police yesterday had traced the bandits' getaway morning.

The dogs and about 60 policemen took part in a mass search for the gunmen who had kept captive the store manager, L. M. (Red) Gillain, his wife Blanche and their 15-year-old son Donald.

The family was held for nearly nine hours, most of the time in their terrace apartment at 140 E. Hickory Grove, Bloomfield Hills. They were not harmed.

The bandits escaped about 5:15 a.m. yesterday over a fence behind the department store. Gillain, his wife and son were prisoners until that time at home and behind the store. The gunmen broke into their Bloomfield Hills apartment at 8:30 p.m. Sunday.

News Flash

NEW YORK (U) — The U. S. Court of Appeals today upheld the conviction of Dr. Robert A. Soblen on a charge of spying for the Soviet Union. It denied his appeal for a new trial.

Astronauts Putting Cash Into Hard Pay Dirt

NEW YORK (AP)—American astronauts are committing their money to real estate ventures in Florida, Washington, D.C., and the Grand Bahamas, the New York Times said today.

They are using the \$500,000 received from Life Magazine for the exclusive first-person story rights to their space adventures, the Times said.

The story also said:

Perhaps the most elaborate of the land speculations is in Cocoa Beach, Fla., a few miles south of Cape Canaveral.

The astronauts, two lawyers, an insurance broker and a real estate agent are building a luxury motel worth more than \$1 million.

The astronauts are also investing in a motel at Freeport in the Grand Bahamas, and in a Washington building project that may be called "Friendship 7"—the name given the capsule in which they will live in these suites.

John H. Glenn Jr. made his orbital flight.

The Cocoa Beach motel, to be called the Cape Colony Inn, will have 130 rooms including suites named after each of the astronauts—John H. Glenn Jr., Virgil Grissom, Alan B. Shepard Jr., Scott Carpenter, Gordon Cooper Jr., Walter Schirra Jr. and Donald K. Slayton.

They will live in these suites when they are at Cape Canaveral, the astronauts' lawyer and adviser, C. Leo de Orsey, said Monday. But they will have to pay, like any other guest, he added.

De Orsey would not say how much each astronaut has invested in each or all of the real estate projects so far. However, it appeared that much of the investments would be covered by mortgages.

At any rate, each astronaut will have something left from the \$700,000 he received from the magazine.

The motel, which will open in June, will have a library, pool, cocktail lounge, billiard room, gymnasium and a private club that will have an executive meeting room. It even will have a steam bath—something that would appeal to the increasing number of executives now involved with missiles at Cape Canaveral.

Henri Landwirth, who will quit his job as an engineer at the motel because of his partnership with the astronauts in the new one, said of the project:

"It will have to be the best. The astronauts cannot be associated with anything unless it has the finest reputation."

Glenn is the godfather of Landwirth's daughter, and Landwirth is closely connected with the astronauts socially.

De Orsey, who says his job is to see that the astronauts invest wisely, selected the motel venture for them. He says they endorsed his plan happily.

In addition to De Orsey, Landwirth and the astronaut, the motel corporation includes a retired real estate man, Gerald Green, and a Miami lawyer, Walter T. Rose, who is chairman of the board.

France, Algeria Eye End of Talk

EVIAN, France (AP)—French and Algerian national officials moved into the showdown phase of their peace talks today with agreement apparently still one or two days away.

One informant said the two sides still had several differences to bridge before France and the nationalist rebels could sign a cease fire.

The French News Agency reported Monday night that the cease fire would be signed today. But the informant said today a cease fire accord definitely will not be reached today.

JFK Gives Congress Foreign Aid Plan

(Continued From Page One)

stress of rapid change and in "rapid Communist efforts to exploit such stress."

Contending that slashes by Congress would be hazardous, the chief executive said: "We should know by now that where weakness and dependence are not transformed into strength and self-reliance, we can expect only chaos, and then tyranny, to follow."

ROLE OF TROOPS

Reliable sources said one of the points still not settled is the role of the Algerian nationalist troops in the interim between a cease fire and independence.

The negotiators have agreed to recruiting a Moslem local force which will be under control of the provisional government that is to take over for that period. The force will help maintain law and order, and the French high commissioner will have the power to call on the French army, French riot troops and gendarmes to back up the local force.

WORLD FOR CRITICS

Apparently attempting to undercut complaints on Capitol Hill that reorganization of the aid program has failed to produce the desired efficiency and streamlining, Kennedy said the reshuffling is only four months old and it would be "premature to make any claims of dramatic results."

"Yet these few months," he said, "have shown a significant movement in new directions. The 'turn-around' has begun."

He said recipient countries are developing development plans and starting "extensive programs of self-help and self-reliance." He said that this country is emphasizing loans repayable in dollars rather than grants.

The appropriations proposed for 1963 include \$1.25 billion for loans and only \$355 million for grants for development purposes.

Kennedy said too, there will be continuing emphasis on "buy American" for most goods required in the aid program. The plan is to obtain 30 per cent in the United States.

The only major change in the aid program this year had been announced previously. This is a request that Congress authorize a \$3 billion fund to be used over the next four years for the Alliance for Progress in Latin America.

Ken Kennedy asked Congress to appropriate \$500 million of the total for the coming year and said about \$500 million would go to loans and \$100 million to grants.

Students Come Early for Special Class

(Editor's Note — A lot has been said about the nation's youth and its indifference to working hard at education. Here is a story on the other side. Saginaw News education writer Stuart Gross tells about a group of high school students who go all out to attend a special early morning class.)

By STUART GROSS
SAGINAW — You have to get up early to teach some of these high school students these days, and if you don't like formaldehyde as a chaser for your morning cup of coffee don't visit the class.

Thirty-four Arthur Hill High School students, most of them sophomores, are at school at 7 a. m. Tuesdays, Wednesdays, and Thursdays these days for a special class in the dissecting of vertebrate animals and fish.

Miss Eloise Bacon, biology teacher and head of the school's science department, is the teacher. An after-school hour class in this introduction to zoology is not new for Arthur Hill, but this is the first time the class has been conducted before school.

Some of the youngsters rise at 5:30 a. m. to get to the class, attendance generally is 100 per cent and the students are usually prompt. Some come in from rural areas, at least one walks several miles and many have organized car pools to get to class.

NO SQUEAMISHNESS
There is no squeamishness among these youngsters. One girl, asked how she could take it before breakfast, laughingly replied: "Once you get past the frogs nothing matters."

Another explained her presence. Said Nancy Pierson, one of the three seniors in the class: "I've always had an aversion to this sort of thing, and I thought that was pretty silly. So I came to get over it." She was dissecting a turtle, and the way she handled the thing proved she had gotten over any aversion.

"It's a pleasant class. Perhaps because there is no pressure for marks. No marks are given and no credit is given. The students volunteered, even pressured Miss Bacon for the class, and enrollment had to be cut off at 34. For this type of work a class size of 12 to 15 would be better, but demand was too great to limit it that small."

A surprising number of the youngsters volunteered for the class simply because they "want to learn more." Many are considering seriously careers in science, medicine, or nursing.

A \$3 lab fee per student covers cost of purchasing the specimens that range from rattlesnake (dead of course) to cats.

There is mutual interest in all most everything. When Janet Humpert, who wants to be a nurse, discovered by injecting a paper straw into the cat's windpipe the lungs could be inflated, the entire class was interested.

Janet obliged with several demonstrations.

"THE COOLEST"
One girl peering into the microscope at a piece of tissue from a

lamprey eel described the scientific experiment with: "Man, that's the coolest."

The class, Miss Bacon said, is not limited to the all-A student.

Grade levels range from C students, but in each case there is intense interest, desire to learn, and the will to do something extra to learn something.

"We try," Miss Bacon said in explaining why the class is conducted, "to offer this type of student, those things that interest him."

The students asked and asked about having the class, she said, until finally she agreed to conduct it.

She spends her time wandering from group to group explaining things (the samples uncovered as the specimens are laid open for young curious eyes to inspect).

The class started Feb. 26. It will continue for seven weeks.

"This class," Miss Bacon said, "is an introduction to college comparative anatomy."

"It does not replace that college course but gives the students opportunity to discover if their interest is abiding and a chance to consider a career in the medical and biological fields." College type laboratory manuals for the different animals are used.

Manager and Editor Named at Ypsilanti

YPSILANTI (AP) — The appointment of Leo T. Zahn as manager of the Ypsilanti Press and James P. Brown Jr. as editor was announced Monday by George P. McCallum, executive vice president of Booth Newspapers, Inc.

Both purchased the Press last week and took over operations at the Press today.

Zahn, 50, came to Ypsilanti from his position as classified advertising manager of the Ann Arbor News. Brown, 40, was news editor of the Jackson Citizen Patriot. Both are married and each has three children.

Zahn was born in Livingston County, grew up in Ann Arbor, and went to work for the Ann Arbor News in 1936 as a classified advertising salesman. He worked later in the display and national advertising departments and was named classified advertising manager in 1948.

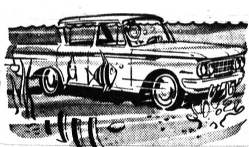

Radish Grows Rapidly

FESTUS, Mo. (UPI) — Farmer F. H. Eisenberg says he grew a 14-pound radish in 64 days.

DIFFERENT?

What's different about Rambler's rustproofing?

It goes all the way up to the roof. For the body alone, Rambler uses a 9-step process, including exclusive Deep-Dip—where the entire body is immersed right up to the roof in a 40-foot-long tank of rustproofing primer paint. Rambler actually spills more rustproofing than other cars use.

What's different about Rambler's brakes?

They stop when other brakes can't. Rambler's Double-Safety Brake System has tandem master cylinders with separate hydraulic systems for front and rear brakes. If one fails, other still works. Self-adjusting, too—and standard equipment, all models. (Cadillac is only other U.S. car with similar brakes.)

What's different about Rambler's headroom?

It's greater than any other American car's. All Ramblers are roomy, but Classic 6 and Ambassador V-8 beat all other makes in front-seat headroom (even Cadillac)—can seat six 6-footers easily. Rambler is the only one with the best of both: big-car room, comfort and performance, with compact-car price, economy and handling ease.

What's different about Rambler's muffler and tailpipe?

They won't rust out—we'll pay the cost if they do. Exclusive Ceramic-Armored muffler and tailpipe are so resistant to rust-out and corrosion, they are guaranteed against defect for as many years as you own your new Rambler. If either rusts out, collision damage excepted, go to a Rambler dealer for free replacement.

What's different about Rambler's prices?

They're America's lowest. Only Rambler has America's lowest suggested retail prices for 2-door and 4-door sedans and wagons—and America's lowest-priced convertible (has power top, standard). Every Rambler is quality-built with traditional Rambler excellence—is more trouble-free—enjoys high resale value.

U.S. Military Busy Training Thailand Army

By FRED S. HOFFMAN
WASHINGTON (AP)—U.S. military advisers have started training Thailand's army to fight Communist guerrillas, apparently in anticipation that Thailand may

MEDAL FOR POWERS — Senior Vice Cmdr. E. K. Smith of the VFW in Virginia pins a citizenship medal on Francis Gary Powers at a homecoming ceremony in Big Stone Gap, Va., Monday afternoon. More than 800 friends, relatives and neighbors were on hand to welcome him home.

Giant Ventures Called Trusts

FTC Man Strikes Out Against Two Big Firms Killing Competition

DETROIT (U) — Chairman Paul Reed Dixon of the Federal Trade Commission struck out here Monday against joint ventures by giant corporations which amount to "the old trust technique in modern dress."

Speaking to 337 businessmen, the 48-year-old FTC chairman said his agency is for business, but "it is antitrust, and I hope you are."

Dixon said joint ventures have had a rapid growth on the American business scene, and that the FTC is particularly interested in such that are the off springs of two or more corporations with financial resources which are pooled to conduct business in a field of common interest.

He said there is no threat to competition when a smaller company pool resources for a common goal, "but what may be socially desirable when sponsored by small companies usually has markedly different economic consequences when engaged in by industrial giants."

"If two firms, each with a sizable share of the market for a commodity, pool this business into a joint venture, the effect is similar to a merger."

"It is really the old trust technique in modern dress. The damage to competition is clear cut, and, if possible, the move should be halted quickly."

In illustrating several types of joint ventures, Dixon pointed to Corning Glass and Dow Chemical, each of whom have a half interest in Dow Corning Corp.

log Thailand's army to fight Communist guerrillas, apparently in anticipation that Thailand may

be the next target of the Red drive to control Southeast Asia, informed sources said today.

Although there have been no reports of significant Communist guerrilla activity in Thailand, officials of the pro-Western Bangkok government have been increasingly concerned they may face such a threat if a Communist-leaning neutralist regime takes over neighboring Laos.

Laos has been a staging area and an avenue for Communist North Vietnamese irregulars trying to topple the anti-Communist government of South Viet Nam. Pro-Communist forces in Laos have operated close to the Thai border.

The United States last week formally promised to come to Thailand's aid in event of Red aggression, regardless of what other members of the anti-Communist Southeast Asia Treaty Organization may do.

U.S. MOVES

A possible clue to a quickening

Weather Satellite Would Have Told of Atlantic Storm

WASHINGTON (AP) — The orbiting Tiros IV weather satellite could have warned of the seaborn storm that hit the East Coast last week if it had been in the right place, the head of the U.S. Weather Bureau says.

F. W. Reichelderfer, Weather Bureau chief, told the House Space Committee Monday that unfortunately the satellite was over the Southern Hemisphere while the storm was brewing in the Atlantic Ocean, 300 to 500 miles from the U.S. coast.

D. S. Johnson, head of the bureau meteorological satellite laboratory, said the disastrous storm was "a dramatic illustration of why we are pressing for observation at least once a day all over the earth."

Swainson Appoints Five to Youth Commission

LANSING (U) — Gov. Swainson appointed five new members to the Michigan Youth Commission Monday. They are:

James TenBrink of Muskegon, Muskegon County school superintendent; Harold Harrison, Detroit Public School administrator; Dr. Frank Myers of Mount Pleasant; Mrs. Jane Costabile, Detroit, United Community Services planning consultant, and Mrs. Cecelia Carrigan, Detroit, a United Auto Workers International representative. Senate confirmation is not required.

Went Out on a Limb

MINNEAPOLIS (U) — Granville Curtis, 28, a tree trimmer, went to the hospital with serious injuries after a 20-foot fall. He cut through the branch to which his safety rope was attached.

U.S. effort to bolster Thailand against any Communist offense came in Monday's announcement that Army Maj. Gen. Theodore J. Conway is being sent there in July to assume command of the U.S. Military Assistance Group.

Conway, 52, is leaving the command of the 2nd Airborne Division, one of the Army's crack outfits. No headquarters-bound soldier, he recently was the first paratrooper to leap from a trans-

Light-Fingered Briton Won't Be Light Fingers

LEICESTER, England (AP) — Henry Martin, 60, asked a court Monday to cut off his fingers to stop his shoplifting.

"I might be all right without fingers," said Martin, facing a charge of stealing tea and soap from a supermarket. Magistrate Cyril Hadley refused Martin's request and fined him five pounds—\$14.

port plane in an airdrop exercise by troops of the 82nd in Panama.

There was no indication of any immediate increase in the military air program in Thailand. This year, it totaled \$38,944,000—somewhat more than one-third of that being applied in South Viet Nam where the Communist danger has been critical for some time.

The United States has about 219 military advisers working with Thailand's forces, which total about 100,000 men, mostly in the army.

The United States has supplied Thailand with light tanks, howitzers, rifles and machine guns, trucks, personnel carriers, a few transport planes, a number of F4 and F8 jet fighters, and some patrol vessels.

Named Juvenile Officer of Shiawassee County

LANSING (U)—Marvin D. Kornegger of Alpena was named juvenile officer of Shiawassee County

by Gov. Swainson Monday. He succeeds James A. Stotenbur, who resigned.

Kornegger has been executive secretary of the northeastern branch of the Michigan Children's Aid Society.

Bill on Fee by Uninsured Drivers Dying

LANSING (AP) — Despite pleas by two judges and Secretary of State James M. Hare, a bill to set up an unaffiliated judgment fund to protect victims of uninsured motorists appeared headed for burial today.

The measure failed to attract enough votes to clear the House.

Insurance Committee after a hearing Monday night. Wednesday is the deadline for it to go to the House floor for debate.

The bill would require all motorists not carrying personal liability and property damage insurance to pay a \$10 fee when they purchase their license plates. Proceeds would go into

a fund to aid innocent accident victims who receive judgments in excess of \$100 against uninsured motorists.

If the fund dips below a level specified by the secretary of state, uninsured motorists and insurance companies would be required to replenish it. Insurers could be tapped for up to half of

1 per cent of premiums written in the preceding year.

Traffic Judge John Watts, long-time supporter of the measure, told the House committee Monday night that between 400,000 and 500,000 of Michigan's 3.3 million motorists are not insured.

"The people of this state are entitled to protection that they're not getting under the present law," he said.

Circuit Judge Stephen J. Roth of Genesee County, former state attorney general, called the plan "a great and much needed step forward."

He also urged tougher laws to control motorists driving on suspended and revoked licenses and to prevent persons with severe physical handicaps from driving.

When New Jersey put a similar program into operation, he said, the proportion of motorists carry-

ing insurance jumped from 61 to 91 per cent.

Representatives of the insurance industry assailed the bill as unfair to insured motorists. They would have to pay part of the cost of financing the program, said William A. Wickham of Detroit, representing the association of casualty and insurance companies. Premiums have gone up in states having unaffiliated judgment funds, he said.

Records show that relatively few accident losses are uncompensated, he said. "Compulsory laws add no protection, and they increase every one's cost," he declared.

"The challenge of education and encouragement, not the onerous influence of compulsion, is the practical and effective course, and the only one which is compatible with the philosophy of our democratic society," Wickham said.

Hare estimated that uninsured motorists were involved in 20,000 accidents in Michigan last year that killed 160 persons and injured 9,100. Personal injury and property damages in such accidents totaled about \$14.2 million, he said.

CAB Sets Hearing on Jetliner Crash

WASHINGTON (AP)—The Civil Aeronautics Board will open public hearings in New York a week from today in an effort to find the cause of the jet airliner crash which took 56 lives on March 1.

The American Airlines 707 jet involved in the tragedy was bound for Los Angeles when it plunged into Jamaica Bay shortly after takeoff from Idlewild Airport.

Want to Wipe Out Poll Tax to Stiffen Civil Rights Laws

WASHINGTON (AP) — The Kennedy administration moves today to bring before the Senate a proposed constitutional amendment to abolish poll taxes as the first step toward stiffer civil rights legislation.

Senate Democratic Leader Mike Mansfield of Montana announced Monday the poll tax measure, now stuck in the Senate Judiciary Committee, will be offered as a substitute for a House-passed bill on the calendar.

Sen. Hubert H. Humphrey of Minnesota, the assistant Democratic leader, told reporters the

administration hopes thus to set a pattern for a post-Easter battle to strike down state literacy tests in federal elections.

He said a bill to make the completion of a sixth-grade education the only literacy requirement for voting in federal elections also will be offered.

'NECESSARY STEP'

"The abolition of state poll taxes is a modest, but necessary step in our civil rights program," Humphrey said. "We will follow the same pattern in trying to get action on the literacy test issue."

Sen. Jacob K. Javits, R-N.Y., called the administration move for a poll tax amendment a subterfuge, designed to get a pass mark for the Democrats in the civil rights field. He said such an amendment may never be adopted by the states even if it passes Congress. He said he would offer a bill to accomplish the same purpose.

The administration obviously has concluded it will not be able to get either the proposed poll tax constitutional amendment or the literacy bill out of the Senate Judiciary Committee, headed by Sen. James O. Eastland, D-Miss. Mississippi is one of the five states which still have a poll tax. Others are Alabama, Arkansas, Texas and Virginia.

AGAINST NEGRO VOTER

The House Judiciary Committee was told Monday by Rep. William McCulloch, R-Ohio, that only in Alabama and Mississippi is the tax used as a discriminatory device against Negro voters. Southerners are divided over the poll tax issue. Sen. Spessard L. Holland, D-La., is one of the amendment's chief sponsors. Although Sen. John F. Kennedy, D-Calif., predicted quite a bit of debate, no extensive Southern filibuster was expected.

Claim Hike Impossible

TOKYO (AP)—The government reported Monday Japan is spending 6 per cent of its national income in foreign aid and to increase to 1 per cent as requested by the United States is impossible. The Ministry of International Trade and Industry said economic assistance abroad, mostly in the form of loans and credits, totals about \$1 billion. It reported economic cooperation has steadily increased in recent years.

Elman Wants Change in Tax Setup

Violinist Hates to 'Beg'

LOS ANGELES (AP)—Violinist Micha Elmans wants the government to save artists "from the indignities of begging" by changing the income tax structure.

"It is terribly unfair," Elman told a news conference Monday, "to tax the full amount while an artist is at his peak of earning power, rather than to pro-rate it, as he must his earnings, over an entire lifetime."

PRIVILEGES

Elman admits he doesn't know just how the government would do it, but he thinks artists as individuals should have privileges similar to those accorded corporations.

"A performer is a personality, whose professional longevity depends upon his health and public fancy," said Elman. "The full tax bite inhibits his exposure and his talent."

JOHN McGRATH

To Examine Teen in Family Killing

New Hampshire Youth Put Under Observation; Parents, Brothers Slain

CONCORD, N.H. (AP)—John McGrath, 17, of Newport, accused of the rifle slaying of his parents and two younger brothers, was placed under observation today at the state mental hospital.

He was committed Monday for 30 days by Judge George R. Grant Jr. in Keene.

The youth, who had been a psychiatric outpatient at the state hospital before the slaying, appeared calm on the 40-mile ride from Newport to Keene to appear before Judge Grant. The judge's approval was necessary before McGrath could be sent to the hospital.

The state made the request McGrath be subjected to mental tests when he appeared before a juvenile session of municipal court in Newport.

Killed Saturday night in their home in a secluded section of Newport were Francis L. McGrath, 37; his wife Willena, 40; and their sons, Peter, 13, and Charles, 5.

Police quoted the high school senior, described as a brilliant student, as saying he killed his parents and brothers because he felt they would be better off dead.

The 40-hour week has been established as a standard in only two countries of the world so far—the United States and New Zealand.

ACCEPTED BY MANY! Model of New Miniature Hearing Aid Given

A most unique free offer of special interest to those who hear but do not understand words has just been announced by Audiotone. A true-to-life miniature replica of the smallest hearing aid ever made is being given absolutely free in addition to a free hearing test to anyone answering this advertisement. Wear-test it in the privacy of your own home with no cost or obligation of any kind. It's yours to keep, free. The only condition is that you must wear it for 30 days. It weighs less than a dime and it's all at your ear level. In one unit. No wires lead from body to head. Here is truly new hope for the hard of hearing.

These models are free while the limited supply lasts, so we suggest you call or write for yours now. Again, we repeat, there is no cost and certainly no obligation.

Crucial Times Ahead for Brazil Populace

The return home of ex-President JANIO QUADROS after six months of world wandering presents a new crisis for the already weakened Brazil.

It will be recalled that he resigned the Presidency last Aug. 25 in a dispute with the army and the Congress, apparently fully expecting the Brazilian populace to rise to his support. This didn't happen. Instead QUADROS had to be carried sobbing onto a cargo steamer at the Port of Santos for quasi-exile to Lisbon and London.

Domestic conditions were in a turmoil when he left, and he will find the situation about the same on his return. Money value is down, the cruzeiro has skidded and now is worth 50 per cent less than a year ago.

The present government under JOAO GULIART has little power or influence, even with his relatives. His brother-in-law, LEONEL BRIZOLA, leftist Governor of Rio Grande do Sul State, recently expropriated a U.S. owned telephone company on the grounds of public interest. This reminds us of our neighboring CASTRO, and his method.

This action came less than two months before GULIART was due to come to Washington to discuss new aid for Brazil.

Quadros knows right well the situation is a mess and figures things are getting ripe for a strong man to step in. He has let it be known that he will run for Congress in the fall, then try and get himself appointed premier, the job in which most of the executive power resides under a new constitutional amendment.

Some predict he'll retire, DR. GAULLE-like, to a country home, there to await a crisis that would force the country to give him unlimited power to impose political and social reforms.

Although the Brazilian army and most of the Congress remain hostile, QUADROS seems to have gathered new support among the Brazilian people.

The next move is up to the Brazilians and QUADROS.

Pontiac's Good Record Can Yet Be Spoiled

The Pontiac area has made a good record this winter in drowning fatalities.

But the immediately impending weeks may cast a sad blemish on that record.

The ice on our many lakes becomes honeycombed with thawings and freezings. This creates the most treacherous condition of the entire winter. It cannot be trusted.

It also makes a surface on the ice which renders it poor for skating. So but little pleasure is forfeited by calling it quits for the season.

Doubly dangerous are the lakes that have streams flowing through them.

All skating on such lakes should immediately be abandoned. They're dead traps. It has been a wonderful winter for all outdoor sports in the Pontiac vicinity.

But a little carelessness can still cause it to be remembered with sadness.

Censored Statements Nothing New to Public

Some of the censorship talk that caused all the furor made little or no sense. In fact, a great deal of it could well be relegated to the ash heap.

For example, a fairly typical

statement of the kind South Carolina's Sen. Strom Thurmond says military and state department officials have censored from their speeches: "Communism is an international conspiracy bent upon the conquest of the world."

According to THURMOND, statements like this "expose the true nature of worldwide communism for what it is."

So, what else is new?

Statements such as this have been commonplace utterances of U.S. political and other public figures from the earliest day of the cold war, and it is hard to see how their repetition "exposes" anything at all.

After 16 years of continuous struggle with Moscow, most Americans understand well the global aims of communism.

The Man About Town

Our Florida Club

Has Been Organized, With Forty at Initial Meeting

Opportunity: What always looks bigger going than coming.

At a recent meeting at the Tourist Center at Auburndale, Fla., the Pontiac Tourist Club

was organized. In attendance for the occasion were 40 percent and former residents of our city.

For the office of President, Mrs. Chris Greve

of Auburndale was chosen. For Vice President,

Mrs. Ralph Babington

also of Auburndale, was the choice, and

Mrs. Harley Bowers

of St. Petersburg was named for Secretary and Treasurer.

It was voted to make the event an annual affair, and it already is assured that next year's attendance will be much larger.

All former Pontiac people now living in Florida, also present residents of our city sojourning there, are invited to attend.

Watch this column for further developments, including the time and place of any future meetings of the club.

A Christmas cactus in the home of

Mrs. Lillian Bouquin

of 233 Edison St., has bloomed three times this year.

A beautiful yellow and black butterfly

was found Monday by

Mrs. Frank Shaheen

of Sylvan Lake, fluttering about a snow bank.

Since the crows have commenced to

come in spring fashion.

Mrs. Arnold Varnes

of Auburn Heights sends word that continued warm weather is assured, as she never has found the black rascals to be wrong.

Quite in disagreement with those who claim that March weather is unpredictable is

Sam Schenker

of Waterford, who phones that it always can be depended upon to be disagreeable.

Don't overlook the fact that we're celebrating the 1962

Oakland County Week,

May 20 to 26. Invite your friends and relatives to come and look us over, and learn the principal reasons for celebrating Michigan Week at the same time.

Mrs. George Pittis

of Drayton Plains; 82nd birthday.

JFK Refuses to Anger Congress

By JAMES MARLOW

Associated Press News Analyst

WASHINGTON—President Kennedy's strategy with a Congress run by his own Democrats seems to call for a broad variety of proposals, but an all-out pitch for just a few.

He followed this course last year. He has done the same so far this year, although 1962 is still young. It's a technique which avoids a bruising fight with Congress. It also leaves a lot of people disappointed.

MANY ITEMS PASSED The 1961 result was a great many measures approved, if only in a chopped down, diluted version of what he asked. In actual number of items passed the list was impressive.

Not passed were some of his most controversial requests—ones on which he talked bigger than he acted. On these he had hardly claim he fought very hard.

Two of his most important programs last year, from the standpoint of national safety and foreign affairs, were his foreign aid program and his request for billions for defense.

He fought for them and he got them, although Congress whittled his foreign aid request from \$4,806,000,000 to \$3,914,500,000.

But in 1961 Congress by-passed, and Kennedy didn't fight for foreign aid to education, medical care for the aged and civil rights legislation. He had promised much on civil rights in 1960.

THE THIRD PARTY He is dealing with a Democratic Congress which is increasingly conservative. When the very conservative Southern Democrats and Republicans join forces there is in effect a third party.

If Kennedy, for example, made a vigorous effort to get civil rights legislation he might anger his Southern Democrats so much some of his other programs would suffer.

An effort to avoid this seems to be the only explanation for his failure to do more than he did.

In the age of television a president who runs into a wall in Congress doesn't have to stop there. He can go over the heads of Congress by explaining the need for his program directly to the people and asking their help in putting the heat on Congress to give him what he wants.

For some reason of his own Kennedy has avoided this tactic.

TO SPEAK MAY 20 This year he may use it a little. He disclosed Monday he will speak at a Madison Square Garden rally May 20 for one of the programs he has again asked Congress to approve: Medical care for the aged.

This speech will be part of an administration campaign for public support of the plan. Kennedy has brought into the White House an associate of long-standing, Richard Maguire, a 47-year-old Boston lawyer, to help coordinate the efforts of various groups pushing for medical care.

He advanced the theory that "Our precocious and unhappy old age is due to poisoning... from the putrefaction in the large intestine."

Far be it from me to deny that buttermilk, sour milk, clabbered milk, Bulgarian milk, Acidophilus milk, yoghurt, or other cultured, fermented or soured milk food or beverage is not wholesome and healthful. I do contend, however, that fresh milk, skim milk or buttermilk does everything for health that any of these other beverages or foods can do, and it is merely a matter of one's taste which to choose.

As for sauerkraut or sauerkraut juice, so far as good digestion, health and longevity are concerned, one can take it or let it alone. I can take it, in sauerkraut fashion, with spare

he has a lot of pushing to do in a lot of directions.

Here are some of the other proposals he has made so far this year:

Action on civil rights, a new farm program and higher postal rates (both ignored by Congress last year); a new department of urban affairs and housing (already killed by Congress this year); measures to fight unemployment; a six-point economic program including steps he can take in case of severe recession; a massive immunization program against diseases; sterner food and drug laws; authority to buy \$100 million in U.S. bonds; creation of a global communications system.

Dr. William Brady Says:

Nature Does Wonders to Rid Body of 'Poisons'

Voice of the People:

'Spending, Taxation Drive Nations to Communism'

I disagree with our Senator Hart's speech. He seems to forget that to spend, spend, tax, tax is the surest way to drive this nation or any other to communism. He is just reiterating Marx's, Engels' and Lenin's prime formula for a Communist takeover.

With our national debt at such astronomical figures, no wonder our young folks and students are increasingly alarmed and swinging over to the conservative side.

These young people did not borrow the hundreds of billions of dollars. They never agreed to have the earnings of their lifetime mortgaged just to pay the interest. It's time we show some concern.

We have done more for peace outside of the U. N. than it has ever accomplished. Its greatest accomplishment was to put the world on a welfare basis at the expense of our dollars, and the American taxpayer.

If all nations of the free world would refuse to do business with communism, it would collapse from its own impotence.

Says Meter Readers Should Be Praised

The people should be ashamed who degrade the reporting of dogs by water meter readers.

In many communities special employees canvass to take a census of all dogs. This action costs communities thousands of dollars. Each meter reader should be praised for doing this extra job.

Anyone owning a dog should not be ashamed. The license fee for a dog is little in respect to the faithful companionship and protection that dog owners receive.

A Friend Dog Owner

'Let's Spend More for Road Upkeep'

Again our subdivision roads are a veritable lake. Tax money goes for school, swimming pools, buying land for future use of college for township, but money is never spent on such mundane things as road upkeep. I'm for good schools and education for our children, but money could be spread out to include these ordinary things and a little less emphasis on fancy education facilities.

V. B.

Smiles

Count your blessings and be happy—worry about your troubles and be otherwise.

A beauty expert says women lose their figure only because they are lazy. Tell this to the plump mother who is raising six kids.

If it weren't for pants pockets for handkerchiefs most wives wouldn't go through near as much for hubby.

It is being financed by Education Facilities Laboratories, Inc., a subsidiary of the Ford Foundation. The coordinator is Prof. C. Theodore Larson of the University of Michigan.

DETROIT (AP)—The 120 youngsters in suburban Wayne's many windowed Hoover School will spend the next school year in classrooms without windows.

This is part of an experiment to determine whether the children learn their lessons faster when they can't look outside at the flight of the butterflies and bees or the contrails of a passing jet aircraft.

It is being financed by Education Facilities Laboratories, Inc., a subsidiary of the Ford Foundation. The coordinator is Prof. C. Theodore Larson of the University of Michigan.

Before the new school year begins the windows in Hoover's classrooms will be replaced by opaque panels.

"Historically," Prof. Larson says, "windows have been used for three reasons—to admit light, to provide ventilation and to provide a view of the outside."

With modern lighting, heating and air-conditioning systems, there is no need for windows for reasons one and two.

"The question is: do we need windows for the third reason—a look at the outside? Do children learn better with or without such a look?"

United States can best meet the challenge of growing demands on its available resources.

U.S. Budget of \$128 Billion by '70?

Heading up this program is NPA's vice chairman, Leland Hazard, retired Pittsburgh Plate Glass Co. director, now professor of industrial relations at Carnegie Institute of Technology.

ADD 15TH GOAL To get the measure of their problem, the NPA staff took the 1960 report of President Eisenhower's Commission on National Goals. To its 15 recommendations NPA added as a 16th goal President Kennedy's moon shot and space exploration program for the 1960s.

NPA has made estimates that it would cost \$300 billion on top of the 1961 economy to achieve these goals. The problem is that only \$130 billion appears to be available.

In other words, there would have to be a \$90 billion gross national product in 1970 if desired goals are to be attained. This is where the need for priority analysis is said to arise.

These are at best educated guesses, ingenious exercises for economic facts of life may be like in 1970.

To illustrate what might have to be spent in each of the 16 fields, as compared with what was being spent in 1960, an oversimplified list of the 16 goals and the NPA cost estimates is given below:

Goal	1960 Cost (\$ Billions)	1970 Total Expenditure (\$ Billions)	1970 Total Expenditure (\$ Billions)
1. National development	1.0	1.0	1.0
2. Equality and freedom	1.0	1.0	1.0

Seek to Push Medicare Plan

White House Lining Up Grass Roots Effort to Win OK by Congress

WASHINGTON (AP) — The White House is coordinating a massive grass roots effort aimed at driving President Kennedy's medical care program through Congress.

Administration sources point to Kennedy's engagement to address a rally boosting his program in New York's Madison Square Garden May 20 as an example of how much energy will go into the effort.

Kennedy accepted an invitation Monday to appear at the Madison Square Garden rally, sponsored by an organization called the National Council of Senior Citizens and the Golden Ring Clubs of New York. White House press secretary Pierre Salinger said later the White House would welcome requests from networks interested in putting the event on television and radio.

Richard Maguire, a White House assistant, is understood to be coordinating and counseling outside organizations which back Kennedy's program to finance medical care for the aged through Social Security.

The purpose is to whip up broad public support for the administration plan and to direct that support toward influencing members of Congress to adopt it against vigorous opposition of the American Medical Association and insurance groups.

The Democratic National Committee also intends to print and distribute material promoting the Social Security approach to care of the aged.

The National Council of Senior

LESION IN CHEST — Lord Avon, 64, underwent surgery for a lesion in his chest, Boston's Lahey Clinic announced. The exploratory operation showed the trouble was not malignant. Lord Avon is the former British Prime Minister Sir Anthony Eden.

Citizens is one of the major vehicles for pushing the campaign. The council was launched only last year but already claims the backing of a half million men and women around the country, many of them associated with local Golden Age clubs and other organizations of senior citizens.

Convicted Killer Has Life Term Commuted

LANSHING on — Gov. Swanson Monday commuted the life sentence of William H. Teiss, formerly of Saginaw, making him eligible for immediate parole.

Teiss has served 36 years in Southern Michigan Prison for the murder of his estranged wife in Saginaw in March 1926. He will work as a farm laborer after his release, corrections authorities said.

Ex-Priest to Answer Support Charges

SAN FRANCISCO (AP) — A former priest whose wife says he was spirited to California by the Catholic Church must appear in Domestic Relations Court March 19 to answer charges of failure to support his four children.

Walter Ryan, 57, turned up here last week after his wife sued the Church in Mineola, N.Y., for \$2,375,000 over his disappearance. The child support action began in January 1960 at the request of New York authorities. Just before Ryan resurfaced, an assistant district attorney here said nothing had happened in the case because "I've never been able to find him." The order to appear was given Monday.

Mrs. Rockefeller May Ask Divorce This Thursday

RENO, Nev. (AP) — Mrs. Nelson A. Rockefeller may sue for a quick Nevada divorce from the governor of New York Thursday.

If she satisfies a court that she has not left the state in six weeks, her six-week residency requirement will be met. An uncontested divorce then can be granted in minutes. Her attorney has given no indication where or when she will file.

Both married daughters are visiting her at the Donner Trail Ranch in the Sierras west of here. Mrs. Robert L. Pierson, 28, arrived Friday night, about a week after her sister, Mrs. William Strawbridge, joined Mrs. Rockefeller at the resort.

The three take frequent horseback rides, despite near-freezing temperatures.

Ft. Polk Reservists Chant 'We Want Out'

FORT POLK, La. (UPI)—About 600 members of the 4th Armored Division, a Texas National Guard outfit, held a noisy "we want out" rally in front of the Ft. Polk enlisted men's service club Monday night.

Observers said it was the biggest and loudest of five protest meetings in recent weeks by reservists called to active duty last October when the 4th was sent to Ft. Polk for full-time training.

Two lieutenant colonels and several military policemen were seen on the edges of the crowd. It apparently was not an organized rally, and no effort was made to interrupt the impromptu proceedings.

The off-duty soldiers milled about, shouting "we want out." Finally they dispersed. The protests have not taken on the color of rebellion against military authority, and no violence has resulted from the gatherings in front of the service club and other meetings.

The reservists' complaint is that they were called to active duty because of the Berlin crisis, but have not been released although the Berlin situation no longer appears critical.

Ask Bill to Form Commerce Code

Measure to Establish Uniform State Laws Alive Despite Critics

LANSING (AP)—A bulky and complex bill to establish a uniform state commercial code has moved to passage stage in the Senate. Several attempts were made to kill the 311-page bill Monday night by opponents who declared no one really understood it.

Sen. Stanley G. Thayer, R-Am Arbor, the sponsor, said the bill is intended to bring under one act all state laws covering commercial transactions. It will repeal a patchwork of laws dating back to 1860, Thayer said.

Included in the bill are sections covering banking, warehouse receipts, commercial papers, letters of credit, bills of lading and contract rights.

Thayer said the Michigan State Chamber of Commerce, bankers, attorneys and retailers all favor the uniform code.

Sen. John P. Smekens, R-Coldwater, said he thought the bill "should not be railroaded through here by no one really understands it."

Sen. Clyde H. Geerlings, R-Holland, agreed.

"No one is criticizing it, because nobody really knows what is in it," Geerling said.

DEFEAT ATTEMPT—Geerlings to kill the bill by sending it back to committee was defeated.

Also advanced for possible final passage was a measure to amend the school code as it affects second class school districts.

It would prevent the second class school districts from taking in adjoining school districts by simply annexing territory next to the cities. The only two cities at present affected are Grand Rapids and Flint.

Sen. Charles J. Fendra, R-Grand Rapids, practically assured passage through the Senate by getting 19 signatures on the measure—more than a majority.

Monday night's demonstration followed by a few hours an inspection of Ft. Polk facilities by Sen. John Stennis, D-Miss.

Stennis is investigating a complaint by a Mississippi colonel in the 4th that his troops did not have proper training equipment.

The officer, Lt. Col. Evan Tunison of West Point, Miss., was relieved of the command of the 223rd Engineer Battalion by Maj. Gen. Harley West of Dallas, commander of the 4th, because of Tunison's complaining letter.

Stennis, who defended Tunison's action, said Monday he found that soldiers in the engineer battalion "want more equipment and material to build roads and bridges so they can keep busy."

Farm Bureau Proposes Plan

Asks Congress to Pay for 80 Million Acres to Be 'Idled'

WASHINGTON (UPI)—The American Farm Bureau Federation today urged Congress to solve the farm surplus problem by paying farmers to idle up to 80 million acres of cropland and by reducing support prices for feed grains, wheat and soybeans.

Charles R. Shuman, farm bureau president, presented his organization's "cropland adjustment" program as a substitute for the Kennedy administration's farm bill in testimony prepared for delivery to the House Agriculture Committee.

Shuman did not estimate the cost of his program in his prepared statement, although he said the payments to farmers for retiring land would be "substantial."

"Our program is a bridge to an improved agricultural situation in which the need for government expenditures will be greatly reduced," he said. "The farm leader, whose organization is the nation's biggest private farm group, said his plan would reduce government regulation of individual farming operations and raise private farm net income."

Agriculture Secretary Orville L. Freeman has estimated that the farm bureau program would cost close to \$2 billion a year, and would, at the same time, reduce farm income by about \$1 billion annually.

Freeman has asked Congress to adopt a program built around stiff acreage controls for feed grains and wheat, and marketing controls for dairy products. This would be accompanied by a long-range program to shift cropland to new uses.

Also advanced for possible final passage was a measure to amend the school code as it affects second class school districts.

It would prevent the second class school districts from taking in adjoining school districts by simply annexing territory next to the cities. The only two cities at present affected are Grand Rapids and Flint.

Sen. Charles J. Fendra, R-Grand Rapids, practically assured passage through the Senate by getting 19 signatures on the measure—more than a majority.

Mail Favors UP as 51st State

DETOUR (U)—Upper Peninsula residents apparently favor a suggestion that the area secede from Michigan and form a 51st state, according to a group of businessmen who presented the move.

John Steel, spokesman for a businessmen's committee, reported Monday that the committee had received much mail in response to a coupon inserted in seven daily newspapers in the Upper Peninsula.

Steel said 90 per cent of those replying agreed the area should legalize gambling to pay its bills as a separate state. He divorses itself from Michigan.

The businessmen's committee had asked area residents for their reaction to the proposal.

Upper Peninsula legislators scoffed at the idea when it first was presented last week. Some termed it a publicity stunt and a joke.

"If the legislature thinks this is a joke, it'll be the most long-winded and serious joke they've ever pulled off," said Steel.

Steel also disputed the claim of some lawmakers that the Upper Peninsula is in better economic shape than most people think. He said that 20 communities had an average population drop of 70 per cent in the 1950s.

Hoffa attorneys trying to show biased jury

ORLANDO, Fla. (UPI)—Defense attorneys for James R. Hoffa were expected to produce 2,000 newspaper stories today in an attempt to win dismissal of mail fraud charges against him or have his trial moved to Detroit.

Chief defense counsel, Jacob Kossman of Philadelphia, said he would introduce the Hoffa papers as evidence that Hoffa could not get a fair trial here and that the grand jury that indicted him should have been biased.

Hoffa and Detroit banker Robert E. McCarthy Jr. are charged with using \$500,000 in Teamsters Union funds to promote a private real estate development near Cape Canaveral, then fraudulently using interstate communications to promote it as a union sponsored haven for retired Teamsters.

150 Welfare Workers Open 4-State Meeting

BATTLE CREEK (UPI)—Some 150 welfare workers from seven Midwest states opened a three-day conference here Monday. Church welfare agents from Illinois, Michigan, Wisconsin and Indiana will study the operation of church welfare centers. The denomination has approximately 50 such centers in Michigan.

Volunteer workers man the centers with all services free to the public.

Trade Program Being Pushed

Advocate Goes Before Committee to Plead for W. Europe Partnership

WASHINGTON (U)—Undersecretary of State George W. Ball, one of the government's strongest advocates of partnership with the European Economic Community, takes the stage today in the administration's drive for a broad trade program.

Ball pleads his case before the House Ways and Means Committee. The group is considering President Kennedy's program for more tariff bargaining power, including authority to eliminate some tariffs reciprocally with the European Common Market.

Ball has already put his views on record. He told another congressional committee, "We are not going to join the Common Market; we are not going to propose that we create a free trade area or anything of this sort with the Common Market."

But partnership, he said, is the best word for the kind of relationship he advocates between the United States and newly unified Western Europe.

The administration assigned Ball to urge on Congress the arguments for close trade relationships as a part of the over-all U.S. policy of standing up to Communist economic aggression and bringing other advanced countries into the effort to help underdeveloped areas.

The Ways and Means Committee was told Monday that if Kennedy's trade program goes into effect some 800 U.S. firms might be seriously harmed by increased imports to seek government help in the next five years.

This figure was advanced as "only an estimate" by Undersecretary of Commerce, Edward G. Gaudin. He expressed confidence that technical aid and loans for adaptation would solve the major adjustment problems. He said the \$100 million revolving fund provided in the bill embodying Kennedy's programs should be adequate.

Of all the accidental deaths in the U.S., about 70 per cent occur in the victim's non-working hours.

Court Martial Set for Captain

Air Force Ends Probe; Charges Officer Gave Secrets to Soviets

WESSTADEN, Germany (UPI)—The U.S. Air Force announced today that an investigation has confirmed a decision to court martial Capt. Joseph P. Kaufman, 43, on charges of giving defense secrets to East Germany and the Soviet Union.

Kaufman, a native of Rutland, Vt., who attended schools in New York City and gave his last home address as New York, is a bachelor and his parents are no longer living.

Kaufman was arrested Nov. 19 at Castle Air Force Base, Calif., where he was on a future investigation here in January at which time he was represented by attorney George Latimer of Salt Lake City, Utah.

Kaufman is accused in the formal charges of seven counts of violating four articles of the Uniform Code of Military Justice. He is alleged to have given Communist authorities details of Air Force bases, personnel and equipment in Greenland, Japan and the United States, and to have agreed to do so for the Communists.

The formal charges do not specifically mention treason or espionage.

Kaufman's arrest last November came after an East German intelligence officer, Lt. J. G. Maennel, defected to the West. Maennel was a major witness against the American at a pre-trial hearing here in January.

Asks Goldberg to Head Off LA Transit Strike

LOS ANGELES (U)—County Supervisor Kenneth Hahn has asked Secretary of Labor Arthur Goldberg to help avert a threatened transit strike which would strand 750,000 riders in metropolitan Los Angeles.

More than 2,700 bus and trolley drivers, members of the Brotherhood of Railway Trainmen, will strike the Metropolitan Transit Authority at one minute after midnight Wednesday unless a contract dispute is settled.

Negotiations between the authority and the drivers broke down Monday.

A strike would affect passengers in Los Angeles, Riverside, San Bernardino and Orange counties.

Hahn said he asked Goldberg to come to Los Angeles "as soon as possible and settle this dispute before streetcars and trolleys stop running."

Treat Rep. Hoffman at Naval Hospital

WASHINGTON (U)—Michigan's 86-year-old Rep. Clare E. Hoffman, an Allean Republican, is a patient at the Bethesda Naval Hospital.

He suffered a stroke last December and has been undergoing treatment in Michigan and Washington since.

Hospital authorities said Hoffman entered the hospital three days ago and is expected to remain for a week undergoing further examination and treatment.

President Will Talk to Newsmen Wednesday

WASHINGTON (AP)—President Kennedy plans to hold a news conference Wednesday at 3:30 p.m. EST.

White House press secretary Pierre Salinger said Monday the news conferences are in the afternoon because the timing is better suited to the president's schedule. But Salinger said, "There'll be some in the morning."

Only 4 Sign Up for Civil Defense Class Set for 400

NEWARK, N.J. (AP)—The West Side Adult School of Newark prepared a course on survival in a disaster for 400. Only four registered.

"You'd think people would be interested in learning how to take care of themselves in an emergency," said Harvey C. Black, president of the school's advisory board.

The board advised Gov. Richard J. Hughes in a letter that "spalling public apathy" had forced the school to cancel the course for a second time. The course was dropped last fall when only six registered for it.

Eleven-Ounce Baby Being Rocked to Live

PALM SPRINGS, Calif. (UPI)—An 11-ounce boy battled for survival today against odds that doctors estimated at 50 to 1.

The infant, born Sunday to Mr. and Mrs. John Batista of Palm Springs, will be one of the smallest children at birth to live if it survives.

Doctors placed the baby in a rockette islette, a special incubator in which he receives round-the-clock nursing care. The device also rocks the child gently to assure normal blood flow.

GOP Is Challenged to Allow Tax Vote

GLADWIN (U)—Republicans were challenged here Monday night to allow a vote in the legislature on Gov. Swainson's tax proposals.

Joe Collins, state Democratic chairman, told a meeting at Gladwin that Republicans have claimed Democratic legislators would not vote for the governor's tax package even if it were reported out of committee.

"Let the majority of the legislature bring the issue to a vote, and we will see where the Democrats stand," Collins said.

"All we Democrats want," Collins said, "is a little courage on the part of a few Republicans in the legislature to get this matter done so that our state can make a big jump forward."

Daughter, 16, Kills Dad to Aid Mother

HILLSDALE (U)—Shock Barrow, 16, of nearby New Hope, was shot dead by his 15-year-old daughter Judy during a family argument, state police reported today.

Officers from the Jonesville Post said Adams had struck his wife Kathryn, 34, when the girl fired a hunting rifle. The bullet passed through her heart.

State police said they would confer with Hillsdale County prosecutor Robert McIntyre on what charges, if any, would be lodged against the girl, who was not taken into custody.

Title Is Descriptive

Unit of House Clears Tax Bill

Measure Carries Most of Kennedy's Program; Floor Action in Week

WASHINGTON (UPI)—The House Ways and Means Committee Monday cleared a 240-page bill carrying most of President Kennedy's tax program.

The bill passed the committee 184 and was tentatively scheduled for floor action next week.

The bill would provide \$1.8 billion in tax concessions to encourage a new industrial modernization, and would impose a new system of tax withholding on income from dividends and most interest.

It would also tighten up tax rules governing entertainment expenses and foreign earnings of American business.

Democratic leaders were confident that they could get the bill through the House unchanged. They softened major portions of the bill last week in an attempt to win over Republicans.

Horseplay Leads Family to Await Spring Eagerly

SUDBURY, Mass. (AP)—The Charles Munda family keeps a horse in the house while Mrs. Munda hopes for an early spring so the horse can be put outdoors. How come?

Seems the animal, now 100 pounds and about the same size as the family's Great Dane, is the offspring of a Shetland pony and a saddle mare who'd rather forage.

In any case the mare had no time for 5-week-old Sonny Boy so the Mundos, who own six horses, took pity and bottled-fed him.

Yep, he's housebroken.

White Sidewalk Sales Up

NEW YORK (UPI)—There is a boom in sales of white sidewalk tiles. The manufacturers say 45 to 48 per cent of the estimated 71 million tiles sold in the replacement market this year will be of this type. Five years ago they had only 30 per cent of the market.

Scribe Says They Seem Lonely

Most Screen Beauties Are Hard Egotists

By HAL BOYLE

NEW YORK (AP)—Would you like a job that enabled you to spend part of your working time with some of the world's most glamorous women—and paid you money for doing it?

BOYLE

"Imagine getting paid for listening to all those gorgeous dames," is the envious remark a columnist hears most often from other men.

MET DOZENS

"I'd be glad to do it for nothing. Tell me, what are they really like?"

Well, in the last 18 years I have met dozens of the most famous feminine stars of stage and screen—just about all except Brigitte Bardot, Elizabeth Taylor and Lash. They range from Natalie Wood and Joanne Woodward to Mae West and the late Ethel Barrymore.

And what were they like? Frankly, most of these lady celebrities were just like ordinary women—except more so.

FEEL RELIEVED

The feeling I have most often after leaving them is one of pity for their husbands—and relief that I am not married to them. The merciless demands of stardom rob many of them of the softer charms of femininity. The struggle to stay on top turns them into monumental egotists, and their egos must be constantly fed with praise and lip-service admiration or they turn into raging tigers.

Their beauty often is a surface, varnished quality that says, "Fragile—don't touch." There is also a cold and brittle air about their good looks as if they had been chipped out of ice. This repels rather than attracts, and leaves a man with a feeling of uneasiness.

SENSE LONELINESS

Beneath this chill exterior you sometimes sense in them a strange and hidden loneliness, as if somehow along the way in their fierce struggle for the power, fame and money of stardom they had lost the capacity for simple human joy you can see shining in the face of a housewife content with her man.

Many of these legendary beauties haven't had the time to develop other aspects of their nature. Their conversation is about as inspiring as that of a department store mannequin. Their chief subject: Themselves.

ONLY THEMSELVES

If you talk about anything else, you can see the interest dying in their eyes. They don't want even to talk about another lady star—unless her last film was a box-office dud.

In discussing their activities and attitudes, they lie like Baron Munchausen. They parrot, generally, only what is popular or fashionable at the moment. The last thing on earth they want you to know is what they are really like—or how they really feel. Seldom will one give you a frank answer, such as:

2 Ex-Policemen Get Terms for Burglary

BURLINGTON, Vt. (AP)—Two former patrolmen who admitted burglarizing a warehouse on their beat last June while in uniform and on duty drew prison terms Monday.

Richard D. Bates, 38, was sentenced to serve 18 to 36 months in State Prison, and William J. Bleau, 25, drew an 8 to 24-month House of Correction term.

Both pleaded guilty to the theft of household goods from the warehouse shortly after their arrests last December.

Two other former officers are serving a four to six-year prison term for burglary and a fifth is scheduled to be tried next month on a similar charge.

Grand Rapids Bishop Names Two Deputies

GRAND RAPIDS (UPI)—The Most Rev. Allen J. Babcock, bishop of the Roman Catholic Diocese of Grand Rapids, has named newly consecrated Auxiliary Bishop Charles A. Salata and Rt. Rev. Msgr. Edmund F. Fulicki as vicars general of the diocese.

The post had been vacant since the death of Rt. Rev. Msgr. Raymond H. Backer last Oct. 2. A group's 26th annual convention vicar general is a deputy to the

bishop in carrying out administrative duties of the diocese.

Magr. Fulicki is pastor of Sacred Heart Church. Both he and Bishop Salata are natives of Grand Rapids.

Dr. Herbert Re-Elected Head of Wildlife Group

DENVER (AP)—The National Wildlife Federation has re-elected Dr. Paul A. Herbert of East Lansing to a second term as president. The election was held on the final day of the conservation group's 26th annual convention last Sunday.

More Businessmen Take Teaching Jobs

NEW YORK (AP)—A still small but growing trickle of executives is flowing from executive suites to college teaching jobs.

The new trend has made a two-way street of a road until recently traveled by college and university faculty members lured to posts in industry, often by much better pay.

Part of the reason is that many schools are working hard to recruit faculty prospects from the business world, and Wall Street Journal found in a survey executives approaching retirement are a favorite target.

Modest but more attractive salaries than those of a few years ago are a factor. Salaries on some campuses now run to \$25,000 and more.

Side benefits are also a factor.

ALLOWED SIDE JOB

At Stanford University in Palo Alto, Calif., for example, business school professors are allowed one day a week for corporation consulting work to supplement academic pay, the Journal found.

Stanford's business college has 11 ex-businessmen on its staff, up from five four years ago.

The University of Chicago pays 50 per cent of tuition costs for faculty members' children. The U. of C. business faculty has 14 men with business experience, up from "only a couple" a few years ago.

The Journal quoted a spokesman for a national professional society of professors as attributing the new trend to closer links with business fostered by colleges in recent years.

Many schools have set up special business-oriented units, including business research and industrial relations bureaus, computer centers and the like.

Stepped up bids for financial support from corporations likewise have opened to rightmen business-academic world ties, and to broaden contacts greatly.

A wide variety of reasons are given by executives who make the switch.

Pontiac Area Deaths

HENRY E. HEINECKE
Henry E. Heinecke, 4933 Cooley Lake Road, Waterford Township, suffered a heart attack yesterday. He was dead on arrival at Pontiac General Hospital.
Mr. Heinecke, 38, was an employee of Superior Dry Cleaners and attended Central Methodist Church.
Surviving are three sisters, Mrs. Leda Lewis in Pontiac, Mrs. Earl Lee and Louise Heinecke, both of Pontiac; and two brothers, Fred of Pontiac and Julius of Union Lake.
Services will be at 1:30 p.m. Thursday at Sparks-Griffin Chapel with burial in Perry Park Cemetery.

ROY J. WARD
Roy J. Ward of 1369 Harvard St., Berkley, a former resident of Waterford Township, died yesterday in William Beaumont Hospital after a long illness. He was 40.
Mr. Ward had been a tool maker and a member of Our Lady of the Lakes Catholic Church, Waterford.
Surviving are his wife Donna; two sisters, Mrs. Aldyth Tourangeau of Royal Oak and Mrs. Michael Walker of Largo, Fla.; his parents, Mr. and Mrs. Michael Walker of Largo; and a brother Fred of Wyandotte.
The body will be recited at 8 tonight in the Sawyer Funeral Home, 2125 W. 12 Mile Road, Berkley.
Funeral will be offered at 9 a.m. Wednesday in the funeral home with service following at 9:30 in Our Lady of La Salette Catholic Church. Burial will be in Calvary Cemetery, St. Petersburg, Fla.

FRED C. LUNDY
Service for Fred C. Lundy, 82, of 2722 Oxford, Waterford Township, will be 2 p.m. tomorrow at Muir Brothers Funeral Home, La Jolla. Burial will follow at Metairie Cemetery.
Mr. Lundy died yesterday after a brief illness.
A former resident of Metamora, he was a member of the Metamora Masonic Lodge, F&M 413, for 65 years.
Surviving are two sons, D. C. Lundy of Livonia and Eddie of Commerce; two daughters, Mrs. Leah Garbath of Detroit and Mrs. Leda Fisher of Waterford Township; nine grandchildren and nine great-grandchildren.

GEORGE W. SPRAGUE
George W. Sprague, 94 Dwight St., died yesterday at Pontiac General Hospital after a brief illness. He was 71.
Mr. Sprague was a retired first inspector at General Motors Truck & Coach Division and a member of First Methodist Church.
Survivors include his wife Emma; two sons, George H. Marshall, and William Sprague, and Edwin Hall, all of Pontiac; five daughters, Mrs. Ray Hall of Bay City, Mrs. John Bago of Royal Oak, Mrs. Robert Saunders, Mrs. Dorothy Williams and Rosemary Sprague, all of Pontiac.
Twenty-six grandchildren and two great-grandchildren also survive.
Arrangements are pending at the Purnley Funeral Home.

MRS. EATON WILLIAMS
Service for Mrs. Eaton (Anne C.) Williams, 54, of 240 Orchard Lake Ave., will be 1 p.m. Saturday in Providence Missionary Baptist Church, where she was a member. Burial will follow in Oak Hill Cemetery. Arrangements are by the Frank Carruthers Funeral Home.
Mrs. Williams leaves her husband; two sons, Eddie of Eastland, Ala., and Elmore of Pontiac; four daughters, Mrs. Louise Hamler, Mrs. William Ann Walters, Mrs. Emily Davis and Rachel Williams, all of Pontiac; and 21 grandchildren.
Mrs. Williams died Friday at Pontiac General Hospital after an illness of two weeks.

MRS. ADOLPH BORDEN
ORION TOWNSHIP — Service for Mrs. Adolph (Evelina M.) Borden, 79, of 393 Walden Road, will be 9 a.m. Thursday at St. Michael Catholic Church, Pontiac. Burial will follow at Mt. Hope Cemetery, Pontiac.
Mrs. Borden died yesterday after a brief illness. She was a member of St. Joseph Catholic Church, Lake Orion.
Surviving besides her husband are three daughters, Mrs. Earl Hertzog and Mrs. Rita Silva, both of Pontiac, and Mrs. Monroe Lake of Detroit; 11 grandchildren and 23 great-grandchildren.
The Rosary will be recited at 9 p.m. tomorrow at Voorhees-Siple Funeral Home, Pontiac.

HARLAND D. ELWOOD
WEST BLOOMFIELD TOWNSHIP — Service for Harland D. Elwood, 63, of 5015 Putnam Road, will be 11 a.m. Thursday at the Bell Chapel of the William R. Hamilton Co., Birmingham.
Mr. Elwood died Sunday at his home following a long illness. He had been with the public relations department of the United Insurance Co., Detroit, for 10 years.
He was a veteran of World War I and II and was a member of the Unitarian Church of Birmingham.
Surviving are his wife Marie A.; mother, Mrs. Carrie D. Elwood of Nevada, Iowa; and a sister.

Flooded Roads in County Listed

Official of Oakland Unit Says Conditions Bad in Pontiac Area

County roads that are still under water in places were listed today by Sol D. Larson, vice chairman of the Oakland County Road Commission.
"In general, roads in the Pontiac area are in bad shape and many that should be closed are not. Road crews have not been able to get to all of the trouble spots," he said.
Larson advised all persons traveling in the county to use main, paved roads "if at all possible," he said. "We have plenty of washouts."
The following is a list of major flooded areas on county roads, some of which are not yet barricaded:

- Walton Boulevard east of Joslin and east of Sashabaw Road.
- Highland Township: Clyde Road west of Fish Lake Road.
- Southfield Township: Northwest, between Eight and Nine Mile roads.
- Independence Township: Dartmouth Road reported very bad south of Seymour Lake Road.
- Waterford Township: Pontiac Lake Road near Watkins Lake.
- Waterford Township: Williams Lake Road east of Airport Road, Airport Road north of M28.

NO SCHOOL YESTERDAY — The Charles Teague children of 495 Tallahassee St. are shown peering out into their flooded front yard as waters creep closer to their front steps. Swollen Osmun Lake overflowed its banks, filling roads, basements and residential property with icy mud-filled water.

Man, 31, Pleads Innocent to Two Court Charges
Thomas Doyle, accused of the kidnapping and rape of a Ferndale woman, pleaded innocent to both charges yesterday in Oakland County Circuit Court.
Doyle, 31, a former Hazel Park resident, stood mute on another charge of possessing a machine gun. Trial on all three counts has not yet been set.

Identified by the assault victim from a police photo, Doyle was arrested March 5 in Royal Oak's Makris Hotel. Police found a submachinegun under his mattress and a 38-caliber pistol under his pillow.
Doyle assaulted the woman, police said, after jumping into her car at a stoplight and forcing her at gunpoint to drive from Royal Oak to Madison Heights.
In lieu of \$25,000 bond, Doyle is being held in Oakland County Jail.

Pair Pleads Guilty to TV Store Break-In
Two Troy men pleaded guilty yesterday to a charge of breaking and entering of the Rochester Radio and TV store Feb. 17.
Rex Chambers, 27, of 1175 Cambridge St. and George Lawrence, 25, of 1210 Glasgow St. will be sentenced March 27 by Judge Stanton Dondero.

NY Times Staffer Dies
NEW YORK (AP)—Bruce Rae, 69, a staff member of the New York Times for 32 years, died Monday of a stroke. Rae had been director of the New York Times News Service since 1953 and previously had served in various executive positions, including that of assistant managing editor. He was born in Paterson, N.J.

Commissioners Meet Tonight

City commissioners will get two reports and recommendations from the city planning commission at their meeting tonight at 8.
One report recommends that the city deny a request to rezone a 15-acre parcel on the north side of West Walton Boulevard at the east city limits.

ON SEWER AGREEMENT
In other business, commissioners will be asked to approve a resolution amending the sewer agreement with Waterford Township adding the area of Shore and Colrain drives to the portion of the township using Pontiac sewage service.

Watch for Echo Early
The Echo I will make an early morning appearance in the Pontiac area Wednesday.
The satellite will appear in the south sky at 8:11 a.m., 15 to 21 degrees above the horizon, moving in a northeast direction.

Waterford Twp. Board Adopts New Pay Rules

A set of rules governing wage and salary administration was adopted last night by the Waterford Township Board. Pay increases for township employees totaling \$4,396.60 were approved.
The proposals submitted by Trustee Byron Cole give department heads the responsibility of granting step increases and to assign employees to classifications, subject to board approval. The authority of changing position classification would be retained by the township board.

Also, last night, a group of four residents living in the vicinity of Exmoor Street and Elizabeth Lake Road protested the flood conditions in their area.

Township Supervisor Elmer Johnson advised the group that he would contact the Oakland County Road Commission and attempt to initiate some remedial action. Johnson added that many areas in the township have the same problem and that he thought it might be advisable to consider some drainage projects in the near future, with matching funds, in lieu of more blocktopping.

From 1935 to 1940 about five per cent of the population of the U. S. moved to other states, but between 1940-47 the trend had increased to more than 10 per cent.

Red Group Sees Change in Party

Workers and Peasants 52 Pct. of Members, Says Moscow

MOSCOW (AP)—After 44 years of rule as the dictatorship of the proletariat, the Soviet Communist party can finally boast that workers and peasants are in the majority of its membership.

A basic shift in the ruling party's composition is reflected in statistical claims that 52 per cent of this nation's Communists are factory and farm workers.

The magazine Kommunist quoted 1960 figures showing that 34.5 per cent of the party membership were classed as workers and 17.5 per cent as peasants or collective farmers.

Kommunist emphasized that the 48 per cent described as employees included mental workers, intellectuals and various types of specialists.

The magazine noted that on Oct. 1, 1961, the party numbered 9,716,905 members and candidate members.

An intensive membership drive over the last five years resulted in party ranks by 2.5 million. The chief emphasis has been on attracting workers and farmers.

Effective power remains in the hands of the managerial and technical classes and party officials.

Assigned to Inspect Election Procedures

HARTFORD (AP)—State Elections Inspector James Chapman was assigned Monday to check procedures at Hartford where the village has abandoned voting machines for paper ballots.

The village of 814 registered voters technically was supposed to divide itself into two precincts in order to use paper ballots. But its election commission claimed to have a waiver of the requirement on grounds that the courts later could rule on the election validity, if contested.

Three councilmen and Village President Donald Chidister recently voted in favor of the paper ballots, for the present election only, on a claim by an ex-councilman that voting machines "confuse" older citizens. Hartford has used voting machines five years.

U.S. steel production in 1954 amounted to 735,000 tons, an amount that can be turned out now in three days.

Hope to Learn Their Secrets

Navy Will Send Six Porpoises to School

POINT MUGU, Calif. (AP) — Porpoises have turned out to be so bright the Navy's going to send six of them to school.

They'll start in an underwater kindergarten — a 50-foot-diameter pool now being built beside a lagoon at this headquarters of the Pacific Missile range, where the sea-going mammals will be taught to count, fetch, tow objects under water and, hopefully, even talk.

While they're learning, Navy scientists will be learning, too.

The Navy wants to know how porpoises can swim so fast — up to 40 miles an hour — how they communicate with each other, and how their prey-spotting sonar works. Answers to these questions could lead to torpedoes and submarines now envisioned only in science fiction. And who knows what else scientists will learn, once they start talking with porpoises?

UNDERSTOOD WORDS

Belief that porpoises can be taught to speak arose from experiments with a young female named Notty, who died a few months ago. Notty learned to recognize the words "ball," "bat," "ring" and "stick," and to fetch these items on voice command.

Observe Anniversary

TAIPEI, Formosa (AP) — Thousands of trees were planted in Formosa Monday in memory of Dr. Sun Yat-Sen, founder of the Republic of China, who died in Peking 37 years ago. The anniversary is observed in Nationalist China as Arbor Day. President Chiang Kai-Shek, in a brief message marking the occasion, urged the people to develop forestation.

O'Rozycki, O'Brown and Oboy!

Michigan Turns Green

LANSING (AP) — Every member of the Senate, regardless of nationality, got into the act in approving a resolution to pro-

claim March 12-18 as the week of the Irish.

Sens. Garland Lane, D-Flint, and John W. Fitzgerald, R-Grand Ledge, were original sponsors of the resolution, pushed through lustily Monday night.

"This is intended to give all true Irishmen and professional Irishmen a head start in their celebration of St. Patrick's Day, Saturday," Fitzgerald explained.

The resolution was amended to name every member of the Senate as a sponsor, with the clause that an "O" must come before his name.

Thus other sponsors will include such as Sens. O'Rozycki, O'Brown, O'Denzel, and O'Schwelger.

Lane also served notice he intended to bring in an Irish trio to serenade the Senate on Friday.

There are an estimated three million confirmed alcoholics or problem drinkers in the U.S.

Burglar-Hero Can't Find Job Due to Record

LONDON (UPI) — A young burglar who became a national hero when he saved a policeman's life said today no one will hire him because of his criminal record.

Harry Crouch, 26, was fleeing across a rooftop from a burglary last year when he heard the crash of glass behind him. Looking back, he saw a policeman hanging through a broken skylight, shards of glass sticking in his throat.

Crouch went back and supported the policeman until help came. Then he was arrested and sentenced to 20 months in prison.

Four months later, a judge reviewed his case, saluted his "outstanding gallantry" and set him free. Crouch came out of prison two months ago to a blare of publicity calling him a hero.

Since then, he said today, he lost three jobs when employers learned about his past and has been turned down on nine others.

Collapsible metal tubes were invented about 1841.

Cuban Copilot Defects

GANDER, Newfoundland (AP) — Immigration officials said Monday the copilot of a Cubana Airlines plane bound for Prague, Czechoslovakia, from Havana had defected and asked for political

asylum. Officials would not release the man's name, pending clearance through Ottawa.

An average American auto owner drives 10,800 miles a year today as compared with 6,000 miles in 1929.

Among those youngsters who will feast and have their fortune read at the Emerson School Fair Friday evening are Mike Casey of Emerson Street and Shelley Bibbs of Parkwood Avenue.

Assisting them are chef Howard Caldwell of Second Avenue and Mrs. Donald Baysinger of Jordan Road as Gypsy Lu, the fortune teller. The 5 to 9 p.m. festival is open to the public.

Pontiac PTAs Planning Active Week That Includes Elections, Discussions

Election of officers, Father's Night, and discussion of the emotionally disturbed child are but a few of the topics highlighting local Parent-Teacher Association meetings this week.

EMERSON

Mrs. Charles Brown, teacher vice president will conduct Emerson School's election of PTA officers at the Wednesday evening meeting.

During the evening's agenda Mrs. Donald Baysinger will present a project for the PTA Council Scholarship Fund, Mrs. John Wood will offer suggestions for future carnal corn sales, and Mrs. Robert Highfield will report on the recent movie held as a fundraising project.

Participants in the program will include Lewis Sullivan, Mrs. John Ferrell and Jerry Deline.

The group will then discuss plans and final details of the forthcoming fair set for Friday evening from 5 to 9 p.m. Cochairmen for the event will be Mrs. Robert Highfield, Mrs. Albert Martin, Mrs. Delbert Burnett, Mrs. Robert Hoffman, Mrs. Clayton Lee, and Mrs. Louis Campbell.

Among the many featured attractions will be Baggie Annie, Kartoon Korner, an old-fashioned country store known as Foster's Corner, Game Lane, Kurrle's Book & Record Booth, and the C & B. Snack Shop. These booths will be provided under the combined efforts of the school teachers and homeroom mothers, with the assistance of PTA fathers, student teachers, and students. Entertainment for the evening will be a play, "The Pied Piper of Hamelin," presented by the first and second graders under the direction of their student teacher Sharon Goul.

McCARROLL

In observance of Dad's Night, McCarroll School's PTA meeting at 7:30 p.m. Wednesday will be conducted by Albert Henning, father vice president.

Allan Nemetz of Consumers Power Co. will present a movie on the Big Rock Point Nuclear Plant during the program which will include the school's display of new science equipment.

Following an election of officers, refreshments will be served by room mothers from David Crawford's and Richard Durnbaugh's fourth and fifth grade rooms.

HERRINGTON

Herrington School PTA will hold a voice-opinion meeting at the 7:30 p.m. gathering Wednesday in the multipurpose room.

The discussion by members concerning topics of education, interests will precede a short program by the girl scouts and an election of PTA officers.

Refreshments will be attended to by mothers of Mrs. Robert Madden's fourth graders and Mrs. Dale Greel's third graders.

DANIEL WHITFIELD

In observance of Father's Night, William Smith, father vice president, will take charge of the Daniel Whitfield PTA meeting beginning at 7:30 Wednesday.

Program for the evening will feature hobbies of PTA members and neighbors, with displays and short talks on each. The fifth and sixth grade glove club will follow with a short concert under the direction of Mrs. John Walsh.

Candidates for the annual election of officers will be presented by the nominating committee under the chairmanship of Mrs. Merle Haanes, assisted by Mrs. Vida L. Walker, Mrs. Alfred Sharpe and Mrs. Donald Wolf.

Refreshments will be served by the third grade rooms of Delores Riddle, Marjorie Merritts and Mrs. Lucille Young.

HAWTHORNE

The Rev. Wayne Smith will serve as guest speaker at Hawthorne School's PTA meeting Thursday at 7:30 p.m. in the multipurpose room. His topic will be "Basic Sense of Values."

Next on the program will be vocal music under the direction of the school's music teacher, Marsha Heiden.

The nominating committee, composed of Mrs. Harry Cowley, Mrs. Thomas Turner, Lester Stanley and Mrs. Bruce King, will present the slate of new officers for election.

MAKIM

The "exceptional child" will serve as the panel discussion topic led by Fostine Watson, teacher of a Special A Room at the Makim PTA meeting 2 p.m. Thursday.

Other panel members who

will gather for the meeting in the multipurpose room are Nadene Buravold, teacher, Mrs. Wilson Robeck, speech correctionist, Eleanor Trout, physical therapist and Carole Eberle, visiting teacher.

MARK TWAIN

The March meeting of Mark Twain PTA will begin at 7:30 p.m. Thursday in the multipurpose room.

The event open to the public will include a film entitled "Strangers" and "Dangerous Strangers." Sgt. Donald Kratt, safety director for the Oakland County Sheriff's Department will serve as moderator.

ALCOTT

Sybil Schlosser, foreign exchange student from Germany, will be guest speaker for the Alcott School PTA meeting Thursday at 1 p.m. in the school gymnasium.

Other panel members who

will present several selections under the direction of Carl Shaw for the gathering. The Alcott band directed by Earl Sommerville will also provide entertainment for the group.

OWEN

William Wright will serve as guest speaker for the Owen PTA meeting beginning at 2:30 p.m. Thursday.

An election of officers will follow and Mrs. John Newman, Mrs. Raymond Adams, Mrs. Arle Franklin and Warren Abbott, comprising the nominating committee, will furnish the slate.

Mrs. Franklin and Mrs. Theodore Fauble will then serve refreshments to the group.

WISNER

Wisner PTA meeting Thursday evening in the gymnasium will consist of several small group demonstrations in science at four different grade levels. Procedures rather than subject matter will be stressed at the demonstrations with Bob Dunn in charge of the event.

A brief business meeting will follow the science program. Refreshments will be served by the home room mothers of Mrs. Lester Mack and Helen Mercer. Child care will be provided in Miss Mercer's room.

BETHUNE

Bethune PTA will meet Thursday evening in the multipurpose room at 7 p.m.

The school nurse, Mrs. Earl McHugh, will introduce Don Carros, assistant administrator at Pontiac General Hospital, who will in turn speak to the group in recognition of March as "National Health Month."

Mothers from Mrs. Amos Johnson's and Mrs. William Gokay's homerooms will serve as hostesses for the affair.

May rows are planned by Patricia Clark, daughter of the John Clarks.

Mrs. Romney Speaks to Women's Club

Sees Detroit as Stimulus for Renaissance

Mrs. George W. Romney, addressing members

guests of the Junior Pontiac Women's Club, Monday said that "Detroit represents the stimulus for the cultural 'Renaissance' in America."

In her talk, entitled "The Upward Reach of Our Community," Mrs. Romney stressed the importance of being aware of things beautiful in forming a community as well as an individual character.

Just as London has its particular masculine flavor, the Detroit area, Mrs. Romney said, is known as a vital, dynamic community.

"We are beginning to flower," she continued because people are carrying over their desire for civic improvements into music and art. "If you want beauty in one thing," Mrs. Romney pointed out, "you want it in all things. This leads to a consciousness of beauty within people, into their character."

The general chairman of the Detroit Metropolitan Opera Association said that character is determined by everything a person has done, thought or seen.

"We are fortunate," she said, "in having the New York Metropolitan Opera in our area. It is such a treat we don't have to push it, and a person can't afford to pass it up."

In opera the beauty is prolonged before you, beyond the idealization of words. We do become the things we look at, the things we love. To really appreciate the opera, Mrs. Romney said, you must see it.

"If a person is not aware of beauty he is barren," she summarized, "even in the midst of luxury."

It is this character, "the marrow of our bones," she added, that shaped our democracy — and it is this that weaker peoples seek for us.

"We have to decide if we're going to fulfill our challenge as other nations would like us," Mrs. Romney concluded, as represented to the world by the inscription on the Statue of Liberty.

The challenge can be met by individual, community and national character, Mrs. Romney emphasized, and the beauty we seek affects and contributes to this.

"We don't eat with our hands six days a week and with fine silver the seventh," she illustrated. "This awareness of beauty must be constant. The character that develops makes democracy effective and as happy and productive."

Preceding Mrs. Romney's talk, Junior Pontiac Women's Club president Mrs. Frank A. Anderson announced the year's fund raising project as a bridge and style show, April 2.

in a guest night program centered around "All About Music," program chairman Mrs. E. Verne McCall introduced

vocalist, Mrs. Vilma Nimmann of Miller Street, who sang Musetta's Waltz Song from "La Boheme." Mrs. Emilie Knaak of Detroit—accompanied her.

The evening meeting at the First Federal Savings and Loan Association of Oakland Building concluded with refreshments served by Mrs. Clark J. Adams and members of her social committee.

Grin and Take It, Abby Says

You Can't Make Customers Leave the Children at Home

BY ARBAGIL VAN BUREN

DEAR ABBY: Please print this in your column to wake up some women who take their children to

business places and let them wreck the place.

I own a beauty shop. Most of my customers bring along their little darlings, who yell and scream and

tear the place apart, and make other customers nervous while their mothers bury their noses in a magazine, never saying a word unless the child bothers THEM.

I have tried buying coloring books and toys to keep the kiddies amused, but the toys get broken or carried off and the coloring books get torn up. I love children, but not when they act like animals in my shop. What do you suggest?

END OF MY ROPE.

DEAR END: You can't ask your customers to leave their

"darlings" home. Nor can you discipline a customer's child or ask the mother to leave without risking losing her business.

You can't win, but you can avert an ulcer by admitting that these are the necessary evils of making a living suiting heads and winding wigs.

DEAR ABBY: I am in love with a man who is just about perfect in every way. The only thing that is holding up our marriage is his divorce. It is taking a long time to come through because his wife refuses to sign the divorce papers. I have told my family and friends that we are secretly married because I was so sure we would be last summer. Is there any way I can speed up his divorce?

ALONE AND IN LOVE

DEAR ALONE: You can't "speed up" a divorce which is not yet in the works. The man IS married, which is probably the way he wants it. P.S. You had better stop peddling tales before you are "alone and in trouble."

DEAR ABBY: My husband

and I are just average people. We have three small children. The baby is four months old. My complaint is that for the last three Sundays we have been opening our front door to unexpected company. In all cases they were casual friends whose husbands work with mine. They are nice people, Abby, but on Sunday the house looks so messy.

Naturally, my husband feels that he should show them the house and we are both nervous wrecks and very much embarrassed because of the clutter and the children crying for attention. Am I a poor manager or am I correct in preferring a phone call or waiting before guests arrive?

ORDINARY PEOPLE

DEAR ORDINARY: NO ONE should "surprise" folks with a drop-in type visit in my opinion. I have been severely criticized for my point of view, but I still contend it is one of the most inconsiderate gestures one can make in the name of friendship.

For Abby's booklet, "How to Have a Lovely Wedding," send 50 cents to Abby care of The Pontiac Press.

Pontiac Press Photo

Discussing preparations for the upcoming bake sale during April are two newly installed officers and members of Trajanians club. They are (from left) Susan Sparks, of Dexter Road, secretary; Susan McGeen, Lake Angelus Road, honor pledge; Marcy Ann

Kloka, Joswick Street, new member; and Carolyn Cuduhajsky, Lapeer Road, treasurer. Not pictured are Cathy Murphy, president; Carla Doolin, vice president; and Sue Scott, corresponding secretary.

Square Dance Counts Sixty

Grand Square Dance Club met in Denselton School with 60 dancing to the calls of Norman Hill Saturday evening.

Members brought box lunches and coffee was served by a committee—consisting of the Joseph Blanks, the Norman Tidds and the Ben Klinkhamers.

Annual election of officers resulted in the following: President, Russell Beam; vice president, Howard Moran; treasurer, Emil Bruesle; secretary, Mrs. William Miller; board of governors, Jay Pofenberger, Norman Todd, Mrs. Leon Kelly and Douglas Squire.

The last dance of the season, March 24, will be a special guest night.

Allemanders Learn Dance of Month

Allemanders Square Dance Club learned the round dance of the month, "True Love," taught by Sam and Evelyn Jones at John D. Pierce School Tuesday.

Plans are near completion for the Spring Festival, sponsored by the club and featuring seven top area callers. The dance will be held at the Pierce School March 31.

Birthday of Girl Scouts Celebrated Many Ways

Girl Scouts throughout Northern Oakland County Council are celebrating the organization's 50th anniversary in a variety of ways this week.

Many of the girls attended church in uniform on Sunday and participated in the services. Store window displays, dinners and roller-skating party are also among Scout anniversary projects.

Mother-daughter banquets are planned later this week by troops of the Waterford Township Four Towns neighborhood and in Gagetown.

Avon and Rochester district girls are distributing daisies at PTA meetings during the week, reminding the public of scouting's 50-year milestone and its founder in America, Juliette Gordon Low.

One of the most elaborate celebrations will be at Holly High School from 7 to 8 p.m. Wednesday, with the 15 Holly troop members providing booths depicting the 11 fields of scouting. A dance line

son counter will offer instruction in steps ranging from Irish jig to the twist. An international friendship and homemade ice cream stands also are planned.

TO GIVE PET AWAY

Sports and games will be demonstrated, and a surprise pet will be given away at the pet booth. The conservative booth will present a Girl Scout rosette to one of the visitors.

During the program the winner of a scholarship for Camp Sheswood, donated by the Holly Junior Monday Club, will be announced. A "money tree," with proceeds to further Girl Scouting activities, also will be featured.

Moore Lodge members have donated a large kitchen sink for the occasion. Co-chairmen of the celebration are Mrs. Howard Upcraft and Mrs. William Grady. Mrs. Kenneth Keener is neighborhood chairman.

A display in the Waller Lake D. and C. Store presents items such as hot pads and trays, on which the girls currently are working. Also on display are a miniature paper mache camp, illustrating how cookie profits are used; tulips and shrubs, representing planting done by Scouts at area doctors' clinic and schools; and stuffed dolls, to be given to Pontiac State Hospital for the council's service project.

Clarkston's troop has decorated the window of Bob's Hardware Store with scrapbooks and toys for Pontiac State Hospital. Samples of handmade Christmas presents and camp crafts and badge work projects also are on view. Similar displays of current troop projects are arranged in the windows of Porter's Drug Store and Newcomb's Department Store, Milford.

Over 100 Orionville Scouts will gather at the Motor Hotel for a celebration complete with birthday cake.

At Dublin School, 7:30 this evening, the six Browline and scout troops of the school will entertain parents with a birthday program.

'Rhinos' Starts Wednesday at Vanguard

Eugene Ionesco's "Rhinos" will be presented at the Vanguard Playhouse, Detroit, Wednesday evening.

This widely acclaimed comedy comes to area audiences for the first time. Managing director, Dr. William A. Gregory, acquired exclusive rights for its performance at the Vanguard. The show runs for two years on Broadway and in Paris, London and Germany.

"Rhinos" concerns conformity in a sleepy provincial town, which is awakened one morning by a full grown rhino roaring down its main street. The inhabitants, noted for their conformity, eventually decide that life is easier as a rhinoceros than as a human, and one by one change into the horned beasts.

"Rhinos" runs through April 14 and performances are nightly at 8:30 except Sunday, when the curtain rises at 7:30 p.m. There are no performances on Monday.

Appoints Group to Committees

Esther Court No. 12, Order of the Amaranth, met at the Roosevelt Temple Friday evening. Committees were appointed for the year by Mrs. John Bulch, royal matron, who presided over the meeting.

Appointees and their committees include: Mrs. Allan Schmidt, dining room; Mrs. Ernest Pearson, banquets; Mrs. Jennie Ridley, telephone calling; Mrs. Albert Kugler, sunshine; Mrs. Gretta Scott, visitation of sick; Clyde Townsend, audit; William Phabert, finance; and Mrs. Balch, relief.

Other committee heads are: Pierre Shaver, grievance and jurisprudence; Mrs. Edward Moden, entertainment; Mrs. Laura Wait, dues; Mrs. Earl Roll, ways and means; and Catherine McIndie, decorations.

Presbyterian Groups Meet, Plan Benefit

The July-August Group met at the home of Mrs. Leslie Tripp of Illinois Avenue for luncheon. Assistant Mrs. Tripp were Mrs. Ted Koella, Mrs. Carroll Ommen and Mrs. Earl Bartlett.

Mrs. C. L. Mulkey led the Bible study discussion and Mrs. Louis B. West read a paper entitled, "Value of Our Laymen."

Plans were also made for the association luncheon March 27. Mrs. D. B. Eames of Cherokee Road will be hostess at the next meeting.

Flora Shelly Group met at the church for dinner and discussed plans for a benefit sale and the association dinner meeting later in April. Dinner chairman was Mrs. Joyce Jones assisted by Mrs. Preston Parks, Mrs. Hazel Hubbard and Mrs. Oliver Lord.

Mrs. Allan Monroes gave the Bible study and devotion were led by Mrs. Mildred Hill.

Yonker Group met Thursday at the home of Mrs. Enni Brunette and welcomed new member Mrs. Melvin Washburn. Mrs. James Graybill led the Bible study.

Assisting the hostess was Mrs. Dorothy Turner and Mrs. Sally Johnson was guest.

Mrs. Wallace Brown will entertain the group at her Tilden Avenue home March 27.

Mrs. H. D. Glenn of Franklin Boulevard opened her home for the September-October Group luncheon meeting. Bible study was conducted by Mrs. E. M. Malone.

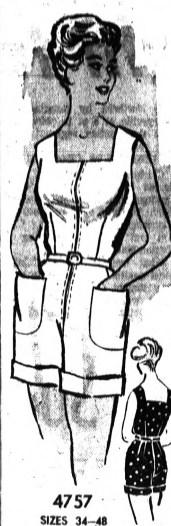

Mrs. Duane Lemaux opened her Shore Drive home for a meeting of the April-May group of First Presbyterian Church.

Mrs. Floyd Mortenson gave the invocation preceding the luncheon. The Friday program included a Bible study on "God Shows His Love for Us," conducted by Mrs. Quentin Sweet, and a missionary study on "God's African People," by Mrs. Kenneth Carman.

Chairman Mrs. Lyndon Salathiel presented suggestions for discussion as to future projects, followed by the group's plans to participate in a benefit sale April 6 and 7, and a birthday luncheon in May.

Make-up Must

INCEA—For daytime make-up have your dressing table backed up against a window and sit facing it. If you prefer, you can prop up a mirror on the window sill. The important thing is to have the light shining on your face while you work.

4577
SIZES 34-48
by Anne Adams

Fit plus flattery in a play suit designed for larger figures. Built-up bodice hides hips, cuffed boy shorts gives a trim leg line.

Printed Pattern 4757: Women's sizes 34, 36, 38, 40, 42, 44, 46, 48. Sizes 36 takes 2 1/2 yards 4 1/2-inch.

Catalog—ready now! More than 100 sparkling style—sun, sport, day, dance, work, travel. All sizes! Send 35 cents.

Announce Nurses to Gather Tonight

Oakland County District Nurses' Association March meeting will be held this evening instead of March 20 as previously announced. A coffee hour at 7:30 p.m. precedes the meeting at the Nurses' Home at St. Joseph Mercy Hospital.

Subject of the meeting is "The Community and the Needs of the Aging." Panel moderator is George Brock, director of community development, from Detroit. Other panel members are Mrs. Mary Gaudin, planning consultant for the aging, community services of Detroit, and Freda Gorech, member of the Junior League committee on activities for the aged.

Club Installs Officers, Gives Roses

The Business Institute Women's Club installed officers during Saturday's meeting at the Pontiac Business Institute. Serving with Grace Tripp, president, are Mrs. Don Baugh, vice president; Mary Parker, recording secretary; Betty Whitson, corresponding secretary; Mrs. Sol Lamerson, treasurer; and Mrs. Charles Garman, historian.

Mrs. C. E. VanTreese Jr. conducted the ceremony and presented yellow roses, the club flower, to retiring and newly installed officers.

Mary Parker and Grace Tripp were hostesses for members and club guests Susan Schultz, Judi Annerson, Delores Garlich, Carolyn Pash, Randy Borgman, Stella Darnall and Lela Shields. A question and answer period followed, conducted by Mary Parker, as several of the guests are graduating shortly from Pontiac Business Institute.

Mrs. S. E. Minard presided at the tea table which was decorated in the St. Patrick's Day motif.

Mrs. Morgan to Fill 2nd Term as President

Mrs. Clark Morgan has been elected president for a second term of Chapter CI, PEO Sisterhood.

At the Monday meeting in the home of Mrs. Harry Chapman, Maybe Road, the following officers also were elected: Mrs. Chapman, vice president; Edna Sutter, recording secretary; Mrs. Kenneth Smalley, corresponding secretary; Mrs. Martin Wager, treasurer; Mrs. George Putman, chaplain; and Mrs. Victor Lindquist, guard.

Delegates and alternates to the state convention in Ann Arbor April 12-14 are Mrs. Morgan, Mrs. L. G. Rowley, Mrs. Chapman and Mrs. Wager.

Mrs. Rowley was assistant hostess for the meeting.

Women Work Hard Behind Calm Front

By RUTH MILLETT
Newspaper Enterprise Assn.

A woman never works as hard as when she is pretending she isn't working hard at all — as when:

She works like crazy for two days before a party in order to impress her guests with how effortlessly she entertains.

She is doing her best to lead a wily bachelor to the altar and can't afford to be obvious in her pursuit.

She is making a determined effort to get in with the "right" crowd and doesn't want anyone to notice that her social climbing is showing.

She is fighting the battle of the bulge, graying hair, fine lines in the face — and so on.

She has her eye on the presidency of an organization but has to do a lot of lesser jobs first in order to work up into position.

She has assumed the job of press agent for her husband and children and is constantly building their public image.

She is trying to put across the "I couldn't care less" attitude about something that is actually of utmost importance to her.

She is busy engaged in trying to keep up with the Joneses on a lot less money than the Joneses have.

She is trying to give the impression of being a charming scatter-brain when actually she has a mind that calculates as fast as an electronic computer.

She is trying to sell her husband an idea so subtly that he will never realize it wasn't his idea in the first place.

Men — read Ruth Millett's booklet, "Happier Wives, Thinner Forts (Husbands)." Just send 25 cents to Ruth Millett Reader Service, care of The Pontiac Press.

Churchwomen's Unit Sews Cancer Pads

Colonial Group of the First Congregational Church met at the West Ingham Road home of Mrs. Everett Peterson Friday.

Twenty-six members worked on cancer pads following the luncheon. Committee chairman, Mrs. Edward R. Bigler, was assisted by Mrs. Max Sutton, Mrs. George Sutton and Mrs. Joseph Jewell.

Mrs. William Knudsen read the devotion.

At the Monday meeting in the home of Mrs. Harry Chapman, Maybe Road, the following officers also were elected: Mrs. Chapman, vice president; Edna Sutter, recording secretary; Mrs. Kenneth Smalley, corresponding secretary; Mrs. Martin Wager, treasurer; Mrs. George Putman, chaplain; and Mrs. Victor Lindquist, guard.

Delegates and alternates to the state convention in Ann Arbor April 12-14 are Mrs. Morgan, Mrs. L. G. Rowley, Mrs. Chapman and Mrs. Wager.

Mrs. Rowley was assistant hostess for the meeting.

Bringing Up Baby

HINTS COLLECTED BY MRS. DAN GERBER, MOTHER OF 5

Toddlers are by nature inquisitive and acquisitive. (Ever know one who didn't want everything he could lay his hands on?) And somehow, your favorite "what-nots" are always most desirable. A few helps to satisfy baby's curiosity — spare your breakables and your patience.

Let baby have safe things to inspect. Pots 'n pans have great play and put-together value.

It's wise to remove non-touchables before baby sees them. He surprised how this cuts down "no-no's."

Thumbs down. You can cut down excessive thumb-sucking if you: (1) provide toys and play 2-way games that require the use of both hands, (2) distract your toddler with a finger-food snack.

New, nutritious snack or main course: Gerber Meat Sticks... the fine-and-dandy finger food for toddlers. These delicious tiny wienies are made from selected

Amour Pork and Beef, plus non-fat dry milk. The happy result? Flavor galore... body-building protein to spare. Heat slightly or serve at room temperature. P.S. Gerber Meat Sticks make wonderful sandwich fillings for older children.

Shoe cue. Toddlers dearly love to do things with their hands. Why not give your pet a pair of outgrown shoes to play with? He'll have fun trying to lace 'em, acquire dexterity to boot.

Table talk for tots with more "grown-up" tastes. Gerber Junior Foods are seasoned with a just-right touch for developing taste buds. Straight food flavors sing! Combination foods, like the dinners or high meat dinners, are wonderful! These delicious tiny wienies are made from selected

Lead Changes, Elks Win State

One lead changed hands and there were two new 2nd place occupants today after the 2nd round of the Greater Detroit Bowling Association team tournament at Huron Bowl over the past weekend.

The Elks State tournament came to a close at Lansing, with two titles going to Pontiac legions and a 3rd to a Farmington team.

Northeast Inter-Parish No. 2 of Roseville, an 831 average team, went ahead in Class C of the GDBA with 5,006 including 2,994 actual. Morris Bessing, Detroit, three shots with 614. Charles Funk had a 358 in 612. Ernie's Gulf of Center Line gained 2nd with 2,747.

Pontiac's Phelps TV Service took over 2nd in "B" with 3,018, capturing a 998 game. Doug Smith led the way with 511.

Howard Fields and Joe Serrell are the Michigan Elks kings. Fields won all events actual with 616-622-1,339. Serrell was 1st in singles actual with 683 and 2nd to Bob Tucker of Farmington in handicap 769-732.

Hazleton Lettering of Pontiac wound up 3rd in team play after taking the lead into the last weekend at 3,086. Dicken Transfer of Kalamazoo rolled 3,209 with a big handicap and Flat Rock had 3,115. Muskegon duo were 1-2 in doubles.

Hulking Bilko Pulls Shocker, Steals Base

PAIRM SPRINGS, Calif. (AP)—The Los Angeles Angels were practically recovered today from the shock of watching 260-pound Steve Bilko steal a base.

The big first baseman was laughing as he led as the rest of the squad in the dressing room after the Angels beat Boston 7-3 Monday.

"The skipper says he wants a running team so I decided that if I was going to make the club I'd better get going," said Steve, who pilfered second base at the expense of veteran Red Sox pitcher Mike Fournier. Mike just didn't expect the big fellow to go and didn't pay too much attention to him on first.

Bilko got the first stolen base of his 5-year major league career last season.

Car, Driver Go on Wild, Costly Ride

LUBBOCK, Tex. (UPI) — Mrs. Lela Lewis lost control of her car Monday, with these consequences:

—The car jumped a curb and careened across two front lawns.

—It crunched through a garage, hit a 1952 model automobile and pushed it out the other end.

—Both cars went through an other yard, sidestepped a house and knocked an air conditioner out of a window.

—The two cars then hit the rear of another house, and stopped.

Damage was estimated at \$14,000. Mrs. Lewis was hospitalized with hand and leg injuries.

Also Pushes Integration

Swainson Appeals for Building Code

LANSING (AP) — Gov. George W. Swainson has issued fresh appeals for legislative action on bills to extend the laws covering discrimination and establish a state construction safety code.

Swainson used his Monday afternoon news conference as a sounding board.

He praised a Citizens Study Committee in Detroit for their recommendations for equal educational opportunities; Swainson said he hoped the legislature would take note of this study.

The governor, in particular, urged passage of a bill, introduced by Sen. Basil W. Brown,

Detroit, which would convert the present Fair Employment Practices Commission to a civil rights commission and extend its powers to cover discrimination in education.

Action also is needed, the governor said, on other bills covering discrimination in housing and recreational facilities.

A contractor and several union members appeared at the news conference to back the governor in his plea for a state construction safety code.

BAD INSTALLATION

Frank R. Townsley, Farmington contractor, said one of his workmen was injured recently because anchor bolts intended to hold steel framework were improperly installed at a construction project at Waterford.

The bolts, installed by a contractor from New York, pulled out and the framing slipped, crushing the workman's foot, Townsley said.

A safety code and a proper inspection of the job could have prevented the accident, the contractor said.

"All we want is a halfway decent shake—a chance to get the bills for a state construction safety code out of committee," said Stan Arnold, secretary-treasurer of the

Michigan State Building and Construction Trades Council. Arnold said construction accidents are causing too large a share of Michigan's accident total.

Chinese Defector Given 1,000 Ounces of Gold

TAIPEI, Formosa (AP) — The second lieutenant in the Chinese Communist air force who defected 10 days ago with his MIG-15 jet fighter became a first lieutenant in the Chinese Nationalist air force today and a millionaire in Formosa dollars.

For delivering the plane, Liu Cheng-zue was awarded 1,000 ounces of gold, worth 1.4 million Formosa dollars or \$5,000 in U.S. currency.

The insignia of his new rank was pinned on him at a ceremony attended by more than 400 air force officers. Gen. Chen Chai-shang, the air force commander in chief, officiated.

Liu also received a Kang Cheng (guardian) Medal and citation.

Query Witnesses on Diverted Lake

Hearings on Waterway Resumed as Critics Debate Chicago Use

CHICAGO (AP) — Two witnesses opposed to Chicago's diversion of Lake Michigan water were cross-examined Monday as hearings on lake diversion resumed.

Capt. Joseph V. Cook, director of the port of Munksgaard, Mich., reversed his previous testimony and said he thought a 1-inch reduction of water would not be critical to ship using the port. In early hearings, Cook had said such a draw-off would impair navigation.

John E. Vogt, chief engineer of the Michigan Department of Health, told the hearing the bacteria count in the water supply of St. Joseph and Benton Harbor was higher than normal because of silt accumulation and bottom deposits in storage tanks, rather than because of impure lake water. Vogt said St. Joseph and Benton Harbor return treated effluent to the lake.

The hearings, which began in 1950, are the result of a petition filed in U.S. Supreme Court by six Great Lakes states seeking to force Chicago to return treated sewage to the lake as replacement for part of the water it diverts for domestic and industrial use. The sewage now is treated and flushed down the Illinois waterway.

The petition also asks to reduce the amount of water diverted from 1,500 to 800 cubic feet per second. Chicago contends that reduction of its water diversion would seriously affect its water supply.

Chantuse Recovering

PARIS (AP) — Singer Edith Piaf is recovering in a hospital after a bout with bronchial pneumonia, her manager said Monday night. Last year she was hospitalized and critically ill with a kidney infection.

Astrological Forecast

By SIDNEY OMARE

"The tide man controls his destiny."

ARIES (Mar. 21 to Apr. 19): If you keep the atmosphere friendly, Debates, discussion, arguments offer you a lot of fun. Be willing to offer, compromise.

Taurus (Apr. 20 to May 20): The saying, "man does not live by bread alone" is to place too much emphasis on material goods. If you avoid this trap, you gain in long run.

Gemini (May 21 to June 21): All art of glamour could accomplish wonders. Even so things emphasize the unique present everyday material in new packages. Mystery is very good. Keep some things to yourself. You'll be more respected.

Cancer (June 22 to July 21): Cycle up. Take advantage of a through crisis. Tendency is to place too much emphasis on material goods. If you avoid this trap, you gain in long run.

Leo (July 22 to Aug. 21): The romantic side of your nature could do the trick. Don't let the idea of sex affect your life. Life with an affection life, is no life at all.

Virgo (Aug. 22 to Sept. 21): Chance to accept challenges, to make changes in life. Don't let the idea of sex affect your life. Life with an affection life, is no life at all.

Libra (Sept. 22 to Oct. 21): Don't continue inferiority or business ambitions with family life. Don't take leadership from office your home. Otherwise, you ask for trouble.

Scorpio (Oct. 22 to Nov. 21): Pay attention to your home. Don't let the idea of sex affect your life. Life with an affection life, is no life at all.

Sagittarius (Nov. 22 to Dec. 21): Pay attention to your home. Don't let the idea of sex affect your life. Life with an affection life, is no life at all.

Capricorn (Dec. 22 to Jan. 21): Pay attention to your home. Don't let the idea of sex affect your life. Life with an affection life, is no life at all.

Aquarius (Jan. 22 to Feb. 21): Pay attention to your home. Don't let the idea of sex affect your life. Life with an affection life, is no life at all.

Pisces (Feb. 22 to Mar. 21): Pay attention to your home. Don't let the idea of sex affect your life. Life with an affection life, is no life at all.

FDA Challenges Ad Claims of Peanut Firms

WASHINGTON (UPI) — The Food and Drug Administration (FDA) has challenged the advertising claims of two roast peanut firms, partially because of the habits of peanut eaters.

The FDA announced Monday it had initiated action against Planters dry roasted peanuts in Chicago and Franklin dry roasted peanuts in Minneapolis because labels of both brands "falsely suggest that the nuts have fewer calories than other roasted peanuts and are of unusual value in reducing."

"It is particularly misleading," the FDA said, "to suggest that peanuts are a low calorie food in view of the tendency of many peanut eaters to munch them until they are gone."

Last Show on Cranbrook to Spotlight Schools

The third and final show on the Cranbrook Institutions, Bloomfield Hills, will be seen on WXYZ-TV (7) 7 p.m. March 19 on "Expedition Detroit." The show had originally been set for viewing Feb. 26.

Cranbrook School and Kingswood School Cranbrook, grade preparatory schools for boys and girls, respectively, grades seven through 12, Brookside School Cranbrook, the elementary school with junior and senior kindergartens, and Christ Church Cranbrook will be covered in this presentation.

OUR ANCESTORS

By Quincey

"Mind if I call you Hiawatha instead? 'Heep Big Brave in Search of Squaw' is an awful long name to fit in a poem!"

BOARDING HOUSE

REMEMBER ME, HOOPLE? BASIL BOOTHBY OF LONDON! REMEMBER WHEN WE MET IN HYDE PARK THE SUMMER YOU WERE OVER IN '33? YOU TOLD ME TO LOOK YOU UP IF I EVER CAME TO THE STATES! — WELL, SIR, I WON 600 POUNDS IN THE IRISH SWEETSTAKE LOTTERY, SO HERE I AM! SOLLIE, WHAT?

BASIL BOOTHBY, EGAD! WELCOME TO HOOPLE MANOR! BY JOVE, THE HOUSE IS YOURS! COME, I WANT YOU TO MEET THE DUCHESS! OH, MARTHA!

AN OVER-SEAS VISITOR

OUT OUR WAY

BOY: YOU'RE ALWAYS BAWLIN' ME OUT FER LEAVIN' STUFF AROUND! NOW ABOUT THAT STUFF YOU LEFT THERE? YOUR FORGETFULNESS IS JUST AS BAD AS MINE!

NO—WORSE! I FORGOT TO LEAVE A NOTE EXPLAININ' WHY THEY'RE THERE FOR!

THE WORRY WART

HELLO? (HI GUESS WHO THIS IS?)

LOOK, I'M A BUSY MAN, WHO DID YOU WISH TO SPEAK TO?

TO THE SWEETEST, CUTEST, SHARPEST, HANDSOMEST, CHANDROVIST!

MOST ADORABLE MAN IN THE WHOLE WIDE WORLD!

DRIFT MARLO

BY Dr. L. M. Levitt, Tom Cooke and Phil Evans

YOU'VE GOT TO DON'T SEEM TO HAVE MORE THAN MY SHADE OF ACCIDENTS. DRIFT! THAT'S WHY SHE RAGES ME!

LISTEN, IT WAS NO ACCIDENT WHEN YOU MISSED ASTRONAUTIC TESTS WITH YOUR CAR. DON'T LET HER GIVE YOU A COMPLEX!

I GUESS SHE MEANS WELL, BUT—

HEY, WHO'S YOUR GIRL, WHO'S BEEN VISITING HER?

ADAM AMES

FELLER'S BEEN LURKIN' BEHIND THESE TREES. BETTER PART OF THE EVENING.

PROBABLY WAITING FOR SOMEBODY. MISS OMAR NOT HAVING DINNER?

EATING WITH SUSIE. CHILD INSISTS ON IT, AND IF YOU ASK MY OPINION, GIVING IN'S THE BEST WAY OF SPENDING 'EM!

GOODNIGHT, SUSIE. GOOD NIGHT, MISS OMAR.

GOOD NIGHT, MR. AMES.

WELL, DADDY.

ALLEY OOP

REGARDLESS OF WHAT THEY SAY, I STILL THINK A MAN'S CAMP IS NO PLACE FOR A GIRL. LIKE OOOO!

ESPECIALLY ONE LIKE VIRGINIA CITY, MONTANA!

YEH, WITH A POPULATION LIKE THE PLUMMER GANG!

WE'LL DON'T WORRY ABOUT THEM.

I CAN TAKE CARE OF THAT WITH A FEW MINOR ADJUSTMENTS RIGHT HERE!

ALL RIGHT, ALLEY, BY THE TIME YOU GET EUSTACE IN HERE WE'LL BE READY FOR TAKE OFF!

CAPTAIN EASY

SOON HELP SHOULD REACH ME, THEN WE MAKE HIM TELL WHERE HE HAD THAT MICROFILM...

DR. EVERETT, YOU OKAY?

OH, MY HEAD! WHAT HAPPENED?

NEVER WILL I FORGIF MYSELF FOR TRIPPING AND MAKING YOU FALL!

ACCIDENTS WILL HAPPEN, ANYWAY. NO BONES ARE BROKEN!

WHILE IN AN ISOLATED CAMPUS VILLAGE.

By Leslie Turner

ST. SPOON, THE WAGGERS GO THRU SUNDAY, DUNNO IF THEY GET OVER THE PASS EAST OF HURD!

THE BERRYS

YEAH, DID YOU THINK I WAS?

DOWN IN THE BASEMENT?

WHAT SHOULD BE DOING?

I DON'T KNOW. I'M SURPRISED TO SEE YOU DOWN THERE!

DO YOU WANT ME TO DO SOME THINGS DOWN THERE?

NO, WHATEVER GAVE YOU THAT IDEA?

NANCY

YOUR DAD SURE HAS A BIG WEAPON COLLECTION

MY MOTHER HAS QUITE A COLLECTION, TOO

SHE USED TO BE A SCHOOL TEACHER

MORTY MEEKLE

YEOW!

SPOTLESS M-FARTLAND! WHAT ARE YOU DOING RUNNING AROUND WITHOUT ANY CLOTHES ON?

IT'D JUST GOT INTO MY NICE HOT TUB WITH MY MAGAZINES, AND SETTLED DOWN TO DO A BIT OF READING, WHEN THE VERY FIRST THING I READ...

WAS AN ARTICLE TELLING HOW MANY DIFFERENT KINDS OF BACTERIA THERE ARE IN A TUB OF WATER!

GRANDMA

MR. OTIS, ON YOUR DELIVERY ROUTE.

...WILL YOU PLEASE STOP AND ASK BILLY'S MOM TO GIVE ME A LIFT TO THE CLUB MEETING TOMORROW.

I HAVE NO MEANS OF TRANSPORTATION, NOW...

SINCE ONE OF THE BOYS BOKE A WHEEL OFF MY SCOOTER LAST WEEK!

DONALD DUCK

HELLO? (HI GUESS WHO THIS IS?)

LOOK, I'M A BUSY MAN, WHO DID YOU WISH TO SPEAK TO?

Auto Makers Spend Millions; Smog Wins on Car Level

Orders Reported by Geneva

Market Zigzags Over Defense

NEW YORK (AP)—The stock market continued to pursue an irregular course early this afternoon with a scattering of selected issues strong. Trading was moderate overall.

Gains by a few of the pivotal stocks and a slighter higher among the utilities, nonferrous metals and oil enabled the average to post a gain.

The government projection of an increase in business outlays were down, paralleling the action

of a new plant and equipment to record level this year brought some encouragement to Wall Street. But the Geneva dispatch conference was mildly depressing to aerospace stocks and other defense-related issues.

Stocks were unchanged to a shade lower despite the recovery in steel industry operations. Most tobacco shares on the London

Stock Exchange as a result of the British government campaign to educate the public on the possible dangers of smoking cigarettes.

The tobacco showed little reaction to the British news at the start but later moderate losses were taken by Reynolds, Liggett & Myers and American Tobacco.

An exception was Lorillard, up more than 2 points, due apparently to a brokerage house recommendation.

Prices were mostly higher on the American Stock Exchange. Trading was moderate—Mead Johnson picked up a couple of points. Up more than a point were Insurance Co. of North America, Simca, R. C. Williams and Sepam Chemical. Wood Newspaper Machinery gained another point.

Other gainers were H. I. Klon, United Asbestos, Klein Development Stores and General Development. Among losers were Canam International, Seaman Brothers and National Rubber Machinery which fell more than a point.

Ford Discloses Europe Profits

17 Pct. Made Abroad; 28.5 of Sales Dollars Also Overseas

DETROIT (UP)—Ford Motor Co. says that 17 per cent of its 1961 profits of \$499.5 million came from operations abroad.

In a report mailed to stockholders in advance of the company's annual meeting May 24, Ford also disclosed that 28.5 per cent of its \$6.71 billion in sales last year were in overseas operations.

The 1961 profits were down from \$475.7 million the year before, and sales were off from \$6.79 billion.

The report said Ford's share of the total domestic car-truck market climbed two percentage points to 30.3 in 1961, but that on the whole its car sales were down 2.4 per cent.

However, pointed out that the new car sales in the industry declined an average of 10.6 per cent last year.

It added that Ford's fourth-quarter car sales were the highest for any final quarter since 1955.

Ford said its average number of employees worldwide dropped 4,000 to 322,000 during 1961 and total payrolls were down \$3.5 million to \$1.85 billion.

Committee OKs Plan for Court

Con-Con Unit Votes to Compromise on One of Knottish Problems

LANSING (UP)—A nine-man State Supreme Court elected on a statewide nonpartisan basis in 1960, approved tentatively today in a compromise solution to one of the knottish problems tackled by the constitutional convention.

By an 82-46 committee-of-the-whole vote, delegates approved a plan by which the high court would be expanded from its present eight members, without replacing one of its members.

The plan, which would increase the number of justices to 12, was approved by a vote of 82-46.

Adoption of the plan came after the convention rejected Monday night for the second time a proposal setting up the election of justices by districts.

The committee of the whole voted 64-62 to reject the district plan which had been defeated 68-38 in an earlier test vote.

C. R. Smith, president, told shareholders that American's earnings continue to do better than the industry average, but are insufficient to pay a dividend on investment.

The domestic trunklines had earnings of \$60 million in 1960, after broken even in 1959, and in 1961 lost about \$25 million, he said.

Grain Futures Market Shows Firmness

CHICAGO (UP)—The grain futures market showed a tinge of firmness although transactions were slow in early dealings today on the Board of Trade.

Dealers said the activity included only a small commercial volume, but that speculators apparently did slightly more buying than selling during the first several minutes. Trade considerations were guided generally by old factors.

There was some short covering in spots, especially where weakness of the previous session was apparent in early dealings.

Dealers said the activity included only a small commercial volume, but that speculators apparently did slightly more buying than selling during the first several minutes. Trade considerations were guided generally by old factors.

Jane Hart Stumps for Gal Astronauts

WASHINGTON (AP)—Sen. Philip A. Hart's blonde wife—mother of eight—is asking Vice President Lyndon B. Johnson to help break up the "men only" exclusiveness of the Americans in space program.

She would like to be the first woman in space herself.

The wife of the Michigan Democrat wants the United States to launch a woman-in-space program.

So far, she says, she has gotten the cold shoulder from the National Aeronautics and Space Administration.

A program for female astronauts "could be gotten off the ground very quickly if we could just convince men it would not destroy their virility," she said.

If she can't be the first woman in space, she is determined that an American woman will be — and not a Russian cosmonaut.

To further her campaign, Mrs. Hart—the former Jane Briggs, daughter of a Detroit millionaire—has an appointment Thursday with Johnson in his role as chairman of the National Aeronautics and Space Council.

She hopes Johnson will be able to swing a little weight with James E. Webb, NASA head. Up to this point, she told a reporter, Webb has treated her proposal with reluctance.

How has her husband reacted to the idea?

"I've never asked him," she said.

Hart, pressed on the matter, responded: "I've always

Recovery Chance Seen for 4 Babies

BINGHAMTON, N.Y. (U)—This stricken city of 75,000 took hope today that four babies critically ill after being fed a salt-laden formula at Binghamton General Hospital would not be added to the death toll of seven.

Prayerful parents had the word of the hospital's chief pediatrician that the four had a chance. Six other babies

Balloting Heavy in Six Localities

Liquor by Glass Okayed in Clarkson but Killed at Milford by 2 Votes

Balloting was heavy in six of 14 area communities yesterday where issues were at stake or there were hotly contested races for public office in the annual spring elections.

A city incorporation proposal lost in Nov.

Sale of liquor by the glass was favored by a 5 to 1 margin in Clarkson paving the way for construction of a \$500,000 Schuler's restaurant there.

A sale of liquor by the glass proposition in Milford was rejected by just two votes and a bond proposal to finance construction of a storm sewer there also went down to defeat by only one vote.

A record number of voters turned out in Lake Orion where Village party challengers won 2 two-year council posts, unseating Citizens' party incumbents.

Two incumbents also failed in their bids for re-election to the Rochester Council while a former village attorney won one of the four vacant seats.

A large number of voters, over three times more than a year ago, cast ballots in Almont. (Additional details on Page 16.)

MEET BASIL BOOTHBY

Newest guest at OUR BOARDING HOUSE is Basil Boothby, as British as a London fog. Having won a tidy sum in the Irish Sweepstakes, Basil is touring the United States and he decides to visit his old friend Major Hoople, whom he met in London in 1931. The Major is impressed with Basil's bank roll and tries to smooth-talk him into investing in a gold mine venture. But Basil is a careful man with a buck, and you'll get many a chuckle as he keeps the doctored Major at bay. Turn now to OUR BOARDING HOUSE on the comics page.

JFK Submits Aid Program

Cuba Must Bear Sharp Cutbacks in Food, Staples

Castro Admits Shame at Not Fulfilling Vows; Blames U.S. Embargo

HAVANA (U)—Prime Minister Fidel Castro, admitting his 3-year-old revolution faces serious problems, announced drastic rationing of food and other staples Monday night and declared: "We are ashamed of not fulfilling the promises made."

Castro blamed the current hardships on counter-revolutionary elements and "the brutal economic blockade" — the U.S. embargo President Kennedy ordered last month on shipments to Cuba of nearly all American goods except medical supplies.

The bearded prime minister also admitted that his regime had made serious blunders in planning "because we made subjective analyses."

"The most serious problem of the revolution is that of supplies," he told the Cuban people in a radio-television speech.

Castro was unsmiling and his tone was often bitter as he reiterated on his promise last July that food rationing in Cuba would end toward the middle of the year.

He said nationwide rationing of rice and all types of beans — basic items in the Cuban diet — and of lard and cooking oil will begin next Monday.

Every Cuban will be limited to six pounds of rice and 1½ pounds of each type of beans a month. (Continued on Page 2, Col. 8)

Weather to Snow — or Not to Snow — That's a Question!

The weatherman waved his wand during the night, changing the Pontiac area to a winter wonderland, but pre-spring temperatures turned the snowy white blanket to mush today.

Morning snow was expected to change to rain late this afternoon. Tonight will be cloudy with a low of 30 degrees.

Partly cloudy and a high of 38 was the forecast for Wednesday. Light snow with little temperature change is Thursday's outlook.

Thirty-two was the lowest recording in downtown Pontiac preceding 8 a.m. The mercury had climbed to 36 at 1 p.m.

Continue Search for Abductors

Police Looking for Car They Believe Gunmen Used in Escape

A statewide search continued today for two masked gunmen who escaped yesterday after holding a Montgomery Ward Department Store manager and his family hostages in an attempt to rob the store in the Pontiac Mall Shopping Center.

A major object of the search is a car which police believe the bandits used for their getaway from the area of Elizabeth Lake and Telegraph roads in Waterford Township.

An all-points bulletin was sent out yesterday after the car was reported stolen from the Chicken Delight Restaurant, 1903 W. Huron St., Waterford Township. The restaurant is only three blocks from where police dogs had traced the bandits yesterday morning.

The dogs and about 60 policemen took part in a massive manhunt for the gunmen who held captive the store manager, L. M. (Red) Gillain, his wife Blanche and their 15-year-old son Donald.

The family was held for nearly nine hours, most of the time in their terrace apartment at 140 E. Hickory Grove, Bloomfield Hills. They were not harmed.

The bandits escaped about 5:15 a.m. yesterday, the worst behind the department store. Gillain, his wife and son were prisoners until that time at home and behind the store. The gunmen broke into their Bloomfield Hills apartment at 8:30 p.m. Sunday.

Shake Between Debates

LUNCHEON WAS GOOD — U.S. Secretary of State Dean Rusk (right) says goodbye to Soviet Foreign Minister Andrei Gromyko after a good luncheon at the Soviet delegation's villa Monday in Geneva. Between the two men is the U.S. ambassador to Russia, Llewellyn Thompson. Man at the left is unidentified.

Rusk and Gromyko met again today on conflicting East-West positions on Berlin, nuclear testing and disarmament in advance of the opening Wednesday of the 17-nation disarmament conference.

But Situation Gloomy

JFK Open-Minded for Geneva

This account of Kennedy's position came as a high Western source at Geneva reported the United States is prepared to take action on whatever disarmament measures can be agreed upon as soon as such agreement is reached.

This account of Kennedy's position came as a high Western source at Geneva reported the United States is prepared to take action on whatever disarmament measures can be agreed upon as soon as such agreement is reached.

'Every Dollar of \$4.88 Billion Vitrally Needed'

Bulk of Foreign Help Would Be Economic Assistance

WASHINGTON (U)—President Kennedy formally submitted a \$4,878,500,000 foreign aid program to Congress today.

He insisted every dollar is needed vitally to combat threats of communism, chaos and tyranny in other lands.

Kennedy drew a line against cutting the appropriation in a special message to Capitol Hill.

Members of Congress "always are inclined to cut the vast program — and show little inclination to break the habit this time."

Some of the appropriations require authorizing legislation. Hearings get under way Wednesday before the House Foreign Affairs Committee.

Except for fresh words of persuasion, the presidential message generally follows in all essentials reviews of the aid program for the 1963 fiscal year already presented in Kennedy's budget and State of the Union message.

The President proposed \$3,375,000,000 of appropriations for economic help and \$1.5 billion for military assistance, to make up the \$4,878,500,000 total.

Last year he asked for a total of \$4,800,000,000 and got only \$3,914,500,000 — a reduction of \$885,500,000. Congress provided \$2,215,000,000 for economic and \$1.5 billion for military aid.

Expenditures, which always trail behind appropriations, would go up from an expected \$1,935,000,000 to \$2,255,000,000 for economic assistance for the 1962 and 1963 fiscal years. Those for military aid would remain unchanged at \$1.4 billion for each year.

Kennedy said his recommendations are based on careful study of the mounting needs of the world. The amounts in every category, he said, are essential to achieving the goal of strengthening developing countries to meet the threat of communism and to "repel Communist efforts to exploit such stress."

Containing that slashes by Congress would be hazardous, the chief executive said: "We should worry by now that where weakness and dependence are transformed into strength and self-reliance, we can expect only chaos, and then tyranny, to follow."

WORD FOR CRITICS

Apparently attempting to undercut complaints on Capitol Hill that reorganization of the aid program has failed to produce the desired efficiency and streamlining, Kennedy said the reorganizing is only four months old and it would be "premature to make any claims of dramatic results."

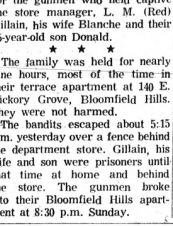

"Yet these few months," he said, "have shown significant movement in new directions. The 'turn-around' has begun."

He said recipient countries are devising development plans and (Continued on Page 2, Col. 1)

BULLETIN

Two men were held this morning by Pontiac Police for investigation in the \$12,000 robbery of two Pontiac grocery stores Feb. 25. One of the suspects, Charles R. Thomas, 26, of 1364 St. Johns St., Flint, was positively identified as one of the holdup men by store owner Joseph O. Gagne, of Shelby Township.

'Walton River' Forded

TRUCKS MADE IT — Some cars had trouble swooshing through 2 and 3 feet of flood waters on East Walton Boulevard near Joslyn yesterday in Pontiac Township. This scene was repeated throughout the county as workmen, residents and motorists helped clear drains to handle the fast-melting snow.

JFK's Mother Is Operated On

Surgery for Relief of Pelvic Hernia Is Called Successful

BOSTON (U)—Mrs. Joseph P. Kennedy, 71, mother of the President, today underwent a successful operation for relief of a pelvic hernia.

At the conclusion, her doctor said her condition was "excellent."

Mrs. Kennedy was on the operating table at St. Elizabeth's Hospital for an hour and five minutes.

Immediately after the operation, the surgeon, Dr. Roy J. Heffernan, issued this statement:

"At 8 a.m. Mrs. Joseph P. Kennedy underwent an operation for the relief of a hernia that has troubled her for several months. The operation proceeded satisfactorily. At the conclusion her condition was excellent. She will remain in the hospital for probably eight or nine days and will then return to Florida to continue her convalescence."

The doctor, who said the President had telephoned him Monday night about his mother's condition, said the prognosis for her recovery is now good.

He added that the operation had verified the conclusion he had reached prior to surgery, that there was no malignancy.

Dr. Heffernan, a slender, gray-haired man, deeply tanned and with a close clipped gray mustache, is a gynecologist who has delivered a number of Mrs. Kennedy's grandchildren.

When asked if he could explain the nature of the hernia, which is normally an extrusion of soft tissues into an area where it does not belong, Dr. Heffernan said he was a gynecologist — specialist in diseases of women — and that pelvic hernia was the only description he could give.

3 Area Teens in 'Polite' Car Are Freed

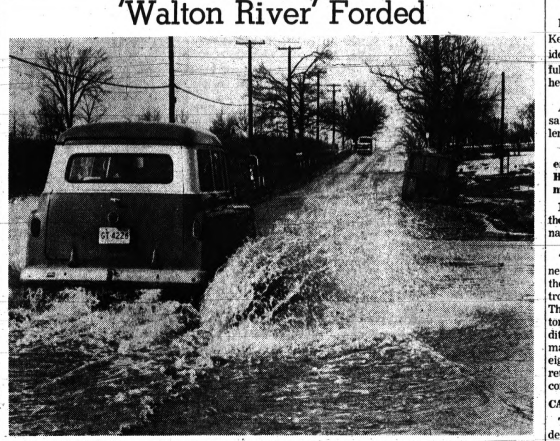

Three Waterford Township youths stopped in Watseka, Ill. Saturday, when police spotted their 1955 Pontiac with a large "CAR 54" painted on the side and the word "POLITE" emblazoned across the front, were released Monday.

Leland R. Cram, 17, of 6094 Neermond Street, Waterford Township; William D. Evans, 16, of 2801 Marietta Street, Drayton Plains; and Larry A. Ormsby, 17, of 7048 Layman Drive, Waterford Township, were apprehended at 10 p.m. Saturday by Watseka City Police and turned over to the Inglewood Sheriff's Department in Watseka.

Chief Claude Littell of the city police department said a gun was found in the car along with three hunting knives. Littell said he was convinced the boys' story that they had started out from Waterford Township last Thursday with several guns from Cram's collection to sell and raise money for their trip was true.

The youths had been all the way to Texas where a job opportunity for the three failed to materialize. They were picked up by police and fingerprinted both in Amarillo, Tex., and in a small Arizona town and both times released, Littell said.

A sheriff's department spokesman said the boys were released from the courted jail when the city police department, declined to sign a statement of charges.

DPW Glad to See Snow

Good old snow. It was back in the Pontiac area this morning much to the joy of city and county Department of Public Works and road crews.

In fact, some officials even had kind words for yesterday's rainfall.

The melting snow and ice combined with a steady, but heavy, light rainfall created problems, as one spokesman for the

Astronauts Putting Cash Into Hard Pay Dirt

NEW YORK—American astronauts are committing their money to real estate ventures in Florida, Washington, D.C., and the Great Bahamas, the New York Times said today.

They are using the \$500,000 received from Life Magazine for the exclusive first-person story rights to their space adventures. The Times said:

The story also said: Perhaps the most elaborate of the land speculations is in Cocoa Beach, Fla., a few miles south of Cape Canaveral.

The astronauts, two lawyers, an insurance broker and a real estate man are building a luxury motel worth more than \$1 million.

The astronauts are also investing in a motel at Freeport in Grand Bahamas, and in a Washington housing project that may be called "Friendship T"—the name given the capsule in which they will live in these suites when they are at Cape Canaveral.

The astronauts' lawyer and adviser, C. Leo de Orsey, said Monday. But they will have to pay, like any other guest, he added.

De Orsey would not say how much each astronaut has invested in each or all of the real estate projects so far. However, it appeared that much of the investments would be covered by mortgages.

At any rate, each astronaut will have something left from the \$700,000 he received from the magazine.

The motel, which will open in June, will have a library, pool, cocktail lounge, billiard room, gymnasium and a private club that will have an executive meeting room. It even will have a steam bath—an amenity intended to appeal to the increasing number of executives now involved with missiles at Cape Canaveral.

Henri Landwirth, who will quit his job as an insurance broker to become an astronaut in the new one, said of the project:

"It will have to be the best. The astronauts cannot be content with anything unless it has the finest equipment."

Glen is the godfather of Landwirth's daughter, and Landwirth is closely connected with the astronauts socially.

De Orsey, who says his job is to see that the astronauts invest wisely, selected the motel venture for them. He says they endorsed his plan happily.

In addition to De Orsey, Landwirth and the astronauts, the motel corporation includes a real estate man, James Green, and a Miami lawyer, Walter T. Rose, who is chairman of the board.

Algeria War End Doubtful Today

EVIAN, France (AP)—Persistent reports circulated that the French and the Algerian rebels would sign a cease-fire agreement today. But informants on both sides cast doubt on the reports.

The semi-official French News Agency reported that the end of the 7½-year war in Algeria would be announced today. An informant close to the French delegation said, "I would not like to make a guess like that."

A source in the Algerian delegation said there were still several points to be ironed out.

The Algerian source said agreement still had not been reached on the makeup of the interim provisional regime to govern Algeria until the self-determination referendum which is expected to make the North African territory independent.

JFK Gives Congress Foreign Aid Plan

(Continued From Page One)

starting "extensive programs of self-help and self-reform." He said that this country is emphasizing loans repayable in dollars rather than grants.

The appropriations proposed for 1963 include \$1.5 billion for loans and only \$35 million for grants for development purposes.

Kennedy said too, there will be continuing emphasis on "American" for most goods required in the aid program. The aim is to obtain 80 per cent in the United States.

Storms Crush Hopes for Spring

The major change in the aid program this year had been announced previously. This is a request that Kennedy authorize a \$3 billion fund to be used over the next four years for the Alliance for Progress in Latin America. Kennedy asked Congress to appropriate \$200 million of the total for the coming year and said about \$500 million would go to loans and \$100 million to grants.

Bloomfield Man's Death Ruled Suicide in Ohio

COLUMBUS, Ohio (UPI)—Deputy County Coroner Dr. Earl E. Tolsted today ruled the death of a Bloomfield Township, Mich., man a suicide.

Paul S. Newinger of 3065 E. Broadview Drive, was found hanging in the basement of a Columbus hotel Sunday. Police said he had stayed at the hotel since Tuesday.

Bill on Fee by Uninsured Drivers Dying

LANSING (AP) — Despite pleas by two judges and Secretary of State James M. Hare, a bill to set up an uninsured judgment fund to protect victims of uninsured motorists appeared headed for burial today.

The measure failed to attract enough votes to clear the House.

Insurance Committee after a hearing Monday night. Wednesday is the deadline for it to go to the House floor for debate.

The bill would require all motorists not carrying personal liability and property damage insurance to pay a \$10 fee when they purchase their license plates. Proceeds would go into

a fund to aid innocent accident victims who receive judgments in excess of \$100 against uninsured motorists.

If the fund dips below a level specified by the secretary of state, both uninsured motorists and insurance companies would be required to replenish it. Insurers could be tapped for up to half of

1 per cent of premiums written in the preceding year.

Traffic Judge John Watts, long-time supporter of the measure, told the House committee Monday night that between 400,000 and 500,000 of Michigan's 3.5 million motorists are not insured.

"The people of this state are entitled to protection that they're not getting under the present law," he said.

Circuit Judge Stephen J. Rath of Genesee County, former state attorney general, called the plan "a great and much needed step forward."

He also urged tougher laws to control motorists driving on suspended and revoked licenses and to prevent persons with severe physical handicaps from driving.

When New Jersey put a similar program into operation, he said, the proportion of motorists carrying

insurance jumped from 61 to 91 per cent.

Representatives of the insurance industry assailed the bill as unfair to insured motorists. They would have to pay part of the cost of financing the program, said William A. Wickham of Detroit, representing the association of casualty and insurance companies. Premiums have gone up in states having uninsured judgment funds, he said.

Records show that relatively few accident losses are uncompensated, he said.

"Compulsory laws add no protection, and they increase everyone's cost," he declared.

"The challenge of education and encouragement, not the enervating influence of compulsion, is the practical and effective course, and the only one which is compatible with the philosophy of our democratic society," Wickham said.

Hare estimated that uninsured motorists were involved in 20,000 accidents in Michigan last year that killed 100 persons and injured 9,100. Personal injury and property damages in such accidents totaled about \$14.2 million, he said.

CAB Sets Hearing on Jelliner Crash

WASHINGTON (AP)—The Civil Aeronautics Board will open public hearings in New York a week from today in an effort to find the cause of the jet airliner crash which took 50 lives on March 1.

The American Airlines 707 jet involved in the tragedy was bound for Los Angeles when it plunged into Jamaica Bay shortly after takeoff from Idlewild Airport.

Want to Wipe Out Poll Tax to Stiffen Civil Rights Laws

WASHINGTON (AP) — The Kennedy administration moves today to bring before the Senate a proposed constitutional amendment to abolish poll taxes as the first step toward stiffer civil rights legislation.

Senate Democratic Leader Mike Mansfield of Montana announced Monday the poll tax measure, now stuck in the Senate Judiciary Committee, will be offered as a substitute for a House-passed bill on the calendar.

Sen. Hubert H. Humphrey of Minnesota, the assistant Democratic leader, told reporters the

administration hopes this to set a pattern for a post-Easter battle to strike down state literacy tests in federal elections.

He said a bill to make the completion of a sixth-grade education the only literacy requirement for voting in federal elections also will be offered.

"NECESSARY STEP"

"The abolition of state poll taxes is a modest, but necessary step in our civil rights program," Humphrey said. "We will follow the same pattern in trying to get action on the literacy test issue."

Sen. Jacob K. Javits, R-N.Y., called the administration move for a poll tax amendment a subterfuge, designed to get a plus mark for the Democrats in the

Mississippi is one of the five states which still have a poll tax. Others are Alabama, Arkansas, Texas and Virginia.

AGAINS NEGRO VOTER

The House Judiciary Committee was told Monday by Rep. William M. McCulloch, R-Ohio, that only in Alabama and Mississippi is the tax used as a discriminatory device against Negro voters.

Southerners are divided over the poll tax issue. Sen. Spessard L. Holland, D-Fla., is one of the movement's chief sponsors. Although Sen. John L. McClellan, D-Ark., predicted quite a bit of debate, no extensive Southern filibuster was expected.

Claim Hike Impossible

TOKYO (AP)—The government reported Monday Japan is spending 1 per cent of its national income in foreign aid and to increase it to 1 per cent as requested by the United States is impossible. The Ministry of International Trade and Industry said economic assistance abroad, mostly in the form of loans and credits, totals about \$1 billion. It reported economic cooperation has steadily increased in recent years.

Elman Wants Change in Tax Setup

LOS ANGELES (AP)—Violinist Micha Elman wants the government to save artists "from the indignities of begging" by changing the income tax structure.

"It is terribly unfair," Elman told a news conference Monday, "to tax the full amount while an artist is at his peak of earning power, rather than to pro-rate it, as he must his earnings, over an entire lifetime."

PRIVILEGES

Elman admits he doesn't know just how the government would do it, but he thinks artists as individuals should have privileges similar to those accorded corporations.

"A performer is a personality whose professional longevity depends upon his health and public fancy," said Elman. "The full tax bite inhibits his exposure and his talent."

JOHN McGRATH

To Examine Teen in Family Killing

New Hampshire Youth Put Under Observation; Parents, Brothers Slain

CONCORD, N.H. (AP) — John McGrath, 17, of Newport, accused of the rifle slaying of his parents and two younger brothers, was placed under observation today at the state mental hospital.

He was committed Monday for 30 days by Judge George R. Grant Jr. in Keene.

The youth, who had been a psychiatric outpatient at the state hospital before the slaying, appeared calm on the 40-mile ride from Newport to Keene to appear before Judge Grant.

The jurist's approval was necessary before McGrath could be sent to the hospital.

The state made the request McGrath be subjected to mental tests when he appeared before a juvenile session of municipal court in Newport.

Killed Saturday night in their home in a secluded section of Newport were Francis L. McGrath, 37, his wife Wilma, 40, and their sons, Peter, 13, and Charles, 5.

Police quoted the high school senior, described as a brilliant student, as saying he killed his parents and brothers because he felt they would be better off dead.

The 40-hour week has been established as a standard in only two countries of the world so far — the United States and New Zealand.

Force Adds 23 Enlistees

Thirteen From Pontiac; Others Have Oakland County Addresses

A total of 23 area men enlisted in the Air Force during February through the USAF Recruiting office at 333 W. Huron St. It was announced today.

One of the enlistees, Jasper A. Riddle, 1730 Floyd Road, Waterford Township, a former serviceman, has been sent to electronic technical school at Keesler Air Force Base in Mississippi.

All others were slated to go to Lackland Air Force Base for five weeks of basic training followed by a combination of technical and basic training at various Air Force bases.

Enlistees from the Pontiac area are:

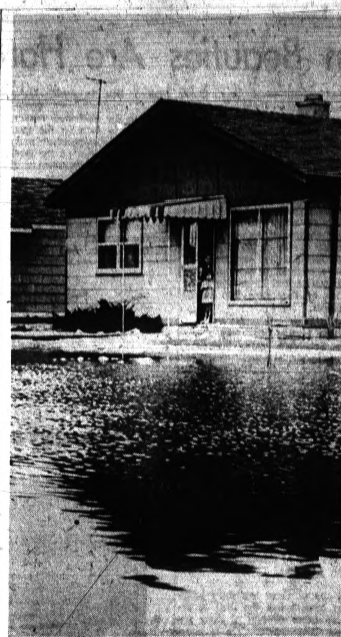

Richard C. Selhoist, 631 Grey Road; Edward F. Dearing, 1971 Herbert Road; Adolphus Houston, 124 Central Ave.; Frederick J. Ecklund, 4874 Irwindale Drive; Roy R. Hofmeister, 1712 Hamilton Drive; Michael A. LaForm, 476 Clintonville Road; Jackie Barwig, 3340 Iris Drive; Ernest F. Oliver, 236 W. Brooklyn St.; Kenneth R. Hardenburgh, 32 Whitfield St.; Earl G. Moore, 596 E. Kennett Road; John Gillardo, 299 N. Padlock St.; Raymond W. Kuhn, 2470 Emerson St.; and David L. Brennan, 138 Watery.

Birmingham area enlistees are Frank Widlund, 1201 Buckingham St.; Timothy T. Burns, 1019 Knox St.; and Phillip M. Chiscol, 600 Pierce St.

From the Rochester vicinity are John Walsanen, 6470 Apple Orchard Lane; David W. Mair, 500 Peach Tree Lane; and Douglas A. Engler, 611 Snell Road.

Others are James J. Werth, 6007 Buckland St., Orchard Lake; Paul A. Polemak, 228 Huron Drive, Union Lake; and Christopher M. Gill, 315 Franklin Road, Bloomfield Hills.

The local recruiting office announced today that enlistees must be high school graduates have been listed for March. Applicants who have not finished high school but who achieve specified scores may qualify for the Air Force.

NO SCHOOL YESTERDAY — The Charles Teague children of 455 Tallahassee St. are shown peering out from their flooded front yard as waters creep closer to their front steps. Swollen Osman Lake overflowed its banks, filling roads, basements and residential property with icy mud-filled water.

CLEANUP — Mrs. Eldon Lloyd of 816 Montclair St., near Montclair St., is shown sopping up her flooded basement as a result of floodwaters rising along Osman Lake in front of her home. The sump pumps in many homes along the river couldn't keep up with the water that seeped through cement walls and floors.

Ex-Texas Publisher Dies

WICHITA FALLS, TEX. (AP)—James H. Allison, 82, one of the South's best known newspapermen, died Monday. Allison retired as vice president of the Times Publishing Co. of Wichita Falls at the age of 73. He was a former publisher of the old Fort Worth Record and of newspapers in Nashville, Tenn., and Ranger, Tex. A son, James N. Allison, is publisher of the Midland (Tex.) Reporter-Tribune.

About six hours are required for penicillin to achieve maximum effect.

Surviving are his wife Marie A.; mother, Mrs. Carrie D. Elwood of Nevada, Iowa; and a sister.

Arrangements are pending at the Purley Funeral Home.

ROY J. WARD Roy J. Ward of 1369 Harvard St., Berkley, a former resident of Waterford Township, died yesterday.

Survivors include his wife Emma; four sons, George H., Marshall, and William Sprague, and Edwin Hall, all of Pontiac; five daughters, Mrs. Ray Halleck of Bay City, Mrs. John Bago of Royal Oak, Mrs. Robert Sanders, Mrs. Dorothy Williams and Rosemary Sprague, all of Pontiac.

ONE OF MANY — This scene was repeated among many families in the Pontiac and Waterford area as they fled from their flooded homes. The above house was one of several on Richvalva Court, Drayton Plains, abandoned during the flash floods that swept Oakland County yesterday.

On Zoning, Sewer Problems

Commissioners Meet Tonight

City commissioners will get two reports and recommendations from the city planning commission at their meeting tonight at 8.

One report recommends that the city deny a request to rezone a 15-acre parcel on the north side of West Walton Boulevard at the east city limits.

The request was originally placed before planning commissioners last May by Morris K. Green, a Detroit developer.

Green asked for rezoning from residential to commercial and said at that time that plans would be drawn for a shopping center on part of the site and a subdivision on the rest if rezoning was okayed.

Planners tabled the request awaiting plans from Green. Plans were never drawn up and presented to commissioners.

The other recommendation favors a request to rezone a portion of the Herrington Hills subdivision from residential to R-1 to prevent multifamily dwellings from being developed there.

Another resolution that the city share with the Michigan Highway Department costs of improvements to the traffic signal at West Huron and Johnson streets will also be up for approval.

The meeting marks the beginning of a busy week for city commissioners. Tomorrow night they will meet with the Pontiac General Hospital Board of Trustees to discuss future needs of the hospital.

Thursday night, actuaries for the city and firemen and policemen will discuss pros and cons of the new pension plan for fire and police personnel which will be put to a public vote on the April 16 general election ballot.

The discussion is slated for 7 p.m. in the city commission meeting chambers. Following this, commissioners will hold an informal meeting.

Watch for Echo Early The Echo I will make an early morning appearance in the Pontiac area Wednesday.

The satellite will appear in the south sky at 5:11 a.m., 15 to 21 degrees above the horizon, moving in a northeast direction.

Readies Nazi's Appeal TEL AVIV, Israel (AP)—Dr. Robert Servatius, Adolf Eichmann's defense counsel, arrived from West Germany today to argue the condemned Nazi's appeal before the Israeli Supreme Court. The appeal hearing opens March 22.

Suggests Yuri-John Team WASHINGTON (AP)—Adlai E. Stevenson suggested today that Yuri Gagarin and John H. Glenn Jr., working together on "some hazardous yet exhilarating space project," would help improve U.S.-Soviet relations.

One of every six excessive drinkers is a woman.

Waterford Twp. Board Adopts New Pay Rules

A set of rules governing wage and salary administration was adopted last night by the Waterford Township Board. Pay increases for township employees totaling \$4,980.00 were approved.

The proposals, submitted by Trustee Byron Cole give department heads the responsibility of granting step increases and to assign employees to classifications, subject to board approval. The authority of changing position classifications would be retained by the township board.

The rules further state that the department head would assume authority of promoting or demoting an employee from one classification to another so long as such action does not violate the civil service rights of the employee.

All township departments will share in the approved salary increases with \$1,820 of the total going to the police department and \$1,750 to the water and sewer departments. The clerk's department was granted an increase of \$185.00, cemetery department \$144, treasurer's department \$208, and fire department \$200.

The new rates go into effect for
